or something in the mountains it just

7
00:00:22,010 --> 00:00:20,520

of FDR he did not exist uh my name is

15

00:00:46,130 --> 00:00:44,280

man happy Saturday I'm so excited for

18

00:00:52,850 --> 00:00:49,980

this show two people that I have been

19

00:00:54,110 --> 00:00:52,860

dying to talk with uh again and again I

20

00:00:55,610 --> 00:00:54,120

mean they're just awesome people great

21

00:00:58,610 --> 00:00:55,620

to have mine

22

00:01:00,529 --> 00:00:58,620

Debs what is up my research homie thanks

23

00:01:03,349 --> 00:01:00,539

for calling me a couple times this

24

00:01:05,870 --> 00:01:03,359

weekend and brightening my damn day yes

25

00:01:08,050 --> 00:01:05,880

well frankly I'm very excited for this

26

00:01:11,990 --> 00:01:08,060

show also

27

00:01:14,570 --> 00:01:12,000

I want some people to be frank that's

28

00:01:17,929 --> 00:01:14,580

what's going on to be frank be it with a

29

00:01:20,270 --> 00:01:17,939

k or a c it just you're you're British

30

00:01:22,609 --> 00:01:20,280

you're both badassess I love it so let's

31

00:01:24,830 --> 00:01:22,619

start off with the UFO thinker the

32

00:01:29,030 --> 00:01:24,840

former professional drummer and music

33

00:01:33,289 --> 00:01:29,040

teacher turned UFO analysts part of

34

00:01:38,149 --> 00:01:33,299

people put those hands together for the

35

00:01:40,249 --> 00:01:38,159

John Bonham of Bolton baby Frank Jones

36

00:01:43,870 --> 00:01:40,259

I love it

37

00:01:47,749 --> 00:01:43,880

John bottom of Bolton absolutely love it

38

00:01:49,730 --> 00:01:47,759

okay man amen amen

39

00:01:51,910 --> 00:01:49,740

all right another one of these brothers

40

00:01:54,770 --> 00:01:51,920

is a man I've got to have some extension

41

00:01:56,810 --> 00:01:54,780

uh extensive conversations with not only

42

00:01:59,569 --> 00:01:56,820

do we share a military background where

43

00:02:01,969 --> 00:01:59,579

this guy was a British royal paratrooper

44

00:02:04,130 --> 00:02:01,979

badass but then he decided to clean

45

00:02:06,950 --> 00:02:04,140

himself up a little bit he dusted off

46

00:02:09,290 --> 00:02:06,960

his camos and got into the Intel world

47

00:02:12,770 --> 00:02:09,300

where he was still uh breaking necks and

48

00:02:14,390 --> 00:02:12,780

cashing checks so uh part and and he's

49

00:02:16,790 --> 00:02:14,400

still in the game as a consultant so

50

00:02:20,350 --> 00:02:16,800

party people put those hands together

51
00:02:25,850 --> 00:02:23,540
f-r-a-n-c Milburn

52
00:02:29,330 --> 00:02:25,860
[Music]

53
00:02:31,490 --> 00:02:29,340
yes yes breaking next and cashing checks

54
00:02:35,410 --> 00:02:31,500
baby always

55
00:02:38,210 --> 00:02:35,420
how do you like me now yeah

56
00:02:40,910 --> 00:02:38,220
all right so uh welcome to the fireside

57
00:02:43,130 --> 00:02:40,920
chat this is a format uh this was uh

58
00:02:45,050 --> 00:02:43,140
Deb's idea and basically the format

59
00:02:47,210 --> 00:02:45,060
you're going to see today is I you know

60
00:02:49,250 --> 00:02:47,220
we may ask some some questions for

61
00:02:51,770 --> 00:02:49,260
example you know what way to drumsticks

62
00:02:53,869 --> 00:02:51,780
does Frank use and you know what is is

63
00:02:56,330 --> 00:02:53,879

uh the other Frank's favorite uh

64

00:02:57,650 --> 00:02:56,340

technique for for uh killing an enemy

65

00:02:59,270 --> 00:02:57,660

soldier

66

00:03:01,790 --> 00:02:59,280

um so those questions could be asked but

67

00:03:03,830 --> 00:03:01,800

other than that it's kind of a a a a

68

00:03:06,710 --> 00:03:03,840

round table format where anybody can

69

00:03:08,809 --> 00:03:06,720

bring up a topic that they so choose and

70

00:03:10,490 --> 00:03:08,819

will in fact do so

71

00:03:12,589 --> 00:03:10,500

um so you know some of the things I had

72

00:03:15,229 --> 00:03:12,599

lined up for ask Nathan maybe maybe

73

00:03:16,910 --> 00:03:15,239

we'll come out on this one

74

00:03:19,790 --> 00:03:16,920

gonna be a fun chat

75

00:03:22,490 --> 00:03:19,800

all right so uh so anyway

76
00:03:24,410 --> 00:03:22,500
um Nathan take it away man yeah okay so

77
00:03:26,690 --> 00:03:24,420
I'm gonna start with one that uh you

78
00:03:28,729 --> 00:03:26,700
know to me I'm dying to know your

79
00:03:30,170 --> 00:03:28,739
thoughts on this so let's go around what

80
00:03:32,330 --> 00:03:30,180
is the thing you're tired of hearing

81
00:03:34,570 --> 00:03:32,340
about in the UFO conversation

82
00:03:36,890 --> 00:03:34,580
other than me

83
00:03:38,809 --> 00:03:36,900
you know you just feel like we've beat

84
00:03:41,210 --> 00:03:38,819
that horse to death and it's uh it's

85
00:03:43,369 --> 00:03:41,220
time to time to move on

86
00:03:45,110 --> 00:03:43,379
Whoa We Lost Franklin we lost we lost

87
00:03:46,789 --> 00:03:45,120
bald Frank he'll be back he'll be back

88
00:03:48,410 --> 00:03:46,799

he was having a little connection issue

89

00:03:50,390 --> 00:03:48,420

he'll be back yeah

90

00:03:51,949 --> 00:03:50,400

will you I want to ask Frank beard to

91

00:03:53,930 --> 00:03:51,959

start us off though Frank you've been

92

00:03:55,729 --> 00:03:53,940

covering this extensively uh and I do a

93

00:03:57,289 --> 00:03:55,739

lot of deep Dives you know what's

94

00:03:59,270 --> 00:03:57,299

something that you're just like ah here

95

00:04:00,949 --> 00:03:59,280

we go again I gotta I don't really want

96

00:04:03,949 --> 00:04:00,959

to listen to this anymore

97

00:04:06,350 --> 00:04:03,959

well I think probably you know I'm not

98

00:04:08,809 --> 00:04:06,360

sure if this is specifically to do with

99

00:04:11,089 --> 00:04:08,819

UFOs it's probably in other aspects of

100

00:04:13,850 --> 00:04:11,099

life in general but just unnecessary

101
00:04:15,589 --> 00:04:13,860
drama I think is probably the thing that

102
00:04:17,629 --> 00:04:15,599
I'm sick of hearing about you know ever

103
00:04:20,569 --> 00:04:17,639
since kind of getting involved in this

104
00:04:22,969 --> 00:04:20,579
topic there's just waves of nonsense

105
00:04:24,890 --> 00:04:22,979
drama and could do without it you know

106
00:04:27,350 --> 00:04:24,900
essentially it's just one of those

107
00:04:28,730 --> 00:04:27,360
things where I mean there's a

108
00:04:29,830 --> 00:04:28,740
distinction there as well but it's not

109
00:04:31,610 --> 00:04:29,840
like

110
00:04:33,469 --> 00:04:31,620
disagreements that's an issue because

111
00:04:35,870 --> 00:04:33,479
that's absolutely fine but you know when

112
00:04:37,610 --> 00:04:35,880
there's kind of any any kind of like uh

113
00:04:39,409 --> 00:04:37,620

your personal attacks and things like

114

00:04:41,870 --> 00:04:39,419

that it's just totally unnecessary and

115

00:04:44,689 --> 00:04:41,880

that is definitely an aspect of the

116

00:04:46,370 --> 00:04:44,699

topic where you know I think we could uh

117

00:04:48,290 --> 00:04:46,380

we could get rid of that and I would be

118

00:04:50,090 --> 00:04:48,300

quite happy you know I love that let me

119

00:04:51,950 --> 00:04:50,100

ask a second part to this question

120

00:04:53,390 --> 00:04:51,960

what would you like to hear more of so

121

00:04:54,650 --> 00:04:53,400

we'll hear we'll hear what you're tired

122

00:04:56,409 --> 00:04:54,660

of and then what you'd like to hear more

123

00:05:00,050 --> 00:04:56,419

of

124

00:05:02,390 --> 00:05:00,060

data dense cases you know like we need

125

00:05:03,830 --> 00:05:02,400

what we need is the new the new Nimitz

126
00:05:06,110 --> 00:05:03,840
you know because obviously we've heard

127
00:05:08,930 --> 00:05:06,120
about the Nimitz till the cows come home

128
00:05:10,490 --> 00:05:08,940
I've talked about it in about 7 500

129
00:05:12,409 --> 00:05:10,500
different shows that I've done over the

130
00:05:14,210 --> 00:05:12,419
course of the last couple of years and

131
00:05:16,249 --> 00:05:14,220
I've always got a lot of love for that

132
00:05:17,570 --> 00:05:16,259
particular that particular case you know

133
00:05:19,730 --> 00:05:17,580
all of the various different

134
00:05:21,890 --> 00:05:19,740
corroborated Witnesses and you know it's

135
00:05:24,110 --> 00:05:21,900
even got video it's got all of those uh

136
00:05:25,790 --> 00:05:24,120
you know the radar operators the pilots

137
00:05:28,070 --> 00:05:25,800
and everything those are the kind of

138
00:05:30,590 --> 00:05:28,080

cases that I I want to hear more about

139

00:05:32,510 --> 00:05:30,600

you know those those kinds of things you

140

00:05:33,650 --> 00:05:32,520

can come through thousands of videos

141

00:05:35,990 --> 00:05:33,660

online

142

00:05:38,210 --> 00:05:36,000

and at the end of the day most of them

143

00:05:39,469 --> 00:05:38,220

don't have all that big picture data and

144

00:05:41,510 --> 00:05:39,479

that that's what I would like to see

145

00:05:43,610 --> 00:05:41,520

more of I know it's kind of it's almost

146

00:05:46,189 --> 00:05:43,620

like a cliché you know like that that's

147

00:05:48,650 --> 00:05:46,199

the golden Holy Grail of kind of UFO

148

00:05:50,270 --> 00:05:48,660

cases but there are you know from the

149

00:05:52,490 --> 00:05:50,280

sounds of things more of those kind of

150

00:05:54,469 --> 00:05:52,500

cases being held behind the scenes and

151
00:05:56,510 --> 00:05:54,479
we only need a couple more of those to

152
00:05:58,730 --> 00:05:56,520
really add some some serious weight to

153
00:06:00,590 --> 00:05:58,740
you know the conversation love that

154
00:06:14,150 --> 00:06:00,600
thank you all right Frank bald let's

155
00:06:21,770 --> 00:06:15,170
um

156
00:06:24,230 --> 00:06:21,780
well and uh you know having an opinion

157
00:06:26,170 --> 00:06:24,240
is fine to get some personal attacks

158
00:06:28,969 --> 00:06:26,180
um firstly then I'll put the round

159
00:06:30,950 --> 00:06:28,979
so I want to hear less of that I'd like

160
00:06:32,270 --> 00:06:30,960
to see more of

161
00:06:34,309 --> 00:06:32,280
grenade said okay they don't want to

162
00:06:37,790 --> 00:06:34,319
release more videos for various reasons

163
00:06:40,790 --> 00:06:37,800

I'd like to what I'd like to see is

164

00:06:44,390 --> 00:06:40,800

um uh platforms and sources that

165

00:06:47,930 --> 00:06:44,400

Americans Brits five eyes NATO have from

166

00:06:48,890 --> 00:06:47,940

1960s in the 70s which uh obsolescent

167

00:06:57,590 --> 00:06:48,900

now

168

00:06:59,330 --> 00:06:57,600

and and data from those released

169

00:07:02,510 --> 00:06:59,340

don't be released now because it doesn't

170

00:07:04,790 --> 00:07:02,520

compromise any International Security

171

00:07:06,770 --> 00:07:04,800

well I I just want to say Frank if any

172

00:07:10,129 --> 00:07:06,780

of your cats are gaming right now they

173

00:07:11,390 --> 00:07:10,139

may be using up some of the bandwidth

174

00:07:13,309 --> 00:07:11,400

um for your internet because you're

175

00:07:15,230 --> 00:07:13,319

coming in a choppy so please tell them

176
00:07:17,330 --> 00:07:15,240
to turn off the Xbox if they haven't had

177
00:07:19,730 --> 00:07:17,340
their little paws in there

178
00:07:21,830 --> 00:07:19,740
oh sorry mate yeah I did actually kill

179
00:07:24,830 --> 00:07:21,840
the VPN and I reconnected so let's see

180
00:07:25,969 --> 00:07:24,840
how it goes okay mate cool thank you DJ

181
00:07:28,189 --> 00:07:25,979
what about you

182
00:07:31,070 --> 00:07:28,199
uh what what I'm tired of listening to

183
00:07:34,129 --> 00:07:31,080
and what you would like to hear more of

184
00:07:35,990 --> 00:07:34,139
well I'd like to hear more of people

185
00:07:39,170 --> 00:07:36,000
sort of

186
00:07:41,150 --> 00:07:39,180
um coalescing around an idea that this

187
00:07:44,510 --> 00:07:41,160
is a real thing and let's talk about

188
00:07:47,210 --> 00:07:44,520

figuring out what it is and looking at

189

00:07:49,490 --> 00:07:47,220

the the parts and pieces of it that our

190

00:07:52,550 --> 00:07:49,500

experiencers are are reporting to us

191

00:07:54,409 --> 00:07:52,560

because they're other than uh other than

192

00:07:57,409 --> 00:07:54,419

what Frank talked about where we have

193

00:08:00,350 --> 00:07:57,419

you know professional Witnesses with

194

00:08:03,890 --> 00:08:00,360

sensors and and Radars that are

195

00:08:06,110 --> 00:08:03,900

capturing data uh then our best

196

00:08:08,749 --> 00:08:06,120

um evidence gatherers are are

197

00:08:10,730 --> 00:08:08,759

experiences who are interacting with

198

00:08:12,469 --> 00:08:10,740

them on a conscious and unconscious

199

00:08:13,969 --> 00:08:12,479

level on a person level they're

200

00:08:16,909 --> 00:08:13,979

receiving downloads there's all sorts of

201
00:08:19,850 --> 00:08:16,919
things and if we could get going on that

202
00:08:21,350 --> 00:08:19,860
discussion and just enjoy that and um

203
00:08:23,230 --> 00:08:21,360
kicking around the different theories

204
00:08:26,029 --> 00:08:23,240
without

205
00:08:27,770 --> 00:08:26,039
sort of saying it's this or it's that

206
00:08:29,450 --> 00:08:27,780
again you guys have heard me say this ad

207
00:08:31,129 --> 00:08:29,460
nauseum Nathan probably wants to slap me

208
00:08:33,290 --> 00:08:31,139
right now but there's a computer screen

209
00:08:36,889 --> 00:08:33,300
preventing them from doing so but it

210
00:08:39,350 --> 00:08:36,899
could be this or that as opposed to this

211
00:08:41,329 --> 00:08:39,360
and that as opposed to this or that so

212
00:08:42,889 --> 00:08:41,339
if we don't get rude and you know the

213
00:08:44,810 --> 00:08:42,899

Bigfoot Community has the same thing

214

00:08:47,329 --> 00:08:44,820

it's either this or it's that well maybe

215

00:08:50,030 --> 00:08:47,339

it's both you we don't know but let's

216

00:08:52,190 --> 00:08:50,040

talk about what what leads us to to some

217

00:08:57,350 --> 00:08:52,200

of those hypotheses and what I'd like to

218

00:09:00,710 --> 00:08:57,360

hear less of is people sort of attacking

219

00:09:02,329 --> 00:09:00,720

content and content creators and let's

220

00:09:04,850 --> 00:09:02,339

engage in a discussion about the

221

00:09:08,990 --> 00:09:04,860

phenomenon which is why we came here as

222

00:09:11,269 --> 00:09:09,000

opposed to in the absence of ideas about

223

00:09:13,070 --> 00:09:11,279

the phenomenon we're just gonna try to

224

00:09:15,050 --> 00:09:13,080

attack other content creators so that's

225

00:09:17,090 --> 00:09:15,060

why I'd like to hear less of and let's

226

00:09:20,030 --> 00:09:17,100

focus on what we're talking about I love

227

00:09:24,550 --> 00:09:20,040

it thank you Dad what about you I am so

228

00:09:27,829 --> 00:09:24,560

tired of the term Zeta reticuli

229

00:09:30,829 --> 00:09:27,839

and Bob Lazar apologized to Deb right

230

00:09:32,870 --> 00:09:30,839

now and I'm tired of the term reptilian

231

00:09:35,570 --> 00:09:32,880

there's so much controversy with those

232

00:09:37,790 --> 00:09:35,580

they're really not helping the topic

233

00:09:40,190 --> 00:09:37,800

move forward I think we just need to say

234

00:09:42,290 --> 00:09:40,200

non-human intelligence or others or

235

00:09:46,070 --> 00:09:42,300

something and kind of avoid those

236

00:09:48,769 --> 00:09:46,080

pitfalls and I'd like to get more data

237

00:09:51,350 --> 00:09:48,779

and patterns I like to look at the

238

00:09:54,230 --> 00:09:51,360

overall picture and I think it's a lot

239

00:09:56,269 --> 00:09:54,240

more helpful if we just all get on the

240

00:09:58,550 --> 00:09:56,279

same page and see what the overall

241

00:10:00,590 --> 00:09:58,560

picture really is

242

00:10:03,290 --> 00:10:00,600

love it love it excellent yeah I know

243

00:10:05,329 --> 00:10:03,300

and I'll just add on to this too so I'm

244

00:10:08,990 --> 00:10:05,339

tired of the awesome atip hours every

245

00:10:11,210 --> 00:10:09,000

time I see offset a tip I just throw it

246

00:10:12,009 --> 00:10:11,220

in the trash can I don't care about that

247

00:10:15,590 --> 00:10:12,019

anymore

248

00:10:18,050 --> 00:10:15,600

we don't care who had which funding and

249

00:10:20,090 --> 00:10:18,060

which program was the parent or the or

250

00:10:21,949 --> 00:10:20,100

the sub uh sub program we don't care

251
00:10:23,810 --> 00:10:21,959
there's not even a horse anymore we beat

252
00:10:26,329 --> 00:10:23,820
it into nothingness

253
00:10:28,790 --> 00:10:26,339
um yeah so and I'd love to hear I loved

254
00:10:31,670 --> 00:10:28,800
your answer uh Frank beard to that uh

255
00:10:33,410 --> 00:10:31,680
I'd love to see uh some more movement in

256
00:10:35,630 --> 00:10:33,420
the scientific Community just more folks

257
00:10:37,910 --> 00:10:35,640
like Avi Loeb more academics stepping

258
00:10:39,530 --> 00:10:37,920
forward I think we're going to see that

259
00:10:41,750 --> 00:10:39,540
um you know kind of from the quote

260
00:10:43,490 --> 00:10:41,760
unquote private area but private space

261
00:10:46,190 --> 00:10:43,500
is in Academia I'd like to see some some

262
00:10:48,650 --> 00:10:46,200
greater enthusiasm and concerted focus

263
00:10:51,050 --> 00:10:48,660

on this topic and what it might mean for

264

00:10:54,470 --> 00:10:51,060

all of us

265

00:10:57,829 --> 00:10:54,480

yeah I I personally I loved uh both of

266

00:11:00,769 --> 00:10:57,839

uh I love Deb's answer and and Nathan's

267

00:11:03,230 --> 00:11:00,779

answer both had provided some funnies uh

268

00:11:04,430 --> 00:11:03,240

because they are so interesting Zeta

269

00:11:06,590 --> 00:11:04,440

reticula

270

00:11:08,630 --> 00:11:06,600

that was great man but hey man that's

271

00:11:10,730 --> 00:11:08,640

what uh you know Bob said he read in

272

00:11:14,090 --> 00:11:10,740

that that pre-brief that he got when he

273

00:11:16,190 --> 00:11:14,100

when he signed into a five one

274

00:11:20,509 --> 00:11:16,200

um what I was gonna ask him and ask this

275

00:11:21,530 --> 00:11:20,519

one of uh Frank uh with a c Frank what

276

00:11:24,050 --> 00:11:21,540

do you

277

00:11:26,630 --> 00:11:24,060

um if if you were

278

00:11:30,410 --> 00:11:26,640

some of these things you you actually

279

00:11:32,509 --> 00:11:30,420

know uh in in actuality so I want to be

280

00:11:35,569 --> 00:11:32,519

careful but

281

00:11:38,509 --> 00:11:35,579

if there is one aspect of the phenomenon

282

00:11:41,750 --> 00:11:38,519

that you think that governments

283

00:11:44,930 --> 00:11:41,760

writ large would most want to obscure

284

00:11:47,810 --> 00:11:44,940

that information due to the effect it

285

00:11:48,530 --> 00:11:47,820

would have on the public what do you

286

00:11:52,130 --> 00:11:48,540

think

287

00:11:54,590 --> 00:11:52,140

those aspects at that aspect singular or

288

00:11:56,389 --> 00:11:54,600

plural would be

289

00:11:58,970 --> 00:11:56,399

oh yeah that's a good question I think

290

00:12:01,490 --> 00:11:58,980

for first of all um

291

00:12:03,009 --> 00:12:01,500

the one that we all know which is

292

00:12:05,690 --> 00:12:03,019

um you know

293

00:12:07,790 --> 00:12:05,700

air defense identification Zone that you

294

00:12:11,509 --> 00:12:07,800

have no troll over uh over your training

295

00:12:14,090 --> 00:12:11,519

areas and you know in you know near

296

00:12:15,230 --> 00:12:14,100

Earth orbit or um you know under the

297

00:12:18,410 --> 00:12:15,240

oceans

298

00:12:20,210 --> 00:12:18,420

um you don't want to have that in your

299

00:12:23,590 --> 00:12:20,220

area of operations as a soft state if

300

00:12:29,630 --> 00:12:26,870

I think that if there is not

301

00:12:32,030 --> 00:12:29,640

uh for example about a you know a

302

00:12:35,690 --> 00:12:32,040

long-term presence of

303

00:12:37,430 --> 00:12:35,700

and again that you know uh you know

304

00:12:39,650 --> 00:12:37,440

major powers like United States and its

305

00:12:43,129 --> 00:12:39,660

allies and you know also including a

306

00:12:44,569 --> 00:12:43,139

Russian and other countries that if they

307

00:12:45,410 --> 00:12:44,579

don't have knowledge

308

00:12:46,190 --> 00:12:45,420

that

309

00:12:50,990 --> 00:12:46,200

um

310

00:12:54,170 --> 00:12:51,000

but for example there are ongoing

311

00:12:55,970 --> 00:12:54,180

you know Mass Abduction of hand

312

00:12:56,930 --> 00:12:55,980

I personally don't see how hundred

313

00:12:58,670 --> 00:12:56,940

thousand

314

00:12:59,990 --> 00:12:58,680

so every year can be making up the same

315

00:13:01,670 --> 00:13:00,000

story

316

00:13:03,290 --> 00:13:01,680

um that would be something must want to

317

00:13:04,430 --> 00:13:03,300

keep under wraps and I think Linda

318

00:13:06,769 --> 00:13:04,440

Moulton Howe did you know fantastic

319

00:13:09,829 --> 00:13:06,779

research example on on capital

320

00:13:11,329 --> 00:13:09,839

mutilations okay then another area uh

321

00:13:15,290 --> 00:13:11,339

that uh you know seems to have you know

322

00:13:17,629 --> 00:13:15,300

certain bi flummoxed and also all the

323

00:13:20,030 --> 00:13:17,639

agencies in those states where uh those

324

00:13:22,610 --> 00:13:20,040

mutilations took place so I think that's

325

00:13:23,870 --> 00:13:22,620

another area that the government

326

00:13:25,610 --> 00:13:23,880

um would

327

00:13:26,870 --> 00:13:25,620

want basically to keep on the wraps

328

00:13:30,470 --> 00:13:26,880

anything that they're on about the

329

00:13:31,910 --> 00:13:30,480

phenomena or the phenomenon or phenomena

330

00:13:33,350 --> 00:13:31,920

I think the government doesn't doesn't

331

00:13:34,550 --> 00:13:33,360

understand that they wanted and then

332

00:13:37,250 --> 00:13:34,560

they would want to keep that under under

333

00:13:39,530 --> 00:13:37,260

apps you know for both Nash security so

334

00:13:40,610 --> 00:13:39,540

it's not so stupid and all says well in

335

00:13:44,030 --> 00:13:40,620

terms of

336

00:13:45,650 --> 00:13:44,040

um you know why the cover-up of

337

00:13:49,310 --> 00:13:45,660

of you know the knowledge effectively

338

00:13:53,389 --> 00:13:51,170

um that have been working on

339

00:13:54,949 --> 00:13:53,399

partially crash retrieve technology and

340

00:13:56,269 --> 00:13:54,959

I have you know an unfair competitive

341

00:13:58,430 --> 00:13:56,279

Advantage as opposed to other

342

00:14:00,170 --> 00:13:58,440

accompanies

343

00:14:02,930 --> 00:14:00,180

if there has been you know nefarious

344

00:14:05,389 --> 00:14:02,940

activities have taken place uh in

345

00:14:07,190 --> 00:14:05,399

public up to it including balancing

346

00:14:08,269 --> 00:14:07,200

people permanently and that doesn't mean

347

00:14:09,949 --> 00:14:08,279

that government would want to keep

348

00:14:10,970 --> 00:14:09,959

underrats and I think that's going to be

349

00:14:14,090 --> 00:14:10,980

a problem

350

00:14:16,129 --> 00:14:14,100

because even if they have people coming

351
00:14:20,030 --> 00:14:16,139
forward three

352
00:14:23,690 --> 00:14:20,040
from their obligation and

353
00:14:27,829 --> 00:14:23,700
va's I think that there will be a a

354
00:14:30,110 --> 00:14:27,839
great dichotomy for congress uh do we

355
00:14:31,670 --> 00:14:30,120
openly advertise what has been going on

356
00:14:33,769 --> 00:14:31,680
what has been covered up and caused Mass

357
00:14:35,629 --> 00:14:33,779
political upheaval the United States or

358
00:14:38,329 --> 00:14:35,639
is it something that we keep under wraps

359
00:14:39,710 --> 00:14:38,339
and offer people

360
00:14:42,050 --> 00:14:39,720
um basically to keep all the various

361
00:14:43,970 --> 00:14:42,060
activities you know from the public and

362
00:14:45,290 --> 00:14:43,980
from our enemies because the last thing

363
00:14:47,030 --> 00:14:45,300

that America needs right now is more

364

00:14:48,230 --> 00:14:47,040

political upheaval but that's just my

365

00:14:52,430 --> 00:14:48,240

take

366

00:14:59,810 --> 00:14:55,009

mute

367

00:15:01,490 --> 00:14:59,820

sorry thank you uh Frank we got you

368

00:15:04,069 --> 00:15:01,500

coming in by about five by three or five

369

00:15:07,250 --> 00:15:04,079

by two one of the uh I don't know if it

370

00:15:08,810 --> 00:15:07,260

was high Ash uh from uh ash from I don't

371

00:15:12,230 --> 00:15:08,820

know if she's from Manchester or if

372

00:15:13,610 --> 00:15:12,240

she's from uh Liverpool uh I know that

373

00:15:15,590 --> 00:15:13,620

uh she had a massive weight loss

374

00:15:17,930 --> 00:15:15,600

congratulations on that Ash

375

00:15:20,449 --> 00:15:17,940

um anyway can you disconnect from the

376

00:15:22,009 --> 00:15:20,459

VPN and reconnect and see if we can get

377

00:15:23,509 --> 00:15:22,019

you clear because you're coming in loud

378

00:15:26,150 --> 00:15:23,519

but broken

379

00:15:27,590 --> 00:15:26,160

can you try that yeah

380

00:15:29,870 --> 00:15:27,600

thank you mate

381

00:15:32,750 --> 00:15:29,880

okay uh

382

00:15:34,310 --> 00:15:32,760

dabs or well actually

383

00:15:36,410 --> 00:15:34,320

yeah because that was the end of my

384

00:15:37,730 --> 00:15:36,420

question so it's Deb's Deb's term my

385

00:15:40,310 --> 00:15:37,740

friend

386

00:15:41,870 --> 00:15:40,320

I'm sorry can you say it again I was

387

00:15:46,970 --> 00:15:41,880

thinking a lot about what Frank was

388

00:15:50,210 --> 00:15:46,980

saying yeah um I I asked him I asked him

389

00:15:53,090 --> 00:15:50,220

um if uh what he thought about that the

390

00:15:55,310 --> 00:15:53,100

government would most want to obscure in

391

00:15:57,110 --> 00:15:55,320

terms of the information that they

392

00:15:59,449 --> 00:15:57,120

thought would let's say be the most

393

00:16:01,970 --> 00:15:59,459

upsetting to the public I asked him what

394

00:16:04,009 --> 00:16:01,980

he thought that might be he hit on a few

395

00:16:05,930 --> 00:16:04,019

of them that I thought and he added a

396

00:16:07,970 --> 00:16:05,940

few so if you want to tackle that then

397

00:16:09,350 --> 00:16:07,980

we can just all the way go all the way

398

00:16:12,650 --> 00:16:09,360

around that Nathan

399

00:16:13,430 --> 00:16:12,660

I can I can definitely say that what I

400

00:16:16,490 --> 00:16:13,440

have

401
00:16:18,530 --> 00:16:16,500
heard that they're trying to obscure is

402
00:16:20,629 --> 00:16:18,540
information related to the abductions

403
00:16:22,730 --> 00:16:20,639
and implants

404
00:16:24,410 --> 00:16:22,740
um you know that they don't really want

405
00:16:27,290 --> 00:16:24,420
people to know that they're researching

406
00:16:30,769 --> 00:16:27,300
that and it seems like they're being

407
00:16:32,269 --> 00:16:30,779
dragged into the spotlight on that nail

408
00:16:34,250 --> 00:16:32,279
um because it's becoming more obvious

409
00:16:35,750 --> 00:16:34,260
that they have researched it but I'm not

410
00:16:39,230 --> 00:16:35,760
sure that they're a huge fan of that

411
00:16:39,240 --> 00:16:44,350
I I agree with you uh

412
00:16:49,370 --> 00:16:47,150
yeah so I think um

413
00:16:51,530 --> 00:16:49,380

kind of a few thoughts to add on that

414

00:16:53,030 --> 00:16:51,540

really I mean one of the things I would

415

00:16:55,790 --> 00:16:53,040

say would that it would be either the

416

00:16:58,310 --> 00:16:55,800

the progress that has been made in terms

417

00:17:01,670 --> 00:16:58,320

of reverse engineering and studying any

418

00:17:03,290 --> 00:17:01,680

crash retrieval materials or the lack of

419

00:17:04,669 --> 00:17:03,300

progress that's been made because either

420

00:17:06,110 --> 00:17:04,679

of those things you're not really going

421

00:17:07,730 --> 00:17:06,120

to want to give any of that stuff away

422

00:17:10,010 --> 00:17:07,740

to any of your adversaries are you I

423

00:17:11,809 --> 00:17:10,020

mean if you've made some progress but

424

00:17:13,189 --> 00:17:11,819

you've not figured out some key aspects

425

00:17:14,990 --> 00:17:13,199

you're not going to want to reveal that

426

00:17:17,510 --> 00:17:15,000

to anyone just in case they've come up

427

00:17:18,949 --> 00:17:17,520

with you know certain things that aren't

428

00:17:20,150 --> 00:17:18,959

the same as what you have and you may be

429

00:17:22,610 --> 00:17:20,160

giving them the final piece to the

430

00:17:25,309 --> 00:17:22,620

puzzle or if you've made zero progress

431

00:17:26,750 --> 00:17:25,319

then if if an adversary has made even a

432

00:17:29,090 --> 00:17:26,760

tiny bit of progress they're ahead of

433

00:17:30,710 --> 00:17:29,100

you you know and so it's kind of a weird

434

00:17:32,150 --> 00:17:30,720

stalemate isn't it it's like everyone's

435

00:17:34,430 --> 00:17:32,160

drawn the gun at the end of a Tarantino

436

00:17:36,350 --> 00:17:34,440

movie nobody nobody wants to shoot and

437

00:17:39,289 --> 00:17:36,360

you know those kind of scenarios

438

00:17:42,289 --> 00:17:39,299

so I think that's probably the the most

439

00:17:43,610 --> 00:17:42,299

sort of realistic and and also

440

00:17:45,409 --> 00:17:43,620

um another thing that's quite intriguing

441

00:17:48,110 --> 00:17:45,419

but you know perhaps a little bit more

442

00:17:49,190 --> 00:17:48,120

speculative at least from you know from

443

00:17:51,409 --> 00:17:49,200

the point of view of something that I

444

00:17:53,150 --> 00:17:51,419

could prove or anything like that is the

445

00:17:54,650 --> 00:17:53,160

kinds of things John Ramirez talks about

446

00:17:56,870 --> 00:17:54,660

when he talks about

447

00:17:58,970 --> 00:17:56,880

um genetic material you know having been

448

00:18:01,370 --> 00:17:58,980

found and um you know the the

449

00:18:04,130 --> 00:18:01,380

possibility that that might be somehow

450

00:18:07,010 --> 00:18:04,140

related to you know human DNA that would

451
00:18:08,810 --> 00:18:07,020
be a really disturbing kind of thing for

452
00:18:11,750 --> 00:18:08,820
the for the public to to get the head

453
00:18:13,010 --> 00:18:11,760
around so yeah those are the my thoughts

454
00:18:15,590 --> 00:18:13,020
to add to that one

455
00:18:17,029 --> 00:18:15,600
I I love it because uh if I can just

456
00:18:18,770 --> 00:18:17,039
react to that

457
00:18:21,590 --> 00:18:18,780
um if we had a top 10 list these are all

458
00:18:23,810 --> 00:18:21,600
going to be on there oh yeah and by the

459
00:18:25,490 --> 00:18:23,820
way just in in the Sasquatch community

460
00:18:27,650 --> 00:18:25,500
and when I heard that David Pilates

461
00:18:30,289 --> 00:18:27,660
interview that is a very close hold

462
00:18:33,169 --> 00:18:30,299
secret what the results of that DNA test

463
00:18:35,029 --> 00:18:33,179

were and he was very uncomfortable being

464

00:18:36,830 --> 00:18:35,039

asked about it and he said he doesn't

465

00:18:38,810 --> 00:18:36,840

have it or hasn't been released yet and

466

00:18:40,370 --> 00:18:38,820

Dr Ketchum hasn't released it

467

00:18:41,630 --> 00:18:40,380

Etc et cetera et cetera and I think it's

468

00:18:43,270 --> 00:18:41,640

because people don't want to know that

469

00:18:46,549 --> 00:18:43,280

answer

470

00:18:47,750 --> 00:18:46,559

if we share DNA with with with this

471

00:18:51,289 --> 00:18:47,760

creature

472

00:18:52,669 --> 00:18:51,299

um because uh Nathan maybe later on and

473

00:18:55,010 --> 00:18:52,679

I I know you have something else to

474

00:18:56,690 --> 00:18:55,020

answer but from a religious perspective

475

00:19:00,470 --> 00:18:56,700

that's probably disturbing for some

476

00:19:04,130 --> 00:19:00,480

people if that's if if that's even true

477

00:19:06,470 --> 00:19:04,140

right yeah I would just add uh Echo

478

00:19:07,070 --> 00:19:06,480

would uh Frank had said earlier

479

00:19:09,830 --> 00:19:07,080

um

480

00:19:11,390 --> 00:19:09,840

and and also which in the semivan talked

481

00:19:14,390 --> 00:19:11,400

about there's a paper that he referenced

482

00:19:16,730 --> 00:19:14,400

that discusses the impact on States and

483

00:19:19,370 --> 00:19:16,740

states and state power of this secret

484

00:19:21,770 --> 00:19:19,380

and I think that's really what is the

485

00:19:23,450 --> 00:19:21,780

most dangerous or destabilizing you know

486

00:19:25,850 --> 00:19:23,460

you don't want to be a state power that

487

00:19:28,970 --> 00:19:25,860

says we don't really understand all of

488

00:19:31,130 --> 00:19:28,980

what it is we don't have full control uh

489

00:19:33,049 --> 00:19:31,140

it can come get you any any time we

490

00:19:34,430 --> 00:19:33,059

can't do anything to stop that uh by the

491

00:19:36,890 --> 00:19:34,440

way it up ends you know a lot of our

492

00:19:39,049 --> 00:19:36,900

religious beliefs it up ends our history

493

00:19:42,409 --> 00:19:39,059

who we are I mean it's it's such a

494

00:19:45,230 --> 00:19:42,419

destabilizing uh I think truth that is

495

00:19:47,090 --> 00:19:45,240

so open-ended that you know the more you

496

00:19:49,430 --> 00:19:47,100

can kind of contain it the more you can

497

00:19:52,310 --> 00:19:49,440

just preserve the status quo even if the

498

00:19:53,750 --> 00:19:52,320

status quo is kind of busted uh it's at

499

00:19:55,970 --> 00:19:53,760

least you know the devil you know right

500

00:19:58,250 --> 00:19:55,980

so I think that's um probably the

501
00:20:01,190 --> 00:19:58,260
calculus at play I also think it's just

502
00:20:02,990 --> 00:20:01,200
an incredibly complicated uh phenomena

503
00:20:05,150 --> 00:20:03,000
there are a lot of different players uh

504
00:20:06,770 --> 00:20:05,160
it affects not only us at a

505
00:20:09,590 --> 00:20:06,780
civilization-wide level but it affects

506
00:20:11,270 --> 00:20:09,600
us on individual level there's this sort

507
00:20:15,289 --> 00:20:11,280
of intimate connection that we have to

508
00:20:16,970 --> 00:20:15,299
it that goes beyond just how we think

509
00:20:19,730 --> 00:20:16,980
about technology or how we think about

510
00:20:20,990 --> 00:20:19,740
Society you know it's uh it can be quite

511
00:20:23,330 --> 00:20:21,000
quite personal

512
00:20:24,890 --> 00:20:23,340
um so for all these reasons I you know

513
00:20:26,690 --> 00:20:24,900

if I was in the room looking at the at

514

00:20:28,130 --> 00:20:26,700

the facts as they have them and what

515

00:20:30,049 --> 00:20:28,140

they could probably share I would

516

00:20:31,549 --> 00:20:30,059

probably say you know what let's uh you

517

00:20:32,810 --> 00:20:31,559

know how do we how do we put out a cool

518

00:20:35,270 --> 00:20:32,820

new reality show that'll distract

519

00:20:37,909 --> 00:20:35,280

everybody from this I'd rather not I'd

520

00:20:39,710 --> 00:20:37,919

really rather not do that right now so I

521

00:20:41,150 --> 00:20:39,720

love it we blanketed this topic we

522

00:20:42,950 --> 00:20:41,160

really did and Frank hasn't even gone

523

00:20:46,130 --> 00:20:42,960

yet so we're going to get to Frank Frank

524

00:20:47,630 --> 00:20:46,140

C uh but uh but what's interesting

525

00:20:50,690 --> 00:20:47,640

Nathan

526

00:20:52,250 --> 00:20:50,700

um is is that uh that's absolutely you

527

00:20:54,710 --> 00:20:52,260

know that's absolutely correct you know

528

00:20:57,110 --> 00:20:54,720

that they that they can't explain it and

529

00:20:59,750 --> 00:20:57,120

and uh Lou Elizondo also said the exact

530

00:21:03,049 --> 00:20:59,760

same thing before Jim semivan came out

531

00:21:04,730 --> 00:21:03,059

and said it so um it's uh it's

532

00:21:05,930 --> 00:21:04,740

definitely something uh water that you

533

00:21:07,669 --> 00:21:05,940

don't want to wade into and we'll

534

00:21:09,650 --> 00:21:07,679

actually get into this a little bit

535

00:21:12,950 --> 00:21:09,660

later when we talk about Calvin because

536

00:21:15,529 --> 00:21:12,960

both Frank and and Frank uh have had

537

00:21:17,930 --> 00:21:15,539

we've had those conversations but uh so

538

00:21:20,690 --> 00:21:17,940

Frank uh Milburn the question at this

539

00:21:22,549 --> 00:21:20,700

point is uh well actually no you were

540

00:21:24,770 --> 00:21:22,559

the first to answer so now we can go on

541

00:21:26,630 --> 00:21:24,780

to Debs you're the first one to answer

542

00:21:30,470 --> 00:21:26,640

that question we just finished up in

543

00:21:32,270 --> 00:21:30,480

your absence Frank so yep so it's funny

544

00:21:35,630 --> 00:21:32,280

because your question kind of ties into

545

00:21:38,149 --> 00:21:35,640

both what Frank was Frank C was saying

546

00:21:41,570 --> 00:21:38,159

hence and also your question because

547

00:21:44,330 --> 00:21:41,580

something that's been kind of coming at

548

00:21:47,090 --> 00:21:44,340

me lately is the extent that the

549

00:21:50,270 --> 00:21:47,100

government has covered this up

550

00:21:52,250 --> 00:21:50,280

um and actually Dr Diana posoka was just

551
00:21:55,190 --> 00:21:52,260
talking about how they use Rubble to

552
00:21:58,850 --> 00:21:55,200
disguise the area in New Mexico where

553
00:22:01,669 --> 00:21:58,860
there was a crash retrieval and Frank

554
00:22:04,610 --> 00:22:01,679
was talking about people being murdered

555
00:22:06,890 --> 00:22:04,620
over this so I guess my question is do

556
00:22:09,350 --> 00:22:06,900
you guys think that the Whistleblower

557
00:22:13,130 --> 00:22:09,360
protection the protection for people

558
00:22:15,649 --> 00:22:13,140
with ndas is going to be effective or do

559
00:22:17,690 --> 00:22:15,659
are we not actually going to be able to

560
00:22:19,850 --> 00:22:17,700
move forward because of things that have

561
00:22:22,669 --> 00:22:19,860
happened in the past

562
00:22:24,529 --> 00:22:22,679
and I guess I'll let DJ answer that

563
00:22:25,730 --> 00:22:24,539

first and float it around

564

00:22:27,590 --> 00:22:25,740

okay

565

00:22:29,750 --> 00:22:27,600

um it's funny

566

00:22:32,990 --> 00:22:29,760

um Frank and I uh actually spoke about

567

00:22:34,549 --> 00:22:33,000

this yesterday uh it's funny that and

568

00:22:37,549 --> 00:22:34,559

and I said to him on the phone I said

569

00:22:39,289 --> 00:22:37,559

I'm a glasses half full kind of guy

570

00:22:42,169 --> 00:22:39,299

um that that's basically how I live my

571

00:22:43,970 --> 00:22:42,179

life and and I think uh I'm pretty

572

00:22:46,190 --> 00:22:43,980

positive but when it comes to this

573

00:22:48,950 --> 00:22:46,200

particular topic I become pretty

574

00:22:52,490 --> 00:22:48,960

skeptical of what's going to be released

575

00:22:54,049 --> 00:22:52,500

and I don't get giddy I don't think you

576

00:22:55,730 --> 00:22:54,059

guys have ever seen me get giddy about

577

00:22:58,070 --> 00:22:55,740

oh I think we're going to get something

578

00:23:01,010 --> 00:22:58,080

big you've never heard me say that and

579

00:23:03,049 --> 00:23:01,020

then even people uh had had thought that

580

00:23:05,330 --> 00:23:03,059

the United States Navy was going to be

581

00:23:07,610 --> 00:23:05,340

the savior of this topic and the Air

582

00:23:09,710 --> 00:23:07,620

Force was the evil stepsister who was

583

00:23:11,930 --> 00:23:09,720

holding it all back and then boom there

584

00:23:13,430 --> 00:23:11,940

comes that article that the Navy says

585

00:23:15,590 --> 00:23:13,440

that it's gonna it needs to hold back

586

00:23:19,130 --> 00:23:15,600

and it needs to protect and and all that

587

00:23:20,810 --> 00:23:19,140

so I don't feel uh very confident and

588

00:23:24,169 --> 00:23:20,820

the other thing that kind of going back

589

00:23:25,070 --> 00:23:24,179

to what Nathan said when when Nathan

590

00:23:27,230 --> 00:23:25,080

said

591

00:23:29,990 --> 00:23:27,240

um you know it's kind of you know it

592

00:23:32,029 --> 00:23:30,000

it's not a very well kept secret but

593

00:23:34,430 --> 00:23:32,039

we're such a small subset that we don't

594

00:23:37,610 --> 00:23:34,440

realize what a small subset of the

595

00:23:40,130 --> 00:23:37,620

population we represent in UFO Twitter

596

00:23:42,529 --> 00:23:40,140

and our our cousins that aren't on

597

00:23:45,110 --> 00:23:42,539

Twitter like Linda Zimmerman but are you

598

00:23:47,630 --> 00:23:45,120

know are are read into the topic

599

00:23:50,090 --> 00:23:47,640

um so I I don't think that um The

600

00:23:51,350 --> 00:23:50,100

Whistleblower protections Frank has I

601
00:23:53,890 --> 00:23:51,360
know he Frank Milburn has some

602
00:23:56,930 --> 00:23:53,900
interesting comments on this

603
00:23:59,270 --> 00:23:56,940
and I don't know how much is actually

604
00:24:02,570 --> 00:23:59,280
going to come out because it's going to

605
00:24:04,610 --> 00:24:02,580
refute direct testimony from the the

606
00:24:06,169 --> 00:24:04,620
principles in the program Mr Bray Mr

607
00:24:08,090 --> 00:24:06,179
Moultrie

608
00:24:09,590 --> 00:24:08,100
um and I don't I don't think that they

609
00:24:11,510 --> 00:24:09,600
want to shoot themselves in the foot so

610
00:24:14,510 --> 00:24:11,520
if they do it'll be in closed session

611
00:24:17,149 --> 00:24:14,520
it'll be in the skiff or or the like and

612
00:24:19,549 --> 00:24:17,159
and we probably won't get the results of

613
00:24:21,470 --> 00:24:19,559

it so I think we're going to be doing

614

00:24:28,549 --> 00:24:21,480

what we're doing now for the better part

615

00:24:36,289 --> 00:24:31,610

you're going to pass the mic to well we

616

00:24:38,029 --> 00:24:36,299

could go to Frank uh the UFO thinker

617

00:24:40,010 --> 00:24:38,039

Frank Jones

618

00:24:43,430 --> 00:24:40,020

here we are

619

00:24:45,169 --> 00:24:43,440

um the mic has been passed so so yeah

620

00:24:46,970 --> 00:24:45,179

it's it's uh it's something I've

621

00:24:49,610 --> 00:24:46,980

actually been talking about on on my

622

00:24:51,049 --> 00:24:49,620

show a fair bit recently about the The

623

00:24:53,750 --> 00:24:51,059

Whistleblower thing and on the one hand

624

00:24:55,850 --> 00:24:53,760

I'm quite hopeful about in you know kind

625

00:24:58,490 --> 00:24:55,860

of cautiously optimistic about the whole

626
00:25:00,950 --> 00:24:58,500
thing and because it does seem like you

627
00:25:02,810 --> 00:25:00,960
know the end of the day the the US

628
00:25:04,970 --> 00:25:02,820
government has the best toolkit to get

629
00:25:06,950 --> 00:25:04,980
to the bottom of any mystery and you

630
00:25:08,510 --> 00:25:06,960
know for us as people are interested in

631
00:25:10,430 --> 00:25:08,520
this mystery if we can get a little bit

632
00:25:12,890 --> 00:25:10,440
of of some of the answers that they've

633
00:25:15,169 --> 00:25:12,900
been able to find with that incredible

634
00:25:17,149 --> 00:25:15,179
toolkit in terms of resources and the

635
00:25:19,490 --> 00:25:17,159
equipment they've gotten the the you

636
00:25:21,049 --> 00:25:19,500
know the people power uh behind it then

637
00:25:23,690 --> 00:25:21,059
obviously we'll we'll have a better

638
00:25:26,330 --> 00:25:23,700

chance of of understanding you know this

639

00:25:28,310 --> 00:25:26,340

mystery and it feels like with this

640

00:25:30,710 --> 00:25:28,320

legislation going through that is a step

641

00:25:32,810 --> 00:25:30,720

towards that direction on the other hand

642

00:25:34,549 --> 00:25:32,820

though I'm also thinking about it from

643

00:25:37,010 --> 00:25:34,559

the point of view of these legal

644

00:25:39,289 --> 00:25:37,020

protections don't tell the full story

645

00:25:41,029 --> 00:25:39,299

I've been speaking can I share with a

646

00:25:42,710 --> 00:25:41,039

few people about this you know just

647

00:25:45,049 --> 00:25:42,720

because you've got legal protection that

648

00:25:46,549 --> 00:25:45,059

doesn't necessarily remove all of the

649

00:25:48,769 --> 00:25:46,559

obstacles for people to come forward

650

00:25:51,169 --> 00:25:48,779

because they're still going to be

651
00:25:52,789 --> 00:25:51,179
potentially you know allegiances you

652
00:25:54,289 --> 00:25:52,799
know within certain aspects of the

653
00:25:56,090 --> 00:25:54,299
intelligence community that you know

654
00:25:59,330 --> 00:25:56,100
that the dod Etc

655
00:26:01,130 --> 00:25:59,340
and if you kind of Spill the Beans the

656
00:26:04,010 --> 00:26:01,140
people who sort of you know not

657
00:26:06,169 --> 00:26:04,020
unnecessarily allied with with your push

658
00:26:09,350 --> 00:26:06,179
for transparency that they can come

659
00:26:11,630 --> 00:26:09,360
after you in in other ways outside of

660
00:26:13,250 --> 00:26:11,640
just kind of you know the things that

661
00:26:14,990 --> 00:26:13,260
the the legal protections won't

662
00:26:17,090 --> 00:26:15,000
necessarily be able to protect against

663
00:26:18,830 --> 00:26:17,100

you know like you might get passed over

664

00:26:20,630 --> 00:26:18,840

for promotion and things like that you

665

00:26:23,029 --> 00:26:20,640

know that wouldn't necessarily be

666

00:26:26,810 --> 00:26:23,039

protected by the legal side of things

667

00:26:28,970 --> 00:26:26,820

so yeah I mean how how close are we

668

00:26:30,590 --> 00:26:28,980

going to get to those those kind of you

669

00:26:32,510 --> 00:26:30,600

know the answers that we desire through

670

00:26:34,250 --> 00:26:32,520

these whistleblower protections remains

671

00:26:36,350 --> 00:26:34,260

to be seen I'm cautiously optimistic

672

00:26:38,390 --> 00:26:36,360

about it but the proof will be in the

673

00:26:41,510 --> 00:26:38,400

pudding at the end of the day won't it

674

00:26:44,269 --> 00:26:41,520

I think everybody has the tools Frank uh

675

00:26:46,610 --> 00:26:44,279

Great Britain has the tools Brazil has

676

00:26:48,169 --> 00:26:46,620

the tools Italy has the tools Germany

677

00:26:51,230 --> 00:26:48,179

has the tools France has the tools

678

00:26:52,789 --> 00:26:51,240

nobody is doing it it's that you know

679

00:26:55,549 --> 00:26:52,799

everybody is looking for the United

680

00:26:57,710 --> 00:26:55,559

States to open up this topic and

681

00:27:00,289 --> 00:26:57,720

everybody else has the same sovereignty

682

00:27:03,070 --> 00:27:00,299

to do that if they so choose they have

683

00:27:05,990 --> 00:27:03,080

obviously agreed either in secret

684

00:27:08,750 --> 00:27:06,000

uh some somewhere behind closed doors

685

00:27:11,210 --> 00:27:08,760

that nobody is gonna is gonna pop that

686

00:27:13,789 --> 00:27:11,220

can and rip it open otherwise they'd be

687

00:27:17,390 --> 00:27:13,799

doing Japan China I mean China's no

688

00:27:19,730 --> 00:27:17,400

Russia these are not you know the last

689

00:27:21,769 --> 00:27:19,740

two are are not necessarily allies of

690

00:27:24,049 --> 00:27:21,779

the are not allies of the United States

691

00:27:25,970 --> 00:27:24,059

and yet they've chosen not to open up

692

00:27:28,190 --> 00:27:25,980

their files on this topic so what does

693

00:27:30,049 --> 00:27:28,200

that tell you

694

00:27:31,430 --> 00:27:30,059

hmm

695

00:27:34,130 --> 00:27:31,440

it's not the United States

696

00:27:35,630 --> 00:27:34,140

responsibility to do this it's just that

697

00:27:37,430 --> 00:27:35,640

they've been more transparent than

698

00:27:39,350 --> 00:27:37,440

anybody else

699

00:27:41,750 --> 00:27:39,360

so you know hopeful we're going to get

700

00:27:43,430 --> 00:27:41,760

too much in the way of answers then yeah

701
00:27:44,990 --> 00:27:43,440
we're not more any more equipped to

702
00:27:46,730 --> 00:27:45,000
reveal what we know than any other

703
00:27:48,590 --> 00:27:46,740
government is equipped to reveal what

704
00:27:50,990 --> 00:27:48,600
they know

705
00:27:53,870 --> 00:27:51,000
we can collect more

706
00:27:55,610 --> 00:27:53,880
maybe but that doesn't mean that other

707
00:27:57,950 --> 00:27:55,620
governments don't have a file that they

708
00:28:00,470 --> 00:27:57,960
have chosen not to stand up on a Podium

709
00:28:02,870 --> 00:28:00,480
and and talk about that information open

710
00:28:05,390 --> 00:28:02,880
source for whatever whatever the reasons

711
00:28:07,370 --> 00:28:05,400
are yeah I guess kind of my thinking

712
00:28:09,950 --> 00:28:07,380
with it is like you know the government

713
00:28:11,690 --> 00:28:09,960

essentially a Servants of the people in

714

00:28:13,250 --> 00:28:11,700

terms of you know we the people of

715

00:28:15,950 --> 00:28:13,260

whatever country whether it be the UK

716

00:28:18,470 --> 00:28:15,960

the US you know any kind of you know

717

00:28:20,390 --> 00:28:18,480

modern uh you know country that has the

718

00:28:21,830 --> 00:28:20,400

the capabilities

719

00:28:23,570 --> 00:28:21,840

um to actually look into things like

720

00:28:25,070 --> 00:28:23,580

this and like you say I think the UK do

721

00:28:27,230 --> 00:28:25,080

as well I think they have been doing for

722

00:28:29,149 --> 00:28:27,240

quite some time you know it probably in

723

00:28:31,250 --> 00:28:29,159

cooperation with the United States and

724

00:28:33,710 --> 00:28:31,260

other other allies

725

00:28:35,330 --> 00:28:33,720

um and I just feel like at the moment

726

00:28:37,490 --> 00:28:35,340

for whatever reason whether it's a

727

00:28:38,990 --> 00:28:37,500

coordinated decision or whatever it

728

00:28:41,870 --> 00:28:39,000

might be the US is kind of the one

729

00:28:43,549 --> 00:28:41,880

taking the lead on on this and I feel as

730

00:28:45,769 --> 00:28:43,559

though if there is indeed something

731

00:28:48,649 --> 00:28:45,779

that's been you know kept Under Wraps

732

00:28:49,970 --> 00:28:48,659

there are different factions within the

733

00:28:53,710 --> 00:28:49,980

whether it be the intelligence Community

734

00:28:56,690 --> 00:28:53,720

or the dod and some people within those

735

00:28:58,730 --> 00:28:56,700

once more transparency and there's

736

00:29:01,730 --> 00:28:58,740

another group as well that doesn't want

737

00:29:04,610 --> 00:29:01,740

more transparency and you know it's a

738

00:29:06,409 --> 00:29:04,620

tug of war that's kind of ongoing and uh

739

00:29:08,210 --> 00:29:06,419

you know are we gonna see the the

740

00:29:10,310 --> 00:29:08,220

balance tip slightly obviously he's been

741

00:29:13,130 --> 00:29:10,320

in favor of complete secrecy for a long

742

00:29:14,870 --> 00:29:13,140

long time and these new bits of

743

00:29:17,630 --> 00:29:14,880

legislation you know you could say that

744

00:29:19,490 --> 00:29:17,640

that is slight tipping in in favor of

745

00:29:22,250 --> 00:29:19,500

the other side of that balance and I

746

00:29:23,690 --> 00:29:22,260

hope that it is but we'll have to see

747

00:29:25,070 --> 00:29:23,700

won't we

748

00:29:27,529 --> 00:29:25,080

yeah it's just there is nothing

749

00:29:30,350 --> 00:29:27,539

preventing Any Nation from disclosing

750

00:29:33,409 --> 00:29:30,360

what they have no matter what What

751

00:29:36,950 --> 00:29:33,419

legislation is enacted here it it Bears

752

00:29:39,110 --> 00:29:36,960

it Bears no control or over a Sovereign

753

00:29:41,330 --> 00:29:39,120

Nation from revealing what they know if

754

00:29:42,590 --> 00:29:41,340

they want to and they've decided that

755

00:29:45,830 --> 00:29:42,600

they don't want to

756

00:29:47,870 --> 00:29:45,840

and that's you can just name off any any

757

00:29:49,970 --> 00:29:47,880

of the EU any any country and they're

758

00:29:52,250 --> 00:29:49,980

going to tell you the same thing yep no

759

00:29:57,649 --> 00:29:52,260

we don't know anything they're out there

760

00:30:01,789 --> 00:29:59,570

is my sound okay guys

761

00:30:04,669 --> 00:30:01,799

this is great brilliant

762

00:30:06,769 --> 00:30:04,679

yeah I I wanted to Second what um what

763

00:30:07,970 --> 00:30:06,779

Frank beard um said about the whistlebar

764

00:30:12,409 --> 00:30:07,980

protection

765

00:30:14,690 --> 00:30:12,419

okay so you have a reprieve from opening

766

00:30:16,850 --> 00:30:14,700

up if you have um

767

00:30:19,010 --> 00:30:16,860

if you have an NDA

768

00:30:20,149 --> 00:30:19,020

obviously talking behind closed doors to

769

00:30:21,769 --> 00:30:20,159

Congress some kind of you know

770

00:30:24,529 --> 00:30:21,779

investigation some kind of investigative

771

00:30:26,570 --> 00:30:24,539

committee but

772

00:30:28,370 --> 00:30:26,580

if you are penalized

773

00:30:29,630 --> 00:30:28,380

by your employer whether it's the

774

00:30:31,190 --> 00:30:29,640

government or you're a private

775

00:30:33,710 --> 00:30:31,200

contractor you know you're going to be

776

00:30:35,269 --> 00:30:33,720

out of pocket in the meantime and you

777

00:30:38,630 --> 00:30:35,279

know you're going to have to uh you know

778

00:30:40,909 --> 00:30:38,640

uh funding you know lawyers bills until

779

00:30:43,850 --> 00:30:40,919

you get like the you know your complaint

780

00:30:45,830 --> 00:30:43,860

emotion and with the um uh you know with

781

00:30:49,610 --> 00:30:45,840

the with the US government

782

00:30:52,850 --> 00:30:49,620

um and also in a more nefarious sense

783

00:30:55,850 --> 00:30:52,860

there is no whistlebar protection for

784

00:30:59,149 --> 00:30:55,860

illegal activities as in if you've been

785

00:31:01,310 --> 00:30:59,159

if you have knowledge of you know unfair

786

00:31:03,590 --> 00:31:01,320

Market competition where for example you

787

00:31:06,110 --> 00:31:03,600

know an aerospace company has been given

788

00:31:07,789 --> 00:31:06,120

some kind of artifact and they have an

789

00:31:09,649 --> 00:31:07,799

advantage over another Aerospace company

790

00:31:12,409 --> 00:31:09,659

which has not had access to that

791

00:31:13,970 --> 00:31:12,419

technology or if you've been privy to

792

00:31:15,950 --> 00:31:13,980

the cover-up and you know that there's

793

00:31:17,330 --> 00:31:15,960

you know been you know uh murders

794

00:31:19,789 --> 00:31:17,340

involved or you know directed energy

795

00:31:21,350 --> 00:31:19,799

weapons used harassment or scientists

796

00:31:23,510 --> 00:31:21,360

then you're going to be thinking to

797

00:31:26,210 --> 00:31:23,520

yourself well these the people that I've

798

00:31:27,950 --> 00:31:26,220

been working for and you know even if I

799

00:31:29,510 --> 00:31:27,960

go into witness protection right the US

800

00:31:31,430 --> 00:31:29,520

Marshals aren't going to be able to

801
00:31:32,990 --> 00:31:31,440
protect me because these people have a

802
00:31:35,570 --> 00:31:33,000
Long Reach they've been operating for

803
00:31:38,029 --> 00:31:35,580
this long since for the better part of

804
00:31:39,350 --> 00:31:38,039
uh of eight decades

805
00:31:41,690 --> 00:31:39,360
um completely

806
00:31:43,909 --> 00:31:41,700
out of view of the US government and

807
00:31:46,010 --> 00:31:43,919
with no you know legal supervision

808
00:31:51,590 --> 00:31:46,020
whatsoever with no oversight whatsoever

809
00:31:56,570 --> 00:31:53,630
yeah and I just want to say from a civil

810
00:31:59,930 --> 00:31:56,580
service perspective there was in there

811
00:32:01,789 --> 00:31:59,940
were just west and north of where I

812
00:32:04,610 --> 00:32:01,799
excuse me east and north of where I live

813
00:32:06,889 --> 00:32:04,620

the Apalachicola national forest and

814

00:32:10,730 --> 00:32:06,899

during one of the forest fires a couple

815

00:32:13,610 --> 00:32:10,740

of the state forestry employees were

816

00:32:16,010 --> 00:32:13,620

told to travel some of these double

817

00:32:18,649 --> 00:32:16,020

track roads these Scrabble roads

818

00:32:20,990 --> 00:32:18,659

that are in the Apalachicola forest and

819

00:32:22,909 --> 00:32:21,000

see if they find any distressed animals

820

00:32:25,130 --> 00:32:22,919

then you bring the animal back and if

821

00:32:26,750 --> 00:32:25,140

they can heal the animal they will or

822

00:32:28,909 --> 00:32:26,760

they'll euthanize it because animals

823

00:32:31,130 --> 00:32:28,919

will sometimes run to the road I guess

824

00:32:34,010 --> 00:32:31,140

to get rescued during these situations

825

00:32:35,870 --> 00:32:34,020

where there's a fire and reportedly

826

00:32:38,570 --> 00:32:35,880

according to this documentary and I

827

00:32:42,070 --> 00:32:38,580

don't know the veracity of it

828

00:32:44,690 --> 00:32:42,080

um they they ran over a young a younger

829

00:32:47,510 --> 00:32:44,700

Sasquatch bolted into the road and they

830

00:32:49,430 --> 00:32:47,520

hit it with their vehicle that had a

831

00:32:52,730 --> 00:32:49,440

sort of up armored brush guard on the

832

00:32:54,769 --> 00:32:52,740

front and and ran over it and they

833

00:32:58,010 --> 00:32:54,779

loaded it into the truck and brought it

834

00:32:59,510 --> 00:32:58,020

back and shortly thereafter a couple of

835

00:33:03,529 --> 00:32:59,520

individuals from the federal government

836

00:33:05,810 --> 00:33:03,539

turned up at their their base camp and

837

00:33:07,789 --> 00:33:05,820

said take us back and and show us where

838

00:33:09,049 --> 00:33:07,799

you where you hit it tell us the story

839

00:33:10,850 --> 00:33:09,059

and they told the story and that's when

840

00:33:13,130 --> 00:33:10,860

they came with the finger in the chest

841

00:33:15,049 --> 00:33:13,140

and they said um

842

00:33:16,310 --> 00:33:15,059

um what you hit was a bear and of course

843

00:33:18,350 --> 00:33:16,320

they said no he didn't and then they

844

00:33:20,630 --> 00:33:18,360

said if you if you want your retirement

845

00:33:23,750 --> 00:33:20,640

what you hit was a bear

846

00:33:27,409 --> 00:33:23,760

so just you know remember that you hit a

847

00:33:29,870 --> 00:33:27,419

bear if you want to get your retirement

848

00:33:31,730 --> 00:33:29,880

um and then for contractors I can tell

849

00:33:33,350 --> 00:33:31,740

you from having signed a couple of

850

00:33:35,269 --> 00:33:33,360

contracts as a contractor with the

851
00:33:36,409 --> 00:33:35,279
government it is at will employment so I

852
00:33:38,570 --> 00:33:36,419
don't think I need to say any more about

853
00:33:40,610 --> 00:33:38,580
that

854
00:33:42,529 --> 00:33:40,620
yeah I would agree another thing I would

855
00:33:45,230 --> 00:33:42,539
add to that to me that the uh the

856
00:33:47,149 --> 00:33:45,240
protections potentially open up some

857
00:33:48,769 --> 00:33:47,159
avenues for those who are in fact

858
00:33:50,509 --> 00:33:48,779
already retired and have left the

859
00:33:52,009 --> 00:33:50,519
government and maybe had signed an NDA

860
00:33:53,990 --> 00:33:52,019
or been part of these programs in the

861
00:33:56,570 --> 00:33:54,000
past so if they had ever been part of a

862
00:33:59,149 --> 00:33:56,580
program left the program are not on the

863
00:34:01,190 --> 00:33:59,159

government's dollar uh you know

864

00:34:03,470 --> 00:34:01,200

potentially those individuals might feel

865

00:34:05,830 --> 00:34:03,480

more at Liberty to say what they know at

866

00:34:08,690 --> 00:34:05,840

least in a closed door sort of situation

867

00:34:10,970 --> 00:34:08,700

uh even then though I would Echo exactly

868

00:34:12,230 --> 00:34:10,980

what the Franks have stated that you

869

00:34:13,909 --> 00:34:12,240

know there's there's a tremendous amount

870

00:34:16,430 --> 00:34:13,919

of pressure Within These programs you

871

00:34:18,230 --> 00:34:16,440

can only imagine uh you know to be the

872

00:34:19,849 --> 00:34:18,240

person that sticks your neck out when

873

00:34:22,070 --> 00:34:19,859

your colleagues even if you're there

874

00:34:24,349 --> 00:34:22,080

your former colleagues are not doing so

875

00:34:26,570 --> 00:34:24,359

uh you know we're we're a very like

876

00:34:28,070 --> 00:34:26,580

memetic species right we look around and

877

00:34:29,389 --> 00:34:28,080

we kind of look at the room and see what

878

00:34:30,829 --> 00:34:29,399

people are doing we generally do what

879

00:34:33,290 --> 00:34:30,839

everybody else is doing it takes a lot

880

00:34:36,169 --> 00:34:33,300

of courage to step out and do something

881

00:34:38,329 --> 00:34:36,179

different and I don't know that um

882

00:34:41,450 --> 00:34:38,339

the reward is really there for

883

00:34:44,030 --> 00:34:41,460

individuals to do that now some I think

884

00:34:46,970 --> 00:34:44,040

maybe feel a tremendous compulsion to do

885

00:34:48,889 --> 00:34:46,980

so and I think those are the folks who

886

00:34:51,349 --> 00:34:48,899

quite frankly are kind of think of them

887

00:34:53,750 --> 00:34:51,359

as evangelists or even zealots you know

888

00:34:55,430 --> 00:34:53,760

they've had an experience it's not just

889

00:34:56,990 --> 00:34:55,440

they've worked on this they've had an

890

00:34:58,670 --> 00:34:57,000

experience of Their Own It has touched

891

00:35:01,430 --> 00:34:58,680

them on a very personal level and they

892

00:35:02,990 --> 00:35:01,440

feel an obligation to humanity to talk

893

00:35:05,270 --> 00:35:03,000

about it so you're really looking for

894

00:35:08,329 --> 00:35:05,280

those kinds of people who have that

895

00:35:09,650 --> 00:35:08,339

unique drive to kind of step out and

896

00:35:11,329 --> 00:35:09,660

share what they know and damn the

897

00:35:13,670 --> 00:35:11,339

consequences so I don't know how many

898

00:35:17,810 --> 00:35:13,680

people like that there are hopefully we

899

00:35:22,010 --> 00:35:17,820

have a few but Jim Sammy van yeah Rick

900

00:35:24,770 --> 00:35:22,020

Doty perhaps but even then I think I

901
00:35:27,109 --> 00:35:24,780
think we you know tend to believe they

902
00:35:29,510 --> 00:35:27,119
know a lot more than they really do this

903
00:35:31,250 --> 00:35:29,520
kind of gets back to what what do we

904
00:35:33,710 --> 00:35:31,260
actually know I mean there there are

905
00:35:37,069 --> 00:35:33,720
certainly Secrets 100 percent uh but as

906
00:35:38,990 --> 00:35:37,079
far as what those Secrets portray what

907
00:35:40,310 --> 00:35:39,000
the picture actually is I'm not sure we

908
00:35:42,530 --> 00:35:40,320
have a lot of clarity there they can

909
00:35:44,930 --> 00:35:42,540
certainly point in some directions hey

910
00:35:46,849 --> 00:35:44,940
maybe look over here or you know dig a

911
00:35:48,770 --> 00:35:46,859
little deeper in this sap or what

912
00:35:51,589 --> 00:35:48,780
whatnot and maybe you'll find something

913
00:35:53,870 --> 00:35:51,599

but um yeah I I feel like we're in the

914

00:35:55,630 --> 00:35:53,880

season of pessimism right now to be

915

00:35:59,050 --> 00:35:55,640

frank

916

00:36:01,550 --> 00:35:59,060

and that's twice

917

00:36:03,470 --> 00:36:01,560

but it feels that way that certainly is

918

00:36:04,970 --> 00:36:03,480

the vibe that I'm getting now I hope to

919

00:36:06,770 --> 00:36:04,980

be wrong I hope that there is some sort

920

00:36:08,390 --> 00:36:06,780

of um you know something coming out of

921

00:36:09,530 --> 00:36:08,400

left field that we aren't expecting I've

922

00:36:11,630 --> 00:36:09,540

certainly heard a couple rumors like

923

00:36:13,010 --> 00:36:11,640

that but I I just don't know we'll have

924

00:36:14,870 --> 00:36:13,020

to wait and see

925

00:36:17,329 --> 00:36:14,880

I've said from the beginning I didn't

926
00:36:19,970 --> 00:36:17,339
think Lou was read into to everything

927
00:36:21,349 --> 00:36:19,980
just because uh there are saps out there

928
00:36:24,290 --> 00:36:21,359
that he didn't ever need to know about

929
00:36:26,630 --> 00:36:24,300
that was not part of atip or OSAP so

930
00:36:28,730 --> 00:36:26,640
I've said that from the very beginning

931
00:36:31,190 --> 00:36:28,740
and I think he basically says that

932
00:36:33,230 --> 00:36:31,200
although I think some people have shared

933
00:36:35,750 --> 00:36:33,240
some things with him

934
00:36:37,609 --> 00:36:35,760
um unofficially that that gives him some

935
00:36:39,230 --> 00:36:37,619
certain knowledge but of course he

936
00:36:42,410 --> 00:36:39,240
doesn't know it all nobody knows it all

937
00:36:44,990 --> 00:36:42,420
even the people that know everything the

938
00:36:46,670 --> 00:36:45,000

government's done in our government or

939

00:36:47,930 --> 00:36:46,680

or be it the British government still

940

00:36:50,510 --> 00:36:47,940

doesn't know it all they just know more

941

00:36:52,010 --> 00:36:50,520

than we do so that you know that that's

942

00:36:53,930 --> 00:36:52,020

compelling

943

00:36:56,150 --> 00:36:53,940

um even if in aggregate it's not it's

944

00:36:58,370 --> 00:36:56,160

not everything because that information

945

00:37:01,609 --> 00:36:58,380

doesn't exist

946

00:37:03,349 --> 00:37:01,619

don't think

947

00:37:05,750 --> 00:37:03,359

what Jim said and by the way everybody

948

00:37:07,370 --> 00:37:05,760

if you want to check out one of Jim's

949

00:37:09,770 --> 00:37:07,380

interviews that I absolutely love check

950

00:37:12,710 --> 00:37:09,780

out Stuart Davis he's a member of the

951
00:37:14,210 --> 00:37:12,720
experiencer group and it was a different

952
00:37:16,730 --> 00:37:14,220
very different interview than the

953
00:37:18,589 --> 00:37:16,740
interview that he had with us

954
00:37:21,050 --> 00:37:18,599
um and I love that interview just like I

955
00:37:25,370 --> 00:37:21,060
love the interview we did with him but

956
00:37:32,990 --> 00:37:28,750
um but um yeah he's he's very candid uh

957
00:37:34,910 --> 00:37:33,000
uh about uh what that he he says I I

958
00:37:37,310 --> 00:37:34,920
don't think they know it all and part of

959
00:37:39,050 --> 00:37:37,320
the problem is and and you a couple of

960
00:37:41,030 --> 00:37:39,060
you spoke about this Frank has spoke

961
00:37:44,690 --> 00:37:41,040
about it Nathan spoke about it is

962
00:37:46,430 --> 00:37:44,700
they're at a loss to be able to explain

963
00:37:47,930 --> 00:37:46,440

um what they do know because they don't

964

00:37:50,450 --> 00:37:47,940

understand how do you explain something

965

00:37:53,510 --> 00:37:50,460

that you don't understand

966

00:37:55,370 --> 00:37:53,520

um I've been in that you know in that uh

967

00:37:56,870 --> 00:37:55,380

situation someone asked you about the

968

00:37:58,310 --> 00:37:56,880

airplane some you don't know understand

969

00:38:00,650 --> 00:37:58,320

about the airplane well I can't explain

970

00:38:01,870 --> 00:38:00,660

to you if I don't understand it so

971

00:38:04,609 --> 00:38:01,880

anyway

972

00:38:08,569 --> 00:38:04,619

uh who's next oh

973

00:38:09,589 --> 00:38:08,579

Mr Frank it's your turn maybe this is

974

00:38:13,550 --> 00:38:09,599

the first time we're gonna hear you say

975

00:38:17,569 --> 00:38:13,560

report in this in this podcast I hope

976

00:38:20,210 --> 00:38:17,579

which front me yeah okay cool

977

00:38:21,770 --> 00:38:20,220

um yeah just to add if it's cool um

978

00:38:23,030 --> 00:38:21,780

quickly a couple of thoughts on on what

979

00:38:25,010 --> 00:38:23,040

you were saying there as well before I

980

00:38:27,050 --> 00:38:25,020

get into my little my little topic sort

981

00:38:28,550 --> 00:38:27,060

of thing and yeah I I think you're

982

00:38:30,890 --> 00:38:28,560

exactly right I think sometimes

983

00:38:33,230 --> 00:38:30,900

everything becomes a breadcrumb that

984

00:38:35,150 --> 00:38:33,240

that the Lola's on though or Christopher

985

00:38:36,530 --> 00:38:35,160

melon or any of these people who've you

986

00:38:39,230 --> 00:38:36,540

know been on the other side of the

987

00:38:40,790 --> 00:38:39,240

curtain of secrecy kind of thing and I

988

00:38:42,530 --> 00:38:40,800

think even they would say themselves

989

00:38:44,450 --> 00:38:42,540

that that's not really how it's intended

990

00:38:47,089 --> 00:38:44,460

sometimes they do leave breadcrumbs

991

00:38:49,130 --> 00:38:47,099

that's absolutely correct but as you say

992

00:38:50,630 --> 00:38:49,140

I don't think Louis zando has all the

993

00:38:52,970 --> 00:38:50,640

answers he just has a very strong

994

00:38:54,829 --> 00:38:52,980

indication of where the some of some

995

00:38:56,750 --> 00:38:54,839

more you know more in-depth answers may

996

00:38:59,630 --> 00:38:56,760

be located and he's trying to get

997

00:39:01,130 --> 00:38:59,640

towards that and I think uh Chris Melvin

998

00:39:02,870 --> 00:39:01,140

said the other day

999

00:39:04,670 --> 00:39:02,880

um that he didn't think that Lou

1000

00:39:07,310 --> 00:39:04,680

Alexander was directly involved in any

1001
00:39:09,770 --> 00:39:07,320
kind of a crash retrieval program either

1002
00:39:11,930 --> 00:39:09,780
um but then again he said exactly but he

1003
00:39:13,490 --> 00:39:11,940
confirmed that Luella zondo as far as he

1004
00:39:15,470 --> 00:39:13,500
knows is not one of the people who

1005
00:39:17,089 --> 00:39:15,480
waiting to come forward to testify

1006
00:39:19,250 --> 00:39:17,099
should these whistleblower protections

1007
00:39:21,410 --> 00:39:19,260
be put into place but he did also

1008
00:39:24,470 --> 00:39:21,420
suggest that there are people but he's

1009
00:39:27,109 --> 00:39:24,480
used to the term people's in plural who

1010
00:39:28,730 --> 00:39:27,119
have been you know directly involved

1011
00:39:30,290 --> 00:39:28,740
with some of these these programs so

1012
00:39:32,690 --> 00:39:30,300
that'll be very interesting that's kind

1013
00:39:34,670 --> 00:39:32,700

of you know sort of corroborates what

1014

00:39:37,310 --> 00:39:34,680

Gary Nolan has been saying as well so

1015

00:39:39,530 --> 00:39:37,320

there's a lot of um very interesting

1016

00:39:40,970 --> 00:39:39,540

things you know in that direction we'll

1017

00:39:43,550 --> 00:39:40,980

see how it all plays out over the course

1018

00:39:45,050 --> 00:39:43,560

of the next six months eh

1019

00:39:47,870 --> 00:39:45,060

um yeah anything you guys want to add

1020

00:39:49,609 --> 00:39:47,880

before we get into my little topic

1021

00:39:53,210 --> 00:39:49,619

no go for it man

1022

00:39:54,890 --> 00:39:53,220

Yeah so basically black triangles

1023

00:39:56,750 --> 00:39:54,900

um it's a it's an aspect of the UFO

1024

00:39:58,430 --> 00:39:56,760

topic that I find particularly

1025

00:39:59,930 --> 00:39:58,440

interesting

1026

00:40:02,390 --> 00:39:59,940

um for a few reasons

1027

00:40:04,370 --> 00:40:02,400

uh the sightings are generally you know

1028

00:40:06,650 --> 00:40:04,380

completely unambiguous we're not talking

1029

00:40:08,150 --> 00:40:06,660

about distant lights and things you know

1030

00:40:11,329 --> 00:40:08,160

we're talking about really clearly

1031

00:40:13,130 --> 00:40:11,339

defined shapes of very large objects you

1032

00:40:15,230 --> 00:40:13,140

know in many cases the triangles are

1033

00:40:17,569 --> 00:40:15,240

actually very close to the Observer they

1034

00:40:19,150 --> 00:40:17,579

move very slowly as well so they can be

1035

00:40:22,250 --> 00:40:19,160

observed for longer periods of time

1036

00:40:23,990 --> 00:40:22,260

overpopulated areas as well and often

1037

00:40:26,510 --> 00:40:24,000

they've been seen by multiple

1038

00:40:29,510 --> 00:40:26,520

individuals with radar returns and all

1039

00:40:33,109 --> 00:40:29,520

the rest of it and they almost never

1040

00:40:35,210 --> 00:40:33,119

appear to to land or crash but they just

1041

00:40:37,910 --> 00:40:35,220

kind of slowly go about whatever is the

1042

00:40:41,270 --> 00:40:37,920

chance to achieve with what seems to be

1043

00:40:42,530 --> 00:40:41,280

like a disregard for people watching and

1044

00:40:44,510 --> 00:40:42,540

obviously

1045

00:40:46,010 --> 00:40:44,520

they have very similar characteristics

1046

00:40:48,710 --> 00:40:46,020

as well even going back hundreds of

1047

00:40:50,390 --> 00:40:48,720

years which kind of suggests to me at

1048

00:40:52,730 --> 00:40:50,400

least that they can't be explained by

1049

00:40:55,550 --> 00:40:52,740

being modern black budget Tech

1050

00:40:56,990 --> 00:40:55,560

so the specific questions

1051
00:41:00,170 --> 00:40:57,000
um be interested to hear what you guys

1052
00:41:02,450 --> 00:41:00,180
think are what could these objects be

1053
00:41:03,950 --> 00:41:02,460
doing and also

1054
00:41:06,170 --> 00:41:03,960
um what is going on with the lights

1055
00:41:07,550 --> 00:41:06,180
which I suppose is is you know a

1056
00:41:09,829 --> 00:41:07,560
question about UFOs in general but

1057
00:41:11,750 --> 00:41:09,839
triangles in particular it's a huge

1058
00:41:13,670 --> 00:41:11,760
silent black object

1059
00:41:15,710 --> 00:41:13,680
if they turned out the lights at night

1060
00:41:17,569 --> 00:41:15,720
they'd be very stealthy so why do they

1061
00:41:20,089 --> 00:41:17,579
have lights do they want to be seen so

1062
00:41:22,970 --> 00:41:20,099
yeah just to summarize what are these

1063
00:41:24,829 --> 00:41:22,980

black triangles doing potentially and

1064

00:41:30,410 --> 00:41:24,839

what's going on with the lights

1065

00:41:34,790 --> 00:41:32,810

sure um I made a few notes last night I

1066

00:41:36,050 --> 00:41:34,800

was up late reading

1067

00:41:37,430 --> 00:41:36,060

um

1068

00:41:40,490 --> 00:41:37,440

obviously I don't have all the answers

1069

00:41:42,230 --> 00:41:40,500

but if we're talking about triangle UFOs

1070

00:41:44,270 --> 00:41:42,240

um I referenced them

1071

00:41:46,790 --> 00:41:44,280

what Colonel John Alexander has said

1072

00:41:48,170 --> 00:41:46,800

about them and also David Marlow who

1073

00:41:51,530 --> 00:41:48,180

wrote you know the seminal book on on

1074

00:41:53,810 --> 00:41:51,540

triangle your vote so first sighting I

1075

00:41:54,710 --> 00:41:53,820

think was 1882 in like the Far East so

1076

00:42:03,890 --> 00:41:54,720

that's

1077

00:42:06,410 --> 00:42:03,900

Works in the U.S Air Force and I also

1078

00:42:09,290 --> 00:42:06,420

think that because of that time that

1079

00:42:11,150 --> 00:42:09,300

that whole time frame from 1882

1080

00:42:13,250 --> 00:42:11,160

you can't say then that you know black

1081

00:42:14,630 --> 00:42:13,260

us projects could possibly account for

1082

00:42:16,430 --> 00:42:14,640

all those sightings

1083

00:42:18,710 --> 00:42:16,440

and I also say

1084

00:42:20,630 --> 00:42:18,720

uh you don't test that kind of that

1085

00:42:22,190 --> 00:42:20,640

technology overpopulated areas so I was

1086

00:42:24,410 --> 00:42:22,200

looking through some some British cases

1087

00:42:26,750 --> 00:42:24,420

for example where they're you know

1088

00:42:28,370 --> 00:42:26,760

you've got massive massive uh you know

1089

00:42:30,470 --> 00:42:28,380

hundreds of meters across triangles and

1090

00:42:32,089 --> 00:42:30,480

they're hovering across roads and you

1091

00:42:34,370 --> 00:42:32,099

know basically casting Shadows over

1092

00:42:36,530 --> 00:42:34,380

fields and that kind of stuff so you

1093

00:42:38,690 --> 00:42:36,540

just don't test that stuff in a

1094

00:42:40,250 --> 00:42:38,700

populated environment

1095

00:42:42,950 --> 00:42:40,260

um and also the technology doesn't seem

1096

00:42:45,589 --> 00:42:42,960

to evolve because from 1882 to what we

1097

00:42:48,829 --> 00:42:45,599

have today what you'd expect with um you

1098

00:42:50,510 --> 00:42:48,839

know a you know a terrestrial aircraft

1099

00:42:51,890 --> 00:42:50,520

um whether it's you know like from the

1100

00:42:53,690 --> 00:42:51,900

Wright brothers onwards we've seen a

1101
00:42:56,270 --> 00:42:53,700
direct progression in technology right

1102
00:42:58,490 --> 00:42:56,280
from like biplanes to monoplanes to to

1103
00:43:00,230 --> 00:42:58,500
Jets to scramjets right so you see a

1104
00:43:01,609 --> 00:43:00,240
progression of Technology the technology

1105
00:43:03,650 --> 00:43:01,619
with triangles doesn't seem to have

1106
00:43:05,270 --> 00:43:03,660
changed also as well if you're talking

1107
00:43:07,250 --> 00:43:05,280
about um you know the aircraft design

1108
00:43:08,569 --> 00:43:07,260
aircraft to design you know terrestrial

1109
00:43:09,890 --> 00:43:08,579
aircraft are designed for a specific

1110
00:43:11,809 --> 00:43:09,900
purpose

1111
00:43:13,190 --> 00:43:11,819
um and large flying platforms I'm not

1112
00:43:14,450 --> 00:43:13,200
talking about dirigibles right or

1113
00:43:17,390 --> 00:43:14,460

balloons that are used for intelligence

1114

00:43:21,170 --> 00:43:17,400

purposes or or for um you know um

1115

00:43:24,589 --> 00:43:21,180

uh you know putting out um you know um

1116

00:43:26,990 --> 00:43:24,599

uh propaganda or advertising

1117

00:43:28,730 --> 00:43:27,000

um large aircraft like the Antonov or

1118

00:43:32,630 --> 00:43:28,740

the Galaxy C5 they're designed to

1119

00:43:35,750 --> 00:43:32,640

transport people and Equipment right so

1120

00:43:37,849 --> 00:43:35,760

I find it very hard to believe that if

1121

00:43:40,370 --> 00:43:37,859

these were American Technology why

1122

00:43:41,870 --> 00:43:40,380

weren't they used in in Afghanistan and

1123

00:43:43,790 --> 00:43:41,880

why do why would you see them in Iraq

1124

00:43:45,589 --> 00:43:43,800

because you had arrested horrific

1125

00:43:47,510 --> 00:43:45,599

logistical challenges in both

1126
00:43:49,430 --> 00:43:47,520
Afghanistan and Iraq I mean I worked on

1127
00:43:50,870 --> 00:43:49,440
convoys for a while in Iraq so I was

1128
00:43:52,370 --> 00:43:50,880
marshaling in like you have a massive

1129
00:43:55,309 --> 00:43:52,380
Convoy military Convoy that comes in

1130
00:43:56,690 --> 00:43:55,319
you're looking like 200 trucks just with

1131
00:43:58,849 --> 00:43:56,700
um you know the uh you know the the

1132
00:44:00,650 --> 00:43:58,859
supplies and you know the food the water

1133
00:44:02,390 --> 00:44:00,660
the petrol lubricants plus all the

1134
00:44:04,130 --> 00:44:02,400
supply vehicles and your thousands of

1135
00:44:06,710 --> 00:44:04,140
trucks transiting Iraq and Afghanistan

1136
00:44:08,270 --> 00:44:06,720
every day and from Afghanistan also over

1137
00:44:10,430 --> 00:44:08,280
the Hindu Kush and traveling from

1138
00:44:12,829 --> 00:44:10,440

Pakistan so it's very problematic so why

1139

00:44:13,790 --> 00:44:12,839

wasn't this technology used if it were

1140

00:44:16,849 --> 00:44:13,800

American

1141

00:44:19,069 --> 00:44:16,859

and also if you're talking

1142

00:44:20,450 --> 00:44:19,079

these platforms triangles they've got

1143

00:44:21,650 --> 00:44:20,460

five observable technology they can

1144

00:44:23,930 --> 00:44:21,660

hover

1145

00:44:25,970 --> 00:44:23,940

um they can um they have instance

1146

00:44:28,190 --> 00:44:25,980

acceleration you've got Hypersonic

1147

00:44:29,329 --> 00:44:28,200

velocities without signatures uh they've

1148

00:44:30,589 --> 00:44:29,339

definitely got signature management

1149

00:44:32,329 --> 00:44:30,599

because some people have said you know

1150

00:44:33,109 --> 00:44:32,339

they kind of like disappear or they look

1151

00:44:33,849 --> 00:44:33,119

like they're you know they've got

1152

00:44:37,250 --> 00:44:33,859

electric

1153

00:44:40,130 --> 00:44:37,260

Electro Optical camouflage so you know

1154

00:44:42,050 --> 00:44:40,140

if America had that technology or if an

1155

00:44:44,270 --> 00:44:42,060

ally had that technology then why would

1156

00:44:46,069 --> 00:44:44,280

you spend billions and billions on F22

1157

00:44:48,710 --> 00:44:46,079

and F-35 you know those are just my

1158

00:44:54,829 --> 00:44:52,849

I agree I agree money

1159

00:44:56,990 --> 00:44:54,839

yeah that I mean they're one of those

1160

00:45:00,109 --> 00:44:57,000

crafts that uh to me feel the most

1161

00:45:02,450 --> 00:45:00,119

ominous I don't know quite why I have

1162

00:45:05,210 --> 00:45:02,460

that reaction I've not seen one but the

1163

00:45:07,730 --> 00:45:05,220

accounts of individuals that have tend

1164

00:45:09,950 --> 00:45:07,740

to carry that extra level of weight I

1165

00:45:11,990 --> 00:45:09,960

don't know if it's because of the

1166

00:45:14,510 --> 00:45:12,000

you know just the sharp edges and the

1167

00:45:16,849 --> 00:45:14,520

the black void of the object as far as

1168

00:45:19,430 --> 00:45:16,859

the lights are concerned you know I've I

1169

00:45:21,710 --> 00:45:19,440

take that to mean an Evidence of their

1170

00:45:22,430 --> 00:45:21,720

propulsion their means of propulsion

1171

00:45:24,349 --> 00:45:22,440

um

1172

00:45:26,510 --> 00:45:24,359

rather than a means of you know

1173

00:45:29,390 --> 00:45:26,520

illumination or uh

1174

00:45:30,589 --> 00:45:29,400

of signaling uh that they're a craft of

1175

00:45:32,270 --> 00:45:30,599

some sort that you need to watch out for

1176

00:45:34,790 --> 00:45:32,280

in the sky

1177

00:45:35,870 --> 00:45:34,800

um you know to the point of stealth if

1178

00:45:37,430 --> 00:45:35,880

they're if they're concerned about

1179

00:45:39,890 --> 00:45:37,440

Stealth they would certainly turn those

1180

00:45:41,329 --> 00:45:39,900

off right uh they don't seem to be

1181

00:45:43,670 --> 00:45:41,339

concerned that's the other thing is they

1182

00:45:46,730 --> 00:45:43,680

they appear they hover they loiter then

1183

00:45:47,329 --> 00:45:46,740

they disappear with Incredible speed

1184

00:45:49,370 --> 00:45:47,339

um

1185

00:45:50,809 --> 00:45:49,380

I mean that those are indications of the

1186

00:45:52,849 --> 00:45:50,819

other craft as well that they just don't

1187

00:45:55,309 --> 00:45:52,859

give to you know what's about what we

1188

00:45:57,290 --> 00:45:55,319

think or where they happen to show up or

1189

00:45:58,010 --> 00:45:57,300

or whatnot so

1190

00:46:00,170 --> 00:45:58,020

um

1191

00:46:01,790 --> 00:46:00,180

I don't know that you know we also tend

1192

00:46:04,010 --> 00:46:01,800

to want to classify these things right

1193

00:46:06,109 --> 00:46:04,020

so it's the triangles are different from

1194

00:46:07,970 --> 00:46:06,119

the saucers are different from the orbs

1195

00:46:10,010 --> 00:46:07,980

or different from you know we this the

1196

00:46:13,089 --> 00:46:10,020

cigar shapes so maybe these are all

1197

00:46:16,010 --> 00:46:13,099

different you know sort of species or

1198

00:46:18,589 --> 00:46:16,020

hard for me to make that determination

1199

00:46:20,270 --> 00:46:18,599

without a lot of more data

1200

00:46:21,710 --> 00:46:20,280

um and we certainly also heard that

1201

00:46:23,809 --> 00:46:21,720

maybe they've performed different

1202

00:46:25,849 --> 00:46:23,819

functions so these are just these are

1203

00:46:28,910 --> 00:46:25,859

kind of narratives that we project onto

1204

00:46:30,770 --> 00:46:28,920

these objects that I think help us to

1205

00:46:33,290 --> 00:46:30,780

categorize what we just don't really

1206

00:46:36,050 --> 00:46:33,300

know we're we're filling in this empty

1207

00:46:38,390 --> 00:46:36,060

void uh with with our own sort of

1208

00:46:40,370 --> 00:46:38,400

stories to to feel better about whatever

1209

00:46:41,390 --> 00:46:40,380

it happens to be there are certainly a

1210

00:46:44,270 --> 00:46:41,400

lot of

1211

00:46:46,130 --> 00:46:44,280

um accounts of individuals who have seen

1212

00:46:48,290 --> 00:46:46,140

these and even been on board them I

1213

00:46:51,109 --> 00:46:48,300

think the the Terry Loveless story was a

1214

00:46:52,130 --> 00:46:51,119

triangle encounter and there were if I

1215

00:46:56,030 --> 00:46:52,140

recall

1216

00:46:59,390 --> 00:46:56,040

um Vats of you know sort of beings uh

1217

00:47:00,349 --> 00:46:59,400

being seemingly incubated in the craft I

1218

00:47:02,930 --> 00:47:00,359

don't quite know that was the

1219

00:47:06,650 --> 00:47:02,940

interpretation so that is an interesting

1220

00:47:07,250 --> 00:47:06,660

uh you know fact there I don't know it's

1221

00:47:08,569 --> 00:47:07,260

um

1222

00:47:10,190 --> 00:47:08,579

I would love to know more but I

1223

00:47:12,650 --> 00:47:10,200

completely agree

1224

00:47:15,109 --> 00:47:12,660

um with Frank Milburn that the the the

1225

00:47:16,430 --> 00:47:15,119

stories go back too far for it to be our

1226

00:47:18,349 --> 00:47:16,440

Tech

1227

00:47:21,410 --> 00:47:18,359

um now we certainly could have you know

1228

00:47:22,970 --> 00:47:21,420

aped the tech later on and uh or

1229

00:47:25,250 --> 00:47:22,980

captured it perhaps and learned how to

1230

00:47:27,650 --> 00:47:25,260

Pilot them or whatever but it seems like

1231

00:47:29,870 --> 00:47:27,660

this is not something that we uh cooked

1232

00:47:32,450 --> 00:47:29,880

up in a in a McDonald Douglas you know

1233

00:47:34,010 --> 00:47:32,460

Hangar somewhere and you know just

1234

00:47:35,990 --> 00:47:34,020

started we're just following it back

1235

00:47:38,390 --> 00:47:36,000

holding it back you know because why not

1236

00:47:40,130 --> 00:47:38,400

right so the rainy day you might need it

1237

00:47:42,290 --> 00:47:40,140

yeah yep can I make another quick

1238

00:47:43,670 --> 00:47:42,300

comment on that guys please

1239

00:47:44,930 --> 00:47:43,680

yeah also as well I mean if you're

1240

00:47:46,190 --> 00:47:44,940

talking about like these massive craft

1241

00:47:47,210 --> 00:47:46,200

like some of them are like you know

1242

00:47:50,510 --> 00:47:47,220

they're supposed to be like kilometers

1243

00:47:53,690 --> 00:47:50,520

across right so if for example the USA

1244

00:47:57,109 --> 00:47:53,700

If This Were U.S tech so you know where

1245

00:47:59,150 --> 00:47:57,119

are these vehicles being built uh where

1246

00:48:01,190 --> 00:47:59,160

are they being based out of if you're

1247

00:48:02,750 --> 00:48:01,200

using it for you know whether it's um

1248

00:48:04,730 --> 00:48:02,760

you know I star or whether you're using

1249

00:48:07,250 --> 00:48:04,740

it for Logistics like who's involved in

1250

00:48:09,290 --> 00:48:07,260

like loading it up who fixes it

1251

00:48:11,089 --> 00:48:09,300

um who refuels it if it needs refueling

1252

00:48:12,530 --> 00:48:11,099

you know who Pilots it there's some kind

1253

00:48:14,390 --> 00:48:12,540

of infrastructure that has to be

1254

00:48:16,010 --> 00:48:14,400

involved with these craft as well so

1255

00:48:17,630 --> 00:48:16,020

where is that infrastructure and who's

1256

00:48:19,130 --> 00:48:17,640

providing it

1257

00:48:20,510 --> 00:48:19,140

yeah that's a great point you know when

1258

00:48:22,010 --> 00:48:20,520

you're finished playing pool you put the

1259

00:48:23,930 --> 00:48:22,020

rack up on the wall like where do they

1260

00:48:26,150 --> 00:48:23,940

hang these things I don't

1261

00:48:28,010 --> 00:48:26,160

think I don't know right if you've seen

1262

00:48:29,809 --> 00:48:28,020

like an automotive hanger or even a

1263

00:48:32,990 --> 00:48:29,819

hanger where like Boeing would build

1264

00:48:35,690 --> 00:48:33,000

747s like out in uh in the Seattle area

1265

00:48:37,609 --> 00:48:35,700

they're so enormous that you just

1266

00:48:39,589 --> 00:48:37,619

couldn't hide and you couldn't keep

1267

00:48:42,290 --> 00:48:39,599

enough people under wraps it's just

1268

00:48:44,630 --> 00:48:42,300

there's so many aspects of what these

1269

00:48:47,450 --> 00:48:44,640

things do particularly the silent

1270

00:48:49,430 --> 00:48:47,460

propulsion that just makes them Beyond

1271

00:48:51,890 --> 00:48:49,440

us that it's never been a question in my

1272

00:48:54,470 --> 00:48:51,900

mind that it that it's it's not us at

1273

00:48:56,450 --> 00:48:54,480

this point someday it might be if

1274

00:48:58,490 --> 00:48:56,460

Humanity lasts that long and we can

1275

00:49:01,250 --> 00:48:58,500

preserve the environment in which we

1276

00:49:02,690 --> 00:49:01,260

live the planet and make it survival for

1277

00:49:10,930 --> 00:49:02,700

long enough I've no doubt we'll get

1278

00:49:14,329 --> 00:49:13,130

I was looking I'm in the middle and then

1279

00:49:16,250 --> 00:49:14,339

she's next I was going to give it right

1280

00:49:17,870 --> 00:49:16,260

to her honestly I think you're gonna

1281

00:49:19,190 --> 00:49:17,880

have to build on a couple things I'm

1282

00:49:21,950 --> 00:49:19,200

pointing out because you're the expert

1283

00:49:23,809 --> 00:49:21,960

on this stuff DJ you're gonna know some

1284

00:49:27,470 --> 00:49:23,819

so I think it's better if I throw these

1285

00:49:31,190 --> 00:49:27,480

out there so yeah once upon a time I was

1286

00:49:32,870 --> 00:49:31,200

researching Alexander lippish who is um

1287

00:49:34,309 --> 00:49:32,880

an engineer

1288

00:49:37,790 --> 00:49:34,319

um that we got

1289

00:49:41,210 --> 00:49:37,800

through Operation Paperclip

1290

00:49:43,309 --> 00:49:41,220

so he was a Nazi and he created some

1291

00:49:45,170 --> 00:49:43,319

really bizarre craft and one of the

1292

00:49:49,190 --> 00:49:45,180

things that he created was a triangle

1293

00:49:52,430 --> 00:49:49,200

and shortly after that we started going

1294

00:49:55,790 --> 00:49:52,440

to the Delta shape and I've been really

1295

00:49:58,010 --> 00:49:55,800

fixated on watching Delta shapes but we

1296

00:50:00,230 --> 00:49:58,020

still do not have something that is that

1297

00:50:03,230 --> 00:50:00,240

big or looks anything like what people

1298

00:50:05,450 --> 00:50:03,240

are describing the closest that we

1299

00:50:08,470 --> 00:50:05,460

um have gotten is Russia was working on

1300

00:50:10,849 --> 00:50:08,480

a helicopter it was a three-part

1301
00:50:12,650 --> 00:50:10,859
helicopter that would have looked like a

1302
00:50:15,050 --> 00:50:12,660
triangle to someone observing down below

1303
00:50:17,950 --> 00:50:15,060
but it never got off the ground

1304
00:50:20,690 --> 00:50:17,960
well you know literally never

1305
00:50:23,750 --> 00:50:20,700
they never did it I will tell you though

1306
00:50:25,190 --> 00:50:23,760
from like a human perspective all of

1307
00:50:27,829 --> 00:50:25,200
those Craft

1308
00:50:30,290 --> 00:50:27,839
um that they have that large triangle

1309
00:50:31,910 --> 00:50:30,300
shape they're like that for storage

1310
00:50:33,829 --> 00:50:31,920
reasons

1311
00:50:35,390 --> 00:50:33,839
um like that was why they had the one in

1312
00:50:38,150 --> 00:50:35,400
Russia being built they wanted to be

1313
00:50:40,730 --> 00:50:38,160

able to lift really heavy objects

1314

00:50:43,790 --> 00:50:40,740

um and the Delta that they're working on

1315

00:50:46,490 --> 00:50:43,800

now for the next gen fighter apparently

1316

00:50:48,650 --> 00:50:46,500

it's shaped the way it is as a big

1317

00:50:52,190 --> 00:50:48,660

triangle in order to store more things

1318

00:50:54,349 --> 00:50:52,200

underneath it so that seems to be an

1319

00:50:56,809 --> 00:50:54,359

answer from a human perspective what

1320

00:50:59,089 --> 00:50:56,819

something non-human would say you know

1321

00:51:01,309 --> 00:50:59,099

totally different and the last thing I

1322

00:51:03,109 --> 00:51:01,319

just wanted to comment actually I just

1323

00:51:04,730 --> 00:51:03,119

have two quick more comments one was

1324

00:51:07,010 --> 00:51:04,740

that you know with shapes like Nathan

1325

00:51:08,990 --> 00:51:07,020

said you know shapes would get caught on

1326
00:51:11,150 --> 00:51:09,000
them but they change shapes all the time

1327
00:51:12,950 --> 00:51:11,160
I was literally envisioning like this

1328
00:51:14,990 --> 00:51:12,960
triangle just breaking off into little

1329
00:51:17,569 --> 00:51:15,000
pieces while we were talking because

1330
00:51:19,490 --> 00:51:17,579
people see these changes all the time

1331
00:51:22,490 --> 00:51:19,500
with these craft they're not following

1332
00:51:25,069 --> 00:51:22,500
our roles and then as far as the lights

1333
00:51:26,510 --> 00:51:25,079
go they probably really don't care if we

1334
00:51:28,549 --> 00:51:26,520
see their lights or not and I don't

1335
00:51:30,890 --> 00:51:28,559
really think they're like lights like we

1336
00:51:33,349 --> 00:51:30,900
have I think they're propulsion related

1337
00:51:36,770 --> 00:51:33,359
and that's all I wanted to say okay DJ

1338
00:51:39,049 --> 00:51:36,780

please provide your expert advice on

1339

00:51:41,809 --> 00:51:39,059

this well I mean first of all I'm

1340

00:51:44,150 --> 00:51:41,819

definitely no no expert but I I could

1341

00:51:46,309 --> 00:51:44,160

talk about what the triangle shape means

1342

00:51:47,930 --> 00:51:46,319

in terms of Aviation and I'll start off

1343

00:51:50,750 --> 00:51:47,940

with saying that David Marler said in

1344

00:51:54,170 --> 00:51:50,760

some of the cases the broad end or wide

1345

00:51:56,030 --> 00:51:54,180

end of the triangle was was facing it

1346

00:51:58,730 --> 00:51:56,040

was the direction of flight while the

1347

00:52:01,069 --> 00:51:58,740

pointy end was not and that tells you

1348

00:52:03,170 --> 00:52:01,079

what I've been saying all along is that

1349

00:52:05,270 --> 00:52:03,180

it doesn't matter that something's

1350

00:52:07,849 --> 00:52:05,280

moving through the air it matters if it

1351
00:52:10,430 --> 00:52:07,859
has a wing form and if you just take a

1352
00:52:12,230 --> 00:52:10,440
teardrop and you turn it on its side so

1353
00:52:14,930 --> 00:52:12,240
that the fat end is the direction of

1354
00:52:16,790 --> 00:52:14,940
flight and the narrow end of that tier

1355
00:52:18,349 --> 00:52:16,800
and then what we do is we take the

1356
00:52:19,730 --> 00:52:18,359
bottom of that teardrop and we just

1357
00:52:22,549 --> 00:52:19,740
slice it flat

1358
00:52:25,130 --> 00:52:22,559
if you do that so that only the top is

1359
00:52:27,109 --> 00:52:25,140
teardrop so we've sliced it so that the

1360
00:52:28,250 --> 00:52:27,119
Bottom's flat and I start moving that

1361
00:52:29,870 --> 00:52:28,260
through the air

1362
00:52:32,150 --> 00:52:29,880
Bernoulli's Theorem says that will

1363
00:52:34,970 --> 00:52:32,160

create lift and now I have a flying wing

1364

00:52:37,370 --> 00:52:34,980

but in order to do that there's a lot of

1365

00:52:40,910 --> 00:52:37,380

mathematics on how fast I want it to go

1366

00:52:43,430 --> 00:52:40,920

means how how swept back that Wing will

1367

00:52:46,430 --> 00:52:43,440

be in the triangle if I wanted to take

1368

00:52:48,829 --> 00:52:46,440

off on short runways then my wings are

1369

00:52:50,690 --> 00:52:48,839

going to be straight across but if I

1370

00:52:52,790 --> 00:52:50,700

don't if I don't care about speed and

1371

00:52:55,130 --> 00:52:52,800

I'm like okay 300 knots is as fast as I

1372

00:52:58,150 --> 00:52:55,140

need to go we start getting up 500 600

1373

00:53:01,069 --> 00:52:58,160

700 Bach point eight Mach point nine

1374

00:53:04,069 --> 00:53:01,079

mock now I have to start sweeping those

1375

00:53:06,109 --> 00:53:04,079

wings back in order to take advantage

1376

00:53:09,290 --> 00:53:06,119

and be able to go fast through the air

1377

00:53:10,970 --> 00:53:09,300

or you're just gonna over stress the

1378

00:53:13,910 --> 00:53:10,980

wings and trying to achieve that speed

1379

00:53:16,430 --> 00:53:13,920

so there's all these things these craft

1380

00:53:18,230 --> 00:53:16,440

it's not the the triangle shape that we

1381

00:53:19,730 --> 00:53:18,240

can obviously we can fly triangles now

1382

00:53:22,010 --> 00:53:19,740

because you guys have seen the stealth

1383

00:53:25,309 --> 00:53:22,020

fighter and you've seen the B2 bomber or

1384

00:53:30,710 --> 00:53:25,319

triangles but they are a wing form and

1385

00:53:32,089 --> 00:53:30,720

the UFO craft is apparently not and it

1386

00:53:37,250 --> 00:53:32,099

can just hover there so it doesn't

1387

00:53:40,250 --> 00:53:37,260

require the air in order to create lift

1388

00:53:42,650 --> 00:53:40,260

like our like what aircraft do which is

1389

00:53:44,930 --> 00:53:42,660

why we call them aircraft and I call the

1390

00:53:47,210 --> 00:53:44,940

other one craft

1391

00:53:48,710 --> 00:53:47,220

um so and plus the fact of what we said

1392

00:53:50,710 --> 00:53:48,720

David Marler said sometimes they're

1393

00:53:53,990 --> 00:53:50,720

flying with the broad end

1394

00:53:55,910 --> 00:53:54,000

uh facing in the direction of flight and

1395

00:53:57,530 --> 00:53:55,920

that goes completely against Bernoulli's

1396

00:53:59,630 --> 00:53:57,540

Theorem right there that's not

1397

00:54:02,450 --> 00:53:59,640

aerodynamic that's not something that we

1398

00:54:04,790 --> 00:54:02,460

would we would build

1399

00:54:06,650 --> 00:54:04,800

um and and be able to utilize the air to

1400

00:54:08,750 --> 00:54:06,660

create lift so there's that as far as

1401
00:54:10,849 --> 00:54:08,760
the lights are concerned I don't know

1402
00:54:13,790 --> 00:54:10,859
Frank but one of the hypothesis when you

1403
00:54:15,950 --> 00:54:13,800
hear uh like Rick Doty just told the

1404
00:54:18,530 --> 00:54:15,960
story about how

1405
00:54:20,690 --> 00:54:18,540
um basically it was out near Tonopah and

1406
00:54:23,329 --> 00:54:20,700
it was a family driving and to make a

1407
00:54:24,950 --> 00:54:23,339
long story short they saw a craft that

1408
00:54:27,470 --> 00:54:24,960
made them pull over on the side of the

1409
00:54:28,790 --> 00:54:27,480
road they parked the car and they did

1410
00:54:30,770 --> 00:54:28,800
what a lot of us would do if they saw

1411
00:54:32,390 --> 00:54:30,780
the craft coming back toward them we

1412
00:54:35,329 --> 00:54:32,400
might exit the car and go and try and

1413
00:54:37,010 --> 00:54:35,339

hide in the bush and they saw some sort

1414

00:54:39,049 --> 00:54:37,020

of a beam of light come out of the craft

1415

00:54:41,750 --> 00:54:39,059

and then saw their young son and

1416

00:54:44,930 --> 00:54:41,760

daughter get drawn up into that that

1417

00:54:47,510 --> 00:54:44,940

light and and into the craft floating up

1418

00:54:50,450 --> 00:54:47,520

into the craft and the craft left and it

1419

00:54:53,390 --> 00:54:50,460

was uh several hours later may have been

1420

00:54:56,030 --> 00:54:53,400

the next day they were found outside of

1421

00:54:57,950 --> 00:54:56,040

Tonopah by a couple of security uh

1422

00:54:59,930 --> 00:54:57,960

police Personnel and then they got in

1423

00:55:02,150 --> 00:54:59,940

with look you know obviously the family

1424

00:55:03,890 --> 00:55:02,160

reported to local law enforcement in and

1425

00:55:06,049 --> 00:55:03,900

the local law enforcement thought they

1426
00:55:08,510 --> 00:55:06,059
had done something to the children but

1427
00:55:11,809 --> 00:55:08,520
in any case they're returned so maybe

1428
00:55:13,490 --> 00:55:11,819
those lights have to do with uh like uh

1429
00:55:15,349 --> 00:55:13,500
over where I'm from they've been seeing

1430
00:55:17,930 --> 00:55:15,359
the light coming down into the reservoir

1431
00:55:19,970 --> 00:55:17,940
so then I would start to wonder okay

1432
00:55:21,290 --> 00:55:19,980
that light obviously I I don't think

1433
00:55:23,510 --> 00:55:21,300
they're just having a look at the fish

1434
00:55:26,089 --> 00:55:23,520
so they're probably extracting something

1435
00:55:28,849 --> 00:55:26,099
from the reservoir what that is is open

1436
00:55:31,250 --> 00:55:28,859
speculation I have no idea what they

1437
00:55:34,130 --> 00:55:31,260
would be extracting from the water but

1438
00:55:36,710 --> 00:55:34,140

uh but that's one thing and we've also

1439

00:55:40,069 --> 00:55:36,720

seen them use it like I said to uh be

1440

00:55:42,650 --> 00:55:40,079

able to levitate people out of whatever

1441

00:55:46,309 --> 00:55:42,660

uh structure they're in and up into the

1442

00:55:50,210 --> 00:55:46,319

craft I think uh Mr Hixson and Parker

1443

00:55:51,410 --> 00:55:50,220

spoke about that so um so that's my

1444

00:55:53,750 --> 00:55:51,420

thought on it the other thing I was

1445

00:55:56,450 --> 00:55:53,760

going to say from Nathan's point that I

1446

00:55:58,250 --> 00:55:56,460

find fascinating is the most interesting

1447

00:56:00,410 --> 00:55:58,260

experience and Nathan actually alluded

1448

00:56:02,030 --> 00:56:00,420

to a couple of them that either there

1449

00:56:04,490 --> 00:56:02,040

were beings that were being incubated

1450

00:56:07,549 --> 00:56:04,500

that there may be beings that were sort

1451
00:56:10,010 --> 00:56:07,559
of embalmed perhaps aboard that triangle

1452
00:56:13,430 --> 00:56:10,020
but the most interesting experiences

1453
00:56:16,430 --> 00:56:13,440
reported by experiencers are the ones

1454
00:56:17,870 --> 00:56:16,440
that have been taken aboard these huge

1455
00:56:21,410 --> 00:56:17,880
craft

1456
00:56:23,030 --> 00:56:21,420
uh and so that right there makes them

1457
00:56:24,589 --> 00:56:23,040
real because now all of a sudden you're

1458
00:56:26,930 --> 00:56:24,599
aboard a craft then it's not just you

1459
00:56:29,329 --> 00:56:26,940
alone uh you know Terry's seeing

1460
00:56:30,890 --> 00:56:29,339
children he's hearing families he's

1461
00:56:33,530 --> 00:56:30,900
hearing people scream he's hearing

1462
00:56:35,210 --> 00:56:33,540
people cry he's hearing his his partner

1463
00:56:38,569 --> 00:56:35,220

talking to him but he can't turn his

1464

00:56:40,609 --> 00:56:38,579

head uh just his eyeballs are moving so

1465

00:56:42,829 --> 00:56:40,619

a lot of interesting experiences

1466

00:56:44,210 --> 00:56:42,839

surround that I also wanted to mention

1467

00:56:47,150 --> 00:56:44,220

to you I know this is probably the

1468

00:56:48,530 --> 00:56:47,160

longest I've talked on my show but

1469

00:56:52,010 --> 00:56:48,540

um I want to mention to you that

1470

00:56:53,630 --> 00:56:52,020

tomorrow I'm interviewing a chef from my

1471

00:56:57,349 --> 00:56:53,640

high school show that's about my

1472

00:56:59,569 --> 00:56:57,359

hometown my hometown I have uh I don't

1473

00:57:02,270 --> 00:56:59,579

know I don't have a count of just my

1474

00:57:04,190 --> 00:57:02,280

hometown but probably five six seven

1475

00:57:07,190 --> 00:57:04,200

different individuals have seen

1476
00:57:09,230 --> 00:57:07,200
triangular craft over our town and over

1477
00:57:11,510 --> 00:57:09,240
Indian Point power plant the nuclear

1478
00:57:14,210 --> 00:57:11,520
power plant there so I'm interviewing

1479
00:57:15,650 --> 00:57:14,220
this Chef uh and I said he was a

1480
00:57:17,030 --> 00:57:15,660
classmate of mine said Mark yeah we

1481
00:57:18,530 --> 00:57:17,040
really want to have you on want to have

1482
00:57:21,410 --> 00:57:18,540
you talk about chopped and food TV

1483
00:57:23,809 --> 00:57:21,420
network in your career and uh the CIA

1484
00:57:26,089 --> 00:57:23,819
Culinary Institute all that stuff and he

1485
00:57:29,750 --> 00:57:26,099
said yeah I want to talk UFOs with you

1486
00:57:31,849 --> 00:57:29,760
I'm like okay and he said yeah and he he

1487
00:57:33,230 --> 00:57:31,859
told me this the supermarket he walked

1488
00:57:35,750 --> 00:57:33,240

out of and the gas station he was

1489

00:57:38,390 --> 00:57:35,760

walking over to and I can point I've

1490

00:57:40,670 --> 00:57:38,400

walked these very steps that he did and

1491

00:57:43,430 --> 00:57:40,680

he told me where he saw a huge

1492

00:57:45,109 --> 00:57:43,440

triangular craft and I think the two

1493

00:57:48,950 --> 00:57:45,119

individuals working at the gas station

1494

00:57:51,170 --> 00:57:48,960

also saw it it was at night and

1495

00:57:53,030 --> 00:57:51,180

um he was waiting for a ride home and it

1496

00:57:55,490 --> 00:57:53,040

just blew me away it's just another

1497

00:57:58,549 --> 00:57:55,500

person that saw had a triangular craft

1498

00:58:00,109 --> 00:57:58,559

sighting uh from my hometown and this

1499

00:58:03,170 --> 00:58:00,119

guy he's like yeah what do you think

1500

00:58:05,270 --> 00:58:03,180

about Philip Corso's book and uh you

1501
00:58:07,549 --> 00:58:05,280
know what about Dodie and Elizondo and

1502
00:58:09,470 --> 00:58:07,559
you know so we're gonna be talking UFOs

1503
00:58:11,750 --> 00:58:09,480
tomorrow night on the on my high school

1504
00:58:14,089 --> 00:58:11,760
show so that's all I've got on that one

1505
00:58:18,589 --> 00:58:14,099
yes the CIA is The Culinary Institute of

1506
00:58:20,270 --> 00:58:18,599
America Jewels so in New York

1507
00:58:22,730 --> 00:58:20,280
um and now said Frank mulberry's turn

1508
00:58:27,109 --> 00:58:22,740
right it is unless anyone has a go back

1509
00:58:31,130 --> 00:58:28,970
it's very I just want to say something

1510
00:58:32,569 --> 00:58:31,140
interesting about sorry I wouldn't say

1511
00:58:35,530 --> 00:58:32,579
something about the lights

1512
00:58:38,990 --> 00:58:35,540
um as with all UAP it seems that um

1513
00:58:40,849 --> 00:58:39,000

sometimes they whoever they are they're

1514

00:58:42,470 --> 00:58:40,859

not bothered about being seen

1515

00:58:45,230 --> 00:58:42,480

and then other times you know some of

1516

00:58:46,789 --> 00:58:45,240

the reports I've read with the triangles

1517

00:58:48,710 --> 00:58:46,799

like the large ones sometimes they're

1518

00:58:50,150 --> 00:58:48,720

they're moving around slowly and they're

1519

00:58:52,250 --> 00:58:50,160

shining lights on the ground or they're

1520

00:58:54,829 --> 00:58:52,260

very lightly lit and then other times

1521

00:58:56,089 --> 00:58:54,839

they pass over people and people look up

1522

00:58:57,049 --> 00:58:56,099

and they think they're looking at the

1523

00:58:59,329 --> 00:58:57,059

stars because there's some kind of

1524

00:59:01,010 --> 00:58:59,339

Electro Optical camouflage so they're

1525

00:59:03,170 --> 00:59:01,020

seeing as if they're seeing through the

1526
00:59:04,370 --> 00:59:03,180
object but it's you know the images from

1527
00:59:06,410 --> 00:59:04,380
above the object which is being

1528
00:59:08,510 --> 00:59:06,420
reflected from the bottom of the

1529
00:59:09,890 --> 00:59:08,520
triangle so I find that intriguing as

1530
00:59:11,390 --> 00:59:09,900
well that sometimes they have the

1531
00:59:13,130 --> 00:59:11,400
signature management and then other

1532
00:59:15,890 --> 00:59:13,140
times they just basically couldn't kill

1533
00:59:17,390 --> 00:59:15,900
us so that that's intriguing as well

1534
00:59:18,950 --> 00:59:17,400
um but obviously

1535
00:59:20,930 --> 00:59:18,960
you know just going about whatever

1536
00:59:22,910 --> 00:59:20,940
they're doing with impunity I mean um

1537
00:59:24,170 --> 00:59:22,920
without a care in the world it seems but

1538
00:59:25,970 --> 00:59:24,180

other times they want to hide what

1539

00:59:27,950 --> 00:59:25,980

they're doing as with other UAP and I

1540

00:59:30,170 --> 00:59:27,960

always find that intriguing you know why

1541

00:59:32,089 --> 00:59:30,180

sometimes they want to be seen sometimes

1542

00:59:34,309 --> 00:59:32,099

uh they're quite happy to play around

1543

00:59:36,349 --> 00:59:34,319

with you know US Navy Fighters or

1544

00:59:41,030 --> 00:59:36,359

whatever it is and other times they they

1545

00:59:46,130 --> 00:59:43,130

that would be really fascinating if

1546

00:59:49,490 --> 00:59:46,140

there was uh even a rain graves-like

1547

00:59:51,770 --> 00:59:49,500

report of uh of them seeing a triangle

1548

00:59:54,530 --> 00:59:51,780

that was you know aircraft carrier size

1549

00:59:55,970 --> 00:59:54,540

or whatever that would be that would be

1550

00:59:58,490 --> 00:59:55,980

really interesting if we had one of

1551

01:00:01,970 --> 00:59:58,500

those uh that would be game changing in

1552

01:00:05,750 --> 01:00:01,980

a way and it would open certain doors

1553

01:00:08,150 --> 01:00:05,760

that the Tic Tac has yet to open I think

1554

01:00:09,470 --> 01:00:08,160

but uh Frank you you have would you have

1555

01:00:11,390 --> 01:00:09,480

a topic you would like us all to

1556

01:00:15,349 --> 01:00:11,400

consider unless there's any go backs on

1557

01:00:21,410 --> 01:00:18,950

sorry are you talking to me yeah

1558

01:00:22,549 --> 01:00:21,420

yeah no I mean what I wanted to talk

1559

01:00:24,770 --> 01:00:22,559

about is what we've talked about uh

1560

01:00:26,930 --> 01:00:24,780

already about the um in the so-called

1561

01:00:28,430 --> 01:00:26,940

whistleblower Amendment and protection

1562

01:00:29,569 --> 01:00:28,440

for for people coming forward I mean

1563

01:00:31,250 --> 01:00:29,579

that was really what I was going to

1564

01:00:32,930 --> 01:00:31,260

bring to the party tonight but happy to

1565

01:00:35,569 --> 01:00:32,940

talk about anything else happy to to

1566

01:00:37,970 --> 01:00:35,579

listen and chime in with anybody else

1567

01:00:39,950 --> 01:00:37,980

all right I'm going to money Nathan well

1568

01:00:42,470 --> 01:00:39,960

I'm going to jump in on what you were I

1569

01:00:44,210 --> 01:00:42,480

I I'm gonna go into what Frank just

1570

01:00:47,030 --> 01:00:44,220

brought up so I think it is an

1571

01:00:49,670 --> 01:00:47,040

interesting uh point of conversation so

1572

01:00:53,750 --> 01:00:49,680

uh you know this

1573

01:00:56,089 --> 01:00:53,760

notion that they they do want to be seen

1574

01:00:57,410 --> 01:00:56,099

and and almost at least with the Navy

1575

01:00:59,630 --> 01:00:57,420

encounters that we have there's there's

1576

01:01:01,970 --> 01:00:59,640

an element of even kind of

1577

01:01:03,470 --> 01:01:01,980

I would say if I'm anthropomorphizing it

1578

01:01:07,190 --> 01:01:03,480

there's an element of human playfulness

1579

01:01:09,650 --> 01:01:07,200

there uh not just to be seen But to be

1580

01:01:12,170 --> 01:01:09,660

noticed to be understood to be acting

1581

01:01:15,289 --> 01:01:12,180

under intelligent control to give

1582

01:01:17,329 --> 01:01:15,299

opportunity to observe like these aren't

1583

01:01:19,430 --> 01:01:17,339

for for

1584

01:01:21,530 --> 01:01:19,440

whatever it happens to be that seems to

1585

01:01:24,530 --> 01:01:21,540

possess the incredible technology that

1586

01:01:26,329 --> 01:01:24,540

could could decide not to be observed uh

1587

01:01:29,750 --> 01:01:26,339

the fact that it takes time to be

1588

01:01:33,049 --> 01:01:29,760

observed is is quite interesting and in

1589

01:01:35,390 --> 01:01:33,059

and of itself and you know I I tend to

1590

01:01:39,289 --> 01:01:35,400

wonder you know we hear a lot about

1591

01:01:41,690 --> 01:01:39,299

um this kind of ramp up in activity uh

1592

01:01:43,430 --> 01:01:41,700

we've heard recently uh from some folks

1593

01:01:45,530 --> 01:01:43,440

in the Ukraine even that you know said

1594

01:01:48,589 --> 01:01:45,540

that they had been monitoring the skies

1595

01:01:50,870 --> 01:01:48,599

above uh above Ukraine and you know have

1596

01:01:53,210 --> 01:01:50,880

noticed that there were a lot of uh

1597

01:01:55,010 --> 01:01:53,220

uh unexplained phenomena happening in

1598

01:01:57,890 --> 01:01:55,020

the sky there

1599

01:02:00,049 --> 01:01:57,900

um but a lot of this uptick in activity

1600

01:02:04,190 --> 01:02:00,059

seems to be happening in areas of

1601
01:02:05,690 --> 01:02:04,200
conflict or areas where uh we have um

1602
01:02:08,329 --> 01:02:05,700
you know some sort of operational

1603
01:02:09,950 --> 01:02:08,339
presence uh or or greater sensor

1604
01:02:11,270 --> 01:02:09,960
platforms or what have you not

1605
01:02:13,490 --> 01:02:11,280
everywhere as you've pointed out DJ

1606
01:02:14,630 --> 01:02:13,500
there are certainly areas that uh we

1607
01:02:16,250 --> 01:02:14,640
have a lot of sensors where we don't

1608
01:02:18,170 --> 01:02:16,260
pick up anything at all but you know the

1609
01:02:19,250 --> 01:02:18,180
point being there seems to be this kind

1610
01:02:20,809 --> 01:02:19,260
of uh

1611
01:02:24,170 --> 01:02:20,819
I don't know if it's quite cat and mouse

1612
01:02:26,390 --> 01:02:24,180
but there seems to be this uh attempt to

1613
01:02:29,289 --> 01:02:26,400

disclose a little bit about what what

1614

01:02:32,510 --> 01:02:29,299

they are or a curiosity perhaps or

1615

01:02:35,030 --> 01:02:32,520

wanting to engage with us on some level

1616

01:02:36,470 --> 01:02:35,040

but for what purpose I mean that is

1617

01:02:38,270 --> 01:02:36,480

something we obviously can could really

1618

01:02:40,309 --> 01:02:38,280

go into a great deal of speculation what

1619

01:02:43,250 --> 01:02:40,319

is the purpose of giving us the

1620

01:02:44,750 --> 01:02:43,260

opportunity to observe is it to uh for

1621

01:02:46,730 --> 01:02:44,760

whatever reason accelerate the

1622

01:02:48,710 --> 01:02:46,740

conversation is it uh I mean if you

1623

01:02:50,690 --> 01:02:48,720

think about Nimitz and you know Frank

1624

01:02:52,849 --> 01:02:50,700

beard you mentioned this earlier you

1625

01:02:54,770 --> 01:02:52,859

know Nimitz is this you know seminal

1626

01:02:56,750 --> 01:02:54,780

case it so much of what we're talking

1627

01:02:58,970 --> 01:02:56,760

about now hinges on how good that case

1628

01:03:01,789 --> 01:02:58,980

happens to be if you look at that case

1629

01:03:03,710 --> 01:03:01,799

it's it's like just in looking back on

1630

01:03:05,930 --> 01:03:03,720

it it's like intelligently designed to

1631

01:03:07,849 --> 01:03:05,940

be a great case you know it has all of

1632

01:03:10,010 --> 01:03:07,859

the Hallmarks that have you know really

1633

01:03:12,170 --> 01:03:10,020

kick-started a lot of this conversation

1634

01:03:14,750 --> 01:03:12,180

or boosted it is a better way to put it

1635

01:03:17,150 --> 01:03:14,760

uh in our current time so

1636

01:03:19,250 --> 01:03:17,160

if if I try to take a macroscopic view

1637

01:03:22,549 --> 01:03:19,260

and I'd like to get your thoughts on

1638

01:03:25,609 --> 01:03:22,559

this uh um Frank beard and then uh Frank

1639

01:03:27,170 --> 01:03:25,619

Milburn in in a what would we are there

1640

01:03:29,630 --> 01:03:27,180

any sort of conclusions we could we

1641

01:03:31,069 --> 01:03:29,640

could draw from these these overall

1642

01:03:34,430 --> 01:03:31,079

patterns you know is there something

1643

01:03:36,890 --> 01:03:34,440

that you think uh is telling about the

1644

01:03:38,210 --> 01:03:36,900

behavior in and of itself with these

1645

01:03:40,849 --> 01:03:38,220

situations

1646

01:03:42,589 --> 01:03:40,859

with triangles in particular no I think

1647

01:03:44,690 --> 01:03:42,599

just any of the encounters that we have

1648

01:03:46,549 --> 01:03:44,700

and this issue of Signal Management and

1649

01:03:50,030 --> 01:03:46,559

engagement

1650

01:03:51,710 --> 01:03:50,040

well yeah I think like with the with the

1651

01:03:54,890 --> 01:03:51,720

with the triangles just to kind of start

1652

01:03:56,870 --> 01:03:54,900

on that and there has been various

1653

01:03:58,609 --> 01:03:56,880

different ideas put forward like we were

1654

01:04:00,650 --> 01:03:58,619

talking about Terry Lovelace and the the

1655

01:04:03,109 --> 01:04:00,660

possibility of like hybridization

1656

01:04:03,770 --> 01:04:03,119

programs and things like that

1657

01:04:05,870 --> 01:04:03,780

um

1658

01:04:08,450 --> 01:04:05,880

you know and and there's been mapping

1659

01:04:10,910 --> 01:04:08,460

our surveying has also been suggested as

1660

01:04:14,089 --> 01:04:10,920

a possible like mission that these

1661

01:04:15,470 --> 01:04:14,099

things are on but you know like I've

1662

01:04:18,170 --> 01:04:15,480

thought about those long and hard and

1663

01:04:19,549 --> 01:04:18,180

neither of them really sort of make a

1664

01:04:21,530 --> 01:04:19,559

great deal of sense because I mean if

1665

01:04:22,549 --> 01:04:21,540

you were going to map something

1666

01:04:24,770 --> 01:04:22,559

um and I think

1667

01:04:26,210 --> 01:04:24,780

um Frank we we've talked about this a

1668

01:04:27,770 --> 01:04:26,220

little bit as well if you're going to

1669

01:04:29,750 --> 01:04:27,780

map something even we have the

1670

01:04:31,609 --> 01:04:29,760

capability to map something from space

1671

01:04:33,890 --> 01:04:31,619

now so it seems almost like a bit

1672

01:04:37,370 --> 01:04:33,900

primitive to have a huge object that has

1673

01:04:39,349 --> 01:04:37,380

to fly really slowly really low to the

1674

01:04:41,150 --> 01:04:39,359

ground you know we can map things better

1675

01:04:43,430 --> 01:04:41,160

than that so like it doesn't seem like

1676
01:04:45,530 --> 01:04:43,440
that works for me as an explanation and

1677
01:04:46,970 --> 01:04:45,540
the hybrid thing sort of could make

1678
01:04:49,250 --> 01:04:46,980
sense especially if people have actually

1679
01:04:51,349 --> 01:04:49,260
been on board craft and seen Vats full

1680
01:04:53,809 --> 01:04:51,359
of kind of embryos and stuff but even

1681
01:04:56,030 --> 01:04:53,819
then sure they would cloak and and this

1682
01:04:58,309 --> 01:04:56,040
goes to what you were saying Nathan it's

1683
01:05:01,730 --> 01:04:58,319
like you know it almost seems like they

1684
01:05:04,370 --> 01:05:01,740
have the capability to be silent and not

1685
01:05:05,930 --> 01:05:04,380
observed as in not have the lights on I

1686
01:05:07,730 --> 01:05:05,940
mean I've personally spoke to a few

1687
01:05:10,370 --> 01:05:07,740
people who have had completely

1688
01:05:13,010 --> 01:05:10,380

unambiguous sightings of enormous black

1689

01:05:15,470 --> 01:05:13,020

triangles with no lights whatsoever and

1690

01:05:17,450 --> 01:05:15,480

it just just so happens that they you

1691

01:05:18,710 --> 01:05:17,460

know caught on the reflection of the

1692

01:05:20,809 --> 01:05:18,720

street lights and things so they

1693

01:05:23,150 --> 01:05:20,819

actually saw it but like so they appear

1694

01:05:25,490 --> 01:05:23,160

to be able to move silently and without

1695

01:05:27,470 --> 01:05:25,500

any lights whatsoever so the question

1696

01:05:30,829 --> 01:05:27,480

kind of comes up are they specifically

1697

01:05:32,210 --> 01:05:30,839

trying to be seen and and again one of

1698

01:05:34,370 --> 01:05:32,220

the things that's that's quite

1699

01:05:36,829 --> 01:05:34,380

interesting about looking at black

1700

01:05:39,109 --> 01:05:36,839

triangle cases is that the one thing

1701

01:05:41,329 --> 01:05:39,119

that does tend to vary the most is

1702

01:05:43,250 --> 01:05:41,339

actually the configuration of lights so

1703

01:05:45,289 --> 01:05:43,260

some of them have many lights going down

1704

01:05:46,970 --> 01:05:45,299

the side some of them have the three the

1705

01:05:48,470 --> 01:05:46,980

most common is obviously the three the

1706

01:05:49,849 --> 01:05:48,480

three corners the extremities of the

1707

01:05:51,829 --> 01:05:49,859

triangle some of them have a big light

1708

01:05:53,030 --> 01:05:51,839

in the middle some of them have colored

1709

01:05:54,950 --> 01:05:53,040

lights some of them have lights that

1710

01:05:57,770 --> 01:05:54,960

move and it's almost as though they're

1711

01:06:00,049 --> 01:05:57,780

trying to be seen you know and and it

1712

01:06:02,569 --> 01:06:00,059

also going back to the the signature

1713

01:06:04,549 --> 01:06:02,579

management thing it made me think of um

1714

01:06:06,410 --> 01:06:04,559

what Dr Gary Nolan was talking about

1715

01:06:08,809 --> 01:06:06,420

recently on the Tucker Carlson interview

1716

01:06:10,069 --> 01:06:08,819

with the case of um

1717

01:06:12,530 --> 01:06:10,079

with a couple of people I think it was

1718

01:06:14,450 --> 01:06:12,540

in France I forget the details whether

1719

01:06:15,829 --> 01:06:14,460

they'd seen a huge this wasn't a

1720

01:06:17,690 --> 01:06:15,839

triangle I think I think it was a disc

1721

01:06:19,370 --> 01:06:17,700

actually but they'd taken a photograph

1722

01:06:21,109 --> 01:06:19,380

of it and then when they actually

1723

01:06:23,089 --> 01:06:21,119

checked the photograph it was wasn't

1724

01:06:25,490 --> 01:06:23,099

what they observed with the naked eye at

1725

01:06:27,710 --> 01:06:25,500

all it was it was like a star shape

1726

01:06:29,270 --> 01:06:27,720

and he sort of makes you wonder with

1727

01:06:30,950 --> 01:06:29,280

triangles are they even actually

1728

01:06:32,750 --> 01:06:30,960

triangles at all or are they actually

1729

01:06:34,910 --> 01:06:32,760

sort of doing some kind of manipulation

1730

01:06:37,789 --> 01:06:34,920

of Consciousness to appear like a

1731

01:06:40,069 --> 01:06:37,799

triangle because even the shape of a

1732

01:06:43,010 --> 01:06:40,079

massive black triangle is almost

1733

01:06:46,370 --> 01:06:43,020

designed to be ominous and when you add

1734

01:06:48,890 --> 01:06:46,380

to that the varying lights is it some

1735

01:06:52,910 --> 01:06:48,900

kind of a messaging you know be

1736

01:06:52,920 --> 01:06:56,410

do I get to go next

1737

01:07:00,410 --> 01:06:58,970

yes okay I'm excited about this because

1738

01:07:01,970 --> 01:07:00,420

I literally wrote down the word

1739

01:07:04,089 --> 01:07:01,980

communication while we were talking

1740

01:07:08,150 --> 01:07:04,099

about this because that's what Lou said

1741

01:07:10,490 --> 01:07:08,160

even if we can't understand what they're

1742

01:07:12,349 --> 01:07:10,500

doing coming up and being right in our

1743

01:07:15,049 --> 01:07:12,359

face is sort of like a type of

1744

01:07:17,329 --> 01:07:15,059

communication right it's like waving and

1745

01:07:19,010 --> 01:07:17,339

it's very possible even with these

1746

01:07:20,870 --> 01:07:19,020

lights that they are trying to

1747

01:07:24,829 --> 01:07:20,880

communicate something

1748

01:07:27,470 --> 01:07:24,839

um maybe even trying to look like our

1749

01:07:28,789 --> 01:07:27,480

craft with the lights is a way that

1750

01:07:31,789 --> 01:07:28,799

they're trying to communicate something

1751

01:07:34,250 --> 01:07:31,799

and we just do not understand it's a

1752

01:07:37,069 --> 01:07:34,260

possibility and it should be considered

1753

01:07:39,170 --> 01:07:37,079

that something about what they're doing

1754

01:07:42,230 --> 01:07:39,180

physically and when they come in our

1755

01:07:44,809 --> 01:07:42,240

faces communication of some kind and

1756

01:07:48,230 --> 01:07:44,819

also it could also just very much be

1757

01:07:50,390 --> 01:07:48,240

like what filet says a game of chess you

1758

01:07:53,089 --> 01:07:50,400

know like he thinks that we're being

1759

01:07:55,490 --> 01:07:53,099

guided on a certain path and I found out

1760

01:07:56,890 --> 01:07:55,500

because I'm reading passport to mcgona

1761

01:08:00,650 --> 01:07:56,900

to today

1762

01:08:03,410 --> 01:08:00,660

that it may not be his idea that this

1763

01:08:05,870 --> 01:08:03,420

idea has been around for a while

1764

01:08:10,490 --> 01:08:08,690

that's a good that's a good one uh Debs

1765

01:08:12,650 --> 01:08:10,500

I mean Lou did that he said it's

1766

01:08:14,150 --> 01:08:12,660

communication it's kind of like when

1767

01:08:16,610 --> 01:08:14,160

Nathan was visiting with those

1768

01:08:18,890 --> 01:08:16,620

Aboriginal tribes they're reaching for

1769

01:08:20,150 --> 01:08:18,900

his face and he thinks they want to

1770

01:08:23,209 --> 01:08:20,160

touch his face but they really want his

1771

01:08:24,410 --> 01:08:23,219

sunglasses and it just he didn't get it

1772

01:08:27,169 --> 01:08:24,420

right away but you know it was

1773

01:08:28,910 --> 01:08:27,179

communication you know yeah and once you

1774

01:08:30,349 --> 01:08:28,920

gave up your Ray-Bans everything was

1775

01:08:32,390 --> 01:08:30,359

good you and your family were allowed to

1776

01:08:34,130 --> 01:08:32,400

leave is all right it sounds like the

1777

01:08:36,169 --> 01:08:34,140

Ewoks and Han Solo and the whole nine

1778

01:08:38,829 --> 01:08:36,179

yards in Luke yes it's a cool style no

1779

01:08:43,130 --> 01:08:38,839

matter where you are yeah

1780

01:08:46,370 --> 01:08:43,140

even out in the bush that's right but

1781

01:08:48,349 --> 01:08:46,380

um no I I was going to uh well actually

1782

01:08:50,030 --> 01:08:48,359

I have a I have a question for Nathan so

1783

01:08:51,769 --> 01:08:50,040

I want to give this over to Frank

1784

01:08:53,689 --> 01:08:51,779

Milburn to ask that question and then

1785

01:08:55,090 --> 01:08:53,699

I'm gonna I'm gonna go with mine we've

1786

01:08:57,769 --> 01:08:55,100

got about

1787

01:08:59,510 --> 01:08:57,779

uh you know about 15 minutes 20 minutes

1788

01:09:02,390 --> 01:08:59,520

left or so

1789

01:09:04,070 --> 01:09:02,400

cool so we want Frank to to drop in on

1790

01:09:07,430 --> 01:09:04,080

that that conversation so Frank yeah

1791

01:09:09,530 --> 01:09:07,440

Frank what do you think about uh this

1792

01:09:13,550 --> 01:09:09,540

look at me don't look at me capability

1793

01:09:18,709 --> 01:09:17,269

foreign basis

1794

01:09:20,870 --> 01:09:18,719

um if you're looking at for example

1795

01:09:22,490 --> 01:09:20,880

Nimitz I have to ask well

1796

01:09:23,990 --> 01:09:22,500

why

1797

01:09:25,430 --> 01:09:24,000

these vehicles okay if you're talking

1798

01:09:29,150 --> 01:09:25,440

Tic Tacs they're intelligently

1799

01:09:30,410 --> 01:09:29,160

controlled uh they must have sensors to

1800

01:09:31,729 --> 01:09:30,420

know where they are in time and space

1801

01:09:32,870 --> 01:09:31,739

right to be able to get around whether

1802

01:09:34,910 --> 01:09:32,880

they're piloted or whether they're

1803

01:09:38,450 --> 01:09:34,920

autonomous so why would you interject

1804

01:09:39,349 --> 01:09:38,460

yourself into like a major exercise uh

1805

01:09:41,209 --> 01:09:39,359

where you have you know a

1806

01:09:41,930 --> 01:09:41,219

nuclear-powered you know carrier strike

1807

01:09:44,809 --> 01:09:41,940

group

1808

01:09:47,150 --> 01:09:44,819

um you know gearing up for war and

1809

01:09:49,970 --> 01:09:47,160

I would ask the same thing about um you

1810

01:09:51,470 --> 01:09:49,980

know the Tehran case in 1976 which was a

1811

01:09:53,329 --> 01:09:51,480

major cold or hot spot you know that

1812

01:09:54,950 --> 01:09:53,339

that border between Iran and the former

1813

01:09:57,050 --> 01:09:54,960

Soviet Union and you know with the

1814

01:09:58,550 --> 01:09:57,060

Americans there obviously giving the

1815

01:10:00,169 --> 01:09:58,560

Iranians you know the latest kit the

1816

01:10:01,850 --> 01:10:00,179

latest Sidewinders the latest you know

1817

01:10:04,430 --> 01:10:01,860

uh you know Phantoms and then send it

1818

01:10:06,110 --> 01:10:04,440

selling them f-14s

1819

01:10:08,150 --> 01:10:06,120

um you know that whole border was like

1820

01:10:09,470 --> 01:10:08,160

lit up in terms of uh you know

1821

01:10:10,790 --> 01:10:09,480

electronic intelligence you know

1822

01:10:12,050 --> 01:10:10,800

Communications and singing it would have

1823

01:10:15,169 --> 01:10:12,060

been lit up like a Christmas tree right

1824

01:10:18,290 --> 01:10:15,179

in the 1970s and then you know the the

1825

01:10:20,209 --> 01:10:18,300

the this UFO not only interjects itself

1826

01:10:22,970 --> 01:10:20,219

into this sort of Highly contested uh

1827

01:10:26,090 --> 01:10:22,980

area of potential human conflict but it

1828

01:10:27,530 --> 01:10:26,100

also uh you know detaches and all which

1829

01:10:28,970 --> 01:10:27,540

um the you know the pilot the second

1830

01:10:30,709 --> 01:10:28,980

Phantom thinks that it is a missile

1831

01:10:33,050 --> 01:10:30,719

streaking towards it and then when he

1832

01:10:34,970 --> 01:10:33,060

goes to launch his own weapons

1833

01:10:37,189 --> 01:10:34,980

um it freezes up and his communication

1834

01:10:39,110 --> 01:10:37,199

is back to base are frozen he's into con

1835

01:10:42,709 --> 01:10:39,120

with it with his uh wiz over

1836

01:10:45,350 --> 01:10:42,719

um you know go out so

1837

01:10:47,330 --> 01:10:45,360

if that were I mean when you have you

1838

01:10:49,790 --> 01:10:47,340

know a British you know British warships

1839

01:10:51,290 --> 01:10:49,800

in the Black Sea or or American warships

1840

01:10:53,149 --> 01:10:51,300

in the Taiwan Strait and they're

1841

01:10:55,370 --> 01:10:53,159

confronted or they're buzzed by you know

1842

01:10:56,750 --> 01:10:55,380

Russian or Chinese aircraft you know

1843

01:10:59,630 --> 01:10:56,760

that that's a very clear signal right

1844

01:11:02,330 --> 01:10:59,640

and and it's a hostile signal

1845

01:11:03,169 --> 01:11:02,340

um so I I have to ask myself in that

1846

01:11:06,110 --> 01:11:03,179

case

1847

01:11:07,669 --> 01:11:06,120

why are these objects if they're so far

1848

01:11:08,689 --> 01:11:07,679

Advanced of anything that we have and

1849

01:11:10,910 --> 01:11:08,699

they're obviously intelligently

1850

01:11:12,709 --> 01:11:10,920

controlled or remotely controlled then

1851

01:11:15,410 --> 01:11:12,719

why are they engaging in these games

1852

01:11:17,689 --> 01:11:15,420

with um you know in areas of high

1853

01:11:20,030 --> 01:11:17,699

tension with you know with military

1854

01:11:21,950 --> 01:11:20,040

forces uh you know from whichever

1855

01:11:24,590 --> 01:11:21,960

country that's the question I asked

1856

01:11:26,330 --> 01:11:24,600

myself and you know sometimes it seems

1857

01:11:28,070 --> 01:11:26,340

playful but other times you know it's

1858

01:11:32,390 --> 01:11:28,080

been fatal like with you know The Mantel

1859

01:11:34,729 --> 01:11:32,400

case in 1947 or uh 1957 with Milton

1860

01:11:36,770 --> 01:11:34,739

Torres you know that uh f-86 pilot

1861

01:11:38,750 --> 01:11:36,780

American pilot in the UK who was

1862

01:11:41,390 --> 01:11:38,760

basically directed to take off by by the

1863

01:11:43,250 --> 01:11:41,400

RAF and to shoot down an object over the

1864

01:11:44,689 --> 01:11:43,260

UK so

1865

01:11:46,430 --> 01:11:44,699

you know why do they interject

1866

01:11:48,110 --> 01:11:46,440

themselves you know the UAP the

1867

01:11:49,250 --> 01:11:48,120

intelligence behind them into areas of

1868

01:11:51,290 --> 01:11:49,260

high tension

1869

01:11:53,330 --> 01:11:51,300

um to me and also the whole you know

1870

01:11:55,729 --> 01:11:53,340

nuclear thing and shutting down nukes or

1871

01:11:57,890 --> 01:11:55,739

initiating nukes or flying over nukes or

1872

01:11:59,270 --> 01:11:57,900

you know um renderson Forest Brent

1873

01:12:01,430 --> 01:11:59,280

Waters where they're illuminating you

1874

01:12:02,750 --> 01:12:01,440

know weapon storage areas nuclear weapon

1875

01:12:04,130 --> 01:12:02,760

storage areas which they always seem to

1876

01:12:05,149 --> 01:12:04,140

be interested in

1877

01:12:06,290 --> 01:12:05,159

um to me that's like you know

1878

01:12:07,729 --> 01:12:06,300

intelligent surveillance and

1879

01:12:10,430 --> 01:12:07,739

reconnaissance

1880

01:12:12,709 --> 01:12:10,440

um at from from an anthropomorphic point

1881

01:12:14,750 --> 01:12:12,719

of view and if they are so intelligent

1882

01:12:17,450 --> 01:12:14,760

would they not understand

1883

01:12:20,390 --> 01:12:17,460

our understanding of their Intentions by

1884

01:12:22,310 --> 01:12:20,400

their doing those Acts

1885

01:12:24,709 --> 01:12:22,320

I was going to say exactly what what

1886

01:12:27,110 --> 01:12:24,719

Frank said is um

1887

01:12:28,910 --> 01:12:27,120

that our definition which doesn't

1888

01:12:30,350 --> 01:12:28,920

necessarily apply to them we could try

1889

01:12:33,169 --> 01:12:30,360

to apply it to them that's why he said

1890

01:12:35,750 --> 01:12:33,179

from an anthropomorphic perspective that

1891

01:12:37,750 --> 01:12:35,760

what they're doing in some cases looks

1892

01:12:40,010 --> 01:12:37,760

like surveillance to us reconnaissance

1893

01:12:41,510 --> 01:12:40,020

intelligence gathering

1894

01:12:43,669 --> 01:12:41,520

um we don't know that that's what it is

1895

01:12:46,850 --> 01:12:43,679

but that that's that's what we come up

1896

01:12:49,250 --> 01:12:46,860

with the second thing is some of this

1897

01:12:52,130 --> 01:12:49,260

issue that I've seen that has to do with

1898

01:12:54,410 --> 01:12:52,140

tic tacs and orbs over the ocean there's

1899

01:12:57,050 --> 01:12:54,420

something to do with the ocean that

1900

01:12:58,729 --> 01:12:57,060

they're able to that they want to

1901

01:13:00,910 --> 01:12:58,739

interact with the ocean and we just

1902

01:13:04,010 --> 01:13:00,920

don't know what that is the government

1903

01:13:08,510 --> 01:13:04,020

actually might know a little bit about

1904

01:13:10,669 --> 01:13:08,520

that uh if not in total they may be able

1905

01:13:12,229 --> 01:13:10,679

to tell us that they've seen them

1906

01:13:14,630 --> 01:13:12,239

extract something but they just don't

1907

01:13:16,370 --> 01:13:14,640

know what they're able to do with it the

1908

01:13:19,189 --> 01:13:16,380

other thing let me see I wrote down

1909

01:13:25,130 --> 01:13:21,830

um sourcing you know there there's some

1910

01:13:26,450 --> 01:13:25,140

sort of uh sourcing going on but we just

1911

01:13:28,130 --> 01:13:26,460

you know that that's what I would call

1912

01:13:29,990 --> 01:13:28,140

it but I just don't know I don't know

1913

01:13:33,229 --> 01:13:30,000

why that is

1914

01:13:35,689 --> 01:13:33,239

um we did Ask Gary uh excuse me we asked

1915

01:13:39,050 --> 01:13:35,699

Kevin day if he thought that they could

1916

01:13:40,030 --> 01:13:39,060

have spoofed or

1917

01:13:42,229 --> 01:13:40,040

um

1918

01:13:44,090 --> 01:13:42,239

obscured themselves from the Spy one

1919

01:13:46,970 --> 01:13:44,100

radar from that phased array radar and

1920

01:13:49,370 --> 01:13:46,980

he said he didn't know but from Nathan's

1921

01:13:51,169 --> 01:13:49,380

point you know hey they showed up and

1922

01:13:54,169 --> 01:13:51,179

did whatever they wanted to do with

1923

01:13:57,050 --> 01:13:54,179

impunity uh with that radar on them did

1924

01:13:59,090 --> 01:13:57,060

they detect that radar and know that

1925

01:14:01,370 --> 01:13:59,100

they were being that they were being

1926

01:14:03,370 --> 01:14:01,380

surveilled by that radar

1927

01:14:07,370 --> 01:14:03,380

it's hard to I would think that they did

1928

01:14:10,790 --> 01:14:07,380

uh I know I I have a pretty good idea

1929

01:14:13,550 --> 01:14:10,800

that when Chad Underwood uh turned on

1930

01:14:15,229 --> 01:14:13,560

his targeting radar that they knew that

1931

01:14:17,090 --> 01:14:15,239

that was happening because that's when

1932

01:14:19,189 --> 01:14:17,100

they jammed his radar

1933

01:14:22,070 --> 01:14:19,199

there's also the issue of emitters

1934

01:14:23,390 --> 01:14:22,080

there's certain things that if Frank and

1935

01:14:24,709 --> 01:14:23,400

I were to look at an aircraft we'd say

1936

01:14:26,570 --> 01:14:24,719

oh that's an admit that's an emitter

1937

01:14:29,689 --> 01:14:26,580

right there for ew

1938

01:14:31,189 --> 01:14:29,699

and that's a sensor right there and

1939

01:14:33,950 --> 01:14:31,199

that's another thing that leads us to

1940

01:14:36,290 --> 01:14:33,960

believe that this technology is so many

1941

01:14:37,790 --> 01:14:36,300

generations past us is that when you

1942

01:14:39,410 --> 01:14:37,800

look at it you know it has that

1943

01:14:41,750 --> 01:14:39,420

capability but it doesn't have any

1944

01:14:43,910 --> 01:14:41,760

emitters and it doesn't have any sensors

1945

01:14:47,330 --> 01:14:43,920

that are hanging off it and we don't

1946

01:14:49,430 --> 01:14:47,340

have the ability to do what we do with

1947

01:14:51,770 --> 01:14:49,440

sensors without having something visible

1948

01:14:53,810 --> 01:14:51,780

on the outside of the craft apart from

1949

01:14:56,510 --> 01:14:53,820

radar of course radar sits inside a

1950

01:14:59,149 --> 01:14:56,520

radome so they must be using something

1951

01:15:02,390 --> 01:14:59,159

that's probably like that but much much

1952

01:15:04,970 --> 01:15:02,400

better and then as far as jamming we

1953

01:15:08,810 --> 01:15:04,980

have to have in a emitter that that does

1954

01:15:12,410 --> 01:15:08,820

that that job as well that can can jam

1955

01:15:15,950 --> 01:15:12,420

radar and throw off the position of uh

1956

01:15:17,810 --> 01:15:15,960

of targeting radar so anyway uh yeah

1957

01:15:19,189 --> 01:15:17,820

that's all I have on that topic it looks

1958

01:15:21,950 --> 01:15:19,199

like they're sourcing and it certainly

1959

01:15:25,729 --> 01:15:21,960

looks like ISR but that's just putting a

1960

01:15:29,630 --> 01:15:27,770

um Nathan I got one for you Frank had

1961

01:15:30,770 --> 01:15:29,640

his hand up real quick oh sir yes please

1962

01:15:32,149 --> 01:15:30,780

sir

1963

01:15:33,890 --> 01:15:32,159

yeah I just want to say sorry quickly

1964

01:15:35,630 --> 01:15:33,900

that was very good about um a very good

1965

01:15:37,070 --> 01:15:35,640

point about the emitters I mean you know

1966

01:15:38,689 --> 01:15:37,080

I can understand you know like you know

1967

01:15:40,310 --> 01:15:38,699

the Americans flying you know they want

1968

01:15:42,410 --> 01:15:40,320

to go into contested airspace or the

1969

01:15:45,530 --> 01:15:42,420

Brits and they have you know dedicated

1970

01:15:47,870 --> 01:15:45,540

ew aircraft and you know they use things

1971

01:15:49,610 --> 01:15:47,880

like Nemesis they launch drones which

1972

01:15:52,250 --> 01:15:49,620

you know cause you know radar spoofing

1973

01:15:54,050 --> 01:15:52,260

and everything else right but

1974

01:15:56,630 --> 01:15:54,060

where was that happening in relation to

1975

01:15:58,310 --> 01:15:56,640

the Nimitz and you know you're talking I

1976

01:15:59,810 --> 01:15:58,320

mean even 2004 right so incredibly

1977

01:16:02,570 --> 01:15:59,820

sophisticated they had incredibly

1978

01:16:04,189 --> 01:16:02,580

sophisticated uh you know ew Suites and

1979

01:16:08,689 --> 01:16:04,199

Country W Suites you know on those

1980

01:16:10,729 --> 01:16:08,699

vessels so was it was it something you

1981

01:16:13,669 --> 01:16:10,739

know Electronics something scientific or

1982

01:16:15,050 --> 01:16:13,679

was it something uh in terms of

1983

01:16:16,669 --> 01:16:15,060

Consciousness that you know people's

1984

01:16:18,830 --> 01:16:16,679

minds were being spoofed and and

1985

01:16:20,570 --> 01:16:18,840

Technology was being spoofed by

1986

01:16:21,770 --> 01:16:20,580

something that that you can't even

1987

01:16:23,630 --> 01:16:21,780

detect

1988

01:16:25,729 --> 01:16:23,640

um that's what really boggles my mind

1989

01:16:26,990 --> 01:16:25,739

because I looked at Nemesis I looked at

1990

01:16:28,370 --> 01:16:27,000

other things and I talked to Kevin Day

1991

01:16:30,530 --> 01:16:28,380

about this and he was kind of like bro

1992

01:16:31,910 --> 01:16:30,540

you know we were so far out to see right

1993

01:16:34,430 --> 01:16:31,920

and then it's not like they were like

1994

01:16:36,290 --> 01:16:34,440

you know uh Russian or Chinese you know

1995

01:16:38,270 --> 01:16:36,300

long-range aircraft with the ew

1996

01:16:40,850 --> 01:16:38,280

capabilities like you know um you know

1997

01:16:44,149 --> 01:16:40,860

loitering around in the area so

1998

01:16:46,790 --> 01:16:44,159

how would that spoofing have occurred

1999

01:16:48,950 --> 01:16:46,800

that's it that's all I wanted to say

2000

01:16:51,830 --> 01:16:48,960

yeah that's an and that's an endless

2001

01:16:54,470 --> 01:16:51,840

Trevor Treasure Trove of uh of

2002

01:16:56,689 --> 01:16:54,480

interesting uh uh analysis and

2003

01:16:58,250 --> 01:16:56,699

hypothesis uh which is why Frank's able

2004

01:17:00,890 --> 01:16:58,260

to keep going on it because there's so

2005

01:17:02,510 --> 01:17:00,900

much so much there the gift that keeps

2006

01:17:04,010 --> 01:17:02,520

on giving

2007

01:17:05,750 --> 01:17:04,020

um Nathan

2008

01:17:12,709 --> 01:17:05,760

um

2009

01:17:14,390 --> 01:17:12,719

uh the various intelligences the

2010

01:17:15,950 --> 01:17:14,400

compromise the phenomenon the universe

2011

01:17:18,770 --> 01:17:15,960

and consciousness

2012

01:17:22,610 --> 01:17:18,780

what is that is that God what is that

2013

01:17:24,950 --> 01:17:22,620

what is that one force was that a person

2014

01:17:26,990 --> 01:17:24,960

what was what is that Force

2015

01:17:29,510 --> 01:17:27,000

well that's a big one

2016

01:17:31,010 --> 01:17:29,520

um yeah we're going we figured we just

2017

01:17:33,850 --> 01:17:31,020

give you a softball to knock it out of

2018

01:17:36,169 --> 01:17:33,860

the park right now we're going big uh

2019

01:17:37,189 --> 01:17:36,179

yeah these are that's an excellent

2020

01:17:39,110 --> 01:17:37,199

question

2021

01:17:43,070 --> 01:17:39,120

um it is um

2022

01:17:44,270 --> 01:17:43,080

it's a challenging one uh I you know and

2023

01:17:46,729 --> 01:17:44,280

this this has certainly been talked

2024

01:17:48,830 --> 01:17:46,739

about in different circles that that we

2025

01:17:51,350 --> 01:17:48,840

traffic in you know kind of where does

2026

01:17:55,550 --> 01:17:51,360

Humanity come from

2027

01:17:57,709 --> 01:17:55,560

um are we an experiment are we

2028

01:17:59,750 --> 01:17:57,719

um you know kind of a modified uh

2029

01:18:02,209 --> 01:17:59,760

species that was native to this planet

2030

01:18:04,790 --> 01:18:02,219

is Humanity perhaps

2031

01:18:06,890 --> 01:18:04,800

ubiquitous throughout the Universe uh

2032

01:18:09,530 --> 01:18:06,900

you know are we kind of the the

2033

01:18:11,510 --> 01:18:09,540

Primitive Backwater for you know sort of

2034

01:18:14,090 --> 01:18:11,520

human development for whatever reason

2035

01:18:16,070 --> 01:18:14,100

and maybe they're they're humans that

2036

01:18:18,169 --> 01:18:16,080

are kind of everywhere uh wouldn't that

2037

01:18:20,030 --> 01:18:18,179

be an interesting Discovery and in fact

2038

01:18:22,990 --> 01:18:20,040

if you look at the data itself from

2039

01:18:26,209 --> 01:18:23,000

people that have experiences uh you know

2040

01:18:30,110 --> 01:18:26,219

experiencing human-like beings is one of

2041

01:18:32,330 --> 01:18:30,120

the most common interactions uh so that

2042

01:18:34,490 --> 01:18:32,340

raises a whole host of questions is that

2043

01:18:35,810 --> 01:18:34,500

are they appearing to be human just to

2044

01:18:39,169 --> 01:18:35,820

make us more comfortable are they

2045

01:18:40,790 --> 01:18:39,179

actually human uh are they related to us

2046

01:18:43,189 --> 01:18:40,800

in some form or fashion do they have a

2047

01:18:45,169 --> 01:18:43,199

hand in our development

2048

01:18:47,330 --> 01:18:45,179

um you know so I don't necessarily know

2049

01:18:50,270 --> 01:18:47,340

the answer to that to that big question

2050

01:18:52,970 --> 01:18:50,280

although I would say that you know from

2051

01:18:56,209 --> 01:18:52,980

my perspective on on Consciousness and

2052

01:18:58,689 --> 01:18:56,219

and it being fundamental to reality at

2053

01:19:01,729 --> 01:18:58,699

the root level all of intelligence

2054

01:19:05,570 --> 01:19:01,739

derives from this Consciousness layer

2055

01:19:07,370 --> 01:19:05,580

and so the emergence of intelligent

2056

01:19:09,950 --> 01:19:07,380

beings is just something which

2057

01:19:14,689 --> 01:19:09,960

Consciousness does you know that it is

2058

01:19:18,590 --> 01:19:14,699

not content to be a singular sort of

2059

01:19:20,810 --> 01:19:18,600

state that it is a little bit disturbed

2060

01:19:23,870 --> 01:19:20,820

in a way and in its disturbance it

2061

01:19:26,330 --> 01:19:23,880

creates these individuated conscious

2062

01:19:29,330 --> 01:19:26,340

agents to borrow a term from Donald

2063

01:19:31,310 --> 01:19:29,340

Hoffman you know so no matter what these

2064

01:19:33,649 --> 01:19:31,320

sort of intelligences and ended up end

2065

01:19:35,870 --> 01:19:33,659

up looking like or behaving or you know

2066

01:19:38,450 --> 01:19:35,880

where they end up being in the universe

2067

01:19:40,930 --> 01:19:38,460

they are just emergent uh sort of

2068

01:19:43,250 --> 01:19:40,940

fractal versions of this larger

2069

01:19:46,090 --> 01:19:43,260

conscious entity

2070

01:19:48,410 --> 01:19:46,100

um so we're in that way we are all

2071

01:19:50,810 --> 01:19:48,420

interrelated to one another you know we

2072

01:19:54,770 --> 01:19:50,820

all stem and come from the same

2073

01:19:58,070 --> 01:19:54,780

ultimately the same source and I think

2074

01:19:59,930 --> 01:19:58,080

at least for me that that's the most um

2075

01:20:02,630 --> 01:19:59,940

you know romantic and compelling

2076

01:20:04,790 --> 01:20:02,640

narrative that I apply to this generally

2077

01:20:07,010 --> 01:20:04,800

because you know at the end of the day

2078

01:20:09,890 --> 01:20:07,020

uh whether

2079

01:20:11,750 --> 01:20:09,900

we discover you know it's it's it's this

2080

01:20:12,890 --> 01:20:11,760

being or that being or this whole host

2081

01:20:14,930 --> 01:20:12,900

of beings

2082

01:20:17,390 --> 01:20:14,940

well I mean we're we're all still in

2083

01:20:19,430 --> 01:20:17,400

this experience of reality together

2084

01:20:20,990 --> 01:20:19,440

we're all you know kind of on the same

2085

01:20:23,030 --> 01:20:21,000

playing field what is the playing field

2086

01:20:24,590 --> 01:20:23,040

you know where where is it that which we

2087

01:20:27,050 --> 01:20:24,600

all derive

2088

01:20:29,149 --> 01:20:27,060

um how is it that we all can relate

2089

01:20:30,709 --> 01:20:29,159

and connect you know these are the

2090

01:20:33,229 --> 01:20:30,719

bigger questions that are more important

2091

01:20:35,510 --> 01:20:33,239

to me than necessarily the um

2092

01:20:37,850 --> 01:20:35,520

you know the kinds of uh you know

2093

01:20:40,130 --> 01:20:37,860

headline Grabbers of you know there's a

2094

01:20:42,590 --> 01:20:40,140

saucerer this is what it does or all of

2095

01:20:44,390 --> 01:20:42,600

those things are certainly important but

2096

01:20:46,130 --> 01:20:44,400

um you know for me I'm more concerned

2097

01:20:47,870 --> 01:20:46,140

with the with the bigger picture so yeah

2098

01:20:49,729 --> 01:20:47,880

I don't know I don't know if uh if that

2099

01:20:51,590 --> 01:20:49,739

addresses your question but I think uh

2100

01:20:53,510 --> 01:20:51,600

you know my belief is that we're all

2101
01:20:56,270 --> 01:20:53,520
connected yeah I think you think there's

2102
01:20:58,850 --> 01:20:56,280
one source Deb is the the god source

2103
01:21:01,850 --> 01:20:58,860
that you saw uh I don't know if that was

2104
01:21:03,830 --> 01:21:01,860
in the cave or outside the cave is that

2105
01:21:05,870 --> 01:21:03,840
do you think that's the source do you

2106
01:21:09,470 --> 01:21:05,880
think that Source created both the

2107
01:21:11,930 --> 01:21:09,480
phenomenon us uh Consciousness as a

2108
01:21:14,990 --> 01:21:11,940
construct well I guess I think of it in

2109
01:21:17,930 --> 01:21:15,000
an almost scientific way I think that

2110
01:21:19,610 --> 01:21:17,940
we're on the outskirts of understanding

2111
01:21:23,410 --> 01:21:19,620
some of the

2112
01:21:26,149 --> 01:21:23,420
science that's behind all of this

2113
01:21:28,010 --> 01:21:26,159

including I I've said before I think

2114

01:21:30,050 --> 01:21:28,020

there's science to Consciousness I think

2115

01:21:32,630 --> 01:21:30,060

there's some understanding of quantum

2116

01:21:34,910 --> 01:21:32,640

physics that we need to latch onto to

2117

01:21:36,590 --> 01:21:34,920

understand this a little better

2118

01:21:38,149 --> 01:21:36,600

um a lot of people are seeing

2119

01:21:40,910 --> 01:21:38,159

similarities

2120

01:21:44,630 --> 01:21:40,920

between all these entities that interact

2121

01:21:49,729 --> 01:21:44,640

with humanity and actually some people

2122

01:21:51,610 --> 01:21:49,739

have claims that they share our DNA so I

2123

01:21:56,630 --> 01:21:51,620

have to wonder

2124

01:21:59,870 --> 01:21:56,640

if there's some driving force right a

2125

01:22:03,169 --> 01:21:59,880

source that has just kind of been

2126

01:22:06,050 --> 01:22:03,179

experimenting Across the Universe

2127

01:22:07,790 --> 01:22:06,060

and and the everything is connected

2128

01:22:09,470 --> 01:22:07,800

because of that and I think of what

2129

01:22:12,890 --> 01:22:09,480

Grant Cameron said about like God was

2130

01:22:15,590 --> 01:22:12,900

maybe bored you know God was like a

2131

01:22:17,270 --> 01:22:15,600

Consciousness that was bored and created

2132

01:22:19,370 --> 01:22:17,280

all these things

2133

01:22:22,070 --> 01:22:19,380

um to reach out and maybe some of them

2134

01:22:24,350 --> 01:22:22,080

aren't done cooking in the oven so they

2135

01:22:25,669 --> 01:22:24,360

don't have quite as much physicality or

2136

01:22:27,770 --> 01:22:25,679

something but

2137

01:22:28,910 --> 01:22:27,780

you know I think there's a potential

2138

01:22:31,010 --> 01:22:28,920

that uh

2139

01:22:32,689 --> 01:22:31,020

there's a system

2140

01:22:35,390 --> 01:22:32,699

of

2141

01:22:37,490 --> 01:22:35,400

things across the universe connecting

2142

01:22:39,890 --> 01:22:37,500

all of it

2143

01:22:43,370 --> 01:22:39,900

can at least restore frankenmaya's hair

2144

01:22:45,950 --> 01:22:43,380

I mean is that too much to ask you know

2145

01:22:48,130 --> 01:22:45,960

if you ask the right person they might

2146

01:22:50,990 --> 01:22:48,140

say if you meditate enough

2147

01:22:52,790 --> 01:22:51,000

and maybe it could happen yeah I'm going

2148

01:22:54,709 --> 01:22:52,800

to talk to your partner Priscilla maybe

2149

01:22:56,149 --> 01:22:54,719

in past lives you had such great hair

2150

01:22:57,830 --> 01:22:56,159

you were like you know we just want to

2151
01:22:59,870 --> 01:22:57,840
experience what it's like not to have it

2152
01:23:01,430 --> 01:22:59,880
for once I look like John Travolta in

2153
01:23:02,410 --> 01:23:01,440
Saturday Night Fever

2154
01:23:05,689 --> 01:23:02,420
um

2155
01:23:08,149 --> 01:23:05,699
Frank what what's the source of all this

2156
01:23:10,010 --> 01:23:08,159
uh Frank we're going to go to to close

2157
01:23:12,050 --> 01:23:10,020
it out we're going to go to uh Frank k

2158
01:23:14,149 --> 01:23:12,060
then Frank C

2159
01:23:16,430 --> 01:23:14,159
what what's up what's the source of all

2160
01:23:17,689 --> 01:23:16,440
this in your estimation have you thought

2161
01:23:19,669 --> 01:23:17,699
about that

2162
01:23:22,490 --> 01:23:19,679
it's a heavy question mom really is

2163
01:23:24,470 --> 01:23:22,500

heavy it is like your music

2164

01:23:26,990 --> 01:23:24,480

it's heavy

2165

01:23:28,850 --> 01:23:27,000

um yeah yeah I mean I think what what I

2166

01:23:30,770 --> 01:23:28,860

do tend to focus on as much as I find

2167

01:23:32,030 --> 01:23:30,780

that that side of things absolutely

2168

01:23:34,370 --> 01:23:32,040

fascinating

2169

01:23:36,530 --> 01:23:34,380

I do kind of tend to focus on things

2170

01:23:38,149 --> 01:23:36,540

that like get into the bottom of the

2171

01:23:40,370 --> 01:23:38,159

Mysteries that we can actually perceive

2172

01:23:41,870 --> 01:23:40,380

in whatever realm of reality we can

2173

01:23:43,189 --> 01:23:41,880

perceive

2174

01:23:46,189 --> 01:23:43,199

um which I think is probably the main

2175

01:23:47,930 --> 01:23:46,199

focus of of what I tend to look at

2176

01:23:50,209 --> 01:23:47,940

um but I think we've spoken about this

2177

01:23:52,310 --> 01:23:50,219

before when I've been on you know on cab

2178

01:23:53,630 --> 01:23:52,320

before and things and we've spoken about

2179

01:23:57,370 --> 01:23:53,640

it privately

2180

01:24:00,350 --> 01:23:57,380

I'd tend to like the the the kind of

2181

01:24:02,810 --> 01:24:00,360

super Spectrum kind of way of looking at

2182

01:24:05,689 --> 01:24:02,820

things where you know perhaps that's

2183

01:24:07,250 --> 01:24:05,699

linked to non-local Consciousness and

2184

01:24:09,350 --> 01:24:07,260

the fact that the actual Consciousness

2185

01:24:12,470 --> 01:24:09,360

that we kind of inhabit on a day-to-day

2186

01:24:14,510 --> 01:24:12,480

basis is you know a small portion of

2187

01:24:18,229 --> 01:24:14,520

what's actually there a wider reality

2188

01:24:20,450 --> 01:24:18,239

and you know it could well be that you

2189

01:24:21,770 --> 01:24:20,460

know whatever the phenomenon is or the

2190

01:24:24,350 --> 01:24:21,780

phenomena are

2191

01:24:27,050 --> 01:24:24,360

you know actually inhabits some of the

2192

01:24:31,010 --> 01:24:27,060

parts of reality that we can't perceive

2193

01:24:33,169 --> 01:24:31,020

and perhaps it presents itself to us in

2194

01:24:35,630 --> 01:24:33,179

whatever form that thinks we can relate

2195

01:24:36,470 --> 01:24:35,640

to and it does that and that that sort

2196

01:24:39,229 --> 01:24:36,480

of would you know things like

2197

01:24:42,169 --> 01:24:39,239

shape-shifting UFOs you know why you

2198

01:24:43,669 --> 01:24:42,179

know entities appear in humanoid form it

2199

01:24:46,550 --> 01:24:43,679

would kind of go some way to explaining

2200

01:24:47,689 --> 01:24:46,560

those kinds of things you know a a kind

2201

01:24:50,450 --> 01:24:47,699

of a

2202

01:24:52,729 --> 01:24:50,460

an entity or an intelligence that sort

2203

01:24:54,410 --> 01:24:52,739

of inhabits the parts of reality that we

2204

01:24:56,630 --> 01:24:54,420

can't perceive and if it wants to

2205

01:25:00,169 --> 01:24:56,640

interact with us it has to come down to

2206

01:25:02,630 --> 01:25:00,179

our level to a certain extent

2207

01:25:04,070 --> 01:25:02,640

I love it man that's a great way that

2208

01:25:06,050 --> 01:25:04,080

that's our connection

2209

01:25:07,970 --> 01:25:06,060

Frank C

2210

01:25:09,890 --> 01:25:07,980

take us home

2211

01:25:10,910 --> 01:25:09,900

they are second everything that um that

2212

01:25:13,130 --> 01:25:10,920

Frank said

2213

01:25:14,810 --> 01:25:13,140

um more and more you know I initially

2214

01:25:16,970 --> 01:25:14,820

started when I came when I came back to

2215

01:25:18,890 --> 01:25:16,980

this of 2016 I was thinking very much in

2216

01:25:21,410 --> 01:25:18,900

terms of like nuts and bolts technology

2217

01:25:22,550 --> 01:25:21,420

craft flying around but you know then I

2218

01:25:24,050 --> 01:25:22,560

started thinking back to my childhood

2219

01:25:25,189 --> 01:25:24,060

and things like you know Rip Van wrinkle

2220

01:25:26,750 --> 01:25:25,199

which is basically like you know that's

2221

01:25:28,850 --> 01:25:26,760

like an abduction story isn't it you

2222

01:25:30,470 --> 01:25:28,860

know bloke gets taken away and you know

2223

01:25:31,729 --> 01:25:30,480

he meets some kind of like strange folk

2224

01:25:32,930 --> 01:25:31,739

and then he wakes up and suddenly it's

2225

01:25:34,430 --> 01:25:32,940

years later well that's like kind of

2226

01:25:37,010 --> 01:25:34,440

missing time isn't it

2227

01:25:38,450 --> 01:25:37,020

um and if you look back to

2228

01:25:40,189 --> 01:25:38,460

I've talked to somebody about this about

2229

01:25:41,930 --> 01:25:40,199

uh Iran

2230

01:25:43,910 --> 01:25:41,940

um you know battles between Alexander

2231

01:25:46,790 --> 01:25:43,920

the Great and you know the Persians and

2232

01:25:47,990 --> 01:25:46,800

Darius of Persia apparently they were

2233

01:25:49,550 --> 01:25:48,000

you know what they called at that time

2234

01:25:50,810 --> 01:25:49,560

you know that burning or bro you know

2235

01:25:52,970 --> 01:25:50,820

bright burning Shields that were

2236

01:25:53,630 --> 01:25:52,980

pressing above the battlefield

2237

01:25:55,610 --> 01:25:53,640

um

2238

01:25:56,870 --> 01:25:55,620

you know I'm starting to think more and

2239

01:25:58,910 --> 01:25:56,880

more that these are things that have

2240

01:26:00,470 --> 01:25:58,920

been with us for a long long time and

2241

01:26:01,550 --> 01:26:00,480

maybe are not from anywhere else but

2242

01:26:04,550 --> 01:26:01,560

actually

2243

01:26:06,290 --> 01:26:04,560

either part of our reality have always

2244

01:26:07,790 --> 01:26:06,300

been here with us on Earth or are

2245

01:26:09,229 --> 01:26:07,800

something that slips in and out of our

2246

01:26:10,790 --> 01:26:09,239

reality they're in like a parallel

2247

01:26:12,410 --> 01:26:10,800

reality

2248

01:26:14,629 --> 01:26:12,420

um and I don't know if it's like apparel

2249

01:26:16,310 --> 01:26:14,639

reality is in like I don't know

2250

01:26:18,110 --> 01:26:16,320

they're coming from somewhere else and

2251

01:26:20,330 --> 01:26:18,120

slipping into our reality or if they're

2252

01:26:21,770 --> 01:26:20,340

existing side by side with us but we

2253

01:26:22,850 --> 01:26:21,780

just can't see them

2254

01:26:24,410 --> 01:26:22,860

um but

2255

01:26:25,250 --> 01:26:24,420

and then it also goes into the whole

2256

01:26:27,590 --> 01:26:25,260

thing you know about like you know

2257

01:26:29,090 --> 01:26:27,600

ghosts and phantas Phantoms and

2258

01:26:30,770 --> 01:26:29,100

poltergeists all that kind of stuff I

2259

01:26:33,649 --> 01:26:30,780

mean is that part of it I just don't

2260

01:26:35,750 --> 01:26:33,659

know I just don't know but uh I'm more

2261

01:26:37,310 --> 01:26:35,760

and more leaning towards the fact that

2262

01:26:39,470 --> 01:26:37,320

it's something that's all around us all

2263

01:26:41,510 --> 01:26:39,480

the time some kind of like invisible

2264

01:26:43,669 --> 01:26:41,520

fabric that sometimes we can touch

2265

01:26:45,350 --> 01:26:43,679

sometimes we can penetrate but they seem

2266

01:26:48,350 --> 01:26:45,360

to be able to do with impunity when they

2267

01:26:50,870 --> 01:26:48,360

want to whoever they are it also seems

2268

01:26:52,310 --> 01:26:50,880

interesting that once people have an

2269

01:26:55,129 --> 01:26:52,320

experience and then have multiple

2270

01:26:56,990 --> 01:26:55,139

experiences and others don't you know I

2271

01:26:59,270 --> 01:26:57,000

mean I don't consider myself an

2272

01:27:01,790 --> 01:26:59,280

experiencer although I had a brief

2273

01:27:03,590 --> 01:27:01,800

sighting I don't know that that uh the

2274

01:27:05,870 --> 01:27:03,600

craft that I saw when I was younger knew

2275

01:27:08,270 --> 01:27:05,880

that I was there or because it wasn't

2276

01:27:11,570 --> 01:27:08,280

over the top of me and Nathan hasn't had

2277

01:27:14,149 --> 01:27:11,580

one I'm wondering if if it you know

2278

01:27:17,149 --> 01:27:14,159

because uh some of the the people that

2279

01:27:20,510 --> 01:27:17,159

are involved with looking at Cryptids

2280

01:27:23,030 --> 01:27:20,520

and and with the UFOs seem to have and

2281

01:27:25,970 --> 01:27:23,040

we ghosts in fact seem to have multiple

2282

01:27:28,669 --> 01:27:25,980

experiences I'm I wonder if I know Deb

2283

01:27:30,290 --> 01:27:28,679

probably has thoughts about that but

2284

01:27:32,930 --> 01:27:30,300

um you know we gotta have we gotta have

2285

01:27:34,610 --> 01:27:32,940

another Deb did you want to say did you

2286

01:27:36,830 --> 01:27:34,620

want to weigh in on that man I do I have

2287

01:27:39,410 --> 01:27:36,840

so many thoughts on this so I don't have

2288

01:27:41,330 --> 01:27:39,420

time to go into all of them but I do

2289

01:27:43,490 --> 01:27:41,340

think you know we're really like I said

2290

01:27:45,790 --> 01:27:43,500

getting closer to understanding some of

2291

01:27:49,010 --> 01:27:45,800

this when we look at all the information

2292

01:27:50,870 --> 01:27:49,020

and we look for the patterns people will

2293

01:27:53,570 --> 01:27:50,880

see the same thing there's some kind of

2294

01:27:55,070 --> 01:27:53,580

paranormal Network there's some kind of

2295

01:27:58,250 --> 01:27:55,080

what I call paranormal internet

2296

01:27:59,990 --> 01:27:58,260

sometimes we are now plugging in some

2297

01:28:02,090 --> 01:28:00,000

people are better at plugging in some

2298

01:28:04,550 --> 01:28:02,100

people are better batteries but Gary

2299

01:28:07,010 --> 01:28:04,560

Nolan's work the work of some other

2300

01:28:09,470 --> 01:28:07,020

people coming forward and the work like

2301
01:28:11,750 --> 01:28:09,480
what you know philosophers do to inspire

2302
01:28:14,209 --> 01:28:11,760
science all of that's going to come to

2303
01:28:16,850 --> 01:28:14,219
this at some point

2304
01:28:19,669 --> 01:28:16,860
yeah that that seems clear even if we

2305
01:28:21,770 --> 01:28:19,679
don't have uh even if we don't have the

2306
01:28:24,890 --> 01:28:21,780
immediacy that we want from the

2307
01:28:28,070 --> 01:28:24,900
disclosure aspect of it I do agree with

2308
01:28:30,770 --> 01:28:28,080
you that we're becoming more sentient

2309
01:28:33,770 --> 01:28:30,780
on what's happening around us as a

2310
01:28:36,169 --> 01:28:33,780
result of of conversations like this and

2311
01:28:38,090 --> 01:28:36,179
with with one another and I think that's

2312
01:28:40,310 --> 01:28:38,100
kind of where

2313
01:28:42,290 --> 01:28:40,320

um UFO Twitter should be going is to

2314

01:28:44,870 --> 01:28:42,300

just kind of kick around ideas because

2315

01:28:47,450 --> 01:28:44,880

then things occur to you that you hadn't

2316

01:28:50,030 --> 01:28:47,460

because I and Nathan tell you I mean Deb

2317

01:28:52,910 --> 01:28:50,040

probably tell you too I could not see

2318

01:28:55,430 --> 01:28:52,920

the the connection between UFOs and

2319

01:28:56,930 --> 01:28:55,440

ghosts and now I see it

2320

01:28:59,209 --> 01:28:56,940

um I didn't know there was such a thing

2321

01:29:01,870 --> 01:28:59,219

as dog man I thought that was like a

2322

01:29:04,970 --> 01:29:01,880

fairy tale and now I know that it isn't

2323

01:29:06,470 --> 01:29:04,980

and some of these other uh Cryptids so

2324

01:29:10,790 --> 01:29:06,480

it there's a lot of things out there

2325

01:29:13,550 --> 01:29:10,800

that uh come into our reality uh based

2326

01:29:15,770 --> 01:29:13,560

upon what factors I don't know

2327

01:29:17,990 --> 01:29:15,780

um and some people have have them

2328

01:29:18,709 --> 01:29:18,000

recurring and some don't but Deb how

2329

01:29:19,250 --> 01:29:18,719

about

2330

01:29:21,350 --> 01:29:19,260

um

2331

01:29:24,290 --> 01:29:21,360

we say our goodbyes and thank our

2332

01:29:27,169 --> 01:29:24,300

amazing guests the two Franks

2333

01:29:29,570 --> 01:29:27,179

thank you so much Frank and Frank

2334

01:29:31,729 --> 01:29:29,580

we appreciate your wisdom and the

2335

01:29:33,590 --> 01:29:31,739

sharing of knowledge of course please

2336

01:29:36,110 --> 01:29:33,600

continue to do all the wonderful things

2337

01:29:39,169 --> 01:29:36,120

that you do and we will speak to you

2338

01:29:42,830 --> 01:29:40,490

um guys thanks very much for having me

2339

01:29:44,570 --> 01:29:42,840

on and you know all the same sentiments

2340

01:29:46,669 --> 01:29:44,580

to you guys it's been a real pleasure to

2341

01:29:49,669 --> 01:29:46,679

be on and really nice as well to have my

2342

01:29:52,250 --> 01:29:49,679

mate Frank on as well thank you

2343

01:29:54,110 --> 01:29:52,260

yeah thanks very much guys I love you

2344

01:29:55,729 --> 01:29:54,120

guys it's always great to chat I could

2345

01:29:57,950 --> 01:29:55,739

probably chat all night but you know

2346

01:29:59,890 --> 01:29:57,960

I've got to go to bed mate I gotta get

2347

01:30:02,689 --> 01:29:59,900

to bed mate

2348

01:30:04,669 --> 01:30:02,699

Nathan yeah just uh echoing what Deb

2349

01:30:05,750 --> 01:30:04,679

says thank you both so much and uh we

2350

01:30:07,669 --> 01:30:05,760

look forward to continuing the

2351

01:30:10,430 --> 01:30:07,679

conversation and how you lead the

2352

01:30:12,950 --> 01:30:10,440

conversation in your own spaces uh is uh

2353

01:30:16,550 --> 01:30:12,960

is very inspiring as well and uh here's

2354

01:30:19,129 --> 01:30:16,560

to the rest of this year and into 2023.

2355

01:30:21,410 --> 01:30:19,139

yeah and we'll be uh I think I'm seeing

2356

01:30:22,970 --> 01:30:21,420

another somebody on the left I'm seeing

2357

01:30:25,129 --> 01:30:22,980

another mystery guess for the British

2358

01:30:27,290 --> 01:30:25,139

Invasion which uh we've got to schedule

2359

01:30:30,590 --> 01:30:27,300

that episode but I I'm thinking that

2360

01:30:32,270 --> 01:30:30,600

Frank Milburn coming in throwing a hand

2361

01:30:33,229 --> 01:30:32,280

grenade into that room and then taking

2362

01:30:35,270 --> 01:30:33,239

off

2363

01:30:38,090 --> 01:30:35,280

um will be really good

2364

01:30:41,450 --> 01:30:38,100

um frag everybody

2365

01:30:43,910 --> 01:30:41,460

all right uh on behalf of of Deb and

2366

01:30:45,890 --> 01:30:43,920

Nathan uh I want to thank our guests

2367

01:30:49,370 --> 01:30:45,900

Frank and Frank you guys are amazing and

2368

01:30:50,870 --> 01:30:49,380

you're so cool and um moreover

2369

01:30:53,510 --> 01:30:50,880

um not only just having these

2370

01:30:56,270 --> 01:30:53,520

discussions but I think the way that we

2371

01:30:58,450 --> 01:30:56,280

feel is we just have these sort of new

2372

01:31:01,550 --> 01:30:58,460

friends that have become like our family

2373

01:31:04,370 --> 01:31:01,560

and I think that's at least half of this

2374

01:31:07,310 --> 01:31:04,380

of why I'm here at least half

2375

01:31:08,209 --> 01:31:07,320

because the knowledge is great but in a

2376

01:31:10,610 --> 01:31:08,219

vacuum

2377

01:31:13,070 --> 01:31:10,620

you know it's just it's just knowledge

2378

01:31:14,450 --> 01:31:13,080

unless you're discussing and forming

2379

01:31:16,550 --> 01:31:14,460

these bonds with people that you can

2380

01:31:18,110 --> 01:31:16,560

call on the phone and speak with about

2381

01:31:21,229 --> 01:31:18,120

it when something comes up or run

2382

01:31:23,870 --> 01:31:21,239

something by somebody that's my goal on

2383

01:31:25,790 --> 01:31:23,880

um on UFO Twitter and and to have this

2384

01:31:27,890 --> 01:31:25,800

sort of whole new family that I got to

2385

01:31:29,450 --> 01:31:27,900

interact with the UK I may see you guys

2386

01:31:31,189 --> 01:31:29,460

again in January the way it's looking

2387

01:31:34,189 --> 01:31:31,199

right now

2388

01:31:36,470 --> 01:31:34,199

um and I thank you on behalf of uh of

2389

01:31:39,830 --> 01:31:36,480

calling all beings uh this is DJ saying

2390

01:31:41,450 --> 01:31:39,840

peace out one love thank you Jules we'll

2391

01:31:43,430 --> 01:31:41,460

see you down the road and as always

2392

01:31:45,050 --> 01:31:43,440

we're wondering what's up around the

2393

01:31:46,280 --> 01:31:45,060

bend
