Calling All Beings

1
00:00:16,390 --> 00:00:08,510
calling all beings y'all

2
00:00:17,700 --> 00:00:16,400
[Music]

3
00:00:32,709 --> 00:00:17,710
what

4
00:00:38,310 --> 00:00:35,430
all right welcome back to calling all

5
00:00:39,830 --> 00:00:38,320
beings i'm your host nathan and we are

6
00:00:42,150 --> 00:00:39,840
we've got an amazing show for you guys

7
00:00:44,389 --> 00:00:42,160
tonight very excited to speak with our

8
00:00:46,549 --> 00:00:44,399
guest before we get to her with a little

9
00:00:47,990 --> 00:00:46,559
bit of housekeeping just to let everyone

10
00:00:49,350 --> 00:00:48,000
know what's going on so dj who's

11
00:00:51,430 --> 00:00:49,360
normally with us and who will who

12
00:00:52,950 --> 00:00:51,440
normally does our amazing introductions

13
00:00:54,630 --> 00:00:52,960

uh he's taking the night off we're

14

00:00:56,549 --> 00:00:54,640

giving him a little personal time

15

00:00:58,069 --> 00:00:56,559

uh and and one thing that we care about

16

00:01:00,549 --> 00:00:58,079

more than the phenomenon is taking care

17

00:01:02,310 --> 00:01:00,559

of ourselves as well of each other so dj

18

00:01:04,710 --> 00:01:02,320

we hope that uh you're doing well and

19

00:01:06,390 --> 00:01:04,720

we'll have you back on asap uh but

20

00:01:07,590 --> 00:01:06,400

sending you some good good vibes tonight

21

00:01:10,070 --> 00:01:07,600

so

22

00:01:11,670 --> 00:01:10,080

uh again i am nathan the co-host might

23

00:01:14,390 --> 00:01:11,680

like to introduce my other co-hosts

24

00:01:16,070 --> 00:01:14,400

we've got akashi chris uh at chris

25

00:01:17,830 --> 00:01:16,080

mullins texas

26

00:01:20,550 --> 00:01:17,840

what's up guys how's it going how are

27

00:01:22,230 --> 00:01:20,560

you guys doing so excited to be here

28

00:01:24,789 --> 00:01:22,240

yeah it's gonna be a good one tonight uh

29

00:01:27,270 --> 00:01:24,799

then we've got our our researcher

30

00:01:33,510 --> 00:01:27,280

extraordinaire deb at study of uaps deb

31

00:01:36,870 --> 00:01:35,749

you can't hear me i was talking no we

32

00:01:37,670 --> 00:01:36,880

can hear you it's good to hear your

33

00:01:39,030 --> 00:01:37,680

voice

34

00:01:42,310 --> 00:01:39,040

okay great

35

00:01:44,149 --> 00:01:42,320

and flair our humorous antagonist flair

36

00:01:47,510 --> 00:01:44,159

what's up hello

37

00:01:50,469 --> 00:01:47,520

hello earthlings how are you today

38

00:01:55,109 --> 00:01:50,479

i am flair dead man i need to enunciate

39

00:01:58,630 --> 00:01:56,950

always good to hear from you sounding

40

00:02:00,310 --> 00:01:58,640

fantastic this evening

41

00:02:02,149 --> 00:02:00,320

well listen we have an excellent show

42

00:02:04,630 --> 00:02:02,159

lined up for you guys tonight uh we are

43

00:02:07,749 --> 00:02:04,640

incredibly excited to speak with this

44

00:02:11,029 --> 00:02:07,759

guest uh she is has a long background in

45

00:02:13,430 --> 00:02:11,039

pr uh founder of vocab.com

46

00:02:15,750 --> 00:02:13,440

uh director of media at the debrief uh

47

00:02:18,949 --> 00:02:15,760

she's also a co-host at an excellent

48

00:02:21,030 --> 00:02:18,959

podcast called alt pop repeat uh and

49

00:02:22,390 --> 00:02:21,040

then you'll find her on

50

00:02:25,430 --> 00:02:22,400

her youtube

51
00:02:27,110 --> 00:02:25,440
which is rebelliously curious with

52
00:02:28,150 --> 00:02:27,120
chrissy newton welcome christy to the

53
00:02:38,550 --> 00:02:28,160
show

54
00:02:43,190 --> 00:02:40,630
yes normally dj does if you're familiar

55
00:02:44,790 --> 00:02:43,200
with uh wwe chrissy that's the kind of

56
00:02:45,589 --> 00:02:44,800
intro that dj typically does for the

57
00:02:47,430 --> 00:02:45,599
show

58
00:02:50,150 --> 00:02:47,440
nice dj

59
00:02:51,670 --> 00:02:50,160
you cannot you cannot uh do what dj does

60
00:02:53,830 --> 00:02:51,680
though so we're just gonna do the the

61
00:02:55,270 --> 00:02:53,840
chill method today uh so anyway we are

62
00:02:57,430 --> 00:02:55,280
incredibly excited to have you with us

63
00:02:59,910 --> 00:02:57,440

chrissy uh we're all big fans of what

64

00:03:02,070 --> 00:02:59,920

you do at the debrief um and and

65

00:03:03,910 --> 00:03:02,080

everything else i mean it's crazy to me

66

00:03:05,670 --> 00:03:03,920

just looking at the stuff that you do i

67

00:03:08,149 --> 00:03:05,680

don't know how you do it all right it's

68

00:03:10,390 --> 00:03:08,159

a lot of work what we do how do you keep

69

00:03:13,350 --> 00:03:10,400

up with everything on your plate

70

00:03:14,869 --> 00:03:13,360

i am insane at scheduling

71

00:03:18,869 --> 00:03:14,879

starting off as a publicist you have to

72

00:03:20,790 --> 00:03:18,879

be extremely organized so i my days are

73

00:03:22,550 --> 00:03:20,800

really organized and people always laugh

74

00:03:25,589 --> 00:03:22,560

at me my friends do from like going out

75

00:03:28,149 --> 00:03:25,599

for dinners to like what i'm gonna do

76

00:03:30,309 --> 00:03:28,159

yeah it's i'm pretty organized but i

77

00:03:31,830 --> 00:03:30,319

also you know i i have fr i have like my

78

00:03:34,070 --> 00:03:31,840

friend who does the other show with me

79

00:03:36,470 --> 00:03:34,080

all pop repeat so she does she produces

80

00:03:38,710 --> 00:03:36,480

one show i produce the other show so i'm

81

00:03:39,910 --> 00:03:38,720

not fully on my my own and then in vocab

82

00:03:42,550 --> 00:03:39,920

i have some other people that work for

83

00:03:44,630 --> 00:03:42,560

me so it is a team but with the debrief

84

00:03:46,550 --> 00:03:44,640

you know we're a whole collective so i

85

00:03:48,949 --> 00:03:46,560

just i you know i don't have kids that's

86

00:03:50,789 --> 00:03:48,959

one thing too um so i'm lucky to be able

87

00:03:53,350 --> 00:03:50,799

to just be able to create all the time

88

00:03:54,869 --> 00:03:53,360

which is great just be scheduled yeah

89

00:03:55,910 --> 00:03:54,879

yeah that's amazing now have you always

90

00:03:57,910 --> 00:03:55,920

been like that or is that something you

91

00:03:59,270 --> 00:03:57,920

kind of picked up later in life

92

00:04:00,710 --> 00:03:59,280

uh

93

00:04:03,830 --> 00:04:00,720

i would say later in life like in my

94

00:04:05,110 --> 00:04:03,840

early 20s if that's later in life but um

95

00:04:07,350 --> 00:04:05,120

for sure when i was a kid i was not

96

00:04:09,350 --> 00:04:07,360

organized at all but when later on when

97

00:04:10,869 --> 00:04:09,360

i when i started wanting to get into pr

98

00:04:13,589 --> 00:04:10,879

and i kind of figured out what it was

99

00:04:15,750 --> 00:04:13,599

and knew what it was then it just

100

00:04:17,670 --> 00:04:15,760

demanded that of me that i had to be

101
00:04:19,990 --> 00:04:17,680
really organized so

102
00:04:21,349 --> 00:04:20,000
here i am excellent excellent well we

103
00:04:22,550 --> 00:04:21,359
are excited to have you with us uh we're

104
00:04:24,230 --> 00:04:22,560
gonna do a little bit of a round-robin

105
00:04:26,870 --> 00:04:24,240
kind of question session so you'll hear

106
00:04:28,550 --> 00:04:26,880
from everybody on the panel um first up

107
00:04:30,629 --> 00:04:28,560
we're going to speak with uh deb deb i

108
00:04:31,830 --> 00:04:30,639
know you've got a load of questions for

109
00:04:33,030 --> 00:04:31,840
uh chrissy

110
00:04:35,189 --> 00:04:33,040
you wouldn't believe the list of

111
00:04:36,870 --> 00:04:35,199
questions that deb has compiled so deb

112
00:04:38,629 --> 00:04:36,880
why don't you kick it off for us

113
00:04:41,110 --> 00:04:38,639

well i think the one that is most

114

00:04:43,990 --> 00:04:41,120

interesting to me um has to do with your

115

00:04:46,390 --> 00:04:44,000

recent tweet about speaking to travis

116

00:04:47,430 --> 00:04:46,400

walton and of course you've spoken to a

117

00:04:49,990 --> 00:04:47,440

lot of

118

00:04:51,670 --> 00:04:50,000

major players in the ufo

119

00:04:52,629 --> 00:04:51,680

community so i was just kind of

120

00:04:55,830 --> 00:04:52,639

wondering

121

00:04:57,909 --> 00:04:55,840

what were the significant messages that

122

00:04:59,830 --> 00:04:57,919

you got from those interviews that you

123

00:05:01,990 --> 00:04:59,840

felt kind of stood out that you wanted

124

00:05:04,070 --> 00:05:02,000

to share

125

00:05:07,510 --> 00:05:04,080

ooh that's a great question uh the

126

00:05:09,270 --> 00:05:07,520

travis walton interview i did in 2015.

127

00:05:12,469 --> 00:05:09,280

so it was a really long time ago at the

128

00:05:14,550 --> 00:05:12,479

ufo congress uh and this is way before

129

00:05:16,550 --> 00:05:14,560

obviously the uap report and everything

130

00:05:17,909 --> 00:05:16,560

else that happened in 2017 with lu

131

00:05:21,189 --> 00:05:17,919

elizondo

132

00:05:23,110 --> 00:05:21,199

so there it was for me to meet him

133

00:05:25,590 --> 00:05:23,120

was a story that i've known for a very

134

00:05:26,390 --> 00:05:25,600

long time with my father um

135

00:05:28,070 --> 00:05:26,400

and

136

00:05:30,150 --> 00:05:28,080

my dad has his book

137

00:05:32,070 --> 00:05:30,160

and so when i met him in real life it

138

00:05:34,790 --> 00:05:32,080

was really for me to figure out if i

139

00:05:37,350 --> 00:05:34,800

thought he was telling the truth or not

140

00:05:39,830 --> 00:05:37,360

and when i did when i met him and my

141

00:05:42,310 --> 00:05:39,840

theory of like travis has evolved over

142

00:05:43,830 --> 00:05:42,320

time too um i'm in a different stance

143

00:05:46,070 --> 00:05:43,840

than probably where it was i met him

144

00:05:48,390 --> 00:05:46,080

before kind of going down this wormhole

145

00:05:51,270 --> 00:05:48,400

like ufo research and meeting people in

146

00:05:53,350 --> 00:05:51,280

the community and learning more uh about

147

00:05:55,510 --> 00:05:53,360

his story and himself so

148

00:05:57,510 --> 00:05:55,520

he you know he he was really interesting

149

00:06:00,230 --> 00:05:57,520

and it was really compelling to meet him

150

00:06:02,710 --> 00:06:00,240

um and then i think later on moving

151

00:06:04,469 --> 00:06:02,720

forward like lou elizondo's interview

152

00:06:06,309 --> 00:06:04,479

with me you know i've known lou for a

153

00:06:08,790 --> 00:06:06,319

little bit now before i started at the

154

00:06:10,469 --> 00:06:08,800

debrief i met him i met him almost

155

00:06:13,670 --> 00:06:10,479

around the same time

156

00:06:16,469 --> 00:06:13,680

and lou's interview with chyna and

157

00:06:17,990 --> 00:06:16,479

his feelings about what's gonna happen

158

00:06:20,550 --> 00:06:18,000

moving forward with china and then

159

00:06:21,510 --> 00:06:20,560

obviously the uap task force in china

160

00:06:22,790 --> 00:06:21,520

is

161

00:06:24,309 --> 00:06:22,800

to me i think should be a bigger

162

00:06:25,990 --> 00:06:24,319

conversation than it is right now

163

00:06:26,950 --> 00:06:26,000

especially in our own community because

164

00:06:29,430 --> 00:06:26,960

i think that's what's going to be

165

00:06:30,309 --> 00:06:29,440

happening next and even just politically

166

00:06:32,710 --> 00:06:30,319

so

167

00:06:34,309 --> 00:06:32,720

his concern as much as i had a concern

168

00:06:35,590 --> 00:06:34,319

with it and the larger conversation

169

00:06:38,629 --> 00:06:35,600

about what china's doing in their

170

00:06:40,710 --> 00:06:38,639

technology really opened up my eyes to

171

00:06:42,070 --> 00:06:40,720

to look at what the dod is doing and

172

00:06:43,990 --> 00:06:42,080

what people in government are doing and

173

00:06:45,830 --> 00:06:44,000

how they actually are taking it serious

174

00:06:48,230 --> 00:06:45,840

so it made me i'm going to use the word

175

00:06:50,710 --> 00:06:48,240

believe but it made me look at lou and

176

00:06:52,550 --> 00:06:50,720

say okay i have more trust in you than i

177

00:06:53,990 --> 00:06:52,560

might have had maybe before i never not

178

00:06:55,430 --> 00:06:54,000

that i didn't trust him but you're

179

00:06:57,430 --> 00:06:55,440

always still questioning all the time

180

00:06:59,589 --> 00:06:57,440

right um you can have a relationship

181

00:07:01,350 --> 00:06:59,599

with somebody but it's always a form of

182

00:07:03,189 --> 00:07:01,360

surface level he's not like you know

183

00:07:04,950 --> 00:07:03,199

he's not my best friend

184

00:07:06,790 --> 00:07:04,960

and you get to know him as a media

185

00:07:08,870 --> 00:07:06,800

perspective in a journalistic side of

186

00:07:10,790 --> 00:07:08,880

things in a relationship like that so as

187

00:07:12,950 --> 00:07:10,800

that's grown and to see his concern and

188

00:07:14,790 --> 00:07:12,960

to learn more about the conversations

189

00:07:16,870 --> 00:07:14,800

that they're having around international

190

00:07:18,710 --> 00:07:16,880

relationships and ufos is is really

191

00:07:20,390 --> 00:07:18,720

interesting to me and ex extremely

192

00:07:21,510 --> 00:07:20,400

important so

193

00:07:23,350 --> 00:07:21,520

nice

194

00:07:24,950 --> 00:07:23,360

chris chris i'm going to put you up next

195

00:07:28,230 --> 00:07:24,960

so what kind of question do you have for

196

00:07:32,629 --> 00:07:29,589

well you know i was going to ask a

197

00:07:34,230 --> 00:07:32,639

little bit different type of question um

198

00:07:36,230 --> 00:07:34,240

but i'm i'm sure we're going to come

199

00:07:38,469 --> 00:07:36,240

back to you a piece but i did want to

200

00:07:41,110 --> 00:07:38,479

talk to you a little bit um backstage we

201
00:07:42,790 --> 00:07:41,120
mentioned leslie keane and i saw that

202
00:07:45,029 --> 00:07:42,800
you you know you had talked to her

203
00:07:47,110 --> 00:07:45,039
specifically about surviving death and i

204
00:07:48,950 --> 00:07:47,120
was on priscilla earlier this week and

205
00:07:51,189 --> 00:07:48,960
we were kind of talking about past lives

206
00:07:53,430 --> 00:07:51,199
and stuff was there anything like really

207
00:07:55,189 --> 00:07:53,440
just like a surprising moment out of

208
00:07:57,189 --> 00:07:55,199
that or is there something that you came

209
00:07:59,029 --> 00:07:57,199
out of that just kind of changing your

210
00:08:01,270 --> 00:07:59,039
perspective

211
00:08:02,790 --> 00:08:01,280
of things

212
00:08:04,230 --> 00:08:02,800
i wouldn't say anything changed when i

213
00:08:07,029 --> 00:08:04,240

talked to her she's very much who i

214

00:08:09,270 --> 00:08:07,039

thought she would be and

215

00:08:11,350 --> 00:08:09,280

you know i still believe that even

216

00:08:13,189 --> 00:08:11,360

though for her perspective and again

217

00:08:14,629 --> 00:08:13,199

like nobody knows we don't really know

218

00:08:16,390 --> 00:08:14,639

and the government would know if

219

00:08:19,029 --> 00:08:16,400

anything if it was their obviously their

220

00:08:19,990 --> 00:08:19,039

technology or foreign adversaries but i

221

00:08:21,670 --> 00:08:20,000

do

222

00:08:23,670 --> 00:08:21,680

you know my gut feeling tells me and

223

00:08:25,270 --> 00:08:23,680

it's nothing it's this is just pure gut

224

00:08:27,350 --> 00:08:25,280

it's not that i've heard anything or

225

00:08:28,790 --> 00:08:27,360

anybody else's the debrief but i really

226

00:08:30,790 --> 00:08:28,800

do feel that it might be a combination

227

00:08:32,149 --> 00:08:30,800

of ufos and foreign adversaries i don't

228

00:08:34,630 --> 00:08:32,159

know if it's our tech and i don't feel

229

00:08:35,990 --> 00:08:34,640

that it is um but i do think that it's

230

00:08:38,550 --> 00:08:36,000

something that we concerned about i've

231

00:08:40,389 --> 00:08:38,560

talked to ben hansen about this too um

232

00:08:41,829 --> 00:08:40,399

and he has the same feeling i do about

233

00:08:43,029 --> 00:08:41,839

this and is said i'm glad you brought it

234

00:08:45,030 --> 00:08:43,039

up because

235

00:08:46,389 --> 00:08:45,040

i think we have to i'm more scared to be

236

00:08:48,389 --> 00:08:46,399

honest that it's foreign adversaries

237

00:08:50,070 --> 00:08:48,399

than it would ever be ufos

238

00:08:52,070 --> 00:08:50,080

so i think that

239

00:08:53,350 --> 00:08:52,080

as a community not just like obviously

240

00:08:54,790 --> 00:08:53,360

the government's looking at it in their

241

00:08:56,550 --> 00:08:54,800

own perspective and always looking to

242

00:08:58,310 --> 00:08:56,560

see if it's foreign adversaries but we

243

00:09:00,630 --> 00:08:58,320

should be mindful as civilians as well

244

00:09:02,070 --> 00:09:00,640

too um because it says a lot about what

245

00:09:04,550 --> 00:09:02,080

might happen in the future if they have

246

00:09:06,310 --> 00:09:04,560

that type of technology and we don't so

247

00:09:07,509 --> 00:09:06,320

i think we're foreign adversaries i

248

00:09:09,430 --> 00:09:07,519

don't think we'd be having this

249

00:09:13,030 --> 00:09:09,440

conversation

250

00:09:15,590 --> 00:09:13,040

you know well yeah you never know

251
00:09:18,150 --> 00:09:15,600
it's like if somebody has that power but

252
00:09:20,070 --> 00:09:18,160
you know so anyway i'm sorry i'll just

253
00:09:21,990 --> 00:09:20,080
no it's okay i think it might be both

254
00:09:23,590 --> 00:09:22,000
you know and being to me it's just it

255
00:09:25,670 --> 00:09:23,600
there is a chance that it could be both

256
00:09:27,829 --> 00:09:25,680
of them and i was and i thought that she

257
00:09:29,990 --> 00:09:27,839
might uh been a little more aligned in

258
00:09:32,630 --> 00:09:30,000
that direction too but she was very much

259
00:09:33,990 --> 00:09:32,640
like no it's it's ufos um that's it it's

260
00:09:36,389 --> 00:09:34,000
not our tech it's not foreign

261
00:09:37,910 --> 00:09:36,399
adversaries it's ufos and again

262
00:09:39,990 --> 00:09:37,920
she's a she's a way better journalist

263
00:09:41,829 --> 00:09:40,000

than i am i'll say that and it's been

264

00:09:43,430 --> 00:09:41,839

more experienced than i have so i i will

265

00:09:45,350 --> 00:09:43,440

take her word on it but i am still

266

00:09:47,590 --> 00:09:45,360

open-minded to that it could be both and

267

00:09:48,870 --> 00:09:47,600

still looking on the technology side of

268

00:09:51,030 --> 00:09:48,880

what's going on in foreign adversaries

269

00:09:52,790 --> 00:09:51,040

and always following that um because it

270

00:09:54,710 --> 00:09:52,800

can play a part in the way that we view

271

00:09:56,389 --> 00:09:54,720

ufos here too

272

00:09:59,430 --> 00:09:56,399

okay and

273

00:10:01,430 --> 00:09:59,440

it's it's worth noting that before

274

00:10:04,870 --> 00:10:01,440

you know we had the

275

00:10:07,590 --> 00:10:04,880

um reporting in place that we now have

276
00:10:09,670 --> 00:10:07,600
because of you know the revealing of the

277
00:10:11,829 --> 00:10:09,680
videos and whatnot

278
00:10:13,269 --> 00:10:11,839
if it were foreign tech no one was

279
00:10:16,150 --> 00:10:13,279
reporting it

280
00:10:18,470 --> 00:10:16,160
um they were afraid to say anything so

281
00:10:20,230 --> 00:10:18,480
we have a huge movement going in the

282
00:10:22,470 --> 00:10:20,240
direction of just protecting ourselves

283
00:10:24,470 --> 00:10:22,480
in general because of what's happening

284
00:10:27,590 --> 00:10:24,480
with this community

285
00:10:29,509 --> 00:10:27,600
so yeah that makes sense you know you

286
00:10:32,550 --> 00:10:29,519
speak to something though that i think

287
00:10:34,870 --> 00:10:32,560
maybe we often overlook and that's this

288
00:10:36,550 --> 00:10:34,880

we really haven't had some significant

289

00:10:39,269 --> 00:10:36,560

breakthroughs in technology in a while

290

00:10:41,509 --> 00:10:39,279

like our our technology when it comes to

291

00:10:43,269 --> 00:10:41,519

aerospace uh

292

00:10:44,710 --> 00:10:43,279

and defense i mean it's still pretty

293

00:10:46,710 --> 00:10:44,720

much the same like well there have been

294

00:10:48,069 --> 00:10:46,720

advances in stealth uh there have been

295

00:10:49,750 --> 00:10:48,079

advances of course recently and

296

00:10:52,470 --> 00:10:49,760

hypersonics that's kind of the the hot

297

00:10:55,110 --> 00:10:52,480

topic now but what i'm talking about is

298

00:10:56,870 --> 00:10:55,120

a significant breakthrough in and uh in

299

00:10:59,509 --> 00:10:56,880

technological performance when it comes

300

00:11:01,750 --> 00:10:59,519

to national defense and and i i kind of

301

00:11:04,790 --> 00:11:01,760

echo your sentiment that that uh if if

302

00:11:07,829 --> 00:11:04,800

we're not devoting time energy research

303

00:11:10,150 --> 00:11:07,839

effort into that kind of science all it

304

00:11:11,829 --> 00:11:10,160

would take would be one significant jump

305

00:11:13,990 --> 00:11:11,839

of an adversary and then you would be

306

00:11:15,750 --> 00:11:14,000

outmaneuvered uh and that would put us

307

00:11:17,030 --> 00:11:15,760

at an extreme disadvantage so i think

308

00:11:18,790 --> 00:11:17,040

that's uh something we really shouldn't

309

00:11:20,710 --> 00:11:18,800

lose sight of there

310

00:11:22,230 --> 00:11:20,720

yeah i agree and also then you know

311

00:11:23,910 --> 00:11:22,240

politics might say well we're not going

312

00:11:26,069 --> 00:11:23,920

to talk about ufos but it doesn't mean

313

00:11:27,750 --> 00:11:26,079

that ufos go away you know and not at

314

00:11:29,269 --> 00:11:27,760

all so people might just be like oh it's

315

00:11:31,190 --> 00:11:29,279

foreign adversaries ufo conversation's

316

00:11:33,110 --> 00:11:31,200

done let's move on and news media might

317

00:11:35,590 --> 00:11:33,120

do that and as a someone that works in

318

00:11:38,069 --> 00:11:35,600

pr and deals with the ufo topic within

319

00:11:39,829 --> 00:11:38,079

the media and seeding that topic you

320

00:11:42,310 --> 00:11:39,839

know and breaking stories to mainstream

321

00:11:43,990 --> 00:11:42,320

media it's important to me that the ufo

322

00:11:45,110 --> 00:11:44,000

topic stays consistent and stays

323

00:11:47,509 --> 00:11:45,120

academic

324

00:11:49,829 --> 00:11:47,519

um and then it doesn't go away or is

325

00:11:51,829 --> 00:11:49,839

overshadowed by something else uh

326

00:11:53,750 --> 00:11:51,839

because that's what's happened you know

327

00:11:55,910 --> 00:11:53,760

someone like myself would have been the

328

00:11:57,430 --> 00:11:55,920

person in the early 60s that would have

329

00:11:58,949 --> 00:11:57,440

done like you know it would have been

330

00:12:02,069 --> 00:11:58,959

creating all those

331

00:12:03,910 --> 00:12:02,079

disinformation campaigns right um so i'm

332

00:12:06,230 --> 00:12:03,920

on the other side

333

00:12:08,389 --> 00:12:06,240

my job is to you know on in the

334

00:12:09,990 --> 00:12:08,399

journalistic form with you know some of

335

00:12:12,230 --> 00:12:10,000

the best investigative journalists that

336

00:12:14,389 --> 00:12:12,240

we have at the debrief like mike hanks

337

00:12:16,629 --> 00:12:14,399

you know tim mcmillan and mj banayas

338

00:12:18,069 --> 00:12:16,639

like the three of them and anyone else

339

00:12:20,470 --> 00:12:18,079

chris plain as well as becoming an

340

00:12:22,150 --> 00:12:20,480

amazing journalist in that space so with

341

00:12:23,910 --> 00:12:22,160

them pushing forward and finding that

342

00:12:27,030 --> 00:12:23,920

information and then i get to see it to

343

00:12:29,829 --> 00:12:27,040

mainstream media we get to have a play

344

00:12:31,750 --> 00:12:29,839

where that disinformation is very less

345

00:12:33,350 --> 00:12:31,760

than what it could be and and everyone

346

00:12:35,269 --> 00:12:33,360

always says like they're like we think

347

00:12:36,710 --> 00:12:35,279

that the debrief is part of the dod

348

00:12:38,870 --> 00:12:36,720

we're like we're not like we're not

349

00:12:41,670 --> 00:12:38,880

funded by the dod we're all we're an

350

00:12:44,470 --> 00:12:41,680

independent organization um

351
00:12:45,430 --> 00:12:44,480
you know that that has a that loves this

352
00:12:47,350 --> 00:12:45,440
topic

353
00:12:48,710 --> 00:12:47,360
and so that it's important i say it's

354
00:12:49,990 --> 00:12:48,720
important to me i wouldn't know if i

355
00:12:52,150 --> 00:12:50,000
can't speak for the guys but i would

356
00:12:54,470 --> 00:12:52,160
imagine it is um but having those

357
00:12:56,310 --> 00:12:54,480
conversations that are larger and you

358
00:12:59,190 --> 00:12:56,320
know telling the truth and finding truth

359
00:13:01,509 --> 00:12:59,200
is way more exciting um and that's where

360
00:13:03,670 --> 00:13:01,519
we wanted to stay in news media so yeah

361
00:13:05,750 --> 00:13:03,680
or i'd liked it too at least i can i

362
00:13:07,829 --> 00:13:05,760
just say one thing i love the

363
00:13:10,949 --> 00:13:07,839

foley conversation

364

00:13:13,110 --> 00:13:10,959

because it was so cool to hear like

365

00:13:15,030 --> 00:13:13,120

somebody from you know coming from

366

00:13:17,030 --> 00:13:15,040

mainstream going oh my god we've just

367

00:13:19,670 --> 00:13:17,040

made fun of this subject

368

00:13:22,470 --> 00:13:19,680

you know the entertainment has just just

369

00:13:24,310 --> 00:13:22,480

completely stigmatized this so i love

370

00:13:25,829 --> 00:13:24,320

that you also brought that perspective

371

00:13:28,230 --> 00:13:25,839

to your show

372

00:13:30,310 --> 00:13:28,240

thanks yeah i actually i as much as i

373

00:13:32,389 --> 00:13:30,320

love like ancient aliens and i love

374

00:13:34,389 --> 00:13:32,399

discovery and i love leia like i think

375

00:13:36,790 --> 00:13:34,399

there's a there's a place for them

376

00:13:38,230 --> 00:13:36,800

and i say this lightly because you know

377

00:13:39,590 --> 00:13:38,240

a lot of people have been on different

378

00:13:40,870 --> 00:13:39,600

shows and a lot of people in our

379

00:13:42,230 --> 00:13:40,880

community have been on those shows and

380

00:13:44,550 --> 00:13:42,240

they're really great because they do

381

00:13:46,550 --> 00:13:44,560

have push this the conversation forward

382

00:13:47,829 --> 00:13:46,560

it's just being mindful that sometimes

383

00:13:49,350 --> 00:13:47,839

the stuff that they're putting is

384

00:13:51,750 --> 00:13:49,360

entertainment and is in fact and it's

385

00:13:54,949 --> 00:13:51,760

more paranormal than it is scientific

386

00:13:56,870 --> 00:13:54,959

and so that's the only thing that i get

387

00:13:58,790 --> 00:13:56,880

you know i get a little bit worried

388

00:14:00,790 --> 00:13:58,800

about and i'm worried about and i hope

389

00:14:02,949 --> 00:14:00,800

that in the future we start that starts

390

00:14:04,870 --> 00:14:02,959

to change and we start using science to

391

00:14:07,430 --> 00:14:04,880

you know and less paranormal and start

392

00:14:08,870 --> 00:14:07,440

going hard science um i say it because

393

00:14:10,790 --> 00:14:08,880

that's what we do with the debrief but i

394

00:14:12,550 --> 00:14:10,800

think it's way more cool like i'm sorry

395

00:14:13,670 --> 00:14:12,560

like talking about warp bubbles and

396

00:14:16,150 --> 00:14:13,680

everything else that's going on in

397

00:14:18,069 --> 00:14:16,160

science world is way more cool than what

398

00:14:19,990 --> 00:14:18,079

somebody's writing in a paranormal show

399

00:14:21,670 --> 00:14:20,000

no offense to the paranormal shows

400

00:14:22,949 --> 00:14:21,680

they're fabulous but i think that what's

401
00:14:26,389 --> 00:14:22,959
actually going on in the real world is

402
00:14:27,750 --> 00:14:26,399
just way cooler um i would freak to see

403
00:14:29,990 --> 00:14:27,760
a warp bubble

404
00:14:31,829 --> 00:14:30,000
in a lab like i don't i think everybody

405
00:14:33,990 --> 00:14:31,839
here would like it would be it would be

406
00:14:36,069 --> 00:14:34,000
unbelievable so you know hopefully one

407
00:14:38,310 --> 00:14:36,079
day i get to god

408
00:14:40,230 --> 00:14:38,320
yeah yeah speaking of more problems

409
00:14:41,990 --> 00:14:40,240
you deal with those all the time right

410
00:14:43,750 --> 00:14:42,000
well actually yeah i actually i had a

411
00:14:45,990 --> 00:14:43,760
question we're talking about the the ufo

412
00:14:47,910 --> 00:14:46,000
community right um and how

413
00:14:49,350 --> 00:14:47,920

i was uh because i was looking at um

414

00:14:52,310 --> 00:14:49,360

youtube today i noticed that the big

415

00:14:53,910 --> 00:14:52,320

phone home it only has 15k views and i'm

416

00:14:58,389 --> 00:14:53,920

looking around and there's this trying

417

00:15:00,470 --> 00:14:58,399

best tick tock foods it got 1.6 million

418

00:15:02,470 --> 00:15:00,480

you know so do you think the ufo

419

00:15:04,389 --> 00:15:02,480

community should be trying tick-tock

420

00:15:06,230 --> 00:15:04,399

food on their shows

421

00:15:07,829 --> 00:15:06,240

i'm just wondering

422

00:15:10,870 --> 00:15:07,839

well if it's if it's going to get a

423

00:15:12,870 --> 00:15:10,880

larger reach sure um yeah

424

00:15:15,030 --> 00:15:12,880

i think you know what

425

00:15:15,910 --> 00:15:15,040

i think like mainstream stuff that's

426

00:15:17,590 --> 00:15:15,920

really

427

00:15:19,430 --> 00:15:17,600

i'm gonna use word fluffy people don't

428

00:15:21,750 --> 00:15:19,440

have the attention span it seems like

429

00:15:23,030 --> 00:15:21,760

well and some people just don't care or

430

00:15:24,790 --> 00:15:23,040

they're scared

431

00:15:26,550 --> 00:15:24,800

they don't understand there's you know

432

00:15:28,550 --> 00:15:26,560

or they're they don't they haven't had

433

00:15:30,069 --> 00:15:28,560

an exit in you know somebody hasn't

434

00:15:31,749 --> 00:15:30,079

talked to them about it and they're like

435

00:15:33,189 --> 00:15:31,759

oh like there's lots of people still

436

00:15:35,110 --> 00:15:33,199

walking around that are like oh there's

437

00:15:36,550 --> 00:15:35,120

ufos like what like

438

00:15:37,910 --> 00:15:36,560

you know i get it all i hear it all the

439

00:15:39,189 --> 00:15:37,920

time so

440

00:15:41,430 --> 00:15:39,199

you know there are others chapters of

441

00:15:42,949 --> 00:15:41,440

people and i think and and what i think

442

00:15:45,670 --> 00:15:42,959

is going to happen is in the next like

443

00:15:47,670 --> 00:15:45,680

10 years we're going to see a real main

444

00:15:49,590 --> 00:15:47,680

mainstream shift because right now like

445

00:15:51,430 --> 00:15:49,600

ufos were counter culture they were

446

00:15:55,430 --> 00:15:51,440

counter culture like i would say before

447

00:15:57,269 --> 00:15:55,440

2017 and then then they became like sub

448

00:15:58,949 --> 00:15:57,279

culture so now it's very much a

449

00:16:01,189 --> 00:15:58,959

subculture and then it's moving into the

450

00:16:02,949 --> 00:16:01,199

mainstream now too so i think in 10

451
00:16:05,030 --> 00:16:02,959
years it will be a mainstream

452
00:16:06,790 --> 00:16:05,040
conversation and politically because of

453
00:16:09,430 --> 00:16:06,800
politics because of entertainment and

454
00:16:10,550 --> 00:16:09,440
because of news media and there also is

455
00:16:12,310 --> 00:16:10,560
probably going to be better footage

456
00:16:13,509 --> 00:16:12,320
because the galileo project and all the

457
00:16:16,069 --> 00:16:13,519
other research that's going on

458
00:16:17,350 --> 00:16:16,079
academically so like in 10 years like i

459
00:16:18,470 --> 00:16:17,360
think we're going to be laughing and

460
00:16:20,150 --> 00:16:18,480
we're also going to be at a different

461
00:16:21,829 --> 00:16:20,160
point and we're going to be having way

462
00:16:23,829 --> 00:16:21,839
different conversations right now than

463
00:16:25,990 --> 00:16:23,839

we are than we are now well i hope we

464

00:16:29,110 --> 00:16:26,000

are let's i hope so i hope we're getting

465

00:16:31,110 --> 00:16:29,120

the 1.6 million views you know yeah can

466

00:16:32,870 --> 00:16:31,120

you imagine i know i always think about

467

00:16:34,710 --> 00:16:32,880

that too but you know i've seen other

468

00:16:36,949 --> 00:16:34,720

people um oh my god what's the one his

469

00:16:38,710 --> 00:16:36,959

name's nathan i believe um

470

00:16:40,550 --> 00:16:38,720

does uh

471

00:16:42,710 --> 00:16:40,560

i believe he's had louis lozando many

472

00:16:43,509 --> 00:16:42,720

times he does the reddit question the q

473

00:16:58,949 --> 00:16:43,519

a

474

00:17:01,430 --> 00:16:58,959

tons of different like people in the ufo

475

00:17:03,590 --> 00:17:01,440

community and scientists and that's

476
00:17:04,390 --> 00:17:03,600
doing really well and i'm happy for him

477
00:17:05,909 --> 00:17:04,400
because

478
00:17:07,750 --> 00:17:05,919
those are the like conversations and

479
00:17:09,669 --> 00:17:07,760
roundtables that mainstream media is not

480
00:17:11,829 --> 00:17:09,679
having so

481
00:17:13,750 --> 00:17:11,839
right yeah well i wanted to ask you

482
00:17:16,630 --> 00:17:13,760
you know with your experience with media

483
00:17:18,870 --> 00:17:16,640
and pr i mean is it um

484
00:17:20,710 --> 00:17:18,880
how do you view

485
00:17:22,710 --> 00:17:20,720
kind of what becomes sticky sort of in

486
00:17:24,390 --> 00:17:22,720
terms of popular and what because and

487
00:17:25,590 --> 00:17:24,400
what is also true you know there is kind

488
00:17:28,390 --> 00:17:25,600

of this like

489

00:17:30,710 --> 00:17:28,400

interesting play between that and

490

00:17:32,390 --> 00:17:30,720

sometimes something that is popular is

491

00:17:34,789 --> 00:17:32,400

can be completely false

492

00:17:36,470 --> 00:17:34,799

um and so you know i wonder

493

00:17:38,630 --> 00:17:36,480

how you think of those things in light

494

00:17:40,549 --> 00:17:38,640

of the media that that kind of we create

495

00:17:43,750 --> 00:17:40,559

and others who do interviews create

496

00:17:45,510 --> 00:17:43,760

and uh you know what is actually true

497

00:17:47,029 --> 00:17:45,520

behind all of the things that we're

498

00:17:48,950 --> 00:17:47,039

pursuing

499

00:17:51,110 --> 00:17:48,960

do you mean by like popular in the ufo

500

00:17:52,950 --> 00:17:51,120

community or popular in general i think

501
00:17:55,190 --> 00:17:52,960
well in general as well right so there's

502
00:17:57,430 --> 00:17:55,200
um you know things that go viral or

503
00:17:59,350 --> 00:17:57,440
things that that people tend to latch on

504
00:18:01,750 --> 00:17:59,360
to when it comes to media that they're

505
00:18:03,430 --> 00:18:01,760
very interested in um we all you know

506
00:18:04,870 --> 00:18:03,440
everybody always talks about fear driven

507
00:18:06,549 --> 00:18:04,880
media and how that you know gets a lot

508
00:18:08,150 --> 00:18:06,559
of eyeballs or whatever

509
00:18:09,669 --> 00:18:08,160
but that may not necessarily be the

510
00:18:11,350 --> 00:18:09,679
truth right so

511
00:18:13,830 --> 00:18:11,360
um i wonder how you think about that in

512
00:18:16,710 --> 00:18:13,840
terms of getting something get getting

513
00:18:18,230 --> 00:18:16,720

facts out and also getting attention you

514

00:18:19,350 --> 00:18:18,240

know there's kind of a balance there it

515

00:18:21,830 --> 00:18:19,360

seems

516

00:18:23,669 --> 00:18:21,840

yeah you know i can speak to the debrief

517

00:18:25,110 --> 00:18:23,679

you know after but before i would say i

518

00:18:26,950 --> 00:18:25,120

literally just had this conversation

519

00:18:29,590 --> 00:18:26,960

with mike shaw on my tardigrade

520

00:18:31,510 --> 00:18:29,600

interview that i released today and we

521

00:18:32,789 --> 00:18:31,520

have a section it where we talk about

522

00:18:34,310 --> 00:18:32,799

how there's click

523

00:18:36,789 --> 00:18:34,320

so the whole conversation about like

524

00:18:39,590 --> 00:18:36,799

tardigrades being you know using quantum

525

00:18:41,270 --> 00:18:39,600

entangled it's not really like they did

526

00:18:44,390 --> 00:18:41,280

kind of quantum tangle them but it was

527

00:18:46,549 --> 00:18:44,400

very on a surface level um you know it

528

00:18:48,070 --> 00:18:46,559

wasn't to uh to a level that people

529

00:18:49,669 --> 00:18:48,080

would have been like oh

530

00:18:51,270 --> 00:18:49,679

you know i know it also wasn't peer

531

00:18:52,549 --> 00:18:51,280

reviewed you know there's tons of things

532

00:18:54,310 --> 00:18:52,559

but this paper comes out and people are

533

00:18:55,990 --> 00:18:54,320

like this is true so they did do it to

534

00:18:57,350 --> 00:18:56,000

an extent but it's not you know they

535

00:18:58,630 --> 00:18:57,360

overpopulated it they wrote a really

536

00:18:59,909 --> 00:18:58,640

great headline and wrote a great press

537

00:19:01,990 --> 00:18:59,919

release and it got picked up and

538

00:19:03,350 --> 00:19:02,000

tardigrades are freaking amazing so why

539

00:19:05,669 --> 00:19:03,360

wouldn't it get picked up everyone loves

540

00:19:08,310 --> 00:19:05,679

them and so then they deserve all they

541

00:19:11,029 --> 00:19:08,320

deserve all the press all the press all

542

00:19:13,029 --> 00:19:11,039

the press and so when we talk about that

543

00:19:15,350 --> 00:19:13,039

he made a comment about how it's all

544

00:19:17,029 --> 00:19:15,360

click bait and you know and so that's

545

00:19:19,750 --> 00:19:17,039

popular but it doesn't mean that it's

546

00:19:21,430 --> 00:19:19,760

fully factual there's fact in it but

547

00:19:23,590 --> 00:19:21,440

there's way more to it than what was

548

00:19:25,029 --> 00:19:23,600

actually alluded to so i think there's a

549

00:19:26,789 --> 00:19:25,039

lot of that goes on and then we get

550

00:19:28,789 --> 00:19:26,799

things like other disinformation

551
00:19:31,190 --> 00:19:28,799
campaigns or fake news as we'll use the

552
00:19:33,590 --> 00:19:31,200
word um from different foreign

553
00:19:37,110 --> 00:19:33,600
adversaries around the world that are

554
00:19:39,430 --> 00:19:37,120
you know putting in stories and and

555
00:19:41,590 --> 00:19:39,440
persuading us into i'll say north

556
00:19:43,990 --> 00:19:41,600
america i'm canadian but into a north

557
00:19:45,750 --> 00:19:44,000
american perspective and that's causing

558
00:19:48,789 --> 00:19:45,760
things like civil war and it's causing

559
00:19:50,549 --> 00:19:48,799
things like polarization so um in

560
00:19:52,310 --> 00:19:50,559
creating extremist groups and there's

561
00:19:53,110 --> 00:19:52,320
lots of stuff that happens because of

562
00:19:57,110 --> 00:19:53,120
that

563
00:19:59,029 --> 00:19:57,120

countries so i think people need to be

564

00:20:01,029 --> 00:19:59,039

mindful of that and i think the way to

565

00:20:04,070 --> 00:20:01,039

solve that is obviously to teach kids in

566

00:20:05,909 --> 00:20:04,080

school about journalism and like how to

567

00:20:08,870 --> 00:20:05,919

how to weed through fake news and how do

568

00:20:10,710 --> 00:20:08,880

you fact-check things um we do it i

569

00:20:12,710 --> 00:20:10,720

remember when i was in school like

570

00:20:15,190 --> 00:20:12,720

younger we learned how to research stuff

571

00:20:16,789 --> 00:20:15,200

but it was only in cycling encyclopedias

572

00:20:18,789 --> 00:20:16,799

it wasn't you know in the internet until

573

00:20:20,870 --> 00:20:18,799

i probably got into like you know just

574

00:20:22,470 --> 00:20:20,880

before high school so

575

00:20:24,149 --> 00:20:22,480

i think that like aging myself you're

576

00:20:28,870 --> 00:20:24,159

good uh

577

00:20:33,590 --> 00:20:29,669

yeah

578

00:20:35,590 --> 00:20:33,600

exactly going to the library um and so i

579

00:20:38,070 --> 00:20:35,600

think that if we teach kids in school

580

00:20:39,990 --> 00:20:38,080

how to do that and how to fact check and

581

00:20:42,390 --> 00:20:40,000

and and how to understand what they're

582

00:20:44,630 --> 00:20:42,400

reading and be able to go back and look

583

00:20:46,390 --> 00:20:44,640

in and look at things like articles and

584

00:20:48,950 --> 00:20:46,400

finding research from you know from

585

00:20:51,110 --> 00:20:48,960

academic universities um or science

586

00:20:52,789 --> 00:20:51,120

reports or anything that comes out that

587

00:20:54,950 --> 00:20:52,799

they can read and fact check it rather

588

00:20:56,789 --> 00:20:54,960

than going to this website you know

589

00:20:58,710 --> 00:20:56,799

that's like you know literally called

590

00:21:00,549 --> 00:20:58,720

fakenews.com right

591

00:21:01,990 --> 00:21:00,559

my dad does that my dad sends me stuff

592

00:21:03,990 --> 00:21:02,000

sometimes and he's like oh my god

593

00:21:05,750 --> 00:21:04,000

chrissy you know and then i'm like dad

594

00:21:07,110 --> 00:21:05,760

like and then i like fact check it and i

595

00:21:09,110 --> 00:21:07,120

sent him something and i was like no no

596

00:21:11,270 --> 00:21:09,120

i was like mcmaster university just like

597

00:21:12,789 --> 00:21:11,280

totally discredit this doctor and my

598

00:21:14,390 --> 00:21:12,799

dad's like oh he's like i didn't know

599

00:21:16,310 --> 00:21:14,400

about that and i was like yeah i'm like

600

00:21:17,830 --> 00:21:16,320

you know he's getting older right he's a

601
00:21:19,590 --> 00:21:17,840
he's an older boomer and in his

602
00:21:21,190 --> 00:21:19,600
conversation he doesn't know how to fact

603
00:21:23,029 --> 00:21:21,200
check the way he is but he's smart

604
00:21:25,270 --> 00:21:23,039
enough to know that hey i don't think

605
00:21:27,110 --> 00:21:25,280
this is right and i'll just send it to

606
00:21:29,110 --> 00:21:27,120
my daughter to do it which is fine i

607
00:21:31,110 --> 00:21:29,120
don't mind doing it um you know he

608
00:21:35,590 --> 00:21:31,120
taught me so much so now i get to i get

609
00:21:38,630 --> 00:21:37,590
and to just assume

610
00:21:39,510 --> 00:21:38,640
you know

611
00:21:41,830 --> 00:21:39,520
100

612
00:21:43,350 --> 00:21:41,840
so i think that that's you know that's

613
00:21:44,870 --> 00:21:43,360

it and then same with the debrief you

614

00:21:46,230 --> 00:21:44,880

know the guys are always fact-checking

615

00:21:47,750 --> 00:21:46,240

and looking at everything they do i

616

00:21:49,350 --> 00:21:47,760

can't speak fully as journalists for

617

00:21:51,430 --> 00:21:49,360

them and how they work obviously because

618

00:21:53,190 --> 00:21:51,440

it's their you know that's their skill

619

00:21:55,190 --> 00:21:53,200

um i'm more of a conversation

620

00:21:56,950 --> 00:21:55,200

investigative um you know i don't call

621

00:21:59,590 --> 00:21:56,960

myself a journalist in that but i'm more

622

00:22:01,669 --> 00:21:59,600

investigative conversationalist um and

623

00:22:03,909 --> 00:22:01,679

so for them i watch how they work and i

624

00:22:06,070 --> 00:22:03,919

see and i i see how they they fact check

625

00:22:07,830 --> 00:22:06,080

and their sources that they have um and

626

00:22:11,270 --> 00:22:07,840

also like tim mcmillan's a former you

627

00:22:13,590 --> 00:22:11,280

know former co-op so he he has his eye

628

00:22:15,350 --> 00:22:13,600

of investigation is i think is amazing

629

00:22:16,630 --> 00:22:15,360

personally and when i and he's so bright

630

00:22:18,149 --> 00:22:16,640

and he's just so well for all of them

631

00:22:20,310 --> 00:22:18,159

are so well versed in so many different

632

00:22:22,630 --> 00:22:20,320

areas um and they have a really good

633

00:22:25,430 --> 00:22:22,640

group of people that they can go to and

634

00:22:26,950 --> 00:22:25,440

look into facts a little bit better so

635

00:22:29,750 --> 00:22:26,960

yeah anyway that was a really long

636

00:22:31,830 --> 00:22:29,760

response but

637

00:22:33,669 --> 00:22:31,840

one more thing on tardigrades before we

638

00:22:35,830 --> 00:22:33,679

move off because today

639

00:22:37,830 --> 00:22:35,840

and and looking at the interview i was

640

00:22:41,430 --> 00:22:37,840

so excited when we were getting ready

641

00:22:42,310 --> 00:22:41,440

for quantum entanglement antarctica

642

00:22:44,789 --> 00:22:42,320

it's like

643

00:22:46,950 --> 00:22:44,799

peanut butter and chocolate right i was

644

00:22:48,710 --> 00:22:46,960

all ready to go i'm like yeah and then

645

00:22:50,870 --> 00:22:48,720

when he said that i was like

646

00:22:53,029 --> 00:22:50,880

oh dang

647

00:22:54,710 --> 00:22:53,039

i know look on your face you were like

648

00:22:56,950 --> 00:22:54,720

quantum entanglement we're gonna

649

00:22:59,270 --> 00:22:56,960

entangle those tardigrades but

650

00:23:01,830 --> 00:22:59,280

dang it yeah that was sad

651
00:23:03,590 --> 00:23:01,840
a little i know i felt the same way too

652
00:23:06,070 --> 00:23:03,600
i was like yeah

653
00:23:07,830 --> 00:23:06,080
in your face i'm like yeah

654
00:23:09,830 --> 00:23:07,840
i know we've done so much to tardy

655
00:23:12,630 --> 00:23:09,840
grades i actually went online because i

656
00:23:14,710 --> 00:23:12,640
was promoting the video and i found i

657
00:23:18,149 --> 00:23:14,720
found a site that says like the

658
00:23:21,029 --> 00:23:18,159
tardigrade uh moon rescue group or

659
00:23:22,230 --> 00:23:21,039
project and i was like that's amazing so

660
00:23:23,750 --> 00:23:22,240
there's this facebook group that wants

661
00:23:25,590 --> 00:23:23,760
to go rescue all the tardigrades that

662
00:23:27,190 --> 00:23:25,600
crash landed on the moon and i was like

663
00:23:28,390 --> 00:23:27,200

i'm joining this group because i'm here

664

00:23:30,070 --> 00:23:28,400

for that

665

00:23:32,149 --> 00:23:30,080

that's awesome yeah

666

00:23:34,149 --> 00:23:32,159

chad was saying that we should have like

667

00:23:35,590 --> 00:23:34,159

a mass lawsuit

668

00:23:37,669 --> 00:23:35,600

you know

669

00:23:39,029 --> 00:23:37,679

and we've caused the tardigrade so i'm

670

00:23:40,390 --> 00:23:39,039

gonna

671

00:23:42,390 --> 00:23:40,400

take it from here because that's

672

00:23:43,990 --> 00:23:42,400

entirely sure that's great

673

00:23:45,669 --> 00:23:44,000

we should i love it when we go to the

674

00:23:48,470 --> 00:23:45,679

moon they should have like a little

675

00:24:01,669 --> 00:23:48,480

tardigrade collector when we go back and

676

00:24:07,110 --> 00:24:03,830

okay so i think one of the things that's

677

00:24:09,510 --> 00:24:07,120

interesting to me um is just that it's

678

00:24:12,149 --> 00:24:09,520

the truth and science seem to be you

679

00:24:14,310 --> 00:24:12,159

know your core for finding out about the

680

00:24:16,710 --> 00:24:14,320

phenomenon and of course that's

681

00:24:19,269 --> 00:24:16,720

fantastic a lot of people need that they

682

00:24:21,750 --> 00:24:19,279

need those facts and all that um but i

683

00:24:23,990 --> 00:24:21,760

want to know what what to you is sort of

684

00:24:27,190 --> 00:24:24,000

compelling with the phenomenon what to

685

00:24:28,950 --> 00:24:27,200

use sort of like appeals to you

686

00:24:29,990 --> 00:24:28,960

or um

687

00:24:33,110 --> 00:24:30,000

kind of

688

00:24:35,830 --> 00:24:33,120

what you feel might be going on if as

689

00:24:37,750 --> 00:24:35,840

you if you're willing to say it you know

690

00:24:38,950 --> 00:24:37,760

so it's okay yeah um it's a great i

691

00:24:40,470 --> 00:24:38,960

think it's great i think you should we

692

00:24:41,669 --> 00:24:40,480

should ask everybody that right what

693

00:24:43,190 --> 00:24:41,679

their what their thoughts are on it

694

00:24:46,149 --> 00:24:43,200

because everyone has different opinions

695

00:24:47,029 --> 00:24:46,159

and no one really knows um so you know

696

00:24:49,190 --> 00:24:47,039

everyone's

697

00:24:51,510 --> 00:24:49,200

the best guess is probably could be the

698

00:24:54,950 --> 00:24:51,520

best one um

699

00:24:56,789 --> 00:24:54,960

so the what did what draws me to ufos uh

700

00:24:58,470 --> 00:24:56,799

if anyone's ever listened before my my

701
00:24:59,909 --> 00:24:58,480
dad was really massively into ufos and

702
00:25:02,870 --> 00:24:59,919
had a sighting when he was really young

703
00:25:05,990 --> 00:25:02,880
when he was young in like 1920 or 19

704
00:25:07,830 --> 00:25:06,000
when he was 19 or 20. um and so when he

705
00:25:10,149 --> 00:25:07,840
had a sighting and he had a photo of it

706
00:25:11,909 --> 00:25:10,159
he showed me it as a little kid and it

707
00:25:14,149 --> 00:25:11,919
like i just fell in love with it and

708
00:25:15,269 --> 00:25:14,159
like it just lit up everything in me so

709
00:25:16,870 --> 00:25:15,279
from there

710
00:25:19,110 --> 00:25:16,880
understanding what was going on and

711
00:25:21,269 --> 00:25:19,120
following with him and research that he

712
00:25:22,870 --> 00:25:21,279
was doing and people that he was meeting

713
00:25:25,830 --> 00:25:22,880

in the community like way before the

714

00:25:28,470 --> 00:25:25,840

internet um and this documents that he

715

00:25:30,230 --> 00:25:28,480

had and just there's so many things that

716

00:25:32,310 --> 00:25:30,240

you know in conversations it was just i

717

00:25:34,710 --> 00:25:32,320

learned so much about him and he created

718

00:25:36,789 --> 00:25:34,720

such an open mind for me in that space

719

00:25:38,630 --> 00:25:36,799

so that became really

720

00:25:41,430 --> 00:25:38,640

important to me as i started getting

721

00:25:43,510 --> 00:25:41,440

into pr so when i moved into pr i would

722

00:25:44,470 --> 00:25:43,520

never have ever been able to talk about

723

00:25:47,029 --> 00:25:44,480

ufos because i would have been

724

00:25:48,549 --> 00:25:47,039

blacklisted in the media um

725

00:25:51,029 --> 00:25:48,559

they've just been like you're crazy like

726

00:25:52,710 --> 00:25:51,039

you can't you can't do that uh so for

727

00:25:54,950 --> 00:25:52,720

years i had victor vigiani which is a

728

00:25:56,870 --> 00:25:54,960

friend of mine be like hey like can you

729

00:25:58,470 --> 00:25:56,880

can you do this and he was really being

730

00:26:00,789 --> 00:25:58,480

you know he was a former principal and

731

00:26:03,190 --> 00:26:00,799

he was doing a radio show in canada uh

732

00:26:05,830 --> 00:26:03,200

years ago and so when he retired he

733

00:26:07,750 --> 00:26:05,840

really like dived into ufos and so i met

734

00:26:09,990 --> 00:26:07,760

him uh through paul hilliard and another

735

00:26:11,990 --> 00:26:10,000

friend that used to work at nasa um and

736

00:26:13,510 --> 00:26:12,000

so what happened was he

737

00:26:16,149 --> 00:26:13,520

i was at a we were at a luncheon for

738

00:26:18,070 --> 00:26:16,159

paul hillard and i met victor and victor

739

00:26:19,909 --> 00:26:18,080

and i became like insta friends

740

00:26:22,710 --> 00:26:19,919

like super fast not instagram but like

741

00:26:24,470 --> 00:26:22,720

instant friends and then he would ask me

742

00:26:26,390 --> 00:26:24,480

about like what i was doing in pr and

743

00:26:27,830 --> 00:26:26,400

then talking about media members and i

744

00:26:29,909 --> 00:26:27,840

would send him some contacts or we would

745

00:26:32,470 --> 00:26:29,919

talk about strategy and then he would go

746

00:26:34,310 --> 00:26:32,480

and do it because i just couldn't under

747

00:26:37,190 --> 00:26:34,320

my company um i didn't want to lose my

748

00:26:38,870 --> 00:26:37,200

job i like obviously need to make money

749

00:26:41,750 --> 00:26:38,880

and so then as things started to

750

00:26:43,269 --> 00:26:41,760

progress in 2017 came around my he

751
00:26:45,029 --> 00:26:43,279
messed me and i was on a vacation in

752
00:26:46,950 --> 00:26:45,039
mexico and he was like do you see what's

753
00:26:49,669 --> 00:26:46,960
happening and i was like oh my god like

754
00:26:51,350 --> 00:26:49,679
this has been a goal as a pr person is

755
00:26:54,070 --> 00:26:51,360
to see this in the mass media and like

756
00:26:56,230 --> 00:26:54,080
forever victor's been trying for so long

757
00:26:58,870 --> 00:26:56,240
in canada just to get you know

758
00:27:00,390 --> 00:26:58,880
mainstream media and so when i when i

759
00:27:02,149 --> 00:27:00,400
saw it i was just like i remember i was

760
00:27:03,909 --> 00:27:02,159
on the beach and i just went looking up

761
00:27:06,070 --> 00:27:03,919
and i was like oh my god like i can't

762
00:27:08,149 --> 00:27:06,080
even believe this is happening right now

763
00:27:09,350 --> 00:27:08,159

um and as a pr person you're just like

764

00:27:11,430 --> 00:27:09,360

it's overwhelming because i know how

765

00:27:13,830 --> 00:27:11,440

hard it is to try to get through

766

00:27:16,149 --> 00:27:13,840

and so when it all started to unravel

767

00:27:17,590 --> 00:27:16,159

and i started a podcast with a friend i

768

00:27:19,990 --> 00:27:17,600

interviewed jeremy corbells when i

769

00:27:22,070 --> 00:27:20,000

started all pop repeat and i met jeremy

770

00:27:23,830 --> 00:27:22,080

years ago before this uh when he was

771

00:27:26,230 --> 00:27:23,840

following bob lazar i met him at the ufo

772

00:27:28,149 --> 00:27:26,240

congress and it was so funny because i

773

00:27:30,389 --> 00:27:28,159

wasn't a journalist at that time like i

774

00:27:31,510 --> 00:27:30,399

was and i was interviewing people around

775

00:27:33,909 --> 00:27:31,520

there and i think it was one of the

776

00:27:34,950 --> 00:27:33,919

previous years i was there with a camera

777

00:27:38,310 --> 00:27:34,960

um

778

00:27:39,669 --> 00:27:38,320

but it was interesting with him because

779

00:27:41,430 --> 00:27:39,679

he said to me he was just like paul

780

00:27:43,430 --> 00:27:41,440

heller told me about you and i'm like

781

00:27:44,389 --> 00:27:43,440

what and i'm like he did and he's like

782

00:27:45,750 --> 00:27:44,399

yeah he told me that there's a

783

00:27:47,830 --> 00:27:45,760

journalist that's a female journalist

784

00:27:49,750 --> 00:27:47,840

that i should meet and at that point i

785

00:27:51,909 --> 00:27:49,760

wasn't and i was in pr and i said oh so

786

00:27:54,310 --> 00:27:51,919

we exchanged information but i was

787

00:27:56,389 --> 00:27:54,320

doing my own journalism in a way uh not

788

00:27:57,990 --> 00:27:56,399

for an outlet and so then fast forward

789

00:27:59,350 --> 00:27:58,000

years down the road i forgot that jeremy

790

00:28:01,909 --> 00:27:59,360

and i even gave each other cell phone

791

00:28:03,750 --> 00:28:01,919

numbers and then i messaged him and i

792

00:28:06,389 --> 00:28:03,760

was like i wanted i've been obviously

793

00:28:08,230 --> 00:28:06,399

ufos have been so big in my life that

794

00:28:09,590 --> 00:28:08,240

they're becoming mainstream now and this

795

00:28:11,750 --> 00:28:09,600

makes sense for the show that i'm doing

796

00:28:14,630 --> 00:28:11,760

all pop repeat so he was our first

797

00:28:17,350 --> 00:28:14,640

interview and then i just it started to

798

00:28:19,190 --> 00:28:17,360

open up and and you know ufos become way

799

00:28:21,110 --> 00:28:19,200

more straight mainstream you know the

800

00:28:23,590 --> 00:28:21,120

debrief popped up i was making more

801
00:28:25,269 --> 00:28:23,600
content um i was working with victor

802
00:28:26,950 --> 00:28:25,279
closely more in stories that he was

803
00:28:29,110 --> 00:28:26,960
sitting in canada and giving him more

804
00:28:31,430 --> 00:28:29,120
strategy and so when the debrief came

805
00:28:34,549 --> 00:28:31,440
around i messaged mj banayas to create

806
00:28:36,230 --> 00:28:34,559
content and mj just it was like sure you

807
00:28:37,990 --> 00:28:36,240
know i was like i said i kind of want to

808
00:28:39,669 --> 00:28:38,000
do all of it i don't just love ufos i

809
00:28:41,269 --> 00:28:39,679
love all of it but ufos is a common

810
00:28:44,230 --> 00:28:41,279
thread between all of us

811
00:28:45,110 --> 00:28:44,240
and god i swear i'm babbling guys and so

812
00:28:50,230 --> 00:28:45,120
long

813
00:28:51,830 --> 00:28:50,240

story short he uh he said yeah so then

814

00:28:53,830 --> 00:28:51,840

we started creating i started creating

815

00:28:55,510 --> 00:28:53,840

content for them and i gave some pr

816

00:28:57,110 --> 00:28:55,520

advice and things started really working

817

00:28:58,710 --> 00:28:57,120

with them and we all end up working

818

00:29:00,789 --> 00:28:58,720

really well so they asked me to be part

819

00:29:03,430 --> 00:29:00,799

of the company and then that's kind of

820

00:29:05,909 --> 00:29:03,440

how it all aligned so i really been able

821

00:29:07,350 --> 00:29:05,919

to use my ability in pr and that's what

822

00:29:09,830 --> 00:29:07,360

drove me through and it's very

823

00:29:12,630 --> 00:29:09,840

interesting that now i get to use that

824

00:29:14,870 --> 00:29:12,640

ability and it like and i love it like i

825

00:29:17,430 --> 00:29:14,880

never ever thought in my entire life i

826

00:29:19,830 --> 00:29:17,440

would ever get to do pr and like seed

827

00:29:21,590 --> 00:29:19,840

stories about you know if it's

828

00:29:23,590 --> 00:29:21,600

politically or whatever it is if it's

829

00:29:26,470 --> 00:29:23,600

breaking stories to news media you know

830

00:29:28,950 --> 00:29:26,480

around the world like like what like

831

00:29:30,950 --> 00:29:28,960

so amazing so i just i'm really happy

832

00:29:33,110 --> 00:29:30,960

that i get to do it and it's it's fun

833

00:29:35,510 --> 00:29:33,120

that's the other part too so

834

00:29:36,710 --> 00:29:35,520

hard to get those combos aligned right

835

00:29:40,149 --> 00:29:36,720

you know

836

00:29:41,269 --> 00:29:40,159

probably some people in canada i would

837

00:29:42,870 --> 00:29:41,279

imagine or some outlets that are

838

00:29:45,350 --> 00:29:42,880

probably just laughing a little bit at

839

00:29:47,190 --> 00:29:45,360

me and maybe i've been blacklisted but

840

00:29:48,389 --> 00:29:47,200

at this point i don't care you know i'm

841

00:29:51,110 --> 00:29:48,399

like i

842

00:29:52,789 --> 00:29:51,120

i love what i do and american media is

843

00:29:54,950 --> 00:29:52,799

way more

844

00:29:56,710 --> 00:29:54,960

acceptable in this conversation than

845

00:29:58,549 --> 00:29:56,720

canadian media unfortunately right now

846

00:30:00,310 --> 00:29:58,559

and hopefully that will change and you

847

00:30:02,230 --> 00:30:00,320

know hopefully i'll i'll be able to to

848

00:30:04,710 --> 00:30:02,240

help advocate that change at some point

849

00:30:07,190 --> 00:30:04,720

i'm kind of gearing towards that

850

00:30:08,950 --> 00:30:07,200

but yeah it's been an interesting ride

851
00:30:10,630 --> 00:30:08,960
and i'm just i'm just happy and it's

852
00:30:12,310 --> 00:30:10,640
just really cool to be able to like talk

853
00:30:14,230 --> 00:30:12,320
to like different news outlets you know

854
00:30:15,590 --> 00:30:14,240
in mainstream media and talk about ufos

855
00:30:17,669 --> 00:30:15,600
on the phone like

856
00:30:18,630 --> 00:30:17,679
it's crazy it's crazy

857
00:30:22,389 --> 00:30:18,640
yeah

858
00:30:25,510 --> 00:30:22,399
are you related to isaac newton sorry i

859
00:30:26,630 --> 00:30:25,520
was i had to throw that in you imagine

860
00:30:29,669 --> 00:30:26,640
i always say that people want to spell

861
00:30:31,350 --> 00:30:29,679
right now i wish i was great

862
00:30:33,430 --> 00:30:31,360
put everything together

863
00:30:35,110 --> 00:30:33,440

yeah my background's german italian and

864

00:30:37,430 --> 00:30:35,120

apparently like we have a descend we're

865

00:30:38,950 --> 00:30:37,440

descendants of of from

866

00:30:41,110 --> 00:30:38,960

for english as well too i found out

867

00:30:42,870 --> 00:30:41,120

later on but i'm i'm mainly german

868

00:30:44,389 --> 00:30:42,880

italian so no

869

00:30:45,909 --> 00:30:44,399

okay

870

00:30:47,590 --> 00:30:45,919

nice

871

00:30:48,870 --> 00:30:47,600

who's going next i wanted to ask that's

872

00:30:50,470 --> 00:30:48,880

you go for it

873

00:30:52,389 --> 00:30:50,480

cool so

874

00:30:55,110 --> 00:30:52,399

um as you were talking earlier about the

875

00:30:57,190 --> 00:30:55,120

team and how how you guys all work so

876

00:31:00,070 --> 00:30:57,200

closely together the debrief and you

877

00:31:03,029 --> 00:31:00,080

guys are so bonded so so as a team do

878

00:31:05,830 --> 00:31:03,039

you guys ever sit and really discuss

879

00:31:08,310 --> 00:31:05,840

like what if the phenomena just showed

880

00:31:10,149 --> 00:31:08,320

up right here right now how can we help

881

00:31:12,230 --> 00:31:10,159

the community how are we going to

882

00:31:14,590 --> 00:31:12,240

respond you know do you guys ever kind

883

00:31:17,269 --> 00:31:14,600

of talk about you know kind of

884

00:31:19,110 --> 00:31:17,279

philosophizing through how how you you

885

00:31:20,789 --> 00:31:19,120

would handle it

886

00:31:22,870 --> 00:31:20,799

we don't we don't philosophize how we

887

00:31:24,549 --> 00:31:22,880

would handle it you know we would report

888

00:31:26,149 --> 00:31:24,559

about it so i think that there's like

889

00:31:27,590 --> 00:31:26,159

there would be an understanding like how

890

00:31:29,110 --> 00:31:27,600

would probably work is

891

00:31:32,710 --> 00:31:29,120

somebody would take the lead on the

892

00:31:35,110 --> 00:31:32,720

story if it would either be tim mj um

893

00:31:37,509 --> 00:31:35,120

or micah depending on what the angle was

894

00:31:39,350 --> 00:31:37,519

if it's like air force or it's you know

895

00:31:41,590 --> 00:31:39,360

really deep history we'd go micah if

896

00:31:42,710 --> 00:31:41,600

it's more political we'd go tim

897

00:31:44,950 --> 00:31:42,720

if there was culture related we'd

898

00:31:46,870 --> 00:31:44,960

probably go more mj so it just depends

899

00:31:48,149 --> 00:31:46,880

on who would write that piece and then

900

00:31:50,070 --> 00:31:48,159

or all three of them would write it

901
00:31:51,350 --> 00:31:50,080
actually together it could be possible

902
00:31:53,350 --> 00:31:51,360
uh and then what i would do is write a

903
00:31:54,789 --> 00:31:53,360
press release around it and then i would

904
00:31:57,190 --> 00:31:54,799
be seeding our story if it was a

905
00:31:59,190 --> 00:31:57,200
breaking story so we've done this before

906
00:32:00,870 --> 00:31:59,200
and we've done it many times in the ufo

907
00:32:03,590 --> 00:32:00,880
conversation where you know something's

908
00:32:05,269 --> 00:32:03,600
come out and broke and um

909
00:32:07,190 --> 00:32:05,279
the trans medium article was one of them

910
00:32:08,710 --> 00:32:07,200
that we ended up breaking um and then

911
00:32:10,950 --> 00:32:08,720
just confirming that you know jeremy

912
00:32:13,190 --> 00:32:10,960
corbell stuff was um confirmed from the

913
00:32:15,269 --> 00:32:13,200

pentagon you know we we broke a lot of

914

00:32:17,430 --> 00:32:15,279

those pieces jeremy obviously broke his

915

00:32:19,350 --> 00:32:17,440

first story we just helped push when we

916

00:32:21,190 --> 00:32:19,360

found out that it was um that it was

917

00:32:22,149 --> 00:32:21,200

confirmed from the dod as not being

918

00:32:24,549 --> 00:32:22,159

theirs

919

00:32:25,990 --> 00:32:24,559

so we've done this before many times and

920

00:32:28,230 --> 00:32:26,000

so we know how to do it so i think it'd

921

00:32:29,590 --> 00:32:28,240

be similar process of what we do now and

922

00:32:31,990 --> 00:32:29,600

then we'd all just be freaking out in

923

00:32:33,590 --> 00:32:32,000

discord like in our discord chat and

924

00:32:35,430 --> 00:32:33,600

like you know and then be like oh my god

925

00:32:36,710 --> 00:32:35,440

like and then you know right and then

926

00:32:38,230 --> 00:32:36,720

ours would be like what strategy and

927

00:32:40,549 --> 00:32:38,240

then i would figure out what strategy we

928

00:32:41,269 --> 00:32:40,559

would do to see to what media um you

929

00:32:43,590 --> 00:32:41,279

know

930

00:32:45,350 --> 00:32:43,600

i would be unbelievable to break a story

931

00:32:47,269 --> 00:32:45,360

like that like i you know like that's

932

00:32:49,029 --> 00:32:47,279

you can't even ask for that as someone

933

00:32:51,669 --> 00:32:49,039

in journalism and everything else to be

934

00:32:54,549 --> 00:32:51,679

able to go out and tell people

935

00:32:56,470 --> 00:32:54,559

something that major oh my god

936

00:32:58,789 --> 00:32:56,480

it would be amazing but um and there's

937

00:33:00,549 --> 00:32:58,799

also people too that are um it's part of

938

00:33:03,830 --> 00:33:00,559

study i believe one of them i forget his

939

00:33:05,830 --> 00:33:03,840

name now as a scientist um

940

00:33:07,509 --> 00:33:05,840

i just i ended up watching um world

941

00:33:10,470 --> 00:33:07,519

science one of his interviews recently a

942

00:33:12,870 --> 00:33:10,480

roundtable that they did and he is oh

943

00:33:14,389 --> 00:33:12,880

gosh i forget his name but he was one of

944

00:33:16,230 --> 00:33:14,399

the people that if something did happen

945

00:33:17,509 --> 00:33:16,240

like if obviously if aliens came to

946

00:33:19,190 --> 00:33:17,519

light came to earth and there was

947

00:33:20,470 --> 00:33:19,200

something we said and was there you know

948

00:33:23,750 --> 00:33:20,480

they showed us and they're like huh

949

00:33:26,149 --> 00:33:23,760

we're here um and and full and full-on

950

00:33:27,830 --> 00:33:26,159

and ended up telling us let's just say

951
00:33:29,669 --> 00:33:27,840
there are point people that they would

952
00:33:31,190 --> 00:33:29,679
go to and i found that and i've been

953
00:33:33,110 --> 00:33:31,200
trying to contact him actually to do an

954
00:33:34,950 --> 00:33:33,120
interview because i'm curious because

955
00:33:36,549 --> 00:33:34,960
seti has a process of how they would go

956
00:33:38,549 --> 00:33:36,559
about doing that and then who would be

957
00:33:39,830 --> 00:33:38,559
that contact person and it you know and

958
00:33:41,990 --> 00:33:39,840
then he'll be talking to government but

959
00:33:44,070 --> 00:33:42,000
there would be a main face for it and

960
00:33:45,509 --> 00:33:44,080
part of that is study i believe from

961
00:33:47,350 --> 00:33:45,519
what i what i've heard

962
00:33:49,509 --> 00:33:47,360
um so that's interesting and we'd

963
00:33:51,430 --> 00:33:49,519

probably bring that person into to talk

964

00:33:53,590 --> 00:33:51,440

with us there would be a whole process

965

00:33:54,950 --> 00:33:53,600

around it as well but yeah but i think

966

00:33:56,389 --> 00:33:54,960

it would just be what we have now it

967

00:33:59,029 --> 00:33:56,399

also depends on what we're talking about

968

00:34:00,789 --> 00:33:59,039

too yeah how big it is you know

969

00:34:02,149 --> 00:34:00,799

yeah yeah

970

00:34:03,669 --> 00:34:02,159

nice well we have a i know we have a

971

00:34:04,950 --> 00:34:03,679

question from the chat so chris you

972

00:34:09,109 --> 00:34:04,960

might be on mute but uh you want to put

973

00:34:14,149 --> 00:34:11,030

here we go

974

00:34:15,430 --> 00:34:14,159

that's our question from rachel tsa is

975

00:34:17,669 --> 00:34:15,440

no more

976
00:34:21,510 --> 00:34:17,679
now to the stars media would love to

977
00:34:23,669 --> 00:34:21,520
hear your thoughts on the transition

978
00:34:26,149 --> 00:34:23,679
yeah so you mean from like what tom's

979
00:34:28,869 --> 00:34:26,159
doing in the movie and entertainment

980
00:34:30,629 --> 00:34:28,879
space i think that there's a space for

981
00:34:33,109 --> 00:34:30,639
tom to tell his stories you know he's

982
00:34:35,270 --> 00:34:33,119
moving away from news media and that's

983
00:34:37,510 --> 00:34:35,280
okay because his space and you know

984
00:34:39,030 --> 00:34:37,520
we're looking at chris um christopher

985
00:34:41,190 --> 00:34:39,040
mellon and like everyone else and lou

986
00:34:42,790 --> 00:34:41,200
elizondo that are really dedicated to

987
00:34:44,230 --> 00:34:42,800
the news media section of this and i

988
00:34:45,669 --> 00:34:44,240

think that they're there's it's smart

989

00:34:47,990 --> 00:34:45,679

for them to do that because it keeps

990

00:34:49,669 --> 00:34:48,000

things in the mainstream media and

991

00:34:51,510 --> 00:34:49,679

people having more daily conversations

992

00:34:53,349 --> 00:34:51,520

and learning more different academic

993

00:34:55,510 --> 00:34:53,359

level too rather than just doing like

994

00:34:57,190 --> 00:34:55,520

movies and entertainment shows so i

995

00:34:58,710 --> 00:34:57,200

think tom's in there for a good reason

996

00:35:01,589 --> 00:34:58,720

too because i think he's going to create

997

00:35:03,750 --> 00:35:01,599

content that is going to be closer to

998

00:35:05,030 --> 00:35:03,760

fat and closer to what's actually going

999

00:35:07,109 --> 00:35:05,040

on in the community than getting

1000

00:35:08,790 --> 00:35:07,119

producers and no offense to any producer

1001
00:35:11,510 --> 00:35:08,800
that produces ufo content because i'm

1002
00:35:15,030 --> 00:35:11,520
just happy you do um but

1003
00:35:16,470 --> 00:35:15,040
they it takes a lot to learn right like

1004
00:35:17,910 --> 00:35:16,480
yeah europe like i've talked to some

1005
00:35:20,069 --> 00:35:17,920
directors and producers and they're like

1006
00:35:22,390 --> 00:35:20,079
oh my god like this is so much i'm like

1007
00:35:23,430 --> 00:35:22,400
welcome to the welcome to the ufo world

1008
00:35:24,950 --> 00:35:23,440
right yeah that's coming up in your

1009
00:35:27,190 --> 00:35:24,960
interviews

1010
00:35:29,109 --> 00:35:27,200
yeah i'm sorry no the follow-up to this

1011
00:35:33,430 --> 00:35:29,119
is because i think as i saw this this

1012
00:35:36,069 --> 00:35:33,440
morning that the ttsa website's gone

1013
00:35:39,109 --> 00:35:36,079

and oh i'm not surprised yeah yeah and

1014

00:35:41,430 --> 00:35:39,119

that the address for ttsa has changed to

1015

00:35:42,790 --> 00:35:41,440

a p.o box now i have not vetted any of

1016

00:35:45,190 --> 00:35:42,800

that i just saw it on twitter and i

1017

00:35:47,990 --> 00:35:45,200

think that's where rachel's coming from

1018

00:35:49,990 --> 00:35:48,000

that all of a sudden the website's just

1019

00:35:51,589 --> 00:35:50,000

a dead url

1020

00:35:54,630 --> 00:35:51,599

yeah i think it might be rewarding

1021

00:35:56,230 --> 00:35:54,640

information so yeah my speculation on

1022

00:35:57,750 --> 00:35:56,240

that is that he's probably just in a

1023

00:35:58,390 --> 00:35:57,760

transition mode like i don't i don't

1024

00:36:04,710 --> 00:35:58,400

know

1025

00:36:07,270 --> 00:36:04,720

and he's been very open about going into

1026

00:36:08,390 --> 00:36:07,280

more film and television about ufos so i

1027

00:36:10,069 --> 00:36:08,400

think what he's doing is just

1028

00:36:11,670 --> 00:36:10,079

transitioning the company and a lot of

1029

00:36:13,109 --> 00:36:11,680

people that were on the board now are no

1030

00:36:14,550 --> 00:36:13,119

longer there and have done other things

1031

00:36:15,750 --> 00:36:14,560

so he's probably just making it a

1032

00:36:18,230 --> 00:36:15,760

totally new website and just

1033

00:36:19,670 --> 00:36:18,240

transitioning into something that's um

1034

00:36:21,510 --> 00:36:19,680

more aligned with what he's doing on

1035

00:36:23,430 --> 00:36:21,520

brand and in the film and television

1036

00:36:41,750 --> 00:36:23,440

world that's that's my thoughts i don't

1037

00:36:44,870 --> 00:36:43,349

yeah well i wanted to ask you a question

1038

00:36:47,270 --> 00:36:44,880

a very kind of specific question that

1039

00:36:49,670 --> 00:36:47,280

came up uh in twitter today and i know

1040

00:36:52,069 --> 00:36:49,680

you've interviewed uh avi loeb about the

1041

00:36:53,750 --> 00:36:52,079

galileo project um

1042

00:36:56,150 --> 00:36:53,760

and uh the comment i think came from

1043

00:36:58,790 --> 00:36:56,160

daniel miller at ucr uh and it was

1044

00:37:01,109 --> 00:36:58,800

essentially speaking to the

1045

00:37:03,829 --> 00:37:01,119

the sort of members of the galileo

1046

00:37:05,430 --> 00:37:03,839

project it's it's got this big tent uh

1047

00:37:06,950 --> 00:37:05,440

sort of mission in a way kind of

1048

00:37:10,150 --> 00:37:06,960

bringing lots of different scientists or

1049

00:37:11,990 --> 00:37:10,160

whatever but there is a little bit of um

1050

00:37:14,950 --> 00:37:12,000

i think concern

1051
00:37:17,190 --> 00:37:14,960
from some maybe on that project of of

1052
00:37:18,390 --> 00:37:17,200
who is joining galileo and whether or

1053
00:37:20,470 --> 00:37:18,400
not that

1054
00:37:22,710 --> 00:37:20,480
makes it more challenging for the

1055
00:37:24,470 --> 00:37:22,720
academics and the scientists who've

1056
00:37:25,589 --> 00:37:24,480
signed on to that project to kind of put

1057
00:37:27,430 --> 00:37:25,599
their names

1058
00:37:29,190 --> 00:37:27,440
on the on the dotted line just because

1059
00:37:30,310 --> 00:37:29,200
of association with some of the more

1060
00:37:32,470 --> 00:37:30,320
fringe

1061
00:37:34,310 --> 00:37:32,480
uh sort of ideas within the within the

1062
00:37:35,670 --> 00:37:34,320
phenomenon community so i wonder if you

1063
00:37:38,470 --> 00:37:35,680

could speak to that a little bit from a

1064

00:37:40,950 --> 00:37:38,480

pr standpoint also from just as this is

1065

00:37:42,710 --> 00:37:40,960

um starting to kind of get out there

1066

00:37:44,069 --> 00:37:42,720

more in the public sphere you know is

1067

00:37:46,150 --> 00:37:44,079

that a good idea to have a really big

1068

00:37:47,510 --> 00:37:46,160

big tent or would you kind of recommend

1069

00:37:48,550 --> 00:37:47,520

they keep it a little bit more narrowly

1070

00:37:50,310 --> 00:37:48,560

focused

1071

00:37:51,829 --> 00:37:50,320

it's a great question i haven't even

1072

00:37:53,750 --> 00:37:51,839

really thought about it in a pr's

1073

00:37:55,829 --> 00:37:53,760

perspective i've just been busy thinking

1074

00:37:58,390 --> 00:37:55,839

about like i i know what's going on and

1075

00:38:00,150 --> 00:37:58,400

i hear a lot of the the politics and you

1076

00:38:03,030 --> 00:38:00,160

know people arguing and stuff in our own

1077

00:38:04,710 --> 00:38:03,040

community and what's going on with it um

1078

00:38:07,109 --> 00:38:04,720

i really love abby loeb and what he's

1079

00:38:09,670 --> 00:38:07,119

doing in his team um and i'd rather talk

1080

00:38:10,870 --> 00:38:09,680

to other people on his team so and the

1081

00:38:12,390 --> 00:38:10,880

you know and what he's doing with

1082

00:38:14,950 --> 00:38:12,400

harvard so

1083

00:38:19,430 --> 00:38:14,960

i'm gonna leave him and let him you know

1084

00:38:20,790 --> 00:38:19,440

i think he knows what he's doing um it's

1085

00:38:22,870 --> 00:38:20,800

it's hard to say because he might have a

1086

00:38:24,710 --> 00:38:22,880

larger plan at play that we're not

1087

00:38:26,870 --> 00:38:24,720

seeing here um

1088

00:38:28,950 --> 00:38:26,880

personally if it was me

1089

00:38:43,589 --> 00:38:28,960

i

1090

00:38:45,430 --> 00:38:43,599

need those other players that have that

1091

00:38:47,430 --> 00:38:45,440

type of equipment and those abilities to

1092

00:38:49,270 --> 00:38:47,440

do that

1093

00:38:51,270 --> 00:38:49,280

some of those people are not always the

1094

00:38:53,190 --> 00:38:51,280

best and so maybe what he's doing when

1095

00:38:55,190 --> 00:38:53,200

it comes to like weeding certain people

1096

00:38:57,349 --> 00:38:55,200

out um before popping them up on the

1097

00:38:58,710 --> 00:38:57,359

website is maybe just you know holding

1098

00:39:01,109 --> 00:38:58,720

on to that information a little bit

1099

00:39:03,190 --> 00:39:01,119

longer that's what i would probably do

1100

00:39:05,910 --> 00:39:03,200

but again like he might have a bigger

1101

00:39:07,750 --> 00:39:05,920

strategy at play than than i even know

1102

00:39:10,390 --> 00:39:07,760

so we'll see what what happens i just

1103

00:39:12,390 --> 00:39:10,400

hope that what he's doing is still gonna

1104

00:39:14,310 --> 00:39:12,400

roll out and i hope that harvard even

1105

00:39:16,069 --> 00:39:14,320

though some people drop on and drop off

1106

00:39:18,150 --> 00:39:16,079

that harvard still really backs this and

1107

00:39:20,710 --> 00:39:18,160

that would be my only concern as a pr

1108

00:39:23,270 --> 00:39:20,720

person is that harvard would say i don't

1109

00:39:25,109 --> 00:39:23,280

want to do this anymore um because that

1110

00:39:27,990 --> 00:39:25,119

really gives so much leverage and

1111

00:39:29,349 --> 00:39:28,000

credibility to that program so that's

1112

00:39:31,430 --> 00:39:29,359

the only thing i would i would be

1113

00:39:33,430 --> 00:39:31,440

concerned about um but you know what we

1114

00:39:35,109 --> 00:39:33,440

see on a long you know and i would love

1115

00:39:37,430 --> 00:39:35,119

to do this more is work in the science

1116

00:39:39,109 --> 00:39:37,440

community doing pr um science

1117

00:39:41,109 --> 00:39:39,119

community's not really good at it like

1118

00:39:42,790 --> 00:39:41,119

they're really not um

1119

00:39:43,990 --> 00:39:42,800

and i don't know why

1120

00:39:45,589 --> 00:39:44,000

um it's not saying that their

1121

00:39:48,230 --> 00:39:45,599

communications people aren't good at

1122

00:39:49,670 --> 00:39:48,240

their job it's just um they're telling

1123

00:39:51,589 --> 00:39:49,680

me telling stories in different ways you

1124

00:39:54,710 --> 00:39:51,599

know i am not a scientist in that way

1125

00:39:56,230 --> 00:39:54,720

like my background is um humanities and

1126
00:39:58,790 --> 00:39:56,240
arts and then along with like

1127
00:39:59,829 --> 00:39:58,800
communications that's what i do and like

1128
00:40:01,750 --> 00:39:59,839
you know my postgrad is corporate

1129
00:40:03,430 --> 00:40:01,760
communications and public relations so

1130
00:40:04,790 --> 00:40:03,440
i'm really versed in that in like what's

1131
00:40:06,230 --> 00:40:04,800
going on in the mainstream and along

1132
00:40:08,230 --> 00:40:06,240
with them with culture i'm not a

1133
00:40:10,150 --> 00:40:08,240
scientist i just love science and tech

1134
00:40:12,950 --> 00:40:10,160
like i just i'm fascinated by it and i'm

1135
00:40:13,829 --> 00:40:12,960
just love to be able to work in it so

1136
00:40:15,589 --> 00:40:13,839
my

1137
00:40:17,349 --> 00:40:15,599
what i've learned in this space i would

1138
00:40:18,950 --> 00:40:17,359

love one day to be able to take over to

1139

00:40:20,710 --> 00:40:18,960

the science community to help frame

1140

00:40:22,630 --> 00:40:20,720

stuff to be a little bit more attractive

1141

00:40:24,150 --> 00:40:22,640

mainstream wise and there's there are

1142

00:40:25,910 --> 00:40:24,160

probably other pr people doing it i just

1143

00:40:27,990 --> 00:40:25,920

haven't met them before um and hopefully

1144

00:40:29,829 --> 00:40:28,000

i get to so i think that that's what you

1145

00:40:31,109 --> 00:40:29,839

know obvi's i think he's trying to do

1146

00:40:32,870 --> 00:40:31,119

that and i think he's trying to do

1147

00:40:34,710 --> 00:40:32,880

something different so i'm just going to

1148

00:40:35,910 --> 00:40:34,720

watch it for a while but if anything

1149

00:40:38,230 --> 00:40:35,920

what i would have done is hold on to

1150

00:40:39,750 --> 00:40:38,240

those names a little bit longer um to

1151
00:40:42,870 --> 00:40:39,760
see what happens rather than just kind

1152
00:40:44,710 --> 00:40:42,880
of popping everybody up all the time um

1153
00:40:46,390 --> 00:40:44,720
and letting like you know if people are

1154
00:40:48,309 --> 00:40:46,400
having politics internally in their own

1155
00:40:50,069 --> 00:40:48,319
community let them sort that out and if

1156
00:40:52,309 --> 00:40:50,079
they don't well then that's their own

1157
00:40:54,790 --> 00:40:52,319
loss right right if i could ask one

1158
00:40:57,430 --> 00:40:54,800
follow-up to that the um kind of the

1159
00:40:59,829 --> 00:40:57,440
on-ramp for this topic seems like it is

1160
00:41:01,990 --> 00:40:59,839
the nut nuts and bolts component the uh

1161
00:41:04,069 --> 00:41:02,000
the national security component that's

1162
00:41:06,790 --> 00:41:04,079
you know getting politicians engaged

1163
00:41:08,870 --> 00:41:06,800

that seems like a very easy a place to

1164

00:41:11,109 --> 00:41:08,880

get into this topic and distribute it

1165

00:41:13,990 --> 00:41:11,119

you know sort of amongst the larger um

1166

00:41:16,950 --> 00:41:14,000

you know the world if you will um what

1167

00:41:18,150 --> 00:41:16,960

do you think about um the progression of

1168

00:41:20,550 --> 00:41:18,160

the story

1169

00:41:21,670 --> 00:41:20,560

and where it may go so it's it's obvious

1170

00:41:23,589 --> 00:41:21,680

kind of i think where we're starting

1171

00:41:25,670 --> 00:41:23,599

where do you think it may end

1172

00:41:28,710 --> 00:41:25,680

these are really great questions guys

1173

00:41:30,710 --> 00:41:28,720

it's like really great questions um

1174

00:41:32,710 --> 00:41:30,720

politically

1175

00:41:34,550 --> 00:41:32,720

so i had this conversation just recently

1176
00:41:35,910 --> 00:41:34,560
too i talked to dave about this because

1177
00:41:38,069 --> 00:41:35,920
we talk about how

1178
00:41:41,270 --> 00:41:38,079
ufos are political right now and how

1179
00:41:42,870 --> 00:41:41,280
they haven't been polarized yet um i'm

1180
00:41:45,430 --> 00:41:42,880
worried that they will be and i'm

1181
00:41:47,190 --> 00:41:45,440
worried that um certain political

1182
00:41:49,349 --> 00:41:47,200
extremist groups will take the ufo

1183
00:41:51,109 --> 00:41:49,359
narrative and they have in the past

1184
00:41:52,230 --> 00:41:51,119
and have used it just as a conversation

1185
00:41:54,150 --> 00:41:52,240
they haven't used it as part of their

1186
00:41:56,309 --> 00:41:54,160
agenda but they've used it in larger

1187
00:41:57,589 --> 00:41:56,319
broader conversations so i'm worried

1188
00:41:59,670 --> 00:41:57,599

that we're going to have certain

1189

00:42:02,230 --> 00:41:59,680

extremist political groups decide to

1190

00:42:04,390 --> 00:42:02,240

attach themselves to ufos and then be

1191

00:42:06,309 --> 00:42:04,400

like oh you know this is and ever and

1192

00:42:07,829 --> 00:42:06,319

then news media is going to discredit it

1193

00:42:08,790 --> 00:42:07,839

and then entertainment will discredit it

1194

00:42:11,990 --> 00:42:08,800

because they'll think it's just an

1195

00:42:14,950 --> 00:42:12,000

extremist movement when it's not um and

1196

00:42:17,190 --> 00:42:14,960

i think i'm i'm you know i'm looking at

1197

00:42:19,430 --> 00:42:17,200

that more than anything and the and

1198

00:42:21,910 --> 00:42:19,440

still in the political space as well i

1199

00:42:24,390 --> 00:42:21,920

do think that people i have seen other

1200

00:42:27,030 --> 00:42:24,400

lobbyists um that have political agendas

1201
00:42:28,470 --> 00:42:27,040
i obviously won't say who but we've seen

1202
00:42:29,829 --> 00:42:28,480
that they've created these lobbyist

1203
00:42:31,670 --> 00:42:29,839
groups and you can tell that they're

1204
00:42:33,589 --> 00:42:31,680
just looking for money within the ufo

1205
00:42:36,150 --> 00:42:33,599
community and i've smelt that out pretty

1206
00:42:37,510 --> 00:42:36,160
bad where i'm like i don't trust them

1207
00:42:39,270 --> 00:42:37,520
so i'm worried about that and i'd like

1208
00:42:42,150 --> 00:42:39,280
people to be mindful of that too when

1209
00:42:44,710 --> 00:42:42,160
they're deciding on who they're going to

1210
00:42:46,710 --> 00:42:44,720
give money to or donate anything to when

1211
00:42:48,630 --> 00:42:46,720
it comes to lobbyists and that to know

1212
00:42:50,309 --> 00:42:48,640
who they are and really if they are

1213
00:42:53,190 --> 00:42:50,319

working towards the community and

1214

00:42:54,390 --> 00:42:53,200

helping this rather than just money um

1215

00:42:56,309 --> 00:42:54,400

because there's people out there that do

1216

00:42:57,829 --> 00:42:56,319

that um and then along with then yeah

1217

00:42:59,750 --> 00:42:57,839

like making sure extreme extremist

1218

00:43:01,750 --> 00:42:59,760

groups don't uh politicalize it and then

1219

00:43:03,670 --> 00:43:01,760

along with like if a politician is going

1220

00:43:05,510 --> 00:43:03,680

to come in they actually do want to make

1221

00:43:06,870 --> 00:43:05,520

some change and we are seeing that like

1222

00:43:08,630 --> 00:43:06,880

right now with the bipartisan and

1223

00:43:10,630 --> 00:43:08,640

everything else that's been done we're

1224

00:43:12,710 --> 00:43:10,640

seeing like two different sides of

1225

00:43:14,950 --> 00:43:12,720

political um

1226

00:43:17,270 --> 00:43:14,960

political parties that are now working

1227

00:43:19,030 --> 00:43:17,280

together and like it's unbelievable like

1228

00:43:21,270 --> 00:43:19,040

i just i think it's amazing and i just

1229

00:43:22,390 --> 00:43:21,280

hope it stays like that for a very very

1230

00:43:25,190 --> 00:43:22,400

long time

1231

00:43:27,030 --> 00:43:25,200

um so that's that's that's my wish and

1232

00:43:29,030 --> 00:43:27,040

that but we'll see you know and to be

1233

00:43:32,230 --> 00:43:29,040

honest i really think that the ufo

1234

00:43:33,829 --> 00:43:32,240

community is not going to let the

1235

00:43:35,990 --> 00:43:33,839

not polarization's going to happen on

1236

00:43:38,230 --> 00:43:36,000

its own maybe but i don't think the

1237

00:43:40,390 --> 00:43:38,240

extremist side of things i think the ufo

1238

00:43:45,190 --> 00:43:40,400

community is going to be really great at

1239

00:43:46,870 --> 00:43:45,200

handling that ourselves to be honest um

1240

00:43:48,150 --> 00:43:46,880

it's the most amazing one of the most

1241

00:43:49,750 --> 00:43:48,160

and i say this because i'm part of it

1242

00:43:51,190 --> 00:43:49,760

and i'm biased but it is one of the best

1243

00:43:52,550 --> 00:43:51,200

communities like i've seen people work

1244

00:43:55,030 --> 00:43:52,560

together and it's unbelievable around

1245

00:43:57,030 --> 00:43:55,040

the world so i wish we are we should be

1246

00:43:59,349 --> 00:43:57,040

more of an example of that i think for

1247

00:44:01,910 --> 00:43:59,359

other other other communities i totally

1248

00:44:03,910 --> 00:44:01,920

agree yeah again but i'm biased

1249

00:44:06,630 --> 00:44:03,920

same deb you have a question

1250

00:44:10,150 --> 00:44:06,640

yeah i was gonna ask with things like

1251
00:44:12,710 --> 00:44:10,160
you know obviously the web telescope

1252
00:44:13,750 --> 00:44:12,720
um the invisible college being more

1253
00:44:16,069 --> 00:44:13,760
visible

1254
00:44:18,309 --> 00:44:16,079
people being more aware of fringe

1255
00:44:21,270 --> 00:44:18,319
science and things like that what are

1256
00:44:23,910 --> 00:44:21,280
you most excited about coming up you

1257
00:44:25,750 --> 00:44:23,920
know between your own interests science

1258
00:44:28,550 --> 00:44:25,760
and the debrief what are you excited

1259
00:44:31,109 --> 00:44:28,560
about seeing come out soon

1260
00:44:32,710 --> 00:44:31,119
oh man i love chris plains articles

1261
00:44:34,630 --> 00:44:32,720
around warp bubbles i've been talking to

1262
00:44:37,270 --> 00:44:34,640
him about war bubbles for so long before

1263
00:44:39,750 --> 00:44:37,280

that article came out um

1264

00:44:41,670 --> 00:44:39,760

so that stuff in the science community

1265

00:44:43,190 --> 00:44:41,680

i'm i'm super excited to see what

1266

00:44:44,550 --> 00:44:43,200

they're going to do with that on

1267

00:44:47,750 --> 00:44:44,560

different levels

1268

00:44:50,470 --> 00:44:47,760

i'm massively an elon musk you know fan

1269

00:44:51,990 --> 00:44:50,480

and follow his work um i like what

1270

00:44:53,270 --> 00:44:52,000

they're doing with the neuro link i'm

1271

00:44:54,710 --> 00:44:53,280

curious to see what he's going to do

1272

00:44:57,589 --> 00:44:54,720

with that and how that's going to

1273

00:45:00,470 --> 00:44:57,599

integrate into our own society i know

1274

00:45:03,349 --> 00:45:00,480

that he's testing on humans coming up in

1275

00:45:05,190 --> 00:45:03,359

this year and then along with um uh the

1276

00:45:06,069 --> 00:45:05,200

metaverse like

1277

00:45:07,750 --> 00:45:06,079

love

1278

00:45:09,670 --> 00:45:07,760

everything to do with the metaverse

1279

00:45:11,910 --> 00:45:09,680

right

1280

00:45:14,309 --> 00:45:11,920

so it's so good

1281

00:45:16,230 --> 00:45:14,319

exactly like i'm trying to get the

1282

00:45:18,470 --> 00:45:16,240

facebook beta i have a friend that's in

1283

00:45:20,309 --> 00:45:18,480

the in the meta beta right now and i was

1284

00:45:23,109 --> 00:45:20,319

like i need and i think he's obviously

1285

00:45:26,069 --> 00:45:23,119

using its request too um but i'm like i

1286

00:45:28,390 --> 00:45:26,079

need to get my hands on that beta uh

1287

00:45:30,150 --> 00:45:28,400

because i'm i'm really interested to see

1288

00:45:32,069 --> 00:45:30,160

how we're gonna have mixed reality and

1289

00:45:34,069 --> 00:45:32,079

what that's gonna look like you know

1290

00:45:35,829 --> 00:45:34,079

that's like i'm i think that we're in

1291

00:45:37,030 --> 00:45:35,839

the best time for science right now and

1292

00:45:38,870 --> 00:45:37,040

everyone's going to keep saying that as

1293

00:45:40,950 --> 00:45:38,880

it gets you know more exciting but right

1294

00:45:42,069 --> 00:45:40,960

now it's so cool because it's like so

1295

00:45:43,750 --> 00:45:42,079

sci-fi

1296

00:45:45,270 --> 00:45:43,760

and you're like this is like i can't

1297

00:45:47,829 --> 00:45:45,280

believe we're even talking about mixed

1298

00:45:49,670 --> 00:45:47,839

realities right now um i am a little

1299

00:45:51,270 --> 00:45:49,680

scared to be honest too

1300

00:45:53,829 --> 00:45:51,280

uh it doesn't mean that i'm not you know

1301
00:45:55,750 --> 00:45:53,839
i have my sky i have concerns but i'm

1302
00:45:57,190 --> 00:45:55,760
i'm a little bit of a

1303
00:45:59,270 --> 00:45:57,200
i like the new stuff that's coming out

1304
00:46:00,710 --> 00:45:59,280
i'm just keep those are my you know

1305
00:46:02,470 --> 00:46:00,720
outside of all the stuff in the ufo

1306
00:46:05,030 --> 00:46:02,480
community the tech stuff that's that's

1307
00:46:07,190 --> 00:46:05,040
what's really interesting to me um

1308
00:46:08,630 --> 00:46:07,200
but yeah on the ufo side of things i

1309
00:46:09,510 --> 00:46:08,640
just i'm interested i'm really

1310
00:46:10,790 --> 00:46:09,520
interested in the political

1311
00:46:13,270 --> 00:46:10,800
conversations right now and what's going

1312
00:46:15,829 --> 00:46:13,280
to happen too so that's in in the

1313
00:46:18,069 --> 00:46:15,839

international conversation that's really

1314

00:46:19,510 --> 00:46:18,079

important to me um and i've talked to

1315

00:46:20,630 --> 00:46:19,520

louis elizondo about this and i've told

1316

00:46:22,550 --> 00:46:20,640

him like

1317

00:46:24,309 --> 00:46:22,560

those are things that i i care deeply

1318

00:46:25,829 --> 00:46:24,319

about is like how international

1319

00:46:27,030 --> 00:46:25,839

relations are going to look at this ufo

1320

00:46:29,190 --> 00:46:27,040

topic and how we're all going to work

1321

00:46:30,870 --> 00:46:29,200

together around the world as countries

1322

00:46:32,309 --> 00:46:30,880

so

1323

00:46:34,710 --> 00:46:32,319

nice yes they're going to bring us

1324

00:46:38,069 --> 00:46:34,720

together or tear us apart

1325

00:46:42,470 --> 00:46:39,990

i found that uh looking at your

1326
00:46:44,710 --> 00:46:42,480
interviews like you've got a really good

1327
00:46:47,510 --> 00:46:44,720
you do a very good job of uh

1328
00:46:49,109 --> 00:46:47,520
synthesizing topics so i don't know if

1329
00:46:50,550 --> 00:46:49,119
you kind of plan on that when you go

1330
00:46:52,630 --> 00:46:50,560
into interview but uh like your

1331
00:46:54,950 --> 00:46:52,640
interview with lou is a good example of

1332
00:46:56,630 --> 00:46:54,960
this and what you just talked about

1333
00:46:59,349 --> 00:46:56,640
you kind of approached it from an angle

1334
00:47:01,750 --> 00:46:59,359
that i don't think many people would

1335
00:47:03,190 --> 00:47:01,760
you're looking at the bigger picture um

1336
00:47:04,790 --> 00:47:03,200
and i've noticed this too with your alt

1337
00:47:06,550 --> 00:47:04,800
pop repeat show like you guys do a good

1338
00:47:08,230 --> 00:47:06,560

job of kind of like

1339

00:47:10,470 --> 00:47:08,240

kind of pulling things back and making

1340

00:47:11,589 --> 00:47:10,480

them relevant again or looking at what

1341

00:47:13,109 --> 00:47:11,599

the

1342

00:47:14,870 --> 00:47:13,119

what might be popular what kind of means

1343

00:47:17,829 --> 00:47:14,880

in larger context

1344

00:47:19,910 --> 00:47:17,839

so you know how do you view this subject

1345

00:47:21,349 --> 00:47:19,920

uh the study of of the phenomenon or

1346

00:47:23,349 --> 00:47:21,359

ufos uap

1347

00:47:25,109 --> 00:47:23,359

uh in the context of kind of human

1348

00:47:27,030 --> 00:47:25,119

history you know what what what sort of

1349

00:47:28,309 --> 00:47:27,040

common themes do you see

1350

00:47:30,390 --> 00:47:28,319

reoccurring

1351

00:47:31,910 --> 00:47:30,400

with our fascination with this uh you

1352

00:47:33,750 --> 00:47:31,920

know it's it's almost just like when

1353

00:47:35,349 --> 00:47:33,760

when uh enlightenment science came along

1354

00:47:36,470 --> 00:47:35,359

we were like yeah we're done with that

1355

00:47:37,829 --> 00:47:36,480

we're done with the stuff that's really

1356

00:47:39,349 --> 00:47:37,839

mysterious we're just going to look at

1357

00:47:41,349 --> 00:47:39,359

the tiny things and study them under the

1358

00:47:42,790 --> 00:47:41,359

microscope and everything else out there

1359

00:47:44,309 --> 00:47:42,800

we're going to ignore but now we're

1360

00:47:46,790 --> 00:47:44,319

we're seemingly

1361

00:47:48,549 --> 00:47:46,800

entertaining these uh sort of notions

1362

00:47:49,510 --> 00:47:48,559

again through things like quantum

1363

00:47:51,190 --> 00:47:49,520

physics

1364

00:47:53,349 --> 00:47:51,200

which is teaching us that the universe

1365

00:47:54,549 --> 00:47:53,359

is far stranger than we ever thought so

1366

00:47:56,710 --> 00:47:54,559

you know what are your thoughts kind of

1367

00:47:58,870 --> 00:47:56,720

uh from a macro perspective on this

1368

00:48:01,109 --> 00:47:58,880

subject with uh you know sort of human

1369

00:48:02,790 --> 00:48:01,119

behavior human history

1370

00:48:06,150 --> 00:48:02,800

uh and thank you for the compliment

1371

00:48:08,549 --> 00:48:06,160

first of all that's awesome thank you um

1372

00:48:12,710 --> 00:48:08,559

i think on a larger it's again a really

1373

00:48:14,150 --> 00:48:12,720

great question i think on a larger scale

1374

00:48:16,069 --> 00:48:14,160

you know it's hard because we won't know

1375

00:48:17,990 --> 00:48:16,079

and we'll see what happens in the future

1376

00:48:21,109 --> 00:48:18,000

but what i would predict to happen and

1377

00:48:22,710 --> 00:48:21,119

what i would like to happen is that we

1378

00:48:23,670 --> 00:48:22,720

use science like we're using quantum

1379

00:48:25,990 --> 00:48:23,680

physics and the things that we're

1380

00:48:27,910 --> 00:48:26,000

learning now is we get to prove you know

1381

00:48:30,069 --> 00:48:27,920

more things that are paranormal not even

1382

00:48:32,710 --> 00:48:30,079

just ufos and have those conversations

1383

00:48:34,630 --> 00:48:32,720

ufos are opening the door now for larger

1384

00:48:36,390 --> 00:48:34,640

friends other fringe topics to come in

1385

00:48:39,030 --> 00:48:36,400

to be taken academically and taken

1386

00:48:40,710 --> 00:48:39,040

seriously so that's exciting and i think

1387

00:48:42,710 --> 00:48:40,720

that will happen more and i think we

1388

00:48:45,430 --> 00:48:42,720

probably will look back in our past

1389

00:48:46,950 --> 00:48:45,440

history and say oh like maybe we were

1390

00:48:48,309 --> 00:48:46,960

going down the wrong road and maybe

1391

00:48:50,549 --> 00:48:48,319

somebody else was going down the right

1392

00:48:52,230 --> 00:48:50,559

road so i think we will compare and we

1393

00:48:54,950 --> 00:48:52,240

will find those you know we use that

1394

00:48:56,870 --> 00:48:54,960

word sync in all pop repeat which means

1395

00:48:58,950 --> 00:48:56,880

like something that's like come together

1396

00:49:01,349 --> 00:48:58,960

like what is what was a catalyst moment

1397

00:49:03,109 --> 00:49:01,359

that moves something to mainstream um so

1398

00:49:05,270 --> 00:49:03,119

i think we'll find that and you know

1399

00:49:07,430 --> 00:49:05,280

science will help create those like sync

1400

00:49:09,510 --> 00:49:07,440

moments and then news media will report

1401
00:49:11,190 --> 00:49:09,520
on it but we will look back we always do

1402
00:49:13,829 --> 00:49:11,200
like you know dave foley said to me once

1403
00:49:15,109 --> 00:49:13,839
too in an interview previously um where

1404
00:49:16,790 --> 00:49:15,119
he was just like you know we laughed

1405
00:49:18,950 --> 00:49:16,800
because germs we didn't believe it you

1406
00:49:21,109 --> 00:49:18,960
know and then a lot of people died like

1407
00:49:23,190 --> 00:49:21,119
he's just like it was laughable and i

1408
00:49:25,109 --> 00:49:23,200
it's a good point so i do think that

1409
00:49:26,630 --> 00:49:25,119
we're gonna look back on some of the

1410
00:49:28,630 --> 00:49:26,640
science that we have now and realize

1411
00:49:30,549 --> 00:49:28,640
that we weren't right and

1412
00:49:32,230 --> 00:49:30,559
and look at maybe other fringe

1413
00:49:33,829 --> 00:49:32,240

scientists or other data that's come

1414

00:49:36,390 --> 00:49:33,839

forward and saying that it's somewhat

1415

00:49:37,910 --> 00:49:36,400

correct so i i think a lot of people are

1416

00:49:39,430 --> 00:49:37,920

going to have different moments in the

1417

00:49:41,270 --> 00:49:39,440

community that might have not have been

1418

00:49:43,750 --> 00:49:41,280

respected before in all different

1419

00:49:46,230 --> 00:49:43,760

science and tech um and maybe have their

1420

00:49:48,470 --> 00:49:46,240

day too so and then some some might not

1421

00:49:50,390 --> 00:49:48,480

some we might prove that some of it's

1422

00:49:52,309 --> 00:49:50,400

you know people that were mainstream

1423

00:49:53,670 --> 00:49:52,319

scientists weren't as right as we

1424

00:49:55,910 --> 00:49:53,680

thought they were and i think that will

1425

00:49:58,950 --> 00:49:55,920

happen especially when this ufo

1426
00:50:00,950 --> 00:49:58,960
conversation unravels even more um

1427
00:50:03,270 --> 00:50:00,960
because we do have these like you know

1428
00:50:05,670 --> 00:50:03,280
there's multiple theories there's so

1429
00:50:07,430 --> 00:50:05,680
many theories but we also have these

1430
00:50:09,270 --> 00:50:07,440
different sides too where science is

1431
00:50:11,190 --> 00:50:09,280
saying you know we have like skinwalker

1432
00:50:13,109 --> 00:50:11,200
ranch right and like what's going on

1433
00:50:14,230 --> 00:50:13,119
there and like all the paranormal stuff

1434
00:50:16,630 --> 00:50:14,240
that's happening there and these groups

1435
00:50:18,069 --> 00:50:16,640
of people that are legit saying these

1436
00:50:19,430 --> 00:50:18,079
things are happening and they're getting

1437
00:50:21,829 --> 00:50:19,440
this other part of the community that's

1438
00:50:23,589 --> 00:50:21,839

like i still don't know right now um so

1439

00:50:26,309 --> 00:50:23,599

i think that that might come a little

1440

00:50:27,829 --> 00:50:26,319

bit closer um and i'm i'm very

1441

00:50:29,910 --> 00:50:27,839

interested in skinwalker ranch

1442

00:50:31,910 --> 00:50:29,920

personally like everybody else's after

1443

00:50:33,829 --> 00:50:31,920

reading those books i'm like oh my god

1444

00:50:35,510 --> 00:50:33,839

george i'm like

1445

00:50:38,710 --> 00:50:35,520

get me on the ranch

1446

00:50:42,710 --> 00:50:38,720

um so i you know and i don't oh 100 i

1447

00:50:45,190 --> 00:50:42,720

would go 100 i'm trying to go

1448

00:50:49,670 --> 00:50:47,589

yeah i would i have um you know i've

1449

00:50:50,870 --> 00:50:49,680

yeah i don't have a fear in that way if

1450

00:50:53,829 --> 00:50:50,880

anything if you've got if you've read

1451
00:50:55,910 --> 00:50:53,839
the you know the books or you know um

1452
00:50:57,589 --> 00:50:55,920
might be a spoiler alert but if people

1453
00:50:59,270 --> 00:50:57,599
haven't run them but you know those blue

1454
00:51:00,470 --> 00:50:59,280
blue little orbs do scare the crap out

1455
00:51:02,230 --> 00:51:00,480
of me a little bit i think i'd be

1456
00:51:04,790 --> 00:51:02,240
running one of those even it was fake

1457
00:51:07,990 --> 00:51:04,800
someone was like you know making a joke

1458
00:51:08,950 --> 00:51:08,000
watch chrissy run for the hills um you

1459
00:51:10,870 --> 00:51:08,960
know but

1460
00:51:13,030 --> 00:51:10,880
when i read that in the book uh skill

1461
00:51:15,270 --> 00:51:13,040
markers at the pentagon you know that i

1462
00:51:17,030 --> 00:51:15,280
remember at night i was like oh my god

1463
00:51:18,150 --> 00:51:17,040

it's like you did it again guys

1464

00:51:19,750 --> 00:51:18,160

it was like

1465

00:51:22,790 --> 00:51:19,760

scaring the crap out of me i scared

1466

00:51:24,549 --> 00:51:22,800

myself at night i'm like man i know

1467

00:51:26,470 --> 00:51:24,559

yeah but but at the same time like we

1468

00:51:28,069 --> 00:51:26,480

don't you know you don't these are these

1469

00:51:29,990 --> 00:51:28,079

are conversations that people have had

1470

00:51:31,030 --> 00:51:30,000

and you know and their experiences too

1471

00:51:32,710 --> 00:51:31,040

so i'm not going to tell somebody that

1472

00:51:34,630 --> 00:51:32,720

their experience is right or wrong i

1473

00:51:36,069 --> 00:51:34,640

would like to experience it myself

1474

00:51:38,069 --> 00:51:36,079

but you know reading those books those

1475

00:51:40,790 --> 00:51:38,079

orbs do the blue orbs do scare the crap

1476

00:51:42,470 --> 00:51:40,800

out of me oh yeah well i i have a pet

1477

00:51:43,510 --> 00:51:42,480

orb actually it's very he's very

1478

00:51:45,670 --> 00:51:43,520

friendly

1479

00:51:47,670 --> 00:51:45,680

okay yeah what's his name would you like

1480

00:51:49,270 --> 00:51:47,680

to see him i have some pictures of him

1481

00:51:51,430 --> 00:51:49,280

actually i would love that

1482

00:51:53,510 --> 00:51:51,440

if nathan has him queued up yeah i do

1483

00:51:54,790 --> 00:51:53,520

hold on one second uh and we'll get him

1484

00:51:56,309 --> 00:51:54,800

on here

1485

00:51:58,870 --> 00:51:56,319

he's nice actually he doesn't have a

1486

00:52:00,309 --> 00:51:58,880

name yet but um

1487

00:52:03,109 --> 00:52:00,319

hopefully you can you can you can help

1488

00:52:05,430 --> 00:52:03,119

name them so i got him at on sale he was

1489

00:52:06,390 --> 00:52:05,440

at at walmart actually surprisingly you

1490

00:52:08,150 --> 00:52:06,400

see there

1491

00:52:10,390 --> 00:52:08,160

there's the shelf there's the the orb

1492

00:52:11,750 --> 00:52:10,400

section you know sometimes they have it

1493

00:52:13,670 --> 00:52:11,760

i brought him home

1494

00:52:15,910 --> 00:52:13,680

you gotta wear a faraday cage i found

1495

00:52:17,670 --> 00:52:15,920

because the tinfoil hat is not enough

1496

00:52:19,990 --> 00:52:17,680

people need to put those faraday cages

1497

00:52:21,910 --> 00:52:20,000

on their heads people don't realize

1498

00:52:24,870 --> 00:52:21,920

tinfoil hat thing doesn't work this is

1499

00:52:26,090 --> 00:52:24,880

his breakfast he likes to eat magnets

1500

00:52:27,829 --> 00:52:26,100

he cute look at me

1501
00:52:29,589 --> 00:52:27,839

[Music]

1502
00:52:31,349 --> 00:52:29,599

you go have a magnet and there's me

1503
00:52:33,030 --> 00:52:31,359

taking him for a walk

1504
00:52:34,950 --> 00:52:33,040

you know he does really good on walks or

1505
00:52:39,349 --> 00:52:34,960

she i'm not sure yet i don't really know

1506
00:52:44,069 --> 00:52:41,190

yeah and this is you know just hanging

1507
00:52:52,309 --> 00:52:44,079

out my little orb

1508
00:52:52,319 --> 00:52:56,470

yeah sure yeah

1509
00:53:00,790 --> 00:52:58,790

here we go

1510
00:53:02,470 --> 00:53:00,800

so question for chrissy if you are

1511
00:53:05,430 --> 00:53:02,480

writing the headline the state of the

1512
00:53:08,309 --> 00:53:05,440

ufo topic today three years from now

1513
00:53:09,430 --> 00:53:08,319

what would that headline be

1514

00:53:11,109 --> 00:53:09,440

oh

1515

00:53:13,910 --> 00:53:11,119

um hey

1516

00:53:15,349 --> 00:53:13,920

oh i don't oh god that's a great one i

1517

00:53:17,750 --> 00:53:15,359

don't know what i would write the you

1518

00:53:18,630 --> 00:53:17,760

know uh

1519

00:53:20,150 --> 00:53:18,640

um

1520

00:53:23,109 --> 00:53:20,160

you know everyone in the ufo community

1521

00:53:26,870 --> 00:53:24,470

i don't honestly i don't know what the

1522

00:53:28,470 --> 00:53:26,880

headline would be um

1523

00:53:30,390 --> 00:53:28,480

i would just happy that it wouldn't be a

1524

00:53:32,470 --> 00:53:30,400

matter or you know it would be that you

1525

00:53:34,470 --> 00:53:32,480

know like ufos brought us together you

1526

00:53:37,109 --> 00:53:34,480

know the ufo topic is what brought us

1527

00:53:38,870 --> 00:53:37,119

all together um that would that would be

1528

00:53:44,770 --> 00:53:38,880

wonderful in any way you know ufos

1529

00:53:44,780 --> 00:53:55,430

[Music]

1530

00:53:59,510 --> 00:53:57,829

yeah go ahead yeah please i'm sorry no

1531

00:54:01,270 --> 00:53:59,520

i'm just doing a time check because i

1532

00:54:02,790 --> 00:54:01,280

know that christie's got to go in five

1533

00:54:05,430 --> 00:54:02,800

minutes so i want to make sure if we

1534

00:54:07,270 --> 00:54:05,440

have any other questions uh from the

1535

00:54:09,030 --> 00:54:07,280

panel that we get them in there

1536

00:54:10,470 --> 00:54:09,040

these are really great guys these are

1537

00:54:12,309 --> 00:54:10,480

some really great pr questions that no

1538

00:54:14,470 --> 00:54:12,319

one's ever asked me before so i really

1539

00:54:16,309 --> 00:54:14,480

respect that i love talking about it too

1540

00:54:17,510 --> 00:54:16,319

so thank you yeah it's great yeah great

1541

00:54:19,349 --> 00:54:17,520

to have you with us

1542

00:54:21,109 --> 00:54:19,359

uh well i'll i'll defer anyone on the

1543

00:54:22,630 --> 00:54:21,119

panel have a question or something from

1544

00:54:25,349 --> 00:54:22,640

yeah in the chat

1545

00:54:28,470 --> 00:54:25,359

i got i got a question actually

1546

00:54:30,309 --> 00:54:28,480

um about secret societies right you're

1547

00:54:33,270 --> 00:54:30,319

you're really into secret societies can

1548

00:54:36,230 --> 00:54:33,280

you get me into one

1549

00:54:38,390 --> 00:54:36,240

i've um i'm not in any secret society

1550

00:54:40,230 --> 00:54:38,400

i know i wish i was uh

1551

00:54:43,109 --> 00:54:40,240

for the longest time oh my god i forgot

1552

00:54:44,390 --> 00:54:43,119

their name now the illuminati um oh my

1553

00:54:46,789 --> 00:54:44,400

god there you go

1554

00:54:47,990 --> 00:54:46,799

what is the with the rings oh my god

1555

00:54:50,710 --> 00:54:48,000

chrissy

1556

00:54:52,390 --> 00:54:50,720

the freemasons yeah i remember when i

1557

00:54:53,670 --> 00:54:52,400

was when i was really young sorry i

1558

00:54:55,670 --> 00:54:53,680

couldn't remember i'm like god like you

1559

00:54:57,430 --> 00:54:55,680

should know my secret societies here um

1560

00:54:59,430 --> 00:54:57,440

i just find them interesting as as a

1561

00:55:01,510 --> 00:54:59,440

topic and i remember i've met a couple

1562

00:55:03,270 --> 00:55:01,520

freemasons in my life and you know i'm

1563

00:55:05,829 --> 00:55:03,280

like so are you with the illuminati can

1564

00:55:07,510 --> 00:55:05,839

i see your ring you know and i've asked

1565

00:55:10,069 --> 00:55:07,520

them yeah and i've asked them questions

1566

00:55:11,430 --> 00:55:10,079

and it's um i find that i find it really

1567

00:55:13,510 --> 00:55:11,440

like for them they're they're like

1568

00:55:17,270 --> 00:55:13,520

nothing's going on on their end but i

1569

00:55:18,630 --> 00:55:17,280

still find it super intriguing um me too

1570

00:55:19,829 --> 00:55:18,640

i know he's had but i'm not no i'm not

1571

00:55:21,349 --> 00:55:19,839

part of any secret society i don't know

1572

00:55:23,670 --> 00:55:21,359

if they would invite me in if it was a

1573

00:55:26,150 --> 00:55:23,680

ufo one probably but i don't know if we

1574

00:55:28,710 --> 00:55:26,160

have any ufo secret societies

1575

00:55:30,710 --> 00:55:28,720

would you tell us if you were though

1576

00:55:34,309 --> 00:55:30,720

i don't know

1577

00:55:36,150 --> 00:55:34,319

this is my alibi that's it

1578

00:55:37,109 --> 00:55:36,160

let's let you know let the rumors fly

1579

00:55:38,789 --> 00:55:37,119

guys

1580

00:55:40,770 --> 00:55:38,799

clip that part right they're like oh my

1581

00:55:43,349 --> 00:55:40,780

god she's working at the pentagon

1582

00:55:45,910 --> 00:55:43,359

[Laughter]

1583

00:55:46,870 --> 00:55:45,920

i'm part of a secret society

1584

00:55:48,950 --> 00:55:46,880

you are

1585

00:55:51,510 --> 00:55:48,960

yes but it's not that sacred anymore you

1586

00:55:54,870 --> 00:55:51,520

guys can all join yeah that's cool

1587

00:55:57,990 --> 00:55:54,880

society for scientific exploration oh

1588

00:56:01,109 --> 00:55:58,000

nice yes that's where the uh people can

1589

00:56:02,470 --> 00:56:01,119

go be anonymous and to fringe science if

1590

00:56:06,110 --> 00:56:02,480

they want to

1591

00:56:10,710 --> 00:56:08,789

[Music]

1592

00:56:12,789 --> 00:56:10,720

yeah she's shared a lot of the stuff

1593

00:56:14,549 --> 00:56:12,799

from the scientific uh from that

1594

00:56:17,270 --> 00:56:14,559

community and also the scientific

1595

00:56:18,549 --> 00:56:17,280

coalition for what is it that the actual

1596

00:56:21,829 --> 00:56:18,559

acronym

1597

00:56:24,470 --> 00:56:21,839

um ssa the society for scientific

1598

00:56:26,470 --> 00:56:24,480

exploration yeah yeah that one yeah yeah

1599

00:56:29,030 --> 00:56:26,480

what you just said but there's a ton of

1600

00:56:30,309 --> 00:56:29,040

like academic uh videos on there they

1601
00:56:32,230 --> 00:56:30,319
actually have a youtube channel and

1602
00:56:33,750 --> 00:56:32,240
they're on twitter uh but it's a lot of

1603
00:56:35,990 --> 00:56:33,760
very well known

1604
00:56:38,470 --> 00:56:36,000
academics you know phd's talking about a

1605
00:56:40,470 --> 00:56:38,480
lot of interesting subjects

1606
00:56:42,390 --> 00:56:40,480
that you can be anonymous

1607
00:56:45,670 --> 00:56:42,400
it's a secret society they allow you to

1608
00:56:47,349 --> 00:56:45,680
be anonymous oh yeah

1609
00:56:48,950 --> 00:56:47,359
so what is going on with you next

1610
00:56:51,349 --> 00:56:48,960
chrissy what

1611
00:56:55,510 --> 00:56:53,670
you know we are dropping a story at the

1612
00:56:58,069 --> 00:56:55,520
debrief that's going to be a debrief

1613
00:56:59,589 --> 00:56:58,079

exclusive that um people in our

1614

00:57:01,109 --> 00:56:59,599

community be really interested in so i

1615

00:57:03,510 --> 00:57:01,119

can't it's elite that's all i can say

1616

00:57:05,750 --> 00:57:03,520

about it uh and it should be next week

1617

00:57:09,109 --> 00:57:05,760

so from what we're planning so

1618

00:57:11,270 --> 00:57:09,119

yeah that's gonna be really exciting um

1619

00:57:13,670 --> 00:57:11,280

so that that that will be my next when

1620

00:57:16,069 --> 00:57:13,680

you guys see that that article drop that

1621

00:57:18,710 --> 00:57:16,079

will be my next video so i'm

1622

00:57:20,789 --> 00:57:18,720

really really excited to talk about it

1623

00:57:22,150 --> 00:57:20,799

and i have a crap load of research i

1624

00:57:27,030 --> 00:57:22,160

need to start doing

1625

00:57:30,710 --> 00:57:28,470

yeah clear your calendars everybody it's

1626
00:57:32,630 --> 00:57:30,720
gonna be a good one yeah yeah we should

1627
00:57:34,710 --> 00:57:32,640
i should be dropping the video myself on

1628
00:57:36,789 --> 00:57:34,720
thursday or friday so it should be

1629
00:57:39,270 --> 00:57:36,799
around that time but it's not we're like

1630
00:57:41,190 --> 00:57:39,280
it's not a 100 confirmed but it for

1631
00:57:43,109 --> 00:57:41,200
hopefully so i get that's the most i can

1632
00:57:44,789 --> 00:57:43,119
say right now but i'm i'm really excited

1633
00:57:46,309 --> 00:57:44,799
to do it and it's someone i've been

1634
00:57:47,990 --> 00:57:46,319
wanting to talk to you for a very very

1635
00:57:50,950 --> 00:57:48,000
long time so i'm just

1636
00:57:51,750 --> 00:57:50,960
excited that i get the chance to amazing

1637
00:57:53,430 --> 00:57:51,760
um

1638
00:57:57,589 --> 00:57:53,440

here's a question i have for you where

1639

00:57:59,270 --> 00:57:57,599

is tim's part four of his four-part uh

1640

00:58:00,630 --> 00:57:59,280

we always make fun of him on that we're

1641

00:58:02,150 --> 00:58:00,640

like something we're like oh something's

1642

00:58:04,870 --> 00:58:02,160

gonna happen we're like tim's part four

1643

00:58:08,309 --> 00:58:06,789

we write him with that in discord you

1644

00:58:10,069 --> 00:58:08,319

guys

1645

00:58:12,789 --> 00:58:10,079

right so we don't know we're asking too

1646

00:58:14,390 --> 00:58:12,799

we're like tim where is this um so i

1647

00:58:16,309 --> 00:58:14,400

don't i don't i i just that's a tim

1648

00:58:19,109 --> 00:58:16,319

thing i i i we haven't talked about it

1649

00:58:27,589 --> 00:58:19,119

in recent like weeks but at some point i

1650

00:58:33,349 --> 00:58:31,030

let's go mcmillan let's go come on

1651

00:58:35,670 --> 00:58:33,359

okay do we need do we have time for one

1652

00:58:38,390 --> 00:58:35,680

last question and who wants to

1653

00:58:39,910 --> 00:58:38,400

take it deb there's one in the chat and

1654

00:58:42,309 --> 00:58:39,920

there's one

1655

00:58:44,150 --> 00:58:42,319

deb did you want to ask a question oh no

1656

00:58:47,589 --> 00:58:44,160

i was just referencing we have one in

1657

00:58:50,870 --> 00:58:47,599

the chat it's about the uapx

1658

00:58:54,549 --> 00:58:50,880

it's right here from cali open muse

1659

00:58:56,230 --> 00:58:54,559

is chrissy aware of uapx uap expeditions

1660

00:58:58,470 --> 00:58:56,240

they recently returned from an

1661

00:59:01,510 --> 00:58:58,480

expedition catalina island looking for

1662

00:59:03,589 --> 00:59:01,520

tic tacs say they're analyzing the data

1663

00:59:05,190 --> 00:59:03,599

comments

1664

00:59:07,589 --> 00:59:05,200

i'm actually in the new documentary

1665

00:59:09,829 --> 00:59:07,599

that's coming out mm-hmm

1666

00:59:12,069 --> 00:59:09,839

yeah so i'm i just for a moment i'm in

1667

00:59:16,549 --> 00:59:12,079

it um i was in california in catalina

1668

00:59:20,230 --> 00:59:16,559

island and i was um in california last

1669

00:59:22,789 --> 00:59:20,240

year so i will have a moment in it and

1670

00:59:25,670 --> 00:59:22,799

that's all i can say about that um but i

1671

00:59:28,470 --> 00:59:25,680

do know the guys at uapx yes i do i did

1672

00:59:30,470 --> 00:59:28,480

meet them in person last year um

1673

00:59:32,789 --> 00:59:30,480

i was invited to come to go meet them

1674

00:59:34,309 --> 00:59:32,799

and i had dinner with them and um and

1675

00:59:35,349 --> 00:59:34,319

then i ended up just you know finding

1676

00:59:37,990 --> 00:59:35,359

myself

1677

00:59:38,870 --> 00:59:38,000

um on an expedition for like an evening

1678

00:59:40,230 --> 00:59:38,880

so

1679

00:59:41,990 --> 00:59:40,240

wow yeah

1680

00:59:45,000 --> 00:59:42,000

yeah they're great i love gary and

1681

00:59:46,150 --> 00:59:45,010

everyone else yeah

1682

00:59:47,990 --> 00:59:46,160

[Music]

1683

00:59:49,030 --> 00:59:48,000

well no i mean i just got to say i i

1684

00:59:52,230 --> 00:59:49,040

know we could talk to you for a very

1685

00:59:54,069 --> 00:59:52,240

long time uh i i appreciate the um

1686

00:59:55,349 --> 00:59:54,079

it's it's not just you know chrissy just

1687

00:59:57,109 --> 00:59:55,359

to be honest with you it's not just the

1688

00:59:59,510 --> 00:59:57,119

quality of the work that you do but your

1689

01:00:00,789 --> 00:59:59,520

passion for this subject is very evident

1690

01:00:02,150 --> 01:00:00,799

you know and it's really cool to see

1691

01:00:04,069 --> 01:00:02,160

that and it's i think that's hard to

1692

01:00:05,910 --> 01:00:04,079

find that's also probably why people

1693

01:00:08,150 --> 01:00:05,920

resonate with what the debrief is doing

1694

01:00:09,829 --> 01:00:08,160

because it's uh it's it's just something

1695

01:00:10,710 --> 01:00:09,839

that everybody on that team seems to

1696

01:00:12,789 --> 01:00:10,720

share

1697

01:00:14,069 --> 01:00:12,799

and uh you know i think you know for

1698

01:00:15,829 --> 01:00:14,079

myself personally i'm not by the rest of

1699

01:00:17,910 --> 01:00:15,839

the team but you know kudos to what you

1700

01:00:19,750 --> 01:00:17,920

guys do and keep up the great work and i

1701

01:00:21,589 --> 01:00:19,760

know that every you know in this in this

1702

01:00:22,870 --> 01:00:21,599

topic there's a lot of controversy and

1703

01:00:24,870 --> 01:00:22,880

you can't put out anything without

1704

01:00:26,789 --> 01:00:24,880

somebody saying oh well you did this

1705

01:00:28,069 --> 01:00:26,799

wrong or whatever but i just want to

1706

01:00:29,990 --> 01:00:28,079

encourage you guys to keep doing the

1707

01:00:32,630 --> 01:00:30,000

great work you're doing and uh and not

1708

01:00:33,829 --> 01:00:32,640

um you know give up and you know we're a

1709

01:00:35,030 --> 01:00:33,839

lot you have a lot of support in the

1710

01:00:36,630 --> 01:00:35,040

community

1711

01:00:38,309 --> 01:00:36,640

thank you like thank you so much i'll

1712

01:00:39,829 --> 01:00:38,319

tell the guys that too and everyone else

1713

01:00:41,430 --> 01:00:39,839

on the team like and i thank you for the

1714

01:00:43,030 --> 01:00:41,440

compliment i i appreciate that like i

1715

01:00:44,150 --> 01:00:43,040

love the topic a lot

1716

01:00:45,349 --> 01:00:44,160

and that was a fear of mine when i

1717

01:00:47,270 --> 01:00:45,359

started getting into this i was like

1718

01:00:48,549 --> 01:00:47,280

people are gonna are people really gonna

1719

01:00:50,069 --> 01:00:48,559

believe that

1720

01:00:52,390 --> 01:00:50,079

and at the point i was just like i don't

1721

01:00:53,910 --> 01:00:52,400

care because i care

1722

01:00:55,430 --> 01:00:53,920

and at one point i was like don't watch

1723

01:00:58,230 --> 01:00:55,440

it or they do i don't care i just like

1724

01:01:00,150 --> 01:00:58,240

to do it um it makes me happy so i'm

1725

01:01:01,829 --> 01:01:00,160

just glad that people and i'm just glad

1726

01:01:03,190 --> 01:01:01,839

people like the content like i really do

1727

01:01:04,390 --> 01:01:03,200

and i appreciate that mentally i

1728

01:01:06,309 --> 01:01:04,400

appreciate it is watching you appreciate

1729

01:01:07,589 --> 01:01:06,319

people sharing everything so thank you

1730

01:01:15,190 --> 01:01:07,599

for that

1731

01:01:18,870 --> 01:01:16,630

one thing we all have in common

1732

01:01:20,390 --> 01:01:18,880

everybody likes truth in this community

1733

01:01:22,950 --> 01:01:20,400

that's and i think that's such an

1734

01:01:25,190 --> 01:01:22,960

honorable thing to to like and to want

1735

01:01:26,710 --> 01:01:25,200

and to be part of so

1736

01:01:28,870 --> 01:01:26,720

absolutely well thanks again for joining

1737

01:01:30,789 --> 01:01:28,880

us and we're going to keep our eyes out

1738

01:01:32,309 --> 01:01:30,799

for what's coming next week uh speaking

1739

01:01:34,230 --> 01:01:32,319

of next week just on our own show we

1740

01:01:35,829 --> 01:01:34,240

have ryan sprague coming up

1741

01:01:38,390 --> 01:01:35,839

to join us on wednesday looking forward

1742

01:01:39,910 --> 01:01:38,400

to chatting with him uh and uh and then

1743

01:01:41,109 --> 01:01:39,920

we have other shows planned uh in the

1744

01:01:43,349 --> 01:01:41,119

coming weeks ahead that we're really

1745

01:01:46,309 --> 01:01:43,359

excited about so anyway for myself

1746

01:01:49,030 --> 01:01:46,319

nathan uh for akashi chris dev study of

1747

01:01:50,630 --> 01:01:49,040

uaps and flareus kevin uh and for

1748

01:01:53,270 --> 01:01:50,640

chrissey newton we thank all of you for

1749

01:01:55,109 --> 01:01:53,280

joining us on cab and we'll see you next

1750

01:01:56,300 --> 01:01:55,119

time
