***Calling All Beings***

1  
00:00:29,290 --> 00:00:12,190

[Music]

2  
00:00:35,270 --> 00:00:31,389

yeah

3  
00:00:37,970 --> 00:00:35,280

welcome back to calling all beings on a

4  
00:00:40,490 --> 00:00:37,980

Monday night it's about to get real with

5  
00:00:42,470 --> 00:00:40,500

a multi-tool player a man that can go

6  
00:00:44,750 --> 00:00:42,480

any direction you want to go with the

7  
00:00:47,090 --> 00:00:44,760

phenomenon he doesn't have a vector so

8  
00:00:51,010 --> 00:00:47,100

what's up I'm your host DJ along with

9  
00:00:55,369 --> 00:00:51,020

the co-conspirator of this joint my man

10  
00:00:57,229 --> 00:00:55,379

Monet Nathan what's up everybody good to

11  
00:00:58,910 --> 00:00:57,239

uh be here this evening man Monday

12  
00:01:01,549 --> 00:00:58,920

kicking off the week with a little

13  
00:01:04,250 --> 00:01:01,559

exciting conversation all about it

14

00:01:06,890 --> 00:01:04,260

looking forward to it about to get real

15

00:01:09,350 --> 00:01:06,900

and guess what fresh off the Symposium

16

00:01:11,450 --> 00:01:09,360

she about to go back to another one in

17

00:01:13,670 --> 00:01:11,460

New York City and make her presence felt

18

00:01:16,310 --> 00:01:13,680

put your hands together for a study of

19

00:01:17,630 --> 00:01:16,320

uaps the mental health professional

20

00:01:22,310 --> 00:01:17,640

steps

21

00:01:23,870 --> 00:01:22,320

hi everyone happy Monday what's up Deb

22

00:01:26,270 --> 00:01:23,880

I'm excited

23

00:01:29,270 --> 00:01:26,280

right me too

24

00:01:31,550 --> 00:01:29,280

I can tell DJ's got the exciting shirt

25

00:01:33,830 --> 00:01:31,560

and the excitement in his voice and I

26

00:01:36,530 --> 00:01:33,840

love it yeah it's about to get real part

27

00:01:38,569 --> 00:01:36,540

of people because again like I said if

28

00:01:40,730 --> 00:01:38,579

we were using a baseball metaphor we

29

00:01:43,969 --> 00:01:40,740

brought on a multi-tool player given to

30

00:01:46,730 --> 00:01:43,979

us by our home girl in the chat Miss

31

00:01:50,090 --> 00:01:46,740

Julie Farrell one of his homies she done

32

00:01:51,710 --> 00:01:50,100

took his class in RV to the deal double

33

00:01:54,649 --> 00:01:51,720

G

34

00:01:56,330 --> 00:01:54,659

um this gentleman has a PHD in I don't

35

00:01:58,249 --> 00:01:56,340

even know what he's got a PhD in in

36

00:02:00,109 --> 00:01:58,259

being really smart about all this kind

37

00:02:02,630 --> 00:02:00,119

of stuff so he's about to tell us we're

38

00:02:06,770 --> 00:02:02,640

going to get educated by my New York

39

00:02:13,510 --> 00:02:06,780

brother from another put your hands

40

00:02:18,170 --> 00:02:13,520

together for Dr Simeon hi hey hey

41

00:02:22,089 --> 00:02:18,180

guys hey Man Iron Man thank you thank

42

00:02:26,930 --> 00:02:24,430

thank you

43

00:02:29,750 --> 00:02:26,940

great to be here your PhD is in

44

00:02:32,990 --> 00:02:29,760

sociology is that right oh it's in post

45

00:02:35,030 --> 00:02:33,000

hole digging at least that's one of my

46

00:02:38,089 --> 00:02:35,040

former girlfriends used to say and I dug

47

00:02:41,570 --> 00:02:38,099

a lot of post holes for her uh but it's

48

00:02:44,270 --> 00:02:41,580

actually yes it is in sociology so that

49

00:02:45,949 --> 00:02:44,280

is correct and all of these topics that

50

00:02:48,470 --> 00:02:45,959

you guys are interested in that we're

51  
00:02:50,809 --> 00:02:48,480  
talking about more and more across the

52  
00:02:53,330 --> 00:02:50,819  
country I mean this is pure for me this

53  
00:02:55,550 --> 00:02:53,340  
is pure sociology what's real what isn't

54  
00:02:57,410 --> 00:02:55,560  
real what we don't talk about what we

55  
00:02:59,449 --> 00:02:57,420  
experience and still don't want to talk

56  
00:03:00,530 --> 00:02:59,459  
about and what our government knows

57  
00:03:03,949 --> 00:03:00,540  
about and doesn't want to talk about

58  
00:03:05,990 --> 00:03:03,959  
social I love it I love it yeah I heard

59  
00:03:08,390 --> 00:03:06,000  
your discussion with Dave Scott and and

60  
00:03:10,970 --> 00:03:08,400  
say hey what's up Linda Thompson in the

61  
00:03:13,369 --> 00:03:10,980  
house we got a genuine Legend we got

62  
00:03:18,110 --> 00:03:13,379  
three Legends we got Dr simming we've

63  
00:03:25,130 --> 00:03:20,149

um you're a New York brother Dr Hunt

64

00:03:27,410 --> 00:03:25,140

right yeah I grew up in Manhattan and uh

65

00:03:29,990 --> 00:03:27,420

I thought you're from yeah

66

00:03:31,970 --> 00:03:30,000

yeah my parents moved out there you know

67

00:03:33,589 --> 00:03:31,980

after a while the schools were thought

68

00:03:35,809 --> 00:03:33,599

to be better so like a lot of people

69

00:03:37,970 --> 00:03:35,819

they moved out to The Burbs in the 60s

70

00:03:40,250 --> 00:03:37,980

and I spent a lot of my life there and

71

00:03:42,110 --> 00:03:40,260

then kind of came out west but I I've

72

00:03:43,850 --> 00:03:42,120

been back in New York recently I was

73

00:03:47,330 --> 00:03:43,860

just back there a couple weeks ago and I

74

00:03:49,850 --> 00:03:47,340

even had an office on 26th 24th and 6th

75

00:03:51,770 --> 00:03:49,860

Avenue in Chelsea until a few years ago

76

00:03:54,770 --> 00:03:51,780

I had a you know shared office space

77

00:03:58,130 --> 00:03:54,780

there so well I'm from Peekskill can you

78

00:04:01,130 --> 00:03:58,140

give me a town where you went to school

79

00:04:03,890 --> 00:04:01,140

uh I went to school in Greenberg

80

00:04:05,750 --> 00:04:03,900

Edgemont near White Plains okay all

81

00:04:07,430 --> 00:04:05,760

right yeah wow so South you're very

82

00:04:09,770 --> 00:04:07,440

close to the city you know close to

83

00:04:10,970 --> 00:04:09,780

Yonkers and all that stuff okay all

84

00:04:13,490 --> 00:04:10,980

right yeah you're a little bit south of

85

00:04:16,930 --> 00:04:13,500

me right north of Yonkers exactly right

86

00:04:23,290 --> 00:04:16,940

okay see that Nathan

87

00:04:28,090 --> 00:04:25,730

you got a problem with that guys you got

88

00:04:34,249 --> 00:04:31,070

I'm walking here yeah I'm sorry I love

89

00:04:38,990 --> 00:04:34,259

it you know I'm a big uh I'm a big fan

90

00:04:40,790 --> 00:04:39,000

of uh you know Dr Heinz uh advocacy for

91

00:04:44,030 --> 00:04:40,800

I mean I first of all I love the title

92

00:04:48,249 --> 00:04:44,040

of the book dark monsters matter and I

93

00:04:54,249 --> 00:04:51,050

that's right sorry I got favorite books

94

00:04:56,830 --> 00:04:54,259

I got it all right I like your title

95

00:04:59,629 --> 00:04:56,840

all right now

96

00:05:01,670 --> 00:04:59,639

they do matter absolutely no I do love

97

00:05:03,890 --> 00:05:01,680

the title the book Dark Matter monsters

98

00:05:05,990 --> 00:05:03,900

and uh for those of our listeners who

99

00:05:07,430 --> 00:05:06,000

aren't as familiar with it if you would

100

00:05:08,870 --> 00:05:07,440

uh be willing to kind of give a little

101  
00:05:10,129 --> 00:05:08,880  
bit of a synopsis of it I think that

102  
00:05:12,530 --> 00:05:10,139  
would be great I think it's just a

103  
00:05:15,170 --> 00:05:12,540  
fascinating theory on on the phenomena

104  
00:05:19,550 --> 00:05:15,180  
what we're looking at here

105  
00:05:22,310 --> 00:05:19,560  
well you know uh right after taking RV

106  
00:05:25,370 --> 00:05:22,320  
remote viewing back in the 90s one of

107  
00:05:27,890 --> 00:05:25,380  
the the targets that we viewed was crop

108  
00:05:29,270 --> 00:05:27,900  
circles and I didn't know I was fresh

109  
00:05:30,950 --> 00:05:29,280  
out of graduate school I had no idea

110  
00:05:32,749 --> 00:05:30,960  
what a crop circle was so I felt like I

111  
00:05:34,430 --> 00:05:32,759  
should go over to the UK and see one of

112  
00:05:36,650 --> 00:05:34,440  
these for myself on a crop circle tour

113  
00:05:38,210 --> 00:05:36,660

which I did with a guy named Ron Russell

114

00:05:38,990 --> 00:05:38,220

from the Denver area who I happened to

115

00:05:41,870 --> 00:05:39,000

meet

116

00:05:44,330 --> 00:05:41,880

at a conference uh you know right in the

117

00:05:45,469 --> 00:05:44,340

middle of RV in Denver he said I give

118

00:05:47,450 --> 00:05:45,479

these tours and we don't know who's

119

00:05:49,189 --> 00:05:47,460

making them and you know what they mean

120

00:05:51,170 --> 00:05:49,199

and so forth and I was really curious

121

00:05:52,909 --> 00:05:51,180

from doing my session and watching other

122

00:05:55,189 --> 00:05:52,919

people do sessions you don't you know

123

00:05:58,029 --> 00:05:55,199

you got your feedback but what is this

124

00:06:01,969 --> 00:05:58,039

pattern in the week so I went over there

125

00:06:03,650 --> 00:06:01,979

and I immediately saw that lots of

126

00:06:06,230 --> 00:06:03,660

people had experienced strange things

127

00:06:09,409 --> 00:06:06,240

around crop circles including battery

128

00:06:13,730 --> 00:06:09,419

failure camera failure orbs space time

129

00:06:17,450 --> 00:06:13,740

distortions and UA uh you know UFOs now

130

00:06:19,610 --> 00:06:17,460

called uaps even some small ones

131

00:06:22,189 --> 00:06:19,620

floating over the circles moving

132

00:06:24,189 --> 00:06:22,199

erratically really strange stuff and

133

00:06:27,770 --> 00:06:24,199

then I began to experience it myself

134

00:06:29,749 --> 00:06:27,780

with uh Ron's tour group and then later

135

00:06:32,029 --> 00:06:29,759

my tour groups once I started giving

136

00:06:33,890 --> 00:06:32,039

tours over there I mean you go in there

137

00:06:35,689 --> 00:06:33,900

in people's cameras and batteries would

138

00:06:38,210 --> 00:06:35,699

stop working sometimes they'd never work

139

00:06:40,309 --> 00:06:38,220

again and you know ordinarily what does

140

00:06:42,469 --> 00:06:40,319

not do that to your electronics okay

141

00:06:43,550 --> 00:06:42,479

it's a kind of an insulator

142

00:06:47,689 --> 00:06:43,560

so

143

00:06:50,689 --> 00:06:47,699

for a couple decades of what could

144

00:06:53,090 --> 00:06:50,699

explain why a crop circle

145

00:06:55,510 --> 00:06:53,100

the shape or something about it could

146

00:06:58,670 --> 00:06:55,520

affect our electromagnetic

147

00:07:01,370 --> 00:06:58,680

frequencies and create strange

148

00:07:03,770 --> 00:07:01,380

electronic effects plus space-time

149

00:07:06,529 --> 00:07:03,780

anomalies cause compasses to spin around

150

00:07:08,150 --> 00:07:06,539

even professional film Crews BBC would

151  
00:07:09,710 --> 00:07:08,160  
have it happen to their cameras I mean

152  
00:07:12,469 --> 00:07:09,720  
you're talking severe camera failure

153  
00:07:15,590 --> 00:07:12,479  
sometimes you have to like reboot it put

154  
00:07:17,150 --> 00:07:15,600  
it away for a while well fast forward to

155  
00:07:19,850 --> 00:07:17,160  
more recently

156  
00:07:21,890 --> 00:07:19,860  
I was really surprised once I started

157  
00:07:24,469 --> 00:07:21,900  
talking to Witnesses in the Rocky

158  
00:07:26,330 --> 00:07:24,479  
Mountain area that the similar things

159  
00:07:29,990 --> 00:07:26,340  
happened around Bigfoot's Sasquatch

160  
00:07:32,570 --> 00:07:30,000  
scripted encounters and that some that I

161  
00:07:34,909 --> 00:07:32,580  
saw this cannot be an accident the same

162  
00:07:36,710 --> 00:07:34,919  
things that I described around crop

163  
00:07:39,350 --> 00:07:36,720

circles when I went to some of these

164

00:07:40,969 --> 00:07:39,360

conferences in Bailey and I did you were

165

00:07:42,770 --> 00:07:40,979

talking about Igor a few moments ago

166

00:07:44,870 --> 00:07:42,780

Igor birds have a Russian researcher I

167

00:07:47,390 --> 00:07:44,880

got to meet him and talk to him he's one

168

00:07:49,309 --> 00:07:47,400

of the people that really blew my mind

169

00:07:51,469 --> 00:07:49,319

out about the subject because he said

170

00:07:53,689 --> 00:07:51,479

this is I used to think there's some

171

00:07:55,850 --> 00:07:53,699

sort of undiscovered primate you know

172

00:07:58,249 --> 00:07:55,860

like decantopithecus even though in the

173

00:08:00,110 --> 00:07:58,259

U.S there's not a single eight bone ever

174

00:08:02,870 --> 00:08:00,120

been found anywhere

175

00:08:05,629 --> 00:08:02,880

uh aside from Nathan and myself do you

176  
00:08:07,070 --> 00:08:05,639  
mean yes okay and those guys walk down

177  
00:08:08,770 --> 00:08:07,080  
all fours and then he said well I

178  
00:08:11,450 --> 00:08:08,780  
thought it was our undiscovered human

179  
00:08:13,969 --> 00:08:11,460  
and then after all the stuff we saw

180  
00:08:16,730 --> 00:08:13,979  
around it which he presented to us he

181  
00:08:18,830 --> 00:08:16,740  
decided it was a paranormal being

182  
00:08:20,390 --> 00:08:18,840  
a paranormal I guess so what do you what

183  
00:08:22,550 --> 00:08:20,400  
do you think people experience some

184  
00:08:25,790 --> 00:08:22,560  
people some Sasquatch encounters battery

185  
00:08:28,189 --> 00:08:25,800  
failure camera failure uh memory loss

186  
00:08:31,070 --> 00:08:28,199  
space-time distortions car won't start

187  
00:08:34,310 --> 00:08:31,080  
Radio dies I said this can't be a

188  
00:08:37,370 --> 00:08:34,320

coincidence there has to be orbs balls

189

00:08:40,630 --> 00:08:37,380

of light orbs around Sasquatch

190

00:08:43,070 --> 00:08:40,640

uh bigfoot coming out of balls of light

191

00:08:45,889 --> 00:08:43,080

throwing balls of light at people and

192

00:08:47,449 --> 00:08:45,899

then to top it all off I had heard these

193

00:08:50,509 --> 00:08:47,459

presentations but I never could quite

194

00:08:51,710 --> 00:08:50,519

make sense of it UFOs right next to

195

00:08:54,829 --> 00:08:51,720

Sasquatch

196

00:08:57,949 --> 00:08:54,839

uh sightings sometimes seeing them

197

00:08:59,750 --> 00:08:57,959

coming out of UFOs so I realized there

198

00:09:02,090 --> 00:08:59,760

was just some bigger underlying reality

199

00:09:05,230 --> 00:09:02,100

going on here and and we were dealing

200

00:09:08,449 --> 00:09:05,240

with a very significant subject

201  
00:09:09,949 --> 00:09:08,459  
uh even other states of matter that

202  
00:09:12,170 --> 00:09:09,959  
we're not all that familiar with but

203  
00:09:13,370 --> 00:09:12,180  
physicists talk about Dark Matter dark

204  
00:09:16,730 --> 00:09:13,380  
energy

205  
00:09:18,470 --> 00:09:16,740  
uh cosmic background radiation Relic

206  
00:09:21,350 --> 00:09:18,480  
neutrinos things that come from the

207  
00:09:23,870 --> 00:09:21,360  
cosmos that are used by plants and

208  
00:09:25,550 --> 00:09:23,880  
animals and so forth and I finally kind

209  
00:09:27,530 --> 00:09:25,560  
of clicked that we were dealing with a

210  
00:09:29,269 --> 00:09:27,540  
type of dark matter of life form hence

211  
00:09:31,190 --> 00:09:29,279  
Dark Matter monsters and some people

212  
00:09:33,230 --> 00:09:31,200  
have scary encounters with them and they

213  
00:09:35,449 --> 00:09:33,240

seem kind of monster-like sometimes they

214

00:09:37,070 --> 00:09:35,459

do I love it well I'm going to follow

215

00:09:38,870 --> 00:09:37,080

follow up with that uh one quick

216

00:09:40,910 --> 00:09:38,880

question then so a lot of our physicists

217

00:09:42,769 --> 00:09:40,920

think that dark matter is uh you know

218

00:09:46,730 --> 00:09:42,779

kind of comprises most of the matter in

219

00:09:48,949 --> 00:09:46,740

the known universe so if that's true how

220

00:09:51,769 --> 00:09:48,959

crowded do you think our reality

221

00:09:55,490 --> 00:09:51,779

actually is with these creatures and

222

00:09:58,550 --> 00:09:55,500

others excellent question very good

223

00:10:00,769 --> 00:09:58,560

yes Dark Matter out matters are normal

224

00:10:03,290 --> 00:10:00,779

ordinary visible matter ten to one

225

00:10:05,690 --> 00:10:03,300

according to what we know and the dark

226

00:10:08,269 --> 00:10:05,700

double dark Theory dark matter which

227

00:10:11,509 --> 00:10:08,279

just a quick review it seems to be the

228

00:10:12,889 --> 00:10:11,519

forest that holds universes uh galaxies

229

00:10:14,449 --> 00:10:12,899

together since there's not enough

230

00:10:16,009 --> 00:10:14,459

material in galaxies and they're

231

00:10:18,410 --> 00:10:16,019

rotating they should fling apart but

232

00:10:20,449 --> 00:10:18,420

they don't so even a hundred years ago

233

00:10:22,910 --> 00:10:20,459

cosmologists

234

00:10:24,170 --> 00:10:22,920

Fritz Vicky and others at the University

235

00:10:25,550 --> 00:10:24,180

of Chicago so there has to be more

236

00:10:28,190 --> 00:10:25,560

matter but we can't see it so they

237

00:10:31,370 --> 00:10:28,200

called it you know Dunkel Materia in

238

00:10:33,590 --> 00:10:31,380

German a dark matter and so the idea is

239

00:10:37,730 --> 00:10:33,600

there has to be more matter there and it

240

00:10:38,949 --> 00:10:37,740

outnumbers ordinary matter by a huge

241

00:10:42,530 --> 00:10:38,959

Factor

242

00:10:44,949 --> 00:10:42,540

what we see around us folks visible

243

00:10:47,930 --> 00:10:44,959

matter is a half a percent of reality

244

00:10:50,170 --> 00:10:47,940

there's a three to four percent of

245

00:10:52,910 --> 00:10:50,180

ordinary matter that's not visible

246

00:10:55,430 --> 00:10:52,920

non-barionic manners they call it and

247

00:10:58,550 --> 00:10:55,440

then there's another 30 or so you know

248

00:11:01,370 --> 00:10:58,560

give or take a few percent up dark uh

249

00:11:03,590 --> 00:11:01,380

dark matter and then there's like 70

250

00:11:05,650 --> 00:11:03,600

dark energy which is an even more

251  
00:11:08,449 --> 00:11:05,660  
mysterious force that seems to push

252  
00:11:09,350 --> 00:11:08,459  
galaxies apart so Nathan to go back to

253  
00:11:13,430 --> 00:11:09,360  
your question

254  
00:11:16,490 --> 00:11:13,440  
there's like 10 dark particles for every

255  
00:11:19,009 --> 00:11:16,500  
one particle that we can see around us

256  
00:11:21,170 --> 00:11:19,019  
and it's not just out there and this was

257  
00:11:22,730 --> 00:11:21,180  
a big realization to me a number of

258  
00:11:23,930 --> 00:11:22,740  
years ago doing research into this

259  
00:11:25,850 --> 00:11:23,940  
thinking this might have something to do

260  
00:11:28,190 --> 00:11:25,860  
with crop circles like maybe crop

261  
00:11:30,769 --> 00:11:28,200  
circles were lensing a type of energy

262  
00:11:32,150 --> 00:11:30,779  
acting like a waveguide and they're

263  
00:11:34,730 --> 00:11:32,160

thinking about what type of energy would

264

00:11:36,410 --> 00:11:34,740

they be lensing you know light's really

265

00:11:38,210 --> 00:11:36,420

small you wouldn't expect wheat to

266

00:11:40,670 --> 00:11:38,220

really affect the refraction of light

267

00:11:43,009 --> 00:11:40,680

because it's nanometers but maybe Dark

268

00:11:45,650 --> 00:11:43,019

Matter dark energy and there is dark

269

00:11:49,370 --> 00:11:45,660

matter and dark energy around us all the

270

00:11:51,410 --> 00:11:49,380

time even something that's just a small

271

00:11:53,269 --> 00:11:51,420

part of a dark matter called Relic

272

00:11:54,829 --> 00:11:53,279

neutrinos from the cosmic background

273

00:11:57,949 --> 00:11:54,839

radiation

274

00:12:00,949 --> 00:11:57,959

from The Big Bang there's much more of

275

00:12:03,110 --> 00:12:00,959

that than there is ordinary matter and

276

00:12:06,829 --> 00:12:03,120

it's streaming around the earth it's

277

00:12:08,690 --> 00:12:06,839

gravitationally uh lensed and it it

278

00:12:11,150 --> 00:12:08,700

condenses

279

00:12:12,949 --> 00:12:11,160

and we're around that all the time it's

280

00:12:16,009 --> 00:12:12,959

around the Sun the moon the Earth it's

281

00:12:18,410 --> 00:12:16,019

attracted to gravitational objects and

282

00:12:21,949 --> 00:12:18,420

it interacts with ourselves with

283

00:12:23,690 --> 00:12:21,959

molecules chemistry relative so just the

284

00:12:26,389 --> 00:12:23,700

fact that there's something streaming in

285

00:12:28,690 --> 00:12:26,399

from the cosmos like 10 million a second

286

00:12:32,210 --> 00:12:28,700

are interacting with your body

287

00:12:34,730 --> 00:12:32,220

that could you know be a catalyst for

288

00:12:36,590 --> 00:12:34,740

all types of energetic paranormal

289

00:12:38,810 --> 00:12:36,600

apparently paranormal

290

00:12:41,030 --> 00:12:38,820

realities that we normally don't have an

291

00:12:43,430 --> 00:12:41,040

explanation for so to answer your

292

00:12:45,530 --> 00:12:43,440

question in a nutshell that is exactly

293

00:12:48,350 --> 00:12:45,540

what I started thinking if there's 10

294

00:12:49,910 --> 00:12:48,360

times as many Dark Matter particles as

295

00:12:52,250 --> 00:12:49,920

ordinary particles does that mean

296

00:12:53,449 --> 00:12:52,260

there's ten times as much dark matter

297

00:12:58,250 --> 00:12:53,459

life

298

00:12:59,210 --> 00:12:58,260

logical extension

299

00:13:02,389 --> 00:12:59,220

um

300

00:13:04,190 --> 00:13:02,399

yeah there's dark matter is something

301  
00:13:07,190 --> 00:13:04,200  
that we're just learning to understand

302  
00:13:09,230 --> 00:13:07,200  
and it's still the best theory to match

303  
00:13:11,990 --> 00:13:09,240  
all the data we have about the cosmos

304  
00:13:13,970 --> 00:13:12,000  
but the main point is it's not just way

305  
00:13:16,190 --> 00:13:13,980  
out there in the cosmos where the Earth

306  
00:13:18,670 --> 00:13:16,200  
is interacting with dark energy there

307  
00:13:21,110 --> 00:13:18,680  
was a Soviet now Russian physicist

308  
00:13:22,790 --> 00:13:21,120  
Alexander parkimov that wrote this whole

309  
00:13:24,710 --> 00:13:22,800  
book about it that in the English

310  
00:13:28,610 --> 00:13:24,720  
translation is called space Earth human

311  
00:13:30,949 --> 00:13:28,620  
and he said you can focus it and lens it

312  
00:13:34,129 --> 00:13:30,959  
even enough to create cold fusion low

313  
00:13:36,650 --> 00:13:34,139

energy nuclear reactions that it matters

314

00:13:39,790 --> 00:13:36,660

to us that dark matter matters to go

315

00:13:44,110 --> 00:13:39,800

back to your joke yeah

316

00:13:47,449 --> 00:13:44,120

I hit this one it's

317

00:13:49,430 --> 00:13:47,459

interacting with life and if you're

318

00:13:50,930 --> 00:13:49,440

inside there's not as much dark matter

319

00:13:53,269 --> 00:13:50,940

and they even find that some of these

320

00:13:55,370 --> 00:13:53,279

physics experiments they start dying

321

00:13:57,290 --> 00:13:55,380

down until they open the window

322

00:13:58,790 --> 00:13:57,300

and it's not because oxygen I mean and

323

00:14:00,470 --> 00:13:58,800

it's because these particles kind of get

324

00:14:03,290 --> 00:14:00,480

used up and you need to refresh them

325

00:14:06,590 --> 00:14:03,300

again so I'm convinced that there's

326

00:14:09,170 --> 00:14:06,600

types of life that are more dark matter

327

00:14:13,009 --> 00:14:09,180

based than ordinary you know

328

00:14:15,290 --> 00:14:13,019

matter-based that we're made of and that

329

00:14:17,870 --> 00:14:15,300

it's they're very good at cloaking and

330

00:14:19,790 --> 00:14:17,880

invisibility and teleportation and

331

00:14:22,009 --> 00:14:19,800

things that dark matter seems to be very

332

00:14:23,810 --> 00:14:22,019

good at I mean I can elaborate on this

333

00:14:26,690 --> 00:14:23,820

as much as you want but that's the gist

334

00:14:28,009 --> 00:14:26,700

of it I think there's to sum up your

335

00:14:30,290 --> 00:14:28,019

question in nutshell I think there's a

336

00:14:31,970 --> 00:14:30,300

lot of life around us but we're tuned to

337

00:14:33,110 --> 00:14:31,980

a very narrow range of frequencies with

338

00:14:36,350 --> 00:14:33,120

our senses

339

00:14:37,970 --> 00:14:36,360

we know this there's a huge range of

340

00:14:40,610 --> 00:14:37,980

frequencies in the electromagnetic

341

00:14:43,069 --> 00:14:40,620

spectrum and they could exist through

342

00:14:44,990 --> 00:14:43,079

resonance at other frequencies kind of

343

00:14:46,430 --> 00:14:45,000

like a tuning fork that's just tuned to

344

00:14:48,949 --> 00:14:46,440

a different frequency than our training

345

00:14:50,870 --> 00:14:48,959

Fork so we don't resonate with them all

346

00:14:52,850 --> 00:14:50,880

the time and maybe they can shift into

347

00:14:55,310 --> 00:14:52,860

our reality and sometimes we resonate

348

00:14:57,530 --> 00:14:55,320

with them but this would I mean Igor

349

00:14:58,670 --> 00:14:57,540

borter going back to Igor he was the one

350

00:15:00,889 --> 00:14:58,680

I mean I couldn't believe this you're

351

00:15:02,389 --> 00:15:00,899

someone that is a PhD social science

352

00:15:04,310 --> 00:15:02,399

political scientist been studying

353

00:15:06,829 --> 00:15:04,320

Sasquatch for 50 years

354

00:15:08,810 --> 00:15:06,839

he gave us numerous examples how they

355

00:15:11,509 --> 00:15:08,820

literally disappeared in front of

356

00:15:13,910 --> 00:15:11,519

witnesses eyes like a curtain of light

357

00:15:16,970 --> 00:15:13,920

coming down and they're gone and he he

358

00:15:18,710 --> 00:15:16,980

had the pictures and they had mapped out

359

00:15:20,930 --> 00:15:18,720

you know the whole areas where this

360

00:15:23,150 --> 00:15:20,940

happened he had the evidence so yeah

361

00:15:24,650 --> 00:15:23,160

things that can appear disappear it's so

362

00:15:27,290 --> 00:15:24,660

hard for us to believe with our modern

363

00:15:29,810 --> 00:15:27,300

mindset but this is what Witnesses tell

364

00:15:32,030 --> 00:15:29,820

us they experience I I actually I I have

365

00:15:34,730 --> 00:15:32,040

a and I want to ask you about that about

366

00:15:36,769 --> 00:15:34,740

the different sort of experiences people

367

00:15:39,050 --> 00:15:36,779

have had with Sasquatch that some that

368

00:15:41,689 --> 00:15:39,060

that do seem quite Supernatural and some

369

00:15:43,610 --> 00:15:41,699

that don't some that are but before we

370

00:15:44,629 --> 00:15:43,620

get to that

371

00:15:48,530 --> 00:15:44,639

um what you were just talking about

372

00:15:50,269 --> 00:15:48,540

about perception about uh that there are

373

00:15:53,629 --> 00:15:50,279

we're perceiving and I heard you say

374

00:15:56,889 --> 00:15:53,639

this with uh is it Mr Scott is it Dave

375

00:16:00,290 --> 00:15:56,899

Scott yeah yeah yeah

376

00:16:03,350 --> 00:16:00,300

great interview with Dave Scott and and

377

00:16:05,329 --> 00:16:03,360

a lot of his his theory of disclosure in

378

00:16:07,850 --> 00:16:05,339

mind at least at this point in time are

379

00:16:09,530 --> 00:16:07,860

are pretty in sync and you made a a

380

00:16:12,590 --> 00:16:09,540

pretty compelling debate against that

381

00:16:14,750 --> 00:16:12,600

but but what I want to ask you is how do

382

00:16:18,110 --> 00:16:14,760

you think that these are are these

383

00:16:20,449 --> 00:16:18,120

people chosen that perceive outside of

384

00:16:22,670 --> 00:16:20,459

that narrow band because right now well

385

00:16:25,189 --> 00:16:22,680

Nathan I think is expanding his but

386

00:16:27,350 --> 00:16:25,199

right now I'm in this narrow band I'm

387

00:16:29,810 --> 00:16:27,360

not perceiving do you think that that

388

00:16:32,870 --> 00:16:29,820

they are chosen do you think that they

389

00:16:34,670 --> 00:16:32,880

are self-developed how how does that

390

00:16:36,889 --> 00:16:34,680

happen where where we have these

391

00:16:40,730 --> 00:16:36,899

individuals who are in fact able to to

392

00:16:43,009 --> 00:16:40,740

to perceive outside of that narrow band

393

00:16:45,949 --> 00:16:43,019

it does seem to me based on all the work

394

00:16:48,470 --> 00:16:45,959

I've done with RV remote viewing and

395

00:16:50,210 --> 00:16:48,480

resonance that some people have a

396

00:16:52,310 --> 00:16:50,220

broader bandwidth of perception than

397

00:16:54,889 --> 00:16:52,320

others we've all been conditioned by

398

00:16:57,410 --> 00:16:54,899

this Society we've grown up with in you

399

00:16:59,689 --> 00:16:57,420

know unidj in New York state schools

400

00:17:02,329 --> 00:16:59,699

they don't talk about this and and you

401  
00:17:04,370 --> 00:17:02,339  
are discouraged you know from going off

402  
00:17:06,530 --> 00:17:04,380  
in any of these directions in high

403  
00:17:08,449 --> 00:17:06,540  
school I remember very explicitly High

404  
00:17:10,370 --> 00:17:08,459  
School teachers just saying you know

405  
00:17:13,250 --> 00:17:10,380  
there's no evidence for this no evidence

406  
00:17:15,770 --> 00:17:13,260  
for that UFOs are just you know

407  
00:17:17,030 --> 00:17:15,780  
drunk alcoholics in rural areas and all

408  
00:17:18,650 --> 00:17:17,040  
this kind of

409  
00:17:20,750 --> 00:17:18,660  
you know these kind of gesso

410  
00:17:22,789 --> 00:17:20,760  
explanations that Project Blue Book

411  
00:17:25,010 --> 00:17:22,799  
Advanced and people bought that hook

412  
00:17:26,750 --> 00:17:25,020  
line in Sinker you know because at least

413  
00:17:29,750 --> 00:17:26,760

it was some explanation that people are

414

00:17:31,970 --> 00:17:29,760

seeing you know swamp gas and you know

415

00:17:34,370 --> 00:17:31,980

weather balloons and all the flocks of

416

00:17:36,470 --> 00:17:34,380

geese and ice crystals and they're still

417

00:17:38,510 --> 00:17:36,480

using these explanations but not lots of

418

00:17:41,090 --> 00:17:38,520

Seagulls we gotta get that right blocks

419

00:17:43,310 --> 00:17:41,100

of seagulls and Flubber whatever you can

420

00:17:45,470 --> 00:17:43,320

come up with not to deal with what the

421

00:17:49,070 --> 00:17:45,480

witnesses say they're experiencing

422

00:17:51,110 --> 00:17:49,080

so I think what is going on and I'm not

423

00:17:52,909 --> 00:17:51,120

uh I'm not saying maybe people aren't

424

00:17:55,370 --> 00:17:52,919

chosen because it does seem this goes

425

00:17:57,529 --> 00:17:55,380

through lineages of family sometimes but

426  
00:17:59,450 --> 00:17:57,539  
from my experiences in sociology there's

427  
00:18:01,130 --> 00:17:59,460  
sociologists there's some people that

428  
00:18:03,289 --> 00:18:01,140  
just do have a slightly broader

429  
00:18:05,990 --> 00:18:03,299  
bandwidth and maybe they don't edit out

430  
00:18:08,210 --> 00:18:06,000  
as much as other people so they see

431  
00:18:10,430 --> 00:18:08,220  
things but then we're all really

432  
00:18:13,789 --> 00:18:10,440  
discouraged from talking about it due to

433  
00:18:15,950 --> 00:18:13,799  
the stigma which the UAP task force had

434  
00:18:16,970 --> 00:18:15,960  
on their first page I I loved it you

435  
00:18:18,950 --> 00:18:16,980  
know a lot of people were disappointed

436  
00:18:20,390 --> 00:18:18,960  
with the uip task force report because

437  
00:18:21,950 --> 00:18:20,400  
it didn't really say too much and it

438  
00:18:24,049 --> 00:18:21,960

just said well there we had 144

439

00:18:25,490 --> 00:18:24,059

sightings recently I don't know what

440

00:18:27,230 --> 00:18:25,500

their time frame was we could all we can

441

00:18:29,210 --> 00:18:27,240

all explain one and we don't know what

442

00:18:31,850 --> 00:18:29,220

the rest is but to me the fact that they

443

00:18:35,450 --> 00:18:31,860

admitted that there's pressure

444

00:18:37,070 --> 00:18:35,460

and ridicule and hostility directed

445

00:18:39,890 --> 00:18:37,080

towards Witnesses and this could ruin

446

00:18:42,049 --> 00:18:39,900

your career especially in the military

447

00:18:43,850 --> 00:18:42,059

well that's pretty good enough reason

448

00:18:48,049 --> 00:18:43,860

right there why you don't hear about it

449

00:18:50,510 --> 00:18:48,059

and so what seems to be going on is that

450

00:18:51,529 --> 00:18:50,520

everyone experiences this from time to

451  
00:18:54,529 --> 00:18:51,539  
time

452  
00:18:56,810 --> 00:18:54,539  
I just found out DJ that even in

453  
00:18:59,690 --> 00:18:56,820  
Edgemont High School the wrestling team

454  
00:19:01,730 --> 00:18:59,700  
saw a black triangle while on a

455  
00:19:05,450 --> 00:19:01,740  
wrestling match in Mamaroneck

456  
00:19:07,669 --> 00:19:05,460  
wow and in the late 70s and I knew the

457  
00:19:09,350 --> 00:19:07,679  
kids I didn't hear about it from them

458  
00:19:11,930 --> 00:19:09,360  
because they said it was the scariest

459  
00:19:13,010 --> 00:19:11,940  
thing they'd ever seen hovering over a

460  
00:19:15,830 --> 00:19:13,020  
high gym

461  
00:19:18,110 --> 00:19:15,840  
and uh I only found out about it a

462  
00:19:21,470 --> 00:19:18,120  
couple years later uh go 40 years later

463  
00:19:23,330 --> 00:19:21,480

I find out that in my class there was a

464

00:19:27,169 --> 00:19:23,340

sighting of the Hudson Valley triangle

465

00:19:30,049 --> 00:19:27,179

in the late 70s including Jets chasing

466

00:19:31,850 --> 00:19:30,059

it on its way out I I interviewed busy

467

00:19:33,470 --> 00:19:31,860

Vinnie the wrestling coach it's on my

468

00:19:37,850 --> 00:19:33,480

YouTube channel and we're going to do a

469

00:19:39,529 --> 00:19:37,860

follow-up and uh uh you know if people

470

00:19:41,750 --> 00:19:39,539

don't talk about these things where you

471

00:19:45,590 --> 00:19:41,760

and I grew up DJ there was the Hudson

472

00:19:47,510 --> 00:19:45,600

Valley UFO and people I've heard I

473

00:19:49,909 --> 00:19:47,520

didn't hear about it until recently I've

474

00:19:51,409 --> 00:19:49,919

interviewed Witnesses and they didn't

475

00:19:54,110 --> 00:19:51,419

tell too many people because of the

476  
00:19:56,930 --> 00:19:54,120  
radical effect so there's a newer movie

477  
00:19:58,669 --> 00:19:56,940  
called yeah I just want to interject one

478  
00:20:01,789 --> 00:19:58,679  
thing I got about eight classmates who

479  
00:20:03,710 --> 00:20:01,799  
saw the because I graduated 85 I've had

480  
00:20:06,650 --> 00:20:03,720  
eight classmates now because I had one

481  
00:20:09,169 --> 00:20:06,660  
on my other podcast about two weeks ago

482  
00:20:11,750 --> 00:20:09,179  
that told me about his uh a black

483  
00:20:14,210 --> 00:20:11,760  
triangle right over Indian Point so yeah

484  
00:20:16,669 --> 00:20:14,220  
got at least eight if not more he saw

485  
00:20:18,710 --> 00:20:16,679  
though he saw the one over India uh he

486  
00:20:20,270 --> 00:20:18,720  
well no the one that he saw was over

487  
00:20:24,350 --> 00:20:20,280  
route nine

488  
00:20:27,230 --> 00:20:24,360

Buchanan exactly skill meet but I have

489

00:20:29,270 --> 00:20:27,240

others that's a very good point yeah

490

00:20:30,770 --> 00:20:29,280

wow so you had others who saw that

491

00:20:33,049 --> 00:20:30,780

Indian Point I mean that was seen by

492

00:20:34,669 --> 00:20:33,059

like 30 guards and they almost started

493

00:20:36,710 --> 00:20:34,679

shooting at it you would think this

494

00:20:39,710 --> 00:20:36,720

would make Front Page News

495

00:20:43,669 --> 00:20:39,720

uh you're you're a you know a nuclear

496

00:20:46,370 --> 00:20:43,679

facility that by the way that the the

497

00:20:48,169 --> 00:20:46,380

there were four PL uh power plants there

498

00:20:50,450 --> 00:20:48,179

do you know the one that it was over was

499

00:20:53,409 --> 00:20:50,460

the one that powered the NSA facility in

500

00:20:56,029 --> 00:20:53,419

Connecticut outside of Cheshire

501  
00:20:58,549 --> 00:20:56,039  
that's the one that it was hovering over

502  
00:21:01,549 --> 00:20:58,559  
and they later found a crack in the

503  
00:21:03,409 --> 00:21:01,559  
concrete Dome was it there signaling

504  
00:21:06,529 --> 00:21:03,419  
that there could have been a leak or

505  
00:21:07,970 --> 00:21:06,539  
yeah I mean it was there probably I

506  
00:21:09,830 --> 00:21:07,980  
imagine it was saying hey guys pay

507  
00:21:11,990 --> 00:21:09,840  
attention you could have a leak yes

508  
00:21:15,230 --> 00:21:12,000  
you're right in New York City but yeah

509  
00:21:18,470 --> 00:21:15,240  
so these encounters happened all over

510  
00:21:21,230 --> 00:21:18,480  
Westchester and there's that book by J

511  
00:21:24,409 --> 00:21:21,240  
Alan heineck and a couple other authors

512  
00:21:26,990 --> 00:21:24,419  
night Siege yep which has one encounter

513  
00:21:28,850 --> 00:21:27,000

no I didn't hear about it growing up

514

00:21:30,230 --> 00:21:28,860

there I mean it was the 80s and I had

515

00:21:31,909 --> 00:21:30,240

already gone off to college but still

516

00:21:33,950 --> 00:21:31,919

I'd come back no one ever talked about

517

00:21:37,490 --> 00:21:33,960

it so this is what the effect of social

518

00:21:39,529 --> 00:21:37,500

stigma is the papers say oh it was a

519

00:21:41,570 --> 00:21:39,539

flight of Cessna you know even though

520

00:21:43,490 --> 00:21:41,580

those tend to have Motors that make a

521

00:21:45,590 --> 00:21:43,500

little bit of noise not be silent and do

522

00:21:49,250 --> 00:21:45,600

these flat turns and go straight up and

523

00:21:51,890 --> 00:21:49,260

it's these BS explanations and you know

524

00:21:54,230 --> 00:21:51,900

you and I nobody took that seriously in

525

00:21:55,789 --> 00:21:54,240

our area the police least you'd call

526  
00:21:57,710 --> 00:21:55,799  
them and they would say well we don't

527  
00:22:00,049 --> 00:21:57,720  
know and there's who are you going to

528  
00:22:02,450 --> 00:22:00,059  
call Ghostbusters I mean

529  
00:22:04,250 --> 00:22:02,460  
so this is what so all right let me give

530  
00:22:06,649 --> 00:22:04,260  
you one another aspect of this that goes

531  
00:22:09,350 --> 00:22:06,659  
even deeper than the social stigma it's

532  
00:22:11,450 --> 00:22:09,360  
your own mind in this newer Bigfoot

533  
00:22:12,950 --> 00:22:11,460  
movie called a flash of beauty Bigfoot

534  
00:22:15,350 --> 00:22:12,960  
revealed

535  
00:22:17,930 --> 00:22:15,360  
and just a fair disclosure I'm gonna be

536  
00:22:19,310 --> 00:22:17,940  
in the sequel called uh the Paranormal

537  
00:22:20,630 --> 00:22:19,320  
Bigfoot flash of beauty paranormal

538  
00:22:22,610 --> 00:22:20,640

Bigfoot just to get that out of the way

539

00:22:24,950 --> 00:22:22,620

but I I watched this first one before I

540

00:22:27,110 --> 00:22:24,960

knew the producers and the blue mate and

541

00:22:29,149 --> 00:22:27,120

I liked the last half great overall you

542

00:22:31,130 --> 00:22:29,159

know Witnesses great photography so

543

00:22:32,870 --> 00:22:31,140

you've seen yeah I have you should have

544

00:22:34,490 --> 00:22:32,880

those guys on the show at some point but

545

00:22:36,350 --> 00:22:34,500

what in the last half hour they have

546

00:22:39,049 --> 00:22:36,360

these psychiatrists and psychologists

547

00:22:40,669 --> 00:22:39,059

who say not only will you not want to

548

00:22:45,350 --> 00:22:40,679

talk about it because of the social

549

00:22:47,570 --> 00:22:45,360

stigma for PTSD you won't remember it

550

00:22:49,430 --> 00:22:47,580

remember this you won't remember it

551  
00:22:51,950 --> 00:22:49,440  
because it's too far out of the bounds

552  
00:22:56,390 --> 00:22:51,960  
of your mind your physical brain saying

553  
00:22:58,669 --> 00:22:56,400  
tilt I'm checking out I don't like there

554  
00:23:02,090 --> 00:22:58,679  
aren't supposed to be any 10-foot High

555  
00:23:03,590 --> 00:23:02,100  
escape gorillas in Westchester and yeah

556  
00:23:05,930 --> 00:23:03,600  
people have seen them in Westchester I

557  
00:23:08,270 --> 00:23:05,940  
mean yeah so your brain just says tilt

558  
00:23:10,490 --> 00:23:08,280  
I'm gonna forget about it and so there's

559  
00:23:12,590 --> 00:23:10,500  
the stigma and then there's the level of

560  
00:23:15,110 --> 00:23:12,600  
just pure forgetting any of us or any of

561  
00:23:17,029 --> 00:23:15,120  
the listeners or viewers of the show

562  
00:23:19,549 --> 00:23:17,039  
right now you could have had a Sasquatch

563  
00:23:21,529 --> 00:23:19,559

encounter there in every state

564

00:23:23,029 --> 00:23:21,539

I don't remember having any encounters

565

00:23:24,890 --> 00:23:23,039

but that doesn't mean it didn't happen

566

00:23:26,930 --> 00:23:24,900

because you might not remember it

567

00:23:29,510 --> 00:23:26,940

because it's too freaking weird

568

00:23:32,510 --> 00:23:29,520

yeah no doubt I got to turn it over to

569

00:23:34,730 --> 00:23:32,520

Debs uh so uh she doesn't beat me with a

570

00:23:37,130 --> 00:23:34,740

large stick uh Debs please go ahead

571

00:23:40,430 --> 00:23:37,140

ma'am yeah actually I had the same

572

00:23:43,250 --> 00:23:40,440

question that Jesse best has which is

573

00:23:46,070 --> 00:23:43,260

how do we tune into this frequency to

574

00:23:49,250 --> 00:23:46,080

perceive the beings and since you are a

575

00:23:51,169 --> 00:23:49,260

remote view yeah uh viewer and a trainer

576  
00:23:52,610 --> 00:23:51,179  
and a resident viewer I thought maybe

577  
00:23:54,490 --> 00:23:52,620  
you could give us some tips on

578  
00:23:57,950 --> 00:23:54,500  
increasing that

579  
00:24:00,710 --> 00:23:57,960  
Broadband so to speak yeah no it's a

580  
00:24:03,049 --> 00:24:00,720  
good question I mean no it's it's a good

581  
00:24:06,169 --> 00:24:03,059  
question yeah because because going back

582  
00:24:08,210 --> 00:24:06,179  
to uh DJ's question are we chosen again

583  
00:24:09,830 --> 00:24:08,220  
that could be possible but some of us

584  
00:24:13,970 --> 00:24:09,840  
seem to be

585  
00:24:15,529 --> 00:24:13,980  
in the right place at the right time but

586  
00:24:17,210 --> 00:24:15,539  
just before I answer your question

587  
00:24:18,649 --> 00:24:17,220  
directly do you realize that in these

588  
00:24:21,169 --> 00:24:18,659

encounters some people don't see

589

00:24:23,750 --> 00:24:21,179

anything and other people do or they

590

00:24:26,029 --> 00:24:23,760

can't agree on what they saw

591

00:24:28,970 --> 00:24:26,039

like some people will insist it looked

592

00:24:30,710 --> 00:24:28,980

like a giant cat on two legs and others

593

00:24:32,390 --> 00:24:30,720

will insist it looked like an ape and

594

00:24:34,789 --> 00:24:32,400

then other will say no it looked like a

595

00:24:36,890 --> 00:24:34,799

caveman a very hairy cave they cannot

596

00:24:38,990 --> 00:24:36,900

agree and I don't know if it's because

597

00:24:41,630 --> 00:24:39,000

the Sasquatch can modulate their

598

00:24:43,430 --> 00:24:41,640

frequency and look look different to

599

00:24:47,450 --> 00:24:43,440

different people or whether our brains

600

00:24:50,390 --> 00:24:47,460

the way we process reality uh makes it

601  
00:24:52,610 --> 00:24:50,400  
look different but the way to start

602  
00:24:54,710 --> 00:24:52,620  
perceiving this I think RV is one very

603  
00:24:56,750 --> 00:24:54,720  
good way because it teaches you to learn

604  
00:24:58,549 --> 00:24:56,760  
to tolerate the unknown while you're

605  
00:25:00,950 --> 00:24:58,559  
doing your army session

606  
00:25:03,470 --> 00:25:00,960  
and not to insist on knowing the answer

607  
00:25:06,169 --> 00:25:03,480  
so you start perceiving more subtle

608  
00:25:09,350 --> 00:25:06,179  
signals within your own awareness

609  
00:25:12,529 --> 00:25:09,360  
it's really uh Deb it's like a tolerance

610  
00:25:14,810 --> 00:25:12,539  
for the unknown because a lot of times

611  
00:25:16,370 --> 00:25:14,820  
people will see things like this and

612  
00:25:18,350 --> 00:25:16,380  
they'll dismiss it or think it's

613  
00:25:20,510 --> 00:25:18,360

something familiar

614

00:25:22,549 --> 00:25:20,520

until they look at the photos later and

615

00:25:24,350 --> 00:25:22,559

realized it wasn't what they thought it

616

00:25:26,390 --> 00:25:24,360

was and I don't think it's just a screen

617

00:25:28,490 --> 00:25:26,400

memory or something like this I think

618

00:25:30,350 --> 00:25:28,500

literally our brain wants to make it

619

00:25:33,169 --> 00:25:30,360

look we know this from all the research

620

00:25:35,029 --> 00:25:33,179

in brain physiology that your mind is

621

00:25:36,470 --> 00:25:35,039

constantly adapting everything to

622

00:25:39,710 --> 00:25:36,480

something familiar

623

00:25:41,990 --> 00:25:39,720

you're not even perceiving reality uh

624

00:25:44,029 --> 00:25:42,000

it's like what you're we're all

625

00:25:45,529 --> 00:25:44,039

perceiving right now anyone watching the

626

00:25:48,409 --> 00:25:45,539

show now or later

627

00:25:51,370 --> 00:25:48,419

it's like about from what I've read

628

00:25:54,590 --> 00:25:51,380

about 10 of what's going on around you

629

00:25:58,370 --> 00:25:54,600

your brain is making up the other 90

630

00:26:01,190 --> 00:25:58,380

like a JPEG compression algorithm to

631

00:26:03,409 --> 00:26:01,200

make it fit what it thinks is real and

632

00:26:05,330 --> 00:26:03,419

this gets hardwired into us they found

633

00:26:08,570 --> 00:26:05,340

this is from studies at Harvard

634

00:26:10,730 --> 00:26:08,580

uh that uh

635

00:26:12,350 --> 00:26:10,740

Jessica Langer that

636

00:26:15,230 --> 00:26:12,360

it's hardwired into you by the time

637

00:26:17,090 --> 00:26:15,240

you're like one reality or one or two

638

00:26:19,070 --> 00:26:17,100

but what you've been taught is real you

639

00:26:20,510 --> 00:26:19,080

start not seeing things after a while I

640

00:26:22,430 --> 00:26:20,520

think it gets worse as we get older just

641

00:26:24,230 --> 00:26:22,440

because we're so convinced we know what

642

00:26:26,810 --> 00:26:24,240

reality is

643

00:26:29,570 --> 00:26:26,820

yeah but we don't the older we get we we

644

00:26:31,130 --> 00:26:29,580

feel we like we've we know I've met

645

00:26:32,750 --> 00:26:31,140

people that they've sort of decided

646

00:26:34,730 --> 00:26:32,760

everything they have a position on

647

00:26:36,049 --> 00:26:34,740

everything exactly we all know people

648

00:26:38,690 --> 00:26:36,059

like they're kind of done learning at

649

00:26:41,750 --> 00:26:38,700

that point uh as far as screen members I

650

00:26:43,310 --> 00:26:41,760

could say like I I feel I have screened

651  
00:26:46,010 --> 00:26:43,320  
memories it seems like I started

652  
00:26:47,870 --> 00:26:46,020  
ordering Windows last spring and I still

653  
00:26:50,330 --> 00:26:47,880  
don't have screens on my windows so I

654  
00:26:52,490 --> 00:26:50,340  
I'm struggling with that and they told

655  
00:26:55,730 --> 00:26:52,500  
me there's another delay on on my

656  
00:26:59,029 --> 00:26:55,740  
windows and screens but so wait no no so

657  
00:27:01,010 --> 00:26:59,039  
so today no it's true we have these our

658  
00:27:03,230 --> 00:27:01,020  
perception and it's worse actually worse

659  
00:27:08,330 --> 00:27:03,240  
than that it's

660  
00:27:11,750 --> 00:27:08,340  
we actually throw out our brains discard

661  
00:27:13,430 --> 00:27:11,760  
over 99.9 of the information that comes

662  
00:27:14,870 --> 00:27:13,440  
into our physical senses just our

663  
00:27:17,450 --> 00:27:14,880

physical senses there's a great book

664

00:27:19,250 --> 00:27:17,460

called the user illusion which the our

665

00:27:21,289 --> 00:27:19,260

remote viewer Ingo Swan used to talk

666

00:27:22,909 --> 00:27:21,299

about to our Nora trenders is the author

667

00:27:25,669 --> 00:27:22,919

Engel mentioned this book a number of

668

00:27:28,610 --> 00:27:25,679

times and I came across it uh quite a

669

00:27:30,110 --> 00:27:28,620

while back before I started hearing Ingo

670

00:27:33,470 --> 00:27:30,120

he would come to our conference as the

671

00:27:35,570 --> 00:27:33,480

Irma conferences the point is what we

672

00:27:37,789 --> 00:27:35,580

know is that the brain throws out almost

673

00:27:39,529 --> 00:27:37,799

everything that doesn't seem immediately

674

00:27:41,990 --> 00:27:39,539

relevant to your survival

675

00:27:43,850 --> 00:27:42,000

so things could come across your

676  
00:27:47,870 --> 00:27:43,860  
perception you won't have any memory of

677  
00:27:49,549 --> 00:27:47,880  
it because your brain discarded it

678  
00:27:53,870 --> 00:27:49,559  
and that's almost all the information

679  
00:27:56,750 --> 00:27:53,880  
like 99.9 with a couple you know nines

680  
00:27:59,090 --> 00:27:56,760  
after it decimal places then of that

681  
00:28:01,430 --> 00:27:59,100  
tiny fraction of a percent your brain is

682  
00:28:03,950 --> 00:28:01,440  
matching that to fill in the colors and

683  
00:28:04,970 --> 00:28:03,960  
the shapes because it's a lot of work to

684  
00:28:06,830 --> 00:28:04,980  
perceive

685  
00:28:08,269 --> 00:28:06,840  
information from the outside so your

686  
00:28:09,890 --> 00:28:08,279  
brain is doing its best to do what it

687  
00:28:12,529 --> 00:28:09,900  
thinks will help you which is let's just

688  
00:28:14,330 --> 00:28:12,539

approximate the rest right like we have

689

00:28:16,549 --> 00:28:14,340

one pixel here let's add in 10 pixels

690

00:28:18,409 --> 00:28:16,559

because it's more efficient that way so

691

00:28:21,350 --> 00:28:18,419

we're not really seeing reality to begin

692

00:28:23,330 --> 00:28:21,360

with so one thing that I did I mean one

693

00:28:25,370 --> 00:28:23,340

way to start seeing more I went on one

694

00:28:29,210 --> 00:28:25,380

of these Bigfoot Adventure weekends in

695

00:28:31,610 --> 00:28:29,220

Bailey in July where you go out at night

696

00:28:33,169 --> 00:28:31,620

we went there earlier in the day to some

697

00:28:35,750 --> 00:28:33,179

of these sites where the Bigfoot had

698

00:28:38,630 --> 00:28:35,760

been seen gifting sites where people at

699

00:28:41,210 --> 00:28:38,640

you know the researchers leave puzzles

700

00:28:43,130 --> 00:28:41,220

out there or gifts and see if they're

701  
00:28:44,930 --> 00:28:43,140  
rearranged a couple days later really

702  
00:28:46,850 --> 00:28:44,940  
remote spots where I I don't think

703  
00:28:49,730 --> 00:28:46,860  
anyone else is going

704  
00:28:51,649 --> 00:28:49,740  
way off the trail and so you go out

705  
00:28:53,510 --> 00:28:51,659  
there and you're listening and you're

706  
00:28:55,490 --> 00:28:53,520  
watching so it's sort of like this

707  
00:28:57,049 --> 00:28:55,500  
sensory training exercise I think it

708  
00:28:58,970 --> 00:28:57,059  
takes some training and DJ I think

709  
00:29:02,269 --> 00:28:58,980  
you're right you know we've all grown up

710  
00:29:05,269 --> 00:29:02,279  
a certain way and it's just very hard to

711  
00:29:07,190 --> 00:29:05,279  
get beyond what our minds think are

712  
00:29:09,409 --> 00:29:07,200  
there myself included we've all had this

713  
00:29:11,990 --> 00:29:09,419

educational system that told us oh

714

00:29:15,590 --> 00:29:12,000

that's weird stuff that's not real

715

00:29:17,690 --> 00:29:15,600

that's paranormal or It's Supernatural

716

00:29:19,549 --> 00:29:17,700

and so we discard a lot of this and our

717

00:29:21,350 --> 00:29:19,559

society has a negative attitude towards

718

00:29:23,149 --> 00:29:21,360

these phenomena by and large though it

719

00:29:24,769 --> 00:29:23,159

is changing I mean I think it slowly

720

00:29:27,049 --> 00:29:24,779

changes as soon as Congress gets

721

00:29:28,370 --> 00:29:27,059

involved I mean it could go any way go

722

00:29:29,630 --> 00:29:28,380

any direction but there's a lot of

723

00:29:31,490 --> 00:29:29,640

factors but it's very good to do

724

00:29:33,470 --> 00:29:31,500

training exercise I think RV is one good

725

00:29:35,450 --> 00:29:33,480

way and you could probably think of a

726

00:29:38,510 --> 00:29:35,460

lot of other ways to start training your

727

00:29:41,269 --> 00:29:38,520

perception to perceive a broader range

728

00:29:43,730 --> 00:29:41,279

of frequencies this stuff can be very

729

00:29:46,669 --> 00:29:43,740

subtle and the Sasquatch one more thing

730

00:29:49,850 --> 00:29:46,679

they're very good at camouflaging them

731

00:29:52,990 --> 00:29:49,860

so results to look like Boulders tree

732

00:29:55,549 --> 00:29:53,000

stumps or bushes

733

00:29:58,549 --> 00:29:55,559

it's good enough that it'll be like

734

00:30:00,590 --> 00:29:58,559

passable like not a perfect Boulder or

735

00:30:02,690 --> 00:30:00,600

tree stump but you might not notice it

736

00:30:04,070 --> 00:30:02,700

going by you just you know you're not

737

00:30:05,450 --> 00:30:04,080

looking for it you go and you look

738

00:30:07,850 --> 00:30:05,460

that's kind of a weird tree stuff but

739

00:30:08,930 --> 00:30:07,860

it's good enough for them not to you

740

00:30:10,970 --> 00:30:08,940

know you won't see them and then you see

741

00:30:13,070 --> 00:30:10,980

the tree stump walking away

742

00:30:14,990 --> 00:30:13,080

all of their brain power is devoted

743

00:30:18,889 --> 00:30:15,000

towards this I mean the way that right

744

00:30:22,370 --> 00:30:18,899

we have we have uh developed our brains

745

00:30:25,310 --> 00:30:22,380

to uh technologize ourselves and our and

746

00:30:28,610 --> 00:30:25,320

our communities and our lifestyle theirs

747

00:30:31,130 --> 00:30:28,620

is simply devoted to how do I master the

748

00:30:34,310 --> 00:30:31,140

woods keep from being seen exactly right

749

00:30:35,750 --> 00:30:34,320

keep from being heard or absolutely be

750

00:30:38,029 --> 00:30:35,760

heard when I want to scare somebody

751  
00:30:39,830 --> 00:30:38,039  
because they're getting too close to my

752  
00:30:42,169 --> 00:30:39,840  
family yeah yeah and I want them to go

753  
00:30:44,450 --> 00:30:42,179  
back to their car there you go so so

754  
00:30:47,750 --> 00:30:44,460  
this is what I have for you

755  
00:30:50,870 --> 00:30:47,760  
um I have heard of individuals uh Rick

756  
00:30:52,730 --> 00:30:50,880  
Taylor was one that when he went out in

757  
00:30:55,310 --> 00:30:52,740  
the in the forest with Arla Williams and

758  
00:30:57,529 --> 00:30:55,320  
he's coming up on calling all beings uh

759  
00:30:59,570 --> 00:30:57,539  
Richard Stewart Taylor Rick Taylor from

760  
00:31:04,130 --> 00:30:59,580  
Texas investigator

761  
00:31:06,169 --> 00:31:04,140  
and he uh Arla said uh okay turn on your

762  
00:31:07,549 --> 00:31:06,179  
your night vision and he tried to turn

763  
00:31:09,470 --> 00:31:07,559

on nothing

764

00:31:10,730 --> 00:31:09,480

and then she said try it again he tries

765

00:31:13,010 --> 00:31:10,740

it again nothing

766

00:31:15,110 --> 00:31:13,020

and it's like it won't come on he knows

767

00:31:17,630 --> 00:31:15,120

he knows he put new batteries in it and

768

00:31:19,850 --> 00:31:17,640

so then she says okay try it now and he

769

00:31:21,529 --> 00:31:19,860

tries it and it it turns on and we've

770

00:31:23,870 --> 00:31:21,539

also heard of other individuals where

771

00:31:26,590 --> 00:31:23,880

they've drained the batteries and yet

772

00:31:30,649 --> 00:31:26,600

I have heard first-person encounters

773

00:31:32,690 --> 00:31:30,659

with several if not many individuals who

774

00:31:36,590 --> 00:31:32,700

have been able to have their equipment

775

00:31:39,710 --> 00:31:36,600

work and and get even a crappy film of

776

00:31:44,149 --> 00:31:39,720

Sasquatch so what I'm asking you Simeon

777

00:31:46,610 --> 00:31:44,159

is what is it that do do you suppose

778

00:31:49,250 --> 00:31:46,620

that some of them have the ability to

779

00:31:52,610 --> 00:31:49,260

control your electronics to control your

780

00:31:54,710 --> 00:31:52,620

cell phone and some of them do not

781

00:31:56,810 --> 00:31:54,720

no it's a great question there's so much

782

00:31:58,310 --> 00:31:56,820

variation in the Sasquatch encounters

783

00:31:59,810 --> 00:31:58,320

right and some of them really just do

784

00:32:02,029 --> 00:31:59,820

seem like flesh and blood and people

785

00:32:04,130 --> 00:32:02,039

will say no it really was like an animal

786

00:32:06,049 --> 00:32:04,140

you know it was just a flesh and blood

787

00:32:07,789 --> 00:32:06,059

animal I've spoken to these researchers

788

00:32:10,070 --> 00:32:07,799

other people have the other encounters

789

00:32:13,010 --> 00:32:10,080

that say you know it turned into Blue

790

00:32:16,669 --> 00:32:13,020

Mist right in front of my eyes yeah

791

00:32:19,909 --> 00:32:16,679

and I I interviewed a witness a couple

792

00:32:24,169 --> 00:32:19,919

days ago Barbara from a Smithsonian dig

793

00:32:25,970 --> 00:32:24,179

in the 1970s on China Lake Naval Weapon

794

00:32:28,850 --> 00:32:25,980

Station they had permission to go on

795

00:32:30,470 --> 00:32:28,860

there and it started feeling around the

796

00:32:32,690 --> 00:32:30,480

Tenon was rubbing her face she thought

797

00:32:35,330 --> 00:32:32,700

it was the other guy in the tent since

798

00:32:36,889 --> 00:32:35,340

he had a kind of a crush on her and she

799

00:32:38,570 --> 00:32:36,899

you know I said what are you doing Luke

800

00:32:40,370 --> 00:32:38,580

and he said I'm just I mean I'm in my

801  
00:32:42,110 --> 00:32:40,380  
sleeping bag so they all ran out and

802  
00:32:46,190 --> 00:32:42,120  
they see something with glowing yellow

803  
00:32:49,070 --> 00:32:46,200  
eyes on a moonless night eyes that emit

804  
00:32:50,210 --> 00:32:49,080  
uh light and their accounts of the

805  
00:32:52,730 --> 00:32:50,220  
Sasquatch

806  
00:32:55,130 --> 00:32:52,740  
being able to see infrared which we

807  
00:32:57,970 --> 00:32:55,140  
don't know a single other animal you

808  
00:33:00,470 --> 00:32:57,980  
can't see infrared from an infrared uh

809  
00:33:01,909 --> 00:33:00,480  
sighting device or night vision you

810  
00:33:04,370 --> 00:33:01,919  
don't see the infrared I've been out

811  
00:33:05,690 --> 00:33:04,380  
many times with it night vision

812  
00:33:08,750 --> 00:33:05,700  
equipment you can turn on the

813  
00:33:10,490 --> 00:33:08,760

Illuminator it's like from yes but that

814

00:33:11,690 --> 00:33:10,500

infrared Illuminator you'll see it

815

00:33:13,190 --> 00:33:11,700

through the night vision but your eyes

816

00:33:15,169 --> 00:33:13,200

can't see but the Sasquatch can see it

817

00:33:17,509 --> 00:33:15,179

because people see them they have this

818

00:33:20,450 --> 00:33:17,519

extraordinary range of perception so

819

00:33:22,549 --> 00:33:20,460

some of them do seem to have that

820

00:33:24,769 --> 00:33:22,559

ability it seems to me deliberate

821

00:33:27,230 --> 00:33:24,779

because we know that they can talk

822

00:33:28,970 --> 00:33:27,240

telepathically into your mind and it's

823

00:33:31,310 --> 00:33:28,980

quite a strange sounding voice the way

824

00:33:34,549 --> 00:33:31,320

people describe it like a muddy Voice or

825

00:33:38,210 --> 00:33:34,559

a very sort of mechanical like or that's

826

00:33:41,630 --> 00:33:38,220

how your brain is translating it so I'm

827

00:33:44,570 --> 00:33:41,640

yeah it is it just because of their sort

828

00:33:46,850 --> 00:33:44,580

of electromagnetic frequency that it's

829

00:33:48,409 --> 00:33:46,860

zapping our electronics are they doing

830

00:33:50,330 --> 00:33:48,419

it deliberately

831

00:33:52,430 --> 00:33:50,340

uh because so many times people go on to

832

00:33:53,870 --> 00:33:52,440

turn their porch light because they hear

833

00:33:55,190 --> 00:33:53,880

something walking on the porch and they

834

00:33:56,930 --> 00:33:55,200

had some sightings and they go no are

835

00:33:59,810 --> 00:33:56,940

they on the porch and the light doesn't

836

00:34:03,350 --> 00:33:59,820

work or you know the the phone doesn't

837

00:34:06,230 --> 00:34:03,360

work uh and then there's so many so many

838

00:34:08,030 --> 00:34:06,240

variations on this but um you know one

839

00:34:09,710 --> 00:34:08,040

thing to say about it for people that

840

00:34:11,450 --> 00:34:09,720

want these encounters I think your

841

00:34:13,430 --> 00:34:11,460

attitude makes a big difference in your

842

00:34:16,010 --> 00:34:13,440

intention people that seem to get

843

00:34:18,409 --> 00:34:16,020

contact with them in their neighborhoods

844

00:34:19,970 --> 00:34:18,419

who want this leave gifts for them

845

00:34:21,770 --> 00:34:19,980

outside

846

00:34:24,530 --> 00:34:21,780

and there's this sort of gifting

847

00:34:26,810 --> 00:34:24,540

relationship where you leave things for

848

00:34:29,210 --> 00:34:26,820

them and they leave things for you or

849

00:34:31,369 --> 00:34:29,220

even Jules who's you know a friend of

850

00:34:33,470 --> 00:34:31,379

the show in my in Dark Matter monster

851

00:34:34,970 --> 00:34:33,480

she gave me a story that she let me

852

00:34:37,310 --> 00:34:34,980

reprint where

853

00:34:39,710 --> 00:34:37,320

she was in great need of a plumbing

854

00:34:41,649 --> 00:34:39,720

wrench and she was almost in tears

855

00:34:44,210 --> 00:34:41,659

you've heard this and

856

00:34:46,369 --> 00:34:44,220

it's not just and then one shows up in

857

00:34:47,450 --> 00:34:46,379

the driveway a few minutes later out of

858

00:34:50,270 --> 00:34:47,460

nowhere

859

00:34:53,089 --> 00:34:50,280

folks this happens to people they have

860

00:34:55,790 --> 00:34:53,099

repaired car damage overnight that would

861

00:34:58,490 --> 00:34:55,800

have been expensive fiberglass bumpers

862

00:35:00,710 --> 00:34:58,500

they can leave things that you need just

863

00:35:03,410 --> 00:35:00,720

at that moment it's almost like they're

864

00:35:05,390 --> 00:35:03,420

telepathic they they know what you need

865

00:35:07,730 --> 00:35:05,400

and if so if you have have a healthy

866

00:35:09,349 --> 00:35:07,740

relationship with them people say that

867

00:35:11,030 --> 00:35:09,359

they're a very welcome part of the

868

00:35:12,770 --> 00:35:11,040

neighborhood it's not always like that

869

00:35:16,010 --> 00:35:12,780

we know of cases where it seems more

870

00:35:18,109 --> 00:35:16,020

hostile they can steal your pets and

871

00:35:19,790 --> 00:35:18,119

livestock and it sometimes it seems very

872

00:35:21,050 --> 00:35:19,800

tragic for the people to move because

873

00:35:23,510 --> 00:35:21,060

they get

874

00:35:27,410 --> 00:35:23,520

so many of their chickens and goats end

875

00:35:28,849 --> 00:35:27,420

up disappearing or being slaughtered so

876

00:35:30,470 --> 00:35:28,859

there's such a wide range of variations

877

00:35:32,810 --> 00:35:30,480

but you know just to go the general

878

00:35:33,710 --> 00:35:32,820

question is to have contact I think you

879

00:35:34,849 --> 00:35:33,720

need to have a broader range of

880

00:35:37,430 --> 00:35:34,859

perception but you need to have the

881

00:35:38,750 --> 00:35:37,440

intention that you want to meet with

882

00:35:40,670 --> 00:35:38,760

them and I want to say one more thing

883

00:35:42,470 --> 00:35:40,680

the group that did see them on the

884

00:35:44,270 --> 00:35:42,480

Bigfoot Adventure weekend in Bailey

885

00:35:46,609 --> 00:35:44,280

hosted by the Sasquatch Outpost should

886

00:35:49,190 --> 00:35:46,619

say that uh they had a very good

887

00:35:50,930 --> 00:35:49,200

vocalist with them from LA and she was

888

00:35:52,730 --> 00:35:50,940

she gave us the next day she gave us a

889

00:35:55,310 --> 00:35:52,740

demonstration of the call that she made

890

00:35:57,609 --> 00:35:55,320

to them she was a really good singer and

891

00:36:01,010 --> 00:35:57,619

they responded to her

892

00:36:02,390 --> 00:36:01,020

uh singing which was very resonant and

893

00:36:04,490 --> 00:36:02,400

bell-like

894

00:36:07,849 --> 00:36:04,500

so it's almost like a type of

895

00:36:08,930 --> 00:36:07,859

communication uh that you have to be you

896

00:36:12,349 --> 00:36:08,940

know

897

00:36:13,790 --> 00:36:12,359

kind of to reciprocate and to interact

898

00:36:16,130 --> 00:36:13,800

with them some of them really do want to

899

00:36:19,329 --> 00:36:16,140

seem to have interaction with us uh Ron

900

00:36:21,650 --> 00:36:19,339

Moorhead Sierra sounds right go ahead

901  
00:36:23,390 --> 00:36:21,660  
I was going to have Nathan sing Hungry

902  
00:36:25,310 --> 00:36:23,400  
Like the Wolf from Duran Duran when we

903  
00:36:27,410 --> 00:36:25,320  
do that one in Alabama but now you're

904  
00:36:30,170 --> 00:36:27,420  
making me rethink that maybe that's not

905  
00:36:32,750 --> 00:36:30,180  
the best song Choice great song yeah

906  
00:36:34,790 --> 00:36:32,760  
it's an excellent song well yes assuming

907  
00:36:36,829 --> 00:36:34,800  
you touched on this already but uh just

908  
00:36:39,589 --> 00:36:36,839  
to kind of reiterate it a little bit the

909  
00:36:41,930 --> 00:36:39,599  
it's quite popular now to talk about the

910  
00:36:44,390 --> 00:36:41,940  
nature of our reality is uh not what we

911  
00:36:46,190 --> 00:36:44,400  
have traditionally thought it to be our

912  
00:36:49,010 --> 00:36:46,200  
physics is certainly starting to explore

913  
00:36:51,349 --> 00:36:49,020

those boundaries uh and and find New

914

00:36:52,730 --> 00:36:51,359

Frontiers of knowledge that we thought

915

00:36:55,849 --> 00:36:52,740

were never going to be discovered and

916

00:36:58,069 --> 00:36:55,859

also kind of hinting that there's a lot

917

00:36:59,329 --> 00:36:58,079

more out there that we just really don't

918

00:37:03,470 --> 00:36:59,339

know

919

00:37:05,210 --> 00:37:03,480

your perspective on this and the the

920

00:37:07,190 --> 00:37:05,220

coursework that you've done the training

921

00:37:08,569 --> 00:37:07,200

with the remote viewing uh your

922

00:37:11,450 --> 00:37:08,579

encouragement to sort of broaden our

923

00:37:13,370 --> 00:37:11,460

perception you know how is this um

924

00:37:15,349 --> 00:37:13,380

approach really affected you personally

925

00:37:18,470 --> 00:37:15,359

and how have you seen it affect other

926  
00:37:20,750 --> 00:37:18,480  
people who have you know gone into this

927  
00:37:22,790 --> 00:37:20,760  
trying to to take a broader view have

928  
00:37:25,130 --> 00:37:22,800  
you seen it change the way you look at

929  
00:37:27,950 --> 00:37:25,140  
the world and the way others you know

930  
00:37:36,050 --> 00:37:30,290  
uh it's a really good question all I can

931  
00:37:39,170 --> 00:37:38,089  
sorry we had the lights just went out

932  
00:37:41,390 --> 00:37:39,180  
I've never seen him do that before

933  
00:37:43,750 --> 00:37:41,400  
that's very strange

934  
00:37:46,670 --> 00:37:43,760  
whoops okay sorry

935  
00:37:50,450 --> 00:37:46,680  
this is like

936  
00:37:53,050 --> 00:37:50,460  
it's a never-ending process of learning

937  
00:37:56,450 --> 00:37:53,060  
and growth and

938  
00:37:59,150 --> 00:37:56,460

once you go down these paths it's like a

939

00:38:01,130 --> 00:37:59,160

gateway drug to New Reality even

940

00:38:02,690 --> 00:38:01,140

everyone has taken RV that I know well

941

00:38:04,130 --> 00:38:02,700

not everyone but many people that have

942

00:38:05,810 --> 00:38:04,140

taken RV

943

00:38:08,329 --> 00:38:05,820

they start having new types of

944

00:38:11,630 --> 00:38:08,339

experiences one woman who took my class

945

00:38:14,089 --> 00:38:11,640

from Estes Park saw a UFO just a week

946

00:38:16,670 --> 00:38:14,099

later at an intersection in Estes Park

947

00:38:20,150 --> 00:38:16,680

she said there was a size of a VW

948

00:38:22,250 --> 00:38:20,160

bug glowing green a couple feet off the

949

00:38:24,290 --> 00:38:22,260

ground hovering there and she felt like

950

00:38:26,750 --> 00:38:24,300

the UFO Target that we did in the class

951  
00:38:28,190 --> 00:38:26,760  
towards the end opened her up to that

952  
00:38:30,050 --> 00:38:28,200  
possible she was afraid of these things

953  
00:38:33,170 --> 00:38:30,060  
before but she felt that she transcended

954  
00:38:36,050 --> 00:38:33,180  
the fear by doing the RV session

955  
00:38:37,490 --> 00:38:36,060  
on a UFO and she didn't think she would

956  
00:38:40,250 --> 00:38:37,500  
have had that experience in Estes Park

957  
00:38:43,849 --> 00:38:40,260  
where she lived for all her life unless

958  
00:38:45,530 --> 00:38:43,859  
she had done the RV session and let's

959  
00:38:48,530 --> 00:38:45,540  
just take an historical example of it

960  
00:38:50,450 --> 00:38:48,540  
Yuri Geller he's the first test subject

961  
00:38:52,130 --> 00:38:50,460  
at Stanford Research Institute with Hal

962  
00:38:54,170 --> 00:38:52,140  
put off and Russell tart

963  
00:38:56,930 --> 00:38:54,180

back in the 70s he comes over for six

964

00:39:01,750 --> 00:38:56,940

weeks and the people that are working

965

00:39:04,670 --> 00:39:01,760

around him he does uh he does uh PK

966

00:39:06,530 --> 00:39:04,680

Ben's things does some excellent RV work

967

00:39:08,329 --> 00:39:06,540

with Target and put off looks at things

968

00:39:10,609 --> 00:39:08,339

in boxes all the stuff he's known for

969

00:39:12,410 --> 00:39:10,619

but the strangest thing and you can read

970

00:39:13,910 --> 00:39:12,420

about this in Jim schnabel's book remote

971

00:39:16,550 --> 00:39:13,920

viewers one of the first books about

972

00:39:17,630 --> 00:39:16,560

remote people started seeing cryptids in

973

00:39:20,089 --> 00:39:17,640

their homes

974

00:39:21,950 --> 00:39:20,099

and around the lab

975

00:39:24,109 --> 00:39:21,960

things started falling out of the air

976

00:39:25,910 --> 00:39:24,119

what are called a ports things that

977

00:39:28,609 --> 00:39:25,920

people had been missing including I

978

00:39:30,470 --> 00:39:28,619

think it was uh either Russell or Hal a

979

00:39:32,349 --> 00:39:30,480

lapel pin just fell out of the sky that

980

00:39:34,370 --> 00:39:32,359

had been missing

981

00:39:35,750 --> 00:39:34,380

Yuri said what do you want me to do and

982

00:39:37,190 --> 00:39:35,760

I think Russell said well I've been

983

00:39:38,870 --> 00:39:37,200

missing this lapelp and it just kind of

984

00:39:40,670 --> 00:39:38,880

flow flew out of the sky they found

985

00:39:42,050 --> 00:39:40,680

another one in an ice cream cone from

986

00:39:43,609 --> 00:39:42,060

Ice Cream they bought on the beach from

987

00:39:48,170 --> 00:39:43,619

an ice cream vendor weird stuff like

988

00:39:49,609 --> 00:39:48,180

that so it's part and parcel of any of

989

00:39:51,650 --> 00:39:49,619

these phenomena that there's bleed

990

00:39:53,630 --> 00:39:51,660

through to other types of phenomena I

991

00:39:55,430 --> 00:39:53,640

remember people back at farsight

992

00:39:57,410 --> 00:39:55,440

Institute that said orbs came into the

993

00:39:59,150 --> 00:39:57,420

room while they were doing an ET type

994

00:40:01,310 --> 00:39:59,160

viewing Target

995

00:40:03,950 --> 00:40:01,320

and then people went home Ordinary

996

00:40:05,569 --> 00:40:03,960

People and started seeing reptilians in

997

00:40:07,430 --> 00:40:05,579

their living rooms

998

00:40:10,310 --> 00:40:07,440

it even progressed to the point of

999

00:40:13,550 --> 00:40:10,320

sexual encounters with extraterrestrials

1000

00:40:15,230 --> 00:40:13,560

that they were you know it's incredibly

1001  
00:40:19,730 --> 00:40:15,240  
surprising when something like that

1002  
00:40:22,430 --> 00:40:19,740  
happens and seeing reptilians around so

1003  
00:40:24,530 --> 00:40:22,440  
it almost seems like once

1004  
00:40:26,810 --> 00:40:24,540  
let me put it this way once you remove

1005  
00:40:29,450 --> 00:40:26,820  
the ordinary blinders that William Blake

1006  
00:40:31,450 --> 00:40:29,460  
the poet wrote about but sort of the

1007  
00:40:34,190 --> 00:40:31,460  
scales fall from our eyes

1008  
00:40:36,770 --> 00:40:34,200  
whatever what does it for you whether

1009  
00:40:40,190 --> 00:40:36,780  
it's astral travel or RV or whatever

1010  
00:40:42,109 --> 00:40:40,200  
practice it seems to open once you start

1011  
00:40:44,510 --> 00:40:42,119  
removing the scales from your eyes it

1012  
00:40:46,250 --> 00:40:44,520  
opens you up to a broader reality so

1013  
00:40:47,930 --> 00:40:46,260

it's not like you need to learn to do

1014

00:40:48,950 --> 00:40:47,940

something new you need to learn to

1015

00:40:52,370 --> 00:40:48,960

forget

1016

00:40:54,770 --> 00:40:52,380

the untruths that keep you locked in a

1017

00:40:56,450 --> 00:40:54,780

fake reality box and I think we're all

1018

00:40:58,250 --> 00:40:56,460

the same that way myself included

1019

00:40:59,810 --> 00:40:58,260

because I went through graduate school

1020

00:41:01,790 --> 00:40:59,820

and you're very skeptical of things I

1021

00:41:05,569 --> 00:41:01,800

was skeptical of all these topics for me

1022

00:41:07,490 --> 00:41:05,579

to even look at the Cryptid topic I'd

1023

00:41:08,930 --> 00:41:07,500

heard so many witnesses who had told me

1024

00:41:11,450 --> 00:41:08,940

their stories over the years it didn't

1025

00:41:14,170 --> 00:41:11,460

click until a couple of years ago until

1026

00:41:16,609 --> 00:41:14,180

I said you know the orbs and the the the

1027

00:41:18,710 --> 00:41:16,619

crossover between that and crop circles

1028

00:41:20,690 --> 00:41:18,720

I saw something that

1029

00:41:22,490 --> 00:41:20,700

pulled me into it but I had heard the

1030

00:41:25,069 --> 00:41:22,500

encounters and I just thought it was one

1031

00:41:26,569 --> 00:41:25,079

of these rare Relic primates so it

1032

00:41:28,550 --> 00:41:26,579

didn't really capture my attention I

1033

00:41:32,030 --> 00:41:28,560

didn't realize the Paranormal aspect of

1034

00:41:34,430 --> 00:41:32,040

it so it's really a question of it does

1035

00:41:35,930 --> 00:41:34,440

change you but you have to I think it's

1036

00:41:37,970 --> 00:41:35,940

a question of getting over fear of the

1037

00:41:39,349 --> 00:41:37,980

unknown RV is a good way to do that

1038

00:41:40,730 --> 00:41:39,359

because it's just for 10 or 20 minutes

1039

00:41:42,890 --> 00:41:40,740

or an hour you're just you don't know

1040

00:41:44,569 --> 00:41:42,900

what the target is until you're done and

1041

00:41:45,890 --> 00:41:44,579

you you know you'll be okay after the

1042

00:41:47,870 --> 00:41:45,900

session but you don't know what you're

1043

00:41:50,390 --> 00:41:47,880

doing during the session it's really a

1044

00:41:51,530 --> 00:41:50,400

tolerance I think it's what Leonardo da

1045

00:41:55,010 --> 00:41:51,540

Vinci called

1046

00:41:58,849 --> 00:41:55,020

super motto which is translated from

1047

00:42:00,950 --> 00:41:58,859

Italian is going into the Mist hmm or

1048

00:42:02,650 --> 00:42:00,960

tolerance of

1049

00:42:04,790 --> 00:42:02,660

of the unknown

1050

00:42:07,130 --> 00:42:04,800

uncertainty tolerance you know what I'm

1051  
00:42:08,870 --> 00:42:07,140  
saying because your brain and we're all

1052  
00:42:10,250 --> 00:42:08,880  
conditioned like this you it just wants

1053  
00:42:12,710 --> 00:42:10,260  
to take the easy way out and just say oh

1054  
00:42:14,750 --> 00:42:12,720  
that's a this or that to this but maybe

1055  
00:42:16,670 --> 00:42:14,760  
it isn't I'm in a location right now in

1056  
00:42:19,250 --> 00:42:16,680  
Laramie when I was we had a UFO

1057  
00:42:22,370 --> 00:42:19,260  
conference here in the early 2000s Steve

1058  
00:42:25,849 --> 00:42:22,380  
Greer took us up to the McGuire Ranch

1059  
00:42:27,950 --> 00:42:25,859  
with 80 people we had done his RV Square

1060  
00:42:29,990 --> 00:42:27,960  
training a couple hours before where you

1061  
00:42:31,910 --> 00:42:30,000  
do a meditation and you contact a ship

1062  
00:42:33,650 --> 00:42:31,920  
and you send it coordinates and say I'd

1063  
00:42:35,150 --> 00:42:33,660

like to meet you here later at this time

1064

00:42:37,069 --> 00:42:35,160

and you showed them of you know Earth

1065

00:42:39,290 --> 00:42:37,079

where you are and then the whole thing

1066

00:42:40,790 --> 00:42:39,300

and I I was skeptical of that I'm not

1067

00:42:43,609 --> 00:42:40,800

sure 80 people are going to go out and

1068

00:42:46,490 --> 00:42:43,619

we're going to see a UFO but we did a

1069

00:42:48,710 --> 00:42:46,500

really bright blue object came over slow

1070

00:42:50,329 --> 00:42:48,720

I'd say about a mile up and then like a

1071

00:42:52,069 --> 00:42:50,339

laser came out of it I don't know how to

1072

00:42:55,130 --> 00:42:52,079

describe it I was thinking of it on the

1073

00:42:57,530 --> 00:42:55,140

way driving here I can't even today to

1074

00:42:59,390 --> 00:42:57,540

this day describe what that light was it

1075

00:43:02,390 --> 00:42:59,400

seemed like a like a laser at a rock

1076  
00:43:04,010 --> 00:43:02,400  
concert I mean you hit the ground and I

1077  
00:43:06,050 --> 00:43:04,020  
mean I don't know any technology around

1078  
00:43:07,910 --> 00:43:06,060  
2000 that could do that but we didn't

1079  
00:43:08,870 --> 00:43:07,920  
have drones back then I mean it was

1080  
00:43:11,809 --> 00:43:08,880  
stunning

1081  
00:43:13,609 --> 00:43:11,819  
and that's the type of you it's a

1082  
00:43:16,609 --> 00:43:13,619  
cumulative sort of thing the more you

1083  
00:43:18,410 --> 00:43:16,619  
experience of that it erodes these

1084  
00:43:20,210 --> 00:43:18,420  
common beliefs we have about reality

1085  
00:43:21,890 --> 00:43:20,220  
that we all inherited from our parents

1086  
00:43:25,250 --> 00:43:21,900  
and friends and school systems

1087  
00:43:27,890 --> 00:43:25,260  
especially New York school systems I'm a

1088  
00:43:30,109 --> 00:43:27,900

little prejudiced because it was so

1089

00:43:33,290 --> 00:43:30,119

oriented towards turning into a doctor a

1090

00:43:35,150 --> 00:43:33,300

lawyer or something ordinary and nobody

1091

00:43:37,130 --> 00:43:35,160

wanted to go there with any of these

1092

00:43:39,650 --> 00:43:37,140

topics even though that freaking Hudson

1093

00:43:43,010 --> 00:43:39,660

Valley UFO was flying right over

1094

00:43:44,809 --> 00:43:43,020

Westchester so it's it's a Trail of

1095

00:43:47,750 --> 00:43:44,819

Tears never happened according to New

1096

00:43:50,569 --> 00:43:47,760

York schools never happened you never

1097

00:43:52,849 --> 00:43:50,579

forget about it forget about it but no

1098

00:43:54,349 --> 00:43:52,859

just there's no such thing as these

1099

00:43:55,970 --> 00:43:54,359

things don't exist and that's what my

1100

00:43:57,829 --> 00:43:55,980

high school teachers used to say they'd

1101  
00:43:59,569 --> 00:43:57,839  
go through this in five minutes and

1102  
00:44:01,430 --> 00:43:59,579  
there's no Bigfoot there's no UFO no

1103  
00:44:03,410 --> 00:44:01,440  
Loch Ness month and I realized they were

1104  
00:44:05,450 --> 00:44:03,420  
wrong I mean part of my question was to

1105  
00:44:07,970 --> 00:44:05,460  
prove my teachers wrong because

1106  
00:44:09,890 --> 00:44:07,980  
I had had a sighting when I was 11 or 12

1107  
00:44:11,930 --> 00:44:09,900  
in the Everglades with my mom she was a

1108  
00:44:13,490 --> 00:44:11,940  
bird watcher she goes down to Florida to

1109  
00:44:15,950 --> 00:44:13,500  
the Everglades and we were in this

1110  
00:44:17,329 --> 00:44:15,960  
swampy area and this huge thing was

1111  
00:44:18,890 --> 00:44:17,339  
right over us and I thought it was the

1112  
00:44:20,630 --> 00:44:18,900  
moon because eventually I said to Mom

1113  
00:44:22,550 --> 00:44:20,640

what's the moon this is strange looking

1114

00:44:25,490 --> 00:44:22,560

Moon she goes the moon's over there on

1115

00:44:27,290 --> 00:44:25,500

the horizon wow so it was that big as

1116

00:44:28,309 --> 00:44:27,300

big as a full moon over us and it was

1117

00:44:31,309 --> 00:44:28,319

hovering

1118

00:44:33,349 --> 00:44:31,319

and it we put our binoculars up and

1119

00:44:36,230 --> 00:44:33,359

there was a pattern of dots in the shape

1120

00:44:38,510 --> 00:44:36,240

of a z underneath it right close to a z

1121

00:44:40,370 --> 00:44:38,520

like structure so it was amorphous

1122

00:44:42,050 --> 00:44:40,380

instructured my 11 year old mind didn't

1123

00:44:44,089 --> 00:44:42,060

know it and then it moved into a cloud

1124

00:44:46,370 --> 00:44:44,099

it just was stationary and then it just

1125

00:44:49,130 --> 00:44:46,380

started moving quickly into a cloud

1126  
00:44:51,230 --> 00:44:49,140  
and we told them we went to a ranger we

1127  
00:44:52,970 --> 00:44:51,240  
went to our Ranger talk that night as I

1128  
00:44:54,950 --> 00:44:52,980  
have a national park and the first

1129  
00:44:57,130 --> 00:44:54,960  
question the ranger actually said did

1130  
00:45:00,170 --> 00:44:57,140  
anyone see anything interesting today

1131  
00:45:02,510 --> 00:45:00,180  
and my mom the old person that she is

1132  
00:45:04,730 --> 00:45:02,520  
still alive to this day she said yeah we

1133  
00:45:06,829 --> 00:45:04,740  
just saw a UFO and the ranger said

1134  
00:45:08,510 --> 00:45:06,839  
that's interesting did anyone else see

1135  
00:45:11,809 --> 00:45:08,520  
something today that they wanted him

1136  
00:45:13,370 --> 00:45:11,819  
like she glossed it over and next and

1137  
00:45:14,870 --> 00:45:13,380  
the people sitting next to us on the

1138  
00:45:16,490 --> 00:45:14,880

bench you know those national park

1139

00:45:18,650 --> 00:45:16,500

benches at the amphitheater they had

1140

00:45:21,410 --> 00:45:18,660

seen it too so I saw from a young age

1141

00:45:24,890 --> 00:45:21,420

that there was something else you know

1142

00:45:27,710 --> 00:45:24,900

so it's a slow but necessary process of

1143

00:45:30,290 --> 00:45:27,720

realizing that we're in a Multiverse

1144

00:45:32,030 --> 00:45:30,300

with other types of life forms and we're

1145

00:45:34,069 --> 00:45:32,040

used to being in this one but that

1146

00:45:35,809 --> 00:45:34,079

doesn't mean the life forms in those

1147

00:45:37,010 --> 00:45:35,819

parallel realities and this is what I

1148

00:45:37,790 --> 00:45:37,020

personally believe you have to agree

1149

00:45:39,710 --> 00:45:37,800

with me but this is why I think it's

1150

00:45:42,589 --> 00:45:39,720

going on they can come from over there

1151  
00:45:43,970 --> 00:45:42,599  
into ours and sometimes we're and then

1152  
00:45:45,890 --> 00:45:43,980  
they can go back and you won't see them

1153  
00:45:47,690 --> 00:45:45,900  
but they can show up for a while and

1154  
00:45:50,450 --> 00:45:47,700  
kind of see if you're worth

1155  
00:45:52,370 --> 00:45:50,460  
interacting with you know or do you even

1156  
00:45:54,410 --> 00:45:52,380  
see them do you even notice them or do

1157  
00:45:56,329 --> 00:45:54,420  
you run away in Terror even at this

1158  
00:45:58,730 --> 00:45:56,339  
thing with Stephen grew up Maguire

1159  
00:46:00,410 --> 00:45:58,740  
Rancho that was pretty shocking about

1160  
00:46:01,550 --> 00:46:00,420  
half the group saw it the other half was

1161  
00:46:03,050 --> 00:46:01,560  
looking the other way it was up there

1162  
00:46:05,150 --> 00:46:03,060  
for about five or ten seconds

1163  
00:46:07,130 --> 00:46:05,160

it was I felt pretty strange for a

1164

00:46:11,930 --> 00:46:07,140

couple days after that you know I'm kind

1165

00:46:14,870 --> 00:46:11,940

of in this area so wow yeah Debs

1166

00:46:18,530 --> 00:46:14,880

so I know that you have pondered The

1167

00:46:20,150 --> 00:46:18,540

Relic hominid Theory and that's the path

1168

00:46:22,190 --> 00:46:20,160

that I'm going down right now I'm

1169

00:46:25,670 --> 00:46:22,200

looking a lot at

1170

00:46:27,829 --> 00:46:25,680

um little people uh like yeah the pygmy

1171

00:46:29,690 --> 00:46:27,839

people that still exist today and

1172

00:46:32,690 --> 00:46:29,700

historically

1173

00:46:35,630 --> 00:46:32,700

um you know some smaller people that

1174

00:46:37,309 --> 00:46:35,640

we've found the fossils of and the

1175

00:46:39,290 --> 00:46:37,319

possibility that they're connected to

1176

00:46:40,670 --> 00:46:39,300

goblins so I was wondering what your

1177

00:46:45,890 --> 00:46:40,680

thoughts were on some of these other

1178

00:46:48,109 --> 00:46:45,900

Cryptids like dog man and goblins Pepe

1179

00:46:50,630 --> 00:46:48,119

great question

1180

00:46:53,510 --> 00:46:50,640

yeah so the first time someone asked me

1181

00:46:56,990 --> 00:46:53,520

about dog man it was Matt Hines on his

1182

00:46:58,970 --> 00:46:57,000

uh encounters USA YouTube channel and I

1183

00:47:01,069 --> 00:46:58,980

thought are you kidding me dog man it

1184

00:47:05,089 --> 00:47:01,079

wouldn't be some sort of super superhero

1185

00:47:08,270 --> 00:47:05,099

from a Marvel movie you know I mean and

1186

00:47:10,250 --> 00:47:08,280

I started I I'm a kind of well I'm

1187

00:47:12,170 --> 00:47:10,260

reasonable I bought some books and I

1188

00:47:14,390 --> 00:47:12,180

couldn't believe the encounters how

1189

00:47:17,030 --> 00:47:14,400

similar they were you know they looks

1190

00:47:19,910 --> 00:47:17,040

like a great uh you know a German

1191

00:47:22,550 --> 00:47:19,920

shepherd on two legs super muscular like

1192

00:47:24,950 --> 00:47:22,560

a bodybuilder really scary does not have

1193

00:47:28,069 --> 00:47:24,960

a nice look on it when it's staring at

1194

00:47:30,170 --> 00:47:28,079

you and it sometimes it chases cars onto

1195

00:47:32,030 --> 00:47:30,180

the highway and like you get the feeling

1196

00:47:34,670 --> 00:47:32,040

like you're gonna die if you don't get

1197

00:47:36,530 --> 00:47:34,680

out of there pretty quick so my feeling

1198

00:47:37,490 --> 00:47:36,540

is and I'm glad you asked that debt

1199

00:47:39,829 --> 00:47:37,500

because I've been thinking about this a

1200

00:47:41,630 --> 00:47:39,839

lot I think these are all real I think

1201  
00:47:43,609 --> 00:47:41,640  
these are absolutely real and I'm gonna

1202  
00:47:45,230 --> 00:47:43,619  
go with the psychologist and Flash of

1203  
00:47:47,210 --> 00:47:45,240  
Beauty on this one we're forgetting

1204  
00:47:49,609 --> 00:47:47,220  
about it we're pushing it away it causes

1205  
00:47:51,109 --> 00:47:49,619  
PTSD we know it does especially these

1206  
00:47:52,970 --> 00:47:51,119  
dog man encounters

1207  
00:47:54,589 --> 00:47:52,980  
and the little people I mean the Native

1208  
00:47:56,089 --> 00:47:54,599  
Americans talked about the little people

1209  
00:47:58,490 --> 00:47:56,099  
they said those were the ones you had to

1210  
00:48:01,309 --> 00:47:58,500  
watch out for bigfoot was a pushover

1211  
00:48:04,550 --> 00:48:01,319  
compared to the little people uh drawing

1212  
00:48:07,370 --> 00:48:04,560  
you into the woods yes people have heard

1213  
00:48:09,050 --> 00:48:07,380

these birds that mimic their songs they

1214

00:48:11,150 --> 00:48:09,060

were playing I play out there in the

1215

00:48:13,069 --> 00:48:11,160

dark with my guitar sometimes just to

1216

00:48:14,390 --> 00:48:13,079

see if I can get a response they like

1217

00:48:15,950 --> 00:48:14,400

music I mean it's a good way to start

1218

00:48:20,030 --> 00:48:15,960

off a relationship is with some songs

1219

00:48:22,069 --> 00:48:20,040

but no Deb I think I have to be honest I

1220

00:48:23,930 --> 00:48:22,079

think there are tons of different types

1221

00:48:26,089 --> 00:48:23,940

of Cryptids they may be rare

1222

00:48:28,790 --> 00:48:26,099

uh maybe sashwatch is the most

1223

00:48:30,770 --> 00:48:28,800

encountered one but I've just read too

1224

00:48:33,410 --> 00:48:30,780

many witness encounters now with dog man

1225

00:48:35,030 --> 00:48:33,420

little people even Thunderbirds I've

1226  
00:48:36,710 --> 00:48:35,040  
talked to Witnesses have told me they

1227  
00:48:39,069 --> 00:48:36,720  
know people have seen the Thunderbirds

1228  
00:48:41,270 --> 00:48:39,079  
up on the crow reservation in Montana

1229  
00:48:43,010 --> 00:48:41,280  
because I when I go around I talk to

1230  
00:48:44,210 --> 00:48:43,020  
people and I bring the subject up and

1231  
00:48:45,589 --> 00:48:44,220  
there are so many people who have

1232  
00:48:48,410 --> 00:48:45,599  
experiences or know people have had

1233  
00:48:50,930 --> 00:48:48,420  
experiences so my feeling about it is

1234  
00:48:53,150 --> 00:48:50,940  
we're the ones that are too restricted

1235  
00:48:55,670 --> 00:48:53,160  
and too narrow I think these Cryptids

1236  
00:48:58,190 --> 00:48:55,680  
really literally exist they may not

1237  
00:49:01,250 --> 00:48:58,200  
always be in a physical reality form

1238  
00:49:03,530 --> 00:49:01,260

they could morph into our reality

1239

00:49:05,870 --> 00:49:03,540

they could come out of a portal or a

1240

00:49:08,809 --> 00:49:05,880

ball of light but look there are too

1241

00:49:11,870 --> 00:49:08,819

many witness encounters and it took

1242

00:49:13,910 --> 00:49:11,880

myself to start reading books about it

1243

00:49:16,130 --> 00:49:13,920

and watching videos and listening to the

1244

00:49:18,530 --> 00:49:16,140

podcast that we all listen to

1245

00:49:19,970 --> 00:49:18,540

uh Dave Scott's Channel and so forth and

1246

00:49:21,290 --> 00:49:19,980

I'm listening I'm saying this is so

1247

00:49:22,970 --> 00:49:21,300

consistent and these people don't even

1248

00:49:25,190 --> 00:49:22,980

want to give their first name sometimes

1249

00:49:27,650 --> 00:49:25,200

they have nothing to benefit from making

1250

00:49:30,109 --> 00:49:27,660

this up and they seem really reluctant

1251

00:49:32,089 --> 00:49:30,119

to share the story this is what we call

1252

00:49:33,770 --> 00:49:32,099

in sociology a hidden event it's things

1253

00:49:35,750 --> 00:49:33,780

that people are experiencing that

1254

00:49:38,690 --> 00:49:35,760

they're not sharing because again

1255

00:49:40,849 --> 00:49:38,700

because of stigma and ridicule so I

1256

00:49:43,150 --> 00:49:40,859

think there are many types of Cryptids I

1257

00:49:45,950 --> 00:49:43,160

have never seen any that I remember

1258

00:49:47,809 --> 00:49:45,960

consciously but if you look at the

1259

00:49:49,790 --> 00:49:47,819

accounts there's the little people the

1260

00:49:51,410 --> 00:49:49,800

dog men in some states you see more of

1261

00:49:54,349 --> 00:49:51,420

them I even talked to a psychologist

1262

00:49:56,630 --> 00:49:54,359

psychiatrist recently uh Robert Schwartz

1263

00:49:59,270 --> 00:49:56,640

who's in Dark Matter monsters he he

1264

00:50:00,770 --> 00:49:59,280

wanted me to put this in he encountered

1265

00:50:03,530 --> 00:50:00,780

patients who had

1266

00:50:05,450 --> 00:50:03,540

seen dog man or Bigfoot uh from a kid

1267

00:50:07,370 --> 00:50:05,460

since they were kids or during hunting

1268

00:50:08,930 --> 00:50:07,380

something like this and he initially

1269

00:50:10,970 --> 00:50:08,940

thought maybe they're delusional or

1270

00:50:13,190 --> 00:50:10,980

schizophrenic nope he gave them all the

1271

00:50:14,930 --> 00:50:13,200

tests that psychiatrists have and they

1272

00:50:16,849 --> 00:50:14,940

were totally normal people

1273

00:50:18,410 --> 00:50:16,859

who had really and he realized they had

1274

00:50:19,670 --> 00:50:18,420

really seen this and they just didn't

1275

00:50:21,170 --> 00:50:19,680

want to share it with anyone they were

1276

00:50:23,990 --> 00:50:21,180

coming to him for help

1277

00:50:25,370 --> 00:50:24,000

so these are all real and maybe you'll

1278

00:50:27,050 --> 00:50:25,380

get to experience one of them hopefully

1279

00:50:29,030 --> 00:50:27,060

in a positive way not all these

1280

00:50:31,790 --> 00:50:29,040

encounters seem friendly and I would

1281

00:50:34,430 --> 00:50:31,800

hope that the ones that you encounter

1282

00:50:36,530 --> 00:50:34,440

are positive I don't know what's going

1283

00:50:38,270 --> 00:50:36,540

on with some of these Cryptids where

1284

00:50:39,650 --> 00:50:38,280

some of them are from what they think

1285

00:50:41,630 --> 00:50:39,660

about us

1286

00:50:43,730 --> 00:50:41,640

this is a real mystery none of us really

1287

00:50:44,990 --> 00:50:43,740

know what's going on here nobody and I

1288

00:50:46,609 --> 00:50:45,000

don't think we've had any help from the

1289

00:50:48,049 --> 00:50:46,619

scientific community that wants to say

1290

00:50:52,069 --> 00:50:48,059

you saw a bear

1291

00:50:55,069 --> 00:50:52,079

I'm not given to conspiracy theories a

1292

00:50:58,549 --> 00:50:55,079

lot but when people talk about that the

1293

00:51:00,170 --> 00:50:58,559

the the dog ban and I've heard I I can't

1294

00:51:02,569 --> 00:51:00,180

say that I've heard a lot of Encounters

1295

00:51:04,910 --> 00:51:02,579

of it but I understand that they're

1296

00:51:07,130 --> 00:51:04,920

I mean I've heard in conjunction with

1297

00:51:09,410 --> 00:51:07,140

Bigfoot encounters that people that have

1298

00:51:13,250 --> 00:51:09,420

also seen dog man and supposedly they're

1299

00:51:16,390 --> 00:51:13,260

quite aggressive uh more so generally in

1300

00:51:20,150 --> 00:51:16,400

general than than the the bigfoots are

1301  
00:51:21,710 --> 00:51:20,160  
and I actually would entertain the fact

1302  
00:51:24,589 --> 00:51:21,720  
that maybe they try to hybridize

1303  
00:51:26,990 --> 00:51:24,599  
something in a lab and and it and it

1304  
00:51:29,450 --> 00:51:27,000  
escaped I normally you know these guys

1305  
00:51:31,130 --> 00:51:29,460  
will tell you I'm not I'm not I'm not a

1306  
00:51:33,410 --> 00:51:31,140  
big conspiracy theorist because I feel

1307  
00:51:35,809 --> 00:51:33,420  
like that once you dive into that hole

1308  
00:51:37,730 --> 00:51:35,819  
you're never going to get out but it I

1309  
00:51:40,790 --> 00:51:37,740  
I'm not sure that that's a natural

1310  
00:51:42,950 --> 00:51:40,800  
creature you know or I've ever you know

1311  
00:51:45,290 --> 00:51:42,960  
that that's you know ceased to evolve

1312  
00:51:46,730 --> 00:51:45,300  
the way that that Sasquatch I think is a

1313  
00:51:48,589 --> 00:51:46,740

different thing and we're gonna my next

1314

00:51:51,890 --> 00:51:48,599

question is going to be that but do you

1315

00:51:54,530 --> 00:51:51,900

think that that is something that was uh

1316

00:51:56,750 --> 00:51:54,540

perhaps synthetically created in a

1317

00:51:59,510 --> 00:51:56,760

laboratory environment

1318

00:52:01,130 --> 00:51:59,520

uh maybe not our Laboratories I don't

1319

00:52:04,190 --> 00:52:01,140

know if we know how to do that but

1320

00:52:05,990 --> 00:52:04,200

perhaps extraterrestrial hybridization I

1321

00:52:07,430 --> 00:52:06,000

mean

1322

00:52:09,230 --> 00:52:07,440

there's a lot of types of

1323

00:52:11,270 --> 00:52:09,240

extraterrestrials out there and some of

1324

00:52:13,790 --> 00:52:11,280

them may have come here to do

1325

00:52:16,010 --> 00:52:13,800

experiments or to see what they could do

1326  
00:52:17,930 --> 00:52:16,020  
with the biosphere and different species

1327  
00:52:19,970 --> 00:52:17,940  
that are here

1328  
00:52:22,130 --> 00:52:19,980  
um maybe this will come out over the

1329  
00:52:24,589 --> 00:52:22,140  
course of Our Lives as a result of the

1330  
00:52:25,609 --> 00:52:24,599  
types of disclosure we're starting to

1331  
00:52:29,390 --> 00:52:25,619  
get

1332  
00:52:30,770 --> 00:52:29,400  
around UFO uip topic I mean that would

1333  
00:52:32,329 --> 00:52:30,780  
be a big one but I think anyone

1334  
00:52:34,970 --> 00:52:32,339  
listening right here would not be

1335  
00:52:37,609 --> 00:52:34,980  
totally shocked to maybe learn that

1336  
00:52:39,349 --> 00:52:37,619  
there's hybridization that's gone on and

1337  
00:52:41,089 --> 00:52:39,359  
that's maybe why we look the way we look

1338  
00:52:42,950 --> 00:52:41,099

compared to we don't seem to look like

1339

00:52:45,109 --> 00:52:42,960

any other species on the planet I mean

1340

00:52:47,930 --> 00:52:45,119

there's different types of squirrels and

1341

00:52:50,990 --> 00:52:47,940

different types of cats but we sort of

1342

00:52:52,670 --> 00:52:51,000

look different I mean why and we don't

1343

00:52:55,250 --> 00:52:52,680

even look remotely close to the other

1344

00:52:58,549 --> 00:52:55,260

primates so you start to have to wonder

1345

00:53:01,549 --> 00:52:58,559

so maybe I don't know I'm speculating

1346

00:53:03,170 --> 00:53:01,559

here but I would imagine dog man and I

1347

00:53:04,790 --> 00:53:03,180

would imagine some of these creatures

1348

00:53:06,950 --> 00:53:04,800

are indigenous and this is sort of what

1349

00:53:08,210 --> 00:53:06,960

I argue in Dark Matter monsters any of

1350

00:53:09,890 --> 00:53:08,220

life forms that have been around on

1351  
00:53:11,770 --> 00:53:09,900  
Earth for hundreds of thousands of years

1352  
00:53:13,609 --> 00:53:11,780  
might have naturally

1353  
00:53:15,470 --> 00:53:13,619  
acquired these would appear to be

1354  
00:53:17,089 --> 00:53:15,480  
superpowers just because I believe it's

1355  
00:53:18,890 --> 00:53:17,099  
built into nature you know cold fusion

1356  
00:53:20,690 --> 00:53:18,900  
low energy nuclear reaction and I

1357  
00:53:22,549 --> 00:53:20,700  
explained that in the book and it's a

1358  
00:53:24,290 --> 00:53:22,559  
large topic but why this is how nature

1359  
00:53:26,750 --> 00:53:24,300  
works and it wouldn't be surprising if

1360  
00:53:28,549 --> 00:53:26,760  
defense contractors are patenting some

1361  
00:53:30,650 --> 00:53:28,559  
of these now that someone already didn't

1362  
00:53:32,569 --> 00:53:30,660  
figure out how to cloak and Trent

1363  
00:53:34,069 --> 00:53:32,579

teleport and become invisible and they

1364

00:53:35,870 --> 00:53:34,079

don't want to show you how they do it I

1365

00:53:38,150 --> 00:53:35,880

mean they like this ability they have

1366

00:53:40,430 --> 00:53:38,160

vis-a-vis so they're not showing us how

1367

00:53:41,870 --> 00:53:40,440

they do it if we're just learning about

1368

00:53:43,250 --> 00:53:41,880

these things now I'm sure other species

1369

00:53:45,410 --> 00:53:43,260

already know how to do it just like

1370

00:53:47,270 --> 00:53:45,420

there's electric eels and cuttlefish and

1371

00:53:48,650 --> 00:53:47,280

octopus that can instantly camouflage

1372

00:53:50,150 --> 00:53:48,660

you know what I mean so why wouldn't

1373

00:53:54,410 --> 00:53:50,160

there be mammals that can do this too

1374

00:53:56,510 --> 00:53:54,420

but it's a really good question DJ my I

1375

00:53:58,730 --> 00:53:56,520

and this is opinion I feel that some of

1376  
00:54:01,790 --> 00:53:58,740  
this perhaps dog man because they seem

1377  
00:54:05,710 --> 00:54:01,800  
to have human characteristics and that

1378  
00:54:10,970 --> 00:54:05,720  
of a unfriendly German Shepherd

1379  
00:54:13,069 --> 00:54:10,980  
and about six eight feet tall uh really

1380  
00:54:15,230 --> 00:54:13,079  
good snarl and really Fierce looking

1381  
00:54:16,730 --> 00:54:15,240  
eyes you're running when he's you're

1382  
00:54:18,770 --> 00:54:16,740  
getting out of there pretty quick yeah

1383  
00:54:20,870 --> 00:54:18,780  
and they can appear like behind you then

1384  
00:54:22,130 --> 00:54:20,880  
they're in front of you like really

1385  
00:54:25,069 --> 00:54:22,140  
interesting stuff like you'd see the

1386  
00:54:27,349 --> 00:54:25,079  
Road Runner do and cartoons we used to

1387  
00:54:28,329 --> 00:54:27,359  
watch in Saturday morning yeah just like

1388  
00:54:33,349 --> 00:54:28,339

that

1389

00:54:35,089 --> 00:54:33,359

you know uh just crazy uh I'm wondering

1390

00:54:36,770 --> 00:54:35,099

whether they're a type of hybridization

1391

00:54:39,470 --> 00:54:36,780

of us and

1392

00:54:41,569 --> 00:54:39,480

canines I I don't know I I'd really like

1393

00:54:44,030 --> 00:54:41,579

to know and whoever knows is not talking

1394

00:54:46,069 --> 00:54:44,040

very much about it the other ones

1395

00:54:48,049 --> 00:54:46,079

there's so many there are other types of

1396

00:54:50,030 --> 00:54:48,059

Cryptids too and maybe some of them are

1397

00:54:52,490 --> 00:54:50,040

just natural and maybe they learned how

1398

00:54:55,010 --> 00:54:52,500

to go into parallel realities

1399

00:54:56,690 --> 00:54:55,020

uh when they want to go so they're in

1400

00:54:58,069 --> 00:54:56,700

another version of Earth that we don't

1401

00:54:59,930 --> 00:54:58,079

see most of the time but then they say

1402

00:55:03,530 --> 00:54:59,940

let's go back to see when the humans are

1403

00:55:05,170 --> 00:55:03,540

are at and you know pick up a few deer

1404

00:55:07,849 --> 00:55:05,180

while we're there

1405

00:55:10,309 --> 00:55:07,859

it will get into you know at the end I'm

1406

00:55:13,190 --> 00:55:10,319

kind of kind of try to get your complete

1407

00:55:14,569 --> 00:55:13,200

hypothesis on what you think Bigfoot is

1408

00:55:16,790 --> 00:55:14,579

I have a

1409

00:55:19,370 --> 00:55:16,800

just a working hypothesis nothing more

1410

00:55:21,890 --> 00:55:19,380

than that but just an opinion it and and

1411

00:55:25,309 --> 00:55:21,900

I would say a marginally marginally

1412

00:55:26,930 --> 00:55:25,319

well-informed opinion at best but

1413

00:55:29,690 --> 00:55:26,940

um first of all I have two questions one

1414

00:55:33,470 --> 00:55:29,700

are you going to play music tonight

1415

00:55:38,809 --> 00:55:36,530

or do we have to get buy you alcohol

1416

00:55:40,790 --> 00:55:38,819

no I would have to set this up on the

1417

00:55:44,270 --> 00:55:40,800

hood of my vehicle I'm at a truck stop

1418

00:55:46,390 --> 00:55:44,280

oh all right yeah this is perfect we're

1419

00:55:49,069 --> 00:55:46,400

at a week this can be very honky tonkish

1420

00:55:50,809 --> 00:55:49,079

I have my guitar in the back because

1421

00:55:52,609 --> 00:55:50,819

I've been playing for friends on this

1422

00:55:54,650 --> 00:55:52,619

whole trip all up and down the Northwest

1423

00:55:56,150 --> 00:55:54,660

through Utah and everywhere we've been

1424

00:55:58,670 --> 00:55:56,160

having a lot of fun

1425

00:56:00,530 --> 00:55:58,680

so it's feasible if you gave me a minute

1426  
00:56:01,730 --> 00:56:00,540  
to get the guitar I know it's in tune

1427  
00:56:04,490 --> 00:56:01,740  
because I was just playing last night

1428  
00:56:06,650 --> 00:56:04,500  
for some all right let me look maybe

1429  
00:56:08,870 --> 00:56:06,660  
she'll post it on YouTube uh it's

1430  
00:56:10,750 --> 00:56:08,880  
possible I could see I'm I'm on an iPad

1431  
00:56:13,730 --> 00:56:10,760  
right now we could put it on the hood

1432  
00:56:16,150 --> 00:56:13,740  
and it's a truck stop who doesn't like

1433  
00:56:19,630 --> 00:56:16,160  
finger picking American Primitives

1434  
00:56:21,770 --> 00:56:19,640  
maybe I'll get some tips

1435  
00:56:24,770 --> 00:56:21,780  
I'm happy to do that at the end because

1436  
00:56:27,109 --> 00:56:24,780  
I think we're in uh we're in open G

1437  
00:56:29,870 --> 00:56:27,119  
tuning from last night this could work

1438  
00:56:32,390 --> 00:56:29,880

that's a good idea we'll have you check

1439

00:56:33,589 --> 00:56:32,400

this out with music no I got to say

1440

00:56:36,230 --> 00:56:33,599

something to everyone right here sure

1441

00:56:38,630 --> 00:56:36,240

this Cryptid topic is one of the biggest

1442

00:56:40,549 --> 00:56:38,640

shocks of my life to realize how real it

1443

00:56:43,370 --> 00:56:40,559

is I have heard the stories from

1444

00:56:44,870 --> 00:56:43,380

Witnesses gone about 15 years it just

1445

00:56:46,849 --> 00:56:44,880

didn't sink in it kind of even with me

1446

00:56:48,589 --> 00:56:46,859

it went one in in your one in your web

1447

00:56:50,630 --> 00:56:48,599

of the other and I didn't know how to

1448

00:56:52,130 --> 00:56:50,640

make sense of it and I believed what I

1449

00:56:53,930 --> 00:56:52,140

had heard from the people on late night

1450

00:56:55,250 --> 00:56:53,940

shows that radio shows that we're all

1451

00:56:56,990 --> 00:56:55,260

familiar with you know

1452

00:56:59,270 --> 00:56:57,000

coast to coast and others it's just a

1453

00:57:01,670 --> 00:56:59,280

relic primate it's a very rare ape and I

1454

00:57:03,170 --> 00:57:01,680

sort of bought into that and that meant

1455

00:57:04,609 --> 00:57:03,180

I'm probably never going to see it and

1456

00:57:07,130 --> 00:57:04,619

it's just another type of rare animal

1457

00:57:10,490 --> 00:57:07,140

and that it didn't really resonate but

1458

00:57:12,530 --> 00:57:10,500

to really realize to see how many read

1459

00:57:14,630 --> 00:57:12,540

how many encounters to talk to Witnesses

1460

00:57:17,089 --> 00:57:14,640

I even had it happen to a friend

1461

00:57:19,609 --> 00:57:17,099

recently in Arizona where she didn't

1462

00:57:21,170 --> 00:57:19,619

believe in it until she can't she talked

1463

00:57:22,549 --> 00:57:21,180

to me and then said I'm not into that

1464

00:57:24,230 --> 00:57:22,559

stubborn she means into what I told her

1465

00:57:25,609 --> 00:57:24,240

I was writing the book six months ago we

1466

00:57:27,349 --> 00:57:25,619

hadn't seen each other in a while we had

1467

00:57:30,470 --> 00:57:27,359

taken RV together

1468

00:57:33,589 --> 00:57:30,480

and she went back to her her family's

1469

00:57:35,329 --> 00:57:33,599

remote you know vacation cabin in

1470

00:57:36,470 --> 00:57:35,339

Arizona she started seeing the tree

1471

00:57:38,630 --> 00:57:36,480

structures

1472

00:57:40,970 --> 00:57:38,640

she used to think that they were made by

1473

00:57:42,109 --> 00:57:40,980

Boy Scouts though she never saw any Boy

1474

00:57:44,270 --> 00:57:42,119

Scouts she couldn't understand what

1475

00:57:45,370 --> 00:57:44,280

would make teepees right around the

1476  
00:57:48,770 --> 00:57:45,380  
house

1477  
00:57:50,809 --> 00:57:48,780  
Big Trees across other trees with no

1478  
00:57:52,849 --> 00:57:50,819  
sign how they got there

1479  
00:57:55,190 --> 00:57:52,859  
like she thought the forest service was

1480  
00:57:58,069 --> 00:57:55,200  
straightening trees like they were and

1481  
00:58:00,230 --> 00:57:58,079  
strange smells at night like wet dogs or

1482  
00:58:07,740 --> 00:58:00,240  
skunks but it didn't smell like anything

1483  
00:58:07,750 --> 00:58:11,950  
[Music]

1484  
00:58:16,790 --> 00:58:14,870  
oh those are just normal fires them so

1485  
00:58:19,309 --> 00:58:16,800  
she had dismissed it

1486  
00:58:22,130 --> 00:58:19,319  
but she came to talk to me in Boulder

1487  
00:58:23,270 --> 00:58:22,140  
just so we'd catch up after a while she

1488  
00:58:25,370 --> 00:58:23,280

went home thinking you know simeon's

1489

00:58:26,930 --> 00:58:25,380

distant to this weird stuff it's not my

1490

00:58:28,430 --> 00:58:26,940

thing and she called me you know she

1491

00:58:30,710 --> 00:58:28,440

told me that but then she started

1492

00:58:32,569 --> 00:58:30,720

looking around she started handling the

1493

00:58:34,250 --> 00:58:32,579

tree structures

1494

00:58:36,109 --> 00:58:34,260

if you don't want attention from

1495

00:58:38,210 --> 00:58:36,119

Sasquatch do not touch their tree

1496

00:58:41,990 --> 00:58:38,220

structures because she got the attention

1497

00:58:43,910 --> 00:58:42,000

they started approaching the cabin the

1498

00:58:46,630 --> 00:58:43,920

condo out there

1499

00:58:50,450 --> 00:58:46,640

and leaving

1500

00:58:53,690 --> 00:58:50,460

Big Sticks against the back of the house

1501  
00:58:55,549 --> 00:58:53,700  
kind of it was about 20 condos out by

1502  
00:58:58,910 --> 00:58:55,559  
themselves in an area out there

1503  
00:59:00,410 --> 00:58:58,920  
and uh then she saw she finally said I'm

1504  
00:59:01,910 --> 00:59:00,420  
never she was almost too afraid to go

1505  
00:59:05,089 --> 00:59:01,920  
back she started going she didn't tell

1506  
00:59:07,190 --> 00:59:05,099  
me this until recently she went back

1507  
00:59:10,010 --> 00:59:07,200  
and she's looking out the window and she

1508  
00:59:11,630 --> 00:59:10,020  
sees something really dark

1509  
00:59:14,210 --> 00:59:11,640  
that was never there before she was

1510  
00:59:17,630 --> 00:59:14,220  
thinking it's a shadow

1511  
00:59:19,849 --> 00:59:17,640  
or a bear until it stood up and she saw

1512  
00:59:22,670 --> 00:59:19,859  
eyes looking at her

1513  
00:59:24,530 --> 00:59:22,680

10 feet high or more

1514

00:59:27,230 --> 00:59:24,540

and

1515

00:59:29,270 --> 00:59:27,240

it it was like a movie she

1516

00:59:31,309 --> 00:59:29,280

she couldn't handle it it moved behind a

1517

00:59:33,170 --> 00:59:31,319

tree and it's walking on two legs and I

1518

00:59:35,450 --> 00:59:33,180

was moving behind the other side she

1519

00:59:38,870 --> 00:59:35,460

realized Simeon was talking about it and

1520

00:59:40,250 --> 00:59:38,880

it was so it's that she got in the

1521

00:59:42,770 --> 00:59:40,260

vehicle and gunned it out of the garage

1522

00:59:44,150 --> 00:59:42,780

without even locking the door turning

1523

00:59:47,450 --> 00:59:44,160

the lights out or taking her laptop

1524

00:59:49,849 --> 00:59:47,460

think about it it's like a movie it was

1525

00:59:51,770 --> 00:59:49,859

too much to deal with she said when

1526

00:59:53,630 --> 00:59:51,780

they're looking at you

1527

00:59:55,430 --> 00:59:53,640

we all need some preparation for this

1528

00:59:57,410 --> 00:59:55,440

because when they're looking at you and

1529

00:59:59,569 --> 00:59:57,420

this is what Barbara said in the

1530

01:00:01,069 --> 00:59:59,579

Smithsonian dig interview from last week

1531

01:00:02,270 --> 01:00:01,079

two about two weeks ago when they're

1532

01:00:03,950 --> 01:00:02,280

staring at you there's something very

1533

01:00:06,530 --> 01:00:03,960

hypnotic about that stare they're

1534

01:00:07,549 --> 01:00:06,540

related to us in some way we're cousins

1535

01:00:10,430 --> 01:00:07,559

or something

1536

01:00:12,109 --> 01:00:10,440

and uh they're just a lot bigger cousins

1537

01:00:14,569 --> 01:00:12,119

you know

1538

01:00:17,150 --> 01:00:14,579

Jake it's something hypnotic and you you

1539

01:00:18,349 --> 01:00:17,160

sort of want to interact with them at

1540

01:00:21,049 --> 01:00:18,359

one level

1541

01:00:24,109 --> 01:00:21,059

and yet the other level he's everybody

1542

01:00:27,950 --> 01:00:24,119

was terrified and the witch run wins out

1543

01:00:29,750 --> 01:00:27,960

is Ron Moorhead into Sierra sounds the

1544

01:00:32,809 --> 01:00:29,760

Curiosity side of him went out and

1545

01:00:35,329 --> 01:00:32,819

recorded years of the Sasquatch speak

1546

01:00:37,430 --> 01:00:35,339

you know the Beast the reverse Samurai

1547

01:00:38,990 --> 01:00:37,440

reverse Samurai speech them talking to

1548

01:00:41,390 --> 01:00:39,000

each other you know those guys overcame

1549

01:00:42,650 --> 01:00:41,400

Their Fear of bidding interacted had

1550

01:00:44,630 --> 01:00:42,660

they never had anything harmful happen

1551

01:00:47,390 --> 01:00:44,640

but some people it's just too terrifying

1552

01:00:49,730 --> 01:00:47,400

so she ended up running out of there and

1553

01:00:52,849 --> 01:00:49,740

I'm wondering how many other people have

1554

01:00:54,650 --> 01:00:52,859

been around this but not realized what

1555

01:00:57,109 --> 01:00:54,660

is happening around their remote

1556

01:00:59,049 --> 01:00:57,119

location because they're not trained to

1557

01:01:01,430 --> 01:00:59,059

look at the signs

1558

01:01:03,230 --> 01:01:01,440

let's talk about the signs real quick

1559

01:01:06,410 --> 01:01:03,240

because that that really was the Crux of

1560

01:01:07,789 --> 01:01:06,420

my question I think that there is

1561

01:01:09,829 --> 01:01:07,799

probably

1562

01:01:11,690 --> 01:01:09,839

people you know there's a cognitive

1563

01:01:13,609 --> 01:01:11,700

dissonance when they're in the forest

1564

01:01:15,950 --> 01:01:13,619

and something's being tossed at them and

1565

01:01:17,690 --> 01:01:15,960

we all know that other than us there's

1566

01:01:19,549 --> 01:01:17,700

nothing that roams around the force that

1567

01:01:21,349 --> 01:01:19,559

can throw things you know Bears don't

1568

01:01:23,329 --> 01:01:21,359

throw things cougars don't throw things

1569

01:01:26,390 --> 01:01:23,339

squirrels and deer don't throw things

1570

01:01:28,190 --> 01:01:26,400

but when rocks are you know landing on

1571

01:01:30,589 --> 01:01:28,200

the path in front of you I mean there's

1572

01:01:32,990 --> 01:01:30,599

a cognitive hey I wonder what that is

1573

01:01:34,730 --> 01:01:33,000

what do you think yeah yeah what do you

1574

01:01:38,690 --> 01:01:34,740

think it is you know it's not Jimmy

1575

01:01:40,609 --> 01:01:38,700

you're hearing like an animal okay it's

1576

01:01:42,289 --> 01:01:40,619

decided that but but I want to get to

1577

01:01:43,609 --> 01:01:42,299

structure I want to ask you about these

1578

01:01:46,250 --> 01:01:43,619

structures because

1579

01:01:48,770 --> 01:01:46,260

I think there's again I think that that

1580

01:01:50,890 --> 01:01:48,780

we have built certain Mysteries into the

1581

01:01:52,910 --> 01:01:50,900

creature that we kind of understand

1582

01:01:54,710 --> 01:01:52,920

whether or not we want to understand

1583

01:01:56,870 --> 01:01:54,720

them they've shown some very human

1584

01:01:59,450 --> 01:01:56,880

Tendencies they've lifted up children

1585

01:02:01,849 --> 01:01:59,460

taking them out of it there was a couple

1586

01:02:04,849 --> 01:02:01,859

of children yeah I think it was in Ohio

1587

01:02:06,730 --> 01:02:04,859

one of them broke his back climbing a

1588

01:02:10,250 --> 01:02:06,740

tree the other one ran to get the mother

1589

01:02:12,349 --> 01:02:10,260

and Sasquatch lifted the child out of

1590

01:02:13,609 --> 01:02:12,359

the tree and placed him on the ground at

1591

01:02:15,410 --> 01:02:13,619

the base of the tree by the time it's

1592

01:02:17,990 --> 01:02:15,420

right out there a lot of stories like

1593

01:02:19,609 --> 01:02:18,000

that where they rescue kids yeah there's

1594

01:02:22,789 --> 01:02:19,619

several of those but what I want to ask

1595

01:02:24,650 --> 01:02:22,799

you your hypothesis on because I suppose

1596

01:02:26,870 --> 01:02:24,660

that you've seen these on some of your

1597

01:02:29,270 --> 01:02:26,880

your investigations particularly maybe

1598

01:02:31,789 --> 01:02:29,280

even the one you went on in Bailey is

1599

01:02:34,309 --> 01:02:31,799

when they they construct these

1600

01:02:36,530 --> 01:02:34,319

structures in the woods that are you we

1601  
01:02:39,170 --> 01:02:36,540  
you talked about the trees that are that

1602  
01:02:41,470 --> 01:02:39,180  
are put together in a certain pattern or

1603  
01:02:45,170 --> 01:02:41,480  
that are bent over and wound together

1604  
01:02:47,809 --> 01:02:45,180  
some of these patterns and I'm also told

1605  
01:02:49,910 --> 01:02:47,819  
by some of the experts that it's not

1606  
01:02:52,370 --> 01:02:49,920  
Regional that they'll some of them are

1607  
01:02:55,789 --> 01:02:52,380  
in Florida like that in Alabama and Ohio

1608  
01:02:59,030 --> 01:02:55,799  
and out west and so I was going to ask

1609  
01:03:01,849 --> 01:02:59,040  
you have you done a dive or thought

1610  
01:03:04,370 --> 01:03:01,859  
about what you think they mean we don't

1611  
01:03:06,470 --> 01:03:04,380  
I don't know that any of us knows

1612  
01:03:08,930 --> 01:03:06,480  
because they can't speak English and

1613  
01:03:11,450 --> 01:03:08,940

answer us uh in that although they they

1614

01:03:13,250 --> 01:03:11,460

appear to understand English they can

1615

01:03:15,770 --> 01:03:13,260

speak they can speak English when they

1616

01:03:17,690 --> 01:03:15,780

want to they can't they can say Possible

1617

01:03:20,210 --> 01:03:17,700

English possible and they can you're

1618

01:03:21,470 --> 01:03:20,220

right but I mean they they're not yeah I

1619

01:03:23,390 --> 01:03:21,480

don't know if they have the cognition to

1620

01:03:24,650 --> 01:03:23,400

explain we should get one around here

1621

01:03:27,650 --> 01:03:24,660

and ask them right now what are you

1622

01:03:29,569 --> 01:03:27,660

doing but what do you think that some of

1623

01:03:31,430 --> 01:03:29,579

those mean are there any that you've

1624

01:03:32,510 --> 01:03:31,440

been able to decode that you've seen

1625

01:03:36,069 --> 01:03:32,520

Simeon

1626

01:03:42,170 --> 01:03:39,650

this is just you know again

1627

01:03:44,390 --> 01:03:42,180

ideas possibilities my friend from

1628

01:03:45,530 --> 01:03:44,400

Arizona when she started handling the

1629

01:03:47,450 --> 01:03:45,540

tree structures

1630

01:03:50,930 --> 01:03:47,460

she felt like they were some sort of

1631

01:03:53,089 --> 01:03:50,940

motion detector for humans to detect

1632

01:03:55,069 --> 01:03:53,099

things walking around the area that they

1633

01:03:57,349 --> 01:03:55,079

were like an antenna structure

1634

01:03:59,089 --> 01:03:57,359

personally that resonates with me

1635

01:04:01,130 --> 01:03:59,099

I think we're all antenna structures

1636

01:04:03,410 --> 01:04:01,140

we're all antenna structures picking up

1637

01:04:07,069 --> 01:04:03,420

various aspects of reality all the time

1638

01:04:08,450 --> 01:04:07,079

anyway that's what RV shows us she felt

1639

01:04:09,950 --> 01:04:08,460

like they didn't come closer till she

1640

01:04:12,410 --> 01:04:09,960

started touching the tree structures

1641

01:04:14,329 --> 01:04:12,420

like they really knew she was around and

1642

01:04:15,950 --> 01:04:14,339

they can sort of perceive reality

1643

01:04:17,809 --> 01:04:15,960

through those tree structures I

1644

01:04:20,150 --> 01:04:17,819

obviously other researchers have thought

1645

01:04:22,609 --> 01:04:20,160

their ways of marking territory it's

1646

01:04:25,450 --> 01:04:22,619

like a pseudo house but but directions

1647

01:04:29,750 --> 01:04:25,460

home for the young ones yes

1648

01:04:32,510 --> 01:04:29,760

it could be something like that um

1649

01:04:35,510 --> 01:04:32,520

but the antenna structure I like that I

1650

01:04:37,490 --> 01:04:35,520

like that because I like the resonance

1651  
01:04:39,530 --> 01:04:37,500  
idea just because I personally like that

1652  
01:04:41,809 --> 01:04:39,540  
idea you like it it could be all of the

1653  
01:04:43,670 --> 01:04:41,819  
above yeah but she felt like it was a

1654  
01:04:46,670 --> 01:04:43,680  
sort of a mistake for her to handle this

1655  
01:04:48,950 --> 01:04:46,680  
tree structures hers look like teepees

1656  
01:04:50,390 --> 01:04:48,960  
built of sticks and again she initially

1657  
01:04:52,730 --> 01:04:50,400  
thought it must have been Boy Scouts

1658  
01:04:54,349 --> 01:04:52,740  
practicing something in the woods but

1659  
01:04:55,970 --> 01:04:54,359  
that's when they started coming closer

1660  
01:04:58,849 --> 01:04:55,980  
and she felt like

1661  
01:05:00,770 --> 01:04:58,859  
they really knew she was there or if you

1662  
01:05:02,450 --> 01:05:00,780  
know they felt get more comfortable to

1663  
01:05:04,670 --> 01:05:02,460

come closer I mean a lot of people would

1664

01:05:06,530 --> 01:05:04,680

love to have contact like she had we'd

1665

01:05:08,329 --> 01:05:06,540

love to have gotten pictures and say

1666

01:05:11,630 --> 01:05:08,339

come on in the house we've got dinner

1667

01:05:14,450 --> 01:05:11,640

for you we've got fresh venison here I'm

1668

01:05:15,710 --> 01:05:14,460

cooked and everything you like apples

1669

01:05:17,510 --> 01:05:15,720

and cookies

1670

01:05:19,730 --> 01:05:17,520

all the things they seem to peanut

1671

01:05:22,130 --> 01:05:19,740

butter they really seem to like that but

1672

01:05:24,589 --> 01:05:22,140

um some people would have said please

1673

01:05:26,150 --> 01:05:24,599

come over I can't wait to meet you I'll

1674

01:05:29,289 --> 01:05:26,160

come out to you right now we know people

1675

01:05:32,030 --> 01:05:29,299

like that okay

1676

01:05:34,849 --> 01:05:32,040

Julie told me to bring tobacco and I

1677

01:05:36,950 --> 01:05:34,859

feel like that is cancer causing I feel

1678

01:05:39,230 --> 01:05:36,960

like you should Council Julie on this I

1679

01:05:41,230 --> 01:05:39,240

don't know you don't want to harm this

1680

01:05:43,970 --> 01:05:41,240

awesome folks I have a petition on

1681

01:05:46,130 --> 01:05:43,980

change.org to protect to give them some

1682

01:05:47,690 --> 01:05:46,140

sort of federal recognition absolutely I

1683

01:05:51,109 --> 01:05:47,700

think that would be a good idea in the

1684

01:05:52,069 --> 01:05:51,119

long run it's certainly very complex but

1685

01:05:54,289 --> 01:05:52,079

um

1686

01:05:55,490 --> 01:05:54,299

it's a good question what those mean I

1687

01:05:57,770 --> 01:05:55,500

don't know exactly those are some of my

1688

01:06:00,230 --> 01:05:57,780

ideas about it all right I have one

1689

01:06:01,549 --> 01:06:00,240

question I'm going to ask Nathan and and

1690

01:06:03,950 --> 01:06:01,559

then I'm going to take it to Debs and

1691

01:06:04,609 --> 01:06:03,960

then yourself Nathan

1692

01:06:06,829 --> 01:06:04,619

um

1693

01:06:10,970 --> 01:06:06,839

I'm sure you've heard Wes germer say

1694

01:06:14,329 --> 01:06:10,980

this I've heard some other uh some of

1695

01:06:18,470 --> 01:06:14,339

the first person encounters say this and

1696

01:06:21,710 --> 01:06:18,480

they say I hope I want it to be this

1697

01:06:24,170 --> 01:06:21,720

or I want it to be that and

1698

01:06:27,470 --> 01:06:24,180

and I'm curious where you think that

1699

01:06:29,510 --> 01:06:27,480

comes from that I want as opposed to I

1700

01:06:32,329 --> 01:06:29,520

don't I'm not so interested to know

1701

01:06:33,470 --> 01:06:32,339

exactly what it is I'm rooting for it to

1702

01:06:35,569 --> 01:06:33,480

be something

1703

01:06:38,510 --> 01:06:35,579

can you talk about that and then pass it

1704

01:06:41,029 --> 01:06:38,520

to Debs yeah that's a good one

1705

01:06:42,829 --> 01:06:41,039

um I mean usually when we say we want it

1706

01:06:44,630 --> 01:06:42,839

means we

1707

01:06:47,089 --> 01:06:44,640

we you know we're trying to control

1708

01:06:48,950 --> 01:06:47,099

something you know in some way you know

1709

01:06:52,910 --> 01:06:48,960

I want I want things to be a certain way

1710

01:06:53,750 --> 01:06:52,920

I want control of a certain situation

1711

01:06:56,750 --> 01:06:53,760

um

1712

01:06:58,789 --> 01:06:56,760

or it's almost a kind of anxiety even

1713

01:07:00,349 --> 01:06:58,799

you know things aren't this way I want

1714

01:07:02,029 --> 01:07:00,359

them to be this way so there's a

1715

01:07:05,150 --> 01:07:02,039

disconnect between how things are and

1716

01:07:07,849 --> 01:07:05,160

how things you know should be

1717

01:07:09,049 --> 01:07:07,859

um so I you know I look at that from the

1718

01:07:11,809 --> 01:07:09,059

standpoint of

1719

01:07:13,970 --> 01:07:11,819

a Clarity of knowing you know I want it

1720

01:07:16,370 --> 01:07:13,980

to be this because that gives me this

1721

01:07:18,410 --> 01:07:16,380

greater Clarity of knowledge

1722

01:07:20,930 --> 01:07:18,420

that I don't have right now

1723

01:07:23,270 --> 01:07:20,940

in in knowledge I feel more comfortable

1724

01:07:26,450 --> 01:07:23,280

you know it it fits within a paradigm

1725

01:07:28,549 --> 01:07:26,460

that I can then navigate if I don't

1726

01:07:31,930 --> 01:07:28,559

understand it if it remains Elusive and

1727

01:07:35,150 --> 01:07:31,940

mysterious then it's outside of my

1728

01:07:37,130 --> 01:07:35,160

capacity you know to really uh be

1729

01:07:38,450 --> 01:07:37,140

comfortable in because I don't know what

1730

01:07:41,390 --> 01:07:38,460

it can do to me I don't know what it's

1731

01:07:44,390 --> 01:07:41,400

capable of you know can can I re reform

1732

01:07:46,670 --> 01:07:44,400

reformat that real quick sure it's it's

1733

01:07:48,410 --> 01:07:46,680

built around and again I'm going to take

1734

01:07:49,670 --> 01:07:48,420

the same question to Deb and then to

1735

01:07:53,750 --> 01:07:49,680

Simeon

1736

01:07:56,510 --> 01:07:53,760

um and and Wes says this is that I want

1737

01:07:58,490 --> 01:07:56,520

it to be an ape like if if you want to

1738

01:08:00,890 --> 01:07:58,500

tell me that I've had this hair tested

1739

01:08:03,770 --> 01:08:00,900

I've had this blood or stool sample test

1740

01:08:05,210 --> 01:08:03,780

we we have a lot of stools of this

1741

01:08:07,849 --> 01:08:05,220

creature

1742

01:08:10,609 --> 01:08:07,859

um and it and that that is part human or

1743

01:08:11,270 --> 01:08:10,619

it's not in genbank ETC

1744

01:08:13,609 --> 01:08:11,280

um

1745

01:08:15,710 --> 01:08:13,619

when they say I want it to be an ape is

1746

01:08:18,530 --> 01:08:15,720

that an elitism where does that come

1747

01:08:20,809 --> 01:08:18,540

from that I want it to be an ape

1748

01:08:22,849 --> 01:08:20,819

it's funny I'm thinking of the opposite

1749

01:08:25,370 --> 01:08:22,859

of I don't think of it as elitism I

1750

01:08:27,530 --> 01:08:25,380

think it's it almost is like I'm looking

1751

01:08:29,630 --> 01:08:27,540

for something that will inspire me is

1752

01:08:31,729 --> 01:08:29,640

what I'm getting from that you know like

1753

01:08:33,410 --> 01:08:31,739

that's what I get from that really

1754

01:08:37,550 --> 01:08:33,420

because I get I get a different feeling

1755

01:08:40,249 --> 01:08:37,560

from that like I think so I I feel like

1756

01:08:42,650 --> 01:08:40,259

I get you know like I I want to believe

1757

01:08:44,990 --> 01:08:42,660

in magic or I want to find the missing

1758

01:08:46,789 --> 01:08:45,000

link or you know something amazing I

1759

01:08:48,829 --> 01:08:46,799

want to be amazed is what I get from

1760

01:08:50,990 --> 01:08:48,839

that I feel like you've never heard Wes

1761

01:08:53,090 --> 01:08:51,000

I think that's why you're not familiar

1762

01:08:55,249 --> 01:08:53,100

with Wes but Nathan is familiar with Wes

1763

01:08:57,229 --> 01:08:55,259

and then pass it to Simeon

1764

01:08:58,669 --> 01:08:57,239

Yeah well yeah I understand what you're

1765

01:09:01,249 --> 01:08:58,679

saying there you know I want it to be an

1766

01:09:03,410 --> 01:09:01,259

ape again I think it's um

1767

01:09:06,410 --> 01:09:03,420

you know someone who says that from my

1768

01:09:08,570 --> 01:09:06,420

perspective is wanting to categorize it

1769

01:09:11,329 --> 01:09:08,580

as another animal

1770

01:09:13,789 --> 01:09:11,339

in this in this old school dichotomy

1771

01:09:17,570 --> 01:09:13,799

animal humans animals you know like it's

1772

01:09:19,370 --> 01:09:17,580

this you know they're not within that if

1773

01:09:21,769 --> 01:09:19,380

they if they're if they become human or

1774

01:09:23,390 --> 01:09:21,779

humanoid or human-like or sentient in

1775

01:09:25,189 --> 01:09:23,400

the way that we understand sentience I

1776

01:09:28,070 --> 01:09:25,199

mean it's funny because a lot of these

1777

01:09:30,769 --> 01:09:28,080

topics really I think expose these

1778

01:09:33,289 --> 01:09:30,779

assumptions that we have held for so

1779

01:09:35,269 --> 01:09:33,299

very long all of us were born into a

1780

01:09:37,729 --> 01:09:35,279

world where these ideas

1781

01:09:39,530 --> 01:09:37,739

have just been so pervasive and we're

1782

01:09:41,570 --> 01:09:39,540

now we're now coming to a place where

1783

01:09:43,490 --> 01:09:41,580

realizing well geez like

1784

01:09:46,370 --> 01:09:43,500

everything that we've we've said before

1785

01:09:49,490 --> 01:09:46,380

isn't sentient conscious or you know any

1786

01:09:51,349 --> 01:09:49,500

on any sort of uh tier that we're on

1787

01:09:53,390 --> 01:09:51,359

well actually a lot of things are are

1788

01:09:55,189 --> 01:09:53,400

operating in a similar tier and have a

1789

01:09:57,770 --> 01:09:55,199

similar kind of intelligence that we

1790

01:10:00,350 --> 01:09:57,780

have and what does that do to the way in

1791

01:10:03,470 --> 01:10:00,360

which we interact with life right if

1792

01:10:05,870 --> 01:10:03,480

we're now saying an octopus has a

1793

01:10:07,850 --> 01:10:05,880

certain specialized intelligence well

1794

01:10:10,130 --> 01:10:07,860

that changes our the way we're going to

1795

01:10:11,510 --> 01:10:10,140

relate with that species at least you

1796

01:10:14,150 --> 01:10:11,520

know you would think that it would from

1797

01:10:16,669 --> 01:10:14,160

an ethical standpoint so you know it it

1798

01:10:18,830 --> 01:10:16,679

makes things way more complicated and we

1799

01:10:21,470 --> 01:10:18,840

really like things to be nice and tidy

1800

01:10:23,570 --> 01:10:21,480

and clean and Humanity everything else

1801  
01:10:25,250 --> 01:10:23,580  
we have dominion over the rest of this

1802  
01:10:27,709 --> 01:10:25,260  
world all these things are old school

1803  
01:10:29,930 --> 01:10:27,719  
Concepts that come from a lot of our

1804  
01:10:31,729 --> 01:10:29,940  
religious mythologies and you know it's

1805  
01:10:34,610 --> 01:10:31,739  
I think it's an interesting time and and

1806  
01:10:36,830 --> 01:10:34,620  
these subjects really do kind of open

1807  
01:10:39,110 --> 01:10:36,840  
this up again and and cause us to

1808  
01:10:41,390 --> 01:10:39,120  
challenge our assumptions

1809  
01:10:44,270 --> 01:10:41,400  
Simeon I'm not invested in what this is

1810  
01:10:45,950 --> 01:10:44,280  
whatever that those DNA samples say is

1811  
01:10:47,810 --> 01:10:45,960  
not going to make me feel either better

1812  
01:10:50,870 --> 01:10:47,820  
or worse

1813  
01:10:53,990 --> 01:10:50,880

it that overused phrase it is what it is

1814

01:10:56,090 --> 01:10:54,000

actually is apropos in this situation oh

1815

01:10:59,030 --> 01:10:56,100

yeah but go ahead your your thoughts sir

1816

01:11:01,729 --> 01:10:59,040

on uh well I really want it to be an ape

1817

01:11:03,770 --> 01:11:01,739

when you hear that

1818

01:11:05,209 --> 01:11:03,780

yeah that we've all you know just as

1819

01:11:07,610 --> 01:11:05,219

Nathan is saying we've all been brought

1820

01:11:10,310 --> 01:11:07,620

up to believe we're the top dog on the

1821

01:11:11,990 --> 01:11:10,320

planet you know we're the height of some

1822

01:11:14,630 --> 01:11:12,000

creators creation

1823

01:11:16,070 --> 01:11:14,640

we're As Good As It Gets and and we've

1824

01:11:17,990 --> 01:11:16,080

all been taught this by our religions

1825

01:11:20,630 --> 01:11:18,000

and our science that we're the apex

1826

01:11:21,649 --> 01:11:20,640

predator whatever we've been taught it's

1827

01:11:24,770 --> 01:11:21,659

not true

1828

01:11:26,689 --> 01:11:24,780

okay and it's very hard for our

1829

01:11:28,310 --> 01:11:26,699

Collective ego to accept that there's

1830

01:11:31,310 --> 01:11:28,320

other species out there that are

1831

01:11:33,530 --> 01:11:31,320

superior to us in in many ways in terms

1832

01:11:35,209 --> 01:11:33,540

of specific abilities we all have a

1833

01:11:37,010 --> 01:11:35,219

sense of security or insecurity from

1834

01:11:39,950 --> 01:11:37,020

being part of a society

1835

01:11:42,649 --> 01:11:39,960

anywhere on the planet and this totally

1836

01:11:44,689 --> 01:11:42,659

challenges the very fundamentals of what

1837

01:11:46,790 --> 01:11:44,699

we think of as Society

1838

01:11:48,590 --> 01:11:46,800

and some people find that very

1839

01:11:50,930 --> 01:11:48,600

threatening so the easiest way to deal

1840

01:11:52,070 --> 01:11:50,940

with is to deny it say it was a weather

1841

01:11:56,450 --> 01:11:52,080

balloon

1842

01:11:59,930 --> 01:11:56,460

or it was you know it was a flying piece

1843

01:12:02,570 --> 01:11:59,940

it's made by Lockheed man it's made yeah

1844

01:12:04,490 --> 01:12:02,580

it's that's the easiest way for the

1845

01:12:08,390 --> 01:12:04,500

collective ego to deal with all this is

1846

01:12:11,450 --> 01:12:08,400

to either deny it or denigrate the

1847

01:12:13,370 --> 01:12:11,460

witnesses or then if it is you can't

1848

01:12:15,950 --> 01:12:13,380

then you got some photos like Patterson

1849

01:12:19,550 --> 01:12:15,960

gimlin but you could say well assistant

1850

01:12:22,390 --> 01:12:19,560

ape but it isn't uh it's not what the

1851

01:12:24,770 --> 01:12:22,400

Witnesses are describing and it's very

1852

01:12:26,750 --> 01:12:24,780

professionals especially are very

1853

01:12:28,370 --> 01:12:26,760

comfortable in their status in society

1854

01:12:30,830 --> 01:12:28,380

nobody wants to admit they don't know

1855

01:12:32,450 --> 01:12:30,840

what's going on but what we learn in RV

1856

01:12:33,770 --> 01:12:32,460

is you need to suspend your sense of

1857

01:12:36,350 --> 01:12:33,780

judgment while you're doing your session

1858

01:12:39,410 --> 01:12:36,360

until you get your feedback at the end

1859

01:12:42,050 --> 01:12:39,420

and that's what RV's greatest you know

1860

01:12:44,209 --> 01:12:42,060

benefit to people is is that it teaches

1861

01:12:45,770 --> 01:12:44,219

you to suspend judgment for 10 minutes

1862

01:12:47,930 --> 01:12:45,780

20 minutes an hour however long your

1863

01:12:50,450 --> 01:12:47,940

session is we have to do that with some

1864

01:12:52,850 --> 01:12:50,460

of these topics until we have more data

1865

01:12:54,290 --> 01:12:52,860

we don't have enough information yet to

1866

01:12:56,330 --> 01:12:54,300

know exactly what we're dealing with

1867

01:12:59,030 --> 01:12:56,340

somebody has it we know the National

1868

01:13:01,130 --> 01:12:59,040

Forest Service various versions of the

1869

01:13:04,610 --> 01:13:01,140

Departments within the forest of regions

1870

01:13:07,370 --> 01:13:04,620

have Sasquatch reporting forms and I am

1871

01:13:09,410 --> 01:13:07,380

sure yes it's in the flash of beauty

1872

01:13:10,790 --> 01:13:09,420

there's some display that the Sasquatch

1873

01:13:13,370 --> 01:13:10,800

Outpost in Daily

1874

01:13:15,970 --> 01:13:13,380

uh photos of Sasquatch reporting forms

1875

01:13:18,649 --> 01:13:15,980

I'm sure Dave has talked about this

1876

01:13:20,450 --> 01:13:18,659

uh spaced out radio showing these

1877

01:13:21,530 --> 01:13:20,460

sometimes no I've seen the forms and

1878

01:13:24,110 --> 01:13:21,540

people who've worked there have taken

1879

01:13:26,149 --> 01:13:24,120

pictures and even says at the bottom uh

1880

01:13:29,149 --> 01:13:26,159

joke reports will not be put into the

1881

01:13:30,649 --> 01:13:29,159

database so I mean they're serious so

1882

01:13:31,910 --> 01:13:30,659

they why don't you know there's

1883

01:13:33,550 --> 01:13:31,920

something dysfunctional about our

1884

01:13:35,810 --> 01:13:33,560

society we're not dealing with reality

1885

01:13:37,669 --> 01:13:35,820

it's our system

1886

01:13:38,390 --> 01:13:37,679

we just don't want to admit we're out of

1887

01:13:41,570 --> 01:13:38,400

control

1888

01:13:44,450 --> 01:13:41,580

and what when you meet this creature out

1889

01:13:46,610 --> 01:13:44,460

in the woods it doesn't matter what

1890

01:13:49,729 --> 01:13:46,620

you've got with you

1891

01:13:50,990 --> 01:13:49,739

you're you know you're most Fearless

1892

01:13:52,850 --> 01:13:51,000

hunting dog

1893

01:13:56,570 --> 01:13:52,860

your biggest weapon it doesn't matter

1894

01:14:00,229 --> 01:13:56,580

it's you're gonna feel really afraid

1895

01:14:03,530 --> 01:14:00,239

your dog is going to run away or cower

1896

01:14:05,209 --> 01:14:03,540

between you and your other person and

1897

01:14:06,890 --> 01:14:05,219

you're you're going to be trembling so

1898

01:14:08,030 --> 01:14:06,900

much you wouldn't even be able to aim

1899

01:14:11,810 --> 01:14:08,040

that gun

1900

01:14:13,850 --> 01:14:11,820

even if you wanted to take a shot uh in

1901

01:14:15,890 --> 01:14:13,860

many cases it just seems to disappear in

1902

01:14:17,870 --> 01:14:15,900

a flash of light or something when you

1903

01:14:19,130 --> 01:14:17,880

do people but people say they're

1904

01:14:21,050 --> 01:14:19,140

trembling so much they couldn't even

1905

01:14:23,810 --> 01:14:21,060

entertain the thought of lifting the

1906

01:14:25,250 --> 01:14:23,820

weapon up I mean it's so humbling to be

1907

01:14:26,570 --> 01:14:25,260

around something like this I'm not

1908

01:14:28,430 --> 01:14:26,580

recommending people do that I'm saying

1909

01:14:30,890 --> 01:14:28,440

some people have this fear reaction and

1910

01:14:32,270 --> 01:14:30,900

they feel that somehow a firearm is

1911

01:14:34,729 --> 01:14:32,280

going to protect him and then they

1912

01:14:38,689 --> 01:14:34,739

realize this is too big too fast

1913

01:14:40,130 --> 01:14:38,699

and so the way we deal with things that

1914

01:14:41,990 --> 01:14:40,140

are frightening like that is to sort of

1915

01:14:43,610 --> 01:14:42,000

put them down and sometimes it can

1916

01:14:45,770 --> 01:14:43,620

become racism you know it's just to put

1917

01:14:48,410 --> 01:14:45,780

down things people that are different

1918

01:14:50,270 --> 01:14:48,420

from us cultures it's a negative quality

1919

01:14:52,070 --> 01:14:50,280

we've had as humans but I think we need

1920

01:14:54,410 --> 01:14:52,080

to take a broader approach here we have

1921

01:14:56,510 --> 01:14:54,420

enough Witnesses if we can have openness

1922

01:14:58,430 --> 01:14:56,520

about UFOs UAP like we're starting to

1923

01:14:59,750 --> 01:14:58,440

have thanks to the work of people who've

1924

01:15:02,270 --> 01:14:59,760

been in the government to decide like

1925

01:15:04,550 --> 01:15:02,280

enough is enough and the Navy Pilots we

1926

01:15:07,250 --> 01:15:04,560

can do this with Cryptids too it's not

1927

01:15:09,950 --> 01:15:07,260

the end of us to admit that these

1928

01:15:12,649 --> 01:15:09,960

uh entities exist and I think we should

1929

01:15:15,110 --> 01:15:12,659

have a intelligent way of dealing with

1930

01:15:16,729 --> 01:15:15,120

this and talking about it and giving

1931

01:15:19,130 --> 01:15:16,739

people advice what to do if you

1932

01:15:21,770 --> 01:15:19,140

encounter these rather than just

1933

01:15:24,950 --> 01:15:21,780

maintaining a cone of silence doesn't

1934

01:15:27,470 --> 01:15:24,960

get smart you know where you just have

1935

01:15:29,149 --> 01:15:27,480

the tone of Silence it doesn't you know

1936

01:15:32,810 --> 01:15:29,159

we don't know what's totally going on

1937

01:15:34,370 --> 01:15:32,820

with this object and we we need to know

1938

01:15:36,110 --> 01:15:34,380

are people disappearing out there

1939

01:15:37,610 --> 01:15:36,120

because of these scripted I don't have

1940

01:15:39,229 --> 01:15:37,620

the evidence of that directly but some

1941

01:15:40,490 --> 01:15:39,239

of these encounters seem kind of hostile

1942

01:15:42,830 --> 01:15:40,500

from time to time

1943

01:15:44,270 --> 01:15:42,840

and there are the Sasquatch getting

1944

01:15:46,370 --> 01:15:44,280

tired of some of these people and say

1945

01:15:48,169 --> 01:15:46,380

okay you're out of here I don't know I

1946

01:15:50,209 --> 01:15:48,179

don't have evidence but we do have

1947

01:15:53,209 --> 01:15:50,219

people disappearing in national parks

1948

01:15:55,130 --> 01:15:53,219

and we know about that subject so is

1949

01:15:56,990 --> 01:15:55,140

this related or not I don't know for

1950

01:15:59,090 --> 01:15:57,000

certain but I think we should have an

1951

01:16:02,450 --> 01:15:59,100

answer it's the same thing you know

1952

01:16:03,950 --> 01:16:02,460

Terry Lovelace in the Devil's Den when I

1953

01:16:06,229 --> 01:16:03,960

was talking with him before publishing

1954

01:16:07,850 --> 01:16:06,239

Dark Matter monsters and he told me to

1955

01:16:09,050 --> 01:16:07,860

put this in the book with his name he

1956

01:16:11,030 --> 01:16:09,060

said he had gotten a call from

1957

01:16:12,410 --> 01:16:11,040

Department Homeland Security and they

1958

01:16:14,149 --> 01:16:12,420

wanted to hear about his incident

1959

01:16:15,410 --> 01:16:14,159

Devil's Den encounter with Toby the

1960

01:16:18,649 --> 01:16:15,420

other medic that was out with him that

1961

01:16:19,550 --> 01:16:18,659

weekend in Arkansas and after he said

1962

01:16:20,990 --> 01:16:19,560

they could have read the book but they

1963

01:16:23,090 --> 01:16:21,000

wanted to hear from him they said well

1964

01:16:25,790 --> 01:16:23,100

we're doing a criminal investigation on

1965

01:16:28,370 --> 01:16:25,800

these sorts of events on abductions

1966

01:16:29,750 --> 01:16:28,380

and Terry said I didn't know the US

1967

01:16:31,130 --> 01:16:29,760

government had jurisdiction over

1968

01:16:33,950 --> 01:16:31,140

extraterrestrials

1969

01:16:36,830 --> 01:16:33,960

and he said there was a silence

1970

01:16:39,410 --> 01:16:36,840

on the other end of the phone there was

1971

01:16:40,850 --> 01:16:39,420

no answer so they don't know what's

1972

01:16:43,550 --> 01:16:40,860

going on either they're not going to

1973

01:16:45,050 --> 01:16:43,560

admit that to the American public but I

1974

01:16:48,169 --> 01:16:45,060

mean we're not kids anymore we're

1975

01:16:49,669 --> 01:16:48,179

talking about this with UAP UFO we

1976

01:16:53,030 --> 01:16:49,679

should have a discussion of what's going

1977

01:16:54,530 --> 01:16:53,040

on a data I'm a data guy I mean how many

1978

01:16:56,410 --> 01:16:54,540

sightings are there how many encounters

1979

01:16:59,630 --> 01:16:56,420

people should get

1980

01:17:01,490 --> 01:16:59,640

you know a positive response from coming

1981

01:17:04,250 --> 01:17:01,500

from word with Derek we shouldn't have

1982

01:17:05,390 --> 01:17:04,260

people moving people are moving from

1983

01:17:07,370 --> 01:17:05,400

their homes when they have these

1984

01:17:09,169 --> 01:17:07,380

Sasquatch encounters as a friend I was

1985

01:17:10,550 --> 01:17:09,179

just telling you they sold that place in

1986

01:17:12,830 --> 01:17:10,560

Arizona because they didn't want to deal

1987

01:17:14,810 --> 01:17:12,840

with it anymore and you read about this

1988

01:17:16,070 --> 01:17:14,820

in these encounters people said I didn't

1989

01:17:18,890 --> 01:17:16,080

sign up for this when I bought the

1990

01:17:21,470 --> 01:17:18,900

property and they moved and I think

1991

01:17:24,709 --> 01:17:21,480

I mean I've heard of some that were

1992

01:17:26,990 --> 01:17:24,719

quite violent uh because uh reportedly

1993

01:17:30,169 --> 01:17:27,000

the prior property owner had shot and

1994

01:17:32,450 --> 01:17:30,179

killed one okay and uh the and the

1995

01:17:34,750 --> 01:17:32,460

family uh the family that was left of

1996

01:17:37,790 --> 01:17:34,760

that's a squash absolutely

1997

01:17:40,729 --> 01:17:37,800

so one good investigator said you bought

1998

01:17:42,950 --> 01:17:40,739

that property really really cheap my

1999

01:17:44,870 --> 01:17:42,960

recommendation to you after researching

2000

01:17:46,189 --> 01:17:44,880

is you sell it really really cheap and

2001

01:17:48,830 --> 01:17:46,199

get out of there

2002

01:17:52,490 --> 01:17:48,840

um yeah yeah and we don't we have about

2003

01:17:55,430 --> 01:17:52,500

12 minutes left Nathan is up and Simeon

2004

01:17:58,570 --> 01:17:55,440

has to get his guitar but yeah go ahead

2005

01:18:03,110 --> 01:18:00,709

can't wait to hear it

2006

01:18:04,130 --> 01:18:03,120

um so I I guess the question comes to my

2007

01:18:05,930 --> 01:18:04,140

mind

2008

01:18:07,669 --> 01:18:05,940

thinking about dark matter or dark

2009

01:18:09,050 --> 01:18:07,679

energy these percentages that we've

2010

01:18:12,470 --> 01:18:09,060

talked about

2011

01:18:14,390 --> 01:18:12,480

are are humans the beings that are

2012

01:18:16,270 --> 01:18:14,400

really the rare types of life you know

2013

01:18:18,590 --> 01:18:16,280

are we

2014

01:18:21,169 --> 01:18:18,600

restricted from interacting with the

2015

01:18:23,689 --> 01:18:21,179

broader sort of span of life

2016

01:18:26,270 --> 01:18:23,699

for a reason you know do you think that

2017

01:18:29,810 --> 01:18:26,280

there's a reason why we live in this

2018

01:18:31,390 --> 01:18:29,820

tiny little reality bubble and and these

2019

01:18:35,030 --> 01:18:31,400

things seem to have

2020

01:18:40,310 --> 01:18:35,040

uh compare the capability to access the

2021

01:18:44,950 --> 01:18:42,709

I mean we're in a show like this right

2022

01:18:47,209 --> 01:18:44,960

now just shows that we're ready to

2023

01:18:48,890 --> 01:18:47,219

have a broader discussion right now it's

2024

01:18:51,169 --> 01:18:48,900

just for this particular audience and

2025

01:18:54,470 --> 01:18:51,179

people that enjoy this genre of

2026

01:18:56,810 --> 01:18:54,480

podcasting and live streaming but it

2027

01:18:58,850 --> 01:18:56,820

could get you know the rest of society

2028

01:19:01,570 --> 01:18:58,860

could catch on and we see this on new

2029

01:19:05,090 --> 01:19:01,580

shows now people are talking about

2030

01:19:07,850 --> 01:19:05,100

UFOs and UAP topics all the time and it

2031

01:19:10,010 --> 01:19:07,860

comes up in newspapers and things and

2032

01:19:12,169 --> 01:19:10,020

I think it's mainly us that's imposing

2033

01:19:13,729 --> 01:19:12,179

this on ourselves we just have to decide

2034

01:19:15,770 --> 01:19:13,739

we want to grow up we don't want to be

2035

01:19:18,410 --> 01:19:15,780

little kids of the universe anymore I

2036

01:19:20,510 --> 01:19:18,420

think we're special as who we are for

2037

01:19:24,110 --> 01:19:20,520

you know the way we are on the earth and

2038

01:19:25,250 --> 01:19:24,120

uh I think we have a special you know I

2039

01:19:27,470 --> 01:19:25,260

don't think there's anyone else quite

2040

01:19:29,810 --> 01:19:27,480

like us around that I know about

2041

01:19:31,550 --> 01:19:29,820

but I don't think we have to be in this

2042

01:19:33,649 --> 01:19:31,560

bubble I think we could be interacting

2043

01:19:35,390 --> 01:19:33,659

with other extraterrestrial species we

2044

01:19:37,850 --> 01:19:35,400

could be interacting with the Cryptids

2045

01:19:39,110 --> 01:19:37,860

it's mainly a thing you know as long as

2046

01:19:40,729 --> 01:19:39,120

we're shooting at them I doubt we're

2047

01:19:43,370 --> 01:19:40,739

going to have a good relationship

2048

01:19:45,470 --> 01:19:43,380

with the ETS people would do the same

2049

01:19:47,030 --> 01:19:45,480

thing with ETS probably if they land in

2050

01:19:48,110 --> 01:19:47,040

your backyard in a lot of places right

2051

01:19:49,370 --> 01:19:48,120

so they don't

2052

01:19:50,810 --> 01:19:49,380

you know when they're in physical form

2053

01:19:53,330 --> 01:19:50,820

they probably don't want to have a lot

2054

01:19:54,830 --> 01:19:53,340

of Buckshot coming at them and I don't

2055

01:19:57,169 --> 01:19:54,840

think the Cryptids appreciate that

2056

01:19:59,510 --> 01:19:57,179

either so

2057

01:20:01,729 --> 01:19:59,520

I think it takes both sides we have to

2058

01:20:03,770 --> 01:20:01,739

be more open to it but I think the first

2059

01:20:05,390 --> 01:20:03,780

step is to remove the censorship within

2060

01:20:07,250 --> 01:20:05,400

our own society and start having open

2061

01:20:08,930 --> 01:20:07,260

discussion and hearing from people

2062

01:20:11,330 --> 01:20:08,940

who've had these encounters I'm getting

2063

01:20:13,729 --> 01:20:11,340

contacted a lot every day now by people

2064

01:20:15,709 --> 01:20:13,739

because I've you know wrote Dark Matter

2065

01:20:17,330 --> 01:20:15,719

monsters I've been on podcasts recently

2066

01:20:19,970 --> 01:20:17,340

in shows and people say I want to share

2067

01:20:22,490 --> 01:20:19,980

my experience with you and um it's

2068

01:20:23,930 --> 01:20:22,500

fascinating I mean we don't haven't

2069

01:20:26,090 --> 01:20:23,940

heard from these people before who again

2070

01:20:28,490 --> 01:20:26,100

who do they talk to about this if you

2071

01:20:29,270 --> 01:20:28,500

call law enforcement they'll say you saw

2072

01:20:32,510 --> 01:20:29,280

a bear

2073

01:20:34,189 --> 01:20:32,520

right yes they will fit anywhere and

2074

01:20:36,410 --> 01:20:34,199

sometimes these cops are really afraid

2075

01:20:38,510 --> 01:20:36,420

to deal with Cryptids they don't know

2076

01:20:40,250 --> 01:20:38,520

what they are either and they don't

2077

01:20:41,810 --> 01:20:40,260

particularly like feeling that powerless

2078

01:20:45,110 --> 01:20:41,820

feeling that you could feel around them

2079

01:20:48,110 --> 01:20:45,120

something so big and so powerful and

2080

01:20:50,090 --> 01:20:48,120

unknown so there's it's like we're

2081

01:20:52,010 --> 01:20:50,100

undeveloped for this territory but I

2082

01:20:52,910 --> 01:20:52,020

think we have each other we have shows

2083

01:20:55,550 --> 01:20:52,920

like this

2084

01:20:58,010 --> 01:20:55,560

and we're talking about it and I just

2085

01:21:01,490 --> 01:20:58,020

think it's going to grow and we we need

2086

01:21:03,229 --> 01:21:01,500

to officially recognize that this exists

2087

01:21:05,689 --> 01:21:03,239

and find out what does the government

2088

01:21:07,130 --> 01:21:05,699

know what does science know we can't

2089

01:21:10,130 --> 01:21:07,140

just I keep having everything in special

2090

01:21:13,070 --> 01:21:10,140

access programs I mean uh we know this

2091

01:21:15,410 --> 01:21:13,080

has to end within the UFO area for US

2092

01:21:17,510 --> 01:21:15,420

Congress may have to subpoena people to

2093

01:21:20,030 --> 01:21:17,520

find out we've heard about the Wilson

2094

01:21:23,090 --> 01:21:20,040

Davis notes and so forth I mean how much

2095

01:21:25,070 --> 01:21:23,100

of this is in in special access programs

2096

01:21:26,930 --> 01:21:25,080

and we're not having we can't do this

2097

01:21:29,510 --> 01:21:26,940

without public discussion the system

2098

01:21:31,550 --> 01:21:29,520

does not work so we have to have this

2099

01:21:33,530 --> 01:21:31,560

the place to start us to talk about it

2100

01:21:35,570 --> 01:21:33,540

openly get more and you've had people

2101  
01:21:37,189 --> 01:21:35,580  
like this on the show people who've been

2102  
01:21:39,649 --> 01:21:37,199  
in the government who say okay look this

2103  
01:21:42,770 --> 01:21:39,659  
is what's really going on

2104  
01:21:45,649 --> 01:21:42,780  
uh I was at the citizen Hearing in 2013

2105  
01:21:48,649 --> 01:21:45,659  
in in the National Press Club in DC and

2106  
01:21:52,310 --> 01:21:48,659  
you know they had retired congressmen

2107  
01:21:53,570 --> 01:21:52,320  
uh and retired tired Congress people and

2108  
01:21:55,970 --> 01:21:53,580  
one senator

2109  
01:21:57,770 --> 01:21:55,980  
uh and the reason they're all retired

2110  
01:22:00,770 --> 01:21:57,780  
they couldn't get any sitting Congress

2111  
01:22:02,630 --> 01:22:00,780  
people or Senators to attend they could

2112  
01:22:04,550 --> 01:22:02,640  
only find retired ones and had to pay

2113  
01:22:06,110 --> 01:22:04,560

them this is why they paid them because

2114

01:22:08,229 --> 01:22:06,120

they couldn't get anyone who was sitting

2115

01:22:11,870 --> 01:22:08,239

because everyone thought like they told

2116

01:22:13,250 --> 01:22:11,880

uh Harry Reid like his staff you saw

2117

01:22:14,990 --> 01:22:13,260

those interviews with him he said my

2118

01:22:16,850 --> 01:22:15,000

staff said Harry this might be bad for

2119

01:22:19,189 --> 01:22:16,860

your career to talk and he said I don't

2120

01:22:20,810 --> 01:22:19,199

care okay I'm gonna talk because that's

2121

01:22:24,729 --> 01:22:20,820

the type of guy he was like him or not

2122

01:22:27,290 --> 01:22:24,739

he was fired and eligible baby

2123

01:22:28,370 --> 01:22:27,300

and that's what Bigelow said to him and

2124

01:22:31,010 --> 01:22:28,380

they asked him on the 60-minute review

2125

01:22:32,209 --> 01:22:31,020

what that would he said I don't care I

2126  
01:22:34,130 --> 01:22:32,219  
think he would use stronger language

2127  
01:22:36,169 --> 01:22:34,140  
than that we need to get that attitude

2128  
01:22:39,050 --> 01:22:36,179  
for more people to stop people are

2129  
01:22:40,970 --> 01:22:39,060  
protecting their careers thinking about

2130  
01:22:42,950 --> 01:22:40,980  
the whole you know the rest of their

2131  
01:22:44,630 --> 01:22:42,960  
life from their they we need people to

2132  
01:22:47,149 --> 01:22:44,640  
tell the truth about this you know she

2133  
01:22:49,070 --> 01:22:47,159  
can't be a few of us I agree with you

2134  
01:22:50,390 --> 01:22:49,080  
and I also agree with Dave Scott's

2135  
01:22:52,490 --> 01:22:50,400  
position

2136  
01:22:54,290 --> 01:22:52,500  
um he he used the exact it's really

2137  
01:22:55,669 --> 01:22:54,300  
weird it's almost like I'm connected

2138  
01:22:57,770 --> 01:22:55,679

with Dave Scott he used the same

2139

01:23:00,709 --> 01:22:57,780

analogies with me as I used to back

2140

01:23:02,990 --> 01:23:00,719

coveted toilet paper and I think where

2141

01:23:05,090 --> 01:23:03,000

somewhere the truth is somewhere in the

2142

01:23:06,770 --> 01:23:05,100

middle I I I don't think we're

2143

01:23:09,110 --> 01:23:06,780

representative of everybody but

2144

01:23:11,930 --> 01:23:09,120

nonetheless I think you should if you

2145

01:23:13,070 --> 01:23:11,940

can bring out your ax and let's see if

2146

01:23:15,110 --> 01:23:13,080

we can guys hold on a second I'm going

2147

01:23:16,850 --> 01:23:15,120

to set up on the hood okay this is this

2148

01:23:19,130 --> 01:23:16,860

would be a great music video at a truck

2149

01:23:21,350 --> 01:23:19,140

stop setup yeah let me see if we can

2150

01:23:23,290 --> 01:23:21,360

make this work you could sing I love you

2151

01:23:25,610 --> 01:23:23,300

just the way you are to the

2152

01:23:27,470 --> 01:23:25,620

Etsy let's see let's see if we can do

2153

01:23:29,990 --> 01:23:27,480

this all right one second I'm gonna set

2154

01:23:31,610 --> 01:23:30,000

up all right this screen's gonna look

2155

01:23:35,149 --> 01:23:31,620

forward I'm gonna put the iPad on the

2156

01:23:37,370 --> 01:23:35,159

hood yep uh I mean and we're gonna set

2157

01:23:38,930 --> 01:23:37,380

up and see if we got the right angle

2158

01:23:41,810 --> 01:23:38,940

here it's gonna look a little dark

2159

01:23:45,229 --> 01:23:41,820

because I'm at the edge of a truck stop

2160

01:23:45,890 --> 01:23:45,239

here in Laramie one moment gonna get the

2161

01:23:48,229 --> 01:23:45,900

guitar

2162

01:23:49,930 --> 01:23:48,239

love it and Laramie that what this is a

2163

01:23:53,750 --> 01:23:49,940

special moment on calling all beings

2164

01:23:55,910 --> 01:23:53,760

live music Nathan live performance I was

2165

01:23:57,770 --> 01:23:55,920

glad that I was just going to say I was

2166

01:24:01,189 --> 01:23:57,780

glad we talked about

2167

01:24:03,169 --> 01:24:01,199

um the sociology aspect because I think

2168

01:24:05,649 --> 01:24:03,179

that's something that we're all trying

2169

01:24:08,570 --> 01:24:05,659

to Grapple with like how to help Society

2170

01:24:11,750 --> 01:24:08,580

accept the fact that we may not

2171

01:24:14,149 --> 01:24:11,760

understand our realities

2172

01:24:16,370 --> 01:24:14,159

so I'm glad that we have touched on some

2173

01:24:18,410 --> 01:24:16,380

possible solutions today

2174

01:24:20,930 --> 01:24:18,420

yeah it's really tough I mean the the

2175

01:24:23,689 --> 01:24:20,940

gap for me seems quite large

2176

01:24:26,330 --> 01:24:23,699

um you know just just getting the

2177

01:24:28,910 --> 01:24:26,340

initial admission that we have UFOs and

2178

01:24:30,950 --> 01:24:28,920

we might be studying them that's huge in

2179

01:24:32,270 --> 01:24:30,960

and of itself to then get us from there

2180

01:24:34,070 --> 01:24:32,280

to

2181

01:24:36,050 --> 01:24:34,080

all of these other

2182

01:24:37,669 --> 01:24:36,060

phenomenal experiences I mean it's it's

2183

01:24:39,950 --> 01:24:37,679

quite a lot of ground to cover I don't

2184

01:24:41,689 --> 01:24:39,960

know how that's going to happen very

2185

01:24:44,209 --> 01:24:41,699

soon most of America doesn't know that

2186

01:24:46,310 --> 01:24:44,219

yet doesn't know that that it's in our

2187

01:24:48,169 --> 01:24:46,320

nda they're not reading it like Dan

2188

01:24:49,910 --> 01:24:48,179

zetterstrom of course and and and

2189

01:24:52,910 --> 01:24:49,920

internal and they don't even know that

2190

01:24:55,010 --> 01:24:52,920

it's a thing and also a thing I was

2191

01:24:59,330 --> 01:24:55,020

going to bring up with you Nathan and

2192

01:25:03,229 --> 01:24:59,340

Deb is what I love is very interesting

2193

01:25:07,490 --> 01:25:03,239

is people use this word they say I don't

2194

01:25:09,950 --> 01:25:07,500

know if I believe in UFOs I don't know

2195

01:25:13,070 --> 01:25:09,960

if I believe in Bigfoot

2196

01:25:15,169 --> 01:25:13,080

and those that

2197

01:25:18,649 --> 01:25:15,179

phraseology was something we would use

2198

01:25:21,050 --> 01:25:18,659

for God or something believe in it's

2199

01:25:24,590 --> 01:25:21,060

like nobody's asking you to believe in

2200

01:25:28,370 --> 01:25:24,600

UFOs or believe in you're not worshipping

2201  
01:25:29,689 --> 01:25:28,380  
Bigfoot right or worshipping UFOs in this

2202  
01:25:32,990 --> 01:25:29,699  
case

2203  
01:25:35,750 --> 01:25:33,000  
we're just saying this exists not as

2204  
01:25:38,270 --> 01:25:35,760  
saying ah you need to believe in this

2205  
01:25:41,450 --> 01:25:38,280  
right yeah that's a great point

2206  
01:25:46,510 --> 01:25:41,460  
all right it's a weird thing all right

2207  
01:25:51,470 --> 01:25:49,490  
Dr Simeon Hind

2208  
01:25:53,110 --> 01:25:51,480  
can you can you hear anything that

2209  
01:25:58,750 --> 01:25:53,120  
sounds great

2210  
01:26:01,850 --> 01:25:58,760  
[Music]

2211  
01:26:04,250 --> 01:26:01,860  
can you see enough yeah a little ditty

2212  
01:26:05,930 --> 01:26:04,260  
about Jack and Diane wait a second let

2213  
01:26:08,330 --> 01:26:05,940

me get the light I think I can get the

2214

01:26:10,250 --> 01:26:08,340

spotlight on I gotta I got a flashlight

2215

01:26:12,649 --> 01:26:10,260

and Spotlight just a little bit the

2216

01:26:14,750 --> 01:26:12,659

commitment one second one second we

2217

01:26:15,669 --> 01:26:14,760

gotta get this we got to get this right

2218

01:26:20,030 --> 01:26:15,679

guys

2219

01:26:22,729 --> 01:26:20,040

and this will be like a little bit of

2220

01:26:24,950 --> 01:26:22,739

YouTube history here because we're gonna

2221

01:26:28,550 --> 01:26:24,960

we're going to get some light so that

2222

01:26:30,410 --> 01:26:28,560

you can actually see nice

2223

01:26:33,230 --> 01:26:30,420

the guitar

2224

01:26:35,950 --> 01:26:33,240

yes live on guitar baby

2225

01:26:37,750 --> 01:26:35,960

[Music]

2226

01:26:42,290 --> 01:26:37,760

yes

2227

01:26:45,530 --> 01:26:42,300

this is uh this is Spanish two-step by

2228

01:26:48,649 --> 01:26:45,540

John Fahey John Fahey was this American

2229

01:26:50,450 --> 01:26:48,659

finger picking guitarist he had a style

2230

01:26:52,910 --> 01:26:50,460

called American Primitive he inspired

2231

01:26:54,790 --> 01:26:52,920

Leo cocky and people like that who do

2232

01:26:58,200 --> 01:26:54,800

finger picking that's a style

2233

01:27:02,320 --> 01:26:58,210

I learned this is Spanish two-step

2234

01:27:02,330 --> 01:27:06,050

[Music]

2235

01:27:27,110 --> 01:27:06,840

oh

2236

01:27:28,410 --> 01:27:27,120

[Music]

2237

01:27:46,160 --> 01:27:28,420

really

2238

01:27:48,890 --> 01:27:48,640

[Music]

2239

01:27:50,510 --> 01:27:48,900

[Applause]

2240

01:27:52,620 --> 01:27:50,520

[Music]

2241

01:28:23,590 --> 01:27:52,630

foreign

2242

01:28:26,030 --> 01:28:23,600

[Music]

2243

01:28:27,649 --> 01:28:26,040

[Applause]

2244

01:28:28,570 --> 01:28:27,659

where are you

2245

01:28:33,770 --> 01:28:28,580

guys

2246

01:28:36,550 --> 01:28:33,780

Dr Simeon Hein playing live I'm calling

2247

01:28:39,890 --> 01:28:36,560

all beings baby incredible

2248

01:28:42,950 --> 01:28:39,900

that was so beautiful yes

2249

01:28:43,790 --> 01:28:42,960

oh one of the best moments ever on this

2250

01:28:46,370 --> 01:28:43,800

show

2251

01:28:49,370 --> 01:28:46,380

ah thank you absolute highlight yeah

2252

01:28:50,930 --> 01:28:49,380

that was fantastic thank you well can I

2253

01:28:53,570 --> 01:28:50,940

get it amen

2254

01:28:54,530 --> 01:28:53,580

amen thank you for that light sound and

2255

01:28:57,610 --> 01:28:54,540

frequency

2256

01:29:01,250 --> 01:28:57,620

[Music]

2257

01:29:02,990 --> 01:29:01,260

thank you Debs love you oh man that was

2258

01:29:06,169 --> 01:29:03,000

great Dr Hein

2259

01:29:08,689 --> 01:29:06,179

um one question I had yeah

2260

01:29:11,270 --> 01:29:08,699

um I guess uh final question will say

2261

01:29:12,890 --> 01:29:11,280

our goodbyes we're sitting on 9 29

2262

01:29:15,229 --> 01:29:12,900

unless somebody has something burning

2263

01:29:18,110 --> 01:29:15,239

then we can get it in there you've

2264

01:29:20,570 --> 01:29:18,120

spoken to this is a quote from you with

2265

01:29:23,270 --> 01:29:20,580

uh my new friend Dave Scott who I'm

2266

01:29:24,950 --> 01:29:23,280

obviously channeling as we speak

2267

01:29:27,470 --> 01:29:24,960

um you've spoken with individuals

2268

01:29:29,990 --> 01:29:27,480

involved with crash retrieval yeah yeah

2269

01:29:33,890 --> 01:29:30,000

I have I absolutely have

2270

01:29:36,590 --> 01:29:33,900

I had met someone an engineer who's at a

2271

01:29:38,990 --> 01:29:36,600

conference a couple of years ago who was

2272

01:29:40,010 --> 01:29:39,000

one of the top Electronics engineers in

2273

01:29:42,050 --> 01:29:40,020

the country

2274

01:29:44,270 --> 01:29:42,060

and he told me

2275

01:29:46,610 --> 01:29:44,280

flat out he was approached by

2276

01:29:48,590 --> 01:29:46,620

individuals from an unnamed organization

2277

01:29:51,290 --> 01:29:48,600

with a large piece

2278

01:29:53,629 --> 01:29:51,300

he said it was curved it appeared to be

2279

01:29:56,090 --> 01:29:53,639

the hull of a craft based on the

2280

01:29:57,830 --> 01:29:56,100

curvature he thought it was about maybe

2281

01:30:00,110 --> 01:29:57,840

80 feet across

2282

01:30:02,510 --> 01:30:00,120

and they wanted to know how it worked

2283

01:30:04,250 --> 01:30:02,520

and someone like him he would have known

2284

01:30:05,629 --> 01:30:04,260

any Electronics

2285

01:30:07,310 --> 01:30:05,639

he said

2286

01:30:08,810 --> 01:30:07,320

he looked at it under an electron

2287

01:30:10,550 --> 01:30:08,820

scanning microscope he said it was a

2288

01:30:11,570 --> 01:30:10,560

thousand years ahead of anything that we

2289

01:30:16,610 --> 01:30:11,580

have

2290

01:30:19,070 --> 01:30:16,620

mean not even secret NSA stuff is Way

2291

01:30:22,129 --> 01:30:19,080

Beyond and he said it was made of

2292

01:30:23,890 --> 01:30:22,139

isotopes that don't exist in our part of

2293

01:30:26,209 --> 01:30:23,900

the Galaxy

2294

01:30:28,390 --> 01:30:26,219

we don't have the right chemistry here

2295

01:30:31,550 --> 01:30:28,400

to get those isotopes

2296

01:30:33,770 --> 01:30:31,560

variations in how chemical you know

2297

01:30:37,129 --> 01:30:33,780

elements are put together no you said it

2298

01:30:38,750 --> 01:30:37,139

was made with different numbers of uh

2299

01:30:41,570 --> 01:30:38,760

electrons

2300

01:30:43,669 --> 01:30:41,580

again our elements have not neutrons

2301

01:30:45,530 --> 01:30:43,679

which is how we make Isotopes electrons

2302

01:30:46,750 --> 01:30:45,540

and then he said it was made in a zero g

2303

01:30:48,890 --> 01:30:46,760

environment

2304

01:30:51,110 --> 01:30:48,900

and that

2305

01:30:52,970 --> 01:30:51,120

it it had to have been he said he was

2306

01:30:56,570 --> 01:30:52,980

100 certain it was extraterrestrial

2307

01:30:57,709 --> 01:30:56,580

material from a crash retrieval and he

2308

01:31:01,129 --> 01:30:57,719

said

2309

01:31:03,169 --> 01:31:01,139

it's so far beyond what we know he he

2310

01:31:05,270 --> 01:31:03,179

described to me what

2311

01:31:07,729 --> 01:31:05,280

it looked like he said there were these

2312

01:31:09,709 --> 01:31:07,739

very thin wires in it at a nanometer

2313

01:31:11,750 --> 01:31:09,719

scale that would get thicker or thinner

2314

01:31:14,330 --> 01:31:11,760

and occasionally they'd wrap around a

2315

01:31:16,550 --> 01:31:14,340

hexagonal structure and he got from this

2316

01:31:19,970 --> 01:31:16,560

that it was interacting directly with

2317

01:31:22,070 --> 01:31:19,980

the so-called Quantum vacuum the Dirac C

2318

01:31:23,629 --> 01:31:22,080

the kind of the fundamental level of

2319

01:31:26,689 --> 01:31:23,639

reality where there's no particles

2320

01:31:29,390 --> 01:31:26,699

there's just a potential for energy and

2321

01:31:32,209 --> 01:31:29,400

it would actually affect the density of

2322

01:31:35,030 --> 01:31:32,219

space-time its propulsion was affecting

2323

01:31:37,129 --> 01:31:35,040

the density of space-time directly a

2324

01:31:39,530 --> 01:31:37,139

Quantum technology said we don't have it

2325

01:31:41,390 --> 01:31:39,540

and he was Sir and he never wanted to

2326

01:31:44,629 --> 01:31:41,400

talk about even though he gave me his

2327

01:31:46,610 --> 01:31:44,639

email and everything I think based on

2328

01:31:49,189 --> 01:31:46,620

who I hear talking right now

2329

01:31:51,410 --> 01:31:49,199

in the UFO world

2330

01:31:53,629 --> 01:31:51,420

I think he may come forward at some

2331

01:31:56,810 --> 01:31:53,639

point based on what I'm hearing from

2332

01:31:58,790 --> 01:31:56,820

people that I know know him so but his

2333

01:32:00,590 --> 01:31:58,800

name hasn't come public yet and I don't

2334

01:32:03,470 --> 01:32:00,600

want to you know give him a hard time

2335

01:32:06,050 --> 01:32:03,480

you know so I have but I think if people

2336

01:32:08,330 --> 01:32:06,060

like him start coming forward

2337

01:32:09,890 --> 01:32:08,340

uh we're gonna make a lot of progress in

2338

01:32:12,950 --> 01:32:09,900

this area because these are people with

2339

01:32:15,169 --> 01:32:12,960

such a solid reputation it would be a

2340

01:32:17,450 --> 01:32:15,179

total shock but the necessary realize

2341

01:32:20,510 --> 01:32:17,460

it's real that people like this are

2342

01:32:22,430 --> 01:32:20,520

Beyond dispute this is real these things

2343

01:32:24,169 --> 01:32:22,440

come here sometimes they crash maybe

2344

01:32:26,870 --> 01:32:24,179

they're shot down whatever but we have

2345

01:32:28,430 --> 01:32:26,880

pieces of it and uh every once in a

2346

01:32:29,570 --> 01:32:28,440

while I guess it's the government comes

2347

01:32:30,950 --> 01:32:29,580

up brings it out of the basement and

2348

01:32:33,229 --> 01:32:30,960

sees if our

2349

01:32:35,209 --> 01:32:33,239

know-how has come forward enough that we

2350

01:32:38,030 --> 01:32:35,219

could figure out what this is something

2351  
01:32:41,030 --> 01:32:38,040  
like that so yeah no that was true I met

2352  
01:32:43,010 --> 01:32:41,040  
this person and I'm waiting for them to

2353  
01:32:45,050 --> 01:32:43,020  
be in the news I'm just looking every

2354  
01:32:46,430 --> 01:32:45,060  
day of they're going to come forward uh

2355  
01:32:49,010 --> 01:32:46,440  
like we're hearing other people come

2356  
01:32:50,990 --> 01:32:49,020  
forward you've had many guests on the

2357  
01:32:53,050 --> 01:32:51,000  
show recently you know so

2358  
01:32:56,750 --> 01:32:53,060  
I'll tell you um

2359  
01:32:58,430 --> 01:32:56,760  
I'm in the um my work I'm in the

2360  
01:33:01,430 --> 01:32:58,440  
aircraft business and I've talked about

2361  
01:33:03,890 --> 01:33:01,440  
how aircraft are wired up and I ran into

2362  
01:33:05,930 --> 01:33:03,900  
an experimenter who I'm whom I find very

2363  
01:33:07,669 --> 01:33:05,940

credible someone that Julie knows and

2364

01:33:10,550 --> 01:33:07,679

you probably know him as well but I'm

2365

01:33:12,290 --> 01:33:10,560

not gonna say his name here

2366

01:33:13,490 --> 01:33:12,300

um on Twitter anyway I'm not I don't

2367

01:33:15,590 --> 01:33:13,500

know his real name but I wouldn't say

2368

01:33:17,030 --> 01:33:15,600

his Twitter name and he expressed to me

2369

01:33:22,070 --> 01:33:17,040

that

2370

01:33:25,790 --> 01:33:22,080

these crafts were used as wave guides to

2371

01:33:28,490 --> 01:33:25,800

train yeah exactly exactly me knowing

2372

01:33:30,229 --> 01:33:28,500

how aircraft are wired up today and how

2373

01:33:32,570 --> 01:33:30,239

we use wire bundles and things like that

2374

01:33:34,790 --> 01:33:32,580

even you know the space shuttle and and

2375

01:33:38,149 --> 01:33:34,800

probably Dragon X does the exact same

2376

01:33:39,950 --> 01:33:38,159

uses the same wiring methods we do I

2377

01:33:42,729 --> 01:33:39,960

find that really interesting as an

2378

01:33:45,950 --> 01:33:42,739

evolution to the way that information

2379

01:33:48,470 --> 01:33:45,960

and or electrons would flow through a

2380

01:33:49,910 --> 01:33:48,480

craft via the skin being used as a wave

2381

01:33:52,970 --> 01:33:49,920

guide and when you talked about that in

2382

01:33:55,370 --> 01:33:52,980

in reference to crop circles uh

2383

01:33:58,669 --> 01:33:55,380

me you can see there's some commonality

2384

01:34:00,770 --> 01:33:58,679

between all of this yep no no there's

2385

01:34:03,649 --> 01:34:00,780

common ones crop circles to UFOs

2386

01:34:05,810 --> 01:34:03,659

probably even decrypted in some way with

2387

01:34:07,510 --> 01:34:05,820

some aspect of their biology that has

2388

01:34:10,070 --> 01:34:07,520

waveguide like

2389

01:34:12,290 --> 01:34:10,080

potential something like that and we'd

2390

01:34:14,510 --> 01:34:12,300

say well there's something common across

2391

01:34:16,310 --> 01:34:14,520

all these different phenomena so just

2392

01:34:18,410 --> 01:34:16,320

like instruments right wave guides

2393

01:34:20,750 --> 01:34:18,420

standing waves it's all really the same

2394

01:34:22,490 --> 01:34:20,760

it's all really the same thing and it's

2395

01:34:24,709 --> 01:34:22,500

all interacting with dark matter too so

2396

01:34:26,689 --> 01:34:24,719

I I don't want you to put your guitar

2397

01:34:28,970 --> 01:34:26,699

away Dr Hein because I'd like you to

2398

01:34:31,070 --> 01:34:28,980

take us out with music but first we have

2399

01:34:33,169 --> 01:34:31,080

our our goodbyes that we have to say and

2400

01:34:35,030 --> 01:34:33,179

so we'll start with Debs

2401  
01:34:36,830 --> 01:34:35,040  
man I feel like we could have talked for

2402  
01:34:40,070 --> 01:34:36,840  
like 10 more hours you got something

2403  
01:34:41,870 --> 01:34:40,080  
going back again I know you

2404  
01:34:43,970 --> 01:34:41,880  
thank you so much like I had so many

2405  
01:34:45,770 --> 01:34:43,980  
more questions and I really hope that

2406  
01:34:47,930 --> 01:34:45,780  
you know you know you come visit me

2407  
01:34:51,169 --> 01:34:47,940  
through rving anytime we can chat that

2408  
01:34:53,149 --> 01:34:51,179  
way if you like but in the meantime you

2409  
01:34:55,129 --> 01:34:53,159  
know please come back so we can get to

2410  
01:34:56,990 --> 01:34:55,139  
some of those other topics thank you so

2411  
01:34:58,550 --> 01:34:57,000  
much yes sir thank you guys thanks

2412  
01:35:01,129 --> 01:34:58,560  
everyone for listening

2413  
01:35:03,590 --> 01:35:01,139

keep on asking questions it's only going

2414

01:35:05,149 --> 01:35:03,600

to get better we got Nathan too so we

2415

01:35:07,729 --> 01:35:05,159

got a couple more goodbyes we got to get

2416

01:35:09,410 --> 01:35:07,739

to yeah I just uh want to Echo that it's

2417

01:35:10,669 --> 01:35:09,420

been a real pleasure speaking with you I

2418

01:35:13,070 --> 01:35:10,679

want to encourage folks to pick up the

2419

01:35:14,870 --> 01:35:13,080

book Dark Matter Monsters uh it's on

2420

01:35:16,490 --> 01:35:14,880

Amazon so check that out we've got the

2421

01:35:18,229 --> 01:35:16,500

description of the link in the in the

2422

01:35:19,550 --> 01:35:18,239

description and I want to thank folks

2423

01:35:21,649 --> 01:35:19,560

for joining us this evening this has

2424

01:35:23,450 --> 01:35:21,659

been an absolute treat uh listening to

2425

01:35:25,010 --> 01:35:23,460

this conversation and and particularly

2426

01:35:26,990 --> 01:35:25,020

you sharing your music with us so

2427

01:35:28,669 --> 01:35:27,000

voluntarily so looking forward to part

2428

01:35:31,010 --> 01:35:28,679

two at some point

2429

01:35:33,070 --> 01:35:31,020

absolutely thanks uh happy to send

2430

01:35:36,110 --> 01:35:33,080

people sign copies if you go to

2431

01:35:39,410 --> 01:35:36,120

newcrystalmind.com my blog nice the top

2432

01:35:41,270 --> 01:35:39,420

post is to get a signed copy so you are

2433

01:35:43,370 --> 01:35:41,280

as cool as the other side of the pillow

2434

01:35:45,950 --> 01:35:43,380

uh you really are not only my New York

2435

01:35:48,530 --> 01:35:45,960

brother but you're just so cool so smart

2436

01:35:50,629 --> 01:35:48,540

and so talented Dr Hein

2437

01:35:54,169 --> 01:35:50,639

um what I'd like to do today in lieu of

2438

01:35:56,750 --> 01:35:54,179

our standard cab outro we'd like to have

2439

01:35:58,850 --> 01:35:56,760

you play for a solid minute and then

2440

01:36:00,770 --> 01:35:58,860

Nathan will take us out and then end the

2441

01:36:02,750 --> 01:36:00,780

broadcast there

2442

01:36:05,390 --> 01:36:02,760

um and uh I want to thank you you're

2443

01:36:08,450 --> 01:36:05,400

obviously uh your part of our show is

2444

01:36:11,169 --> 01:36:08,460

this lovely individual to my right Julie

2445

01:36:14,149 --> 01:36:11,179

Farrell who's become our chat moderator

2446

01:36:16,790 --> 01:36:14,159

and uh and your remote viewer I suppose

2447

01:36:19,189 --> 01:36:16,800

I need to venmo you if she actually uh

2448

01:36:21,169 --> 01:36:19,199

finds me a good Sasquatch spot so I'll

2449

01:36:24,110 --> 01:36:21,179

make sure I get your venmo

2450

01:36:27,590 --> 01:36:24,120

um but no thank you love you Jules and

2451  
01:36:31,070 --> 01:36:27,600  
uh with that um this is a DJ San Marcos

2452  
01:36:33,530 --> 01:36:31,080  
saying peace out out one love will see

2453  
01:36:35,629 --> 01:36:33,540  
you down the road and as always we're

2454  
01:36:38,510 --> 01:36:35,639  
wondering what's up around the bend Dr

2455  
01:36:41,270 --> 01:36:38,520  
Simeon Heinen will take us out is this

2456  
01:36:44,170 --> 01:36:41,280  
another John Fahey original uh uh sunny
