doping it up with some katsudon anyway i

20

00:01:15,350 --> 00:01:13,040

to speak with steph today life's good uh

32

00:01:43,240 --> 00:01:41,119

and nathan he needed a couple day break

33

00:01:45,030 --> 00:01:43,250

for me but that's okay um so

34

00:01:46,789 --> 00:01:45,040

[Laughter]

so kevin couldn't make it tonight

38

00:01:55,030 --> 00:01:53,200

but guess what people we got someone

39

00:01:58,709 --> 00:01:55,040

with two varsity letters we're talking

40

00:02:00,149 --> 00:01:58,719

about my us navy cia brother john

41

00:02:02,149 --> 00:02:00,159

ramirez

42

00:02:03,590 --> 00:02:02,159

by the way have a benefits package we

46

00:02:10,710 --> 00:02:08,000

47

00:02:13,030 --> 00:02:10,720

yes we'll talk about 401k and the

48

00:02:16,309 --> 00:02:13,040

matching on the eyeglasses and dental

49

00:02:18,070 --> 00:02:16,319

but uh anyway uh but right now we want

50

00:02:19,830 --> 00:02:18,080

to bring in the guest of the hour and it

51
00:02:22,869 --> 00:02:19,840
was so nice of john to come on and help

52
00:02:24,470 --> 00:02:22,879
us ask some questions to jim

53
00:02:26,309 --> 00:02:24,480
as if you need because anybody could ask

54
00:02:28,150 --> 00:02:26,319
like a zillion questions in this man

55
00:02:31,589 --> 00:02:28,160
this brother right here has a degree in

56
00:02:34,630 --> 00:02:31,599
secondary education from the ohio state

57
00:02:36,869 --> 00:02:34,640
university and a literary bachelors and

58
00:02:40,270 --> 00:02:36,879
he has a masters in english lit and

59
00:02:43,750 --> 00:02:40,280
guess what he was an ops officer in the

60
00:02:46,710 --> 00:02:43,760
cia's directorate of operation

61
00:02:49,190 --> 00:02:46,720
during his 25 years at the agency and he

62
00:02:52,630 --> 00:02:49,200
is currently the co-founder and vp of

63
00:02:54,470 --> 00:02:52,640

operations of to the stars academy along

64

00:02:56,949 --> 00:02:54,480

with brother tom delong

65

00:02:59,190 --> 00:02:56,959

a seminal organization for u.s

66

00:03:01,030 --> 00:02:59,200

disclosure for the ufo disclosure

67

00:03:03,030 --> 00:03:01,040

movement so let me tell you something

68

00:03:05,589 --> 00:03:03,040

people don't play with this man don't

69

00:03:08,309 --> 00:03:05,599

talk no craziness he gonna have you hog

70

00:03:10,149 --> 00:03:08,319

tied up in the back of a yacht like like

71

00:03:12,070 --> 00:03:10,159

liam neeson's victim with an apple

72

00:03:15,509 --> 00:03:12,080

hanging out your mouth so don't play no

73

00:03:27,910 --> 00:03:15,519

games but put your hands together for my

74

00:03:33,990 --> 00:03:29,990

i know i'm happy with it i'm i'm good

75

00:03:35,350 --> 00:03:34,000

i'm good to go amen

76

00:03:37,350 --> 00:03:35,360

welcome

77

00:03:38,710 --> 00:03:37,360

right he has a special set of skills i

78

00:03:40,149 --> 00:03:38,720

think yeah

79

00:03:42,390 --> 00:03:40,159

don't play with this man that's all i

80

00:03:45,190 --> 00:03:42,400

got to tell you so jim during your

81

00:03:46,390 --> 00:03:45,200

career did you ever have to like go on

82

00:03:48,949 --> 00:03:46,400

undercover

83

00:03:50,309 --> 00:03:48,959

learn how to surf and then you know

84

00:03:52,710 --> 00:03:50,319

because maybe like there was a group of

85

00:03:54,869 --> 00:03:52,720

bank robbers dressed up as ex-presidents

86

00:03:56,949 --> 00:03:54,879

anything like that ever happen

87

00:04:00,149 --> 00:03:56,959

uh well i know i mean yeah when you're

88

00:04:02,630 --> 00:04:00,159

on utah you you i would have different

89

00:04:04,470 --> 00:04:02,640

identities sometimes and uh

90

00:04:06,229 --> 00:04:04,480

um yeah and sometimes you would have to

91

00:04:08,869 --> 00:04:06,239

do things you don't you didn't know very

92

00:04:09,990 --> 00:04:08,879

well or you know but uh yeah it was par

93

00:04:11,910 --> 00:04:10,000

for the course

94

00:04:14,470 --> 00:04:11,920

but did you do like johnny utah and say

95

00:04:15,030 --> 00:04:14,480

i am a c.i.a

96

00:04:17,189 --> 00:04:15,040

no i'm scared

97

00:04:19,830 --> 00:04:17,199

[Laughter]

98

00:04:22,310 --> 00:04:19,840

john will tell you that you know we

99

00:04:24,790 --> 00:04:22,320

we we tr strive to be little gray men

100

00:04:26,710 --> 00:04:24,800

yeah i know yes you know just

101

00:04:28,390 --> 00:04:26,720

fade into the background

102

00:04:29,590 --> 00:04:28,400

i am kidding with you of course we

103

00:04:31,909 --> 00:04:29,600

always start with something really

104

00:04:34,070 --> 00:04:31,919

stupid and hopefully uh you get it but

105

00:04:36,950 --> 00:04:34,080

you know that one may have been even too

106

00:04:39,030 --> 00:04:36,960

dumb for you uh jim it is an honor to

107

00:04:41,110 --> 00:04:39,040

have you

108

00:04:43,670 --> 00:04:41,120

and uh i have a question

109

00:04:45,110 --> 00:04:43,680

here for you from

110

00:04:47,590 --> 00:04:45,120

one

111

00:04:49,670 --> 00:04:47,600

i have a question here uh for you and uh

112

00:04:51,749 --> 00:04:49,680

sometimes i'll yield a question to one

113

00:04:54,150 --> 00:04:51,759

of our friends of the show our cab fam

114

00:04:57,030 --> 00:04:54,160

this gentleman from the uk davey johnson

115

00:04:59,270 --> 00:04:57,040

who says uh jim you've described

116

00:05:02,230 --> 00:04:59,280

experiencers as being voyagers at the

117

00:05:04,790 --> 00:05:02,240

forefront of an expansion or evolution

118

00:05:06,469 --> 00:05:04,800

of consciousness alongside this and the

119

00:05:09,350 --> 00:05:06,479

moves that we are seeing in terms of

120

00:05:12,629 --> 00:05:09,360

disclosure of the subject do you think

121

00:05:14,629 --> 00:05:12,639

that the phenomenon is playing a part in

122

00:05:16,870 --> 00:05:14,639

increased interest in the subject or do

123

00:05:19,909 --> 00:05:16,880

you think this may be an example of not

124

00:05:22,710 --> 00:05:19,919

only anthro anthropocentrism

125

00:05:24,230 --> 00:05:22,720

but maybe even currentism and that our

126

00:05:26,790 --> 00:05:24,240

understanding and interaction with the

127

00:05:29,749 --> 00:05:26,800

phenomenon has remained the same for

128

00:05:32,150 --> 00:05:29,759

centuries and will remain the same

129

00:05:34,629 --> 00:05:32,160

wow that's uh

130

00:05:37,990 --> 00:05:34,639

that's a great question and uh kid's

131

00:05:39,430 --> 00:05:38,000

great i can unpack it a little bit uh

132

00:05:41,990 --> 00:05:39,440

you know the answer you know the short

133

00:05:43,909 --> 00:05:42,000

answer is i i don't know and i i i don't

134

00:05:46,950 --> 00:05:43,919

know anybody who does know i mean you

135

00:05:48,790 --> 00:05:46,960

know one of the one of the big things

136

00:05:51,590 --> 00:05:48,800

uh uh that you deal with when you're

137

00:05:52,870 --> 00:05:51,600

dealing with the phenomenon um is um

138

00:05:57,909 --> 00:05:52,880

this

139

00:05:59,830 --> 00:05:57,919

everybody you know comes at it you know

140

00:06:02,710 --> 00:05:59,840

from their own viewpoint and you know we

141

00:06:04,710 --> 00:06:02,720

we look at it anthropomorphically

142

00:06:08,070 --> 00:06:04,720

um uh because we have to i mean we're

143

00:06:09,430 --> 00:06:08,080

humans uh uh some some of us have you

144

00:06:11,430 --> 00:06:09,440

know certain backgrounds religious

145

00:06:13,670 --> 00:06:11,440

backgrounds or uh

146

00:06:15,430 --> 00:06:13,680

uh maybe uh you know psychological

147

00:06:16,790 --> 00:06:15,440

backgrounds military backgrounds

148

00:06:18,870 --> 00:06:16,800

whatever the store intelligence

149

00:06:21,029 --> 00:06:18,880

backgrounds whatever the story we try to

150

00:06:24,390 --> 00:06:21,039

look at it through these this lens

151
00:06:26,390 --> 00:06:24,400
um from my reading of the literature and

152
00:06:28,230 --> 00:06:26,400
i've read quite a bit i mean i do suffer

153
00:06:30,469 --> 00:06:28,240
from literary amnesia i mean you know i

154
00:06:31,749 --> 00:06:30,479
read books and i i have to go back and

155
00:06:35,830 --> 00:06:31,759
read them again i

156
00:06:37,749 --> 00:06:35,840
i i think i'm back to reading uh john

157
00:06:39,110 --> 00:06:37,759
keel for like the third or fourth time

158
00:06:39,909 --> 00:06:39,120
this whole

159
00:06:41,510 --> 00:06:39,919
whole

160
00:06:43,590 --> 00:06:41,520
bunch of books i love him i think he's

161
00:06:45,350 --> 00:06:43,600
great but but no i mean i i don't know

162
00:06:46,790 --> 00:06:45,360
the answer to that i mean it could go

163
00:06:49,270 --> 00:06:46,800

either way i mean you know does the

164

00:06:51,589 --> 00:06:49,280

phenomenon basically direct us

165

00:06:52,950 --> 00:06:51,599

uh you know uh and is it directing us

166

00:06:55,510 --> 00:06:52,960

now um

167

00:06:58,150 --> 00:06:55,520

there's a lot to be said for that um uh

168

00:06:59,029 --> 00:06:58,160

in the sense that uh and it's my opinion

169

00:07:00,629 --> 00:06:59,039

um

170

00:07:03,189 --> 00:07:00,639

well it's not even my opinion i mean i

171

00:07:06,230 --> 00:07:03,199

feel this is real the phenomenon is real

172

00:07:07,350 --> 00:07:06,240

and it appears to be able to

173

00:07:12,790 --> 00:07:07,360

um

174

00:07:14,790 --> 00:07:12,800

impose itself uh on us uh on our uh

175

00:07:16,469 --> 00:07:14,800

on our uh the way we we see things the

176

00:07:18,790 --> 00:07:16,479

way we see it

177

00:07:20,950 --> 00:07:18,800

uh i know jacques villas

178

00:07:22,950 --> 00:07:20,960

talks a lot about that and um on the

179

00:07:24,870 --> 00:07:22,960

cover of his i think passport to magonia

180

00:07:27,510 --> 00:07:24,880

is the new cover the new passport to

181

00:07:28,950 --> 00:07:27,520

begonia he has you know the the masks in

182

00:07:29,670 --> 00:07:28,960

front of the graves in front of the you

183

00:07:32,550 --> 00:07:29,680

know

184

00:07:36,790 --> 00:07:32,560

and you sort of look at that and um

185

00:07:37,990 --> 00:07:36,800

that scenario and you don't know

186

00:07:39,510 --> 00:07:38,000

you don't know who to trust you i mean

187

00:07:42,150 --> 00:07:39,520

you can't trust it

188

00:07:44,950 --> 00:07:42,160

um right i was chatting with robert

189

00:07:47,270 --> 00:07:44,960

hastings not too long ago and and um

190

00:07:49,189 --> 00:07:47,280

and i i was i mentioned something to him

191

00:07:50,869 --> 00:07:49,199

about yeah i'm just gonna i'm gonna bury

192

00:07:52,469 --> 00:07:50,879

this stuff i'm out you know i don't want

193

00:07:54,869 --> 00:07:52,479

to do this anymore

194

00:07:56,070 --> 00:07:54,879

uh i was frustrated very very frustrated

195

00:07:59,270 --> 00:07:56,080

because

196

00:08:01,830 --> 00:07:59,280

the phenomenon doesn't really

197

00:08:04,950 --> 00:08:01,840

it doesn't really introduce itself to us

198

00:08:08,629 --> 00:08:04,960

i mean does it i mean it it it teases us

199

00:08:11,430 --> 00:08:08,639

um it will lie to us um sometimes it

200

00:08:14,230 --> 00:08:11,440

maybe maybe it will tell us the truth

201
00:08:16,469 --> 00:08:14,240
but there's no consistency to it there's

202
00:08:18,469 --> 00:08:16,479
no formality to it

203
00:08:20,790 --> 00:08:18,479
there's no introduction formal

204
00:08:24,790 --> 00:08:20,800
introduction to it and i believe that's

205
00:08:26,710 --> 00:08:24,800
true across the government um and um i i

206
00:08:29,350 --> 00:08:26,720
don't know

207
00:08:30,309 --> 00:08:29,360
if anything is going to change uh in the

208
00:08:32,149 --> 00:08:30,319
future

209
00:08:35,589 --> 00:08:32,159
the only thing i will say and i think

210
00:08:38,070 --> 00:08:35,599
it's apparent to everybody here

211
00:08:40,790 --> 00:08:38,080
that we certainly have been engaging

212
00:08:42,550 --> 00:08:40,800
with it a lot more in the last

213
00:08:43,589 --> 00:08:42,560

you know 80 years and particularly in

214

00:08:45,990 --> 00:08:43,599

the last

215

00:08:50,790 --> 00:08:48,070

would lead us to believe that perhaps

216

00:08:53,990 --> 00:08:50,800

something is going to happen

217

00:08:56,230 --> 00:08:54,000

some of the people i chat with

218

00:08:59,030 --> 00:08:56,240

uh who deal with this

219

00:09:03,030 --> 00:09:01,509

you know mentioned that they feel uh

220

00:09:07,030 --> 00:09:03,040

like maybe something's gonna be

221

00:09:09,590 --> 00:09:07,040

happening soon uh uh you know i i

222

00:09:10,470 --> 00:09:09,600

i i don't know i mean i i really don't

223

00:09:18,550 --> 00:09:10,480

know

224

00:09:20,710 --> 00:09:18,560

side to it not a big bad side but a

225

00:09:22,710 --> 00:09:20,720

little bit of bad side to it whether

226

00:09:25,350 --> 00:09:22,720

that's a you know uh you know one

227

00:09:27,350 --> 00:09:25,360

species or you know two species out of

228

00:09:29,509 --> 00:09:27,360

20 i have no clue

229

00:09:33,990 --> 00:09:29,519

but uh uh i don't know i mean you know

230

00:09:36,150 --> 00:09:34,000

it's it's uh i mean it's it's funny i i

231

00:09:39,509 --> 00:09:36,160

i in some of my podcasts you know that i

232

00:09:42,870 --> 00:09:39,519

do and uh you know and uh i

233

00:09:44,150 --> 00:09:42,880

i must sound like a a a looney tune uh

234

00:09:45,670 --> 00:09:44,160

because i don't know what else this i

235

00:09:46,389 --> 00:09:45,680

don't know what to say i mean i don't

236

00:09:47,750 --> 00:09:46,399

know

237

00:09:50,870 --> 00:09:47,760

i just don't

238

00:09:51,670 --> 00:09:50,880

and uh and some of my you know some of

239

00:09:53,269 --> 00:09:51,680

the

240

00:09:56,310 --> 00:09:53,279

briefings i had

241

00:09:59,030 --> 00:09:56,320

a year a few years ago on this

242

00:10:00,870 --> 00:09:59,040

uh at least a classified element to it

243

00:10:02,790 --> 00:10:00,880

it was just

244

00:10:04,310 --> 00:10:02,800

you know it there were there weren't any

245

00:10:05,750 --> 00:10:04,320

answers it wasn't like you know somebody

246

00:10:07,350 --> 00:10:05,760

was telling me

247

00:10:09,430 --> 00:10:07,360

you know here's the answer you know and

248

00:10:11,030 --> 00:10:09,440

i mean you know the anunnaki or you know

249

00:10:12,870 --> 00:10:11,040

or here and blah blah blah blah and

250

00:10:15,190 --> 00:10:12,880

you go on and on no i don't like that at

251
00:10:17,030 --> 00:10:15,200
all it was actually just you know

252
00:10:19,350 --> 00:10:17,040
this is all the stuff that's happening

253
00:10:21,030 --> 00:10:19,360
out there this is very very real

254
00:10:23,590 --> 00:10:21,040
you know you see the pictures you see

255
00:10:25,750 --> 00:10:23,600
the data and then you go holy cow you

256
00:10:27,750 --> 00:10:25,760
know we're living in a in a uh in a

257
00:10:28,630 --> 00:10:27,760
reality here that

258
00:10:30,550 --> 00:10:28,640
um

259
00:10:32,630 --> 00:10:30,560
is sort of closed off to us a lot of it

260
00:10:36,150 --> 00:10:32,640
is closed off to us

261
00:10:37,829 --> 00:10:36,160
so um i'm i i tend to be rambling so i

262
00:10:39,190 --> 00:10:37,839
apologize um

263
00:10:41,590 --> 00:10:39,200

that's the best i can do with that

264

00:10:43,990 --> 00:10:41,600

answer yes at the moment i'm not as i'm

265

00:10:46,150 --> 00:10:44,000

not as eloquent as mr ramirez here who's

266

00:10:48,389 --> 00:10:46,160

uh actually both who i really truly

267

00:10:50,550 --> 00:10:48,399

admire i mean uh uh he

268

00:10:53,190 --> 00:10:50,560

he sent me a uh

269

00:10:54,870 --> 00:10:53,200

a slide deck oh about a year ago on on

270

00:10:56,870 --> 00:10:54,880

the government you know and i

271

00:10:58,389 --> 00:10:56,880

i just was like blown away by it i was

272

00:10:59,670 --> 00:10:58,399

going like holy cow

273

00:11:01,110 --> 00:10:59,680

you know i wish i had the brains to do

274

00:11:02,790 --> 00:11:01,120

it because he was an analyst you know

275

00:11:04,550 --> 00:11:02,800

and the analysts really are the guys of

276

00:11:06,710 --> 00:11:04,560

smart guys right and he not only was he

277

00:11:08,230 --> 00:11:06,720

an analyst he was a ds and t analyst is

278

00:11:09,670 --> 00:11:08,240

like holy cow

279

00:11:12,069 --> 00:11:09,680

you know

280

00:11:13,750 --> 00:11:12,079

we always admire people who have a

281

00:11:15,829 --> 00:11:13,760

i'm sorry we always admire people have

282

00:11:17,829 --> 00:11:15,839

this different talent and skill set than

283

00:11:19,750 --> 00:11:17,839

we have that's what's you know what's

284

00:11:21,590 --> 00:11:19,760

inspiring and what i want to say before

285

00:11:23,030 --> 00:11:21,600

i pass it over to my co-conspirator

286

00:11:25,190 --> 00:11:23,040

nathan is that

287

00:11:27,509 --> 00:11:25,200

i'm also inspired and empowered i think

288

00:11:29,509 --> 00:11:27,519

as as because you and other experiencers

289

00:11:32,150 --> 00:11:29,519

have said you were able to put your

290

00:11:34,150 --> 00:11:32,160

metaphorical foot down and say no i

291

00:11:36,710 --> 00:11:34,160

don't want this at this time and you

292

00:11:39,110 --> 00:11:36,720

were able to push back on the phenomenon

293

00:11:41,509 --> 00:11:39,120

and i think uh for people that are

294

00:11:43,829 --> 00:11:41,519

having an experience uh that that maybe

295

00:11:46,310 --> 00:11:43,839

they're uneasy about and david lanier

296

00:11:48,389 --> 00:11:46,320

also has espoused that and i'm glad that

297

00:11:51,509 --> 00:11:48,399

you're that you're able to do that that

298

00:11:54,470 --> 00:11:51,519

that is inspiring thank you i i you know

299

00:11:56,710 --> 00:11:54,480

stuart davis is um you know is uh

300

00:11:59,190 --> 00:11:56,720

i think a believer in that and he's

301
00:12:01,430 --> 00:11:59,200
another wonderful wonderful guy and i i

302
00:12:04,069 --> 00:12:01,440
happen to share his opinions on this i

303
00:12:07,110 --> 00:12:04,079
don't like being controlled

304
00:12:08,389 --> 00:12:07,120
i don't i you know who does right but i

305
00:12:11,509 --> 00:12:08,399
don't like that i don't like this

306
00:12:13,190 --> 00:12:11,519
concept and um it's it's highly

307
00:12:14,790 --> 00:12:13,200
bothersome and it's not just bothersome

308
00:12:16,870 --> 00:12:14,800
to me it's bothersome to a lot of people

309
00:12:20,230 --> 00:12:16,880
you have this whole idea

310
00:12:21,829 --> 00:12:20,240
of uh sovereignty you know and uh

311
00:12:23,430 --> 00:12:21,839
i'm sure you've all read that article by

312
00:12:25,269 --> 00:12:23,440
alexander wendt you know ohio state

313
00:12:27,190 --> 00:12:25,279

university professor on

314

00:12:29,750 --> 00:12:27,200

ufos and sovereignty but it's it's a

315

00:12:31,829 --> 00:12:29,760

wonderful article and um uh but it's

316

00:12:34,150 --> 00:12:31,839

true and and you know we all sort of

317

00:12:37,030 --> 00:12:34,160

like order in our lives and and we want

318

00:12:39,910 --> 00:12:37,040

to have some kind of a

319

00:12:41,269 --> 00:12:39,920

say in in how we conduct our lives

320

00:12:43,750 --> 00:12:41,279

uh and then all of a sudden this

321

00:12:47,350 --> 00:12:43,760

phenomenon pops in and basically i think

322

00:12:50,389 --> 00:12:47,360

what it's telling us is no no no that's

323

00:12:51,750 --> 00:12:50,399

you you may think you do uh but we can

324

00:12:55,990 --> 00:12:51,760

control this

325

00:12:58,230 --> 00:12:56,000

so uh interesting stuff you know

326

00:12:59,750 --> 00:12:58,240

i definitely and inspiring i wrote that

327

00:13:02,550 --> 00:12:59,760

one down so that i can read that because

328

00:13:04,310 --> 00:13:02,560

i haven't read that but uh my co-creator

329

00:13:05,990 --> 00:13:04,320

nathan take it away sir

330

00:13:07,509 --> 00:13:06,000

thanks um yeah so jim you kind of

331

00:13:08,790 --> 00:13:07,519

touched on this uh

332

00:13:10,790 --> 00:13:08,800

issue and it's something that i've been

333

00:13:12,310 --> 00:13:10,800

thinking about for quite some time now

334

00:13:13,590 --> 00:13:12,320

i'd love to get your thoughts on it and

335

00:13:15,509 --> 00:13:13,600

and maybe john if you want to weigh in

336

00:13:16,790 --> 00:13:15,519

as well but you know i'm sure because

337

00:13:18,230 --> 00:13:16,800

i'm sure you've thought about it so this

338

00:13:20,310 --> 00:13:18,240

issue of trust

339

00:13:22,069 --> 00:13:20,320

uh this issue of how do we go about

340

00:13:23,829 --> 00:13:22,079

trusting a thing which

341

00:13:25,190 --> 00:13:23,839

one as you said it's pretty elusive

342

00:13:27,269 --> 00:13:25,200

we're having a hard time really even

343

00:13:29,590 --> 00:13:27,279

kind of getting our hands around it but

344

00:13:31,990 --> 00:13:29,600

two which seems to surpass

345

00:13:33,829 --> 00:13:32,000

you know many of our abilities you know

346

00:13:35,509 --> 00:13:33,839

many of our technological abilities our

347

00:13:36,949 --> 00:13:35,519

cognitive abilities kind of knows what's

348

00:13:38,949 --> 00:13:36,959

happening before we're even aware of

349

00:13:40,470 --> 00:13:38,959

what's going to happen

350

00:13:42,230 --> 00:13:40,480

you know have you put some thought into

351

00:13:43,750 --> 00:13:42,240

kind of thinking through

352

00:13:46,470 --> 00:13:43,760

what would we do or what would be what

353

00:13:48,710 --> 00:13:46,480

would be looking for to kind of develop

354

00:13:50,870 --> 00:13:48,720

a trust with whatever this is are we

355

00:13:53,030 --> 00:13:50,880

really hoping for more overt open

356

00:13:54,710 --> 00:13:53,040

contact for that to happen is there

357

00:13:56,710 --> 00:13:54,720

something that you know you think is a

358

00:13:58,230 --> 00:13:56,720

prerequisite for us being able to really

359

00:14:00,069 --> 00:13:58,240

have a meaningful kind of trusting

360

00:14:01,750 --> 00:14:00,079

relationship with it

361

00:14:02,629 --> 00:14:01,760

well that's that's another good question

362

00:14:07,670 --> 00:14:02,639

um

363

00:14:08,550 --> 00:14:07,680

yeah there has to be some kind of uh of

364

00:14:10,870 --> 00:14:08,560

uh

365

00:14:13,110 --> 00:14:10,880

understanding of what this is before we

366

00:14:15,670 --> 00:14:13,120

can actually have a relationship with it

367

00:14:17,030 --> 00:14:15,680

and frankly i uh

368

00:14:19,829 --> 00:14:17,040

you know

369

00:14:23,430 --> 00:14:19,839

i think we're at the point

370

00:14:24,870 --> 00:14:23,440

now that that we that most most people

371

00:14:26,629 --> 00:14:24,880

who are heavily involved in this at

372

00:14:28,310 --> 00:14:26,639

least in the government understand that

373

00:14:29,990 --> 00:14:28,320

this is real and i think congress now

374

00:14:32,150 --> 00:14:30,000

knows it's real i mean this whole

375

00:14:33,829 --> 00:14:32,160

nonsense about you know china and russia

376

00:14:36,710 --> 00:14:33,839

that's all that's good no no no it's not

377

00:14:38,949 --> 00:14:36,720

man-made it isn't it everybody knows it

378

00:14:41,110 --> 00:14:38,959

in the government it's just nonsense you

379

00:14:43,030 --> 00:14:41,120

know it is definitely something else and

380

00:14:46,710 --> 00:14:43,040

um you know what that is we don't really

381

00:14:49,030 --> 00:14:46,720

know but um you know i remember a jock

382

00:14:50,470 --> 00:14:49,040

valet when he he came to my house once

383

00:14:52,790 --> 00:14:50,480

um

384

00:14:55,030 --> 00:14:52,800

once uh people found out about the

385

00:14:57,509 --> 00:14:55,040

experience my wife and i had and

386

00:15:00,389 --> 00:14:57,519

immediately afterwards um

387

00:15:02,870 --> 00:15:00,399

he he flew out to see me and and my wife

388

00:15:04,870 --> 00:15:02,880

and you know spent the day with us and

389

00:15:06,550 --> 00:15:04,880

hooked photographs and what have you and

390

00:15:08,150 --> 00:15:06,560

but we had a really nice conversation

391

00:15:09,829 --> 00:15:08,160

and i had already read all this all of

392

00:15:11,990 --> 00:15:09,839

his books and

393

00:15:13,509 --> 00:15:12,000

and um i asked them over lunch and i

394

00:15:15,910 --> 00:15:13,519

said really

395

00:15:17,750 --> 00:15:15,920

jacques you know

396

00:15:18,629 --> 00:15:17,760

what do we do with this i mean you know

397

00:15:20,949 --> 00:15:18,639

and he

398

00:15:22,629 --> 00:15:20,959

he he said to me he said well he said

399

00:15:24,790 --> 00:15:22,639

it's extraordinarily complex and he says

400

00:15:26,790 --> 00:15:24,800

i don't know what to tell you he said

401
00:15:28,230 --> 00:15:26,800
and he used this thing about an iphone

402
00:15:29,670 --> 00:15:28,240
he said you have your iphone and i said

403
00:15:31,189 --> 00:15:29,680
yeah he said we'll take it out to a

404
00:15:32,870 --> 00:15:31,199
pastor and throw it in front of a cow

405
00:15:35,829 --> 00:15:32,880
and have a conversation

406
00:15:37,670 --> 00:15:35,839
and that's about where we are with this

407
00:15:39,910 --> 00:15:37,680
so um

408
00:15:41,509 --> 00:15:39,920
you know once again i go back to you

409
00:15:43,670 --> 00:15:41,519
know if there's any going to be in a

410
00:15:45,829 --> 00:15:43,680
relationship with the phenomenon in any

411
00:15:48,389 --> 00:15:45,839
way shape or form there has to be a

412
00:15:50,710 --> 00:15:48,399
level of trust there there has to be

413
00:15:52,629 --> 00:15:50,720

some kind of opening that where where

414

00:15:55,030 --> 00:15:52,639

the phenomena would say this is who we

415

00:15:57,350 --> 00:15:55,040

are or this is what we are

416

00:16:00,550 --> 00:15:57,360

uh and whether that's an intelligence

417

00:16:02,470 --> 00:16:00,560

you know it's just just a and maybe a

418

00:16:04,550 --> 00:16:02,480

like a gaia type intelligence or

419

00:16:06,310 --> 00:16:04,560

universal type intelligence that's

420

00:16:07,350 --> 00:16:06,320

certainly a possibility

421

00:16:08,949 --> 00:16:07,360

um

422

00:16:11,269 --> 00:16:08,959

uh or whether

423

00:16:13,110 --> 00:16:11,279

you know it's like young talked about it

424

00:16:14,790 --> 00:16:13,120

it is you know our own psychic this

425

00:16:16,069 --> 00:16:14,800

equilibrium

426

00:16:19,590 --> 00:16:16,079

you know

427

00:16:22,710 --> 00:16:19,600

subconscious and what we're actually

428

00:16:24,790 --> 00:16:22,720

seeing is you know as ourselves you know

429

00:16:26,710 --> 00:16:24,800

uh putting ourselves out there wishing

430

00:16:27,509 --> 00:16:26,720

for our new myth that you know to come

431

00:16:36,629 --> 00:16:27,519

in

432

00:16:39,749 --> 00:16:36,639

uh but what it is is it is it one or is

433

00:16:42,870 --> 00:16:39,759

it 20 different entities

434

00:16:45,110 --> 00:16:42,880

uh is it one entity that masks itself in

435

00:16:46,150 --> 00:16:45,120

20 different guises

436

00:16:49,430 --> 00:16:46,160

um

437

00:16:51,829 --> 00:16:49,440

but my my big my big problem is how do

438

00:16:53,590 --> 00:16:51,839

you connect this

439

00:16:57,430 --> 00:16:53,600

i mean if you if you do

440

00:16:59,749 --> 00:16:57,440

uh near-death studies um i i i was uh my

441

00:17:01,269 --> 00:16:59,759

wife and i were was at the uh ions

442

00:17:03,910 --> 00:17:01,279

conference you know international

443

00:17:06,870 --> 00:17:03,920

association near death you know uh

444

00:17:09,029 --> 00:17:06,880

experiences you know in uh in uh king of

445

00:17:11,429 --> 00:17:09,039

prussia pennsylvania

446

00:17:14,470 --> 00:17:11,439

a couple years ago and we had the chance

447

00:17:16,470 --> 00:17:14,480

to meet with uh evan alexander and

448

00:17:18,150 --> 00:17:16,480

other experiencers there and when you

449

00:17:21,189 --> 00:17:18,160

listen to them and then you read kenneth

450

00:17:22,710 --> 00:17:21,199

ring and you know you know and and

451

00:17:23,669 --> 00:17:22,720

and you look at all that and you say

452

00:17:26,309 --> 00:17:23,679

well okay

453

00:17:28,230 --> 00:17:26,319

that how does that play into this

454

00:17:30,630 --> 00:17:28,240

how does mystical experiences religious

455

00:17:33,190 --> 00:17:30,640

mystical experiences play into this how

456

00:17:34,070 --> 00:17:33,200

does the work of michael newton you know

457

00:17:36,310 --> 00:17:34,080

um

458

00:17:38,230 --> 00:17:36,320

you know destiny of souls play into this

459

00:17:40,470 --> 00:17:38,240

i mean where we go after we die and you

460

00:17:42,230 --> 00:17:40,480

know soul groups things along those

461

00:17:44,230 --> 00:17:42,240

lines um

462

00:17:46,310 --> 00:17:44,240

so you know

463

00:17:48,390 --> 00:17:46,320

because in a way you can look at this

464

00:17:49,990 --> 00:17:48,400

and you can say well you know i use this

465

00:17:52,070 --> 00:17:50,000

analogy of the great chain of being you

466

00:17:53,990 --> 00:17:52,080

know that maybe this this this

467

00:17:55,270 --> 00:17:54,000

this phenomenon is sits in there

468

00:17:56,390 --> 00:17:55,280

somewhere

469

00:17:58,150 --> 00:17:56,400

um

470

00:18:01,110 --> 00:17:58,160

and that it's not quite as powerful as

471

00:18:03,830 --> 00:18:01,120

we think it is but in the end you know

472

00:18:06,150 --> 00:18:03,840

when we all die and we go to some place

473

00:18:07,669 --> 00:18:06,160

you know is that really the the end or

474

00:18:09,669 --> 00:18:07,679

the answer

475

00:18:12,070 --> 00:18:09,679

you know and that the phenomena is just

476

00:18:13,750 --> 00:18:12,080

basically like a bunch of gin screwing

477

00:18:15,270 --> 00:18:13,760

with us you know and because and i

478

00:18:16,870 --> 00:18:15,280

always think it is the gem be honest

479

00:18:18,310 --> 00:18:16,880

with you because if you read the

480

00:18:20,630 --> 00:18:18,320

literature on the gym this is

481

00:18:23,510 --> 00:18:20,640

essentially what it amounts to right

482

00:18:28,470 --> 00:18:25,750

spiritual beings

483

00:18:30,470 --> 00:18:28,480

uh who have good

484

00:18:31,990 --> 00:18:30,480

sides and bad sides to them they're much

485

00:18:35,669 --> 00:18:32,000

like we are

486

00:18:40,830 --> 00:18:37,909

i don't know i mean i i that's that's my

487

00:18:44,549 --> 00:18:40,840

train of thought on this i i but i

488

00:18:45,750 --> 00:18:44,559

don't i i don't see

489

00:18:47,270 --> 00:18:45,760

any opening

490

00:18:50,789 --> 00:18:47,280

coming i mean

491

00:18:52,870 --> 00:18:50,799

any anytime soon i just don't i mean i

492

00:18:54,830 --> 00:18:52,880

they're toying with us it's it's toying

493

00:18:58,549 --> 00:18:54,840

with us whatever it is

494

00:18:59,990 --> 00:18:58,559

um one question i have following that as

495

00:19:00,789 --> 00:19:00,000

and we're going to pass it to deb is

496

00:19:01,909 --> 00:19:00,799

next

497

00:19:04,630 --> 00:19:01,919

is that

498

00:19:05,909 --> 00:19:04,640

the fact that you were able to push back

499

00:19:07,669 --> 00:19:05,919

and get

500

00:19:10,630 --> 00:19:07,679

the phenomenon to perhaps stop

501
00:19:12,789 --> 00:19:10,640
interacting as as you wanted it to stop

502
00:19:15,750 --> 00:19:12,799
does that mean it's capable of an

503
00:19:19,110 --> 00:19:15,760
emotion or a feeling of respect does it

504
00:19:21,110 --> 00:19:19,120
respect you more or was it just they

505
00:19:24,630 --> 00:19:21,120
sensed that there was a push back and

506
00:19:26,150 --> 00:19:24,640
and then it was just a resp of response

507
00:19:27,750 --> 00:19:26,160
well

508
00:19:29,270 --> 00:19:27,760
that that's really

509
00:19:31,350 --> 00:19:29,280
an excellent question also too because

510
00:19:32,390 --> 00:19:31,360
it you know i always use this

511
00:19:34,230 --> 00:19:32,400
example

512
00:19:36,470 --> 00:19:34,240
chris bledsoe is very dear friend of

513
00:19:38,549 --> 00:19:36,480

mine and we all know his story

514

00:19:40,710 --> 00:19:38,559

uh when i first heard his story from his

515

00:19:42,150 --> 00:19:40,720

own lips

516

00:19:45,990 --> 00:19:42,160

one of the most frightening things i've

517

00:19:47,990 --> 00:19:46,000

ever heard uh for both he and his son

518

00:19:50,830 --> 00:19:48,000

who was with him during this

519

00:19:52,630 --> 00:19:50,840

um there are very very

520

00:19:55,110 --> 00:19:52,640

uh

521

00:19:57,029 --> 00:19:55,120

interesting elements to it um the

522

00:19:57,830 --> 00:19:57,039

translucent beings

523

00:20:06,310 --> 00:19:57,840

the

524

00:20:07,909 --> 00:20:06,320

but what happened to chris was it it was

525

00:20:10,710 --> 00:20:07,919

a frightening experience that turned

526

00:20:13,029 --> 00:20:10,720

into really a spiritual awareness and

527

00:20:14,710 --> 00:20:13,039

john mack talks a lot about this

528

00:20:17,350 --> 00:20:14,720

this whole idea of having these

529

00:20:18,950 --> 00:20:17,360

experiences and then having it change

530

00:20:21,190 --> 00:20:18,960

your life

531

00:20:22,789 --> 00:20:21,200

uh for the better

532

00:20:24,390 --> 00:20:22,799

then you look at me

533

00:20:25,909 --> 00:20:24,400

and my wife

534

00:20:28,070 --> 00:20:25,919

we've always been very spiritually

535

00:20:31,029 --> 00:20:28,080

oriented my wife and i we're we're not

536

00:20:33,270 --> 00:20:31,039

uh atheist uh but and we're definitely

537

00:20:36,149 --> 00:20:33,280

not religious in the least but we

538

00:20:37,830 --> 00:20:36,159

generally tend to believe in you know in

539

00:20:40,789 --> 00:20:37,840

a greater good

540

00:20:44,149 --> 00:20:40,799

that's out there and and what have you

541

00:20:46,789 --> 00:20:44,159

but i saw my experience

542

00:20:48,470 --> 00:20:46,799

a lot differently i mean i have not the

543

00:20:49,430 --> 00:20:48,480

anger has not left

544

00:20:51,110 --> 00:20:49,440

all right

545

00:20:53,430 --> 00:20:51,120

because i i'm looking at this i mean i

546

00:20:54,549 --> 00:20:53,440

you know it's like this didn't teach me

547

00:20:56,230 --> 00:20:54,559

anything

548

00:20:59,350 --> 00:20:56,240

i don't think about

549

00:21:01,510 --> 00:20:59,360

spirituality about changing myself you

550

00:21:03,830 --> 00:21:01,520

know i was already a climate activist i

551

00:21:06,149 --> 00:21:03,840

was already a decent guy i believe in

552

00:21:08,070 --> 00:21:06,159

algis huxley's you know idea of kindness

553

00:21:09,510 --> 00:21:08,080

and compassion and love

554

00:21:11,029 --> 00:21:09,520

and things along those lines and i try

555

00:21:13,110 --> 00:21:11,039

to live my life according to this so i'm

556

00:21:15,110 --> 00:21:13,120

trying to think to myself what in god's

557

00:21:18,149 --> 00:21:15,120

name was it trying to tell me

558

00:21:19,909 --> 00:21:18,159

but all it did was you know created this

559

00:21:22,310 --> 00:21:19,919

human rights violation of the highest

560

00:21:24,070 --> 00:21:22,320

order on on both me and my wife where we

561

00:21:25,669 --> 00:21:24,080

had you know we had issues after the

562

00:21:27,750 --> 00:21:25,679

after that experience

563

00:21:29,270 --> 00:21:27,760

so i'm not happy about it and and i'm

564

00:21:30,710 --> 00:21:29,280

not the only one either i mean there are

565

00:21:32,950 --> 00:21:30,720

many people

566

00:21:35,750 --> 00:21:32,960

who had um the same kind of deal you

567

00:21:36,870 --> 00:21:35,760

look at you know um

568

00:21:39,110 --> 00:21:36,880

uh

569

00:21:41,430 --> 00:21:39,120

alex i guess they call them you know and

570

00:21:43,350 --> 00:21:41,440

skinwalker ranch in the books i know him

571

00:21:45,909 --> 00:21:43,360

very well you know we're friends he's a

572

00:21:47,430 --> 00:21:45,919

nice nice wonderful guy so did you mean

573

00:21:49,190 --> 00:21:47,440

axelrod jim

574

00:21:51,909 --> 00:21:49,200

pardon a is it alex or

575

00:21:53,909 --> 00:21:51,919

axelrod is that absolutely i mean

576
00:21:56,549 --> 00:21:53,919
yeah

577
00:21:58,149 --> 00:21:56,559
and um and that's a rod you know i i met

578
00:22:00,470 --> 00:21:58,159
him at the pentagon the first time and

579
00:22:03,110 --> 00:22:00,480
you know and sort of heard his story but

580
00:22:05,590 --> 00:22:03,120
when you look at that you know it's it's

581
00:22:07,029 --> 00:22:05,600
not it's not good it's not good for

582
00:22:09,350 --> 00:22:07,039
children to be

583
00:22:11,029 --> 00:22:09,360
you know treated like that i mean a wolf

584
00:22:12,470 --> 00:22:11,039
showing up you know in their backyard

585
00:22:14,710 --> 00:22:12,480
scaring the living [h__h] out of two of

586
00:22:16,149 --> 00:22:14,720
their children and their wife you know

587
00:22:18,070 --> 00:22:16,159
things along those lines so you look at

588
00:22:21,029 --> 00:22:18,080

that and you say well okay

589

00:22:24,070 --> 00:22:21,039

is what aspect of the phenomenon is that

590

00:22:27,190 --> 00:22:24,080

uh and what is that teaching some 15

591

00:22:28,870 --> 00:22:27,200

year old you know uh besides you know

592

00:22:31,110 --> 00:22:28,880

the world's a very strange place and it

593

00:22:33,029 --> 00:22:31,120

might not be all good

594

00:22:34,950 --> 00:22:33,039

yeah great you know but all they got to

595

00:22:36,390 --> 00:22:34,960

do is go to a cancer ward and say jews

596

00:22:37,510 --> 00:22:36,400

they're going to see the same damn thing

597

00:22:38,789 --> 00:22:37,520

you're going to learn the same damn

598

00:22:42,950 --> 00:22:38,799

lesson

599

00:22:44,950 --> 00:22:42,960

so i'm i'm very much uh uh

600

00:22:47,510 --> 00:22:44,960

i mean i could be swayed

601
00:22:50,230 --> 00:22:47,520
obviously but but i'm very much not of

602
00:22:51,830 --> 00:22:50,240
the opinion uh like a lot of my friends

603
00:22:53,830 --> 00:22:51,840
are i think most of my friends are that

604
00:22:56,710 --> 00:22:53,840
this might be a very very good thing it

605
00:23:00,149 --> 00:22:56,720
might be i mean but if for me i don't

606
00:23:02,549 --> 00:23:00,159
see that and if it's 10 bad or 20 bad

607
00:23:05,590 --> 00:23:02,559
then that to me is that means it's not

608
00:23:11,029 --> 00:23:08,149
given their power their technological

609
00:23:12,950 --> 00:23:11,039
and and consciousness influence it's

610
00:23:13,830 --> 00:23:12,960
a significant number even at that low

611
00:23:15,270 --> 00:23:13,840
number

612
00:23:17,750 --> 00:23:15,280
uh debs

613
00:23:19,270 --> 00:23:17,760

yeah it's the it's the old um you know

614

00:23:21,830 --> 00:23:19,280

religious

615

00:23:23,830 --> 00:23:21,840

uh conundrum you know god works in

616

00:23:25,029 --> 00:23:23,840

mysterious ways so he can't question him

617

00:23:28,149 --> 00:23:25,039

oh really

618

00:23:30,470 --> 00:23:28,159

uh or um you know or you know you know

619

00:23:32,230 --> 00:23:30,480

he he watches you know

620

00:23:34,710 --> 00:23:32,240

six million jews die

621

00:23:36,710 --> 00:23:34,720

20 million ukrainians die you know and

622

00:23:38,789 --> 00:23:36,720

you know and then a million or two

623

00:23:41,029 --> 00:23:38,799

million you know uh cambodians die and

624

00:23:42,310 --> 00:23:41,039

you you watch that and you know and you

625

00:23:44,950 --> 00:23:42,320

say well

626

00:23:47,750 --> 00:23:44,960

i mean i hate to sound like a college

627

00:23:49,830 --> 00:23:47,760

sophomore you know discussing philosophy

628

00:23:51,669 --> 00:23:49,840

but it's it's it's a very real it's it's

629

00:23:53,029 --> 00:23:51,679

a very real scenario right i mean you're

630

00:23:54,149 --> 00:23:53,039

looking at that and you're saying like

631

00:23:56,390 --> 00:23:54,159

okay

632

00:23:58,390 --> 00:23:56,400

uh the god thing i got over with a long

633

00:24:00,789 --> 00:23:58,400

time ago i said but the phenomenon thing

634

00:24:02,870 --> 00:24:00,799

it's the same same deal in a way

635

00:24:05,909 --> 00:24:02,880

this thing has the ability to do what it

636

00:24:08,310 --> 00:24:05,919

does yet it's not offering us anything

637

00:24:10,230 --> 00:24:08,320

it isn't the military wants to weaponize

638

00:24:12,310 --> 00:24:10,240

this the intelligence community wants to

639

00:24:13,750 --> 00:24:12,320

weaponize this there isn't any this is

640

00:24:16,149 --> 00:24:13,760

why we moved it out

641

00:24:18,070 --> 00:24:16,159

ttts by the way we're not to the stars

642

00:24:19,110 --> 00:24:18,080

inc we're not to the stars academy

643

00:24:21,190 --> 00:24:19,120

anymore but

644

00:24:23,590 --> 00:24:21,200

this is one of the reasons why lou left

645

00:24:26,710 --> 00:24:23,600

and everybody else left it is because

646

00:24:28,870 --> 00:24:26,720

you know we wanted to basically make it

647

00:24:31,029 --> 00:24:28,880

something that um

648

00:24:32,870 --> 00:24:31,039

that the public owns that the public has

649

00:24:36,789 --> 00:24:32,880

to find out what the answer to this is

650

00:24:37,990 --> 00:24:36,799

not the military i i i'm a big fan of

651
00:24:39,990 --> 00:24:38,000
the intelligence community in the

652
00:24:41,830 --> 00:24:40,000
military in many respects i you know i

653
00:24:43,669 --> 00:24:41,840
wish them god speed

654
00:24:45,430 --> 00:24:43,679
on trying to figure out what this is but

655
00:24:46,789 --> 00:24:45,440
i don't expect anything from the

656
00:24:49,269 --> 00:24:46,799
government on this

657
00:24:50,870 --> 00:24:49,279
uh to come out uh the government exists

658
00:24:52,789 --> 00:24:50,880
solely for the defense of the united

659
00:24:54,789 --> 00:24:52,799
states they're not you know here

660
00:24:57,029 --> 00:24:54,799
and to be the uh you know ufo

661
00:24:58,789 --> 00:24:57,039
directorate or something like that

662
00:25:01,510 --> 00:24:58,799
that's not their deal

663
00:25:03,110 --> 00:25:01,520

they're not going to feel compelled

664

00:25:05,269 --> 00:25:03,120

to tell the american public anything

665

00:25:06,789 --> 00:25:05,279

tell a friend tell an enemy right there

666

00:25:09,029 --> 00:25:06,799

they're they're just basically going to

667

00:25:10,710 --> 00:25:09,039

figure out what their what they need to

668

00:25:13,190 --> 00:25:10,720

know you know to defend the united

669

00:25:15,190 --> 00:25:13,200

states of america if indeed

670

00:25:16,870 --> 00:25:15,200

there's a reason why we need to we may

671

00:25:19,750 --> 00:25:16,880

not you know

672

00:25:21,909 --> 00:25:19,760

so we need to have um

673

00:25:24,390 --> 00:25:21,919

uh you know a concerted effort i was out

674

00:25:26,070 --> 00:25:24,400

at um a think tank out in california

675

00:25:28,070 --> 00:25:26,080

last year

676

00:25:30,310 --> 00:25:28,080

about 10 months ago it was about 20 of

677

00:25:32,149 --> 00:25:30,320

us and we had a really really good

678

00:25:34,310 --> 00:25:32,159

meeting on some journalists scholars

679

00:25:35,190 --> 00:25:34,320

experiencers things along those lines

680

00:25:37,510 --> 00:25:35,200

and

681

00:25:39,669 --> 00:25:37,520

we discussed

682

00:25:42,470 --> 00:25:39,679

you know the need to create

683

00:25:45,830 --> 00:25:42,480

um something like um

684

00:25:51,110 --> 00:25:48,470

an institution that studies this and you

685

00:25:53,190 --> 00:25:51,120

know sort of i laid out a

686

00:25:54,950 --> 00:25:53,200

um sort of a uh

687

00:25:56,710 --> 00:25:54,960

an outline of what that would take how

688

00:25:58,630 --> 00:25:56,720

much money that would cost and what you

689

00:26:00,310 --> 00:25:58,640

would need to do to do it

690

00:26:02,149 --> 00:26:00,320

um

691

00:26:03,750 --> 00:26:02,159

because i think there is a way we can at

692

00:26:06,710 --> 00:26:03,760

least

693

00:26:08,149 --> 00:26:06,720

locate some dots to try and later on

694

00:26:10,710 --> 00:26:08,159

connect you know

695

00:26:12,549 --> 00:26:10,720

because right now i don't i mean you can

696

00:26:14,230 --> 00:26:12,559

say we have dots you know and that

697

00:26:17,510 --> 00:26:14,240

they're not connected um i'm not even

698

00:26:18,549 --> 00:26:17,520

sure we have dots because i'm not sure

699

00:26:21,110 --> 00:26:18,559

i'm not sure

700

00:26:25,830 --> 00:26:21,120

whether the dots are actually real

701
00:26:27,750 --> 00:26:25,840
and so you know again i apologize for

702
00:26:29,510 --> 00:26:27,760
for for rambling a little bit here

703
00:26:32,630 --> 00:26:29,520
that's great it's okay we're we're happy

704
00:26:35,190 --> 00:26:32,640
to this is very intelligent rambling uh

705
00:26:38,390 --> 00:26:35,200
deb uh you you have your first question

706
00:26:41,269 --> 00:26:38,400
for mr semivan i do thank you please

707
00:26:43,350 --> 00:26:41,279
call me jim yeah

708
00:26:46,310 --> 00:26:43,360
yeah okay

709
00:26:48,950 --> 00:26:46,320
so i am fascinated by the books on the

710
00:26:51,669 --> 00:26:48,960
shelf behind you and i could not help

711
00:26:54,789 --> 00:26:51,679
but notice some large letters

712
00:26:58,549 --> 00:26:54,799
there's a book about dmt and as a result

713
00:27:00,549 --> 00:26:58,559

i am now reading dmt the spirit molecule

714

00:27:03,190 --> 00:27:00,559

yeah and i was wondering if you think

715

00:27:05,669 --> 00:27:03,200

that there could be a component there

716

00:27:08,549 --> 00:27:05,679

that has to do with how experiencers

717

00:27:10,789 --> 00:27:08,559

might be getting manipulated

718

00:27:12,710 --> 00:27:10,799

wow yeah uh

719

00:27:15,190 --> 00:27:12,720

you know i i was a fan of terence

720

00:27:18,830 --> 00:27:15,200

mckenna and his brother uh and their

721

00:27:21,669 --> 00:27:18,840

their little expeditions you know into

722

00:27:23,990 --> 00:27:21,679

ayahuasca and you know other other other

723

00:27:25,750 --> 00:27:24,000

drugs magic mushrooms celestia been

724

00:27:27,669 --> 00:27:25,760

things along those lines

725

00:27:29,269 --> 00:27:27,679

and um i can't remember the

726

00:27:30,870 --> 00:27:29,279

psychiatrist's name who was working on

727

00:27:31,669 --> 00:27:30,880

dmti um

728

00:27:35,669 --> 00:27:31,679

uh

729

00:27:37,510 --> 00:27:35,679

if you listen to strasman strossman

730

00:27:39,029 --> 00:27:37,520

doesn't really you know say like this is

731

00:27:41,029 --> 00:27:39,039

the god molecule or this is really

732

00:27:43,190 --> 00:27:41,039

what's gonna he basically

733

00:27:45,110 --> 00:27:43,200

you know says this is just what it is i

734

00:27:46,230 --> 00:27:45,120

mean it it's just the molecule that

735

00:27:48,070 --> 00:27:46,240

basically

736

00:27:50,789 --> 00:27:48,080

a la or an enzyme or a chemical that

737

00:27:53,830 --> 00:27:50,799

allows us to uh you know uh

738

00:27:56,789 --> 00:27:53,840

go into an area of the uh

739

00:27:58,789 --> 00:27:56,799

of the brain that that appears

740

00:28:00,870 --> 00:27:58,799

appears to allow us

741

00:28:04,070 --> 00:28:00,880

to get into consciousness

742

00:28:05,990 --> 00:28:04,080

uh you know uh very very quickly um

743

00:28:07,909 --> 00:28:06,000

and and i'm not and for not very long

744

00:28:10,470 --> 00:28:07,919

period of time those those kind of highs

745

00:28:11,350 --> 00:28:10,480

don't last very long maybe 20 minutes 30

746

00:28:12,950 --> 00:28:11,360

minutes

747

00:28:15,510 --> 00:28:12,960

but you know this goes back to this

748

00:28:17,909 --> 00:28:15,520

whole idea that you know gary gary nolan

749

00:28:20,389 --> 00:28:17,919

uh who's you know a dear friend

750

00:28:23,029 --> 00:28:20,399

but he talks about the um

751

00:28:24,389 --> 00:28:23,039

claudette and pataman but i think i'm

752

00:28:25,990 --> 00:28:24,399

hopefully pronouncing that right in the

753

00:28:26,789 --> 00:28:26,000

brain

754

00:28:28,950 --> 00:28:26,799

yeah

755

00:28:31,269 --> 00:28:28,960

and you know and and looking at that and

756

00:28:32,870 --> 00:28:31,279

you know there are no conclusions

757

00:28:34,470 --> 00:28:32,880

on that right now and he wouldn't he

758

00:28:36,470 --> 00:28:34,480

wouldn't say that there would be any

759

00:28:37,830 --> 00:28:36,480

kind of really connection but it is it

760

00:28:41,269 --> 00:28:37,840

is interesting

761

00:28:43,590 --> 00:28:41,279

um uh i'm part of that cohort study um

762

00:28:44,870 --> 00:28:43,600

my wife and i um

763

00:28:46,230 --> 00:28:44,880

and uh

764

00:28:47,830 --> 00:28:46,240

and

765

00:28:50,710 --> 00:28:47,840

that where they're looking at you know

766

00:28:52,310 --> 00:28:50,720

our dna and and god knows everything

767

00:28:54,789 --> 00:28:52,320

else and they have our whole medical

768

00:28:56,870 --> 00:28:54,799

history and what have you but um yeah i

769

00:28:58,789 --> 00:28:56,880

mean you know there there could very

770

00:29:00,549 --> 00:28:58,799

well be i mean the brain don't forget i

771

00:29:02,549 --> 00:29:00,559

mean as we all know this is a filter

772

00:29:06,310 --> 00:29:02,559

right it's a filtering system

773

00:29:08,470 --> 00:29:06,320

uh our our ability to see what we see is

774

00:29:10,149 --> 00:29:08,480

is very limited in hearing our senses

775

00:29:13,510 --> 00:29:10,159

are very very limited

776

00:29:16,230 --> 00:29:13,520

um and so the brain doesn't allow us to

777

00:29:18,870 --> 00:29:16,240

basically become aware with a capital a

778

00:29:19,750 --> 00:29:18,880

right it it can't because we couldn't

779

00:29:21,669 --> 00:29:19,760

handle

780

00:29:23,990 --> 00:29:21,679

the awareness get in a car and drive a

781

00:29:25,430 --> 00:29:24,000

car if you actually stood there i mean

782

00:29:27,669 --> 00:29:25,440

sat there and

783

00:29:29,830 --> 00:29:27,679

everything that was going on you know in

784

00:29:31,510 --> 00:29:29,840

your body that helps you drive that car

785

00:29:33,430 --> 00:29:31,520

if that really came into your system it

786

00:29:34,950 --> 00:29:33,440

would you be completely overloaded you'd

787

00:29:37,269 --> 00:29:34,960

probably collapse and die i mean if

788

00:29:39,590 --> 00:29:37,279

there's no way you can understand the

789

00:29:41,350 --> 00:29:39,600

breathing the blood flow the synapses

790

00:29:43,110 --> 00:29:41,360

going on in different parts of the brain

791

00:29:45,190 --> 00:29:43,120

the muscle memory involved and how that

792

00:29:46,549 --> 00:29:45,200

all works how could you possibly keep

793

00:29:48,389 --> 00:29:46,559

that in your head

794

00:29:50,070 --> 00:29:48,399

or anything for that matter how could

795

00:29:51,909 --> 00:29:50,080

you possibly do that

796

00:29:53,510 --> 00:29:51,919

so what what's happening is you know

797

00:29:56,310 --> 00:29:53,520

we're we're

798

00:29:57,590 --> 00:29:56,320

we're limited by you know who we are

799

00:29:59,990 --> 00:29:57,600

as humans

800

00:30:02,950 --> 00:30:00,000

uh but yet

801
00:30:04,470 --> 00:30:02,960
yet we have we have this spark we we

802
00:30:05,350 --> 00:30:04,480
have this

803
00:30:09,350 --> 00:30:05,360
this

804
00:30:12,070 --> 00:30:09,360
self-consciousness that seems to me to

805
00:30:13,750 --> 00:30:12,080
be leaking a little bit into a cosmic

806
00:30:14,549 --> 00:30:13,760
consciousness you know allah richard

807
00:30:17,029 --> 00:30:14,559
buck

808
00:30:19,750 --> 00:30:17,039
would talk about um

809
00:30:22,310 --> 00:30:19,760
that allows many of us

810
00:30:24,310 --> 00:30:22,320
you know to look into this to look into

811
00:30:26,230 --> 00:30:24,320
consciousness and have i remember lou

812
00:30:27,590 --> 00:30:26,240
elizondo talking about

813
00:30:29,590 --> 00:30:27,600

you know i asked him once i said what do

814

00:30:30,870 --> 00:30:29,600

you think you know the the answer is

815

00:30:32,630 --> 00:30:30,880

going to be found and he said well

816

00:30:35,430 --> 00:30:32,640

somewhere between the nexus of quantum

817

00:30:37,909 --> 00:30:35,440

mechanics and consciousness and i think

818

00:30:39,510 --> 00:30:37,919

i think he's right i think if you look

819

00:30:40,789 --> 00:30:39,520

at two places that's probably where it's

820

00:30:42,149 --> 00:30:40,799

going to be

821

00:30:43,669 --> 00:30:42,159

uh but

822

00:30:45,830 --> 00:30:43,679

consciousness

823

00:30:47,669 --> 00:30:45,840

the hell i mean you know

824

00:30:50,710 --> 00:30:47,679

i haven't read anything yet that

825

00:30:51,830 --> 00:30:50,720

convinces me um that it's um

826
00:30:53,909 --> 00:30:51,840
you know

827
00:30:55,990 --> 00:30:53,919
uh local

828
00:30:58,389 --> 00:30:56,000
non-local i'd lean that way but i

829
00:30:59,430 --> 00:30:58,399
haven't seen anything else but then

830
00:31:01,750 --> 00:30:59,440
again if you look at near-death

831
00:31:03,990 --> 00:31:01,760
experiences things along those lines

832
00:31:06,870 --> 00:31:04,000
well what does that mean you know it may

833
00:31:08,950 --> 00:31:06,880
very well be you know uh non-local which

834
00:31:10,870 --> 00:31:08,960
i think it probably is

835
00:31:13,590 --> 00:31:10,880
but what how does that connect to this

836
00:31:15,029 --> 00:31:13,600
this this phenomenon and i i don't know

837
00:31:17,110 --> 00:31:15,039
or are they

838
00:31:18,950 --> 00:31:17,120

i feel like you answered for me because

839

00:31:20,389 --> 00:31:18,960

now i'm going to lean towards a stress

840

00:31:27,669 --> 00:31:20,399

response

841

00:31:30,870 --> 00:31:27,679

apparently is helping with

842

00:31:33,110 --> 00:31:30,880

so yeah yeah exactly you know you know i

843

00:31:34,950 --> 00:31:33,120

mean the dopamine receptors in the brain

844

00:31:37,909 --> 00:31:34,960

things along those lines

845

00:31:39,909 --> 00:31:37,919

uh uh i mean it's uh

846

00:31:41,830 --> 00:31:39,919

what you know brain chemicals what do

847

00:31:44,230 --> 00:31:41,840

they do when when evan alexander you

848

00:31:47,830 --> 00:31:44,240

know was essentially brain dead his

849

00:31:49,190 --> 00:31:47,840

brain was absolute mush mush he had no i

850

00:31:50,789 --> 00:31:49,200

mean there was absolutely no way he

851
00:31:53,909 --> 00:31:50,799
could have recovered from that

852
00:31:55,830 --> 00:31:53,919
but yet he the brain shut down

853
00:31:57,590 --> 00:31:55,840
much like the brain shuts down when you

854
00:31:59,029 --> 00:31:57,600
uh when you when you're given anesthesia

855
00:32:00,470 --> 00:31:59,039
right you know it's one of the best

856
00:32:02,310 --> 00:32:00,480
sleeps you'll ever have

857
00:32:06,149 --> 00:32:02,320
get a colonoscopy if you haven't got one

858
00:32:07,350 --> 00:32:06,159
get one every 10 years uh and uh but but

859
00:32:08,789 --> 00:32:07,360
it's the best sleep you ever have when

860
00:32:10,950 --> 00:32:08,799
you come out of it because you're just

861
00:32:12,070 --> 00:32:10,960
completely cut off

862
00:32:13,669 --> 00:32:12,080
all right so

863
00:32:16,230 --> 00:32:13,679

and then some people say well because of

864

00:32:18,070 --> 00:32:16,240

that that means that we're not

865

00:32:19,430 --> 00:32:18,080

i mean that that the brain doesn't go i

866

00:32:21,750 --> 00:32:19,440

mean then the word the consciousness

867

00:32:24,870 --> 00:32:21,760

doesn't go anywhere i mean did you yeah

868

00:32:25,830 --> 00:32:24,880

i i don't know i mean maybe maybe not

869

00:32:27,029 --> 00:32:25,840

but

870

00:32:29,110 --> 00:32:27,039

uh

871

00:32:30,950 --> 00:32:29,120

what happens when when evan alexander

872

00:32:33,669 --> 00:32:30,960

left his body and that experience that

873

00:32:36,470 --> 00:32:33,679

he had right is is just absolutely

874

00:32:38,630 --> 00:32:36,480

incredible and from what he told

875

00:32:40,389 --> 00:32:38,640

my wife my wife had lunch with him i

876

00:32:43,029 --> 00:32:40,399

think a couple times

877

00:32:45,110 --> 00:32:43,039

he didn't he wasn't able to talk about

878

00:32:47,029 --> 00:32:45,120

some of the things he saw

879

00:32:49,830 --> 00:32:47,039

uh some of the alien kind of things he

880

00:32:52,789 --> 00:32:49,840

saw and he didn't put it in the book

881

00:32:54,789 --> 00:32:52,799

um but you know and uh

882

00:32:57,110 --> 00:32:54,799

you know i don't want to speak for him

883

00:33:02,710 --> 00:32:57,120

but but nevertheless

884

00:33:05,909 --> 00:33:04,310

thank you uh jim let's we're going to

885

00:33:09,190 --> 00:33:05,919

pass it over to your colleague and

886

00:33:11,669 --> 00:33:09,200

friend uh mr john ramirez

887

00:33:13,669 --> 00:33:11,679

hey jim um i just wanted to get your

888

00:33:15,830 --> 00:33:13,679

take on

889

00:33:17,830 --> 00:33:15,840

this sudden rush that we seem to be

890

00:33:19,990 --> 00:33:17,840

feeling um whereas

891

00:33:22,070 --> 00:33:20,000

for the last seven decades

892

00:33:23,590 --> 00:33:22,080

you absolutely heard little or nothing

893

00:33:25,509 --> 00:33:23,600

from government

894

00:33:27,830 --> 00:33:25,519

and within the last several years

895

00:33:30,789 --> 00:33:27,840

there's a rush of information coming out

896

00:33:32,549 --> 00:33:30,799

and now we have legislation in congress

897

00:33:34,789 --> 00:33:32,559

that compels

898

00:33:36,389 --> 00:33:34,799

the department and

899

00:33:37,990 --> 00:33:36,399

the agencies in the intelligence

900

00:33:40,149 --> 00:33:38,000

community to come forward with

901
00:33:42,230 --> 00:33:40,159
information why do you think that is are

902
00:33:44,070 --> 00:33:42,240
we rushing towards some

903
00:33:46,070 --> 00:33:44,080
um

904
00:33:48,470 --> 00:33:46,080
occurrence that the government might

905
00:33:50,310 --> 00:33:48,480
know about what is causing all of this

906
00:33:52,789 --> 00:33:50,320
to happen

907
00:33:54,870 --> 00:33:52,799
wow okay yeah well you know remember in

908
00:33:56,549 --> 00:33:54,880
1947

909
00:33:58,549 --> 00:33:56,559
the military the air force came out in

910
00:33:59,350 --> 00:33:58,559
the air force said this phenomenon's

911
00:34:00,149 --> 00:33:59,360
real

912
00:34:02,310 --> 00:34:00,159
right

913
00:34:05,110 --> 00:34:02,320

then the agency got involved with the

914

00:34:08,629 --> 00:34:05,120

air force and

915

00:34:10,230 --> 00:34:08,639

there was absolutely no way particularly

916

00:34:11,750 --> 00:34:10,240

after pearl harbor

917

00:34:13,990 --> 00:34:11,760

that cia

918

00:34:15,990 --> 00:34:14,000

and the air force were going to let this

919

00:34:18,069 --> 00:34:16,000

drop just because quote unquote they

920

00:34:19,430 --> 00:34:18,079

didn't know what it was and that they

921

00:34:21,190 --> 00:34:19,440

weren't going to have a program yeah i

922

00:34:22,710 --> 00:34:21,200

think blue book you know grudge all

923

00:34:24,710 --> 00:34:22,720

these things they were just covers i

924

00:34:27,270 --> 00:34:24,720

mean they were just something for the

925

00:34:29,109 --> 00:34:27,280

for the public but i think

926
00:34:31,270 --> 00:34:29,119
that's where the legacy programs lie i

927
00:34:33,349 --> 00:34:31,280
mean they've been going on for a long

928
00:34:35,270 --> 00:34:33,359
long time and you know i think they're

929
00:34:36,950 --> 00:34:35,280
extraordinarily hard to get to

930
00:34:37,829 --> 00:34:36,960
uh but they're there

931
00:34:41,589 --> 00:34:37,839
and

932
00:34:43,270 --> 00:34:41,599
to be there because they really can't

933
00:34:45,190 --> 00:34:43,280
let this go

934
00:34:47,270 --> 00:34:45,200
uh i know this and john you know this

935
00:34:50,149 --> 00:34:47,280
too i mean when you know you know uh

936
00:34:53,030 --> 00:34:50,159
when when we found out in the um i think

937
00:34:54,790 --> 00:34:53,040
60s or 70s the russians were fooling

938
00:34:57,270 --> 00:34:54,800

around with remote viewing what was the

939

00:34:58,310 --> 00:34:57,280

first thing we did cia went right out

940

00:35:01,510 --> 00:34:58,320

and hired

941

00:35:04,790 --> 00:35:01,520

off he did it for 20 years

942

00:35:08,390 --> 00:35:04,800

20 years right uh funding this thing and

943

00:35:10,069 --> 00:35:08,400

and um they canned the program in 1997.

944

00:35:11,430 --> 00:35:10,079

i was there when they candid i happened

945

00:35:13,670 --> 00:35:11,440

to be this is my

946

00:35:15,430 --> 00:35:13,680

serendipity but i remember the guy who

947

00:35:17,829 --> 00:35:15,440

candid a responsible very very senior

948

00:35:19,910 --> 00:35:17,839

guy in the dsnt and he told me he said

949

00:35:21,829 --> 00:35:19,920

he said look it works there's no

950

00:35:23,910 --> 00:35:21,839

question remote for me works he said we

951
00:35:25,349 --> 00:35:23,920
just can't explain it so he said how do

952
00:35:27,270 --> 00:35:25,359
you go to the president how do you do an

953
00:35:29,349 --> 00:35:27,280
intelligence assessment and then when

954
00:35:30,550 --> 00:35:29,359
they and the president said okay the

955
00:35:32,230 --> 00:35:30,560
russians have this you know new

956
00:35:34,230 --> 00:35:32,240
submarine or whatever new missile they

957
00:35:36,150 --> 00:35:34,240
built and he said well this guy went out

958
00:35:38,630 --> 00:35:36,160
on his silver cord and blah blah blah

959
00:35:40,710 --> 00:35:38,640
yeah it's just not gonna go so so

960
00:35:41,990 --> 00:35:40,720
that doesn't mean when they i say can

961
00:35:43,430 --> 00:35:42,000
the program that the program's

962
00:35:45,829 --> 00:35:43,440
absolutely gone that means it's usually

963
00:35:48,550 --> 00:35:45,839

going to get picked up by somebody else

964

00:35:50,470 --> 00:35:48,560

but usually what the agency does is the

965

00:35:52,470 --> 00:35:50,480

reaction to what other other people do

966

00:35:55,109 --> 00:35:52,480

now getting back to your question john

967

00:35:58,310 --> 00:35:55,119

so you have this

968

00:35:59,990 --> 00:35:58,320

this this movement and since nobody

969

00:36:02,550 --> 00:36:00,000

knows what it is and since in the early

970

00:36:04,230 --> 00:36:02,560

days they truly were worried about it uh

971

00:36:05,710 --> 00:36:04,240

for all kinds of reasons you know more

972

00:36:07,589 --> 00:36:05,720

mundane reasons you know like

973

00:36:08,950 --> 00:36:07,599

telecommunications and stuff was really

974

00:36:11,589 --> 00:36:08,960

crappy and all and they didn't want to

975

00:36:13,510 --> 00:36:11,599

get everybody all wound up

976

00:36:15,829 --> 00:36:13,520

and then they started this stupid-ass

977

00:36:17,829 --> 00:36:15,839

phony crap that they you know had the

978

00:36:20,230 --> 00:36:17,839

the media do and that they were doing

979

00:36:21,670 --> 00:36:20,240

about you know they just did an enormous

980

00:36:23,430 --> 00:36:21,680

disservice to

981

00:36:25,589 --> 00:36:23,440

all these experiencers it was just

982

00:36:27,349 --> 00:36:25,599

disgustingly awful and you know when you

983

00:36:28,710 --> 00:36:27,359

think back on it all these poor people

984

00:36:29,990 --> 00:36:28,720

who have these experiences and they make

985

00:36:33,190 --> 00:36:30,000

fun of them

986

00:36:34,710 --> 00:36:33,200

oh anyway so that's all going on and um

987

00:36:36,790 --> 00:36:34,720

and this is where you have to sort of

988

00:36:37,589 --> 00:36:36,800

credit lou because um even though you

989

00:36:39,109 --> 00:36:37,599

had

990

00:36:41,190 --> 00:36:39,119

people like you

991

00:36:43,510 --> 00:36:41,200

involved in this you know you guys were

992

00:36:44,630 --> 00:36:43,520

too young for the 60s but in the 70s 80s

993

00:36:46,310 --> 00:36:44,640

90s

994

00:36:48,390 --> 00:36:46,320

and you had guys like george knapp and

995

00:36:49,829 --> 00:36:48,400

jack valet you know they're pushing all

996

00:36:51,349 --> 00:36:49,839

this and uh

997

00:36:52,950 --> 00:36:51,359

and you know

998

00:36:55,270 --> 00:36:52,960

richard dolan and

999

00:36:57,030 --> 00:36:55,280

even steven greer you know going going

1000

00:36:58,790 --> 00:36:57,040

after this full force robert hastings

1001
00:36:59,750 --> 00:36:58,800
there's dozens and dozens of these

1002
00:37:02,550 --> 00:36:59,760
people

1003
00:37:04,550 --> 00:37:02,560
but there but it is in in the background

1004
00:37:07,589 --> 00:37:04,560
it's in the background because

1005
00:37:09,430 --> 00:37:07,599
nobody came out and nobody said anything

1006
00:37:11,829 --> 00:37:09,440
uh uh in the military and then when the

1007
00:37:13,750 --> 00:37:11,839
military did come out it was it it

1008
00:37:15,349 --> 00:37:13,760
wasn't when they did have these little

1009
00:37:16,790 --> 00:37:15,359
things like grier put on one robert

1010
00:37:18,870 --> 00:37:16,800
hastings put on

1011
00:37:20,630 --> 00:37:18,880
it just didn't connect with anybody

1012
00:37:22,790 --> 00:37:20,640
nobody really paid it any attention

1013
00:37:25,349 --> 00:37:22,800

because this whole tradition

1014

00:37:28,630 --> 00:37:25,359

of disbelief you know this is uh this

1015

00:37:30,470 --> 00:37:28,640

whole idea that the press and the media

1016

00:37:33,190 --> 00:37:30,480

and the military put out thing yeah it's

1017

00:37:35,270 --> 00:37:33,200

all a bunch of horse horse crap right

1018

00:37:36,390 --> 00:37:35,280

that was so strong no one was able to

1019

00:37:38,150 --> 00:37:36,400

break it

1020

00:37:41,510 --> 00:37:38,160

until

1021

00:37:44,150 --> 00:37:41,520

uh

1022

00:37:45,910 --> 00:37:44,160

decided um

1023

00:37:46,790 --> 00:37:45,920

i was there i mean you know i chatted

1024

00:37:48,470 --> 00:37:46,800

with him

1025

00:37:50,069 --> 00:37:48,480

about this and he told me he was going

1026

00:37:52,310 --> 00:37:50,079

to leave and we talked about the you

1027

00:37:53,670 --> 00:37:52,320

know the films and and you know and what

1028

00:37:55,349 --> 00:37:53,680

have you and

1029

00:37:57,190 --> 00:37:55,359

and he told me what he was going to do

1030

00:37:58,390 --> 00:37:57,200

and

1031

00:38:03,750 --> 00:37:58,400

i

1032

00:38:08,630 --> 00:38:03,760

um

1033

00:38:11,270 --> 00:38:08,640

and and he was young you know

1034

00:38:13,589 --> 00:38:11,280

maybe late 40s and he easily could have

1035

00:38:16,550 --> 00:38:13,599

jumped i think into the senior ranks

1036

00:38:18,390 --> 00:38:16,560

uh but he decided to leave

1037

00:38:19,829 --> 00:38:18,400

and because he felt so strongly about

1038

00:38:22,390 --> 00:38:19,839

this

1039

00:38:24,310 --> 00:38:22,400

so i introduced him to tom or put him

1040

00:38:26,550 --> 00:38:24,320

together with tom and then tom hired him

1041

00:38:28,310 --> 00:38:26,560

for tssa right away and then christopher

1042

00:38:31,910 --> 00:38:28,320

mellon in the meantime thomas called

1043

00:38:32,710 --> 00:38:31,920

chris and then chris came in so you know

1044

00:38:37,589 --> 00:38:32,720

you know

1045

00:38:39,109 --> 00:38:37,599

mellon and and lou that i think

1046

00:38:40,870 --> 00:38:39,119

everybody needs to tip their hat to him

1047

00:38:43,270 --> 00:38:40,880

because they really they really sort of

1048

00:38:45,030 --> 00:38:43,280

jumped out there on this um

1049

00:38:48,390 --> 00:38:45,040

uh and

1050

00:38:49,990 --> 00:38:48,400

when we decided we were going to

1051
00:38:53,270 --> 00:38:50,000
figure out how we were going to push

1052
00:38:54,790 --> 00:38:53,280
this it was a concerted effort

1053
00:38:56,630 --> 00:38:54,800
um

1054
00:38:59,030 --> 00:38:56,640
you know tom backed this whole thing tom

1055
00:39:00,790 --> 00:38:59,040
belong and you know i i give him an

1056
00:39:02,630 --> 00:39:00,800
enormous amount of credit

1057
00:39:05,430 --> 00:39:02,640
people sort of make fun of him because

1058
00:39:08,550 --> 00:39:05,440
he's uh you know he's uh you know a rock

1059
00:39:10,710 --> 00:39:08,560
musician and you know he make dick jokes

1060
00:39:12,950 --> 00:39:10,720
all the time and what have you and

1061
00:39:15,430 --> 00:39:12,960
and uh

1062
00:39:17,670 --> 00:39:15,440
but when you talk to the man

1063
00:39:19,750 --> 00:39:17,680

this is he's uh he's nobody's full man

1064

00:39:22,310 --> 00:39:19,760

he is one smart guy

1065

00:39:24,230 --> 00:39:22,320

he very well read on the topic he knew

1066

00:39:25,349 --> 00:39:24,240

what he wanted to do he went out and he

1067

00:39:31,190 --> 00:39:25,359

did it

1068

00:39:33,430 --> 00:39:31,200

talking to him now trying to figure out

1069

00:39:35,190 --> 00:39:33,440

and yeah i mean you know he's actually

1070

00:39:36,390 --> 00:39:35,200

going to be talking to a whole group of

1071

00:39:39,349 --> 00:39:36,400

uh uh

1072

00:39:41,190 --> 00:39:39,359

people at the fbi academy pretty soon

1073

00:39:42,550 --> 00:39:41,200

on this and so i give him a lot of

1074

00:39:44,870 --> 00:39:42,560

credit for actually putting all that

1075

00:39:47,750 --> 00:39:44,880

stuff together and then but but the the

1076

00:39:50,550 --> 00:39:47,760

big thing john was was lou and and chris

1077

00:39:52,069 --> 00:39:50,560

mellon chris mellon went after this

1078

00:39:53,430 --> 00:39:52,079

i mean lou

1079

00:39:55,109 --> 00:39:53,440

lou and chris sort of you know went

1080

00:39:56,870 --> 00:39:55,119

together and then they sort of split a

1081

00:39:58,390 --> 00:39:56,880

little bit but and then they went you

1082

00:39:59,349 --> 00:39:58,400

know i went to the

1083

00:40:06,390 --> 00:39:59,359

the

1084

00:40:08,790 --> 00:40:06,400

us we're not going classified on this

1085

00:40:10,950 --> 00:40:08,800

but we are doing this they were okay

1086

00:40:12,630 --> 00:40:10,960

with that and then chris went into

1087

00:40:15,109 --> 00:40:12,640

congress and boy i'll tell you you know

1088

00:40:17,510 --> 00:40:15,119

he was a guy he ran he was a staff

1089

00:40:20,069 --> 00:40:17,520

director of [h__h] yes a senate select

1090

00:40:22,069 --> 00:40:20,079

committee on intelligence um he knew

1091

00:40:23,030 --> 00:40:22,079

everybody and and and then you know of

1092

00:40:25,349 --> 00:40:23,040

course when he became the under

1093

00:40:27,750 --> 00:40:25,359

secretary of defense for intelligence

1094

00:40:29,750 --> 00:40:27,760

that was a whole other thing chris ran

1095

00:40:31,510 --> 00:40:29,760

all the sap programs

1096

00:40:33,670 --> 00:40:31,520

in the government he ran well actually

1097

00:40:36,870 --> 00:40:33,680

in the military i should say he didn't

1098

00:40:40,470 --> 00:40:36,880

know about this program about uh atip or

1099

00:40:42,550 --> 00:40:40,480

asap didn't know about he wasn't happy

1100

00:40:44,950 --> 00:40:42,560

so when he went to congress

1101

00:40:46,950 --> 00:40:44,960

and he got congress briefed and then lou

1102

00:40:48,390 --> 00:40:46,960

was able to arrange a lot of this too

1103

00:40:49,829 --> 00:40:48,400

with the navy

1104

00:40:52,390 --> 00:40:49,839

and don't forget

1105

00:40:53,829 --> 00:40:52,400

this program you know that came out and

1106

00:40:54,950 --> 00:40:53,839

when the new york times thing came out

1107

00:40:57,109 --> 00:40:54,960

it was me

1108

00:40:58,230 --> 00:40:57,119

lou

1109

00:40:59,829 --> 00:40:58,240

chris

1110

00:41:04,069 --> 00:40:59,839

and uh

1111

00:41:06,390 --> 00:41:04,079

help put off and met with leslie kane

1112

00:41:08,630 --> 00:41:06,400

at the ritz carlton

1113

00:41:10,390 --> 00:41:08,640

where we sort of

1114

00:41:12,150 --> 00:41:10,400

let her know you know

1115

00:41:13,750 --> 00:41:12,160

and uh she was

1116

00:41:16,230 --> 00:41:13,760

taken aback

1117

00:41:18,950 --> 00:41:16,240

um since we were all senior senior

1118

00:41:21,430 --> 00:41:18,960

people and um so she had to take it

1119

00:41:23,589 --> 00:41:21,440

seriously and i was i was dumbfounded

1120

00:41:24,710 --> 00:41:23,599

but the new york times came out

1121

00:41:27,109 --> 00:41:24,720

with that

1122

00:41:29,270 --> 00:41:27,119

of course i told leslie

1123

00:41:31,670 --> 00:41:29,280

and i i will answer your question john i

1124

00:41:34,309 --> 00:41:31,680

promise but but uh we're getting there

1125

00:41:36,630 --> 00:41:34,319

but i i remember when it came out on

1126

00:41:39,270 --> 00:41:36,640

that fateful day um

1127

00:41:41,030 --> 00:41:39,280

the story was wrong and i got a whole

1128

00:41:43,030 --> 00:41:41,040

leslie and i said

1129

00:41:45,349 --> 00:41:43,040

it's it's not about

1130

00:41:46,870 --> 00:41:45,359

22 million dollars and pentagon has a

1131

00:41:49,030 --> 00:41:46,880

ufo program

1132

00:41:50,470 --> 00:41:49,040

it's about there's an entity out there

1133

00:41:52,230 --> 00:41:50,480

there's some kind of non-human

1134

00:41:54,069 --> 00:41:52,240

intelligence that's living with us on

1135

00:41:55,829 --> 00:41:54,079

this [h__h] planet i'm sorry i'm

1136

00:41:57,910 --> 00:41:55,839

getting all wound up

1137

00:41:59,589 --> 00:41:57,920

in that story

1138

00:42:01,670 --> 00:41:59,599

and she said they wouldn't let me run it

1139

00:42:03,990 --> 00:42:01,680

like that

1140

00:42:05,990 --> 00:42:04,000

and and it's still very very difficult

1141

00:42:06,950 --> 00:42:06,000

so i give the new york times a lot of

1142

00:42:08,950 --> 00:42:06,960

credit

1143

00:42:11,829 --> 00:42:08,960

uh for running this story

1144

00:42:13,270 --> 00:42:11,839

but for but for missing the big point

1145

00:42:15,349 --> 00:42:13,280

we're not alone

1146

00:42:17,589 --> 00:42:15,359

and we never have been alone

1147

00:42:19,349 --> 00:42:17,599

and and and i think that's what what

1148

00:42:20,309 --> 00:42:19,359

chris mellon got across when he got the

1149

00:42:25,829 --> 00:42:20,319

navy

1150

00:42:28,230 --> 00:42:25,839

little small program that

1151
00:42:30,150 --> 00:42:28,240
that they they started because they were

1152
00:42:31,349 --> 00:42:30,160
seeing all this stuff right on the east

1153
00:42:32,630 --> 00:42:31,359
coast and the west coast and with the

1154
00:42:33,510 --> 00:42:32,640
carrier groups

1155
00:42:35,670 --> 00:42:33,520
and

1156
00:42:37,270 --> 00:42:35,680
that's how this all started but that's

1157
00:42:39,109 --> 00:42:37,280
that wasn't the real program i mean

1158
00:42:39,990 --> 00:42:39,119
that's part of it you know

1159
00:42:40,790 --> 00:42:40,000
um

1160
00:42:42,950 --> 00:42:40,800
but

1161
00:42:45,109 --> 00:42:42,960
when the congress saw the classified

1162
00:42:47,589 --> 00:42:45,119
briefings

1163
00:42:48,550 --> 00:42:47,599

saw what i saw

1164

00:42:55,910 --> 00:42:48,560

they

1165

00:42:57,190 --> 00:42:55,920

why weren't we told why did we know

1166

00:42:59,510 --> 00:42:57,200

about this

1167

00:43:01,910 --> 00:42:59,520

now john can attest to this this goes

1168

00:43:03,349 --> 00:43:01,920

back away is this this this whole idea

1169

00:43:08,550 --> 00:43:03,359

of

1170

00:43:10,390 --> 00:43:08,560

because i i personally believe that and

1171

00:43:12,230 --> 00:43:10,400

i still believe to this day from what

1172

00:43:13,589 --> 00:43:12,240

everything i know there are no answers

1173

00:43:14,790 --> 00:43:13,599

in the sense that

1174

00:43:16,150 --> 00:43:14,800

the government

1175

00:43:19,190 --> 00:43:16,160

the ic

1176

00:43:21,670 --> 00:43:19,200

in particular and and the military have

1177

00:43:22,710 --> 00:43:21,680

no answers they really truly have no

1178

00:43:25,589 --> 00:43:22,720

answers

1179

00:43:30,790 --> 00:43:25,599

they may have

1180

00:43:33,750 --> 00:43:30,800

but that doesn't mean they know what it

1181

00:43:36,710 --> 00:43:33,760

is that they're holding

1182

00:43:38,630 --> 00:43:36,720

that doesn't mean they understand this

1183

00:43:43,270 --> 00:43:38,640

this is

1184

00:43:45,750 --> 00:43:43,280

it was described to me as you know well

1185

00:43:47,270 --> 00:43:45,760

very well beyond dark ken

1186

00:43:48,950 --> 00:43:47,280

now a couple of people have come out

1187

00:43:50,390 --> 00:43:48,960

recently and said well we're maybe like

1188

00:43:51,750 --> 00:43:50,400

100 they're maybe a hundred years ahead

1189

00:43:52,790 --> 00:43:51,760

of us

1190

00:43:55,349 --> 00:43:52,800

nah

1191

00:43:56,390 --> 00:43:55,359

i think like a lot more

1192

00:43:58,309 --> 00:43:56,400

yeah i mean

1193

00:44:00,309 --> 00:43:58,319

if this is this i mean these things i

1194

00:44:02,710 --> 00:44:00,319

mean uaps are you when they talk about

1195

00:44:05,510 --> 00:44:02,720

the nuts and bolts uaps aren't even a

1196

00:44:06,630 --> 00:44:05,520

story at all uaps are just like a a

1197

00:44:09,270 --> 00:44:06,640

sideshow

1198

00:44:11,190 --> 00:44:09,280

this is stuff that shows up right but

1199

00:44:12,230 --> 00:44:11,200

it's not it i mean it's a manifestation

1200

00:44:13,750 --> 00:44:12,240

of it

1201
00:44:14,950 --> 00:44:13,760
but you notice these things you know

1202
00:44:16,630 --> 00:44:14,960
they're out there they're actually

1203
00:44:17,990 --> 00:44:16,640
physical but then all of a sudden

1204
00:44:19,589 --> 00:44:18,000
they're not physical this is what jock

1205
00:44:20,790 --> 00:44:19,599
talks about you know flying objects they

1206
00:44:22,230 --> 00:44:20,800
say hell i don't even know if they're

1207
00:44:24,150 --> 00:44:22,240
flying or they're objects because

1208
00:44:26,550 --> 00:44:24,160
they're objects they're not objects you

1209
00:44:29,670 --> 00:44:26,560
know they just disappear at will

1210
00:44:31,990 --> 00:44:29,680
um they're able to do incredible stuff

1211
00:44:34,230 --> 00:44:32,000
but are they just showing off

1212
00:44:36,230 --> 00:44:34,240
are they just presenting us a show

1213
00:44:37,510 --> 00:44:36,240

what's actually behind that is what

1214

00:44:39,589 --> 00:44:37,520

really matters

1215

00:44:41,670 --> 00:44:39,599

and when what's really behind that are

1216

00:44:43,510 --> 00:44:41,680

the encounters what's really behind that

1217

00:44:46,790 --> 00:44:43,520

and this is where i really credit lou

1218

00:44:48,870 --> 00:44:46,800

and chris for making sure that the uh

1219

00:44:51,829 --> 00:44:48,880

gillibrand amendment puts in the

1220

00:44:54,069 --> 00:44:51,839

biological the social uh sociocultural

1221

00:44:55,750 --> 00:44:54,079

and the psychological aspects of this

1222

00:44:57,670 --> 00:44:55,760

because that's where this is that's

1223

00:44:59,990 --> 00:44:57,680

where jacqueline talks a lot about

1224

00:45:01,750 --> 00:45:00,000

that's what this is this is some kind of

1225

00:45:05,030 --> 00:45:01,760

a control mechanism

1226

00:45:07,349 --> 00:45:05,040

that seems to be guiding us somewhere or

1227

00:45:09,670 --> 00:45:07,359

pushing us in some direction here so

1228

00:45:11,510 --> 00:45:09,680

it's not about uaps uaps are a side show

1229

00:45:13,030 --> 00:45:11,520

as far as i'm concerned uh but the

1230

00:45:14,630 --> 00:45:13,040

military's interested in because wow

1231

00:45:16,470 --> 00:45:14,640

they can do really cool stuff

1232

00:45:18,390 --> 00:45:16,480

i remember steve justice looking at you

1233

00:45:21,829 --> 00:45:18,400

know when we we were all watching the

1234

00:45:24,790 --> 00:45:21,839

videos at tts headquarters in encinitas

1235

00:45:26,790 --> 00:45:24,800

before the videos came out

1236

00:45:28,069 --> 00:45:26,800

i remember chris i i mean i mean i asked

1237

00:45:30,069 --> 00:45:28,079

uh um

1238

00:45:31,030 --> 00:45:30,079

you know steve

1239

00:45:33,430 --> 00:45:31,040

who

1240

00:45:35,589 --> 00:45:33,440

probably had his hands on more

1241

00:45:37,190 --> 00:45:35,599

super classified you know

1242

00:45:39,109 --> 00:45:37,200

data being with the skunk works right

1243

00:45:39,990 --> 00:45:39,119

and and you know and he helped design

1244

00:45:41,990 --> 00:45:40,000

all these

1245

00:45:44,069 --> 00:45:42,000

aircraft and what have you

1246

00:45:46,309 --> 00:45:44,079

and i said what did you think

1247

00:45:47,990 --> 00:45:46,319

and he said i want to build it i want to

1248

00:45:49,750 --> 00:45:48,000

build something that has that i mean a

1249

00:45:52,470 --> 00:45:49,760

typical engineer right that's what i

1250

00:45:54,950 --> 00:45:52,480

want to do i want to build that and he

1251
00:45:56,950 --> 00:45:54,960
sketched out this really beautiful and i

1252
00:45:58,870 --> 00:45:56,960
wish we were able to

1253
00:46:00,790 --> 00:45:58,880
to do it but i don't think he's he's

1254
00:46:02,710 --> 00:46:00,800
able to but he he sketched out this

1255
00:46:04,390 --> 00:46:02,720
beautiful aircraft of what it would look

1256
00:46:06,150 --> 00:46:04,400
like with any gravity

1257
00:46:08,069 --> 00:46:06,160
a system put on it and things along

1258
00:46:11,030 --> 00:46:08,079
those lines it was just absolutely gory

1259
00:46:13,430 --> 00:46:11,040
he's very talented designer you know

1260
00:46:15,430 --> 00:46:13,440
but yeah i mean that's um so i think

1261
00:46:17,030 --> 00:46:15,440
there was a turning point you know and

1262
00:46:18,950 --> 00:46:17,040
the turning point was

1263
00:46:20,950 --> 00:46:18,960

the new york times article

1264

00:46:23,670 --> 00:46:20,960

and then and then once that turning

1265

00:46:25,829 --> 00:46:23,680

point hit then all the backstories you

1266

00:46:28,390 --> 00:46:25,839

know all the people that were doing this

1267

00:46:31,109 --> 00:46:28,400

for decades and devoted their lives to

1268

00:46:34,950 --> 00:46:31,119

it the people whose shoulders we stand

1269

00:46:36,790 --> 00:46:34,960

on right um these are the people that um

1270

00:46:38,870 --> 00:46:36,800

came into focus then you know and then

1271

00:46:40,829 --> 00:46:38,880

they started talking more about it they

1272

00:46:43,190 --> 00:46:40,839

they're helping push this thing forward

1273

00:46:45,510 --> 00:46:43,200

so um

1274

00:46:46,950 --> 00:46:45,520

just because john i you know my personal

1275

00:46:48,550 --> 00:46:46,960

feeling is just because this has come

1276

00:46:50,870 --> 00:46:48,560

out in the public and it's

1277

00:46:52,950 --> 00:46:50,880

i don't think this is uh

1278

00:46:56,309 --> 00:46:52,960

a harbinger of of you know

1279

00:46:58,390 --> 00:46:56,319

the phenomenon coming becoming more you

1280

00:47:00,069 --> 00:46:58,400

know

1281

00:47:05,750 --> 00:47:00,079

uh

1282

00:47:07,430 --> 00:47:05,760

more i mean we're we're getting to a

1283

00:47:09,430 --> 00:47:07,440

point we're gonna be understanding i

1284

00:47:11,750 --> 00:47:09,440

just don't i just think we just we just

1285

00:47:13,910 --> 00:47:11,760

basically are talking about it more but

1286

00:47:16,309 --> 00:47:13,920

i don't i don't see any

1287

00:47:18,790 --> 00:47:16,319

any uh opening

1288

00:47:20,549 --> 00:47:18,800

the only thing i will i will say um i've

1289

00:47:22,549 --> 00:47:20,559

been in touch with the task force and

1290

00:47:25,430 --> 00:47:22,559

what have you uh and they really are

1291

00:47:27,750 --> 00:47:25,440

just truly getting started on this but

1292

00:47:29,910 --> 00:47:27,760

they're primarily

1293

00:47:32,470 --> 00:47:29,920

made up of scientists

1294

00:47:34,069 --> 00:47:32,480

you know and and my point to them and i

1295

00:47:36,230 --> 00:47:34,079

keep telling them

1296

00:47:38,950 --> 00:47:36,240

you need religious scholars

1297

00:47:41,750 --> 00:47:38,960

you need psychologists you need people

1298

00:47:43,270 --> 00:47:41,760

with a very strong background in this

1299

00:47:45,109 --> 00:47:43,280

that goes back

1300

00:47:47,109 --> 00:47:45,119

you know you know two or three or four

1301
00:47:48,710 --> 00:47:47,119
hundred years or two thousand years you

1302
00:47:49,990 --> 00:47:48,720
gotta go back to sumerians right you

1303
00:47:51,349 --> 00:47:50,000
gotta go back to all the ancient

1304
00:47:53,270 --> 00:47:51,359
religious texts

1305
00:47:54,470 --> 00:47:53,280
all this stuff has to be taken into

1306
00:47:56,069 --> 00:47:54,480
account

1307
00:47:57,990 --> 00:47:56,079
when you're looking at this phenomenon

1308
00:47:59,750 --> 00:47:58,000
because it it's all there

1309
00:48:01,430 --> 00:47:59,760
then you got to get some really powerful

1310
00:48:04,870 --> 00:48:01,440
databases and i know this is what

1311
00:48:07,109 --> 00:48:04,880
bigelow is doing with bass

1312
00:48:09,190 --> 00:48:07,119
and i would love to have my hands on on

1313
00:48:12,309 --> 00:48:09,200

those databases that they have

1314

00:48:14,309 --> 00:48:12,319

uh and chuck valet designed them and uh

1315

00:48:16,390 --> 00:48:14,319

and he's like you know it's a creme de

1316

00:48:17,510 --> 00:48:16,400

la creme when it comes to that extremely

1317

00:48:20,150 --> 00:48:17,520

bright man

1318

00:48:22,630 --> 00:48:20,160

um but some of this stuff's already set

1319

00:48:23,910 --> 00:48:22,640

up and ready to go i i'm hopeful

1320

00:48:25,270 --> 00:48:23,920

hopefully

1321

00:48:27,750 --> 00:48:25,280

um

1322

00:48:29,190 --> 00:48:27,760

they might find something some a little

1323

00:48:30,630 --> 00:48:29,200

little needle in the haystack or a

1324

00:48:33,270 --> 00:48:30,640

little bit of signal in the noise you

1325

00:48:35,990 --> 00:48:33,280

know that that we could start

1326

00:48:37,910 --> 00:48:36,000

you know and then maybe get somewhere

1327

00:48:39,990 --> 00:48:37,920

with this before before at the end of my

1328

00:48:42,150 --> 00:48:40,000

lifetime you know

1329

00:48:44,549 --> 00:48:42,160

but i'm not holding my breath

1330

00:48:47,030 --> 00:48:44,559

john is that answer you i i don't know

1331

00:48:48,470 --> 00:48:47,040

thank you jim i'm a typical do officer

1332

00:48:50,150 --> 00:48:48,480

john i you know

1333

00:48:52,309 --> 00:48:50,160

i got a point here and i just go all

1334

00:48:53,670 --> 00:48:52,319

over it and i'm all over the place and

1335

00:48:55,349 --> 00:48:53,680

i'm back

1336

00:48:58,150 --> 00:48:55,359

bob bigelow if you're listening please

1337

00:48:59,829 --> 00:48:58,160

give jim semivan access to your database

1338

00:49:01,430 --> 00:48:59,839

thank you very much this program is

1339

00:49:03,670 --> 00:49:01,440

brought to you by caudate potamon

1340

00:49:06,549 --> 00:49:03,680

chevrolet ohio's favorite chevrolet

1341

00:49:10,069 --> 00:49:06,559

dealer and now on to uh

1342

00:49:12,309 --> 00:49:10,079

on to our uav experienter step

1343

00:49:14,069 --> 00:49:12,319

jim and john what a surprise to see you

1344

00:49:16,069 --> 00:49:14,079

so great to see you both

1345

00:49:19,829 --> 00:49:16,079

uh yes so

1346

00:49:23,670 --> 00:49:19,839

yeah i'm an experienter as my title says

1347

00:49:25,670 --> 00:49:23,680

and in 1985 my entire family had

1348

00:49:27,670 --> 00:49:25,680

witnessed uap now

1349

00:49:29,430 --> 00:49:27,680

we were in the aerospace business we

1350

00:49:31,990 --> 00:49:29,440

actually provided the honeycomb pins to

1351

00:49:35,030 --> 00:49:32,000

one of the apollo projects so

1352

00:49:36,870 --> 00:49:35,040

at a very young age i had the proper

1353

00:49:39,270 --> 00:49:36,880

knowledge of how to identify a

1354

00:49:40,950 --> 00:49:39,280

helicopter an airplane a stealth bomber

1355

00:49:43,109 --> 00:49:40,960

all all of these different things that

1356

00:49:44,390 --> 00:49:43,119

we grew up with all of these models

1357

00:49:46,630 --> 00:49:44,400

sitting around our

1358

00:49:48,470 --> 00:49:46,640

business and so

1359

00:49:50,549 --> 00:49:48,480

my concern is

1360

00:49:52,870 --> 00:49:50,559

yes we've already established that uap

1361

00:49:54,150 --> 00:49:52,880

are real now the general public outside

1362

00:49:55,670 --> 00:49:54,160

of us

1363

00:49:57,829 --> 00:49:55,680

because i feel that we're a little bit

1364

00:49:59,589 --> 00:49:57,839

different set aside from the people who

1365

00:50:01,190 --> 00:49:59,599

aren't following the topic

1366

00:50:04,470 --> 00:50:01,200

how would they

1367

00:50:06,870 --> 00:50:04,480

now i not inundate the authorities after

1368

00:50:09,270 --> 00:50:06,880

say they witness a satellite or a

1369

00:50:11,910 --> 00:50:09,280

weather balloon how would they

1370

00:50:14,390 --> 00:50:11,920

go ahead and report this to say an air

1371

00:50:15,270 --> 00:50:14,400

force base such as what my family had

1372

00:50:15,990 --> 00:50:15,280

done

1373

00:50:17,510 --> 00:50:16,000

we

1374

00:50:21,349 --> 00:50:17,520

knew to report it to the proper

1375

00:50:23,190 --> 00:50:21,359

authorities now how would you go about

1376

00:50:25,349 --> 00:50:23,200

putting out say a public service

1377

00:50:27,829 --> 00:50:25,359

announcement through the government

1378

00:50:30,230 --> 00:50:27,839

stating these are weather balloons this

1379

00:50:32,790 --> 00:50:30,240

is a satellite if you see these items

1380

00:50:35,990 --> 00:50:32,800

please do not contact our office how

1381

00:50:37,349 --> 00:50:36,000

would you go about initiating that so

1382

00:50:41,109 --> 00:50:37,359

that people aren't

1383

00:50:43,829 --> 00:50:41,119

inundated with false reports

1384

00:50:46,390 --> 00:50:43,839

yeah wow

1385

00:50:50,230 --> 00:50:46,400

short answers i don't know probably

1386

00:50:51,910 --> 00:50:50,240

two or three times a week i uh

1387

00:50:53,270 --> 00:50:51,920

sometimes through linkedin

1388

00:50:55,349 --> 00:50:53,280

sometimes through

1389

00:50:56,870 --> 00:50:55,359

you know people getting my email uh they

1390

00:50:59,670 --> 00:50:56,880

will send me

1391

00:51:00,630 --> 00:50:59,680

videos some really rather compelling

1392

00:51:03,910 --> 00:51:00,640

videos

1393

00:51:06,950 --> 00:51:03,920

mostly orbs sometimes you know

1394

00:51:09,510 --> 00:51:06,960

you'll see like a saucer shaped object

1395

00:51:11,109 --> 00:51:09,520

um and they'll some of them are in a

1396

00:51:13,190 --> 00:51:11,119

panic they don't know what to do about

1397

00:51:15,030 --> 00:51:13,200

it they're um you know and and you know

1398

00:51:15,990 --> 00:51:15,040

and some families are involved and what

1399

00:51:16,950 --> 00:51:16,000

have you

1400

00:51:17,829 --> 00:51:16,960

um

1401

00:51:21,510 --> 00:51:17,839

uh

1402

00:51:22,470 --> 00:51:21,520

there's not a lot of literature on the

1403

00:51:23,589 --> 00:51:22,480

orbs

1404

00:51:26,950 --> 00:51:23,599

and um

1405

00:51:27,829 --> 00:51:26,960

they are very dangerous and you know you

1406

00:51:29,349 --> 00:51:27,839

you know

1407

00:51:32,230 --> 00:51:29,359

don't invite them in i always like to

1408

00:51:33,829 --> 00:51:32,240

say uh you know to get close

1409

00:51:35,670 --> 00:51:33,839

say something to the orbs you know stay

1410

00:51:38,230 --> 00:51:35,680

away or get in the house or get away

1411

00:51:39,030 --> 00:51:38,240

from them they're quite dangerous

1412

00:51:40,710 --> 00:51:39,040

uh

1413

00:51:42,549 --> 00:51:40,720

and um you know they could be almost

1414

00:51:44,309 --> 00:51:42,559

anything they have they have morph that

1415

00:51:45,670 --> 00:51:44,319

we have a lot of literature on them

1416

00:51:49,829 --> 00:51:45,680

morphing into

1417

00:51:51,270 --> 00:51:49,839

ships

1418

00:51:53,670 --> 00:51:51,280

coming together with other orbs things

1419

00:51:55,109 --> 00:51:53,680

along those lines but there is no

1420

00:51:57,430 --> 00:51:55,119

central clearinghouse for any of this

1421

00:51:59,430 --> 00:51:57,440

mufon is the only place i mean i tell

1422

00:52:00,950 --> 00:51:59,440

people to go to mufon

1423

00:52:03,190 --> 00:52:00,960

um

1424

00:52:05,349 --> 00:52:03,200

and do that

1425

00:52:07,750 --> 00:52:05,359

tts has

1426

00:52:09,589 --> 00:52:07,760

two databases uh one's called vault and

1427

00:52:11,670 --> 00:52:09,599

one's called scout

1428

00:52:13,109 --> 00:52:11,680

and uh essentially they're they're all

1429

00:52:15,910 --> 00:52:13,119

built in there and they're you know the

1430

00:52:18,390 --> 00:52:15,920

ai databases and um one of our board of

1431

00:52:19,589 --> 00:52:18,400

advisors members uh actually developed

1432

00:52:22,710 --> 00:52:19,599

these he's a

1433

00:52:24,630 --> 00:52:22,720

big it guy from pricewaterhouse and he

1434

00:52:27,349 --> 00:52:24,640

built these in conjunction with amazon

1435

00:52:28,309 --> 00:52:27,359

and microsoft they're all built and what

1436

00:52:30,710 --> 00:52:28,319

they were

1437

00:52:32,950 --> 00:52:30,720

ready to do what we were ready to do was

1438

00:52:34,870 --> 00:52:32,960

actually start accepting

1439

00:52:36,870 --> 00:52:34,880

people's videos photographs things along

1440

00:52:39,190 --> 00:52:36,880

those lines and we had a high degree of

1441

00:52:41,030 --> 00:52:39,200

certainty that we would be able to run

1442

00:52:42,470 --> 00:52:41,040

them through our databases and be able

1443

00:52:45,190 --> 00:52:42,480

to tell whether they were real or not

1444

00:52:46,549 --> 00:52:45,200

real and if they were real then we had

1445

00:52:48,470 --> 00:52:46,559

our lines that were going to the

1446

00:52:50,309 --> 00:52:48,480

government you know and but it would be

1447

00:52:52,230 --> 00:52:50,319

all unclassified you know everybody

1448

00:52:54,470 --> 00:52:52,240

would have access to it then we would

1449

00:52:55,829 --> 00:52:54,480

have our own database on a website where

1450

00:52:57,670 --> 00:52:55,839

people could actually go in and do their

1451
00:52:58,950 --> 00:52:57,680
own research if they wanted to you know

1452
00:53:00,790 --> 00:52:58,960
so you're not waiting for the government

1453
00:53:01,990 --> 00:53:00,800
to do anything you're taking it on for

1454
00:53:02,790 --> 00:53:02,000
yourself

1455
00:53:06,309 --> 00:53:02,800
but

1456
00:53:09,030 --> 00:53:06,319
when we had those set up and we went to

1457
00:53:11,910 --> 00:53:09,040
the cloud services to find out

1458
00:53:14,309 --> 00:53:11,920
uh when we can start and they told us

1459
00:53:16,790 --> 00:53:14,319
the amount of money

1460
00:53:19,589 --> 00:53:16,800
it was going to cost

1461
00:53:21,190 --> 00:53:19,599
we simply we simply couldn't do it

1462
00:53:23,510 --> 00:53:21,200
um

1463
00:53:27,109 --> 00:53:23,520

let me give you an example here

1464

00:53:29,990 --> 00:53:27,119

how difficult why this is so difficult

1465

00:53:32,549 --> 00:53:30,000

and why is absolutely critical if we

1466

00:53:34,309 --> 00:53:32,559

really want to go anyplace

1467

00:53:38,309 --> 00:53:34,319

that we need to get some kind of

1468

00:53:40,150 --> 00:53:38,319

institution set up i i had a uh

1469

00:53:42,390 --> 00:53:40,160

a friend on linkedin tell me they're

1470

00:53:43,270 --> 00:53:42,400

going to be starting one of these uh

1471

00:53:45,349 --> 00:53:43,280

trying to start one of these

1472

00:53:47,670 --> 00:53:45,359

institutions and then i had another a

1473

00:53:50,470 --> 00:53:47,680

guy who contacted me on linkedin

1474

00:53:52,069 --> 00:53:50,480

who was really sort of upset

1475

00:53:53,589 --> 00:53:52,079

why we didn't have it already and he had

1476

00:53:54,950 --> 00:53:53,599

these pretty good ideas of how they were

1477

00:53:57,270 --> 00:53:54,960

going to do it and

1478

00:53:59,190 --> 00:53:57,280

and i i told both of them you know i

1479

00:54:00,870 --> 00:53:59,200

said look

1480

00:54:03,910 --> 00:54:00,880

you don't know how much money this cost

1481

00:54:06,069 --> 00:54:03,920

it is extraordinarily expensive yuri

1482

00:54:08,309 --> 00:54:06,079

milner gave uh what seti a hundred

1483

00:54:10,470 --> 00:54:08,319

million dollars over a period of 20 20

1484

00:54:12,710 --> 00:54:10,480

years where he's going to fund you know

1485

00:54:14,790 --> 00:54:12,720

so they're sitting i mean god bless them

1486

00:54:16,950 --> 00:54:14,800

and i hope i hope they find something

1487

00:54:20,390 --> 00:54:16,960

you know but you know i i would love to

1488

00:54:22,150 --> 00:54:20,400

tell seth shostak they're here

1489

00:54:23,510 --> 00:54:22,160

they're cute

1490

00:54:25,349 --> 00:54:23,520

they're all here

1491

00:54:28,069 --> 00:54:25,359

we can do something here

1492

00:54:29,670 --> 00:54:28,079

he is a total skeptic

1493

00:54:31,589 --> 00:54:29,680

i think a debunker actually because

1494

00:54:33,190 --> 00:54:31,599

that's what he sounds like to me but um

1495

00:54:35,510 --> 00:54:33,200

um

1496

00:54:38,789 --> 00:54:35,520

you know he he's just not not going to

1497

00:54:39,829 --> 00:54:38,799

go there but to actually get the data

1498

00:54:42,390 --> 00:54:39,839

together

1499

00:54:44,710 --> 00:54:42,400

structured and unstructured data

1500

00:54:46,950 --> 00:54:44,720

and put it in you know uh you know into

1501
00:54:48,710 --> 00:54:46,960
a forum where you're able to look at it

1502
00:54:50,230 --> 00:54:48,720
um and then you have the right type of

1503
00:54:51,510 --> 00:54:50,240
analyst you know you'd water john

1504
00:54:53,270 --> 00:54:51,520
ramirez there you know what about a

1505
00:54:54,470 --> 00:54:53,280
dozen john ramirez is there because he's

1506
00:54:56,309 --> 00:54:54,480
really tagged

1507
00:54:57,190 --> 00:54:56,319
and he's he knows they know what to do

1508
00:54:59,510 --> 00:54:57,200
right

1509
00:55:01,030 --> 00:54:59,520
and and and then you and you get some

1510
00:55:02,470 --> 00:55:01,040
religious scholars and you get everybody

1511
00:55:04,150 --> 00:55:02,480
in there and now you're paying all these

1512
00:55:06,950 --> 00:55:04,160
people

1513
00:55:10,150 --> 00:55:06,960

and uh you know you're looking at

1514

00:55:12,069 --> 00:55:10,160

a minimum you know maybe 10 to 15

1515

00:55:14,390 --> 00:55:12,079

million per year

1516

00:55:15,829 --> 00:55:14,400

and that's a small organization

1517

00:55:18,150 --> 00:55:15,839

uh and then if it's going to be

1518

00:55:20,309 --> 00:55:18,160

interactive you need a website an

1519

00:55:22,150 --> 00:55:20,319

interactive website

1520

00:55:23,990 --> 00:55:22,160

one of the things we thought about was

1521

00:55:27,270 --> 00:55:24,000

the possibility of crowdsourcing it

1522

00:55:29,190 --> 00:55:27,280

where you would take a university

1523

00:55:31,990 --> 00:55:29,200

and some universities now are allowing

1524

00:55:34,069 --> 00:55:32,000

graduate students to specialize in uap

1525

00:55:35,670 --> 00:55:34,079

studies or in the phenomenon of things

1526

00:55:37,589 --> 00:55:35,680

along those lines

1527

00:55:40,549 --> 00:55:37,599

and then be hiring grad students to do

1528

00:55:42,710 --> 00:55:40,559

this you know run run the data through

1529

00:55:45,190 --> 00:55:42,720

and do the research and what have you

1530

00:55:46,470 --> 00:55:45,200

um but running data through a database

1531

00:55:47,829 --> 00:55:46,480

doesn't necessarily mean you're going to

1532

00:55:49,430 --> 00:55:47,839

come up with an answer i mean you have

1533

00:55:51,270 --> 00:55:49,440

to be careful about the data you

1534

00:55:53,349 --> 00:55:51,280

actually send through and it has to

1535

00:55:55,030 --> 00:55:53,359

coincide with the data you come that

1536

00:55:57,030 --> 00:55:55,040

comes out in other words it's just not

1537

00:55:59,349 --> 00:55:57,040

that simple it's a very very difficult

1538

00:56:01,270 --> 00:55:59,359

task to actually get something that

1539

00:56:04,069 --> 00:56:01,280

makes sense that you know you could put

1540

00:56:06,950 --> 00:56:04,079

your imprimatur on it so that's what tts

1541

00:56:08,870 --> 00:56:06,960

was supposed to be about and because we

1542

00:56:10,390 --> 00:56:08,880

we became a public benefit corporation

1543

00:56:13,349 --> 00:56:10,400

because we

1544

00:56:15,109 --> 00:56:13,359

we needed we wanted to donate 10 to 15

1545

00:56:16,870 --> 00:56:15,119

of the money we would be making through

1546

00:56:18,950 --> 00:56:16,880

entertainment or research or whatever

1547

00:56:20,390 --> 00:56:18,960

the store is merchandising and throw

1548

00:56:22,230 --> 00:56:20,400

that into the research and we thought

1549

00:56:24,390 --> 00:56:22,240

that would be enough it's nowhere near

1550

00:56:26,470 --> 00:56:24,400

enough nowhere near enough

1551
00:56:28,789 --> 00:56:26,480
and then when we thought we would have

1552
00:56:30,630 --> 00:56:28,799
all these investors coming in we did we

1553
00:56:32,309 --> 00:56:30,640
got 4 000 investors but they're all mom

1554
00:56:34,630 --> 00:56:32,319
and pop investors for the best part you

1555
00:56:36,789 --> 00:56:34,640
know 500 300

1556
00:56:38,710 --> 00:56:36,799
it's great to have them on board but we

1557
00:56:40,549 --> 00:56:38,720
don't we need we need so much more than

1558
00:56:42,630 --> 00:56:40,559
that and that was an eye-opener for me

1559
00:56:44,549 --> 00:56:42,640
and for tom and tom had already put

1560
00:56:45,829 --> 00:56:44,559
millions into this you know company

1561
00:56:47,750 --> 00:56:45,839
already and you know what i mean and i

1562
00:56:49,990 --> 00:56:47,760
told him don't don't

1563
00:56:51,750 --> 00:56:50,000

you can't do any more i mean it's just

1564

00:56:53,270 --> 00:56:51,760

yeah unless we have something big

1565

00:56:55,109 --> 00:56:53,280

happening and we're but

1566

00:56:57,829 --> 00:56:55,119

we're working on it and we have some

1567

00:57:00,710 --> 00:56:57,839

stuff going on so i i'm very optimistic

1568

00:57:03,030 --> 00:57:00,720

uh that we might see some uh but what we

1569

00:57:05,510 --> 00:57:03,040

do need something

1570

00:57:08,309 --> 00:57:05,520

um like you know abby every lobe right

1571

00:57:10,069 --> 00:57:08,319

he started the galileo project

1572

00:57:11,430 --> 00:57:10,079

i'd be very curious to see how much

1573

00:57:12,950 --> 00:57:11,440

money he has

1574

00:57:14,069 --> 00:57:12,960

and i'll guarantee you he doesn't have

1575

00:57:15,589 --> 00:57:14,079

much

1576
00:57:17,910 --> 00:57:15,599
he doesn't have anything near what he

1577
00:57:20,230 --> 00:57:17,920
when he needs to do to put these uap

1578
00:57:23,430 --> 00:57:20,240
sensors and telescopes where he wants to

1579
00:57:26,710 --> 00:57:23,440
put them uh if he did do it

1580
00:57:28,390 --> 00:57:26,720
i was going to mention avi also go ahead

1581
00:57:31,430 --> 00:57:28,400
i'm going to say avi can you please send

1582
00:57:33,829 --> 00:57:31,440
your balance sheets to uh jim semivan

1583
00:57:36,470 --> 00:57:33,839
please so you can take a look so we got

1584
00:57:39,030 --> 00:57:36,480
uh we got uh robert bass we got our

1585
00:57:41,589 --> 00:57:39,040
bigelow and we got avi you guys owe some

1586
00:57:44,950 --> 00:57:41,599
material to jim semivan uh but anyway

1587
00:57:47,109 --> 00:57:44,960
jim uh regarding the orbs uh and is for

1588
00:57:49,109 --> 00:57:47,119

the danger associated with them do you

1589

00:57:50,950 --> 00:57:49,119

think like perhaps like the little spray

1590

00:57:53,589 --> 00:57:50,960

bottle to get the cat off your leather

1591

00:57:54,950 --> 00:57:53,599

sofa would that work against the orbs do

1592

00:57:57,270 --> 00:57:54,960

you think

1593

00:57:58,549 --> 00:57:57,280

no i'm kidding all right

1594

00:58:00,710 --> 00:57:58,559

all right

1595

00:58:02,630 --> 00:58:00,720

we have we only we don't have that much

1596

00:58:04,950 --> 00:58:02,640

time left with you

1597

00:58:05,910 --> 00:58:04,960

so we want to do some quick hitters here

1598

00:58:07,829 --> 00:58:05,920

to get

1599

00:58:10,470 --> 00:58:07,839

a couple more questions can we do like

1600

00:58:11,270 --> 00:58:10,480

sort of a rapid fire-ish round

1601
00:58:13,829 --> 00:58:11,280
okay

1602
00:58:14,950 --> 00:58:13,839
uh unless you're going to give us more

1603
00:58:16,309 --> 00:58:14,960
than one hour

1604
00:58:18,630 --> 00:58:16,319
so that's something i could probably

1605
00:58:20,230 --> 00:58:18,640
give you you know another 15 or 20

1606
00:58:22,630 --> 00:58:20,240
minutes all right that that'll really

1607
00:58:24,150 --> 00:58:22,640
help out uh but but we'll we'll still

1608
00:58:25,910 --> 00:58:24,160
try to get it rapid because i know

1609
00:58:27,190 --> 00:58:25,920
nathan's got more stuff i mean we have

1610
00:58:29,750 --> 00:58:27,200
the religious scholar we have the

1611
00:58:31,349 --> 00:58:29,760
analyst down below i can analyze flight

1612
00:58:33,430 --> 00:58:31,359
characteristics we're ready to build

1613
00:58:36,549 --> 00:58:33,440

this database man we got it

1614

00:58:37,910 --> 00:58:36,559

um but anyway jim so uh a friend of ours

1615

00:58:39,829 --> 00:58:37,920

uh vinnie adams who i know you're

1616

00:58:41,670 --> 00:58:39,839

familiar with of disclosure team and

1617

00:58:44,150 --> 00:58:41,680

british journalist professor david

1618

00:58:47,270 --> 00:58:44,160

clarke put out the amazing calvin photo

1619

00:58:50,230 --> 00:58:47,280

of kraft uh clark was quoted in newsweek

1620

00:58:53,190 --> 00:58:50,240

as saying uh aurora uh top secret

1621

00:58:55,030 --> 00:58:53,200

reconstance aircraft uh which us was

1622

00:58:57,349 --> 00:58:55,040

rumored to be building in the 1980s

1623

00:58:58,549 --> 00:58:57,359

though was never any evidence of such a

1624

00:59:00,630 --> 00:58:58,559

project and the us government has

1625

00:59:02,390 --> 00:59:00,640

consistently denied

1626

00:59:04,950 --> 00:59:02,400

its existence

1627

00:59:06,870 --> 00:59:04,960

jim you saw that photo

1628

00:59:09,589 --> 00:59:06,880

what and so some people are saying it's

1629

00:59:11,270 --> 00:59:09,599

black us tech and i'm curious what your

1630

00:59:13,829 --> 00:59:11,280

take is on that

1631

00:59:15,990 --> 00:59:13,839

um i don't have an opinion on it um

1632

00:59:17,589 --> 00:59:16,000

uh the way i look at photos is i need

1633

00:59:19,190 --> 00:59:17,599

you know an optical physicist to look at

1634

00:59:20,230 --> 00:59:19,200

that and tell me that it's real that's

1635

00:59:22,069 --> 00:59:20,240

that's what i

1636

00:59:24,069 --> 00:59:22,079

i would say this is one of the reasons

1637

00:59:26,069 --> 00:59:24,079

why we wanted to start scott scout and

1638

00:59:29,109 --> 00:59:26,079

vault so we can actually look at it and

1639

00:59:31,510 --> 00:59:29,119

say yes that is absolutely real and and

1640

00:59:32,950 --> 00:59:31,520

um and you know because you know as you

1641

00:59:35,430 --> 00:59:32,960

know i mean there have there haven't

1642

00:59:39,030 --> 00:59:35,440

been very many very clear pictures

1643

00:59:41,030 --> 00:59:39,040

of uh of uh uaps now if you talk to

1644

00:59:42,630 --> 00:59:41,040

robert hastings and he'll tell you that

1645

00:59:44,549 --> 00:59:42,640

you know there have been instances where

1646

00:59:46,950 --> 00:59:44,559

they have flown over you know

1647

00:59:49,510 --> 00:59:46,960

nuclear test points and people have

1648

00:59:50,470 --> 00:59:49,520

taken pictures up up close and personal

1649

00:59:51,510 --> 00:59:50,480

um

1650

00:59:53,270 --> 00:59:51,520

i had

1651
00:59:54,870 --> 00:59:53,280
had an interesting you know but you know

1652
00:59:57,030 --> 00:59:54,880
and robert you know hastings always

1653
00:59:57,750 --> 00:59:57,040
talks about the mia response right and

1654
00:59:59,349 --> 00:59:57,760
and

1655
01:00:01,510 --> 00:59:59,359
it's like

1656
01:00:03,190 --> 01:00:01,520
it's how people who have cameras around

1657
01:00:04,789 --> 01:00:03,200
their neck and don't end up taking

1658
01:00:06,069 --> 01:00:04,799
pictures of them or

1659
01:00:10,549 --> 01:00:06,079
you you're driving down the road and

1660
01:00:12,069 --> 01:00:10,559
everybody sees a ufo and uh or uap and

1661
01:00:14,549 --> 01:00:12,079
they go wow and then they get back in

1662
01:00:16,710 --> 01:00:14,559
the car and they don't talk about it

1663
01:00:18,390 --> 01:00:16,720

you know and and and and is what robert

1664

01:00:19,750 --> 01:00:18,400

calls in response and it's happened to

1665

01:00:21,030 --> 01:00:19,760

me i mean when my wife and i had our

1666

01:00:23,190 --> 01:00:21,040

experience

1667

01:00:25,190 --> 01:00:23,200

i mean my wife was very ill after that

1668

01:00:26,630 --> 01:00:25,200

so we were focusing on that but after

1669

01:00:29,349 --> 01:00:26,640

that we were like

1670

01:00:31,910 --> 01:00:29,359

you know it wasn't something we were

1671

01:00:34,309 --> 01:00:31,920

running with their hair on fire it just

1672

01:00:36,150 --> 01:00:34,319

20 some years you know over 20 years it

1673

01:00:37,030 --> 01:00:36,160

took us to really you know sort of focus

1674

01:00:37,829 --> 01:00:37,040

on it

1675

01:00:38,870 --> 01:00:37,839

so

1676

01:00:40,789 --> 01:00:38,880

you know

1677

01:00:42,309 --> 01:00:40,799

and i always tell tom this too i said

1678

01:00:44,950 --> 01:00:42,319

you know everybody has a narrative

1679

01:00:46,710 --> 01:00:44,960

everybody wants to tell you a story

1680

01:00:47,670 --> 01:00:46,720

their story and that story is probably

1681

01:00:49,510 --> 01:00:47,680

true

1682

01:00:51,190 --> 01:00:49,520

but all it is is a narrative i mean you

1683

01:00:53,349 --> 01:00:51,200

can't take it to court

1684

01:00:55,349 --> 01:00:53,359

it's essentially hearsay

1685

01:00:56,549 --> 01:00:55,359

it's it's subjective

1686

01:00:58,150 --> 01:00:56,559

um

1687

01:00:59,910 --> 01:00:58,160

science

1688

01:01:01,990 --> 01:00:59,920

is too

1689

01:01:05,670 --> 01:01:02,000

too closed off

1690

01:01:06,390 --> 01:01:05,680

to accept something like that anecdotes

1691

01:01:08,870 --> 01:01:06,400

so

1692

01:01:11,109 --> 01:01:08,880

where you go to with that is where where

1693

01:01:12,710 --> 01:01:11,119

like jock goes to and some of these

1694

01:01:14,230 --> 01:01:12,720

anthropologists talk about the

1695

01:01:15,670 --> 01:01:14,240

field-centric model you know you have to

1696

01:01:17,109 --> 01:01:15,680

go where it is

1697

01:01:19,030 --> 01:01:17,119

because it's not reliable and it's not

1698

01:01:20,309 --> 01:01:19,040

predictable right so you know so what do

1699

01:01:22,309 --> 01:01:20,319

you do with that well you do what jane

1700

01:01:22,950 --> 01:01:22,319

goodall did you know you sit there and

1701

01:01:25,430 --> 01:01:22,960

you

1702

01:01:26,630 --> 01:01:25,440

watch the apes right and then right

1703

01:01:28,069 --> 01:01:26,640

but where the hell are you going to sit

1704

01:01:30,150 --> 01:01:28,079

there and watch it so what you know and

1705

01:01:32,789 --> 01:01:30,160

with jock's new book with paulo harris

1706

01:01:34,710 --> 01:01:32,799

you know trinity was beautifully done i

1707

01:01:36,309 --> 01:01:34,720

mean that's exactly what you need to do

1708

01:01:37,910 --> 01:01:36,319

i mean he went in there and he and paula

1709

01:01:39,670 --> 01:01:37,920

and they basically spent all the time

1710

01:01:41,190 --> 01:01:39,680

they needed and they came out they

1711

01:01:43,349 --> 01:01:41,200

didn't come up with answers per se but

1712

01:01:46,150 --> 01:01:43,359

they did come up with with a lot of good

1713

01:01:47,990 --> 01:01:46,160

data and i think that's where the future

1714

01:01:51,109 --> 01:01:48,000

is in all of this

1715

01:01:53,109 --> 01:01:51,119

um is really mining the data and then

1716

01:01:56,950 --> 01:01:53,119

verifying the data

1717

01:02:00,390 --> 01:01:59,190

that i am

1718

01:02:02,630 --> 01:02:00,400

hoping

1719

01:02:05,349 --> 01:02:02,640

that the photographs

1720

01:02:06,549 --> 01:02:05,359

that there that there are that do exist

1721

01:02:07,910 --> 01:02:06,559

in the government

1722

01:02:10,390 --> 01:02:07,920

up close

1723

01:02:12,789 --> 01:02:10,400

do come out um you know you're hoping

1724

01:02:14,470 --> 01:02:12,799

for that but think about that for a

1725

01:02:16,630 --> 01:02:14,480

second

1726

01:02:18,069 --> 01:02:16,640

you know right now

1727

01:02:19,589 --> 01:02:18,079

i was talking to somebody the other day

1728

01:02:21,190 --> 01:02:19,599

about this and and you know they were

1729

01:02:22,470 --> 01:02:21,200

asking me well

1730

01:02:23,910 --> 01:02:22,480

why isn't this

1731

01:02:25,510 --> 01:02:23,920

like you know because i hadn't mentioned

1732

01:02:27,430 --> 01:02:25,520

i had said i always say it's a story of

1733

01:02:30,069 --> 01:02:27,440

the millennia and people say well why

1734

01:02:31,990 --> 01:02:30,079

isn't you know and you know i live in a

1735

01:02:35,829 --> 01:02:32,000

little neighborhood here you know

1736

01:02:38,230 --> 01:02:35,839

much old people nobody is interested in

1737

01:02:43,109 --> 01:02:40,549

um you walk into a room with a hundred

1738

01:02:45,190 --> 01:02:43,119

people you might get one or two people

1739

01:02:47,349 --> 01:02:45,200

that have heard about it

1740

01:02:48,630 --> 01:02:47,359

but this little bubble we live in you

1741

01:02:49,910 --> 01:02:48,640

know they talk about liberal bubbles

1742

01:02:52,230 --> 01:02:49,920

conservative bubbles and all those kind

1743

01:02:54,630 --> 01:02:52,240

of stuff this is the uap bubble

1744

01:02:57,349 --> 01:02:54,640

it's not that many people and

1745

01:02:59,270 --> 01:02:57,359

um and it's just

1746

01:03:01,270 --> 01:02:59,280

it it's not i mean john alexander used

1747

01:03:02,390 --> 01:03:01,280

to talk about this he said it's not on

1748

01:03:10,309 --> 01:03:02,400

the

1749

01:03:12,950 --> 01:03:10,319

worried about you know inflation taxes

1750

01:03:16,710 --> 01:03:12,960

their kids you know health issues things

1751

01:03:19,190 --> 01:03:16,720

along those lines uaps phenomenon

1752

01:03:21,270 --> 01:03:19,200

it's just it's just not there

1753

01:03:22,870 --> 01:03:21,280

the they get a kick out of it i think

1754

01:03:24,870 --> 01:03:22,880

reading about it and they're fascinated

1755

01:03:26,630 --> 01:03:24,880

by it you know like yeah but it's like

1756

01:03:29,430 --> 01:03:26,640

not high on their list you know they're

1757

01:03:31,349 --> 01:03:29,440

not going to give money to it and um um

1758

01:03:34,309 --> 01:03:31,359

congress is willing to give the you know

1759

01:03:35,510 --> 01:03:34,319

uh uh the task force money

1760

01:03:37,430 --> 01:03:35,520

but i will tell you i know what the

1761

01:03:38,230 --> 01:03:37,440

budget is and it's not that much you

1762

01:03:39,829 --> 01:03:38,240

know

1763

01:03:41,670 --> 01:03:39,839

right not that much

1764

01:03:43,829 --> 01:03:41,680

um the only good thing that came out of

1765

01:03:44,870 --> 01:03:43,839

that was there's more than one task

1766

01:03:46,549 --> 01:03:44,880

force

1767

01:03:48,789 --> 01:03:46,559

and everybody wants to get involved in

1768

01:03:50,230 --> 01:03:48,799

it and uh because

1769

01:03:52,630 --> 01:03:50,240

the money's there

1770

01:03:54,230 --> 01:03:52,640

but they're gonna they're gonna get free

1771

01:03:55,829 --> 01:03:54,240

they're gonna get free uh data

1772

01:03:57,670 --> 01:03:55,839

collection from the army the navy the

1773

01:03:59,430 --> 01:03:57,680

air force even the marine corps from all

1774

01:04:01,430 --> 01:03:59,440

their sensor systems you just put it out

1775

01:04:03,910 --> 01:04:01,440

there you will collect you will turn

1776

01:04:05,349 --> 01:04:03,920

that into intel when you land and so

1777

01:04:08,789 --> 01:04:05,359

that's free they don't have to field

1778

01:04:11,910 --> 01:04:08,799

systems like uh avilab has to right

1779

01:04:12,789 --> 01:04:11,920

right exactly exactly but you know i i

1780

01:04:15,029 --> 01:04:12,799

um

1781

01:04:17,670 --> 01:04:15,039

what i really am hoping for is

1782

01:04:22,230 --> 01:04:19,829

that we'll come to this ability where we

1783

01:04:23,750 --> 01:04:22,240

we come in and you have the phenomenon

1784

01:04:25,510 --> 01:04:23,760

and you know the whole and then you

1785

01:04:27,589 --> 01:04:25,520

subdivide it up into the in various

1786

01:04:30,870 --> 01:04:27,599

sections you know the contact

1787

01:04:33,349 --> 01:04:30,880

experiences the abduction experiences um

1788

01:04:35,510 --> 01:04:33,359

um you know the uh

1789

01:04:39,109 --> 01:04:35,520

the possibility of different types of

1790

01:04:40,950 --> 01:04:39,119

aliens uh the you know the whole idea

1791

01:04:43,270 --> 01:04:40,960

like with john's john's case you know

1792

01:04:45,349 --> 01:04:43,280

being contacted very young and having

1793

01:04:46,950 --> 01:04:45,359

that sort of continue through i mean

1794

01:04:49,029 --> 01:04:46,960

when you look at that i mean that to me

1795

01:04:51,029 --> 01:04:49,039

is probably one of the most fascinating

1796

01:04:53,910 --> 01:04:51,039

aspects of the abduction experience or

1797

01:04:56,230 --> 01:04:53,920

the contact experience uh generational

1798

01:04:57,750 --> 01:04:56,240

my my mother-in-law my wife's mother you

1799

01:04:59,589 --> 01:04:57,760

know is uh

1800

01:05:02,230 --> 01:04:59,599

i don't know probably about 30 or 40

1801
01:05:04,390 --> 01:05:02,240
cherokee indian but i remember when i

1802
01:05:05,190 --> 01:05:04,400
first met her i mean she telling us you

1803
01:05:06,950 --> 01:05:05,200
know

1804
01:05:09,190 --> 01:05:06,960
she would point up and she's a very

1805
01:05:11,510 --> 01:05:09,200
sound woman you know very smart woman

1806
01:05:13,270 --> 01:05:11,520
yeah you know i was i i know i have

1807
01:05:15,270 --> 01:05:13,280
babies up there you know you know and

1808
01:05:18,230 --> 01:05:15,280
she had these experiences

1809
01:05:20,390 --> 01:05:18,240
and and and and and um uh so i mean it

1810
01:05:22,150 --> 01:05:20,400
doesn't run in families i don't know but

1811
01:05:23,910 --> 01:05:22,160
you look at this you know you know chris

1812
01:05:26,710 --> 01:05:23,920
bledsoe part of chris bledsoe's story

1813
01:05:28,630 --> 01:05:26,720

you know you know encompasses um this

1814

01:05:30,710 --> 01:05:28,640

little fascinating

1815

01:05:32,309 --> 01:05:30,720

uh thing with the lady right you know

1816

01:05:35,109 --> 01:05:32,319

where this uh

1817

01:05:36,470 --> 01:05:35,119

like uh blessed virgin mary type figure

1818

01:05:37,750 --> 01:05:36,480

that definitely was not the blessed

1819

01:05:39,910 --> 01:05:37,760

virgin mary

1820

01:05:41,910 --> 01:05:39,920

uh you know shows up knocks him on his

1821

01:05:43,029 --> 01:05:41,920

ass well he gets knocked on his ass by a

1822

01:05:44,950 --> 01:05:43,039

bull like

1823

01:05:47,190 --> 01:05:44,960

it wasn't really a bull was it but it

1824

01:05:48,950 --> 01:05:47,200

came out of the woods behind his house

1825

01:05:51,270 --> 01:05:48,960

and i was at his house and i saw it and

1826
01:05:54,069 --> 01:05:51,280
knocked him down and then as he turned

1827
01:05:56,309 --> 01:05:54,079
up to pick up this this vision of a lady

1828
01:05:58,950 --> 01:05:56,319
you know three feet high blonde hair

1829
01:06:01,349 --> 01:05:58,960
blue eyes you know all in white the same

1830
01:06:02,630 --> 01:06:01,359
exact lady that showed up at fatima

1831
01:06:05,510 --> 01:06:02,640
right

1832
01:06:07,349 --> 01:06:05,520
and if you read jeffrey uh cripel's book

1833
01:06:09,349 --> 01:06:07,359
you know authors of the impossible in

1834
01:06:11,750 --> 01:06:09,359
the conclusion he talks a lot about that

1835
01:06:13,029 --> 01:06:11,760
about fatima and actually what was what

1836
01:06:14,950 --> 01:06:13,039
was written

1837
01:06:16,950 --> 01:06:14,960
and there's a lot of redaction done by

1838
01:06:18,950 --> 01:06:16,960

you know the churches and

1839

01:06:22,150 --> 01:06:18,960

culture you know where they say you know

1840

01:06:23,510 --> 01:06:22,160

uh you know lucia and and and uh who

1841

01:06:24,870 --> 01:06:23,520

actually you know the

1842

01:06:27,029 --> 01:06:24,880

the kids they never said it was a

1843

01:06:29,670 --> 01:06:27,039

blessed virgin mary right it was the

1844

01:06:31,430 --> 01:06:29,680

lady and she described exactly how chris

1845

01:06:33,270 --> 01:06:31,440

bledsoe described it

1846

01:06:34,870 --> 01:06:33,280

and there were government people who

1847

01:06:36,950 --> 01:06:34,880

came to visit chris

1848

01:06:39,190 --> 01:06:36,960

we're very interested in the lady and i

1849

01:06:40,710 --> 01:06:39,200

know these government people and they

1850

01:06:43,829 --> 01:06:40,720

they wanted to know more about it from

1851
01:06:48,950 --> 01:06:43,839
chris because they have seen her before

1852
01:06:53,910 --> 01:06:51,829
oh terry loveless no not terry love this

1853
01:06:56,950 --> 01:06:53,920
another one it was a beautifully written

1854
01:06:58,630 --> 01:06:56,960
book uh about a young couple

1855
01:06:59,990 --> 01:06:58,640
and they go out and they've had

1856
01:07:02,069 --> 01:07:00,000
experiences that turned out their whole

1857
01:07:04,309 --> 01:07:02,079
life but they went camping and they had

1858
01:07:06,309 --> 01:07:04,319
this incredible experience out in the

1859
01:07:08,549 --> 01:07:06,319
desert damn i wish i could remember it

1860
01:07:10,710 --> 01:07:08,559
it was written by a guy named paul

1861
01:07:12,870 --> 01:07:10,720
roberts something or other i got it here

1862
01:07:14,309 --> 01:07:12,880
somewhere anyway but what the

1863
01:07:15,990 --> 01:07:14,319

interesting thing was is they were being

1864

01:07:17,349 --> 01:07:16,000

taken up into the ship you know they had

1865

01:07:19,589 --> 01:07:17,359

the small grays and they had the look

1866

01:07:21,029 --> 01:07:19,599

what whitley calls the uh cobalts you

1867

01:07:23,109 --> 01:07:21,039

know these little pieces of crap about

1868

01:07:25,109 --> 01:07:23,119

that high really mean and then they had

1869

01:07:27,589 --> 01:07:25,119

the tall grays and then as the pickup

1870

01:07:30,710 --> 01:07:27,599

truck was being taken up i mean the lady

1871

01:07:32,309 --> 01:07:30,720

again appeared right

1872

01:07:33,589 --> 01:07:32,319

and told them it was all going to be you

1873

01:07:36,069 --> 01:07:33,599

know okay

1874

01:07:39,029 --> 01:07:36,079

wow very very strange stuff

1875

01:07:41,510 --> 01:07:39,039

so i mean but to have uh you know uh be

1876

01:07:43,510 --> 01:07:41,520

able to have a a

1877

01:07:45,510 --> 01:07:43,520

an organization that would deal with

1878

01:07:47,829 --> 01:07:45,520

that with that one aspect of it what

1879

01:07:50,870 --> 01:07:47,839

does that mean uh you know what's

1880

01:07:53,109 --> 01:07:50,880

why the lady uh and uh you know or

1881

01:07:54,789 --> 01:07:53,119

you know i mean ingo swan supposedly

1882

01:07:57,109 --> 01:07:54,799

said um

1883

01:07:57,910 --> 01:07:57,119

i think hal told me this um

1884

01:08:00,309 --> 01:07:57,920

that

1885

01:08:01,990 --> 01:08:00,319

the lady you know you know appears on

1886

01:08:03,349 --> 01:08:02,000

the the far side of the moon you know

1887

01:08:06,230 --> 01:08:03,359

what the hell that means i don't know

1888

01:08:07,589 --> 01:08:06,240

but that's where when ingo went out and

1889

01:08:10,870 --> 01:08:07,599

ra actually i think in his book

1890

01:08:12,789 --> 01:08:10,880

penetration he he went out and um he

1891

01:08:14,470 --> 01:08:12,799

actually saw the aliens

1892

01:08:16,309 --> 01:08:14,480

there on the farm

1893

01:08:18,870 --> 01:08:16,319

they basically looked at him and said

1894

01:08:19,829 --> 01:08:18,880

get the hell out you know

1895

01:08:22,789 --> 01:08:19,839

he did

1896

01:08:24,470 --> 01:08:22,799

right smartly got out right you know so

1897

01:08:26,709 --> 01:08:24,480

i'm sorry once again i'm rambling taking

1898

01:08:28,870 --> 01:08:26,719

up your time go ahead no that's okay uh

1899

01:08:31,910 --> 01:08:28,880

we have a religious scholar here uh

1900

01:08:34,070 --> 01:08:31,920

nathan why the lady in white

1901

01:08:36,309 --> 01:08:34,080

well it's a great question uh it's a

1902

01:08:38,550 --> 01:08:36,319

recurring motif and i think there is

1903

01:08:39,669 --> 01:08:38,560

something to that um

1904

01:08:41,189 --> 01:08:39,679

there's a

1905

01:08:42,630 --> 01:08:41,199

gym it would take a long time to unpack

1906

01:08:45,510 --> 01:08:42,640

all of that i think right

1907

01:08:47,510 --> 01:08:45,520

um i i think i'd be remiss in my duty

1908

01:08:49,829 --> 01:08:47,520

here if i didn't

1909

01:08:51,990 --> 01:08:49,839

defer some of my time to john

1910

01:08:54,149 --> 01:08:52,000

who has so graciously offered to join us

1911

01:08:55,990 --> 01:08:54,159

this evening um john i know you've got

1912

01:08:57,669 --> 01:08:56,000

some questions for jim and i love this

1913

01:09:01,749 --> 01:08:57,679

conversation we'd love to keep it going

1914

01:09:08,149 --> 01:09:05,990

hope you're on mute though sir

1915

01:09:10,390 --> 01:09:08,159

i was monitoring the comments coming

1916

01:09:12,229 --> 01:09:10,400

through and i saw one of a particular

1917

01:09:15,269 --> 01:09:12,239

interest because there's a lot of

1918

01:09:17,349 --> 01:09:15,279

misconception about how cia does things

1919

01:09:20,309 --> 01:09:17,359

and this has related to

1920

01:09:22,870 --> 01:09:20,319

like not crash retrievals of craft but

1921

01:09:25,829 --> 01:09:22,880

foreign technology in general jim

1922

01:09:27,910 --> 01:09:25,839

how would the cia go about

1923

01:09:30,390 --> 01:09:27,920

collecting foreign technology and how

1924

01:09:31,430 --> 01:09:30,400

does it get delivered so that it's used

1925

01:09:32,870 --> 01:09:31,440

to

1926

01:09:35,269 --> 01:09:32,880

the government whether it be the

1927

01:09:38,390 --> 01:09:35,279

department of defense or if it's highly

1928

01:09:41,590 --> 01:09:38,400

technical to academia for example uh we

1929

01:09:44,309 --> 01:09:41,600

read and philip corso's book that that

1930

01:09:45,349 --> 01:09:44,319

allegedly occurred with materials from

1931

01:09:47,030 --> 01:09:45,359

roswell

1932

01:09:49,510 --> 01:09:47,040

but

1933

01:09:52,070 --> 01:09:49,520

how is that done i mean if something

1934

01:09:54,149 --> 01:09:52,080

crashed in a foreign country

1935

01:09:55,750 --> 01:09:54,159

and of course we operate overseas in

1936

01:09:57,910 --> 01:09:55,760

foreign countries we have relationships

1937

01:10:00,149 --> 01:09:57,920

with our partners overseas if something

1938

01:10:02,390 --> 01:10:00,159

unusual crashed um

1939

01:10:04,630 --> 01:10:02,400

and it doesn't seem to be from this

1940

01:10:07,270 --> 01:10:04,640

planet what's the process of getting

1941

01:10:10,709 --> 01:10:07,280

that to where it needs to go

1942

01:10:12,390 --> 01:10:10,719

yeah that well depending if we had a uh

1943

01:10:14,229 --> 01:10:12,400

we would all pretend if we had a

1944

01:10:16,790 --> 01:10:14,239

relationship with the country and the

1945

01:10:18,470 --> 01:10:16,800

country allowed us to actually go in

1946

01:10:20,310 --> 01:10:18,480

on their sovereign territory and

1947

01:10:23,910 --> 01:10:20,320

actually you know and pick up something

1948

01:10:24,790 --> 01:10:23,920

and take it away um uh it was five eyes

1949

01:10:26,310 --> 01:10:24,800

you know

1950

01:10:28,470 --> 01:10:26,320

one of the five eyes i don't think that

1951

01:10:30,229 --> 01:10:28,480

would be a problem at all uh i think we

1952

01:10:31,270 --> 01:10:30,239

would we would then share the data with

1953

01:10:32,149 --> 01:10:31,280

whoever

1954

01:10:34,070 --> 01:10:32,159

but

1955

01:10:35,270 --> 01:10:34,080

whatever would be that crash that would

1956

01:10:36,790 --> 01:10:35,280

be taken

1957

01:10:39,750 --> 01:10:36,800

um it would it would probably go

1958

01:10:41,590 --> 01:10:39,760

immediately to the military and um uh

1959

01:10:47,030 --> 01:10:41,600

and then there there's any number of

1960

01:10:48,870 --> 01:10:47,040

military uh uh institutes and or

1961

01:10:51,669 --> 01:10:48,880

defense contractors that work with the

1962

01:10:52,709 --> 01:10:51,679

military i'm thinking about patel you

1963

01:10:54,149 --> 01:10:52,719

know

1964

01:10:56,390 --> 01:10:54,159

any one of the five major defense

1965

01:10:57,990 --> 01:10:56,400

contractors sometimes smaller

1966

01:10:59,910 --> 01:10:58,000

contractors but it would go it would

1967

01:11:01,990 --> 01:10:59,920

probably go to ftd first you know

1968

01:11:04,070 --> 01:11:02,000

foreign technology division at right

1969

01:11:05,350 --> 01:11:04,080

path or or some place depending on what

1970

01:11:06,950 --> 01:11:05,360

it was and then and then the

1971

01:11:07,750 --> 01:11:06,960

intelligence community would be brought

1972

01:11:09,990 --> 01:11:07,760

in

1973

01:11:11,750 --> 01:11:10,000

uh cia uh

1974

01:11:14,149 --> 01:11:11,760

in particular would be brought in with

1975

01:11:16,790 --> 01:11:14,159

dia

1976

01:11:20,070 --> 01:11:16,800

and try to analyze it but

1977

01:11:22,310 --> 01:11:20,080

uh once again when you're dealing with

1978

01:11:24,070 --> 01:11:22,320

extremely exotic

1979

01:11:25,510 --> 01:11:24,080

technology and it doesn't have to be

1980

01:11:26,870 --> 01:11:25,520

uaps

1981

01:11:28,550 --> 01:11:26,880

um

1982

01:11:31,110 --> 01:11:28,560

you you

1983

01:11:33,030 --> 01:11:31,120

it tends to be highly classified because

1984

01:11:34,790 --> 01:11:33,040

you don't want your you know you don't

1985

01:11:36,470 --> 01:11:34,800

want your enemies seeing that or even

1986

01:11:39,189 --> 01:11:36,480

knowing that you have it

1987

01:11:40,390 --> 01:11:39,199

uh so that is going to be hidden and you

1988

01:11:42,709 --> 01:11:40,400

know now

1989

01:11:45,030 --> 01:11:42,719

here's here's the problem of all this

1990

01:11:46,870 --> 01:11:45,040

if it's exotic technology i mean if it's

1991

01:11:48,950 --> 01:11:46,880

a crash saucer

1992

01:11:51,510 --> 01:11:48,960

all right it's not just the technology

1993

01:11:53,350 --> 01:11:51,520

you know it's the fact that

1994

01:11:55,590 --> 01:11:53,360

we're living here with you know

1995

01:11:57,270 --> 01:11:55,600

non-human entities right and i think

1996

01:11:59,669 --> 01:11:57,280

that's what makes everybody mad right

1997

01:12:01,030 --> 01:11:59,679

and the public mad and saying like well

1998

01:12:01,990 --> 01:12:01,040

well hell you know what i mean we want

1999

01:12:03,270 --> 01:12:02,000

to know if we're not alone in the

2000

01:12:04,550 --> 01:12:03,280

universe right

2001

01:12:06,950 --> 01:12:04,560

but then the military's saying well how

2002

01:12:08,870 --> 01:12:06,960

the hell will i tell them

2003

01:12:10,709 --> 01:12:08,880

how do i tell them that okay that we're

2004

01:12:11,750 --> 01:12:10,719

not all alone in the universe uh but i

2005

01:12:12,950 --> 01:12:11,760

can't prove it to them because i can't

2006

01:12:14,229 --> 01:12:12,960

show them the technology i've shown the

2007

01:12:15,030 --> 01:12:14,239

technology the russians will know we

2008

01:12:16,310 --> 01:12:15,040

have it

2009

01:12:18,149 --> 01:12:16,320

and then the russians are doing

2010

01:12:19,830 --> 01:12:18,159

everything in their power to get it uh

2011

01:12:21,270 --> 01:12:19,840

and you know and there's an imbalance

2012

01:12:25,270 --> 01:12:21,280

there and all this kind of stuff so it's

2013

01:12:27,430 --> 01:12:25,280

it's a delicate type type rope um um uh

2014

01:12:29,510 --> 01:12:27,440

i think

2015

01:12:32,310 --> 01:12:29,520

you know

2016

01:12:33,350 --> 01:12:32,320

i really think that the idea of hiding

2017

01:12:36,470 --> 01:12:33,360

this

2018

01:12:39,270 --> 01:12:36,480

is not a good one uh i think

2019

01:12:41,750 --> 01:12:39,280

that the people deserve to know

2020

01:12:44,070 --> 01:12:41,760

that yeah that trumps everything as far

2021

01:12:45,990 --> 01:12:44,080

as i'm concerned i mean we have to know

2022

01:12:47,110 --> 01:12:46,000

this and if the government has us the

2023

01:12:48,709 --> 01:12:47,120

government really should come out and

2024

01:12:50,229 --> 01:12:48,719

tell us and they they should also be

2025

01:12:51,910 --> 01:12:50,239

honest with us and say well we can't

2026

01:12:53,590 --> 01:12:51,920

show you anything

2027

01:12:54,790 --> 01:12:53,600

and here's the reason why and just be

2028

01:12:59,270 --> 01:12:54,800

honest

2029

01:13:01,189 --> 01:12:59,280

if that's possible

2030

01:13:03,110 --> 01:13:01,199

now we know that the soviets you know or

2031

01:13:04,950 --> 01:13:03,120

the back when it was the soviets and

2032

01:13:07,910 --> 01:13:04,960

before 91 they had their own what they

2033

01:13:10,070 --> 01:13:07,920

called the thread 3 program

2034

01:13:11,750 --> 01:13:10,080

and if you ever saw the data on that you

2035

01:13:14,229 --> 01:13:11,760

know i was i was familiar with some of

2036

01:13:16,390 --> 01:13:14,239

the institutes that were working on that

2037

01:13:18,310 --> 01:13:16,400

um

2038

01:13:20,630 --> 01:13:18,320

very legitimate i thought just george

2039

01:13:22,310 --> 01:13:20,640

knapp pulled these things out in 91 you

2040

01:13:24,470 --> 01:13:22,320

know he got it from a

2041

01:13:26,630 --> 01:13:24,480

kbg from a journalist who got it from a

2042

01:13:29,750 --> 01:13:26,640

kbg officer and they look absolutely

2043

01:13:33,270 --> 01:13:29,760

real so i i i believe they are credible

2044

01:13:35,350 --> 01:13:33,280

um so um yeah there's there's all kind

2045

01:13:37,830 --> 01:13:35,360

of there's all kind of issues with that

2046

01:13:41,510 --> 01:13:37,840

but cia doesn't i mean there's there's

2047

01:13:43,270 --> 01:13:41,520

no cabal you know uh you know out there

2048

01:13:45,990 --> 01:13:43,280

when you work for the government and you

2049

01:13:47,669 --> 01:13:46,000

guys well you know this dj these are

2050

01:13:50,630 --> 01:13:47,679

good people generally they're good

2051
01:13:52,390 --> 01:13:50,640
people they're smart people and and um

2052
01:13:54,390 --> 01:13:52,400
they're trying to figure this out and

2053
01:13:56,070 --> 01:13:54,400
they're trying to figure out what to do

2054
01:13:57,350 --> 01:13:56,080
with this and somebody's saying oh

2055
01:13:58,830 --> 01:13:57,360
they're all going to go to jail because

2056
01:14:00,550 --> 01:13:58,840
i've known this for seven

2057
01:14:02,229 --> 01:14:00,560
years intelligence failure and all this

2058
01:14:03,510 --> 01:14:02,239
kind of stuff well yeah maybe it's an

2059
01:14:05,030 --> 01:14:03,520
intelligence failure but i don't know

2060
01:14:06,950 --> 01:14:05,040
how much of an intelligence failure it

2061
01:14:08,870 --> 01:14:06,960
is if you actually pick up a downed

2062
01:14:10,950 --> 01:14:08,880
craft and you have no damn idea what it

2063
01:14:12,790 --> 01:14:10,960

is you don't know how it works you don't

2064

01:14:14,630 --> 01:14:12,800

know anything about it you can't figure

2065

01:14:16,070 --> 01:14:14,640

out any material on it you don't you

2066

01:14:18,390 --> 01:14:16,080

don't know anything you can knock on it

2067

01:14:20,149 --> 01:14:18,400

right you could you don't know you know

2068

01:14:23,430 --> 01:14:20,159

and you you look it maybe you find a

2069

01:14:25,189 --> 01:14:23,440

propulsion system and you haven't a clue

2070

01:14:27,110 --> 01:14:25,199

how it works and not only do you have

2071

01:14:28,790 --> 01:14:27,120

not a clue you haven't had a clue for 70

2072

01:14:31,030 --> 01:14:28,800

years

2073

01:14:32,870 --> 01:14:31,040

so how is that an intelligence failure

2074

01:14:34,470 --> 01:14:32,880

in a sense what are they supposed to do

2075

01:14:36,070 --> 01:14:34,480

i mean

2076

01:14:37,990 --> 01:14:36,080

yeah you know we

2077

01:14:40,310 --> 01:14:38,000

yeah we what we have is a you know

2078

01:14:41,110 --> 01:14:40,320

essentially a big pile of something over

2079

01:14:42,950 --> 01:14:41,120

here

2080

01:14:46,470 --> 01:14:42,960

and it's clearly an awful lot of planet

2081

01:14:48,390 --> 01:14:46,480

but we don't know how it works

2082

01:14:50,310 --> 01:14:48,400

if i can tangent off of this because you

2083

01:14:52,149 --> 01:14:50,320

were you were just there with with what

2084

01:14:54,390 --> 01:14:52,159

you were speaking with john

2085

01:14:56,630 --> 01:14:54,400

what level of disclosure does jim

2086

01:14:59,350 --> 01:14:56,640

semivan think is appropriate at this

2087

01:15:00,229 --> 01:14:59,360

particular point in time

2088

01:15:01,669 --> 01:15:00,239

um

2089

01:15:02,950 --> 01:15:01,679

don't forget we're all looking at this

2090

01:15:04,310 --> 01:15:02,960

um

2091

01:15:05,750 --> 01:15:04,320

you know i mean most people are looking

2092

01:15:07,750 --> 01:15:05,760

at this from zero

2093

01:15:09,270 --> 01:15:07,760

the altitude you know to zero and then

2094

01:15:11,430 --> 01:15:09,280

maybe i'm looking at it and john's

2095

01:15:13,110 --> 01:15:11,440

looking at it based on what we may know

2096

01:15:14,709 --> 01:15:13,120

you know some of the corollary data

2097

01:15:17,189 --> 01:15:14,719

associated with it we're maybe at the

2098

01:15:20,229 --> 01:15:17,199

3000 foot level right maybe 4 000 foot

2099

01:15:21,350 --> 01:15:20,239

level but i know there's a 50 50 000

2100

01:15:23,430 --> 01:15:21,360

foot level

2101
01:15:26,870 --> 01:15:23,440
and you know you get into a lot of

2102
01:15:28,630 --> 01:15:26,880
trouble when you start saying things

2103
01:15:30,550 --> 01:15:28,640
like you start second guessing other

2104
01:15:32,390 --> 01:15:30,560
people about whether they should do

2105
01:15:33,590 --> 01:15:32,400
something or not do something i'd like

2106
01:15:36,390 --> 01:15:33,600
to give the government the benefit of

2107
01:15:39,510 --> 01:15:38,070
on this issue because it's so

2108
01:15:41,669 --> 01:15:39,520
complicated

2109
01:15:44,550 --> 01:15:41,679
um i do know uh

2110
01:15:46,709 --> 01:15:44,560
that there were

2111
01:15:49,110 --> 01:15:46,719
there were times when

2112
01:15:49,990 --> 01:15:49,120
groups of people would get together

2113
01:15:52,790 --> 01:15:50,000

um

2114

01:15:54,149 --> 01:15:52,800

to talk about this on whether or not

2115

01:15:54,870 --> 01:15:54,159

they should let

2116

01:16:00,149 --> 01:15:54,880

what

2117

01:16:01,830 --> 01:16:00,159

and the the conversations always ended

2118

01:16:04,630 --> 01:16:01,840

up saying no

2119

01:16:05,910 --> 01:16:04,640

uh they they felt they really honestly

2120

01:16:06,709 --> 01:16:05,920

felt no

2121

01:16:10,550 --> 01:16:06,719

now

2122

01:16:14,229 --> 01:16:12,149

let me go back to that original

2123

01:16:15,910 --> 01:16:14,239

statement i told you earlier

2124

01:16:17,270 --> 01:16:15,920

people

2125

01:16:19,910 --> 01:16:17,280

nobody ca

2126

01:16:23,990 --> 01:16:19,920

this isn't a big topic with most people

2127

01:16:25,750 --> 01:16:24,000

right and and you know the

2128

01:16:27,910 --> 01:16:25,760

you know i i was reading these

2129

01:16:30,149 --> 01:16:27,920

unbelievable statistics

2130

01:16:31,990 --> 01:16:30,159

about people 46 percent of the american

2131

01:16:32,830 --> 01:16:32,000

populous you know reads it's a sixth

2132

01:16:35,270 --> 01:16:32,840

grade

2133

01:16:37,110 --> 01:16:35,280

level um

2134

01:16:37,950 --> 01:16:37,120

their idea of

2135

01:16:40,790 --> 01:16:37,960

uh

2136

01:16:44,070 --> 01:16:40,800

extraterrestrials or the phenomena is

2137

01:16:46,149 --> 01:16:44,080

e.t you know ouch

2138

01:16:47,110 --> 01:16:46,159

or what they got on independence day

2139

01:16:50,149 --> 01:16:47,120

right

2140

01:16:51,270 --> 01:16:50,159

um and then you're gonna tell them

2141

01:16:53,350 --> 01:16:51,280

you're gonna come out and you're gonna

2142

01:16:55,030 --> 01:16:53,360

tell them okay everything you know about

2143

01:16:56,070 --> 01:16:55,040

god uh everything you know about your

2144

01:16:57,910 --> 01:16:56,080

church

2145

01:17:00,070 --> 01:16:57,920

and how things work you know that you

2146

01:17:02,470 --> 01:17:00,080

were brought up with through generation

2147

01:17:05,270 --> 01:17:02,480

after generation after generation

2148

01:17:07,189 --> 01:17:05,280

is woefully inadequate has nothing to do

2149

01:17:09,030 --> 01:17:07,199

with this as a matter of fact

2150

01:17:10,790 --> 01:17:09,040

you're living in a where you're living

2151

01:17:12,470 --> 01:17:10,800

in a in a place

2152

01:17:14,390 --> 01:17:12,480

that there is another entity out there

2153

01:17:15,350 --> 01:17:14,400

that we can't define

2154

01:17:17,030 --> 01:17:15,360

that we

2155

01:17:19,030 --> 01:17:17,040

we have no relationship with that

2156

01:17:21,510 --> 01:17:19,040

basically could come can come in and out

2157

01:17:24,630 --> 01:17:21,520

of your life at will

2158

01:17:26,390 --> 01:17:24,640

and do whatever the hell it wants

2159

01:17:28,550 --> 01:17:26,400

you think about that for a second the

2160

01:17:30,070 --> 01:17:28,560

president comes on and he says i can't

2161

01:17:31,510 --> 01:17:30,080

defend against it because i don't know

2162

01:17:33,590 --> 01:17:31,520

what it is

2163

01:17:35,350 --> 01:17:33,600

um we see it

2164

01:17:37,030 --> 01:17:35,360

is it existential well it hasn't done

2165

01:17:38,550 --> 01:17:37,040

anything yet existential threat it

2166

01:17:39,990 --> 01:17:38,560

hasn't done anything yet well i haven't

2167

01:17:41,990 --> 01:17:40,000

done anything yet doesn't mean it's not

2168

01:17:48,149 --> 01:17:42,000

an existential threat

2169

01:17:51,910 --> 01:17:49,430

that i mean

2170

01:17:53,990 --> 01:17:51,920

that's just a lot to digest uh for any

2171

01:17:55,510 --> 01:17:54,000

any human being and particularly if it

2172

01:17:57,510 --> 01:17:55,520

you know it's on all the news stations

2173

01:17:59,990 --> 01:17:57,520

and all of a sudden will people panic

2174

01:18:02,950 --> 01:18:00,000

some people will uh will you guys panic

2175

01:18:04,229 --> 01:18:02,960

no no you won't you're used to this

2176
01:18:05,350 --> 01:18:04,239
but again we're living in a little

2177
01:18:06,550 --> 01:18:05,360
bubble here

2178
01:18:07,830 --> 01:18:06,560
um

2179
01:18:08,950 --> 01:18:07,840
i know

2180
01:18:10,550 --> 01:18:08,960
you know

2181
01:18:12,229 --> 01:18:10,560
i go to the nursing home to visit my

2182
01:18:14,870 --> 01:18:12,239
mother-in-law and you start talking with

2183
01:18:15,669 --> 01:18:14,880
some of these older patients there and

2184
01:18:20,790 --> 01:18:15,679
they

2185
01:18:25,830 --> 01:18:20,800
in

2186
01:18:28,470 --> 01:18:25,840
it's not gonna it's not gonna play well

2187
01:18:30,870 --> 01:18:28,480
you know it will play well

2188
01:18:32,470 --> 01:18:30,880

it's better to say that uh uh kim and

2189

01:18:35,030 --> 01:18:32,480

kanye just broke up

2190

01:18:37,750 --> 01:18:35,040

and the paper towels the the brawny pack

2191

01:18:40,229 --> 01:18:37,760

of 12 down at sam's club is on sale

2192

01:18:42,390 --> 01:18:40,239

uh nathan you

2193

01:18:44,070 --> 01:18:42,400

this is how people live their lives

2194

01:18:47,750 --> 01:18:44,080

right and they're not particularly

2195

01:18:49,270 --> 01:18:47,760

intrepid at all and they're not thinkers

2196

01:18:50,709 --> 01:18:49,280

you know in a sense forward thinking

2197

01:18:52,790 --> 01:18:50,719

they don't deal with this they don't

2198

01:18:55,510 --> 01:18:52,800

want to deal with this they want to have

2199

01:18:56,390 --> 01:18:55,520

what they have that's why we get who we

2200

01:18:58,709 --> 01:18:56,400

get

2201

01:19:00,149 --> 01:18:58,719

in politics right

2202

01:19:02,870 --> 01:19:00,159

that's the only people who want to do it

2203

01:19:04,310 --> 01:19:02,880

i'm not going to say anything else but

2204

01:19:06,630 --> 01:19:04,320

do you guys mind if i just make a

2205

01:19:08,870 --> 01:19:06,640

comment real quick um i just wanted to

2206

01:19:11,590 --> 01:19:08,880

comment we talked about all the reasons

2207

01:19:13,750 --> 01:19:11,600

why we haven't disclosed because it

2208

01:19:15,270 --> 01:19:13,760

could be harmful but i really am

2209

01:19:17,750 --> 01:19:15,280

starting to feel

2210

01:19:19,830 --> 01:19:17,760

not disclosing has been more harmful

2211

01:19:22,149 --> 01:19:19,840

because we are not preparing people for

2212

01:19:25,030 --> 01:19:22,159

the medical issues and we are certainly

2213

01:19:27,430 --> 01:19:25,040

not preparing our therapeutic and mental

2214

01:19:30,310 --> 01:19:27,440

health people for the psychological

2215

01:19:33,030 --> 01:19:30,320

issues connected to this phenomenon so

2216

01:19:35,590 --> 01:19:33,040

if anyone who is listening

2217

01:19:38,229 --> 01:19:35,600

who's working on this is hearing me

2218

01:19:40,390 --> 01:19:38,239

please be aware that as a mental health

2219

01:19:43,030 --> 01:19:40,400

practitioner i would really appreciate

2220

01:19:45,910 --> 01:19:43,040

more honesty so that we can prepare

2221

01:19:47,270 --> 01:19:45,920

the mental health professionals to help

2222

01:19:48,070 --> 01:19:47,280

thank you

2223

01:19:50,229 --> 01:19:48,080

that

2224

01:19:52,709 --> 01:19:50,239

you know it's really funny i mean even

2225

01:19:54,149 --> 01:19:52,719

though everything i just said

2226

01:19:56,390 --> 01:19:54,159

let me let me tell you what chris mellon

2227

01:19:57,510 --> 01:19:56,400

told me once uh he's a very very bright

2228

01:20:00,229 --> 01:19:57,520

guy

2229

01:20:02,390 --> 01:20:00,239

and we were talking about this and we

2230

01:20:04,470 --> 01:20:02,400

we were talking about this whole idea it

2231

01:20:05,990 --> 01:20:04,480

was me

2232

01:20:08,550 --> 01:20:06,000

kit

2233

01:20:10,629 --> 01:20:08,560

and uh chris lou

2234

01:20:12,709 --> 01:20:10,639

tom was there hal and we were all

2235

01:20:15,110 --> 01:20:12,719

chatting about this and i remember chris

2236

01:20:16,229 --> 01:20:15,120

said and he was absolutely right and i

2237

01:20:19,510 --> 01:20:16,239

do believe he's right and debbie this

2238

01:20:21,110 --> 01:20:19,520

goes right to your point um we were

2239

01:20:22,709 --> 01:20:21,120

saying well how much responsibility we

2240

01:20:24,070 --> 01:20:22,719

can have as an organization to bring

2241

01:20:25,189 --> 01:20:24,080

this out but there were some people that

2242

01:20:26,870 --> 01:20:25,199

were arguing

2243

01:20:28,470 --> 01:20:26,880

you know do you want to scare you know

2244

01:20:29,990 --> 01:20:28,480

younger people by coming out with all

2245

01:20:32,950 --> 01:20:30,000

this data and things along those lines

2246

01:20:34,870 --> 01:20:32,960

but chris chris mellon made the point

2247

01:20:37,110 --> 01:20:34,880

he said it's already out

2248

01:20:39,669 --> 01:20:37,120

it's there people are debbie just like

2249

01:20:42,310 --> 01:20:39,679

you said i was affected by it chris

2250

01:20:45,830 --> 01:20:42,320

bledsoe was and hundreds of thousands of

2251

01:20:48,070 --> 01:20:45,840

people are affected by it

2252

01:20:49,910 --> 01:20:48,080

you can't hide it and and you really

2253

01:20:52,149 --> 01:20:49,920

shouldn't hide it so i didn't want to

2254

01:20:53,669 --> 01:20:52,159

come off as saying i just wanted to come

2255

01:20:56,070 --> 01:20:53,679

off and saying there's two sides of the

2256

01:20:56,870 --> 01:20:56,080

story but in the end if somebody asked

2257

01:20:59,030 --> 01:20:56,880

me

2258

01:21:01,430 --> 01:20:59,040

no we have to let this out this is i

2259

01:21:02,790 --> 01:21:01,440

mean we can't but but it's already out

2260

01:21:05,430 --> 01:21:02,800

as far as i'm concerned i mean it's

2261

01:21:06,870 --> 01:21:05,440

already out people just don't accept it

2262

01:21:08,229 --> 01:21:06,880

what everybody's waiting for is the

2263

01:21:09,189 --> 01:21:08,239

government to come out and say anything

2264

01:21:10,310 --> 01:21:09,199

and i'm saying what the hell are you

2265

01:21:12,149 --> 01:21:10,320

waiting for the government to come out

2266

01:21:14,629 --> 01:21:12,159

they're not the least bit interested you

2267

01:21:16,229 --> 01:21:14,639

know in you know in ufo 101 they're

2268

01:21:18,149 --> 01:21:16,239

they're interested in nuts and bolts how

2269

01:21:19,990 --> 01:21:18,159

can i weaponize whatever the hell that

2270

01:21:21,189 --> 01:21:20,000

is and protect the united states

2271

01:21:22,870 --> 01:21:21,199

government but they're not interested in

2272

01:21:25,270 --> 01:21:22,880

explaining it to anybody

2273

01:21:28,470 --> 01:21:25,280

that's why we need to go out there and

2274

01:21:29,669 --> 01:21:28,480

and and and and tell people this is real

2275

01:21:31,590 --> 01:21:29,679

this is what you need to do and if

2276

01:21:33,430 --> 01:21:31,600

there's a defense against this like

2277

01:21:35,030 --> 01:21:33,440

stuart davis talks a lot about the you

2278

01:21:37,189 --> 01:21:35,040

know the defensive mechanisms that you

2279

01:21:39,270 --> 01:21:37,199

can use if you're bothered by this

2280

01:21:40,950 --> 01:21:39,280

we need to talk a lot more about that

2281

01:21:42,629 --> 01:21:40,960

and get it out there so chris mellon you

2282

01:21:46,070 --> 01:21:42,639

know was absolutely right on this we

2283

01:21:50,070 --> 01:21:48,709

yeah and i think you know jim there's uh

2284

01:21:52,470 --> 01:21:50,080

it's sort of that same thing that

2285

01:21:54,709 --> 01:21:52,480

happens uh you know in human families

2286

01:21:57,430 --> 01:21:54,719

right the the human condition

2287

01:21:59,270 --> 01:21:57,440

for whatever reason we all carry with us

2288

01:22:01,669 --> 01:21:59,280

some kind of

2289

01:22:03,270 --> 01:22:01,679

shame or or something that we feel like

2290

01:22:05,110 --> 01:22:03,280

you know we do that we don't want every

2291

01:22:07,189 --> 01:22:05,120

other people to know about and if we

2292

01:22:09,590 --> 01:22:07,199

were just to kind of lay our

2293

01:22:11,030 --> 01:22:09,600

our burdens or our feelings on the table

2294

01:22:13,910 --> 01:22:11,040

in front of everyone people would be

2295

01:22:15,990 --> 01:22:13,920

like well i i also have that issue or i

2296

01:22:17,750 --> 01:22:16,000

struggle with that or you know there's

2297

01:22:19,990 --> 01:22:17,760

this sense in which we're holding a lot

2298

01:22:21,350 --> 01:22:20,000

in and we need that permission to let

2299

01:22:23,350 --> 01:22:21,360

things go

2300

01:22:25,510 --> 01:22:23,360

and to kind of be voluntary with our

2301

01:22:26,470 --> 01:22:25,520

experiences and you know the way i look

2302

01:22:28,629 --> 01:22:26,480

at this

2303

01:22:30,470 --> 01:22:28,639

disclosure issue is that it's you know

2304

01:22:33,350 --> 01:22:30,480

it really is a call and response there

2305

01:22:34,870 --> 01:22:33,360

is someone who goes forth whether it be

2306

01:22:36,390 --> 01:22:34,880

the government or someone with other

2307

01:22:38,950 --> 01:22:36,400

with influence who kind of gives

2308

01:22:40,870 --> 01:22:38,960

permission to the to the herd you know

2309

01:22:43,270 --> 01:22:40,880

to say that there is a there there and

2310

01:22:45,189 --> 01:22:43,280

then the response is

2311

01:22:47,430 --> 01:22:45,199

probably pretty overwhelming as i think

2312

01:22:49,990 --> 01:22:47,440

we've been hinting at that that this is

2313

01:22:51,750 --> 01:22:50,000

real and that many have experienced it

2314

01:22:53,189 --> 01:22:51,760

and i just wonder to what degree do you

2315

01:22:55,830 --> 01:22:53,199

think

2316

01:22:57,830 --> 01:22:55,840

you know across the world you know our

2317

01:23:00,390 --> 01:22:57,840

governments are or are the is there any

2318

01:23:02,790 --> 01:23:00,400

degree of coordination here to kind of

2319

01:23:04,950 --> 01:23:02,800

work together to try to to set the table

2320

01:23:07,189 --> 01:23:04,960

and allow permission for this to be

2321

01:23:10,390 --> 01:23:07,199

acknowledged no

2322

01:23:11,830 --> 01:23:10,400

um and um yes and no um

2323

01:23:12,709 --> 01:23:11,840

yes governments

2324

01:23:16,149 --> 01:23:12,719

um

2325

01:23:17,750 --> 01:23:16,159

if you if you ask me five eyes you know

2326

01:23:19,110 --> 01:23:17,760

yeah i'm sure

2327

01:23:21,830 --> 01:23:19,120

there's definitely

2328

01:23:23,910 --> 01:23:21,840

talk going on

2329

01:23:26,709 --> 01:23:23,920

but other governments um

2330

01:23:27,510 --> 01:23:26,719

have have contacted us

2331

01:23:29,750 --> 01:23:27,520

and

2332

01:23:31,270 --> 01:23:29,760

you know

2333

01:23:33,830 --> 01:23:31,280

you have a problem here and and the

2334

01:23:36,310 --> 01:23:33,840

problem is if you uh a government who

2335

01:23:38,629 --> 01:23:36,320

has uh say for instance france

2336

01:23:41,110 --> 01:23:38,639

uh you know very wonderfully open about

2337

01:23:42,950 --> 01:23:41,120

this they have a lot of data

2338

01:23:45,030 --> 01:23:42,960

but if they bring the data over to the

2339

01:23:46,950 --> 01:23:45,040

us yeah you know essentially the french

2340

01:23:49,590 --> 01:23:46,960

want to know what the us knows now if

2341

01:23:51,510 --> 01:23:49,600

the us knows a lot more and

2342

01:23:53,270 --> 01:23:51,520

and the a lot more they know has to do

2343

01:23:54,149 --> 01:23:53,280

with weapon systems or anything they're

2344

01:23:57,270 --> 01:23:54,159

not gonna

2345

01:24:00,390 --> 01:23:57,280

so

2346

01:24:03,669 --> 01:24:01,750

that doesn't mean that that shouldn't be

2347

01:24:05,189 --> 01:24:03,679

done i mean it really should be done i

2348

01:24:07,510 --> 01:24:05,199

mean i think

2349

01:24:09,270 --> 01:24:07,520

there is something going on uh but i

2350

01:24:10,870 --> 01:24:09,280

think it's at a low level right now i

2351

01:24:12,950 --> 01:24:10,880

think five eyes is probably doing a lot

2352

01:24:16,390 --> 01:24:12,960

more together but but no

2353

01:24:18,070 --> 01:24:16,400

but yeah you know it's it's it's

2354

01:24:20,229 --> 01:24:18,080

again this is the reason why we wanted

2355

01:24:21,430 --> 01:24:20,239

to take this outside is my reason why

2356

01:24:23,270 --> 01:24:21,440

lou left

2357

01:24:25,350 --> 01:24:23,280

is because we knew that the government

2358

01:24:27,430 --> 01:24:25,360

was not the place

2359

01:24:29,750 --> 01:24:27,440

to get this out to the public to get

2360

01:24:31,189 --> 01:24:29,760

this out in a proper way it just it

2361

01:24:32,229 --> 01:24:31,199

isn't that's not how the government

2362

01:24:34,709 --> 01:24:32,239

works

2363

01:24:36,470 --> 01:24:34,719

you know you need to take this out

2364

01:24:38,950 --> 01:24:36,480

privately and and you need to figure

2365

01:24:41,590 --> 01:24:38,960

this out we need a bill gates

2366

01:24:44,390 --> 01:24:41,600

a ford foundation we need to get you

2367

01:24:45,990 --> 01:24:44,400

know people that are serious behind this

2368

01:24:48,310 --> 01:24:46,000

i mean bill gates spending a ton of

2369

01:24:49,910 --> 01:24:48,320

money on mosquito you know a dna you

2370

01:24:52,070 --> 01:24:49,920

know switching around fine this is

2371

01:24:53,270 --> 01:24:52,080

fantastic he's saving lives

2372

01:24:54,709 --> 01:24:53,280

but um

2373

01:24:56,470 --> 01:24:54,719

for a lot of people this is just too

2374

01:24:59,189 --> 01:24:56,480

woo-woo

2375

01:25:01,030 --> 01:24:59,199

they don't want to go there you know and

2376

01:25:02,070 --> 01:25:01,040

sadly i mean you know for all of us

2377

01:25:03,510 --> 01:25:02,080

right you know we sit here we're

2378

01:25:05,590 --> 01:25:03,520

spending our whole life dealing with

2379

01:25:08,070 --> 01:25:05,600

this right it's all we think about

2380

01:25:09,990 --> 01:25:08,080

but there aren't enough people that are

2381

01:25:11,270 --> 01:25:10,000

concerned i think

2382

01:25:13,189 --> 01:25:11,280

and i get that but what do you think the

2383

01:25:14,790 --> 01:25:13,199

percentage is of the population that

2384

01:25:16,310 --> 01:25:14,800

actually has had an experience that

2385

01:25:18,149 --> 01:25:16,320

hasn't

2386

01:25:21,270 --> 01:25:18,159

i would say at least

2387

01:25:23,030 --> 01:25:21,280

50 to 60 percent in some form or fashion

2388

01:25:25,430 --> 01:25:23,040

whether that include probably more if

2389

01:25:26,709 --> 01:25:25,440

you include poltergeist activity

2390

01:25:29,350 --> 01:25:26,719

paranormal

2391

01:25:31,350 --> 01:25:29,360

right uh yeah and again i mean my

2392

01:25:33,430 --> 01:25:31,360

feeling isn't that this is paranormal or

2393

01:25:34,709 --> 01:25:33,440

supernatural this is all natural

2394

01:25:36,550 --> 01:25:34,719

activity

2395

01:25:38,310 --> 01:25:36,560

we just call it supernaturals we don't

2396

01:25:41,030 --> 01:25:38,320

understand it but it is all part of the

2397

01:25:43,270 --> 01:25:41,040

natural universe as part of our reality

2398

01:25:45,430 --> 01:25:43,280

so our consensus reality that we live in

2399

01:25:48,310 --> 01:25:45,440

right now right it's just

2400

01:25:51,110 --> 01:25:48,320

it's just too constricted it's not true

2401

01:25:53,510 --> 01:25:51,120

it's not it's not real and it needs to

2402

01:25:55,030 --> 01:25:53,520

open up it's what you know henry and

2403

01:25:57,270 --> 01:25:55,040

james um

2404

01:26:00,310 --> 01:25:57,280

uh william james you know

2405

01:26:02,950 --> 01:26:00,320

kept calling for this radical empiricism

2406

01:26:05,270 --> 01:26:02,960

and by that he meant uh just just this

2407

01:26:06,950 --> 01:26:05,280

idea that you could have you know an

2408

01:26:08,629 --> 01:26:06,960

empiric system

2409

01:26:11,669 --> 01:26:08,639

but you need to have it opened up to

2410

01:26:13,590 --> 01:26:11,679

bring this in they proved you know back

2411

01:26:15,110 --> 01:26:13,600

the the british psychical association

2412

01:26:17,189 --> 01:26:15,120

around the turn of the century pretty

2413

01:26:18,950 --> 01:26:17,199

much approved telepathy exists

2414

01:26:21,030 --> 01:26:18,960

telekinesis exists

2415

01:26:23,510 --> 01:26:21,040

um uh clairvoyance things along those

2416

01:26:24,790 --> 01:26:23,520

lines i mean they had plenty of evidence

2417

01:26:28,709 --> 01:26:24,800

you know to prove that this is real

2418

01:26:32,629 --> 01:26:30,790

but you know you take it to a scientist

2419

01:26:34,790 --> 01:26:32,639

and you know and actually there were

2420

01:26:36,709 --> 01:26:34,800

they were scientists to prove this

2421

01:26:38,390 --> 01:26:36,719

but you know this again this tradition

2422

01:26:40,629 --> 01:26:38,400

of disbelief that's been going on in our

2423

01:26:42,950 --> 01:26:40,639

educational system forever

2424

01:26:44,870 --> 01:26:42,960

um they just don't look at it that way

2425

01:26:47,189 --> 01:26:44,880

it's uh science is a wonderful thing i

2426

01:26:49,430 --> 01:26:47,199

mean it's just incredibly wonderful it's

2427

01:26:51,830 --> 01:26:49,440

brought great success and

2428

01:26:54,070 --> 01:26:51,840

um you know in health and and um you

2429

01:26:56,310 --> 01:26:54,080

know technology but

2430

01:26:58,550 --> 01:26:56,320

it um it um

2431

01:27:00,470 --> 01:26:58,560

it doesn't accept things uh if it

2432

01:27:03,110 --> 01:27:00,480

doesn't meet fit into the model and the

2433

01:27:04,950 --> 01:27:03,120

model is reliability and predictability

2434

01:27:07,910 --> 01:27:04,960

and as there's one thing this phenomenon

2435

01:27:10,390 --> 01:27:07,920

is not it's a matter of it spits at us

2436

01:27:12,229 --> 01:27:10,400

when you when you try to get you know

2437

01:27:14,149 --> 01:27:12,239

anywhere reliability or predictability

2438

01:27:15,189 --> 01:27:14,159

at it it gives you the big middle finger

2439

01:27:17,510 --> 01:27:15,199

right

2440

01:27:19,990 --> 01:27:17,520

uh because it doesn't care

2441

01:27:21,669 --> 01:27:20,000

it doesn't care

2442

01:27:23,510 --> 01:27:21,679

that's the only excuse i have i mean i

2443

01:27:26,390 --> 01:27:23,520

know now the city might say well it's a

2444

01:27:29,110 --> 01:27:26,400

grander reason why it doesn't care well

2445

01:27:31,030 --> 01:27:29,120

i don't think so i mean you know i again

2446

01:27:33,590 --> 01:27:31,040

i go back to the gym right they're

2447

01:27:35,510 --> 01:27:33,600

[h__\h] with us

2448

01:27:37,030 --> 01:27:35,520

this is what john keel said you know in

2449

01:27:39,110 --> 01:27:37,040

operation trojan horse which i probably

2450

01:27:42,550 --> 01:27:39,120

read four times already but he called it

2451

01:27:44,470 --> 01:27:42,560

a big paraphysical game just a big

2452

01:27:45,830 --> 01:27:44,480

screw you you know what i mean i have a

2453

01:27:48,310 --> 01:27:45,840

chance to screw you because i have

2454

01:27:51,510 --> 01:27:48,320

something over you and i'm gonna do it

2455

01:27:54,629 --> 01:27:51,520

and um sometimes it's funny most times

2456

01:27:56,310 --> 01:27:54,639

it isn't and sometimes it's dangerous

2457

01:27:58,790 --> 01:27:56,320

and sometimes it's just plain human

2458

01:28:00,390 --> 01:27:58,800

rights violations you know so

2459

01:28:02,550 --> 01:28:00,400

and then sometimes it works wonders you

2460

01:28:04,550 --> 01:28:02,560

know i don't know so we'll see

2461

01:28:06,629 --> 01:28:04,560

on that dark note since since you just

2462

01:28:07,990 --> 01:28:06,639

went there i'll i have one dark question

2463

01:28:09,510 --> 01:28:08,000

left i have a light question we got to

2464

01:28:13,830 --> 01:28:09,520

get to that i got to leave

2465

01:28:15,510 --> 01:28:13,840

yeah so okay let me uh this question um

2466

01:28:17,830 --> 01:28:15,520

you you've said you know people have

2467

01:28:20,790 --> 01:28:17,840

died over this the phenomenon is not all

2468

01:28:23,030 --> 01:28:20,800

good uh people like lou yourself rick

2469

01:28:25,350 --> 01:28:23,040

dodi allude to things like this

2470

01:28:27,750 --> 01:28:25,360

uh is the phenomenon the source in your

2471

01:28:30,390 --> 01:28:27,760

opinion of many missing people who have

2472

01:28:33,110 --> 01:28:30,400

mysteriously disappeared from national

2473

01:28:36,709 --> 01:28:33,120

parks people such as uh the tom messa

2474

01:28:38,390 --> 01:28:36,719

case presented by david politis um

2475

01:28:42,149 --> 01:28:38,400

is the phenomenon

2476

01:28:43,910 --> 01:28:42,159

perhaps the source of missing people uh

2477

01:28:45,910 --> 01:28:43,920

certainly certainly a possibility i mean

2478

01:28:48,790 --> 01:28:45,920

i haven't read i hadn't read haven't not

2479

01:28:50,470 --> 01:28:48,800

read politi's work um uh uh although

2480

01:28:52,629 --> 01:28:50,480

i i take it at face value that it's that

2481

01:28:54,550 --> 01:28:52,639

it's accurate and it's true um people

2482

01:28:56,390 --> 01:28:54,560

disappear you know too many people

2483

01:28:57,910 --> 01:28:56,400

disappear all the time and we don't know

2484

01:28:59,750 --> 01:28:57,920

what happened to them could it be the

2485

01:29:01,189 --> 01:28:59,760

phenomenon

2486

01:29:03,189 --> 01:29:01,199

why not

2487

01:29:05,110 --> 01:29:03,199

i mean what else is it i mean seriously

2488

01:29:07,830 --> 01:29:05,120

what else is it i mean if a hundred

2489

01:29:09,350 --> 01:29:07,840

thousand people you know disappear in a

2490

01:29:11,189 --> 01:29:09,360

year or two years

2491

01:29:13,590 --> 01:29:11,199

or the bodies

2492

01:29:15,270 --> 01:29:13,600

right i don't know i mean you know it's

2493

01:29:17,510 --> 01:29:15,280

it's yeah

2494

01:29:19,430 --> 01:29:17,520

yeah i mean it could very well be

2495

01:29:21,189 --> 01:29:19,440

um but we have no proof

2496

01:29:22,390 --> 01:29:21,199

right once again

2497

01:29:25,030 --> 01:29:22,400

i know right

2498

01:29:27,750 --> 01:29:25,040

we're swimming in what whitney whitley

2499

01:29:29,110 --> 01:29:27,760

street calls out a force of hypotheses

2500

01:29:30,629 --> 01:29:29,120

we're just

2501
01:29:31,830 --> 01:29:30,639
roaming around this forest you know

2502
01:29:33,350 --> 01:29:31,840
thinking what could be this well it

2503
01:29:34,550 --> 01:29:33,360
could be that well it could be this

2504
01:29:35,910 --> 01:29:34,560
thing over here

2505
01:29:37,510 --> 01:29:35,920
in the end we don't know and this is

2506
01:29:39,669 --> 01:29:37,520
what the most frustrating thing is about

2507
01:29:41,430 --> 01:29:39,679
this dj at least to me

2508
01:29:43,750 --> 01:29:41,440
and it's the reason why probably once a

2509
01:29:45,750 --> 01:29:43,760
month i say that's it i'm closing shop

2510
01:29:47,910 --> 01:29:45,760
you know getting in the books

2511
01:29:49,669 --> 01:29:47,920
you know just just live the rest of

2512
01:29:51,110 --> 01:29:49,679
whatever life i have left you know and i

2513
01:29:52,950 --> 01:29:51,120

mean and hang out at the beach and i'd

2514

01:29:55,430 --> 01:29:52,960

live near the beach here or so

2515

01:29:56,629 --> 01:29:55,440

but then i get drags me back right you

2516

01:29:58,950 --> 01:29:56,639

know

2517

01:30:00,629 --> 01:29:58,960

the michael corleone syndrome well i get

2518

01:30:03,270 --> 01:30:00,639

this linkedin request and this guy named

2519

01:30:05,750 --> 01:30:03,280

gj and you know these uh polling gold

2520

01:30:07,430 --> 01:30:05,760

beans kind of thing

2521

01:30:08,550 --> 01:30:07,440

know seriously but you know i i don't

2522

01:30:10,629 --> 01:30:08,560

you know you know when you look at

2523

01:30:12,629 --> 01:30:10,639

fellow travelers right and you know and

2524

01:30:14,149 --> 01:30:12,639

i don't have anybody i talk to about

2525

01:30:17,189 --> 01:30:14,159

this you know i don't there isn't

2526

01:30:19,750 --> 01:30:17,199

anybody and except you know my pals like

2527

01:30:21,669 --> 01:30:19,760

john or you know robert hastings you

2528

01:30:24,310 --> 01:30:21,679

know i'm always in contact with and tom

2529

01:30:26,629 --> 01:30:24,320

and and um you know things and you know

2530

01:30:28,149 --> 01:30:26,639

kit and hal and stuff i can always talk

2531

01:30:29,990 --> 01:30:28,159

to them about it but you know we live

2532

01:30:33,270 --> 01:30:30,000

far away from each other and it's it's

2533

01:30:34,709 --> 01:30:33,280

hard and it's uh it's hard to to talk so

2534

01:30:36,310 --> 01:30:34,719

when you get an opportunity to talk with

2535

01:30:37,430 --> 01:30:36,320

like-minded souls

2536

01:30:40,229 --> 01:30:37,440

you know

2537

01:30:41,030 --> 01:30:40,239

it's a gift yeah you do it it truly is

2538

01:30:42,790 --> 01:30:41,040

um

2539

01:30:44,709 --> 01:30:42,800

steph do you uh do

2540

01:30:46,629 --> 01:30:44,719

do you have anything uh left for him and

2541

01:30:48,790 --> 01:30:46,639

then john and then we'll we'll get get

2542

01:30:50,950 --> 01:30:48,800

you out of here i do have one last

2543

01:30:51,830 --> 01:30:50,960

inquiry and my apologies it's a bit dark

2544

01:30:53,590 --> 01:30:51,840

as well

2545

01:30:56,229 --> 01:30:53,600

i'm i'm deeply concerned for our

2546

01:30:58,709 --> 01:30:56,239

military personnel and them being on the

2547

01:30:59,830 --> 01:30:58,719

front lines of addressing this

2548

01:31:01,830 --> 01:30:59,840

and

2549

01:31:03,430 --> 01:31:01,840

being from southern california being off

2550

01:31:06,790 --> 01:31:03,440

the coast of california having friends

2551

01:31:09,030 --> 01:31:06,800

serve in the navy and the military

2552

01:31:09,990 --> 01:31:09,040

that just heightens my awareness as well

2553

01:31:11,990 --> 01:31:10,000

so

2554

01:31:14,629 --> 01:31:12,000

uh on the coast of catalina there was a

2555

01:31:16,390 --> 01:31:14,639

recent amphibious craft of ours that

2556

01:31:19,030 --> 01:31:16,400

unfortunately had

2557

01:31:22,229 --> 01:31:19,040

sank and we lost nine of our members is

2558

01:31:24,390 --> 01:31:22,239

there potential force this trans-medium

2559

01:31:26,950 --> 01:31:24,400

craft to have been

2560

01:31:29,110 --> 01:31:26,960

altering our mechanics as

2561

01:31:31,590 --> 01:31:29,120

they've been reported to do so do you

2562

01:31:33,030 --> 01:31:31,600

are you able to comment on that for one

2563

01:31:34,870 --> 01:31:33,040

i don't want to ask a question you're

2564

01:31:36,390 --> 01:31:34,880

not able to yeah

2565

01:31:38,470 --> 01:31:36,400

i'll be honest i don't have very much

2566

01:31:39,669 --> 01:31:38,480

information on the transmedia vehicles i

2567

01:31:40,470 --> 01:31:39,679

do know

2568

01:31:45,350 --> 01:31:40,480

uh

2569

01:31:46,229 --> 01:31:45,360

that to have a little bit more knowledge

2570

01:31:47,430 --> 01:31:46,239

um

2571

01:31:49,430 --> 01:31:47,440

that they can't figure it out because

2572

01:31:51,270 --> 01:31:49,440

there's no cavitation effects or super

2573

01:31:52,629 --> 01:31:51,280

cavitation effects associated with these

2574

01:31:53,750 --> 01:31:52,639

these vehicles

2575

01:31:55,510 --> 01:31:53,760

um

2576

01:31:57,110 --> 01:31:55,520

they just seem to be able to do what

2577

01:32:00,390 --> 01:31:57,120

they do and

2578

01:32:01,350 --> 01:32:00,400

and some people believe that

2579

01:32:05,270 --> 01:32:01,360

you know it

2580

01:32:08,470 --> 01:32:05,280

you know are these craft intentionally

2581

01:32:09,669 --> 01:32:08,480

damaging or taking our lives and or are

2582

01:32:11,430 --> 01:32:09,679

are our

2583

01:32:13,189 --> 01:32:11,440

ships instead of getting too close to

2584

01:32:15,669 --> 01:32:13,199

them um

2585

01:32:18,229 --> 01:32:15,679

i i don't know i think it's i think it's

2586

01:32:20,149 --> 01:32:18,239

um uh you know it's it's the fault of

2587

01:32:21,669 --> 01:32:20,159

the person who knows more and who has

2588

01:32:25,030 --> 01:32:21,679

more control this would be the

2589

01:32:26,790 --> 01:32:25,040

phenomenon but i will tell you sure that

2590

01:32:27,990 --> 01:32:26,800

i got a briefing

2591

01:32:29,430 --> 01:32:28,000

um

2592

01:32:30,550 --> 01:32:29,440

on

2593

01:32:31,510 --> 01:32:30,560

the

2594

01:32:33,669 --> 01:32:31,520

uh

2595

01:32:35,110 --> 01:32:33,679

cohort group

2596

01:32:36,229 --> 01:32:35,120

uh

2597

01:32:38,830 --> 01:32:36,239

it used to be called the interference

2598

01:32:41,350 --> 01:32:38,840

syndrome and it was it was about 100

2599

01:32:43,910 --> 01:32:41,360

people and out of that hundred we've

2600

01:32:46,790 --> 01:32:43,920

lost uh about 20

2601
01:32:48,870 --> 01:32:46,800
uh and who these are people who ran

2602
01:32:51,270 --> 01:32:48,880
smack dab into the phenomenon right in

2603
01:32:53,430 --> 01:32:51,280
various circumstances my wife and i are

2604
01:32:57,270 --> 01:32:53,440
included in that um

2605
01:33:02,229 --> 01:32:57,280
and we lost a lot of those 20 to suicide

2606
01:33:04,629 --> 01:33:02,239
um i saw the hipaa restricted uh

2607
01:33:07,110 --> 01:33:04,639
powerpoint uh on what these people look

2608
01:33:09,430 --> 01:33:07,120
like what their brains look like what

2609
01:33:12,070 --> 01:33:09,440
their bodies looked like

2610
01:33:15,110 --> 01:33:12,080
after they were

2611
01:33:19,189 --> 01:33:15,120
either had orb activity or

2612
01:33:24,390 --> 01:33:21,910
these these officers you know going out

2613
01:33:26,310 --> 01:33:24,400

and then coming back and um

2614

01:33:27,510 --> 01:33:26,320

then the hitchhiker effect

2615

01:33:32,310 --> 01:33:27,520

uh

2616

01:33:34,390 --> 01:33:32,320

you know the orbs

2617

01:33:37,030 --> 01:33:34,400

uh so it's it's pretty serious stuff and

2618

01:33:39,590 --> 01:33:37,040

and you know i don't

2619

01:33:41,430 --> 01:33:39,600

i i i i you know i i don't know what to

2620

01:33:43,590 --> 01:33:41,440

do i mean you know there you know you

2621

01:33:46,310 --> 01:33:43,600

know i i this is really funny i mean my

2622

01:33:48,830 --> 01:33:46,320

wife and i sleep with on all our beds

2623

01:33:51,669 --> 01:33:48,840

all right there's rosaries and amulets

2624

01:33:54,149 --> 01:33:51,679

right i don't know what else to do i got

2625

01:33:55,910 --> 01:33:54,159

a mezuzah on my front door i'm not jewish

2626

01:33:57,830 --> 01:33:55,920

but you know what i mean it's like i got

2627

01:34:00,149 --> 01:33:57,840

buddhas in my backyard i got you know

2628

01:34:01,110 --> 01:34:00,159

and and i sleep with a locked door at

2629

01:34:02,709 --> 01:34:01,120

night

2630

01:34:04,470 --> 01:34:02,719

i always have

2631

01:34:08,629 --> 01:34:04,480

i can't sleep in a dark room you gotta

2632

01:34:10,070 --> 01:34:08,639

have a little bit of light and um um

2633

01:34:12,310 --> 01:34:10,080

i don't know i mean you know some you

2634

01:34:13,830 --> 01:34:12,320

know stuart you know would say you know

2635

01:34:15,350 --> 01:34:13,840

you have to and i agree with stuart i

2636

01:34:17,350 --> 01:34:15,360

mean you can you can always ask it to

2637

01:34:19,189 --> 01:34:17,360

leave you alone

2638

01:34:21,030 --> 01:34:19,199

sure but in the case stuff that you're

2639

01:34:22,470 --> 01:34:21,040

you're talking about um you know when

2640

01:34:23,350 --> 01:34:22,480

and this is not the first time this has

2641

01:34:25,430 --> 01:34:23,360

happened

2642

01:34:27,750 --> 01:34:25,440

uh where you know military aircraft

2643

01:34:29,669 --> 01:34:27,760

things long enough get too close and uh

2644

01:34:31,750 --> 01:34:29,679

you you know and then you lose use a

2645

01:34:33,510 --> 01:34:31,760

life or two but you know in the end if

2646

01:34:35,910 --> 01:34:33,520

you look at it over 80 years we haven't

2647

01:34:36,790 --> 01:34:35,920

lost that many people to this phenomenon

2648

01:34:38,709 --> 01:34:36,800

right

2649

01:34:40,550 --> 01:34:38,719

we've lost some but you know like losing

2650

01:34:43,030 --> 01:34:40,560

one is bad enough but we haven't lost

2651
01:34:44,870 --> 01:34:43,040
like enough that make everybody

2652
01:34:47,109 --> 01:34:44,880
jump up and down

2653
01:34:48,950 --> 01:34:47,119
you know so that's a good question

2654
01:34:50,709 --> 01:34:48,960
though i had yeah i always agree i wish

2655
01:34:51,990 --> 01:34:50,719
i had more of an answer for you

2656
01:34:56,709 --> 01:34:52,000
that was a great question something to

2657
01:35:04,790 --> 01:34:59,590
and we'll give the last question

2658
01:35:07,590 --> 01:35:06,709
he's gonna unmute there okay thank you

2659
01:35:12,310 --> 01:35:07,600
um

2660
01:35:14,390 --> 01:35:12,320
you just mentioned some of these uh

2661
01:35:16,070 --> 01:35:14,400
anomalous health effects

2662
01:35:18,390 --> 01:35:16,080
um and

2663
01:35:22,070 --> 01:35:18,400

what occurred at skinwalker ranch with

2664

01:35:27,350 --> 01:35:24,629

is there any kind of correlation between

2665

01:35:30,070 --> 01:35:27,360

that effect and what is properly known

2666

01:35:31,510 --> 01:35:30,080

as havana syndrome

2667

01:35:32,950 --> 01:35:31,520

whoa

2668

01:35:34,950 --> 01:35:32,960

uh

2669

01:35:37,189 --> 01:35:34,960

i just had a conversation

2670

01:35:40,229 --> 01:35:37,199

with um

2671

01:35:41,990 --> 01:35:40,239

somebody about that not too long ago um

2672

01:35:43,590 --> 01:35:42,000

i was a victim i they think i was a

2673

01:35:45,189 --> 01:35:43,600

victim of havana syndrome back in the

2674

01:35:47,830 --> 01:35:45,199

80s believe it or not

2675

01:35:50,149 --> 01:35:47,840

this technology uh goes back probably to

2676

01:35:51,830 --> 01:35:50,159

the mid 70s and

2677

01:35:53,510 --> 01:35:51,840

it um

2678

01:35:56,470 --> 01:35:53,520

i really can't comment on too much but

2679

01:35:59,750 --> 01:35:56,480

the technology now is is really

2680

01:36:00,709 --> 01:35:59,760

available i mean anybody can can do this

2681

01:36:02,310 --> 01:36:00,719

um

2682

01:36:04,390 --> 01:36:02,320

it i mean i shouldn't say anybody i mean

2683

01:36:05,990 --> 01:36:04,400

you really need an engineer or somebody

2684

01:36:09,109 --> 01:36:06,000

who's really good with

2685

01:36:10,470 --> 01:36:09,119

electronics can can actually do this and

2686

01:36:13,030 --> 01:36:10,480

pose a problem

2687

01:36:14,950 --> 01:36:13,040

uh but yeah there very well might be i

2688

01:36:16,470 --> 01:36:14,960

mean gary nolan uh talked about this so

2689

01:36:19,030 --> 01:36:16,480

did kick green

2690

01:36:21,669 --> 01:36:19,040

uh about these commonalities uh between

2691

01:36:22,870 --> 01:36:21,679

the two and whether there just

2692

01:36:24,470 --> 01:36:22,880

happened to be

2693

01:36:26,950 --> 01:36:24,480

you know uh

2694

01:36:28,550 --> 01:36:26,960

similar in some respects you know i you

2695

01:36:29,590 --> 01:36:28,560

know i i don't know

2696

01:36:31,510 --> 01:36:29,600

but

2697

01:36:32,790 --> 01:36:31,520

the havana syndrome you know is

2698

01:36:34,390 --> 01:36:32,800

something

2699

01:36:36,149 --> 01:36:34,400

that's happening

2700

01:36:38,310 --> 01:36:36,159

you know to uh

2701
01:36:41,030 --> 01:36:38,320
believe it or not mostly agency people

2702
01:36:43,510 --> 01:36:41,040
uh and nsa people and things along those

2703
01:36:44,870 --> 01:36:43,520
lines uh and and some military people

2704
01:36:46,950 --> 01:36:44,880
it's usually intelligence people it's

2705
01:36:48,390 --> 01:36:46,960
happening too uh so that that is

2706
01:36:51,030 --> 01:36:48,400
definitely directed now whether it's

2707
01:36:52,550 --> 01:36:51,040
done by the russians um or it's done by

2708
01:36:53,830 --> 01:36:52,560
what pompeo

2709
01:36:56,390 --> 01:36:53,840
uh once

2710
01:36:58,390 --> 01:36:56,400
uh eerily commented on and he said we

2711
01:37:00,070 --> 01:36:58,400
think it might be a non-state hostile

2712
01:37:02,470 --> 01:37:00,080
intelligence service

2713
01:37:05,510 --> 01:37:02,480

think about that the hell is anthony

2714

01:37:07,910 --> 01:37:05,520

yeah um uh and he was very careful with

2715

01:37:10,629 --> 01:37:07,920

his words he's a very bright guy

2716

01:37:12,310 --> 01:37:10,639

so um so what leads me to believe it

2717

01:37:14,790 --> 01:37:12,320

could be commercial

2718

01:37:16,070 --> 01:37:14,800

it could be uh industrial espionage

2719

01:37:17,830 --> 01:37:16,080

somebody trying to

2720

01:37:20,149 --> 01:37:17,840

get information and then selling it you

2721

01:37:22,149 --> 01:37:20,159

know on a black market type of deal and

2722

01:37:25,270 --> 01:37:22,159

then you know and then in the meantime

2723

01:37:27,270 --> 01:37:25,280

um now i do know that mark uh

2724

01:37:30,790 --> 01:37:27,280

polymeropolis who was the head of like

2725

01:37:32,870 --> 01:37:30,800

uh ce john i think you know mark yeah

2726

01:37:34,550 --> 01:37:32,880

uh when he went to moscow and he got

2727

01:37:36,470 --> 01:37:34,560

whacked he and his deputy got whacked in

2728

01:37:39,510 --> 01:37:36,480

moscow they told him not to go he went

2729

01:37:41,990 --> 01:37:39,520

and they did it i mean they just

2730

01:37:44,229 --> 01:37:42,000

and you can't tell me that was you know

2731

01:37:46,790 --> 01:37:44,239

uh you know a coincidence that was not a

2732

01:37:49,109 --> 01:37:46,800

coincidence they damaged that man and

2733

01:37:51,430 --> 01:37:49,119

they damaged him he was a he's a really

2734

01:37:52,870 --> 01:37:51,440

good legendary officer in the agency and

2735

01:37:54,149 --> 01:37:52,880

they damaged him

2736

01:37:58,149 --> 01:37:54,159

so

2737

01:38:00,070 --> 01:37:58,159

probably is there certainly are a lot of

2738

01:38:03,030 --> 01:38:00,080

similarities between the two i can't i

2739

01:38:04,550 --> 01:38:03,040

can't for certain say they are and if

2740

01:38:06,229 --> 01:38:04,560

they were though john i mean you know i

2741

01:38:09,270 --> 01:38:06,239

mean i would ask you

2742

01:38:11,270 --> 01:38:09,280

what the hell does that mean

2743

01:38:13,189 --> 01:38:11,280

you know

2744

01:38:14,870 --> 01:38:13,199

right yes you have to answer that but i

2745

01:38:15,990 --> 01:38:14,880

mean i don't i don't know you know i

2746

01:38:18,149 --> 01:38:16,000

don't know what it would mean if there

2747

01:38:19,830 --> 01:38:18,159

are similarities between the two

2748

01:38:22,070 --> 01:38:19,840

you know does that mean that does that

2749

01:38:24,629 --> 01:38:22,080

mean that the phenomenon is now

2750

01:38:25,830 --> 01:38:24,639

doing things like that you know i don't

2751
01:38:35,750 --> 01:38:25,840
know

2752
01:38:36,870 --> 01:38:35,760
that is it is is um

2753
01:38:39,030 --> 01:38:36,880
uh

2754
01:38:40,950 --> 01:38:39,040
it's still being practiced obviously and

2755
01:38:42,229 --> 01:38:40,960
it may be being practiced by independent

2756
01:38:45,510 --> 01:38:42,239
players

2757
01:38:48,310 --> 01:38:45,520
along with um uh state actors nation

2758
01:38:50,310 --> 01:38:48,320
states yeah that's really scary that

2759
01:38:53,030 --> 01:38:50,320
so even though uh it's sort of a dark

2760
01:38:55,590 --> 01:38:53,040
topic to end on i want to say that you

2761
01:38:57,910 --> 01:38:55,600
and our honorary cabbie today uh john

2762
01:38:59,830 --> 01:38:57,920
ramirez have brought so much positivity

2763
01:39:00,629 --> 01:38:59,840

into the space which is why we do the

2764

01:39:03,430 --> 01:39:00,639

show

2765

01:39:06,229 --> 01:39:03,440

uh is to kind of spread it bring it and

2766

01:39:08,310 --> 01:39:06,239

just pervade that out into the ufo

2767

01:39:10,070 --> 01:39:08,320

community and and boy did you really

2768

01:39:11,590 --> 01:39:10,080

bring it so what this is the part where

2769

01:39:13,990 --> 01:39:11,600

we each say goodbye and we'll start with

2770

01:39:15,350 --> 01:39:14,000

our uap experience our stuff

2771

01:39:16,950 --> 01:39:15,360

i'm gonna make it fast so i know we have

2772

01:39:19,109 --> 01:39:16,960

to wrap up it's been great sharing the

2773

01:39:21,109 --> 01:39:19,119

space with you guys i can we'll continue

2774

01:39:22,390 --> 01:39:21,119

to listen to you on your journey through

2775

01:39:24,709 --> 01:39:22,400

exploring this

2776

01:39:26,390 --> 01:39:24,719

wild thing that we're all you know

2777

01:39:29,510 --> 01:39:26,400

trying to figure out so thank you so

2778

01:39:31,350 --> 01:39:29,520

much and i'll see you on the next show

2779

01:39:33,910 --> 01:39:31,360

thank you steph

2780

01:39:35,590 --> 01:39:33,920

and uh mr ramirez

2781

01:39:37,030 --> 01:39:35,600

well jim it's uh

2782

01:39:38,790 --> 01:39:37,040

it's an honor being with you i think

2783

01:39:40,709 --> 01:39:38,800

it's a first i don't think uh any

2784

01:39:43,030 --> 01:39:40,719

podcast has had

2785

01:39:45,189 --> 01:39:43,040

two cia officers at the same time so it

2786

01:39:48,390 --> 01:39:45,199

was a pleasure to be with you

2787

01:39:51,750 --> 01:39:48,400

this is oh he's back this is incredible

2788

01:39:57,430 --> 01:39:54,950

and we'll see if jim can hear us i think

2789

01:39:59,510 --> 01:39:57,440

does he think we closed out completely

2790

01:40:01,430 --> 01:39:59,520

i don't think so

2791

01:40:02,229 --> 01:40:01,440

he may have just frozen if we lost him i

2792

01:40:03,189 --> 01:40:02,239

don't

2793

01:40:04,550 --> 01:40:03,199

um

2794

01:40:06,709 --> 01:40:04,560

that would be terrible we were doing so

2795

01:40:10,870 --> 01:40:06,719

good on our goodbyes i'm so beautiful

2796

01:40:15,880 --> 01:40:13,510

yes jim we see you on screen but you're

2797

01:40:18,149 --> 01:40:15,890

frozen

2798

01:40:25,590 --> 01:40:18,159

[Music]

2799

01:40:30,550 --> 01:40:28,629

it was bad timing but almost funny

2800

01:40:32,950 --> 01:40:30,560

just as you were saying the two of you

2801

01:40:38,470 --> 01:40:32,960

were on the screen

2802

01:40:38,480 --> 01:40:42,870

yeah my intro was a little funky too

2803

01:40:45,189 --> 01:40:44,070

well um

2804

01:40:47,910 --> 01:40:45,199

well

2805

01:40:50,229 --> 01:40:47,920

while we're waiting perhaps um

2806

01:40:51,750 --> 01:40:50,239

john since we've got you here uh if we

2807

01:40:54,149 --> 01:40:51,760

can get jim back but we'd love to talk

2808

01:40:56,629 --> 01:40:54,159

with you as well um can you tell any any

2809

01:40:58,550 --> 01:40:56,639

of us what you've been working on or uh

2810

01:41:00,390 --> 01:40:58,560

what you know yes ideas are floating

2811

01:41:02,470 --> 01:41:00,400

around your head right now right uh one

2812

01:41:05,910 --> 01:41:02,480

of the projects uh is called radio

2813

01:41:08,070 --> 01:41:05,920

contact it's uh by mark sims and jimmy

2814

01:41:10,470 --> 01:41:08,080

blanchett a part of a private group

2815

01:41:12,550 --> 01:41:10,480

based out of sedona arizona

2816

01:41:16,310 --> 01:41:12,560

uh we do have a like a global presence

2817

01:41:18,470 --> 01:41:16,320

of about eight of us we're using radios

2818

01:41:21,510 --> 01:41:18,480

the way jimmy blanchett and mark sims

2819

01:41:23,590 --> 01:41:21,520

use these radios to try to make contact

2820

01:41:25,430 --> 01:41:23,600

and uh so there's some exciting

2821

01:41:27,990 --> 01:41:25,440

developments about that

2822

01:41:30,149 --> 01:41:28,000

uh and also i will be appearing at the

2823

01:41:33,750 --> 01:41:30,159

international ufo congress

2824

01:41:36,629 --> 01:41:33,760

in mesa arizona in october and i'll be

2825

01:41:40,629 --> 01:41:36,639

presenting a talk on the legislation

2826
01:41:44,390 --> 01:41:40,639
that is forthcoming fiscal year fy23 and

2827
01:41:47,270 --> 01:41:44,400
comparing notes between what the

2828
01:41:49,910 --> 01:41:47,280
nda says what the ia says

2829
01:41:51,990 --> 01:41:49,920
and how these various agencies might

2830
01:41:52,790 --> 01:41:52,000
respond to the legislation which opens

2831
01:41:54,790 --> 01:41:52,800
up

2832
01:41:56,550 --> 01:41:54,800
a lot of um

2833
01:41:58,870 --> 01:41:56,560
ability for people like me to come

2834
01:42:01,270 --> 01:41:58,880
forward for others to come forward

2835
01:42:04,790 --> 01:42:01,280
with whistleblower protection um and

2836
01:42:07,189 --> 01:42:04,800
with uh somewhat forgiveness

2837
01:42:09,669 --> 01:42:07,199
for uh coming forward was more truth

2838
01:42:12,709 --> 01:42:09,679

that i think everyone would like to hear

2839

01:42:15,350 --> 01:42:12,719

and so i'll be doing that in october

2840

01:42:16,470 --> 01:42:15,360

fantastic thank you so much

2841

01:42:21,830 --> 01:42:16,480

uh dj

2842

01:42:21,840 --> 01:42:29,430

dj

2843

01:42:33,189 --> 01:42:31,189

several technical difficulties here at

2844

01:42:35,189 --> 01:42:33,199

the end so uh well that's really

2845

01:42:36,950 --> 01:42:35,199

fantastic john and you know have you

2846

01:42:38,470 --> 01:42:36,960

seen since you've kind of been more

2847

01:42:39,990 --> 01:42:38,480

vocal about your experiences and it

2848

01:42:41,430 --> 01:42:40,000

sounds like you're getting a lot more

2849

01:42:43,270 --> 01:42:41,440

involved you know have you seen a

2850

01:42:45,030 --> 01:42:43,280

positive response from your former

2851

01:42:47,990 --> 01:42:45,040

colleagues or folks that are currently

2852

01:42:50,149 --> 01:42:48,000

in in the agency uh you know in reaction

2853

01:42:51,990 --> 01:42:50,159

to kind of what's happening generally in

2854

01:42:54,149 --> 01:42:52,000

this area

2855

01:42:56,390 --> 01:42:54,159

well i've reached back to uh some of my

2856

01:42:58,229 --> 01:42:56,400

friends who i know knew were experiences

2857

01:42:59,910 --> 01:42:58,239

from before i try to urge them to come

2858

01:43:01,669 --> 01:42:59,920

forward

2859

01:43:03,189 --> 01:43:01,679

and they're very reluctant to do so so

2860

01:43:05,350 --> 01:43:03,199

we might have to rely on this

2861

01:43:09,030 --> 01:43:05,360

legislation to give them what we call

2862

01:43:10,550 --> 01:43:09,040

top cover to come out with their story

2863

01:43:11,990 --> 01:43:10,560

right

2864

01:43:14,070 --> 01:43:12,000

great

2865

01:43:16,390 --> 01:43:14,080

all right dj one last time you with us

2866

01:43:19,830 --> 01:43:16,400

hi yes sir i'm back with you and i want

2867

01:43:22,550 --> 01:43:19,840

to relay from jim on the phone uh he uh

2868

01:43:25,270 --> 01:43:22,560

he wanted to thank john and you nathan

2869

01:43:27,750 --> 01:43:25,280

and deb and steph uh and he really

2870

01:43:29,750 --> 01:43:27,760

enjoyed it he said it was a hoot and uh

2871

01:43:32,070 --> 01:43:29,760

i'm assuming that uh based on that he'll

2872

01:43:34,149 --> 01:43:32,080

probably come back with us and and i

2873

01:43:36,550 --> 01:43:34,159

think we have enough questions on our

2874

01:43:38,790 --> 01:43:36,560

spreadsheet now to do a whole other show

2875

01:43:40,229 --> 01:43:38,800

we certainly do yeah and uh on that note

2876

01:43:41,910 --> 01:43:40,239

as we kind of wrap up i wanted to thank

2877

01:43:43,430 --> 01:43:41,920

uh again thank you john for joining us

2878

01:43:44,790 --> 01:43:43,440

this evening and and thank you to

2879

01:43:46,470 --> 01:43:44,800

everyone who's been

2880

01:43:48,870 --> 01:43:46,480

listening to the show and dropping

2881

01:43:51,030 --> 01:43:48,880

comments we did see all the comments um

2882

01:43:52,790 --> 01:43:51,040

like dj hindi we have so many questions

2883

01:43:54,229 --> 01:43:52,800

we couldn't get to so hopefully we'll

2884

01:43:55,510 --> 01:43:54,239

get a chance to uh do that again and

2885

01:43:57,270 --> 01:43:55,520

john we'd love to have you back of

2886

01:43:59,910 --> 01:43:57,280

course as well to uh to have an extended

2887

01:44:01,510 --> 01:43:59,920

conversation uh if that's okay with you

2888

01:44:02,950 --> 01:44:01,520

uh so if you haven't hit a like and we

2889

01:44:04,390 --> 01:44:02,960

would appreciate that very much it does

2890

01:44:05,669 --> 01:44:04,400

help the show

2891

01:44:07,750 --> 01:44:05,679

if you haven't subscribed that would

2892

01:44:08,870 --> 01:44:07,760

help as well and dj you want to take us

2893

01:44:11,590 --> 01:44:08,880

out

2894

01:44:14,390 --> 01:44:11,600

yeah uh yes again everything that nathan

2895

01:44:17,189 --> 01:44:14,400

said he closed it up perfectly so for uh

2896

01:44:20,149 --> 01:44:17,199

steph for debs for john ramirez our

2897

01:44:22,790 --> 01:44:20,159

guest or honorary cabbie

2898

01:44:26,310 --> 01:44:22,800

and for money nathan my co-create and

2899

01:44:27,109 --> 01:44:26,320

brother uh this is uh dj saying uh peace

2900

01:44:28,390 --> 01:44:27,119

out

2901

01:44:30,550 --> 01:44:28,400

one love

2902

01:44:32,149 --> 01:44:30,560

we'll see you down the road and always

2903

01:44:33,850 --> 01:44:32,159

we're always wondering what's up around
