00:00:51,029 --> 00:00:48,239  
chilling like mcgrillen but before we

8  
00:00:53,590 --> 00:00:51,039  
get to that i gotta introduce the cab

11  
00:00:59,029 --> 00:00:57,280  
bring in

12  
00:01:00,229 --> 00:00:59,039  
but first we got to go to the money man

13  
00:01:01,670 --> 00:01:00,239

00:01:23,590 --> 00:01:21,119

let's let's bring on uh our guest host

24

00:01:26,149 --> 00:01:23,600

tonight from the secret knowledge

25

00:01:28,110 --> 00:01:26,159

[Applause]

28

00:01:33,510 --> 00:01:31,920

but i'm here only half a secret

29

00:01:35,990 --> 00:01:33,520

knowledge is here shane i wish you were

30

00:01:37,350 --> 00:01:36,000

here brother uh i really do i can't wait

31

00:01:39,590 --> 00:01:37,360

to talk to you i can't wait to talk

32

00:01:41,910 --> 00:01:39,600

about the project that they alluded to

33

00:01:44,069 --> 00:01:41,920

on text today yeah i know nothing about

34

00:01:46,710 --> 00:01:44,079

yeah he's recording for it right now

35

00:01:48,310 --> 00:01:46,720

super secretive i love it yes and our

36

00:01:50,870 --> 00:01:48,320

newest member

37

00:01:53,510 --> 00:01:50,880

of the calling all being show

38

00:01:57,190 --> 00:01:53,520

party people put those hands together

39

00:01:59,510 --> 00:01:57,200

for stephanie at uap experience

40

00:02:01,990 --> 00:01:59,520

thank you glad to be here with you guys

41

00:02:03,670 --> 00:02:02,000

yes ma'am good to be with us we so

42

00:02:06,830 --> 00:02:03,680

excited with the energy and you know

43

00:02:09,029 --> 00:02:06,840

what everybody's hair looks great

44

00:02:11,029 --> 00:02:09,039

uh exactly except

45

00:02:13,030 --> 00:02:11,039

anyway so all right so let's talk about

46

00:02:16,070 --> 00:02:13,040

uh we're gonna

47

00:02:18,229 --> 00:02:16,080

let's talk about this thank you nathan

48

00:02:20,710 --> 00:02:18,239

nathan's feeling me man he's an empath

49

00:02:22,390 --> 00:02:20,720

like me all right

50

00:02:24,390 --> 00:02:22,400

so i i've been dying to have this

51  
00:02:27,910 --> 00:02:24,400  
gentleman on right here he's a professor

52  
00:02:30,470 --> 00:02:27,920  
of anthropology at montana tech okay and

53  
00:02:33,270 --> 00:02:30,480  
what i'm trying to say is if you got the

54  
00:02:35,430 --> 00:02:33,280  
money he got the time and if you don't

55  
00:02:38,390 --> 00:02:35,440  
have the money he still has the time

56  
00:02:39,830 --> 00:02:38,400  
party people put those hands together

57  
00:02:40,949 --> 00:02:39,840  
for dr

58  
00:02:44,380 --> 00:02:40,959  
michael

59  
00:02:52,470 --> 00:02:45,750  
[Applause]

60  
00:02:55,830 --> 00:02:53,910  
hello welcome to the show good to have

61  
00:02:57,910 --> 00:02:55,840  
you with us thanks yeah that was quite

62  
00:03:00,470 --> 00:02:57,920  
the introduction

63  
00:03:02,550 --> 00:03:00,480

yeah how can you be pumped to talk some

64

00:03:04,070 --> 00:03:02,560

time travel after that that was great

65

00:03:04,550 --> 00:03:04,080

still working on the pyrotechnics we're

66

00:03:07,670 --> 00:03:04,560

going to get that

67

00:03:09,509 --> 00:03:07,680

[Laughter]

68

00:03:11,589 --> 00:03:09,519

michael jackson we don't want you jerry

69

00:03:14,790 --> 00:03:11,599

curl going on fire any of that so we got

70

00:03:17,509 --> 00:03:14,800

to be careful of that but man uh dr

71

00:03:21,350 --> 00:03:17,519

masters i heard you on

72

00:03:23,030 --> 00:03:21,360

with andy mcgrillen and i messaged him

73

00:03:25,270 --> 00:03:23,040

straight away when i heard that last

74

00:03:29,030 --> 00:03:25,280

year i really really like

75

00:03:31,670 --> 00:03:29,040

the fact of the way that you are able to

76

00:03:33,670 --> 00:03:31,680

put these very complex topics into

77

00:03:35,910 --> 00:03:33,680

layman's terms that like meatheads like

78

00:03:38,149 --> 00:03:35,920

myself can understand

79

00:03:39,430 --> 00:03:38,159

uh and so we're really really happy to

80

00:03:41,509 --> 00:03:39,440

have you on sir

81

00:03:44,390 --> 00:03:41,519

yeah thanks are you talking about um

82

00:03:46,630 --> 00:03:44,400

that ufo podcast yes sir yeah okay i

83

00:03:48,550 --> 00:03:46,640

didn't know andy's last name that that's

84

00:03:50,309 --> 00:03:48,560

good to know yeah when he comes on we

85

00:03:52,309 --> 00:03:50,319

call the that up his name's andy

86

00:03:53,910 --> 00:03:52,319

mcgrillen so we call that episode

87

00:03:55,350 --> 00:03:53,920

chilling with mcgrillen because we have

88

00:03:57,509 --> 00:03:55,360

a little bit of a street vibe going on

89

00:03:59,990 --> 00:03:57,519

in the show i i like it i like that a

90

00:04:01,830 --> 00:04:00,000

lot and we have the academics we have

91

00:04:03,589 --> 00:04:01,840

professorial individuals like yourself

92

00:04:05,030 --> 00:04:03,599

like nathan at the bottom i also want to

93

00:04:07,270 --> 00:04:05,040

introduce you to

94

00:04:09,670 --> 00:04:07,280

basically brand new members of calling

95

00:04:11,270 --> 00:04:09,680

all beings as two of our members uh deb

96

00:04:13,670 --> 00:04:11,280

is at a wedding tonight

97

00:04:16,789 --> 00:04:13,680

uh and kevin is still working uh both

98

00:04:18,310 --> 00:04:16,799

those guys are therapists uh and and uh

99

00:04:20,229 --> 00:04:18,320

so we couldn't have them on but thank

100

00:04:22,550 --> 00:04:20,239

god we have some new members so let me

101  
00:04:24,950 --> 00:04:22,560  
introduce you to allison up top she has

102  
00:04:26,550 --> 00:04:24,960  
a show called the secret knowledge

103  
00:04:29,510 --> 00:04:26,560  
oh cool

104  
00:04:31,270 --> 00:04:29,520  
that that explains the tsk i guess

105  
00:04:33,990 --> 00:04:31,280  
yes

106  
00:04:36,469 --> 00:04:34,000  
got it good it's an acronym and she was

107  
00:04:39,030 --> 00:04:36,479  
also taught in college like yourself uh

108  
00:04:40,870 --> 00:04:39,040  
stephanie down below from the aviation

109  
00:04:43,189 --> 00:04:40,880  
industry like myself

110  
00:04:45,590 --> 00:04:43,199  
and she's our newest member of cab

111  
00:04:47,749 --> 00:04:45,600  
awesome yeah my my family owned and

112  
00:04:49,830 --> 00:04:47,759  
operated an aerospace machine shop in

113  
00:04:51,189 --> 00:04:49,840

southern california and i am an

114

00:04:53,909 --> 00:04:51,199

experiencer

115

00:04:55,590 --> 00:04:53,919

so awesome yeah yeah i'm i'm very

116

00:04:57,909 --> 00:04:55,600

interested to hear what we have going on

117

00:04:59,909 --> 00:04:57,919

today and i have yeah one burning

118

00:05:01,590 --> 00:04:59,919

question so hopefully we'll work that in

119

00:05:03,350 --> 00:05:01,600

we're gonna get to it but right now i

120

00:05:04,790 --> 00:05:03,360

gotta turn it over to the money man so

121

00:05:06,790 --> 00:05:04,800

let me give you over to the capable

122

00:05:09,430 --> 00:05:06,800

hands of my co-host the brother from

123

00:05:11,990 --> 00:05:09,440

another my co-creator of this show money

124

00:05:14,310 --> 00:05:12,000

nathan thanks dj dr master great to have

125

00:05:16,870 --> 00:05:14,320

you with us uh for those of folks who

126

00:05:18,710 --> 00:05:16,880

are listening uh either now or later

127

00:05:20,150 --> 00:05:18,720

the book that you've written that

128

00:05:22,550 --> 00:05:20,160

a lot of folks are familiar with has

129

00:05:24,550 --> 00:05:22,560

identified flying objects

130

00:05:27,110 --> 00:05:24,560

which focuses pretty heavily on the

131

00:05:28,790 --> 00:05:27,120

future human hypothesis um before we get

132

00:05:31,830 --> 00:05:28,800

into the questions i wanted to say thank

133

00:05:34,790 --> 00:05:31,840

you for your willingness to to research

134

00:05:37,270 --> 00:05:34,800

this to publish on this uh to pursue

135

00:05:38,390 --> 00:05:37,280

this as a curiosity um and from what i

136

00:05:39,270 --> 00:05:38,400

understand

137

00:05:41,189 --> 00:05:39,280

uh

138

00:05:43,029 --> 00:05:41,199

that effort has been

139

00:05:45,430 --> 00:05:43,039

has received a warm welcome in in

140

00:05:46,629 --> 00:05:45,440

academia and that's not nice to hear

141

00:05:47,350 --> 00:05:46,639

um

142

00:05:49,270 --> 00:05:47,360

so

143

00:05:51,110 --> 00:05:49,280

what uh you know for you in particular

144

00:05:53,029 --> 00:05:51,120

for those who may not be as familiar

145

00:05:54,950 --> 00:05:53,039

like what for you is uh kind of

146

00:05:58,070 --> 00:05:54,960

compelling about the future human

147

00:06:00,710 --> 00:05:58,080

hypothesis when it comes to ufos and i

148

00:06:03,270 --> 00:06:00,720

think grays in particular

149

00:06:05,909 --> 00:06:03,280

yeah i mean i think it does help explain

150

00:06:08,710 --> 00:06:05,919

a lot of lingering questions surrounding

151  
00:06:10,790 --> 00:06:08,720  
the ufo phenomenon um and and yeah i

152  
00:06:13,189 --> 00:06:10,800  
mean when i wrote that book it mostly

153  
00:06:14,629 --> 00:06:13,199  
centered on these long-term evolutionary

154  
00:06:17,749 --> 00:06:14,639  
changes

155  
00:06:20,230 --> 00:06:17,759  
in uh in the hominin lineage and looking

156  
00:06:22,790 --> 00:06:20,240  
at the grays in particular but as i've

157  
00:06:25,270 --> 00:06:22,800  
been doing research for this new book

158  
00:06:27,110 --> 00:06:25,280  
i've come across so many

159  
00:06:30,309 --> 00:06:27,120  
different case studies where

160  
00:06:32,390 --> 00:06:30,319  
experiencers describe uh

161  
00:06:34,950 --> 00:06:32,400  
really just humans i mean the ones they

162  
00:06:37,590 --> 00:06:34,960  
look exactly like us they speak

163  
00:06:39,670 --> 00:06:37,600

vocally they um you know they still have

164

00:06:41,110 --> 00:06:39,680

hair and so i don't know it kind of made

165

00:06:43,990 --> 00:06:41,120

me rethink

166

00:06:45,830 --> 00:06:44,000

that that approach i mean obviously

167

00:06:48,070 --> 00:06:45,840

i look at it in the context of temporal

168

00:06:51,029 --> 00:06:48,080

ancestry is what i call it so the ones

169

00:06:53,270 --> 00:06:51,039

that are human just like us are probably

170

00:06:56,150 --> 00:06:53,280

from a closer point in the future

171

00:06:58,469 --> 00:06:56,160

uh and then the grays are probably eight

172

00:06:59,749 --> 00:06:58,479

ten fifteen thousand years out based on

173

00:07:03,110 --> 00:06:59,759

their their cranial facial

174

00:07:04,790 --> 00:07:03,120

characteristics and other traits so um

175

00:07:08,070 --> 00:07:04,800

yeah i've kind of been looking at it

176

00:07:10,550 --> 00:07:08,080

over the course of uh the last hundred

177

00:07:12,390 --> 00:07:10,560

years five different continents and and

178

00:07:14,550 --> 00:07:12,400

there's these patterns that emerge over

179

00:07:15,510 --> 00:07:14,560

and over with regard to the beans their

180

00:07:17,110 --> 00:07:15,520

craft

181

00:07:19,830 --> 00:07:17,120

their behaviors

182

00:07:20,790 --> 00:07:19,840

indications of what their objectives may

183

00:07:22,950 --> 00:07:20,800

be

184

00:07:25,589 --> 00:07:22,960

and and really so much of it fits with

185

00:07:28,469 --> 00:07:25,599

this extra tempestual model but in this

186

00:07:29,790 --> 00:07:28,479

new book i also consider other

187

00:07:32,390 --> 00:07:29,800

other models as well the

188

00:07:34,710 --> 00:07:32,400

ultra-terrestrial extraterrestrial

189

00:07:37,830 --> 00:07:34,720

interdimensional and things like that

190

00:07:39,749 --> 00:07:37,840

just to kind of compare and contrast um

191

00:07:42,070 --> 00:07:39,759

because you know i i don't think there's

192

00:07:43,909 --> 00:07:42,080

really one explanation i don't think one

193

00:07:47,430 --> 00:07:43,919

model can truly capture all of the

194

00:07:50,230 --> 00:07:47,440

variation but i do think this one adds

195

00:07:53,430 --> 00:07:50,240

uh quite quite a bit to the conversation

196

00:07:54,790 --> 00:07:53,440

as far as um explaining who these beans

197

00:07:56,469 --> 00:07:54,800

are

198

00:07:59,029 --> 00:07:56,479

when they might be coming from what

199

00:08:02,950 --> 00:07:59,039

they're doing here and a number of other

200

00:08:07,110 --> 00:08:04,629

comes on me there so i had one follow-up

201  
00:08:09,270 --> 00:08:07,120  
to that question uh that just my own

202  
00:08:11,029 --> 00:08:09,280  
curiosity so my understanding and i have

203  
00:08:12,629 --> 00:08:11,039  
this could be i could have this totally

204  
00:08:15,990 --> 00:08:12,639  
wrong that

205  
00:08:17,830 --> 00:08:16,000  
evolutionary biology is influenced by

206  
00:08:19,830 --> 00:08:17,840  
environmental factors and genetic

207  
00:08:23,189 --> 00:08:19,840  
mutation

208  
00:08:25,189 --> 00:08:23,199  
and selection you know so i guess

209  
00:08:27,830 --> 00:08:25,199  
one thing that i'm curious about when it

210  
00:08:29,029 --> 00:08:27,840  
comes to the grays being our future

211  
00:08:31,430 --> 00:08:29,039  
ancestors

212  
00:08:34,149 --> 00:08:31,440  
uh you know for example i have glasses

213  
00:08:35,509 --> 00:08:34,159

right and uh my vision's not that great

214

00:08:36,949 --> 00:08:35,519

um

215

00:08:38,949 --> 00:08:36,959

you know a few hundred years ago or a

216

00:08:41,029 --> 00:08:38,959

few thousand years ago i may not have ma

217

00:08:43,029 --> 00:08:41,039

made it you know sort of

218

00:08:44,870 --> 00:08:43,039

very well but in our modern sort of

219

00:08:46,310 --> 00:08:44,880

context you know a lot of things that

220

00:08:49,110 --> 00:08:46,320

would have been

221

00:08:50,150 --> 00:08:49,120

evolutionarily disadvantageous

222

00:08:51,910 --> 00:08:50,160

are

223

00:08:54,710 --> 00:08:51,920

still kind of moving into the or

224

00:08:56,710 --> 00:08:54,720

perpetuating into the gene pool so i

225

00:08:57,509 --> 00:08:56,720

guess what i wanted to know is your take

226

00:09:00,230 --> 00:08:57,519

on

227

00:09:03,590 --> 00:09:00,240

the physiology of the grace

228

00:09:06,310 --> 00:09:03,600

do you think that it's a result of

229

00:09:09,190 --> 00:09:06,320

kind of active genetic manipulation

230

00:09:11,110 --> 00:09:09,200

or potentially uh some sort of

231

00:09:13,829 --> 00:09:11,120

dramatically different environmental

232

00:09:16,550 --> 00:09:13,839

change that may be in our future or

233

00:09:18,550 --> 00:09:16,560

maybe a combination of the two

234

00:09:21,269 --> 00:09:18,560

yeah i would say possibly both of those

235

00:09:23,190 --> 00:09:21,279

and also just a continuation of the same

236

00:09:24,949 --> 00:09:23,200

long-term trends we've seen throughout

237

00:09:26,710 --> 00:09:24,959

the last six to eight million years of

238

00:09:29,269 --> 00:09:26,720

of hominin evolution

239

00:09:32,070 --> 00:09:29,279

um the bigger rounder heads neurocranial

240

00:09:34,389 --> 00:09:32,080

globularity smaller faces more retracted

241

00:09:36,550 --> 00:09:34,399

mid and lower facial anatomy

242

00:09:39,350 --> 00:09:36,560

but still bilateral symmetry

243

00:09:41,750 --> 00:09:39,360

pentadactyly five digits on each hand

244

00:09:43,430 --> 00:09:41,760

foot um they're still tetrapods they

245

00:09:45,670 --> 00:09:43,440

still have four limbs which is a trait

246

00:09:47,190 --> 00:09:45,680

that goes back almost 400 million years

247

00:09:48,949 --> 00:09:47,200

on this planet

248

00:09:51,350 --> 00:09:48,959

so yeah there's a lot of things that are

249

00:09:54,310 --> 00:09:51,360

are consistent but obviously they do

250

00:09:56,550 --> 00:09:54,320

look different and yeah i try to avoid

251

00:09:58,470 --> 00:09:56,560

speculating about what might happen

252

00:10:00,710 --> 00:09:58,480

between now and then to cause us to look

253

00:10:02,710 --> 00:10:00,720

like that there's certainly a number of

254

00:10:04,389 --> 00:10:02,720

things that could with natural selection

255

00:10:07,110 --> 00:10:04,399

as you mentioned but also the fact that

256

00:10:09,110 --> 00:10:07,120

we're evolving to cultural environments

257

00:10:11,910 --> 00:10:09,120

now in fact culture is almost a bigger

258

00:10:13,670 --> 00:10:11,920

driver in human evolution specifically

259

00:10:16,310 --> 00:10:13,680

and it's funny you mentioned the eyes

260

00:10:19,190 --> 00:10:16,320

and glasses too i wrote a

261

00:10:22,310 --> 00:10:19,200

scholarly paper about a hypothesis

262

00:10:23,110 --> 00:10:22,320

related to why we have such poor vision

263

00:10:25,030 --> 00:10:23,120

but

264

00:10:28,310 --> 00:10:25,040

and it's another example of both of

265

00:10:30,230 --> 00:10:28,320

those actually uh natural selection and

266

00:10:31,990 --> 00:10:30,240

sexual selection and also our

267

00:10:34,550 --> 00:10:32,000

environment because one of the things

268

00:10:36,069 --> 00:10:34,560

that contributed to it it's thought is

269

00:10:38,069 --> 00:10:36,079

that all the people that could see well

270

00:10:39,910 --> 00:10:38,079

went off to fight in the wars and then

271

00:10:41,590 --> 00:10:39,920

they left all of the people with poor

272

00:10:43,670 --> 00:10:41,600

vision at home to have sex with all the

273

00:10:46,310 --> 00:10:43,680

women that were left back there with

274

00:10:49,110 --> 00:10:46,320

them so we contributed more of these

275

00:10:50,790 --> 00:10:49,120

negative genes um just as a result of

276

00:10:51,670 --> 00:10:50,800

some people dying with good vision

277

00:10:53,990 --> 00:10:51,680

others

278

00:10:56,150 --> 00:10:54,000

staying back that had poor vision and

279

00:10:58,630 --> 00:10:56,160

passing that on so there's a number of

280

00:10:59,949 --> 00:10:58,640

cultural things involved

281

00:11:01,590 --> 00:10:59,959

there's also the process of

282

00:11:04,150 --> 00:11:01,600

self-domestication which has been

283

00:11:06,870 --> 00:11:04,160

occurring over the last 12 000 years

284

00:11:08,470 --> 00:11:06,880

since the origins of agriculture mostly

285

00:11:10,470 --> 00:11:08,480

and that's caused a number of

286

00:11:13,590 --> 00:11:10,480

characteristics i talk in the book about

287

00:11:15,430 --> 00:11:13,600

cranial facial feminization and other

288

00:11:16,949 --> 00:11:15,440

sort of shifts toward

289

00:11:19,430 --> 00:11:16,959

uh more

290

00:11:20,230 --> 00:11:19,440

gray alien-like traits to be honest i

291

00:11:22,310 --> 00:11:20,240

mean

292

00:11:25,509 --> 00:11:22,320

lack of pigmentation is a characteristic

293

00:11:26,710 --> 00:11:25,519

of domestication across animals so yeah

294

00:11:28,389 --> 00:11:26,720

there's a number of things i think

295

00:11:30,630 --> 00:11:28,399

that'll contribute to it

296

00:11:32,470 --> 00:11:30,640

but i try not to speculate too much

297

00:11:34,389 --> 00:11:32,480

about you know what's going to happen

298

00:11:35,910 --> 00:11:34,399

we're going to live in space underground

299

00:11:39,110 --> 00:11:35,920

anything like that i think it'll just

300

00:11:41,110 --> 00:11:39,120

kind of happen organically um but yeah i

301  
00:11:42,310 --> 00:11:41,120  
guess looking back on it we'll know but

302  
00:11:44,870 --> 00:11:42,320  
looking forward there's there's really

303  
00:11:46,550 --> 00:11:44,880  
no way to know yet right

304  
00:11:47,910 --> 00:11:46,560  
yeah this is an interesting thing about

305  
00:11:49,829 --> 00:11:47,920  
why we look the way we do because my

306  
00:11:51,430 --> 00:11:49,839  
wife has actually asked me the same

307  
00:11:53,030 --> 00:11:51,440  
question why i look like this and that's

308  
00:11:54,710 --> 00:11:53,040  
when i usually go you know i'm gonna go

309  
00:11:57,269 --> 00:11:54,720  
run and do some push-ups and sit-ups so

310  
00:11:58,470 --> 00:11:57,279  
i i don't have an answer for her but you

311  
00:11:59,670 --> 00:11:58,480  
know we'll talk about that after the

312  
00:12:02,069 --> 00:11:59,680  
show doctor but anyway we're going to

313  
00:12:03,670 --> 00:12:02,079

pass you over to uh our experiencer

314

00:12:06,230 --> 00:12:03,680

queen miss stephanie

315

00:12:08,829 --> 00:12:06,240

cool thank you um well

316

00:12:11,670 --> 00:12:08,839

to give you a quick synopsis so about

317

00:12:14,069 --> 00:12:11,680

1985 three other family members and i

318

00:12:16,310 --> 00:12:14,079

all experienced a dark triangle craft

319

00:12:17,430 --> 00:12:16,320

that hovered and essentially followed

320

00:12:21,829 --> 00:12:17,440

our vehicle

321

00:12:24,069 --> 00:12:21,839

we had stopped

322

00:12:27,269 --> 00:12:24,079

backed up and it mimicked us just the

323

00:12:30,790 --> 00:12:27,279

same as a say tesla would have that same

324

00:12:34,069 --> 00:12:30,800

similar cognitive type behavior so which

325

00:12:36,389 --> 00:12:34,079

is extremely interesting but my mom she

326

00:12:39,110 --> 00:12:36,399

was the vice president of our aerospace

327

00:12:40,790 --> 00:12:39,120

company she could recognize the fact

328

00:12:43,269 --> 00:12:40,800

immediately that this was something that

329

00:12:45,190 --> 00:12:43,279

was not of this earth and us as children

330

00:12:47,110 --> 00:12:45,200

could recognize it as well because i

331

00:12:49,829 --> 00:12:47,120

mean we were walking around having like

332

00:12:53,190 --> 00:12:49,839

3d images of dc tens sitting on the

333

00:12:54,870 --> 00:12:53,200

table so yeah we children knew that you

334

00:12:57,269 --> 00:12:54,880

know this was

335

00:12:58,069 --> 00:12:57,279

following us and it was not from here

336

00:12:59,670 --> 00:12:58,079

now

337

00:13:01,990 --> 00:12:59,680

she ended up

338

00:13:05,110 --> 00:13:02,000

basically thinking that she scared the

339

00:13:07,750 --> 00:13:05,120

object away we darted off she called

340

00:13:09,430 --> 00:13:07,760

march air force base and uh

341

00:13:11,829 --> 00:13:09,440

actually did report it to the proper

342

00:13:14,150 --> 00:13:11,839

authorities and it was never followed up

343

00:13:15,829 --> 00:13:14,160

on it's been haunting me my entire life

344

00:13:17,990 --> 00:13:15,839

you know and it just kind of started

345

00:13:20,949 --> 00:13:18,000

weighing on me the past few years

346

00:13:23,990 --> 00:13:20,959

so my question for you is

347

00:13:25,829 --> 00:13:24,000

there's a potential for me to dive into

348

00:13:26,949 --> 00:13:25,839

going into regression

349

00:13:29,829 --> 00:13:26,959

and

350

00:13:31,269 --> 00:13:29,839

it's it's a something to really ponder

351  
00:13:34,069 --> 00:13:31,279  
and think about because a lot of people

352  
00:13:35,430 --> 00:13:34,079  
are fearful of what could come through

353  
00:13:38,150 --> 00:13:35,440  
this regression

354  
00:13:41,430 --> 00:13:38,160  
and my question for you is

355  
00:13:43,829 --> 00:13:41,440  
would regression intertwine with

356  
00:13:46,949 --> 00:13:43,839  
by way of say time travel

357  
00:13:48,949 --> 00:13:46,959  
for a human would that be some form of

358  
00:13:50,949 --> 00:13:48,959  
time travel where you actually do go

359  
00:13:53,990 --> 00:13:50,959  
back and you recall

360  
00:13:56,150 --> 00:13:54,000  
items that had occurred that you would i

361  
00:13:59,750 --> 00:13:56,160  
have no idea that had happened would

362  
00:14:02,310 --> 00:13:59,760  
that be some form of time travel

363  
00:14:04,629 --> 00:14:02,320

um not in a strict sense no not in a

364

00:14:06,470 --> 00:14:04,639

physical sense at least because you're

365

00:14:09,189 --> 00:14:06,480

you're accessing memories that were

366

00:14:10,790 --> 00:14:09,199

formed they just aren't consciously

367

00:14:13,829 --> 00:14:10,800

available to you

368

00:14:17,030 --> 00:14:13,839

um so i if you i mean even like i have

369

00:14:19,350 --> 00:14:17,040

uh precognition future memories and and

370

00:14:21,430 --> 00:14:19,360

while it feels like time travel

371

00:14:23,189 --> 00:14:21,440

in the block universe it's it's still

372

00:14:25,030 --> 00:14:23,199

not i mean that those moments are there

373

00:14:27,509 --> 00:14:25,040

in the future i just haven't lived them

374

00:14:28,470 --> 00:14:27,519

yet i for some reason dream of them and

375

00:14:31,670 --> 00:14:28,480

have

376

00:14:33,750 --> 00:14:31,680

very um vivid understandings of those

377

00:14:36,230 --> 00:14:33,760

moments um not just seeing the things

378

00:14:38,710 --> 00:14:36,240

with the smells and who i'm with and

379

00:14:39,509 --> 00:14:38,720

just life situations it's really weird

380

00:14:41,509 --> 00:14:39,519

um

381

00:14:43,269 --> 00:14:41,519

but still it's it's still an aspect of

382

00:14:44,389 --> 00:14:43,279

your memory whether it be the mind or

383

00:14:47,350 --> 00:14:44,399

the brain

384

00:14:48,870 --> 00:14:47,360

um but i i do think i have a question

385

00:14:51,189 --> 00:14:48,880

for you did you have missing time

386

00:14:52,790 --> 00:14:51,199

associated with that or

387

00:14:54,870 --> 00:14:52,800

there is potential that that had

388

00:14:57,829 --> 00:14:54,880

happened because when we had left the it

389

00:15:00,389 --> 00:14:57,839

was a ranch when we left the ranch we

390

00:15:03,910 --> 00:15:00,399

noticed the object we went about a city

391

00:15:06,069 --> 00:15:03,920

block without i don't recall that

392

00:15:08,470 --> 00:15:06,079

and then the object appeared again in a

393

00:15:10,310 --> 00:15:08,480

ravine we were along a riverbed so there

394

00:15:12,150 --> 00:15:10,320

is potential that that could be missing

395

00:15:13,910 --> 00:15:12,160

time or it could have very well been

396

00:15:16,150 --> 00:15:13,920

that i was a little girl and i you know

397

00:15:17,829 --> 00:15:16,160

you have spotty memories yeah definitely

398

00:15:19,670 --> 00:15:17,839

you know but there were

399

00:15:21,269 --> 00:15:19,680

three of us that are alive and i mean my

400

00:15:23,509 --> 00:15:21,279

sister works for a software company

401  
00:15:24,949 --> 00:15:23,519  
we've all got our heads on straight it's

402  
00:15:27,110 --> 00:15:24,959  
something that i'm you know really

403  
00:15:28,790 --> 00:15:27,120  
trying to dig deeper down and you know

404  
00:15:30,470 --> 00:15:28,800  
talk to other experiencers about and

405  
00:15:32,230 --> 00:15:30,480  
find out information so we can get some

406  
00:15:35,269 --> 00:15:32,240  
answers yeah i would definitely

407  
00:15:37,829 --> 00:15:35,279  
recommend doing a regression session

408  
00:15:41,030 --> 00:15:37,839  
with a accredited

409  
00:15:43,350 --> 00:15:41,040  
individual um they they seem to be from

410  
00:15:45,189 --> 00:15:43,360  
the research i've done really helpful i

411  
00:15:46,629 --> 00:15:45,199  
mean even if even if nothing happened at

412  
00:15:49,350 --> 00:15:46,639  
least you know then

413  
00:15:51,590 --> 00:15:49,360

and uh you can kind of

414

00:15:54,150 --> 00:15:51,600

assess it for what it was but

415

00:15:55,829 --> 00:15:54,160

um yeah the next book i'm working on

416

00:15:58,310 --> 00:15:55,839

which i guess i technically just

417

00:16:00,069 --> 00:15:58,320

finished i sent it to be formatted this

418

00:16:01,829 --> 00:16:00,079

morning i know thank god that's why i

419

00:16:03,590 --> 00:16:01,839

look so exhausted probably

420

00:16:05,509 --> 00:16:03,600

congratulations

421

00:16:06,340 --> 00:16:05,519

um

422

00:16:08,470 --> 00:16:06,350

yeah well

423

00:16:11,430 --> 00:16:08,480

[Laughter]

424

00:16:14,069 --> 00:16:11,440

still trying to be determined um yeah so

425

00:16:16,150 --> 00:16:14,079

a lot of the the cases i came across

426

00:16:18,150 --> 00:16:16,160

were i mean like terry lovelace for

427

00:16:19,189 --> 00:16:18,160

instance he was taken in the triangular

428

00:16:22,150 --> 00:16:19,199

craft

429

00:16:23,749 --> 00:16:22,160

um jerry wills was another one and and

430

00:16:25,670 --> 00:16:23,759

what seems to be the pattern that

431

00:16:27,269 --> 00:16:25,680

emerges from those is that these

432

00:16:29,590 --> 00:16:27,279

triangular craft

433

00:16:30,870 --> 00:16:29,600

um people commonly report

434

00:16:36,150 --> 00:16:30,880

um

435

00:16:37,749 --> 00:16:36,160

people terry lovelace describes seeing a

436

00:16:40,230 --> 00:16:37,759

whole line of people being stripped

437

00:16:42,389 --> 00:16:40,240

naked taken into these rooms and he was

438

00:16:44,870 --> 00:16:42,399

subjected to sperm extractions and a lot

439

00:16:46,790 --> 00:16:44,880

of people described egg extractions and

440

00:16:48,870 --> 00:16:46,800

fetal extractions too

441

00:16:51,590 --> 00:16:48,880

um so i i

442

00:16:53,910 --> 00:16:51,600

sort of jocularly refer to these as a

443

00:16:56,230 --> 00:16:53,920

floating fertility facility because they

444

00:16:58,310 --> 00:16:56,240

seem to be very much centered on

445

00:16:59,509 --> 00:16:58,320

reproduction and

446

00:17:01,910 --> 00:16:59,519

i hate the word hybrids and

447

00:17:03,110 --> 00:17:01,920

hybridization but i don't have a better

448

00:17:06,069 --> 00:17:03,120

word right now

449

00:17:09,110 --> 00:17:06,079

um so yeah i mean if has your family

450

00:17:11,669 --> 00:17:09,120

experienced um any any sort of other

451

00:17:14,150 --> 00:17:11,679

things related to fertility or

452

00:17:16,549 --> 00:17:14,160

uh yeah and you know i did have that

453

00:17:18,710 --> 00:17:16,559

question also in the back of my mind is

454

00:17:21,510 --> 00:17:18,720

did the movement that my mom performed

455

00:17:24,470 --> 00:17:21,520

did it scare this object away because

456

00:17:25,510 --> 00:17:24,480

she turned off her headlights in trying

457

00:17:28,069 --> 00:17:25,520

to like

458

00:17:30,310 --> 00:17:28,079

conceal our car it was very dark so she

459

00:17:32,230 --> 00:17:30,320

my mom is a smart woman and so she

460

00:17:35,350 --> 00:17:32,240

wasn't just kind of like going to

461

00:17:37,270 --> 00:17:35,360

beeline away she she actually did stop

462

00:17:39,669 --> 00:17:37,280

the vehicle turn off the headlights try

463

00:17:41,990 --> 00:17:39,679

to you know almost hide

464

00:17:44,950 --> 00:17:42,000

and um you know the way that it did

465

00:17:47,430 --> 00:17:44,960

mimic our movements i wonder you know

466

00:17:49,830 --> 00:17:47,440

did this object have other

467

00:17:51,990 --> 00:17:49,840

you know reasons to be there you know

468

00:17:53,270 --> 00:17:52,000

and you know it's concerning to me and

469

00:17:55,029 --> 00:17:53,280

that's another reason why i want to find

470

00:17:57,590 --> 00:17:55,039

out these answers but as far as

471

00:17:59,270 --> 00:17:57,600

reproductive um you know

472

00:18:01,830 --> 00:17:59,280

you know my mom did have a miscarriage

473

00:18:03,510 --> 00:18:01,840

as her first she this was

474

00:18:07,190 --> 00:18:03,520

previous though as far as my sister and

475

00:18:10,390 --> 00:18:07,200

i um i yes i i have had one miscarriage

476

00:18:13,029 --> 00:18:10,400

recently and you know i hadn't been

477

00:18:16,150 --> 00:18:13,039

trying before it was my first and uh you

478

00:18:16,870 --> 00:18:16,160

know i'm going to be trying again so you

479

00:18:18,470 --> 00:18:16,880

know

480

00:18:21,830 --> 00:18:18,480

hopefully that will be okay but i have

481

00:18:24,870 --> 00:18:21,840

heard that trend also yes yeah yeah it

482

00:18:26,710 --> 00:18:24,880

is it is really common um

483

00:18:30,549 --> 00:18:26,720

you know and that's it's kind of a weird

484

00:18:32,870 --> 00:18:30,559

thing about the phenomenon uh

485

00:18:35,590 --> 00:18:32,880

just i i don't know like how how you can

486

00:18:36,710 --> 00:18:35,600

justify doing things to people

487

00:18:38,950 --> 00:18:36,720

that

488

00:18:41,830 --> 00:18:38,960

seemingly are very traumatic i mean with

489

00:18:43,350 --> 00:18:41,840

that said in a lot of these cases a lot

490

00:18:44,710 --> 00:18:43,360

of people do

491

00:18:46,870 --> 00:18:44,720

kind of come to grips with what's

492

00:18:48,870 --> 00:18:46,880

happened to them and even

493

00:18:51,830 --> 00:18:48,880

recognize that they're they're part of a

494

00:18:54,390 --> 00:18:51,840

larger thing and and embrace that i

495

00:18:56,870 --> 00:18:54,400

guess and and even the the dr edgar

496

00:18:58,870 --> 00:18:56,880

mittell free study showed that when

497

00:19:00,470 --> 00:18:58,880

people have one experience and

498

00:19:02,310 --> 00:19:00,480

especially with the beings that are less

499

00:19:04,710 --> 00:19:02,320

human-like it's very traumatic for them

500

00:19:07,190 --> 00:19:04,720

but with repeated experiences they they

501  
00:19:08,870 --> 00:19:07,200  
come to embrace it and start longing for

502  
00:19:10,789 --> 00:19:08,880  
more interaction in fact whitley

503  
00:19:12,870 --> 00:19:10,799  
strieber talks about that

504  
00:19:15,430 --> 00:19:12,880  
in this book supernatural

505  
00:19:17,350 --> 00:19:15,440  
um so yeah i don't know it's it's it's

506  
00:19:19,110 --> 00:19:17,360  
hard there's a lot of ethics questions

507  
00:19:20,870 --> 00:19:19,120  
especially when you start talking about

508  
00:19:24,950 --> 00:19:20,880  
people's bodies and

509  
00:19:27,750 --> 00:19:24,960  
and reproduction and making babies

510  
00:19:30,470 --> 00:19:27,760  
taking fetuses it's it's all some pretty

511  
00:19:32,150 --> 00:19:30,480  
crazy stuff i mean it's wild

512  
00:19:33,430 --> 00:19:32,160  
lou elizondo talks about it from a

513  
00:19:35,830 --> 00:19:33,440

criminal aspect you know you're talking

514

00:19:37,510 --> 00:19:35,840

about kidnapping you know that i mean

515

00:19:39,830 --> 00:19:37,520

personally i mean you know personally

516

00:19:42,150 --> 00:19:39,840

during my abduction experience i offer

517

00:19:43,430 --> 00:19:42,160

genetic material and they telepathically

518

00:19:44,950 --> 00:19:43,440

said no thank you i was a little

519

00:19:46,950 --> 00:19:44,960

offended i'm not

520

00:19:49,350 --> 00:19:46,960

you know i would be too yeah i mean i

521

00:19:51,270 --> 00:19:49,360

think you're a nice looking fella yeah i

522

00:19:53,029 --> 00:19:51,280

was nathan you hopefully you could talk

523

00:19:54,630 --> 00:19:53,039

to me about this after because yeah we

524

00:19:56,630 --> 00:19:54,640

can we can get into it

525

00:19:58,549 --> 00:19:56,640

uh but let me but uh college

526

00:20:00,470 --> 00:19:58,559

anthropology let me pass you over to the

527

00:20:02,090 --> 00:20:00,480

creative writing department up top and

528

00:20:03,430 --> 00:20:02,100

miss allison hey

529

00:20:05,110 --> 00:20:03,440

[Applause]

530

00:20:07,510 --> 00:20:05,120

yeah so so nice to speak with you i'm

531

00:20:09,830 --> 00:20:07,520

really interested in how people

532

00:20:11,750 --> 00:20:09,840

formulate their belief systems

533

00:20:14,230 --> 00:20:11,760

and i know from your interviews one of

534

00:20:16,310 --> 00:20:14,240

your first introduction to to this

535

00:20:18,870 --> 00:20:16,320

material was being eight years old and

536

00:20:22,630 --> 00:20:18,880

hearing your father recount the story of

537

00:20:24,710 --> 00:20:22,640

seeing the unidentified flying object

538

00:20:27,430 --> 00:20:24,720

and i know that you as a university

539

00:20:29,669 --> 00:20:27,440

instructor as nathan said earlier

540

00:20:32,070 --> 00:20:29,679

because of your publication record you

541

00:20:34,549 --> 00:20:32,080

haven't really been in the hot seat by

542

00:20:36,710 --> 00:20:34,559

delving into this particular topic but i

543

00:20:38,710 --> 00:20:36,720

kind of like to know what

544

00:20:40,390 --> 00:20:38,720

happened in that between space and

545

00:20:42,789 --> 00:20:40,400

between your father having that

546

00:20:45,590 --> 00:20:42,799

experience and then you

547

00:20:47,990 --> 00:20:45,600

going so far into this material

548

00:20:50,630 --> 00:20:48,000

how did i mean were you sold at eight

549

00:20:53,510 --> 00:20:50,640

years old and believing your father that

550

00:20:56,070 --> 00:20:53,520

the ufos were likely aliens and then you

551  
00:20:57,510 --> 00:20:56,080  
know you decided or then your research

552  
00:20:58,950 --> 00:20:57,520  
showed that it might actually be future

553  
00:21:00,710 --> 00:20:58,960  
humans like were you sold from that

554  
00:21:02,789 --> 00:21:00,720  
point on or

555  
00:21:04,950 --> 00:21:02,799  
has there been some other progression

556  
00:21:08,310 --> 00:21:04,960  
that has led you to formulating these

557  
00:21:11,110 --> 00:21:08,320  
ideas or delving into the material

558  
00:21:12,149 --> 00:21:11,120  
yeah no i mean his experience was

559  
00:21:14,950 --> 00:21:12,159  
actually

560  
00:21:17,270 --> 00:21:14,960  
somewhat benign as far as this process

561  
00:21:19,270 --> 00:21:17,280  
goes because really

562  
00:21:21,350 --> 00:21:19,280  
i i remember hearing about it and

563  
00:21:24,149 --> 00:21:21,360

thinking oh that's interesting i didn't

564

00:21:27,990 --> 00:21:24,159

know ufos were a thing and then what

565

00:21:30,549 --> 00:21:28,000

really uh inspired me to pursue this was

566

00:21:32,950 --> 00:21:30,559

seeing whitley strieber's book up on the

567

00:21:34,149 --> 00:21:32,960

shelf um of the living room because it

568

00:21:37,669 --> 00:21:34,159

was

569

00:21:39,830 --> 00:21:37,679

when he bought that book and for some

570

00:21:41,190 --> 00:21:39,840

reason had it facing out into the living

571

00:21:43,029 --> 00:21:41,200

room um

572

00:21:45,270 --> 00:21:43,039

and that's really when when i started

573

00:21:47,830 --> 00:21:45,280

thinking about this in the context of

574

00:21:50,789 --> 00:21:47,840

human evolution just noticing off the

575

00:21:52,390 --> 00:21:50,799

bat how similar we are to you're also

576

00:21:53,669 --> 00:21:52,400

eight years old at this point you're

577

00:21:55,029 --> 00:21:53,679

eight years old when you're pulling that

578

00:21:57,430 --> 00:21:55,039

down off the shelf

579

00:21:59,270 --> 00:21:57,440

yeah yeah it was and what's funny is i

580

00:22:02,549 --> 00:21:59,280

was just uh hanging out with whitley

581

00:22:04,870 --> 00:22:02,559

strieber last month in houston and i had

582

00:22:07,270 --> 00:22:04,880

him sign that book and i've actually got

583

00:22:09,750 --> 00:22:07,280

the cover of it up here on my shelf now

584

00:22:11,750 --> 00:22:09,760

because it was such a an inspirational

585

00:22:14,549 --> 00:22:11,760

moment and i've talked to him on his

586

00:22:16,390 --> 00:22:14,559

show before and he knows the story and

587

00:22:18,470 --> 00:22:16,400

um but yeah i know that's when that's

588

00:22:20,710 --> 00:22:18,480

when it i sort of had this sort of

589

00:22:23,830 --> 00:22:20,720

question in my mind like well could they

590

00:22:26,070 --> 00:22:23,840

just be us um are we related somehow is

591

00:22:26,789 --> 00:22:26,080

there a phylogenetic relationship there

592

00:22:28,230 --> 00:22:26,799

so

593

00:22:31,350 --> 00:22:28,240

yeah i mean it was always in the back of

594

00:22:33,350 --> 00:22:31,360

my mind and you could argue that i went

595

00:22:36,070 --> 00:22:33,360

to college to

596

00:22:37,270 --> 00:22:36,080

research that more uh specifically

597

00:22:39,350 --> 00:22:37,280

starting out in physics and then

598

00:22:42,390 --> 00:22:39,360

switching to anthropology

599

00:22:43,110 --> 00:22:42,400

late in my sophomore early junior year

600

00:22:45,350 --> 00:22:43,120

so

601  
00:22:47,510 --> 00:22:45,360  
you know i didn't just do those things

602  
00:22:49,350 --> 00:22:47,520  
because of this i'm still interested in

603  
00:22:51,350 --> 00:22:49,360  
anthropology and human evolution has

604  
00:22:53,909 --> 00:22:51,360  
always been interesting to me in

605  
00:22:56,870 --> 00:22:53,919  
archaeology paleoanthropology forensics

606  
00:22:58,630 --> 00:22:56,880  
all the different subfields um but but

607  
00:23:00,390 --> 00:22:58,640  
it was definitely something i wanted to

608  
00:23:02,310 --> 00:23:00,400  
do one of them and you know coming back

609  
00:23:04,789 --> 00:23:02,320  
to precognition maybe i just had a

610  
00:23:06,789 --> 00:23:04,799  
memory of doing what we're doing

611  
00:23:09,350 --> 00:23:06,799  
right now that happened to be projected

612  
00:23:11,830 --> 00:23:09,360  
back to the eight-year-old version of me

613  
00:23:13,990 --> 00:23:11,840

in that moment in time um in this sort

614

00:23:16,870 --> 00:23:14,000

of self-consistent loop of cause and

615

00:23:19,430 --> 00:23:16,880

effect so i don't know i mean it's it's

616

00:23:23,190 --> 00:23:19,440

kind of been on my radar since i was

617

00:23:25,350 --> 00:23:23,200

eight but his his actual encounter was a

618

00:23:27,110 --> 00:23:25,360

very small part of it i would say but

619

00:23:28,549 --> 00:23:27,120

you went into college with your belief

620

00:23:31,669 --> 00:23:28,559

system firm

621

00:23:34,549 --> 00:23:31,679

that it's either aliens or future humans

622

00:23:38,870 --> 00:23:34,559

no not at all no not at all in fact it's

623

00:23:40,630 --> 00:23:38,880

still not a firm belief system i mean i

624

00:23:43,110 --> 00:23:40,640

i don't really even think of it in the

625

00:23:45,990 --> 00:23:43,120

context of belief i think belief is for

626  
00:23:47,510 --> 00:23:46,000  
things that can't really be understood

627  
00:23:50,549 --> 00:23:47,520  
uh i see this as more of an

628  
00:23:52,870 --> 00:23:50,559  
evidence-based approach to a question um

629  
00:23:55,269 --> 00:23:52,880  
using mostly observational

630  
00:23:57,029 --> 00:23:55,279  
abductive reasoning abductive and

631  
00:23:58,230 --> 00:23:57,039  
abductive approach to

632  
00:24:00,950 --> 00:23:58,240  
understanding

633  
00:24:02,789 --> 00:24:00,960  
this phenomenon in the context of

634  
00:24:04,710 --> 00:24:02,799  
sort of occam's razor what what's the

635  
00:24:07,029 --> 00:24:04,720  
most parsimonious explanation and this

636  
00:24:09,909 --> 00:24:07,039  
one seems to have the fewest assumptions

637  
00:24:12,310 --> 00:24:09,919  
it also seems to explain

638  
00:24:14,549 --> 00:24:12,320

the most

639

00:24:16,950 --> 00:24:14,559

i would say the majority of the things

640

00:24:18,549 --> 00:24:16,960

associated with this but there are still

641

00:24:20,630 --> 00:24:18,559

other areas where

642

00:24:23,269 --> 00:24:20,640

it maybe doesn't explain certain things

643

00:24:24,870 --> 00:24:23,279

so um yeah i mean i went into college

644

00:24:26,950 --> 00:24:24,880

with the idea that

645

00:24:29,029 --> 00:24:26,960

are they us and that's the main thing i

646

00:24:31,190 --> 00:24:29,039

focused on as a paleoanthropologist is

647

00:24:32,870 --> 00:24:31,200

looking at these long-term trends how we

648

00:24:34,789 --> 00:24:32,880

got to where we are and if these carry

649

00:24:36,950 --> 00:24:34,799

forward could we be them

650

00:24:38,789 --> 00:24:36,960

um but never in the context of this is

651  
00:24:40,630 --> 00:24:38,799  
right everything else is wrong or you

652  
00:24:43,430 --> 00:24:40,640  
know i'm only looking for evidence for

653  
00:24:45,510 --> 00:24:43,440  
this and some confirmation bias capacity

654  
00:24:47,830 --> 00:24:45,520  
it was just it was the motivation for

655  
00:24:49,750 --> 00:24:47,840  
doing it um and the more i learned about

656  
00:24:51,350 --> 00:24:49,760  
it the more it seemed to make sense and

657  
00:24:53,430 --> 00:24:51,360  
and and the same with this deep dive

658  
00:24:56,470 --> 00:24:53,440  
into the abduction phenomenon and

659  
00:24:58,310 --> 00:24:56,480  
contactee and experiencer's experience

660  
00:25:00,710 --> 00:24:58,320  
says is

661  
00:25:02,149 --> 00:25:00,720  
the more i go into these different

662  
00:25:03,590 --> 00:25:02,159  
little rabbit holes i find they're all

663  
00:25:05,430 --> 00:25:03,600

connected and they lead me back to the

664

00:25:07,669 --> 00:25:05,440

same place

665

00:25:09,190 --> 00:25:07,679

you know i want to say actually to dr

666

00:25:11,990 --> 00:25:09,200

masters and my colleagues in the

667

00:25:14,710 --> 00:25:12,000

audience this happened within the the

668

00:25:16,710 --> 00:25:14,720

last 48 hours and even within since the

669

00:25:18,310 --> 00:25:16,720

start of the show but i come from the

670

00:25:21,269 --> 00:25:18,320

hudson valley in new york i had a

671

00:25:23,830 --> 00:25:21,279

sighting when i was about 14.

672

00:25:25,190 --> 00:25:23,840

and yesterday james iandolli if you

673

00:25:28,070 --> 00:25:25,200

don't know him from engaging the

674

00:25:30,549 --> 00:25:28,080

phenomenon the host happy birthday james

675

00:25:32,310 --> 00:25:30,559

by the way happy birthday turn 35 today

676

00:25:34,870 --> 00:25:32,320

he said that he met a woman at a gas

677

00:25:38,230 --> 00:25:34,880

station spoke about the hearings coming

678

00:25:39,990 --> 00:25:38,240

up and she told him of seeing a craft

679

00:25:42,470 --> 00:25:40,000

above indian point

680

00:25:44,789 --> 00:25:42,480

so i happen to post on facebook that dr

681

00:25:47,269 --> 00:25:44,799

masters was going to be on with us in 30

682

00:25:49,029 --> 00:25:47,279

minutes and one of my classmates from

683

00:25:51,269 --> 00:25:49,039

high school texted me

684

00:25:53,590 --> 00:25:51,279

hey dave which is my real name david and

685

00:25:56,470 --> 00:25:53,600

he's like hey dave man i never told him

686

00:25:58,789 --> 00:25:56,480

about this but i had a sighting of a

687

00:26:00,950 --> 00:25:58,799

triangular craft coming over my house

688

00:26:03,590 --> 00:26:00,960

from over by indian point over the house

689

00:26:05,510 --> 00:26:03,600

so this is so proliferant

690

00:26:07,110 --> 00:26:05,520

so many people have had sightings i mean

691

00:26:10,230 --> 00:26:07,120

that's a lot of what stephanie's mission

692

00:26:11,669 --> 00:26:10,240

is there is to to destigmatize this and

693

00:26:13,990 --> 00:26:11,679

and i just wanted to throw that out

694

00:26:17,750 --> 00:26:14,000

there that there's no question there my

695

00:26:21,110 --> 00:26:17,760

question for you is uh dr masters is

696

00:26:23,750 --> 00:26:21,120

as when a craft it appears so in in

697

00:26:25,669 --> 00:26:23,760

terms of a visual context if you if we

698

00:26:27,990 --> 00:26:25,679

were looking up in the sky so this is

699

00:26:30,950 --> 00:26:28,000

the beginning of an event in which your

700

00:26:31,990 --> 00:26:30,960

hypothesis is built what does that look

701  
00:26:34,789 --> 00:26:32,000  
like

702  
00:26:37,750 --> 00:26:34,799  
uh when when a when a craft appears is

703  
00:26:41,029 --> 00:26:37,760  
that a i've heard people uh talk about a

704  
00:26:42,870 --> 00:26:41,039  
slit in the sky opening uh

705  
00:26:44,630 --> 00:26:42,880  
how do you feel like that starts what

706  
00:26:46,149 --> 00:26:44,640  
does that look like

707  
00:26:47,990 --> 00:26:46,159  
well i mean

708  
00:26:50,310 --> 00:26:48,000  
a lot of people describe different

709  
00:26:52,470 --> 00:26:50,320  
things at night it can be a light moving

710  
00:26:55,350 --> 00:26:52,480  
toward them or they see it come down

711  
00:26:57,830 --> 00:26:55,360  
or it's a small thing moving and then

712  
00:26:59,909 --> 00:26:57,840  
comes fast

713  
00:27:02,870 --> 00:26:59,919

but a lot of times they just materialize

714

00:27:04,789 --> 00:27:02,880

too they appear abruptly in the sky or

715

00:27:07,190 --> 00:27:04,799

disappear whenever they finish doing

716

00:27:09,430 --> 00:27:07,200

what they're doing which is another one

717

00:27:11,350 --> 00:27:09,440

of those things that

718

00:27:13,110 --> 00:27:11,360

this model helps explain because that's

719

00:27:15,350 --> 00:27:13,120

exactly what we'd expect to see of a

720

00:27:17,750 --> 00:27:15,360

time machine something that's moving in

721

00:27:18,950 --> 00:27:17,760

and out of our four-dimensional frame of

722

00:27:21,110 --> 00:27:18,960

reference

723

00:27:23,190 --> 00:27:21,120

i i mentioned in the book i think that

724

00:27:25,190 --> 00:27:23,200

if something suddenly disappears

725

00:27:27,590 --> 00:27:25,200

from our three dimensions of space it

726

00:27:29,350 --> 00:27:27,600

indicates it moved through the other the

727

00:27:31,830 --> 00:27:29,360

only other known dimension of time the

728

00:27:33,909 --> 00:27:31,840

fourth dimension so i think that that

729

00:27:36,070 --> 00:27:33,919

sort of ethereal aspect of it the

730

00:27:38,470 --> 00:27:36,080

materialization dematerialization being

731

00:27:40,149 --> 00:27:38,480

able to move things through walls people

732

00:27:42,389 --> 00:27:40,159

being able to abduct people through

733

00:27:44,710 --> 00:27:42,399

walls and roofs i think a lot of that

734

00:27:46,470 --> 00:27:44,720

can be explained in the context of the

735

00:27:49,029 --> 00:27:46,480

the same technology that allows them to

736

00:27:51,190 --> 00:27:49,039

manipulate space-time um also the

737

00:27:53,909 --> 00:27:51,200

g-forces these instantaneous

738

00:27:56,870 --> 00:27:53,919

accelerations and decelerations if if

739

00:27:58,710 --> 00:27:56,880

they are manipulating space-time within

740

00:28:00,950 --> 00:27:58,720

their little warp bubble what we see as

741

00:28:03,190 --> 00:28:00,960

an ultra-fast acceleration may be very

742

00:28:04,710 --> 00:28:03,200

slow to them it's just our frame of

743

00:28:06,789 --> 00:28:04,720

reference is separate from their frame

744

00:28:09,029 --> 00:28:06,799

of reference in the context of

745

00:28:11,350 --> 00:28:09,039

of global space time so

746

00:28:13,430 --> 00:28:11,360

um yeah i think the materialization

747

00:28:16,389 --> 00:28:13,440

dematerialization which is very common i

748

00:28:18,389 --> 00:28:16,399

did a content analysis of the new fork

749

00:28:21,510 --> 00:28:18,399

data for one year and found that there

750

00:28:23,669 --> 00:28:21,520

were something like 230 instances just

751  
00:28:25,750 --> 00:28:23,679  
in that year of of this phenomenon where

752  
00:28:26,549 --> 00:28:25,760  
they appear or disappear so

753  
00:28:29,110 --> 00:28:26,559  
um

754  
00:28:30,710 --> 00:28:29,120  
yeah it can they can show up in a lot of

755  
00:28:32,710 --> 00:28:30,720  
different ways but i think the fact that

756  
00:28:34,630 --> 00:28:32,720  
they do that relatively often is is

757  
00:28:36,870 --> 00:28:34,640  
indicative of their ability to

758  
00:28:38,549 --> 00:28:36,880  
manipulate space time

759  
00:28:40,789 --> 00:28:38,559  
yeah i heard andy ask you a question

760  
00:28:43,029 --> 00:28:40,799  
about the fighter jet they're watching

761  
00:28:45,909 --> 00:28:43,039  
their fuel count and they're like oh wow

762  
00:28:48,870 --> 00:28:45,919  
you know like i had 30 minutes of fuel

763  
00:28:50,549 --> 00:28:48,880

go off the you know i mean they uh fuel

764

00:28:51,909 --> 00:28:50,559

on fighter jet aircraft it goes very

765

00:28:54,389 --> 00:28:51,919

very quick i don't know what their

766

00:28:55,990 --> 00:28:54,399

pounds per hour are is i know for us

767

00:28:57,909 --> 00:28:56,000

would have been like 6 000 pounds an

768

00:29:00,070 --> 00:28:57,919

hour i bet theirs is quite a bit higher

769

00:29:01,990 --> 00:29:00,080

so and they usually have about an hour

770

00:29:03,909 --> 00:29:02,000

and a half of a flight time depending

771

00:29:05,750 --> 00:29:03,919

upon how much they use after burner so

772

00:29:07,909 --> 00:29:05,760

five minutes is quite a bit and there

773

00:29:09,990 --> 00:29:07,919

was uh i think it was former director of

774

00:29:12,470 --> 00:29:10,000

the cia that said one of his pilot

775

00:29:15,269 --> 00:29:12,480

friends was stopped in mid-air just

776

00:29:17,110 --> 00:29:15,279

frozen air woolsey i think wolves

777

00:29:19,269 --> 00:29:17,120

that's what it was james woolsey that

778

00:29:21,190 --> 00:29:19,279

absolutely blew me away but dr masters

779

00:29:23,510 --> 00:29:21,200

because debs isn't here nathan is going

780

00:29:25,990 --> 00:29:23,520

to read one of her questions for her and

781

00:29:27,269 --> 00:29:26,000

then he's going to ask his own question

782

00:29:29,350 --> 00:29:27,279

yeah so

783

00:29:32,870 --> 00:29:29,360

deb who isn't with us this evening her

784

00:29:36,389 --> 00:29:32,880

tag is at study of ufp study of uaps uh

785

00:29:40,149 --> 00:29:36,399

she asks uh what does the

786

00:29:42,230 --> 00:29:40,159

everything is now concept mean to you

787

00:29:44,230 --> 00:29:42,240

sounds like a block time

788

00:29:46,950 --> 00:29:44,240

yeah it is it's

789

00:29:49,590 --> 00:29:46,960

uh it's kind of an age-old debate in

790

00:29:52,470 --> 00:29:49,600

physics and philosophy is as you have pr

791

00:29:54,149 --> 00:29:52,480

presentists the presentism is this idea

792

00:29:55,990 --> 00:29:54,159

that we only have now it's the only

793

00:29:57,590 --> 00:29:56,000

thing that really exists

794

00:30:00,070 --> 00:29:57,600

um

795

00:30:03,269 --> 00:30:00,080

versus i just had the word in my mind a

796

00:30:05,909 --> 00:30:03,279

second ago uh eternalists who feel that

797

00:30:08,230 --> 00:30:05,919

more of a block time context where the

798

00:30:11,190 --> 00:30:08,240

the future those nows are just as real

799

00:30:13,669 --> 00:30:11,200

as this one is real's past nows and that

800

00:30:15,990 --> 00:30:13,679

tends to be the more uh conventionally

801  
00:30:17,269 --> 00:30:16,000  
understood way of of understanding time

802  
00:30:18,310 --> 00:30:17,279  
and space

803  
00:30:20,789 --> 00:30:18,320  
um

804  
00:30:24,630 --> 00:30:20,799  
it's funny too because i think it gets

805  
00:30:26,470 --> 00:30:24,640  
it this disconnect between our conscious

806  
00:30:28,630 --> 00:30:26,480  
understanding of time or the way we

807  
00:30:32,389 --> 00:30:28,640  
experience it versus

808  
00:30:34,710 --> 00:30:32,399  
uh the physical time the the physics of

809  
00:30:36,549 --> 00:30:34,720  
time if you want to call it that

810  
00:30:39,029 --> 00:30:36,559  
where we can have these moments in block

811  
00:30:41,590 --> 00:30:39,039  
time but we only know of our experience

812  
00:30:43,750 --> 00:30:41,600  
in that moment and we share that moment

813  
00:30:45,430 --> 00:30:43,760

with others um

814

00:30:48,070 --> 00:30:45,440

and we get a sense of like this

815

00:30:49,510 --> 00:30:48,080

presidentist mentality even though it's

816

00:30:50,549 --> 00:30:49,520

not a real thing it's kind of an

817

00:30:52,549 --> 00:30:50,559

illusion

818

00:30:55,430 --> 00:30:52,559

um just based on

819

00:30:57,909 --> 00:30:55,440

probably the need and an evolved need to

820

00:30:59,990 --> 00:30:57,919

exist in our environment in the context

821

00:31:02,590 --> 00:31:00,000

of what's happening around us at any

822

00:31:05,110 --> 00:31:02,600

given speed and and i refer this as

823

00:31:06,950 --> 00:31:05,120

biorelativity where you can see that

824

00:31:08,950 --> 00:31:06,960

different animals have different rates

825

00:31:10,389 --> 00:31:08,960

of living

826

00:31:12,310 --> 00:31:10,399

you can even see with your dogs one of

827

00:31:14,630 --> 00:31:12,320

the reasons they they live they don't

828

00:31:16,230 --> 00:31:14,640

live as long as us is they live faster

829

00:31:18,630 --> 00:31:16,240

but you can compare a barn swallow to a

830

00:31:19,909 --> 00:31:18,640

sloth for instance and they they have

831

00:31:20,870 --> 00:31:19,919

different lifespans they have different

832

00:31:22,710 --> 00:31:20,880

heart rates they have different

833

00:31:23,830 --> 00:31:22,720

metabolisms they experience time

834

00:31:26,070 --> 00:31:23,840

differently

835

00:31:28,870 --> 00:31:26,080

um but it's still just an aspect of

836

00:31:31,590 --> 00:31:28,880

their consciousness or their um speaking

837

00:31:36,870 --> 00:31:34,149

or their way of understanding or fitting

838

00:31:38,630 --> 00:31:36,880

within the confines of their natural

839

00:31:41,430 --> 00:31:38,640

environment and i think we've evolved a

840

00:31:43,509 --> 00:31:41,440

sense of time that works for us uh maybe

841

00:31:45,110 --> 00:31:43,519

not for the planet so well as i was

842

00:31:47,430 --> 00:31:45,120

thinking about earlier today but it

843

00:31:49,909 --> 00:31:47,440

works for us and we have a sense of now

844

00:31:51,350 --> 00:31:49,919

even though it's it's really just

845

00:31:54,630 --> 00:31:51,360

this kind of ephemeral thing that

846

00:31:56,789 --> 00:31:54,640

doesn't exist um but yeah in the context

847

00:31:58,230 --> 00:31:56,799

of now it feels like it's there same

848

00:31:59,669 --> 00:31:58,240

with free will a lot of people ask me

849

00:32:01,750 --> 00:31:59,679

about free will

850

00:32:03,350 --> 00:32:01,760

which doesn't really exist in the true

851

00:32:05,350 --> 00:32:03,360

sense of the word and block time but it

852

00:32:07,669 --> 00:32:05,360

feels like it does so i've started

853

00:32:10,230 --> 00:32:07,679

calling it feel will which makes me feel

854

00:32:12,389 --> 00:32:10,240

better about the fact that i feel like

855

00:32:14,470 --> 00:32:12,399

i'm making decisions even if it's not a

856

00:32:16,149 --> 00:32:14,480

real a real thing

857

00:32:19,990 --> 00:32:16,159

yeah i was going to ask you about that

858

00:32:22,630 --> 00:32:20,000

uh so i guess related to this uh

859

00:32:24,310 --> 00:32:22,640

meditation is a pretty hot topic uh

860

00:32:26,870 --> 00:32:24,320

particularly when we're talking about

861

00:32:30,549 --> 00:32:26,880

consciousness and um you know kind of

862

00:32:33,190 --> 00:32:30,559

consciousness being uh fundamental and

863

00:32:34,630 --> 00:32:33,200

those who meditate uh often are you know

864

00:32:36,549 --> 00:32:34,640

kind of quieting

865

00:32:38,710 --> 00:32:36,559

their perceptual

866

00:32:41,669 --> 00:32:38,720

senses of the body

867

00:32:44,710 --> 00:32:41,679

uh and is do you think that might be a

868

00:32:47,430 --> 00:32:44,720

kind of modality that allows us to

869

00:32:49,029 --> 00:32:47,440

uh change our experience of time time

870

00:32:51,350 --> 00:32:49,039

seems to be at least as you just

871

00:32:53,990 --> 00:32:51,360

articulated kind of

872

00:32:56,549 --> 00:32:54,000

trapped with or or connected to this

873

00:32:59,830 --> 00:32:56,559

perception that we have if we can sort

874

00:33:00,950 --> 00:32:59,840

of turn those knobs down maybe we can

875

00:33:03,110 --> 00:33:00,960

experience

876

00:33:05,029 --> 00:33:03,120

time in a different way

877

00:33:07,389 --> 00:33:05,039

yeah i think it's almost about turning

878

00:33:11,190 --> 00:33:07,399

off time disconnecting this

879

00:33:14,149 --> 00:33:11,200

disassociative aspect of meditation of

880

00:33:16,230 --> 00:33:14,159

ayahuasca psilocybin lsd

881

00:33:19,350 --> 00:33:16,240

mdma to some extent

882

00:33:21,990 --> 00:33:19,360

um it is really that that disassociation

883

00:33:24,230 --> 00:33:22,000

between whatever time is and and really

884

00:33:26,470 --> 00:33:24,240

within block time it's time less and i

885

00:33:28,870 --> 00:33:26,480

think as we leave

886

00:33:31,190 --> 00:33:28,880

our body behind we're essentially

887

00:33:33,750 --> 00:33:31,200

entering this realm where you can move

888

00:33:35,430 --> 00:33:33,760

freely throughout time

889

00:33:37,269 --> 00:33:35,440

you have all these people that have

890

00:33:38,789 --> 00:33:37,279

near-death experiences that talk about

891

00:33:40,950 --> 00:33:38,799

this ultimate freedom where they can

892

00:33:43,029 --> 00:33:40,960

move through time and space and and

893

00:33:45,029 --> 00:33:43,039

experience these things that you just

894

00:33:46,710 --> 00:33:45,039

can't with this this

895

00:33:48,310 --> 00:33:46,720

fleshy meat bag that we got to carry

896

00:33:50,870 --> 00:33:48,320

around for lack of a better way of

897

00:33:52,630 --> 00:33:50,880

putting that i guess

898

00:33:55,430 --> 00:33:52,640

that's another thing my wife caught i'm

899

00:34:00,310 --> 00:33:57,830

but no i i think that that that's that's

900

00:34:02,710 --> 00:34:00,320

real and and if you do meditate or you

901  
00:34:05,430 --> 00:34:02,720  
you drop acid or whatever you experience

902  
00:34:07,909 --> 00:34:05,440  
that you you leave behind that

903  
00:34:09,669 --> 00:34:07,919  
that realm that we live in where it's

904  
00:34:11,430 --> 00:34:09,679  
moment by moment i have to be at the

905  
00:34:14,230 --> 00:34:11,440  
dentist at nine and then pick up the

906  
00:34:16,149 --> 00:34:14,240  
kids at noon it's it's it's you know

907  
00:34:17,669 --> 00:34:16,159  
much deeper than that where you you

908  
00:34:20,230 --> 00:34:17,679  
experience a

909  
00:34:22,950 --> 00:34:20,240  
timelessness that kind of frees you in

910  
00:34:24,790 --> 00:34:22,960  
some way um but

911  
00:34:26,869 --> 00:34:24,800  
you can't live there you know you can't

912  
00:34:28,869 --> 00:34:26,879  
just stay in that that place you have to

913  
00:34:30,230 --> 00:34:28,879

exist in this world or

914

00:34:31,349 --> 00:34:30,240

um

915

00:34:33,589 --> 00:34:31,359

i don't know actually i don't know what

916

00:34:34,869 --> 00:34:33,599

would happen you're dead maybe

917

00:34:36,550 --> 00:34:34,879

yeah

918

00:34:38,470 --> 00:34:36,560

do you like ascribe to kind of the

919

00:34:39,430 --> 00:34:38,480

donald hoffman perspective then on kind

920

00:34:41,349 --> 00:34:39,440

of the

921

00:34:43,270 --> 00:34:41,359

you know sort of

922

00:34:45,829 --> 00:34:43,280

the things that we see and experience

923

00:34:47,030 --> 00:34:45,839

that's just our desktop you know it's

924

00:34:48,869 --> 00:34:47,040

not really

925

00:34:50,710 --> 00:34:48,879

it's the idealist

926  
00:34:53,510 --> 00:34:50,720  
versus materialist

927  
00:34:55,030 --> 00:34:53,520  
yeah i don't know it's a tricky one um

928  
00:34:56,550 --> 00:34:55,040  
it's not something i gave a lot of

929  
00:34:58,870 --> 00:34:56,560  
thought to i was always a staunch

930  
00:35:01,349 --> 00:34:58,880  
materialist but i went to this

931  
00:35:03,270 --> 00:35:01,359  
conference in houston uh

932  
00:35:04,950 --> 00:35:03,280  
called opening the archives jeffrey

933  
00:35:07,589 --> 00:35:04,960  
crabill put it on

934  
00:35:09,910 --> 00:35:07,599  
a professor of philosophy and religious

935  
00:35:11,670 --> 00:35:09,920  
studies at rice university and and it

936  
00:35:13,510 --> 00:35:11,680  
was it was one of the most

937  
00:35:15,990 --> 00:35:13,520  
mind-expanding

938  
00:35:17,670 --> 00:35:16,000

mind-blowing experiences of my life and

939

00:35:19,990 --> 00:35:17,680

i was forced to think about many of

940

00:35:22,230 --> 00:35:20,000

these things and in ways i never had

941

00:35:24,390 --> 00:35:22,240

thinking about things i never had let

942

00:35:25,349 --> 00:35:24,400

alone in different ways so

943

00:35:28,470 --> 00:35:25,359

um

944

00:35:31,190 --> 00:35:28,480

yeah i i have kind of been

945

00:35:33,190 --> 00:35:31,200

in a state of ontological shock over the

946

00:35:35,510 --> 00:35:33,200

last month trying to

947

00:35:37,109 --> 00:35:35,520

wrap my head around one of our favorite

948

00:35:38,950 --> 00:35:37,119

words i'm sorry go ahead it's on our

949

00:35:40,950 --> 00:35:38,960

video yeah i know it's been it's been

950

00:35:43,109 --> 00:35:40,960

really interesting and unfortunately a

951  
00:35:45,190 --> 00:35:43,119  
lot of people shy away from

952  
00:35:47,829 --> 00:35:45,200  
challenging their world view and and

953  
00:35:49,910 --> 00:35:47,839  
though their way of understanding

954  
00:35:51,750 --> 00:35:49,920  
uh the universe

955  
00:35:53,750 --> 00:35:51,760  
which is a big part of this experience

956  
00:35:55,190 --> 00:35:53,760  
people don't want ufos to be real they

957  
00:35:57,510 --> 00:35:55,200  
don't want to have to think about that

958  
00:35:58,710 --> 00:35:57,520  
and how they how it fits in with their

959  
00:36:01,589 --> 00:35:58,720  
world view

960  
00:36:03,670 --> 00:36:01,599  
um and and we we even have ways of just

961  
00:36:05,589 --> 00:36:03,680  
shutting down conversations i learned a

962  
00:36:07,990 --> 00:36:05,599  
new word the other day like

963  
00:36:09,589 --> 00:36:08,000

cognitive cliches or disassociative

964

00:36:10,630 --> 00:36:09,599

cliche or something like that where you

965

00:36:13,750 --> 00:36:10,640

say like

966

00:36:15,190 --> 00:36:13,760

um you know it's in god's hands or

967

00:36:17,109 --> 00:36:15,200

uh you know all these things it just

968

00:36:19,349 --> 00:36:17,119

it's just one conversation it is what it

969

00:36:20,790 --> 00:36:19,359

is yeah yeah i hate that that's so lazy

970

00:36:23,109 --> 00:36:20,800

no because it's like well we could

971

00:36:24,310 --> 00:36:23,119

explore this more no let's just not

972

00:36:25,270 --> 00:36:24,320

explore that

973

00:36:27,190 --> 00:36:25,280

anymore

974

00:36:28,470 --> 00:36:27,200

it makes my brain hurt you know

975

00:36:31,430 --> 00:36:28,480

and that's a big part of what we're

976

00:36:33,430 --> 00:36:31,440

doing here too uh you mentioned

977

00:36:35,589 --> 00:36:33,440

about stuff and i've i've been trying to

978

00:36:37,910 --> 00:36:35,599

do the same thing as try to whittle away

979

00:36:40,150 --> 00:36:37,920

the stigma so we can talk about these

980

00:36:41,910 --> 00:36:40,160

things and and not just you know in an

981

00:36:42,870 --> 00:36:41,920

interpersonal context i think it's great

982

00:36:43,910 --> 00:36:42,880

when we

983

00:36:46,069 --> 00:36:43,920

um

984

00:36:48,310 --> 00:36:46,079

have people open up about their ufo

985

00:36:50,630 --> 00:36:48,320

sighting or more intimate experiences

986

00:36:52,470 --> 00:36:50,640

that they had and and i actually

987

00:36:53,829 --> 00:36:52,480

dedicate this next book to the brave

988

00:36:56,069 --> 00:36:53,839

people who do that because as someone

989

00:36:58,630 --> 00:36:56,079

who's never had an experience

990

00:37:00,550 --> 00:36:58,640

what how am i gonna how am i gonna study

991

00:37:02,150 --> 00:37:00,560

this or understand or any of us can

992

00:37:03,589 --> 00:37:02,160

understand it if we don't talk about it

993

00:37:05,430 --> 00:37:03,599

so i think it's really important that we

994

00:37:08,069 --> 00:37:05,440

whittle away that stigma so we can get

995

00:37:10,230 --> 00:37:08,079

more information that allows us to go

996

00:37:13,030 --> 00:37:10,240

deeper into this question and and find

997

00:37:13,990 --> 00:37:13,040

more patterns and you know more ways of

998

00:37:16,150 --> 00:37:14,000

of

999

00:37:18,069 --> 00:37:16,160

trying to bring light to what is a very

1000

00:37:20,310 --> 00:37:18,079

mysterious phenomenon

1001  
00:37:22,870 --> 00:37:20,320  
and do you know how you honor dr michael

1002  
00:37:25,430 --> 00:37:22,880  
masters when he comes on

1003  
00:37:28,150 --> 00:37:25,440  
you wear two watches baby

1004  
00:37:29,750 --> 00:37:28,160  
we got time for you guys all right i

1005  
00:37:33,270 --> 00:37:29,760  
like it i don't know i don't even wear a

1006  
00:37:35,510 --> 00:37:33,280  
lot well i mean doctor

1007  
00:37:36,870 --> 00:37:35,520  
the view i had of you i'm gonna cry

1008  
00:37:39,349 --> 00:37:36,880  
myself to bed

1009  
00:37:41,510 --> 00:37:39,359  
um let's get uh let's get steph on then

1010  
00:37:42,950 --> 00:37:41,520  
allison has something that she is just

1011  
00:37:44,950 --> 00:37:42,960  
burning up so go ahead steph and then

1012  
00:37:46,710 --> 00:37:44,960  
we'll get to allison please oh yeah well

1013  
00:37:48,950 --> 00:37:46,720

and i agree with you all so you know the

1014

00:37:50,390 --> 00:37:48,960

more that people come forth with their

1015

00:37:52,870 --> 00:37:50,400

testimonials

1016

00:37:55,510 --> 00:37:52,880

they start evolving coming out of the

1017

00:37:57,670 --> 00:37:55,520

woodwork and you know more people begin

1018

00:37:59,750 --> 00:37:57,680

to speak and you know right now i'm

1019

00:38:01,589 --> 00:37:59,760

getting them just on a you know a

1020

00:38:04,630 --> 00:38:01,599

written testimonial

1021

00:38:06,550 --> 00:38:04,640

and i plan on eventually revisiting each

1022

00:38:08,870 --> 00:38:06,560

person and seeing if they're willing to

1023

00:38:12,230 --> 00:38:08,880

come on camera because it does form as

1024

00:38:14,390 --> 00:38:12,240

some sort of a therapeutic type you know

1025

00:38:16,230 --> 00:38:14,400

session when you do talk about this

1026

00:38:18,550 --> 00:38:16,240

thing that you've been stifled from for

1027

00:38:20,950 --> 00:38:18,560

so many years that people would ridicule

1028

00:38:22,630 --> 00:38:20,960

you for and now you know it's it's

1029

00:38:25,510 --> 00:38:22,640

clearly in the news it's being

1030

00:38:28,470 --> 00:38:25,520

actualized and um you know it will

1031

00:38:30,150 --> 00:38:28,480

become normal eventually it is in our

1032

00:38:32,470 --> 00:38:30,160

world because we all know

1033

00:38:34,150 --> 00:38:32,480

but uh you know it's really it's really

1034

00:38:36,150 --> 00:38:34,160

cool to see that people are just

1035

00:38:38,470 --> 00:38:36,160

starting to get more comfortable with

1036

00:38:40,550 --> 00:38:38,480

sharing and so thank you for doing what

1037

00:38:42,310 --> 00:38:40,560

you do and dedicating your book to those

1038

00:38:44,230 --> 00:38:42,320

people because they really truly are

1039

00:38:47,430 --> 00:38:44,240

like they they're the heroes in my mind

1040

00:38:49,349 --> 00:38:47,440

right now yes sam yeah thank you yeah

1041

00:38:51,670 --> 00:38:49,359

and and and the other thing too is is

1042

00:38:53,349 --> 00:38:51,680

with writing this book you know i feel

1043

00:38:56,630 --> 00:38:53,359

kind of embarrassed in a way because i

1044

00:38:59,510 --> 00:38:56,640

didn't really talk about abduction or

1045

00:39:00,550 --> 00:38:59,520

contact-y experience as much

1046

00:39:02,310 --> 00:39:00,560

um

1047

00:39:04,710 --> 00:39:02,320

that obviously this next book is

1048

00:39:05,430 --> 00:39:04,720

exclusively about that um

1049

00:39:07,589 --> 00:39:05,440

but

1050

00:39:09,109 --> 00:39:07,599

it's funny because

1051  
00:39:10,069 --> 00:39:09,119  
there's there's so much you can learn

1052  
00:39:11,589 --> 00:39:10,079  
from it

1053  
00:39:14,069 --> 00:39:11,599  
and i feel like we're at a point now

1054  
00:39:16,150 --> 00:39:14,079  
that it's a slow process where like yeah

1055  
00:39:17,750 --> 00:39:16,160  
these videos are real okay ufos are real

1056  
00:39:19,030 --> 00:39:17,760  
wait those are the same things people do

1057  
00:39:21,349 --> 00:39:19,040  
when they're abducted why aren't we

1058  
00:39:23,670 --> 00:39:21,359  
talking about that yet so and but in

1059  
00:39:27,349 --> 00:39:23,680  
publishing this book i had i got

1060  
00:39:29,030 --> 00:39:27,359  
inundated with people who many of whom

1061  
00:39:30,790 --> 00:39:29,040  
actually were told that they are from

1062  
00:39:33,430 --> 00:39:30,800  
the future they're time travelers from

1063  
00:39:35,030 --> 00:39:33,440

the future um who obviously that's

1064

00:39:36,390 --> 00:39:35,040

sample bias because they reach out to me

1065

00:39:38,069 --> 00:39:36,400

after having just published a book

1066

00:39:39,430 --> 00:39:38,079

arguing that but it's still you know

1067

00:39:41,510 --> 00:39:39,440

interesting to see that but all these

1068

00:39:43,190 --> 00:39:41,520

other experiencers too

1069

00:39:44,950 --> 00:39:43,200

who feel comfortable

1070

00:39:46,710 --> 00:39:44,960

talking to me about i've had a number of

1071

00:39:49,190 --> 00:39:46,720

them that say you know i was really

1072

00:39:50,710 --> 00:39:49,200

angry my whole life i really hated that

1073

00:39:52,870 --> 00:39:50,720

this happened to me but after reading

1074

00:39:54,069 --> 00:39:52,880

your book and thinking well maybe these

1075

00:39:55,910 --> 00:39:54,079

were humans

1076  
00:39:57,750 --> 00:39:55,920  
it somehow made me feel better like it's

1077  
00:39:59,829 --> 00:39:57,760  
like going to the doctor as opposed to

1078  
00:40:01,670 --> 00:39:59,839  
these others coming from a different

1079  
00:40:03,349 --> 00:40:01,680  
planet and doing these things to me so

1080  
00:40:06,230 --> 00:40:03,359  
it kind of gave them a sense of

1081  
00:40:07,990 --> 00:40:06,240  
acceptance or just something some way of

1082  
00:40:10,550 --> 00:40:08,000  
understanding it that made more sense

1083  
00:40:13,190 --> 00:40:10,560  
made them feel better but without that

1084  
00:40:15,750 --> 00:40:13,200  
you know i i couldn't talk to them

1085  
00:40:17,990 --> 00:40:15,760  
and you know maybe without

1086  
00:40:19,829 --> 00:40:18,000  
any of us talking about it's just gonna

1087  
00:40:21,750 --> 00:40:19,839  
always linger in the background but yeah

1088  
00:40:24,390 --> 00:40:21,760

i think it's high time we bring

1089

00:40:26,150 --> 00:40:24,400

the experienter aspect of the phenomenon

1090

00:40:28,150 --> 00:40:26,160

right up there with the navy pilots and

1091

00:40:29,270 --> 00:40:28,160

the videos and everything else we we

1092

00:40:31,030 --> 00:40:29,280

should it's all part of the same

1093

00:40:33,750 --> 00:40:31,040

phenomenon why the hell are we talking

1094

00:40:35,910 --> 00:40:33,760

about that 100 i agree it's time for

1095

00:40:38,150 --> 00:40:35,920

some vindication for everybody

1096

00:40:40,790 --> 00:40:38,160

and yeah i agree especially those who

1097

00:40:42,790 --> 00:40:40,800

had the most intimate type of encounter

1098

00:40:44,470 --> 00:40:42,800

the closest type of encounter i mean

1099

00:40:46,150 --> 00:40:44,480

seeing something from your cockpit's

1100

00:40:48,630 --> 00:40:46,160

awesome and we need to talk about that

1101  
00:40:50,069 --> 00:40:48,640  
too but if you're you're there laying on

1102  
00:40:51,750 --> 00:40:50,079  
the table

1103  
00:40:54,550 --> 00:40:51,760  
that's that's important

1104  
00:40:56,069 --> 00:40:54,560  
sir i love hearing those narratives i

1105  
00:40:58,710 --> 00:40:56,079  
really do when i hear

1106  
00:41:00,870 --> 00:40:58,720  
uh any abduction like uh terry loveless

1107  
00:41:03,109 --> 00:41:00,880  
story gave me chills i would love to

1108  
00:41:05,589 --> 00:41:03,119  
have him on just because it's

1109  
00:41:07,270 --> 00:41:05,599  
i mean you know calvin um i don't know

1110  
00:41:09,829 --> 00:41:07,280  
if you guys remember the gentleman from

1111  
00:41:11,829 --> 00:41:09,839  
the mississippi one uh calvin parker

1112  
00:41:14,230 --> 00:41:11,839  
yeah calvin parker and his his obviously

1113  
00:41:15,430 --> 00:41:14,240

his colleague pastor wright charles

1114

00:41:18,390 --> 00:41:15,440

dixon yeah that was one of the case

1115

00:41:21,430 --> 00:41:18,400

studies i i examined in my new book

1116

00:41:23,670 --> 00:41:21,440

yeah those these guys are hilarious i

1117

00:41:26,710 --> 00:41:23,680

calvin parker was at uh he gave a talk

1118

00:41:29,750 --> 00:41:26,720

at ufo conference i was at in phoenix i

1119

00:41:31,750 --> 00:41:29,760

think it was really funny guy um but

1120

00:41:33,750 --> 00:41:31,760

yeah it's really interesting case study

1121

00:41:35,510 --> 00:41:33,760

all of them i mean they're

1122

00:41:37,190 --> 00:41:35,520

you can learn so much from every single

1123

00:41:38,710 --> 00:41:37,200

one and and i think what's most

1124

00:41:41,190 --> 00:41:38,720

important is to recognize all the

1125

00:41:42,550 --> 00:41:41,200

patterns too just all of the consistency

1126  
00:41:43,829 --> 00:41:42,560  
across these and of course there's going

1127  
00:41:45,750 --> 00:41:43,839  
to be variation there's going to be

1128  
00:41:48,150 --> 00:41:45,760  
outliers with any

1129  
00:41:50,390 --> 00:41:48,160  
phenomenon of any variety even within

1130  
00:41:52,950 --> 00:41:50,400  
highly controlled experiments but

1131  
00:41:55,750 --> 00:41:52,960  
um yeah the more we talk about it the

1132  
00:41:58,069 --> 00:41:55,760  
more we learn

1133  
00:41:59,990 --> 00:41:58,079  
before before i pass it to allison do

1134  
00:42:02,069 --> 00:42:00,000  
you think the fact that i'm bald could

1135  
00:42:04,150 --> 00:42:02,079  
be representative that i could be a more

1136  
00:42:05,670 --> 00:42:04,160  
evolved intelligence

1137  
00:42:07,990 --> 00:42:05,680  
yeah that's actually probably why they

1138  
00:42:09,910 --> 00:42:08,000

didn't take your sperm as they already

1139

00:42:11,910 --> 00:42:09,920

they're already there man you're too far

1140

00:42:14,470 --> 00:42:11,920

you're too far in the future all right

1141

00:42:15,829 --> 00:42:14,480

they're like wait we got this you know

1142

00:42:18,230 --> 00:42:15,839

yeah i know you should go make all the

1143

00:42:21,349 --> 00:42:18,240

babies i have uh in my class i talk

1144

00:42:22,390 --> 00:42:21,359

about how our our third molar stopped

1145

00:42:24,069 --> 00:42:22,400

coming in

1146

00:42:26,150 --> 00:42:24,079

uh some people just don't have it and

1147

00:42:29,349 --> 00:42:26,160

only about 11 to 13 percent of the

1148

00:42:31,430 --> 00:42:29,359

population doesn't have it and i always

1149

00:42:34,069 --> 00:42:31,440

have people raise their hands to see in

1150

00:42:35,670 --> 00:42:34,079

each class if that statistic holds and

1151

00:42:37,030 --> 00:42:35,680

you know sometimes i'm like you all need

1152

00:42:39,109 --> 00:42:37,040

to go make the babies because that's

1153

00:42:42,470 --> 00:42:39,119

where we're going it's an increasing

1154

00:42:44,710 --> 00:42:42,480

trend so yeah baldness no third molar

1155

00:42:46,870 --> 00:42:44,720

get out there man get it done i can

1156

00:42:48,950 --> 00:42:46,880

neither confirm or deny right now but i

1157

00:42:50,309 --> 00:42:48,960

do have to pass it on to your academic

1158

00:42:52,390 --> 00:42:50,319

colleague allison

1159

00:42:54,309 --> 00:42:52,400

well i i want to give stephanie

1160

00:42:55,750 --> 00:42:54,319

potentially in an opportunity i thought

1161

00:42:57,670 --> 00:42:55,760

you were about to ask a follow-up did

1162

00:42:58,710 --> 00:42:57,680

you have something you wanted to add on

1163

00:43:00,870 --> 00:42:58,720

or

1164

00:43:03,829 --> 00:43:00,880

you know no i'm good we're good it's a

1165

00:43:05,190 --> 00:43:03,839

good segue thank you though yes uh okay

1166

00:43:07,270 --> 00:43:05,200

so

1167

00:43:09,270 --> 00:43:07,280

at the beginning of the interview you

1168

00:43:13,589 --> 00:43:09,280

used the phrase that culture is becoming

1169

00:43:15,910 --> 00:43:13,599

a larger drive of human evolution

1170

00:43:18,390 --> 00:43:15,920

especially in the context of ufology

1171

00:43:20,950 --> 00:43:18,400

becoming more mainstream that means it's

1172

00:43:23,430 --> 00:43:20,960

going to have a greater

1173

00:43:25,829 --> 00:43:23,440

traction culturally so could you say

1174

00:43:27,670 --> 00:43:25,839

more about culture being a larger drive

1175

00:43:29,190 --> 00:43:27,680

of human evolution and how that might be

1176

00:43:31,829 --> 00:43:29,200

affected by

1177

00:43:36,550 --> 00:43:34,150

yeah um well i mean you can go back to

1178

00:43:39,510 --> 00:43:36,560

the first culture the first preservable

1179

00:43:42,710 --> 00:43:39,520

culture uh because chimps use leaves of

1180

00:43:44,550 --> 00:43:42,720

sponges sticks as anvils and hammers and

1181

00:43:46,630 --> 00:43:44,560

things it's likely we've been using

1182

00:43:47,589 --> 00:43:46,640

tools long before three million years

1183

00:43:49,190 --> 00:43:47,599

ago

1184

00:43:50,870 --> 00:43:49,200

they just don't preserve but once we

1185

00:43:52,950 --> 00:43:50,880

started breaking rocks against each

1186

00:43:54,710 --> 00:43:52,960

other to make tools it really changed

1187

00:43:57,109 --> 00:43:54,720

our relationship with the environment

1188

00:43:58,790 --> 00:43:57,119

where we're no longer just adapting or

1189

00:44:01,190 --> 00:43:58,800

evolving to

1190

00:44:02,870 --> 00:44:01,200

uh the natural environment but man-made

1191

00:44:05,349 --> 00:44:02,880

environment so with stone tools

1192

00:44:07,910 --> 00:44:05,359

specifically and also fire it help relax

1193

00:44:09,750 --> 00:44:07,920

selective pressure for bigger teeth uh

1194

00:44:12,550 --> 00:44:09,760

bigger chewing muscles so our face could

1195

00:44:13,910 --> 00:44:12,560

get out of the way of a growing brain

1196

00:44:15,910 --> 00:44:13,920

because we could cut our meat we could

1197

00:44:19,510 --> 00:44:15,920

cook our meat and other foods

1198

00:44:22,710 --> 00:44:19,520

so so many things like that um

1199

00:44:24,630 --> 00:44:22,720

using dairy products we've evolved to

1200

00:44:26,790 --> 00:44:24,640

continue producing lactase which breaks

1201  
00:44:28,630 --> 00:44:26,800  
down lactose and milk and other dairy

1202  
00:44:31,349 --> 00:44:28,640  
products so there's there's numerous

1203  
00:44:33,510 --> 00:44:31,359  
things like that and the more we build

1204  
00:44:36,150 --> 00:44:33,520  
these these cultural environments the

1205  
00:44:38,790 --> 00:44:36,160  
more we're going to be adapting to those

1206  
00:44:40,870 --> 00:44:38,800  
um so yeah looking into the future

1207  
00:44:43,349 --> 00:44:40,880  
it's certainly likely that that will

1208  
00:44:45,990 --> 00:44:43,359  
continue um

1209  
00:44:47,750 --> 00:44:46,000  
how i don't know i can't give specifics

1210  
00:44:49,829 --> 00:44:47,760  
but uh

1211  
00:44:52,550 --> 00:44:49,839  
there seem to be some

1212  
00:44:54,790 --> 00:44:52,560  
unstoppable trends the runaway brain is

1213  
00:44:57,109 --> 00:44:54,800

one uh it has gotten smaller of the last

1214

00:44:59,030 --> 00:44:57,119

30 000 years mostly in association with

1215

00:45:02,630 --> 00:44:59,040

reduction in body size

1216

00:45:04,710 --> 00:45:02,640

um but there is indication that it will

1217

00:45:06,630 --> 00:45:04,720

continue to not just expand but change

1218

00:45:08,710 --> 00:45:06,640

shape mostly in the parietal lobes the

1219

00:45:09,950 --> 00:45:08,720

frontal lobes moving out over the eyes

1220

00:45:13,030 --> 00:45:09,960

and expanding

1221

00:45:14,550 --> 00:45:13,040

mediolaterally uh facial retraction and

1222

00:45:17,670 --> 00:45:14,560

again these are traits we see in the

1223

00:45:20,550 --> 00:45:17,680

grays further down the road but yeah it

1224

00:45:22,790 --> 00:45:20,560

with with the the cultural

1225

00:45:24,790 --> 00:45:22,800

changes the cultural trends that's

1226  
00:45:25,670 --> 00:45:24,800  
probably going to be just as important

1227  
00:45:27,589 --> 00:45:25,680  
um

1228  
00:45:29,829 --> 00:45:27,599  
but it's hard to tell

1229  
00:45:31,510 --> 00:45:29,839  
how that contributes specifically

1230  
00:45:34,150 --> 00:45:31,520  
so when you refer to culture you mean

1231  
00:45:36,870 --> 00:45:34,160  
like specifically the tangible elements

1232  
00:45:38,870 --> 00:45:36,880  
that culture produces having an effect

1233  
00:45:41,670 --> 00:45:38,880  
not those

1234  
00:45:43,670 --> 00:45:41,680  
more sort of unconscious cultural

1235  
00:45:44,950 --> 00:45:43,680  
motivations

1236  
00:45:47,430 --> 00:45:44,960  
well i don't know i think those are

1237  
00:45:49,589 --> 00:45:47,440  
important too um

1238  
00:45:51,190 --> 00:45:49,599

especially in the context of one thing i

1239

00:45:52,950 --> 00:45:51,200

was thinking about today i don't know if

1240

00:45:53,910 --> 00:45:52,960

i can write about this

1241

00:45:56,150 --> 00:45:53,920

uh

1242

00:45:58,230 --> 00:45:56,160

but but it popped in my mind is is

1243

00:46:00,150 --> 00:45:58,240

whether or not they use religion as some

1244

00:46:02,550 --> 00:46:00,160

sort of litmus test to figure out if

1245

00:46:04,309 --> 00:46:02,560

we're ready to understand

1246

00:46:07,910 --> 00:46:04,319

who they are what they're doing here if

1247

00:46:10,390 --> 00:46:07,920

they maybe interjected uh ideologies

1248

00:46:12,150 --> 00:46:10,400

into the past and i'm i'm definitely not

1249

00:46:15,349 --> 00:46:12,160

an ancient alienist or anything this is

1250

00:46:18,230 --> 00:46:15,359

just sort of a brainstorm i had today

1251

00:46:21,430 --> 00:46:18,240

if if maybe if we get past like that

1252

00:46:23,190 --> 00:46:21,440

that cognitive shutdown of uh it's in

1253

00:46:24,710 --> 00:46:23,200

god's hands or you know we start to

1254

00:46:26,390 --> 00:46:24,720

think because a lot of religious

1255

00:46:29,910 --> 00:46:26,400

ideologies just

1256

00:46:32,950 --> 00:46:29,920

channel you into the same mentality and

1257

00:46:35,910 --> 00:46:32,960

um oftentimes a mentality that ignores

1258

00:46:38,630 --> 00:46:35,920

other things most things uh to be blunt

1259

00:46:40,230 --> 00:46:38,640

and and i think if if that that would be

1260

00:46:41,910 --> 00:46:40,240

a good litmus test and one thing that

1261

00:46:43,510 --> 00:46:41,920

made me think about this i'm not just

1262

00:46:45,430 --> 00:46:43,520

pulling this out of nowhere but there

1263

00:46:48,230 --> 00:46:45,440

was a case that i talked about one of

1264

00:46:51,109 --> 00:46:48,240

the first case studies in my my new book

1265

00:46:54,069 --> 00:46:51,119

uh joan byrd also covered this one in in

1266

00:46:55,589 --> 00:46:54,079

her book montana ufos uh where this guy

1267

00:46:58,309 --> 00:46:55,599

uruguartana

1268

00:47:01,030 --> 00:46:58,319

came across this this human who came out

1269

00:47:03,190 --> 00:47:01,040

of a disc shaped craft uh right here in

1270

00:47:04,390 --> 00:47:03,200

montana actually only about 60 miles

1271

00:47:06,550 --> 00:47:04,400

from where i live

1272

00:47:08,550 --> 00:47:06,560

walked up to him he said oh sorry didn't

1273

00:47:11,430 --> 00:47:08,560

know anybody was here we try not to let

1274

00:47:14,630 --> 00:47:11,440

people see us just needed some water for

1275

00:47:16,630 --> 00:47:14,640

extracting hydrogen to power their ship

1276

00:47:18,069 --> 00:47:16,640

and and he got a tour of the ship they

1277

00:47:19,990 --> 00:47:18,079

showed him how everything worked with

1278

00:47:22,230 --> 00:47:20,000

the electromagnetism these counter

1279

00:47:25,349 --> 00:47:22,240

rotating flywheels and stuff

1280

00:47:27,430 --> 00:47:25,359

answered every question he had except

1281

00:47:29,589 --> 00:47:27,440

about religion he was like do you know

1282

00:47:31,109 --> 00:47:29,599

about jesus and he said we we are not

1283

00:47:33,670 --> 00:47:31,119

allowed to talk about that that was the

1284

00:47:35,510 --> 00:47:33,680

only thing he shut down and i'm like

1285

00:47:37,349 --> 00:47:35,520

that's telling you know that's really

1286

00:47:38,630 --> 00:47:37,359

interesting and so i started thinking

1287

00:47:43,190 --> 00:47:38,640

maybe

1288

00:47:43,990 --> 00:47:43,200

post

1289

00:47:46,870 --> 00:47:44,000

uh

1290

00:47:49,270 --> 00:47:46,880

religious or not even religious but just

1291

00:47:51,030 --> 00:47:49,280

having some way of um

1292

00:47:53,829 --> 00:47:51,040

gauging whether or not we're ready for

1293

00:47:54,790 --> 00:47:53,839

contact if that might be one of them

1294

00:47:56,309 --> 00:47:54,800

um

1295

00:47:58,710 --> 00:47:56,319

whether the extraterrestrial extra

1296

00:48:00,950 --> 00:47:58,720

tempesture or whatever like i i don't

1297

00:48:03,030 --> 00:48:00,960

know i i guess i was and also killing

1298

00:48:05,109 --> 00:48:03,040

people religious people kill each other

1299

00:48:07,829 --> 00:48:05,119

a lot if maybe you know they want to

1300

00:48:09,030 --> 00:48:07,839

minimize our impact on their earth in

1301  
00:48:10,549 --> 00:48:09,040  
the future

1302  
00:48:12,549 --> 00:48:10,559  
here here's some religion here's some

1303  
00:48:15,750 --> 00:48:12,559  
monotheism for you go kill each other

1304  
00:48:16,870 --> 00:48:15,760  
and and destroy the earth slower um yeah

1305  
00:48:18,390 --> 00:48:16,880  
i don't know there's been a lot of

1306  
00:48:19,270 --> 00:48:18,400  
questions in my mind lately i'm just

1307  
00:48:20,790 --> 00:48:19,280  
kind of

1308  
00:48:21,950 --> 00:48:20,800  
throwing them out there for some reason

1309  
00:48:24,069 --> 00:48:21,960  
probably shouldn't

1310  
00:48:25,589 --> 00:48:24,079  
[Laughter]

1311  
00:48:27,109 --> 00:48:25,599  
well i appreciate you making sort of a

1312  
00:48:28,470 --> 00:48:27,119  
determination about what you would be

1313  
00:48:33,190 --> 00:48:28,480

willing to

1314

00:48:35,510 --> 00:48:33,200

sort of like speak about just kind of

1315

00:48:37,589 --> 00:48:35,520

riff yeah i know but i just thought

1316

00:48:40,069 --> 00:48:37,599

about that too by speaking about it i'm

1317

00:48:42,230 --> 00:48:40,079

also but i'm i'm not claiming anything

1318

00:48:43,910 --> 00:48:42,240

either it's just sort of sharing ideas

1319

00:48:46,710 --> 00:48:43,920

which is the whole point of this that's

1320

00:48:48,630 --> 00:48:46,720

why we're here so yeah maybe we're here

1321

00:48:50,630 --> 00:48:48,640

if it's not so bad that's why we're here

1322

00:48:52,470 --> 00:48:50,640

monday nathan

1323

00:48:55,990 --> 00:48:52,480

yeah well i'm gonna piggyback right on

1324

00:48:58,150 --> 00:48:56,000

top of that then so uh yeah so my uh my

1325

00:49:00,870 --> 00:48:58,160

understanding of evolutionary biology i

1326

00:49:02,150 --> 00:49:00,880

think must be outdated so i

1327

00:49:03,430 --> 00:49:02,160

maybe you can help me understand a

1328

00:49:05,030 --> 00:49:03,440

little bit better

1329

00:49:08,390 --> 00:49:05,040

uh

1330

00:49:11,190 --> 00:49:08,400

but my sort of the way i was taught

1331

00:49:13,589 --> 00:49:11,200

was that we're you know we're given sort

1332

00:49:16,150 --> 00:49:13,599

of the genes that we have our dna is

1333

00:49:17,030 --> 00:49:16,160

essentially kind of a fixed thing and if

1334

00:49:23,349 --> 00:49:17,040

we

1335

00:49:24,470 --> 00:49:23,359

procreate with passing that down to the

1336

00:49:27,510 --> 00:49:24,480

next

1337

00:49:29,030 --> 00:49:27,520

line uh that so the the assumption here

1338

00:49:30,549 --> 00:49:29,040

is that there's very little change from

1339

00:49:31,750 --> 00:49:30,559

the moment of birth to the moment of

1340

00:49:34,069 --> 00:49:31,760

conception

1341

00:49:36,309 --> 00:49:34,079

in that organism but from what i'm

1342

00:49:38,069 --> 00:49:36,319

understanding in this conversation

1343

00:49:41,510 --> 00:49:38,079

please correct me if i'm wrong

1344

00:49:44,230 --> 00:49:41,520

is that not only does the environment

1345

00:49:45,510 --> 00:49:44,240

impact our our kind of genetic uh

1346

00:49:48,230 --> 00:49:45,520

expression

1347

00:49:49,750 --> 00:49:48,240

but but even the our our cultural

1348

00:49:52,390 --> 00:49:49,760

experiences

1349

00:49:55,030 --> 00:49:52,400

have a potential impact on on our

1350

00:49:56,549 --> 00:49:55,040

genetic expression and so that that to

1351

00:49:58,950 --> 00:49:56,559

me helps explain

1352

00:50:02,069 --> 00:49:58,960

what i was confused about earlier that

1353

00:50:03,589 --> 00:50:02,079

if if we're not having uh if we're still

1354

00:50:06,630 --> 00:50:03,599

able to just

1355

00:50:08,870 --> 00:50:06,640

if if uh sexual selection basically

1356

00:50:10,950 --> 00:50:08,880

isn't kind of cutting off

1357

00:50:12,549 --> 00:50:10,960

uh you know people who have disabilities

1358

00:50:15,589 --> 00:50:12,559

or whatever but and they're not able to

1359

00:50:17,030 --> 00:50:15,599

procreate and i was i was not sure how

1360

00:50:18,470 --> 00:50:17,040

we were going to get to the graves but

1361

00:50:21,430 --> 00:50:18,480

it sounds like we get to the graves

1362

00:50:23,910 --> 00:50:21,440

because of other factors that aren't the

1363

00:50:26,470 --> 00:50:23,920

traditional you know you just can't have

1364

00:50:29,349 --> 00:50:26,480

a baby or or the environment is so

1365

00:50:30,710 --> 00:50:29,359

inhospitable that some strange mutation

1366

00:50:32,870 --> 00:50:30,720

allows one

1367

00:50:36,230 --> 00:50:32,880

genetic line to survive and there

1368

00:50:37,190 --> 00:50:36,240

therefore procreate versus the other

1369

00:50:38,630 --> 00:50:37,200

yeah i mean

1370

00:50:43,109 --> 00:50:38,640

there's a lot

1371

00:50:45,750 --> 00:50:43,119

one of the things is that it's not

1372

00:50:47,829 --> 00:50:45,760

necessarily that we're evolving always

1373

00:50:50,390 --> 00:50:47,839

we do in many cases but not that we're

1374

00:50:52,630 --> 00:50:50,400

always evolving to cultural environments

1375

00:50:55,109 --> 00:50:52,640

it's that by removing ourselves with

1376

00:50:56,870 --> 00:50:55,119

culture from the natural environment

1377

00:50:57,910 --> 00:50:56,880

there's other things that can happen you

1378

00:51:00,230 --> 00:50:57,920

can have more

1379

00:51:01,670 --> 00:51:00,240

genes that pop up that aren't being

1380

00:51:03,270 --> 00:51:01,680

selected against that aren't being

1381

00:51:04,150 --> 00:51:03,280

eliminated like we're talking about with

1382

00:51:05,270 --> 00:51:04,160

vision

1383

00:51:07,829 --> 00:51:05,280

earlier

1384

00:51:10,069 --> 00:51:07,839

uh in a natural environment what i argue

1385

00:51:11,670 --> 00:51:10,079

in my 2012 paper too is in a natural

1386

00:51:12,950 --> 00:51:11,680

environment we wouldn't even have

1387

00:51:15,030 --> 00:51:12,960

nearsightedness we wouldn't have

1388

00:51:17,829 --> 00:51:15,040

astigmatism because we'd be weeded out

1389

00:51:19,950 --> 00:51:17,839

of the population but making this buffer

1390

00:51:22,710 --> 00:51:19,960

which is more in the lines of the

1391

00:51:24,390 --> 00:51:22,720

self-domestication aspect of it as other

1392

00:51:25,750 --> 00:51:24,400

things can pop up

1393

00:51:27,750 --> 00:51:25,760

you can have

1394

00:51:29,270 --> 00:51:27,760

one thing i talk about in this new book

1395

00:51:30,549 --> 00:51:29,280

too which dovetails wealth jim

1396

00:51:32,950 --> 00:51:30,559

peniston's

1397

00:51:35,510 --> 00:51:32,960

situation and what he was told

1398

00:51:36,710 --> 00:51:35,520

um during his rental shim encounter is

1399

00:51:38,710 --> 00:51:36,720

that they're having problems with

1400

00:51:40,630 --> 00:51:38,720

reproduction and i arrived at that

1401  
00:51:42,630 --> 00:51:40,640  
conclusion completely independently i

1402  
00:51:45,109 --> 00:51:42,640  
was getting ready to publish my book i

1403  
00:51:47,750 --> 00:51:45,119  
was on a a podcast somebody said have

1404  
00:51:49,190 --> 00:51:47,760  
you heard of jim peniston research that

1405  
00:51:50,390 --> 00:51:49,200  
a little bit i'm like holy holy

1406  
00:51:52,309 --> 00:51:50,400  
he's

1407  
00:51:55,589 --> 00:51:52,319  
they told him that

1408  
00:51:58,630 --> 00:51:55,599  
uh and i i had these reasons why that

1409  
00:52:00,549 --> 00:51:58,640  
made sense as far as past trends again i

1410  
00:52:02,950 --> 00:52:00,559  
try not to speculate too much about the

1411  
00:52:05,030 --> 00:52:02,960  
future but based on past trends one of

1412  
00:52:07,270 --> 00:52:05,040  
them being that through in vitro

1413  
00:52:09,430 --> 00:52:07,280

fertilization and all of these fertility

1414

00:52:11,349 --> 00:52:09,440

therapies we're helping people that

1415

00:52:13,190 --> 00:52:11,359

normally shouldn't be able to reproduce

1416

00:52:15,910 --> 00:52:13,200

and i hate using that word it sounds

1417

00:52:18,549 --> 00:52:15,920

insensitive but who wouldn't normally be

1418

00:52:20,549 --> 00:52:18,559

able to naturally to still reproduce and

1419

00:52:22,470 --> 00:52:20,559

put those genes into future generations

1420

00:52:24,790 --> 00:52:22,480

and there's a number of other things too

1421

00:52:27,430 --> 00:52:24,800

it's not just based on that

1422

00:52:29,349 --> 00:52:27,440

but if that maybe contributes to along

1423

00:52:32,069 --> 00:52:29,359

with genetic homogenization which i did

1424

00:52:34,069 --> 00:52:32,079

talk about my first book contributes to

1425

00:52:35,589 --> 00:52:34,079

of eventual difficulties with the one

1426

00:52:38,309 --> 00:52:35,599

thing that matters

1427

00:52:39,829 --> 00:52:38,319

in evolution the most reproduction

1428

00:52:41,589 --> 00:52:39,839

it's the only thing that matters putting

1429

00:52:43,670 --> 00:52:41,599

your genes into the next generation but

1430

00:52:46,630 --> 00:52:43,680

if we have taken ourselves out of that

1431

00:52:47,829 --> 00:52:46,640

relationship with nature to the extent

1432

00:52:49,589 --> 00:52:47,839

that we

1433

00:52:52,710 --> 00:52:49,599

have to create

1434

00:52:55,990 --> 00:52:52,720

new babies we have to and and i also

1435

00:52:57,589 --> 00:52:56,000

make a number of cases why exogenesis

1436

00:52:59,510 --> 00:52:57,599

regardless of how you feel about in the

1437

00:53:01,829 --> 00:52:59,520

context of you know growing the baby

1438

00:53:04,630 --> 00:53:01,839

holding the baby could have a number of

1439

00:53:06,710 --> 00:53:04,640

really beneficial impacts for for gender

1440

00:53:09,270 --> 00:53:06,720

equality in the workplace and all of

1441

00:53:10,230 --> 00:53:09,280

these other societal aspects of of the

1442

00:53:12,069 --> 00:53:10,240

future

1443

00:53:14,309 --> 00:53:12,079

that maybe

1444

00:53:16,069 --> 00:53:14,319

is just the way we do it at that point

1445

00:53:18,230 --> 00:53:16,079

the big head small hole problem which i

1446

00:53:19,910 --> 00:53:18,240

talked a little bit about in my last

1447

00:53:21,190 --> 00:53:19,920

book all of these things seem to

1448

00:53:23,589 --> 00:53:21,200

indicate that at some point in the

1449

00:53:25,030 --> 00:53:23,599

future we're just gonna have to manage

1450

00:53:26,630 --> 00:53:25,040

our own reproduction because

1451  
00:53:29,349 --> 00:53:26,640  
everything's sort of taking us in that

1452  
00:53:31,990 --> 00:53:29,359  
direction where it's become so

1453  
00:53:33,829 --> 00:53:32,000  
separated from the natural way of doing

1454  
00:53:36,549 --> 00:53:33,839  
it that and and you know maybe even

1455  
00:53:38,230 --> 00:53:36,559  
these reports of the the ultra grays the

1456  
00:53:41,510 --> 00:53:38,240  
really short ones the big heads that

1457  
00:53:42,870 --> 00:53:41,520  
don't even have external genitalia

1458  
00:53:44,309 --> 00:53:42,880  
you know maybe we get to the point where

1459  
00:53:45,829 --> 00:53:44,319  
we don't even need them which is a

1460  
00:53:47,030 --> 00:53:45,839  
horrible thought but

1461  
00:53:48,069 --> 00:53:47,040  
um

1462  
00:53:49,990 --> 00:53:48,079  
i don't know

1463  
00:53:51,829 --> 00:53:50,000

there's there's clearly a focus on

1464

00:53:53,430 --> 00:53:51,839

reproduction there's clearly clearly a

1465

00:53:55,589 --> 00:53:53,440

focus on gametes

1466

00:53:57,910 --> 00:53:55,599

that i think we need to focus on because

1467

00:53:59,750 --> 00:53:57,920

it's it's so ubiquitous throughout these

1468

00:54:01,430 --> 00:53:59,760

these these accounts

1469

00:54:03,270 --> 00:54:01,440

i've been confused about that though

1470

00:54:04,870 --> 00:54:03,280

because to me

1471

00:54:06,870 --> 00:54:04,880

the advances that we've seen with our

1472

00:54:09,270 --> 00:54:06,880

own genetic technology

1473

00:54:11,270 --> 00:54:09,280

i guess i'm i just don't understand why

1474

00:54:12,950 --> 00:54:11,280

we would be so advanced in

1475

00:54:14,710 --> 00:54:12,960

in our uh

1476

00:54:16,710 --> 00:54:14,720

you know sort of

1477

00:54:18,230 --> 00:54:16,720

aerospace or physics understanding and

1478

00:54:19,910 --> 00:54:18,240

just on the current trajectory that

1479

00:54:21,270 --> 00:54:19,920

we're on with things like crispr like

1480

00:54:23,670 --> 00:54:21,280

why we wouldn't be able to have a

1481

00:54:25,109 --> 00:54:23,680

mastery over our biology but that's

1482

00:54:27,109 --> 00:54:25,119

that's maybe part of the problem that's

1483

00:54:29,589 --> 00:54:27,119

another thing i argue in two different

1484

00:54:31,829 --> 00:54:29,599

sections of this new book is that this

1485

00:54:33,990 --> 00:54:31,839

hubris that we get from that

1486

00:54:35,670 --> 00:54:34,000

what if we screw something up you know

1487

00:54:37,589 --> 00:54:35,680

one of the first cases there's a guy in

1488

00:54:40,069 --> 00:54:37,599

prison right now in china because he

1489

00:54:43,670 --> 00:54:40,079

tried to take the

1490

00:54:46,870 --> 00:54:43,680

the ccr5 gene in these children these

1491

00:54:48,870 --> 00:54:46,880

two twin children and and give them the

1492

00:54:50,870 --> 00:54:48,880

ccr gene essentially which protects you

1493

00:54:54,309 --> 00:54:50,880

against hiv it evolved during the black

1494

00:54:55,430 --> 00:54:54,319

plague uh and imbues about one or two

1495

00:54:58,630 --> 00:54:55,440

percent

1496

00:55:00,630 --> 00:54:58,640

of europeans with with immunity to hiv

1497

00:55:03,030 --> 00:55:00,640

and he wanted to put these this in these

1498

00:55:04,549 --> 00:55:03,040

children which sounds great sure do that

1499

00:55:07,030 --> 00:55:04,559

didn't tell anybody screwed the whole

1500

00:55:08,630 --> 00:55:07,040

thing up now they have a heritable trait

1501

00:55:11,190 --> 00:55:08,640

that never existed in the human

1502

00:55:12,549 --> 00:55:11,200

population before right because he was

1503

00:55:14,069 --> 00:55:12,559

trying to do something that he thought

1504

00:55:16,309 --> 00:55:14,079

was good

1505

00:55:18,069 --> 00:55:16,319

screwed it up what what if we do that

1506

00:55:20,309 --> 00:55:18,079

with something else and these these

1507

00:55:22,789 --> 00:55:20,319

genes even if it's a somatic cell

1508

00:55:25,109 --> 00:55:22,799

characteristic they can still migrate

1509

00:55:27,190 --> 00:55:25,119

into especially with crispr because it's

1510

00:55:29,190 --> 00:55:27,200

not this all-knowing thing we create it

1511

00:55:31,190 --> 00:55:29,200

we can screw something up it can do

1512

00:55:33,670 --> 00:55:31,200

something we didn't expect it gets into

1513

00:55:35,109 --> 00:55:33,680

a heritable characteristic

1514

00:55:37,430 --> 00:55:35,119

what's that going to do maybe we do it

1515

00:55:39,109 --> 00:55:37,440

to ourselves maybe maybe we sow the

1516

00:55:41,510 --> 00:55:39,119

seeds of our own destruction it's not

1517

00:55:43,589 --> 00:55:41,520

these natural processes it's something

1518

00:55:45,750 --> 00:55:43,599

that we do that we screw up trying to

1519

00:55:47,510 --> 00:55:45,760

make designer babies or cure some

1520

00:55:49,670 --> 00:55:47,520

disease and then we create this

1521

00:55:51,190 --> 00:55:49,680

situation that we can't go back from and

1522

00:55:52,950 --> 00:55:51,200

all we can do is go back and sample

1523

00:55:55,030 --> 00:55:52,960

gametes from the past before we screwed

1524

00:55:56,870 --> 00:55:55,040

things up

1525

00:55:58,630 --> 00:55:56,880

and there are parents that will do that

1526

00:56:00,630 --> 00:55:58,640

they will try to

1527

00:56:02,789 --> 00:56:00,640

uh genetically engineer their child to

1528

00:56:04,710 --> 00:56:02,799

be perfect and be the most successful

1529

00:56:06,710 --> 00:56:04,720

child on the planet as opposed to just

1530

00:56:08,870 --> 00:56:06,720

imbuing them with their values and

1531

00:56:11,270 --> 00:56:08,880

letting nature take its course

1532

00:56:13,910 --> 00:56:11,280

yeah i wouldn't be surprised and right

1533

00:56:15,589 --> 00:56:13,920

now it's illegal but it who knows what

1534

00:56:17,109 --> 00:56:15,599

the future holds and there's always

1535

00:56:19,589 --> 00:56:17,119

going to be rogue scientists like that

1536

00:56:21,990 --> 00:56:19,599

dude in china that just do it anyway

1537

00:56:24,549 --> 00:56:22,000

and oh i know like i was you know what i

1538

00:56:26,470 --> 00:56:24,559

was thinking of rob i was thinking of uh

1539

00:56:28,069 --> 00:56:26,480

david hansen enhancing robotics but

1540

00:56:31,990 --> 00:56:28,079

that's a whole nother that's a whole

1541

00:56:34,069 --> 00:56:32,000

nother matter to get into um but i um i

1542

00:56:36,390 --> 00:56:34,079

was gonna mention to you about

1543

00:56:39,589 --> 00:56:36,400

consciousness we we we were speaking

1544

00:56:41,589 --> 00:56:39,599

about that and in our community

1545

00:56:43,990 --> 00:56:41,599

there are a lot of people who talk about

1546

00:56:46,390 --> 00:56:44,000

developing consciousness anjali who by

1547

00:56:48,150 --> 00:56:46,400

the way uh asserts that those and not

1548

00:56:50,230 --> 00:56:48,160

only her but other experiencers have

1549

00:56:52,069 --> 00:56:50,240

said those smaller grays are not

1550

00:56:54,630 --> 00:56:52,079

sentient like the taller ones so i don't

1551  
00:56:56,470 --> 00:56:54,640  
know if you've heard that yeah i have um

1552  
00:56:58,150 --> 00:56:56,480  
and and i kind of misspoke i caught

1553  
00:57:00,470 --> 00:56:58,160  
myself as i was saying it but it almost

1554  
00:57:02,470 --> 00:57:00,480  
seems like the taller ones are the more

1555  
00:57:04,630 --> 00:57:02,480  
evolved kind of leaders of the whole

1556  
00:57:06,150 --> 00:57:04,640  
operation and and some have even argued

1557  
00:57:08,390 --> 00:57:06,160  
that the smaller ones seem to have

1558  
00:57:09,589 --> 00:57:08,400  
robotic characteristics it could be ai

1559  
00:57:11,750 --> 00:57:09,599  
as well

1560  
00:57:14,390 --> 00:57:11,760  
the ones who picked up calvin parker and

1561  
00:57:16,549 --> 00:57:14,400  
charles six and were definitely ai

1562  
00:57:18,630 --> 00:57:16,559  
there's no doubt about that but the not

1563  
00:57:20,549 --> 00:57:18,640

all of the small grays

1564

00:57:22,710 --> 00:57:20,559

are described that way

1565

00:57:24,069 --> 00:57:22,720

but it is sometimes mentioned and you

1566

00:57:25,510 --> 00:57:24,079

know if we're gonna make robots we're

1567

00:57:26,789 --> 00:57:25,520

already doing it we're to make them in

1568

00:57:27,750 --> 00:57:26,799

our image

1569

00:57:29,589 --> 00:57:27,760

so

1570

00:57:30,950 --> 00:57:29,599

the fact that they still look like us a

1571

00:57:31,829 --> 00:57:30,960

little bit well they think you make them

1572

00:57:33,430 --> 00:57:31,839

bigger

1573

00:57:34,950 --> 00:57:33,440

if they're they're doing all of the

1574

00:57:36,549 --> 00:57:34,960

abducting and stuff that's one of the

1575

00:57:39,510 --> 00:57:36,559

things that makes me think that they're

1576

00:57:41,510 --> 00:57:39,520

not robots is they're they're they're i

1577

00:57:44,150 --> 00:57:41,520

i don't know i i'd expect like the rock

1578

00:57:47,270 --> 00:57:44,160

or hulk hogan or something to come out

1579

00:57:50,150 --> 00:57:47,280

you know with glow and red eyes

1580

00:57:52,789 --> 00:57:50,160

well david hansen's enhancing robotics

1581

00:57:55,990 --> 00:57:52,799

humanoid robots are scary looking but

1582

00:57:57,589 --> 00:57:56,000

good but i don't know they should be

1583

00:57:58,789 --> 00:57:57,599

i don't want to i don't want to go there

1584

00:58:00,710 --> 00:57:58,799

right now but

1585

00:58:03,030 --> 00:58:00,720

the the area of consciousness i was

1586

00:58:04,309 --> 00:58:03,040

wanting to go with you is

1587

00:58:06,230 --> 00:58:04,319

a lot of people in our community are

1588

00:58:08,950 --> 00:58:06,240

trying to develop their consciousness to

1589

00:58:11,829 --> 00:58:08,960

connect do you think that that that your

1590

00:58:15,270 --> 00:58:11,839

consciousness can be developed to a

1591

00:58:18,069 --> 00:58:15,280

point where you can be on plane with

1592

00:58:20,150 --> 00:58:18,079

these more advanced intelligences do you

1593

00:58:22,390 --> 00:58:20,160

think it's something you can develop or

1594

00:58:23,510 --> 00:58:22,400

it's just you have and that's what you

1595

00:58:25,990 --> 00:58:23,520

have

1596

00:58:29,190 --> 00:58:26,000

uh the human brain is extremely

1597

00:58:31,750 --> 00:58:29,200

malleable i think you can absolutely

1598

00:58:33,670 --> 00:58:31,760

train your brain to do anything uh

1599

00:58:35,430 --> 00:58:33,680

numerous studies i collaborate

1600

00:58:36,950 --> 00:58:35,440

collaborated with the laboratory of

1601  
00:58:39,750 --> 00:58:36,960  
neuroimaging

1602  
00:58:42,069 --> 00:58:39,760  
at ucla medical school for a while

1603  
00:58:43,750 --> 00:58:42,079  
um i think they're at usc now but there

1604  
00:58:46,309 --> 00:58:43,760  
there was so much research coming out of

1605  
00:58:47,829 --> 00:58:46,319  
there showing how taxi drivers musicians

1606  
00:58:49,430 --> 00:58:47,839  
all of these people that use a very

1607  
00:58:50,390 --> 00:58:49,440  
specific part of their brain they saw it

1608  
00:58:53,190 --> 00:58:50,400  
grow

1609  
00:58:55,829 --> 00:58:53,200  
in these functional mris and regular mri

1610  
00:58:57,670 --> 00:58:55,839  
so the brain is definitely adaptable

1611  
00:58:59,990 --> 00:58:57,680  
i i think though there is a disconnect

1612  
00:59:02,870 --> 00:59:00,000  
between the brain and the mind i think

1613  
00:59:04,630 --> 00:59:02,880

some people innately have a strong mind

1614

00:59:06,789 --> 00:59:04,640

but i definitely think you can develop

1615

00:59:08,870 --> 00:59:06,799

that too um

1616

00:59:12,069 --> 00:59:08,880

uh it's funny because i get asked about

1617

00:59:14,870 --> 00:59:12,079

consciousness a lot i i study

1618

00:59:17,670 --> 00:59:14,880

uh biological things mostly dead things

1619

00:59:19,589 --> 00:59:17,680

um especially fossils but the ufo

1620

00:59:21,589 --> 00:59:19,599

phenomenon takes you into all of these

1621

00:59:23,510 --> 00:59:21,599

realms where you also have to consider

1622

00:59:25,510 --> 00:59:23,520

this and that and everything else and

1623

00:59:27,109 --> 00:59:25,520

consciousness is definitely one of those

1624

00:59:29,829 --> 00:59:27,119

things because

1625

00:59:31,910 --> 00:59:29,839

there does seem to be some sort of uh

1626  
00:59:34,789 --> 00:59:31,920  
like what about dmt for instance the

1627  
00:59:37,109 --> 00:59:34,799  
little beans the elf type beans that

1628  
00:59:38,870 --> 00:59:37,119  
people see so commonly during their dmt

1629  
00:59:40,789 --> 00:59:38,880  
experiences is that part of this

1630  
00:59:43,030 --> 00:59:40,799  
phenomenon sometimes they describe

1631  
00:59:45,430 --> 00:59:43,040  
things that could maybe be considered

1632  
00:59:46,710 --> 00:59:45,440  
similar not that that explains all of it

1633  
00:59:49,430 --> 00:59:46,720  
of course because most of these

1634  
00:59:51,109 --> 00:59:49,440  
experiences have never even touched dmt

1635  
00:59:53,349 --> 00:59:51,119  
or heard of it probably

1636  
00:59:55,510 --> 00:59:53,359  
um but i don't know what what is the

1637  
00:59:57,109 --> 00:59:55,520  
overlap there if there even is any i

1638  
00:59:58,870 --> 00:59:57,119

would love to explore that more because

1639

01:00:01,510 --> 00:59:58,880

i think it's something we we should

1640

01:00:03,670 --> 01:00:01,520

definitely be looking into as well

1641

01:00:06,069 --> 01:00:03,680

yeah we had a guest come on that

1642

01:00:07,670 --> 01:00:06,079

basically uh asserted to us that

1643

01:00:11,430 --> 01:00:07,680

everything is consciousness it's all

1644

01:00:13,829 --> 01:00:11,440

consciousness and i say well

1645

01:00:16,950 --> 01:00:13,839

and i will say that consciousness didn't

1646

01:00:18,549 --> 01:00:16,960

jam the f a 18's radar so no that's the

1647

01:00:20,789 --> 01:00:18,559

thing i know and when people get off

1648

01:00:22,630 --> 01:00:20,799

john keel and they're like no i mean

1649

01:00:25,190 --> 01:00:22,640

it's all an illusion it's not all an

1650

01:00:27,190 --> 01:00:25,200

illusion right yes some aspect of it is

1651

01:00:28,230 --> 01:00:27,200

very much physical

1652

01:00:30,789 --> 01:00:28,240

yeah

1653

01:00:32,549 --> 01:00:30,799

but also but also not physical you know

1654

01:00:35,589 --> 01:00:32,559

we can't just discount that because that

1655

01:00:38,069 --> 01:00:35,599

is a part of this but this is a thing

1656

01:00:39,990 --> 01:00:38,079

that the radiation poisoning people get

1657

01:00:41,349 --> 01:00:40,000

the anal probes people get

1658

01:00:43,109 --> 01:00:41,359

try to tell somebody that got something

1659

01:00:45,750 --> 01:00:43,119

stuck up their butt that this isn't a

1660

01:00:47,030 --> 01:00:45,760

physical thing consciousness man you

1661

01:00:49,510 --> 01:00:47,040

were not

1662

01:00:51,270 --> 01:00:49,520

the consciousness probe how does that

1663

01:00:53,109 --> 01:00:51,280

make sense somebody stuck thoughts up

1664

01:00:54,950 --> 01:00:53,119

your ass like no it's

1665

01:00:57,430 --> 01:00:54,960

this this happened to them this is a

1666

01:00:59,589 --> 01:00:57,440

real physical thing

1667

01:01:01,190 --> 01:00:59,599

we need to acknowledge that we we also

1668

01:01:03,349 --> 01:01:01,200

need to not acknowledge the the

1669

01:01:05,910 --> 01:01:03,359

consciousness aspect and the weirdness

1670

01:01:07,510 --> 01:01:05,920

of of these things and

1671

01:01:09,829 --> 01:01:07,520

i don't know it all needs to be on the

1672

01:01:12,390 --> 01:01:09,839

table it needs to be

1673

01:01:14,150 --> 01:01:12,400

i totally agree i i love that

1674

01:01:15,670 --> 01:01:14,160

you know in interacting with all these

1675

01:01:17,829 --> 01:01:15,680

people that you see on the screen with

1676

01:01:19,750 --> 01:01:17,839

you here and others that we've had on

1677

01:01:21,910 --> 01:01:19,760

you know my knowledge of consciousness

1678

01:01:26,309 --> 01:01:21,920

and and the hypotheses that have entered

1679

01:01:28,150 --> 01:01:26,319

my mind including yours uh has broadened

1680

01:01:30,630 --> 01:01:28,160

what i thought i knew

1681

01:01:33,030 --> 01:01:30,640

about ufology so you know we're all

1682

01:01:36,230 --> 01:01:33,040

learning uh but let me pass it over to

1683

01:01:38,069 --> 01:01:36,240

my home girl steph

1684

01:01:39,109 --> 01:01:38,079

thank you and actually perfect segway

1685

01:01:41,990 --> 01:01:39,119

because

1686

01:01:45,190 --> 01:01:42,000

i am noticing a trend from uap

1687

01:01:47,990 --> 01:01:45,200

experiencers that soon after

1688

01:01:50,789 --> 01:01:48,000

they experience they have

1689

01:01:54,309 --> 01:01:50,799

witnessed paranormal and a quick example

1690

01:01:57,029 --> 01:01:54,319

would be my brother-in-law he witnessed

1691

01:02:00,230 --> 01:01:57,039

a green glowing orb

1692

01:02:02,230 --> 01:02:00,240

flying down a dirt road in iowa around

1693

01:02:04,630 --> 01:02:02,240

near some farmland

1694

01:02:05,990 --> 01:02:04,640

didn't kick up any dirt

1695

01:02:07,510 --> 01:02:06,000

which leads me to believe there's some

1696

01:02:09,829 --> 01:02:07,520

electromagnetic

1697

01:02:11,349 --> 01:02:09,839

something hovering to where it actually

1698

01:02:13,190 --> 01:02:11,359

didn't kick up any dirt and i thought

1699

01:02:14,630 --> 01:02:13,200

that that was a very important detail

1700

01:02:16,549 --> 01:02:14,640

that he had mentioned

1701

01:02:17,910 --> 01:02:16,559

he didn't think anything of it but as

1702

01:02:20,950 --> 01:02:17,920

i'm collecting dead i'm going okay

1703

01:02:23,109 --> 01:02:20,960

that's a very important detail now

1704

01:02:25,109 --> 01:02:23,119

the thing flew through

1705

01:02:27,109 --> 01:02:25,119

disappeared him and his brother both

1706

01:02:29,270 --> 01:02:27,119

side okay

1707

01:02:31,270 --> 01:02:29,280

i i believe what he was telling me was

1708

01:02:33,349 --> 01:02:31,280

the truth you know he wasn't on any

1709

01:02:36,390 --> 01:02:33,359

mind-altering drugs or anything such as

1710

01:02:37,829 --> 01:02:36,400

that and soon after that

1711

01:02:41,190 --> 01:02:37,839

he said

1712

01:02:43,430 --> 01:02:41,200

i saw an image of my grandfather who had

1713

01:02:45,990 --> 01:02:43,440

just recently passed in that same

1714

01:02:46,829 --> 01:02:46,000

location

1715

01:02:49,349 --> 01:02:46,839

yeah

1716

01:02:51,270 --> 01:02:49,359

exactly and again he didn't think

1717

01:02:53,430 --> 01:02:51,280

anything of it but as i'm collecting

1718

01:02:56,069 --> 01:02:53,440

data from these experiencers i'm

1719

01:02:59,109 --> 01:02:56,079

noticing this trend that people are

1720

01:03:00,789 --> 01:02:59,119

connecting this paranormal after

1721

01:03:03,270 --> 01:03:00,799

witnessing uap

1722

01:03:06,230 --> 01:03:03,280

yeah my sister had a similar situation

1723

01:03:08,390 --> 01:03:06,240

but she heard our deceased uncle call

1724

01:03:10,630 --> 01:03:08,400

her name and she was just a young girl

1725

01:03:12,630 --> 01:03:10,640

and she doesn't believe she's she's not

1726

01:03:14,309 --> 01:03:12,640

like one of us where we're you know

1727

01:03:17,589 --> 01:03:14,319

we're in deep with all this stuff it's

1728

01:03:20,150 --> 01:03:17,599

just a matter of fact this happened

1729

01:03:21,510 --> 01:03:20,160

so i find that very interesting

1730

01:03:23,190 --> 01:03:21,520

yeah i don't know i don't remember what

1731

01:03:25,109 --> 01:03:23,200

they call them like hitchhikers or

1732

01:03:27,510 --> 01:03:25,119

hijackers or something but people that

1733

01:03:29,510 --> 01:03:27,520

go to skinwalker ranch and other places

1734

01:03:32,230 --> 01:03:29,520

where a lot of these anomalies happen

1735

01:03:34,309 --> 01:03:32,240

claim to bring that back with them

1736

01:03:36,150 --> 01:03:34,319

where it and you know

1737

01:03:37,910 --> 01:03:36,160

whether it opened a part of their brain

1738

01:03:40,309 --> 01:03:37,920

or they see things they didn't see

1739

01:03:41,829 --> 01:03:40,319

before or their it does actually follow

1740

01:03:44,309 --> 01:03:41,839

people i don't know but

1741

01:03:46,630 --> 01:03:44,319

uh yeah the orb thing is interesting

1742

01:03:48,549 --> 01:03:46,640

i've i've yet to talk about that in any

1743

01:03:50,069 --> 01:03:48,559

of my writings but i definitely follow

1744

01:03:52,789 --> 01:03:50,079

it and i think it's the ones with the

1745

01:03:55,910 --> 01:03:52,799

cameras i mean those are just dust in

1746

01:03:57,829 --> 01:03:55,920

your lens but the ones where people

1747

01:04:00,390 --> 01:03:57,839

see this thing that moves in different

1748

01:04:02,470 --> 01:04:00,400

ways uh ryan sprague actually talked

1749

01:04:04,630 --> 01:04:02,480

about this in the beginning of his book

1750

01:04:06,710 --> 01:04:04,640

uh quite a bit because what you just

1751

01:04:08,710 --> 01:04:06,720

described is described by all of these

1752

01:04:11,349 --> 01:04:08,720

same people in almost the exact same

1753

01:04:13,829 --> 01:04:11,359

terms and then yeah associated with that

1754

01:04:17,029 --> 01:04:13,839

is oftentimes telepathic communication

1755

01:04:19,349 --> 01:04:17,039

or some sort of energy exchange or

1756

01:04:21,670 --> 01:04:19,359

yeah moving in and out of time in

1757

01:04:23,510 --> 01:04:21,680

different ways so it's it's an extremely

1758

01:04:25,349 --> 01:04:23,520

common thing and and likely has

1759

01:04:27,349 --> 01:04:25,359

something to do with the rest of this i

1760

01:04:29,510 --> 01:04:27,359

don't know how it's connected but

1761

01:04:32,069 --> 01:04:29,520

it seems to be similar at least in some

1762

01:04:34,710 --> 01:04:32,079

ways yeah the the step the static

1763

01:04:37,270 --> 01:04:34,720

electricity also is a very commonality a

1764

01:04:40,789 --> 01:04:37,280

common finding i've experienced it

1765

01:04:42,549 --> 01:04:40,799

myself with the electricity um

1766

01:04:45,029 --> 01:04:42,559

you know

1767

01:04:45,990 --> 01:04:45,039

i've gone through say a deep meditation

1768

01:04:46,870 --> 01:04:46,000

also

1769

01:04:48,230 --> 01:04:46,880

where

1770

01:04:50,710 --> 01:04:48,240

i do have

1771

01:04:52,549 --> 01:04:50,720

my intention where i actually put myself

1772

01:04:55,109 --> 01:04:52,559

into this deep meditation

1773

01:04:57,270 --> 01:04:55,119

and i have felt somewhat of say an aura

1774

01:05:00,309 --> 01:04:57,280

around me you know and i don't know if

1775

01:05:02,390 --> 01:05:00,319

that's like psychosomatic or if that's

1776

01:05:04,789 --> 01:05:02,400

actually a physical thing that's

1777

01:05:06,870 --> 01:05:04,799

occurring i you know i i

1778

01:05:08,549 --> 01:05:06,880

i would like to dig deeper into that too

1779

01:05:10,870 --> 01:05:08,559

but yeah i mean there

1780

01:05:14,390 --> 01:05:10,880

the electricity is a big deal

1781

01:05:17,029 --> 01:05:14,400

i think i think functional mris fmrts

1782

01:05:18,870 --> 01:05:17,039

should be way more used especially with

1783

01:05:21,430 --> 01:05:18,880

experiencers people

1784

01:05:23,910 --> 01:05:21,440

who have who have had like a grandma or

1785

01:05:26,470 --> 01:05:23,920

a parent abducted who

1786

01:05:29,349 --> 01:05:26,480

think they're hybrids who have all kinds

1787

01:05:32,150 --> 01:05:29,359

of extra sensory abilities and and

1788

01:05:34,309 --> 01:05:32,160

precognition and telepathy and

1789

01:05:36,230 --> 01:05:34,319

we should be studying that and it's hard

1790

01:05:38,390 --> 01:05:36,240

obviously it's very expensive to put

1791

01:05:40,069 --> 01:05:38,400

someone in an fmri and you have to have

1792

01:05:42,870 --> 01:05:40,079

a good study design or you're wasting

1793

01:05:44,870 --> 01:05:42,880

your time doing that to see what is

1794

01:05:46,789 --> 01:05:44,880

actually happening in the brains but

1795

01:05:48,390 --> 01:05:46,799

who's gonna pay for that you know maybe

1796

01:05:50,710 --> 01:05:48,400

robert bigelow but you're not gonna get

1797

01:05:52,630 --> 01:05:50,720

the nsf to fund that

1798

01:05:55,270 --> 01:05:52,640

exactly and that's where it becomes you

1799

01:05:57,109 --> 01:05:55,280

know frustrating for people who have had

1800

01:05:58,789 --> 01:05:57,119

these things happen to them they're just

1801

01:06:00,630 --> 01:05:58,799

kind of telling their events well this

1802

01:06:02,150 --> 01:06:00,640

happened to me well you don't you don't

1803

01:06:04,630 --> 01:06:02,160

want it to just be left there on the

1804

01:06:06,950 --> 01:06:04,640

table we need people such as yourself um

1805

01:06:07,670 --> 01:06:06,960

you know that all of the scientists that

1806

01:06:09,990 --> 01:06:07,680

are

1807

01:06:11,029 --> 01:06:10,000

trying to research this further to

1808

01:06:13,910 --> 01:06:11,039

actually

1809

01:06:16,390 --> 01:06:13,920

you know re research the experiencers i

1810

01:06:19,190 --> 01:06:16,400

know you know there's the pilot the

1811

01:06:21,910 --> 01:06:19,200

pilots um i know gosh her name she's

1812

01:06:23,589 --> 01:06:21,920

going to escape alex dietrich thank you

1813

01:06:27,510 --> 01:06:23,599

she was just recently diagnosed with the

1814

01:06:32,870 --> 01:06:30,390

i read that wrong in my audio book yeah

1815

01:06:34,870 --> 01:06:32,880

oh that's okay we can go back that's

1816

01:06:37,349 --> 01:06:34,880

true i can fix that it's audio you can

1817

01:06:39,510 --> 01:06:37,359

overlay it that's true

1818

01:06:42,549 --> 01:06:39,520

but she was just recently diagnosed with

1819

01:06:44,870 --> 01:06:42,559

a low-grade breast cancer and she's just

1820

01:06:46,470 --> 01:06:44,880

saying hey look just so you know this

1821

01:06:49,029 --> 01:06:46,480

happened i don't know if it's a

1822

01:06:51,109 --> 01:06:49,039

connection but fyi

1823

01:06:52,710 --> 01:06:51,119

you know so there's

1824

01:06:53,670 --> 01:06:52,720

there's a lot of things going on with

1825

01:06:55,589 --> 01:06:53,680

this

1826

01:06:59,349 --> 01:06:55,599

yeah

1827

01:07:01,109 --> 01:06:59,359

attention to it and and i think it's i

1828

01:07:03,190 --> 01:07:01,119

think it's inevitable i think it's going

1829

01:07:05,589 --> 01:07:03,200

to happen organically it's slow and it's

1830

01:07:07,510 --> 01:07:05,599

painful and it's frustrating but

1831

01:07:09,430 --> 01:07:07,520

there there's there's certain questions

1832

01:07:10,789 --> 01:07:09,440

that lead to other questions and as we

1833

01:07:13,270 --> 01:07:10,799

answer those

1834

01:07:14,789 --> 01:07:13,280

we start moving down this path and it

1835

01:07:16,950 --> 01:07:14,799

doesn't you know you don't have to have

1836

01:07:19,430 --> 01:07:16,960

precognition to see that it seems like

1837

01:07:22,069 --> 01:07:19,440

an obvious trajectory and and i feel

1838

01:07:24,230 --> 01:07:22,079

like just over the last four or five

1839

01:07:26,789 --> 01:07:24,240

years even we've we've been moving down

1840

01:07:28,390 --> 01:07:26,799

this path i think we'll eventually get

1841

01:07:30,470 --> 01:07:28,400

to

1842

01:07:32,710 --> 01:07:30,480

hopefully the the experiencers the

1843

01:07:35,430 --> 01:07:32,720

people who who have the

1844

01:07:37,589 --> 01:07:35,440

the deepest knowledge uh something it's

1845

01:07:39,910 --> 01:07:37,599

i think it's also harder to convey and

1846

01:07:42,549 --> 01:07:39,920

it's easier for people to dismiss

1847

01:07:45,029 --> 01:07:42,559

outright that knee-jerk reaction with

1848

01:07:47,750 --> 01:07:45,039

ufos even people still have that it's

1849

01:07:49,750 --> 01:07:47,760

like actually we've kind of established

1850

01:07:51,750 --> 01:07:49,760

in the global zeitgeist that this is

1851  
01:07:54,710 --> 01:07:51,760  
real but then

1852  
01:07:54,720 --> 01:07:59,750  
all right

1853  
01:08:03,190 --> 01:08:01,349  
i'm chunking over here

1854  
01:08:05,670 --> 01:08:03,200  
yeah it's really cool

1855  
01:08:07,990 --> 01:08:05,680  
it felt like they froze you because they

1856  
01:08:10,470 --> 01:08:08,000  
didn't want you to to get out whatever

1857  
01:08:12,470 --> 01:08:10,480  
that that was so they do that a lot yeah

1858  
01:08:15,109 --> 01:08:12,480  
hey guys let me tell you man dr masters

1859  
01:08:17,030 --> 01:08:15,119  
is here to educate and regulate so just

1860  
01:08:18,789 --> 01:08:17,040  
hold up up there we're jamming your

1861  
01:08:21,510 --> 01:08:18,799  
radar right now

1862  
01:08:23,510 --> 01:08:21,520  
all right um allison

1863  
01:08:26,550 --> 01:08:23,520

thank you i feel like this is a good

1864

01:08:28,390 --> 01:08:26,560

segue to my question given that you two

1865

01:08:31,829 --> 01:08:28,400

just remarked that there is a lack of

1866

01:08:34,470 --> 01:08:31,839

diagnostic testing on individuals

1867

01:08:37,349 --> 01:08:34,480

um who are giving you their testimonials

1868

01:08:38,709 --> 01:08:37,359

and since you come from a peer-reviewed

1869

01:08:41,349 --> 01:08:38,719

background

1870

01:08:42,550 --> 01:08:41,359

do you have any type of criteria as to

1871

01:08:44,789 --> 01:08:42,560

what

1872

01:08:47,349 --> 01:08:44,799

testimonials make it into your your

1873

01:08:48,470 --> 01:08:47,359

published work and research and

1874

01:08:49,990 --> 01:08:48,480

if not

1875

01:08:53,269 --> 01:08:50,000

you know

1876

01:08:56,309 --> 01:08:53,279

what is your perspective on that

1877

01:08:58,309 --> 01:08:56,319

it yeah it's i'm still on right

1878

01:08:59,990 --> 01:08:58,319

yeah just yeah junk dinner oh okay i

1879

01:09:01,349 --> 01:09:00,000

don't know if i was still

1880

01:09:04,229 --> 01:09:01,359

still

1881

01:09:07,430 --> 01:09:04,239

here or not um yeah that's it's so hard

1882

01:09:10,070 --> 01:09:07,440

you know and it comes back to this idea

1883

01:09:12,550 --> 01:09:10,080

of what we can consider evidence

1884

01:09:14,789 --> 01:09:12,560

and and obviously you know

1885

01:09:17,669 --> 01:09:14,799

what we're talking about isn't strict

1886

01:09:19,910 --> 01:09:17,679

scientific evidence but it still

1887

01:09:21,829 --> 01:09:19,920

would be admitted in a court of law it's

1888

01:09:25,030 --> 01:09:21,839

eyewitness testimony

1889

01:09:27,590 --> 01:09:25,040

it's observational data um

1890

01:09:29,749 --> 01:09:27,600

we ideally we would have the same

1891

01:09:31,590 --> 01:09:29,759

observer the same researcher going and

1892

01:09:33,189 --> 01:09:31,600

watching all of these abductions happen

1893

01:09:35,590 --> 01:09:33,199

and seeing what what takes place that

1894

01:09:38,070 --> 01:09:35,600

would be sort of an ethnographic

1895

01:09:39,829 --> 01:09:38,080

analysis we don't have that so we get

1896

01:09:41,430 --> 01:09:39,839

different reports from different people

1897

01:09:44,070 --> 01:09:41,440

who experience it differently and we

1898

01:09:46,550 --> 01:09:44,080

have to account for that in assessing

1899

01:09:49,269 --> 01:09:46,560

uh the merits of these accounts and how

1900

01:09:53,110 --> 01:09:49,279

we can really

1901

01:09:54,709 --> 01:09:53,120

identify any sort of uh

1902

01:09:57,430 --> 01:09:54,719

i don't know it's it's it's a weird

1903

01:10:00,070 --> 01:09:57,440

aspect of observational studies that

1904

01:10:01,350 --> 01:10:00,080

that i struggle with

1905

01:10:03,669 --> 01:10:01,360

but

1906

01:10:06,790 --> 01:10:03,679

i think we just need to re reframe the

1907

01:10:09,669 --> 01:10:06,800

way we look at it we we can't just apply

1908

01:10:12,229 --> 01:10:09,679

our standards of evidence to this

1909

01:10:14,070 --> 01:10:12,239

phenomenon it just doesn't work

1910

01:10:15,270 --> 01:10:14,080

does that mean we should ignore it no

1911

01:10:17,910 --> 01:10:15,280

does that mean we should discount

1912

01:10:20,070 --> 01:10:17,920

everything people say absolutely not but

1913

01:10:21,830 --> 01:10:20,080

we need to reassess how

1914

01:10:24,070 --> 01:10:21,840

we think about

1915

01:10:27,189 --> 01:10:24,080

evidence in the context of this

1916

01:10:29,990 --> 01:10:27,199

extremely mysterious but real thing

1917

01:10:32,870 --> 01:10:30,000

so so i think we're sort of at this kind

1918

01:10:35,350 --> 01:10:32,880

of there's this disconnect which

1919

01:10:37,830 --> 01:10:35,360

exists innately with trying to

1920

01:10:39,270 --> 01:10:37,840

understand something so complex and

1921

01:10:42,070 --> 01:10:39,280

mysterious

1922

01:10:44,630 --> 01:10:42,080

with the structure that we've laid

1923

01:10:47,110 --> 01:10:44,640

in place for the scientific method and

1924

01:10:49,430 --> 01:10:47,120

for scientific inquiry um i think

1925

01:10:52,470 --> 01:10:49,440

there's definitely ways to do it but

1926

01:10:54,550 --> 01:10:52,480

it's hard um to answer your questions

1927

01:10:57,430 --> 01:10:54,560

specifically

1928

01:10:59,430 --> 01:10:57,440

i i mostly look at a lot of the jail and

1929

01:11:02,149 --> 01:10:59,440

heineken stuff honestly like what what

1930

01:11:04,630 --> 01:11:02,159

he used to assess the the

1931

01:11:07,189 --> 01:11:04,640

the reliability of the witness the

1932

01:11:09,430 --> 01:11:07,199

strangeness of the encounter

1933

01:11:11,030 --> 01:11:09,440

but it's tricky too because if you look

1934

01:11:13,910 --> 01:11:11,040

at how much it conforms to other

1935

01:11:16,870 --> 01:11:13,920

accounts that's also imposing

1936

01:11:18,390 --> 01:11:16,880

some sort of standard on it that may

1937

01:11:20,149 --> 01:11:18,400

not let you look at other things that

1938

01:11:22,149 --> 01:11:20,159

should be considered so that's what i

1939

01:11:24,310 --> 01:11:22,159

mean when we're at this

1940

01:11:26,709 --> 01:11:24,320

this place with with how we consider

1941

01:11:28,630 --> 01:11:26,719

evidence is if it doesn't conform is it

1942

01:11:29,990 --> 01:11:28,640

an outlier did it not happen are they

1943

01:11:31,830 --> 01:11:30,000

lying or

1944

01:11:33,590 --> 01:11:31,840

is it just a real thing that we don't

1945

01:11:35,590 --> 01:11:33,600

have a way of understanding yet for

1946

01:11:37,590 --> 01:11:35,600

various reasons so

1947

01:11:39,350 --> 01:11:37,600

i i feel like i've talked around that

1948

01:11:41,030 --> 01:11:39,360

question for five minutes without

1949

01:11:41,990 --> 01:11:41,040

actually answering it but i just don't

1950

01:11:47,430 --> 01:11:42,000

think

1951

01:11:49,669 --> 01:11:47,440

we're all trying to figure that out

1952

01:11:52,630 --> 01:11:49,679

well for me to take away from your

1953

01:11:54,310 --> 01:11:52,640

answer that i really appreciate is it it

1954

01:11:55,510 --> 01:11:54,320

does come about all in how we're

1955

01:11:57,270 --> 01:11:55,520

couching

1956

01:11:58,950 --> 01:11:57,280

um the terms

1957

01:12:01,110 --> 01:11:58,960

as to whether we're referring to it as

1958

01:12:03,750 --> 01:12:01,120

strict evidence or not and i think it's

1959

01:12:05,830 --> 01:12:03,760

important for in conversation making a

1960

01:12:07,990 --> 01:12:05,840

distinction of when we can be certain

1961

01:12:10,070 --> 01:12:08,000

about something and when we just have to

1962

01:12:12,149 --> 01:12:10,080

kind of put our hands up and and just

1963

01:12:14,870 --> 01:12:12,159

simmer in the uncertainty and not worry

1964

01:12:16,630 --> 01:12:14,880

about finding what is the truth yeah oh

1965

01:12:18,390 --> 01:12:16,640

i like that simmer and the uncertainty

1966

01:12:20,830 --> 01:12:18,400

yeah give it up give it up for our

1967

01:12:24,070 --> 01:12:20,840

college professors baby

1968

01:12:25,430 --> 01:12:24,080

yeah and and i think that's that's kind

1969

01:12:28,070 --> 01:12:25,440

of where we're at and that that was a

1970

01:12:29,990 --> 01:12:28,080

big part of of jeff jeff crapple's

1971

01:12:32,070 --> 01:12:30,000

conference in houston too is trying to

1972

01:12:34,550 --> 01:12:32,080

find it he opened it with if if you're

1973

01:12:36,790 --> 01:12:34,560

not confused you're not paying attention

1974

01:12:38,950 --> 01:12:36,800

and that's so true with all of this

1975

01:12:41,350 --> 01:12:38,960

there's just no way

1976

01:12:43,030 --> 01:12:41,360

there's no way to know

1977

01:12:45,189 --> 01:12:43,040

we i i think

1978

01:12:48,070 --> 01:12:45,199

i think it's important to sizzle and

1979

01:12:50,790 --> 01:12:48,080

uncertainty to some extent but also to

1980

01:12:52,630 --> 01:12:50,800

try to still find some way of

1981

01:12:55,590 --> 01:12:52,640

understanding and it's

1982

01:12:57,030 --> 01:12:55,600

it's a fuzzy line but i i think you know

1983

01:12:58,870 --> 01:12:57,040

going back to

1984

01:13:01,030 --> 01:12:58,880

what we were talking about earlier with

1985

01:13:02,229 --> 01:13:01,040

with steph the more we talk about this

1986

01:13:05,110 --> 01:13:02,239

the more

1987

01:13:07,270 --> 01:13:05,120

we could maybe start to direct what what

1988

01:13:08,790 --> 01:13:07,280

makes sense and what doesn't but i i

1989

01:13:09,990 --> 01:13:08,800

don't know i think it's going to take

1990

01:13:11,350 --> 01:13:10,000

time

1991

01:13:13,830 --> 01:13:11,360

you know what i think what we've learned

1992

01:13:15,910 --> 01:13:13,840

from allison she's not using an instapot

1993

01:13:17,669 --> 01:13:15,920

she used the word simmer i don't think

1994

01:13:20,470 --> 01:13:17,679

she's coming home throwing a whole bunch

1995

01:13:22,149 --> 01:13:20,480

of ingredients in i don't have one

1996

01:13:25,590 --> 01:13:22,159

am i right allison are you using instant

1997

01:13:27,110 --> 01:13:25,600

powder correct see that okay

1998

01:13:29,590 --> 01:13:27,120

i've been wanting to get one for three

1999

01:13:30,950 --> 01:13:29,600

years they're very affordable at this

2000

01:13:32,790 --> 01:13:30,960

point i just still haven't pulled the

2001

01:13:34,790 --> 01:13:32,800

trigger i don't know why i have the

2002

01:13:35,990 --> 01:13:34,800

ninja and i love it i got a fricative

2003

01:13:36,950 --> 01:13:36,000

last christmas

2004

01:13:37,910 --> 01:13:36,960

uh

2005

01:13:39,830 --> 01:13:37,920

anyway

2006

01:13:42,390 --> 01:13:39,840

let's pass it over to money nathan

2007

01:13:44,470 --> 01:13:42,400

before i get to my lou elizondo question

2008

01:13:45,830 --> 01:13:44,480

uh or if nathan wants to pose in if he's

2009

01:13:47,910 --> 01:13:45,840

got something else what whatever the

2010

01:13:49,110 --> 01:13:47,920

case may be i'll let you take that one

2011

01:13:51,350 --> 01:13:49,120

uh i think

2012

01:13:54,550 --> 01:13:51,360

you know the last segment there i mean

2013

01:13:55,590 --> 01:13:54,560

this does very much hit our epistemology

2014

01:13:57,830 --> 01:13:55,600

right like

2015

01:13:58,709 --> 01:13:57,840

what we can know how we know

2016

01:14:00,870 --> 01:13:58,719

uh

2017

01:14:03,110 --> 01:14:00,880

which which also applies to mathematics

2018

01:14:04,470 --> 01:14:03,120

and physics too it's not just the ufo

2019

01:14:06,470 --> 01:14:04,480

question

2020

01:14:08,550 --> 01:14:06,480

yeah and it seems that we're actually

2021

01:14:10,709 --> 01:14:08,560

like in so many of our disciplines now

2022

01:14:13,350 --> 01:14:10,719

we're converging at this

2023

01:14:15,110 --> 01:14:13,360

conclusion that the

2024

01:14:17,510 --> 01:14:15,120

things that science has

2025

01:14:18,950 --> 01:14:17,520

has provided to us have been amazing and

2026

01:14:20,709 --> 01:14:18,960

great and allow us to advance our

2027

01:14:22,390 --> 01:14:20,719

knowledge but at the same time

2028

01:14:24,470 --> 01:14:22,400

we're all kind of arriving at this place

2029

01:14:26,229 --> 01:14:24,480

where it's like well how much can we

2030

01:14:27,510 --> 01:14:26,239

know like what what are the limits of

2031

01:14:29,830 --> 01:14:27,520

our knowledge

2032

01:14:31,510 --> 01:14:29,840

and i think just as you are you know

2033

01:14:33,590 --> 01:14:31,520

articulated we're

2034

01:14:36,870 --> 01:14:33,600

we're struggling with how to

2035

01:14:39,750 --> 01:14:36,880

kind of bring back into the uh equation

2036

01:14:41,590 --> 01:14:39,760

human experience you know the laboratory

2037

01:14:43,669 --> 01:14:41,600

of of of the world

2038

01:14:45,669 --> 01:14:43,679

that we all you know kind of occupy

2039

01:14:48,149 --> 01:14:45,679

every day you know it doesn't conform to

2040

01:14:49,910 --> 01:14:48,159

the rules of an actual laboratory

2041

01:14:51,830 --> 01:14:49,920

and and we've we've gotten to a place

2042

01:14:54,229 --> 01:14:51,840

where we've kind of said well because we

2043

01:14:56,070 --> 01:14:54,239

can't put that in a laboratory it's not

2044

01:14:58,229 --> 01:14:56,080

actually real the only things that are

2045

01:15:00,390 --> 01:14:58,239

real are the things that we can put in

2046

01:15:01,270 --> 01:15:00,400

under an electron microscope or that we

2047

01:15:02,470 --> 01:15:01,280

can

2048

01:15:04,790 --> 01:15:02,480

and i have to deal with that all the

2049

01:15:06,550 --> 01:15:04,800

time as anthropologists we mostly do

2050

01:15:08,550 --> 01:15:06,560

observational research because you can't

2051

01:15:10,870 --> 01:15:08,560

experiment on humans

2052

01:15:13,430 --> 01:15:10,880

right so we we we are uniquely

2053

01:15:15,110 --> 01:15:13,440

positioned to understand that struggle i

2054

01:15:16,709 --> 01:15:15,120

just want to interject that no i think

2055

01:15:17,590 --> 01:15:16,719

that's great and and i was going to ask

2056

01:15:21,510 --> 01:15:17,600

you

2057

01:15:23,030 --> 01:15:21,520

rice university archives of the

2058

01:15:24,950 --> 01:15:23,040

impossible i remember you tweeted that

2059

01:15:26,070 --> 01:15:24,960

you something i'll paraphrase on the

2060

01:15:28,709 --> 01:15:26,080

effect that you were witnessing

2061

01:15:30,310 --> 01:15:28,719

something historic take place yeah it

2062

01:15:31,590 --> 01:15:30,320

felt like it for sure you know what is

2063

01:15:34,310 --> 01:15:31,600

your takeaway there do you think that

2064

01:15:35,990 --> 01:15:34,320

academia is really kind of now starting

2065

01:15:38,310 --> 01:15:36,000

to take this a lot more seriously are

2066

01:15:39,830 --> 01:15:38,320

you getting uh more connected with other

2067

01:15:41,510 --> 01:15:39,840

colleagues and other disciplines that

2068

01:15:42,950 --> 01:15:41,520

are really taking this seriously and

2069

01:15:45,669 --> 01:15:42,960

interested in it

2070

01:15:47,270 --> 01:15:45,679

yeah that's a great question um

2071

01:15:50,870 --> 01:15:47,280

it's

2072

01:15:53,189 --> 01:15:50,880

everybody i guess that there's the

2073

01:15:54,709 --> 01:15:53,199

knee-jerk reactioners we need to start

2074

01:15:56,630 --> 01:15:54,719

coming up with names for these people

2075

01:15:59,189 --> 01:15:56,640

because there are categories there's the

2076

01:16:01,350 --> 01:15:59,199

knee-jerk reactioners there's the just

2077

01:16:03,030 --> 01:16:01,360

innately closed-minded people who have

2078

01:16:05,189 --> 01:16:03,040

no interest in opening their minds at

2079

01:16:07,590 --> 01:16:05,199

all there's ones that are sort of

2080

01:16:09,270 --> 01:16:07,600

pericurious and and they want to kind of

2081

01:16:11,030 --> 01:16:09,280

figure stuff out but they don't know

2082

01:16:12,390 --> 01:16:11,040

where to start so it's overwhelming so

2083

01:16:13,350 --> 01:16:12,400

they just don't

2084

01:16:16,390 --> 01:16:13,360

um

2085

01:16:18,229 --> 01:16:16,400

so within academia you do fortunately

2086

01:16:19,590 --> 01:16:18,239

have a lot of people who are innately

2087

01:16:21,350 --> 01:16:19,600

curious

2088

01:16:23,910 --> 01:16:21,360

which i think is one of the reasons why

2089

01:16:26,550 --> 01:16:23,920

the reception has been overwhelmingly

2090

01:16:28,390 --> 01:16:26,560

positive you also still have very

2091

01:16:31,430 --> 01:16:28,400

dogmatic people and especially when it

2092

01:16:33,350 --> 01:16:31,440

comes to anything that has been tainted

2093

01:16:36,390 --> 01:16:33,360

to the extent that it has

2094

01:16:38,310 --> 01:16:36,400

uh especially with ancient aliens and

2095

01:16:40,470 --> 01:16:38,320

and other things they're just so easy to

2096

01:16:43,430 --> 01:16:40,480

throw fire at they look what they're

2097

01:16:45,110 --> 01:16:43,440

saying no it's all crazy and so i i know

2098

01:16:47,270 --> 01:16:45,120

those people too and i think they're

2099

01:16:50,070 --> 01:16:47,280

doing themselves and

2100

01:16:52,149 --> 01:16:50,080

our entire field of disservice by just

2101  
01:16:53,750 --> 01:16:52,159  
taking that and stereotyping everything

2102  
01:16:54,790 --> 01:16:53,760  
else that's happening

2103  
01:16:56,390 --> 01:16:54,800  
um

2104  
01:16:58,310 --> 01:16:56,400  
but but yeah i think

2105  
01:16:59,830 --> 01:16:58,320  
there is also

2106  
01:17:01,590 --> 01:16:59,840  
coming back to what we were just talking

2107  
01:17:03,590 --> 01:17:01,600  
about this issue of well if we can't

2108  
01:17:05,590 --> 01:17:03,600  
test it in a lab why are we even talking

2109  
01:17:07,750 --> 01:17:05,600  
about it's not scientific and that's not

2110  
01:17:10,630 --> 01:17:07,760  
true i deal with this in my classes

2111  
01:17:12,950 --> 01:17:10,640  
all the time is you just can't say cause

2112  
01:17:14,630 --> 01:17:12,960  
and effect with experimental studies

2113  
01:17:16,790 --> 01:17:14,640

that take place in a lab you have

2114

01:17:19,750 --> 01:17:16,800

controls you control for every other

2115

01:17:21,910 --> 01:17:19,760

factor but you can't do that with

2116

01:17:23,750 --> 01:17:21,920

observational studies and that's fine it

2117

01:17:26,550 --> 01:17:23,760

doesn't mean that it's any less relevant

2118

01:17:29,430 --> 01:17:26,560

or you can't learn anything more from it

2119

01:17:31,510 --> 01:17:29,440

it just means you can't say a causes b

2120

01:17:34,390 --> 01:17:31,520

but you can still

2121

01:17:35,510 --> 01:17:34,400

test hypotheses you can still use the

2122

01:17:38,390 --> 01:17:35,520

the same

2123

01:17:40,149 --> 01:17:38,400

alpha values and rigor of scientific

2124

01:17:42,229 --> 01:17:40,159

methods you just have to ask the

2125

01:17:43,830 --> 01:17:42,239

questions differently and approach the

2126

01:17:46,149 --> 01:17:43,840

subject differently but if you're in the

2127

01:17:47,990 --> 01:17:46,159

mindset that this all needs to happen in

2128

01:17:49,430 --> 01:17:48,000

a laboratory environment

2129

01:17:51,189 --> 01:17:49,440

that's not going to happen that's not

2130

01:17:53,110 --> 01:17:51,199

how ufos work

2131

01:17:55,510 --> 01:17:53,120

so so either you say all right i'm

2132

01:17:57,910 --> 01:17:55,520

getting off this boat i'm taking the

2133

01:18:00,070 --> 01:17:57,920

exit on this highway or you say let's

2134

01:18:01,669 --> 01:18:00,080

reimagine the way we understand this and

2135

01:18:03,830 --> 01:18:01,679

the way we study it and there's so many

2136

01:18:05,750 --> 01:18:03,840

people doing that and and it's so good

2137

01:18:07,669 --> 01:18:05,760

to see um and i think that's just going

2138

01:18:09,189 --> 01:18:07,679

to continue especially as more people

2139

01:18:10,550 --> 01:18:09,199

see that more people are doing it

2140

01:18:12,149 --> 01:18:10,560

there's there's going to be traction

2141

01:18:13,830 --> 01:18:12,159

there's going to be sort of this

2142

01:18:16,070 --> 01:18:13,840

critical mass that happens and we'll

2143

01:18:18,149 --> 01:18:16,080

eventually get to the point where

2144

01:18:20,630 --> 01:18:18,159

you have a lot of people who feel free

2145

01:18:22,310 --> 01:18:20,640

to use their their resources maybe even

2146

01:18:23,030 --> 01:18:22,320

lab resources

2147

01:18:24,470 --> 01:18:23,040

to

2148

01:18:26,149 --> 01:18:24,480

investigate this in ways we hadn't

2149

01:18:27,990 --> 01:18:26,159

thought of before and i think it's only

2150

01:18:30,070 --> 01:18:28,000

gonna kind of move us further down the

2151

01:18:32,870 --> 01:18:30,080

road

2152

01:18:34,149 --> 01:18:32,880

yes uh and by the way i i was but i

2153

01:18:36,390 --> 01:18:34,159

should have been there with you they

2154

01:18:42,070 --> 01:18:36,400

said that my invitation to that event at

2155

01:18:46,149 --> 01:18:43,750

it was probably the same aliens that

2156

01:18:49,189 --> 01:18:46,159

wouldn't let you ejaculate in a cup man

2157

01:18:51,030 --> 01:18:49,199

they're like they probably like shut you

2158

01:18:52,790 --> 01:18:51,040

down left and right dude

2159

01:18:54,740 --> 01:18:52,800

i'm sorry man

2160

01:18:56,550 --> 01:18:54,750

they intercepted my mail

2161

01:18:59,350 --> 01:18:56,560

[Music]

2162

01:19:02,070 --> 01:18:59,360

oh i'm sorry um

2163

01:19:06,390 --> 01:19:02,080

i wanted to

2164

01:19:08,790 --> 01:19:06,400

ask you about uh the the the dna aspect

2165

01:19:11,189 --> 01:19:08,800

we talked about um andy asked you about

2166

01:19:15,510 --> 01:19:11,199

the louis lozando hypothesis about dna

2167

01:19:17,910 --> 01:19:15,520

manipulation possibly 70 000 years ago

2168

01:19:20,709 --> 01:19:17,920

and you at that time had not heard about

2169

01:19:23,030 --> 01:19:20,719

that hypothesis and that's when uh i

2170

01:19:25,270 --> 01:19:23,040

think he's ascribing to the missing link

2171

01:19:27,990 --> 01:19:25,280

or something of that nature and what i

2172

01:19:30,149 --> 01:19:28,000

wanted to ask you is do you think

2173

01:19:32,070 --> 01:19:30,159

in all of the narratives that you've

2174

01:19:34,149 --> 01:19:32,080

heard in your study

2175

01:19:36,870 --> 01:19:34,159

that um

2176  
01:19:37,750 --> 01:19:36,880  
perhaps uh maybe disease could have been

2177  
01:19:39,110 --> 01:19:37,760  
uh

2178  
01:19:41,270 --> 01:19:39,120  
interjected in

2179  
01:19:44,149 --> 01:19:41,280  
something like that um

2180  
01:19:46,709 --> 01:19:44,159  
you know that uh our dna uh may have

2181  
01:19:49,590 --> 01:19:46,719  
been manipulated for cause

2182  
01:19:52,630 --> 01:19:49,600  
do you think that's a possibility

2183  
01:19:55,510 --> 01:19:52,640  
i mean it's always a possibility i

2184  
01:19:57,510 --> 01:19:55,520  
i don't necessarily know

2185  
01:19:59,270 --> 01:19:57,520  
why or

2186  
01:20:02,310 --> 01:19:59,280  
obviously how

2187  
01:20:04,470 --> 01:20:02,320  
is is easy because they're here now

2188  
01:20:06,070 --> 01:20:04,480

if they can go back to 70 000 years

2189

01:20:07,990 --> 01:20:06,080

which seems like uh

2190

01:20:09,510 --> 01:20:08,000

probably the upper limit if that's

2191

01:20:11,990 --> 01:20:09,520

happening i would guess it's our very

2192

01:20:14,470 --> 01:20:12,000

distant uh descendants but

2193

01:20:15,750 --> 01:20:14,480

but the bigger issue is is what's the

2194

01:20:18,709 --> 01:20:15,760

end game

2195

01:20:20,629 --> 01:20:18,719

why do it or if it were in block time

2196

01:20:23,189 --> 01:20:20,639

everything they're doing they've already

2197

01:20:25,350 --> 01:20:23,199

done and any effects of that

2198

01:20:26,310 --> 01:20:25,360

are already being realized in their time

2199

01:20:27,990 --> 01:20:26,320

so

2200

01:20:31,189 --> 01:20:28,000

there there has to be

2201

01:20:33,430 --> 01:20:31,199

if if that if that is a real thing and

2202

01:20:35,430 --> 01:20:33,440

they are doing that

2203

01:20:37,189 --> 01:20:35,440

it would indicate that there's some

2204

01:20:39,350 --> 01:20:37,199

other outcome they're trying to achieve

2205

01:20:40,870 --> 01:20:39,360

which would be more in the mini world's

2206

01:20:42,790 --> 01:20:40,880

interpretation

2207

01:20:44,790 --> 01:20:42,800

where there's different timelines and

2208

01:20:46,629 --> 01:20:44,800

some other outcome that they're hoping

2209

01:20:48,550 --> 01:20:46,639

to accomplish or the simulation

2210

01:20:50,149 --> 01:20:48,560

hypothesis works with that too if

2211

01:20:52,149 --> 01:20:50,159

they're they have to come into this

2212

01:20:54,709 --> 01:20:52,159

simulation to physically do something to

2213

01:20:57,750 --> 01:20:54,719

see what the effect is it would also fit

2214

01:21:00,750 --> 01:20:57,760

well within that paradigm so

2215

01:21:04,229 --> 01:21:00,760

i i don't know as as a staunch block

2216

01:21:05,830 --> 01:21:04,239

universeist versalist i it's hard for me

2217

01:21:07,510 --> 01:21:05,840

to really jump on board with something

2218

01:21:09,350 --> 01:21:07,520

like that but

2219

01:21:12,390 --> 01:21:09,360

who knows everything's on the table

2220

01:21:13,990 --> 01:21:12,400

nobody knows so yeah if if there's a

2221

01:21:14,709 --> 01:21:14,000

reason to pursue that we should pursue

2222

01:21:16,470 --> 01:21:14,719

it

2223

01:21:18,310 --> 01:21:16,480

and and there's two things i'm going to

2224

01:21:19,110 --> 01:21:18,320

turn it over to steph for her question

2225

01:21:20,149 --> 01:21:19,120

but

2226

01:21:28,390 --> 01:21:20,159

the

2227

01:21:30,149 --> 01:21:28,400

sort of eco

2228

01:21:32,950 --> 01:21:30,159

sort of aspect to this that they could

2229

01:21:35,350 --> 01:21:32,960

be looking at that could be concerning

2230

01:21:37,350 --> 01:21:35,360

if they are able to extract uh energy

2231

01:21:40,629 --> 01:21:37,360

from in the wa from the water in a way

2232

01:21:41,990 --> 01:21:40,639

that that scientifically we have not

2233

01:21:44,470 --> 01:21:42,000

yeah and it's funny you mentioned that

2234

01:21:46,470 --> 01:21:44,480

too because uh with this particular case

2235

01:21:47,830 --> 01:21:46,480

it was up confederate gulch which is

2236

01:21:56,310 --> 01:21:47,840

just

2237

01:21:58,950 --> 01:21:56,320

outside of helena here in montana and

2238

01:22:00,950 --> 01:21:58,960

and when they came down udo ortina asked

2239

01:22:02,870 --> 01:22:00,960

why why don't you just go to the lake to

2240

01:22:04,870 --> 01:22:02,880

get your water

2241

01:22:07,750 --> 01:22:04,880

you know

2242

01:22:09,910 --> 01:22:07,760

yeah it makes sense

2243

01:22:12,070 --> 01:22:09,920

this is this cleaner water and you know

2244

01:22:13,510 --> 01:22:12,080

there's algae there's human pollutants

2245

01:22:15,750 --> 01:22:13,520

especially back then when everybody's

2246

01:22:18,950 --> 01:22:15,760

mining and smelting and everything

2247

01:22:20,310 --> 01:22:18,960

um but it was also out of the way again

2248

01:22:22,310 --> 01:22:20,320

they were trying not to be seen they

2249

01:22:24,790 --> 01:22:22,320

didn't know he was there he was behind a

2250

01:22:26,550 --> 01:22:24,800

rock working on some other area and

2251

01:22:28,149 --> 01:22:26,560

happened to hear that humming noise they

2252

01:22:30,870 --> 01:22:28,159

make and walked around and saw this

2253

01:22:33,030 --> 01:22:30,880

thing they came out and said hey sorry

2254

01:22:34,310 --> 01:22:33,040

um but yeah they specifically mentioned

2255

01:22:37,510 --> 01:22:34,320

that too and

2256

01:22:39,110 --> 01:22:37,520

in another case that that happened

2257

01:22:41,030 --> 01:22:39,120

around this area as they were studying

2258

01:22:42,470 --> 01:22:41,040

grasshoppers and they would come back to

2259

01:22:44,229 --> 01:22:42,480

the same place and they would take

2260

01:22:46,790 --> 01:22:44,239

grasshoppers and they would study them

2261

01:22:49,350 --> 01:22:46,800

and it indicates some sort of ecological

2262

01:22:50,950 --> 01:22:49,360

focus too and so often across these

2263

01:22:52,550 --> 01:22:50,960

accounts it's about the earth take care

2264

01:22:54,470 --> 01:22:52,560

of the earth take care of the earth

2265

01:22:56,310 --> 01:22:54,480

there's there's very much something

2266

01:22:57,990 --> 01:22:56,320

about this planet that's important to

2267

01:23:01,110 --> 01:22:58,000

them which you would expect more of

2268

01:23:02,950 --> 01:23:01,120

people who inherit this planet from us

2269

01:23:05,430 --> 01:23:02,960

uh my editor

2270

01:23:07,669 --> 01:23:05,440

made me take out a part in my book and

2271

01:23:09,350 --> 01:23:07,679

instance we're just exchanging ideas and

2272

01:23:11,110 --> 01:23:09,360

and this is fine

2273

01:23:13,350 --> 01:23:11,120

uh it was something like if two people

2274

01:23:15,110 --> 01:23:13,360

are doing the green apple quick step all

2275

01:23:17,350 --> 01:23:15,120

you can hope for is that you're the

2276

01:23:19,430 --> 01:23:17,360

first one to go and the other person

2277

01:23:21,350 --> 01:23:19,440

doesn't leave a mess behind them when

2278

01:23:23,910 --> 01:23:21,360

they leave and and that's probably how

2279

01:23:25,590 --> 01:23:23,920

they see us is that we're making this

2280

01:23:27,590 --> 01:23:25,600

giant mess and i think that's the focus

2281

01:23:31,270 --> 01:23:27,600

on the nukes too because that's a mess

2282

01:23:33,189 --> 01:23:31,280

that can't be cleaned up easily for many

2283

01:23:35,510 --> 01:23:33,199

many generations so

2284

01:23:37,350 --> 01:23:35,520

so it seems like yeah the focus on this

2285

01:23:39,830 --> 01:23:37,360

planet the focus on the ecology the

2286

01:23:41,430 --> 01:23:39,840

focus on nukes really indicates that

2287

01:23:43,350 --> 01:23:41,440

they're about to inherit this planet

2288

01:23:44,709 --> 01:23:43,360

their stakeholders in the future of this

2289

01:23:47,189 --> 01:23:44,719

planet

2290

01:23:49,270 --> 01:23:47,199

and no i i certainly would think i mean

2291

01:23:51,590 --> 01:23:49,280

their their actions would indicate that

2292

01:23:53,910 --> 01:23:51,600

as as i see the foosball table in the

2293

01:23:56,149 --> 01:23:53,920

back i'm wondering could i take on dr

2294

01:23:58,709 --> 01:23:56,159

michael masters and foosball

2295

01:24:00,870 --> 01:23:58,719

and rekindle some of my past

2296

01:24:03,590 --> 01:24:00,880

probably not no all right your boss

2297

01:24:05,669 --> 01:24:03,600

miserably

2298

01:24:08,950 --> 01:24:05,679

just because you have the soccer haircut

2299

01:24:10,390 --> 01:24:08,960

anyway um i was watching lasso last

2300

01:24:11,510 --> 01:24:10,400

night i was like i think i could pull

2301

01:24:13,030 --> 01:24:11,520

that up

2302

01:24:15,669 --> 01:24:13,040

apparently you have

2303

01:24:17,510 --> 01:24:15,679

um do these hominids do they consume

2304

01:24:20,149 --> 01:24:17,520

food

2305

01:24:23,750 --> 01:24:21,830

i don't know and

2306

01:24:27,189 --> 01:24:23,760

in a couple reports they have kitchens

2307

01:24:29,590 --> 01:24:27,199

but i can't think of any

2308

01:24:31,750 --> 01:24:29,600

anybody like having a meal or anything i

2309

01:24:33,750 --> 01:24:31,760

don't know that's a good question

2310

01:24:35,189 --> 01:24:33,760

i love doing these because i i still get

2311

01:24:36,390 --> 01:24:35,199

asked questions that i never thought

2312

01:24:40,149 --> 01:24:36,400

about

2313

01:24:41,990 --> 01:24:40,159

um yeah i don't know thought provocative

2314

01:24:43,750 --> 01:24:42,000

that's why you're here

2315

01:24:44,390 --> 01:24:43,760

all right we only have uh six minutes

2316

01:24:47,270 --> 01:24:44,400

left

2317

01:24:48,950 --> 01:24:47,280

uh let's get stephanie in for her uh her

2318

01:24:51,590 --> 01:24:48,960

question and then we'll start

2319

01:24:53,590 --> 01:24:51,600

the the process of saying goodbye and

2320

01:24:55,430 --> 01:24:53,600

inviting you back for round two

2321

01:24:57,990 --> 01:24:55,440

yeah i definitely need more than six

2322

01:25:00,790 --> 01:24:58,000

minutes so next time we're gonna have to

2323

01:25:03,350 --> 01:25:00,800

dive down deeper down the rabbit hole so

2324

01:25:05,750 --> 01:25:03,360

my my mother just so you do know

2325

01:25:08,310 --> 01:25:05,760

so you connect all this together she did

2326

01:25:10,629 --> 01:25:08,320

say that they had witnessed a craft

2327

01:25:12,950 --> 01:25:10,639

prior to the one that we saw so there is

2328

01:25:14,870 --> 01:25:12,960

potential that it did revisit her which

2329

01:25:16,790 --> 01:25:14,880

leads me to believe

2330

01:25:18,950 --> 01:25:16,800

did they do something to her

2331

01:25:20,310 --> 01:25:18,960

intern come back to check on her and

2332

01:25:22,550 --> 01:25:20,320

then maybe potentially want to do

2333

01:25:25,189 --> 01:25:22,560

something to us you know children in her

2334

01:25:27,110 --> 01:25:25,199

no idea just planting that seed because

2335

01:25:28,310 --> 01:25:27,120

it is something that's been in the back

2336

01:25:30,470 --> 01:25:28,320

of my mind

2337

01:25:33,350 --> 01:25:30,480

and that is common i mean so many so

2338

01:25:35,350 --> 01:25:33,360

many people who who have been abducted

2339

01:25:36,870 --> 01:25:35,360

aren't just abducted once they're

2340

01:25:39,750 --> 01:25:36,880

abducted throughout their lives and

2341

01:25:42,709 --> 01:25:39,760

often times with family members um even

2342

01:25:45,350 --> 01:25:42,719

from a very young age uh it's a very

2343

01:25:46,709 --> 01:25:45,360

common theme throughout this new book um

2344

01:25:48,390 --> 01:25:46,719

it's cool

2345

01:25:50,870 --> 01:25:48,400

and it you know it's something somebody

2346

01:25:52,709 --> 01:25:50,880

expressed to me the very first ufo talk

2347

01:25:55,110 --> 01:25:52,719

i did was at the mufon

2348

01:25:55,910 --> 01:25:55,120

50th anniversary symposium a few years

2349

01:25:57,669 --> 01:25:55,920

ago

2350

01:25:59,830 --> 01:25:57,679

and the first person the first

2351  
01:26:00,790 --> 01:25:59,840  
experiencer i ever had the experience of

2352  
01:26:03,669 --> 01:26:00,800  
meeting

2353  
01:26:06,070 --> 01:26:03,679  
said uh that that same thing that's been

2354  
01:26:09,189 --> 01:26:06,080  
her whole family for generations

2355  
01:26:11,189 --> 01:26:09,199  
they've they've taken each member from

2356  
01:26:13,830 --> 01:26:11,199  
from this family and again it indicates

2357  
01:26:15,030 --> 01:26:13,840  
a focus on not just gametes but specific

2358  
01:26:17,910 --> 01:26:15,040  
ones that

2359  
01:26:20,229 --> 01:26:17,920  
uh seem to do something for them like

2360  
01:26:22,629 --> 01:26:20,239  
it's easy when when when you talk about

2361  
01:26:24,790 --> 01:26:22,639  
um reproduction and and hybrids and

2362  
01:26:27,430 --> 01:26:24,800  
whatnot that they're doing something to

2363  
01:26:28,709 --> 01:26:27,440

us that they're manipulating us but it

2364

01:26:31,030 --> 01:26:28,719

really seems like they're doing it for

2365

01:26:32,070 --> 01:26:31,040

themselves there's something about our

2366

01:26:33,510 --> 01:26:32,080

genes

2367

01:26:35,430 --> 01:26:33,520

that help them

2368

01:26:36,950 --> 01:26:35,440

yep with whatever problems they're

2369

01:26:38,550 --> 01:26:36,960

having

2370

01:26:40,629 --> 01:26:38,560

and that's what i was thinking also is

2371

01:26:43,510 --> 01:26:40,639

are they extracting our eggs so that

2372

01:26:45,110 --> 01:26:43,520

they can do a hybrid of themselves

2373

01:26:46,790 --> 01:26:45,120

you know i mean that's crossed my mind

2374

01:26:48,709 --> 01:26:46,800

many times so

2375

01:26:51,189 --> 01:26:48,719

something to think about later

2376

01:26:53,590 --> 01:26:51,199

again we could go we could go for a few

2377

01:26:55,430 --> 01:26:53,600

hours here talking about this so i've

2378

01:26:57,110 --> 01:26:55,440

said on this show many times because i

2379

01:26:59,590 --> 01:26:57,120

don't have a scientific background to

2380

01:27:01,350 --> 01:26:59,600

draw on to really develop theories in

2381

01:27:03,590 --> 01:27:01,360

that way but i'll look at common sense

2382

01:27:07,990 --> 01:27:03,600

things like nathan knows by now how my

2383

01:27:10,709 --> 01:27:08,000

brain works um and i've said they see a

2384

01:27:12,229 --> 01:27:10,719

relative value in our dna i don't know

2385

01:27:16,229 --> 01:27:12,239

what that value is

2386

01:27:18,390 --> 01:27:16,239

but they clearly find a value in it

2387

01:27:20,709 --> 01:27:18,400

yeah that's the most i mean patterns

2388

01:27:23,270 --> 01:27:20,719

tell stories and that's the most

2389

01:27:24,709 --> 01:27:23,280

recurring pattern in all of this is the

2390

01:27:26,790 --> 01:27:24,719

gametes there

2391

01:27:29,030 --> 01:27:26,800

there's something about reproduction

2392

01:27:30,229 --> 01:27:29,040

there's something about our genes that

2393

01:27:31,910 --> 01:27:30,239

are important to them and the fact that

2394

01:27:34,550 --> 01:27:31,920

they told jim penniston that he didn't

2395

01:27:36,310 --> 01:27:34,560

have a a long however we perceived time

2396

01:27:38,629 --> 01:27:36,320

time was different in that sphere of

2397

01:27:40,950 --> 01:27:38,639

influence as he calls it but there's

2398

01:27:44,149 --> 01:27:40,960

there's clearly something about

2399

01:27:46,310 --> 01:27:44,159

genes that help them and they said that

2400

01:27:48,950 --> 01:27:46,320

they said that straight up right

2401

01:27:53,030 --> 01:27:48,960

patterns are facts and facts are data so

2402

01:27:54,870 --> 01:27:53,040

yeah look at that man hear that girl

2403

01:27:57,430 --> 01:27:54,880

i want to say this about football i used

2404

01:27:59,910 --> 01:27:57,440

to d i used to deploy to these joint

2405

01:28:02,070 --> 01:27:59,920

bases and i'd get together with another

2406

01:28:04,070 --> 01:28:02,080

pair rescue guy and we would start to

2407

01:28:05,590 --> 01:28:04,080

really get work on our foosball and

2408

01:28:08,870 --> 01:28:05,600

start to wreck shop

2409

01:28:10,870 --> 01:28:08,880

right until the french guys came over

2410

01:28:13,030 --> 01:28:10,880

and when the french guys came over the

2411

01:28:14,870 --> 01:28:13,040

to the foosball table we could not

2412

01:28:16,870 --> 01:28:14,880

defend those guys and they ran us off

2413

01:28:18,950 --> 01:28:16,880

man but it was it's the same when you

2414

01:28:20,229 --> 01:28:18,960

play them in real soccer too as it turns

2415

01:28:22,550 --> 01:28:20,239

out sure

2416

01:28:24,470 --> 01:28:22,560

yeah no i did a dig in southern france

2417

01:28:27,430 --> 01:28:24,480

and we would square off the boners

2418

01:28:29,750 --> 01:28:27,440

versus the stoners because that was a a

2419

01:28:32,070 --> 01:28:29,760

paleo guy would do the bones i talk

2420

01:28:33,990 --> 01:28:32,080

about this in my new book too

2421

01:28:35,590 --> 01:28:34,000

the editor didn't make me take this part

2422

01:28:37,669 --> 01:28:35,600

out but then we would square off against

2423

01:28:40,149 --> 01:28:37,679

the stoners who did olympic tools and

2424

01:28:41,830 --> 01:28:40,159

stuff and we we had some epic matches

2425

01:28:45,030 --> 01:28:41,840

but the the french are very good at

2426

01:28:46,709 --> 01:28:45,040

anything football related it's amazing

2427

01:28:49,189 --> 01:28:46,719

that's what i love about soccer is it

2428

01:28:50,790 --> 01:28:49,199

really brings the people under like why

2429

01:28:53,030 --> 01:28:50,800

i love the world cup it just brings the

2430

01:28:54,470 --> 01:28:53,040

world together yeah one sport it's

2431

01:28:56,629 --> 01:28:54,480

beautiful

2432

01:28:59,750 --> 01:28:56,639

it's wonderful i had to leave i was in

2433

01:29:02,149 --> 01:28:59,760

uh paris in 1998 the year the french won

2434

01:29:04,229 --> 01:29:02,159

the world cup and i left two days before

2435

01:29:06,310 --> 01:29:04,239

they won the damn thing

2436

01:29:09,189 --> 01:29:06,320

i'm at home watching this party on the

2437

01:29:11,669 --> 01:29:09,199

champions league oh i should be there

2438

01:29:14,149 --> 01:29:11,679

why didn't i just delay my flight

2439

01:29:16,790 --> 01:29:14,159

i was there for i've been there for two

2440

01:29:18,470 --> 01:29:16,800

tour de france finishes too uh just

2441

01:29:20,149 --> 01:29:18,480

randomly i don't even know how that

2442

01:29:22,470 --> 01:29:20,159

happened but i'm a big tour de france

2443

01:29:25,350 --> 01:29:22,480

fan too love that and yeah that was the

2444

01:29:27,189 --> 01:29:25,360

big world cup for zidane and thierry

2445

01:29:28,790 --> 01:29:27,199

henry i believe yeah i actually

2446

01:29:30,629 --> 01:29:28,800

predicted go back and check my damn

2447

01:29:32,950 --> 01:29:30,639

facebook if you don't believe me but i

2448

01:29:35,510 --> 01:29:32,960

predicted that france would win the last

2449

01:29:37,110 --> 01:29:35,520

world cup the very first game

2450

01:29:38,790 --> 01:29:37,120

nathan let's let's go back and check

2451

01:29:40,870 --> 01:29:38,800

this because i don't this guy looks a

2452

01:29:42,390 --> 01:29:40,880

little uh i don't know a little sketchy

2453

01:29:44,629 --> 01:29:42,400

raising some questions for me like he's

2454

01:29:46,390 --> 01:29:44,639

got the biff tanner sports almanac in

2455

01:29:48,950 --> 01:29:46,400

the back

2456

01:29:51,510 --> 01:29:48,960

dr masters i'll tell you what man it was

2457

01:29:53,990 --> 01:29:51,520

an absolute blast having you on man yeah

2458

01:29:55,750 --> 01:29:54,000

that was fun uh appreciate the invites

2459

01:29:56,790 --> 01:29:55,760

great chat with oil

2460

01:29:58,790 --> 01:29:56,800

thank you

2461

01:30:00,470 --> 01:29:58,800

looking forward to your book yeah

2462

01:30:03,110 --> 01:30:00,480

it should be soon actually i think it'll

2463

01:30:05,510 --> 01:30:03,120

be june 1st just a couple weeks so yeah

2464

01:30:07,910 --> 01:30:05,520

it's it's in the last it's in its last

2465

01:30:09,430 --> 01:30:07,920

throws what's the title at this point

2466

01:30:12,149 --> 01:30:09,440

yeah thank you yeah it's called the

2467

01:30:13,990 --> 01:30:12,159

extra tempestrial model and and like

2468

01:30:15,270 --> 01:30:14,000

i've been saying it it looks more at the

2469

01:30:17,189 --> 01:30:15,280

abduction

2470

01:30:19,270 --> 01:30:17,199

aspect of the phenomenon because i do

2471

01:30:20,629 --> 01:30:19,280

think it's time to to really talk about

2472

01:30:23,270 --> 01:30:20,639

that

2473

01:30:25,590 --> 01:30:23,280

i love it man i can't yeah so when when

2474

01:30:27,750 --> 01:30:25,600

that book you know at some point when

2475

01:30:29,030 --> 01:30:27,760

you have time uh and you want to start

2476

01:30:31,270 --> 01:30:29,040

going on shows because we don't want to

2477

01:30:33,350 --> 01:30:31,280

like bug people to come back although

2478

01:30:34,390 --> 01:30:33,360

pretty much everybody who's come on once

2479

01:30:35,990 --> 01:30:34,400

comes back

2480

01:30:37,990 --> 01:30:36,000

at some point and they sort of become

2481

01:30:39,590 --> 01:30:38,000

part of the cab fam we would love to

2482

01:30:41,270 --> 01:30:39,600

have you on to talk about that book

2483

01:30:43,590 --> 01:30:41,280

because i know there's

2484

01:30:46,229 --> 01:30:43,600

i i have more questions deb our

2485

01:30:47,990 --> 01:30:46,239

researcher had questions and right now

2486

01:30:49,830 --> 01:30:48,000

she's probably at the wedding glaring at

2487

01:30:53,350 --> 01:30:49,840

people she's typing an email to you

2488

01:30:58,149 --> 01:30:55,350

you know it's funny like i just i i try

2489

01:31:00,229 --> 01:30:58,159

to read the audiobook before i format it

2490

01:31:01,669 --> 01:31:00,239

just to make sure you know catch any

2491

01:31:04,229 --> 01:31:01,679

errors that you only catch if you're

2492

01:31:07,110 --> 01:31:04,239

reading it and i was reading through it

2493

01:31:09,990 --> 01:31:07,120

thinking about how i can't wait to talk

2494

01:31:12,070 --> 01:31:10,000

to people about it on shows like this

2495

01:31:13,910 --> 01:31:12,080

once they've read it you know like to

2496

01:31:15,750 --> 01:31:13,920

have have conversations and a lot of

2497

01:31:18,550 --> 01:31:15,760

stuff's been coming up organically even

2498

01:31:21,669 --> 01:31:18,560

before it's out um i did an interview

2499

01:31:24,070 --> 01:31:21,679

with sovie co visionaries i think from

2500

01:31:26,790 --> 01:31:24,080

russian television and she was asking me

2501

01:31:28,870 --> 01:31:26,800

all these questions that were exactly

2502

01:31:30,870 --> 01:31:28,880

what the book was about the new one in

2503

01:31:33,590 --> 01:31:30,880

the same order and i'm like did you like

2504

01:31:35,110 --> 01:31:33,600

sneak into my computer and read this

2505

01:31:36,870 --> 01:31:35,120

book like but i think that's just

2506

01:31:38,870 --> 01:31:36,880

happening naturally like we're like i

2507

01:31:40,950 --> 01:31:38,880

said we're kind of just as we answer

2508

01:31:42,550 --> 01:31:40,960

some questions we're asking more and it

2509

01:31:44,870 --> 01:31:42,560

seems like we're kind of going in that

2510

01:31:47,110 --> 01:31:44,880

direction of somebody a

2511

01:31:48,070 --> 01:31:47,120

a journalist in a different country was

2512

01:31:49,990 --> 01:31:48,080

even

2513

01:31:52,310 --> 01:31:50,000

asking things that just

2514
