welcome back

3
00:00:39,990 --> 00:00:37,120
after a bit of a hiatus to calling all

4
00:00:41,869 --> 00:00:40,000
beings i'm your host dj along with my

5
00:00:43,590 --> 00:00:41,879
co-conspirator

6
00:00:47,110 --> 00:00:43,600
co-collaborator

7
00:00:49,750 --> 00:00:47,120
my per my co-purveyor of love to ufo

8
00:00:51,029 --> 00:00:49,760
twitter the man that we call

9
00:00:54,790 --> 00:00:51,039
money

10
00:00:56,310 --> 00:00:54,800
[Laughter]

11
00:00:57,990 --> 00:00:56,320

12
00:00:59,430 --> 00:00:58,000

13
00:01:01,830 --> 00:00:59,440

14

00:01:03,750 --> 00:01:01,840

already on with the ufo thinker frank

15

00:01:06,149 --> 00:01:03,760

today you guys will see that whenever

16

00:01:09,030 --> 00:01:06,159

frank decides to take it out the can and

17

00:01:11,750 --> 00:01:09,040

empty it out and uh next is our humorous

18

00:01:13,670 --> 00:01:11,760

antagonist uh the lovely one the very

19

00:01:15,270 --> 00:01:13,680

pretty one the eye candy of the show and

20

00:01:17,910 --> 00:01:15,280

that's only because deb's only showing

21

00:01:19,510 --> 00:01:17,920

her avatar and that is

22

00:01:20,870 --> 00:01:19,520

flareus cavone

23

00:01:23,109 --> 00:01:20,880

big up

24

00:01:26,390 --> 00:01:23,119

sorry richard we got really daddy we got

25

27

00:01:35,830 --> 00:01:32,960

that's fantastic

28

00:01:37,350 --> 00:01:35,840

and let's welcome in our researcher

29

00:01:39,830 --> 00:01:37,360

contextualizer

30

00:01:43,270 --> 00:01:39,840

a woman who's got a grasp

31

00:01:46,069 --> 00:01:43,280

a grasp on all aspects of the phenomenon

32

00:01:48,789 --> 00:01:46,079

both nuts and bolts consciousness all of

33

00:01:50,789 --> 00:01:48,799

it she is tireless she is the one and

34

00:01:53,510 --> 00:01:50,799

only she is a great host

35

00:01:55,670 --> 00:01:53,520

in her own right of deb's dated dojo

36

00:01:59,109 --> 00:01:55,680

39

00:02:06,950 --> 00:02:04,560

40

00:02:09,109 --> 00:02:06,960

deb yep your hair looks great today i'm

41

00:02:10,949 --> 00:02:09,119

i'm sorry that rick's not i guess he did

42

00:02:11,990 --> 00:02:10,959

he did get to see it but you know what

43

00:02:15,270 --> 00:02:12,000

can i say

44

00:02:18,229 --> 00:02:15,280

uh next let's bring on my brother

45

00:02:21,110 --> 00:02:18,239

from the usaf

46

00:02:22,630 --> 00:02:21,120

first a combat controller yes it is the

47

00:02:25,110 --> 00:02:22,640

most difficult school that we have in

48

00:02:27,510 --> 00:02:25,120

the air force and that wasn't one enough

49

00:02:30,309 --> 00:02:27,520

for him so he went into academia came

50

00:02:33,430 --> 00:02:30,319

back as an air force

51

00:02:36,790 --> 00:02:33,440

osi special agent

52

00:02:37,750 --> 00:02:36,800

put your hands together for none other

53

00:02:38,869 --> 00:02:37,760

than

54

00:02:40,070 --> 00:02:38,879

mr

55

00:02:45,589 --> 00:02:40,080

rick

56

00:02:49,350 --> 00:02:47,670

freaking donuts

57

00:02:54,550 --> 00:02:49,360

oh my gosh i

58

00:02:56,070 --> 00:02:54,560

am an fbi agent dodie the ride is over

59

00:02:58,949 --> 00:02:56,080

sorry that was from point break i know

60

00:03:00,630 --> 00:02:58,959

you saw that right rick yes i did yes

61

00:03:01,350 --> 00:03:00,640

all right i was doing johnny utah right

62

00:03:02,630 --> 00:03:01,360

there

63

00:03:04,309 --> 00:03:02,640

okay

64

00:03:07,750 --> 00:03:04,319

i mean i'm never gonna get to utter

65

00:03:11,990 --> 00:03:07,760

those words in real life i am an fbi

66

00:03:14,070 --> 00:03:12,000

agent dodie the ride is over

67

00:03:15,589 --> 00:03:14,080

all right yes we delivered that

68

00:03:17,350 --> 00:03:15,599

perfectly though rick it's great to see

69

00:03:19,910 --> 00:03:17,360

you good to have you thank you thank you

70

00:03:22,149 --> 00:03:19,920

nate good to have you back brother um

71

00:03:23,030 --> 00:03:22,159

before we get started

72

00:03:24,149 --> 00:03:23,040

dude

73

00:03:25,990 --> 00:03:24,159

okay

74

00:03:28,229 --> 00:03:26,000

we didn't know this going in your

75

00:03:31,190 --> 00:03:28,239

episode on calling all beings right

76

00:03:34,229 --> 00:03:31,200

nathan is the most popular episode we

77

00:03:36,070 --> 00:03:34,239

have ever done numero uno yep

78

00:03:37,509 --> 00:03:36,080

great that's for that's for real brother

79

00:03:39,990 --> 00:03:37,519

we're serious

80

00:03:42,630 --> 00:03:40,000

um and i want to get to a question to

81

00:03:45,270 --> 00:03:42,640

kick us off here rick i think what is

82

00:03:48,470 --> 00:03:45,280

the most important question on on the

83

00:03:50,149 --> 00:03:48,480

mind of all of ufo twitter uh and

84

00:03:51,670 --> 00:03:50,159

certainly of the cabbies ourselves as

85

00:03:54,229 --> 00:03:51,680

well is

86

00:03:55,830 --> 00:03:54,239

what has happened to the mustache and is

87

00:03:57,589 --> 00:03:55,840

it gonna come back

88

00:03:59,509 --> 00:03:57,599

we were hoping the mustache would be

89

00:04:04,309 --> 00:03:59,519

back for this episode

90

00:04:09,830 --> 00:04:07,750

no i gave i gave up on it i um

91

00:04:13,110 --> 00:04:09,840

i had a small uh

92

00:04:15,429 --> 00:04:13,120

problem a skin infection right there and

93

00:04:17,189 --> 00:04:15,439

when i was growing it and um

94

00:04:18,550 --> 00:04:17,199

so i had to cut it off to get that to

95

00:04:22,390 --> 00:04:18,560

heal

96

00:04:23,189 --> 00:04:22,400

and i just haven't uh grown it back so

97

00:04:25,270 --> 00:04:23,199

okay

98

00:04:28,150 --> 00:04:25,280

yeah it's iconic man it's iconic it's a

99

00:04:30,310 --> 00:04:28,160

moment of silence man it really is yeah

100

00:04:33,110 --> 00:04:30,320

uh it really is one of the iconic

101
00:04:35,030 --> 00:04:33,120
mustaches uh since you know edward james

102
00:04:37,030 --> 00:04:35,040
almost in miami vice you know the police

103
00:04:38,390 --> 00:04:37,040
captain uh but

104
00:04:40,150 --> 00:04:38,400
but

105
00:04:42,629 --> 00:04:40,160
we'll you know i'll be sure to send you

106
00:04:44,629 --> 00:04:42,639
a fake mustache for your next appearance

107
00:04:46,150 --> 00:04:44,639
if that's okay if you could meet that

108
00:04:48,070 --> 00:04:46,160
requirement okay

109
00:04:50,390 --> 00:04:48,080
yeah i mean because

110
00:04:52,230 --> 00:04:50,400
i'm not gonna go to fort bragg uh

111
00:04:54,150 --> 00:04:52,240
tomorrow and tell your instructors that

112
00:04:55,590 --> 00:04:54,160
you were you know four minutes late on

113
00:04:57,270 --> 00:04:55,600

the t.o.t that's not going to happen i'm

114

00:04:59,430 --> 00:04:57,280

not going to do that you know

115

00:05:01,350 --> 00:04:59,440

we sent you a nine line i'm just kidding

116

00:05:03,350 --> 00:05:01,360

anyway all right let me turn it over to

117

00:05:05,350 --> 00:05:03,360

my brother money nathan

118

00:05:07,270 --> 00:05:05,360

well rick mustache or not you look great

119

00:05:09,510 --> 00:05:07,280

and it's great to have you with us

120

00:05:11,749 --> 00:05:09,520

i know everybody is looking forward to

121

00:05:13,830 --> 00:05:11,759

hearing from you uh i want to start off

122

00:05:15,270 --> 00:05:13,840

with uh just you know kind of really

123

00:05:16,710 --> 00:05:15,280

jumping in the deep end a little bit

124

00:05:18,150 --> 00:05:16,720

here and want to get your thoughts on

125

00:05:19,510 --> 00:05:18,160

some things so

126

00:05:21,110 --> 00:05:19,520

i know you're familiar with kind of

127

00:05:23,350 --> 00:05:21,120

what's happening in the landscape right

128

00:05:24,390 --> 00:05:23,360

now with efforts like the galileo

129

00:05:27,029 --> 00:05:24,400

project

130

00:05:28,950 --> 00:05:27,039

uh the james webb space telescope which

131

00:05:30,710 --> 00:05:28,960

miraculously has gotten out to where it

132

00:05:32,150 --> 00:05:30,720

needs to be and everything's calibrated

133

00:05:33,830 --> 00:05:32,160

and we're all excited to see what it's

134

00:05:36,790 --> 00:05:33,840

going to show us

135

00:05:39,189 --> 00:05:36,800

efforts from groups like uapx and even

136

00:05:41,029 --> 00:05:39,199

recently we've heard that the brazilian

137

00:05:42,150 --> 00:05:41,039

government is going to be doing some

138

00:05:45,350 --> 00:05:42,160

hearings

139

00:05:47,270 --> 00:05:45,360

uh in their uh in their legislative

140

00:05:49,029 --> 00:05:47,280

body so what i wanted to ask you is do

141

00:05:51,590 --> 00:05:49,039

you think that with some of these

142

00:05:52,950 --> 00:05:51,600

efforts these civilian and non-us

143

00:05:54,790 --> 00:05:52,960

governmental efforts do you think we're

144

00:05:57,990 --> 00:05:54,800

going to get something out of these

145

00:05:59,029 --> 00:05:58,000

that will uh you know kind of prompt uh

146

00:06:00,950 --> 00:05:59,039

further

147

00:06:04,469 --> 00:06:00,960

dialogue or revelation from our

148

00:06:08,950 --> 00:06:06,550

well i think all these uh

149

00:06:11,110 --> 00:06:08,960

all these things on the agenda

150

00:06:12,790 --> 00:06:11,120

will tease the public more than it will

151

00:06:15,270 --> 00:06:12,800

answer any questions i don't i don't

152

00:06:18,070 --> 00:06:15,280

think there's going to be a disclosure

153

00:06:20,950 --> 00:06:18,080

uh in the realm of answering the

154

00:06:25,830 --> 00:06:20,960

questions that the public has regarding

155

00:06:30,629 --> 00:06:27,909

i do think that the

156

00:06:33,830 --> 00:06:30,639

the james webb telescope i think that's

157

00:06:37,029 --> 00:06:33,840

going to be a very interesting

158

00:06:40,390 --> 00:06:37,039

aspect of this this entire uh

159

00:06:44,230 --> 00:06:41,670

if if

160

00:06:47,510 --> 00:06:44,240

if they release everything

161

00:06:49,110 --> 00:06:47,520

that they're going to look at

162

00:06:52,870 --> 00:06:49,120

there's going to be a lot of questions

163

00:06:54,390 --> 00:06:52,880

to uh nasa and nsa

164

00:06:56,710 --> 00:06:54,400

because we're going to see things out

165

00:06:58,950 --> 00:06:56,720

there that we know is out there

166

00:07:01,830 --> 00:06:58,960

that's been hidden from the public for

167

00:07:02,870 --> 00:07:01,840

many many years going back to the 80s

168

00:07:04,230 --> 00:07:02,880

when we

169

00:07:07,909 --> 00:07:04,240

planted deep

170

00:07:09,830 --> 00:07:07,919

uh space uh satellites uh out there

171

00:07:10,790 --> 00:07:09,840

within the solar system

172

00:07:12,550 --> 00:07:10,800

so i don't know how they're going to

173

00:07:13,430 --> 00:07:12,560

answer that or maybe they'll just keep

174

00:07:25,110 --> 00:07:13,440

the

175

00:07:25,990 --> 00:07:25,120

who uh frequently visit our solar system

176

00:07:27,990 --> 00:07:26,000

and

177

00:07:29,510 --> 00:07:28,000

if they take a picture of of one of

178

00:07:31,909 --> 00:07:29,520

these crafts

179

00:07:34,309 --> 00:07:31,919

how do they answer that so that's that's

180

00:07:36,790 --> 00:07:34,319

that's the thing that i'm looking at um

181

00:07:40,790 --> 00:07:36,800

these groups that are going to

182

00:07:43,510 --> 00:07:40,800

present some sort of a disclosure or

183

00:07:44,950 --> 00:07:43,520

i i just saw yesterday where there's a

184

00:07:46,390 --> 00:07:44,960

possibility the air force is going to

185

00:07:48,150 --> 00:07:46,400

release

186

00:07:50,070 --> 00:07:48,160

some more documents

187

00:07:52,070 --> 00:07:50,080

pertaining the blue book that hasn't

188

00:07:54,629 --> 00:07:52,080

been released in the past well that's

189

00:07:56,469 --> 00:07:54,639

going to present a pandora's box because

190

00:07:58,230 --> 00:07:56,479

the first question is

191

00:08:01,430 --> 00:07:58,240

why hasn't the air force released

192

00:08:03,670 --> 00:08:01,440

everything uh blue book why why you know

193

00:08:05,189 --> 00:08:03,680

uh 50 years later they're deciding oh

194

00:08:07,830 --> 00:08:05,199

we're going to release something now

195

00:08:09,110 --> 00:08:07,840

more more more of the classified stuff

196

00:08:11,029 --> 00:08:09,120

so

197

00:08:12,550 --> 00:08:11,039

i i think there's a lot of teasing going

198

00:08:14,790 --> 00:08:12,560

on i don't think there's going to be any

199

00:08:17,670 --> 00:08:14,800

any major disclosure now as far as the

200

00:08:19,670 --> 00:08:17,680

brazil brazilians go i i was down there

201
00:08:20,869 --> 00:08:19,680
some some time ago and

202
00:08:21,589 --> 00:08:20,879
um

203
00:08:27,029 --> 00:08:21,599
i

204
00:08:28,070 --> 00:08:27,039
there

205
00:08:31,350 --> 00:08:28,080
and

206
00:08:33,269 --> 00:08:31,360
uh i met a brazilian air force uh

207
00:08:34,790 --> 00:08:33,279
retired colonel

208
00:08:36,709 --> 00:08:34,800
who um

209
00:08:38,469 --> 00:08:36,719
spoke better english than i did i don't

210
00:08:40,550 --> 00:08:38,479
speak any portuguese but

211
00:08:41,670 --> 00:08:40,560
i do speak spanish but not portuguese

212
00:08:44,389 --> 00:08:41,680
but he

213
00:08:46,550 --> 00:08:44,399

uh he told me that there's

214

00:08:50,070 --> 00:08:46,560

that the brazilian government

215

00:08:51,590 --> 00:08:50,080

is in the process of of declassifying

216

00:08:56,630 --> 00:08:51,600

um

217

00:08:59,350 --> 00:08:56,640

photographs regarding

218

00:09:00,870 --> 00:08:59,360

uh what they had found and what

219

00:09:04,389 --> 00:09:00,880

what they had taken

220

00:09:05,269 --> 00:09:04,399

photos of and and this goes back some

221

00:09:07,590 --> 00:09:05,279

some

222

00:09:10,870 --> 00:09:07,600

30 40 50 years

223

00:09:13,110 --> 00:09:10,880

back in the 70s there was a

224

00:09:14,150 --> 00:09:13,120

very very little has been released on

225

00:09:17,190 --> 00:09:14,160

this but

226

00:09:21,110 --> 00:09:17,200

two brazilian fighter jets

227

00:09:23,990 --> 00:09:21,120

uh chased some some crafts

228

00:09:26,550 --> 00:09:24,000

and this was this was um

229

00:09:29,350 --> 00:09:26,560

right around the uh time of the falkland

230

00:09:31,430 --> 00:09:29,360

war of course that was argentina but the

231

00:09:32,470 --> 00:09:31,440

brazilians were involved in that believe

232

00:09:34,230 --> 00:09:32,480

it or not

233

00:09:36,790 --> 00:09:34,240

and and so they chased something and

234

00:09:39,670 --> 00:09:36,800

they thought initially it was uh

235

00:09:41,110 --> 00:09:39,680

uh maybe a british something to do with

236

00:09:42,870 --> 00:09:41,120

the brits but

237

00:09:45,030 --> 00:09:42,880

come to find out it was a

238

00:09:46,470 --> 00:09:45,040

et craft that uh

239

00:09:47,829 --> 00:09:46,480
that their their aircrafts couldn't

240

00:09:49,030 --> 00:09:47,839
catch up to

241

00:09:55,829 --> 00:09:49,040
so

242

00:09:58,870 --> 00:09:57,110
um

243

00:10:02,150 --> 00:09:58,880
rick why do you

244

00:10:04,630 --> 00:10:02,160
what compels you to be as engaged in

245

00:10:07,190 --> 00:10:04,640
from a civilian standpoint in this topic

246

00:10:11,910 --> 00:10:09,269
well uh

247

00:10:15,670 --> 00:10:14,310
my my lips were sealed for a good many

248

00:10:18,310 --> 00:10:15,680
years

249

00:10:20,310 --> 00:10:18,320
after leaving government service

250

00:10:21,269 --> 00:10:20,320
intelligence community

251
00:10:23,750 --> 00:10:21,279
and

252
00:10:26,069 --> 00:10:23,760
i had to

253
00:10:29,269 --> 00:10:26,079
really strain to keep my lips closed

254
00:10:30,790 --> 00:10:29,279
because i'd i've seen articles i've seen

255
00:10:32,630 --> 00:10:30,800
i saw

256
00:10:36,230 --> 00:10:32,640
people uh speak

257
00:10:37,430 --> 00:10:36,240
uh on tv and at venues ufo conventions

258
00:10:39,910 --> 00:10:37,440
about

259
00:10:41,269 --> 00:10:39,920
uh subjects that i had access to or i

260
00:10:44,069 --> 00:10:41,279
knew about

261
00:10:46,389 --> 00:10:44,079
and they were distorting the stories

262
00:10:47,910 --> 00:10:46,399
totally distorting the stories or

263
00:10:49,670 --> 00:10:47,920

they're writing books about something

264

00:10:52,230 --> 00:10:49,680

that never happened

265

00:10:54,949 --> 00:10:52,240

or maybe a little bit of what they write

266

00:10:56,710 --> 00:10:54,959

about uh was factual

267

00:10:58,790 --> 00:10:56,720

uh the rest was either speculation or

268

00:11:01,190 --> 00:10:58,800

not where it lies

269

00:11:03,269 --> 00:11:01,200

and so when my um

270

00:11:05,670 --> 00:11:03,279

nda expired

271

00:11:09,990 --> 00:11:05,680

uh i decided

272

00:11:10,870 --> 00:11:10,000

why not come forth and uh i know enough

273

00:11:13,430 --> 00:11:10,880

uh

274

00:11:15,590 --> 00:11:13,440

i know what i can talk about and i know

275

00:11:17,750 --> 00:11:15,600

what i can't and um

276

00:11:19,269 --> 00:11:17,760

i have been visited by the fbi some

277

00:11:21,509 --> 00:11:19,279

years ago

278

00:11:22,870 --> 00:11:21,519

about something that i talked about and

279

00:11:24,949 --> 00:11:22,880

uh

280

00:11:28,389 --> 00:11:24,959

they came and took my hard drive and and

281

00:11:30,630 --> 00:11:28,399

so forth and um but anyways they they

282

00:11:32,389 --> 00:11:30,640

they didn't find anything seriously

283

00:11:33,750 --> 00:11:32,399

serious and they just told me hey i

284

00:11:34,550 --> 00:11:33,760

don't think you should talk about that

285

00:11:36,790 --> 00:11:34,560

and i

286

00:11:37,829 --> 00:11:36,800

i fully admitted i did and obviously

287

00:11:40,550 --> 00:11:37,839

they had

288

00:11:42,069 --> 00:11:40,560

a recording of it and so um

289

00:11:43,590 --> 00:11:42,079

there's nothing happened to me except

290

00:11:45,030 --> 00:11:43,600

they took my hard drive never gave it

291

00:11:47,910 --> 00:11:45,040

back but

292

00:11:49,240 --> 00:11:47,920

i have proof here that they paid me 650

293

00:11:51,350 --> 00:11:49,250

for a new computer so

294

00:11:53,750 --> 00:11:51,360

[Laughter]

295

00:11:57,750 --> 00:11:53,760

i have that receipt from the fbi and i

296

00:11:59,750 --> 00:11:57,760

showed that a number of times

297

00:12:02,230 --> 00:11:59,760

absolutely it wasn't well i could yeah

298

00:12:05,110 --> 00:12:02,240

it was an older computer laptop it was a

299

00:12:06,389 --> 00:12:05,120

there you go 2000 era

300

00:12:09,509 --> 00:12:06,399

uh

301

00:12:11,910 --> 00:12:09,519

laptop and i and and so i got a i got a

302

00:12:14,470 --> 00:12:11,920

new one back then you could buy a pretty

303

00:12:18,470 --> 00:12:14,480

good laptop for 650 dollars

304

00:12:20,629 --> 00:12:18,480

back in about 2004 345.

305

00:12:22,870 --> 00:12:20,639

anyways i i know what i can't talk about

306

00:12:24,389 --> 00:12:22,880

and i and i uh i'm not going to talk

307

00:12:26,710 --> 00:12:24,399

about those things technology

308

00:12:29,590 --> 00:12:26,720

advancements and technologies that i had

309

00:12:31,829 --> 00:12:29,600

had access to both uh

310

00:12:33,430 --> 00:12:31,839

during my intelligence service and also

311

00:12:34,710 --> 00:12:33,440

my employment with

312

00:12:36,870 --> 00:12:34,720

hal put off at the institute for

313

00:12:38,949 --> 00:12:36,880

advanced studies i worked there for 11

314

00:12:41,350 --> 00:12:38,959

years and uh

315

00:12:43,670 --> 00:12:41,360

i had access to classified stuff there

316

00:12:46,230 --> 00:12:43,680

that i wouldn't would talk about but but

317

00:12:47,269 --> 00:12:46,240

that's just all high technology that we

318

00:12:49,110 --> 00:12:47,279

gathered

319

00:12:51,750 --> 00:12:49,120

uh and i'm not going to talk

320

00:12:54,310 --> 00:12:51,760

uh in details about some kind of

321

00:12:55,509 --> 00:12:54,320

advanced uh propulsion system that we

322

00:12:58,389 --> 00:12:55,519

found out

323

00:13:00,150 --> 00:12:58,399

or we we developed with assistance of uh

324

00:13:02,310 --> 00:13:00,160

et technology but

325

00:13:03,350 --> 00:13:02,320

but everything else is pretty much open

326
00:13:05,910 --> 00:13:03,360
to me

327
00:13:07,190 --> 00:13:05,920
but you do you feel com i i feel like

328
00:13:09,910 --> 00:13:07,200
there's a pat

329
00:13:12,949 --> 00:13:09,920
there's a passion inside you that

330
00:13:15,110 --> 00:13:12,959
you want people to know about this

331
00:13:17,430 --> 00:13:15,120
i i don't know i just feel that like

332
00:13:18,069 --> 00:13:17,440
that you want you feel like it's there

333
00:13:21,190 --> 00:13:18,079
and

334
00:13:23,829 --> 00:13:21,200
just coming from me i'm not saying

335
00:13:25,269 --> 00:13:23,839
you're saying that but i feel that

336
00:13:27,350 --> 00:13:25,279
yes

337
00:13:28,790 --> 00:13:27,360
i want to set the story straight

338
00:13:31,350 --> 00:13:28,800

there's so much

339

00:13:34,389 --> 00:13:31,360

distortion lies

340

00:13:36,710 --> 00:13:34,399

uh within the ufo community that that's

341

00:13:39,350 --> 00:13:36,720

been going on for years

342

00:13:40,790 --> 00:13:39,360

uh that uh i'm i tried to set the story

343

00:13:44,389 --> 00:13:40,800

straight i'm trying to set

344

00:13:45,590 --> 00:13:44,399

uh uh uh separate facts from fiction and

345

00:13:46,949 --> 00:13:45,600

um

346

00:13:49,269 --> 00:13:46,959

there's some things out there that have

347

00:13:51,430 --> 00:13:49,279

been written that's that's that's pretty

348

00:13:53,430 --> 00:13:51,440

good and it's right on

349

00:13:56,069 --> 00:13:53,440

um

350

00:13:59,030 --> 00:13:56,079

people like linda howell she's a

351
00:14:00,150 --> 00:13:59,040
excellent ufo researcher i know her and

352
00:14:02,790 --> 00:14:00,160
i had

353
00:14:04,629 --> 00:14:02,800
differences some years ago but i think

354
00:14:05,750 --> 00:14:04,639
uh those things are

355
00:14:08,310 --> 00:14:05,760
passed

356
00:14:12,310 --> 00:14:08,320
but she's an excellent researcher and

357
00:14:14,870 --> 00:14:12,320
and she digs deep she has good sources

358
00:14:17,990 --> 00:14:14,880
good information

359
00:14:20,069 --> 00:14:18,000
um and and so she's one of them and

360
00:14:21,829 --> 00:14:20,079
there and there are others out there

361
00:14:23,509 --> 00:14:21,839
that uh that do a pretty good job and

362
00:14:24,710 --> 00:14:23,519
then there's some out there that just

363
00:14:27,030 --> 00:14:24,720

make up things

364

00:14:28,389 --> 00:14:27,040
and just i mean just make it up

365

00:14:33,430 --> 00:14:28,399
uh and

366

00:14:35,430 --> 00:14:33,440
sit back and see that happen and and not

367

00:14:37,430 --> 00:14:35,440
comment on it

368

00:14:38,949 --> 00:14:37,440
we'll get we'll definitely get to lmh

369

00:14:39,990 --> 00:14:38,959
later because we do have a specific

370

00:14:42,310 --> 00:14:40,000
question but

371

00:14:45,829 --> 00:14:42,320
our humorist flareus kevin wants to

372

00:14:47,910 --> 00:14:45,839
address you for the first time

373

00:14:50,550 --> 00:14:47,920
oh oh my gosh

374

00:14:52,389 --> 00:14:50,560
richard dodie it's it's so nice to talk

375

00:14:53,829 --> 00:14:52,399
to you oh my gosh dude

376

00:14:55,590 --> 00:14:53,839

thank you for freaking dodie i'm a

377

00:14:57,670 --> 00:14:55,600

little little star strike a little bit

378

00:14:59,750 --> 00:14:57,680

my name's kevin it's nice to meet you

379

00:15:01,910 --> 00:14:59,760

nice to meet you kevin um this is my

380

00:15:03,189 --> 00:15:01,920

fake microphone so i don't have a i'm

381

00:15:07,829 --> 00:15:03,199

not going to start with a humorous

382

00:15:13,110 --> 00:15:09,430

yeah especially if you haven't watched

383

00:15:14,470 --> 00:15:13,120

the show so um well

384

00:15:16,710 --> 00:15:14,480

we'll just stay on topic i got a

385

00:15:18,790 --> 00:15:16,720

question so like with the 70 years of

386

00:15:20,870 --> 00:15:18,800

disinformation um to evolve and

387

00:15:21,990 --> 00:15:20,880

circulate in like the public

388

00:15:24,150 --> 00:15:22,000

and both

389

00:15:26,629 --> 00:15:24,160

both public and private domains actually

390

00:15:28,629 --> 00:15:26,639

so how can the u.s government

391

00:15:31,030 --> 00:15:28,639

now possibly convince the mainstream of

392

00:15:32,870 --> 00:15:31,040

anything related like to the topic like

393

00:15:34,389 --> 00:15:32,880

do you think that the government may

394

00:15:35,829 --> 00:15:34,399

have backed themselves into a corner

395

00:15:37,350 --> 00:15:35,839

that they're now struggling to get out

396

00:15:41,910 --> 00:15:37,360

of

397

00:15:44,710 --> 00:15:41,920

excellent question yes uh absolutely uh

398

00:15:47,350 --> 00:15:44,720

the government's been hiding this from

399

00:15:50,230 --> 00:15:47,360

1947 on i mean they've been

400

00:15:55,670 --> 00:15:50,240

distorting uh the stories

401
00:15:57,910 --> 00:15:55,680
outright lying uh disinforming people um

402
00:16:01,189 --> 00:15:57,920
researchers who

403
00:16:03,350 --> 00:16:01,199
found out about it back in the 50s

404
00:16:04,629 --> 00:16:03,360
were were silenced

405
00:16:09,829 --> 00:16:04,639
um

406
00:16:12,870 --> 00:16:09,839
there that are factual regarding uh the

407
00:16:14,710 --> 00:16:12,880
the los angeles times this is in the 50s

408
00:16:15,749 --> 00:16:14,720
a reporter that

409
00:16:17,749 --> 00:16:15,759
that

410
00:16:19,030 --> 00:16:17,759
was told about this whole story by an

411
00:16:20,069 --> 00:16:19,040
air force

412
00:16:23,350 --> 00:16:20,079
colonel

413
00:16:26,629 --> 00:16:23,360

out of edwards air force base and um

414

00:16:28,629 --> 00:16:26,639

and then they shut him up uh they just

415

00:16:32,470 --> 00:16:28,639

informed him and

416

00:16:34,550 --> 00:16:32,480

and so yeah the the government has a lot

417

00:16:37,110 --> 00:16:34,560

to they have a big hole to dig out of

418

00:16:39,430 --> 00:16:37,120

right in order for for uh for the public

419

00:16:41,030 --> 00:16:39,440

to believe him

420

00:16:43,189 --> 00:16:41,040

did you think like people like elizondo

421

00:16:46,310 --> 00:16:43,199

and mellon maybe that's what their their

422

00:16:49,189 --> 00:16:46,320

mo is you know possibly

423

00:16:53,749 --> 00:16:51,590

i think uh you know i i

424

00:16:56,069 --> 00:16:53,759

i don't know what their agenda is i i've

425

00:16:58,629 --> 00:16:56,079

never spoke to him i i actually was in

426

00:17:00,710 --> 00:16:58,639

the same room with lou once and uh

427

00:17:01,509 --> 00:17:00,720

never actually had a conversation with

428

00:17:07,750 --> 00:17:01,519

him

429

00:17:09,829 --> 00:17:07,760

the thing about melon that i question is

430

00:17:12,630 --> 00:17:09,839

the guy knows

431

00:17:14,549 --> 00:17:12,640

the guy had all the clearances all his

432

00:17:16,870 --> 00:17:14,559

tickets are punched

433

00:17:18,630 --> 00:17:16,880

but if you listen to him

434

00:17:21,350 --> 00:17:18,640

he'll talk for

435

00:17:24,390 --> 00:17:21,360

30 minutes but not say a thing

436

00:17:26,630 --> 00:17:24,400

he doesn't reveal anything he just talks

437

00:17:27,990 --> 00:17:26,640

and he hides things because i think he

438

00:17:33,430 --> 00:17:28,000

still has a

439

00:17:34,549 --> 00:17:33,440

clearance that he can't disclose certain

440

00:17:36,310 --> 00:17:34,559

things

441

00:17:37,909 --> 00:17:36,320

lou on the other hand i think louis is

442

00:17:40,070 --> 00:17:37,919

the same way in the same position he had

443

00:17:41,669 --> 00:17:40,080

he had access to highly classified

444

00:17:44,150 --> 00:17:41,679

things and

445

00:17:44,950 --> 00:17:44,160

and he just can't talk about everything

446

00:17:46,549 --> 00:17:44,960

but

447

00:17:48,390 --> 00:17:46,559

i don't i you know there's a lot of

448

00:17:49,669 --> 00:17:48,400

people jumping all over louisville for

449

00:17:51,029 --> 00:17:49,679

this and that and i'm not here to

450

00:17:53,350 --> 00:17:51,039

protect him but

451

00:17:55,510 --> 00:17:53,360

uh you know he if you if you check into

452

00:17:57,270 --> 00:17:55,520

his background he he's done everything

453

00:17:59,190 --> 00:17:57,280

he claims you've done

454

00:18:01,350 --> 00:17:59,200

the the the government is just not

455

00:18:03,350 --> 00:18:01,360

releasing what they what he wants them

456

00:18:05,430 --> 00:18:03,360

to release regarding

457

00:18:06,789 --> 00:18:05,440

the intimate programs that he was

458

00:18:09,510 --> 00:18:06,799

involved with but

459

00:18:12,549 --> 00:18:09,520

you know he has a good service record uh

460

00:18:14,789 --> 00:18:12,559

did everything uh that he claimed he did

461

00:18:15,750 --> 00:18:14,799

i mean it's easily you can check on this

462

00:18:17,190 --> 00:18:15,760

stuff

463

00:18:18,390 --> 00:18:17,200

and um

464

00:18:21,590 --> 00:18:18,400

so

465

00:18:23,830 --> 00:18:21,600

as far as lou goes uh i think he's you

466

00:18:26,390 --> 00:18:23,840

know he's he's a real thing but

467

00:18:28,789 --> 00:18:26,400

as far as the ufo agenda you know i

468

00:18:31,590 --> 00:18:28,799

don't know i i don't i don't know where

469

00:18:32,390 --> 00:18:31,600

what he can say what he can't say

470

00:18:36,549 --> 00:18:32,400

uh

471

00:18:38,150 --> 00:18:36,559

and and and what his actual agenda is

472

00:18:40,470 --> 00:18:38,160

and uh

473

00:18:41,270 --> 00:18:40,480

thank you very much for that uh you know

474

00:18:43,510 --> 00:18:41,280

there's

475

00:18:44,950 --> 00:18:43,520

it's literally like that could be like

476

00:18:46,470 --> 00:18:44,960

another three questions right there

477

00:18:49,110 --> 00:18:46,480

there's so many places

478

00:18:52,630 --> 00:18:49,120

to go with you but um being that we're a

479

00:18:55,350 --> 00:18:52,640

show of uh four we gotta get everybody

480

00:18:58,310 --> 00:18:55,360

in there and so somebody who has been

481

00:18:59,990 --> 00:18:58,320

a rick dodie fan since your last

482

00:19:02,630 --> 00:19:00,000

interview with us and then joined our

483

00:19:03,430 --> 00:19:02,640

show is deb

484

00:19:05,669 --> 00:19:03,440

hi

485

00:19:07,990 --> 00:19:05,679

i told everyone that i wanted you to be

486

00:19:10,150 --> 00:19:08,000

my future bff when i first came into

487

00:19:15,190 --> 00:19:10,160

twitter so i'm very glad to meet you

488

00:19:19,909 --> 00:19:17,029

okay dad okay okay that's not my

489

00:19:23,190 --> 00:19:19,919

question by the way but okay okay

490

00:19:27,270 --> 00:19:23,200

so speaking of people coming forward and

491

00:19:29,430 --> 00:19:27,280

honesty versus confusion etc um

492

00:19:30,630 --> 00:19:29,440

i'm sure you've heard the name boyd

493

00:19:33,510 --> 00:19:30,640

bushman

494

00:19:35,830 --> 00:19:33,520

former lockheed engineer

495

00:19:37,390 --> 00:19:35,840

he came out into the public showing

496

00:19:41,830 --> 00:19:37,400

pictures that he said were

497

00:19:43,590 --> 00:19:41,840

extraterrestrials and uap craft

498

00:19:46,150 --> 00:19:43,600

these were some of the images some

499

00:19:48,390 --> 00:19:46,160

people have shown a toy that looks

500

00:19:51,350 --> 00:19:48,400

pretty much exactly like this but he got

501
00:19:53,830 --> 00:19:51,360
very specific about involvement

502
00:19:58,310 --> 00:19:53,840
with these extraterrestrials

503
00:20:01,270 --> 00:19:58,320
um what are your thoughts about that and

504
00:20:05,750 --> 00:20:01,280
in addition to that where would one best

505
00:20:07,750 --> 00:20:05,760
find evidence for extraterrestrials

506
00:20:10,789 --> 00:20:07,760
involved with the government or just

507
00:20:15,430 --> 00:20:12,870
well the uh

508
00:20:17,909 --> 00:20:15,440
yeah i've seen those pictures uh

509
00:20:20,870 --> 00:20:17,919
i've had

510
00:20:23,510 --> 00:20:20,880
a number of very very very smart people

511
00:20:25,270 --> 00:20:23,520
analyzed those pictures when when they

512
00:20:27,909 --> 00:20:25,280
were released

513
00:20:29,830 --> 00:20:27,919

uh i watched his video over and over

514

00:20:31,590 --> 00:20:29,840

again um

515

00:20:34,630 --> 00:20:31,600

there's a lot that he says that is f

516

00:20:36,950 --> 00:20:34,640

there that are that is factual uh

517

00:20:38,549 --> 00:20:36,960

he did work for lockheed and he actually

518

00:20:39,909 --> 00:20:38,559

worked for uh

519

00:20:42,149 --> 00:20:39,919

the uh

520

00:20:43,510 --> 00:20:42,159

a government uh another government

521

00:20:45,909 --> 00:20:43,520

entity

522

00:20:49,110 --> 00:20:45,919

that was at area 51

523

00:20:50,230 --> 00:20:49,120

so uh he you know his background is is

524

00:20:52,149 --> 00:20:50,240

factual

525

00:20:56,149 --> 00:20:52,159

uh i don't know where he got those

526

00:20:58,230 --> 00:20:56,159

pictures from i know that there's um

527

00:20:59,430 --> 00:20:58,240

there's some pictures some people some

528

00:21:00,830 --> 00:20:59,440

skeptics

529

00:21:03,110 --> 00:21:00,840

uh that have

530

00:21:06,789 --> 00:21:03,120

produced a uh

531

00:21:08,710 --> 00:21:06,799

a toy i think it was a toy a kid's toy

532

00:21:10,470 --> 00:21:08,720

that looks just like that

533

00:21:12,149 --> 00:21:10,480

e.t

534

00:21:15,590 --> 00:21:12,159

and

535

00:21:18,549 --> 00:21:15,600

they also recreated the background so

536

00:21:19,510 --> 00:21:18,559

i don't know um

537

00:21:24,110 --> 00:21:19,520

the

538

00:21:27,029 --> 00:21:24,120

when i was in in from

539

00:21:30,789 --> 00:21:27,039

78 until 88

540

00:21:31,830 --> 00:21:30,799

the agency responsible for et's the live

541

00:21:33,190 --> 00:21:31,840

ones

542

00:21:35,669 --> 00:21:33,200

the um

543

00:21:38,310 --> 00:21:35,679

keeping them in captivity was a defense

544

00:21:40,470 --> 00:21:38,320

intelligence agency dia

545

00:21:42,149 --> 00:21:40,480

and they were at

546

00:21:44,710 --> 00:21:42,159

area 51

547

00:21:46,549 --> 00:21:44,720

there is a location called

548

00:21:49,990 --> 00:21:46,559

annex 2

549

00:21:52,230 --> 00:21:50,000

uh which is northwest of papoose lake

550

00:21:53,990 --> 00:21:52,240

uh you can actually you can download

551
00:21:56,390 --> 00:21:54,000
this on the internet that somebody is

552
00:21:59,270 --> 00:21:56,400
taking a satellite photograph of that

553
00:22:02,870 --> 00:21:59,280
that complex and that is an actual

554
00:22:05,750 --> 00:22:02,880
complex where the uh ets were being held

555
00:22:06,950 --> 00:22:05,760
uh either as a at our guest as our

556
00:22:09,669 --> 00:22:06,960
guests

557
00:22:12,390 --> 00:22:09,679
or in captivity and i think the latter

558
00:22:14,630 --> 00:22:12,400
is probably what we were doing uh with

559
00:22:18,230 --> 00:22:16,230
and so

560
00:22:20,630 --> 00:22:18,240
if you want to if you want the truth

561
00:22:22,230 --> 00:22:20,640
you're going to have to dig into dia and

562
00:22:23,830 --> 00:22:22,240
there's a guy out there called gene

563
00:22:27,350 --> 00:22:23,840

leskowski

564

00:22:29,110 --> 00:22:27,360

and gene is a uh he was uh

565

00:22:31,350 --> 00:22:29,120

intimately involved with the program

566

00:22:33,350 --> 00:22:31,360

he's still alive he's he's he's on the

567

00:22:35,990 --> 00:22:33,360

internet he does speak he does

568

00:22:39,190 --> 00:22:36,000

he had two youtube videos he doesn't say

569

00:22:41,750 --> 00:22:39,200

a whole lot but he talks around about

570

00:22:44,950 --> 00:22:41,760

the subject of ets he talks

571

00:22:47,190 --> 00:22:44,960

about uh in details about area 51 but

572

00:22:49,350 --> 00:22:47,200

not necessarily about anything that's

573

00:22:52,830 --> 00:22:49,360

that's contained there so obviously

574

00:22:57,110 --> 00:22:52,840

he still has people watching him but

575

00:22:59,190 --> 00:22:57,120

um he taught he he does privately he's

576

00:23:01,270 --> 00:22:59,200

talked at ufo conventions and with

577

00:23:02,950 --> 00:23:01,280

private people he was good friends with

578

00:23:04,390 --> 00:23:02,960

wendell stevens and i'm sure everybody

579

00:23:06,630 --> 00:23:04,400

knew

580

00:23:09,190 --> 00:23:06,640

a window of course unfortunately uh

581

00:23:12,230 --> 00:23:09,200

window passed away a few years ago but

582

00:23:12,950 --> 00:23:12,240

uh window always invited gene there and

583

00:23:13,830 --> 00:23:12,960

we

584

00:23:15,510 --> 00:23:13,840

would

585

00:23:16,710 --> 00:23:15,520

host a

586

00:23:19,190 --> 00:23:16,720

room where

587

00:23:21,430 --> 00:23:19,200

certain people would come in and

588

00:23:24,549 --> 00:23:21,440

we we could talk openly in that room

589

00:23:27,029 --> 00:23:24,559

about uh highly classified stuff and

590

00:23:29,270 --> 00:23:27,039

gene always spoke very

591

00:23:30,789 --> 00:23:29,280

very details in that room

592

00:23:35,350 --> 00:23:30,799

about the subject

593

00:23:39,110 --> 00:23:37,350

and and

594

00:23:41,350 --> 00:23:39,120

let me let me uh

595

00:23:43,590 --> 00:23:41,360

i was gonna i had a few things i wanted

596

00:23:46,070 --> 00:23:43,600

to talk about let me uh please bring

597

00:23:48,149 --> 00:23:46,080

this up right right away

598

00:23:49,269 --> 00:23:48,159

one of the things that people don't

599

00:23:51,110 --> 00:23:49,279

realize

600

00:23:54,310 --> 00:23:51,120

is that we we did

601
00:23:57,909 --> 00:23:54,320
at least when i was in we knew five

602
00:24:00,630 --> 00:23:57,919
races of et's that have visited earth

603
00:24:02,870 --> 00:24:00,640
uh the first one even crashed in the

604
00:24:04,710 --> 00:24:02,880
crash in 1947

605
00:24:07,110 --> 00:24:04,720
in corona new mexico

606
00:24:09,029 --> 00:24:07,120
we had him in captivity for five years

607
00:24:12,789 --> 00:24:09,039
we learned a lot from him

608
00:24:15,590 --> 00:24:12,799
and then there were four other uh races

609
00:24:18,070 --> 00:24:15,600
every one of those races were entirely

610
00:24:19,909 --> 00:24:18,080
different biologically speaking they

611
00:24:22,230 --> 00:24:19,919
were entirely different

612
00:24:24,070 --> 00:24:22,240
they came from different star groups

613
00:24:26,070 --> 00:24:24,080

different solar systems

614

00:24:28,470 --> 00:24:26,080

their biological chemistry is were

615

00:24:30,950 --> 00:24:28,480

entirely different they spoke different

616

00:24:33,990 --> 00:24:30,960

languages some didn't speak any

617

00:24:35,590 --> 00:24:34,000

languages it was all uh

618

00:24:38,549 --> 00:24:35,600

not that we didn't use the word

619

00:24:40,310 --> 00:24:38,559

telepathy we used a thought transfer

620

00:24:42,310 --> 00:24:40,320

uh diad because it

621

00:24:44,870 --> 00:24:42,320

it was more than just telepathy that

622

00:24:47,510 --> 00:24:44,880

they they could that they could uh could

623

00:24:50,390 --> 00:24:47,520

do with a human they could actually

624

00:24:51,110 --> 00:24:50,400

plant visions of things in their heads

625

00:24:53,669 --> 00:24:51,120

so

626

00:24:57,590 --> 00:24:56,070

i read all the time about

627

00:25:04,310 --> 00:24:57,600

why can't we

628

00:25:07,029 --> 00:25:04,320

well they're all different they're all

629

00:25:07,990 --> 00:25:07,039

different and along with them all being

630

00:25:10,070 --> 00:25:08,000

different

631

00:25:11,430 --> 00:25:10,080

the five that i know of now there's

632

00:25:13,190 --> 00:25:11,440

going to be people out there saying oh

633

00:25:14,870 --> 00:25:13,200

no there's a hundred of them we got a

634

00:25:16,789 --> 00:25:14,880

thousand that we know of that visited

635

00:25:19,190 --> 00:25:16,799

earth well maybe maybe that's the case

636

00:25:21,430 --> 00:25:19,200

now but when i was in i can only speak

637

00:25:22,789 --> 00:25:21,440

about when i was in we had we knew a

638

00:25:25,110 --> 00:25:22,799

five

639

00:25:26,470 --> 00:25:25,120

and each one of their crafts

640

00:25:29,350 --> 00:25:26,480

were different

641

00:25:30,310 --> 00:25:29,360

their technology was entirely different

642

00:25:32,630 --> 00:25:30,320

so

643

00:25:36,310 --> 00:25:32,640

the the idea that we had these crafts

644

00:25:39,190 --> 00:25:36,320

that area 51 or nevada test site uh some

645

00:25:43,190 --> 00:25:41,190

and and that

646

00:25:44,149 --> 00:25:43,200

why can't we figure them out figure them

647

00:25:45,750 --> 00:25:44,159

out well

648

00:25:47,750 --> 00:25:45,760

number one we're looking at five

649

00:25:50,710 --> 00:25:47,760

different technologies

650

00:25:52,710 --> 00:25:50,720

and so it's it's very complicated for

651
00:25:57,110 --> 00:25:52,720
our scientists

652
00:25:58,710 --> 00:25:57,120
to uh try to analyze and reproduce or

653
00:26:01,350 --> 00:25:58,720
recreate

654
00:26:03,750 --> 00:26:01,360
uh technology based on these five

655
00:26:06,149 --> 00:26:03,760
different uh technologies

656
00:26:07,510 --> 00:26:06,159
that we'd have to

657
00:26:08,470 --> 00:26:07,520
first of all

658
00:26:11,269 --> 00:26:08,480
uh

659
00:26:13,430 --> 00:26:11,279
learn their learn their science

660
00:26:15,909 --> 00:26:13,440
before we could understand

661
00:26:18,870 --> 00:26:15,919
and the biggest mistake we made back in

662
00:26:20,950 --> 00:26:18,880
the uh when we we found these crafts or

663
00:26:23,510 --> 00:26:20,960

or obtained them

664

00:26:24,470 --> 00:26:23,520

uh is that we were trying to apply our

665

00:26:27,190 --> 00:26:24,480

science

666

00:26:29,110 --> 00:26:27,200

and our technologies to understanding

667

00:26:32,230 --> 00:26:29,120

these crafts

668

00:26:34,149 --> 00:26:32,240

and we ran up against the brick wall and

669

00:26:37,269 --> 00:26:34,159

and hal put off

670

00:26:39,430 --> 00:26:37,279

says this doctor put off very brilliant

671

00:26:40,390 --> 00:26:39,440

uh scientist very very good friend of

672

00:26:41,190 --> 00:26:40,400

mine

673

00:26:42,950 --> 00:26:41,200

um

674

00:26:44,710 --> 00:26:42,960

he said that

675

00:26:46,390 --> 00:26:44,720

we couldn't understand

676
00:26:48,950 --> 00:26:46,400
what a bolt was

677
00:26:49,669 --> 00:26:48,960
if we were using our technology

678
00:26:51,510 --> 00:26:49,679
so

679
00:26:52,950 --> 00:26:51,520
what we had to do

680
00:26:55,029 --> 00:26:52,960
and what these scientists brilliant

681
00:26:56,310 --> 00:26:55,039
scientists because i'm not a scientist

682
00:26:58,710 --> 00:26:56,320
had to do

683
00:27:00,070 --> 00:26:58,720
was learn begin to learn their

684
00:27:02,549 --> 00:27:00,080
technology

685
00:27:04,310 --> 00:27:02,559
in order to understand their crafts and

686
00:27:06,549 --> 00:27:04,320
then

687
00:27:09,350 --> 00:27:06,559
that would lead in in on the road of

688
00:27:11,430 --> 00:27:09,360

reverse engineering

689

00:27:13,350 --> 00:27:11,440

fascinating deb has a follow-up for you

690

00:27:15,909 --> 00:27:13,360

yeah i just wanted to make sure i got

691

00:27:18,070 --> 00:27:15,919

this right so for someone to get the

692

00:27:19,750 --> 00:27:18,080

evidence that we all really really want

693

00:27:22,149 --> 00:27:19,760

that's what i think disclosure

694

00:27:23,350 --> 00:27:22,159

ultimately comes down to

695

00:27:25,510 --> 00:27:23,360

for people

696

00:27:30,549 --> 00:27:25,520

um we should look into

697

00:27:31,990 --> 00:27:30,559

nx2 at area 51 of papua's lake and price

698

00:27:35,590 --> 00:27:32,000

said that wrong

699

00:27:38,070 --> 00:27:35,600

dig into the dia look at gene lekowski

700

00:27:39,909 --> 00:27:38,080

and window stevens is that correct just

701
00:27:40,710 --> 00:27:39,919
to summarize

702
00:27:42,950 --> 00:27:40,720
yeah

703
00:27:44,149 --> 00:27:42,960
wendell stevens of course he died i

704
00:27:46,950 --> 00:27:44,159
think uh

705
00:27:50,389 --> 00:27:46,960
eight years ago or i believe it was that

706
00:27:53,750 --> 00:27:50,399
wendell had a a a plethora of

707
00:27:55,669 --> 00:27:53,760
of of information about ufos he had

708
00:27:58,950 --> 00:27:55,679
thousands and thousands of documents

709
00:28:01,110 --> 00:27:58,960
some of which were were real stuff

710
00:28:03,990 --> 00:28:01,120
highly classified stuff i don't know how

711
00:28:07,909 --> 00:28:04,000
he got him i know that when he uh died

712
00:28:09,510 --> 00:28:07,919
the fbi paid it paid his family a visit

713
00:28:11,750 --> 00:28:09,520

uh and i don't know exactly what

714

00:28:13,750 --> 00:28:11,760

happened the rumors are that that they

715

00:28:14,789 --> 00:28:13,760

took a bunch

716

00:28:17,269 --> 00:28:14,799

and

717

00:28:20,389 --> 00:28:17,279

robert dean who was his very best friend

718

00:28:22,149 --> 00:28:20,399

uh sergeant major robert dean who died

719

00:28:25,029 --> 00:28:22,159

just a couple years ago

720

00:28:26,630 --> 00:28:25,039

he tried to protect those documents so

721

00:28:29,590 --> 00:28:26,640

um

722

00:28:31,909 --> 00:28:29,600

window window had

723

00:28:35,830 --> 00:28:31,919

had a lot of evidence on that

724

00:28:37,510 --> 00:28:35,840

um but what i was uh the area is s2

725

00:28:39,830 --> 00:28:37,520

annex

726

00:28:41,269 --> 00:28:39,840

northwest of papua's lake you can find

727

00:28:44,230 --> 00:28:41,279

this on the internet and you can

728

00:28:46,230 --> 00:28:44,240

actually download a satellite photograph

729

00:28:47,669 --> 00:28:46,240

of that facility now whether they're

730

00:28:49,590 --> 00:28:47,679

still there or not

731

00:28:51,350 --> 00:28:49,600

i don't know uh there's some rumors that

732

00:28:52,310 --> 00:28:51,360

they moved him

733

00:28:54,549 --> 00:28:52,320

um

734

00:28:56,549 --> 00:28:54,559

and now another thing i wanted to talk

735

00:29:00,149 --> 00:28:56,559

about if i can real quickly the floor is

736

00:29:02,149 --> 00:29:00,159

yours okay is area 52

737

00:29:04,230 --> 00:29:02,159

now

738

00:29:05,990 --> 00:29:04,240

i was actually involved in this uh

739

00:29:09,750 --> 00:29:06,000

history program where they were talking

740

00:29:14,149 --> 00:29:09,760

about area 52 being at uh

741

00:29:19,990 --> 00:29:17,990

area 52 is not in utah area 52 is tonapa

742

00:29:21,990 --> 00:29:20,000

tonopah air force base

743

00:29:23,590 --> 00:29:22,000

which is west of

744

00:29:25,029 --> 00:29:23,600

of uh

745

00:29:29,110 --> 00:29:25,039

groom lake

746

00:29:30,549 --> 00:29:29,120

that's area 52 that's officially area 52

747

00:29:31,830 --> 00:29:30,559

and at

748

00:29:35,190 --> 00:29:31,840

tonopah

749

00:29:38,630 --> 00:29:35,200

groom lake

750

00:29:41,510 --> 00:29:38,640

is all within the nellis test range test

751
00:29:42,710 --> 00:29:41,520
and training range tanapa

752
00:29:43,990 --> 00:29:42,720
uh

753
00:29:47,190 --> 00:29:44,000
has

754
00:29:50,149 --> 00:29:47,200
some very highly classified projects

755
00:29:53,190 --> 00:29:50,159
and has for years and years and years

756
00:29:55,350 --> 00:29:53,200
and people kind of ignored that

757
00:29:57,269 --> 00:29:55,360
area

758
00:29:59,590 --> 00:29:57,279
but

759
00:30:02,149 --> 00:29:59,600
to set the story straight area 52 isn't

760
00:30:04,230 --> 00:30:02,159
at uh in utah

761
00:30:06,549 --> 00:30:04,240
at dugway proving grounds

762
00:30:09,430 --> 00:30:06,559
it's in tonopah

763
00:30:12,310 --> 00:30:09,440

that's actually area for two in fact

764

00:30:14,310 --> 00:30:12,320

if you were able to enter the main gate

765

00:30:17,430 --> 00:30:14,320

off highway six

766

00:30:19,590 --> 00:30:17,440

um and and travel down the

767

00:30:22,149 --> 00:30:19,600

access road 20 miles and come into the

768

00:30:24,389 --> 00:30:22,159

main gate at tunnel paw air force base

769

00:30:25,669 --> 00:30:24,399

you'll see a sign right off to the right

770

00:30:30,070 --> 00:30:25,679

that says

771

00:30:32,470 --> 00:30:30,080

area 52 nellis test and training range

772

00:30:35,269 --> 00:30:32,480

okay awesome man yeah i know i had a

773

00:30:37,430 --> 00:30:35,279

friend who worked f-117s there after i

774

00:30:40,149 --> 00:30:37,440

guess it i guess it was developed at

775

00:30:42,710 --> 00:30:40,159

area 51 but i know when he worked on it

776

00:30:45,510 --> 00:30:42,720

according to him is that area 52 as a as

777

00:30:47,990 --> 00:30:45,520

a maintainer well i was i was there

778

00:30:51,269 --> 00:30:48,000

during that time period and

779

00:30:52,789 --> 00:30:51,279

we had uh an an osi office at tonopah we

780

00:30:56,230 --> 00:30:52,799

had one of grim like we had one at toni

781

00:30:58,470 --> 00:30:56,240

paw i knew the agents at tonopah

782

00:31:00,950 --> 00:30:58,480

and and what we were doing uh you know

783

00:31:04,070 --> 00:31:00,960

our counterintelligence uh

784

00:31:06,070 --> 00:31:04,080

efforts there at uh tanapa in fact a

785

00:31:07,750 --> 00:31:06,080

quick story about area

786

00:31:08,870 --> 00:31:07,760

about tunnel paw

787

00:31:12,950 --> 00:31:08,880

um

788

00:31:15,350 --> 00:31:12,960

about 1950 1982 or 83 and this is just

789

00:31:17,110 --> 00:31:15,360

this is during the developmental stage

790

00:31:21,029 --> 00:31:17,120

of the f-117

791

00:31:23,669 --> 00:31:21,039

they actually began to fly a bit earlier

792

00:31:29,029 --> 00:31:26,470

we they captured two russians

793

00:31:30,310 --> 00:31:29,039

trying to penetrate

794

00:31:33,029 --> 00:31:30,320

tonopah

795

00:31:35,990 --> 00:31:33,039

they actually got within uh

796

00:31:37,269 --> 00:31:36,000

i think five or six miles of the actual

797

00:31:40,149 --> 00:31:37,279

base

798

00:31:42,230 --> 00:31:40,159

where the 117s were stored

799

00:31:44,789 --> 00:31:42,240

and before they were captured by uh air

800

00:31:46,549 --> 00:31:44,799

force security police turned over to osi

801
00:31:47,909 --> 00:31:46,559
and then eventually we turn over to the

802
00:31:49,990 --> 00:31:47,919
fbi

803
00:31:51,830 --> 00:31:50,000
and um so

804
00:31:52,950 --> 00:31:51,840
that's how important

805
00:31:54,870 --> 00:31:52,960
i mean it doesn't have anything to do

806
00:31:58,549 --> 00:31:54,880
ufos but that's just how important that

807
00:32:01,110 --> 00:31:58,559
base was and how uh much the the

808
00:32:03,190 --> 00:32:01,120
soviets during that time period

809
00:32:05,110 --> 00:32:03,200
when it was interested at the base we're

810
00:32:06,630 --> 00:32:05,120
interested in the base

811
00:32:09,430 --> 00:32:06,640
and

812
00:32:11,269 --> 00:32:09,440
so that's just a side note

813
00:32:14,389 --> 00:32:11,279

where are they buried at tonopah so we

814

00:32:16,630 --> 00:32:14,399

can i'm just kidding

815

00:32:18,149 --> 00:32:16,640

all right um is there anything else

816

00:32:19,350 --> 00:32:18,159

because uh the floor is yours if you

817

00:32:20,389 --> 00:32:19,360

have because

818

00:32:22,630 --> 00:32:20,399

if you have something else that you

819

00:32:24,389 --> 00:32:22,640

wanted to speak about

820

00:32:33,509 --> 00:32:24,399

um

821

00:32:34,549 --> 00:32:33,519

there's one

822

00:32:41,029 --> 00:32:34,559

that

823

00:32:42,710 --> 00:32:41,039

still kind of a hush-hush thing but

824

00:32:44,149 --> 00:32:42,720

there are um

825

00:32:45,830 --> 00:32:44,159

12 of us

826
00:32:47,590 --> 00:32:45,840
and we're all ex

827
00:32:49,669 --> 00:32:47,600
or former uh

828
00:32:54,630 --> 00:32:49,679
uh intelligence officers

829
00:33:00,549 --> 00:32:58,149
air force intel a debt 22 which was the

830
00:33:02,630 --> 00:33:00,559
espionage uh

831
00:33:06,070 --> 00:33:02,640
collectors within the air force

832
00:33:08,950 --> 00:33:06,080
counterintelligence conor espionage osi

833
00:33:11,269 --> 00:33:08,960
and we got together some years ago

834
00:33:13,029 --> 00:33:11,279
2010 actually

835
00:33:15,430 --> 00:33:13,039
and

836
00:33:18,549 --> 00:33:15,440
we kind of pulled together our resources

837
00:33:21,669 --> 00:33:18,559
and thoughts and knowledge and

838
00:33:23,430 --> 00:33:21,679

and we added people uh some very

839

00:33:24,710 --> 00:33:23,440

well-known people during that time

840

00:33:26,070 --> 00:33:24,720

period

841

00:33:29,990 --> 00:33:26,080

and

842

00:33:36,950 --> 00:33:33,669

how we would like to see disclosure

843

00:33:38,389 --> 00:33:36,960

there were people that were backing us

844

00:33:41,350 --> 00:33:38,399

but

845

00:33:43,669 --> 00:33:41,360

in 2017

846

00:33:44,870 --> 00:33:43,679

as a few years ago

847

00:33:46,950 --> 00:33:44,880

uh

848

00:33:48,310 --> 00:33:46,960

somebody kind of threw a monkey wrench

849

00:33:49,830 --> 00:33:48,320

in it

850

00:33:54,549 --> 00:33:49,840

they uh

851
00:33:58,070 --> 00:33:54,559
reported us as being um

852
00:33:59,830 --> 00:33:58,080
had an agenda of releasing this story

853
00:34:01,269 --> 00:33:59,840
and this is about the same time that the

854
00:34:02,549 --> 00:34:01,279
nimitz thing

855
00:34:06,389 --> 00:34:02,559
came out and

856
00:34:08,790 --> 00:34:06,399
and uh atep and and so forth so we kind

857
00:34:11,750 --> 00:34:08,800
of put a stop to it we we weren't warned

858
00:34:14,470 --> 00:34:11,760
or anything but uh there's some within

859
00:34:15,990 --> 00:34:14,480
uh our group that decided not to do it

860
00:34:17,270 --> 00:34:16,000
and backed away

861
00:34:20,550 --> 00:34:17,280
and um

862
00:34:22,069 --> 00:34:20,560
but now we're we're reforming uh

863
00:34:23,829 --> 00:34:22,079

this and we're trying to get some other

864

00:34:24,950 --> 00:34:23,839

people involved

865

00:34:27,270 --> 00:34:24,960

now

866

00:34:28,230 --> 00:34:27,280

it's not going to be a

867

00:34:31,109 --> 00:34:28,240

um

868

00:34:32,869 --> 00:34:31,119

a dramatic disclosure and a

869

00:34:34,950 --> 00:34:32,879

steps of the

870

00:34:36,790 --> 00:34:34,960

of the capitol or anything like that

871

00:34:38,230 --> 00:34:36,800

because uh

872

00:34:40,389 --> 00:34:38,240

they won't let i don't i don't believe

873

00:34:43,030 --> 00:34:40,399

they would let us do that

874

00:34:45,430 --> 00:34:43,040

uh we had a very very very good friend

875

00:34:46,869 --> 00:34:45,440

uh in the government harry reid senator

876
00:34:49,909 --> 00:34:46,879
harry reid

877
00:34:52,550 --> 00:34:49,919
um who was uh

878
00:34:54,950 --> 00:34:52,560
not necessarily in the group

879
00:34:56,149 --> 00:34:54,960
but he was certainly peripherally in the

880
00:34:57,589 --> 00:34:56,159
outside

881
00:35:00,950 --> 00:34:57,599
looking in

882
00:35:04,470 --> 00:35:00,960
and we had a number of meetings with him

883
00:35:07,190 --> 00:35:04,480
facilitated by george knapp

884
00:35:10,550 --> 00:35:07,200
and he was all for this

885
00:35:12,870 --> 00:35:10,560
he gave us a lot of advice

886
00:35:15,030 --> 00:35:12,880
on how we should do it

887
00:35:17,109 --> 00:35:15,040
and you know 90 percent of everything he

888
00:35:18,870 --> 00:35:17,119

told us was right on

889

00:35:21,670 --> 00:35:18,880

of course there's there's always people

890

00:35:24,230 --> 00:35:21,680

within that that decides you know i i

891

00:35:25,510 --> 00:35:24,240

don't think we should go that way and

892

00:35:27,510 --> 00:35:25,520

and we had a

893

00:35:29,670 --> 00:35:27,520

retired air force general involved in

894

00:35:31,910 --> 00:35:29,680

this with our internet group and he said

895

00:35:33,670 --> 00:35:31,920

you know i really respect senator reid

896

00:35:35,829 --> 00:35:33,680

but he's never worked within

897

00:35:37,670 --> 00:35:35,839

intelligence so maybe we should do it

898

00:35:39,190 --> 00:35:37,680

this way so there was always some

899

00:35:42,630 --> 00:35:39,200

conjecture about you know what we should

900

00:35:45,109 --> 00:35:42,640

do in shading but um

901
00:35:47,750 --> 00:35:45,119
he uh actually hooked us up with some

902
00:35:49,510 --> 00:35:47,760
people that we we didn't even know of

903
00:35:51,829 --> 00:35:49,520
uh who are

904
00:35:53,270 --> 00:35:51,839
we who were retired years and years and

905
00:35:54,710 --> 00:35:53,280
years ago

906
00:35:56,829 --> 00:35:54,720
and um

907
00:36:01,030 --> 00:35:56,839
we met with these people they

908
00:36:03,190 --> 00:36:01,040
weren't they were so open at first

909
00:36:05,109 --> 00:36:03,200
uh they wanted the disclosure they

910
00:36:06,710 --> 00:36:05,119
wanted us to

911
00:36:07,990 --> 00:36:06,720
they wanted

912
00:36:09,349 --> 00:36:08,000
somehow

913
00:36:11,670 --> 00:36:09,359

the story

914

00:36:13,349 --> 00:36:11,680

the real story of the ufo phenomena to

915

00:36:14,790 --> 00:36:13,359

be told

916

00:36:16,390 --> 00:36:14,800

they really wanted it but they didn't

917

00:36:18,390 --> 00:36:16,400

want to do it because

918

00:36:19,990 --> 00:36:18,400

of their background if i was to name him

919

00:36:21,109 --> 00:36:20,000

right now everyone would know him i

920

00:36:22,390 --> 00:36:21,119

don't care who you are you're going to

921

00:36:23,589 --> 00:36:22,400

know these people

922

00:36:25,349 --> 00:36:23,599

and so

923

00:36:26,630 --> 00:36:25,359

uh you know we took their advice and

924

00:36:29,190 --> 00:36:26,640

said well let's let's see how we're

925

00:36:31,910 --> 00:36:29,200

going to do this and so

926

00:36:35,430 --> 00:36:31,920

uh we've kind of uh we met here and

927

00:36:36,470 --> 00:36:35,440

there uh we've we've uh actually managed

928

00:36:39,270 --> 00:36:36,480

to

929

00:36:42,790 --> 00:36:40,710

dig up the old

930

00:36:44,230 --> 00:36:42,800

uh aviary

931

00:36:46,790 --> 00:36:44,240

so to speak

932

00:36:52,230 --> 00:36:46,800

uh and and we're putting that together

933

00:36:54,790 --> 00:36:54,069

somewhat secretly but we're working on

934

00:36:56,550 --> 00:36:54,800

it

935

00:36:57,510 --> 00:36:56,560

and i think we have a pretty good idea i

936

00:36:59,270 --> 00:36:57,520

don't want to

937

00:37:01,190 --> 00:36:59,280

unfortunately i can't talk about a lot

938

00:37:03,270 --> 00:37:01,200

of things that we want to do

939

00:37:04,069 --> 00:37:03,280

but i think we have a you know based on

940

00:37:06,069 --> 00:37:04,079

what

941

00:37:07,270 --> 00:37:06,079

uh harry reid told us and and some of

942

00:37:09,990 --> 00:37:07,280

the others

943

00:37:12,310 --> 00:37:10,000

that were intimately involved in this in

944

00:37:14,550 --> 00:37:12,320

the program years ago i think we have an

945

00:37:15,510 --> 00:37:14,560

idea how we can do this

946

00:37:18,470 --> 00:37:15,520

and

947

00:37:21,030 --> 00:37:18,480

we're going to try to put it together

948

00:37:22,790 --> 00:37:21,040

in the very very near future

949

00:37:24,470 --> 00:37:22,800

well this is very exciting i think to

950

00:37:25,510 --> 00:37:24,480

everybody that's on the panel right now

951
00:37:28,630 --> 00:37:25,520
and people

952
00:37:30,310 --> 00:37:28,640
listening and also i have one idea of

953
00:37:32,069 --> 00:37:30,320
what you could call your group you could

954
00:37:33,349 --> 00:37:32,079
think about i'm just thinking of a name

955
00:37:36,550 --> 00:37:33,359
just throwing it out there maybe like

956
00:37:38,630 --> 00:37:36,560
the majestic 12.

957
00:37:39,910 --> 00:37:38,640
good one and with that let me pass it to

958
00:37:45,190 --> 00:37:39,920
money nathan

959
00:37:48,950 --> 00:37:47,109
i love that it's got a great ring to it

960
00:37:51,510 --> 00:37:48,960
really um

961
00:37:53,990 --> 00:37:51,520
but uh no that's never exciting for you

962
00:38:01,109 --> 00:37:57,589
maybe that the splendid 12 i don't know

963
00:38:02,870 --> 00:38:01,119

i'm going to save the best for last

964

00:38:04,950 --> 00:38:02,880

before i end this i'm going to tell you

965

00:38:07,430 --> 00:38:04,960

something that nobody knows about so

966

00:38:09,109 --> 00:38:07,440

okay stay tuned we love you rick if you

967

00:38:10,150 --> 00:38:09,119

didn't already know that go ahead nathan

968

00:38:12,150 --> 00:38:10,160

yeah

969

00:38:13,589 --> 00:38:12,160

it's funny that you

970

00:38:15,829 --> 00:38:13,599

kind of went ahead and went there right

971

00:38:18,550 --> 00:38:15,839

because i was going to ask you

972

00:38:19,990 --> 00:38:18,560

a question along these lines so you know

973

00:38:22,630 --> 00:38:20,000

you've had decades to sort of think

974

00:38:23,510 --> 00:38:22,640

about this and your place in this story

975

00:38:27,190 --> 00:38:23,520

is

976

00:38:29,990 --> 00:38:28,710

i'm sure you've thought long and hard

977

00:38:31,589 --> 00:38:30,000

and had conversations with your

978

00:38:33,589 --> 00:38:31,599

colleagues about you know what is the

979

00:38:35,750 --> 00:38:33,599

best way and what the ramifications are

980

00:38:38,550 --> 00:38:35,760

for humanity and

981

00:38:40,069 --> 00:38:38,560

you know i just would love to hear

982

00:38:41,910 --> 00:38:40,079

maybe a little tidbit i didn't want to

983

00:38:45,750 --> 00:38:41,920

give away the full plan but

984

00:38:47,430 --> 00:38:45,760

you know in your words what are the

985

00:38:49,190 --> 00:38:47,440

kind of downstream

986

00:38:50,790 --> 00:38:49,200

consequences of

987

00:38:52,950 --> 00:38:50,800

us getting

988

00:38:55,190 --> 00:38:52,960

more information about what's going on

989

00:38:57,190 --> 00:38:55,200

in an official capacity i think we're

990

00:38:59,190 --> 00:38:57,200

all hearing what you're telling us

991

00:39:01,270 --> 00:38:59,200

and you know we we want to believe that

992

00:39:02,950 --> 00:39:01,280

but obviously there's like this

993

00:39:05,270 --> 00:39:02,960

need for

994

00:39:07,030 --> 00:39:05,280

that that stamp of legitimacy that the

995

00:39:08,550 --> 00:39:07,040

world will have to see in order for us

996

00:39:10,310 --> 00:39:08,560

to kind of all look at each other and go

997

00:39:12,310 --> 00:39:10,320

okay yeah this is

998

00:39:14,630 --> 00:39:12,320

this is legit so you know when that

999

00:39:16,630 --> 00:39:14,640

moment comes if it ever does

1000

00:39:18,390 --> 00:39:16,640

we might debate on the gradation of what

1001

00:39:19,829 --> 00:39:18,400

that might look like

1002

00:39:21,750 --> 00:39:19,839

what are some of the downstream

1003

00:39:23,270 --> 00:39:21,760

consequences in your mind i'm sure

1004

00:39:25,349 --> 00:39:23,280

you've thought about this a lot what

1005

00:39:27,270 --> 00:39:25,359

will follow

1006

00:39:28,950 --> 00:39:27,280

oh gosh

1007

00:39:31,349 --> 00:39:28,960

i could speak for

1008

00:39:33,270 --> 00:39:31,359

hours on that

1009

00:39:36,950 --> 00:39:33,280

one of the things that

1010

00:39:39,109 --> 00:39:36,960

that disclosure uh creates

1011

00:39:41,910 --> 00:39:39,119

other than a million questions

1012

00:39:43,670 --> 00:39:41,920

um is how how how does the government

1013

00:39:46,710 --> 00:39:43,680

prepare

1014

00:39:48,150 --> 00:39:46,720

the the public for a disclosure of of

1015

00:39:49,829 --> 00:39:48,160

information

1016

00:39:52,870 --> 00:39:49,839

that maybe the public doesn't want to

1017

00:39:56,390 --> 00:39:52,880

hear now i'll give you an example

1018

00:39:57,430 --> 00:39:56,400

uh what if we what if we found out that

1019

00:39:59,190 --> 00:39:57,440

uh

1020

00:40:00,630 --> 00:39:59,200

eba the ebons

1021

00:40:02,870 --> 00:40:00,640

that crashed

1022

00:40:05,430 --> 00:40:02,880

coral i mean at the

1023

00:40:06,710 --> 00:40:05,440

corona and out west of sequoia

1024

00:40:08,950 --> 00:40:06,720

uh what if we

1025

00:40:11,990 --> 00:40:08,960

what if evil one told us that they

1026
00:40:13,910 --> 00:40:12,000
planted somebody here on earth

1027
00:40:16,950 --> 00:40:13,920
two thousand years ago

1028
00:40:19,030 --> 00:40:16,960
although they named him jesus but

1029
00:40:21,430 --> 00:40:19,040
if if if that

1030
00:40:22,710 --> 00:40:21,440
fully came out and was sanctioned by the

1031
00:40:25,270 --> 00:40:22,720
government

1032
00:40:26,790 --> 00:40:25,280
uh what what are the

1033
00:40:28,309 --> 00:40:26,800
what are religious leaders going to

1034
00:40:31,030 --> 00:40:28,319
think number one

1035
00:40:32,870 --> 00:40:31,040
what are the the person who's a uh

1036
00:40:35,589 --> 00:40:32,880
a born-again christian

1037
00:40:37,589 --> 00:40:35,599
or a or a strong belief in their

1038
00:40:39,349 --> 00:40:37,599

particular religion doesn't happen of

1039

00:40:40,000 --> 00:40:39,359

christianity it could be

1040

00:40:41,829 --> 00:40:40,010

judaism

1041

00:40:43,750 --> 00:40:41,839

[Music]

1042

00:40:47,750 --> 00:40:43,760

islam

1043

00:40:49,910 --> 00:40:48,630

that

1044

00:40:51,349 --> 00:40:49,920

then what are they what are they going

1045

00:40:53,030 --> 00:40:51,359

to think

1046

00:40:55,430 --> 00:40:53,040

that that we

1047

00:40:57,270 --> 00:40:55,440

that another alien race has planted

1048

00:41:00,150 --> 00:40:57,280

religion on this earth

1049

00:41:03,270 --> 00:41:00,160

uh i mean there's there's all sorts of

1050

00:41:05,030 --> 00:41:03,280

of complications in a disclosure

1051
00:41:06,710 --> 00:41:05,040
and the government has to sit back and

1052
00:41:07,510 --> 00:41:06,720
think okay how are we going to handle

1053
00:41:09,270 --> 00:41:07,520
this

1054
00:41:10,069 --> 00:41:09,280
the first thing they got to come

1055
00:41:12,150 --> 00:41:10,079
uh

1056
00:41:14,309 --> 00:41:12,160
figure out how to do is how do you tell

1057
00:41:17,270 --> 00:41:14,319
the peop tell the public okay we've kept

1058
00:41:21,750 --> 00:41:17,280
this from you for

1059
00:41:25,510 --> 00:41:21,760
70 years we've lied to you for 70 years

1060
00:41:26,230 --> 00:41:25,520
uh we've disinformed you for 70 years

1061
00:41:30,710 --> 00:41:26,240
we

1062
00:41:32,790 --> 00:41:30,720
elaborate disinformation campaigns

1063
00:41:35,910 --> 00:41:32,800

some of which i was involved with

1064

00:41:38,710 --> 00:41:35,920

to fool the public into thinking that a

1065

00:41:40,870 --> 00:41:38,720

either yeah what you were seeing what

1066

00:41:43,670 --> 00:41:40,880

were ufos or what were you seeing with

1067

00:41:45,510 --> 00:41:43,680

some kind of advanced technology

1068

00:41:48,230 --> 00:41:45,520

and hiding one or the other from the

1069

00:41:49,910 --> 00:41:48,240

public hiding our advanced technology or

1070

00:41:52,230 --> 00:41:49,920

their advanced

1071

00:41:55,510 --> 00:41:52,240

how do we explain what president reagan

1072

00:41:57,430 --> 00:41:55,520

was at had access to in the 1980s

1073

00:41:58,230 --> 00:41:57,440

that scared him that kept him up at

1074

00:42:00,230 --> 00:41:58,240

night

1075

00:42:01,349 --> 00:42:00,240

i mean how do you explain all that to

1076

00:42:03,190 --> 00:42:01,359

the people

1077

00:42:05,190 --> 00:42:03,200

well i don't know

1078

00:42:06,790 --> 00:42:05,200

but that's that's what we're up against

1079

00:42:08,630 --> 00:42:06,800

in the disclosure

1080

00:42:11,510 --> 00:42:08,640

and of course there's that segment

1081

00:42:12,550 --> 00:42:11,520

nathan of of of uh people who are gonna

1082

00:42:15,270 --> 00:42:12,560

say

1083

00:42:18,069 --> 00:42:15,280

it's all bull you guys are lying it's

1084

00:42:21,190 --> 00:42:18,079

everything is disinformation uh from

1085

00:42:23,030 --> 00:42:21,200

from the crowd crash in 1947

1086

00:42:25,829 --> 00:42:23,040

uh until the in

1087

00:42:26,710 --> 00:42:25,839

the nimitz incident uh it's all it's all

1088

00:42:27,750 --> 00:42:26,720

fake

1089

00:42:29,030 --> 00:42:27,760

so

1090

00:42:31,910 --> 00:42:29,040

um

1091

00:42:33,270 --> 00:42:31,920

i don't try i i come up against that

1092

00:42:38,550 --> 00:42:33,280

that

1093

00:42:40,870 --> 00:42:38,560

i mean i get hundreds and hundreds of

1094

00:42:43,030 --> 00:42:40,880

emails a week from people i'm mostly

1095

00:42:44,750 --> 00:42:43,040

positive but there's always that

1096

00:42:47,990 --> 00:42:44,760

skeptics some

1097

00:42:50,390 --> 00:42:48,000

legitimately legitimate skeptics not

1098

00:42:52,150 --> 00:42:50,400

they don't swear cuss at me i don't i

1099

00:42:53,829 --> 00:42:52,160

don't take those emails

1100

00:42:55,030 --> 00:42:53,839

they asked me really legitimate

1101
00:42:58,950 --> 00:42:55,040
questions

1102
00:42:59,910 --> 00:42:58,960
of of how can we believe you now

1103
00:43:02,710 --> 00:42:59,920
when

1104
00:43:03,910 --> 00:43:02,720
the government's disinformed not just me

1105
00:43:05,829 --> 00:43:03,920
but there were

1106
00:43:07,589 --> 00:43:05,839
hundreds of other people doing the same

1107
00:43:09,510 --> 00:43:07,599
thing i was doing

1108
00:43:11,510 --> 00:43:09,520
uh disinforming the public about the

1109
00:43:13,589 --> 00:43:11,520
subject now how how are we supposed to

1110
00:43:15,430 --> 00:43:13,599
believe it now

1111
00:43:17,030 --> 00:43:15,440
uh

1112
00:43:19,750 --> 00:43:17,040
and my answer to that is if the

1113
00:43:22,230 --> 00:43:19,760

government does it in a in the right way

1114

00:43:23,510 --> 00:43:22,240

uh and shows proof

1115

00:43:25,030 --> 00:43:23,520

they're gonna have to come out and show

1116

00:43:29,829 --> 00:43:25,040

proof

1117

00:43:31,190 --> 00:43:29,839

uh and and then explain it

1118

00:43:32,870 --> 00:43:31,200

okay we don't want to scare them we

1119

00:43:34,710 --> 00:43:32,880

didn't want to scare the public

1120

00:43:36,309 --> 00:43:34,720

uh we wanted to try to understand

1121

00:43:39,910 --> 00:43:36,319

whether there was a threat to national

1122

00:43:41,589 --> 00:43:39,920

security or or a threat to to security

1123

00:43:43,510 --> 00:43:41,599

of the earth

1124

00:43:46,069 --> 00:43:43,520

uh were these

1125

00:43:47,670 --> 00:43:46,079

were these uh entities coming to our

1126

00:43:50,069 --> 00:43:47,680

planet because

1127

00:43:51,430 --> 00:43:50,079

they needed something here uh they were

1128

00:43:53,589 --> 00:43:51,440

hostile

1129

00:43:55,990 --> 00:43:53,599

uh they wanted to take over our planet

1130

00:43:57,190 --> 00:43:56,000

because they had a dying planet

1131

00:43:59,190 --> 00:43:57,200

uh

1132

00:44:00,870 --> 00:43:59,200

we we have to explain all those we have

1133

00:44:02,790 --> 00:44:00,880

to have to have answers because if we

1134

00:44:05,190 --> 00:44:02,800

come out with a disclosure

1135

00:44:07,190 --> 00:44:05,200

and not have the answers that's going to

1136

00:44:08,390 --> 00:44:07,200

create more of a problem than not

1137

00:44:11,430 --> 00:44:08,400

disclosing

1138

00:44:13,430 --> 00:44:11,440

right well i would say that to a certain

1139

00:44:16,309 --> 00:44:13,440

degree some of this would be refreshing

1140

00:44:17,990 --> 00:44:16,319

like would be welcome because

1141

00:44:19,349 --> 00:44:18,000

a lot of the population maybe most of

1142

00:44:21,270 --> 00:44:19,359

the population already believes the

1143

00:44:23,270 --> 00:44:21,280

government's been lying to us if not

1144

00:44:24,630 --> 00:44:23,280

about this topic about certainly lots of

1145

00:44:25,670 --> 00:44:24,640

things there's a lot of distrust in

1146

00:44:27,910 --> 00:44:25,680

government

1147

00:44:30,230 --> 00:44:27,920

generally right now so this in a way

1148

00:44:32,309 --> 00:44:30,240

could help restore trust by saying

1149

00:44:33,990 --> 00:44:32,319

you know just what you said we

1150

00:44:35,829 --> 00:44:34,000

we were at fault we made some mistakes

1151
00:44:37,910 --> 00:44:35,839
in hindsight maybe we made some some

1152
00:44:39,589 --> 00:44:37,920
calls we wouldn't make now but we did it

1153
00:44:41,190 --> 00:44:39,599
for these reasons i mean that to me that

1154
00:44:41,990 --> 00:44:41,200
sounds like a mature conversation to

1155
00:44:44,309 --> 00:44:42,000
have

1156
00:44:45,270 --> 00:44:44,319
that that adults in the country would

1157
00:44:47,109 --> 00:44:45,280
welcome

1158
00:44:49,109 --> 00:44:47,119
because we're then treated like adults

1159
00:44:50,390 --> 00:44:49,119
who could have that conversation but i

1160
00:44:51,270 --> 00:44:50,400
also want to ask you

1161
00:44:53,829 --> 00:44:51,280
sort of

1162
00:44:56,390 --> 00:44:53,839
what is the extent of the partnership

1163
00:44:58,069 --> 00:44:56,400

with these other entities themselves and

1164

00:44:59,910 --> 00:44:58,079

obviously they're not all probably

1165

00:45:01,910 --> 00:44:59,920

aligned and have the same agendas and

1166

00:45:04,630 --> 00:45:01,920

all those kinds of things but i would

1167

00:45:07,109 --> 00:45:04,640

hope that there is some sense of

1168

00:45:09,510 --> 00:45:07,119

collaboration i mean if they are

1169

00:45:12,710 --> 00:45:09,520

advanced far advanced from us surely

1170

00:45:15,030 --> 00:45:12,720

they've seen civilizations like ours

1171

00:45:17,430 --> 00:45:15,040

before they've been through some of this

1172

00:45:19,109 --> 00:45:17,440

before i would hope they could help us

1173

00:45:22,230 --> 00:45:19,119

kind of through this process do you

1174

00:45:23,750 --> 00:45:22,240

think that that that's a possibility

1175

00:45:25,589 --> 00:45:23,760

well um

1176

00:45:27,109 --> 00:45:25,599

you know you bring up a good point but

1177

00:45:28,390 --> 00:45:27,119

that's uh

1178

00:45:29,750 --> 00:45:28,400

provided

1179

00:45:31,990 --> 00:45:29,760

we

1180

00:45:33,670 --> 00:45:32,000

actually have communicated

1181

00:45:35,190 --> 00:45:33,680

thoroughly communicated with these

1182

00:45:37,190 --> 00:45:35,200

different entities

1183

00:45:40,230 --> 00:45:37,200

and can understand

1184

00:45:42,550 --> 00:45:40,240

uh their agenda and i think

1185

00:45:43,589 --> 00:45:42,560

that's the problem i don't know that we

1186

00:45:44,870 --> 00:45:43,599

have

1187

00:45:47,829 --> 00:45:44,880

i'm not

1188

00:45:52,309 --> 00:45:47,839

i was never i never had access to

1189

00:45:53,430 --> 00:45:52,319

uh that area of this of this uh

1190

00:45:56,390 --> 00:45:53,440

dilemma

1191

00:45:58,870 --> 00:45:56,400

um i knew they existed i've seen

1192

00:46:01,109 --> 00:45:58,880

photographs i've seen crash sites

1193

00:46:03,510 --> 00:46:01,119

i've seen crafts uh

1194

00:46:04,630 --> 00:46:03,520

we chased one that escaped

1195

00:46:07,510 --> 00:46:04,640

uh

1196

00:46:09,910 --> 00:46:07,520

but as far as knowing what they what

1197

00:46:11,430 --> 00:46:09,920

their agenda is or having communicated

1198

00:46:13,190 --> 00:46:11,440

with them

1199

00:46:14,950 --> 00:46:13,200

i haven't ever done that and i hadn't

1200

00:46:17,510 --> 00:46:14,960

had access be

1201

00:46:21,670 --> 00:46:17,520

that would be very compartmented

1202

00:46:23,510 --> 00:46:21,680

i wish i did i wish i knew those answers

1203

00:46:24,790 --> 00:46:23,520

i would think and this is just what i

1204

00:46:28,710 --> 00:46:24,800

think i don't have any inside

1205

00:46:29,750 --> 00:46:28,720

information on this but i think uh you

1206

00:46:32,390 --> 00:46:29,760

bring up a

1207

00:46:33,349 --> 00:46:32,400

excellent point that there must be some

1208

00:46:35,109 --> 00:46:33,359

sort of

1209

00:46:38,150 --> 00:46:35,119

cooperation

1210

00:46:39,990 --> 00:46:38,160

if there are five let's just say for the

1211

00:46:42,790 --> 00:46:40,000

sake of argument five

1212

00:46:45,510 --> 00:46:42,800

uh et groups that are visiting earth

1213

00:46:49,670 --> 00:46:45,520

there must be some sort of

1214

00:46:52,870 --> 00:46:49,680

cooperation or agreement between them

1215

00:46:54,470 --> 00:46:52,880

uh so they don't get into a a a fight or

1216

00:46:58,710 --> 00:46:54,480

a or

1217

00:47:00,870 --> 00:46:58,720

some kind of a a war between themselves

1218

00:47:01,910 --> 00:47:00,880

so they're there i think there must be

1219

00:47:05,430 --> 00:47:01,920

now

1220

00:47:06,470 --> 00:47:05,440

the other side of this do we have

1221

00:47:08,790 --> 00:47:06,480

uh

1222

00:47:11,190 --> 00:47:08,800

some sort of agreement with them

1223

00:47:14,390 --> 00:47:11,200

now the only thing i can speak about is

1224

00:47:16,069 --> 00:47:14,400

what eba once said

1225

00:47:19,109 --> 00:47:16,079

is that

1226

00:47:23,109 --> 00:47:21,750

to facilitate

1227

00:47:25,910 --> 00:47:23,119

an agreement

1228

00:47:27,109 --> 00:47:25,920

between the evens and and earth

1229

00:47:27,829 --> 00:47:27,119

and

1230

00:47:30,870 --> 00:47:27,839

now

1231

00:47:33,190 --> 00:47:30,880

you can believe the circle story you can

1232

00:47:34,390 --> 00:47:33,200

believe some of the circle story

1233

00:47:37,109 --> 00:47:34,400

you can believe

1234

00:47:40,069 --> 00:47:37,119

none of the circle story

1235

00:47:43,030 --> 00:47:40,079

but there was some sort of an agreement

1236

00:47:44,950 --> 00:47:43,040

between evens and and us

1237

00:47:47,750 --> 00:47:44,960

uh for them to come back

1238

00:47:49,750 --> 00:47:47,760

uh in 1964 and pick up their bodies the

1239

00:47:54,390 --> 00:47:49,760

bodies of the the evens that were in the

1240

00:47:55,510 --> 00:47:54,400

craft and then even one who died in 52.

1241

00:47:57,589 --> 00:47:55,520

um

1242

00:48:00,069 --> 00:47:57,599

now i wasn't around back then and i've

1243

00:48:01,750 --> 00:48:00,079

i've i've talked to people who say yeah

1244

00:48:03,750 --> 00:48:01,760

we had an exchange program but there

1245

00:48:04,870 --> 00:48:03,760

were only three people involved three

1246

00:48:06,870 --> 00:48:04,880

astronauts

1247

00:48:09,190 --> 00:48:06,880

and then i i talked to other people said

1248

00:48:11,670 --> 00:48:09,200

nope there's 12 it's proven

1249

00:48:13,589 --> 00:48:11,680

the documents are there so

1250

00:48:15,589 --> 00:48:13,599

you believe what you want to believe

1251

00:48:16,790 --> 00:48:15,599

i i personally believe there was there's

1252

00:48:18,230 --> 00:48:16,800

strong evidence that there was an

1253

00:48:22,230 --> 00:48:18,240

exchange program

1254

00:48:24,309 --> 00:48:22,240

now who went i don't know uh three or

1255

00:48:25,589 --> 00:48:24,319

or 12 i don't know

1256

00:48:27,430 --> 00:48:25,599

um

1257

00:48:30,309 --> 00:48:27,440

and so uh

1258

00:48:33,109 --> 00:48:30,319

we had some sort of an arrangement with

1259

00:48:36,470 --> 00:48:33,119

the evens now

1260

00:48:39,430 --> 00:48:36,480

linda howe actually had contact with the

1261

00:48:42,630 --> 00:48:39,440

the handling agent of

1262

00:48:44,549 --> 00:48:42,640

aviva one before he died and she she

1263

00:48:46,230 --> 00:48:44,559

talks uh

1264

00:48:47,750 --> 00:48:46,240

more knowledgeable than i do about it

1265

00:48:49,510 --> 00:48:47,760

because i never spoke to that person

1266

00:48:51,670 --> 00:48:49,520

there was an air force captain

1267

00:48:54,390 --> 00:48:51,680

an intelligence officer who was actually

1268

00:48:56,549 --> 00:48:54,400

lived with evil one for five years and

1269

00:48:57,750 --> 00:48:56,559

was able to communicate

1270

00:48:59,349 --> 00:48:57,760

uh so

1271

00:49:02,069 --> 00:48:59,359

um

1272

00:49:05,589 --> 00:49:02,079

there's there's strong evidence that

1273

00:49:08,309 --> 00:49:05,599

we have some sort of agreement

1274

00:49:10,790 --> 00:49:08,319

or working relationships with the evens

1275

00:49:12,150 --> 00:49:10,800

but i don't know about the others

1276

00:49:13,910 --> 00:49:12,160

that that's funny rick because you'd be

1277

00:49:15,750 --> 00:49:13,920

like you know telling your wife hey i'm

1278

00:49:17,990 --> 00:49:15,760

going on tdy

1279

00:49:18,630 --> 00:49:18,000

i i can't tell you where i'm going but

1280

00:49:22,790 --> 00:49:18,640

it

1281

00:49:26,549 --> 00:49:22,800

i'm coming back so the funding for this

1282

00:49:29,349 --> 00:49:26,559

tdy it's kind of indefinite

1283

00:49:30,870 --> 00:49:29,359

yeah yeah but no all kidding aside i was

1284

00:49:33,349 --> 00:49:30,880

blown away i heard you say that i want

1285

00:49:35,270 --> 00:49:33,359

to shout out thomas fessler for the

1286

00:49:36,870 --> 00:49:35,280

interview that you had with thomas

1287

00:49:38,630 --> 00:49:36,880

fussler and his team that was a

1288

00:49:41,990 --> 00:49:38,640

fantastic interview

1289

00:49:44,470 --> 00:49:42,000

uh very very comprehensive in nature and

1290

00:49:46,710 --> 00:49:44,480

brilliant questions from his panel uh

1291

00:49:48,870 --> 00:49:46,720

and so i heard you say and this was in

1292

00:49:51,430 --> 00:49:48,880

the lead up studying up for this this

1293

00:49:53,589 --> 00:49:51,440

interview i heard you say that about the

1294

00:49:56,069 --> 00:49:53,599

and i thought that the an exchange

1295

00:49:58,309 --> 00:49:56,079

program would be total bs total

1296

00:50:00,790 --> 00:49:58,319

fabrication and when i heard you say

1297

00:50:02,950 --> 00:50:00,800

that i was kind of blown away so

1298

00:50:04,790 --> 00:50:02,960

um and this also

1299

00:50:08,549 --> 00:50:04,800

i'm gonna i'm gonna get to this as sort

1300

00:50:10,630 --> 00:50:08,559

of a follow-up about

1301

00:50:13,190 --> 00:50:10,640

a source that i had that said that they

1302

00:50:14,790 --> 00:50:13,200

came and actually took a craft back

1303

00:50:17,190 --> 00:50:14,800

that was given to us and i'll ask you

1304

00:50:19,510 --> 00:50:17,200

about that but let's let's focus on the

1305

00:50:23,829 --> 00:50:19,520

the biological creature first and then

1306

00:50:28,630 --> 00:50:25,990

where are you at on that situation that

1307

00:50:34,230 --> 00:50:28,640

we actually had a second being that they

1308

00:50:40,790 --> 00:50:36,790

i read a document was uh that wendell

1309

00:50:41,589 --> 00:50:40,800

stephens had that was heavily redacted

1310

00:50:43,030 --> 00:50:41,599

but

1311

00:50:45,510 --> 00:50:43,040

you know reading through it you could

1312

00:50:46,630 --> 00:50:45,520

get the gist of what the subject matter

1313

00:50:49,670 --> 00:50:46,640

was

1314

00:50:52,829 --> 00:50:49,680

and it pertained to an exchange program

1315

00:50:55,589 --> 00:50:52,839

and and it talks about

1316

00:50:57,030 --> 00:50:55,599

um eva one

1317

00:51:00,150 --> 00:50:57,040

helped us

1318

00:51:01,910 --> 00:51:00,160

uh with the items found in the craft the

1319

00:51:02,870 --> 00:51:01,920

communications device and the energy

1320

00:51:05,190 --> 00:51:02,880

device

1321

00:51:06,710 --> 00:51:05,200

explained to to us what they were and

1322

00:51:08,790 --> 00:51:06,720

how

1323

00:51:10,230 --> 00:51:08,800

we should use them to communicate or

1324

00:51:13,109 --> 00:51:10,240

send messages

1325

00:51:14,150 --> 00:51:13,119

to us to circle the the planet to his

1326
00:51:16,309 --> 00:51:14,160
planet

1327
00:51:18,150 --> 00:51:16,319
in order to to bring

1328
00:51:20,470 --> 00:51:18,160
a rescue ship back

1329
00:51:22,790 --> 00:51:20,480
so um

1330
00:51:23,670 --> 00:51:22,800
i'm pretty sure that's factual

1331
00:51:26,230 --> 00:51:23,680
now

1332
00:51:28,710 --> 00:51:26,240
uh it also speaks about an exchange

1333
00:51:31,190 --> 00:51:28,720
program how how they did this and it's

1334
00:51:33,589 --> 00:51:31,200
an elaborate system of how they were

1335
00:51:34,950 --> 00:51:33,599
able to how we were able to send

1336
00:51:36,470 --> 00:51:34,960
messages

1337
00:51:38,230 --> 00:51:36,480
that that went

1338
00:51:39,349 --> 00:51:38,240

somehow faster than the speed of light

1339

00:51:41,349 --> 00:51:39,359

because

1340

00:51:45,750 --> 00:51:41,359

if that planet was 40 light years away

1341

00:51:47,829 --> 00:51:45,760

30 37 or 38.5 light years away

1342

00:51:49,190 --> 00:51:47,839

how did we get messages back and forth

1343

00:51:51,670 --> 00:51:49,200

as quick as

1344

00:51:54,069 --> 00:51:51,680

as they did well

1345

00:51:56,230 --> 00:51:54,079

there's a method to do that and we know

1346

00:51:57,670 --> 00:51:56,240

about it now i mean it's it's it's

1347

00:52:00,309 --> 00:51:57,680

something that even

1348

00:52:02,230 --> 00:52:00,319

dr putoff has has worked on

1349

00:52:04,630 --> 00:52:02,240

so anyways they must have done it in

1350

00:52:07,589 --> 00:52:04,640

some manner anyway and and

1351
00:52:08,790 --> 00:52:07,599
uh so we did and we set up this exchange

1352
00:52:11,270 --> 00:52:08,800
program

1353
00:52:13,750 --> 00:52:11,280
they left eva 2 here

1354
00:52:14,710 --> 00:52:13,760
and 64 65 whatever day you want to

1355
00:52:17,670 --> 00:52:14,720
believe

1356
00:52:18,790 --> 00:52:17,680
and then our astronauts went back to

1357
00:52:21,190 --> 00:52:18,800
circle

1358
00:52:22,630 --> 00:52:21,200
uh either three or twelve we don't

1359
00:52:25,589 --> 00:52:22,640
whatever you want to believe

1360
00:52:26,630 --> 00:52:25,599
there and then the eva ii stayed here

1361
00:52:28,230 --> 00:52:26,640
until

1362
00:52:30,470 --> 00:52:28,240
the other one supposedly was supposed to

1363
00:52:32,710 --> 00:52:30,480

come back in ten years but they didn't

1364

00:52:35,349 --> 00:52:32,720

come back uh

1365

00:52:36,230 --> 00:52:35,359

for 12 years or 13 years because of the

1366

00:52:37,349 --> 00:52:36,240

time

1367

00:52:39,270 --> 00:52:37,359

differences

1368

00:52:42,549 --> 00:52:39,280

is so strange

1369

00:52:45,190 --> 00:52:42,559

and then uh eva two then

1370

00:52:46,549 --> 00:52:45,200

some people say he stayed or actually it

1371

00:52:48,790 --> 00:52:46,559

was a female

1372

00:52:51,910 --> 00:52:48,800

she stayed

1373

00:52:54,549 --> 00:52:51,920

and some said no she went back so i

1374

00:52:57,349 --> 00:52:54,559

i don't know anything factual other than

1375

00:52:59,750 --> 00:52:57,359

what this document that wendell had

1376
00:53:01,270 --> 00:52:59,760
and and some of the people that were

1377
00:53:04,230 --> 00:53:01,280
around back then

1378
00:53:06,710 --> 00:53:04,240
uh eluded to that uh yeah we did have an

1379
00:53:08,870 --> 00:53:06,720
exchange program a particular general

1380
00:53:09,829 --> 00:53:08,880
air force general unfortunately passed

1381
00:53:13,190 --> 00:53:09,839
away

1382
00:53:16,150 --> 00:53:13,200
some years ago um stood by that and he

1383
00:53:17,109 --> 00:53:16,160
he was at a ufo convention in 2006 and

1384
00:53:18,470 --> 00:53:17,119
said

1385
00:53:20,069 --> 00:53:18,480
everything

1386
00:53:22,950 --> 00:53:20,079
that you're saying

1387
00:53:25,990 --> 00:53:22,960
about this exchange program

1388
00:53:26,829 --> 00:53:26,000

is factual except for the numbers of

1389

00:53:29,270 --> 00:53:26,839

people

1390

00:53:31,670 --> 00:53:29,280

astronauts if it was one it would be

1391

00:53:33,430 --> 00:53:31,680

incredible exactly exactly yeah that i

1392

00:53:34,950 --> 00:53:33,440

was just i was just going to say that

1393

00:53:37,190 --> 00:53:34,960

you took the word time out if it was

1394

00:53:40,710 --> 00:53:37,200

just one person we'd say one for one

1395

00:53:42,950 --> 00:53:40,720

that would be a phenomena and and so

1396

00:53:45,030 --> 00:53:42,960

i think they were i think there's just

1397

00:53:47,510 --> 00:53:45,040

three i think linda would say there was

1398

00:53:49,190 --> 00:53:47,520

only three but uh and then there's i

1399

00:53:50,950 --> 00:53:49,200

then there's another person out there

1400

00:53:54,829 --> 00:53:50,960

who still talks about it

1401
00:53:58,230 --> 00:53:54,839
um and his credibility is kind of

1402
00:54:00,710 --> 00:53:58,240
uh questionable that um

1403
00:54:01,750 --> 00:54:00,720
he says that he can verify that we were

1404
00:54:02,790 --> 00:54:01,760
12

1405
00:54:04,069 --> 00:54:02,800
so

1406
00:54:04,870 --> 00:54:04,079
um

1407
00:54:07,829 --> 00:54:04,880
that's

1408
00:54:08,870 --> 00:54:07,839
something before we get into craft

1409
00:54:11,270 --> 00:54:08,880
because i'm going to ask you that

1410
00:54:13,750 --> 00:54:11,280
question about craft do you know if eben

1411
00:54:15,670 --> 00:54:13,760
had emotions did they miss home i hate

1412
00:54:17,829 --> 00:54:15,680
to use an et phone home reference that

1413
00:54:21,270 --> 00:54:17,839

type of thing did they feel emotion like

1414

00:54:25,510 --> 00:54:21,280

that they they missed their kind yeah

1415

00:54:29,030 --> 00:54:27,349

seriously all kidding aside was there an

1416

00:54:31,990 --> 00:54:29,040

emotional component that you have been

1417

00:54:33,349 --> 00:54:32,000

made aware of between uh either ebin one

1418

00:54:35,190 --> 00:54:33,359

or eb2

1419

00:54:36,870 --> 00:54:35,200

that that uh that they missed a

1420

00:54:39,349 --> 00:54:36,880

connection with home

1421

00:54:41,750 --> 00:54:39,359

yeah i i have a uh there's a person

1422

00:54:43,349 --> 00:54:41,760

still alive today he's up there uh

1423

00:54:46,230 --> 00:54:43,359

probably 90 something

1424

00:54:48,309 --> 00:54:46,240

uh who knew about the uh uh knew about

1425

00:54:49,190 --> 00:54:48,319

evil one actually met with eva one

1426

00:54:52,549 --> 00:54:49,200

didn't

1427

00:54:53,750 --> 00:54:52,559

but but spoke to his handler the air

1428

00:54:55,910 --> 00:54:53,760

force captain

1429

00:54:58,630 --> 00:54:55,920

and um

1430

00:55:01,670 --> 00:54:58,640

yeah he did have a uh

1431

00:55:03,030 --> 00:55:01,680

emotions he wanted to go home

1432

00:55:05,030 --> 00:55:03,040

and that's why he was trying to

1433

00:55:07,430 --> 00:55:05,040

facilitate all these methods to

1434

00:55:09,589 --> 00:55:07,440

communicate with his home planet to try

1435

00:55:12,230 --> 00:55:09,599

to get a rescue ship back

1436

00:55:15,349 --> 00:55:12,240

and and take him home he he wanted that

1437

00:55:16,789 --> 00:55:15,359

you know unfortunately he passed away

1438

00:55:19,430 --> 00:55:16,799

again

1439

00:55:21,270 --> 00:55:19,440

i don't really understand why although

1440

00:55:24,230 --> 00:55:21,280

there's there's people smarter than me

1441

00:55:26,230 --> 00:55:24,240

like dr kit greene and some others

1442

00:55:28,069 --> 00:55:26,240

uh who figured out that

1443

00:55:30,630 --> 00:55:28,079

you know our germs killed him basically

1444

00:55:31,349 --> 00:55:30,640

you know we just uh

1445

00:55:32,150 --> 00:55:31,359

so

1446

00:55:34,390 --> 00:55:32,160

uh

1447

00:55:36,309 --> 00:55:34,400

yeah he wanted he had emotions and he

1448

00:55:38,789 --> 00:55:36,319

did want to get back home

1449

00:55:40,069 --> 00:55:38,799

and and that's why he was trying to

1450

00:55:42,710 --> 00:55:40,079

get this done

1451

00:55:43,829 --> 00:55:42,720

uh within his life time period he

1452

00:55:44,870 --> 00:55:43,839

obviously didn't know he was going to

1453

00:55:46,870 --> 00:55:44,880

die but

1454

00:55:49,190 --> 00:55:46,880

um and we were trying to do the same

1455

00:55:51,510 --> 00:55:49,200

thing uh

1456

00:55:52,870 --> 00:55:51,520

to to to help him help him along and i

1457

00:55:55,589 --> 00:55:52,880

think

1458

00:56:01,430 --> 00:55:59,349

i've been told by somebody who was a

1459

00:56:03,589 --> 00:56:01,440

in the reagan administration

1460

00:56:04,390 --> 00:56:03,599

back in those days that

1461

00:56:06,230 --> 00:56:04,400

uh

1462

00:56:09,030 --> 00:56:06,240

steven spielberg was given a lot of

1463

00:56:11,109 --> 00:56:09,040

information he had to about this had to

1464

00:56:13,589 --> 00:56:11,119

have been a lot of information about

1465

00:56:15,190 --> 00:56:13,599

this and um

1466

00:56:17,030 --> 00:56:15,200

and he

1467

00:56:20,390 --> 00:56:17,040

you know made it

1468

00:56:24,870 --> 00:56:20,400

the program e.t based on aniba one

1469

00:56:27,990 --> 00:56:27,030

exactly yeah

1470

00:56:29,910 --> 00:56:28,000

um

1471

00:56:32,470 --> 00:56:29,920

the last question i have for you before

1472

00:56:34,230 --> 00:56:32,480

i turn it over to kevin because we all

1473

00:56:36,870 --> 00:56:34,240

need some rick dodie in our life and we

1474

00:56:39,270 --> 00:56:36,880

only have 25 more minutes of rick dodie

1475

00:56:41,670 --> 00:56:39,280

is um

1476

00:56:43,750 --> 00:56:41,680

relative so i heard that

1477

00:56:45,349 --> 00:56:43,760

i heard that from uh from a source that

1478

00:56:47,990 --> 00:56:45,359

i trust

1479

00:56:49,910 --> 00:56:48,000

so it's it's third hand sec

1480

00:56:52,390 --> 00:56:49,920

second or third third hand information

1481

00:56:53,270 --> 00:56:52,400

to me from a source that they trust

1482

00:56:55,510 --> 00:56:53,280

that

1483

00:56:57,990 --> 00:56:55,520

and and it goes on on doc file's theory

1484

00:57:00,870 --> 00:56:58,000

that we've been gifted craft something

1485

00:57:03,190 --> 00:57:00,880

that i thought had no merit and

1486

00:57:05,349 --> 00:57:03,200

then i had to readjust my position on

1487

00:57:07,030 --> 00:57:05,359

that my thoughts on that after hearing

1488

00:57:08,630 --> 00:57:07,040

this that that

1489

00:57:10,950 --> 00:57:08,640

we were gifted a craft and then that

1490

00:57:15,030 --> 00:57:10,960

craft was taken back do you have any

1491

00:57:19,750 --> 00:57:17,349

um i've heard

1492

00:57:21,030 --> 00:57:19,760

i've heard that story from a number of

1493

00:57:23,829 --> 00:57:21,040

people

1494

00:57:26,630 --> 00:57:23,839

i sat at a

1495

00:57:29,510 --> 00:57:26,640

i worked for gaia i'm on gaia uh

1496

00:57:30,710 --> 00:57:29,520

employed by gaia i was sitting in a

1497

00:57:32,870 --> 00:57:30,720

pre-production

1498

00:57:35,270 --> 00:57:32,880

meeting with with somebody and

1499

00:57:36,789 --> 00:57:35,280

and we were and he he would would have

1500

00:57:38,870 --> 00:57:36,799

known some of this

1501
00:57:41,829 --> 00:57:38,880
and he told me uh yeah we you know we

1502
00:57:42,630 --> 00:57:41,839
were gifted uh two crafts

1503
00:57:48,950 --> 00:57:42,640
and

1504
00:57:50,230 --> 00:57:48,960
i didn't have

1505
00:57:51,190 --> 00:57:50,240
the clearance

1506
00:57:53,349 --> 00:57:51,200
uh

1507
00:57:55,750 --> 00:57:53,359
for technology i mean that's a separate

1508
00:57:58,390 --> 00:57:55,760
clearance compartmented

1509
00:57:59,589 --> 00:57:58,400
um and so i i can't answer you know the

1510
00:58:01,829 --> 00:57:59,599
question that

1511
00:58:02,710 --> 00:58:01,839
whether i actually knew this or not

1512
00:58:04,950 --> 00:58:02,720
um

1513
00:58:10,309 --> 00:58:04,960

i know that

1514

00:58:13,430 --> 00:58:10,319

knows about

1515

00:58:14,549 --> 00:58:13,440

crash sites two of them in nevada

1516

00:58:19,270 --> 00:58:14,559

um

1517

00:58:20,470 --> 00:58:19,280

that we've we found in the 60s in in

1518

00:58:22,870 --> 00:58:20,480

i think one in

1519

00:58:25,750 --> 00:58:22,880

the middle 60s and one late 60s

1520

00:58:27,270 --> 00:58:25,760

and we recovered them and and the et's

1521

00:58:29,990 --> 00:58:27,280

and boredom

1522

00:58:32,549 --> 00:58:30,000

and that's probably why we had them in

1523

00:58:34,309 --> 00:58:32,559

captivity because one particular

1524

00:58:37,030 --> 00:58:34,319

group wasn't very uh

1525

00:58:40,390 --> 00:58:37,040

very nice they didn't play nice uh so to

1526

00:58:42,950 --> 00:58:40,400

speak and so uh but as far as

1527

00:58:45,430 --> 00:58:42,960

th me actually knowing whether we had

1528

00:58:47,430 --> 00:58:45,440

him and gave him back i i can just guess

1529

00:58:49,589 --> 00:58:47,440

i just tell you what i know as rumors

1530

00:58:53,430 --> 00:58:49,599

but i don't know anything firsthand same

1531

00:58:58,390 --> 00:58:55,990

that's just wild i mean here's the thing

1532

00:59:00,390 --> 00:58:58,400

this stuff it goes back way way past 70

1533

00:59:01,829 --> 00:59:00,400

years i mean you've got

1534

00:59:05,349 --> 00:59:01,839

you've got the romans you've been there

1535

00:59:08,309 --> 00:59:05,359

flying shields you know you've got

1536

00:59:10,309 --> 00:59:08,319

it just it goes back forever i mean

1537

00:59:13,549 --> 00:59:10,319

hancock says we're a species with

1538

00:59:15,750 --> 00:59:13,559

amnesia you know i'm wondering if

1539

00:59:18,549 --> 00:59:15,760

counterintelligence have had they have

1540

00:59:21,030 --> 00:59:18,559

any had any efforts relating to like

1541

00:59:22,390 --> 00:59:21,040

ancient sites like maybe archaeology is

1542

00:59:24,309 --> 00:59:22,400

there stuff that

1543

00:59:26,630 --> 00:59:24,319

the government has kind of made a mess

1544

00:59:29,430 --> 00:59:26,640

of in that topic as well relating to the

1545

00:59:31,510 --> 00:59:29,440

ufo subject

1546

00:59:33,670 --> 00:59:31,520

i don't know anything firsthand but i've

1547

00:59:35,910 --> 00:59:33,680

certainly been to

1548

00:59:38,870 --> 00:59:35,920

giza i've been to

1549

00:59:41,829 --> 00:59:38,880

mexico i've been to the sites

1550

00:59:44,390 --> 00:59:41,839

uh and looked at the artifacts

1551

00:59:46,069 --> 00:59:44,400

yeah and i i i

1552

00:59:47,190 --> 00:59:46,079

i personally believe there has to be

1553

00:59:49,910 --> 00:59:47,200

connection

1554

00:59:51,190 --> 00:59:49,920

it's just it's just as astonishing to

1555

00:59:52,390 --> 00:59:51,200

see

1556

00:59:54,870 --> 00:59:52,400

uh

1557

00:59:57,750 --> 00:59:54,880

these pyramids and these other things

1558

00:59:59,670 --> 00:59:57,760

can be related to ets

1559

01:00:01,190 --> 00:59:59,680

and what i'm really fascinated with are

1560

01:00:03,910 --> 01:00:01,200

the petroglyphs

1561

01:00:04,950 --> 01:00:03,920

or the the cave drawings uh you know

1562

01:00:06,630 --> 01:00:04,960

caveman

1563

01:00:09,990 --> 01:00:06,640

yes

1564

01:00:12,230 --> 01:00:10,000

ten thousand years ago or drawing et's

1565

01:00:13,030 --> 01:00:12,240

how how can you how can you rationalize

1566

01:00:16,549 --> 01:00:13,040

that

1567

01:00:18,069 --> 01:00:16,559

long and you've got the dogon symbols

1568

01:00:20,390 --> 01:00:18,079

which are you know are physics

1569

01:00:23,109 --> 01:00:20,400

principles you like exactly this goes

1570

01:00:25,190 --> 01:00:23,119

back so far i mean we're only at the tip

1571

01:00:27,430 --> 01:00:25,200

of the iceberg right now i think

1572

01:00:31,030 --> 01:00:27,440

like um i mean

1573

01:00:35,190 --> 01:00:33,030

you know one look at social media and

1574

01:00:37,589 --> 01:00:35,200

the the public doesn't really seem to be

1575

01:00:39,430 --> 01:00:37,599

interested in engaging in this topic you

1576

01:00:41,750 --> 01:00:39,440

know they don't they don't seem to be

1577

01:00:43,109 --> 01:00:41,760

see the benefits in doing so so someone

1578

01:00:45,510 --> 01:00:43,119

who served

1579

01:00:47,510 --> 01:00:45,520

and has that inside knowledge how

1580

01:00:49,990 --> 01:00:47,520

concerned are you with that public

1581

01:00:51,990 --> 01:00:50,000

perception you know that we're all just

1582

01:00:53,589 --> 01:00:52,000

kind of nutters when there's it goes

1583

01:00:55,430 --> 01:00:53,599

back so far

1584

01:00:57,910 --> 01:00:55,440

you know

1585

01:01:00,069 --> 01:00:57,920

well uh

1586

01:01:02,789 --> 01:01:00,079

there are a lot of people out there uh

1587

01:01:06,230 --> 01:01:02,799

who uh i spoke to an archaeologist uh

1588

01:01:07,030 --> 01:01:06,240

just uh a few few years ago

1589

01:01:09,109 --> 01:01:07,040

who

1590

01:01:12,870 --> 01:01:09,119

doesn't he didn't doesn't necessarily

1591

01:01:14,950 --> 01:01:12,880

believe in ufo phenomena but

1592

01:01:16,150 --> 01:01:14,960

his his question

1593

01:01:18,309 --> 01:01:16,160

is

1594

01:01:20,309 --> 01:01:18,319

he can't understand

1595

01:01:22,710 --> 01:01:20,319

uh how some of these

1596

01:01:24,710 --> 01:01:22,720

archaeological sites

1597

01:01:26,630 --> 01:01:24,720

can exist on earth

1598

01:01:28,950 --> 01:01:26,640

and some of these other things that he's

1599

01:01:32,630 --> 01:01:28,960

had access to and seen

1600

01:01:34,390 --> 01:01:32,640

a pers up front in person

1601
01:01:37,270 --> 01:01:34,400
how could it have been general how could

1602
01:01:40,870 --> 01:01:37,280
we generate something like that here on

1603
01:01:43,190 --> 01:01:40,880
earth in the in the caveman era or even

1604
01:01:44,309 --> 01:01:43,200
in the native american era

1605
01:01:48,069 --> 01:01:44,319
uh

1606
01:01:50,150 --> 01:01:48,079
and and understand it in the realm of

1607
01:01:51,670 --> 01:01:50,160
of advanced technology

1608
01:01:53,670 --> 01:01:51,680
somehow

1609
01:01:54,710 --> 01:01:53,680
something happened

1610
01:01:56,950 --> 01:01:54,720
and

1611
01:01:59,109 --> 01:01:56,960
uh although i argue the point that you

1612
01:02:00,230 --> 01:01:59,119
know there were et's came here well he

1613
01:02:02,470 --> 01:02:00,240

says yeah

1614

01:02:04,309 --> 01:02:02,480

or maybe something else

1615

01:02:07,270 --> 01:02:04,319

uh you know there's people that says

1616

01:02:09,349 --> 01:02:07,280

it's interdimensional and is you know i

1617

01:02:11,670 --> 01:02:09,359

don't believe that necessarily but

1618

01:02:14,069 --> 01:02:11,680

it's possibility

1619

01:02:14,950 --> 01:02:14,079

it's a possibility

1620

01:02:16,789 --> 01:02:14,960

and so

1621

01:02:20,870 --> 01:02:16,799

um

1622

01:02:23,349 --> 01:02:20,880

you know you see you find this stuff

1623

01:02:26,950 --> 01:02:23,359

all over uh and and

1624

01:02:28,950 --> 01:02:26,960

a quick analogy i was during my uh

1625

01:02:30,950 --> 01:02:28,960

cct days

1626

01:02:33,430 --> 01:02:30,960

i was on a um

1627

01:02:35,670 --> 01:02:33,440

an operation where we

1628

01:02:37,109 --> 01:02:35,680

were in a remote area and we were

1629

01:02:39,430 --> 01:02:37,119

setting up a

1630

01:02:40,549 --> 01:02:39,440

comm link for a special operations

1631

01:02:42,789 --> 01:02:40,559

mission

1632

01:02:45,510 --> 01:02:42,799

and we got into this cave

1633

01:02:46,870 --> 01:02:45,520

and we found this box

1634

01:02:48,630 --> 01:02:46,880

and now

1635

01:02:50,870 --> 01:02:48,640

cctvs are we're pretty good in

1636

01:02:53,029 --> 01:02:50,880

communications and and any type of

1637

01:02:55,029 --> 01:02:53,039

communications and we're also taught to

1638

01:02:55,990 --> 01:02:55,039

come to repair being able to repair

1639

01:02:58,789 --> 01:02:56,000

things on

1640

01:03:00,309 --> 01:02:58,799

on the field we found this box

1641

01:03:03,109 --> 01:03:00,319

we knew it was something but we couldn't

1642

01:03:05,670 --> 01:03:03,119

figure out what it was and so we kind of

1643

01:03:08,150 --> 01:03:05,680

put it aside and we and after the

1644

01:03:10,230 --> 01:03:08,160

operation was over with we took it back

1645

01:03:13,510 --> 01:03:10,240

and i gave it to one of our technicians

1646

01:03:15,510 --> 01:03:13,520

who wasn't ct but he was a a repair

1647

01:03:17,829 --> 01:03:15,520

technician

1648

01:03:19,750 --> 01:03:17,839

i i just gave it to him and he said

1649

01:03:21,670 --> 01:03:19,760

i saw him months later and he said jesus

1650

01:03:23,589 --> 01:03:21,680

you know you just gave us an artifact

1651
01:03:25,510 --> 01:03:23,599
that's probably a thousand years old and

1652
01:03:27,910 --> 01:03:25,520
i said why whoa

1653
01:03:29,750 --> 01:03:27,920
impossible that thing had knobs on it he

1654
01:03:32,230 --> 01:03:29,760
goes yeah yeah i know i had knobs on it

1655
01:03:32,950 --> 01:03:32,240
but it's it's we can't even understand

1656
01:03:34,230 --> 01:03:32,960
it

1657
01:03:35,990 --> 01:03:34,240
wow so

1658
01:03:37,750 --> 01:03:36,000
that was before i ever ever got into the

1659
01:03:39,510 --> 01:03:37,760
subject ufo was good and then you jump

1660
01:03:40,950 --> 01:03:39,520
ahead years later when i was in got

1661
01:03:42,549 --> 01:03:40,960
briefed into the program i always

1662
01:03:44,710 --> 01:03:42,559
thought about that thing

1663
01:03:46,150 --> 01:03:44,720

okay had to be an e.t that they left

1664

01:03:47,829 --> 01:03:46,160

here on earth

1665

01:03:50,069 --> 01:03:47,839

but when i was trying to go out and find

1666

01:03:50,789 --> 01:03:50,079

it everything's classified about it now

1667

01:03:52,549 --> 01:03:50,799

so

1668

01:03:56,150 --> 01:03:52,559

it's just an example of

1669

01:03:58,950 --> 01:03:56,160

of things that have been found that uh

1670

01:04:00,789 --> 01:03:58,960

we we can't understand uh and they're

1671

01:04:02,390 --> 01:04:00,799

they're thousands of years old there's a

1672

01:04:04,309 --> 01:04:02,400

there's a something that was found in

1673

01:04:05,910 --> 01:04:04,319

the tibet uh

1674

01:04:08,069 --> 01:04:05,920

years ago that

1675

01:04:09,990 --> 01:04:08,079

is in the museum and and i think the

1676

01:04:12,630 --> 01:04:10,000

history channel or somebody uh learning

1677

01:04:13,829 --> 01:04:12,640

channel somebody did a special on it uh

1678

01:04:16,150 --> 01:04:13,839

but they couldn't figure out that what

1679

01:04:17,190 --> 01:04:16,160

that was but it had knobs on it

1680

01:04:19,109 --> 01:04:17,200

gauges

1681

01:04:20,710 --> 01:04:19,119

yeah you know

1682

01:04:23,430 --> 01:04:20,720

we didn't have that technology ten

1683

01:04:24,549 --> 01:04:23,440

thousand five thousand years ago right

1684

01:04:28,789 --> 01:04:24,559

yeah we're still trying to figure out

1685

01:04:36,069 --> 01:04:32,549

hi there so i have some questions from

1686

01:04:38,069 --> 01:04:36,079

the audience and quite a few of my own

1687

01:04:40,950 --> 01:04:38,079

and i'm going to try to do it as a

1688

01:04:43,109 --> 01:04:40,960

lightning round in the interest of time

1689

01:04:45,750 --> 01:04:43,119

so we're just going to go with uh asking

1690

01:04:48,390 --> 01:04:45,760

you to say yes or no if that's okay sure

1691

01:04:50,950 --> 01:04:48,400

okay here we go

1692

01:04:53,510 --> 01:04:50,960

is nasa keeping info from the public

1693

01:04:54,950 --> 01:04:53,520

related to the uap topic

1694

01:04:57,109 --> 01:04:54,960

yes

1695

01:04:59,430 --> 01:04:57,119

do you feel the government is over

1696

01:05:00,710 --> 01:04:59,440

classifying uap

1697

01:05:02,870 --> 01:05:00,720

information

1698

01:05:05,750 --> 01:05:02,880

absolutely yes

1699

01:05:10,950 --> 01:05:05,760

could human abductions be linked to the

1700

01:05:14,630 --> 01:05:13,349

i i wouldn't i wouldn't be in a position

1701

01:05:16,630 --> 01:05:14,640

to answer that question i don't know

1702

01:05:19,510 --> 01:05:16,640

okay that's fine you can definitely say

1703

01:05:22,150 --> 01:05:19,520

pass don't feel pressured at all okay

1704

01:05:24,309 --> 01:05:22,160

um do you support amnesty for people

1705

01:05:26,950 --> 01:05:24,319

coming forward to help congress with

1706

01:05:29,349 --> 01:05:26,960

transparency oversight and disclosure

1707

01:05:31,750 --> 01:05:29,359

absolutely yes okay

1708

01:05:36,230 --> 01:05:31,760

is the us government responsible for

1709

01:05:37,029 --> 01:05:36,240

some of the cases of cattle mutilations

1710

01:05:37,990 --> 01:05:37,039

yes

1711

01:05:40,390 --> 01:05:38,000

okay

1712

01:05:42,549 --> 01:05:40,400

would that possibly be due to project

1713

01:05:45,829 --> 01:05:42,559

plowshare or

1714

01:05:47,589 --> 01:05:45,839

experiments with mad cow disease

1715

01:05:49,990 --> 01:05:47,599

well i don't know the exact reason but i

1716

01:05:51,270 --> 01:05:50,000

know the government has a program okay

1717

01:05:53,910 --> 01:05:51,280

okay thank you

1718

01:05:57,349 --> 01:05:53,920

is project

1719

01:05:59,990 --> 01:05:57,359

blue book report 13 the document being

1720

01:06:00,950 --> 01:06:00,000

released by any chance i believe it is

1721

01:06:02,630 --> 01:06:00,960

yes

1722

01:06:05,990 --> 01:06:02,640

have you heard that

1723

01:06:09,589 --> 01:06:06,000

project blue book report 13 has to do

1724

01:06:14,950 --> 01:06:10,549

hmm

1725

01:06:19,029 --> 01:06:16,950

you can say past i'd rather not answer

1726

01:06:20,950 --> 01:06:19,039

that yeah pass is totally fine don't

1727

01:06:21,829 --> 01:06:20,960

forget the past is cool

1728

01:06:23,349 --> 01:06:21,839

okay

1729

01:06:27,190 --> 01:06:23,359

um

1730

01:06:28,470 --> 01:06:27,200

i looked at project garnet which was the

1731

01:06:32,710 --> 01:06:28,480

um

1732

01:06:34,789 --> 01:06:32,720

howe had looked at some time ago and

1733

01:06:36,230 --> 01:06:34,799

found a connection to the dna so my

1734

01:06:39,349 --> 01:06:36,240

question is

1735

01:06:42,150 --> 01:06:39,359

is there a project garnet related to how

1736

01:06:44,390 --> 01:06:42,160

dna is connected to

1737

01:06:45,430 --> 01:06:44,400

humans and et

1738

01:06:49,029 --> 01:06:45,440

yes

1739

01:06:51,029 --> 01:06:49,039

okay is there a yellow and or red book

1740

01:06:54,549 --> 01:06:51,039

used by the government to keep track of

1741

01:06:55,990 --> 01:06:54,559

e.t contacts and races

1742

01:06:57,270 --> 01:06:56,000

well the yellow bug is something given

1743

01:07:01,109 --> 01:06:57,280

to us

1744

01:07:02,309 --> 01:07:01,119

by eba and then the the red book is

1745

01:07:03,589 --> 01:07:02,319

our

1746

01:07:05,990 --> 01:07:03,599

historical

1747

01:07:06,870 --> 01:07:06,000

uh collection of ufo data

1748

01:07:08,950 --> 01:07:06,880

okay

1749

01:07:11,750 --> 01:07:08,960

um do you think that the other well i'm

1750

01:07:14,390 --> 01:07:11,760

sorry yes or no do you the others use

1751
01:07:15,829 --> 01:07:14,400
wormholes as suggested by

1752
01:07:16,710 --> 01:07:15,839
eric davis

1753
01:07:17,910 --> 01:07:16,720
yes

1754
01:07:20,549 --> 01:07:17,920
okay

1755
01:07:25,430 --> 01:07:20,559
is the ufo community a test study for

1756
01:07:25,440 --> 01:07:31,109
uh

1757
01:07:34,789 --> 01:07:31,990
yes

1758
01:07:36,710 --> 01:07:34,799
okay um do you feel the phenomenon will

1759
01:07:40,870 --> 01:07:36,720
reveal itself on its own in an

1760
01:07:42,549 --> 01:07:40,880
undeniable way for the entire planet

1761
01:07:44,230 --> 01:07:42,559
um

1762
01:07:45,270 --> 01:07:44,240
i'll pass i don't know

1763
01:07:48,230 --> 01:07:45,280

okay

1764

01:07:49,910 --> 01:07:48,240

um has the government been experimenting

1765

01:07:51,029 --> 01:07:49,920

with time travel

1766

01:07:55,510 --> 01:07:51,039

yes

1767

01:07:58,309 --> 01:07:57,349

not a portable something else it's

1768

01:08:01,270 --> 01:07:58,319

something

1769

01:08:03,349 --> 01:08:01,280

yeah okay as you can tell rick uh deb

1770

01:08:06,549 --> 01:08:03,359

has enough in the rapid fire round to

1771

01:08:09,430 --> 01:08:06,559

put 30 millimeter rounds in every tank

1772

01:08:12,710 --> 01:08:09,440

in kiev and have like 17 rounds in it

1773

01:08:14,390 --> 01:08:12,720

right right now yeah no i'm trying

1774

01:08:16,950 --> 01:08:14,400

i'm trying to do it

1775

01:08:20,229 --> 01:08:16,960

go ahead out of respect to time i love

1776

01:08:22,829 --> 01:08:20,239

it yeah was clifford stone accurate in

1777

01:08:25,669 --> 01:08:22,839

his statements regarding moon

1778

01:08:26,950 --> 01:08:25,679

dust yes

1779

01:08:28,950 --> 01:08:26,960

i already knew that one by the way

1780

01:08:31,269 --> 01:08:28,960

because the dia let that one slip too

1781

01:08:34,709 --> 01:08:31,279

everybody okay hermione

1782

01:08:37,269 --> 01:08:34,719

sorry sorry um do you think bob lazar

1783

01:08:39,590 --> 01:08:37,279

actually worked at s4 to reverse

1784

01:08:41,829 --> 01:08:39,600

engineer craft

1785

01:08:44,470 --> 01:08:41,839

i know bob lazar worked there i

1786

01:08:45,829 --> 01:08:44,480

absolutely know he worked there yes

1787

01:08:48,229 --> 01:08:45,839

okay

1788

01:08:51,430 --> 01:08:48,239

um do you feel like being public is

1789

01:08:53,829 --> 01:08:51,440

suggested for other people coming out to

1790

01:08:54,950 --> 01:08:53,839

keep them safe within

1791

01:08:56,309 --> 01:08:54,960

um

1792

01:08:57,510 --> 01:08:56,319

well how should i put this within the

1793

01:09:01,189 --> 01:08:57,520

public eye

1794

01:09:02,070 --> 01:09:01,199

when they're disclosing information

1795

01:09:04,470 --> 01:09:02,080

yes

1796

01:09:06,789 --> 01:09:04,480

okay i agree with that too are my labs

1797

01:09:09,749 --> 01:09:06,799

occurring

1798

01:09:11,030 --> 01:09:09,759

is what my labs are they actually a

1799

01:09:12,789 --> 01:09:11,040

thing

1800

01:09:14,390 --> 01:09:12,799

yes

1801

01:09:17,189 --> 01:09:14,400

do you think the government is

1802

01:09:18,870 --> 01:09:17,199

continuing to try to use psychotronics

1803

01:09:22,070 --> 01:09:18,880

remote viewing or mind control

1804

01:09:24,390 --> 01:09:22,080

experiments on the public

1805

01:09:28,630 --> 01:09:27,110

and my last it's my last one dj i just

1806

01:09:30,149 --> 01:09:28,640

want to make sure grant because grant's

1807

01:09:32,630 --> 01:09:30,159

question got in there but go ahead grant

1808

01:09:35,269 --> 01:09:32,640

lavac go ahead well yeah this that i had

1809

01:09:37,269 --> 01:09:35,279

some of his i put some in here but some

1810

01:09:39,430 --> 01:09:37,279

of them are too long to

1811

01:09:42,390 --> 01:09:39,440

make into a lightning round okay

1812

01:09:45,749 --> 01:09:42,400

last one do you think poltergeist ghosts

1813

01:09:49,749 --> 01:09:45,759

cryptids and other concepts like bigfoot

1814

01:09:50,630 --> 01:09:49,759

may be connected to the uap phenomenon

1815

01:09:53,829 --> 01:09:50,640

yes

1816

01:09:55,270 --> 01:09:53,839

okay and i guess i had one last fun one

1817

01:09:57,990 --> 01:09:55,280

how about adding

1818

01:09:59,750 --> 01:09:58,000

uh me changing your name to aviary 12

1819

01:10:01,750 --> 01:09:59,760

12. how about that one

1820

01:10:04,950 --> 01:10:01,760

the group i like that one good idea yeah

1821

01:10:08,390 --> 01:10:04,960

well i saw that on a chat yeah yeah

1822

01:10:10,630 --> 01:10:08,400

deb is so lovable uh money nathan

1823

01:10:13,510 --> 01:10:10,640

okay so i want to go to this uh

1824

01:10:16,310 --> 01:10:13,520

place there seem to be layers to this

1825

01:10:19,030 --> 01:10:16,320

issue and um we in many ways it seems

1826

01:10:22,709 --> 01:10:19,040

almost like we are disentangling

1827

01:10:24,950 --> 01:10:22,719

things that have accumulated this

1828

01:10:27,510 --> 01:10:24,960

crust that has accumulated on this topic

1829

01:10:28,229 --> 01:10:27,520

over the decades that that i hear from

1830

01:10:30,149 --> 01:10:28,239

you

1831

01:10:33,030 --> 01:10:30,159

we need to kind of chip that away and

1832

01:10:34,149 --> 01:10:33,040

get back to some some more core elements

1833

01:10:35,590 --> 01:10:34,159

but

1834

01:10:37,910 --> 01:10:35,600

a lot of the things that are talked

1835

01:10:39,830 --> 01:10:37,920

about now

1836

01:10:41,669 --> 01:10:39,840

some leading theories

1837

01:10:44,229 --> 01:10:41,679

you hear the word consciousness

1838

01:10:45,270 --> 01:10:44,239

consciousness is thrown out quite a lot

1839

01:10:47,830 --> 01:10:45,280

so

1840

01:10:50,229 --> 01:10:47,840

do you think that

1841

01:10:52,870 --> 01:10:50,239

where do you think consciousness

1842

01:10:55,590 --> 01:10:52,880

fits into the overall

1843

01:11:00,470 --> 01:10:55,600

paradigm or or model of reality with

1844

01:11:03,750 --> 01:11:02,630

i think it's connected in some way i'm

1845

01:11:04,630 --> 01:11:03,760

i'm

1846

01:11:07,750 --> 01:11:04,640

you know i

1847

01:11:12,070 --> 01:11:07,760

i i look at it more philosophically than

1848

01:11:13,830 --> 01:11:12,080

in in details or i mean i'm not a

1849

01:11:16,390 --> 01:11:13,840

that's probably the weakest area that

1850

01:11:19,669 --> 01:11:16,400

i've ever uh studied or or was involved

1851
01:11:21,350 --> 01:11:19,679
with during my time in intelligence

1852
01:11:23,830 --> 01:11:21,360
but i think there's something to it i

1853
01:11:25,510 --> 01:11:23,840
i've learned more so much more

1854
01:11:27,990 --> 01:11:25,520
after uh

1855
01:11:29,270 --> 01:11:28,000
getting out and working with gaia and

1856
01:11:31,590 --> 01:11:29,280
and listening to some of these

1857
01:11:33,910 --> 01:11:31,600
contactees abductees and these

1858
01:11:37,669 --> 01:11:33,920
um people who are more

1859
01:11:39,430 --> 01:11:37,679
attuned to the uh consciousness level

1860
01:11:42,149 --> 01:11:39,440
and how they

1861
01:11:43,189 --> 01:11:42,159
relate their consciousness to

1862
01:11:44,229 --> 01:11:43,199
uh

1863
01:11:45,830 --> 01:11:44,239

a living

1864

01:11:47,669 --> 01:11:45,840

something living

1865

01:11:50,070 --> 01:11:47,679

and i think that's fascinating but you

1866

01:11:52,149 --> 01:11:50,080

know that's really the only way

1867

01:11:53,510 --> 01:11:52,159

anything i can comment on

1868

01:11:54,390 --> 01:11:53,520

okay great

1869

01:11:55,510 --> 01:11:54,400

um

1870

01:11:57,430 --> 01:11:55,520

rick

1871

01:11:59,830 --> 01:11:57,440

and cause we want to give you the last

1872

01:12:01,910 --> 01:11:59,840

five minutes to talk about what you what

1873

01:12:05,030 --> 01:12:01,920

you had but i wanted to get in there and

1874

01:12:07,030 --> 01:12:05,040

you spoke about autopsies and we are

1875

01:12:10,390 --> 01:12:07,040

both honored and blessed to have two

1876
01:12:13,110 --> 01:12:10,400
people involved in therapy on this show

1877
01:12:15,750 --> 01:12:13,120
deb is involved in therapy and flareous

1878
01:12:19,830 --> 01:12:15,760
kevin is also involved in in therapy of

1879
01:12:22,630 --> 01:12:19,840
children and deb adults as well

1880
01:12:24,630 --> 01:12:22,640
and i thought about the autopsies

1881
01:12:26,229 --> 01:12:24,640
because you i think could i don't know

1882
01:12:28,229 --> 01:12:26,239
if you had i know you had witnessed

1883
01:12:30,630 --> 01:12:28,239
something i don't know if that were was

1884
01:12:33,510 --> 01:12:30,640
autopsies or actual interviews

1885
01:12:36,229 --> 01:12:33,520
um but how do you think

1886
01:12:38,229 --> 01:12:36,239
or or do you know that some of these

1887
01:12:39,430 --> 01:12:38,239
medical professionals would be able to

1888
01:12:41,910 --> 01:12:39,440

deal with

1889

01:12:44,149 --> 01:12:41,920

what kind of trauma that may have

1890

01:12:47,430 --> 01:12:44,159

overcome them as a result of of

1891

01:12:50,870 --> 01:12:47,440

performing an autopsy on a being

1892

01:12:52,790 --> 01:12:50,880

well i know of of uh

1893

01:12:55,189 --> 01:12:52,800

some military physicians

1894

01:12:57,030 --> 01:12:55,199

and some private physicians

1895

01:12:58,790 --> 01:12:57,040

um and i speak

1896

01:13:01,830 --> 01:12:58,800

i can't speak for

1897

01:13:02,790 --> 01:13:01,840

dr green a very very good friend of mine

1898

01:13:04,470 --> 01:13:02,800

um

1899

01:13:06,709 --> 01:13:04,480

and we were actually on operations

1900

01:13:07,990 --> 01:13:06,719

together him and i not not not medical

1901

01:13:10,790 --> 01:13:08,000

operations but

1902

01:13:12,790 --> 01:13:10,800

uh uh operations real classified stuff

1903

01:13:14,070 --> 01:13:12,800

yeah and um

1904

01:13:16,070 --> 01:13:14,080

uh

1905

01:13:18,470 --> 01:13:16,080

but there there are others that have

1906

01:13:21,189 --> 01:13:18,480

spoken about this uh

1907

01:13:22,229 --> 01:13:21,199

about autopsies and how how it affects

1908

01:13:24,709 --> 01:13:22,239

them

1909

01:13:26,310 --> 01:13:24,719

uh and and um

1910

01:13:28,390 --> 01:13:26,320

you know it does i mean

1911

01:13:30,310 --> 01:13:28,400

regardless of of

1912

01:13:33,270 --> 01:13:30,320

even a regular and i very good friend

1913

01:13:35,750 --> 01:13:33,280

who's a surgeon here in in albuquerque

1914

01:13:38,229 --> 01:13:35,760

who uh is a general surgeon and he's

1915

01:13:40,149 --> 01:13:38,239

been one for 45 years and

1916

01:13:42,470 --> 01:13:40,159

he he operates and

1917

01:13:44,870 --> 01:13:42,480

you know if he when he when he when he's

1918

01:13:46,550 --> 01:13:44,880

dealing with children

1919

01:13:50,229 --> 01:13:46,560

it really affects him

1920

01:13:52,790 --> 01:13:50,239

uh even after thousands of surgeries

1921

01:13:55,750 --> 01:13:52,800

so when you're dealing with an e.t

1922

01:13:57,350 --> 01:13:55,760

something that they've never seen before

1923

01:13:59,270 --> 01:13:57,360

there's a lot of

1924

01:14:01,510 --> 01:13:59,280

red flags that go up

1925

01:14:03,430 --> 01:14:01,520

when i cut into this there's fumes

1926

01:14:05,350 --> 01:14:03,440

coming gonna come out that's gonna kill

1927

01:14:06,229 --> 01:14:05,360

me or affect me

1928

01:14:07,189 --> 01:14:06,239

uh

1929

01:14:08,229 --> 01:14:07,199

do they

1930

01:14:10,950 --> 01:14:08,239

you know the

1931

01:14:13,830 --> 01:14:10,960

is there a chance that they rejuvenate

1932

01:14:16,229 --> 01:14:13,840

themselves and and so forth and so on so

1933

01:14:19,270 --> 01:14:16,239

all those all those things

1934

01:14:21,270 --> 01:14:19,280

uh are play into this to these doctors

1935

01:14:23,110 --> 01:14:21,280

uh the two of them had worked for the

1936

01:14:25,750 --> 01:14:23,120

armed forces institut a pathology in

1937

01:14:27,510 --> 01:14:25,760

washington dc and done autopsies and

1938

01:14:30,229 --> 01:14:27,520

they flew out to

1939

01:14:32,149 --> 01:14:30,239

to nevada to do them

1940

01:14:33,830 --> 01:14:32,159

and you know they they all these things

1941

01:14:36,310 --> 01:14:33,840

they worry about you know they they were

1942

01:14:39,110 --> 01:14:36,320

in hazmat suits uh when they when they

1943

01:14:42,870 --> 01:14:39,120

did it i did actually see

1944

01:14:45,270 --> 01:14:42,880

a part of a a a an alien autopsy old one

1945

01:14:47,189 --> 01:14:45,280

it was uh it wasn't an even

1946

01:14:48,630 --> 01:14:47,199

uh with some something i think it was a

1947

01:14:50,709 --> 01:14:48,640

kingman crash

1948

01:14:51,590 --> 01:14:50,719

uh i saw uh

1949

01:14:54,070 --> 01:14:51,600

about

1950

01:14:55,910 --> 01:14:54,080

seven or eight minutes of it uh it was i

1951

01:14:57,590 --> 01:14:55,920

think the whole thing was like an hour

1952

01:14:59,510 --> 01:14:57,600

and a half and i only saw a segment of

1953

01:15:02,229 --> 01:14:59,520

it

1954

01:15:04,070 --> 01:15:02,239

which was kind of odd because

1955

01:15:05,830 --> 01:15:04,080

you know the skin texture were different

1956

01:15:07,270 --> 01:15:05,840

they had to use different knives and you

1957

01:15:08,630 --> 01:15:07,280

know things like that

1958

01:15:10,709 --> 01:15:08,640

so

1959

01:15:12,870 --> 01:15:10,719

i go back to what i said earlier

1960

01:15:15,110 --> 01:15:12,880

every one of these ets that we've had

1961

01:15:17,110 --> 01:15:15,120

access to or or

1962

01:15:19,030 --> 01:15:17,120

captured or or

1963

01:15:21,669 --> 01:15:19,040

obtained in some manner

1964

01:15:23,110 --> 01:15:21,679

are all different biologically speaking

1965

01:15:24,790 --> 01:15:23,120

so

1966

01:15:26,790 --> 01:15:24,800

we have to know

1967

01:15:27,910 --> 01:15:26,800

just because we did an autopsy on evil

1968

01:15:30,390 --> 01:15:27,920

one

1969

01:15:32,709 --> 01:15:30,400

or the evens that were in the crash

1970

01:15:36,390 --> 01:15:32,719

uh doesn't mean that we understand

1971

01:15:39,270 --> 01:15:36,400

the the the anatomy of of this other one

1972

01:15:41,669 --> 01:15:39,280

that they craft that crashed in kingman

1973

01:15:45,110 --> 01:15:41,679

that weren't evens or the one that craft

1974

01:15:48,070 --> 01:15:45,120

crashed in 1965 in nevada that was some

1975

01:15:51,350 --> 01:15:48,080

other race it looked like uh uh

1976

01:15:54,790 --> 01:15:51,360

an insect a praying man so so

1977

01:15:56,070 --> 01:15:54,800

you know we they they have to

1978

01:15:57,510 --> 01:15:56,080

they have to

1979

01:15:59,990 --> 01:15:57,520

um

1980

01:16:00,950 --> 01:16:00,000

learn all over again so to speak because

1981

01:16:05,830 --> 01:16:00,960

the

1982

01:16:08,310 --> 01:16:05,840

and what we would consider lungs and

1983

01:16:10,950 --> 01:16:08,320

heart were all different and then and

1984

01:16:13,430 --> 01:16:10,960

then top it all off

1985

01:16:14,470 --> 01:16:13,440

uh we we had a deal with one that that

1986

01:16:16,470 --> 01:16:14,480

breathed

1987

01:16:18,070 --> 01:16:16,480

some methane

1988

01:16:20,790 --> 01:16:18,080

i mean they were from a planet that had

1989

01:16:23,510 --> 01:16:20,800

methane in the atmosphere so and we had

1990

01:16:27,430 --> 01:16:23,520

to facilitate them at the

1991

01:16:28,229 --> 01:16:27,440

s2 complex in order to keep them alive

1992

01:16:30,070 --> 01:16:28,239

so

1993

01:16:33,110 --> 01:16:30,080

these are all things that

1994

01:16:37,110 --> 01:16:33,120

we be our scientists became

1995

01:16:38,950 --> 01:16:37,120

rather good at after a while but uh

1996

01:16:40,790 --> 01:16:38,960

it it it affects them and the ones that

1997

01:16:43,189 --> 01:16:40,800

i have spoken with yes the answer would

1998

01:16:44,630 --> 01:16:43,199

be yes you would have to and you know

1999

01:16:46,630 --> 01:16:44,640

rick we can bring him to those cow

2000

01:16:48,709 --> 01:16:46,640

pastures and clovis there's tons of

2001

01:16:50,470 --> 01:16:48,719

methane i think the beings could live

2002

01:16:51,910 --> 01:16:50,480

there with no problem the humans are

2003

01:16:53,990 --> 01:16:51,920

having trouble breathing the air in

2004

01:16:55,910 --> 01:16:54,000

clovis but i i think

2005

01:16:57,990 --> 01:16:55,920

anyway i agree i agree

2006

01:16:59,110 --> 01:16:58,000

sorry cannon air force base i love you

2007

01:17:01,669 --> 01:16:59,120

and i miss you

2008

01:17:03,830 --> 01:17:01,679

all right um anyway rick so the floor is

2009

01:17:05,350 --> 01:17:03,840

yours for what you you wanted to talk

2010

01:17:08,149 --> 01:17:05,360

about

2011

01:17:10,390 --> 01:17:08,159

well i i spoke uh

2012

01:17:12,630 --> 01:17:10,400

about

2013

01:17:14,790 --> 01:17:12,640

different things regarding technology

2014

01:17:17,590 --> 01:17:14,800

and e.t to different et groups

2015

01:17:19,030 --> 01:17:17,600

one thing i want to talk about is um i

2016

01:17:21,110 --> 01:17:19,040

want to

2017

01:17:23,590 --> 01:17:21,120

tell you right now

2018

01:17:26,950 --> 01:17:23,600

and it's not and i'm sure the fbi is not

2019

01:17:28,310 --> 01:17:26,960

going to be knocking at my door but

2020

01:17:31,669 --> 01:17:28,320

i hope not

2021

01:17:34,950 --> 01:17:31,679

everybody everybody wants to know

2022

01:17:37,110 --> 01:17:34,960

uh what happened to mj-12

2023

01:17:39,189 --> 01:17:37,120

now over the years you know there was

2024

01:17:41,830 --> 01:17:39,199

really an mj-12 i think it's pretty much

2025

01:17:45,110 --> 01:17:41,840

been established that it was an mj-12 it

2026
01:17:50,070 --> 01:17:45,120
was a working group it was called mj12

2027
01:17:54,550 --> 01:17:51,030
and

2028
01:17:56,229 --> 01:17:54,560
over the years the name has changed

2029
01:17:59,669 --> 01:17:56,239
and what it's called right now is

2030
01:18:01,350 --> 01:17:59,679
operation working group 12.

2031
01:18:03,110 --> 01:18:01,360
so

2032
01:18:04,149 --> 01:18:03,120
i don't know if anybody knows this now

2033
01:18:06,229 --> 01:18:04,159
but

2034
01:18:08,630 --> 01:18:06,239
it was i heard it

2035
01:18:10,630 --> 01:18:08,640
from another person who

2036
01:18:13,110 --> 01:18:10,640
would would know

2037
01:18:15,510 --> 01:18:13,120
he's still in intelligence

2038
01:18:17,350 --> 01:18:15,520

and i'm not gonna i'm not gonna disclose

2039

01:18:21,030 --> 01:18:17,360

who's in that working group

2040

01:18:24,470 --> 01:18:21,040

but it's called uh owg12 opera

2041

01:18:27,030 --> 01:18:24,480

operations working group 12.

2042

01:18:29,430 --> 01:18:27,040

and it uh it's

2043

01:18:30,870 --> 01:18:29,440

the controller

2044

01:18:33,669 --> 01:18:30,880

uh for

2045

01:18:35,430 --> 01:18:33,679

the information uh regarding uaps and

2046

01:18:36,470 --> 01:18:35,440

ufos

2047

01:18:39,030 --> 01:18:36,480

um

2048

01:18:41,350 --> 01:18:39,040

that the us government has

2049

01:18:43,270 --> 01:18:41,360

now what i also want to talk about is

2050

01:18:44,950 --> 01:18:43,280

the cooperation

2051

01:18:45,830 --> 01:18:44,960

uh this this question comes up all the

2052

01:18:47,430 --> 01:18:45,840

time

2053

01:18:48,870 --> 01:18:47,440

how much cooperation do we have with

2054

01:18:50,709 --> 01:18:48,880

other governments

2055

01:18:52,630 --> 01:18:50,719

well i can tell you right now we have a

2056

01:18:56,229 --> 01:18:52,640

lot i never i never talked about this in

2057

01:18:59,510 --> 01:18:56,239

the past but we have uh

2058

01:19:01,510 --> 01:18:59,520

we have working groups we have

2059

01:19:05,590 --> 01:19:01,520

connections between

2060

01:19:06,870 --> 01:19:05,600

most of our allied intelligence services

2061

01:19:08,709 --> 01:19:06,880

primarily

2062

01:19:09,750 --> 01:19:08,719

our our best

2063

01:19:12,310 --> 01:19:09,760

uh

2064

01:19:14,229 --> 01:19:12,320

would be with german intelligence with

2065

01:19:16,390 --> 01:19:14,239

with the the the the

2066

01:19:18,070 --> 01:19:16,400

bundesliga deans which is

2067

01:19:20,950 --> 01:19:18,080

their cia

2068

01:19:22,950 --> 01:19:20,960

the uh bundes uh uh

2069

01:19:24,310 --> 01:19:22,960

which is counterintelligence

2070

01:19:25,590 --> 01:19:24,320

uh service

2071

01:19:26,790 --> 01:19:25,600

um

2072

01:19:29,189 --> 01:19:26,800

so

2073

01:19:31,350 --> 01:19:29,199

we have excellent working relationship

2074

01:19:33,910 --> 01:19:31,360

and what i suggest you do

2075

01:19:37,030 --> 01:19:33,920

your viewers do is go to

2076

01:19:38,390 --> 01:19:37,040

gaia and listen to tim

2077

01:19:41,669 --> 01:19:38,400

he's a german

2078

01:19:42,550 --> 01:19:41,679

intelligence officer and listen to him

2079

01:19:45,910 --> 01:19:42,560

we have

2080

01:19:47,990 --> 01:19:45,920

program him and i an episode him and i

2081

01:19:50,390 --> 01:19:48,000

talk about the subject but you need to

2082

01:19:52,870 --> 01:19:50,400

talk just to listen to him that's just

2083

01:19:55,270 --> 01:19:52,880

one example but we we do have a good

2084

01:19:56,870 --> 01:19:55,280

working group with italian intelligence

2085

01:19:59,910 --> 01:19:56,880

a japanese

2086

01:20:00,709 --> 01:19:59,920

uh uh south african

2087

01:20:07,430 --> 01:20:00,719

uh

2088

01:20:09,590 --> 01:20:07,440

really really close ones with our nato

2089

01:20:11,350 --> 01:20:09,600

uh allies

2090

01:20:13,830 --> 01:20:11,360

so

2091

01:20:14,870 --> 01:20:13,840

we're getting information not only from

2092

01:20:17,350 --> 01:20:14,880

us

2093

01:20:19,350 --> 01:20:17,360

but we're also getting information from

2094

01:20:22,390 --> 01:20:19,360

other uh cooperation with other

2095

01:20:24,310 --> 01:20:22,400

intelligence agencies in in the in the

2096

01:20:26,709 --> 01:20:24,320

nato realm and and some others that

2097

01:20:27,750 --> 01:20:26,719

aren't nato such as japan

2098

01:20:30,070 --> 01:20:27,760

uh so

2099

01:20:31,510 --> 01:20:30,080

we're we're connected

2100

01:20:34,149 --> 01:20:31,520

and uh

2101
01:20:36,310 --> 01:20:34,159
finally uh somebody mentioned time

2102
01:20:38,790 --> 01:20:36,320
travel i was a counterintelligence

2103
01:20:41,189 --> 01:20:38,800
officer for a project uh that occurred

2104
01:20:43,110 --> 01:20:41,199
at nana at a test nevada test site which

2105
01:20:44,629 --> 01:20:43,120
is now nevada national security site

2106
01:20:46,629 --> 01:20:44,639
that dealt with it was the sandia

2107
01:20:48,310 --> 01:20:46,639
national laboratories and that and

2108
01:20:49,750 --> 01:20:48,320
believe me right now when i tell you

2109
01:20:52,070 --> 01:20:49,760
that we know

2110
01:20:54,629 --> 01:20:52,080
how to time travel now whether we

2111
01:20:55,510 --> 01:20:54,639
actually done it or not i can't go in i

2112
01:20:57,270 --> 01:20:55,520
don't know

2113
01:20:59,430 --> 01:20:57,280

but we know how

2114

01:21:00,709 --> 01:20:59,440

we know how it's done

2115

01:21:02,790 --> 01:21:00,719

and

2116

01:21:04,790 --> 01:21:02,800

how close with that

2117

01:21:07,830 --> 01:21:04,800

that portends a lot of a lot of

2118

01:21:11,189 --> 01:21:09,430

i mean i'm picking my intro off the

2119

01:21:12,229 --> 01:21:11,199

floor

2120

01:21:20,629 --> 01:21:12,239

so

2121

01:21:24,229 --> 01:21:22,470

i'm not sure what i want to ask i guess

2122

01:21:29,270 --> 01:21:24,239

that what i am a little bit what i want

2123

01:21:32,070 --> 01:21:31,270

as do you think our let me put it this

2124

01:21:33,990 --> 01:21:32,080

way

2125

01:21:35,430 --> 01:21:34,000

there's a there's a great novel written

2126

01:21:37,430 --> 01:21:35,440

by a chinese novelist called the

2127

01:21:40,950 --> 01:21:37,440

three-body problem if you've heard of it

2128

01:21:43,110 --> 01:21:40,960

but it's a trilogy and it talks about um

2129

01:21:45,430 --> 01:21:43,120

uh and lou elizondo mentioned this in

2130

01:21:46,870 --> 01:21:45,440

one of his interviews that uh it was a

2131

01:21:48,950 --> 01:21:46,880

book worth kind of taking a look at

2132

01:21:51,110 --> 01:21:48,960

anyway it's excellent but one of the

2133

01:21:54,390 --> 01:21:51,120

concepts in this book

2134

01:21:59,510 --> 01:21:56,709

we sort of learned that whatever

2135

01:22:02,149 --> 01:21:59,520

intelligence is present on the earth has

2136

01:22:04,070 --> 01:22:02,159

a great awareness of what we are doing

2137

01:22:05,510 --> 01:22:04,080

and yet they are also

2138

01:22:06,790 --> 01:22:05,520

kind of on their way in a way they're

2139

01:22:09,669 --> 01:22:06,800

not here at the moment or they're kind

2140

01:22:11,830 --> 01:22:09,679

of here of an observing capacity but

2141

01:22:14,790 --> 01:22:11,840

some of the reason for the obfuscation

2142

01:22:15,910 --> 01:22:14,800

and the uh you know subterfuge of this

2143

01:22:17,830 --> 01:22:15,920

topic

2144

01:22:19,510 --> 01:22:17,840

perpetrated by governments

2145

01:22:22,149 --> 01:22:19,520

is in part to kind of

2146

01:22:25,189 --> 01:22:22,159

conceal what we are doing

2147

01:22:26,709 --> 01:22:25,199

in preparation or response to whatever

2148

01:22:27,510 --> 01:22:26,719

they may be doing

2149

01:22:29,189 --> 01:22:27,520

uh

2150

01:22:30,390 --> 01:22:29,199

you know can you speak to some of that

2151
01:22:34,070 --> 01:22:30,400
even if we

2152
01:22:37,270 --> 01:22:34,080
are a threat do you think there is

2153
01:22:38,629 --> 01:22:37,280
an active effort to sort of conceal

2154
01:22:40,950 --> 01:22:38,639
our own

2155
01:22:42,870 --> 01:22:40,960
work to understand them

2156
01:22:44,149 --> 01:22:42,880
and things that we may be doing in order

2157
01:22:48,550 --> 01:22:44,159
to

2158
01:22:50,229 --> 01:22:48,560
saying we would but surely someone's

2159
01:22:52,709 --> 01:22:50,239
thought about that and is thinking about

2160
01:22:54,149 --> 01:22:52,719
how to do that

2161
01:22:55,510 --> 01:22:54,159
well

2162
01:22:56,870 --> 01:22:55,520
as

2163
01:23:00,070 --> 01:22:56,880

gj knows

2164

01:23:03,110 --> 01:23:00,080

the military plans for everything

2165

01:23:05,430 --> 01:23:03,120

every single thing you can think of the

2166

01:23:07,669 --> 01:23:05,440

military can plan for ten thousand other

2167

01:23:10,070 --> 01:23:07,679

things invasion from

2168

01:23:12,870 --> 01:23:10,080

mars invasion from venus

2169

01:23:13,990 --> 01:23:12,880

they have a plan an operations plan for

2170

01:23:17,430 --> 01:23:14,000

everything

2171

01:23:19,030 --> 01:23:17,440

and believe me the the the united states

2172

01:23:22,870 --> 01:23:19,040

government when i was

2173

01:23:24,709 --> 01:23:22,880

um when i had access to uh

2174

01:23:25,990 --> 01:23:24,719

the war plan

2175

01:23:27,750 --> 01:23:26,000

um

2176
01:23:29,750 --> 01:23:27,760
annex k

2177
01:23:34,229 --> 01:23:29,760
which was the intelligence portion of

2178
01:23:36,950 --> 01:23:34,239
the uh war of the united states war plan

2179
01:23:38,149 --> 01:23:36,960
in that and it's highly uh classified

2180
01:23:39,669 --> 01:23:38,159
top secret

2181
01:23:45,590 --> 01:23:39,679
um

2182
01:23:47,990 --> 01:23:45,600
from

2183
01:23:49,270 --> 01:23:48,000
uh and they made up a group of aliens

2184
01:23:51,669 --> 01:23:49,280
but

2185
01:23:53,350 --> 01:23:51,679
from and advanced aircrafts advanced

2186
01:23:56,390 --> 01:23:53,360
spaceships and so forth and so on and so

2187
01:23:58,149 --> 01:23:56,400
on and so uh

2188
01:24:00,550 --> 01:23:58,159

we have a plan

2189

01:24:02,070 --> 01:24:00,560

and and you bring up a next interesting

2190

01:24:03,830 --> 01:24:02,080

point that i don't like to talk a lot

2191

01:24:06,390 --> 01:24:03,840

about is

2192

01:24:08,070 --> 01:24:06,400

we have we have a plan we had a plan

2193

01:24:09,830 --> 01:24:08,080

during my time period

2194

01:24:11,270 --> 01:24:09,840

and we have a plan now it's probably

2195

01:24:12,950 --> 01:24:11,280

more elaborate

2196

01:24:14,790 --> 01:24:12,960

and we have weapon systems that you

2197

01:24:15,750 --> 01:24:14,800

haven't seen yet

2198

01:24:17,830 --> 01:24:15,760

um

2199

01:24:20,550 --> 01:24:17,840

when i was in uh

2200

01:24:21,750 --> 01:24:20,560

uh uh we had things

2201

01:24:23,669 --> 01:24:21,760

uh

2202

01:24:25,950 --> 01:24:23,679

in in in

2203

01:24:27,669 --> 01:24:25,960

in a battlefield position situation in

2204

01:24:28,550 --> 01:24:27,679

1971

2205

01:24:30,870 --> 01:24:28,560

uh

2206

01:24:33,590 --> 01:24:30,880

i was deployed to a hot

2207

01:24:35,830 --> 01:24:33,600

area and we had laptops

2208

01:24:36,550 --> 01:24:35,840

in 1971 we had a laptop

2209

01:24:38,229 --> 01:24:36,560

so

2210

01:24:42,149 --> 01:24:38,239

that just tells you that

2211

01:24:44,070 --> 01:24:42,159

the military has technology now that we

2212

01:24:47,270 --> 01:24:44,080

will you won't the public won't get for

2213

01:24:49,830 --> 01:24:47,280

10 or 12 or 15 years so we have weapon

2214

01:24:52,550 --> 01:24:49,840

systems now i know we do

2215

01:24:53,669 --> 01:24:52,560

i've spent time outside um

2216

01:24:55,669 --> 01:24:53,679

uh

2217

01:24:57,830 --> 01:24:55,679

the test range up there and seeing

2218

01:25:00,229 --> 01:24:57,840

strange things anybody go out there and

2219

01:25:01,910 --> 01:25:00,239

park outside and look and watch these

2220

01:25:04,550 --> 01:25:01,920

strange things occurring

2221

01:25:07,030 --> 01:25:04,560

these testing of these balls of fire or

2222

01:25:09,510 --> 01:25:07,040

balls of plasma

2223

01:25:11,669 --> 01:25:09,520

so we having things that we're planning

2224

01:25:13,510 --> 01:25:11,679

now the question is why aren't we using

2225

01:25:15,030 --> 01:25:13,520

them why don't we give them to ukraine

2226

01:25:16,149 --> 01:25:15,040

and why don't we you know

2227

01:25:18,870 --> 01:25:16,159

well

2228

01:25:21,590 --> 01:25:18,880

it's not for russia it's for

2229

01:25:25,110 --> 01:25:21,600

something else that could occur

2230

01:25:27,750 --> 01:25:25,120

so we do have plans and we do have

2231

01:25:29,830 --> 01:25:27,760

um technology that's more advanced i

2232

01:25:31,350 --> 01:25:29,840

mean i think it was uh the guy from

2233

01:25:33,270 --> 01:25:31,360

lockheed that said you know we could

2234

01:25:37,590 --> 01:25:33,280

have we could take

2235

01:25:39,990 --> 01:25:39,189

thank you

2236

01:25:41,669 --> 01:25:40,000

uh

2237

01:25:43,830 --> 01:25:41,679

yeah um

2238

01:25:45,910 --> 01:25:43,840

yeah and they're you know like rick said

2239

01:25:47,910 --> 01:25:45,920

there are old plans i actually did a no

2240

01:25:49,990 --> 01:25:47,920

plan back in

2241

01:25:52,390 --> 01:25:50,000

might have been like 2005

2242

01:25:54,550 --> 01:25:52,400

for something and i was very surprised

2243

01:25:57,510 --> 01:25:54,560

that somebody asked me to go be part of

2244

01:25:58,790 --> 01:25:57,520

this plan x planning exercise of which

2245

01:26:00,790 --> 01:25:58,800

when you're done with the plan they

2246

01:26:02,950 --> 01:26:00,800

basically close it they archive it and

2247

01:26:05,350 --> 01:26:02,960

then if that situation comes up they

2248

01:26:07,669 --> 01:26:05,360

unarchive it and say okay this is where

2249

01:26:08,870 --> 01:26:07,679

we're going to start at least by looking

2250

01:26:10,790 --> 01:26:08,880

at how we're going to deal with this

2251
01:26:11,910 --> 01:26:10,800
threat and i did when i was part of one

2252
01:26:13,910 --> 01:26:11,920
uh

2253
01:26:16,550 --> 01:26:13,920
back then i thought i was a little bit

2254
01:26:18,070 --> 01:26:16,560
young for that but but uh i was selected

2255
01:26:20,790 --> 01:26:18,080
to go do it

2256
01:26:23,350 --> 01:26:20,800
kev uh what do you got finally for uh mr

2257
01:26:25,830 --> 01:26:23,360
dodie well actually

2258
01:26:28,229 --> 01:26:25,840
i just was wondering since you've had a

2259
01:26:30,470 --> 01:26:28,239
lot of uh close encounters of

2260
01:26:33,189 --> 01:26:30,480
numerous kinds have you endured any

2261
01:26:35,189 --> 01:26:33,199
ailments from your from harmful uap

2262
01:26:44,470 --> 01:26:35,199
effects like any physical

2263
01:26:44,480 --> 01:26:48,830

when i was at

2264

01:26:53,669 --> 01:26:51,750

tonopah um

2265

01:26:55,270 --> 01:26:53,679

i got a rash on my hand after an

2266

01:26:57,590 --> 01:26:55,280

incident that uh

2267

01:26:59,590 --> 01:26:57,600

i've spoke about uh

2268

01:27:02,709 --> 01:26:59,600

and gaia on an episode

2269

01:27:06,870 --> 01:27:02,719

the urania mountain incident um

2270

01:27:09,270 --> 01:27:06,880

i got i had a rash on my left hand um

2271

01:27:10,709 --> 01:27:09,280

just just over the top of my hand and it

2272

01:27:11,990 --> 01:27:10,719

was a very uh

2273

01:27:13,510 --> 01:27:12,000

painful

2274

01:27:15,910 --> 01:27:13,520

rash that

2275

01:27:18,790 --> 01:27:15,920

uh doctors uh

2276
01:27:20,550 --> 01:27:18,800
military doctors uh couldn't understand

2277
01:27:22,390 --> 01:27:20,560
i mean i i

2278
01:27:24,390 --> 01:27:22,400
was seen at a clinic there and i was

2279
01:27:25,189 --> 01:27:24,400
sent to nellis air force base hospital

2280
01:27:26,709 --> 01:27:25,199
they

2281
01:27:27,990 --> 01:27:26,719
looked at it and it was sent down to the

2282
01:27:30,950 --> 01:27:28,000
university of

2283
01:27:32,550 --> 01:27:30,960
nevada medical center in las vegas

2284
01:27:34,470 --> 01:27:32,560
dermatologist

2285
01:27:36,790 --> 01:27:34,480
said you know we don't know what it is

2286
01:27:39,590 --> 01:27:36,800
it eventually went away but

2287
01:27:40,390 --> 01:27:39,600
it happened after we were in that cave

2288
01:27:47,669 --> 01:27:40,400

and

2289

01:27:49,189 --> 01:27:47,679

was

2290

01:27:50,950 --> 01:27:49,199

because of that

2291

01:27:53,189 --> 01:27:50,960

but that's that's the only time i can

2292

01:27:55,510 --> 01:27:53,199

remember ever having any kind of ill

2293

01:27:57,270 --> 01:27:55,520

effects uh relating

2294

01:27:58,870 --> 01:27:57,280

to to you

2295

01:28:01,830 --> 01:27:58,880

ufo now i've

2296

01:28:03,990 --> 01:28:01,840

i've during the military i've jumped out

2297

01:28:07,189 --> 01:28:04,000

airplanes and landed wrong and things

2298

01:28:08,390 --> 01:28:07,199

like that but other than that but uh

2299

01:28:10,149 --> 01:28:08,400

all right

2300

01:28:12,790 --> 01:28:10,159

what squadron were before we turn over

2301
01:28:14,229 --> 01:28:12,800
to deb were you in the 21st that pope no

2302
01:28:16,550 --> 01:28:14,239
no

2303
01:28:18,790 --> 01:28:16,560
uh that was way way way special tactics

2304
01:28:20,870 --> 01:28:18,800
was it was after

2305
01:28:22,470 --> 01:28:20,880
project rainbow uh

2306
01:28:25,030 --> 01:28:22,480
no um

2307
01:28:27,350 --> 01:28:25,040
uh i was with a 7 14

2308
01:28:29,030 --> 01:28:27,360
attack control flight and that was part

2309
01:28:30,070 --> 01:28:29,040
of the 601st

2310
01:28:31,350 --> 01:28:30,080
combat

2311
01:28:32,390 --> 01:28:31,360
support wing

2312
01:28:37,590 --> 01:28:32,400
um

2313
01:28:40,390 --> 01:28:37,600

and and and when i was in germany uh in

2314

01:28:41,750 --> 01:28:40,400

southeast asia i was with a 6 12 attack

2315

01:28:42,950 --> 01:28:41,760

control flight

2316

01:28:44,470 --> 01:28:42,960

and

2317

01:28:46,790 --> 01:28:44,480

most of us

2318

01:28:50,229 --> 01:28:46,800

we had one in two teams the one team

2319

01:28:51,990 --> 01:28:50,239

were always assigned to rangers

2320

01:28:53,030 --> 01:28:52,000

and the two teams were teams that went

2321

01:28:54,229 --> 01:28:53,040

out

2322

01:28:56,950 --> 01:28:54,239

on their own

2323

01:28:59,110 --> 01:28:56,960

i was assigned to one team and so i was

2324

01:29:02,470 --> 01:28:59,120

always attached to the ranger unit uh

2325

01:29:04,950 --> 01:29:02,480

not always uh we did we we did uh some

2326

01:29:06,790 --> 01:29:04,960

work with the air cab guys but

2327

01:29:07,669 --> 01:29:06,800

mostly it was uh

2328

01:29:10,149 --> 01:29:07,679

uh

2329

01:29:12,149 --> 01:29:10,159

with the rangers or or an infantry unit

2330

01:29:14,709 --> 01:29:12,159

uh setting up an uh

2331

01:29:16,790 --> 01:29:14,719

uh air air control system around a

2332

01:29:19,030 --> 01:29:16,800

combat zone as you know yeah

2333

01:29:21,590 --> 01:29:19,040

and we would call in uh

2334

01:29:24,310 --> 01:29:21,600

calls for fire yeah

2335

01:29:25,350 --> 01:29:24,320

awesome uh debs has uh i think an

2336

01:29:27,669 --> 01:29:25,360

audience

2337

01:29:30,629 --> 01:29:27,679

question for you and then that'll

2338

01:29:32,790 --> 01:29:30,639

that'll be our closer okay okay

2339

01:29:33,830 --> 01:29:32,800

the question is from

2340

01:29:35,350 --> 01:29:33,840

number

2341

01:29:37,270 --> 01:29:35,360

16

2342

01:29:39,669 --> 01:29:37,280

and is does

2343

01:29:43,990 --> 01:29:39,679

richard have a history of practicing

2344

01:29:48,070 --> 01:29:44,000

remote viewing with dr put off

2345

01:29:51,669 --> 01:29:48,080

dr evil in the house go for it rick

2346

01:29:53,430 --> 01:29:51,679

well i have uh delved into remote

2347

01:29:55,830 --> 01:29:53,440

viewing um

2348

01:29:58,149 --> 01:29:55,840

we we weren't uh

2349

01:30:00,950 --> 01:29:58,159

we didn't have any uh when i worked for

2350

01:30:02,709 --> 01:30:00,960

him for the 11 years i worked for him

2351

01:30:04,629 --> 01:30:02,719

uh i was always interested in the

2352

01:30:06,790 --> 01:30:04,639

subject of remote viewing because i

2353

01:30:08,790 --> 01:30:06,800

actually in intelligence

2354

01:30:10,790 --> 01:30:08,800

we were doing things that were

2355

01:30:12,149 --> 01:30:10,800

supporting remote viewing we didn't

2356

01:30:13,990 --> 01:30:12,159

really know what we were doing we didn't

2357

01:30:16,470 --> 01:30:14,000

know what remote viewing was at that

2358

01:30:19,510 --> 01:30:16,480

time it was even it was so classified

2359

01:30:22,629 --> 01:30:19,520

and compartmented and and i tried it i i

2360

01:30:24,310 --> 01:30:22,639

uh sat in a room and i remote try to

2361

01:30:27,030 --> 01:30:24,320

remove you something that was in another

2362

01:30:28,149 --> 01:30:27,040

part of our our building in austin texas

2363

01:30:30,870 --> 01:30:28,159

uh and

2364

01:30:33,990 --> 01:30:30,880

and i got a few things right but it

2365

01:30:37,110 --> 01:30:34,000

takes a lot of uh training unless you're

2366

01:30:38,070 --> 01:30:37,120

a natural remote viewer like pat price

2367

01:30:40,070 --> 01:30:38,080

um

2368

01:30:41,590 --> 01:30:40,080

yeah you're you're you're it's not

2369

01:30:44,550 --> 01:30:41,600

something that you can just learn

2370

01:30:46,870 --> 01:30:44,560

overnight uh but i and i did i did delve

2371

01:30:49,830 --> 01:30:46,880

into it but i was more fascinated by the

2372

01:30:52,070 --> 01:30:49,840

others that were there that were remote

2373

01:30:55,350 --> 01:30:52,080

viewing things that are you know like

2374

01:30:58,229 --> 01:30:55,360

mars and and neptune and things that

2375

01:30:59,990 --> 01:30:58,239

were doing it that just fascinated me

2376

01:31:01,189 --> 01:31:00,000

uh but yeah i delved into it a little

2377

01:31:03,189 --> 01:31:01,199

bit

2378

01:31:04,790 --> 01:31:03,199

deb has a follow-up i know this is very

2379

01:31:08,709 --> 01:31:04,800

surprising go ahead

2380

01:31:10,870 --> 01:31:08,719

no i just i since he is your friend and

2381

01:31:12,390 --> 01:31:10,880

perhaps he is um

2382

01:31:13,910 --> 01:31:12,400

willing to share

2383

01:31:15,590 --> 01:31:13,920

i have not seen anything that says

2384

01:31:18,470 --> 01:31:15,600

whether or not

2385

01:31:20,950 --> 01:31:18,480

put off himself as a remote viewer

2386

01:31:26,070 --> 01:31:20,960

okay that's what i was wondering uh now

2387

01:31:33,030 --> 01:31:28,830

kit green's not a remote viewer they

2388

01:31:34,870 --> 01:31:33,040

facilitated uh they were uh involved in

2389

01:31:36,229 --> 01:31:34,880

setting everything up administrative

2390

01:31:38,229 --> 01:31:36,239

control

2391

01:31:41,750 --> 01:31:38,239

they brought in the uh people that they

2392

01:31:43,430 --> 01:31:41,760

train of course uh keller and geller and

2393

01:31:44,390 --> 01:31:43,440

and and target those people were the

2394

01:31:46,870 --> 01:31:44,400

ones that were

2395

01:31:48,550 --> 01:31:46,880

and and others that were training him uh

2396

01:31:49,430 --> 01:31:48,560

there's a there's other aspects you know

2397

01:31:53,669 --> 01:31:49,440

there's

2398

01:31:55,270 --> 01:31:53,679

remote viewing program that hasn't been

2399

01:31:58,550 --> 01:31:55,280

declassified

2400

01:32:00,950 --> 01:31:58,560

uh and i was always told you know

2401
01:32:03,510 --> 01:32:00,960
dr put off always reminded me that

2402
01:32:06,229 --> 01:32:03,520
there's a lot of things that are still

2403
01:32:07,510 --> 01:32:06,239
are classified regarding remote viewing

2404
01:32:09,030 --> 01:32:07,520
and one of them

2405
01:32:10,629 --> 01:32:09,040
and i'm not going to go into great

2406
01:32:11,669 --> 01:32:10,639
details on this one of them if we have

2407
01:32:13,669 --> 01:32:11,679
time

2408
01:32:16,390 --> 01:32:13,679
is that there is a

2409
01:32:18,709 --> 01:32:16,400
probably one of the most

2410
01:32:21,590 --> 01:32:18,719
famous remote viewers that was

2411
01:32:23,510 --> 01:32:21,600
non-military or non-government

2412
01:32:25,430 --> 01:32:23,520
that we that we the united states

2413
01:32:27,750 --> 01:32:25,440

government got a hold of

2414

01:32:29,830 --> 01:32:27,760

was a school teacher in maryland

2415

01:32:31,830 --> 01:32:29,840

an african-american lady

2416

01:32:32,790 --> 01:32:31,840

that was

2417

01:33:20,070 --> 01:32:32,800

a

2418

01:33:21,270 --> 01:33:20,080

you know you know i i

2419

01:33:25,030 --> 01:33:21,280

he you know what

2420

01:33:27,030 --> 01:33:25,040

hal's not an open person he's very very

2421

01:33:35,430 --> 01:33:27,040

um

2422

01:33:36,950 --> 01:33:35,440

i think he's more or less apprehensive

2423

01:33:38,950 --> 01:33:36,960

about questions

2424

01:33:40,390 --> 01:33:38,960

that he can't answer not not that he

2425

01:33:42,070 --> 01:33:40,400

doesn't know about him

2426

01:33:43,510 --> 01:33:42,080

but that's just questions that he just
