Thinker"**

Calling All Beings

1
00:00:02,040 --> 00:00:05,990

[Music]

2
00:00:31,910 --> 00:00:07,970

calling all beings y'all

3
00:00:36,310 --> 00:00:34,790

welcome back to calling all beings on

4
00:00:40,150 --> 00:00:36,320

sunday

5
00:00:43,030 --> 00:00:40,160

yes i'm your host dj here with my man

6
00:00:45,190 --> 00:00:43,040

money nathan what's up brother what's up

7
00:00:47,350 --> 00:00:45,200

dj how's it going oh man it's going

8
00:00:49,110 --> 00:00:47,360

great now man we're about to get it the

9
00:00:51,189 --> 00:00:49,120

energy's up i'm drinking some of the

10
00:00:52,709 --> 00:00:51,199

wine i got for you for christmas so

11
00:00:55,750 --> 00:00:52,719

we're going to get down with our

12
00:01:04,469 --> 00:00:55,760

associate producer akashi chris in

13
00:01:07,270 --> 00:01:06,070

because that's like a crazy dog

14

00:01:09,910 --> 00:01:07,280

situation

15

00:01:11,830 --> 00:01:09,920

it doesn't make you a bad person

16

00:01:13,910 --> 00:01:11,840

but i'm so excited about today you guys

17

00:01:15,270 --> 00:01:13,920

hi thank you yes me too we're gonna

18

00:01:17,670 --> 00:01:15,280

we're gonna introduce our guest in a

19

00:01:20,310 --> 00:01:17,680

minute uh also with us today is our

20

00:01:21,990 --> 00:01:20,320

humorist uh our antagonist humorous

21

00:01:24,710 --> 00:01:22,000

party people put those hands together

22

00:01:28,230 --> 00:01:24,720

for flares kevin how you doing brother

23

00:01:30,630 --> 00:01:28,240

i'm wonderful how are you your flock is

24

00:01:33,429 --> 00:01:30,640

here we're here to listen to the sage

25

00:01:36,469 --> 00:01:33,439

words of flares kevin also last but not

26

00:01:39,830 --> 00:01:36,479

least is our researcher the genius one

27

00:01:43,510 --> 00:01:39,840

the host of debs data dojo uh us at a

28

00:01:45,670 --> 00:01:43,520

study of uaps what's up deb hi everyone

29

00:01:47,429 --> 00:01:45,680

all is well all is well yeah and your

30

00:01:50,550 --> 00:01:47,439

hair looks great too bad they can't see

31

00:01:54,469 --> 00:01:50,560

it but that's another matter uh now

32

00:01:57,109 --> 00:01:54,479

we get ready to bring on our guest baby

33

00:01:59,830 --> 00:01:57,119

all the way from the uk from bolton

34

00:02:03,590 --> 00:01:59,840

outside of manchester

35

00:02:09,830 --> 00:02:03,600

party people put those hands together

36

00:02:14,550 --> 00:02:09,840

for the ufo faker frank baby yes

37

00:02:15,750 --> 00:02:14,560

can i get it amen for frank amen

38

00:02:17,589 --> 00:02:15,760

oh my gosh

39

00:02:19,110 --> 00:02:17,599

and our music

40

00:02:20,470 --> 00:02:19,120

frank what's up brother we gonna bring

41

00:02:22,630 --> 00:02:20,480

on your home girl cause we couldn't let

42

00:02:24,550 --> 00:02:22,640

you be alone got to bring some backup

43

00:02:27,589 --> 00:02:24,560

even though she got some american in her

44

00:02:30,229 --> 00:02:27,599

veins she's probably the best motorcycle

45

00:02:32,309 --> 00:02:30,239

track rider on the show including myself

46

00:02:35,750 --> 00:02:32,319

some party people everybody put their

47

00:02:38,550 --> 00:02:35,760

hands together for at the thunderbird

48

00:02:40,710 --> 00:02:38,560

charlotte what's up girlfriend our music

49

00:02:42,470 --> 00:02:40,720

producer

50

00:02:46,710 --> 00:02:42,480

look at that look what's going on in the

51

00:02:50,790 --> 00:02:49,350

yeah here we go

52

00:02:52,470 --> 00:02:50,800

yeah

53

00:02:54,550 --> 00:02:52,480

i want to make sure everybody is not

54

00:02:56,710 --> 00:02:54,560

surprised about all the peaches that are

55

00:02:58,949 --> 00:02:56,720

going on on the chat right now because

56

00:03:00,229 --> 00:02:58,959

this is actually an honor to get bud

57

00:03:03,910 --> 00:03:00,239

rated

58

00:03:07,589 --> 00:03:03,920

by that one time uh i was abducted so

59

00:03:09,910 --> 00:03:07,599

the beaches oh what's up homegirl great

60

00:03:12,229 --> 00:03:09,920

yeah hey everybody hey

61

00:03:13,830 --> 00:03:12,239

one love what's going on uh yeah we're

62

00:03:16,710 --> 00:03:13,840

gonna be chatting with those guys pretty

63

00:03:18,550 --> 00:03:16,720

soon that one time i see mr gambino in

64

00:03:20,470 --> 00:03:18,560

there hello welcome guys

65

00:03:22,390 --> 00:03:20,480

uh anyway we got to get this kicked off

66

00:03:24,789 --> 00:03:22,400

because the the dolphin emperor finn to

67

00:03:27,110 --> 00:03:24,799

be here so uh charlotte's gonna help us

68

00:03:29,430 --> 00:03:27,120

out if you have questions for frank the

69

00:03:32,710 --> 00:03:29,440

focus the focus

70

00:03:34,550 --> 00:03:32,720

of today's show the ufo thinker and when

71

00:03:35,830 --> 00:03:34,560

listen to his show it's brilliant man

72

00:03:38,229 --> 00:03:35,840

frank man

73

00:03:40,229 --> 00:03:38,239

what you thinking about bro what's up um

74

00:03:42,550 --> 00:03:40,239

say that word for us what's that word

75

00:03:44,710 --> 00:03:42,560

neutrino what what's that word

76

00:03:46,630 --> 00:03:44,720

an anti neutrinos

77

00:03:48,789 --> 00:03:46,640

okay and that's not an organic breakfast

78

00:03:50,550 --> 00:03:48,799

cereal apparently not but it it does

79

00:03:51,509 --> 00:03:50,560

sound like it would be tasty if it was

80

00:03:53,070 --> 00:03:51,519

doesn't it

81

00:03:54,710 --> 00:03:53,080

nathan take it away brother

82

00:03:56,630 --> 00:03:54,720

[Laughter]

83

00:03:58,630 --> 00:03:56,640

sugarcoat neutrinos yeah that sounds

84

00:04:00,229 --> 00:03:58,640

really tasty yeah excellent frank great

85

00:04:02,070 --> 00:04:00,239

to have you with us today really enjoy

86

00:04:03,670 --> 00:04:02,080

your show i love the way that you uh

87

00:04:05,350 --> 00:04:03,680

methodically kind of approach the news

88

00:04:07,429 --> 00:04:05,360

and all the topics and really break it

89

00:04:08,949 --> 00:04:07,439

down for folks uh but i'm correct

90

00:04:10,470 --> 00:04:08,959

understanding that uh you know you

91

00:04:12,869 --> 00:04:10,480

didn't sort of always want to do this

92

00:04:14,630 --> 00:04:12,879

kind of thing and that you just weren't

93

00:04:16,469 --> 00:04:14,640

always planning to do a podcast one day

94

00:04:19,189 --> 00:04:16,479

you decided like i just have to do this

95

00:04:21,030 --> 00:04:19,199

but what was the kind of tipping point

96

00:04:22,629 --> 00:04:21,040

for you that really got you into doing

97

00:04:24,070 --> 00:04:22,639

the podcast was there like an experience

98

00:04:25,350 --> 00:04:24,080

you had or just like

99

00:04:27,110 --> 00:04:25,360

something that a compulsion what

100

00:04:29,030 --> 00:04:27,120

happened there

101

00:04:31,110 --> 00:04:29,040

uh well it was it was just around the

102

00:04:33,590 --> 00:04:31,120

the last few years really of everything

103

00:04:35,830 --> 00:04:33,600

kicking off you know with the the nimitz

104

00:04:38,629 --> 00:04:35,840

videos of the various navy videos and

105

00:04:40,390 --> 00:04:38,639

i'd been kind of lurking on on ufo

106

00:04:43,270 --> 00:04:40,400

twitter and listening to a lot of

107

00:04:45,909 --> 00:04:43,280

podcasts and uh particularly that ufo

108

00:04:47,909 --> 00:04:45,919

podcast um

109

00:04:50,150 --> 00:04:47,919

yeah and just just kind of in the

110

00:04:52,390 --> 00:04:50,160

background and then just getting more

111

00:04:53,909 --> 00:04:52,400

and more obsessed basically you know it

112

00:04:56,469 --> 00:04:53,919

goes i'm sure you guys are kind of the

113

00:04:58,870 --> 00:04:56,479

same you know it's a snowball effect and

114

00:05:00,550 --> 00:04:58,880

and then one day basically just decided

115

00:05:01,830 --> 00:05:00,560

it was a bit of a weird one to be honest

116

00:05:03,110 --> 00:05:01,840

i just woke up in the morning and

117

00:05:06,230 --> 00:05:03,120

thought you know what

118

00:05:08,550 --> 00:05:06,240

i'm gonna make a podcast and then

119

00:05:10,150 --> 00:05:08,560

and then it obviously crossed my mind a

120

00:05:12,230 --> 00:05:10,160

little bit in in the past it wasn't

121

00:05:14,390 --> 00:05:12,240

completely random but um

122

00:05:16,469 --> 00:05:14,400

i just woke up one day and decided yeah

123

00:05:20,150 --> 00:05:16,479

actually let's just have a go of it and

124

00:05:22,790 --> 00:05:20,160

by about sort of one two p.m that day i

125

00:05:25,029 --> 00:05:22,800

actually had a podcast out on spotify

126

00:05:26,469 --> 00:05:25,039

with artwork and the whole thing just i

127

00:05:28,390 --> 00:05:26,479

mean i'd probably cringe a bit if i

128

00:05:29,990 --> 00:05:28,400

listen back to that first episode now

129

00:05:32,390 --> 00:05:30,000

but you know it was good to get the ball

130

00:05:33,749 --> 00:05:32,400

rolling amazing it doesn't matter don't

131

00:05:35,590 --> 00:05:33,759

matter does it

132

00:05:36,629 --> 00:05:35,600

yeah that's the thing just got to get

133

00:05:38,230 --> 00:05:36,639

started

134

00:05:40,469 --> 00:05:38,240

but yeah and then and then it just kind

135

00:05:42,870 --> 00:05:40,479

of evolved from there really so i've had

136

00:05:45,189 --> 00:05:42,880

a few a few guests on and so i fell into

137

00:05:48,070 --> 00:05:45,199

a bit of a routine with it and recently

138

00:05:50,150 --> 00:05:48,080

i've been doing um some recent events

139

00:05:51,749 --> 00:05:50,160

roundup type episodes as well which is

140

00:05:53,909 --> 00:05:51,759

like you know basically everything's

141

00:05:56,309 --> 00:05:53,919

been going on in the in the ufo world

142

00:05:58,230 --> 00:05:56,319

and my little digest of kind of what i

143

00:06:00,870 --> 00:05:58,240

think of those various topics and you

144

00:06:02,950 --> 00:06:00,880

know going into a bit of detail on them

145

00:06:05,029 --> 00:06:02,960

as well as some deep dives into some

146

00:06:07,270 --> 00:06:05,039

older cases that i haven't been aware of

147

00:06:08,870 --> 00:06:07,280

you know before and really trying to dig

148

00:06:10,790 --> 00:06:08,880

into them and research them so i've done

149

00:06:12,710 --> 00:06:10,800

a few episodes like that and crash

150

00:06:15,110 --> 00:06:12,720

retrievals and and things like that as

151

00:06:16,469 --> 00:06:15,120

well over over the last few months it's

152

00:06:18,710 --> 00:06:16,479

probably been about seven or eight

153

00:06:20,870 --> 00:06:18,720

months now i've having the podcast so

154

00:06:23,590 --> 00:06:20,880

started to uh pick up a bit of momentum

155

00:06:25,590 --> 00:06:23,600

recently which is nice you know amazing

156

00:06:27,270 --> 00:06:25,600

definitely baby yeah it's it was good to

157

00:06:28,870 --> 00:06:27,280

uh it's good to meet you

158

00:06:30,870 --> 00:06:28,880

um and and

159

00:06:32,790 --> 00:06:30,880

you know you did have some some deep

160

00:06:34,309 --> 00:06:32,800

thoughts about about a bunch of

161

00:06:36,629 --> 00:06:34,319

different issues so it seems like it

162

00:06:38,070 --> 00:06:36,639

your name the name of your podcast is

163

00:06:39,749 --> 00:06:38,080

rather apropos

164

00:06:43,270 --> 00:06:39,759

uh in this case

165

00:06:45,909 --> 00:06:43,280

and i'm curious like in in terms of when

166

00:06:47,990 --> 00:06:45,919

when you start to contextualize this uh

167

00:06:50,070 --> 00:06:48,000

the uh the the different craft is there

168

00:06:52,870 --> 00:06:50,080

something that that resonates with you

169

00:06:55,589 --> 00:06:52,880

that says i think this is this or i find

170

00:06:58,070 --> 00:06:55,599

this super intriguing the way that

171

00:07:01,350 --> 00:06:58,080

perhaps something goes in the water or

172

00:07:04,070 --> 00:07:01,360

or perhaps an orb type of a craft or a

173

00:07:06,230 --> 00:07:04,080

tic tac type of a craft triangular type

174

00:07:08,469 --> 00:07:06,240

of a craft is there something that that

175

00:07:10,390 --> 00:07:08,479

speaks to you specifically or that you

176

00:07:14,390 --> 00:07:10,400

have a hypothesis on

177

00:07:16,629 --> 00:07:14,400

well i have some some general hypotheses

178

00:07:18,469 --> 00:07:16,639

about why these things are here and all

179

00:07:20,469 --> 00:07:18,479

the rest of it but in terms of like the

180

00:07:22,070 --> 00:07:20,479

different shapes i mean first thing to

181

00:07:23,990 --> 00:07:22,080

say is i don't really know i don't have

182

00:07:25,589 --> 00:07:24,000

a clue like but that's kind of you know

183

00:07:27,430 --> 00:07:25,599

why we look into these things isn't it

184

00:07:30,230 --> 00:07:27,440

to find out more but

185

00:07:32,950 --> 00:07:30,240

i i it seems to me if i had to kind of

186

00:07:35,110 --> 00:07:32,960

you know say certain shapes perhaps for

187

00:07:37,830 --> 00:07:35,120

certain roles and things like that that

188

00:07:39,589 --> 00:07:37,840

the the triangles the the big triangles

189

00:07:42,870 --> 00:07:39,599

and the boomerangs and things like that

190

00:07:45,670 --> 00:07:42,880

seem to be more of a perhaps mapping or

191

00:07:47,350 --> 00:07:45,680

something like that surveying perhaps

192

00:07:49,510 --> 00:07:47,360

and i've heard i've heard a few people

193

00:07:50,710 --> 00:07:49,520

talking about um

194

00:07:52,469 --> 00:07:50,720

during

195

00:07:54,469 --> 00:07:52,479

abduction experiences and things like

196

00:07:56,869 --> 00:07:54,479

that being actually on board triangular

197

00:07:59,589 --> 00:07:56,879

craft and there's some element of um you

198

00:08:02,230 --> 00:07:59,599

know genetic uh manipulation on board

199

00:08:04,230 --> 00:08:02,240

the craft and breeding hybrid programs

200

00:08:06,710 --> 00:08:04,240

and things like that obviously that's

201

00:08:08,390 --> 00:08:06,720

this is a lot down to uh individual

202

00:08:10,230 --> 00:08:08,400

accounts rather than any hard evidence

203

00:08:12,070 --> 00:08:10,240

of that or anything but i suppose if you

204

00:08:14,710 --> 00:08:12,080

were looking at like a different shapes

205

00:08:16,070 --> 00:08:14,720

having certain uh functions i think

206

00:08:17,909 --> 00:08:16,080

that's something that comes up fairly

207

00:08:20,150 --> 00:08:17,919

often with the triangles

208

00:08:23,589 --> 00:08:20,160

and it sort of seems to me that the

209

00:08:25,749 --> 00:08:23,599

the the tic tacs and the smaller

210

00:08:27,830 --> 00:08:25,759

orb type of craft and things like that

211

00:08:30,629 --> 00:08:27,840

could perhaps be more of a

212

00:08:32,949 --> 00:08:30,639

a probe i mean again at the end of the

213

00:08:34,469 --> 00:08:32,959

day i don't know but that's kind of how

214

00:08:36,310 --> 00:08:34,479

it strikes me like the bigger ones

215

00:08:38,469 --> 00:08:36,320

probably have some kind of

216

00:08:39,750 --> 00:08:38,479

hybrid program function and things like

217

00:08:42,949 --> 00:08:39,760

that whereas the smaller ones are

218

00:08:44,149 --> 00:08:42,959

perhaps censors you know i would imagine

219

00:08:45,910 --> 00:08:44,159

they probably

220

00:08:46,870 --> 00:08:45,920

some of them operate together as well

221

00:08:51,110 --> 00:08:46,880

but

222

00:08:52,630 --> 00:08:51,120

kind of a few thoughts for you

223

00:08:54,230 --> 00:08:52,640

why do you think that there is and i'm

224

00:08:56,230 --> 00:08:54,240

sorry i don't want to cut anybody off

225

00:08:57,750 --> 00:08:56,240

but why do you think if there is this

226

00:08:59,430 --> 00:08:57,760

this i mean because we've talked about

227

00:09:00,870 --> 00:08:59,440

this on a couple different episodes

228

00:09:03,030 --> 00:09:00,880

nathan and i were tackling this a little

229

00:09:04,949 --> 00:09:03,040

bit with james ian doley what do you

230

00:09:05,990 --> 00:09:04,959

think if there is a hybridization

231

00:09:08,389 --> 00:09:06,000

program

232

00:09:11,910 --> 00:09:08,399

what clicks in your mind that that

233

00:09:14,150 --> 00:09:11,920

might be the reason for such a program

234

00:09:16,230 --> 00:09:14,160

well it depends which angle you go down

235

00:09:19,110 --> 00:09:16,240

i mean i don't have a really a really

236

00:09:21,670 --> 00:09:19,120

sort of um you know set viewpoint on it

237

00:09:24,389 --> 00:09:21,680

it changes all the time and but

238

00:09:27,190 --> 00:09:24,399

there's the the time travel uh

239

00:09:28,870 --> 00:09:27,200

ideas that people discuss so that these

240

00:09:30,949 --> 00:09:28,880

could be potentially people from the

241

00:09:33,350 --> 00:09:30,959

future like humans even from the from

242

00:09:35,430 --> 00:09:33,360

the future coming back and there could

243

00:09:38,070 --> 00:09:35,440

have been some kind of cataclysm and and

244

00:09:40,710 --> 00:09:38,080

they need genetic material and to

245

00:09:43,750 --> 00:09:40,720

actually help them out in the future and

246

00:09:46,070 --> 00:09:43,760

it could be that you know some of these

247

00:09:48,389 --> 00:09:46,080

um beings these intelligences could have

248

00:09:50,550 --> 00:09:48,399

actually been involved with the planet

249

00:09:51,670 --> 00:09:50,560

for uh you know a very long time and

250

00:09:52,949 --> 00:09:51,680

they could have been doing these things

251
00:09:56,470 --> 00:09:52,959
all along and could have had something

252
00:09:58,870 --> 00:09:56,480
to do with the way that humans actually

253
00:10:00,949 --> 00:09:58,880
evolved over time as well but obviously

254
00:10:03,990 --> 00:10:00,959
like i say i don't actually know i find

255
00:10:06,230 --> 00:10:04,000
it very fun to speculate and and

256
00:10:08,150 --> 00:10:06,240
ponder about these things but i can't

257
00:10:09,910 --> 00:10:08,160
have any certainty like a lot of things

258
00:10:12,150 --> 00:10:09,920
in the ufo topic

259
00:10:12,870 --> 00:10:12,160
but um that yeah those kind of seem to

260
00:10:14,710 --> 00:10:12,880
be

261
00:10:16,470 --> 00:10:14,720
you know some of the more plausible

262
00:10:18,069 --> 00:10:16,480
reasons that i've come across as to why

263
00:10:21,030 --> 00:10:18,079

they might actually be you know

264

00:10:22,710 --> 00:10:21,040

manipulating human dna and having hybrid

265

00:10:24,949 --> 00:10:22,720

programs in general

266

00:10:26,069 --> 00:10:24,959

but there is also a bit more of a you

267

00:10:27,110 --> 00:10:26,079

know

268

00:10:29,110 --> 00:10:27,120

in-depth

269

00:10:30,790 --> 00:10:29,120

slightly more out there perhaps uh

270

00:10:33,190 --> 00:10:30,800

concept that i've

271

00:10:35,110 --> 00:10:33,200

developed over time as well but it's not

272

00:10:37,829 --> 00:10:35,120

necessarily directly to do with the

273

00:10:39,990 --> 00:10:37,839

hybrid thing i mean exo academia talking

274

00:10:42,230 --> 00:10:40,000

about reality on his podcast this week

275

00:10:44,389 --> 00:10:42,240

we could do like a whole episode about

276

00:10:45,829 --> 00:10:44,399

reality but go ahead nathan take it away

277

00:10:47,509 --> 00:10:45,839

and then we'll get the cabbies in there

278

00:10:48,710 --> 00:10:47,519

i mean if you wouldn't mind indulging us

279

00:10:49,990 --> 00:10:48,720

i'd love to hear

280

00:10:52,310 --> 00:10:50,000

what you're talking about there what

281

00:10:54,790 --> 00:10:52,320

what theory you're mentioning

282

00:10:56,550 --> 00:10:54,800

yeah well it's pretty deep um pretty

283

00:11:00,310 --> 00:10:56,560

intense this one and again it's all hold

284

00:11:00,320 --> 00:11:03,990

i'll be right with you guys okay

285

00:11:08,069 --> 00:11:06,389

yeah it's it's it's all uh you know

286

00:11:09,670 --> 00:11:08,079

purely speculation this that's

287

00:11:11,590 --> 00:11:09,680

definitely worth pointing out because

288

00:11:13,190 --> 00:11:11,600

obviously i try and anything that i do

289

00:11:14,710 --> 00:11:13,200

on my podcast i always try and have a

290

00:11:16,230 --> 00:11:14,720

distinction between when you're talking

291

00:11:17,910 --> 00:11:16,240

about factual cases that you can

292

00:11:20,150 --> 00:11:17,920

actually say this is this this is this

293

00:11:21,670 --> 00:11:20,160

you know somebody saw it we've got data

294

00:11:24,310 --> 00:11:21,680

we've got you know whatever there's none

295

00:11:25,829 --> 00:11:24,320

of that for this um but but my thinking

296

00:11:27,750 --> 00:11:25,839

with it is

297

00:11:29,750 --> 00:11:27,760

if they're

298

00:11:31,990 --> 00:11:29,760

you know indeed is some kind of

299

00:11:35,670 --> 00:11:32,000

non-human intelligences that are coming

300

00:11:37,829 --> 00:11:35,680

here and interacting with humans

301
00:11:40,230 --> 00:11:37,839
if you try and imagine where they

302
00:11:42,790 --> 00:11:40,240
actually originated

303
00:11:44,630 --> 00:11:42,800
or what what when they started to kind

304
00:11:47,590 --> 00:11:44,640
of develop and things like that it seems

305
00:11:49,269 --> 00:11:47,600
pretty unlikely to me that they'd be

306
00:11:51,670 --> 00:11:49,279
on a similar kind of level of

307
00:11:53,430 --> 00:11:51,680
development as as where we are now

308
00:11:54,389 --> 00:11:53,440
because i mean

309
00:11:56,389 --> 00:11:54,399
it'd be

310
00:11:59,350 --> 00:11:56,399
an unbelievable coincidence wouldn't it

311
00:12:01,030 --> 00:11:59,360
if you look at the vastness of time that

312
00:12:02,710 --> 00:12:01,040
another intelligence would develop at

313
00:12:04,550 --> 00:12:02,720

the universe somewhere out there in the

314

00:12:06,710 --> 00:12:04,560

university exactly the same time as us

315

00:12:09,430 --> 00:12:06,720

and end up at a similar point exactly

316

00:12:10,629 --> 00:12:09,440

right now when we're at that point so

317

00:12:12,150 --> 00:12:10,639

they could be

318

00:12:13,990 --> 00:12:12,160

way way more advanced they could have

319

00:12:16,629 --> 00:12:14,000

started to you know get to the stage

320

00:12:19,350 --> 00:12:16,639

that we are now a million years ago or

321

00:12:20,470 --> 00:12:19,360

you know even 100 million years ago so

322

00:12:22,470 --> 00:12:20,480

it could be

323

00:12:24,629 --> 00:12:22,480

you know it really could be futile to

324

00:12:26,949 --> 00:12:24,639

even try and understand you know what

325

00:12:29,269 --> 00:12:26,959

what they're trying to achieve but what

326

00:12:31,269 --> 00:12:29,279

i try and think about is

327

00:12:34,150 --> 00:12:31,279

if that is the case

328

00:12:36,870 --> 00:12:34,160

and they've developed the technologies

329

00:12:38,389 --> 00:12:36,880

maybe on even a similar kind of

330

00:12:40,550 --> 00:12:38,399

angle to where we're going with our

331

00:12:41,750 --> 00:12:40,560

technologies as humans at this point in

332

00:12:43,430 --> 00:12:41,760

time

333

00:12:45,190 --> 00:12:43,440

you know we've got things like neuralink

334

00:12:48,389 --> 00:12:45,200

we've got more

335

00:12:50,150 --> 00:12:48,399

more and more interconnected technology

336

00:12:51,829 --> 00:12:50,160

from one human to another across the

337

00:12:53,829 --> 00:12:51,839

planet and things like that

338

00:12:56,870 --> 00:12:53,839

seems to be possibly even going towards

339

00:12:58,470 --> 00:12:56,880

a bit of a hive mind type of scenario

340

00:13:00,150 --> 00:12:58,480

which you know could unfold over the

341

00:13:01,990 --> 00:13:00,160

next few thousand years or something

342

00:13:03,590 --> 00:13:02,000

like that

343

00:13:05,509 --> 00:13:03,600

if there is

344

00:13:09,030 --> 00:13:05,519

another intelligence that's gone down a

345

00:13:11,509 --> 00:13:09,040

similar path of evolution

346

00:13:13,750 --> 00:13:11,519

what would they actually want to achieve

347

00:13:15,509 --> 00:13:13,760

after they get to a certain point like

348

00:13:17,269 --> 00:13:15,519

what what is this to actually do out

349

00:13:19,269 --> 00:13:17,279

there you'd obviously become a multi

350

00:13:20,870 --> 00:13:19,279

multi-planet species you'd spread out

351

00:13:22,069 --> 00:13:20,880

throughout your immediate area of the

352

00:13:23,269 --> 00:13:22,079

universe

353

00:13:25,110 --> 00:13:23,279

and then

354

00:13:29,110 --> 00:13:25,120

it just got me to thinking that

355

00:13:30,870 --> 00:13:29,120

when humans technology has it evolved as

356

00:13:32,710 --> 00:13:30,880

time's gone along one thing that has

357

00:13:34,949 --> 00:13:32,720

never changed is our desire to

358

00:13:37,269 --> 00:13:34,959

experience

359

00:13:39,590 --> 00:13:37,279

things you know the technology advances

360

00:13:41,509 --> 00:13:39,600

and we use that to then experience

361

00:13:44,150 --> 00:13:41,519

things in more detail on new things that

362

00:13:45,910 --> 00:13:44,160

we've never experienced before

363

00:13:49,189 --> 00:13:45,920

and what if

364

00:13:51,750 --> 00:13:49,199

that very advanced civilization

365

00:13:54,629 --> 00:13:51,760

got to that stage and the way that they

366

00:13:57,430 --> 00:13:54,639

actually experience new things

367

00:13:59,590 --> 00:13:57,440

is to find other intelligences out in

368

00:14:02,870 --> 00:13:59,600

the universe and tap in to their

369

00:14:06,550 --> 00:14:02,880

experiences and actually almost harvest

370

00:14:08,870 --> 00:14:06,560

the experiences of other life forms

371

00:14:10,710 --> 00:14:08,880

and it could possibly be again total

372

00:14:12,230 --> 00:14:10,720

speculation but just an interesting idea

373

00:14:14,550 --> 00:14:12,240

to throw out there be interesting to see

374

00:14:18,230 --> 00:14:14,560

what you guys think it could be that

375

00:14:20,629 --> 00:14:18,240

some of these devices are actually

376

00:14:22,150 --> 00:14:20,639

sucking up our experiences to feed them

377

00:14:23,590 --> 00:14:22,160

back into some kind of mass

378

00:14:25,910 --> 00:14:23,600

consciousness somewhere else out there

379

00:14:28,790 --> 00:14:25,920

in the universe and actually

380

00:14:30,389 --> 00:14:28,800

experience our experiences if you will

381

00:14:32,550 --> 00:14:30,399

or frank to multiply

382

00:14:34,949 --> 00:14:32,560

because if if if there is some sort of a

383

00:14:36,629 --> 00:14:34,959

hybrid technology but it doesn't have

384

00:14:38,470 --> 00:14:36,639

the working bits

385

00:14:40,710 --> 00:14:38,480

to to procreate

386

00:14:43,110 --> 00:14:40,720

then they can't they can't multiply

387

00:14:45,670 --> 00:14:43,120

their civilization from a biological

388

00:14:47,350 --> 00:14:45,680

standpoint right so they need to get

389

00:14:49,509 --> 00:14:47,360

you know they either need to get more

390

00:14:50,949 --> 00:14:49,519

biological material

391

00:14:52,710 --> 00:14:50,959

or produce

392

00:14:54,629 --> 00:14:52,720

some sort of a genitalia in order to

393

00:14:56,150 --> 00:14:54,639

procreate so that could be a thing as

394

00:14:57,910 --> 00:14:56,160

well you're like what if they say okay

395

00:15:00,150 --> 00:14:57,920

well we want to expand but we can't

396

00:15:01,670 --> 00:15:00,160

unless we just build another robot which

397

00:15:03,590 --> 00:15:01,680

they probably find those are the sort of

398

00:15:05,110 --> 00:15:03,600

their all these experiencers tell us

399

00:15:07,110 --> 00:15:05,120

that those those are the sort of their

400

00:15:08,629 --> 00:15:07,120

worker bees but let's throw it up to

401
00:15:10,949 --> 00:15:08,639
akashhi chris

402
00:15:12,870 --> 00:15:10,959
it's interesting because um obviously

403
00:15:15,829 --> 00:15:12,880
akashhi chris i'm all into akashic

404
00:15:17,590 --> 00:15:15,839
records so you know think about you know

405
00:15:22,710 --> 00:15:17,600
that concept

406
00:15:22,720 --> 00:15:30,629
he said akashi chris we had to do it

407
00:15:34,550 --> 00:15:32,310
think about that so

408
00:15:38,470 --> 00:15:34,560
if you have

409
00:15:40,150 --> 00:15:38,480
able to master the access to akashic

410
00:15:42,629 --> 00:15:40,160
records and akashic records let's say

411
00:15:46,230 --> 00:15:42,639
that they're real right if so everything

412
00:15:47,829 --> 00:15:46,240
that has been is or will be exist there

413
00:15:50,949 --> 00:15:47,839

think about the power of that you can

414

00:15:52,550 --> 00:15:50,959

use it to evolve you can use it to

415

00:15:55,509 --> 00:15:52,560

test theories that you don't have to

416

00:15:57,150 --> 00:15:55,519

test yourself because you can do it by

417

00:15:59,670 --> 00:15:57,160

having access to all the other

418

00:16:01,670 --> 00:15:59,680

civilizations and what you know and what

419

00:16:03,350 --> 00:16:01,680

they've been able to achieve

420

00:16:04,710 --> 00:16:03,360

so if you get that to that level of

421

00:16:07,030 --> 00:16:04,720

transcendence to where your

422

00:16:08,870 --> 00:16:07,040

consciousness is so powerful

423

00:16:10,790 --> 00:16:08,880

i mean we have people that have you know

424

00:16:12,470 --> 00:16:10,800

supposedly been able to tap into you

425

00:16:15,269 --> 00:16:12,480

know the whole thought experiments

426

00:16:17,430 --> 00:16:15,279

einstein tesla you know people out there

427

00:16:20,710 --> 00:16:17,440

have done this before and people in our

428

00:16:23,110 --> 00:16:20,720

community you know practice it i i

429

00:16:25,430 --> 00:16:23,120

i'm kind of digging this theory a lot

430

00:16:28,710 --> 00:16:25,440

it's very dangerous and scary but

431

00:16:30,870 --> 00:16:28,720

because think about one central look

432

00:16:33,189 --> 00:16:30,880

that's where spirituality and in this

433

00:16:35,670 --> 00:16:33,199

kind of they're not necessarily mutually

434

00:16:37,829 --> 00:16:35,680

exclusive but if you think about it like

435

00:16:39,910 --> 00:16:37,839

one master thing that's absorbing all of

436

00:16:41,590 --> 00:16:39,920

it sounds familiar

437

00:16:43,030 --> 00:16:41,600

so i don't know if there's a question

438

00:16:46,389 --> 00:16:43,040

there i'm just baffled because you took

439

00:16:52,470 --> 00:16:48,829

digging it okay

440

00:16:54,949 --> 00:16:52,480

digging so what what do you i mean

441

00:16:57,350 --> 00:16:54,959

we got to get debs in there man

442

00:16:59,509 --> 00:16:57,360

what do you think well i guess my thing

443

00:17:02,230 --> 00:16:59,519

is that these beings have

444

00:17:04,630 --> 00:17:02,240

been around so long and if they're just

445

00:17:07,029 --> 00:17:04,640

studying us i feel like they've been

446

00:17:09,829 --> 00:17:07,039

really a slow study so i feel like there

447

00:17:11,429 --> 00:17:09,839

may be more to it you know because

448

00:17:14,470 --> 00:17:11,439

they've been doing this for how long

449

00:17:19,590 --> 00:17:16,949

deb's like hurry up come on look i get

450

00:17:21,350 --> 00:17:19,600

you know got things to do no i mean i

451
00:17:23,110 --> 00:17:21,360
just feel like if they've been around

452
00:17:25,510 --> 00:17:23,120
for centuries and they've been

453
00:17:28,069 --> 00:17:25,520
interacting with us

454
00:17:30,070 --> 00:17:28,079
it may be more that they not only may

455
00:17:32,630 --> 00:17:30,080
have studied us but maybe they just kind

456
00:17:34,310 --> 00:17:32,640
of want to hang out and be here you know

457
00:17:35,830 --> 00:17:34,320
that's my thing

458
00:17:36,789 --> 00:17:35,840
hey what are you doing tonight let's you

459
00:17:39,110 --> 00:17:36,799
know let's go

460
00:17:40,710 --> 00:17:39,120
let's go have some appetizer some status

461
00:17:42,789 --> 00:17:40,720
just a little netflix and chill you know

462
00:17:44,630 --> 00:17:42,799
i mean honestly my thought is if you're

463
00:17:46,470 --> 00:17:44,640

going to make a hybrid program it's

464

00:17:48,789 --> 00:17:46,480

probably because you want to

465

00:17:51,110 --> 00:17:48,799

be able to live in a certain place like

466

00:17:53,990 --> 00:17:51,120

say earth

467

00:17:56,150 --> 00:17:54,000

we do this with all fear frank but flare

468

00:17:59,029 --> 00:17:56,160

is kevin

469

00:18:01,430 --> 00:17:59,039

okay well i have a question do you think

470

00:18:03,830 --> 00:18:01,440

that since they're here they should be

471

00:18:06,310 --> 00:18:03,840

we should apply our dui laws to them

472

00:18:08,870 --> 00:18:06,320

because they seem to be crashing a lot i

473

00:18:11,830 --> 00:18:08,880

mean you've got saucers flying and then

474

00:18:12,789 --> 00:18:11,840

falling out of the sky in every state

475

00:18:14,549 --> 00:18:12,799

like

476

00:18:18,870 --> 00:18:14,559

we we need we need something needs to be

477

00:18:22,390 --> 00:18:20,470

it's some pretty dangerous driving isn't

478

00:18:23,430 --> 00:18:22,400

it let's be honest

479

00:18:25,510 --> 00:18:23,440

he wouldn't he wouldn't give him a

480

00:18:26,870 --> 00:18:25,520

driver's license that's what happened to

481

00:18:29,830 --> 00:18:26,880

roswell

482

00:18:32,230 --> 00:18:29,840

we need to have some kind of dmv

483

00:18:33,590 --> 00:18:32,240

office for these people or whatever they

484

00:18:37,430 --> 00:18:33,600

are maybe

485

00:18:39,190 --> 00:18:37,440

tic tac dmv a tmb you know

486

00:18:41,830 --> 00:18:39,200

i think we should i'll be in charge of

487

00:18:43,350 --> 00:18:41,840

the office i volunteer if you government

488

00:18:45,270 --> 00:18:43,360

people are watching

489

00:18:46,070 --> 00:18:45,280

i will do this

490

00:18:48,390 --> 00:18:46,080

okay

491

00:18:51,669 --> 00:18:48,400

nathan before we tackle you talking

492

00:18:54,470 --> 00:18:51,679

about kevin giving out uap driving tests

493

00:18:57,669 --> 00:18:54,480

we gotta get to charlotte absolutely yes

494

00:19:02,230 --> 00:18:59,510

uh oh i mute maybe i had you on mute

495

00:19:03,510 --> 00:19:02,240

that's my fault here you go oh yeah

496

00:19:05,350 --> 00:19:03,520

yeah i was just thinking about driving

497

00:19:06,310 --> 00:19:05,360

theory tests what you know what levels

498

00:19:07,990 --> 00:19:06,320

are we talking about will it be like

499

00:19:11,190 --> 00:19:08,000

motorbike tests where you get different

500

00:19:13,750 --> 00:19:11,200

parts now and uh will it be restrictions

501
00:19:16,390 --> 00:19:13,760
maybe in you know cc

502
00:19:18,390 --> 00:19:16,400
yeah yes yeah

503
00:19:20,390 --> 00:19:18,400
but yeah i think that um the data stuff

504
00:19:22,150 --> 00:19:20,400
um that frank was just talking about i

505
00:19:24,789 --> 00:19:22,160
just thought is he thinking about star

506
00:19:26,070 --> 00:19:24,799
trek discovery's data sphere wasn't that

507
00:19:28,310 --> 00:19:26,080
like that kind of thing like a

508
00:19:29,510 --> 00:19:28,320
consciousness sucking in data from all

509
00:19:31,029 --> 00:19:29,520
the different

510
00:19:33,110 --> 00:19:31,039
people and

511
00:19:34,789 --> 00:19:33,120
species

512
00:19:36,070 --> 00:19:34,799
yeah i'm familiar with that you want to

513
00:19:37,909 --> 00:19:36,080

maybe explain that to us a little bit

514

00:19:41,430 --> 00:19:37,919

the data sphere concept that's pretty

515

00:19:45,830 --> 00:19:43,669

an organism entity that took in data

516

00:19:48,150 --> 00:19:45,840

from all different kind of you know

517

00:19:49,990 --> 00:19:48,160

species and kind of not in a borg way

518

00:19:51,990 --> 00:19:50,000

but just held the data and then they

519

00:19:55,190 --> 00:19:52,000

could access it and use it to save the

520

00:19:57,510 --> 00:19:55,200

world okay got it cool yeah i like that

521

00:19:59,830 --> 00:19:57,520

it it it opens a whole question about

522

00:20:01,909 --> 00:19:59,840

how much science fiction how visionary

523

00:20:04,789 --> 00:20:01,919

were these these individuals that were

524

00:20:07,270 --> 00:20:04,799

writing uh star trek and star wars and a

525

00:20:09,350 --> 00:20:07,280

lot and uh the matrix like i think

526

00:20:12,230 --> 00:20:09,360

nathan's very studied up on the matrix

527

00:20:14,710 --> 00:20:12,240

and i think a lot of us uh have looked

528

00:20:16,630 --> 00:20:14,720

at these concepts and we've used that as

529

00:20:18,789 --> 00:20:16,640

a framework to try to understand the

530

00:20:20,630 --> 00:20:18,799

phenomenon and what it may be doing or

531

00:20:21,909 --> 00:20:20,640

maybe capable of

532

00:20:24,149 --> 00:20:21,919

yeah for sure

533

00:20:26,630 --> 00:20:24,159

well frank how do you i love the idea

534

00:20:30,070 --> 00:20:26,640

and how do you um

535

00:20:31,909 --> 00:20:30,080

i guess sort of take that concept and uh

536

00:20:33,750 --> 00:20:31,919

apply it to the different things that we

537

00:20:35,510 --> 00:20:33,760

hear about in the literature

538

00:20:37,110 --> 00:20:35,520

you know in in the in the story so how

539

00:20:38,149 --> 00:20:37,120

do you how do you take that and apply to

540

00:20:41,110 --> 00:20:38,159

things like

541

00:20:43,590 --> 00:20:41,120

uh abduction uh experience or hybrid

542

00:20:45,990 --> 00:20:43,600

experience uh different species that we

543

00:20:47,190 --> 00:20:46,000

run into how do you kind of reconcile

544

00:20:48,789 --> 00:20:47,200

that theory with those different

545

00:20:51,430 --> 00:20:48,799

accounts

546

00:20:53,669 --> 00:20:51,440

yeah well first first of all it could be

547

00:20:54,549 --> 00:20:53,679

that there are various things going on

548

00:20:56,070 --> 00:20:54,559

so

549

00:20:58,149 --> 00:20:56,080

the kind of thing that i mentioned could

550

00:20:59,590 --> 00:20:58,159

actually just be a part of you know like

551
00:21:00,710 --> 00:20:59,600
there could also be

552
00:21:02,950 --> 00:21:00,720
other

553
00:21:04,710 --> 00:21:02,960
intelligences that developed elsewhere

554
00:21:07,029 --> 00:21:04,720
in the universe that come and interfere

555
00:21:08,630 --> 00:21:07,039
with the thing you know the the other

556
00:21:10,149 --> 00:21:08,640
ones are doing as well so that actually

557
00:21:12,789 --> 00:21:10,159
could explain the different the

558
00:21:14,470 --> 00:21:12,799
different types of craft obviously it is

559
00:21:16,870 --> 00:21:14,480
a kind of

560
00:21:18,630 --> 00:21:16,880
a theory that i'm developing uh you know

561
00:21:20,149 --> 00:21:18,640
as time goes along as well so there's

562
00:21:22,470 --> 00:21:20,159
there's more room to kind of flesh it

563
00:21:24,310 --> 00:21:22,480

out you know as we go but i mean i've

564

00:21:25,590 --> 00:21:24,320

even thought about the the possibility

565

00:21:26,470 --> 00:21:25,600

of

566

00:21:29,830 --> 00:21:26,480

um

567

00:21:31,909 --> 00:21:29,840

if if a consciousness like that you know

568

00:21:33,510 --> 00:21:31,919

did evolve like a hive mind type

569

00:21:36,230 --> 00:21:33,520

consciousness or even if it's not a hive

570

00:21:39,110 --> 00:21:36,240

mind is just a very very interconnected

571

00:21:40,630 --> 00:21:39,120

uh group of uh intelligences which

572

00:21:43,190 --> 00:21:40,640

become very advanced with their

573

00:21:45,590 --> 00:21:43,200

intelligence with their technology and

574

00:21:49,110 --> 00:21:45,600

that technology allows them to

575

00:21:50,549 --> 00:21:49,120

be very very interconnected at all times

576
00:21:53,510 --> 00:21:50,559
they might actually

577
00:21:55,510 --> 00:21:53,520
desire to create

578
00:21:58,390 --> 00:21:55,520
experience gathering

579
00:22:00,470 --> 00:21:58,400
machines essentially so it could even be

580
00:22:01,590 --> 00:22:00,480
that we are those machines you know

581
00:22:03,669 --> 00:22:01,600
that's something that i've that i've

582
00:22:05,909 --> 00:22:03,679
thought about as well again it depends

583
00:22:07,510 --> 00:22:05,919
which angle you go down with it but if

584
00:22:09,750 --> 00:22:07,520
that was the case

585
00:22:11,909 --> 00:22:09,760
just considering that for a second we'd

586
00:22:13,110 --> 00:22:11,919
be pretty good at that i mean you know

587
00:22:16,710 --> 00:22:13,120
humans

588
00:22:19,830 --> 00:22:16,720

can can you know rapidly uh reproduce

589

00:22:23,110 --> 00:22:19,840

and each human is set up in a way that

590

00:22:25,270 --> 00:22:23,120

you create in a completely unique

591

00:22:26,789 --> 00:22:25,280

you know device like if a human being is

592

00:22:28,230 --> 00:22:26,799

indeed a device

593

00:22:30,310 --> 00:22:28,240

you know

594

00:22:32,470 --> 00:22:30,320

what better way to create a unique

595

00:22:33,909 --> 00:22:32,480

perspective on the universe than a human

596

00:22:36,310 --> 00:22:33,919

because everybody has that unique

597

00:22:38,470 --> 00:22:36,320

perspective so the which would then that

598

00:22:40,549 --> 00:22:38,480

unique experience would be fed back into

599

00:22:43,110 --> 00:22:40,559

that you know the the source which

600

00:22:44,549 --> 00:22:43,120

created it or even if or even if we're

601
00:22:47,510 --> 00:22:44,559
not actually

602
00:22:49,590 --> 00:22:47,520
um created for that purpose we would

603
00:22:51,029 --> 00:22:49,600
serve as a quite you know serve that

604
00:22:53,270 --> 00:22:51,039
purpose quite well even if we weren't

605
00:22:55,590 --> 00:22:53,280
created specifically for that

606
00:22:57,590 --> 00:22:55,600
um but as i said there could be various

607
00:23:00,549 --> 00:22:57,600
reasons for things like abductions it

608
00:23:01,750 --> 00:23:00,559
could be to monitor the progression

609
00:23:04,230 --> 00:23:01,760
um

610
00:23:06,149 --> 00:23:04,240
you know of how how we're developing and

611
00:23:07,909 --> 00:23:06,159
things like that so it's a sort of you

612
00:23:09,510 --> 00:23:07,919
know again more data isn't it basically

613
00:23:11,510 --> 00:23:09,520

to feed back into the

614

00:23:13,029 --> 00:23:11,520

you know the the created you know the

615

00:23:14,710 --> 00:23:13,039

consciousness that created the whole

616

00:23:16,070 --> 00:23:14,720

thing

617

00:23:17,909 --> 00:23:16,080

right like we're kind of like nodes on

618

00:23:20,070 --> 00:23:17,919

the network basically uh

619

00:23:23,110 --> 00:23:20,080

different uh access points for that

620

00:23:24,470 --> 00:23:23,120

consciousness to experience

621

00:23:26,870 --> 00:23:24,480

different different novelty in the

622

00:23:29,270 --> 00:23:26,880

universe in a way and maybe it's doing

623

00:23:31,270 --> 00:23:29,280

it across multiple species who says it

624

00:23:32,630 --> 00:23:31,280

has to stop with with just us but this

625

00:23:34,149 --> 00:23:32,640

this theory in a way i mean it almost

626

00:23:35,510 --> 00:23:34,159

kind of points back to some another

627

00:23:37,110 --> 00:23:35,520

popular theory that we hear quite a bit

628

00:23:38,710 --> 00:23:37,120

about and that is that you know

629

00:23:40,549 --> 00:23:38,720

consciousness itself

630

00:23:41,350 --> 00:23:40,559

is kind of the fundamental aspect that

631

00:23:43,669 --> 00:23:41,360

we

632

00:23:45,590 --> 00:23:43,679

that that sentient beings

633

00:23:47,750 --> 00:23:45,600

whether you think of humans or any other

634

00:23:50,549 --> 00:23:47,760

conscious being that is here or in the

635

00:23:52,149 --> 00:23:50,559

universe maybe we are kind of um

636

00:23:53,110 --> 00:23:52,159

really just distilled

637

00:23:55,110 --> 00:23:53,120

uh

638

00:23:57,669 --> 00:23:55,120

you know kind of concrete moments of

639

00:23:59,269 --> 00:23:57,679

that larger conscious source and it's

640

00:24:00,789 --> 00:23:59,279

it's it's kind of the same concept

641

00:24:02,149 --> 00:24:00,799

except yours and yours it's more of an

642

00:24:04,870 --> 00:24:02,159

evolutionary

643

00:24:06,950 --> 00:24:04,880

uh point uh where that converges and

644

00:24:08,230 --> 00:24:06,960

then it's happening whereas this one i

645

00:24:10,950 --> 00:24:08,240

think it's more like that's just the

646

00:24:12,630 --> 00:24:10,960

nature of of reality uh you know from

647

00:24:15,269 --> 00:24:12,640

the beginning nathan there's actually a

648

00:24:16,870 --> 00:24:15,279

modern example of this right now um

649

00:24:20,630 --> 00:24:16,880

david hansen

650

00:24:24,230 --> 00:24:20,640

has his robots sophia and max that when

651
00:24:26,230 --> 00:24:24,240
he turns them on they connect to a cloud

652
00:24:28,630 --> 00:24:26,240
and what ends up happening or what what

653
00:24:31,029 --> 00:24:28,640
his plan is and i don't know how many of

654
00:24:32,789 --> 00:24:31,039
he has of sophia and max but i know he's

655
00:24:34,870 --> 00:24:32,799
playing several more there's a really

656
00:24:36,710 --> 00:24:34,880
creepy little robot that that looks like

657
00:24:37,590 --> 00:24:36,720
a little girl that plays piano in his

658
00:24:39,990 --> 00:24:37,600
house

659
00:24:42,390 --> 00:24:40,000
but uh over in hong kong but basically

660
00:24:44,870 --> 00:24:42,400
what one what comes to the cloud that

661
00:24:47,510 --> 00:24:44,880
one learns goes up to the cloud and is

662
00:24:50,870 --> 00:24:47,520
then is accessed by the other robot so

663
00:24:53,830 --> 00:24:50,880

if max is at a symposium and people are

664

00:24:55,430 --> 00:24:53,840

conversing with max whatever uh he

665

00:24:57,430 --> 00:24:55,440

learns goes up to the cloud and then

666

00:24:59,510 --> 00:24:57,440

sophia learns it if she's on or when

667

00:25:00,950 --> 00:24:59,520

they turn her on so this is already

668

00:25:02,710 --> 00:25:00,960

happening that that's all i want to say

669

00:25:05,110 --> 00:25:02,720

about that

670

00:25:07,110 --> 00:25:05,120

interconnected yeah

671

00:25:09,269 --> 00:25:07,120

just one trippy trippy thing about this

672

00:25:11,750 --> 00:25:09,279

is like i mean if you

673

00:25:14,230 --> 00:25:11,760

if you think about back back to frank's

674

00:25:16,230 --> 00:25:14,240

point we are unique we like little

675

00:25:19,350 --> 00:25:16,240

snowflakes right all of us have our

676
00:25:23,029 --> 00:25:19,360
perspectives so talk about the greatest

677
00:25:29,110 --> 00:25:26,470
reaction perception intention at an

678
00:25:30,710 --> 00:25:29,120
individual level if you if you had the

679
00:25:33,590 --> 00:25:30,720
super machine

680
00:25:36,710 --> 00:25:33,600
that had access to each consciousness

681
00:25:38,310 --> 00:25:36,720
you can play out every scenario

682
00:25:39,830 --> 00:25:38,320
you know i mean that's kind of where you

683
00:25:43,510 --> 00:25:39,840
were going right it's like we are

684
00:25:45,750 --> 00:25:43,520
perfectly suited to gather unique data

685
00:25:47,590 --> 00:25:45,760
from all of our different perspectives

686
00:25:49,669 --> 00:25:47,600
because we have all this history around

687
00:25:52,710 --> 00:25:49,679
us right so we have all of our filters

688
00:25:54,870 --> 00:25:52,720

unique filters that we apply what if

689

00:25:57,990 --> 00:25:54,880

they were able to see for somebody that

690

00:25:59,430 --> 00:25:58,000

acts like this you get this reaction you

691

00:26:01,110 --> 00:25:59,440

know is that kind of where you were

692

00:26:02,870 --> 00:26:01,120

going or did i totally misunderstand the

693

00:26:05,029 --> 00:26:02,880

whole thing no no definitely yeah and

694

00:26:07,269 --> 00:26:05,039

it's like a way of learning because a

695

00:26:09,990 --> 00:26:07,279

really really advanced intelligence

696

00:26:12,470 --> 00:26:10,000

would just want to learn more like as

697

00:26:15,029 --> 00:26:12,480

our intelligence and our technology you

698

00:26:16,789 --> 00:26:15,039

know keeps advancing the the the thirist

699

00:26:18,950 --> 00:26:16,799

for knowledge grows and grows doesn't it

700

00:26:21,430 --> 00:26:18,960

so you know what better way to learn

701
00:26:23,750 --> 00:26:21,440
about the universe than to seek out

702
00:26:25,990 --> 00:26:23,760
other forms of life and absorb their

703
00:26:27,510 --> 00:26:26,000
experiences you know to feed that back

704
00:26:29,430 --> 00:26:27,520
into to the

705
00:26:30,789 --> 00:26:29,440
the mother consciousness if you will you

706
00:26:32,630 --> 00:26:30,799
know

707
00:26:34,870 --> 00:26:32,640
what if what what if that mother

708
00:26:37,110 --> 00:26:34,880
consciousness is actually us

709
00:26:38,789 --> 00:26:37,120
i thought about that too

710
00:26:42,070 --> 00:26:38,799
what if it's just our collective

711
00:26:48,470 --> 00:26:45,430
just in another form explain please

712
00:26:51,430 --> 00:26:48,480
i don't know i just had that thought

713
00:26:52,149 --> 00:26:51,440

that's where it ends really

714

00:26:54,950 --> 00:26:52,159

nathan god

715

00:26:59,269 --> 00:26:57,190

that's fantastic well i know that

716

00:27:00,710 --> 00:26:59,279

i'm gonna no dude it's great i love it i

717

00:27:02,390 --> 00:27:00,720

want to bring uh deb i know she had a

718

00:27:04,470 --> 00:27:02,400

question she want to ask

719

00:27:07,110 --> 00:27:04,480

i feel like there's a possibility that a

720

00:27:09,029 --> 00:27:07,120

lot is going on but my thought

721

00:27:11,830 --> 00:27:09,039

is what if

722

00:27:13,510 --> 00:27:11,840

instead of them having to observe the

723

00:27:14,789 --> 00:27:13,520

consciousness from the outside and

724

00:27:17,590 --> 00:27:14,799

collect it

725

00:27:19,430 --> 00:27:17,600

they are in fact essentially injecting

726

00:27:21,590 --> 00:27:19,440

consciousness into

727

00:27:23,590 --> 00:27:21,600

primate bodies

728

00:27:25,669 --> 00:27:23,600

that's that's that would kind of tie

729

00:27:27,590 --> 00:27:25,679

into the simulation theory sense that we

730

00:27:28,789 --> 00:27:27,600

all have like that we might be in a

731

00:27:31,110 --> 00:27:28,799

simulation

732

00:27:32,630 --> 00:27:31,120

we are literally like avatars in these

733

00:27:34,710 --> 00:27:32,640

bodies

734

00:27:36,549 --> 00:27:34,720

and it is all collecting

735

00:27:38,149 --> 00:27:36,559

elsewhere

736

00:27:40,070 --> 00:27:38,159

which is like what people talk about

737

00:27:41,990 --> 00:27:40,080

when they're talking about like

738

00:27:43,830 --> 00:27:42,000

i hate to say this is gonna get people

739

00:27:45,830 --> 00:27:43,840

riled up but god

740

00:27:48,310 --> 00:27:45,840

it's just a thought

741

00:27:53,830 --> 00:27:48,320

throwing it out there you have clouds we

742

00:27:57,110 --> 00:27:55,350

i was gonna say left frank and then

743

00:27:58,630 --> 00:27:57,120

nathan take that one yeah all right

744

00:28:00,710 --> 00:27:58,640

frank what do you think

745

00:28:03,350 --> 00:28:00,720

yeah i mean definitely there's a lot of

746

00:28:05,029 --> 00:28:03,360

different you know angles you could go

747

00:28:07,269 --> 00:28:05,039

with with this kind of thing i mean like

748

00:28:09,269 --> 00:28:07,279

i said if if that super advanced

749

00:28:11,350 --> 00:28:09,279

intelligence wanted to actually create a

750

00:28:14,830 --> 00:28:11,360

device humans would be a pretty good

751

00:28:17,269 --> 00:28:14,840

device a self-replicated

752

00:28:18,950 --> 00:28:17,279

biological you know device you know

753

00:28:21,510 --> 00:28:18,960

which can

754

00:28:24,389 --> 00:28:21,520

you know expand across an entire

755

00:28:25,110 --> 00:28:24,399

planet and increase in numbers

756

00:28:26,630 --> 00:28:25,120

and

757

00:28:27,830 --> 00:28:26,640

gain all of those

758

00:28:30,070 --> 00:28:27,840

individual

759

00:28:31,110 --> 00:28:30,080

you know experiences which are all

760

00:28:32,549 --> 00:28:31,120

unique

761

00:28:35,590 --> 00:28:32,559

you know and and also there's the

762

00:28:37,430 --> 00:28:35,600

possibility that this goes back to um

763

00:28:39,590 --> 00:28:37,440

nathan your point earlier

764

00:28:41,269 --> 00:28:39,600

is what if we

765

00:28:43,909 --> 00:28:41,279

you know the whole thing of uh

766

00:28:46,230 --> 00:28:43,919

artificial intelligence and whatnot if

767

00:28:48,630 --> 00:28:46,240

if we reach that point where artificial

768

00:28:50,230 --> 00:28:48,640

intelligence actually does wipe out the

769

00:28:51,269 --> 00:28:50,240

the biological

770

00:28:55,590 --> 00:28:51,279

you know

771

00:28:58,230 --> 00:28:55,600

us all together and it's just an

772

00:28:59,750 --> 00:28:58,240

artificial intelligence that we created

773

00:29:01,830 --> 00:28:59,760

then they

774

00:29:04,470 --> 00:29:01,840

may still do the same thing want to go

775

00:29:06,630 --> 00:29:04,480

out and learn and maybe they can't learn

776

00:29:08,950 --> 00:29:06,640

in the same way that a biological entity

777

00:29:10,789 --> 00:29:08,960

could learn so they that's why they they

778

00:29:13,110 --> 00:29:10,799

need our experiences and that would also

779

00:29:15,269 --> 00:29:13,120

explain a bit more about why they

780

00:29:17,029 --> 00:29:15,279

actually do abduct humans and and things

781

00:29:19,430 --> 00:29:17,039

like that and it's also worth

782

00:29:21,909 --> 00:29:19,440

considering that they may interfere with

783

00:29:24,389 --> 00:29:21,919

human affairs to actually and this is a

784

00:29:26,789 --> 00:29:24,399

bit scary uh but they may interfere with

785

00:29:29,269 --> 00:29:26,799

human affairs specifically to stir

786

00:29:30,630 --> 00:29:29,279

things up to create more intense

787

00:29:32,070 --> 00:29:30,640

experiences

788

00:29:35,110 --> 00:29:32,080

you know so they might actually come

789

00:29:36,549 --> 00:29:35,120

down stir things up to create wars or

790

00:29:38,389 --> 00:29:36,559

you know disasters on the planet and

791

00:29:40,710 --> 00:29:38,399

things like that specifically to

792

00:29:42,630 --> 00:29:40,720

generate really intense experiences

793

00:29:44,549 --> 00:29:42,640

which then they can take but maybe is a

794

00:29:45,750 --> 00:29:44,559

more useful experience than just they

795

00:29:47,510 --> 00:29:45,760

don't want us just to be happy and

796

00:29:50,149 --> 00:29:47,520

boring and following along so they may

797

00:29:51,909 --> 00:29:50,159

interfere with our affairs in that way

798

00:29:53,269 --> 00:29:51,919

right yeah well we've we've been playing

799

00:29:55,029 --> 00:29:53,279

with this concept for a while i think

800

00:29:56,870 --> 00:29:55,039

since uh our technology has started

801
00:29:58,950 --> 00:29:56,880
becoming a lot more powerful

802
00:30:01,110 --> 00:29:58,960
and that is this kind of dualism between

803
00:30:02,630 --> 00:30:01,120
what we as human beings kind of

804
00:30:04,870 --> 00:30:02,640
naturally can do in our environments and

805
00:30:07,350 --> 00:30:04,880
what our technology allows us to do as

806
00:30:08,950 --> 00:30:07,360
an extension of our own self so we are

807
00:30:11,430 --> 00:30:08,960
now at a place where technology allows

808
00:30:13,909 --> 00:30:11,440
us to kind of be everywhere uh that we

809
00:30:16,470 --> 00:30:13,919
are not physically located um but we are

810
00:30:18,870 --> 00:30:16,480
playing with this kind of advent of of

811
00:30:20,950 --> 00:30:18,880
ai we are playing with these notions of

812
00:30:22,870 --> 00:30:20,960
what does it mean to be human what is

813
00:30:24,950 --> 00:30:22,880

special about being human

814

00:30:26,870 --> 00:30:24,960

is consciousness does it really derive

815

00:30:28,870 --> 00:30:26,880

from a physical process is it coming

816

00:30:30,310 --> 00:30:28,880

from the brain is it not coming from the

817

00:30:31,269 --> 00:30:30,320

brain we don't really understand it

818

00:30:32,789 --> 00:30:31,279

right now

819

00:30:35,029 --> 00:30:32,799

and a lot of things that our science is

820

00:30:37,350 --> 00:30:35,039

kind of postulating really

821

00:30:38,870 --> 00:30:37,360

seem to be laid on to the conscious

822

00:30:40,870 --> 00:30:38,880

experience which is really all that we

823

00:30:42,630 --> 00:30:40,880

have by default we have consciousness by

824

00:30:44,630 --> 00:30:42,640

default everything else we are laying

825

00:30:46,789 --> 00:30:44,640

onto that we are laying onto it

826

00:30:48,470 --> 00:30:46,799

the notions of matter and that kind of

827

00:30:50,549 --> 00:30:48,480

thing and so you know i've definitely

828

00:30:52,070 --> 00:30:50,559

played around with this concept where

829

00:30:53,909 --> 00:30:52,080

the uh

830

00:30:54,950 --> 00:30:53,919

that we hear about the future humans and

831

00:30:57,269 --> 00:30:54,960

this sort of

832

00:30:59,029 --> 00:30:57,279

stopping this feud this uh this

833

00:31:00,950 --> 00:30:59,039

apocalypse or catastrophe or whatever

834

00:31:03,750 --> 00:31:00,960

that may be coming our way you know what

835

00:31:05,029 --> 00:31:03,760

if we're taking that um in in sort of a

836

00:31:07,190 --> 00:31:05,039

different direction what if that

837

00:31:08,310 --> 00:31:07,200

catastrophe is really the singularity

838

00:31:11,029 --> 00:31:08,320

what if we

839

00:31:13,190 --> 00:31:11,039

are mistaking uh are merging with

840

00:31:15,190 --> 00:31:13,200

technology as a positive and it ends up

841

00:31:16,630 --> 00:31:15,200

being a very negative thing as frank as

842

00:31:19,590 --> 00:31:16,640

you're hinting at there is something

843

00:31:21,830 --> 00:31:19,600

perhaps unique uh and special about you

844

00:31:23,909 --> 00:31:21,840

know kind of biology uh versus

845

00:31:26,549 --> 00:31:23,919

technology when it comes to conscious

846

00:31:28,149 --> 00:31:26,559

awareness or conscious experience and it

847

00:31:30,830 --> 00:31:28,159

doesn't mean that technology couldn't

848

00:31:33,110 --> 00:31:30,840

have uh sort of its own

849

00:31:35,509 --> 00:31:33,120

self-perpetuating existence but that

850

00:31:37,509 --> 00:31:35,519

existence for whatever reason may not be

851
00:31:39,269 --> 00:31:37,519
as conscious in the way that we

852
00:31:40,470 --> 00:31:39,279
understand it and so you could have this

853
00:31:42,070 --> 00:31:40,480
essential

854
00:31:44,310 --> 00:31:42,080
and we see this play out in all of our

855
00:31:46,630 --> 00:31:44,320
movies you know like this biology versus

856
00:31:49,669 --> 00:31:46,640
technology sort of war happening and we

857
00:31:52,389 --> 00:31:49,679
hear about that same concept uh sort of

858
00:31:54,470 --> 00:31:52,399
mapped on to the the you know the grays

859
00:31:55,990 --> 00:31:54,480
being androids and you know that they

860
00:31:57,909 --> 00:31:56,000
really want to see their existence come

861
00:31:59,509 --> 00:31:57,919
to fruition so they're coming down

862
00:32:01,110 --> 00:31:59,519
they're coming back in time to us to

863
00:32:03,430 --> 00:32:01,120

basically give us technology so that

864

00:32:06,149 --> 00:32:03,440

they will they will actually come to

865

00:32:07,669 --> 00:32:06,159

existence whereas future humans biology

866

00:32:09,430 --> 00:32:07,679

here again coming back and saying let's

867

00:32:11,029 --> 00:32:09,440

stop that from happening we don't want

868

00:32:13,430 --> 00:32:11,039

to go down that path because there is

869

00:32:16,950 --> 00:32:13,440

something special and unique about about

870

00:32:19,909 --> 00:32:16,960

biological life for whatever reason

871

00:32:21,430 --> 00:32:19,919

and i uh i've been working on this

872

00:32:22,950 --> 00:32:21,440

hypothesis and it's certainly not a

873

00:32:24,070 --> 00:32:22,960

theory because it doesn't rise to that

874

00:32:26,870 --> 00:32:24,080

level since

875

00:32:28,789 --> 00:32:26,880

nathan and i were on with james iandoli

876

00:32:31,110 --> 00:32:28,799

and i thought ooh

877

00:32:32,470 --> 00:32:31,120

was the question that james asked us and

878

00:32:33,990 --> 00:32:32,480

and i thought ooh

879

00:32:36,789 --> 00:32:34,000

they can think

880

00:32:38,070 --> 00:32:36,799

because ai can think and process but it

881

00:32:40,310 --> 00:32:38,080

can't feel

882

00:32:42,630 --> 00:32:40,320

so we don't know what consciousness is

883

00:32:44,870 --> 00:32:42,640

we can't explain what feeling is

884

00:32:46,630 --> 00:32:44,880

i i couldn't explain someone a feelings

885

00:32:48,230 --> 00:32:46,640

x i don't know how to say that and i'm

886

00:32:51,750 --> 00:32:48,240

going to pass it to charlotte after this

887

00:32:54,149 --> 00:32:51,760

but um so i think that somehow through

888

00:32:57,029 --> 00:32:54,159

their all their interactions of bringing

889

00:32:58,710 --> 00:32:57,039

humans on board and and uh allegedly

890

00:33:00,630 --> 00:32:58,720

interacting with humans which we believe

891

00:33:03,430 --> 00:33:00,640

they have based on how many people have

892

00:33:07,110 --> 00:33:03,440

exp had very very similar experiences

893

00:33:08,950 --> 00:33:07,120

of abduction that um

894

00:33:12,549 --> 00:33:08,960

that they've realized that they can't

895

00:33:14,149 --> 00:33:12,559

feel they can't procreate uh they uh

896

00:33:17,590 --> 00:33:14,159

they can't do some of the things to

897

00:33:19,110 --> 00:33:17,600

further themselves so uh uh just having

898

00:33:21,590 --> 00:33:19,120

the then because some people have said

899

00:33:23,590 --> 00:33:21,600

well there are certain grays

900

00:33:26,710 --> 00:33:23,600

that i look into them and i know that

901
00:33:28,630 --> 00:33:26,720
it's some sort of a drone esque

902
00:33:30,710 --> 00:33:28,640
uh

903
00:33:32,789 --> 00:33:30,720
it's humanoid looking but it's not human

904
00:33:35,029 --> 00:33:32,799
there's no feeling coming from it it's

905
00:33:36,630 --> 00:33:35,039
cold whereas other ones they said well

906
00:33:38,950 --> 00:33:36,640
that one definitely was conveying

907
00:33:42,070 --> 00:33:38,960
thoughts to me i could communicate with

908
00:33:44,630 --> 00:33:42,080
it telepathically and feel so so that

909
00:33:46,230 --> 00:33:44,640
perhaps is some sort of a hybrid but uh

910
00:33:48,149 --> 00:33:46,240
so that's what i'm thinking is is that

911
00:33:50,830 --> 00:33:48,159
they're thinking that we want to be able

912
00:33:52,950 --> 00:33:50,840
to feel we want to be able to

913
00:33:54,950 --> 00:33:52,960

reproduce uh and

914

00:33:57,190 --> 00:33:54,960

the thing that singularity offers is if

915

00:33:59,909 --> 00:33:57,200

it what if it didn't consume the way

916

00:34:02,389 --> 00:33:59,919

that we consume food we eat meat we're

917

00:34:05,350 --> 00:34:02,399

sort of deforesting the planet having

918

00:34:07,350 --> 00:34:05,360

more livestock which you know affects

919

00:34:09,030 --> 00:34:07,360

the the climate and so forth and the

920

00:34:10,470 --> 00:34:09,040

ozone layer and these things

921

00:34:12,069 --> 00:34:10,480

um which is

922

00:34:14,149 --> 00:34:12,079

not a good thing well what if we didn't

923

00:34:16,069 --> 00:34:14,159

have to eat you know or we could just

924

00:34:17,669 --> 00:34:16,079

eat plants so there's a lot of these a

925

00:34:19,109 --> 00:34:17,679

lot of things that come into play if

926

00:34:21,669 --> 00:34:19,119

there were a being that could think but

927

00:34:24,069 --> 00:34:21,679

didn't have to eat so anyway let's go to

928

00:34:25,589 --> 00:34:24,079

charlotte hi charlotte oh hi

929

00:34:27,109 --> 00:34:25,599

okay i was just thinking you're looking

930

00:34:29,190 --> 00:34:27,119

good dj i think thank you a little bit

931

00:34:30,950 --> 00:34:29,200

oh yeah that's the first time we've ever

932

00:34:32,310 --> 00:34:30,960

heard that on this show nathan where are

933

00:34:35,270 --> 00:34:32,320

you at brother

934

00:34:36,550 --> 00:34:35,280

dr heineck i'm trying to get a point

935

00:34:37,349 --> 00:34:36,560

thank you

936

00:34:38,790 --> 00:34:37,359

yes

937

00:34:40,710 --> 00:34:38,800

no you're right

938

00:34:41,829 --> 00:34:40,720

i like about the ai stuff because me and

939

00:34:44,149 --> 00:34:41,839

my fellow were having this long

940

00:34:47,109 --> 00:34:44,159

conversation the other night about um

941

00:34:48,869 --> 00:34:47,119

this ai robot liking something and we

942

00:34:50,389 --> 00:34:48,879

talked for so long about

943

00:34:52,550 --> 00:34:50,399

actually you know how can it like

944

00:34:54,149 --> 00:34:52,560

something how how far is it programmed

945

00:34:55,750 --> 00:34:54,159

to make a choice

946

00:34:57,910 --> 00:34:55,760

you know and maybe sort of look at what

947

00:34:59,670 --> 00:34:57,920

other people like or preferences but it

948

00:35:02,710 --> 00:34:59,680

doesn't understand what liking something

949

00:35:04,310 --> 00:35:02,720

is it doesn't feel yay about something

950

00:35:05,910 --> 00:35:04,320

so it's a really fascinating thing you

951
00:35:07,430 --> 00:35:05,920
can take things for granted with ai but

952
00:35:09,190 --> 00:35:07,440
yeah it doesn't feel

953
00:35:10,630 --> 00:35:09,200
even if it appears to feel it's quite

954
00:35:12,390 --> 00:35:10,640
interesting when you really think about

955
00:35:13,589 --> 00:35:12,400
how that works i think

956
00:35:15,109 --> 00:35:13,599
but yeah really

957
00:35:17,510 --> 00:35:15,119
i was banging on about the plasma stuff

958
00:35:19,270 --> 00:35:17,520
as well on there just because that's my

959
00:35:20,710 --> 00:35:19,280
go ahead if you've got something please

960
00:35:22,630 --> 00:35:20,720
get it out there girlfriend let's hear

961
00:35:24,630 --> 00:35:22,640
it please i was kind of saying damn

962
00:35:27,109 --> 00:35:24,640
about the um uk report which is

963
00:35:28,870 --> 00:35:27,119

basically isn't it oh it's a weather

964

00:35:30,630 --> 00:35:28,880

plasma phenomenon

965

00:35:32,710 --> 00:35:30,640

that was our last kind of thing here in

966

00:35:34,230 --> 00:35:32,720

the uk but initially i thought that

967

00:35:35,430 --> 00:35:34,240

[h__h] you know and then now i'm kind

968

00:35:36,790 --> 00:35:35,440

of looking at it thinking they've done a

969

00:35:38,790 --> 00:35:36,800

lot of work on that there's a lot of

970

00:35:41,510 --> 00:35:38,800

research and now i'm thinking about

971

00:35:43,470 --> 00:35:41,520

hairstyle and lights and they think that

972

00:35:46,390 --> 00:35:43,480

suggests an intelligent yet

973

00:35:48,870 --> 00:35:46,400

plasmalike thing and on a report i

974

00:35:51,430 --> 00:35:48,880

kind of looked into a few of these weird

975

00:35:53,190 --> 00:35:51,440

like i can only describe as tumbling

976
00:35:54,950 --> 00:35:53,200
luminous beans

977
00:35:56,950 --> 00:35:54,960
like hovering in one place in different

978
00:35:58,470 --> 00:35:56,960
locations which interestingly is in the

979
00:36:00,390 --> 00:35:58,480
condom report

980
00:36:01,430 --> 00:36:00,400
i just wonder like could it be like a

981
00:36:03,910 --> 00:36:01,440
natural

982
00:36:05,430 --> 00:36:03,920
occurring plasma thing but which is

983
00:36:07,829 --> 00:36:05,440
intelligent you know i like mashing

984
00:36:09,829 --> 00:36:07,839
together these weird ideas and making

985
00:36:12,550 --> 00:36:09,839
some extra weirdness in between maybe

986
00:36:13,910 --> 00:36:12,560
combine three at once you know oh yeah

987
00:36:16,230 --> 00:36:13,920
that's fantastic frank alright what do

988
00:36:17,829 --> 00:36:16,240

you think about that bud yeah

989

00:36:20,150 --> 00:36:17,839

we've given you 30 minutes worth of

990

00:36:21,990 --> 00:36:20,160

content

991

00:36:23,589 --> 00:36:22,000

yeah well i mean i was funnily enough

992

00:36:25,589 --> 00:36:23,599

thinking about the uh the plasma thing

993

00:36:28,150 --> 00:36:25,599

that's mentioned in the condom report um

994

00:36:30,069 --> 00:36:28,160

earlier on as well and one thing like i

995

00:36:32,710 --> 00:36:30,079

think you were mentioning there is

996

00:36:34,710 --> 00:36:32,720

this came out in like what was it 2000

997

00:36:36,950 --> 00:36:34,720

so we're talking like basically 20 years

998

00:36:40,150 --> 00:36:36,960

ago and it was it was actually

999

00:36:42,470 --> 00:36:40,160

recommended in the condom report and to

1000

00:36:43,910 --> 00:36:42,480

to look into these uh

1001

00:36:46,950 --> 00:36:43,920

basically describe them as like

1002

00:36:50,470 --> 00:36:46,960

atmospheric phenomena you know

1003

00:36:52,630 --> 00:36:50,480

but yeah but it was recommended uh to to

1004

00:36:54,630 --> 00:36:52,640

look into that further so it does make

1005

00:36:56,470 --> 00:36:54,640

you think on the face of it the uk

1006

00:36:57,910 --> 00:36:56,480

government are basically saying that oh

1007

00:36:59,990 --> 00:36:57,920

yeah it's nothing to worry about it's

1008

00:37:01,990 --> 00:37:00,000

not a national security concern but also

1009

00:37:05,190 --> 00:37:02,000

at the same time that report 20 years

1010

00:37:07,430 --> 00:37:05,200

ago recommended to look into it more for

1011

00:37:09,430 --> 00:37:07,440

its various military applications like

1012

00:37:11,829 --> 00:37:09,440

force fields and signature reduction and

1013

00:37:13,910 --> 00:37:11,839

things like that so you have to think

1014

00:37:16,790 --> 00:37:13,920

that they will have done that 20 years

1015

00:37:18,710 --> 00:37:16,800

ago and 20 years is a long time for you

1016

00:37:20,069 --> 00:37:18,720

know a country like the uk an advanced

1017

00:37:21,910 --> 00:37:20,079

country to be able to look into

1018

00:37:24,710 --> 00:37:21,920

something they must have made some

1019

00:37:27,270 --> 00:37:24,720

headway on that so i think there's there

1020

00:37:29,109 --> 00:37:27,280

must be at least some breakthroughs that

1021

00:37:30,630 --> 00:37:29,119

they've managed to achieve

1022

00:37:32,310 --> 00:37:30,640

so you know who knows what some of

1023

00:37:34,870 --> 00:37:32,320

what's flying around may actually be

1024

00:37:38,310 --> 00:37:34,880

advanced craft using some elements of

1025

00:37:40,069 --> 00:37:38,320

this you know the the plasma even if the

1026

00:37:41,670 --> 00:37:40,079

plasma isn't perhaps intelligent like

1027

00:37:43,670 --> 00:37:41,680

you say you know there could be some

1028

00:37:45,190 --> 00:37:43,680

something to that but there may be

1029

00:37:46,870 --> 00:37:45,200

things you can learn from the way it

1030

00:37:49,670 --> 00:37:46,880

operates the way it moves and actually

1031

00:37:52,630 --> 00:37:49,680

be able to um you know create new new

1032

00:37:54,069 --> 00:37:52,640

forms of of shielding or signature

1033

00:37:55,510 --> 00:37:54,079

reduction as they're saying things like

1034

00:37:56,790 --> 00:37:55,520

that they must have done that you've got

1035

00:37:58,470 --> 00:37:56,800

to think

1036

00:38:00,390 --> 00:37:58,480

i think you're right and the interesting

1037

00:38:04,150 --> 00:38:00,400

thing i've noticed is that when you look

1038

00:38:06,630 --> 00:38:04,160

into complex plasmas buoyant plasmas

1039

00:38:08,069 --> 00:38:06,640

dusty plasmas all these different things

1040

00:38:10,470 --> 00:38:08,079

they never mention anything at

1041

00:38:13,030 --> 00:38:10,480

atmospherics or ground level they talk

1042

00:38:14,630 --> 00:38:13,040

about ionosphere stuff and it's almost

1043

00:38:16,630 --> 00:38:14,640

like no research has happened on it

1044

00:38:20,069 --> 00:38:16,640

almost to what i can tell and i find

1045

00:38:21,990 --> 00:38:20,079

that very weird very strange but yeah i

1046

00:38:23,910 --> 00:38:22,000

will give you guys one little food for

1047

00:38:25,190 --> 00:38:23,920

thought before the dolphin emperor comes

1048

00:38:27,910 --> 00:38:25,200

in

1049

00:38:30,790 --> 00:38:27,920

some of the the newest technologies

1050

00:38:33,670 --> 00:38:30,800

we're buying in aviation right now

1051

00:38:35,750 --> 00:38:33,680

are turboprop aircraft i'm talking

1052

00:38:37,670 --> 00:38:35,760

propellers still

1053

00:38:40,950 --> 00:38:37,680

think about that in the context some of

1054

00:38:43,589 --> 00:38:40,960

the technologies we are like they're

1055

00:38:46,390 --> 00:38:43,599

creating and we're fielding and buying

1056

00:38:48,630 --> 00:38:46,400

are still propeller and it's 20 22.

1057

00:38:50,390 --> 00:38:48,640

think about that i think yeah

1058

00:38:52,730 --> 00:38:50,400

yeah damn right

1059

00:38:56,710 --> 00:38:52,740

yeah not that advanced really no

1060

00:38:58,470 --> 00:38:56,720

[Laughter]

1061

00:38:59,990 --> 00:38:58,480

i meant to say before i'm really sorry

1062

00:39:01,829 --> 00:39:00,000

to interject but

1063

00:39:03,109 --> 00:39:01,839

just on that side i have to mention um

1064

00:39:05,750 --> 00:39:03,119

one of our friends who comes around

1065

00:39:07,910 --> 00:39:05,760

every weekend um dom his granddad was

1066

00:39:10,710 --> 00:39:07,920

the rendulsham vicar bailey reverend

1067

00:39:12,150 --> 00:39:10,720

bailey at the time of rendlesham so we

1068

00:39:14,470 --> 00:39:12,160

chat regularly about all this and he's

1069

00:39:16,390 --> 00:39:14,480

gone way down the rabbit hole this year

1070

00:39:17,829 --> 00:39:16,400

he believes from things his granddad

1071

00:39:19,190 --> 00:39:17,839

told him that they were messing around

1072

00:39:21,589 --> 00:39:19,200

with something there they shouldn't have

1073

00:39:23,190 --> 00:39:21,599

been at the air force base and it wasn't

1074

00:39:24,950 --> 00:39:23,200

anything to do with aliens and it was

1075

00:39:26,630 --> 00:39:24,960

just some technology they were messing

1076

00:39:28,790 --> 00:39:26,640

with it all went wrong

1077

00:39:30,310 --> 00:39:28,800

his granddad had some sort of time slip

1078

00:39:31,750 --> 00:39:30,320

and there's all sorts he's digging into

1079

00:39:33,990 --> 00:39:31,760

it now he's trying to put it together a

1080

00:39:36,230 --> 00:39:34,000

bit so really excited about that but

1081

00:39:39,990 --> 00:39:36,240

yeah the plasma stuff it's all very

1082

00:39:41,910 --> 00:39:40,000

strange but yeah we've got jets still

1083

00:39:45,349 --> 00:39:41,920

isn't it basically we're not floating

1084

00:39:46,710 --> 00:39:45,359

around in bubbles i don't know

1085

00:39:48,230 --> 00:39:46,720

i wish we were

1086

00:39:50,950 --> 00:39:48,240

uh well i mean let me frank let me

1087

00:39:52,390 --> 00:39:50,960

transition to this topic uh um just for

1088

00:39:54,710 --> 00:39:52,400

your thoughts on so

1089

00:39:57,190 --> 00:39:54,720

with the um the passage of the nda and

1090

00:39:58,550 --> 00:39:57,200

the us and the new language that we have

1091

00:40:00,150 --> 00:39:58,560

from the gila brand amendment what are

1092

00:40:02,069 --> 00:40:00,160

your thoughts on looking ahead at this

1093

00:40:04,710 --> 00:40:02,079

year uh what do you think we're going to

1094

00:40:06,390 --> 00:40:04,720

see both on the u.s side with

1095

00:40:07,589 --> 00:40:06,400

the introduction of that legislation as

1096

00:40:09,430 --> 00:40:07,599

well as

1097

00:40:11,430 --> 00:40:09,440

hopefully globally and in the uk

1098

00:40:14,790 --> 00:40:11,440

specifically

1099

00:40:17,109 --> 00:40:14,800

well on the us side hopefully the uh

1100

00:40:19,670 --> 00:40:17,119

internal wranglings kind of thing around

1101

00:40:21,990 --> 00:40:19,680

the aoi msg and the

1102

00:40:24,069 --> 00:40:22,000

you know the the potential conflict

1103

00:40:26,470 --> 00:40:24,079

there with the the new uap office

1104

00:40:29,030 --> 00:40:26,480

hopefully that shakes out in a way where

1105

00:40:31,589 --> 00:40:29,040

the things that you know we in the ufo

1106

00:40:33,750 --> 00:40:31,599

community all want actually do end up

1107

00:40:35,270 --> 00:40:33,760

being you know put into action for this

1108

00:40:37,270 --> 00:40:35,280

this new uap

1109

00:40:39,430 --> 00:40:37,280

office which has been you know now

1110

00:40:40,630 --> 00:40:39,440

signed into law and but i think there is

1111

00:40:42,150 --> 00:40:40,640

still a bit of

1112

00:40:44,630 --> 00:40:42,160

kind of um

1113

00:40:46,630 --> 00:40:44,640

i say wrestling behind the scenes as you

1114

00:40:48,790 --> 00:40:46,640

know whether or not we're actually going

1115

00:40:50,550 --> 00:40:48,800

to get all all of that stuff and i think

1116

00:40:52,470 --> 00:40:50,560

uh from the i don't know if you guys

1117

00:40:54,470 --> 00:40:52,480

have seen those emails from susan goff

1118

00:40:56,630 --> 00:40:54,480

recently she's basically trying to sort

1119

00:40:58,309 --> 00:40:56,640

of it seems as though there's a there's

1120

00:41:00,069 --> 00:40:58,319

a strong suggestion that they're

1121

00:41:02,150 --> 00:41:00,079

basically saying oh we've already got

1122

00:41:03,430 --> 00:41:02,160

the aoi msg don't worry about it that's

1123

00:41:05,750 --> 00:41:03,440

going to cover everything you don't need

1124

00:41:07,109 --> 00:41:05,760

any new offices we'll deal with it so i

1125

00:41:09,589 --> 00:41:07,119

think there's a there's an element of

1126

00:41:11,750 --> 00:41:09,599

that going on and i'm just hoping that

1127

00:41:13,750 --> 00:41:11,760

um the the actual

1128

00:41:15,990 --> 00:41:13,760

you know language and and the specific

1129

00:41:18,069 --> 00:41:16,000

things mentioned in the gila brand

1130

00:41:20,550 --> 00:41:18,079

amendment actually do get put into place

1131

00:41:22,550 --> 00:41:20,560

and then we get some some proper reports

1132

00:41:25,190 --> 00:41:22,560

uh coming out of um

1133

00:41:28,230 --> 00:41:25,200

of the us in terms of the uk we're a bit

1134

00:41:28,950 --> 00:41:28,240

behind unfortunately um i mean it's it's

1135

00:41:30,630 --> 00:41:28,960

uh

1136

00:41:32,230 --> 00:41:30,640

it's definitely not in terms of the

1137

00:41:34,790 --> 00:41:32,240

wider public it's definitely not as

1138

00:41:36,870 --> 00:41:34,800

accepted as a topic as as what it is in

1139

00:41:39,030 --> 00:41:36,880

the us i mean most of my listeners i

1140

00:41:41,349 --> 00:41:39,040

think 85 90 percent of my listeners are

1141

00:41:43,190 --> 00:41:41,359

actually in the us i think over here

1142

00:41:44,390 --> 00:41:43,200

it's still a little bit in the news and

1143

00:41:47,190 --> 00:41:44,400

things like that and the way that

1144

00:41:49,030 --> 00:41:47,200

politicians talk about it are um

1145

00:41:51,030 --> 00:41:49,040

yes we've got some way to go i think

1146

00:41:52,870 --> 00:41:51,040

that's up to you guys i think whatever

1147

00:41:55,190 --> 00:41:52,880

happens in the states you know

1148

00:41:57,270 --> 00:41:55,200

especially with this new uap office and

1149

00:41:59,030 --> 00:41:57,280

everything it does lend credibility

1150

00:42:01,030 --> 00:41:59,040

because obviously we all get the same

1151
00:42:03,510 --> 00:42:01,040
media we almost the same youtube video

1152
00:42:05,829 --> 00:42:03,520
so it is slowly having a knock-on effect

1153
00:42:07,349 --> 00:42:05,839
in the uk and hopefully we'll yeah we'll

1154
00:42:09,829 --> 00:42:07,359
see that continue

1155
00:42:11,910 --> 00:42:09,839
i will say this that uh susan goff does

1156
00:42:15,910 --> 00:42:11,920
not have opcon over

1157
00:42:17,349 --> 00:42:15,920
uh over uh this this uh this legislation

1158
00:42:18,630 --> 00:42:17,359
that's the

1159
00:42:20,710 --> 00:42:18,640
avril haynes

1160
00:42:24,470 --> 00:42:20,720
defense intelligence agency

1161
00:42:27,190 --> 00:42:24,480
chief so um she can try and they will

1162
00:42:30,790 --> 00:42:27,200
try they will try to stovepipe and they

1163
00:42:32,309 --> 00:42:30,800

will give information but it's my i in

1164

00:42:34,150 --> 00:42:32,319

my opinion i think they're going to give

1165

00:42:35,990 --> 00:42:34,160

what they want to give and they'll keep

1166

00:42:37,670 --> 00:42:36,000

what they want to keep to some degree

1167

00:42:41,430 --> 00:42:37,680

obviously i think the navy will be more

1168

00:42:44,870 --> 00:42:41,440

forthcoming than a certain other

1169

00:42:46,950 --> 00:42:44,880

uh service uh but um

1170

00:42:49,030 --> 00:42:46,960

and then in the uk i'm looking forward

1171

00:42:52,230 --> 00:42:49,040

to frank messaging me and telling me

1172

00:42:53,510 --> 00:42:52,240

that he organized his first local

1173

00:42:57,270 --> 00:42:53,520

ufo

1174

00:42:59,270 --> 00:42:57,280

uh legislation meetup at a pub

1175

00:43:01,109 --> 00:42:59,280

uh so i'm hoping that i'm gonna hear

1176

00:43:02,470 --> 00:43:01,119

that your regional meet up

1177

00:43:06,150 --> 00:43:02,480

we are definitely gonna be doing that

1178

00:43:08,309 --> 00:43:06,160

yeah ufos and pints hashtag yeah parents

1179

00:43:10,069 --> 00:43:08,319

something like that

1180

00:43:12,230 --> 00:43:10,079

well i remember dj sorry i was sent to

1181

00:43:14,550 --> 00:43:12,240

vinnie just earlier on so he said to say

1182

00:43:17,510 --> 00:43:14,560

hello thank you vinnie your vinnie fan

1183

00:43:20,309 --> 00:43:17,520

william shakespeare yeah yeah

1184

00:43:23,030 --> 00:43:20,319

see me and frank chat on uh on whatsapp

1185

00:43:24,710 --> 00:43:23,040

sometimes during my lunch hour so uh we

1186

00:43:27,510 --> 00:43:24,720

have some great voice messages back and

1187

00:43:29,270 --> 00:43:27,520

forth but yeah i and i i hope to be able

1188

00:43:31,829 --> 00:43:29,280

to meet uh you and charlotte when i'm

1189

00:43:34,069 --> 00:43:31,839

over there i'm gonna try to plan myself

1190

00:43:35,270 --> 00:43:34,079

a couple of days i'll leave to to travel

1191

00:43:36,630 --> 00:43:35,280

around and

1192

00:43:39,349 --> 00:43:36,640

and hopefully have a meet-up with you

1193

00:43:40,790 --> 00:43:39,359

guys that'll be my my main goal after

1194

00:43:41,990 --> 00:43:40,800

working there so yeah i would love to

1195

00:43:43,349 --> 00:43:42,000

meet you guys

1196

00:43:46,870 --> 00:43:43,359

so uh

1197

00:43:48,550 --> 00:43:46,880

yeah hey vinnie hey everybody vinnie uh

1198

00:43:50,790 --> 00:43:48,560

he's probably drinking wine right now

1199

00:43:52,630 --> 00:43:50,800

but uh i don't know the dolphin emperor

1200

00:43:55,589 --> 00:43:52,640

i just sent him

1201

00:43:57,589 --> 00:43:55,599

the link so we'll see if he pops in yep

1202

00:44:00,630 --> 00:43:57,599

he's got it he's on the way i think okay

1203

00:44:04,069 --> 00:44:00,640

awesome thank you so and frank uh before

1204

00:44:05,270 --> 00:44:04,079

before we transition to jazz um do you

1205

00:44:08,069 --> 00:44:05,280

and i because i want to ask him this

1206

00:44:10,710 --> 00:44:08,079

question too do you kind of share

1207

00:44:12,870 --> 00:44:10,720

the sentiments that frank milburn has

1208

00:44:15,270 --> 00:44:12,880

shared about

1209

00:44:16,870 --> 00:44:15,280

you know whether or not this technology

1210

00:44:18,630 --> 00:44:16,880

if it is in the black let's and it's

1211

00:44:20,790 --> 00:44:18,640

just that's just hypothetical if the us

1212

00:44:22,870 --> 00:44:20,800

has it in the black budget

1213

00:44:24,950 --> 00:44:22,880

if that technology should be made more

1214

00:44:26,950 --> 00:44:24,960

publicly available

1215

00:44:28,309 --> 00:44:26,960

or not i know frank you know has a

1216

00:44:31,190 --> 00:44:28,319

strong opinion against that just wanted

1217

00:44:33,430 --> 00:44:31,200

to know what you i think about that

1218

00:44:34,950 --> 00:44:33,440

yeah i think frank's got some um some

1219

00:44:37,190 --> 00:44:34,960

really interesting ideas about that kind

1220

00:44:38,950 --> 00:44:37,200

of thing um i chat to frank quite a lot

1221

00:44:40,950 --> 00:44:38,960

actually i had him on the podcast fairly

1222

00:44:42,309 --> 00:44:40,960

recently as well and we had some some

1223

00:44:45,750 --> 00:44:42,319

good discussion

1224

00:44:48,309 --> 00:44:45,760

but i think frank's point with it is um

1225

00:44:49,670 --> 00:44:48,319

first of all that that louis lozando and

1226

00:44:51,430 --> 00:44:49,680

chris mellon their kind of main

1227

00:44:54,390 --> 00:44:51,440

objective is to

1228

00:44:56,550 --> 00:44:54,400

be able to stop the compartmentalization

1229

00:44:58,870 --> 00:44:56,560

that's taking place and be able to kind

1230

00:45:01,270 --> 00:44:58,880

of unite all of the experts in it in a

1231

00:45:03,030 --> 00:45:01,280

way that and they can actually make some

1232

00:45:05,510 --> 00:45:03,040

proper breakthroughs on these things

1233

00:45:08,309 --> 00:45:05,520

like reverse engineering and studying

1234

00:45:10,309 --> 00:45:08,319

the materials and so on and that

1235

00:45:12,270 --> 00:45:10,319

you know there's a concern that because

1236

00:45:14,069 --> 00:45:12,280

of that and the way that you know the

1237

00:45:16,150 --> 00:45:14,079

compartmentalization is and the

1238

00:45:17,750 --> 00:45:16,160

stovepiping and whatnot that they're not

1239

00:45:20,230 --> 00:45:17,760

having the breakthroughs and other

1240

00:45:22,150 --> 00:45:20,240

countries you know adversarial countries

1241

00:45:25,270 --> 00:45:22,160

may actually be having those those

1242

00:45:27,349 --> 00:45:25,280

breakthroughs and and also um what frank

1243

00:45:30,390 --> 00:45:27,359

talks about a lot is that

1244

00:45:31,750 --> 00:45:30,400

if if they have made some headway with

1245

00:45:32,950 --> 00:45:31,760

these breakthroughs into these

1246

00:45:35,190 --> 00:45:32,960

technologies

1247

00:45:37,829 --> 00:45:35,200

that that could be extremely dangerous

1248

00:45:40,309 --> 00:45:37,839

if it's in the wrong hands so i i i

1249

00:45:42,470 --> 00:45:40,319

think that's a bang on way of looking at

1250

00:45:44,390 --> 00:45:42,480

it because the end of the day even if

1251
00:45:46,390 --> 00:45:44,400
they've made some headway they can't

1252
00:45:47,910 --> 00:45:46,400
just say all right everybody there's all

1253
00:45:50,150 --> 00:45:47,920
the stuff that we know because it'd be

1254
00:45:53,109 --> 00:45:50,160
so irresponsible to do that

1255
00:45:54,470 --> 00:45:53,119
and like say how much actual uh

1256
00:45:56,950 --> 00:45:54,480
breakthroughs they've made on this

1257
00:45:59,510 --> 00:45:56,960
technology in in what areas that's not

1258
00:46:01,750 --> 00:45:59,520
exactly clear at this point but um

1259
00:46:03,270 --> 00:46:01,760
whatever that may be you have to be very

1260
00:46:06,309 --> 00:46:03,280
very careful if it's some kind of

1261
00:46:08,069 --> 00:46:06,319
extremely um powerful free energy type

1262
00:46:10,550 --> 00:46:08,079
thing or if any anything that's all that

1263
00:46:12,069 --> 00:46:10,560

could be weaponized you know humans

1264

00:46:13,990 --> 00:46:12,079

don't have the greatest track record

1265

00:46:15,510 --> 00:46:14,000

with new technologies do it tends to be

1266

00:46:17,510 --> 00:46:15,520

the first thing that we do is kill each

1267

00:46:18,950 --> 00:46:17,520

other with it so i think

1268

00:46:20,309 --> 00:46:18,960

i think he's got some very very good

1269

00:46:21,829 --> 00:46:20,319

points there that you know you have to

1270

00:46:25,349 --> 00:46:21,839

be very careful we do want more

1271

00:46:27,829 --> 00:46:25,359

transparency and my point of view is is

1272

00:46:30,150 --> 00:46:27,839

that you know governments are there to

1273

00:46:31,829 --> 00:46:30,160

act out the will of the people and i

1274

00:46:33,829 --> 00:46:31,839

think very strongly that the will of the

1275

00:46:35,270 --> 00:46:33,839

people is that they want to know about

1276

00:46:36,950 --> 00:46:35,280

this stuff you know

1277

00:46:39,109 --> 00:46:36,960

obviously there's a stigma and so on but

1278

00:46:41,510 --> 00:46:39,119

i think deep down if you manage to kind

1279

00:46:43,510 --> 00:46:41,520

of scrape away the layers of stigma

1280

00:46:45,030 --> 00:46:43,520

people are really fascinated about this

1281

00:46:47,910 --> 00:46:45,040

because i mean you know what could be

1282

00:46:49,829 --> 00:46:47,920

more fascinating and and the governments

1283

00:46:51,670 --> 00:46:49,839

you know of this world the people are in

1284

00:46:53,910 --> 00:46:51,680

charge are there to act out the will of

1285

00:46:55,750 --> 00:46:53,920

the people and like i said the people's

1286

00:46:57,589 --> 00:46:55,760

will is to know more about this but

1287

00:47:01,349 --> 00:46:57,599

there's a balance there

1288

00:47:03,109 --> 00:47:01,359

because you can't just you know um

1289

00:47:04,230 --> 00:47:03,119

give the uh you know the the

1290

00:47:05,750 --> 00:47:04,240

free-for-all

1291

00:47:06,790 --> 00:47:05,760

of just throwing it out to everybody

1292

00:47:08,630 --> 00:47:06,800

because you don't know who's gonna get

1293

00:47:10,309 --> 00:47:08,640

their hands on it so it is definitely a

1294

00:47:12,790 --> 00:47:10,319

balance that can be struck which is a

1295

00:47:15,109 --> 00:47:12,800

tricky balance for sure right well i

1296

00:47:16,710 --> 00:47:15,119

want to uh i i know working at the

1297

00:47:18,710 --> 00:47:16,720

midpoint i want to give deb a good

1298

00:47:20,150 --> 00:47:18,720

chance to make a comment and uh and then

1299

00:47:22,069 --> 00:47:20,160

we're gonna uh

1300

00:47:23,270 --> 00:47:22,079

we want to thank you frank for your time

1301
00:47:25,510 --> 00:47:23,280
so devon

1302
00:47:27,910 --> 00:47:25,520
real quickly uh you want to ask or jump

1303
00:47:29,750 --> 00:47:27,920
in here well i just wanted to say i also

1304
00:47:32,230 --> 00:47:29,760
feel like we're at a point where the

1305
00:47:35,109 --> 00:47:32,240
civilian technology is

1306
00:47:37,190 --> 00:47:35,119
catching up to some of the investigation

1307
00:47:38,549 --> 00:47:37,200
that the government was doing and i

1308
00:47:40,790 --> 00:47:38,559
think that we're seeing that with things

1309
00:47:42,710 --> 00:47:40,800
like the galileo project and some of the

1310
00:47:43,510 --> 00:47:42,720
really rich people getting involved you

1311
00:47:45,190 --> 00:47:43,520
know

1312
00:47:47,990 --> 00:47:45,200
and i think that's one of the other

1313
00:47:50,230 --> 00:47:48,000

reasons that you know we're gonna find

1314

00:47:52,309 --> 00:47:50,240

out we're gonna get some information

1315

00:47:57,030 --> 00:47:52,319

things that you know back in the 50s

1316

00:48:00,630 --> 00:47:59,510

all right uh debsy websee uh thank you

1317

00:48:02,390 --> 00:48:00,640

um

1318

00:48:04,630 --> 00:48:02,400

interesting we're we'll we're going to

1319

00:48:06,790 --> 00:48:04,640

see what's going to actually come out of

1320

00:48:09,190 --> 00:48:06,800

the galileo project uapx we're gonna

1321

00:48:11,109 --> 00:48:09,200

have gary on i gotta reconnect with him

1322

00:48:13,670 --> 00:48:11,119

he's home from boston now

1323

00:48:15,750 --> 00:48:13,680

um but i do want it frank uh and

1324

00:48:17,990 --> 00:48:15,760

charlotte it was an honor to have have

1325

00:48:21,349 --> 00:48:18,000

you guys on get some britishness up in

1326

00:48:22,710 --> 00:48:21,359

this joint uh

1327

00:48:24,470 --> 00:48:22,720

frank um

1328

00:48:33,510 --> 00:48:24,480

britishness not just britishness from

1329

00:48:38,150 --> 00:48:35,750

yeah the north baby they're not from

1330

00:48:38,950 --> 00:48:38,160

down south posh is like london

1331

00:48:41,670 --> 00:48:38,960

all right

1332

00:48:43,750 --> 00:48:41,680

cambridge uh like where i live

1333

00:48:46,230 --> 00:48:43,760

but uh but now frank

1334

00:48:49,190 --> 00:48:46,240

a lot of great information uh your

1335

00:48:51,109 --> 00:48:49,200

podcast is great i know we'll be honored

1336

00:48:54,549 --> 00:48:51,119

if you'll come on with us again

1337

00:48:56,549 --> 00:48:54,559

maybe maybe 100 man yeah

1338

00:48:58,549 --> 00:48:56,559

thanks a lot for having me on it

1339

00:49:00,230 --> 00:48:58,559

i love you you guys podcast all the

1340

00:49:02,309 --> 00:49:00,240

cubbies you know nothing but love for

1341

00:49:04,069 --> 00:49:02,319

you guys so it'd be a pleasure to to be

1342

00:49:05,430 --> 00:49:04,079

back on any time you'll have me thank

1343

00:49:06,630 --> 00:49:05,440

you brother

1344

00:49:08,390 --> 00:49:06,640

charlotte

1345

00:49:10,710 --> 00:49:08,400

our music music producer thank you

1346

00:49:12,309 --> 00:49:10,720

charlotte love you darling hey dad hi

1347

00:49:14,390 --> 00:49:12,319

thank you

1348

00:49:27,829 --> 00:49:14,400

next time some moto gp talk charlotte

1349

00:49:33,670 --> 00:49:30,710

oh my goodness man we about to bring on

1350

00:49:36,230 --> 00:49:33,680

a legend in this game

1351

00:49:37,750 --> 00:49:36,240

ain't nobody like the dolph i i wish i

1352

00:49:39,349 --> 00:49:37,760

would have had that dolphin costume

1353

00:49:41,430 --> 00:49:39,359

where my head could be sticking out of

1354

00:49:42,470 --> 00:49:41,440

his mouth cause i would have wore that

1355

00:49:46,069 --> 00:49:42,480

today

1356

00:49:49,270 --> 00:49:46,079

for our next guest party people put your

1357

00:49:54,790 --> 00:49:49,280

hands together for the o.g

1358

00:49:54,800 --> 00:49:59,750

how did i get it hey man

1359

00:50:04,549 --> 00:50:02,870

i got so many questions from

1360

00:50:06,630 --> 00:50:04,559

so many people like

1361

00:50:07,829 --> 00:50:06,640

wow you're going on cab

1362

00:50:10,150 --> 00:50:07,839

i was like

1363

00:50:11,510 --> 00:50:10,160

yeah they invited me he's like have you

1364

00:50:12,950 --> 00:50:11,520

seen the show i was like yeah i watched

1365

00:50:15,030 --> 00:50:12,960

quite a bit of it

1366

00:50:16,710 --> 00:50:15,040

and it's like where's this gonna go i

1367

00:50:19,030 --> 00:50:16,720

was like you know dude

1368

00:50:20,630 --> 00:50:19,040

your guess is as good as mine

1369

00:50:22,870 --> 00:50:20,640

you know nobody knows we don't know

1370

00:50:23,990 --> 00:50:22,880

where it's gonna go i i have questions

1371

00:50:26,069 --> 00:50:24,000

yeah welcome to the show jess good to

1372

00:50:28,470 --> 00:50:26,079

have you with us thank you i i really

1373

00:50:30,309 --> 00:50:28,480

appreciate the invitation um i always

1374

00:50:32,790 --> 00:50:30,319

try to support the community

1375

00:50:34,950 --> 00:50:32,800

and you know anywhere somebody wants me

1376

00:50:36,870 --> 00:50:34,960

to go and talk about this topic

1377

00:50:39,510 --> 00:50:36,880

you know i'm i'm not

1378

00:50:41,670 --> 00:50:39,520

a ufologist i'm not uh

1379

00:50:43,270 --> 00:50:41,680

one of the ufo historians or anything

1380

00:50:45,510 --> 00:50:43,280

that's not how i see my place in the

1381

00:50:47,910 --> 00:50:45,520

community never has been

1382

00:50:51,270 --> 00:50:47,920

but you know i'm always willing to pitch

1383

00:50:53,670 --> 00:50:51,280

in and i i see myself as somebody who

1384

00:50:56,549 --> 00:50:53,680

tries to bring this topic to a wider

1385

00:50:58,870 --> 00:50:56,559

audience and you guys are doing that so

1386

00:51:01,750 --> 00:50:58,880

you know i'm i'm all the time over on

1387

00:51:03,349 --> 00:51:01,760

ucr you know and anybody else that

1388

00:51:05,829 --> 00:51:03,359

really wants to get

1389

00:51:07,670 --> 00:51:05,839

a wider audience i'm always up for doing

1390

00:51:09,349 --> 00:51:07,680

that that's awesome well i would greatly

1391

00:51:11,030 --> 00:51:09,359

appreciate it i'm sorry today go ahead

1392

00:51:12,630 --> 00:51:11,040

no i do appreciate that and i just had

1393

00:51:13,990 --> 00:51:12,640

one opening question before i turn it

1394

00:51:16,390 --> 00:51:14,000

over to nathan

1395

00:51:19,190 --> 00:51:16,400

and it's it's it's of a serious nature

1396

00:51:20,230 --> 00:51:19,200

but i'm curious what your thoughts are

1397

00:51:21,270 --> 00:51:20,240

on

1398

00:51:23,109 --> 00:51:21,280

how

1399

00:51:25,109 --> 00:51:23,119

some of these intelligences be the

1400

00:51:28,470 --> 00:51:25,119

extraterrestrial ultra-terrestrial

1401
00:51:29,829 --> 00:51:28,480
interdimensional how they are leveraging

1402
00:51:33,510 --> 00:51:29,839
dolphins

1403
00:51:36,069 --> 00:51:33,520
as a conduit to communicate with us a an

1404
00:51:38,790 --> 00:51:36,079
animal that's beloved a gentle animal an

1405
00:51:40,309 --> 00:51:38,800
animal that would protect us uh like

1406
00:51:42,710 --> 00:51:40,319
protects me when i'm swimming out in the

1407
00:51:44,870 --> 00:51:42,720
ocean so how do you feel about that does

1408
00:51:47,030 --> 00:51:44,880
it bother you that the aliens are you

1409
00:51:48,630 --> 00:51:47,040
the dolphin has become a central figure

1410
00:51:49,430 --> 00:51:48,640
in this conversation

1411
00:51:51,750 --> 00:51:49,440
oh

1412
00:51:52,790 --> 00:51:51,760
no you're completely off base on the

1413
00:51:53,829 --> 00:51:52,800

entire

1414

00:51:57,349 --> 00:51:53,839

dolphin

1415

00:51:59,270 --> 00:51:57,359

theory okay um i i will try to put in

1416

00:52:00,790 --> 00:51:59,280

the chat a link to the article this

1417

00:52:02,710 --> 00:52:00,800

originally came from

1418

00:52:05,349 --> 00:52:02,720

it it's not aliens

1419

00:52:07,589 --> 00:52:05,359

it's it's not aliens like

1420

00:52:09,030 --> 00:52:07,599

extraterrestrial intelligence leveraging

1421

00:52:12,710 --> 00:52:09,040

dolphins

1422

00:52:15,109 --> 00:52:12,720

aliens

1423

00:52:16,309 --> 00:52:15,119

that's the whole point of it

1424

00:52:19,670 --> 00:52:16,319

you know

1425

00:52:22,950 --> 00:52:19,680

this originated in a thought experiment

1426

00:52:25,109 --> 00:52:22,960

i was working on uh that started back

1427

00:52:26,870 --> 00:52:25,119

um during the first big phone home last

1428

00:52:28,790 --> 00:52:26,880

year on ucr

1429

00:52:30,630 --> 00:52:28,800

and everybody was talking about you know

1430

00:52:32,870 --> 00:52:30,640

well

1431

00:52:34,790 --> 00:52:32,880

who are the aliens what are they

1432

00:52:38,069 --> 00:52:34,800

and i started playing with this idea

1433

00:52:39,829 --> 00:52:38,079

that we're working with so many unknowns

1434

00:52:42,309 --> 00:52:39,839

you know about

1435

00:52:44,950 --> 00:52:42,319

what might be piloting the craft i went

1436

00:52:46,950 --> 00:52:44,960

and eventually published like a 4 000

1437

00:52:47,990 --> 00:52:46,960

word article about this but while we

1438

00:52:49,910 --> 00:52:48,000

were doing

1439

00:52:51,589 --> 00:52:49,920

the big phone home

1440

00:52:54,870 --> 00:52:51,599

i was asked you know

1441

00:52:56,230 --> 00:52:54,880

you know who's flying these things right

1442

00:52:58,069 --> 00:52:56,240

because there's a lot of people that

1443

00:52:59,750 --> 00:52:58,079

have never seen them there's

1444

00:53:02,630 --> 00:52:59,760

experiencers my wife and i became

1445

00:53:03,829 --> 00:53:02,640

experiencers a little over a year ago

1446

00:53:07,750 --> 00:53:03,839

and

1447

00:53:09,589 --> 00:53:07,760

the government's saying they're real but

1448

00:53:10,870 --> 00:53:09,599

you know who's inside if anybody's

1449

00:53:13,510 --> 00:53:10,880

inside

1450

00:53:15,750 --> 00:53:13,520

and i came up with this idea

1451

00:53:17,510 --> 00:53:15,760

just to get people thinking

1452

00:53:19,349 --> 00:53:17,520

with my only goal

1453

00:53:20,790 --> 00:53:19,359

that for every argument you can make

1454

00:53:23,190 --> 00:53:20,800

that it might be extraterrestrials it

1455

00:53:25,589 --> 00:53:23,200

could just as easily be dolphins and i

1456

00:53:27,589 --> 00:53:25,599

wrote a long thing about that and i was

1457

00:53:29,510 --> 00:53:27,599

asked you know it's like so who's

1458

00:53:30,630 --> 00:53:29,520

who's piloting these things and i was

1459

00:53:32,309 --> 00:53:30,640

like well some people think it's the

1460

00:53:33,589 --> 00:53:32,319

russians the chinese

1461

00:53:34,630 --> 00:53:33,599

it's not

1462

00:53:35,990 --> 00:53:34,640

um some people think it's

1463

00:53:39,190 --> 00:53:36,000

extraterrestrials

1464

00:53:39,990 --> 00:53:39,200
nope it's not aliens it's dolphins

1465

00:53:42,549 --> 00:53:40,000
and

1466

00:53:43,430 --> 00:53:42,559
but but i went down this rabbit hole

1467

00:53:45,430 --> 00:53:43,440
and

1468

00:53:48,870 --> 00:53:45,440
i had a great time with it

1469

00:53:50,950 --> 00:53:48,880
and it was partially humorous

1470

00:53:52,630 --> 00:53:50,960
but also not entirely because until we

1471

00:53:54,790 --> 00:53:52,640
have more

1472

00:53:57,750 --> 00:53:54,800
solid data that everyone's willing to

1473

00:54:00,710 --> 00:53:57,760
accept for virtually every argument any

1474

00:54:03,349 --> 00:54:00,720
of you can make saying oh it's a

1475

00:54:05,670 --> 00:54:03,359
grace from zeta reticuli or something

1476
00:54:08,549 --> 00:54:05,680
i can make a matching argument saying

1477
00:54:10,470 --> 00:54:08,559
could be dolphins and if you dig down

1478
00:54:11,910 --> 00:54:10,480
into what i said

1479
00:54:15,510 --> 00:54:11,920
i've had a lot of people come back to me

1480
00:54:19,109 --> 00:54:16,950
it's not a bad point it could be

1481
00:54:20,950 --> 00:54:19,119
something to that yeah uh well jaz

1482
00:54:23,910 --> 00:54:20,960
before i ask you a question i wonder if

1483
00:54:25,349 --> 00:54:23,920
you could give us a quick update on the

1484
00:54:26,549 --> 00:54:25,359
weather up there i feel like you're uh

1485
00:54:28,549 --> 00:54:26,559
you've been tweeting from the arctic

1486
00:54:30,549 --> 00:54:28,559
circle recently so how cold is it up

1487
00:54:32,710 --> 00:54:30,559
where you are right now oh we're in a

1488
00:54:37,190 --> 00:54:32,720

huge warming spell right now it's up to

1489

00:54:42,549 --> 00:54:40,069

no it was 12 degrees below zero two days

1490

00:54:44,789 --> 00:54:42,559

ago when i got up uh we have a camp up

1491

00:54:47,190 --> 00:54:44,799

in the mountains uh to the north in the

1492

00:54:51,109 --> 00:54:47,200

adirondacks our family does

1493

00:54:54,069 --> 00:54:51,119

and uh three days ago it hit -35

1494

00:54:56,069 --> 00:54:54,079

so so we're we're we're having a heat

1495

00:54:58,789 --> 00:54:56,079

wave right now i mean we haven't gotten

1496

00:55:00,309 --> 00:54:58,799

above freezing in a week and a half but

1497

00:55:03,190 --> 00:55:00,319

but you know it's it's it's getting

1498

00:55:05,589 --> 00:55:03,200

there so a balmy 14 yeah nathan they're

1499

00:55:07,670 --> 00:55:05,599

trying to freeze my new us navy brother

1500

00:55:08,789 --> 00:55:07,680

jas job man he's going to be like a

1501
00:55:10,789 --> 00:55:08,799
snowman

1502
00:55:13,030 --> 00:55:10,799
go out and check to get the newspaper by

1503
00:55:14,230 --> 00:55:13,040
the way that wim hof dj thank you for

1504
00:55:19,270 --> 00:55:14,240
your service

1505
00:55:21,109 --> 00:55:19,280
i appreciate you man thank you um so

1506
00:55:23,589 --> 00:55:21,119
jazz as a you know coming at this from a

1507
00:55:25,829 --> 00:55:23,599
journalistic perspective um

1508
00:55:28,069 --> 00:55:25,839
you know it seems to me that the um like

1509
00:55:29,829 --> 00:55:28,079
the easiest on-ramp for this topic and

1510
00:55:31,829 --> 00:55:29,839
it makes sense why we're seeing kind of

1511
00:55:32,789 --> 00:55:31,839
this the push from this perspective is

1512
00:55:37,829 --> 00:55:32,799
the

1513
00:55:39,589 --> 00:55:37,839

nuts and bolts aspect of it but when you

1514

00:55:41,750 --> 00:55:39,599

look at it from your from from the

1515

00:55:43,190 --> 00:55:41,760

perspective of a journalist who is not

1516

00:55:45,670 --> 00:55:43,200

only reporting on it but seeing the

1517

00:55:48,150 --> 00:55:45,680

reaction of your readership to what what

1518

00:55:51,270 --> 00:55:48,160

is being put out there what do you think

1519

00:55:53,589 --> 00:55:51,280

is um that the path for this topic going

1520

00:55:55,750 --> 00:55:53,599

forward particularly incorporating

1521

00:55:57,510 --> 00:55:55,760

these these these weirder elements in in

1522

00:55:59,750 --> 00:55:57,520

the in the phenomenon how do you see us

1523

00:56:01,430 --> 00:55:59,760

kind of getting from nuts and bolts to

1524

00:56:03,349 --> 00:56:01,440

maybe a fuller picture of what's really

1525

00:56:05,030 --> 00:56:03,359

happening i i don't want to jump ahead

1526

00:56:06,549 --> 00:56:05,040

of you so could you expand a little bit

1527

00:56:10,789 --> 00:56:06,559

in your question on what you mean by the

1528

00:56:14,390 --> 00:56:12,390

the whole thing is weird

1529

00:56:16,309 --> 00:56:14,400

very very true so let me let me paint

1530

00:56:17,910 --> 00:56:16,319

the spectrum then so the on the nuts and

1531

00:56:20,390 --> 00:56:17,920

bolts side i'm going to put the nimitz

1532

00:56:23,750 --> 00:56:20,400

case right so we've got

1533

00:56:25,829 --> 00:56:23,760

eyeballs we've got some some sensor data

1534

00:56:28,230 --> 00:56:25,839

that is saying to us there's a physical

1535

00:56:30,470 --> 00:56:28,240

object here that was worth seemingly

1536

00:56:32,470 --> 00:56:30,480

worth our study and understanding and we

1537

00:56:34,309 --> 00:56:32,480

have galileo that's kind of spinning up

1538

00:56:36,789 --> 00:56:34,319

to try to study it from

1539

00:56:39,829 --> 00:56:36,799

the perspective of a science uh science

1540

00:56:42,549 --> 00:56:39,839

and astronomy so that to me feels like a

1541

00:56:44,950 --> 00:56:42,559

very natural way to get into this topic

1542

00:56:46,470 --> 00:56:44,960

it's it's easily approachable something

1543

00:56:49,109 --> 00:56:46,480

weird is happening we don't know what it

1544

00:56:50,870 --> 00:56:49,119

is our science can look at this with the

1545

00:56:53,430 --> 00:56:50,880

sensors that we have

1546

00:56:56,390 --> 00:56:53,440

on the other end we have reports from

1547

00:56:59,589 --> 00:56:56,400

experiencers that have had stories of

1548

00:57:01,510 --> 00:56:59,599

abduction or interaction relationship

1549

00:57:03,270 --> 00:57:01,520

with what we would call non-human

1550

00:57:05,829 --> 00:57:03,280

intelligences

1551
00:57:08,150 --> 00:57:05,839
and there obviously is a lot of debate

1552
00:57:09,510 --> 00:57:08,160
and dispute as to the validity of those

1553
00:57:11,030 --> 00:57:09,520
experiences

1554
00:57:12,950 --> 00:57:11,040
but many would say that that is an

1555
00:57:14,789 --> 00:57:12,960
aspect of this phenomenon that they all

1556
00:57:17,190 --> 00:57:14,799
are a part of the same

1557
00:57:18,789 --> 00:57:17,200
sort of umbrella topic uh i guess one

1558
00:57:21,190 --> 00:57:18,799
would be a question of do you agree that

1559
00:57:23,190 --> 00:57:21,200
that is that is a sort of a fair

1560
00:57:25,349 --> 00:57:23,200
assessment and if so

1561
00:57:27,510 --> 00:57:25,359
how do you see this conversation going

1562
00:57:29,750 --> 00:57:27,520
from that nuts and bolts side to

1563
00:57:31,109 --> 00:57:29,760

incorporating aspects of that experience

1564

00:57:33,190 --> 00:57:31,119

here

1565

00:57:34,150 --> 00:57:33,200

oh good question thanks

1566

00:57:36,150 --> 00:57:34,160

um

1567

00:57:38,710 --> 00:57:36,160

this is a discussion i've had with a

1568

00:57:39,589 --> 00:57:38,720

number of other people

1569

00:57:43,750 --> 00:57:39,599

i

1570

00:57:45,430 --> 00:57:43,760

november of

1571

00:57:48,950 --> 00:57:45,440

2021

1572

00:57:50,710 --> 00:57:48,960

or 2020 sorry um i was in that camp that

1573

00:57:52,549 --> 00:57:50,720

was like wow this is a really

1574

00:57:55,430 --> 00:57:52,559

interesting thing that i had been

1575

00:57:57,910 --> 00:57:55,440

following most of my life i did not get

1576
00:57:59,190 --> 00:57:57,920
the chance to write about it very much

1577
00:58:00,230 --> 00:57:59,200
until then

1578
00:58:02,549 --> 00:58:00,240
uh

1579
00:58:04,710 --> 00:58:02,559
because you know my background was in

1580
00:58:06,150 --> 00:58:04,720
other areas and i wasn't really writing

1581
00:58:07,349 --> 00:58:06,160
about those things but i always found it

1582
00:58:09,270 --> 00:58:07,359
interesting

1583
00:58:11,190 --> 00:58:09,280
but i was never like

1584
00:58:12,309 --> 00:58:11,200
well this is definitely real i wonder

1585
00:58:14,470 --> 00:58:12,319
what it could be

1586
00:58:16,150 --> 00:58:14,480
and i had moments where

1587
00:58:19,910 --> 00:58:16,160
i i would sit there and think like wow

1588
00:58:22,870 --> 00:58:19,920

what am i am i in the middle of that um

1589

00:58:25,829 --> 00:58:22,880

that that movie uh i'm i'm losing it

1590

00:58:27,190 --> 00:58:25,839

right now i apologize uh oh animal house

1591

00:58:29,430 --> 00:58:27,200

where everybody's sitting in like the

1592

00:58:32,710 --> 00:58:29,440

professor's apartment and like smoking

1593

00:58:34,230 --> 00:58:32,720

joints and being like you know wow is is

1594

00:58:36,390 --> 00:58:34,240

the universe in our fingernail or

1595

00:58:37,990 --> 00:58:36,400

something you know and that that all

1596

00:58:39,270 --> 00:58:38,000

changed for me and my wife in the last

1597

00:58:41,589 --> 00:58:39,280

14 months

1598

00:58:43,109 --> 00:58:41,599

but before that i still always found it

1599

00:58:45,670 --> 00:58:43,119

fascinating

1600

00:58:47,910 --> 00:58:45,680

but i do think a lot of the public who

1601
00:58:49,510 --> 00:58:47,920
hasn't had an experience

1602
00:58:52,309 --> 00:58:49,520
and i'm not an experienter like the

1603
00:58:53,990 --> 00:58:52,319
people who uh have been abducted and

1604
00:58:56,549 --> 00:58:54,000
touched yeah

1605
00:58:59,270 --> 00:58:56,559
um not the direct thing

1606
00:59:00,309 --> 00:58:59,280
but i i do think it's a lot easier for

1607
00:59:01,030 --> 00:59:00,319
people

1608
00:59:02,950 --> 00:59:01,040
in

1609
00:59:05,589 --> 00:59:02,960
positions of power that we need to come

1610
00:59:08,069 --> 00:59:05,599
on board in congress

1611
00:59:09,670 --> 00:59:08,079
in the non-private

1612
00:59:12,309 --> 00:59:09,680
chimney sections

1613
00:59:14,390 --> 00:59:12,319

of the military industrial complex

1614

00:59:16,150 --> 00:59:14,400

i i think it's easier for them to deal

1615

00:59:19,190 --> 00:59:16,160

with it in terms of

1616

00:59:20,470 --> 00:59:19,200

oh here's these things we have these uh

1617

00:59:22,789 --> 00:59:20,480

sig intel

1618

00:59:25,829 --> 00:59:22,799

bits we have radar we have

1619

00:59:27,430 --> 00:59:25,839

video we you know and in some cases if

1620

00:59:29,430 --> 00:59:27,440

they think they're credible enough you

1621

00:59:30,309 --> 00:59:29,440

know witness reports and pilots and

1622

00:59:32,950 --> 00:59:30,319

things

1623

00:59:34,870 --> 00:59:32,960

here's a thing what's this thing

1624

00:59:37,829 --> 00:59:34,880

and i think that's easier for everybody

1625

00:59:40,630 --> 00:59:37,839

to accept you know and that kind of

1626
00:59:42,630 --> 00:59:40,640
drags these people we needed for so long

1627
00:59:45,030 --> 00:59:42,640
a little closer to the edge but they're

1628
00:59:47,030 --> 00:59:45,040
like squirrels they're very nervous

1629
00:59:49,190 --> 00:59:47,040
we're out there like okay we got all

1630
00:59:51,990 --> 00:59:49,200
these reports we got these videos

1631
00:59:53,670 --> 00:59:52,000
people like um senator gillibrand you

1632
00:59:55,670 --> 00:59:53,680
know who's been

1633
00:59:58,470 --> 00:59:55,680
in on the classified briefings they've

1634
01:00:00,069 --> 00:59:58,480
seen things that have alarmed them and

1635
01:00:01,829 --> 01:00:00,079
they've gone and take these actions

1636
01:00:03,030 --> 01:00:01,839
you're all talking about which is

1637
01:00:04,710 --> 01:00:03,040
important

1638
01:00:07,190 --> 01:00:04,720

but then

1639

01:00:08,549 --> 01:00:07,200

we're just getting the the peanuts put

1640

01:00:09,829 --> 01:00:08,559

out there and they're kind of coming

1641

01:00:11,829 --> 01:00:09,839

along going

1642

01:00:14,150 --> 01:00:11,839

okay this is a thing

1643

01:00:16,390 --> 01:00:14,160

we we should check into this this could

1644

01:00:18,390 --> 01:00:16,400

be potentially dangerous

1645

01:00:19,910 --> 01:00:18,400

and then right in the middle of it

1646

01:00:21,030 --> 01:00:19,920

somebody comes out and drops the book

1647

01:00:24,309 --> 01:00:21,040

and it's like

1648

01:00:25,270 --> 01:00:24,319

werewolves dino beavers

1649

01:00:28,630 --> 01:00:25,280

you know

1650

01:00:30,950 --> 01:00:28,640

and i'm sitting there going whoa whoa

1651

01:00:31,910 --> 01:00:30,960

not saying it's not true

1652

01:00:33,910 --> 01:00:31,920

but

1653

01:00:35,589 --> 01:00:33,920

let's not try to get everybody on board

1654

01:00:36,470 --> 01:00:35,599

with werewolves yet

1655

01:00:38,470 --> 01:00:36,480

all right

1656

01:00:41,030 --> 01:00:38,480

right let's slow our roll here

1657

01:00:43,910 --> 01:00:41,040

slow the roll let's get the nuts and

1658

01:00:45,109 --> 01:00:43,920

bolts stuff there may be more to it

1659

01:00:46,870 --> 01:00:45,119

i don't know

1660

01:00:48,069 --> 01:00:46,880

even with what i've seen

1661

01:00:50,549 --> 01:00:48,079

i don't know

1662

01:00:51,589 --> 01:00:50,559

but i think that's how you get people on

1663

01:00:53,589 --> 01:00:51,599

board

1664

01:00:55,910 --> 01:00:53,599

and move the process and the questioning

1665

01:00:58,150 --> 01:00:55,920

forward and get it out to the public in

1666

01:00:59,510 --> 01:00:58,160

a way that's more digestible does that

1667

01:01:01,190 --> 01:00:59,520

answer your question

1668

01:01:02,870 --> 01:01:01,200

yeah no i think so and i think you're

1669

01:01:04,390 --> 01:01:02,880

right i think we have to start somewhere

1670

01:01:06,870 --> 01:01:04,400

and that's the most

1671

01:01:08,150 --> 01:01:06,880

natural place to start and it's funny to

1672

01:01:10,309 --> 01:01:08,160

i don't know if you feel this way i feel

1673

01:01:11,829 --> 01:01:10,319

this way watching it happen in real time

1674

01:01:13,190 --> 01:01:11,839

it kind of is like yeah here are the

1675

01:01:15,190 --> 01:01:13,200

little bread crumbs like you know like

1676

01:01:16,630 --> 01:01:15,200

you said like follow this little trail

1677

01:01:17,829 --> 01:01:16,640

and stay on track don't go over here

1678

01:01:19,829 --> 01:01:17,839

don't go over there just kind of keep

1679

01:01:21,510 --> 01:01:19,839

going and then that that trail

1680

01:01:23,670 --> 01:01:21,520

eventually does lead to some of these

1681

01:01:25,349 --> 01:01:23,680

other stranger places but

1682

01:01:27,510 --> 01:01:25,359

we don't want to show them those places

1683

01:01:29,910 --> 01:01:27,520

just yet perhaps you can't because they

1684

01:01:32,230 --> 01:01:29,920

were just absolutely people would they

1685

01:01:34,870 --> 01:01:32,240

lost it over covid they were buying up

1686

01:01:36,710 --> 01:01:34,880

toilet paper inexplicably uh we just

1687

01:01:39,589 --> 01:01:36,720

unfortunately they they would not be

1688

01:01:41,510 --> 01:01:39,599

able to put it out and mass on all these

1689

01:01:42,309 --> 01:01:41,520

big news stations

1690

01:01:44,549 --> 01:01:42,319

that

1691

01:01:47,190 --> 01:01:44,559

okay hey everybody check this out this

1692

01:01:48,630 --> 01:01:47,200

is this is real we don't know what it is

1693

01:01:50,549 --> 01:01:48,640

they'd rather put it out through like

1694

01:01:52,230 --> 01:01:50,559

mystery wire and jeremy corbell and

1695

01:01:55,109 --> 01:01:52,240

george snap because they know that the

1696

01:01:56,549 --> 01:01:55,119

audience is is microscopic compared to

1697

01:01:58,309 --> 01:01:56,559

uh putting it out on all the major

1698

01:02:01,349 --> 01:01:58,319

networks but flair please go ahead my

1699

01:02:08,950 --> 01:02:03,510

yeah you the guy with the long hair

1700

01:02:12,309 --> 01:02:10,870

well you i don't i don't know i just i

1701

01:02:15,589 --> 01:02:12,319

want to know how this relates to

1702

01:02:17,910 --> 01:02:15,599

horseradishes really like i i i hear

1703

01:02:21,109 --> 01:02:17,920

you're a horseradish farmer well what is

1704

01:02:24,230 --> 01:02:21,119

can you tell us a little bit about that

1705

01:02:28,390 --> 01:02:24,240

sure i i got all night um

1706

01:02:30,870 --> 01:02:28,400

i i i grew up uh in a in a in a farm

1707

01:02:33,510 --> 01:02:30,880

country in a very rural area of upstate

1708

01:02:35,190 --> 01:02:33,520

new york nowhere near a city and my

1709

01:02:37,510 --> 01:02:35,200

grandfather

1710

01:02:39,750 --> 01:02:37,520

amongst many other crops i spent my

1711

01:02:41,349 --> 01:02:39,760

childhood working on farms

1712

01:02:43,670 --> 01:02:41,359

my aunts and uncles and my grandparents

1713

01:02:46,390 --> 01:02:43,680

all had farms and that's how i admit i

1714

01:02:49,270 --> 01:02:46,400

made money as a kid you know and one of

1715

01:02:52,390 --> 01:02:49,280

the crops that my grandfather grew

1716

01:02:55,190 --> 01:02:52,400

uh was horseradish and later on in life

1717

01:02:56,630 --> 01:02:55,200

uh when i got married and we moved away

1718

01:02:58,549 --> 01:02:56,640

from that area

1719

01:03:01,430 --> 01:02:58,559

much further south

1720

01:03:04,470 --> 01:03:01,440

well south for the northeast anyway

1721

01:03:05,910 --> 01:03:04,480

i went up and i gathered uh roots from

1722

01:03:08,230 --> 01:03:05,920

some of the crops that my grandfather

1723

01:03:10,549 --> 01:03:08,240

had grown and i planted it down where i

1724

01:03:11,829 --> 01:03:10,559

live because we all love my family we

1725

01:03:14,870 --> 01:03:11,839

love horseradish

1726

01:03:16,950 --> 01:03:14,880

and i have spent 25 years

1727

01:03:19,510 --> 01:03:16,960

doing a little cross-breeding

1728

01:03:20,710 --> 01:03:19,520

experimentation with other strains and

1729

01:03:22,789 --> 01:03:20,720

things like that

1730

01:03:23,670 --> 01:03:22,799

and we grow a crop of horseradish every

1731

01:03:26,230 --> 01:03:23,680

year

1732

01:03:28,309 --> 01:03:26,240

on our property and we package it up

1733

01:03:31,750 --> 01:03:28,319

every year and i have a thing called the

1734

01:03:34,789 --> 01:03:31,760

horseradish list on social media and i

1735

01:03:36,470 --> 01:03:34,799

send out like 40 50 jars

1736

01:03:38,950 --> 01:03:36,480

of this custom

1737

01:03:41,190 --> 01:03:38,960

horseradish that we that we grow

1738

01:03:42,549 --> 01:03:41,200

which is really hot and spicy compared

1739

01:03:45,430 --> 01:03:42,559

to anything you get

1740

01:03:47,750 --> 01:03:45,440

out of the store and uh it's one of the

1741

01:03:50,470 --> 01:03:47,760

great joys of my life i mean it's it's

1742

01:03:52,390 --> 01:03:50,480

been a voyage of discovery it's there's

1743

01:03:54,150 --> 01:03:52,400

a little science in it and

1744

01:03:55,910 --> 01:03:54,160

it's fun it gets you outdoors you know

1745

01:03:57,109 --> 01:03:55,920

you're you're working in the soil and

1746

01:03:59,190 --> 01:03:57,119

things like that

1747

01:04:00,230 --> 01:03:59,200

and my wife and i have this annual fall

1748

01:04:02,470 --> 01:04:00,240

tradition

1749

01:04:06,150 --> 01:04:02,480

where we have to go dig up all the roots

1750

01:04:08,870 --> 01:04:06,160

and we grind them and there's a really

1751

01:04:11,029 --> 01:04:08,880

specific process of how you do that to

1752

01:04:12,710 --> 01:04:11,039

get the right amount of heat in them

1753

01:04:14,630 --> 01:04:12,720

and we package it up and we send it out

1754

01:04:16,789 --> 01:04:14,640

to our friends and and we enjoy it for

1755

01:04:18,950 --> 01:04:16,799

the year and yeah i love horse riders so

1756

01:04:21,109 --> 01:04:18,960

jazz there's a horseradish hybridization

1757

01:04:23,349 --> 01:04:21,119

program going on at your place we need

1758

01:04:25,190 --> 01:04:23,359

to explore that a little bit more and

1759

01:04:27,510 --> 01:04:25,200

are there any crop circles associated

1760

01:04:31,349 --> 01:04:27,520

with it before deb goes

1761

01:04:32,309 --> 01:04:31,359

no i've never experienced a crop circle

1762

01:04:34,870 --> 01:04:32,319

uh

1763

01:04:36,549 --> 01:04:34,880

sorry i i've read about them i i find

1764

01:04:37,750 --> 01:04:36,559

the topic interesting i think some of

1765

01:04:40,870 --> 01:04:37,760

them

1766

01:04:42,470 --> 01:04:40,880

are hoaxed i think there's a bunch of

1767

01:04:45,109 --> 01:04:42,480

them that look i don't see how they

1768

01:04:47,349 --> 01:04:45,119

could have possibly been hoaxed but i i

1769

01:04:49,910 --> 01:04:47,359

love the crop circle phenomena uh i'm

1770

01:04:51,670 --> 01:04:49,920

not an expert on it so yeah absolutely i

1771

01:04:53,190 --> 01:04:51,680

don't know if you knew this but uh flair

1772

01:04:55,990 --> 01:04:53,200

if you do watch our show a little bit uh

1773

01:04:59,990 --> 01:04:56,000

oh maybe but flair is uh he's quite the

1774

01:05:01,430 --> 01:05:00,000

marketing genius uh and i know yes

1775

01:05:04,150 --> 01:05:01,440

my wife has been watching a lot of

1776

01:05:07,029 --> 01:05:04,160

players work recently going are you

1777

01:05:11,190 --> 01:05:07,039

actually going to talk to these people

1778

01:05:14,549 --> 01:05:11,200

they just deep faked you into 15 things

1779

01:05:17,270 --> 01:05:15,829

it is cool

1780

01:05:19,910 --> 01:05:17,280

i think you wanted to share some of your

1781

01:05:22,470 --> 01:05:19,920

uh some of your concepts is that right

1782

01:05:24,309 --> 01:05:22,480

yeah you know i'm i was thinking maybe

1783

01:05:26,390 --> 01:05:24,319

if you ever start marketing your uh your

1784

01:05:28,549 --> 01:05:26,400

horseradish you know so i went ahead and

1785

01:05:31,029 --> 01:05:28,559

made some labels for you if you would be

1786

01:05:32,710 --> 01:05:31,039

interested in love seeing this oh this

1787

01:05:35,589 --> 01:05:32,720

one

1788

01:05:40,390 --> 01:05:35,599

the jazzing shaw's ultimate comfort

1789

01:05:41,349 --> 01:05:40,400

recipes okay did you get that the ucr

1790

01:05:44,870 --> 01:05:41,359

right

1791

01:05:48,230 --> 01:05:44,880

recipes yes i hope i i hope we get luis

1792

01:05:51,029 --> 01:05:48,240

in the chat here because i i think luis

1793

01:05:55,109 --> 01:05:51,039

you you have to get on this with mike

1794

01:05:58,789 --> 01:05:56,789

no it's yours there's another one as

1795

01:06:00,549 --> 01:05:58,799

well

1796

01:06:02,630 --> 01:06:00,559

we got we got the other one is the

1797

01:06:04,630 --> 01:06:02,640

resting shaws

1798

01:06:06,870 --> 01:06:04,640

this is the other flavor the ultimate

1799

01:06:09,270 --> 01:06:06,880

comfort recipe so we've got the jazzing

1800

01:06:11,750 --> 01:06:09,280

shaw and the resting shop well i would

1801

01:06:14,069 --> 01:06:11,760

say this would be the spicy version

1802

01:06:28,470 --> 01:06:14,079

so you said that is that the resting

1803

01:06:33,829 --> 01:06:31,029

it's a gift no it's a gift to him it's

1804

01:06:36,230 --> 01:06:33,839

right we can start the manufacturing

1805

01:06:38,549 --> 01:06:36,240

line i can get it going oh i i can take

1806

01:06:40,870 --> 01:06:38,559

it over tomorrow and then turn around

1807

01:06:42,870 --> 01:06:40,880

and sue kevin if he tries to ask for any

1808

01:06:48,630 --> 01:06:42,880

of the money

1809

01:06:52,150 --> 01:06:50,230

but if it goes to a charity it's going

1810

01:06:55,510 --> 01:06:52,160

to go to an animal rescue because that's

1811

01:07:01,750 --> 01:06:58,390

my wife and i met originally at a dog

1812

01:07:03,270 --> 01:07:01,760

shelter were both volunteering and we

1813

01:07:06,630 --> 01:07:03,280

have worked in animal rescue for the

1814

01:07:09,589 --> 01:07:06,640

last 28 years love you jeff shaw

1815

01:07:11,430 --> 01:07:09,599

dude you missed it but our last

1816

01:07:13,750 --> 01:07:11,440

yeah one of our last shows we did uh

1817

01:07:15,670 --> 01:07:13,760

paws in middle georgia it's about five

1818

01:07:18,789 --> 01:07:15,680

hours north of me where i got my last

1819

01:07:21,670 --> 01:07:18,799

dog so we yeah we did uh we had her yeah

1820

01:07:24,870 --> 01:07:21,680

there there she goes that's uh tia pike

1821

01:07:27,109 --> 01:07:24,880

uh who adopted me my dog athena

1822

01:07:29,029 --> 01:07:27,119

uh she was the foster mom and then she

1823

01:07:32,230 --> 01:07:29,039

said screw the the animal shelter i'm

1824

01:07:34,470 --> 01:07:32,240

starting my own 501 3c in paws in middle

1825

01:07:37,430 --> 01:07:34,480

georgia and it's uh at paws in middle

1826

01:07:38,630 --> 01:07:37,440

georgia on both instagram and twitter

1827

01:07:40,630 --> 01:07:38,640

anyway

1828

01:07:42,710 --> 01:07:40,640

thank you debsy website

1829

01:07:44,710 --> 01:07:42,720

thank you for doing that okay well first

1830

01:07:46,390 --> 01:07:44,720

of all i just want you to know i can't

1831

01:07:48,630 --> 01:07:46,400

wait for you to talk more to frank

1832

01:07:51,829 --> 01:07:48,640

milbourne who just presented a

1833

01:07:54,870 --> 01:07:51,839

fascinating theory about crop circles

1834

01:07:57,349 --> 01:07:54,880

recently yep and anywho i i would like

1835

01:07:59,190 --> 01:07:57,359

to be there for that talk for sure but i

1836

01:08:01,589 --> 01:07:59,200

i just talked to frank last night yeah

1837

01:08:03,670 --> 01:08:01,599

oh that's so cool okay anywho so my

1838

01:08:05,910 --> 01:08:03,680

question is um

1839

01:08:08,390 --> 01:08:05,920

when you were following along with the

1840

01:08:10,390 --> 01:08:08,400

senate and the process of the ndaa

1841

01:08:12,950 --> 01:08:10,400

getting signed and all that

1842

01:08:15,109 --> 01:08:12,960

um i was definitely paying attention to

1843

01:08:17,189 --> 01:08:15,119

what you were saying and reporting and

1844

01:08:18,470 --> 01:08:17,199

you spoke about susan

1845

01:08:20,870 --> 01:08:18,480

i'm going to say her last name wrong

1846

01:08:22,070 --> 01:08:20,880

said go or gaw goth

1847

01:08:23,829 --> 01:08:22,080

golf okay

1848

01:08:25,910 --> 01:08:23,839

by the way i was the one who broke that

1849

01:08:27,910 --> 01:08:25,920

story i can show you a number of people

1850

01:08:29,990 --> 01:08:27,920

i've sent her to i got the original

1851

01:08:31,189 --> 01:08:30,000

email i sent to her and said nobody

1852

01:08:33,910 --> 01:08:31,199

knows how to say your name how do you

1853

01:08:35,829 --> 01:08:33,920

say this and i still have the email i

1854

01:08:37,189 --> 01:08:35,839

published it and she was like no it

1855

01:08:40,550 --> 01:08:37,199

rhymes with cough

1856

01:08:46,950 --> 01:08:43,430

okay i really wanted an update you said

1857

01:08:48,950 --> 01:08:46,960

that she became sort of the spokesperson

1858

01:08:50,630 --> 01:08:48,960

um whenever you try to reach out and get

1859

01:08:53,749 --> 01:08:50,640

information and i was hoping you could

1860

01:08:55,749 --> 01:08:53,759

let us know has she become the uap

1861

01:08:56,709 --> 01:08:55,759

spokesperson

1862

01:08:58,950 --> 01:08:56,719

well

1863

01:09:01,669 --> 01:08:58,960

it's not has she become she's officially

1864

01:09:04,470 --> 01:09:01,679

the pentagon spokesperson now yeah

1865

01:09:07,749 --> 01:09:04,480

the only one the only person

1866

01:09:10,950 --> 01:09:07,759

she's the only one yes um i've been in

1867

01:09:13,349 --> 01:09:10,960

contact with susan uh since

1868

01:09:15,910 --> 01:09:13,359

2017

1869

01:09:18,070 --> 01:09:15,920

she used to have a very

1870

01:09:20,470 --> 01:09:18,080

defined role

1871

01:09:22,630 --> 01:09:20,480

it grew everybody else that was

1872

01:09:24,550 --> 01:09:22,640

answering any of our questions about

1873

01:09:26,470 --> 01:09:24,560

anything to do with uap

1874

01:09:29,669 --> 01:09:26,480

got dropped off

1875

01:09:31,829 --> 01:09:29,679

and the latest example and uh we talked

1876

01:09:33,669 --> 01:09:31,839

about this on a show on ucr not all that

1877

01:09:35,990 --> 01:09:33,679

long ago

1878

01:09:37,590 --> 01:09:36,000

a new statement came out from a totally

1879

01:09:39,590 --> 01:09:37,600

different department

1880

01:09:41,910 --> 01:09:39,600

and i followed the usual pattern we

1881

01:09:43,990 --> 01:09:41,920

always do you file a foia request and

1882

01:09:45,590 --> 01:09:44,000

you send a request for comment and i

1883

01:09:47,749 --> 01:09:45,600

sent a request for comment to that

1884

01:09:49,669 --> 01:09:47,759

department to the person who had put out

1885

01:09:51,510 --> 01:09:49,679

a public statement

1886

01:09:53,829 --> 01:09:51,520

and

1887

01:09:54,790 --> 01:09:53,839

i normally get a reque i get an answer

1888

01:09:56,950 --> 01:09:54,800

back

1889

01:09:58,470 --> 01:09:56,960

usually the same day if they're busy

1890

01:09:59,910 --> 01:09:58,480

sometimes the next day

1891

01:10:02,149 --> 01:09:59,920

you know

1892

01:10:04,950 --> 01:10:02,159

three days later i got an answer back on

1893

01:10:07,030 --> 01:10:04,960

the same subject line from that email

1894

01:10:07,750 --> 01:10:07,040

but it wasn't from the person i sent it

1895

01:10:09,990 --> 01:10:07,760

to

1896

01:10:13,430 --> 01:10:10,000

it was from susan

1897

01:10:15,750 --> 01:10:13,440

everything is being funneled over to

1898

01:10:18,229 --> 01:10:15,760

susan if you ask a question that has

1899

01:10:22,070 --> 01:10:18,239

anything to do with uap

1900

01:10:24,390 --> 01:10:22,080

to any department in intelligence or the

1901

01:10:25,830 --> 01:10:24,400

military

1902

01:10:28,229 --> 01:10:25,840

not so much the congress people they

1903

01:10:29,510 --> 01:10:28,239

will answer you but intelligence in the

1904

01:10:31,669 --> 01:10:29,520

military

1905

01:10:33,830 --> 01:10:31,679

those questions are not answered to you

1906

01:10:34,630 --> 01:10:33,840

they are sent to susan and she answers

1907

01:10:36,630 --> 01:10:34,640

them

1908

01:10:39,510 --> 01:10:36,640

so that's all we have to go on is

1909

01:10:40,310 --> 01:10:39,520

anything that she says and

1910

01:10:41,910 --> 01:10:40,320

we

1911

01:10:42,630 --> 01:10:41,920

pretty much know why

1912

01:10:44,709 --> 01:10:42,640

so

1913

01:10:46,310 --> 01:10:44,719

has she been cooperative with answering

1914

01:10:48,310 --> 01:10:46,320

questions

1915

01:10:50,790 --> 01:10:48,320

yeah i have uh

1916

01:10:53,270 --> 01:10:50,800

i could go and do a look right now i i

1917

01:10:56,550 --> 01:10:53,280

probably have more than 700

1918

01:10:58,870 --> 01:10:56,560

email conversations with susan

1919

01:11:00,390 --> 01:10:58,880

she does answer

1920

01:11:03,430 --> 01:11:00,400

how do you define

1921

01:11:04,790 --> 01:11:03,440

cooperatives revealing did she reveal

1922

01:11:06,870 --> 01:11:04,800

i don't even know revealing does she

1923

01:11:08,550 --> 01:11:06,880

answer your questions directly or does

1924

01:11:12,229 --> 01:11:08,560

she chaff you away

1925

01:11:15,110 --> 01:11:12,239

she answers questions directly that she

1926

01:11:18,390 --> 01:11:15,120

wants to answer directly

1927

01:11:21,189 --> 01:11:18,400

if it falls in line with the statements

1928

01:11:23,189 --> 01:11:21,199

that she's giving to all of us

1929

01:11:25,510 --> 01:11:23,199

and she just repeats them over and over

1930

01:11:28,470 --> 01:11:25,520

again to the various journalists

1931

01:11:30,470 --> 01:11:28,480

if you ask her something tricky

1932

01:11:31,910 --> 01:11:30,480

like you went and filed a foia and you

1933

01:11:33,430 --> 01:11:31,920

got something back and you comment on

1934

01:11:36,470 --> 01:11:33,440

this

1935

01:11:37,910 --> 01:11:36,480

sometimes she defaults to

1936

01:11:40,310 --> 01:11:37,920

an answer that she already gave to

1937

01:11:41,910 --> 01:11:40,320

something vaguely related and sometimes

1938

01:11:43,430 --> 01:11:41,920

she doesn't answer

1939

01:11:54,709 --> 01:11:43,440

i

1940

01:11:57,669 --> 01:11:54,719

that were never answered

1941

01:11:59,910 --> 01:11:57,679

she answers what she wants to answer

1942

01:12:01,750 --> 01:11:59,920

and that's how she handles it and we

1943

01:12:02,550 --> 01:12:01,760

don't we don't have a lot of recourse i

1944

01:12:04,470 --> 01:12:02,560

mean

1945

01:12:06,630 --> 01:12:04,480

you're given the addresses to send

1946

01:12:08,470 --> 01:12:06,640

questions and they're not legally under

1947

01:12:10,070 --> 01:12:08,480

any obligation to answer

1948

01:12:11,910 --> 01:12:10,080

so you know i've had a lot of

1949

01:12:13,510 --> 01:12:11,920

conversations with her so i'm very

1950

01:12:15,669 --> 01:12:13,520

friendly really

1951

01:12:17,910 --> 01:12:15,679

and other ones where

1952

01:12:19,910 --> 01:12:17,920

she just gives me default stuff and

1953

01:12:21,510 --> 01:12:19,920

other ones where she never answers i've

1954

01:12:24,310 --> 01:12:21,520

asked numerous questions about for

1955

01:12:26,950 --> 01:12:24,320

example lou alzano's emails never gotten

1956

01:12:28,229 --> 01:12:26,960

one answer from her never once

1957

01:12:30,470 --> 01:12:28,239

not even a

1958

01:12:32,870 --> 01:12:30,480

i don't know or we'll get back to you

1959

01:12:34,630 --> 01:12:32,880

they just shut down if you ask what

1960

01:12:38,709 --> 01:12:34,640

happened to little wells on those emails

1961

01:12:43,030 --> 01:12:40,870

have you tried sending her horseradish

1962

01:12:45,590 --> 01:12:43,040

first

1963

01:12:46,600 --> 01:12:45,600

maybe that physical address if i did i

1964

01:12:48,950 --> 01:12:46,610

would try

1965

01:12:50,550 --> 01:12:48,960

[Laughter]

1966

01:12:53,590 --> 01:12:50,560

she wouldn't be able to show up for work

1967

01:12:55,830 --> 01:12:53,600

man she'd be like you have anjana

1968

01:12:58,310 --> 01:12:55,840

by the way i you you should find out you

1969

01:13:00,070 --> 01:12:58,320

you should know if you don't already

1970

01:13:02,630 --> 01:13:00,080

she has somebody watching this or she

1971

01:13:03,990 --> 01:13:02,640

will by tomorrow oh wow and we found

1972

01:13:07,110 --> 01:13:04,000

that out for you

1973

01:13:09,189 --> 01:13:07,120

in a conversation i had with him

1974

01:13:10,470 --> 01:13:09,199

everybody here on this call right now i

1975

01:13:12,950 --> 01:13:10,480

guarantee you

1976

01:13:14,470 --> 01:13:12,960

everybody here has a number of followers

1977

01:13:16,709 --> 01:13:14,480

on twitter

1978

01:13:19,669 --> 01:13:16,719

that have like

1979

01:13:23,030 --> 01:13:19,679

two followers of their own yeah and no

1980

01:13:25,350 --> 01:13:23,040

comments yep yeah she has a lot of

1981

01:13:26,790 --> 01:13:25,360

people who do that and they funnel that

1982

01:13:28,630 --> 01:13:26,800

information

1983

01:13:30,390 --> 01:13:28,640

should we say hello jazz should

1984

01:13:31,910 --> 01:13:30,400

everybody yes

1985

01:13:33,830 --> 01:13:31,920

nathan say hi

1986

01:13:35,430 --> 01:13:33,840

we should do a proper susan goff welcome

1987

01:13:36,950 --> 01:13:35,440

dj

1988

01:13:39,430 --> 01:13:36,960

party people

1989

01:13:41,510 --> 01:13:39,440
put your hands together for the

1990

01:13:42,390 --> 01:13:41,520
pentagon's own

1991

01:13:44,830 --> 01:13:42,400
miss

1992

01:13:46,630 --> 01:13:44,840
susan goff

1993

01:13:48,470 --> 01:13:46,640
yes hi

1994

01:13:51,189 --> 01:13:48,480
we're all having fun with this

1995

01:13:53,910 --> 01:13:51,199
i will tell you from somebody with 20

1996

01:13:55,910 --> 01:13:53,920
plus years experience in this field

1997

01:13:57,590 --> 01:13:55,920
we might not be laughing about this at

1998

01:13:58,550 --> 01:13:57,600
some point

1999

01:14:03,110 --> 01:13:58,560
so

2000

01:14:05,350 --> 01:14:03,120
else who happened to be

2001

01:14:06,950 --> 01:14:05,360

um a retired

2002

01:14:07,990 --> 01:14:06,960

uh cia

2003

01:14:10,630 --> 01:14:08,000

officer

2004

01:14:12,950 --> 01:14:10,640

and i was informed that you know for

2005

01:14:14,950 --> 01:14:12,960

instance on my facebook where current

2006

01:14:17,669 --> 01:14:14,960

and active military may be present i

2007

01:14:18,630 --> 01:14:17,679

would probably be watched just for that

2008

01:14:20,390 --> 01:14:18,640

sure

2009

01:14:21,830 --> 01:14:20,400

yeah they're they're they're watching a

2010

01:14:22,870 --> 01:14:21,840

lot of people they have been for a long

2011

01:14:25,750 --> 01:14:22,880

time

2012

01:14:26,950 --> 01:14:25,760

i do believe and this is not based on

2013

01:14:29,990 --> 01:14:26,960

any

2014

01:14:31,990 --> 01:14:30,000

definitive on the record statement

2015

01:14:33,910 --> 01:14:32,000

no i wasn't making a joke no kevin is

2016

01:14:34,950 --> 01:14:33,920

saying call me susan or something i

2017

01:14:37,590 --> 01:14:34,960

don't know what he's doing down there

2018

01:14:38,709 --> 01:14:37,600

i'm sorry go ahead

2019

01:14:40,550 --> 01:14:38,719

they have

2020

01:14:42,550 --> 01:14:40,560

changed their approach

2021

01:14:43,510 --> 01:14:42,560

in the last year and a half

2022

01:14:45,830 --> 01:14:43,520

um

2023

01:14:47,590 --> 01:14:45,840

they've changed their strategy

2024

01:14:49,910 --> 01:14:47,600

they do seem to be in a bit more

2025

01:14:53,270 --> 01:14:49,920

defensive position right now than they

2026

01:14:56,310 --> 01:14:53,280

used to be where they were very arrogant

2027

01:14:59,030 --> 01:14:56,320

and they would basically just

2028

01:15:01,110 --> 01:14:59,040

is this a pg-13 show

2029

01:15:03,510 --> 01:15:01,120

uh yes but i mean if you want to curse

2030

01:15:05,590 --> 01:15:03,520

for jazz shaw it's it's absolutely okay

2031

01:15:06,550 --> 01:15:05,600

yeah they'll tell you to go f yourself

2032

01:15:09,110 --> 01:15:06,560

you know

2033

01:15:10,709 --> 01:15:09,120

it it's gotten different they they do

2034

01:15:12,709 --> 01:15:10,719

seem to be like they're back on their

2035

01:15:14,709 --> 01:15:12,719

heels a little bit because now that

2036

01:15:16,390 --> 01:15:14,719

congress is coming up and it's like hey

2037

01:15:17,990 --> 01:15:16,400

we control your budget

2038

01:15:19,350 --> 01:15:18,000

and we're going to be doing these things

2039

01:15:21,110 --> 01:15:19,360

and you're going to participate in these

2040

01:15:23,030 --> 01:15:21,120

things

2041

01:15:25,590 --> 01:15:23,040

they haven't totally agreed to that

2042

01:15:27,910 --> 01:15:25,600

under the covers just so everybody knows

2043

01:15:30,950 --> 01:15:27,920

but we're a lot more

2044

01:15:33,270 --> 01:15:30,960

we're a lot further forward than we were

2045

01:15:35,110 --> 01:15:33,280

even three years ago so

2046

01:15:36,870 --> 01:15:35,120

pressure there's a significant amount of

2047

01:15:38,630 --> 01:15:36,880

pressure that's been applied to them and

2048

01:15:40,550 --> 01:15:38,640

they don't want oversight

2049

01:15:43,189 --> 01:15:40,560

uh they don't want another

2050

01:15:44,870 --> 01:15:43,199

uh arm of the government another in fact

2051
01:15:47,590 --> 01:15:44,880
one another branch of the government

2052
01:15:49,750 --> 01:15:47,600
actually looking over their shoulder uh

2053
01:15:52,390 --> 01:15:49,760
but that's the game i mean if you want

2054
01:15:54,870 --> 01:15:52,400
money uh i mean a lot of these special

2055
01:15:55,910 --> 01:15:54,880
access programs have been able to

2056
01:15:58,630 --> 01:15:55,920
have

2057
01:16:00,550 --> 01:15:58,640
a portion of their funding that congress

2058
01:16:02,390 --> 01:16:00,560
doesn't know exactly where it's going to

2059
01:16:04,229 --> 01:16:02,400
because they're getting it under this

2060
01:16:06,709 --> 01:16:04,239
program and i don't know that they know

2061
01:16:09,510 --> 01:16:06,719
what's going on in every sap that's out

2062
01:16:10,709 --> 01:16:09,520
there and now people do know so the way

2063
01:16:13,270 --> 01:16:10,719

they do

2064

01:16:14,149 --> 01:16:13,280

exactly so that's not even possible

2065

01:16:16,470 --> 01:16:14,159

right

2066

01:16:18,830 --> 01:16:16,480

so akashi do you have something

2067

01:16:21,750 --> 01:16:18,840

yes i do hi jazz

2068

01:16:23,590 --> 01:16:21,760

um wow i have been talking to akashi

2069

01:16:25,189 --> 01:16:23,600

chris and hearing back and forth on

2070

01:16:27,430 --> 01:16:25,199

social media for so long but i think

2071

01:16:29,270 --> 01:16:27,440

this is the first time we've ever been

2072

01:16:30,550 --> 01:16:29,280

on the same show together

2073

01:16:32,310 --> 01:16:30,560

and you are so

2074

01:16:33,350 --> 01:16:32,320

you are such a

2075

01:16:38,870 --> 01:16:33,360

joy

2076

01:16:41,510 --> 01:16:38,880

do and you're over on ucr and various

2077

01:16:43,669 --> 01:16:41,520

shows you know and i always see you but

2078

01:16:46,149 --> 01:16:43,679

we never got to talk and i know god

2079

01:16:48,390 --> 01:16:46,159

bless you i i think you do so much work

2080

01:16:49,350 --> 01:16:48,400

for the community and it is so nice to

2081

01:16:51,270 --> 01:16:49,360

meet you

2082

01:16:53,430 --> 01:16:51,280

okay now you gotta get me all choked

2083

01:16:55,270 --> 01:16:53,440

what the heck wow

2084

01:16:57,270 --> 01:16:55,280

anyway i'm just glad to talk to you

2085

01:16:59,189 --> 01:16:57,280

because i follow your stuff all the time

2086

01:17:01,430 --> 01:16:59,199

and i'm like obsessed you know you were

2087

01:17:03,430 --> 01:17:01,440

following that ndia stuff just all the

2088

01:17:05,270 --> 01:17:03,440

way and you were doing the updates on a

2089

01:17:06,950 --> 01:17:05,280

daily and you were the person that i was

2090

01:17:09,350 --> 01:17:06,960

going i was like

2091

01:17:11,350 --> 01:17:09,360

congress minutes i went ahead and like

2092

01:17:13,910 --> 01:17:11,360

uh subscribe to that and then i would

2093

01:17:15,990 --> 01:17:13,920

look at my jazz on a daily basis

2094

01:17:18,790 --> 01:17:16,000

everybody should do that follow the

2095

01:17:20,709 --> 01:17:18,800

congressional minutes that's where i get

2096

01:17:22,470 --> 01:17:20,719

a lot of my stuff

2097

01:17:24,470 --> 01:17:22,480

it's publicly available

2098

01:17:25,990 --> 01:17:24,480

you know i still have it it gives me all

2099

01:17:27,590 --> 01:17:26,000

the tweets on everything going on it's

2100

01:17:30,070 --> 01:17:27,600

like seriously cool because you can kind

2101
01:17:31,750 --> 01:17:30,080
of start tying it together but so based

2102
01:17:33,350 --> 01:17:31,760
on your experience and thank you so much

2103
01:17:34,470 --> 01:17:33,360
for your compliments but based on your

2104
01:17:36,229 --> 01:17:34,480
experience

2105
01:17:38,630 --> 01:17:36,239
and how you've seen the

2106
01:17:41,750 --> 01:17:38,640
government deal with this topic the

2107
01:17:44,470 --> 01:17:41,760
stigma etc

2108
01:17:47,110 --> 01:17:44,480
is it going to come down to grassroots

2109
01:17:47,830 --> 01:17:47,120
efforts to wear because i feel like in

2110
01:17:50,709 --> 01:17:47,840
my

2111
01:17:53,830 --> 01:17:50,719
grassroots efforts i mean to teach

2112
01:17:56,630 --> 01:17:53,840
and to communicate and to prepare

2113
01:17:58,390 --> 01:17:56,640

the public that you know you

2114

01:17:59,750 --> 01:17:58,400

you were talking like the dino beavers i

2115

01:18:01,750 --> 01:17:59,760

feel like i'm all the way down the

2116

01:18:03,110 --> 01:18:01,760

rabbit hole with the dino beavers and

2117

01:18:05,110 --> 01:18:03,120

all that stuff

2118

01:18:07,590 --> 01:18:05,120

well don't even want to accept that

2119

01:18:08,709 --> 01:18:07,600

anything flies over us it's not an

2120

01:18:12,950 --> 01:18:08,719

airplane

2121

01:18:14,470 --> 01:18:12,960

a bird or a you know a drone so how is

2122

01:18:16,550 --> 01:18:14,480

it going to come down to us as a

2123

01:18:18,229 --> 01:18:16,560

community what what do you see your role

2124

01:18:19,590 --> 01:18:18,239

i'm just i'm just trying to look forward

2125

01:18:21,110 --> 01:18:19,600

because something's going to happen we

2126

01:18:22,550 --> 01:18:21,120

got to get ready and

2127

01:18:24,790 --> 01:18:22,560

i don't think the government's going to

2128

01:18:25,590 --> 01:18:24,800

take care of it right and i don't know

2129

01:18:26,630 --> 01:18:25,600

so

2130

01:18:29,830 --> 01:18:26,640

like

2131

01:18:32,070 --> 01:18:29,840

your ship on this my friend

2132

01:18:35,830 --> 01:18:32,080

i i think

2133

01:18:38,070 --> 01:18:35,840

we have more hope than we have ever had

2134

01:18:38,950 --> 01:18:38,080

in my lifetime

2135

01:18:40,790 --> 01:18:38,960

that

2136

01:18:42,149 --> 01:18:40,800

there may be a partnership with the

2137

01:18:44,390 --> 01:18:42,159

government

2138

01:18:45,830 --> 01:18:44,400

at least certain aspects of the

2139

01:18:48,709 --> 01:18:45,840

government

2140

01:18:50,229 --> 01:18:48,719

um we're not there yet

2141

01:18:52,149 --> 01:18:50,239

uh

2142

01:18:55,270 --> 01:18:52,159

in my opinion

2143

01:18:57,430 --> 01:18:55,280

nobody is ever going to take

2144

01:18:58,709 --> 01:18:57,440

witness experiences

2145

01:19:01,990 --> 01:18:58,719

as

2146

01:19:03,910 --> 01:19:02,000

you know

2147

01:19:05,510 --> 01:19:03,920

there are a lot of people out there who

2148

01:19:10,070 --> 01:19:05,520

are

2149

01:19:12,550 --> 01:19:10,080

the government has set up now multiple

2150

01:19:16,470 --> 01:19:12,560

offices to go study this that they've

2151
01:19:18,790 --> 01:19:16,480
released a report in june of 2021 saying

2152
01:19:21,910 --> 01:19:18,800
yeah the ufos are real

2153
01:19:24,070 --> 01:19:21,920
you know and we don't know what they are

2154
01:19:27,830 --> 01:19:24,080
there's still a ton of people that

2155
01:19:30,470 --> 01:19:27,840
aren't going to accept it until somebody

2156
01:19:33,590 --> 01:19:30,480
in an official position

2157
01:19:36,149 --> 01:19:33,600
either brings out some

2158
01:19:38,550 --> 01:19:36,159
crash wreckage if it exists with

2159
01:19:41,110 --> 01:19:38,560
scientists testifying to it some

2160
01:19:42,870 --> 01:19:41,120
biological samples

2161
01:19:45,030 --> 01:19:42,880
somebody

2162
01:19:48,070 --> 01:19:45,040
far-fetched you know gets an interview

2163
01:19:49,510 --> 01:19:48,080

with skinny bob on the daily

2164

01:19:52,390 --> 01:19:49,520

you know

2165

01:19:54,229 --> 01:19:52,400

when that if that happened

2166

01:19:55,990 --> 01:19:54,239

then i think a lot of the public comes

2167

01:19:57,430 --> 01:19:56,000

along

2168

01:20:00,630 --> 01:19:57,440

until then

2169

01:20:01,669 --> 01:20:00,640

i have been beating the drum as much as

2170

01:20:03,030 --> 01:20:01,679

i could

2171

01:20:05,510 --> 01:20:03,040

and

2172

01:20:07,110 --> 01:20:05,520

i'll just remind everybody again

2173

01:20:10,149 --> 01:20:07,120

until

2174

01:20:12,070 --> 01:20:10,159

i i went 61 years where i was one of

2175

01:20:13,590 --> 01:20:12,080

those people was like oh well this

2176

01:20:15,830 --> 01:20:13,600

sounds really interesting i wonder if it

2177

01:20:18,070 --> 01:20:15,840

could be possible you know

2178

01:20:20,470 --> 01:20:18,080

and now my wife and i have actually

2179

01:20:23,030 --> 01:20:20,480

become experiencers you know

2180

01:20:25,669 --> 01:20:23,040

and i'm out there like

2181

01:20:27,990 --> 01:20:25,679

i can tell you this is real

2182

01:20:30,470 --> 01:20:28,000

it doesn't matter if they didn't

2183

01:20:34,629 --> 01:20:30,480

experience it themselves

2184

01:20:37,590 --> 01:20:34,639

and it really kind of needs the weight

2185

01:20:38,790 --> 01:20:37,600

of a very official

2186

01:20:42,470 --> 01:20:38,800

government

2187

01:20:44,629 --> 01:20:42,480

military i don't really big scientific

2188

01:20:45,910 --> 01:20:44,639

coalition maybe

2189

01:20:48,390 --> 01:20:45,920

saying

2190

01:20:50,149 --> 01:20:48,400

yeah we've been watching all this stuff

2191

01:20:52,550 --> 01:20:50,159

and here's the data we got it's not

2192

01:20:54,709 --> 01:20:52,560

conclusive but we don't know what it is

2193

01:20:55,669 --> 01:20:54,719

and it certainly seems to be unknown

2194

01:21:23,750 --> 01:20:55,679

i

2195

01:21:26,070 --> 01:21:23,760

and then

2196

01:21:27,669 --> 01:21:26,080

you get some new piece of data and if

2197

01:21:28,950 --> 01:21:27,679

that piece of data is good enough for

2198

01:21:32,470 --> 01:21:28,960

you

2199

01:21:34,390 --> 01:21:32,480

okay this is either real or it's

2200

01:21:35,750 --> 01:21:34,400

plausible enough for me that i would

2201

01:21:38,149 --> 01:21:35,760

like to know more about it because it

2202

01:21:39,830 --> 01:21:38,159

certainly seems like it could be real

2203

01:21:41,350 --> 01:21:39,840

and i think that's sort of the stage

2204

01:21:44,229 --> 01:21:41,360

we're at right now

2205

01:21:46,390 --> 01:21:44,239

i mean if you would ask me 16 months ago

2206

01:21:48,070 --> 01:21:46,400

if they were actually ufos

2207

01:21:49,750 --> 01:21:48,080

i would have to honestly tell you as

2208

01:21:51,030 --> 01:21:49,760

much as i've always been fascinated with

2209

01:21:52,310 --> 01:21:51,040

the topic

2210

01:21:54,629 --> 01:21:52,320

i don't know

2211

01:21:57,030 --> 01:21:54,639

maybe the people saying these things

2212

01:21:59,030 --> 01:21:57,040

have misidentified things

2213

01:22:00,790 --> 01:21:59,040

maybe some of them are liars i went

2214

01:22:02,950 --> 01:22:00,800

through all those things

2215

01:22:04,550 --> 01:22:02,960

and then we saw them

2216

01:22:06,790 --> 01:22:04,560

four times

2217

01:22:07,990 --> 01:22:06,800

okay and after the fourth time i was i

2218

01:22:08,950 --> 01:22:08,000

was out there

2219

01:22:11,510 --> 01:22:08,960

like

2220

01:22:12,550 --> 01:22:11,520

oh yeah we've we've seen we've had four

2221

01:22:14,870 --> 01:22:12,560

physical

2222

01:22:16,310 --> 01:22:14,880

sightings of not lights in the sky

2223

01:22:19,110 --> 01:22:16,320

physical craft

2224

01:22:20,870 --> 01:22:19,120

you know right in our neighborhood uh

2225

01:22:22,709 --> 01:22:20,880

three different types two tic tacs one

2226

01:22:24,550 --> 01:22:22,719

triangle and one

2227

01:22:27,830 --> 01:22:24,560

orb for lack of a better word wow that

2228

01:22:30,070 --> 01:22:27,840

we're right over our place you know

2229

01:22:31,189 --> 01:22:30,080

and like i said i went 60 years before

2230

01:22:34,229 --> 01:22:31,199

we saw that

2231

01:22:35,430 --> 01:22:34,239

you know but that just because i report

2232

01:22:37,350 --> 01:22:35,440

on that

2233

01:22:38,470 --> 01:22:37,360

that doesn't make it real for you

2234

01:22:40,390 --> 01:22:38,480

it doesn't make it real for your

2235

01:22:42,870 --> 01:22:40,400

neighbor if they didn't see it

2236

01:22:45,270 --> 01:22:42,880

they're like well he probably saw a

2237

01:22:47,430 --> 01:22:45,280

seagull or a drone or whatever mcquest

2238

01:22:48,229 --> 01:22:47,440

is saying this week you know uh we don't

2239

01:22:55,110 --> 01:22:48,239

know

2240

01:22:56,310 --> 01:22:55,120

last two i saw were tic tacs in broad

2241

01:22:59,990 --> 01:22:56,320

daylight

2242

01:23:00,950 --> 01:23:00,000

you know blue sky right above our house

2243

01:23:03,430 --> 01:23:00,960

you know

2244

01:23:05,669 --> 01:23:03,440

and i i filmed one of them i only got a

2245

01:23:07,990 --> 01:23:05,679

couple of seconds and it wasn't great

2246

01:23:10,229 --> 01:23:08,000

but we also saw an orb in a triangle my

2247

01:23:12,709 --> 01:23:10,239

wife fell in the triangle you know and

2248

01:23:14,709 --> 01:23:12,719

at that point we were like

2249

01:23:16,390 --> 01:23:14,719

okay this is real

2250

01:23:19,270 --> 01:23:16,400

but that still doesn't answer all the

2251

01:23:21,030 --> 01:23:19,280

questions does it right because i'm

2252

01:23:22,950 --> 01:23:21,040

still sitting there i was listening to

2253

01:23:23,990 --> 01:23:22,960

the first part of the show where you

2254

01:23:26,070 --> 01:23:24,000

guys were discussing all the

2255

01:23:27,669 --> 01:23:26,080

possibilities it's like

2256

01:23:28,470 --> 01:23:27,679

well who's in there

2257

01:23:29,990 --> 01:23:28,480

well

2258

01:23:32,950 --> 01:23:30,000

i don't know if anybody's in there could

2259

01:23:36,310 --> 01:23:32,960

be really advanced ai self-replicating

2260

01:23:38,470 --> 01:23:36,320

technology or or maybe it's

2261

01:23:41,189 --> 01:23:38,480

beings we don't know

2262

01:23:42,310 --> 01:23:41,199

i know maybe both

2263

01:23:43,510 --> 01:23:42,320

excuse me

2264

01:23:44,709 --> 01:23:43,520

i'm not one of those people who ever got

2265

01:23:45,590 --> 01:23:44,719

a download

2266

01:23:54,950 --> 01:23:45,600

or

2267

01:23:55,910 --> 01:23:54,960

that i remember anyway i i hear that

2268

01:23:58,470 --> 01:23:55,920

happens to people and they don't

2269

01:24:01,189 --> 01:23:58,480

remember it but no i just saw things in

2270

01:24:04,070 --> 01:24:01,199

the sky that's that's all i have

2271

01:24:06,390 --> 01:24:04,080

i can't go any further than that yet so

2272

01:24:08,790 --> 01:24:06,400

i hope everybody bears with me if i'm

2273

01:24:10,310 --> 01:24:08,800

still a little cautious because i tend

2274

01:24:11,750 --> 01:24:10,320

to gather data

2275

01:24:12,790 --> 01:24:11,760

and

2276

01:24:15,189 --> 01:24:12,800

i'm not

2277

01:24:16,870 --> 01:24:15,199

i've seen too much weird crap now i'm

2278

01:24:18,310 --> 01:24:16,880

not going to discount the stories that

2279

01:24:21,030 --> 01:24:18,320

other people tell

2280

01:24:22,950 --> 01:24:21,040

but i haven't had that experience yet

2281

01:24:24,709 --> 01:24:22,960

and the reason i bring it up guys is

2282

01:24:27,510 --> 01:24:24,719

because i want everybody else who hasn't

2283

01:24:29,110 --> 01:24:27,520

had any experience

2284

01:24:31,270 --> 01:24:29,120

to kind of

2285

01:24:33,270 --> 01:24:31,280

open their minds a little bit and go

2286

01:24:36,149 --> 01:24:33,280

oh well if i saw

2287

01:24:38,390 --> 01:24:36,159

one thing but not another

2288

01:24:39,750 --> 01:24:38,400

maybe i shouldn't totally discount what

2289

01:24:41,910 --> 01:24:39,760

the other people are saying who saw

2290

01:24:44,470 --> 01:24:41,920

something i didn't see because that's

2291

01:24:47,669 --> 01:24:44,480

where i find myself now you know i've

2292

01:24:49,750 --> 01:24:47,679

never been abducted or seen any i don't

2293

01:24:52,870 --> 01:24:49,760

i don't know that there's anybody inside

2294

01:24:56,709 --> 01:24:52,880

the craft but i know the craft exists

2295

01:24:57,430 --> 01:24:56,719

because i've seen them right so i i hope

2296

01:24:59,669 --> 01:24:57,440

we're

2297

01:25:01,270 --> 01:24:59,679

you're doing part of the job of getting

2298

01:25:05,110 --> 01:25:01,280

out with the public

2299

01:25:06,229 --> 01:25:05,120

and introducing the idea to people that

2300

01:25:07,990 --> 01:25:06,239

don't just

2301

01:25:10,149 --> 01:25:08,000

write it up i'm not saying you have to

2302

01:25:13,270 --> 01:25:10,159

believe it i'm not saying you have to go

2303

01:25:15,750 --> 01:25:13,280

oh c5 is real you know whatever

2304

01:25:19,430 --> 01:25:15,760

just you know keep an open mind

2305

01:25:21,750 --> 01:25:19,440

and as you gather more information

2306

01:25:23,669 --> 01:25:21,760

if something happens to you then you'll

2307

01:25:25,750 --> 01:25:23,679

be a little more forgiving to the other

2308

01:25:27,830 --> 01:25:25,760

people who maybe saw something before

2309

01:25:30,149 --> 01:25:27,840

you did or experienced something before

2310

01:25:31,750 --> 01:25:30,159

you did that that's kind of my take on

2311

01:25:33,590 --> 01:25:31,760

the whole thing yeah

2312

01:25:35,590 --> 01:25:33,600

one thing and i know that dj you want to

2313

01:25:38,870 --> 01:25:35,600

take it then one last thing for um jess

2314

01:25:43,910 --> 01:25:38,880

is yeah i'm not an experimenter myself

2315

01:25:45,430 --> 01:25:43,920

so i i am i am somebody that sees data

2316

01:25:47,990 --> 01:25:45,440

all the time i work on data i mean

2317

01:25:49,750 --> 01:25:48,000

there's enough you know similarities

2318

01:25:51,590 --> 01:25:49,760

it's like i don't need to see it in

2319

01:25:53,590 --> 01:25:51,600

front of me to know that it exists i

2320

01:25:56,149 --> 01:25:53,600

know i know there's something and i

2321

01:25:57,750 --> 01:25:56,159

don't have to see it but you know i i

2322

01:26:00,629 --> 01:25:57,760

would love to see one because it'd be

2323

01:26:02,310 --> 01:26:00,639

like final like oh wow you know that

2324

01:26:04,470 --> 01:26:02,320

that feeling of it's real but thank you

2325

01:26:05,510 --> 01:26:04,480

so much for sharing your story i'm sorry

2326

01:26:07,750 --> 01:26:05,520

dj

2327

01:26:10,390 --> 01:26:07,760

no i'm gonna pass it to nathan but i

2328

01:26:12,709 --> 01:26:10,400

just want to a take on what jazz said is

2329

01:26:14,470 --> 01:26:12,719

uh like for the people out there that

2330

01:26:16,550 --> 01:26:14,480

are unsure i don't have to prove it to

2331

01:26:18,629 --> 01:26:16,560

anybody who doesn't believe that's they

2332

01:26:21,430 --> 01:26:18,639

can prove it to themselves or not prove

2333

01:26:23,910 --> 01:26:21,440

it that's not my responsibility to prove

2334

01:26:25,990 --> 01:26:23,920

anything to mick west or any skeptic you

2335

01:26:28,149 --> 01:26:26,000

prove it to yourself don't prove it to

2336

01:26:30,310 --> 01:26:28,159

yourself don't believe it believe it

2337

01:26:32,149 --> 01:26:30,320

it's not my responsibility that's theirs

2338

01:26:33,750 --> 01:26:32,159

nathan

2339

01:26:35,669 --> 01:26:33,760

yeah i mean jazz you touched on this and

2340

01:26:37,350 --> 01:26:35,679

i think it's a an important point worth

2341

01:26:38,629 --> 01:26:37,360

reiterating but that's

2342

01:26:39,669 --> 01:26:38,639

you know what is it going to take for us

2343

01:26:41,990 --> 01:26:39,679

to get

2344

01:26:43,669 --> 01:26:42,000

uh some consensus reality to this topic

2345

01:26:45,910 --> 01:26:43,679

and and you mentioned the fact that that

2346

01:26:48,550 --> 01:26:45,920

that really to get to that point where

2347

01:26:51,270 --> 01:26:48,560

we have a consensus of this reality we

2348

01:26:54,310 --> 01:26:51,280

are going to need um sort of a multitude

2349

01:26:56,709 --> 01:26:54,320

of different uh professionals uh who

2350

01:26:59,030 --> 01:26:56,719

come forward and and collectively say

2351
01:27:00,470 --> 01:26:59,040
you know that there is a there there and

2352
01:27:02,070 --> 01:27:00,480
i wonder how you sort of think about

2353
01:27:04,709 --> 01:27:02,080
that in light of

2354
01:27:05,750 --> 01:27:04,719
our current sort of world cultural

2355
01:27:11,030 --> 01:27:05,760
you know

2356
01:27:12,550 --> 01:27:11,040
individual highly subjective truth world

2357
01:27:14,149 --> 01:27:12,560
that we live in how do we get to that

2358
01:27:17,430 --> 01:27:14,159
place where we can

2359
01:27:20,790 --> 01:27:17,440
have a a consensus reality to even agree

2360
01:27:23,990 --> 01:27:20,800
on what would that look like

2361
01:27:25,669 --> 01:27:24,000
that's a great question nathan um we we

2362
01:27:26,550 --> 01:27:25,679
live in a world right now because i

2363
01:27:30,470 --> 01:27:26,560

cover

2364

01:27:33,270 --> 01:27:30,480

a lot of topics besides ufos

2365

01:27:36,629 --> 01:27:33,280

you know we live in a world where we

2366

01:27:39,590 --> 01:27:36,639

can't get people to agree on whether or

2367

01:27:43,830 --> 01:27:39,600

not covet exists

2368

01:27:47,430 --> 01:27:43,840

or how effective the vaccines are

2369

01:27:49,110 --> 01:27:47,440

and we can't agree on oh my god i could

2370

01:27:51,830 --> 01:27:49,120

go down a list that i don't even want to

2371

01:27:53,590 --> 01:27:51,840

talk to about on a channel discussing

2372

01:27:55,830 --> 01:27:53,600

this important topic

2373

01:27:58,310 --> 01:27:55,840

uh people are not

2374

01:28:00,629 --> 01:27:58,320

easily convinced i one of the things

2375

01:28:02,709 --> 01:28:00,639

that i cover regularly is

2376

01:28:05,910 --> 01:28:02,719

public sentiment and

2377

01:28:07,669 --> 01:28:05,920

confidence in various institutions that

2378

01:28:09,510 --> 01:28:07,679

gallup and a few other

2379

01:28:12,070 --> 01:28:09,520

outlets cover

2380

01:28:13,990 --> 01:28:12,080

people have less faith right now in the

2381

01:28:15,910 --> 01:28:14,000

news media than they've had in aegis

2382

01:28:17,750 --> 01:28:15,920

they have less faith in the conf in the

2383

01:28:20,390 --> 01:28:17,760

congress of the united states than

2384

01:28:22,950 --> 01:28:20,400

they've had in ages

2385

01:28:25,270 --> 01:28:22,960

people don't just believe things

2386

01:28:26,470 --> 01:28:25,280

they need something

2387

01:28:30,149 --> 01:28:26,480

personal

2388

01:28:31,910 --> 01:28:30,159

and i don't know if somebody came up and

2389

01:28:34,149 --> 01:28:31,920

again i'll go back to the

2390

01:28:36,550 --> 01:28:34,159

stereotypical thing if somebody came out

2391

01:28:39,110 --> 01:28:36,560

and wheeled out skinny bob

2392

01:28:41,990 --> 01:28:39,120

next weekend and put him on all the

2393

01:28:44,070 --> 01:28:42,000

sunday shows and he's like yeah i'm

2394

01:28:46,229 --> 01:28:44,080

sorry i ran to the walmart down near

2395

01:28:48,229 --> 01:28:46,239

roswell and i've been stuck here ever

2396

01:28:49,669 --> 01:28:48,239

since i've been waiting for a ride home

2397

01:28:51,669 --> 01:28:49,679

you know

2398

01:28:54,310 --> 01:28:51,679

you could get that and

2399

01:28:56,470 --> 01:28:54,320

if people see it on the television

2400

01:28:59,270 --> 01:28:56,480

they don't necessarily believe that it's

2401
01:29:01,990 --> 01:28:59,280
like oh well that's an animatronic thing

2402
01:29:03,430 --> 01:29:02,000
right you know i don't know i'm not

2403
01:29:07,590 --> 01:29:03,440
trying to make a joke it's true it's

2404
01:29:09,270 --> 01:29:07,600
true if you don't have personal direct

2405
01:29:11,350 --> 01:29:09,280
experience

2406
01:29:14,709 --> 01:29:11,360
it's very easy

2407
01:29:16,470 --> 01:29:14,719
to see suspicions and not to be too much

2408
01:29:18,229 --> 01:29:16,480
of a you know

2409
01:29:20,229 --> 01:29:18,239
whatever you want to call it

2410
01:29:22,870 --> 01:29:20,239
our our government the governments of

2411
01:29:25,030 --> 01:29:22,880
other countries in particular you know

2412
01:29:27,270 --> 01:29:25,040
russia china the other all the major

2413
01:29:28,950 --> 01:29:27,280

powers they say things all the time that

2414

01:29:32,070 --> 01:29:28,960

give you when you find out the facts

2415

01:29:34,070 --> 01:29:32,080

later on reason to go

2416

01:29:35,750 --> 01:29:34,080

are you telling us the truth or are you

2417

01:29:36,629 --> 01:29:35,760

saying something for your own benefit

2418

01:29:37,430 --> 01:29:36,639

you know

2419

01:29:38,390 --> 01:29:37,440

so

2420

01:29:39,430 --> 01:29:38,400

that

2421

01:29:41,990 --> 01:29:39,440

yeah

2422

01:29:46,070 --> 01:29:42,000

to answer the original question

2423

01:29:48,709 --> 01:29:46,080

i i really think we don't need

2424

01:29:49,750 --> 01:29:48,719

we would like but we don't necessarily

2425

01:29:52,229 --> 01:29:49,760

benefit

2426
01:29:54,870 --> 01:29:52,239
from even if we got a government

2427
01:29:56,790 --> 01:29:54,880
revelation where somebody from the

2428
01:29:59,830 --> 01:29:56,800
intelligence services came out and said

2429
01:30:01,590 --> 01:29:59,840
in response to the the new office

2430
01:30:02,790 --> 01:30:01,600
here's what we got we've seen all these

2431
01:30:04,390 --> 01:30:02,800
things they're really weird we don't

2432
01:30:05,750 --> 01:30:04,400
know what they are we think they're

2433
01:30:07,030 --> 01:30:05,760
aliens

2434
01:30:08,149 --> 01:30:07,040
that's not going to do it for a lot of

2435
01:30:10,870 --> 01:30:08,159
people

2436
01:30:13,110 --> 01:30:10,880
i i really think that

2437
01:30:15,030 --> 01:30:13,120
we would have to get to the point and

2438
01:30:18,550 --> 01:30:15,040

this goes into what you were discussing

2439

01:30:23,030 --> 01:30:21,110

excuse me um

2440

01:30:24,390 --> 01:30:23,040

do we get to the point

2441

01:30:26,709 --> 01:30:24,400

where

2442

01:30:28,229 --> 01:30:26,719

whoever or whatever

2443

01:30:29,510 --> 01:30:28,239

if there is something and there may not

2444

01:30:31,590 --> 01:30:29,520

be

2445

01:30:33,430 --> 01:30:31,600

is driving these vehicles

2446

01:30:34,950 --> 01:30:33,440

if they come out and make a public

2447

01:30:37,189 --> 01:30:34,960

statement

2448

01:30:38,790 --> 01:30:37,199

that everybody catches on video

2449

01:30:40,310 --> 01:30:38,800

and is like yes

2450

01:30:42,629 --> 01:30:40,320

yes we're the ones who have been

2451
01:30:44,870 --> 01:30:42,639
abducting your friends sorry about that

2452
01:30:45,669 --> 01:30:44,880
our bad didn't realize you didn't like

2453
01:30:47,510 --> 01:30:45,679
that

2454
01:30:50,149 --> 01:30:47,520
but you know we've been we've been

2455
01:30:52,070 --> 01:30:50,159
messaging with your dna and here we are

2456
01:30:53,750 --> 01:30:52,080
and here's where you know our friends

2457
01:30:55,510 --> 01:30:53,760
the dolphins are all running the ships

2458
01:30:58,790 --> 01:30:55,520
out of the ocean here's a few of the

2459
01:31:01,110 --> 01:30:58,800
ships you know put that on national tv

2460
01:31:02,790 --> 01:31:01,120
then i think everybody comes along do i

2461
01:31:05,830 --> 01:31:02,800
see that happening

2462
01:31:08,470 --> 01:31:05,840
i'm not hopeful uh maybe for some of you

2463
01:31:09,910 --> 01:31:08,480

who are younger i'm already in my 60s

2464

01:31:12,550 --> 01:31:09,920

you know i i don't think i'm gonna live

2465

01:31:14,629 --> 01:31:12,560

to see that if it's gonna happen i i

2466

01:31:16,390 --> 01:31:14,639

know the phenomenon is real

2467

01:31:19,430 --> 01:31:16,400

i i i

2468

01:31:22,310 --> 01:31:19,440

can't prove that it's non-human

2469

01:31:23,669 --> 01:31:22,320

but i see no reason to believe that it's

2470

01:31:25,430 --> 01:31:23,679

human

2471

01:31:27,590 --> 01:31:25,440

i have a technological background i

2472

01:31:31,830 --> 01:31:27,600

worked at radars in the military i'm a

2473

01:31:33,189 --> 01:31:31,840

veteran you know i i i don't see that

2474

01:31:35,030 --> 01:31:33,199

but

2475

01:31:37,590 --> 01:31:35,040

i i really think it would take something

2476

01:31:38,950 --> 01:31:37,600

truly remarkable

2477

01:31:40,149 --> 01:31:38,960

for the in

2478

01:31:42,870 --> 01:31:40,159

not well it's never going to be

2479

01:31:46,390 --> 01:31:42,880

everybody but the majority of the public

2480

01:31:49,830 --> 01:31:46,400

in the united states in north america

2481

01:31:50,709 --> 01:31:49,840

in europe in asia around the world to go

2482

01:31:51,750 --> 01:31:50,719

oh

2483

01:31:54,950 --> 01:31:51,760

okay

2484

01:31:57,110 --> 01:31:54,960

sorry didn't get it the aliens are here

2485

01:31:58,470 --> 01:31:57,120

i i think it takes a lot of work to get

2486

01:32:00,950 --> 01:31:58,480

to that point

2487

01:32:02,790 --> 01:32:00,960

if they are aliens and

2488

01:32:05,350 --> 01:32:02,800

i don't honestly know i like i said i've

2489

01:32:08,550 --> 01:32:05,360

never had any contact with anybody that

2490

01:32:10,790 --> 01:32:08,560

could just be like a structural like

2491

01:32:11,590 --> 01:32:10,800

super ai or something you know we don't

2492

01:32:13,189 --> 01:32:11,600

know

2493

01:32:15,910 --> 01:32:13,199

but

2494

01:32:17,590 --> 01:32:15,920

i i really enjoyed the part of the show

2495

01:32:19,350 --> 01:32:17,600

before i came on when you guys were

2496

01:32:22,709 --> 01:32:19,360

discussing that subject

2497

01:32:26,070 --> 01:32:22,719

and i i sit there and ask myself like

2498

01:32:27,189 --> 01:32:26,080

what would the let's just say it is and

2499

01:32:29,669 --> 01:32:27,199

non-human

2500

01:32:31,990 --> 01:32:29,679

intelligence from another place

2501
01:32:33,750 --> 01:32:32,000
what's their motivation to come and go

2502
01:32:36,229 --> 01:32:33,760
oh here we are guys

2503
01:32:38,070 --> 01:32:36,239
here you go have a sausage

2504
01:32:40,390 --> 01:32:38,080
you know

2505
01:32:41,510 --> 01:32:40,400
what what is their motivation if if they

2506
01:32:43,590 --> 01:32:41,520
don't

2507
01:32:45,110 --> 01:32:43,600
have a need

2508
01:32:46,950 --> 01:32:45,120
or care

2509
01:32:48,550 --> 01:32:46,960
more in my opinion

2510
01:32:50,310 --> 01:32:48,560
what we think

2511
01:32:52,550 --> 01:32:50,320
if they're just studying us like a

2512
01:32:54,390 --> 01:32:52,560
science project

2513
01:32:56,149 --> 01:32:54,400

why would they bother

2514

01:32:57,830 --> 01:32:56,159

it's like there's so many people asking

2515

01:32:59,669 --> 01:32:57,840

these questions and i'll finish up i

2516

01:33:01,110 --> 01:32:59,679

realize i ran a little long on this one

2517

01:33:02,709 --> 01:33:01,120

and i apologize

2518

01:33:06,870 --> 01:33:02,719

but

2519

01:33:08,390 --> 01:33:06,880

we we tend to absorb things in a

2520

01:33:11,510 --> 01:33:08,400

human-centric

2521

01:33:12,870 --> 01:33:11,520

fashion we evaluate possibilities like

2522

01:33:16,790 --> 01:33:12,880

what would we do

2523

01:33:18,709 --> 01:33:16,800

based on our experience evolving here

2524

01:33:20,870 --> 01:33:18,719

if there is an intelligence of some sort

2525

01:33:23,350 --> 01:33:20,880

that evolves somewhere else entirely

2526

01:33:25,430 --> 01:33:23,360

different

2527

01:33:27,350 --> 01:33:25,440

would they care about the same things we

2528

01:33:28,310 --> 01:33:27,360

do do they have a concept of good and

2529

01:33:32,070 --> 01:33:28,320

evil

2530

01:33:34,310 --> 01:33:32,080

do they really give a crap what the ants

2531

01:33:36,790 --> 01:33:34,320

in the anthill are thinking if they

2532

01:33:37,830 --> 01:33:36,800

decide to study the ant hill or stomp on

2533

01:33:38,709 --> 01:33:37,840

it

2534

01:33:41,350 --> 01:33:38,719

you know

2535

01:33:43,750 --> 01:33:41,360

i i think we're making a lot of a lot of

2536

01:33:45,830 --> 01:33:43,760

assumptions when we go well here's why

2537

01:33:46,870 --> 01:33:45,840

the ufos are doing this and this and

2538

01:33:49,350 --> 01:33:46,880

this

2539

01:33:51,750 --> 01:33:49,360

we're basically on our experience

2540

01:33:53,110 --> 01:33:51,760

if there are other intelligences as i

2541

01:33:55,430 --> 01:33:53,120

believe there are

2542

01:33:58,629 --> 01:33:55,440

out there in the cosmos

2543

01:34:01,350 --> 01:33:58,639

they could have come up in ways that

2544

01:34:02,950 --> 01:34:01,360

brought them to a place where

2545

01:34:05,270 --> 01:34:02,960

they may not

2546

01:34:07,669 --> 01:34:05,280

even have a concept of good or evil it's

2547

01:34:09,830 --> 01:34:07,679

just data and no data

2548

01:34:10,790 --> 01:34:09,840

if you look at the more machine oriented

2549

01:34:11,750 --> 01:34:10,800

thing

2550

01:34:15,189 --> 01:34:11,760

right

2551

01:34:16,790 --> 01:34:15,199

and i every time we try to guess why

2552

01:34:19,189 --> 01:34:16,800

they're do why

2553

01:34:20,790 --> 01:34:19,199

they if there's a they

2554

01:34:23,110 --> 01:34:20,800

are doing something

2555

01:34:26,229 --> 01:34:23,120

i i think we tend to read a lot into

2556

01:34:28,149 --> 01:34:26,239

that based on us and they may not be

2557

01:34:29,750 --> 01:34:28,159

anything like us

2558

01:34:30,790 --> 01:34:29,760

so that's what that's the point i wanted

2559

01:34:33,669 --> 01:34:30,800

to make

2560

01:34:36,390 --> 01:34:33,679

well it's all anecdotal i mean you know

2561

01:34:38,390 --> 01:34:36,400

when we put out a hypothesis like

2562

01:34:40,629 --> 01:34:38,400

uh trying to guess why they're here and

2563

01:34:43,750 --> 01:34:40,639

that's all this is as a guess nobody

2564

01:34:46,229 --> 01:34:43,760

knows right but right if they if we bel

2565

01:34:48,629 --> 01:34:46,239

you know if i believe that some of these

2566

01:34:51,990 --> 01:34:48,639

experiencers say they took biology from

2567

01:34:53,669 --> 01:34:52,000

me they probed me they entered my my

2568

01:34:54,709 --> 01:34:53,679

body through an orifice and took

2569

01:34:57,910 --> 01:34:54,719

something

2570

01:35:00,629 --> 01:34:57,920

um if i believe that then the only thing

2571

01:35:04,390 --> 01:35:00,639

that's existential about that is that

2572

01:35:06,870 --> 01:35:04,400

they find an unquantifiable but an

2573

01:35:07,750 --> 01:35:06,880

existential amount of value in what they

2574

01:35:12,709 --> 01:35:07,760

took

2575

01:35:15,189 --> 01:35:12,719

can then extrapolate from there and take

2576

01:35:16,709 --> 01:35:15,199

a guess which is why we have a show so

2577

01:35:18,790 --> 01:35:16,719

that we can explore these things and

2578

01:35:21,270 --> 01:35:18,800

have fun with it we don't know nobody

2579

01:35:24,070 --> 01:35:21,280

knows but if they took a piece of

2580

01:35:26,470 --> 01:35:24,080

biology from a human and then we have

2581

01:35:28,790 --> 01:35:26,480

several experiences saying i saw

2582

01:35:32,149 --> 01:35:28,800

something that looks part human and

2583

01:35:34,070 --> 01:35:32,159

perhaps part not human well then they

2584

01:35:35,990 --> 01:35:34,080

say okay so what do we have that they

2585

01:35:37,350 --> 01:35:36,000

don't have well

2586

01:35:39,350 --> 01:35:37,360

i feel

2587

01:35:41,510 --> 01:35:39,360

when they touch me and i go out and i

2588

01:35:43,350 --> 01:35:41,520

yell at them and say stop you know

2589

01:35:45,590 --> 01:35:43,360

things that they potentially have

2590

01:35:47,430 --> 01:35:45,600

experienced allegedly have experienced

2591

01:35:49,430 --> 01:35:47,440

when they've interacted with humans then

2592

01:35:51,590 --> 01:35:49,440

they say okay i want to we want to

2593

01:35:53,189 --> 01:35:51,600

create something that feels how do we do

2594

01:35:55,750 --> 01:35:53,199

that okay we got to take some of their

2595

01:35:58,149 --> 01:35:55,760

biology in order to do that but with

2596

01:36:00,470 --> 01:35:58,159

that i have a final question and then

2597

01:36:02,550 --> 01:36:00,480

you can extrapolate on anything anything

2598

01:36:06,790 --> 01:36:02,560

that we post today i want to begin with

2599

01:36:09,270 --> 01:36:06,800

our gracious guest here mr jasha um

2600

01:36:11,669 --> 01:36:09,280

is when in terms of because we talked

2601
01:36:13,189 --> 01:36:11,679
about how disclosure might happen how

2602
01:36:15,830 --> 01:36:13,199
people would intake that they would say

2603
01:36:17,750 --> 01:36:15,840
well if i saw it on this channel i might

2604
01:36:19,350 --> 01:36:17,760
believe it but that could even depend on

2605
01:36:21,189 --> 01:36:19,360
which administration's in office and

2606
01:36:22,390 --> 01:36:21,199
which isn't and if it's on the other

2607
01:36:24,550 --> 01:36:22,400
news channel i'm definitely not

2608
01:36:26,390 --> 01:36:24,560
believing it it didn't you know there's

2609
01:36:30,470 --> 01:36:26,400
no such thing

2610
01:36:33,990 --> 01:36:30,480
with that when contact actually happens

2611
01:36:36,950 --> 01:36:34,000
when a craft does something to make

2612
01:36:37,750 --> 01:36:36,960
itself known so that it's irrefutable so

2613
01:36:40,070 --> 01:36:37,760

that

2614

01:36:43,189 --> 01:36:40,080

every news camera in the city of

2615

01:36:46,310 --> 01:36:43,199

cleveland can have their news van

2616

01:36:48,950 --> 01:36:46,320

elevated and pointed at a craft when

2617

01:36:50,310 --> 01:36:48,960

that type of irrefutable evidence

2618

01:36:52,950 --> 01:36:50,320

happens where

2619

01:36:54,870 --> 01:36:52,960

contact is made i don't know what kind

2620

01:36:56,310 --> 01:36:54,880

of contact but something that is

2621

01:36:59,430 --> 01:36:56,320

unavoidable

2622

01:37:01,590 --> 01:36:59,440

my question to you jazz is do you think

2623

01:37:03,830 --> 01:37:01,600

when do you think that would happen how

2624

01:37:04,870 --> 01:37:03,840

do you think that will happen if you had

2625

01:37:06,950 --> 01:37:04,880

to just

2626
01:37:08,550 --> 01:37:06,960
guess what what's your thought on that

2627
01:37:12,149 --> 01:37:08,560
and then for the rest of the panel after

2628
01:37:13,189 --> 01:37:12,159
jazz it could happen tomorrow it might

2629
01:37:14,149 --> 01:37:13,199
never

2630
01:37:18,470 --> 01:37:14,159
happen

2631
01:37:21,109 --> 01:37:18,480
um if we want to ascribe

2632
01:37:25,109 --> 01:37:21,119
more human

2633
01:37:26,950 --> 01:37:25,119
motivations to who or whatever

2634
01:37:28,470 --> 01:37:26,960
is controlling these things

2635
01:37:29,910 --> 01:37:28,480
things i've seen

2636
01:37:33,669 --> 01:37:29,920
um

2637
01:37:36,070 --> 01:37:33,679
it it runs the gamut for me

2638
01:37:37,109 --> 01:37:36,080

to answer you dj because it might be a

2639

01:37:39,350 --> 01:37:37,119

case of

2640

01:37:41,830 --> 01:37:39,360

on one end of the scale it's like well

2641

01:37:43,910 --> 01:37:41,840

they've been trying to hide themselves

2642

01:37:45,350 --> 01:37:43,920

but occasionally we had a peak

2643

01:37:47,910 --> 01:37:45,360

or

2644

01:37:50,470 --> 01:37:47,920

they're doing things and mostly they

2645

01:37:51,990 --> 01:37:50,480

don't want to get involved but you know

2646

01:37:54,149 --> 01:37:52,000

we have occasional

2647

01:37:55,430 --> 01:37:54,159

interactions and on the other end of the

2648

01:37:56,709 --> 01:37:55,440

scale it's like

2649

01:37:59,189 --> 01:37:56,719

no they

2650

01:38:00,310 --> 01:37:59,199

they don't really give a crap

2651

01:38:01,750 --> 01:38:00,320

you know

2652

01:38:03,669 --> 01:38:01,760

so

2653

01:38:06,709 --> 01:38:03,679

if they wanted to come and reveal

2654

01:38:08,709 --> 01:38:06,719

themselves and i'm using the word they

2655

01:38:11,030 --> 01:38:08,719

in the way we've been discussing very

2656

01:38:12,629 --> 01:38:11,040

generically it's like yes if or or

2657

01:38:15,430 --> 01:38:12,639

whoever

2658

01:38:17,030 --> 01:38:15,440

if they wanted to come reveal themselves

2659

01:38:19,830 --> 01:38:17,040

they could have done that a long time

2660

01:38:22,149 --> 01:38:19,840

ago it's the old scenario of why don't

2661

01:38:25,189 --> 01:38:22,159

they land on the white house lawn or in

2662

01:38:26,870 --> 01:38:25,199

front of the kremlin or or something and

2663

01:38:30,229 --> 01:38:26,880

come do it

2664

01:38:33,590 --> 01:38:30,239

and with no proof to offer that's why i

2665

01:38:35,830 --> 01:38:33,600

always seem to revolve back to the

2666

01:38:37,990 --> 01:38:35,840

they don't give a [h__\h]

2667

01:38:39,270 --> 01:38:38,000

that's my personal theory i have no

2668

01:38:40,790 --> 01:38:39,280

proof for it

2669

01:38:43,430 --> 01:38:40,800

they don't care

2670

01:38:45,109 --> 01:38:43,440

we're the ants in the ant hill

2671

01:38:47,669 --> 01:38:45,119

and if they have to squash the ants to

2672

01:38:49,590 --> 01:38:47,679

get some data they'll squash the ants if

2673

01:38:51,350 --> 01:38:49,600

they want to sit and watch the ants

2674

01:38:53,669 --> 01:38:51,360

don't watch the ants

2675

01:38:55,189 --> 01:38:53,679

if they show up and

2676

01:38:56,310 --> 01:38:55,199

their car pulls up in front of the

2677

01:38:58,229 --> 01:38:56,320

inhale

2678

01:39:00,310 --> 01:38:58,239

they're not worried about whether or not

2679

01:39:01,990 --> 01:39:00,320

the ants actually see the van and the

2680

01:39:03,030 --> 01:39:02,000

cameras getting out

2681

01:39:05,750 --> 01:39:03,040

because

2682

01:39:06,709 --> 01:39:05,760

your ants who gives a crap

2683

01:39:07,510 --> 01:39:06,719

you know

2684

01:39:10,310 --> 01:39:07,520

that's

2685

01:39:11,510 --> 01:39:10,320

and again i i have no proof of this

2686

01:39:13,350 --> 01:39:11,520

but

2687

01:39:15,990 --> 01:39:13,360

that's what i keep coming back to i'm

2688

01:39:19,510 --> 01:39:16,000

i'm not sure that they really care

2689

01:39:21,189 --> 01:39:19,520

i i do believe with no proof that there

2690

01:39:22,870 --> 01:39:21,199

is a they

2691

01:39:25,189 --> 01:39:22,880

it could be

2692

01:39:26,790 --> 01:39:25,199

an artificial intelligence if there

2693

01:39:28,629 --> 01:39:26,800

might not be any

2694

01:39:30,390 --> 01:39:28,639

living beings in the craft i know the

2695

01:39:31,750 --> 01:39:30,400

craft are here

2696

01:39:33,590 --> 01:39:31,760

we've seen them

2697

01:39:36,149 --> 01:39:33,600

i filmed them you know

2698

01:39:38,310 --> 01:39:36,159

i i don't know that there is a being in

2699

01:39:40,070 --> 01:39:38,320

any of them there could be

2700

01:39:42,149 --> 01:39:40,080

or

2701

01:39:43,990 --> 01:39:42,159

our own civilization is

2702

01:39:45,189 --> 01:39:44,000

very close china's done it in the last

2703

01:39:47,350 --> 01:39:45,199

two years

2704

01:39:48,709 --> 01:39:47,360

of getting close to developing an

2705

01:39:51,669 --> 01:39:48,719

ansible

2706

01:39:54,229 --> 01:39:51,679

at the ability to have faster or

2707

01:39:56,310 --> 01:39:54,239

no speed transmission of information

2708

01:39:57,430 --> 01:39:56,320

over unlimited distances

2709

01:39:58,950 --> 01:39:57,440

you know

2710

01:40:00,390 --> 01:39:58,960

these could just be

2711

01:40:02,310 --> 01:40:00,400

robots that are being controlled by

2712

01:40:03,510 --> 01:40:02,320

somebody who's like five light systems

2713

01:40:04,550 --> 01:40:03,520

away

2714

01:40:06,229 --> 01:40:04,560

and

2715

01:40:08,709 --> 01:40:06,239

they don't live long enough to you know

2716

01:40:10,629 --> 01:40:08,719

travel that far or whatever but

2717

01:40:11,510 --> 01:40:10,639

they're just controlling them we don't

2718

01:40:14,550 --> 01:40:11,520

know

2719

01:40:16,790 --> 01:40:14,560

that

2720

01:40:18,310 --> 01:40:16,800

um as far as

2721

01:40:21,350 --> 01:40:18,320

answering your question

2722

01:40:23,270 --> 01:40:21,360

when are people going to be satisfied

2723

01:40:25,750 --> 01:40:23,280

i think it's a sliding scale i don't

2724

01:40:28,390 --> 01:40:25,760

think there's a defining moment where

2725

01:40:31,669 --> 01:40:28,400

this thing will happen and then the

2726

01:40:34,390 --> 01:40:31,679

whole world is like oh my god it's real

2727

01:40:35,510 --> 01:40:34,400

the ufos are real there are aliens here

2728

01:40:37,910 --> 01:40:35,520

or

2729

01:40:38,870 --> 01:40:37,920

technology representative of aliens

2730

01:40:41,030 --> 01:40:38,880

right

2731

01:40:44,070 --> 01:40:41,040

um no i i think it's going to be a

2732

01:40:45,030 --> 01:40:44,080

gradual process honestly um i already

2733

01:40:45,910 --> 01:40:45,040

know

2734

01:40:47,669 --> 01:40:45,920

but

2735

01:40:50,709 --> 01:40:47,679

not everybody's seen what i've seen

2736

01:40:52,149 --> 01:40:50,719

you know so

2737

01:40:54,390 --> 01:40:52,159

i i don't know

2738

01:40:56,310 --> 01:40:54,400

who or what is controlling it

2739

01:40:57,590 --> 01:40:56,320

and how it's being done

2740

01:40:59,189 --> 01:40:57,600

but i think it's going to be more of a

2741

01:41:01,350 --> 01:40:59,199

gradual progression to answer your

2742

01:41:03,189 --> 01:41:01,360

question i i don't think there is a red

2743

01:41:04,550 --> 01:41:03,199

line

2744

01:41:06,950 --> 01:41:04,560

nathan do you think it happens during

2745

01:41:09,590 --> 01:41:06,960

your lifetime contact

2746

01:41:11,270 --> 01:41:09,600

i mean for me um

2747

01:41:12,950 --> 01:41:11,280

it's almost like it i've come to a place

2748

01:41:14,709 --> 01:41:12,960

where i don't know that it matters so

2749

01:41:16,629 --> 01:41:14,719

much um

2750

01:41:18,950 --> 01:41:16,639

because

2751
01:41:21,750 --> 01:41:18,960
there is something there and it's doing

2752
01:41:23,830 --> 01:41:21,760
something to us in the in how we react

2753
01:41:25,669 --> 01:41:23,840
to it whatever it may be

2754
01:41:27,510 --> 01:41:25,679
and even that's something that reaction

2755
01:41:29,189 --> 01:41:27,520
is not necessarily

2756
01:41:31,350 --> 01:41:29,199
entirely new you know we've been

2757
01:41:33,510 --> 01:41:31,360
grappling with this notion of that we're

2758
01:41:35,189 --> 01:41:33,520
not alone for centuries

2759
01:41:36,950 --> 01:41:35,199
and we've spun out a lot of different

2760
01:41:37,830 --> 01:41:36,960
theories about what that may mean i

2761
01:41:40,070 --> 01:41:37,840
think

2762
01:41:41,270 --> 01:41:40,080
where it does make a difference is how

2763
01:41:43,830 --> 01:41:41,280

we

2764

01:41:45,669 --> 01:41:43,840

how our technology changes and how how

2765

01:41:48,229 --> 01:41:45,679

our impact on the world around us

2766

01:41:49,830 --> 01:41:48,239

changes in light of that technological

2767

01:41:52,390 --> 01:41:49,840

change so i i

2768

01:41:54,950 --> 01:41:52,400

i'd like to see it yes for that sort of

2769

01:41:56,709 --> 01:41:54,960

hey this is great confirmation that what

2770

01:41:59,350 --> 01:41:56,719

i feel is pretty

2771

01:42:01,590 --> 01:41:59,360

much there is in fact real

2772

01:42:03,109 --> 01:42:01,600

but um i've also come to a place of p a

2773

01:42:04,629 --> 01:42:03,119

piece where i you know maybe it won't

2774

01:42:07,109 --> 01:42:04,639

happen and that's

2775

01:42:09,590 --> 01:42:07,119

that's perfectly okay for me

2776

01:42:12,310 --> 01:42:09,600

a lot of people that have worked on this

2777

01:42:14,950 --> 01:42:12,320

just to tag on what nathan was saying

2778

01:42:17,350 --> 01:42:14,960

a lot of people that spent their entire

2779

01:42:19,270 --> 01:42:17,360

lives trying to find the answers trying

2780

01:42:21,669 --> 01:42:19,280

to bring the answers to people have

2781

01:42:24,950 --> 01:42:21,679

passed away just in the past few years

2782

01:42:26,950 --> 01:42:24,960

and they died not knowing the answers

2783

01:42:29,270 --> 01:42:26,960

and i don't think

2784

01:42:31,910 --> 01:42:29,280

we should discount the possibility

2785

01:42:35,910 --> 01:42:31,920

that a lot of us and i'm older than i

2786

01:42:38,229 --> 01:42:35,920

believe everybody on this show

2787

01:42:39,830 --> 01:42:38,239

you got me by a few years five

2788

01:42:42,149 --> 01:42:39,840

a lot of us

2789

01:42:42,870 --> 01:42:42,159

are also going to die without knowing

2790

01:42:44,950 --> 01:42:42,880

but

2791

01:42:46,629 --> 01:42:44,960

we can at least try to move the ball

2792

01:42:48,390 --> 01:42:46,639

down the field

2793

01:42:51,430 --> 01:42:48,400

and that maybe some of you younger

2794

01:42:53,990 --> 01:42:51,440

people or your kids will find the answer

2795

01:42:56,629 --> 01:42:54,000

and that's not

2796

01:42:58,390 --> 01:42:56,639

a worthless thing to do we're i think

2797

01:43:00,470 --> 01:42:58,400

we're doing good work

2798

01:43:02,709 --> 01:43:00,480

and i think it's important and i think

2799

01:43:05,510 --> 01:43:02,719

you could be passing something on even

2800

01:43:07,990 --> 01:43:05,520

if you don't get to see the answer

2801
01:43:09,030 --> 01:43:08,000
i think you could be one of those people

2802
01:43:10,790 --> 01:43:09,040
who

2803
01:43:12,550 --> 01:43:10,800
was part of the story

2804
01:43:14,790 --> 01:43:12,560
when the answer finally becomes known

2805
01:43:16,229 --> 01:43:14,800
and i have to believe it eventually will

2806
01:43:19,030 --> 01:43:16,239
be known

2807
01:43:22,629 --> 01:43:19,040
yeah akashi

2808
01:43:24,790 --> 01:43:22,639
that's that's really beautiful jess um

2809
01:43:28,550 --> 01:43:24,800
but seriously i mean i the the more i

2810
01:43:31,750 --> 01:43:30,229
when i think when you die you get all

2811
01:43:35,189 --> 01:43:31,760
the answers

2812
01:43:38,070 --> 01:43:35,199
so sure no when when when we died

2813
01:43:39,430 --> 01:43:38,080

when harry reid died after after the

2814

01:43:41,830 --> 01:43:39,440

bill was signed

2815

01:43:44,470 --> 01:43:41,840

it made me feel like he hung on to that

2816

01:43:46,070 --> 01:43:44,480

but now he has all the answers stanton

2817

01:43:50,950 --> 01:43:46,080

didn't make it but he has all the

2818

01:43:56,310 --> 01:43:53,189

we're tied somehow we're all tied

2819

01:43:58,310 --> 01:43:56,320

somehow i don't think we're ants and and

2820

01:44:00,229 --> 01:43:58,320

if we were ants and the reason why i say

2821

01:44:02,790 --> 01:44:00,239

that is because if we were ants we'd be

2822

01:44:04,870 --> 01:44:02,800

wiped out we're crapping excuse me all

2823

01:44:06,950 --> 01:44:04,880

over our planet you know so we're

2824

01:44:09,030 --> 01:44:06,960

destructive to our resources so why

2825

01:44:10,709 --> 01:44:09,040

wouldn't they have eliminated us i just

2826

01:44:13,350 --> 01:44:10,719

you know and that's an opinion again

2827

01:44:16,229 --> 01:44:13,360

just like we all have them um yeah i'm

2828

01:44:17,350 --> 01:44:16,239

not gonna go why but um bottom line is

2829

01:44:19,270 --> 01:44:17,360

that

2830

01:44:22,149 --> 01:44:19,280

we're all connected i think we're more

2831

01:44:23,750 --> 01:44:22,159

than ants i hope i see something i'm not

2832

01:44:26,310 --> 01:44:23,760

sure i will but i'm seeing it very

2833

01:44:27,990 --> 01:44:26,320

slowly i think we're seeing it just so

2834

01:44:29,750 --> 01:44:28,000

slowly that the you know we're like

2835

01:44:31,750 --> 01:44:29,760

those frogs that boil and we don't

2836

01:44:32,950 --> 01:44:31,760

notice because we're boiling it to you

2837

01:44:34,550 --> 01:44:32,960

know

2838

01:44:37,510 --> 01:44:34,560

just a little bit at a time we can't

2839

01:44:38,950 --> 01:44:37,520

tell um

2840

01:44:41,270 --> 01:44:38,960

in a way i think

2841

01:44:43,109 --> 01:44:41,280

it will be when it's supposed to

2842

01:44:45,270 --> 01:44:43,119

because as a as

2843

01:44:47,590 --> 01:44:45,280

as we talked about earlier we don't know

2844

01:44:49,669 --> 01:44:47,600

if society is ready i know some people

2845

01:44:51,990 --> 01:44:49,679

say that they're already but a lot of

2846

01:44:53,030 --> 01:44:52,000

things tell us that we're not so i'm

2847

01:44:57,270 --> 01:44:53,040

just

2848

01:44:59,430 --> 01:44:57,280

it comes and i want to be part of this

2849

01:45:01,669 --> 01:44:59,440

in helping people because

2850

01:45:03,030 --> 01:45:01,679

i see the cringe in my friends faces

2851
01:45:04,550 --> 01:45:03,040
that are totally skeptical when i'm

2852
01:45:08,870 --> 01:45:04,560
bringing it up and they look at me like

2853
01:45:11,510 --> 01:45:08,880
i'm a freak and you know i i

2854
01:45:13,830 --> 01:45:11,520
i believe in something and you guys you

2855
01:45:15,830 --> 01:45:13,840
guys have experienced it it's not made

2856
01:45:17,990 --> 01:45:15,840
up so anyway that's all i got to say

2857
01:45:20,229 --> 01:45:18,000
about that

2858
01:45:22,229 --> 01:45:20,239
you brought up the whole thing about

2859
01:45:23,510 --> 01:45:22,239
harry reid

2860
01:45:25,910 --> 01:45:23,520
um

2861
01:45:26,870 --> 01:45:25,920
would would you like a little nugget

2862
01:45:30,790 --> 01:45:26,880
please

2863
01:45:32,550 --> 01:45:30,800

which

2864

01:45:36,229 --> 01:45:32,560

it's not

2865

01:45:37,830 --> 01:45:36,239

my possession and i can't say much about

2866

01:45:39,510 --> 01:45:37,840

it and i probably shouldn't even say

2867

01:45:45,189 --> 01:45:39,520

that

2868

01:45:46,950 --> 01:45:45,199

but harry reid hasn't had his less say

2869

01:45:49,189 --> 01:45:46,960

um

2870

01:45:51,109 --> 01:45:49,199

from pretty good sources

2871

01:45:54,709 --> 01:45:51,119

harry reid recorded something with

2872

01:45:56,709 --> 01:45:54,719

somebody that we have had contact with

2873

01:45:59,990 --> 01:45:56,719

that was going to be held until after he

2874

01:46:02,310 --> 01:46:00,000

passed away then i don't know if or when

2875

01:46:05,510 --> 01:46:02,320

it's going to come out

2876

01:46:09,270 --> 01:46:05,520

but i do think that harry reid will have

2877

01:46:12,070 --> 01:46:09,280

a final statement even after his death

2878

01:46:13,430 --> 01:46:12,080

that is going to shake the whole thing

2879

01:46:15,270 --> 01:46:13,440

up

2880

01:46:17,750 --> 01:46:15,280

oh thank you so much for sharing that

2881

01:46:20,470 --> 01:46:17,760

with us jazz i was very very kind of you

2882

01:46:23,030 --> 01:46:20,480

to uh to offer that up on our on our

2883

01:46:25,830 --> 01:46:23,040

show and obviously you know that all of

2884

01:46:28,629 --> 01:46:25,840

us are honored by your or your presence

2885

01:46:31,350 --> 01:46:28,639

um flair did you have a thought about

2886

01:46:33,590 --> 01:46:31,360

contact no contact or anything that uh

2887

01:46:36,390 --> 01:46:33,600

that's been said i think i think um it's

2888

01:46:38,709 --> 01:46:36,400

happening right now and i think um

2889

01:46:42,229 --> 01:46:38,719

it's happening through us people like us

2890

01:46:44,229 --> 01:46:42,239

i think maybe we're carrying it and

2891

01:46:46,070 --> 01:46:44,239

we just have to keep pushing

2892

01:46:47,590 --> 01:46:46,080

maybe we're the voices for it that's

2893

01:46:48,550 --> 01:46:47,600

what i think

2894

01:46:50,310 --> 01:46:48,560

so

2895

01:46:51,390 --> 01:46:50,320

thank you that's all i got to say about

2896

01:47:01,750 --> 01:46:51,400

that

2897

01:47:06,550 --> 01:47:04,070

without going too much into the whole

2898

01:47:07,669 --> 01:47:06,560

experience or thing i can say that i

2899

01:47:10,310 --> 01:47:07,679

sense

2900

01:47:13,590 --> 01:47:10,320

that it will be sooner than people think

2901
01:47:16,790 --> 01:47:13,600
and part of that is that our technology

2902
01:47:19,510 --> 01:47:16,800
is starting to get pretty advanced

2903
01:47:23,590 --> 01:47:19,520
so we're already starting to reach out

2904
01:47:26,790 --> 01:47:23,600
into the universe we already have

2905
01:47:29,270 --> 01:47:26,800
an identified flying object on mars and

2906
01:47:31,830 --> 01:47:29,280
applications to go on mars

2907
01:47:33,669 --> 01:47:31,840
so i believe we're reaching out into the

2908
01:47:34,830 --> 01:47:33,679
universe and it's

2909
01:47:37,189 --> 01:47:34,840
it's

2910
01:47:39,590 --> 01:47:37,199
noticing so

2911
01:47:46,390 --> 01:47:40,550
um

2912
01:47:48,790 --> 01:47:46,400
kind of like nathan says it it doesn't

2913
01:47:50,310 --> 01:47:48,800

necessarily matter but just

2914

01:47:52,310 --> 01:47:50,320

because we're doing a thought we're just

2915

01:47:54,709 --> 01:47:52,320

asking a question so from that

2916

01:47:57,430 --> 01:47:54,719

standpoint i'll answer my own question

2917

01:47:59,990 --> 01:47:57,440

um i i think it that

2918

01:48:02,310 --> 01:48:00,000

we we are having contact

2919

01:48:05,270 --> 01:48:02,320

and i think uh

2920

01:48:07,590 --> 01:48:05,280

the amount of sightings

2921

01:48:09,189 --> 01:48:07,600

by the united states navy and the other

2922

01:48:11,030 --> 01:48:09,199

services right now

2923

01:48:12,629 --> 01:48:11,040

the uh

2924

01:48:13,590 --> 01:48:12,639

the sheer massive sightings they're

2925

01:48:15,669 --> 01:48:13,600

having

2926

01:48:17,750 --> 01:48:15,679

tells us that i think

2927

01:48:21,109 --> 01:48:17,760

that they if they're going to become

2928

01:48:23,990 --> 01:48:21,119

omnipresent possibly in our lifetime to

2929

01:48:26,550 --> 01:48:24,000

a level where it will be irrefutable

2930

01:48:28,550 --> 01:48:26,560

uh just as it was in upstate new york

2931

01:48:30,950 --> 01:48:28,560

which maybe i don't even think there's

2932

01:48:32,950 --> 01:48:30,960

nukes up there maybe plattsburgh back in

2933

01:48:35,030 --> 01:48:32,960

the day when you know earlier days you

2934

01:48:36,629 --> 01:48:35,040

know jazz might have said oh well you

2935

01:48:39,189 --> 01:48:36,639

know shoot they've got you know a

2936

01:48:40,709 --> 01:48:39,199

nuclear bomb wing at plattsburgh uh

2937

01:48:42,229 --> 01:48:40,719

which they don't have anymore they

2938

01:48:47,669 --> 01:48:42,239

actually hold woodstock there i think at

2939

01:48:51,030 --> 01:48:49,910

um but yeah if you ever get a chance to

2940

01:48:52,790 --> 01:48:51,040

go down to

2941

01:48:54,870 --> 01:48:52,800

uh white lake and go to the original

2942

01:48:55,750 --> 01:48:54,880

site it's absolutely amazing it's worth

2943

01:48:56,870 --> 01:48:55,760

the trip

2944

01:48:59,990 --> 01:48:56,880

um

2945

01:49:02,550 --> 01:49:00,000

but uh yeah so i i think it it it quite

2946

01:49:05,030 --> 01:49:02,560

possibly may happen i don't know if it

2947

01:49:07,189 --> 01:49:05,040

it will answer questions but when i talk

2948

01:49:09,030 --> 01:49:07,199

about contact i mean people seeing

2949

01:49:11,830 --> 01:49:09,040

enough craft that it's going to become

2950

01:49:14,390 --> 01:49:11,840

like okay there's there's something here

2951
01:49:16,870 --> 01:49:14,400
um so anyway that's that's my opinion

2952
01:49:19,189 --> 01:49:16,880
uh on the topic but uh

2953
01:49:20,790 --> 01:49:19,199
yeah okay kevin's doing some cocktails

2954
01:49:22,149 --> 01:49:20,800
in the background some chinese martial

2955
01:49:24,709 --> 01:49:22,159
arts

2956
01:49:26,709 --> 01:49:24,719
jazz shaw uh please put jazz up front

2957
01:49:28,629 --> 01:49:26,719
and center nathan please

2958
01:49:30,790 --> 01:49:28,639
um

2959
01:49:33,350 --> 01:49:30,800
it was an absolute honor to have you on

2960
01:49:35,189 --> 01:49:33,360
i hope you'll come back on because i

2961
01:49:36,310 --> 01:49:35,199
sense that you want to

2962
01:49:39,030 --> 01:49:36,320
um

2963
01:49:40,790 --> 01:49:39,040

explore some of those esoteric aspects

2964

01:49:43,270 --> 01:49:40,800

of the phenomenon with us

2965

01:49:45,830 --> 01:49:43,280

further that you heard us exploring with

2966

01:49:48,950 --> 01:49:45,840

frank and we would really like to do

2967

01:49:52,229 --> 01:49:48,960

that with you uh everybody on this show

2968

01:49:53,830 --> 01:49:52,239

watches you uh reads your tweets and

2969

01:49:55,270 --> 01:49:53,840

enjoys you and you're extremely

2970

01:49:57,990 --> 01:49:55,280

knowledgeable

2971

01:49:59,109 --> 01:49:58,000

for us and we really appreciate it so

2972

01:50:00,790 --> 01:49:59,119

thank you very much please tell

2973

01:50:02,149 --> 01:50:00,800

everybody where that they can find all

2974

01:50:05,109 --> 01:50:02,159

of your work

2975

01:50:07,750 --> 01:50:05,119

well i appreciate being invited and i

2976

01:50:09,510 --> 01:50:07,760

had a great time i think you guys have a

2977

01:50:11,990 --> 01:50:09,520

great panel i've watched a whole bunch

2978

01:50:14,629 --> 01:50:12,000

of your shows and you explore a lot of

2979

01:50:16,709 --> 01:50:14,639

topics i'm interested in um i don't

2980

01:50:17,510 --> 01:50:16,719

pretend to be an expert on anything

2981

01:50:19,990 --> 01:50:17,520

uh

2982

01:50:22,390 --> 01:50:20,000

you know i just i go dig up information

2983

01:50:25,030 --> 01:50:22,400

and try to put it out for people

2984

01:50:26,790 --> 01:50:25,040

you know and certainly i i would come

2985

01:50:27,910 --> 01:50:26,800

back i think you're a lot of fun

2986

01:50:28,709 --> 01:50:27,920

um

2987

01:50:31,830 --> 01:50:28,719

it's

2988

01:50:33,350 --> 01:50:31,840

you for having me

2989

01:50:35,430 --> 01:50:33,360

thank you where can we find your stuff

2990

01:50:37,270 --> 01:50:35,440

because i where are you writing for and

2991

01:50:39,270 --> 01:50:37,280

so on so forth i just want every i know

2992

01:50:40,790 --> 01:50:39,280

everybody that watches this probably is

2993

01:50:42,790 --> 01:50:40,800

already aware of your work but where is

2994

01:50:45,589 --> 01:50:42,800

your primary source that you're writing

2995

01:50:47,830 --> 01:50:45,599

for so on and so forth oh i write for

2996

01:50:50,790 --> 01:50:47,840

multiple sources i write for salem media

2997

01:50:52,390 --> 01:50:50,800

you can look there uh mostly you if you

2998

01:50:55,750 --> 01:50:52,400

want to follow whatever i'm talking

2999

01:50:57,189 --> 01:50:55,760

about i'm my only social media

3000

01:50:59,189 --> 01:50:57,199

outlook you know

3001
01:51:01,589 --> 01:50:59,199
place i hang out is twitter i'm at

3002
01:51:02,709 --> 01:51:01,599
jackshaw you know

3003
01:51:07,430 --> 01:51:02,719
that's

3004
01:51:09,109 --> 01:51:07,440
from ufos to

3005
01:51:10,870 --> 01:51:09,119
politics and government and energy

3006
01:51:13,669 --> 01:51:10,880
policy to

3007
01:51:15,189 --> 01:51:13,679
the best way to make martinis yeah

3008
01:51:17,669 --> 01:51:15,199
and horseradish

3009
01:51:20,070 --> 01:51:17,679
hybridizing horseradish you guys heard

3010
01:51:22,149 --> 01:51:20,080
it here first trust me if you follow me

3011
01:51:24,390 --> 01:51:22,159
you may you will be disappointed at

3012
01:51:27,510 --> 01:51:24,400
various times because i have a really

3013
01:51:29,189 --> 01:51:27,520

eclectic agenda it's like whatever comes

3014

01:51:31,350 --> 01:51:29,199

over the transom at the moment so love

3015

01:51:34,629 --> 01:51:31,360

it but thank you for having me thank you

3016

01:51:36,390 --> 01:51:34,639

it was an honor to have you uh yes if

3017

01:51:39,430 --> 01:51:36,400

anybody wants to say goodbye to jazz for

3018

01:51:42,310 --> 01:51:39,440

uh nathan for akashi for uh flare and

3019

01:51:44,550 --> 01:51:42,320

for deb this is dj saying peace out one

3020

01:51:46,770 --> 01:51:44,560

love and we'll see you down the road
