starts version zero

26

00:01:42,289 --> 00:01:39,740

oh my God

27

00:01:45,109 --> 00:01:42,299

Leah Prime

28

00:01:47,210 --> 00:01:45,119

good evening everyone DJ I want whatever

29

00:01:48,830 --> 00:01:47,220

30

00:01:51,950 --> 00:01:48,840

with a Coke Zero and that's like hard

31

00:01:53,990 --> 00:01:51,960

stuff oh version Coke Zero this is great

32

00:01:56,569 --> 00:01:54,000

maybe we can get Coca-Cola we can get a

33

00:01:59,210 --> 00:01:56,579

tie-in get some advertising yeah uh and

34

00:02:01,069 --> 00:01:59,220

it was sponsorship I like it and now

35

00:02:02,810 --> 00:02:01,079

36

00:02:04,730 --> 00:02:02,820

I'll tell you what I have so many good

37

00:02:06,109 --> 00:02:04,740

talks with this guy I can't wait to get

38

00:02:08,930 --> 00:02:06,119

on the phone with him every time and

39

00:02:11,990 --> 00:02:08,940

pick his damn brain he is the host of

40

00:02:14,630 --> 00:02:12,000

Bigfoot Crossroads former Bigfoot Outlaw

41

00:02:16,070 --> 00:02:14,640

and just an original gangster uh and

42

00:02:17,690 --> 00:02:16,080

he's gonna be able to cut it up with TJ

43

00:02:20,150 --> 00:02:17,700

tonight a little bit about Bigfoot so

44

00:02:21,830 --> 00:02:20,160

put your hands together from Matt now

45

00:02:25,030 --> 00:02:21,840

what up

46

00:02:29,510 --> 00:02:27,170

all right

47

00:02:31,790 --> 00:02:29,520

um so Nathan is this the third time or

48

00:02:33,770 --> 00:02:31,800

fourth time we've had TJ on did he come

49

00:02:35,630 --> 00:02:33,780

to the holiday party uh he may have yes

50

00:02:38,750 --> 00:02:35,640

and I was kind of trying to title the

51
00:02:40,729 --> 00:02:38,760
episode I was like it's TJ returns again

52
00:02:43,390 --> 00:02:40,739
he returns and returns again yeah that's

53
00:02:47,750 --> 00:02:43,400
great we're so I I know

54
00:02:49,850 --> 00:02:47,760
yeah that he has uh decided to to lend

55
00:02:51,290 --> 00:02:49,860
his time to us and I'm sure a lot of

56
00:02:54,229 --> 00:02:51,300
people would like to have him and every

57
00:02:57,170 --> 00:02:54,239
time I contact TJ and say hey would you

58
00:02:59,589 --> 00:02:57,180
come on with us he says yes so uh this

59
00:03:03,410 --> 00:02:59,599
man right here let me tell you what man

60
00:03:06,589 --> 00:03:03,420
two-time Emmy winning producer executive

61
00:03:09,110 --> 00:03:06,599
producer of The Secret of skin walker

62
00:03:10,790 --> 00:03:09,120
Ranch on History Channel while you're at

63
00:03:13,729 --> 00:03:10,800

home eating Cheetos he don't got his

64

00:03:18,729 --> 00:03:13,739

master's degree so put your hands

65

00:03:22,910 --> 00:03:18,739

together for Mr TJ Ellen

66

00:03:25,610 --> 00:03:22,920

I love your intross

67

00:03:28,970 --> 00:03:25,620

thank you thank you three controls man

68

00:03:30,949 --> 00:03:28,980

appreciate it so I always love coming on

69

00:03:33,229 --> 00:03:30,959

here great to have you back we love

70

00:03:35,630 --> 00:03:33,239

having you TJ we really do appreciate it

71

00:03:37,130 --> 00:03:35,640

man there's other people we struggle and

72

00:03:38,869 --> 00:03:37,140

struggle and struggle to get him on

73

00:03:41,210 --> 00:03:38,879

we're like look you're gonna have a good

74

00:03:44,390 --> 00:03:41,220

time come on up in here and it's like

75

00:03:46,729 --> 00:03:44,400

you know man you know

76

00:03:48,649 --> 00:03:46,739

um so now I I assume that what you're

77

00:03:51,589 --> 00:03:48,659

going to tell me is hair and makeup just

78

00:03:54,110 --> 00:03:51,599

left and it took them an hour for you to

79

00:03:57,589 --> 00:03:54,120

look like this no I just got home

80

00:04:00,410 --> 00:03:57,599

what all over yeah no this is just how

81

00:04:04,309 --> 00:04:00,420

you look normally yes you guys are

82

00:04:05,990 --> 00:04:04,319

always so flattering incredible no way

83

00:04:07,970 --> 00:04:06,000

man just take it yeah I don't know yeah

84

00:04:10,429 --> 00:04:07,980

it's uh I'll do the best that I can so

85

00:04:12,710 --> 00:04:10,439

TJ congrats on the launch of season four

86

00:04:14,869 --> 00:04:12,720

of skin walking yes I just thank you

87

00:04:17,150 --> 00:04:14,879

that first episode it's awesome it's

88

00:04:20,390 --> 00:04:17,160

great to see these guys back together uh

89

00:04:21,949 --> 00:04:20,400

the entire team and you know not only is

90

00:04:25,189 --> 00:04:21,959

it unique we've talked about this before

91

00:04:26,570 --> 00:04:25,199

to have a show go for this long but it's

92

00:04:28,790 --> 00:04:26,580

also unique to have the kind of

93

00:04:30,590 --> 00:04:28,800

chemistry that these folks have together

94

00:04:33,469 --> 00:04:30,600

I mean they really seem like a

95

00:04:35,450 --> 00:04:33,479

close-knit group of people uh how hard

96

00:04:39,290 --> 00:04:35,460

is it to find this kind of winning

97

00:04:42,710 --> 00:04:39,300

formula impossible it's impossible when

98

00:04:44,510 --> 00:04:42,720

I try to explain the idea of the odds

99

00:04:48,290 --> 00:04:44,520

here of this happening this is like the

100

00:04:50,510 --> 00:04:48,300

Powerball right it is it it's to work in

101
00:04:52,430 --> 00:04:50,520
the industry for so long you try and you

102
00:04:54,710 --> 00:04:52,440
try you try to get a show on air and

103
00:04:56,629 --> 00:04:54,720
then when you do you pray the you know

104
00:04:58,490 --> 00:04:56,639
Season One turns into season two and

105
00:05:01,310 --> 00:04:58,500
it's like oh my God that's the win in

106
00:05:03,710 --> 00:05:01,320
season three oh my God four what like

107
00:05:05,930 --> 00:05:03,720
nobody gets season four anymore you know

108
00:05:07,790 --> 00:05:05,940
and and I can tell you this right now

109
00:05:09,590 --> 00:05:07,800
the numbers came out the early reads on

110
00:05:12,290 --> 00:05:09,600
the ratings and were up from last season

111
00:05:14,270 --> 00:05:12,300
premiere so that's a big thing fantastic

112
00:05:15,710 --> 00:05:14,280
you know fingers crossed uh that it

113
00:05:17,030 --> 00:05:15,720

keeps trending that way because now it's

114

00:05:18,170 --> 00:05:17,040

all about the trend right so where do we

115

00:05:20,270 --> 00:05:18,180

go from here

116

00:05:22,850 --> 00:05:20,280

um networks look at those numbers very

117

00:05:24,770 --> 00:05:22,860

intently and uh but yes the chemistry of

118

00:05:25,909 --> 00:05:24,780

these guys it's the real deal I was just

119

00:05:27,350 --> 00:05:25,919

I was trying to pull up on my phone

120

00:05:28,430 --> 00:05:27,360

because you got Skinwalker Ridge there I

121

00:05:30,050 --> 00:05:28,440

have all these pictures of me on the

122

00:05:31,909 --> 00:05:30,060

ridge with the guys

123

00:05:34,730 --> 00:05:31,919

um yesterday I talked I was talking to

124

00:05:37,129 --> 00:05:34,740

Eric and Tom yesterday uh FaceTiming

125

00:05:39,050 --> 00:05:37,139

guys it's funny it was like it's just

126

00:05:41,150 --> 00:05:39,060

you know they're they're people right

127

00:05:45,469 --> 00:05:41,160

but there's Eric's Eric just lives there

128

00:05:49,249 --> 00:05:45,479

man Eric doesn't come home ever wow

129

00:05:51,290 --> 00:05:49,259

and uh yeah now it's it's a unique group

130

00:05:52,730 --> 00:05:51,300

I heard from Jim today I love Jim as

131

00:05:55,930 --> 00:05:52,740

soon as my brother

132

00:05:59,150 --> 00:05:55,940

um great guy see you Brian talk to Brian

133

00:06:00,170 --> 00:05:59,160

uh they're all good good people man and

134

00:06:02,450 --> 00:06:00,180

it's uh

135

00:06:04,969 --> 00:06:02,460

yeah they they they

136

00:06:06,230 --> 00:06:04,979

keeping they keep it real you know

137

00:06:07,610 --> 00:06:06,240

they're really just doing it and they're

138

00:06:11,050 --> 00:06:07,620

still out there working Tom was all beat

139

00:06:13,550 --> 00:06:11,060

up dusty and dirty yesterday working so

140

00:06:15,230 --> 00:06:13,560

a quick follow-up to that so now that

141

00:06:17,510 --> 00:06:15,240

the show has had the success that it has

142

00:06:20,270 --> 00:06:17,520

I mean is it kind of easier to get folks

143

00:06:22,070 --> 00:06:20,280

interested in showing up to the ranch to

144

00:06:24,590 --> 00:06:22,080

help them conduct these experiments I

145

00:06:26,629 --> 00:06:24,600

would imagine that's open some doors it

146

00:06:29,090 --> 00:06:26,639

isn't yeah Eric's beating people off of

147

00:06:30,529 --> 00:06:29,100

a stick essentially everyone wants to be

148

00:06:32,150 --> 00:06:30,539

a part piece of it

149

00:06:35,330 --> 00:06:32,160

um but that's what happens you know

150

00:06:36,830 --> 00:06:35,340

there's property and not not a physical

151

00:06:38,990 --> 00:06:36,840

property but an intellectual property

152

00:06:41,510 --> 00:06:39,000

and people aren't a part of that and so

153

00:06:42,890 --> 00:06:41,520

you know you'll see vendors you call

154

00:06:43,969 --> 00:06:42,900

them vendors right people just coming

155

00:06:47,090 --> 00:06:43,979

out with their Wares and they're

156

00:06:49,070 --> 00:06:47,100

bringing stuff on and it's you know it

157

00:06:50,270 --> 00:06:49,080

it's a vehicle for them it's a vehicle

158

00:06:53,150 --> 00:06:50,280

for you

159

00:06:55,730 --> 00:06:53,160

um you know there's it's like in-kind

160

00:06:58,189 --> 00:06:55,740

advertising is a way to look at it uh

161

00:07:00,529 --> 00:06:58,199

you know back in my back Jason I was

162

00:07:01,670 --> 00:07:00,539

doing a home renovation show used to do

163

00:07:02,930 --> 00:07:01,680

these things

164

00:07:05,809 --> 00:07:02,940

um everything has a dollar value

165

00:07:07,909 --> 00:07:05,819

attached to it so a mention is more

166

00:07:09,950 --> 00:07:07,919

valuable than say like a mention like

167

00:07:11,870 --> 00:07:09,960

someone physically saying your name of

168

00:07:14,150 --> 00:07:11,880

your product is more valuable than like

169

00:07:16,010 --> 00:07:14,160

say a logo shop

170

00:07:18,650 --> 00:07:16,020

um you know which is more valuable than

171

00:07:21,170 --> 00:07:18,660

say you know a pan of a logo so

172

00:07:22,969 --> 00:07:21,180

everything has a value and so in trade

173

00:07:24,409 --> 00:07:22,979

it was like hey

174

00:07:25,670 --> 00:07:24,419

um we're going to show the brand of your

175

00:07:27,469 --> 00:07:25,680

store you guys are going to wear

176

00:07:28,610 --> 00:07:27,479

t-shirts for your store

177

00:07:30,589 --> 00:07:28,620

um but we need you to provide us with

178

00:07:31,850 --> 00:07:30,599

Cabinetry so they'll provide cabinets

179

00:07:34,850 --> 00:07:31,860

and then then they get at

180

00:07:36,469 --> 00:07:34,860

pre-advertising in that way so that's

181

00:07:37,450 --> 00:07:36,479

kind of the way it works well that's

182

00:07:40,790 --> 00:07:37,460

great

183

00:07:43,309 --> 00:07:40,800

what's that so my presence out at the

184

00:07:47,110 --> 00:07:43,319

ranch is worth how much there's a value

185

00:07:51,890 --> 00:07:49,370

they can't put a price on it yeah I

186

00:07:55,129 --> 00:07:51,900

cannot afford you the like a Vente sort

187

00:07:58,070 --> 00:07:55,139

of a Starbucks

188

00:08:02,029 --> 00:07:58,080

140 what are you talking about

189

00:08:09,469 --> 00:08:05,749

I have to pay G TJ 150 000 to step

190

00:08:14,809 --> 00:08:11,469

go ahead Matt

191

00:08:16,730 --> 00:08:14,819

take it away brother I'm sorry I didn't

192

00:08:18,770 --> 00:08:16,740

say anything else stupid go ahead has

193

00:08:20,390 --> 00:08:18,780

there ever been any uh consideration or

194

00:08:21,890 --> 00:08:20,400

thought in changing the name from

195

00:08:25,670 --> 00:08:21,900

Skinwalker Ranch to Skinwalker

196

00:08:25,680 --> 00:08:29,650

good to wear that one in there

197

00:08:35,870 --> 00:08:33,709

no uh I read somewhere on the internet

198

00:08:40,029 --> 00:08:35,880

of things that uh

199

00:08:43,190 --> 00:08:40,039

rapper post Malone visited the ranch uh

200

00:08:45,050 --> 00:08:43,200

what was that like and like do you have

201
00:08:47,329 --> 00:08:45,060
a lot of celebrity guests wanting to

202
00:08:49,190 --> 00:08:47,339
come out there

203
00:08:51,290 --> 00:08:49,200
um so I had nothing to do with any of

204
00:08:53,210 --> 00:08:51,300
those guests that's a Brandon thing so

205
00:08:54,530 --> 00:08:53,220
Brandon is a musician

206
00:08:55,910 --> 00:08:54,540
at heart

207
00:08:58,670 --> 00:08:55,920
um you know that's just kind of one of

208
00:09:01,730 --> 00:08:58,680
his passions so he's he does bring these

209
00:09:03,769 --> 00:09:01,740
acoustic experts out uh to kind of you

210
00:09:04,850 --> 00:09:03,779
know evaluate stuff in a way that you're

211
00:09:07,910 --> 00:09:04,860
not going to get normally right like

212
00:09:09,590 --> 00:09:07,920
it's not that that's kind of the the way

213
00:09:11,930 --> 00:09:09,600

you can justify bringing someone like

214

00:09:13,430 --> 00:09:11,940

them out there to a spot that is that

215

00:09:17,329 --> 00:09:13,440

that dangerous

216

00:09:17,930 --> 00:09:17,339

um it is not a a funny games place

217

00:09:20,389 --> 00:09:17,940

um

218

00:09:22,730 --> 00:09:20,399

but you know these people like you don't

219

00:09:24,290 --> 00:09:22,740

become a a huge recording artist without

220

00:09:26,509 --> 00:09:24,300

knowing something about audio and

221

00:09:29,150 --> 00:09:26,519

Acoustics and vibrations and I think

222

00:09:31,490 --> 00:09:29,160

that's that's kind of the the overlap

223

00:09:33,829 --> 00:09:31,500

there uh but yeah I imagine Brandon's

224

00:09:34,970 --> 00:09:33,839

contact at all the time I mean I know I

225

00:09:36,550 --> 00:09:34,980

contact him all the time and he very

226

00:09:40,509 --> 00:09:36,560

rarely gets back to me

227

00:09:43,970 --> 00:09:40,519

he hasn't gotten back to me either

228

00:09:46,130 --> 00:09:43,980

but he's he's a uh

229

00:09:47,150 --> 00:09:46,140

he lives it man he's in it he's living

230

00:09:47,810 --> 00:09:47,160

it

231

00:09:49,790 --> 00:09:47,820

um

232

00:09:52,250 --> 00:09:49,800

that guy I mean if you look at his

233

00:09:54,170 --> 00:09:52,260

activity online he you know two in the

234

00:09:56,329 --> 00:09:54,180

morning he's tweeting and then six in

235

00:09:58,370 --> 00:09:56,339

the morning just read it like

236

00:09:59,570 --> 00:09:58,380

I don't know he's he doesn't sleep he's

237

00:10:02,329 --> 00:09:59,580

a machine

238

00:10:05,329 --> 00:10:02,339

I wouldn't care to have him on uh

239

00:10:07,370 --> 00:10:05,339

because of who he is because of uh what

240

00:10:09,230 --> 00:10:07,380

his the fact just that he owns the ranch

241

00:10:11,509 --> 00:10:09,240

I just like the guy I just think he's

242

00:10:13,370 --> 00:10:11,519

like you said he's cool and he's really

243

00:10:15,350 --> 00:10:13,380

just trying to be like is interested in

244

00:10:17,210 --> 00:10:15,360

the phenomena just like we are uh just

245

00:10:19,009 --> 00:10:17,220

like the same reason that we want to

246

00:10:21,050 --> 00:10:19,019

have you on is why we would have him on

247

00:10:22,550 --> 00:10:21,060

not because he owns the ranch like

248

00:10:24,410 --> 00:10:22,560

that's not enough for me to want to have

249

00:10:26,389 --> 00:10:24,420

somebody on the show

250

00:10:29,030 --> 00:10:26,399

um but let me let me turn you over to so

251
00:10:30,889 --> 00:10:29,040
we had two two great new cabbies uh one

252
00:10:32,509 --> 00:10:30,899
of our last cabbies actually made a logo

253
00:10:35,389 --> 00:10:32,519
of Skinwalker Ranch dressing Matt

254
00:10:37,550 --> 00:10:35,399
doesn't know that a prior cabbie flare

255
00:10:39,230 --> 00:10:37,560
that we had on but uh but let me pass

256
00:10:41,630 --> 00:10:39,240
you over to this another amazing new

257
00:10:42,769 --> 00:10:41,640
cabin we have here Leah Prime yeah hey

258
00:10:44,269 --> 00:10:42,779
TJ

259
00:10:47,030 --> 00:10:44,279
um

260
00:10:48,769 --> 00:10:47,040
little paper

261
00:10:50,389 --> 00:10:48,779
Boulder there actually there's two of

262
00:10:52,430 --> 00:10:50,399
them those little gold statues look

263
00:10:53,990 --> 00:10:52,440

pretty nice

264

00:10:57,170 --> 00:10:54,000

um oh

265

00:10:59,030 --> 00:10:57,180

yeah I don't think I'm broadcasting from

266

00:11:05,350 --> 00:10:59,040

like the cable and you're just like

267

00:11:09,310 --> 00:11:08,090

I mean I've got like a Funko Pop behind

268

00:11:11,750 --> 00:11:09,320

me yeah

269

00:11:13,610 --> 00:11:11,760

so my office is a disaster right now

270

00:11:15,590 --> 00:11:13,620

this is a mess I can't even get to it

271

00:11:17,449 --> 00:11:15,600

Awards everywhere

272

00:11:19,250 --> 00:11:17,459

um one of the things I'm always super

273

00:11:21,590 --> 00:11:19,260

curious about uh with people that are

274

00:11:23,030 --> 00:11:21,600

working producing writing creating in

275

00:11:25,310 --> 00:11:23,040

and around this subject is whose

276

00:11:27,470 --> 00:11:25,320

influence their approach

277

00:11:29,329 --> 00:11:27,480

and I'd love to hear you know whose

278

00:11:31,730 --> 00:11:29,339

influenced you either from a production

279

00:11:35,030 --> 00:11:31,740

standpoint or from like an informational

280

00:11:37,009 --> 00:11:35,040

or sort of opinion standpoint

281

00:11:37,970 --> 00:11:37,019

so that's interesting I've never had

282

00:11:38,690 --> 00:11:37,980

that question

283

00:11:40,430 --> 00:11:38,700

um

284

00:11:44,030 --> 00:11:40,440

I got to be honest my friends involved

285

00:11:48,170 --> 00:11:44,040

in my influences uh because I look at

286

00:11:53,569 --> 00:11:50,329

so to be a quote-unquote expert in any

287

00:11:55,610 --> 00:11:53,579

of the Paranormal anything right

288

00:11:57,949 --> 00:11:55,620

um

289

00:11:59,329 --> 00:11:57,959

an expert means in this field like that

290

00:12:02,509 --> 00:11:59,339

you have

291

00:12:03,710 --> 00:12:02,519

full historical knowledge of the stories

292

00:12:06,170 --> 00:12:03,720

and narratives

293

00:12:10,430 --> 00:12:06,180

that's what an expert is in this field

294

00:12:12,590 --> 00:12:10,440

there's no because we have no answers to

295

00:12:14,569 --> 00:12:12,600

anything so

296

00:12:17,630 --> 00:12:14,579

and there's there's good and bad to that

297

00:12:19,670 --> 00:12:17,640

right so so I don't take any inspiration

298

00:12:21,650 --> 00:12:19,680

or any kind of

299

00:12:22,850 --> 00:12:21,660

there's never been a narrative that I

300

00:12:24,290 --> 00:12:22,860

have followed that I haven't come up

301
00:12:26,090 --> 00:12:24,300
with myself

302
00:12:27,530 --> 00:12:26,100
um because my all of ours are just as

303
00:12:29,210 --> 00:12:27,540
validated as anyone else's I don't care

304
00:12:30,650 --> 00:12:29,220
if you're Jacques valet or whoever the

305
00:12:33,470 --> 00:12:30,660
heck you think you are

306
00:12:35,389 --> 00:12:33,480
you have an opinion yes it may be backed

307
00:12:37,430 --> 00:12:35,399
up by anecdotal data or even some big

308
00:12:38,870 --> 00:12:37,440
data either way

309
00:12:40,310 --> 00:12:38,880
um data you collected on your own that's

310
00:12:41,690 --> 00:12:40,320
great but you don't have any answers any

311
00:12:44,269 --> 00:12:41,700
more than anyone else does so you don't

312
00:12:45,530 --> 00:12:44,279
know anything I don't and I've always

313
00:12:48,170 --> 00:12:45,540

approached it like that I don't know

314

00:12:50,449 --> 00:12:48,180

anything and so I'm I am very very open

315

00:12:51,710 --> 00:12:50,459

and objected to all of this I don't

316

00:12:54,530 --> 00:12:51,720

claim

317

00:12:57,170 --> 00:12:54,540

any and I don't discount anybody's

318

00:12:58,490 --> 00:12:57,180

thoughts or feelings or experiences

319

00:13:00,650 --> 00:12:58,500

um I make room for everyone to talk

320

00:13:02,930 --> 00:13:00,660

about their stuff and I it could be just

321

00:13:04,610 --> 00:13:02,940

as valid as anybody else's so in that

322

00:13:07,069 --> 00:13:04,620

regard like in terms of inspiration like

323

00:13:08,750 --> 00:13:07,079

storytelling and thinking of this I've

324

00:13:10,910 --> 00:13:08,760

never really taken

325

00:13:13,550 --> 00:13:10,920

taking that like taking it from anybody

326

00:13:15,170 --> 00:13:13,560

else the thing this project in

327

00:13:16,910 --> 00:13:15,180

particular started off I like to say it

328

00:13:19,490 --> 00:13:16,920

like started off as a dare

329

00:13:21,650 --> 00:13:19,500

um because so I'm a TV guy first right

330

00:13:23,150 --> 00:13:21,660

so my history is all home renovation

331

00:13:25,009 --> 00:13:23,160

shows the Rockettes Christmas

332

00:13:27,590 --> 00:13:25,019

Spectacular for you know years like

333

00:13:29,269 --> 00:13:27,600

these are the things that I produced

334

00:13:31,850 --> 00:13:29,279

um television commercials video games

335

00:13:35,150 --> 00:13:31,860

like all this other stuff so

336

00:13:36,769 --> 00:13:35,160

um after pitching a lot in finding you

337

00:13:38,090 --> 00:13:36,779

know I I look at a market you do it like

338

00:13:39,410 --> 00:13:38,100

an analysis of a market and you're like

339

00:13:41,090 --> 00:13:39,420

okay so what's popular right now and at

340

00:13:42,590 --> 00:13:41,100

this time Oak Island was super popular

341

00:13:44,690 --> 00:13:42,600

and so with Oak Island being popular

342

00:13:46,550 --> 00:13:44,700

it's like well if the way my mind always

343

00:13:48,590 --> 00:13:46,560

works is if that then what else if that

344

00:13:49,850 --> 00:13:48,600

thing what else and so I like kind of

345

00:13:52,190 --> 00:13:49,860

like you know take two great tastes to

346

00:13:54,350 --> 00:13:52,200

taste great together right so like when

347

00:13:56,449 --> 00:13:54,360

I pitch skin walker I pitched it as a

348

00:13:58,009 --> 00:13:56,459

paranormal Oak Island literally a

349

00:13:59,269 --> 00:13:58,019

paranormal Oak Island and they were like

350

00:14:00,230 --> 00:13:59,279

how could you do that where could we

351
00:14:01,430 --> 00:14:00,240
find that

352
00:14:03,590 --> 00:14:01,440
they're like there's only two places you

353
00:14:04,970 --> 00:14:03,600
could do that area 51 and you can walk a

354
00:14:06,110 --> 00:14:04,980
ranch and no one's ever been able to get

355
00:14:07,430 --> 00:14:06,120
into any of these one of those places

356
00:14:09,769 --> 00:14:07,440
and that's when it was like well

357
00:14:12,410 --> 00:14:09,779
challenge accepted and it took me two

358
00:14:14,690 --> 00:14:12,420
years and like a dog with a bone man no

359
00:14:17,990 --> 00:14:14,700
way I was giving up on that um and so

360
00:14:20,870 --> 00:14:18,000
once I found an opportunity

361
00:14:23,030 --> 00:14:20,880
um I think that the floodgates of

362
00:14:24,710 --> 00:14:23,040
the floodgates of information about this

363
00:14:26,329 --> 00:14:24,720

top these topics and how they all

364

00:14:28,190 --> 00:14:26,339

overlap with one another

365

00:14:30,170 --> 00:14:28,200

um hit me in a way I wasn't expecting

366

00:14:31,670 --> 00:14:30,180

but so like the creative part of it was

367

00:14:33,590 --> 00:14:31,680

I was looking I was a treaty person

368

00:14:35,389 --> 00:14:33,600

looking for an opportunity and looking

369

00:14:37,009 --> 00:14:35,399

for a project that no one was able to do

370

00:14:38,990 --> 00:14:37,019

before to kind of climb that mountain

371

00:14:40,189 --> 00:14:39,000

put my flag on it and that's what we did

372

00:14:41,449 --> 00:14:40,199

like a brought you skin walker Ranch and

373

00:14:43,550 --> 00:14:41,459

no one else would ever been able to do

374

00:14:45,530 --> 00:14:43,560

this literally it took me years and

375

00:14:47,810 --> 00:14:45,540

Brandon will tell you my late night

376

00:14:49,189 --> 00:14:47,820

phone calls my three minute talks at 2

377

00:14:51,470 --> 00:14:49,199

A.M with him

378

00:14:52,910 --> 00:14:51,480

um to get this track down so and there

379

00:14:54,769 --> 00:14:52,920

was no script for this there was no

380

00:14:57,590 --> 00:14:54,779

one's ever done this before so there was

381

00:14:59,210 --> 00:14:57,600

no like blueprint to follow so I was

382

00:15:01,189 --> 00:14:59,220

trying to follow the blueprint of Oak

383

00:15:03,650 --> 00:15:01,199

Island of like hey let's find a place

384

00:15:07,009 --> 00:15:03,660

that we can study something for a long

385

00:15:08,990 --> 00:15:07,019

period of time and get legitimate data

386

00:15:10,069 --> 00:15:09,000

collection going and you know make it

387

00:15:13,550 --> 00:15:10,079

repeatable

388

00:15:14,750 --> 00:15:13,560

build a data set study over and over and

389

00:15:16,009 --> 00:15:14,760

over and over and lock it down so don't

390

00:15:17,689 --> 00:15:16,019

you touch it

391

00:15:18,829 --> 00:15:17,699

um that's what we did so in terms of

392

00:15:20,389 --> 00:15:18,839

that but like the inspiration of Stephen

393

00:15:22,069 --> 00:15:20,399

Walker I think that happened

394

00:15:24,230 --> 00:15:22,079

you know from from those those

395

00:15:26,210 --> 00:15:24,240

conversations with never exactly almost

396

00:15:28,009 --> 00:15:26,220

challenging you like you can't get this

397

00:15:31,189 --> 00:15:28,019

one okay fine

398

00:15:32,449 --> 00:15:31,199

um so yeah there was never any other uh

399

00:15:34,250 --> 00:15:32,459

yeah I guess it was never like an

400

00:15:36,710 --> 00:15:34,260

inspiration other than like you know

401
00:15:43,090 --> 00:15:36,720
don't tell me I can't do something yes

402
00:15:48,230 --> 00:15:45,710
Buffalo's own uh and it kind of made me

403
00:15:50,389 --> 00:15:48,240
think of of Buffalo when when you you

404
00:15:51,710 --> 00:15:50,399
talked about that TJ and I've got two

405
00:15:53,750 --> 00:15:51,720
questions for you but the first one is

406
00:15:56,930 --> 00:15:53,760
going to be about Buffalo and I'm going

407
00:15:58,490 --> 00:15:56,940
to ask you if your friend I assume that

408
00:15:59,930 --> 00:15:58,500
you have friends you grew up there you

409
00:16:02,269 --> 00:15:59,940
have friends there that you interact

410
00:16:04,550 --> 00:16:02,279
with on a regular basis that are outside

411
00:16:05,829 --> 00:16:04,560
of the entertainment industry am I

412
00:16:09,410 --> 00:16:05,839
correct

413
00:16:11,509 --> 00:16:09,420

so I am trans I just moved to Buffalo uh

414

00:16:13,850 --> 00:16:11,519

I'm from Central New York which is Utica

415

00:16:15,470 --> 00:16:13,860

which is like right smack dab in the

416

00:16:17,990 --> 00:16:15,480

middle of New York City Upstate right

417

00:16:20,930 --> 00:16:18,000

now oh where yeah I'm right outside

418

00:16:23,329 --> 00:16:20,940

Albany uh born and raised but I'm I'm on

419

00:16:24,710 --> 00:16:23,339

an itinerary digital Nomad year but I

420

00:16:27,650 --> 00:16:24,720

passed through Buffalo whenever I go

421

00:16:29,329 --> 00:16:27,660

back to Pittsburgh so okay okay no I

422

00:16:32,269 --> 00:16:29,339

mean I just moved to eat yeah so I left

423

00:16:33,949 --> 00:16:32,279

I left Utica back in the late 90s moved

424

00:16:35,810 --> 00:16:33,959

to New York City and then I moved up

425

00:16:37,189 --> 00:16:35,820

here three years ago

426

00:16:39,290 --> 00:16:37,199

um because it was just opportunities

427

00:16:41,689 --> 00:16:39,300

were up here so uh but in terms of like

428

00:16:43,990 --> 00:16:41,699

my friends outside of the business all

429

00:16:47,930 --> 00:16:44,000

those TV there's people that you know

430

00:16:50,569 --> 00:16:47,940

BTV and ATV right before TV and after TV

431

00:16:52,910 --> 00:16:50,579

um and well you know there's it's the B

432

00:16:54,410 --> 00:16:52,920

TV that I'm curious about do they want

433

00:16:57,290 --> 00:16:54,420

to speak with you about this topic and

434

00:16:58,970 --> 00:16:57,300

what do they say no I think we all Beat

435

00:17:01,490 --> 00:16:58,980

It To Death growing up and talked about

436

00:17:04,010 --> 00:17:01,500

this stuff many drunken bonfires and

437

00:17:06,470 --> 00:17:04,020

like we all have the same we all had the

438

00:17:10,909 --> 00:17:07,850

like

439

00:17:12,590 --> 00:17:10,919

really became a I remember having these

440

00:17:14,329 --> 00:17:12,600

talks as like a teenager talking about

441

00:17:15,289 --> 00:17:14,339

like you know when I become rich and

442

00:17:16,610 --> 00:17:15,299

famous because everyone wants to be rich

443

00:17:18,169 --> 00:17:16,620

and famous when you're a teenager in the

444

00:17:19,669 --> 00:17:18,179

80s the 90s it's like you know what

445

00:17:21,110 --> 00:17:19,679

happened commercial famous

446

00:17:23,510 --> 00:17:21,120

um I'm gonna take all the smartest

447

00:17:25,069 --> 00:17:23,520

people I can fight I'm gonna rent out a

448

00:17:26,390 --> 00:17:25,079

huge match and they're gonna pay all the

449

00:17:27,409 --> 00:17:26,400

smartest people I can to sit around and

450

00:17:29,630 --> 00:17:27,419

we're gonna talk about all these

451

00:17:30,890 --> 00:17:29,640

unknowns that was like I remember having

452

00:17:31,970 --> 00:17:30,900

these these conversations with my

453

00:17:33,770 --> 00:17:31,980

friends like this is what I want to do

454

00:17:34,970 --> 00:17:33,780

when I like they're like why would you

455

00:17:36,230 --> 00:17:34,980

want to do that like you could do

456

00:17:38,450 --> 00:17:36,240

anything you want you just want to nerd

457

00:17:40,430 --> 00:17:38,460

out and talk about stuff like this

458

00:17:41,210 --> 00:17:40,440

um but it was you know we all had the

459

00:17:43,430 --> 00:17:41,220

same

460

00:17:44,870 --> 00:17:43,440

yes yes

461

00:17:46,789 --> 00:17:44,880

um so we all had these same kind of uh

462

00:17:48,830 --> 00:17:46,799

you know things like we used to go ghost

463

00:17:50,510 --> 00:17:48,840

hunting you know with baseball bats I

464

00:17:53,750 --> 00:17:50,520

don't know why

465

00:17:54,890 --> 00:17:53,760

um it's always so weird to me uh we go

466

00:17:57,169 --> 00:17:54,900

to cemeteries in the middle of night

467

00:18:01,789 --> 00:17:57,179

with bats like we could do fight a ghost

468

00:18:02,930 --> 00:18:01,799

like that uh like but now it's uh you

469

00:18:03,830 --> 00:18:02,940

know we still talk about this stuff but

470

00:18:05,210 --> 00:18:03,840

now it's

471

00:18:07,430 --> 00:18:05,220

you know it crosses over to the business

472

00:18:09,230 --> 00:18:07,440

part of it and now it's you know I'm

473

00:18:11,210 --> 00:18:09,240

capped about certain things I kind of

474

00:18:12,830 --> 00:18:11,220

can't say about you know stuff not that

475

00:18:14,930 --> 00:18:12,840

I know when you see the only Secrets I

476
00:18:17,390 --> 00:18:14,940
know of things that happen on the show I

477
00:18:19,610 --> 00:18:17,400
don't know Secrets outside of that

478
00:18:22,370 --> 00:18:19,620
um and I can't tell you this stuff I

479
00:18:24,770 --> 00:18:22,380
know about the show because my job uh

480
00:18:26,690 --> 00:18:24,780
absolutely we would never try to get you

481
00:18:28,010 --> 00:18:26,700
to compromise uh you know you come on

482
00:18:29,270 --> 00:18:28,020
here we're never gonna try to dig

483
00:18:30,289 --> 00:18:29,280
something no it's gonna get you in

484
00:18:32,150 --> 00:18:30,299
trouble

485
00:18:33,590 --> 00:18:32,160
um what's interesting though is that the

486
00:18:35,930 --> 00:18:33,600
phenomenon and what you just talked

487
00:18:37,730 --> 00:18:35,940
about kicking it around at it at a keg

488
00:18:39,770 --> 00:18:37,740

party down by the you know the lake or

489

00:18:41,270 --> 00:18:39,780

the river or or

490

00:18:43,130 --> 00:18:41,280

um you know talking about sitting on

491

00:18:46,010 --> 00:18:43,140

fire in the Mansion it's it's it's

492

00:18:47,510 --> 00:18:46,020

really a metaphor for life because it's

493

00:18:49,490 --> 00:18:47,520

not really about getting the answers

494

00:18:52,789 --> 00:18:49,500

everybody who's on this panel right now

495

00:18:55,250 --> 00:18:52,799

probably won't be alive to get a whole

496

00:18:56,930 --> 00:18:55,260

lot further or get quote the answers but

497

00:18:58,250 --> 00:18:56,940

it's about the journey which is what

498

00:18:59,870 --> 00:18:58,260

we're doing right here which is what

499

00:19:01,730 --> 00:18:59,880

you're doing on the show which is what

500

00:19:03,770 --> 00:19:01,740

you're doing at the keg party you know

501
00:19:05,450 --> 00:19:03,780
you're just taking the journey and and

502
00:19:07,789 --> 00:19:05,460
kicking around with people that you

503
00:19:10,669 --> 00:19:07,799
enjoy talking to so treating the beer

504
00:19:12,770 --> 00:19:10,679
first Scotch exactly it's got more money

505
00:19:15,650 --> 00:19:12,780
now he's looking at doing Jenny cream

506
00:19:22,490 --> 00:19:19,310
he had I'm just kidding I'm a New Yorker

507
00:19:23,630 --> 00:19:22,500
come on man oh my God Jenny cream held

508
00:19:25,130 --> 00:19:23,640
it's so funny

509
00:19:28,610 --> 00:19:25,140
I've never been like oh this is

510
00:19:32,990 --> 00:19:31,430
it's so funny the second question I

511
00:19:35,690 --> 00:19:33,000
wanted to ask you is about the dynamic

512
00:19:37,010 --> 00:19:35,700
between Eric I mean the show that you

513
00:19:38,870 --> 00:19:37,020

know okay yeah we have this great

514

00:19:41,029 --> 00:19:38,880

scientist who has a multitude of degrees

515

00:19:43,730 --> 00:19:41,039

but we didn't know that he was actually

516

00:19:45,909 --> 00:19:43,740

working as a contractor to the arrow

517

00:19:48,529 --> 00:19:45,919

office you know that makes his profile

518

00:19:50,390 --> 00:19:48,539

significantly larger what is it Dynamic

519

00:19:53,150 --> 00:19:50,400

like first first of all congratulations

520

00:19:55,250 --> 00:19:53,160

on getting a scientist on of that with

521

00:19:57,770 --> 00:19:55,260

those bonafides at that level but what

522

00:20:01,669 --> 00:19:57,780

is the dynamic between Travis and Eric

523

00:20:04,730 --> 00:20:01,679

because you have two scientific guys I

524

00:20:08,870 --> 00:20:04,740

I've uh you know talking to the guys

525

00:20:10,970 --> 00:20:08,880

um I it is a uh it's a very symbiotic

526

00:20:12,890 --> 00:20:10,980

relationship between everyone

527

00:20:14,810 --> 00:20:12,900

um they know I think people have fallen

528

00:20:16,130 --> 00:20:14,820

into where they what they do and how

529

00:20:19,070 --> 00:20:16,140

they do it

530

00:20:20,750 --> 00:20:19,080

um I don't ever see any uh not maybe

531

00:20:21,730 --> 00:20:20,760

they hide it very well not privy to any

532

00:20:27,169 --> 00:20:21,740

like

533

00:20:28,549 --> 00:20:27,179

everyone knows their Lane and they all

534

00:20:31,130 --> 00:20:28,559

kind of stick with it like they you know

535

00:20:32,510 --> 00:20:31,140

Eric is an observer he's you know that's

536

00:20:36,610 --> 00:20:32,520

what he does

537

00:20:39,950 --> 00:20:39,169

let's fire a rocket into it see what

538

00:20:43,669 --> 00:20:39,960

happens

539

00:20:46,850 --> 00:20:45,770

um but yeah so I think everyone knows

540

00:20:49,789 --> 00:20:46,860

that and they've all kind of settled

541

00:20:51,590 --> 00:20:49,799

into their stuff and that's you know

542

00:20:54,409 --> 00:20:51,600

so that's right

543

00:20:55,789 --> 00:20:54,419

yeah it is um you know you're not

544

00:20:57,350 --> 00:20:55,799

reading any trades about people having

545

00:20:58,010 --> 00:20:57,360

fist fights behind the scenes or

546

00:21:00,590 --> 00:20:58,020

anything

547

00:21:02,570 --> 00:21:00,600

no I think that's great I mean it it

548

00:21:04,789 --> 00:21:02,580

appears like there's a healthy respect

549

00:21:06,169 --> 00:21:04,799

for roles and that's all that's

550

00:21:07,669 --> 00:21:06,179

important is that you respect your

551

00:21:09,470 --> 00:21:07,679

colleagues and their role in that

552

00:21:12,110 --> 00:21:09,480

they're probably strong in a certain

553

00:21:14,570 --> 00:21:12,120

area which you know they all are in an

554

00:21:16,970 --> 00:21:14,580

area that somebody else is not

555

00:21:18,169 --> 00:21:16,980

um so I'm gonna pass you to money Nathan

556

00:21:20,210 --> 00:21:18,179

we'll go through this round and then

557

00:21:22,130 --> 00:21:20,220

we'll start into the fireside chat where

558

00:21:23,990 --> 00:21:22,140

we're gonna get over here your topic and

559

00:21:25,970 --> 00:21:24,000

everybody else is going to get to throw

560

00:21:26,810 --> 00:21:25,980

ties so please money Nathan take it away

561

00:21:29,149 --> 00:21:26,820

sir

562

00:21:31,190 --> 00:21:29,159

I want to kind of follow up on that

563

00:21:32,810 --> 00:21:31,200

Travis Taylor line so it was kind of

564

00:21:35,029 --> 00:21:32,820

controversial when that news came out

565

00:21:37,070 --> 00:21:35,039

that he would have been on the uapf the

566

00:21:38,690 --> 00:21:37,080

chief scientist and the first episode

567

00:21:40,730 --> 00:21:38,700

kind of spend some time talking about

568

00:21:44,210 --> 00:21:40,740

that with the team which I thought was

569

00:21:46,909 --> 00:21:44,220

smart uh what in what way has that

570

00:21:48,230 --> 00:21:46,919

impacted the the show I mean has it has

571

00:21:50,029 --> 00:21:48,240

there been any other government

572

00:21:51,890 --> 00:21:50,039

involvement because of his involvement

573

00:21:54,049 --> 00:21:51,900

with that group but what what can you

574

00:21:56,470 --> 00:21:54,059

say about that uh I can say that our

575

00:22:00,190 --> 00:21:56,480

readings are up

576

00:22:04,010 --> 00:22:02,930

uh you can read into that however you

577

00:22:05,570 --> 00:22:04,020

want

578

00:22:08,270 --> 00:22:05,580

um

579

00:22:10,669 --> 00:22:08,280

the uh the viewership I should say then

580

00:22:12,049 --> 00:22:10,679

so other than just no no I I I know your

581

00:22:14,090 --> 00:22:12,059

question and I purposely am not

582

00:22:17,090 --> 00:22:14,100

answering your question I understand you

583

00:22:19,789 --> 00:22:17,100

know there's there's yes watched

584

00:22:22,010 --> 00:22:19,799

it's been the season well let me ask you

585

00:22:23,690 --> 00:22:22,020

this one uh how would you um the seasons

586

00:22:26,149 --> 00:22:23,700

have been I think very solid and

587

00:22:28,610 --> 00:22:26,159

consistent so how would you sure kind of

588

00:22:31,789 --> 00:22:28,620

rank this season uh relative to the

589

00:22:33,970 --> 00:22:31,799

others you ain't seen nothing yet and I

590

00:22:37,190 --> 00:22:33,980

cannot wait

591

00:22:40,669 --> 00:22:37,200

it is an arc then so you got it's a

592

00:22:41,690 --> 00:22:40,679

story arc you start off slow ramp itself

593

00:22:43,669 --> 00:22:41,700

up

594

00:22:45,289 --> 00:22:43,679

um there was a crescendo that happens

595

00:22:49,010 --> 00:22:45,299

um

596

00:22:52,430 --> 00:22:49,020

things people there's going to be some

597

00:22:53,990 --> 00:22:52,440

opinions changed this season

598

00:22:56,210 --> 00:22:54,000

it's going to be some opinions formed

599

00:22:58,010 --> 00:22:56,220

opinions change this season

600

00:23:00,289 --> 00:22:58,020

I'm gonna leave it at that that's I

601
00:23:02,870 --> 00:23:00,299
think I think I I don't think this is

602
00:23:07,130 --> 00:23:03,950
yeah

603
00:23:09,649 --> 00:23:07,140
um it's different it's different I'm

604
00:23:11,870 --> 00:23:09,659
excited I'm excited

605
00:23:13,970 --> 00:23:11,880
I'm curious about what reactions are

606
00:23:15,350 --> 00:23:13,980
going to be is what I'm I think the

607
00:23:17,630 --> 00:23:15,360
social reactions are going to be the

608
00:23:18,710 --> 00:23:17,640
bigger

609
00:23:20,630 --> 00:23:18,720
I don't know it's going to be

610
00:23:21,830 --> 00:23:20,640
interesting it's going to be interesting

611
00:23:23,750 --> 00:23:21,840
um

612
00:23:26,210 --> 00:23:23,760
it definitely went up a level with the

613
00:23:28,490 --> 00:23:26,220

helicopter last season with the how the

614

00:23:30,649 --> 00:23:28,500

radar altimeter was spoofed how they

615

00:23:32,810 --> 00:23:30,659

then saw the object I think with a

616

00:23:34,130 --> 00:23:32,820

different uh they had some sort of

617

00:23:36,169 --> 00:23:34,140

optical device on the ground where they

618

00:23:38,990 --> 00:23:36,179

could see an object pass underneath the

619

00:23:41,690 --> 00:23:39,000

helicopter that I think really that

620

00:23:45,169 --> 00:23:41,700

really dialed it up last season so I I

621

00:23:47,450 --> 00:23:45,179

can see how with how far they pushed the

622

00:23:50,510 --> 00:23:47,460

envelope drilling into the side of the

623

00:23:52,690 --> 00:23:50,520

Mesa last season firing up into areas

624

00:23:55,730 --> 00:23:52,700

that they thought would would be

625

00:23:57,110 --> 00:23:55,740

provoking that the phenomenon you could

626

00:23:58,789 --> 00:23:57,120

only met they're going to go further

627

00:24:01,370 --> 00:23:58,799

this season because like we already did

628

00:24:03,049 --> 00:24:01,380

that we're going to dial it up now what

629

00:24:04,310 --> 00:24:03,059

I know

630

00:24:07,490 --> 00:24:04,320

um and we're digging that there's some

631

00:24:10,070 --> 00:24:07,500

digging Matt as we pass it to you I I

632

00:24:14,090 --> 00:24:10,080

asked TJ earlier on text message had he

633

00:24:17,870 --> 00:24:14,100

heard a Bigfoot activity on the ranch he

634

00:24:19,789 --> 00:24:17,880

hasn't and I I feel like I heard that

635

00:24:22,430 --> 00:24:19,799

there was Matt in in with your sources

636

00:24:24,470 --> 00:24:22,440

had you heard of anything prior to to

637

00:24:26,690 --> 00:24:24,480

Brandon buying it or had you heard

638

00:24:27,470 --> 00:24:26,700

anything about act Bigfoot activity on

639

00:24:29,630 --> 00:24:27,480

the ranch

640

00:24:31,669 --> 00:24:29,640

you know years ago I think it might have

641

00:24:33,830 --> 00:24:31,679

been Ghost Hunters the television series

642

00:24:37,850 --> 00:24:33,840

there was some paranormal team that

643

00:24:38,930 --> 00:24:37,860

visited the Ranch location uh on an

644

00:24:42,110 --> 00:24:38,940

episode

645

00:24:44,690 --> 00:24:42,120

and they had some activity that in my

646

00:24:48,110 --> 00:24:44,700

opinion was Bigfoot activity and not

647

00:24:49,610 --> 00:24:48,120

paranormal related uh I mean just the

648

00:24:51,830 --> 00:24:49,620

Classic they heard something walking

649

00:24:54,110 --> 00:24:51,840

around I think something threw a rock or

650

00:24:55,730 --> 00:24:54,120

a stick at them there were some

651
00:24:57,470 --> 00:24:55,740
vocalizations and it's just all stuff

652
00:24:58,909 --> 00:24:57,480
that would classically be attributed to

653
00:25:01,490 --> 00:24:58,919
Bigfoot

654
00:25:04,370 --> 00:25:01,500
um outside of that I mean

655
00:25:07,789 --> 00:25:04,380
obviously the area in general has a lot

656
00:25:11,690 --> 00:25:07,799
of stories in history and there's a an

657
00:25:14,570 --> 00:25:11,700
individual who I believe claims to have

658
00:25:17,149 --> 00:25:14,580
at once lived on the property adjacent

659
00:25:19,909 --> 00:25:17,159
to Skinwalker Ranch who's said some

660
00:25:22,070 --> 00:25:19,919
things over the years uh but you know

661
00:25:24,529 --> 00:25:22,080
it's all stories uh

662
00:25:26,090 --> 00:25:24,539
as far as actual reports from Skinwalker

663
00:25:28,730 --> 00:25:26,100

Ranch I'm not really familiar with any

664

00:25:31,430 --> 00:25:28,740

actual reports or anything

665

00:25:34,430 --> 00:25:31,440

um but there's some activity that could

666

00:25:36,169 --> 00:25:34,440

be considered uh like I said classic

667

00:25:42,710 --> 00:25:36,179

Bigfoot activity

668

00:25:46,010 --> 00:25:42,720

give me example things that in my

669

00:25:48,769 --> 00:25:46,020

opinion would seem uh the result of a

670

00:25:49,610 --> 00:25:48,779

human uh possibly

671

00:25:52,730 --> 00:25:49,620

um

672

00:25:55,669 --> 00:25:52,740

smacking on the outside of buildings uh

673

00:25:57,950 --> 00:25:55,679

objects being moved around property you

674

00:26:01,250 --> 00:25:57,960

know a lot of times It's associated with

675

00:26:02,870 --> 00:26:01,260

a haunting uh but if you go in and find

676
00:26:03,970 --> 00:26:02,880
tracks you know then you start asking

677
00:26:07,490 --> 00:26:03,980
other questions

678
00:26:10,310 --> 00:26:07,500
uh you know stick structures formations

679
00:26:12,590 --> 00:26:10,320
things of that nature uh strange

680
00:26:14,409 --> 00:26:12,600
primate-like vocalizations or human-like

681
00:26:18,169 --> 00:26:14,419
vocalizations

682
00:26:19,909 --> 00:26:18,179
uh you know classic howls and the siren

683
00:26:23,570 --> 00:26:19,919
Call that you uh here on the Internet

684
00:26:29,230 --> 00:26:23,580
it's called the Ohio howl uh

685
00:26:34,909 --> 00:26:32,990
yeah Matt moneymaker the uh guy from

686
00:26:36,830 --> 00:26:34,919
Skinwalker Ranch he was I don't know

687
00:26:38,570 --> 00:26:36,840
what his role at Skinwalker Ranch

688
00:26:41,149 --> 00:26:38,580

obviously he was the principal behind it

689

00:26:43,370 --> 00:26:41,159

the lawyer from La went to school in

690

00:26:45,950 --> 00:26:43,380

Ohio he's the one who got that recording

691

00:26:47,690 --> 00:26:45,960

in like 94 and 95 and it's an it's an

692

00:26:49,430 --> 00:26:47,700

amazing recording it's it's quite

693

00:26:50,930 --> 00:26:49,440

powerful to hear it because you're

694

00:26:53,210 --> 00:26:50,940

trying to figure out what animal would

695

00:26:54,950 --> 00:26:53,220

do that so sorry to interrupt Matt no

696

00:26:56,930 --> 00:26:54,960

you're good fire away with your question

697

00:26:59,630 --> 00:26:56,940

whenever you're ready sir I was just

698

00:27:01,730 --> 00:26:59,640

going to ask about uh whenever it comes

699

00:27:04,370 --> 00:27:01,740

to you know producing the actual

700

00:27:08,210 --> 00:27:04,380

television series I know a lot of

701
00:27:11,930 --> 00:27:08,220
research done in this sort of phenomenon

702
00:27:14,810 --> 00:27:11,940
is a lot of waiting game and a lot of

703
00:27:17,870 --> 00:27:14,820
time spent with no activity

704
00:27:19,669 --> 00:27:17,880
how do you handle that in producing a

705
00:27:21,649 --> 00:27:19,679
series and do you ever feel

706
00:27:24,350 --> 00:27:21,659
pressure to

707
00:27:26,390 --> 00:27:24,360
you know make things seem possibly more

708
00:27:28,490 --> 00:27:26,400
than they are or is there enough

709
00:27:29,390 --> 00:27:28,500
activity to keep the ball moving so to

710
00:27:32,269 --> 00:27:29,400
speak

711
00:27:33,950 --> 00:27:32,279
yeah so the just to be clear so the guys

712
00:27:35,690 --> 00:27:33,960
at Prometheus are doing the day-to-day

713
00:27:37,730 --> 00:27:35,700

production like those guys are ass

714

00:27:40,010 --> 00:27:37,740

kickers and they know what they're doing

715

00:27:42,289 --> 00:27:40,020

um this is everything is you know in

716

00:27:43,970 --> 00:27:42,299

television uh unscripted television is

717

00:27:48,470 --> 00:27:43,980

you know what I always call

718

00:27:49,970 --> 00:27:48,480

situationally scripted uh and so it is a

719

00:27:51,769 --> 00:27:49,980

you're scripting beats and you're

720

00:27:54,169 --> 00:27:51,779

scripting story arcs

721

00:27:56,690 --> 00:27:54,179

um and what we have the benefit of this

722

00:27:57,769 --> 00:27:56,700

show uh is that there are experiments so

723

00:27:58,909 --> 00:27:57,779

the experiments are going to drive the

724

00:28:01,190 --> 00:27:58,919

action

725

00:28:03,289 --> 00:28:01,200

um and the result so you can set them up

726

00:28:04,789 --> 00:28:03,299

and there's there's no need to you know

727

00:28:06,289 --> 00:28:04,799

what they would call Juice something

728

00:28:08,450 --> 00:28:06,299

like that you know back in the day

729

00:28:10,010 --> 00:28:08,460

people used to juice shows and they I'm

730

00:28:11,390 --> 00:28:10,020

sure that somebody show those people

731

00:28:14,990 --> 00:28:11,400

still do

732

00:28:16,370 --> 00:28:15,000

um but you know there's things a few

733

00:28:18,710 --> 00:28:16,380

things in this show that make it unique

734

00:28:22,310 --> 00:28:18,720

like Brandon has a lot to lose here

735

00:28:25,010 --> 00:28:22,320

nothing to gain like there's no bread as

736

00:28:27,890 --> 00:28:25,020

money is never gonna be coming from

737

00:28:28,970 --> 00:28:27,900

owning Skinwalker Ranch to be more money

738

00:28:30,529 --> 00:28:28,980

than

739

00:28:32,210 --> 00:28:30,539

you know he's ever gonna make for TV

740

00:28:33,409 --> 00:28:32,220

he's already made so there's no benefit

741

00:28:34,190 --> 00:28:33,419

to that

742

00:28:35,870 --> 00:28:34,200

um

743

00:28:38,090 --> 00:28:35,880

so he has everything to lose like this

744

00:28:40,909 --> 00:28:38,100

is a professionally expensive move for

745

00:28:42,649 --> 00:28:40,919

him to do this uh so you can't you could

746

00:28:44,210 --> 00:28:42,659

never have like things being created or

747

00:28:46,430 --> 00:28:44,220

falsified or anything like that like set

748

00:28:48,169 --> 00:28:46,440

up but the experiments help Drive the

749

00:28:50,570 --> 00:28:48,179

action then the results are where you

750

00:28:52,850 --> 00:28:50,580

know where the unknown happens right so

751

00:28:54,470 --> 00:28:52,860

as you're doing things it's like what's

752

00:28:56,810 --> 00:28:54,480

the response

753

00:28:58,730 --> 00:28:56,820

um and so you can script out the idea of

754

00:28:59,750 --> 00:28:58,740

we're going to run this experience I

755

00:29:01,370 --> 00:28:59,760

don't even know like I'm not part of

756

00:29:02,570 --> 00:29:01,380

that part of that creation like I was

757

00:29:04,909 --> 00:29:02,580

talking with Eric yesterday asking him

758

00:29:06,409 --> 00:29:04,919

like are you the this upcoming drone

759

00:29:08,630 --> 00:29:06,419

experiment yeah I still want to know the

760

00:29:10,130 --> 00:29:08,640

origin I was like was that you or was it

761

00:29:11,450 --> 00:29:10,140

one of the production guys

762

00:29:13,789 --> 00:29:11,460

um and he's like well no we kind of you

763

00:29:16,250 --> 00:29:13,799

know put together

764

00:29:18,169 --> 00:29:16,260

um talk about more experiments now like

765

00:29:20,029 --> 00:29:18,179

you know

766

00:29:22,669 --> 00:29:20,039

um like what other things that can be

767

00:29:25,490 --> 00:29:22,679

done in your future State uh you know if

768

00:29:27,830 --> 00:29:25,500

we're lucky enough to get there uh but

769

00:29:31,010 --> 00:29:27,840

you know that I would say though that

770

00:29:32,570 --> 00:29:31,020

would be a challenge there's never been

771

00:29:35,210 --> 00:29:32,580

I would think that would be a challenge

772

00:29:37,130 --> 00:29:35,220

if you are

773

00:29:38,930 --> 00:29:37,140

doing some kind of

774

00:29:40,970 --> 00:29:38,940

show about paranormal and without

775

00:29:43,370 --> 00:29:40,980

experiments like if the idea is

776

00:29:45,110 --> 00:29:43,380

observate solely observation I'm going

777

00:29:47,269 --> 00:29:45,120

to go here and see what happens

778

00:29:48,710 --> 00:29:47,279

I can imagine that's gotta be

779

00:29:51,529 --> 00:29:48,720

that's rough like you're shooting

780

00:29:53,510 --> 00:29:51,539

already like you know uh I want to say

781

00:29:56,090 --> 00:29:53,520

it is

782

00:29:57,710 --> 00:29:56,100

10 10 hours a minute

783

00:29:58,850 --> 00:29:57,720

15 hours a minute something like that

784

00:30:00,529 --> 00:29:58,860

right now

785

00:30:03,289 --> 00:30:00,539

um so you're capturing you'd be happy

786

00:30:04,789 --> 00:30:03,299

you have to capture way more uh without

787

00:30:06,830 --> 00:30:04,799

experiments so

788

00:30:08,389 --> 00:30:06,840

yeah I can see the frustration if you

789

00:30:10,730 --> 00:30:08,399

didn't have the experiments to lean on

790

00:30:12,769 --> 00:30:10,740

it luckily I've never had to have bad

791

00:30:15,110 --> 00:30:12,779

habit so

792

00:30:17,690 --> 00:30:15,120

the experiments are provocative and that

793

00:30:19,970 --> 00:30:17,700

elicits a response from the phenomenon

794

00:30:22,130 --> 00:30:19,980

and that just is gold because it's

795

00:30:23,810 --> 00:30:22,140

proven that if you provoke it it

796

00:30:26,690 --> 00:30:23,820

responds and then it's just a question

797

00:30:30,110 --> 00:30:26,700

of analyzing what that response is uh

798

00:30:32,210 --> 00:30:30,120

versus how you know uh the the um

799

00:30:33,830 --> 00:30:32,220

the data surrounding what the

800

00:30:35,630 --> 00:30:33,840

provocation was they analyzed the

801
00:30:37,430 --> 00:30:35,640
response and then they can see see what

802
00:30:40,909 --> 00:30:37,440
they can glean from it which is it's

803
00:30:43,070 --> 00:30:40,919
extremely perplexing uh Leah Prime

804
00:30:44,630 --> 00:30:43,080
TJ you just teed me up beautifully for

805
00:30:46,010 --> 00:30:44,640
what I was going to ask

806
00:30:48,169 --> 00:30:46,020
um so I have a question about the data

807
00:30:49,850 --> 00:30:48,179
collection process on the show yeah this

808
00:30:51,049 --> 00:30:49,860
was this could have been scripted but it

809
00:30:53,149 --> 00:30:51,059
was not

810
00:30:54,950 --> 00:30:53,159
um has there been any mention or studies

811
00:30:56,990 --> 00:30:54,960
conducted at the ranch that to your

812
00:31:01,130 --> 00:30:57,000
knowledge include the use of equipment

813
00:31:03,730 --> 00:31:01,140

to detect ionized or ionizing radiation

814

00:31:07,250 --> 00:31:03,740

would imagine so but I don't know

815

00:31:10,130 --> 00:31:07,260

technically uh

816

00:31:13,310 --> 00:31:10,140

Eric's not so much stuff going on there

817

00:31:15,830 --> 00:31:13,320

it's insane I mean

818

00:31:18,490 --> 00:31:15,840

it what's funny is anything you can

819

00:31:21,289 --> 00:31:18,500

think of he's already done

820

00:31:22,730 --> 00:31:21,299

it's almost it's almost frustrating

821

00:31:25,610 --> 00:31:22,740

because you think you have a

822

00:31:28,549 --> 00:31:25,620

revolutionary idea dude you gotta do

823

00:31:30,350 --> 00:31:28,559

yeah I tried that you know you gotta try

824

00:31:32,930 --> 00:31:30,360

no but there's this great new tool no I

825

00:31:36,169 --> 00:31:32,940

built my own like no but

826

00:31:37,850 --> 00:31:36,179

no like he's always steps ahead steps

827

00:31:39,350 --> 00:31:37,860

ahead and everything

828

00:31:41,570 --> 00:31:39,360

um I love them for it man but that's

829

00:31:43,370 --> 00:31:41,580

what he does but yeah I would imagine so

830

00:31:44,990 --> 00:31:43,380

but I wouldn't I can't I wish I could

831

00:31:46,730 --> 00:31:45,000

validate that for you were verified but

832

00:31:47,810 --> 00:31:46,740

I just don't know

833

00:31:50,330 --> 00:31:47,820

um

834

00:31:52,730 --> 00:31:50,340

yeah but you know the the data's the

835

00:31:55,190 --> 00:31:52,740

expensive stuff man that's that's the

836

00:31:57,769 --> 00:31:55,200

you know that's the the money

837

00:31:59,930 --> 00:31:57,779

um you know that's I think that is

838

00:32:02,330 --> 00:31:59,940

becoming more controversial now people

839

00:32:04,669 --> 00:32:02,340

want stuff at least and in the world of

840

00:32:06,250 --> 00:32:04,679

AI no uh

841

00:32:09,289 --> 00:32:06,260

do another

842

00:32:10,549 --> 00:32:09,299

dissent into madness

843

00:32:13,010 --> 00:32:10,559

so

844

00:32:14,870 --> 00:32:13,020

I'm gonna cautiously say TJ that I'm

845

00:32:18,169 --> 00:32:14,880

pretty sure that I heard Eric mentioned

846

00:32:20,870 --> 00:32:18,179

uh measuring radiation levels uh I I

847

00:32:23,269 --> 00:32:20,880

don't know about ionized that part yeah

848

00:32:26,510 --> 00:32:23,279

I know that there's radiation yeah

849

00:32:27,710 --> 00:32:26,520

yeah I I don't know about ionized I

850

00:32:30,350 --> 00:32:27,720

don't even know what ionized radiation

851
00:32:31,789 --> 00:32:30,360
is I know that's why we hire Leah

852
00:32:35,690 --> 00:32:31,799
because we don't know either because you

853
00:32:38,029 --> 00:32:35,700
know that's what we but I was gonna uh

854
00:32:41,870 --> 00:32:38,039
mention that uh if you listen to that

855
00:32:43,730 --> 00:32:41,880
UFO podcast with Andy mcgrillin uh Eric

856
00:32:47,090 --> 00:32:43,740
went on there and he asked him if he had

857
00:32:48,889 --> 00:32:47,100
an unlimited budget what type of uh an

858
00:32:50,210 --> 00:32:48,899
experiment would he run and he talked

859
00:32:52,250 --> 00:32:50,220
about

860
00:32:54,350 --> 00:32:52,260
um setting up an array and you'll

861
00:32:56,690 --> 00:32:54,360
forgive me that I'm not a scientist that

862
00:32:59,570 --> 00:32:56,700
would cover a large swath of the area

863
00:33:02,510 --> 00:32:59,580

that he wants to look at but each they

864

00:33:04,789 --> 00:33:02,520

would each sensor would be gathering and

865

00:33:07,669 --> 00:33:04,799

interpreting data independent of the

866

00:33:10,430 --> 00:33:07,679

others so if something moved across that

867

00:33:12,649 --> 00:33:10,440

array it wouldn't it couldn't be tricked

868

00:33:15,110 --> 00:33:12,659

into passing one piece of information

869

00:33:16,909 --> 00:33:15,120

throughout the array that all those

870

00:33:18,350 --> 00:33:16,919

different sensors within there would be

871

00:33:20,690 --> 00:33:18,360

gathering and then they could make a

872

00:33:22,610 --> 00:33:20,700

comparison so I thought that was and see

873

00:33:24,289 --> 00:33:22,620

if there's any changes so that was

874

00:33:27,230 --> 00:33:24,299

interesting I'm not answering it as well

875

00:33:28,610 --> 00:33:27,240

as Eric did but that's my Nathan is that

876

00:33:30,710 --> 00:33:28,620

basically what he said

877

00:33:32,810 --> 00:33:30,720

yeah I think you're spot on I'd love to

878

00:33:35,570 --> 00:33:32,820

see that experiment yeah he was like

879

00:33:37,009 --> 00:33:35,580

yeah because Andy said if you had 500

880

00:33:40,130 --> 00:33:37,019

million dollars you know he threw out a

881

00:33:42,649 --> 00:33:40,140

number that basically unlimited budget

882

00:33:45,009 --> 00:33:42,659

um so also I want to say hello to uh

883

00:33:47,269 --> 00:33:45,019

jewelry

884

00:33:50,450 --> 00:33:47,279

Julie's in the chat hi Julie thank you

885

00:33:52,850 --> 00:33:50,460

very much for uh hosting everybody uh

886

00:33:57,409 --> 00:33:52,860

that is the uh handsome TJ Allard there

887

00:34:00,769 --> 00:33:57,419

and um TJ let's let's launch launch into

888

00:34:03,230 --> 00:34:00,779

the uh fireside chat and

889

00:34:04,789 --> 00:34:03,240

um I'd like to do you want to start off

890

00:34:06,230 --> 00:34:04,799

or would you like one of the cabbies no

891

00:34:07,190 --> 00:34:06,240

what do you guys prime the pump I would

892

00:34:08,930 --> 00:34:07,200

love I would love to have you probably

893

00:34:11,329 --> 00:34:08,940

bump and let me hear how this goes

894

00:34:13,270 --> 00:34:11,339

Nathan do you want I I can go first if

895

00:34:16,369 --> 00:34:13,280

you uh with mine

896

00:34:17,990 --> 00:34:16,379

it's really germane to the ranch and um

897

00:34:20,149 --> 00:34:18,000

there's the fire you see the fire the

898

00:34:22,849 --> 00:34:20,159

camera

899

00:34:25,730 --> 00:34:22,859

hopefully TJ got some s'mores and some

900

00:34:27,070 --> 00:34:25,740

marshmallows uh and we are gonna have a

901
00:34:29,389 --> 00:34:27,080
capture

902
00:34:31,310 --> 00:34:29,399
it's definitely we gotta have a keg it's

903
00:34:33,589 --> 00:34:31,320
New York uh it doesn't matter how cold

904
00:34:36,109 --> 00:34:33,599
it is uh and yeah we are gonna have a

905
00:34:37,550 --> 00:34:36,119
cab summer party uh where it's going to

906
00:34:39,829 --> 00:34:37,560
be like the holiday party but we're

907
00:34:41,990 --> 00:34:39,839
going to be talking about barbecue and

908
00:34:43,909 --> 00:34:42,000
potato chips and we'll probably before

909
00:34:45,470 --> 00:34:43,919
the end of the show we'll ask TJ about

910
00:34:46,609 --> 00:34:45,480
his favorite potato chips so you can

911
00:34:47,750 --> 00:34:46,619
kind of get that in the back of your

912
00:34:49,369 --> 00:34:47,760
brain

913
00:34:53,329 --> 00:34:49,379

um but anyway

914

00:34:56,930 --> 00:34:53,339

um so the idea of portals TJ

915

00:34:59,810 --> 00:34:56,940

um and and crew cabbies

916

00:35:01,370 --> 00:34:59,820

so it's very germane to what goes on on

917

00:35:04,970 --> 00:35:01,380

the ranch

918

00:35:06,890 --> 00:35:04,980

um Matt is you know had on uh people on

919

00:35:09,470 --> 00:35:06,900

his show that are talking about portals

920

00:35:12,650 --> 00:35:09,480

uh the meadow project there in Alabama

921

00:35:15,650 --> 00:35:12,660

talked about a very professional group

922

00:35:18,470 --> 00:35:15,660

of Bigfoot investigators uh unwittingly

923

00:35:20,810 --> 00:35:18,480

encountered a portal whereby when they

924

00:35:23,329 --> 00:35:20,820

were looking at them on therm and

925

00:35:26,810 --> 00:35:23,339

watching you had three teams and when

926
00:35:28,790 --> 00:35:26,820
they were watching Team two on thermal

927
00:35:30,109 --> 00:35:28,800
they walked into they said we see a

928
00:35:32,270 --> 00:35:30,119
portal it's in front of you guys keep

929
00:35:36,470 --> 00:35:32,280
moving keep moving and they disappeared

930
00:35:38,210 --> 00:35:36,480
uh from view so the idea of portals what

931
00:35:41,569 --> 00:35:38,220
I want to ask the team here and I'll

932
00:35:46,370 --> 00:35:41,579
start with Nathan first is

933
00:35:48,069 --> 00:35:46,380
if if dogmen and these other entities uh

934
00:35:50,870 --> 00:35:48,079
entities that are appearing on the ranch

935
00:35:53,810 --> 00:35:50,880
uh whether some people believe Bigfoot

936
00:35:58,670 --> 00:35:53,820
uses them other Cryptids

937
00:36:04,430 --> 00:35:58,680
what is the process by which a portal is

938
00:36:07,430 --> 00:36:04,440

opened what are the mechanics how who if

939

00:36:10,630 --> 00:36:07,440

anyone decides that that portal should

940

00:36:13,370 --> 00:36:10,640

be open so that that particular entity

941

00:36:16,130 --> 00:36:13,380

can walk through it and appear in our

942

00:36:17,450 --> 00:36:16,140

reality how do you suppose that that

943

00:36:18,829 --> 00:36:17,460

happens would you like to throw

944

00:36:20,329 --> 00:36:18,839

something out there

945

00:36:22,910 --> 00:36:20,339

wow

946

00:36:25,490 --> 00:36:22,920

um I didn't know where to start

947

00:36:27,109 --> 00:36:25,500

um yeah that's a big one right uh yeah

948

00:36:28,790 --> 00:36:27,119

well you know they they've hinted at

949

00:36:30,650 --> 00:36:28,800

this on the show right they've hinted

950

00:36:32,210 --> 00:36:30,660

that there's been uh it's a speculation

951
00:36:35,030 --> 00:36:32,220
right that there's some kind of portal

952
00:36:38,270 --> 00:36:35,040
above the ranch uh of course we've heard

953
00:36:40,190 --> 00:36:38,280
mention of the portal on the ranch

954
00:36:42,589 --> 00:36:40,200
um as far as like the mechanism by which

955
00:36:44,770 --> 00:36:42,599
one appears I mean I think we would have

956
00:36:47,510 --> 00:36:44,780
to understand

957
00:36:49,730 --> 00:36:47,520
I mean we we don't our portal science

958
00:36:52,849 --> 00:36:49,740
put it this way our portal science is

959
00:36:55,970 --> 00:36:52,859
not exactly great uh so you know we've

960
00:36:57,410 --> 00:36:55,980
got theoretical things like wormholes uh

961
00:37:00,770 --> 00:36:57,420
you know so the same things that

962
00:37:02,569 --> 00:37:00,780
Traverse space and time uh through a

963
00:37:05,390 --> 00:37:02,579

wormhole that requires at least from

964

00:37:07,430 --> 00:37:05,400

understanding a ton of energy uh and

965

00:37:10,069 --> 00:37:07,440

that they're very unstable too from what

966

00:37:12,650 --> 00:37:10,079

we understand uh so maybe it's something

967

00:37:14,690 --> 00:37:12,660

like that but uh I don't know I mean I

968

00:37:16,550 --> 00:37:14,700

you know is there is there a connection

969

00:37:20,150 --> 00:37:16,560

to Consciousness is there connection to

970

00:37:22,790 --> 00:37:20,160

the people who are there uh in a sort of

971

00:37:26,690 --> 00:37:22,800

in a way kind of manifesting that

972

00:37:28,310 --> 00:37:26,700

experience to happen uh I I don't know

973

00:37:30,770 --> 00:37:28,320

um interesting you know I reminded too

974

00:37:33,109 --> 00:37:30,780

of that uh was it season one uh TJ or

975

00:37:35,810 --> 00:37:33,119

two where they brought the rabbi on and

976

00:37:38,150 --> 00:37:35,820

he was kind of doing his uh you know

977

00:37:40,370 --> 00:37:38,160

sort of ceremony and while he was doing

978

00:37:43,069 --> 00:37:40,380

that they were I think like they had uh

979

00:37:46,310 --> 00:37:43,079

Homestead 2 on thermal and there was

980

00:37:47,870 --> 00:37:46,320

like a a cold anomaly that began

981

00:37:51,050 --> 00:37:47,880

appearing

982

00:37:53,690 --> 00:37:51,060

on Homestead too during this essentially

983

00:37:56,569 --> 00:37:53,700

was a prayer ceremony

984

00:37:58,310 --> 00:37:56,579

um so that was quite odd and it kind of

985

00:37:59,750 --> 00:37:58,320

for me as a viewer I was like well where

986

00:38:02,089 --> 00:37:59,760

are we going from here like what what

987

00:38:03,410 --> 00:38:02,099

does that mean that tends to be the case

988

00:38:05,450 --> 00:38:03,420

though with a lot of these experiments

989

00:38:07,130 --> 00:38:05,460

right they kind of they only end up

990

00:38:10,010 --> 00:38:07,140

raising more questions than than

991

00:38:15,470 --> 00:38:12,170

I I thought it was three I don't know

992

00:38:17,210 --> 00:38:15,480

yeah there you go because Jonathan was

993

00:38:18,950 --> 00:38:17,220

on that same one we ended up getting

994

00:38:21,589 --> 00:38:18,960

Jonathan Dover whom you had on the show

995

00:38:24,230 --> 00:38:21,599

we've finally got him on and Stan his

996

00:38:27,109 --> 00:38:24,240

partner from the Navajo Rangers and that

997

00:38:29,690 --> 00:38:27,119

was uh I used the word phenomenal but it

998

00:38:32,990 --> 00:38:29,700

was his great episode

999

00:38:36,050 --> 00:38:33,000

um Matt so you know these folks that see

1000

00:38:38,569 --> 00:38:36,060

these uh you know dog man I you know a

1001
00:38:40,490 --> 00:38:38,579
lot of people believe that that creature

1002
00:38:43,609 --> 00:38:40,500
is moving through a portal does it

1003
00:38:46,609 --> 00:38:43,619
decide to open this up this venue and

1004
00:38:49,430 --> 00:38:46,619
let itself in uh who do you suppose uh

1005
00:38:52,849 --> 00:38:49,440
is the origin of of allowing something

1006
00:38:54,890 --> 00:38:52,859
can can an entity decide that it wants

1007
00:38:56,630 --> 00:38:54,900
to appear and it happens or is there

1008
00:38:58,730 --> 00:38:56,640
someone else that's con pulling that

1009
00:39:01,310 --> 00:38:58,740
switch is there a TJ Allard back there

1010
00:39:06,230 --> 00:39:01,320
that's opening that portal

1011
00:39:08,870 --> 00:39:06,240
yeah a simple answer I have no idea

1012
00:39:11,270 --> 00:39:08,880
I mean because

1013
00:39:14,150 --> 00:39:11,280

you know I if something

1014

00:39:15,829 --> 00:39:14,160

had the conscious ability to do that

1015

00:39:18,230 --> 00:39:15,839

then

1016

00:39:19,910 --> 00:39:18,240

I mean what are they God you know are

1017

00:39:22,130 --> 00:39:19,920

are they a type of God they're they're

1018

00:39:24,290 --> 00:39:22,140

something beyond our understanding of

1019

00:39:27,190 --> 00:39:24,300

you know science for sure

1020

00:39:30,849 --> 00:39:27,200

uh and then if it does just happen

1021

00:39:34,069 --> 00:39:30,859

somewhat randomly or by some other

1022

00:39:36,349 --> 00:39:34,079

methods whether it be a certain type of

1023

00:39:39,530 --> 00:39:36,359

geography or something going on that we

1024

00:39:42,349 --> 00:39:39,540

don't know about or don't uh pick up on

1025

00:39:44,210 --> 00:39:42,359

at the time are these uh beings just in

1026

00:39:47,390 --> 00:39:44,220

the right place at the right time

1027

00:39:50,569 --> 00:39:47,400

uh the odds of that seem very unlikely

1028

00:39:52,910 --> 00:39:50,579

as well or is it a combination of things

1029

00:39:54,050 --> 00:39:52,920

you know right thing in the right place

1030

00:39:55,069 --> 00:39:54,060

at the right time with the right

1031

00:39:59,569 --> 00:39:55,079

abilities

1032

00:40:01,370 --> 00:39:59,579

uh is it you know String Theory uh you

1033

00:40:04,069 --> 00:40:01,380

know entanglement where we're just happy

1034

00:40:06,050 --> 00:40:04,079

to be overlapping at the right point in

1035

00:40:09,410 --> 00:40:06,060

time for that Dimension to cross over to

1036

00:40:12,050 --> 00:40:09,420

this one but then why can't we cross

1037

00:40:15,170 --> 00:40:12,060

over as well why doesn't it it's not a

1038

00:40:17,349 --> 00:40:15,180

two-way street it doesn't seem uh unless

1039

00:40:21,470 --> 00:40:17,359

you're one of these creatures apparently

1040

00:40:23,750 --> 00:40:21,480

but then you know I've heard uh some

1041

00:40:26,569 --> 00:40:23,760

pretty crazy stuff out there there's a a

1042

00:40:29,390 --> 00:40:26,579

gentleman uh Dr Matthew Johnson who had

1043

00:40:32,630 --> 00:40:29,400

a Big Foot encounter uh

1044

00:40:35,390 --> 00:40:32,640

and his views of Bigfoot drastically

1045

00:40:37,849 --> 00:40:35,400

changed from where they began and he

1046

00:40:41,569 --> 00:40:37,859

claims that he has the ability to open

1047

00:40:45,170 --> 00:40:41,579

portals and uh he just uses a red

1048

00:40:46,730 --> 00:40:45,180

flashlight so I mean I don't know I

1049

00:40:49,310 --> 00:40:46,740

don't know

1050

00:40:52,849 --> 00:40:49,320

I I did have a theory uh whenever I was

1051
00:40:55,370 --> 00:40:52,859
about 12. uh how people uh come across

1052
00:40:58,190 --> 00:40:55,380
these cold spots in haunting haunting

1053
00:40:59,870 --> 00:40:58,200
cases and the thought that I came up

1054
00:41:02,089 --> 00:40:59,880
with then was that those were the

1055
00:41:03,910 --> 00:41:02,099
spirits actually drawing energy from the

1056
00:41:07,069 --> 00:41:03,920
area to manifest

1057
00:41:08,329 --> 00:41:07,079
and the drawing of that energy created a

1058
00:41:10,970 --> 00:41:08,339
vacuum and that's what we were feeling

1059
00:41:14,930 --> 00:41:10,980
as a change in temperature drop uh you

1060
00:41:18,410 --> 00:41:14,940
know getting colder but was it a portal

1061
00:41:19,910 --> 00:41:18,420
opening uh into the plane where the the

1062
00:41:21,710 --> 00:41:19,920
spirits or whatever you want to call

1063
00:41:23,690 --> 00:41:21,720

them could cross over and that's the

1064

00:41:25,790 --> 00:41:23,700

cold spots that we feel because a lot of

1065

00:41:27,890 --> 00:41:25,800

these uh situations that you spoke of

1066

00:41:29,650 --> 00:41:27,900

earlier where they're observing through

1067

00:41:32,030 --> 00:41:29,660

some sort of you know thermal device

1068

00:41:35,270 --> 00:41:32,040

they see these portals as a cold

1069

00:41:37,730 --> 00:41:35,280

register and not a warm register which I

1070

00:41:40,190 --> 00:41:37,740

find that kind of interesting

1071

00:41:41,810 --> 00:41:40,200

that that goes with your theory so you

1072

00:41:43,250 --> 00:41:41,820

started out with I have no idea and then

1073

00:41:46,730 --> 00:41:43,260

prevented it presented an excellent

1074

00:41:48,470 --> 00:41:46,740

hypothesis well I don't know right I

1075

00:41:49,910 --> 00:41:48,480

certainly don't know well none of us

1076
00:41:51,589 --> 00:41:49,920
know but that's what we're doing that's

1077
00:41:54,170 --> 00:41:51,599
why we're here is to kick it around no

1078
00:41:56,510 --> 00:41:54,180
obviously none of us know and we we will

1079
00:41:58,010 --> 00:41:56,520
get to Nathan please remind me for the

1080
00:42:00,770 --> 00:41:58,020
end of show we'll get to with TJ about

1081
00:42:02,750 --> 00:42:00,780
uh Chris blett so I'm sure he's familiar

1082
00:42:04,849 --> 00:42:02,760
with him but if you're talking to him

1083
00:42:07,010 --> 00:42:04,859
next night okay oh all right well then

1084
00:42:09,829 --> 00:42:07,020
we will we will get to it after we're

1085
00:42:12,650 --> 00:42:09,839
done with the Firestone I talked last

1086
00:42:13,730 --> 00:42:12,660
night I talked yeah we will get to that

1087
00:42:15,010 --> 00:42:13,740
because I'm going to want to hear about

1088
00:42:17,329 --> 00:42:15,020

that because

1089

00:42:19,490 --> 00:42:17,339

the kind of entertainment you're talking

1090

00:42:21,770 --> 00:42:19,500

about I mean his story is one I would

1091

00:42:24,829 --> 00:42:21,780

want to present but Leah Prime so

1092

00:42:27,710 --> 00:42:24,839

Nathan's hypothesis is interesting is

1093

00:42:29,690 --> 00:42:27,720

that person manifesting the portal is it

1094

00:42:31,069 --> 00:42:29,700

the entity walking through the portal

1095

00:42:33,050 --> 00:42:31,079

that

1096

00:42:35,870 --> 00:42:33,060

um Engineers it's it's it's its opening

1097

00:42:37,310 --> 00:42:35,880

uh like Matt uh or what Matt said which

1098

00:42:40,010 --> 00:42:37,320

is a tangent thereof what is your

1099

00:42:42,710 --> 00:42:40,020

thoughts about that these portals yeah

1100

00:42:46,910 --> 00:42:44,630

um and I always try to lay this out

1101

00:42:50,150 --> 00:42:46,920

whenever I talk about this kind of

1102

00:42:51,470 --> 00:42:50,160

mysterious or numinous topics which is

1103

00:42:53,089 --> 00:42:51,480

that I think are Frameworks for

1104

00:42:55,970 --> 00:42:53,099

instrumenting measuring and assessing

1105

00:42:59,690 --> 00:42:55,980

these events are very very limited

1106

00:43:01,790 --> 00:42:59,700

um and uh my my secondary comment here

1107

00:43:04,010 --> 00:43:01,800

is that there's basically a long story

1108

00:43:06,950 --> 00:43:04,020

tradition of rituals and behaviors to

1109

00:43:09,410 --> 00:43:06,960

deliberately induce these liminal spaces

1110

00:43:11,870 --> 00:43:09,420

and experiences which largely defy the

1111

00:43:13,790 --> 00:43:11,880

Western Material tradition including

1112

00:43:15,050 --> 00:43:13,800

summoning entities right like in I guess

1113

00:43:17,450 --> 00:43:15,060

in the western tradition we have people

1114

00:43:18,710 --> 00:43:17,460

like John D and Enoki and Magic but we

1115

00:43:20,630 --> 00:43:18,720

also have things like topos and

1116

00:43:22,550 --> 00:43:20,640

egregor's so when we're talking about

1117

00:43:25,370 --> 00:43:22,560

portals and dogmen to me that feels like

1118

00:43:27,170 --> 00:43:25,380

it's really just uh in a lot of respects

1119

00:43:30,170 --> 00:43:27,180

um we're still singing from the same

1120

00:43:32,030 --> 00:43:30,180

song sheet in terms of uh traditions and

1121

00:43:33,770 --> 00:43:32,040

rituals that have been with Humanity for

1122

00:43:36,170 --> 00:43:33,780

a very very long time

1123

00:43:37,370 --> 00:43:36,180

um but even now we see conversations uh

1124

00:43:38,990 --> 00:43:37,380

I'm going to bring it up in the

1125

00:43:40,790 --> 00:43:39,000

Psychedelic Community uh Andrew

1126

00:43:42,170 --> 00:43:40,800

Gallimore for instance theorizes that

1127

00:43:43,910 --> 00:43:42,180

DMT entities are actually

1128

00:43:45,530 --> 00:43:43,920

hyperdimensional beings that can be

1129

00:43:48,050 --> 00:43:45,540

deliberately interacted with during a

1130

00:43:49,849 --> 00:43:48,060

breakthrough experience and so I say all

1131

00:43:52,790 --> 00:43:49,859

of this to say I don't have a great

1132

00:43:55,730 --> 00:43:52,800

answer but um like with a lot of

1133

00:43:57,770 --> 00:43:55,740

subjects in this space for me I tend to

1134

00:44:00,290 --> 00:43:57,780

analogize them to other Traditions like

1135

00:44:01,970 --> 00:44:00,300

either psychospiritual ritual esoteric

1136

00:44:04,550 --> 00:44:01,980

and occult Traditions

1137

00:44:08,690 --> 00:44:04,560

um that have been more or less not only

1138

00:44:10,849 --> 00:44:08,700

participated in but um consistently uh

1139

00:44:14,510 --> 00:44:10,859

participated and experienced in by

1140

00:44:18,470 --> 00:44:14,520

people across all times and cultures

1141

00:44:21,950 --> 00:44:18,480

okay but no hypothesis on what makes it

1142

00:44:24,710 --> 00:44:21,960

come about if it's if it's a derivative

1143

00:44:26,630 --> 00:44:24,720

of something that's in our reality or if

1144

00:44:29,150 --> 00:44:26,640

it's something in another reality that

1145

00:44:39,410 --> 00:44:29,160

has decided that that it wants to open a

1146

00:44:43,790 --> 00:44:41,930

absolutely just an artifact of like

1147

00:44:45,230 --> 00:44:43,800

Electro conductive response to our brain

1148

00:44:48,890 --> 00:44:45,240

like our brain doesn't actually interact

1149

00:44:50,630 --> 00:44:48,900

with our environment and so um if if

1150

00:44:53,210 --> 00:44:50,640

pressed to answer my thought would be

1151
00:44:55,430 --> 00:44:53,220
that there are different kinds of

1152
00:44:56,349 --> 00:44:55,440
realities that can be

1153
00:44:58,730 --> 00:44:56,359
um

1154
00:45:02,089 --> 00:44:58,740
experienced either intentionally or

1155
00:45:04,069 --> 00:45:02,099
deliberately cultivated or even

1156
00:45:06,349 --> 00:45:04,079
um stochastically like they can just

1157
00:45:08,809 --> 00:45:06,359
happen uh based on particular

1158
00:45:10,730 --> 00:45:08,819
environmental or psychospiritual

1159
00:45:13,190 --> 00:45:10,740
activities

1160
00:45:17,150 --> 00:45:13,200
so right place right time could could be

1161
00:45:19,069 --> 00:45:17,160
it for that okay uh Deb so we we got to

1162
00:45:21,290 --> 00:45:19,079
move through these because this one this

1163
00:45:23,809 --> 00:45:21,300

one actually was a a bit of a twister

1164

00:45:25,370 --> 00:45:23,819

and we hadn't gotten a TJ yet on to to

1165

00:45:27,410 --> 00:45:25,380

speak to this one so Deb would you like

1166

00:45:28,670 --> 00:45:27,420

to offer up something on Portals and by

1167

00:45:31,609 --> 00:45:28,680

the way you're welcome it's so great to

1168

00:45:33,050 --> 00:45:31,619

have you apparently that's right I just

1169

00:45:35,470 --> 00:45:33,060

wanted to thank Leah for joining us so

1170

00:45:37,329 --> 00:45:35,480

she's got she's got a job okay

1171

00:45:39,710 --> 00:45:37,339

thank you

1172

00:45:42,230 --> 00:45:39,720

it was a pleasure wonderful to see you

1173

00:45:44,329 --> 00:45:42,240

all I'll see you guys soon have a great

1174

00:45:45,950 --> 00:45:44,339

night thank you have a great night buddy

1175

00:45:48,410 --> 00:45:45,960

bye-bye

1176
00:45:50,870 --> 00:45:48,420
by the way can you guys hear me yes

1177
00:45:54,050 --> 00:45:50,880
ma'am okay because I didn't get to do

1178
00:45:55,970 --> 00:45:54,060
soundtrack sorry I'm late I'm good I had

1179
00:45:57,589 --> 00:45:55,980
this new idea

1180
00:46:00,410 --> 00:45:57,599
um recently that I think I may have

1181
00:46:02,870 --> 00:46:00,420
thrown out to the world what if it's not

1182
00:46:05,690 --> 00:46:02,880
about portals but things changing in

1183
00:46:10,849 --> 00:46:05,700
size going from very small to very large

1184
00:46:17,690 --> 00:46:13,550
I mean everything's on the table

1185
00:46:19,550 --> 00:46:17,700
so it it's possible it's just the

1186
00:46:21,470 --> 00:46:19,560
question was sort of like is it

1187
00:46:24,109 --> 00:46:21,480
manifested by something it's in another

1188
00:46:28,730 --> 00:46:24,119

reality wanting to enter and if there's

1189

00:46:30,470 --> 00:46:28,740

a process or as Nathan was able to put a

1190

00:46:33,290 --> 00:46:30,480

counter on that is it something that

1191

00:46:35,750 --> 00:46:33,300

somebody is going in the woods wanting

1192

00:46:37,609 --> 00:46:35,760

going to a place that has a significant

1193

00:46:39,170 --> 00:46:37,619

amount of energy like the Land Between

1194

00:46:41,630 --> 00:46:39,180

the Lakes in Kentucky I don't know if

1195

00:46:45,589 --> 00:46:41,640

TJ's familiar with that area and is

1196

00:46:47,870 --> 00:46:45,599

manifesting that portal to open you know

1197

00:46:49,490 --> 00:46:47,880

so uh that was sort of where I was going

1198

00:46:53,690 --> 00:46:49,500

with it

1199

00:46:55,970 --> 00:46:53,700

um but um let's get to uh

1200

00:46:58,609 --> 00:46:55,980

TJ what what is your thoughts on that

1201

00:47:03,349 --> 00:47:00,589

uh oh Post-it note

1202

00:47:05,030 --> 00:47:03,359

okay so I I live on Post-it notes but

1203

00:47:07,069 --> 00:47:05,040

I've been taking you bringing up a bunch

1204

00:47:10,490 --> 00:47:07,079

of things tonight I'm writing down to

1205

00:47:12,650 --> 00:47:10,500

your notes oh good that's good A little

1206

00:47:15,170 --> 00:47:12,660

Post-it spin if you can see my

1207

00:47:17,089 --> 00:47:15,180

flurry of Post-its uh

1208

00:47:21,829 --> 00:47:17,099

so

1209

00:47:24,470 --> 00:47:21,839

I'm very serious right and I'm trying to

1210

00:47:25,849 --> 00:47:24,480

keep right ideas

1211

00:47:28,790 --> 00:47:25,859

um

1212

00:47:32,210 --> 00:47:28,800

hi okay so a couple things

1213

00:47:34,190 --> 00:47:32,220

so the work portal or Vortex

1214

00:47:36,770 --> 00:47:34,200

um still carries a connotation to it

1215

00:47:39,470 --> 00:47:36,780

that it's woo right it's still the woo

1216

00:47:40,849 --> 00:47:39,480

part that it's hard to get over it's

1217

00:47:42,589 --> 00:47:40,859

hard to get past

1218

00:47:43,790 --> 00:47:42,599

um there has to be we have to deal with

1219

00:47:45,650 --> 00:47:43,800

a better name it has to have a better

1220

00:47:48,470 --> 00:47:45,660

name that can ever be taken seriously as

1221

00:47:50,870 --> 00:47:48,480

a thing like as a as a definition a

1222

00:47:53,270 --> 00:47:50,880

scientific definition of something

1223

00:47:55,550 --> 00:47:53,280

um this is my opinion this is the way I

1224

00:47:57,410 --> 00:47:55,560

just uh this is how I I see it because I

1225

00:47:59,030 --> 00:47:57,420

feel like

1226
00:48:01,190 --> 00:47:59,040
you hear those things and they bring up

1227
00:48:03,710 --> 00:48:01,200
preconceived notion of

1228
00:48:06,710 --> 00:48:03,720
portal meaning Transportation portal or

1229
00:48:08,569 --> 00:48:06,720
Vortex meaning this that like that may

1230
00:48:14,270 --> 00:48:08,579
may not be

1231
00:48:15,530 --> 00:48:14,280
so my experience with it at the ranch in

1232
00:48:16,790 --> 00:48:15,540
particular and I didn't even know was a

1233
00:48:19,069 --> 00:48:16,800
thing and I had no clue what I was

1234
00:48:20,750 --> 00:48:19,079
experiencing

1235
00:48:23,930 --> 00:48:20,760
um one night late night I'm out the

1236
00:48:27,050 --> 00:48:23,940
ridge uh Eric's a command center I'm on

1237
00:48:29,270 --> 00:48:27,060
a bridge with a few people and uh

1238
00:48:31,190 --> 00:48:29,280

start smelling sulfur

1239

00:48:32,870 --> 00:48:31,200

and it's like what the hell is this

1240

00:48:35,210 --> 00:48:32,880

other still suffering here this should

1241

00:48:36,829 --> 00:48:35,220

be no sulfur smell and Eric is

1242

00:48:39,410 --> 00:48:36,839

immediately it's like oh that

1243

00:48:41,150 --> 00:48:39,420

that means it's something something just

1244

00:48:43,849 --> 00:48:41,160

disappeared

1245

00:48:45,890 --> 00:48:43,859

um and so from what I understand of of

1246

00:48:48,050 --> 00:48:45,900

my experience and you know the

1247

00:48:50,690 --> 00:48:48,060

explanation was going to be like

1248

00:48:52,910 --> 00:48:50,700

that that dissipation of something

1249

00:48:55,670 --> 00:48:52,920

produces the smell

1250

00:48:59,210 --> 00:48:55,680

um whether and so to me the idea of how

1251
00:49:00,530 --> 00:48:59,220
how it be it does or doesn't manifest is

1252
00:49:02,510 --> 00:49:00,540
it like a tree in the woods if it falls

1253
00:49:04,250 --> 00:49:02,520
you know in order to see it does it

1254
00:49:06,950 --> 00:49:04,260
exist like

1255
00:49:09,349 --> 00:49:06,960
if we were on the ridge that day or that

1256
00:49:11,690 --> 00:49:09,359
night would that have still happened is

1257
00:49:14,450 --> 00:49:11,700
it like an atmosphere burp so to speak

1258
00:49:16,010 --> 00:49:14,460
like like a dissipation of energy

1259
00:49:17,210 --> 00:49:16,020
um in anticipation of energy is just a

1260
00:49:19,609 --> 00:49:17,220
natural occurrence and if these natural

1261
00:49:22,010 --> 00:49:19,619
occurrences just like any natural

1262
00:49:23,809 --> 00:49:22,020
occurrence right there are there are

1263
00:49:27,230 --> 00:49:23,819

environmental factors that make them

1264

00:49:28,970 --> 00:49:27,240

happen more in one place than another

1265

00:49:30,829 --> 00:49:28,980

the ranch may be one of these places

1266

00:49:33,710 --> 00:49:30,839

where these natural occurrences happen

1267

00:49:35,930 --> 00:49:33,720

now what comes through or doesn't come

1268

00:49:37,970 --> 00:49:35,940

through a portal I don't know if that's

1269

00:49:40,849 --> 00:49:37,980

even the right term like going through

1270

00:49:43,130 --> 00:49:40,859

or coming through if it's manifesting or

1271

00:49:44,809 --> 00:49:43,140

dissipating in what you're calling your

1272

00:49:47,210 --> 00:49:44,819

space your reality what's in front of

1273

00:49:49,550 --> 00:49:47,220

you is that transporting I I don't know

1274

00:49:51,470 --> 00:49:49,560

it's like to me it's

1275

00:49:54,170 --> 00:49:51,480

there's just too many

1276

00:49:57,230 --> 00:49:54,180

the problem is the words it's the words

1277

00:49:58,670 --> 00:49:57,240

to get in the way uh because it's you

1278

00:49:59,630 --> 00:49:58,680

know people think Florida oh I'm gonna

1279

00:50:00,650 --> 00:49:59,640

walk through something and appear

1280

00:50:02,450 --> 00:50:00,660

somewhere else

1281

00:50:04,430 --> 00:50:02,460

when I'm trying to

1282

00:50:06,290 --> 00:50:04,440

verbalize I guess is like maybe it's not

1283

00:50:08,990 --> 00:50:06,300

that maybe it is the

1284

00:50:11,089 --> 00:50:09,000

it's the EBV it's just natural and that

1285

00:50:13,069 --> 00:50:11,099

all of these things this is what I I

1286

00:50:14,210 --> 00:50:13,079

struggle with a lot like yeah we talk

1287

00:50:17,050 --> 00:50:14,220

about these things it's supernatural

1288

00:50:20,150 --> 00:50:17,060

there's no super about it it's natural

1289

00:50:22,010 --> 00:50:20,160

it's all natural there's no super part

1290

00:50:24,470 --> 00:50:22,020

of anything it's all natural and it's

1291

00:50:25,910 --> 00:50:24,480

just so rare that we don't think of it

1292

00:50:28,370 --> 00:50:25,920

or seed all the time and so people are

1293

00:50:30,910 --> 00:50:28,380

like oh it's super paranormal no no it's

1294

00:50:33,829 --> 00:50:30,920

normal it's para shouldn't mean

1295

00:50:36,470 --> 00:50:33,839

different like whatever the connotation

1296

00:50:38,809 --> 00:50:36,480

is it should just mean very very rare or

1297

00:50:41,569 --> 00:50:38,819

very limited in scope of where it can

1298

00:50:44,109 --> 00:50:41,579

happen because what is not natural how

1299

00:50:46,550 --> 00:50:44,119

is something a phenomenon not natural

1300

00:50:48,170 --> 00:50:46,560

like you try to say like even if it's a

1301
00:50:50,630 --> 00:50:48,180
human created it's still a natural thing

1302
00:50:52,370 --> 00:50:50,640
a human is a natural thing like it's it

1303
00:50:54,349 --> 00:50:52,380
because it borders on the thing of magic

1304
00:50:55,309 --> 00:50:54,359
and even that like that's where I get

1305
00:50:57,410 --> 00:50:55,319
lost

1306
00:50:59,270 --> 00:50:57,420
um I don't know I just think that it is

1307
00:51:00,950 --> 00:50:59,280
all of us portals I feel like they're

1308
00:51:02,510 --> 00:51:00,960
Mana as a natural I think it's all just

1309
00:51:05,329 --> 00:51:02,520
nature it's all nature that we just

1310
00:51:08,990 --> 00:51:05,339
don't understand whether people can go

1311
00:51:10,970 --> 00:51:09,000
from 1.8 point B in it I don't know

1312
00:51:13,670 --> 00:51:10,980
um that could be just a different name

1313
00:51:15,410 --> 00:51:13,680

because right here the the like you said

1314

00:51:17,750 --> 00:51:15,420

nature that could be a different name

1315

00:51:21,170 --> 00:51:17,760

for something that like you said it

1316

00:51:23,569 --> 00:51:21,180

could occur naturally but it's not the I

1317

00:51:25,849 --> 00:51:23,579

think paranormal it says here beyond the

1318

00:51:30,530 --> 00:51:25,859

scope of normal scientific understanding

1319

00:51:33,410 --> 00:51:30,540

so perhaps it is abnormal enough so even

1320

00:51:36,230 --> 00:51:33,420

if even if we just accept at face value

1321

00:51:38,690 --> 00:51:36,240

what you said that it's natural and it

1322

00:51:42,530 --> 00:51:38,700

and in this particular space it may be

1323

00:51:46,309 --> 00:51:42,540

more prone to occur there it's beyond

1324

00:51:50,809 --> 00:51:46,319

normal so like in your walk up your

1325

00:51:53,089 --> 00:51:50,819

Brownstone in you know Washington DC you

1326
00:51:55,910 --> 00:51:53,099
know it's not normal to see some sort of

1327
00:51:57,890 --> 00:51:55,920
a dog man or something like come out but

1328
00:51:59,690 --> 00:51:57,900
maybe if that happened out at the ranch

1329
00:52:01,970 --> 00:51:59,700
it would be considered a little bit more

1330
00:52:03,790 --> 00:52:01,980
normal at this point so you know what I

1331
00:52:06,710 --> 00:52:03,800
mean like it's we're playing

1332
00:52:08,870 --> 00:52:06,720
understanding is the thing because yeah

1333
00:52:10,430 --> 00:52:08,880
you're assuming scientific understanding

1334
00:52:12,470 --> 00:52:10,440
is in stone

1335
00:52:14,150 --> 00:52:12,480
like scientific understanding evolves so

1336
00:52:15,049 --> 00:52:14,160
our scientific understanding today is

1337
00:52:17,329 --> 00:52:15,059
different than our scientific

1338
00:52:18,829 --> 00:52:17,339

understanding in 100 years so if we

1339

00:52:21,230 --> 00:52:18,839

don't understand it yet it doesn't mean

1340

00:52:24,470 --> 00:52:21,240

that it's not science we just don't get

1341

00:52:25,970 --> 00:52:24,480

it sure yeah no there's no I don't I

1342

00:52:28,370 --> 00:52:25,980

don't disagree with you but I understand

1343

00:52:29,870 --> 00:52:28,380

as you said the words are getting in the

1344

00:52:32,270 --> 00:52:29,880

way and it makes it it makes it

1345

00:52:35,089 --> 00:52:32,280

difficult for people to digest

1346

00:52:37,470 --> 00:52:35,099

so uh but here's something that's not

1347

00:52:44,089 --> 00:52:37,480

difficult to digest it's money Nathan

1348

00:52:48,049 --> 00:52:46,250

I said that before I like it

1349

00:52:49,849 --> 00:52:48,059

um uh TJ all right so I know you've got

1350

00:52:51,530 --> 00:52:49,859

an interest in data I have an interest

1351
00:52:53,809 --> 00:52:51,540
in data um

1352
00:52:56,150 --> 00:52:53,819
you've got a degree that you worked on

1353
00:52:57,530 --> 00:52:56,160
on in that field as well and you've

1354
00:53:00,829 --> 00:52:57,540
talked a little bit about AI of course

1355
00:53:03,290 --> 00:53:00,839
yeah it's pretty odd topic right now uh

1356
00:53:07,010 --> 00:53:03,300
where is that taking us in your opinion

1357
00:53:09,290 --> 00:53:07,020
in terms of our ability to study things

1358
00:53:11,809 --> 00:53:09,300
like this but also just in in your

1359
00:53:13,750 --> 00:53:11,819
industry uh more broadly uh you know I'd

1360
00:53:16,430 --> 00:53:13,760
love to get your oh boy

1361
00:53:17,770 --> 00:53:16,440
here huh what what crazy roads we're

1362
00:53:21,650 --> 00:53:17,780
headed down here

1363
00:53:24,710 --> 00:53:21,660

man I have been preaching this so oh my

1364

00:53:26,990 --> 00:53:24,720

God this is one of these wow so my quest

1365

00:53:29,990 --> 00:53:27,000

my Fireside also touches on AI but what

1366

00:53:31,730 --> 00:53:30,000

you're just bringing out here

1367

00:53:35,809 --> 00:53:31,740

is

1368

00:53:38,809 --> 00:53:35,819

um

1369

00:53:41,690 --> 00:53:38,819

it is changing the game

1370

00:53:43,130 --> 00:53:41,700

so all right so my t-shirt for the last

1371

00:53:44,930 --> 00:53:43,140

20 years should have said whoever

1372

00:53:48,470 --> 00:53:44,940

controls your pipeline controls your

1373

00:53:50,510 --> 00:53:48,480

world I've been saying this inside 1999.

1374

00:53:53,870 --> 00:53:50,520

and what I mean by that is whoever

1375

00:53:56,690 --> 00:53:53,880

provides you the service to consume

1376

00:53:58,549 --> 00:53:56,700

uh excuse Zoom entertainment is the one

1377

00:54:01,370 --> 00:53:58,559

who shapes your reality

1378

00:54:03,470 --> 00:54:01,380

um and they will limit or you know right

1379

00:54:06,650 --> 00:54:03,480

now we're drinking from a fire hose

1380

00:54:07,970 --> 00:54:06,660

um but at a certain point uh it's just

1381

00:54:10,190 --> 00:54:07,980

like the just like the Colorado River

1382

00:54:12,230 --> 00:54:10,200

it's all going to be disseminated in in

1383

00:54:13,910 --> 00:54:12,240

parsed out

1384

00:54:15,109 --> 00:54:13,920

um and you're going to have factions

1385

00:54:16,490 --> 00:54:15,119

you're going to have the Horizon you're

1386

00:54:19,309 --> 00:54:16,500

going to have the ATT you're going to

1387

00:54:20,930 --> 00:54:19,319

have time Warners and all of those will

1388

00:54:23,210 --> 00:54:20,940

have their own content which is why you

1389

00:54:26,450 --> 00:54:23,220

see that you you see these conglomerates

1390

00:54:29,450 --> 00:54:26,460

of Distributors by

1391

00:54:31,490 --> 00:54:29,460

catalogs so Comcast buying NDC was a

1392

00:54:32,990 --> 00:54:31,500

great one from years ago because Comcast

1393

00:54:35,690 --> 00:54:33,000

has a distribution Channel

1394

00:54:37,190 --> 00:54:35,700

NBC is nothing more than content

1395

00:54:38,510 --> 00:54:37,200

um so that was the old model right so

1396

00:54:40,970 --> 00:54:38,520

you had the Distributors buying the

1397

00:54:41,870 --> 00:54:40,980

content now and I'll use YouTube as an

1398

00:54:45,710 --> 00:54:41,880

example

1399

00:54:48,349 --> 00:54:45,720

YouTube has all ends of the pipeline

1400

00:54:50,450 --> 00:54:48,359

they have the digital distribution they

1401
00:54:52,309 --> 00:54:50,460
control uh the content creation they

1402
00:54:55,609 --> 00:54:52,319
control the advertising and control all

1403
00:54:58,329 --> 00:54:55,619
facets of it they are still limited by

1404
00:55:00,710 --> 00:54:58,339
uh the the actual pipeline but I mean

1405
00:55:02,569 --> 00:55:00,720
there's probably where I'm sure Google

1406
00:55:05,030 --> 00:55:02,579
has their Google fi or whatever you know

1407
00:55:06,349 --> 00:55:05,040
they'll get in there so AI comes into

1408
00:55:08,930 --> 00:55:06,359
play here

1409
00:55:11,990 --> 00:55:08,940
because if you think about

1410
00:55:14,630 --> 00:55:12,000
I say this because I my son

1411
00:55:15,950 --> 00:55:14,640
uh watches YouTube well not anymore I

1412
00:55:19,730 --> 00:55:15,960
pulled it away I'm done with the YouTube

1413
00:55:22,549 --> 00:55:19,740

contents uh uh and it's hard it was a

1414

00:55:23,390 --> 00:55:22,559

very hard thing for me to do to end but

1415

00:55:25,849 --> 00:55:23,400

um

1416

00:55:27,290 --> 00:55:25,859

so YouTube you know how Video Killed the

1417

00:55:29,630 --> 00:55:27,300

Radio Star well YouTube killed the

1418

00:55:32,109 --> 00:55:29,640

television producer uh and the reason

1419

00:55:35,210 --> 00:55:32,119

why is because

1420

00:55:37,010 --> 00:55:35,220

typically a distributor pays producers

1421

00:55:39,890 --> 00:55:37,020

production companies

1422

00:55:42,290 --> 00:55:39,900

um to make content well I used to have

1423

00:55:44,690 --> 00:55:42,300

this this brain tease I used to do when

1424

00:55:46,490 --> 00:55:44,700

I saw my friends all the time uh yeah

1425

00:55:48,349 --> 00:55:46,500

you know we've still they're figuring it

1426

00:55:50,990 --> 00:55:48,359

out well we have but

1427

00:55:52,910 --> 00:55:51,000

um when all the content is free who gets

1428

00:55:56,150 --> 00:55:52,920

paid to make content

1429

00:55:58,670 --> 00:55:56,160

well you do and when I say you I mean

1430

00:56:01,309 --> 00:55:58,680

you all of you because you are the

1431

00:56:04,370 --> 00:56:01,319

content and so YouTube has destroyed

1432

00:56:06,710 --> 00:56:04,380

producers and said if you make content

1433

00:56:08,569 --> 00:56:06,720

we're going to cut you in to a small

1434

00:56:10,309 --> 00:56:08,579

percentage that we would normally pay

1435

00:56:11,750 --> 00:56:10,319

for producers because you get a 20 some

1436

00:56:13,010 --> 00:56:11,760

odd percent markup we're gonna give you

1437

00:56:15,170 --> 00:56:13,020

one percent and pocket the other 20

1438

00:56:17,390 --> 00:56:15,180

something so now fast forward to now

1439

00:56:19,010 --> 00:56:17,400

where AI comes into play and so now you

1440

00:56:21,010 --> 00:56:19,020

have ai and there's a new what is that

1441

00:56:23,990 --> 00:56:21,020

of you but one one of the one of the

1442

00:56:26,210 --> 00:56:24,000

multimodal AIS right now um that is

1443

00:56:29,870 --> 00:56:26,220

catching getting making a lot of waves

1444

00:56:32,809 --> 00:56:29,880

is called Runway and so Runway Gen 2 is

1445

00:56:35,930 --> 00:56:32,819

uh is supposed to be a an amazing text

1446

00:56:39,170 --> 00:56:35,940

to Video Creator now

1447

00:56:40,970 --> 00:56:39,180

all this is we're going to put all the

1448

00:56:42,650 --> 00:56:40,980

IP and all that stuff aside because

1449

00:56:45,230 --> 00:56:42,660

that's another night and error and

1450

00:56:47,530 --> 00:56:45,240

that's a five hour conversation but when

1451

00:56:52,010 --> 00:56:47,540

it comes to making content

1452

00:56:54,290 --> 00:56:52,020

someone like YouTube Who currently is

1453

00:56:56,569 --> 00:56:54,300

the pipeline to distribution the

1454

00:56:59,150 --> 00:56:56,579

creation of distribution pipeline

1455

00:57:00,589 --> 00:56:59,160

why would they even cut a human in

1456

00:57:03,470 --> 00:57:00,599

anymore at all

1457

00:57:06,230 --> 00:57:03,480

so their algorithm determines where the

1458

00:57:08,510 --> 00:57:06,240

viewership is and then directs and pumps

1459

00:57:11,210 --> 00:57:08,520

that up and then puts the ads on top of

1460

00:57:17,109 --> 00:57:11,220

it so let's just say I I've literally

1461

00:57:21,650 --> 00:57:19,790

yeah people pick up pencils throw them

1462

00:57:23,210 --> 00:57:21,660

at the ceiling oh my God it's the hot

1463

00:57:26,450 --> 00:57:23,220

new craze everyone's throwing pencils at

1464

00:57:30,710 --> 00:57:26,460

the ceiling great YouTube tells their AI

1465

00:57:32,930 --> 00:57:30,720

text to video generator make me

1466

00:57:34,849 --> 00:57:32,940

ten thousand different variations of

1467

00:57:36,349 --> 00:57:34,859

people throwing a pencil at the ceiling

1468

00:57:37,790 --> 00:57:36,359

making all different types of people

1469

00:57:39,290 --> 00:57:37,800

every intersectional quality you can

1470

00:57:40,790 --> 00:57:39,300

think of every nationality every

1471

00:57:43,309 --> 00:57:40,800

language every everything

1472

00:57:46,010 --> 00:57:43,319

release them all and see what happens

1473

00:57:47,750 --> 00:57:46,020

and then slowly some will get gravitated

1474

00:57:49,849 --> 00:57:47,760

toward until they Peak and then that's

1475

00:57:52,370 --> 00:57:49,859

where their ads are going to go

1476

00:57:53,569 --> 00:57:52,380

where's the human

1477

00:57:56,150 --> 00:57:53,579

it's over

1478

00:57:59,329 --> 00:57:56,160

there's no more human so you could have

1479

00:58:02,049 --> 00:57:59,339

kids who spend five hours a day watching

1480

00:58:04,370 --> 00:58:02,059

screams of people they think are people

1481

00:58:06,290 --> 00:58:04,380

but are people

1482

00:58:08,690 --> 00:58:06,300

they're AI generated

1483

00:58:13,010 --> 00:58:08,700

and so now it's you're watching it's

1484

00:58:15,950 --> 00:58:13,020

it's just crazy messed up Matrix like oh

1485

00:58:17,329 --> 00:58:15,960

my God and not one piece of human

1486

00:58:18,650 --> 00:58:17,339

interaction and then eventually that'll

1487

00:58:20,930 --> 00:58:18,660

just be automated towards writing its

1488

00:58:24,069 --> 00:58:20,940

own like its own text props

1489

00:58:27,109 --> 00:58:24,079

um so that is my dystopian future

1490

00:58:28,790 --> 00:58:27,119

content distribution and creation uh

1491

00:58:30,490 --> 00:58:28,800

that's where I see it going and it's

1492

00:58:32,390 --> 00:58:30,500

scary and I hate it

1493

00:58:34,549 --> 00:58:32,400

right yeah I see what you're saying

1494

00:58:36,410 --> 00:58:34,559

there and it becomes this on-demand

1495

00:58:39,710 --> 00:58:36,420

recursive

1496

00:58:41,030 --> 00:58:39,720

uh monster essentially like the more

1497

00:58:43,069 --> 00:58:41,040

that you watch the more that you

1498

00:58:44,750 --> 00:58:43,079

influence the more that it creates the

1499

00:58:47,030 --> 00:58:44,760

faster that it can create the more

1500

00:58:49,730 --> 00:58:47,040

iterative it can be you know it just

1501
00:58:50,710 --> 00:58:49,740
this this endless you're never getting

1502
00:58:53,390 --> 00:58:50,720
out again

1503
00:58:55,789 --> 00:58:53,400
it's true it I just don't know what

1504
00:58:57,589 --> 00:58:55,799
we're all going to do for jobs

1505
00:58:58,849 --> 00:58:57,599
now I want to ask you this uh have you

1506
00:59:02,329 --> 00:58:58,859
have you used it yet have you used any

1507
00:59:04,190 --> 00:59:02,339
of the tools every day I used so I put I

1508
00:59:04,970 --> 00:59:04,200
posted a thing I did on online on

1509
00:59:07,309 --> 00:59:04,980
Twitter

1510
00:59:09,589 --> 00:59:07,319
um I created a workflow so I mean I

1511
00:59:11,329 --> 00:59:09,599
could talk about AI forever uh right now

1512
00:59:14,690 --> 00:59:11,339
though you know one of the one of the

1513
00:59:16,910 --> 00:59:14,700

first casualties of AI will be single uh

1514

00:59:18,289 --> 00:59:16,920

single function applications

1515

00:59:20,270 --> 00:59:18,299

um and I approved it and one of the

1516

00:59:23,390 --> 00:59:20,280

things that I did so

1517

00:59:25,250 --> 00:59:23,400

um I had I had an idea where uh it's not

1518

00:59:27,109 --> 00:59:25,260

unique no one's ideas are unique no

1519

00:59:34,210 --> 00:59:27,119

one's a beautiful unique stuff like it's

1520

00:59:40,430 --> 00:59:38,150

but the uh and so my so what I did as a

1521

00:59:41,569 --> 00:59:40,440

test is I took a bunch of Legos and I

1522

00:59:42,829 --> 00:59:41,579

threw them on the floor

1523

00:59:44,510 --> 00:59:42,839

and so I did a combination of three

1524

00:59:46,130 --> 00:59:44,520

different two different three different

1525

00:59:48,170 --> 00:59:46,140

AIS and I posted a Twitter third about

1526

00:59:49,490 --> 00:59:48,180

this on my on my Twitter third where I I

1527

00:59:52,010 --> 00:59:49,500

took some Legos I threw them on the

1528

00:59:55,250 --> 00:59:52,020

floor and I took a photo and I fed the

1529

00:59:57,730 --> 00:59:55,260

photo to Bard Bard is Google's AI and I

1530

01:00:00,710 --> 00:59:57,740

said can you identify what these are

1531

01:00:02,630 --> 01:00:00,720

looks like yes and I got very specific

1532

01:00:05,690 --> 01:00:02,640

and uh and I was like you know give me

1533

01:00:07,190 --> 01:00:05,700

the color and the product number and it

1534

01:00:09,950 --> 01:00:07,200

was like there's 100 here's 147

1535

01:00:11,990 --> 01:00:09,960

different Legos there's 72 of these 2016

1536

01:00:14,809 --> 01:00:12,000

all the way down the line I was like

1537

01:00:17,809 --> 01:00:14,819

great now uh so I took that over to

1538

01:00:20,450 --> 01:00:17,819

chatgpt and I said give me three objects

1539

01:00:22,250 --> 01:00:20,460

I can build from these 147 Legos and it

1540

01:00:25,789 --> 01:00:22,260

did and I said okay now write those

1541

01:00:27,770 --> 01:00:25,799

instructions it was like a house a robot

1542

01:00:30,349 --> 01:00:27,780

and a bridge I was like okay let's build

1543

01:00:31,609 --> 01:00:30,359

the house give me the instructions uh

1544

01:00:32,870 --> 01:00:31,619

give me step by step instruction on how

1545

01:00:34,670 --> 01:00:32,880

to build a house

1546

01:00:36,170 --> 01:00:34,680

um which it did and I corrected and make

1547

01:00:38,750 --> 01:00:36,180

sure it wrote it so a 10 year old can

1548

01:00:41,750 --> 01:00:38,760

understand it and build it and then I

1549

01:00:44,030 --> 01:00:41,760

said now modify that modify those

1550

01:00:47,569 --> 01:00:44,040

instructions so I can feed those as a

1551
01:00:49,670 --> 01:00:47,579
prompt to a text to image generator

1552
01:00:51,950 --> 01:00:49,680
which it did and then I took that text

1553
01:00:54,789 --> 01:00:51,960
to image generation prompt and I sent it

1554
01:00:58,250 --> 01:00:54,799
over to Dali and then Dali did renders

1555
01:01:00,710 --> 01:00:58,260
of the freaking houses that could be

1556
01:01:02,450 --> 01:01:00,720
built from those Legos I did my whole I

1557
01:01:03,650 --> 01:01:02,460
have a whole thread you can read my

1558
01:01:04,930 --> 01:01:03,660
whole process all the prompts and

1559
01:01:09,349 --> 01:01:04,940
everything I used

1560
01:01:13,549 --> 01:01:09,359
that um that workflow is a good example

1561
01:01:15,710 --> 01:01:13,559
of a very simple use of how

1562
01:01:18,230 --> 01:01:15,720
all of it is baked in

1563
01:01:19,910 --> 01:01:18,240

it's baked into the data set it's baked

1564

01:01:23,390 --> 01:01:19,920

into What's called the Corpus of data

1565

01:01:25,670 --> 01:01:23,400

like that's it it's over like the next

1566

01:01:27,410 --> 01:01:25,680

step is is you better find a way to plug

1567

01:01:28,970 --> 01:01:27,420

ourselves in

1568

01:01:30,530 --> 01:01:28,980

um because does everything better in

1569

01:01:31,789 --> 01:01:30,540

fashion than we can and I just did that

1570

01:01:33,349 --> 01:01:31,799

for fun on the weekend I was like oh I

1571

01:01:34,490 --> 01:01:33,359

wonder if I could do this and sure

1572

01:01:36,770 --> 01:01:34,500

enough

1573

01:01:40,130 --> 01:01:36,780

um so I love it I mean the uses are

1574

01:01:41,990 --> 01:01:40,140

amazing but I'll tell you this

1575

01:01:43,670 --> 01:01:42,000

um I'm sorry I'm going on these tangents

1576

01:01:46,250 --> 01:01:43,680

you guys I know I apologize

1577

01:01:49,069 --> 01:01:46,260

um but you asked so I feel like I gotta

1578

01:01:51,109 --> 01:01:49,079

tell you absolutely uh I'm trying to

1579

01:01:53,750 --> 01:01:51,119

find I remember

1580

01:01:56,089 --> 01:01:53,760

my um

1581

01:01:57,530 --> 01:01:56,099

my presentation or my discussion this

1582

01:01:59,150 --> 01:01:57,540

has been clunky and I'm still working it

1583

01:02:00,770 --> 01:01:59,160

out but

1584

01:02:04,069 --> 01:02:00,780

what we're seeing now I've witnessed

1585

01:02:06,230 --> 01:02:04,079

once already in the.com boom and

1586

01:02:07,789 --> 01:02:06,240

uh what was happening then was everyone

1587

01:02:09,650 --> 01:02:07,799

was like oh my God we got to be on

1588

01:02:11,089 --> 01:02:09,660

social media we have to be online all of

1589

01:02:12,230 --> 01:02:11,099

these companies but they didn't know

1590

01:02:14,870 --> 01:02:12,240

what they were going to do they were

1591

01:02:17,270 --> 01:02:14,880

gonna do their thing online which was

1592

01:02:17,930 --> 01:02:17,280

advertising okay great

1593

01:02:20,329 --> 01:02:17,940

um

1594

01:02:23,450 --> 01:02:20,339

we're witnessing right now

1595

01:02:25,250 --> 01:02:23,460

every company and every person believes

1596

01:02:28,130 --> 01:02:25,260

they need to use AI

1597

01:02:29,210 --> 01:02:28,140

but what they're going to do with AI is

1598

01:02:30,770 --> 01:02:29,220

they're going to do what they're already

1599

01:02:34,010 --> 01:02:30,780

doing

1600

01:02:37,430 --> 01:02:34,020

with but adding a layer of AI on top of

1601
01:02:39,410 --> 01:02:37,440
it so I'm gonna be instacart but with

1602
01:02:41,809 --> 01:02:39,420
chat gbt I'm going to be blah blah blah

1603
01:02:43,849 --> 01:02:41,819
with chat gbt great

1604
01:02:45,829 --> 01:02:43,859
so they're all forgetting first they're

1605
01:02:48,230 --> 01:02:45,839
sharing all their [h__\h] their data

1606
01:02:49,130 --> 01:02:48,240
with them which is we haven't learned

1607
01:02:51,530 --> 01:02:49,140
anything

1608
01:02:53,569 --> 01:02:51,540
um but so this is great this first step

1609
01:02:55,250 --> 01:02:53,579
this is the first step and so what

1610
01:02:57,950 --> 01:02:55,260
you'll have is all of these want these

1611
01:03:00,589 --> 01:02:57,960
single-use applications die off

1612
01:03:02,870 --> 01:03:00,599
um the next iteration is what we can't

1613
01:03:06,710 --> 01:03:02,880

imagine yet and so

1614

01:03:08,210 --> 01:03:06,720

we don't know anything that because we

1615

01:03:09,410 --> 01:03:08,220

have not had it long enough that we

1616

01:03:12,170 --> 01:03:09,420

haven't played with it long enough or

1617

01:03:15,190 --> 01:03:12,180

developed anything so specifically for

1618

01:03:17,329 --> 01:03:15,200

it everything that's being used with AI

1619

01:03:19,190 --> 01:03:17,339

existed before it

1620

01:03:21,530 --> 01:03:19,200

so we have not decide figured out

1621

01:03:24,170 --> 01:03:21,540

anything that could not have existed yet

1622

01:03:26,030 --> 01:03:24,180

and built it with it that's where the

1623

01:03:28,370 --> 01:03:26,040

real Innovation happens and I think I

1624

01:03:30,589 --> 01:03:28,380

always try to use the equation like like

1625

01:03:34,609 --> 01:03:30,599

the uh the analogy of like a

1626

01:03:38,030 --> 01:03:34,619

refrigerator or a freezer or or some

1627

01:03:39,829 --> 01:03:38,040

kind of storage device that was created

1628

01:03:42,289 --> 01:03:39,839

and everyone's like oh great I can now

1629

01:03:43,670 --> 01:03:42,299

put my stuff in here okay when you're

1630

01:03:45,410 --> 01:03:43,680

putting stuff that existed before the

1631

01:03:47,930 --> 01:03:45,420

device in the device

1632

01:03:49,609 --> 01:03:47,940

what does the creation of that device

1633

01:03:50,510 --> 01:03:49,619

now allow you to do that you couldn't do

1634

01:03:52,250 --> 01:03:50,520

before

1635

01:03:54,230 --> 01:03:52,260

and that's where we're at and we haven't

1636

01:03:56,930 --> 01:03:54,240

figured that out and my I know my

1637

01:03:58,549 --> 01:03:56,940

description's clunky but um I feel like

1638

01:04:00,049 --> 01:03:58,559

there's something deeper in there and

1639

01:04:02,990 --> 01:04:00,059

some bigger brain person will figure it

1640

01:04:04,309 --> 01:04:03,000

out but that's where this this is what I

1641

01:04:07,430 --> 01:04:04,319

see is like

1642

01:04:09,049 --> 01:04:07,440

we're all just playing right now and

1643

01:04:11,270 --> 01:04:09,059

it's gonna it's gonna happen I feel like

1644

01:04:12,049 --> 01:04:11,280

a switch is gonna be flipped and some

1645

01:04:14,349 --> 01:04:12,059

people are going to come out of the

1646

01:04:17,270 --> 01:04:14,359

woodwork like guess what I did I created

1647

01:04:20,450 --> 01:04:17,280

Fusion I created faster than a light

1648

01:04:22,430 --> 01:04:20,460

flight I did all this because of AI

1649

01:04:25,490 --> 01:04:22,440

um hey I can do a you know 100 000

1650

01:04:26,870 --> 01:04:25,500

iterations of a car design in 10 seconds

1651
01:04:29,150 --> 01:04:26,880
you know what I'm saying like something

1652
01:04:31,849 --> 01:04:29,160
like stupid like that and it's like

1653
01:04:34,910 --> 01:04:31,859
like watch uh the animatrix animatrix is

1654
01:04:37,250 --> 01:04:34,920
a good take on it um they when the AI

1655
01:04:39,650 --> 01:04:37,260
becomes sentient uh then

1656
01:04:40,549 --> 01:04:39,660
um but anyway I'm sorry that was my oh

1657
01:04:42,650 --> 01:04:40,559
that's great we're headed for an

1658
01:04:45,230 --> 01:04:42,660
inflection point I I agree and uh and

1659
01:04:47,390 --> 01:04:45,240
it's almost like an alien technology uh

1660
01:04:49,789 --> 01:04:47,400
so I I always spend a lot of times that

1661
01:04:52,069 --> 01:04:49,799
is my question right there you go sorry

1662
01:04:54,410 --> 01:04:52,079
I didn't mean to take it from you

1663
01:04:55,970 --> 01:04:54,420

we spent a lot of time on it I I could I

1664

01:04:58,910 --> 01:04:55,980

could just like you TJ I could go in for

1665

01:05:01,069 --> 01:04:58,920

hours on this on this yeah sorry I I uh

1666

01:05:02,930 --> 01:05:01,079

I wrote a couple papers on it when uh

1667

01:05:06,589 --> 01:05:02,940

not too long before I met Nathan because

1668

01:05:09,710 --> 01:05:06,599

I graduated just before that and um I'm

1669

01:05:11,990 --> 01:05:09,720

not a big fan of strong AI or AGI just

1670

01:05:13,849 --> 01:05:12,000

because the morality factor and they

1671

01:05:16,250 --> 01:05:13,859

discussed this on Lex Friedman's recent

1672

01:05:19,069 --> 01:05:16,260

podcast they said oh well all we need to

1673

01:05:21,650 --> 01:05:19,079

do is just have the morality and the

1674

01:05:25,130 --> 01:05:21,660

thought process you know uh work as fast

1675

01:05:26,690 --> 01:05:25,140

as as the Technologies is is uh gaining

1676

01:05:28,130 --> 01:05:26,700

Steam and the problem is but yeah that's

1677

01:05:30,230 --> 01:05:28,140

the that's the problem because that's

1678

01:05:32,329 --> 01:05:30,240

not going to happen I think we've proved

1679

01:05:35,450 --> 01:05:32,339

it I'm gonna ask you a question DJ who's

1680

01:05:38,650 --> 01:05:35,460

morality who's morals well exactly uh

1681

01:05:42,049 --> 01:05:38,660

human so so

1682

01:05:45,049 --> 01:05:42,059

allowing it to you know giving it access

1683

01:05:46,549 --> 01:05:45,059

to a lot of things right which humans is

1684

01:05:50,210 --> 01:05:46,559

the thing right it's it's not being

1685

01:05:52,010 --> 01:05:50,220

regulated in any way and I I studied

1686

01:05:56,270 --> 01:05:52,020

some like a Georgia Tech Professor who

1687

01:05:59,210 --> 01:05:56,280

said that he taught they taught AI to be

1688

01:06:01,730 --> 01:05:59,220

able to play a trick or to deceive

1689

01:06:03,710 --> 01:06:01,740

another robot in a game that they had

1690

01:06:05,329 --> 01:06:03,720

and he said if you can do that how would

1691

01:06:07,069 --> 01:06:05,339

I know it's telling me the truth you

1692

01:06:09,289 --> 01:06:07,079

know it could say well it's in your best

1693

01:06:11,990 --> 01:06:09,299

interest that I deceive you so I think

1694

01:06:13,849 --> 01:06:12,000

when you get to that level I I don't I

1695

01:06:16,190 --> 01:06:13,859

agree that it can do many things it may

1696

01:06:18,289 --> 01:06:16,200

find a cure for cancer for all I know

1697

01:06:20,390 --> 01:06:18,299

like you said Fusion or a propulsion

1698

01:06:23,150 --> 01:06:20,400

system that we hadn't thought of I got I

1699

01:06:25,430 --> 01:06:23,160

got that but I'm talking about when it's

1700

01:06:27,650 --> 01:06:25,440

just on on you know you just sort of

1701

01:06:30,170 --> 01:06:27,660

release it to to do its own thing I I

1702

01:06:32,750 --> 01:06:30,180

don't I don't trust that the right

1703

01:06:34,549 --> 01:06:32,760

safeguards will be put in place that uh

1704

01:06:36,890 --> 01:06:34,559

it will in fact experiments have been

1705

01:06:39,589 --> 01:06:36,900

have done lately where it started to to

1706

01:06:42,109 --> 01:06:39,599

try to uh set up chats and do things and

1707

01:06:44,930 --> 01:06:42,119

and I I don't I don't trust it so I'm

1708

01:06:47,990 --> 01:06:44,940

not a fan but let's let's see if we can

1709

01:06:49,549 --> 01:06:48,000

draw away from Ai and back to the woman

1710

01:06:52,549 --> 01:06:49,559

who joined us who you remember from last

1711

01:06:54,829 --> 01:06:52,559

time Deb yes Deb the study of uap's Deb

1712

01:06:57,170 --> 01:06:54,839

do you have a topic for us to consider

1713

01:06:59,230 --> 01:06:57,180

tonight yeah so this thing happened

1714

01:07:01,789 --> 01:06:59,240

today

1715

01:07:03,650 --> 01:07:01,799

it was a small little thing it was a

1716

01:07:05,930 --> 01:07:03,660

senate hearing

1717

01:07:07,849 --> 01:07:05,940

um involving uh you know this little

1718

01:07:09,770 --> 01:07:07,859

thing called Arrow

1719

01:07:11,569 --> 01:07:09,780

um and I just wanted to you know float

1720

01:07:14,329 --> 01:07:11,579

that around some interesting things came

1721

01:07:17,150 --> 01:07:14,339

up and that hearing you know like 600

1722

01:07:18,710 --> 01:07:17,160

cases were being reviewed you know

1723

01:07:21,650 --> 01:07:18,720

things like that and some things that

1724

01:07:23,329 --> 01:07:21,660

should have been brought up or not but

1725

01:07:25,250 --> 01:07:23,339

um I just wanted to get your guys's

1726

01:07:27,529 --> 01:07:25,260

perspective on that and you know the

1727

01:07:30,829 --> 01:07:27,539

Paranormal being part of the government

1728

01:07:33,109 --> 01:07:30,839

and what that might mean for everybody

1729

01:07:36,049 --> 01:07:33,119

well let's go to Matt first and then TJ

1730

01:07:38,230 --> 01:07:36,059

myself and Nathan so Matt uh I I haven't

1731

01:07:41,569 --> 01:07:38,240

seen the results of it I'm not aware of

1732

01:07:44,930 --> 01:07:41,579

exactly what happened but in general

1733

01:07:48,230 --> 01:07:44,940

yeah I have no idea what happened

1734

01:07:50,150 --> 01:07:48,240

I'm gonna give a horrible take I I don't

1735

01:07:52,970 --> 01:07:50,160

know they're looking at 600 cases so

1736

01:07:55,730 --> 01:07:52,980

that's what uh this year so far like

1737

01:07:58,089 --> 01:07:55,740

where are they getting the cases from

1738

01:08:01,490 --> 01:07:58,099

that's a good question they did not say

1739

01:08:03,170 --> 01:08:01,500

it's a lot more than 144 that they came

1740

01:08:05,329 --> 01:08:03,180

up with two years ago though right or

1741

01:08:07,730 --> 01:08:05,339

what was it a year ago when that report

1742

01:08:11,569 --> 01:08:07,740

came out was it late 21

1743

01:08:15,410 --> 01:08:11,579

so um so yeah I mean don't you think now

1744

01:08:17,209 --> 01:08:15,420

that it's become more public and uh the

1745

01:08:18,590 --> 01:08:17,219

government you know is stepping forward

1746

01:08:19,729 --> 01:08:18,600

with information and doing these

1747

01:08:22,490 --> 01:08:19,739

hearings and everything

1748

01:08:23,990 --> 01:08:22,500

don't you think that might uh possibly

1749

01:08:25,550 --> 01:08:24,000

lead to

1750

01:08:28,849 --> 01:08:25,560

more

1751

01:08:33,169 --> 01:08:28,859

sightings and reports of things that

1752

01:08:36,110 --> 01:08:33,179

aren't necessarily factual or

1753

01:08:38,329 --> 01:08:36,120

worth entering into the data set

1754

01:08:39,709 --> 01:08:38,339

yeah I think he actually did say during

1755

01:08:42,590 --> 01:08:39,719

the hearing that they're working on

1756

01:08:44,329 --> 01:08:42,600

cleaning up the protocols for reporting

1757

01:08:46,070 --> 01:08:44,339

but they're also going to have an

1758

01:08:48,349 --> 01:08:46,080

increase in that number because they're

1759

01:08:50,689 --> 01:08:48,359

going to make people report

1760

01:08:52,849 --> 01:08:50,699

so there's both happening

1761

01:08:54,709 --> 01:08:52,859

but those numbers aren't coming from man

1762

01:08:58,249 --> 01:08:54,719

on the street those are coming from

1763

01:08:59,990 --> 01:08:58,259

probably DOD sources or Affiliated

1764

01:09:02,450 --> 01:09:00,000

sources like you know we'll go back to

1765

01:09:04,550 --> 01:09:02,460

Department Homeland Security uh Army

1766

01:09:06,950 --> 01:09:04,560

Navy Air Force Marine Corps and then

1767

01:09:10,189 --> 01:09:06,960

other other government agencies so I

1768

01:09:12,829 --> 01:09:10,199

don't think that's coming from Bob from

1769

01:09:14,689 --> 01:09:12,839

Des Moines who saw something in the sky

1770

01:09:16,970 --> 01:09:14,699

so that's

1771

01:09:19,189 --> 01:09:16,980

that that's would be my take on a TJ

1772

01:09:21,410 --> 01:09:19,199

what would you like to say about uh the

1773

01:09:23,930 --> 01:09:21,420

Senate hearings on UAP today

1774

01:09:26,630 --> 01:09:23,940

so I I

1775

01:09:27,890 --> 01:09:26,640

didn't pay attention because I know the

1776

01:09:30,890 --> 01:09:27,900

result

1777

01:09:32,269 --> 01:09:30,900

um which is nothing

1778

01:09:34,309 --> 01:09:32,279

um

1779

01:09:36,590 --> 01:09:34,319

no it's nothing

1780

01:09:38,390 --> 01:09:36,600

um I'm very I'm I'm one of those and I

1781

01:09:39,669 --> 01:09:38,400

hate to you know I'm very vocal about it

1782

01:09:42,410 --> 01:09:39,679

like I I

1783

01:09:44,150 --> 01:09:42,420

and uh

1784

01:09:46,010 --> 01:09:44,160

very outspoken when it comes to the

1785

01:09:47,749 --> 01:09:46,020

government involvement in any of this

1786

01:09:50,329 --> 01:09:47,759

any of the phenomenon stuff because

1787

01:09:52,789 --> 01:09:50,339

there's no scenario in which they will

1788

01:09:55,010 --> 01:09:52,799

ever release anything

1789

01:09:57,410 --> 01:09:55,020

without any benefit to them

1790

01:09:59,930 --> 01:09:57,420

there is no way that you will be able

1791

01:10:01,490 --> 01:09:59,940

you will oh all of a sudden they want to

1792

01:10:03,590 --> 01:10:01,500

share things with us they want to tell

1793

01:10:04,910 --> 01:10:03,600

you something really when did that ever

1794

01:10:06,950 --> 01:10:04,920

happen before in history it didn't so

1795

01:10:09,770 --> 01:10:06,960

it's never going to

1796

01:10:11,510 --> 01:10:09,780

um no amount of pressure no money or

1797

01:10:13,430 --> 01:10:11,520

anything and I I constantly talk about

1798

01:10:15,410 --> 01:10:13,440

this the only way we're ever going to

1799

01:10:17,750 --> 01:10:15,420

get any answers

1800

01:10:19,430 --> 01:10:17,760

is through capitalism is do people like

1801

01:10:22,189 --> 01:10:19,440

Brandon is do people like musk if

1802

01:10:24,350 --> 01:10:22,199

there's a dollar to be made by the by

1803

01:10:26,090 --> 01:10:24,360

revealing this information or by holding

1804

01:10:28,490 --> 01:10:26,100

this information or developing something

1805

01:10:30,709 --> 01:10:28,500

from this that is the only way in the

1806

01:10:32,750 --> 01:10:30,719

real world that'll ever get out the

1807

01:10:35,330 --> 01:10:32,760

government is will continue to obfuscate

1808

01:10:37,610 --> 01:10:35,340

it and they will use it as an eternal

1809

01:10:40,189 --> 01:10:37,620

existential threat to raise money to

1810

01:10:42,070 --> 01:10:40,199

increase budgets and get their their

1811

01:10:44,450 --> 01:10:42,080

only job is to keep their job

1812

01:10:46,850 --> 01:10:44,460

literally and that's what they will do

1813

01:10:47,870 --> 01:10:46,860

if they can make you afraid of that you

1814

01:10:49,189 --> 01:10:47,880

got to give me money because I can

1815

01:10:50,090 --> 01:10:49,199

protect you from that I'm gonna you know

1816

01:10:52,130 --> 01:10:50,100

make sure that we're doing the right

1817

01:10:54,169 --> 01:10:52,140

thing and behind closed doors we're

1818

01:10:57,590 --> 01:10:54,179

really finding out you ain't finding out

1819

01:11:00,830 --> 01:10:57,600

[h__h] you don't know anything because if

1820

01:11:03,470 --> 01:11:00,840

you did if you people truly here's the

1821

01:11:06,110 --> 01:11:03,480

part I feel gets lost if you truly truly

1822

01:11:08,810 --> 01:11:06,120

truly had something about a little green

1823

01:11:11,110 --> 01:11:08,820

man somewhere and you withheld that that

1824

01:11:14,030 --> 01:11:11,120

is by far

1825

01:11:14,990 --> 01:11:14,040

the biggest story in all of human

1826

01:11:17,450 --> 01:11:15,000

history

1827

01:11:19,430 --> 01:11:17,460

nobody can keep that a secret no I don't

1828

01:11:21,709 --> 01:11:19,440

care how many ndas you sign I don't care

1829

01:11:24,890 --> 01:11:21,719

you cannot keep that secret it's like

1830

01:11:26,090 --> 01:11:24,900

you know the Messiah is here you like

1831

01:11:27,590 --> 01:11:26,100

like

1832

01:11:29,090 --> 01:11:27,600

they're the only other story would be

1833

01:11:30,410 --> 01:11:29,100

like if we found another planet and they

1834

01:11:34,669 --> 01:11:30,420

also had a Bible and there was a guy

1835

01:11:36,229 --> 01:11:34,679

named Jesus like holy crap like short of

1836

01:11:38,630 --> 01:11:36,239

that this is the biggest thing that

1837

01:11:41,870 --> 01:11:38,640

there could possibly be and I don't care

1838

01:11:44,390 --> 01:11:41,880

how much you threaten a person

1839

01:11:46,490 --> 01:11:44,400

there will not keep that secret they

1840

01:11:48,470 --> 01:11:46,500

can't and I firmly believe that and I've

1841

01:11:49,790 --> 01:11:48,480

said this for years like if there was

1842

01:11:52,910 --> 01:11:49,800

enough evidence for someone to come

1843

01:11:55,490 --> 01:11:52,920

forward and say more than just a story

1844

01:11:56,990 --> 01:11:55,500

that there's something here then it's

1845

01:11:59,990 --> 01:11:57,000

gonna come out

1846

01:12:01,970 --> 01:12:00,000

um I I I just don't I don't believe the

1847

01:12:03,290 --> 01:12:01,980

government for any of this I I can't I

1848

01:12:04,430 --> 01:12:03,300

can't get behind it

1849

01:12:06,110 --> 01:12:04,440

um I just think these are more dog and

1850

01:12:07,729 --> 01:12:06,120

pony shows and it's no no it's all to

1851

01:12:09,410 --> 01:12:07,739

anybody like this is my opinion I don't

1852

01:12:10,669 --> 01:12:09,420

know anything more than anybody else and

1853

01:12:12,770 --> 01:12:10,679

the teacher you're full of [h__h] you have

1854

01:12:15,229 --> 01:12:12,780

no clue to talk about afraid I'm a Jaden

1855

01:12:18,290 --> 01:12:15,239

cynic and I work in television too long

1856

01:12:20,810 --> 01:12:18,300

um no I work in the land of imaginary

1857

01:12:24,110 --> 01:12:20,820

[h__h] I make entertainment

1858

01:12:26,630 --> 01:12:24,120

um and I am very aware of my bias so um

1859

01:12:28,189 --> 01:12:26,640

I just I I get upset with this I get

1860

01:12:30,250 --> 01:12:28,199

annoyed at this Arrow stuff I get

1861

01:12:33,229 --> 01:12:30,260

annoyed at all these these acronym

1862

01:12:35,030 --> 01:12:33,239

programs that you know I

1863

01:12:37,729 --> 01:12:35,040

I make a living

1864

01:12:40,010 --> 01:12:37,739

on this partially on this

1865

01:12:41,630 --> 01:12:40,020

I get lost with the number of acronyms

1866

01:12:43,189 --> 01:12:41,640

that there are and programs that there

1867

01:12:44,990 --> 01:12:43,199

are and people that there are and Cult

1868

01:12:46,970 --> 01:12:45,000

of personalities that there are in this

1869

01:12:49,550 --> 01:12:46,980

in this group

1870

01:12:51,950 --> 01:12:49,560

um and to hear this another another

1871

01:12:55,669 --> 01:12:51,960

hearing another great

1872

01:12:58,070 --> 01:12:55,679

give show us something for love of God

1873

01:12:59,390 --> 01:12:58,080

um and they're never gonna they're never

1874

01:13:01,850 --> 01:12:59,400

gonna because there's no nothing to be

1875

01:13:03,169 --> 01:13:01,860

gained TJ I'm gonna both agree with you

1876

01:13:05,510 --> 01:13:03,179

and disagree with you I'm going to agree

1877

01:13:07,010 --> 01:13:05,520

with your last Point wholeheartedly

1878

01:13:09,410 --> 01:13:07,020

um and these guys have heard me say this

1879

01:13:11,090 --> 01:13:09,420

I am when it comes to hearings I'm the

1880

01:13:13,430 --> 01:13:11,100

worst person you want to talk to because

1881

01:13:15,590 --> 01:13:13,440

I'm the ultimate pessimist

1882

01:13:16,790 --> 01:13:15,600

um I don't agree with you and the fact

1883

01:13:19,010 --> 01:13:16,800

about that they don't have anything

1884

01:13:21,830 --> 01:13:19,020

because they can't keep a secret because

1885

01:13:25,070 --> 01:13:21,840

I know people in the government who can

1886

01:13:27,709 --> 01:13:25,080

have and do do keep secrets and there

1887

01:13:29,750 --> 01:13:27,719

are certain ways to do that uh and there

1888

01:13:32,689 --> 01:13:29,760

are certain people that will take those

1889

01:13:34,310 --> 01:13:32,699

secrets to their grave that take this as

1890

01:13:36,530 --> 01:13:34,320

their life's work the way that you take

1891

01:13:39,950 --> 01:13:36,540

what you do as your life's work or a

1892

01:13:41,950 --> 01:13:39,960

pastor you know takes uh sure uh I'm

1893

01:13:44,750 --> 01:13:41,960

discovering that either yeah

1894

01:13:46,729 --> 01:13:44,760

I'm just telling you just my again it's

1895

01:13:48,709 --> 01:13:46,739

mine no I love that I know I don't I

1896

01:13:49,550 --> 01:13:48,719

don't know that what they have and I

1897

01:13:51,050 --> 01:13:49,560

don't I don't know what they're

1898

01:13:53,630 --> 01:13:51,060

harboring but I

1899

01:13:55,550 --> 01:13:53,640

I think they probably have

1900

01:13:58,669 --> 01:13:55,560

um I'll go with what Jim Sammy van said

1901

01:14:00,890 --> 01:13:58,679

because he knows more than I do because

1902

01:14:02,390 --> 01:14:00,900

um he had a need to know uh even though

1903

01:14:04,669 --> 01:14:02,400

my clearance was

1904

01:14:05,990 --> 01:14:04,679

probably one step down from his he had a

1905

01:14:08,030 --> 01:14:06,000

need to know certain things that I

1906

01:14:12,410 --> 01:14:08,040

didn't and he says

1907

01:14:14,570 --> 01:14:12,420

they know more than we do but they

1908

01:14:16,550 --> 01:14:14,580

they don't they don't understand what

1909

01:14:19,130 --> 01:14:16,560

this is and they're at a deficit to try

1910

01:14:20,450 --> 01:14:19,140

to explain it to the American people the

1911

01:14:22,189 --> 01:14:20,460

other part I'm going to agree with you

1912

01:14:25,130 --> 01:14:22,199

on is it's not in their interest to

1913

01:14:27,229 --> 01:14:25,140

divulge just to the American people and

1914

01:14:30,169 --> 01:14:27,239

the cabbies have heard me say ad nauseum

1915

01:14:32,689 --> 01:14:30,179

that until you do something to make them

1916

01:14:34,370 --> 01:14:32,699

move from the position in which they're

1917

01:14:36,470 --> 01:14:34,380

entrenched they will not move they have

1918

01:14:38,630 --> 01:14:36,480

no reason to move the only reason that

1919

01:14:42,410 --> 01:14:38,640

they did move is because of what Lou

1920

01:14:44,090 --> 01:14:42,420

Elizondo and Tom DeLong and Jim semvan

1921

01:14:46,430 --> 01:14:44,100

and all these guys Christopher Mellon

1922

01:14:48,649 --> 01:14:46,440

and then you know a couple All-American

1923

01:14:51,169 --> 01:14:48,659

Pilots Alex Dietrich and Dave fraver

1924

01:14:53,750 --> 01:14:51,179

came out and now they're forced to talk

1925

01:14:55,669 --> 01:14:53,760

about it now you can't say we don't know

1926

01:14:58,250 --> 01:14:55,679

it didn't happen we don't know anything

1927

01:15:00,890 --> 01:14:58,260

about it you can't say that now because

1928

01:15:02,630 --> 01:15:00,900

they came out and talked about it so now

1929

01:15:05,090 --> 01:15:02,640

they're forced to talk about in a way

1930

01:15:07,070 --> 01:15:05,100

that Bigfoot they are absolutely not

1931

01:15:09,470 --> 01:15:07,080

forced to talk about it regardless of

1932

01:15:11,570 --> 01:15:09,480

the fact that they may have one or more

1933

01:15:14,510 --> 01:15:11,580

bodies that they've collected from

1934

01:15:16,970 --> 01:15:14,520

various roadside kills from various

1935

01:15:19,790 --> 01:15:16,980

interactions with uh

1936

01:15:22,010 --> 01:15:19,800

SF teams out at Fort Lewis On Maneuvers

1937

01:15:24,649 --> 01:15:22,020

that may or may not have killed one

1938

01:15:26,090 --> 01:15:24,659

Etc if they have a body they have no

1939

01:15:29,330 --> 01:15:26,100

reason to tell you about it because why

1940

01:15:33,110 --> 01:15:29,340

would you mess with your uh your REI

1941

01:15:35,510 --> 01:15:33,120

industry your Cabela's industry uh etc

1942

01:15:37,310 --> 01:15:35,520

etc there's no reason you know your

1943

01:15:39,110 --> 01:15:37,320

entire National Park system which is

1944

01:15:40,970 --> 01:15:39,120

relatively new in this country if you

1945

01:15:42,350 --> 01:15:40,980

want to look at it that way why would

1946

01:15:43,669 --> 01:15:42,360

you say to people oh yeah there's

1947

01:15:45,530 --> 01:15:43,679

something out there that kind of looks

1948

01:15:47,570 --> 01:15:45,540

like us and don't mess with it it's

1949

01:15:49,910 --> 01:15:47,580

really intelligent it's really good at

1950

01:15:53,330 --> 01:15:49,920

at not being seen and it's extremely

1951

01:15:55,450 --> 01:15:53,340

terrifying there's net that that that is

1952

01:15:58,550 --> 01:15:55,460

not going to happen on a Podium unless

1953

01:16:01,130 --> 01:15:58,560

they're forced to talk about it

1954

01:16:03,649 --> 01:16:01,140

so and that's what people who are out

1955

01:16:05,149 --> 01:16:03,659

hunting these things literally there are

1956

01:16:07,250 --> 01:16:05,159

teams of people who spend months in the

1957

01:16:10,189 --> 01:16:07,260

woods trying that have shot at them

1958

01:16:11,350 --> 01:16:10,199

trying to kill one find one I'll make

1959

01:16:20,450 --> 01:16:11,360

you famous

1960

01:16:25,430 --> 01:16:20,460

corpse

1961

01:16:29,169 --> 01:16:25,440

will get you a TV show you will be world

1962

01:16:34,490 --> 01:16:32,030

I do this stuff on Twitter like I

1963

01:16:36,590 --> 01:16:34,500

I spend way too much time late at nights

1964

01:16:39,229 --> 01:16:36,600

on Twitter spaces mining for this I look

1965

01:16:40,430 --> 01:16:39,239

for this somebody somewhere if it is

1966

01:16:42,950 --> 01:16:40,440

true

1967

01:16:45,649 --> 01:16:42,960

someone somewhere a guy with 42

1968

01:16:48,110 --> 01:16:45,659

followers from Albuquerque New Mexico is

1969

01:16:49,729 --> 01:16:48,120

gonna jump in his face and tell me hey I

1970

01:16:51,470 --> 01:16:49,739

got this I've talked to way too many

1971

01:16:54,290 --> 01:16:51,480

people who say they have stuff and then

1972

01:16:57,470 --> 01:16:54,300

they always they always fall apart at

1973

01:16:59,990 --> 01:16:57,480

the end TJ we're in a perfect uh Pivot

1974

01:17:02,030 --> 01:17:00,000

Point here to let Matt tell you what he

1975

01:17:03,950 --> 01:17:02,040

knows about people uh groups that are

1976

01:17:05,330 --> 01:17:03,960

out there hunting so Matt before you

1977

01:17:07,010 --> 01:17:05,340

present your topic could you take it

1978

01:17:11,709 --> 01:17:07,020

away and just shed some light on this

1979

01:17:18,070 --> 01:17:15,370

but could you expound on how many

1980

01:17:20,810 --> 01:17:18,080

Fade to Black TJ

1981

01:17:24,250 --> 01:17:20,820

and scene thank you have a nice day turn

1982

01:17:24,260 --> 01:17:27,310

results

1983

01:17:32,810 --> 01:17:30,950

that was great man TJ had me sold on you

1984

01:17:34,870 --> 01:17:32,820

know jaded cynicism and I was like hi

1985

01:17:37,310 --> 01:17:34,880

I'm your Bigfoot counterpart

1986

01:17:39,530 --> 01:17:37,320

you're a spirit animal I I understand

1987

01:17:41,810 --> 01:17:39,540

the frustration completely you know how

1988

01:17:43,850 --> 01:17:41,820

many times have I tried to follow that

1989

01:17:45,169 --> 01:17:43,860

string just to get it yanked out of my

1990

01:17:49,130 --> 01:17:45,179

hand at the last second you know

1991

01:17:51,950 --> 01:17:49,140

surprise I you know sorry I'm sorry yeah

1992

01:17:53,689 --> 01:17:51,960

they start following things go south you

1993

01:17:56,590 --> 01:17:53,699

know oh the body disappeared I don't

1994

01:18:00,950 --> 01:17:56,600

know I've I've never found

1995

01:18:03,410 --> 01:18:00,960

a claim being made that I followed up

1996

01:18:06,050 --> 01:18:03,420

with and found it to be authentic as far

1997

01:18:07,370 --> 01:18:06,060

as having killed one or had a body in

1998

01:18:10,729 --> 01:18:07,380

their possession

1999

01:18:13,030 --> 01:18:10,739

uh I did have an individual who I mean

2000

01:18:15,709 --> 01:18:13,040

we were set up to make it happen

2001

01:18:19,250 --> 01:18:15,719

uh private property

2002

01:18:20,930 --> 01:18:19,260

lots of activity uh

2003

01:18:24,229 --> 01:18:20,940

financial backer

2004

01:18:26,630 --> 01:18:24,239

I I was just kind of in a support role

2005

01:18:28,189 --> 01:18:26,640

you know with my experiences over the

2006

01:18:31,070 --> 01:18:28,199

years you know kind of helping him out

2007

01:18:31,970 --> 01:18:31,080

and strategy and all that stuff and then

2008

01:18:33,770 --> 01:18:31,980

uh

2009

01:18:35,209 --> 01:18:33,780

at the last second he kind of pulled the

2010

01:18:36,229 --> 01:18:35,219

plug and said these things are demons I

2011

01:18:37,850 --> 01:18:36,239

don't have anything to do with them

2012

01:18:40,850 --> 01:18:37,860

anymore

2013

01:18:43,669 --> 01:18:40,860

so of course you know teachers like

2014

01:18:46,430 --> 01:18:43,679

demon schmeeman let's go yeah come on I

2015

01:18:48,649 --> 01:18:46,440

don't care I don't care there's a group

2016

01:18:50,870 --> 01:18:48,659

that had a short-lived uh television

2017

01:18:52,250 --> 01:18:50,880

series I don't even know if they did a

2018

01:18:54,110 --> 01:18:52,260

single season I think they just the

2019

01:18:56,990 --> 01:18:54,120

pilot episode uh

2020

01:18:59,450 --> 01:18:57,000

but you know they were famous for years

2021

01:19:01,310 --> 01:18:59,460

back in the early 2000s you know their

2022

01:19:02,990 --> 01:19:01,320

whole thing was harvesting one they had

2023

01:19:04,490 --> 01:19:03,000

private property and that's all they did

2024

01:19:05,870 --> 01:19:04,500

they were Hunters you know and they just

2025

01:19:07,610 --> 01:19:05,880

hung out on this property trying to

2026

01:19:10,430 --> 01:19:07,620

shoot one but you know there are certain

2027

01:19:12,590 --> 01:19:10,440

stipulations uh it had to be a male

2028

01:19:13,850 --> 01:19:12,600

adult it couldn't be a juvenile or

2029

01:19:15,590 --> 01:19:13,860

female because you know that moral

2030

01:19:17,330 --> 01:19:15,600

compass whenever you're trying to shoot

2031

01:19:18,530 --> 01:19:17,340

an intelligent species just through it

2032

01:19:20,630 --> 01:19:18,540

exists

2033

01:19:22,729 --> 01:19:20,640

um and you know there was a claim that

2034

01:19:26,149 --> 01:19:22,739

one had been shot during an organized

2035

01:19:29,570 --> 01:19:26,159

hunt uh but they were unable to retrieve

2036

01:19:31,310 --> 01:19:29,580

the body supposedly they were able to uh

2037

01:19:34,430 --> 01:19:31,320

recover you know

2038

01:19:36,950 --> 01:19:34,440

bloody tissue and hair and all that had

2039

01:19:38,870 --> 01:19:36,960

a whole bag full of it you know we're

2040

01:19:40,910 --> 01:19:38,880

gonna send it off and all that and

2041

01:19:43,030 --> 01:19:40,920

nothing ever came of it you know there

2042

01:19:46,370 --> 01:19:43,040

is never any reports filed or anything

2043

01:19:49,430 --> 01:19:46,380

uh so it gets frustrating you know I

2044

01:19:51,970 --> 01:19:49,440

I've heard of I do locations where

2045

01:19:54,470 --> 01:19:51,980

supposedly bodies are buried you know

2046

01:19:57,350 --> 01:19:54,480

there's a a cistern in Oklahoma

2047

01:19:59,030 --> 01:19:57,360

supposedly has a Bigfoot uh body in it

2048

01:20:01,189 --> 01:19:59,040

you know where a guy shot one on his

2049

01:20:03,410 --> 01:20:01,199

property and then got scared very

2050

01:20:06,110 --> 01:20:03,420

similar to The Bug Story that became

2051

01:20:08,630 --> 01:20:06,120

famous on coast to coast and uh put it

2052

01:20:10,490 --> 01:20:08,640

inside this cistern years ago and now

2053

01:20:12,229 --> 01:20:10,500

that property belongs to somebody else

2054

01:20:14,090 --> 01:20:12,239

who's completely unaware that it's even

2055

01:20:15,830 --> 01:20:14,100

there and you know it's just rumors

2056

01:20:18,410 --> 01:20:15,840

small town rumor stuff

2057

01:20:21,709 --> 01:20:18,420

listen it I I say this like you know

2058

01:20:27,470 --> 01:20:21,719

remember the air the uh what was it Rush

2059

01:20:28,630 --> 01:20:27,480

Area 51 or Charter yeah so if you tell

2060

01:20:31,430 --> 01:20:28,640

me there's a

2061

01:20:33,950 --> 01:20:31,440

some things buried somewhere like

2062

01:20:36,169 --> 01:20:33,960

I swear that I've pitched this idea I

2063

01:20:39,050 --> 01:20:36,179

would love to see this happen like you

2064

01:20:41,570 --> 01:20:39,060

can't stop masses of people right so if

2065

01:20:43,850 --> 01:20:41,580

you decided like oh there's the Ark of

2066

01:20:46,610 --> 01:20:43,860

the Covenant is in some church guarded

2067

01:20:48,790 --> 01:20:46,620

by one blind guy in Ethiopia well then

2068

01:20:51,850 --> 01:20:48,800

bring 700 people

2069

01:20:54,649 --> 01:20:51,860

and go in and get it

2070

01:20:58,130 --> 01:20:54,659

don't tell me this like oh there's a

2071

01:21:00,169 --> 01:20:58,140

there's a Bigfoot buried okay reach 700

2072

01:21:02,870 --> 01:21:00,179

people to where Bigfoot's buried and go

2073

01:21:05,149 --> 01:21:02,880

dig it up and no amount of cops know

2074

01:21:07,310 --> 01:21:05,159

about anyone's gonna stop you just go

2075

01:21:08,930 --> 01:21:07,320

get it like and and I think this is

2076

01:21:11,270 --> 01:21:08,940

where all these paranormal communities

2077

01:21:14,570 --> 01:21:11,280

falter like their strength in numbers

2078

01:21:15,890 --> 01:21:14,580

you know if you really want to go to one

2079

01:21:19,490 --> 01:21:15,900

of these places where a hot spot or

2080

01:21:23,510 --> 01:21:19,500

whatever go with 400 500 friggin people

2081

01:21:25,550 --> 01:21:23,520

and do it like do it go find it go and

2082

01:21:28,850 --> 01:21:25,560

you just can't get enough able to like

2083

01:21:29,770 --> 01:21:28,860

agree on what they and what they're

2084

01:21:32,630 --> 01:21:29,780

looking for

2085

01:21:33,890 --> 01:21:32,640

oh let me ask one question I want to ask

2086

01:21:36,350 --> 01:21:33,900

Matt this and I think you'll find this

2087

01:21:39,410 --> 01:21:36,360

interesting Matt how many how many

2088

01:21:41,810 --> 01:21:39,420

groups or how many how many groups do

2089

01:21:43,910 --> 01:21:41,820

you suppose are hunting them and why do

2090

01:21:45,410 --> 01:21:43,920

you think that they have not actually

2091

01:21:48,110 --> 01:21:45,420

killed one yet

2092

01:21:50,350 --> 01:21:48,120

like actually hunting like trying to

2093

01:21:52,510 --> 01:21:50,360

shoot once yes

2094

01:21:55,910 --> 01:21:52,520

I mean

2095

01:21:58,189 --> 01:21:55,920

there's at least

2096

01:21:59,930 --> 01:21:58,199

to my knowledge there's not very many to

2097

01:22:02,750 --> 01:21:59,940

be honest but there's at least two or

2098

01:22:04,610 --> 01:22:02,760

three right now I'm comprised of how

2099

01:22:06,830 --> 01:22:04,620

many each

2100

01:22:08,510 --> 01:22:06,840

that actually get to go on the Hunts

2101

01:22:10,610 --> 01:22:08,520

yeah see that's the that's the problem

2102

01:22:13,370 --> 01:22:10,620

right there ego comes into play as it

2103

01:22:15,950 --> 01:22:13,380

always does uh there you go you know the

2104

01:22:18,229 --> 01:22:15,960

speculation of well if we do actually

2105

01:22:19,850 --> 01:22:18,239

shoot one who do we want to split the

2106

01:22:22,130 --> 01:22:19,860

money with you know who do we want to

2107

01:22:23,990 --> 01:22:22,140

what money

2108

01:22:26,630 --> 01:22:24,000

million dollar Bounty that's on all of

2109

01:22:33,410 --> 01:22:26,640

the their heads that everybody after

2110

01:22:38,570 --> 01:22:36,050

so I was

2111

01:22:39,890 --> 01:22:38,580

a good 15 years deep into this at the

2112

01:22:41,350 --> 01:22:39,900

point

2113

01:22:44,390 --> 01:22:41,360

um pretty well known

2114

01:22:46,729 --> 01:22:44,400

uh was

2115

01:22:49,970 --> 01:22:46,739

fairly good acquaintances with people

2116

01:22:52,790 --> 01:22:49,980

involved in the top level of a group

2117

01:22:54,350 --> 01:22:52,800

that is actively trying to kill one uh

2118

01:22:55,729 --> 01:22:54,360

I'm not gonna say their name but you

2119

01:22:58,250 --> 01:22:55,739

know exactly who they are we've talked

2120

01:23:00,709 --> 01:22:58,260

about them before I do I'll tell TJ off

2121

01:23:01,790 --> 01:23:00,719

air I looked into joining this group at

2122

01:23:05,689 --> 01:23:01,800

the time

2123

01:23:09,410 --> 01:23:05,699

you had to pay them money to join which

2124

01:23:11,870 --> 01:23:09,420

bought you access to their message forum

2125

01:23:14,330 --> 01:23:11,880

where you could interact with them on

2126
01:23:16,430 --> 01:23:14,340
the message form for a year and then

2127
01:23:19,130 --> 01:23:16,440
after a year

2128
01:23:21,890 --> 01:23:19,140
one of the top tier members could choose

2129
01:23:25,250 --> 01:23:21,900
to nominate you for membership

2130
01:23:27,830 --> 01:23:25,260
and if they chose you to be nominated

2131
01:23:30,110 --> 01:23:27,840
then they would vote on you and if you

2132
01:23:33,169 --> 01:23:30,120
passed the vote then you could join them

2133
01:23:34,910 --> 01:23:33,179
out in the field by invite not just

2134
01:23:36,470 --> 01:23:34,920
automatically Nathan does this sound

2135
01:23:38,050 --> 01:23:36,480
like the Skull and Bones of Bigfoot

2136
01:23:42,110 --> 01:23:38,060
thank you sir may I have another

2137
01:23:43,669 --> 01:23:42,120
cytology yeah it's crazy it's absolutely

2138
01:23:44,930 --> 01:23:43,679

crazy they had to pay then you probably

2139

01:23:46,610 --> 01:23:44,940

had to pay

2140

01:23:48,890 --> 01:23:46,620

to go out in the field and then you had

2141

01:23:50,689 --> 01:23:48,900

to pay to get the special goggles that

2142

01:23:51,830 --> 01:23:50,699

would only allow you to see it and then

2143

01:23:54,050 --> 01:23:51,840

you had to pay to get the special

2144

01:23:55,910 --> 01:23:54,060

bullets that would only hit it and

2145

01:23:57,590 --> 01:23:55,920

nothing else it's just more and more and

2146

01:23:59,209 --> 01:23:57,600

more and more and then we have to do how

2147

01:24:01,430 --> 01:23:59,219

this person wants it done and that

2148

01:24:02,870 --> 01:24:01,440

person usually thinks their ideas the

2149

01:24:04,790 --> 01:24:02,880

right one even though they're completely

2150

01:24:06,950 --> 01:24:04,800

unsuccessful all these years

2151

01:24:09,649 --> 01:24:06,960

and it's just a lot of tell chasing and

2152

01:24:12,290 --> 01:24:09,659

Egos and you know as we say in Oklahoma

2153

01:24:14,510 --> 01:24:12,300

pissing contests they spend months in

2154

01:24:16,010 --> 01:24:14,520

the woods on uh when they go out there

2155

01:24:18,649 --> 01:24:16,020

they don't go for weeks they go for

2156

01:24:19,490 --> 01:24:18,659

months am I correct Matt yeah but I mean

2157

01:24:21,709 --> 01:24:19,500

okay

2158

01:24:23,870 --> 01:24:21,719

why are you even calling yourselves

2159

01:24:24,830 --> 01:24:23,880

experts or hunters or anything at that

2160

01:24:27,050 --> 01:24:24,840

point

2161

01:24:28,669 --> 01:24:27,060

yeah yeah I've encountered a bunch of

2162

01:24:30,709 --> 01:24:28,679

these groups

2163

01:24:31,850 --> 01:24:30,719

um but I don't find them as groups I

2164

01:24:33,709 --> 01:24:31,860

always find the individuals and that's

2165

01:24:36,110 --> 01:24:33,719

what the most compelling stories to me

2166

01:24:37,669 --> 01:24:36,120

are the individuals that I find I I

2167

01:24:39,649 --> 01:24:37,679

mentioned one about a guy earlier on

2168

01:24:40,790 --> 01:24:39,659

like you know going to always sticks out

2169

01:24:42,890 --> 01:24:40,800

in my head like I didn't realize in

2170

01:24:44,630 --> 01:24:42,900

Southeastern Oklahoma that it's like a

2171

01:24:46,430 --> 01:24:44,640

hot spot I didn't know that Southeastern

2172

01:24:48,229 --> 01:24:46,440

Oklahoma was a hot spot

2173

01:24:50,750 --> 01:24:48,239

um and this guy who was like they were

2174

01:24:52,070 --> 01:24:50,760

hunting they were taunting him and his

2175

01:24:53,870 --> 01:24:52,080

family and then he moved his two

2176
01:24:55,689 --> 01:24:53,880
daughters and his wife to Texas and then

2177
01:24:58,310 --> 01:24:55,699
he set up like a freaking Home Alone

2178
01:25:00,229 --> 01:24:58,320
booby traps all over his property to try

2179
01:25:03,590 --> 01:25:00,239
to kill these things I had a cop that

2180
01:25:05,510 --> 01:25:03,600
was going to come online on camera and

2181
01:25:07,430 --> 01:25:05,520
go on the record saying that this is all

2182
01:25:10,430 --> 01:25:07,440
been happening and all this like the

2183
01:25:14,149 --> 01:25:10,440
Bigfoot stuff is is interesting

2184
01:25:16,430 --> 01:25:14,159
um but it's never proven like

2185
01:25:18,110 --> 01:25:16,440
I I you know it's another one of those

2186
01:25:20,510 --> 01:25:18,120
things man I I just don't know like I

2187
01:25:22,310 --> 01:25:20,520
need to see it like just we can't all be

2188
01:25:23,390 --> 01:25:22,320

hallucinating you know not everyone

2189

01:25:25,970 --> 01:25:23,400

could just be having the same

2190

01:25:27,910 --> 01:25:25,980

hallucination so Matt Matt has seen them

2191

01:25:31,130 --> 01:25:27,920

TJ

2192

01:25:32,570 --> 01:25:31,140

that's where I was you know I'm I'm a

2193

01:25:34,970 --> 01:25:32,580

skeptical person and even now I'm

2194

01:25:37,010 --> 01:25:34,980

extremely skeptical I think DJ gets

2195

01:25:38,390 --> 01:25:37,020

irritated at me sometimes because he'll

2196

01:25:39,649 --> 01:25:38,400

call me up and be like have you heard

2197

01:25:42,470 --> 01:25:39,659

this story I was like yeah that's BS

2198

01:25:46,310 --> 01:25:44,169

I don't get irritated

2199

01:25:47,689 --> 01:25:46,320

I had to go out there and see from me

2200

01:25:49,310 --> 01:25:47,699

for myself like what is going on this

2201
01:25:52,430 --> 01:25:49,320
can't be true this can't possibly be

2202
01:25:54,709 --> 01:25:52,440
true and I went out there and had my

2203
01:25:57,169 --> 01:25:54,719
life changed forever and here I am 20

2204
01:25:59,450 --> 01:25:57,179
plus years later uh still talking about

2205
01:26:01,850 --> 01:25:59,460
it on a daily basis you know talking

2206
01:26:05,149 --> 01:26:01,860
about it right now

2207
01:26:07,010 --> 01:26:05,159
but after all that time and like you

2208
01:26:08,570 --> 01:26:07,020
were talking about experts knowing the

2209
01:26:10,370 --> 01:26:08,580
history and all the anecdotal stories

2210
01:26:13,129 --> 01:26:10,380
and everything with all that information

2211
01:26:14,510 --> 01:26:13,139
knowing the entire history

2212
01:26:16,189 --> 01:26:14,520
I don't

2213
01:26:18,950 --> 01:26:16,199

I'm not any closer to an explanation

2214

01:26:21,950 --> 01:26:18,960

than I was before I ever saw one

2215

01:26:24,709 --> 01:26:21,960

and to me that's the real mystery behind

2216

01:26:27,410 --> 01:26:24,719

this thing because if these things are

2217

01:26:29,510 --> 01:26:27,420

just some undiscovered primate like you

2218

01:26:30,590 --> 01:26:29,520

know the mainstream thought process is

2219

01:26:32,750 --> 01:26:30,600

on them

2220

01:26:36,290 --> 01:26:32,760

then we would have something by now

2221

01:26:38,870 --> 01:26:36,300

surely surely we're that capable I mean

2222

01:26:41,090 --> 01:26:38,880

there is a gentleman out in the Pacific

2223

01:26:43,310 --> 01:26:41,100

Northwest who is a billionaire who has

2224

01:26:44,930 --> 01:26:43,320

Finance groups and hunts and thrown

2225

01:26:47,149 --> 01:26:44,940

money at this thing for years and years

2226

01:26:48,830 --> 01:26:47,159

and years and he's not the only one

2227

01:26:50,390 --> 01:26:48,840

there's another billionaire from Texas

2228

01:26:53,810 --> 01:26:50,400

somewhere that I heard about that does

2229

01:26:57,050 --> 01:26:53,820

the same thing so even with the money

2230

01:26:58,490 --> 01:26:57,060

and the Manpower it still doesn't happen

2231

01:27:00,890 --> 01:26:58,500

because they're doing it wrong with any

2232

01:27:02,149 --> 01:27:00,900

TV people well they're they're usually

2233

01:27:04,189 --> 01:27:02,159

people really are pressure to get

2234

01:27:06,770 --> 01:27:04,199

something made they're really really

2235

01:27:08,629 --> 01:27:06,780

smart and they know the woods the way

2236

01:27:10,729 --> 01:27:08,639

that you know the inside of that office

2237

01:27:13,669 --> 01:27:10,739

that you're in right there that's their

2238

01:27:16,310 --> 01:27:13,679

home and they're very very good at at

2239

01:27:18,530 --> 01:27:16,320

hearing using all of their senses to

2240

01:27:20,450 --> 01:27:18,540

stay away from you or scaring you when

2241

01:27:28,030 --> 01:27:20,460

they want you to to back up and head

2242

01:27:32,450 --> 01:27:30,649

we can interpret it we can decide like

2243

01:27:33,950 --> 01:27:32,460

you know people can think like oh they

2244

01:27:34,910 --> 01:27:33,960

they do know or they don't know these

2245

01:27:36,709 --> 01:27:34,920

things they do know these things they

2246

01:27:37,689 --> 01:27:36,719

know the ones in other words

2247

01:27:40,729 --> 01:27:37,699

um

2248

01:27:42,830 --> 01:27:40,739

you know it's all speculation what I

2249

01:27:45,110 --> 01:27:42,840

find one of the things I find most

2250

01:27:47,390 --> 01:27:45,120

irritating about any expert in any of

2251
01:27:49,070 --> 01:27:47,400
these in any of these fields especially

2252
01:27:51,530 --> 01:27:49,080
the Bigfoot one is when I hear stuff

2253
01:27:54,410 --> 01:27:51,540
like well you know females live to be

2254
01:27:58,090 --> 01:27:54,420
about 140 years old and the child is 70

2255
01:28:03,169 --> 01:28:01,610
shut up you're a [h__h] don't tell me

2256
01:28:04,370 --> 01:28:03,179
these things and expect me to take you

2257
01:28:07,550 --> 01:28:04,380
seriously

2258
01:28:10,550 --> 01:28:07,560
um I get I get very you know I'm very

2259
01:28:13,370 --> 01:28:10,560
open about all this stuff like I I I I I

2260
01:28:16,070 --> 01:28:13,380
listen everybody tell me their stories

2261
01:28:17,629 --> 01:28:16,080
um but as soon as you try to piss on my

2262
01:28:19,330 --> 01:28:17,639
leg and tell me it's rained

2263
01:28:31,970 --> 01:28:19,340

I

2264

01:28:33,530 --> 01:28:31,980

into your office right there when you

2265

01:28:38,270 --> 01:28:33,540

walk in how long would it take you to

2266

01:28:40,570 --> 01:28:39,530

it's your question am I missing

2267

01:28:43,850 --> 01:28:40,580

something

2268

01:28:45,050 --> 01:28:43,860

the first thing that exactly so the

2269

01:28:46,790 --> 01:28:45,060

first thing would happen when you'd open

2270

01:28:49,850 --> 01:28:46,800

the doors you'd say oh somebody put a

2271

01:28:52,250 --> 01:28:49,860

potted Cypress in my office and that's

2272

01:28:54,530 --> 01:28:52,260

how Bigfoot is when there's a trail cam

2273

01:28:56,209 --> 01:28:54,540

or there's something that's inorganic

2274

01:28:58,910 --> 01:28:56,219

that is that comes into their

2275

01:29:01,370 --> 01:28:58,920

environment uh whether it's a vehicle

2276

01:29:03,410 --> 01:29:01,380

that pulls up they can hear you coming

2277

01:29:06,050 --> 01:29:03,420

down the dirt road parking the trailhead

2278

01:29:09,350 --> 01:29:06,060

getting slamming the doors setting up

2279

01:29:10,430 --> 01:29:09,360

camp interesting things yeah so what do

2280

01:29:12,229 --> 01:29:10,440

you think about the Canadian government

2281

01:29:14,390 --> 01:29:12,239

when they were going to do that that

2282

01:29:15,530 --> 01:29:14,400

blink project the heat sensor Blue

2283

01:29:18,250 --> 01:29:15,540

Project

2284

01:29:23,570 --> 01:29:22,010

of course I do are you kidding me what

2285

01:29:26,149 --> 01:29:23,580

happened to that like okay

2286

01:29:28,850 --> 01:29:26,159

now that's out of the box thinking

2287

01:29:30,290 --> 01:29:28,860

what is it I mean that it's our it had

2288

01:29:33,169 --> 01:29:30,300

already been done years prior to that

2289

01:29:37,129 --> 01:29:33,179

yeah on a television series as a matter

2290

01:29:39,470 --> 01:29:37,139

of fact uh you know and and that was

2291

01:29:42,169 --> 01:29:39,480

again uh

2292

01:29:44,330 --> 01:29:42,179

problems with humans got in the way uh

2293

01:29:47,570 --> 01:29:44,340

and the project

2294

01:29:49,790 --> 01:29:47,580

a good plan on paper uh but wrong

2295

01:29:52,189 --> 01:29:49,800

parties behind it I guess are involved

2296

01:29:54,110 --> 01:29:52,199

with it and it kind of just fell apart

2297

01:29:56,390 --> 01:29:54,120

uh before it ever really had a chance

2298

01:29:58,790 --> 01:29:56,400

now we have the same abilities anybody I

2299

01:30:00,490 --> 01:29:58,800

you know with money I could go out and

2300

01:30:02,990 --> 01:30:00,500

buy a drone and do the same thing myself

2301

01:30:04,850 --> 01:30:03,000

on my own you wouldn't even need a big

2302

01:30:06,890 --> 01:30:04,860

funded blunt project of any kind of do

2303

01:30:09,470 --> 01:30:06,900

it I I don't know why people

2304

01:30:12,709 --> 01:30:09,480

aren't using drone technology with

2305

01:30:15,590 --> 01:30:12,719

thermal and video and everything uh I

2306

01:30:17,629 --> 01:30:15,600

think that's the way to go uh I've

2307

01:30:18,669 --> 01:30:17,639

recently been looking into a lidar

2308

01:30:21,350 --> 01:30:18,679

scanning

2309

01:30:22,790 --> 01:30:21,360

I think that's got some good

2310

01:30:23,870 --> 01:30:22,800

possibilities you know they're using it

2311

01:30:25,729 --> 01:30:23,880

for uh

2312

01:30:27,169 --> 01:30:25,739

human recovery situations where people

2313

01:30:28,430 --> 01:30:27,179

get lost in the wilderness and stuff

2314

01:30:30,169 --> 01:30:28,440

they're starting to use that along with

2315

01:30:33,530 --> 01:30:30,179

drone technology and I think that's

2316

01:30:36,830 --> 01:30:33,540

probably where the future of uh Bigfoot

2317

01:30:39,530 --> 01:30:36,840

research needs to go as far as

2318

01:30:41,030 --> 01:30:39,540

if your Ambitions are to prove their

2319

01:30:43,209 --> 01:30:41,040

existence I think that's probably the

2320

01:30:45,290 --> 01:30:43,219

best route at this point

2321

01:30:46,790 --> 01:30:45,300

what about those um what are those

2322

01:30:48,410 --> 01:30:46,800

satellites called

2323

01:30:50,270 --> 01:30:48,420

you can buy

2324

01:30:52,610 --> 01:30:50,280

satellites I'm not familiar with that

2325

01:30:55,370 --> 01:30:52,620

cubesat or something like that cubesats

2326

01:30:57,169 --> 01:30:55,380

that's what I was yes I was actually yes

2327

01:30:59,390 --> 01:30:57,179

cubesats

2328

01:31:02,090 --> 01:30:59,400

I feel like that's a that that's a tool

2329

01:31:03,890 --> 01:31:02,100

like that hasn't been ex explored for

2330

01:31:06,229 --> 01:31:03,900

that hunt yet

2331

01:31:08,330 --> 01:31:06,239

um I mean they're low order satellites

2332

01:31:10,729 --> 01:31:08,340

you can have any kind of sensor on if

2333

01:31:13,129 --> 01:31:10,739

you had enough money right um

2334

01:31:15,229 --> 01:31:13,139

this is this this could be a whole

2335

01:31:17,149 --> 01:31:15,239

discussion as to why people that do see

2336

01:31:19,129 --> 01:31:17,159

him aren't able to capture them I mean

2337

01:31:21,229 --> 01:31:19,139

Matt has been there he's seen other

2338

01:31:22,850 --> 01:31:21,239

people I'm not able to capture it on

2339

01:31:26,149 --> 01:31:22,860

film which is a whole nother discussion

2340

01:31:28,850 --> 01:31:26,159

but uh and Bigfoot is I mean it's just a

2341

01:31:30,229 --> 01:31:28,860

fascinating thing but what I thought you

2342

01:31:32,090 --> 01:31:30,239

know I want to make sure anybody else

2343

01:31:33,649 --> 01:31:32,100

has anything else but I did want to hear

2344

01:31:36,290 --> 01:31:33,659

your thoughts about Chris Bledsoe

2345

01:31:39,410 --> 01:31:36,300

because uh Nathan's neighbor there in

2346

01:31:42,350 --> 01:31:39,420

North Carolina from Fayetteville he is

2347

01:31:45,709 --> 01:31:42,360

probably the most well-known most

2348

01:31:48,649 --> 01:31:45,719

credible uh person who has interacted

2349

01:31:52,070 --> 01:31:48,659

enough three-letter agencies incredible

2350

01:31:53,930 --> 01:31:52,080

people scientists types have been down

2351
01:31:56,330 --> 01:31:53,940
there and visited with Chris Bledsoe and

2352
01:31:58,970 --> 01:31:56,340
so what is your your interaction and

2353
01:32:02,030 --> 01:31:58,980
your thoughts with him

2354
01:32:04,129 --> 01:32:02,040
so I'm Chris it's like

2355
01:32:05,810 --> 01:32:04,139
straight up dude right like that's the

2356
01:32:07,910 --> 01:32:05,820
best way to describe it

2357
01:32:12,709 --> 01:32:07,920
um and like I said I talked to him last

2358
01:32:16,550 --> 01:32:14,510
oh man

2359
01:32:18,169 --> 01:32:16,560
I I want to go into this when I don't

2360
01:32:20,990 --> 01:32:18,179
want to go into the stuff like uh

2361
01:32:24,830 --> 01:32:21,000
there's a lot there uh

2362
01:32:27,649 --> 01:32:24,840
I know like he's a um

2363
01:32:29,510 --> 01:32:27,659

I remember contacting him just as this

2364

01:32:31,970 --> 01:32:29,520

whole everything was starting thinking

2365

01:32:34,070 --> 01:32:31,980

like he is another

2366

01:32:36,050 --> 01:32:34,080

there's another narrative to be

2367

01:32:39,410 --> 01:32:36,060

constructed around all this

2368

01:32:42,770 --> 01:32:41,390

I understand if there's an angle you

2369

01:32:44,930 --> 01:32:42,780

don't want someone else who's

2370

01:32:46,669 --> 01:32:44,940

potentially looking crisp Bledsoe to

2371

01:32:48,350 --> 01:32:46,679

know what your angle might be for a

2372

01:32:50,590 --> 01:32:48,360

project I understand what is that what

2373

01:32:53,689 --> 01:32:50,600

you're

2374

01:32:54,950 --> 01:32:53,699

that's okay okay yeah there's there's I

2375

01:32:56,570 --> 01:32:54,960

feel like there's stuff there like that

2376

01:32:58,910 --> 01:32:56,580

I just uh

2377

01:33:00,050 --> 01:32:58,920

I don't know I I know I'm not a

2378

01:33:02,270 --> 01:33:00,060

beautiful unique snowflake but there's

2379

01:33:05,510 --> 01:33:02,280

sometimes I'm afraid to put up I you

2380

01:33:08,330 --> 01:33:05,520

know say things uh that I feel might be

2381

01:33:10,729 --> 01:33:08,340

a little bit more unique a little bit

2382

01:33:12,530 --> 01:33:10,739

different than most trains of thought

2383

01:33:13,610 --> 01:33:12,540

um

2384

01:33:15,050 --> 01:33:13,620

shoot

2385

01:33:16,189 --> 01:33:15,060

I feel like I'm on a spot and I should

2386

01:33:18,470 --> 01:33:16,199

say give you something else but I don't

2387

01:33:19,850 --> 01:33:18,480

have anything to do all right you're not

2388

01:33:22,910 --> 01:33:19,860

gonna get you're you won't get pressure

2389

01:33:25,729 --> 01:33:22,920

to you know I know just speaking in

2390

01:33:27,290 --> 01:33:25,739

general TJ this guy has had experiences

2391

01:33:28,330 --> 01:33:27,300

that have been vetted by the most

2392

01:33:33,950 --> 01:33:28,340

credible

2393

01:33:36,470 --> 01:33:33,960

society from Jim cenovan Diana pasulka

2394

01:33:39,590 --> 01:33:36,480

Dr Bob McGuire told us he went down

2395

01:33:43,430 --> 01:33:39,600

there Nathan's partner uh in crime EXO

2396

01:33:45,050 --> 01:33:43,440

Academia Darren King went down there uh

2397

01:33:46,250 --> 01:33:45,060

and ha and people just go down there and

2398

01:33:48,530 --> 01:33:46,260

have experiences you want to talk about

2399

01:33:50,510 --> 01:33:48,540

portals opening up and you know you have

2400

01:33:52,729 --> 01:33:50,520

a guy from the CIA saying something

2401

01:33:55,610 --> 01:33:52,739

opened up and like some sort of a white

2402

01:33:57,350 --> 01:33:55,620

bull and then a white lady popped out in

2403

01:33:59,090 --> 01:33:57,360

this backyard you're like what do you

2404

01:34:01,310 --> 01:33:59,100

what do you say to that I'm like what do

2405

01:34:02,990 --> 01:34:01,320

you make yeah what do you make of that

2406

01:34:05,390 --> 01:34:03,000

like what do you like what are you

2407

01:34:08,570 --> 01:34:05,400

supposed to do with that Nathan this is

2408

01:34:09,950 --> 01:34:08,580

you man I mean right like we this ties

2409

01:34:11,810 --> 01:34:09,960

into everything we just talked about

2410

01:34:14,990 --> 01:34:11,820

right there's uh

2411

01:34:17,270 --> 01:34:15,000

there's weird stuff happening in reality

2412

01:34:19,910 --> 01:34:17,280

that we share

2413

01:34:21,890 --> 01:34:19,920

and it happens to people that we know

2414

01:34:24,169 --> 01:34:21,900

uh people that we encounter they're real

2415

01:34:26,030 --> 01:34:24,179

people they're credible people from all

2416

01:34:28,430 --> 01:34:26,040

walks of life in all parts of the world

2417

01:34:31,189 --> 01:34:28,440

and all kinds of cultures weird things

2418

01:34:34,550 --> 01:34:31,199

happen and they don't fit into the

2419

01:34:37,189 --> 01:34:34,560

conventional buckets that we'd like them

2420

01:34:39,770 --> 01:34:37,199

to right and so we spend

2421

01:34:42,169 --> 01:34:39,780

in some cases Our Lives just sort of

2422

01:34:45,530 --> 01:34:42,179

struggling with this or they or they

2423

01:34:47,870 --> 01:34:45,540

shape the direction of Our Lives and uh

2424

01:34:49,189 --> 01:34:47,880

you know what's weird about it too I

2425

01:34:53,570 --> 01:34:49,199

find is that

2426

01:34:56,030 --> 01:34:53,580

that's not necessarily all that uncommon

2427

01:34:58,250 --> 01:34:56,040

in the way that things influence us

2428

01:35:00,290 --> 01:34:58,260

right so you know you talked about when

2429

01:35:02,750 --> 01:35:00,300

you were a kid and you had your you know

2430

01:35:04,490 --> 01:35:02,760

your dream science Mansion right and and

2431

01:35:06,830 --> 01:35:04,500

here you are like kind of coming to a

2432

01:35:09,950 --> 01:35:06,840

show with a guy who basically has an

2433

01:35:14,890 --> 01:35:09,960

outdoor dream science Mansion right

2434

01:35:20,990 --> 01:35:17,810

that little vision like influenced your

2435

01:35:22,430 --> 01:35:21,000

life in a way right and uh and I I could

2436

01:35:24,169 --> 01:35:22,440

probably go in Lots I've never thought

2437

01:35:26,149 --> 01:35:24,179

of that dude on that it was awesome I've

2438

01:35:28,070 --> 01:35:26,159

never thought of that you know so I you

2439

01:35:30,050 --> 01:35:28,080

know we have we have we and this happens

2440

01:35:32,330 --> 01:35:30,060

in many different facets of our lives

2441

01:35:34,310 --> 01:35:32,340

right so the person that you end up with

2442

01:35:37,250 --> 01:35:34,320

you know you're whoever your partner is

2443

01:35:39,290 --> 01:35:37,260

the person that uh that you feel you

2444

01:35:41,750 --> 01:35:39,300

know is is your best friend or the the

2445

01:35:44,750 --> 01:35:41,760

work that you do or places that you want

2446

01:35:47,390 --> 01:35:44,760

to go visit all these things uh kind of

2447

01:35:49,310 --> 01:35:47,400

start out as this uh you know almost

2448

01:35:50,629 --> 01:35:49,320

like they appear out of The Ether in

2449

01:35:52,430 --> 01:35:50,639

your in your experience but they

2450

01:35:57,350 --> 01:35:52,440

motivate you and they guide you and they

2451

01:35:59,689 --> 01:35:57,360

draw you into their presence in a way uh

2452

01:36:01,189 --> 01:35:59,699

and so it's just that these particular

2453

01:36:04,370 --> 01:36:01,199

things that we've talked about on the

2454

01:36:06,890 --> 01:36:04,380

show they stand out because not everyone

2455

01:36:08,870 --> 01:36:06,900

has those experiences we all have the

2456

01:36:10,490 --> 01:36:08,880

former but we don't all have what we

2457

01:36:12,649 --> 01:36:10,500

just talked about here but is there

2458

01:36:14,330 --> 01:36:12,659

really a distinction between them I

2459

01:36:15,590 --> 01:36:14,340

think that it's just that the ones we

2460

01:36:18,169 --> 01:36:15,600

talked about that we kind of share like

2461

01:36:20,209 --> 01:36:18,179

just really common uh but that but the

2462

01:36:21,890 --> 01:36:20,219

ones that are unique I mean yes they're

2463

01:36:23,930 --> 01:36:21,900

unique they're different but but they're

2464

01:36:25,850 --> 01:36:23,940

happening as you said TJ not in the

2465

01:36:28,790 --> 01:36:25,860

super normal not in the Paranormal but

2466

01:36:31,970 --> 01:36:28,800

in reality and so it's just they're way

2467

01:36:34,790 --> 01:36:31,980

harder for us to get get our arms around

2468

01:36:37,129 --> 01:36:34,800

box and figure out but I do think that

2469

01:36:38,930 --> 01:36:37,139

they help Define the possibility space

2470

01:36:42,350 --> 01:36:38,940

right and this is what's always been

2471

01:36:43,729 --> 01:36:42,360

true about human sort of Discovery and

2472

01:36:46,729 --> 01:36:43,739

the advancement of our knowledge like

2473

01:36:48,950 --> 01:36:46,739

things happen to us and we we start

2474

01:36:50,990 --> 01:36:48,960

asking questions about them and we start

2475

01:36:52,669 --> 01:36:51,000

forming hypotheses and we start testing

2476

01:36:55,010 --> 01:36:52,679

things and all of a sudden we the thing

2477

01:36:56,689 --> 01:36:55,020

that was completely baffling us like

2478

01:36:58,610 --> 01:36:56,699

germs for crying out loud we figured

2479

01:36:59,810 --> 01:36:58,620

what German you know germs are and here

2480

01:37:01,189 --> 01:36:59,820

we are like we're thinking like those

2481

01:37:02,750 --> 01:37:01,199

idiots back then they didn't know what

2482

01:37:04,790 --> 01:37:02,760

germs were well I mean that's where we

2483

01:37:06,830 --> 01:37:04,800

are now there are things in our reality

2484

01:37:08,930 --> 01:37:06,840

that are they're interfacing with us and

2485

01:37:10,729 --> 01:37:08,940

we're we're just given this task it's

2486

01:37:14,090 --> 01:37:10,739

almost the task of Our Generation right

2487

01:37:17,030 --> 01:37:14,100

to to push this knowledge forward in a

2488

01:37:18,470 --> 01:37:17,040

new direction to where our future humans

2489

01:37:20,629 --> 01:37:18,480

will look back and go wow those idiots

2490

01:37:22,129 --> 01:37:20,639

they didn't know about X but man they

2491

01:37:23,810 --> 01:37:22,139

they pushed us there and I'm glad that

2492

01:37:26,689 --> 01:37:23,820

they did and they're going to have their

2493

01:37:28,490 --> 01:37:26,699

own you know stuff to figure out

2494

01:37:30,110 --> 01:37:28,500

yeah

2495

01:37:33,590 --> 01:37:30,120

I think that

2496

01:37:34,669 --> 01:37:33,600

we don't need to struggle with this you

2497

01:37:36,830 --> 01:37:34,679

know there are things that you start you

2498

01:37:38,330 --> 01:37:36,840

have to struggle with your taxes and

2499

01:37:40,550 --> 01:37:38,340

your taxes aren't particularly fun to

2500

01:37:42,169 --> 01:37:40,560

talk about you have to struggle with

2501
01:37:46,850 --> 01:37:42,179
your business sometimes you struggle

2502
01:37:49,550 --> 01:37:46,860
with family and and raising children Etc

2503
01:37:51,410 --> 01:37:49,560
um just life can be a struggle but in

2504
01:37:53,750 --> 01:37:51,420
analyzing the phenomenon we don't have

2505
01:37:55,010 --> 01:37:53,760
to struggle because I don't have to

2506
01:37:57,350 --> 01:37:55,020
define it

2507
01:37:58,910 --> 01:37:57,360
and I don't care what word you want to

2508
01:38:00,290 --> 01:37:58,920
apply to it whether you want to say it's

2509
01:38:02,629 --> 01:38:00,300
natural we're going to say it's

2510
01:38:06,830 --> 01:38:02,639
paranormal it doesn't matter it's just

2511
01:38:09,050 --> 01:38:06,840
fun let's have fun talking about it and

2512
01:38:11,510 --> 01:38:09,060
and hypothesizing about it without

2513
01:38:13,910 --> 01:38:11,520

making it a struggle because we're not

2514

01:38:16,070 --> 01:38:13,920

going to Define it right here and and

2515

01:38:18,950 --> 01:38:16,080

frankly The Government Can as Jim

2516

01:38:20,510 --> 01:38:18,960

Simmons said can't Define it so why do

2517

01:38:22,550 --> 01:38:20,520

they want to have a conversation where

2518

01:38:24,050 --> 01:38:22,560

they can't actually give you the answer

2519

01:38:26,330 --> 01:38:24,060

and they're going to be left with you

2520

01:38:28,189 --> 01:38:26,340

asking questions and them going the

2521

01:38:30,950 --> 01:38:28,199

government doesn't like to do this I

2522

01:38:32,810 --> 01:38:30,960

don't know we can do that and that's why

2523

01:38:34,790 --> 01:38:32,820

we have this show is to do that so

2524

01:38:37,729 --> 01:38:34,800

that's all I would say is that when in

2525

01:38:39,050 --> 01:38:37,739

analyzing this this phenomenon

2526

01:38:41,870 --> 01:38:39,060

um there's no need to struggle let's

2527

01:38:44,090 --> 01:38:41,880

just have fun with it because uh we're

2528

01:38:46,790 --> 01:38:44,100

not required to get the nobody here is

2529

01:38:49,910 --> 01:38:46,800

being paid to give the answer we're

2530

01:38:52,010 --> 01:38:49,920

getting paid to do other other jobs so

2531

01:38:54,050 --> 01:38:52,020

we can just come together and talk about

2532

01:38:56,629 --> 01:38:54,060

it and have fun and nobody's necessarily

2533

01:38:59,149 --> 01:38:56,639

right and nobody's wrong you know but

2534

01:39:00,770 --> 01:38:59,159

where I do integral DJs is uh if I have

2535

01:39:04,250 --> 01:39:00,780

five dollars I'm at the grocery store

2536

01:39:06,410 --> 01:39:04,260

and I've got to go to a barbecue [h__h]

2537

01:39:09,050 --> 01:39:06,420

and I'm gonna put this to TJ I want his

2538

01:39:10,550 --> 01:39:09,060

response I'm dying to know uh you've

2539

01:39:12,950 --> 01:39:10,560

only got five dollars and you've got to

2540

01:39:14,390 --> 01:39:12,960

go to a barbecue and uh you know there's

2541

01:39:16,310 --> 01:39:14,400

a lot of people there some of whom you

2542

01:39:18,050 --> 01:39:16,320

know some of whom you don't know and

2543

01:39:20,270 --> 01:39:18,060

they said TJ we need you to bring some

2544

01:39:22,729 --> 01:39:20,280

chips right so you're in you're at the

2545

01:39:24,950 --> 01:39:22,739

chip aisle well you know what what do

2546

01:39:26,810 --> 01:39:24,960

you do I mean you go barbecue do you go

2547

01:39:29,330 --> 01:39:26,820

to standard do you do you be the guy

2548

01:39:30,950 --> 01:39:29,340

that brings uh you know weird flavor

2549

01:39:34,850 --> 01:39:30,960

nobody likes what what do you do there

2550

01:39:36,530 --> 01:39:34,860

huge supply chips five bucks doesn't get

2551

01:39:37,970 --> 01:39:36,540

me anything it doesn't we'll give you

2552

01:39:39,129 --> 01:39:37,980

ten yeah

2553

01:39:43,790 --> 01:39:39,139

um

2554

01:39:48,530 --> 01:39:43,800

I have I am a chip snob

2555

01:39:51,410 --> 01:39:48,540

I eat for my birthday my wife and my son

2556

01:39:54,229 --> 01:39:51,420

got me 10 packages

2557

01:39:55,610 --> 01:39:54,239

of sprinkle salt and vinegar chips

2558

01:39:58,970 --> 01:39:55,620

all I will eat

2559

01:40:01,250 --> 01:39:58,980

Pringles because the reason why is

2560

01:40:04,070 --> 01:40:01,260

because there's uniformity and I don't

2561

01:40:06,770 --> 01:40:04,080

have to worry about a whole bunch of air

2562

01:40:08,629 --> 01:40:06,780

in a bag or chips that were stuck in

2563

01:40:10,010 --> 01:40:08,639

people's fingernails when they reached

2564

01:40:12,110 --> 01:40:10,020

in and then they grab and they go like

2565

01:40:14,450 --> 01:40:12,120

this in the bag and then you go and grab

2566

01:40:16,430 --> 01:40:14,460

the chips again

2567

01:40:20,590 --> 01:40:16,440

Pringles

2568

01:40:23,930 --> 01:40:20,600

and salt and vinegar is my favorite

2569

01:40:24,910 --> 01:40:23,940

like a window into TJ's Soul it is this

2570

01:40:28,910 --> 01:40:24,920

is

2571

01:40:31,330 --> 01:40:28,920

Personality yeah the vinegar and the

2572

01:40:35,270 --> 01:40:31,340

cleanliness

2573

01:40:37,550 --> 01:40:35,280

how do you that is my Pringles salt and

2574

01:40:39,709 --> 01:40:37,560

vinegar chips are my the jam and my

2575

01:40:41,149 --> 01:40:39,719

jelly roll much pop you can't stop and I

2576

01:40:43,790 --> 01:40:41,159

just you know just go to the if you go

2577

01:40:45,470 --> 01:40:43,800

to the party with that uh I mean I don't

2578

01:40:49,250 --> 01:40:45,480

know are you gonna be eating alone your

2579

01:40:52,970 --> 01:40:49,260

husband they're just yours baby yeah oh

2580

01:40:52,980 --> 01:40:56,629

for me

2581

01:41:02,930 --> 01:41:00,470

it's a big crowd like you can't but I'm

2582

01:41:05,570 --> 01:41:02,940

telling you it is the best bang per Buck

2583

01:41:07,370 --> 01:41:05,580

because there's no waste and they're not

2584

01:41:08,930 --> 01:41:07,380

even chips it's like a chip paste I

2585

01:41:11,870 --> 01:41:08,940

watched the whole program on how they're

2586

01:41:14,750 --> 01:41:11,880

made it's like crushed up it's like uh

2587

01:41:15,830 --> 01:41:14,760

like ground beef in chip form right like

2588

01:41:17,090 --> 01:41:15,840

how they make ground beef they make

2589

01:41:18,729 --> 01:41:17,100

that's what they do I guess with the

2590

01:41:20,810 --> 01:41:18,739

chips it's like a paste but it's like

2591

01:41:23,030 --> 01:41:20,820

and I don't even think I can call them

2592

01:41:24,050 --> 01:41:23,040

potato chips right I think there's a l

2593

01:41:26,149 --> 01:41:24,060

think that there was some kind of

2594

01:41:29,330 --> 01:41:26,159

Regulation that was passed because the

2595

01:41:32,450 --> 01:41:29,340

chip lobbyists or something right it's a

2596

01:41:34,629 --> 01:41:32,460

potato starch mold basically okay yeah

2597

01:41:37,970 --> 01:41:34,639

thank you

2598

01:41:40,129 --> 01:41:37,980

and Whole Foods does have some sort of a

2599

01:41:41,750 --> 01:41:40,139

knockoff that's supposed to be healthier

2600

01:41:43,270 --> 01:41:41,760

I don't know if you've tried them Nathan

2601

01:41:46,070 --> 01:41:43,280

uh TJ but

2602

01:41:48,350 --> 01:41:46,080

healthier you can at least get a can of

2603

01:41:51,109 --> 01:41:48,360

it and try they could you could only say

2604

01:41:54,169 --> 01:41:51,119

okay it's they're not good but it's

2605

01:41:58,450 --> 01:41:54,179

fried potatoes and salt there's no way

2606

01:42:02,090 --> 01:41:58,460

to get healthier it is what it is like

2607

01:42:03,709 --> 01:42:02,100

it's delicious and I believe them as

2608

01:42:05,390 --> 01:42:03,719

much as I can

2609

01:42:07,250 --> 01:42:05,400

um guys there's one more thing I got to

2610

01:42:09,410 --> 01:42:07,260

do before I got to get Deb in here

2611

01:42:12,350 --> 01:42:09,420

because Deb has only literally spoken

2612

01:42:14,330 --> 01:42:12,360

once during the entire pot Deb I just

2613

01:42:16,310 --> 01:42:14,340

want to ask you because I know that

2614

01:42:19,609 --> 01:42:16,320

you're very interested in this man's

2615

01:42:21,229 --> 01:42:19,619

story what comes to your mind when you

2616

01:42:23,090 --> 01:42:21,239

think about Chris Bledsoe and his

2617

01:42:25,850 --> 01:42:23,100

experiences Deb

2618

01:42:29,030 --> 01:42:25,860

you know honestly the reason I spoke to

2619

01:42:32,090 --> 01:42:29,040

Chris was the arthritis piece

2620

01:42:34,729 --> 01:42:32,100

um because I no seriously that that was

2621

01:42:36,830 --> 01:42:34,739

very interesting to me on many levels

2622

01:42:39,530 --> 01:42:36,840

not only because I actually have Saint

2623

01:42:41,149 --> 01:42:39,540

Francis as a statue sitting on my porch

2624

01:42:43,310 --> 01:42:41,159

and that was a weird thing that that got

2625

01:42:46,310 --> 01:42:43,320

brought up into the whole story about it

2626

01:42:48,950 --> 01:42:46,320

and then the fact that I have arthritis

2627

01:42:50,390 --> 01:42:48,960

so I reached out to him about that and

2628

01:42:53,209 --> 01:42:50,400

there's there's a whole component

2629

01:42:55,129 --> 01:42:53,219

related to him healing people and things

2630

01:42:57,169 --> 01:42:55,139

like that that is really intriguing to

2631

01:42:59,030 --> 01:42:57,179

me and I would like to have more

2632

01:42:59,930 --> 01:42:59,040

conversations with him about that in the

2633

01:43:02,450 --> 01:42:59,940

future

2634

01:43:04,310 --> 01:43:02,460

so the healing aspect is the most

2635

01:43:06,229 --> 01:43:04,320

interesting to you of everything that

2636

01:43:08,570 --> 01:43:06,239

you know about him yes because he's

2637

01:43:10,070 --> 01:43:08,580

actually usually at the reverse when it

2638

01:43:12,530 --> 01:43:10,080

comes to the phenomenon people are

2639

01:43:15,470 --> 01:43:12,540

getting hurt or sick Etc it's kind of

2640

01:43:16,910 --> 01:43:15,480

unusual for him it's healing things are

2641

01:43:19,609 --> 01:43:16,920

healing

2642

01:43:23,270 --> 01:43:19,619

so that's what intrigues me listen he's

2643

01:43:25,370 --> 01:43:23,280

a he he's always online like uh I am a I

2644

01:43:27,530 --> 01:43:25,380

I love the Twitter spaces he's on

2645

01:43:29,209 --> 01:43:27,540

Twitter spaces a lot I mean you'd be

2646

01:43:30,290 --> 01:43:29,219

surprised all the people you get to you

2647

01:43:31,790 --> 01:43:30,300

can interact with on these Twitter

2648

01:43:34,790 --> 01:43:31,800

spaces like Twitter Space is really

2649

01:43:36,530 --> 01:43:34,800

starting to come into its own so I I

2650

01:43:39,590 --> 01:43:36,540

want to interact with him on this show

2651

01:43:45,070 --> 01:43:39,600

TJ and I have been largely and highly

2652

01:43:50,030 --> 01:43:48,229

yeah whatever the emails DMS every way

2653

01:43:51,890 --> 01:43:50,040

we try to get a hold of them I was like

2654

01:43:54,530 --> 01:43:51,900

I don't understand people they have so

2655

01:43:56,930 --> 01:43:54,540

much fun on the show dude you know I

2656

01:43:57,850 --> 01:43:56,940

just don't get people man like that's

2657

01:44:00,470 --> 01:43:57,860

weird

2658

01:44:02,990 --> 01:44:00,480

like what are you talking about like be

2659

01:44:05,090 --> 01:44:03,000

happy that people want to talk to you I

2660

01:44:06,950 --> 01:44:05,100

don't know I maybe he hasn't seen it in

2661

01:44:08,330 --> 01:44:06,960

his management is the only one who's

2662

01:44:10,010 --> 01:44:08,340

seen it I don't know I haven't

2663

01:44:12,109 --> 01:44:10,020

personally I don't have a way to get

2664

01:44:13,729 --> 01:44:12,119

through to him but I know he would have

2665

01:44:15,050 --> 01:44:13,739

all kinds of fun on here and we talk

2666

01:44:17,090 --> 01:44:15,060

about his favorite chips and his

2667

01:44:21,790 --> 01:44:17,100

barbecue and all that stuff Carolina

2668

01:44:28,010 --> 01:44:25,490

yeah we started something here okay okay

2669

01:44:28,870 --> 01:44:28,020

guys I have to tell you something I have

2670

01:44:32,450 --> 01:44:28,880

this

2671

01:44:34,250 --> 01:44:32,460

I've made up a chips joke because of

2672

01:44:36,709 --> 01:44:34,260

this show like it just like kept rubbing

2673

01:44:40,250 --> 01:44:36,719

off on me I was chatting with a client

2674

01:44:43,550 --> 01:44:40,260

and I said okay what type of Chip to

2675

01:44:47,629 --> 01:44:43,560

poor shoes like the best

2676

01:44:50,090 --> 01:44:47,639

yes to what poor shoes what kind of chip

2677

01:44:52,010 --> 01:44:50,100

would poor shoes like

2678

01:44:56,109 --> 01:44:52,020

what kind of chip would pour shoes like

2679

01:44:58,970 --> 01:44:56,119

you ready for your toes

2680

01:45:01,310 --> 01:44:58,980

three toes

2681

01:45:04,070 --> 01:45:01,320

another chip that by the way I love

2682

01:45:06,470 --> 01:45:04,080

overly salty corn chip that I could eat

2683

01:45:08,990 --> 01:45:06,480

for hours

2684

01:45:11,090 --> 01:45:09,000

um Matt I'm sorry you wanted to divide

2685

01:45:14,770 --> 01:45:11,100

me for barbecue before we we did Sarah

2686

01:45:19,970 --> 01:45:16,430

tell me something about Oklahoma

2687

01:45:22,209 --> 01:45:19,980

barbecue okay um all right let's go with

2688

01:45:24,890 --> 01:45:22,219

your cabbie goodbyes and please sir

2689

01:45:26,689 --> 01:45:24,900

yeah it's been awesome I've thoroughly

2690

01:45:29,450 --> 01:45:26,699

enjoyed it uh

2691

01:45:33,649 --> 01:45:29,460

man I I want to go off on an AI tangent

2692

01:45:35,149 --> 01:45:33,659

now so thanks for that uh but yeah uh

2693

01:45:37,250 --> 01:45:35,159

thank you so much for coming on and

2694

01:45:40,850 --> 01:45:37,260

giving us some of your time uh of course

2695

01:45:43,370 --> 01:45:40,860

you're doing some amazing work on TV I

2696

01:45:46,729 --> 01:45:43,380

I've enjoyed it and uh looking forward

2697

01:45:48,050 --> 01:45:46,739

to uh your continued work at Skinwalker

2698

2706

01:46:11,510 --> 01:46:09,540

the show soon he just lit up and that

2707

01:46:13,850 --> 01:46:11,520

incredible you were and we are always

2709

01:46:17,810 --> 01:46:15,840

2716

01:46:32,390 --> 01:46:30,719

been on the show many times we're very

2717

01:46:36,169 --> 01:46:32,400

grateful uh for every time that you

01:46:42,770 --> 01:46:40,500

genuine person and that means a lot to

2721

01:46:45,770 --> 01:46:42,780

us and I I can see that it comes out in

2722

01:46:47,689 --> 01:46:45,780

in your work and what you pursue and uh

2723

01:46:48,649 --> 01:46:47,699

you know I thank you for that

2724

01:46:50,149 --> 01:46:48,659

um

2725

01:46:52,910 --> 01:46:50,159

the chip thing I don't know if I can get

2726

01:46:56,950 --> 01:46:52,920

behind it I just personally

2727

01:47:00,950 --> 01:46:59,930

I'm just not I just uh Pringles I'm cool

2728

01:47:03,470 --> 01:47:00,960

with

2729

01:47:05,390 --> 01:47:03,480

uh yeah but uh you know the next time I

2730

01:47:06,490 --> 01:47:05,400

see you Pringles salt and vinegar on me

2731

01:47:10,669 --> 01:47:06,500

so

2732

01:47:14,570 --> 01:47:10,679

great

2733

01:47:16,430 --> 01:47:14,580

I Echo every everybody's sentiments TJ

2734

01:47:19,010 --> 01:47:16,440

um you know I'm gonna go and I'm gonna

2735

pre pre-screen those Whole Foods

2736

01:47:23,990 --> 01:47:21,060

Pringles on your behalf and then give

2737

01:47:26,810 --> 01:47:24,000

your reports and TJ is awesome last

2738

01:47:28,970 --> 01:47:26,820

summer I was down in Tampa to work at

2739

01:47:31,550 --> 01:47:28,980

CAE for a little bit and we had to talk

2740

01:47:34,790 --> 01:47:31,560

about some prospective guests and he

2741

01:47:38,510 --> 01:47:34,800

took he actually took a phone call and

2742

01:47:39,950 --> 01:47:38,520

educated me on some stuff and so uh just

2743

01:47:42,229 --> 01:47:39,960

to Echo what they're saying I really do

2744

01:47:44,270 --> 01:47:42,239

appreciate your time and your

2745

01:47:47,030 --> 01:47:44,280

genuineness and in coming on here and

2746

01:47:48,890 --> 01:47:47,040

and sharing your views and we learn a

2747

01:47:52,010 --> 01:47:48,900

lot when we speak with you hopefully

2748

01:47:55,550 --> 01:47:52,020

you've learned something from us uh that

2749

01:47:58,070 --> 01:47:55,560

potato chips are important you know uh

2750

01:48:00,229 --> 01:47:58,080

2751

01:48:01,729 --> 01:48:00,239

2752

01:48:03,890 --> 01:48:01,739

2753

01:48:07,669 --> 01:48:03,900

2754

01:48:08,930 --> 01:48:07,679

2755

01:48:10,370 --> 01:48:08,940

stuff like yeah whatever man you guys

2756

01:48:12,169 --> 01:48:10,380

it's awesome Wednesday night let's do

2758

01:48:14,510 --> 01:48:13,260

something

2759

01:48:16,010 --> 01:48:14,520

um you know that's how I look at it it's

2760

01:48:17,510 --> 01:48:16,020

2761

01:48:20,030 --> 01:48:17,520

2762

01:48:21,530 --> 01:48:20,040

to talk about and uh strange ideas I

2763

01:48:23,330 --> 01:48:21,540

love that and this fireside chat this

2764

01:48:25,370 --> 01:48:23,340

was great I I think this is a good

2765

01:48:27,530 --> 01:48:25,380

format for you like kind of getting a

2766

01:48:30,410 --> 01:48:27,540

round table in uh and letting people

2767

01:48:32,149 --> 01:48:30,420

kind of throw your ideas around

2768

01:48:34,010 --> 01:48:32,159

um yeah I like your I like your format

2769

01:48:36,290 --> 01:48:34,020

this is this is good but no I appreciate

2770

01:48:38,570 --> 01:48:36,300

it um I look forward to this anytime I

2771

01:48:39,830 --> 01:48:38,580

can uh and I don't do many I don't I

2772

01:48:41,930 --> 01:48:39,840

truly don't and it's not because I don't

2773

01:48:44,209 --> 01:48:41,940

it's like listen people ask me to do

2774

01:48:46,550 --> 01:48:44,219

stuff I'll do them um but I mean you

2775
