***Christopher Sharp***

***Feb 13, 2022***

***Calling All Beings***

1  
00:00:32,870 --> 00:00:08,750  
calling all beings y'all

2  
00:00:37,350 --> 00:00:35,590  
welcome back to calling all beings baby

3  
00:00:39,830 --> 00:00:37,360  
we about to get a brother on here

4  
00:00:41,990 --> 00:00:39,840  
tonight who sounds smarter than all five

5  
00:00:44,229 --> 00:00:42,000  
of us put together and you know what he

6  
00:00:46,790 --> 00:00:44,239  
might have better hair all apologies to

7  
00:00:49,270 --> 00:00:46,800  
flair anyway i'm your host dj

8  
00:00:51,430 --> 00:00:49,280  
i want to say hello uh to my co-host of

9  
00:00:54,549 --> 00:00:51,440  
the man that we call money

10  
00:00:58,549 --> 00:00:56,470  
what's up dj how are you man good how

11  
00:01:00,950 --> 00:00:58,559  
are you tonight sir man doing well can't

12  
00:01:02,630 --> 00:01:00,960  
we talk to christopher sharp told it was

13  
00:01:05,030 --> 00:01:02,640

great speaking with you earlier i got to

14

00:01:07,270 --> 00:01:05,040

talk to two cabbies say maybe three i

15

00:01:10,230 --> 00:01:07,280

mean that's a record uh also we'd like

16

00:01:13,190 --> 00:01:10,240

to say hello to our our um associate

17

00:01:15,590 --> 00:01:13,200

producer a lady who has uh put an

18

00:01:17,190 --> 00:01:15,600

enormous enormous amount of work into

19

00:01:19,109 --> 00:01:17,200

promoting paws

20

00:01:22,149 --> 00:01:19,119

yes that's right that's right thank you

21

00:01:25,270 --> 00:01:22,159

right there and that is of course akashi

22

00:01:29,990 --> 00:01:27,590

i'm so glad to be here

23

00:01:31,910 --> 00:01:30,000

and i'm really excited to talk to this

24

00:01:35,109 --> 00:01:31,920

man mr sharp

25

00:01:37,990 --> 00:01:35,119

sharp dressed man he's bringing it we're

26

00:01:39,510 --> 00:01:38,000

ready it happens okay we're back

27

00:01:41,190 --> 00:01:39,520

thank you

28

00:01:43,429 --> 00:01:41,200

yeah we were all we were all spinning

29

00:01:48,550 --> 00:01:43,439

wheels uh also let's introduce uh the

30

00:01:51,990 --> 00:01:50,310

oh we might have some dj technical

31

00:01:55,190 --> 00:01:52,000

issues i thought he was doing that on

32

00:01:57,429 --> 00:01:55,200

purpose i did too for a second there

33

00:01:58,789 --> 00:01:57,439

i thought he was pulling the baton here

34

00:02:00,310 --> 00:01:58,799

i'll pick up the baton real quickly

35

00:02:02,389 --> 00:02:00,320

while he's working on that okay can you

36

00:02:05,510 --> 00:02:02,399

guys hear me oh no there's back welcome

37

00:02:08,070 --> 00:02:05,520

okay maybe i'll change uh i might change

38

00:02:09,910 --> 00:02:08,080

internet i'm on uh i might go ahead and

39

00:02:12,470 --> 00:02:09,920

change internet if that continues to the

40

00:02:15,430 --> 00:02:12,480

other the other band anyway off

41

00:02:16,470 --> 00:02:15,440

flareus kevin is our our uh video

42

00:02:18,790 --> 00:02:16,480

another

43

00:02:20,309 --> 00:02:18,800

video genius that we have who who has a

44

00:02:22,550 --> 00:02:20,319

slightly different take

45

00:02:25,190 --> 00:02:22,560

from uh akashi chris so both their foes

46

00:02:30,150 --> 00:02:25,200

uh hilariously funny hi kev how are you

47

00:02:34,830 --> 00:02:31,589

wow

48

00:02:36,390 --> 00:02:34,840

i wasn't ready for that that was good

49

00:02:38,790 --> 00:02:36,400

precious

50

00:02:40,630 --> 00:02:38,800

i love it and you know if that wasn't

51

00:02:42,390 --> 00:02:40,640

it was great

52

00:02:44,309 --> 00:02:42,400

[Laughter]

53

00:02:46,390 --> 00:02:44,319

and if that wasn't enough on this show

54

00:02:48,949 --> 00:02:46,400

we also needed a researcher of course

55

00:02:52,070 --> 00:02:48,959

that is at a study of uaps her name is

56

00:02:53,750 --> 00:02:52,080

deb host of the uh deb's dad at dojo

57

00:02:55,910 --> 00:02:53,760

hello everybody

58

00:02:58,470 --> 00:02:55,920

tab

59

00:02:59,990 --> 00:02:58,480

marilyn can you give us a anywho

60

00:03:04,790 --> 00:03:00,000

hello

61

00:03:07,589 --> 00:03:06,149

super bowl's coming later man they

62

00:03:09,030 --> 00:03:07,599

haven't even skipped off it'll be on for

63

00:03:12,470 --> 00:03:09,040

hours

64

00:03:16,229 --> 00:03:12,480

but now we're gonna welcome in our very

65

00:03:20,830 --> 00:03:18,550

from the united kingdom

66

00:03:22,470 --> 00:03:20,840

and the liberation

67

00:03:25,910 --> 00:03:22,480

times

68

00:03:27,190 --> 00:03:25,920

party people put your hands together for

69

00:03:29,910 --> 00:03:27,200

christopher

70

00:03:33,170 --> 00:03:29,920

sherb yes

71

00:03:52,630 --> 00:03:45,190

[Laughter]

72

00:03:54,789 --> 00:03:52,640

christopher your hair looks great and uh

73

00:03:58,229 --> 00:03:54,799

i won't let you know i am missing my

74

00:04:00,309 --> 00:03:58,239

union jack neck gator however thank god

75

00:04:05,270 --> 00:04:00,319

my wife gave me my valentine's gift

76  
00:04:07,990 --> 00:04:06,869  
oh well i think he's showing her beetle

77  
00:04:09,429 --> 00:04:08,000  
shirt

78  
00:04:12,070 --> 00:04:09,439  
i do love we're gonna have to do that

79  
00:04:14,309 --> 00:04:12,080  
reset dj it looks so good that it's

80  
00:04:17,170 --> 00:04:14,319  
frozen there exactly that's a great

81  
00:04:18,310 --> 00:04:17,180  
shirt it looks so good

82  
00:04:19,830 --> 00:04:18,320  
[Music]

83  
00:04:22,310 --> 00:04:19,840  
well

84  
00:04:23,590 --> 00:04:22,320  
okay it's a beautiful beer

85  
00:04:25,189 --> 00:04:23,600  
and i think what he's trying to say is

86  
00:04:27,510 --> 00:04:25,199  
that we're very happy to have you with

87  
00:04:28,790 --> 00:04:27,520  
us christopher and we're all big fans of

88  
00:04:30,230 --> 00:04:28,800

your work

89

00:04:31,670 --> 00:04:30,240

and uh and i'm really looking forward to

90

00:04:33,990 --> 00:04:31,680

chatting with you we've got a lot of

91

00:04:35,189 --> 00:04:34,000

questions i know everybody on this panel

92

00:04:38,070 --> 00:04:35,199

has a lot of questions and i know we've

93

00:04:40,150 --> 00:04:38,080

got questions from the audience as well

94

00:04:42,310 --> 00:04:40,160

uh that we will get to

95

00:04:45,990 --> 00:04:42,320

i would like the first question to come

96

00:04:48,469 --> 00:04:46,000

from uh from deb at study of uaps deb is

97

00:04:51,909 --> 00:04:48,479

our researcher extraordinaire and also

98

00:04:53,350 --> 00:04:51,919

the host of debs data dojo which is

99

00:04:55,830 --> 00:04:53,360

probably one of the hardest working

100

00:04:58,390 --> 00:04:55,840

shows in this community deb is doing

101  
00:04:59,909 --> 00:04:58,400  
great work uh with all things research

102  
00:05:02,150 --> 00:04:59,919  
and interviews so deb you wanna you

103  
00:05:03,990 --> 00:05:02,160  
wanna fire away at christopher here oh

104  
00:05:06,310 --> 00:05:04,000  
yeah i would like to start with one of

105  
00:05:08,950 --> 00:05:06,320  
my favorite questions which is what

106  
00:05:12,870 --> 00:05:08,960  
motivates you what keeps you going when

107  
00:05:17,749 --> 00:05:15,510  
um just getting into the mainstream

108  
00:05:19,110 --> 00:05:17,759  
actually i mean

109  
00:05:24,550 --> 00:05:19,120  
it's

110  
00:05:27,430 --> 00:05:24,560  
um i gave up a career that paid a lot of

111  
00:05:30,950 --> 00:05:27,440  
money let's say

112  
00:05:33,749 --> 00:05:30,960  
and i started liberation times

113  
00:05:36,550 --> 00:05:33,759

just as a way of passing time it wasn't

114

00:05:37,670 --> 00:05:36,560

seen by me as anything serious at all

115

00:05:39,830 --> 00:05:37,680

um

116

00:05:42,150 --> 00:05:39,840

but then it just kind of like really

117

00:05:42,870 --> 00:05:42,160

took off and i i really wasn't expecting

118

00:05:43,610 --> 00:05:42,880

it

119

00:05:45,110 --> 00:05:43,620

um

120

00:05:46,710 --> 00:05:45,120

[Music]

121

00:05:48,710 --> 00:05:46,720

and i i guess

122

00:05:50,469 --> 00:05:48,720

what turned into something which was

123

00:05:53,029 --> 00:05:50,479

just something for fun

124

00:05:56,070 --> 00:05:53,039

um and something i enjoy doing is now

125

00:05:57,510 --> 00:05:56,080

turned into something that i'm hoping

126  
00:06:01,670 --> 00:05:57,520  
can

127  
00:06:05,189 --> 00:06:01,680  
be a useful tool let's say to um

128  
00:06:07,749 --> 00:06:05,199  
kind of like unravel more

129  
00:06:09,350 --> 00:06:07,759  
more mysteries surrounding

130  
00:06:12,150 --> 00:06:09,360  
the disclosure

131  
00:06:14,230 --> 00:06:12,160  
well the phenomenon sorry um that can

132  
00:06:15,029 --> 00:06:14,240  
actually fuel disclosure

133  
00:06:15,830 --> 00:06:15,039  
um

134  
00:06:20,790 --> 00:06:15,840  
so

135  
00:06:23,510 --> 00:06:20,800  
december for instance it was all about

136  
00:06:24,870 --> 00:06:23,520  
kind of um advocating the political

137  
00:06:27,270 --> 00:06:24,880  
conversation

138  
00:06:29,670 --> 00:06:27,280

saying uh look

139

00:06:32,710 --> 00:06:29,680

um you know the dod

140

00:06:33,830 --> 00:06:32,720

is pulling the wall over the eyes of

141

00:06:36,230 --> 00:06:33,840

what they're trying to call the wall

142

00:06:38,469 --> 00:06:36,240

over the eyes of congress men

143

00:06:40,870 --> 00:06:38,479

and women and um

144

00:06:42,950 --> 00:06:40,880

it's not going to work here's why laying

145

00:06:44,390 --> 00:06:42,960

out my arguments basically and that

146

00:06:46,309 --> 00:06:44,400

turned really really popular chris

147

00:06:49,430 --> 00:06:46,319

mellon louis lazondo and others

148

00:06:51,270 --> 00:06:49,440

retweeted that and um i guess ever since

149

00:06:54,070 --> 00:06:51,280

then i've been trying to use the

150

00:06:55,830 --> 00:06:54,080

platform that i have um to really like

151

00:06:58,550 --> 00:06:55,840

be a voice of good just like helping

152

00:07:01,350 --> 00:06:58,560

everyone being positive not trying to be

153

00:07:02,870 --> 00:07:01,360

part of that or anything like that

154

00:07:04,390 --> 00:07:02,880

but yeah i mean that's what i'm trying

155

00:07:06,070 --> 00:07:04,400

to do i mean if i can

156

00:07:09,029 --> 00:07:06,080

if i can make that slight bit of

157

00:07:10,070 --> 00:07:09,039

difference you know um then that that's

158

00:07:12,469 --> 00:07:10,080

okay

159

00:07:13,510 --> 00:07:12,479

by me you know it's not about money

160

00:07:15,909 --> 00:07:13,520

um

161

00:07:17,670 --> 00:07:15,919

i mean it helps obviously i'm doing a

162

00:07:20,150 --> 00:07:17,680

bit more freelance work now to support

163

00:07:22,469 --> 00:07:20,160

myself but i mean the main focus is

164

00:07:24,070 --> 00:07:22,479

really just about furthering the calls

165

00:07:25,909 --> 00:07:24,080

as much as i can

166

00:07:27,350 --> 00:07:25,919

and providing value as well i don't want

167

00:07:29,350 --> 00:07:27,360

to just like when i write something i

168

00:07:31,350 --> 00:07:29,360

don't want it just to be filler i want

169

00:07:32,710 --> 00:07:31,360

people to come away learning something

170

00:07:36,150 --> 00:07:32,720

from my articles whether it's about

171

00:07:37,510 --> 00:07:36,160

history the phenomena um philosophy just

172

00:07:39,589 --> 00:07:37,520

anything really i want people to really

173

00:07:41,749 --> 00:07:39,599

take something away from the pieces i

174

00:07:44,629 --> 00:07:41,759

write if that makes sense

175

00:07:46,790 --> 00:07:44,639

and they do they definitely do chris

176

00:07:48,550 --> 00:07:46,800

and you know um

177

00:07:51,029 --> 00:07:48,560

like for nathan and i i think it's an

178

00:07:53,189 --> 00:07:51,039

intense curiosity that drives us

179

00:07:55,430 --> 00:07:53,199

uh among the other three of us there

180

00:07:57,909 --> 00:07:55,440

have been varying levels of experience

181

00:07:58,710 --> 00:07:57,919

with the phenomenon that i think drives

182

00:08:01,189 --> 00:07:58,720

them

183

00:08:03,430 --> 00:08:01,199

and so i'm curious though just to follow

184

00:08:05,189 --> 00:08:03,440

up on deb's question is there something

185

00:08:07,670 --> 00:08:05,199

was there a seminal moment or something

186

00:08:09,909 --> 00:08:07,680

that that drives you that makes you say

187

00:08:12,950 --> 00:08:09,919

i want to know and i want the world to

188

00:08:14,950 --> 00:08:12,960

know and it's because x happened that

189

00:08:16,710 --> 00:08:14,960

maybe i don't talk about regularly but

190

00:08:18,550 --> 00:08:16,720

whatever that happened to have been that

191

00:08:20,150 --> 00:08:18,560

seminal moment

192

00:08:21,270 --> 00:08:20,160

serendipity really that's a really good

193

00:08:23,110 --> 00:08:21,280

question

194

00:08:24,550 --> 00:08:23,120

but yeah i think in my case

195

00:08:27,350 --> 00:08:24,560

it really is

196

00:08:28,469 --> 00:08:27,360

serendipity i just feel the

197

00:08:30,710 --> 00:08:28,479

you know

198

00:08:33,190 --> 00:08:30,720

events combined

199

00:08:34,870 --> 00:08:33,200

to put me in this position

200

00:08:36,630 --> 00:08:34,880

um

201

00:08:38,790 --> 00:08:36,640

i mean i don't really

202

00:08:43,110 --> 00:08:38,800

have that third eye where i can see

203

00:08:46,550 --> 00:08:43,120

other things but my mom does um my mum

204

00:08:47,590 --> 00:08:46,560

um so in the late 70s she was walking

205

00:08:50,389 --> 00:08:47,600

her dog

206

00:08:53,590 --> 00:08:50,399

cass an afghan hound you can imagine

207

00:08:58,070 --> 00:08:57,110

so she was walking that dog and um

208

00:09:02,870 --> 00:08:58,080

she

209

00:09:06,389 --> 00:09:02,880

craft a head

210

00:09:10,150 --> 00:09:06,399

and she felt like it was chasing her

211

00:09:11,030 --> 00:09:10,160

and she ran home and i mean she told me

212

00:09:13,269 --> 00:09:11,040

that

213

00:09:14,949 --> 00:09:13,279

it was in the news

214

00:09:16,310 --> 00:09:14,959

and that had been spotted by heathrow

215

00:09:18,470 --> 00:09:16,320

airport

216

00:09:19,829 --> 00:09:18,480

um

217

00:09:22,550 --> 00:09:19,839

i need to really look into the case

218

00:09:24,949 --> 00:09:22,560

actually but ever since then

219

00:09:27,829 --> 00:09:24,959

she's my mom has had these kind of like

220

00:09:30,630 --> 00:09:27,839

weird visions weird dreams and stuff

221

00:09:33,509 --> 00:09:30,640

and she says in every single

222

00:09:35,590 --> 00:09:33,519

one of these dreams she always sees my

223

00:09:36,949 --> 00:09:35,600

dog that afghan hound that she was

224

00:09:38,310 --> 00:09:36,959

walking with at the time that she had

225

00:09:40,470 --> 00:09:38,320

her encounter

226

00:09:42,150 --> 00:09:40,480

and it's only really recently dawned on

227

00:09:43,670 --> 00:09:42,160

her that she'd never had any of these

228

00:09:46,150 --> 00:09:43,680

experiences

229

00:09:48,790 --> 00:09:46,160

until she had that kind of um

230

00:09:51,670 --> 00:09:48,800

sighting or encounter let's say

231

00:09:54,070 --> 00:09:51,680

um so i found that quite weird and when

232

00:09:55,509 --> 00:09:54,080

i got into like the topic i mean last

233

00:09:57,829 --> 00:09:55,519

december

234

00:09:59,590 --> 00:09:57,839

she had like a weird like lucid dream

235

00:10:01,430 --> 00:09:59,600

where i was in uh standing next to all

236

00:10:05,690 --> 00:10:01,440

like my dead relatives i know this is

237

00:10:13,750 --> 00:10:05,700

really intense here not me

238

00:10:17,750 --> 00:10:16,230

of why you were there but you were there

239

00:10:20,470 --> 00:10:17,760

and yeah i was really worried at the

240

00:10:23,110 --> 00:10:20,480

time um but i i i feel that yeah but

241

00:10:24,949 --> 00:10:23,120

getting onto your question i feel that

242

00:10:27,030 --> 00:10:24,959

these things my mom's experiences my

243

00:10:28,710 --> 00:10:27,040

brother has similar experiences as well

244

00:10:30,230 --> 00:10:28,720

it really got me into the paranormal and

245

00:10:33,190 --> 00:10:30,240

when i was younger i used to go to

246

00:10:34,630 --> 00:10:33,200

school and watch ufo documentaries and

247

00:10:35,750 --> 00:10:34,640

things like that and i was really into

248

00:10:37,430 --> 00:10:35,760

the topic

249

00:10:41,750 --> 00:10:37,440

um

250

00:10:42,790 --> 00:10:41,760

when i went through education

251  
00:10:45,030 --> 00:10:42,800  
um

252  
00:10:47,829 --> 00:10:45,040  
a series of events like health events

253  
00:10:49,670 --> 00:10:47,839  
and stuff like that um like a diagnosis

254  
00:10:52,230 --> 00:10:49,680  
of primary reading epilepsy which is one

255  
00:10:54,710 --> 00:10:52,240  
of the rarest epilepsies

256  
00:10:56,470 --> 00:10:54,720  
uh known to man

257  
00:10:58,829 --> 00:10:56,480  
kirby really set me back but it put me

258  
00:11:02,150 --> 00:10:58,839  
on this path where i was doing

259  
00:11:03,750 --> 00:11:02,160  
um public affairs and public relations

260  
00:11:04,630 --> 00:11:03,760  
when i eventually get medication to

261  
00:11:06,550 --> 00:11:04,640  
actually

262  
00:11:08,630 --> 00:11:06,560  
um read

263  
00:11:10,470 --> 00:11:08,640

and talk and listen and any other

264

00:11:11,590 --> 00:11:10,480

linguistic activity before the

265

00:11:13,110 --> 00:11:11,600

medication

266

00:11:15,030 --> 00:11:13,120

i couldn't do any of that you taking off

267

00:11:17,590 --> 00:11:15,040

the medication today

268

00:11:19,430 --> 00:11:17,600

um i guarantee you in a week i won't be

269

00:11:22,150 --> 00:11:19,440

able to read a sentence so that's how

270

00:11:23,990 --> 00:11:22,160

crucial that was to me um but yeah i

271

00:11:25,110 --> 00:11:24,000

mean that public affairs experience and

272

00:11:27,590 --> 00:11:25,120

stuff has

273

00:11:30,550 --> 00:11:27,600

really led me to where i am today in

274

00:11:32,630 --> 00:11:30,560

terms of writing my writing ability

275

00:11:34,949 --> 00:11:32,640

my ability to research

276

00:11:37,269 --> 00:11:34,959

advocate calls politically

277

00:11:39,350 --> 00:11:37,279

um and also build a website as well and

278

00:11:41,269 --> 00:11:39,360

um i've also got this artistic side to

279

00:11:43,110 --> 00:11:41,279

me i really just like have

280

00:11:44,949 --> 00:11:43,120

i don't i don't

281

00:11:46,710 --> 00:11:44,959

do things logically

282

00:11:47,910 --> 00:11:46,720

i do things very emotionally so when i

283

00:11:48,710 --> 00:11:47,920

was writing

284

00:11:50,710 --> 00:11:48,720

uh

285

00:11:51,750 --> 00:11:50,720

that article for instance where i was

286

00:11:54,310 --> 00:11:51,760

arguing

287

00:11:55,430 --> 00:11:54,320

uh you know the one that melon and louis

288

00:11:56,949 --> 00:11:55,440

zondo

289

00:11:58,550 --> 00:11:56,959

retweeted

290

00:12:01,350 --> 00:11:58,560

um

291

00:12:03,030 --> 00:12:01,360

that was coming from emotion

292

00:12:04,710 --> 00:12:03,040

i mean just like one night and has had

293

00:12:07,430 --> 00:12:04,720

this feeling you have to write you have

294

00:12:09,590 --> 00:12:07,440

to write so i put my son to bed

295

00:12:11,110 --> 00:12:09,600

and i just had this urge it all just

296

00:12:12,949 --> 00:12:11,120

came out and

297

00:12:14,790 --> 00:12:12,959

when i posted that article i was like oh

298

00:12:17,670 --> 00:12:14,800

gosh i'm going to wake up tomorrow

299

00:12:20,069 --> 00:12:17,680

someone's going to see a typo and

300

00:12:22,150 --> 00:12:20,079

you know the usual ufo twitter stuff or

301

00:12:25,030 --> 00:12:22,160

someone's going to call bs and it just

302

00:12:26,550 --> 00:12:25,040

got this amazing reaction really and um

303

00:12:28,949 --> 00:12:26,560

ever since it's kind of like snowballed

304

00:12:30,310 --> 00:12:28,959

in a really cool direction

305

00:12:31,990 --> 00:12:30,320

well i think i think

306

00:12:34,389 --> 00:12:32,000

the entire show is already in love with

307

00:12:35,829 --> 00:12:34,399

you just based on your answers to those

308

00:12:38,310 --> 00:12:35,839

first questions we already love you

309

00:12:39,910 --> 00:12:38,320

christopher uh and your experience you

310

00:12:41,430 --> 00:12:39,920

know growing up dealing with that

311

00:12:43,110 --> 00:12:41,440

illness kind of reminds me of a young

312

00:12:45,509 --> 00:12:43,120

man named richard starkey who some

313

00:12:47,509 --> 00:12:45,519

people know as ringo starr that had to

314

00:12:50,470 --> 00:12:47,519

uh overcome some of that to become the

315

00:12:52,790 --> 00:12:50,480

beatles drummer uh let's pass it on to

316

00:12:54,230 --> 00:12:52,800

the next cabbie lest i i hog any of your

317

00:12:56,470 --> 00:12:54,240

time

318

00:12:58,389 --> 00:12:56,480

well chris i want to jump in there so

319

00:13:00,629 --> 00:12:58,399

you know i love what i love that story

320

00:13:02,710 --> 00:13:00,639

that you shared with us and what i

321

00:13:04,949 --> 00:13:02,720

wanted to ask you really ties well into

322

00:13:06,470 --> 00:13:04,959

that experience so there's this

323

00:13:08,629 --> 00:13:06,480

you know very kind of left brain and

324

00:13:10,629 --> 00:13:08,639

right brain components to

325

00:13:11,910 --> 00:13:10,639

ufology you know there's like what we

326

00:13:13,670 --> 00:13:11,920

can study

327

00:13:15,509 --> 00:13:13,680

what we can report on what we can

328

00:13:17,590 --> 00:13:15,519

interview about and then what we and

329

00:13:19,350 --> 00:13:17,600

then what many people experience and

330

00:13:20,389 --> 00:13:19,360

what we have found and talking with

331

00:13:22,629 --> 00:13:20,399

folks

332

00:13:24,150 --> 00:13:22,639

uh is that a lot of people have

333

00:13:27,030 --> 00:13:24,160

experiences they have stories or they

334

00:13:29,829 --> 00:13:27,040

know someone who has but very few of us

335

00:13:32,790 --> 00:13:29,839

have had that kind of uh left brain

336

00:13:35,110 --> 00:13:32,800

analytical exposure to it so what's your

337

00:13:37,110 --> 00:13:35,120

sort of take on on

338

00:13:39,910 --> 00:13:37,120

at you know with your publication and

339

00:13:42,470 --> 00:13:39,920

writing uh stories about this you know

340

00:13:44,790 --> 00:13:42,480

how do you find that balance between the

341

00:13:46,629 --> 00:13:44,800

things that you can get quotes on and

342

00:13:48,790 --> 00:13:46,639

facts from and and the things that

343

00:13:51,430 --> 00:13:48,800

people want to share in their personal

344

00:13:54,230 --> 00:13:51,440

experience or history

345

00:13:55,189 --> 00:13:54,240

great question it's very very intuitive

346

00:13:56,069 --> 00:13:55,199

so

347

00:13:57,670 --> 00:13:56,079

um

348

00:13:59,350 --> 00:13:57,680

you're kind of like feeling the article

349

00:14:01,030 --> 00:13:59,360

you know you're um

350

00:14:02,550 --> 00:14:01,040

so i mean it goes through a process

351  
00:14:04,790 --> 00:14:02,560  
there's the idea

352  
00:14:06,710 --> 00:14:04,800  
um sometimes you can even meditate and

353  
00:14:08,550 --> 00:14:06,720  
the idea will come to you of what you

354  
00:14:10,949 --> 00:14:08,560  
should be writing about which i find

355  
00:14:13,910 --> 00:14:10,959  
quite interesting um so there's an

356  
00:14:14,870 --> 00:14:13,920  
aspect to it getting the idea um and

357  
00:14:17,269 --> 00:14:14,880  
then

358  
00:14:19,750 --> 00:14:17,279  
it's kind of um

359  
00:14:21,990 --> 00:14:19,760  
it's just writing then what's on your

360  
00:14:23,750 --> 00:14:22,000  
mind writing what's on your mind and

361  
00:14:25,829 --> 00:14:23,760  
what argument or

362  
00:14:26,710 --> 00:14:25,839  
topic you want to put forth

363  
00:14:29,590 --> 00:14:26,720

um

364

00:14:31,430 --> 00:14:29,600

and then once you've done that

365

00:14:34,230 --> 00:14:31,440

then you have to

366

00:14:39,269 --> 00:14:36,069

the sandwich filler

367

00:14:40,629 --> 00:14:39,279

you know reference things ground things

368

00:14:42,310 --> 00:14:40,639

um

369

00:14:44,230 --> 00:14:42,320

add quotations

370

00:14:45,590 --> 00:14:44,240

ask people who know more about the

371

00:14:46,710 --> 00:14:45,600

subject of me

372

00:14:48,310 --> 00:14:46,720

because

373

00:14:51,110 --> 00:14:48,320

at the end of the day there's so many

374

00:14:54,069 --> 00:14:51,120

people who know so much more than me um

375

00:14:55,590 --> 00:14:54,079

so i i rely on them and so i've got my

376

00:14:57,670 --> 00:14:55,600

sources that can really really help me

377

00:14:59,030 --> 00:14:57,680

and sometimes i'll put a story by them

378

00:15:00,310 --> 00:14:59,040

and they'll come up with ideas of how i

379

00:15:01,509 --> 00:15:00,320

could improve it

380

00:15:03,189 --> 00:15:01,519

um

381

00:15:05,189 --> 00:15:03,199

or they'll come up with a quotation that

382

00:15:07,189 --> 00:15:05,199

will take the story in another direction

383

00:15:08,389 --> 00:15:07,199

um so i really rely on those people who

384

00:15:09,910 --> 00:15:08,399

know more than me

385

00:15:11,509 --> 00:15:09,920

um

386

00:15:13,509 --> 00:15:11,519

and then what i do is like once i've got

387

00:15:16,870 --> 00:15:13,519

all that together i've kind of got my

388

00:15:18,629 --> 00:15:16,880

argument i've got what i'm talking about

389

00:15:20,310 --> 00:15:18,639

the topics i've got the quotations

390

00:15:21,670 --> 00:15:20,320

support it

391

00:15:23,829 --> 00:15:21,680

and then what i'm thinking is i'm

392

00:15:24,629 --> 00:15:23,839

thinking okay

393

00:15:25,750 --> 00:15:24,639

to

394

00:15:27,750 --> 00:15:25,760

a person that doesn't know anything

395

00:15:30,230 --> 00:15:27,760

about ufos like let's say if a senator

396

00:15:32,230 --> 00:15:30,240

was going to going to read this piece

397

00:15:34,790 --> 00:15:32,240

what are they going to think

398

00:15:37,910 --> 00:15:34,800

so then i need to start grounding

399

00:15:40,310 --> 00:15:37,920

grounding kind of like my um

400

00:15:42,230 --> 00:15:40,320

my topic so for instance when we did the

401  
00:15:44,790 --> 00:15:42,240  
adrian rice's story

402  
00:15:46,550 --> 00:15:44,800  
it was very very important because

403  
00:15:47,670 --> 00:15:46,560  
i mean yes seeing stuff in the sky

404  
00:15:50,069 --> 00:15:47,680  
that's acknowledged now that's a real

405  
00:15:52,629 --> 00:15:50,079  
thing you know uaps i mean that's

406  
00:15:54,069 --> 00:15:52,639  
acknowledged by senators um

407  
00:15:55,670 --> 00:15:54,079  
and even scientists getting on board

408  
00:15:58,230 --> 00:15:55,680  
that something's going on but then when

409  
00:16:00,389 --> 00:15:58,240  
it comes to a shadow person

410  
00:16:02,069 --> 00:16:00,399  
i mean that might be a step too far and

411  
00:16:06,790 --> 00:16:02,079  
you know if you're someone from the dod

412  
00:16:11,590 --> 00:16:09,430  
you need to ground that you need to make

413  
00:16:13,269 --> 00:16:11,600

you need to kind of like um make it

414

00:16:15,350 --> 00:16:13,279

appear as though it is actually

415

00:16:17,430 --> 00:16:15,360

something that is legitimately of

416

00:16:19,269 --> 00:16:17,440

concern so you have to kind of like

417

00:16:20,230 --> 00:16:19,279

contextualize it saying actually there

418

00:16:24,470 --> 00:16:20,240

are

419

00:16:26,470 --> 00:16:24,480

is technology around that will obscure

420

00:16:28,389 --> 00:16:26,480

someone it's like a camouflage

421

00:16:30,790 --> 00:16:28,399

um and make them perhaps look like a

422

00:16:33,189 --> 00:16:30,800

shadow so there is that technology which

423

00:16:35,350 --> 00:16:33,199

may be around and that and i managed to

424

00:16:37,189 --> 00:16:35,360

find a source for that

425

00:16:38,790 --> 00:16:37,199

slap grounded it so

426

00:16:41,030 --> 00:16:38,800

and at the end of the day like adrian

427

00:16:43,590 --> 00:16:41,040

says like if anyone el if anyone you

428

00:16:46,629 --> 00:16:43,600

know enters into that those premises

429

00:16:47,430 --> 00:16:46,639

whether it's you know um bigfoot

430

00:16:49,189 --> 00:16:47,440

or

431

00:16:51,910 --> 00:16:49,199

you know um

432

00:16:53,269 --> 00:16:51,920

a squirrel or anyone like that you know

433

00:16:55,350 --> 00:16:53,279

it's bad

434

00:16:58,629 --> 00:16:55,360

and these people take psychological

435

00:17:00,150 --> 00:16:58,639

evaluations as well you can't just

436

00:17:02,069 --> 00:17:00,160

you know have the role as a nuclear

437

00:17:03,990 --> 00:17:02,079

engineer that adrian did without having

438

00:17:04,789 --> 00:17:04,000

those evaluations

439

00:17:06,309 --> 00:17:04,799

so

440

00:17:08,549 --> 00:17:06,319

yeah it's

441

00:17:09,750 --> 00:17:08,559

you have to really ground those articles

442

00:17:10,630 --> 00:17:09,760

basically

443

00:17:13,029 --> 00:17:10,640

uh

444

00:17:15,270 --> 00:17:13,039

yeah but there's that whole kind of like

445

00:17:17,429 --> 00:17:15,280

thing kind of like you have to kind of

446

00:17:18,710 --> 00:17:17,439

like read it from a third perspective

447

00:17:20,630 --> 00:17:18,720

and then obviously as well you have to

448

00:17:22,630 --> 00:17:20,640

proofread it time and time again read

449

00:17:24,789 --> 00:17:22,640

out loud make sure that you

450

00:17:26,470 --> 00:17:24,799

got no typos and stuff and

451  
00:17:28,870 --> 00:17:26,480  
yeah it's a

452  
00:17:30,870 --> 00:17:28,880  
it's yeah it really is a process you've

453  
00:17:33,190 --> 00:17:30,880  
got to use both

454  
00:17:35,110 --> 00:17:33,200  
halves of the mind really it's uh it's

455  
00:17:37,190 --> 00:17:35,120  
difficult really difficult and a lot of

456  
00:17:39,029 --> 00:17:37,200  
other teams a lot of publications you

457  
00:17:40,070 --> 00:17:39,039  
know they've got big teams and editors

458  
00:17:41,990 --> 00:17:40,080  
and

459  
00:17:43,830 --> 00:17:42,000  
for me for the most part i just rely on

460  
00:17:45,270 --> 00:17:43,840  
some friends and

461  
00:17:46,549 --> 00:17:45,280  
put the article out there and pray for

462  
00:17:47,909 --> 00:17:46,559  
the best

463  
00:17:50,150 --> 00:17:47,919

well you're doing great so

464

00:17:51,909 --> 00:17:50,160

can can i ask a follow-up just to that

465

00:17:54,390 --> 00:17:51,919

comment because you were talking about

466

00:17:56,789 --> 00:17:54,400

going through this process of evaluating

467

00:17:59,190 --> 00:17:56,799

those stories and then seeing you know

468

00:18:00,950 --> 00:17:59,200

if you put this in front of somebody you

469

00:18:02,950 --> 00:18:00,960

know how are they going to react to this

470

00:18:04,150 --> 00:18:02,960

that kind of limit you

471

00:18:06,230 --> 00:18:04,160

in um

472

00:18:09,190 --> 00:18:06,240

being able to cover you know more broad

473

00:18:11,110 --> 00:18:09,200

topics that that might not be so welcome

474

00:18:13,029 --> 00:18:11,120

like you know or so welcome to the

475

00:18:14,390 --> 00:18:13,039

mainstream like the power you know

476

00:18:16,950 --> 00:18:14,400

consciousness

477

00:18:19,270 --> 00:18:16,960

uh remote viewing any you know anything

478

00:18:21,029 --> 00:18:19,280

like that does that kind of limit

479

00:18:22,070 --> 00:18:21,039

you know where you can go

480

00:18:23,830 --> 00:18:22,080

and

481

00:18:25,669 --> 00:18:23,840

how do you how do you deal with that

482

00:18:27,190 --> 00:18:25,679

because that's you know that's part of

483

00:18:29,430 --> 00:18:27,200

it so

484

00:18:31,110 --> 00:18:29,440

yeah no great question definitely um i

485

00:18:33,190 --> 00:18:31,120

won't name anyone but i have received

486

00:18:35,190 --> 00:18:33,200

tweets before saying how can you report

487

00:18:38,310 --> 00:18:35,200

that story that's going too far and

488

00:18:40,789 --> 00:18:38,320

that's too woo and stuff like that and

489

00:18:42,230 --> 00:18:40,799

i mean i i i tread a really really fine

490

00:18:43,590 --> 00:18:42,240

line because obviously when you've got a

491

00:18:45,830 --> 00:18:43,600

publication

492

00:18:48,470 --> 00:18:45,840

you've got you know people

493

00:18:49,990 --> 00:18:48,480

from all kinds of corners of ufa twitter

494

00:18:51,909 --> 00:18:50,000

who are kind of like reading it and

495

00:18:53,830 --> 00:18:51,919

obviously you've got outside people

496

00:18:55,669 --> 00:18:53,840

perhaps as well like people you know in

497

00:18:57,510 --> 00:18:55,679

washington and

498

00:18:59,909 --> 00:18:57,520

journalists as well

499

00:19:02,710 --> 00:18:59,919

looking to report on something um

500

00:19:04,549 --> 00:19:02,720

so you've really you've really got to

501  
00:19:07,350 --> 00:19:04,559  
to balance that

502  
00:19:08,870 --> 00:19:07,360  
but as i see it um

503  
00:19:09,590 --> 00:19:08,880  
there's a time and place for everything

504  
00:19:11,590 --> 00:19:09,600  
and

505  
00:19:13,990 --> 00:19:11,600  
i think eventually you know we'll get

506  
00:19:15,909 --> 00:19:14,000  
there we can start talking about some of

507  
00:19:17,190 --> 00:19:15,919  
this stuff like remote viewing and you

508  
00:19:18,310 --> 00:19:17,200  
know a story that i really want to

509  
00:19:22,830 --> 00:19:18,320  
feature

510  
00:19:25,110 --> 00:19:22,840  
is um the peter curry case

511  
00:19:26,789 --> 00:19:25,120  
um not no i'm not sure if you're

512  
00:19:28,470 --> 00:19:26,799  
familiar with it but it was a big case

513  
00:19:33,029 --> 00:19:28,480

in australia whereby

514

00:19:35,430 --> 00:19:33,039

a um an australian australian man um

515

00:19:37,110 --> 00:19:35,440

he basically woke up to

516

00:19:38,390 --> 00:19:37,120

this being

517

00:19:39,830 --> 00:19:38,400

on top of him

518

00:19:41,350 --> 00:19:39,840

oh my goodness

519

00:19:44,549 --> 00:19:41,360

yeah let's just say on top of him i'll

520

00:19:47,270 --> 00:19:44,559

leave it at that but um okay okay

521

00:19:49,110 --> 00:19:47,280

but basically she had um

522

00:19:51,029 --> 00:19:49,120

long blonde hair

523

00:19:54,230 --> 00:19:51,039

like bright one hair

524

00:19:56,710 --> 00:19:54,240

um and but the face didn't look right

525

00:19:58,710 --> 00:19:56,720

the proportions stuff

526  
00:20:01,590 --> 00:19:58,720  
very very big eyes

527  
00:20:02,950 --> 00:20:01,600  
very very kind of like thin nose

528  
00:20:04,149 --> 00:20:02,960  
um

529  
00:20:05,830 --> 00:20:04,159  
and

530  
00:20:07,350 --> 00:20:05,840  
yeah she just didn't look right really

531  
00:20:08,549 --> 00:20:07,360  
big forehead

532  
00:20:10,950 --> 00:20:08,559  
um

533  
00:20:13,590 --> 00:20:10,960  
and she didn't talk and there was

534  
00:20:15,430 --> 00:20:13,600  
another woman in the room as well

535  
00:20:17,350 --> 00:20:15,440  
um who had dark hair looks very very

536  
00:20:19,029 --> 00:20:17,360  
chinese and by the way the blonde haired

537  
00:20:22,230 --> 00:20:19,039  
girl she kind of like looked oriental as

538  
00:20:25,590 --> 00:20:22,240

well but anyhow um he claims that they

539

00:20:27,270 --> 00:20:25,600

were um communicating telepathically

540

00:20:29,190 --> 00:20:27,280

um and he said he received lots of

541

00:20:31,830 --> 00:20:29,200

information as well telepathically what

542

00:20:33,029 --> 00:20:31,840

happened in the future and that

543

00:20:35,669 --> 00:20:33,039

information

544

00:20:39,110 --> 00:20:35,679

um came to be true as well

545

00:20:42,470 --> 00:20:39,120

so he said that but also he had dna

546

00:20:43,909 --> 00:20:42,480

samples as well back up his case so

547

00:20:45,750 --> 00:20:43,919

um

548

00:20:48,070 --> 00:20:45,760

let's just say that he managed to get

549

00:20:51,669 --> 00:20:48,080

hold of some blonde hairs two blond

550

00:20:54,310 --> 00:20:51,679

hairs from the being on top of him wow

551  
00:20:55,430 --> 00:20:54,320  
and he got them studied in the lab

552  
00:20:57,029 --> 00:20:55,440  
and

553  
00:20:59,750 --> 00:20:57,039  
it ended up the

554  
00:21:03,830 --> 00:20:59,760  
it was extremely extremely extremely

555  
00:21:05,510 --> 00:21:03,840  
rare dna um it was kind of

556  
00:21:07,190 --> 00:21:05,520  
it was half

557  
00:21:08,390 --> 00:21:07,200  
from

558  
00:21:12,310 --> 00:21:08,400  
um

559  
00:21:13,830 --> 00:21:12,320  
like an ancient chinese [h\_\_\h] tribe

560  
00:21:16,789 --> 00:21:13,840  
which is very very like a really really

561  
00:21:18,310 --> 00:21:16,799  
obscure tribe and the other part of

562  
00:21:20,870 --> 00:21:18,320  
sequencing was

563  
00:21:22,870 --> 00:21:20,880

of celtic origin a very very rare celtic

564

00:21:25,510 --> 00:21:22,880

origin from the united kingdom

565

00:21:29,270 --> 00:21:27,430

they just to this day they can't make

566

00:21:31,350 --> 00:21:29,280

sense of it

567

00:21:33,430 --> 00:21:31,360

wow told you i was a hybrid i told you

568

00:21:34,789 --> 00:21:33,440

guys you didn't believe me

569

00:21:36,549 --> 00:21:34,799

we're going to get back to remote

570

00:21:40,230 --> 00:21:36,559

viewing in that case later but not

571

00:21:42,830 --> 00:21:40,240

before we get to my man florius kevin

572

00:21:45,110 --> 00:21:42,840

oh um actually i don't have anything on

573

00:21:47,669 --> 00:21:45,120

topic right now

574

00:21:49,270 --> 00:21:47,679

oh well great we can go

575

00:21:51,270 --> 00:21:49,280

yeah i mean we can go i wanted to

576

00:21:53,830 --> 00:21:51,280

actually go back to um when you say

577

00:21:56,070 --> 00:21:53,840

you're writing stuff you say it's

578

00:21:59,029 --> 00:21:56,080

kind of almost feels like it's it's you

579

00:22:00,789 --> 00:21:59,039

don't know where it's coming from

580

00:22:02,310 --> 00:22:00,799

did you mention that could you maybe

581

00:22:03,909 --> 00:22:02,320

expand more on that i thought that was

582

00:22:05,350 --> 00:22:03,919

really interesting because i experienced

583

00:22:06,549 --> 00:22:05,360

that too when i'm like making these

584

00:22:09,590 --> 00:22:06,559

videos i don't know where it's coming

585

00:22:12,390 --> 00:22:09,600

from it just comes out

586

00:22:13,830 --> 00:22:12,400

yeah you know definitely and um yeah i

587

00:22:15,590 --> 00:22:13,840

think it was um

588

00:22:18,149 --> 00:22:15,600

it was tesla

589

00:22:20,470 --> 00:22:18,159

who was who claimed nikolai tesler

590

00:22:22,070 --> 00:22:20,480

claimed that like

591

00:22:24,070 --> 00:22:22,080

ideas and stuff just come from the

592

00:22:26,149 --> 00:22:24,080

universe and he listened to like

593

00:22:27,909 --> 00:22:26,159

songwriters and stuff like bob dylan i

594

00:22:30,070 --> 00:22:27,919

believe has basically said it's kind of

595

00:22:31,830 --> 00:22:30,080

like a stream and he'll be fishing or

596

00:22:32,789 --> 00:22:31,840

something like that and he'll just catch

597

00:22:35,590 --> 00:22:32,799

a song

598

00:22:37,830 --> 00:22:35,600

you know and yeah problems like that um

599

00:22:40,789 --> 00:22:37,840

and then you look at neil young as well

600

00:22:43,190 --> 00:22:40,799

um and obviously he's had kind of

601  
00:22:44,230 --> 00:22:43,200  
epileptic experiences

602  
00:22:46,710 --> 00:22:44,240  
um

603  
00:22:49,110 --> 00:22:46,720  
and at least hallucigenic experiences as

604  
00:22:51,110 --> 00:22:49,120  
well and um i always found it funny that

605  
00:22:52,390 --> 00:22:51,120  
one of his songs was called after the

606  
00:22:55,029 --> 00:22:52,400  
gold rush

607  
00:22:56,310 --> 00:22:55,039  
um from the album subtitle album and

608  
00:22:59,669 --> 00:22:56,320  
that really resonates i think chris

609  
00:23:01,669 --> 00:22:59,679  
bledsoe mentioned that the lady

610  
00:23:03,830 --> 00:23:01,679  
claimed that that song was of importance

611  
00:23:05,990 --> 00:23:03,840  
or something but wow he wrote that song

612  
00:23:07,669 --> 00:23:06,000  
for a movie neil young did

613  
00:23:10,310 --> 00:23:07,679

um it never got released in the end but

614

00:23:11,270 --> 00:23:10,320

it was about it was about um an ended

615

00:23:13,510 --> 00:23:11,280

world

616

00:23:15,350 --> 00:23:13,520

event happening um

617

00:23:17,669 --> 00:23:15,360

and like california or something being

618

00:23:19,029 --> 00:23:17,679

wiped off the map hence the name after

619

00:23:25,990 --> 00:23:19,039

the gold rush because everyone came to

620

00:23:29,909 --> 00:23:27,830

um

621

00:23:32,549 --> 00:23:29,919

i think in terms of

622

00:23:33,750 --> 00:23:32,559

the linguistic process it's very very

623

00:23:35,110 --> 00:23:33,760

complex

624

00:23:36,950 --> 00:23:35,120

which i've learned from like my

625

00:23:38,470 --> 00:23:36,960

condition um

626

00:23:41,190 --> 00:23:38,480

you know if i do get flare-ups i have to

627

00:23:42,789 --> 00:23:41,200

put myself in a meditative state i can't

628

00:23:44,549 --> 00:23:42,799

think because even when you think you're

629

00:23:46,710 --> 00:23:44,559

thinking in language and

630

00:23:48,149 --> 00:23:46,720

words in your head and stuff and that

631

00:23:51,909 --> 00:23:48,159

really sets a lot for me because the

632

00:23:53,350 --> 00:23:51,919

mind my mind my brain gets hyper excited

633

00:23:55,190 --> 00:23:53,360

you know everything's firing in the

634

00:23:57,830 --> 00:23:55,200

wrong direction which causes seizures i

635

00:23:59,669 --> 00:23:57,840

have to kind of really quiet my mind um

636

00:24:01,990 --> 00:23:59,679

because obviously like when you're

637

00:24:04,149 --> 00:24:02,000

taking language and you're hearing it

638

00:24:05,750 --> 00:24:04,159

and it just feels instantaneously like

639

00:24:08,070 --> 00:24:05,760

every word

640

00:24:09,350 --> 00:24:08,080

you're like processing the meaning

641

00:24:11,029 --> 00:24:09,360

you know like when you're listening to

642

00:24:12,630 --> 00:24:11,039

me talk right now

643

00:24:14,070 --> 00:24:12,640

there's a sound coming out of my mouth

644

00:24:15,750 --> 00:24:14,080

but also like

645

00:24:17,269 --> 00:24:15,760

subconsciously everything's like going

646

00:24:19,269 --> 00:24:17,279

for your brain to like make meaning of

647

00:24:20,870 --> 00:24:19,279

each word i'm saying as well

648

00:24:23,029 --> 00:24:20,880

and it just so happens when it happens

649

00:24:26,070 --> 00:24:23,039

to me it's just yeah goes all over the

650

00:24:28,549 --> 00:24:26,080

place um but when i came from a seizure

651

00:24:30,710 --> 00:24:28,559

once and had paramedics

652

00:24:33,190 --> 00:24:30,720

looking after me um i'd been reading

653

00:24:34,549 --> 00:24:33,200

jane eyre the book jane eyre and um

654

00:24:37,590 --> 00:24:34,559

obviously that was written i think it

655

00:24:39,590 --> 00:24:37,600

was in the 19th century so um when i

656

00:24:42,710 --> 00:24:39,600

woke up i was speaking with a 19th

657

00:24:45,430 --> 00:24:42,720

century dialect to the paramedics

658

00:24:51,029 --> 00:24:47,990

christopher is this a tool can you can

659

00:24:53,990 --> 00:24:51,039

you use this as a tool creatively

660

00:24:56,230 --> 00:24:54,000

um being aware of it i feel yeah i feel

661

00:24:58,789 --> 00:24:56,240

like you have an intuitive sense

662

00:25:00,950 --> 00:24:58,799

of language and

663

00:25:02,950 --> 00:25:00,960

meaning and

664

00:25:05,110 --> 00:25:02,960

yeah let's put it really you know i

665

00:25:07,430 --> 00:25:05,120

brought this up because i've i've heard

666

00:25:09,029 --> 00:25:07,440

people they say that their connection

667

00:25:11,269 --> 00:25:09,039

with the phenomenon may be just

668

00:25:12,789 --> 00:25:11,279

channeling these things you know art

669

00:25:13,909 --> 00:25:12,799

stuff like that so maybe that could be

670

00:25:15,269 --> 00:25:13,919

your connection it could be your

671

00:25:16,149 --> 00:25:15,279

experience

672

00:25:17,830 --> 00:25:16,159

you know

673

00:25:19,909 --> 00:25:17,840

like your mother has her own personal

674

00:25:21,430 --> 00:25:19,919

connection your brother does you know

675

00:25:22,950 --> 00:25:21,440

this could be yours

676

00:25:24,549 --> 00:25:22,960

i feel maybe sometimes this might be

677

00:25:27,990 --> 00:25:24,559

mine all my weird

678

00:25:29,590 --> 00:25:28,000

art stuff yeah

679

00:25:31,029 --> 00:25:29,600

you ever meditate and then like when

680

00:25:33,269 --> 00:25:31,039

you're meditating kind of like good

681

00:25:35,269 --> 00:25:33,279

ideas and stuff come from it yes

682

00:25:37,350 --> 00:25:35,279

absolutely like sometimes when i'm done

683

00:25:39,590 --> 00:25:37,360

meditating i'll be able to write a song

684

00:25:43,190 --> 00:25:39,600

just the music it just comes to me yeah

685

00:25:44,789 --> 00:25:43,200

or poetry stuff like that definitely

686

00:25:46,549 --> 00:25:44,799

that's very powerful that's very

687

00:25:47,669 --> 00:25:46,559

powerful i think we do listen to a lot

688

00:25:49,190 --> 00:25:47,679

of the

689

00:25:49,990 --> 00:25:49,200

singing song writers and stuff i feel

690

00:25:53,590 --> 00:25:50,000

like

691

00:25:54,830 --> 00:25:53,600

meditation

692

00:25:58,549 --> 00:25:54,840

or

693

00:26:00,630 --> 00:25:58,559

um let's say coincidence serendipity

694

00:26:01,990 --> 00:26:00,640

like um you know you listen to like paul

695

00:26:04,390 --> 00:26:02,000

mccartney and

696

00:26:06,070 --> 00:26:04,400

um and john lennon speaking interviews

697

00:26:07,029 --> 00:26:06,080

and stuff about how they wrote songs and

698

00:26:12,310 --> 00:26:07,039

they used to look through the local

699

00:26:16,230 --> 00:26:15,350

you can just tap into it it's weird yeah

700

00:26:17,669 --> 00:26:16,240

yeah

701  
00:26:19,590 --> 00:26:17,679  
definitely i think that's why sarah

702  
00:26:21,350 --> 00:26:19,600  
deputy plays it because if you if you're

703  
00:26:23,669 --> 00:26:21,360  
looking for something the universe will

704  
00:26:25,830 --> 00:26:23,679  
provide you the answer

705  
00:26:27,510 --> 00:26:25,840  
yeah before we pass it to deb i i just

706  
00:26:29,190 --> 00:26:27,520  
realized that i think christopher knows

707  
00:26:30,149 --> 00:26:29,200  
more about my music than i know neil

708  
00:26:32,710 --> 00:26:30,159  
young

709  
00:26:34,870 --> 00:26:32,720  
bob dylan the beatles so that's awesome

710  
00:26:38,070 --> 00:26:34,880  
man we brothers now holmes

711  
00:26:39,350 --> 00:26:38,080  
so all right let me pass it to depths

712  
00:26:41,750 --> 00:26:39,360  
okay so

713  
00:26:44,630 --> 00:26:41,760

speaking of tapping into things one of

714

00:26:48,870 --> 00:26:44,640

the focuses that we've seen in the

715

00:26:53,110 --> 00:26:48,880

liberation times has been on foreign

716

00:26:55,909 --> 00:26:53,120

affairs related to uaps um including you

717

00:26:58,870 --> 00:26:55,919

know the um san marino

718

00:27:00,789 --> 00:26:58,880

um work to get to the u.n

719

00:27:03,110 --> 00:27:00,799

um some work on

720

00:27:05,510 --> 00:27:03,120

the vatican and so on and so forth so i

721

00:27:08,230 --> 00:27:05,520

just wanted to know you know what where

722

00:27:11,269 --> 00:27:08,240

are things going with that at this time

723

00:27:14,310 --> 00:27:11,279

um how are things going with the

724

00:27:17,669 --> 00:27:14,320

progress of reaching the u.n and foreign

725

00:27:19,990 --> 00:27:17,679

affairs related to uaps in general

726

00:27:21,110 --> 00:27:20,000

sure really good question so i i got

727

00:27:23,190 --> 00:27:21,120

into this

728

00:27:26,070 --> 00:27:23,200

um via akam

729

00:27:28,710 --> 00:27:26,080

um on twitter who i mean

730

00:27:30,710 --> 00:27:28,720

he's not just someone who kind of um

731

00:27:32,870 --> 00:27:30,720

he's he's he's great at kind of like

732

00:27:35,190 --> 00:27:32,880

disputing the news and stuff

733

00:27:36,950 --> 00:27:35,200

he's a fantastic aggregator but i think

734

00:27:38,470 --> 00:27:36,960

a lot of people don't realize that he's

735

00:27:41,669 --> 00:27:38,480

got an immense amount of knowledge in

736

00:27:43,909 --> 00:27:41,679

terms of international like

737

00:27:45,430 --> 00:27:43,919

ufo cases and what's going on

738

00:27:47,510 --> 00:27:45,440

politically and stuff and between all

739

00:27:48,870 --> 00:27:47,520

the different groups in europe and stuff

740

00:27:49,750 --> 00:27:48,880

so um

741

00:27:51,830 --> 00:27:49,760

yes

742

00:27:54,310 --> 00:27:51,840

i mean i covered this at first

743

00:27:56,470 --> 00:27:54,320

in terms of the um i think it was called

744

00:27:57,590 --> 00:27:56,480

five continents events organized by

745

00:27:58,549 --> 00:27:57,600

china

746

00:28:01,430 --> 00:27:58,559

um

747

00:28:03,430 --> 00:28:01,440

and china has from my understanding the

748

00:28:05,510 --> 00:28:03,440

largest ufo

749

00:28:08,070 --> 00:28:05,520

organization in the world

750

00:28:10,070 --> 00:28:08,080

to be a part of the organization

751  
00:28:12,549 --> 00:28:10,080  
you've got to have

752  
00:28:13,350 --> 00:28:12,559  
like a phd or something incredible like

753  
00:28:15,350 --> 00:28:13,360  
that

754  
00:28:17,029 --> 00:28:15,360  
um

755  
00:28:18,230 --> 00:28:17,039  
you don't just get into one of those

756  
00:28:19,590 --> 00:28:18,240  
groups saying that i'm interested in

757  
00:28:22,230 --> 00:28:19,600  
your voice you've got to have like the

758  
00:28:24,149 --> 00:28:22,240  
actual degrees and stuff and

759  
00:28:26,470 --> 00:28:24,159  
and a lot of paranormal stuff is

760  
00:28:29,190 --> 00:28:26,480  
outlawed by china so the fact that they

761  
00:28:31,830 --> 00:28:29,200  
even allow a ufo group to kind of like

762  
00:28:34,549 --> 00:28:31,840  
be it you know be legal in that country

763  
00:28:36,310 --> 00:28:34,559

um is really really quite astonishing

764

00:28:38,950 --> 00:28:36,320

and then for that group

765

00:28:40,310 --> 00:28:38,960

to play a big role in organizing these

766

00:28:42,789 --> 00:28:40,320

big events

767

00:28:44,230 --> 00:28:42,799

um the first one in one of the chinese

768

00:28:47,430 --> 00:28:44,240

provinces and then the second one in

769

00:28:49,990 --> 00:28:47,440

moscow and you had um it was really

770

00:28:52,230 --> 00:28:50,000

weird i mean these are huge events and

771

00:28:54,389 --> 00:28:52,240

it was government funded as well

772

00:28:56,710 --> 00:28:54,399

government-funded um so the chinese

773

00:28:58,630 --> 00:28:56,720

government from understanding

774

00:29:00,630 --> 00:28:58,640

was actually

775

00:29:02,950 --> 00:29:00,640

kind of helping organize these events

776

00:29:04,549 --> 00:29:02,960

and it wasn't just no one you had like

777

00:29:06,149 --> 00:29:04,559

you know former russian astronauts and

778

00:29:07,269 --> 00:29:06,159

people like that attending

779

00:29:08,789 --> 00:29:07,279

and

780

00:29:11,269 --> 00:29:08,799

they're the ones who kind of got the

781

00:29:14,310 --> 00:29:11,279

main players of ice reward like roberto

782

00:29:15,590 --> 00:29:14,320

pennotti and gary hesseltine like that

783

00:29:17,110 --> 00:29:15,600

they were the ones who brought them on

784

00:29:19,430 --> 00:29:17,120

board and

785

00:29:20,950 --> 00:29:19,440

from my understanding it was heading to

786

00:29:22,630 --> 00:29:20,960

the um

787

00:29:23,990 --> 00:29:22,640

um and that was that was what they were

788

00:29:26,149 --> 00:29:24,000

trying to do from my understanding as

789

00:29:29,350 --> 00:29:26,159

well i mean akan might have to correct

790

00:29:31,830 --> 00:29:29,360

me but i think the plan was like

791

00:29:33,590 --> 00:29:31,840

the chinese effort to take it to the un

792

00:29:34,549 --> 00:29:33,600

via san marino

793

00:29:36,310 --> 00:29:34,559

um

794

00:29:39,350 --> 00:29:36,320

and then just everything went quiet in

795

00:29:42,389 --> 00:29:39,360

2018 everything went quiet um people

796

00:29:43,990 --> 00:29:42,399

blaming the pandemic and stuff but

797

00:29:45,669 --> 00:29:44,000

it you know i mean that was too

798

00:29:48,549 --> 00:29:45,679

premature for it to be

799

00:29:50,149 --> 00:29:48,559

due to the pandemic so it all went quiet

800

00:29:52,389 --> 00:29:50,159

and then all of a sudden those people

801  
00:29:54,789 --> 00:29:52,399  
that try to put together came together

802  
00:29:56,710 --> 00:29:54,799  
themselves created icer

803  
00:29:58,070 --> 00:29:56,720  
and now we have a situation today

804  
00:30:00,630 --> 00:29:58,080  
whereby

805  
00:30:03,669 --> 00:30:00,640  
project titan which is

806  
00:30:07,190 --> 00:30:03,679  
a proposal to or the plan

807  
00:30:09,590 --> 00:30:07,200  
to take it to the um is now with the

808  
00:30:10,549 --> 00:30:09,600  
heads of state of san marino

809  
00:30:12,389 --> 00:30:10,559  
um

810  
00:30:14,950 --> 00:30:12,399  
so a few weeks ago they had a meeting

811  
00:30:17,350 --> 00:30:14,960  
with roberto pennotti

812  
00:30:19,350 --> 00:30:17,360  
and a former kind of like san marino

813  
00:30:20,230 --> 00:30:19,360

minister who's also on board with the

814

00:30:21,190 --> 00:30:20,240

effort

815

00:30:23,590 --> 00:30:21,200

and

816

00:30:25,510 --> 00:30:23,600

they provided him they provided the head

817

00:30:27,669 --> 00:30:25,520

state with a presentation

818

00:30:29,269 --> 00:30:27,679

um i was told as well the presentation

819

00:30:32,630 --> 00:30:29,279

included one of my articles which was

820

00:30:35,110 --> 00:30:32,640

pretty cool um so yeah they

821

00:30:38,389 --> 00:30:35,120

provided that for the head to san marino

822

00:30:40,710 --> 00:30:38,399

um heads of state of san marino

823

00:30:41,510 --> 00:30:40,720

now need to talk to

824

00:30:43,669 --> 00:30:41,520

like

825

00:30:44,389 --> 00:30:43,679

their version of the cabinet where you

826

00:30:46,149 --> 00:30:44,399

call

827

00:30:47,190 --> 00:30:46,159

all the portfolio holders and stuff like

828

00:30:48,870 --> 00:30:47,200

that

829

00:30:51,110 --> 00:30:48,880

and then what they'll have to do they'll

830

00:30:53,909 --> 00:30:51,120

have to come to a joint decision whether

831

00:30:56,149 --> 00:30:53,919

or not to actually um

832

00:30:58,230 --> 00:30:56,159

go ahead of this and propose it to the

833

00:30:59,830 --> 00:30:58,240

united nations but from my understanding

834

00:31:01,269 --> 00:30:59,840

everything's very very positive it went

835

00:31:03,990 --> 00:31:01,279

down very very well with the heads of

836

00:31:06,950 --> 00:31:04,000

states um so i'm really really hoping

837

00:31:09,430 --> 00:31:06,960

that we we can get somewhere on this and

838

00:31:11,029 --> 00:31:09,440

my hope is that i can help in some way

839

00:31:12,789 --> 00:31:11,039

kind of like

840

00:31:14,070 --> 00:31:12,799

firstly help report this in a very very

841

00:31:16,389 --> 00:31:14,080

credible way

842

00:31:19,029 --> 00:31:16,399

and also kind of like help get that out

843

00:31:20,470 --> 00:31:19,039

to more mainstream media as well and

844

00:31:22,310 --> 00:31:20,480

influence the way that they report it so

845

00:31:24,549 --> 00:31:22,320

it's not just like oh san marino look

846

00:31:25,830 --> 00:31:24,559

what they've done they've got this crazy

847

00:31:28,870 --> 00:31:25,840

ufo thing that they're putting forward

848

00:31:32,070 --> 00:31:28,880

to the end no i won't report it properly

849

00:31:33,669 --> 00:31:32,080

um so that that's yeah sorry it's quite

850

00:31:36,149 --> 00:31:33,679

a winding road answer there but that

851

00:31:38,230 --> 00:31:36,159

that's what i'm getting at really

852

00:31:40,630 --> 00:31:38,240

the long and winding road we're back to

853

00:31:42,549 --> 00:31:40,640

the beatles all right money's getting

854

00:31:44,470 --> 00:31:42,559

funny i love that and actually comes

855

00:31:46,630 --> 00:31:44,480

into my next question so

856

00:31:48,710 --> 00:31:46,640

there's an it seems to be a tremendous

857

00:31:50,310 --> 00:31:48,720

appetite for this topic right i mean

858

00:31:52,710 --> 00:31:50,320

we've heard from

859

00:31:54,389 --> 00:31:52,720

uh leslie kane and ralph blumenthal we

860

00:31:55,590 --> 00:31:54,399

we know the new york times piece that

861

00:31:57,190 --> 00:31:55,600

they did

862

00:31:58,870 --> 00:31:57,200

and and and the same thing with 60

863

00:32:00,549 --> 00:31:58,880

minutes these pieces get a lot of

864

00:32:03,830 --> 00:32:00,559

attention there's a lot of interest in

865

00:32:05,509 --> 00:32:03,840

the public on this topic

866

00:32:07,590 --> 00:32:05,519

but at the same time it feels like it

867

00:32:09,029 --> 00:32:07,600

gets throttled like it's it's it's

868

00:32:10,789 --> 00:32:09,039

strange to me and i just wonder your

869

00:32:12,630 --> 00:32:10,799

take on this as a journalist

870

00:32:14,710 --> 00:32:12,640

you know you're we

871

00:32:16,230 --> 00:32:14,720

we are hungry for this information and

872

00:32:19,029 --> 00:32:16,240

what governments know

873

00:32:21,190 --> 00:32:19,039

and i think most people seem to believe

874

00:32:23,590 --> 00:32:21,200

that the government knows something they

875

00:32:24,470 --> 00:32:23,600

have some knowledge that we don't have

876

00:32:29,509 --> 00:32:24,480

um

877

00:32:32,470 --> 00:32:29,519

like it's just really very controlled

878

00:32:35,350 --> 00:32:32,480

uh do you have a sense that that is true

879

00:32:37,830 --> 00:32:35,360

why doesn't it get more traction in in

880

00:32:39,669 --> 00:32:37,840

mainstream circles

881

00:32:41,190 --> 00:32:39,679

very very good question so

882

00:32:43,430 --> 00:32:41,200

um

883

00:32:45,509 --> 00:32:43,440

it's it's a stigma it's a stigma it's

884

00:32:47,509 --> 00:32:45,519

also group think as well because you

885

00:32:49,110 --> 00:32:47,519

have to think a lot of these

886

00:32:52,310 --> 00:32:49,120

editors and

887

00:32:53,909 --> 00:32:52,320

owners of publications

888

00:32:56,070 --> 00:32:53,919

you know in america a lot of them went

889

00:32:58,230 --> 00:32:56,080

to ivy league schools

890

00:33:00,149 --> 00:32:58,240

they know a lot of the senators as well

891

00:33:03,110 --> 00:33:00,159

there's a lot of group thinking there

892

00:33:05,750 --> 00:33:03,120

um and they just kind of like see ufo

893

00:33:07,190 --> 00:33:05,760

related stuff fringe topic and they

894

00:33:08,870 --> 00:33:07,200

don't really want to be associated with

895

00:33:11,350 --> 00:33:08,880

that because then when they go to their

896

00:33:14,870 --> 00:33:11,360

parties on rhode island wherever they go

897

00:33:18,710 --> 00:33:16,710

you know and that doesn't help you know

898

00:33:20,070 --> 00:33:18,720

a lot of these guys they really

899

00:33:21,750 --> 00:33:20,080

care about their status and they say

900

00:33:22,950 --> 00:33:21,760

that from someone who's worked a lot of

901  
00:33:26,149 --> 00:33:22,960  
oxbridge

902  
00:33:28,149 --> 00:33:26,159  
um people in you know my career there is

903  
00:33:29,830 --> 00:33:28,159  
a lot of groupthink and these people

904  
00:33:31,669 --> 00:33:29,840  
they really want to kind of um you know

905  
00:33:33,269 --> 00:33:31,679  
they see that their social circle was

906  
00:33:35,830 --> 00:33:33,279  
crucial to kind of like helping them

907  
00:33:38,230 --> 00:33:35,840  
progress in their careers you know

908  
00:33:39,990 --> 00:33:38,240  
so you know if you like a a politician

909  
00:33:41,190 --> 00:33:40,000  
in the uk you could be a back back

910  
00:33:43,190 --> 00:33:41,200  
bencher which means that you don't have

911  
00:33:44,470 --> 00:33:43,200  
a minister or a ministerial

912  
00:33:46,389 --> 00:33:44,480  
government position

913  
00:33:47,750 --> 00:33:46,399

um you know and you're desperate for

914

00:33:49,269 --> 00:33:47,760

that promotion you know you want to

915

00:33:51,350 --> 00:33:49,279

become a minister

916

00:33:53,909 --> 00:33:51,360

um or the prime minister one day let's

917

00:33:55,029 --> 00:33:53,919

say and you know if i take this issue to

918

00:33:57,669 --> 00:33:55,039

you as

919

00:33:58,870 --> 00:33:57,679

you know a politician you're not gonna

920

00:34:00,389 --> 00:33:58,880

you're not gonna take it forward because

921

00:34:02,149 --> 00:34:00,399

it could harm your career

922

00:34:03,350 --> 00:34:02,159

um and this is like journalists as well

923

00:34:05,110 --> 00:34:03,360

they don't wanna be known as that if you

924

00:34:06,549 --> 00:34:05,120

wanna be become like an editor like a

925

00:34:08,629 --> 00:34:06,559

major like newspaper or something like

926

00:34:11,430 --> 00:34:08,639

that you're thinking this might hurt my

927

00:34:13,190 --> 00:34:11,440

cause um but it is changing it is

928

00:34:14,869 --> 00:34:13,200

changing i mean i'm in touch with some

929

00:34:16,950 --> 00:34:14,879

journalists and

930

00:34:18,950 --> 00:34:16,960

you know they very much view this now as

931

00:34:21,270 --> 00:34:18,960

something they need to get on board with

932

00:34:22,629 --> 00:34:21,280

and have conversations like yourself

933

00:34:24,389 --> 00:34:22,639

um

934

00:34:26,550 --> 00:34:24,399

so that they can be on top of the story

935

00:34:27,990 --> 00:34:26,560

when the you know big news breaks

936

00:34:30,550 --> 00:34:28,000

because

937

00:34:32,629 --> 00:34:30,560

i mean looking at the ndaa

938

00:34:35,109 --> 00:34:32,639

2022 there are signs that something is

939

00:34:37,270 --> 00:34:35,119

going on beneath the circuit surface and

940

00:34:39,510 --> 00:34:37,280

when you're seeing the nuclear

941

00:34:41,030 --> 00:34:39,520

the nuclear related stuff

942

00:34:42,310 --> 00:34:41,040

in the bill i mean that's not

943

00:34:44,550 --> 00:34:42,320

coincidental when you're seeing the

944

00:34:46,069 --> 00:34:44,560

physiological stuff in the bill that's

945

00:34:48,149 --> 00:34:46,079

not coincidental so you have to ask

946

00:34:50,470 --> 00:34:48,159

yourself as a serious journalist where

947

00:34:53,270 --> 00:34:50,480

are serious sentences like

948

00:34:55,510 --> 00:34:53,280

gillibrand and rubio getting this from

949

00:34:58,790 --> 00:34:55,520

why they're not just including nuclear

950

00:35:01,349 --> 00:34:58,800

materials and storage and physiological

951  
00:35:02,470 --> 00:35:01,359  
impacts just for nothing or on a whim i

952  
00:35:03,910 --> 00:35:02,480  
mean these are people that want to

953  
00:35:06,310 --> 00:35:03,920  
become presidents

954  
00:35:08,390 --> 00:35:06,320  
um in the future so i think journalists

955  
00:35:10,069 --> 00:35:08,400  
get that now and my advice always to

956  
00:35:11,910 --> 00:35:10,079  
journalists is to ground it

957  
00:35:13,109 --> 00:35:11,920  
in that ndaa

958  
00:35:15,190 --> 00:35:13,119  
because

959  
00:35:16,470 --> 00:35:15,200  
although it may seem quite tedious and

960  
00:35:19,030 --> 00:35:16,480  
boring and

961  
00:35:21,109 --> 00:35:19,040  
bureaucratic you've got some astonishing

962  
00:35:23,270 --> 00:35:21,119  
stuff in there as well i mean that

963  
00:35:26,630 --> 00:35:23,280

allows you as a journalist to kind of

964

00:35:27,910 --> 00:35:26,640

like speculate now on the physiological

965

00:35:28,710 --> 00:35:27,920

effects

966

00:35:30,710 --> 00:35:28,720

and

967

00:35:32,630 --> 00:35:30,720

you know the nuclear connection as well

968

00:35:35,109 --> 00:35:32,640

which is what i did in you know one of

969

00:35:38,069 --> 00:35:35,119

my recent stories about um

970

00:35:39,750 --> 00:35:38,079

about skin skin walkers at pentagon um i

971

00:35:42,470 --> 00:35:39,760

was able to kind of like report on the

972

00:35:43,990 --> 00:35:42,480

nimitz case because it's been told to me

973

00:35:46,710 --> 00:35:44,000

that there were

974

00:35:48,870 --> 00:35:46,720

ontological effects from

975

00:35:51,670 --> 00:35:48,880

um the phenomenon which caused

976

00:35:54,470 --> 00:35:51,680

psychological trauma um

977

00:35:56,630 --> 00:35:54,480

to the people involved

978

00:35:58,550 --> 00:35:56,640

and that's seen that's the defense

979

00:36:00,630 --> 00:35:58,560

consequence there because

980

00:36:02,870 --> 00:36:00,640

it could it could mean that you know

981

00:36:05,510 --> 00:36:02,880

these people who were

982

00:36:07,270 --> 00:36:05,520

flying you know

983

00:36:10,630 --> 00:36:07,280

millions of dollars worth of fighter

984

00:36:13,510 --> 00:36:10,640

jets with live armament you know above

985

00:36:14,790 --> 00:36:13,520

u.s soil i mean if they've got

986

00:36:17,109 --> 00:36:14,800

you know if they've got

987

00:36:18,870 --> 00:36:17,119

you know psychological trauma

988

00:36:20,950 --> 00:36:18,880

that's a major deal that

989

00:36:22,950 --> 00:36:20,960

and that's why it's so important to get

990

00:36:24,150 --> 00:36:22,960

out there and stop the stigma and and

991

00:36:26,390 --> 00:36:24,160

you know

992

00:36:27,349 --> 00:36:26,400

we're we're getting somewhere now with

993

00:36:29,910 --> 00:36:27,359

the

994

00:36:31,910 --> 00:36:29,920

navy which is fantastic people can talk

995

00:36:33,510 --> 00:36:31,920

freely about this now but what about air

996

00:36:36,630 --> 00:36:33,520

force pilots

997

00:36:38,710 --> 00:36:36,640

as well that can carry nuclear armor

998

00:36:40,950 --> 00:36:38,720

routes so why are we not having that

999

00:36:42,230 --> 00:36:40,960

conversation there you know and helping

1000

00:36:44,630 --> 00:36:42,240

those pilots talk about their

1001  
00:36:46,710 --> 00:36:44,640  
experiences because

1002  
00:36:48,230 --> 00:36:46,720  
i mean if you know the speculation is

1003  
00:36:49,510 --> 00:36:48,240  
that sightings are

1004  
00:36:51,750 --> 00:36:49,520  
actually accelerating you're getting

1005  
00:36:53,430 --> 00:36:51,760  
more sightings out of eops now more than

1006  
00:36:55,190 --> 00:36:53,440  
ever i mean this is something really

1007  
00:36:56,630 --> 00:36:55,200  
really important if i'm in sense i'm

1008  
00:36:58,710 --> 00:36:56,640  
like look you've got to get on top of

1009  
00:37:01,589 --> 00:36:58,720  
this because if pilots are frequently

1010  
00:37:03,829 --> 00:37:01,599  
encountering this it poses a huge huge

1011  
00:37:06,150 --> 00:37:03,839  
threat not just kind of like uaps

1012  
00:37:08,550 --> 00:37:06,160  
themselves but the pilots and impacts

1013  
00:37:10,230 --> 00:37:08,560

that they're suffering so it's hugely

1014

00:37:12,790 --> 00:37:10,240

important

1015

00:37:14,150 --> 00:37:12,800

so just can i ask a quick follow-up on

1016

00:37:16,870 --> 00:37:14,160

that sure

1017

00:37:18,550 --> 00:37:16,880

only because we were reading the article

1018

00:37:20,230 --> 00:37:18,560

that you wrote about skinwalkers of the

1019

00:37:23,510 --> 00:37:20,240

pentagon

1020

00:37:25,430 --> 00:37:23,520

you actually drew several parallels to

1021

00:37:27,030 --> 00:37:25,440

some of the things that you saw that

1022

00:37:29,190 --> 00:37:27,040

were being implemented as part of the

1023

00:37:31,030 --> 00:37:29,200

ndaa and the actions that were being

1024

00:37:33,030 --> 00:37:31,040

taken if you wanted to cover a couple of

1025

00:37:35,109 --> 00:37:33,040

others of those because you had you kind

1026  
00:37:36,790 --> 00:37:35,119  
of outlined them all and it was really

1027  
00:37:39,910 --> 00:37:36,800  
fascinating

1028  
00:37:40,870 --> 00:37:39,920  
oh yes so um in the appendices

1029  
00:37:42,550 --> 00:37:40,880  
um

1030  
00:37:46,790 --> 00:37:42,560  
you had

1031  
00:37:48,310 --> 00:37:46,800  
recommendations that they put forward

1032  
00:37:50,470 --> 00:37:48,320  
and i don't think

1033  
00:37:52,630 --> 00:37:50,480  
the thing about that book is that

1034  
00:37:54,710 --> 00:37:52,640  
people just immediately caught on to oh

1035  
00:37:55,829 --> 00:37:54,720  
gosh this thing will um skim walker

1036  
00:37:58,390 --> 00:37:55,839  
ranch and

1037  
00:38:00,230 --> 00:37:58,400  
um all these you know

1038  
00:38:01,349 --> 00:38:00,240

sightings of creatures and stuff like

1039

00:38:03,270 --> 00:38:01,359

that and

1040

00:38:06,150 --> 00:38:03,280

you know it really got sensationalized

1041

00:38:08,069 --> 00:38:06,160

and you know people lost the fact that

1042

00:38:10,630 --> 00:38:08,079

these are serious people stereo

1043

00:38:12,230 --> 00:38:10,640

scientists and you know they've actually

1044

00:38:14,390 --> 00:38:12,240

kind of made some important

1045

00:38:16,310 --> 00:38:14,400

recommendations in there as well about

1046

00:38:19,589 --> 00:38:16,320

how we can move forward in terms of a

1047

00:38:22,230 --> 00:38:19,599

uap investigation um so yeah they had

1048

00:38:23,430 --> 00:38:22,240

several recommendations and

1049

00:38:25,510 --> 00:38:23,440

i just thought they were really really

1050

00:38:27,030 --> 00:38:25,520

important it's just kind of like how you

1051  
00:38:28,790 --> 00:38:27,040  
would function

1052  
00:38:30,790 --> 00:38:28,800  
as part of the investigation so one of

1053  
00:38:32,390 --> 00:38:30,800  
them for example would

1054  
00:38:33,430 --> 00:38:32,400  
someone on your team would have to have

1055  
00:38:34,310 --> 00:38:33,440  
knowledge

1056  
00:38:36,630 --> 00:38:34,320  
on

1057  
00:38:38,230 --> 00:38:36,640  
u.s black projects

1058  
00:38:40,630 --> 00:38:38,240  
one to rule

1059  
00:38:41,750 --> 00:38:40,640  
you know the technology out as being the

1060  
00:38:43,510 --> 00:38:41,760  
culprit

1061  
00:38:46,069 --> 00:38:43,520  
the other is let's say if it is russian

1062  
00:38:48,150 --> 00:38:46,079  
or chinese which i doubt it is um but

1063  
00:38:50,470 --> 00:38:48,160

either way it could become you know a

1064

00:38:52,550 --> 00:38:50,480

defense something of defense importance

1065

00:38:54,310 --> 00:38:52,560

you know you've got to make sure that

1066

00:38:55,670 --> 00:38:54,320

you have something in your inventory

1067

00:38:57,109 --> 00:38:55,680

that can counter that as well so there

1068

00:38:59,829 --> 00:38:57,119

needs to be that connection it's like

1069

00:39:01,430 --> 00:38:59,839

okay so you've got this craft which is

1070

00:39:03,670 --> 00:39:01,440

got this capability

1071

00:39:05,589 --> 00:39:03,680

how do we defend ourselves

1072

00:39:07,430 --> 00:39:05,599

i mean we don't we don't know the

1073

00:39:08,950 --> 00:39:07,440

intentions and

1074

00:39:11,030 --> 00:39:08,960

that's that's the thing and i know that

1075

00:39:12,230 --> 00:39:11,040

everyone has different

1076

00:39:13,750 --> 00:39:12,240

different kind of like thoughts and

1077

00:39:15,990 --> 00:39:13,760

beliefs and stuff

1078

00:39:17,670 --> 00:39:16,000

on what the intentions are but

1079

00:39:19,670 --> 00:39:17,680

it could be more complex you know what

1080

00:39:21,109 --> 00:39:19,680

if there are like several civilizations

1081

00:39:23,270 --> 00:39:21,119

visiting this planet some are friendly

1082

00:39:25,349 --> 00:39:23,280

some are not friendly

1083

00:39:26,470 --> 00:39:25,359

the universe is so complex so i mean

1084

00:39:28,950 --> 00:39:26,480

you've got to rule that kind of like

1085

00:39:31,270 --> 00:39:28,960

stuff out um and it's kind of like

1086

00:39:33,270 --> 00:39:31,280

having field teams as well

1087

00:39:36,470 --> 00:39:33,280

um located in different parts of the

1088

00:39:38,710 --> 00:39:36,480

country so they can actually um react

1089

00:39:40,550 --> 00:39:38,720

quickly to any unfolding events and

1090

00:39:41,990 --> 00:39:40,560

stuff so you might have one on the west

1091

00:39:44,550 --> 00:39:42,000

coast another on the east coast maybe

1092

00:39:47,430 --> 00:39:44,560

another um which is more inland that can

1093

00:39:48,950 --> 00:39:47,440

react to um cases where nuclear

1094

00:39:51,270 --> 00:39:48,960

facilities is being tampered with and

1095

00:39:53,109 --> 00:39:51,280

stuff um so there's all sorts of things

1096

00:39:54,230 --> 00:39:53,119

and another another one would be kind of

1097

00:39:55,750 --> 00:39:54,240

like

1098

00:39:57,750 --> 00:39:55,760

an apparatus that you would have to kind

1099

00:39:59,990 --> 00:39:57,760

of filter all the data coming in to make

1100

00:40:02,630 --> 00:40:00,000

sure that the most important data is

1101  
00:40:04,950 --> 00:40:02,640  
going to the directors

1102  
00:40:06,470 --> 00:40:04,960  
of that program so they have the most

1103  
00:40:08,309 --> 00:40:06,480  
important crucial

1104  
00:40:09,990 --> 00:40:08,319  
information at their disposal so if they

1105  
00:40:12,710 --> 00:40:10,000  
need to escalate something immediately

1106  
00:40:14,150 --> 00:40:12,720  
they can and when they're actually

1107  
00:40:15,589 --> 00:40:14,160  
uh briefing

1108  
00:40:16,390 --> 00:40:15,599  
congress

1109  
00:40:18,150 --> 00:40:16,400  
they

1110  
00:40:19,589 --> 00:40:18,160  
can actually have the

1111  
00:40:21,670 --> 00:40:19,599  
most important

1112  
00:40:23,589 --> 00:40:21,680  
and reliable pieces of data to kind of

1113  
00:40:25,750 --> 00:40:23,599

back them up and stuff so

1114

00:40:27,349 --> 00:40:25,760

that's very important and senses

1115

00:40:29,510 --> 00:40:27,359

chris mellon's mentioned before but

1116

00:40:30,390 --> 00:40:29,520

senses and having access to their senses

1117

00:40:32,710 --> 00:40:30,400

as well

1118

00:40:34,790 --> 00:40:32,720

is really important um

1119

00:40:36,230 --> 00:40:34,800

and i think the satellite imagery that

1120

00:40:37,990 --> 00:40:36,240

they have as well is

1121

00:40:39,910 --> 00:40:38,000

i think it's really really advanced i

1122

00:40:41,270 --> 00:40:39,920

think a lot of these cases that you're

1123

00:40:43,030 --> 00:40:41,280

seeing and stuff yes they're being

1124

00:40:45,430 --> 00:40:43,040

spotted by the pilots i think they've

1125

00:40:47,349 --> 00:40:45,440

got sensors as well perhaps picking up

1126

00:40:48,710 --> 00:40:47,359

electromagnetism

1127

00:40:50,950 --> 00:40:48,720

radiation so i think they're picking

1128

00:40:53,589 --> 00:40:50,960

that kind of stuff up as well but also i

1129

00:40:54,870 --> 00:40:53,599

think that you know i think they've got

1130

00:40:56,710 --> 00:40:54,880

satellites that

1131

00:40:58,550 --> 00:40:56,720

kind of like view these events taking

1132

00:40:59,910 --> 00:40:58,560

place as well because

1133

00:41:01,349 --> 00:40:59,920

they're that good i mean you've heard

1134

00:41:02,790 --> 00:41:01,359

the story about the hubble telescope

1135

00:41:06,230 --> 00:41:02,800

haven't you um

1136

00:41:07,990 --> 00:41:06,240

and um national constance office i mean

1137

00:41:10,150 --> 00:41:08,000

it was only a few years ago when

1138

00:41:13,030 --> 00:41:10,160

national reconnaissance office basically

1139

00:41:15,109 --> 00:41:13,040

went up to nasa and said um we've got

1140

00:41:17,030 --> 00:41:15,119

two telescopes we don't need them

1141

00:41:19,270 --> 00:41:17,040

anymore they're yours you just have them

1142

00:41:21,829 --> 00:41:19,280

for free we don't need them and

1143

00:41:23,910 --> 00:41:21,839

these two telescopes were

1144

00:41:25,589 --> 00:41:23,920

both of them were better

1145

00:41:26,790 --> 00:41:25,599

than the hubble telescope

1146

00:41:29,910 --> 00:41:26,800

wow

1147

00:41:31,510 --> 00:41:29,920

okay if you don't need these telescopes

1148

00:41:34,069 --> 00:41:31,520

what else do you have that we don't know

1149

00:41:36,230 --> 00:41:34,079

about

1150

00:41:37,430 --> 00:41:36,240

yeah there's some significant hardware

1151  
00:41:39,030 --> 00:41:37,440  
out there that's why i'm going to be

1152  
00:41:41,910 --> 00:41:39,040  
really curious what

1153  
00:41:43,510 --> 00:41:41,920  
the galileo project is able to afford i

1154  
00:41:45,990 --> 00:41:43,520  
also very much agree with your

1155  
00:41:48,150 --> 00:41:46,000  
hypothesis i speculate also that there's

1156  
00:41:49,109 --> 00:41:48,160  
several different maybe intelligences at

1157  
00:41:50,950 --> 00:41:49,119  
play

1158  
00:41:53,109 --> 00:41:50,960  
we have no idea what their intentions

1159  
00:41:55,670 --> 00:41:53,119  
are that they're there

1160  
00:41:57,990 --> 00:41:55,680  
makes them a potential threat not a

1161  
00:41:58,870 --> 00:41:58,000  
dynamic or existential threat but

1162  
00:42:01,109 --> 00:41:58,880  
definitely

1163  
00:42:03,510 --> 00:42:01,119

a potential threat because we can't

1164

00:42:05,829 --> 00:42:03,520  
seem to make them do anything

1165

00:42:07,670 --> 00:42:05,839  
communicate with them you know

1166

00:42:09,349 --> 00:42:07,680  
and of course there's speculation on

1167

00:42:11,030 --> 00:42:09,359  
whether or not we're able to draw them

1168

00:42:12,309 --> 00:42:11,040  
into following or

1169

00:42:14,550 --> 00:42:12,319  
or or

1170

00:42:16,550 --> 00:42:14,560  
performing some sort of an action that

1171

00:42:18,870 --> 00:42:16,560  
we want just to see if we can draw them

1172

00:42:21,349 --> 00:42:18,880  
in that that's speculation

1173

00:42:23,670 --> 00:42:21,359  
um i was going to ask you though back to

1174

00:42:27,430 --> 00:42:23,680  
i know that uh you know just reading

1175

00:42:30,470 --> 00:42:27,440  
your your work which is excellent and um

1176

00:42:31,829 --> 00:42:30,480

is very important in in this space

1177

00:42:33,190 --> 00:42:31,839

that you're there

1178

00:42:35,190 --> 00:42:33,200

um

1179

00:42:36,550 --> 00:42:35,200

and that you're doing it at the level

1180

00:42:38,470 --> 00:42:36,560

that you are

1181

00:42:40,790 --> 00:42:38,480

are doing it i assume you you have some

1182

00:42:41,430 --> 00:42:40,800

really good sources do you have a sense

1183

00:42:43,829 --> 00:42:41,440

of

1184

00:42:45,589 --> 00:42:43,839

that the san mariners for example or

1185

00:42:48,630 --> 00:42:45,599

some of these other countries have a

1186

00:42:52,150 --> 00:42:48,640

significant file that are is yet to be

1187

00:42:57,030 --> 00:42:54,790

have a have a significant file on your

1188

00:42:59,349 --> 00:42:57,040

aps like cases and stuff

1189

00:43:02,150 --> 00:42:59,359

my cat's attacking my light

1190

00:43:03,190 --> 00:43:02,160

calm down girlfriend okay is she acting

1191

00:43:04,790 --> 00:43:03,200

up again

1192

00:43:06,470 --> 00:43:04,800

um anyway

1193

00:43:09,109 --> 00:43:06,480

yeah like basically what i'm saying like

1194

00:43:11,030 --> 00:43:09,119

through your sources are you aware of

1195

00:43:13,510 --> 00:43:11,040

other through your sources that other

1196

00:43:15,990 --> 00:43:13,520

countries have a significant file and

1197

00:43:18,069 --> 00:43:16,000

it's it's yet to be disclosed or or yet

1198

00:43:19,910 --> 00:43:18,079

to be revealed that they have a

1199

00:43:21,190 --> 00:43:19,920

significant file we don't talk about it

1200

00:43:23,270 --> 00:43:21,200

we only talk about the united states

1201

00:43:24,470 --> 00:43:23,280

australia and the uk

1202

00:43:27,750 --> 00:43:24,480

and china

1203

00:43:30,069 --> 00:43:27,760

absolutely yeah yeah i mean um

1204

00:43:31,190 --> 00:43:30,079

we know that um china has its own task

1205

00:43:32,390 --> 00:43:31,200

force now

1206

00:43:34,390 --> 00:43:32,400

um

1207

00:43:36,550 --> 00:43:34,400

i suspect that's

1208

00:43:38,150 --> 00:43:36,560

that's been something that's been

1209

00:43:40,230 --> 00:43:38,160

happening for years because it's

1210

00:43:41,829 --> 00:43:40,240

probably you know they've been a rising

1211

00:43:42,790 --> 00:43:41,839

superpower that's had to start from the

1212

00:43:44,870 --> 00:43:42,800

bottom

1213

00:43:47,270 --> 00:43:44,880

and they've had to have some way to

1214

00:43:49,190 --> 00:43:47,280

distinguish what's a black us project

1215

00:43:50,950 --> 00:43:49,200

flying over its territory and what

1216

00:43:51,910 --> 00:43:50,960

particularly might be something else so

1217

00:43:53,670 --> 00:43:51,920

i mean they've probably had that

1218

00:43:55,670 --> 00:43:53,680

capability and investigation for some

1219

00:43:58,309 --> 00:43:55,680

time now um

1220

00:44:00,230 --> 00:43:58,319

so and then also i mean you look at you

1221

00:44:02,550 --> 00:44:00,240

look at france as well i mean i did an

1222

00:44:03,750 --> 00:44:02,560

article in france and from

1223

00:44:07,670 --> 00:44:03,760

there

1224

00:44:13,270 --> 00:44:10,550

it's i think it was something like

1225

00:44:16,150 --> 00:44:13,280

people when when you ask people what

1226

00:44:18,710 --> 00:44:16,160

francis like longest land border is

1227

00:44:20,550 --> 00:44:18,720

they're like oh it's probably germany or

1228

00:44:24,150 --> 00:44:20,560

belgium or something like that but it's

1229

00:44:26,790 --> 00:44:24,160

not it's something like brazil

1230

00:44:28,150 --> 00:44:26,800

because it's got french guyana um

1231

00:44:30,230 --> 00:44:28,160

but wow

1232

00:44:32,470 --> 00:44:30,240

yeah and i mean french overseas

1233

00:44:35,109 --> 00:44:32,480

territory is very expansive and

1234

00:44:36,950 --> 00:44:35,119

um they've got lots of kind of exclusive

1235

00:44:40,069 --> 00:44:36,960

economic area as well which kind of

1236

00:44:41,430 --> 00:44:40,079

covers a large portion of the ocean i

1237

00:44:43,270 --> 00:44:41,440

mean there's a map that you can look at

1238

00:44:45,750 --> 00:44:43,280

online which shows you

1239

00:44:48,230 --> 00:44:45,760

the i think the exclusive economic area

1240

00:44:49,750 --> 00:44:48,240

of france it's massive if you include

1241

00:44:51,990 --> 00:44:49,760

that then france is like the second or

1242

00:44:53,109 --> 00:44:52,000

third biggest country in the world um

1243

00:44:55,430 --> 00:44:53,119

but you have to imagine that they're

1244

00:44:56,870 --> 00:44:55,440

monitoring those spaces all the time

1245

00:44:58,550 --> 00:44:56,880

right um

1246

00:45:00,630 --> 00:44:58,560

but i mean from what my sources are

1247

00:45:02,710 --> 00:45:00,640

telling me yes ms stephanie

1248

00:45:06,230 --> 00:45:02,720

stephanie there are extensive extensive

1249

00:45:08,630 --> 00:45:06,240

files happening um

1250

00:45:11,270 --> 00:45:08,640

i i think france's

1251  
00:45:12,630 --> 00:45:11,280  
ufo organizer ufo investigation from

1252  
00:45:14,390 --> 00:45:12,640  
understanding

1253  
00:45:17,349 --> 00:45:14,400  
is very very extensive

1254  
00:45:18,870 --> 00:45:17,359  
um it may go beyond

1255  
00:45:22,069 --> 00:45:18,880  
the the gipan

1256  
00:45:24,710 --> 00:45:22,079  
which is their kind of official ufo

1257  
00:45:26,710 --> 00:45:24,720  
investigation um but from what i'm

1258  
00:45:29,589 --> 00:45:26,720  
hearing that's pretty extensive

1259  
00:45:31,190 --> 00:45:29,599  
um my own country i don't

1260  
00:45:35,030 --> 00:45:31,200  
i'm not really sure

1261  
00:45:36,150 --> 00:45:35,040  
what uk is doing still i have no idea

1262  
00:45:38,230 --> 00:45:36,160  
nobody else

1263  
00:45:40,710 --> 00:45:38,240

we keep secrets there's there's a reason

1264

00:45:41,750 --> 00:45:40,720

why this small

1265

00:45:44,309 --> 00:45:41,760

country

1266

00:45:47,030 --> 00:45:44,319

on the north sea has been around for

1267

00:45:48,950 --> 00:45:47,040

you know over a thousand years you know

1268

00:45:51,430 --> 00:45:48,960

secrets are important to helping us kind

1269

00:45:54,309 --> 00:45:51,440

of like survive and i think that culture

1270

00:45:56,710 --> 00:45:54,319

kind of like extends on to the ufo

1271

00:45:58,630 --> 00:45:56,720

phenomenon but i think

1272

00:46:01,349 --> 00:45:58,640

i think there is a capability that

1273

00:46:03,270 --> 00:46:01,359

exists still but also i think that we're

1274

00:46:04,150 --> 00:46:03,280

intrinsically linked to the americans as

1275

00:46:05,670 --> 00:46:04,160

well

1276

00:46:08,550 --> 00:46:05,680

i mean i'm originally from a place

1277

00:46:09,990 --> 00:46:08,560

called reading in rural berkshire um

1278

00:46:12,870 --> 00:46:10,000

and

1279

00:46:14,630 --> 00:46:12,880

we store nuclear weapons near where i

1280

00:46:15,670 --> 00:46:14,640

used to live and there's lots of ufo

1281

00:46:19,589 --> 00:46:15,680

encounters

1282

00:46:21,349 --> 00:46:19,599

there as well my brother always sees

1283

00:46:23,510 --> 00:46:21,359

um ufos

1284

00:46:25,190 --> 00:46:23,520

right outside the nuclear facility but

1285

00:46:27,750 --> 00:46:25,200

no one else seems to care

1286

00:46:28,630 --> 00:46:27,760

these things are in the sky um but i

1287

00:46:34,630 --> 00:46:28,640

mean

1288

00:46:36,710 --> 00:46:34,640

i think

1289

00:46:38,390 --> 00:46:36,720

yeah so that nuclear facility sorry i

1290

00:46:39,910 --> 00:46:38,400

lost my train of thought there that

1291

00:46:41,430 --> 00:46:39,920

nuclear facility where we kept our

1292

00:46:43,430 --> 00:46:41,440

nuclear weapons

1293

00:46:45,270 --> 00:46:43,440

up until like last year i think that was

1294

00:46:47,510 --> 00:46:45,280

run by lockheed martin

1295

00:46:50,790 --> 00:46:47,520

an american contractor

1296

00:46:53,349 --> 00:46:50,800

so quite literally our nuclear deterrent

1297

00:46:55,430 --> 00:46:53,359

is linked to the united states military

1298

00:46:57,670 --> 00:46:55,440

and its contractors that's how close we

1299

00:46:59,750 --> 00:46:57,680

are drawing the join together

1300

00:47:03,190 --> 00:46:59,760

um the researcher timothy good even

1301  
00:47:05,750 --> 00:47:03,200  
speculated at one time that um

1302  
00:47:07,030 --> 00:47:05,760  
you know the mod is the extension of the

1303  
00:47:09,109 --> 00:47:07,040  
dod

1304  
00:47:11,190 --> 00:47:09,119  
um

1305  
00:47:12,950 --> 00:47:11,200  
but obviously yeah speculation but we

1306  
00:47:16,309 --> 00:47:12,960  
just reiterate how close we are as

1307  
00:47:18,950 --> 00:47:16,319  
allies um so i think yeah but yeah go

1308  
00:47:20,630 --> 00:47:18,960  
back to your question yes there is

1309  
00:47:22,950 --> 00:47:20,640  
lucky there's a facility in cambridge

1310  
00:47:25,349 --> 00:47:22,960  
too they get around man

1311  
00:47:26,710 --> 00:47:25,359  
but anyway let me pass over to depp's

1312  
00:47:27,910 --> 00:47:26,720  
because we're going to take this long

1313  
00:47:30,710 --> 00:47:27,920

and winding road we're going to take

1314

00:47:33,030 --> 00:47:30,720

another sharp curve debs what you got

1315

00:47:34,630 --> 00:47:33,040

for christopher i don't know if it's all

1316

00:47:38,470 --> 00:47:34,640

that long in whiting we were just

1317

00:47:40,549 --> 00:47:38,480

talking about lockheed martin so

1318

00:47:42,309 --> 00:47:40,559

i was i was gonna ask you you were

1319

00:47:44,630 --> 00:47:42,319

interested in

1320

00:47:46,340 --> 00:47:44,640

uh crash retrievals yes there's the

1321

00:47:47,990 --> 00:47:46,350

segway from lockheed dude

1322

00:47:51,190 --> 00:47:48,000

[Laughter]

1323

00:47:53,030 --> 00:47:51,200

yes um yeah not to lockheed

1324

00:47:55,190 --> 00:47:53,040

i just wanted to know how you were doing

1325

00:47:58,790 --> 00:47:55,200

with your investigation on that i know

1326

00:48:03,270 --> 00:47:58,800

that's a subject of interest for you

1327

00:48:05,030 --> 00:48:03,280

it is yes um very very important topic

1328

00:48:07,109 --> 00:48:05,040

um

1329

00:48:09,430 --> 00:48:07,119

and

1330

00:48:10,710 --> 00:48:09,440

something will be coming out quite soon

1331

00:48:13,270 --> 00:48:10,720

um

1332

00:48:14,950 --> 00:48:13,280

what it is i can't say

1333

00:48:17,750 --> 00:48:14,960

but i mean there's a very very different

1334

00:48:18,710 --> 00:48:17,760

component to your crash retrievals

1335

00:48:20,150 --> 00:48:18,720

um

1336

00:48:22,150 --> 00:48:20,160

which is kind of being hinted at but

1337

00:48:23,670 --> 00:48:22,160

it's not really caught on yet but

1338

00:48:25,670 --> 00:48:23,680

there's a hidden

1339

00:48:26,790 --> 00:48:25,680

hidden component to it but

1340

00:48:28,180 --> 00:48:26,800

i mean

1341

00:48:29,510 --> 00:48:28,190

if you think about it like this

1342

00:48:32,069 --> 00:48:29,520

[Music]

1343

00:48:33,670 --> 00:48:32,079

i mean if crash retrievals are a real

1344

00:48:36,150 --> 00:48:33,680

thing which i think

1345

00:48:38,230 --> 00:48:36,160

the evidence is pointing towards

1346

00:48:40,390 --> 00:48:38,240

um from anecdotal accounts and the

1347

00:48:41,910 --> 00:48:40,400

pedigree people talking about them

1348

00:48:44,549 --> 00:48:41,920

um

1349

00:48:46,790 --> 00:48:44,559

then that's a huge huge deal

1350

00:48:49,030 --> 00:48:46,800

if it's something of extraterrestrial

1351

00:48:51,349 --> 00:48:49,040

technology

1352

00:48:53,829 --> 00:48:51,359

now that's got the biggest kind of like

1353

00:48:55,589 --> 00:48:53,839

significance of anything in the world

1354

00:48:58,790 --> 00:48:55,599

everything else powers in comparison

1355

00:49:01,109 --> 00:48:58,800

because if you master that technology

1356

00:49:03,109 --> 00:49:01,119

whether you're china or america

1357

00:49:04,309 --> 00:49:03,119

the world is yours

1358

00:49:05,750 --> 00:49:04,319

that's important

1359

00:49:07,349 --> 00:49:05,760

if it is that technology that we think

1360

00:49:09,510 --> 00:49:07,359

it is

1361

00:49:11,990 --> 00:49:09,520

that is possessed by uap you control

1362

00:49:13,750 --> 00:49:12,000

that and that's it and if you feel if

1363

00:49:15,910 --> 00:49:13,760

you think about that in a real world

1364

00:49:17,829 --> 00:49:15,920

scenario get beyond the ukraine crisis

1365

00:49:19,829 --> 00:49:17,839

which is obviously very very serious and

1366

00:49:21,829 --> 00:49:19,839

you know all these other kind of um hot

1367

00:49:23,430 --> 00:49:21,839

spots in the world and stuff like that

1368

00:49:24,630 --> 00:49:23,440

this kind of everything powers in

1369

00:49:27,510 --> 00:49:24,640

comparison because you've got this

1370

00:49:30,069 --> 00:49:27,520

technology all of a sudden that can

1371

00:49:31,910 --> 00:49:30,079

yeah it's

1372

00:49:33,430 --> 00:49:31,920

that's still kind of like the mind

1373

00:49:34,950 --> 00:49:33,440

boggles you know because the evidence is

1374

00:49:37,030 --> 00:49:34,960

pointing that direction you have crash

1375

00:49:38,950 --> 00:49:37,040

retrieval programs

1376

00:49:41,109 --> 00:49:38,960

and if it is true then that means there

1377

00:49:43,270 --> 00:49:41,119

is a competition happening perhaps

1378

00:49:45,990 --> 00:49:43,280

between different nations and

1379

00:49:49,190 --> 00:49:46,000

the stakes couldn't be higher

1380

00:49:51,190 --> 00:49:49,200

we'll send you uh debts and i deb sent us

1381

00:49:52,549 --> 00:49:51,200

a richard dodie interview

1382

00:49:55,510 --> 00:49:52,559

that was

1383

00:49:58,950 --> 00:49:55,520

very very extensive uh much more in

1384

00:50:02,390 --> 00:49:58,960

depth about very specifics about the

1385

00:50:03,510 --> 00:50:02,400

crash the craft the beings how the craft

1386

00:50:05,190 --> 00:50:03,520

operated

1387

00:50:09,589 --> 00:50:05,200

all kinds of different things uh

1388

00:50:11,030 --> 00:50:09,599

biological nature of autopsied beings

1389

00:50:13,109 --> 00:50:11,040

and um

1390

00:50:14,950 --> 00:50:13,119

it's uh it was very thought provoking so

1391

00:50:15,910 --> 00:50:14,960

we'll we'll send that to you because

1392

00:50:17,510 --> 00:50:15,920

it

1393

00:50:19,190 --> 00:50:17,520

that's all i can say is is pretty

1394

00:50:21,349 --> 00:50:19,200

mind-blowing

1395

00:50:22,670 --> 00:50:21,359

absolutely i i reported as well on the

1396

00:50:24,950 --> 00:50:22,680

um

1397

00:50:27,910 --> 00:50:24,960

1933 reported

1398

00:50:29,190 --> 00:50:27,920

italian crash as well outside milan

1399

00:50:30,549 --> 00:50:29,200

i mean that's

1400

00:50:33,270 --> 00:50:30,559

that's pretty

1401

00:50:35,109 --> 00:50:33,280

astonishing to think about as well and

1402

00:50:36,950 --> 00:50:35,119

had you know some really really good

1403

00:50:37,670 --> 00:50:36,960

italian sources speak to me about that

1404

00:50:41,190 --> 00:50:37,680

and

1405

00:50:43,829 --> 00:50:41,200

you know how america like apparently um

1406

00:50:47,270 --> 00:50:43,839

they got intel from the pope

1407

00:50:48,549 --> 00:50:47,280

the vatican let's say um that

1408

00:50:50,870 --> 00:50:48,559

there was this craft that they had

1409

00:50:51,910 --> 00:50:50,880

captured the italians

1410

00:50:56,870 --> 00:50:51,920

and

1411

00:50:58,470 --> 00:50:56,880

kind of the facility that it was stored

1412

00:50:59,750 --> 00:50:58,480

within and apparently everything else

1413

00:51:02,549 --> 00:50:59,760

got bombed during the war apart from

1414

00:51:04,150 --> 00:51:02,559

that facility in that region where and

1415

00:51:05,990 --> 00:51:04,160

then after the war

1416

00:51:07,670 --> 00:51:06,000

i have a good knowledge as well that it

1417

00:51:09,030 --> 00:51:07,680

was taken to write past in air force

1418

00:51:10,549 --> 00:51:09,040

base

1419

00:51:12,790 --> 00:51:10,559

and then someone else

1420

00:51:15,829 --> 00:51:12,800

like a defense contractor source

1421

00:51:17,109 --> 00:51:15,839

speculated that the technology from that

1422

00:51:18,470 --> 00:51:17,119

crash

1423

00:51:20,150 --> 00:51:18,480

had something to do with like rocket

1424

00:51:23,990 --> 00:51:20,160

technology

1425

00:51:25,829 --> 00:51:24,000

anti-gravity

1426  
00:51:27,589 --> 00:51:25,839  
and i thought that was interesting as

1427  
00:51:30,630 --> 00:51:27,599  
well because

1428  
00:51:32,390 --> 00:51:30,640  
there's always like this theory that

1429  
00:51:33,910 --> 00:51:32,400  
it's a control system

1430  
00:51:36,069 --> 00:51:33,920  
in terms of the phenomenon kind of like

1431  
00:51:38,069 --> 00:51:36,079  
helping us with technology and get to

1432  
00:51:39,910 --> 00:51:38,079  
that next advancement

1433  
00:51:41,589 --> 00:51:39,920  
so it makes sense this is kind of like

1434  
00:51:42,549 --> 00:51:41,599  
helping us with that evolution going

1435  
00:51:44,710 --> 00:51:42,559  
from

1436  
00:51:47,030 --> 00:51:44,720  
jet and rocket technology

1437  
00:51:49,670 --> 00:51:47,040  
and then now obviously you might have

1438  
00:51:50,950 --> 00:51:49,680

antibiotic components to it as well so i

1439

00:51:52,470 --> 00:51:50,960

thought that was quite interesting i

1440

00:51:53,270 --> 00:51:52,480

mean just gave me food from thought

1441

00:51:55,109 --> 00:51:53,280

really

1442

00:51:58,230 --> 00:51:55,119

that's where the creatures that they

1443

00:52:00,230 --> 00:51:58,240

they found there were nordics apparently

1444

00:52:02,470 --> 00:52:00,240

wow really

1445

00:52:03,430 --> 00:52:02,480

oh yeah so

1446

00:52:05,430 --> 00:52:03,440

when

1447

00:52:07,829 --> 00:52:05,440

from my understanding obviously

1448

00:52:10,069 --> 00:52:07,839

conjecture um and speculation but my

1449

00:52:11,270 --> 00:52:10,079

understanding when it crashed

1450

00:52:14,630 --> 00:52:11,280

there were two

1451  
00:52:15,910 --> 00:52:14,640  
tall blonde nordics and

1452  
00:52:16,950 --> 00:52:15,920  
mussolini

1453  
00:52:18,470 --> 00:52:16,960  
um

1454  
00:52:19,990 --> 00:52:18,480  
for that

1455  
00:52:21,750 --> 00:52:20,000  
it was german technology i thought it

1456  
00:52:24,630 --> 00:52:21,760  
was germans because the german they knew

1457  
00:52:26,950 --> 00:52:24,640  
that germany had quite a sophisticated

1458  
00:52:28,630 --> 00:52:26,960  
program um so just

1459  
00:52:30,790 --> 00:52:28,640  
german but i think sooner or later they

1460  
00:52:32,309 --> 00:52:30,800  
realized it wasn't um

1461  
00:52:34,950 --> 00:52:32,319  
and then there was a book i can't

1462  
00:52:38,630 --> 00:52:34,960  
remember it was from against from

1463  
00:52:40,230 --> 00:52:38,640

leonard sting leonard stringfield

1464

00:52:42,870 --> 00:52:40,240

yeah one of the

1465

00:52:45,030 --> 00:52:42,880

top ufo researchers did a book on it and

1466

00:52:46,870 --> 00:52:45,040

he apparently spoke to french

1467

00:52:48,950 --> 00:52:46,880

kind of like doctor

1468

00:52:51,030 --> 00:52:48,960

who carried out an autopsy a bright

1469

00:52:52,710 --> 00:52:51,040

pattern in the 50s

1470

00:52:55,030 --> 00:52:52,720

and

1471

00:52:56,549 --> 00:52:55,040

we found something really interesting

1472

00:53:00,710 --> 00:52:56,559

that

1473

00:53:02,150 --> 00:53:00,720

it was something

1474

00:53:04,390 --> 00:53:02,160

uh i need to i need to look at the

1475

00:53:06,950 --> 00:53:04,400

article again sorry and my source there

1476

00:53:08,470 --> 00:53:06,960

was something about their immune system

1477

00:53:10,790 --> 00:53:08,480

it was like

1478

00:53:12,870 --> 00:53:10,800

the immune system was like so dominant

1479

00:53:13,670 --> 00:53:12,880

or something like that that protected

1480

00:53:17,750 --> 00:53:13,680

them

1481

00:53:19,270 --> 00:53:17,760

from getting any diseases or infections

1482

00:53:21,270 --> 00:53:19,280

um

1483

00:53:22,790 --> 00:53:21,280

and that's really really important in

1484

00:53:25,109 --> 00:53:22,800

space because if you're

1485

00:53:27,190 --> 00:53:25,119

you know a spacefaring civilization

1486

00:53:28,549 --> 00:53:27,200

there are tons and tons of viruses and

1487

00:53:30,630 --> 00:53:28,559

stuff out there

1488

00:53:32,470 --> 00:53:30,640

you know in the universe and

1489

00:53:34,069 --> 00:53:32,480

that become essential you would have to

1490

00:53:35,670 --> 00:53:34,079

have this kind of immune system

1491

00:53:37,430 --> 00:53:35,680

component which was dominant in your

1492

00:53:38,230 --> 00:53:37,440

body that could kind of like fight

1493

00:53:39,990 --> 00:53:38,240

anything off straight away and

1494

00:53:40,870 --> 00:53:40,000

apparently that's what um one of the

1495

00:53:43,670 --> 00:53:40,880

french

1496

00:53:44,630 --> 00:53:43,680

biologists um kind of like found there

1497

00:53:46,549 --> 00:53:44,640

but

1498

00:53:48,790 --> 00:53:46,559

yeah i need to find what the

1499

00:53:49,750 --> 00:53:48,800

semantics and medical terms were again

1500

00:53:51,190 --> 00:53:49,760

to

1501  
00:53:52,470 --> 00:53:51,200  
provide you more information on that but

1502  
00:53:54,390 --> 00:53:52,480  
i thought that was really interesting

1503  
00:53:56,150 --> 00:53:54,400  
that that is f i've never heard that

1504  
00:53:58,549 --> 00:53:56,160  
case that's fascinating but i do want to

1505  
00:54:01,670 --> 00:53:58,559  
let you know that nathan's beard is able

1506  
00:54:03,829 --> 00:54:01,680  
to achieve the same goal um he's immune

1507  
00:54:05,190 --> 00:54:03,839  
from viruses and illnesses and i don't

1508  
00:54:07,510 --> 00:54:05,200  
know if it's because he's from the

1509  
00:54:09,349 --> 00:54:07,520  
lineage of dr heineck or if that has

1510  
00:54:10,710 --> 00:54:09,359  
anything to do with it but it has proven

1511  
00:54:14,230 --> 00:54:10,720  
to be the case

1512  
00:54:17,990 --> 00:54:15,510  
went

1513  
00:54:19,150 --> 00:54:18,000

that's interesting talking about kind of

1514

00:54:22,950 --> 00:54:19,160

um

1515

00:54:27,109 --> 00:54:24,470

we're messing with it christopher this

1516

00:54:29,430 --> 00:54:27,119

is just show this is this is typical cab

1517

00:54:32,710 --> 00:54:29,440

show craziness there's no way to know

1518

00:54:38,640 --> 00:54:35,030

do the pipe again i want to make sure

1519

00:54:38,650 --> 00:54:44,549

[Applause]

1520

00:54:49,589 --> 00:54:46,549

oh my goodness i think we're gonna turn

1521

00:54:51,030 --> 00:54:49,599

you over to the capable hands of flareus

1522

00:54:53,750 --> 00:54:51,040

kevin

1523

00:54:56,710 --> 00:54:53,760

okay so we're on we're talking about

1524

00:54:58,069 --> 00:54:56,720

crash retrievals so you know i notice

1525

00:55:00,230 --> 00:54:58,079

the government they're they're more

1526

00:55:02,789 --> 00:55:00,240

concerned with what what happens

1527

00:55:05,349 --> 00:55:02,799

afterwards so so i'm developing a

1528

00:55:07,190 --> 00:55:05,359

program to for prevention i want to

1529

00:55:08,950 --> 00:55:07,200

prevent these crashes so

1530

00:55:11,349 --> 00:55:08,960

you know it's not done yet i'm still

1531

00:55:12,870 --> 00:55:11,359

working on it but i have a video if you

1532

00:55:14,789 --> 00:55:12,880

would be interested in seeing it and

1533

00:55:15,670 --> 00:55:14,799

maybe giving me some feedback

1534

00:55:18,630 --> 00:55:15,680

you know

1535

00:55:19,670 --> 00:55:18,640

um nathan do you have it in the queue i

1536

00:55:21,430 --> 00:55:19,680

do

1537

00:55:23,670 --> 00:55:21,440

thank you sir

1538

00:55:24,470 --> 00:55:23,680

all right so it's called project hades

1539

00:55:26,030 --> 00:55:24,480

okay

1540

00:55:28,470 --> 00:55:26,040

it's humans against drunken

1541

00:55:30,870 --> 00:55:28,480

extraterrestrial spacecraft

1542

00:55:33,589 --> 00:55:30,880

all right so now i notice at the end of

1543

00:55:35,510 --> 00:55:33,599

prohibition you know you've got a number

1544

00:55:37,190 --> 00:55:35,520

of crashes that they have increased

1545

00:55:39,589 --> 00:55:37,200

dramatically since the end of

1546

00:55:40,789 --> 00:55:39,599

prohibition i mean a lot so the mission

1547

00:55:42,630 --> 00:55:40,799

of my program is to hold

1548

00:55:45,109 --> 00:55:42,640

extraterrestrials accountable for their

1549

00:55:47,990 --> 00:55:45,119

own wreckage all right so i came up with

1550

00:55:49,270 --> 00:55:48,000

the five observables of intoxicated uap

1551

00:55:51,030 --> 00:55:49,280

piloting

1552

00:55:53,349 --> 00:55:51,040

all right so the first one is you got to

1553

00:55:54,870 --> 00:55:53,359

watch out for sluggishness and loss of

1554

00:55:56,150 --> 00:55:54,880

altitude so if you see those ships on

1555

00:55:57,670 --> 00:55:56,160

the street

1556

00:55:59,510 --> 00:55:57,680

number two you don't want them

1557

00:56:01,030 --> 00:55:59,520

interacting with humans that guy's

1558

00:56:03,270 --> 00:56:01,040

clearly drunk

1559

00:56:05,349 --> 00:56:03,280

all right this guy

1560

00:56:06,950 --> 00:56:05,359

oh what happened we have a

1561

00:56:07,990 --> 00:56:06,960

technical difficulty

1562

00:56:10,309 --> 00:56:08,000

hold on

1563

00:56:13,910 --> 00:56:10,319

man nathan's holding it together man i'm

1564

00:56:17,990 --> 00:56:16,630

christopher what did you sign up for man

1565

00:56:20,230 --> 00:56:18,000

there are actually a few people on

1566

00:56:21,750 --> 00:56:20,240

twitter who like retweet that and think

1567

00:56:23,829 --> 00:56:21,760

what does anyone know about this

1568

00:56:25,990 --> 00:56:23,839

speculation or is it true

1569

00:56:28,630 --> 00:56:26,000

is that a true video of people no my

1570

00:56:30,710 --> 00:56:28,640

friend this is how news is

1571

00:56:32,549 --> 00:56:30,720

this is euron cab that's all this is

1572

00:56:34,309 --> 00:56:32,559

we're gonna try to launch it again here

1573

00:56:36,309 --> 00:56:34,319

kevin hang in there okay yeah cause i'm

1574

00:56:38,390 --> 00:56:36,319

just served by that guy staring at me i

1575

00:56:41,750 --> 00:56:38,400

won't lie yeah oh that guy oh he has

1576  
00:56:51,349 --> 00:56:41,760  
something to say too that was fantastic

1577  
00:56:56,829 --> 00:56:53,349  
if only paul and ringo could come on and

1578  
00:57:01,430 --> 00:56:59,349  
well there we go

1579  
00:57:04,069 --> 00:57:01,440  
yeah okay here we go they're driving on

1580  
00:57:06,230 --> 00:57:04,079  
the street wait did you see the hov lane

1581  
00:57:08,230 --> 00:57:06,240  
wait a minute yeah he shouldn't be there

1582  
00:57:09,750 --> 00:57:08,240  
and he's scaring people clearly clearly

1583  
00:57:11,349 --> 00:57:09,760  
intoxicated

1584  
00:57:13,910 --> 00:57:11,359  
don't get out of your ship

1585  
00:57:16,069 --> 00:57:13,920  
right oh this guy he just doesn't want

1586  
00:57:17,510 --> 00:57:16,079  
to it's just it's freezing up on me

1587  
00:57:22,390 --> 00:57:17,520  
right there

1588  
00:57:26,470 --> 00:57:24,549

well anyway this is the the main gist of

1589

00:57:28,309 --> 00:57:26,480

it you know i'm coming up with a program

1590

00:57:29,750 --> 00:57:28,319

to hold them accountable instead of our

1591

00:57:31,910 --> 00:57:29,760

government i think you know they need to

1592

00:57:33,750 --> 00:57:31,920

stop the drinking and the party

1593

00:57:36,789 --> 00:57:33,760

that's what it is do you think that's

1594

00:57:38,150 --> 00:57:36,799

fair christopher i mean they're landing

1595

00:57:39,349 --> 00:57:38,160

they're abducting our people they're

1596

00:57:46,230 --> 00:57:39,359

taking their alcohol and they're

1597

00:57:50,549 --> 00:57:49,190

because um timothy good claimed that

1598

00:57:52,150 --> 00:57:50,559

obviously there's these slings that

1599

00:57:59,010 --> 00:57:52,160

they're walking among us and stuff like

1600

00:58:02,950 --> 00:58:00,390

[Music]

1601  
00:58:04,470 --> 00:58:02,960  
human looking ones or i think that he

1602  
00:58:05,750 --> 00:58:04,480  
suggested that some of them may be

1603  
00:58:08,630 --> 00:58:05,760  
indigenous

1604  
00:58:10,470 --> 00:58:08,640  
to this earth that they liked it's like

1605  
00:58:11,910 --> 00:58:10,480  
tobacco and drink and stuff so you may

1606  
00:58:14,630 --> 00:58:11,920  
have a good point

1607  
00:58:15,750 --> 00:58:14,640  
we need to make some sort of dmv

1608  
00:58:17,510 --> 00:58:15,760  
for them

1609  
00:58:19,750 --> 00:58:17,520  
you know that we can tax them we can

1610  
00:58:22,390 --> 00:58:19,760  
make money tax them on their ships make

1611  
00:58:24,230 --> 00:58:22,400  
them get licenses insurance you know

1612  
00:58:25,910 --> 00:58:24,240  
i'll have the department you guys are

1613  
00:58:27,190 --> 00:58:25,920

watching in the government

1614

00:58:30,150 --> 00:58:27,200

you know hey

1615

00:58:32,470 --> 00:58:30,160

come to me energy tax come on man

1616

00:58:34,470 --> 00:58:32,480

renewing their registration every year

1617

00:58:37,109 --> 00:58:34,480

oh yeah oh yeah yes

1618

00:58:38,630 --> 00:58:37,119

they should be licensed to fly here

1619

00:58:40,309 --> 00:58:38,640

you know they should go through the faa

1620

00:58:43,190 --> 00:58:40,319

pilot test check out man let's go

1621

00:58:45,990 --> 00:58:43,200

emissions radiation emissions and stuff

1622

00:58:46,950 --> 00:58:46,000

not not like in the uk if they're over

1623

00:58:48,710 --> 00:58:46,960

the uk

1624

00:58:50,950 --> 00:58:48,720

gotta get the not baby they're out of

1625

00:58:53,510 --> 00:58:50,960

control these these extra terrestrials

1626

00:58:58,710 --> 00:58:55,430

it's not funny looking for a

1627

00:59:00,230 --> 00:58:58,720

bureaucratic perspective

1628

00:59:02,710 --> 00:59:00,240

i'll tell you what bringing american

1629

00:59:04,870 --> 00:59:02,720

vehicles to the uk as i did having to

1630

00:59:06,710 --> 00:59:04,880

get my headlights were pointed the wrong

1631

00:59:08,549 --> 00:59:06,720

way because drive on the right side of

1632

00:59:10,789 --> 00:59:08,559

the road so they had to re-point my

1633

00:59:13,190 --> 00:59:10,799

headlights i fixed some some side lights

1634

00:59:15,750 --> 00:59:13,200

on there uh have the rear fog light

1635

00:59:17,750 --> 00:59:15,760

right christopher uh and then even my

1636

00:59:20,710 --> 00:59:17,760

motorcycle needed to get uh mot over

1637

00:59:26,230 --> 00:59:20,720

there and get get a little uh uk iced so

1638

00:59:26,240 --> 00:59:29,910

anyway

1639

00:59:29,920 --> 00:59:33,510

it's like a bad

1640

00:59:33,520 --> 00:59:36,549

oh my god

1641

00:59:40,630 --> 00:59:38,470

he's doing gollum for you

1642

00:59:42,870 --> 00:59:40,640

oh that's my son to make him laugh the

1643

00:59:44,789 --> 00:59:42,880

golem oh we're ready to hear you

1644

00:59:55,589 --> 00:59:44,799

christopher go ahead

1645

00:59:55,599 --> 01:00:08,870

something like that

1646

01:00:15,349 --> 01:00:12,710

impersonation is quite good for a baby

1647

01:00:16,630 --> 01:00:15,359

oh yeah absolutely all right akashi do

1648

01:00:18,710 --> 01:00:16,640

you have anything or are we going to go

1649

01:00:20,789 --> 01:00:18,720

with the listener does anybody any of

1650

01:00:21,990 --> 01:00:20,799

the cabbies go have more they want to

1651

01:00:23,589 --> 01:00:22,000

speaking about or we want to bring on

1652

01:00:26,630 --> 01:00:23,599

listener questions

1653

01:00:30,069 --> 01:00:26,640

oh i did i just had one thing

1654

01:00:33,510 --> 01:00:30,079

yes i just i feel like um i've i've

1655

01:00:35,910 --> 01:00:33,520

talked to the lovely mr sharp uh before

1656

01:00:39,030 --> 01:00:35,920

about how sometimes he doesn't get to

1657

01:00:40,710 --> 01:00:39,040

talk about his view of things and i

1658

01:00:43,030 --> 01:00:40,720

would like him to just have some space

1659

01:00:45,829 --> 01:00:43,040

to express what he thinks is going on a

1660

01:00:50,390 --> 01:00:48,069

no no and you know it's been wonderful

1661

01:00:52,950 --> 01:00:50,400

talking to you and you know you provide

1662

01:00:54,870 --> 01:00:52,960

some fantastic perspectives and we have

1663

01:00:57,270 --> 01:00:54,880

a great conversation so thank you for

1664

01:00:58,870 --> 01:00:57,280

your support as well um

1665

01:00:59,990 --> 01:00:58,880

everything you've kind of done helping

1666

01:01:02,309 --> 01:01:00,000

me and stuff

1667

01:01:03,349 --> 01:01:02,319

um being difficult putting articles out

1668

01:01:04,789 --> 01:01:03,359

there

1669

01:01:07,589 --> 01:01:04,799

you get people that love you and people

1670

01:01:08,870 --> 01:01:07,599

that hate you um you know people such as

1671

01:01:10,470 --> 01:01:08,880

yourself you know support that you

1672

01:01:12,549 --> 01:01:10,480

provide really really helped me get

1673

01:01:13,990 --> 01:01:12,559

through the day sometimes so thank you

1674

01:01:17,030 --> 01:01:14,000

um

1675

01:01:19,270 --> 01:01:17,040

yeah i mean on i mean my my theory is

1676

01:01:21,349 --> 01:01:19,280

that obviously speaking for myself i

1677

01:01:24,549 --> 01:01:21,359

always go back to tom delonge i always

1678

01:01:26,470 --> 01:01:24,559

go that's tom's lunch um and some like

1679

01:01:28,069 --> 01:01:26,480

the older literature and stuff i like to

1680

01:01:29,030 --> 01:01:28,079

put two and two together

1681

01:01:29,829 --> 01:01:29,040

um

1682

01:01:31,589 --> 01:01:29,839

so

1683

01:01:33,109 --> 01:01:31,599

i mean

1684

01:01:34,789 --> 01:01:33,119

you you go back to some of the

1685

01:01:37,030 --> 01:01:34,799

interviews that you can't talk about

1686

01:01:39,109 --> 01:01:37,040

anymore and he obviously talks about

1687

01:01:41,510 --> 01:01:39,119

kind of a um

1688

01:01:43,030 --> 01:01:41,520

a collaborative effort

1689

01:01:44,390 --> 01:01:43,040

international effort

1690

01:01:45,510 --> 01:01:44,400

going on

1691

01:01:47,829 --> 01:01:45,520

um

1692

01:01:50,630 --> 01:01:47,839

and that something is referred to as the

1693

01:01:52,390 --> 01:01:50,640

big game to make it seem like

1694

01:01:54,470 --> 01:01:52,400

you know we're building up armaments and

1695

01:01:56,549 --> 01:01:54,480

stuff like that against each other

1696

01:01:59,510 --> 01:01:56,559

whether it's america versus russia or so

1697

01:02:01,510 --> 01:01:59,520

forth but really it's it's kind of like

1698

01:02:04,309 --> 01:02:01,520

counter something else which

1699

01:02:05,510 --> 01:02:04,319

is deemed to threat by both russia and

1700

01:02:06,390 --> 01:02:05,520

america

1701

01:02:10,630 --> 01:02:06,400

um

1702

01:02:12,230 --> 01:02:10,640

so i think there's that perspective and

1703

01:02:15,990 --> 01:02:12,240

i feel that

1704

01:02:18,150 --> 01:02:16,000

some events may be manipulated there was

1705

01:02:21,190 --> 01:02:18,160

the claim that during the

1706

01:02:22,870 --> 01:02:21,200

cuban missile crisis um

1707

01:02:25,589 --> 01:02:22,880

obviously it was starfish prime which

1708

01:02:27,510 --> 01:02:25,599

was the big nuclear weapons test that

1709

01:02:30,390 --> 01:02:27,520

took place in space

1710

01:02:32,789 --> 01:02:30,400

and tom's launch claims that

1711

01:02:34,870 --> 01:02:32,799

you suggested speculated let's say that

1712

01:02:36,950 --> 01:02:34,880

there were there were soviets let's say

1713

01:02:38,630 --> 01:02:36,960

and americans

1714

01:02:40,309 --> 01:02:38,640

in the same room

1715

01:02:42,710 --> 01:02:40,319

as each other

1716

01:02:46,309 --> 01:02:42,720

witnessing that as it took place

1717

01:02:48,789 --> 01:02:46,319

um so i thought that was interesting um

1718

01:02:50,630 --> 01:02:48,799

and obviously i i go back to secret

1719

01:02:52,549 --> 01:02:50,640

machines as well

1720

01:02:53,829 --> 01:02:52,559

go back to that i think that's really

1721

01:02:54,220 --> 01:02:53,839

interesting

1722

01:02:55,430 --> 01:02:54,230

um

1723

01:02:57,029 --> 01:02:55,440

[Music]

1724

01:02:59,510 --> 01:02:57,039

yeah

1725

01:03:01,430 --> 01:02:59,520

and i go back to

1726

01:03:05,589 --> 01:03:01,440

the ancient greeks

1727

01:03:09,510 --> 01:03:07,349

i mean when you look back at greek

1728

01:03:11,670 --> 01:03:09,520

mythology it's really interesting

1729

01:03:14,150 --> 01:03:11,680

because obviously the greeks are kind of

1730

01:03:16,710 --> 01:03:14,160

meditating people you know

1731

01:03:17,670 --> 01:03:16,720

um dark hair on skin

1732

01:03:20,150 --> 01:03:17,680

um

1733

01:03:22,870 --> 01:03:20,160

but their gods they always imagined were

1734

01:03:24,950 --> 01:03:22,880

blonde blonde hair blue eyes pale skin

1735

01:03:26,950 --> 01:03:24,960

uh that was interesting in the greeks

1736

01:03:28,710 --> 01:03:26,960

like i mean i always imagine it religion

1737

01:03:31,910 --> 01:03:28,720

was just created by people just kind of

1738

01:03:33,670 --> 01:03:31,920

like to help their fear of death but no

1739

01:03:34,950 --> 01:03:33,680

we knew for the greeks the greeks feared

1740

01:03:36,230 --> 01:03:34,960

their gods

1741

01:03:38,150 --> 01:03:36,240

they they didn't want they didn't want

1742

01:03:39,430 --> 01:03:38,160

their god's attention because

1743

01:03:41,270 --> 01:03:39,440

the gods were always playing with them

1744

01:03:43,109 --> 01:03:41,280

and they were moody and they would play

1745

01:03:45,829 --> 01:03:43,119

games and stuff and

1746

01:03:48,390 --> 01:03:45,839

um and one of the interesting things is

1747

01:03:49,750 --> 01:03:48,400

if you look at the greek like story

1748

01:03:51,430 --> 01:03:49,760

about how

1749

01:03:52,630 --> 01:03:51,440

earth came to be and how humans came to

1750

01:03:54,630 --> 01:03:52,640

be

1751

01:03:55,990 --> 01:03:54,640

humans were not significant

1752

01:03:57,029 --> 01:03:56,000

we're not a significant part of the

1753

01:03:58,789 --> 01:03:57,039

story

1754

01:04:01,349 --> 01:03:58,799

you know if you look at the greek

1755

01:04:03,190 --> 01:04:01,359

mythology of how the earth came to be in

1756

01:04:04,950 --> 01:04:03,200

the universe and kind of like if you

1757

01:04:06,309 --> 01:04:04,960

look at any other kind of like religious

1758

01:04:07,670 --> 01:04:06,319

texts and stuff like that humans are

1759

01:04:09,349 --> 01:04:07,680

always the center

1760

01:04:13,190 --> 01:04:09,359

of existence and creation stuff like

1761

01:04:14,549 --> 01:04:13,200

that but in greek mythology we're not um

1762

01:04:16,069 --> 01:04:14,559

especially if we're not

1763

01:04:17,589 --> 01:04:16,079

top of the food chain

1764

01:04:20,230 --> 01:04:17,599

let's say which is being

1765

01:04:23,589 --> 01:04:20,240

suggested by louis lozando

1766

01:04:26,630 --> 01:04:23,599

um so let's go back to that and then the

1767

01:04:28,950 --> 01:04:26,640

last lastly i go back to lockheed martin

1768

01:04:30,950 --> 01:04:28,960

as well and the defense contractors

1769

01:04:31,750 --> 01:04:30,960

um and the us air force because if you

1770

01:04:35,670 --> 01:04:31,760

believe

1771

01:04:37,990 --> 01:04:35,680

this all

1772

01:04:40,630 --> 01:04:38,000

happened because of lockheed martin

1773

01:04:41,990 --> 01:04:40,640

and the u.s air force um

1774

01:04:45,510 --> 01:04:42,000

you know he claimed that he attended a

1775

01:04:46,549 --> 01:04:45,520

barbecue event with lockheed managed to

1776

01:04:49,029 --> 01:04:46,559

talk to

1777

01:04:50,710 --> 01:04:49,039

um one of the top con guns there it was

1778

01:04:51,670 --> 01:04:50,720

weiss or something like that

1779

01:04:53,910 --> 01:04:51,680

um

1780

01:04:56,630 --> 01:04:53,920

he was like head of lockheed at the time

1781

01:04:58,309 --> 01:04:56,640

um skunk works at least and kind of like

1782

01:04:59,829 --> 01:04:58,319

that's how it all started that's where

1783

01:05:02,069 --> 01:04:59,839

tom made his pitch

1784

01:05:04,150 --> 01:05:02,079

to lockheed and then lockheed introduced

1785

01:05:06,630 --> 01:05:04,160

him to people from the u.s air force

1786

01:05:08,789 --> 01:05:06,640

like the castles and stuff

1787

01:05:10,789 --> 01:05:08,799

and now the air force doesn't want

1788

01:05:13,670 --> 01:05:10,799

anything to do with it apparently

1789

01:05:15,349 --> 01:05:13,680

um and we don't hear anything from

1790

01:05:16,230 --> 01:05:15,359

you know contractors or anything like

1791

01:05:17,670 --> 01:05:16,240

that

1792

01:05:19,670 --> 01:05:17,680

because they're the missing part of the

1793

01:05:20,950 --> 01:05:19,680

chessboard but if you believe thomas

1794

01:05:23,510 --> 01:05:20,960

lunch

1795

01:05:25,829 --> 01:05:23,520

those were the vital parts of the

1796

01:05:27,750 --> 01:05:25,839

chessboard that got this all started so

1797

01:05:29,029 --> 01:05:27,760

i mean that always that that's always

1798

01:05:34,069 --> 01:05:29,039

something that i

1799

01:05:38,789 --> 01:05:36,710

um can i go ahead first of all i do want

1800

01:05:42,150 --> 01:05:38,799

to say something because for me and

1801  
01:05:44,309 --> 01:05:42,160  
flair we're like obsessed with ancients

1802  
01:05:45,670 --> 01:05:44,319  
and with what was here before so we're

1803  
01:05:47,750 --> 01:05:45,680  
probably going to be pinging you to

1804  
01:05:52,150 --> 01:05:47,760  
bring you back just for like

1805  
01:05:56,630 --> 01:05:53,750  
yeah so

1806  
01:05:58,870 --> 01:05:56,640  
a second can we take a a quick audience

1807  
01:05:59,829 --> 01:05:58,880  
question because we got one please is

1808  
01:06:01,349 --> 01:05:59,839  
that okay

1809  
01:06:03,349 --> 01:06:01,359  
let's do that

1810  
01:06:05,589 --> 01:06:03,359  
so from baby goat hi baby go and

1811  
01:06:07,829 --> 01:06:05,599  
everybody on the chat has been great

1812  
01:06:10,309 --> 01:06:07,839  
uh was the bell connected to any

1813  
01:06:12,549 --> 01:06:10,319

particular faction of beings government

1814

01:06:16,150 --> 01:06:12,559

re-engineering project or just

1815

01:06:19,589 --> 01:06:18,470

it's interesting i mean again you just

1816

01:06:22,309 --> 01:06:19,599

got

1817

01:06:25,430 --> 01:06:22,319

pieces of the puzzle i mean if you

1818

01:06:27,829 --> 01:06:25,440

speak to my former uap media uk

1819

01:06:30,390 --> 01:06:27,839

colleague um the lovely graeme render i

1820

01:06:33,510 --> 01:06:30,400

love so much such a talented guy

1821

01:06:34,549 --> 01:06:33,520

um he'll basically say that the bell

1822

01:06:36,950 --> 01:06:34,559

this

1823

01:06:38,710 --> 01:06:36,960

wasn't based in reality or anything like

1824

01:06:40,710 --> 01:06:38,720

that um

1825

01:06:41,589 --> 01:06:40,720

and it will kind of like he'll air more

1826

01:06:44,069 --> 01:06:41,599

so

1827

01:06:45,910 --> 01:06:44,079

dismissing it um

1828

01:06:47,270 --> 01:06:45,920

but i mean if you look at kind of like

1829

01:06:48,230 --> 01:06:47,280

nick cook

1830

01:06:50,549 --> 01:06:48,240

um

1831

01:06:53,190 --> 01:06:50,559

who used to write for james defense and

1832

01:06:54,230 --> 01:06:53,200

he had a book called searching for zero

1833

01:06:55,109 --> 01:06:54,240

point

1834

01:06:57,270 --> 01:06:55,119

i mean

1835

01:06:58,309 --> 01:06:57,280

there were strange things that happened

1836

01:07:01,349 --> 01:06:58,319

let's say

1837

01:07:02,309 --> 01:07:01,359

i mean you had hammers camera

1838

01:07:04,789 --> 01:07:02,319

um

1839

01:07:06,630 --> 01:07:04,799

he was an ss officer who apparently

1840

01:07:08,309 --> 01:07:06,640

controlled

1841

01:07:10,309 --> 01:07:08,319

according to accounts

1842

01:07:12,710 --> 01:07:10,319

the bell project and obviously you've

1843

01:07:15,430 --> 01:07:12,720

got this structure as well in poland

1844

01:07:18,390 --> 01:07:15,440

um just kind of henge circle which

1845

01:07:19,670 --> 01:07:18,400

was claimed that this is where the

1846

01:07:21,589 --> 01:07:19,680

the bell

1847

01:07:23,430 --> 01:07:21,599

kind of was tested

1848

01:07:25,270 --> 01:07:23,440

um

1849

01:07:27,670 --> 01:07:25,280

where they got that technology from i'm

1850

01:07:29,029 --> 01:07:27,680

not sure obviously you had

1851  
01:07:30,470 --> 01:07:29,039  
this

1852  
01:07:33,190 --> 01:07:30,480  
kind of

1853  
01:07:34,549 --> 01:07:33,200  
obsession with the aryan race blue eyes

1854  
01:07:38,150 --> 01:07:34,559  
blond hair

1855  
01:07:39,430 --> 01:07:38,160  
and you had certain groups that say

1856  
01:07:41,589 --> 01:07:39,440  
um

1857  
01:07:43,190 --> 01:07:41,599  
like mystic groups that claim that they

1858  
01:07:45,349 --> 01:07:43,200  
are in touch with aliens and i know that

1859  
01:07:46,789 --> 01:07:45,359  
the nazis are obsessed with the occult

1860  
01:07:48,710 --> 01:07:46,799  
you look at heinrich himmler and people

1861  
01:07:50,950 --> 01:07:48,720  
like that

1862  
01:07:52,789 --> 01:07:50,960  
you know they launch expeditions tibet

1863  
01:07:54,870 --> 01:07:52,799

and stuff like that ancient knowledge

1864

01:07:56,789 --> 01:07:54,880

anything that can kill like

1865

01:07:58,390 --> 01:07:56,799

help them kind of get ahead

1866

01:08:01,109 --> 01:07:58,400

um

1867

01:08:03,910 --> 01:08:01,119

but i mean you've got pieces

1868

01:08:05,430 --> 01:08:03,920

missing really um i don't believe that

1869

01:08:07,589 --> 01:08:05,440

they're responsible for the ufo

1870

01:08:08,630 --> 01:08:07,599

sightings slash food fighter sightings

1871

01:08:10,870 --> 01:08:08,640

in

1872

01:08:12,069 --> 01:08:10,880

world war ii i believe they had mastered

1873

01:08:13,829 --> 01:08:12,079

technology

1874

01:08:15,270 --> 01:08:13,839

which they gained the bell had it would

1875

01:08:16,550 --> 01:08:15,280

have been game over in terms of world

1876

01:08:18,070 --> 01:08:16,560

war ii

1877

01:08:19,910 --> 01:08:18,080

there is the potential i mean if you

1878

01:08:21,030 --> 01:08:19,920

read secret machines it claims that the

1879

01:08:23,189 --> 01:08:21,040

bell was

1880

01:08:24,709 --> 01:08:23,199

kind of like removed and potentially

1881

01:08:27,110 --> 01:08:24,719

taken to

1882

01:08:28,470 --> 01:08:27,120

south america in the war

1883

01:08:30,309 --> 01:08:28,480

after the war

1884

01:08:32,149 --> 01:08:30,319

and there are really strange things that

1885

01:08:35,749 --> 01:08:32,159

went on in south america

1886

01:08:37,910 --> 01:08:35,759

after the war i mean you had

1887

01:08:40,229 --> 01:08:37,920

there's like a whole channel like um

1888

01:08:42,709 --> 01:08:40,239

which has videos dedicated to this of

1889

01:08:44,470 --> 01:08:42,719

submarines that would you know nazi

1890

01:08:46,709 --> 01:08:44,480

submarines that just come up from

1891

01:08:48,229 --> 01:08:46,719

beaches and stuff like that and

1892

01:08:49,510 --> 01:08:48,239

they found that they've been at sea for

1893

01:08:51,669 --> 01:08:49,520

months but no one knew what they were

1894

01:08:53,349 --> 01:08:51,679

doing and there was an empty cargo but

1895

01:08:55,349 --> 01:08:53,359

they think they went somewhere else

1896

01:08:58,309 --> 01:08:55,359

before and

1897

01:09:00,550 --> 01:08:58,319

obviously you had um you know nazi

1898

01:09:02,550 --> 01:09:00,560

scientists as well like building uh

1899

01:09:04,149 --> 01:09:02,560

military technology for

1900

01:09:06,550 --> 01:09:04,159

um kind of like some of the

1901

01:09:07,829 --> 01:09:06,560

dictatorships in argentina and stuff

1902

01:09:10,390 --> 01:09:07,839

um

1903

01:09:12,870 --> 01:09:10,400

yeah and i mean there are whispers that

1904

01:09:14,309 --> 01:09:12,880

something was going on in south america

1905

01:09:16,550 --> 01:09:14,319

after the war

1906

01:09:20,309 --> 01:09:16,560

and if you listen to tom delonge's

1907

01:09:21,269 --> 01:09:20,319

interview with um joe rogan um he claims

1908

01:09:24,309 --> 01:09:21,279

that

1909

01:09:27,349 --> 01:09:24,319

what crash at roswell was german

1910

01:09:29,110 --> 01:09:27,359

um he believes that

1911

01:09:30,309 --> 01:09:29,120

i mean these are just claims obviously

1912

01:09:32,630 --> 01:09:30,319

these are just things that you just have

1913

01:09:34,309 --> 01:09:32,640

to take into account you can't

1914

01:09:35,990 --> 01:09:34,319

put any conclusions there but i'm not

1915

01:09:37,590 --> 01:09:36,000

going to dismiss anything if i did if i

1916

01:09:40,309 --> 01:09:37,600

dismiss something

1917

01:09:41,990 --> 01:09:40,319

i'm straight away just kind of like

1918

01:09:43,749 --> 01:09:42,000

restrict myself

1919

01:09:44,870 --> 01:09:43,759

so i like just to keep these things in

1920

01:09:46,870 --> 01:09:44,880

the air

1921

01:09:49,269 --> 01:09:46,880

and just like come back from time again

1922

01:09:51,749 --> 01:09:49,279

wherever i see a corollary

1923

01:09:54,390 --> 01:09:51,759

um occur um

1924

01:09:57,030 --> 01:09:54,400

yeah but i mean strange stuff happened

1925

01:09:59,350 --> 01:09:57,040

in argentina you go to argentina today

1926

01:10:00,470 --> 01:09:59,360

there are still like whole villages and

1927

01:10:02,550 --> 01:10:00,480

towns

1928

01:10:05,189 --> 01:10:02,560

people speaking german german

1929

01:10:06,630 --> 01:10:05,199

blue eyes to this day

1930

01:10:09,750 --> 01:10:06,640

structures

1931

01:10:13,030 --> 01:10:09,760

yeah yep yeah i've seen some of that tim

1932

01:10:14,870 --> 01:10:13,040

kennedy uh former uh green beret and

1933

01:10:18,390 --> 01:10:14,880

former ufc fighter went down there and

1934

01:10:21,110 --> 01:10:18,400

did a whole series on uh hunting nazis

1935

01:10:23,510 --> 01:10:21,120

uh in uh in argentina uh in south

1936

01:10:26,550 --> 01:10:23,520

america uh in general

1937

01:10:28,390 --> 01:10:26,560

um yeah i wanna say i also think tom

1938

01:10:31,189 --> 01:10:28,400

delong has some amazing sources and

1939

01:10:33,350 --> 01:10:31,199

you're right we can't discount he he's

1940

01:10:35,510 --> 01:10:33,360

connect he you know got himself

1941

01:10:37,189 --> 01:10:35,520

connected to some of the most powerful

1942

01:10:40,390 --> 01:10:37,199

people in government and also in the

1943

01:10:42,709 --> 01:10:40,400

defense industry and has more knowledge

1944

01:10:45,030 --> 01:10:42,719

than any any of us have um

1945

01:10:47,430 --> 01:10:45,040

uh and also to tom delong shout out to

1946

01:10:49,750 --> 01:10:47,440

you uh tom uh this gentleman right here

1947

01:10:51,030 --> 01:10:49,760

christopher sharp would like to

1948

01:10:53,350 --> 01:10:51,040

interview you

1949

01:10:56,229 --> 01:10:53,360

and i don't think you could pick a

1950

01:10:58,229 --> 01:10:56,239

better person to interview you so uh

1951

01:10:59,990 --> 01:10:58,239

nathan will will be able to cut this up

1952

01:11:01,270 --> 01:11:00,000

and we'll be able to make a promo but

1953

01:11:03,590 --> 01:11:01,280

tom delong

1954

01:11:06,470 --> 01:11:03,600

get a hold of the real

1955

01:11:08,310 --> 01:11:06,480

is it real uh

1956

01:11:10,550 --> 01:11:08,320

yeah he retweeted one of my articles

1957

01:11:12,709 --> 01:11:10,560

back in december yeah one on what we can

1958

01:11:14,149 --> 01:11:12,719

expect from 2022 and

1959

01:11:15,910 --> 01:11:14,159

yeah i thought you'd follow up with the

1960

01:11:19,110 --> 01:11:15,920

message just saying hello i was big

1961

01:11:21,110 --> 01:11:19,120

blindfolded too family i was younger

1962

01:11:23,510 --> 01:11:21,120

we'll do our best to make that happen uh

1963

01:11:25,750 --> 01:11:23,520

with our our promo skills here to try to

1964

01:11:27,030 --> 01:11:25,760

get you connected with them so so that's

1965

01:11:29,590 --> 01:11:27,040

all i have on that do you have another

1966

01:11:31,030 --> 01:11:29,600

question akashi

1967

01:11:33,350 --> 01:11:31,040

i have one if you're while you're

1968

01:11:37,750 --> 01:11:33,360

hunting no i don't have anything except

1969

01:11:43,750 --> 01:11:40,070

yeah so as someone with a background in

1970

01:11:49,189 --> 01:11:46,149

advice would you give to

1971

01:11:50,950 --> 01:11:49,199

the others themselves on on their public

1972

01:11:52,630 --> 01:11:50,960

affair

1973

01:11:54,149 --> 01:11:52,640

work that they are or are not doing i

1974

01:11:56,470 --> 01:11:54,159

just find it interesting that so much of

1975

01:11:58,149 --> 01:11:56,480

the conversation

1976

01:12:00,070 --> 01:11:58,159

around ufos

1977

01:12:02,390 --> 01:12:00,080

it's as if they're not in the room you

1978

01:12:04,310 --> 01:12:02,400

know like whatever we're going to do

1979

01:12:05,510 --> 01:12:04,320

whatever another country is going to do

1980

01:12:07,350 --> 01:12:05,520

whatever

1981

01:12:09,590 --> 01:12:07,360

you know waiting on the next

1982

01:12:12,310 --> 01:12:09,600

disclosure tidbit or whatever

1983

01:12:14,149 --> 01:12:12,320

as if they're not an active party to

1984

01:12:15,510 --> 01:12:14,159

this entire

1985

01:12:17,189 --> 01:12:15,520

endeavor so

1986

01:12:20,470 --> 01:12:17,199

what

1987

01:12:23,350 --> 01:12:20,480

i mean that doesn't make sense to me are

1988

01:12:25,189 --> 01:12:23,360

they waiting on is is it just uh

1989

01:12:26,950 --> 01:12:25,199

do you think that

1990

01:12:28,149 --> 01:12:26,960

we actually have a good sense of what's

1991

01:12:30,070 --> 01:12:28,159

happening here

1992

01:12:31,430 --> 01:12:30,080

uh and that we are

1993

01:12:33,270 --> 01:12:31,440

carefully

1994

01:12:34,950 --> 01:12:33,280

kind of rolling this out so that the

1995

01:12:37,110 --> 01:12:34,960

public at large is

1996

01:12:38,870 --> 01:12:37,120

ready to digest this

1997

01:12:40,470 --> 01:12:38,880

or do you think

1998

01:12:41,830 --> 01:12:40,480

we really don't know what it is and

1999

01:12:43,590 --> 01:12:41,840

that's the reason why we haven't

2000

01:12:45,669 --> 01:12:43,600

disclosed because

2001

01:12:47,510 --> 01:12:45,679

the things we may know are so strange

2002

01:12:51,030 --> 01:12:47,520

and so weird that it's it's really hard

2003

01:12:53,510 --> 01:12:51,040

to tell this story or give it justice

2004

01:12:55,830 --> 01:12:53,520

yeah very good question i mean

2005

01:12:56,950 --> 01:12:55,840

um i i think

2006

01:12:59,830 --> 01:12:56,960

there are different levels of

2007

01:13:02,390 --> 01:12:59,840

understanding i think that

2008

01:13:03,590 --> 01:13:02,400

i think knowledge has been possessed

2009

01:13:06,790 --> 01:13:03,600

previously

2010

01:13:09,590 --> 01:13:06,800

but that might be compartmentalized

2011

01:13:11,590 --> 01:13:09,600

i don't think lou elizondo necessarily

2012

01:13:13,189 --> 01:13:11,600

knows all the answers

2013

01:13:14,070 --> 01:13:13,199

he may himself be searching for some of

2014

01:13:16,870 --> 01:13:14,080

the answers that may be

2015

01:13:19,030 --> 01:13:16,880

compartmentalized sections

2016

01:13:21,189 --> 01:13:19,040

within the defense intelligence and even

2017

01:13:23,750 --> 01:13:21,199

the department of energy um other

2018

01:13:25,350 --> 01:13:23,760

agencies um so

2019

01:13:46,149 --> 01:13:25,360

i

2020

01:13:48,310 --> 01:13:46,159

um

2021

01:13:49,510 --> 01:13:48,320

i think that's happening and obviously

2022

01:13:51,669 --> 01:13:49,520

they know a lot more than us they've

2023

01:13:52,709 --> 01:13:51,679

probably been privy to videos and stuff

2024

01:13:54,229 --> 01:13:52,719

um

2025

01:13:56,149 --> 01:13:54,239

i think they're at least aware there's a

2026

01:13:58,630 --> 01:13:56,159

nuclear connection perhaps that we're

2027

01:14:00,310 --> 01:13:58,640

baiting them using nuclear technology as

2028

01:14:02,709 --> 01:14:00,320

well

2029

01:14:04,630 --> 01:14:02,719

i think i think that that's happening um

2030

01:14:06,310 --> 01:14:04,640

so aware of that but

2031

01:14:07,990 --> 01:14:06,320

you know if we are in touch with let's

2032

01:14:10,550 --> 01:14:08,000

say different

2033

01:14:12,790 --> 01:14:10,560

civilizations and stuff like that

2034

01:14:16,149 --> 01:14:12,800

i don't necessarily think they're privy

2035

01:14:17,750 --> 01:14:16,159

to that perhaps it's just kind of like

2036

01:14:19,270 --> 01:14:17,760

i mean it's kind of like boiling a frog

2037

01:14:21,510 --> 01:14:19,280

if you think about it you know you can't

2038

01:14:24,149 --> 01:14:21,520

have the water to

2039

01:14:25,910 --> 01:14:24,159

hot

2040

01:14:28,390 --> 01:14:25,920

sometimes they're gonna jump out

2041

01:14:30,790 --> 01:14:28,400

you know i think in this case a sphere

2042

01:14:32,790 --> 01:14:30,800

of ridicule that will jump out or it's

2043

01:14:34,310 --> 01:14:32,800

just they just can't process it

2044

01:14:35,750 --> 01:14:34,320

um

2045

01:14:37,590 --> 01:14:35,760

because it just goes against everything

2046

01:14:39,669 --> 01:14:37,600

ingrained in their kind of like culture

2047

01:14:41,430 --> 01:14:39,679

and mind i mean i mean we talk about our

2048

01:14:43,750 --> 01:14:41,440

culture for one but you got other

2049

01:14:46,390 --> 01:14:43,760

cultures across the world you know like

2050

01:14:47,350 --> 01:14:46,400

um we had a recent article about india

2051

01:14:48,229 --> 01:14:47,360

um

2052

01:14:49,669 --> 01:14:48,239

and

2053

01:14:52,390 --> 01:14:49,679

literally

2054

01:14:54,229 --> 01:14:52,400

um you know some indian pakistani troops

2055

01:14:56,390 --> 01:14:54,239

they see these things in the sky

2056

01:14:57,510 --> 01:14:56,400

may see them as demons lit quite

2057

01:14:58,950 --> 01:14:57,520

literally

2058

01:14:59,830 --> 01:14:58,960

um

2059

01:15:00,870 --> 01:14:59,840

so

2060

01:15:03,270 --> 01:15:00,880

yeah

2061

01:15:05,030 --> 01:15:03,280

it's difficult it's so complex really

2062

01:15:07,030 --> 01:15:05,040

really is complex

2063

01:15:08,390 --> 01:15:07,040

just how you get this information out i

2064

01:15:10,070 --> 01:15:08,400

mean it's one thing getting out to u.s

2065

01:15:11,510 --> 01:15:10,080

senators

2066

01:15:13,270 --> 01:15:11,520

actually kind of like rolling it out to

2067

01:15:17,910 --> 01:15:13,280

different

2068

01:15:20,149 --> 01:15:17,920

and stuff i mean

2069

01:15:21,590 --> 01:15:20,159

it's a complex complex process but i

2070

01:15:23,510 --> 01:15:21,600

think i think we're ready for the

2071

01:15:25,510 --> 01:15:23,520

mission i think

2072

01:15:27,430 --> 01:15:25,520

you know like people like myself and you

2073

01:15:28,149 --> 01:15:27,440

know obviously you're basically saying

2074

01:15:30,229 --> 01:15:28,159

what

2075

01:15:32,470 --> 01:15:30,239

you're already happy

2076

01:15:35,270 --> 01:15:32,480

definitely

2077

01:15:38,310 --> 01:15:35,280

yeah debs has got one more for you um

2078

01:15:40,630 --> 01:15:38,320

and i think that'll be the final one yes

2079

01:15:41,510 --> 01:15:40,640

this is a big one are you ready

2080

01:15:44,149 --> 01:15:41,520

sure

2081

01:15:46,709 --> 01:15:44,159

what comes next what

2082

01:15:49,189 --> 01:15:46,719

what you know i love your work obviously

2083

01:15:51,350 --> 01:15:49,199

you are very thorough you give us

2084

01:15:52,470 --> 01:15:51,360

citation you give us videos which is

2085

01:15:54,630 --> 01:15:52,480

really cool

2086

01:15:57,189 --> 01:15:54,640

and i just can't wait to find out what

2087

01:16:00,149 --> 01:15:57,199

comes next

2088

01:16:01,910 --> 01:16:00,159

okay so um in terms of

2089

01:16:02,870 --> 01:16:01,920

liberation times

2090

01:16:05,830 --> 01:16:02,880

um

2091

01:16:06,870 --> 01:16:05,840

we're working on three stories one which

2092

01:16:09,030 --> 01:16:06,880

is

2093

01:16:12,149 --> 01:16:09,040

um internationally based that south

2094

01:16:13,750 --> 01:16:12,159

american country named brazil um so

2095

01:16:14,630 --> 01:16:13,760

we've got an article being written by a

2096

01:16:15,910 --> 01:16:14,640

guest

2097

01:16:19,110 --> 01:16:15,920

um

2098

01:16:21,110 --> 01:16:19,120

contributor on that who knows his stuff

2099

01:16:22,630 --> 01:16:21,120

um and then

2100

01:16:24,709 --> 01:16:22,640

one other story

2101

01:16:27,430 --> 01:16:24,719

or two other stories that i can't really

2102

01:16:28,310 --> 01:16:27,440

talk about um firstly because the first

2103

01:16:29,830 --> 01:16:28,320

one

2104

01:16:31,189 --> 01:16:29,840

it's still an ongoing

2105

01:16:32,709 --> 01:16:31,199

process of what information i can

2106

01:16:33,750 --> 01:16:32,719

actually get from it and how big the

2107

01:16:34,870 --> 01:16:33,760

story is going to get based on the

2108

01:16:37,110 --> 01:16:34,880

information

2109

01:16:38,950 --> 01:16:37,120

that i get um

2110

01:16:41,350 --> 01:16:38,960

let's just compare it to like pulling a

2111

01:16:43,830 --> 01:16:41,360

tooth out basically it's very difficult

2112

01:16:46,229 --> 01:16:43,840

um and then another story

2113

01:16:48,790 --> 01:16:46,239

um which is from another guest

2114

01:16:51,030 --> 01:16:48,800

contributor which is

2115

01:16:52,390 --> 01:16:51,040

quite sensitive um

2116

01:16:54,630 --> 01:16:52,400

so

2117

01:16:57,110 --> 01:16:54,640

but i mean i need to see the article for

2118

01:17:00,870 --> 01:16:57,120

myself first but it could be quite

2119

01:17:03,430 --> 01:17:00,880

explosive um let's say um so we've got

2120

01:17:06,070 --> 01:17:03,440

those articles coming out um

2121

01:17:08,070 --> 01:17:06,080

and then in terms of what happens next

2122

01:17:10,229 --> 01:17:08,080

in terms of the uap and stuff

2123

01:17:11,750 --> 01:17:10,239

um it's going to be third gear like

2124

01:17:12,950 --> 01:17:11,760

louis londo said it's going

2125

01:17:15,590 --> 01:17:12,960

international

2126  
01:17:17,830 --> 01:17:15,600  
if you look at the ndaa you've got a

2127  
01:17:20,149 --> 01:17:17,840  
section there saying that

2128  
01:17:22,550 --> 01:17:20,159  
there will be coordination between the

2129  
01:17:23,830 --> 01:17:22,560  
us its allies and partners across the

2130  
01:17:24,550 --> 01:17:23,840  
world

2131  
01:17:26,149 --> 01:17:24,560  
so

2132  
01:17:28,870 --> 01:17:26,159  
i believe we're just at the start of a

2133  
01:17:31,430 --> 01:17:28,880  
process that's going to kind of

2134  
01:17:33,189 --> 01:17:31,440  
see what's happened in america

2135  
01:17:35,350 --> 01:17:33,199  
repeated

2136  
01:17:37,590 --> 01:17:35,360  
in other countries

2137  
01:17:39,669 --> 01:17:37,600  
but i think also this process is getting

2138  
01:17:42,870 --> 01:17:39,679

expedited as well because you've got the

2139

01:17:44,950 --> 01:17:42,880

u.n component there as well so

2140

01:17:46,149 --> 01:17:44,960

you know countries need to gumball the

2141

01:17:47,350 --> 01:17:46,159

train kind of like have their own

2142

01:17:50,870 --> 01:17:47,360

processes

2143

01:17:52,950 --> 01:17:50,880

um because when the un stuff gets here

2144

01:17:55,669 --> 01:17:52,960

and potential new revelations coming

2145

01:17:57,430 --> 01:17:55,679

from the us as well new videos and stuff

2146

01:17:59,590 --> 01:17:57,440

um you don't want to be backed in a

2147

01:18:01,590 --> 01:17:59,600

corner as a government you want to

2148

01:18:02,950 --> 01:18:01,600

you don't want to be on the back foot

2149

01:18:05,750 --> 01:18:02,960

when it comes to that kind of like stuff

2150

01:18:07,750 --> 01:18:05,760

so i think yeah i i think we're heading

2151

01:18:08,709 --> 01:18:07,760

in a really good direction and

2152

01:18:09,990 --> 01:18:08,719

the science is going to get more

2153

01:18:12,550 --> 01:18:10,000

involved as we've got the galileo

2154

01:18:14,070 --> 01:18:12,560

project we've got eric weinstein um

2155

01:18:15,430 --> 01:18:14,080

people like that you know some

2156

01:18:16,390 --> 01:18:15,440

heavyweights and stuff getting involved

2157

01:18:18,149 --> 01:18:16,400

now and

2158

01:18:19,270 --> 01:18:18,159

i i think i think we're we're we're

2159

01:18:21,110 --> 01:18:19,280

going to a good place and like i said

2160

01:18:22,470 --> 01:18:21,120

before

2161

01:18:24,630 --> 01:18:22,480

for the us government to have the

2162

01:18:25,990 --> 01:18:24,640

galileo project

2163

01:18:26,790 --> 01:18:26,000

kind of come out with an announcement

2164

01:18:28,070 --> 01:18:26,800

saying

2165

01:18:30,390 --> 01:18:28,080

we've spotted

2166

01:18:32,310 --> 01:18:30,400

you know tic tac objects

2167

01:18:33,910 --> 01:18:32,320

outside one of our nuclear facilities or

2168

01:18:36,630 --> 01:18:33,920

something like that or pouring around

2169

01:18:38,550 --> 01:18:36,640

the sky um it's got huge

2170

01:18:41,030 --> 01:18:38,560

capabilities which beyond anything that

2171

01:18:42,630 --> 01:18:41,040

we're capable of if that was to come out

2172

01:18:44,310 --> 01:18:42,640

for the galileo project that they have

2173

01:18:45,750 --> 01:18:44,320

spotted and disclosed this information

2174

01:18:46,950 --> 01:18:45,760

first

2175

01:18:49,590 --> 01:18:46,960

before

2176

01:18:51,590 --> 01:18:49,600

you know the u.s air force and dod as a

2177

01:18:53,750 --> 01:18:51,600

whole even acknowledged that

2178

01:18:55,350 --> 01:18:53,760

that's this huge embarrassment that is a

2179

01:18:56,790 --> 01:18:55,360

huge embarrassment why you've got to

2180

01:18:58,870 --> 01:18:56,800

admit that you've been

2181

01:19:00,550 --> 01:18:58,880

hiding the truth and not being truthful

2182

01:19:03,350 --> 01:19:00,560

to the american people

2183

01:19:04,790 --> 01:19:03,360

or that it's a huge kind of like

2184

01:19:05,990 --> 01:19:04,800

incompetence problem

2185

01:19:07,910 --> 01:19:06,000

that they can't even spot these things

2186

01:19:09,910 --> 01:19:07,920

in their own sky and it's taken a you

2187

01:19:11,510 --> 01:19:09,920

know private group to actually discover

2188

01:19:14,950 --> 01:19:11,520

it i mean

2189

01:19:16,709 --> 01:19:14,960

they are backed into a corner

2190

01:19:18,870 --> 01:19:16,719

yeah i think they're more attracted to

2191

01:19:20,790 --> 01:19:18,880

the naval assets because of the nuclear

2192

01:19:22,709 --> 01:19:20,800

power component of them

2193

01:19:23,910 --> 01:19:22,719

not say that they're and you know we'll

2194

01:19:25,830 --> 01:19:23,920

actually you know we'll talk about it

2195

01:19:27,110 --> 01:19:25,840

backstage a little bit but the mission

2196

01:19:28,790 --> 01:19:27,120

of the air force and the mission the

2197

01:19:32,229 --> 01:19:28,800

navy are two completely divergent

2198

01:19:35,669 --> 01:19:32,239

missions and so one lends itself to more

2199

01:19:37,350 --> 01:19:35,679

obfuscation than the other because of

2200

01:19:39,270 --> 01:19:37,360

where they're occurring

2201  
01:19:41,189 --> 01:19:39,280  
um meaning over the skies the united

2202  
01:19:42,229 --> 01:19:41,199  
states but we can get into that yeah

2203  
01:19:45,030 --> 01:19:42,239  
backstage

2204  
01:19:47,750 --> 01:19:45,040  
yesterday here we go um there was a

2205  
01:19:49,430 --> 01:19:47,760  
video i'll put it up my twitter um

2206  
01:19:50,709 --> 01:19:49,440  
and it was actually like relating to

2207  
01:19:52,630 --> 01:19:50,719  
what you talked to like baiting

2208  
01:19:55,189 --> 01:19:52,640  
basically um

2209  
01:19:56,630 --> 01:19:55,199  
it was like a it was a short film a

2210  
01:19:58,790 --> 01:19:56,640  
short russian film

2211  
01:19:59,669 --> 01:19:58,800  
that was released i think like two years

2212  
01:20:02,070 --> 01:19:59,679  
ago

2213  
01:20:03,669 --> 01:20:02,080

and it was based on a ufo event

2214

01:20:05,750 --> 01:20:03,679

which is fictional

2215

01:20:08,950 --> 01:20:05,760

but it's based on a drone

2216

01:20:10,550 --> 01:20:08,960

and the drone has got let's say nuclear

2217

01:20:12,310 --> 01:20:10,560

material on

2218

01:20:14,790 --> 01:20:12,320

and the drone operator is operating this

2219

01:20:15,910 --> 01:20:14,800

drone to bait the uap

2220

01:20:19,189 --> 01:20:15,920

um

2221

01:20:20,550 --> 01:20:19,199

and the uap suddenly go comes

2222

01:20:23,350 --> 01:20:20,560

and

2223

01:20:25,750 --> 01:20:23,360

the drone has like an emp

2224

01:20:27,510 --> 01:20:25,760

kind of um capability

2225

01:20:29,510 --> 01:20:27,520

and she gets the drone operator gets

2226

01:20:31,270 --> 01:20:29,520

ordered to kind of like

2227

01:20:33,830 --> 01:20:31,280

you know file the amp up to bring the

2228

01:20:34,950 --> 01:20:33,840

uap down and it just struck me actually

2229

01:20:36,550 --> 01:20:34,960

that that's

2230

01:20:37,590 --> 01:20:36,560

really quite clever

2231

01:20:39,750 --> 01:20:37,600

and maybe

2232

01:20:40,870 --> 01:20:39,760

as well as naval craft kind of like

2233

01:20:43,189 --> 01:20:40,880

baiting

2234

01:20:44,470 --> 01:20:43,199

uaps that you could probably have drones

2235

01:20:48,229 --> 01:20:44,480

and stuff like that kind of like baiting

2236

01:20:51,189 --> 01:20:48,239

them as well then you know getting ua um

2237

01:20:52,950 --> 01:20:51,199

you know um electromagnetic pulses

2238

01:20:54,149 --> 01:20:52,960

um out there to bring them down

2239

01:20:56,149 --> 01:20:54,159  
especially in russia which doesn't

2240

01:20:58,790 --> 01:20:56,159  
really have a lot of um

2241

01:21:01,430 --> 01:20:58,800  
you know c c area especially for most of

2242

01:21:03,189 --> 01:21:01,440  
the uh mostly it's frozen um so yeah i

2243

01:21:05,910 --> 01:21:03,199  
thought that was interesting

2244

01:21:07,430 --> 01:21:05,920  
more more conversation for backstage uh

2245

01:21:11,350 --> 01:21:07,440  
but uh

2246

01:21:13,350 --> 01:21:11,360  
um my my final question to you is uh

2247

01:21:15,030 --> 01:21:13,360  
is there a specific aspect of the

2248

01:21:15,990 --> 01:21:15,040  
phenomenon if we were going to talk

2249

01:21:17,669 --> 01:21:16,000  
about

2250

01:21:21,030 --> 01:21:17,679  
uh remote viewing or if we're going to

2251

01:21:23,669 --> 01:21:21,040

talk about consciousness or

2252

01:21:26,470 --> 01:21:23,679

interdimensional or extraterrestrial or

2253

01:21:29,669 --> 01:21:26,480

crashes is there one sort of

2254

01:21:31,669 --> 01:21:29,679

sliver tangent of the phenomenon that

2255

01:21:32,629 --> 01:21:31,679

really fascinates you the most that

2256

01:21:37,830 --> 01:21:32,639

makes you

2257

01:21:39,110 --> 01:21:37,840

yeah yeah they definitely i think it's

2258

01:21:40,470 --> 01:21:39,120

um

2259

01:21:42,390 --> 01:21:40,480

i think it's the whole consciousness

2260

01:21:45,030 --> 01:21:42,400

aspect

2261

01:21:47,510 --> 01:21:45,040

um i think that really interests me

2262

01:21:50,310 --> 01:21:47,520

because i was into biocentrism

2263

01:21:52,149 --> 01:21:50,320

what really is reality

2264

01:21:53,189 --> 01:21:52,159

do we know what reality is

2265

01:21:59,510 --> 01:21:53,199

um

2266

01:22:00,709 --> 01:21:59,520

really really strange

2267

01:22:02,470 --> 01:22:00,719

um

2268

01:22:04,550 --> 01:22:02,480

so yeah i think that whole aspect and i

2269

01:22:06,629 --> 01:22:04,560

would recommend people like read robert

2270

01:22:08,229 --> 01:22:06,639

lanza when it comes to stuff he's really

2271

01:22:10,790 --> 01:22:08,239

really interesting when it comes to the

2272

01:22:14,310 --> 01:22:10,800

biocentric world um

2273

01:22:16,149 --> 01:22:14,320

because reality could just be

2274

01:22:18,070 --> 01:22:16,159

something projected by your own senses

2275

01:22:20,310 --> 01:22:18,080

and like louis zonda said before that we

2276

01:22:23,510 --> 01:22:20,320

don't really see much for reality

2277

01:22:25,910 --> 01:22:23,520

we don't see 5g and or any of the other

2278

01:22:27,990 --> 01:22:25,920

signals going past every single day so

2279

01:22:30,310 --> 01:22:28,000

wow there's a lot that is based on our

2280

01:22:32,229 --> 01:22:30,320

perceptions maybe reality is perception

2281

01:22:34,629 --> 01:22:32,239

which is also explaining why some people

2282

01:22:37,350 --> 01:22:34,639

see uaps so others don't

2283

01:22:39,350 --> 01:22:37,360

weird stuff like that so yeah and and if

2284

01:22:40,229 --> 01:22:39,360

they master tech quantum technology as

2285

01:22:42,229 --> 01:22:40,239

well

2286

01:22:44,390 --> 01:22:42,239

they could project things to us which

2287

01:22:46,870 --> 01:22:44,400

carrie nolan said so yeah i think that's

2288

01:22:49,510 --> 01:22:46,880

really interesting nathan could do 45

2289

01:22:52,310 --> 01:22:49,520  
minutes with you just on that topic

2290

01:22:54,870 --> 01:22:52,320  
right there he loves some reality all

2291

01:22:59,510 --> 01:22:54,880  
right it's the one all right go ahead

2292

01:23:03,669 --> 01:23:02,470  
yeah uh well chris you're incredibly

2293

01:23:05,430 --> 01:23:03,679  
articulate and the work that you're

2294

01:23:07,830 --> 01:23:05,440  
putting out is

2295

01:23:10,629 --> 01:23:07,840  
just top notch and uh we are lucky to

2296

01:23:13,030 --> 01:23:10,639  
have you and your voice in this uh

2297

01:23:15,030 --> 01:23:13,040  
endeavor um we're lucky to have you

2298

01:23:16,709 --> 01:23:15,040  
tonight uh to to share in your

2299

01:23:18,870 --> 01:23:16,719  
experience and and the work that you're

2300

01:23:21,430 --> 01:23:18,880  
doing so we're here to encourage you to

2301

01:23:23,590 --> 01:23:21,440

keep on with what you're doing and

2302

01:23:25,510 --> 01:23:23,600

uh we'll always be here if you want to

2303

01:23:27,110 --> 01:23:25,520

come back and chat we've got a million

2304

01:23:28,470 --> 01:23:27,120

more questions and we're looking forward

2305

01:23:29,270 --> 01:23:28,480

to doing that so yeah thank you very

2306

01:23:31,590 --> 01:23:29,280

much

2307

01:23:32,790 --> 01:23:31,600

thank you for having me i loved it

2308

01:23:35,910 --> 01:23:32,800

akashi

2309

01:23:38,310 --> 01:23:35,920

oh my gosh this has been such a pleasure

2310

01:23:40,870 --> 01:23:38,320

chris sharp i'm just you know it's it

2311

01:23:42,790 --> 01:23:40,880

this is so much more than i even i loved

2312

01:23:44,950 --> 01:23:42,800

it coming in but i even love it more

2313

01:23:46,629 --> 01:23:44,960

coming out because it's just it's

2314

01:23:49,189 --> 01:23:46,639

there's so much and by the way there's

2315

01:23:51,830 --> 01:23:49,199

been so much chat action here in the

2316

01:23:53,430 --> 01:23:51,840

last 10 minutes that i'm just gonna go

2317

01:23:56,310 --> 01:23:53,440

ahead and ask this like maybe we can

2318

01:23:58,070 --> 01:23:56,320

have you back sometime soon

2319

01:24:00,470 --> 01:23:58,080

you've got a rock

2320

01:24:03,430 --> 01:24:00,480

so and we have a lot to talk to you

2321

01:24:04,709 --> 01:24:03,440

about so i'm associate producer so i got

2322

01:24:06,149 --> 01:24:04,719

to work the deals while they're

2323

01:24:09,590 --> 01:24:06,159

happening so

2324

01:24:11,590 --> 01:24:09,600

uh anyway thank you so much for spending

2325

01:24:13,669 --> 01:24:11,600

all this time with us and it's just been

2326

01:24:18,070 --> 01:24:13,679

a pleasure and everybody agrees so we're

2327

01:24:21,750 --> 01:24:19,590

do you mind quickly if i just get my son

2328

01:24:27,750 --> 01:24:21,760

i can hear him crying please oh yeah we

2329

01:24:31,590 --> 01:24:30,390

of this show flareous kevin thanks for

2330

01:24:34,070 --> 01:24:31,600

coming on

2331

01:24:35,030 --> 01:24:34,080

not loved by anyone

2332

01:24:37,750 --> 01:24:35,040

yeah

2333

01:24:39,110 --> 01:24:37,760

nathan didn't expect me to sing tom

2334

01:24:40,709 --> 01:24:39,120

jones i don't know i'm always ready for

2335

01:24:46,149 --> 01:24:40,719

tom jones

2336

01:24:48,550 --> 01:24:46,159

he's doing the voice like right okay

2337

01:24:51,510 --> 01:24:48,560

i've been seeing that i love that i'm

2338

01:24:52,790 --> 01:24:51,520

like oh my god delilah man

2339

01:24:55,270 --> 01:24:52,800

it was awesome

2340

01:24:58,709 --> 01:24:55,280

so look at the cool clock let's go ahead

2341

01:25:03,510 --> 01:25:00,950

let's do a room microwave i don't have

2342

01:25:05,350 --> 01:25:03,520

kathy splash here anymore but

2343

01:25:07,590 --> 01:25:05,360

look at the clock on the wall was that a

2344

01:25:10,870 --> 01:25:07,600

little stuffed animal on the top shelf

2345

01:25:25,189 --> 01:25:10,880

there i'll be back

2346

01:25:30,790 --> 01:25:27,030

all right the five observables i'll put

2347

01:25:32,550 --> 01:25:30,800

it up there yeah we'll catch you later

2348

01:25:35,510 --> 01:25:32,560

bye

2349

01:25:37,350 --> 01:25:35,520

all right nathan okay yes

2350

01:25:38,870 --> 01:25:37,360

baby yes great talking with everybody

2351

01:25:41,830 --> 01:25:38,880

thank you audience for being here and uh

2352

01:25:43,910 --> 01:25:41,840

next up with us on tuesday night

2353

01:25:45,910 --> 01:25:43,920

is uh mr louise minutes from the

2354

01:25:47,830 --> 01:25:45,920

unidentified celebrity review looking

2355

01:25:50,870 --> 01:25:47,840

forward to chatting with him one on one

2356

01:25:53,510 --> 01:25:50,880

or five on one in this case so fantastic

2357

01:25:55,750 --> 01:25:53,520

uh and uh if you haven't hit that uh

2358

01:25:58,149 --> 01:25:55,760

like and subscribe please do so so that

2359

01:26:00,790 --> 01:25:58,159

you get uh to follow our content going

2360

01:26:02,950 --> 01:26:00,800

forward as always a pleasure dj you want

2361

01:26:04,629 --> 01:26:02,960

to take us out thank you thank you so

2362

01:26:06,870 --> 01:26:04,639

much and i also want to just say thank

2363

01:26:08,629 --> 01:26:06,880

you to deb because deb brought

2364

01:26:11,270 --> 01:26:08,639

christopher to us

2365

01:26:13,830 --> 01:26:11,280

uh and made us aware of him some of you

2366

01:26:15,430 --> 01:26:13,840

may have been aware of his work and and

2367

01:26:17,990 --> 01:26:15,440

and i wasn't so

2368

01:26:20,950 --> 01:26:18,000

thank you very much debs and so for uh

2369

01:26:22,950 --> 01:26:20,960

nathan for akashi for flareus wait wait

2370

01:26:24,870 --> 01:26:22,960

pause don't forget pause

2371

01:26:26,629 --> 01:26:24,880

don't forget pause remind everybody of

2372

01:26:28,629 --> 01:26:26,639

pause

2373

01:26:31,990 --> 01:26:28,639

okay so that's tomorrow night

2374

01:26:35,189 --> 01:26:32,000

okay so tomorrow night at 9 00 p.m uh we

2375

01:26:37,830 --> 01:26:35,199

will have on uh the lovely susan fensten

2376

01:26:41,189 --> 01:26:37,840

to uh reveal the winner of the well

2377

01:26:42,950 --> 01:26:41,199

tuesday night i'm sorry i host that one

2378

01:26:45,430 --> 01:26:42,960

so tomorrow we're going to be doing the

2379

01:26:47,830 --> 01:26:45,440

drawing the drawing so we still have an

2380

01:26:50,790 --> 01:26:47,840

opportunity to enter that raffle for

2381

01:26:52,629 --> 01:26:50,800

that great susan fencing piece then

2382

01:26:55,110 --> 01:26:52,639

we're going to have the winner on

2383

01:26:57,350 --> 01:26:55,120

tuesday tuesday it's happening on the

2384

01:27:00,149 --> 01:26:57,360

show we decided to add that as a like an

2385

01:27:02,310 --> 01:27:00,159

extra prize okay like let's have him on

2386

01:27:04,709 --> 01:27:02,320

and have a meet susan and hopefully

2387

01:27:08,550 --> 01:27:04,719

people get excited and give me the

2388

01:27:11,430 --> 01:27:08,560

puppies and the kittens oh and surprise

2389

01:27:14,229 --> 01:27:11,440

and and i know you cannot win

2390

01:27:16,470 --> 01:27:14,239

and surprise surprise no cabbie can win

2391

01:27:19,110 --> 01:27:16,480

surprise guest uh tia will come on and

2392

01:27:20,870 --> 01:27:19,120

also uh thank thank uh susan and

2393

01:27:23,350 --> 01:27:20,880

everybody else so she'll jump in at uh

2394

01:27:26,229 --> 01:27:23,360

nine o'clock on whichever night that you

2395

01:27:28,229 --> 01:27:26,239

guys prescribe it's going to be so uh so

2396

01:27:30,070 --> 01:27:28,239

thank you thank you very much uh nathan

2397

01:27:34,070 --> 01:27:30,080

for doing another amazing job as you

2398

01:27:37,510 --> 01:27:34,080

always do akashi chris flarius kevin and

2399

01:27:40,709 --> 01:27:37,520

deb a study of uaps the host

2400

01:27:42,550 --> 01:27:40,719

of debs data dojo

2401

01:27:45,030 --> 01:27:42,560

sounds like

2402

01:27:47,910 --> 01:27:45,040

the cabbies this dj's saying peace out

2403

01:27:50,340 --> 01:27:47,920

one love and we'll see you down the road
