# BRITISH INVASION

## BEATLES

## VS

## STONES

Calling All Beings

1  
00:00:18,470 --> 00:00:05,190  
the british are coming

2  
00:00:44,709 --> 00:00:20,510  
calling all beings y'all

3  
00:00:50,389 --> 00:00:46,150  
yes

4  
00:00:52,310 --> 00:00:50,399  
welcome back to calling all beings yeah

5  
00:00:53,910 --> 00:00:52,320  
i'm first of all let me apologize to

6  
00:00:56,069 --> 00:00:53,920  
everybody that we don't have the whole

7  
00:00:58,150 --> 00:00:56,079  
cabbie crew here stream yard has a

8  
00:01:00,630 --> 00:00:58,160  
limitation we can only have 10 people on

9  
00:01:01,990 --> 00:01:00,640  
screen um so we couldn't have all the

10  
00:01:04,070 --> 00:01:02,000  
cabbies here

11  
00:01:05,830 --> 00:01:04,080  
they i think deb's gonna be in the chat

12  
00:01:08,789 --> 00:01:05,840  
and the chat with you guys i'm not sure

13  
00:01:10,390 --> 00:01:08,799

about kevin uh he may be in the chat but

14

00:01:13,350 --> 00:01:10,400

uh welcome to calling all beings i'm

15

00:01:16,070 --> 00:01:13,360

your host dj that is my man money nathan

16

00:01:18,550 --> 00:01:16,080

here for a very special episode known as

17

00:01:20,870 --> 00:01:18,560

the british invasion nathan

18

00:01:22,710 --> 00:01:20,880

i i've tried to hide as much of the

19

00:01:25,190 --> 00:01:22,720

things as i can i knew that they were

20

00:01:26,870 --> 00:01:25,200

coming but i don't think i'm prepared

21

00:01:29,670 --> 00:01:26,880

it's going to be a blast

22

00:01:31,670 --> 00:01:29,680

prepared for what these people have to

23

00:01:33,990 --> 00:01:31,680

offer they're smart they're witty

24

00:01:36,310 --> 00:01:34,000

they're cool they look cool they sound

25

00:01:38,789 --> 00:01:36,320

cool and they have great takes on ufos

26

00:01:40,310 --> 00:01:38,799

so we're extremely lucky so with that

27

00:01:43,429 --> 00:01:40,320

i'm going gonna intro people in

28

00:01:46,230 --> 00:01:43,439

alphabetical order um i thought that was

29

00:01:48,789 --> 00:01:46,240

the smart way to do it so let me get

30

00:01:50,069 --> 00:01:48,799

my beatles crew up yes

31

00:01:52,870 --> 00:01:50,079

beginning

32

00:01:54,870 --> 00:01:52,880

with somebody who has uh she has

33

00:01:58,069 --> 00:01:54,880

provided music for virtually every

34

00:02:00,870 --> 00:01:58,079

member of cab uh much to our delight and

35

00:02:03,429 --> 00:02:00,880

and uh we feel very indebted to to her

36

00:02:05,590 --> 00:02:03,439

uh this young lady uh is is very big on

37

00:02:08,550 --> 00:02:05,600

the nuap she's a i guess you would say

38

00:02:11,190 --> 00:02:08,560

an end uap secrecy advocate she is a

39

00:02:13,910 --> 00:02:11,200

musician she is a music teacher she's

40

00:02:15,990 --> 00:02:13,920

from lincolnshire and she is an airsoft

41

00:02:18,229 --> 00:02:16,000

warrior who if she can she'd prefer to

42

00:02:19,190 --> 00:02:18,239

shoot you in the face mask in order to

43

00:02:22,229 --> 00:02:19,200

score

44

00:02:24,070 --> 00:02:22,239

uh so with that uh she uh is

45

00:02:26,790 --> 00:02:24,080

representing the pride and prejudices

46

00:02:31,110 --> 00:02:26,800

lizzie bennet today so please welcome

47

00:02:35,509 --> 00:02:34,070

00:04:02,869 --> 00:04:00,799  
darcy of course so yeah you better smile

77  
00:04:05,190 --> 00:04:02,879

uh that is hosted by andy and dan please

81  
00:04:16,629 --> 00:04:14,239  
put your hands together for the witty

82  
00:04:18,469 --> 00:04:16,639  
the curmudgeonly and the erstwhile mr

83  
00:04:20,629 --> 00:04:18,479  
dave smithers

84  
00:04:22,790 --> 00:04:20,639  
well thank you very much thank you yes

85  
00:04:24,310 --> 00:04:22,800  
that's great that's now i used to speak

86  
00:04:26,550 --> 00:04:24,320  
like chris you know but after i watch

87  
00:04:35,510 --> 00:04:26,560  
game of thrones i adopted

88  
00:04:38,550 --> 00:04:37,270

i didn't want to put my shirt on you

89

00:04:40,870 --> 00:04:38,560

know and because i was going to have it

90

00:04:49,189 --> 00:04:40,880

dripping like mr darcy coming out of the

91

00:04:54,710 --> 00:04:51,990

that's very kind of you dave and um i

92

00:04:56,310 --> 00:04:54,720

couldn't wait to have you on man and uh

93

00:04:57,909 --> 00:04:56,320

you're just a blast i i don't think

94

00:04:59,749 --> 00:04:57,919

we're going out of school here to say

95

00:05:02,790 --> 00:04:59,759

that you're probably a front-runner for

96

00:05:04,230 --> 00:05:02,800

coolest accent uh as voted by the brits

97

00:05:05,350 --> 00:05:04,240

and the americans we'll have that vote

98

00:05:06,710 --> 00:05:05,360

at the end

99

00:05:08,550 --> 00:05:06,720

[Laughter]

100

00:05:11,270 --> 00:05:08,560

so anyway our next

101

00:05:14,310 --> 00:05:11,280

person right here uh is uh this

102

00:05:16,469 --> 00:05:14,320

gentleman is also a musician he is like

103

00:05:19,110 --> 00:05:16,479

charlotte is spreading the gift of music

104

00:05:22,310 --> 00:05:19,120

throughout the uk uh he's been part of a

105

00:05:24,629 --> 00:05:22,320

professional touring band um and and and

106

00:05:27,110 --> 00:05:24,639

he is the host of uh the ufo thinker

107

00:05:29,430 --> 00:05:27,120

podcast he's brought a sense of sort of

108

00:05:31,909 --> 00:05:29,440

level-headedness and consideration to

109

00:05:35,110 --> 00:05:31,919

the uap discussion and somebody whom i

110

00:05:37,749 --> 00:05:35,120

admire he is part of extended

111

00:05:39,670 --> 00:05:37,759

cab fam you might see an episode of his

112

00:05:42,710 --> 00:05:39,680

come out on cab here very shortly put

113

00:05:45,029 --> 00:05:42,720

your hands together for the ufo thinker

114

00:05:47,430 --> 00:05:45,039

frank

115

00:05:51,110 --> 00:05:47,440

bolton's own baby

116

00:05:51,120 --> 00:05:54,550

as well you seriously

117

00:05:59,029 --> 00:05:56,629

yeah see i'm representing for both sides

118

00:06:01,029 --> 00:05:59,039

here man i i got i got the british and

119

00:06:02,710 --> 00:06:01,039

the american represented thank you frank

120

00:06:05,029 --> 00:06:02,720

it's an honor to have you i got to speak

121

00:06:07,510 --> 00:06:05,039

with you 24 hours ago it was awesome

122

00:06:09,110 --> 00:06:07,520

it was fun wasn't it yeah cheers dj

123

00:06:11,350 --> 00:06:09,120

cheers brother i wish i had a beer right

124

00:06:12,710 --> 00:06:11,360

now but with these all these medications

125

00:06:15,029 --> 00:06:12,720

i'm on probably not uh

126

00:06:17,110 --> 00:06:15,039

[Laughter]

127

00:06:19,909 --> 00:06:17,120

last but not least this man is an actor

128

00:06:22,309 --> 00:06:19,919

a businessman an experiercer father and

129

00:06:23,749 --> 00:06:22,319

a gentleman who's become beloved and

130

00:06:26,710 --> 00:06:23,759

connected with

131

00:06:28,870 --> 00:06:26,720

people from all over the world to

132

00:06:40,790 --> 00:06:28,880

heal himself and heal them so please uh

133

00:06:43,749 --> 00:06:42,230

it's good to have you back so that is

134

00:06:46,469 --> 00:06:43,759

your fifth beetle we didn't want to

135

00:06:48,710 --> 00:06:46,479

leave peter best out uh

136

00:06:50,629 --> 00:06:48,720

we wanted to recognize him and and i i

137

00:06:52,550 --> 00:06:50,639

thought we did that we have ringo starr

138

00:06:54,950 --> 00:06:52,560

just up if you look up to the right uh

139

00:06:57,430 --> 00:06:54,960

you're to your right max

140

00:07:03,189 --> 00:06:57,440

you have uh yeah that's ringo starr up

141

00:07:07,430 --> 00:07:05,110

so anyway all right so we're going to do

142

00:07:11,510 --> 00:07:07,440

our round table business uh be be

143

00:07:13,670 --> 00:07:11,520

succinct uh as you can uh but uh you

144

00:07:16,150 --> 00:07:13,680

know be full in your explanation but try

145

00:07:19,270 --> 00:07:16,160

not to reiterate because time is of the

146

00:07:20,790 --> 00:07:19,280

essence and uh i guess we could just go

147

00:07:21,909 --> 00:07:20,800

uh what do you want to do nathan you

148

00:07:23,749 --> 00:07:21,919

want to start with charlotte and just go

149

00:07:25,749 --> 00:07:23,759

around so i think we have to yeah okay

150

00:07:27,909 --> 00:07:25,759

charlotte uh if you would go ahead with

151

00:07:30,710 --> 00:07:27,919

your topic for consideration by your

152

00:07:33,670 --> 00:07:30,720

brothers and sisters here um

153

00:07:36,469 --> 00:07:33,680

well i still haven't decided

154

00:07:38,469 --> 00:07:36,479

i'll go with my um random one

155

00:07:41,189 --> 00:07:38,479

don't underestimate how rubbish

156

00:07:44,230 --> 00:07:41,199

governments actually are

157

00:07:46,309 --> 00:07:44,240

that's my opening statement okay if you

158

00:07:48,550 --> 00:07:46,319

want me to carry on

159

00:07:49,990 --> 00:07:48,560

i'll just chuck it out if it's rubbish

160

00:07:52,070 --> 00:07:50,000

that's fantastic

161

00:07:54,070 --> 00:07:52,080

okay now it's good should i give you

162

00:07:55,749 --> 00:07:54,080

some bullets

163

00:07:57,589 --> 00:07:55,759

absolutely yeah give us basically what

164

00:07:58,390 --> 00:07:57,599

your topic that you want them to discuss

165

00:07:59,189 --> 00:07:58,400

okay

166

00:08:00,230 --> 00:07:59,199

so

167

00:08:02,550 --> 00:08:00,240

um

168

00:08:04,950 --> 00:08:02,560

considering a lot of people wonder if

169

00:08:06,869 --> 00:08:04,960

maybe people in the government and

170

00:08:09,189 --> 00:08:06,879

particularly i'm talking about the us

171

00:08:11,110 --> 00:08:09,199

are maybe lying about things i would

172

00:08:13,589 --> 00:08:11,120

like people to discuss whether it's

173

00:08:15,189 --> 00:08:13,599

possible given how local governments

174

00:08:16,469 --> 00:08:15,199

certainly in my experience are a bit

175

00:08:18,070 --> 00:08:16,479

rubbish

176

00:08:20,390 --> 00:08:18,080

um whether it's possible they're just

177

00:08:22,550 --> 00:08:20,400

really rubbish and there's not much

178

00:08:24,950 --> 00:08:22,560

cover up it's just they don't know

179

00:08:26,869 --> 00:08:24,960

because they're a bit slack sloppy

180

00:08:29,589 --> 00:08:26,879

ineffective there's a lot of annual

181

00:08:31,430 --> 00:08:29,599

leave sick leave people aren't assigned

182

00:08:33,190 --> 00:08:31,440

to one task it's given to someone else

183

00:08:34,949 --> 00:08:33,200

who's already busy all that kind of

184

00:08:36,630 --> 00:08:34,959

thing

185

00:08:37,430 --> 00:08:36,640

or is it worth that i feel like that's

186

00:08:40,070 --> 00:08:37,440

what

187

00:08:41,589 --> 00:08:40,080

is has that led to obfuscation you think

188

00:08:42,630 --> 00:08:41,599

inadvertently i think part of what

189

00:08:44,310 --> 00:08:42,640

you're saying yeah i'm not saying it's

190

00:08:46,949 --> 00:08:44,320

an explanation for everything but maybe

191

00:08:48,630 --> 00:08:46,959

it's um something to bear in mind or

192

00:08:49,590 --> 00:08:48,640

you know can help us think about you

193

00:08:50,949 --> 00:08:49,600

know because you think oh they're

194

00:08:56,150 --> 00:08:50,959

perfect they know everything and then

195

00:08:57,030 --> 00:08:56,160

what but do they mr sharp

196

00:09:00,470 --> 00:08:57,040

um

197

00:09:02,710 --> 00:09:00,480

my my talking point is will no you

198

00:09:04,310 --> 00:09:02,720

you're going to consider her point

199

00:09:05,590 --> 00:09:04,320

so that's going to go around then you're

200

00:09:07,190 --> 00:09:05,600

going to get yourself

201

00:09:09,670 --> 00:09:07,200

you guys you know

202

00:09:12,230 --> 00:09:09,680

so yeah um on her point

203

00:09:14,550 --> 00:09:12,240

uh yes that's correct um i think in the

204

00:09:16,470 --> 00:09:14,560

uk for instance the afghanistan debacle

205

00:09:18,630 --> 00:09:16,480

of the foreign office whereby people

206

00:09:20,070 --> 00:09:18,640

were trying to get out and no one was

207

00:09:21,990 --> 00:09:20,080

actually in the office and answering

208

00:09:23,670 --> 00:09:22,000

emails from the foreign office so that

209

00:09:30,389 --> 00:09:23,680

led to people's emails being ignored and

210

00:09:34,389 --> 00:09:33,590

okay i might have to come back

211

00:09:36,949 --> 00:09:34,399

okay

212

00:09:39,509 --> 00:09:36,959

we'll go on to um mr

213

00:09:41,750 --> 00:09:39,519

smithers uh dave do you do you find

214

00:09:43,110 --> 00:09:41,760

anything uh in that that that you want

215

00:09:44,710 --> 00:09:43,120

to comment on well

216

00:09:46,150 --> 00:09:44,720

i mean the only thing i would say argues

217

00:09:49,269 --> 00:09:46,160

against it they've been consistently

218

00:09:50,790 --> 00:09:49,279

rubbish for uh 75 years something so

219

00:09:52,630 --> 00:09:50,800

it's fairly hard to be rubbish and yet

220

00:09:54,310 --> 00:09:52,640

consistent i would say

221

00:09:55,829 --> 00:09:54,320

so i think they are pretty rubbish but

222

00:09:58,230 --> 00:09:55,839

they tend to get a lot better when it

223

00:10:01,430 --> 00:09:58,240

comes to covering their own backsides

224

00:10:02,630 --> 00:10:01,440

and generally planning so i think uh our

225

00:10:04,870 --> 00:10:02,640

governments have

226

00:10:06,949 --> 00:10:04,880

they're not very well coordinated

227

00:10:08,630 --> 00:10:06,959

but when they need to call us around

228

00:10:09,829 --> 00:10:08,640

something but they do tend to become a

229

00:10:11,750 --> 00:10:09,839

lot better

230

00:10:13,190 --> 00:10:11,760

and we've i might not evolve the last

231

00:10:14,550 --> 00:10:13,200

performance at the hearings which i'm

232

00:10:16,470 --> 00:10:14,560

going to touch on and it would argue

233

00:10:17,670 --> 00:10:16,480

against them being much better so i

234

00:10:19,670 --> 00:10:17,680

think they're slow moving they're not

235

00:10:21,110 --> 00:10:19,680

very good but they can

236

00:10:23,030 --> 00:10:21,120

pull themselves together around their

237

00:10:24,470 --> 00:10:23,040

name and this is so important this topic

238

00:10:26,150 --> 00:10:24,480

they seem to manage their level of

239

00:10:26,870 --> 00:10:26,160

competence they don't normally manage

240

00:10:28,790 --> 00:10:26,880

but

241

00:10:30,870 --> 00:10:28,800

i do think they are a bit overestimated

242

00:10:32,790 --> 00:10:30,880

so i agree with you there charlotte

243

00:10:35,190 --> 00:10:32,800

definitely

244

00:10:36,710 --> 00:10:35,200

frank my brother

245

00:10:38,310 --> 00:10:36,720

yeah i think it's quite an interesting

246

00:10:41,110 --> 00:10:38,320

point really because

247

00:10:43,110 --> 00:10:41,120

they are you know not the best a lot of

248

00:10:44,630 --> 00:10:43,120

the time in terms of organization and

249

00:10:47,110 --> 00:10:44,640

being able to actually get everybody on

250

00:10:49,430 --> 00:10:47,120

the same page and and if they are indeed

251  
00:10:51,750 --> 00:10:49,440  
covering something up which is you know

252  
00:10:54,150 --> 00:10:51,760  
a huge thing like this and they have a

253  
00:10:56,230 --> 00:10:54,160  
track record of not necessarily always

254  
00:10:57,670 --> 00:10:56,240  
being very good at getting everyone on

255  
00:10:59,990 --> 00:10:57,680  
the same page how have they managed to

256  
00:11:02,150 --> 00:11:00,000  
cover things up for so long but then

257  
00:11:04,150 --> 00:11:02,160  
again i suppose on the other hand you

258  
00:11:06,630 --> 00:11:04,160  
could say that that is actually could be

259  
00:11:08,310 --> 00:11:06,640  
an explanation for why there has been

260  
00:11:10,550 --> 00:11:08,320  
various leaks and so many people are

261  
00:11:12,790 --> 00:11:10,560  
getting frustrated from the inside so

262  
00:11:15,110 --> 00:11:12,800  
that's kind of my little bit of both

263  
00:11:17,190 --> 00:11:15,120

sides of the argument there there i

264

00:11:19,030 --> 00:11:17,200

think and and you could sort of use that

265

00:11:20,230 --> 00:11:19,040

concept to think of it a couple of

266

00:11:21,590 --> 00:11:20,240

different ways

267

00:11:24,470 --> 00:11:21,600

frank you could have just said like

268

00:11:27,430 --> 00:11:24,480

sammy hagar i see both sides now

269

00:11:30,630 --> 00:11:27,440

if you don't know that song okay

270

00:11:37,110 --> 00:11:31,910

um yeah

271

00:11:40,630 --> 00:11:37,120

governments are very very uncoordinated

272

00:11:42,389 --> 00:11:40,640

and big bureaucracies are complex and

273

00:11:45,030 --> 00:11:42,399

because of that it's easy to take

274

00:11:46,870 --> 00:11:45,040

advantage of them um with the complexity

275

00:11:49,670 --> 00:11:46,880

and lack of communication so i think you

276

00:11:52,150 --> 00:11:49,680

can hide things within them

277

00:11:54,629 --> 00:11:52,160

sorry guys it's okay man it's all right

278

00:11:56,870 --> 00:11:54,639

it's no big thing man you gotta we you

279

00:11:58,870 --> 00:11:56,880

know nathan has kids i'm sure he's been

280

00:12:01,190 --> 00:11:58,880

through this uh you got to take care of

281

00:12:03,030 --> 00:12:01,200

your business frank has children

282

00:12:05,190 --> 00:12:03,040

i love it i love it that's actually what

283

00:12:07,450 --> 00:12:05,200

the uh the british uh uh

284

00:12:17,030 --> 00:12:07,460

ministry looks like it's a live example

285

00:12:21,910 --> 00:12:19,350

the child is demonstrating party gate

286

00:12:25,509 --> 00:12:21,920

there for you he's re-enacting it

287

00:12:28,629 --> 00:12:25,519

this is boris in the meeting

288

00:12:29,670 --> 00:12:28,639

go ahead go ahead maxie

289

00:12:34,150 --> 00:12:29,680

that's

290

00:12:35,509 --> 00:12:34,160

yeah no i think it's pretty obvious if

291

00:12:37,269 --> 00:12:35,519

we look back through our history there

292

00:12:39,910 --> 00:12:37,279

are many cases where

293

00:12:42,150 --> 00:12:39,920

government do know

294

00:12:43,430 --> 00:12:42,160

a lot they know a lot more than we do

295

00:12:45,829 --> 00:12:43,440

certainly

296

00:12:48,550 --> 00:12:45,839

the question is it's a wordplay game

297

00:12:49,990 --> 00:12:48,560

when people say the government we're

298

00:12:51,030 --> 00:12:50,000

talking about

299

00:12:53,269 --> 00:12:51,040

uh

300

00:12:56,710 --> 00:12:53,279

if it was a private organization it's

301  
00:12:58,389 --> 00:12:56,720  
it's would be run a lot better smoother

302  
00:13:01,509 --> 00:12:58,399  
less disjointed

303  
00:13:02,470 --> 00:13:01,519  
um governments are huge huge number of

304  
00:13:04,829 --> 00:13:02,480  
people

305  
00:13:07,670 --> 00:13:04,839  
deep compartmentalized

306  
00:13:09,269 --> 00:13:07,680  
departmented and so you're gonna have a

307  
00:13:11,350 --> 00:13:09,279  
lot of problems with sharing of

308  
00:13:12,629 --> 00:13:11,360  
information regardless especially

309  
00:13:15,030 --> 00:13:12,639  
because

310  
00:13:16,550 --> 00:13:15,040  
in the ways that this stuff could be

311  
00:13:18,389 --> 00:13:16,560  
investigated

312  
00:13:21,350 --> 00:13:18,399  
they're going to be classifying things

313  
00:13:22,710 --> 00:13:21,360

by default especially as we all know

314

00:13:24,949 --> 00:13:22,720

because of the way that they collect

315

00:13:26,949 --> 00:13:24,959

that data sensors

316

00:13:28,790 --> 00:13:26,959

you know high-end technology that's

317

00:13:30,310 --> 00:13:28,800

often in the hands of the military

318

00:13:32,870 --> 00:13:30,320

they're not going to share it for those

319

00:13:34,710 --> 00:13:32,880

reasons it's very unfortunate

320

00:13:36,870 --> 00:13:34,720

but i would say

321

00:13:38,310 --> 00:13:36,880

that yeah you're looking at

322

00:13:42,069 --> 00:13:38,320

it's not just black and white it's going

323

00:13:43,509 --> 00:13:42,079

to be great you're probably looking at

324

00:13:45,189 --> 00:13:43,519

potentially

325

00:13:47,110 --> 00:13:45,199

intentional

326

00:13:48,949 --> 00:13:47,120

um cover-ups

327

00:13:50,629 --> 00:13:48,959

alongside

328

00:13:52,389 --> 00:13:50,639

a lack of information in the hands of

329

00:13:55,189 --> 00:13:52,399

the people that are doing the talking to

330

00:13:57,509 --> 00:13:55,199

the public and so it's a it's very it's

331

00:13:59,269 --> 00:13:57,519

a very gray area i'm absolutely

332

00:14:01,269 --> 00:13:59,279

convinced personally

333

00:14:03,590 --> 00:14:01,279

if you look at i don't know take one

334

00:14:05,670 --> 00:14:03,600

example kecksburg

335

00:14:06,710 --> 00:14:05,680

you know that acorn object that came

336

00:14:09,990 --> 00:14:06,720

down

337

00:14:11,590 --> 00:14:10,000

and you have the entire local township

338

00:14:12,790 --> 00:14:11,600

right that talks about the military

339

00:14:14,230 --> 00:14:12,800

moving in

340

00:14:15,670 --> 00:14:14,240

and if you look at some of the accounts

341

00:14:17,110 --> 00:14:15,680

of the people there they were threatened

342

00:14:18,870 --> 00:14:17,120

to keep quiet

343

00:14:21,829 --> 00:14:18,880

now if you believe just one out of ten

344

00:14:23,670 --> 00:14:21,839

people then they're not lying um it

345

00:14:25,430 --> 00:14:23,680

wouldn't be a surprise

346

00:14:26,949 --> 00:14:25,440

so of course these things are kept under

347

00:14:28,710 --> 00:14:26,959

wraps they're kept under cover they

348

00:14:31,189 --> 00:14:28,720

don't want to share it with you know

349

00:14:33,110 --> 00:14:31,199

russia or adversaries

350

00:14:35,030 --> 00:14:33,120

so i can understand to a degree some of

351

00:14:36,710 --> 00:14:35,040

it but it's so frustrating i wish they

352

00:14:38,629 --> 00:14:36,720

would just

353

00:14:42,550 --> 00:14:38,639

share the information with the public

354

00:14:45,829 --> 00:14:42,560

and try and declassify much much of it

355

00:14:47,509 --> 00:14:45,839

within reason that is great analysis max

356

00:14:50,389 --> 00:14:47,519

we're gonna nathan we'll get a check out

357

00:14:52,069 --> 00:14:50,399

to max on tuesday after the holiday uh

358

00:14:54,949 --> 00:14:52,079

great day yes

359

00:14:56,389 --> 00:14:54,959

checks in the mail yeah great job uh so

360

00:14:58,310 --> 00:14:56,399

we're gonna we're gonna

361

00:14:59,670 --> 00:14:58,320

go linear here but because you guys are

362

00:15:01,030 --> 00:14:59,680

lined up and we'll try to stick with

363

00:15:04,470 --> 00:15:01,040

what we got here and if not we'll go

364

00:15:06,310 --> 00:15:04,480

back to alphabet but uh frank my brother

365

00:15:09,829 --> 00:15:06,320

what is your topic man

366

00:15:11,590 --> 00:15:09,839

yeah so um dr bernard hayes has stated

367

00:15:13,990 --> 00:15:11,600

publicly that sources have told him that

368

00:15:15,829 --> 00:15:14,000

there are at least four programs related

369

00:15:18,710 --> 00:15:15,839

to crash retrieval and reverse

370

00:15:21,350 --> 00:15:18,720

engineering of ufo craft and jeremy

371

00:15:23,350 --> 00:15:21,360

corbell has also said the same thing and

372

00:15:25,350 --> 00:15:23,360

given jeremy's own source network and

373

00:15:27,590 --> 00:15:25,360

how closely he works with george and app

374

00:15:30,069 --> 00:15:27,600

that's pretty significant in my book

375

00:15:31,910 --> 00:15:30,079

ross coltar has also reported on these

376

00:15:33,829 --> 00:15:31,920

reverse engineering programs and has

377

00:15:36,470 --> 00:15:33,839

heard this directly from high-level

378

00:15:38,790 --> 00:15:36,480

individuals such as nat kovitz who ross

379

00:15:40,629 --> 00:15:38,800

describes as the navy's chief buffing

380

00:15:42,629 --> 00:15:40,639

and when you add to that the wilson

381

00:15:44,310 --> 00:15:42,639

notes especially how they were mentioned

382

00:15:46,470 --> 00:15:44,320

in these recent hearings and more and

383

00:15:49,110 --> 00:15:46,480

more people have come out and endorsed

384

00:15:50,629 --> 00:15:49,120

those documents since that to cut a long

385

00:15:53,110 --> 00:15:50,639

story short it's looking more and more

386

00:15:55,189 --> 00:15:53,120

like these programs do exist probably in

387

00:15:57,829 --> 00:15:55,199

close cooperation with private aerospace

388

00:15:59,509 --> 00:15:57,839

and defense companies so my question is

389

00:16:01,910 --> 00:15:59,519

first of all do you think these programs

390

00:16:03,590 --> 00:16:01,920

do exist and if so

391

00:16:07,590 --> 00:16:03,600

what is the extent of what they've

392

00:16:08,870 --> 00:16:07,600

actually been able to get hold of and do

393

00:16:10,629 --> 00:16:08,880

okay now

394

00:16:14,150 --> 00:16:10,639

if you want uh to

395

00:16:17,590 --> 00:16:14,160

nathan to avoid getting disjointed the

396

00:16:19,110 --> 00:16:17,600

alphabetical part of this is um

397

00:16:22,150 --> 00:16:19,120

it would be charlotte first then

398

00:16:23,590 --> 00:16:22,160

christopher then dave than frank

399

00:16:30,310 --> 00:16:23,600

so

400

00:16:31,910 --> 00:16:30,320

disjointed here and charlotte please

401

00:16:33,670 --> 00:16:31,920

react to that first

402

00:16:35,749 --> 00:16:33,680

yeah i think on the whole sort of like

403

00:16:38,629 --> 00:16:35,759

issue of crash retrievals and meta

404

00:16:41,189 --> 00:16:38,639

materials or whatever's being tested

405

00:16:44,069 --> 00:16:41,199

i've gone from kind of thinking now

406

00:16:45,910 --> 00:16:44,079

just to the amount of evidence and

407

00:16:48,550 --> 00:16:45,920

documents and then hearing like you know

408

00:16:49,829 --> 00:16:48,560

gary nolan talk about it quite down to

409

00:16:51,189 --> 00:16:49,839

earth saying it's just a matter of

410

00:16:53,189 --> 00:16:51,199

testing things and we don't even know if

411

00:16:54,949 --> 00:16:53,199

they're anything weird or not but now

412

00:16:56,470 --> 00:16:54,959

i'm the same as you frank i think i just

413

00:16:58,069 --> 00:16:56,480

think there's a lot more to this and

414

00:16:59,110 --> 00:16:58,079

clearly there's something

415

00:17:04,630 --> 00:16:59,120

so

416

00:17:07,110 --> 00:17:04,640

you know eg and g or whatever maybe you

417

00:17:08,470 --> 00:17:07,120

know and maybe it's not as clandestine

418

00:17:10,069 --> 00:17:08,480

as we're not letting you have it i don't

419

00:17:12,069 --> 00:17:10,079

know who knows but it does seem like

420

00:17:14,470 --> 00:17:12,079

there's something to it i think now yeah

421

00:17:16,069 --> 00:17:14,480

definitely it's changed me around

422

00:17:18,549 --> 00:17:16,079

i'd be willing to bet a significant

423

00:17:21,110 --> 00:17:18,559

amount of money that there is in a

424

00:17:23,189 --> 00:17:21,120

one-on-one bet with with anyone i'd i

425

00:17:25,029 --> 00:17:23,199

would i would if i had to wager and i

426

00:17:26,390 --> 00:17:25,039

knew that i could get a definitive

427

00:17:27,669 --> 00:17:26,400

answer i'd put a significant amount of

428

00:17:29,110 --> 00:17:27,679

money on that

429

00:17:30,789 --> 00:17:29,120

uh

430

00:17:32,710 --> 00:17:30,799

christopher so we'll go back to our

431

00:17:34,549 --> 00:17:32,720

order christopher what say you sir

432

00:17:35,909 --> 00:17:34,559

regarding crash retrieval programs if

433

00:17:37,909 --> 00:17:35,919

you heard frank's

434

00:17:41,990 --> 00:17:37,919

that's fine i mean i wasn't fully

435

00:17:44,310 --> 00:17:42,000

convinced of um the wilson davis memo

436

00:17:46,470 --> 00:17:44,320

before to be fair but now it's being

437

00:17:48,470 --> 00:17:46,480

confirmed to me by sources that

438

00:17:52,230 --> 00:17:48,480

it does seem to be legit and that's been

439

00:17:54,630 --> 00:17:52,240

a major surprise to me i mean um

440

00:17:57,990 --> 00:17:54,640

yes my boy i'm obviously naysayer in the

441

00:17:59,510 --> 00:17:58,000

picture now as well as per um the iaa

442

00:18:00,950 --> 00:17:59,520

they're gonna get involved in the effort

443

00:18:03,029 --> 00:18:00,960

and they've been rumors for a long time

444

00:18:05,350 --> 00:18:03,039

that the crash retrievals have gone down

445

00:18:06,870 --> 00:18:05,360

to write paterson and being studied by

446

00:18:08,870 --> 00:18:06,880

natick as well which i think really

447

00:18:11,909 --> 00:18:08,880

really interesting um and then going

448

00:18:15,029 --> 00:18:11,919

back to 1933 here

449

00:18:17,190 --> 00:18:15,039

yes the united kingdom

450

00:18:19,669 --> 00:18:17,200

so the italian craft of 1933 was

451  
00:18:20,789 --> 00:18:19,679  
apparently taken to nasik after the war

452  
00:18:22,150 --> 00:18:20,799  
and i find that really interesting

453  
00:18:24,150 --> 00:18:22,160  
hopefully we can go back to that

454  
00:18:26,070 --> 00:18:24,160  
historic stuff as well yeah

455  
00:18:28,390 --> 00:18:26,080  
come on so that's what lou was talking

456  
00:18:30,070 --> 00:18:28,400  
about when he said we got craft from the

457  
00:18:31,990 --> 00:18:30,080  
italians i didn't order material from

458  
00:18:33,990 --> 00:18:32,000  
the italians i didn't know that the the

459  
00:18:35,669 --> 00:18:34,000  
the genesis of that but it was crazy

460  
00:18:36,470 --> 00:18:35,679  
wow correct yeah

461  
00:18:38,230 --> 00:18:36,480  
wow

462  
00:18:40,390 --> 00:18:38,240  
okay uh next on the list to react to

463  
00:18:42,549 --> 00:18:40,400

that will be dave smathers

464

00:18:44,710 --> 00:18:42,559

yeah i think there's loads of programs

465

00:18:47,669 --> 00:18:44,720

actually i think there's been a lot

466

00:18:49,190 --> 00:18:47,679

going on uh post-war i think there's two

467

00:18:51,590 --> 00:18:49,200

sets of programs actually i think

468

00:18:53,590 --> 00:18:51,600

there's a core group of indones

469

00:18:56,070 --> 00:18:53,600

we've been running programs i think from

470

00:18:57,669 --> 00:18:56,080

the doa and private industry running

471

00:18:58,950 --> 00:18:57,679

them right through a lot of weapons

472

00:19:00,390 --> 00:18:58,960

propulsion

473

00:19:02,070 --> 00:19:00,400

and i also think there's another set of

474

00:19:03,830 --> 00:19:02,080

programs from the other armed forces who

475

00:19:05,510 --> 00:19:03,840

are sort of one of those

476

00:19:07,750 --> 00:19:05,520

who don't can't quite get into the

477

00:19:09,430 --> 00:19:07,760

action but know quite a bit and they'd

478

00:19:11,110 --> 00:19:09,440

run their own programs and i think if

479

00:19:13,510 --> 00:19:11,120

you look at atip and all that that was

480

00:19:15,350 --> 00:19:13,520

an example of one of those

481

00:19:17,350 --> 00:19:15,360

actually setting up a program to find

482

00:19:18,870 --> 00:19:17,360

out what the in the nose do know as it

483

00:19:19,750 --> 00:19:18,880

were i know that's a lot of no's in that

484

00:19:22,070 --> 00:19:19,760

sense

485

00:19:23,510 --> 00:19:22,080

but that's but i do think that i think

486

00:19:25,510 --> 00:19:23,520

there's a lot of programs been going on

487

00:19:26,630 --> 00:19:25,520

they don't all necessarily know about

488

00:19:28,230 --> 00:19:26,640

each other

489

00:19:30,950 --> 00:19:28,240

but i think there's one set where they

490

00:19:32,549 --> 00:19:30,960

are the sort of core ones we hear and

491

00:19:34,789 --> 00:19:32,559

there's other sets that have maybe been

492

00:19:37,029 --> 00:19:34,799

set up more randomly and so if you

493

00:19:39,270 --> 00:19:37,039

listen to car to carbel speak he says at

494

00:19:41,909 --> 00:19:39,280

least four but the implication in what

495

00:19:44,070 --> 00:19:41,919

he says is maybe 20 maybe more so i

496

00:19:46,470 --> 00:19:44,080

think we make a mistake in this topic to

497

00:19:48,789 --> 00:19:46,480

if we don't see the actual conflict

498

00:19:50,870 --> 00:19:48,799

going on behind the scenes between these

499

00:19:52,549 --> 00:19:50,880

sort of warring factions and that's

500

00:19:54,150 --> 00:19:52,559

where disclosure sort of sits in that

501  
00:19:55,750 --> 00:19:54,160  
crucible really so

502  
00:19:57,590 --> 00:19:55,760  
i think there's a lot of

503  
00:19:58,669 --> 00:19:57,600  
competition going on some people not

504  
00:20:01,750 --> 00:19:58,679  
telling each other we've got to

505  
00:20:03,590 --> 00:20:01,760  
compartmentalize it lization and there's

506  
00:20:04,789 --> 00:20:03,600  
probably a lot of duplication going on

507  
00:20:06,950 --> 00:20:04,799  
as well so

508  
00:20:08,710 --> 00:20:06,960  
it's definitely the history of the topic

509  
00:20:11,590 --> 00:20:08,720  
when we look back on it when we do get

510  
00:20:13,430 --> 00:20:11,600  
to know we'll be around conflict and all

511  
00:20:15,750 --> 00:20:13,440  
these sort of shadow games and we've

512  
00:20:17,110 --> 00:20:15,760  
seen the biggest one now with lou

513  
00:20:19,029 --> 00:20:17,120

who seems to be winning the arm

514

00:20:20,310 --> 00:20:19,039

wrestling competition with his faction

515

00:20:22,310 --> 00:20:20,320

against uh

516

00:20:23,510 --> 00:20:22,320

the gary reeds of this world and his lot

517

00:20:25,190 --> 00:20:23,520

that's my view and that's why i think

518

00:20:26,710 --> 00:20:25,200

there's loads of them going on that's i

519

00:20:29,110 --> 00:20:26,720

agree that's really interesting

520

00:20:30,870 --> 00:20:29,120

interesting take i think lou got hints

521

00:20:33,270 --> 00:20:30,880

of some of them i don't know if he knows

522

00:20:35,190 --> 00:20:33,280

all of them uh i don't have any idea how

523

00:20:37,430 --> 00:20:35,200

many there is but that's that's a very

524

00:20:39,590 --> 00:20:37,440

interesting take i absolutely agree dj i

525

00:20:41,590 --> 00:20:39,600

think lou he's trying to desperately get

526

00:20:43,669 --> 00:20:41,600

into the doa stuff that's what him and

527

00:20:45,590 --> 00:20:43,679

chris haven't been in a crack sure and

528

00:20:47,350 --> 00:20:45,600

that seems to be their target you know

529

00:20:50,870 --> 00:20:47,360

yeah they said it on podcast they they

530

00:20:53,430 --> 00:20:50,880

even laid out program numbers and uh and

531

00:20:56,310 --> 00:20:53,440

title different title 50 programs so no

532

00:20:58,230 --> 00:20:56,320

doubt uh let's go to max uh with that to

533

00:20:59,830 --> 00:20:58,240

tackle that sir

534

00:21:01,270 --> 00:20:59,840

i think that

535

00:21:02,950 --> 00:21:01,280

um

536

00:21:05,669 --> 00:21:02,960

again in the same way that it's been

537

00:21:08,070 --> 00:21:05,679

compartmentalized

538

00:21:10,710 --> 00:21:08,080

the people it is very very i mean we're

539

00:21:13,909 --> 00:21:10,720

really hitting the nail on the head

540

00:21:15,510 --> 00:21:13,919

it's been fragmented it's been

541

00:21:16,950 --> 00:21:15,520

um

542

00:21:19,270 --> 00:21:16,960

people have

543

00:21:21,270 --> 00:21:19,280

have made sure whether

544

00:21:23,669 --> 00:21:21,280

this is real or perceived that only

545

00:21:25,270 --> 00:21:23,679

small pockets of

546

00:21:28,230 --> 00:21:25,280

individuals have

547

00:21:30,230 --> 00:21:28,240

deeper knowledge and access

548

00:21:32,149 --> 00:21:30,240

so just looking at the bigger picture

549

00:21:34,230 --> 00:21:32,159

over decades and decades we have far too

550

00:21:36,870 --> 00:21:34,240

many cases of again

551  
00:21:40,470 --> 00:21:36,880  
even around the world not just in the um

552  
00:21:41,830 --> 00:21:40,480  
in the us in the uk in australia

553  
00:21:46,070 --> 00:21:41,840  
everywhere

554  
00:21:48,549 --> 00:21:46,080  
where once something very um once a uap

555  
00:21:51,909 --> 00:21:48,559  
situation occurs let's say

556  
00:21:53,190 --> 00:21:51,919  
that military types turn up often us are

557  
00:21:55,430 --> 00:21:53,200  
involved in that

558  
00:21:57,590 --> 00:21:55,440  
whether it's the westall

559  
00:21:58,630 --> 00:21:57,600  
primary school incident where there were

560  
00:21:59,750 --> 00:21:58,640  
british

561  
00:22:01,190 --> 00:21:59,760  
brazil

562  
00:22:03,590 --> 00:22:01,200  
yeah

563  
00:22:06,789 --> 00:22:03,600

and so there's definitely been a

564

00:22:10,230 --> 00:22:06,799

cover-up of some sort and if there's any

565

00:22:12,630 --> 00:22:10,240

if there is any ejecta as jacques valley

566

00:22:15,830 --> 00:22:12,640

called it if there are any

567

00:22:17,590 --> 00:22:15,840

crashed parts retrieved let's say

568

00:22:20,310 --> 00:22:17,600

then it makes sense that they would be

569

00:22:22,390 --> 00:22:20,320

put into private organizations for one

570

00:22:24,630 --> 00:22:22,400

good reason if not many one of those

571

00:22:26,870 --> 00:22:24,640

being freedom of information act

572

00:22:29,510 --> 00:22:26,880

as far as my understanding goes

573

00:22:32,310 --> 00:22:29,520

as soon as it goes into private domain a

574

00:22:33,590 --> 00:22:32,320

private organization it's not you're not

575

00:22:34,549 --> 00:22:33,600

able to

576

00:22:36,230 --> 00:22:34,559

foia

577

00:22:38,549 --> 00:22:36,240

information on that right so that's very

578

00:22:40,149 --> 00:22:38,559

convenient isn't it

579

00:22:42,230 --> 00:22:40,159

i think there's a there's other ways

580

00:22:44,149 --> 00:22:42,240

classification alone would would obscure

581

00:22:45,750 --> 00:22:44,159

it from foia so there's that a lot of

582

00:22:47,669 --> 00:22:45,760

people think that that oh that means

583

00:22:49,430 --> 00:22:47,679

it's at lockheed or it means it's there

584

00:22:51,350 --> 00:22:49,440

you can just classify something and you

585

00:22:52,870 --> 00:22:51,360

could foy it yeah you've heard someone

586

00:22:54,310 --> 00:22:52,880

say that the other day you could foy it

587

00:22:56,870 --> 00:22:54,320

until you're dead you're never going to

588

00:22:59,830 --> 00:22:56,880

get that information that's not

589

00:23:02,390 --> 00:22:59,840

it's it's i've said this at length it's

590

00:23:04,470 --> 00:23:02,400

putting it in the most secure location

591

00:23:07,190 --> 00:23:04,480

that's buried between many layers of

592

00:23:08,870 --> 00:23:07,200

security so that nobody can get at it

593

00:23:10,950 --> 00:23:08,880

and the best way to do that is to have

594

00:23:12,789 --> 00:23:10,960

it at a facility that is extremely

595

00:23:14,470 --> 00:23:12,799

difficult to get to and some of the

596

00:23:16,630 --> 00:23:14,480

civilian facilities are much easier to

597

00:23:18,149 --> 00:23:16,640

get to than some of the dod facilities

598

00:23:19,909 --> 00:23:18,159

that notwithstanding

599

00:23:22,870 --> 00:23:19,919

i think they may have pieces and parts

600

00:23:24,549 --> 00:23:22,880

of things but if there's whole things i

601  
00:23:26,390 --> 00:23:24,559  
think those things are

602  
00:23:28,630 --> 00:23:26,400  
are probably in facilities uh like

603  
00:23:30,789 --> 00:23:28,640  
you've heard about that are underground

604  
00:23:34,390 --> 00:23:30,799  
and all these other things anyway

605  
00:23:36,950 --> 00:23:34,400  
uh let's move on to christopher

606  
00:23:39,590 --> 00:23:36,960  
sharp with his topic for the rest of you

607  
00:23:42,070 --> 00:23:39,600  
to consider

608  
00:23:43,510 --> 00:23:42,080  
thank you very much um so my topic to

609  
00:23:45,430 --> 00:23:43,520  
consider is

610  
00:23:47,909 --> 00:23:45,440  
international disclosure

611  
00:23:50,630 --> 00:23:47,919  
and collaborative efforts with the likes

612  
00:23:53,029 --> 00:23:50,640  
of china and russia and getting the five

613  
00:23:56,230 --> 00:23:53,039

eyes involved as well and there's two

614

00:23:57,830 --> 00:23:56,240

aspects to this um there's the national

615

00:24:00,710 --> 00:23:57,840

defense authorization

616

00:24:02,950 --> 00:24:00,720

text which states that america must

617

00:24:04,710 --> 00:24:02,960

coordinate with allies and partners

618

00:24:07,430 --> 00:24:04,720

which would probably include the uk and

619

00:24:08,789 --> 00:24:07,440

whatnot um but also the united nations

620

00:24:11,029 --> 00:24:08,799

aspect as well

621

00:24:13,510 --> 00:24:11,039

um with what's being done with project

622

00:24:16,070 --> 00:24:13,520

titan from my understanding

623

00:24:19,830 --> 00:24:16,080

that is currently being delayed due to

624

00:24:21,110 --> 00:24:19,840

the conflict situation um with ukraine

625

00:24:23,669 --> 00:24:21,120

um

626  
00:24:27,110 --> 00:24:23,679  
that i'd love your thoughts

627  
00:24:28,230 --> 00:24:27,120  
in regard to what happened with project

628  
00:24:31,110 --> 00:24:28,240  
titan

629  
00:24:35,990 --> 00:24:31,120  
and coordination with allies such as the

630  
00:24:37,909 --> 00:24:36,000  
uk in the upcoming six months let's say

631  
00:24:39,990 --> 00:24:37,919  
if somebody doesn't know project titan

632  
00:24:44,230 --> 00:24:40,000  
just go over that real quick

633  
00:24:46,390 --> 00:24:44,240  
okay sure so um it's ice an organization

634  
00:24:48,310 --> 00:24:46,400  
named isa they set that up

635  
00:24:49,510 --> 00:24:48,320  
um

636  
00:24:52,549 --> 00:24:49,520  
the court

637  
00:24:54,950 --> 00:24:52,559  
the core of which was um

638  
00:24:56,390 --> 00:24:54,960

founded in china

639

00:25:06,390 --> 00:24:56,400

um

640

00:25:08,630 --> 00:25:06,400

a the cun which is an italian ufo

641

00:25:10,470 --> 00:25:08,640

organization is they've gone to san

642

00:25:16,390 --> 00:25:10,480

marino and they're trying to get san

643

00:25:20,230 --> 00:25:19,350

some conferences basically um which

644

00:25:21,350 --> 00:25:20,240

would be

645

00:25:23,590 --> 00:25:21,360

um

646

00:25:25,990 --> 00:25:23,600

make the san marino like the geneva of

647

00:25:27,669 --> 00:25:26,000

the ufo world would have these kind of

648

00:25:29,350 --> 00:25:27,679

big kind of

649

00:25:30,470 --> 00:25:29,360

meetings between countries and stuff to

650

00:25:33,190 --> 00:25:30,480

discuss

651

00:25:34,310 --> 00:25:33,200

unidentified aerial phenomena

652

00:25:37,269 --> 00:25:34,320

all right so basically what you're

653

00:25:40,149 --> 00:25:37,279

asking to consider is the effect that

654

00:25:42,950 --> 00:25:40,159

international cooperation to include

655

00:25:45,590 --> 00:25:42,960

countries that are considered you know

656

00:25:47,830 --> 00:25:45,600

not friendly uh to to either the us and

657

00:25:50,070 --> 00:25:47,840

what effect that might have on

658

00:25:51,990 --> 00:25:50,080

disclosure and proliferation of

659

00:25:53,669 --> 00:25:52,000

information to the public is that

660

00:25:55,269 --> 00:25:53,679

basically what you're asking

661

00:25:56,630 --> 00:25:55,279

correct but also actually i'd like to

662

00:25:58,149 --> 00:25:56,640

add to that as well will it bring the

663

00:26:00,390 --> 00:25:58,159

world together will it make the world a

664

00:26:03,110 --> 00:26:00,400

more peaceful place and change

665

00:26:05,350 --> 00:26:03,120

the diplomatic composition let's say

666

00:26:06,950 --> 00:26:05,360

this is heavy lifting charlotte this is

667

00:26:12,710 --> 00:26:06,960

like asking you to write strawberry

668

00:26:16,230 --> 00:26:14,549

oh you're on mute you're on mute

669

00:26:17,350 --> 00:26:16,240

sweetheart

670

00:26:19,350 --> 00:26:17,360

that's all right

671

00:26:20,950 --> 00:26:19,360

you're back you're back yeah and i i

672

00:26:23,110 --> 00:26:20,960

knew that titan was to do with the san

673

00:26:25,269 --> 00:26:23,120

marino stuff that's kind of about where

674

00:26:27,830 --> 00:26:25,279

i sit with my knowledge with all this

675

00:26:29,990 --> 00:26:27,840

but yeah i think it's so hard to see

676

00:26:32,950 --> 00:26:30,000

people sharing information because of

677

00:26:34,630 --> 00:26:32,960

weapons race stuff but then like you've

678

00:26:36,310 --> 00:26:34,640

all said earlier you know it's all very

679

00:26:39,269 --> 00:26:36,320

compartmentalized so somebody who's

680

00:26:41,190 --> 00:26:39,279

working on stuff to do with weapons or

681

00:26:42,710 --> 00:26:41,200

testing materials is probably very

682

00:26:45,029 --> 00:26:42,720

separate to the people who are going out

683

00:26:47,110 --> 00:26:45,039

and trying to build links so

684

00:26:49,510 --> 00:26:47,120

i really don't know it's it's so hard to

685

00:26:51,110 --> 00:26:49,520

understand especially from the uk where

686

00:26:52,230 --> 00:26:51,120

last we heard they were saying it's a

687

00:26:53,190 --> 00:26:52,240

weather phenomenon we don't really

688

00:26:55,510 --> 00:26:53,200

understand what we're going to do

689

00:26:56,950 --> 00:26:55,520

nothing about so how are they going to

690

00:26:59,029 --> 00:26:56,960

get on board with this you know i can

691

00:27:01,350 --> 00:26:59,039

only think of the uk at the moment you

692

00:27:03,669 --> 00:27:01,360

know i think other countries are much

693

00:27:06,549 --> 00:27:03,679

more open and maybe they'll get on board

694

00:27:08,710 --> 00:27:06,559

and it'll help us but for the uk part

695

00:27:11,430 --> 00:27:08,720

i just oh it's really hard to imagine

696

00:27:14,230 --> 00:27:11,440

them going oh okay let's yeah let's look

697

00:27:17,110 --> 00:27:14,240

at something weird you know

698

00:27:18,789 --> 00:27:17,120

yeah i i love i love the idea of it i

699

00:27:20,789 --> 00:27:18,799

won't say i got something for

700

00:27:23,430 --> 00:27:20,799

christopher on background that i'll talk

701  
00:27:26,149 --> 00:27:23,440  
to him about after the show but um

702  
00:27:29,029 --> 00:27:26,159  
but yeah uh i i think this is a

703  
00:27:32,070 --> 00:27:29,039  
brilliant idea uh to to get those if if

704  
00:27:33,430 --> 00:27:32,080  
they could create a network that's apart

705  
00:27:36,149 --> 00:27:33,440  
from the other

706  
00:27:37,430 --> 00:27:36,159  
sippernet jwix giant all these other

707  
00:27:39,510 --> 00:27:37,440  
networks where they could share that

708  
00:27:41,029 --> 00:27:39,520  
information there's no telling what what

709  
00:27:44,630 --> 00:27:41,039  
you might be able to get out of that but

710  
00:27:45,430 --> 00:27:44,640  
uh yeah consider that next look at space

711  
00:27:47,269 --> 00:27:45,440  
right

712  
00:27:48,630 --> 00:27:47,279  
uh and did you i didn't want me to cut

713  
00:27:50,149 --> 00:27:48,640

you off did you have anything further

714

00:27:51,510 --> 00:27:50,159

okay no no no i just thought you know

715

00:27:53,269 --> 00:27:51,520

that space is one thing that we've

716

00:27:54,549 --> 00:27:53,279

worked on and maybe that can happen but

717

00:27:57,269 --> 00:27:54,559

it's the only thing we seem to have

718

00:27:59,430 --> 00:27:57,279

managed to do any good with

719

00:28:02,070 --> 00:27:59,440

great example great examples

720

00:28:03,909 --> 00:28:02,080

um dave yeah i think it's one of the

721

00:28:05,430 --> 00:28:03,919

most incongruous areas this it's like

722

00:28:07,590 --> 00:28:05,440

the piece that doesn't fit isn't it it's

723

00:28:10,070 --> 00:28:07,600

international stuff you can see how they

724

00:28:11,830 --> 00:28:10,080

could get disclosure or you find it out

725

00:28:13,350 --> 00:28:11,840

but when you go international we've all

726

00:28:14,950 --> 00:28:13,360

got the dream of everybody coming

727

00:28:17,029 --> 00:28:14,960

together you know the sort of reagan

728

00:28:18,310 --> 00:28:17,039

dream oh another threat and we'll all

729

00:28:19,669 --> 00:28:18,320

come together but

730

00:28:22,149 --> 00:28:19,679

there's a lot of serious issues with

731

00:28:23,750 --> 00:28:22,159

russia and china very despotic regimes

732

00:28:25,190 --> 00:28:23,760

anti-democratic there seems to be that

733

00:28:26,789 --> 00:28:25,200

sort of thing going on without getting

734

00:28:28,789 --> 00:28:26,799

too political but

735

00:28:30,950 --> 00:28:28,799

do we want to share stuff with them how

736

00:28:32,710 --> 00:28:30,960

is it going to happen it seems that the

737

00:28:34,310 --> 00:28:32,720

american government might not come in i

738

00:28:35,750 --> 00:28:34,320

mean i think

739

00:28:37,510 --> 00:28:35,760

the five eyes are coming they've got to

740

00:28:39,029 --> 00:28:37,520

say quite right sir and we'll get along

741

00:28:40,950 --> 00:28:39,039

right or wrong with that program now we

742

00:28:42,310 --> 00:28:40,960

haven't told anybody but now you've said

743

00:28:44,630 --> 00:28:42,320

we'll say as well so i don't think

744

00:28:46,149 --> 00:28:44,640

there'll be a problem from the british

745

00:28:49,350 --> 00:28:46,159

point of view we'll just say quite right

746

00:28:51,110 --> 00:28:49,360

and carry on you know but uh

747

00:28:53,510 --> 00:28:51,120

really oh yes you did mention that but

748

00:28:55,269 --> 00:28:53,520

well yeah anyway but i think when it

749

00:28:56,710 --> 00:28:55,279

comes down to chinese and russian stuff

750

00:29:00,470 --> 00:28:56,720

it's like it's a lot tricky and the

751

00:29:02,950 --> 00:29:00,480

question is would it take disclosure to

752

00:29:04,470 --> 00:29:02,960

breed international cooperation uh

753

00:29:06,470 --> 00:29:04,480

rather than the other way around it

754

00:29:08,789 --> 00:29:06,480

might not happen before but it might

755

00:29:10,789 --> 00:29:08,799

happen afterwards and i think it's a big

756

00:29:13,190 --> 00:29:10,799

argument against liberal alexander being

757

00:29:14,549 --> 00:29:13,200

some deep cover government agent but

758

00:29:17,110 --> 00:29:14,559

he's really pushed the international

759

00:29:18,630 --> 00:29:17,120

agenda and really gone for it strongly

760

00:29:20,070 --> 00:29:18,640

and it isn't really a government

761

00:29:22,070 --> 00:29:20,080

position and it certainly i wouldn't

762

00:29:24,230 --> 00:29:22,080

have thought the american security

763

00:29:25,830 --> 00:29:24,240

services would have loved that position

764

00:29:28,149 --> 00:29:25,840

yeah he's pushed it because he wants it

765

00:29:29,590 --> 00:29:28,159

so i think that's quite a to me that was

766

00:29:31,909 --> 00:29:29,600

a big validation of lou not that i

767

00:29:33,750 --> 00:29:31,919

needed one but and it's a very very

768

00:29:35,750 --> 00:29:33,760

tricky area and i don't think there's

769

00:29:37,750 --> 00:29:35,760

been enough thought about how it would

770

00:29:39,669 --> 00:29:37,760

work and whether we would indeed want to

771

00:29:41,510 --> 00:29:39,679

work with russia or china

772

00:29:43,430 --> 00:29:41,520

i'd certainly have some serious doubts

773

00:29:45,590 --> 00:29:43,440

about that and i'm not particularly on

774

00:29:47,029 --> 00:29:45,600

the hawkish side but you know so yeah i

775

00:29:48,710 --> 00:29:47,039

think it's uh

776

00:29:50,389 --> 00:29:48,720

quite incongruous in the general it's a

777

00:29:52,710 --> 00:29:50,399

lot of it's easy in ufos in terms of

778

00:29:54,710 --> 00:29:52,720

where things sit this is very very

779

00:29:56,950 --> 00:29:54,720

difficult and slippery

780

00:29:58,870 --> 00:29:56,960

hey frank if if you look real closely

781

00:30:00,690 --> 00:29:58,880

can you see george harrison when you

782

00:30:02,870 --> 00:30:00,700

look at dave can it can it

783

00:30:05,190 --> 00:30:02,880

[Laughter]

784

00:30:07,750 --> 00:30:05,200

maybe just a little bit okay okay all

785

00:30:09,830 --> 00:30:07,760

right fair enough fair enough um so

786

00:30:11,990 --> 00:30:09,840

what's your what's your thoughts sir

787

00:30:13,590 --> 00:30:12,000

yeah i mean it's it's an interesting uh

788

00:30:15,190 --> 00:30:13,600

topic in general really with the

789

00:30:17,110 --> 00:30:15,200

international cooperation thing because

790

00:30:19,510 --> 00:30:17,120

obviously here in the uk that you know

791

00:30:21,350 --> 00:30:19,520

the government has basically just said

792

00:30:23,190 --> 00:30:21,360

there's nothing to see here for quite a

793

00:30:24,389 --> 00:30:23,200

long time now since pretty much the last

794

00:30:26,230 --> 00:30:24,399

20 years

795

00:30:28,310 --> 00:30:26,240

and um the calm down report and things

796

00:30:30,710 --> 00:30:28,320

like that that there was no national

797

00:30:33,190 --> 00:30:30,720

security concerns and that was basically

798

00:30:34,470 --> 00:30:33,200

the end of the matter you know but it is

799

00:30:36,710 --> 00:30:34,480

something that i've been thinking about

800

00:30:38,149 --> 00:30:36,720

quite a lot as to how our government

801  
00:30:40,870 --> 00:30:38,159  
here in the uk are actually going to

802  
00:30:42,630 --> 00:30:40,880  
react to the fact that the american

803  
00:30:44,470 --> 00:30:42,640  
government are now openly admitting that

804  
00:30:46,149 --> 00:30:44,480  
there is a national security risk

805  
00:30:48,149 --> 00:30:46,159  
involved with this and you know even

806  
00:30:49,990 --> 00:30:48,159  
potentially a risk to commercial flights

807  
00:30:52,549 --> 00:30:50,000  
as well and things like that it is going

808  
00:30:54,710 --> 00:30:52,559  
to kind of you know the at least the

809  
00:30:56,470 --> 00:30:54,720  
public facing side of things in terms of

810  
00:30:58,149 --> 00:30:56,480  
the uk government's

811  
00:31:00,389 --> 00:30:58,159  
attitude on all this is going to be kind

812  
00:31:02,630 --> 00:31:00,399  
of dragged kicking and screaming to

813  
00:31:04,870 --> 00:31:02,640

catch up with the americans but i think

814

00:31:07,350 --> 00:31:04,880

also behind the scenes as well there

815

00:31:09,350 --> 00:31:07,360

probably is already um you know

816

00:31:11,830 --> 00:31:09,360

strengthening of the cooperation on this

817

00:31:13,990 --> 00:31:11,840

on this issue and in my opinion they're

818

00:31:15,430 --> 00:31:14,000

probably not being open with the public

819

00:31:17,590 --> 00:31:15,440

about the extent of what they've been

820

00:31:20,310 --> 00:31:17,600

doing you know for a while in terms of

821

00:31:22,149 --> 00:31:20,320

uh collaborating with the the americans

822

00:31:24,870 --> 00:31:22,159

and the australians and things like that

823

00:31:26,149 --> 00:31:24,880

um but yeah it sort of makes me think

824

00:31:27,830 --> 00:31:26,159

whether or not they're gonna have to

825

00:31:29,590 --> 00:31:27,840

admit certain things and be more

826

00:31:31,029 --> 00:31:29,600

forthcoming with the public now but

827

00:31:32,950 --> 00:31:31,039

there's not really many signs of that

828

00:31:34,149 --> 00:31:32,960

either at the same time i wrote a letter

829

00:31:35,750 --> 00:31:34,159

to my mp

830

00:31:38,070 --> 00:31:35,760

about three months ago

831

00:31:40,070 --> 00:31:38,080

saying exactly this um you know that

832

00:31:41,509 --> 00:31:40,080

like all right your your attitude is

833

00:31:43,269 --> 00:31:41,519

that there's no national security

834

00:31:44,870 --> 00:31:43,279

concerns how do you feel about the fact

835

00:31:47,029 --> 00:31:44,880

that the american government now our

836

00:31:49,669 --> 00:31:47,039

closest ally that with the special

837

00:31:51,669 --> 00:31:49,679

relationship that we have is is directly

838

00:31:53,909 --> 00:31:51,679

contradicting the official line of the

839

00:31:56,230 --> 00:31:53,919

of the uk government you know so it's

840

00:31:58,310 --> 00:31:56,240

quite tricky from that point of view and

841

00:32:00,789 --> 00:31:58,320

like like dave said as well

842

00:32:02,870 --> 00:32:00,799

with the detentions at the moment with

843

00:32:03,750 --> 00:32:02,880

you know russia china and that kind of

844

00:32:05,830 --> 00:32:03,760

thing

845

00:32:07,909 --> 00:32:05,840

you have to think that the wider

846

00:32:09,830 --> 00:32:07,919

international cooperation is going to be

847

00:32:11,990 --> 00:32:09,840

quite tricky at the moment but you would

848

00:32:14,470 --> 00:32:12,000

i would like to think just to put a

849

00:32:16,389 --> 00:32:14,480

little positive end to it that you know

850

00:32:17,990 --> 00:32:16,399

as charlotte said we have collaborated

851

00:32:19,669 --> 00:32:18,000

on the space station and things like

852

00:32:22,310 --> 00:32:19,679

that in the past so you would hope that

853

00:32:23,990 --> 00:32:22,320

with something this serious the the more

854

00:32:25,269 --> 00:32:24,000

you know it moves along that there might

855

00:32:27,430 --> 00:32:25,279

be some

856

00:32:29,029 --> 00:32:27,440

collaboration even with adversarial

857

00:32:30,870 --> 00:32:29,039

nations as well

858

00:32:32,470 --> 00:32:30,880

i love it this positive feeling at the

859

00:32:34,149 --> 00:32:32,480

end of the song when are you and

860

00:32:36,789 --> 00:32:34,159

charlotte going to jam together that's

861

00:32:42,230 --> 00:32:38,630

got to finish on a you got to finish on

862

00:32:46,950 --> 00:32:45,110

i love it the j.r.r tolkien of uh

863

00:32:48,310 --> 00:32:46,960

of uap media uh

864

00:32:51,029 --> 00:32:48,320

[Music]

865

00:32:53,509 --> 00:32:51,039

so next uh max uh last but not least on

866

00:32:55,269 --> 00:32:53,519

this topic it's max

867

00:32:58,310 --> 00:32:55,279

if we didn't we didn't get you yet right

868

00:32:59,909 --> 00:32:58,320

no no no yeah but um

869

00:33:02,389 --> 00:32:59,919

we've got a double-edged sword don't we

870

00:33:04,149 --> 00:33:02,399

the biggest problem the biggest

871

00:33:06,070 --> 00:33:04,159

roadblock

872

00:33:07,190 --> 00:33:06,080

is just the way that human

873

00:33:09,029 --> 00:33:07,200

humans

874

00:33:10,549 --> 00:33:09,039

have progressed even after everything

875

00:33:13,350 --> 00:33:10,559

we've been through over the millennia

876

00:33:15,509 --> 00:33:13,360

right we're still tribal we're still

877

00:33:17,430 --> 00:33:15,519

we draw imaginary lines in the sands and

878

00:33:19,110 --> 00:33:17,440

say this is a country

879

00:33:20,470 --> 00:33:19,120

our country and you can't cross that

880

00:33:23,190 --> 00:33:20,480

border and

881

00:33:25,110 --> 00:33:23,200

we're one race we're human beings on one

882

00:33:27,430 --> 00:33:25,120

planet on a rock floating through space

883

00:33:29,430 --> 00:33:27,440

and i just cannot for the life of me

884

00:33:31,029 --> 00:33:29,440

understand some people's mentality is

885

00:33:34,230 --> 00:33:31,039

just far too

886

00:33:36,230 --> 00:33:34,240

tribal tribal instinct still we need to

887

00:33:37,830 --> 00:33:36,240

start looking at it more of a we're all

888

00:33:39,590 --> 00:33:37,840

human beings we may speak different

889

00:33:42,549 --> 00:33:39,600

languages we have different skin tones

890

00:33:44,549 --> 00:33:42,559

who cares we're just humans

891

00:33:46,310 --> 00:33:44,559

so it's it's the class is the classic

892

00:33:49,830 --> 00:33:46,320

problem of

893

00:33:50,950 --> 00:33:49,840

we still have tyrants running nations

894

00:33:53,669 --> 00:33:50,960

and

895

00:33:57,430 --> 00:33:53,679

until until everybody's reading from the

896

00:34:00,149 --> 00:33:57,440

same song sheet the same hymn page

897

00:34:02,789 --> 00:34:00,159

until we get everybody to collaborate

898

00:34:05,750 --> 00:34:02,799

with one objective in mind instead of

899

00:34:06,950 --> 00:34:05,760

being separated imaginary separation all

900

00:34:09,750 --> 00:34:06,960

the time

901  
00:34:11,349 --> 00:34:09,760  
um classification itself

902  
00:34:13,669 --> 00:34:11,359  
has a purpose

903  
00:34:17,109 --> 00:34:13,679  
but it comes from a position of

904  
00:34:18,790 --> 00:34:17,119  
somewhat paranoia a lot of the time

905  
00:34:20,149 --> 00:34:18,800  
you can't you can't please all of the

906  
00:34:21,750 --> 00:34:20,159  
people all the time you're gonna you're

907  
00:34:23,909 --> 00:34:21,760  
always gonna have some bad apples that

908  
00:34:25,510 --> 00:34:23,919  
want to harm other people i get that so

909  
00:34:27,750 --> 00:34:25,520  
you have you have to

910  
00:34:29,909 --> 00:34:27,760  
you have to classify you have to protect

911  
00:34:32,629 --> 00:34:29,919  
your people okay

912  
00:34:34,869 --> 00:34:32,639  
but let's just put it this way

913  
00:34:37,829 --> 00:34:34,879

all of the data that's out there from

914

00:34:40,470 --> 00:34:37,839

geospatial organizations from nasa

915

00:34:42,869 --> 00:34:40,480

you've got all of these sensors that

916

00:34:44,950 --> 00:34:42,879

absolutely must have

917

00:34:46,230 --> 00:34:44,960

information that would prove one way or

918

00:34:48,550 --> 00:34:46,240

the other that these things are coming

919

00:34:51,190 --> 00:34:48,560

in from deep space into our atmosphere

920

00:34:52,790 --> 00:34:51,200

the data exists there's no question

921

00:34:54,310 --> 00:34:52,800

but

922

00:34:55,430 --> 00:34:54,320

we need we're not going to get them to

923

00:34:57,589 --> 00:34:55,440

share it because it's under

924

00:34:59,190 --> 00:34:57,599

classification

925

00:35:01,510 --> 00:34:59,200

so if people do

926  
00:35:04,150 --> 00:35:01,520  
have an international effort to share

927  
00:35:05,750 --> 00:35:04,160  
information all they're going to share

928  
00:35:09,430 --> 00:35:05,760  
is their own

929  
00:35:12,470 --> 00:35:10,710  
evidence

930  
00:35:14,950 --> 00:35:12,480  
unfortunately so again the biggest

931  
00:35:16,870 --> 00:35:14,960  
roadblock is classification i see it has

932  
00:35:18,470 --> 00:35:16,880  
a purpose i get that but it's

933  
00:35:20,150 --> 00:35:18,480  
unfortunately the one thing that stops

934  
00:35:22,150 --> 00:35:20,160  
us collaborating properly and solving

935  
00:35:23,190 --> 00:35:22,160  
this quicker can you imagine if just for

936  
00:35:25,270 --> 00:35:23,200  
one day

937  
00:35:26,790 --> 00:35:25,280  
hey max we got to be succinct we don't

938  
00:35:28,790 --> 00:35:26,800

have that much time left so you got to

939

00:35:30,550 --> 00:35:28,800

get your and here's the other thing he

940

00:35:32,069 --> 00:35:30,560

said you got to end the song happy

941

00:35:33,270 --> 00:35:32,079

remember frank just taught you how to

942

00:35:34,870 --> 00:35:33,280

write a song

943

00:35:36,950 --> 00:35:34,880

there's no charge there's no charge for

944

00:35:38,550 --> 00:35:36,960

that

945

00:35:39,910 --> 00:35:38,560

so i think the whole world should come

946

00:35:40,950 --> 00:35:39,920

together

947

00:35:45,109 --> 00:35:40,960

and

948

00:35:47,030 --> 00:35:45,119

just be open

949

00:35:48,550 --> 00:35:47,040

don't worry about paranoid stuff don't

950

00:35:50,470 --> 00:35:48,560

worry about the bad guys let's just

951  
00:35:51,990 --> 00:35:50,480  
share everything and then everybody can

952  
00:35:53,270 --> 00:35:52,000  
get the answers we've all been waiting

953  
00:35:56,069 --> 00:35:53,280  
for

954  
00:35:58,150 --> 00:35:56,079  
oh and nobody gets charged if they come

955  
00:36:00,150 --> 00:35:58,160  
forward with information

956  
00:36:02,870 --> 00:36:00,160  
yeah and i think you made a great a

957  
00:36:04,630 --> 00:36:02,880  
great point there because there uh uh

958  
00:36:06,150 --> 00:36:04,640  
there is there are certain types of like

959  
00:36:08,230 --> 00:36:06,160  
geospatial intelligence they're not

960  
00:36:10,470 --> 00:36:08,240  
going to share that imagery but but

961  
00:36:12,390 --> 00:36:10,480  
there still is a lot of room for other

962  
00:36:14,870 --> 00:36:12,400  
other types of information that would

963  
00:36:17,349 --> 00:36:14,880

breed the relationship that chris is

964

00:36:19,589 --> 00:36:17,359

looking for that would bring a sense of

965

00:36:20,550 --> 00:36:19,599

togetherness while still maintaining

966

00:36:25,349 --> 00:36:20,560

certain

967

00:36:27,349 --> 00:36:25,359

are separate from the rest

968

00:36:29,910 --> 00:36:27,359

say oh we got a couple i come together

969

00:36:33,190 --> 00:36:29,920

right now there's debs and laura salsa

970

00:36:36,630 --> 00:36:33,200

all right so uh now it is mr smithers

971

00:36:38,550 --> 00:36:36,640

again we got to be uh be succinct and

972

00:36:44,390 --> 00:36:38,560

what should i say dj

973

00:36:48,069 --> 00:36:46,310

calm down

974

00:36:50,630 --> 00:36:48,079

no i'll give you anyway no actually

975

00:36:52,150 --> 00:36:50,640

enunciates the fear of your degree uh

976

00:36:53,190 --> 00:36:52,160

yeah basically

977

00:36:55,270 --> 00:36:53,200

imagine

978

00:36:57,030 --> 00:36:55,280

you've got old brain was it mulray they

979

00:36:58,710 --> 00:36:57,040

had done the snow job they've gone well

980

00:37:00,630 --> 00:36:58,720

just from any old thing telling them we

981

00:37:03,030 --> 00:37:00,640

don't know anything just refers to the

982

00:37:05,030 --> 00:37:03,040

uap thing oh yeah just him out the june

983

00:37:06,390 --> 00:37:05,040

report yeah they'll fall for that no

984

00:37:09,270 --> 00:37:06,400

problem anyway they come out an hour

985

00:37:10,630 --> 00:37:09,280

later senator gillebrand throws a chair

986

00:37:12,870 --> 00:37:10,640

out one of the windows apparently

987

00:37:15,589 --> 00:37:12,880

according to lou so she comes out

988

00:37:17,190 --> 00:37:15,599

hopping mad with uh rubio and they say

989

00:37:18,550 --> 00:37:17,200

right how we're gonna nail these people

990

00:37:20,150 --> 00:37:18,560

to the floor

991

00:37:22,550 --> 00:37:20,160

and this is what i do today and i see

992

00:37:25,270 --> 00:37:22,560

what you guys think i would insist

993

00:37:26,870 --> 00:37:25,280

on a brief person from each organization

994

00:37:29,270 --> 00:37:26,880

mentioning the amendment

995

00:37:32,069 --> 00:37:29,280

to testify on the info they have in

996

00:37:35,430 --> 00:37:32,079

their department that might be 17 people

997

00:37:37,030 --> 00:37:35,440

then i call the head of aoimsg an answer

998

00:37:39,109 --> 00:37:37,040

on staff numbers

999

00:37:40,790 --> 00:37:39,119

identify structure and functions what

1000

00:37:41,990 --> 00:37:40,800

liaison links they've established and

1001  
00:37:43,589 --> 00:37:42,000  
the planning

1002  
00:37:45,190 --> 00:37:43,599  
what are the scientific and recovery

1003  
00:37:47,430 --> 00:37:45,200  
functions they've set up

1004  
00:37:49,829 --> 00:37:47,440  
what work have they done today what's

1005  
00:37:51,510 --> 00:37:49,839  
the action plan for the next 12 months

1006  
00:37:53,190 --> 00:37:51,520  
and what's the plan to deliver on the

1007  
00:37:54,870 --> 00:37:53,200  
past info you haven't disclosed which

1008  
00:37:57,109 --> 00:37:54,880  
was very clear there

1009  
00:37:58,630 --> 00:37:57,119  
i'd ask him uh what are the structure

1010  
00:38:00,069 --> 00:37:58,640  
and contents of the report going to be

1011  
00:38:02,310 --> 00:38:00,079  
in october

1012  
00:38:04,470 --> 00:38:02,320  
uh i'd insist on public enclosed

1013  
00:38:05,670 --> 00:38:04,480

sessions obviously i look at immunity

1014

00:38:07,829 --> 00:38:05,680

and if i've got no answers i'd call

1015

00:38:09,990 --> 00:38:07,839

alexander mellon and davis that's a bit

1016

00:38:12,710 --> 00:38:10,000

of a facetious one at the end the point

1017

00:38:15,270 --> 00:38:12,720

is that's how i'd nail him down though

1018

00:38:17,349 --> 00:38:15,280

those things i've just said ask the 17

1019

00:38:18,710 --> 00:38:17,359

people get brief people and then get

1020

00:38:19,990 --> 00:38:18,720

their head and answer because that was

1021

00:38:22,710 --> 00:38:20,000

the thing they didn't do in the last

1022

00:38:25,510 --> 00:38:22,720

hearings he didn't really got some great

1023

00:38:27,670 --> 00:38:25,520

stuff but he didn't really scrutinize

1024

00:38:28,870 --> 00:38:27,680

him which was a big critique really so i

1025

00:38:31,750 --> 00:38:28,880

wonder what everybody for what would

1026

00:38:33,109 --> 00:38:31,760

they do or what did he think of that or

1027

00:38:34,310 --> 00:38:33,119

what do you think might happen next i

1028

00:38:38,790 --> 00:38:34,320

suppose you can answer any way you want

1029

00:38:38,800 --> 00:38:44,390

oh

1030

00:38:46,870 --> 00:38:45,589

yeah i'm struggling to understand the

1031

00:38:48,870 --> 00:38:46,880

question there was about five in there

1032

00:38:52,470 --> 00:38:48,880

one that was really good so like about

1033

00:38:54,710 --> 00:38:52,480

testifying immunity

1034

00:38:56,230 --> 00:38:54,720

all that kind of thing yeah so

1035

00:38:58,150 --> 00:38:56,240

sum it up dave

1036

00:39:01,270 --> 00:38:58,160

yeah basically

1037

00:39:02,950 --> 00:39:01,280

if you if you wanted to do the next uh

1038

00:39:05,510 --> 00:39:02,960

if you watch all the feats of the fire

1039

00:39:06,870 --> 00:39:05,520

next time yeah what approach would you

1040

00:39:08,550 --> 00:39:06,880

take generally how would you go would

1041

00:39:10,150 --> 00:39:08,560

you go in hard or would you do the same

1042

00:39:12,390 --> 00:39:10,160

thing or what would you do i mean i've

1043

00:39:14,950 --> 00:39:12,400

been very specific there but it's just

1044

00:39:17,030 --> 00:39:14,960

i think um i like what i've seen already

1045

00:39:19,750 --> 00:39:17,040

of the congress people just sort of

1046

00:39:21,589 --> 00:39:19,760

saying you know no no but answer it

1047

00:39:23,670 --> 00:39:21,599

answer it cannot be put on the record i

1048

00:39:25,109 --> 00:39:23,680

think that's really encouraging a start

1049

00:39:27,190 --> 00:39:25,119

and i think just not letting them off

1050

00:39:29,670 --> 00:39:27,200

the hook and keeping on with it at them

1051  
00:39:30,390 --> 00:39:29,680  
and keeping getting ronald moultrie in

1052  
00:39:31,829 --> 00:39:30,400  
and

1053  
00:39:33,829 --> 00:39:31,839  
come on where's the info where's the

1054  
00:39:35,829 --> 00:39:33,839  
info putting pressure so that then he

1055  
00:39:37,829 --> 00:39:35,839  
has to put pressure on below him you

1056  
00:39:39,109 --> 00:39:37,839  
know to get the answers you know just

1057  
00:39:42,310 --> 00:39:39,119  
try and keep asking them and i think

1058  
00:39:44,150 --> 00:39:42,320  
yeah and people in the public trying to

1059  
00:39:46,630 --> 00:39:44,160  
you know contact their congress people

1060  
00:39:47,910 --> 00:39:46,640  
and their mps and whoever because then

1061  
00:39:50,069 --> 00:39:47,920  
they realize this is something i'm going

1062  
00:39:52,310 --> 00:39:50,079  
to get elected on or not maybe i don't

1063  
00:39:53,670 --> 00:39:52,320

know if that's a realistic thing but

1064

00:39:55,589 --> 00:39:53,680

you know i just think yeah what they're

1065

00:39:58,230 --> 00:39:55,599

doing in america just hold the feet to

1066

00:39:59,750 --> 00:39:58,240

the fire you know make them squirm and

1067

00:40:00,870 --> 00:39:59,760

try and get them to talk more and more

1068

00:40:03,109 --> 00:40:00,880

and just try and sort of you know

1069

00:40:05,430 --> 00:40:03,119

reassure them at the same time that you

1070

00:40:07,670 --> 00:40:05,440

you know you can tell us stuff you know

1071

00:40:08,710 --> 00:40:07,680

we're not going to fall apart

1072

00:40:11,829 --> 00:40:08,720

but yeah

1073

00:40:14,230 --> 00:40:11,839

i don't know i i love that i love that

1074

00:40:15,430 --> 00:40:14,240

it's it's because uh there's a lot of

1075

00:40:17,430 --> 00:40:15,440

people that i speak with in the

1076

00:40:19,510 --> 00:40:17,440

community that say what you say what are

1077

00:40:21,109 --> 00:40:19,520

you afraid of tell me yeah i mean

1078

00:40:22,950 --> 00:40:21,119

everybody on this panel is like that you

1079

00:40:25,190 --> 00:40:22,960

know it's like no matter what you've

1080

00:40:27,430 --> 00:40:25,200

discovered i'm ready for it and other

1081

00:40:28,150 --> 00:40:27,440

people they would absolutely go out and

1082

00:40:30,470 --> 00:40:28,160

buy

1083

00:40:33,030 --> 00:40:30,480

ten truckloads of toilet paper and they

1084

00:40:34,550 --> 00:40:33,040

can't even can't even be um honest about

1085

00:40:36,230 --> 00:40:34,560

what they're being dishonest about you

1086

00:40:37,589 --> 00:40:36,240

know like can we not talk about that

1087

00:40:38,470 --> 00:40:37,599

because that is some of our secret

1088

00:40:40,790 --> 00:40:38,480

projects

1089

00:40:43,109 --> 00:40:40,800

you know just give us that even or

1090

00:40:45,270 --> 00:40:43,119

something it's just like just they seem

1091

00:40:47,030 --> 00:40:45,280

to be just in this culture of lying for

1092

00:40:49,829 --> 00:40:47,040

the sake of it

1093

00:40:52,950 --> 00:40:49,839

yeah and uh i i that's a great great

1094

00:40:56,630 --> 00:40:52,960

answer on your part who is next it is mr

1095

00:41:01,270 --> 00:40:59,270

hi there um i'm so apologies you're

1096

00:41:03,109 --> 00:41:01,280

freaking see here peppa pig my son's

1097

00:41:05,270 --> 00:41:03,119

here sorry um

1098

00:41:07,270 --> 00:41:05,280

so why would you i'd go to the legacy

1099

00:41:09,270 --> 00:41:07,280

program straight away and call lu up to

1100

00:41:13,030 --> 00:41:09,280

testify really really put the pressure

1101

00:41:17,430 --> 00:41:13,040

full on bypass aom ice isg for now

1102

00:41:19,589 --> 00:41:17,440

um and go straight for wilson davis memo

1103

00:41:20,710 --> 00:41:19,599

get lou speak out

1104

00:41:25,190 --> 00:41:20,720

that will

1105

00:41:27,589 --> 00:41:25,200

put immense pressure on the dod and it

1106

00:41:28,550 --> 00:41:27,599

will have no option

1107

00:41:31,430 --> 00:41:28,560

then

1108

00:41:33,990 --> 00:41:31,440

to actually um participate with you know

1109

00:41:35,829 --> 00:41:34,000

with what congress is trying to do um so

1110

00:41:37,670 --> 00:41:35,839

that's how you do it you blow this wide

1111

00:41:39,270 --> 00:41:37,680

open basically from the historic stuff

1112

00:41:40,630 --> 00:41:39,280

the legacy programs

1113

00:41:42,309 --> 00:41:40,640

when you're doing that as well you

1114

00:41:43,910 --> 00:41:42,319

actually prove that there have been

1115

00:41:45,430 --> 00:41:43,920

obligation efforts and it's been hidden

1116

00:41:47,910 --> 00:41:45,440

by congress

1117

00:41:48,710 --> 00:41:47,920

congress will go

1118

00:41:50,309 --> 00:41:48,720

and

1119

00:41:53,030 --> 00:41:50,319

yeah there'll be there'll be a lot of

1120

00:41:55,589 --> 00:41:53,040

pressure on dod to actually cooperate so

1121

00:41:58,950 --> 00:41:55,599

that's what i think should happen and uh

1122

00:42:04,069 --> 00:42:01,190

i love it man great uh

1123

00:42:06,069 --> 00:42:04,079

great job and next is

1124

00:42:07,589 --> 00:42:06,079

uh mr s

1125

00:42:09,910 --> 00:42:07,599

mother straight

1126

00:42:12,950 --> 00:42:09,920

no frank oh no was his oh it's frank

1127

00:42:15,910 --> 00:42:12,960

sorry frank my brother here i am

1128

00:42:18,470 --> 00:42:15,920

um yeah so i i think there's kind of two

1129

00:42:20,309 --> 00:42:18,480

you know areas that will that will but

1130

00:42:22,150 --> 00:42:20,319

i'm going to be keeping an eye on anyway

1131

00:42:24,630 --> 00:42:22,160

that are kind of emerging

1132

00:42:26,550 --> 00:42:24,640

i think the uh the first one is the the

1133

00:42:29,030 --> 00:42:26,560

current efforts that are underway with

1134

00:42:31,670 --> 00:42:29,040

the aoi msg or whatever it ends up being

1135

00:42:33,829 --> 00:42:31,680

renamed as as you know as we go along

1136

00:42:36,390 --> 00:42:33,839

and i think that was kind of what i was

1137

00:42:38,069 --> 00:42:36,400

mostly expecting to hear asked about

1138

00:42:40,630 --> 00:42:38,079

where are they up to what they've done

1139

00:42:42,309 --> 00:42:40,640

so far and all this kind of thing and i

1140

00:42:43,990 --> 00:42:42,319

think probably that's what bray and

1141

00:42:46,230 --> 00:42:44,000

moultrie are probably expecting to get

1142

00:42:47,829 --> 00:42:46,240

asked about as well but actually the

1143

00:42:49,750 --> 00:42:47,839

other area that

1144

00:42:51,829 --> 00:42:49,760

ended up coming out was the the more

1145

00:42:54,230 --> 00:42:51,839

historic things and the wider aspects of

1146

00:42:55,510 --> 00:42:54,240

the the ufo topic which is quite clear

1147

00:42:57,510 --> 00:42:55,520

that the people in

1148

00:42:59,589 --> 00:42:57,520

the congressional committee they were

1149

00:43:01,510 --> 00:42:59,599

very interested in that wider picture

1150

00:43:03,670 --> 00:43:01,520

and i think it's going to be fascinating

1151  
00:43:06,069 --> 00:43:03,680  
to see how both of those things i'd like

1152  
00:43:08,230 --> 00:43:06,079  
to just see more in-depth questions more

1153  
00:43:10,630 --> 00:43:08,240  
follow-up questions on both of those

1154  
00:43:11,910 --> 00:43:10,640  
things you know like chris just said the

1155  
00:43:14,390 --> 00:43:11,920  
some of the historic things with the

1156  
00:43:15,829 --> 00:43:14,400  
wilson memo and malmstrom air force base

1157  
00:43:17,829 --> 00:43:15,839  
and things like that those could be

1158  
00:43:20,069 --> 00:43:17,839  
absolutely massive stories and if we if

1159  
00:43:21,910 --> 00:43:20,079  
we do get more kind of digging into

1160  
00:43:24,309 --> 00:43:21,920  
those it could be blow the whole thing

1161  
00:43:25,670 --> 00:43:24,319  
wide open and at the same time keep the

1162  
00:43:28,550 --> 00:43:25,680  
pressure on with what they're currently

1163  
00:43:30,470 --> 00:43:28,560

doing with this new uap office and where

1164

00:43:31,990 --> 00:43:30,480

they're up to what they've done so far i

1165

00:43:33,349 --> 00:43:32,000

think we just need to focus on both of

1166

00:43:35,430 --> 00:43:33,359

those areas

1167

00:43:38,150 --> 00:43:35,440

i i tried to get lou to yuck it up with

1168

00:43:40,069 --> 00:43:38,160

me and talk and uh i would be moultrie

1169

00:43:41,190 --> 00:43:40,079

and he'd be the other guy and we'd say

1170

00:43:44,630 --> 00:43:41,200

and we'd say

1171

00:43:46,870 --> 00:43:44,640

uh maelstrom nuclear

1172

00:43:48,150 --> 00:43:46,880

nuclear missiles i have you heard that

1173

00:43:50,710 --> 00:43:48,160

nathan have you heard anything about

1174

00:43:52,150 --> 00:43:50,720

nuclear missiles at 67 what are we

1175

00:43:55,109 --> 00:43:52,160

talking about

1176

00:43:56,870 --> 00:43:55,119

yeah

1177

00:43:59,270 --> 00:43:56,880

that's exactly right that is that we

1178

00:44:01,510 --> 00:43:59,280

could made a saturday night live skit he

1179

00:44:03,589 --> 00:44:01,520

could be david spade i'd be uh what's

1180

00:44:04,870 --> 00:44:03,599

the other guy's name chris the fat guy i

1181

00:44:07,030 --> 00:44:04,880

could have been him and we could have

1182

00:44:10,470 --> 00:44:07,040

pulled that off i mean that is the

1183

00:44:13,109 --> 00:44:10,480

dumbest thing well i i i've heard it

1184

00:44:15,030 --> 00:44:13,119

unofficially but not that like that

1185

00:44:17,109 --> 00:44:15,040

tears away at your credibility it's so

1186

00:44:18,950 --> 00:44:17,119

absurd that you could say you haven't

1187

00:44:21,430 --> 00:44:18,960

heard of that when there's obviously

1188

00:44:23,030 --> 00:44:21,440

very official records that i'm sure

1189

00:44:23,990 --> 00:44:23,040

they're privy to on that

1190

00:44:24,870 --> 00:44:24,000

anyway

1191

00:44:26,309 --> 00:44:24,880

uh

1192

00:44:28,230 --> 00:44:26,319

who's next so

1193

00:44:30,230 --> 00:44:28,240

uh is that the

1194

00:44:33,430 --> 00:44:30,240

last one or we have maxie

1195

00:44:36,870 --> 00:44:35,109

be succinct

1196

00:44:38,230 --> 00:44:36,880

yes i believe

1197

00:44:40,870 --> 00:44:38,240

what i would do

1198

00:44:43,190 --> 00:44:40,880

is definitely offer amnesty

1199

00:44:45,430 --> 00:44:43,200

as harry p nolan had suggested uh

1200

00:44:47,030 --> 00:44:45,440

amnesty over any other protective

1201

00:44:48,150 --> 00:44:47,040

wording let's say

1202

00:44:51,990 --> 00:44:48,160

and

1203

00:44:55,270 --> 00:44:52,000

a definite must is we bring on camille

1204

00:44:56,950 --> 00:44:55,280

vasquez and all of johnny depp's team of

1205

00:44:59,309 --> 00:44:56,960

lawyers

1206

00:45:00,870 --> 00:44:59,319

absolutely smash them with the

1207

00:45:03,190 --> 00:45:00,880

cross-examinations

1208

00:45:04,870 --> 00:45:03,200

they wouldn't last five minutes

1209

00:45:07,270 --> 00:45:04,880

that's my suggestion i was thinking

1210

00:45:09,670 --> 00:45:07,280

amnesty international boomtown raps bob

1211

00:45:11,990 --> 00:45:09,680

geldoff the whole thing right

1212

00:45:13,190 --> 00:45:12,000

anyway yeah that's what's up charlotte

1213

00:45:14,710 --> 00:45:13,200

okay

1214

00:45:17,910 --> 00:45:14,720

all right uh

1215

00:45:19,510 --> 00:45:17,920

frank your topic please sir and uh again

1216

00:45:21,109 --> 00:45:19,520

uh brevity

1217

00:45:22,550 --> 00:45:21,119

i think he actually went he went before

1218

00:45:24,230 --> 00:45:22,560

when we swapped out

1219

00:45:26,950 --> 00:45:24,240

okay so it's uh

1220

00:45:29,750 --> 00:45:26,960

max has the last topic then right

1221

00:45:32,150 --> 00:45:29,760

yeah okay max go for it brother

1222

00:45:34,630 --> 00:45:32,160

um i didn't actually i didn't know we

1223

00:45:36,950 --> 00:45:34,640

had topics so i'm just going to say that

1224

00:45:38,470 --> 00:45:36,960

one thing that bothers me the most

1225

00:45:40,790 --> 00:45:38,480

and ask this question of the panel if

1226

00:45:42,309 --> 00:45:40,800

you don't mind

1227

00:45:44,870 --> 00:45:42,319

what do you think the connection is

1228

00:45:47,349 --> 00:45:44,880

between what we call paranormal

1229

00:45:48,790 --> 00:45:47,359

and ufos and why

1230

00:45:50,230 --> 00:45:48,800

because so many people after an

1231

00:45:51,750 --> 00:45:50,240

interaction have

1232

00:45:55,190 --> 00:45:51,760

poltergeists and everything else happen

1233

00:45:56,950 --> 00:45:55,200

to them and even before the uh

1234

00:46:00,230 --> 00:45:56,960

the encounter that say

1235

00:46:05,510 --> 00:46:03,190

i found my mute button now yeah

1236

00:46:07,910 --> 00:46:05,520

500 mic but i don't know

1237

00:46:10,390 --> 00:46:07,920

i know i know that's totally me all over

1238

00:46:13,190 --> 00:46:10,400

yeah um yeah it's an interesting one i

1239

00:46:14,950 --> 00:46:13,200

was reviewing that um the ufo sightings

1240

00:46:16,950 --> 00:46:14,960

that i did the report on last year that

1241

00:46:19,270 --> 00:46:16,960

i was talking to you about on the chat

1242

00:46:21,829 --> 00:46:19,280

about maybe as a topic

1243

00:46:23,910 --> 00:46:21,839

and then out of all four i could only

1244

00:46:25,750 --> 00:46:23,920

find out information about three of them

1245

00:46:27,589 --> 00:46:25,760

and every single person had already seen

1246

00:46:29,190 --> 00:46:27,599

stuff before and one guy actually said i

1247

00:46:30,069 --> 00:46:29,200

keep seeing these objects again and

1248

00:46:31,829 --> 00:46:30,079

again

1249

00:46:33,589 --> 00:46:31,839

so it just kind of reminded me that a

1250

00:46:36,150 --> 00:46:33,599

lot of people do see these things once

1251  
00:46:37,750 --> 00:46:36,160  
you've seen one you know i have yet to

1252  
00:46:39,910 --> 00:46:37,760  
have that although i've seen a ghost and

1253  
00:46:41,510 --> 00:46:39,920  
then didn't see other ghosts so maybe

1254  
00:46:43,430 --> 00:46:41,520  
that's part of the same thing we don't

1255  
00:46:45,589 --> 00:46:43,440  
know do we but yeah it's a really

1256  
00:46:47,349 --> 00:46:45,599  
interesting thing isn't it it's clearly

1257  
00:46:50,230 --> 00:46:47,359  
you know it's just not what we thought

1258  
00:46:52,630 --> 00:46:50,240  
it's not like alien ufo crafts in the

1259  
00:46:54,550 --> 00:46:52,640  
sky and that's it is it it's clearly

1260  
00:46:56,630 --> 00:46:54,560  
something more to it and i think that's

1261  
00:46:59,349 --> 00:46:56,640  
so intriguing you know whether it's part

1262  
00:47:00,150 --> 00:46:59,359  
of our consciousness or something else

1263  
00:47:01,670 --> 00:47:00,160

or

1264

00:47:03,829 --> 00:47:01,680

you know it's just so hard it's so out

1265

00:47:05,910 --> 00:47:03,839

of our realm of normal stuff isn't it to

1266

00:47:07,910 --> 00:47:05,920

get as well but really fascinating so

1267

00:47:10,069 --> 00:47:07,920

yeah i don't know what to make of all

1268

00:47:11,670 --> 00:47:10,079

that i just think it's really cool but

1269

00:47:14,230 --> 00:47:11,680

all these things could be part of the

1270

00:47:15,589 --> 00:47:14,240

same thing as with all nature

1271

00:47:18,150 --> 00:47:15,599

you know

1272

00:47:20,069 --> 00:47:18,160

nathan's big on this one man he's he's

1273

00:47:24,390 --> 00:47:20,079

he's chomping at the bitter right now uh

1274

00:47:26,150 --> 00:47:24,400

and next is mr sharp please

1275

00:47:28,150 --> 00:47:26,160

so i'm going to go really really woo on

1276

00:47:30,630 --> 00:47:28,160

you guys now um

1277

00:47:32,470 --> 00:47:30,640

so firstly i think there's

1278

00:47:34,630 --> 00:47:32,480

big technological and scientific leaks

1279

00:47:36,069 --> 00:47:34,640

to make in terms of um

1280

00:47:37,829 --> 00:47:36,079

quantum theory which we don't fully

1281

00:47:40,710 --> 00:47:37,839

understand things like spooky actual

1282

00:47:42,950 --> 00:47:40,720

distance and i think once we've mastered

1283

00:47:45,270 --> 00:47:42,960

all that stuff the paranormal may become

1284

00:47:48,069 --> 00:47:45,280

normal um

1285

00:47:50,829 --> 00:47:48,079

but also i would say

1286

00:47:54,230 --> 00:47:50,839

my theory personally is that

1287

00:47:55,829 --> 00:47:54,240

um uap is a bit of everything and i

1288

00:47:57,990 --> 00:47:55,839

think there's an ultra-terrestrial

1289

00:48:00,630 --> 00:47:58,000

aspect to it hence why these things are

1290

00:48:02,710 --> 00:48:00,640

seen coming out of the ocean um dave did

1291

00:48:04,790 --> 00:48:02,720

a brilliant um article

1292

00:48:06,390 --> 00:48:04,800

um website about it in terms of crypto

1293

00:48:09,990 --> 00:48:06,400

terrestrials for example

1294

00:48:11,589 --> 00:48:10,000

um but perhaps we're kind of like

1295

00:48:14,870 --> 00:48:11,599

that they're quite indifferent to us

1296

00:48:17,990 --> 00:48:14,880

let's say and that we're being used by

1297

00:48:21,510 --> 00:48:18,000

um by let's say these crypto

1298

00:48:23,589 --> 00:48:21,520

ultra-terrestrials and there's another

1299

00:48:24,549 --> 00:48:23,599

kind of like speeches let's say

1300

00:48:27,990 --> 00:48:24,559

um

1301

00:48:33,349 --> 00:48:30,309

responsible let's say for a lot of these

1302

00:48:35,270 --> 00:48:33,359

paranormal experiences and these podcast

1303

00:48:38,230 --> 00:48:35,280

experiences and stuff that feed off

1304

00:48:40,309 --> 00:48:38,240

negative energy and that yeah we're kind

1305

00:48:42,630 --> 00:48:40,319

of like cannon fodder used by something

1306

00:48:44,950 --> 00:48:42,640

else um that's just totally woo that's

1307

00:48:47,910 --> 00:48:44,960

me going out there uh not informed by

1308

00:48:50,069 --> 00:48:47,920

any sources at all so um take that with

1309

00:48:51,510 --> 00:48:50,079

a pinch of salt but that's my

1310

00:48:53,270 --> 00:48:51,520

personal theory

1311

00:48:54,870 --> 00:48:53,280

well that thing that deborah gorgon from

1312

00:48:56,390 --> 00:48:54,880

stranger things is that part of this i'm

1313

00:48:59,430 --> 00:48:56,400

just kidding it's

1314

00:49:02,740 --> 00:48:59,440

anyway you haven't seen stranger things

1315

00:49:09,270 --> 00:49:02,750

this weekend i didn't get anything

1316

00:49:13,109 --> 00:49:11,670

all right uh let's bring in mr s uh

1317

00:49:14,870 --> 00:49:13,119

smothers please

1318

00:49:16,390 --> 00:49:14,880

uh yeah we were a [h\_\_h] i presume we're

1319

00:49:18,710 --> 00:49:16,400

running a bit short of time so we won't

1320

00:49:20,230 --> 00:49:18,720

go too too i won't go into the old

1321

00:49:22,390 --> 00:49:20,240

crypts or terrestrial things but i think

1322

00:49:25,190 --> 00:49:22,400

there's two splits basically

1323

00:49:27,270 --> 00:49:25,200

uh first one is the ufos uh i've

1324

00:49:28,870 --> 00:49:27,280

obviously got some kind of tech

1325

00:49:31,349 --> 00:49:28,880

associated with consciousness and the

1326

00:49:32,630 --> 00:49:31,359

manipulation of matter maybe using

1327

00:49:34,309 --> 00:49:32,640

consciousness

1328

00:49:37,030 --> 00:49:34,319

and as a whole that whole slide nine

1329

00:49:38,470 --> 00:49:37,040

thing going on with ufos in this what

1330

00:49:40,230 --> 00:49:38,480

our reality is

1331

00:49:42,470 --> 00:49:40,240

obviously can manipulate stuff so

1332

00:49:44,470 --> 00:49:42,480

there's that going on and i think a lot

1333

00:49:46,790 --> 00:49:44,480

of the phenomena at skinwalk and all

1334

00:49:48,309 --> 00:49:46,800

that are all linked and potentially part

1335

00:49:50,069 --> 00:49:48,319

of the same sort of tech and what's

1336

00:49:51,990 --> 00:49:50,079

happening there i mean there's a whole

1337

00:49:54,710 --> 00:49:52,000

thing about that so i think there's that

1338

00:49:57,670 --> 00:49:54,720

so an advanced whatever they are unknown

1339

00:49:59,589 --> 00:49:57,680

sieve who can manipulate reality and the

1340

00:50:01,589 --> 00:49:59,599

tech uses that but on the other hand

1341

00:50:04,309 --> 00:50:01,599

there's also layers of sort of reality

1342

00:50:06,069 --> 00:50:04,319

as well above our own if you take a dmt

1343

00:50:07,510 --> 00:50:06,079

trip and not that i do that or something

1344

00:50:09,030 --> 00:50:07,520

like that

1345

00:50:11,430 --> 00:50:09,040

you know

1346

00:50:13,750 --> 00:50:11,440

just in case of doubt but where you meet

1347

00:50:15,109 --> 00:50:13,760

these entities and there's all the other

1348

00:50:17,510 --> 00:50:15,119

side of it where maybe we have this

1349

00:50:19,190 --> 00:50:17,520

reality on top of our reality where we

1350

00:50:20,790 --> 00:50:19,200

have these creatures coming into our

1351  
00:50:21,670 --> 00:50:20,800  
reality so i think you might have two

1352  
00:50:23,510 --> 00:50:21,680  
hits

1353  
00:50:25,670 --> 00:50:23,520  
rather than one you've got technological

1354  
00:50:27,190 --> 00:50:25,680  
manipulation using consciousness and

1355  
00:50:30,069 --> 00:50:27,200  
that sort of thing like chris was

1356  
00:50:32,309 --> 00:50:30,079  
implying and you've also got this sort

1357  
00:50:34,230 --> 00:50:32,319  
of realm of realities that are about

1358  
00:50:36,790 --> 00:50:34,240  
consciousness but don't really cross

1359  
00:50:38,790 --> 00:50:36,800  
over or occasionally do so i think

1360  
00:50:40,710 --> 00:50:38,800  
you're dealing with these two things and

1361  
00:50:42,790 --> 00:50:40,720  
that's why uh someone like whitley

1362  
00:50:44,870 --> 00:50:42,800  
streiber sounds so weird

1363  
00:50:47,030 --> 00:50:44,880

because uh i can't follow him a lot of

1364

00:50:49,030 --> 00:50:47,040

the time but he goes into both

1365

00:50:51,030 --> 00:50:49,040

these areas and he sort of mixes them up

1366

00:50:52,470 --> 00:50:51,040

and he sort of blows our minds really

1367

00:50:53,750 --> 00:50:52,480

but so that's

1368

00:50:56,309 --> 00:50:53,760

that's what i think that was a really

1369

00:50:58,390 --> 00:50:56,319

good question that max and really tricky

1370

00:50:59,829 --> 00:50:58,400

one i think

1371

00:51:03,349 --> 00:50:59,839

nathan

1372

00:51:04,870 --> 00:51:03,359

send that man a 50 off tesco coupon

1373

00:51:09,030 --> 00:51:04,880

please you got it

1374

00:51:13,510 --> 00:51:10,870

and

1375

00:51:14,549 --> 00:51:13,520

let's see that's everybody or no dude

1376

00:51:20,549 --> 00:51:14,559

yeah

1377

00:51:22,470 --> 00:51:20,559

intense one that um and very good very

1378

00:51:23,990 --> 00:51:22,480

difficult to just sum up in a like a

1379

00:51:27,430 --> 00:51:24,000

reshark we'll probably do like a couple

1380

00:51:29,030 --> 00:51:27,440

of hours podcast on that alone but i i

1381

00:51:31,190 --> 00:51:29,040

think it's um

1382

00:51:33,349 --> 00:51:31,200

the the whatever's going on with ufos

1383

00:51:36,470 --> 00:51:33,359

probably has a lot of different aspects

1384

00:51:38,309 --> 00:51:36,480

uh some kind of quantum realm outside of

1385

00:51:41,430 --> 00:51:38,319

our normal perception like a super

1386

00:51:43,589 --> 00:51:41,440

spectrum type of idea and um it's like

1387

00:51:45,190 --> 00:51:43,599

um gary nolan and a few other people

1388

00:51:46,870 --> 00:51:45,200

have said that it's a bit like a switch

1389

00:51:48,549 --> 00:51:46,880

or like using a muscle that you didn't

1390

00:51:50,150 --> 00:51:48,559

know you had and you can have like a

1391

00:51:50,950 --> 00:51:50,160

really shocking experience when you

1392

00:51:52,549 --> 00:51:50,960

first

1393

00:51:54,470 --> 00:51:52,559

you know witness something experience

1394

00:51:56,549 --> 00:51:54,480

something and then that opens up the

1395

00:51:59,190 --> 00:51:56,559

actual ability to be able to do that

1396

00:52:00,069 --> 00:51:59,200

more going forward and just uh quickly

1397

00:52:02,549 --> 00:52:00,079

as well

1398

00:52:04,790 --> 00:52:02,559

i know we're short on time but um

1399

00:52:06,950 --> 00:52:04,800

max was saying about uh how you can

1400

00:52:08,870 --> 00:52:06,960

sometimes have these things happen like

1401  
00:52:11,589 --> 00:52:08,880  
strange paranormal things happen before

1402  
00:52:13,510 --> 00:52:11,599  
you have that shocking experience and

1403  
00:52:15,430 --> 00:52:13,520  
again this is pretty out there but sort

1404  
00:52:17,910 --> 00:52:15,440  
of like um i've heard it described where

1405  
00:52:19,910 --> 00:52:17,920  
big events can actually have like send

1406  
00:52:21,910 --> 00:52:19,920  
ripples through time forward and

1407  
00:52:23,430 --> 00:52:21,920  
backwards in time and there may be an

1408  
00:52:25,670 --> 00:52:23,440  
element of consciousness that can

1409  
00:52:27,829 --> 00:52:25,680  
actually pick up on that the impact of

1410  
00:52:29,750 --> 00:52:27,839  
that event before it happens and that

1411  
00:52:32,230 --> 00:52:29,760  
perhaps is linked somehow to some of

1412  
00:52:34,069 --> 00:52:32,240  
these strange experiences paranormal

1413  
00:52:36,710 --> 00:52:34,079

events and things that can actually come

1414

00:52:38,630 --> 00:52:36,720

before an experience and then also after

1415

00:52:40,069 --> 00:52:38,640

so yeah i hope that makes sense in the

1416

00:52:41,589 --> 00:52:40,079

short time i've got but that's my

1417

00:52:44,390 --> 00:52:41,599

thoughts on it

1418

00:52:46,549 --> 00:52:44,400

no you know what ufo thinker everybody

1419

00:52:47,750 --> 00:52:46,559

uh check it out that's one of the

1420

00:52:49,030 --> 00:52:47,760

reasons why

1421

00:52:50,230 --> 00:52:49,040

uh

1422

00:52:51,030 --> 00:52:50,240

all right i think

1423

00:52:53,910 --> 00:52:51,040

right

1424

00:52:55,910 --> 00:52:53,920

yes this is great man thank you brother

1425

00:52:57,829 --> 00:52:55,920

um all right so i think that's it for

1426

00:53:00,470 --> 00:52:57,839

the beatles right

1427

00:53:02,710 --> 00:53:00,480

yeah ever you guys i mean knocked it out

1428

00:53:03,670 --> 00:53:02,720

of the park uh the stones are probably

1429

00:53:05,510 --> 00:53:03,680

quaking

1430

00:53:07,670 --> 00:53:05,520

in their boots or loafers whatever they

1431

00:53:10,390 --> 00:53:07,680

wear i don't know uh but great job and

1432

00:53:12,470 --> 00:53:10,400

great to have all of you with us today

1433

00:53:13,910 --> 00:53:12,480

so uh and please stick around uh you

1434

00:53:15,030 --> 00:53:13,920

know and maybe not everybody in the

1435

00:53:16,470 --> 00:53:15,040

stream you are but if you get a chance

1436

00:53:18,230 --> 00:53:16,480

to stick around in the chat that'd be

1437

00:53:21,510 --> 00:53:18,240

awesome to uh show these guys some

1438

00:53:22,790 --> 00:53:21,520

support who has the coolest accent uh of

1439

00:53:24,870 --> 00:53:22,800

the group

1440

00:53:37,270 --> 00:53:24,880

who's voting

1441

00:53:50,870 --> 00:53:38,069

yeah

1442

00:53:50,880 --> 00:53:57,990

you're having a laugh oh blimey governor

1443

chat we're gonna take quick five and

1464

00:54:54,230 --> 00:54:52,799

come back and we have

1465

00:54:56,710 --> 00:54:54,240

davey standing where the only thing

1466

00:54:58,230 --> 00:54:56,720

we're waiting on is dan right

1467

00:55:00,470 --> 00:54:58,240

yeah he was here a second ago in our

1468

00:55:03,510 --> 00:55:00,480

chat so he'll jump back in okay

1469

00:55:06,150 --> 00:55:03,520

okay so uh let's take five and we'll see

1470

00:55:08,230 --> 00:55:06,160

you guys shortly davey for you all you

1471

00:55:10,390 --> 00:55:08,240

have to come up with is one topic for

1472

00:55:13,589 --> 00:55:10,400

the group to consider and then we'll go

1473

00:55:15,030 --> 00:55:13,599

round table and you'll react to the the

1474

00:55:16,950 --> 00:55:15,040

topics of the other members of the

1475

00:55:18,230 --> 00:55:16,960

stones and they'll react to your topic

1476

00:55:20,150 --> 00:55:18,240

that looked like you had a beer there so

1477

00:55:21,910 --> 00:55:20,160

i'm really excited about that all right

1478

00:55:24,069 --> 00:55:21,920

oh no okay

1479

00:55:25,589 --> 00:55:24,079

all right definitely a bit all right

1480

00:57:23,670 --> 00:55:25,599

we'll be right back on calling all

1481

00:57:29,109 --> 00:57:26,309

hey guys uh i'm back uh those guys are

1482

00:57:30,630 --> 00:57:29,119

on break uh nathan is going to take over

1483

00:57:32,950 --> 00:57:30,640

the hosting

1484

00:57:35,030 --> 00:57:32,960

duties and all you have to worry about

1485

00:57:37,670 --> 00:57:35,040

is some probably very inane commentary

1486

00:57:39,510 --> 00:57:37,680

from me in between uh

1487

00:57:41,589 --> 00:57:39,520

but other than that you're going to get

1488

00:57:43,750 --> 00:57:41,599

a more sober intellectual and more

1489

00:57:45,270 --> 00:57:43,760

focused individual it's good

1490

00:57:47,270 --> 00:57:45,280

my brother so

1491

00:57:48,310 --> 00:57:47,280

uh cheers everybody to the rolling

1492

00:57:51,430 --> 00:57:48,320

stones yes

1493

00:57:52,789 --> 00:57:51,440

[Laughter]

1494

00:57:54,309 --> 00:57:52,799

all right well i think they're all here

1495

00:57:57,030 --> 00:57:54,319

when if you want to do those intros then

1496

00:57:58,230 --> 00:57:57,040

we'll bring them on baby let's get it

1497

00:58:00,789 --> 00:57:58,240

going

1498

00:58:05,750 --> 00:58:02,549

all right so

1499

00:58:08,630 --> 00:58:05,760

um i'd like to well i gotta change it up

1500

00:58:11,510 --> 00:58:08,640

now because i have i have davey so i'm

1501  
00:58:14,630 --> 00:58:11,520  
going to introduce this gentleman as uh

1502  
00:58:16,630 --> 00:58:14,640  
he is a competitive cyclist over there

1503  
00:58:19,990 --> 00:58:16,640  
he has just gotten his yoga teaching

1504  
00:58:22,309 --> 00:58:20,000  
certificate so he is a stone cold yogi

1505  
00:58:24,950 --> 00:58:22,319  
uh like myself who i hope to be able to

1506  
00:58:27,109 --> 00:58:24,960  
practice with when i come over in the uk

1507  
00:58:29,750 --> 00:58:27,119  
uh to the uk he's very passionate about

1508  
00:58:34,549 --> 00:58:29,760  
the topic as we all are this amazing

1509  
00:58:36,789 --> 00:58:34,559  
topic that has brought us all together

1510  
00:58:39,829 --> 00:58:36,799  
uh from from different parts of not only

1511  
00:58:41,270 --> 00:58:39,839  
the uk uh but the us and uh now we've

1512  
00:58:43,349 --> 00:58:41,280  
become friends because we love the

1513  
00:58:47,670 --> 00:58:43,359

phenomenon so uh please let me introduce

1514

00:58:52,069 --> 00:58:50,069

hey everybody thank you davey hey no

1515

00:58:53,910 --> 00:58:52,079

problem just to let you know that um 10

1516

00:58:57,030 --> 00:58:53,920

minutes ago when i got your message dj i

1517

00:58:58,789 --> 00:58:57,040

was in the bath so

1518

00:59:00,470 --> 00:58:58,799

at least you're clean and we needed a

1519

00:59:02,069 --> 00:59:00,480

new york shirt we needed a yorkshire

1520

00:59:04,870 --> 00:59:02,079

accent vinnie would have requested that

1521

00:59:07,670 --> 00:59:04,880

anyway so uh so we got that uh fabulous

1522

00:59:10,710 --> 00:59:07,680

so uh now uh so for the next person from

1523

00:59:14,390 --> 00:59:10,720

the kingdom of wayla's uh this gentleman

1524

00:59:16,710 --> 00:59:14,400

is uh playing the role of mary bennett

1525

00:59:18,630 --> 00:59:16,720

in our frightening french and it's he's

1526

00:59:20,789 --> 00:59:18,640

he's serious he's over playing those

1527

00:59:23,430 --> 00:59:20,799

concertos uh

1528

00:59:26,390 --> 00:59:23,440

but he is uh the host of his new show

1529

00:59:28,470 --> 00:59:26,400

coloring outside the lines

1530

00:59:31,030 --> 00:59:28,480

uh a lot of people are very very jazzed

1531

00:59:32,390 --> 00:59:31,040

uh about this new show for good reason

1532

00:59:35,670 --> 00:59:32,400

dan has become

1533

00:59:37,670 --> 00:59:35,680

a pretty famous uh uh as a result of

1534

00:59:40,150 --> 00:59:37,680

being on that ufo podcast as co-host

1535

00:59:43,589 --> 00:59:40,160

with andy chillin with mcgrillen we have

1536

00:59:47,190 --> 00:59:43,599

three members of uap media uk here so

1537

00:59:49,670 --> 00:59:47,200

party people put them hands together

1538

00:59:53,030 --> 00:59:49,680

for i tell you it took us three times to

1539

00:59:55,349 --> 00:59:53,040

get this brother on the show

1540

00:59:58,840 --> 00:59:55,359

put them together for dan

1541

01:00:00,150 --> 00:59:58,850

zetterstrom the signal

1542

01:00:03,190 --> 01:00:00,160

[Music]

1543

01:00:04,870 --> 01:00:03,200

hello hello hello welcome dan

1544

01:00:06,630 --> 01:00:04,880

thank you for for having me and for

1545

01:00:08,549 --> 01:00:06,640

inviting me third time lucky is the

1546

01:00:09,990 --> 01:00:08,559

charm that's right um i was gonna

1547

01:00:12,150 --> 01:00:10,000

pretend to be on mute there and just

1548

01:00:14,069 --> 01:00:12,160

give you guys something but uh no i

1549

01:00:16,069 --> 01:00:14,079

didn't do it i uh

1550

01:00:17,589 --> 01:00:16,079

yeah i love it the sense of humor you're

1551

01:00:20,069 --> 01:00:17,599

bringing it already plenty of show left

1552

01:00:21,670 --> 01:00:20,079

for that to happen too awesome yeah it's

1553

01:00:23,510 --> 01:00:21,680

the first and i and i hope there's

1554

01:00:25,349 --> 01:00:23,520

nothing uh stupid that i do that makes

1555

01:00:27,109 --> 01:00:25,359

it the last time you come on

1556

01:00:28,950 --> 01:00:27,119

because it took it took me a year to get

1557

01:00:30,630 --> 01:00:28,960

you the first time but no it's it's

1558

01:00:31,510 --> 01:00:30,640

wonderful to have again all kidding

1559

01:00:34,309 --> 01:00:31,520

aside

1560

01:00:36,069 --> 01:00:34,319

i really appreciate it uh and uh let's

1561

01:00:38,950 --> 01:00:36,079

see who do we have next alphabetically

1562

01:00:41,430 --> 01:00:38,960

1563

01:00:43,829 --> 01:00:41,440

have a little bit of snark uh he did get

1572

01:01:09,670 --> 01:01:06,799

into it he wrestled with nathan a little

1573

01:01:12,710 --> 01:01:09,680

01:03:36,150 --> 01:03:34,240

we'll one day we'll go skating together

1620

01:03:38,710 --> 01:03:36,160

vinnie so that's my background

1621

01:03:40,789 --> 01:03:38,720

there we are nice amazing yeah yeah he's

1622

01:03:43,270 --> 01:03:40,799

a profe i guess you were a cyclist of

1623

01:03:44,950 --> 01:03:43,280

note uh mountain cyclist and road

1624

01:03:46,789 --> 01:03:44,960

cyclist as well

1625

01:03:49,670 --> 01:03:46,799

yeah a bit of everything of off-road bit

1626

01:03:51,270 --> 01:03:49,680

of on-road all sorts of silly stuff but

1627

01:03:53,910 --> 01:03:51,280

before that was a skateboarder as well

1628

01:03:56,789 --> 01:03:55,589

i love it i'm so honored to have you

1629

01:03:58,470 --> 01:03:56,799

guys here i'm going to turn this over

1630

01:04:00,309 --> 01:03:58,480

nathan i'm going to shut the hell up

1631

01:04:02,069 --> 01:04:00,319

except for some ridiculous commentary in

1632

01:04:03,270 --> 01:04:02,079

between all right so i think you guys

1633

01:04:04,630 --> 01:04:03,280

saw a little bit of the last session

1634

01:04:06,390 --> 01:04:04,640

with the beatles we're going to go

1635

01:04:07,670 --> 01:04:06,400

around everybody gets the topic and then

1636

01:04:09,109 --> 01:04:07,680

everybody gets a chance to respond to

1637

01:04:11,109 --> 01:04:09,119

that we're going to try our best to go

1638

01:04:13,029 --> 01:04:11,119

into alphabetical order uh with the

1639

01:04:14,470 --> 01:04:13,039

topics and responses so with that being

1640

01:04:17,430 --> 01:04:14,480

said let's get started we're gonna start

1641

01:04:18,870 --> 01:04:17,440

with dan dana put you up here

1642

01:04:21,510 --> 01:04:18,880

kick us off

1643

01:04:23,910 --> 01:04:21,520

hey hey okay so i have a a number of

1644

01:04:26,400 --> 01:04:23,920

different topics i'm gonna start with

1645

01:04:29,109 --> 01:04:26,410

discussing if birds are real i think

1646

01:04:30,549 --> 01:04:29,119

[Laughter]

1647

01:04:36,150 --> 01:04:30,559

all right that's enough from dan

1648

01:04:38,829 --> 01:04:37,589

i didn't know dan was gonna bring the

1649

01:04:41,510 --> 01:04:38,839

comedy

1650

01:04:43,910 --> 01:04:41,520

baby so i i thought we'd start with we

1651  
01:04:45,190 --> 01:04:43,920  
we saw some new footage this week and

1652  
01:04:47,270 --> 01:04:45,200  
there's been a lot of debate over

1653  
01:04:49,670 --> 01:04:47,280  
whether that footage even showed

1654  
01:04:51,990 --> 01:04:49,680  
anything anomalous but the point i'd

1655  
01:04:54,230 --> 01:04:52,000  
like to bring in is whether

1656  
01:04:57,349 --> 01:04:54,240  
one bit of footage is gonna be enough to

1657  
01:04:59,190 --> 01:04:57,359  
tip this anyway or whether we're kind of

1658  
01:05:00,710 --> 01:04:59,200  
we should be looking at a preponderance

1659  
01:05:02,870 --> 01:05:00,720  
of evidence throughout the history of

1660  
01:05:04,950 --> 01:05:02,880  
the subject instead of looking so one

1661  
01:05:07,349 --> 01:05:04,960  
video that may or may not be in front of

1662  
01:05:09,990 --> 01:05:07,359  
us so i wanted everyone to kind of chime

1663  
01:05:12,150 --> 01:05:10,000

in on whether they think you know we've

1664

01:05:14,390 --> 01:05:12,160

heard about a 23-minute video for

1665

01:05:16,150 --> 01:05:14,400

example that shows you know these craft

1666

01:05:18,789 --> 01:05:16,160

in some detail

1667

01:05:20,789 --> 01:05:18,799

would that solve the debate at all

1668

01:05:21,990 --> 01:05:20,799

if we were to be able to you know even

1669

01:05:23,670 --> 01:05:22,000

if it had windows and we could see

1670

01:05:27,029 --> 01:05:23,680

occupants some some people might say

1671

01:05:29,190 --> 01:05:27,039

that it's cg or something like that and

1672

01:05:32,069 --> 01:05:29,200

i i personally think that any bit of

1673

01:05:34,390 --> 01:05:32,079

footage that could be brought out would

1674

01:05:36,870 --> 01:05:34,400

just it would be torn apart on on social

1675

01:05:39,750 --> 01:05:36,880

media as happens so i'd like to hear

1676

01:05:42,069 --> 01:05:39,760

what you guys think of that uh yeah

1677

01:05:43,750 --> 01:05:42,079

awesome thanks dan all right davey uh

1678

01:05:45,349 --> 01:05:43,760

let's let's get you

1679

01:05:46,390 --> 01:05:45,359

let's get you up here sorry i had to

1680

01:05:47,349 --> 01:05:46,400

move that comment to get them on there

1681

01:05:50,150 --> 01:05:47,359

we go

1682

01:05:52,710 --> 01:05:50,160

no problem i don't think any single

1683

01:05:54,870 --> 01:05:52,720

video recording photograph

1684

01:05:57,270 --> 01:05:54,880

body part lump of metal would ever be

1685

01:06:00,950 --> 01:05:59,029

there is always going to be somebody who

1686

01:06:02,950 --> 01:06:00,960

goes now it's made up it's faked it's a

1687

01:06:04,150 --> 01:06:02,960

film set it's a hoax we've got people

1688

01:06:05,670 --> 01:06:04,160

now who don't believe that john f

1689

01:06:07,430 --> 01:06:05,680

kennedy was

1690

01:06:08,549 --> 01:06:07,440

assassinated wait no he was and we have

1691

01:06:09,750 --> 01:06:08,559

people who don't believe we've been to

1692

01:06:10,470 --> 01:06:09,760

the moon so

1693

01:06:12,069 --> 01:06:10,480

no

1694

01:06:14,390 --> 01:06:12,079

it needs more than that

1695

01:06:15,910 --> 01:06:14,400

but that buildup of information

1696

01:06:17,430 --> 01:06:15,920

shifts the weight of opinion across

1697

01:06:19,430 --> 01:06:17,440

everybody until eventually you reach

1698

01:06:21,670 --> 01:06:19,440

that critical mass where it stops even

1699

01:06:23,430 --> 01:06:21,680

being a question of is this real or not

1700

01:06:25,109 --> 01:06:23,440

it just is another part of the world we

1701

01:06:26,710 --> 01:06:25,119

live in

1702

01:06:29,270 --> 01:06:26,720

i love that yeah there's this sort of

1703

01:06:31,349 --> 01:06:29,280

momentum that has to take place for i

1704

01:06:33,029 --> 01:06:31,359

think enough public opinion to shift

1705

01:06:34,390 --> 01:06:33,039

that's a that's a great

1706

01:06:36,309 --> 01:06:34,400

insight there all right graham let's get

1707

01:06:38,069 --> 01:06:36,319

your take on it yeah you're always going

1708

01:06:39,990 --> 01:06:38,079

to have people who think things are fake

1709

01:06:41,670 --> 01:06:40,000

um you can fake anything nowadays the

1710

01:06:44,390 --> 01:06:41,680

deep fakes that are out there even just

1711

01:06:46,789 --> 01:06:44,400

putting my my head or my face on the

1712

01:06:49,430 --> 01:06:46,799

head of charlie watts you know it's

1713

01:06:51,990 --> 01:06:49,440

possible isn't it so any anything's

1714

01:06:53,430 --> 01:06:52,000

doable so and they're not the people who

1715

01:06:54,710 --> 01:06:53,440

you're going to have to try and convince

1716

01:06:56,789 --> 01:06:54,720

anybody because they're always going to

1717

01:06:58,549 --> 01:06:56,799

believe that it's all um on a sound

1718

01:07:00,950 --> 01:06:58,559

stage somewhere or it's made up on a

1719

01:07:02,230 --> 01:07:00,960

computer or it's just lies i mean look

1720

01:07:03,829 --> 01:07:02,240

the russians at the moment you're all

1721

01:07:05,750 --> 01:07:03,839

the stuff they're coming out with about

1722

01:07:07,910 --> 01:07:05,760

you know oh there's no war crimes we're

1723

01:07:09,670 --> 01:07:07,920

not we're not really invading or we're

1724

01:07:11,589 --> 01:07:09,680

looking at nazis and all the rest of it

1725

01:07:13,750 --> 01:07:11,599

people can if the lie is big enough you

1726

01:07:16,630 --> 01:07:13,760

know you can just sell it on or to

1727

01:07:19,190 --> 01:07:16,640

anybody and people will believe it um

1728

01:07:21,430 --> 01:07:19,200

not everybody but enough people will the

1729

01:07:23,349 --> 01:07:21,440

people who we have to try and change

1730

01:07:25,109 --> 01:07:23,359

their minds are the people who either

1731

01:07:27,670 --> 01:07:25,119

aren't interested at the moment for

1732

01:07:29,750 --> 01:07:27,680

whatever reason or are sort of floating

1733

01:07:31,109 --> 01:07:29,760

you know just waiting for developments

1734

01:07:32,950 --> 01:07:31,119

they've got a passing interest but

1735

01:07:35,190 --> 01:07:32,960

that's all it is and something that

1736

01:07:37,430 --> 01:07:35,200

actually will grab their attention like

1737

01:07:40,309 --> 01:07:37,440

this 23 minute video this legend this

1738

01:07:42,390 --> 01:07:40,319

legendary video if it is good as people

1739

01:07:43,910 --> 01:07:42,400

say it is then that might be the thing

1740

01:07:45,349 --> 01:07:43,920

that actually does get a lot of people

1741

01:07:47,990 --> 01:07:45,359

on board and we get to that tipping

1742

01:07:48,950 --> 01:07:48,000

point where it's then only a matter of

1743

01:07:51,670 --> 01:07:48,960

time

1744

01:07:53,910 --> 01:07:51,680

when things do actually start developing

1745

01:07:55,990 --> 01:07:53,920

and start being announced because if you

1746

01:07:58,309 --> 01:07:56,000

get that ground [h\_\_h] that ground swell

1747

01:08:00,230 --> 01:07:58,319

of opinion to say look you know there's

1748

01:08:02,230 --> 01:08:00,240

something going on we want to know more

1749

01:08:04,230 --> 01:08:02,240

and people start approaching their

1750

01:08:05,910 --> 01:08:04,240

politicians in sufficient number like

1751

01:08:07,910 --> 01:08:05,920

they do on other issues then you might

1752

01:08:10,150 --> 01:08:07,920

get some movement

1753

01:08:12,549 --> 01:08:10,160

not that yeah i think too just like you

1754

01:08:13,910 --> 01:08:12,559

jump in uh i think that

1755

01:08:16,309 --> 01:08:13,920

there's got to be

1756

01:08:18,550 --> 01:08:16,319

enough credible people

1757

01:08:22,149 --> 01:08:18,560

surrounding the release of whatever it

1758

01:08:24,229 --> 01:08:22,159

is you know so it's got to come from a a

1759

01:08:26,390 --> 01:08:24,239

government source the providence has to

1760

01:08:28,550 --> 01:08:26,400

be very clear it's got to have folks who

1761

01:08:30,550 --> 01:08:28,560

have seen it back up but what whatever

1762

01:08:31,749 --> 01:08:30,560

that happens to be official people not

1763

01:08:32,950 --> 01:08:31,759

just within the government but within

1764

01:08:34,950 --> 01:08:32,960

our scientific community that would be

1765

01:08:37,110 --> 01:08:34,960

my take is that you've got enough of a

1766

01:08:39,110 --> 01:08:37,120

kind of uh panel of individuals that

1767

01:08:41,030 --> 01:08:39,120

have credibility in the larger public

1768

01:08:42,950 --> 01:08:41,040

sphere for the rest of the world to go

1769

01:08:44,870 --> 01:08:42,960

okay i guess this is this is it this is

1770

01:08:46,390 --> 01:08:44,880

this is real public opinion says that

1771

01:08:48,229 --> 01:08:46,400

most people already do believe there's

1772

01:08:50,550 --> 01:08:48,239

something there but i think that you

1773

01:08:52,229 --> 01:08:50,560

know that extra bit of legitimacy has to

1774

01:08:56,309 --> 01:08:52,239

you know sort of come from a lot of

1775

01:08:58,950 --> 01:08:57,669

um all right let's see vinnie what's

1776

01:09:00,630 --> 01:08:58,960

your take

1777

01:09:03,110 --> 01:09:00,640

yeah man i think like let's keep with

1778

01:09:05,189 --> 01:09:03,120

the 23 minute video if we were to see

1779

01:09:06,470 --> 01:09:05,199

that video then we have to assume that

1780

01:09:07,749 --> 01:09:06,480

because it's from a military source that

1781

01:09:09,349 --> 01:09:07,759

we're going to see

1782

01:09:11,189 --> 01:09:09,359

or not necessarily but we'll know that

1783

01:09:13,269 --> 01:09:11,199

there is multiple sensor systems that

1784

01:09:15,990 --> 01:09:13,279

have also picked that object up so if we

1785

01:09:17,590 --> 01:09:16,000

get that along with the the video then

1786

01:09:19,829 --> 01:09:17,600

we're in a different discussion you know

1787

01:09:21,189 --> 01:09:19,839

because it's not just a video if it

1788

01:09:22,789 --> 01:09:21,199

leaks that's a different story because

1789

01:09:24,470 --> 01:09:22,799

we might not then get the systems but

1790

01:09:25,749 --> 01:09:24,480

we're talking about sources and methods

1791

01:09:27,189 --> 01:09:25,759

here so

1792

01:09:28,470 --> 01:09:27,199

it's hard to say there's two ways that

1793

01:09:30,390 --> 01:09:28,480

can go but then you've got to think

1794

01:09:32,789 --> 01:09:30,400

about if the video did drop as a leak as

1795

01:09:34,630 --> 01:09:32,799

a standalone yes there'd be a lot of

1796

01:09:36,229 --> 01:09:34,640

people a lot of naysayers but at the

1797

01:09:38,229 --> 01:09:36,239

same time it will kind of push the

1798

01:09:39,829 --> 01:09:38,239

conversation forward and it might just

1799

01:09:42,309 --> 01:09:39,839

force the hand of certain people whether

1800

01:09:44,470 --> 01:09:42,319

it be within military branches or within

1801  
01:09:46,550 --> 01:09:44,480  
in the intelligence community you know

1802  
01:09:48,390 --> 01:09:46,560  
it will keep the ball moving forward but

1803  
01:09:50,550 --> 01:09:48,400  
i like to think that you know we'll get

1804  
01:09:52,789 --> 01:09:50,560  
that extra sensor system because

1805  
01:09:54,070 --> 01:09:52,799  
it's all about the data i'm talking

1806  
01:09:55,590 --> 01:09:54,080  
about what i want to say i want to see

1807  
01:09:58,630 --> 01:09:55,600  
the data that comes with it you know the

1808  
01:10:00,470 --> 01:09:58,640  
videos are great we all want videos but

1809  
01:10:03,030 --> 01:10:00,480  
data is where the you know the meat and

1810  
01:10:05,189 --> 01:10:03,040  
potatoes are absolutely

1811  
01:10:07,590 --> 01:10:05,199  
dj did you want to jump in on this too

1812  
01:10:09,510 --> 01:10:07,600  
yeah i i actually uh people don't really

1813  
01:10:11,270 --> 01:10:09,520

source me as somebody from aviation but

1814

01:10:13,030 --> 01:10:11,280

i do come from an aviation background

1815

01:10:16,070 --> 01:10:13,040

and i i spoke with chris lato right

1816

01:10:18,390 --> 01:10:16,080

after the the video and just to compare

1817

01:10:20,310 --> 01:10:18,400

notes because i saw something that i

1818

01:10:23,830 --> 01:10:20,320

thought was anomalous because of the

1819

01:10:25,510 --> 01:10:23,840

acceleration deceleration the 360 degree

1820

01:10:27,430 --> 01:10:25,520

turn that's just not possible with an

1821

01:10:29,350 --> 01:10:27,440

aircraft you'd stall

1822

01:10:32,070 --> 01:10:29,360

if you change speeds in terms of

1823

01:10:33,750 --> 01:10:32,080

decelerating at that level and i i

1824

01:10:35,189 --> 01:10:33,760

thought it was anomalous straight away i

1825

01:10:37,270 --> 01:10:35,199

i know mick west threw out there well

1826

01:10:38,790 --> 01:10:37,280

what if it wasn't a thousand feet away

1827

01:10:42,229 --> 01:10:38,800

what if it was 500 all that kind of

1828

01:10:43,350 --> 01:10:42,239

stuff um just changing speeds that

1829

01:10:46,149 --> 01:10:43,360

quickly

1830

01:10:48,470 --> 01:10:46,159

positions is just not something that

1831

01:10:49,990 --> 01:10:48,480

that uh aircraft can do and

1832

01:10:52,070 --> 01:10:50,000

there's other things i could get into

1833

01:10:53,910 --> 01:10:52,080

with the orb and the uh but i'm not

1834

01:10:56,630 --> 01:10:53,920

going to do that but i thought that was

1835

01:10:57,510 --> 01:10:56,640

anomalous one when i saw it love it

1836

01:10:59,110 --> 01:10:57,520

excellent

1837

01:11:00,390 --> 01:10:59,120

all right great first uh discussion

1838

01:11:03,110 --> 01:11:00,400

there so davey i'm going to give it to

1839

01:11:04,709 --> 01:11:03,120

you to offer up your topic can can i

1840

01:11:07,110 --> 01:11:04,719

just say that

1841

01:11:08,709 --> 01:11:07,120

in in summary that we basically just

1842

01:11:12,790 --> 01:11:08,719

argued that it's not worth paying

1843

01:11:14,070 --> 01:11:12,800

attention to to make west

1844

01:11:16,550 --> 01:11:14,080

i mean

1845

01:11:17,510 --> 01:11:16,560

the important thing here is absolutely

1846

01:11:18,950 --> 01:11:17,520

that

1847

01:11:20,149 --> 01:11:18,960

people need to understand what they're

1848

01:11:25,830 --> 01:11:20,159

looking at

1849

01:11:27,510 --> 01:11:25,840

systems that we're not experts of we

1850

01:11:29,189 --> 01:11:27,520

need to listen to people like dj and to

1851

01:11:31,590 --> 01:11:29,199

people like chris who use these things

1852

01:11:32,709 --> 01:11:31,600

on a daily basis um and to bring it back

1853

01:11:34,790 --> 01:11:32,719

to because we're you know where the

1854

01:11:38,310 --> 01:11:34,800

stones and it's the uk thing uh there

1855

01:11:41,510 --> 01:11:38,320

was a kind of slogan a few years back uh

1856

01:11:43,669 --> 01:11:41,520

that became popular from the uh

1857

01:11:46,550 --> 01:11:43,679

conservatives here and that was that uh

1858

01:11:48,630 --> 01:11:46,560

people had had enough of experts and

1859

01:11:50,229 --> 01:11:48,640

just just so you you know where the uk

1860

01:11:52,310 --> 01:11:50,239

is with this if we were to put a bunch

1861

01:11:53,430 --> 01:11:52,320

of experts up people wouldn't listen to

1862

01:11:55,830 --> 01:11:53,440

them

1863

01:11:58,470 --> 01:11:55,840

former professor at the naval

1864

01:11:59,910 --> 01:11:58,480

academy uh his name is tom something

1865

01:12:01,430 --> 01:11:59,920

he's on twitter he wrote a book called

1866

01:12:02,790 --> 01:12:01,440

the death of expertise which i thought

1867

01:12:03,990 --> 01:12:02,800

was very funny

1868

01:12:05,830 --> 01:12:04,000

excellent

1869

01:12:09,910 --> 01:12:05,840

all right davey

1870

01:12:12,709 --> 01:12:09,920

perfect so my question is two-part

1871

01:12:14,310 --> 01:12:12,719

we hear stories of how over the years

1872

01:12:16,070 --> 01:12:14,320

this thing that we're talking about has

1873

01:12:17,669 --> 01:12:16,080

changed shape changed form we get

1874

01:12:20,070 --> 01:12:17,679

different pieces of evidence so we go

1875

01:12:22,550 --> 01:12:20,080

back to the airships we go back to the

1876

01:12:23,990 --> 01:12:22,560

space brothers we go back to the greys

1877

01:12:26,709 --> 01:12:24,000

and the abduction phenomenon we talk

1878

01:12:29,030 --> 01:12:26,719

about landing traces and it seems to

1879

01:12:30,310 --> 01:12:29,040

evolve so my question is first of all do

1880

01:12:31,910 --> 01:12:30,320

we think

1881

01:12:34,229 --> 01:12:31,920

that there is an evolution of the

1882

01:12:37,430 --> 01:12:34,239

phenomenon and if so

1883

01:12:40,310 --> 01:12:37,440

what's driving that

1884

01:12:42,709 --> 01:12:40,320

we got another tesco coupon to send out

1885

01:12:45,750 --> 01:12:42,719

so far we got dan we got vinnie we got

1886

01:12:47,510 --> 01:12:45,760

granite we got coupons here

1887

01:12:49,189 --> 01:12:47,520

plastic four and four coupons all right

1888

01:12:52,229 --> 01:12:49,199

i'm gonna get gonna get it back to you

1889

01:12:54,149 --> 01:12:52,239

dan for a first take on this

1890

01:12:55,050 --> 01:12:54,159

yeah man for sure i genuinely was on

1891

01:12:58,550 --> 01:12:55,060

mute then

1892

01:13:01,110 --> 01:12:58,560

[Laughter]

1893

01:13:02,950 --> 01:13:01,120

um yeah i i think that's

1894

01:13:05,189 --> 01:13:02,960

it's really interesting seeing that it's

1895

01:13:07,990 --> 01:13:05,199

changed form and just uh i'm going to

1896

01:13:10,310 --> 01:13:08,000

speculate here but i i think if there

1897

01:13:13,750 --> 01:13:12,149

if there was kind of a control system

1898

01:13:16,229 --> 01:13:13,760

that was there to kind of coax us

1899

01:13:19,189 --> 01:13:16,239

forward uh using a kind of engine of

1900

01:13:22,310 --> 01:13:19,199

innovation or technology then it makes

1901

01:13:25,030 --> 01:13:22,320

sense to me that that control system as

1902

01:13:27,110 --> 01:13:25,040

we developed it would change along with

1903

01:13:29,030 --> 01:13:27,120

us to kind of give us the next strip

1904

01:13:30,709 --> 01:13:29,040

feed of paradigm shifts

1905

01:13:32,149 --> 01:13:30,719

so

1906

01:13:33,510 --> 01:13:32,159

even though i mean you know i can't i

1907

01:13:35,669 --> 01:13:33,520

can't prove that that that's what's

1908

01:13:37,590 --> 01:13:35,679

happening but i feel like on one side of

1909

01:13:40,470 --> 01:13:37,600

the coin it could be a singularity

1910

01:13:43,030 --> 01:13:40,480

drawing at us towards it in the future

1911

01:13:45,669 --> 01:13:43,040

um you know reaching back across kind of

1912

01:13:47,590 --> 01:13:45,679

tiny why me uh a ways

1913

01:13:49,110 --> 01:13:47,600

but on the other hand we could be

1914

01:13:51,910 --> 01:13:49,120

looking at

1915

01:13:55,189 --> 01:13:51,920

just a lot of different uh i guess

1916

01:13:57,350 --> 01:13:55,199

species would be the word um or if we're

1917

01:13:59,110 --> 01:13:57,360

looking at time travelers you know

1918

01:14:00,950 --> 01:13:59,120

kind of time tourists they could be

1919

01:14:02,550 --> 01:14:00,960

coming from different points in the

1920

01:14:04,470 --> 01:14:02,560

future

1921

01:14:06,310 --> 01:14:04,480

it's really interesting that they kind

1922

01:14:08,709 --> 01:14:06,320

of change in shape

1923

01:14:10,310 --> 01:14:08,719

for that reason and and this is where

1924

01:14:12,149 --> 01:14:10,320

the consciousness connection comes into

1925

01:14:14,310 --> 01:14:12,159

it as to whether they change in shape

1926

01:14:15,030 --> 01:14:14,320

based on the person that's perceiving

1927

01:14:17,350 --> 01:14:15,040

them

1928

01:14:19,110 --> 01:14:17,360

i i think it's really interesting that

1929

01:14:21,990 --> 01:14:19,120

even though we

1930

01:14:24,070 --> 01:14:22,000

we put a lot of religious connotations

1931

01:14:26,950 --> 01:14:24,080

onto these experiences but i wonder if

1932

01:14:28,870 --> 01:14:26,960

those that religious kind of framework

1933

01:14:30,070 --> 01:14:28,880

that those people have to view the event

1934

01:14:32,470 --> 01:14:30,080

through

1935

01:14:34,630 --> 01:14:32,480

influences the actual event itself who's

1936

01:14:37,270 --> 01:14:34,640

those people when you say that uh

1937

01:14:39,189 --> 01:14:37,280

witnesses experience okay okay yeah yeah

1938

01:14:40,630 --> 01:14:39,199

that's all you can do you can only look

1939

01:14:42,390 --> 01:14:40,640

at it as a human you don't have another

1940

01:14:44,709 --> 01:14:42,400

way to look at it

1941

01:14:45,990 --> 01:14:44,719

yeah and and uh and nathan talks about

1942

01:14:48,470 --> 01:14:46,000

this

1943

01:14:49,430 --> 01:14:48,480

at length that what what we're a product

1944

01:14:50,950 --> 01:14:49,440

of

1945

01:14:53,030 --> 01:14:50,960

yeah yeah

1946

01:14:54,630 --> 01:14:53,040

all right great great answer

1947

01:14:56,870 --> 01:14:54,640

stones are totally bringing it maybe

1948

01:14:58,470 --> 01:14:56,880

it's just a case of what people perceive

1949

01:15:01,189 --> 01:14:58,480

things as and they're more comfortable

1950

01:15:03,189 --> 01:15:01,199

in terms of describing so you know if

1951

01:15:04,790 --> 01:15:03,199

you go back to ancient times and the

1952

01:15:06,709 --> 01:15:04,800

alleged reports of

1953

01:15:08,870 --> 01:15:06,719

flaming shields

1954

01:15:10,470 --> 01:15:08,880

that's what people would would sort of

1955

01:15:11,750 --> 01:15:10,480

perceive things to be shield like

1956

01:15:14,790 --> 01:15:11,760

because they were familiar with those

1957

01:15:16,630 --> 01:15:14,800

things equally the airships of the 1890s

1958

01:15:18,229 --> 01:15:16,640

again that was that was they were known

1959

01:15:19,510 --> 01:15:18,239

that these things were being developed

1960

01:15:21,590 --> 01:15:19,520

they weren't as good as the ones that

1961

01:15:23,270 --> 01:15:21,600

were being seen and reported in america

1962

01:15:25,110 --> 01:15:23,280

but they were still around it was still

1963

01:15:27,270 --> 01:15:25,120

a concept that was known and then you

1964

01:15:29,750 --> 01:15:27,280

look at the ghost aircraft of the 20s

1965

01:15:31,350 --> 01:15:29,760

and the 30s against the same sort of

1966

01:15:33,910 --> 01:15:31,360

thing even though these things were

1967

01:15:35,030 --> 01:15:33,920

flying in snowstorms and in fog

1968

01:15:36,070 --> 01:15:35,040

you know

1969

01:15:37,750 --> 01:15:36,080

weather conditions that no

1970

01:15:40,149 --> 01:15:37,760

self-respecting pilot at the time would

1971

01:15:41,350 --> 01:15:40,159

be seen dead in now let alone alive in

1972

01:15:43,350 --> 01:15:41,360

um you know

1973

01:15:44,870 --> 01:15:43,360

they would actually they were seen and

1974

01:15:47,350 --> 01:15:44,880

they were they were

1975

01:15:49,590 --> 01:15:47,360

firing searchlights down the ground in

1976

01:15:52,390 --> 01:15:49,600

but yet they were familiar if slightly

1977

01:15:53,990 --> 01:15:52,400

removed now you then get a bit further

1978

01:15:55,990 --> 01:15:54,000

on and you get the foo fighters then you

1979

01:15:59,110 --> 01:15:56,000

get to the the flying discs and i think

1980

01:16:01,669 --> 01:15:59,120

it it just seems to jump in terms of the

1981

01:16:04,149 --> 01:16:01,679

distance between what was perceived and

1982

01:16:06,070 --> 01:16:04,159

what was the reality um on the ground in

1983

01:16:08,149 --> 01:16:06,080

terms of our technology in terms of

1984

01:16:10,310 --> 01:16:08,159

mankind's technology and i think i'm not

1985

01:16:12,229 --> 01:16:10,320

entirely sure why that kind of jump

1986

01:16:14,470 --> 01:16:12,239

appeared because rather than having

1987

01:16:15,830 --> 01:16:14,480

things which are much much more familiar

1988

01:16:17,590 --> 01:16:15,840

then you've got things which which are

1989

01:16:20,229 --> 01:16:17,600

quite outlandish so you've got the balls

1990

01:16:22,070 --> 01:16:20,239

of light um in terms of the foo fighters

1991

01:16:23,830 --> 01:16:22,080

and the other associated things that

1992

01:16:26,229 --> 01:16:23,840

were seen and then you have the flying

1993

01:16:30,390 --> 01:16:26,239

discs in 47 onwards but then you get

1994

01:16:32,470 --> 01:16:30,400

black triangles and you know yes okay

1995

01:16:34,950 --> 01:16:32,480

people have experimented with delta

1996

01:16:36,950 --> 01:16:34,960

winged aircraft over the years but not

1997

01:16:39,350 --> 01:16:36,960

to that degree of you know being able to

1998

01:16:41,110 --> 01:16:39,360

hover motionless um over a scottish

1999

01:16:43,830 --> 01:16:41,120

valley silently

2000

01:16:45,430 --> 01:16:43,840

yeah for ten minutes um there's vinnie's

2001

01:16:47,750 --> 01:16:45,440

there there's a there's a nod to vinnie

2002

01:16:49,750 --> 01:16:47,760

there of a diamond-shaped craft hovering

2003

01:16:51,189 --> 01:16:49,760

over the scottish highlands for um for

2004

01:16:53,590 --> 01:16:51,199

10 minutes then shooting off into the

2005

01:16:55,669 --> 01:16:53,600

into the ether so um

2006

01:16:57,750 --> 01:16:55,679

you know this seems to be a

2007

01:16:59,030 --> 01:16:57,760

yes okay to a certain point i think i'll

2008

01:17:00,870 --> 01:16:59,040

agree with davey

2009

01:17:03,669 --> 01:17:00,880

that there's a kind of familiarity to it

2010

01:17:05,270 --> 01:17:03,679

and and dan saying about um you know

2011

01:17:06,870 --> 01:17:05,280

that might be a kind of that pointless

2012

01:17:08,149 --> 01:17:06,880

in the right direction but somewhere

2013

01:17:10,149 --> 01:17:08,159

along the line that program has gone

2014

01:17:12,470 --> 01:17:10,159

awry and i think things are left ahead

2015

01:17:15,910 --> 01:17:12,480

too much so now we're seeing things that

2016

01:17:18,550 --> 01:17:15,920

um you know defy explanation um in terms

2017

01:17:20,070 --> 01:17:18,560

of people's experiences whereas at one

2018

01:17:21,910 --> 01:17:20,080

time it was yes okay they're just a few

2019

01:17:23,189 --> 01:17:21,920

hours for each maybe a few years ahead

2020

01:17:24,630 --> 01:17:23,199

of our development

2021

01:17:27,669 --> 01:17:24,640

but i'm not sure you can say the same

2022

01:17:31,110 --> 01:17:29,430

amazing man you guys are absolutely

2023

01:17:33,030 --> 01:17:31,120

killing it and you know graham i i have

2024

01:17:35,430 --> 01:17:33,040

the benefit of having grown up in hudson

2025

01:17:37,830 --> 01:17:35,440

valley and now that this topic is open

2026

01:17:39,669 --> 01:17:37,840

for people to talk about and i actually

2027

01:17:41,110 --> 01:17:39,679

have a high school podcast that probably

2028

01:17:42,390 --> 01:17:41,120

you guys don't know about but i just

2029

01:17:44,070 --> 01:17:42,400

started

2030

01:17:47,350 --> 01:17:44,080

a couple of months ago and it's me and

2031

01:17:49,669 --> 01:17:47,360

my high school classmates and now six or

2032

01:17:50,550 --> 01:17:49,679

seven or eight of them have opened up

2033

01:17:54,310 --> 01:17:50,560

about

2034

01:17:55,990 --> 01:17:54,320

triangular or boomerang-shaped craft

2035

01:17:59,110 --> 01:17:56,000

that they didn't know the other person

2036

01:18:01,189 --> 01:17:59,120

saw either over indian point or just

2037

01:18:02,229 --> 01:18:01,199

crossing the boundaries of our school

2038

01:18:05,030 --> 01:18:02,239

district

2039

01:18:07,030 --> 01:18:05,040

blows me away i mean so it you know

2040

01:18:08,470 --> 01:18:07,040

they're all saying the same thing but

2041

01:18:10,470 --> 01:18:08,480

it's it's a it was a great question

2042

01:18:11,669 --> 01:18:10,480

anyway so i'm sorry to turn it back to

2043

01:18:13,189 --> 01:18:11,679

you nathan no that's great yeah let's

2044

01:18:15,110 --> 01:18:13,199

hear from vinnie

2045

01:18:16,310 --> 01:18:15,120

uh davey that's a great question as well

2046

01:18:18,070 --> 01:18:16,320

talking about the way shapes have

2047

01:18:19,270 --> 01:18:18,080

changed and evolved over time and i

2048

01:18:20,950 --> 01:18:19,280

think it's a bit we're a bit

2049

01:18:23,189 --> 01:18:20,960

generalizing here because we have had

2050

01:18:25,110 --> 01:18:23,199

things like triangle sightings way back

2051

01:18:26,630 --> 01:18:25,120

before the kind of triangle era of the

2052

01:18:28,470 --> 01:18:26,640

80s and 90s

2053

01:18:31,030 --> 01:18:28,480

but i do kind of agree with the kind of

2054

01:18:32,870 --> 01:18:31,040

thing that dan said is that it evolves

2055

01:18:35,030 --> 01:18:32,880

as we evolve with the way that we are

2056

01:18:37,590 --> 01:18:35,040

technologically with the airships in the

2057

01:18:39,590 --> 01:18:37,600

late 1800s early 1900s moving through

2058

01:18:41,910 --> 01:18:39,600

into the saucer era and the pop culture

2059

01:18:44,149 --> 01:18:41,920

that exploded around that then into the

2060

01:18:45,830 --> 01:18:44,159

stealth technology black triangles up

2061

01:18:48,790 --> 01:18:45,840

until now with tic tacs and that which

2062

01:18:50,870 --> 01:18:48,800

is just advanced technology um so it

2063

01:18:52,470 --> 01:18:50,880

does make sense that maybe there is this

2064

01:18:55,110 --> 01:18:52,480

non-human intelligence that is just

2065

01:18:56,870 --> 01:18:55,120

mirroring our evolution as it happens

2066

01:18:57,910 --> 01:18:56,880

that's a really huge possibility but

2067

01:18:59,830 --> 01:18:57,920

then it could be related to the

2068

01:19:02,070 --> 01:18:59,840

consciousness connection that we're

2069

01:19:04,550 --> 01:19:02,080

you know we're seeing what we have you

2070

01:19:06,870 --> 01:19:04,560

know within us subconsciously and things

2071

01:19:09,669 --> 01:19:06,880

like that so it's a great point love

2072

01:19:11,750 --> 01:19:09,679

love speculating about it um

2073

01:19:13,669 --> 01:19:11,760

but yeah i mean i'd love to know i i

2074

01:19:15,910 --> 01:19:13,679

don't know is it one intelligence or is

2075

01:19:17,510 --> 01:19:15,920

it multiple you know so many people have

2076

01:19:20,630 --> 01:19:17,520

different views on that

2077

01:19:21,510 --> 01:19:20,640

um i i lean more towards one

2078

01:19:23,750 --> 01:19:21,520

or

2079

01:19:25,430 --> 01:19:23,760

yeah i do i do

2080

01:19:27,990 --> 01:19:25,440

did you mean that in a like a hippie

2081

01:19:29,910 --> 01:19:28,000

sense like we're all one anyway like

2082

01:19:31,189 --> 01:19:29,920

what do you mean

2083

01:19:33,030 --> 01:19:31,199

i'll tell you what

2084

01:19:35,189 --> 01:19:33,040

one pound of lincoln shear sausage for

2085

01:19:37,430 --> 01:19:35,199

dan right now

2086

01:19:38,950 --> 01:19:37,440

now you're talking i want my sausage dj

2087

01:19:40,229 --> 01:19:38,960

wait i shouldn't don't take that out of

2088

01:19:41,350 --> 01:19:40,239

context

2089

01:19:43,430 --> 01:19:41,360

i i

2090

01:19:45,990 --> 01:19:43,440

no dan unfortunately i wasn't being

2091

01:19:48,310 --> 01:19:46,000

hippie-ish i was being um i just think

2092

01:19:51,430 --> 01:19:48,320

that it's one group

2093

01:19:53,510 --> 01:19:51,440

could be one group evolving as we evolve

2094

01:19:54,709 --> 01:19:53,520

in what they show us

2095

01:19:56,470 --> 01:19:54,719

you know i'm not saying that there

2096

01:19:57,830 --> 01:19:56,480

aren't multiple

2097

01:20:00,070 --> 01:19:57,840

intelligences out there that aren't

2098

01:20:01,830 --> 01:20:00,080

related in any way i'm just saying it

2099

01:20:03,669 --> 01:20:01,840

just in that when we're looking at that

2100

01:20:05,510 --> 01:20:03,679

evolution of craft and the way that it's

2101  
01:20:07,270 --> 01:20:05,520  
changed and been perceived over the

2102  
01:20:09,270 --> 01:20:07,280  
decades that that's kind of a leading

2103  
01:20:10,470 --> 01:20:09,280  
hypothesis that's certainly the one that

2104  
01:20:11,830 --> 01:20:10,480  
jumps out of me when you look at

2105  
01:20:13,270 --> 01:20:11,840  
everything that's on the table in front

2106  
01:20:15,590 --> 01:20:13,280  
of us at the moment

2107  
01:20:17,270 --> 01:20:15,600  
that's that's kind of it yeah

2108  
01:20:19,270 --> 01:20:17,280  
does anyone mind if i ask vinny a

2109  
01:20:23,189 --> 01:20:19,280  
question here please oh put me on the

2110  
01:20:28,390 --> 01:20:25,669  
of course do it so we're kind of in the

2111  
01:20:30,629 --> 01:20:28,400  
area right now discussing

2112  
01:20:33,590 --> 01:20:30,639  
how consciousness could influence

2113  
01:20:34,870 --> 01:20:33,600

a phenomena and and

2114

01:20:36,790 --> 01:20:34,880

it's kind of it's making me think about

2115

01:20:38,390 --> 01:20:36,800

because we went to

2116

01:20:39,910 --> 01:20:38,400

burlesque and house and we'd spoke about

2117

01:20:41,350 --> 01:20:39,920

crowley there

2118

01:20:43,910 --> 01:20:41,360

you and i had some

2119

01:20:46,470 --> 01:20:43,920

some conversations about

2120

01:20:48,790 --> 01:20:46,480

jack parsons and where the ideas

2121

01:20:50,149 --> 01:20:48,800

came from for him and and i kind of

2122

01:20:52,870 --> 01:20:50,159

wanted to ask you if you think maybe

2123

01:20:54,790 --> 01:20:52,880

there's a connection between

2124

01:20:56,870 --> 01:20:54,800

kind of like where ideas come from and

2125

01:20:59,189 --> 01:20:56,880

intuition and the phenomena that might

2126  
01:21:01,110 --> 01:20:59,199  
be influencing us jesus christ we're

2127  
01:21:02,310 --> 01:21:01,120  
getting heavy now aren't we

2128  
01:21:04,390 --> 01:21:02,320  
whoo

2129  
01:21:06,790 --> 01:21:04,400  
so wait what is the actual question like

2130  
01:21:07,669 --> 01:21:06,800  
do i think there's a connection

2131  
01:21:09,510 --> 01:21:07,679  
but

2132  
01:21:12,070 --> 01:21:09,520  
i guess

2133  
01:21:14,550 --> 01:21:12,080  
i'll put bluntly d do you think the

2134  
01:21:15,750 --> 01:21:14,560  
phenomena is feeding could be feeding us

2135  
01:21:16,550 --> 01:21:15,760  
ideas

2136  
01:21:20,310 --> 01:21:16,560  
yeah

2137  
01:21:22,790 --> 01:21:20,320  
that specifically with crowley and the

2138  
01:21:23,910 --> 01:21:22,800

magi magic with a k with a j and a you

2139

01:21:26,390 --> 01:21:23,920

know that one

2140

01:21:28,310 --> 01:21:26,400

um i think certain people that were into

2141

01:21:30,870 --> 01:21:28,320

all that stuff back then we're also

2142

01:21:32,390 --> 01:21:30,880

tapping into like

2143

01:21:33,830 --> 01:21:32,400

something related to the phenomena and

2144

01:21:35,750 --> 01:21:33,840

these are guys at the forefront of

2145

01:21:37,830 --> 01:21:35,760

technological evolution as well you know

2146

01:21:40,550 --> 01:21:37,840

when you look at jpl and all the things

2147

01:21:42,709 --> 01:21:40,560

that parsons was associated with and i

2148

01:21:44,470 --> 01:21:42,719

think there is some connection somewhere

2149

01:21:47,189 --> 01:21:44,480

you know it seems that a lot of these

2150

01:21:49,830 --> 01:21:47,199

people that were at the leading edge of

2151

01:21:52,550 --> 01:21:49,840

you know technological

2152

01:21:54,870 --> 01:21:52,560

evolutions and new things they all had

2153

01:21:57,430 --> 01:21:54,880

some kind of insight or involvement with

2154

01:21:59,189 --> 01:21:57,440

the occult and then the occult i think

2155

01:22:01,350 --> 01:21:59,199

the more we see in here these days is

2156

01:22:03,030 --> 01:22:01,360

that they're associated under the whole

2157

01:22:05,510 --> 01:22:03,040

umbrella of what the phenomena could

2158

01:22:07,430 --> 01:22:05,520

possibly represent or be a part of so

2159

01:22:09,750 --> 01:22:07,440

yeah again it's all very speculative and

2160

01:22:11,830 --> 01:22:09,760

i'm i'm not i'm not a big one for

2161

01:22:13,830 --> 01:22:11,840

speculation because i'm so data driven

2162

01:22:15,590 --> 01:22:13,840

but at the same time you know as long as

2163

01:22:17,910 --> 01:22:15,600

people don't take what i'm saying when i

2164

01:22:19,990 --> 01:22:17,920

speculate as gospel and that's what i

2165

01:22:22,149 --> 01:22:20,000

believe necessarily then i'm happy

2166

01:22:28,310 --> 01:22:22,159

discussing it but i think preface him

2167

01:22:31,510 --> 01:22:30,149

i mean why talk about the phenomenon

2168

01:22:33,189 --> 01:22:31,520

unless we're going to speculate because

2169

01:22:34,870 --> 01:22:33,199

we don't know anything

2170

01:22:36,790 --> 01:22:34,880

there's so much fun

2171

01:22:39,030 --> 01:22:36,800

yeah i just want to say that having

2172

01:22:40,870 --> 01:22:39,040

davey jump in here this is kind of like

2173

01:22:42,870 --> 01:22:40,880

uh having charlie watts he stopped at

2174

01:22:45,189 --> 01:22:42,880

the chippy before he went back to the

2175

01:22:47,669 --> 01:22:45,199

hotel he got really

2176

01:22:49,830 --> 01:22:47,679

sick and then oh

2177

01:22:51,590 --> 01:22:49,840

keith moon is right across the street at

2178

01:22:53,590 --> 01:22:51,600

the other hotel he's going to sit in

2179

01:22:55,510 --> 01:22:53,600

with us tonight guys so basically the

2180

01:22:56,950 --> 01:22:55,520

equivalent you know we lost anna but but

2181

01:22:59,110 --> 01:22:56,960

keith moon is sitting in on the drums

2182

01:23:00,390 --> 01:22:59,120

thank you davey yeah thanks david and i

2183

01:23:01,990 --> 01:23:00,400

appreciate it that's a great question

2184

01:23:03,430 --> 01:23:02,000

once you have that conversation as well

2185

01:23:04,629 --> 01:23:03,440

i think on one of my interviews recently

2186

01:23:06,229 --> 01:23:04,639

and i've done so many i can't remember

2187

01:23:08,550 --> 01:23:06,239

which one i think it was my science

2188

01:23:10,229 --> 01:23:08,560

panel with shidargus and hoffman and and

2189

01:23:12,070 --> 01:23:10,239

those guys i think we talked about the

2190

01:23:13,750 --> 01:23:12,080

possibility of that evolution of objects

2191

01:23:15,030 --> 01:23:13,760

and stuff so it's great that it came up

2192

01:23:17,590 --> 01:23:15,040

because it was just fitting with things

2193

01:23:20,229 --> 01:23:17,600

i've been discussing recently so yeah

2194

01:23:22,709 --> 01:23:20,239

and yeah and yeah and i i i just want to

2195

01:23:24,390 --> 01:23:22,719

say an end yet and yet i i believe that

2196

01:23:26,709 --> 01:23:24,400

could that's possible what you that

2197

01:23:27,750 --> 01:23:26,719

theory you posited dan but and yet

2198

01:23:30,470 --> 01:23:27,760

we have

2199

01:23:32,550 --> 01:23:30,480

photos i've seen photos of tic tac

2200

01:23:34,950 --> 01:23:32,560

videos of tic tac

2201

01:23:37,750 --> 01:23:34,960

and they have actual sighting out the

2202

01:23:40,070 --> 01:23:37,760

window mark one eyeballs so this is

2203

01:23:41,990 --> 01:23:40,080

captured so they couldn't have put that

2204

01:23:43,270 --> 01:23:42,000

in my mind they they've actually they've

2205

01:23:45,510 --> 01:23:43,280

captured that yeah but you understand

2206

01:23:52,790 --> 01:23:45,520

that everything takes place in your mind

2207

01:23:57,750 --> 01:23:55,270

so there is the evidence would steer

2208

01:23:59,990 --> 01:23:57,760

towards it actually looks like that when

2209

01:24:02,310 --> 01:24:00,000

you have three four or five different

2210

01:24:04,149 --> 01:24:02,320

interpretations of it so i'm not saying

2211

01:24:05,990 --> 01:24:04,159

what he's saying is impossible but i'm

2212

01:24:07,750 --> 01:24:06,000

saying it does not necessarily explain

2213

01:24:10,390 --> 01:24:07,760

everything is what i'm saying oh for

2214

01:24:12,470 --> 01:24:10,400

sure yeah yeah like i said there's well

2215

01:24:14,390 --> 01:24:12,480

like vinnie said this is a whole bunch

2216

01:24:16,229 --> 01:24:14,400

of i don't know and we're spinning the

2217

01:24:17,350 --> 01:24:16,239

plates and just talking yeah so what's

2218

01:24:19,430 --> 01:24:17,360

fun

2219

01:24:20,709 --> 01:24:19,440

that's why we're here absolutely well

2220

01:24:22,070 --> 01:24:20,719

let's uh let's keep going and if we get

2221

01:24:24,870 --> 01:24:22,080

some free time we'll come back on that i

2222

01:24:26,870 --> 01:24:24,880

know that uh that would be a lot of

2223

01:24:29,590 --> 01:24:26,880

fun conversation there so next up let's

2224

01:24:32,149 --> 01:24:29,600

see will be will be graham

2225

01:24:33,750 --> 01:24:32,159

okay um there's a famous saying about

2226

01:24:34,870 --> 01:24:33,760

those who forget their history condemned

2227

01:24:37,750 --> 01:24:34,880

to repeat it

2228

01:24:39,990 --> 01:24:37,760

and then if you listen to the uap

2229

01:24:41,430 --> 01:24:40,000

uap hearings of the week you had uh

2230

01:24:42,950 --> 01:24:41,440

ronald miltree who's the one under

2231

01:24:44,709 --> 01:24:42,960

secretary of defense for intelligence

2232

01:24:46,229 --> 01:24:44,719

saying you couldn't speak to programs

2233

01:24:48,149 --> 01:24:46,239

before blue book

2234

01:24:50,229 --> 01:24:48,159

so

2235

01:24:52,229 --> 01:24:50,239

well okay here's a little quick potted

2236

01:24:53,669 --> 01:24:52,239

history lesson in two minutes for you

2237

01:24:55,990 --> 01:24:53,679

and then i'll ask about you know whether

2238

01:24:57,910 --> 01:24:56,000

it's important that people know

2239

01:25:00,229 --> 01:24:57,920

the history of ufology rather than just

2240

01:25:02,070 --> 01:25:00,239

concentrating on the current events uh

2241

01:25:04,390 --> 01:25:02,080

project grudge was the one before bridge

2242

01:25:07,270 --> 01:25:04,400

uh blue book but project sign was the

2243

01:25:09,430 --> 01:25:07,280

first one and that was uh established in

2244

01:25:12,149 --> 01:25:09,440

december 1947 but didn't actually take

2245

01:25:13,590 --> 01:25:12,159

place until june 48 at july

2246

01:25:16,070 --> 01:25:13,600

january 48.

2247

01:25:18,470 --> 01:25:16,080

it came out with an interim report in

2248

01:25:20,390 --> 01:25:18,480

april 48 of 100 cases which had gone

2249

01:25:23,830 --> 01:25:20,400

back to july 47

2250

01:25:25,830 --> 01:25:23,840

and it then got canned in december of

2251

01:25:28,149 --> 01:25:25,840

that year because they weren't coming up

2252

01:25:29,830 --> 01:25:28,159

with anything to explain things plus the

2253

01:25:32,149 --> 01:25:29,840

powers of b thought there was a soviet

2254

01:25:34,229 --> 01:25:32,159

explanation to what was going on so they

2255

01:25:36,550 --> 01:25:34,239

wanted to go down that particular route

2256

01:25:38,709 --> 01:25:36,560

and that's why grudge was uh was was set

2257

01:25:40,390 --> 01:25:38,719

up because they wanted to push the kind

2258

01:25:42,390 --> 01:25:40,400

of investigation in a slightly different

2259

01:25:44,310 --> 01:25:42,400

direction they weren't you know sort of

2260

01:25:47,430 --> 01:25:44,320

believing that it was something possibly

2261

01:25:49,590 --> 01:25:47,440

extraterrestrial or something exotic um

2262

01:25:51,110 --> 01:25:49,600

so yeah you know we've got bluebook

2263

01:25:52,470 --> 01:25:51,120

which did exactly the same thing in the

2264

01:25:54,149 --> 01:25:52,480

end you know they went through all this

2265

01:25:56,149 --> 01:25:54,159

rigmarole and then got the point where

2266

01:25:57,430 --> 01:25:56,159

it's not worth it we'll just give up uh

2267

01:26:00,149 --> 01:25:57,440

we can't see anything you know

2268

01:26:02,470 --> 01:26:00,159

worthwhile here is aim sog this new

2269

01:26:04,070 --> 01:26:02,480

thing that's that they've got going is

2270

01:26:05,350 --> 01:26:04,080

it going to be the same

2271

01:26:07,590 --> 01:26:05,360

just the same thing are they just going

2272

01:26:10,229 --> 01:26:07,600

to do it go through the motions and then

2273

01:26:11,750 --> 01:26:10,239

go you know what there's nothing to this

2274

01:26:12,870 --> 01:26:11,760

it's a great question yeah great

2275

01:26:16,550 --> 01:26:12,880

question all right so dan we're going to

2276

01:26:20,470 --> 01:26:18,390

so i mean this this is a really

2277

01:26:22,790 --> 01:26:20,480

interesting question graeme because

2278

01:26:25,590 --> 01:26:22,800

we're seeing a lot of officials come

2279

01:26:26,950 --> 01:26:25,600

into this now and they

2280

01:26:29,189 --> 01:26:26,960

they all differ in how much of the

2281

01:26:31,270 --> 01:26:29,199

history they know and everyone in the

2282

01:26:33,270 --> 01:26:31,280

community i guess feels differently as

2283

01:26:34,070 --> 01:26:33,280

to which cases they should be familiar

2284

01:26:36,229 --> 01:26:34,080

with

2285

01:26:38,310 --> 01:26:36,239

we've seen the wilson documents get

2286

01:26:39,830 --> 01:26:38,320

entered into the record and they're kind

2287

01:26:40,790 --> 01:26:39,840

of

2288

01:26:45,669 --> 01:26:40,800

you

2289

01:26:47,590 --> 01:26:45,679

community and the news to

2290

01:26:49,270 --> 01:26:47,600

to even know about those so that was

2291

01:26:50,709 --> 01:26:49,280

really encouraging but something that

2292

01:26:52,629 --> 01:26:50,719

i've heard from a lot of people is that

2293

01:26:54,790 --> 01:26:52,639

you a ptf or these hearings are the same

2294

01:26:56,550 --> 01:26:54,800

as blue book and and i think there are

2295

01:26:58,870 --> 01:26:56,560

some important distinctions between the

2296

01:27:00,709 --> 01:26:58,880

two and knowing the history and like

2297

01:27:03,350 --> 01:27:00,719

graham said the the reason for the

2298

01:27:05,110 --> 01:27:03,360

investigations being done

2299

01:27:07,270 --> 01:27:05,120

if you knew that then you would know

2300

01:27:08,790 --> 01:27:07,280

that the current place that we're in is

2301

01:27:10,390 --> 01:27:08,800

we've not been here before this is

2302

01:27:12,390 --> 01:27:10,400

different with this is a whole new

2303

01:27:14,629 --> 01:27:12,400

paradigm i i also see a lot of people

2304

01:27:17,110 --> 01:27:14,639

kind of mixing up the the steven grieled

2305

01:27:19,510 --> 01:27:17,120

uh national press club events as proper

2306

01:27:21,510 --> 01:27:19,520

hearings and they they weren't proper

2307

01:27:23,510 --> 01:27:21,520

hearings they didn't mark hearings they

2308

01:27:25,189 --> 01:27:23,520

weren't proper hearings it would be

2309

01:27:28,229 --> 01:27:25,199

great if we could get those kind of

2310

01:27:29,669 --> 01:27:28,239

hearings in congress or the house um and

2311

01:27:31,669 --> 01:27:29,679

and i think something like that may be

2312

01:27:34,310 --> 01:27:31,679

ahead of us but

2313

01:27:37,669 --> 01:27:34,320

it it's really important for for amsog

2314

01:27:38,870 --> 01:27:37,679

to shore up their data and sure if they

2315

01:27:41,910 --> 01:27:38,880

don't know about grudge or something

2316

01:27:44,229 --> 01:27:41,920

like that fine but next time we hear

2317

01:27:46,709 --> 01:27:44,239

from those guys from montreal ray we we

2318

01:27:48,550 --> 01:27:46,719

need to know that all of the

2319

01:27:50,550 --> 01:27:48,560

the databases that have been established

2320

01:27:52,390 --> 01:27:50,560

and worked before are a part of their

2321

01:27:54,229 --> 01:27:52,400

data pile that they're looking at some

2322

01:27:56,070 --> 01:27:54,239

of them are unsolvable just because the

2323

01:27:57,830 --> 01:27:56,080

time has passed and they've kind of lost

2324

01:28:00,070 --> 01:27:57,840

that data now on probably different bits

2325

01:28:00,870 --> 01:28:00,080

of testimony and people have passed away

2326

01:28:01,910 --> 01:28:00,880

but

2327

01:28:03,830 --> 01:28:01,920

we should be

2328

01:28:07,350 --> 01:28:03,840

familiarizing ourselves with the history

2329

01:28:08,790 --> 01:28:07,360

just so we can solve the solvable cases

2330

01:28:09,750 --> 01:28:08,800

basically

2331

01:28:12,830 --> 01:28:09,760

nice

2332

01:28:17,590 --> 01:28:15,270

davey i

2333

01:28:20,310 --> 01:28:17,600

love what you said that dan and i think

2334

01:28:23,110 --> 01:28:20,320

that the weight of that history

2335

01:28:25,830 --> 01:28:23,120

will help prevent these hearings from

2336

01:28:27,030 --> 01:28:25,840

being and you know the aio msg office

2337

01:28:29,350 --> 01:28:27,040

from being

2338

01:28:31,189 --> 01:28:29,360

what went before

2339

01:28:32,709 --> 01:28:31,199

because we still have that legacy we're

2340

01:28:35,189 --> 01:28:32,719

still carrying it although we're almost

2341

01:28:37,990 --> 01:28:35,199

a generation beyond there i think that

2342

01:28:40,149 --> 01:28:38,000

the position we're in now

2343

01:28:41,750 --> 01:28:40,159

my heart says it

2344

01:28:43,350 --> 01:28:41,760

could go exactly the same way but my

2345

01:28:45,910 --> 01:28:43,360

head says i think there's enough weight

2346

01:28:46,790 --> 01:28:45,920

behind this for it not to

2347

01:28:48,310 --> 01:28:46,800

so

2348

01:28:48,950 --> 01:28:48,320

very similar to what you said there dan

2349

01:28:54,149 --> 01:28:48,960

i

2350

01:28:57,030 --> 01:28:54,159

cyan and grudge and blue book

2351

01:28:58,950 --> 01:28:57,040

simply because they they built

2352

01:29:00,310 --> 01:28:58,960

the foundations for this to come from

2353

01:29:02,149 --> 01:29:00,320

and there's enough people who are and

2354

01:29:05,350 --> 01:29:02,159

will go say you're not going to do what

2355

01:29:07,030 --> 01:29:05,360

you did to us with those again

2356

01:29:08,950 --> 01:29:07,040

fantastic

2357

01:29:11,350 --> 01:29:08,960

vinnie

2358

01:29:13,590 --> 01:29:11,360

two-part i've got two two parts i can

2359

01:29:15,189 --> 01:29:13,600

sort of go with this i'm gonna save one

2360

01:29:16,550 --> 01:29:15,199

part of it to my point because it kind

2361

01:29:17,750 --> 01:29:16,560

of goes into what i want to talk about

2362

01:29:19,990 --> 01:29:17,760

which is the

2363

01:29:21,590 --> 01:29:20,000

importance of historical data and

2364

01:29:23,830 --> 01:29:21,600

knowing your history with regards to the

2365

01:29:26,149 --> 01:29:23,840

ufo subject so i'll talk about things

2366

01:29:27,750 --> 01:29:26,159

with regards to aim sog and things like

2367

01:29:29,830 --> 01:29:27,760

that so

2368

01:29:30,870 --> 01:29:29,840

going forward with aim sog i hate the

2369

01:29:34,070 --> 01:29:30,880

name

2370

01:29:34,870 --> 01:29:34,080

um i hated aoi msg that was always a you

2371

01:29:37,030 --> 01:29:34,880

know

2372

01:29:39,350 --> 01:29:37,040

a pain to say but i think it depends

2373

01:29:42,149 --> 01:29:39,360

going forward do we are we going to see

2374

01:29:43,830 --> 01:29:42,159

dr sean kirkpatrick taking the lead here

2375

01:29:45,910 --> 01:29:43,840

now

2376

01:29:47,830 --> 01:29:45,920

i'm not going to say a lot but i have a

2377

01:29:50,390 --> 01:29:47,840

source who is very close to that

2378

01:29:52,950 --> 01:29:50,400

gentleman i've had conversations dan's

2379

01:29:55,350 --> 01:29:52,960

aware of this as well and i think that

2380

01:29:58,550 --> 01:29:55,360

this is a guy that if he does lead

2381

01:30:00,790 --> 01:29:58,560

aim sog we're in good hands i say we the

2382

01:30:02,390 --> 01:30:00,800

us you know but i see it as a global

2383

01:30:04,070 --> 01:30:02,400

thing because they kind of lead the

2384

01:30:06,310 --> 01:30:04,080

charge i think that that would then go

2385

01:30:09,830 --> 01:30:06,320

down the right path you know i know we

2386

01:30:11,110 --> 01:30:09,840

know that under the current status of

2387

01:30:12,390 --> 01:30:11,120

what they're allowed to do they can't

2388

01:30:14,149 --> 01:30:12,400

contract out but there's nothing

2389

01:30:15,510 --> 01:30:14,159

stopping them from talking to the ufo

2390

01:30:17,830 --> 01:30:15,520

community behind the scenes to get

2391

01:30:18,790 --> 01:30:17,840

information and hopefully with someone

2392

01:30:20,950 --> 01:30:18,800

like

2393

01:30:23,030 --> 01:30:20,960

dr kirkpatrick then

2394

01:30:24,870 --> 01:30:23,040

that might happen you know

2395

01:30:27,110 --> 01:30:24,880

um i think that

2396

01:30:29,669 --> 01:30:27,120

that could really be a really big push

2397

01:30:33,270 --> 01:30:29,679

for for the way that it's studied

2398

01:30:34,790 --> 01:30:33,280

through official avenues you know so

2399

01:30:36,870 --> 01:30:34,800

yeah i mean we've heard the rumors that

2400

01:30:38,070 --> 01:30:36,880

he's going to take over i just i i hope

2401

01:30:40,070 --> 01:30:38,080

that it's true and i hope that we get

2402

01:30:42,149 --> 01:30:40,080

something official soon

2403

01:30:45,189 --> 01:30:42,159

uh but to my other point i'll i'll wait

2404

01:30:47,750 --> 01:30:45,199

for that for for my topic if that's okay

2405

01:30:50,229 --> 01:30:47,760

yeah fantastic feedback it does seem as

2406

01:30:52,950 --> 01:30:50,239

if the stigma shifting the fact that

2407

01:30:55,030 --> 01:30:52,960

more folks can talk about it now freely

2408

01:30:57,590 --> 01:30:55,040

in addition to the fact that we've got

2409

01:30:59,270 --> 01:30:57,600

uh scientists academics

2410

01:31:01,510 --> 01:30:59,280

the public at large

2411

01:31:02,550 --> 01:31:01,520

really coming at this subject with a lot

2412

01:31:05,189 --> 01:31:02,560

of attention

2413

01:31:07,189 --> 01:31:05,199

and i agree with what others have said

2414

01:31:09,590 --> 01:31:07,199

the weight of history is really hard to

2415

01:31:10,310 --> 01:31:09,600

ignore at this point um i do think it's

2416

01:31:12,310 --> 01:31:10,320

uh

2417

01:31:13,750 --> 01:31:12,320

it's a little bit i often come back to

2418

01:31:15,430 --> 01:31:13,760

this idea and i'd love to get thoughts

2419

01:31:17,590 --> 01:31:15,440

on this too we have some time but the

2420

01:31:19,590 --> 01:31:17,600

the theatrical aspect of this entire

2421

01:31:22,229 --> 01:31:19,600

journey you know it's often as if to me

2422

01:31:23,669 --> 01:31:22,239

it appears as if we are

2423

01:31:26,070 --> 01:31:23,679

you know it's a drip drip you know it's

2424

01:31:28,310 --> 01:31:26,080

like hey let's start with this oh yeah

2425

01:31:29,669 --> 01:31:28,320

blue book between blue book and a tip

2426

01:31:31,750 --> 01:31:29,679

yeah i don't really know much about it

2427

01:31:33,430 --> 01:31:31,760

let's learn about that come along on

2428

01:31:34,950 --> 01:31:33,440

this journey of discovery with me

2429

01:31:36,950 --> 01:31:34,960

everybody let's learn about these

2430

01:31:39,910 --> 01:31:36,960

projects and programs that we knew

2431

01:31:41,910 --> 01:31:39,920

nothing about and it allows the public

2432

01:31:43,590 --> 01:31:41,920

and the government to sort of uh

2433

01:31:45,510 --> 01:31:43,600

collectively

2434

01:31:47,350 --> 01:31:45,520

walk down this path together i think

2435

01:31:50,229 --> 01:31:47,360

those of us who study this a lot know

2436

01:31:52,870 --> 01:31:50,239

that that's just a bunch of baloney

2437

01:31:54,629 --> 01:31:52,880

or bollocks or whatever but uh

2438

01:31:56,310 --> 01:31:54,639

that's a pretty good british

2439

01:31:58,070 --> 01:31:56,320

yeah yeah

2440

01:32:00,229 --> 01:31:58,080

but you know i'd love to get uh general

2441

01:32:02,870 --> 01:32:00,239

thoughts on that too it will come back

2442

01:32:04,870 --> 01:32:02,880

on that but to what degree is this

2443

01:32:07,910 --> 01:32:04,880

entire process being

2444

01:32:09,830 --> 01:32:07,920

somewhat managed or controlled

2445

01:32:11,510 --> 01:32:09,840

nathan it would keep some of the egg off

2446

01:32:13,430 --> 01:32:11,520

their face if they did it that way yeah

2447

01:32:15,030 --> 01:32:13,440

exactly exactly yeah i mean i guess

2448

01:32:16,629 --> 01:32:15,040

while i'm on screen i'll just jump in i

2449

01:32:19,430 --> 01:32:16,639

think that that's a you know it's great

2450

01:32:21,030 --> 01:32:19,440

to play it slow and bring it in piece by

2451

01:32:22,790 --> 01:32:21,040

piece but eventually congress aren't

2452

01:32:25,189 --> 01:32:22,800

going to stand for it they're going to

2453

01:32:27,350 --> 01:32:25,199

still like enough's enough like they

2454

01:32:28,870 --> 01:32:27,360

want the answers let's

2455

01:32:29,990 --> 01:32:28,880

look we realize that a lot of people

2456

01:32:31,350 --> 01:32:30,000

that we're talking to especially

2457

01:32:32,709 --> 01:32:31,360

moultrie and bray and that they're not

2458

01:32:34,870 --> 01:32:32,719

read in or they certainly aren't

2459

01:32:36,870 --> 01:32:34,880

knowledgeable let's just scrap all this

2460

01:32:38,709 --> 01:32:36,880

and get to the get to the point get to

2461

01:32:40,790 --> 01:32:38,719

the people the witnesses

2462

01:32:42,390 --> 01:32:40,800

get the immunity the amnesty whatever

2463

01:32:44,470 --> 01:32:42,400

you want to call it let's get that in

2464

01:32:46,070 --> 01:32:44,480

we've kind of heard this week that it

2465

01:32:49,189 --> 01:32:46,080

you know through people like gary nolan

2466

01:32:50,790 --> 01:32:49,199

that it's 18 to 90 written behind the

2467

01:32:53,189 --> 01:32:50,800

scenes they're almost ready to put it

2468

01:32:54,950 --> 01:32:53,199

into action start calling the witnesses

2469

01:32:57,430 --> 01:32:54,960

we'll see new hearings hopefully whether

2470

01:32:59,510 --> 01:32:57,440

it be two weeks two months

2471

01:33:02,550 --> 01:32:59,520

but it seems like it's happening so

2472

01:33:04,950 --> 01:33:02,560

let's cut the bollocks and

2473

01:33:07,189 --> 01:33:04,960

get to it like

2474

01:33:08,950 --> 01:33:07,199

i guess i'm just worried that if you

2475

01:33:11,590 --> 01:33:08,960

take the uap out of it you just call it

2476

01:33:14,229 --> 01:33:11,600

politics when politicians seem to be

2477

01:33:16,629 --> 01:33:14,239

reinventing the wheel it it tends to be

2478

01:33:19,510 --> 01:33:16,639

perceived by the public the taxpayers

2479

01:33:21,030 --> 01:33:19,520

and the media as being a waste of time

2480

01:33:23,030 --> 01:33:21,040

so therefore you know we're

2481

01:33:25,510 --> 01:33:23,040

knowledgeable about uap history and ufo

2482

01:33:27,750 --> 01:33:25,520

history whereas the general public

2483

01:33:29,430 --> 01:33:27,760

necessary aren't necessarily so and

2484

01:33:32,149 --> 01:33:29,440

therefore if it comes down to a question

2485

01:33:34,390 --> 01:33:32,159

of pressure from a much bigger slice of

2486

01:33:35,990 --> 01:33:34,400

the population in the media is it going

2487

01:33:37,750 --> 01:33:36,000

to be a case of look you've already done

2488

01:33:39,830 --> 01:33:37,760

this you've done this how many times

2489

01:33:41,350 --> 01:33:39,840

before you've got the same result every

2490

01:33:43,669 --> 01:33:41,360

time but they're not aware of the

2491

01:33:45,510 --> 01:33:43,679

nuances involved they're not aware of

2492

01:33:46,629 --> 01:33:45,520

the history and it's therefore behold

2493

01:33:49,030 --> 01:33:46,639

enough people to try and get that

2494

01:33:51,189 --> 01:33:49,040

history out to people uh to the to the

2495

01:33:53,510 --> 01:33:51,199

majority of people watching this from

2496

01:33:56,070 --> 01:33:53,520

outside otherwise we're just going to be

2497

01:33:57,669 --> 01:33:56,080

a group of very insular people debating

2498

01:33:59,110 --> 01:33:57,679

it and getting annoyed when we get the

2499

01:34:00,229 --> 01:33:59,120

same result again

2500

01:34:01,510 --> 01:34:00,239

hey graham

2501

01:34:02,870 --> 01:34:01,520

one of the i just want to say one thing

2502

01:34:05,270 --> 01:34:02,880

one of the things we have in our favor

2503

01:34:08,070 --> 01:34:05,280

is metrics because every one of these

2504

01:34:09,750 --> 01:34:08,080

congressional offices has a com shop

2505

01:34:11,990 --> 01:34:09,760

with these young staffers that have

2506

01:34:14,470 --> 01:34:12,000

interns that are right out of college or

2507

01:34:16,390 --> 01:34:14,480

right or are still in college and they

2508

01:34:17,910 --> 01:34:16,400

all these topics that they want to know

2509

01:34:20,229 --> 01:34:17,920

about they're going and hitting up

2510

01:34:23,669 --> 01:34:20,239

twitter how many hashtag ufo twitter

2511

01:34:25,510 --> 01:34:23,679

things oh we had how many conferences uh

2512

01:34:26,790 --> 01:34:25,520

how many how many viewers did they have

2513

01:34:28,629 --> 01:34:26,800

on this conference like that they had

2514

01:34:30,950 --> 01:34:28,639

this weekend all these things i think

2515

01:34:33,030 --> 01:34:30,960

that we are doing collectively are

2516

01:34:34,550 --> 01:34:33,040

adding to the discussion in terms of

2517

01:34:36,709 --> 01:34:34,560

being able to put pressure that it's

2518

01:34:38,550 --> 01:34:36,719

politically expedient for them to at

2519

01:34:40,709 --> 01:34:38,560

least have a look at it

2520

01:34:41,910 --> 01:34:40,719

otherwise rubio and angelibrand wouldn't

2521

01:34:43,030 --> 01:34:41,920

be there

2522

01:34:44,550 --> 01:34:43,040

that's what i was going to say well you

2523

01:34:45,990 --> 01:34:44,560

know we saw the initial hearings coming

2524

01:34:47,750 --> 01:34:46,000

through the house but you know there's

2525

01:34:49,350 --> 01:34:47,760

talk of the senate taking over and

2526

01:34:51,270 --> 01:34:49,360

running some some of the the sessions

2527

01:34:52,950 --> 01:34:51,280

coming up and now you know talking about

2528

01:34:54,629 --> 01:34:52,960

rubio and gillibrand look at the people

2529

01:34:56,070 --> 01:34:54,639

that we've had advising them in the past

2530

01:34:57,750 --> 01:34:56,080

especially with the amendments towards

2531

01:35:00,149 --> 01:34:57,760

the end of last year we've got people

2532

01:35:01,910 --> 01:35:00,159

like chris mellon luella zonda who you

2533

01:35:04,149 --> 01:35:01,920

know i'm pretty sure they're in constant

2534

01:35:05,990 --> 01:35:04,159

communication and advising

2535

01:35:07,350 --> 01:35:06,000

they're going to be giving them

2536

01:35:08,950 --> 01:35:07,360

good information they're not going to

2537

01:35:11,030 --> 01:35:08,960

come in blind they're going to come in

2538

01:35:13,990 --> 01:35:11,040

like going come on put pressure on i

2539

01:35:16,390 --> 01:35:14,000

think that's a really big big plus point

2540

01:35:18,149 --> 01:35:16,400

that too that but that adds to it

2541

01:35:20,229 --> 01:35:18,159

because it can't just it couldn't just

2542

01:35:22,629 --> 01:35:20,239

be christopher and lou you have to have

2543

01:35:23,990 --> 01:35:22,639

the the data and the metrics to back it

2544

01:35:25,590 --> 01:35:24,000

up absolutely they're the they're the

2545

01:35:28,709 --> 01:35:25,600

biggest part of it without them you have

2546

01:35:30,629 --> 01:35:28,719

nothing but with them plus uh plus all

2547

01:35:32,310 --> 01:35:30,639

this activity they're saying okay

2548

01:35:33,990 --> 01:35:32,320

there's something there's a there there

2549

01:35:35,510 --> 01:35:34,000

that we need to look at

2550

01:35:36,550 --> 01:35:35,520

yeah for real

2551

01:35:38,070 --> 01:35:36,560

all right well vinnie let's go ahead and

2552

01:35:39,030 --> 01:35:38,080

get your topic going

2553

01:35:40,709 --> 01:35:39,040

um

2554

01:35:43,590 --> 01:35:40,719

well look this is the british invasion

2555

01:35:45,270 --> 01:35:43,600

so i wanted to kind of keep it british

2556

01:35:46,870 --> 01:35:45,280

i wanted to talk about the importance of

2557

01:35:49,030 --> 01:35:46,880

what has happened in the past here in

2558

01:35:51,350 --> 01:35:49,040

britain and we're talking about

2559

01:35:52,870 --> 01:35:51,360

the the ufo studies in the past you know

2560

01:35:55,030 --> 01:35:52,880

the big thing i think a lot of people

2561

01:35:57,350 --> 01:35:55,040

know about is the 2000 condone report

2562

01:35:59,430 --> 01:35:57,360

which was done by ron haddow you know

2563

01:36:01,669 --> 01:35:59,440

that was probably the best report on

2564

01:36:03,750 --> 01:36:01,679

ufos probably globally that we've ever

2565

01:36:06,310 --> 01:36:03,760

had when we're looking at me you know

2566

01:36:09,030 --> 01:36:06,320

depth and detail but then you know the

2567

01:36:11,189 --> 01:36:09,040

people in di55 that ron had i was a part

2568

01:36:14,229 --> 01:36:11,199

of i've been studying this since the mid

2569

01:36:16,629 --> 01:36:14,239

60s you know we hear about sec a s and

2570

01:36:18,149 --> 01:36:16,639

the uh secretary of air staff people

2571

01:36:20,070 --> 01:36:18,159

like nick pope

2572

01:36:21,910 --> 01:36:20,080

but i think it's important to know if

2573

01:36:23,350 --> 01:36:21,920

you want to know historically in the uk

2574

01:36:24,950 --> 01:36:23,360

especially that the work was done by

2575

01:36:26,950 --> 01:36:24,960

di55

2576  
01:36:29,669 --> 01:36:26,960  
and we were having document releases

2577  
01:36:31,669 --> 01:36:29,679  
right up until mid 2013 and it seems to

2578  
01:36:32,470 --> 01:36:31,679  
have gone dark since then

2579  
01:36:33,830 --> 01:36:32,480  
so

2580  
01:36:35,990 --> 01:36:33,840  
i suppose my last point is that i'll

2581  
01:36:38,070 --> 01:36:36,000  
speculate that i i firmly believe that

2582  
01:36:39,030 --> 01:36:38,080  
somewhere within defense intelligence in

2583  
01:36:41,189 --> 01:36:39,040  
the uk

2584  
01:36:43,030 --> 01:36:41,199  
they're still actively looking at this

2585  
01:36:44,390 --> 01:36:43,040  
this subject so it's not really a

2586  
01:36:46,629 --> 01:36:44,400  
question to put to everyone but it's an

2587  
01:36:49,189 --> 01:36:46,639  
importance of knowing your history here

2588  
01:36:50,830 --> 01:36:49,199

in the uk but anywhere in any country so

2589

01:36:53,830 --> 01:36:50,840

i guess you know if anyone can talk on

2590

01:36:54,950 --> 01:36:53,840

that go for it

2591

01:36:55,750 --> 01:36:54,960

damn

2592

01:36:57,189 --> 01:36:55,760

cool

2593

01:36:59,430 --> 01:36:57,199

so when

2594

01:37:00,870 --> 01:36:59,440

when the guys talk about this

2595

01:37:02,470 --> 01:37:00,880

it always makes me think especially

2596

01:37:03,669 --> 01:37:02,480

because we met in london the first time

2597

01:37:04,709 --> 01:37:03,679

and this is kind of where we started

2598

01:37:07,270 --> 01:37:04,719

talking

2599

01:37:09,510 --> 01:37:07,280

it make it takes me back to

2600

01:37:12,390 --> 01:37:09,520

thinking about how britain kind of

2601  
01:37:14,709 --> 01:37:12,400  
taught the us and a lot of other places

2602  
01:37:16,950 --> 01:37:14,719  
spycraft and and how to do all that how

2603  
01:37:19,750 --> 01:37:16,960  
to keep the secret that's right and i

2604  
01:37:22,070 --> 01:37:19,760  
think about how widespread the crown was

2605  
01:37:23,510 --> 01:37:22,080  
you know how how widespread the british

2606  
01:37:25,510 --> 01:37:23,520  
were and

2607  
01:37:28,070 --> 01:37:25,520  
there's no way in hell

2608  
01:37:29,750 --> 01:37:28,080  
that the british don't have a long

2609  
01:37:31,030 --> 01:37:29,760  
record of

2610  
01:37:33,669 --> 01:37:31,040  
tracking this

2611  
01:37:35,830 --> 01:37:33,679  
in whatever form it's going to be

2612  
01:37:37,830 --> 01:37:35,840  
i don't know if people know but within

2613  
01:37:40,470 --> 01:37:37,840

london there is a separate place called

2614

01:37:42,870 --> 01:37:40,480

the city of london and that place has

2615

01:37:44,870 --> 01:37:42,880

its own laws it has its own finances it

2616

01:37:46,830 --> 01:37:44,880

has its own everything we don't vote for

2617

01:37:49,750 --> 01:37:46,840

the person that runs that

2618

01:37:52,229 --> 01:37:49,760

um so i think it's worth remembering

2619

01:37:54,470 --> 01:37:52,239

that the uk is kind of it's built on

2620

01:37:56,149 --> 01:37:54,480

money money makes the world go round if

2621

01:37:58,470 --> 01:37:56,159

there's going to be somewhere that

2622

01:38:00,390 --> 01:37:58,480

they've been tracking this for years and

2623

01:38:02,390 --> 01:38:00,400

years and years you know decades 70 80

2624

01:38:04,470 --> 01:38:02,400

years you know it would make sense to me

2625

01:38:05,669 --> 01:38:04,480

that it would be somewhere

2626

01:38:08,390 --> 01:38:05,679

that

2627

01:38:10,950 --> 01:38:08,400

looked after global securities and

2628

01:38:12,870 --> 01:38:10,960

things like that so

2629

01:38:14,709 --> 01:38:12,880

i i yeah the the british stuff is very

2630

01:38:17,189 --> 01:38:14,719

important because it doesn't get covered

2631

01:38:20,470 --> 01:38:17,199

enough i think that there's there's kind

2632

01:38:28,310 --> 01:38:23,430

a a pip pip version of indiana jones

2633

01:38:33,669 --> 01:38:29,430

love it

2634

01:38:36,709 --> 01:38:35,109

just to bring this

2635

01:38:39,430 --> 01:38:36,719

home to what dan said there about being

2636

01:38:41,270 --> 01:38:39,440

truly british there are only two com 22

2637

01:38:45,350 --> 01:38:41,280

countries on this planet that the uk

2638

01:38:47,030 --> 01:38:45,360

hasn't attempted or successfully invaded

2639

01:38:48,629 --> 01:38:47,040

so when you talk about the scale of the

2640

01:38:51,669 --> 01:38:48,639

crown

2641

01:38:53,030 --> 01:38:51,679

absolutely everywhere yeah um

2642

01:38:54,709 --> 01:38:53,040

and

2643

01:38:56,830 --> 01:38:54,719

exactly as you said dan

2644

01:38:59,910 --> 01:38:56,840

we taught the rest of the world

2645

01:39:01,830 --> 01:38:59,920

spycraft the enigma machines were

2646

01:39:03,910 --> 01:39:01,840

decoded here

2647

01:39:05,669 --> 01:39:03,920

and we didn't tell anybody else we

2648

01:39:07,270 --> 01:39:05,679

decoded them and after the second world

2649

01:39:09,669 --> 01:39:07,280

war we sold them

2650

01:39:12,229 --> 01:39:09,679

to our allies not having told them we

2651  
01:39:13,990 --> 01:39:12,239  
decoded them but sold them to our allies

2652  
01:39:16,390 --> 01:39:14,000  
so that we could monitor our allies

2653  
01:39:17,830 --> 01:39:16,400  
because they still believe they were

2654  
01:39:18,709 --> 01:39:17,840  
encryptable

2655  
01:39:22,870 --> 01:39:18,719  
so

2656  
01:39:25,189 --> 01:39:22,880  
been a long long history of

2657  
01:39:26,550 --> 01:39:25,199  
investigations into the phenomenon in

2658  
01:39:28,310 --> 01:39:26,560  
the uk

2659  
01:39:30,310 --> 01:39:28,320  
and i had the pleasure of meeting with

2660  
01:39:33,030 --> 01:39:30,320  
gordon crichton many years ago in the

2661  
01:39:34,070 --> 01:39:33,040  
1990s the former editor of flying saucer

2662  
01:39:36,229 --> 01:39:34,080  
review

2663  
01:39:37,750 --> 01:39:36,239

long distinguished career

2664

01:39:38,629 --> 01:39:37,760

in the intelligence community around the

2665

01:39:41,430 --> 01:39:38,639

world

2666

01:39:43,910 --> 01:39:41,440

despite some of his unusual views um and

2667

01:39:46,709 --> 01:39:43,920

he said to me then

2668

01:39:48,629 --> 01:39:46,719

we just don't tell anybody

2669

01:39:50,470 --> 01:39:48,639

doesn't anybody else get how secrecy

2670

01:39:52,790 --> 01:39:50,480

works

2671

01:39:54,550 --> 01:39:52,800

you can't have freedom of information

2672

01:39:56,950 --> 01:39:54,560

and secrecy it's a contradiction in

2673

01:39:58,470 --> 01:39:56,960

terms i

2674

01:39:59,590 --> 01:39:58,480

and as you said that the calm down

2675

01:40:01,750 --> 01:39:59,600

report

2676  
01:40:04,310 --> 01:40:01,760  
probably the best governmental official

2677  
01:40:06,629 --> 01:40:04,320  
document ever on the top

2678  
01:40:08,310 --> 01:40:06,639  
it stopped short of saying anything and

2679  
01:40:10,070 --> 01:40:08,320  
again it's really it wasn't to say what

2680  
01:40:11,750 --> 01:40:10,080  
it was its room it was to say is this a

2681  
01:40:13,270 --> 01:40:11,760  
military threat

2682  
01:40:15,990 --> 01:40:13,280  
yeah and if they don't know they don't

2683  
01:40:18,709 --> 01:40:16,000  
know but yeah i'm convinced that in the

2684  
01:40:20,070 --> 01:40:18,719  
the higher echelons and the hidden

2685  
01:40:21,830 --> 01:40:20,080  
chambers this is something that the

2686  
01:40:23,669 --> 01:40:21,840  
british government knows more about them

2687  
01:40:26,470 --> 01:40:23,679  
probably anywhere else on the planet

2688  
01:40:28,950 --> 01:40:26,480

hence their reluctance to talk about it

2689

01:40:31,109 --> 01:40:28,960

with others and we hear lou say some of

2690

01:40:34,070 --> 01:40:31,119

our partners won't talk to us about it

2691

01:40:36,629 --> 01:40:34,080

yeah you're damn right they won't

2692

01:40:38,629 --> 01:40:36,639

and the soe i mean the cia

2693

01:40:41,990 --> 01:40:38,639

tracks directly

2694

01:40:44,709 --> 01:40:42,000

back to britain and the soe i mean they

2695

01:40:46,629 --> 01:40:44,719

you know they developed the spycraft and

2696

01:40:48,070 --> 01:40:46,639

basically the self-defense that

2697

01:40:50,550 --> 01:40:48,080

everything that they did basically came

2698

01:40:51,830 --> 01:40:50,560

from the soe in britain so you guys are

2699

01:40:53,430 --> 01:40:51,840

amazing at that

2700

01:40:55,350 --> 01:40:53,440

just like the delta force comes from the

2701  
01:40:57,030 --> 01:40:55,360  
sas so

2702  
01:40:57,990 --> 01:40:57,040  
oh fantastic

2703  
01:41:00,070 --> 01:40:58,000  
graham

2704  
01:41:01,669 --> 01:41:00,080  
yeah well um the oss which was the

2705  
01:41:04,310 --> 01:41:01,679  
forerunner of the cia they were taught

2706  
01:41:06,470 --> 01:41:04,320  
by the british all they knew basically

2707  
01:41:08,470 --> 01:41:06,480  
uh during the second world war so that

2708  
01:41:11,430 --> 01:41:08,480  
there's one thing straight away yes we

2709  
01:41:13,510 --> 01:41:11,440  
invented effectively spycraft um and we

2710  
01:41:15,830 --> 01:41:13,520  
sort of you know taught other countries

2711  
01:41:18,470 --> 01:41:15,840  
especially america how to do this

2712  
01:41:20,470 --> 01:41:18,480  
um yeah i've got no doubt that

2713  
01:41:22,709 --> 01:41:20,480

somewhere there is a small cell of

2714

01:41:24,950 --> 01:41:22,719

intelligence operators looking at what's

2715

01:41:26,870 --> 01:41:24,960

going on you know how widespread in

2716

01:41:29,430 --> 01:41:26,880

terms of links with other countries i i

2717

01:41:31,669 --> 01:41:29,440

couldn't say but yes we will have

2718

01:41:33,669 --> 01:41:31,679

something looking at it they even though

2719

01:41:35,590 --> 01:41:33,679

the public mantra is there is nothing of

2720

01:41:38,390 --> 01:41:35,600

defense significance and has been

2721

01:41:41,430 --> 01:41:38,400

fulfilled and has not been for 50 years

2722

01:41:43,910 --> 01:41:41,440

they would be daft not to look at it not

2723

01:41:45,910 --> 01:41:43,920

just as the americans are not you know

2724

01:41:47,750 --> 01:41:45,920

publicly not entirely taking it

2725

01:41:51,030 --> 01:41:47,760

seriously as if yes we know there's a

2726  
01:41:52,790 --> 01:41:51,040  
problem um you know until recently but

2727  
01:41:54,629 --> 01:41:52,800  
certainly i think they're looking at it

2728  
01:41:56,390 --> 01:41:54,639  
and going we're not entirely sure what's

2729  
01:41:59,270 --> 01:41:56,400  
happening but we know there's something

2730  
01:42:01,990 --> 01:41:59,280  
going on and we still need to study it

2731  
01:42:04,149 --> 01:42:02,000  
or they've cracked it in terms of we

2732  
01:42:05,750 --> 01:42:04,159  
know what's happening but we just can't

2733  
01:42:07,669 --> 01:42:05,760  
do anything about it

2734  
01:42:09,590 --> 01:42:07,679  
and it might be that as well because as

2735  
01:42:11,189 --> 01:42:09,600  
lou says and other people have said

2736  
01:42:12,870 --> 01:42:11,199  
intelligence agencies around the world

2737  
01:42:15,270 --> 01:42:12,880  
the last thing they want to do is tell

2738  
01:42:17,430 --> 01:42:15,280

people that we we can't do anything

2739

01:42:19,510 --> 01:42:17,440

about what's happening and you know the

2740

01:42:21,350 --> 01:42:19,520

countries are always very very cagey

2741

01:42:23,590 --> 01:42:21,360

about their lack of

2742

01:42:27,030 --> 01:42:23,600

capability in terms of dealing with

2743

01:42:28,470 --> 01:42:27,040

threats to the countries concerned so

2744

01:42:30,790 --> 01:42:28,480

who knows where

2745

01:42:33,590 --> 01:42:30,800

this the uap issue falls on that

2746

01:42:36,709 --> 01:42:33,600

particular scale but it would be remiss

2747

01:42:38,470 --> 01:42:36,719

of any country with a developed

2748

01:42:40,550 --> 01:42:38,480

intelligence network and a developed

2749

01:42:42,790 --> 01:42:40,560

defense network not to take this

2750

01:42:45,270 --> 01:42:42,800

seriously and not to investigate it

2751  
01:42:49,750 --> 01:42:47,510  
yeah get it amen absolutely and i mean

2752  
01:42:51,590 --> 01:42:49,760  
that that to me is really the the issue

2753  
01:42:53,270 --> 01:42:51,600  
i think that there's enough knowledge

2754  
01:42:55,430 --> 01:42:53,280  
that

2755  
01:42:57,750 --> 01:42:55,440  
they know what capabilities are but as

2756  
01:43:00,470 --> 01:42:57,760  
you said graham they have no

2757  
01:43:01,910 --> 01:43:00,480  
capability to actually control it uh you

2758  
01:43:04,470 --> 01:43:01,920  
know it's one thing to say hey we're

2759  
01:43:06,149 --> 01:43:04,480  
being visited by extraterrestrials and

2760  
01:43:08,229 --> 01:43:06,159  
we can give them a passport just like we

2761  
01:43:09,270 --> 01:43:08,239  
can give you one and we can monitor when

2762  
01:43:11,109 --> 01:43:09,280  
they're coming and going in our

2763  
01:43:12,950 --> 01:43:11,119

countries it's nothing to say hey

2764

01:43:14,950 --> 01:43:12,960

there's interdimensional beings that can

2765

01:43:16,310 --> 01:43:14,960

appear inside your bedroom and we really

2766

01:43:18,470 --> 01:43:16,320

don't know when that's going to happen

2767

01:43:19,590 --> 01:43:18,480

so sleep tight at night everybody uh

2768

01:43:21,270 --> 01:43:19,600

just let us know if you have an

2769

01:43:23,910 --> 01:43:21,280

experience here's who you can report it

2770

01:43:26,149 --> 01:43:23,920

to i mean that you know it's it's just

2771

01:43:28,950 --> 01:43:26,159

very difficult for countries to control

2772

01:43:31,430 --> 01:43:28,960

that the narrative there without in my

2773

01:43:32,790 --> 01:43:31,440

opinion some additional

2774

01:43:34,950 --> 01:43:32,800

resource

2775

01:43:37,430 --> 01:43:34,960

being for example

2776

01:43:39,830 --> 01:43:37,440

some group that is a part of whatever

2777

01:43:41,830 --> 01:43:39,840

this phenomenon happens to be coming out

2778

01:43:44,550 --> 01:43:41,840

of the shadows and then more

2779

01:43:47,189 --> 01:43:44,560

uh publicly working with our world

2780

01:43:49,590 --> 01:43:47,199

governments and saying yeah hey we're we

2781

01:43:50,870 --> 01:43:49,600

are from so and so and we can do this

2782

01:43:53,030 --> 01:43:50,880

and we're going to share some knowledge

2783

01:43:55,030 --> 01:43:53,040

with you and we're going to partner with

2784

01:43:56,950 --> 01:43:55,040

you and here's what you can do in these

2785

01:43:59,270 --> 01:43:56,960

certain situations the fact that we

2786

01:44:01,510 --> 01:43:59,280

haven't had worldwide disclosure in my

2787

01:44:03,109 --> 01:44:01,520

opinion hints very strongly that we're

2788

01:44:04,470 --> 01:44:03,119

not at that point yet we're not at that

2789

01:44:07,830 --> 01:44:04,480

point where we either either can have

2790

01:44:09,910 --> 01:44:07,840

that kind of collaboration uh or uh you

2791

01:44:11,270 --> 01:44:09,920

know maybe that the beings just aren't

2792

01:44:12,950 --> 01:44:11,280

they're not never gonna do it maybe

2793

01:44:14,950 --> 01:44:12,960

we've never had that kind of interaction

2794

01:44:16,629 --> 01:44:14,960

or relationship with them we just know

2795

01:44:18,310 --> 01:44:16,639

that they can do what they do and we're

2796

01:44:20,470 --> 01:44:18,320

just gonna have to deal with the fact

2797

01:44:22,390 --> 01:44:20,480

that they are part of our reality and

2798

01:44:24,470 --> 01:44:22,400

there's not much we can do about it okay

2799

01:44:26,550 --> 01:44:24,480

let's come back to that as well nathan

2800

01:44:28,709 --> 01:44:26,560

you just wonder how big these groups are

2801  
01:44:31,350 --> 01:44:28,719  
that are looking at it in secret because

2802  
01:44:33,109 --> 01:44:31,360  
they can't be that big otherwise it

2803  
01:44:34,790 --> 01:44:33,119  
would be known

2804  
01:44:36,070 --> 01:44:34,800  
you know it's that they've got to be a

2805  
01:44:38,470 --> 01:44:36,080  
certain size they're going to be a

2806  
01:44:40,149 --> 01:44:38,480  
certain size otherwise the more people

2807  
01:44:41,990 --> 01:44:40,159  
you bring in the less likely it is to be

2808  
01:44:44,470 --> 01:44:42,000  
able to keep it secret so there can only

2809  
01:44:47,030 --> 01:44:44,480  
be very very small cells of operators

2810  
01:44:48,870 --> 01:44:47,040  
and intelligence and analysts otherwise

2811  
01:44:50,870 --> 01:44:48,880  
the the blow the gaff on them straight

2812  
01:44:53,030 --> 01:44:50,880  
away well yeah you're looking at ron

2813  
01:44:55,270 --> 01:44:53,040

haddow the author of sorry dj look at

2814

01:44:56,629 --> 01:44:55,280

ronaldo the author of the condyne report

2815

01:44:59,030 --> 01:44:56,639

you know his name didn't come out for

2816

01:45:01,350 --> 01:44:59,040

years and years after the report was

2817

01:45:03,109 --> 01:45:01,360

produced you know there are

2818

01:45:05,270 --> 01:45:03,119

a couple of sources who were active in

2819

01:45:07,350 --> 01:45:05,280

dr 55 through the 90s leading up to the

2820

01:45:09,830 --> 01:45:07,360

condiment report that have been spoken

2821

01:45:11,830 --> 01:45:09,840

to um but they are they they will not

2822

01:45:13,750 --> 01:45:11,840

speak they will not come out they you

2823

01:45:15,910 --> 01:45:13,760

know they

2824

01:45:17,830 --> 01:45:15,920

yeah they're so secretive you know it

2825

01:45:19,590 --> 01:45:17,840

just adds to the point of the secrecy

2826

01:45:21,910 --> 01:45:19,600

the funny thing that i find is that they

2827

01:45:24,709 --> 01:45:21,920

majorly uh or they seem to go into the

2828

01:45:27,270 --> 01:45:24,719

aerospace industry which is always

2829

01:45:29,030 --> 01:45:27,280

raises an eyebrow you know but you're

2830

01:45:30,470 --> 01:45:29,040

going on to the kind of a lot of the

2831

01:45:32,470 --> 01:45:30,480

points there is if there's one group of

2832

01:45:34,470 --> 01:45:32,480

people that doesn't want to look inept

2833

01:45:35,510 --> 01:45:34,480

and would rather stay quiet it's the

2834

01:45:37,189 --> 01:45:35,520

british

2835

01:45:40,149 --> 01:45:37,199

you know

2836

01:45:41,590 --> 01:45:40,159

well i i sent i sent nathan in something

2837

01:45:43,510 --> 01:45:41,600

that the air force put out the other day

2838

01:45:45,830 --> 01:45:43,520

i don't know if you watched that but but

2839

01:45:49,590 --> 01:45:45,840

as part of that video it said

2840

01:45:51,430 --> 01:45:49,600

we dominate the skies we own the skies

2841

01:45:53,270 --> 01:45:51,440

now everybody's on this panel today

2842

01:45:54,229 --> 01:45:53,280

knows that that's not true

2843

01:45:55,669 --> 01:45:54,239

but

2844

01:45:57,590 --> 01:45:55,679

that's what they want you to believe so

2845

01:45:59,109 --> 01:45:57,600

if that doesn't answer the question of

2846

01:46:00,950 --> 01:45:59,119

why the air force doesn't want to come

2847

01:46:02,310 --> 01:46:00,960

out and talk about this whether we agree

2848

01:46:03,510 --> 01:46:02,320

with that or not because we don't agree

2849

01:46:04,790 --> 01:46:03,520

with that

2850

01:46:07,030 --> 01:46:04,800

that's why

2851

01:46:08,870 --> 01:46:07,040

second of all i would say

2852

01:46:12,149 --> 01:46:08,880

there if you're looking at a level of

2853

01:46:14,550 --> 01:46:12,159

difficulty of telling somebody something

2854

01:46:17,510 --> 01:46:14,560

exists or telling him something does not

2855

01:46:20,790 --> 01:46:17,520

exist your level of effort

2856

01:46:23,189 --> 01:46:20,800

you your line of effort is much larger

2857

01:46:25,590 --> 01:46:23,199

to tell somebody something does exist

2858

01:46:27,430 --> 01:46:25,600

and doesn't now here's an example joe

2859

01:46:30,229 --> 01:46:27,440

rogan who spent

2860

01:46:33,510 --> 01:46:30,239

two freaking hours or more with dave

2861

01:46:35,350 --> 01:46:33,520

fravor has on um

2862

01:46:37,350 --> 01:46:35,360

uh what's that guy's name lex friedman

2863

01:46:39,590 --> 01:46:37,360

the other day and they talked about the

2864

01:46:41,149 --> 01:46:39,600

whole david fravor and tic tac thing and

2865

01:46:43,910 --> 01:46:41,159

joe went about

2866

01:46:46,709 --> 01:46:43,920

systematically trying to take apart

2867

01:46:49,910 --> 01:46:46,719

everything that dave fravor told him to

2868

01:46:52,229 --> 01:46:49,920

talk about drones it's our technology

2869

01:46:54,390 --> 01:46:52,239

it's chinese oh i saw this drone do this

2870

01:46:56,070 --> 01:46:54,400

i saw this chinese drone do that it took

2871

01:46:58,709 --> 01:46:56,080

off like this and moved like that and

2872

01:47:01,350 --> 01:46:58,719

the reason they do that is because i can

2873

01:47:03,830 --> 01:47:01,360

be comfortable when i can do that i

2874

01:47:06,790 --> 01:47:03,840

don't want to be out of my comfort zone

2875

01:47:08,629 --> 01:47:06,800

as soon as you tell me i don't know

2876

01:47:10,229 --> 01:47:08,639

now i'm upset

2877

01:47:12,310 --> 01:47:10,239

now i'm

2878

01:47:16,310 --> 01:47:12,320

i'm uncomfortable because i just don't

2879

01:47:18,470 --> 01:47:16,320

know right but if i can say i know

2880

01:47:20,709 --> 01:47:18,480

we're good that's probably the chinese

2881

01:47:22,310 --> 01:47:20,719

so what's the whole point of joe rogan

2882

01:47:24,709 --> 01:47:22,320

doing that when he sat there with bob

2883

01:47:26,629 --> 01:47:24,719

lazar sat there with corbell and george

2884

01:47:29,510 --> 01:47:26,639

knapp and then sat there with dave

2885

01:47:31,510 --> 01:47:29,520

framer who who gave him all the data

2886

01:47:33,030 --> 01:47:31,520

that they picked up on this thing and

2887

01:47:35,669 --> 01:47:33,040

his eyewitness account for between he

2888

01:47:38,550 --> 01:47:35,679

and his wingmen so anyway that's that's

2889

01:47:42,070 --> 01:47:38,560

why it's a lot easier to tell people uh

2890

01:47:43,350 --> 01:47:42,080

oh area 51 ass there's nothing there

2891

01:47:44,950 --> 01:47:43,360

it's funny because you say that because

2892

01:47:46,310 --> 01:47:44,960

everyone has always been you know really

2893

01:47:48,070 --> 01:47:46,320

pushing for

2894

01:47:50,070 --> 01:47:48,080

why isn't lou alexander going on joe

2895

01:47:51,510 --> 01:47:50,080

rogan like i mean yeah we'd love to see

2896

01:47:53,910 --> 01:47:51,520

it but you really think joe's going to

2897

01:47:56,629 --> 01:47:53,920

get something out of it then

2898

01:47:57,910 --> 01:47:56,639

no of course not i mean so yes it would

2899

01:47:59,910 --> 01:47:57,920

look great it'd be great to get the

2900

01:48:01,430 --> 01:47:59,920

subject out to a massive

2901  
01:48:03,669 --> 01:48:01,440  
you know group of people just for the

2902  
01:48:05,270 --> 01:48:03,679  
for the reach that joe rogan has but

2903  
01:48:06,709 --> 01:48:05,280  
people think get him on rogan like we're

2904  
01:48:08,390 --> 01:48:06,719  
going to suddenly get something new i

2905  
01:48:09,990 --> 01:48:08,400  
mean come on man there's no realistic

2906  
01:48:11,430 --> 01:48:10,000  
thoughts there yeah because he's going

2907  
01:48:13,910 --> 01:48:11,440  
to sit there and he's going to debate

2908  
01:48:15,750 --> 01:48:13,920  
lou and he's going to go yeah but really

2909  
01:48:16,870 --> 01:48:15,760  
this he's going to do that whole thing

2910  
01:48:19,270 --> 01:48:16,880  
because he's going to play to his

2911  
01:48:20,950 --> 01:48:19,280  
audience like he does now he's

2912  
01:48:22,790 --> 01:48:20,960  
become a totally different

2913  
01:48:25,270 --> 01:48:22,800

dude in like the last four years so now

2914

01:48:28,790 --> 01:48:25,280

i kind of like just pinch assault a more

2915

01:48:32,550 --> 01:48:28,800

useful use of lose time would be to

2916

01:48:35,109 --> 01:48:32,560

free him of that nda and just get him in

2917

01:48:36,950 --> 01:48:35,119

the senate and

2918

01:48:38,950 --> 01:48:36,960

that that would be the way to go and i

2919

01:48:40,790 --> 01:48:38,960

think we'd start seeing some or hearing

2920

01:48:42,870 --> 01:48:40,800

some revelations then

2921

01:48:44,149 --> 01:48:42,880

yeah well maybe we can uh transition the

2922

01:48:46,149 --> 01:48:44,159

to the end of the show here with what do

2923

01:48:48,870 --> 01:48:46,159

we think probability wise that is going

2924

01:48:51,109 --> 01:48:48,880

to happen this year

2925

01:48:53,030 --> 01:48:51,119

uh

2926

01:48:55,669 --> 01:48:53,040

i'm i'm i'm going to go

2927

01:48:59,109 --> 01:48:55,679

for a solid 77

2928

01:49:02,149 --> 01:48:59,119

i like my repeating numbers and um

2929

01:49:03,750 --> 01:49:02,159

yeah i i can see it happening

2930

01:49:05,910 --> 01:49:03,760

you look at gillibrand rubio everyone

2931

01:49:07,430 --> 01:49:05,920

like that they they know

2932

01:49:09,510 --> 01:49:07,440

who lou is

2933

01:49:11,270 --> 01:49:09,520

they've seen you know there's no debate

2934

01:49:13,910 --> 01:49:11,280

over whether he ran a tip or something

2935

01:49:16,149 --> 01:49:13,920

like that it's just clear what the the

2936

01:49:19,350 --> 01:49:16,159

work he was doing was they all know he's

2937

01:49:20,950 --> 01:49:19,360

familiar and if they want to i guess get

2938

01:49:23,830 --> 01:49:20,960

to the bottom of it then they're gonna

2939

01:49:27,109 --> 01:49:23,840

have to get him on in into testify we we

2940

01:49:29,270 --> 01:49:27,119

should have the ig report soon uh the

2941

01:49:31,030 --> 01:49:29,280

inspector general report from the dod

2942

01:49:33,510 --> 01:49:31,040

about their handling of uap and their

2943

01:49:34,870 --> 01:49:33,520

handling of flu so i'm hoping off the

2944

01:49:36,310 --> 01:49:34,880

bat of that

2945

01:49:37,189 --> 01:49:36,320

they'll pull him into the hearings give

2946

01:49:39,350 --> 01:49:37,199

him

2947

01:49:40,149 --> 01:49:39,360

unity and freedom of the shackles and

2948

01:49:41,589 --> 01:49:40,159

and

2949

01:49:43,750 --> 01:49:41,599

it's go go go

2950

01:49:45,830 --> 01:49:43,760

nice in closed session

2951

01:49:48,149 --> 01:49:45,840

yeah i do in open session as well

2952

01:49:49,189 --> 01:49:48,159

no i know i'm you're saying what we want

2953

01:49:51,350 --> 01:49:49,199

i'm telling you what i think they're

2954

01:49:52,950 --> 01:49:51,360

gonna do oh sure yeah yeah yeah it's not

2955

01:49:54,149 --> 01:49:52,960

gonna be an open session all right

2956

01:49:56,790 --> 01:49:54,159

graham what do you think possibility

2957

01:49:59,030 --> 01:49:56,800

there um possibilities heart says 90

2958

01:50:00,629 --> 01:49:59,040

percent head says 50

2959

01:50:02,550 --> 01:50:00,639

um because i think it's

2960

01:50:05,350 --> 01:50:02,560

it's not entirely you know guaranteed

2961

01:50:06,950 --> 01:50:05,360

that um you know they would ask him um

2962

01:50:08,310 --> 01:50:06,960

it might be the fact that the forces in

2963

01:50:11,109 --> 01:50:08,320

the background that lou keeps talking

2964

01:50:12,870 --> 01:50:11,119

about who who don't want disclosure uh

2965

01:50:14,550 --> 01:50:12,880

might work against it somehow and

2966

01:50:17,030 --> 01:50:14,560

prevent him you know from whatever

2967

01:50:19,109 --> 01:50:17,040

reason from being able to to appear who

2968

01:50:21,350 --> 01:50:19,119

knows what ramifications might happen if

2969

01:50:23,350 --> 01:50:21,360

it's suddenly suggested somewhere that

2970

01:50:25,669 --> 01:50:23,360

yes there's a possibility the team might

2971

01:50:27,910 --> 01:50:25,679

testify or chris mellon might testify et

2972

01:50:30,229 --> 01:50:27,920

cetera et cetera so yeah you know you

2973

01:50:32,229 --> 01:50:30,239

just don't know what what might happen

2974

01:50:33,430 --> 01:50:32,239

in the background but yeah i'd love to

2975

01:50:34,470 --> 01:50:33,440

say it

2976

01:50:36,149 --> 01:50:34,480

nice

2977

01:50:39,430 --> 01:50:36,159

davey what do you think

2978

01:50:42,470 --> 01:50:39,440

i would absolutely love to see it but

2979

01:50:45,270 --> 01:50:42,480

i'm a cynic and i'm i say cynicism born

2980

01:50:47,990 --> 01:50:45,280

of experience of so many years in this

2981

01:50:49,990 --> 01:50:48,000

blessed phenomenon that

2982

01:50:51,350 --> 01:50:50,000

i can't see it happening this year give

2983

01:50:53,350 --> 01:50:51,360

it next year

2984

01:50:55,830 --> 01:50:53,360

and i would also throw back

2985

01:50:57,270 --> 01:50:55,840

would any of his existing commercial

2986

01:50:59,270 --> 01:50:57,280

and professional

2987

01:51:00,950 --> 01:50:59,280

requirements or um where he's currently

2988

01:51:02,629 --> 01:51:00,960

working or might or might not be working

2989

01:51:04,830 --> 01:51:02,639

have any impact on the possibility of

2990

01:51:06,950 --> 01:51:04,840

him appearing there

2991

01:51:08,149 --> 01:51:06,960

yet yeah that's a good that's a good

2992

01:51:09,589 --> 01:51:08,159

point

2993

01:51:12,149 --> 01:51:09,599

um and there's a lot you know there's

2994

01:51:14,870 --> 01:51:12,159

not as much clarity i guess right now

2995

01:51:17,109 --> 01:51:14,880

about what he is doing there uh i think

2996

01:51:19,910 --> 01:51:17,119

there's a lot of uh well-informed

2997

01:51:23,510 --> 01:51:19,920

speculation that he is still on the

2998

01:51:26,629 --> 01:51:23,520

payroll uh on specifically whose payroll

2999

01:51:27,910 --> 01:51:26,639

um i don't think we can uh definitively

3000

01:51:29,830 --> 01:51:27,920

say

3001

01:51:30,870 --> 01:51:29,840

i mean the dod payroll or a private

3002

01:51:33,589 --> 01:51:30,880

contract

3003

01:51:34,390 --> 01:51:33,599

yeah either or um

3004

01:51:36,229 --> 01:51:34,400

so

3005

01:51:39,990 --> 01:51:36,239

contractor yeah dod no i don't think

3006

01:51:42,149 --> 01:51:40,000

yeah i guess we'll see um and so

3007

01:51:44,550 --> 01:51:42,159

you know but to what extent is that is

3008

01:51:47,430 --> 01:51:44,560

his current involvement with the topic

3009

01:51:49,109 --> 01:51:47,440

become more publicly discussed you know

3010

01:51:50,310 --> 01:51:49,119

in addition to having him come forward

3011

01:51:52,390 --> 01:51:50,320

it's one thing to say hey we've got the

3012

01:51:54,310 --> 01:51:52,400

former director of atip here testifying

3013

01:51:56,709 --> 01:51:54,320

there's nothing to say if the former

3014

01:51:58,070 --> 01:51:56,719

director of atip who is now doing xyz

3015

01:52:00,149 --> 01:51:58,080

for the government do we think that

3016

01:52:03,189 --> 01:52:00,159

that's going to be

3017

01:52:05,270 --> 01:52:03,199

revealed or or not i think as well we

3018

01:52:07,270 --> 01:52:05,280

need to you know i appreciate davey's

3019

01:52:08,709 --> 01:52:07,280

cynicism because we've had so many years

3020

01:52:09,669 --> 01:52:08,719

of it but we've then again we've never

3021

01:52:11,910 --> 01:52:09,679

seen

3022

01:52:13,189 --> 01:52:11,920

the subject pushed into the mainstream

3023

01:52:15,350 --> 01:52:13,199

through the congress or anything like

3024

01:52:16,950 --> 01:52:15,360

this ever before so we are in in

3025

01:52:18,870 --> 01:52:16,960

different times and then we've got to

3026

01:52:21,189 --> 01:52:18,880

remember that there are two ways it can

3027

01:52:23,030 --> 01:52:21,199

go they could work through cover cut

3028

01:52:25,030 --> 01:52:23,040

current employees of the government and

3029

01:52:26,229 --> 01:52:25,040

the military branches to get testimony

3030

01:52:28,310 --> 01:52:26,239

from them so whether we're talking

3031

01:52:29,830 --> 01:52:28,320

pilots who witness things maybe they'll

3032

01:52:32,229 --> 01:52:29,840

go that route before they get to

3033

01:52:33,750 --> 01:52:32,239

ex-employees you know maybe they'll skip

3034

01:52:36,390 --> 01:52:33,760

that and they'll subpoena people like

3035

01:52:38,550 --> 01:52:36,400

lou before before long so there's two

3036

01:52:40,470 --> 01:52:38,560

directions both kind of positive one

3037

01:52:42,550 --> 01:52:40,480

slower than the other yeah i'd like to

3038

01:52:44,149 --> 01:52:42,560

see lucid penid you know given immunity

3039

01:52:45,189 --> 01:52:44,159

or amnesty whatever it's called and just

3040

01:52:46,870 --> 01:52:45,199

let him

3041

01:52:48,310 --> 01:52:46,880

let it all out so i think we'll see it

3042

01:52:49,830 --> 01:52:48,320

this year i think the momentum is going

3043

01:52:51,910 --> 01:52:49,840

to keep up i think if the next hearing

3044

01:52:53,430 --> 01:52:51,920

is soon then they'll keep putting them

3045

01:52:55,910 --> 01:52:53,440

through the house and the senate maybe

3046

01:52:56,950 --> 01:52:55,920

alternate i don't know but

3047

01:53:00,310 --> 01:52:56,960

they're going to start assembling the

3048

01:53:03,030 --> 01:53:00,320

the next ndaa soon so we should see some

3049

01:53:04,870 --> 01:53:03,040

legislation being written some wouldn't

3050

01:53:06,390 --> 01:53:04,880

be wrangled into shape maybe the the

3051

01:53:08,229 --> 01:53:06,400

astro name will come back in for the

3052

01:53:09,910 --> 01:53:08,239

office i'm hoping so

3053

01:53:12,629 --> 01:53:09,920

please um

3054

01:53:14,310 --> 01:53:12,639

so once we get there i i think

3055

01:53:15,750 --> 01:53:14,320

that'll be before christmas and we'll be

3056

01:53:19,189 --> 01:53:15,760

looking at something probably signed

3057

01:53:19,910 --> 01:53:19,199

over christmas again um and yeah

3058

01:53:21,510 --> 01:53:19,920

we

3059

01:53:22,709 --> 01:53:21,520

will hopefully have hearings before that

3060

01:53:25,109 --> 01:53:22,719

because i think the hearings could

3061

01:53:27,910 --> 01:53:25,119

inform the language that goes into into

3062

01:53:29,030 --> 01:53:27,920

the next half legislation

3063

01:53:30,310 --> 01:53:29,040

nice

3064

01:53:32,310 --> 01:53:30,320

i think i think

3065

01:53:34,149 --> 01:53:32,320

they were gonna there's gonna be more

3066

01:53:36,229 --> 01:53:34,159

that will come out of someone will be

3067

01:53:39,350 --> 01:53:36,239

more likely to speak if they are a

3068

01:53:40,790 --> 01:53:39,360

not still a member of the military or be

3069

01:53:43,189 --> 01:53:40,800

not a member of the department of

3070

01:53:45,109 --> 01:53:43,199

defense on their payroll that will lead

3071

01:53:46,790 --> 01:53:45,119

to somebody talking i don't think lou is

3072

01:53:49,830 --> 01:53:46,800

one of those people that is on the dod

3073

01:53:52,470 --> 01:53:49,840

payroll uh and that would free him up to

3074

01:53:54,790 --> 01:53:52,480

say a lot more especially with immunity

3075

01:53:56,870 --> 01:53:54,800

from his uh the nda that he signed in

3076

01:53:57,589 --> 01:53:56,880

whatever legalese is in there and by the

3077

01:54:00,310 --> 01:53:57,599

way

3078

01:54:02,950 --> 01:54:00,320

uh frank and i did an episode with uh

3079

01:54:05,750 --> 01:54:02,960

lampe who is an attorney that works with

3080

01:54:08,390 --> 01:54:05,760

the government uh and yesterday to talk

3081

01:54:10,550 --> 01:54:08,400

about what immunity is and so on and

3082

01:54:12,950 --> 01:54:10,560

amnesty is not a legal term but immunity

3083

01:54:14,550 --> 01:54:12,960

is nice i'll check that out good job man

3084

01:54:16,550 --> 01:54:14,560

that's really cool

3085

01:54:17,990 --> 01:54:16,560

hey man he said you know you want to

3086

01:54:20,790 --> 01:54:18,000

talk about i said well i happen to know

3087

01:54:24,070 --> 01:54:20,800

somebody on ufo twitter it's a lawyer so

3088

01:54:25,750 --> 01:54:24,080

anyways yeah but uh so yeah we discussed

3089

01:54:27,910 --> 01:54:25,760

that and and i think that would free

3090

01:54:29,589 --> 01:54:27,920

people like lou and christopher up to

3091

01:54:31,350 --> 01:54:29,599

talk because they're not

3092

01:54:33,510 --> 01:54:31,360

they don't currently have someone over

3093

01:54:36,390 --> 01:54:33,520

top of them that is holding their career

3094

01:54:37,510 --> 01:54:36,400

in the balance from the dod

3095

01:54:39,589 --> 01:54:37,520

yeah

3096

01:54:41,830 --> 01:54:39,599

well guys i hate to uh kind of break

3097

01:54:44,550 --> 01:54:41,840

this off this has been a really amazing

3098

01:54:47,109 --> 01:54:44,560

time this last uh geez almost two hours

3099

01:54:48,950 --> 01:54:47,119

um really enjoyed our conversations uh

3100

01:54:53,030 --> 01:54:48,960

do we do the accent vote for this group

3101

01:54:56,950 --> 01:54:54,629

i don't know how this works

3102

01:54:59,430 --> 01:54:56,960

yeah who's got the okay who has the

3103

01:55:01,990 --> 01:54:59,440

coolest accent in this group as voted by

3104

01:55:06,470 --> 01:55:05,030

by me no you meaning the uh our british

3105

01:55:10,229 --> 01:55:06,480

guests yeah

3106

01:55:11,430 --> 01:55:10,239

i'm gonna go i'm gonna go with davey

3107

01:55:13,589 --> 01:55:11,440

dan

3108

01:55:15,350 --> 01:55:13,599

wait can you all see the the quick brown

3109

01:55:19,280 --> 01:55:15,360

fox jumped over the fence for me let's

3110

01:55:19,290 --> 01:55:29,350

[Laughter]

3111

01:55:33,270 --> 01:55:31,270

oh they're all good um as long as they

3112

01:55:36,709 --> 01:55:33,280

don't as long as they're smoggies or or

3113

01:55:39,350 --> 01:55:37,589

i don't know what those are but it

3114

01:55:40,870 --> 01:55:39,360

sounds bad

3115

01:55:42,870 --> 01:55:40,880

we couldn't get we got nothing

3116

01:55:44,550 --> 01:55:42,880

definitive they voted okay in case you

3117

01:55:46,870 --> 01:55:44,560

didn't watch they voted christopher

3118

01:55:49,189 --> 01:55:46,880

sharp on the last one uh everybody

3119

01:55:50,550 --> 01:55:49,199

christopher got everybody's vote i think

3120

01:55:53,910 --> 01:55:50,560

even smithers

3121

01:55:57,830 --> 01:55:55,990

yeah my my vote on this one's got to go

3122

01:56:01,030 --> 01:55:57,840

with graham because my grandparents were

3123

01:56:02,790 --> 01:56:01,040

from the north east oh yeah my wife my

3124

01:56:04,550 --> 01:56:02,800

wife's from yorkshire so yeah oh well

3125

01:56:06,870 --> 01:56:04,560

there we are

3126

01:56:08,790 --> 01:56:06,880

i i will just pour out the i think the

3127

01:56:17,270 --> 01:56:08,800

star of the show by far is uh

3128

01:56:22,470 --> 01:56:20,149

so i can't thank you guys enough it was

3129

01:56:24,709 --> 01:56:22,480

an honor to have you guys on again like

3130

01:56:26,390 --> 01:56:24,719

i said earlier you know how much i have

3131

01:56:28,149 --> 01:56:26,400

an absolute love affair with the uk

3132

01:56:30,149 --> 01:56:28,159

everybody knows that nathan i found out

3133

01:56:31,510 --> 01:56:30,159

does as well

3134

01:56:33,270 --> 01:56:31,520

so

3135

01:56:35,510 --> 01:56:33,280

oh nathan what do you want to say to the

3136

01:56:37,510 --> 01:56:35,520

rolling stone the rolling stones

3137

01:56:39,830 --> 01:56:37,520

before they go uh listen guys had a

3138

01:56:42,629 --> 01:56:39,840

wonderful time i really want to do this

3139

01:56:44,229 --> 01:56:42,639

again i mean geez it makes me so happy

3140

01:56:46,790 --> 01:56:44,239

that we've got this kind of community

3141

01:56:48,709 --> 01:56:46,800

and as i was watching things take place

3142

01:56:51,189 --> 01:56:48,719

in vernal seeing some of the folks that

3143

01:56:53,030 --> 01:56:51,199

we all see on these content platforms

3144

01:56:54,950 --> 01:56:53,040

meeting in person and collaborating

3145

01:56:56,390 --> 01:56:54,960

regardless of what you think about

3146

01:56:57,750 --> 01:56:56,400

whatever they're doing at these these

3147

01:56:59,669 --> 01:56:57,760

symposiums which i think there's some

3148

01:57:01,830 --> 01:56:59,679

good stuff there we can all agree that

3149

01:57:03,430 --> 01:57:01,840

it's really exciting to see these

3150

01:57:05,510 --> 01:57:03,440

connections these human connections

3151  
01:57:07,350 --> 01:57:05,520  
happening and i look forward to meeting

3152  
01:57:09,910 --> 01:57:07,360  
some of you guys in person uh over the

3153  
01:57:13,830 --> 01:57:09,920  
next few weeks when i'm in the uk yeah

3154  
01:57:18,950 --> 01:57:15,990  
we're gonna do it and i'm still looking

3155  
01:57:20,870 --> 01:57:18,960  
for uh my date for uh when my simulator

3156  
01:57:23,510 --> 01:57:20,880  
gets delivered to mildenhall which it

3157  
01:57:26,070 --> 01:57:23,520  
looks like is gonna be uh it'll be

3158  
01:57:27,350 --> 01:57:26,080  
delivered in august

3159  
01:57:29,189 --> 01:57:27,360  
then

3160  
01:57:31,270 --> 01:57:29,199  
i'm i'm i'm gonna be there either for

3161  
01:57:33,350 --> 01:57:31,280  
the on-site acceptance or maybe for the

3162  
01:57:35,990 --> 01:57:33,360  
testing with the crew after it's up and

3163  
01:57:37,669 --> 01:57:36,000

running probably both but uh but yeah

3164

01:57:38,870 --> 01:57:37,679

i'll definitely connect with you guys uh

3165

01:57:41,430 --> 01:57:38,880

when we do and make sure i take

3166

01:57:42,950 --> 01:57:41,440

appropriate leave so uh it was an honor

3167

01:57:46,229 --> 01:57:42,960

as far as who won the beatles or the

3168

01:57:47,189 --> 01:57:46,239

stones i think we won meaning the show

3169

01:57:50,470 --> 01:57:47,199

nation

3170

01:57:53,270 --> 01:57:50,480

to get to speak with all of you uh

3171

01:57:55,109 --> 01:57:53,280

come on the audience

3172

01:57:57,430 --> 01:57:55,119

that's right yeah that's what i mean i

3173

01:58:01,270 --> 01:57:57,440

mean everybody one who got to who got to

3174

01:58:02,870 --> 01:58:01,280

listen to you uh is just uh uh to have

3175

01:58:05,030 --> 01:58:02,880

all of you here because all of you are

3176

01:58:07,750 --> 01:58:05,040

just so bright and so incisive and so

3177

01:58:10,550 --> 01:58:07,760

well read on this topic and studied and

3178

01:58:13,510 --> 01:58:10,560

uh it is an honor to interact with each

3179

01:58:15,430 --> 01:58:13,520

one of you in the different uh uh

3180

01:58:17,430 --> 01:58:15,440

whether we're on the phone or or on

3181

01:58:19,910 --> 01:58:17,440

twitter and um

3182

01:58:22,229 --> 01:58:19,920

and so on behalf of of nathan and and

3183

01:58:23,910 --> 01:58:22,239

calling all beings thank you so much we

3184

01:58:26,310 --> 01:58:23,920

really appreciate it thank you guys

3185

01:58:29,189 --> 01:58:26,320

thank you brother so for the beatles and

3186

01:58:31,589 --> 01:58:29,199

the rolling stones and my brother nathan

3187

01:58:33,990 --> 01:58:31,599

this is dj saying peace out

3188

01:58:35,669 --> 01:58:34,000

one love and we'll see you down the road

3189

01:58:37,030 --> 01:58:35,679

we're always wondering what's up around

3190

01:58:39,600 --> 01:58:37,040

the bend

3191

01:59:01,669 --> 01:58:39,610

peace
