**Calling All Beings**

1  
00:00:31,030 --> 00:00:12,910

[Music]

2  
00:00:35,030 --> 00:00:31,040

yeah

3  
00:00:38,090 --> 00:00:35,040

welcome back to calling all beings we

4  
00:00:41,450 --> 00:00:38,100

are back I miss my brother and sister

5  
00:00:44,630 --> 00:00:41,460

Nathan and Debs since I saw him in NYC

6  
00:00:48,170 --> 00:00:44,640

and we're back with a genuine gentleman

7  
00:00:50,090 --> 00:00:48,180

an academian a brilliant individual kind

8  
00:00:52,490 --> 00:00:50,100

of like Nathan kind of like Debs not

9  
00:00:54,770 --> 00:00:52,500

very much like me but man we are super

10  
00:00:57,229 --> 00:00:54,780

excited but before we get into all that

11  
00:00:59,990 --> 00:00:57,239

business with him let's say hello to the

12  
00:01:02,270 --> 00:01:00,000

co-conspirator of this joint money

13  
00:01:03,950 --> 00:01:02,280

Nathan hey what's going on y'all it's

14

00:01:05,690 --> 00:01:03,960

gonna be back in the saddle I really

15

00:01:07,850 --> 00:01:05,700

enjoyed seeing you guys in New York as

16

00:01:09,410 --> 00:01:07,860

you mentioned uh it's great to be on

17

00:01:11,330 --> 00:01:09,420

tonight with Ben really excited to talk

18

00:01:12,770 --> 00:01:11,340

to him and uh excited to see the

19

00:01:14,030 --> 00:01:12,780

questions that we'll see in the chat so

20

00:01:15,109 --> 00:01:14,040

thanks everybody for joining the chat

21

00:01:17,690 --> 00:01:15,119

this evening

22

00:01:20,330 --> 00:01:17,700

can I get an amen and we have our

23

00:01:22,850 --> 00:01:20,340

researcher with us uh the the smart

24

00:01:25,550 --> 00:01:22,860

person Keeps Us grounded Keeps Us in the

25

00:01:29,030 --> 00:01:25,560

right space and that is Deb a study of

26  
00:01:30,890 --> 00:01:29,040  
uaps the host of Debs data Dojo who I'm

27  
00:01:33,950 --> 00:01:30,900  
going to be on with tomorrow night with

28  
00:01:37,670 --> 00:01:33,960  
Leah Prime how are you Debs I'm excited

29  
00:01:39,649 --> 00:01:37,680  
to be here I uh wish that I had

30  
00:01:41,210 --> 00:01:39,659  
something really clever to say but I

31  
00:01:43,069 --> 00:01:41,220  
feel like today is about being smart

32  
00:01:45,230 --> 00:01:43,079  
because we're talking to Ben

33  
00:01:46,730 --> 00:01:45,240  
what was cool you told patients that

34  
00:01:48,289 --> 00:01:46,740  
they couldn't come and get therapy today

35  
00:01:50,210 --> 00:01:48,299  
so you could talk to Ben there's nothing

36  
00:01:52,810 --> 00:01:50,220  
to be embarrassed about that it's okay

37  
00:01:55,749 --> 00:01:52,820  
that's not what happened

38  
00:01:58,969 --> 00:01:55,759

they canceled on me

39

00:02:01,370 --> 00:01:58,979

it's all good man it's all good Debs the

40

00:02:03,830 --> 00:02:01,380

secret is safe with uh with us with UFO

41

00:02:05,690 --> 00:02:03,840

Twitter uh but I'm kidding I'm kidding

42

00:02:07,969 --> 00:02:05,700

Deb would never do that

43

00:02:11,690 --> 00:02:07,979

um so yeah we're about to get into it

44

00:02:14,150 --> 00:02:11,700

with this man right here he is uh the

45

00:02:16,729 --> 00:02:14,160

host of The Discovery Channel's UFO

46

00:02:19,010 --> 00:02:16,739

witness he's uh also has shows on the

47

00:02:22,270 --> 00:02:19,020

Travel Channel he's a pilot he's a

48

00:02:25,490 --> 00:02:22,280

marksman Surfer Hooper rock climber

49

00:02:29,350 --> 00:02:25,500

Disaster Response volunteer and he's

50

00:02:33,770 --> 00:02:29,360

also a former special agent with the FB

51  
00:02:35,630 --> 00:02:33,780  
ah come to praise His name yeah and

52  
00:02:37,970 --> 00:02:35,640  
don't mess with this man because if you

53  
00:02:40,369 --> 00:02:37,980  
do he'll have a set of flex cuffs on you

54  
00:02:43,550 --> 00:02:40,379  
faster and you can say Donnie Brasco

55  
00:02:48,110 --> 00:02:43,560  
it's a party people put your hands it's

56  
00:02:49,500 --> 00:02:48,120  
together for Discovery Channels on Ben

57  
00:02:53,570 --> 00:02:49,510  
Hansen

58  
00:02:57,830 --> 00:02:56,089  
thank you thank you that's got to be one

59  
00:03:00,110 --> 00:02:57,840  
of the most energetic introductions I've

60  
00:03:02,110 --> 00:03:00,120  
had in a while uh not whatever you got

61  
00:03:04,430 --> 00:03:02,120  
on your Cheerios

62  
00:03:05,650 --> 00:03:04,440  
hey brother this is just this is this is

63  
00:03:10,009 --> 00:03:05,660

just me man

64

00:03:15,770 --> 00:03:14,089

welcome Ben uh it's it's an honor and a

65

00:03:18,589 --> 00:03:15,780

pleasure to have you

66

00:03:20,750 --> 00:03:18,599

um you're so accomplished that it's I

67

00:03:22,970 --> 00:03:20,760

you know it's almost staggering reading

68

00:03:25,670 --> 00:03:22,980

your your list of accomplishments and

69

00:03:28,910 --> 00:03:25,680

and your endeavors that you get into and

70

00:03:30,710 --> 00:03:28,920

and as somebody who aspires to be uh you

71

00:03:33,110 --> 00:03:30,720

know diverse in the types of things I do

72

00:03:35,330 --> 00:03:33,120

it's it's actually pretty inspiring well

73

00:03:37,550 --> 00:03:35,340

thank you I appreciate that yeah uh the

74

00:03:40,729 --> 00:03:37,560

verse is probably the best descriptor I

75

00:03:43,490 --> 00:03:40,739

I have my my feet in too many things

76

00:03:45,530 --> 00:03:43,500

too many it's hard to keep up with uh

77

00:03:48,050 --> 00:03:45,540

all the different worlds but but I enjoy

78

00:03:50,449 --> 00:03:48,060

it I guess it's kind of how I roll

79

00:03:52,970 --> 00:03:50,459

you know what else um is really

80

00:03:55,729 --> 00:03:52,980

interesting uh oh Ben is frozen or am I

81

00:03:58,369 --> 00:03:55,739

Frozen I think he is frozen he is Frozen

82

00:04:01,070 --> 00:03:58,379

Okay Deb we all good

83

00:04:03,830 --> 00:04:01,080

okay yeah

84

00:04:05,390 --> 00:04:03,840

I I I'm moving you guys he's moving he's

85

00:04:06,250 --> 00:04:05,400

he's moving all right he's back he's

86

00:04:08,630 --> 00:04:06,260

back

87

00:04:10,550 --> 00:04:08,640

okay yes there he is okay A little

88

00:04:11,570 --> 00:04:10,560

pixelation

89

00:04:14,210 --> 00:04:11,580

um

90

00:04:16,610 --> 00:04:14,220

Ben the way it seems like it's shaping

91

00:04:18,949 --> 00:04:16,620

up right now and something that I find

92

00:04:23,570 --> 00:04:18,959

interesting is you're sort of become the

93

00:04:26,270 --> 00:04:23,580

voice of commercial pilots to sort of

94

00:04:29,330 --> 00:04:26,280

get their story off of just you know FAA

95

00:04:31,969 --> 00:04:29,340

tape reels and atc's reels and get them

96

00:04:33,710 --> 00:04:31,979

out to the public so that people can

97

00:04:35,270 --> 00:04:33,720

digest

98

00:04:37,550 --> 00:04:35,280

um what they're seeing from the

99

00:04:39,350 --> 00:04:37,560

perspective of a subject matter expert

100

00:04:40,969 --> 00:04:39,360

is that a role that you just sort of

101  
00:04:42,590 --> 00:04:40,979  
fell into

102  
00:04:44,689 --> 00:04:42,600  
um is it something that you relish how

103  
00:04:47,270 --> 00:04:44,699  
do you see yourself right now in terms

104  
00:04:49,909 --> 00:04:47,280  
of uh aggregating these these sightings

105  
00:04:52,129 --> 00:04:49,919  
and information yeah yeah it is

106  
00:04:55,189 --> 00:04:52,139  
um I just sort of fell into it like you

107  
00:04:58,070 --> 00:04:55,199  
had mentioned I am a pilot I'm just yeah

108  
00:04:59,870 --> 00:04:58,080  
well if I buckle down I could I could

109  
00:05:02,930 --> 00:04:59,880  
finish up my commercial license you know

110  
00:05:05,150 --> 00:05:02,940  
in in just a couple of months here but

111  
00:05:07,129 --> 00:05:05,160  
um I've been reporting on pilot stuff

112  
00:05:09,650 --> 00:05:07,139  
ever since about August kind of almost

113  
00:05:11,629 --> 00:05:09,660

exclusively and

114

00:05:14,210 --> 00:05:11,639

um these guys it's really cool because

115

00:05:17,570 --> 00:05:14,220

it is sort of a tight Community right

116

00:05:18,189 --> 00:05:17,580

and they talk to each other a lot they

117

00:05:20,510 --> 00:05:18,199

um

118

00:05:22,850 --> 00:05:20,520

a lot of people like kind of think you

119

00:05:24,529 --> 00:05:22,860

know behind that cockpit door you know

120

00:05:26,810 --> 00:05:24,539

they're they're all serious and they're

121

00:05:29,029 --> 00:05:26,820

all this and that and

122

00:05:31,310 --> 00:05:29,039

um if when they see stuff though they

123

00:05:32,810 --> 00:05:31,320

they they geek out like everybody else

124

00:05:35,990 --> 00:05:32,820

and they can't believe what they're

125

00:05:37,370 --> 00:05:36,000

seeing and they need to be trusted

126

00:05:40,850 --> 00:05:37,380

though because they deal with with

127

00:05:42,770 --> 00:05:40,860

things like um if they report one guy

128

00:05:44,749 --> 00:05:42,780

explained it he's like you know if I

129

00:05:47,090 --> 00:05:44,759

came out yesterday and said that I saw

130

00:05:49,670 --> 00:05:47,100

the the coolest satellite last night and

131

00:05:52,129 --> 00:05:49,680

I videoed it and I go out and and put on

132

00:05:54,170 --> 00:05:52,139

social media the airlines wouldn't say

133

00:05:56,210 --> 00:05:54,180

anything about it he's like but if I

134

00:05:58,610 --> 00:05:56,220

come out and say that I filmed or saw a

135

00:06:01,670 --> 00:05:58,620

UFO all of a sudden a lot of these

136

00:06:04,129 --> 00:06:01,680

Airlines jump on them and they threaten

137

00:06:06,050 --> 00:06:04,139

them with discipline with you know

138

00:06:08,810 --> 00:06:06,060

possibly termination

139

00:06:10,969 --> 00:06:08,820

and and so they face a lot of of risk

140

00:06:13,310 --> 00:06:10,979

coming out sometimes to talk about this

141

00:06:14,450 --> 00:06:13,320

and so they want to tell someone but

142

00:06:16,430 --> 00:06:14,460

they don't know where to go and that's

143

00:06:19,430 --> 00:06:16,440

kind of how I fell into it because I

144

00:06:21,710 --> 00:06:19,440

think I've gained that trust and and I

145

00:06:23,029 --> 00:06:21,720

can talk the talk you know and I'm you

146

00:06:25,370 --> 00:06:23,039

know I know the technical stuff they're

147

00:06:27,770 --> 00:06:25,380

dealing with and it's been really cool

148

00:06:29,450 --> 00:06:27,780

it's been really cool to to be kind of a

149

00:06:33,409 --> 00:06:29,460

voice for them and especially Ryan

150

00:06:37,550 --> 00:06:33,419

Graves Ryan Graves right that is is out

151  
00:06:40,309 --> 00:06:37,560  
there F-18 pilot saw things himself

152  
00:06:41,870 --> 00:06:40,319  
and he noticed first you know well

153  
00:06:43,850 --> 00:06:41,880  
before anyone else did that there needs

154  
00:06:45,409 --> 00:06:43,860  
to be major changes so he's working on

155  
00:06:48,050 --> 00:06:45,419  
the military side

156  
00:06:49,969 --> 00:06:48,060  
and and being a voice for them and for

157  
00:06:51,590 --> 00:06:49,979  
commercial pilots and now we've kind of

158  
00:06:53,629 --> 00:06:51,600  
joined together and we're working on

159  
00:06:56,210 --> 00:06:53,639  
some things

160  
00:06:58,430 --> 00:06:56,220  
that is uh that's really cool that that

161  
00:07:01,730 --> 00:06:58,440  
kind of collaboration even Chris Ledo

162  
00:07:04,010 --> 00:07:01,740  
tried to get uh and he's a friend of

163  
00:07:06,110 --> 00:07:04,020

ours you know fellow Aviator he tried to

164

00:07:09,469 --> 00:07:06,120

get Ryan Graves on and so if you're the

165

00:07:10,790 --> 00:07:09,479

person that can bring his voice to I

166

00:07:12,170 --> 00:07:10,800

shouldn't say to a wider audience

167

00:07:16,010 --> 00:07:12,180

because a lot of people have heard him

168

00:07:18,290 --> 00:07:16,020

but a more consistent voice uh in the in

169

00:07:20,330 --> 00:07:18,300

in the disclosure I didn't even say it

170

00:07:22,370 --> 00:07:20,340

it's disclosure basically in from an

171

00:07:24,890 --> 00:07:22,380

informational perspective you know

172

00:07:27,589 --> 00:07:24,900

because uh he lends a lot of credibility

173

00:07:30,050 --> 00:07:27,599

and if he's more present that means more

174

00:07:33,350 --> 00:07:30,060

credibility for what people are seeing

175

00:07:35,029 --> 00:07:33,360

that frankly people don't uh don't uh

176  
00:07:36,529 --> 00:07:35,039  
know what what it is what we're looking

177  
00:07:39,050 --> 00:07:36,539  
at and that's what absolutely

178  
00:07:40,550 --> 00:07:39,060  
delinquently uh did in your last video

179  
00:07:42,050 --> 00:07:40,560  
so

180  
00:07:44,089 --> 00:07:42,060  
um let me turn you over to money Nathan

181  
00:07:45,589 --> 00:07:44,099  
yeah Ben great to have you with us this

182  
00:07:47,510 --> 00:07:45,599  
evening and I know we don't have a ton

183  
00:07:49,550 --> 00:07:47,520  
of time so I wanted to if you could jump

184  
00:07:51,650 --> 00:07:49,560  
to talking a little bit about and you've

185  
00:07:53,270 --> 00:07:51,660  
got a security background you've got a

186  
00:07:54,529 --> 00:07:53,280  
background that's also academic and you

187  
00:07:58,309 --> 00:07:54,539  
thought about some of the psychological

188  
00:07:59,870 --> 00:07:58,319

impacts of uh these kinds of events uh

189

00:08:02,150 --> 00:07:59,880

is there a certain aspect that really

190

00:08:04,610 --> 00:08:02,160

excites you more than the other uh and

191

00:08:06,710 --> 00:08:04,620

what do you think about in terms of DJ

192

00:08:09,230 --> 00:08:06,720

mentioned disclosure you know kind of

193

00:08:11,689 --> 00:08:09,240

whether or not the government should or

194

00:08:13,550 --> 00:08:11,699

shouldn't reveal exactly what it may or

195

00:08:14,809 --> 00:08:13,560

may not know from a just from a national

196

00:08:17,029 --> 00:08:14,819

security standpoint what are your

197

00:08:19,029 --> 00:08:17,039

thoughts on that yeah well it all

198

00:08:22,790 --> 00:08:19,039

interests me I mean

199

00:08:24,170 --> 00:08:22,800

the UFO subject is is primarily you know

200

00:08:26,150 --> 00:08:24,180

my favorite thing I've done a lot of

201  
00:08:28,070 --> 00:08:26,160  
shows we we've even looked for mermaids

202  
00:08:30,290 --> 00:08:28,080  
you know in some of the shows I do and

203  
00:08:32,149 --> 00:08:30,300  
and um the ghost hunting and all that

204  
00:08:33,769 --> 00:08:32,159  
UFOs are probably my favorite subject

205  
00:08:37,490 --> 00:08:33,779  
because I think it has the most

206  
00:08:39,909 --> 00:08:37,500  
potential for impact on society right

207  
00:08:43,010 --> 00:08:39,919  
um and it's it involves history three so

208  
00:08:44,329 --> 00:08:43,020  
I I can see having worked for the

209  
00:08:45,650 --> 00:08:44,339  
government and understanding National

210  
00:08:46,430 --> 00:08:45,660  
Security I can see where they're coming

211  
00:08:49,370 --> 00:08:46,440  
from

212  
00:08:51,829 --> 00:08:49,380  
and when I did my thesis

213  
00:08:53,570 --> 00:08:51,839

um recently on what I call reality

214

00:08:55,610 --> 00:08:53,580

compromising events

215

00:08:57,470 --> 00:08:55,620

I realized at some point towards the end

216

00:09:00,110 --> 00:08:57,480

of it I was writing a Playbook what I

217

00:09:02,930 --> 00:09:00,120

would do I was like wait a second it

218

00:09:05,269 --> 00:09:02,940

seems like some of this is happening and

219

00:09:06,829 --> 00:09:05,279

for example one of the things I think

220

00:09:08,210 --> 00:09:06,839

that would be the safest way for

221

00:09:11,810 --> 00:09:08,220

disclosure is what we call the drip

222

00:09:13,610 --> 00:09:11,820

method right and you just slowly give a

223

00:09:15,490 --> 00:09:13,620

little bit of information let that sit

224

00:09:18,410 --> 00:09:15,500

there for a bit don't even mention

225

00:09:19,730 --> 00:09:18,420

anything else for another six months or

226

00:09:21,230 --> 00:09:19,740

whatever put out a little bit more a

227

00:09:23,449 --> 00:09:21,240

little bit more

228

00:09:25,310 --> 00:09:23,459

if that's what's happening it kind of

229

00:09:27,110 --> 00:09:25,320

seems to fit the pattern and letting

230

00:09:28,370 --> 00:09:27,120

people climatize

231

00:09:31,970 --> 00:09:28,380

um because if you do the rip off the

232

00:09:34,550 --> 00:09:31,980

Band-Aid method that's where my research

233

00:09:36,829 --> 00:09:34,560

indicated it could be very very bad and

234

00:09:37,610 --> 00:09:36,839

and not just because

235

00:09:40,190 --> 00:09:37,620

um

236

00:09:41,930 --> 00:09:40,200

uh whoever they are I mean they they

237

00:09:44,329 --> 00:09:41,940

could be a potential physical threat to

238

00:09:47,329 --> 00:09:44,339

us we have had nukes that have been shut

239

00:09:49,910 --> 00:09:47,339

down and airspace incursions near misses

240

00:09:53,090 --> 00:09:49,920

all those things that we talk about but

241

00:09:54,769 --> 00:09:53,100

even if they're not a threat people and

242

00:09:58,030 --> 00:09:54,779

the way that we react to things we saw a

243

00:10:01,310 --> 00:09:58,040

bit of this in covid is a big problem

244

00:10:04,490 --> 00:10:01,320

right it only takes a small percentage

245

00:10:08,990 --> 00:10:04,500

of of the population not a majority by

246

00:10:11,329 --> 00:10:09,000

far to overreact to engage in violence

247

00:10:13,430 --> 00:10:11,339

and crime to make them feel the world

248

00:10:15,230 --> 00:10:13,440

make the world feel unsafe and that

249

00:10:17,690 --> 00:10:15,240

starts what we call cascading effects

250

00:10:20,449 --> 00:10:17,700

and then that trickles down very rapidly

251

00:10:21,949 --> 00:10:20,459

to bring the whole system down and

252

00:10:24,470 --> 00:10:21,959

before you know it you're back at your

253

00:10:26,990 --> 00:10:24,480

home on lockdown people can't work

254

00:10:30,050 --> 00:10:27,000

factories don't produce

255

00:10:33,050 --> 00:10:30,060

um food and and Necessities all those

256

00:10:35,810 --> 00:10:33,060

problems 10 100 times worse than what we

257

00:10:39,230 --> 00:10:35,820

saw in covid and and that's what worries

258

00:10:41,150 --> 00:10:39,240

me um is that we're so into connected as

259

00:10:42,949 --> 00:10:41,160

a society you're dealing with something

260

00:10:45,050 --> 00:10:42,959

that's a reality shift most of it might

261

00:10:47,269 --> 00:10:45,060

be okay with most people

262

00:10:48,410 --> 00:10:47,279

but some are not going to handle it well

263

00:10:51,069 --> 00:10:48,420

and they're the ones that are going to

264

00:10:53,630 --> 00:10:51,079

cause problems

265

00:10:55,790 --> 00:10:53,640

and I would just ask you to just follow

266

00:10:58,069 --> 00:10:55,800

up so what is your what was your your

267

00:11:00,650 --> 00:10:58,079

thesis on how it should be done

268

00:11:02,690 --> 00:11:00,660

well I did offer some recommendations

269

00:11:06,769 --> 00:11:02,700

and um

270

00:11:09,530 --> 00:11:06,779

you know based on on like the the modern

271

00:11:12,710 --> 00:11:09,540

theories of panic and how people react

272

00:11:15,829 --> 00:11:12,720

to emergencies and disasters

273

00:11:17,569 --> 00:11:15,839

most people don't panic they don't they

274

00:11:19,190 --> 00:11:17,579

don't like trample each other getting

275

00:11:20,630 --> 00:11:19,200

out of a theater that's on fire most

276

00:11:23,150 --> 00:11:20,640

people don't but the problem was those

277

00:11:25,190 --> 00:11:23,160

studies were based on physical threats

278

00:11:27,410 --> 00:11:25,200

most of those were based on

279

00:11:29,630 --> 00:11:27,420

um threats that were known and the

280

00:11:33,290 --> 00:11:29,640

problem with with ET scenarios have so

281

00:11:35,269 --> 00:11:33,300

many unknown it's called the the unknown

282

00:11:37,970 --> 00:11:35,279

unknowns we don't even know what we

283

00:11:39,889 --> 00:11:37,980

don't know right and so

284

00:11:42,829 --> 00:11:39,899

it's like when we're presented with this

285

00:11:44,690 --> 00:11:42,839

and you have the legitimacy of the state

286

00:11:47,329 --> 00:11:44,700

the government

287

00:11:49,009 --> 00:11:47,339

who now has to either tell us that they

288

00:11:51,470 --> 00:11:49,019

were lying all along

289

00:11:53,150 --> 00:11:51,480

and that they knew or number two they

290

00:11:55,009 --> 00:11:53,160

have to say we know as much as you do

291

00:11:56,449 --> 00:11:55,019

and we don't have any answers which is

292

00:11:59,150 --> 00:11:56,459

not comforting

293

00:12:03,590 --> 00:11:59,160

either way they lose legitimacy

294

00:12:06,350 --> 00:12:03,600

overnight right and so I think my

295

00:12:07,970 --> 00:12:06,360

recommendation really is that if they do

296

00:12:08,990 --> 00:12:07,980

know something they have to stay ahead

297

00:12:11,690 --> 00:12:09,000

of the news

298

00:12:13,790 --> 00:12:11,700

they've got to do their best to control

299

00:12:15,110 --> 00:12:13,800

and and really the drip method I think

300

00:12:18,470 --> 00:12:15,120

would be best

301  
00:12:19,970 --> 00:12:18,480  
and stay ahead of The Narrative of the

302  
00:12:22,009 --> 00:12:19,980  
social media the media is going to try

303  
00:12:23,930 --> 00:12:22,019  
and put on this

304  
00:12:25,430 --> 00:12:23,940  
um and and third we need to build

305  
00:12:27,110 --> 00:12:25,440  
resiliency

306  
00:12:30,170 --> 00:12:27,120  
which how do you do that how do you make

307  
00:12:33,110 --> 00:12:30,180  
people more resilient to change when in

308  
00:12:35,090 --> 00:12:33,120  
a scenario like this do you do you show

309  
00:12:36,290 --> 00:12:35,100  
them more E.T movies do you you know

310  
00:12:38,990 --> 00:12:36,300  
like

311  
00:12:41,930 --> 00:12:39,000  
you know prepare them for

312  
00:12:43,250 --> 00:12:41,940  
uh you know little by little what these

313  
00:12:45,470 --> 00:12:43,260

things might look like how we might

314

00:12:48,470 --> 00:12:45,480

interact how Society is going to look I

315

00:12:51,350 --> 00:12:48,480

don't think anyone really knows

316

00:12:53,810 --> 00:12:51,360

um and and so the the question is if

317

00:12:57,290 --> 00:12:53,820

they're secret Keepers if there truly is

318

00:12:59,030 --> 00:12:57,300

a group who's keeping this from us

319

00:13:01,670 --> 00:12:59,040

um they're not going to be able to do it

320

00:13:04,730 --> 00:13:01,680

forever and and it's going to be up to

321

00:13:07,250 --> 00:13:04,740

them the visitors whoever they are they

322

00:13:09,530 --> 00:13:07,260

could at any moment just turn the whole

323

00:13:11,389 --> 00:13:09,540

thing upside down and say we're doing it

324

00:13:13,550 --> 00:13:11,399

if it's up to us

325

00:13:15,050 --> 00:13:13,560

then we have more control and more time

326

00:13:16,190 --> 00:13:15,060

but eventually that dam is going to

327

00:13:18,769 --> 00:13:16,200

burst

328

00:13:21,470 --> 00:13:18,779

you know and um so that's what I worry

329

00:13:22,610 --> 00:13:21,480

about it's it's not really them as more

330

00:13:24,590 --> 00:13:22,620

as us

331

00:13:26,389 --> 00:13:24,600

and how we're going to react to it that

332

00:13:28,790 --> 00:13:26,399

seems to be the problem

333

00:13:31,670 --> 00:13:28,800

you know when Jim seman was sitting in

334

00:13:33,470 --> 00:13:31,680

your chair he said I think I mean he may

335

00:13:35,509 --> 00:13:33,480

be speaking from a lot more knowledge

336

00:13:37,069 --> 00:13:35,519

than what he led on but he said I think

337

00:13:38,990 --> 00:13:37,079

they know more than we know but they

338

00:13:40,490 --> 00:13:39,000

don't know it all and and how do they

339

00:13:42,410 --> 00:13:40,500

explain something they don't fully

340

00:13:44,150 --> 00:13:42,420

understand absolutely

341

00:13:46,370 --> 00:13:44,160

yeah with that I got to pass it over to

342

00:13:49,550 --> 00:13:46,380

Debs because I don't want her to shank

343

00:13:51,470 --> 00:13:49,560

me after the show I won't I won't I

344

00:13:56,750 --> 00:13:51,480

wouldn't do that but I was thinking that

345

00:13:59,030 --> 00:13:56,760

I do feel that um we do have evidence

346

00:14:01,670 --> 00:13:59,040

that the phenomenon itself is using the

347

00:14:04,250 --> 00:14:01,680

slow drip method they've been doing it

348

00:14:07,670 --> 00:14:04,260

for at least 80 years but some would

349

00:14:08,930 --> 00:14:07,680

argue thousands right so there's that so

350

00:14:12,829 --> 00:14:08,940

the phenomenon really is already

351

00:14:14,870 --> 00:14:12,839

engaging in that sense uh Lou said Lou

352

00:14:16,190 --> 00:14:14,880

Alexander said they basically are waving

353

00:14:19,250 --> 00:14:16,200

to us now

354

00:14:23,150 --> 00:14:19,260

but what I wanted to ask you was since

355

00:14:24,110 --> 00:14:23,160

you do have a lot of experience with

356

00:14:27,350 --> 00:14:24,120

um you know

357

00:14:29,690 --> 00:14:27,360

behavior and you did some videos on body

358

00:14:31,550 --> 00:14:29,700

language which were fascinating

359

00:14:35,030 --> 00:14:31,560

since you're going out and talking to

360

00:14:36,790 --> 00:14:35,040

some of these big names in UFOs for um

361

00:14:39,530 --> 00:14:36,800

some of the shows you're doing

362

00:14:40,970 --> 00:14:39,540

do you feel like your Spidey senses are

363

00:14:43,250 --> 00:14:40,980

going off a little bit when you're

364

00:14:45,889 --> 00:14:43,260

interacting with them or are you feeling

365

00:14:47,569 --> 00:14:45,899

like you're getting a better idea of

366

00:14:48,889 --> 00:14:47,579

what's going on because they're in front

367

00:14:50,750 --> 00:14:48,899

of you

368

00:14:52,550 --> 00:14:50,760

um or you're reading something from them

369

00:14:54,889 --> 00:14:52,560

that we might not be catching because

370

00:14:58,370 --> 00:14:54,899

we're not there in front of them

371

00:15:01,430 --> 00:14:58,380

yeah I think definitely take for example

372

00:15:03,710 --> 00:15:01,440

the the Pascagoula case all right Calvin

373

00:15:05,470 --> 00:15:03,720

Parker and

374

00:15:08,030 --> 00:15:05,480

um it was

375

00:15:08,750 --> 00:15:08,040

1975 I think

376

00:15:12,650 --> 00:15:08,760

um

377

00:15:16,610 --> 00:15:12,660

and uh you know Pascagoula a couple guys

378

00:15:18,949 --> 00:15:16,620

you know finish work go fishing and when

379

00:15:21,829 --> 00:15:18,959

you hear the story it's very very odd

380

00:15:25,129 --> 00:15:21,839

like a sci-fi movie so if you only knew

381

00:15:27,590 --> 00:15:25,139

that it's like it's total BS like these

382

00:15:29,210 --> 00:15:27,600

three you know like aliens are floating

383

00:15:30,889 --> 00:15:29,220

they don't see legs and they're like

384

00:15:32,810 --> 00:15:30,899

kind of look like robots and they grab

385

00:15:33,949 --> 00:15:32,820

them with clamp-like pinchers on their

386

00:15:35,990 --> 00:15:33,959

arms and

387

00:15:39,410 --> 00:15:36,000

but I'll tell you what like when you

388

00:15:43,310 --> 00:15:39,420

meet you know Calvin Parker in person

389

00:15:45,410 --> 00:15:43,320

and talk to him he's so just down to

390

00:15:47,629 --> 00:15:45,420

earth and humble and you can see this

391

00:15:49,490 --> 00:15:47,639

guy has nothing to gain you know by

392

00:15:53,150 --> 00:15:49,500

coming out telling this very consistent

393

00:15:55,129 --> 00:15:53,160

story for all these years so yeah I

394

00:15:56,990 --> 00:15:55,139

think there are things you can't really

395

00:15:59,269 --> 00:15:57,000

put um

396

00:16:01,069 --> 00:15:59,279

um I guess a measuring stick too to say

397

00:16:03,470 --> 00:16:01,079

this person's lying or aren't they're

398

00:16:04,610 --> 00:16:03,480

not but when you get to meet them in

399

00:16:07,610 --> 00:16:04,620

person

400

00:16:10,129 --> 00:16:07,620

you can tell if you've done this which I

401  
00:16:12,590 --> 00:16:10,139  
used to interview you know kids uh

402  
00:16:13,610 --> 00:16:12,600  
mainly and victims of horrendous sex

403  
00:16:15,889 --> 00:16:13,620  
crimes

404  
00:16:19,129 --> 00:16:15,899  
and the trauma the trauma that you see

405  
00:16:22,610 --> 00:16:19,139  
in them is very similar to uh

406  
00:16:24,829 --> 00:16:22,620  
interviewing some alleged abductees and

407  
00:16:26,509 --> 00:16:24,839  
whether something actually happened or

408  
00:16:29,389 --> 00:16:26,519  
didn't to some of them

409  
00:16:31,550 --> 00:16:29,399  
I can pretty certainly say I think that

410  
00:16:34,069 --> 00:16:31,560  
everyone nearly everyone I've talked to

411  
00:16:35,569 --> 00:16:34,079  
really feels that

412  
00:16:36,949 --> 00:16:35,579  
um they're speaking the truth of what

413  
00:16:40,069 --> 00:16:36,959

they experienced

414

00:16:42,410 --> 00:16:40,079

so if that makes sense like whether uh

415

00:16:45,530 --> 00:16:42,420

some of them experience maybe a surreal

416

00:16:47,870 --> 00:16:45,540

like a sleep paralysis or some other

417

00:16:50,870 --> 00:16:47,880

things but they're not making it up

418

00:16:52,970 --> 00:16:50,880

right and so then you get into this um

419

00:16:55,069 --> 00:16:52,980

Soul abduction thing I don't know what

420

00:16:56,389 --> 00:16:55,079

to think of that to be honest because I

421

00:16:58,310 --> 00:16:56,399

feel like I'm pretty grounded but when

422

00:16:59,870 --> 00:16:58,320

someone tells me they could their soul

423

00:17:01,310 --> 00:16:59,880

could be taken out and taken up through

424

00:17:04,490 --> 00:17:01,320

the ceiling and go to the ship but they

425

00:17:06,409 --> 00:17:04,500

never never physically leave

426

00:17:09,049 --> 00:17:06,419

um I have to have an open mind to these

427

00:17:10,730 --> 00:17:09,059

things but it is hard for me to swallow

428

00:17:13,189 --> 00:17:10,740

because we want the person to actually

429

00:17:16,010 --> 00:17:13,199

disappear from their bed we want them

430

00:17:16,909 --> 00:17:16,020

you know like Bobby was here now he's

431

00:17:19,730 --> 00:17:16,919

not

432

00:17:21,890 --> 00:17:19,740

you know and now he comes back

433

00:17:24,049 --> 00:17:21,900

so there's a lot to this that I just

434

00:17:26,150 --> 00:17:24,059

think that like we can't even begin to

435

00:17:28,250 --> 00:17:26,160

understand until we acknowledge that at

436

00:17:30,350 --> 00:17:28,260

least the people are being

437

00:17:31,610 --> 00:17:30,360

um most of them are truthful to what

438

00:17:33,590 --> 00:17:31,620

they know and then let's figure out

439

00:17:35,750 --> 00:17:33,600

what's happening

440

00:17:38,210 --> 00:17:35,760

and some emotions are really difficult

441

00:17:40,370 --> 00:17:38,220

to fake and when you hear the police the

442

00:17:42,529 --> 00:17:40,380

surreptitious police station recording

443

00:17:44,630 --> 00:17:42,539

of Calvin and the other gentleman I

444

00:17:45,430 --> 00:17:44,640

believe his last name is Hixson

445

00:17:48,289 --> 00:17:45,440

um

446

00:17:49,909 --> 00:17:48,299

Charles Hixon right it's very difficult

447

00:17:51,710 --> 00:17:49,919

to I mean you're in you were in the

448

00:17:53,570 --> 00:17:51,720

business but it's difficult to fake that

449

00:17:56,330 --> 00:17:53,580

kind of emotion just like when you hear

450

00:17:59,390 --> 00:17:56,340

certain Bigfoot experiences and and they

451

00:18:02,270 --> 00:17:59,400

say uh an alpha type man if you will

452

00:18:03,890 --> 00:18:02,280

quote says I peed on myself uh they

453

00:18:05,930 --> 00:18:03,900

don't normally give those kind of

454

00:18:07,430 --> 00:18:05,940

details unless it happened you know if

455

00:18:08,990 --> 00:18:07,440

you're gonna get abducted or you're

456

00:18:11,690 --> 00:18:09,000

gonna see Bigfoot hope that you have

457

00:18:14,330 --> 00:18:11,700

witnesses with you because number one

458

00:18:16,730 --> 00:18:14,340

like you you don't normally the stories

459

00:18:19,549 --> 00:18:16,740

unless there was someone there like the

460

00:18:21,770 --> 00:18:19,559

the Travis Walton case like I've told

461

00:18:23,990 --> 00:18:21,780

Travis many times I like I don't it's a

462

00:18:25,250 --> 00:18:24,000

wrong way to say this you were lucky but

463

00:18:28,310 --> 00:18:25,260

you were lucky that you had the people

464

00:18:30,169 --> 00:18:28,320

there because otherwise you know like

465

00:18:31,549 --> 00:18:30,179

well I guess he didn't want the world to

466

00:18:33,830 --> 00:18:31,559

know anyways but

467

00:18:36,529 --> 00:18:33,840

but no one would probably heard what

468

00:18:39,110 --> 00:18:36,539

happened unless you had seven Witnesses

469

00:18:41,690 --> 00:18:39,120

right taking polygraphs and everything

470

00:18:45,230 --> 00:18:41,700

and that's much much harder to fake and

471

00:18:47,090 --> 00:18:45,240

concoct and to stick to the same story

472

00:18:49,310 --> 00:18:47,100

um and same with Calvin you know like

473

00:18:50,510 --> 00:18:49,320

many many people experience things and

474

00:18:52,010 --> 00:18:50,520

they're all alone

475

00:18:54,110 --> 00:18:52,020

and it's just kind of like listening to

476

00:18:55,610 --> 00:18:54,120

someone's dream it's like oh okay yeah

477

00:18:57,950 --> 00:18:55,620

they came down and did what's you okay

478

00:18:59,330 --> 00:18:57,960

you don't have video of it do you all

479

00:19:02,390 --> 00:18:59,340

right well I guess maybe it happened

480

00:19:04,130 --> 00:19:02,400

right but when you have witnesses

481

00:19:08,029 --> 00:19:04,140

um we really hear about these stories

482

00:19:09,890 --> 00:19:08,039

and we can add more Credence to them

483

00:19:11,930 --> 00:19:09,900

that's true

484

00:19:13,610 --> 00:19:11,940

um I've heard uh I've heard some

485

00:19:16,070 --> 00:19:13,620

encounters on both that I don't believe

486

00:19:18,950 --> 00:19:16,080

in I've heard some that I I truly

487

00:19:21,890 --> 00:19:18,960

believe and uh that's just down to me

488

00:19:24,230 --> 00:19:21,900

and my personal intuition and opinion

489

00:19:25,789 --> 00:19:24,240

but I did want to ask you regarding

490

00:19:28,549 --> 00:19:25,799

because you've done so much work we'd be

491

00:19:30,409 --> 00:19:28,559

remiss if we didn't discuss uh some of

492

00:19:32,810 --> 00:19:30,419

these uh

493

00:19:35,330 --> 00:19:32,820

um uh these encounters and and the one

494

00:19:37,549 --> 00:19:35,340

that you documented uh close to Little

495

00:19:38,270 --> 00:19:37,559

Rock it's funny I I used to be stationed

496

00:19:40,190 --> 00:19:38,280

there and they were talking about

497

00:19:42,770 --> 00:19:40,200

careers very late that's where I went

498

00:19:45,350 --> 00:19:42,780

through high schools at Little Rock yeah

499

00:19:49,430 --> 00:19:45,360

um right but um

500

00:19:53,090 --> 00:19:49,440

um to me some of the most compelling uh

501  
00:19:55,970 --> 00:19:53,100  
aspects of that are not hyper speed

502  
00:19:58,250 --> 00:19:55,980  
necessarily but as you talked about you

503  
00:20:01,909 --> 00:19:58,260  
know them flying in a circuitous manner

504  
00:20:03,830 --> 00:20:01,919  
at a velocity that craft that uh that

505  
00:20:07,010 --> 00:20:03,840  
are conventionally powered or powered by

506  
00:20:08,870 --> 00:20:07,020  
anything that we know uh that you know

507  
00:20:12,409 --> 00:20:08,880  
operates under Bernoulli's Theorem and

508  
00:20:14,330 --> 00:20:12,419  
uh Newton's Laws of Motion Etc could not

509  
00:20:16,190 --> 00:20:14,340  
do that you know you and you would you

510  
00:20:18,409 --> 00:20:16,200  
went into that at length but I'm curious

511  
00:20:20,990 --> 00:20:18,419  
what you and you know so hovering to me

512  
00:20:23,570 --> 00:20:21,000  
is is fantastic when something can hover

513  
00:20:25,490 --> 00:20:23,580

at these altitudes so I'm curious what

514

00:20:27,890 --> 00:20:25,500

what you find to be the most compelling

515

00:20:30,529 --> 00:20:27,900

of what you've seen in these these uh

516

00:20:32,630 --> 00:20:30,539

several cases that you've taken on since

517

00:20:35,750 --> 00:20:32,640

like let's say August

518

00:20:37,130 --> 00:20:35,760

well uh for those who have seen um you

519

00:20:41,390 --> 00:20:37,140

know I encourage people to watch the

520

00:20:44,450 --> 00:20:41,400

whole series uh as a progression because

521

00:20:47,630 --> 00:20:44,460

um the last one I put out was some ATC

522

00:20:50,029 --> 00:20:47,640

radar um or cheddar and stuff and I have

523

00:20:51,590 --> 00:20:50,039

more of that I've got a lot of that and

524

00:20:54,529 --> 00:20:51,600

I had to push the side because I'm

525

00:20:56,630 --> 00:20:54,539

working on a really big case now

526

00:20:58,430 --> 00:20:56,640

um totally different phenomena but it's

527

00:20:59,870 --> 00:20:58,440

really exciting with the footage and

528

00:21:02,150 --> 00:20:59,880

we're trying to figure out where these

529

00:21:05,270 --> 00:21:02,160

things are but

530

00:21:07,490 --> 00:21:05,280

um as far as these racetrack patterns I

531

00:21:10,490 --> 00:21:07,500

do think and

532

00:21:12,770 --> 00:21:10,500

um I guess I want to say this properly

533

00:21:14,810 --> 00:21:12,780

I had always considered the possibility

534

00:21:16,909 --> 00:21:14,820

of satellites

535

00:21:19,070 --> 00:21:16,919

um I think I was mistaken that we we

536

00:21:20,450 --> 00:21:19,080

have a new configuration of satellites

537

00:21:24,650 --> 00:21:20,460

that are

538

00:21:27,350 --> 00:21:24,660

that we haven't seen before the

539

00:21:30,049 --> 00:21:27,360

intensity of uh if it's starlink you

540

00:21:31,490 --> 00:21:30,059

know of the the flaring and all that so

541

00:21:33,049 --> 00:21:31,500

the majority can be explained by that

542

00:21:35,690 --> 00:21:33,059

but what we haven't had time to do yet

543

00:21:38,450 --> 00:21:35,700

my research partner Brittany and I is to

544

00:21:42,130 --> 00:21:38,460

put out what we call an outlier case the

545

00:21:45,649 --> 00:21:42,140

outliers we have several incidents where

546

00:21:47,570 --> 00:21:45,659

the F-18 pilot I originally reported on

547

00:21:48,450 --> 00:21:47,580

where he's talking about these things

548

00:21:50,090 --> 00:21:48,460

starting over there

549

00:21:52,190 --> 00:21:50,100

[Music]

550

00:21:54,169 --> 00:21:52,200

um they were doing kind of circular

551  
00:21:56,630 --> 00:21:54,179  
paths but they moved from there directly

552  
00:21:59,330 --> 00:21:56,640  
over his aircraft

553  
00:22:01,909 --> 00:21:59,340  
um a seventh one came down from it

554  
00:22:04,430 --> 00:22:01,919  
looked like space and joined it stopped

555  
00:22:06,649 --> 00:22:04,440  
and then joined the other ones

556  
00:22:08,870 --> 00:22:06,659  
um I've got others who have seen these

557  
00:22:10,490 --> 00:22:08,880  
things move and stop and then take off

558  
00:22:12,649 --> 00:22:10,500  
almost like

559  
00:22:15,710 --> 00:22:12,659  
um the speed of a bolt of lightning

560  
00:22:17,930 --> 00:22:15,720  
okay so stopping and then going and so

561  
00:22:20,210 --> 00:22:17,940  
what we want to do is lay out these

562  
00:22:22,190 --> 00:22:20,220  
outlier cases and tell people look don't

563  
00:22:24,470 --> 00:22:22,200

just dismiss things because we can

564

00:22:26,690 --> 00:22:24,480

explain a good portion of these as

565

00:22:28,789 --> 00:22:26,700

satellites and like okay anything that

566

00:22:31,430 --> 00:22:28,799

Pilots see that's similar it's solved

567

00:22:35,110 --> 00:22:31,440

it's not I really think that's a big

568

00:22:38,810 --> 00:22:35,120

mistake right and um especially because

569

00:22:39,649 --> 00:22:38,820

we have to consider the possibility that

570

00:22:42,529 --> 00:22:39,659

um

571

00:22:45,649 --> 00:22:42,539

that they

572

00:22:47,510 --> 00:22:45,659

are trying to mimic or or mixing in with

573

00:22:49,669 --> 00:22:47,520

this new satellite phenomena and

574

00:22:50,450 --> 00:22:49,679

disguising themselves no I'm not saying

575

00:22:54,110 --> 00:22:50,460

that

576

00:22:56,210 --> 00:22:54,120

but because Pilots are more aware

577

00:22:57,890 --> 00:22:56,220

um to look for for strange things now

578

00:22:59,750 --> 00:22:57,900

and there's a lot of Buzz going on here

579

00:23:02,330 --> 00:22:59,760

I think we're getting more reports of

580

00:23:05,930 --> 00:23:02,340

these outliers as well and things that

581

00:23:08,510 --> 00:23:05,940

just can't be explained we have yet not

582

00:23:10,549 --> 00:23:08,520

heard from SpaceX

583

00:23:14,510 --> 00:23:10,559

um and I'm just saying me the little guy

584

00:23:17,149 --> 00:23:14,520

I'm talking about NBC the Today show

585

00:23:18,470 --> 00:23:17,159

um you know some some uh you know Daily

586

00:23:21,049 --> 00:23:18,480

Mail and some of those others were

587

00:23:24,409 --> 00:23:21,059

reporting on this stuff nobody has

588

00:23:26,510 --> 00:23:24,419

received word back from SpaceX or from

589

00:23:29,570 --> 00:23:26,520

um the FAA or NASA

590

00:23:32,029 --> 00:23:29,580

in regards to what these things are so

591

00:23:34,250 --> 00:23:32,039

this is their problem too

592

00:23:36,710 --> 00:23:34,260

I they're the ones who are getting these

593

00:23:39,350 --> 00:23:36,720

reports and filling up the the the

594

00:23:42,049 --> 00:23:39,360

channels and with the chatter and being

595

00:23:43,070 --> 00:23:42,059

extraction to Pilots so if there's an

596

00:23:46,190 --> 00:23:43,080

answer

597

00:23:49,669 --> 00:23:46,200

and if if SpaceX knows or the FAA has

598

00:23:51,830 --> 00:23:49,679

some you know control over this why

599

00:23:53,810 --> 00:23:51,840

aren't you notifying your Pilots

600

00:23:56,330 --> 00:23:53,820

why aren't you coming out and saying

601  
00:23:58,370 --> 00:23:56,340  
this is what they look like

602  
00:23:59,510 --> 00:23:58,380  
um if you see this this is probably what

603  
00:24:02,090 --> 00:23:59,520  
it is

604  
00:24:03,350 --> 00:24:02,100  
and start helping in the process and I

605  
00:24:04,549 --> 00:24:03,360  
don't mean to be too harsh on them

606  
00:24:05,630 --> 00:24:04,559  
because they have limited resources

607  
00:24:09,350 --> 00:24:05,640  
right now

608  
00:24:11,990 --> 00:24:09,360  
but what happens is they report it their

609  
00:24:15,169 --> 00:24:12,000  
supervisor at ATC

610  
00:24:17,570 --> 00:24:15,179  
says that's interesting maybe they make

611  
00:24:20,029 --> 00:24:17,580  
a couple phone calls and a story

612  
00:24:22,669 --> 00:24:20,039  
hardly ever is a report file that goes

613  
00:24:25,430 --> 00:24:22,679

higher up the food chain and nobody has

614

00:24:28,070 --> 00:24:25,440

called any of my Pilots for follow-up

615

00:24:31,549 --> 00:24:28,080

right and and so you're left with people

616

00:24:33,649 --> 00:24:31,559

like us who are doing it for basically

617

00:24:36,649 --> 00:24:33,659

free in our time

618

00:24:38,510 --> 00:24:36,659

because we we have a vested interest in

619

00:24:39,830 --> 00:24:38,520

the safety of it and I think it's

620

00:24:41,510 --> 00:24:39,840

important that people know what's going

621

00:24:44,990 --> 00:24:41,520

on

622

00:24:47,450 --> 00:24:45,000

for those of you who want to check out

623

00:24:49,909 --> 00:24:47,460

Ben's awesome videos that are quite

624

00:24:51,049 --> 00:24:49,919

detailed and he went to Great Lengths uh

625

00:24:53,810 --> 00:24:51,059

you see it on your screen there

626  
00:24:56,630 --> 00:24:53,820  
hypocenter Productions 101 on YouTube

627  
00:24:58,850 --> 00:24:56,640  
money Nathan thank you

628  
00:25:00,409 --> 00:24:58,860  
I mean Ben you um I mean I think you're

629  
00:25:01,549 --> 00:25:00,419  
touching on this some and it gets found

630  
00:25:03,049 --> 00:25:01,559  
on a little bit further but we were

631  
00:25:04,549 --> 00:25:03,059  
talking about Pilots

632  
00:25:06,710 --> 00:25:04,559  
um commercial pilots some who are just

633  
00:25:08,630 --> 00:25:06,720  
you know transferring uh Freight but

634  
00:25:09,950 --> 00:25:08,640  
many who have responsible for people's

635  
00:25:12,049 --> 00:25:09,960  
lives I mean we have talking about

636  
00:25:14,810 --> 00:25:12,059  
people that are shuttling uh human

637  
00:25:18,049 --> 00:25:14,820  
beings around constantly in the air and

638  
00:25:19,250 --> 00:25:18,059

for governments not to tell them a

639

00:25:21,169 --> 00:25:19,260

little bit more about what they might be

640

00:25:23,149 --> 00:25:21,179

seeing it just seems like incredibly

641

00:25:26,090 --> 00:25:23,159

irresponsible I mean the argument that

642

00:25:28,070 --> 00:25:26,100

this might be some kind of black Tech or

643

00:25:29,750 --> 00:25:28,080

whatnot that the government is just kind

644

00:25:32,630 --> 00:25:29,760

of experimenting with in space okay sure

645

00:25:34,549 --> 00:25:32,640

maybe that if that is the case fine but

646

00:25:36,350 --> 00:25:34,559

there is some level of responsibility I

647

00:25:38,149 --> 00:25:36,360

would I would imagine to at least the

648

00:25:39,409 --> 00:25:38,159

FAA to say hey look you know we're kind

649

00:25:41,029 --> 00:25:39,419

of playing around with some new toys up

650

00:25:43,310 --> 00:25:41,039

there and we don't want you to be

651  
00:25:44,990 --> 00:25:43,320  
distracted by this you know we're

652  
00:25:46,490 --> 00:25:45,000  
counting on you to kind of do your job

653  
00:25:48,110 --> 00:25:46,500  
and not have to you know pull out your

654  
00:25:49,430 --> 00:25:48,120  
cell phone and try to film this or fill

655  
00:25:51,470 --> 00:25:49,440  
out a report that just clutters up

656  
00:25:53,930 --> 00:25:51,480  
things that may distract us from doing

657  
00:25:56,029 --> 00:25:53,940  
other tasks that are really important

658  
00:25:58,730 --> 00:25:56,039  
yeah and it just gets put basically in a

659  
00:26:01,010 --> 00:25:58,740  
dust bin you know it just is like

660  
00:26:03,169 --> 00:26:01,020  
I understand within their scope of what

661  
00:26:05,029 --> 00:26:03,179  
they're given they they they don't have

662  
00:26:06,769 --> 00:26:05,039  
the ability to

663  
00:26:07,789 --> 00:26:06,779

um investigate at the FAS that's not

664

00:26:09,890 --> 00:26:07,799

their job

665

00:26:12,649 --> 00:26:09,900

but then whose is it

666

00:26:15,169 --> 00:26:12,659

and the the task force whoever

667

00:26:17,930 --> 00:26:15,179

um needs to do revamp the policy of

668

00:26:19,850 --> 00:26:17,940

reporting a follow-up

669

00:26:22,850 --> 00:26:19,860

um we've got just to kind of tease this

670

00:26:24,710 --> 00:26:22,860

once I clear my plate of this new big

671

00:26:26,810 --> 00:26:24,720

thing I think it's pretty big

672

00:26:28,909 --> 00:26:26,820

we have a couple daytime sightings

673

00:26:30,769 --> 00:26:28,919

nothing to do with these racetrack

674

00:26:32,930 --> 00:26:30,779

patterns but objects that seem to be

675

00:26:35,630 --> 00:26:32,940

pacing or

676  
00:26:39,049 --> 00:26:35,640  
um in the airspace with video you know

677  
00:26:41,810 --> 00:26:39,059  
of of aircraft and it's like

678  
00:26:44,149 --> 00:26:41,820  
okay now I now I have a potential of a

679  
00:26:46,070 --> 00:26:44,159  
near miss or something you know of this

680  
00:26:49,370 --> 00:26:46,080  
object so what are they going to do

681  
00:26:51,289 --> 00:26:49,380  
about it and it's it's call up ATC okay

682  
00:26:52,510 --> 00:26:51,299  
nope don't have anything on radar okay

683  
00:26:55,789 --> 00:26:52,520  
move along

684  
00:26:59,450 --> 00:26:55,799  
you know it's like right all right yep

685  
00:27:00,830 --> 00:26:59,460  
don't see it sorry yeah yeah and so you

686  
00:27:04,190 --> 00:27:00,840  
wonder why Pilots don't want to report

687  
00:27:05,210 --> 00:27:04,200  
you know they're like all all it is is a

688  
00:27:05,870 --> 00:27:05,220

negative

689

00:27:09,409 --> 00:27:05,880

um

690

00:27:12,049 --> 00:27:09,419

a loss for them of risk because

691

00:27:13,909 --> 00:27:12,059

you know their Airline could retaliate

692

00:27:15,950 --> 00:27:13,919

against them if it went public you know

693

00:27:18,649 --> 00:27:15,960

why did you tell this person or that

694

00:27:20,390 --> 00:27:18,659

or the FAA some of them whether this is

695

00:27:22,130 --> 00:27:20,400

true or not some of them are still

696

00:27:23,330 --> 00:27:22,140

afraid there's a myth you know that

697

00:27:24,830 --> 00:27:23,340

they're going to come along and remove

698

00:27:26,090 --> 00:27:24,840

your medical because you're reporting

699

00:27:27,890 --> 00:27:26,100

crazy things

700

00:27:30,710 --> 00:27:27,900

right and then you can't fly anymore

701  
00:27:33,649 --> 00:27:30,720  
which I don't think is a real legit

702  
00:27:35,750 --> 00:27:33,659  
thing that still happens but

703  
00:27:37,610 --> 00:27:35,760  
um some of them are afraid of that

704  
00:27:39,350 --> 00:27:37,620  
and so they're like if the f8 isn't

705  
00:27:43,190 --> 00:27:39,360  
going to do anything with it

706  
00:27:47,510 --> 00:27:45,289  
I was going to say fortunately what

707  
00:27:49,730 --> 00:27:47,520  
you're doing you're destigmatizing it

708  
00:27:50,810 --> 00:27:49,740  
because we've heard those uh I don't

709  
00:27:52,669 --> 00:27:50,820  
know if it's the beginning of Martin

710  
00:27:54,289 --> 00:27:52,679  
Willis's show it's one of the shows out

711  
00:27:56,510 --> 00:27:54,299  
there where somebody's talking to

712  
00:27:57,950 --> 00:27:56,520  
Charlotte Center and they're saying do

713  
00:27:58,909 --> 00:27:57,960

you want to report a UFO like no we

714

00:28:00,710 --> 00:27:58,919

don't want to report anything do you

715

00:28:03,470 --> 00:28:00,720

want it no we're not important or

716

00:28:04,970 --> 00:28:03,480

anything but uh and I think with the

717

00:28:06,830 --> 00:28:04,980

question I wrote down and I got to get

718

00:28:09,230 --> 00:28:06,840

this to Deb so basically it's it was

719

00:28:11,570 --> 00:28:09,240

interesting the the controller very

720

00:28:14,269 --> 00:28:11,580

wisely never asked any of those Pilots

721

00:28:16,730 --> 00:28:14,279

if they want to report a quote UFO

722

00:28:18,310 --> 00:28:16,740

unquote perhaps he was allowing them to

723

00:28:20,210 --> 00:28:18,320

relate what they were seeing without

724

00:28:22,789 --> 00:28:20,220

stigmatizing it do you do you believe

725

00:28:25,190 --> 00:28:22,799

that was the case that was purposeful

726

00:28:27,049 --> 00:28:25,200

yeah yeah and I think that they always

727

00:28:29,390 --> 00:28:27,059

are kind of careful that they just say

728

00:28:31,850 --> 00:28:29,400

do you have any traffic no we're not

729

00:28:33,470 --> 00:28:31,860

showing anything okay that's weird some

730

00:28:34,370 --> 00:28:33,480

of the the radio chatter I'm going to

731

00:28:36,169 --> 00:28:34,380

release

732

00:28:38,330 --> 00:28:36,179

um maybe before Christmas is we get

733

00:28:40,850 --> 00:28:38,340

around to it it's funny because they're

734

00:28:42,590 --> 00:28:40,860

human they joke around but you'll hear

735

00:28:44,510 --> 00:28:42,600

Pilots like chiming in there and like

736

00:28:46,130 --> 00:28:44,520

Whispering it's aliens

737

00:28:47,990 --> 00:28:46,140

you know stuff

738

00:28:50,630 --> 00:28:48,000

and the controllers are the ones usually

739

00:28:53,149 --> 00:28:50,640

being the very professional ones despite

740

00:28:56,630 --> 00:28:53,159

what the pilots are joking around but

741

00:28:57,649 --> 00:28:56,640

again fear is a way that people deal

742

00:28:59,810 --> 00:28:57,659

with this

743

00:29:03,169 --> 00:28:59,820

right humor humor is a way that people

744

00:29:04,909 --> 00:29:03,179

deal with fear in a lot of these because

745

00:29:05,990 --> 00:29:04,919

they're up there and they're seeing

746

00:29:08,510 --> 00:29:06,000

things they're like I'm not even gonna

747

00:29:11,990 --> 00:29:08,520

go down that road hahaha but can they

748

00:29:14,090 --> 00:29:12,000

explain it no and and when we you know

749

00:29:17,090 --> 00:29:14,100

have the opportunity to interview them

750

00:29:20,269 --> 00:29:17,100

usually not in that setting they're like

751  
00:29:22,549 --> 00:29:20,279  
yeah I mean maybe I'm not afraid that

752  
00:29:24,649 --> 00:29:22,559  
it's gonna you know come and take me

753  
00:29:27,289 --> 00:29:24,659  
but this is really really weird because

754  
00:29:29,690 --> 00:29:27,299  
it shouldn't be in the sky

755  
00:29:31,970 --> 00:29:29,700  
well uh Debs is going to get the the

756  
00:29:33,830 --> 00:29:31,980  
final question with you but one and and

757  
00:29:36,830 --> 00:29:33,840  
but one of the things that I I wrote

758  
00:29:38,029 --> 00:29:36,840  
down was that one of the pilots uh was

759  
00:29:39,950 --> 00:29:38,039  
having an interaction with the

760  
00:29:42,049 --> 00:29:39,960  
controller and they said oh this is

761  
00:29:44,810 --> 00:29:42,059  
probably a military something or other

762  
00:29:46,549 --> 00:29:44,820  
and we'll probably never know uh and he

763  
00:29:49,310 --> 00:29:46,559

goes you got that right something so I'm

764

00:29:50,990 --> 00:29:49,320

just you know paraphrasing here and it I

765

00:29:53,630 --> 00:29:51,000

really believe there's a cognitive

766

00:29:56,269 --> 00:29:53,640

dissonance that occurs when somebody

767

00:29:57,889 --> 00:29:56,279

cannot explain I can't explain that and

768

00:29:59,269 --> 00:29:57,899

I don't want to believe that it's

769

00:30:01,970 --> 00:29:59,279

something that I can't explain so

770

00:30:03,830 --> 00:30:01,980

therefore I'm gonna throw something also

771

00:30:05,810 --> 00:30:03,840

happens with Bigfoot all the time what

772

00:30:07,370 --> 00:30:05,820

is that what do you think it is it just

773

00:30:08,930 --> 00:30:07,380

threw something at you think there's a

774

00:30:11,750 --> 00:30:08,940

baseball player out here in the middle

775

00:30:14,090 --> 00:30:11,760

of the woods uh but anyway there's a

776

00:30:15,649 --> 00:30:14,100

cognitive dissonance that occurs and I

777

00:30:17,990 --> 00:30:15,659

think that's what happened in that in

778

00:30:20,149 --> 00:30:18,000

that particular instance yeah it's a

779

00:30:23,210 --> 00:30:20,159

defense mechanism and you'll hear it um

780

00:30:25,250 --> 00:30:23,220

with Witnesses who um more than a couple

781

00:30:26,750 --> 00:30:25,260

times I've heard they see something in

782

00:30:28,490 --> 00:30:26,760

the sky they pull over their car they

783

00:30:30,529 --> 00:30:28,500

get out

784

00:30:32,750 --> 00:30:30,539

um they might even video it and and a

785

00:30:34,909 --> 00:30:32,760

bunch of people watching it they get

786

00:30:36,529 --> 00:30:34,919

back into their car drive home with

787

00:30:38,330 --> 00:30:36,539

whoever they're with and don't talk

788

00:30:40,669 --> 00:30:38,340

about it at all

789

00:30:42,169 --> 00:30:40,679

until like a couple days or sometimes

790

00:30:44,269 --> 00:30:42,179

even years later and they're like you

791

00:30:46,909 --> 00:30:44,279

remember that weird thing we saw holy

792

00:30:48,830 --> 00:30:46,919

crap that is weird why would you not be

793

00:30:50,630 --> 00:30:48,840

talking about it all the way home and it

794

00:30:53,090 --> 00:30:50,640

might be what you're talking about is

795

00:30:55,610 --> 00:30:53,100

that it's so sometimes like

796

00:30:58,430 --> 00:30:55,620

earth-shattering your brain goes into

797

00:31:00,110 --> 00:30:58,440

overdrive in in trying a defense

798

00:31:02,570 --> 00:31:00,120

mechanism of denial

799

00:31:04,789 --> 00:31:02,580

and it's kind of like I don't even know

800

00:31:06,889 --> 00:31:04,799

how to begin to address it and so they

801

00:31:09,230 --> 00:31:06,899

just pretend they block it out

802

00:31:12,230 --> 00:31:09,240

right and that happens quite frequently

803

00:31:14,450 --> 00:31:12,240

when people don't discuss their sighting

804

00:31:15,889 --> 00:31:14,460

or they forget they have a phone

805

00:31:18,049 --> 00:31:15,899

in their pocket and they can watch

806

00:31:19,730 --> 00:31:18,059

something for 20 and 30 minutes

807

00:31:21,169 --> 00:31:19,740

and and then the first question is well

808

00:31:24,230 --> 00:31:21,179

did you video it and we all want to know

809

00:31:26,330 --> 00:31:24,240

why didn't you video it I don't know I'm

810

00:31:28,190 --> 00:31:26,340

just staring at it

811

00:31:30,049 --> 00:31:28,200

I think we should call that the Kurt

812

00:31:32,149 --> 00:31:30,059

Russell phenomenon since he did that

813

00:31:33,950 --> 00:31:32,159

with the Phoenix Lights and he was a

814

00:31:35,990 --> 00:31:33,960

pilot who saw it

815

00:31:38,450 --> 00:31:36,000

um so yeah I just wanted to ask about

816

00:31:40,850 --> 00:31:38,460

pilots in general because I heard

817

00:31:43,789 --> 00:31:40,860

yesterday in a talk space that I was in

818

00:31:47,510 --> 00:31:43,799

actually that um apparently China's been

819

00:31:50,210 --> 00:31:47,520

having people report UFOs since day one

820

00:31:52,730 --> 00:31:50,220

so we're really behind on this and then

821

00:31:55,130 --> 00:31:52,740

there are other Pilots that are probably

822

00:31:57,769 --> 00:31:55,140

sitting on some interesting stories from

823

00:31:59,570 --> 00:31:57,779

NASA test pilots and of course then

824

00:32:01,010 --> 00:31:59,580

there's the astronauts so I was

825

00:32:04,130 --> 00:32:01,020

wondering if you were going to broaden

826

00:32:07,970 --> 00:32:06,010

um yeah I mean we're we're open to

827

00:32:11,570 --> 00:32:07,980

anybody like

828

00:32:13,789 --> 00:32:11,580

um my next report is not even Pilots

829

00:32:16,190 --> 00:32:13,799

um but we just kind of got on this train

830

00:32:17,750 --> 00:32:16,200

with Pilots because it's a Snowball

831

00:32:20,029 --> 00:32:17,760

Effect and we keep getting more and more

832

00:32:22,970 --> 00:32:20,039

people reporting to us

833

00:32:24,889 --> 00:32:22,980

um and I I love all sorts of aviators

834

00:32:26,450 --> 00:32:24,899

anybody who wants to talk about it so

835

00:32:27,769 --> 00:32:26,460

that does seem to be kind of the niche

836

00:32:31,130 --> 00:32:27,779

but

837

00:32:33,529 --> 00:32:31,140

um you know I I I don't know if I've

838

00:32:35,149 --> 00:32:33,539

actually talked to any astronaut you

839

00:32:37,789 --> 00:32:35,159

know one-on-one about things that

840

00:32:39,889 --> 00:32:37,799

they've seen But there are other

841

00:32:42,049 --> 00:32:39,899

countries who seem to be more open about

842

00:32:45,169 --> 00:32:42,059

this that don't have that stigma that is

843

00:32:46,190 --> 00:32:45,179

entirely true and why we continue with

844

00:32:49,490 --> 00:32:46,200

it here

845

00:32:51,529 --> 00:32:49,500

you know is is beyond silly you know I

846

00:32:53,330 --> 00:32:51,539

had a guy from Australia pilot down

847

00:32:57,049 --> 00:32:53,340

there the same thing happens though he's

848

00:32:59,090 --> 00:32:57,059

like I have a very uncommon name and he

849

00:33:01,130 --> 00:32:59,100

didn't want me to use his name or

850

00:33:02,630 --> 00:33:01,140

anything because of he was afraid of it

851

00:33:04,490 --> 00:33:02,640

being on the news and him getting in

852

00:33:07,549 --> 00:33:04,500

trouble with his airline

853

00:33:09,649 --> 00:33:07,559

and everything there so most western

854

00:33:13,190 --> 00:33:09,659

world countries are kind of like that

855

00:33:15,649 --> 00:33:13,200

and and the others um just one side note

856

00:33:18,289 --> 00:33:15,659

getting sucked up into this whole China

857

00:33:21,409 --> 00:33:18,299

thing I'm not sure what to make of this

858

00:33:22,970 --> 00:33:21,419

yet because we saw this shift with the

859

00:33:25,130 --> 00:33:22,980

New York Times article

860

00:33:28,190 --> 00:33:25,140

and we're all sitting here waiting for

861

00:33:31,450 --> 00:33:28,200

the new UAP report to come out but it

862

00:33:33,889 --> 00:33:31,460

seems like somebody whether it was

863

00:33:35,269 --> 00:33:33,899

intentional or not or just a New York

864

00:33:38,630 --> 00:33:35,279

Times spinning it

865

00:33:40,850 --> 00:33:38,640

they're priming you to make this more of

866

00:33:42,710 --> 00:33:40,860

a an issue of National Security meaning

867

00:33:44,149 --> 00:33:42,720

that we we may not know what our

868

00:33:45,889 --> 00:33:44,159

adversaries are flying drones and we

869

00:33:49,610 --> 00:33:45,899

hear drones drones drones drones

870

00:33:52,130 --> 00:33:49,620

right that is also important but they're

871

00:33:55,250 --> 00:33:52,140

conflating the two issues right right

872

00:33:59,210 --> 00:33:55,260

who cares at this point whether it's

873

00:34:01,310 --> 00:33:59,220

China or or ET the issue is you don't

874

00:34:04,070 --> 00:34:01,320

dismiss it if you if you don't know

875

00:34:05,269 --> 00:34:04,080

what's swarming your battleship and you

876

00:34:08,389 --> 00:34:05,279

don't know where these things are going

877

00:34:10,550 --> 00:34:08,399

and you don't know who's flying them you

878

00:34:12,889 --> 00:34:10,560

know that's the first concern

879

00:34:15,109 --> 00:34:12,899

right and and so for you to come out and

880

00:34:16,550 --> 00:34:15,119

just say we've we've determined that

881

00:34:19,369 --> 00:34:16,560

most of these things are probably

882

00:34:22,190 --> 00:34:19,379

Chinese drones it's like that is not

883

00:34:23,750 --> 00:34:22,200

comforting right because do we have that

884

00:34:25,909 --> 00:34:23,760

capability and then you got China over

885

00:34:28,190 --> 00:34:25,919

here getting upset like prove it don't

886

00:34:31,310 --> 00:34:28,200

use her accusations at us if you have no

887

00:34:33,710 --> 00:34:31,320

proof so it was a bad move I think it's

888

00:34:34,790 --> 00:34:33,720

a bad PR move if that's what they're

889

00:34:37,369 --> 00:34:34,800

doing

890

00:34:40,010 --> 00:34:37,379

yeah and Ben couldn't they be a dump in

891

00:34:41,990 --> 00:34:40,020

like VX pellets on the on the the deck

892

00:34:44,030 --> 00:34:42,000

of a carrier if they can just fly with

893

00:34:45,710 --> 00:34:44,040

impunity over whatever ship they want

894

00:34:48,169 --> 00:34:45,720

hey let's see what kind of Munitions we

895

00:34:51,589 --> 00:34:48,179

want to drop or gas or chem

896

00:34:53,270 --> 00:34:51,599

so yeah it's a big problem and if you

897

00:34:55,250 --> 00:34:53,280

remember the flap we had it was like two

898

00:34:58,070 --> 00:34:55,260

summers ago in the midwest Colorado

899

00:35:01,130 --> 00:34:58,080

Nebraska

900

00:35:03,589 --> 00:35:01,140

um the some states there like North

901  
00:35:06,109 --> 00:35:03,599  
Dakota they they had no idea the FBI

902  
00:35:09,250 --> 00:35:06,119  
investigated this they still had no

903  
00:35:12,349 --> 00:35:09,260  
conclusion as to how there were hundreds

904  
00:35:14,150 --> 00:35:12,359  
of look like drones look like

905  
00:35:16,010 --> 00:35:14,160  
anti-collision lights swarming around

906  
00:35:17,870 --> 00:35:16,020  
checking out different fields flying

907  
00:35:20,870 --> 00:35:17,880  
away they don't know where they go

908  
00:35:24,050 --> 00:35:20,880  
uh that whoever if it's Earthly

909  
00:35:27,770 --> 00:35:24,060  
that's a massive you know like a control

910  
00:35:30,650 --> 00:35:27,780  
uh a very coordinated effort

911  
00:35:32,990 --> 00:35:30,660  
you know for somebody who's got money

912  
00:35:35,150 --> 00:35:33,000  
and that you know for an adversary or

913  
00:35:38,030 --> 00:35:35,160

somebody else testing stuff out you know

914

00:35:40,630 --> 00:35:38,040

to go around and to do that in so many

915

00:35:43,069 --> 00:35:40,640

locations that is a security problem

916

00:35:45,589 --> 00:35:43,079

right and so you got both of those

917

00:35:47,630 --> 00:35:45,599

issues happening and I think in the eyes

918

00:35:49,730 --> 00:35:47,640

of the media the problem is the media

919

00:35:51,650 --> 00:35:49,740

doesn't care or take the time to

920

00:35:53,569 --> 00:35:51,660

separate them and say

921

00:35:55,490 --> 00:35:53,579

you know okay most of these are just

922

00:35:57,109 --> 00:35:55,500

drones okay let's move on no

923

00:35:59,930 --> 00:35:57,119

intellectually we haven't determined

924

00:36:01,130 --> 00:35:59,940

that who's flying them

925

00:36:05,210 --> 00:36:01,140

yeah

926

00:36:06,650 --> 00:36:05,220

I'm with you um so uh guys and gals in

927

00:36:09,050 --> 00:36:06,660

the chat we got to get Ben out of here

928

00:36:11,030 --> 00:36:09,060

so we're gonna go with cabbie goodbyes

929

00:36:13,250 --> 00:36:11,040

and then we'll basically beg Ben to come

930

00:36:16,490 --> 00:36:13,260

back at another point but uh but let's

931

00:36:19,490 --> 00:36:16,500

start with the Gabby goodbyes Deb

932

00:36:22,370 --> 00:36:19,500

T yeah I just wanted to say to quote

933

00:36:25,490 --> 00:36:22,380

Labyrinth should you need us we are here

934

00:36:27,890 --> 00:36:25,500

we're happy to help you in your uh in

935

00:36:29,690 --> 00:36:27,900

your activities awesome well there's

936

00:36:30,890 --> 00:36:29,700

three of you you could be like the lone

937

00:36:34,490 --> 00:36:30,900

gunman

938

00:36:37,370 --> 00:36:34,500

right and and I just call you up and we

939

00:36:39,770 --> 00:36:37,380

actually we should for those who have

940

00:36:42,109 --> 00:36:39,780

time you know we just need time to

941

00:36:43,730 --> 00:36:42,119

organize it we need more manpower on

942

00:36:46,370 --> 00:36:43,740

some of this stuff like tracking down

943

00:36:48,349 --> 00:36:46,380

things because uh when we work on big

944

00:36:50,390 --> 00:36:48,359

cases I want to get the information out

945

00:36:53,630 --> 00:36:50,400

quickly but

946

00:36:55,970 --> 00:36:53,640

it's hard to have competent people

947

00:36:58,790 --> 00:36:55,980

you know to to go out and ask the right

948

00:37:02,210 --> 00:36:58,800

questions and to be a force multiplier

949

00:37:04,970 --> 00:37:02,220

right some of these cases are really big

950

00:37:08,390 --> 00:37:04,980

and like I just said you know like

951  
00:37:10,370 --> 00:37:08,400  
uh in full disclosure I only monetize my

952  
00:37:12,530 --> 00:37:10,380  
YouTube just a couple months ago because

953  
00:37:14,990 --> 00:37:12,540  
I was like if I'm going to do this I had

954  
00:37:16,670 --> 00:37:15,000  
to remonetize it the only thing that

955  
00:37:20,030 --> 00:37:16,680  
comes out is if somebody clicks on that

956  
00:37:21,650 --> 00:37:20,040  
and that's fine but you know when I've

957  
00:37:23,450 --> 00:37:21,660  
got a wife who's like why are you doing

958  
00:37:25,010 --> 00:37:23,460  
this again you know like is it is it

959  
00:37:26,930 --> 00:37:25,020  
making any money like

960  
00:37:28,069 --> 00:37:26,940  
um a little bit you know it's kind of

961  
00:37:31,310 --> 00:37:28,079  
like

962  
00:37:34,030 --> 00:37:31,320  
um we need more people in order to

963  
00:37:36,410 --> 00:37:34,040

um to be able to to cover all the ground

964

00:37:39,230 --> 00:37:36,420

you know so hopefully down the road

965

00:37:40,970 --> 00:37:39,240

we'll assemble something like that I

966

00:37:43,550 --> 00:37:40,980

will say we we've gone the whole show

967

00:37:45,370 --> 00:37:43,560

without talking about metabunk

968

00:37:49,670 --> 00:37:45,380

um

969

00:37:52,010 --> 00:37:49,680

another 30 shows without time by the way

970

00:37:54,349 --> 00:37:52,020

there are some organizations out there

971

00:37:56,810 --> 00:37:54,359

who are better organized as far as

972

00:37:59,329 --> 00:37:56,820

forums and working in a problem

973

00:38:00,770 --> 00:37:59,339

right and So eventually we'd like to get

974

00:38:02,690 --> 00:38:00,780

to that

975

00:38:05,569 --> 00:38:02,700

um there's things I can't talk about yet

976

00:38:08,210 --> 00:38:05,579

but organizations and things that will

977

00:38:10,130 --> 00:38:08,220

be able to collect information and

978

00:38:11,750 --> 00:38:10,140

hopefully do a community sort of thing

979

00:38:12,770 --> 00:38:11,760

where we can solve some of these

980

00:38:14,750 --> 00:38:12,780

together

981

00:38:17,450 --> 00:38:14,760

we can look for explanations when there

982

00:38:20,329 --> 00:38:17,460

when there are some or we can put

983

00:38:21,829 --> 00:38:20,339

together patterns and try to figure out

984

00:38:24,230 --> 00:38:21,839

what's happening and I think that is

985

00:38:27,050 --> 00:38:24,240

best done as a community it's just we

986

00:38:30,589 --> 00:38:27,060

got to stop the infighting we gotta stop

987

00:38:32,750 --> 00:38:30,599

you know tearing people down and and you

988

00:38:37,069 --> 00:38:32,760

know theories or character

989

00:38:39,050 --> 00:38:37,079

assassinations if somebody is not I mean

990

00:38:40,730 --> 00:38:39,060

if they've got a good heart in this and

991

00:38:43,849 --> 00:38:40,740

they're not legitimately out there to

992

00:38:46,310 --> 00:38:43,859

hoax and to do things like let's be open

993

00:38:49,130 --> 00:38:46,320

to to all sorts of theories and let the

994

00:38:56,030 --> 00:38:49,140

facts lead us where they may right stick

995

00:39:01,190 --> 00:38:59,270

yeah and um I'll I'll let Nathan go with

996

00:39:02,930 --> 00:39:01,200

his Gabby goodbye now you know Ben

997

00:39:05,390 --> 00:39:02,940

that's that's just so refreshing and I

998

00:39:06,950 --> 00:39:05,400

really appreciate you saying that and um

999

00:39:08,450 --> 00:39:06,960

you know there are a lot of folks out

1000

00:39:10,849 --> 00:39:08,460

there in the community who I think are

1001  
00:39:12,230 --> 00:39:10,859  
eager to help and want to help uh with

1002  
00:39:15,650 --> 00:39:12,240  
the right effort the right leadership

1003  
00:39:18,290 --> 00:39:15,660  
structure so the the person power is

1004  
00:39:20,150 --> 00:39:18,300  
there uh and hopefully that the time and

1005  
00:39:23,030 --> 00:39:20,160  
the kind of stars will align to where we

1006  
00:39:24,950 --> 00:39:23,040  
can move these uh these resources in the

1007  
00:39:26,510 --> 00:39:24,960  
same direction but you're a big part of

1008  
00:39:28,010 --> 00:39:26,520  
that I appreciate your openness to this

1009  
00:39:29,690 --> 00:39:28,020  
conversation

1010  
00:39:31,250 --> 00:39:29,700  
um setting the stage for people to feel

1011  
00:39:32,870 --> 00:39:31,260  
comfortable to come forward and talk

1012  
00:39:34,609 --> 00:39:32,880  
with you about what they're seeing even

1013  
00:39:36,650 --> 00:39:34,619

if later on it turns out it's totally

1014

00:39:38,569 --> 00:39:36,660

prosaic hey that's fine it's great let's

1015

00:39:40,130 --> 00:39:38,579

figure that out so thank you for what

1016

00:39:42,349 --> 00:39:40,140

you're doing and um you know you've got

1017

00:39:43,849 --> 00:39:42,359

big fans on on our show here and we hope

1018

00:39:45,950 --> 00:39:43,859

that you have a lot of success going

1019

00:39:48,050 --> 00:39:45,960

forward awesome thank you guys and

1020

00:39:49,609 --> 00:39:48,060

thanks for carrying the message and uh

1021

00:39:51,890 --> 00:39:49,619

and hopefully we reach that point

1022

00:39:53,470 --> 00:39:51,900

because you know the government's behind

1023

00:39:56,810 --> 00:39:53,480

the game here

1024

00:39:59,030 --> 00:39:56,820

at least publicly and and what they're

1025

00:40:01,730 --> 00:39:59,040

you know sharing with us they could use

1026

00:40:03,230 --> 00:40:01,740

help too and if they're open to it

1027

00:40:04,730 --> 00:40:03,240

um you know we can all work on this

1028

00:40:06,650 --> 00:40:04,740

together

1029

00:40:09,349 --> 00:40:06,660

I also want to say in terms of force

1030

00:40:11,390 --> 00:40:09,359

multiplier uh you have some three of us

1031

00:40:14,690 --> 00:40:11,400

here I have an aviation background

1032

00:40:17,810 --> 00:40:14,700

obviously from the Air Force and Nathan

1033

00:40:20,810 --> 00:40:17,820

and Debs also uh you could uh trust if

1034

00:40:22,490 --> 00:40:20,820

you need us to do some some uh speaking

1035

00:40:24,530 --> 00:40:22,500

with people or investigating or taking

1036

00:40:26,270 --> 00:40:24,540

statements we won't embarrass you I

1037

00:40:28,370 --> 00:40:26,280

promise you that it doesn't matter which

1038

00:40:31,130 --> 00:40:28,380

one of us does it and and I do speak the

1039

00:40:33,410 --> 00:40:31,140

lingo so awesome well thank you so much

1040

00:40:35,750 --> 00:40:33,420

appreciate it thank you so much Namaste

1041

00:40:37,790 --> 00:40:35,760

for your uh time Ben we're gonna stay on

1042

00:40:40,130 --> 00:40:37,800

and talk for a couple minutes your Links

1043

00:40:43,190 --> 00:40:40,140

of everything will be in our show notes

1044

00:40:45,230 --> 00:40:43,200

when the podcast comes out tomorrow and

1045

00:40:47,750 --> 00:40:45,240

uh we really really appreciate your time

1046

00:40:49,550 --> 00:40:47,760

and I know the aviation Community does

1047

00:40:52,130 --> 00:40:49,560

as well and I'm going to reach out to

1048

00:40:54,050 --> 00:40:52,140

the four or five or six guys I know that

1049

00:40:56,329 --> 00:40:54,060

are gotten off active duty and are

1050

00:41:00,230 --> 00:40:56,339

flying commercially to ask the question

1051

00:41:02,089 --> 00:41:00,240

at least and then directly to you uh

1052

00:41:04,550 --> 00:41:02,099

actually there will be some help you

1053

00:41:06,589 --> 00:41:04,560

could uh help me with when that happens

1054

00:41:09,109 --> 00:41:06,599

um okay yeah because we're going to be

1055

00:41:10,849 --> 00:41:09,119

rolling out some some uh kind of

1056

00:41:12,230 --> 00:41:10,859

reporting systems and methods to get

1057

00:41:13,849 --> 00:41:12,240

those reports

1058

00:41:16,849 --> 00:41:13,859

and I'm just collecting them right now

1059

00:41:18,589 --> 00:41:16,859

for my website you know ufowitness.tv

1060

00:41:19,910 --> 00:41:18,599

but

1061

00:41:22,310 --> 00:41:19,920

um I think we're going to be using

1062

00:41:24,829 --> 00:41:22,320

another system pretty soon here that's

1063

00:41:26,870 --> 00:41:24,839

going to be much larger and and gather

1064

00:41:28,730 --> 00:41:26,880

data better

1065

00:41:30,890 --> 00:41:28,740

um so I'll you know let you you know

1066

00:41:32,510 --> 00:41:30,900

that when it comes out and then you can

1067

00:41:34,970 --> 00:41:32,520

help me get the word out

1068

00:41:36,829 --> 00:41:34,980

absolutely thank you so much for your

1069

00:41:38,630 --> 00:41:36,839

time I know you have editing to do

1070

00:41:40,849 --> 00:41:38,640

tonight we'll stay on for a couple

1071

00:41:43,430 --> 00:41:40,859

minutes and just and just uh praise you

1072

00:41:45,170 --> 00:41:43,440

for a little while longer and we hope to

1073

00:41:50,089 --> 00:41:45,180

see you down the road brother up okay

1074

00:42:01,190 --> 00:41:56,569

good man ugh man Monet maze how about it

1075

00:42:03,050 --> 00:42:01,200

I was thrilled he was great I he went on

1076

00:42:05,990 --> 00:42:03,060

more things he answered all my questions

1077

00:42:09,170 --> 00:42:06,000

before I asked them

1078

00:42:11,630 --> 00:42:09,180

I got to go look up his dissertation

1079

00:42:13,849 --> 00:42:11,640

yeah he did he yeah he did really well

1080

00:42:15,290 --> 00:42:13,859

it's interesting I don't think that the

1081

00:42:16,790 --> 00:42:15,300

interview went where we thought it was

1082

00:42:18,950 --> 00:42:16,800

going to go right

1083

00:42:21,230 --> 00:42:18,960

it was sort of we thought we were going

1084

00:42:24,589 --> 00:42:21,240

to talk about these these instances but

1085

00:42:26,690 --> 00:42:24,599

I think we had a more macro discussion

1086

00:42:29,210 --> 00:42:26,700

yeah well there's a lot there I mean the

1087

00:42:32,329 --> 00:42:29,220

guy's incredibly thoughtful uh you know

1088

00:42:34,730 --> 00:42:32,339

he's um he's open to the question he's

1089

00:42:36,470 --> 00:42:34,740

uh seems very genuine I mean this is the

1090

00:42:37,910 --> 00:42:36,480

qualities that we look for right we're

1091

00:42:40,490 --> 00:42:37,920

just trying to have a conversation and

1092

00:42:43,310 --> 00:42:40,500

clearly he's ready for that and is eager

1093

00:42:46,010 --> 00:42:43,320

to have that as well uh free of kind of

1094

00:42:47,569 --> 00:42:46,020

the ridicule and stigma and as he said

1095

00:42:50,569 --> 00:42:47,579

kind of character assassination that

1096

00:42:53,030 --> 00:42:50,579

tends to take place often in in these

1097

00:42:55,130 --> 00:42:53,040

circles so that's really refreshing and

1098

00:42:57,710 --> 00:42:55,140

and I think you know hopefully as a

1099

00:42:59,930 --> 00:42:57,720

model that others can can follow so you

1100

00:43:03,230 --> 00:42:59,940

know great work on his part to kind of

1101

00:43:05,030 --> 00:43:03,240

promote that mentality and and you know

1102

00:43:06,950 --> 00:43:05,040

I only I only left with more questions I

1103

00:43:08,450 --> 00:43:06,960

I know we're you're gonna have them back

1104

00:43:10,849 --> 00:43:08,460

and kind of dig into a lot more things

1105

00:43:15,349 --> 00:43:10,859

so that it'll be exciting in the future

1106

00:43:16,849 --> 00:43:15,359

I wrote notes like I had notes for some

1107

00:43:19,430 --> 00:43:16,859

things that he was saying I'm like oh

1108

00:43:21,470 --> 00:43:19,440

that's really good I wrote it down

1109

00:43:23,329 --> 00:43:21,480

yeah I think one of the folks from

1110

00:43:26,329 --> 00:43:23,339

Discovery mentioned something about 30

1111

00:43:27,710 --> 00:43:26,339

minutes I I think she asked me how long

1112

00:43:29,990 --> 00:43:27,720

you usually go I said you know we would

1113

00:43:31,609 --> 00:43:30,000

go like 60 minutes and then she might

1114

00:43:33,349 --> 00:43:31,619

have mentioned something about 30 and I

1115

00:43:36,109 --> 00:43:33,359

was looking for that email today and I

1116

00:43:38,089 --> 00:43:36,119

couldn't find it but but I'm glad Nathan

1117

00:43:40,069 --> 00:43:38,099

asked the question when he did because

1118

00:43:42,650 --> 00:43:40,079

that was what I was thinking and I'm

1119

00:43:44,089 --> 00:43:42,660

just glad you asked him that so that we

1120

00:43:46,130 --> 00:43:44,099

always want to be respectful of Our

1121

00:43:48,710 --> 00:43:46,140

Guest time

1122

00:43:51,530 --> 00:43:48,720

um so uh but yeah that like this was

1123

00:43:54,050 --> 00:43:51,540

just like uh you know like a preliminary

1124

00:43:55,849 --> 00:43:54,060

discussion but I I feel like he'll he'll

1125

00:43:58,550 --> 00:43:55,859

come back and and speak with us again

1126

00:44:01,309 --> 00:43:58,560

and we can dig in and maybe we can be a

1127

00:44:04,130 --> 00:44:01,319

help uh to him if he has somebody that

1128

00:44:05,990 --> 00:44:04,140

he needs uh one of us to talk to yeah

1129

00:44:07,670 --> 00:44:06,000

for sure and a couple of things too came

1130

00:44:08,750 --> 00:44:07,680

to mind I mean I think we it would be

1131

00:44:10,730 --> 00:44:08,760

good to get him connected with Chris

1132

00:44:13,190 --> 00:44:10,740

Ledo and and what he's trying to do with

1133

00:44:15,109 --> 00:44:13,200

UAP Society uh because that's another

1134

00:44:17,510 --> 00:44:15,119

organized effort of course there's the

1135

00:44:18,470 --> 00:44:17,520

SCU too and I'm sure he already is aware

1136

00:44:19,790 --> 00:44:18,480

of that

1137

00:44:20,990 --> 00:44:19,800

um yeah but you know the other thing

1138

00:44:23,450 --> 00:44:21,000

that really jumped out at me quite

1139

00:44:25,550 --> 00:44:23,460

frankly is when he said uh that of these

1140

00:44:27,290 --> 00:44:25,560

Pilots that he's already spoken with

1141

00:44:29,809 --> 00:44:27,300

like there's basically been zero

1142

00:44:31,370 --> 00:44:29,819

follow-up from from anybody you know

1143

00:44:33,890 --> 00:44:31,380

that there's been no follow-up from

1144

00:44:37,309 --> 00:44:33,900

anybody on the task force no follow-up

1145

00:44:39,470 --> 00:44:37,319

you know I mean I mean so that tells you

1146

00:44:41,270 --> 00:44:39,480

quite a bit I think

1147

00:44:44,150 --> 00:44:41,280

um you know if you just set the stage

1148

00:44:46,430 --> 00:44:44,160

with someone who's willing to listen to

1149

00:44:48,410 --> 00:44:46,440

what's out there willing to uh you know

1150

00:44:50,809 --> 00:44:48,420

entertain the question and make people

1151  
00:44:52,190 --> 00:44:50,819  
feel comfortable stepping forward and

1152  
00:44:54,050 --> 00:44:52,200  
sharing whatever it is that they're

1153  
00:44:55,370 --> 00:44:54,060  
seeing you know you're going to get

1154  
00:44:58,609 --> 00:44:55,380  
information you're going to get

1155  
00:45:00,950 --> 00:44:58,619  
something to take a look at uh and

1156  
00:45:04,130 --> 00:45:00,960  
instead we've had just a history of

1157  
00:45:06,170 --> 00:45:04,140  
incredible you know obfuscation and uh

1158  
00:45:07,670 --> 00:45:06,180  
you know just we don't want to deal with

1159  
00:45:09,950 --> 00:45:07,680  
this we don't want to talk about this we

1160  
00:45:11,089 --> 00:45:09,960  
want to stigmatize this and therefore

1161  
00:45:12,530 --> 00:45:11,099  
you have exactly what he talked about

1162  
00:45:15,170 --> 00:45:12,540  
Pilots that feel like it's just not even

1163  
00:45:17,089 --> 00:45:15,180

worth their time because no one's going

1164

00:45:18,950 --> 00:45:17,099

to listen No One's Gonna you know

1165

00:45:20,750 --> 00:45:18,960

actually look at this and I think that's

1166

00:45:23,030 --> 00:45:20,760

that's a real concern I mean imagine

1167

00:45:26,750 --> 00:45:23,040

this DJ like it from your world too like

1168

00:45:29,750 --> 00:45:26,760

imagine this scenario where we have a a

1169

00:45:31,309 --> 00:45:29,760

drone strike that happens on a very

1170

00:45:32,809 --> 00:45:31,319

sensitive facility somewhere in the

1171

00:45:34,550 --> 00:45:32,819

United States

1172

00:45:36,710 --> 00:45:34,560

and uh and all of a sudden we're like

1173

00:45:37,910 --> 00:45:36,720

well geez we never saw this coming you

1174

00:45:39,650 --> 00:45:37,920

know that this incredible drone

1175

00:45:40,970 --> 00:45:39,660

technology was able to do these crazy

1176

00:45:42,589 --> 00:45:40,980

things that we couldn't you know we

1177

00:45:44,450 --> 00:45:42,599

couldn't detect it and yada yada and

1178

00:45:45,829 --> 00:45:44,460

like you know we look back at this did

1179

00:45:47,450 --> 00:45:45,839

anyone try to think about that or look

1180

00:45:49,490 --> 00:45:47,460

at that oh yeah well we did set up a

1181

00:45:50,750 --> 00:45:49,500

task force that you know was trying to

1182

00:45:51,890 --> 00:45:50,760

look at this well what did you do with

1183

00:45:54,170 --> 00:45:51,900

it well we really actually didn't do

1184

00:45:55,910 --> 00:45:54,180

much at all in fact we tried not to even

1185

00:45:57,890 --> 00:45:55,920

send a report to anyone we kind of

1186

00:46:00,770 --> 00:45:57,900

pretended it wasn't a big deal I mean it

1187

00:46:02,930 --> 00:46:00,780

would be a catastrophe right I mean this

1188

00:46:04,910 --> 00:46:02,940

would be a huge failure of our

1189

00:46:07,190 --> 00:46:04,920

government to do that I mean obviously

1190

00:46:09,290 --> 00:46:07,200

they're not perfect but I mean we're at

1191

00:46:11,089 --> 00:46:09,300

a stage where if if this is drone

1192

00:46:13,069 --> 00:46:11,099

technology from one of our adversaries

1193

00:46:14,990 --> 00:46:13,079

then we better figure this out we better

1194

00:46:16,790 --> 00:46:15,000

figure and we better start you know

1195

00:46:18,410 --> 00:46:16,800

instituting some consequences for that I

1196

00:46:20,569 --> 00:46:18,420

mean if China's just going to kind of

1197

00:46:22,550 --> 00:46:20,579

buzz our our battle groups out in the

1198

00:46:25,010 --> 00:46:22,560

ocean I mean there should be some

1199

00:46:27,950 --> 00:46:25,020

political consequence to that to China

1200

00:46:31,010 --> 00:46:27,960

you know whether that's some kind of uh

1201  
00:46:32,510 --> 00:46:31,020  
you know tariff or you know slap on the

1202  
00:46:34,849 --> 00:46:32,520  
hand some other way or you know there

1203  
00:46:37,970 --> 00:46:34,859  
are there are things we can do exactly

1204  
00:46:39,890 --> 00:46:37,980  
that would communicate don't do this you

1205  
00:46:41,390 --> 00:46:39,900  
know and doesn't sound like we're doing

1206  
00:46:43,849 --> 00:46:41,400  
any of that so it's it's a bit

1207  
00:46:45,530 --> 00:46:43,859  
perplexing to me well I have I have a

1208  
00:46:48,050 --> 00:46:45,540  
question for you guys I'm going to throw

1209  
00:46:49,670 --> 00:46:48,060  
this around like because I'm gonna be DJ

1210  
00:46:52,910 --> 00:46:49,680  
for a minute and throw this around for

1211  
00:46:55,910 --> 00:46:52,920  
you guys to think about why is it on the

1212  
00:46:58,609 --> 00:46:55,920  
one hand we were doing that observation

1213  
00:47:01,730 --> 00:46:58,619

stuff right like RuPaul said they were

1214

00:47:03,650 --> 00:47:01,740

tossing reports that that were being

1215

00:47:05,630 --> 00:47:03,660

given to Blue Book there were tons of

1216

00:47:08,809 --> 00:47:05,640

reports that didn't make it into what

1217

00:47:12,050 --> 00:47:08,819

people see now people sometimes wrote

1218

00:47:14,450 --> 00:47:12,060

them and then didn't file them or they

1219

00:47:15,829 --> 00:47:14,460

would rate them and be told not to

1220

00:47:19,130 --> 00:47:15,839

submit them

1221

00:47:22,309 --> 00:47:19,140

so why is it while that was going on and

1222

00:47:25,329 --> 00:47:22,319

why you know why for decades we just

1223

00:47:29,030 --> 00:47:25,339

didn't report anything at the same time

1224

00:47:32,390 --> 00:47:29,040

we had people from the CIA

1225

00:47:35,450 --> 00:47:32,400

working with our media

1226

00:47:38,510 --> 00:47:35,460

to put out movies that have to do with

1227

00:47:42,410 --> 00:47:38,520

this topic like that's a real thing we

1228

00:47:44,690 --> 00:47:42,420

genuinely worked with Hollywood to make

1229

00:47:46,550 --> 00:47:44,700

movies on this topic so what do you guys

1230

00:47:48,530 --> 00:47:46,560

think about that

1231

00:47:53,210 --> 00:47:48,540

you want me to go first or you want to

1232

00:47:58,130 --> 00:47:55,609

um it kind of goes along with what with

1233

00:48:00,530 --> 00:47:58,140

what his thesis was

1234

00:48:02,329 --> 00:48:00,540

um that there's been a slow drip

1235

00:48:03,530 --> 00:48:02,339

obviously you guys know that for the

1236

00:48:05,150 --> 00:48:03,540

last Maybe

1237

00:48:07,430 --> 00:48:05,160

four or five months I don't know how

1238

00:48:09,170 --> 00:48:07,440

long I I've kind of come to that

1239

00:48:11,210 --> 00:48:09,180

hypothesis I didn't start there I

1240

00:48:13,490 --> 00:48:11,220

started with I'm really angry about

1241

00:48:16,190 --> 00:48:13,500

Roswell because I get really irritated

1242

00:48:19,370 --> 00:48:16,200

when somebody lies to me whether it's a

1243

00:48:22,190 --> 00:48:19,380

you know an industrial or a a macro lie

1244

00:48:24,170 --> 00:48:22,200

or just an individual and so that really

1245

00:48:25,609 --> 00:48:24,180

bugged me and then I kind of said well I

1246

00:48:28,190 --> 00:48:25,619

disagree with the way they did it but I

1247

00:48:30,349 --> 00:48:28,200

understand that so I think they were

1248

00:48:32,930 --> 00:48:30,359

playing both sides of the fence and what

1249

00:48:35,750 --> 00:48:32,940

you're asking Deb actually fits in with

1250

00:48:39,650 --> 00:48:35,760

Nathan's point about the drones the

1251  
00:48:42,050 --> 00:48:39,660  
Drone swarms and the reason that I you

1252  
00:48:46,490 --> 00:48:42,060  
know at least for me I have to go back

1253  
00:48:49,849 --> 00:48:46,500  
and talk to that one source I have uh on

1254  
00:48:51,650 --> 00:48:49,859  
this topic uh that that knows some

1255  
00:48:53,990 --> 00:48:51,660  
things

1256  
00:48:54,849 --> 00:48:54,000  
but we don't know it it's in their

1257  
00:48:58,190 --> 00:48:54,859  
interest

1258  
00:49:01,550 --> 00:48:58,200  
to proliferate that because people can

1259  
00:49:03,829 --> 00:49:01,560  
digest drones drone is something that we

1260  
00:49:05,990 --> 00:49:03,839  
could go buy in Amazon a lot of people

1261  
00:49:07,670 --> 00:49:06,000  
do have them uh hell the real estate

1262  
00:49:09,410 --> 00:49:07,680  
agent in Nathan's neighborhood probably

1263  
00:49:11,750 --> 00:49:09,420

has one

1264

00:49:12,710 --> 00:49:11,760

um so they're very they're sort of

1265

00:49:16,069 --> 00:49:12,720

everywhere

1266

00:49:17,930 --> 00:49:16,079

but when you say I don't know that's not

1267

00:49:20,569 --> 00:49:17,940

something you know anybody who's been in

1268

00:49:23,329 --> 00:49:20,579

a boardroom meeting uh has has been

1269

00:49:25,490 --> 00:49:23,339

around one of those big tables the worst

1270

00:49:27,530 --> 00:49:25,500

thing that you can say unfortunately

1271

00:49:28,730 --> 00:49:27,540

because sometimes it's the truth is I

1272

00:49:35,030 --> 00:49:28,740

don't know

1273

00:49:36,770 --> 00:49:35,040

even about the 2019 if I remember

1274

00:49:40,849 --> 00:49:36,780

correctly

1275

00:49:44,290 --> 00:49:40,859

I don't know how many of those were

1276

00:49:47,990 --> 00:49:44,300

thought to be commercial drones based on

1277

00:49:50,510 --> 00:49:48,000

what I've seen and so I'm not sure about

1278

00:49:51,670 --> 00:49:50,520

that but I know that that story serves

1279

00:49:56,210 --> 00:49:51,680

them

1280

00:49:58,490 --> 00:49:56,220

more than I don't know what it is

1281

00:50:00,770 --> 00:49:58,500

even though what Ben was saying is Well

1282

00:50:02,930 --> 00:50:00,780

it's still dangerous because then you're

1283

00:50:05,809 --> 00:50:02,940

telling me that this Aegis Cruiser or

1284

00:50:08,630 --> 00:50:05,819

this Battleship or this battle group can

1285

00:50:11,270 --> 00:50:08,640

be swarmed and they can't do anything I

1286

00:50:14,150 --> 00:50:11,280

don't necessarily believe that but I

1287

00:50:17,569 --> 00:50:14,160

don't I'm not 100 I know that that

1288

00:50:19,849 --> 00:50:17,579

narrative goes goes over better with the

1289

00:50:21,710 --> 00:50:19,859

public then it's something that we don't

1290

00:50:24,650 --> 00:50:21,720

know what the hell it is so I think

1291

00:50:27,349 --> 00:50:24,660

that's a continuation Deb of playing a

1292

00:50:30,650 --> 00:50:27,359

couple sides of the fence

1293

00:50:32,089 --> 00:50:30,660

yeah yeah for sure I mean look I'm just

1294

00:50:34,309 --> 00:50:32,099

trying to put myself in the shoes of a

1295

00:50:35,270 --> 00:50:34,319

congress person that is responsible for

1296

00:50:39,589 --> 00:50:35,280

some of

1297

00:50:41,930 --> 00:50:39,599

this uh you know security area and so if

1298

00:50:43,190 --> 00:50:41,940

someone comes to me and says hey you

1299

00:50:44,990 --> 00:50:43,200

know here's what here's an incident that

1300

00:50:46,970 --> 00:50:45,000

happened and uh you know our battle

1301

00:50:50,210 --> 00:50:46,980

group uh all this you know billions of

1302

00:50:52,970 --> 00:50:50,220

dollars of technology and Personnel uh

1303

00:50:55,609 --> 00:50:52,980

you know we got swarmed by these uh you

1304

00:50:58,190 --> 00:50:55,619

know these Advanced Chinese drones uh

1305

00:51:00,470 --> 00:50:58,200

you know that's what we think it is

1306

00:51:01,430 --> 00:51:00,480

um so that's all we got for you you know

1307

00:51:04,250 --> 00:51:01,440

I guess we're gonna head out of here

1308

00:51:05,870 --> 00:51:04,260

we'll see you later I mean like I gotta

1309

00:51:07,609 --> 00:51:05,880

tell you I mean I I would be absolutely

1310

00:51:09,829 --> 00:51:07,619

Furious you know I would be absolutely

1311

00:51:12,770 --> 00:51:09,839

Furious so you're telling me you it's

1312

00:51:14,690 --> 00:51:12,780

Chinese drones okay well what are we

1313

00:51:17,089 --> 00:51:14,700

doing about it you know what what is it

1314

00:51:19,849 --> 00:51:17,099

that we are doing about this problem

1315

00:51:22,670 --> 00:51:19,859

uh are we are we do we have a technology

1316

00:51:25,670 --> 00:51:22,680

that we can use to you know combat that

1317

00:51:27,770 --> 00:51:25,680

uh are we talking with our political

1318

00:51:29,589 --> 00:51:27,780

counterparts in China you know we're

1319

00:51:31,790 --> 00:51:29,599

talking to the Ambassador and saying hey

1320

00:51:34,069 --> 00:51:31,800

uh we know what you guys are doing over

1321

00:51:36,109 --> 00:51:34,079

here in the Pacific and you know this

1322

00:51:39,470 --> 00:51:36,119

isn't okay as a result you know we're

1323

00:51:40,970 --> 00:51:39,480

going to do XYZ uh to you guys

1324

00:51:43,190 --> 00:51:40,980

um are those conversations being being

1325

00:51:46,670 --> 00:51:43,200

had or are we you know you can see where

1326

00:51:48,109 --> 00:51:46,680

I'm going with this like just to say uh

1327

00:51:50,210 --> 00:51:48,119

you know as if like you're putting a

1328

00:51:52,010 --> 00:51:50,220

period on the problem like that could be

1329

00:51:53,329 --> 00:51:52,020

just Chinese or Russian drones period

1330

00:51:55,730 --> 00:51:53,339

well I guess we're done here I mean

1331

00:51:58,970 --> 00:51:55,740

you're not even close to being done you

1332

00:52:00,530 --> 00:51:58,980

know so I think that could take take the

1333

00:52:02,510 --> 00:52:00,540

phenomena out of the equation for just a

1334

00:52:04,309 --> 00:52:02,520

second and put yourselves in the shoes

1335

00:52:06,049 --> 00:52:04,319

of a lawmaker who's sitting in the in

1336

00:52:07,970 --> 00:52:06,059

the situation you're not going to be

1337

00:52:10,250 --> 00:52:07,980

happy or satisfied with just that answer

1338

00:52:13,430 --> 00:52:10,260

you know and there's a lot more that has

1339

00:52:16,549 --> 00:52:13,440

to come from that so you know I think uh

1340

00:52:18,349 --> 00:52:16,559

we need to keep that in mind

1341

00:52:20,329 --> 00:52:18,359

when we're we're talking about this

1342

00:52:22,849 --> 00:52:20,339

conversation but Deb you know to your

1343

00:52:24,890 --> 00:52:22,859

point about you know collecting the

1344

00:52:26,630 --> 00:52:24,900

reports and then you know Shifting The

1345

00:52:28,609 --> 00:52:26,640

Narrative in a different direction I

1346

00:52:30,770 --> 00:52:28,619

mean I think you know DJ pointed it's

1347

00:52:32,329 --> 00:52:30,780

not really really appropriately that you

1348

00:52:33,890 --> 00:52:32,339

know Ben's theory that there a lot of

1349

00:52:35,569 --> 00:52:33,900

this is narrative control you know and

1350

00:52:36,530 --> 00:52:35,579

there's a lot in our

1351

00:52:38,870 --> 00:52:36,540

um

1352

00:52:41,210 --> 00:52:38,880

Society you know and unfortunately this

1353

00:52:42,770 --> 00:52:41,220

is true and I don't think it's you know

1354

00:52:43,670 --> 00:52:42,780

there was a there was a there was one

1355

00:52:45,170 --> 00:52:43,680

point where this was pretty

1356

00:52:47,349 --> 00:52:45,180

conspiratorial but I don't think it's

1357

00:52:49,790 --> 00:52:47,359

that conspiratorial any longer that

1358

00:52:53,390 --> 00:52:49,800

there are special interests that do

1359

00:52:57,829 --> 00:52:53,400

control what is you know kind of

1360

00:53:01,309 --> 00:52:57,839

magnified or uh uh you know elevated to

1361

00:53:03,530 --> 00:53:01,319

conversation in in our country you know

1362

00:53:07,490 --> 00:53:03,540

that they can amplify certain talking

1363

00:53:09,530 --> 00:53:07,500

points over other talking points and um

1364

00:53:11,210 --> 00:53:09,540

it's not not to say they they suppress

1365

00:53:12,710 --> 00:53:11,220

every single bit of information that

1366

00:53:14,569 --> 00:53:12,720

comes out you know I don't think that

1367

00:53:16,970 --> 00:53:14,579

they're able to do that but they can

1368

00:53:20,030 --> 00:53:16,980

amplify messages that they want to

1369

00:53:23,150 --> 00:53:20,040

amplify and so this is uh in my opinion

1370

00:53:25,010 --> 00:53:23,160

a way for those that are you know kind

1371

00:53:27,890 --> 00:53:25,020

of in control they would rather kind of

1372

00:53:29,809 --> 00:53:27,900

control the narrative in a way that is

1373

00:53:32,030 --> 00:53:29,819

um safer for them safer for the country

1374

00:53:33,770 --> 00:53:32,040

for the nation's security you know

1375

00:53:36,170 --> 00:53:33,780

you're responsible for a lot of people

1376

00:53:37,670 --> 00:53:36,180

and I I want to make sure to make this

1377

00:53:40,490 --> 00:53:37,680

point is that you're not

1378

00:53:42,890 --> 00:53:40,500

you're not necessarily doing this from a

1379

00:53:45,049 --> 00:53:42,900

malicious intent you know you're kind of

1380

00:53:46,549 --> 00:53:45,059

doing this because in your mind you've

1381

00:53:48,890 --> 00:53:46,559

done the calculus you've done the

1382

00:53:51,290 --> 00:53:48,900

assessment you've said you know what the

1383

00:53:53,990 --> 00:53:51,300

the better way to do this just for the

1384

00:53:56,630 --> 00:53:54,000

safety and sake of not only our country

1385

00:53:58,549 --> 00:53:56,640

but perhaps the world is to you know

1386

00:54:00,770 --> 00:53:58,559

kind of turn the volume down on some of

1387

00:54:02,450 --> 00:54:00,780

this and turn the volume up on this

1388

00:54:04,609 --> 00:54:02,460

instead and let people just kind of go

1389

00:54:06,470 --> 00:54:04,619

about their lives and you know buy their

1390

00:54:07,970 --> 00:54:06,480

holiday presents and you know have their

1391

00:54:09,530 --> 00:54:07,980

Thanksgiving dinner whatever it is you

1392

00:54:12,109 --> 00:54:09,540

know just do the things that help

1393

00:54:14,630 --> 00:54:12,119

Society run you know it's better to do

1394

00:54:16,970 --> 00:54:14,640

that than to do it than described and

1395

00:54:18,530 --> 00:54:16,980

just like throw a hand grenade into the

1396

00:54:20,990 --> 00:54:18,540

situation and then all of a sudden like

1397

00:54:22,309 --> 00:54:21,000

you have a run on gas you have a run on

1398

00:54:24,829 --> 00:54:22,319

you know all these things and it just

1399

00:54:26,569 --> 00:54:24,839

can't it's cascading problem exactly and

1400

00:54:28,490 --> 00:54:26,579

that that you literally cannot control

1401  
00:54:29,990 --> 00:54:28,500  
and then the system begins to collapse

1402  
00:54:33,290 --> 00:54:30,000  
like I think that's a very real

1403  
00:54:35,150 --> 00:54:33,300  
possibility and uh you know to me

1404  
00:54:36,970 --> 00:54:35,160  
there's an argument here that whatever

1405  
00:54:39,770 --> 00:54:36,980  
what they have done is in some ways

1406  
00:54:41,630 --> 00:54:39,780  
responsible and I and I can still not

1407  
00:54:44,150 --> 00:54:41,640  
like it even if I'm more responsible

1408  
00:54:45,890 --> 00:54:44,160  
yeah yeah exactly yeah

1409  
00:54:48,589 --> 00:54:45,900  
you know you know one thing I was gonna

1410  
00:54:51,049 --> 00:54:48,599  
I the one thing I was going to say uh I

1411  
00:54:52,730 --> 00:54:51,059  
want to ask you guys about um because he

1412  
00:54:55,790 --> 00:54:52,740  
alluded to connection how we're all

1413  
00:54:59,569 --> 00:54:55,800

connected and so if I ask you as as an

1414

00:55:02,990 --> 00:54:59,579

East coaster uh if we were in let's say

1415

00:55:07,069 --> 00:55:03,000

1980 were you aware of the Dogtown z

1416

00:55:09,530 --> 00:55:07,079

boys in Venice and they're sort of

1417

00:55:11,630 --> 00:55:09,540

skating in pools and creating vertical

1418

00:55:13,910 --> 00:55:11,640

skateboarding were you aware of that in

1419

00:55:15,710 --> 00:55:13,920

the 80s

1420

00:55:18,829 --> 00:55:15,720

I was very little

1421

00:55:20,329 --> 00:55:18,839

I've heard about it yeah yeah I was not

1422

00:55:22,130 --> 00:55:20,339

aware of it in the 80s obviously I'm

1423

00:55:26,930 --> 00:55:22,140

aware of it as of whenever it came out

1424

00:55:29,990 --> 00:55:26,940

like 2004 or 2003 when um when uh it got

1425

00:55:32,750 --> 00:55:30,000

to uh uh Cable cable channels and we got

1426  
00:55:35,750 --> 00:55:32,760  
to discover them but if you or someone

1427  
00:55:38,270 --> 00:55:35,760  
like Nathan in Kentucky you know or

1428  
00:55:40,790 --> 00:55:38,280  
growing up in the South or myself in New

1429  
00:55:42,589 --> 00:55:40,800  
York or Debs in Maryland you didn't know

1430  
00:55:45,290 --> 00:55:42,599  
about the Dogtown z boys but it was

1431  
00:55:48,829 --> 00:55:45,300  
happening and it was huge in California

1432  
00:55:51,109 --> 00:55:48,839  
and unless you were maybe a subscriber

1433  
00:55:54,410 --> 00:55:51,119  
to a skateboarding magazine maybe you

1434  
00:55:56,329 --> 00:55:54,420  
you you probably knew but in that way

1435  
00:55:58,490 --> 00:55:56,339  
now we're all connected and we would

1436  
00:56:00,049 --> 00:55:58,500  
know and I think that's one when Ben

1437  
00:56:03,109 --> 00:56:00,059  
said that we're all connected things

1438  
00:56:05,870 --> 00:56:03,119

spread so fast you know on Twitter

1439

00:56:08,210 --> 00:56:05,880

Facebook Instagram and I'm not sure what

1440

00:56:10,130 --> 00:56:08,220

other platforms that people proliferate

1441

00:56:12,049 --> 00:56:10,140

news on I think that's where the

1442

00:56:14,809 --> 00:56:12,059

wildfire and the grenade that you were

1443

00:56:17,870 --> 00:56:14,819

just talking about and I'm sorry Debs

1444

00:56:20,569 --> 00:56:17,880

yeah I was I was only going to say that

1445

00:56:22,490 --> 00:56:20,579

I feel like yeah we're a lot more aware

1446

00:56:24,349 --> 00:56:22,500

I agree with that I think we're

1447

00:56:26,450 --> 00:56:24,359

everything is happening very quickly

1448

00:56:28,430 --> 00:56:26,460

nothing really requires all that much

1449

00:56:30,710 --> 00:56:28,440

money anymore for us to get this

1450

00:56:33,349 --> 00:56:30,720

information people are sharing more

1451  
00:56:35,089 --> 00:56:33,359  
openly now all of those things are a big

1452  
00:56:36,829 --> 00:56:35,099  
part of this

1453  
00:56:40,250 --> 00:56:36,839  
um people are getting at the technology

1454  
00:56:41,990 --> 00:56:40,260  
to film things on their own without you

1455  
00:56:44,329 --> 00:56:42,000  
know it being overly

1456  
00:56:47,569 --> 00:56:44,339  
be prohibitive you know like they used

1457  
00:56:49,450 --> 00:56:47,579  
to be but but I wanted to go back a

1458  
00:56:52,490 --> 00:56:49,460  
little bit to what Nathan had said

1459  
00:56:54,410 --> 00:56:52,500  
because it kind I want to highlight this

1460  
00:56:58,130 --> 00:56:54,420  
and someone actually commented on this

1461  
00:57:00,470 --> 00:56:58,140  
in the in the chat also if these were

1462  
00:57:02,270 --> 00:57:00,480  
Chinese or Russian

1463  
00:57:05,569 --> 00:57:02,280

it would have already been an

1464

00:57:07,309 --> 00:57:05,579

international incident in my opinion if

1465

00:57:09,170 --> 00:57:07,319

that they would have already shot them

1466

00:57:10,910 --> 00:57:09,180

down and we've been told that they have

1467

00:57:14,270 --> 00:57:10,920

not been able to shoot some of these

1468

00:57:16,730 --> 00:57:14,280

down right so that's a highlighting that

1469

00:57:18,049 --> 00:57:16,740

it's a bigger issue than that

1470

00:57:19,970 --> 00:57:18,059

um

1471

00:57:21,530 --> 00:57:19,980

but it would have already been an

1472

00:57:23,210 --> 00:57:21,540

incident it would have already been on

1473

00:57:25,069 --> 00:57:23,220

the news they would have already blasted

1474

00:57:26,870 --> 00:57:25,079

them they would have already like and

1475

00:57:29,210 --> 00:57:26,880

the fact that the public knows this much

1476

00:57:31,010 --> 00:57:29,220

about that already that they've had

1477

00:57:33,829 --> 00:57:31,020

hearings about it that it there's an

1478

00:57:37,130 --> 00:57:33,839

ndaa and all that no they would have

1479

00:57:39,470 --> 00:57:37,140

already said China's doing this to us

1480

00:57:41,030 --> 00:57:39,480

and made a big deal about it it's a

1481

00:57:44,390 --> 00:57:41,040

great point

1482

00:57:47,390 --> 00:57:44,400

yeah and you know notice too how much uh

1483

00:57:49,910 --> 00:57:47,400

kind of

1484

00:57:53,270 --> 00:57:49,920

narrative diversity they're they're they

1485

00:57:55,130 --> 00:57:53,280

are tolerating with the subject so by

1486

00:57:56,809 --> 00:57:55,140

not saying anything definitive about

1487

00:57:58,030 --> 00:57:56,819

what it actually is they they're

1488

00:58:02,690 --> 00:57:58,040

permitting

1489

00:58:04,490 --> 00:58:02,700

this wide diversity of theory making you

1490

00:58:07,609 --> 00:58:04,500

know from from the public about well is

1491

00:58:09,710 --> 00:58:07,619

it this is it that you know if why even

1492

00:58:10,670 --> 00:58:09,720

tolerate that like so that there has to

1493

00:58:15,770 --> 00:58:10,680

be

1494

00:58:17,569 --> 00:58:15,780

tolerate the proliferation of a lot of

1495

00:58:19,069 --> 00:58:17,579

different theories as opposed to saying

1496

00:58:22,010 --> 00:58:19,079

you know what no it's actually none of

1497

00:58:24,890 --> 00:58:22,020

that stuff it literally is this so end

1498

00:58:28,870 --> 00:58:24,900

of story like it is this and not only is

1499

00:58:31,549 --> 00:58:28,880

it this but we are working on things to

1500

00:58:34,190 --> 00:58:31,559

actively combat that

1501  
00:58:36,770 --> 00:58:34,200  
you know and and if and and by that too

1502  
00:58:38,809 --> 00:58:36,780  
they can say Hey you know uh Department

1503  
00:58:41,510 --> 00:58:38,819  
of Defense or Congress or whatever in

1504  
00:58:45,410 --> 00:58:41,520  
order for us to actively combat that we

1505  
00:58:47,329 --> 00:58:45,420  
need more money for you know r d and XYZ

1506  
00:58:49,609 --> 00:58:47,339  
we need to you know so there are a lot

1507  
00:58:52,910 --> 00:58:49,619  
of things that that could come out of a

1508  
00:58:55,190 --> 00:58:52,920  
a definitive statement from the

1509  
00:58:56,870 --> 00:58:55,200  
government on what it actually is and

1510  
00:58:59,390 --> 00:58:56,880  
there is no definitive statement there

1511  
00:59:02,329 --> 00:58:59,400  
is basically a void so that they're

1512  
00:59:04,250 --> 00:59:02,339  
willing to tolerate a void and and the

1513  
00:59:05,930 --> 00:59:04,260

question I would have is why is that you

1514

00:59:08,510 --> 00:59:05,940

know does it benefit them to just kind

1515

00:59:11,210 --> 00:59:08,520

of let us you know speculate all day

1516

00:59:12,470 --> 00:59:11,220

long about whatever it is is is the

1517

00:59:15,370 --> 00:59:12,480

thinking that

1518

00:59:18,530 --> 00:59:15,380

an amplification of exotic technology

1519

00:59:22,430 --> 00:59:18,540

you know somehow is a

1520

00:59:25,370 --> 00:59:22,440

like a specter of of of U.S dominance

1521

00:59:29,270 --> 00:59:25,380

that that deters our foreign adversaries

1522

00:59:32,030 --> 00:59:29,280

like like I mean we we don't need the uh

1523

00:59:33,589 --> 00:59:32,040

the public chatter bubble to kind of

1524

00:59:35,630 --> 00:59:33,599

make that kind of pronouncement you know

1525

00:59:37,789 --> 00:59:35,640

like if the government wants to say hey

1526  
00:59:39,530 --> 00:59:37,799  
we've developed amazing technology that

1527  
00:59:41,630 --> 00:59:39,540  
could totally do whatever we want to do

1528  
00:59:44,089 --> 00:59:41,640  
in an instant on the planet or from

1529  
00:59:46,670 --> 00:59:44,099  
space like you you would think they

1530  
00:59:48,470 --> 00:59:46,680  
would demonstrate that or or tell our

1531  
00:59:51,109 --> 00:59:48,480  
adversaries directly about it I mean

1532  
00:59:53,089 --> 00:59:51,119  
that would make them pretty fearful or

1533  
00:59:56,089 --> 00:59:53,099  
at least make them think twice about

1534  
00:59:58,010 --> 00:59:56,099  
flying a DJI drone over a battleship or

1535  
01:00:00,650 --> 00:59:58,020  
whatever or a drone of any other kind

1536  
01:00:03,470 --> 01:00:00,660  
for that matter you're right because DHA

1537  
01:00:05,329 --> 01:00:03,480  
you've said it before people in the U.S

1538  
01:00:07,609 --> 01:00:05,339

Air Force for instance are all about

1539

01:00:09,349 --> 01:00:07,619

defending the skies they would

1540

01:00:12,410 --> 01:00:09,359

definitely want to show that they can

1541

01:00:15,049 --> 01:00:12,420

defend Us Against drones wouldn't they

1542

01:00:18,230 --> 01:00:15,059

so the fact that they haven't done that

1543

01:00:21,589 --> 01:00:18,240

is very telling

1544

01:00:24,530 --> 01:00:21,599

yeah I mean uh I'll take you guys inside

1545

01:00:27,470 --> 01:00:24,540

uh sort of uh uh prisoner of war

1546

01:00:29,329 --> 01:00:27,480

training where you're you're meant to

1547

01:00:31,670 --> 01:00:29,339

you go in a lab it looks like a prison

1548

01:00:33,710 --> 01:00:31,680

but they call it a lab

1549

01:00:35,270 --> 01:00:33,720

um and they make sure that you feel like

1550

01:00:37,430 --> 01:00:35,280

you're in a prison by breaking you down

1551

01:00:39,770 --> 01:00:37,440

a little bit before you get in there for

1552

01:00:41,450 --> 01:00:39,780

you know a week or so and then when you

1553

01:00:43,730 --> 01:00:41,460

get in there they teach you how to

1554

01:00:45,770 --> 01:00:43,740

answer they've taught you ahead of time

1555

01:00:47,150 --> 01:00:45,780

how to answer questions hopefully you

1556

01:00:49,730 --> 01:00:47,160

remember it when you get there and they

1557

01:00:51,289 --> 01:00:49,740

say delay

1558

01:00:53,630 --> 01:00:51,299

um delay distract

1559

01:00:55,370 --> 01:00:53,640

digress to irrelevancies

1560

01:00:57,410 --> 01:00:55,380

so if you're being asked these direct

1561

01:01:01,250 --> 01:00:57,420

questions how do you answer delay

1562

01:01:03,770 --> 01:01:01,260

distract digress to irrelevancies and I

1563

01:01:06,470 --> 01:01:03,780

think that sounds kind of similar to the

1564

01:01:09,710 --> 01:01:06,480

tactics that they're using that you can

1565

01:01:12,890 --> 01:01:09,720

you know they're uh

1566

01:01:15,349 --> 01:01:12,900

without naming uh people that if Nathan

1567

01:01:17,569 --> 01:01:15,359

just mentioned a void that they've

1568

01:01:20,690 --> 01:01:17,579

created that void that they can allow

1569

01:01:23,210 --> 01:01:20,700

your individual on UFO Twitter to fill

1570

01:01:26,150 --> 01:01:23,220

that void with whatever their worldview

1571

01:01:29,270 --> 01:01:26,160

is or whatever their proclivities are to

1572

01:01:31,370 --> 01:01:29,280

feel about something that we don't know

1573

01:01:33,349 --> 01:01:31,380

what it is so that they open that space

1574

01:01:35,150 --> 01:01:33,359

so what does that do that creates

1575

01:01:37,069 --> 01:01:35,160

confusion

1576

01:01:41,569 --> 01:01:37,079

um and that's good because then people

1577

01:01:44,329 --> 01:01:41,579

can't zero in on WE you can't unify

1578

01:01:47,510 --> 01:01:44,339

behind an idea because there's a zillion

1579

01:01:49,309 --> 01:01:47,520

ideas out there and people are you know

1580

01:01:51,589 --> 01:01:49,319

have these sort of torches and and so

1581

01:01:53,150 --> 01:01:51,599

forth that they're you know and Spears

1582

01:01:55,670 --> 01:01:53,160

and and shields

1583

01:01:57,049 --> 01:01:55,680

so so it's very helpful to them very

1584

01:01:59,089 --> 01:01:57,059

helpful

1585

01:02:01,130 --> 01:01:59,099

right I think that's a great point but

1586

01:02:03,530 --> 01:02:01,140

and and kind of to follow on to that too

1587

01:02:04,670 --> 01:02:03,540

so if you wanted them unified on

1588

01:02:07,190 --> 01:02:04,680

something

1589

01:02:09,230 --> 01:02:07,200

that would benefit you in this case you

1590

01:02:11,809 --> 01:02:09,240

as the government here you know whether

1591

01:02:13,130 --> 01:02:11,819

that's uh increased spending funding

1592

01:02:15,829 --> 01:02:13,140

whatever which is usually what the

1593

01:02:17,510 --> 01:02:15,839

government wants you know you you would

1594

01:02:19,430 --> 01:02:17,520

actually tell them right I mean you

1595

01:02:21,170 --> 01:02:19,440

would you would make it a clear and

1596

01:02:24,170 --> 01:02:21,180

present danger

1597

01:02:26,210 --> 01:02:24,180

to the public yeah right don't Sue uh

1598

01:02:28,910 --> 01:02:26,220

hold on Harrison Ford wait a minute all

1599

01:02:31,670 --> 01:02:28,920

right you would make it pretty explicit

1600

01:02:34,490 --> 01:02:31,680

because an explicit danger is something

1601  
01:02:36,910 --> 01:02:34,500  
that people will react viscerally to

1602  
01:02:39,829 --> 01:02:36,920  
like you said if there's no explicitly

1603  
01:02:41,809 --> 01:02:39,839  
uh explicit pronouncement about what the

1604  
01:02:43,430 --> 01:02:41,819  
danger happens to be then there's kind

1605  
01:02:44,809 --> 01:02:43,440  
of there's very little action there's a

1606  
01:02:47,870 --> 01:02:44,819  
lot of inaction in fact it's just

1607  
01:02:50,690 --> 01:02:47,880  
there's like a like a stasis of inertia

1608  
01:02:53,030 --> 01:02:50,700  
right but if you had this pronouncement

1609  
01:02:54,650 --> 01:02:53,040  
you know hey guys like uh our

1610  
01:02:57,109 --> 01:02:54,660  
adversaries have developed this amazing

1611  
01:02:58,490 --> 01:02:57,119  
Tech and uh we're really behind the a

1612  
01:03:00,170 --> 01:02:58,500  
ball you know the only thing that you've

1613  
01:03:02,390 --> 01:03:00,180

heard that's even close to that is with

1614

01:03:04,250 --> 01:03:02,400

hypersonic wet wet Weaponry right

1615

01:03:07,670 --> 01:03:04,260

Hypersonic weapons which is the big kind

1616

01:03:09,530 --> 01:03:07,680

of thing now but you know you're not

1617

01:03:12,770 --> 01:03:09,540

hearing that with this with the with the

1618

01:03:16,010 --> 01:03:12,780

with uaps so that tells me that at least

1619

01:03:18,650 --> 01:03:16,020

I think anyway that uh whatever the

1620

01:03:20,530 --> 01:03:18,660

actual facts are is either a they just

1621

01:03:23,690 --> 01:03:20,540

literally don't know what they are

1622

01:03:25,970 --> 01:03:23,700

uh or B they do know what they are but

1623

01:03:27,829 --> 01:03:25,980

they don't want to talk about it yet

1624

01:03:30,829 --> 01:03:27,839

you know because talking about it is

1625

01:03:33,530 --> 01:03:30,839

does not serve them right now in

1626

01:03:35,630 --> 01:03:33,540

something I like a yeah and it could be

1627

01:03:38,930 --> 01:03:35,640

yeah completely oblivious I can't

1628

01:03:40,670 --> 01:03:38,940

imagine that they could they um you know

1629

01:03:42,410 --> 01:03:40,680

again Jim semivan it makes the most

1630

01:03:45,650 --> 01:03:42,420

sense they know more than we do

1631

01:03:48,410 --> 01:03:45,660

obviously but there's no way they could

1632

01:03:51,109 --> 01:03:48,420

no no they're just no I mean the origin

1633

01:03:53,870 --> 01:03:51,119

of it it's probably more likely too

1634

01:03:55,309 --> 01:03:53,880

complex and too diverse that they don't

1635

01:03:57,650 --> 01:03:55,319

have a handle on it and that was his

1636

01:03:59,089 --> 01:03:57,660

whole reasoning was if they can't if

1637

01:04:01,730 --> 01:03:59,099

they don't understand it they can't

1638

01:04:03,349 --> 01:04:01,740

explain it and again we're back to the

1639

01:04:07,010 --> 01:04:03,359

boardroom is it good to say I don't know

1640

01:04:10,190 --> 01:04:07,020

not a great idea I just had a fabulous

1641

01:04:12,890 --> 01:04:10,200

flash go through my head just now what

1642

01:04:14,930 --> 01:04:12,900

if the government is not admitting what

1643

01:04:17,809 --> 01:04:14,940

it is clearly

1644

01:04:20,569 --> 01:04:17,819

because they're afraid their soldiers

1645

01:04:23,690 --> 01:04:20,579

won't want to face it the pilots won't

1646

01:04:25,910 --> 01:04:23,700

want to face it they're afraid of the

1647

01:04:27,349 --> 01:04:25,920

military being terrified and they don't

1648

01:04:29,630 --> 01:04:27,359

care whether or not the Public's

1649

01:04:31,490 --> 01:04:29,640

terrified at all but they they don't

1650

01:04:34,010 --> 01:04:31,500

want people to be afraid to go in the

1651

01:04:36,289 --> 01:04:34,020

air let me give you an example of how

1652

01:04:39,549 --> 01:04:36,299

that's probably not the case

1653

01:04:43,069 --> 01:04:39,559

David fraver with no Weaponry at all

1654

01:04:45,349 --> 01:04:43,079

turned and pointed his aircraft to try

1655

01:04:48,470 --> 01:04:45,359

to run into that thing and I've said

1656

01:04:50,150 --> 01:04:48,480

probably some from the First shows that

1657

01:04:51,829 --> 01:04:50,160

we ever did Nathan when we talked about

1658

01:04:54,470 --> 01:04:51,839

this incident which some of the very

1659

01:04:56,569 --> 01:04:54,480

early shows that was an extreme Act of

1660

01:04:57,710 --> 01:04:56,579

Bravery because he didn't know what

1661

01:05:01,130 --> 01:04:57,720

would happen that could have been a

1662

01:05:05,150 --> 01:05:01,140

Class A accident if if that craft were

1663

01:05:06,650 --> 01:05:05,160

not agile enough to avoid him so I don't

1664

01:05:09,770 --> 01:05:06,660

think that's the case I think people

1665

01:05:13,010 --> 01:05:09,780

will will will fire on anything I just

1666

01:05:15,230 --> 01:05:13,020

think that it it it they probably don't

1667

01:05:17,630 --> 01:05:15,240

understand the entire gravity of the

1668

01:05:19,250 --> 01:05:17,640

phenomenon I don't think

1669

01:05:21,530 --> 01:05:19,260

um so we've gone a little past an hour

1670

01:05:23,450 --> 01:05:21,540

but let's uh you know we I thought we

1671

01:05:24,890 --> 01:05:23,460

could do if anybody's got a last point

1672

01:05:26,510 --> 01:05:24,900

and then just sit we can kind of like

1673

01:05:28,730 --> 01:05:26,520

say hello to people in the chat after

1674

01:05:29,990 --> 01:05:28,740

anyone's got a last point that they want

1675

01:05:32,990 --> 01:05:30,000

to make

1676

01:05:35,930 --> 01:05:33,000

well I just was was going to bring up

1677

01:05:39,049 --> 01:05:35,940

the conference that we got to go to and

1678

01:05:41,210 --> 01:05:39,059

say it was awesome on that's all I'm

1679

01:05:44,210 --> 01:05:41,220

sorry like that's my summary of it it

1680

01:05:46,970 --> 01:05:44,220

was awesome I loved it in the fact that

1681

01:05:49,190 --> 01:05:46,980

we're heading in an intellectual

1682

01:05:52,430 --> 01:05:49,200

um path we're going on an intellectual

1683

01:05:54,650 --> 01:05:52,440

path so two or three major things are

1684

01:05:56,809 --> 01:05:54,660

happening with the UFO Community one

1685

01:05:59,329 --> 01:05:56,819

more intellectuals are coming on board

1686

01:06:03,049 --> 01:05:59,339

you know scientists academics so on and

1687

01:06:05,690 --> 01:06:03,059

so forth openly you know not invisibly

1688

01:06:07,670 --> 01:06:05,700

then we have social media so like we're

1689

01:06:09,530 --> 01:06:07,680

all on the same page instantly we all

1690

01:06:12,130 --> 01:06:09,540

know what's going on we've had really

1691

01:06:15,950 --> 01:06:12,140

smart people giving us data like

1692

01:06:18,289 --> 01:06:15,960

immediately and then the third is just

1693

01:06:20,809 --> 01:06:18,299

this you know sense of unity of like we

1694

01:06:22,549 --> 01:06:20,819

need to get this organized like I've

1695

01:06:24,349 --> 01:06:22,559

been saying that a lot to people a lot

1696

01:06:26,690 --> 01:06:24,359

of people that I talk to are on the same

1697

01:06:28,430 --> 01:06:26,700

page Ben said it today

1698

01:06:32,210 --> 01:06:28,440

um that's one of the My Favorite Things

1699

01:06:33,650 --> 01:06:32,220

is people are we're gonna get this done

1700

01:06:38,029 --> 01:06:33,660

yeah

1701  
01:06:40,609 --> 01:06:38,039  
mean that conference was great and uh

1702  
01:06:42,770 --> 01:06:40,619  
you know kudos to James and Jay for

1703  
01:06:44,990 --> 01:06:42,780  
putting that together and uh you know

1704  
01:06:46,789 --> 01:06:45,000  
the time and energy that it took to to

1705  
01:06:48,349 --> 01:06:46,799  
get that put together and it's not easy

1706  
01:06:51,049 --> 01:06:48,359  
to do those things

1707  
01:06:53,210 --> 01:06:51,059  
um and uh the energy was great the

1708  
01:06:56,510 --> 01:06:53,220  
quality of the conversation was great

1709  
01:06:59,089 --> 01:06:56,520  
and uh I would expect uh that Trend to

1710  
01:07:00,770 --> 01:06:59,099  
continue and into 2023

1711  
01:07:03,950 --> 01:07:00,780  
and and you're right in pointing out

1712  
01:07:07,250 --> 01:07:03,960  
that the the community is changing in

1713  
01:07:09,849 --> 01:07:07,260

some I think notable and important ways

1714

01:07:13,730 --> 01:07:09,859

in some ways

1715

01:07:16,970 --> 01:07:13,740

the kind of delay the lack of the latest

1716

01:07:19,130 --> 01:07:16,980

tidbit from the uaptf or whatever has

1717

01:07:21,890 --> 01:07:19,140

been beneficial because I think it's

1718

01:07:23,210 --> 01:07:21,900

allowed us to focus on the things that

1719

01:07:26,150 --> 01:07:23,220

really matter

1720

01:07:27,230 --> 01:07:26,160

um I think a lot of the

1721

01:07:31,190 --> 01:07:27,240

um

1722

01:07:34,010 --> 01:07:31,200

distraction honestly is on the fixation

1723

01:07:35,809 --> 01:07:34,020

on like the technology and you know

1724

01:07:37,730 --> 01:07:35,819

whatever it is that's in the sky I mean

1725

01:07:39,230 --> 01:07:37,740

I want to know what it is obviously but

1726

01:07:41,150 --> 01:07:39,240

a lot of it's kind of like a cat with a

1727

01:07:43,910 --> 01:07:41,160

laser pointer it's just like you know

1728

01:07:46,970 --> 01:07:43,920

like it's not really a concerted effort

1729

01:07:50,029 --> 01:07:46,980

and I think figuring out the deeper

1730

01:07:52,250 --> 01:07:50,039

issues here and these conferences really

1731

01:07:53,809 --> 01:07:52,260

do explore those Contours and that's

1732

01:07:56,750 --> 01:07:53,819

what I'm interested in because at the

1733

01:07:58,849 --> 01:07:56,760

end of the day you know to me this is a

1734

01:08:01,010 --> 01:07:58,859

question about what what is Ultimate

1735

01:08:04,430 --> 01:08:01,020

Reality what is what what is our place

1736

01:08:08,329 --> 01:08:04,440

in reality you know why are we here

1737

01:08:09,770 --> 01:08:08,339

um and you know a UFO craft isn't

1738

01:08:11,690 --> 01:08:09,780

answering that that question no matter

1739

01:08:14,089 --> 01:08:11,700

how fancy it is you know but but it does

1740

01:08:16,430 --> 01:08:14,099

point in the direction that I think

1741

01:08:18,470 --> 01:08:16,440

allows us to ask those questions and I

1742

01:08:20,630 --> 01:08:18,480

think connect with each other and with

1743

01:08:23,930 --> 01:08:20,640

ourselves in a way that is a lot more

1744

01:08:25,610 --> 01:08:23,940

meaningful at least in a way that maybe

1745

01:08:27,169 --> 01:08:25,620

we haven't done it in quite some time

1746

01:08:29,390 --> 01:08:27,179

and the world needs a lot of meaning

1747

01:08:31,309 --> 01:08:29,400

right now we need to have those

1748

01:08:33,349 --> 01:08:31,319

conversations that allow us to really

1749

01:08:34,130 --> 01:08:33,359

connect with each other and not just

1750

01:08:36,050 --> 01:08:34,140

like

1751

01:08:39,410 --> 01:08:36,060

you know snipe at each other from from

1752

01:08:42,590 --> 01:08:39,420

social media that's not very helpful

1753

01:08:45,110 --> 01:08:42,600

I I can't say what

1754

01:08:47,090 --> 01:08:45,120

either of you say any better than you

1755

01:08:49,370 --> 01:08:47,100

said it about the event and what it

1756

01:08:51,530 --> 01:08:49,380

meant and the positivity and the

1757

01:08:53,150 --> 01:08:51,540

togetherness so

1758

01:08:58,189 --> 01:08:53,160

um I just want to say that I agree 100

1759

01:09:00,829 --> 01:08:58,199

with you uh both Devin and money

1760

01:09:05,689 --> 01:09:00,839

um what struck me was

1761

01:09:08,630 --> 01:09:05,699

uh the contrast between how well we're

1762

01:09:10,729 --> 01:09:08,640

doing even if there's a lot of folks

1763

01:09:13,610 --> 01:09:10,739

that feel like we're not doing well as a

1764

01:09:17,809 --> 01:09:13,620

community in terms of representation and

1765

01:09:20,349 --> 01:09:17,819

progress and now uh due to Nathan's

1766

01:09:24,349 --> 01:09:20,359

fault uh with the Bigfoot Community

1767

01:09:26,510 --> 01:09:24,359

they are so far behind us that I

1768

01:09:29,030 --> 01:09:26,520

contacted our good friend whom we hope

1769

01:09:30,590 --> 01:09:29,040

to have on with David Smithers who's in

1770

01:09:33,709 --> 01:09:30,600

the chat

1771

01:09:35,870 --> 01:09:33,719

um uh very soon we got to rebook he and

1772

01:09:37,669 --> 01:09:35,880

Dan Warren because they're basically

1773

01:09:41,329 --> 01:09:37,679

giving up their spot for the cab holiday

1774

01:09:43,070 --> 01:09:41,339

party this Sunday uh graciously we

1775

01:09:44,390 --> 01:09:43,080

appreciate that because if had they

1776

01:09:46,249 --> 01:09:44,400

boxed we probably would have just done

1777

01:09:49,430 --> 01:09:46,259

their episode

1778

01:09:54,169 --> 01:09:49,440

um so Dan is going to connect me with uh

1779

01:09:56,689 --> 01:09:54,179

Congressman Burchette who I guess uh

1780

01:09:58,430 --> 01:09:56,699

either believes in the existence of

1781

01:10:00,770 --> 01:09:58,440

Bigfoot or had a sighting or know

1782

01:10:04,490 --> 01:10:00,780

somebody who had a citing something and

1783

01:10:06,290 --> 01:10:04,500

I'm going to try to see if they can get

1784

01:10:08,390 --> 01:10:06,300

some traction on there but they're

1785

01:10:10,669 --> 01:10:08,400

nowhere near where we're at you know

1786

01:10:12,350 --> 01:10:10,679

when we have New York Times folks we

1787

01:10:15,410 --> 01:10:12,360

have an under secretary of defense for

1788

01:10:16,729 --> 01:10:15,420

intelligence speaking on stage uh two

1789

01:10:20,330 --> 01:10:16,739

reporters from The New York Times

1790

01:10:23,570 --> 01:10:20,340

actually uh authors academians Jeff

1791

01:10:26,270 --> 01:10:23,580

[h\_\_h] I mean as Vinnie said to me this

1792

01:10:28,850 --> 01:10:26,280

week they have like Dr Jeff Meldrum and

1793

01:10:30,550 --> 01:10:28,860

like that's about it

1794

01:10:32,930 --> 01:10:30,560

so

1795

01:10:34,310 --> 01:10:32,940

you know what do you guys you know Deb

1796

01:10:37,669 --> 01:10:34,320

what do you think about that contrast

1797

01:10:38,750 --> 01:10:37,679

and then money well you know that I

1798

01:10:41,630 --> 01:10:38,760

would be

1799

01:10:43,070 --> 01:10:41,640

um really interested in uh getting in

1800

01:10:45,530 --> 01:10:43,080

there and figuring out what's going on

1801  
01:10:47,630 --> 01:10:45,540  
with that you know if I had the time I

1802  
01:10:49,970 --> 01:10:47,640  
would but I would be that person going

1803  
01:10:52,189 --> 01:10:49,980  
you know we have someone organizing all

1804  
01:10:54,530 --> 01:10:52,199  
of our files right now in a National

1805  
01:10:56,810 --> 01:10:54,540  
Archive maybe you guys should do

1806  
01:10:59,270 --> 01:10:56,820  
something like that right and then you

1807  
01:11:01,669 --> 01:10:59,280  
know maybe highlighting the

1808  
01:11:03,110 --> 01:11:01,679  
bend that we're going towards with

1809  
01:11:06,550 --> 01:11:03,120  
science and things like that and they

1810  
01:11:08,450 --> 01:11:06,560  
could start pulling in anthropologists

1811  
01:11:10,130 --> 01:11:08,460  
cryptologists you know people have

1812  
01:11:11,630 --> 01:11:10,140  
really been studying the scientific

1813  
01:11:13,070 --> 01:11:11,640

aspect

1814

01:11:14,689 --> 01:11:13,080

um and kind of pushing those people

1815

01:11:16,729 --> 01:11:14,699

forward

1816

01:11:19,370 --> 01:11:16,739

um I feel like it's it's really tough

1817

01:11:22,370 --> 01:11:19,380

because two things are going on on the

1818

01:11:26,090 --> 01:11:22,380

one hand we're recognizing the value of

1819

01:11:28,490 --> 01:11:26,100

experiencers more and more right but

1820

01:11:30,890 --> 01:11:28,500

that's testimonial and then on the other

1821

01:11:32,930 --> 01:11:30,900

hand we're recognizing the value of

1822

01:11:36,290 --> 01:11:32,940

studies and research and the

1823

01:11:38,149 --> 01:11:36,300

intellectual Bend to all of it so that

1824

01:11:40,430 --> 01:11:38,159

seems to be the formula we're working

1825

01:11:42,530 --> 01:11:40,440

with right now maybe that's the formula

1826

01:11:45,470 --> 01:11:42,540

they need too

1827

01:11:49,189 --> 01:11:45,480

well how do you see the contrast between

1828

01:11:51,890 --> 01:11:49,199

these two communities Nathan yeah that's

1829

01:11:53,390 --> 01:11:51,900

a good question I mean and two I would

1830

01:11:56,209 --> 01:11:53,400

like to point out that the UFO Community

1831

01:11:58,550 --> 01:11:56,219

is um you know it does it also exists

1832

01:12:00,110 --> 01:11:58,560

across a lot of different spaces but in

1833

01:12:02,149 --> 01:12:00,120

the contrast to the Bigfoot Community

1834

01:12:04,250 --> 01:12:02,159

there doesn't seem to be a strong

1835

01:12:05,510 --> 01:12:04,260

Twitter Bigfoot presence you know like

1836

01:12:09,229 --> 01:12:05,520

you've pointed out to me it's it's

1837

01:12:12,470 --> 01:12:09,239

primarily on Facebook uh the UFO

1838

01:12:14,990 --> 01:12:12,480

Community congregates on Facebook and on

1839

01:12:17,570 --> 01:12:15,000

Twitter there is some overlap but not

1840

01:12:20,870 --> 01:12:17,580

necessarily a lot

1841

01:12:23,209 --> 01:12:20,880

um I think that one of the good things

1842

01:12:24,890 --> 01:12:23,219

and bad things about Twitter is that

1843

01:12:28,189 --> 01:12:24,900

it's like a pressure cooker kind of

1844

01:12:32,169 --> 01:12:28,199

environment for communities right so uh

1845

01:12:34,669 --> 01:12:32,179

if if if you can go through that trial

1846

01:12:38,270 --> 01:12:34,679

that that intense pressure that is

1847

01:12:41,450 --> 01:12:38,280

brought on by the social media uh a kind

1848

01:12:43,729 --> 01:12:41,460

of quick short terse engagement you can

1849

01:12:45,470 --> 01:12:43,739

get through that and come out on the

1850

01:12:47,689 --> 01:12:45,480

other end you're probably a stronger

1851

01:12:50,510 --> 01:12:47,699

Community for it

1852

01:12:52,310 --> 01:12:50,520

um you know so I think that's sort of at

1853

01:12:55,250 --> 01:12:52,320

least what I'm seeing on the UFO Twitter

1854

01:12:57,830 --> 01:12:55,260

side there is this kind of emergence of

1855

01:12:59,050 --> 01:12:57,840

stronger Community coming out from quite

1856

01:13:02,270 --> 01:12:59,060

a number of

1857

01:13:03,590 --> 01:13:02,280

uh you know silly little squabbles in my

1858

01:13:05,570 --> 01:13:03,600

opinion

1859

01:13:08,689 --> 01:13:05,580

um it's maturing in other words right

1860

01:13:10,850 --> 01:13:08,699

and um and I think the speed that

1861

01:13:12,590 --> 01:13:10,860

Twitter operates as well like allows us

1862

01:13:14,810 --> 01:13:12,600

to be a little bit more agile a little

1863

01:13:17,689 --> 01:13:14,820

more Nimble and how we react to

1864

01:13:20,870 --> 01:13:17,699

information and share information

1865

01:13:22,550 --> 01:13:20,880

um so you know that could be a value to

1866

01:13:24,050 --> 01:13:22,560

the Bigfoot Community but at the same

1867

01:13:25,729 --> 01:13:24,060

time you know it's kind of a cautionary

1868

01:13:27,290 --> 01:13:25,739

tale as well right so if the big

1869

01:13:29,750 --> 01:13:27,300

Community decides to come into Twitter

1870

01:13:31,729 --> 01:13:29,760

more actively like I think they will

1871

01:13:34,130 --> 01:13:31,739

you know see a lot of the same stuff

1872

01:13:36,950 --> 01:13:34,140

that we have seen uh the kind of

1873

01:13:38,689 --> 01:13:36,960

personal attacks and uh bad faith

1874

01:13:40,130 --> 01:13:38,699

arguments and conversation you know

1875

01:13:41,390 --> 01:13:40,140

they're gonna have to Wade through that

1876

01:13:44,270 --> 01:13:41,400

you know

1877

01:13:46,130 --> 01:13:44,280

great bad faith arguments I mean it is

1878

01:13:47,570 --> 01:13:46,140

right I haven't heard it put that way no

1879

01:13:50,270 --> 01:13:47,580

it's true I mean there's so much of that

1880

01:13:53,450 --> 01:13:50,280

happening where we're just not being uh

1881

01:13:54,649 --> 01:13:53,460

generous with one another where you can

1882

01:13:57,770 --> 01:13:54,659

tell people are entering into

1883

01:13:59,570 --> 01:13:57,780

conversation with each other not at all

1884

01:14:01,790 --> 01:13:59,580

for the purpose of trying to reach

1885

01:14:03,830 --> 01:14:01,800

understanding but to basically score

1886

01:14:06,830 --> 01:14:03,840

points you know so so you're entering

1887

01:14:09,770 --> 01:14:06,840

into the conversation with a desire to

1888

01:14:13,250 --> 01:14:09,780

win not with a desire to reach any kind

1889

01:14:15,950 --> 01:14:13,260

of consensus or understanding you know

1890

01:14:19,010 --> 01:14:15,960

to further the the discussion so that to

1891

01:14:20,570 --> 01:14:19,020

me is is bad faith yeah so I mean

1892

01:14:21,709 --> 01:14:20,580

there's a definite contrast I'm hopeful

1893

01:14:23,510 --> 01:14:21,719

for that Community though I mean they're

1894

01:14:25,550 --> 01:14:23,520

like you know there's a lot of potential

1895

01:14:28,430 --> 01:14:25,560

here uh for

1896

01:14:30,709 --> 01:14:28,440

new areas new avenues of Discovery new

1897

01:14:32,870 --> 01:14:30,719

Partnerships that's the beauty of online

1898

01:14:35,570 --> 01:14:32,880

interaction and I've experienced that in

1899

01:14:37,189 --> 01:14:35,580

other areas of my own life is that you

1900

01:14:39,830 --> 01:14:37,199

can if you're intent if you're

1901

01:14:42,470 --> 01:14:39,840

thoughtful and intentional you can

1902

01:14:44,689 --> 01:14:42,480

really build communities that are quite

1903

01:14:47,570 --> 01:14:44,699

powerful and have a lot of staying power

1904

01:14:49,669 --> 01:14:47,580

so I hope that that happens for these

1905

01:14:51,410 --> 01:14:49,679

communities is you know they really do

1906

01:14:53,149 --> 01:14:51,420

bring people together and there are some

1907

01:14:54,590 --> 01:14:53,159

good questions that are worth

1908

01:14:56,649 --> 01:14:54,600

pursuing

1909

01:14:59,750 --> 01:14:56,659

I think

1910

01:15:03,110 --> 01:14:59,760

yeah go ahead I just wanted to say one

1911

01:15:05,390 --> 01:15:03,120

thing to also consider is instead of

1912

01:15:08,750 --> 01:15:05,400

considering them the Bigfoot Community

1913

01:15:11,750 --> 01:15:08,760

or talking about the UFO Community maybe

1914

01:15:14,510 --> 01:15:11,760

we should move forward to where all one

1915

01:15:16,970 --> 01:15:14,520

community and we can help each other

1916

01:15:18,709 --> 01:15:16,980

of course no question I mean that would

1917

01:15:20,630 --> 01:15:18,719

be my goal is and that's what we're

1918

01:15:22,669 --> 01:15:20,640

doing with this show you know we're

1919

01:15:25,430 --> 01:15:22,679

trying to bring in we're you know Matt

1920

01:15:26,990 --> 01:15:25,440

Knapp is going to come in and and uh

1921

01:15:29,510 --> 01:15:27,000

we're going to engage with him and try

1922

01:15:31,990 --> 01:15:29,520

to bring some Bigfoot people in here so

1923

01:15:36,290 --> 01:15:32,000

it's kind of you know become sort of a

1924

01:15:39,770 --> 01:15:36,890

um

1925

01:15:41,510 --> 01:15:39,780

they are found a way to attack each

1926

01:15:43,610 --> 01:15:41,520

other on Facebook

1927

01:15:45,169 --> 01:15:43,620

um and on their whatever forums that

1928

01:15:47,750 --> 01:15:45,179

they use I have not been on any of their

1929

01:15:49,790 --> 01:15:47,760

forums or if they're on Discord I don't

1930

01:15:51,830 --> 01:15:49,800

know any of that but on Facebook they

1931

01:15:53,149 --> 01:15:51,840

have found a way to do that and I agree

1932

01:15:57,050 --> 01:15:53,159

with them if they're they're not as

1933

01:15:59,870 --> 01:15:57,060

agile as we are but they are having as

1934

01:16:03,350 --> 01:15:59,880

many conferences and big conferences as

1935

01:16:06,470 --> 01:16:03,360

we are so when I look at the one stark

1936

01:16:07,729 --> 01:16:06,480

contrast between the UFO community and I

1937

01:16:09,169 --> 01:16:07,739

understand what you mean Deb we should

1938

01:16:11,750 --> 01:16:09,179

be talking about it as one Community I

1939

01:16:13,550 --> 01:16:11,760

agree with you but when I look at the

1940

01:16:15,830 --> 01:16:13,560

stark contrast between the Bigfoot

1941

01:16:18,709 --> 01:16:15,840

community and the UFO Community it's

1942

01:16:21,590 --> 01:16:18,719

that they have no representation there

1943

01:16:23,870 --> 01:16:21,600

is no New York Times article there is no

1944

01:16:26,209 --> 01:16:23,880

Lou Elizondo there is no Christopher

1945

01:16:28,430 --> 01:16:26,219

Mellon there is no David fravor there is

1946

01:16:30,890 --> 01:16:28,440

no Chad Underwood there is an Orion

1947

01:16:33,110 --> 01:16:30,900

Graves Etc and we could just keep going

1948

01:16:35,390 --> 01:16:33,120

with and and they don't have that and I

1949

01:16:37,850 --> 01:16:35,400

mean Vinnie said it uh Vinnie and I had

1950

01:16:39,229 --> 01:16:37,860

like a you know 4 45 and I don't know

1951

01:16:40,370 --> 01:16:39,239

what time it was in the morning I was

1952

01:16:42,290 --> 01:16:40,380

driving to work it was like five

1953

01:16:44,030 --> 01:16:42,300

something in the morning and he said

1954

01:16:46,310 --> 01:16:44,040

yeah he said they have like Dr Jeff

1955

01:16:48,410 --> 01:16:46,320

Meldrum and just a couple of people and

1956

01:16:50,930 --> 01:16:48,420

it's just not enough you know we have a

1957

01:16:54,950 --> 01:16:50,940

Gary Nolan in Avi Loeb because of those

1958

01:16:59,330 --> 01:16:57,709

so I we could just leave it there and

1959

01:17:01,130 --> 01:16:59,340

say hello to everybody in the chat but

1960

01:17:03,110 --> 01:17:01,140

that that's my opinion they really need

1961

01:17:06,410 --> 01:17:03,120

representation they really need some big

1962

01:17:08,630 --> 01:17:06,420

hitters uh they are also we're dealing

1963

01:17:10,310 --> 01:17:08,640

with the Department of Defense and the

1964

01:17:12,290 --> 01:17:10,320

Department of Defense cares nothing

1965

01:17:14,570 --> 01:17:12,300

about Bigfoot except if they interfere

1966

01:17:15,890 --> 01:17:14,580

with like Fort Lewis and McCord which

1967

01:17:18,290 --> 01:17:15,900

has happened there's been some

1968

01:17:19,910 --> 01:17:18,300

supposedly some uh interactions out in

1969

01:17:23,030 --> 01:17:19,920

the forest there but it's the department

1970

01:17:25,250 --> 01:17:23,040

of the interior and and I know nothing

1971

01:17:27,530 --> 01:17:25,260

about the department of the Interior so

1972

01:17:30,410 --> 01:17:27,540

and what their their stance is and then

1973

01:17:32,570 --> 01:17:30,420

what happens is that your your State uh

1974

01:17:34,250 --> 01:17:32,580

Parks fall on not that they fall

1975

01:17:36,430 --> 01:17:34,260

underneath there but I think they fall

1976

01:17:38,870 --> 01:17:36,440

in line with what the department of

1977

01:17:42,470 --> 01:17:38,880

Interiors take is on that when it comes

1978

01:17:44,930 --> 01:17:42,480

to State and County and so forth uh

1979

01:17:46,610 --> 01:17:44,940

parks and uh and I think they just

1980

01:17:49,310 --> 01:17:46,620

they're they're Rangers and so forth

1981

01:17:51,709 --> 01:17:49,320

follow along let's say hello to people

1982

01:17:56,270 --> 01:17:51,719

in the chat Linda's here

1983

01:17:59,810 --> 01:17:57,830

what's up Linda you guys can say

1984

01:18:01,310 --> 01:17:59,820

something now no oh yeah I was looking

1985

01:18:03,169 --> 01:18:01,320

1986

01:18:05,689 --> 01:18:03,179

1987

01:18:08,030 --> 01:18:05,699

1989

01:18:13,310 --> 01:18:10,199

you yeah

1990

01:18:14,630 --> 01:18:13,320

um Smith Michael Ashworth yeah hi

1991

01:18:18,649 --> 01:18:14,640

Michael

1992

01:18:20,209 --> 01:18:18,659

uh smethurst yes uh I love the things

1993

01:18:23,689 --> 01:18:20,219

David's saying about what we're talking

1994

01:18:25,490 --> 01:18:23,699

about yeah David David's amazing

1995

01:18:29,110 --> 01:18:25,500

um who did I miss here in a second so

1996

01:18:32,510 --> 01:18:29,120

Kurt M good to have you with us as well

1997

01:18:34,910 --> 01:18:32,520

I love that how do we say that

1998

01:18:36,770 --> 01:18:34,920

Kurt Kurt was the first one in Nathan

1999

01:18:38,689 --> 01:18:36,780

Kurt was here before we were here I'm

2000

01:18:42,290 --> 01:18:38,699

slow on the draw here so my apologies

2001

01:18:43,729 --> 01:18:42,300

Kurt yeah good to have you with us

2002

01:18:45,229 --> 01:18:43,739

yeah

2003

01:18:47,149 --> 01:18:45,239

I want to know how to say that name

2004

01:18:48,530 --> 01:18:47,159

she's saying hi to Linda I wish she

2005

01:18:50,270 --> 01:18:48,540

could say it I wish she'd come up on

2006

01:18:52,910 --> 01:18:50,280

audio but

2007

01:18:54,830 --> 01:18:52,920

but uh uh just a quick point out to uh

2008

01:18:56,689 --> 01:18:54,840

2013

01:19:10,550 --> 01:19:08,699

we're gonna have over 20 guests uh

2014

01:19:12,410 --> 01:19:10,560

appearing on the show over the course of

2015

01:19:14,510 --> 01:19:12,420

I think roughly probably two hours hour

2016

01:19:16,189 --> 01:19:14,520

and a half two hours uh should be a lot

2017

01:19:18,290 --> 01:19:16,199

of fun it's just gonna be hanging out

2018

01:19:20,270 --> 01:19:18,300

with folks that you're familiar with

2019

01:19:22,490 --> 01:19:20,280

people that you've interacted with on

2020

01:19:24,950 --> 01:19:22,500

social media and through other excellent

2021

01:19:26,990 --> 01:19:24,960

podcasts and channels uh these are

2022

01:19:29,330 --> 01:19:27,000

friends of our show they're friends of

2023

01:19:32,689 --> 01:19:29,340

ours in real life and in most instances

2024

01:19:34,610 --> 01:19:32,699

too uh a lot of great people so I know

2025

01:19:37,430 --> 01:19:34,620

we're gonna have some fun and also

2026

01:19:39,590 --> 01:19:37,440

for some holiday cheer it it's it'll

2029

01:19:47,510 --> 01:19:44,880

start out organized and then as we tweet

2030

01:19:48,890 --> 01:19:47,520

the link out to very or or DM the link

2031

01:19:51,350 --> 01:19:48,900

it'll turn into something of a

2032

01:19:53,149 --> 01:19:51,360

free-for-all total chaos yeah and

2033

01:19:55,310 --> 01:19:53,159

probably a bunch of our friends we need

2034

01:19:57,410 --> 01:19:55,320

to get it out to uh just think of this

2035

01:20:01,430 --> 01:19:57,420

Deb Nathan a bunch of our friends we met

2036

01:20:03,350 --> 01:20:01,440

uh at the um at the Symposium of the

2037

01:20:05,030 --> 01:20:03,360

anomalous we got to get it out to a

2038

01:20:08,630 --> 01:20:05,040

bunch of those people that I I probably

2039

01:20:10,070 --> 01:20:08,640

haven't even so let's do that and and we

2040

01:20:12,229 --> 01:20:10,080

get to the free-for-all portion okay

2041

01:20:14,030 --> 01:20:12,239

yeah sounds good oh we might even play a

2042

01:20:15,649 --> 01:20:14,040

little UFO trivia which I guess we need

2043

01:20:17,930 --> 01:20:15,659

to start working on if we're going to do

2044

01:20:20,090 --> 01:20:17,940

that uh but very excited about it should

2045

01:20:24,649 --> 01:20:20,100
