27

00:01:35,929 --> 00:01:32,939

phenomena whoa hold up man I got a place

28

00:01:39,170 --> 00:01:35,939

with last week I can't wait till the

36

00:02:06,170 --> 00:02:03,000

next one and she is at UAP experiences

37

00:02:09,410 --> 00:02:06,180

DJ's bespoke skin care with Nathan on

49

00:02:38,869 --> 00:02:36,959

the cover that's true and uh I think

50

00:02:40,270 --> 00:02:38,879

that'll handle skin anomalies that you

51  
00:02:42,650 --> 00:02:40,280  
have or even Kevin

52  
00:02:46,130 --> 00:02:42,660  
yeah oh wait I just said it I just said

53  
00:02:47,869 --> 00:02:46,140  
his name okay all right Party People Get

54  
00:02:51,170 --> 00:02:47,879  
Ready To welcome this brother right here

55  
00:02:54,110 --> 00:02:51,180  
he's United States Navy retired this

56  
00:02:56,570 --> 00:02:54,120  
brother was on the USS Princeton tracked

57  
00:02:59,630 --> 00:02:56,580  
the a Tic Tac for several days before

58  
00:03:01,790 --> 00:02:59,640  
directing a successful and probably very

59  
00:03:03,770 --> 00:03:01,800  
frightening intercept on that with Dave

60  
00:03:05,030 --> 00:03:03,780  
fraver Alex Dietrich in their

61  
00:03:06,229 --> 00:03:05,040  
backseaters pardon me because I don't

62  
00:03:09,290 --> 00:03:06,239  
know their last names I'm like in

63  
00:03:12,470 --> 00:03:09,300

trouble uh but we are super excited to

64

00:03:14,869 --> 00:03:12,480

have my Navy brother to get that hour

65

00:03:23,270 --> 00:03:14,879

and Cheeto dust off your hands and put

66

00:03:27,170 --> 00:03:25,309

what's up hello there hello there from

67

00:03:30,589 --> 00:03:27,180

uh beautiful Southern Oregon Illinois

68

00:03:31,509 --> 00:03:30,599

Valley glad to be here today great to

69

00:03:33,830 --> 00:03:31,519

see you

70

00:03:36,770 --> 00:03:33,840

your timing is perfect

71

00:03:38,930 --> 00:03:36,780

yes we're a very dog friendly show so

72

00:03:40,789 --> 00:03:38,940

it's not a problem yeah absolutely we

73

00:03:42,530 --> 00:03:40,799

are a dog friendly show we've done a

74

00:03:44,390 --> 00:03:42,540

couple of things for dog rescues on this

75

00:03:46,610 --> 00:03:44,400

show hey there's my colleague right

76  
00:03:49,250 --> 00:03:46,620  
there John Smith uh chiming in he's

77  
00:03:52,190 --> 00:03:49,260  
another uh simulator analyst and also a

78  
00:03:53,750 --> 00:03:52,200  
huge motorcycle YouTuber hey John thank

79  
00:03:56,390 --> 00:03:53,760  
you brother

80  
00:03:59,449 --> 00:03:56,400  
um so anyway we're very happy to have

81  
00:04:02,210 --> 00:03:59,459  
you uh Kevin uh there's stuff that we've

82  
00:04:04,610 --> 00:04:02,220  
sort of wanted to dig into but before we

83  
00:04:05,390 --> 00:04:04,620  
kind of do this I was wondering

84  
00:04:07,429 --> 00:04:05,400  
um

85  
00:04:09,710 --> 00:04:07,439  
so everybody knows that you're part of

86  
00:04:11,509 --> 00:04:09,720  
this I mean you're basically famous uh

87  
00:04:15,170 --> 00:04:11,519  
in the community because of the incident

88  
00:04:17,650 --> 00:04:15,180

that uh basically happened because you

89

00:04:20,569 --> 00:04:17,660

decided to take action probably against

90

00:04:22,550 --> 00:04:20,579

uh you know uh certain judgments that

91

00:04:25,010 --> 00:04:22,560

that you might have thought would or

92

00:04:28,370 --> 00:04:25,020

would be held against you uh to direct

93

00:04:30,770 --> 00:04:28,380

and intercept of this device uh that you

94

00:04:32,510 --> 00:04:30,780

saw over several days and I was

95

00:04:35,090 --> 00:04:32,520

wondering if you could explain to people

96

00:04:37,850 --> 00:04:35,100

uh just in general uh that for the

97

00:04:39,950 --> 00:04:37,860

layperson about the Spy one radar and

98

00:04:42,409 --> 00:04:39,960

what we're looking at what is a phased

99

00:04:44,450 --> 00:04:42,419

array radar compared to what we would

100

00:04:46,189 --> 00:04:44,460

think of as like a targeting radar or

101  
00:04:49,490 --> 00:04:46,199  
ATC type radar

102  
00:04:51,770 --> 00:04:49,500  
while traditional radar will rotate and

103  
00:04:54,050 --> 00:04:51,780  
then you'll you'll see uh objects lit up

104  
00:04:55,490 --> 00:04:54,060  
as a as the beam passes them and then

105  
00:04:57,830 --> 00:04:55,500  
it'll come back around and get a next

106  
00:04:59,990 --> 00:04:57,840  
update on the track and you can track it

107  
00:05:02,950 --> 00:05:00,000  
that way and they got faster and faster

108  
00:05:05,150 --> 00:05:02,960  
and faster now the Spy is a phased array

109  
00:05:06,950 --> 00:05:05,160  
three-dimensional radar it looks in all

110  
00:05:09,409 --> 00:05:06,960  
directions all the time all the time

111  
00:05:12,050 --> 00:05:09,419  
unless you narrow it down and you can

112  
00:05:13,370 --> 00:05:12,060  
sub you can subdirect it and sector it

113  
00:05:16,010 --> 00:05:13,380

out and all that other kind of stuff so

114

00:05:19,850 --> 00:05:16,020

you don't flood your own systems so to

115

00:05:23,150 --> 00:05:19,860

speak and it's a beautiful system and um

116

00:05:25,490 --> 00:05:23,160

it's a system that we use to uh find

117

00:05:27,050 --> 00:05:25,500

those contacts off Catalina Island back

118

00:05:30,469 --> 00:05:27,060

in 2004.

119

00:05:31,790 --> 00:05:30,479

and the the what I honestly in my heart

120

00:05:33,710 --> 00:05:31,800

at heart and I don't know it's always

121

00:05:36,830 --> 00:05:33,720

been a burning question for me is like

122

00:05:39,529 --> 00:05:36,840

you know I had spent literally years in

123

00:05:41,749 --> 00:05:39,539

those Waters behind that radar I was on

124

00:05:43,790 --> 00:05:41,759

the USS Vincennes

125

00:05:45,590 --> 00:05:43,800

um I was one of the very first spy

126

00:05:49,010 --> 00:05:45,600

operators you know in in the whole

127

00:05:51,650 --> 00:05:49,020

program there was cg-48 I was on cg-49

128

00:05:53,270 --> 00:05:51,660

even as I was on the chosen out in Pearl

129

00:05:54,590 --> 00:05:53,280

Harbor and then back in San Diego on the

130

00:05:55,850 --> 00:05:54,600

Princeton literally years in those

131

00:06:00,590 --> 00:05:55,860

Waters

132

00:06:02,330 --> 00:06:00,600

and this was my very last underway

133

00:06:05,450 --> 00:06:02,340

on a ship

134

00:06:07,189 --> 00:06:05,460

and I was I was up on watch I was a very

135

00:06:08,570 --> 00:06:07,199

senior trainer of course I was trying to

136

00:06:10,070 --> 00:06:08,580

get the combat team ready they were

137

00:06:11,330 --> 00:06:10,080

going on deployment

138

00:06:17,029 --> 00:06:11,340

and

139

00:06:18,350 --> 00:06:17,039  
off your initial question a little bit

140

00:06:20,689 --> 00:06:18,360  
but it kind of has to do with the

141

00:06:21,950 --> 00:06:20,699  
qualities of the radar itself if it's

142

00:06:24,590 --> 00:06:21,960  
okay I'd like to just kind of continue

143

00:06:26,689 --> 00:06:24,600  
with this thought please and I was up on

144

00:06:28,490 --> 00:06:26,699  
Watch and um I noticed these tracks off

145

00:06:30,950 --> 00:06:28,500  
Catalina I was like that's really odd

146

00:06:32,930 --> 00:06:30,960  
and it wasn't my situation awareness at

147

00:06:35,689 --> 00:06:32,940  
the moment because my my focus was down

148

00:06:39,290 --> 00:06:35,699  
on the air defense sector part which is

149

00:06:40,730 --> 00:06:39,300  
way below uh outer space okay but the

150

00:06:42,529 --> 00:06:40,740  
ballistic missile defense team was

151  
00:06:44,870 --> 00:06:42,539  
actually tracking these objects coming

152  
00:06:47,090 --> 00:06:44,880  
down from lower Earth orbit they would

153  
00:06:48,830 --> 00:06:47,100  
go to 80 000 feet and kind of stay and

154  
00:06:50,390 --> 00:06:48,840  
then they would go down to 28 000 feet

155  
00:06:51,110 --> 00:06:50,400  
where I became

156  
00:06:52,909 --> 00:06:51,120  
um

157  
00:06:55,189 --> 00:06:52,919  
not really concerned about him but I

158  
00:06:57,290 --> 00:06:55,199  
became aware of them and the thing is

159  
00:06:59,510 --> 00:06:57,300  
they were tracking from Catalina

160  
00:07:01,010 --> 00:06:59,520  
right through our operations area and at

161  
00:07:03,050 --> 00:07:01,020  
the time we didn't have any aircraft

162  
00:07:05,629 --> 00:07:03,060  
aboard nibits they have they hadn't

163  
00:07:07,010 --> 00:07:05,639

embarked on the ship yet so and I

164

00:07:08,450 --> 00:07:07,020

thought it was just something

165

00:07:10,550 --> 00:07:08,460

um civilian related they didn't even

166

00:07:12,710 --> 00:07:10,560

know we were out there although there

167

00:07:15,770 --> 00:07:12,720

was nothing in the no Toms no Tams uh

168

00:07:17,330 --> 00:07:15,780

noticed air Mariners yeah I I notified I

169

00:07:19,070 --> 00:07:17,340

thought hey maybe they just forgot but

170

00:07:20,570 --> 00:07:19,080

they were on our data links we were

171

00:07:21,350 --> 00:07:20,580

reporting them back to the beach just in

172

00:07:23,990 --> 00:07:21,360

case

173

00:07:25,790 --> 00:07:24,000

and tell the day of November 14th rolled

174

00:07:27,050 --> 00:07:25,800

around and I I did have aircraft on the

175

00:07:29,450 --> 00:07:27,060

nemesan and we were going to do a big

176

00:07:31,670 --> 00:07:29,460

huge air defense exercise

177

00:07:34,790 --> 00:07:31,680

that's when Kevin day became concerned

178

00:07:37,430 --> 00:07:34,800

because I was very concerned about

179

00:07:40,010 --> 00:07:37,440

safety of flight

180

00:07:41,570 --> 00:07:40,020

and that is one of my primary concerns

181

00:07:43,850 --> 00:07:41,580

to this moment

182

00:07:45,830 --> 00:07:43,860

and that's the reason why I chose to

183

00:07:46,969 --> 00:07:45,840

speak out of it originally I was like

184

00:07:48,830 --> 00:07:46,979

hey guys

185

00:07:50,390 --> 00:07:48,840

anyway I'm kind of jumping ahead let me

186

00:07:51,890 --> 00:07:50,400

go back um Captain Smith comes down to

187

00:07:53,330 --> 00:07:51,900

combat I said Hey sir they're tracking

188

00:07:55,610 --> 00:07:53,340

these things for days now no idea what

189

00:07:56,749 --> 00:07:55,620

they are I do not want to run into one

190

00:07:59,689 --> 00:07:56,759

of these because someone's going to ask

191

00:08:02,089 --> 00:07:59,699

you and me why we were so damn being

192

00:08:04,730 --> 00:08:02,099

curious about these objects they're real

193

00:08:06,770 --> 00:08:04,740

we've brought down our systems ran all

194

00:08:08,629 --> 00:08:06,780

the Diagnostics tests we had I think

195

00:08:11,150 --> 00:08:08,639

we're seeing them because of our systems

196

00:08:12,950 --> 00:08:11,160

upgrade it can let us see them now I

197

00:08:15,589 --> 00:08:12,960

highly recommend and I'm going to log

198

00:08:18,110 --> 00:08:15,599

this if you don't agree with me just so

199

00:08:19,670 --> 00:08:18,120

you know sir that we intercept one of

200

00:08:21,409 --> 00:08:19,680

these things

201  
00:08:23,210 --> 00:08:21,419  
and see what they are he said you're

202  
00:08:24,770 --> 00:08:23,220  
right singer Chief intercept and visual

203  
00:08:27,409 --> 00:08:24,780  
ID

204  
00:08:29,450 --> 00:08:27,419  
and Commander favor on Fast legal just

205  
00:08:32,209 --> 00:08:29,460  
happened to be the first man

206  
00:08:33,170 --> 00:08:32,219  
um or person Airborne not for Miss uh

207  
00:08:34,850 --> 00:08:33,180  
wing

208  
00:08:35,630 --> 00:08:34,860  
he was that kind of gay one of one of

209  
00:08:38,209 --> 00:08:35,640  
the greatest

210  
00:08:41,089 --> 00:08:38,219  
um Naval aviators that he's ever

211  
00:08:43,550 --> 00:08:41,099  
produced by the way and we took control

212  
00:08:45,290 --> 00:08:43,560  
of him and the rest is history

213  
00:08:47,329 --> 00:08:45,300

I'm going to ask one more geek question

214

00:08:49,550 --> 00:08:47,339

before I turn it over to money Nathan

215

00:08:50,990 --> 00:08:49,560

who probably has a a banger of a

216

00:08:52,430 --> 00:08:51,000

question for you but

217

00:08:54,710 --> 00:08:52,440

um did you when you went to Pennsylvania

218

00:08:56,570 --> 00:08:54,720

I'm assuming you went to Pennsylvania on

219

00:08:58,970 --> 00:08:56,580

it and did it did it give you a

220

00:09:01,310 --> 00:08:58,980

different kind of a return or a more a

221

00:09:03,170 --> 00:09:01,320

more interesting aspect to look at in in

222

00:09:06,410 --> 00:09:03,180

a pencil mode or something

223

00:09:08,090 --> 00:09:06,420

uh uh the the there's no need to do that

224

00:09:10,430 --> 00:09:08,100

essentially on the spike on the Sperry

225

00:09:12,769 --> 00:09:10,440

radar um we had the highest quality

226

00:09:14,150 --> 00:09:12,779

Spike rack available the entire time we

227

00:09:16,009 --> 00:09:14,160

were tracking these things

228

00:09:18,530 --> 00:09:16,019

got it and

229

00:09:20,810 --> 00:09:18,540

um and the thing that really got

230

00:09:22,670 --> 00:09:20,820

everyone's attention really quickly of

231

00:09:24,530 --> 00:09:22,680

course and everyone knows this story by

232

00:09:26,449 --> 00:09:24,540

now is Commander forever got in the same

233

00:09:28,070 --> 00:09:26,459

piece of airspace this thing

234

00:09:29,690 --> 00:09:28,080

right down to the surface of the water

235

00:09:31,310 --> 00:09:29,700

and some people saying it went in the

236

00:09:34,790 --> 00:09:31,320

water it wasn't my situation when we're

237

00:09:37,070 --> 00:09:34,800

in this at the time when chasing it down

238

00:09:41,030 --> 00:09:37,080

in it right in front of him disappeared

239

00:09:42,889 --> 00:09:41,040

now in um Carrier air defense like if

240

00:09:45,110 --> 00:09:42,899

this is the aircraft carrier we'll have

241

00:09:47,329 --> 00:09:45,120

points in space in the direction of the

242

00:09:48,889 --> 00:09:47,339

of the of the threat sector of course my

243

00:09:51,170 --> 00:09:48,899

cameras reversed I'm getting pointed the

244

00:09:52,610 --> 00:09:51,180

wrong way on you guys okay

245

00:09:54,889 --> 00:09:52,620

um but we put out the defensive Shield

246

00:09:58,250 --> 00:09:54,899

between us and whatever threats out

247

00:09:59,870 --> 00:09:58,260

there combat Air Patrol station and he

248

00:10:01,490 --> 00:09:59,880

had in Commander Fraser and fast Eagle

249

00:10:03,050 --> 00:10:01,500

hadn't even gone into a station yet he

250

00:10:05,269 --> 00:10:03,060

had just launched the very first guy to

251

00:10:07,250 --> 00:10:05,279

launch for their defense exercise this

252

00:10:10,910 --> 00:10:07,260

object whatever it was

253

00:10:13,370 --> 00:10:10,920

somehow someway went exactly to his cap

254

00:10:14,930 --> 00:10:13,380

station his not someone other not

255

00:10:15,710 --> 00:10:14,940

assigned to someone else but his cap

256

00:10:19,250 --> 00:10:15,720

station

257

00:10:21,230 --> 00:10:19,260

and because they're specifically

258

00:10:23,449 --> 00:10:21,240

assigned to people uh different

259

00:10:25,850 --> 00:10:23,459

elements of the the

260

00:10:29,210 --> 00:10:25,860

of the flight that goes up

261

00:10:31,069 --> 00:10:29,220

and oh my God

262

00:10:34,009 --> 00:10:31,079

how do you explain that which I mean I

263

00:10:36,050 --> 00:10:34,019

what's your explanation I I'd love to

264

00:10:38,810 --> 00:10:36,060

hear it because I don't have one I

265

00:10:41,030 --> 00:10:38,820

to this moment I'm baffled huh

266

00:10:42,650 --> 00:10:41,040

this thing knew I think and and then

267

00:10:43,730 --> 00:10:42,660

when we recently went off SoCal we're

268

00:10:45,470 --> 00:10:43,740

going to talk about this later with

269

00:10:46,550 --> 00:10:45,480

Caroline Corey's movie a terror in this

270

00:10:48,650 --> 00:10:46,560

guy

271

00:10:50,509 --> 00:10:48,660

um one of the researchers um Matthew

272

00:10:52,130 --> 00:10:50,519

zydogas came up to me and said Hey Kevin

273

00:10:54,889 --> 00:10:52,140

I got a question for you say what what's

274

00:10:56,569 --> 00:10:54,899

that sir he said do you think intentions

275

00:10:58,130 --> 00:10:56,579

have something to do with this and I

276

00:11:00,829 --> 00:10:58,140

looked at him and he he was kind of

277

00:11:02,509 --> 00:11:00,839

emotional I said uh yes sir

278

00:11:05,329 --> 00:11:02,519

um I think that lesson was pretty clear

279

00:11:06,829 --> 00:11:05,339

in 2004 I think that's why it went to

280

00:11:10,509 --> 00:11:06,839

our cap station

281

00:11:14,889 --> 00:11:13,430

I think they were telling me

282

00:11:17,870 --> 00:11:14,899

maybe

283

00:11:19,970 --> 00:11:17,880

God I hate that it's hard for me because

284

00:11:22,550 --> 00:11:19,980

I I'm just a normal guy man I didn't ask

285

00:11:25,009 --> 00:11:22,560

for this [h\_\_h] but we have to we have to

286

00:11:27,590 --> 00:11:25,019

we have to somehow I'm caught up in it

287

00:11:28,850 --> 00:11:27,600

and I've got to do this you know

288

00:11:30,710 --> 00:11:28,860

and

289

00:11:32,810 --> 00:11:30,720

because but some of the things I say

290

00:11:34,970 --> 00:11:32,820

they sound so egotistical but they're

291

00:11:36,470 --> 00:11:34,980

not meant to be it's just it's a

292

00:11:38,389 --> 00:11:36,480

reflection of what I'm going through in

293

00:11:41,630 --> 00:11:38,399

the reality of it

294

00:11:43,670 --> 00:11:41,640

so it's hard you know it's hard for me

295

00:11:45,350 --> 00:11:43,680

to come out like this because I just

296

00:11:47,690 --> 00:11:45,360

want to be a normal person and have a

297

00:11:49,370 --> 00:11:47,700

normal life I don't want to be famous I

298

00:11:51,170 --> 00:11:49,380

don't want to be rich

299

00:11:53,389 --> 00:11:51,180

I just want to help people at this point

300

00:11:56,690 --> 00:11:53,399

that's what I want I know who I work for

301  
00:11:58,550 --> 00:11:56,700  
we we are here with you brother and uh

302  
00:12:00,290 --> 00:11:58,560  
we're not here to judge we're not here

303  
00:12:02,449 --> 00:12:00,300  
to extract we're here to just kick

304  
00:12:04,490 --> 00:12:02,459  
around some ideas with someone who has

305  
00:12:07,310 --> 00:12:04,500  
more expertise in us and we greatly

306  
00:12:09,410 --> 00:12:07,320  
appreciate and uh respect that everyone

307  
00:12:12,370 --> 00:12:09,420  
will speak with us and let me turn it

308  
00:12:17,509 --> 00:12:15,230  
for this journey that's all I got to say

309  
00:12:20,030 --> 00:12:17,519  
and and

310  
00:12:21,530 --> 00:12:20,040  
it took me forever to figure this out

311  
00:12:22,910 --> 00:12:21,540  
you know and um

312  
00:12:24,710 --> 00:12:22,920  
you know when this first started

313  
00:12:26,389 --> 00:12:24,720

happening I was concerned about safety

314

00:12:29,030 --> 00:12:26,399

of flight and I still am it's one of my

315

00:12:31,129 --> 00:12:29,040

primary concerns but the post Tic Tac

316

00:12:32,990 --> 00:12:31,139

thing if I could just kind of keep going

317

00:12:34,970 --> 00:12:33,000

with the story here because this is this

318

00:12:38,210 --> 00:12:34,980

isn't my message right here I'm about to

319

00:12:39,410 --> 00:12:38,220

get to my seven days message

320

00:12:41,090 --> 00:12:39,420

excuse me

321

00:12:42,769 --> 00:12:41,100

post Tic Tac I'll lead the defense

322

00:12:45,290 --> 00:12:42,779

contractor names addict because they

323

00:12:47,870 --> 00:12:45,300

were good people and they were just like

324

00:12:50,329 --> 00:12:47,880

to anyone else at the time I I would in

325

00:12:51,949 --> 00:12:50,339

meetings I say hey guys we got guys and

326

00:12:54,590 --> 00:12:51,959

gals we got a problem here off San Diego

327

00:12:57,050 --> 00:12:54,600

at uh safety or flight issue and they

328

00:12:58,730 --> 00:12:57,060

they what's up Kevin what's going on and

329

00:13:00,530 --> 00:12:58,740

I would try to describe what what

330

00:13:03,530 --> 00:13:00,540

happened in o4

331

00:13:05,750 --> 00:13:03,540

and all they heard all they could hear

332

00:13:08,389 --> 00:13:05,760

was UFO

333

00:13:09,590 --> 00:13:08,399

and I I literally got laughed out of

334

00:13:11,569 --> 00:13:09,600

meetings

335

00:13:12,590 --> 00:13:11,579

I can't even tell you how bad that hurt

336

00:13:14,030 --> 00:13:12,600

man

337

00:13:17,150 --> 00:13:14,040

it

338

00:13:19,190 --> 00:13:17,160

at one at one point um

339

00:13:20,569 --> 00:13:19,200

I got so damn frustrated I went home and

340

00:13:22,250 --> 00:13:20,579

I wrote a book

341

00:13:23,990 --> 00:13:22,260

um called I wrote a short story about

342

00:13:27,290 --> 00:13:24,000

the whole thing he changed all the names

343

00:13:28,790 --> 00:13:27,300

it's called The Seer I published it in

344

00:13:30,650 --> 00:13:28,800

the library at congress with some other

345

00:13:32,870 --> 00:13:30,660

short stories it's called Sailors

346

00:13:34,730 --> 00:13:32,880

Anthology and the reason why I did that

347

00:13:36,530 --> 00:13:34,740

is twofold one to get it off my chest in

348

00:13:38,150 --> 00:13:36,540

a positive way and two

349

00:13:39,889 --> 00:13:38,160

I put it in the Library of Congress just

350

00:13:41,990 --> 00:13:39,899

in case the story ever did become public

351

00:13:44,750 --> 00:13:42,000

my little book I published in February

352

00:13:47,990 --> 00:13:44,760

2009 would become direct evidence that

353

00:13:51,650 --> 00:13:48,000

the event itself actually happened

354

00:13:53,269 --> 00:13:51,660

and my book is now is a little bird told

355

00:13:54,829 --> 00:13:53,279

me it's one of the reasons why the

356

00:13:57,829 --> 00:13:54,839

government had to come out and say yeah

357

00:13:59,689 --> 00:13:57,839

or uint is real I mean how how

358

00:14:00,949 --> 00:13:59,699

there's no way to explain my book

359

00:14:03,110 --> 00:14:00,959

otherwise

360

00:14:05,629 --> 00:14:03,120

unless I have a time machine

361

00:14:07,970 --> 00:14:05,639

which I don't

362

00:14:08,810 --> 00:14:07,980

I have no doubt uh with no doubt about

363

00:14:11,389 --> 00:14:08,820

it

364

00:14:13,009 --> 00:14:11,399

yeah so I know I kind of went off the

365

00:14:15,590 --> 00:14:13,019

track with your spy question a little

366

00:14:17,509 --> 00:14:15,600

bit but no it's all related you know

367

00:14:20,030 --> 00:14:17,519

we're here this is what we're here for

368

00:14:22,009 --> 00:14:20,040

uh I just don't want to hog up all all

369

00:14:24,050 --> 00:14:22,019

the Kevin day I got to give it up to my

370

00:14:26,750 --> 00:14:24,060

brother money Nathan thank you Kevin

371

00:14:29,810 --> 00:14:26,760

yeah it's uh it's an honor to have you

372

00:14:32,030 --> 00:14:29,820

with us and uh do more than one show

373

00:14:33,889 --> 00:14:32,040

yeah yes we will you're welcome anytime

374

00:14:35,689 --> 00:14:33,899

anytime yep

375

00:14:38,090 --> 00:14:35,699

um I was having lunch with my dad today

376

00:14:40,730 --> 00:14:38,100

and we were talking about leadership and

377

00:14:42,949 --> 00:14:40,740

uh I won't tell you in what context but

378

00:14:44,509 --> 00:14:42,959

kind of we land on this this notion that

379

00:14:45,889 --> 00:14:44,519

some of the greatest leaders don't

380

00:14:47,870 --> 00:14:45,899

really want to lead

381

00:14:51,590 --> 00:14:47,880

uh they lead because they kind of have

382

00:14:52,910 --> 00:14:51,600

to and uh I just want to thank you for

383

00:14:54,290 --> 00:14:52,920

what you have done and the courage it

384

00:14:56,269 --> 00:14:54,300

took I know I hear what you're saying

385

00:14:57,949 --> 00:14:56,279

it's not something you have sought you

386

00:14:59,750 --> 00:14:57,959

know you just had to do this because you

387

00:15:02,629 --> 00:14:59,760

felt it was the right thing and along

388

00:15:03,889 --> 00:15:02,639

that same sort of line I know that we've

389

00:15:05,990 --> 00:15:03,899

had some hearings recently we've had

390

00:15:08,389 --> 00:15:06,000

some legislation that's been introduced

391

00:15:10,250 --> 00:15:08,399

that seems to really want to get at the

392

00:15:12,170 --> 00:15:10,260

heart of this Congress seems to want to

393

00:15:13,550 --> 00:15:12,180

try to solve as you said the safety of

394

00:15:16,189 --> 00:15:13,560

flight issue among many other issues

395

00:15:19,850 --> 00:15:16,199

related to this topic what was it like

396

00:15:22,610 --> 00:15:19,860

for you sort of seeing that progress uh

397

00:15:23,930 --> 00:15:22,620

take place in our in in our Congress are

398

00:15:25,009 --> 00:15:23,940

you optimistic

399

00:15:26,750 --> 00:15:25,019

um and then the second part of this

400

00:15:28,550 --> 00:15:26,760

question is what do you think about

401  
00:15:30,230 --> 00:15:28,560  
those who are in the role that you had

402  
00:15:31,670 --> 00:15:30,240  
who are out at Sea right now how do you

403  
00:15:33,829 --> 00:15:31,680  
think they're they're feeling about what

404  
00:15:35,689 --> 00:15:33,839  
they're seeing in this topic

405  
00:15:37,550 --> 00:15:35,699  
I think I'll take the second part of the

406  
00:15:40,370 --> 00:15:37,560  
question first I think active duty

407  
00:15:42,050 --> 00:15:40,380  
military now is greatly relieved

408  
00:15:44,389 --> 00:15:42,060  
that if they see something on patrol

409  
00:15:46,009 --> 00:15:44,399  
they can actually say something and not

410  
00:15:48,530 --> 00:15:46,019  
be looked at like they're crazy or

411  
00:15:50,150 --> 00:15:48,540  
immediately even a piss test

412  
00:15:52,430 --> 00:15:50,160  
to see if they've been smoking something

413  
00:15:54,650 --> 00:15:52,440

you know which one of my bosses

414

00:15:56,150 --> 00:15:54,660

literally asked me Kevin what the hell

415

00:15:57,170 --> 00:15:56,160

you been smoking you know when I showed

416

00:15:59,090 --> 00:15:57,180

him my book

417

00:16:00,769 --> 00:15:59,100

god that hurt I can't even tell you how

418

00:16:05,389 --> 00:16:00,779

bad that hurt I'd known that guy all my

419

00:16:06,410 --> 00:16:05,399

career and I was like what are you what

420

00:16:08,870 --> 00:16:06,420

but anyway

421

00:16:11,090 --> 00:16:08,880

um active duty military nowadays are I

422

00:16:13,730 --> 00:16:11,100

think they're greatly relieved I really

423

00:16:16,569 --> 00:16:13,740

do and what was the first part of the

424

00:16:20,090 --> 00:16:16,579

question with the legislative uh

425

00:16:21,590 --> 00:16:20,100

progression yeah as a matter of fact um

426

00:16:24,949 --> 00:16:21,600

uh

427

00:16:29,210 --> 00:16:24,959

my our attorney at uapx has set Congress

428

00:16:30,889 --> 00:16:29,220

to letters um offering myself to testify

429

00:16:33,230 --> 00:16:30,899

which I

430

00:16:35,389 --> 00:16:33,240

um that's my goal I I would very much

431

00:16:37,790 --> 00:16:35,399

like it in front of Congress because I

432

00:16:39,769 --> 00:16:37,800

can tell you right now

433

00:16:42,050 --> 00:16:39,779

um if they get me if they get me in

434

00:16:44,090 --> 00:16:42,060

front of that Congress it's going to be

435

00:16:46,069 --> 00:16:44,100

C-SPAN history because I'm gonna turn

436

00:16:47,509 --> 00:16:46,079

some heads believe me because there's no

437

00:16:50,629 --> 00:16:47,519

way they're going to be look be able to

438

00:16:53,269 --> 00:16:50,639

look at me and say I'm lying nope

439

00:16:55,370 --> 00:16:53,279

it it doesn't look like that's their aim

440

00:16:57,590 --> 00:16:55,380

the way that they're they seem to be

441

00:16:59,449 --> 00:16:57,600

very generous with people that are that

442

00:17:02,449 --> 00:16:59,459

are yeah I understand I understand their

443

00:17:03,949 --> 00:17:02,459

positions I mean they're they're elected

444

00:17:05,210 --> 00:17:03,959

from the state of beautiful state of

445

00:17:06,710 --> 00:17:05,220

Pennsylvania or something right they're

446

00:17:08,329 --> 00:17:06,720

just a regular person

447

00:17:10,189 --> 00:17:08,339

and you know what they're trying to do

448

00:17:11,630 --> 00:17:10,199

the best they can and this whole thing

449

00:17:13,610 --> 00:17:11,640

comes out of the blue at them and

450

00:17:15,409 --> 00:17:13,620

they're trying to get fighting to

451  
00:17:16,789 --> 00:17:15,419  
improve streets in their Hometown you

452  
00:17:18,850 --> 00:17:16,799  
know and it's like

453  
00:17:21,289 --> 00:17:18,860  
it's

454  
00:17:23,990 --> 00:17:21,299  
something's got to wake them up at least

455  
00:17:25,189 --> 00:17:24,000  
and wake up to even the wrong the wrong

456  
00:17:26,569 --> 00:17:25,199  
turn because it makes them sound bad

457  
00:17:28,490 --> 00:17:26,579  
which they're not most of them are

458  
00:17:30,350 --> 00:17:28,500  
probably really good people

459  
00:17:32,150 --> 00:17:30,360  
like most of people on this planet it's

460  
00:17:34,850 --> 00:17:32,160  
just a very few of us I think that

461  
00:17:36,529 --> 00:17:34,860  
messes I will I won't cuss but messes it

462  
00:17:38,690 --> 00:17:36,539  
up for the rest of us but most of us are

463  
00:17:40,430 --> 00:17:38,700

good including our Congress

464

00:17:43,909 --> 00:17:40,440

and

465

00:17:45,350 --> 00:17:43,919

of the other witnesses that have

466

00:17:47,750 --> 00:17:45,360

military

467

00:17:49,909 --> 00:17:47,760

that have had these experiences gets up

468

00:17:51,289 --> 00:17:49,919

in front of that Congress it'll make

469

00:17:53,510 --> 00:17:51,299

history

470

00:17:56,690 --> 00:17:53,520

yeah because something will happen out

471

00:17:59,330 --> 00:17:56,700

of it trust me I wanna I wanna just add

472

00:18:01,970 --> 00:17:59,340

I'm sorry go there's no way the bill

473

00:18:06,710 --> 00:18:04,370

I want to add one thing I mean the fact

474

00:18:08,870 --> 00:18:06,720

that you have the most qualified person

475

00:18:12,230 --> 00:18:08,880

to interpret the Spy one radar on the

476

00:18:14,450 --> 00:18:12,240

ship is you and so therefore that kind

477

00:18:16,970 --> 00:18:14,460

of testimony for people say I want data

478

00:18:19,370 --> 00:18:16,980

I want data I need expert testimony and

479

00:18:21,169 --> 00:18:19,380

data okay well you've you know you're

480

00:18:22,190 --> 00:18:21,179

not going to actually see the raw data

481

00:18:24,470 --> 00:18:22,200

but you're going to get the expert

482

00:18:26,630 --> 00:18:24,480

testimony and that's why you're I think

483

00:18:28,909 --> 00:18:26,640

you're very important is you didn't just

484

00:18:31,250 --> 00:18:28,919

see something with Mark 1 eyeballs that

485

00:18:35,210 --> 00:18:31,260

could be misinterpreted but you actually

486

00:18:37,789 --> 00:18:35,220

saw and were able to collect data using

487

00:18:39,890 --> 00:18:37,799

the best radar available at the time on

488

00:18:41,990 --> 00:18:39,900

this object and that is critical to

489

00:18:45,710 --> 00:18:42,000

those hearings in my opinion

490

00:18:47,990 --> 00:18:45,720

me too and um DJ don't give up hope um

491

00:18:49,549 --> 00:18:48,000

I'm not unconvinced at this point that

492

00:18:53,510 --> 00:18:49,559

that data might suddenly make an

493

00:18:56,870 --> 00:18:53,520

appearance if um during those hearings

494

00:18:58,250 --> 00:18:56,880

uh don't ask me how or why I feel that

495

00:19:00,669 --> 00:18:58,260

way but there's

496

00:19:05,330 --> 00:19:03,350

this thing changes you this experience

497

00:19:06,230 --> 00:19:05,340

it you know even astronauts are saying

498

00:19:08,570 --> 00:19:06,240

this now

499

00:19:10,789 --> 00:19:08,580

it and that's another thing I wanted to

500

00:19:13,190 --> 00:19:10,799

talk about before we run out of time is

501  
00:19:14,990 --> 00:19:13,200  
um and it's the second you know my my

502  
00:19:16,010 --> 00:19:15,000  
first problem with safety of fight now

503  
00:19:17,570 --> 00:19:16,020  
today

504  
00:19:18,950 --> 00:19:17,580  
looking back on this one I didn't

505  
00:19:21,650 --> 00:19:18,960  
understand it

506  
00:19:23,990 --> 00:19:21,660  
damn guys I I quit my job and I became

507  
00:19:26,390 --> 00:19:24,000  
obsessed with this idea that I could

508  
00:19:28,490 --> 00:19:26,400  
find the motherload for a 100 year old

509  
00:19:29,990 --> 00:19:28,500  
guiding um mining clay Mountain the

510  
00:19:31,909 --> 00:19:30,000  
Wilderness I'm like tell me out this

511  
00:19:34,850 --> 00:19:31,919  
Wilderness here in southern Oregon

512  
00:19:37,190 --> 00:19:34,860  
so

513  
00:19:39,110 --> 00:19:37,200

my my entire family thought I had gone

514

00:19:40,669 --> 00:19:39,120

insane I'm convinced of it I was

515

00:19:44,029 --> 00:19:40,679

suddenly living out in the wilderness my

516

00:19:46,610 --> 00:19:44,039

wife of 20 plus years have left me I was

517

00:19:48,230 --> 00:19:46,620

10 but I was obsessed with this idea

518

00:19:50,150 --> 00:19:48,240

that I could find the motherload and you

519

00:19:54,169 --> 00:19:50,160

know what I did

520

00:19:56,570 --> 00:19:54,179

I did find it and in fact it's there's a

521

00:19:59,270 --> 00:19:56,580

chance it could become one of the hugest

522

00:20:02,029 --> 00:19:59,280

finds ever found

523

00:20:04,610 --> 00:20:02,039

because of the fact that the job type of

524

00:20:07,310 --> 00:20:04,620

geology is um is called the Josephine

525

00:20:09,110 --> 00:20:07,320

ophiolite and what it is it starts at

526  
00:20:10,430 --> 00:20:09,120  
the Memphis ocean and it's the spreading

527  
00:20:12,230 --> 00:20:10,440  
arcs and they're loaded with

528  
00:20:14,029 --> 00:20:12,240  
hydrothermal that's as you know and

529  
00:20:16,070 --> 00:20:14,039  
these things lay down mineral deposits

530  
00:20:17,870 --> 00:20:16,080  
well this whole this whole piece of

531  
00:20:20,990 --> 00:20:17,880  
geology goes from Northern California to

532  
00:20:22,610 --> 00:20:21,000  
Southern Oregon it it came over to the

533  
00:20:24,110 --> 00:20:22,620  
West Coast United States and instead of

534  
00:20:26,090 --> 00:20:24,120  
getting subducted because it's so heavy

535  
00:20:27,890 --> 00:20:26,100  
like um ground number to get subducted

536  
00:20:31,070 --> 00:20:27,900  
under continental plates because plates

537  
00:20:33,470 --> 00:20:31,080  
are they float right well an opiod gets

538  
00:20:34,270 --> 00:20:33,480

stuck on dry land and that's what we got

539

00:20:37,070 --> 00:20:34,280

here

540

00:20:39,169 --> 00:20:37,080

and for decades now I mean they've known

541

00:20:41,090 --> 00:20:39,179

about that it was unminable because it's

542

00:20:42,590 --> 00:20:41,100

in the wilderness and of course and I

543

00:20:44,870 --> 00:20:42,600

agree man you ain't tearing up my

544

00:20:47,210 --> 00:20:44,880

Wilderness no freaking way that place is

545

00:20:48,770 --> 00:20:47,220

primordial and it's beautiful I would

546

00:20:51,890 --> 00:20:48,780

defend it with my life

547

00:20:54,169 --> 00:20:51,900

however when the um

548

00:20:55,549 --> 00:20:54,179

the their moon mission came up with Elon

549

00:20:57,289 --> 00:20:55,559

Musk I said why not I'm going to go

550

00:20:59,630 --> 00:20:57,299

ahead and apply

551

00:21:00,830 --> 00:20:59,640

so I applied and I send them all my

552

00:21:02,630 --> 00:21:00,840

research because they wanted to know

553

00:21:03,890 --> 00:21:02,640

okay how does going with us going to

554

00:21:04,610 --> 00:21:03,900

change what you're doing here on the

555

00:21:07,010 --> 00:21:04,620

planet

556

00:21:08,750 --> 00:21:07,020

so I applied and I send them all my

557

00:21:10,549 --> 00:21:08,760

research

558

00:21:12,289 --> 00:21:10,559

and about four days later I was right

559

00:21:14,149 --> 00:21:12,299

outside the house and I noticed his um

560

00:21:16,010 --> 00:21:14,159

low flying jet aircraft pure white

561

00:21:16,970 --> 00:21:16,020

flying North and South directly over the

562

00:21:18,830 --> 00:21:16,980

wilderness

563

00:21:21,110 --> 00:21:18,840

and I thought now that's really weird

564

00:21:22,850 --> 00:21:21,120

that I didn't live in here how I grew up

565

00:21:25,190 --> 00:21:22,860

here and I've never seen any jet fly

566

00:21:26,630 --> 00:21:25,200

over that Wilderness I didn't even think

567

00:21:29,570 --> 00:21:26,640

it was legal

568

00:21:33,230 --> 00:21:29,580

it turns out it was a NASA flight on a

569

00:21:34,730 --> 00:21:33,240

geodetic mission and I send you the I

570

00:21:35,930 --> 00:21:34,740

got pictures of it I don't know if I

571

00:21:37,490 --> 00:21:35,940

sent it to you guys or not but I sure

572

00:21:40,909 --> 00:21:37,500

will I'll send you my I'll show you all

573

00:21:42,529 --> 00:21:40,919

my research and you you do have it no I

574

00:21:46,850 --> 00:21:42,539

don't we we would like to see it though

575

00:21:51,470 --> 00:21:49,610

the thing you okay why must right well

576

00:21:53,450 --> 00:21:51,480

the thing is it in part of my

577

00:21:55,850 --> 00:21:53,460

application I included the suggestion

578

00:21:57,350 --> 00:21:55,860

hey uh sir with your new boring

579

00:21:59,870 --> 00:21:57,360

technology he's putting in the tunnels

580

00:22:03,289 --> 00:21:59,880

between LA and Las Vegas you might be

581

00:22:05,090 --> 00:22:03,299

able to repurpose that to mine something

582

00:22:06,590 --> 00:22:05,100

like an old fee like from below the

583

00:22:10,490 --> 00:22:06,600

ground and never touch a blade of grass

584

00:22:14,990 --> 00:22:12,409

think about it and when he says boring

585

00:22:16,789 --> 00:22:15,000

he doesn't mean boring he means no he

586

00:22:18,730 --> 00:22:16,799

means making tunnels drilling yeah

587

00:22:25,149 --> 00:22:18,740

kicking rocks out of the ground yeah

588

00:22:29,870 --> 00:22:28,010

and you wonder how okay how much are we

589

00:22:31,850 --> 00:22:29,880

talking about Kevin

590

00:22:35,090 --> 00:22:31,860

um I think it's trillions with a capital

591

00:22:36,470 --> 00:22:35,100

T man wow and there there's Metals there

592

00:22:38,510 --> 00:22:36,480

are minerals down there's gold I mean we

593

00:22:40,850 --> 00:22:38,520

had gold right but there's more than

594

00:22:42,649 --> 00:22:40,860

gold down there's um there's every Rare

595

00:22:44,270 --> 00:22:42,659

Element on the planet my grandpa was

596

00:22:46,310 --> 00:22:44,280

telling these stories about it

597

00:22:48,350 --> 00:22:46,320

and the the whole reason why I even

598

00:22:50,090 --> 00:22:48,360

figured it out is because

599

00:22:52,190 --> 00:22:50,100

when I first became aware of it I was

600

00:22:54,649 --> 00:22:52,200

thinking gold nuggets like all the gold

601  
00:22:55,850 --> 00:22:54,659  
mining here right he said no Kevin you

602  
00:22:58,250 --> 00:22:55,860  
got it wrong I said what do you mean sir

603  
00:23:00,590 --> 00:22:58,260  
he said the stuff we were getting and we

604  
00:23:02,409 --> 00:23:00,600  
probably lost more than we ever found

605  
00:23:05,090 --> 00:23:02,419  
when you looked at it through a

606  
00:23:07,130 --> 00:23:05,100  
microscope magnifying like snowflakes

607  
00:23:08,750 --> 00:23:07,140  
they're like what

608  
00:23:10,430 --> 00:23:08,760  
because I'm thinking to my mind okay if

609  
00:23:12,409 --> 00:23:10,440  
it traveled at all it's gonna look like

610  
00:23:13,789 --> 00:23:12,419  
a little tiny ball bearings and could it

611  
00:23:15,950 --> 00:23:13,799  
gets gonna get it's soft it's going to

612  
00:23:18,110 --> 00:23:15,960  
get beat up it can't be coming from very

613  
00:23:19,909 --> 00:23:18,120

far away from where they're getting it

614

00:23:21,770 --> 00:23:19,919

and that kind of one thing led to

615

00:23:24,590 --> 00:23:21,780

another and I was able to figure out the

616

00:23:27,950 --> 00:23:24,600

whole opioid thing and Bam there you go

617

00:23:29,029 --> 00:23:27,960

I I in my heart or hearts and I know

618

00:23:31,610 --> 00:23:29,039

this sounds

619

00:23:32,810 --> 00:23:31,620

fill in the bank with the cuss word

620

00:23:40,850 --> 00:23:32,820

I

621

00:23:42,169 --> 00:23:40,860

suddenly becoming obsessed with this

622

00:23:44,390 --> 00:23:42,179

idea and then

623

00:23:46,549 --> 00:23:44,400

turning it in to something that could

624

00:23:48,049 --> 00:23:46,559

quite literally take us to space

625

00:23:50,210 --> 00:23:48,059

exploration because we need those

626  
00:23:52,610 --> 00:23:50,220  
there's there's minerals down there that

627  
00:23:53,570 --> 00:23:52,620  
we need for space exploration believe it

628  
00:23:56,570 --> 00:23:53,580  
or not

629  
00:23:59,750 --> 00:23:56,580  
and what about our national debt

630  
00:24:01,310 --> 00:23:59,760  
I I believe there's enough wealth down

631  
00:24:02,210 --> 00:24:01,320  
in this ground right below my feet right

632  
00:24:08,810 --> 00:24:02,220  
here

633  
00:24:10,909 --> 00:24:08,820  
because I know it sounds crazy but it's

634  
00:24:14,029 --> 00:24:10,919  
because of the type and the size of the

635  
00:24:16,010 --> 00:24:14,039  
geology that I'm talking about

636  
00:24:18,769 --> 00:24:16,020  
that's the reason right there

637  
00:24:20,690 --> 00:24:18,779  
well I mean we don't know well DJ here's

638  
00:24:23,029 --> 00:24:20,700

my problem yeah so

639

00:24:24,830 --> 00:24:23,039

the issue that I have today

640

00:24:27,289 --> 00:24:24,840

is when I was going through all these

641

00:24:28,850 --> 00:24:27,299

changes um my family had thought I had

642

00:24:31,250 --> 00:24:28,860

gone insane and that was just me and

643

00:24:32,450 --> 00:24:31,260

other people had kind of had similar

644

00:24:34,549 --> 00:24:32,460

experiences

645

00:24:36,289 --> 00:24:34,559

um that I've talked to since then but

646

00:24:38,210 --> 00:24:36,299

here's my question

647

00:24:42,649 --> 00:24:38,220

what if

648

00:24:45,049 --> 00:24:42,659

there was a worldwide Mass contact event

649

00:24:47,690 --> 00:24:45,059

and every single person on this planet

650

00:24:49,669 --> 00:24:47,700

started to change like I did and nobody

651  
00:24:51,830 --> 00:24:49,679  
knew why or how

652  
00:24:55,130 --> 00:24:51,840  
I'm telling you brother that might not

653  
00:24:57,710 --> 00:24:55,140  
end well for us Mastery and I I think

654  
00:24:59,810 --> 00:24:57,720  
that I think that is the reason why

655  
00:25:02,450 --> 00:24:59,820  
whatever this is

656  
00:25:05,210 --> 00:25:02,460  
has avoided us because they they know

657  
00:25:07,250 --> 00:25:05,220  
that a mass contact event might not end

658  
00:25:08,990 --> 00:25:07,260  
well for this planet

659  
00:25:10,909 --> 00:25:09,000  
and I think they learned that lesson

660  
00:25:13,430 --> 00:25:10,919  
maybe centuries ago when they did try to

661  
00:25:17,269 --> 00:25:13,440  
contact us and it didn't end well

662  
00:25:19,250 --> 00:25:17,279  
yeah I think I I've I've been working on

663  
00:25:21,169 --> 00:25:19,260

that hypothesis for a couple of weeks

664

00:25:22,850 --> 00:25:21,179

now talked to Nathan about it haven't

665

00:25:26,570 --> 00:25:22,860

talked with Deb about it yet but I will

666

00:25:28,789 --> 00:25:26,580

and um it's uh not one of the things

667

00:25:31,490 --> 00:25:28,799

that I I'm happy about is certain

668

00:25:34,610 --> 00:25:31,500

people's reactions to things like Tic

669

00:25:37,070 --> 00:25:34,620

Tac that uh attempts to say this didn't

670

00:25:39,649 --> 00:25:37,080

happen it's human technology it's not

671

00:25:41,149 --> 00:25:39,659

real and even some even more ridiculous

672

00:25:43,850 --> 00:25:41,159

things that I wouldn't even repeat on

673

00:25:46,070 --> 00:25:43,860

air that I read this week but uh but you

674

00:25:48,830 --> 00:25:46,080

are not among those people right now and

675

00:25:53,029 --> 00:25:48,840

um Kev I'm going to turn you over to our

676  
00:25:56,710 --> 00:25:53,039  
researcher the host of Deb's data Dojo

677  
00:26:02,510 --> 00:26:00,289  
hi so I wanted to

678  
00:26:04,669 --> 00:26:02,520  
um instead of just doing a question I

679  
00:26:06,850 --> 00:26:04,679  
wanted to give you a chance to make a

680  
00:26:09,470 --> 00:26:06,860  
statement if you want to other

681  
00:26:12,350 --> 00:26:09,480  
experiencers or the public in general

682  
00:26:14,090 --> 00:26:12,360  
kind of about what you've been through

683  
00:26:15,710 --> 00:26:14,100  
um and I just wanted to give you room to

684  
00:26:17,810 --> 00:26:15,720  
do that

685  
00:26:19,490 --> 00:26:17,820  
so I guess if you needed in a question

686  
00:26:22,549 --> 00:26:19,500  
it's what would you say to the public

687  
00:26:27,649 --> 00:26:22,559  
about what happened for those who may

688  
00:26:32,450 --> 00:26:29,870

um don't be afraid

689

00:26:34,970 --> 00:26:32,460

yeah do not be do not be afraid just

690

00:26:37,610 --> 00:26:34,980

like the ancient words said

691

00:26:41,029 --> 00:26:39,529

if you if you encounter these things

692

00:26:47,029 --> 00:26:41,039

there

693

00:26:49,130 --> 00:26:47,039

to change you and and if you let it

694

00:26:51,710 --> 00:26:49,140

you don't freak out and it you know we

695

00:26:53,390 --> 00:26:51,720

don't they come on glued it's going to

696

00:26:54,830 --> 00:26:53,400

make you a better person

697

00:26:56,990 --> 00:26:54,840

somehow

698

00:26:58,370 --> 00:26:57,000

in some way it can give you new ability

699

00:27:01,310 --> 00:26:58,380

believe it or not can give you new

700

00:27:03,470 --> 00:27:01,320

abilities new talents out of the blue

701  
00:27:04,850 --> 00:27:03,480  
new talents

702  
00:27:08,029 --> 00:27:04,860  
um you can suddenly become more

703  
00:27:09,409 --> 00:27:08,039  
compassionate care about people

704  
00:27:12,769 --> 00:27:09,419  
um

705  
00:27:14,330 --> 00:27:12,779  
and I mean maybe it changes all in

706  
00:27:16,730 --> 00:27:14,340  
slightly different ways and for me it

707  
00:27:20,330 --> 00:27:16,740  
turned off any

708  
00:27:22,909 --> 00:27:20,340  
any and I've never been a um hungry for

709  
00:27:25,850 --> 00:27:22,919  
money type of guy anyway but I I don't

710  
00:27:28,430 --> 00:27:25,860  
have any interest in that you know what

711  
00:27:30,649 --> 00:27:28,440  
I I'm I'm comfortable and I'm happy and

712  
00:27:34,490 --> 00:27:30,659  
I love my family and people around me in

713  
00:27:35,990 --> 00:27:34,500

my community and my nine dogs and um

714

00:27:38,690 --> 00:27:36,000

you know what yeah

715

00:27:41,149 --> 00:27:38,700

they're I don't want to go out you know

716

00:27:43,430 --> 00:27:41,159

I I like like all of you I watch movies

717

00:27:45,169 --> 00:27:43,440

and listen to modern rock and all that

718

00:27:46,909 --> 00:27:45,179

stuff and I look at these people doing

719

00:27:47,870 --> 00:27:46,919

those performances and God bless them

720

00:27:52,070 --> 00:27:47,880

you know what

721

00:27:53,630 --> 00:27:52,080

the ugly side of it is those people bust

722

00:27:55,970 --> 00:27:53,640

their butts man

723

00:27:57,350 --> 00:27:55,980

that's hard work they're very nice they

724

00:27:59,690 --> 00:27:57,360

don't have you know they don't have the

725

00:28:02,090 --> 00:27:59,700

life I have and I don't want to lose

726  
00:28:03,830 --> 00:28:02,100  
this by doing something like that myself

727  
00:28:08,149 --> 00:28:03,840  
no way

728  
00:28:10,789 --> 00:28:08,159  
that's going and

729  
00:28:13,010 --> 00:28:10,799  
um very easy picky about who I talk to

730  
00:28:14,110 --> 00:28:13,020  
about this and stuff

731  
00:28:16,730 --> 00:28:14,120  
um

732  
00:28:18,289 --> 00:28:16,740  
I'm not looking to make a fortune out of

733  
00:28:20,450 --> 00:28:18,299  
this I don't it's hard to explain but

734  
00:28:22,490 --> 00:28:20,460  
that's how I feel we're very grateful

735  
00:28:24,529 --> 00:28:22,500  
that we're among the people that you

736  
00:28:25,510 --> 00:28:24,539  
talk to especially today on your

737  
00:28:31,789 --> 00:28:25,520  
birthday

738  
00:28:34,310 --> 00:28:31,799

missed it we did hang sing him happy

739

00:28:35,930 --> 00:28:34,320

birthday backstage tupacabra you could

740

00:28:38,210 --> 00:28:35,940

have been there because you could have

741

00:28:40,730 --> 00:28:38,220

offered that baritone that we needed uh

742

00:28:42,169 --> 00:28:40,740

we didn't have the baritone so uh but

743

00:28:44,049 --> 00:28:42,179

you know what I'm gonna forgive you you

744

00:28:46,789 --> 00:28:44,059

can do it when you come on air with us

745

00:28:48,769 --> 00:28:46,799

uh Deb did you have follow-up are we

746

00:28:49,970 --> 00:28:48,779

going to Steph now

747

00:28:51,590 --> 00:28:49,980

um I think we're ready to hear what

748

00:28:55,370 --> 00:28:51,600

Steph has to say

749

00:28:58,070 --> 00:28:55,380

yeah Stephanie hey hello and yes thank

750

00:28:59,810 --> 00:28:58,080

you for your service uh it's an honor to

751  
00:29:01,610 --> 00:28:59,820  
have you here and you know behind the

752  
00:29:03,289 --> 00:29:01,620  
scenes I was saying well you know we

753  
00:29:07,070 --> 00:29:03,299  
need to roll out the red carpet for you

754  
00:29:11,029 --> 00:29:07,080  
because truly I mean your vulnerability

755  
00:29:13,730 --> 00:29:11,039  
and the place that you were put into to

756  
00:29:16,970 --> 00:29:13,740  
the way that you were made to feel

757  
00:29:20,149 --> 00:29:16,980  
um really does speak volumes as to you

758  
00:29:23,149 --> 00:29:20,159  
know where your mind was in this you

759  
00:29:26,330 --> 00:29:23,159  
were ready to say hey look I don't care

760  
00:29:29,990 --> 00:29:26,340  
what anybody above me says this is my

761  
00:29:32,450 --> 00:29:30,000  
moment now to tell you what I I

762  
00:29:34,669 --> 00:29:32,460  
witnessed and I'm I'm tired of people

763  
00:29:36,889 --> 00:29:34,679

being made to feel that way so I just

764

00:29:38,990 --> 00:29:36,899

appreciate your vulnerability and coming

765

00:29:40,669 --> 00:29:39,000

forth and speaking about it and

766

00:29:43,010 --> 00:29:40,679

hopefully we'll see you you know in

767

00:29:45,289 --> 00:29:43,020

front of Congress and you know showing

768

00:29:48,409 --> 00:29:45,299

the data that you guys had that on radar

769

00:29:51,590 --> 00:29:48,419

that you collected and you know

770

00:29:55,190 --> 00:29:51,600

that just thank you I I uh I I just

771

00:29:58,370 --> 00:29:55,200

can't I can't say that enough because I

772

00:30:00,409 --> 00:29:58,380

do I do speak with experiencers on it on

773

00:30:04,970 --> 00:30:00,419

a pretty regular basis but they're

774

00:30:07,070 --> 00:30:04,980

civilians so we uh the civilians uh

775

00:30:09,110 --> 00:30:07,080

we're very excited to have you here

776

00:30:11,389 --> 00:30:09,120

speaking for us because really you're

777

00:30:15,590 --> 00:30:11,399

the one that's serving as that platform

778

00:30:20,110 --> 00:30:15,600

to um for experiencers so there there

779

00:30:22,730 --> 00:30:20,120

you go here you are and here we are

780

00:30:24,769 --> 00:30:22,740

DJ can relate to us being military is

781

00:30:26,830 --> 00:30:24,779

our leadership in place that's right

782

00:30:30,289 --> 00:30:26,840

that's what it is yeah

783

00:30:32,350 --> 00:30:30,299

yes lead from the place the moment where

784

00:30:34,909 --> 00:30:32,360

you're at that's it right

785

00:30:37,549 --> 00:30:34,919

yeah and and well that's what we need

786

00:30:40,909 --> 00:30:37,559

and that's what you're serving as so

787

00:30:42,830 --> 00:30:40,919

um I did uh I did want to mention and we

788

00:30:44,529 --> 00:30:42,840

had it kind of uh Nathan kind of

789

00:30:47,990 --> 00:30:44,539

mentioned it already about

790

00:30:51,830 --> 00:30:48,000

ex-service members and veterans that had

791

00:30:53,990 --> 00:30:51,840

experiences well I did have a a veteran

792

00:30:55,250 --> 00:30:54,000

come forth that wanted to speak about

793

00:30:58,250 --> 00:30:55,260

something that had happened at

794

00:31:00,230 --> 00:30:58,260

Vandenberg and Vandenberg is Southern

795

00:31:04,009 --> 00:31:00,240

California for some of you who don't

796

00:31:07,730 --> 00:31:04,019

know and you know as he was talking

797

00:31:12,110 --> 00:31:07,740

about it you could tell that he had this

798

00:31:14,750 --> 00:31:12,120

kind of an anxious kind of thing about

799

00:31:16,430 --> 00:31:14,760

everything that he was kind of like

800

00:31:21,049 --> 00:31:16,440

unveiling we'll just say

801  
00:31:22,789 --> 00:31:21,059  
and so he uh he actually kind of stepped

802  
00:31:25,190 --> 00:31:22,799  
back a little bit because he wasn't

803  
00:31:27,710 --> 00:31:25,200  
ready to actually speak about it but he

804  
00:31:29,690 --> 00:31:27,720  
is a military member that you know

805  
00:31:31,370 --> 00:31:29,700  
they're they're wanting to kind of dust

806  
00:31:33,830 --> 00:31:31,380  
off the cobwebs and they're coming out

807  
00:31:36,649 --> 00:31:33,840  
of the woodwork because of these types

808  
00:31:39,289 --> 00:31:36,659  
of events so is there anything else that

809  
00:31:41,810 --> 00:31:39,299  
you would say to to speak directly to

810  
00:31:44,450 --> 00:31:41,820  
those individuals

811  
00:31:46,669 --> 00:31:44,460  
hang in there and you're not crazy yes

812  
00:31:48,529 --> 00:31:46,679  
yeah exactly and that and that's the

813  
00:31:50,810 --> 00:31:48,539

thing is people don't want to think that

814

00:31:52,850 --> 00:31:50,820

there's something that wrong with them

815

00:31:54,649 --> 00:31:52,860

you know they need to know hey I'm okay

816

00:31:57,830 --> 00:31:54,659

cool

817

00:31:59,750 --> 00:31:57,840

yeah and I I want to say that I find

818

00:32:01,690 --> 00:31:59,760

people that that do come out and talk

819

00:32:05,330 --> 00:32:01,700

about this like Stephanie like yourself

820

00:32:08,450 --> 00:32:05,340

to be very brave and I come at that from

821

00:32:11,870 --> 00:32:08,460

the perspective that when I was 14 I was

822

00:32:14,090 --> 00:32:11,880

uh I or 15. I I think it actually might

823

00:32:16,190 --> 00:32:14,100

have been 15. I saw I had a sighting in

824

00:32:17,950 --> 00:32:16,200

the Hudson Valley and I didn't tell my

825

00:32:21,529 --> 00:32:17,960

mother or my father or my brother

826

00:32:25,070 --> 00:32:21,539

because I had the fear of being made fun

827

00:32:27,590 --> 00:32:25,080

of uh but uh folks like yourself like

828

00:32:29,090 --> 00:32:27,600

Stephanie were able to overcome that and

829

00:32:32,509 --> 00:32:29,100

talk about it and say damn it I'm going

830

00:32:34,549 --> 00:32:32,519

to talk about it so uh very courageous

831

00:32:37,190 --> 00:32:34,559

um yeah the other thing I want to say is

832

00:32:40,130 --> 00:32:37,200

that we thought that one Kevin wasn't

833

00:32:42,350 --> 00:32:40,140

quite enough so we wanted to bring in

834

00:32:48,130 --> 00:32:42,360

another one and that is our very own

835

00:32:53,330 --> 00:32:51,049

hello Kevin welcome nice to meet you

836

00:32:58,909 --> 00:32:53,340

nice name yeah you got the traffic jam

837

00:33:02,630 --> 00:33:00,649

um did you want to jump in with your

838

00:33:04,250 --> 00:33:02,640

question right now Kev

839

00:33:07,370 --> 00:33:04,260

um let me see where you guys are at

840

00:33:08,830 --> 00:33:07,380

first I just got off work um yeah I even

841

00:33:11,950 --> 00:33:08,840

got myself

842

00:33:16,909 --> 00:33:14,870

I better not say Chico bail bonds or

843

00:33:19,669 --> 00:33:16,919

it's going to remind Uh Kevin and I have

844

00:33:22,250 --> 00:33:19,679

Bad News Bears uh anyway

845

00:33:24,350 --> 00:33:22,260

um no actually uh we have two uh mental

846

00:33:26,870 --> 00:33:24,360

health professionals that work with uh

847

00:33:29,690 --> 00:33:26,880

kid uh in the case of Deb kids and

848

00:33:32,149 --> 00:33:29,700

adults and kids in the case of Kevin and

849

00:33:35,930 --> 00:33:32,159

we're extremely proud of of uh the

850

00:33:38,149 --> 00:33:35,940

mentorship and the uh the uh uh the what

851

00:33:40,190 --> 00:33:38,159

would you call it uh the therapy that

852

00:33:42,169 --> 00:33:40,200

they provide uh people who need it so

853

00:33:46,009 --> 00:33:42,179

thank you

854

00:33:50,570 --> 00:33:46,019

um so here's a question that I have Kev

855

00:33:52,850 --> 00:33:50,580

so why if you were to take a guess

856

00:33:54,590 --> 00:33:52,860

why and so we're just speculating here

857

00:33:57,289 --> 00:33:54,600

because we don't know but why do you

858

00:33:59,990 --> 00:33:57,299

suppose that that particular phenomenon

859

00:34:03,889 --> 00:34:00,000

decided to jam Underwood's targeting

860

00:34:05,990 --> 00:34:03,899

radar but not your spy one radar do you

861

00:34:08,510 --> 00:34:06,000

believe that it's because it it could

862

00:34:11,089 --> 00:34:08,520

sense that your spy one radar was not a

863

00:34:13,310 --> 00:34:11,099

threat and that his targeting radar was

864

00:34:14,629 --> 00:34:13,320

a threat or what's your hypothesis on

865

00:34:19,190 --> 00:34:14,639

that

866

00:34:21,770 --> 00:34:19,200

ever heard actually yeah

867

00:34:25,750 --> 00:34:21,780

I would if there was a reason that might

868

00:34:27,909 --> 00:34:25,760

be it yeah eat wow I had a good theory

869

00:34:30,349 --> 00:34:27,919

oh my God

870

00:34:32,869 --> 00:34:30,359

hit the time stamp I mean I'm just

871

00:34:34,310 --> 00:34:32,879

kidding I mean I mean just like us right

872

00:34:36,770 --> 00:34:34,320

um whatever these objects are they're

873

00:34:38,990 --> 00:34:36,780

gonna um they're gonna sort threats in

874

00:34:40,490 --> 00:34:39,000

the order of highest to lowest so maybe

875

00:34:43,010 --> 00:34:40,500

that's what it was doing

876

00:34:45,409 --> 00:34:43,020

um it uh interpreted that plane's radar

877

00:34:48,349 --> 00:34:45,419

is the highest threat

878

00:34:50,629 --> 00:34:48,359

so it decided to jam it just in case I I

879

00:34:53,089 --> 00:34:50,639

a great question

880

00:34:54,409 --> 00:34:53,099

and if there is an answer that that's

881

00:34:56,930 --> 00:34:54,419

likely it

882

00:34:59,030 --> 00:34:56,940

it's a high RF energy you know it's a

883

00:35:01,849 --> 00:34:59,040

different energy than than the Spy one

884

00:35:04,370 --> 00:35:01,859

you know so I yeah I've I've felt it's

885

00:35:06,410 --> 00:35:04,380

like a pencil beam yeah yes it's like a

886

00:35:08,990 --> 00:35:06,420

laser compared to a full you know full

887

00:35:10,849 --> 00:35:09,000

spectrum yeah wait when anybody says

888

00:35:12,710 --> 00:35:10,859

laser we have to do the Dr Evil

889

00:35:15,790 --> 00:35:12,720

quotation marks yeah so if you don't

890

00:35:17,349 --> 00:35:15,800

thank you certainly all right

891

00:35:21,349 --> 00:35:17,359

Nathan

892

00:35:23,930 --> 00:35:21,359

not not my term yeah there you go uh so

893

00:35:25,490 --> 00:35:23,940

Kevin I we all um I think saw a tear in

894

00:35:26,870 --> 00:35:25,500

the sky really enjoyed the film really

895

00:35:29,030 --> 00:35:26,880

exciting to see like the science

896

00:35:30,310 --> 00:35:29,040

happening and what you guys are able to

897

00:35:32,690 --> 00:35:30,320

capture

898

00:35:34,730 --> 00:35:32,700

did you come away with the feeling that

899

00:35:36,650 --> 00:35:34,740

uh really this kind of activities

900

00:35:38,089 --> 00:35:36,660

happening pretty much everywhere all the

901  
00:35:40,730 --> 00:35:38,099  
time what's your feeling there what's

902  
00:35:42,530 --> 00:35:40,740  
your intuition on it

903  
00:35:45,050 --> 00:35:42,540  
oh my God

904  
00:35:47,390 --> 00:35:45,060  
I you know I I hesitate all the all the

905  
00:35:49,670 --> 00:35:47,400  
time to ask why me you know because it

906  
00:35:51,710 --> 00:35:49,680  
sounds so damn egotistical and I don't

907  
00:35:53,810 --> 00:35:51,720  
mean it to be that way but I can't and

908  
00:35:55,370 --> 00:35:53,820  
other people have asked me too it's like

909  
00:35:56,990 --> 00:35:55,380  
how come

910  
00:35:59,810 --> 00:35:57,000  
you you were the one that found him on

911  
00:36:01,609 --> 00:35:59,820  
radar Kevin and intercepted him and then

912  
00:36:04,609 --> 00:36:01,619  
in years go by and all of a sudden you

913  
00:36:06,170 --> 00:36:04,619

form this uh non-profit organization you

914

00:36:07,750 --> 00:36:06,180

guys will go off the coast and there

915

00:36:11,210 --> 00:36:07,760

they are again

916

00:36:13,910 --> 00:36:11,220

how how are you and why are you

917

00:36:15,170 --> 00:36:13,920

connected to these things somehow

918

00:36:17,329 --> 00:36:15,180

and

919

00:36:20,569 --> 00:36:17,339

I don't know a don't know that I am

920

00:36:23,089 --> 00:36:20,579

right it's just a it's a a coincidence

921

00:36:24,890 --> 00:36:23,099

and uh call it luck or unluck I don't

922

00:36:26,690 --> 00:36:24,900

know even know what the how did it put

923

00:36:30,109 --> 00:36:26,700

my arms around it

924

00:36:31,970 --> 00:36:30,119

um but it's a legitimate question not

925

00:36:33,290 --> 00:36:31,980

and I guess we'll see when we go out on

926

00:36:35,089 --> 00:36:33,300

the third one if we find him again

927

00:36:36,890 --> 00:36:35,099

because I I think these things are a

928

00:36:39,589 --> 00:36:36,900

real and I have for many many many many

929

00:36:43,190 --> 00:36:39,599

years in the government now says that

930

00:36:44,630 --> 00:36:43,200

I think b or they're findable and would

931

00:36:46,609 --> 00:36:44,640

you just proven that off the coast of

932

00:36:49,790 --> 00:36:46,619

California we deliberately went and we

933

00:36:51,290 --> 00:36:49,800

we did find them we got data I mean the

934

00:36:52,670 --> 00:36:51,300

data zero is getting crunched in

935

00:36:55,010 --> 00:36:52,680

academic papers right now from

936

00:36:58,430 --> 00:36:55,020

University at Albany New York

937

00:37:01,069 --> 00:36:58,440

and and see I believe these things are

938

00:37:05,089 --> 00:37:02,990

if we can at least begin to understand

939

00:37:07,550 --> 00:37:05,099

what this is

940

00:37:10,670 --> 00:37:07,560

those three things I believe and in my

941

00:37:12,890 --> 00:37:10,680

lifetime I hope I hope to prove it

942

00:37:16,490 --> 00:37:12,900

and if that's my contribution to this

943

00:37:18,650 --> 00:37:16,500

planet before I pass to then I'm happy

944

00:37:20,870 --> 00:37:18,660

and and can I say something Kevin this

945

00:37:23,569 --> 00:37:20,880

is for you and in the community we don't

946

00:37:26,089 --> 00:37:23,579

have to know why that you were there and

947

00:37:28,310 --> 00:37:26,099

why you observed it and why you know the

948

00:37:30,170 --> 00:37:28,320

fact that you were there we why should

949

00:37:32,030 --> 00:37:30,180

we worry about things that we can't

950

00:37:34,010 --> 00:37:32,040

control there are people in the

951  
00:37:37,010 --> 00:37:34,020  
community who are very very caught up in

952  
00:37:39,530 --> 00:37:37,020  
worrying about oh my God if we don't

953  
00:37:42,710 --> 00:37:39,540  
know what this phenomenon is and we

954  
00:37:45,290 --> 00:37:42,720  
can't control it then exactly we can't

955  
00:37:47,150 --> 00:37:45,300  
control it and we don't know so I'm not

956  
00:37:49,430 --> 00:37:47,160  
gonna I'm not gonna lie that's my

957  
00:37:50,930 --> 00:37:49,440  
concern yeah exactly yeah I'm not going

958  
00:37:53,030 --> 00:37:50,940  
to get concerned about where we can

959  
00:37:55,190 --> 00:37:53,040  
observe it we can get together like we

960  
00:37:56,750 --> 00:37:55,200  
are now and have discussions about it we

961  
00:37:58,910 --> 00:37:56,760  
can throw some theories around it we're

962  
00:38:00,589 --> 00:37:58,920  
thankful that someone who is on the most

963  
00:38:03,230 --> 00:38:00,599

advanced radar in the world at the time

964

00:38:04,930 --> 00:38:03,240

got to see one and collect data we don't

965

00:38:08,870 --> 00:38:04,940

have to why

966

00:38:10,490 --> 00:38:08,880

as far as why you or why not you or are

967

00:38:12,170 --> 00:38:10,500

you special are you not special let's

968

00:38:13,910 --> 00:38:12,180

just think about what we're seeing and

969

00:38:16,370 --> 00:38:13,920

analyze it we just looked at a couple

970

00:38:18,349 --> 00:38:16,380

things about the radar uh why did it Jam

971

00:38:20,569 --> 00:38:18,359

this radar not that that's interesting

972

00:38:22,849 --> 00:38:20,579

point of conversation there there are

973

00:38:24,890 --> 00:38:22,859

hundreds and thousands of interesting

974

00:38:26,990 --> 00:38:24,900

points to talk about without getting

975

00:38:29,390 --> 00:38:27,000

into it's real it's not real obviously

976

00:38:31,010 --> 00:38:29,400

it's real uh and let's just think see if

977

00:38:34,670 --> 00:38:31,020

we can kick it around and use our brain

978

00:38:37,550 --> 00:38:34,680

power instead of worrying about it

979

00:38:39,170 --> 00:38:37,560

amen DJ and you just um paraphrase my

980

00:38:39,890 --> 00:38:39,180

response to people when they ask me that

981

00:38:42,410 --> 00:38:39,900

question

982

00:38:44,870 --> 00:38:42,420

we don't need to worry about why it's

983

00:38:47,150 --> 00:38:44,880

just worry about how how do we figure

984

00:38:49,849 --> 00:38:47,160

this out at this point yeah let's figure

985

00:38:52,250 --> 00:38:49,859

out let's work on the how part yeah why

986

00:38:54,710 --> 00:38:52,260

was it Kevin why was it Gary what it

987

00:38:56,569 --> 00:38:54,720

doesn't matter why they were there why

988

00:38:58,910 --> 00:38:56,579

was it Stephanie who cares she was there

989

00:39:01,970 --> 00:38:58,920

she saw it yeah now let's talk about

990

00:39:03,290 --> 00:39:01,980

what you saw you know or you saw amen

991

00:39:05,630 --> 00:39:03,300

amen

992

00:39:07,550 --> 00:39:05,640

and I think money needs to be put in

993

00:39:11,210 --> 00:39:07,560

place to do exactly that

994

00:39:13,550 --> 00:39:11,220

and that's going to happen at Congress

995

00:39:15,410 --> 00:39:13,560

um and also private private um industry

996

00:39:16,750 --> 00:39:15,420

as well and that's happening too by the

997

00:39:18,950 --> 00:39:16,760

way yep

998

00:39:20,390 --> 00:39:18,960

is that right are you getting some good

999

00:39:21,710 --> 00:39:20,400

feelers there's new tech there's new

1000

00:39:23,150 --> 00:39:21,720

technologies that are going to come out

1001

00:39:24,650 --> 00:39:23,160

of this and stuff like that I mean

1002

00:39:26,770 --> 00:39:24,660

there's space travel and all the whole

1003

00:39:29,510 --> 00:39:26,780

nine yards yeah

1004

00:39:31,910 --> 00:39:29,520

would you like to talk about 1.6

1005

00:39:33,829 --> 00:39:31,920

gigahertz because uh the guys from

1006

00:39:36,230 --> 00:39:33,839

Skinwalker said that you guys were

1007

00:39:39,970 --> 00:39:36,240

seeing uh you were getting spikes and

1008

00:39:42,650 --> 00:39:39,980

hits uh uh that you would you would um

1009

00:39:45,230 --> 00:39:42,660

uh basically would be at the same time

1010

00:39:47,390 --> 00:39:45,240

parallel uh you were getting a 1.6

1011

00:39:49,250 --> 00:39:47,400

gigahertz uh Spike and then something

1012

00:39:51,650 --> 00:39:49,260

would happen or you would see something

1013

00:39:53,210 --> 00:39:51,660

can you can you speak about that a

1014

00:39:55,430 --> 00:39:53,220

little bit

1015

00:39:59,390 --> 00:39:55,440

um whatever these things are

1016

00:40:02,030 --> 00:39:59,400

um of SoCal else I mean

1017

00:40:03,470 --> 00:40:02,040

that I was I was more involved with the

1018

00:40:04,970 --> 00:40:03,480

operational aspects of all this stuff

1019

00:40:07,370 --> 00:40:04,980

because we had scientists there with all

1020

00:40:09,050 --> 00:40:07,380

the tech gear and stuff so they are the

1021

00:40:11,990 --> 00:40:09,060

true experts on that part of it if you

1022

00:40:13,490 --> 00:40:12,000

will I was more of the um the organizer

1023

00:40:14,809 --> 00:40:13,500

the manager kind of guy and made it all

1024

00:40:17,329 --> 00:40:14,819

happen

1025

00:40:19,730 --> 00:40:17,339

but whatever this hole in the sky was

1026

00:40:20,990 --> 00:40:19,740

there was objects solid objects that

1027

00:40:23,750 --> 00:40:21,000

came through them and when that happened

1028

00:40:25,130 --> 00:40:23,760

we got gamma-ray we got we detected

1029

00:40:28,730 --> 00:40:25,140

gamma rays

1030

00:40:30,109 --> 00:40:28,740

and um Kevin knuth comes Dr knuth comes

1031

00:40:31,370 --> 00:40:30,119

up to me says Hey Kevin I know you don't

1032

00:40:34,069 --> 00:40:31,380

know what you're really looking at here

1033

00:40:35,930 --> 00:40:34,079

but that's a gamma ray Spike

1034

00:40:37,430 --> 00:40:35,940

and I said sir what's the significance

1035

00:40:39,410 --> 00:40:37,440

of that he said what you've seen there

1036

00:40:41,270 --> 00:40:39,420

because we just got one a

1037

00:40:43,790 --> 00:40:41,280

just a short time ago or about a million

1038

00:40:46,970 --> 00:40:43,800

to one get them that close together

1039

00:40:50,089 --> 00:40:46,980

or more than that and it stunned me I

1040

00:40:56,270 --> 00:40:53,569

um I I knew and I knew in that moment we

1041

00:40:57,890 --> 00:40:56,280

had stumbled upon something truly

1042

00:41:01,010 --> 00:40:57,900

phenomenal again

1043

00:41:03,829 --> 00:41:01,020

in and it showed up for us

1044

00:41:05,150 --> 00:41:03,839

it showed up for us for some reason I

1045

00:41:06,650 --> 00:41:05,160

mean how do you explain it unless

1046

00:41:08,870 --> 00:41:06,660

there's been unless it's there all the

1047

00:41:09,890 --> 00:41:08,880

time and if you go back tomorrow and set

1048

00:41:11,870 --> 00:41:09,900

up your gear you're going to find them

1049

00:41:14,270 --> 00:41:11,880

again like some other team off the east

1050

00:41:16,730 --> 00:41:14,280

coast does it anyone that does it can go

1051  
00:41:18,829 --> 00:41:16,740  
find them at any time but sure I'm open

1052  
00:41:19,910 --> 00:41:18,839  
to that if that's the case my mind's

1053  
00:41:22,430 --> 00:41:19,920  
open

1054  
00:41:24,589 --> 00:41:22,440  
but all I know at this moment is we went

1055  
00:41:26,809 --> 00:41:24,599  
there and uh Our intention was to to

1056  
00:41:30,349 --> 00:41:26,819  
find them when we did

1057  
00:41:32,030 --> 00:41:30,359  
and this time the data isn't locked up

1058  
00:41:34,010 --> 00:41:32,040  
in the military Vault this time or

1059  
00:41:37,970 --> 00:41:34,020  
government Vault this time it's in the

1060  
00:41:40,309 --> 00:41:37,980  
academic Community the actual data and

1061  
00:41:41,569 --> 00:41:40,319  
my hat's off the entire to the entire

1062  
00:41:44,450 --> 00:41:41,579  
team

1063  
00:41:46,670 --> 00:41:44,460

David Mason the um he's out of Florida

1064

00:41:48,170 --> 00:41:46,680

he's invented a lot of this Gary the

1065

00:41:50,210 --> 00:41:48,180

guy's a genius

1066

00:41:51,650 --> 00:41:50,220

you know we used a lot of his gear we

1067

00:41:53,750 --> 00:41:51,660

used a lot of the quantum physicist

1068

00:41:54,890 --> 00:41:53,760

stuff out of their laboratory in New

1069

00:41:56,750 --> 00:41:54,900

York

1070

00:41:59,630 --> 00:41:56,760

um we got data that's probably never

1071

00:42:00,589 --> 00:41:59,640

been collected by for before it

1072

00:42:02,569 --> 00:42:00,599

um

1073

00:42:05,210 --> 00:42:02,579

most certainly at least by a civilian

1074

00:42:06,829 --> 00:42:05,220

team in Oregon you know a non-profit at

1075

00:42:08,930 --> 00:42:06,839

that you know none of us are in this to

1076

00:42:10,970 --> 00:42:08,940

make money far from it

1077

00:42:13,190 --> 00:42:10,980

I've spent more than I care to say about

1078

00:42:15,710 --> 00:42:13,200

you know

1079

00:42:18,829 --> 00:42:15,720

he was awesome we had to do it all again

1080

00:42:21,170 --> 00:42:18,839

I'd do it all again

1081

00:42:23,270 --> 00:42:21,180

yeah Dave Mason blew our mind up with

1082

00:42:24,650 --> 00:42:23,280

some of the things that he was uh some

1083

00:42:26,329 --> 00:42:24,660

of the things that he was bringing up on

1084

00:42:29,210 --> 00:42:26,339

here like the sound waves and stuff and

1085

00:42:30,410 --> 00:42:29,220

I was like but uh Steph wanted to Chum

1086

00:42:34,010 --> 00:42:30,420

me in with something and then we have

1087

00:42:35,930 --> 00:42:34,020

Deb's uh uh Debs will have a chance with

1088

00:42:38,290 --> 00:42:35,940

yeah well

1089

00:42:41,390 --> 00:42:38,300

um the next experiment that you guys do

1090

00:42:44,390 --> 00:42:41,400

I think as a suggestion it would be

1091

00:42:48,230 --> 00:42:44,400

really cool to have the triangle broaden

1092

00:42:50,270 --> 00:42:48,240

to Vandenberg 29 palms and Catalina so

1093

00:42:53,510 --> 00:42:50,280

almost just kind of expanding that out a

1094

00:42:55,069 --> 00:42:53,520

little bit whiter because when I I yeah

1095

00:42:57,890 --> 00:42:55,079

I mean I think that that would be a

1096

00:43:00,890 --> 00:42:57,900

perfect triangle I um when I did witness

1097

00:43:04,849 --> 00:43:00,900

it it was over the mountain from 29

1098

00:43:06,650 --> 00:43:04,859

Palms so uh there is definitely a lot of

1099

00:43:11,510 --> 00:43:06,660

activity near Joshua Tree I know you're

1100

00:43:13,670 --> 00:43:11,520

aware so you know maybe it's their Air

1101  
00:43:16,609 --> 00:43:13,680  
Force Base and then Vandenberg of course

1102  
00:43:18,349 --> 00:43:16,619  
would be a perfect spot so just a

1103  
00:43:20,210 --> 00:43:18,359  
suggestion I don't know if you guys are

1104  
00:43:23,050 --> 00:43:20,220  
there yet or if Caroline's open to

1105  
00:43:26,089 --> 00:43:23,060  
suggestions but yeah

1106  
00:43:28,550 --> 00:43:26,099  
triangle I'm sorry Nathan yeah no

1107  
00:43:31,010 --> 00:43:28,560  
seriously yeah three teams with a

1108  
00:43:33,950 --> 00:43:31,020  
similar gear at three locations yeah and

1109  
00:43:36,349 --> 00:43:33,960  
uh triangulate these things yep exactly

1110  
00:43:38,329 --> 00:43:36,359  
volunteering Deb for the uh the part

1111  
00:43:40,250 --> 00:43:38,339  
that's out near Joshua Tree she'll be

1112  
00:43:45,890 --> 00:43:40,260  
there with her gear I think it sounds

1113  
00:43:48,950 --> 00:43:47,690

you guys can help us organize the whole

1114

00:43:50,990 --> 00:43:48,960

thing because that's where a lot of the

1115

00:43:53,030 --> 00:43:51,000

work goes before most the work happens

1116

00:43:55,569 --> 00:43:53,040

before you even step foot on ground of

1117

00:43:59,990 --> 00:43:57,890

all the logistics

1118

00:44:02,390 --> 00:44:00,000

these people can organize let me tell

1119

00:44:05,270 --> 00:44:02,400

you now so all right devs what you got

1120

00:44:11,270 --> 00:44:08,210

um I just wanted to know if you've had

1121

00:44:13,790 --> 00:44:11,280

any other experiences since the initial

1122

00:44:19,370 --> 00:44:16,790

uh since the initial one no I have it in

1123

00:44:20,870 --> 00:44:19,380

fact uh before the show went on air we

1124

00:44:22,130 --> 00:44:20,880

were talking about Bigfoot now uh

1125

00:44:23,870 --> 00:44:22,140

Southern Oregon

1126

00:44:26,030 --> 00:44:23,880

um the Illinois Valley and of course

1127

00:44:27,589 --> 00:44:26,040

this is Bigfoot country in fact I lived

1128

00:44:29,569 --> 00:44:27,599

in a little town called Cave Junction

1129

00:44:31,190 --> 00:44:29,579

the Oregon Caves are right up the road

1130

00:44:32,510 --> 00:44:31,200

for me beautiful if you've never been or

1131

00:44:35,930 --> 00:44:32,520

marble caves

1132

00:44:38,390 --> 00:44:35,940

and I grew up here and I spent more time

1133

00:44:40,790 --> 00:44:38,400

in that Wilderness than probably 99.9

1134

00:44:41,950 --> 00:44:40,800

percent of the people living here

1135

00:44:45,829 --> 00:44:41,960

um

1136

00:44:46,569 --> 00:44:45,839

I have never seen a Bigfoot

1137

00:44:48,950 --> 00:44:46,579

um

1138

00:44:50,510 --> 00:44:48,960

it doesn't mean anything because other

1139

00:44:52,790 --> 00:44:50,520

people certainly have and I believe them

1140

00:44:53,569 --> 00:44:52,800

why would they freaking lie about that I

1141

00:44:55,430 --> 00:44:53,579

mean

1142

00:44:57,050 --> 00:44:55,440

but I'm talking about firemen and police

1143

00:44:58,849 --> 00:44:57,060

off people with credibility you know

1144

00:45:00,829 --> 00:44:58,859

like they don't have no reason to lie

1145

00:45:04,190 --> 00:45:00,839

about that it's just me I've never seen

1146

00:45:07,490 --> 00:45:04,200

one out is it related to whatever is out

1147

00:45:09,230 --> 00:45:07,500

there in the sky possibly uh the same

1148

00:45:12,650 --> 00:45:09,240

question goes for whales

1149

00:45:14,390 --> 00:45:12,660

uh I personally going back to 2004 I was

1150

00:45:16,010 --> 00:45:14,400

an avid whale Watcher during my Navy

1151

00:45:18,349 --> 00:45:16,020

days right

1152

00:45:20,450 --> 00:45:18,359

um this afternoon in November the whales

1153

00:45:22,190 --> 00:45:20,460

tend to they migrate from Catalina down

1154

00:45:24,530 --> 00:45:22,200

to Guadalupe island off the coast of

1155

00:45:26,270 --> 00:45:24,540

Mexico and every we had we tracked about

1156

00:45:28,790 --> 00:45:26,280

100 of these objects in groups of five

1157

00:45:31,010 --> 00:45:28,800

to ten at a time between I don't know

1158

00:45:32,870 --> 00:45:31,020

over the course of maybe seven days add

1159

00:45:34,790 --> 00:45:32,880

them all up about 100 contacts every

1160

00:45:36,410 --> 00:45:34,800

single one of them disappeared off my

1161

00:45:38,510 --> 00:45:36,420

radar remember we're moving all over the

1162

00:45:40,970 --> 00:45:38,520

ocean so my radar envelopes moving with

1163

00:45:43,250 --> 00:45:40,980

us right but every one of these objects

1164

00:45:44,750 --> 00:45:43,260

move disappeared off radar depend not

1165

00:45:48,290 --> 00:45:44,760

matter where we were

1166

00:45:50,510 --> 00:45:48,300

directly over Guadalupe Island

1167

00:45:53,030 --> 00:45:50,520

I think they are related to the whales

1168

00:45:55,190 --> 00:45:53,040

and because of that I it's not

1169

00:45:57,290 --> 00:45:55,200

impossible they could be related to the

1170

00:45:59,150 --> 00:45:57,300

Bigfoot phenomenon could be related as

1171

00:46:01,190 --> 00:45:59,160

well my mind is open on that question

1172

00:46:02,510 --> 00:46:01,200

I've never seen women it doesn't mean

1173

00:46:05,930 --> 00:46:02,520

it's not real

1174

00:46:09,230 --> 00:46:05,940

I was in the UFO guy either until 2004

1175

00:46:11,210 --> 00:46:09,240

it didn't mean they weren't real just

1176

00:46:14,089 --> 00:46:11,220

because I wasn't aware of it

1177

00:46:19,270 --> 00:46:16,670

yeah some dumb guy

1178

00:46:21,349 --> 00:46:19,280

thank you

1179

00:46:23,329 --> 00:46:21,359

Dad do you have anything else are we

1180

00:46:25,069 --> 00:46:23,339

going to Kevin Kevin is yeah I want to

1181

00:46:27,109 --> 00:46:25,079

hear Kevin we haven't heard well other

1182

00:46:29,630 --> 00:46:27,119

Kevin we haven't heard Flair in a long

1183

00:46:33,230 --> 00:46:29,640

time yeah I'm excited

1184

00:46:34,970 --> 00:46:33,240

yeah so Kevin hi I wanted to thank you

1185

00:46:37,910 --> 00:46:34,980

first of all for coming forward for your

1186

00:46:40,430 --> 00:46:37,920

bravery I you know I really respect that

1187

00:46:42,349 --> 00:46:40,440

I had an experience too I not quite like

1188

00:46:44,990 --> 00:46:42,359

yours I just had a time lost experience

1189

00:46:47,450 --> 00:46:45,000

but so one of the things um that irks me

1190

00:46:49,490 --> 00:46:47,460

about the this the UFO Community is it

1191

00:46:52,609 --> 00:46:49,500

seems to be the need to translate

1192

00:46:54,829 --> 00:46:52,619

all these experiences through a cultural

1193

00:46:56,990 --> 00:46:54,839

lens you know and it's like oh it's

1194

00:46:58,790 --> 00:46:57,000

Bigfoot or it's oh it's Grays or oh it's

1195

00:47:00,290 --> 00:46:58,800

Jesus you know I don't think that the

1196

00:47:02,030 --> 00:47:00,300

cultural lens will Aid in our

1197

00:47:03,710 --> 00:47:02,040

understanding I think that unless it's

1198

00:47:06,410 --> 00:47:03,720

us it's going to be outside of our

1199

00:47:07,910 --> 00:47:06,420

culture you know so I think

1200

00:47:09,470 --> 00:47:07,920

you know whatever it is it defies

1201  
00:47:11,990 --> 00:47:09,480  
rational thought you know that being

1202  
00:47:14,630 --> 00:47:12,000  
said do you think that um our current

1203  
00:47:16,550 --> 00:47:14,640  
culture of reductionism may be too

1204  
00:47:19,069 --> 00:47:16,560  
shallow to fully comprehend the

1205  
00:47:23,270 --> 00:47:19,079  
phenomenon

1206  
00:47:25,609 --> 00:47:23,280  
ooh huh man that that is a great

1207  
00:47:29,329 --> 00:47:27,049  
it

1208  
00:47:31,309 --> 00:47:29,339  
I wish I could say yes

1209  
00:47:34,069 --> 00:47:31,319  
but just the fact that these objects

1210  
00:47:36,250 --> 00:47:34,079  
whatever they are have avoided us for

1211  
00:47:40,130 --> 00:47:36,260  
millennial

1212  
00:47:42,290 --> 00:47:40,140  
screams know at me because I think these

1213  
00:47:44,210 --> 00:47:42,300

objects whatever this thing is they know

1214

00:47:45,170 --> 00:47:44,220

that if they

1215

00:47:47,450 --> 00:47:45,180

um

1216

00:47:49,609 --> 00:47:47,460

announce themselves on a worldwide scale

1217

00:47:51,230 --> 00:47:49,619

it might not end well for this planet

1218

00:47:53,990 --> 00:47:51,240

because it's going to suddenly change

1219

00:47:55,790 --> 00:47:54,000

everyone on the planet yeah and No One's

1220

00:47:58,010 --> 00:47:55,800

Gonna know what the hell is happening

1221

00:47:59,510 --> 00:47:58,020

and if everyone if everyone on the

1222

00:48:02,630 --> 00:47:59,520

planet suddenly went through what I went

1223

00:48:05,150 --> 00:48:02,640

through and man think about it I was

1224

00:48:07,790 --> 00:48:05,160

I was very successful you know I was at

1225

00:48:09,650 --> 00:48:07,800

the top of my game and and I ended up in

1226  
00:48:11,870 --> 00:48:09,660  
the freaking Wilderness what what about

1227  
00:48:13,910 --> 00:48:11,880  
anyone

1228  
00:48:16,849 --> 00:48:13,920  
what's gonna happen to them

1229  
00:48:19,849 --> 00:48:16,859  
I know they have a family they're doing

1230  
00:48:21,230 --> 00:48:19,859  
what you know

1231  
00:48:23,089 --> 00:48:21,240  
and the same with the rest of the family

1232  
00:48:24,710 --> 00:48:23,099  
you know everyone's going crazy all it

1233  
00:48:26,210 --> 00:48:24,720  
seems like they're going in actually

1234  
00:48:28,250 --> 00:48:26,220  
they're not they're just changing and

1235  
00:48:31,010 --> 00:48:28,260  
they don't understand it

1236  
00:48:33,170 --> 00:48:31,020  
and I I think your question is good and

1237  
00:48:35,510 --> 00:48:33,180  
I think that and I think um I wish I

1238  
00:48:38,089 --> 00:48:35,520

could say yes but I have to say no

1239

00:48:39,950 --> 00:48:38,099

and I just think history itself defends

1240

00:48:41,990 --> 00:48:39,960

me on that answer because I think that's

1241

00:48:44,150 --> 00:48:42,000

the reason why whatever this phenomenon

1242

00:48:45,950 --> 00:48:44,160

is I think that's the reason why they

1243

00:48:49,430 --> 00:48:45,960

avoid us

1244

00:48:51,470 --> 00:48:49,440

and why now why maybe they think it's

1245

00:48:54,650 --> 00:48:51,480

starting to change

1246

00:48:56,990 --> 00:48:54,660

maybe they I'm hoping maybe the time is

1247

00:48:58,670 --> 00:48:57,000

beginning to be right

1248

00:49:00,950 --> 00:48:58,680

that I don't think we're quite there yet

1249

00:49:02,990 --> 00:49:00,960

I wish I could say otherwise but

1250

00:49:06,410 --> 00:49:03,000

I just have to go where the facts are

1251

00:49:10,490 --> 00:49:07,549

Kevin

1252

00:49:11,990 --> 00:49:10,500

um we've spoken at length about what you

1253

00:49:13,430 --> 00:49:12,000

know and when I I don't mean on this

1254

00:49:16,490 --> 00:49:13,440

broadcast point in the community about

1255

00:49:18,530 --> 00:49:16,500

what we think the phenomenon is but by

1256

00:49:21,410 --> 00:49:18,540

its actions what do you think the

1257

00:49:24,829 --> 00:49:21,420

phenomenon thought of your presence

1258

00:49:26,450 --> 00:49:24,839

there uh you and your Shipmates or do

1259

00:49:28,750 --> 00:49:26,460

you think there was an indifference

1260

00:49:31,069 --> 00:49:28,760

there

1261

00:49:35,630 --> 00:49:31,079

is a great question

1262

00:49:37,309 --> 00:49:35,640

um I think well assuming assuming first

1263

00:49:39,470 --> 00:49:37,319

of all that they were they knew we were

1264

00:49:42,829 --> 00:49:39,480

there and they were there because of us

1265

00:49:44,630 --> 00:49:42,839

assuming that's true I mean because that

1266

00:49:46,190 --> 00:49:44,640

that could also not be true it's just a

1267

00:49:47,990 --> 00:49:46,200

coincidence there's a luck thing and

1268

00:49:49,309 --> 00:49:48,000

they didn't even care about us they were

1269

00:49:51,710 --> 00:49:49,319

doing something else

1270

00:49:54,890 --> 00:49:51,720

but if it is true I think they were

1271

00:49:54,900 --> 00:49:58,069

um a they're real

1272

00:50:05,150 --> 00:50:00,170

and B

1273

00:50:07,250 --> 00:50:05,160

um they uh can ascertain our intentions

1274

00:50:09,770 --> 00:50:07,260

and that to me that was a very clear

1275

00:50:13,069 --> 00:50:09,780

message and I think is that that message

1276

00:50:14,930 --> 00:50:13,079

is very useful going forward I really do

1277

00:50:17,750 --> 00:50:14,940

because if they know what I'm about to

1278

00:50:19,430 --> 00:50:17,760

do I can use that like um was suggested

1279

00:50:21,530 --> 00:50:19,440

earlier

1280

00:50:22,390 --> 00:50:21,540

um the triangulation team

1281

00:50:26,089 --> 00:50:22,400

um

1282

00:50:29,809 --> 00:50:26,099

29 Palm vet you know Vandenberg uh

1283

00:50:32,450 --> 00:50:29,819

uh down in SoCal maybe off uh off even

1284

00:50:34,069 --> 00:50:32,460

Hawaii or off a ship off the coast and

1285

00:50:37,250 --> 00:50:34,079

[Music]

1286

00:50:41,150 --> 00:50:37,260

um and if we do that they will show up

1287

00:50:41,160 --> 00:50:44,870

and they've said it twice now

1288

00:50:50,030 --> 00:50:46,910

at least that's what I hear

1289

00:50:53,089 --> 00:50:50,040

who said it twice these objects I mean

1290

00:50:55,549 --> 00:50:53,099

they um well Kevin we talked about this

1291

00:50:57,589 --> 00:50:55,559

earlier um right after Commander Faber's

1292

00:51:00,290 --> 00:50:57,599

intercept that that object whatever he

1293

00:51:02,450 --> 00:51:00,300

intercepted ended up on his combat Air

1294

00:51:05,030 --> 00:51:02,460

Patrol station and he hadn't even gone

1295

00:51:07,490 --> 00:51:05,040

there yet it was a secret location

1296

00:51:10,010 --> 00:51:07,500

their uh there are side stations we put

1297

00:51:11,089 --> 00:51:10,020

air Crews on to put us between put the

1298

00:51:14,210 --> 00:51:11,099

ships between

1299

00:51:16,790 --> 00:51:14,220

um the suspected threat and and us to

1300

00:51:19,010 --> 00:51:16,800

protect us and that object that he had

1301

00:51:20,690 --> 00:51:19,020

intercepted went to his assigned not

1302

00:51:21,589 --> 00:51:20,700

someone else's to sign cap station but

1303

00:51:24,650 --> 00:51:21,599

his

1304

00:51:26,569 --> 00:51:24,660

and to me that was a message it it was

1305

00:51:28,490 --> 00:51:26,579

telling us very clearly it knows our

1306

00:51:31,130 --> 00:51:28,500

intentions

1307

00:51:34,430 --> 00:51:31,140

and I think that can be useful

1308

00:51:39,950 --> 00:51:37,010

Kevin did you

1309

00:51:43,609 --> 00:51:39,960

so the behaviors that have been

1310

00:51:46,849 --> 00:51:43,619

characterized for us at length uh

1311

00:51:49,370 --> 00:51:46,859

regarding the day of the intercept is

1312

00:51:52,030 --> 00:51:49,380

there something in those seven days

1313

00:51:55,549 --> 00:51:52,040

leading up in those tracks that you had

1314

00:51:57,530 --> 00:51:55,559

is there a different behavior that you

1315

00:52:00,410 --> 00:51:57,540

observed

1316

00:52:01,849 --> 00:52:00,420

um during those seven days that you were

1317

00:52:06,049 --> 00:52:01,859

getting those tracks

1318

00:52:07,790 --> 00:52:06,059

and those contacts then the day of

1319

00:52:10,490 --> 00:52:07,800

I'm not sure I understand the question

1320

00:52:12,410 --> 00:52:10,500

okay all right so so for seven days

1321

00:52:15,890 --> 00:52:12,420

you're you're watching you're seeing him

1322

00:52:18,230 --> 00:52:15,900

come from 80 000 feet uh you clocked it

1323

00:52:20,809 --> 00:52:18,240

at the one point when it went from 28

1324

00:52:23,150 --> 00:52:20,819

000 to to 50 feet but you had seen them

1325

00:52:24,890 --> 00:52:23,160

up as high as 80 000 feet and so there's

1326

00:52:27,650 --> 00:52:24,900

several nights that you're watching

1327

00:52:30,349 --> 00:52:27,660

their behaviors uh and you're tracking

1328

00:52:33,349 --> 00:52:30,359

before you direct and intercept I'm

1329

00:52:36,710 --> 00:52:33,359

curious if there is a different behavior

1330

00:52:40,010 --> 00:52:36,720

that they observed that struck you then

1331

00:52:42,710 --> 00:52:40,020

their behavior on the day of the

1332

00:52:43,370 --> 00:52:42,720

intercept itself

1333

00:52:47,750 --> 00:52:43,380

um

1334

00:52:49,309 --> 00:52:47,760

up until the day of the inner except

1335

00:52:51,170 --> 00:52:49,319

they were just boring lights in the sky

1336

00:52:52,370 --> 00:52:51,180

they were going from Catalina Island and

1337

00:52:53,630 --> 00:52:52,380

they disappeared off further off

1338

00:52:55,250 --> 00:52:53,640

Guadalupe

1339

00:52:57,470 --> 00:52:55,260

there was a couple times I got them on

1340

00:52:59,030 --> 00:52:57,480

radar and I heard and got the relative

1341

00:53:01,549 --> 00:52:59,040

you know I got the relative position

1342

00:53:02,930 --> 00:53:01,559

from the ship approximate range ran up

1343

00:53:05,750 --> 00:53:02,940

and looked at him through the big eye

1344

00:53:07,130 --> 00:53:05,760

binoculars on the bridge and all I got

1345

00:53:08,630 --> 00:53:07,140

to see was a boring white light but

1346

00:53:09,890 --> 00:53:08,640

other Bridge watch centers said they

1347

00:53:11,150 --> 00:53:09,900

were doing the erratic movements and

1348

00:53:12,770 --> 00:53:11,160

stuff

1349

00:53:14,510 --> 00:53:12,780

um but I didn't get the opportunity to

1350

00:53:17,390 --> 00:53:14,520

see that but

1351  
00:53:20,450 --> 00:53:17,400  
um once The Intercept occurred

1352  
00:53:21,170 --> 00:53:20,460  
man those things that behaved

1353  
00:53:23,210 --> 00:53:21,180  
um

1354  
00:53:25,370 --> 00:53:23,220  
with intent and

1355  
00:53:27,170 --> 00:53:25,380  
with abilities that are were

1356  
00:53:28,970 --> 00:53:27,180  
unbelievable

1357  
00:53:30,829 --> 00:53:28,980  
and to this day

1358  
00:53:33,770 --> 00:53:30,839  
you tell me what they what it was I

1359  
00:53:38,930 --> 00:53:36,049  
was it and if it turns out it was our

1360  
00:53:43,870 --> 00:53:38,940  
stuff then fine I'm cool with that

1361  
00:53:50,089 --> 00:53:46,849  
it certainly would make me from from

1362  
00:53:51,530 --> 00:53:50,099  
this planet not not right yeah it would

1363  
00:53:53,150 --> 00:53:51,540

make people a lot more comfortable if

1364

00:53:55,430 --> 00:53:53,160

that were the case because then they can

1365

00:53:57,589 --> 00:53:55,440

they have a box to put it in they have a

1366

00:53:59,809 --> 00:53:57,599

context to put it in there's a control

1367

00:54:02,329 --> 00:53:59,819

measure there but if it's not something

1368

00:54:04,010 --> 00:54:02,339

from that uh an intelligence we're not

1369

00:54:06,109 --> 00:54:04,020

aware of that scares them because now

1370

00:54:07,910 --> 00:54:06,119

it's like I don't know what the hell I

1371

00:54:09,770 --> 00:54:07,920

can't control this thing and I have no

1372

00:54:10,730 --> 00:54:09,780

idea what it's going to do but I know

1373

00:54:14,329 --> 00:54:10,740

what I'm going to do I'm going to turn

1374

00:54:18,230 --> 00:54:16,490

um so there's a show my kids like to

1375

00:54:20,510 --> 00:54:18,240

watch called Domino Masters I don't know

1376

00:54:22,250 --> 00:54:20,520

if you've heard of it but I did not know

1377

00:54:23,870 --> 00:54:22,260

and I don't know if you deal with this

1378

00:54:26,089 --> 00:54:23,880

either but there are folks in in the

1379

00:54:27,650 --> 00:54:26,099

world who spend a lot of time

1380

00:54:29,390 --> 00:54:27,660

playing with dominoes and they line them

1381

00:54:30,589 --> 00:54:29,400

up and they knock them down and they

1382

00:54:32,809 --> 00:54:30,599

make all these amazingly beautiful

1383

00:54:34,250 --> 00:54:32,819

creations at the End of This what they

1384

00:54:36,290 --> 00:54:34,260

call the topple which is when the last

1385

00:54:38,750 --> 00:54:36,300

Domino Falls you can kind of see this

1386

00:54:41,510 --> 00:54:38,760

entire field of things that are laid

1387

00:54:43,490 --> 00:54:41,520

before your eyes and it's you know often

1388

00:54:45,049 --> 00:54:43,500

very beautiful they've kind of made The

1389

00:54:47,750 --> 00:54:45,059

Dominoes fall in such a way to create

1390

00:54:50,690 --> 00:54:47,760

these you know beautiful patterns if you

1391

00:54:52,430 --> 00:54:50,700

didn't know it you you how dominoes work

1392

00:54:54,410 --> 00:54:52,440

you might be mystified as to kind of

1393

00:54:56,390 --> 00:54:54,420

like how that came about I get the sense

1394

00:54:57,890 --> 00:54:56,400

from listening to you that there's kind

1395

00:55:00,710 --> 00:54:57,900

of a design there's almost like a

1396

00:55:02,750 --> 00:55:00,720

purpose behind the way in which this

1397

00:55:05,210 --> 00:55:02,760

phenomena seems to be engaging with

1398

00:55:06,589 --> 00:55:05,220

Humanity do you do you think that that

1399

00:55:08,690 --> 00:55:06,599

is the case do you think that it's kind

1400

00:55:11,150 --> 00:55:08,700

of reaching out and and sort of

1401

00:55:13,010 --> 00:55:11,160

activating or or sparking the minds or

1402

00:55:15,530 --> 00:55:13,020

imaginings of specific people so that

1403

00:55:17,990 --> 00:55:15,540

they can be like those dominoes they can

1404

00:55:19,490 --> 00:55:18,000

fall in certain ways to create something

1405

00:55:21,410 --> 00:55:19,500

that that we wouldn't be able to create

1406

00:55:25,250 --> 00:55:21,420

otherwise

1407

00:55:26,030 --> 00:55:25,260

my short answer is yes I I believe there

1408

00:55:27,230 --> 00:55:26,040

is

1409

00:55:34,849 --> 00:55:27,240

um

1410

00:55:37,069 --> 00:55:34,859

believe they're they they must have some

1411

00:55:38,569 --> 00:55:37,079

sort of agenda or why the hell would

1412

00:55:40,490 --> 00:55:38,579

they show themselves

1413

00:55:41,630 --> 00:55:40,500

um not only in 2000 before but other

1414

00:55:46,329 --> 00:55:41,640

times too

1415

00:55:51,650 --> 00:55:50,329

go ahead do you think that it's uh do

1416

00:55:53,510 --> 00:55:51,660

you think what role do you think time

1417

00:55:56,210 --> 00:55:53,520

plays in this you know we talked about

1418

00:55:58,670 --> 00:55:56,220

the cap point and how odd that was is

1419

00:56:01,010 --> 00:55:58,680

our notion of time just sort of broken

1420

00:56:03,770 --> 00:56:01,020

we need to revise our understanding of

1421

00:56:07,010 --> 00:56:03,780

how time flows

1422

00:56:09,530 --> 00:56:07,020

well yeah likely I mean our lifespan if

1423

00:56:10,609 --> 00:56:09,540

we're lucky to about 80 years or so I

1424

00:56:12,890 --> 00:56:10,619

mean

1425

00:56:14,210 --> 00:56:12,900

let's just take the Great Pyramids for

1426

00:56:17,329 --> 00:56:14,220

example

1427

00:56:19,309 --> 00:56:17,339

um I think we would be challenged at

1428

00:56:20,750 --> 00:56:19,319

this moment to build those

1429

00:56:22,849 --> 00:56:20,760

how in the hell did they build them

1430

00:56:25,849 --> 00:56:22,859

centuries ago

1431

00:56:29,510 --> 00:56:25,859

with no with no caterpillars no no

1432

00:56:32,030 --> 00:56:29,520

cranes no forklifts no helicopters no

1433

00:56:34,309 --> 00:56:32,040

Hammer I mean no no technology to speak

1434

00:56:37,010 --> 00:56:34,319

of that we know about how in the hell

1435

00:56:38,870 --> 00:56:37,020

did they make the Great Pyramids

1436

00:56:40,250 --> 00:56:38,880

and there's not a helicopter on this

1437

00:56:41,270 --> 00:56:40,260

planet today that could lift one of

1438

00:56:43,549 --> 00:56:41,280

those blocks by the way

1439

00:56:45,770 --> 00:56:43,559

[Laughter]

1440

00:56:47,210 --> 00:56:45,780

so they're it's incredible it really is

1441

00:56:49,370 --> 00:56:47,220

incredible

1442

00:56:51,710 --> 00:56:49,380

yeah I think they'd to answer your

1443

00:56:54,530 --> 00:56:51,720

question I think time um we don't have a

1444

00:56:56,690 --> 00:56:54,540

very good notion of it and I don't

1445

00:57:00,170 --> 00:56:56,700

believe this is the first time whatever

1446

00:57:02,990 --> 00:57:00,180

this thing is has visited this planet

1447

00:57:05,809 --> 00:57:03,000

and I personally think the reason why

1448

00:57:07,789 --> 00:57:05,819

they've been hesitant to visit us in

1449

00:57:10,490 --> 00:57:07,799

Mass again is because

1450

00:57:12,650 --> 00:57:10,500

whatever happened centuries ago did not

1451

00:57:15,349 --> 00:57:12,660

end well and they it scared them from

1452

00:57:17,630 --> 00:57:15,359

they wanted they probably love us

1453

00:57:19,370 --> 00:57:17,640

whatever these phenomena is for whatever

1454

00:57:20,510 --> 00:57:19,380

reason they probably love mankind

1455

00:57:22,190 --> 00:57:20,520

otherwise

1456

00:57:25,670 --> 00:57:22,200

um

1457

00:57:29,690 --> 00:57:28,250

that's my opinion okay thank you

1458

00:57:32,870 --> 00:57:29,700

everything's on the table as far

1459

00:57:34,789 --> 00:57:32,880

absolutely sure yep

1460

00:57:36,589 --> 00:57:34,799

Debs but then again I just have opinions

1461

00:57:39,289 --> 00:57:36,599

I'm just a regular guy like you I have

1462

00:57:40,849 --> 00:57:39,299

your your guess is as good as mine it's

1463

00:57:42,950 --> 00:57:40,859

a puzzle where we're all just trying to

1464

00:57:44,390 --> 00:57:42,960

put together right and uh I think we've

1465

00:57:46,609 --> 00:57:44,400

got different pieces and it's that's why

1466

00:57:49,970 --> 00:57:46,619

we got to talk to each other yep that's

1467

00:57:57,049 --> 00:57:54,589

dabs okay so I wanted to ask we talked a

1468

00:57:58,430 --> 00:57:57,059

little bit about how this impacted your

1469

00:58:00,770 --> 00:57:58,440

life

1470

00:58:02,630 --> 00:58:00,780

um and I wanted to just kind of gauge if

1471

00:58:04,670 --> 00:58:02,640

you feel like things have started to

1472

00:58:07,010 --> 00:58:04,680

slowly improve with everything being

1473

00:58:10,309 --> 00:58:07,020

public at this point with other people

1474

00:58:13,069 --> 00:58:10,319

coming forward with their stories

1475

00:58:15,170 --> 00:58:13,079

um including people from other

1476

00:58:17,630 --> 00:58:15,180

um like you know government agencies

1477

00:58:19,069 --> 00:58:17,640

like the cias you feel like things are

1478

00:58:22,849 --> 00:58:19,079

starting to go in the right direction

1479

00:58:26,150 --> 00:58:22,859

that the stigma is starting to diminish

1480

00:58:28,849 --> 00:58:26,160

oh hell yeah and especially for me

1481

00:58:31,309 --> 00:58:28,859

personally I mean I

1482

00:58:33,770 --> 00:58:31,319

it it almost didn't end well for me back

1483

00:58:35,270 --> 00:58:33,780

in that Wilderness you know I mean there

1484

00:58:36,710 --> 00:58:35,280

was dangerous back there there's people

1485

00:58:38,569 --> 00:58:36,720

living back there that aren't friendly

1486

00:58:40,670 --> 00:58:38,579

there's snakes there's bear there's

1487

00:58:42,829 --> 00:58:40,680

Cliffs to fall off of

1488

00:58:44,809 --> 00:58:42,839

um and I was back there with my cousin I

1489

00:58:45,589 --> 00:58:44,819

mean just the two of us

1490

00:58:54,710 --> 00:58:45,599

um

1491

00:58:56,870 --> 00:58:54,720

once I understood

1492

00:58:59,450 --> 00:58:56,880

um and again I'm guessing I'm once I

1493

00:59:01,670 --> 00:58:59,460

understood why I had changed

1494

00:59:02,569 --> 00:59:01,680

because of this encounter

1495

00:59:04,910 --> 00:59:02,579

um

1496

00:59:06,890 --> 00:59:04,920

it that knowledge alone helped me to

1497

00:59:09,289 --> 00:59:06,900

come to terms with it and I embraced it

1498

00:59:12,589 --> 00:59:09,299

instead and once I did that my life

1499

00:59:15,470 --> 00:59:12,599

turned around I'm doing much better now

1500

00:59:17,569 --> 00:59:15,480

much better in fact yesterday was my

1501

00:59:19,309 --> 00:59:17,579

eighth month sober

1502

00:59:22,190 --> 00:59:19,319

I've stopped drinking nice

1503

00:59:24,289 --> 00:59:22,200

congratulations I have no craving for it

1504

00:59:27,589 --> 00:59:24,299

whatsoever thank God for a near beer

1505

00:59:33,170 --> 00:59:31,250

yeah but I don't drink yeah awesome and

1506

00:59:34,849 --> 00:59:33,180

I have I have uh Kimberly Beresford

1507

00:59:36,770 --> 00:59:34,859

thanks for that my girl

1508

00:59:37,450 --> 00:59:36,780

yeah she's in the chat she's in the

1509

00:59:40,670 --> 00:59:37,460

chair

1510

00:59:42,589 --> 00:59:40,680

my sister Debbie day all the women in my

1511

00:59:45,470 --> 00:59:42,599

family slapped me across the face and

1512

00:59:46,490 --> 00:59:45,480

said wake the hell up Kev what are you

1513

00:59:49,309 --> 00:59:46,500

doing

1514

00:59:50,870 --> 00:59:49,319  
and I finally listened thank God

1515

00:59:53,510 --> 00:59:50,880  
thank you

1516

00:59:56,510 --> 00:59:53,520  
that's awesome that's awesome we are

1517

00:59:59,329 --> 00:59:56,520  
also thankful uh so I have a question

1518

01:00:02,270 --> 00:59:59,339  
from one of our friends uh of the show

1519

01:00:05,930 --> 01:00:02,280  
he goes by at Benji might be he's been a

1520

01:00:09,829 --> 01:00:05,940  
a friend of cab he's been a guest of Deb

1521

01:00:11,270 --> 01:00:09,839  
um and uh this this question probably a

1522

01:00:13,490 --> 01:00:11,280  
little bit of emotional and you've

1523

01:00:16,270 --> 01:00:13,500  
answered part of it but I'm gonna ask

1524

01:00:19,630 --> 01:00:16,280  
you because because he's Benji and he's

1525

01:00:24,289 --> 01:00:22,609  
you know what emotion is emotion is

1526

01:00:30,789 --> 01:00:24,299

beautiful it's the most human thing

1527

01:00:35,870 --> 01:00:33,530

what has this experience overall taught

1528

01:00:38,450 --> 01:00:35,880

you about yourself

1529

01:00:41,089 --> 01:00:38,460

um not as a sailor or as an NCO he put

1530

01:00:42,770 --> 01:00:41,099

officer uh but uh but as a human being

1531

01:00:45,410 --> 01:00:42,780

what has this experience taught you

1532

01:00:48,349 --> 01:00:45,420

about Kevin Day see now I'm speaking of

1533

01:00:53,930 --> 01:00:50,930

um Never Say Never

1534

01:00:56,750 --> 01:00:53,940

you and I'm I'm speaking of everyone

1535

01:00:58,670 --> 01:00:56,760

um you with inside of you if you grab it

1536

01:01:00,049 --> 01:00:58,680

there was great things inside of you

1537

01:01:02,030 --> 01:01:00,059

that you have no idea that you can

1538

01:01:03,890 --> 01:01:02,040

accomplish that right now

1539

01:01:06,109 --> 01:01:03,900

and it might even shock you when you're

1540

01:01:08,089 --> 01:01:06,119

done looking back at it you'd be like

1541

01:01:10,789 --> 01:01:08,099

how in the hell did I do that

1542

01:01:12,890 --> 01:01:10,799

I'm just some kid from Iowa

1543

01:01:14,390 --> 01:01:12,900

how in the hell did I do fill in the

1544

01:01:17,030 --> 01:01:14,400

blank

1545

01:01:21,829 --> 01:01:17,040

and that's my that's my answer

1546

01:01:25,549 --> 01:01:24,109

you every one of us has greatness inside

1547

01:01:27,890 --> 01:01:25,559

of us if

1548

01:01:30,829 --> 01:01:27,900

we embrace it you know

1549

01:01:33,170 --> 01:01:30,839

um or just commonness you know

1550

01:01:35,210 --> 01:01:33,180

maybe that's a better way to say it we

1551

01:01:36,470 --> 01:01:35,220

have commonness in this you know Common

1552

01:01:39,049 --> 01:01:36,480

greatness

1553

01:01:41,630 --> 01:01:39,059

it's funny that it's funny to say that

1554

01:01:43,210 --> 01:01:41,640

Kevin we're all imperfectly perfect yeah

1555

01:01:45,349 --> 01:01:43,220

we're all in perfectly perfect

1556

01:01:47,270 --> 01:01:45,359

the people on this show have been

1557

01:01:48,589 --> 01:01:47,280

looking for greatness inside of me for a

1558

01:01:51,349 --> 01:01:48,599

year now and they still haven't found it

1559

01:01:53,030 --> 01:01:51,359

so you know if there's a way that you

1560

01:01:54,589 --> 01:01:53,040

could help me realize that that would be

1561

01:01:59,089 --> 01:01:54,599

great

1562

01:02:03,470 --> 01:02:01,250

I'm gonna send you something uh Bigfoot

1563

01:02:06,109 --> 01:02:03,480

wise to watch that's on Amazon Prime

1564

01:02:07,789 --> 01:02:06,119

that I really like called uh and John's

1565

01:02:09,589 --> 01:02:07,799

gonna laugh in the chat because we were

1566

01:02:13,730 --> 01:02:09,599

speaking about it today over at the base

1567

01:02:17,270 --> 01:02:13,740

but it's called Uh missing 4-1-1 and the

1568

01:02:20,029 --> 01:02:17,280

fourth chapter inside that documentary

1569

01:02:22,970 --> 01:02:20,039

um has it's called missing 4-1-1 the

1570

01:02:26,210 --> 01:02:22,980

hunted and there is a Bigfoot aspect

1571

01:02:28,549 --> 01:02:26,220

that uh a group of Northern California

1572

01:02:31,789 --> 01:02:28,559

hunters and their hunting camp back in

1573

01:02:34,010 --> 01:02:31,799

71 recorded some sounds and also had

1574

01:02:37,069 --> 01:02:34,020

visual contact with the phenomena but I

1575

01:02:38,750 --> 01:02:37,079

will I'll text that to you but uh let's

1576

01:02:40,789 --> 01:02:38,760

uh we'll keep going around if anybody

1577

01:02:43,250 --> 01:02:40,799

has the last questions they want to get

1578

01:02:46,309 --> 01:02:43,260

to Kevin uh who is it you're you're next

1579

01:02:56,410 --> 01:02:46,319

are you next I know Steph is uh Kevin's

1580

01:03:05,630 --> 01:03:00,770

I do often wonder if they UAP

1581

01:03:08,809 --> 01:03:05,640

have emotional intelligence so you did

1582

01:03:11,569 --> 01:03:08,819

somewhat answer that question for me by

1583

01:03:14,750 --> 01:03:11,579

the fact that they Revisited you so that

1584

01:03:16,730 --> 01:03:14,760

leads me to believe that they came back

1585

01:03:20,029 --> 01:03:16,740

to your group

1586

01:03:23,270 --> 01:03:20,039

per on purpose so that displays some

1587

01:03:25,670 --> 01:03:23,280

form of emotional intelligence to me uh

1588

01:03:28,970 --> 01:03:25,680

whether they were trying to display a

1589

01:03:31,130 --> 01:03:28,980

message to you I don't know but my my

1590

01:03:34,930 --> 01:03:31,140

concern is you know that they are

1591

01:03:38,329 --> 01:03:34,940

disabling the um the nuclear reactors

1592

01:03:40,309 --> 01:03:38,339

and or potentially turning these things

1593

01:03:43,190 --> 01:03:40,319

on so

1594

01:03:46,250 --> 01:03:43,200

is there is there emotional intelligence

1595

01:03:49,250 --> 01:03:46,260

involved in them trying to stop us from

1596

01:03:51,829 --> 01:03:49,260

potentially you know hurting ourselves

1597

01:03:53,329 --> 01:03:51,839

here that's what my question would be is

1598

01:03:56,589 --> 01:03:53,339

do you think that there's an emotional

1599

01:04:00,289 --> 01:03:56,599

intelligence involved in them doing that

1600

01:04:02,150 --> 01:04:00,299

and I think your question is this sort

1601  
01:04:04,130 --> 01:04:02,160  
of the same question that

1602  
01:04:06,170 --> 01:04:04,140  
um Matthew zydog has asked me about

1603  
01:04:08,510 --> 01:04:06,180  
intention

1604  
01:04:10,010 --> 01:04:08,520  
um and my answer is yes

1605  
01:04:11,750 --> 01:04:10,020  
um they are highly emotionally

1606  
01:04:14,569 --> 01:04:11,760  
intelligent

1607  
01:04:16,910 --> 01:04:14,579  
um and they can ascertain our intent as

1608  
01:04:19,309 --> 01:04:16,920  
well I think they're watching out for

1609  
01:04:21,650 --> 01:04:19,319  
our best and truths I do

1610  
01:04:24,349 --> 01:04:21,660  
they love this blue planet like probably

1611  
01:04:26,990 --> 01:04:24,359  
more than we do yeah I would like to

1612  
01:04:30,289 --> 01:04:27,000  
believe that myself so you know it's it

1613  
01:04:32,750 --> 01:04:30,299

you hope that the intent is not bad but

1614

01:04:36,890 --> 01:04:32,760

you know I I do think that we do need to

1615

01:04:38,690 --> 01:04:36,900

be prepared for the opposite also you

1616

01:04:41,870 --> 01:04:38,700

know you you hear about the radiation

1617

01:04:44,450 --> 01:04:41,880

and the lasers being utilized and I'm

1618

01:04:46,609 --> 01:04:44,460

concerned as to how our military will

1619

01:04:50,569 --> 01:04:46,619

react in that regard

1620

01:04:54,650 --> 01:04:53,029

well you know I to kind of put it in the

1621

01:04:56,870 --> 01:04:54,660

box and I don't want to I don't want to

1622

01:04:59,089 --> 01:04:56,880

sound like a butthole or nothing but

1623

01:05:00,470 --> 01:04:59,099

you know a taxi cab is dangerous too if

1624

01:05:03,589 --> 01:05:00,480

you stand in front of it when it's going

1625

01:05:04,870 --> 01:05:03,599

80. 100 agreed

1626

01:05:07,789 --> 01:05:04,880

very true

1627

01:05:09,289 --> 01:05:07,799

there's parts of this phenomenon that

1628

01:05:11,510 --> 01:05:09,299

maybe aren't healthy but that's true

1629

01:05:14,029 --> 01:05:11,520

with any technology isn't it even a

1630

01:05:25,910 --> 01:05:14,039

pencil or a pen can do damage to you in

1631

01:05:31,490 --> 01:05:28,849

so I think that's I don't think um the

1632

01:05:33,470 --> 01:05:31,500

radiation is on purpose to harm anyone

1633

01:05:35,450 --> 01:05:33,480

it's just we didn't understand what the

1634

01:05:37,789 --> 01:05:35,460

person that was getting too close didn't

1635

01:05:40,549 --> 01:05:37,799

understand the danger

1636

01:05:42,650 --> 01:05:40,559

to that particular object

1637

01:05:43,849 --> 01:05:42,660

I think that's the answer

1638

01:05:46,549 --> 01:05:43,859

all right

1639

01:05:49,730 --> 01:05:46,559

yeah I appreciate your Insight on to the

1640

01:05:52,490 --> 01:05:49,740

as to you know what you think that our

1641

01:05:54,829 --> 01:05:52,500

reaction would be if if the the case

1642

01:05:56,809 --> 01:05:54,839

were adverse if it were something that

1643

01:05:58,849 --> 01:05:56,819

wasn't a good intent

1644

01:06:00,770 --> 01:05:58,859

um you know I'm concerned for our

1645

01:06:02,750 --> 01:06:00,780

service men and women so

1646

01:06:05,690 --> 01:06:02,760

something that something to think about

1647

01:06:07,849 --> 01:06:05,700

and wonder about

1648

01:06:10,069 --> 01:06:07,859

draw our slow at serving that bad intent

1649

01:06:12,049 --> 01:06:10,079

if that's the case

1650

01:06:13,730 --> 01:06:12,059

yeah I mean we haven't we haven't been

1651

01:06:15,109 --> 01:06:13,740

fired upon but but

1652

01:06:17,029 --> 01:06:15,119

um we fired upon them they've had

1653

01:06:19,490 --> 01:06:17,039

they've had centuries now to do bad

1654

01:06:20,329 --> 01:06:19,500

things to us so

1655

01:06:22,609 --> 01:06:20,339

um

1656

01:06:24,289 --> 01:06:22,619

if if that Sarah they're a little lame

1657

01:06:26,750 --> 01:06:24,299

aren't they

1658

01:06:28,789 --> 01:06:26,760

I mean even since Graham Graham Randall

1659

01:06:31,130 --> 01:06:28,799

wrote his book uh with the Foo Fighters

1660

01:06:33,349 --> 01:06:31,140

right right I'm just kidding Grandma's

1661

01:06:35,569 --> 01:06:33,359

there in the 40s yeah yeah well there's

1662

01:06:37,849 --> 01:06:35,579

potential for it there's always the what

1663

01:06:40,370 --> 01:06:37,859

if so I do yeah I think about those

1664

01:06:42,109 --> 01:06:40,380

things and you know you hope and you

1665

01:06:44,569 --> 01:06:42,119

hope that those things don't happen but

1666

01:06:48,170 --> 01:06:44,579

there there's the potential so

1667

01:06:50,569 --> 01:06:48,180

yeah it is but it is the it is the very

1668

01:06:52,490 --> 01:06:50,579

definition of a Potential Threat

1669

01:06:54,890 --> 01:06:52,500

um any anything can be threaded it it

1670

01:06:56,809 --> 01:06:54,900

hasn't been kinetic or dynamic at this

1671

01:06:59,029 --> 01:06:56,819

point it doesn't mean that they won't be

1672

01:07:01,309 --> 01:06:59,039

but uh but it goes back to what we spoke

1673

01:07:03,589 --> 01:07:01,319

about earlier why am I going to lie

1674

01:07:06,589 --> 01:07:03,599

asleep at night worrying about things I

1675

01:07:08,150 --> 01:07:06,599

can't control what I can do is come and

1676  
01:07:11,210 --> 01:07:08,160  
talk about

1677  
01:07:13,190 --> 01:07:11,220  
um how we uh live together on the planet

1678  
01:07:15,410 --> 01:07:13,200  
which we do on this show and how we

1679  
01:07:18,410 --> 01:07:15,420  
might interact with the phenomenon and

1680  
01:07:20,630 --> 01:07:18,420  
and and how we we treat one another and

1681  
01:07:22,549 --> 01:07:20,640  
that's the only thing I can do and and

1682  
01:07:24,410 --> 01:07:22,559  
we can we can sit there and theorize

1683  
01:07:26,450 --> 01:07:24,420  
about the phenomenon which is fun that's

1684  
01:07:28,970 --> 01:07:26,460  
why we're doing the show but I can't

1685  
01:07:31,010 --> 01:07:28,980  
worry about what it might do because I

1686  
01:07:32,270 --> 01:07:31,020  
can't control that any more than I can

1687  
01:07:33,650 --> 01:07:32,280  
control what the weather's going to be

1688  
01:07:34,730 --> 01:07:33,660

tomorrow am I going to worry if it's

1689

01:07:37,190 --> 01:07:34,740

going to rain

1690

01:07:41,390 --> 01:07:37,200

I mean maybe if I'm having like a picnic

1691

01:07:44,750 --> 01:07:41,400

outside anyway uh money Nathan

1692

01:07:47,470 --> 01:07:44,760

yeah so I wanted to ask um

1693

01:07:49,910 --> 01:07:47,480

again speculating here

1694

01:07:52,309 --> 01:07:49,920

anyone who's been through an event that

1695

01:07:54,589 --> 01:07:52,319

that really impacts their life thanks

1696

01:07:55,849 --> 01:07:54,599

back to that event it kind of runs it

1697

01:07:58,069 --> 01:07:55,859

through their minds over and over again

1698

01:08:00,289 --> 01:07:58,079

is there anything that's occurred to you

1699

01:08:03,170 --> 01:08:00,299

in thinking back through it

1700

01:08:04,250 --> 01:08:03,180

that something that you you or others

1701

01:08:06,349 --> 01:08:04,260

that you know involved in the event

1702

01:08:08,210 --> 01:08:06,359

would have wanted to do differently if

1703

01:08:10,910 --> 01:08:08,220

you could run through it again anything

1704

01:08:13,309 --> 01:08:10,920

that you would try to advise or anything

1705

01:08:16,070 --> 01:08:13,319

you would try to capture or what's

1706

01:08:18,289 --> 01:08:16,080

something that uh comes to mind there I

1707

01:08:20,269 --> 01:08:18,299

would I would have kept a um a private

1708

01:08:22,610 --> 01:08:20,279

logbook

1709

01:08:24,169 --> 01:08:22,620

um with my with my private recordings

1710

01:08:25,669 --> 01:08:24,179

and some of the fellow watch centers

1711

01:08:27,169 --> 01:08:25,679

private recordings everyone signed and

1712

01:08:28,849 --> 01:08:27,179

dated it

1713

01:08:30,229 --> 01:08:28,859

Because the actual logbook got

1714

01:08:32,990 --> 01:08:30,239  
confiscated

1715

01:08:34,610 --> 01:08:33,000  
but um like my I have my air intercept

1716

01:08:35,809 --> 01:08:34,620  
control log book I mean I still have

1717

01:08:38,570 --> 01:08:35,819  
that and

1718

01:08:41,090 --> 01:08:38,580  
I have hundreds of air intercepts in

1719

01:08:43,130 --> 01:08:41,100  
that logbook from both peacetime and

1720

01:08:44,390 --> 01:08:43,140  
wartime operations by the way you know

1721

01:08:46,189 --> 01:08:44,400  
because I was in

1722

01:08:48,229 --> 01:08:46,199  
everything from Desert Shield all the

1723

01:08:50,630 --> 01:08:48,239  
way to operation Iraqi Freedom all of

1724

01:08:53,289 --> 01:08:50,640  
them you know every single one of them

1725

01:08:55,849 --> 01:08:53,299  
and um

1726

01:08:58,309 --> 01:08:55,859

I had hundreds of intercepts in that

1727

01:09:00,590 --> 01:08:58,319

logbook and the Tic Tac was my very last

1728

01:09:02,269 --> 01:09:00,600

intercept now I wish I would have kept

1729

01:09:04,010 --> 01:09:02,279

the same type of logbook

1730

01:09:05,450 --> 01:09:04,020

um during this if I could go back in

1731

01:09:06,590 --> 01:09:05,460

time and doing one thing different that

1732

01:09:07,930 --> 01:09:06,600

would be it

1733

01:09:12,050 --> 01:09:07,940

um

1734

01:09:16,849 --> 01:09:14,870

it was well the lesson for that the

1735

01:09:19,309 --> 01:09:16,859

lesson for that is

1736

01:09:21,530 --> 01:09:19,319

um always take your cell phone with you

1737

01:09:24,169 --> 01:09:21,540

and if you see something pull it out and

1738

01:09:26,630 --> 01:09:24,179

use it right that's that's your that's

1739

01:09:28,430 --> 01:09:26,640

our today's log book right there take

1740

01:09:31,729 --> 01:09:28,440

your cell phone and start recording it

1741

01:09:34,130 --> 01:09:31,739

that's our logbook so that's my and that

1742

01:09:35,990 --> 01:09:34,140

that's another lesson learned it so I

1743

01:09:37,729 --> 01:09:36,000

can turn your question into a lesson

1744

01:09:39,769 --> 01:09:37,739

learned for right now this Roman this

1745

01:09:42,289 --> 01:09:39,779

moment absolutely take your take your

1746

01:09:43,669 --> 01:09:42,299

recording devices with you because I

1747

01:09:45,289 --> 01:09:43,679

believe these things are going to become

1748

01:09:47,390 --> 01:09:45,299

more and more common the sightings and

1749

01:09:49,430 --> 01:09:47,400

now we have the technology to to see and

1750

01:09:50,390 --> 01:09:49,440

record them easier than we ever had

1751  
01:09:52,610 --> 01:09:50,400  
before

1752  
01:09:56,030 --> 01:09:52,620  
and why does it happen and like we said

1753  
01:09:57,890 --> 01:09:56,040  
I don't know I don't care but it is and

1754  
01:09:59,390 --> 01:09:57,900  
like has already been pointed out a

1755  
01:10:01,970 --> 01:09:59,400  
couple times that we do not have control

1756  
01:10:03,350 --> 01:10:01,980  
of this which is part of my personal

1757  
01:10:06,410 --> 01:10:03,360  
fear

1758  
01:10:08,390 --> 01:10:06,420  
um I know these things right now in this

1759  
01:10:10,850 --> 01:10:08,400  
moment could do a sudden Mass contact

1760  
01:10:13,189 --> 01:10:10,860  
worldwide and there's not a damn thing

1761  
01:10:15,649 --> 01:10:13,199  
we could do about it to stop it

1762  
01:10:18,350 --> 01:10:15,659  
evil in town or not there's nothing we

1763  
01:10:20,770 --> 01:10:18,360

can do to stop it

1764

01:10:23,930 --> 01:10:20,780

um and because I know it changes you

1765

01:10:24,590 --> 01:10:23,940

to me that's my fear right there bam I

1766

01:10:27,470 --> 01:10:24,600

mean

1767

01:10:29,270 --> 01:10:27,480

and I but I personally believe the

1768

01:10:31,070 --> 01:10:29,280

reason why that isn't or hasn't happened

1769

01:10:32,709 --> 01:10:31,080

is because whatever this thing is they

1770

01:10:35,450 --> 01:10:32,719

don't want us dead

1771

01:10:38,149 --> 01:10:35,460

otherwise we'd be dead many centuries

1772

01:10:41,630 --> 01:10:39,890

yeah who's going to do the podcast I

1773

01:10:43,130 --> 01:10:41,640

mean they're not doing it that's true so

1774

01:10:45,709 --> 01:10:43,140

I mean they need you know really they

1775

01:10:47,209 --> 01:10:45,719

need us absolutely um the one thing I

1776

01:10:49,850 --> 01:10:47,219

was gonna I was going to ask about this

1777

01:10:51,770 --> 01:10:49,860

is a community pointed question because

1778

01:10:54,530 --> 01:10:51,780

I think you can provide a little bit of

1779

01:10:57,470 --> 01:10:54,540

service to the community now

1780

01:11:00,490 --> 01:10:57,480

um without getting into specifics that

1781

01:11:02,990 --> 01:11:00,500

would speak about specific capabilities

1782

01:11:06,169 --> 01:11:03,000

a lot of people are asserting for

1783

01:11:08,270 --> 01:11:06,179

example that uh which I don't agree with

1784

01:11:10,310 --> 01:11:08,280

that that what Jeremy corbell's

1785

01:11:12,350 --> 01:11:10,320

reporting isn't true and that you have

1786

01:11:14,570 --> 01:11:12,360

all these sort of quadcopter drones that

1787

01:11:16,070 --> 01:11:14,580

are buzzing around Navy ships and what

1788

01:11:18,169 --> 01:11:16,080

I've told them that and I don't remember

1789

01:11:20,330 --> 01:11:18,179

the name of the system but the ships

1790

01:11:23,030 --> 01:11:20,340

have a system that creates sort of a net

1791

01:11:24,649 --> 01:11:23,040

around these ships and they can shoot

1792

01:11:28,070 --> 01:11:24,659

down

1793

01:11:31,490 --> 01:11:28,080

um protect the ship without getting into

1794

01:11:32,870 --> 01:11:31,500

uh that ranges and distances and and and

1795

01:11:35,570 --> 01:11:32,880

anything that would be considered

1796

01:11:37,250 --> 01:11:35,580

sensitive can you confirm that that

1797

01:11:40,970 --> 01:11:37,260

there are Systems Support these modern

1798

01:11:43,070 --> 01:11:40,980

ships that can take out uh these prosaic

1799

01:11:44,810 --> 01:11:43,080

drones that people fly around without

1800

01:11:46,189 --> 01:11:44,820

much trouble

1801

01:11:48,290 --> 01:11:46,199

absolutely

1802

01:11:50,030 --> 01:11:48,300

of course there is yeah even today's

1803

01:11:52,070 --> 01:11:50,040

tanks can probably do that you know I

1804

01:11:53,930 --> 01:11:52,080

mean it's the Techno the weapon systems

1805

01:11:56,930 --> 01:11:53,940

are definitely out there

1806

01:11:59,030 --> 01:11:56,940

and I I think some of these more recent

1807

01:12:00,709 --> 01:11:59,040

sightings probably are drones now it's a

1808

01:12:02,510 --> 01:12:00,719

combination of stuff or before it wasn't

1809

01:12:04,490 --> 01:12:02,520

because drones just weren't prevalent

1810

01:12:05,990 --> 01:12:04,500

like they were now but most definitely

1811

01:12:09,110 --> 01:12:06,000

some of the um

1812

01:12:10,729 --> 01:12:09,120

sightings now are could are definitely

1813

01:12:13,669 --> 01:12:10,739

well they're definitely probably drones

1814

01:12:16,010 --> 01:12:13,679

yeah like people are just paying

1815

01:12:18,950 --> 01:12:16,020

attention now you know these are the the

1816

01:12:21,410 --> 01:12:18,960

the 2019 contacts where they were well

1817

01:12:25,130 --> 01:12:21,420

offshore beyond the distance and there's

1818

01:12:28,669 --> 01:12:25,140

an endurance and a uh uh an endurance uh

1819

01:12:31,550 --> 01:12:28,679

factor that comes into play and uh and

1820

01:12:34,070 --> 01:12:31,560

they uh so at least the reporting that

1821

01:12:36,709 --> 01:12:34,080

Jeremy did and and some things that I've

1822

01:12:38,870 --> 01:12:36,719

heard about is is that just these were

1823

01:12:41,149 --> 01:12:38,880

not something Prozac that couldn't be

1824

01:12:42,830 --> 01:12:41,159

just or wouldn't be just taken out by

1825

01:12:44,930 --> 01:12:42,840

the ship's defensive systems otherwise

1826

01:12:46,490 --> 01:12:44,940

everyone just fly their drones over to a

1827

01:12:49,270 --> 01:12:46,500

ship and say ah let's go see what's

1828

01:12:52,490 --> 01:12:49,280

going on in the deck of the ship

1829

01:12:54,709 --> 01:12:52,500

yeah and or the commanders of the ships

1830

01:12:56,330 --> 01:12:54,719

didn't didn't interpret whatever it was

1831

01:13:02,209 --> 01:12:56,340

as any type of threat

1832

01:13:06,590 --> 01:13:04,310

but there is there is there are these

1833

01:13:08,149 --> 01:13:06,600

systems I mean we you just can't go down

1834

01:13:09,470 --> 01:13:08,159

shoot and you just can't go out and

1835

01:13:11,390 --> 01:13:09,480

start shooting stuff down just because

1836

01:13:13,370 --> 01:13:11,400

you feel threatened by it just like I

1837

01:13:15,050 --> 01:13:13,380

can't go down to 7-Eleven and punch some

1838

01:13:17,450 --> 01:13:15,060

guy in the face just because he called

1839

01:13:19,550 --> 01:13:17,460

me a bad name you know it's the same

1840

01:13:21,410 --> 01:13:19,560

type of thing right

1841

01:13:23,870 --> 01:13:21,420

um there has to be and we learned that

1842

01:13:26,510 --> 01:13:23,880

lesson hard on the USS Vincennes when we

1843

01:13:29,149 --> 01:13:26,520

shot down Iranian flight 655.

1844

01:13:31,550 --> 01:13:29,159

we just can't shoot down this stuff just

1845

01:13:32,990 --> 01:13:31,560

because we feel threatened and we don't

1846

01:13:35,030 --> 01:13:33,000

know what it is

1847

01:13:37,070 --> 01:13:35,040

bad [h\_\_h] happens when you do that right

1848

01:13:39,229 --> 01:13:37,080

so

1849

01:13:40,970 --> 01:13:39,239

that's true kind of track and Observe

1850

01:13:42,709 --> 01:13:40,980

and Report you know unless you're

1851

01:13:44,570 --> 01:13:42,719

threatened by it for some specific

1852

01:13:46,370 --> 01:13:44,580

reason then you take defensive majors

1853

01:13:48,290 --> 01:13:46,380

and yes to answer your question there

1854

01:13:49,610 --> 01:13:48,300

are systems in place to do that you bet

1855

01:13:52,189 --> 01:13:49,620

there is

1856

01:13:55,130 --> 01:13:52,199

and I won't go into Howard wire

1857

01:13:57,229 --> 01:13:55,140

um right right yeah

1858

01:13:58,669 --> 01:13:57,239

right and if they probably got stuff now

1859

01:14:00,830 --> 01:13:58,679

I'm not even aware of I've been out of

1860

01:14:02,330 --> 01:14:00,840

the service for a while now so I was

1861

01:14:03,950 --> 01:14:02,340

gonna say yeah they've probably gotten

1862

01:14:06,229 --> 01:14:03,960

better but I was telling people even

1863

01:14:07,930 --> 01:14:06,239

over when I used to be at Bagram as an

1864

01:14:10,750 --> 01:14:07,940

Air Force guy we had a Navy system

1865

01:14:14,090 --> 01:14:10,760

mounted that would take out like um

1866

01:14:15,830 --> 01:14:14,100

mortars and and different projectiles

1867

01:14:18,770 --> 01:14:15,840

that would uh that would come over the

1868

01:14:21,229 --> 01:14:18,780

wall uh and these they had uh they had

1869

01:14:23,030 --> 01:14:21,239

some radar systems they had a a camera

1870

01:14:24,830 --> 01:14:23,040

suspended by a balloon as well and when

1871

01:14:27,169 --> 01:14:24,840

somebody would lob something over out

1872

01:14:29,330 --> 01:14:27,179

here and it would just boom you know

1873

01:14:32,030 --> 01:14:29,340

take it right out of the sky in in most

1874

01:14:34,250 --> 01:14:32,040

cases not you know not 100 effective but

1875

01:14:37,550 --> 01:14:34,260

very effective so

1876

01:14:40,130 --> 01:14:37,560

I thought I heard one what's that thank

1877

01:14:42,590 --> 01:14:40,140

God right thank God yeah I heard one one

1878

01:14:44,590 --> 01:14:42,600

night I guess it was mounted close to

1879

01:14:47,990 --> 01:14:44,600

where I worked that I wasn't aware of

1880

01:14:50,450 --> 01:14:48,000

and I I heard it go off and I thought it

1881

01:14:52,729 --> 01:14:50,460

was the sound of a plane about to crash

1882

01:14:54,709 --> 01:14:52,739

into the building because it the the the

1883

01:14:57,050 --> 01:14:54,719

the chain gun you know it sounded like a

1884

01:14:59,930 --> 01:14:57,060

propeller noise so I tackled the person

1885

01:15:01,970 --> 01:14:59,940

next to me just thinking of you know we

1886

01:15:04,189 --> 01:15:01,980

got to get down and not and really

1887

01:15:05,990 --> 01:15:04,199

thinking that the building the roof was

1888

01:15:08,209 --> 01:15:06,000

about to come in but in fact it was just

1889

01:15:09,709 --> 01:15:08,219

that system taking out some sort of a

1890

01:15:12,649 --> 01:15:09,719

projectile that was coming over the

1891

01:15:14,330 --> 01:15:12,659

fence so yep anyway yeah still made your

1892

01:15:17,570 --> 01:15:14,340

short hair stand on in I'm sure yeah

1893

01:15:19,010 --> 01:15:17,580

yeah it was pretty funny like dude what

1894

01:15:22,370 --> 01:15:19,020

are you doing I'm like do the thumb

1895

01:15:25,490 --> 01:15:22,380

we're good anyway all right so uh last

1896

01:15:27,410 --> 01:15:25,500

round for uh Kevin Day party people is

1897

01:15:29,810 --> 01:15:27,420

there anything else that that you guys

1898

01:15:34,610 --> 01:15:29,820

want to ask Mr day

1899

01:15:37,729 --> 01:15:34,620

like Okay Kevin Baker's got one

1900

01:15:42,169 --> 01:15:39,950

entering into supposedly a new phase of

1901

01:15:44,090 --> 01:15:42,179

a Cold War I mean Another Cold War I was

1902

01:15:45,550 --> 01:15:44,100

wondering if you think things are about

1903

01:15:48,410 --> 01:15:45,560

to get interesting

1904

01:15:49,970 --> 01:15:48,420

regardless to the UAP phenomenon based

1905

01:15:52,310 --> 01:15:49,980

on you know that they're

1906

01:15:54,649 --> 01:15:52,320

attraction to nuclear

1907

01:15:58,790 --> 01:15:54,659

related things do you think it's going

1908

01:16:02,450 --> 01:16:00,470

um

1909

01:16:03,250 --> 01:16:02,460

let me let me kind of rephrase your

1910

01:16:05,990 --> 01:16:03,260

question

1911

01:16:08,990 --> 01:16:06,000

would they would they stop a nuclear war

1912

01:16:11,209 --> 01:16:09,000

from happening no I'm

1913

01:16:13,370 --> 01:16:11,219

there is a increase in sightings during

1914

01:16:15,229 --> 01:16:13,380

the uh the Cold War

1915

01:16:17,209 --> 01:16:15,239

um you know they would be visiting the

1916

01:16:18,890 --> 01:16:17,219

the nuke sites the uh a lot of power

1917

01:16:20,090 --> 01:16:18,900

plants I'm wondering if that's going to

1918

01:16:22,130 --> 01:16:20,100

happen again now that we're entering

1919

01:16:22,970 --> 01:16:22,140

into another phase of a you know Cold

1920

01:16:25,729 --> 01:16:22,980

War

1921

01:16:28,189 --> 01:16:25,739

I don't I don't know you know I

1922

01:16:31,490 --> 01:16:28,199

I'm like you I have more questions than

1923

01:16:33,229 --> 01:16:31,500

answers yeah I mean that this side is

1924

01:16:35,390 --> 01:16:33,239

questions and this side is my answer so

1925

01:16:37,610 --> 01:16:35,400

far you know right

1926

01:16:42,350 --> 01:16:37,620

that's all of us Kevin all of us have a

1927

01:16:47,990 --> 01:16:45,410

um so thank you uh very much everybody's

1928

01:16:50,209 --> 01:16:48,000

Gonna Wanna Say Goodbye and uh we

1929

01:16:52,250 --> 01:16:50,219

definitely would want to do a uh round

1930

01:16:54,830 --> 01:16:52,260

two with you but before we go can you

1931

01:16:57,890 --> 01:16:54,840

please uh let us in on who you're

1932

01:16:59,630 --> 01:16:57,900

working with now what organization what

1933

01:17:01,490 --> 01:16:59,640

are your next steps that you guys have

1934

01:17:04,189 --> 01:17:01,500

going on please tell us what you're

1935

01:17:05,810 --> 01:17:04,199

involved in at the moment

1936

01:17:08,330 --> 01:17:05,820

um uapx

1937

01:17:11,450 --> 01:17:08,340

um because of some stuff that happened

1938

01:17:13,310 --> 01:17:11,460

eternally in internally excuse me and

1939

01:17:17,570 --> 01:17:13,320

some other opportunities that I've had

1940

01:17:19,790 --> 01:17:17,580

come along I've left uapx Expeditions

1941

01:17:21,890 --> 01:17:19,800

um Gary Voorhees is still running it God

1942

01:17:24,590 --> 01:17:21,900

bless him good man

1943

01:17:25,850 --> 01:17:24,600

um but I'm not part of the organization

1944

01:17:26,689 --> 01:17:25,860

now

1945

01:17:29,270 --> 01:17:26,699

um

1946

01:17:30,229 --> 01:17:29,280

and I'm kind of in a transition period

1947

01:17:31,450 --> 01:17:30,239

because

1948

01:17:35,930 --> 01:17:31,460

um

1949

01:17:38,930 --> 01:17:35,940

my my wife of 31 years left me

1950

01:17:39,649 --> 01:17:38,940

um over mostly over this um as it turns

1951

01:17:42,110 --> 01:17:39,659

out

1952

01:17:43,790 --> 01:17:42,120

um and uh

1953

01:17:46,010 --> 01:17:43,800

have the love of my life that just

1954

01:17:47,750 --> 01:17:46,020

entered My Life um Kimberly Beresford

1955

01:17:49,130 --> 01:17:47,760

now I can't even tell you how much that

1956

01:17:50,990 --> 01:17:49,140

woman has helped me

1957

01:17:53,209 --> 01:17:51,000

but God bless her for what she's done

1958

01:17:56,149 --> 01:17:53,219

for me you know

1959

01:17:57,830 --> 01:17:56,159

yeah hi Kim I have heard a thing for

1960

01:18:00,410 --> 01:17:57,840

stop drinking you know

1961

01:18:02,630 --> 01:18:00,420

and um God that may have saved my life

1962

01:18:04,850 --> 01:18:02,640

are you kidding me

1963

01:18:07,189 --> 01:18:04,860

wow or at least put yours back on it

1964

01:18:08,930 --> 01:18:07,199

God's willing you know

1965

01:18:11,149 --> 01:18:08,940

and what was your question again I get

1966

01:18:12,950 --> 01:18:11,159

carried away man I get so emotional I'm

1967

01:18:15,110 --> 01:18:12,960

sorry

1968

01:18:17,090 --> 01:18:15,120

I don't know if I'm trying to think that

1969

01:18:19,370 --> 01:18:17,100

was uh whose question who who had a

1970

01:18:21,350 --> 01:18:19,380

question for him that was uh

1971

01:18:23,930 --> 01:18:21,360

I don't remember who who asked was that

1972

01:18:28,149 --> 01:18:23,940

Kev or was that me I know Deb has a

1973

01:18:32,689 --> 01:18:30,649

I wanted to give a shout out to Kim by

1974

01:18:34,790 --> 01:18:32,699

the way because she is amazing she and I

1975

01:18:36,890 --> 01:18:34,800

have communicated also so maybe next

1976

01:18:38,689 --> 01:18:36,900

time she should come with you to talk

1977

01:18:41,270 --> 01:18:38,699

yeah please

1978

01:18:42,310 --> 01:18:41,280

um so she's listening in right now she's

1979

01:18:44,689 --> 01:18:42,320

listening

1980

01:18:46,729 --> 01:18:44,699

I know we're wrapping up here shortly

1981

01:18:49,370 --> 01:18:46,739

but I just had a quick question I wanted

1982

01:18:52,250 --> 01:18:49,380

to ask a lot of people there are some

1983

01:18:53,149 --> 01:18:52,260

rumors about some shapes and we know

1984

01:18:55,189 --> 01:18:53,159

that

1985

01:18:57,110 --> 01:18:55,199

um as far as paperwork is concerned some

1986

01:18:59,270 --> 01:18:57,120

of those have been redacted and I

1987

01:19:02,390 --> 01:18:59,280

understand why a lot of people don't but

1988

01:19:04,790 --> 01:19:02,400

I do get why they redacted them but some

1989

01:19:06,410 --> 01:19:04,800

of those rumors are that the shapes that

1990

01:19:10,550 --> 01:19:06,420

we're seeing around

1991

01:19:12,830 --> 01:19:10,560

our military ships are not just Tic Tacs

1992

01:19:15,410 --> 01:19:12,840

do you have you heard that has anyone

1993

01:19:17,750 --> 01:19:15,420

spoken to you about that about what what

1994

01:19:18,729 --> 01:19:17,760

are they say the shape or not just

1995

01:19:22,790 --> 01:19:18,739

tickets

1996

01:19:25,070 --> 01:19:22,800

or the shapes of the objects

1997

01:19:28,250 --> 01:19:25,080

I've heard I've heard for instance that

1998

01:19:29,750 --> 01:19:28,260

there was a saucer no I'm not surprised

1999

01:19:32,570 --> 01:19:29,760

I mean people have seen triangles

2000

01:19:34,130 --> 01:19:32,580

squares uh squares and side circles I

2001  
01:19:35,590 --> 01:19:34,140  
mean you name the shape and people have

2002  
01:19:38,750 --> 01:19:35,600  
seen it

2003  
01:19:40,130 --> 01:19:38,760  
unless we're all on dope I mean I mean

2004  
01:19:41,630 --> 01:19:40,140  
these people that are seeing these

2005  
01:19:43,850 --> 01:19:41,640  
things are highly credible too and they

2006  
01:19:46,850 --> 01:19:43,860  
why would they want to lie about it most

2007  
01:19:49,010 --> 01:19:46,860  
of them you know of course not

2008  
01:19:50,510 --> 01:19:49,020  
so yeah the fact there's different

2009  
01:19:52,310 --> 01:19:50,520  
shapes doesn't surprise me at all

2010  
01:19:53,450 --> 01:19:52,320  
there's different shapes of cars too

2011  
01:19:55,550 --> 01:19:53,460  
right

2012  
01:19:57,770 --> 01:19:55,560  
but they don't all look like uh Vegas

2013  
01:19:59,630 --> 01:19:57,780

you know every car on the road's a vegan

2014

01:20:01,550 --> 01:19:59,640

nope they ain't all kinds of cars out

2015

01:20:03,890 --> 01:20:01,560

there well UAP is the same no big

2016

01:20:05,930 --> 01:20:03,900

surprise

2017

01:20:07,310 --> 01:20:05,940

and and the Vega I wouldn't recommend

2018

01:20:09,709 --> 01:20:07,320

because they really didn't perfect the

2019

01:20:12,310 --> 01:20:09,719

four-cylinder engine at that point

2020

01:20:16,550 --> 01:20:12,320

um no I had one

2021

01:20:18,470 --> 01:20:16,560

yeah I had one in high school

2022

01:20:20,090 --> 01:20:18,480

um no so yeah the question that that

2023

01:20:21,530 --> 01:20:20,100

question actually was mine and it was

2024

01:20:23,810 --> 01:20:21,540

about what you're currently working with

2025

01:20:26,090 --> 01:20:23,820

is there a name to your new organization

2026

01:20:27,350 --> 01:20:26,100

is there a Next Step that you want

2027

01:20:30,590 --> 01:20:27,360

people to know about

2028

01:20:31,970 --> 01:20:30,600

uh no it's just uh me and I'm figuring

2029

01:20:34,550 --> 01:20:31,980

it out right now I'm in the transition

2030

01:20:37,250 --> 01:20:34,560

period um letting kind of things settle

2031

01:20:39,590 --> 01:20:37,260

down and adjust I'm very picky with who

2032

01:20:41,689 --> 01:20:39,600

I decide to uh

2033

01:20:43,790 --> 01:20:41,699

um spend my time with right now

2034

01:20:45,410 --> 01:20:43,800

just because there's so many demands on

2035

01:20:47,390 --> 01:20:45,420

it and

2036

01:20:49,250 --> 01:20:47,400

um and there's a phrase that I try to

2037

01:20:52,669 --> 01:20:49,260

live by now is be careful what you wish

2038

01:20:56,270 --> 01:20:55,010

yeah so I'm trying to abide by that

2039

01:20:58,010 --> 01:20:56,280

because I don't want to be like that

2040

01:20:59,030 --> 01:20:58,020

rock star guy or that movie star guy

2041

01:21:03,530 --> 01:20:59,040

that

2042

01:21:05,689 --> 01:21:03,540

a personal level and I don't want to be

2043

01:21:07,550 --> 01:21:05,699

that kind of person I I'm pretty simple

2044

01:21:08,689 --> 01:21:07,560

man I just want to have a happy home

2045

01:21:10,610 --> 01:21:08,699

life and

2046

01:21:14,810 --> 01:21:10,620

and help out in my town and my community

2047

01:21:17,149 --> 01:21:14,820

and and pay my bills and and

2048

01:21:19,149 --> 01:21:17,159

take care of the dogs and the house and

2049

01:21:22,129 --> 01:21:19,159

that kind of stuff you know

2050

01:21:25,010 --> 01:21:22,139

too much you know I'm pretty simple

2051

01:21:26,570 --> 01:21:25,020

so yeah my life is turned around and

2052

01:21:29,030 --> 01:21:26,580

that's my message I'm

2053

01:21:32,750 --> 01:21:29,040

if you encounter these things

2054

01:21:35,209 --> 01:21:32,760

um and that [h\_\_h] starts to happen don't

2055

01:21:37,370 --> 01:21:35,219

give up because at the end of the day if

2056

01:21:40,970 --> 01:21:37,380

you hang in there with it for some

2057

01:21:42,530 --> 01:21:40,980

reason this thing will this and I'm not

2058

01:21:44,870 --> 01:21:42,540

the only one saying this now astronauts

2059

01:21:48,590 --> 01:21:44,880

are saying this for some reason it ends

2060

01:21:54,410 --> 01:21:49,729

yeah

2061

01:21:56,149 --> 01:21:54,420

just going to space and looking back at

2062

01:21:58,310 --> 01:21:56,159

Earth uh gave him a different

2063

01:22:00,890 --> 01:21:58,320

perspective in seeing the world without

2064

01:22:02,870 --> 01:22:00,900

map lines on it and made him a better

2065

01:22:06,470 --> 01:22:02,880

human and I can hear that when I listen

2066

01:22:09,050 --> 01:22:06,480

to his podcast uh I'm sure this is a

2067

01:22:10,729 --> 01:22:09,060

little bit of a pinch ourself moment you

2068

01:22:13,669 --> 01:22:10,739

know a year and change ago when when

2069

01:22:15,530 --> 01:22:13,679

Nathan and I started this before we even

2070

01:22:18,050 --> 01:22:15,540

uh got the other cabbies we had hoped

2071

01:22:20,570 --> 01:22:18,060

that we'd be able to talk to you and

2072

01:22:23,930 --> 01:22:20,580

your mates and a lot of these folks and

2073

01:22:25,970 --> 01:22:23,940

thank goodness now uh people are uh

2074

01:22:28,370 --> 01:22:25,980

engaging with us and allowing us to

2075

01:22:29,990 --> 01:22:28,380

welcome them into a cab that isn't going

2076

01:22:31,490 --> 01:22:30,000

to run you over at 80 miles an hour I

2077

01:22:34,550 --> 01:22:31,500

promise

2078

01:22:37,550 --> 01:22:34,560

um and um so yeah and personally you

2079

01:22:39,950 --> 01:22:37,560

know not only on behalf of cap but it's

2080

01:22:41,510 --> 01:22:39,960

my honor to speak with you and I hope

2081

01:22:44,330 --> 01:22:41,520

that you'll come and join us again and

2082

01:22:46,970 --> 01:22:44,340

Kim is welcome to uh to come with you

2083

01:22:49,250 --> 01:22:46,980

and uh I'll talk to Kim about it and uh

2084

01:22:51,110 --> 01:22:49,260

I'm leaning I'm leaving in in favor of

2085

01:22:52,669 --> 01:22:51,120

that right now know because I I actually

2086

01:22:54,229 --> 01:22:52,679

very much enjoyed being here with you

2087

01:22:55,310 --> 01:22:54,239

guys and it sounds like you're my kind

2088

01:22:59,270 --> 01:22:55,320

of people

2089

01:23:06,770 --> 01:23:03,770

all right so for for Nathan for Debs for

2090

01:23:09,709 --> 01:23:06,780

Steph and for Kevin this is DJ saying to

2091

01:23:11,450 --> 01:23:09,719

Kevin peace out salute and as always

2092

01:23:13,790 --> 01:23:11,460

we'll see you down the road we wonder

2093

01:23:17,250 --> 01:23:13,800

what's up around the bend thank you and
