

# FIRESIDE EOCCHAT

CAB

June 4, 2023

***Graeme Rendall***

1  
00:00:01,520 --> 00:00:09,580  
oh my gosh

2  
00:00:29,740 --> 00:00:24,940  
[Music]

3  
00:00:35,330 --> 00:00:32,269  
[Applause]

4  
00:00:38,270 --> 00:00:35,340  
welcome back to calling all being Sunday

5  
00:00:41,750 --> 00:00:38,280  
Morning Edition I'm your host DJ along

6  
00:00:45,290 --> 00:00:41,760  
with the brothers money Nathan and the

7  
00:00:46,670 --> 00:00:45,300  
man himself from the UK Frank and we are

8  
00:00:49,250 --> 00:00:46,680  
here to bring you a Sunday Morning

9  
00:00:51,170 --> 00:00:49,260  
Edition of none other than our very

10  
00:00:53,510 --> 00:00:51,180  
special guest Graham Randall we're going

11  
00:00:55,670 --> 00:00:53,520  
to get to him in a second but uh Nathan

12  
00:00:58,729 --> 00:00:55,680  
uh despite my difficulty sleeping last

13  
00:01:01,250 --> 00:00:58,739

night how are you this morning uh sir uh

14

00:01:03,049 --> 00:01:01,260

wide awake now thank you uh a little

15

00:01:04,549 --> 00:01:03,059

coffee coffee here

16

00:01:06,050 --> 00:01:04,559

um really excited to talk to Graham it's

17

00:01:08,870 --> 00:01:06,060

been a while since we've had him on the

18

00:01:11,630 --> 00:01:08,880

show we're huge fans of Graham uh the

19

00:01:13,370 --> 00:01:11,640

guy is incredible and uh we're lucky to

20

00:01:15,469 --> 00:01:13,380

have him on and also lucky to have Frank

21

00:01:16,910 --> 00:01:15,479

Frank it's good to see you again and to

22

00:01:18,770 --> 00:01:16,920

catch up with you it's gonna be a great

23

00:01:23,210 --> 00:01:18,780

morning show so I mean happy Sunday

24

00:01:25,310 --> 00:01:23,220

everybody and and uh joining us again uh

25

00:01:27,230 --> 00:01:25,320

thankfully he's he's got some time in

26

00:01:30,950 --> 00:01:27,240

this very busy schedule he's got going

27

00:01:33,950 --> 00:01:30,960

on the host right the host of UFO

28

00:01:36,890 --> 00:01:33,960

thinker podcast Frank part of the uh cab

29

00:01:39,530 --> 00:01:36,900

podcast network uh my man Frank what's

30

00:01:41,090 --> 00:01:39,540

up brother yeah doing pretty good mate

31

00:01:43,550 --> 00:01:41,100

pretty good as you said it's been a

32

00:01:46,130 --> 00:01:43,560

hectic couple of months really I mean

33

00:01:48,170 --> 00:01:46,140

yeah my life outside of the UFO stuff's

34

00:01:50,630 --> 00:01:48,180

been a bit bit on the busy side but um

35

00:01:52,190 --> 00:01:50,640

I'm a bit more relaxed now and I got a

36

00:01:54,889 --> 00:01:52,200

little bit more time so it's great to be

37

00:01:56,870 --> 00:01:54,899

back and uh I've got my hay fever has

38

00:01:59,389 --> 00:01:56,880

kicked in this morning

39

00:02:01,370 --> 00:01:59,399

um with a passion it's that time of year

40

00:02:03,590 --> 00:02:01,380

for me I'm not exactly sure I always

41

00:02:05,749 --> 00:02:03,600

look into this each year

42

00:02:07,910 --> 00:02:05,759

we'll hit the snooze

43

00:02:10,430 --> 00:02:07,920

but whatever throws but he's back there

44

00:02:11,930 --> 00:02:10,440

you go I'm back yeah yeah so I was just

45

00:02:13,369 --> 00:02:11,940

saying whatever pollen it is that I'm

46

00:02:15,770 --> 00:02:13,379

allergic to

47

00:02:17,570 --> 00:02:15,780

um is now in abundance in the atmosphere

48

00:02:19,130 --> 00:02:17,580

around my house so I might sneeze a few

49

00:02:20,809 --> 00:02:19,140

times today I'll try and mute myself if

50

00:02:21,770 --> 00:02:20,819

I do but other than that you're doing

51

00:02:23,510 --> 00:02:21,780

pretty good

52

00:02:26,089 --> 00:02:23,520

I think that adds something to the show

53

00:02:28,130 --> 00:02:26,099

I really liked that you know that it's

54

00:02:31,550 --> 00:02:28,140

organic yeah it's something something

55

00:02:32,630 --> 00:02:31,560

it's authentic it is all right we got a

56

00:02:33,949 --> 00:02:32,640

couple people in the chat first of all I

57

00:02:37,010 --> 00:02:33,959

want to say hello to Julie good morning

58

00:02:38,930 --> 00:02:37,020

Julie thanks for being here early uh

59

00:02:42,110 --> 00:02:38,940

Gerald Greenwood is here Mick Ashworth

60

00:02:44,290 --> 00:02:42,120

was first up in the joint uh before any

61

00:02:47,809 --> 00:02:44,300

of us came on uh Mick was already here

62

00:02:50,449 --> 00:02:47,819

uh man I'll tell you what guys uh I put

63

00:02:53,089 --> 00:02:50,459

it on the cow the cap chat but Mick has

64

00:02:55,910 --> 00:02:53,099

some amazing uh experiences with uh

65

00:02:58,130 --> 00:02:55,920

speaking uh using that Spirit Box and

66

00:02:59,990 --> 00:02:58,140

contacting spirits who are in turn

67

00:03:03,290 --> 00:03:00,000

having other conversations with other

68

00:03:05,509 --> 00:03:03,300

Spirits while he's on it is amazing and

69

00:03:09,650 --> 00:03:05,519

look at that Ryan Sprague in the joint

70

00:03:16,490 --> 00:03:14,089

all right so um so our guest uh of Honor

71

00:03:17,930 --> 00:03:16,500

this morning like uh basically uh Nathan

72

00:03:20,149 --> 00:03:17,940

said to me we got to get Graham back on

73

00:03:21,589 --> 00:03:20,159

we got I'm like yeah man it's it's been

74

00:03:23,750 --> 00:03:21,599

time we got to get Grandma and see what

75

00:03:25,850 --> 00:03:23,760

the hell's on his mind uh we're gonna

76

00:03:29,690 --> 00:03:25,860

see uh Frank wild out a little bit about

77

00:03:31,630 --> 00:03:29,700

NASA uh and Sean kick Patrick

78

00:03:37,190 --> 00:03:31,640

so uh

79

00:03:40,490 --> 00:03:37,200

right here is the author he just told us

80

00:03:51,970 --> 00:03:44,270

oh we lost your I lost your audio DJ

81

00:03:58,369 --> 00:03:54,949

was it just me or did everybody else no

82

00:04:02,690 --> 00:03:58,379

he dropped out hello everybody he's the

83

00:04:04,850 --> 00:04:02,700

author of 14 books four on UFOs UFOs for

84

00:04:07,070 --> 00:04:04,860

Roswell dawn of the flying saucers

85

00:04:09,110 --> 00:04:07,080

Flying Saucer fever intercept and

86

00:04:11,630 --> 00:04:09,120

identify that's the most recent one

87

00:04:13,750 --> 00:04:11,640

covering aerial UFO encounters from 1953

88

00:04:17,090 --> 00:04:13,760

to 1954.

89

00:04:20,030 --> 00:04:17,100

The Honorable the venerable Graham

90

00:04:21,590 --> 00:04:20,040

Randall welcome sir hello I'm not

91

00:04:23,030 --> 00:04:21,600

wearing this for a better or I'm

92

00:04:24,770 --> 00:04:23,040

actually in the middle of rehearsals and

93

00:04:27,110 --> 00:04:24,780

my wife's play so I just happened to be

94

00:04:30,170 --> 00:04:27,120

playing in mayor who was wearing a black

95

00:04:32,030 --> 00:04:30,180

triangle hat incredible so we're gonna

96

00:04:34,189 --> 00:04:32,040

get into some black triangles if you

97

00:04:35,749 --> 00:04:34,199

haven't uh if I'm correct here I don't

98

00:04:38,210 --> 00:04:35,759

think you've covered those specifically

99

00:04:40,010 --> 00:04:38,220

yet in in your books but I have a

100

00:04:43,249 --> 00:04:40,020

feeling maybe a hunch

101  
00:04:44,629 --> 00:04:43,259  
but they're coming well you say that um

102  
00:04:45,950 --> 00:04:44,639  
I have actually there's a brief

103  
00:04:48,230 --> 00:04:45,960  
reference to them in the Foo Fighters

104  
00:04:50,570 --> 00:04:48,240  
book so there was a Spitfire pilot over

105  
00:04:53,210 --> 00:04:50,580  
Northumberland in England uh encountered

106  
00:04:56,150 --> 00:04:53,220  
four uh something like 22 000 feet in

107  
00:04:57,530 --> 00:04:56,160  
January 1944 I think it was so that's

108  
00:04:59,390 --> 00:04:57,540  
still something I'm trying to chase down

109  
00:05:01,430 --> 00:04:59,400  
some more details about uh but that's

110  
00:05:02,870 --> 00:05:01,440  
the only reference so far yeah triangles

111  
00:05:05,330 --> 00:05:02,880  
don't really enter into it in terms of

112  
00:05:08,270 --> 00:05:05,340  
Airborne sightings until much later

113  
00:05:09,469 --> 00:05:08,280

amazing now Graham uh for those of the

114

00:05:11,390 --> 00:05:09,479

folks who are listening who aren't as

115

00:05:13,249 --> 00:05:11,400

familiar with what your work you know

116

00:05:14,749 --> 00:05:13,259

how often you're writing these books you

117

00:05:16,129 --> 00:05:14,759

mentioned before they started the show

118

00:05:18,170 --> 00:05:16,139

you're you're always writing you love

119

00:05:20,150 --> 00:05:18,180

writing uh what is kind of the the

120

00:05:22,070 --> 00:05:20,160

Cadence for you and I mean you're

121

00:05:24,770 --> 00:05:22,080

releasing these books on I feel like

122

00:05:26,350 --> 00:05:24,780

every six months ish or so what what do

123

00:05:28,610 --> 00:05:26,360

you have a road map that you have a

124

00:05:30,529 --> 00:05:28,620

trajectory here what what's what do we

125

00:05:31,790 --> 00:05:30,539

look forward to to be honest I just got

126

00:05:33,409 --> 00:05:31,800

released when they're done

127

00:05:35,270 --> 00:05:33,419

um there's no sense hanging on to them

128

00:05:36,469 --> 00:05:35,280

or you know for any longer I mean I just

129

00:05:38,150 --> 00:05:36,479

want them to be out there so people can

130

00:05:40,909 --> 00:05:38,160

appreciate them really

131

00:05:42,469 --> 00:05:40,919

um and it's what I do so as I mentioned

132

00:05:44,150 --> 00:05:42,479

to you before you know we started I've

133

00:05:45,650 --> 00:05:44,160

always loved writing I used to write

134

00:05:47,330 --> 00:05:45,660

magazine articles before I started

135

00:05:50,210 --> 00:05:47,340

writing books um and I would just write

136

00:05:52,010 --> 00:05:50,220

for pleasure anyway so writing is not a

137

00:05:54,529 --> 00:05:52,020

chore it's not something I sort of dread

138

00:05:56,270 --> 00:05:54,539

I don't really get right as block

139

00:05:58,670 --> 00:05:56,280

um I did have a period of time after I

140

00:05:59,570 --> 00:05:58,680

had a concussion back in about 2016 or

141

00:06:01,430 --> 00:05:59,580

so

142

00:06:03,290 --> 00:06:01,440

um when I kind of lost that kind of Mojo

143

00:06:05,990 --> 00:06:03,300

and I couldn't write for a little while

144

00:06:07,969 --> 00:06:06,000

until you know my head became

145

00:06:10,189 --> 00:06:07,979

descrambled or whatever it was

146

00:06:11,270 --> 00:06:10,199

um so I had a bit where a bit of time

147

00:06:14,629 --> 00:06:11,280

when I couldn't really write anything

148

00:06:16,129 --> 00:06:14,639

but frankly that's in the past now so

149

00:06:17,330 --> 00:06:16,139

yeah I get up in the morning if I'm not

150

00:06:19,430 --> 00:06:17,340

doing anything else and seven o'clock

151

00:06:22,189 --> 00:06:19,440

I'm sitting in a desk in the house with

152

00:06:24,170 --> 00:06:22,199

a cup of coffee and I'm just writing

153

00:06:26,210 --> 00:06:24,180

um and then other times I've got a spare

154

00:06:28,189 --> 00:06:26,220

hour and out and about I'll find a

155

00:06:29,990 --> 00:06:28,199

coffee shop somewhere

156

00:06:32,450 --> 00:06:30,000

um and I'll just you know I'll have a

157

00:06:34,370 --> 00:06:32,460

laptop with me wherever I go uh so if

158

00:06:36,290 --> 00:06:34,380

I'm on a train or whatever then you know

159

00:06:38,450 --> 00:06:36,300

it's a perfect place to ride and I don't

160

00:06:39,830 --> 00:06:38,460

need clients you know I can sit in the

161

00:06:41,270 --> 00:06:39,840

middle of a busy coffee shop or a little

162

00:06:42,469 --> 00:06:41,280

bit in the middle of a busy Railway

163

00:06:45,170 --> 00:06:42,479

## Carriage

164

00:06:46,790 --> 00:06:45,180

um and I'm totally fine about writing uh

165

00:06:47,809 --> 00:06:46,800

I can just you know Zone in on what I'm

166

00:06:49,730 --> 00:06:47,819

doing

167

00:06:51,290 --> 00:06:49,740

um so yeah yeah that's pretty much what

168

00:06:53,570 --> 00:06:51,300

I do so yes the books might come out

169

00:06:55,790 --> 00:06:53,580

quite quickly but actually the the

170

00:06:58,430 --> 00:06:55,800

series that I've gone into now which is

171

00:07:01,430 --> 00:06:58,440

this um these kind of aerial kind of

172

00:07:03,350 --> 00:07:01,440

encounters books like certain years they

173

00:07:04,550 --> 00:07:03,360

almost write themselves to to a certain

174

00:07:06,590 --> 00:07:04,560

point

175

00:07:08,570 --> 00:07:06,600

um that you know it's a formula now that

176

00:07:09,890 --> 00:07:08,580

seems to be tried and tested

177

00:07:14,150 --> 00:07:09,900

um I've already this is like what the

178

00:07:16,730 --> 00:07:14,160

third one now uh and identifying so

179

00:07:18,950 --> 00:07:16,740

they're they're not easy to write when

180

00:07:21,230 --> 00:07:18,960

that's probably too I can't really say

181

00:07:24,529 --> 00:07:21,240

that but they're not difficult there's

182

00:07:27,050 --> 00:07:24,539

some yeah I can not churn out either

183

00:07:28,490 --> 00:07:27,060

that's the wrong phrase but it it's not

184

00:07:30,770 --> 00:07:28,500

just a case of Thunder thinking oh what

185

00:07:33,110 --> 00:07:30,780

do I go right now uh wait so you're

186

00:07:35,270 --> 00:07:33,120

saying there's a lot of material in the

187

00:07:38,930 --> 00:07:35,280

historical record about UFOs that you're

188

00:07:44,089 --> 00:07:41,809

no but also it's stuff that you know is

189

00:07:46,010 --> 00:07:44,099

out there but never featured in books

190

00:07:48,290 --> 00:07:46,020

that certainly I read in the in the 70s

191

00:07:50,450 --> 00:07:48,300

and 80s and and they covered a lot of

192

00:07:52,129 --> 00:07:50,460

things so you'd get

193

00:07:54,529 --> 00:07:52,139

um books that had you know citing after

194

00:07:56,029 --> 00:07:54,539

cycling after citing but you were lucky

195

00:07:57,710 --> 00:07:56,039

if you got like two or three lines about

196

00:07:59,330 --> 00:07:57,720

each one or a paragraph or two about

197

00:08:01,189 --> 00:07:59,340

each one

198

00:08:03,350 --> 00:08:01,199

um but they're very very little deal

199

00:08:05,089 --> 00:08:03,360

beyond that and I used to be you know I

200

00:08:06,589 --> 00:08:05,099

might be like you I don't know but I

201  
00:08:07,850 --> 00:08:06,599  
used to scratch my head and think I want

202  
00:08:09,230 --> 00:08:07,860  
to know more about this case I want to

203  
00:08:11,150 --> 00:08:09,240  
know you know the what and the way and

204  
00:08:14,330 --> 00:08:11,160  
the back end of everything

205  
00:08:16,129 --> 00:08:14,340  
um so these cases I a lot of them

206  
00:08:18,350 --> 00:08:16,139  
mergers I've never seen them anywhere in

207  
00:08:19,610 --> 00:08:18,360  
print before uh put the intelligence

208  
00:08:20,570 --> 00:08:19,620  
files are there and it's just a question

209  
00:08:22,610 --> 00:08:20,580  
they're digging them up and looking

210  
00:08:23,809 --> 00:08:22,620  
through them and and basically pushing

211  
00:08:25,249 --> 00:08:23,819  
them out so people can read them for

212  
00:08:26,930 --> 00:08:25,259  
themselves because you know there might

213  
00:08:28,189 --> 00:08:26,940

be somebody like me uh who was just

214

00:08:30,830 --> 00:08:28,199

starting out on that Journey all those

215

00:08:32,510 --> 00:08:30,840

years ago who who's out there now who's

216

00:08:34,130 --> 00:08:32,520

got the same kind of quest for knowledge

217

00:08:35,089 --> 00:08:34,140

and and that they're not getting it from

218

00:08:36,589 --> 00:08:35,099

somewhere else but if they're picking

219

00:08:38,209 --> 00:08:36,599

the books up hopefully that'll address

220

00:08:40,070 --> 00:08:38,219

some of the you know the sort of like

221

00:08:42,949 --> 00:08:40,080

the concerns they about you know why I'm

222

00:08:44,930 --> 00:08:42,959

not reading more love it love it all

223

00:08:47,329 --> 00:08:44,940

right we lost DJ he looks like he is

224

00:08:50,630 --> 00:08:47,339

Back DJ let's do a mic test

225

00:08:52,970 --> 00:08:50,640

test test Graham Randall

226

00:08:54,470 --> 00:08:52,980

hello how you doing

227

00:08:56,509 --> 00:08:54,480

all right brother

228

00:08:58,550 --> 00:08:56,519

um I I have to mention uh Debs is not

229

00:09:01,730 --> 00:08:58,560

here today her son is having a birthday

230

00:09:04,670 --> 00:09:01,740

party that she is planning uh and you

231

00:09:07,430 --> 00:09:04,680

are one of her absolute favorite if not

232

00:09:08,630 --> 00:09:07,440

her favorite person in this community as

233

00:09:10,610 --> 00:09:08,640

a whole

234

00:09:13,130 --> 00:09:10,620

um not only just because you're you

235

00:09:15,710 --> 00:09:13,140

Grimm rental as a person but also

236

00:09:18,170 --> 00:09:15,720

because you're a researcher uh and

237

00:09:19,910 --> 00:09:18,180

author so I think you guys share that

238

00:09:21,410 --> 00:09:19,920

same passion

239

00:09:23,329 --> 00:09:21,420

um and you know what's funny is as

240

00:09:26,750 --> 00:09:23,339

Nathan was talking I was trying to think

241

00:09:29,509 --> 00:09:26,760

of uh he used the word curious and he

242

00:09:33,050 --> 00:09:29,519

also he he described uses him that word

243

00:09:35,210 --> 00:09:33,060

to describe himself uh and me so I was

244

00:09:37,430 --> 00:09:35,220

thinking if there's one thing that the

245

00:09:39,710 --> 00:09:37,440

entire Community even when you have

246

00:09:42,110 --> 00:09:39,720

these people that are at odds is

247

00:09:44,210 --> 00:09:42,120

curiosity a thread that runs through

248

00:09:47,630 --> 00:09:44,220

everybody that's maybe the one thing

249

00:09:49,310 --> 00:09:47,640

yeah definitely curiosity and that's how

250

00:09:51,290 --> 00:09:49,320

I started you know it was something that

251

00:09:54,410 --> 00:09:51,300

a book was given to me which was

252

00:09:55,790 --> 00:09:54,420

intriguing you know and and it just

253

00:09:57,350 --> 00:09:55,800

seemed you know there must be more to

254

00:09:59,329 --> 00:09:57,360

this and it was also something that set

255

00:10:01,970 --> 00:09:59,339

me on this on this path to where I am

256

00:10:03,590 --> 00:10:01,980

now but yeah back in the day there just

257

00:10:04,850 --> 00:10:03,600

wasn't enough information

258

00:10:06,350 --> 00:10:04,860

um and not maybe just because people

259

00:10:07,910 --> 00:10:06,360

didn't have access to the files that

260

00:10:09,829 --> 00:10:07,920

they do now you know with the internet

261

00:10:11,030 --> 00:10:09,839

now you can find out so much stuff but

262

00:10:13,430 --> 00:10:11,040

also so a lot of things have been

263

00:10:16,970 --> 00:10:13,440

digitized or if they haven't been then

264

00:10:19,310 --> 00:10:16,980

you can get to them other ways so it's a

265

00:10:21,470 --> 00:10:19,320

it's a lot easier um today to be able to

266

00:10:23,030 --> 00:10:21,480

write a book like the one I've done then

267

00:10:24,290 --> 00:10:23,040

I would have been able to do when I was

268

00:10:25,970 --> 00:10:24,300

a teenager when I was just starting out

269

00:10:27,590 --> 00:10:25,980

on that journey I could never have done

270

00:10:29,570 --> 00:10:27,600

this back then it would have been too

271

00:10:30,590 --> 00:10:29,580

difficult to self-publish anyway you

272

00:10:33,110 --> 00:10:30,600

know you would have to look at an event

273

00:10:34,970 --> 00:10:33,120

of antipress so you'd be paying that

274

00:10:36,710 --> 00:10:34,980

money to to come out with a limited

275

00:10:39,710 --> 00:10:36,720

number of copies of a book which you

276

00:10:41,269 --> 00:10:39,720

would then have to Hawk yourself

277

00:10:43,730 --> 00:10:41,279

um you know sort of thing and that

278

00:10:45,350 --> 00:10:43,740

wouldn't get you nowhere uh so yeah it

279

00:10:47,150 --> 00:10:45,360

was uh it would have been very difficult

280

00:10:49,190 --> 00:10:47,160

whereas now it's a hell of a lot more

281

00:10:51,650 --> 00:10:49,200

more easy and with social media as well

282

00:10:53,810 --> 00:10:51,660

you can get sort of much more known and

283

00:10:56,150 --> 00:10:53,820

the the information the books that you

284

00:10:57,750 --> 00:10:56,160

write can be can be advertised around

285

00:10:59,090 --> 00:10:57,760

the world so yeah

286

00:11:01,250 --> 00:10:59,100

[Music]

287

00:11:02,930 --> 00:11:01,260

yeah and I I know one thing I know one

288

00:11:05,090 --> 00:11:02,940

archive that Frank really wants to get

289

00:11:07,970 --> 00:11:05,100

into and that's David marlar's black

290

00:11:09,829 --> 00:11:07,980

triangle everything that he's got right

291

00:11:12,110 --> 00:11:09,839

Franklin

292

00:11:13,730 --> 00:11:12,120

yeah definitely I'm all about the the

293

00:11:16,430 --> 00:11:13,740

black triangles for some reason they're

294

00:11:18,949 --> 00:11:16,440

just a particular area of Fascination

295

00:11:21,410 --> 00:11:18,959

for me and um obviously with Graham's

296

00:11:23,509 --> 00:11:21,420

black triangular hat earlier on uh I do

297

00:11:25,310 --> 00:11:23,519

wonder if there'll be any any delving

298

00:11:28,130 --> 00:11:25,320

into black triangles in in any future

299

00:11:31,670 --> 00:11:28,140

Publications from Graham perhaps I'm

300

00:11:33,889 --> 00:11:31,680

sure there will be yeah sorry no it's

301

00:11:35,930 --> 00:11:33,899

okay it just it just begged a question

302

00:11:37,970 --> 00:11:35,940

that I have a Frank

303

00:11:41,329 --> 00:11:37,980

um so when you're looking at these black

304

00:11:42,949 --> 00:11:41,339

triangles uh Frank when you're thinking

305

00:11:44,810 --> 00:11:42,959

about it like and you're thinking about

306

00:11:47,030 --> 00:11:44,820

someone's reporting seeing an entire

307

00:11:49,190 --> 00:11:47,040

craft not just even like the wing form

308

00:11:52,130 --> 00:11:49,200

but one that's like a legitimate Delta

309

00:11:53,569 --> 00:11:52,140

you know triangle what's the first if

310

00:11:55,069 --> 00:11:53,579

you were looking up and seeing that

311

00:11:56,630 --> 00:11:55,079

what's the first question that would

312

00:11:59,630 --> 00:11:56,640

come into your mind

313

00:12:02,030 --> 00:11:59,640

if you saw one of those at at a range

314

00:12:04,190 --> 00:12:02,040

where you could make out work out what

315

00:12:05,990 --> 00:12:04,200

what exactly what you're looking at

316

00:12:07,670 --> 00:12:06,000

I I don't really know what the first

317

00:12:09,170 --> 00:12:07,680

question would be I suppose you wouldn't

318

00:12:10,910 --> 00:12:09,180

know that until one of them appears

319

00:12:12,710 --> 00:12:10,920

above your head and then you've face to

320

00:12:14,389 --> 00:12:12,720

face with the thing and then you have to

321

00:12:16,730 --> 00:12:14,399

just see what comes into your head at

322

00:12:18,470 --> 00:12:16,740

that moment in time but I think I think

323

00:12:20,389 --> 00:12:18,480

the thing that that always fascinates me

324

00:12:22,730 --> 00:12:20,399

about the black triangles is that

325

00:12:25,850 --> 00:12:22,740

they're probably I suppose you could say

326

00:12:28,250 --> 00:12:25,860

you know the least ambiguous you know

327

00:12:30,050 --> 00:12:28,260

like certainly with with orb type shapes

328

00:12:32,090 --> 00:12:30,060

or lights in the sky and things like

329

00:12:34,269 --> 00:12:32,100

that there is a certain amount of you

330

00:12:36,110 --> 00:12:34,279

know there's a higher perhaps chance of

331

00:12:38,329 --> 00:12:36,120

misidentifications and that kind of

332

00:12:39,650 --> 00:12:38,339

thing and when you're talking about I

333

00:12:41,449 --> 00:12:39,660

mean this is coming from the point of

334

00:12:43,009 --> 00:12:41,459

view of somebody who's never seen what I

335

00:12:45,170 --> 00:12:43,019

would consider to be you know an

336

00:12:47,569 --> 00:12:45,180

anomalous UFO as well sort of thing so

337

00:12:48,829 --> 00:12:47,579

if I had seen something that did a

338

00:12:50,470 --> 00:12:48,839

right angle turns and all the rest of it

339

00:12:53,329 --> 00:12:50,480

that's a bit different but for me

340

00:12:54,949 --> 00:12:53,339

reports of of black triangles what's

341

00:12:57,829 --> 00:12:54,959

particularly interesting is the thing

342

00:13:01,190 --> 00:12:57,839

that people see them so close and they

343

00:13:03,829 --> 00:13:01,200

see the detail you know it's so close up

344

00:13:06,949 --> 00:13:03,839

that for me it's just so unambiguous and

345

00:13:09,889 --> 00:13:06,959

the most compelling reports that I've

346

00:13:11,509 --> 00:13:09,899

had about these that kind of thing where

347

00:13:13,610 --> 00:13:11,519

people are saying it's literally like

348

00:13:15,530 --> 00:13:13,620

you know between 50 and 100 feet away

349

00:13:17,389 --> 00:13:15,540

and they can make out the detail on the

350

00:13:18,829 --> 00:13:17,399

underneath of The Craft and you know

351

00:13:21,350 --> 00:13:18,839

street lights are shining off them and

352

00:13:23,329 --> 00:13:21,360

things like that and so yeah that's what

353

00:13:25,430 --> 00:13:23,339

makes it so so intriguing for me me

354

00:13:27,710 --> 00:13:25,440

personally but I think um in terms of

355

00:13:29,269 --> 00:13:27,720

the first question I suppose it's the

356

00:13:31,129 --> 00:13:29,279

big one about black triangles for me

357

00:13:33,290 --> 00:13:31,139

personally is like what what's the

358

00:13:34,850 --> 00:13:33,300

purpose what are they actually doing why

359

00:13:36,829 --> 00:13:34,860

are they so close to civilian

360

00:13:38,750 --> 00:13:36,839

populations and why do they have these

361

00:13:40,129 --> 00:13:38,760

lights on them and why are they hovering

362

00:13:41,449 --> 00:13:40,139

solo to the ground you know what I mean

363

00:13:43,069 --> 00:13:41,459

there's a lot of things that don't make

364

00:13:44,449 --> 00:13:43,079

sense and the purpose of what they're

365

00:13:46,430 --> 00:13:44,459

actually up to is is the biggest

366

00:13:48,590 --> 00:13:46,440

question for me another question is

367

00:13:49,790 --> 00:13:48,600

who's flying them well yeah who's

368

00:13:51,949 --> 00:13:49,800

operating them

369

00:13:53,930 --> 00:13:51,959

Nick asked that in the chat Mick

370

00:13:55,970 --> 00:13:53,940

Ashworth said that

371

00:13:57,769 --> 00:13:55,980

um I've probably told you this before

372

00:14:00,829 --> 00:13:57,779

Frank a long time ago when we first

373

00:14:02,509 --> 00:14:00,839

started talking but my my area of New

374

00:14:03,590 --> 00:14:02,519

York to Hudson Valley you guys all know

375

00:14:06,889 --> 00:14:03,600

about

376

00:14:08,569 --> 00:14:06,899

um the the co-author book by Dr jail and

377

00:14:11,030 --> 00:14:08,579

heineck you know that Linda Zimmerman

378

00:14:15,170 --> 00:14:11,040

has written I think four books now on

379

00:14:17,569 --> 00:14:15,180

Hudson Valley UFOs and I have of just my

380

00:14:19,970 --> 00:14:17,579

classmates or people that went to my

381

00:14:21,129 --> 00:14:19,980

high school the years I was there I

382

00:14:25,790 --> 00:14:21,139

probably have

383

00:14:27,590 --> 00:14:25,800

five six or more including one of them

384

00:14:30,530 --> 00:14:27,600

her dad was a police officer they watch

385

00:14:32,210 --> 00:14:30,540

one fly right over she lives like a

386

00:14:35,509 --> 00:14:32,220

couple streets over from the high school

387

00:14:38,030 --> 00:14:35,519

saw a black triangle fly in daytime fly

388

00:14:40,610 --> 00:14:38,040

right over and I've and I have multiple

389

00:14:43,189 --> 00:14:40,620

classmates that have seen that uh that's

390

00:14:45,949 --> 00:14:43,199

where the the nuclear power plant was at

391

00:14:47,569 --> 00:14:45,959

the time it shut down now but um

392

00:14:49,430 --> 00:14:47,579

I just thought that was interesting you

393

00:14:51,350 --> 00:14:49,440

know that my town happens to be one

394

00:14:53,509 --> 00:14:51,360

where many people have had that very

395

00:14:55,129 --> 00:14:53,519

experience you're talking about but it

396

00:14:57,230 --> 00:14:55,139

wasn't cool to talk about it back then

397

00:14:59,569 --> 00:14:57,240

the way it is now

398

00:15:00,230 --> 00:14:59,579

so it's wild

399

00:15:02,389 --> 00:15:00,240

um

400

00:15:04,910 --> 00:15:02,399

Graham yeah I I think you think about

401  
00:15:07,970 --> 00:15:04,920  
who's who's flying it you know what is

402  
00:15:09,590 --> 00:15:07,980  
the type of entity that is is there

403  
00:15:11,810 --> 00:15:09,600  
actually

404  
00:15:13,670 --> 00:15:11,820  
um is it a drone type thing which it

405  
00:15:15,889 --> 00:15:13,680  
doesn't lend itself to that because of

406  
00:15:17,210 --> 00:15:15,899  
the fact that it's so big that you I was

407  
00:15:19,370 --> 00:15:17,220  
thinking that Frank was going to say

408  
00:15:20,870 --> 00:15:19,380  
something along the lines of like how

409  
00:15:22,850 --> 00:15:20,880  
many people are in there you know and

410  
00:15:25,670 --> 00:15:22,860  
when I say people I mean how many beings

411  
00:15:27,769 --> 00:15:25,680  
are in there because uh having a large

412  
00:15:29,569 --> 00:15:27,779  
craft would mean okay well a lot of

413  
00:15:31,009 --> 00:15:29,579

people can fit in there otherwise you

414

00:15:33,410 --> 00:15:31,019

might see the metallic orb that

415

00:15:35,509 --> 00:15:33,420

Kirkpatrick was talking about right

416

00:15:37,550 --> 00:15:35,519

we're not assuming their human

417

00:15:41,870 --> 00:15:37,560

Dimensions though

418

00:15:43,610 --> 00:15:41,880

okay good yes meaning uh meaning you

419

00:15:45,530 --> 00:15:43,620

mean if they're bigger there could be

420

00:15:48,110 --> 00:15:45,540

less is that what you mean it could be

421

00:15:49,970 --> 00:15:48,120

or maybe they're non-corporal

422

00:15:52,250 --> 00:15:49,980

as well that's another thing so you know

423

00:15:54,710 --> 00:15:52,260

they don't have a physical form so you

424

00:15:56,030 --> 00:15:54,720

know there might be other ways that

425

00:15:57,650 --> 00:15:56,040

um you know whoever operates them but

426

00:15:58,850 --> 00:15:57,660

also they could they could be human and

427

00:16:01,370 --> 00:15:58,860

they could be something you know like

428

00:16:02,990 --> 00:16:01,380

the like they do somewhere remotely uh

429

00:16:04,910 --> 00:16:03,000

pilot would like to do with today's

430

00:16:07,129 --> 00:16:04,920

drones if there's some kind of human

431

00:16:08,870 --> 00:16:07,139

Tech I mean again you know nothing's

432

00:16:10,910 --> 00:16:08,880

been ruled out yet as to you know what

433

00:16:12,710 --> 00:16:10,920

they are and who operates them

434

00:16:14,150 --> 00:16:12,720

um so you know these are all basically

435

00:16:15,350 --> 00:16:14,160

hypotheticals at the moment because we

436

00:16:17,689 --> 00:16:15,360

don't have any hard and fast evidence

437

00:16:20,269 --> 00:16:17,699

about you know what they are yet to part

438

00:16:21,949 --> 00:16:20,279

with the human Tech the the problem you

439

00:16:24,050 --> 00:16:21,959

get to there is the fact that you don't

440

00:16:26,150 --> 00:16:24,060

hear anything oh yeah you don't you

441

00:16:28,490 --> 00:16:26,160

don't hear an engine

442

00:16:31,550 --> 00:16:28,500

um they they don't have any regard for

443

00:16:34,370 --> 00:16:31,560

what for airspace or altitude or things

444

00:16:36,110 --> 00:16:34,380

that somebody that was flying a

445

00:16:38,810 --> 00:16:36,120

terrestrial aircraft would want to

446

00:16:39,829 --> 00:16:38,820

adhere to some of these things like you

447

00:16:45,470 --> 00:16:39,839

can't fly

448

00:16:47,749 --> 00:16:45,480

um or even below a thousand feet in in a

449

00:16:49,730 --> 00:16:47,759

populated area like that

450

00:16:53,210 --> 00:16:49,740

um how are you doing it without making

451  
00:16:54,650 --> 00:16:53,220  
any sound and having a huge craft and

452  
00:16:57,290 --> 00:16:54,660  
then even Frank's talked about in his

453  
00:16:59,329 --> 00:16:57,300  
show sometimes it's the wide end of the

454  
00:17:02,389 --> 00:16:59,339  
triangle that's facing forward and the

455  
00:17:04,669 --> 00:17:02,399  
points facing out so that doesn't jive

456  
00:17:06,770 --> 00:17:04,679  
with with anything that's aerodynamic so

457  
00:17:09,110 --> 00:17:06,780  
there's no aerodynamics to it at all

458  
00:17:10,970 --> 00:17:09,120  
that would lend itself to creating lift

459  
00:17:13,010 --> 00:17:10,980  
so

460  
00:17:15,409 --> 00:17:13,020  
yeah one of one of your comments uh in

461  
00:17:16,429 --> 00:17:15,419  
the chat size from where in a farm says

462  
00:17:17,630 --> 00:17:16,439  
you know there's another big scene on

463  
00:17:19,010 --> 00:17:17,640

the ground

464

00:17:20,090 --> 00:17:19,020

um I'm sure David Mullins actually been

465

00:17:21,890 --> 00:17:20,100

asked about that before because he's

466

00:17:23,569 --> 00:17:21,900

also the authority on these things and

467

00:17:25,309 --> 00:17:23,579

I'm sure he said that there weren't any

468

00:17:26,870 --> 00:17:25,319

reports of them on the ground either so

469

00:17:28,730 --> 00:17:26,880

again that's a good point you know are

470

00:17:30,710 --> 00:17:28,740

they just Airborne all the time

471

00:17:32,210 --> 00:17:30,720

um is it that just popping in From

472

00:17:34,190 --> 00:17:32,220

Another Dimension and popping out again

473

00:17:36,289 --> 00:17:34,200

oh are they traveling businesses or

474

00:17:37,549 --> 00:17:36,299

whatever how they're getting here

475

00:17:39,289 --> 00:17:37,559

um or they're traveling through time

476

00:17:41,210 --> 00:17:39,299

because there's a that's another thing

477

00:17:42,470 --> 00:17:41,220

that um especially when you come to orbs

478

00:17:44,090 --> 00:17:42,480

as well people are saying you know are

479

00:17:46,130 --> 00:17:44,100

they some kind of remote viewing device

480

00:17:47,870 --> 00:17:46,140

uh from the future

481

00:17:49,610 --> 00:17:47,880

um so you know there's all these kind of

482

00:17:52,549 --> 00:17:49,620

things that crop up in terms of people's

483

00:17:55,010 --> 00:17:52,559

theories but really theories are like um

484

00:17:57,169 --> 00:17:55,020

you know everybody's got one

485

00:17:59,510 --> 00:17:57,179

yeah well those are those are all those

486

00:18:01,190 --> 00:17:59,520

theories are good actually what

487

00:18:03,590 --> 00:18:01,200

Christopher Mellon says when when people

488

00:18:07,070 --> 00:18:03,600

ask him this question is he starts to

489

00:18:09,169 --> 00:18:07,080

talk about betting down a craft so he's

490

00:18:10,789 --> 00:18:09,179

talking about what does it take to bed

491

00:18:12,770 --> 00:18:10,799

down an aircraft first of all you have

492

00:18:15,169 --> 00:18:12,780

to make an approach to somewhere you

493

00:18:18,529 --> 00:18:15,179

have to land to somewhere there is a

494

00:18:21,289 --> 00:18:18,539

giant Logistics apparatus to recover to

495

00:18:23,450 --> 00:18:21,299

house and to maintain that aircraft and

496

00:18:24,770 --> 00:18:23,460

the size of some of these triangles the

497

00:18:26,750 --> 00:18:24,780

size of the hanger if you've ever seen a

498

00:18:29,750 --> 00:18:26,760

blimp hanger before I've seen him in

499

00:18:32,630 --> 00:18:29,760

SoCal they're absolutely enormous so you

500

00:18:35,210 --> 00:18:32,640

have to have something a giant apparatus

501  
00:18:38,029 --> 00:18:35,220  
to be able to not only

502  
00:18:40,190 --> 00:18:38,039  
um not only to to to uh bed down the

503  
00:18:42,650 --> 00:18:40,200  
aircraft to get something big enough to

504  
00:18:44,330 --> 00:18:42,660  
be able to hey Keith Taylor is in the

505  
00:18:46,130 --> 00:18:44,340  
house he's one of our future guests I'll

506  
00:18:48,110 --> 00:18:46,140  
tell you guys about Keith Taylor in a

507  
00:18:50,029 --> 00:18:48,120  
second

508  
00:18:52,070 --> 00:18:50,039  
um and and then be able to get it inside

509  
00:18:53,990 --> 00:18:52,080  
a hanger so that it's out of sight it's

510  
00:18:56,090 --> 00:18:54,000  
out of it's hidden from satellites and

511  
00:18:57,830 --> 00:18:56,100  
spying eyes and all these so that's what

512  
00:18:59,810 --> 00:18:57,840  
Christopher Mellon talks about and I I

513  
00:19:01,490 --> 00:18:59,820

agree because I know that side of it I

514

00:19:03,470 --> 00:19:01,500

was before I even was flying I was

515

00:19:05,270 --> 00:19:03,480

aircraft maintenance for eight years so

516

00:19:07,250 --> 00:19:05,280

you're gonna have a giant group of

517

00:19:08,930 --> 00:19:07,260

people that's that's looking after this

518

00:19:10,909 --> 00:19:08,940

craft and that's why that one doesn't

519

00:19:12,890 --> 00:19:10,919

have a lot of legs all those other

520

00:19:15,409 --> 00:19:12,900

hypothesis that you just posited to

521

00:19:17,870 --> 00:19:15,419

resonate with me any of them dimensional

522

00:19:20,090 --> 00:19:17,880

you know appearing and and and then

523

00:19:22,010 --> 00:19:20,100

disappearing and all these sorts of

524

00:19:23,810 --> 00:19:22,020

things well just the size of them is

525

00:19:25,250 --> 00:19:23,820

huge isn't it some of them are quite are

526

00:19:26,630 --> 00:19:25,260

reported to be quite small but there's

527

00:19:28,850 --> 00:19:26,640

I'm sure I've heard them describe the

528

00:19:31,730 --> 00:19:28,860

size of football fields uh if not bigger

529

00:19:33,110 --> 00:19:31,740

so you'd have to have a huge yeah you

530

00:19:35,750 --> 00:19:33,120

would you would have to have a huge

531

00:19:37,909 --> 00:19:35,760

hunger or a kind of your a bloop shed

532

00:19:39,890 --> 00:19:37,919

wouldn't you like an Airship shed to

533

00:19:41,150 --> 00:19:39,900

hide these things away

534

00:19:43,310 --> 00:19:41,160

um and they're gonna stick out like a

535

00:19:45,110 --> 00:19:43,320

sore thumb so even just the fact that

536

00:19:46,430 --> 00:19:45,120

they're being constructed uh somewhere

537

00:19:48,590 --> 00:19:46,440

unless they're hidden out you're in the

538

00:19:49,730 --> 00:19:48,600

desert somewhere or or wherever you're

539

00:19:51,350 --> 00:19:49,740

not going to be able to construct like a

540

00:19:53,930 --> 00:19:51,360

similar in Britain for let's say because

541

00:19:56,150 --> 00:19:53,940

we don't have enough kind of remote land

542

00:19:57,950 --> 00:19:56,160

in this country to be able to put one of

543

00:19:59,930 --> 00:19:57,960

those things kind of things together uh

544

00:20:01,610 --> 00:19:59,940

and surely people would notice if things

545

00:20:03,130 --> 00:20:01,620

like that start to spring up on in the

546

00:20:06,590 --> 00:20:03,140

countryside

547

00:20:08,630 --> 00:20:06,600

like the one that uh Dr Clark and

548

00:20:10,909 --> 00:20:08,640

Company and and Vinnie you know like

549

00:20:13,130 --> 00:20:10,919

that like hey what the hell's that thing

550

00:20:14,930 --> 00:20:13,140

anyway let me turn it over to money

551  
00:20:16,430 --> 00:20:14,940  
Nathan before I get too far out of hand

552  
00:20:19,090 --> 00:20:16,440  
but let me just say is welcome Keith

553  
00:20:21,950 --> 00:20:19,100  
Taylor Keith Taylor is the uh former

554  
00:20:23,870 --> 00:20:21,960  
NYPD uh man he's had so many different

555  
00:20:27,169 --> 00:20:23,880  
roles including SWAT but he's a

556  
00:20:28,850 --> 00:20:27,179  
professor at uh John Jay College uh in

557  
00:20:32,029 --> 00:20:28,860  
New York City which is a famous criminal

558  
00:20:33,470 --> 00:20:32,039  
justice University and I don't know he

559  
00:20:34,610 --> 00:20:33,480  
has so many accolades I can't name them

560  
00:20:36,590 --> 00:20:34,620  
all here but he's gonna be coming along

561  
00:20:39,110 --> 00:20:36,600  
with us because he's very interested to

562  
00:20:42,950 --> 00:20:39,120  
get law enforcement slash First

563  
00:20:44,750 --> 00:20:42,960

Responders trained on how to react when

564

00:20:47,390 --> 00:20:44,760

they get her UFO report he feels like

565

00:20:49,010 --> 00:20:47,400

they're getting called out to these um

566

00:20:50,510 --> 00:20:49,020

you know on these calls and they don't

567

00:20:52,430 --> 00:20:50,520

know what what to do when they get there

568

00:20:54,710 --> 00:20:52,440

because they haven't been trained well

569

00:20:56,630 --> 00:20:54,720

he he's got something for that anyway

570

00:20:58,310 --> 00:20:56,640

let me turn it over to money Nathan yeah

571

00:21:00,289 --> 00:20:58,320

it's super important stuff

572

00:21:02,750 --> 00:21:00,299

um the other things that about the black

573

00:21:04,909 --> 00:21:02,760

triangle and we talked about uh you know

574

00:21:06,590 --> 00:21:04,919

kind of their non-standard

575

00:21:09,650 --> 00:21:06,600

characteristics right well that kind of

576  
00:21:11,690 --> 00:21:09,660  
makes you think of anti-gravidics where

577  
00:21:14,990 --> 00:21:11,700  
you don't need traditional airfoil

578  
00:21:16,549 --> 00:21:15,000  
design to be aerodynamic uh when you

579  
00:21:18,289 --> 00:21:16,559  
introduce something like anti-gravidic

580  
00:21:20,270 --> 00:21:18,299  
technology I mean you kind of

581  
00:21:23,930 --> 00:21:20,280  
potentially open up the field to a lot

582  
00:21:25,970 --> 00:21:23,940  
of other speculative uh

583  
00:21:27,770 --> 00:21:25,980  
you know Avenues right so it doesn't

584  
00:21:30,590 --> 00:21:27,780  
necessarily need to be housed in a

585  
00:21:32,090 --> 00:21:30,600  
hangar maybe you can you know fly it

586  
00:21:34,130 --> 00:21:32,100  
into the ocean maybe there's a you know

587  
00:21:35,990 --> 00:21:34,140  
some sort of Base down there there's a

588  
00:21:38,149 --> 00:21:36,000

lot of ocean right so if they can get in

589

00:21:40,210 --> 00:21:38,159

and out of these mediums without any

590

00:21:42,289 --> 00:21:40,220

sort of disturbance because of that

591

00:21:44,690 --> 00:21:42,299

anti-gravidic technology or mass

592

00:21:46,250 --> 00:21:44,700

displacement or whatever and that opens

593

00:21:48,890 --> 00:21:46,260

up a whole new you know sort of ball

594

00:21:50,090 --> 00:21:48,900

game and we mentioned Terry Loveless and

595

00:21:53,210 --> 00:21:50,100

that's the only case actually I'm

596

00:21:54,950 --> 00:21:53,220

thinking of where he indicates that it

597

00:21:56,630 --> 00:21:54,960

did land I mean there was that initial

598

00:21:58,490 --> 00:21:56,640

sort of he talks about that kind of like

599

00:22:01,430 --> 00:21:58,500

the beam or the laser points that kind

600

00:22:03,350 --> 00:22:01,440

of painted their their campsite but then

601  
00:22:05,690 --> 00:22:03,360  
when he was waking up and looked outside

602  
00:22:08,270 --> 00:22:05,700  
of the tent it seemed as if there were

603  
00:22:11,690 --> 00:22:08,280  
you know beings on the ground outside

604  
00:22:14,090 --> 00:22:11,700  
that were entering or exiting the craft

605  
00:22:16,330 --> 00:22:14,100  
itself so that may be the one incident

606  
00:22:19,370 --> 00:22:16,340  
that I can think of of a black triangle

607  
00:22:21,770 --> 00:22:19,380  
sighting and potentially being you know

608  
00:22:23,390 --> 00:22:21,780  
on the ground

609  
00:22:25,250 --> 00:22:23,400  
yeah and then all the people inside

610  
00:22:26,870 --> 00:22:25,260  
which was really scary when he talked

611  
00:22:28,850 --> 00:22:26,880  
about scared children I think that

612  
00:22:31,190 --> 00:22:28,860  
chilled all of us sure and a mixture of

613  
00:22:33,710 --> 00:22:31,200

people right he mentioned seeing uh what

614

00:22:36,950 --> 00:22:33,720

appeared to be uh military personnel

615

00:22:39,130 --> 00:22:36,960

human beings in addition to non-human

616

00:22:42,230 --> 00:22:39,140

beings so some sort of collaborative

617

00:22:45,230 --> 00:22:42,240

effort between humans and other entities

618

00:22:47,029 --> 00:22:45,240

uh so a lot of speculation there of

619

00:22:48,830 --> 00:22:47,039

course um speaking of speculation I

620

00:22:49,850 --> 00:22:48,840

wanted to get you know Graham we're

621

00:22:51,529 --> 00:22:49,860

going to talk about a lot of things on

622

00:22:54,169 --> 00:22:51,539

the show it's kind of bounced around at

623

00:22:56,990 --> 00:22:54,179

different things but since it's so fresh

624

00:22:59,210 --> 00:22:57,000

I wanted to get your take on the NASA

625

00:23:02,270 --> 00:22:59,220

UAP panel and briefing that happened

626

00:23:04,070 --> 00:23:02,280

this week as a historian uh when you

627

00:23:06,110 --> 00:23:04,080

hear things like Sean Kirkpatrick saying

628

00:23:08,210 --> 00:23:06,120

about these orbs these metallic spheres

629

00:23:09,470 --> 00:23:08,220

being cited all around the world I'm

630

00:23:11,690 --> 00:23:09,480

sure you're going yeah let me tell you

631

00:23:14,210 --> 00:23:11,700

more about that so what tell us about

632

00:23:16,310 --> 00:23:14,220

about those kinds of sightings in the

633

00:23:19,310 --> 00:23:16,320

historical record how far back did I go

634

00:23:21,169 --> 00:23:19,320

well that's just like uh well he's

635

00:23:23,029 --> 00:23:21,179

saying that you know having NASA

636

00:23:24,830 --> 00:23:23,039

briefings like that even if it was just

637

00:23:27,529 --> 00:23:24,840

some kind of preamble to a briefing or

638

00:23:29,090 --> 00:23:27,539

preamble to a study is nothing short of

639

00:23:31,430 --> 00:23:29,100

miraculous because you wouldn't have you

640

00:23:34,070 --> 00:23:31,440

know if anybody had said 10 20 30 years

641

00:23:35,510 --> 00:23:34,080

ago that we were going to have this kind

642

00:23:38,090 --> 00:23:35,520

of thing

643

00:23:40,370 --> 00:23:38,100

um with you know NASA scientists and

644

00:23:42,409 --> 00:23:40,380

other Specialists and people from you

645

00:23:44,750 --> 00:23:42,419

know connected with or part of the dod

646

00:23:47,029 --> 00:23:44,760

on a public forum like that and being

647

00:23:48,710 --> 00:23:47,039

televised live and news channels around

648

00:23:50,510 --> 00:23:48,720

the world picking it all up you know you

649

00:23:52,070 --> 00:23:50,520

would think of your nuts because you

650

00:23:53,510 --> 00:23:52,080

just wouldn't have predicted that then

651  
00:23:56,270 --> 00:23:53,520  
again you wouldn't have projected 2017

652  
00:23:57,710 --> 00:23:56,280  
either so but it's it's amazing from a

653  
00:23:59,750 --> 00:23:57,720  
historical point of view as to what

654  
00:24:02,149 --> 00:23:59,760  
hasn't happened and what is happening

655  
00:24:03,409 --> 00:24:02,159  
now so let's get that out of the way to

656  
00:24:05,029 --> 00:24:03,419  
start with

657  
00:24:06,289 --> 00:24:05,039  
um and in terms of orbs yeah I mean

658  
00:24:08,570 --> 00:24:06,299  
there's been some discussion on UFO

659  
00:24:11,690 --> 00:24:08,580  
Twitter this morning about um the 1944

660  
00:24:13,730 --> 00:24:11,700  
sightings and uh Marek Von renkamp had

661  
00:24:15,830 --> 00:24:13,740  
um you know posted the the copy of the

662  
00:24:18,230 --> 00:24:15,840  
newspaper article talking about silver

663  
00:24:20,210 --> 00:24:18,240

translucent spheres now that did

664

00:24:22,250 --> 00:24:20,220

actually appear in an American newspaper

665

00:24:23,630 --> 00:24:22,260

uh it was talking about certain

666

00:24:27,649 --> 00:24:23,640

sightings that were alleged to have

667

00:24:30,830 --> 00:24:27,659

happened in Western Europe in 1944 and

668

00:24:33,710 --> 00:24:30,840

that U.S Air Force Crews were seeing

669

00:24:35,810 --> 00:24:33,720

certain things now those spheres were

670

00:24:37,190 --> 00:24:35,820

seen in the daytime uh the things that

671

00:24:38,870 --> 00:24:37,200

were seen at night about around about

672

00:24:40,730 --> 00:24:38,880

the same time and actually a lot earlier

673

00:24:43,190 --> 00:24:40,740

if you read the Foo Fighters book that I

674

00:24:45,590 --> 00:24:43,200

wrote uh UFOs before Roswell it comes

675

00:24:47,330 --> 00:24:45,600

clear that this kind of thing in terms

676  
00:24:50,330 --> 00:24:47,340  
of lights in the sky that followed

677  
00:24:52,909 --> 00:24:50,340  
aircraft or were just seen happened a

678  
00:24:55,610 --> 00:24:52,919  
long time much earlier than sort of

679  
00:24:58,190 --> 00:24:55,620  
October well actually November 1944 when

680  
00:25:01,549 --> 00:24:58,200  
the what people term Foo Fighters

681  
00:25:04,070 --> 00:25:01,559  
started as a phenomenon you can trace

682  
00:25:06,890 --> 00:25:04,080  
some of the sightings that are in detail

683  
00:25:09,430 --> 00:25:06,900  
back as early as say August 1942 in

684  
00:25:12,470 --> 00:25:09,440  
terms of the RAF sightings but actually

685  
00:25:14,149 --> 00:25:12,480  
there are hints and then more definite

686  
00:25:16,610 --> 00:25:14,159  
information in terms of intelligence

687  
00:25:18,110 --> 00:25:16,620  
files that I've looked at which

688  
00:25:20,090 --> 00:25:18,120

hopefully I'm going to write a sequel to

689

00:25:21,850 --> 00:25:20,100

that book at some stage or publish it

690

00:25:29,750 --> 00:25:21,860

which

691

00:25:31,789 --> 00:25:29,760

about

692

00:25:34,370 --> 00:25:31,799

um strange lights following airplanes

693

00:25:37,070 --> 00:25:34,380

following our bombers over Germany for

694

00:25:39,230 --> 00:25:37,080

distances up to 250 miles in some some

695

00:25:41,930 --> 00:25:39,240

instances so you know there's things

696

00:25:43,909 --> 00:25:41,940

going on back then the people you know

697

00:25:45,470 --> 00:25:43,919

should maybe think well look this has

698

00:25:46,909 --> 00:25:45,480

gone a lot further back than you know

699

00:25:48,409 --> 00:25:46,919

the kind of established wisdom if you

700

00:25:50,149 --> 00:25:48,419

like and I'm still trying to get my head

701  
00:25:51,529 --> 00:25:50,159  
around a lot of the stuff and what it

702  
00:25:53,630 --> 00:25:51,539  
implies

703  
00:25:54,950 --> 00:25:53,640  
um it's not the case of these are German

704  
00:25:56,750 --> 00:25:54,960  
Knight Fighters because Actually March

705  
00:25:58,310 --> 00:25:56,760  
19 40 years before the first German

706  
00:26:00,470 --> 00:25:58,320  
Knight fighter unit was set up during

707  
00:26:02,269 --> 00:26:00,480  
the second world war so it's not as if

708  
00:26:04,250 --> 00:26:02,279  
these are you know sort of aircraft

709  
00:26:06,409 --> 00:26:04,260  
chasing after the bombers but for some

710  
00:26:08,870 --> 00:26:06,419  
reason not shooting them down so yeah uh

711  
00:26:10,610 --> 00:26:08,880  
Nathan that's a long-winded answer to

712  
00:26:12,409 --> 00:26:10,620  
your question there it goes a lot

713  
00:26:14,630 --> 00:26:12,419

further back and from a historian's

714

00:26:16,789 --> 00:26:14,640

point of view the stuff that simply

715

00:26:18,230 --> 00:26:16,799

hasn't you know sort of seen the light

716

00:26:19,490 --> 00:26:18,240

of day yet

717

00:26:20,690 --> 00:26:19,500

um and then probably one of the few

718

00:26:22,669 --> 00:26:20,700

people who's actually going through this

719

00:26:24,649 --> 00:26:22,679

information to try and sort out you know

720

00:26:26,870 --> 00:26:24,659

what it actually means and I'm still not

721

00:26:28,789 --> 00:26:26,880

entirely sure either at this stage I

722

00:26:30,769 --> 00:26:28,799

don't have a kind of handle on what the

723

00:26:32,810 --> 00:26:30,779

Foo Fighters were or the things you know

724

00:26:34,070 --> 00:26:32,820

that happened before that I just I use

725

00:26:35,930 --> 00:26:34,080

that term to cover the whole of World

726

00:26:38,630 --> 00:26:35,940

War II but

727

00:26:40,310 --> 00:26:38,640

um no it's a it's a real mystery and how

728

00:26:41,810 --> 00:26:40,320

they fit in with later sightings so

729

00:26:43,370 --> 00:26:41,820

you're kind of Tylenol and the stuff

730

00:26:46,250 --> 00:26:43,380

that comes afterwards

731

00:26:48,049 --> 00:26:46,260

um again I'm in the dark as well

732

00:26:50,510 --> 00:26:48,059

you know what's very interesting about

733

00:26:52,610 --> 00:26:50,520

this Graham is that the thoughts of

734

00:26:55,130 --> 00:26:52,620

those men

735

00:26:56,990 --> 00:26:55,140

um that were flying those craft in in 42

736

00:27:01,010 --> 00:26:57,000

when they're seeing these and looking at

737

00:27:04,190 --> 00:27:01,020

it and being as perplexed and amazed and

738

00:27:06,169 --> 00:27:04,200

and wanting of of an understanding of

739

00:27:07,850 --> 00:27:06,179

what this is that's flying near them is

740

00:27:10,370 --> 00:27:07,860

there and some you know something that's

741

00:27:13,130 --> 00:27:10,380

spitting oil out of a piston pushing you

742

00:27:15,830 --> 00:27:13,140

know B-25 or something right

743

00:27:17,710 --> 00:27:15,840

um and today somebody you know either

744

00:27:19,909 --> 00:27:17,720

Ryan Graves had the exact same question

745

00:27:22,610 --> 00:27:19,919

decades later and even someone who's

746

00:27:24,470 --> 00:27:22,620

flying a fifth gen F-35 that's that's

747

00:27:27,830 --> 00:27:24,480

encountering these has the exact same

748

00:27:29,450 --> 00:27:27,840

question and they're no they're not a

749

00:27:31,909 --> 00:27:29,460

whole lot closer to An Answer they're

750

00:27:33,470 --> 00:27:31,919

just like you know Intel selling us they

751

00:27:35,029 --> 00:27:33,480

don't know what these things are that's

752

00:27:36,590 --> 00:27:35,039

true and some of these some of these

753

00:27:38,330 --> 00:27:36,600

crewmembers were interviewed you know years

754

00:27:40,490 --> 00:27:38,340

after the event uh they're talking about

755

00:27:41,690 --> 00:27:40,500

the 1980s when it was still alive and

756

00:27:44,090 --> 00:27:41,700

they had no there were no further

757

00:27:46,190 --> 00:27:44,100

afforded to what they were and and you

758

00:27:47,990 --> 00:27:46,200

know really some of the sightings

759

00:27:50,690 --> 00:27:48,000

reported actually gone up the food chain

760

00:27:52,370 --> 00:27:50,700

in terms of the of the the ladder to

761

00:27:53,750 --> 00:27:52,380

various stats and and intelligence

762

00:27:55,430 --> 00:27:53,760

agencies

763

00:27:56,930 --> 00:27:55,440

um but then that heard nothing you know

764

00:27:58,250 --> 00:27:56,940

back because obviously that's not the

765

00:27:59,750 --> 00:27:58,260

way it works you know you send

766

00:28:01,789 --> 00:27:59,760

information up you probably know this as

767

00:28:03,409 --> 00:28:01,799

well as anybody DJ you say it you'll you

768

00:28:04,909 --> 00:28:03,419

send information up at the food chain in

769

00:28:07,010 --> 00:28:04,919

the military but it never comes back

770

00:28:08,990 --> 00:28:07,020

down to you so what the answers are

771

00:28:10,850 --> 00:28:09,000

um so you know you can understand why

772

00:28:13,610 --> 00:28:10,860

why they never heard anything back but

773

00:28:14,930 --> 00:28:13,620

in post-war years as well they may have

774

00:28:16,430 --> 00:28:14,940

thought well you know we might get the

775

00:28:17,930 --> 00:28:16,440

answers of some stage

776

00:28:19,250 --> 00:28:17,940

um and yet you know there were four you

777

00:28:20,450 --> 00:28:19,260

know 40 years on kind of thing and

778

00:28:22,190 --> 00:28:20,460

people were still asking the same

779

00:28:23,870 --> 00:28:22,200

questions albeit about different things

780

00:28:26,210 --> 00:28:23,880

because obviously time had moved on and

781

00:28:27,890 --> 00:28:26,220

the objects had changed and so it wasn't

782

00:28:29,990 --> 00:28:27,900

like lights in the sky anymore and it

783

00:28:32,149 --> 00:28:30,000

wasn't you know sort of silver balls it

784

00:28:33,710 --> 00:28:32,159

was disc shaped objects you know cigar

785

00:28:35,570 --> 00:28:33,720

shaped objects well what we probably

786

00:28:36,950 --> 00:28:35,580

call Tic Tacs nowadays

787

00:28:38,570 --> 00:28:36,960

um you know that was that was the name

788

00:28:40,370 --> 00:28:38,580

back then that was the name I remember

789

00:28:42,710 --> 00:28:40,380

from reading books in the 70s was

790

00:28:44,090 --> 00:28:42,720

cigar-shaped objects

791

00:28:46,870 --> 00:28:44,100

um you know and that probably means

792

00:28:48,890 --> 00:28:46,880

torpedo shaped as well because things

793

00:28:50,210 --> 00:28:48,900

we're seeing during World War II they're

794

00:28:52,610 --> 00:28:50,220

actually in their intelligence reports

795

00:28:55,070 --> 00:28:52,620

so again you've got this you know what

796

00:28:57,110 --> 00:28:55,080

goes around comes around the things that

797

00:28:58,549 --> 00:28:57,120

were seen then there might be slightly

798

00:29:00,769 --> 00:28:58,559

different in terms of terminology and

799

00:29:03,230 --> 00:29:00,779

maybe even the way they operate but

800

00:29:09,590 --> 00:29:03,240

still the same shapes that keep cropping

801  
00:29:12,710 --> 00:29:11,210  
um if you delve deeper in the reports

802  
00:29:14,210 --> 00:29:12,720  
and there must be thousands of Squadron

803  
00:29:15,230 --> 00:29:14,220  
uh reports that I still haven't looked

804  
00:29:16,669 --> 00:29:15,240  
at yet

805  
00:29:18,710 --> 00:29:16,679  
um and maybe ones that just never got

806  
00:29:20,810 --> 00:29:18,720  
reported I guess if you're you could get

807  
00:29:22,250 --> 00:29:20,820  
a hold of all that information and see

808  
00:29:24,350 --> 00:29:22,260  
what the kind of you know the major

809  
00:29:26,389 --> 00:29:24,360  
types were I bet would find more you

810  
00:29:28,250 --> 00:29:26,399  
know kind of these Torpedoes would find

811  
00:29:30,769 --> 00:29:28,260  
more of these orbs in these you know

812  
00:29:32,269 --> 00:29:30,779  
translucent silver spheres and no doubt

813  
00:29:34,190 --> 00:29:32,279

we'd probably find some more triangles

814

00:29:36,710 --> 00:29:34,200

as well because that one report in

815

00:29:38,810 --> 00:29:36,720

January 44 I don't think that must be in

816

00:29:41,269 --> 00:29:38,820

isolation there must be others

817

00:29:43,669 --> 00:29:41,279

oh I like that there's more out there in

818

00:29:46,070 --> 00:29:43,679

terms of the types of craft well two

819

00:29:48,110 --> 00:29:46,080

things that made me think uh when you're

820

00:29:50,630 --> 00:29:48,120

speaking one is that one of the reasons

821

00:29:52,250 --> 00:29:50,640

that information you know uh reported

822

00:29:55,549 --> 00:29:52,260

Intel goes up and doesn't come back with

823

00:29:57,830 --> 00:29:55,559

answers is because as Jim Simon van says

824

00:29:59,750 --> 00:29:57,840

they don't have the answers they don't

825

00:30:01,549 --> 00:29:59,760

have an answer to it and the other thing

826

00:30:04,789 --> 00:30:01,559

else matters is in the house good

827

00:30:06,889 --> 00:30:04,799

morning Smothers uh and the other the

828

00:30:09,470 --> 00:30:06,899

other one and what Nathan would say is

829

00:30:11,990 --> 00:30:09,480

that in the Arc of time

830

00:30:13,850 --> 00:30:12,000

um is so that we're basically the the

831

00:30:15,529 --> 00:30:13,860

amount of time between World War II and

832

00:30:18,649 --> 00:30:15,539

now and the Arc of time is like the same

833

00:30:20,210 --> 00:30:18,659

grain of sand you know so we haven't you

834

00:30:22,010 --> 00:30:20,220

know we we think of it as a long time

835

00:30:24,350 --> 00:30:22,020

ago but the Arc of time it's really

836

00:30:26,510 --> 00:30:24,360

nothing and really lights and lights in

837

00:30:28,070 --> 00:30:26,520

the sky following aircraft you know that

838

00:30:29,690 --> 00:30:28,080

that continued that happened to the

839

00:30:31,370 --> 00:30:29,700

Korean War it happened you know

840

00:30:33,769 --> 00:30:31,380

afterwards as well

841

00:30:35,330 --> 00:30:33,779

um your correspondent we're in a farm he

842

00:30:37,370 --> 00:30:35,340

mentions about the Australian case of a

843

00:30:41,169 --> 00:30:37,380

foo fighter in the 1950s it's actually a

844

00:30:46,490 --> 00:30:44,389

and it was a royal Australian Navy uh

845

00:30:48,409 --> 00:30:46,500

pilot who went on to Vietnam uh you know

846

00:30:49,549 --> 00:30:48,419

a fairly High um kind of ranking

847

00:30:51,049 --> 00:30:49,559

official

848

00:30:51,710 --> 00:30:51,059

um as a I think it was Natasha or

849

00:30:52,970 --> 00:30:51,720

something like that I can't remember

850

00:30:54,710 --> 00:30:52,980

exactly know

851  
00:30:56,210 --> 00:30:54,720  
um but you know that could have been a

852  
00:30:57,769 --> 00:30:56,220  
foo fighter case if that had happened in

853  
00:31:00,889 --> 00:30:57,779  
World War II because of how it

854  
00:31:03,230 --> 00:31:00,899  
transpired and there are other cases in

855  
00:31:05,870 --> 00:31:03,240  
the 50s and 60s where airliners were you

856  
00:31:07,430 --> 00:31:05,880  
know either pursued or had um lights

857  
00:31:09,950 --> 00:31:07,440  
parallel to their wing tips and all the

858  
00:31:11,330 --> 00:31:09,960  
rest of it so and those if those had

859  
00:31:13,850 --> 00:31:11,340  
happened during World War II they would

860  
00:31:16,310 --> 00:31:13,860  
have been Foo Fighter cases as well

861  
00:31:18,889 --> 00:31:16,320  
and thank you thank you for that that uh

862  
00:31:22,250 --> 00:31:18,899  
contribution we're on a farm so let's uh

863  
00:31:24,710 --> 00:31:22,260

just to uh to shift over to Frank uh I'd

864

00:31:27,889 --> 00:31:24,720

like to get Frank to just give his take

865

00:31:29,750 --> 00:31:27,899

on the uh the hearings because uh as he

866

00:31:32,750 --> 00:31:29,760

likes to say he let it stew for a little

867

00:31:34,970 --> 00:31:32,760

bit he's let it marinate now now he

868

00:31:36,350 --> 00:31:34,980

started to throw it on the grill uh and

869

00:31:39,110 --> 00:31:36,360

then after that you know I'm sure Frank

870

00:31:41,690 --> 00:31:39,120

you'll have a question for Graham

871

00:31:42,950 --> 00:31:41,700

yeah sure thanks and yeah I'm still

872

00:31:44,630 --> 00:31:42,960

letting it to do to be honest with you

873

00:31:46,070 --> 00:31:44,640

this is one that's taken its time to

874

00:31:48,830 --> 00:31:46,080

marinade it's going to be one of those

875

00:31:50,330 --> 00:31:48,840

that's uh for the the perfect tenderness

876

00:31:51,370 --> 00:31:50,340

I think it's gonna have to sit for a few

877

00:31:53,690 --> 00:31:51,380

more days

878

00:31:56,029 --> 00:31:53,700

yeah there's a lot there's a lot to

879

00:31:58,430 --> 00:31:56,039

consider with it but I think you know

880

00:32:00,830 --> 00:31:58,440

there's obviously a lot of different

881

00:32:02,510 --> 00:32:00,840

opinions about how things are

882

00:32:04,549 --> 00:32:02,520

progressing with this NASA study and I

883

00:32:06,830 --> 00:32:04,559

suppose you could say can Kirkpatrick's

884

00:32:07,970 --> 00:32:06,840

actual leadership of the arrow office as

885

00:32:10,250 --> 00:32:07,980

well and I think there's some

886

00:32:11,870 --> 00:32:10,260

similarities there some people are

887

00:32:13,610 --> 00:32:11,880

really positive about it and other

888

00:32:16,070 --> 00:32:13,620

people are really critical about the way

889

00:32:18,830 --> 00:32:16,080

things are playing out and as as usual

890

00:32:20,389 --> 00:32:18,840

with these things I think you know the

891

00:32:21,830 --> 00:32:20,399

truth probably some sort of somewhere in

892

00:32:23,810 --> 00:32:21,840

between there's always going to be sort

893

00:32:25,610 --> 00:32:23,820

of extremes of thought in either in

894

00:32:29,090 --> 00:32:25,620

either direction

895

00:32:30,889 --> 00:32:29,100

um my initials Inc with the the NASA

896

00:32:34,730 --> 00:32:30,899

presentations and whatnot the other day

897

00:32:36,830 --> 00:32:34,740

was to see on BBC News not only a story

898

00:32:39,110 --> 00:32:36,840

about this and taking it relatively

899

00:32:41,389 --> 00:32:39,120

seriously but an actual breaking news

900

00:32:43,130 --> 00:32:41,399

page with live updates throughout the

901  
00:32:46,850 --> 00:32:43,140  
day which I've never seen that before

902  
00:32:49,190 --> 00:32:46,860  
for a UFO related you know the story

903  
00:32:51,110 --> 00:32:49,200  
that's come out through the BBC for well

904  
00:32:54,049 --> 00:32:51,120  
as long as I can remember so that has

905  
00:32:55,909 --> 00:32:54,059  
got to be good and the discussion was no

906  
00:32:57,590 --> 00:32:55,919  
X-Files music in sight or anything like

907  
00:32:59,149 --> 00:32:57,600  
that it was just like this is what is

908  
00:33:00,889 --> 00:32:59,159  
being said and these are the people who

909  
00:33:02,330 --> 00:33:00,899  
are saying it and that's that's really

910  
00:33:04,370 --> 00:33:02,340  
good to see

911  
00:33:06,710 --> 00:33:04,380  
um but having said all of that I do

912  
00:33:09,529 --> 00:33:06,720  
really understand people's frustration

913  
00:33:11,570 --> 00:33:09,539

with both of those which is I think are

914

00:33:13,250 --> 00:33:11,580

sort of similar in the way that people

915

00:33:15,889 --> 00:33:13,260

are getting frustrated with them which

916

00:33:18,049 --> 00:33:15,899

is the NASA investigations and also the

917

00:33:19,490 --> 00:33:18,059

way that arrow is being run

918

00:33:21,110 --> 00:33:19,500

um I was talking to Dave about this

919

00:33:23,330 --> 00:33:21,120

quite a bit over the last week

920

00:33:26,930 --> 00:33:23,340

and I came up with this analogy of

921

00:33:29,630 --> 00:33:26,940

somebody sat on a filing cabinet full of

922

00:33:31,250 --> 00:33:29,640

very important information and the

923

00:33:33,409 --> 00:33:31,260

public wanting answers about that very

924

00:33:35,090 --> 00:33:33,419

topic and they go okay yeah we'll commit

925

00:33:37,490 --> 00:33:35,100

to finding where this information is

926  
00:33:39,230 --> 00:33:37,500  
being kept and really to a lot of people

927  
00:33:41,029 --> 00:33:39,240  
from the outside it's glaringly obvious

928  
00:33:42,529 --> 00:33:41,039  
that it's in the drawers right

929  
00:33:44,810 --> 00:33:42,539  
underneath where you're at this very

930  
00:33:46,789 --> 00:33:44,820  
moment like you know and and it does

931  
00:33:48,889 --> 00:33:46,799  
feel like that I mean since I've been

932  
00:33:50,630 --> 00:33:48,899  
looking into the UFO topic you know

933  
00:33:52,009 --> 00:33:50,640  
relative newcomer compared to many

934  
00:33:54,230 --> 00:33:52,019  
people I've been looking into this

935  
00:33:56,269 --> 00:33:54,240  
pretty deeply for a few years now but it

936  
00:33:57,889 --> 00:33:56,279  
becomes quite clear that the best places

937  
00:33:59,210 --> 00:33:57,899  
to look if you had access to anything

938  
00:34:00,769 --> 00:33:59,220

you wanted and you wanted the best

939

00:34:02,690 --> 00:34:00,779

information to get to the bottom of this

940

00:34:06,889 --> 00:34:02,700

topic you would go to probably two

941

00:34:10,129 --> 00:34:06,899

places the the US government military IC

942

00:34:11,810 --> 00:34:10,139

databases that have got all the sensor

943

00:34:13,190 --> 00:34:11,820

systems feeding into it and all the rest

944

00:34:16,430 --> 00:34:13,200

of it from over the last however many

945

00:34:18,950 --> 00:34:16,440

years and NASA you know and these are

946

00:34:20,629 --> 00:34:18,960

the very two places that these two

947

00:34:22,970 --> 00:34:20,639

efforts that I've been talking about are

948

00:34:24,950 --> 00:34:22,980

they taste so you can sort of understand

949

00:34:26,570 --> 00:34:24,960

the frustration there that things are

950

00:34:28,250 --> 00:34:26,580

playing out very very slowly and it's

951  
00:34:29,869 --> 00:34:28,260  
all kind of you know a trickle-down

952  
00:34:31,129 --> 00:34:29,879  
effects kind of thing as as we're going

953  
00:34:32,329 --> 00:34:31,139  
along

954  
00:34:34,609 --> 00:34:32,339  
um but yeah what do you reckon about

955  
00:34:36,050 --> 00:34:34,619  
that gray and where do you sit on on how

956  
00:34:38,510 --> 00:34:36,060  
all this is playing out do you think

957  
00:34:40,609 --> 00:34:38,520  
it's uh are you positive about it what

958  
00:34:42,770 --> 00:34:40,619  
do you reckon and positive that it's

959  
00:34:45,589 --> 00:34:42,780  
actually you know more than we had 10

960  
00:34:48,230 --> 00:34:45,599  
years ago and further back so that's a

961  
00:34:49,609 --> 00:34:48,240  
start and I guess you're not going to

962  
00:34:51,230 --> 00:34:49,619  
expect that everything's just going to

963  
00:34:53,450 --> 00:34:51,240

get put out there go right yet we don't

964

00:34:55,430 --> 00:34:53,460

know what's going on it would be nice if

965

00:34:58,070 --> 00:34:55,440

they did show some truly anomalous

966

00:35:00,770 --> 00:34:58,080

footage rather than you know three

967

00:35:02,390 --> 00:35:00,780

lights uh equidistant um you know from

968

00:35:03,829 --> 00:35:02,400

each other and then say oh these are

969

00:35:05,570 --> 00:35:03,839

commercial aircraft

970

00:35:07,430 --> 00:35:05,580

um was it me or is it like very strange

971

00:35:08,630 --> 00:35:07,440

the word looked exactly the same

972

00:35:09,710 --> 00:35:08,640

distance from each other the one in the

973

00:35:11,630 --> 00:35:09,720

middle

974

00:35:13,250 --> 00:35:11,640

um that it was one of these kind of low

975

00:35:14,450 --> 00:35:13,260

hanging fruit things I think that you

976  
00:35:16,010 --> 00:35:14,460  
know you pick something that can be

977  
00:35:17,750 --> 00:35:16,020  
written off quite easily whether it's

978  
00:35:19,849 --> 00:35:17,760  
true or not to you know what they say

979  
00:35:21,410 --> 00:35:19,859  
about what it was and then that just

980  
00:35:22,910 --> 00:35:21,420  
kind of slows down in people's head

981  
00:35:24,050 --> 00:35:22,920  
because then that's a job done they

982  
00:35:25,550 --> 00:35:24,060  
don't have to come out and say look this

983  
00:35:26,870 --> 00:35:25,560  
is definitely not something all they've

984  
00:35:29,270 --> 00:35:26,880  
got to do is just you know cast enough

985  
00:35:31,370 --> 00:35:29,280  
doubt and then that basically tinges

986  
00:35:33,290 --> 00:35:31,380  
everything else that they talk about

987  
00:35:34,849 --> 00:35:33,300  
um you know so it's it's quite

988  
00:35:36,170 --> 00:35:34,859

surreptitious in a way of the way they

989

00:35:38,630 --> 00:35:36,180

come out with this this kind of thing

990

00:35:40,130 --> 00:35:38,640

and that's me being cynical

991

00:35:41,990 --> 00:35:40,140

um because then they go on to then

992

00:35:44,990 --> 00:35:42,000

dismiss one of the kind of the

993

00:35:47,810 --> 00:35:45,000

groundbreaking you know three videos

994

00:35:50,569 --> 00:35:47,820

that came out in December 2017. uh the

995

00:35:52,609 --> 00:35:50,579

go fast and then they're suggesting it

996

00:35:54,109 --> 00:35:52,619

well sort of go faster go slow because

997

00:35:55,670 --> 00:35:54,119

when you do they reckon it's only doing

998

00:35:57,410 --> 00:35:55,680

40 miles an hour

999

00:35:58,609 --> 00:35:57,420

um now I'm not entirely sure of the of

1000

00:36:00,829 --> 00:35:58,619

the mass of it because I'm your math

1001  
00:36:02,450 --> 00:36:00,839  
Wizard and I haven't been able to like

1002  
00:36:04,130 --> 00:36:02,460  
kind of check the figures and I'm going

1003  
00:36:05,990 --> 00:36:04,140  
from what other people say on this as

1004  
00:36:08,569 --> 00:36:06,000  
well that it's not necessarily the case

1005  
00:36:11,870 --> 00:36:08,579  
that that was the figure and that maybe

1006  
00:36:14,030 --> 00:36:11,880  
assume a certain set of variables which

1007  
00:36:16,010 --> 00:36:14,040  
may not or may or may not be true again

1008  
00:36:17,030 --> 00:36:16,020  
I'm not entirely sure about that I'm not

1009  
00:36:18,170 --> 00:36:17,040  
an expert

1010  
00:36:21,050 --> 00:36:18,180  
but

1011  
00:36:23,750 --> 00:36:21,060  
the one that they should show is gimbal

1012  
00:36:25,490 --> 00:36:23,760  
because gimbal looks it's one of those

1013  
00:36:26,930 --> 00:36:25,500

that certainly made me set up and take

1014

00:36:28,849 --> 00:36:26,940

notes

1015

00:36:30,230 --> 00:36:28,859

um why doesn't it make them do the same

1016

00:36:32,150 --> 00:36:30,240

why aren't they putting that up and

1017

00:36:35,030 --> 00:36:32,160

saying okay we don't know what this is

1018

00:36:36,770 --> 00:36:35,040

you know it might have a purely sort of

1019

00:36:38,510 --> 00:36:36,780

mundane explanation and there may be

1020

00:36:40,849 --> 00:36:38,520

some truth behind what other people are

1021

00:36:43,490 --> 00:36:40,859

saying that it is I don't necessarily

1022

00:36:46,670 --> 00:36:43,500

believe that myself but you know you

1023

00:36:49,130 --> 00:36:46,680

can't rule it out 100 but at the same

1024

00:36:51,290 --> 00:36:49,140

time it just looks so strange and the

1025

00:36:53,210 --> 00:36:51,300

way it flies the way it turns and when

1026  
00:36:54,530 --> 00:36:53,220  
you hear the audio track about going

1027  
00:36:58,190 --> 00:36:54,540  
against the wind and all this kind of

1028  
00:36:59,810 --> 00:36:58,200  
stuff that it it's the most anomalous of

1029  
00:37:02,150 --> 00:36:59,820  
the recent footage as far as I'm

1030  
00:37:04,790 --> 00:37:02,160  
concerned and therefore why shouldn't it

1031  
00:37:06,650 --> 00:37:04,800  
be put up front and center in a huge

1032  
00:37:09,230 --> 00:37:06,660  
presentation like that where there's a

1033  
00:37:11,690 --> 00:37:09,240  
lot riding on it for them just to own up

1034  
00:37:13,849 --> 00:37:11,700  
and say we don't know what this is

1035  
00:37:15,050 --> 00:37:13,859  
because that would go a long way to

1036  
00:37:17,150 --> 00:37:15,060  
actually address a lot of people's

1037  
00:37:18,589 --> 00:37:17,160  
concerns that NASA

1038  
00:37:21,950 --> 00:37:18,599

um and everybody else by extension

1039

00:37:23,990 --> 00:37:21,960

aren't necessarily 100 behind what

1040

00:37:26,630 --> 00:37:24,000

they're doing you know is it's just a

1041

00:37:28,970 --> 00:37:26,640

kind of you know um a a kind of lip

1042

00:37:30,829 --> 00:37:28,980

service to to people's concerns and

1043

00:37:33,829 --> 00:37:30,839

fears and quests from the truth and all

1044

00:37:35,630 --> 00:37:33,839

the rest of it so is it a case of you

1045

00:37:36,950 --> 00:37:35,640

know they drew they dread some footage

1046

00:37:38,690 --> 00:37:36,960

out where maybe not many people have

1047

00:37:40,310 --> 00:37:38,700

seen it before it's fairly easily

1048

00:37:41,630 --> 00:37:40,320

explainable but they can predict present

1049

00:37:42,890 --> 00:37:41,640

it as

1050

00:37:44,630 --> 00:37:42,900

um you know sort of something which is a

1051  
00:37:46,430 --> 00:37:44,640  
bit of a mystery and then say oh well

1052  
00:37:48,890 --> 00:37:46,440  
this is really what it is and everybody

1053  
00:37:51,349 --> 00:37:48,900  
goes well okay just nods the head and

1054  
00:37:53,329 --> 00:37:51,359  
then they will use that that kind of

1055  
00:37:54,650 --> 00:37:53,339  
knowledge will then tinge everything

1056  
00:37:56,810 --> 00:37:54,660  
else that come out with afterwards

1057  
00:37:58,550 --> 00:37:56,820  
because if that's written off nice and

1058  
00:37:59,510 --> 00:37:58,560  
easily then pretty much everyone else

1059  
00:38:02,150 --> 00:37:59,520  
could be as well because that's how

1060  
00:38:04,130 --> 00:38:02,160  
people think so um you know we're not

1061  
00:38:05,690 --> 00:38:04,140  
talking about people who look inhabit

1062  
00:38:06,770 --> 00:38:05,700  
UFO Twitter here

1063  
00:38:09,890 --> 00:38:06,780

um we're talking about general public

1064

00:38:12,410 --> 00:38:09,900

watching this presentation so you know

1065

00:38:13,730 --> 00:38:12,420

you can see how it's dressed up

1066

00:38:15,109 --> 00:38:13,740

um and then you get a lot of people

1067

00:38:16,849 --> 00:38:15,119

coming on and they've got quite nice

1068

00:38:18,650 --> 00:38:16,859

titles and they're called to be quite

1069

00:38:20,569 --> 00:38:18,660

authoritative and people are got a lot

1070

00:38:22,790 --> 00:38:20,579

of respect probably in the scientific

1071

00:38:24,410 --> 00:38:22,800

scientific Community

1072

00:38:26,630 --> 00:38:24,420

um so yeah people are going to listen to

1073

00:38:28,490 --> 00:38:26,640

what they say now does that mean to say

1074

00:38:31,190 --> 00:38:28,500

they're experts and UFOs well no because

1075

00:38:32,810 --> 00:38:31,200

nobody's an expert at UFOs

1076

00:38:36,710 --> 00:38:32,820

um but

1077

00:38:38,450 --> 00:38:36,720

wow they they do just show this stuff

1078

00:38:40,670 --> 00:38:38,460

that is easily explainable but they

1079

00:38:42,589 --> 00:38:40,680

don't show the stuff that is truly you

1080

00:38:44,630 --> 00:38:42,599

know remarkable and I think they'll be

1081

00:38:46,370 --> 00:38:44,640

much better served every time they have

1082

00:38:48,470 --> 00:38:46,380

one of these it's just putting gimbal up

1083

00:38:51,230 --> 00:38:48,480

every time and saying do we know what

1084

00:38:52,609 --> 00:38:51,240

this is yet and if they don't then go

1085

00:38:54,170 --> 00:38:52,619

away and come back again and the next

1086

00:38:55,730 --> 00:38:54,180

time they put one of these up put it up

1087

00:38:56,690 --> 00:38:55,740

again and say do we know what this is

1088

00:38:58,190 --> 00:38:56,700

yet

1089

00:38:59,450 --> 00:38:58,200

um and that would I think in my eyes

1090

00:39:01,190 --> 00:38:59,460

would give them a lot more Credence

1091

00:39:04,310 --> 00:39:01,200

because they would be looking at

1092

00:39:07,370 --> 00:39:04,320

something truly you know abnormal

1093

00:39:08,870 --> 00:39:07,380

yeah I think it's um it's kind of a

1094

00:39:10,609 --> 00:39:08,880

worrying sign for anybody who's

1095

00:39:13,190 --> 00:39:10,619

interested in this topic and really

1096

00:39:14,990 --> 00:39:13,200

wants answers as well when the majority

1097

00:39:16,849 --> 00:39:15,000

of clips that are shown seem to be

1098

00:39:20,089 --> 00:39:16,859

selected because they have mundane

1099

00:39:23,089 --> 00:39:20,099

explanations like there's a these these

1100

00:39:25,490 --> 00:39:23,099

efforts uh are underway because of the

1101

00:39:27,230 --> 00:39:25,500

clear public interest in this topic I

1102

00:39:29,150 --> 00:39:27,240

mean if you look at like Joe Rogan's

1103

00:39:31,190 --> 00:39:29,160

interviews with various UFO related

1104

00:39:33,230 --> 00:39:31,200

people and the movies that come out

1105

00:39:34,490 --> 00:39:33,240

there's clearly a massive audience for

1106

00:39:37,250 --> 00:39:34,500

this because people are really

1107

00:39:39,589 --> 00:39:37,260

interested in it so then why if if

1108

00:39:41,210 --> 00:39:39,599

that's clear and that is driving these

1109

00:39:42,650 --> 00:39:41,220

efforts at the moment that are going on

1110

00:39:45,109 --> 00:39:42,660

whether it be NASA or Arrow or whatever

1111

00:39:47,450 --> 00:39:45,119

it might be why then would you choose

1112

00:39:49,010 --> 00:39:47,460

the most mundane videos you can find to

1113

00:39:51,050 --> 00:39:49,020

show because there are there are ones

1114

00:39:53,150 --> 00:39:51,060

like Graham said gimbal you know even

1115

00:39:55,069 --> 00:39:53,160

presenting the Nimitz case that are

1116

00:39:56,870 --> 00:39:55,079

clearly already publicly available

1117

00:39:58,310 --> 00:39:56,880

there's nothing classified there they're

1118

00:40:00,410 --> 00:39:58,320

already on the internet why not talk

1119

00:40:02,150 --> 00:40:00,420

about those and point towards them as

1120

00:40:03,710 --> 00:40:02,160

being a clear example of why we should

1121

00:40:05,390 --> 00:40:03,720

be taking this seriously but the ones

1122

00:40:07,250 --> 00:40:05,400

that ended up getting trotted out are

1123

00:40:09,230 --> 00:40:07,260

the boring ones that that you know could

1124

00:40:11,089 --> 00:40:09,240

have other explanations and there's even

1125

00:40:12,890 --> 00:40:11,099

a question there I suppose as to have

1126  
00:40:15,050 --> 00:40:12,900  
they been selected because they have

1127  
00:40:16,550 --> 00:40:15,060  
mundane explanations and they want

1128  
00:40:17,870 --> 00:40:16,560  
people to get all excited about it and

1129  
00:40:20,030 --> 00:40:17,880  
then a couple of months down the line

1130  
00:40:22,910 --> 00:40:20,040  
they can reveal that the prosaic

1131  
00:40:24,770 --> 00:40:22,920  
explanation but it also made me think as

1132  
00:40:27,170 --> 00:40:24,780  
well and this is what I was wanting to

1133  
00:40:30,950 --> 00:40:27,180  
ask ask you Graham as well with your

1134  
00:40:32,329 --> 00:40:30,960  
um historians knowledge of the UFO topic

1135  
00:40:34,970 --> 00:40:32,339  
um I pulled this quote up just to make

1136  
00:40:38,750 --> 00:40:34,980  
sure I got it right a major a major

1137  
00:40:40,849 --> 00:40:38,760  
major General John a Samford in 1952 and

1138  
00:40:43,069 --> 00:40:40,859

said quote there have been a certain

1139

00:40:44,450 --> 00:40:43,079

percentage of this volume of reports

1140

00:40:46,550 --> 00:40:44,460

that have been made by credible

1141

00:40:48,950 --> 00:40:46,560

observers of relatively incredible

1142

00:40:51,170 --> 00:40:48,960

things is this group of observations

1143

00:40:53,390 --> 00:40:51,180

that we are now attempting to resolve

1144

00:40:56,450 --> 00:40:53,400

unquote obviously a well-known kind of

1145

00:41:00,349 --> 00:40:56,460

quote all the way from back in 1952 and

1146

00:41:02,569 --> 00:41:00,359

then Dr Sean Kirkpatrick 2023 quote only

1147

00:41:03,950 --> 00:41:02,579

a very small percentage of UAP reports

1148

00:41:05,930 --> 00:41:03,960

display signatures that could be

1149

00:41:07,609 --> 00:41:05,940

reasonably described as anomalous for

1150

00:41:09,170 --> 00:41:07,619

the few objects that do demonstrate

1151  
00:41:10,970 --> 00:41:09,180  
potentially anomalous characteristics

1152  
00:41:12,710 --> 00:41:10,980  
arrow is approaching these cases with

1153  
00:41:15,470 --> 00:41:12,720  
the highest level of objectivity and

1154  
00:41:16,849 --> 00:41:15,480  
analytic rigor Encore very similar even

1155  
00:41:18,349 --> 00:41:16,859  
though the word is slightly differently

1156  
00:41:19,370 --> 00:41:18,359  
they're basically getting to the same

1157  
00:41:20,750 --> 00:41:19,380  
point you know there's a small

1158  
00:41:22,849 --> 00:41:20,760  
percentage that are really interesting

1159  
00:41:25,730 --> 00:41:22,859  
and we're looking into it but you know

1160  
00:41:27,770 --> 00:41:25,740  
these are how many years is that I think

1161  
00:41:29,630 --> 00:41:27,780  
the years apart I think that's something

1162  
00:41:31,790 --> 00:41:29,640  
they're not saying though to add to

1163  
00:41:34,370 --> 00:41:31,800

those quotes because if you look at the

1164

00:41:36,230 --> 00:41:34,380

Blue Book Special Report number 14 which

1165

00:41:37,490 --> 00:41:36,240

came along in months in 1955 it was

1166

00:41:40,130 --> 00:41:37,500

released

1167

00:41:42,890 --> 00:41:40,140

um and I'm building up to it in except

1168

00:41:44,450 --> 00:41:42,900

identify they did the same kind of thing

1169

00:41:46,550 --> 00:41:44,460

where they said look you know we can

1170

00:41:48,710 --> 00:41:46,560

explain a vast majority of all these

1171

00:41:50,270 --> 00:41:48,720

cases to a certain degree

1172

00:41:52,849 --> 00:41:50,280

um but the thing what they did they did

1173

00:41:55,970 --> 00:41:52,859

say in that report was we can probably

1174

00:41:57,410 --> 00:41:55,980

explain the others the unknown if we had

1175

00:41:59,390 --> 00:41:57,420

more information

1176

00:42:02,030 --> 00:41:59,400

and that'll be the bit that they're not

1177

00:42:03,770 --> 00:42:02,040

saying here it's because you know that's

1178

00:42:05,569 --> 00:42:03,780

what they're looking for and you can see

1179

00:42:08,569 --> 00:42:05,579

that you know arrow and everybody has

1180

00:42:10,130 --> 00:42:08,579

gone before them they're they are to a

1181

00:42:12,230 --> 00:42:10,140

point confused about the the sightings

1182

00:42:14,510 --> 00:42:12,240

that don't make any sense but there will

1183

00:42:16,730 --> 00:42:14,520

be this kind of you know sort of

1184

00:42:18,530 --> 00:42:16,740

background of if we only had more

1185

00:42:20,569 --> 00:42:18,540

information we'd be able to say what

1186

00:42:21,770 --> 00:42:20,579

these were as well and that's what we

1187

00:42:22,970 --> 00:42:21,780

obviously think as well but we're

1188

00:42:24,589 --> 00:42:22,980

looking at from a different point of

1189

00:42:26,329 --> 00:42:24,599

view where where we think that there

1190

00:42:28,069 --> 00:42:26,339

might be something else to it but from

1191

00:42:29,750 --> 00:42:28,079

the scientist point of view you know if

1192

00:42:31,010 --> 00:42:29,760

they've got an unknown that all they

1193

00:42:32,930 --> 00:42:31,020

want to do is narrow it down to

1194

00:42:33,950 --> 00:42:32,940

something because uh it just means that

1195

00:42:35,630 --> 00:42:33,960

they've got they haven't got the

1196

00:42:37,790 --> 00:42:35,640

information to do that and I think

1197

00:42:40,550 --> 00:42:37,800

that's the unspoken thing here I think

1198

00:42:41,990 --> 00:42:40,560

if you pin if you have a pin arrow down

1199

00:42:43,790 --> 00:42:42,000

and maybe some of these other people the

1200

00:42:45,650 --> 00:42:43,800

experts especially those two experts

1201  
00:42:48,050 --> 00:42:45,660  
that trotted off for the um was the

1202  
00:42:49,250 --> 00:42:48,060  
Congress uh thing last year

1203  
00:42:50,690 --> 00:42:49,260  
um you know because they had a similar

1204  
00:42:53,150 --> 00:42:50,700  
thing where they had all these kind of

1205  
00:42:54,770 --> 00:42:53,160  
explainable footage up there

1206  
00:42:57,230 --> 00:42:54,780  
um you know they show the so-called two

1207  
00:43:01,069 --> 00:42:57,240  
experts and I think you know the the

1208  
00:43:02,809 --> 00:43:01,079  
kind of like their sort of opinion I

1209  
00:43:04,250 --> 00:43:02,819  
think might well be you know I might not

1210  
00:43:06,050 --> 00:43:04,260  
be right here but I think their opinion

1211  
00:43:08,089 --> 00:43:06,060  
is probably if we had more information

1212  
00:43:09,829 --> 00:43:08,099  
we'll be able to see what these things

1213  
00:43:12,589 --> 00:43:09,839

were as well and they'd turn out be

1214

00:43:14,930 --> 00:43:12,599

mundane and it's a it's a it's a

1215

00:43:16,550 --> 00:43:14,940

Robinson panel version 2.0 because

1216

00:43:18,950 --> 00:43:16,560

they're

1217

00:43:20,870 --> 00:43:18,960

um your recommendations came along with

1218

00:43:22,970 --> 00:43:20,880

the same things you know all you want to

1219

00:43:24,490 --> 00:43:22,980

do is educate the public show them what

1220

00:43:26,750 --> 00:43:24,500

they're looking at show them the

1221

00:43:28,790 --> 00:43:26,760

misidentifying things that are just

1222

00:43:30,349 --> 00:43:28,800

ordinary and mundane so they're seeing

1223

00:43:33,890 --> 00:43:30,359

aircraft that you know they think you

1224

00:43:35,450 --> 00:43:33,900

know UFOs or something else etc etc

1225

00:43:38,630 --> 00:43:35,460

um you know the Blue Book Special Report

1226

00:43:40,069 --> 00:43:38,640

uh 14 had a similar kind of underlying

1227

00:43:41,809 --> 00:43:40,079

theme to it that there was just you know

1228

00:43:44,150 --> 00:43:41,819

things that were being seen that were

1229

00:43:46,130 --> 00:43:44,160

misidentifications or were just you know

1230

00:43:47,809 --> 00:43:46,140

mundane objects anyway

1231

00:43:50,450 --> 00:43:47,819

um and I'm pretty sure you know there's

1232

00:43:52,910 --> 00:43:50,460

a bit of that thinking here as well

1233

00:43:55,370 --> 00:43:52,920

um because do we know what you know Sean

1234

00:43:56,870 --> 00:43:55,380

Kirkpatrick's feelings are about UFOs

1235

00:43:59,210 --> 00:43:56,880

has he had said anything about them

1236

00:44:00,890 --> 00:43:59,220

before he was picked for this you know

1237

00:44:02,450 --> 00:44:00,900

do we know what he's kind of you know

1238

00:44:04,550 --> 00:44:02,460

his histories in terms of where the

1239

00:44:06,890 --> 00:44:04,560

phenomenon does the other has he had any

1240

00:44:11,270 --> 00:44:06,900

public stance on it beforehand

1241

00:44:12,890 --> 00:44:11,280

um when Eustis and scientists that would

1242

00:44:15,170 --> 00:44:12,900

get interviewed in the 70s and 80s about

1243

00:44:17,270 --> 00:44:15,180

this kind of thing

1244

00:44:20,150 --> 00:44:17,280

um that or people who spoke on the space

1245

00:44:22,490 --> 00:44:20,160

topics such as Sir Patrick Murray in in

1246

00:44:24,589 --> 00:44:22,500

Britain who used to hold uh host the sky

1247

00:44:26,390 --> 00:44:24,599

at night when you were asked about this

1248

00:44:28,190 --> 00:44:26,400

kind of thing they would say oh you know

1249

00:44:29,930 --> 00:44:28,200

there's nothing to it

1250

00:44:32,510 --> 00:44:29,940

um it's just people misidentifying

1251  
00:44:34,130 --> 00:44:32,520  
things yes space is Advanced there could

1252  
00:44:37,190 --> 00:44:34,140  
be other civilizations out there but

1253  
00:44:38,809 --> 00:44:37,200  
they've never visited here so you've got

1254  
00:44:42,050 --> 00:44:38,819  
to get past all that before you get to

1255  
00:44:44,329 --> 00:44:42,060  
people who have a truly open mind

1256  
00:44:46,250 --> 00:44:44,339  
um that might be entirely wrong you know

1257  
00:44:47,870 --> 00:44:46,260  
it could be something that they do have

1258  
00:44:49,910 --> 00:44:47,880  
a Minds that they are willing to

1259  
00:44:52,450 --> 00:44:49,920  
entertain all kinds of suggestions but I

1260  
00:44:54,589 --> 00:44:52,460  
just have this sneaking suspicion that

1261  
00:44:56,270 --> 00:44:54,599  
really when it comes down to it they're

1262  
00:44:58,910 --> 00:44:56,280  
just looking for more information that

1263  
00:45:01,430 --> 00:44:58,920

when they get it we'll say these things

1264

00:45:04,130 --> 00:45:01,440

are just you know misidentifications of

1265

00:45:06,170 --> 00:45:04,140

ordinary objects there's they haven't

1266

00:45:08,390 --> 00:45:06,180

built up the trust with you you don't

1267

00:45:11,150 --> 00:45:08,400

you don't have that trust and I'm not

1268

00:45:12,950 --> 00:45:11,160

I'm not suspicious anyway it's totally

1269

00:45:15,410 --> 00:45:12,960

understandable I mean everything that

1270

00:45:17,329 --> 00:45:15,420

that they've done is consistent with hey

1271

00:45:18,770 --> 00:45:17,339

don't trust them because even if they

1272

00:45:20,450 --> 00:45:18,780

did get answers they're going to house

1273

00:45:22,309 --> 00:45:20,460

that information Silo it and you won't

1274

00:45:24,470 --> 00:45:22,319

get it what it what I would say though

1275

00:45:26,510 --> 00:45:24,480

and sort of answer to I've had this

1276

00:45:30,290 --> 00:45:26,520

conversation with Frank and maybe with

1277

00:45:32,270 --> 00:45:30,300

Nathan but uh I've said rhetorically how

1278

00:45:35,510 --> 00:45:32,280

many hours do you think they spent going

1279

00:45:38,030 --> 00:45:35,520

over videos and selecting very specific

1280

00:45:40,250 --> 00:45:38,040

videos for each one of these engagements

1281

00:45:42,230 --> 00:45:40,260

with the public I could guarantee you

1282

00:45:44,930 --> 00:45:42,240

they've probably had hours of meetings

1283

00:45:47,809 --> 00:45:44,940

about this and probably went over you

1284

00:45:50,270 --> 00:45:47,819

know a couple of dozen different ones

1285

00:45:52,790 --> 00:45:50,280

and the reason that they've chosen the

1286

00:45:54,710 --> 00:45:52,800

ones they have are very specific so in

1287

00:45:57,170 --> 00:45:54,720

order to understand why they chose then

1288

00:46:00,530 --> 00:45:57,180

you have to leave your your perspective

1289

00:46:02,930 --> 00:46:00,540

and go to their perspective and say my

1290

00:46:04,550 --> 00:46:02,940

objective as DJ or Graham or Nathan or

1291

00:46:06,710 --> 00:46:04,560

Frank is that I want to understand

1292

00:46:08,809 --> 00:46:06,720

what's going on and I want a clear

1293

00:46:10,250 --> 00:46:08,819

picture of the best stuff that we're

1294

00:46:13,069 --> 00:46:10,260

looking at visually that they've

1295

00:46:14,750 --> 00:46:13,079

captured so I can get a sense of of what

1296

00:46:18,530 --> 00:46:14,760

this craft is and what its capability is

1297

00:46:21,470 --> 00:46:18,540

their objective is not that for for our

1298

00:46:23,690 --> 00:46:21,480

purp their objective is to give you just

1299

00:46:26,210 --> 00:46:23,700

enough to say that we're showing good

1300

00:46:28,309 --> 00:46:26,220

faith on this topic but we're going to

1301  
00:46:29,329 --> 00:46:28,319  
give you something that's ambiguous and

1302  
00:46:32,569 --> 00:46:29,339  
refutable

1303  
00:46:34,190 --> 00:46:32,579  
if you look at them they chose what I

1304  
00:46:36,890 --> 00:46:34,200  
think is one of the most amazing videos

1305  
00:46:39,530 --> 00:46:36,900  
I've ever seen in this topic is the

1306  
00:46:42,290 --> 00:46:39,540  
Jeremy Corbell pyramid video not

1307  
00:46:44,930 --> 00:46:42,300  
triangle but pyramid video and they know

1308  
00:46:47,750 --> 00:46:44,940  
that that has been widely disputed

1309  
00:46:50,210 --> 00:46:47,760  
debunked not believed

1310  
00:46:52,430 --> 00:46:50,220  
um and that if you were to go over if

1311  
00:46:54,109 --> 00:46:52,440  
you were to take the whole of the UFO

1312  
00:46:56,450 --> 00:46:54,119  
Community you would be at least

1313  
00:46:58,970 --> 00:46:56,460

three-fourths on the side that says this

1314

00:47:00,829 --> 00:46:58,980

is nothing it's a it's a and a to do

1315

00:47:02,329 --> 00:47:00,839

with the aperture of the device they

1316

00:47:04,309 --> 00:47:02,339

were looking at through Etc are the

1317

00:47:06,290 --> 00:47:04,319

camera et cetera et cetera et cetera so

1318

00:47:10,670 --> 00:47:06,300

so they picked that one they picked the

1319

00:47:12,829 --> 00:47:10,680

one where they kept having to ask uh uh

1320

00:47:14,510 --> 00:47:12,839

um I can remember during the hearings

1321

00:47:16,309 --> 00:47:14,520

hey can you rewind let me see that again

1322

00:47:18,770 --> 00:47:16,319

it's going past the cockpit too quickly

1323

00:47:20,510 --> 00:47:18,780

you can't see anything so everyone then

1324

00:47:22,309 --> 00:47:20,520

the the one this time with those three

1325

00:47:23,870 --> 00:47:22,319

objects it's like wait what are they

1326

00:47:26,750 --> 00:47:23,880

doing here I I don't even know what I'm

1327

00:47:28,670 --> 00:47:26,760

looking at so all of those were chosen

1328

00:47:30,890 --> 00:47:28,680

the only one that was decent was the one

1329

00:47:33,349 --> 00:47:30,900

that you talked about with the uh the

1330

00:47:35,809 --> 00:47:33,359

metallic orb which is really interesting

1331

00:47:37,730 --> 00:47:35,819

because uh it was picked up on rain and

1332

00:47:39,650 --> 00:47:37,740

it means when he says metallic it's

1333

00:47:41,930 --> 00:47:39,660

picked up on radar that's good because

1334

00:47:44,150 --> 00:47:41,940

sometimes what if it's just an orb of

1335

00:47:46,430 --> 00:47:44,160

light but but a radar sweep is not able

1336

00:47:49,190 --> 00:47:46,440

to capture that so you you know you have

1337

00:47:52,250 --> 00:47:49,200

some corroborative uh sensor data there

1338

00:47:55,250 --> 00:47:52,260

in terms of uh uh a radar

1339

00:47:57,589 --> 00:47:55,260

so their objective is not to give you

1340

00:48:00,290 --> 00:47:57,599

exactly what would make all of us look

1341

00:48:02,750 --> 00:48:00,300

at it and say oh that's clearly an

1342

00:48:04,609 --> 00:48:02,760

anomalous craft that's doing something

1343

00:48:06,230 --> 00:48:04,619

that we don't see airplanes do so man

1344

00:48:08,510 --> 00:48:06,240

this is like and the government's given

1345

00:48:10,010 --> 00:48:08,520

it to me so I know it's legit that's not

1346

00:48:12,170 --> 00:48:10,020

what they're that's not their objective

1347

00:48:15,109 --> 00:48:12,180

their objective is to give you just

1348

00:48:17,210 --> 00:48:15,119

enough to keep good faith and slowly

1349

00:48:19,430 --> 00:48:17,220

slowly Nathan talked about this on

1350

00:48:21,770 --> 00:48:19,440

liminal frames for those of you who want

1351

00:48:24,589 --> 00:48:21,780

to um uh go go back and listen to he and

1352

00:48:26,630 --> 00:48:24,599

EXO they're going to slowly drip this

1353

00:48:29,030 --> 00:48:26,640

out until more and more people are

1354

00:48:31,250 --> 00:48:29,040

talking about it at the water cooler Etc

1355

00:48:32,690 --> 00:48:31,260

so anyway that's that's what they're

1356

00:48:35,089 --> 00:48:32,700

trying to do which is different than

1357

00:48:37,730 --> 00:48:35,099

what we want so we're we're misaligned

1358

00:48:40,490 --> 00:48:37,740

in what our goals are

1359

00:48:42,650 --> 00:48:40,500

so anyway I just want to throw this out

1360

00:48:45,770 --> 00:48:42,660

there we got about 10 minutes left 12

1361

00:48:49,130 --> 00:48:45,780

minutes left so if I want to go around

1362

00:48:51,770 --> 00:48:49,140

the horn with uh anything that uh people

1363

00:48:55,569 --> 00:48:51,780

want to consider etc etc starting with

1364

00:49:01,609 --> 00:49:00,050

thank you sir uh yeah I mean uh okay so

1365

00:49:02,990 --> 00:49:01,619

I I know we're gonna go around the horn

1366

00:49:04,309 --> 00:49:03,000

I want to give us some brief thoughts on

1367

00:49:05,990 --> 00:49:04,319

just what we just what we talked about

1368

00:49:08,450 --> 00:49:06,000

with the NASA thing and because I know

1369

00:49:11,510 --> 00:49:08,460

it is it's such a Hot Topic

1370

00:49:15,530 --> 00:49:11,520

um I I like it I think it's good I think

1371

00:49:18,950 --> 00:49:15,540

we we need uh dry boring rigorous

1372

00:49:20,809 --> 00:49:18,960

science to be taking this seriously and

1373

00:49:23,030 --> 00:49:20,819

as much as those of us in the community

1374

00:49:24,890 --> 00:49:23,040

that you know we can bemoan this and and

1375

00:49:27,650 --> 00:49:24,900

hate that it's not going as fast as we

1376

00:49:29,990 --> 00:49:27,660

might like we need those serious

1377

00:49:31,430 --> 00:49:30,000

academics to enter into the conversation

1378

00:49:34,250 --> 00:49:31,440

and they're only going to enter into the

1379

00:49:36,470 --> 00:49:34,260

conversation if they can do it in this

1380

00:49:39,770 --> 00:49:36,480

very methodical slow

1381

00:49:42,410 --> 00:49:39,780

you know bore you to sleep process

1382

00:49:44,990 --> 00:49:42,420

um because that that's how they approach

1383

00:49:46,849 --> 00:49:45,000

science generally and and in this topic

1384

00:49:48,050 --> 00:49:46,859

in particular has such a stigma on it

1385

00:49:50,329 --> 00:49:48,060

they talked about stigma at the

1386

00:49:52,309 --> 00:49:50,339

beginning of the entire panel their

1387

00:49:53,990 --> 00:49:52,319

entire careers or their uh their

1388

00:49:56,630 --> 00:49:54,000

disciplines have a tremendous amount of

1389

00:49:58,250 --> 00:49:56,640

stigma even preventing them from taking

1390

00:49:59,630 --> 00:49:58,260

it seriously so

1391

00:50:01,069 --> 00:49:59,640

the fact that they're there the fact

1392

00:50:03,290 --> 00:50:01,079

that they're willing to look at this and

1393

00:50:04,670 --> 00:50:03,300

and not play The X-Files music and I

1394

00:50:06,710 --> 00:50:04,680

know I'm sure some of them are having

1395

00:50:08,690 --> 00:50:06,720

the Snicker Factor about it even if they

1396

00:50:10,309 --> 00:50:08,700

aren't saying that publicly they still

1397

00:50:11,930 --> 00:50:10,319

privately think oh my gosh you know I

1398

00:50:15,410 --> 00:50:11,940

have to look at this stupid UFO stuff

1399

00:50:18,050 --> 00:50:15,420

all that said is the the benefit of it I

1400

00:50:22,430 --> 00:50:18,060

think is that by by approaching it from

1401

00:50:24,589 --> 00:50:22,440

that very uh stayed banal sort of

1402

00:50:25,910 --> 00:50:24,599

perspective eventually they're

1403

00:50:26,870 --> 00:50:25,920

confronted with something that they

1404

00:50:31,490 --> 00:50:26,880

cannot

1405

00:50:34,370 --> 00:50:31,500

anymore so if they've if they've applied

1406

00:50:36,950 --> 00:50:34,380

every degree of scientific rigor toward

1407

00:50:39,589 --> 00:50:36,960

an anomalous event as Kirkpatrick

1408

00:50:42,470 --> 00:50:39,599

alluded to that very small percentage of

1409

00:50:45,349 --> 00:50:42,480

of events that have good data and are

1410

00:50:47,930 --> 00:50:45,359

seemingly performing in anomalous ways

1411

00:50:49,790 --> 00:50:47,940

those are the cases that that you cannot

1412

00:50:51,290 --> 00:50:49,800

ignore and that's what we would want as

1413

00:50:53,510 --> 00:50:51,300

the public we would want them to be able

1414

00:50:55,970 --> 00:50:53,520

to say yeah we've ruled out all this

1415

00:50:58,549 --> 00:50:55,980

stuff we've done every single thing you

1416

00:51:00,770 --> 00:50:58,559

can possibly imagine to Discount and

1417

00:51:04,370 --> 00:51:00,780

write off whatever this encounter

1418

00:51:06,770 --> 00:51:04,380

happens to be and and and and we still

1419

00:51:08,450 --> 00:51:06,780

have no idea how it's doing what it is

1420

00:51:10,910 --> 00:51:08,460

doing and then that that tells you that

1421

00:51:14,030 --> 00:51:10,920

gives the public a sense of oh geez like

1422

00:51:15,470 --> 00:51:14,040

it's past every single scientific uh you

1423

00:51:17,990 --> 00:51:15,480

know process that we can throw at it

1424

00:51:21,230 --> 00:51:18,000

therefore it must be something that we

1425

00:51:23,450 --> 00:51:21,240

just do not understand uh and then that

1426  
00:51:25,849 --> 00:51:23,460  
leads to a whole host of other questions

1427  
00:51:29,030 --> 00:51:25,859  
which follow the other thing I will say

1428  
00:51:31,790 --> 00:51:29,040  
is I I think it's it's really timely

1429  
00:51:34,549 --> 00:51:31,800  
that we have this NASA panel stood up

1430  
00:51:37,069 --> 00:51:34,559  
that we have this very public-facing

1431  
00:51:39,890 --> 00:51:37,079  
effort underway that's what we would

1432  
00:51:42,650 --> 00:51:39,900  
want to be in place before other bigger

1433  
00:51:45,290 --> 00:51:42,660  
kinds of Revelations might be

1434  
00:51:46,370 --> 00:51:45,300  
coming right we and here I'm just

1435  
00:51:47,990 --> 00:51:46,380  
talking about the thing that Chris

1436  
00:51:50,750 --> 00:51:48,000  
Mellon said in Politico you know that

1437  
00:51:53,270 --> 00:51:50,760  
he's had very credible Witnesses on the

1438  
00:51:55,970 --> 00:51:53,280

inside who he has referred to Congress

1439

00:51:58,130 --> 00:51:55,980

who he has referred to Arrow who have

1440

00:52:00,290 --> 00:51:58,140

indicated to him they have been working

1441

00:52:03,109 --> 00:52:00,300

on Crash retrieval and reverse

1442

00:52:04,970 --> 00:52:03,119

engineering projects so what happens if

1443

00:52:06,950 --> 00:52:04,980

we get more and more announcements like

1444

00:52:08,990 --> 00:52:06,960

that not just from the partisans like

1445

00:52:10,309 --> 00:52:09,000

Chris Mellon or Lou Elizondo the people

1446

00:52:12,410 --> 00:52:10,319

who've always been beating this drum

1447

00:52:14,630 --> 00:52:12,420

forever but from other names what

1448

00:52:16,549 --> 00:52:14,640

happens if we have that and then the

1449

00:52:18,829 --> 00:52:16,559

Public's like oh crap you know I hope we

1450

00:52:20,569 --> 00:52:18,839

have hope we have some some smart people

1451  
00:52:22,730 --> 00:52:20,579  
who are already thinking about this well

1452  
00:52:25,010 --> 00:52:22,740  
it turns out we do we have a whole panel

1453  
00:52:26,390 --> 00:52:25,020  
of smart people from NASA an

1454  
00:52:28,430 --> 00:52:26,400  
organization with an incredible

1455  
00:52:30,770 --> 00:52:28,440  
reputation not just in the United States

1456  
00:52:33,170 --> 00:52:30,780  
but around the world we've got a panel

1457  
00:52:35,510 --> 00:52:33,180  
of experts and fortunately they're here

1458  
00:52:38,030 --> 00:52:35,520  
to take a look at this and to take it

1459  
00:52:40,130 --> 00:52:38,040  
very seriously you would want that in

1460  
00:52:43,089 --> 00:52:40,140  
place as opposed to being hey here's a

1461  
00:52:45,230 --> 00:52:43,099  
massive Revelation from some

1462  
00:52:47,270 --> 00:52:45,240  
non-partisan people and then everybody

1463  
00:52:49,190 --> 00:52:47,280

being flat-footed being like oh crap we

1464

00:52:50,630 --> 00:52:49,200

don't have anybody dedicated I guess

1465

00:52:53,210 --> 00:52:50,640

we're really behind the eight ball here

1466

00:52:54,950 --> 00:52:53,220

well no we do so the pieces are

1467

00:52:56,930 --> 00:52:54,960

improving the the pieces on the

1468

00:52:58,430 --> 00:52:56,940

chessboard are moving and they're in

1469

00:53:00,589 --> 00:52:58,440

place and I think that that's what we

1470

00:53:02,450 --> 00:53:00,599

want to see it is glacially slow and

1471

00:53:04,730 --> 00:53:02,460

it's annoying I know for all of us

1472

00:53:07,010 --> 00:53:04,740

who've been you know fans of this topic

1473

00:53:09,770 --> 00:53:07,020

forever but I would argue it has to be

1474

00:53:10,910 --> 00:53:09,780

and it has to roll out in this way for

1475

00:53:15,890 --> 00:53:10,920

the world

1476

00:53:17,930 --> 00:53:15,900

prepared for something as big of an

1477

00:53:19,430 --> 00:53:17,940

announcement as what we those of us on

1478

00:53:21,710 --> 00:53:19,440

the inside are you know who who have

1479

00:53:23,630 --> 00:53:21,720

been fans of this topic forever what we

1480

00:53:25,549 --> 00:53:23,640

think is is going to happen here

1481

00:53:28,970 --> 00:53:25,559

I just want to say I couldn't agree more

1482

00:53:31,970 --> 00:53:28,980

I think that well it's frustrating to

1483

00:53:34,309 --> 00:53:31,980

agree with that position but yes so

1484

00:53:37,010 --> 00:53:34,319

Frank uh to take it away on that that

1485

00:53:39,109 --> 00:53:37,020

topic and then it'll go to Graham

1486

00:53:40,730 --> 00:53:39,119

yeah I'll try and keep this relatively

1487

00:53:42,770 --> 00:53:40,740

brief because I could probably go off on

1488

00:53:46,549 --> 00:53:42,780

one in a few different directions here

1489

00:53:48,530 --> 00:53:46,559

but I think yeah I mean my my thinking

1490

00:53:50,030 --> 00:53:48,540

with it again going back to that kind of

1491

00:53:51,770 --> 00:53:50,040

frustration with the processes and

1492

00:53:53,270 --> 00:53:51,780

things like that I do agree Nathan with

1493

00:53:55,970 --> 00:53:53,280

what you're saying that it is definitely

1494

00:53:58,609 --> 00:53:55,980

good to have this kind of you know very

1495

00:53:59,809 --> 00:53:58,619

dry kind of scientific process there and

1496

00:54:01,549 --> 00:53:59,819

all the rest of it and the knock-on

1497

00:54:04,190 --> 00:54:01,559

effect of the way that ripples out into

1498

00:54:05,870 --> 00:54:04,200

you know the wider world as well it

1499

00:54:07,910 --> 00:54:05,880

definitely has you know a positive

1500

00:54:09,349 --> 00:54:07,920

impact in terms of you know spreading

1501  
00:54:11,870 --> 00:54:09,359  
the word about the topic and things like

1502  
00:54:13,309 --> 00:54:11,880  
that and all the rest of it but I think

1503  
00:54:15,650 --> 00:54:13,319  
again going back to the frustrations

1504  
00:54:18,109 --> 00:54:15,660  
thing is that we already kind of have

1505  
00:54:20,210 --> 00:54:18,119  
those cases or that case in my opinion

1506  
00:54:21,950 --> 00:54:20,220  
which is the Nimitz case you know in

1507  
00:54:24,230 --> 00:54:21,960  
terms of it's got pretty much everything

1508  
00:54:25,970 --> 00:54:24,240  
that you that you could want and if you

1509  
00:54:28,010 --> 00:54:25,980  
were going to do

1510  
00:54:29,930 --> 00:54:28,020  
um a rigorous scientific investigation

1511  
00:54:31,490 --> 00:54:29,940  
into this topic the first thing you

1512  
00:54:34,849 --> 00:54:31,500  
would do is go after the best case

1513  
00:54:36,710 --> 00:54:34,859

that's got all of the data there and as

1514

00:54:38,690 --> 00:54:36,720

as Scott Bray said in the in the the

1515

00:54:41,329 --> 00:54:38,700

Congressional hearing they have actually

1516

00:54:43,370 --> 00:54:41,339

reviewed uh at least Scott Brady with

1517

00:54:45,170 --> 00:54:43,380

the UAP task force it's not clear how

1518

00:54:47,690 --> 00:54:45,180

much of that was passed across to shot

1519

00:54:49,190 --> 00:54:47,700

Patrick in his office but Scott Bray did

1520

00:54:51,109 --> 00:54:49,200

say that they'd reviewed the classified

1521

00:54:53,510 --> 00:54:51,119

data as well as the publicly available

1522

00:54:55,670 --> 00:54:53,520

data and all the witness testimony and

1523

00:54:58,010 --> 00:54:55,680

that case was still unidentified and

1524

00:55:00,109 --> 00:54:58,020

considered to be anomalous and if I was

1525

00:55:02,089 --> 00:55:00,119

doing a scientific investigation I'd

1526  
00:55:03,829 --> 00:55:02,099  
just go there I mean you know we say it

1527  
00:55:05,510 --> 00:55:03,839  
a lot don't we you only need one case to

1528  
00:55:07,970 --> 00:55:05,520  
be truly anomalous in order to make a

1529  
00:55:10,309 --> 00:55:07,980  
case for it you know and for me that's

1530  
00:55:11,930 --> 00:55:10,319  
the case and and that's where I would

1531  
00:55:13,490 --> 00:55:11,940  
like you know hear about Kirkpatrick

1532  
00:55:15,710 --> 00:55:13,500  
with arrow and everything like that and

1533  
00:55:17,990 --> 00:55:15,720  
not having the accesses that they need

1534  
00:55:19,490 --> 00:55:18,000  
to get to the ic's best center systems

1535  
00:55:20,930 --> 00:55:19,500  
and all the rest of it let's just do

1536  
00:55:23,210 --> 00:55:20,940  
that forget about all the rest of it

1537  
00:55:25,069 --> 00:55:23,220  
let's just go for that case and find

1538  
00:55:27,170 --> 00:55:25,079

that data and even if you can't reveal

1539

00:55:29,089 --> 00:55:27,180

to the public you know what the data

1540

00:55:31,309 --> 00:55:29,099

consists of even if you can just say

1541

00:55:33,290 --> 00:55:31,319

very very clearly you know we've looked

1542

00:55:35,270 --> 00:55:33,300

at this data and it's unambiguously

1543

00:55:37,670 --> 00:55:35,280

something really anomalous and so on

1544

00:55:39,650 --> 00:55:37,680

let's get the best and brightest in to

1545

00:55:41,270 --> 00:55:39,660

analyze the data you know that's that's

1546

00:55:42,829 --> 00:55:41,280

what I would like to see anyway I think

1547

00:55:45,230 --> 00:55:42,839

I'll leave it there otherwise I'll go on

1548

00:55:51,770 --> 00:55:49,490

my uh yeah thank you uh my um

1549

00:55:55,069 --> 00:55:51,780

frustration is the probably the lack of

1550

00:55:56,750 --> 00:55:55,079

a Chris melon Lou Alexander Ryan Graves

1551  
00:55:58,849 --> 00:55:56,760  
from Britain

1552  
00:56:01,970 --> 00:55:58,859  
uh that we don't have people like that

1553  
00:56:04,490 --> 00:56:01,980  
who have been close to what's been going

1554  
00:56:06,470 --> 00:56:04,500  
on what's truly been going on

1555  
00:56:08,329 --> 00:56:06,480  
um in terms of your proper kind of

1556  
00:56:09,589 --> 00:56:08,339  
Investigations not not necessarily

1557  
00:56:11,150 --> 00:56:09,599  
somebody

1558  
00:56:13,370 --> 00:56:11,160  
um in an office somewhere but actually

1559  
00:56:16,130 --> 00:56:13,380  
somebody doing physical and in the field

1560  
00:56:17,809 --> 00:56:16,140  
investigations into what's been going

1561  
00:56:20,510 --> 00:56:17,819  
that have been happening

1562  
00:56:22,190 --> 00:56:20,520  
and we don't have that here we have

1563  
00:56:23,930 --> 00:56:22,200

people who have been on the edge of this

1564

00:56:25,609 --> 00:56:23,940

so we've had people who have you know

1565

00:56:27,890 --> 00:56:25,619

worked a desk in Whitehall and taken

1566

00:56:31,730 --> 00:56:27,900

telephone calls and have passed on

1567

00:56:34,250 --> 00:56:31,740

messages to other agencies who have you

1568

00:56:35,990 --> 00:56:34,260

know very strange designations and to

1569

00:56:37,849 --> 00:56:36,000

all intents and purposes are so secret

1570

00:56:39,290 --> 00:56:37,859

that um you can't get any information

1571

00:56:40,609 --> 00:56:39,300

out them

1572

00:56:42,829 --> 00:56:40,619

um you know you can't get freedom

1573

00:56:44,150 --> 00:56:42,839

information requests um you know to find

1574

00:56:46,309 --> 00:56:44,160

out what they've done and what they've

1575

00:56:49,250 --> 00:56:46,319

published and all the rest of it

1576

00:56:51,049 --> 00:56:49,260

um so yeah it's a complete Enigma and

1577

00:56:52,430 --> 00:56:51,059

the information that does come out

1578

00:56:54,829 --> 00:56:52,440

um you know we can't really make much

1579

00:56:56,569 --> 00:56:54,839

sense of it so we've got a whole lot of

1580

00:56:58,250 --> 00:56:56,579

stuff in this country in the UK that

1581

00:57:01,190 --> 00:56:58,260

we're still trying to sift through we

1582

00:57:03,710 --> 00:57:01,200

have cases here which are completely you

1583

00:57:05,809 --> 00:57:03,720

know ambiguous such as the Calvin case

1584

00:57:07,730 --> 00:57:05,819

so you know in fact there's talking

1585

00:57:10,549 --> 00:57:07,740

about the Nimitz encounters from

1586

00:57:14,390 --> 00:57:10,559

November 2004 we have a case from August

1587

00:57:15,950 --> 00:57:14,400

1990 that we're still figuring out you

1588

00:57:17,750 --> 00:57:15,960

know trying to figure out what it was

1589

00:57:22,150 --> 00:57:17,760

and what it was doing in the middle of

1590

00:57:24,410 --> 00:57:22,160

Scotland one August evening in in 1990

1591

00:57:25,670 --> 00:57:24,420

there's a photograph now which has

1592

00:57:27,290 --> 00:57:25,680

appeared that the national two

1593

00:57:30,410 --> 00:57:27,300

photograph rather than an artist

1594

00:57:32,089 --> 00:57:30,420

reconstruction and actually the two are

1595

00:57:34,490 --> 00:57:32,099

fairly similar although the backgrounds

1596

00:57:37,130 --> 00:57:34,500

are difficult uh different rather but

1597

00:57:39,349 --> 00:57:37,140

you know again what was that that's

1598

00:57:42,349 --> 00:57:39,359

something else truly um you know kind of

1599

00:57:44,390 --> 00:57:42,359

mysterious that nobody really knows what

1600

00:57:46,609 --> 00:57:44,400

it was either so we've got a lot of

1601  
00:57:48,530 --> 00:57:46,619  
things which are a very very strange in

1602  
00:57:51,829 --> 00:57:48,540  
this country but we don't have the same

1603  
00:57:54,410 --> 00:57:51,839  
level of I guess people who were so

1604  
00:57:55,490 --> 00:57:54,420  
close to it that we can call upon you

1605  
00:57:57,410 --> 00:57:55,500  
know not that they can gain from

1606  
00:57:59,870 --> 00:57:57,420  
information because of ndas and things

1607  
00:58:02,030 --> 00:57:59,880  
like that but we don't have people who

1608  
00:58:04,490 --> 00:58:02,040  
have an inkling

1609  
00:58:06,109 --> 00:58:04,500  
um or some first-hand knowledge of

1610  
00:58:07,849 --> 00:58:06,119  
what's been going on behind the scenes

1611  
00:58:10,010 --> 00:58:07,859  
and I wish we did

1612  
00:58:11,569 --> 00:58:10,020  
Graham it's a it's a reflection of the

1613  
00:58:14,270 --> 00:58:11,579

difference in our society and our

1614

00:58:17,030 --> 00:58:14,280

culture America you know the the child

1615

00:58:19,730 --> 00:58:17,040

of of original child of Britain it's a

1616

00:58:22,069 --> 00:58:19,740

very combative Society it's a society

1617

00:58:24,349 --> 00:58:22,079

that's uh very rebellious and you can

1618

00:58:25,910 --> 00:58:24,359

see with what Lou did and what what

1619

00:58:27,829 --> 00:58:25,920

Christopher did and what some of these

1620

00:58:29,329 --> 00:58:27,839

guys did is they said you know Lucid

1621

00:58:33,589 --> 00:58:29,339

through this I'm giving up my job over

1622

00:58:35,630 --> 00:58:33,599

this I mean so and and plus the the art

1623

00:58:37,670 --> 00:58:35,640

of secrecy is something that we learned

1624

00:58:40,130 --> 00:58:37,680

from the British and you guys are still

1625

00:58:41,750 --> 00:58:40,140

the masters of it and so people don't

1626  
00:58:43,910 --> 00:58:41,760  
want to come out and there are people

1627  
00:58:46,490 --> 00:58:43,920  
there but they have made the decision

1628  
00:58:48,829 --> 00:58:46,500  
that they're going to allow the U.S to

1629  
00:58:51,349 --> 00:58:48,839  
to lead the way on this for whatever

1630  
00:58:53,630 --> 00:58:51,359  
their reasons are they're not I've said

1631  
00:58:56,089 --> 00:58:53,640  
before nobody's preventing anybody in

1632  
00:58:58,250 --> 00:58:56,099  
the British uh hierarchy from talking

1633  
00:59:00,230 --> 00:58:58,260  
about this that's their decision for

1634  
00:59:02,690 --> 00:59:00,240  
what whatever discussions they've had

1635  
00:59:04,970 --> 00:59:02,700  
and we could say we asked Baptiste about

1636  
00:59:06,530 --> 00:59:04,980  
this he I we asked him why aren't the

1637  
00:59:08,510 --> 00:59:06,540  
French he said do we have a program he

1638  
00:59:11,150 --> 00:59:08,520

said yeah France has a program Ram we

1639

00:59:13,250 --> 00:59:11,160

have information where there I believe

1640

00:59:14,750 --> 00:59:13,260

that they're happy to let the US and and

1641

00:59:16,730 --> 00:59:14,760

I think Baptiste knows what the hell

1642

00:59:18,770 --> 00:59:16,740

he's talking about given the positions

1643

00:59:20,809 --> 00:59:18,780

that he holds and he says they're happy

1644

00:59:22,789 --> 00:59:20,819

to let the U.S lead the way to on this

1645

00:59:24,710 --> 00:59:22,799

topic and not talk about it we can say

1646

00:59:27,470 --> 00:59:24,720

the same of Spain we could say the same

1647

00:59:30,530 --> 00:59:27,480

obviously of the Italians given what Lou

1648

00:59:33,289 --> 00:59:30,540

told us the Russians uh we could say the

1649

00:59:36,530 --> 00:59:33,299

Chinese so we could say any number of

1650

00:59:37,910 --> 00:59:36,540

countries have decided that uh it's not

1651  
00:59:40,010 --> 00:59:37,920  
in their interest to reveal this

1652  
00:59:41,750 --> 00:59:40,020  
information for whatever that reason is

1653  
00:59:42,950 --> 00:59:41,760  
I don't know because I'm not part of

1654  
00:59:45,950 --> 00:59:42,960  
their culture

1655  
00:59:47,930 --> 00:59:45,960  
but they've the U.S this combative

1656  
00:59:48,589 --> 00:59:47,940  
violent

1657  
00:59:51,530 --> 00:59:48,599  
um

1658  
00:59:52,670 --> 00:59:51,540  
rebellious group that we are we've

1659  
00:59:54,710 --> 00:59:52,680  
decided we're not going to take it

1660  
00:59:56,809 --> 00:59:54,720  
anymore and now here we are so we're

1661  
00:59:58,069 --> 00:59:56,819  
we're a little bit ahead on on it in

1662  
00:59:59,930 --> 00:59:58,079  
terms of it but yeah it would be great

1663  
01:00:01,910 --> 00:59:59,940

if other countries would say we're going

1664

01:00:03,530 --> 01:00:01,920

to just well that would answer you know

1665

01:00:04,970 --> 01:00:03,540

a lot of questions but a lot of

1666

01:00:07,730 --> 01:00:04,980

countries just for whatever their

1667

01:00:10,010 --> 01:00:07,740

reasons are don't want to I don't think

1668

01:00:12,170 --> 01:00:10,020

the U.S is forcing them I think they

1669

01:00:13,730 --> 01:00:12,180

have agency to do what they want to do

1670

01:00:15,829 --> 01:00:13,740

but they've decided it's not in their

1671

01:00:19,010 --> 01:00:15,839

interest to do so and they're in unison

1672

01:00:22,130 --> 01:00:19,020

by the way it's not there's no Rogue

1673

01:00:25,130 --> 01:00:22,140

country except us so anyway

1674

01:00:26,809 --> 01:00:25,140

um let's go with uh

1675

01:00:30,470 --> 01:00:26,819

um Nathan did you

1676

01:00:33,170 --> 01:00:30,480

uh remind me of where we're at um we

1677

01:00:34,549 --> 01:00:33,180

pass it to uh Frank yeah yeah do you

1678

01:00:35,770 --> 01:00:34,559

have anything you want us to consider

1679

01:00:41,630 --> 01:00:35,780

Frank

1680

01:00:41,640 --> 01:00:46,730

these are on mute mate

1681

01:00:51,950 --> 01:00:49,730

oh there we go school by Era that's

1682

01:00:54,410 --> 01:00:51,960

amazing

1683

01:00:56,809 --> 01:00:54,420

um but yeah no not nothing in particular

1684

01:00:59,089 --> 01:00:56,819

really I think it's quite an interesting

1685

01:01:02,030 --> 01:00:59,099

discussion going on in the The Wider

1686

01:01:04,309 --> 01:01:02,040

Community the UFO community that is at

1687

01:01:05,809 --> 01:01:04,319

the moment is to you know something's

1688

01:01:08,150 --> 01:01:05,819

coming this is something that

1689

01:01:10,730 --> 01:01:08,160

everybody's discussing but there's not

1690

01:01:13,549 --> 01:01:10,740

actually a very clear indication of of

1691

01:01:14,809 --> 01:01:13,559

exactly what that's going to be and you

1692

01:01:16,970 --> 01:01:14,819

know there's there's so many different

1693

01:01:18,890 --> 01:01:16,980

trains of thought on this

1694

01:01:21,049 --> 01:01:18,900

um and and Nathan you'd mentioned uh

1695

01:01:22,010 --> 01:01:21,059

just earlier on about having things like

1696

01:01:24,109 --> 01:01:22,020

this

1697

01:01:26,630 --> 01:01:24,119

um NASA investigation and the arrow

1698

01:01:29,089 --> 01:01:26,640

office and bodies of you know of uh

1699

01:01:31,430 --> 01:01:29,099

officials and whatnot and

1700

01:01:32,930 --> 01:01:31,440

um you know scientists and academics and

1701

01:01:35,990 --> 01:01:32,940

things being engaged with the topic and

1702

01:01:38,870 --> 01:01:36,000

that will be good to have in place if

1703

01:01:41,390 --> 01:01:38,880

some kind of Revelation is uh you know

1704

01:01:44,390 --> 01:01:41,400

presented to to the to the public across

1705

01:01:45,530 --> 01:01:44,400

the world I suppose I'd like to to ask

1706

01:01:48,049 --> 01:01:45,540

you you know if you've got any thoughts

1707

01:01:49,789 --> 01:01:48,059

on like where that Revelation is going

1708

01:01:52,309 --> 01:01:49,799

to come from do you tend to think that

1709

01:01:53,690 --> 01:01:52,319

it's more like an Insider that's going

1710

01:01:55,370 --> 01:01:53,700

to come out from a whistleblower point

1711

01:01:58,910 --> 01:01:55,380

of view are we going to see some kind of

1712

01:02:01,010 --> 01:01:58,920

direct Revelation from whatever others

1713

01:02:03,349 --> 01:02:01,020

might be visiting the planet or is it

1714

01:02:05,450 --> 01:02:03,359

going to be like an official a Podium

1715

01:02:07,309 --> 01:02:05,460

what do you think

1716

01:02:08,510 --> 01:02:07,319

yeah good question

1717

01:02:11,210 --> 01:02:08,520

um

1718

01:02:13,609 --> 01:02:11,220

I I think it's going to come from a

1719

01:02:16,910 --> 01:02:13,619

variety of places some of which are

1720

01:02:18,890 --> 01:02:16,920

familiar to us uh Chris Mellon I gave

1721

01:02:20,450 --> 01:02:18,900

that example that's one that you know

1722

01:02:21,430 --> 01:02:20,460

Chris is always out there trying to move

1723

01:02:23,870 --> 01:02:21,440

the ball

1724

01:02:26,390 --> 01:02:23,880

downfield and and I appreciate his

1725

01:02:28,309 --> 01:02:26,400

efforts in that regard not letting us

1726

01:02:30,829 --> 01:02:28,319

forget about what is happening and

1727

01:02:32,930 --> 01:02:30,839

because of his connections and his high

1728

01:02:34,970 --> 01:02:32,940

profile he's able to you know to

1729

01:02:37,730 --> 01:02:34,980

disseminate information and be taken

1730

01:02:39,109 --> 01:02:37,740

more seriously than than some others

1731

01:02:41,870 --> 01:02:39,119

um so there'll be I think we'll hear

1732

01:02:43,670 --> 01:02:41,880

from voices like Chris uh who have been

1733

01:02:45,829 --> 01:02:43,680

you know champions of this I mean Gary

1734

01:02:48,049 --> 01:02:45,839

Nolan too is a recent example who've

1735

01:02:49,549 --> 01:02:48,059

been who's been very vocal

1736

01:02:51,410 --> 01:02:49,559

um but we're going to need more than

1737

01:02:53,329 --> 01:02:51,420

that and I think that we will I mean

1738

01:02:56,089 --> 01:02:53,339

ultimately that that's exactly what we

1739

01:03:00,170 --> 01:02:56,099

have to have right we have to have the

1740

01:03:02,450 --> 01:03:00,180

new voices who uh who both are are from

1741

01:03:05,089 --> 01:03:02,460

the inside so some voices from the

1742

01:03:08,270 --> 01:03:05,099

inside who we haven't heard from but

1743

01:03:11,450 --> 01:03:08,280

also some voices who are basically new

1744

01:03:12,829 --> 01:03:11,460

to the topic or relatively new but who

1745

01:03:15,650 --> 01:03:12,839

have authority

1746

01:03:18,170 --> 01:03:15,660

right so we need some voices like that

1747

01:03:19,789 --> 01:03:18,180

who who are saying to us you know what I

1748

01:03:22,309 --> 01:03:19,799

didn't think this was a thing

1749

01:03:24,950 --> 01:03:22,319

but I've looked at this evidence now and

1750

01:03:26,630 --> 01:03:24,960

because of my position you can you can

1751  
01:03:28,750 --> 01:03:26,640  
you can hear from them and go geez well

1752  
01:03:31,250 --> 01:03:28,760  
if they think there's a there there

1753  
01:03:32,930 --> 01:03:31,260  
really must be a there there right so

1754  
01:03:35,270 --> 01:03:32,940  
that that's the kind of thing that we

1755  
01:03:37,970 --> 01:03:35,280  
need to have now it's in terms of what

1756  
01:03:39,650 --> 01:03:37,980  
we might hear from whatever this is from

1757  
01:03:42,230 --> 01:03:39,660  
the others the other intelligences

1758  
01:03:44,630 --> 01:03:42,240  
whatever I think and I've you know

1759  
01:03:46,549 --> 01:03:44,640  
argued a lot about this uh or put forth

1760  
01:03:48,589 --> 01:03:46,559  
some some thoughts on about this on

1761  
01:03:52,069 --> 01:03:48,599  
liminal frames quite a bit I think that

1762  
01:03:53,750 --> 01:03:52,079  
we have to start getting a lot more

1763  
01:03:55,849 --> 01:03:53,760

comfortable

1764

01:03:58,789 --> 01:03:55,859

with the with the understanding that

1765

01:04:00,710 --> 01:03:58,799

non-human intelligence is radically

1766

01:04:02,569 --> 01:04:00,720

different than anything we might

1767

01:04:05,569 --> 01:04:02,579

understand it to be like we might have

1768

01:04:07,609 --> 01:04:05,579

some proximate understanding of what a

1769

01:04:10,250 --> 01:04:07,619

non-human intelligence uh you know

1770

01:04:11,690 --> 01:04:10,260

totally different evolutionary line of

1771

01:04:14,809 --> 01:04:11,700

thought might look like but we really

1772

01:04:16,190 --> 01:04:14,819

have no there's no there's no there's no

1773

01:04:18,829 --> 01:04:16,200

parallel there's nothing we can be like

1774

01:04:20,510 --> 01:04:18,839

oh well you know they should have a they

1775

01:04:22,190 --> 01:04:20,520

should make a statement like at a Podium

1776

01:04:24,109 --> 01:04:22,200

and you know like in Mars Attacks or

1777

01:04:26,270 --> 01:04:24,119

something you know like these are such

1778

01:04:28,010 --> 01:04:26,280

like anthropomorphic ways of looking at

1779

01:04:30,829 --> 01:04:28,020

it I just don't think we're gonna get

1780

01:04:33,289 --> 01:04:30,839

that I think that it's very likely that

1781

01:04:36,410 --> 01:04:33,299

non-human intelligence looks at reality

1782

01:04:39,470 --> 01:04:36,420

in a way that we don't fully understand

1783

01:04:41,930 --> 01:04:39,480

that that they interact with us in ways

1784

01:04:44,990 --> 01:04:41,940

that we don't fully understand and as a

1785

01:04:47,690 --> 01:04:45,000

result the making of themselves known to

1786

01:04:49,849 --> 01:04:47,700

us is not going to happen in the way we

1787

01:04:52,309 --> 01:04:49,859

we might want it to and the way that we

1788

01:04:54,530 --> 01:04:52,319

we have uh you know fictionalized that

1789

01:04:55,670 --> 01:04:54,540

over so many years in our movies and

1790

01:04:58,370 --> 01:04:55,680

everything I just don't know that it's

1791

01:05:00,470 --> 01:04:58,380

going to unfold in that manner and that

1792

01:05:03,289 --> 01:05:00,480

you know makes it very challenging right

1793

01:05:06,109 --> 01:05:03,299

it makes it very challenging to explain

1794

01:05:08,030 --> 01:05:06,119

to understand uh to to create new

1795

01:05:10,309 --> 01:05:08,040

meaning and narrative out of it and and

1796

01:05:11,930 --> 01:05:10,319

so there'll be a lot of work to do uh

1797

01:05:14,329 --> 01:05:11,940

you know but we've heard from those who

1798

01:05:17,030 --> 01:05:14,339

are experiencers who are also telling us

1799

01:05:18,710 --> 01:05:17,040

that because of the way that these you

1800

01:05:21,170 --> 01:05:18,720

know beings interact

1801

01:05:24,410 --> 01:05:21,180

there's a kind of um information

1802

01:05:27,170 --> 01:05:24,420

transfer that that happens at a at a

1803

01:05:28,370 --> 01:05:27,180

deep you know conscious let level uh a

1804

01:05:29,990 --> 01:05:28,380

level that we're not accustomed to

1805

01:05:31,609 --> 01:05:30,000

receiving information from at least

1806

01:05:34,190 --> 01:05:31,619

explicitly although we all talk about

1807

01:05:35,809 --> 01:05:34,200

things like inspiration and intuition I

1808

01:05:38,270 --> 01:05:35,819

don't know where that came from so we

1809

01:05:39,710 --> 01:05:38,280

have a kind of corollary there but if

1810

01:05:42,530 --> 01:05:39,720

they're going to be able to interact

1811

01:05:44,930 --> 01:05:42,540

with us at That level that deep level of

1812

01:05:48,170 --> 01:05:44,940

awareness not just through this verbal

1813

01:05:49,670 --> 01:05:48,180

or non-verbal communication then uh it's

1814

01:05:51,410 --> 01:05:49,680

going to be an entirely different kind

1815

01:05:52,970 --> 01:05:51,420

of ball game I I don't know that it's

1816

01:05:54,829 --> 01:05:52,980

going to happen just with a flip of a

1817

01:05:57,829 --> 01:05:54,839

switch I think it's going to be a

1818

01:05:59,809 --> 01:05:57,839

continual sort of unfolding uh as we

1819

01:06:01,789 --> 01:05:59,819

come a dawning of a new world

1820

01:06:03,950 --> 01:06:01,799

essentially and that that process is

1821

01:06:05,270 --> 01:06:03,960

slow

1822

01:06:07,670 --> 01:06:05,280

hey

1823

01:06:09,349 --> 01:06:07,680

I guess you could have been looking at

1824

01:06:11,829 --> 01:06:09,359

like multiple

1825

01:06:15,950 --> 01:06:11,839

um nhis as well it might not just be one

1826

01:06:17,329 --> 01:06:15,960

so some of them we could be Lab Rats and

1827

01:06:19,309 --> 01:06:17,339

for others

1828

01:06:21,109 --> 01:06:19,319

um any kind of contact could be um

1829

01:06:22,849 --> 01:06:21,119

incidental uh and they might not even

1830

01:06:24,770 --> 01:06:22,859

know they're doing it it could be like

1831

01:06:26,210 --> 01:06:24,780

the Strega Brothers

1832

01:06:28,730 --> 01:06:26,220

um there's a Russian science fiction

1833

01:06:30,829 --> 01:06:28,740

authors from the 60s or 70s they wrote a

1834

01:06:32,390 --> 01:06:30,839

book called roadside picnic which other

1835

01:06:35,210 --> 01:06:32,400

people might know as a film by Andre

1836

01:06:37,250 --> 01:06:35,220

tarkovsky called stalker where there's a

1837

01:06:39,950 --> 01:06:37,260

lot of people that are basically um

1838

01:06:41,329 --> 01:06:39,960

alien rubbish left on Earth and it is

1839

01:06:43,370 --> 01:06:41,339

very dangerous

1840

01:06:45,230 --> 01:06:43,380

um and people's interaction with it but

1841

01:06:46,670 --> 01:06:45,240

it's just a case of you know maybe this

1842

01:06:49,370 --> 01:06:46,680

is just someone stopping off place that

1843

01:06:50,870 --> 01:06:49,380

they come and and have a picnic and um

1844

01:06:53,210 --> 01:06:50,880

you know their interaction with us is

1845

01:06:54,470 --> 01:06:53,220

purely you know incidental it's just

1846

01:06:55,970 --> 01:06:54,480

it's just something that happens and

1847

01:06:57,710 --> 01:06:55,980

they're not even aware of it it's just

1848

01:06:59,270 --> 01:06:57,720

like you know Do You Talk to an ant when

1849

01:07:01,309 --> 01:06:59,280

you say it walk over the side are you

1850

01:07:03,410 --> 01:07:01,319

over the sidewalk uh you don't you don't

1851

01:07:05,089 --> 01:07:03,420

stop to have a conversation with it you

1852

01:07:07,069 --> 01:07:05,099

know why why do we think yeah why are we

1853

01:07:08,990 --> 01:07:07,079

so kind of arrogant that we think that

1854

01:07:11,270 --> 01:07:09,000

some you know advanced technology or

1855

01:07:13,250 --> 01:07:11,280

race might want to speak to us while we

1856

01:07:15,829 --> 01:07:13,260

got to offer them so there's a whole of

1857

01:07:19,250 --> 01:07:15,839

things like that going on as well

1858

01:07:20,809 --> 01:07:19,260

um Arthur C Clarke's uh quota which I'll

1859

01:07:22,549 --> 01:07:20,819

probably be paraphrasing it here but is

1860

01:07:25,010 --> 01:07:22,559

you know something about along the lines

1861

01:07:27,049 --> 01:07:25,020

of you know they're not only you know we

1862

01:07:29,870 --> 01:07:27,059

can't you know we cannot imagine it's

1863

01:07:32,270 --> 01:07:29,880

because we were incapable of imagining

1864

01:07:34,789 --> 01:07:32,280

you know what they are and what their

1865

01:07:37,490 --> 01:07:34,799

motives are and what they're doing here

1866

01:07:38,750 --> 01:07:37,500

um yeah yeah I have I have one answer to

1867

01:07:40,789 --> 01:07:38,760

that though Graham what you said about

1868

01:07:42,529 --> 01:07:40,799

the ant hypothesis

1869

01:07:44,390 --> 01:07:42,539

the reason that we would think that they

1870

01:07:47,990 --> 01:07:44,400

want to communicate with us is because

1871

01:07:50,089 --> 01:07:48,000

there are lots of people that everybody

1872

01:07:51,589 --> 01:07:50,099

here knows that are saying they are

1873

01:07:53,029 --> 01:07:51,599

communicating with us

1874

01:07:56,750 --> 01:07:53,039

so that's the reason why I would think

1875

01:07:58,730 --> 01:07:56,760

that if if they said we're having no

1876

01:08:00,349 --> 01:07:58,740

communication at all no but there's all

1877

01:08:03,710 --> 01:08:00,359

these people that are from Christopher

1878

01:08:05,510 --> 01:08:03,720

Bledsoe to EXO to uh Jay King I mean you

1879

01:08:06,950 --> 01:08:05,520

could we could name off you know tons of

1880

01:08:09,049 --> 01:08:06,960

people that we all know that say that

1881

01:08:10,970 --> 01:08:09,059

that's true receiving so but not

1882

01:08:13,430 --> 01:08:10,980

everybody who has kind of you know

1883

01:08:15,829 --> 01:08:13,440

encounters with these things or with

1884

01:08:18,110 --> 01:08:15,839

strange objects or has that level of

1885

01:08:19,550 --> 01:08:18,120

communication so that could be just one

1886

01:08:21,349 --> 01:08:19,560

small part of it that's what I'm saying

1887

01:08:23,090 --> 01:08:21,359

about multiple you know there could be

1888

01:08:25,010 --> 01:08:23,100

multiple kind of actors here you know

1889

01:08:27,110 --> 01:08:25,020

it's not for sure just one

1890

01:08:28,910 --> 01:08:27,120

well let's not forget too that we

1891

01:08:31,130 --> 01:08:28,920

communicate all the time but we we don't

1892

01:08:33,229 --> 01:08:31,140

understand so how many times have you

1893

01:08:34,370 --> 01:08:33,239

had a conversation with your partner and

1894

01:08:36,110 --> 01:08:34,380

you're like yeah we're on the same page

1895

01:08:38,510 --> 01:08:36,120

there and then like you turn you you

1896

01:08:40,070 --> 01:08:38,520

find out like oh you know we weren't

1897

01:08:41,870 --> 01:08:40,080

really on the same page and even though

1898

01:08:43,430 --> 01:08:41,880

we had a whole conversation about it I

1899

01:08:44,809 --> 01:08:43,440

came away with this understanding and

1900

01:08:46,130 --> 01:08:44,819

they thought something entirely

1901

01:08:47,689 --> 01:08:46,140

different and that's just human beings

1902

01:08:50,329 --> 01:08:47,699

right so imagine what we're dealing with

1903

01:08:51,530 --> 01:08:50,339

here uh if we're not talking about human

1904

01:08:53,749 --> 01:08:51,540

interaction

1905

01:08:56,090 --> 01:08:53,759

that's a great Point

1906

01:08:57,410 --> 01:08:56,100

um yeah because if if we're fallible in

1907

01:08:59,450 --> 01:08:57,420

that way imagine when we're dealing with

1908

01:09:01,910 --> 01:08:59,460

something of a higher intelligence and

1909

01:09:03,950 --> 01:09:01,920

we're trying to interpret what they're

1910

01:09:07,309 --> 01:09:03,960

telling us and I think even Nathan would

1911

01:09:10,010 --> 01:09:07,319

probably agree perhaps there's a

1912

01:09:13,490 --> 01:09:10,020

certain amount of desire to what you

1913

01:09:16,070 --> 01:09:13,500

want to take and extract from that that

1914

01:09:18,050 --> 01:09:16,080

uh how you know that you're putting into

1915

01:09:20,150 --> 01:09:18,060

how you interpreted that communication

1916

01:09:22,669 --> 01:09:20,160

there could be some of that in in that

1917

01:09:24,470 --> 01:09:22,679

in each of those samples as well so it

1918

01:09:27,289 --> 01:09:24,480

it is uh

1919

01:09:29,329 --> 01:09:27,299

that that that's a whole show that we

1920

01:09:30,950 --> 01:09:29,339

could go on that in in answer to Frank's

1921

01:09:32,930 --> 01:09:30,960

question though

1922

01:09:34,370 --> 01:09:32,940

um I think everybody on the panel here

1923

01:09:36,709 --> 01:09:34,380

Frank

1924

01:09:38,930 --> 01:09:36,719

um is saying to us that uh

1925

01:09:42,349 --> 01:09:38,940

whistleblowers is going to be that next

1926

01:09:44,510 --> 01:09:42,359

that next egg to break uh that may

1927

01:09:47,990 --> 01:09:44,520

provide something so the ant the answer

1928

01:09:50,450 --> 01:09:48,000

is I don't know that's my answer but the

1929

01:09:52,249 --> 01:09:50,460

people that uh so me DJ I don't know but

1930

01:09:54,410 --> 01:09:52,259

people that I've spoken with and I think

1931

01:09:56,870 --> 01:09:54,420

again everybody in the panel has heard

1932

01:09:59,090 --> 01:09:56,880

from from different people that that

1933

01:10:01,669 --> 01:09:59,100

know things that um it's probably going

1934

01:10:05,330 --> 01:10:01,679

to be uh whistleblowers that that'll be

1935

01:10:07,250 --> 01:10:05,340

that next you know step forward

1936

01:10:08,750 --> 01:10:07,260

um Christopher melon when Nathan was

1937

01:10:10,310 --> 01:10:08,760

talking about that I was sort of looking

1938

01:10:12,530 --> 01:10:10,320

at you know like a running back you have

1939

01:10:14,330 --> 01:10:12,540

these running backs that'll that'll uh

1940

01:10:16,250 --> 01:10:14,340

run to the outside and then look for a

1941

01:10:18,050 --> 01:10:16,260

hole in Sprint up field and Christopher

1942

01:10:19,250 --> 01:10:18,060

melon is like this fullback that just

1943

01:10:21,050 --> 01:10:19,260

kind of takes the handoff from the

1944

01:10:23,570 --> 01:10:21,060

quarterback and he runs a dive play

1945

01:10:25,250 --> 01:10:23,580

going straight over just nailing the

1946

01:10:26,689 --> 01:10:25,260

linebacker and the other linebacker now

1947

01:10:28,850 --> 01:10:26,699

safety has to like take him down but

1948

01:10:30,410 --> 01:10:28,860

he's had like eight yards you know with

1949

01:10:33,290 --> 01:10:30,420

each carry

1950

01:10:34,910 --> 01:10:33,300

it's almost a first down each time yeah

1951

01:10:36,410 --> 01:10:34,920

definitely I think you know an

1952

01:10:38,689 --> 01:10:36,420

interesting point about Chris melon's

1953

01:10:40,250 --> 01:10:38,699

article as well and it's always one why

1954

01:10:43,010 --> 01:10:40,260

I like to overthink about things before

1955

01:10:44,870 --> 01:10:43,020

I present my take on on the Pod like you

1956

01:10:46,550 --> 01:10:44,880

mentioned earlier part of that is to see

1957

01:10:48,050 --> 01:10:46,560

if Chris melon's going to do an article

1958

01:10:49,430 --> 01:10:48,060

because he tends to have him locked and

1959

01:10:51,410 --> 01:10:49,440

loaded doesn't he ready to go whenever

1960

01:10:53,270 --> 01:10:51,420

there's a big development and I thought

1961

01:10:55,490 --> 01:10:53,280

very interestingly in that particular

1962

01:10:57,470 --> 01:10:55,500

article was that he mentioned that he's

1963

01:10:59,570 --> 01:10:57,480

referred and he spoke to various

1964

01:11:01,189 --> 01:10:59,580

whistleblowers about crash retrievals

1965

01:11:03,830 --> 01:11:01,199

and whatnot but very interestingly he

1966

01:11:06,050 --> 01:11:03,840

also said after that rightly or wrongly

1967

01:11:07,970 --> 01:11:06,060

there were several others more directly

1968

01:11:09,649 --> 01:11:07,980

involved that didn't want to go to our

1969

01:11:13,130 --> 01:11:09,659

office of concerns over Arrow's

1970

01:11:15,950 --> 01:11:13,140

leadership so that sort of it is what it

1971

01:11:16,669 --> 01:11:15,960

is but it would suggest to me that you

1972

01:11:18,590 --> 01:11:16,679

know

1973

01:11:20,110 --> 01:11:18,600

there's perhaps not a lot of faith there

1974

01:11:22,550 --> 01:11:20,120

from those who've got the most

1975

01:11:24,470 --> 01:11:22,560

significant direct involvement with

1976

01:11:25,970 --> 01:11:24,480

these alleged reverse engineering

1977

01:11:27,290 --> 01:11:25,980

programs there's not a lot of faith that

1978

01:11:29,450 --> 01:11:27,300

they're going to actually have their

1979

01:11:31,669 --> 01:11:29,460

stories taken seriously or or perhaps

1980

01:11:33,229 --> 01:11:31,679

there's concerns around the actual

1981

01:11:34,850 --> 01:11:33,239

um secure system that's supposed to be

1982

01:11:36,290 --> 01:11:34,860

set up for them to come forward and that

1983

01:11:38,510 --> 01:11:36,300

kind of thing and that they're actually

1984

01:11:40,790 --> 01:11:38,520

probably not going to go to Arrow at

1985

01:11:42,590 --> 01:11:40,800

least for the moment so I would suggest

1986

01:11:44,930 --> 01:11:42,600

that whistleblowers is more likely to be

1987

01:11:46,490 --> 01:11:44,940

the thing I've been joking on on my pod

1988

01:11:48,709 --> 01:11:46,500

that if there's a government official

1989

01:11:50,990 --> 01:11:48,719

stands up on a Podium I will eat a raw

1990

01:11:53,090 --> 01:11:51,000

mushroom live on camera if that's if

1991

01:11:54,770 --> 01:11:53,100

it's this year by the way just and I'm

1992

01:11:57,770 --> 01:11:54,780

not a big fan of raw mushrooms at all so

1993

01:12:00,709 --> 01:11:57,780

hence why I would do that but I think

1994

01:12:02,149 --> 01:12:00,719

there's very very little chance uh of a

1995

01:12:04,669 --> 01:12:02,159

government official coming out saying

1996

01:12:06,649 --> 01:12:04,679

anything I think most likely the the you

1997

01:12:08,510 --> 01:12:06,659

know achingly slow pace of things with

1998

01:12:10,610 --> 01:12:08,520

our own and these other efforts is

1999

01:12:12,290 --> 01:12:10,620

probably gonna if anything push people

2000

01:12:14,510 --> 01:12:12,300

perhaps were considering coming forward

2001

01:12:16,669 --> 01:12:14,520

with their official channels to do it

2002

01:12:18,649 --> 01:12:16,679

um off their own back perhaps going to a

2003

01:12:20,570 --> 01:12:18,659

a big media publication or something

2004

01:12:23,390 --> 01:12:20,580

like that I think the likelihood of has

2005

01:12:24,470 --> 01:12:23,400

seen that this year pretty high but yeah

2006

01:12:27,290 --> 01:12:24,480

I don't think we're going to get it from

2007

01:12:29,290 --> 01:12:27,300

any officials personally

2008

01:12:32,090 --> 01:12:29,300

um but we'll we'll see eh

2009

01:12:35,030 --> 01:12:32,100

yeah I I have to agree with you and then

2010

01:12:37,250 --> 01:12:35,040

uh not to throw this hand grenade in the

2011

01:12:41,229 --> 01:12:37,260

room but uh the Lou Elizondo saying come

2012

01:12:44,990 --> 01:12:41,239

back in five years in 2022 and then um

2013

01:12:48,290 --> 01:12:45,000

John Ramirez talking about 2027 and all

2014

01:12:49,729 --> 01:12:48,300

that so I mean I don't you know that's

2015

01:12:51,770 --> 01:12:49,739

it's an interesting that they've thrown

2016

01:12:54,410 --> 01:12:51,780

that out there uh I don't know if

2017

01:12:56,930 --> 01:12:54,420

anybody has any quick takes on that and

2018

01:13:03,430 --> 01:12:56,940

then we'll start to go with uh cabbie

2019

01:13:07,790 --> 01:13:06,110

no I I'm afraid I have no opinion one

2020

01:13:09,890 --> 01:13:07,800

way or another I don't know enough about

2021

01:13:12,050 --> 01:13:09,900

you know I don't have any kind of

2022

01:13:14,630 --> 01:13:12,060

particular insight into what they're

2023

01:13:16,790 --> 01:13:14,640

speaking about so I can't tell whether

2024

01:13:19,010 --> 01:13:16,800

the dates there you know the being

2025

01:13:21,110 --> 01:13:19,020

banded about uh you know how relevant

2026

01:13:22,910 --> 01:13:21,120

they are and now that there's two

2027

01:13:24,590 --> 01:13:22,920

different or multiple dates out there

2028

01:13:25,669 --> 01:13:24,600

then who knows

2029

01:13:27,470 --> 01:13:25,679

um you know the next thing we're going

2030

01:13:29,270 --> 01:13:27,480

to see is somebody with a work the end

2031

01:13:30,669 --> 01:13:29,280

is nigh kind of like your kind of

2032

01:13:34,149 --> 01:13:30,679

Sandwich Board

2033

01:13:38,810 --> 01:13:36,110

here's what's interesting about it

2034

01:13:41,209 --> 01:13:38,820

though if you look at two people that

2035

01:13:43,070 --> 01:13:41,219

represent different sides of the

2036

01:13:45,890 --> 01:13:43,080

equation and ironically one of them

2037

01:13:48,950 --> 01:13:45,900

really represents both sides but the

2038

01:13:51,950 --> 01:13:48,960

nuts and bolts gram Rendell you know

2039

01:13:54,709 --> 01:13:51,960

Frank Jones side Lou elizondo's is all

2040

01:13:57,169 --> 01:13:54,719

over that he has been a a you know

2041

01:13:59,149 --> 01:13:57,179

primary source for for you and all of us

2042

01:14:01,010 --> 01:13:59,159

right and John Ramirez actually

2043

01:14:04,070 --> 01:14:01,020

straddles both sides because he's an

2044

01:14:05,750 --> 01:14:04,080

experencer and he's talked about of the

2045

01:14:08,209 --> 01:14:05,760

woo side about having downloads and

2046

01:14:10,790 --> 01:14:08,219

Communications and interactions so both

2047

01:14:12,649 --> 01:14:10,800

of them are setting that approximate

2048

01:14:15,110 --> 01:14:12,659

date that's what's that's what's

2049

01:14:16,550 --> 01:14:15,120

interesting is it it's coming from two

2050

01:14:18,290 --> 01:14:16,560

different people from two different

2051  
01:14:19,610 --> 01:14:18,300  
perspectives but the same time frame

2052  
01:14:21,530 --> 01:14:19,620  
right Nathan

2053  
01:14:22,310 --> 01:14:21,540  
yeah no for sure

2054  
01:14:24,530 --> 01:14:22,320  
um

2055  
01:14:26,570 --> 01:14:24,540  
you know there's something about uh

2056  
01:14:29,149 --> 01:14:26,580  
predictions right I think we we kind of

2057  
01:14:31,010 --> 01:14:29,159  
hate them in a way we

2058  
01:14:34,189 --> 01:14:31,020  
um sorry mess up backs up there we hate

2059  
01:14:35,689 --> 01:14:34,199  
them and we love them uh because uh

2060  
01:14:38,149 --> 01:14:35,699  
they're they're fun they're titillating

2061  
01:14:40,189 --> 01:14:38,159  
they're exciting uh but inevitably in

2062  
01:14:42,830 --> 01:14:40,199  
Human Experience they often you know

2063  
01:14:44,570 --> 01:14:42,840

come and go every generation they come

2064

01:14:45,890 --> 01:14:44,580

and go and we can point to history and

2065

01:14:47,270 --> 01:14:45,900

be like yeah look how they were wrong

2066

01:14:49,790 --> 01:14:47,280

there they thought this was gonna happen

2067

01:14:52,310 --> 01:14:49,800

they were wrong there so I think we have

2068

01:14:55,010 --> 01:14:52,320

a we have a valid reason to be skeptical

2069

01:14:56,390 --> 01:14:55,020

about some of these predictions and

2070

01:14:57,530 --> 01:14:56,400

claims

2071

01:14:59,570 --> 01:14:57,540

um and I think we should I think we

2072

01:15:02,149 --> 01:14:59,580

should approach that with a you know a

2073

01:15:04,010 --> 01:15:02,159

dose of healthy skepticism

2074

01:15:06,890 --> 01:15:04,020

um that that will come to pass now that

2075

01:15:08,330 --> 01:15:06,900

said I think it's hard to argue that uh

2076

01:15:10,729 --> 01:15:08,340

we're not going to be experiencing

2077

01:15:13,010 --> 01:15:10,739

something pretty bizarre in the next few

2078

01:15:15,229 --> 01:15:13,020

years uh and that can and I'm strict

2079

01:15:17,270 --> 01:15:15,239

here speaking strictly about things that

2080

01:15:19,850 --> 01:15:17,280

aren't you know alien intelligence at

2081

01:15:21,649 --> 01:15:19,860

all just where we are in our own

2082

01:15:23,810 --> 01:15:21,659

technological development and

2083

01:15:26,870 --> 01:15:23,820

advancement as a species on this planet

2084

01:15:29,330 --> 01:15:26,880

uh we are playing with tools and

2085

01:15:31,130 --> 01:15:29,340

technology that are you know almost like

2086

01:15:33,530 --> 01:15:31,140

rapidly advancing beyond our ability to

2087

01:15:35,870 --> 01:15:33,540

understand them you know things like

2088

01:15:37,310 --> 01:15:35,880

we've already cracked uh you know the

2089

01:15:38,930 --> 01:15:37,320

the atom but we're talking about

2090

01:15:41,149 --> 01:15:38,940

artificial intelligence now and

2091

01:15:43,070 --> 01:15:41,159

implementing that in ways that uh that

2092

01:15:45,530 --> 01:15:43,080

are changing the world right now as we

2093

01:15:48,709 --> 01:15:45,540

speak and those changes I believe are

2094

01:15:51,229 --> 01:15:48,719

only going to continue to accelerate uh

2095

01:15:53,149 --> 01:15:51,239

changes to our every facet of our life

2096

01:15:55,189 --> 01:15:53,159

you know how we how we learn how we how

2097

01:15:56,990 --> 01:15:55,199

we how we interact How We Do met

2098

01:15:59,330 --> 01:15:57,000

medicine all these things are going to

2099

01:16:01,370 --> 01:15:59,340

be impacted by artificial intelligence

2100

01:16:04,310 --> 01:16:01,380

and that's a type of foreign

2101  
01:16:07,370 --> 01:16:04,320  
intelligence to us that is you know only

2102  
01:16:10,250 --> 01:16:07,380  
proximally understandable so that to me

2103  
01:16:12,110 --> 01:16:10,260  
is is basically certain uh and then you

2104  
01:16:13,669 --> 01:16:12,120  
add on top of that the the dramatic

2105  
01:16:16,729 --> 01:16:13,679  
changes that are happening to our world

2106  
01:16:18,770 --> 01:16:16,739  
with uh with our climate and our you

2107  
01:16:21,290 --> 01:16:18,780  
know our the heightening tensions that

2108  
01:16:22,550 --> 01:16:21,300  
we see with our our politics I mean all

2109  
01:16:25,669 --> 01:16:22,560  
these things are aren't getting better

2110  
01:16:28,550 --> 01:16:25,679  
as far as I can tell I'd like them to

2111  
01:16:30,110 --> 01:16:28,560  
um and so I think we are headed for uh

2112  
01:16:32,689 --> 01:16:30,120  
you know it seems like we're headed for

2113  
01:16:34,550 --> 01:16:32,699

a precipice of some kind or another

2114

01:16:36,310 --> 01:16:34,560

um I hope we get past it right I hope I

2115

01:16:39,050 --> 01:16:36,320

hope that we do Transition through that

2116

01:16:40,850 --> 01:16:39,060

and perhaps we do it with the help of

2117

01:16:43,070 --> 01:16:40,860

something else you know perhaps we do it

2118

01:16:45,470 --> 01:16:43,080

uh with the help of others who may have

2119

01:16:47,209 --> 01:16:45,480

who have been down that road before who

2120

01:16:49,669 --> 01:16:47,219

have learned lessons from their own past

2121

01:16:51,830 --> 01:16:49,679

and are here to maybe help us transition

2122

01:16:54,169 --> 01:16:51,840

through these very challenging times

2123

01:16:56,750 --> 01:16:54,179

that that's the hopeful optimistic and

2124

01:16:58,070 --> 01:16:56,760

wave and romantic inside of me that is

2125

01:16:59,810 --> 01:16:58,080

looking at these predictions and

2126  
01:17:02,390 --> 01:16:59,820  
thinking you know there will be the best

2127  
01:17:04,010 --> 01:17:02,400  
on the other end on the other hand maybe

2128  
01:17:05,570 --> 01:17:04,020  
not you know maybe we have a great

2129  
01:17:07,550 --> 01:17:05,580  
filter moment

2130  
01:17:09,050 --> 01:17:07,560  
that we just don't get passed and I try

2131  
01:17:12,169 --> 01:17:09,060  
not to dwell on that because I have kids

2132  
01:17:14,270 --> 01:17:12,179  
and you know I like the world so

2133  
01:17:15,770 --> 01:17:14,280  
Nathan Offers our best hope he would

2134  
01:17:18,250 --> 01:17:15,780  
have been a great captain of the Battle

2135  
01:17:20,990 --> 01:17:18,260  
Star Galactica

2136  
01:17:24,590 --> 01:17:21,000  
he could have been a dhama

2137  
01:17:27,050 --> 01:17:24,600  
um so let's go with uh and we'll go to

2138  
01:17:29,750 --> 01:17:27,060

our cabbie goodbyes with our our new

2139

01:17:31,550 --> 01:17:29,760

cabbie Frank uh and the deliberative

2140

01:17:34,550 --> 01:17:31,560

process that he goes through and the

2141

01:17:36,530 --> 01:17:34,560

patients that he shows is one of the

2142

01:17:38,390 --> 01:17:36,540

reasons why and his you know His

2143

01:17:40,490 --> 01:17:38,400

Brilliant analysis is one of the reasons

2144

01:17:42,890 --> 01:17:40,500

why we not only wanted his show on the

2145

01:17:45,830 --> 01:17:42,900

cab network but we wanted him to be in

2146

01:17:49,189 --> 01:17:45,840

cab so luckily he was amenable to both

2147

01:17:51,530 --> 01:17:49,199

so let's go with cabbie goodbye Franklin

2148

01:17:53,209 --> 01:17:51,540

yeah thanks everybody I was a bit ranty

2149

01:17:55,490 --> 01:17:53,219

today I've ended up going on a couple of

2150

01:17:58,010 --> 01:17:55,500

tangents there but um it's a brilliant

2151

01:17:59,930 --> 01:17:58,020

brilliant discussion as always always a

2152

01:18:01,550 --> 01:17:59,940

pleasure Graham to speak to you mate and

2153

01:18:02,750 --> 01:18:01,560

uh look forward to your next book I've

2154

01:18:04,850 --> 01:18:02,760

got all of the other ones in the shelf

2155

01:18:07,070 --> 01:18:04,860

behind me yeah with Graham's been kind

2156

01:18:08,810 --> 01:18:07,080

enough to uh to actually sign them as

2157

01:18:10,490 --> 01:18:08,820

well and uh we've had the opportunity to

2158

01:18:11,689 --> 01:18:10,500

have a pint or two here and there over

2159

01:18:12,649 --> 01:18:11,699

the last couple of years so I look

2160

01:18:14,330 --> 01:18:12,659

forward to getting the next one

2161

01:18:16,850 --> 01:18:14,340

hopefully and uh yeah thanks everyone

2162

01:18:18,350 --> 01:18:16,860

it's been a pleasure

2163

01:18:20,149 --> 01:18:18,360

um real quick Nathan before you go Dr

2164

01:18:21,950 --> 01:18:20,159

Taylor here something that we we've

2165

01:18:24,830 --> 01:18:21,960

heard Lou actually actually the same

2166

01:18:26,390 --> 01:18:24,840

Senate uh sentiment that uh discloser is

2167

01:18:28,250 --> 01:18:26,400

not an event it's a process most

2168

01:18:30,530 --> 01:18:28,260

compelling evidence will not convince

2169

01:18:32,570 --> 01:18:30,540

those who refuse to believe what they

2170

01:18:34,790 --> 01:18:32,580

are seeing so yes he couldn't couldn't

2171

01:18:36,890 --> 01:18:34,800

be more right about that doctor so well

2172

01:18:39,110 --> 01:18:36,900

said uh yeah this has been a great show

2173

01:18:40,430 --> 01:18:39,120

and uh you know Graham always a pleasure

2174

01:18:43,790 --> 01:18:40,440

to speak with you I'm going to be seeing

2175

01:18:45,590 --> 01:18:43,800

you soon in Roswell I will so I will uh

2176

01:18:47,870 --> 01:18:45,600

bring a copy of your book so that I can

2177

01:18:49,790 --> 01:18:47,880

get it signed uh in person that would be

2178

01:18:51,169 --> 01:18:49,800

terrific uh it's been several months

2179

01:18:53,030 --> 01:18:51,179

since we've last seen each other and I

2180

01:18:54,649 --> 01:18:53,040

look forward to that reunion and I look

2181

01:18:57,229 --> 01:18:54,659

forward to what you will be saying there

2182

01:18:58,430 --> 01:18:57,239

uh and I hope those who aren't familiar

2183

01:19:00,530 --> 01:18:58,440

with your work you're listening or

2184

01:19:03,169 --> 01:19:00,540

watching they seek out your books they

2185

01:19:05,689 --> 01:19:03,179

add them to their bookshelf uh this is a

2186

01:19:09,070 --> 01:19:05,699

man who has devoted a lot of time energy

2187

01:19:13,130 --> 01:19:09,080

talent to unearthing the amazing history

2188

01:19:15,890 --> 01:19:13,140

of anomalous sightings in the world and

2189

01:19:18,290 --> 01:19:15,900

you are setting yourself selling

2190

01:19:19,970 --> 01:19:18,300

yourself or if you're not reading his

2191

01:19:22,910 --> 01:19:19,980

content and getting brought up to speed

2192

01:19:24,350 --> 01:19:22,920

on what all there is to know if you do

2193

01:19:26,390 --> 01:19:24,360

you'll be ahead of the curve you'll be

2194

01:19:28,310 --> 01:19:26,400

ahead of everyone else who's new to this

2195

01:19:30,470 --> 01:19:28,320

topic so get those books you can find

2196

01:19:33,530 --> 01:19:30,480

them on Amazon and you can find Graham

2197

01:19:35,149 --> 01:19:33,540

as well on uh on on the podcast uh sort

2198

01:19:37,550 --> 01:19:35,159

of circuit you know he's he's around all

2199

01:19:38,870 --> 01:19:37,560

the time and uh he's he's a wealth of

2200

01:19:40,430 --> 01:19:38,880

knowledge that you'll want to tune into

2201  
01:19:43,310 --> 01:19:40,440  
so Graham again thank you so much for

2202  
01:19:44,630 --> 01:19:43,320  
being with us thank you guys and it's

2203  
01:19:45,890 --> 01:19:44,640  
all it's always been a pleasure to meet

2204  
01:19:48,530 --> 01:19:45,900  
you all in person different times

2205  
01:19:50,330 --> 01:19:48,540  
different places and look forward to the

2206  
01:19:52,310 --> 01:19:50,340  
next time we meet and yes Nathan I will

2207  
01:19:54,890 --> 01:19:52,320  
see you at the end of the month

2208  
01:19:57,950 --> 01:19:54,900  
uh and it's gonna be hard for me to say

2209  
01:19:59,990 --> 01:19:57,960  
it any better than Nathan just said it

2210  
01:20:02,450 --> 01:20:00,000  
um but I would say if if you look at

2211  
01:20:04,850 --> 01:20:02,460  
what you're seeing right here this uh

2212  
01:20:06,830 --> 01:20:04,860  
the positivity and the Brotherhood that

2213  
01:20:08,870 --> 01:20:06,840

you see here this is what you need to

2214

01:20:11,630 --> 01:20:08,880

look at to the community and say yes

2215

01:20:13,729 --> 01:20:11,640

this is this is what's here there's a

2216

01:20:15,530 --> 01:20:13,739

lot of you know stupidity that goes on

2217

01:20:17,990 --> 01:20:15,540

well just don't even don't even take

2218

01:20:20,510 --> 01:20:18,000

part in it because there's so much you

2219

01:20:22,370 --> 01:20:20,520

you make lifelong friends here and

2220

01:20:24,110 --> 01:20:22,380

that's what I feel like with these

2221

01:20:26,870 --> 01:20:24,120

gentlemen you see on the screen here I

2222

01:20:28,790 --> 01:20:26,880

have lifelong friends as a result of

2223

01:20:30,590 --> 01:20:28,800

being involved in this community in this

2224

01:20:32,510 --> 01:20:30,600

topic and that's the takeaway the

2225

01:20:34,790 --> 01:20:32,520

takeaway is not the idiots out there

2226

01:20:37,310 --> 01:20:34,800

that are that are just trying to sort of

2227

01:20:39,890 --> 01:20:37,320

split everybody apart and and discredit

2228

01:20:42,169 --> 01:20:39,900

people but but see you know come to the

2229

01:20:45,590 --> 01:20:42,179

community find people that you can

2230

01:20:48,229 --> 01:20:45,600

really uh bond with and form a lifelong

2231

01:20:50,090 --> 01:20:48,239

friendship because when this show is

2232

01:20:53,030 --> 01:20:50,100

long gone and it's not a show anymore

2233

01:20:55,669 --> 01:20:53,040

I'm still gonna have Graham and Nathan

2234

01:20:57,229 --> 01:20:55,679

and Frank as my friends and that's the

2235

01:20:59,390 --> 01:20:57,239

important part

2236

01:21:01,130 --> 01:20:59,400

um the the shows and the ratings and the

2237

01:21:03,709 --> 01:21:01,140

clicks and the likes it's all

2238

01:21:08,450 --> 01:21:03,719

it's not Material it's not it's not an

2239

01:21:09,590 --> 01:21:08,460

issue so uh Graham it is an honor to to

2240

01:21:11,750 --> 01:21:09,600

know you

2241

01:21:17,090 --> 01:21:11,760

as I was just saying there to be your

2242

01:21:19,370 --> 01:21:17,100

friend to watch you work uh and to be an

2243

01:21:21,470 --> 01:21:19,380

example kind of how to be in the

2244

01:21:23,990 --> 01:21:21,480

community and to contribute to the

2245

01:21:26,930 --> 01:21:24,000

community so thank you so much for your

2246

01:21:29,810 --> 01:21:26,940

friendship and for your work

2247

01:21:32,510 --> 01:21:29,820

um and um it's just an honor thank you

2248

01:21:34,010 --> 01:21:32,520

okay sir thank you DJ and thank you

2249

01:21:35,149 --> 01:21:34,020

again for the invitation it's always a

2250

01:21:36,169 --> 01:21:35,159

pleasure coming on speaking to you

2251

01:21:38,030 --> 01:21:36,179

gentlemen

2252

01:21:39,229 --> 01:21:38,040

yeah it's this door's open you just

2253

01:21:41,750 --> 01:21:39,239

gotta be like yo I got something I want

2254

01:21:44,209 --> 01:21:41,760

to talk about message uh any one of us

2255

01:21:46,010 --> 01:21:44,219

that's on cab and uh and we'll get you

2256

01:21:48,770 --> 01:21:46,020

on that calendar so that that's a done

2257

01:21:51,290 --> 01:21:48,780

deal okay so uh as Julie likes to say

2258

01:21:52,850 --> 01:21:51,300

like And subscribe comment on YouTube it

2259

01:21:55,970 --> 01:21:52,860

really does help if you would give us a

2260

01:21:57,649 --> 01:21:55,980

rating on uh Apple podcast uh or

2261

01:21:59,209 --> 01:21:57,659

something like that and and really the

2262

01:22:01,189 --> 01:21:59,219

the purpose of those numbers is just

2263

01:22:02,930 --> 01:22:01,199

that when we're trying to get somebody

2264

01:22:04,189 --> 01:22:02,940

that is kind of teetered they don't

2265

01:22:06,110 --> 01:22:04,199

really know us so they don't know if

2266

01:22:07,669 --> 01:22:06,120

they want to come on sometimes they'll

2267

01:22:09,830 --> 01:22:07,679

look at these metrics and decide okay

2268

01:22:11,390 --> 01:22:09,840

I'll come on it's not you know we're not

2269

01:22:13,490 --> 01:22:11,400

making any money out of it but it's just

2270

01:22:15,350 --> 01:22:13,500

a matter of of uh trying to convince

2271

01:22:17,630 --> 01:22:15,360

people to come and speak with us like

2272

01:22:19,490 --> 01:22:17,640

Bono from YouTube for example

2273

01:22:26,149 --> 01:22:19,500

Frank maybe you can arrange that or at

2274

01:22:31,910 --> 01:22:29,450

Graham Randall for our cabbie Frank for

2275

01:22:35,030 --> 01:22:31,920

my co-conspirator enjoy fun and

2276

01:22:37,490 --> 01:22:35,040

interesting UFO talk Nathan this is DJ

2277

01:22:40,130 --> 01:22:37,500

and for Julie in the chat this DJ is

2278

01:22:41,750 --> 01:22:40,140

saying peace out one love we'll see you

2279

01:22:46,040 --> 01:22:41,760

down the road and you know we're always
