this man has become famous for bringing

24

00:01:29,830 --> 00:01:27,439

some uh some laughter some love and some

25

00:01:31,270 --> 00:01:29,840

artwork and actually a lot of his love

26
00:01:32,630 --> 00:01:31,280
comes through his artwork because i'll

27
00:01:35,510 --> 00:01:32,640
tell you what he ain't answering the

28
00:01:45,429 --> 00:01:36,870
i don't answer the phone when anyone

29
00:01:49,270 --> 00:01:47,429
you didn't hear me say that um and

30
00:01:52,230 --> 00:01:49,280
someone else's hair who looks great that

31
00:01:55,350 --> 00:01:52,240

00:01:56,230 --> 00:01:55,360
lovely and talented the legendary the

33
00:01:57,749 --> 00:01:56,240
one

34
00:01:59,910 --> 00:01:57,759
who will ask

35
00:02:02,709 --> 00:01:59,920
a member of the joint staff to come on

36
00:02:04,950 --> 00:02:02,719
here show and demand that they show up

37
00:02:06,149 --> 00:02:04,960
and that is the host of

38
00:02:08,309 --> 00:02:06,159

deb's

39

00:02:10,949 --> 00:02:08,319

data or data dojo depending on what day

40

00:02:13,110 --> 00:02:12,309

debs

41

00:02:15,430 --> 00:02:13,120

yes

42

00:02:17,190 --> 00:02:15,440

i can't ever decide hi everybody

43

00:02:19,589 --> 00:02:17,200

i love it you went with data last time

44

00:02:22,710 --> 00:02:20,869

you know who your friends are depending

45

00:02:23,589 --> 00:02:22,720

on how they say data or data so that's

46

00:02:24,949 --> 00:02:23,599

how you

47

00:02:26,630 --> 00:02:24,959

yeah be careful that's all i'm going to

48

00:02:28,309 --> 00:02:26,640

say

49

00:02:30,309 --> 00:02:28,319

as long as the information gets out

50

00:02:31,509 --> 00:02:30,319

there yeah we know how frank and

51
00:02:32,630 --> 00:02:31,519
charlotte are going to say it and they

52
00:02:34,470 --> 00:02:32,640
were just on

53
00:02:37,589 --> 00:02:34,480
from england that's so dope can't wait

54
00:02:40,470 --> 00:02:37,599
till he releases that but right now

55
00:02:43,589 --> 00:02:40,480
we gotta welcome in a very special guest

56
00:02:46,150 --> 00:02:43,599
my u.s navy brother

57
00:02:49,670 --> 00:02:46,160
from the three letter agency known as

58
00:02:53,270 --> 00:02:49,680
the central intelligence age agency

59
00:02:54,150 --> 00:02:53,280
put your hands together for senor

60
00:02:56,390 --> 00:02:54,160
john

61
00:02:57,910 --> 00:02:56,400
ramirez

62
00:03:00,869 --> 00:02:57,920
yes

63
00:03:05,910 --> 00:03:00,879

welcome back mr ramirez

64

00:03:10,869 --> 00:03:08,550

we're so happy to have you back mr

65

00:03:11,990 --> 00:03:10,879

ramirez how are you sir i'm doing great

66

00:03:14,229 --> 00:03:12,000

dj

67

00:03:16,630 --> 00:03:14,239

ah you know what you look you look fired

68

00:03:18,630 --> 00:03:16,640

up and ready so but without any further

69

00:03:20,149 --> 00:03:18,640

ado i'm going to turn you over to the

70

00:03:22,710 --> 00:03:20,159

other money man that's on this show

71

00:03:25,430 --> 00:03:22,720

other than yourself money nathan thanks

72

00:03:26,630 --> 00:03:25,440

dj john great to see you again uh really

73

00:03:28,710 --> 00:03:26,640

great to have you back with us on the

74

00:03:30,869 --> 00:03:28,720

show uh just kind of on a one-on-one

75

00:03:32,390 --> 00:03:30,879

basis to get into some things i'm going

76

00:03:36,229 --> 00:03:32,400

to jump right into it because i really

77

00:03:38,949 --> 00:03:36,239

want your opinion on this topic so

78

00:03:41,670 --> 00:03:38,959

is it is it fair to say that when an

79

00:03:43,910 --> 00:03:41,680

intelligence officer is you know kind of

80

00:03:45,830 --> 00:03:43,920

making an assessment a recommendation to

81

00:03:47,830 --> 00:03:45,840

a policy maker for example

82

00:03:49,750 --> 00:03:47,840

that the intelligence agencies and

83

00:03:51,589 --> 00:03:49,760

officers have considered

84

00:03:52,470 --> 00:03:51,599

the various uh

85

00:03:54,149 --> 00:03:52,480

sort of

86

00:03:55,910 --> 00:03:54,159

downstream effects of their

87

00:03:57,350 --> 00:03:55,920

recommendations

88

00:03:59,190 --> 00:03:57,360

is that a is that a pretty fair

89

00:04:01,589 --> 00:03:59,200

assessment

90

00:04:04,710 --> 00:04:01,599

uh yes first of all um we don't

91

00:04:07,509 --> 00:04:04,720

recommend any kind of policy whatsoever

92

00:04:10,470 --> 00:04:07,519

what we do is provide uh policy decision

93

00:04:13,190 --> 00:04:10,480

levers and basically we just outline

94

00:04:14,630 --> 00:04:13,200

if you do this this might happen oh by

95

00:04:16,789 --> 00:04:14,640

the way there might be unintended

96

00:04:18,870 --> 00:04:16,799

consequences of doing that so we will

97

00:04:19,830 --> 00:04:18,880

rock and stack all of these decision

98

00:04:22,790 --> 00:04:19,840

levers

99

00:04:24,870 --> 00:04:22,800

and allow the policy makers to pick one

100

00:04:26,550 --> 00:04:24,880

because it's the policy maker and by

101
00:04:30,710 --> 00:04:26,560
policymaker i mean the president of the

102
00:04:33,990 --> 00:04:30,720
united states uh to pick one and

103
00:04:36,950 --> 00:04:34,000
just with advice of his or her staff

104
00:04:38,230 --> 00:04:36,960
especially national security council

105
00:04:40,150 --> 00:04:38,240
um

106
00:04:42,310 --> 00:04:40,160
to go with a certain decision and

107
00:04:44,629 --> 00:04:42,320
because they've already assessed like

108
00:04:46,870 --> 00:04:44,639
this is the outcome we want but we can

109
00:04:48,629 --> 00:04:46,880
live with the outcome we don't want and

110
00:04:50,310 --> 00:04:48,639
so that's what we do

111
00:04:52,310 --> 00:04:50,320
excellent well so and i asked that

112
00:04:53,110 --> 00:04:52,320
question just in light of uh what we

113
00:04:55,350 --> 00:04:53,120

know

114

00:04:57,830 --> 00:04:55,360

from lou elizondo what he's kind of

115

00:05:01,350 --> 00:04:57,840

trying to get the community of interest

116

00:05:03,990 --> 00:05:01,360

engaged get policymakers engaged to get

117

00:05:06,150 --> 00:05:04,000

the study of ufos and kind of get it out

118

00:05:08,629 --> 00:05:06,160

more in the open make it more palatable

119

00:05:10,390 --> 00:05:08,639

more mainstream and i just i always

120

00:05:11,270 --> 00:05:10,400

wondered what your thoughts were

121

00:05:13,029 --> 00:05:11,280

on

122

00:05:14,469 --> 00:05:13,039

that initiative

123

00:05:16,469 --> 00:05:14,479

and

124

00:05:18,790 --> 00:05:16,479

you know what would be

125

00:05:20,230 --> 00:05:18,800

if policymakers say yes to everything

126

00:05:22,790 --> 00:05:20,240

kind of lou and chris mellon are

127

00:05:25,029 --> 00:05:22,800

recommending for example

128

00:05:26,790 --> 00:05:25,039

do you think they have a good sense from

129

00:05:29,670 --> 00:05:26,800

from those guys and others who are

130

00:05:31,830 --> 00:05:29,680

involved with this effort of what those

131

00:05:34,790 --> 00:05:31,840

potential downstream

132

00:05:36,950 --> 00:05:34,800

uh ramifications might be

133

00:05:38,469 --> 00:05:36,960

i'm sure policy makers will take that

134

00:05:40,390 --> 00:05:38,479

into consideration

135

00:05:42,150 --> 00:05:40,400

it really depends on the end goal i mean

136

00:05:44,870 --> 00:05:42,160

what is the purpose of disclosing

137

00:05:45,990 --> 00:05:44,880

anything what what do they want

138

00:05:47,909 --> 00:05:46,000

to happen

139

00:05:49,909 --> 00:05:47,919

by this disclosure and they'll have to

140

00:05:52,469 --> 00:05:49,919

take that into account

141

00:05:54,310 --> 00:05:52,479

for sure the policy makers are not going

142

00:05:56,790 --> 00:05:54,320

to disclose just to satisfy our

143

00:05:59,430 --> 00:05:56,800

curiosities it will be some kind of a

144

00:06:01,590 --> 00:05:59,440

strategic goal in mind for the united

145

00:06:03,909 --> 00:06:01,600

states and for our allies and just

146

00:06:06,870 --> 00:06:03,919

balancing the geopolitical aspects the

147

00:06:08,629 --> 00:06:06,880

sociological aspects even the spiritual

148

00:06:10,230 --> 00:06:08,639

aspects of what it would do to people's

149

00:06:13,110 --> 00:06:10,240

belief systems

150

00:06:14,710 --> 00:06:13,120

economic aspects what would it do um to

151
00:06:16,629 --> 00:06:14,720
our world markets

152
00:06:17,749 --> 00:06:16,639
everything will have to be taken into

153
00:06:20,870 --> 00:06:17,759
account

154
00:06:23,029 --> 00:06:20,880
but having said that um

155
00:06:25,749 --> 00:06:23,039
i would think that above lou there would

156
00:06:27,749 --> 00:06:25,759
be a committee of some sort

157
00:06:30,790 --> 00:06:27,759
that is actually managing uh the

158
00:06:32,790 --> 00:06:30,800
narrative for the policymakers and

159
00:06:35,510 --> 00:06:32,800
other people will be feeding into that

160
00:06:37,830 --> 00:06:35,520
committee and that committee is the one

161
00:06:40,150 --> 00:06:37,840
that will rack and stack these various

162
00:06:41,270 --> 00:06:40,160
options for the policy makers

163
00:06:43,430 --> 00:06:41,280

um

164

00:06:46,070 --> 00:06:43,440

i don't think at

165

00:06:47,270 --> 00:06:46,080

our level the formers whatever position

166

00:06:48,790 --> 00:06:47,280

we might hold

167

00:06:51,510 --> 00:06:48,800

will have that direct input into the

168

00:06:53,110 --> 00:06:51,520

white house i might be wrong but i doubt

169

00:06:55,270 --> 00:06:53,120

if we would have that kind of input to

170

00:06:57,189 --> 00:06:55,280

the white house but we will have input

171

00:06:59,990 --> 00:06:57,199

into this committee now you can call

172

00:07:03,670 --> 00:07:00,000

this committee majestic 12 nj12 or

173

00:07:05,189 --> 00:07:03,680

zodiac whatever you call it um the name

174

00:07:06,230 --> 00:07:05,199

doesn't matter

175

00:07:10,230 --> 00:07:06,240

there

176
00:07:13,749 --> 00:07:10,240
likely is a committee making decisions

177
00:07:15,830 --> 00:07:13,759
as to what the policymakers

178
00:07:16,710 --> 00:07:15,840
can see actually they're the control

179
00:07:19,029 --> 00:07:16,720
group

180
00:07:22,710 --> 00:07:19,039
and so maybe that's ao

181
00:07:25,510 --> 00:07:22,720
aoi msg from now on i don't know um

182
00:07:27,749 --> 00:07:25,520
but it's it's not folks out there like

183
00:07:29,990 --> 00:07:27,759
talking to the public um

184
00:07:32,230 --> 00:07:30,000
in the public space like lou will go

185
00:07:34,390 --> 00:07:32,240
then straight to the policy makers but

186
00:07:35,670 --> 00:07:34,400
there's got to be some layer

187
00:07:36,550 --> 00:07:35,680
between

188
00:07:38,390 --> 00:07:36,560

those

189

00:07:40,790 --> 00:07:38,400

who interface with the public

190

00:07:43,270 --> 00:07:40,800

and to actually to those who interface

191

00:07:44,790 --> 00:07:43,280

directly with the policy maker

192

00:07:47,029 --> 00:07:44,800

i've always thought

193

00:07:49,029 --> 00:07:47,039

john that there you know when i i had

194

00:07:51,270 --> 00:07:49,039

never heard of majestic 12 until i

195

00:07:52,469 --> 00:07:51,280

became part of this community as i

196

00:07:54,950 --> 00:07:52,479

wasn't really

197

00:07:57,510 --> 00:07:54,960

tracking ufos beyond my own interest and

198

00:08:00,070 --> 00:07:57,520

belief in them which i was hiding

199

00:08:02,309 --> 00:08:00,080

very specifically but i've always felt

200

00:08:04,230 --> 00:08:02,319

that in order to keep people that have a

201
00:08:06,790 --> 00:08:04,240
need to know and when i say need to know

202
00:08:08,629 --> 00:08:06,800
i mean the national command authority uh

203
00:08:12,150 --> 00:08:08,639
president sec deaf joint joint chiefs

204
00:08:15,350 --> 00:08:12,160
types in order to have something so in

205
00:08:17,270 --> 00:08:15,360
you know from 1947 until now to maybe

206
00:08:19,270 --> 00:08:17,280
have a craft or have bodies or have

207
00:08:20,869 --> 00:08:19,280
something but to keep them from knowing

208
00:08:23,909 --> 00:08:20,879
there would have to be some sort of a

209
00:08:27,189 --> 00:08:23,919
construct to keep people with the need

210
00:08:29,670 --> 00:08:27,199
to know from knowing so do you

211
00:08:31,749 --> 00:08:29,680
think that that such a construct existed

212
00:08:32,870 --> 00:08:31,759
by whatever name

213
00:08:34,630 --> 00:08:32,880

um

214

00:08:36,550 --> 00:08:34,640

i was never read into any kind of

215

00:08:37,829 --> 00:08:36,560

construct whatsoever

216

00:08:39,190 --> 00:08:37,839

i would have to think that there is

217

00:08:41,750 --> 00:08:39,200

something like that

218

00:08:45,509 --> 00:08:41,760

otherwise this is the best kept

219

00:08:47,910 --> 00:08:45,519

government secret in a long time and

220

00:08:50,470 --> 00:08:47,920

the fact that you know originally there

221

00:08:53,190 --> 00:08:50,480

was that newspaper article in

222

00:08:55,110 --> 00:08:53,200

the roswell newspaper

223

00:08:58,150 --> 00:08:55,120

people forgot about it for a long long

224

00:08:59,990 --> 00:08:58,160

time until you know ufologists decades

225

00:09:01,350 --> 00:09:00,000

later resurrected it

226

00:09:02,790 --> 00:09:01,360

and so

227

00:09:04,870 --> 00:09:02,800

we didn't know about roswell even though

228

00:09:07,190 --> 00:09:04,880

it was widely reported at the time it

229

00:09:10,630 --> 00:09:07,200

was just plainly forgotten in the

230

00:09:11,750 --> 00:09:10,640

meantime we did get like movies and tv

231

00:09:13,910 --> 00:09:11,760

shows

232

00:09:17,030 --> 00:09:13,920

um talking about flying saucers flying

233

00:09:17,829 --> 00:09:17,040

saucers attacking washington dc whatever

234

00:09:19,509 --> 00:09:17,839

um

235

00:09:21,670 --> 00:09:19,519

you know it was almost like a narrative

236

00:09:23,269 --> 00:09:21,680

of trying to get the public prepared for

237

00:09:24,230 --> 00:09:23,279

the existence of

238

00:09:26,310 --> 00:09:24,240

um

239

00:09:28,150 --> 00:09:26,320

other beings visiting the planet and

240

00:09:33,990 --> 00:09:28,160

they may not all be

241

00:09:35,750 --> 00:09:34,000

unfriendly beings but it seems like

242

00:09:37,110 --> 00:09:35,760

there was a preparation going on of

243

00:09:39,990 --> 00:09:37,120

preparing the public

244

00:09:42,150 --> 00:09:40,000

for the reality of this happening

245

00:09:44,550 --> 00:09:42,160

um so

246

00:09:46,150 --> 00:09:44,560

uh yeah i i would think that there is

247

00:09:47,829 --> 00:09:46,160

some kind of construct but i think part

248

00:09:50,389 --> 00:09:47,839

of that construct is

249

00:09:52,070 --> 00:09:50,399

um let's prepare the public first

250

00:09:54,230 --> 00:09:52,080

and i think that's what we're seeing um

251
00:09:55,430 --> 00:09:54,240
in the last five years we've been

252
00:09:57,670 --> 00:09:55,440
prepared

253
00:09:58,949 --> 00:09:57,680
far better than the previous several

254
00:10:00,790 --> 00:09:58,959
decades

255
00:10:04,150 --> 00:10:00,800
um i think we can make that argument

256
00:10:06,630 --> 00:10:04,160
that since 2017 um this entire topic has

257
00:10:09,430 --> 00:10:06,640
really risen to the level where

258
00:10:11,430 --> 00:10:09,440
it's in actual legislation uh the law of

259
00:10:13,750 --> 00:10:11,440
the land if you will and that's never

260
00:10:15,430 --> 00:10:13,760
happened before so

261
00:10:17,990 --> 00:10:15,440
maybe that's all part of the construct

262
00:10:20,790 --> 00:10:18,000
as well is that we need to like prepare

263
00:10:22,150 --> 00:10:20,800

the public and then we need to like have

264

00:10:23,910 --> 00:10:22,160

some kind of

265

00:10:26,470 --> 00:10:23,920

um

266

00:10:28,470 --> 00:10:26,480

construct above everything

267

00:10:30,710 --> 00:10:28,480

to bring it up to the level of

268

00:10:33,670 --> 00:10:30,720

legislation so that

269

00:10:36,150 --> 00:10:33,680

there's some way of for witnesses

270

00:10:39,910 --> 00:10:36,160

either in government or the military

271

00:10:41,829 --> 00:10:39,920

um to come forward and be questioned by

272

00:10:44,389 --> 00:10:41,839

a congressional committee

273

00:10:46,710 --> 00:10:44,399

under oath and so that's never happened

274

00:10:48,310 --> 00:10:46,720

before there was nothing to allow that

275

00:10:50,790 --> 00:10:48,320

to happen unless it happened behind

276
00:10:54,069 --> 00:10:50,800
closed doors but now that's how and then

277
00:10:56,790 --> 00:10:54,079
we have a reporting uh periodicity

278
00:10:59,350 --> 00:10:56,800
and 180 day intervals and

279
00:11:02,150 --> 00:10:59,360
remind everyone that there's also a

280
00:11:04,870 --> 00:11:02,160
intelligence authorization act of fy 22

281
00:11:08,470 --> 00:11:04,880
that had a 90-day interval i'm not sure

282
00:11:10,069 --> 00:11:08,480
exactly what happened to the iaa fy22

283
00:11:11,190 --> 00:11:10,079
but it was 90 day interval and they

284
00:11:14,550 --> 00:11:11,200
called out

285
00:11:17,509 --> 00:11:14,560
not aoimsg but they said in that

286
00:11:19,110 --> 00:11:17,519
legislation that the national air and

287
00:11:22,630 --> 00:11:19,120
space intelligence

288
00:11:25,350 --> 00:11:22,640

could take a major role in the study of

289

00:11:26,230 --> 00:11:25,360

this phenomenon and nasa of course is

290

00:11:32,710 --> 00:11:26,240

what

291

00:11:35,190 --> 00:11:32,720

during the actual time of roswell

292

00:11:37,509 --> 00:11:35,200

so it's like preparing

293

00:11:38,870 --> 00:11:37,519

the groundwork first

294

00:11:40,630 --> 00:11:38,880

and then

295

00:11:42,870 --> 00:11:40,640

we can then

296

00:11:45,350 --> 00:11:42,880

understand exactly what's going on if

297

00:11:46,949 --> 00:11:45,360

there are like public hearings or if

298

00:11:48,230 --> 00:11:46,959

there is a report that can be made to

299

00:11:50,150 --> 00:11:48,240

the public

300

00:11:52,550 --> 00:11:50,160

but really there's a

301
00:11:54,310 --> 00:11:52,560
a role here for citizen science

302
00:11:55,590 --> 00:11:54,320
and i would think that because it's a

303
00:11:58,230 --> 00:11:55,600
congressional committee they can

304
00:11:59,430 --> 00:11:58,240
subpoena any witness they want i would i

305
00:12:01,829 --> 00:11:59,440
would hope that they'll extend an

306
00:12:04,470 --> 00:12:01,839
invitation out to

307
00:12:07,350 --> 00:12:04,480
folks in the civilian sector um like

308
00:12:10,949 --> 00:12:07,360
experiencers personal experiencers

309
00:12:12,389 --> 00:12:10,959
under the construct of maybe scu or

310
00:12:14,470 --> 00:12:12,399
any of the other organizations like

311
00:12:16,710 --> 00:12:14,480
project galileo i mean i think they

312
00:12:18,790 --> 00:12:16,720
should like have a seat at the table

313
00:12:21,190 --> 00:12:18,800

and testify before congress have these

314

00:12:24,470 --> 00:12:21,200

experts show up in public

315

00:12:26,389 --> 00:12:24,480

um on for the record i would love to see

316

00:12:27,910 --> 00:12:26,399

a uh congressional

317

00:12:31,030 --> 00:12:27,920

um

318

00:12:32,710 --> 00:12:31,040

hearing and have and see like eric w

319

00:12:34,710 --> 00:12:32,720

davis and uh

320

00:12:36,870 --> 00:12:34,720

sitting at the table there right i would

321

00:12:38,710 --> 00:12:36,880

love to have them like being questioned

322

00:12:39,990 --> 00:12:38,720

by congress what do you know what did

323

00:12:40,870 --> 00:12:40,000

you work on

324

00:12:54,629 --> 00:12:40,880

in

325

00:12:57,350 --> 00:12:54,639

perhaps that old guard

326

00:13:01,190 --> 00:12:57,360

that construct if it existed

327

00:13:03,030 --> 00:13:01,200

knows what happened from 47 until 2017.

328

00:13:05,190 --> 00:13:03,040

and they're not getting that right

329

00:13:06,710 --> 00:13:05,200

that's what the iaa if you look at the

330

00:13:09,590 --> 00:13:06,720

language

331

00:13:10,550 --> 00:13:09,600

it states a 90-day report interval and

332

00:13:12,790 --> 00:13:10,560

also

333

00:13:15,670 --> 00:13:12,800

everything that may have occurred or any

334

00:13:17,030 --> 00:13:15,680

files that the government may have

335

00:13:19,190 --> 00:13:17,040

have been holding

336

00:13:21,030 --> 00:13:19,200

prior to the first 90 days

337

00:13:23,269 --> 00:13:21,040

so whenever that legislation is passed

338

00:13:25,829 --> 00:13:23,279

the 90-day clock ticks for that and

339

00:13:28,310 --> 00:13:25,839

within the first 90 days a report is due

340

00:13:31,590 --> 00:13:28,320

and also any report or anything in the

341

00:13:32,949 --> 00:13:31,600

files prior to that 90-day clock ticking

342

00:13:34,870 --> 00:13:32,959

so

343

00:13:36,470 --> 00:13:34,880

if i'm reading it right it seems like it

344

00:13:38,870 --> 00:13:36,480

would open up more of the files going

345

00:13:41,350 --> 00:13:38,880

back uh several decades

346

00:13:44,389 --> 00:13:41,360

and reminder iaa doesn't affect the

347

00:13:48,629 --> 00:13:44,399

pentagon as much as affects cia

348

00:13:49,509 --> 00:13:48,639

so you have two very separate attempts

349

00:13:54,230 --> 00:13:49,519

or

350

00:13:58,870 --> 00:13:54,240

one from the military side through the

351

00:14:04,710 --> 00:14:01,829

i would say no legislative

352

00:14:05,430 --> 00:14:04,720

influence over cia and you have the iaa

353

00:14:07,829 --> 00:14:05,440

which

354

00:14:09,990 --> 00:14:07,839

totally has legislative influence over

355

00:14:11,110 --> 00:14:10,000

cia but not so much the pentagon so you

356

00:14:12,629 --> 00:14:11,120

have like

357

00:14:14,790 --> 00:14:12,639

what does the military know what does

358

00:14:16,389 --> 00:14:14,800

the civilian intelligence agencies know

359

00:14:19,350 --> 00:14:16,399

and together they might be able to put

360

00:14:21,590 --> 00:14:19,360

together a broader story

361

00:14:23,990 --> 00:14:21,600

if i could ask just to follow before we

362

00:14:25,990 --> 00:14:24,000

hint off to kevin i so

363

00:14:27,829 --> 00:14:26,000

there's this um

364

00:14:29,110 --> 00:14:27,839

sort of concept in education where

365

00:14:32,069 --> 00:14:29,120

you're stacking

366

00:14:33,110 --> 00:14:32,079

ideas before you proceed on to something

367

00:14:34,949 --> 00:14:33,120

else so

368

00:14:36,790 --> 00:14:34,959

you're laying out

369

00:14:38,310 --> 00:14:36,800

levels of understanding

370

00:14:40,230 --> 00:14:38,320

and you're building on top of those

371

00:14:41,829 --> 00:14:40,240

levels so that you can understand the

372

00:14:44,470 --> 00:14:41,839

full picture you don't jump all of a

373

00:14:45,350 --> 00:14:44,480

sudden to graduate you know class

374

00:14:48,389 --> 00:14:45,360

so

375

00:14:50,389 --> 00:14:48,399

the concept of hearings in congress

376

00:14:52,389 --> 00:14:50,399

i guess i struggle with that a little

377

00:14:54,470 --> 00:14:52,399

bit because of just the

378

00:14:57,110 --> 00:14:54,480

what i would think would be kind of the

379

00:14:58,790 --> 00:14:57,120

the uncontrollable nature of

380

00:15:00,470 --> 00:14:58,800

what what is just going to be said and

381

00:15:01,750 --> 00:15:00,480

from from how many different sources and

382

00:15:03,670 --> 00:15:01,760

then how do you

383

00:15:04,870 --> 00:15:03,680

compile all of that disparate

384

00:15:07,590 --> 00:15:04,880

information

385

00:15:09,269 --> 00:15:07,600

into a singular kind of narrative that

386

00:15:10,550 --> 00:15:09,279

congress can work with and make

387

00:15:12,550 --> 00:15:10,560

decisions from

388

00:15:15,189 --> 00:15:12,560

uh you know maybe it comes back to the

389

00:15:16,629 --> 00:15:15,199

committee that you were alluding to that

390

00:15:19,350 --> 00:15:16,639

that could kind of help steer the

391

00:15:21,430 --> 00:15:19,360

conversation or steer the types of folks

392

00:15:23,990 --> 00:15:21,440

that the congress would call to those

393

00:15:26,949 --> 00:15:24,000

hearings but what is your sense in which

394

00:15:28,150 --> 00:15:26,959

we would have to stack you know kind of

395

00:15:30,389 --> 00:15:28,160

concepts

396

00:15:32,550 --> 00:15:30,399

sequentially before we get to some of

397

00:15:34,150 --> 00:15:32,560

the stranger things that we hear about

398

00:15:36,790 --> 00:15:34,160

you know i think skin walkers at the

399

00:15:39,269 --> 00:15:36,800

pentagon is a great you know example of

400

00:15:41,269 --> 00:15:39,279

that end of the spectrum

401
00:15:42,949 --> 00:15:41,279
well before

402
00:15:45,030 --> 00:15:42,959
anything happens before a congressional

403
00:15:46,949 --> 00:15:45,040
committee there's a lot of staff work

404
00:15:47,749 --> 00:15:46,959
involved and that's why the staffs are

405
00:15:51,189 --> 00:15:47,759
there

406
00:15:52,829 --> 00:15:51,199
um the staff will go out and

407
00:15:59,189 --> 00:15:52,839
try to

408
00:16:02,629 --> 00:16:00,389
spectrum

409
00:16:04,310 --> 00:16:02,639
of this phenomenon and then try to

410
00:16:05,749 --> 00:16:04,320
divide it up into something that makes

411
00:16:07,590 --> 00:16:05,759
logical sense

412
00:16:09,509 --> 00:16:07,600
for the members

413
00:16:11,990 --> 00:16:09,519

so when you see a congressional

414

00:16:14,389 --> 00:16:12,000

committee on c-span

415

00:16:17,030 --> 00:16:14,399

before that committee meets i mean for

416

00:16:19,030 --> 00:16:17,040

maybe weeks or months before that

417

00:16:21,189 --> 00:16:19,040

they're doing this other work at the

418

00:16:22,389 --> 00:16:21,199

staff level

419

00:16:25,350 --> 00:16:22,399

hidden away

420

00:16:28,230 --> 00:16:25,360

um for the staff to prepare

421

00:16:30,470 --> 00:16:28,240

the members uh questions they can ask

422

00:16:33,749 --> 00:16:30,480

so a lot of that happens and then um

423

00:16:37,350 --> 00:16:33,759

before staff they can go and actually do

424

00:16:39,430 --> 00:16:37,360

interviews with principals to see like

425

00:16:40,790 --> 00:16:39,440

the members have these questions they

426

00:16:43,749 --> 00:16:40,800

want to ask

427

00:16:45,670 --> 00:16:43,759

um what is your preliminary answer you

428

00:16:48,790 --> 00:16:45,680

know what what can you say

429

00:16:52,230 --> 00:16:50,550

also be under oath when you talk to a

430

00:16:54,150 --> 00:16:52,240

congressional staff you know you're

431

00:16:56,150 --> 00:16:54,160

basically under oath as well

432

00:16:57,829 --> 00:16:56,160

um i've been questioned by congressional

433

00:16:59,829 --> 00:16:57,839

staff um

434

00:17:02,150 --> 00:16:59,839

uh for the hipsie the house permanent

435

00:17:04,150 --> 00:17:02,160

select committee on intelligence before

436

00:17:06,230 --> 00:17:04,160

they were doing an investigation of why

437

00:17:08,710 --> 00:17:06,240

there were so many of these

438

00:17:11,669 --> 00:17:08,720

um technical elent labs all over the

439

00:17:13,429 --> 00:17:11,679

community and we had one nsa had one

440

00:17:15,590 --> 00:17:13,439

uh missile space intelligence center

441

00:17:17,909 --> 00:17:15,600

huntsville alabama had one there's one

442

00:17:20,230 --> 00:17:17,919

at nasa i mean everywhere there was

443

00:17:21,990 --> 00:17:20,240

there were labs like like the one we

444

00:17:22,789 --> 00:17:22,000

that we had at cia headquarters no one

445

00:17:25,110 --> 00:17:22,799

know

446

00:17:28,150 --> 00:17:25,120

why is there such redundancy so i

447

00:17:30,390 --> 00:17:28,160

provided them with information on why we

448

00:17:32,230 --> 00:17:30,400

did what we did and they gathered all

449

00:17:34,230 --> 00:17:32,240

that together

450

00:17:36,870 --> 00:17:34,240

questioning my counterparts and the

451
00:17:38,150 --> 00:17:36,880
other agencies and then presented that

452
00:17:39,750 --> 00:17:38,160
before

453
00:17:41,830 --> 00:17:39,760
the full committee

454
00:17:43,590 --> 00:17:41,840
doing that committee work ahead of time

455
00:17:45,430 --> 00:17:43,600
so that then the committee then can

456
00:17:47,909 --> 00:17:45,440
bring forward the leaders of these

457
00:17:49,430 --> 00:17:47,919
agencies and ask them questions about

458
00:17:52,070 --> 00:17:49,440
why are there so many

459
00:17:53,029 --> 00:17:52,080
uh different labs um so that's an

460
00:17:55,190 --> 00:17:53,039
example

461
00:17:57,750 --> 00:17:55,200
that i participated in you will never

462
00:18:01,430 --> 00:17:57,760
you cannot foil that it's not something

463
00:18:04,310 --> 00:18:01,440

that's documented at all so when people

464

00:18:05,750 --> 00:18:04,320

say well did this person actually brief

465

00:18:07,990 --> 00:18:05,760

or uh

466

00:18:09,510 --> 00:18:08,000

the the committee um

467

00:18:11,830 --> 00:18:09,520

first of all

468

00:18:14,390 --> 00:18:11,840

you don't brief congress you do not

469

00:18:15,830 --> 00:18:14,400

brief congress congress

470

00:18:18,630 --> 00:18:15,840

um

471

00:18:21,110 --> 00:18:18,640

asks you questions they inquire it's an

472

00:18:23,590 --> 00:18:21,120

inquiry so you're not lecturing or

473

00:18:26,310 --> 00:18:23,600

briefing congress on anything however

474

00:18:27,590 --> 00:18:26,320

having said that the committee can then

475

00:18:29,430 --> 00:18:27,600

before that

476

00:18:31,270 --> 00:18:29,440

would take place the committee will

477

00:18:33,110 --> 00:18:31,280

gather a lot of information so you can

478

00:18:35,830 --> 00:18:33,120

actually appear before a committee quote

479

00:18:36,870 --> 00:18:35,840

unquote without having any kind of foia

480

00:18:39,430 --> 00:18:36,880

document

481

00:18:41,110 --> 00:18:39,440

happened

482

00:18:44,150 --> 00:18:41,120

because you will never find that john

483

00:18:46,230 --> 00:18:44,160

ramirez provided testimony

484

00:18:49,350 --> 00:18:46,240

for a congressional staffer on the

485

00:18:50,950 --> 00:18:49,360

question that the committee hipsie had

486

00:18:53,350 --> 00:18:50,960

on that issue i talked about about the

487

00:18:55,510 --> 00:18:53,360

all these labs so

488

00:18:58,070 --> 00:18:55,520

thank you

489

00:19:02,390 --> 00:19:00,230

all right well first of all john

490

00:19:05,110 --> 00:19:02,400

thank you for being here

491

00:19:05,990 --> 00:19:05,120

um i'm a huge fan of your work

492

00:19:08,230 --> 00:19:06,000

um

493

00:19:10,150 --> 00:19:08,240

so what i usually do is a comic bit but

494

00:19:12,470 --> 00:19:10,160

instead i i actually since the last time

495

00:19:14,230 --> 00:19:12,480

you're on you're you're on this show i

496

00:19:15,830 --> 00:19:14,240

actually had an experience of my own

497

00:19:17,750 --> 00:19:15,840

that i would like actually i'd like your

498

00:19:18,630 --> 00:19:17,760

input on so would you be willing to do

499

00:19:20,070 --> 00:19:18,640

that

500

00:19:22,230 --> 00:19:20,080

i'll try

501

00:19:24,789 --> 00:19:22,240

okay okay so i

502

00:19:26,710 --> 00:19:24,799

so i'm a behaviorist um i write stuff

503

00:19:28,390 --> 00:19:26,720

basically without interpretations i just

504

00:19:31,270 --> 00:19:28,400

throw up the facts so hopefully that

505

00:19:33,590 --> 00:19:31,280

will be easier for you guys so um i have

506

00:19:37,190 --> 00:19:33,600

times so this started at

507

00:19:39,590 --> 00:19:37,200

10 22 p.m it was january 31st on monday

508

00:19:41,430 --> 00:19:39,600

all right so i was in the living room

509

00:19:43,830 --> 00:19:41,440

laying and sitting on my couch all right

510

00:19:46,789 --> 00:19:43,840

i'm watching um uncharted x on youtube

511

00:19:48,950 --> 00:19:46,799

some you know ancient stuff um my wife

512

00:19:50,549 --> 00:19:48,960

says good night lets the dog out for the

513

00:19:54,230 --> 00:19:50,559

usual routine this is the same routine

514

00:19:55,350 --> 00:19:54,240

we do every night so at 10 25 she lets

515

00:19:58,070 --> 00:19:55,360

the dog in

516

00:20:00,310 --> 00:19:58,080

she locks the back sliding door and she

517

00:20:02,470 --> 00:20:00,320

bars it now this is a it's a it's a nice

518

00:20:04,830 --> 00:20:02,480

bar it's a very thick pvc pipe and

519

00:20:06,390 --> 00:20:04,840

that's important later all right

520

00:20:10,390 --> 00:20:06,400

so

521

00:20:12,310 --> 00:20:10,400

all right i stand up turn the

522

00:20:13,270 --> 00:20:12,320

playstation and the speaker's off and

523

00:20:14,310 --> 00:20:13,280

then

524

00:20:15,750 --> 00:20:14,320

nothing

525

00:20:19,029 --> 00:20:15,760

3 am

526

00:20:22,070 --> 00:20:19,039

i wake up sitting position on the couch

527

00:20:23,430 --> 00:20:22,080

all right so um at the time

528

00:20:25,430 --> 00:20:23,440

i kind of thought it was cool i was like

529

00:20:27,270 --> 00:20:25,440

hey maybe something happened but i was

530

00:20:29,029 --> 00:20:27,280

kind of too tired to dig into it so i

531

00:20:30,149 --> 00:20:29,039

you know shrugged laughed went back to

532

00:20:34,310 --> 00:20:30,159

bed

533

00:20:37,190 --> 00:20:34,320

so 6 30 in the morning um wife wakes up

534

00:20:39,590 --> 00:20:37,200

does lets the dog out does the routine

535

00:20:41,270 --> 00:20:39,600

but she finds the sliding door unlocked

536

00:20:43,590 --> 00:20:41,280

and unbarred

537

00:20:46,149 --> 00:20:43,600

the playstation and speakers are powered

538

00:20:48,789 --> 00:20:46,159

off all right now we also have security

539

00:20:50,470 --> 00:20:48,799

cameras in our house to monitor the

540

00:20:51,669 --> 00:20:50,480

rooms so you know we think that's weird

541

00:20:53,590 --> 00:20:51,679

so we go hey let's go look at the

542

00:20:55,830 --> 00:20:53,600

security camera because it's weird why

543

00:20:58,390 --> 00:20:55,840

did i wake up at 3am with you know

544

00:21:01,430 --> 00:20:58,400

nothing why are the doors unlocked so um

545

00:21:04,230 --> 00:21:01,440

you check the camera so between 11 p.m

546

00:21:06,549 --> 00:21:04,240

and 3 a.m the cloud will not allow her

547

00:21:08,230 --> 00:21:06,559

access to the footage

548

00:21:09,510 --> 00:21:08,240

and we still to this day we cannot get

549

00:21:12,149 --> 00:21:09,520

the footage

550

00:21:13,830 --> 00:21:12,159

i we don't know why

551

00:21:16,950 --> 00:21:13,840

all right and uh so the next morning

552

00:21:18,230 --> 00:21:16,960

also i have um sciatic nerve flare-up on

553

00:21:20,390 --> 00:21:18,240

my left hip

554

00:21:22,230 --> 00:21:20,400

i can't walk without extreme pain i have

555

00:21:24,710 --> 00:21:22,240

i have a condition but you know it

556

00:21:26,549 --> 00:21:24,720

flares up but this this morning it was

557

00:21:29,190 --> 00:21:26,559

really bad

558

00:21:30,630 --> 00:21:29,200

so um yeah do you have

559

00:21:33,110 --> 00:21:30,640

do you have any uh

560

00:21:35,190 --> 00:21:33,120

any insight on what happened

561

00:21:37,029 --> 00:21:35,200

no i don't um

562

00:21:38,230 --> 00:21:37,039

that's that's definitely high

563

00:21:40,710 --> 00:21:38,240

strangeness

564

00:21:43,110 --> 00:21:40,720

i've heard before that people with uh

565

00:21:45,350 --> 00:21:43,120

security cameras like they may have some

566

00:21:47,029 --> 00:21:45,360

nest cameras around that when

567

00:21:49,110 --> 00:21:47,039

things like that happen

568

00:21:51,830 --> 00:21:49,120

all they get is static for that period

569

00:21:54,230 --> 00:21:51,840

of time and they get absolutely no no

570

00:21:56,870 --> 00:21:54,240

images it's interesting that you said

571

00:22:00,070 --> 00:21:56,880

you had a sciatic flare-up

572

00:22:01,270 --> 00:22:00,080

because i will say um since you shared i

573

00:22:03,909 --> 00:22:01,280

will share

574

00:22:04,870 --> 00:22:03,919

i've also had the sciatic flare-up

575

00:22:07,270 --> 00:22:04,880

for

576

00:22:09,190 --> 00:22:07,280

the last two or three weeks on the left

577

00:22:17,430 --> 00:22:09,200

side

578

00:22:19,510 --> 00:22:17,440

um i haven't had this since 2017.

579

00:22:20,630 --> 00:22:19,520

it flared up again and what happened and

580

00:22:23,430 --> 00:22:20,640

it's actually

581

00:22:26,149 --> 00:22:23,440

uh it happened toward the

582

00:22:28,630 --> 00:22:26,159

oh i would say the like late fall of

583

00:22:30,950 --> 00:22:28,640

2017 that this happened

584

00:22:32,230 --> 00:22:30,960

okay that's around the time

585

00:22:35,990 --> 00:22:32,240

that uh

586

00:22:38,549 --> 00:22:36,000

tic tac happened it was november of 2017

587

00:22:41,430 --> 00:22:38,559

and right about the same time i had this

588

00:22:42,630 --> 00:22:41,440

sciatic flare-up i could literally walk

589

00:22:46,149 --> 00:22:42,640

very well

590

00:22:48,870 --> 00:22:46,159

yeah and so last couple of weeks uh this

591

00:22:51,909 --> 00:22:48,880

year in 2022 i've also had another

592

00:22:54,789 --> 00:22:51,919

recurrence of what you've been suffering

593

00:22:58,310 --> 00:22:54,799

so i know the pain of a sciatic

594

00:23:00,630 --> 00:22:58,320

left side yeah i know that and uh so um

595

00:23:03,029 --> 00:23:00,640

also another interesting thing so i've

596

00:23:05,430 --> 00:23:03,039

had speaking of left side since

597

00:23:08,070 --> 00:23:05,440

since childhood or unknown i've had a

598

00:23:09,029 --> 00:23:08,080

scar i have a scoop mark on my left hip

599

00:23:10,950 --> 00:23:09,039

also

600

00:23:12,630 --> 00:23:10,960

i actually have a picture

601
00:23:13,510 --> 00:23:12,640
of it if you would like to see that that

602
00:23:15,190 --> 00:23:13,520
um

603
00:23:17,029 --> 00:23:15,200
i posted now this thing it's big it's

604
00:23:17,990 --> 00:23:17,039
about the size of my as round as my

605
00:23:20,070 --> 00:23:18,000
thumb

606
00:23:21,430 --> 00:23:20,080
so if you can see the the white

607
00:23:24,390 --> 00:23:21,440
the roundness of it i mean it's

608
00:23:25,669 --> 00:23:24,400
definitely a scoop mark it's pretty deep

609
00:23:26,549 --> 00:23:25,679
and i yeah i don't know where it came

610
00:23:28,470 --> 00:23:26,559
from

611
00:23:30,870 --> 00:23:28,480
um since childhood

612
00:23:32,870 --> 00:23:30,880
sleep paralysis i have that i know a lot

613
00:23:34,789 --> 00:23:32,880

of experiences that you guys you guys

614

00:23:35,669 --> 00:23:34,799

get sleep paralysis too

615

00:23:37,110 --> 00:23:35,679

so

616

00:23:38,710 --> 00:23:37,120

i don't know i'm starting to put things

617

00:23:41,350 --> 00:23:38,720

together

618

00:23:43,430 --> 00:23:41,360

with i mean do you have any in

619

00:23:44,710 --> 00:23:43,440

insight about maybe the scoop mark on my

620

00:23:45,669 --> 00:23:44,720

hip

621

00:23:47,990 --> 00:23:45,679

um

622

00:23:51,269 --> 00:23:48,000

they seem to appear different

623

00:23:54,230 --> 00:23:51,279

uh differently um yeah i know i have a

624

00:23:56,950 --> 00:23:54,240

friend at uh

625

00:24:00,149 --> 00:23:56,960

uh cia well he's retired now but he was

626

00:24:02,630 --> 00:24:00,159

a cia friend and uh he had

627

00:24:04,470 --> 00:24:02,640

two scoop marks um almost identical

628

00:24:06,710 --> 00:24:04,480

scoop marks

629

00:24:09,669 --> 00:24:06,720

one on his left arm one on his right arm

630

00:24:11,909 --> 00:24:09,679

they're almost symmetric in positioning

631

00:24:14,230 --> 00:24:11,919

size depth everything

632

00:24:15,590 --> 00:24:14,240

and he's also an experimenter

633

00:24:16,870 --> 00:24:15,600

as well

634

00:24:21,510 --> 00:24:16,880

and

635

00:24:23,350 --> 00:24:21,520

uh mr jim semivan

636

00:24:25,350 --> 00:24:23,360

uh said something about

637

00:24:26,549 --> 00:24:25,360

having some kind of markings i think he

638

00:24:28,549 --> 00:24:26,559

said that

639

00:24:29,909 --> 00:24:28,559

that there were some kind of markings to

640

00:24:32,310 --> 00:24:29,919

george knapp

641

00:24:34,789 --> 00:24:32,320

that he may have experienced something

642

00:24:35,750 --> 00:24:34,799

like that some kind of

643

00:24:37,909 --> 00:24:35,760

um

644

00:24:39,350 --> 00:24:37,919

i think he's used the word puncture like

645

00:24:42,390 --> 00:24:39,360

a puncture

646

00:24:44,230 --> 00:24:42,400

um but uh

647

00:24:46,070 --> 00:24:44,240

i would think that's kind of universal

648

00:24:48,310 --> 00:24:46,080

that you know you see things on your

649

00:24:50,630 --> 00:24:48,320

body that you can't explain

650

00:24:51,350 --> 00:24:50,640

and then you know it's a company with

651
00:24:53,190 --> 00:24:51,360
like

652
00:24:54,950 --> 00:24:53,200
high strangeness events uh sleep

653
00:24:57,750 --> 00:24:54,960
paralysis over

654
00:25:00,710 --> 00:24:57,760
um well for me it was since since i can

655
00:25:04,230 --> 00:25:00,720
remember as a child

656
00:25:06,710 --> 00:25:04,240
but i don't i think that's kind of uh

657
00:25:08,710 --> 00:25:06,720
indicative of being an experimenter and

658
00:25:09,909 --> 00:25:08,720
having experiences and maybe not being a

659
00:25:12,870 --> 00:25:09,919
remember

660
00:25:14,390 --> 00:25:12,880
what helped me was to get that

661
00:25:16,789 --> 00:25:14,400
regression therapy

662
00:25:17,830 --> 00:25:16,799
called qhht quantum healing hypnosis

663
00:25:19,990 --> 00:25:17,840

technique

664

00:25:22,070 --> 00:25:20,000

uh divorce cannon uh

665

00:25:24,470 --> 00:25:22,080

modality and there are practice

666

00:25:26,149 --> 00:25:24,480

practitioners just about everywhere

667

00:25:28,149 --> 00:25:26,159

my wife and i found one here in the

668

00:25:30,230 --> 00:25:28,159

tucson area in fact we invited her to

669

00:25:34,710 --> 00:25:30,240

our home for a social event

670

00:25:35,830 --> 00:25:34,720

and so these qhht practitioners they

671

00:25:37,990 --> 00:25:35,840

um

672

00:25:39,350 --> 00:25:38,000

if you go to a regular therapist they're

673

00:25:40,950 --> 00:25:39,360

going to assume that something's wrong

674

00:25:42,789 --> 00:25:40,960

with you

675

00:25:44,149 --> 00:25:42,799

they want to medicate

676
00:25:45,590 --> 00:25:44,159
you know if they can write prescriptions

677
00:25:49,110 --> 00:25:45,600
they want to medicate you right away you

678
00:25:51,190 --> 00:25:49,120
know um but the qhht practitioners

679
00:25:52,310 --> 00:25:51,200
um they deal with high strangeness all

680
00:25:55,350 --> 00:25:52,320
the time

681
00:25:57,909 --> 00:25:55,360
um and also for those who can't remember

682
00:25:59,510 --> 00:25:57,919
or maybe have disturbing

683
00:26:02,310 --> 00:25:59,520
experiences

684
00:26:04,070 --> 00:26:02,320
it's the uh or the organization for

685
00:26:06,789 --> 00:26:04,080
paranormal understanding and support

686
00:26:09,590 --> 00:26:06,799
opus network opus yeah

687
00:26:11,669 --> 00:26:09,600
u.s network and

688
00:26:13,669 --> 00:26:11,679

if you look on their website i mean

689

00:26:16,310 --> 00:26:13,679

they're all about helping people with

690

00:26:17,830 --> 00:26:16,320

experiences either to remember them or

691

00:26:19,160 --> 00:26:17,840

to be able to

692

00:26:20,470 --> 00:26:19,170

understand them or

693

00:26:22,149 --> 00:26:20,480

[Music]

694

00:26:24,789 --> 00:26:22,159

kind of take them through if it was a

695

00:26:27,430 --> 00:26:24,799

disturbing aspect trying to help them

696

00:26:28,950 --> 00:26:27,440

but with unkindness and understanding

697

00:26:30,710 --> 00:26:28,960

and love you know for the experience

698

00:26:33,990 --> 00:26:30,720

there not that oh something's wrong with

699

00:26:36,149 --> 00:26:34,000

you and so i'm a supporter of the opus

700

00:26:38,470 --> 00:26:36,159

network i think they're great and also

701

00:26:41,029 --> 00:26:38,480

qht practitioners

702

00:26:42,710 --> 00:26:41,039

uh there's probably several near

703

00:26:44,070 --> 00:26:42,720

like in any major city would have

704

00:26:45,909 --> 00:26:44,080

several

705

00:26:47,990 --> 00:26:45,919

practitioners like that

706

00:26:50,870 --> 00:26:48,000

and nathan nathan and our our first

707

00:26:53,269 --> 00:26:50,880

guest was uh carlene was the dolores

708

00:26:57,110 --> 00:26:53,279

cannon disciple as well and she lives in

709

00:26:59,350 --> 00:26:57,120

i want to s is it in oregon right nathan

710

00:27:01,990 --> 00:26:59,360

so we'll we can connect you up with her

711

00:27:03,750 --> 00:27:02,000

uh kev maybe that's a connection that

712

00:27:07,350 --> 00:27:03,760

can be made if you can't find one right

713

00:27:08,950 --> 00:27:07,360

in the sacramento area um so yeah and

714

00:27:11,350 --> 00:27:08,960

you know if i were a phenomenon and i

715

00:27:13,430 --> 00:27:11,360

were looking for biological samples i

716

00:27:15,990 --> 00:27:13,440

take a look at kevin's hair i would

717

00:27:17,990 --> 00:27:16,000

definitely want that i would you know

718

00:27:20,870 --> 00:27:18,000

for me i would take a look at me and go

719

00:27:22,789 --> 00:27:20,880

you know what we're we're good for today

720

00:27:25,750 --> 00:27:22,799

but with kevin i think they would want

721

00:27:28,230 --> 00:27:25,760

it uh deb maybe i'm a hybrid yeah

722

00:27:29,750 --> 00:27:28,240

it's quite possible debs i mean we have

723

00:27:31,190 --> 00:27:29,760

you're like the tiger that needs to be

724

00:27:32,950 --> 00:27:31,200

let out of her cage so i'm just gonna go

725

00:27:34,389 --> 00:27:32,960

ahead and unlock the cage go ahead thank

726

00:27:37,350 --> 00:27:34,399

you

727

00:27:39,909 --> 00:27:37,360

yeah um so i know that we're gonna go

728

00:27:43,750 --> 00:27:39,919

into this in more detail in the future

729

00:27:46,230 --> 00:27:43,760

um about experienter help um on the dojo

730

00:27:48,950 --> 00:27:46,240

but i wanted to give you a chance to

731

00:27:52,070 --> 00:27:48,960

explain to people about the hypnosis

732

00:27:54,310 --> 00:27:52,080

method that you're using because um you

733

00:27:56,470 --> 00:27:54,320

mentioned it again you mentioned it

734

00:27:58,470 --> 00:27:56,480

in other interviews and i i think people

735

00:28:00,389 --> 00:27:58,480

need to understand that it might not be

736

00:28:02,630 --> 00:28:00,399

necessarily the same type of hypnosis

737

00:28:03,669 --> 00:28:02,640

that they're imagining can you tell

738

00:28:05,590 --> 00:28:03,679

people

739

00:28:08,389 --> 00:28:05,600

more about the specific type that you

740

00:28:11,350 --> 00:28:08,399

were utilizing

741

00:28:13,510 --> 00:28:11,360

um so i the qhht

742

00:28:15,430 --> 00:28:13,520

modality

743

00:28:18,310 --> 00:28:15,440

is

744

00:28:24,070 --> 00:28:21,350

being able to not necessarily regress

745

00:28:25,430 --> 00:28:24,080

you but putting you into a

746

00:28:26,789 --> 00:28:25,440

a state

747

00:28:28,149 --> 00:28:26,799

where

748

00:28:30,630 --> 00:28:28,159

you are

749

00:28:32,549 --> 00:28:30,640

talking more um

750

00:28:34,070 --> 00:28:32,559

the practitioners talking more to your

751
00:28:35,590 --> 00:28:34,080
higher self

752
00:28:38,549 --> 00:28:35,600
and than to you

753
00:28:40,389 --> 00:28:38,559
and so uh what my practitioner did was

754
00:28:43,590 --> 00:28:40,399
to

755
00:28:46,149 --> 00:28:43,600
take me through some various

756
00:28:48,789 --> 00:28:46,159
kind of vision exercises

757
00:28:51,590 --> 00:28:48,799
ultimately it was like

758
00:28:53,669 --> 00:28:51,600
floating on a floating in the sky on a

759
00:28:55,830 --> 00:28:53,679
cloud sitting on a cloud

760
00:28:58,149 --> 00:28:55,840
and

761
00:29:00,630 --> 00:28:58,159
then you know just describing what i see

762
00:29:02,070 --> 00:29:00,640
around me describing my feelings and my

763
00:29:04,710 --> 00:29:02,080

sensations

764

00:29:07,350 --> 00:29:04,720

um is it warm you know because the sun

765

00:29:10,789 --> 00:29:07,360

is there and do you feel safe and then

766

00:29:13,110 --> 00:29:10,799

gradually like bringing me down gently

767

00:29:15,350 --> 00:29:13,120

and then at the point where i touched

768

00:29:16,549 --> 00:29:15,360

the earth again she asked me what do you

769

00:29:19,350 --> 00:29:16,559

see now

770

00:29:21,750 --> 00:29:19,360

and so in that state of mind which took

771

00:29:25,430 --> 00:29:21,760

about five minutes to do in that state

772

00:29:28,950 --> 00:29:25,440

of mind um i was able to like imagine

773

00:29:30,549 --> 00:29:28,960

like vividly being at some place other

774

00:29:33,750 --> 00:29:30,559

than where i was at

775

00:29:35,430 --> 00:29:33,760

and i started to refer to myself as he

776

00:29:37,029 --> 00:29:35,440

not me

777

00:29:39,830 --> 00:29:37,039

and when she

778

00:29:41,110 --> 00:29:39,840

would ask me questions she's asking my

779

00:29:44,470 --> 00:29:41,120

higher self

780

00:29:46,230 --> 00:29:44,480

referring to me in the third person

781

00:29:47,510 --> 00:29:46,240

and i refer to myself in the third

782

00:29:50,549 --> 00:29:47,520

person

783

00:29:52,389 --> 00:29:50,559

and so that was basically

784

00:29:54,389 --> 00:29:52,399

what i experienced

785

00:29:56,230 --> 00:29:54,399

and they don't lead they don't

786

00:29:58,710 --> 00:29:56,240

ask leading questions

787

00:30:00,950 --> 00:29:58,720

um they actually ask you to describe

788

00:30:01,830 --> 00:30:00,960

what you see how you feel

789

00:30:03,590 --> 00:30:01,840

uh

790

00:30:06,149 --> 00:30:03,600

look this way look that way from

791

00:30:08,950 --> 00:30:06,159

wherever you're at and describe

792

00:30:11,990 --> 00:30:08,960

what you see and so i took her

793

00:30:14,149 --> 00:30:12,000

through some various like

794

00:30:16,389 --> 00:30:14,159

um

795

00:30:18,950 --> 00:30:16,399

past lives that i had

796

00:30:22,149 --> 00:30:18,960

and it's recorded it's on um

797

00:30:24,070 --> 00:30:22,159

i have an mp3 of of my hour and a half

798

00:30:26,950 --> 00:30:24,080

almost two hour session

799

00:30:29,990 --> 00:30:26,960

and recently i i listened to it again i

800

00:30:31,990 --> 00:30:30,000

haven't heard it since it first occurred

801
00:30:33,990 --> 00:30:32,000
um several years ago and i listened to

802
00:30:35,669 --> 00:30:34,000
it again i was really surprised at what

803
00:30:38,630 --> 00:30:35,679
i said

804
00:30:41,110 --> 00:30:38,640
and uh so it's it's

805
00:30:42,870 --> 00:30:41,120
it's an interesting modality um because

806
00:30:43,750 --> 00:30:42,880
it doesn't assume

807
00:30:45,990 --> 00:30:43,760
um

808
00:30:47,830 --> 00:30:46,000
like there's any outcome there is no

809
00:30:50,070 --> 00:30:47,840
outcome there's no expectation you just

810
00:30:51,750 --> 00:30:50,080
describe what you see what you are

811
00:30:52,710 --> 00:30:51,760
feeling

812
00:30:54,710 --> 00:30:52,720
so

813
00:30:57,590 --> 00:30:54,720

that's the best i can describe it there

814

00:30:59,590 --> 00:30:57,600

are several qhht

815

00:31:01,509 --> 00:30:59,600

videos on youtube if you want to see a

816

00:31:03,430 --> 00:31:01,519

sample session

817

00:31:06,070 --> 00:31:03,440

there's several there

818

00:31:07,830 --> 00:31:06,080

there's a woman named sarah

819

00:31:10,149 --> 00:31:07,840

brexman cosmi

820

00:31:12,710 --> 00:31:10,159

and she's a level three qhht

821

00:31:15,110 --> 00:31:12,720

practitioner who works with the daughter

822

00:31:16,789 --> 00:31:15,120

of dolores cannon oh wow she's

823

00:31:21,029 --> 00:31:16,799

partnering with the daughter of dolores

824

00:31:26,389 --> 00:31:23,750

documented with permission of the client

825

00:31:28,389 --> 00:31:26,399

several other qhc sessions and there's a

826

00:31:32,310 --> 00:31:28,399

youtube channel you can look up

827

00:31:37,029 --> 00:31:32,320

sarah brexman cosmi and look at a sample

828

00:31:40,470 --> 00:31:38,870

i'm interested to do it uh deb do you

829

00:31:41,990 --> 00:31:40,480

have a follow-up for that are we going

830

00:31:44,630 --> 00:31:42,000

well first of all i wanted to say thank

831

00:31:46,870 --> 00:31:44,640

you um i was writing down notes because

832

00:31:48,710 --> 00:31:46,880

that's what i do i was like okay i'll go

833

00:31:51,269 --> 00:31:48,720

take a look at that

834

00:31:53,909 --> 00:31:51,279

but um but i was gonna say that i was

835

00:31:56,870 --> 00:31:53,919

just my only other thought is

836

00:31:58,630 --> 00:31:56,880

um sometimes personally for me when i

837

00:32:00,710 --> 00:31:58,640

meditate i don't give myself an

838

00:32:03,110 --> 00:32:00,720

expectation and i have just really

839

00:32:05,909 --> 00:32:03,120

unusual meditation experiences and i

840

00:32:07,750 --> 00:32:05,919

wonder if i'm touching on that somehow

841

00:32:10,470 --> 00:32:07,760

that same kind of

842

00:32:11,990 --> 00:32:10,480

whatever that experience is and if if

843

00:32:15,669 --> 00:32:12,000

you think that something other people

844

00:32:19,269 --> 00:32:15,679

can kind of bump into also accidentally

845

00:32:23,430 --> 00:32:21,269

um yeah when i meditate i don't have

846

00:32:24,710 --> 00:32:23,440

expectations either

847

00:32:27,350 --> 00:32:24,720

basically

848

00:32:29,350 --> 00:32:27,360

i do my meditation

849

00:32:30,950 --> 00:32:29,360

originally

850

00:32:33,590 --> 00:32:30,960

i was taught by

851
00:32:36,549 --> 00:32:33,600
another of one of my light workers glenn

852
00:32:39,029 --> 00:32:36,559
younger glenn with two ends younger

853
00:32:41,350 --> 00:32:39,039
she lives in vicenza italy i met her in

854
00:32:43,430 --> 00:32:41,360
charlotte north carolina

855
00:32:44,710 --> 00:32:43,440
um she was actually during her

856
00:32:45,669 --> 00:32:44,720
meditation

857
00:32:47,750 --> 00:32:45,679
um

858
00:32:50,310 --> 00:32:47,760
it came to her that she needed to go to

859
00:32:53,669 --> 00:32:50,320
this location i was at and she showed up

860
00:32:57,029 --> 00:32:53,679
and we just struck a conversation and um

861
00:32:59,269 --> 00:32:57,039
we just like meshed so well together um

862
00:33:00,950 --> 00:32:59,279
because she's an experiencer as well

863
00:33:01,830 --> 00:33:00,960

and uh

864

00:33:04,870 --> 00:33:01,840

through

865

00:33:07,269 --> 00:33:04,880

her meditation technique um

866

00:33:11,430 --> 00:33:07,279

which is also on youtube uh

867

00:33:13,830 --> 00:33:11,440

it first it sort of like tunes you

868

00:33:16,470 --> 00:33:13,840

to be receptive to any messages so

869

00:33:19,190 --> 00:33:16,480

there's a this idea of you know

870

00:33:21,110 --> 00:33:19,200

imagining all your energy into a like a

871

00:33:24,710 --> 00:33:21,120

sphere or a ball

872

00:33:26,149 --> 00:33:24,720

and then and then just concentrating it

873

00:33:31,509 --> 00:33:26,159

um

874

00:33:33,990 --> 00:33:31,519

or right right under your heart chakra

875

00:33:37,269 --> 00:33:34,000

and then sending it down to the to the

876

00:33:39,190 --> 00:33:37,279

lower chakras into the earth

877

00:33:41,350 --> 00:33:39,200

and thanking the earth and

878

00:33:43,590 --> 00:33:41,360

also asking earth's forgiveness for all

879

00:33:45,430 --> 00:33:43,600

the things that we've done to harm her

880

00:33:47,909 --> 00:33:45,440

and bring that energy the earth energy

881

00:33:49,909 --> 00:33:47,919

back up to through you and out through

882

00:33:51,350 --> 00:33:49,919

your crown chakra

883

00:33:54,230 --> 00:33:51,360

um and then

884

00:33:56,470 --> 00:33:54,240

out into the cosmos and just

885

00:33:58,389 --> 00:33:56,480

thanking the cosmos and just saying i'm

886

00:33:59,509 --> 00:33:58,399

open for any messages that you might

887

00:34:02,070 --> 00:33:59,519

have for me

888

00:34:04,870 --> 00:34:02,080

and then bring it all back and that

889

00:34:07,029 --> 00:34:04,880

usually works for me very well and i

890

00:34:08,069 --> 00:34:07,039

close my eyes and all of a sudden i see

891

00:34:09,270 --> 00:34:08,079

images

892

00:34:11,750 --> 00:34:09,280

pop up

893

00:34:13,589 --> 00:34:11,760

um and they're like for me they're kind

894

00:34:15,909 --> 00:34:13,599

of shaded green

895

00:34:18,550 --> 00:34:15,919

that's my color it's my favorite color

896

00:34:19,589 --> 00:34:18,560

um and so i see green images of things

897

00:34:21,669 --> 00:34:19,599

that

898

00:34:23,909 --> 00:34:21,679

i ask questions about you know like it's

899

00:34:26,149 --> 00:34:23,919

an opportunity to ask questions

900

00:34:28,310 --> 00:34:26,159

um and you might not get an answer right

901
00:34:30,230 --> 00:34:28,320
away but you're putting forth um an

902
00:34:31,829 --> 00:34:30,240
intention or a manifestation to the

903
00:34:35,109 --> 00:34:31,839
universe and

904
00:34:36,149 --> 00:34:35,119
so far i i'm surprised how well it

905
00:34:38,710 --> 00:34:36,159
worked

906
00:34:40,950 --> 00:34:38,720
uh for me uh that i sometimes get

907
00:34:42,629 --> 00:34:40,960
answers the very same day and sometimes

908
00:34:44,230 --> 00:34:42,639
it might take weeks or months but the

909
00:34:46,869 --> 00:34:44,240
answer comes

910
00:34:49,990 --> 00:34:46,879
um so that's just remarkable this type

911
00:34:52,710 --> 00:34:50,000
of meditation that she teaches

912
00:34:54,869 --> 00:34:52,720
as well so that's what i do and i'm sure

913
00:34:57,030 --> 00:34:54,879

everyone has their own meditation

914

00:35:00,710 --> 00:34:57,040

techniques

915

00:35:02,870 --> 00:35:00,720

but the the idea is to you know dedicate

916

00:35:04,470 --> 00:35:02,880

that meditation for your own good and

917

00:35:06,230 --> 00:35:04,480

for the good of others

918

00:35:08,470 --> 00:35:06,240

because you're asking questions and you

919

00:35:10,069 --> 00:35:08,480

want the answer but you want to dedicate

920

00:35:10,950 --> 00:35:10,079

that answer

921

00:35:13,510 --> 00:35:10,960

um

922

00:35:16,310 --> 00:35:13,520

to do no harm uh to use the hippocratic

923

00:35:17,670 --> 00:35:16,320

of uh do no harm and that you that you

924

00:35:22,150 --> 00:35:17,680

want to thank it

925

00:35:24,390 --> 00:35:22,160

uh that message uh and the messenger um

926
00:35:25,910 --> 00:35:24,400
and so it's it's like

927
00:35:28,550 --> 00:35:25,920
you feel this unconditional love you

928
00:35:31,270 --> 00:35:28,560
feel this connection um

929
00:35:32,950 --> 00:35:31,280
to everything and it's hard to describe

930
00:35:35,829 --> 00:35:32,960
but i don't use the the term

931
00:35:38,710 --> 00:35:35,839
unconditional love lightly i mean i you

932
00:35:40,710 --> 00:35:38,720
really feel connected to everything

933
00:35:43,030 --> 00:35:40,720
during the during the meditation i was

934
00:35:44,950 --> 00:35:43,040
taught and you are very

935
00:35:47,589 --> 00:35:44,960
receptive at that point

936
00:35:49,589 --> 00:35:47,599
um for these various messages

937
00:35:50,710 --> 00:35:49,599
and it's not that i need to understand

938
00:35:53,030 --> 00:35:50,720

the message

939

00:35:56,150 --> 00:35:53,040

right away or understand the experience

940

00:35:58,390 --> 00:35:56,160

right away but to store it away to put

941

00:36:00,150 --> 00:35:58,400

it away to archive it because in the

942

00:36:02,390 --> 00:36:00,160

future um

943

00:36:04,630 --> 00:36:02,400

i'll be able to tap into that and it

944

00:36:05,829 --> 00:36:04,640

will help me in some other aspect of my

945

00:36:07,750 --> 00:36:05,839

life

946

00:36:09,589 --> 00:36:07,760

so it's been like i said it's been very

947

00:36:10,870 --> 00:36:09,599

effective and i recommend glenn

948

00:36:13,670 --> 00:36:10,880

younger's

949

00:36:15,990 --> 00:36:13,680

modality it's it really really works

950

00:36:17,990 --> 00:36:16,000

i i love that i have a very deep

951
00:36:21,030 --> 00:36:18,000
connection with the earth i love

952
00:36:21,990 --> 00:36:21,040
touching the mud and the sand and the

953
00:36:24,950 --> 00:36:22,000
bark

954
00:36:26,550 --> 00:36:24,960
and the and the water and leaves and

955
00:36:28,230 --> 00:36:26,560
when i'm in the uh

956
00:36:30,230 --> 00:36:28,240
when i'm in the forest which these guys

957
00:36:31,589 --> 00:36:30,240
know is basically almost every single

958
00:36:34,790 --> 00:36:31,599
day that i'm off

959
00:36:36,310 --> 00:36:34,800
of work i'm i it's a tactile experience

960
00:36:38,470 --> 00:36:36,320
for me but i would love to try that

961
00:36:40,470 --> 00:36:38,480
modality and two interesting things from

962
00:36:42,470 --> 00:36:40,480
what you said is one is your favorite

963
00:36:43,589 --> 00:36:42,480

color is the color of the heart chakra

964

00:36:46,790 --> 00:36:43,599

is green

965

00:36:49,030 --> 00:36:46,800

and when you talked about non-harming uh

966

00:36:51,109 --> 00:36:49,040

that's ahimsa in the one of the five

967

00:36:51,829 --> 00:36:51,119

limbs uh the eight limbs of yoga rather

968

00:36:53,990 --> 00:36:51,839

but

969

00:36:57,190 --> 00:36:54,000

part of the first the yamas and the

970

00:36:59,670 --> 00:36:57,200

yamas ahimsa is non-harming so

971

00:37:01,190 --> 00:36:59,680

see that uh me and uh him are more

972

00:37:02,310 --> 00:37:01,200

connected by more things than just the

973

00:37:04,710 --> 00:37:02,320

military

974

00:37:06,550 --> 00:37:04,720

uh money nathan yeah i love that and

975

00:37:09,510 --> 00:37:06,560

john i love that uh

976
00:37:11,109 --> 00:37:09,520
you're so forthcoming in your personal

977
00:37:12,790 --> 00:37:11,119
experiences i think

978
00:37:14,550 --> 00:37:12,800
um

979
00:37:15,910 --> 00:37:14,560
you know growing up in the u.s and the

980
00:37:17,990 --> 00:37:15,920
west

981
00:37:21,109 --> 00:37:18,000
my perception of

982
00:37:22,390 --> 00:37:21,119
government agencies is just entirely

983
00:37:25,510 --> 00:37:22,400
painted by

984
00:37:26,870 --> 00:37:25,520
hollywood and television and it it's a

985
00:37:27,829 --> 00:37:26,880
very kind of

986
00:37:30,310 --> 00:37:27,839
uh

987
00:37:32,630 --> 00:37:30,320
mechanistic and reductionistic

988
00:37:34,310 --> 00:37:32,640

way of looking at that function and and

989

00:37:37,510 --> 00:37:34,320

i i appreciate you

990

00:37:40,230 --> 00:37:37,520

just being a person uh who hasn't

991

00:37:42,230 --> 00:37:40,240

happens to have an informed opinion and

992

00:37:44,870 --> 00:37:42,240

and i i think it's helpful for folks and

993

00:37:47,750 --> 00:37:44,880

when we dj we and i talked with uh some

994

00:37:48,870 --> 00:37:47,760

pilots it's helpful for folks to

995

00:37:50,710 --> 00:37:48,880

i think

996

00:37:53,589 --> 00:37:50,720

understand that there are human beings

997

00:37:55,030 --> 00:37:53,599

behind all these agencies and and

998

00:37:58,390 --> 00:37:55,040

particularly when we're talking about

999

00:38:00,310 --> 00:37:58,400

intelligence uh it's important that we

1000

00:38:02,630 --> 00:38:00,320

bring in that human element and bring in

1001
00:38:04,550 --> 00:38:02,640
lots of different perspectives

1002
00:38:07,109 --> 00:38:04,560
in some ways i would imagine working in

1003
00:38:10,150 --> 00:38:07,119
intelligence as a creative act

1004
00:38:12,310 --> 00:38:10,160
is that would you how would you kind of

1005
00:38:13,190 --> 00:38:12,320
weigh in on that in terms of the level

1006
00:38:16,069 --> 00:38:13,200
of

1007
00:38:18,390 --> 00:38:16,079
outside the box thinking creativity uh

1008
00:38:21,589 --> 00:38:18,400
bouncing ideas off of your colleagues

1009
00:38:23,109 --> 00:38:21,599
to getting at models that better explain

1010
00:38:25,270 --> 00:38:23,119
what it is that our

1011
00:38:28,069 --> 00:38:25,280
our intelligent art our pieces of

1012
00:38:29,910 --> 00:38:28,079
intelligence really mean

1013
00:38:31,990 --> 00:38:29,920

right so everyone brings their own

1014

00:38:35,349 --> 00:38:32,000

experiences and their own biases and

1015

00:38:38,150 --> 00:38:35,359

their own world views to any job

1016

00:38:41,349 --> 00:38:38,160

that's maybe the way we were taught we

1017

00:38:43,589 --> 00:38:41,359

were raised in whatever situation

1018

00:38:45,109 --> 00:38:43,599

social economic situation we may have

1019

00:38:46,790 --> 00:38:45,119

lived through

1020

00:38:48,710 --> 00:38:46,800

in our younger years

1021

00:38:51,109 --> 00:38:48,720

but in the intelligence community we're

1022

00:38:52,550 --> 00:38:51,119

basically looking at facts

1023

00:38:55,109 --> 00:38:52,560

and

1024

00:38:56,390 --> 00:38:55,119

the interpretation of those facts

1025

00:38:58,069 --> 00:38:56,400

is

1026
00:39:00,790 --> 00:38:58,079
based on other

1027
00:39:02,790 --> 00:39:00,800
sources of data so it's not like we're

1028
00:39:05,109 --> 00:39:02,800
presenting opinions

1029
00:39:07,190 --> 00:39:05,119
we don't present opinions

1030
00:39:08,150 --> 00:39:07,200
to the policy makers

1031
00:39:08,950 --> 00:39:08,160
however

1032
00:39:11,670 --> 00:39:08,960
we

1033
00:39:13,589 --> 00:39:11,680
do take in just about everyone else's

1034
00:39:17,109 --> 00:39:13,599
opinions out there

1035
00:39:20,390 --> 00:39:17,119
that may exist or for a particular issue

1036
00:39:22,150 --> 00:39:20,400
and we also have within the cia for

1037
00:39:24,069 --> 00:39:22,160
example we have

1038
00:39:25,910 --> 00:39:24,079

people who are

1039

00:39:27,589 --> 00:39:25,920

well-versed and trained their their

1040

00:39:31,030 --> 00:39:27,599

medical professionals

1041

00:39:32,950 --> 00:39:31,040

into thinking about what that leader

1042

00:39:35,589 --> 00:39:32,960

might be

1043

00:39:38,710 --> 00:39:35,599

basing his or her decision on

1044

00:39:42,790 --> 00:39:38,720

looking back at that leader's life

1045

00:39:44,550 --> 00:39:42,800

and whatever like um

1046

00:39:46,630 --> 00:39:44,560

long-term

1047

00:39:49,510 --> 00:39:46,640

goals that leader might have based on

1048

00:39:51,109 --> 00:39:49,520

his or her own personal experiences

1049

00:39:52,870 --> 00:39:51,119

and so that's kind of what we call

1050

00:39:55,510 --> 00:39:52,880

leadership analysis

1051
00:39:58,710 --> 00:39:55,520
and that helps us to couch things in

1052
00:40:01,589 --> 00:39:58,720
terms of why that leader is behaving

1053
00:40:03,750 --> 00:40:01,599
the way that leader is behaving you know

1054
00:40:06,069 --> 00:40:03,760
what what what is driving that leader to

1055
00:40:07,990 --> 00:40:06,079
act or to think in that way what is that

1056
00:40:12,390 --> 00:40:08,000
leader's world view

1057
00:40:15,829 --> 00:40:12,400
and so um together with that type of

1058
00:40:19,190 --> 00:40:15,839
information with technical information

1059
00:40:20,790 --> 00:40:19,200
and with other sources um telling us you

1060
00:40:22,630 --> 00:40:20,800
know informing us

1061
00:40:27,589 --> 00:40:22,640
what's going on behind the scenes in

1062
00:40:31,109 --> 00:40:27,599
another country we're able to then

1063
00:40:33,349 --> 00:40:31,990

what's

1064

00:40:35,270 --> 00:40:33,359

what

1065

00:40:37,589 --> 00:40:35,280

events might be happening

1066

00:40:39,910 --> 00:40:37,599

and so we use the terms in fact we use

1067

00:40:41,589 --> 00:40:39,920

the terms we judge we assess we believe

1068

00:40:43,109 --> 00:40:41,599

each one of those carries a certain

1069

00:40:45,510 --> 00:40:43,119

weight

1070

00:40:48,630 --> 00:40:45,520

behind it and

1071

00:40:50,630 --> 00:40:48,640

so when we say we believe

1072

00:40:52,550 --> 00:40:50,640

that's based on like

1073

00:40:54,390 --> 00:40:52,560

some assumptions there

1074

00:40:56,230 --> 00:40:54,400

because it's a belief

1075

00:40:58,309 --> 00:40:56,240

we don't have enough information but

1076

00:40:59,829 --> 00:40:58,319

based on the scan information we have we

1077

00:41:01,990 --> 00:40:59,839

believe

1078

00:41:03,510 --> 00:41:02,000

we judge is a little bit

1079

00:41:05,990 --> 00:41:03,520

higher than that

1080

00:41:07,910 --> 00:41:06,000

because when we judge about something we

1081

00:41:10,230 --> 00:41:07,920

take these

1082

00:41:13,430 --> 00:41:10,240

beliefs and we have maybe some more

1083

00:41:16,230 --> 00:41:13,440

information to make a judgment

1084

00:41:19,030 --> 00:41:16,240

but when we say we assess that means we

1085

00:41:21,990 --> 00:41:19,040

have a lot of information and so an

1086

00:41:25,829 --> 00:41:22,000

assessment that comes at um

1087

00:41:28,150 --> 00:41:25,839

a much higher degree of

1088

00:41:30,710 --> 00:41:28,160

verifiability ability

1089

00:41:32,870 --> 00:41:30,720

that we do have excellent sources and so

1090

00:41:34,630 --> 00:41:32,880

when we assess something it's just to be

1091

00:41:37,349 --> 00:41:34,640

taken seriously

1092

00:41:38,630 --> 00:41:37,359

so we have various levels of of

1093

00:41:41,109 --> 00:41:38,640

understanding

1094

00:41:43,670 --> 00:41:41,119

and so we're trained we go to a school

1095

00:41:46,470 --> 00:41:43,680

called the sherman kent school for

1096

00:41:48,470 --> 00:41:46,480

analysis every new analyst

1097

00:41:51,510 --> 00:41:48,480

at cia every new hire

1098

00:41:53,990 --> 00:41:51,520

will go through uh weeks and weeks

1099

00:41:56,390 --> 00:41:54,000

of how to be an intelligence analyst

1100

00:41:58,870 --> 00:41:56,400

regardless of their academic training we

1101
00:42:00,550 --> 00:41:58,880
have phds as well as folks with

1102
00:42:03,190 --> 00:42:00,560
bachelor's degrees going through the

1103
00:42:05,349 --> 00:42:03,200
same course how to be an analyst how to

1104
00:42:07,430 --> 00:42:05,359
do critical thinking

1105
00:42:10,230 --> 00:42:07,440
economy of words is another one how do

1106
00:42:13,430 --> 00:42:10,240
we express ourselves using uh precise

1107
00:42:15,670 --> 00:42:13,440
language with the fewest words possible

1108
00:42:18,230 --> 00:42:15,680
so there's a way we write and is we

1109
00:42:20,230 --> 00:42:18,240
teach them how to write the cia way we

1110
00:42:21,510 --> 00:42:20,240
teach them how to diagram sentences like

1111
00:42:22,950 --> 00:42:21,520
we used to do in school i don't know if

1112
00:42:25,430 --> 00:42:22,960
they do that anymore

1113
00:42:27,030 --> 00:42:25,440

but you know noun verb and some modifier

1114

00:42:28,230 --> 00:42:27,040

this is the way we write

1115

00:42:30,550 --> 00:42:28,240

and so

1116

00:42:33,349 --> 00:42:30,560

in fact the clue is

1117

00:42:35,670 --> 00:42:33,359

that the new york times

1118

00:42:37,990 --> 00:42:35,680

style guide is probably pretty close to

1119

00:42:40,069 --> 00:42:38,000

what the cia

1120

00:42:42,470 --> 00:42:40,079

follows the new york times style guide

1121

00:42:43,589 --> 00:42:42,480

and the way we construct sentences

1122

00:42:45,109 --> 00:42:43,599

so

1123

00:42:47,109 --> 00:42:45,119

that's the best answer i can give it's

1124

00:42:48,470 --> 00:42:47,119

been so long since i've been an analyst

1125

00:42:50,150 --> 00:42:48,480

but well it's fascinating and do you

1126

00:42:51,030 --> 00:42:50,160

think that we have uh

1127

00:42:52,550 --> 00:42:51,040

uh

1128

00:42:55,990 --> 00:42:52,560

you know enough of a picture of the

1129

00:42:58,950 --> 00:42:56,000

phenomenon now to be able to construct

1130

00:43:00,470 --> 00:42:58,960

those uh conclusions or assessments

1131

00:43:01,750 --> 00:43:00,480

or you know what would it take for us to

1132

00:43:03,430 --> 00:43:01,760

get

1133

00:43:05,589 --> 00:43:03,440

what kind of access would we need to be

1134

00:43:07,510 --> 00:43:05,599

able to get to that place you know is it

1135

00:43:09,750 --> 00:43:07,520

through the task force is it you know

1136

00:43:12,150 --> 00:43:09,760

getting not just what we have from our

1137

00:43:13,910 --> 00:43:12,160

sensors but also our experiencers how

1138

00:43:16,550 --> 00:43:13,920

much would we need to go to put together

1139

00:43:17,589 --> 00:43:16,560

in your opinion a a more fulsome picture

1140

00:43:20,550 --> 00:43:17,599

of

1141

00:43:22,710 --> 00:43:20,560

we're definitely more than what's

1142

00:43:24,710 --> 00:43:22,720

collected technically because what's

1143

00:43:27,270 --> 00:43:24,720

collected technically is what you see

1144

00:43:29,589 --> 00:43:27,280

now um what you see

1145

00:43:32,309 --> 00:43:29,599

when you watch the tic tac video or the

1146

00:43:35,190 --> 00:43:32,319

gimbal or go fast videos

1147

00:43:37,589 --> 00:43:35,200

or what citizens have recorded with

1148

00:43:39,030 --> 00:43:37,599

their own cameras

1149

00:43:42,309 --> 00:43:39,040

that can be considered technical

1150

00:43:44,230 --> 00:43:42,319

intelligence um but what differentiates

1151
00:43:47,109 --> 00:43:44,240
government technical intelligence is

1152
00:43:48,950 --> 00:43:47,119
that it's instrumented that is to say

1153
00:43:50,950 --> 00:43:48,960
that instead of just seeing an orbit

1154
00:43:52,870 --> 00:43:50,960
like we can actually measure what

1155
00:43:54,390 --> 00:43:52,880
wavelengths that orbital light might be

1156
00:43:56,069 --> 00:43:54,400
transmitting

1157
00:43:58,630 --> 00:43:56,079
there could be electromagnetic

1158
00:43:59,670 --> 00:43:58,640
transmissions coming from that craft for

1159
00:44:01,190 --> 00:43:59,680
example

1160
00:44:06,550 --> 00:44:01,200
some

1161
00:44:08,870 --> 00:44:06,560
influence of the field around it that we

1162
00:44:11,030 --> 00:44:08,880
can collect technically

1163
00:44:13,109 --> 00:44:11,040

but that just gives you the nuts and

1164

00:44:15,589 --> 00:44:13,119

bolts

1165

00:44:18,069 --> 00:44:15,599

idea of what we're seeing

1166

00:44:20,230 --> 00:44:18,079

what's really important is

1167

00:44:21,270 --> 00:44:20,240

to incorporate

1168

00:44:23,349 --> 00:44:21,280

how

1169

00:44:25,589 --> 00:44:23,359

seeing something like that

1170

00:44:26,550 --> 00:44:25,599

influences or

1171

00:44:28,150 --> 00:44:26,560

um

1172

00:44:30,870 --> 00:44:28,160

i don't know of a better word than

1173

00:44:33,829 --> 00:44:30,880

influence but how do we feel about what

1174

00:44:36,309 --> 00:44:33,839

we saw what meanings do we attribute to

1175

00:44:38,630 --> 00:44:36,319

what we saw because everyone who seems

1176
00:44:39,750 --> 00:44:38,640
to have or i would say not everyone but

1177
00:44:43,349 --> 00:44:39,760
most people

1178
00:44:46,630 --> 00:44:43,359
who've experienced this phenomenon

1179
00:44:49,670 --> 00:44:46,640
was affected by it in some way

1180
00:44:52,950 --> 00:44:49,680
and in most people it just opens up uh

1181
00:44:54,230 --> 00:44:52,960
channels of curiosity to just learn more

1182
00:44:55,990 --> 00:44:54,240
and i don't want to call it an

1183
00:44:58,390 --> 00:44:56,000
obsessional compulsion but all of a

1184
00:45:00,309 --> 00:44:58,400
sudden you're just so interested in

1185
00:45:03,430 --> 00:45:00,319
finding out more and more information

1186
00:45:05,510 --> 00:45:03,440
about what what one might have witnessed

1187
00:45:07,750 --> 00:45:05,520
and so that needs to be incorporated as

1188
00:45:09,829 --> 00:45:07,760

well and i would say that

1189

00:45:11,430 --> 00:45:09,839

um in within government there are many

1190

00:45:12,870 --> 00:45:11,440

many experiences

1191

00:45:15,589 --> 00:45:12,880

as i said

1192

00:45:18,390 --> 00:45:15,599

and so they need to also

1193

00:45:21,510 --> 00:45:18,400

be able to have a voice and whatever

1194

00:45:24,630 --> 00:45:21,520

investigation that might occur

1195

00:45:26,470 --> 00:45:24,640

officially because just just

1196

00:45:29,750 --> 00:45:26,480

being able to photograph

1197

00:45:31,589 --> 00:45:29,760

these craft or these orbs and just being

1198

00:45:34,630 --> 00:45:31,599

able to measure you know

1199

00:45:36,870 --> 00:45:34,640

scientifically what they mean

1200

00:45:39,510 --> 00:45:36,880

or just analyzing meta materials it

1201
00:45:42,630 --> 00:45:39,520
doesn't really tell us why they're here

1202
00:45:45,589 --> 00:45:42,640
and why do some of us interact with this

1203
00:45:47,109 --> 00:45:45,599
phenomenon on a person-to-person basis

1204
00:45:48,150 --> 00:45:47,119
the experiences we have are very

1205
00:45:51,510 --> 00:45:48,160
important

1206
00:45:53,030 --> 00:45:51,520
so i'm hoping that congress will like

1207
00:45:54,309 --> 00:45:53,040
open up channels for that type of

1208
00:45:55,349 --> 00:45:54,319
investigation

1209
00:45:58,630 --> 00:45:55,359
to occur

1210
00:46:01,190 --> 00:45:58,640
and actually ask the pentagon ask cia

1211
00:46:03,750 --> 00:46:01,200
about the experiences that maybe some of

1212
00:46:06,390 --> 00:46:03,760
us have had i'd be happy to

1213
00:46:08,470 --> 00:46:06,400

be a witness uh to tell

1214

00:46:10,710 --> 00:46:08,480

congress and share with congress what

1215

00:46:12,710 --> 00:46:10,720

what i experienced

1216

00:46:14,950 --> 00:46:12,720

while i was at cia and i'm sure there

1217

00:46:16,069 --> 00:46:14,960

are other cia officers and in fact jim

1218

00:46:18,150 --> 00:46:16,079

semivan

1219

00:46:20,230 --> 00:46:18,160

uh recently

1220

00:46:22,790 --> 00:46:20,240

revealed some of his experiences while

1221

00:46:25,750 --> 00:46:22,800

he was working at cia

1222

00:46:27,829 --> 00:46:25,760

so i'm sure there's a lot of information

1223

00:46:28,950 --> 00:46:27,839

that can help us understand this

1224

00:46:30,470 --> 00:46:28,960

phenomenon

1225

00:46:32,790 --> 00:46:30,480

at a deeper level because that's where

1226

00:46:34,550 --> 00:46:32,800

it really counts it's the message

1227

00:46:36,550 --> 00:46:34,560

i don't care how they arrived i don't

1228

00:46:37,829 --> 00:46:36,560

care who's driving them i want to know

1229

00:46:40,150 --> 00:46:37,839

why they're here and why they're

1230

00:46:41,990 --> 00:46:40,160

interacting with me and why do i receive

1231

00:46:43,670 --> 00:46:42,000

the messages i've received and what

1232

00:46:45,910 --> 00:46:43,680

others have received

1233

00:46:47,510 --> 00:46:45,920

that's very important as well

1234

00:46:49,670 --> 00:46:47,520

i think our challenge is going to be if

1235

00:46:51,990 --> 00:46:49,680

those end up in the unclass side that we

1236

00:46:54,470 --> 00:46:52,000

get in a report or if they remain behind

1237

00:46:56,710 --> 00:46:54,480

the classified side if they are in fact

1238

00:46:59,030 --> 00:46:56,720

briefed whatever they whatever

1239

00:47:01,829 --> 00:46:59,040

intelligence they're gathering in uh

1240

00:47:03,750 --> 00:47:01,839

i'm hearing i'm hearing numbers like 15

1241

00:47:05,990 --> 00:47:03,760

reports a month was a guesstimate from

1242

00:47:07,430 --> 00:47:06,000

somebody in the know i don't know i'm

1243

00:47:08,790 --> 00:47:07,440

gonna try to get a better number out

1244

00:47:10,470 --> 00:47:08,800

there but that's

1245

00:47:14,470 --> 00:47:10,480

that's significant that's you know like

1246

00:47:17,030 --> 00:47:14,480

180 you know or so a year but um

1247

00:47:19,510 --> 00:47:17,040

uh i i did appreciate nathan bringing up

1248

00:47:21,430 --> 00:47:19,520

the humanization of people that do this

1249

00:47:23,270 --> 00:47:21,440

uh chris i just want to throw out there

1250

00:47:25,270 --> 00:47:23,280

i know that john's familiar with chris

1251
00:47:27,829 --> 00:47:25,280
lato but i also want to let the audience

1252
00:47:29,829 --> 00:47:27,839
know he just did an episode with uh a

1253
00:47:32,069 --> 00:47:29,839
guy named artisan tony who i was

1254
00:47:33,990 --> 00:47:32,079
unfamiliar with who's extremely uh

1255
00:47:36,710 --> 00:47:34,000
bright person and another person who i

1256
00:47:38,470 --> 00:47:36,720
believe was a physicist and lou elizondo

1257
00:47:41,190 --> 00:47:38,480
and you want to talk about

1258
00:47:44,630 --> 00:47:41,200
chris lato beyond being an f-16 pilot

1259
00:47:45,829 --> 00:47:44,640
has a comp scientific component to him

1260
00:47:47,750 --> 00:47:45,839
that is

1261
00:47:49,109 --> 00:47:47,760
beyond what i knew and nathan and i have

1262
00:47:50,630 --> 00:47:49,119
interviewed the guy

1263
00:47:52,549 --> 00:47:50,640

so i mean

1264

00:47:54,870 --> 00:47:52,559

it's a fascinating go go into your

1265

00:47:57,270 --> 00:47:54,880

youtube and find that troy broskovitz

1266

00:47:59,589 --> 00:47:57,280

was on with us uh john he was a retired

1267

00:48:02,150 --> 00:47:59,599

colonel i flew with broskovitz in

1268

00:48:04,870 --> 00:48:02,160

special ops but he did a significant

1269

00:48:07,430 --> 00:48:04,880

amount of time in joint special ops on

1270

00:48:09,270 --> 00:48:07,440

the um let's say the command and staff

1271

00:48:12,390 --> 00:48:09,280

side for for jsoc

1272

00:48:14,710 --> 00:48:12,400

and a brilliant guy and very interested

1273

00:48:16,630 --> 00:48:14,720

to learn and open to learn and that's

1274

00:48:18,150 --> 00:48:16,640

not something that would have happened

1275

00:48:20,390 --> 00:48:18,160

you know when we were active duty he's

1276

00:48:22,549 --> 00:48:20,400

retired now flying from the airlines but

1277

00:48:25,190 --> 00:48:22,559

so yeah humanization so thank you nathan

1278

00:48:28,470 --> 00:48:25,200

for bringing that topic up um

1279

00:48:30,950 --> 00:48:28,480

i i wanted to ask you john um

1280

00:48:32,470 --> 00:48:30,960

if your primary mission is disclosure i

1281

00:48:35,910 --> 00:48:32,480

think you've acknowledged that on a

1282

00:48:37,349 --> 00:48:35,920

number of occasions and it has really

1283

00:48:40,309 --> 00:48:37,359

helped us

1284

00:48:43,270 --> 00:48:40,319

uh as a community because people can

1285

00:48:45,349 --> 00:48:43,280

look at folks like yourself folks like

1286

00:48:49,270 --> 00:48:45,359

jim and lou

1287

00:48:51,109 --> 00:48:49,280

and alex and dave fraver and say okay

1288

00:48:53,829 --> 00:48:51,119

we've got some leaders here who have

1289

00:48:56,309 --> 00:48:53,839

some credibility within the system if

1290

00:48:58,790 --> 00:48:56,319

you will now we can fall in behind and

1291

00:49:01,349 --> 00:48:58,800

and and share our experiences and and

1292

00:49:04,390 --> 00:49:01,359

and feel open to do that i would ask you

1293

00:49:07,190 --> 00:49:04,400

if if that were your primary mission

1294

00:49:09,589 --> 00:49:07,200

your secondary mission your connection

1295

00:49:11,829 --> 00:49:09,599

to the phenomenon is

1296

00:49:13,750 --> 00:49:11,839

what what do you see as your if that's

1297

00:49:16,150 --> 00:49:13,760

your primary what is your secondary

1298

00:49:18,390 --> 00:49:16,160

mission that drives you that when you

1299

00:49:20,470 --> 00:49:18,400

get up in the morning you think about

1300

00:49:22,309 --> 00:49:20,480

that in addition to disclosure we know

1301

00:49:24,069 --> 00:49:22,319

disclosure is number one

1302

00:49:26,950 --> 00:49:24,079

well it may surprise you that i don't

1303

00:49:29,510 --> 00:49:26,960

think about this all the time in fact um

1304

00:49:32,309 --> 00:49:29,520

uh it's been so much a part of my life

1305

00:49:34,950 --> 00:49:32,319

that it's like everything else that's

1306

00:49:37,510 --> 00:49:34,960

been a part of my life over a lifetime

1307

00:49:39,510 --> 00:49:37,520

um it's i don't carve anything out for

1308

00:49:40,309 --> 00:49:39,520

it other than

1309

00:49:41,510 --> 00:49:40,319

my

1310

00:49:44,950 --> 00:49:41,520

own

1311

00:49:48,309 --> 00:49:44,960

mindful meditation practices and so i'm

1312

00:49:49,750 --> 00:49:48,319

not thinking about uaps all the time

1313

00:49:51,829 --> 00:49:49,760

the reason why

1314

00:49:53,030 --> 00:49:51,839

i became more public is

1315

00:49:55,349 --> 00:49:53,040

is because

1316

00:49:57,430 --> 00:49:55,359

i know i had information to share

1317

00:50:00,069 --> 00:49:57,440

and i just wanted to share it and i one

1318

00:50:02,069 --> 00:50:00,079

of the things i wanted to share was that

1319

00:50:03,990 --> 00:50:02,079

um there's more than just these craft or

1320

00:50:06,870 --> 00:50:04,000

metallic flying in our skies there are

1321

00:50:09,829 --> 00:50:06,880

these high strangeness um

1322

00:50:11,990 --> 00:50:09,839

artifacts i call them we call them orbs

1323

00:50:14,790 --> 00:50:12,000

that don't seem to be like structured

1324

00:50:18,069 --> 00:50:14,800

craft yet they appear before people

1325

00:50:20,630 --> 00:50:18,079

and convey messages or some it has some

1326

00:50:22,069 --> 00:50:20,640

effect in people's lives

1327

00:50:24,309 --> 00:50:22,079

that for me that was an important

1328

00:50:26,950 --> 00:50:24,319

message to say that the government knows

1329

00:50:30,150 --> 00:50:26,960

about these orbs it's not just the

1330

00:50:32,549 --> 00:50:30,160

saucers are not just salsa shaped craft

1331

00:50:34,950 --> 00:50:32,559

there are orbs that government is aware

1332

00:50:37,349 --> 00:50:34,960

of and have studied

1333

00:50:40,150 --> 00:50:37,359

before there was an all sap

1334

00:50:42,470 --> 00:50:40,160

and they admit there may uh there might

1335

00:50:43,589 --> 00:50:42,480

be a higher consciousness

1336

00:50:46,230 --> 00:50:43,599

aspect

1337

00:50:49,670 --> 00:50:46,240

to the appearance of these orbs

1338

00:50:53,030 --> 00:50:49,680

in the sense that when we see these orbs

1339

00:50:54,710 --> 00:50:53,040

um our lives change in some way um

1340

00:50:56,309 --> 00:50:54,720

like i said there's there could be a

1341

00:50:58,630 --> 00:50:56,319

personal message

1342

00:51:00,390 --> 00:50:58,640

for that individual for me it was to

1343

00:51:01,670 --> 00:51:00,400

okay you know a lot of things it's time

1344

00:51:05,030 --> 00:51:01,680

for you to share

1345

00:51:07,270 --> 00:51:05,040

so that occurred in july of 2020 and

1346

00:51:09,750 --> 00:51:07,280

since that time um

1347

00:51:11,190 --> 00:51:09,760

things have fallen into place in my life

1348

00:51:12,870 --> 00:51:11,200

that i was

1349

00:51:14,549 --> 00:51:12,880

introduced to certain people that i need

1350

00:51:15,670 --> 00:51:14,559

to be introduced to

1351
00:51:18,230 --> 00:51:15,680
and to

1352
00:51:19,750 --> 00:51:18,240
be able to put together a presentation i

1353
00:51:21,829 --> 00:51:19,760
did

1354
00:51:23,910 --> 00:51:21,839
it's not that i want anybody to believe

1355
00:51:26,069 --> 00:51:23,920
that presentation at all it's just

1356
00:51:27,670 --> 00:51:26,079
that's my personal experience i'm

1357
00:51:29,910 --> 00:51:27,680
sharing what

1358
00:51:32,790 --> 00:51:29,920
i needed to do to put things together in

1359
00:51:34,950 --> 00:51:32,800
my own head uh whether it resonates with

1360
00:51:37,589 --> 00:51:34,960
people or not i wasn't too concerned

1361
00:51:39,270 --> 00:51:37,599
about so it's not a mission of trying to

1362
00:51:41,430 --> 00:51:39,280
convince people that what was in my

1363
00:51:43,109 --> 00:51:41,440

presentation is true and this is it this

1364

00:51:45,430 --> 00:51:43,119

is what's really going on

1365

00:51:47,349 --> 00:51:45,440

i have no idea but that's what i

1366

00:51:50,470 --> 00:51:47,359

experienced personally

1367

00:51:52,950 --> 00:51:50,480

so secondarily it's more like helping

1368

00:51:53,990 --> 00:51:52,960

individuals who've encountered phenomena

1369

00:51:55,990 --> 00:51:54,000

that

1370

00:51:57,670 --> 00:51:56,000

may not understand it

1371

00:52:00,950 --> 00:51:57,680

and may need help

1372

00:52:04,309 --> 00:52:00,960

and that's why i promote

1373

00:52:06,069 --> 00:52:04,319

organizations such as opus or the qhht

1374

00:52:08,309 --> 00:52:06,079

modality

1375

00:52:10,069 --> 00:52:08,319

i support those efforts

1376

00:52:11,990 --> 00:52:10,079

to help individuals

1377

00:52:14,549 --> 00:52:12,000

and thirdly um

1378

00:52:16,069 --> 00:52:14,559

i'm interested in what's known as uh exo

1379

00:52:18,549 --> 00:52:16,079

diplomacy

1380

00:52:22,069 --> 00:52:18,559

um you may have heard it as like the e.t

1381

00:52:24,790 --> 00:52:22,079

embassy um i think you know it's like

1382

00:52:26,710 --> 00:52:24,800

welcoming etc embassy from out there i

1383

00:52:28,950 --> 00:52:26,720

think they're already here

1384

00:52:31,750 --> 00:52:28,960

and they've been here a long time what i

1385

00:52:33,829 --> 00:52:31,760

don't know is like has there been any

1386

00:52:35,670 --> 00:52:33,839

interaction officially between the

1387

00:52:38,470 --> 00:52:35,680

governments of this planet

1388

00:52:40,230 --> 00:52:38,480

and these various um

1389

00:52:41,990 --> 00:52:40,240

beings that appear

1390

00:52:43,349 --> 00:52:42,000

and i don't think they're all the same

1391

00:52:44,470 --> 00:52:43,359

beings i don't know if they're all

1392

00:52:45,589 --> 00:52:44,480

friendly i don't know if they're all

1393

00:52:47,750 --> 00:52:45,599

unfriendly

1394

00:52:49,510 --> 00:52:47,760

but maybe there's been some alliances

1395

00:52:50,710 --> 00:52:49,520

made that we don't know about you know

1396

00:52:53,430 --> 00:52:50,720

that that's

1397

00:52:55,589 --> 00:52:53,440

a big piece of that disclosure puzzle

1398

00:52:57,990 --> 00:52:55,599

that i don't think we'll we'll actually

1399

00:53:00,390 --> 00:52:58,000

hear about i think there'll

1400

00:53:02,230 --> 00:53:00,400

uh always be like some somebody from

1401
00:53:03,109 --> 00:53:02,240
somewhere else not that they're already

1402
00:53:05,430 --> 00:53:03,119
here

1403
00:53:07,990 --> 00:53:05,440
um and that's a big piece of it and so

1404
00:53:10,230 --> 00:53:08,000
that's why i wanted to share that yes i

1405
00:53:12,390 --> 00:53:10,240
wasn't a meeting at that hotel

1406
00:53:14,230 --> 00:53:12,400
and that meeting actually did happen and

1407
00:53:15,990 --> 00:53:14,240
the individuals involved sponsored a

1408
00:53:19,910 --> 00:53:16,000
meeting they're real people

1409
00:53:20,870 --> 00:53:19,920
um and they talk about the fact that um

1410
00:53:23,750 --> 00:53:20,880
that

1411
00:53:25,030 --> 00:53:23,760
uh humans have alien dna and we may be

1412
00:53:26,710 --> 00:53:25,040
hybrids

1413
00:53:29,430 --> 00:53:26,720

that meeting actually occurred that

1414

00:53:31,109 --> 00:53:29,440

information i presented to

1415

00:53:33,430 --> 00:53:31,119

two credible

1416

00:53:35,829 --> 00:53:33,440

people in the field that i know would

1417

00:53:37,750 --> 00:53:35,839

have the means to investigate

1418

00:53:39,670 --> 00:53:37,760

what i revealed i told them the names of

1419

00:53:41,990 --> 00:53:39,680

the people that were involved

1420

00:53:44,150 --> 00:53:42,000

and my relationship to those people that

1421

00:53:46,309 --> 00:53:44,160

were involved in that meeting so it's up

1422

00:53:48,470 --> 00:53:46,319

to them to do the investigation if they

1423

00:53:51,750 --> 00:53:48,480

so choose

1424

00:53:54,800 --> 00:53:51,760

i don't have much doubt uh fl flareus

1425

00:53:59,190 --> 00:53:54,810

are you up my friend

1426

00:54:04,150 --> 00:54:00,950

my name is claire

1427

00:54:09,109 --> 00:54:05,750

um

1428

00:54:10,710 --> 00:54:09,119

i actually wanted to go back into

1429

00:54:13,510 --> 00:54:10,720

consciousness actually we're kind of

1430

00:54:14,950 --> 00:54:13,520

talking about that anyway but um

1431

00:54:17,430 --> 00:54:14,960

remote viewing

1432

00:54:19,589 --> 00:54:17,440

it's one of my favorite topics are you

1433

00:54:20,710 --> 00:54:19,599

you're a remote viewer right are you

1434

00:54:23,430 --> 00:54:20,720

trained

1435

00:54:25,349 --> 00:54:23,440

no you're not okay no i dabbled in it

1436

00:54:26,950 --> 00:54:25,359

like and i used the word devil because

1437

00:54:28,230 --> 00:54:26,960

basically that's all i did like most

1438

00:54:30,870 --> 00:54:28,240

people do

1439

00:54:34,150 --> 00:54:30,880

what i did was um

1440

00:54:35,270 --> 00:54:34,160

i purchased uh two of the kits um being

1441

00:54:38,309 --> 00:54:35,280

sold by

1442

00:54:39,990 --> 00:54:38,319

um ed dames and uh he was promoting

1443

00:54:40,870 --> 00:54:40,000

these remote viewing kits i don't think

1444

00:54:43,349 --> 00:54:40,880

they're

1445

00:54:45,510 --> 00:54:43,359

available anymore but he was promoting

1446

00:54:48,230 --> 00:54:45,520

a remote viewing kit during the era of

1447

00:54:49,349 --> 00:54:48,240

art bell so i purchased that kit way

1448

00:54:52,549 --> 00:54:49,359

back when

1449

00:54:54,870 --> 00:54:52,559

and a more recent one um but there

1450

00:54:58,069 --> 00:54:54,880

they've been like it's been over like a

1451
00:54:59,670 --> 00:54:58,079
decade or so that i really like sat down

1452
00:55:01,030 --> 00:54:59,680
and went through parts of that those

1453
00:55:03,030 --> 00:55:01,040
courses

1454
00:55:05,190 --> 00:55:03,040
so i got like a

1455
00:55:06,470 --> 00:55:05,200
conversational understanding of remote

1456
00:55:09,430 --> 00:55:06,480
viewing

1457
00:55:10,950 --> 00:55:09,440
i've never really seriously

1458
00:55:13,589 --> 00:55:10,960
did remote viewing

1459
00:55:15,190 --> 00:55:13,599
however having said that i know that i

1460
00:55:19,030 --> 00:55:15,200
did receive

1461
00:55:20,950 --> 00:55:19,040
some data based on remote viewing during

1462
00:55:21,910 --> 00:55:20,960
the course of my work

1463
00:55:24,309 --> 00:55:21,920

and

1464

00:55:26,630 --> 00:55:24,319

they didn't tell me what the source was

1465

00:55:30,230 --> 00:55:26,640

because the first thing an analyst would

1466

00:55:31,430 --> 00:55:30,240

want to know when receiving data was

1467

00:55:32,630 --> 00:55:31,440

where did it come from how is it

1468

00:55:34,470 --> 00:55:32,640

collected

1469

00:55:36,309 --> 00:55:34,480

because that helps us validate the

1470

00:55:38,789 --> 00:55:36,319

information that we have

1471

00:55:41,750 --> 00:55:38,799

and i was told that it was from a very

1472

00:55:44,069 --> 00:55:41,760

sensitive program and i said okay

1473

00:55:45,510 --> 00:55:44,079

and uh it was just sketches those

1474

00:55:48,069 --> 00:55:45,520

drawings

1475

00:55:50,950 --> 00:55:48,079

and a description of the drawing and

1476

00:55:52,789 --> 00:55:50,960

it's almost like a person that is like

1477

00:55:54,630 --> 00:55:52,799

the way it was written it was almost as

1478

00:55:58,230 --> 00:55:54,640

if the the person writing the

1479

00:55:59,589 --> 00:55:58,240

description was describing a dream

1480

00:56:01,750 --> 00:55:59,599

um and that

1481

00:56:03,990 --> 00:56:01,760

it seemed like a dream so real that this

1482

00:56:05,589 --> 00:56:04,000

person actually experienced something

1483

00:56:08,309 --> 00:56:05,599

and it's very different from other

1484

00:56:10,150 --> 00:56:08,319

pieces of data that i received that may

1485

00:56:12,630 --> 00:56:10,160

come from a human source

1486

00:56:14,829 --> 00:56:12,640

which is more cut and dry and

1487

00:56:17,670 --> 00:56:14,839

reports officers and the director of

1488

00:56:19,750 --> 00:56:17,680

operations they take that raw reporting

1489

00:56:21,109 --> 00:56:19,760

from a source and they put it together

1490

00:56:24,870 --> 00:56:21,119

in a report

1491

00:56:27,270 --> 00:56:24,880

for the analysts can access and use

1492

00:56:28,710 --> 00:56:27,280

it wasn't written like that it was more

1493

00:56:31,030 --> 00:56:28,720

like

1494

00:56:33,829 --> 00:56:31,040

oh this is my experience

1495

00:56:36,390 --> 00:56:33,839

i saw this and um here's what i

1496

00:56:39,190 --> 00:56:36,400

encountered so if you look at any of the

1497

00:56:42,309 --> 00:56:39,200

released uh remote viewing reports it's

1498

00:56:43,270 --> 00:56:42,319

very much like that with sketches and uh

1499

00:56:50,789 --> 00:56:43,280

so

1500

00:56:53,589 --> 00:56:50,799

on the sketches later i found out that

1501
00:56:56,950 --> 00:56:53,599
um the remote viewer actually was able

1502
00:56:58,630 --> 00:56:56,960
to see a uh a russian radar before it

1503
00:57:00,150 --> 00:56:58,640
was deployed

1504
00:57:01,990 --> 00:57:00,160
that it was like the planning for a

1505
00:57:03,589 --> 00:57:02,000
russian radar was deployed and i was

1506
00:57:05,990 --> 00:57:03,599
just amazed how

1507
00:57:09,270 --> 00:57:06,000
how close it was

1508
00:57:12,630 --> 00:57:09,280
that's so cool oh is that pat something

1509
00:57:15,030 --> 00:57:12,640
pat somebody of his name pat price

1510
00:57:20,470 --> 00:57:17,990
i i don't know pat price um i did the

1511
00:57:21,910 --> 00:57:20,480
name of the remote viewer was not part

1512
00:57:23,750 --> 00:57:21,920
of the report they didn't tell me it was

1513
00:57:26,390 --> 00:57:23,760

one remote viewing

1514

00:57:29,430 --> 00:57:26,400

but because of the nature of

1515

00:57:31,510 --> 00:57:29,440

the data i was presented sketches not

1516

00:57:34,470 --> 00:57:31,520

photographs from space

1517

00:57:37,109 --> 00:57:34,480

but someone's hand-drawn sketches

1518

00:57:39,510 --> 00:57:37,119

and someone's description of what they

1519

00:57:41,670 --> 00:57:39,520

saw in this environment

1520

00:57:44,230 --> 00:57:41,680

i don't know who exactly did the remote

1521

00:57:47,190 --> 00:57:44,240

viewing at all but that name doesn't

1522

00:57:49,270 --> 00:57:47,200

sound familiar as part of this report

1523

00:57:51,510 --> 00:57:49,280

do you know if if remote viewing is

1524

00:57:52,950 --> 00:57:51,520

still being implemented um in the cia

1525

00:57:54,630 --> 00:57:52,960

like maybe for stuff going on in the

1526

00:57:56,789 --> 00:57:54,640

world

1527

00:57:59,109 --> 00:57:56,799

uh i would say this that there's still a

1528

00:58:00,630 --> 00:57:59,119

remote viewing program but it's not a

1529

00:58:02,789 --> 00:58:00,640

government remote viewing program i

1530

00:58:04,710 --> 00:58:02,799

believe it's been outsourced

1531

00:58:07,270 --> 00:58:04,720

so yes i would say

1532

00:58:10,870 --> 00:58:07,280

yes there is remote viewing

1533

00:58:12,789 --> 00:58:10,880

but no it's not like a direct government

1534

00:58:15,430 --> 00:58:12,799

program anymore i believe it's been

1535

00:58:17,750 --> 00:58:15,440

outsourced

1536

00:58:19,510 --> 00:58:17,760

interesting thank you

1537

00:58:22,470 --> 00:58:19,520

and debs is this the part where you ask

1538

00:58:23,510 --> 00:58:22,480

about the et council

1539

00:58:25,910 --> 00:58:23,520

no

1540

00:58:28,309 --> 00:58:25,920

okay fine

1541

00:58:31,030 --> 00:58:28,319

that's gonna be a different time okay

1542

00:58:35,109 --> 00:58:31,040

all right fine it's gonna be on the dojo

1543

00:58:38,470 --> 00:58:35,119

no no no um actually um the question i

1544

00:58:40,470 --> 00:58:38,480

have is a few times i've heard you say

1545

00:58:42,390 --> 00:58:40,480

that you're surprised people haven't

1546

00:58:44,630 --> 00:58:42,400

asked you certain things

1547

00:58:46,630 --> 00:58:44,640

and actually what i'd like to know is

1548

00:58:49,430 --> 00:58:46,640

what is it that you want them to ask you

1549

00:58:51,270 --> 00:58:49,440

about that people are not asking about

1550

00:58:54,549 --> 00:58:51,280

therefore my question is what is the

1551

00:58:54,559 --> 00:58:57,270

the question

1552

00:59:02,549 --> 00:58:59,589

what this is like not being able to

1553

00:59:04,390 --> 00:59:02,559

decipher the puzzle outside the cia come

1554

00:59:06,309 --> 00:59:04,400

on john you said there are two things

1555

00:59:09,030 --> 00:59:06,319

you're waiting for people to ask you

1556

00:59:09,829 --> 00:59:09,040

no not just two just in general

1557

00:59:10,789 --> 00:59:09,839

yeah

1558

00:59:13,349 --> 00:59:10,799

okay

1559

00:59:16,789 --> 00:59:13,359

well i i made a statement before that

1560

00:59:19,190 --> 00:59:16,799

when you ask us questions the formers

1561

00:59:22,630 --> 00:59:19,200

if you ask us questions ask us questions

1562

00:59:26,390 --> 00:59:22,640

which demand a yes or no answer

1563

00:59:29,430 --> 00:59:26,400

they do not allow us to go into an essay

1564

00:59:31,270 --> 00:59:29,440

answer where we can deflect the question

1565

00:59:34,470 --> 00:59:31,280

and i'll give you that much

1566

00:59:37,430 --> 00:59:34,480

so you know when you say um for example

1567

00:59:40,870 --> 00:59:37,440

you ask me um john is there a majestic

1568

00:59:42,390 --> 00:59:40,880

12 group and i would say no

1569

00:59:44,630 --> 00:59:42,400

oh well i can give you a yes or no

1570

00:59:47,510 --> 00:59:44,640

question that came to mind and so but

1571

00:59:50,230 --> 00:59:47,520

then the question should be

1572

00:59:52,710 --> 00:59:50,240

john is there a committee

1573

00:59:55,109 --> 00:59:52,720

advising policymakers

1574

00:59:56,870 --> 00:59:55,119

and does this committee manage the ufo

1575

00:59:58,870 --> 00:59:56,880

narrative the uap narrative and they'll

1576

01:00:00,950 --> 00:59:58,880

say yes

1577

01:00:03,270 --> 01:00:00,960

we answer literally

1578

01:00:05,109 --> 01:00:03,280

what you ask and we're trained not to

1579

01:00:07,990 --> 01:00:05,119

volunteer any more

1580

01:00:09,829 --> 01:00:08,000

than what you ask

1581

01:00:11,109 --> 01:00:09,839

so you know you have to be really

1582

01:00:14,309 --> 01:00:11,119

precise

1583

01:00:17,349 --> 01:00:14,319

in in the question so if you ask one of

1584

01:00:18,710 --> 01:00:17,359

us about orbs you know and we say

1585

01:00:21,589 --> 01:00:18,720

yeah

1586

01:00:23,109 --> 01:00:21,599

the kh-11 kenan

1587

01:00:25,990 --> 01:00:23,119

spacecraft

1588

01:00:27,270 --> 01:00:26,000

may have had an ir sensor that detected

1589

01:00:29,109 --> 01:00:27,280

orbs

1590

01:00:30,870 --> 01:00:29,119

can you tell me about that

1591

01:00:33,670 --> 01:00:30,880

and i'm gonna say well i'm not

1592

01:00:35,910 --> 01:00:33,680

uncomfortable to talk about the kh-11

1593

01:00:38,150 --> 01:00:35,920

because it's a sensitive capability and

1594

01:00:40,309 --> 01:00:38,160

and i don't want to talk about it but um

1595

01:00:43,030 --> 01:00:40,319

yeah generally uh we we've studied this

1596

01:00:45,910 --> 01:00:43,040

for a long time okay so i kind of

1597

01:00:50,150 --> 01:00:45,920

deflected the orbs

1598

01:00:55,589 --> 01:00:52,069

has the government

1599

01:00:57,750 --> 01:00:55,599

studied orbs before alsat

1600

01:00:59,589 --> 01:00:57,760

yes or no

1601

01:01:01,270 --> 01:00:59,599

and the answer is yes

1602

01:01:03,109 --> 01:01:01,280

we have

1603

01:01:05,829 --> 01:01:03,119

and there i have no opportunity to

1604

01:01:08,710 --> 01:01:05,839

deflect the answer it's yes or no in

1605

01:01:11,510 --> 01:01:08,720

fact we take a polygraph test

1606

01:01:14,950 --> 01:01:11,520

in government especially cia um all the

1607

01:01:16,870 --> 01:01:14,960

questions are yes or no um melissa yes

1608

01:01:19,829 --> 01:01:16,880

yes or no answers

1609

01:01:20,870 --> 01:01:19,839

you know so it's it's no opportunity to

1610

01:01:24,150 --> 01:01:20,880

like

1611

01:01:25,670 --> 01:01:24,160

deflect uh with an essay answer you know

1612

01:01:26,470 --> 01:01:25,680

just yes or no

1613

01:01:28,710 --> 01:01:26,480

so

1614

01:01:30,870 --> 01:01:28,720

remove go ahead and i was going to say

1615

01:01:32,950 --> 01:01:30,880

your resistance training techniques are

1616

01:01:34,549 --> 01:01:32,960

right on john i could tell you did well

1617

01:01:35,110 --> 01:01:34,559

in resistance training

1618

01:01:37,109 --> 01:01:35,120

uh

1619

01:01:40,230 --> 01:01:37,119

[Laughter]

1620

01:01:42,309 --> 01:01:40,240

advanced beatings uh but anyway okay so

1621

01:01:44,710 --> 01:01:42,319

here goes one then uh jeb is saying we

1622

01:01:48,069 --> 01:01:44,720

should try one yeah so

1623

01:01:50,069 --> 01:01:48,079

uh i know that you have said before

1624

01:01:52,390 --> 01:01:50,079

that these orbs were seen in a certain

1625

01:01:54,710 --> 01:01:52,400

ir spectrum and you actually told us

1626

01:01:57,190 --> 01:01:54,720

what spectrum that they were seeing in

1627

01:01:59,510 --> 01:01:57,200

uh which tells us um

1628

01:02:01,589 --> 01:01:59,520

okay so it tells us that they're seen my

1629

01:02:04,069 --> 01:02:01,599

question would just be if there's any

1630

01:02:05,750 --> 01:02:04,079

metallic component so

1631

01:02:09,109 --> 01:02:05,760

my question would be

1632

01:02:10,870 --> 01:02:09,119

are they also painted on radar

1633

01:02:11,750 --> 01:02:10,880

yes

1634

01:02:14,230 --> 01:02:11,760

ooh

1635

01:02:16,230 --> 01:02:14,240

that raises the stakes okay next person

1636

01:02:17,270 --> 01:02:16,240

go ahead nathan

1637

01:02:19,670 --> 01:02:17,280

i love it

1638

01:02:22,470 --> 01:02:19,680

uh i've heard john that uh you have some

1639

01:02:23,670 --> 01:02:22,480

friends who've had experiences of the

1640

01:02:26,950 --> 01:02:23,680

lady

1641

01:02:28,870 --> 01:02:26,960

similar to what chris bledsoe has

1642

01:02:29,990 --> 01:02:28,880

described is that right

1643

01:02:32,789 --> 01:02:30,000

yes

1644

01:02:34,390 --> 01:02:32,799

and is um

1645

01:02:35,990 --> 01:02:34,400

what can what more can you tell us about

1646

01:02:38,230 --> 01:02:36,000

that specifically

1647

01:02:39,589 --> 01:02:38,240

uh you know kind of she seems to have

1648

01:02:41,670 --> 01:02:39,599

conveyed

1649

01:02:43,190 --> 01:02:41,680

uh

1650

01:02:46,390 --> 01:02:43,200

information about

1651

01:02:48,870 --> 01:02:46,400

the future like future

1652

01:02:50,230 --> 01:02:48,880

earth situations or

1653

01:02:51,670 --> 01:02:50,240

you know what what can you tell us about

1654

01:02:53,750 --> 01:02:51,680

that that's not a yes or no question but

1655

01:02:55,109 --> 01:02:53,760

i'd like to know what you what her

1656

01:02:56,870 --> 01:02:55,119

experiences were like there and what

1657

01:03:00,390 --> 01:02:56,880

they learned from her

1658

01:03:04,230 --> 01:03:00,400

it's more about um a a shift that will

1659

01:03:07,829 --> 01:03:04,240

be occurring um over the earth um a

1660

01:03:09,029 --> 01:03:07,839

shift in in perception uh in a shift in

1661

01:03:11,510 --> 01:03:09,039

consciousness

1662

01:03:14,150 --> 01:03:11,520

that's an elevation or enhancement of

1663

01:03:17,029 --> 01:03:14,160

our consciousness that will occur

1664

01:03:17,910 --> 01:03:17,039

over a period of time um

1665

01:03:19,670 --> 01:03:17,920

that

1666

01:03:22,069 --> 01:03:19,680

uh

1667

01:03:24,470 --> 01:03:22,079

this shift in consciousness

1668

01:03:26,470 --> 01:03:24,480

might be occurring with more of a

1669

01:03:28,069 --> 01:03:26,480

visible presence

1670

01:03:30,150 --> 01:03:28,079

um and so

1671

01:03:34,230 --> 01:03:30,160

basically that that was it and the best

1672

01:03:36,230 --> 01:03:34,240

person is to interview that person

1673

01:03:38,230 --> 01:03:36,240

himself but um

1674

01:03:39,750 --> 01:03:38,240

what he got was um

1675

01:03:40,789 --> 01:03:39,760

not necessarily a

1676
01:03:43,349 --> 01:03:40,799
warning

1677
01:03:46,710 --> 01:03:43,359
but uh more about it's it's

1678
01:03:48,549 --> 01:03:46,720
kind of a more of a enlightening

1679
01:03:50,710 --> 01:03:48,559
kind of situation where you know there's

1680
01:03:52,870 --> 01:03:50,720
a positive shift in consciousness

1681
01:03:55,190 --> 01:03:52,880
that you'll become more aware of

1682
01:03:56,150 --> 01:03:55,200
of us and why we're here

1683
01:03:57,270 --> 01:03:56,160
um

1684
01:03:58,950 --> 01:03:57,280
and so

1685
01:04:01,510 --> 01:03:58,960
along those lines

1686
01:04:05,109 --> 01:04:01,520
um so it was a white lady the lady in

1687
01:04:06,230 --> 01:04:05,119
white um much like what chris bledsoe uh

1688
01:04:08,950 --> 01:04:06,240

witnessed

1689

01:04:12,390 --> 01:04:08,960

well

1690

01:04:15,510 --> 01:04:12,400

and he's also a lifelong experimenter and

1691

01:04:21,029 --> 01:04:15,520

he's also has evidence of some kind of

1692

01:04:24,630 --> 01:04:22,870

debs has something for you something

1693

01:04:27,670 --> 01:04:24,640

very important so she says it's

1694

01:04:29,270 --> 01:04:27,680

important it must be important

1695

01:04:31,029 --> 01:04:29,280

okay i'm going to try with this yes or

1696

01:04:32,870 --> 01:04:31,039

no question thing

1697

01:04:36,069 --> 01:04:32,880

so

1698

01:04:38,870 --> 01:04:36,079

recently a certain individual has come

1699

01:04:41,750 --> 01:04:38,880

forward hinting heavily that there have

1700

01:04:45,349 --> 01:04:41,760

been biological samples

1701
01:04:48,069 --> 01:04:45,359
photos taken of occupants other nations

1702
01:04:50,710 --> 01:04:48,079
are calling these extraterrestrials

1703
01:04:53,270 --> 01:04:50,720
so to the best of your knowledge

1704
01:04:58,630 --> 01:04:53,280
yes or no does the government know

1705
01:05:03,430 --> 01:05:02,549
not all not every single craft

1706
01:05:05,829 --> 01:05:03,440
but

1707
01:05:07,589 --> 01:05:05,839
no not every single craft

1708
01:05:09,430 --> 01:05:07,599
but some

1709
01:05:12,630 --> 01:05:09,440
oh it's i would

1710
01:05:16,470 --> 01:05:14,789
okay and i know and to be fair that

1711
01:05:18,390 --> 01:05:16,480
sounds like speculation so i don't want

1712
01:05:21,349 --> 01:05:18,400
anyone going after john about that that

1713
01:05:25,029 --> 01:05:21,359

sounded like speculation is that correct

1714

01:05:27,510 --> 01:05:25,039

it's mostly speculation yes um okay and

1715

01:05:29,750 --> 01:05:27,520

in fact uh my reference is lou himself

1716

01:05:30,789 --> 01:05:29,760

he said we know who's in some of these

1717

01:05:33,270 --> 01:05:30,799

crap

1718

01:05:35,589 --> 01:05:33,280

or what's that effect if you recall so

1719

01:05:37,750 --> 01:05:35,599

we do know who's find some of these

1720

01:05:39,109 --> 01:05:37,760

um he mentions uh being able to see

1721

01:05:40,069 --> 01:05:39,119

through windows

1722

01:05:42,710 --> 01:05:40,079

so

1723

01:05:45,029 --> 01:05:42,720

um i assume that they are able to um

1724

01:05:47,910 --> 01:05:45,039

actually

1725

01:05:50,390 --> 01:05:47,920

have some knowledge of of who's in them

1726

01:05:52,390 --> 01:05:50,400

but that's a question on the u.s side i

1727

01:05:53,990 --> 01:05:52,400

know more about um

1728

01:05:55,349 --> 01:05:54,000

about the russian side what they may

1729

01:05:58,069 --> 01:05:55,359

have encountered

1730

01:06:00,710 --> 01:05:58,079

because cia we don't we don't analyze

1731

01:06:03,349 --> 01:06:00,720

you know things in the u.s right

1732

01:06:05,029 --> 01:06:03,359

we're a foreign intelligence agency not

1733

01:06:08,069 --> 01:06:05,039

a domestic intelligence agency that

1734

01:06:09,750 --> 01:06:08,079

would be like homeland security and fbi

1735

01:06:11,510 --> 01:06:09,760

doing that kind of work but we're

1736

01:06:13,670 --> 01:06:11,520

looking at foreign countries so we we're

1737

01:06:15,190 --> 01:06:13,680

more cognizant of what's what other

1738

01:06:17,190 --> 01:06:15,200

countries have seen

1739

01:06:17,589 --> 01:06:17,200

regarding this

1740

01:06:19,589 --> 01:06:17,599

and phenomenon

1741

01:06:21,589 --> 01:06:19,599

debs has a question from the chat from

1742

01:06:23,990 --> 01:06:21,599

uh your fellow panelists from the

1743

01:06:26,390 --> 01:06:24,000

experiencer panel max mccabe from

1744

01:06:27,589 --> 01:06:26,400

england so go for it debs

1745

01:06:31,589 --> 01:06:27,599

yes um

1746

01:06:34,630 --> 01:06:31,599

max says can john say how far out from

1747

01:06:36,549 --> 01:06:34,640

low earth orbit objects have been seen

1748

01:06:38,789 --> 01:06:36,559

approaching from

1749

01:06:41,109 --> 01:06:38,799

beyond moon orbit

1750

01:06:45,990 --> 01:06:41,119

or deep space

1751

01:06:48,710 --> 01:06:46,000

well um the uh nro satellites don't look

1752

01:06:51,109 --> 01:06:48,720

out there they look down on the earth

1753

01:06:54,470 --> 01:06:51,119

and on the the

1754

01:06:56,390 --> 01:06:54,480

satellites that take pictures

1755

01:06:58,710 --> 01:06:56,400

infrared satellites

1756

01:07:01,510 --> 01:06:58,720

they have various orbits i can say that

1757

01:07:03,190 --> 01:07:01,520

in the early years it was what we would

1758

01:07:06,390 --> 01:07:03,200

call low earth orbit

1759

01:07:08,870 --> 01:07:06,400

and that's defined

1760

01:07:11,430 --> 01:07:08,880

various definitions but usually

1761

01:07:14,150 --> 01:07:11,440

they're up about let's say

1762

01:07:16,470 --> 01:07:14,160

400 miles up thereabouts maybe a little

1763

01:07:18,870 --> 01:07:16,480

bit lower it depends because the orbit

1764

01:07:21,029 --> 01:07:18,880

isn't completely circular

1765

01:07:22,870 --> 01:07:21,039

um and some of them are in what we call

1766

01:07:23,750 --> 01:07:22,880

high elliptical

1767

01:07:26,470 --> 01:07:23,760

um

1768

01:07:28,230 --> 01:07:26,480

where we want the high part of that

1769

01:07:29,270 --> 01:07:28,240

ellipse to be over the target of

1770

01:07:32,549 --> 01:07:29,280

interest

1771

01:07:35,510 --> 01:07:32,559

and the low part being closer to home

1772

01:07:38,069 --> 01:07:35,520

why is the reason because when you go

1773

01:07:40,309 --> 01:07:38,079

toward the high part you're up

1774

01:07:41,910 --> 01:07:40,319

in space with longer persistence over

1775

01:07:45,190 --> 01:07:41,920

our targets of interest countries of

1776

01:07:47,109 --> 01:07:45,200

interest and as we then descend

1777

01:07:48,549 --> 01:07:47,119

into the low part of the ellipse we're

1778

01:07:50,390 --> 01:07:48,559

flying over the u.s that's where the

1779

01:07:52,470 --> 01:07:50,400

data does occur so you want to dump the

1780

01:07:54,870 --> 01:07:52,480

data closer to the ground but you want

1781

01:07:56,870 --> 01:07:54,880

to take the pictures high above so that

1782

01:08:00,069 --> 01:07:56,880

you have more persistence

1783

01:08:01,670 --> 01:08:00,079

um i can answer that way and also

1784

01:08:03,990 --> 01:08:01,680

some of the infrared satellites that we

1785

01:08:06,230 --> 01:08:04,000

have the new ones i can say sievers

1786

01:08:08,630 --> 01:08:06,240

sbirs sievers

1787

01:08:10,870 --> 01:08:08,640

uh that's not a classified term

1788

01:08:12,950 --> 01:08:10,880

whatsoever you can like google it and

1789

01:08:15,109 --> 01:08:12,960

you can wikipedia it

1790

01:08:16,709 --> 01:08:15,119

um they have various orbits

1791

01:08:19,590 --> 01:08:16,719

and one of them is a geosynchronous

1792

01:08:21,269 --> 01:08:19,600

orbit this sievers geo and that means

1793

01:08:22,789 --> 01:08:21,279

it's flying

1794

01:08:25,349 --> 01:08:22,799

high enough so that

1795

01:08:26,550 --> 01:08:25,359

it faces the same point on earth all the

1796

01:08:29,030 --> 01:08:26,560

time

1797

01:08:30,309 --> 01:08:29,040

so we have those satellites as well and

1798

01:08:32,309 --> 01:08:30,319

obviously they're going to be

1799

01:08:35,590 --> 01:08:32,319

persistently looking over targets of

1800

01:08:37,990 --> 01:08:35,600

interest in the other hemisphere

1801

01:08:40,229 --> 01:08:38,000

and i can also say this that okay so

1802

01:08:42,390 --> 01:08:40,239

you're in high earth orbit

1803

01:08:43,510 --> 01:08:42,400

or like geosynchronous orbit and you're

1804

01:08:44,709 --> 01:08:43,520

on the other side of the world how do

1805

01:08:47,349 --> 01:08:44,719

you get the data

1806

01:08:48,630 --> 01:08:47,359

i can say that um it's not classified

1807

01:08:51,110 --> 01:08:48,640

that we use

1808

01:08:53,910 --> 01:08:51,120

a data relay satellite system

1809

01:08:56,390 --> 01:08:53,920

called tdrss tdrs

1810

01:08:57,990 --> 01:08:56,400

that's what nasa uses for a lot of uh

1811

01:08:59,990 --> 01:08:58,000

manned space flight

1812

01:09:01,110 --> 01:09:00,000

uh be able to communicate

1813

01:09:02,950 --> 01:09:01,120

um

1814

01:09:05,030 --> 01:09:02,960

around the earth no matter where you are

1815

01:09:06,870 --> 01:09:05,040

this constellation

1816

01:09:08,789 --> 01:09:06,880

that we can communicate so they

1817

01:09:11,030 --> 01:09:08,799

link data to that and eventually gets

1818

01:09:13,349 --> 01:09:11,040

down to the earth so that's classified

1819

01:09:16,789 --> 01:09:13,359

you can look at this uh thanks for a

1820

01:09:19,030 --> 01:09:16,799

space telescope however uh so far away

1821

01:09:20,789 --> 01:09:19,040

they need to use the big huge giant

1822

01:09:22,470 --> 01:09:20,799

dishes

1823

01:09:24,070 --> 01:09:22,480

like i think goldstone is one in

1824

01:09:26,789 --> 01:09:24,080

california

1825

01:09:29,669 --> 01:09:26,799

this deep space network to be able to

1826

01:09:32,309 --> 01:09:29,679

talk to the james webb space telescope

1827

01:09:35,510 --> 01:09:32,319

out there but nasa's looking out

1828

01:09:36,870 --> 01:09:35,520

nasa also looks in somewhat because they

1829

01:09:39,349 --> 01:09:36,880

work with

1830

01:09:40,229 --> 01:09:39,359

noaa for weather satellites

1831

01:09:45,590 --> 01:09:40,239

so

1832

01:09:46,709 --> 01:09:45,600

um but the intelligence community

1833

01:09:48,149 --> 01:09:46,719

um

1834

01:09:49,590 --> 01:09:48,159

we're looking down on the earth because

1835

01:09:50,470 --> 01:09:49,600

that's our target

1836

01:09:53,110 --> 01:09:50,480

and

1837

01:09:56,470 --> 01:09:53,120

uh when they were first detected um they

1838

01:09:58,790 --> 01:09:56,480

were flying in low earth orbit time

1839

01:10:01,910 --> 01:09:58,800

a lot of your global warming data comes

1840

01:10:04,470 --> 01:10:01,920

from nasa noaa and then uh the europeans

1841

01:10:06,790 --> 01:10:04,480

have one as well but a lot of those

1842

01:10:08,470 --> 01:10:06,800

i did some some study on that in school

1843

01:10:10,630 --> 01:10:08,480

and uh nasa has

1844

01:10:12,550 --> 01:10:10,640

got some great technology that they've

1845

01:10:16,550 --> 01:10:12,560

tracking global warming

1846

01:10:20,390 --> 01:10:16,560

um so uh deb i think has a follow-up and

1847

01:10:25,510 --> 01:10:23,350

dab hello sorry i'm i'm scrolling back

1848

01:10:26,390 --> 01:10:25,520

up because there's a second part there

1849

01:10:27,350 --> 01:10:26,400

it is

1850

01:10:30,149 --> 01:10:27,360

um

1851

01:10:32,790 --> 01:10:30,159

can you confirm or deny whether the

1852

01:10:35,510 --> 01:10:32,800

atlantis shuttle return was delayed due

1853

01:10:37,510 --> 01:10:35,520

to the orbs blocking the re-entry flight

1854

01:10:38,550 --> 01:10:37,520

path

1855

01:10:40,149 --> 01:10:38,560

i can't

1856

01:10:43,110 --> 01:10:40,159

confirm or deny anything i had no

1857

01:10:46,950 --> 01:10:45,430

okay yeah i think that i guess people

1858

01:10:49,910 --> 01:10:46,960

are just trying to figure out exactly

1859

01:10:51,830 --> 01:10:49,920

where those orbs were placed and and i

1860

01:10:54,709 --> 01:10:51,840

did get from what you were saying

1861

01:10:56,950 --> 01:10:54,719

they're actually fairly close um

1862

01:10:59,750 --> 01:10:56,960

which is you know it leads people to

1863

01:11:01,270 --> 01:10:59,760

just kind of wonder how far out in space

1864

01:11:03,910 --> 01:11:01,280

we're looking when we're looking for

1865

01:11:05,189 --> 01:11:03,920

these objects in general but

1866

01:11:07,030 --> 01:11:05,199

i guess we'll find out more in the

1867

01:11:08,310 --> 01:11:07,040

future when nasa starts telling us some

1868

01:11:11,110 --> 01:11:08,320

more right

1869

01:11:12,550 --> 01:11:11,120

right and the space shuttles um they're

1870

01:11:15,510 --> 01:11:12,560

not flying

1871

01:11:17,270 --> 01:11:15,520

as high as some of our narrow satellites

1872

01:11:19,350 --> 01:11:17,280

they're flying a lot lower

1873

01:11:21,910 --> 01:11:19,360

than that and in international space

1874

01:11:22,870 --> 01:11:21,920

station they're not flying like way up

1875

01:11:24,470 --> 01:11:22,880

there

1876
01:11:25,350 --> 01:11:24,480
they're much closer to the earth than we

1877
01:11:27,350 --> 01:11:25,360
think

1878
01:11:28,460 --> 01:11:27,360
still in space but much closer to the

1879
01:11:29,750 --> 01:11:28,470
earth than we think

1880
01:11:32,070 --> 01:11:29,760
[Music]

1881
01:11:33,189 --> 01:11:32,080
so as far as an orb getting in the way

1882
01:11:35,189 --> 01:11:33,199
of a

1883
01:11:37,430 --> 01:11:35,199
shuttle i i've not heard about that at

1884
01:11:39,350 --> 01:11:37,440
all

1885
01:11:41,030 --> 01:11:39,360
i wish we would have had terry virtsa we

1886
01:11:43,350 --> 01:11:41,040
got to get john and terry verts on

1887
01:11:44,870 --> 01:11:43,360
together to talk about his experiences

1888
01:11:46,390 --> 01:11:44,880

on he's got

1889

01:11:48,229 --> 01:11:46,400

you know several missions to the space

1890

01:11:49,430 --> 01:11:48,239

station so i'd love i'm sure you've got

1891

01:11:52,149 --> 01:11:49,440

you'd have great

1892

01:11:53,830 --> 01:11:52,159

questions for terry he's also uh he's

1893

01:11:55,110 --> 01:11:53,840

not like a uf he's definitely interested

1894

01:11:57,350 --> 01:11:55,120

in this topic enough to have a good

1895

01:12:00,709 --> 01:11:57,360

discussion kev did you have something

1896

01:12:06,790 --> 01:12:03,189

i had a yes or no question about orbs oh

1897

01:12:09,189 --> 01:12:06,800

go here we go yeah okay so yes or no

1898

01:12:11,590 --> 01:12:09,199

orbs and sleep paralysis is there a

1899

01:12:13,910 --> 01:12:11,600

connection

1900

01:12:17,510 --> 01:12:13,920

orbs and what was the last part

1901

01:12:21,270 --> 01:12:19,430

i have to say no because i never

1902

01:12:22,709 --> 01:12:21,280

experienced an orb that caused sleep

1903

01:12:27,590 --> 01:12:22,719

paralysis

1904

01:12:29,350 --> 01:12:27,600

aware of an orb causing it

1905

01:12:31,590 --> 01:12:29,360

at all

1906

01:12:33,510 --> 01:12:31,600

for me it was mostly waking up in that

1907

01:12:35,830 --> 01:12:33,520

state and

1908

01:12:37,350 --> 01:12:35,840

seeing a

1909

01:12:39,110 --> 01:12:37,360

shadow presence

1910

01:12:41,350 --> 01:12:39,120

in my bedroom

1911

01:12:44,950 --> 01:12:41,360

all right

1912

01:12:44,960 --> 01:12:49,350

you love me sir um

1913

01:12:56,390 --> 01:12:51,669

in your informed opinion and speculation

1914

01:13:00,229 --> 01:12:59,270

get answers to our questions within

1915

01:13:02,390 --> 01:13:00,239

the next

1916

01:13:05,510 --> 01:13:02,400

10 to 20 years

1917

01:13:09,990 --> 01:13:05,520

well um the best answer i can give you

1918

01:13:12,310 --> 01:13:10,000

is that the aoi msg which owes a 180-day

1919

01:13:15,030 --> 01:13:12,320

report so that's twice a year

1920

01:13:16,149 --> 01:13:15,040

is in operation uh through uh 30

1921

01:13:18,390 --> 01:13:16,159

september

1922

01:13:20,470 --> 01:13:18,400

of 2026 and after that there's no more

1923

01:13:22,149 --> 01:13:20,480

aoi msg so

1924

01:13:22,950 --> 01:13:22,159

if they're going to give us answers they

1925

01:13:24,630 --> 01:13:22,960

got

1926

01:13:27,189 --> 01:13:24,640

through that construct of that

1927

01:13:30,070 --> 01:13:27,199

legislation they got um from now until

1928

01:13:32,470 --> 01:13:30,080

the next four or five years to do so

1929

01:13:35,669 --> 01:13:32,480

um and after that congress will have to

1930

01:13:37,750 --> 01:13:35,679

re-legislate anything so i keep hearing

1931

01:13:39,430 --> 01:13:37,760

that um you know what we should do uh

1932

01:13:41,430 --> 01:13:39,440

and this i believe comes from lou that

1933

01:13:43,750 --> 01:13:41,440

we should uh find a hobby for the next

1934

01:13:46,149 --> 01:13:43,760

five years

1935

01:13:48,709 --> 01:13:46,159

and so i was thinking about that and go

1936

01:13:51,110 --> 01:13:48,719

that's interesting because you know

1937

01:13:54,950 --> 01:13:51,120

there's that in black and white in inc

1938

01:13:57,669 --> 01:13:54,960

you know 30 september 2026 is the end of

1939

01:13:59,510 --> 01:13:57,679

the aoi msg effort so does that mean

1940

01:14:02,390 --> 01:13:59,520

that they're pacing it so that we get to

1941

01:14:04,070 --> 01:14:02,400

know a lot more or if not everything

1942

01:14:05,910 --> 01:14:04,080

until then i don't think we know

1943

01:14:07,990 --> 01:14:05,920

everything but i think we will learn a

1944

01:14:09,990 --> 01:14:08,000

lot more than what we know now

1945

01:14:11,990 --> 01:14:10,000

um and

1946

01:14:13,990 --> 01:14:12,000

i'll be curious to see exactly what the

1947

01:14:17,590 --> 01:14:14,000

government will reveal i know what they

1948

01:14:19,510 --> 01:14:17,600

can reveal i don't know if they go there

1949

01:14:21,510 --> 01:14:19,520

yeah we were talking with uh christopher

1950

01:14:23,669 --> 01:14:21,520

sharp recently of uh the liberation

1951

01:14:25,110 --> 01:14:23,679

times and he

1952

01:14:27,510 --> 01:14:25,120

it was kind of a throwaway comment but

1953

01:14:30,870 --> 01:14:27,520

he mentioned that there may be more to

1954

01:14:33,189 --> 01:14:30,880

the uh doctor hey michelle comment from

1955

01:14:34,950 --> 01:14:33,199

uh you may remember him making a comment

1956

01:14:36,390 --> 01:14:34,960

he was the former i guess head of

1957

01:14:37,350 --> 01:14:36,400

israeli space

1958

01:14:39,750 --> 01:14:37,360

um

1959

01:14:41,430 --> 01:14:39,760

that the galactic federation there may

1960

01:14:43,270 --> 01:14:41,440

be some more truth to that and so i

1961

01:14:45,030 --> 01:14:43,280

guess my question for you related to

1962

01:14:47,430 --> 01:14:45,040

that is uh

1963

01:14:50,070 --> 01:14:47,440

do you believe that we are in any type

1964

01:14:53,270 --> 01:14:50,080

of cooperation with

1965

01:14:56,550 --> 01:14:54,550

again this is going to be more

1966

01:14:59,430 --> 01:14:56,560

speculation on my parks i have not heard

1967

01:15:02,470 --> 01:14:59,440

of anything like that having said that

1968

01:15:04,229 --> 01:15:02,480

i have to believe that

1969

01:15:07,510 --> 01:15:04,239

again not knowing what's going on in the

1970

01:15:10,070 --> 01:15:07,520

united states um that in in russia and

1971

01:15:11,910 --> 01:15:10,080

prior to russia the soviet union there

1972

01:15:12,709 --> 01:15:11,920

were efforts to make contact

1973

01:15:14,870 --> 01:15:12,719

um

1974

01:15:17,270 --> 01:15:14,880

close and personal contact

1975

01:15:18,790 --> 01:15:17,280

more like um

1976

01:15:20,470 --> 01:15:18,800

close accounts of the third kind of

1977

01:15:24,310 --> 01:15:20,480

contact

1978

01:15:26,790 --> 01:15:24,320

and i reference the major general

1979

01:15:29,189 --> 01:15:26,800

alekseev who said that the

1980

01:15:30,950 --> 01:15:29,199

soviet government instructed

1981

01:15:33,750 --> 01:15:30,960

the soviet military to try to make

1982

01:15:36,870 --> 01:15:33,760

contact using various devices

1983

01:15:42,310 --> 01:15:39,830

radar stations and uh telescopes

1984

01:15:43,270 --> 01:15:42,320

instrumented telescopes with lasers on

1985

01:15:45,110 --> 01:15:43,280

them

1986

01:15:47,270 --> 01:15:45,120

and that they did make contact and they

1987

01:15:50,950 --> 01:15:47,280

were able to interact with um these

1988

01:15:53,590 --> 01:15:50,960

craft like really close to the ground

1989

01:15:55,270 --> 01:15:53,600

to the point where the humans were like

1990

01:15:56,470 --> 01:15:55,280

facing the craft and the craft was

1991

01:15:58,950 --> 01:15:56,480

reacting

1992

01:16:00,149 --> 01:15:58,960

uh to human gestures of the arms and

1993

01:16:01,110 --> 01:16:00,159

hands

1994

01:16:06,870 --> 01:16:01,120

so

1995

01:16:09,030 --> 01:16:06,880

i don't know um but uh i wouldn't be

1996

01:16:11,110 --> 01:16:09,040

surprised if

1997

01:16:14,070 --> 01:16:11,120

we might have had similar

1998

01:16:15,110 --> 01:16:14,080

type of uh encounters

1999

01:16:16,790 --> 01:16:15,120

um

2000

01:16:18,149 --> 01:16:16,800

that haven't

2001

01:16:20,550 --> 01:16:18,159

been made

2002

01:16:23,110 --> 01:16:20,560

or haven't been publicly disclosed

2003

01:16:24,390 --> 01:16:23,120

that's the thing um how much

2004

01:16:28,229 --> 01:16:24,400

have we

2005

01:16:30,470 --> 01:16:28,239

interacted with whoever

2006

01:16:32,790 --> 01:16:30,480

is on board these craft

2007

01:16:35,830 --> 01:16:32,800

um that's probably a really really

2008

01:16:37,669 --> 01:16:35,840

deeper secret probably more secret than

2009

01:16:39,590 --> 01:16:37,679

um the fact that we may have exploited

2010

01:16:41,110 --> 01:16:39,600

the craft you know that's easier to

2011

01:16:43,669 --> 01:16:41,120

swallow then

2012

01:16:44,550 --> 01:16:43,679

uh yeah they came out and we greeted

2013

01:16:46,630 --> 01:16:44,560

them

2014

01:16:48,790 --> 01:16:46,640

or wherever they might have done

2015

01:16:51,270 --> 01:16:48,800

that you know you hear stories about uh

2016

01:16:52,870 --> 01:16:51,280

holloman air force base and whatnot here

2017

01:16:55,030 --> 01:16:52,880

all these stories come out

2018

01:16:56,950 --> 01:16:55,040

um it's hard to prove because there's

2019

01:16:58,149 --> 01:16:56,960

really you know other than speculation

2020

01:17:00,390 --> 01:16:58,159

and other than

2021

01:17:01,830 --> 01:17:00,400

uh some people saying i was there or i

2022

01:17:03,270 --> 01:17:01,840

knew someone who was there and they

2023

01:17:05,189 --> 01:17:03,280

swore to it

2024

01:17:07,830 --> 01:17:05,199

it's hard to like say this actually

2025

01:17:12,310 --> 01:17:09,669

that's the hard part is are we ever

2026

01:17:13,669 --> 01:17:12,320

going to see that in intel is are the

2027

01:17:15,270 --> 01:17:13,679

lawmakers ever going to see that

2028

01:17:19,270 --> 01:17:15,280

intelligence or are they only going to

2029

01:17:20,950 --> 01:17:19,280

see what happened from 2017 and here to

2030

01:17:23,270 --> 01:17:20,960

four i mean i i don't

2031

01:17:25,990 --> 01:17:23,280

i don't know uh i

2032

01:17:27,430 --> 01:17:26,000

i would like to oh um deb's got one

2033

01:17:29,270 --> 01:17:27,440

thing i'm gonna ask one question about

2034

01:17:31,350 --> 01:17:29,280

your colleague and then we'll come back

2035

01:17:34,229 --> 01:17:31,360

to debs uh and this is basically like

2036

01:17:36,149 --> 01:17:34,239

the appetizer uh before you go on the

2037

01:17:38,310 --> 01:17:36,159

deb's data dojo this is like the poo poo

2038

01:17:40,630 --> 01:17:38,320

platter but don't eat all the fantail

2039

01:17:44,950 --> 01:17:40,640

shrimp because you know you got several

2040

01:17:46,870 --> 01:17:44,960

main courses coming up on on the dojo um

2041

01:17:49,189 --> 01:17:46,880

so uh

2042

01:17:50,790 --> 01:17:49,199

relative to your colleague anjali who i

2043

01:17:53,830 --> 01:17:50,800

believe you said you've been in touch

2044

01:17:55,350 --> 01:17:53,840

with she is my ufo twitter crush so i

2045

01:17:56,950 --> 01:17:55,360

just want to lay that on the table

2046

01:17:59,590 --> 01:17:56,960

before we go any further

2047

01:18:02,229 --> 01:17:59,600

um but um

2048

01:18:04,790 --> 01:18:02,239

in terms of her experience are you

2049

01:18:06,070 --> 01:18:04,800

somebody that would have wanted to go to

2050

01:18:08,870 --> 01:18:06,080

the cave

2051

01:18:11,990 --> 01:18:08,880

with her had you had she spoken about

2052

01:18:14,870 --> 01:18:12,000

that with her when it was still an

2053

01:18:17,030 --> 01:18:14,880

impending german uh a journey that she

2054

01:18:19,830 --> 01:18:17,040

was to take and is now

2055

01:18:21,189 --> 01:18:19,840

in doubt due to uh a lot of the doctors

2056

01:18:23,830 --> 01:18:21,199

out there

2057

01:18:28,390 --> 01:18:23,840

yeah i mean who wouldn't right

2058

01:18:31,030 --> 01:18:28,400

um having said that um uh

2059

01:18:32,709 --> 01:18:31,040

i'm i will have to state that she is a

2060

01:18:35,590 --> 01:18:32,719

defense intelligence

2061

01:18:39,350 --> 01:18:35,600

agency retired officer

2062

01:18:41,669 --> 01:18:39,360

so um let's dispel that myth um

2063

01:18:45,110 --> 01:18:41,679

i've spoken with her personally

2064

01:18:47,270 --> 01:18:45,120

and i knew um through other to another

2065

01:18:49,030 --> 01:18:47,280

source that her background has been

2066

01:18:50,790 --> 01:18:49,040

validated she was with the defense

2067

01:18:53,110 --> 01:18:50,800

intelligence agency

2068

01:18:55,590 --> 01:18:53,120

um but yeah i would love to have gone

2069

01:18:57,990 --> 01:18:55,600

into the cave with her um

2070

01:18:59,669 --> 01:18:58,000

but um just going into a cave i mean i

2071

01:19:01,750 --> 01:18:59,679

don't know what that would purpose that

2072

01:19:03,510 --> 01:19:01,760

would serve unless you go there to

2073

01:19:04,630 --> 01:19:03,520

document you know

2074

01:19:07,270 --> 01:19:04,640

i would go in there with some

2075

01:19:08,550 --> 01:19:07,280

instrumentation to see exactly is it

2076

01:19:11,430 --> 01:19:08,560

something that

2077

01:19:14,470 --> 01:19:11,440

um that they presented themselves to her

2078

01:19:17,189 --> 01:19:14,480

only or can other people see

2079

01:19:19,669 --> 01:19:17,199

as well are they corporeal

2080

01:19:21,750 --> 01:19:19,679

or are they more energetic type beings

2081

01:19:24,070 --> 01:19:21,760

that there's you can see the energy

2082

01:19:26,070 --> 01:19:24,080

signature of them but not necessarily

2083

01:19:28,149 --> 01:19:26,080

them in the in the flesh

2084

01:19:30,229 --> 01:19:28,159

but yeah i mean who wouldn't i mean i

2085

01:19:32,790 --> 01:19:30,239

would volunteer to go if offered the

2086

01:19:35,030 --> 01:19:32,800

opportunity when you've spoken with her

2087

01:19:37,270 --> 01:19:35,040

about it what is the feeling you get

2088

01:19:39,510 --> 01:19:37,280

from because it's such a prolific

2089

01:19:41,669 --> 01:19:39,520

experience it it blows my mind every

2090

01:19:44,709 --> 01:19:41,679

time that i hear her tell it what did

2091

01:19:45,990 --> 01:19:44,719

you feel when you when she spoke about

2092

01:19:48,390 --> 01:19:46,000

it with you

2093

01:19:50,950 --> 01:19:48,400

well we didn't really talk too much

2094

01:19:53,669 --> 01:19:50,960

about on the cave so much

2095

01:19:56,310 --> 01:19:53,679

as sharing our personal experiences

2096

01:19:59,990 --> 01:19:56,320

um we went there more than anything and

2097

01:20:02,630 --> 01:20:00,000

the fact that we know we both know that

2098

01:20:04,790 --> 01:20:02,640

within her agency dia within my age and

2099

01:20:07,030 --> 01:20:04,800

cia there are people who

2100

01:20:08,470 --> 01:20:07,040

have been experiencers that are not

2101
01:20:10,550 --> 01:20:08,480
forthcoming

2102
01:20:12,629 --> 01:20:10,560
um and they're afraid to come out you

2103
01:20:14,870 --> 01:20:12,639
know especially if they're still serving

2104
01:20:16,470 --> 01:20:14,880
within their their agencies

2105
01:20:18,390 --> 01:20:16,480
but there are a lot of retirees that

2106
01:20:19,910 --> 01:20:18,400
might be able to

2107
01:20:22,149 --> 01:20:19,920
share what they know

2108
01:20:23,430 --> 01:20:22,159
but

2109
01:20:25,430 --> 01:20:23,440
other than that

2110
01:20:26,870 --> 01:20:25,440
we didn't talk too much about the cave

2111
01:20:28,229 --> 01:20:26,880
itself

2112
01:20:29,910 --> 01:20:28,239
um

2113
01:20:31,910 --> 01:20:29,920

i would love to

2114

01:20:33,990 --> 01:20:31,920

know where the cave is at i mean i mean

2115

01:20:36,629 --> 01:20:34,000

i would think that there might be remote

2116

01:20:38,470 --> 01:20:36,639

sensing ways to determine

2117

01:20:40,470 --> 01:20:38,480

uh you know there's ground penetrating

2118

01:20:41,910 --> 01:20:40,480

radar and things like that that you can

2119

01:20:44,070 --> 01:20:41,920

bring to bear

2120

01:20:46,390 --> 01:20:44,080

on something like that um

2121

01:20:47,669 --> 01:20:46,400

the location of it you can access it

2122

01:20:50,470 --> 01:20:47,679

probably

2123

01:20:51,270 --> 01:20:50,480

with instrumentation from a distance

2124

01:20:53,430 --> 01:20:51,280

um

2125

01:20:55,189 --> 01:20:53,440

i would be interested in that but

2126
01:20:57,270 --> 01:20:55,199
most of our conversations have been very

2127
01:21:00,070 --> 01:20:57,280
personal about our experiences and how

2128
01:21:03,910 --> 01:21:00,080
it affected our lives having said that i

2129
01:21:05,590 --> 01:21:03,920
i will reveal that um i did express um

2130
01:21:08,070 --> 01:21:05,600
that i wish she would have gone through

2131
01:21:10,310 --> 01:21:08,080
official channels within the dia and the

2132
01:21:12,709 --> 01:21:10,320
defense department

2133
01:21:13,930 --> 01:21:12,719
to get that do psr kind of stamp of

2134
01:21:15,270 --> 01:21:13,940
approval and

2135
01:21:17,189 --> 01:21:15,280
[Music]

2136
01:21:19,189 --> 01:21:17,199
that's that's the official review

2137
01:21:21,110 --> 01:21:19,199
process within the department to say

2138
01:21:22,310 --> 01:21:21,120

okay you can say this it's not

2139

01:21:24,070 --> 01:21:22,320
classified

2140

01:21:25,669 --> 01:21:24,080
it's the same thing i did with cia

2141

01:21:27,990 --> 01:21:25,679
through our pre-publication

2142

01:21:30,550 --> 01:21:28,000
classification review board they review

2143

01:21:32,870 --> 01:21:30,560
what you want to reveal and they

2144

01:21:34,550 --> 01:21:32,880
determine what can and cannot be said

2145

01:21:35,830 --> 01:21:34,560
and i wish she went through that process

2146

01:21:38,310 --> 01:21:35,840
because that would have given her a lot

2147

01:21:40,950 --> 01:21:38,320
of validity ahead of time because in

2148

01:21:43,110 --> 01:21:40,960
order to go to the opsr

2149

01:21:45,590 --> 01:21:43,120
you have to be in the intelligence

2150

01:21:46,629 --> 01:21:45,600
community or in the defense department

2151

01:21:49,110 --> 01:21:46,639

um

2152

01:21:51,030 --> 01:21:49,120

on the defend on the military side

2153

01:21:53,750 --> 01:21:51,040

and that would have given her a lot a

2154

01:21:56,870 --> 01:21:53,760

lot of validity that actually went

2155

01:21:59,510 --> 01:21:56,880

and presented my story to them

2156

01:22:01,350 --> 01:21:59,520

and they said it was unclassified so i

2157

01:22:03,430 --> 01:22:01,360

mean that tells you right there yeah she

2158

01:22:05,830 --> 01:22:03,440

is a dia officer

2159

01:22:09,189 --> 01:22:05,840

no doubt man and send her a heart bubble

2160

01:22:11,750 --> 01:22:09,199

emoji for dj and uh let's come back for

2161

01:22:14,070 --> 01:22:11,760

uh debs what do you have debs

2162

01:22:15,830 --> 01:22:14,080

yeah john i just wanted to follow up on

2163

01:22:18,310 --> 01:22:15,840

that comment that you just kind of put

2164

01:22:20,790 --> 01:22:18,320

out there and we need to jump back to it

2165

01:22:22,470 --> 01:22:20,800

the i know what they can reveal comment

2166

01:22:25,910 --> 01:22:22,480

that was dropped

2167

01:22:30,790 --> 01:22:28,229

one of both

2168

01:22:32,790 --> 01:22:30,800

they're both very sensitive

2169

01:22:34,629 --> 01:22:32,800

and

2170

01:22:35,910 --> 01:22:34,639

i would have to

2171

01:22:38,470 --> 01:22:35,920

um

2172

01:22:41,030 --> 01:22:38,480

invoke nda on that

2173

01:22:42,390 --> 01:22:41,040

i'll just say that there are things that

2174

01:22:44,310 --> 01:22:42,400

the government could reveal if they

2175

01:22:46,149 --> 01:22:44,320

choose to reveal it

2176

01:22:49,750 --> 01:22:46,159

that will open up

2177

01:22:51,510 --> 01:22:49,760

a whole another level of discussion

2178

01:22:54,070 --> 01:22:51,520

and that might be too sensitive for the

2179

01:23:01,110 --> 01:22:54,080

government to do anything about

2180

01:23:04,070 --> 01:23:02,470

this is

2181

01:23:06,229 --> 01:23:04,080

at a level where

2182

01:23:08,709 --> 01:23:06,239

even if the government revealed that we

2183

01:23:11,590 --> 01:23:08,719

reverse engineer some of these crap

2184

01:23:12,950 --> 01:23:11,600

um this is like deeper than that

2185

01:23:14,950 --> 01:23:12,960

it just can't

2186

01:23:16,950 --> 01:23:14,960

go there i don't think you'll ever go

2187

01:23:18,709 --> 01:23:16,960

there

2188

01:23:21,030 --> 01:23:18,719

and before i know we're gonna have to

2189

01:23:23,350 --> 01:23:21,040

get some closing closing questions for

2190

01:23:24,470 --> 01:23:23,360

john you've been extremely gracious with

2191

01:23:26,950 --> 01:23:24,480

your time

2192

01:23:28,870 --> 01:23:26,960

uh yeah there's some some very

2193

01:23:29,910 --> 01:23:28,880

existential issues with

2194

01:23:31,590 --> 01:23:29,920

uh

2195

01:23:35,590 --> 01:23:31,600

something that would be

2196

01:23:37,189 --> 01:23:35,600

a a level of of revelation that that

2197

01:23:40,550 --> 01:23:37,199

could upset

2198

01:23:41,830 --> 01:23:40,560

uh a a fairly fragile you know not only

2199

01:23:43,990 --> 01:23:41,840

domestic

2200

01:23:46,470 --> 01:23:44,000

uh situation but possibly even

2201

01:23:47,590 --> 01:23:46,480

international situation as well

2202

01:23:50,470 --> 01:23:47,600

um

2203

01:23:52,790 --> 01:23:50,480

because uh people tend to not

2204

01:23:55,910 --> 01:23:52,800

you know we i think we look at ourselves

2205

01:23:58,310 --> 01:23:55,920

in the uap ufo twitter community and we

2206

01:24:00,070 --> 01:23:58,320

say we're ready to know this and we are

2207

01:24:02,709 --> 01:24:00,080

we are ready to know this

2208

01:24:05,430 --> 01:24:02,719

um but i don't know that everybody falls

2209

01:24:07,270 --> 01:24:05,440

in that same category as as we are

2210

01:24:09,590 --> 01:24:07,280

because a lot of people are not tracking

2211

01:24:11,510 --> 01:24:09,600

on this at all and it it could upset

2212

01:24:13,350 --> 01:24:11,520

the way they look at the world nathan

2213

01:24:14,629 --> 01:24:13,360

knows you know has interacted with a lot

2214

01:24:16,470 --> 01:24:14,639

of people that would

2215

01:24:18,550 --> 01:24:16,480

uh fall in that category and this

2216

01:24:21,910 --> 01:24:18,560

counseled with a lot of those people

2217

01:24:24,149 --> 01:24:21,920

so and probably deb and flair as well so

2218

01:24:25,910 --> 01:24:24,159

i it's an unfortunate circumstance i

2219

01:24:29,350 --> 01:24:25,920

think it's going to be drip drip drip

2220

01:24:30,790 --> 01:24:29,360

until this huge you know 50 gallon drum

2221

01:24:33,189 --> 01:24:30,800

fills up and that's going to take a

2222

01:24:35,590 --> 01:24:33,199

while because it's more than 50 gallons

2223

01:24:37,430 --> 01:24:35,600

uh closing questions for mr ramirez

2224

01:24:38,550 --> 01:24:37,440

please

2225

01:24:42,229 --> 01:24:38,560

john i just want to thank you for coming

2226

01:24:44,310 --> 01:24:42,239

on um i i want to know do you think that

2227

01:24:46,070 --> 01:24:44,320

our models are there yet our models for

2228

01:24:48,070 --> 01:24:46,080

understanding reality

2229

01:24:50,790 --> 01:24:48,080

are adequate enough to understand what

2230

01:24:52,790 --> 01:24:50,800

this may be and is that really what is

2231

01:24:54,629 --> 01:24:52,800

at the heart of the problem it's not

2232

01:24:55,910 --> 01:24:54,639

just you know

2233

01:24:57,990 --> 01:24:55,920

that there are

2234

01:25:01,189 --> 01:24:58,000

alien others or that there's you know

2235

01:25:03,669 --> 01:25:01,199

spacecraft or saucers but our our sort

2236

01:25:06,870 --> 01:25:03,679

of very understanding of reality

2237

01:25:09,669 --> 01:25:06,880

is is fundamentally uh incorrect

2238

01:25:11,990 --> 01:25:09,679

and and we have to kind of get

2239

01:25:13,430 --> 01:25:12,000

a lot of people on board with that with

2240

01:25:15,189 --> 01:25:13,440

a different understanding in order for

2241

01:25:16,950 --> 01:25:15,199

us to really talk about what what this

2242

01:25:19,430 --> 01:25:16,960

is

2243

01:25:20,870 --> 01:25:19,440

yes i'm not a philosopher

2244

01:25:22,390 --> 01:25:20,880

and neither am i an engineer or

2245

01:25:25,669 --> 01:25:22,400

physicist

2246

01:25:28,870 --> 01:25:25,679

but i took a year-long course called exo

2247

01:25:30,070 --> 01:25:28,880

studies taught by dr sean espjorn

2248

01:25:34,790 --> 01:25:30,080

hergens

2249

01:25:38,070 --> 01:25:36,709

approaches to understanding this

2250

01:25:41,750 --> 01:25:38,080

phenomenon

2251
01:25:44,229 --> 01:25:41,760
based on like uh various philosophical

2252
01:25:46,950 --> 01:25:44,239
disciplines we looked at the various

2253
01:25:49,510 --> 01:25:46,960
hypotheses that are out there the the

2254
01:25:50,950 --> 01:25:49,520
one i discount the most is the et

2255
01:25:53,030 --> 01:25:50,960
hypothesis

2256
01:25:55,510 --> 01:25:53,040
the fact that they're from far away 10

2257
01:25:57,669 --> 01:25:55,520
20 30 40 50 light years away and they're

2258
01:25:59,830 --> 01:25:57,679
coming over in metallic craft

2259
01:26:01,270 --> 01:25:59,840
and they're warping into our space and

2260
01:26:04,149 --> 01:26:01,280
uh here they are

2261
01:26:06,149 --> 01:26:04,159
um i i discount that

2262
01:26:06,950 --> 01:26:06,159
a little strongly

2263
01:26:08,470 --> 01:26:06,960

than

2264

01:26:11,350 --> 01:26:08,480

the fact that they've been here a long

2265

01:26:13,350 --> 01:26:11,360

time and that happened a long time ago

2266

01:26:15,350 --> 01:26:13,360

and they're still here and they may be

2267

01:26:16,950 --> 01:26:15,360

closer than we think and they're very

2268

01:26:18,870 --> 01:26:16,960

very close to us

2269

01:26:21,030 --> 01:26:18,880

and they may have interacted with us

2270

01:26:22,709 --> 01:26:21,040

over the years of human development may

2271

01:26:23,750 --> 01:26:22,719

have helped in the human development

2272

01:26:25,990 --> 01:26:23,760

itself

2273

01:26:28,629 --> 01:26:26,000

i i'm more attuned to that

2274

01:26:29,830 --> 01:26:28,639

um that type of uh

2275

01:26:33,189 --> 01:26:29,840

idea

2276

01:26:35,510 --> 01:26:33,199

but uh having said that um you know i i

2277

01:26:37,030 --> 01:26:35,520

i would say this that

2278

01:26:38,870 --> 01:26:37,040

i would think

2279

01:26:41,270 --> 01:26:38,880

that there might be a way for

2280

01:26:43,110 --> 01:26:41,280

the government to uh approach it from a

2281

01:26:45,189 --> 01:26:43,120

scientific point of view

2282

01:26:46,709 --> 01:26:45,199

on the fact that the james webb space

2283

01:26:49,110 --> 01:26:46,719

telescope might

2284

01:26:51,669 --> 01:26:49,120

detect something that the government

2285

01:26:53,430 --> 01:26:51,679

already knows it's there or suspect it's

2286

01:26:55,430 --> 01:26:53,440

there but now you're getting data

2287

01:26:57,270 --> 01:26:55,440

through a scientific channel not through

2288

01:26:59,350 --> 01:26:57,280

a military channel but a scientific

2289

01:27:00,870 --> 01:26:59,360

channel and that data

2290

01:27:03,110 --> 01:27:00,880

should be shared openly with the

2291

01:27:05,430 --> 01:27:03,120

scientific community around the world

2292

01:27:07,510 --> 01:27:05,440

and maybe they can find something

2293

01:27:09,830 --> 01:27:07,520

that will help the government build that

2294

01:27:10,790 --> 01:27:09,840

bridge to who they are and why they're

2295

01:27:14,149 --> 01:27:10,800

here

2296

01:27:15,510 --> 01:27:14,159

and uh the biggest clue i got was uh dni

2297

01:27:18,470 --> 01:27:15,520

april haynes

2298

01:27:21,590 --> 01:27:18,480

when she stated that we would perhaps we

2299

01:27:23,590 --> 01:27:21,600

would need bills folks to

2300

01:27:25,990 --> 01:27:23,600

point the way in helping us understand

2301
01:27:28,550 --> 01:27:26,000
this phenomenon bill meaning bill nelson

2302
01:27:29,990 --> 01:27:28,560
director the administrator of nasa

2303
01:27:31,350 --> 01:27:30,000
she stated that at the national

2304
01:27:32,390 --> 01:27:31,360
cathedral

2305
01:27:33,350 --> 01:27:32,400
during that

2306
01:27:34,070 --> 01:27:33,360
gathering

2307
01:27:36,310 --> 01:27:34,080
so

2308
01:27:38,790 --> 01:27:36,320
i always said the james webb space

2309
01:27:40,709 --> 01:27:38,800
telescope is probably the key

2310
01:27:42,149 --> 01:27:40,719
uh in helping the government through

2311
01:27:45,030 --> 01:27:42,159
scientific means

2312
01:27:48,070 --> 01:27:45,040
uh discover something that's out there

2313
01:27:49,189 --> 01:27:48,080

so um that james west space telescope

2314

01:27:51,510 --> 01:27:49,199

first light

2315

01:27:54,070 --> 01:27:51,520

um the first 180 day report from

2316

01:27:56,629 --> 01:27:54,080

congress and possibly hearings

2317

01:27:58,310 --> 01:27:56,639

accompanying that report and the 75th

2318

01:28:01,910 --> 01:27:58,320

anniversary of roswell all happened

2319

01:28:02,950 --> 01:28:01,920

within a week of each other

2320

01:28:04,390 --> 01:28:02,960

amazing

2321

01:28:08,149 --> 01:28:04,400

i feel like we should pay for this

2322

01:28:12,950 --> 01:28:10,229

all right john ramirez

2323

01:28:16,070 --> 01:28:12,960

thanks for being here man

2324

01:28:17,830 --> 01:28:16,080

um i have one last yes or no question

2325

01:28:19,830 --> 01:28:17,840

it's all about me of course

2326

01:28:21,590 --> 01:28:19,840

john ramirez

2327

01:28:24,709 --> 01:28:21,600

would you consider me to be an

2328

01:28:24,719 --> 01:28:33,350

you're asking me if i'm yes would

2329

01:28:37,590 --> 01:28:35,830

yeah okay yes absolutely

2330

01:28:38,470 --> 01:28:37,600

all right so okay i'll check out opus

2331

01:28:44,310 --> 01:28:38,480

then

2332

01:28:47,669 --> 01:28:46,149

all right

2333

01:28:49,910 --> 01:28:47,679

well yeah thank you for your answer

2334

01:28:51,750 --> 01:28:49,920

earlier for um all your insights about

2335

01:28:53,350 --> 01:28:51,760

my experience actually

2336

01:28:55,110 --> 01:28:53,360

you answered a lot of questions for me

2337

01:28:57,189 --> 01:28:55,120

and you gave me somewhere to go with the

2338

01:28:57,990 --> 01:28:57,199

experience so i appreciate that very

2339

01:28:59,990 --> 01:28:58,000

much

2340

01:29:01,430 --> 01:29:00,000

it's great talking to you

2341

01:29:02,390 --> 01:29:01,440

but thanks

2342

01:29:05,030 --> 01:29:02,400

sure

2343

01:29:06,870 --> 01:29:05,040

debs your next victim on the dojo what

2344

01:29:08,950 --> 01:29:06,880

what final words do you have until you

2345

01:29:11,910 --> 01:29:08,960

really got to be a victim actually okay

2346

01:29:13,750 --> 01:29:11,920

sorry i just want to clarify when sean

2347

01:29:17,110 --> 01:29:13,760

comes he's going to be on the dojo to

2348

01:29:19,590 --> 01:29:17,120

educate people on how to um

2349

01:29:21,350 --> 01:29:19,600

get help with experiences which is

2350

01:29:22,950 --> 01:29:21,360

amazing that players talking about that

2351
01:29:25,750 --> 01:29:22,960
today because that's exactly what we

2352
01:29:27,270 --> 01:29:25,760
want to work on but anywho

2353
01:29:28,950 --> 01:29:27,280
um

2354
01:29:32,149 --> 01:29:28,960
he always laughs when i say anywho

2355
01:29:34,870 --> 01:29:32,159
that's why he's laughing at me anywho

2356
01:29:37,270 --> 01:29:34,880
um my question actually has to do with

2357
01:29:38,390 --> 01:29:37,280
something um that has been mentioned

2358
01:29:40,870 --> 01:29:38,400
before

2359
01:29:42,709 --> 01:29:40,880
um of course i don't want to um bring

2360
01:29:45,110 --> 01:29:42,719
this all back up right at the end of the

2361
01:29:47,990 --> 01:29:45,120
show but one thing that's been just

2362
01:29:49,510 --> 01:29:48,000
discussed is the the the hybrid um

2363
01:29:52,870 --> 01:29:49,520

concept and

2364

01:29:55,350 --> 01:29:52,880

um when you read some of the reports

2365

01:29:58,390 --> 01:29:55,360

from indigenous people all over the

2366

01:30:01,910 --> 01:29:58,400

world they actually refer to

2367

01:30:06,229 --> 01:30:01,920

star people or sky people um depending

2368

01:30:08,709 --> 01:30:06,239

on who you talk to um as ancestors

2369

01:30:11,030 --> 01:30:08,719

so i feel like that's a potential other

2370

01:30:13,110 --> 01:30:11,040

another explanation i do understand that

2371

01:30:15,590 --> 01:30:13,120

genetic manipulation may have happened

2372

01:30:19,590 --> 01:30:15,600

at a different level experimentation may

2373

01:30:22,550 --> 01:30:19,600

have happened um still happening but is

2374

01:30:25,030 --> 01:30:22,560

it possible that the original genetic

2375

01:30:29,830 --> 01:30:25,040

coding and similarities is because of a

2376

01:30:33,990 --> 01:30:32,470

well i think that's highly possible yes

2377

01:30:34,950 --> 01:30:34,000

um

2378

01:30:37,270 --> 01:30:34,960

it's

2379

01:30:39,910 --> 01:30:37,280

human development is very interesting um

2380

01:30:42,229 --> 01:30:39,920

we hear about a missing gap

2381

01:30:43,990 --> 01:30:42,239

a missing link for example and i say

2382

01:30:46,149 --> 01:30:44,000

it's not missing it's it's an

2383

01:30:49,350 --> 01:30:46,159

intervention that occurred

2384

01:30:52,310 --> 01:30:49,360

that separated us from our uh primate

2385

01:30:54,229 --> 01:30:52,320

uh friends our closest cousins

2386

01:30:56,550 --> 01:30:54,239

don't look like us in any way shape or

2387

01:30:59,669 --> 01:30:56,560

form at least most of us i hope i don't

2388

01:31:01,430 --> 01:30:59,679

look like a bonnevillie

2389

01:31:03,189 --> 01:31:01,440

but people might have different

2390

01:31:05,510 --> 01:31:03,199

differences opinion but you know if you

2391

01:31:07,910 --> 01:31:05,520

look at the great uh the uh great apes

2392

01:31:09,510 --> 01:31:07,920

uh the the higher primates

2393

01:31:12,070 --> 01:31:09,520

in the wild they don't look like humans

2394

01:31:14,390 --> 01:31:12,080

at all um but they're human-like

2395

01:31:16,629 --> 01:31:14,400

um and they you know they have the right

2396

01:31:19,430 --> 01:31:16,639

number of appendages and their organs in

2397

01:31:22,390 --> 01:31:19,440

the right place and so forth and so on

2398

01:31:24,470 --> 01:31:22,400

but um they don't look like us at all um

2399

01:31:26,070 --> 01:31:24,480

so i would say yeah that's a high

2400

01:31:29,990 --> 01:31:26,080

possibility that

2401

01:31:32,950 --> 01:31:30,000

we do have a common ancestry

2402

01:31:34,629 --> 01:31:32,960

um and that it may have been um

2403

01:31:36,070 --> 01:31:34,639

developed through some sort of

2404

01:31:38,229 --> 01:31:36,080

intervention

2405

01:31:40,870 --> 01:31:38,239

by those who've been here longer than we

2406

01:31:44,550 --> 01:31:40,880

have and so that's

2407

01:31:45,430 --> 01:31:44,560

that's my uh and they may have like

2408

01:31:48,390 --> 01:31:45,440

uh

2409

01:31:51,270 --> 01:31:48,400

broken away from us or are not here with

2410

01:31:52,550 --> 01:31:51,280

us directly but maybe nearby that's that

2411

01:31:55,430 --> 01:31:52,560

breakaway

2412

01:31:57,510 --> 01:31:55,440

civilization hypothesis that um i kind

2413

01:31:59,350 --> 01:31:57,520

of somewhat adopted

2414

01:32:01,990 --> 01:31:59,360

but i think a lot of them are still here

2415

01:32:04,709 --> 01:32:02,000

and um there have been hiding

2416

01:32:08,790 --> 01:32:04,719

um and so that's kind of like one of the

2417

01:32:10,070 --> 01:32:08,800

things that uh i can't talk about

2418

01:32:16,709 --> 01:32:10,080

oh

2419

01:32:18,709 --> 01:32:16,719

have the dojo and i'll also have

2420

01:32:20,470 --> 01:32:18,719

have one question for the dojo but i

2421

01:32:23,750 --> 01:32:20,480

guess my last question to you john would

2422

01:32:27,669 --> 01:32:23,760

be uh as a cia officer if you could or

2423

01:32:30,070 --> 01:32:27,679

retired could you pick your favorite uh

2424

01:32:32,149 --> 01:32:30,080

movie agent slash officer so we're

2425

01:32:36,070 --> 01:32:32,159

talking here we're talking about jack

2426

01:32:38,310 --> 01:32:36,080

ryan we're talking james bond matt helm

2427

01:32:43,110 --> 01:32:38,320

and of course i know nathan and my

2428

01:32:45,750 --> 01:32:44,709

so you're talking about fictional

2429

01:32:48,310 --> 01:32:45,760

accounts yeah

2430

01:32:51,189 --> 01:32:48,320

yes who is your favorite

2431

01:32:55,030 --> 01:32:51,199

gosh um

2432

01:32:56,950 --> 01:32:55,040

as far as like well none of them really

2433

01:32:58,870 --> 01:32:56,960

are realistic no none of them are

2434

01:33:00,470 --> 01:32:58,880

realistic enough it's

2435

01:33:03,110 --> 01:33:00,480

it's not supposed to be we're we're

2436

01:33:06,149 --> 01:33:03,120

having fun here john austin powers he's

2437

01:33:07,830 --> 01:33:06,159

driving a a jaguar shape with the with

2438

01:33:12,709 --> 01:33:07,840

the british flag or you know

2439

01:33:16,310 --> 01:33:13,750

um

2440

01:33:18,550 --> 01:33:16,320

right now i'm watching homeland i've

2441

01:33:20,629 --> 01:33:18,560

never seen homeland and i'm stolen like

2442

01:33:22,070 --> 01:33:20,639

season five or thereabouts

2443

01:33:23,750 --> 01:33:22,080

and people say what you've never seen

2444

01:33:25,910 --> 01:33:23,760

homeland you've got to see homelands

2445

01:33:28,470 --> 01:33:25,920

it's all scia and i watched homeland and

2446

01:33:30,870 --> 01:33:28,480

said that's nothing like cia right it's

2447

01:33:33,189 --> 01:33:30,880

nothing but i enjoy it it's entertaining

2448

01:33:34,229 --> 01:33:33,199

it's entertaining so i pick homeland as

2449

01:33:37,270 --> 01:33:34,239

my favorite because that's what i'm

2450

01:33:39,669 --> 01:33:37,280

watching right now uh as far as the

2451

01:33:42,790 --> 01:33:39,679

movie that really got me interested in

2452

01:33:46,550 --> 01:33:42,800

cia it was uh three days of the condor

2453

01:33:49,669 --> 01:33:46,560

oh wow robert redford and um at least

2454

01:33:52,229 --> 01:33:49,679

fate done away oh okay

2455

01:33:54,550 --> 01:33:52,239

sparked my interest in working for cra

2456

01:33:58,229 --> 01:33:54,560

that is dope man that is so cool you had

2457

01:33:59,430 --> 01:33:58,239

2458

01:34:02,149 --> 01:33:59,440

2459

01:34:04,950 --> 01:34:02,159

2460

01:34:08,790 --> 01:34:04,960

2461

01:34:10,470 --> 01:34:08,800

2462

01:34:13,030 --> 01:34:10,480

hopefully we'll we'll have you back on

2463

01:34:14,870 --> 01:34:13,040

again to chat with someone else and and

2464

01:34:16,950 --> 01:34:14,880

get into some more deep talk and some

2465

01:34:20,070 --> 01:34:16,960

more ridiculousness as well

2466

01:34:22,550 --> 01:34:20,080
