# FIRESIDE CHAT

1  
00:00:27,100 --> 00:00:11,720  
oh

2  
00:00:27,110 --> 00:00:37,590  
[Music]

3  
00:00:43,270 --> 00:00:39,750  
welcome back to calling all beings baby

4  
00:00:45,790 --> 00:00:43,280  
it's dj along with

5  
00:00:48,389 --> 00:00:45,800  
actually nobody's here okay

6  
00:00:50,630 --> 00:00:48,399  
[Laughter]

7  
00:00:51,910 --> 00:00:50,640  
hold on a sec oh oh man i have the

8  
00:00:53,830 --> 00:00:51,920  
youtube going

9  
00:00:55,590 --> 00:00:53,840  
i i forgot that the youtube here's

10  
00:00:57,590 --> 00:00:55,600  
what's up um

11  
00:00:59,990 --> 00:00:57,600  
i look to my left i look to my right i'm

12  
00:01:01,670 --> 00:01:00,000  
in a i'm in a wing formation here and

13  
00:01:04,310 --> 00:01:01,680

there's no one in formation with me

14

00:01:07,190 --> 00:01:04,320

nathan is still in the uk uh deb is in

15

00:01:08,789 --> 00:01:07,200

orlando uh kevin should be showing up

16

00:01:09,910 --> 00:01:08,799

because he wants to talk about music

17

00:01:10,710 --> 00:01:09,920

with sean

18

00:01:15,270 --> 00:01:10,720

uh

19

00:01:18,230 --> 00:01:15,280

allison are supposed to be here our new

20

00:01:20,070 --> 00:01:18,240

phenoms the young guns if you will uh

21

00:01:21,830 --> 00:01:20,080

and also kevin is supposed to show up as

22

00:01:23,590 --> 00:01:21,840

well when he gets some from work he's on

23

00:01:25,429 --> 00:01:23,600

california time working with those

24

00:01:28,149 --> 00:01:25,439

little kids taking care of their mental

25

00:01:29,990 --> 00:01:28,159

health but for right now it's just me

26

00:01:32,230 --> 00:01:30,000

that new intro song was done by

27

00:01:35,510 --> 00:01:32,240

charlotte the thunderbird

28

00:01:37,429 --> 00:01:35,520

on twitter she's amazing she has done

29

00:01:41,190 --> 00:01:37,439

intro music for

30

00:01:43,590 --> 00:01:41,200

uh nathan for deb for cab she's doing it

31

00:01:45,830 --> 00:01:43,600

for my new moto gp podcast that's right

32

00:01:48,149 --> 00:01:45,840

that's what's about to go down and uh

33

00:01:50,630 --> 00:01:48,159

and we love i love you charlotte anyway

34

00:01:52,389 --> 00:01:50,640

uh i want very excited to bring on these

35

00:01:54,230 --> 00:01:52,399

two folks i heard

36

00:01:57,030 --> 00:01:54,240

one of the guests here that was on the

37

00:01:59,350 --> 00:01:57,040

other one's uh show and so that person

38

00:02:01,749 --> 00:01:59,360

is sean rash the witness citizen all of

39

00:02:04,230 --> 00:02:01,759

you guys know him he's extremely popular

40

00:02:06,389 --> 00:02:04,240

and very well known a researcher in the

41

00:02:08,469 --> 00:02:06,399

biz and somebody that a lot of people

42

00:02:11,350 --> 00:02:08,479

look up to including me

43

00:02:14,229 --> 00:02:11,360

okay uh another person i look up to is a

44

00:02:16,949 --> 00:02:14,239

person who was uh his guest who is a

45

00:02:19,510 --> 00:02:16,959

humanitarian which uh strikes at uh

46

00:02:21,430 --> 00:02:19,520

every part of my bleeding heart that

47

00:02:23,270 --> 00:02:21,440

loves people and loves animals and loves

48

00:02:24,790 --> 00:02:23,280

the world and loves people from every

49

00:02:26,550 --> 00:02:24,800

different culture and loves music and

50

00:02:28,390 --> 00:02:26,560

everything else so there's a lot of love

51  
00:02:30,470 --> 00:02:28,400  
here i know shawn's probably like what's

52  
00:02:33,190 --> 00:02:30,480  
going on with this guy dj man he's kind

53  
00:02:35,270 --> 00:02:33,200  
of freaking weird okay

54  
00:02:37,509 --> 00:02:35,280  
and um to that i would say

55  
00:02:39,589 --> 00:02:37,519  
yes yes i would say that's that's fairly

56  
00:02:42,470 --> 00:02:39,599  
accurate so let's bring in our special

57  
00:02:45,270 --> 00:02:42,480  
guest i'm very excited to have the first

58  
00:02:47,110 --> 00:02:45,280  
first cab fireside chat even though the

59  
00:02:49,350 --> 00:02:47,120  
beautiful logo that nathan made up is

60  
00:02:51,110 --> 00:02:49,360  
not up because i'm a technical meat head

61  
00:02:54,150 --> 00:02:51,120  
and usually handles this this is going

62  
00:02:55,990 --> 00:02:54,160  
to be the first fireside chat

63  
00:02:59,750 --> 00:02:56,000

so party people

64

00:03:02,149 --> 00:02:59,760

put those hands together

65

00:03:06,949 --> 00:03:02,159

for the witness citizen

66

00:03:12,470 --> 00:03:09,350

can i get it amen from somebody up in

67

00:03:13,670 --> 00:03:12,480

here you need to like an applause button

68

00:03:18,149 --> 00:03:13,680

well

69

00:03:22,229 --> 00:03:20,390

otherwise after that intro it's just so

70

00:03:23,350 --> 00:03:22,239

underwhelming because the intro is so

71

00:03:27,190 --> 00:03:23,360

like

72

00:03:28,710 --> 00:03:27,200

people in the audience you know you know

73

00:03:30,789 --> 00:03:28,720

it's i mean i know what you were a

74

00:03:33,830 --> 00:03:30,799

lollapalooza there was a lot more people

75

00:03:36,229 --> 00:03:33,840

there so no actually i'm quite used to

76

00:03:42,550 --> 00:03:38,550

all right party people put those hands

77

00:03:52,789 --> 00:03:42,560

together for the humanitarian homie

78

00:03:56,630 --> 00:03:55,110

me too me too uh the people are the most

79

00:03:58,630 --> 00:03:56,640

kind on the show in the air force

80

00:04:00,550 --> 00:03:58,640

they're not quite as kind so that's why

81

00:04:02,789 --> 00:04:00,560

i love being here this part part of my

82

00:04:04,550 --> 00:04:02,799

personality can come out whereas at work

83

00:04:07,110 --> 00:04:04,560

i have to be repressed i got to button

84

00:04:08,789 --> 00:04:07,120

it all up and act professional and then

85

00:04:10,550 --> 00:04:08,799

when i come on here i can be the idiot

86

00:04:14,789 --> 00:04:10,560

that sean sees every week

87

00:04:18,229 --> 00:04:14,799

so anyway uh welcome guys um thank you

88

00:04:20,229 --> 00:04:18,239

so in this format it no it's an honor uh

89

00:04:22,310 --> 00:04:20,239

to have you guys in this format the

90

00:04:23,430 --> 00:04:22,320

fireside chat is meant to be not an

91

00:04:26,070 --> 00:04:23,440

interview

92

00:04:28,070 --> 00:04:26,080

uh but more of just we bring up topics

93

00:04:29,590 --> 00:04:28,080

that are interesting i have an opener

94

00:04:31,270 --> 00:04:29,600

and then i'm just going to riff off of

95

00:04:33,749 --> 00:04:31,280

what you guys are saying

96

00:04:34,870 --> 00:04:33,759

um i'm never bad at conversation it's

97

00:04:36,950 --> 00:04:34,880

kind of something i'm good at which is

98

00:04:38,230 --> 00:04:36,960

why i started a podcast 12 years ago

99

00:04:39,749 --> 00:04:38,240

about mma

100

00:04:42,870 --> 00:04:39,759

i've been doing this for 12 years if you

101  
00:04:44,790 --> 00:04:42,880  
can believe that uh so wow

102  
00:04:45,700 --> 00:04:44,800  
um not surprising right the way that i

103  
00:04:47,670 --> 00:04:45,710  
babble um

104  
00:04:50,310 --> 00:04:47,680  
[Laughter]

105  
00:04:52,310 --> 00:04:50,320  
no no that's cool when i was young when

106  
00:04:54,070 --> 00:04:52,320  
i was younger in my later years in high

107  
00:04:58,150 --> 00:04:54,080  
school i wanted to be a

108  
00:04:59,990 --> 00:04:58,160  
a disc jockey uh on the radio uh but the

109  
00:05:01,909 --> 00:05:00,000  
the school i wanted to go to is a little

110  
00:05:03,909 --> 00:05:01,919  
too far and too expensive and i just

111  
00:05:06,550 --> 00:05:03,919  
wound up working full-time instead so i

112  
00:05:07,490 --> 00:05:06,560  
guess i'm living out my my uh childhood

113  
00:05:08,710 --> 00:05:07,500

dream stuck

114

00:05:10,870 --> 00:05:08,720

[Laughter]

115

00:05:11,909 --> 00:05:10,880

me too i didn't think it'd be about ufos

116

00:05:17,909 --> 00:05:11,919

but

117

00:05:21,749 --> 00:05:20,070

yeah okay oh wait katie can you just

118

00:05:24,469 --> 00:05:21,759

kind of like do a

119

00:05:26,870 --> 00:05:24,479

hair flip thing

120

00:05:29,350 --> 00:05:26,880

i got my little like fan going on right

121

00:05:31,830 --> 00:05:29,360

here because it's like 300 degrees with

122

00:05:35,749 --> 00:05:31,840

200 percent humidity and

123

00:05:39,430 --> 00:05:35,759

man is that even possible 200 percent

124

00:05:42,790 --> 00:05:41,350

i'm gonna say cheers to you guys uh i

125

00:05:45,590 --> 00:05:42,800

don't know who started doing the glass

126

00:05:48,230 --> 00:05:45,600

of wine first me or vinnie but to to to

127

00:05:50,230 --> 00:05:48,240

vinnie adams to sean and to katie so

128

00:05:52,310 --> 00:05:50,240

this isn't meant to be an interview but

129

00:05:55,029 --> 00:05:52,320

i'd be remiss if i i'm really interested

130

00:05:57,670 --> 00:05:55,039

because i don't know who sean is as a

131

00:05:59,510 --> 00:05:57,680

person in his regular life and to the

132

00:06:01,350 --> 00:05:59,520

and and i also don't know i actually

133

00:06:02,790 --> 00:06:01,360

know more about katie that i know about

134

00:06:05,430 --> 00:06:02,800

sean just from a little interaction on

135

00:06:07,029 --> 00:06:05,440

linkedin but sean if you would with

136

00:06:09,909 --> 00:06:07,039

whatever you feel comfortable sharing i

137

00:06:11,749 --> 00:06:09,919

know that you're a musician uh which i

138

00:06:13,909 --> 00:06:11,759

love because music is like my favorite

139

00:06:15,909 --> 00:06:13,919

thing ever uh please tell us a little

140

00:06:19,189 --> 00:06:15,919

bit about yourself

141

00:06:21,510 --> 00:06:19,199

uh sure um well

142

00:06:23,830 --> 00:06:21,520

yeah i'm a musician i spent most of my

143

00:06:26,309 --> 00:06:23,840

adult life uh towards the end of high

144

00:06:28,309 --> 00:06:26,319

school and up till a couple years ago

145

00:06:32,150 --> 00:06:28,319

really playing shows and and making

146

00:06:34,870 --> 00:06:32,160

songs and and doing all that um so

147

00:06:36,870 --> 00:06:34,880

i've spent most of my time doing that

148

00:06:38,870 --> 00:06:36,880

usually just like local shows have done

149

00:06:40,870 --> 00:06:38,880

a couple like small tours never became

150

00:06:43,670 --> 00:06:40,880

like a big band or anything like that

151  
00:06:45,749 --> 00:06:43,680  
just did it for the passion and um the

152  
00:06:47,990 --> 00:06:45,759  
creative aspect of it don't get me wrong

153  
00:06:49,749 --> 00:06:48,000  
i would have totally enjoyed being a

154  
00:06:50,870 --> 00:06:49,759  
rich band guy but it just never happened

155  
00:06:53,749 --> 00:06:50,880  
for me

156  
00:06:55,670 --> 00:06:53,759  
um yeah but so you know simultaneously i

157  
00:06:57,830 --> 00:06:55,680  
was always working um

158  
00:06:58,629 --> 00:06:57,840  
so now i own like a small

159  
00:07:00,469 --> 00:06:58,639  
uh

160  
00:07:01,749 --> 00:07:00,479  
little um

161  
00:07:03,510 --> 00:07:01,759  
company where

162  
00:07:06,070 --> 00:07:03,520  
you know we help like construction

163  
00:07:08,230 --> 00:07:06,080

companies get to like appointments and

164

00:07:11,589 --> 00:07:08,240

business opportunities and stuff so i do

165

00:07:13,670 --> 00:07:11,599

that now but um i'm married

166

00:07:17,029 --> 00:07:13,680

i have two dogs

167

00:07:21,029 --> 00:07:17,039

um okay 38 years old i love walks on the

168

00:07:22,230 --> 00:07:21,039

beach there are two uh rescues one is uh

169

00:07:23,670 --> 00:07:22,240

sweet pea

170

00:07:26,150 --> 00:07:23,680

she's

171

00:07:28,830 --> 00:07:26,160

like pitbull american boxer

172

00:07:32,469 --> 00:07:28,840

um weimerheimer and a couple other

173

00:07:35,110 --> 00:07:32,479

things and the other one's a pure uh

174

00:07:36,950 --> 00:07:35,120

american terrier pitbull

175

00:07:37,909 --> 00:07:36,960

who was a rescue from

176

00:07:40,309 --> 00:07:37,919

uh

177

00:07:42,870 --> 00:07:40,319

litter

178

00:07:44,950 --> 00:07:42,880

from hurricane harvey

179

00:07:47,350 --> 00:07:44,960

so yeah so the mom had some puppies from

180

00:07:48,629 --> 00:07:47,360

hurricane harvey and we rescued him and

181

00:07:49,670 --> 00:07:48,639

he

182

00:07:52,150 --> 00:07:49,680

um

183

00:07:54,550 --> 00:07:52,160

farts all the time and tries to sniff

184

00:07:55,749 --> 00:07:54,560

snoopy's butt and

185

00:07:58,230 --> 00:07:55,759

eat her food

186

00:08:00,390 --> 00:07:58,240

everybody's a good dog yeah great dogs i

187

00:08:02,309 --> 00:08:00,400

have a cat too monster we hate each

188

00:08:04,790 --> 00:08:02,319

other but love each other

189

00:08:06,550 --> 00:08:04,800

secretly so

190

00:08:07,909 --> 00:08:06,560

yeah um i just want to say there's a

191

00:08:10,629 --> 00:08:07,919

couple people in the chat paranormal

192

00:08:13,110 --> 00:08:10,639

pixie is here lara what's up

193

00:08:15,029 --> 00:08:13,120

arlo what's up yo elena's here

194

00:08:16,790 --> 00:08:15,039

uh arlene is here i'm sorry there's

195

00:08:18,629 --> 00:08:16,800

nobody to attend to you like deb usually

196

00:08:21,029 --> 00:08:18,639

deb's

197

00:08:23,029 --> 00:08:21,039

shirt for you yeah

198

00:08:25,589 --> 00:08:23,039

oh man did you see i don't know if you

199

00:08:27,749 --> 00:08:25,599

saw we did the the beatles versus stones

200

00:08:29,749 --> 00:08:27,759

the uh yeah the british invasion and

201

00:08:30,790 --> 00:08:29,759

that was so much fun man that that

202

00:08:33,110 --> 00:08:30,800

really was

203

00:08:34,709 --> 00:08:33,120

it was it was a niche idea and uh it

204

00:08:35,430 --> 00:08:34,719

really came off so i'm gonna do another

205

00:08:40,870 --> 00:08:35,440

one

206

00:08:43,269 --> 00:08:40,880

bands and i'm thinking of another um

207

00:08:45,269 --> 00:08:43,279

the streets have no name

208

00:08:47,030 --> 00:08:45,279

well i mean on if if if you're making

209

00:08:49,509 --> 00:08:47,040

your mount rushmore and you have a band

210

00:08:51,829 --> 00:08:49,519

that has the original four members since

211

00:08:53,190 --> 00:08:51,839

the mid 70s when they were in middle

212

00:08:55,750 --> 00:08:53,200

school

213

00:08:57,590 --> 00:08:55,760

um and so if i have like led zeppelin the

214

00:08:58,550 --> 00:08:57,600

stones the who

215

00:09:02,630 --> 00:08:58,560

um

216

00:09:05,509 --> 00:09:02,640

and uh the beatles well then i could i

217

00:09:07,509 --> 00:09:05,519

could see maybe swapping out the who for

218

00:09:08,630 --> 00:09:07,519

you two just based on the longevity i

219

00:09:09,590 --> 00:09:08,640

don't know what you think about that

220

00:09:10,389 --> 00:09:09,600

sean

221

00:09:13,030 --> 00:09:10,399

oh

222

00:09:15,030 --> 00:09:13,040

i i'm more of a who guy

223

00:09:17,430 --> 00:09:15,040

only because

224

00:09:18,949 --> 00:09:17,440

the first time i got high in high school

225

00:09:22,230 --> 00:09:18,959

was to

226

00:09:25,590 --> 00:09:22,240

the who's bob o'reilly and we had turned

227

00:09:27,829 --> 00:09:25,600

the speakers up in my friend's

228

00:09:29,110 --> 00:09:27,839

parents house and they started

229

00:09:30,790 --> 00:09:29,120

smoking

230

00:09:32,949 --> 00:09:30,800

like smoke was coming from the speakers

231

00:09:34,829 --> 00:09:32,959

i remember it still it was like ever

232

00:09:36,630 --> 00:09:34,839

since then you

233

00:09:39,269 --> 00:09:36,640

sure

234

00:09:40,870 --> 00:09:39,279

yeah good question uh yeah i was gonna

235

00:09:42,470 --> 00:09:40,880

say the other guys corroborated the

236

00:09:45,190 --> 00:09:42,480

story but they were high too so i don't

237

00:09:47,829 --> 00:09:45,200

know but i think i i think an argument

238

00:09:50,389 --> 00:09:47,839

could be made based on the amount of

239

00:09:53,030 --> 00:09:50,399

influential music the fact that like the

240

00:09:55,509 --> 00:09:53,040

edge alone uh his guitar playing is

241

00:09:58,150 --> 00:09:55,519

extremely distinct he created his own

242

00:10:00,070 --> 00:09:58,160

sound that he didn't copy off of anybody

243

00:10:02,310 --> 00:10:00,080

else and so i i think there's an

244

00:10:03,910 --> 00:10:02,320

argument there uh i'm not going to make

245

00:10:04,710 --> 00:10:03,920

the argument because i love both bands

246

00:10:05,590 --> 00:10:04,720

but

247

00:10:07,350 --> 00:10:05,600

uh

248

00:10:09,190 --> 00:10:07,360

i don't know who's gonna i would like to

249

00:10:11,750 --> 00:10:09,200

do i got discussions with nathan the

250

00:10:12,790 --> 00:10:11,760

next uh british invasion i would like to

251

00:10:15,110 --> 00:10:12,800

do

252

00:10:17,269 --> 00:10:15,120

uh the who versus you two

253

00:10:19,430 --> 00:10:17,279

and then have two teams of

254

00:10:21,269 --> 00:10:19,440

who you know uh four members of the who

255

00:10:23,110 --> 00:10:21,279

four members of youtube and you could

256

00:10:24,870 --> 00:10:23,120

throw the guess who in there and really

257

00:10:26,870 --> 00:10:24,880

confuse you yeah but that's not not

258

00:10:28,710 --> 00:10:26,880

mount rushmore great music i mean i

259

00:10:31,350 --> 00:10:28,720

could i could name a hundred bands that

260

00:10:34,550 --> 00:10:31,360

i love you know bowie i mean bowie could

261

00:10:36,470 --> 00:10:34,560

be against like bowie is there's nobody

262

00:10:39,670 --> 00:10:36,480

like bowie you could do bowie and peter

263

00:10:41,910 --> 00:10:39,680

gabriel almost but bowie and prince

264

00:10:43,590 --> 00:10:41,920

bowie and prince that see there you go

265

00:10:44,870 --> 00:10:43,600

thank you sean i'll write that down and

266

00:10:46,630 --> 00:10:44,880

i'll give you credit when we do that

267

00:10:48,150 --> 00:10:46,640

show okay um

268

00:10:50,069 --> 00:10:48,160

i want to say one thing to you though

269

00:10:52,790 --> 00:10:50,079

before we go to katie i want to say i

270

00:10:55,509 --> 00:10:52,800

want to thank you for being a musician

271

00:10:57,990 --> 00:10:55,519

and creating i look at that i i said

272

00:10:59,670 --> 00:10:58,000

this to ufo thinker frank for those of

273

00:11:01,269 --> 00:10:59,680

you who don't know him he's kind of like

274

00:11:04,389 --> 00:11:01,279

extended cab fam

275

00:11:07,269 --> 00:11:04,399

uh frank who has this show in the uk

276

00:11:09,750 --> 00:11:07,279

called ufo thinker um and he's had a lot

277

00:11:11,430 --> 00:11:09,760

of great people on and i said he said

278

00:11:12,630 --> 00:11:11,440

you know gee i wish i would have been

279

00:11:14,550 --> 00:11:12,640

able to join the military i have a lot

280

00:11:15,509 --> 00:11:14,560

of physical issues i said you are in

281

00:11:16,949 --> 00:11:15,519

service

282

00:11:19,670 --> 00:11:16,959

and you know charlotte's out there

283

00:11:22,710 --> 00:11:19,680

teaching people to make music you know

284

00:11:24,389 --> 00:11:22,720

uh uh you're making music frank is out

285

00:11:26,310 --> 00:11:24,399

there teaching people to play the drums

286

00:11:28,949 --> 00:11:26,320

and he's like you he's

287

00:11:30,470 --> 00:11:28,959

on tour you know playing the drums uh

288

00:11:32,470 --> 00:11:30,480

and actually shared some of his drum

289

00:11:34,310 --> 00:11:32,480

work with me which was people on twitter

290

00:11:36,389 --> 00:11:34,320

haven't heard it but i have

291

00:11:37,750 --> 00:11:36,399

so uh i love this and he's actually like

292

00:11:40,150 --> 00:11:37,760

played the drums and just put it on

293

00:11:41,670 --> 00:11:40,160

signal so you guys are in service and

294

00:11:43,190 --> 00:11:41,680

thank you for your service for bringing

295

00:11:45,030 --> 00:11:43,200

uh art to the world that's something

296

00:11:48,550 --> 00:11:45,040

that we need as much as any military

297

00:11:50,550 --> 00:11:48,560

person katie my friend oh thanks yeah

298

00:11:51,829 --> 00:11:50,560

what's up man tell me what you want to

299

00:11:54,150 --> 00:11:51,839

talk about

300

00:11:57,269 --> 00:11:54,160

i want to hear about you holmes

301  
00:11:57,720 --> 00:11:57,279  
who are you yeah go ahead sing and sing

302  
00:12:03,110 --> 00:11:57,730  
it sean

303  
00:12:04,069 --> 00:12:03,120  
[Laughter]

304  
00:12:08,150 --> 00:12:04,079  
you need the

305  
00:12:13,590 --> 00:12:11,269  
um i guess i'm an accidental ufo twitter

306  
00:12:16,310 --> 00:12:13,600  
joiner uh

307  
00:12:18,949 --> 00:12:16,320  
didn't really intend to end up here but

308  
00:12:20,790 --> 00:12:18,959  
that's what happens when you are open on

309  
00:12:21,910 --> 00:12:20,800  
social media about things you're doing

310  
00:12:23,110 --> 00:12:21,920  
in your life

311  
00:12:25,670 --> 00:12:23,120  
um

312  
00:12:29,829 --> 00:12:25,680  
worker

313  
00:12:34,870 --> 00:12:32,389

getting paid very little to do really

314

00:12:36,150 --> 00:12:34,880

hard work that's awesome

315

00:12:38,949 --> 00:12:36,160

i've done a lot of work with like

316

00:12:39,910 --> 00:12:38,959

refugees and survivors of genocide

317

00:12:42,069 --> 00:12:39,920

um

318

00:12:43,590 --> 00:12:42,079

i got held up by a child soldier at one

319

00:12:46,790 --> 00:12:43,600

point like i've had some really cool

320

00:12:48,790 --> 00:12:46,800

experiences yeah south sudan that was

321

00:12:51,910 --> 00:12:48,800

that was intense um

322

00:12:53,910 --> 00:12:51,920

but no i've been like kind of

323

00:12:56,629 --> 00:12:53,920

secondarily involved in politics my

324

00:12:58,550 --> 00:12:56,639

whole career as well um

325

00:13:00,629 --> 00:12:58,560

mainly like internships and volunteering

326

00:13:02,949 --> 00:13:00,639

and things like that and that's kind of

327

00:13:05,190 --> 00:13:02,959

how i ended up here i was

328

00:13:07,430 --> 00:13:05,200

volunteering on the binding campaign

329

00:13:08,389 --> 00:13:07,440

yep i'm a liberal deal with it

330

00:13:11,829 --> 00:13:08,399

and

331

00:13:16,870 --> 00:13:13,829

i know like i like it the worst place in

332

00:13:18,790 --> 00:13:16,880

the world for this i know um but i john

333

00:13:22,710 --> 00:13:18,800

podesta recommended really read leslie

334

00:13:25,190 --> 00:13:22,720

kane's ufo book and a lot of reading

335

00:13:26,949 --> 00:13:25,200

later i ended up here so

336

00:13:31,269 --> 00:13:26,959

it's kind of cool it's been really

337

00:13:40,470 --> 00:13:31,279

interesting um outside of ufos and

338

00:13:45,509 --> 00:13:43,110

uh no i

339

00:13:47,430 --> 00:13:45,519

like to vintage thrift

340

00:13:49,670 --> 00:13:47,440

i run like a vintage three fail thing on

341

00:13:51,670 --> 00:13:49,680

the side so i have filled with like

342

00:13:54,629 --> 00:13:51,680

1950s decor

343

00:13:55,750 --> 00:13:54,639

we got some extra pyrex hit a girl up

344

00:13:57,350 --> 00:13:55,760

um

345

00:13:58,069 --> 00:13:57,360

and

346

00:14:00,069 --> 00:13:58,079

yeah

347

00:14:02,550 --> 00:14:00,079

i don't know like i have a very riveting

348

00:14:05,910 --> 00:14:02,560

social life um composed mainly of

349

00:14:08,230 --> 00:14:05,920

bugging sean and jay on twitter and

350

00:14:11,750 --> 00:14:08,240

i have a puppy i am married

351  
00:14:15,030 --> 00:14:11,760  
um i have a puppy who is a psychotically

352  
00:14:17,110 --> 00:14:15,040  
needy schnauzer um

353  
00:14:19,910 --> 00:14:17,120  
and you'll see me talking a lot about

354  
00:14:21,430 --> 00:14:19,920  
lgbtq issues

355  
00:14:23,269 --> 00:14:21,440  
um because i'm a member of that

356  
00:14:26,230 --> 00:14:23,279  
community as well

357  
00:14:29,350 --> 00:14:26,240  
i think what else i'm a pisces

358  
00:14:32,150 --> 00:14:29,360  
yeah me too i'm of course big big mushy

359  
00:14:34,150 --> 00:14:32,160  
heart yeah that's about it i don't know

360  
00:14:37,910 --> 00:14:34,160  
but it's my age

361  
00:14:39,509 --> 00:14:37,920  
you know as an aquarius oh my age

362  
00:14:41,189 --> 00:14:39,519  
no no no this is

363  
00:14:51,910 --> 00:14:41,199

singing sean

364

00:14:56,310 --> 00:14:54,470

yeah it shows the age gap between me and

365

00:14:58,310 --> 00:14:56,320

you guys i'm 55.

366

00:15:00,870 --> 00:14:58,320

and you can see i'm really mature and

367

00:15:03,269 --> 00:15:00,880

with i don't have any energy at all um

368

00:15:05,509 --> 00:15:03,279

maturity's overrated yeah

369

00:15:07,829 --> 00:15:05,519

katie i want to say uh i have a comment

370

00:15:10,790 --> 00:15:07,839

and a question regarding the work that

371

00:15:12,629 --> 00:15:10,800

you do uh it's way too earlier in our

372

00:15:14,230 --> 00:15:12,639

friendship for me to say i love you but

373

00:15:15,030 --> 00:15:14,240

i love you uh because of what you're

374

00:15:18,310 --> 00:15:15,040

doing

375

00:15:21,189 --> 00:15:18,320

and sec and the question and the

376

00:15:22,710 --> 00:15:21,199

um the question is uh ufo twitter has it

377

00:15:24,790 --> 00:15:22,720

ever made you think about cutting

378

00:15:26,550 --> 00:15:24,800

yourself like taking a razor blade and

379

00:15:27,990 --> 00:15:26,560

because it's done that to sean myself

380

00:15:30,310 --> 00:15:28,000

and the rest of them so i don't know if

381

00:15:32,550 --> 00:15:30,320

you're look the amount of people who

382

00:15:34,389 --> 00:15:32,560

have asked me if i'm a [h\_\_h] hybrid

383

00:15:36,790 --> 00:15:34,399

like i'm gonna lose my [h\_\_h] i don't know

384

00:15:39,590 --> 00:15:36,800

what's wrong with my eyes apparently but

385

00:15:41,590 --> 00:15:39,600

like i hear this a lot like i think my

386

00:15:43,269 --> 00:15:41,600

eyes are pretty average

387

00:15:45,269 --> 00:15:43,279

um

388

00:15:46,710 --> 00:15:45,279

but i even made a joke recently that

389

00:15:49,430 --> 00:15:46,720

shawn and i were coming to talk about

390

00:15:53,430 --> 00:15:49,440

our hybrid status yeah and i got so many

391

00:15:55,189 --> 00:15:53,440

messages like thank you for your courage

392

00:15:57,269 --> 00:15:55,199

yo if you

393

00:15:59,590 --> 00:15:57,279

are going i got a lot of people

394

00:16:02,470 --> 00:15:59,600

asking me where it is

395

00:16:04,710 --> 00:16:02,480

i'm sorry but like if someone says we're

396

00:16:06,230 --> 00:16:04,720

going to announce that we're hybrids and

397

00:16:08,790 --> 00:16:06,240

share all of the mysteries of the

398

00:16:11,829 --> 00:16:08,800

universe and your reaction is yes

399

00:16:17,350 --> 00:16:14,710

that means we didn't do it soon enough

400

00:16:19,430 --> 00:16:17,360

actually i want to say this

401

00:16:21,910 --> 00:16:19,440

number like what kind of power can i

402

00:16:23,430 --> 00:16:21,920

wield here because i'm very interested i

403

00:16:25,990 --> 00:16:23,440

think you're in a really good place

404

00:16:30,150 --> 00:16:26,000

because i had an experience with the

405

00:16:32,550 --> 00:16:30,160

phenomenon whereby you know abducted and

406

00:16:33,990 --> 00:16:32,560

i offered my dna and they said no thank

407

00:16:36,949 --> 00:16:34,000

you and dropped me off

408

00:16:39,910 --> 00:16:36,959

and you know it feels like we're good

409

00:16:45,269 --> 00:16:39,920

yes i i mean i was kind of hurt i'm not

410

00:16:50,790 --> 00:16:47,350

did you shower that day

411

00:16:52,550 --> 00:16:50,800

yes i did i mean i put on my ck1 i

412

00:16:55,189 --> 00:16:52,560

i don't know what happened

413

00:16:58,230 --> 00:16:55,199

the abduction was a mistake please go

414

00:17:02,790 --> 00:17:01,509

did they still make ck1

415

00:17:10,390 --> 00:17:02,800

yeah okay

416

00:17:14,630 --> 00:17:12,390

somewhere guys like let's let's reel it

417

00:17:16,390 --> 00:17:14,640

in back to reality a little bit yeah

418

00:17:18,549 --> 00:17:16,400

everybody that watches the shows knows

419

00:17:20,069 --> 00:17:18,559

that i have fun uh i have an experencer

420

00:17:22,549 --> 00:17:20,079

as part of the show a couple of

421

00:17:25,669 --> 00:17:22,559

experencers on this show deb

422

00:17:27,429 --> 00:17:25,679

uh actually three uh steph and kevin

423

00:17:29,350 --> 00:17:27,439

um nathan and i are the outliers

424

00:17:32,630 --> 00:17:29,360

although i have had a sighting as a

425

00:17:33,909 --> 00:17:32,640

child in new york child meaning like 15.

426

00:17:36,390 --> 00:17:33,919

um

427

00:17:37,669 --> 00:17:36,400

and uh but no i i mess around you know i

428

00:17:40,470 --> 00:17:37,679

have a self-deprecation

429

00:17:42,789 --> 00:17:40,480

mess around that's another song

430

00:17:45,990 --> 00:17:42,799

so um all right so let you ready to get

431

00:17:48,870 --> 00:17:46,000

into uaps before lara fires me or benji

432

00:17:49,909 --> 00:17:48,880

or somebody um all right so

433

00:17:51,029 --> 00:17:49,919

okay

434

00:17:57,750 --> 00:17:51,039

so

435

00:17:59,750 --> 00:17:57,760

i haven't uh dug

436

00:18:01,909 --> 00:17:59,760

but i assume that we're going to have

437

00:18:04,470 --> 00:18:01,919

hearings fairly soon

438

00:18:08,150 --> 00:18:04,480

um what do you expect to come out of

439

00:18:10,310 --> 00:18:08,160

that each each of you guys and then

440

00:18:12,630 --> 00:18:10,320

i'll let you take that first okay uh i

441

00:18:14,470 --> 00:18:12,640

have no idea if there's going to be a

442

00:18:16,470 --> 00:18:14,480

hearing soon i have the i don't have any

443

00:18:18,870 --> 00:18:16,480

secret sources but uh

444

00:18:21,430 --> 00:18:18,880

um i pay attention to chris sharpe

445

00:18:24,390 --> 00:18:21,440

liberation times that's a good person to

446

00:18:27,350 --> 00:18:24,400

to watch and i saw him just

447

00:18:29,830 --> 00:18:27,360

i saw him just say something about uh

448

00:18:32,390 --> 00:18:29,840

you know maybe september but it's gonna

449

00:18:35,029 --> 00:18:32,400

be more important for them to get some

450

00:18:38,150 --> 00:18:35,039

immunity language uh written and passed

451  
00:18:39,510 --> 00:18:38,160  
as law and it would be after that where

452  
00:18:41,029 --> 00:18:39,520  
you'd get anything

453  
00:18:42,789 --> 00:18:41,039  
you know good stuff to come out of the

454  
00:18:45,669 --> 00:18:42,799  
hearings so

455  
00:18:47,830 --> 00:18:45,679  
i don't know um hopefully that happens

456  
00:18:49,830 --> 00:18:47,840  
you know it's really easy

457  
00:18:52,870 --> 00:18:49,840  
to take i find it's really easy to take

458  
00:18:54,630 --> 00:18:52,880  
for granted uh when stuff happens and

459  
00:18:56,549 --> 00:18:54,640  
you know ufo twitter land whether it be

460  
00:18:58,789 --> 00:18:56,559  
hearings or you know a piece of news

461  
00:19:01,909 --> 00:18:58,799  
that corbell comes out with or or

462  
00:19:02,870 --> 00:19:01,919  
whatever because it could easily just

463  
00:19:03,810 --> 00:19:02,880

like

464

00:19:05,510 --> 00:19:03,820

go silent

465

00:19:06,470 --> 00:19:05,520

[Laughter]

466

00:19:08,950 --> 00:19:06,480

we'd have

467

00:19:10,549 --> 00:19:08,960

nothing like that to talk about how i'm

468

00:19:11,510 --> 00:19:10,559

you know

469

00:19:12,950 --> 00:19:11,520

so

470

00:19:14,630 --> 00:19:12,960

you know i'm always afraid that that's

471

00:19:16,789 --> 00:19:14,640

gonna happen to be quite honest with you

472

00:19:18,150 --> 00:19:16,799

but uh i hope that doesn't happen i hope

473

00:19:21,350 --> 00:19:18,160

we have hearings we need to have

474

00:19:24,549 --> 00:19:21,360

earrings the last hearing sucked and

475

00:19:26,549 --> 00:19:24,559

you know i think we need more than that

476

00:19:28,070 --> 00:19:26,559

and um

477

00:19:29,830 --> 00:19:28,080

you know it's just unfortunate i'd like

478

00:19:30,710 --> 00:19:29,840

to get to a place where experiencers are

479

00:19:33,110 --> 00:19:30,720

taken

480

00:19:35,909 --> 00:19:33,120

uh seriously and into account because

481

00:19:39,029 --> 00:19:35,919

you know all we've heard about really

482

00:19:41,430 --> 00:19:39,039

that taken seriously since the late 40s

483

00:19:43,190 --> 00:19:41,440

has been military encounters which are

484

00:19:45,190 --> 00:19:43,200

are important but

485

00:19:46,950 --> 00:19:45,200

there's so much more to this and we just

486

00:19:48,950 --> 00:19:46,960

can't get there until we get over a

487

00:19:50,230 --> 00:19:48,960

certain hump so i just hope we we do

488

00:19:51,909 --> 00:19:50,240

that quick

489

00:19:53,590 --> 00:19:51,919

i would just caveat that with that i

490

00:19:55,669 --> 00:19:53,600

would say that we know of because we

491

00:19:57,190 --> 00:19:55,679

don't know how many people they've taken

492

00:20:00,390 --> 00:19:57,200

testimony from not the least of which

493

00:20:01,270 --> 00:20:00,400

was sure uh stan friedman um

494

00:20:02,310 --> 00:20:01,280

and

495

00:20:04,390 --> 00:20:02,320

um

496

00:20:05,909 --> 00:20:04,400

also there's so many

497

00:20:07,909 --> 00:20:05,919

um i don't want to say the word

498

00:20:10,870 --> 00:20:07,919

experiencers but so many sightings and

499

00:20:13,830 --> 00:20:10,880

so much footage that they've probably

500

00:20:15,830 --> 00:20:13,840

heard narratives of seeing film and or

501  
00:20:17,029 --> 00:20:15,840  
snapshots of that they're probably like

502  
00:20:18,830 --> 00:20:17,039  
you know we're good

503  
00:20:21,190 --> 00:20:18,840  
it's here

504  
00:20:23,909 --> 00:20:21,200  
yeah and we made legislation so that

505  
00:20:25,350 --> 00:20:23,919  
tells you we believe it's here now

506  
00:20:29,029 --> 00:20:25,360  
so do they need to hear about my

507  
00:20:30,870 --> 00:20:29,039  
experience from new york in uh 1982

508  
00:20:32,230 --> 00:20:30,880  
probably not uh because they already

509  
00:20:33,830 --> 00:20:32,240  
believe it's here

510  
00:20:36,070 --> 00:20:33,840  
sure i'll say that katie and would you

511  
00:20:37,830 --> 00:20:36,080  
like to tackle that my dear

512  
00:20:39,510 --> 00:20:37,840  
yeah i mean i echo a lot of what sean

513  
00:20:41,350 --> 00:20:39,520

said i think

514

00:20:43,190 --> 00:20:41,360

what's probably happening right now i

515

00:20:46,070 --> 00:20:43,200

would guess um and this is kind of

516

00:20:47,430 --> 00:20:46,080

putting my former lobbyist hat on um is

517

00:20:49,909 --> 00:20:47,440

that a lot of the errors being stuck out

518

00:20:53,190 --> 00:20:49,919

of the room with the january 6th

519

00:20:54,789 --> 00:20:53,200

hearings um and with everything going on

520

00:20:56,470 --> 00:20:54,799

with the supreme court i think there's

521

00:20:58,630 --> 00:20:56,480

just going to be a lot of political

522

00:21:00,870 --> 00:20:58,640

attention elsewhere to be honest um

523

00:21:03,909 --> 00:21:00,880

regardless of where you follow

524

00:21:05,590 --> 00:21:03,919

um i also think paying attention to the

525

00:21:07,270 --> 00:21:05,600

legislative calendar

526

00:21:10,630 --> 00:21:07,280

will matter i mean we have midterm

527

00:21:12,789 --> 00:21:10,640

elections in november and so

528

00:21:14,149 --> 00:21:12,799

there's not going to be really much

529

00:21:15,909 --> 00:21:14,159

i wouldn't expect anything like in

530

00:21:18,470 --> 00:21:15,919

between elections and the end of the

531

00:21:20,630 --> 00:21:18,480

year um

532

00:21:22,230 --> 00:21:20,640

but it's possible depending on how the

533

00:21:24,230 --> 00:21:22,240

elections go that like we might get

534

00:21:27,270 --> 00:21:24,240

shake-ups of committee assignments or

535

00:21:28,549 --> 00:21:27,280

things like that um just so it you know

536

00:21:30,870 --> 00:21:28,559

basically what i'm trying to say is that

537

00:21:32,789 --> 00:21:30,880

the personalities involved might shift

538

00:21:34,390 --> 00:21:32,799

um essentially how

539

00:21:36,870 --> 00:21:34,400

members of congress get assigned

540

00:21:39,190 --> 00:21:36,880

committees is by both security and

541

00:21:41,029 --> 00:21:39,200

request so a committee like the

542

00:21:42,950 --> 00:21:41,039

intelligence committee is

543

00:21:45,430 --> 00:21:42,960

very um

544

00:21:46,789 --> 00:21:45,440

you know popular so like you can't come

545

00:21:48,070 --> 00:21:46,799

in at the freshman congressman and be

546

00:21:49,590 --> 00:21:48,080

like i want to be on the intelligence

547

00:21:50,549 --> 00:21:49,600

committee

548

00:21:55,190 --> 00:21:50,559

maybe

549

00:21:57,350 --> 00:21:55,200

background or you have a lot of bases in

550

00:22:00,149 --> 00:21:57,360

your district or things like that so i

551  
00:22:02,230 --> 00:22:00,159  
haven't looked at frankly um the

552  
00:22:03,750 --> 00:22:02,240  
committees and seeing who

553  
00:22:05,270 --> 00:22:03,760  
might be vulnerable or not that might be

554  
00:22:08,470 --> 00:22:05,280  
a good thing to do

555  
00:22:10,870 --> 00:22:08,480  
um but if we don't hear about it by

556  
00:22:12,710 --> 00:22:10,880  
you know september i would i just assume

557  
00:22:14,070 --> 00:22:12,720  
it's not happening this year

558  
00:22:15,669 --> 00:22:14,080  
that's great that's so that's great for

559  
00:22:17,510 --> 00:22:15,679  
the audience out there and what katie's

560  
00:22:19,669 --> 00:22:17,520  
saying is look to september if you

561  
00:22:21,029 --> 00:22:19,679  
haven't heard about hearings within

562  
00:22:24,630 --> 00:22:21,039  
let's say i mean we're sitting at the

563  
00:22:25,990 --> 00:22:24,640

beast of july august by sometime uh two

564

00:22:27,590 --> 00:22:26,000

months and change from now it's probably

565

00:22:30,149 --> 00:22:27,600

not going to happen based on her

566

00:22:32,310 --> 00:22:30,159

experience on the hill uh i will say for

567

00:22:34,470 --> 00:22:32,320

your yes ma'am what i've been proven

568

00:22:36,470 --> 00:22:34,480

wrong before

569

00:22:39,029 --> 00:22:36,480

no

570

00:22:41,750 --> 00:22:39,039

everything i ever say should be caveated

571

00:22:44,310 --> 00:22:41,760

with i could be wrong

572

00:22:46,310 --> 00:22:44,320

oh i mean i mean like screenshots in

573

00:22:48,870 --> 00:22:46,320

october

574

00:22:51,350 --> 00:22:48,880

you told me yeah

575

00:22:53,590 --> 00:22:51,360

he's so funny sean's humor people don't

576

00:22:55,510 --> 00:22:53,600

talk about sean's humor uh but that's

577

00:22:57,350 --> 00:22:55,520

something that struck me and you're

578

00:22:59,909 --> 00:22:57,360

really funny very witty

579

00:23:01,990 --> 00:22:59,919

oh thanks man becca it's your brother

580

00:23:05,029 --> 00:23:02,000

thank you and devastatingly handsome as

581

00:23:09,270 --> 00:23:05,039

well both of you oh thanks oh thank you

582

00:23:09,280 --> 00:23:12,950

get it together

583

00:23:17,110 --> 00:23:15,190

you remind me of chris farley or

584

00:23:18,470 --> 00:23:17,120

this is another heart attack another

585

00:23:19,750 --> 00:23:18,480

number six yeah

586

00:23:21,110 --> 00:23:19,760

[Laughter]

587

00:23:22,950 --> 00:23:21,120

number six

588

00:23:24,710 --> 00:23:22,960

i totally copy that i love you chris

589

00:23:27,830 --> 00:23:24,720

farley i totally plagiarized that i

590

00:23:30,149 --> 00:23:27,840

should inside my sources in mla format

591

00:23:31,110 --> 00:23:30,159

um anyway um

592

00:23:32,470 --> 00:23:31,120

so

593

00:23:34,630 --> 00:23:32,480

you know i just want to say for your

594

00:23:37,750 --> 00:23:34,640

benefit to two of you because a lot of

595

00:23:40,310 --> 00:23:37,760

the audience knows me and my background

596

00:23:42,549 --> 00:23:40,320

and actually actually katie does as well

597

00:23:45,029 --> 00:23:42,559

um yeah i'm government guy i work for

598

00:23:47,029 --> 00:23:45,039

the air force i'm retired air force and

599

00:23:49,269 --> 00:23:47,039

i will openly

600

00:23:52,310 --> 00:23:49,279

not openly but i'll say on here yeah

601  
00:23:55,269 --> 00:23:52,320  
obviously they've lied to us since 1947

602  
00:23:57,350 --> 00:23:55,279  
and it pisses me off service man

603  
00:23:58,950 --> 00:23:57,360  
uh i was happy they took me they were

604  
00:24:00,149 --> 00:23:58,960  
they had mercy and said i will take them

605  
00:24:02,710 --> 00:24:00,159  
what the hell

606  
00:24:05,430 --> 00:24:02,720  
um but but i i uh

607  
00:24:08,710 --> 00:24:05,440  
i'm just as angry about that as you sean

608  
00:24:09,990 --> 00:24:08,720  
i will try to understand why something

609  
00:24:12,230 --> 00:24:10,000  
is being done

610  
00:24:15,110 --> 00:24:12,240  
and something that katie just alluded to

611  
00:24:16,470 --> 00:24:15,120  
she talked about january 6th she hearing

612  
00:24:18,549 --> 00:24:16,480  
she talked about what's going on in the

613  
00:24:20,070 --> 00:24:18,559

supreme court she talked about midterms

614

00:24:23,350 --> 00:24:20,080

so for the chief of staff of the air

615

00:24:25,750 --> 00:24:23,360

force cq brown he's looking at oh [h\_\_h]

616

00:24:28,390 --> 00:24:25,760

i'm out of afghanistan i'm out of iraq

617

00:24:30,870 --> 00:24:28,400

but now russia just invaded ukraine and

618

00:24:33,430 --> 00:24:30,880

that's a completely different type of

619

00:24:35,909 --> 00:24:33,440

warfare that i have to prepare my forces

620

00:24:37,510 --> 00:24:35,919

for and now china is

621

00:24:39,909 --> 00:24:37,520

is emboldened and being aggressive

622

00:24:41,430 --> 00:24:39,919

towards taiwan and its neighbors so

623

00:24:42,710 --> 00:24:41,440

that's a totally different enemy than

624

00:24:43,430 --> 00:24:42,720

iraq was

625

00:24:45,750 --> 00:24:43,440

so

626

00:24:47,269 --> 00:24:45,760

if you ask him about uaps and he we're

627

00:24:49,110 --> 00:24:47,279

in a private moment not on camera

628

00:24:51,110 --> 00:24:49,120

probably i don't give a [\h\_\_\h] about uaps

629

00:24:54,390 --> 00:24:51,120

right now i prepare about how we're

630

00:24:57,430 --> 00:24:54,400

going to adjust course to deal with

631

00:24:59,909 --> 00:24:57,440

a non-permissive flying environment

632

00:25:01,830 --> 00:24:59,919

which those two prior countries were and

633

00:25:03,830 --> 00:25:01,840

these two countries have

634

00:25:07,430 --> 00:25:03,840

massive integrated air defense anyway

635

00:25:09,830 --> 00:25:07,440

well it depends right it depends like um

636

00:25:11,830 --> 00:25:09,840

you know if that's the answer i can't

637

00:25:14,390 --> 00:25:11,840

say that that would be the wrong answer

638

00:25:16,310 --> 00:25:14,400

or anything but i that would help me

639

00:25:19,110 --> 00:25:16,320

learn a little bit about the situation

640

00:25:20,870 --> 00:25:19,120

to me that would mean that maybe uaps

641

00:25:23,430 --> 00:25:20,880

are not really a national security

642

00:25:24,630 --> 00:25:23,440

threat you know right either is it that

643

00:25:26,789 --> 00:25:24,640

big of a

644

00:25:28,950 --> 00:25:26,799

an emergency here if

645

00:25:32,390 --> 00:25:28,960

other things can take precedence and you

646

00:25:34,390 --> 00:25:32,400

know the world stage is on fire for sure

647

00:25:35,350 --> 00:25:34,400

um one thing i always think of though

648

00:25:39,990 --> 00:25:35,360

when

649

00:25:42,390 --> 00:25:40,000

up is this uh beautiful quote

650

00:25:44,310 --> 00:25:42,400

ross cohart said on my show which is you

651  
00:25:46,549 --> 00:25:44,320  
know what it's never going to be a good

652  
00:25:49,430 --> 00:25:46,559  
time there's always there's always going

653  
00:25:52,470 --> 00:25:49,440  
to be something no i uh but but but but

654  
00:25:54,390 --> 00:25:52,480  
to understand that sean and katie you

655  
00:25:57,269 --> 00:25:54,400  
have to understand the first part of my

656  
00:25:59,190 --> 00:25:57,279  
statement which was they lied and it

657  
00:26:02,070 --> 00:25:59,200  
pisses me off

658  
00:26:04,149 --> 00:26:02,080  
yeah but then i'm gonna say

659  
00:26:06,310 --> 00:26:04,159  
i can disagree with what they're doing

660  
00:26:08,470 --> 00:26:06,320  
and try to understand what they're doing

661  
00:26:10,549 --> 00:26:08,480  
it's just like for katie you can

662  
00:26:12,549 --> 00:26:10,559  
understand your opponent and you can

663  
00:26:14,070 --> 00:26:12,559

disagree with them but if you don't

664

00:26:15,269 --> 00:26:14,080

understand him then you're [h\_\_h]

665

00:26:17,590 --> 00:26:15,279

nowhere

666

00:26:18,789 --> 00:26:17,600

so i have to understand why he's doing

667

00:26:21,510 --> 00:26:18,799

what he's doing

668

00:26:23,110 --> 00:26:21,520

and why he's not focused on this and i

669

00:26:25,269 --> 00:26:23,120

may and i'll disagree with him at the

670

00:26:26,950 --> 00:26:25,279

same time but i understand which is

671

00:26:29,269 --> 00:26:26,960

important in anybody that you disagree

672

00:26:30,950 --> 00:26:29,279

with on anything to an extent i would i

673

00:26:33,669 --> 00:26:30,960

have a hard time thinking the air force

674

00:26:35,669 --> 00:26:33,679

is the the only um

675

00:26:38,630 --> 00:26:35,679

branch to blame in this situation as

676

00:26:39,750 --> 00:26:38,640

well to be quite honest with you so i i

677

00:26:42,230 --> 00:26:39,760

think they take

678

00:26:44,070 --> 00:26:42,240

the brunt of it because of project blue

679

00:26:45,350 --> 00:26:44,080

book and they've had it for so long and

680

00:26:47,510 --> 00:26:45,360

they've released some misleading

681

00:26:49,430 --> 00:26:47,520

statements during that time but in my

682

00:26:51,190 --> 00:26:49,440

research i i could

683

00:26:53,110 --> 00:26:51,200

i've seen that

684

00:26:55,269 --> 00:26:53,120

uh just about every branch has had their

685

00:26:58,549 --> 00:26:55,279

hands on the ufo kitty at one time or

686

00:27:01,669 --> 00:26:58,559

another whether it's dia nsa cia which

687

00:27:05,269 --> 00:27:01,679

is who i personally am most suspect of

688

00:27:07,029 --> 00:27:05,279

at this point um army navy

689

00:27:09,110 --> 00:27:07,039

but it all leads just kind of back to

690

00:27:09,990 --> 00:27:09,120

one place really and that's the deal

691

00:27:11,669 --> 00:27:10,000

freaking d

692

00:27:13,750 --> 00:27:11,679

[Laughter]

693

00:27:14,870 --> 00:27:13,760

for the deal

694

00:27:16,710 --> 00:27:14,880

yeah

695

00:27:19,190 --> 00:27:16,720

and just to just

696

00:27:20,389 --> 00:27:19,200

just just to put another layer on top of

697

00:27:22,470 --> 00:27:20,399

it

698

00:27:24,710 --> 00:27:22,480

if you were to go and look in some of

699

00:27:25,590 --> 00:27:24,720

the unclassified publications that talk

700

00:27:27,909 --> 00:27:25,600

about

701  
00:27:30,389 --> 00:27:27,919  
what the coast guard's mission

702  
00:27:32,630 --> 00:27:30,399  
is to homeland security and when they're

703  
00:27:35,350 --> 00:27:32,640  
activated to the secretary of defense

704  
00:27:37,669 --> 00:27:35,360  
what is the united states navy's mission

705  
00:27:40,470 --> 00:27:37,679  
to the joint staff the national command

706  
00:27:42,470 --> 00:27:40,480  
authority sec death etc what is the us

707  
00:27:44,310 --> 00:27:42,480  
air force's mission to to the

708  
00:27:46,870 --> 00:27:44,320  
aforementioned what is the marine corps

709  
00:27:49,110 --> 00:27:46,880  
mission what is the army's mission well

710  
00:27:51,669 --> 00:27:49,120  
what the air force's mission is that's

711  
00:27:52,710 --> 00:27:51,679  
different than all of those that i just

712  
00:27:55,029 --> 00:27:52,720  
mentioned

713  
00:27:57,830 --> 00:27:55,039

is air superiority from the united

714

00:28:00,230 --> 00:27:57,840

states over the united states and any

715

00:28:01,669 --> 00:28:00,240

and and i've read this in regs i could i

716

00:28:03,110 --> 00:28:01,679

could throw it up there because it's not

717

00:28:04,870 --> 00:28:03,120

classified it's just

718

00:28:06,950 --> 00:28:04,880

this is what our mission statement is

719

00:28:10,310 --> 00:28:06,960

and their mission statement is we own

720

00:28:12,149 --> 00:28:10,320

the skies and katie sean and myself know

721

00:28:14,389 --> 00:28:12,159

no you don't

722

00:28:16,549 --> 00:28:14,399

because the uap can fly anywhere they

723

00:28:17,830 --> 00:28:16,559

want but you don't go up to your boss

724

00:28:19,669 --> 00:28:17,840

and say

725

00:28:21,190 --> 00:28:19,679

yeah boss i know we're great got a great

726

00:28:22,710 --> 00:28:21,200

air force but yeah there's [h\_\_h] out

727

00:28:25,110 --> 00:28:22,720

there we have no we

728

00:28:27,269 --> 00:28:25,120

we got nothing for these things

729

00:28:29,110 --> 00:28:27,279

well and i think that brings up a really

730

00:28:31,350 --> 00:28:29,120

important point right and harkens back

731

00:28:33,750 --> 00:28:31,360

to understanding what else is going on

732

00:28:35,350 --> 00:28:33,760

right now you know when i was a lobbyist

733

00:28:36,870 --> 00:28:35,360

i worked with a lot of people that i

734

00:28:39,190 --> 00:28:36,880

didn't agree with

735

00:28:41,029 --> 00:28:39,200

but one of the important things you do

736

00:28:43,269 --> 00:28:41,039

is you figure out what does everyone

737

00:28:46,549 --> 00:28:43,279

care about and then you cater your

738

00:28:48,630 --> 00:28:46,559

argument to that right i i was trying to

739

00:28:50,389 --> 00:28:48,640

get increased funding for malaria i

740

00:28:53,029 --> 00:28:50,399

didn't give a [h\_\_\h] why someone agreed to

741

00:28:54,389 --> 00:28:53,039

do that if they wanted to do it because

742

00:28:56,710 --> 00:28:54,399

service members oversee were getting

743

00:28:59,110 --> 00:28:56,720

malaria great if they wanted to do it

744

00:29:01,750 --> 00:28:59,120

because they cared about kids in

745

00:29:03,029 --> 00:29:01,760

sub-saharan africa bleeding heart great

746

00:29:05,190 --> 00:29:03,039

didn't matter to me at the end of the

747

00:29:07,350 --> 00:29:05,200

day the result was the same and i think

748

00:29:08,630 --> 00:29:07,360

sometimes we need to think about uap

749

00:29:11,110 --> 00:29:08,640

stuff in this

750

00:29:13,830 --> 00:29:11,120

same light and we all have our personal

751  
00:29:16,389 --> 00:29:13,840  
reasons be it whether we're experiencers

752  
00:29:19,350 --> 00:29:16,399  
or we're military members or you know

753  
00:29:21,750 --> 00:29:19,360  
you name it that we're interested in uap

754  
00:29:24,070 --> 00:29:21,760  
but if we're trying to focus on how do

755  
00:29:25,750 --> 00:29:24,080  
we move the ball forward we have to

756  
00:29:26,789 --> 00:29:25,760  
understand how people think we have to

757  
00:29:29,029 --> 00:29:26,799  
understand what their primary

758  
00:29:30,630 --> 00:29:29,039  
motivations are and first and foremost

759  
00:29:33,029 --> 00:29:30,640  
it's getting reelected

760  
00:29:34,789 --> 00:29:33,039  
so if you can make a big enough state

761  
00:29:37,990 --> 00:29:34,799  
and make a big enough amount of phone

762  
00:29:39,190 --> 00:29:38,000  
calls on the same day to an office i'm

763  
00:29:41,110 --> 00:29:39,200

telling you that's what's going to move

764

00:29:43,830 --> 00:29:41,120

the needle and keep it going forward and

765

00:29:46,070 --> 00:29:43,840

not let it just fizzle like shawn was uh

766

00:29:48,070 --> 00:29:46,080

mentioning earlier i love the same day

767

00:29:50,950 --> 00:29:48,080

idea there

768

00:29:53,350 --> 00:29:50,960

you know yeah

769

00:29:55,750 --> 00:29:53,360

we need to have days of action because i

770

00:29:58,149 --> 00:29:55,760

mean the way it works and on the hill

771

00:30:00,710 --> 00:29:58,159

they basically just tally calls they get

772

00:30:02,470 --> 00:30:00,720

on certain issues an intern or a like

773

00:30:04,710 --> 00:30:02,480

entry-level associate tallies and at the

774

00:30:06,470 --> 00:30:04,720

end of the week the member gets a list

775

00:30:09,110 --> 00:30:06,480

of these are the issues and these were

776

00:30:11,430 --> 00:30:09,120

the pros and the cons and if you don't

777

00:30:12,389 --> 00:30:11,440

have a big amount on the same week it's

778

00:30:13,830 --> 00:30:12,399

just

779

00:30:15,830 --> 00:30:13,840

i mean you can

780

00:30:18,149 --> 00:30:15,840

call your member every week it's not

781

00:30:20,470 --> 00:30:18,159

going to have a huge impact so like we

782

00:30:24,789 --> 00:30:20,480

can get three one month three another

783

00:30:29,510 --> 00:30:27,269

yeah it's not going to be issues

784

00:30:31,990 --> 00:30:29,520

going on yeah

785

00:30:34,950 --> 00:30:32,000

so we can find like community days where

786

00:30:37,669 --> 00:30:34,960

we coalesce that would be incredible

787

00:30:38,950 --> 00:30:37,679

i'll tell you a suspicion i had that i'd

788

00:30:41,590 --> 00:30:38,960

like to run by you because you're

789

00:30:43,909 --> 00:30:41,600

actually an expert in it and i'm not but

790

00:30:45,909 --> 00:30:43,919

i i i know how the government i tell

791

00:30:48,310 --> 00:30:45,919

people there's basically

792

00:30:51,350 --> 00:30:48,320

basically 99

793

00:30:53,269 --> 00:30:51,360

more than 99 of the phenomenon i'm just

794

00:30:55,830 --> 00:30:53,279

looking for answers listening to

795

00:30:57,350 --> 00:30:55,840

theories and trying to absorb what's

796

00:31:00,070 --> 00:30:57,360

going on and try to figure it out with

797

00:31:02,389 --> 00:31:00,080

everybody the two things that i do know

798

00:31:04,870 --> 00:31:02,399

are the aviation aspect of what i look

799

00:31:08,230 --> 00:31:04,880

at or when i hear a narrative from a

800

00:31:10,630 --> 00:31:08,240

verified source of what a craft did i

801  
00:31:12,149 --> 00:31:10,640  
know what i know what i'm looking for

802  
00:31:14,470 --> 00:31:12,159  
that it would be anomalous or not

803  
00:31:15,830 --> 00:31:14,480  
anomalous the other thing is i know how

804  
00:31:17,590 --> 00:31:15,840  
the government works because i've got

805  
00:31:19,750 --> 00:31:17,600  
like 30 years in it

806  
00:31:22,549 --> 00:31:19,760  
um but i would ask you

807  
00:31:25,190 --> 00:31:22,559  
i've told people that this ufo symposium

808  
00:31:27,669 --> 00:31:25,200  
that happened and these other events

809  
00:31:29,350 --> 00:31:27,679  
that happened and the ufo symposium in

810  
00:31:32,630 --> 00:31:29,360  
utah that steph was part of was

811  
00:31:34,310 --> 00:31:32,640  
extremely well attended uh and welsh and

812  
00:31:36,789 --> 00:31:34,320  
streamed they got a lot of streams they

813  
00:31:38,470 --> 00:31:36,799

got a lot in attendance and i told them

814

00:31:40,470 --> 00:31:38,480

i believe that people on the hill look

815

00:31:42,870 --> 00:31:40,480

at that that those metrics when they

816

00:31:45,350 --> 00:31:42,880

look at the ufo twitter metrics of how

817

00:31:47,029 --> 00:31:45,360

many people are hashtag ufo twitter they

818

00:31:48,149 --> 00:31:47,039

go back to the boss those staffers and

819

00:31:49,830 --> 00:31:48,159

say man

820

00:31:51,990 --> 00:31:49,840

you know you know we got this thing

821

00:31:53,990 --> 00:31:52,000

coming up and this is how much traction

822

00:31:55,669 --> 00:31:54,000

is getting online

823

00:31:58,310 --> 00:31:55,679

this month we've had three or four of

824

00:32:00,630 --> 00:31:58,320

these events and this is how many people

825

00:32:01,830 --> 00:32:00,640

attended does that happen or is that all

826  
00:32:04,950 --> 00:32:01,840  
in my mind

827  
00:32:07,269 --> 00:32:04,960  
or i'm i'm guessing but does that happen

828  
00:32:09,909 --> 00:32:07,279  
i when i interned on the hill we tallied

829  
00:32:11,350 --> 00:32:09,919  
three things

830  
00:32:14,310 --> 00:32:11,360  
number of

831  
00:32:15,669 --> 00:32:14,320  
emails or letters

832  
00:32:17,990 --> 00:32:15,679  
phone calls

833  
00:32:20,310 --> 00:32:18,000  
actually i get four things um

834  
00:32:22,070 --> 00:32:20,320  
social media mentions like direct like

835  
00:32:24,389 --> 00:32:22,080  
if you are saying like you know at so

836  
00:32:28,470 --> 00:32:24,399  
and so on twitter whatever whatever

837  
00:32:29,990 --> 00:32:28,480  
and op ed placement they do look at like

838  
00:32:31,110 --> 00:32:30,000

if you have a community paper in your

839

00:32:33,029 --> 00:32:31,120

district

840

00:32:34,870 --> 00:32:33,039

right an op-ed it doesn't have to be

841

00:32:37,269 --> 00:32:34,880

great get a good writer friend to help

842

00:32:39,669 --> 00:32:37,279

you edit it um those are the four things

843

00:32:42,149 --> 00:32:39,679

they track now after that they might

844

00:32:44,230 --> 00:32:42,159

start looking at okay once they realize

845

00:32:46,470 --> 00:32:44,240

hey a lot of my constituents care about

846

00:32:48,549 --> 00:32:46,480

this then yeah they might start looking

847

00:32:50,870 --> 00:32:48,559

into other things but i think well

848

00:32:52,470 --> 00:32:50,880

coming up to the world

849

00:32:54,149 --> 00:32:52,480

yeah i mean when you're coming up to a

850

00:32:55,750 --> 00:32:54,159

vote and all these members are on

851  
00:32:58,789 --> 00:32:55,760  
committee and we're going to be talking

852  
00:33:01,110 --> 00:32:58,799  
about so in advance of the ndaa

853  
00:33:02,950 --> 00:33:01,120  
and then when we had the hearings

854  
00:33:04,630 --> 00:33:02,960  
i'm guess i was thinking all those

855  
00:33:07,669 --> 00:33:04,640  
staffers are looking at the metrics on

856  
00:33:08,789 --> 00:33:07,679  
uaps because my guy or gal is about to

857  
00:33:11,830 --> 00:33:08,799  
go

858  
00:33:13,509 --> 00:33:11,840  
on the floor and discuss it

859  
00:33:14,470 --> 00:33:13,519  
so i figured they would know at that

860  
00:33:15,509 --> 00:33:14,480  
point

861  
00:33:18,870 --> 00:33:15,519  
i don't know

862  
00:33:21,430 --> 00:33:18,880  
yeah and and and in advance to the ndaa

863  
00:33:23,669 --> 00:33:21,440

voting yay or nay

864

00:33:25,990 --> 00:33:23,679

no maybe i mean it depends on the

865

00:33:28,149 --> 00:33:26,000

staffer right different staffers have

866

00:33:29,750 --> 00:33:28,159

their pet issues too so some some

867

00:33:32,950 --> 00:33:29,760

staffers may be interested in uap some

868

00:33:34,230 --> 00:33:32,960

may not request a meeting you're not

869

00:33:35,750 --> 00:33:34,240

going to meet with the senator or the

870

00:33:37,830 --> 00:33:35,760

member of congress you'll meet with a

871

00:33:39,110 --> 00:33:37,840

staffer but request a meeting you don't

872

00:33:40,230 --> 00:33:39,120

have to be an expert they're not going

873

00:33:42,230 --> 00:33:40,240

to quiz you they're not going to make

874

00:33:44,310 --> 00:33:42,240

you feel dumb but tell them that you

875

00:33:46,230 --> 00:33:44,320

take this issue seriously you know and

876

00:33:48,710 --> 00:33:46,240

that you're going to vote based on this

877

00:33:51,190 --> 00:33:48,720

issue um because that's me and sean are

878

00:33:53,509 --> 00:33:51,200

going for a meeting baby let's go we're

879

00:33:55,430 --> 00:33:53,519

going yeah just handcuff them to cheer

880

00:33:57,110 --> 00:33:55,440

until they agree to send your street to

881

00:33:59,669 --> 00:33:57,120

the senator right

882

00:34:00,950 --> 00:33:59,679

i mean like lightly illegal but i mean

883

00:34:02,950 --> 00:34:00,960

doesn't mean it's not effective it

884

00:34:05,350 --> 00:34:02,960

worked in parks and rec

885

00:34:07,110 --> 00:34:05,360

this is important it's fine

886

00:34:08,790 --> 00:34:07,120

all right sean what's your topic man

887

00:34:10,389 --> 00:34:08,800

give me a topic so we can get off of

888

00:34:13,430 --> 00:34:10,399

this congressional stuff

889

00:34:16,710 --> 00:34:13,440

uh um what's interesting this week

890

00:34:18,829 --> 00:34:16,720

what's interesting this week to me is

891

00:34:21,109 --> 00:34:18,839

how about the james webb

892

00:34:24,230 --> 00:34:21,119

telescope just clue me in because i've

893

00:34:26,230 --> 00:34:24,240

been way too busy to i was hoping you

894

00:34:27,589 --> 00:34:26,240

knew about it no i don't i'm just

895

00:34:30,230 --> 00:34:27,599

kidding

896

00:34:33,109 --> 00:34:30,240

no but that that's standard

897

00:34:35,270 --> 00:34:33,119

they're putting out new photos on july

898

00:34:37,750 --> 00:34:35,280

12th with this thing you know that's

899

00:34:40,710 --> 00:34:37,760

like the hubble on steroids right

900

00:34:42,950 --> 00:34:40,720

um and they just had uh somewhat of a

901  
00:34:44,230 --> 00:34:42,960  
teleconference i think it was yesterday

902  
00:34:46,629 --> 00:34:44,240  
or something

903  
00:34:49,990 --> 00:34:46,639  
and uh they they made some pretty big

904  
00:34:51,510 --> 00:34:50,000  
comments about this one guys and you

905  
00:34:53,030 --> 00:34:51,520  
know when he saw the pictures he got a

906  
00:34:55,589 --> 00:34:53,040  
little emotional

907  
00:34:58,470 --> 00:34:55,599  
he says uh it may change like a world

908  
00:35:00,470 --> 00:34:58,480  
view and not just for us like uh here at

909  
00:35:04,630 --> 00:35:00,480  
nasa but for everybody and it'll go out

910  
00:35:06,310 --> 00:35:04,640  
to billions of people on july 12th and

911  
00:35:07,990 --> 00:35:06,320  
you know then some people are saying

912  
00:35:10,470 --> 00:35:08,000  
well they always kind of say this thing

913  
00:35:12,470 --> 00:35:10,480

when they're doing something um but my

914

00:35:14,710 --> 00:35:12,480

rebuttal to that is

915

00:35:16,710 --> 00:35:14,720

you know not that i have a pot to piss

916

00:35:19,349 --> 00:35:16,720

it so to speak on it but

917

00:35:21,990 --> 00:35:19,359

um it's you know he made a point to say

918

00:35:24,069 --> 00:35:22,000

it won't just be like that for us it'll

919

00:35:24,790 --> 00:35:24,079

be like that for everybody

920

00:35:27,510 --> 00:35:24,800

so

921

00:35:29,190 --> 00:35:27,520

to for me that means that it may be

922

00:35:31,510 --> 00:35:29,200

something more important this time

923

00:35:34,230 --> 00:35:31,520

around does that mean i think that they

924

00:35:36,310 --> 00:35:34,240

found like life or anything no

925

00:35:38,870 --> 00:35:36,320

but i think um

926  
00:35:39,829 --> 00:35:38,880  
what this telescope is doing is giving

927  
00:35:42,710 --> 00:35:39,839  
them

928  
00:35:45,109 --> 00:35:42,720  
a way to better um

929  
00:35:47,349 --> 00:35:45,119  
put put forth an analysis on if the

930  
00:35:49,829 --> 00:35:47,359  
exoplanet will have life

931  
00:35:51,430 --> 00:35:49,839  
more uh concretely than is possible now

932  
00:35:53,829 --> 00:35:51,440  
with like a spectrum

933  
00:35:56,150 --> 00:35:53,839  
of the exoplanet which basically shows

934  
00:35:58,150 --> 00:35:56,160  
all the different you know molecules and

935  
00:35:59,510 --> 00:35:58,160  
different signatures coming off the

936  
00:36:01,190 --> 00:35:59,520  
planet they'll be able to see they will

937  
00:36:02,390 --> 00:36:01,200  
be hindered by like things like clouds

938  
00:36:03,270 --> 00:36:02,400

and such

939

00:36:06,310 --> 00:36:03,280

um

940

00:36:08,550 --> 00:36:06,320

so so that'll be pretty interesting and

941

00:36:10,069 --> 00:36:08,560

um he also one of the guys said

942

00:36:12,470 --> 00:36:10,079

something like uh

943

00:36:14,470 --> 00:36:12,480

you know the nature is unveiling some of

944

00:36:16,310 --> 00:36:14,480

its secrets and

945

00:36:18,069 --> 00:36:16,320

you know um

946

00:36:19,589 --> 00:36:18,079

you'll be able to see

947

00:36:22,150 --> 00:36:19,599

the universe in a way you've never seen

948

00:36:24,550 --> 00:36:22,160

it before and stuff like that so

949

00:36:26,630 --> 00:36:24,560

you know um it'll be

950

00:36:29,190 --> 00:36:26,640

interesting uh robert in the chat what's

951  
00:36:31,109 --> 00:36:29,200  
up man he said yeah

952  
00:36:33,270 --> 00:36:31,119  
he said the the aliens will see it

953  
00:36:35,750 --> 00:36:33,280  
didn't he no he said the billions

954  
00:36:37,910 --> 00:36:35,760  
billions will see it but it did sound

955  
00:36:39,109 --> 00:36:37,920  
like he said aliens that i even had that

956  
00:36:40,950 --> 00:36:39,119  
thought

957  
00:36:43,589 --> 00:36:40,960  
even dr evil had to be connected

958  
00:36:47,589 --> 00:36:43,599  
corrected on that you know so yeah

959  
00:36:49,109 --> 00:36:47,599  
one million billion aliens

960  
00:36:51,510 --> 00:36:49,119  
no so that could be

961  
00:36:53,270 --> 00:36:51,520  
that could be exciting you know

962  
00:36:55,990 --> 00:36:53,280  
and you know they're just trying to look

963  
00:36:58,069 --> 00:36:56,000

back to the beginning of you know

964

00:37:00,950 --> 00:36:58,079

everything you know so so that's pretty

965

00:37:03,430 --> 00:37:00,960

cool and oh and it went so well

966

00:37:05,190 --> 00:37:03,440

that they are expecting 20 solid years

967

00:37:07,990 --> 00:37:05,200

of research with it too

968

00:37:09,750 --> 00:37:08,000

which is uh really good because i think

969

00:37:11,670 --> 00:37:09,760

the estimations were quite a bit lower

970

00:37:13,430 --> 00:37:11,680

at first so

971

00:37:15,349 --> 00:37:13,440

i'm very excited that that is really

972

00:37:18,150 --> 00:37:15,359

exciting if there's life but i want to

973

00:37:19,750 --> 00:37:18,160

give uh katie a chance to come

974

00:37:21,430 --> 00:37:19,760

a comment on this because again this is

975

00:37:23,190 --> 00:37:21,440

an open forum man i'm not doing

976

00:37:25,670 --> 00:37:23,200

interviews here

977

00:37:28,390 --> 00:37:25,680

yeah i mean i i'm really excited i'm

978

00:37:29,990 --> 00:37:28,400

looking forward to it um i had a friend

979

00:37:31,190 --> 00:37:30,000

who worked on james while i was an

980

00:37:33,910 --> 00:37:31,200

engineer and

981

00:37:36,390 --> 00:37:33,920

i i just think it's fascinating

982

00:37:40,950 --> 00:37:36,400

i know she might be give us the leaks

983

00:37:46,230 --> 00:37:42,790

to make myself feel more important but i

984

00:37:47,829 --> 00:37:46,240

really don't um no i

985

00:37:49,510 --> 00:37:47,839

i haven't

986

00:37:51,190 --> 00:37:49,520

yeah i'm just gonna like dangle all this

987

00:37:51,990 --> 00:37:51,200

[h\_\_h] you think i'm more important than i

988

00:37:54,710 --> 00:37:52,000

am

989

00:37:56,710 --> 00:37:54,720

no i gotta get invited back on this

990

00:37:58,870 --> 00:37:56,720

joint man i have a friend

991

00:38:00,470 --> 00:37:58,880

that knows everything

992

00:38:03,750 --> 00:38:00,480

so i know how to play the side here

993

00:38:06,069 --> 00:38:03,760

knows where the bodies are yeah

994

00:38:07,190 --> 00:38:06,079

no but i

995

00:38:25,430 --> 00:38:07,200

i

996

00:38:27,430 --> 00:38:25,440

dot

997

00:38:28,630 --> 00:38:27,440

right like where it's our first

998

00:38:32,390 --> 00:38:28,640

opportunity

999

00:38:34,150 --> 00:38:32,400

as a species to be like

1000

00:38:36,150 --> 00:38:34,160

what our universe looks like and i think

1001

00:38:38,390 --> 00:38:36,160

that in itself is

1002

00:38:40,550 --> 00:38:38,400

mind-blowing and world-changing and view

1003

00:38:42,069 --> 00:38:40,560

changing um

1004

00:38:44,630 --> 00:38:42,079

yeah i don't know about the other stuff

1005

00:38:45,990 --> 00:38:44,640

it'd be cool uh but i i think that just

1006

00:38:48,710 --> 00:38:46,000

the fact that we are getting these

1007

00:38:51,190 --> 00:38:48,720

images very frankly is

1008

00:38:53,190 --> 00:38:51,200

insane um yeah we don't really know

1009

00:38:54,310 --> 00:38:53,200

right until we see it

1010

00:38:57,829 --> 00:38:54,320

right

1011

00:39:02,310 --> 00:38:57,839

we'll be like yeah or oh

1012

00:39:06,390 --> 00:39:04,310

is you know like i'm not very religious

1013

00:39:07,910 --> 00:39:06,400

like a miracle like let's just be real

1014

00:39:09,510 --> 00:39:07,920

we have this like this thing hurtling

1015

00:39:11,270 --> 00:39:09,520

through space we have no idea what was

1016

00:39:13,349 --> 00:39:11,280

going to happen so

1017

00:39:14,550 --> 00:39:13,359

i i think

1018

00:39:17,349 --> 00:39:14,560

um

1019

00:39:18,310 --> 00:39:17,359

i think it might make people realize

1020

00:39:19,750 --> 00:39:18,320

you know like if you look at the pale

1021

00:39:21,510 --> 00:39:19,760

blue dot right it makes you realize kind

1022

00:39:23,589 --> 00:39:21,520

of how small you are how insignificant

1023

00:39:25,670 --> 00:39:23,599

you are how much our petty differences

1024

00:39:28,790 --> 00:39:25,680

don't matter as much so i look a bit

1025

00:39:30,630 --> 00:39:28,800

more and like that like esoteric aspect

1026

00:39:32,790 --> 00:39:30,640

but i would love to be wrong i would

1027

00:39:33,990 --> 00:39:32,800

really love to be wrong and for sean to

1028

00:39:36,790 --> 00:39:34,000

be right and there'd be this like

1029

00:39:39,109 --> 00:39:36,800

incredible analysis of the exoplanets i

1030

00:39:39,829 --> 00:39:39,119

think that would be faller

1031

00:39:40,870 --> 00:39:39,839

well

1032

00:39:44,550 --> 00:39:40,880

again

1033

00:39:48,310 --> 00:39:45,589

so

1034

00:39:51,430 --> 00:39:48,320

well i want to say i i know i i have i

1035

00:39:54,470 --> 00:39:51,440

have researched and figured out uh what

1036

00:39:56,230 --> 00:39:54,480

amumua's intention was when it was here

1037

00:39:57,829 --> 00:39:56,240

i know sean doesn't know but i think

1038

00:39:58,790 --> 00:39:57,839

he's going to be excited when he hears

1039

00:40:00,390 --> 00:39:58,800

about it

1040

00:40:04,550 --> 00:40:00,400

um

1041

00:40:06,470 --> 00:40:04,560

was here because sean was doing a solo

1042

00:40:08,390 --> 00:40:06,480

at the anchor inn in buffalo where they

1043

00:40:12,150 --> 00:40:08,400

have the famous chicken wings

1044

00:40:14,230 --> 00:40:12,160

and they got came in for a closer look

1045

00:40:16,470 --> 00:40:14,240

have a listen and then they rolled out

1046

00:40:17,829 --> 00:40:16,480

and everybody's making it like something

1047

00:40:19,430 --> 00:40:17,839

really weird

1048

00:40:21,109 --> 00:40:19,440

and that's all they were here for was

1049

00:40:22,309 --> 00:40:21,119

just that

1050

00:40:26,870 --> 00:40:22,319

i'm like

1051  
00:40:32,470 --> 00:40:29,589  
is he having the honey barbecue or is he

1052  
00:40:34,390 --> 00:40:32,480  
going for the three mile island hot like

1053  
00:40:36,630 --> 00:40:34,400  
so is he doing blue cheese is he doing

1054  
00:40:38,150 --> 00:40:36,640  
ranch so as he got

1055  
00:40:39,670 --> 00:40:38,160  
so i think they were interested in all

1056  
00:40:41,750 --> 00:40:39,680  
these things you were doing the carrot

1057  
00:40:43,430 --> 00:40:41,760  
sticks in the celery or were you just

1058  
00:40:45,510 --> 00:40:43,440  
nope i'm naked

1059  
00:40:48,550 --> 00:40:45,520  
yeah i was going naked dry and they were

1060  
00:40:50,710 --> 00:40:48,560  
like let's get out of here

1061  
00:40:53,990 --> 00:40:50,720  
audi four thousand naked gyro feel like

1062  
00:40:59,270 --> 00:40:55,829  
i mean he has no sauce on his wings

1063  
00:41:00,140 --> 00:40:59,280

we're leaving but um but no stomach

1064

00:41:02,069 --> 00:41:00,150

problems

1065

00:41:04,150 --> 00:41:02,079

[Laughter]

1066

00:41:06,230 --> 00:41:04,160

i figured out sean is as silly as i am

1067

00:41:08,230 --> 00:41:06,240

like he comes off like he's a serious

1068

00:41:10,069 --> 00:41:08,240

researcher he's as much of a goof ball

1069

00:41:12,630 --> 00:41:10,079

as me man we can get serious when we

1070

00:41:13,829 --> 00:41:12,640

have to when it's required

1071

00:41:14,710 --> 00:41:13,839

by law

1072

00:41:15,990 --> 00:41:14,720

um

1073

00:41:17,670 --> 00:41:16,000

but no

1074

00:41:19,670 --> 00:41:17,680

honestly

1075

00:41:21,750 --> 00:41:19,680

the most interesting thing uh that you

1076

00:41:22,870 --> 00:41:21,760

said there sean was

1077

00:41:24,230 --> 00:41:22,880

signatures

1078

00:41:25,750 --> 00:41:24,240

you know that there's certain things

1079

00:41:28,390 --> 00:41:25,760

that that we're looking for that would

1080

00:41:30,390 --> 00:41:28,400

indicate that there could be uh water

1081

00:41:32,069 --> 00:41:30,400

there could be you know the elements

1082

00:41:33,990 --> 00:41:32,079

that would make up oxygen the elements

1083

00:41:35,910 --> 00:41:34,000

that would make up water and therefore

1084

00:41:38,710 --> 00:41:35,920

life same thing that they're hoping to

1085

00:41:41,589 --> 00:41:38,720

find on mars so if a muammuala sees an

1086

00:41:44,069 --> 00:41:41,599

exoplanet that that has those markers

1087

00:41:45,030 --> 00:41:44,079

i mean then i mean that that changes

1088

00:41:47,670 --> 00:41:45,040

everything

1089

00:41:49,670 --> 00:41:47,680

right like what the hell does an alien

1090

00:41:52,069 --> 00:41:49,680

signature look like is it do they write

1091

00:41:53,990 --> 00:41:52,079

in cursive

1092

00:41:56,150 --> 00:41:54,000

i mean i think it's cyrillic characters

1093

00:41:58,150 --> 00:41:56,160

like the russians do i don't know

1094

00:42:00,309 --> 00:41:58,160

so like you have a good point though

1095

00:42:02,390 --> 00:42:00,319

like would we even recognize

1096

00:42:04,150 --> 00:42:02,400

a signature right shawn and i were just

1097

00:42:06,150 --> 00:42:04,160

talking about it like today on twitter

1098

00:42:07,910 --> 00:42:06,160

about communication like do we even

1099

00:42:09,990 --> 00:42:07,920

recognize communication when we see it

1100

00:42:12,309 --> 00:42:10,000

because communication isn't just you

1101  
00:42:13,670 --> 00:42:12,319  
know us talking here or writing

1102  
00:42:16,069 --> 00:42:13,680  
would we even recognize what these

1103  
00:42:18,069 --> 00:42:16,079  
signatures are i mean for all we know

1104  
00:42:20,470 --> 00:42:18,079  
they're like screaming into the void for

1105  
00:42:22,870 --> 00:42:20,480  
us to wake up and look up and we're just

1106  
00:42:25,910 --> 00:42:22,880  
you know happy we're eating drinks like

1107  
00:42:31,190 --> 00:42:28,470  
sauce

1108  
00:42:32,550 --> 00:42:31,200  
and he's there he's put his guitar down

1109  
00:42:34,550 --> 00:42:32,560  
you say something

1110  
00:42:36,550 --> 00:42:34,560  
no

1111  
00:42:38,309 --> 00:42:36,560  
i thought i heard something

1112  
00:42:40,630 --> 00:42:38,319  
damn it i'm hungry

1113  
00:42:42,870 --> 00:42:40,640

yeah give me an ashtray

1114

00:42:45,430 --> 00:42:42,880

yeah that's true that's a great point i

1115

00:42:47,750 --> 00:42:45,440

mean uh you know like i posted that

1116

00:42:50,550 --> 00:42:47,760

plant video or whatever and you know

1117

00:42:52,309 --> 00:42:50,560

it's just so interesting that the plants

1118

00:42:53,190 --> 00:42:52,319

have their own communication and they

1119

00:42:55,910 --> 00:42:53,200

have yeah

1120

00:42:58,069 --> 00:42:55,920

you know uh through the root system yeah

1121

00:43:00,309 --> 00:42:58,079

and it's like most people never i didn't

1122

00:43:01,670 --> 00:43:00,319

even really took the time to think about

1123

00:43:03,670 --> 00:43:01,680

that and so we were thinking about like

1124

00:43:06,309 --> 00:43:03,680

aliens something from different planet

1125

00:43:09,030 --> 00:43:06,319

like and how it would communicate or

1126

00:43:12,390 --> 00:43:09,040

you know like who are we to even

1127

00:43:13,510 --> 00:43:12,400

begin to fathom how that would go you

1128

00:43:15,670 --> 00:43:13,520

know

1129

00:43:16,870 --> 00:43:15,680

um well can i can i but it could be

1130

00:43:18,550 --> 00:43:16,880

wouldn't that be funny if it was just

1131

00:43:21,109 --> 00:43:18,560

like humans so no we're just like you

1132

00:43:22,150 --> 00:43:21,119

what's the big deal

1133

00:43:25,990 --> 00:43:22,160

no but

1134

00:43:28,230 --> 00:43:26,000

say that because i have a pet peeve

1135

00:43:30,950 --> 00:43:28,240

about neil degrasse tyson

1136

00:43:34,470 --> 00:43:30,960

we can assume

1137

00:43:36,150 --> 00:43:34,480

say

1138

00:43:38,630 --> 00:43:36,160

well you know gee i wonder what their

1139

00:43:40,630 --> 00:43:38,640

communication is like whether i

1140

00:43:42,790 --> 00:43:40,640

eventually could understand their form

1141

00:43:44,630 --> 00:43:42,800

of communication or not and by the way

1142

00:43:47,349 --> 00:43:44,640

i'll just throw in here right now

1143

00:43:48,550 --> 00:43:47,359

david mason was on the show from a tear

1144

00:43:50,630 --> 00:43:48,560

in the sky

1145

00:43:53,109 --> 00:43:50,640

and he is trying super smart

1146

00:43:55,190 --> 00:43:53,119

this is going to make sean interested

1147

00:43:57,190 --> 00:43:55,200

what he's done is he's taken whale

1148

00:44:01,829 --> 00:43:57,200

sounds out in the wild

1149

00:44:01,839 --> 00:44:09,510

and and with that he is

1150

00:44:14,030 --> 00:44:12,550

sorry i know that's a very serious topic

1151

00:44:16,309 --> 00:44:14,040

no that's good

1152

00:44:18,230 --> 00:44:16,319

[Laughter]

1153

00:44:20,710 --> 00:44:18,240

i don't know why he bothered paying

1154

00:44:22,390 --> 00:44:20,720

money to get those signals from the noaa

1155

00:44:23,589 --> 00:44:22,400

when he could have got it from shawn

1156

00:44:25,990 --> 00:44:23,599

but uh

1157

00:44:28,870 --> 00:44:26,000

but seriously mike right here and i can

1158

00:44:31,349 --> 00:44:28,880

just hit record baby 30 bucks this time

1159

00:44:33,990 --> 00:44:31,359

david mason if you're watching or dave

1160

00:44:35,829 --> 00:44:34,000

altman your your brother from another uh

1161

00:44:38,630 --> 00:44:35,839

put him in touch with sean rashford he

1162

00:44:42,790 --> 00:44:40,790

but no but seriously so he's recording

1163

00:44:44,470 --> 00:44:42,800

the whale sounds and what does he do

1164

00:44:46,150 --> 00:44:44,480

i think he's getting the sounds he

1165

00:44:48,470 --> 00:44:46,160

wouldn't tell us but i suspect he's

1166

00:44:51,750 --> 00:44:48,480

getting him from the noaa he kind of

1167

00:44:54,790 --> 00:44:51,760

alluded to it because you he wanted

1168

00:44:56,309 --> 00:44:54,800

whales to be happy not shamu but whales

1169

00:44:58,790 --> 00:44:56,319

that are in their natural environment

1170

00:45:00,710 --> 00:44:58,800

communicating getting those sounds and

1171

00:45:02,390 --> 00:45:00,720

then he's able so you know you have a

1172

00:45:05,430 --> 00:45:02,400

frequency so the aliens are like it

1173

00:45:06,790 --> 00:45:05,440

sounds freaking fun over there let's go

1174

00:45:09,829 --> 00:45:06,800

i mean basically

1175

00:45:12,470 --> 00:45:09,839

what he's what his purpose is

1176

00:45:15,430 --> 00:45:12,480

he wants the phenomenon that he is

1177

00:45:17,829 --> 00:45:15,440

broadcasting these light waves to

1178

00:45:21,750 --> 00:45:17,839

to say oh look at these people they're

1179

00:45:25,510 --> 00:45:21,760

taking a less advanced uh form of life

1180

00:45:28,630 --> 00:45:25,520

on their planet and featuring them to us

1181

00:45:30,790 --> 00:45:28,640

to show a benevolence right exactly

1182

00:45:34,069 --> 00:45:30,800

so that's what what and when he said

1183

00:45:36,790 --> 00:45:34,079

that on the show just come to the whales

1184

00:45:38,390 --> 00:45:36,800

and bypass us entirely yeah and we're

1185

00:45:39,829 --> 00:45:38,400

all we're out right like right now

1186

00:45:42,710 --> 00:45:39,839

they're down there having a tea with the

1187

00:45:45,190 --> 00:45:42,720

whales yeah they're like

1188

00:45:47,190 --> 00:45:45,200

man lucky lucky you're in this ocean

1189

00:45:47,790 --> 00:45:47,200

because it sucks up there on land those

1190

00:45:50,069 --> 00:45:47,800

people are just

1191

00:45:51,990 --> 00:45:50,079

[Laughter]

1192

00:45:53,990 --> 00:45:52,000

pissed poor humans no they're always

1193

00:45:55,829 --> 00:45:54,000

looking at these screens they never talk

1194

00:45:57,030 --> 00:45:55,839

to each other they're always hitting

1195

00:46:00,230 --> 00:45:57,040

buttons

1196

00:46:02,710 --> 00:46:00,240

texting [h\_\_h] that i hate texting texting

1197

00:46:05,670 --> 00:46:02,720

is my least form my least favorite form

1198

00:46:07,270 --> 00:46:05,680

of communication uh in person's number

1199

00:46:08,710 --> 00:46:07,280

one what's that

1200

00:46:12,309 --> 00:46:08,720

beeping

1201

00:46:14,550 --> 00:46:12,319

during my drug dealing day so i don't

1202

00:46:16,710 --> 00:46:14,560

really even remember really i still have

1203

00:46:18,710 --> 00:46:16,720

a picture

1204

00:46:21,270 --> 00:46:18,720

you do hold on do you seriously still

1205

00:46:24,790 --> 00:46:21,280

have a pager that you actively yeah

1206

00:46:26,870 --> 00:46:24,800

i have okay for business

1207

00:46:33,750 --> 00:46:26,880

why would anyone even use a pager for

1208

00:46:38,390 --> 00:46:36,309

when i was a kid there was a store by my

1209

00:46:41,750 --> 00:46:38,400

house i ride my bike there

1210

00:46:44,470 --> 00:46:41,760

and they had these like uh like uh

1211

00:46:45,750 --> 00:46:44,480

like fake pagers but they weighed

1212

00:46:47,270 --> 00:46:45,760

like they felt real but they were

1213

00:46:49,030 --> 00:46:47,280

completely fake and the guy would just

1214

00:46:51,910 --> 00:46:49,040

give me one and i'd walk around with the

1215

00:46:54,630 --> 00:46:51,920

pager like it really worked but it

1216

00:46:56,630 --> 00:46:54,640

yeah that would be the windows

1217

00:46:58,870 --> 00:46:56,640

that would be such a great gag though to

1218

00:47:00,390 --> 00:46:58,880

be out at like starbucks and there's a

1219

00:47:02,230 --> 00:47:00,400

lot of people in there with their tech

1220

00:47:04,630 --> 00:47:02,240

and they're emailing yeah and you're

1221

00:47:08,630 --> 00:47:04,640

like a pager goes off you're like oh man

1222

00:47:13,430 --> 00:47:08,640

it's brie you know i gotta give

1223

00:47:16,870 --> 00:47:14,790

420.

1224

00:47:18,230 --> 00:47:16,880

you know i i just want to say nathan i i

1225

00:47:19,910 --> 00:47:18,240

thought i'd be able to keep this from

1226

00:47:22,230 --> 00:47:19,920

going off the rails and i failed

1227

00:47:24,870 --> 00:47:22,240

miserably uh katie it's your turn to

1228

00:47:26,549 --> 00:47:24,880

bring up a topic buddy

1229

00:47:27,589 --> 00:47:26,559

oh damn

1230

00:47:29,430 --> 00:47:27,599

um

1231

00:47:34,710 --> 00:47:29,440

i mean we've already covered like the

1232

00:47:37,510 --> 00:47:35,829

somebody mentioned they were an

1233

00:47:40,230 --> 00:47:37,520

experiencer

1234

00:47:41,910 --> 00:47:40,240

x-name experience-a

1235

00:47:43,990 --> 00:47:41,920

i mean you want me to talk about panic

1236

00:47:45,430 --> 00:47:44,000

you're interacting i can do that i mean

1237

00:47:47,910 --> 00:47:45,440

i've had

1238

00:47:49,670 --> 00:47:47,920

experiences my whole life man being from

1239

00:47:52,150 --> 00:47:49,680

like everything from

1240

00:47:54,309 --> 00:47:52,160

like precognition to out-of-body

1241

00:47:55,430 --> 00:47:54,319

experiences being apparitions that kind

1242

00:47:56,390 --> 00:47:55,440

of stuff

1243

00:47:58,069 --> 00:47:56,400

um

1244

00:47:59,829 --> 00:47:58,079

and i'm not ready to like fully talk

1245

00:48:00,710 --> 00:47:59,839

about it yet but i had my first i guess

1246

00:48:02,390 --> 00:48:00,720

more

1247

00:48:04,870 --> 00:48:02,400

related experience

1248

00:48:06,790 --> 00:48:04,880

recently so it's it's an interesting

1249

00:48:08,630 --> 00:48:06,800

world um

1250

00:48:11,270 --> 00:48:08,640

and i definitely take

1251

00:48:13,589 --> 00:48:11,280

validity in people's stories and i think

1252

00:48:15,190 --> 00:48:13,599

other people should too you know um it's

1253

00:48:17,349 --> 00:48:15,200

not just military member families

1254

00:48:19,430 --> 00:48:17,359

experiencers like why are they valid but

1255

00:48:22,230 --> 00:48:19,440

then the average public's not it's kind

1256

00:48:24,470 --> 00:48:22,240

of ridiculous well it's not all

1257

00:48:26,309 --> 00:48:24,480

both those things aren't true the val

1258

00:48:28,950 --> 00:48:26,319

the the public is

1259

00:48:30,150 --> 00:48:28,960

is you know valid and the military

1260

00:48:31,910 --> 00:48:30,160

experiences are valid the only

1261

00:48:33,829 --> 00:48:31,920

difference is that when you talk about

1262

00:48:35,510 --> 00:48:33,839

trained observers and sometimes people

1263

00:48:37,430 --> 00:48:35,520

have been through a certain amount of

1264

00:48:40,069 --> 00:48:37,440

screening or whatever you can say okay

1265

00:48:40,870 --> 00:48:40,079

they're a little more lucid i i mean i

1266

00:48:43,190 --> 00:48:40,880

know

1267

00:48:45,030 --> 00:48:43,200

maybe a couple of military experiencers

1268

00:48:46,790 --> 00:48:45,040

and most of them are civilian and i've

1269

00:48:48,630 --> 00:48:46,800

had people who have told me experiences

1270

00:48:51,270 --> 00:48:48,640

that i know a lot of people wouldn't

1271

00:48:52,549 --> 00:48:51,280

believe about in person interactions

1272

00:48:55,349 --> 00:48:52,559

with the phenomenon and i totally

1273

00:48:56,710 --> 00:48:55,359

believe them being in a craft uh and i

1274

00:48:58,230 --> 00:48:56,720

believe there are some that i don't

1275

00:49:00,230 --> 00:48:58,240

believe but there are some that i do

1276

00:49:02,150 --> 00:49:00,240

believe and none of those people are

1277

00:49:04,549 --> 00:49:02,160

military it has nothing to do with that

1278

00:49:06,710 --> 00:49:04,559

it's a feeling you get like your pr

1279

00:49:08,630 --> 00:49:06,720

precognition

1280

00:49:10,390 --> 00:49:08,640

go ahead yeah i mean any of you guys

1281

00:49:11,829 --> 00:49:10,400

like i have the experience of like going

1282

00:49:13,750 --> 00:49:11,839

off like whenever i have experience

1283

00:49:15,109 --> 00:49:13,760

going to my therapist because i'm a big

1284

00:49:17,670 --> 00:49:15,119

fan i think everyone should have a

1285

00:49:19,430 --> 00:49:17,680

therapist like regardless just in life

1286

00:49:21,670 --> 00:49:19,440

and where i've gone to my therapist been

1287

00:49:23,190 --> 00:49:21,680

like am i losing it and when your

1288

00:49:26,230 --> 00:49:23,200

therapist goes

1289

00:49:28,470 --> 00:49:26,240

i don't think so that's like oh damn

1290

00:49:30,470 --> 00:49:28,480

you know like

1291

00:49:32,390 --> 00:49:30,480

that's pretty pretty wild but i know

1292

00:49:34,390 --> 00:49:32,400

you're much more versed in this world

1293

00:49:35,270 --> 00:49:34,400

than i am i'm kind of new to it

1294

00:49:38,549 --> 00:49:35,280

uh

1295

00:49:41,430 --> 00:49:38,559

not bob not really i mean i've only had

1296

00:49:43,910 --> 00:49:41,440

i've had like a a couple

1297

00:49:45,750 --> 00:49:43,920

maybe three to five months worth of

1298

00:49:47,990 --> 00:49:45,760

experiences where i was having kind of a

1299

00:49:49,270 --> 00:49:48,000

lot of them in that short amount of time

1300

00:49:51,589 --> 00:49:49,280

and and

1301

00:49:53,990 --> 00:49:51,599

then after that it's like that could be

1302

00:49:54,790 --> 00:49:54,000

something but i'm not sure you know but

1303

00:49:57,990 --> 00:49:54,800

uh

1304

00:50:00,230 --> 00:49:58,000

you know i've had one for

1305

00:50:03,030 --> 00:50:00,240

and all started with like one major

1306

00:50:05,030 --> 00:50:03,040

experience where i saw something 13 feet

1307

00:50:05,829 --> 00:50:05,040

in front of my face a big

1308

00:50:07,190 --> 00:50:05,839

white

1309

00:50:09,190 --> 00:50:07,200

plasma

1310

00:50:10,630 --> 00:50:09,200

rotating thing

1311

00:50:13,589 --> 00:50:10,640

um

1312

00:50:16,790 --> 00:50:13,599

the light came over my shoulder first

1313

00:50:18,069 --> 00:50:16,800

and it followed that trajectory

1314

00:50:20,309 --> 00:50:18,079

there was

1315

00:50:23,349 --> 00:50:20,319

it looked like it was in slow motion um

1316

00:50:24,630 --> 00:50:23,359

and then i had a dream that i had

1317

00:50:26,470 --> 00:50:24,640

come true

1318

00:50:28,950 --> 00:50:26,480

that i had years earlier about getting

1319

00:50:32,069 --> 00:50:28,960

in a huge argument with my father which

1320

00:50:33,990 --> 00:50:32,079

was just a really um odd dream to have

1321

00:50:35,030 --> 00:50:34,000

because i couldn't think of any reason

1322

00:50:36,309 --> 00:50:35,040

for us to

1323

00:50:38,790 --> 00:50:36,319

get like that

1324

00:50:39,990 --> 00:50:38,800

you know um so

1325

00:50:41,430 --> 00:50:40,000

you know i remember when i had that

1326  
00:50:43,990 --> 00:50:41,440  
dream and stuck with me all day and i

1327  
00:50:46,390 --> 00:50:44,000  
was like why would we ever do that like

1328  
00:50:48,630 --> 00:50:46,400  
because it was like do you want to

1329  
00:50:50,150 --> 00:50:48,640  
fight a really bad fight i had a dream

1330  
00:50:52,150 --> 00:50:50,160  
with that my father and i had a really

1331  
00:50:53,750 --> 00:50:52,160  
bad fight and that just

1332  
00:50:55,589 --> 00:50:53,760  
seemed kind of impossible to me at the

1333  
00:50:59,109 --> 00:50:55,599  
time so a couple years later you know i

1334  
00:51:00,230 --> 00:50:59,119  
see that the thing i talked about

1335  
00:51:01,670 --> 00:51:00,240  
and

1336  
00:51:03,670 --> 00:51:01,680  
then we have

1337  
00:51:06,309 --> 00:51:03,680  
that fight so the dream comes true and

1338  
00:51:07,829 --> 00:51:06,319

there's reasons why we had it but

1339

00:51:11,190 --> 00:51:07,839

um i won't get into that because the

1340

00:51:12,790 --> 00:51:11,200

story gets to be too long um but

1341

00:51:15,190 --> 00:51:12,800

so that happened and then a couple days

1342

00:51:18,470 --> 00:51:15,200

after that i see the same thing again

1343

00:51:20,710 --> 00:51:18,480

you know and so i'm wow just like what

1344

00:51:23,109 --> 00:51:20,720

is all this about i remember during the

1345

00:51:25,510 --> 00:51:23,119

fight too it was like in slow motion

1346

00:51:27,430 --> 00:51:25,520

and i felt like outside of my body and

1347

00:51:29,510 --> 00:51:27,440

it's just like he's throwing little

1348

00:51:31,030 --> 00:51:29,520

blows at me and it's just pretty bad and

1349

00:51:33,589 --> 00:51:31,040

i'm like

1350

00:51:34,549 --> 00:51:33,599

it was just an incredible weird time and

1351

00:51:36,790 --> 00:51:34,559

um

1352

00:51:40,069 --> 00:51:36,800

you know after that i

1353

00:51:42,309 --> 00:51:40,079

saw some red like orbs with uh my wife

1354

00:51:43,670 --> 00:51:42,319

who saw him first on her way home

1355

00:51:45,990 --> 00:51:43,680

called me said you want to see something

1356

00:51:47,829 --> 00:51:46,000

weird going to go in the backyard and i

1357

00:51:49,750 --> 00:51:47,839

go to the backyard and here they come

1358

00:51:52,069 --> 00:51:49,760

right over our house so all this is at

1359

00:51:53,510 --> 00:51:52,079

my house too which is super weird

1360

00:51:56,950 --> 00:51:53,520

um and she's

1361

00:51:59,109 --> 00:51:56,960

not really uh into she's not at all into

1362

00:52:00,790 --> 00:51:59,119

the ufo thing so

1363

00:52:03,030 --> 00:52:00,800

when she texted me that i was like this

1364

00:52:06,150 --> 00:52:03,040

is probably pretty weird then

1365

00:52:09,829 --> 00:52:08,309

because both of you are experiencers i

1366

00:52:11,430 --> 00:52:09,839

have a question i'm going to pose the

1367

00:52:13,030 --> 00:52:11,440

same question to both of you because

1368

00:52:14,710 --> 00:52:13,040

we've got about seven minutes left to

1369

00:52:17,510 --> 00:52:14,720

the end of the broadcast and i want to

1370

00:52:18,710 --> 00:52:17,520

get to these and i'll just because shawn

1371

00:52:20,549 --> 00:52:18,720

finished talking i'll start with you

1372

00:52:21,990 --> 00:52:20,559

katie and then go to sean

1373

00:52:24,710 --> 00:52:22,000

um dale

1374

00:52:26,470 --> 00:52:24,720

after my experience

1375

00:52:31,990 --> 00:52:26,480

the thing that's different after my

1376

00:52:35,190 --> 00:52:33,589

um

1377

00:52:37,030 --> 00:52:35,200

well like i i mentioned i've had

1378

00:52:39,670 --> 00:52:37,040

experiences my whole life but i think

1379

00:52:44,069 --> 00:52:41,270

like segmented them

1380

00:52:45,910 --> 00:52:44,079

in my brain right you know like yeah i'd

1381

00:52:47,430 --> 00:52:45,920

always seen like apparitions and stuff

1382

00:52:49,430 --> 00:52:47,440

and yeah it had these few things but

1383

00:52:51,349 --> 00:52:49,440

like my brain like my point of view

1384

00:52:52,549 --> 00:52:51,359

which was you know pretty

1385

00:52:55,109 --> 00:52:52,559

atheists

1386

00:52:56,630 --> 00:52:55,119

rational science based right just

1387

00:52:59,670 --> 00:52:56,640

couldn't

1388

00:53:01,349 --> 00:52:59,680

deal with it um and so i think

1389

00:53:03,349 --> 00:53:01,359

recently getting into this world and

1390

00:53:04,870 --> 00:53:03,359

this community has

1391

00:53:06,790 --> 00:53:04,880

forced me to kind of confront some of

1392

00:53:08,470 --> 00:53:06,800

that and as i've confronted it i've had

1393

00:53:10,390 --> 00:53:08,480

more experiences

1394

00:53:11,910 --> 00:53:10,400

and i so i think really the biggest

1395

00:53:13,670 --> 00:53:11,920

thing that's changed since i've had that

1396

00:53:16,069 --> 00:53:13,680

mind shift

1397

00:53:18,470 --> 00:53:16,079

is just being kicked in the ass with

1398

00:53:21,109 --> 00:53:18,480

realizing that you know your pers my

1399

00:53:21,990 --> 00:53:21,119

perception of reality

1400

00:53:30,309 --> 00:53:22,000

and

1401

00:53:32,790 --> 00:53:30,319

changed so i i think it's really just

1402

00:53:34,630 --> 00:53:32,800

comes down to humility right like

1403

00:53:36,710 --> 00:53:34,640

recognizing that like i thought i had it

1404

00:53:39,829 --> 00:53:36,720

all figured out and i got

1405

00:53:41,750 --> 00:53:39,839

nothing figured out and

1406

00:53:43,910 --> 00:53:41,760

i think it's made me a more empathetic

1407

00:53:45,670 --> 00:53:43,920

person too because

1408

00:53:46,790 --> 00:53:45,680

i'm much less quick to judge other

1409

00:53:48,630 --> 00:53:46,800

people now

1410

00:53:51,750 --> 00:53:48,640

you know be they

1411

00:53:53,109 --> 00:53:51,760

of a certain belief system or ha or

1412

00:53:54,309 --> 00:53:53,119

sharing that they had a certain

1413

00:53:56,710 --> 00:53:54,319

experience

1414

00:53:58,630 --> 00:53:56,720

i kind of default to believing people

1415

00:54:00,710 --> 00:53:58,640

and then

1416

00:54:03,990 --> 00:54:00,720

evaluating from there where before i was

1417

00:54:05,990 --> 00:54:04,000

kind of like prove it you know and um

1418

00:54:08,630 --> 00:54:06,000

man that's been humbling

1419

00:54:11,670 --> 00:54:08,640

uh to kind of

1420

00:54:13,589 --> 00:54:11,680

get your um self-assuredness taken away

1421

00:54:16,150 --> 00:54:13,599

but i think it's also exciting right

1422

00:54:17,750 --> 00:54:16,160

it's often it's offered a lot of avenues

1423

00:54:19,910 --> 00:54:17,760

for new possibilities

1424

00:54:21,829 --> 00:54:19,920

so as a 55 year old i like to tell

1425

00:54:23,430 --> 00:54:21,839

people it's great to not have decided

1426

00:54:25,349 --> 00:54:23,440

everything yet

1427

00:54:27,349 --> 00:54:25,359

i i don't know everything i i haven't i

1428

00:54:30,470 --> 00:54:27,359

don't have a position on everything yet

1429

00:54:33,190 --> 00:54:30,480

and i my goal is is that the day that

1430

00:54:34,950 --> 00:54:33,200

i'm either going to the you know i die

1431

00:54:36,549 --> 00:54:34,960

and they'd throw me in the cremation

1432

00:54:38,870 --> 00:54:36,559

thing or throw me in the pine box

1433

00:54:41,030 --> 00:54:38,880

whatever the hell ends up doing probably

1434

00:54:43,190 --> 00:54:41,040

the former rather than the latter that

1435

00:54:45,510 --> 00:54:43,200

i'm learning up until that day and

1436

00:54:47,829 --> 00:54:45,520

evolving and changing i've told people

1437

00:54:50,230 --> 00:54:47,839

recently i've changed my in the last

1438

00:54:53,589 --> 00:54:50,240

couple of weeks i've changed my position

1439

00:54:54,789 --> 00:54:53,599

on the the confluence of uap and and

1440

00:54:59,190 --> 00:54:54,799

paranormal

1441

00:55:02,470 --> 00:54:59,200

and um oh the gifting i did not believe

1442

00:55:05,030 --> 00:55:02,480

or i did not agree with jacques vale's

1443

00:55:07,349 --> 00:55:05,040

theory of gifting i spoke to somebody in

1444

00:55:10,549 --> 00:55:07,359

government that

1445

00:55:11,829 --> 00:55:10,559

i in intel that i trust knows

1446

00:55:14,069 --> 00:55:11,839

and um

1447

00:55:16,390 --> 00:55:14,079

he told me the person that he said

1448

00:55:18,630 --> 00:55:16,400

not only were we gifted something but

1449

00:55:20,870 --> 00:55:18,640

that they came and took that thing back

1450

00:55:22,950 --> 00:55:20,880

that craft back

1451

00:55:25,190 --> 00:55:22,960

and i said how sure are you of this

1452

00:55:27,990 --> 00:55:25,200

person that relayed this information to

1453

00:55:28,789 --> 00:55:28,000

you and he said i trust him with my life

1454

00:55:36,630 --> 00:55:28,799

so

1455

00:55:39,589 --> 00:55:36,640

just we're always learning i'm 55 years

1456

00:55:41,270 --> 00:55:39,599

old hopefully when i'm 75 i'm saying the

1457

00:55:43,910 --> 00:55:41,280

same thing sean

1458

00:55:45,910 --> 00:55:43,920

after my experience this is what's

1459

00:55:47,510 --> 00:55:45,920

changed dot dot dot

1460

00:55:49,589 --> 00:55:47,520

my phone

1461

00:55:51,370 --> 00:55:49,599

became full of

1462

00:55:53,430 --> 00:55:51,380

uh screenshots of documents

1463

00:55:55,829 --> 00:55:53,440

[Laughter]

1464

00:55:58,470 --> 00:55:55,839

so as a result of it you're like max

1465

00:56:01,910 --> 00:55:58,480

mccabe you're all in you're re and and

1466

00:56:04,069 --> 00:56:01,920

yours is it's recent yeah yeah research

1467

00:56:05,510 --> 00:56:04,079

uh for sure like

1468

00:56:08,069 --> 00:56:05,520

you know it was kind of different was my

1469

00:56:10,470 --> 00:56:08,079

experience also happened around the you

1470

00:56:12,309 --> 00:56:10,480

know when everything shut down because a

1471

00:56:14,829 --> 00:56:12,319

coronavirus so

1472

00:56:16,789 --> 00:56:14,839

you know my life changed

1473

00:56:18,549 --> 00:56:16,799

and for

1474

00:56:21,030 --> 00:56:18,559

two reasons really

1475

00:56:21,910 --> 00:56:21,040

first it was coronavirus everything shut

1476

00:56:25,270 --> 00:56:21,920

down

1477

00:56:26,150 --> 00:56:25,280

and then uh the the experience which you

1478

00:56:29,270 --> 00:56:26,160

know

1479

00:56:30,789 --> 00:56:29,280

it i'm like

1480

00:56:32,950 --> 00:56:30,799

that's kind of a good thing because i

1481

00:56:34,309 --> 00:56:32,960

needed something to focus on

1482

00:56:36,789 --> 00:56:34,319

you know because

1483

00:56:39,109 --> 00:56:36,799

i was like i couldn't play out anymore

1484

00:56:40,950 --> 00:56:39,119

like i had all these vinyl records i

1485

00:56:43,190 --> 00:56:40,960

just bought for an album i made i

1486

00:56:44,549 --> 00:56:43,200

couldn't sell them i couldn't play shows

1487

00:56:46,710 --> 00:56:44,559

and i was like

1488

00:56:47,829 --> 00:56:46,720

just down in that freaking dumps man and

1489

00:56:49,670 --> 00:56:47,839

then uh

1490

00:56:51,670 --> 00:56:49,680

this happened and it kind of distracted

1491

00:56:52,950 --> 00:56:51,680

me from that and gave me a focus and

1492

00:56:54,069 --> 00:56:52,960

gave me something

1493

00:56:55,910 --> 00:56:54,079

you know

1494

00:56:59,109 --> 00:56:55,920

it sounds depressing i guess but to live

1495

00:57:01,109 --> 00:56:59,119

for you know is is you know researching

1496

00:57:03,349 --> 00:57:01,119

that mystery and and

1497

00:57:04,789 --> 00:57:03,359

trying to figure it out and boy like it

1498

00:57:07,910 --> 00:57:04,799

didn't take too long for me to find

1499

00:57:11,190 --> 00:57:07,920

enough uh actual documents for for me to

1500

00:57:14,150 --> 00:57:11,200

realize that i was not insane and this

1501  
00:57:15,270 --> 00:57:14,160  
has happened a lot to a lot of people

1502  
00:57:17,190 --> 00:57:15,280  
um

1503  
00:57:18,630 --> 00:57:17,200  
and you know at that point you're just

1504  
00:57:21,910 --> 00:57:18,640  
like wow

1505  
00:57:25,030 --> 00:57:21,920  
what the frick i cannot believe this

1506  
00:57:27,910 --> 00:57:25,040  
because i was i'm definitely

1507  
00:57:28,950 --> 00:57:27,920  
uh make fun of the go show guy

1508  
00:57:30,470 --> 00:57:28,960  
you know where they're always like oh

1509  
00:57:32,470 --> 00:57:30,480  
did you hear that you hear that ah

1510  
00:57:36,870 --> 00:57:32,480  
that's all crap you know and

1511  
00:57:39,670 --> 00:57:36,880  
you know ufos like yeah ufos no like i

1512  
00:57:42,870 --> 00:57:39,680  
did watch unidentified and i thought it

1513  
00:57:45,430 --> 00:57:42,880

was uh fun but for entertainment like i

1514

00:57:47,270 --> 00:57:45,440

was still like a skeptic

1515

00:57:49,349 --> 00:57:47,280

really not like a

1516

00:57:51,750 --> 00:57:49,359

not like a talk crap about it

1517

00:57:53,750 --> 00:57:51,760

and you know kind of skeptic but it's

1518

00:57:55,270 --> 00:57:53,760

like it's fun but i don't really take it

1519

00:57:57,349 --> 00:57:55,280

seriously you know and then that

1520

00:57:59,109 --> 00:57:57,359

happened it's like

1521

00:58:00,789 --> 00:57:59,119

boy

1522

00:58:01,750 --> 00:58:00,799

it's it's real

1523

00:58:02,630 --> 00:58:01,760

so

1524

00:58:04,710 --> 00:58:02,640

yeah

1525

00:58:06,789 --> 00:58:04,720

as lou says it's not whether or not

1526

00:58:09,750 --> 00:58:06,799

they're here that's we're way past that

1527

00:58:11,589 --> 00:58:09,760

now it's why are they here and what is

1528

00:58:13,670 --> 00:58:11,599

their you know basically what is their

1529

00:58:15,829 --> 00:58:13,680

their purpose who are they but yeah

1530

00:58:17,270 --> 00:58:15,839

exactly but whether or not they're here

1531

00:58:19,270 --> 00:58:17,280

i'm not even when people try to bring

1532

00:58:21,430 --> 00:58:19,280

that i'm not even entertaining that it

1533

00:58:24,470 --> 00:58:21,440

that's been proven and the fact that

1534

00:58:26,710 --> 00:58:24,480

congress made legislation means that

1535

00:58:28,870 --> 00:58:26,720

you know there's it's a conspiracy to

1536

00:58:31,030 --> 00:58:28,880

think otherwise at this point

1537

00:58:33,349 --> 00:58:31,040

well right because

1538

00:58:35,109 --> 00:58:33,359

you want to paint it you know you got

1539

00:58:37,190 --> 00:58:35,119

the mick west out there they're gonna

1540

00:58:39,109 --> 00:58:37,200

they're gonna they're going to find a

1541

00:58:40,870 --> 00:58:39,119

thread to pull on that that will

1542

00:58:43,430 --> 00:58:40,880

ultimately be meaningless

1543

00:58:46,309 --> 00:58:43,440

um it's time to say i can't believe it's

1544

00:58:47,750 --> 00:58:46,319

already been an hour

1545

00:58:51,589 --> 00:58:47,760

goodbye

1546

00:58:53,829 --> 00:58:51,599

it is man um sean tell us uh tell

1547

00:58:55,430 --> 00:58:53,839

everybody about where they can find all

1548

00:58:58,309 --> 00:58:55,440

of your stuff of course i will have it

1549

00:58:59,430 --> 00:58:58,319

in the show notes but please or yeah you

1550

00:59:01,510 --> 00:58:59,440

better man

1551  
00:59:05,510 --> 00:59:01,520  
okay i'm just kidding yeah he's gonna

1552  
00:59:07,829 --> 00:59:06,789  
witness

1553  
00:59:10,150 --> 00:59:07,839  
citizen

1554  
00:59:13,349 --> 00:59:10,160  
w-i-t-n-e-s-s

1555  
00:59:15,750 --> 00:59:13,359  
space c-i-t-i-z-e-n

1556  
00:59:17,190 --> 00:59:15,760  
you can find me on twitter instagram or

1557  
00:59:22,150 --> 00:59:17,200  
youtube

1558  
00:59:27,109 --> 00:59:24,309  
seven four four four five three three

1559  
00:59:29,349 --> 00:59:27,119  
two two there are more people on ufo

1560  
00:59:31,190 --> 00:59:29,359  
twitter that have my phone number

1561  
00:59:33,109 --> 00:59:31,200  
and i speak to one signal on a regular

1562  
00:59:34,549 --> 00:59:33,119  
you would not believe it like i i told

1563  
00:59:36,309 --> 00:59:34,559

katie i guess she probably said oh man

1564

00:59:38,150 --> 00:59:36,319

this guy's giving me his number oh

1565

00:59:40,230 --> 00:59:38,160

there's tons and tons of people who have

1566

00:59:42,549 --> 00:59:40,240

my number and i love it when i get

1567

00:59:45,030 --> 00:59:42,559

signal messages from the uk or

1568

00:59:46,789 --> 00:59:45,040

benji or you know people call me from

1569

00:59:50,230 --> 00:59:46,799

all over the place and i just love it

1570

00:59:52,069 --> 00:59:50,240

and it's it's great dan uh dan uh warren

1571

00:59:54,069 --> 00:59:52,079

you know all kinds of people i speak

1572

00:59:55,190 --> 00:59:54,079

with i tell my phone lines always if i'm

1573

00:59:57,270 --> 00:59:55,200

at work

1574

01:00:01,910 --> 00:59:57,280

it's not that i'm cool

1575

01:00:06,870 --> 01:00:04,470

i don't like texting i do it when i have

1576

01:00:08,390 --> 01:00:06,880

to but i love to interact with people

1577

01:00:10,710 --> 01:00:08,400

and find out what they're thinking and

1578

01:00:12,870 --> 01:00:10,720

discuss issues which you know i kind of

1579

01:00:14,309 --> 01:00:12,880

started a podcast for that reason katie

1580

01:00:16,630 --> 01:00:14,319

tell everybody about where they can find

1581

01:00:20,630 --> 01:00:18,710

is it awful that i actually don't know

1582

01:00:23,109 --> 01:00:20,640

what my twitter handle is

1583

01:00:24,630 --> 01:00:23,119

like it's some version of my name

1584

01:00:26,549 --> 01:00:24,640

okay

1585

01:00:38,069 --> 01:00:26,559

it's some version of my name i hope you

1586

01:00:51,109 --> 01:00:46,870

um

1587

01:00:54,309 --> 01:00:51,119

to anyone

1588

01:00:56,630 --> 01:00:54,319

um otherwise feel free to tell me no but

1589

01:00:59,109 --> 01:00:56,640

and i'm gonna be starting my own podcast

1590

01:01:00,870 --> 01:00:59,119

finally because they're just not enough

1591

01:01:03,190 --> 01:01:00,880

there's not enough of us i feel like you

1592

01:01:04,789 --> 01:01:03,200

need more um but no i'm going to try to

1593

01:01:07,430 --> 01:01:04,799

highlight people that don't get

1594

01:01:10,630 --> 01:01:07,440

highlighted as much aka

1595

01:01:13,430 --> 01:01:10,640

women and yeah that's why you're on here

1596

01:01:15,430 --> 01:01:13,440

because we want to highlight people

1597

01:01:17,750 --> 01:01:15,440

that's why that's what we always have

1598

01:01:19,349 --> 01:01:17,760

people on when we did that round table

1599

01:01:21,109 --> 01:01:19,359

and sean will tell you this there are

1600

01:01:22,789 --> 01:01:21,119

people on that ra on that british

1601

01:01:23,510 --> 01:01:22,799

invasion that he had no clue who they

1602

01:01:25,589 --> 01:01:23,520

were

1603

01:01:27,910 --> 01:01:25,599

uh and that was the idea of it but if i

1604

01:01:30,150 --> 01:01:27,920

bring on dan and vinnie and graham then

1605

01:01:33,190 --> 01:01:30,160

i know people are gonna know davey who

1606

01:01:35,109 --> 01:01:33,200

no one heard of or charlotte or

1607

01:01:37,670 --> 01:01:35,119

you know max is is fairly well known but

1608

01:01:39,990 --> 01:01:37,680

that that's the anna witty ended up uh

1609

01:01:41,990 --> 01:01:40,000

not showing up but but she was you know

1610

01:01:42,950 --> 01:01:42,000

we wanted people to know about her but

1611

01:01:45,270 --> 01:01:42,960

anyway

1612

01:01:48,309 --> 01:01:45,280

i want to say to you katie that i know

1613

01:01:51,430 --> 01:01:48,319

uap experiencer steph our new

1614

01:01:53,910 --> 01:01:51,440

uh staff member on cab uh who just put

1615

01:01:56,549 --> 01:01:53,920

out her first episode would absolutely

1616

01:01:58,789 --> 01:01:56,559

love to have you on to talk about your

1617

01:02:00,630 --> 01:01:58,799

experience she is to say that she's

1618

01:02:03,029 --> 01:02:00,640

passionate about experiences would be a

1619

01:02:05,029 --> 01:02:03,039

little bit of an understatement and

1620

01:02:05,829 --> 01:02:05,039

i'll connect you

1621

01:02:06,950 --> 01:02:05,839

great too

1622

01:02:07,990 --> 01:02:06,960

good

1623

01:02:09,910 --> 01:02:08,000

anytime

1624

01:02:11,990 --> 01:02:09,920

i like chatting too

1625
