

1  
00:00:34,310 --> 00:00:12,450  
calling all beings y'all let's get it

2  
00:00:41,869 --> 00:00:36,590  
yeah

3  
00:00:44,150 --> 00:00:41,879  
welcome back to calling all beings on a

4  
00:00:47,630 --> 00:00:44,160  
what now is it Thursday night right dabs

5  
00:00:49,910 --> 00:00:47,640  
yes it is indeed

6  
00:00:51,889 --> 00:00:49,920  
your host DJ and we're here to have some

7  
00:00:55,069 --> 00:00:51,899  
reaction to the biggest news in history

8  
00:00:57,110 --> 00:00:55,079  
not a real big deal uh we don't have the

9  
00:01:00,910 --> 00:00:57,120  
Brotherhood of our brother the

10  
00:01:05,450 --> 00:01:00,920  
co-conspirator in our Quest For Fun

11  
00:01:07,429 --> 00:01:05,460  
entertaining introspective and cool UFO

12  
00:01:10,310 --> 00:01:07,439  
Talk Money Nathan he was not able to

13  
00:01:12,710 --> 00:01:10,320

join us this evening well guess what we

14

00:01:14,450 --> 00:01:12,720

did bring something didn't we Debs we

15

00:01:16,250 --> 00:01:14,460

brought a little bit of extra something

16

00:01:18,649 --> 00:01:16,260

special

17

00:01:20,390 --> 00:01:18,659

yeah that is right there uh my co-host

18

00:01:23,090 --> 00:01:20,400

one of the original gangsters of this

19

00:01:26,330 --> 00:01:23,100

joint the host of Deb standard Dojo at a

20

00:01:29,289 --> 00:01:26,340

study of uaps is the centerpiece of this

21

00:01:32,149 --> 00:01:29,299

joint Debs so

22

00:01:33,830 --> 00:01:32,159

one love to your girlfriend so we

23

00:01:35,390 --> 00:01:33,840

weren't able to get money Nathan we

24

00:01:38,090 --> 00:01:35,400

weren't able to get Leah Prime Time

25

00:01:40,130 --> 00:01:38,100

Frank is probably sleeping right now and

26

00:01:42,350 --> 00:01:40,140

Matt is uh chasing a Bigfoot interview

27

00:01:44,090 --> 00:01:42,360

tonight as we speak he had something

28

00:01:45,410 --> 00:01:44,100

going on he had to record when he could

29

00:01:48,530 --> 00:01:45,420

get this person

30

00:01:52,130 --> 00:01:48,540

uh but you know guess what we got for

31

00:01:56,450 --> 00:01:52,140

you our first special guest is the host

32

00:02:00,649 --> 00:01:56,460

of The quantum witch Cafe this girl is

33

00:02:03,289 --> 00:02:00,659

learned intelligent UFO book club she

34

00:02:05,990 --> 00:02:03,299

speaks at these events intros people so

35

00:02:16,510 --> 00:02:06,000

put your hands together for Priscilla

36

00:02:20,809 --> 00:02:18,830

you're gonna record my intro for my

37

00:02:23,809 --> 00:02:20,819

podcast and announce me before every

38

00:02:26,030 --> 00:02:23,819

time I go on anytime you want uh

39

00:02:28,610 --> 00:02:26,040

Priscilla um so I called Priscilla this

40

00:02:30,290 --> 00:02:28,620

evening Debs and while she was excited

41

00:02:32,930 --> 00:02:30,300

to come on with us there was an

42

00:02:35,930 --> 00:02:32,940

additional level of excitement when I

43

00:02:38,089 --> 00:02:35,940

mentioned the name of our of our next

44

00:02:40,250 --> 00:02:38,099

guest tonight who's gonna break it down

45

00:02:42,470 --> 00:02:40,260

who does so much work on Tick Tock

46

00:02:46,369 --> 00:02:42,480

everybody loves them and Purcell's like

47

00:02:48,369 --> 00:02:46,379

oh oh damn what okay yeah so a party

48

00:02:53,890 --> 00:02:48,379

people people put those hands together

49

00:02:56,570 --> 00:02:53,900

for my man hey look over there Dan worry

50

00:02:59,150 --> 00:02:56,580

hey what's up guys how's everybody doing

51  
00:03:03,229 --> 00:02:59,160  
tonight can I get an amen for

52  
00:03:06,229 --> 00:03:04,729  
all right I just want to check is my

53  
00:03:08,350 --> 00:03:06,239  
audio coming in all right can you guys

54  
00:03:11,570 --> 00:03:08,360  
hear me yeah you sound good brother

55  
00:03:13,190 --> 00:03:11,580  
welcome man thank you for coming in on

56  
00:03:15,290 --> 00:03:13,200  
short notice because uh we didn't have

57  
00:03:16,610 --> 00:03:15,300  
all the cabbies and I'm like man I hope

58  
00:03:18,890 --> 00:03:16,620  
we can get some of the brothers and

59  
00:03:22,670 --> 00:03:18,900  
sisters in here and uh you answered the

60  
00:03:24,949 --> 00:03:22,680  
call so so uh so so I've

61  
00:03:27,290 --> 00:03:24,959  
I'm notorious because I've labeled

62  
00:03:29,330 --> 00:03:27,300  
myself as the backup guest like that's

63  
00:03:31,790 --> 00:03:29,340

my Niche like usually when someone

64

00:03:35,089 --> 00:03:31,800

cancels they'll call me and that's when

65

00:03:36,770 --> 00:03:35,099

I get my moment you were my I I want you

66

00:03:38,270 --> 00:03:36,780

that's absurd voice when I asked you all

67

00:03:40,670 --> 00:03:38,280

right when you came on my show like a

68

00:03:41,990 --> 00:03:40,680

year ago or so I was like watching your

69

00:03:43,850 --> 00:03:42,000

tick tocks I'm like this guy needs to

70

00:03:47,089 --> 00:03:43,860

come home so you're my first choice at

71

00:03:49,789 --> 00:03:47,099

that time huh so not a backup I also

72

00:03:52,070 --> 00:03:49,799

want to say I of all the interviews I've

73

00:03:53,750 --> 00:03:52,080

done I do think that my interview with

74

00:03:57,229 --> 00:03:53,760

Priscilla might have been my favorite

75

00:03:59,869 --> 00:03:57,239

one because I got to speculate more than

76

00:04:02,570 --> 00:03:59,879

I did ever before on that one that was

77

00:04:04,430 --> 00:04:02,580

fun that was an interesting one I felt

78

00:04:05,869 --> 00:04:04,440

definitely like that was like a treat

79

00:04:07,610 --> 00:04:05,879

because I know you don't do that I know

80

00:04:10,910 --> 00:04:07,620

you're like facts facts facts and you're

81

00:04:12,350 --> 00:04:10,920

so good at it and um yeah so we got you

82

00:04:14,449 --> 00:04:12,360

to speculate a little

83

00:04:16,849 --> 00:04:14,459

I got news for you Dan Priscilla is a

84

00:04:19,250 --> 00:04:16,859

lot of people's favorites so uh you're

85

00:04:20,870 --> 00:04:19,260

in good company there and

86

00:04:22,969 --> 00:04:20,880

um yeah man we don't had you you're

87

00:04:25,310 --> 00:04:22,979

saying uh you're a backup guest I've had

88

00:04:28,249 --> 00:04:25,320

you on round tables like a year and a

89

00:04:31,070 --> 00:04:28,259

half ago or two years ago I'm moving up

90

00:04:33,710 --> 00:04:31,080

into batting order I'll say but I it's I

91

00:04:35,510 --> 00:04:33,720

started out as the backup guest I just

92

00:04:38,150 --> 00:04:35,520

as far as I'm concerned Dan you would be

93

00:04:40,610 --> 00:04:38,160

in the backcourt right next to LeBron I

94

00:04:42,830 --> 00:04:40,620

would yank uh uh I would I would yank

95

00:04:44,330 --> 00:04:42,840

that point guard for the Lakers you'd be

96

00:04:45,770 --> 00:04:44,340

right next to Brian yeah Delo man

97

00:04:46,850 --> 00:04:45,780

exactly

98

00:04:48,950 --> 00:04:46,860

um he didn't play that well in the

99

00:04:51,170 --> 00:04:48,960

playoffs unfortunately

100

00:04:53,689 --> 00:04:51,180

um so anyway

101  
00:04:55,129 --> 00:04:53,699  
all right so let's get to it um uh

102  
00:04:57,770 --> 00:04:55,139  
people don't want to hear me talk they

103  
00:04:59,570 --> 00:04:57,780  
came to hear you guys talk so I I was

104  
00:05:02,390 --> 00:04:59,580  
thinking and I just want to ask you guys

105  
00:05:04,310 --> 00:05:02,400  
uh Priscilla Dan and Deb should we just

106  
00:05:06,409 --> 00:05:04,320  
go with like initial reactions just go

107  
00:05:08,510 --> 00:05:06,419  
around the table with that just how you

108  
00:05:10,249 --> 00:05:08,520  
what you felt like when you heard this

109  
00:05:12,290 --> 00:05:10,259  
news I feel like that's a good place to

110  
00:05:14,629 --> 00:05:12,300  
start unless anyone disagrees

111  
00:05:17,390 --> 00:05:14,639  
let's do it it works for me and I'll say

112  
00:05:21,530 --> 00:05:17,400  
ladies first on on okay

113  
00:05:23,210 --> 00:05:21,540

Debs okay so I guess because of the

114

00:05:25,670 --> 00:05:23,220

history of the topic and being really

115

00:05:28,909 --> 00:05:25,680

knowledgeable about it for me it wasn't

116

00:05:32,210 --> 00:05:28,919

as shocking that someone came out to say

117

00:05:33,830 --> 00:05:32,220

that they were aware of UFO programs and

118

00:05:36,770 --> 00:05:33,840

entities and crashes and all that

119

00:05:38,390 --> 00:05:36,780

because it's happened many many times

120

00:05:40,430 --> 00:05:38,400

before

121

00:05:44,270 --> 00:05:40,440

um and it's been happening you know

122

00:05:46,670 --> 00:05:44,280

since the 1800s at least so for me I

123

00:05:50,150 --> 00:05:46,680

guess I just had a well of course kind

124

00:05:52,189 --> 00:05:50,160

of reaction to it you know so

125

00:05:54,350 --> 00:05:52,199

yeah it's just to me it's it's a domino

126

00:05:55,909 --> 00:05:54,360

getting ready to set off some more

127

00:05:57,590 --> 00:05:55,919

dominoes

128

00:05:59,510 --> 00:05:57,600

oh yeah that's what we're hoping right

129

00:06:01,730 --> 00:05:59,520

that'll give some Aid and comfort to

130

00:06:03,590 --> 00:06:01,740

David grush right when those when those

131

00:06:06,409 --> 00:06:03,600

other dominoes start to fall in the in

132

00:06:08,390 --> 00:06:06,419

the form of people who were uh either

133

00:06:09,890 --> 00:06:08,400

directly or tangentially involved with

134

00:06:12,650 --> 00:06:09,900

these programs that they come forward

135

00:06:15,170 --> 00:06:12,660

and uh with the IG make the same

136

00:06:16,969 --> 00:06:15,180

assertions that he did get cleared and

137

00:06:19,070 --> 00:06:16,979

now we're now now he doesn't feel like

138

00:06:19,909 --> 00:06:19,080

he's sitting out there on an island uh

139

00:06:21,230 --> 00:06:19,919

yeah when you're talking about

140

00:06:23,749 --> 00:06:21,240

knowledgeable people I thought you were

141

00:06:26,510 --> 00:06:23,759

going to say me uh just kidding um so

142

00:06:28,670 --> 00:06:26,520

anyway Dan only has 30 minutes so Dan

143

00:06:30,469 --> 00:06:28,680

when you want that video played we have

144

00:06:33,350 --> 00:06:30,479

it queued up so just let me know and

145

00:06:35,510 --> 00:06:33,360

we'll go with that uh okay and then

146

00:06:37,610 --> 00:06:35,520

let's go with Priscilla Priscilla uh

147

00:06:38,629 --> 00:06:37,620

tell us like where you were your

148

00:06:40,249 --> 00:06:38,639

reaction I don't know if you were

149

00:06:42,170 --> 00:06:40,259

getting the kids ready what what

150

00:06:45,590 --> 00:06:42,180

happened what did you feel like

151

00:06:46,790 --> 00:06:45,600

well I was in Arizona for a wedding a

152

00:06:50,390 --> 00:06:46,800

celebration

153

00:06:52,129 --> 00:06:50,400

um and I so I've been either on a plane

154

00:06:54,650 --> 00:06:52,139

or with family that I hadn't seen since

155

00:06:56,090 --> 00:06:54,660

pre-covered so I was not looking at the

156

00:06:57,230 --> 00:06:56,100

internet I think I was posting things

157

00:06:58,670 --> 00:06:57,240

here and there but I wasn't really

158

00:07:00,710 --> 00:06:58,680

paying attention Sunday I did not pay

159

00:07:02,150 --> 00:07:00,720

attention to anything Monday I was

160

00:07:04,189 --> 00:07:02,160

visiting all the family I could because

161

00:07:06,110 --> 00:07:04,199

I had a red eye and I finally get to the

162

00:07:09,350 --> 00:07:06,120

airport and I sit down I'm like oh I

163

00:07:13,189 --> 00:07:09,360

wonder what's going on in UFO land

164

00:07:15,110 --> 00:07:13,199

and let me tell you I was like wait what

165

00:07:18,050 --> 00:07:15,120

I mean it's like you said like it was a

166

00:07:20,089 --> 00:07:18,060

matter of time but at the same time it's

167

00:07:22,370 --> 00:07:20,099

just so it's not like surprised to see

168

00:07:23,930 --> 00:07:22,380

that it happened but it's just so cool

169

00:07:26,450 --> 00:07:23,940

to see that it happened especially with

170

00:07:31,909 --> 00:07:26,460

you know the protection of you know the

171

00:07:37,430 --> 00:07:35,330

yeah I'm I'll get to me but let's go to

172

00:07:38,990 --> 00:07:37,440

Dan Warren Dan you know where were you

173

00:07:40,850 --> 00:07:39,000

what you know when did you hear this

174

00:07:42,529 --> 00:07:40,860

what was your reaction were you like

175

00:07:45,710 --> 00:07:42,539

driving to work with a big smile like

176

00:07:50,029 --> 00:07:47,990

yeah I think I had dropped my daughter

177

00:07:52,010 --> 00:07:50,039

off at volleyball practice in the

178

00:07:54,290 --> 00:07:52,020

morning and was heading into work and

179

00:07:57,529 --> 00:07:54,300

started catching whiffs of what was

180

00:07:59,990 --> 00:07:57,539

going on and it's I responded in the

181

00:08:03,189 --> 00:08:00,000

typical manner that I do when I get news

182

00:08:07,790 --> 00:08:03,199

related to UFOs is I assume it's nothing

183

00:08:10,730 --> 00:08:07,800

and hope that it's something so as and

184

00:08:13,370 --> 00:08:10,740

and a lot of my reaction I try to I try

185

00:08:15,290 --> 00:08:13,380

to be reserved with it until I start

186

00:08:16,550 --> 00:08:15,300

seeing how other people are reacting to

187

00:08:20,809 --> 00:08:16,560

it as well because there's a lot more

188

00:08:23,990 --> 00:08:20,819

people that are tuned in and are very

189

00:08:26,330 --> 00:08:24,000

um have a very Niche body of knowledge

190

00:08:27,589 --> 00:08:26,340

like Douglas Dean Johnson like that's

191

00:08:29,930 --> 00:08:27,599

somebody that I want to hear his

192

00:08:32,149 --> 00:08:29,940

reaction before I kind of

193

00:08:34,010 --> 00:08:32,159

lay my chips on the table like I want to

194

00:08:37,610 --> 00:08:34,020

get I want to test the waters before I

195

00:08:39,769 --> 00:08:37,620

respond but as the day progressed my

196

00:08:41,449 --> 00:08:39,779

chest started getting tighter because I

197

00:08:43,370 --> 00:08:41,459

was like this just seems like it's going

198

00:08:44,930 --> 00:08:43,380

One Direction and it's getting more and

199

00:08:47,269 --> 00:08:44,940

more

200

00:08:49,250 --> 00:08:47,279

um backed up by other people there's

201  
00:08:51,530 --> 00:08:49,260  
more credentials being laid on the table

202  
00:08:54,110 --> 00:08:51,540  
the the big thing to me was the

203  
00:08:56,410 --> 00:08:54,120  
involvement of the lawyer for him which

204  
00:08:59,690 --> 00:08:56,420  
is the Former Intelligence Community

205  
00:09:02,509 --> 00:08:59,700  
Inspector General who is representing

206  
00:09:04,550 --> 00:09:02,519  
him to the inspect current Inspector

207  
00:09:07,370 --> 00:09:04,560  
General as soon as I heard that I was

208  
00:09:09,170 --> 00:09:07,380  
like well that is like a great battle to

209  
00:09:10,910 --> 00:09:09,180  
witness if we could if we could be in

210  
00:09:12,949 --> 00:09:10,920  
that courtroom or however they have

211  
00:09:16,130 --> 00:09:12,959  
those discussions like the guy that

212  
00:09:19,190 --> 00:09:16,140  
wrote the rules is representing the guy

213  
00:09:21,110 --> 00:09:19,200

that is going up against the existing

214

00:09:22,550 --> 00:09:21,120

Inspector General so when I started

215

00:09:25,310 --> 00:09:22,560

figuring that out and putting those

216

00:09:28,190 --> 00:09:25,320

together it really amped up my anxiety

217

00:09:30,170 --> 00:09:28,200

of is this is this coming and then to

218

00:09:34,130 --> 00:09:30,180

find out that we were getting a

219

00:09:36,590 --> 00:09:34,140

few clips of a seven hour interview that

220

00:09:38,269 --> 00:09:36,600

who knows what's inside that interview

221

00:09:41,269 --> 00:09:38,279

that we're going to find out about on

222

00:09:43,910 --> 00:09:41,279

Sunday it just continued to amp me up

223

00:09:47,509 --> 00:09:43,920

and so it is a great thing but of course

224

00:09:49,430 --> 00:09:47,519

like Deb says hey this is this is just

225

00:09:51,889 --> 00:09:49,440

par for the course this kind of thing

226

00:09:55,370 --> 00:09:51,899

happens but it does in my opinion feel

227

00:09:59,090 --> 00:09:55,380

different this time around based on the

228

00:10:00,710 --> 00:09:59,100

preceding events such as people saying

229

00:10:03,829 --> 00:10:00,720

that the rumors of people saying that

230

00:10:05,990 --> 00:10:03,839

they told Arrow these things and then

231

00:10:07,910 --> 00:10:06,000

they were upset when they heard

232

00:10:10,730 --> 00:10:07,920

Kirkpatrick say that they got no

233

00:10:13,810 --> 00:10:10,740

evidence and so they it almost felt like

234

00:10:17,410 --> 00:10:13,820

it was a retaliate a retaliation to

235

00:10:20,329 --> 00:10:17,420

Kirkpatrick's lack of

236

00:10:22,130 --> 00:10:20,339

investigative skills like I'll call it

237

00:10:23,870 --> 00:10:22,140

for follow-up skills on the testimony

238

00:10:26,329 --> 00:10:23,880

that he received I almost felt like they

239

00:10:28,430 --> 00:10:26,339

were insulted and this was the result of

240

00:10:30,350 --> 00:10:28,440

interesting that that's an interesting

241

00:10:34,009 --> 00:10:30,360

context that I hadn't heard yet Dan that

242

00:10:36,829 --> 00:10:34,019

people were pissed off uh after his his

243

00:10:39,590 --> 00:10:36,839

briefing which was in early to mid-april

244

00:10:41,870 --> 00:10:39,600

I believe uh and then and then the

245

00:10:44,269 --> 00:10:41,880

subsequent briefing with uh NASA the

246

00:10:46,970 --> 00:10:44,279

part two uh the the lawyer you spoke of

247

00:10:49,009 --> 00:10:46,980

is uh Charles McCullough III senior

248

00:10:52,670 --> 00:10:49,019

partner of the compass rose Legal Group

249

00:10:54,590 --> 00:10:52,680

in DC the original IG of the IC

250

00:10:56,269 --> 00:10:54,600

community so

251  
00:10:59,210 --> 00:10:56,279  
um I got that from this article I'll

252  
00:11:01,130 --> 00:10:59,220  
link people to it with Jonathan wolf I

253  
00:11:02,389 --> 00:11:01,140  
shared it the other day I think somebody

254  
00:11:05,449 --> 00:11:02,399  
shared it with me it might have been

255  
00:11:07,490 --> 00:11:05,459  
Shannon Scott but someone shared it uh

256  
00:11:08,870 --> 00:11:07,500  
in in that it's a legal perspective on

257  
00:11:10,970 --> 00:11:08,880  
this case so it was really really

258  
00:11:13,550 --> 00:11:10,980  
interesting

259  
00:11:15,650 --> 00:11:13,560  
um for my part I talked to our good

260  
00:11:18,230 --> 00:11:15,660  
friend from UFO Twitter Richard Bud

261  
00:11:19,910 --> 00:11:18,240  
around April 21st

262  
00:11:21,350 --> 00:11:19,920  
um didn't know the name of this person

263  
00:11:23,810 --> 00:11:21,360

didn't know when it was going to happen

264

00:11:26,329 --> 00:11:23,820

but he said that you know something

265

00:11:29,389 --> 00:11:26,339

something's gonna happen

266

00:11:31,430 --> 00:11:29,399

um and I said why you know why why are

267

00:11:32,870 --> 00:11:31,440

people that are cleared gonna do this

268

00:11:33,470 --> 00:11:32,880

and he said well because they're pissed

269

00:11:35,810 --> 00:11:33,480

off

270

00:11:38,449 --> 00:11:35,820

uh because they've been mistreated or

271

00:11:41,150 --> 00:11:38,459

intimidated or been treated in a way

272

00:11:44,990 --> 00:11:41,160

that's not doesn't comport with you know

273

00:11:46,850 --> 00:11:45,000

with our our values as a as a gov so so

274

00:11:49,190 --> 00:11:46,860

that's their impetus to want to do this

275

00:11:51,410 --> 00:11:49,200

so I was like oh okay

276

00:11:53,210 --> 00:11:51,420

um and that's all I knew and I had no

277

00:11:55,069 --> 00:11:53,220

idea that it was going to happen that

278

00:11:57,050 --> 00:11:55,079

Monday I was just you know as surprised

279

00:11:59,810 --> 00:11:57,060

as anybody when it when Monday morning I

280

00:12:03,889 --> 00:11:59,820

woke up and and this this this uh this

281

00:12:06,110 --> 00:12:03,899

news came out and I felt really good Dan

282

00:12:07,730 --> 00:12:06,120

because I'm I always am thinking that

283

00:12:09,889 --> 00:12:07,740

everything is a nothing Burger I've

284

00:12:12,829 --> 00:12:09,899

thought every briefing that I've heard

285

00:12:16,310 --> 00:12:12,839

on this topic was a nothing Burger

286

00:12:19,790 --> 00:12:16,320

um so far from the Pentagon and uh I see

287

00:12:23,150 --> 00:12:19,800

I did the British intonation there and

288

00:12:24,290 --> 00:12:23,160

um and uh and so I expected you know

289

00:12:27,230 --> 00:12:24,300

nothing better and then all of a sudden

290

00:12:29,930 --> 00:12:27,240

this happened and it was just absolutely

291

00:12:32,269 --> 00:12:29,940

um absolutely shocking that it that it

292

00:12:34,210 --> 00:12:32,279

did it did happen so

293

00:12:37,130 --> 00:12:34,220

um I'm so gratified for the community

294

00:12:39,769 --> 00:12:37,140

and now

295

00:12:41,569 --> 00:12:39,779

um you know these are here's the point

296

00:12:44,150 --> 00:12:41,579

about it and this this is you know what

297

00:12:46,250 --> 00:12:44,160

what I want to say just like initially

298

00:12:49,069 --> 00:12:46,260

when there's something that's of a top

299

00:12:51,769 --> 00:12:49,079

secret nature that's in a sensitive

300

00:12:53,150 --> 00:12:51,779

compartmentalized information nature and

301

00:12:55,430 --> 00:12:53,160

it's in a sap

302

00:12:57,290 --> 00:12:55,440

then you we assume that that there

303

00:13:00,829 --> 00:12:57,300

everything about it if you talk about it

304

00:13:02,990 --> 00:13:00,839

it's damaging and I'm not in I you know

305

00:13:04,970 --> 00:13:03,000

I've had that clearance but although I'm

306

00:13:07,430 --> 00:13:04,980

not an expert in Intel I don't know how

307

00:13:09,769 --> 00:13:07,440

to disseminate intelligence I'm not I'm

308

00:13:12,050 --> 00:13:09,779

not you know an analyst or or any of

309

00:13:15,069 --> 00:13:12,060

that sort of thing and what these people

310

00:13:17,449 --> 00:13:15,079

are saying no you can let people know

311

00:13:20,449 --> 00:13:17,459

particularly legislators that are paying

312

00:13:22,310 --> 00:13:20,459

for it that the program exists the

313

00:13:24,290 --> 00:13:22,320

nature of the program what they've

314

00:13:26,690 --> 00:13:24,300

derived and exploited and what they

315

00:13:29,210 --> 00:13:26,700

found and discovered uh and what they

316

00:13:30,949 --> 00:13:29,220

have you don't necessarily have to uh

317

00:13:33,050 --> 00:13:30,959

give all that up because then obviously

318

00:13:35,030 --> 00:13:33,060

our enemy could will have that exact

319

00:13:36,410 --> 00:13:35,040

same information but you can tell

320

00:13:37,970 --> 00:13:36,420

something and that's what these Intel

321

00:13:39,829 --> 00:13:37,980

professionals are telling us

322

00:13:41,690 --> 00:13:39,839

so

323

00:13:45,230 --> 00:13:41,700

um with that let me let me go back to

324

00:13:47,990 --> 00:13:45,240

Debs again Deb uh second round

325

00:13:51,170 --> 00:13:48,000

so I wanted to say that in response to

326

00:13:54,290 --> 00:13:51,180

what Dan said there is somewhat of a

327

00:13:55,970 --> 00:13:54,300

rumor that Kirkpatrick is linked to some

328

00:13:59,509 --> 00:13:55,980

of these people and it's actually a

329

00:14:02,389 --> 00:13:59,519

believer in non-human intelligence

330

00:14:04,370 --> 00:14:02,399

um and to be you know pretty Frank I

331

00:14:07,550 --> 00:14:04,380

believe Green Street started that rumor

332

00:14:11,150 --> 00:14:07,560

and it's just it's based off a picture

333

00:14:14,170 --> 00:14:11,160

of a group of people who spoke to

334

00:14:18,470 --> 00:14:14,180

Brandon fuge about Skinwalker Ranch

335

00:14:20,509 --> 00:14:18,480

and if that is the case he may be aware

336

00:14:22,430 --> 00:14:20,519

that this was going to happen like or

337

00:14:25,810 --> 00:14:22,440

was aware that this is going to happen

338

00:14:28,430 --> 00:14:25,820

and may not have been completely

339

00:14:30,829 --> 00:14:28,440

sidelined so to speak

340

00:14:34,190 --> 00:14:30,839

um that's a possibility I can't rule it

341

00:14:37,310 --> 00:14:34,200

out and I also think that it could also

342

00:14:41,030 --> 00:14:37,320

be the whole thing is about this lack of

343

00:14:43,850 --> 00:14:41,040

access that Arrow has and to really

344

00:14:46,129 --> 00:14:43,860

magnify that they can't even investigate

345

00:14:47,689 --> 00:14:46,139

this they don't even have the power to

346

00:14:49,970 --> 00:14:47,699

investigate these things because it's

347

00:14:51,650 --> 00:14:49,980

they're not at that level to be able to

348

00:14:53,090 --> 00:14:51,660

they're not read in they're not read

349

00:14:54,350 --> 00:14:53,100

into it

350

00:14:57,050 --> 00:14:54,360

right

351  
00:14:59,389 --> 00:14:57,060  
so just in response to what you said to

352  
00:15:02,030 --> 00:14:59,399  
what the response to what Dan said

353  
00:15:05,230 --> 00:15:02,040  
um Ross cultart said now this is just

354  
00:15:07,670 --> 00:15:05,240  
I'm quoting Ross here that that uh

355  
00:15:09,769 --> 00:15:07,680  
Kirkpatrick most certainly knows I don't

356  
00:15:12,290 --> 00:15:09,779  
know how Ross knows that what he knows

357  
00:15:13,850 --> 00:15:12,300  
and that and that even if they're not

358  
00:15:15,949 --> 00:15:13,860  
and I believe that they're not read into

359  
00:15:17,930 --> 00:15:15,959  
those programs because that basically is

360  
00:15:19,970 --> 00:15:17,940  
what David grush is telling you we were

361  
00:15:22,370 --> 00:15:19,980  
not read into them but those people came

362  
00:15:23,810 --> 00:15:22,380  
to me based on a lot of things that we

363  
00:15:26,269 --> 00:15:23,820

don't know yet things that are still

364

00:15:27,650 --> 00:15:26,279

being held by the igic

365

00:15:30,530 --> 00:15:27,660

but

366

00:15:32,990 --> 00:15:30,540

what what we do know is that uh or or

367

00:15:34,910 --> 00:15:33,000

what we can suspect I should say that is

368

00:15:37,310 --> 00:15:34,920

perhaps Kirkpatrick knows for the same

369

00:15:39,410 --> 00:15:37,320

reason that Crush knew because he's the

370

00:15:41,930 --> 00:15:39,420

director of the program and perhaps

371

00:15:43,790 --> 00:15:41,940

people have approached him but I can't I

372

00:15:47,150 --> 00:15:43,800

can't say that that he definitely knows

373

00:15:49,310 --> 00:15:47,160

but Ross coltar does believe he knows

374

00:15:51,470 --> 00:15:49,320

so let me chime in on Kirkpatrick real

375

00:15:52,970 --> 00:15:51,480

quick because I've heard similar things

376

00:15:54,230 --> 00:15:52,980  
from Green Street I think it was

377

00:15:55,550 --> 00:15:54,240  
basically that they had an interview

378

00:15:58,250 --> 00:15:55,560  
with

379

00:16:00,230 --> 00:15:58,260  
um Brandon fogle and he's her Patrick

380

00:16:02,750 --> 00:16:00,240  
started the meeting by saying you don't

381

00:16:05,449 --> 00:16:02,760  
have to convince us or convince me of

382

00:16:07,670 --> 00:16:05,459  
UFOs I believe that they exist now prove

383

00:16:09,829 --> 00:16:07,680  
now let's talk about this other thing I

384

00:16:12,590 --> 00:16:09,839  
think that was the overarching

385

00:16:16,790 --> 00:16:12,600  
discussion that was had but when you

386

00:16:18,230 --> 00:16:16,800  
take someone out of a what you what your

387

00:16:20,509 --> 00:16:18,240  
personal beliefs your personal

388

00:16:23,210 --> 00:16:20,519

environment and put them in a situation

389

00:16:26,150 --> 00:16:23,220

where you say now I want you to prove

390

00:16:27,829 --> 00:16:26,160

this to me I could sit here and it's a

391

00:16:29,750 --> 00:16:27,839

different story I could sit here and say

392

00:16:31,370 --> 00:16:29,760

I got a good jump shot

393

00:16:33,350 --> 00:16:31,380

and then you could turn around and say

394

00:16:35,689 --> 00:16:33,360

prove it to me but I'm not going to give

395

00:16:37,430 --> 00:16:35,699

you a basketball so when I look at

396

00:16:40,009 --> 00:16:37,440

Kirkpatrick he doesn't have the

397

00:16:42,710 --> 00:16:40,019

information available to prove his

398

00:16:46,249 --> 00:16:42,720

belief with the available information at

399

00:16:49,370 --> 00:16:46,259

hand so he's in my opinion taking the J

400

00:16:52,790 --> 00:16:49,380

Allen heineck route where he is going

401  
00:16:55,970 --> 00:16:52,800  
with the information that he has and he

402  
00:16:59,509 --> 00:16:55,980  
can't use current data to prove his

403  
00:17:00,829 --> 00:16:59,519  
point But as time goes on if he if if

404  
00:17:03,769 --> 00:17:00,839  
the statements that we've heard about

405  
00:17:05,990 --> 00:17:03,779  
him are true he will eventually come

406  
00:17:08,569 --> 00:17:06,000  
around and begin to

407  
00:17:10,549 --> 00:17:08,579  
just like Jay on heineck become a

408  
00:17:12,409 --> 00:17:10,559  
Believer because he's been able to prove

409  
00:17:14,750 --> 00:17:12,419  
it to himself and he can turn around and

410  
00:17:16,789 --> 00:17:14,760  
prove it to you and I I think that's the

411  
00:17:18,230 --> 00:17:16,799  
trajectory that he's on I hope he'll

412  
00:17:19,730 --> 00:17:18,240  
last that long because I've also heard a

413  
00:17:21,949 --> 00:17:19,740

lot of rumors about him not going to

414

00:17:24,169 --> 00:17:21,959

make the make it in that position for

415

00:17:25,850 --> 00:17:24,179

the last for the rest of the year so I

416

00:17:28,189 --> 00:17:25,860

don't know what his future holds but I

417

00:17:29,690 --> 00:17:28,199

think that I still I'm going to give him

418

00:17:30,890 --> 00:17:29,700

the benefit of the doubt until proven

419

00:17:32,990 --> 00:17:30,900

otherwise

420

00:17:34,730 --> 00:17:33,000

I I really like that because there's

421

00:17:38,150 --> 00:17:34,740

only two data points here that we have

422

00:17:40,190 --> 00:17:38,160

we have that he said I don't I don't

423

00:17:41,570 --> 00:17:40,200

know I I don't have this information he

424

00:17:43,909 --> 00:17:41,580

said that I don't know of any

425

00:17:46,490 --> 00:17:43,919

extraterrestrial anything and the data

426  
00:17:49,010 --> 00:17:46,500  
point that David Grush says that as when

427  
00:17:51,650 --> 00:17:49,020  
I was part of the UAPTF we were not read

428  
00:17:53,930 --> 00:17:51,660  
into these programs so we have that at

429  
00:17:56,690 --> 00:17:53,940  
face value so anything that somebody

430  
00:17:58,070 --> 00:17:56,700  
says if Ross I mean Ross may know things

431  
00:17:59,990 --> 00:17:58,080  
that we don't know and have spoken to

432  
00:18:02,570 --> 00:18:00,000  
people that we haven't spoken with that

433  
00:18:04,789 --> 00:18:02,580  
that maybe he you know knows more from

434  
00:18:06,409 --> 00:18:04,799  
unofficially the way that Russia but we

435  
00:18:08,330 --> 00:18:06,419  
don't know that so I I have to agree

436  
00:18:10,490 --> 00:18:08,340  
with you Dan we can't really make any

437  
00:18:13,370 --> 00:18:10,500  
further assertion based on the data we

438  
00:18:16,370 --> 00:18:13,380

have those two data points Priscilla

439

00:18:18,049 --> 00:18:16,380

what I found interesting about um in the

440

00:18:21,110 --> 00:18:18,059

article put out by the debrief you know

441

00:18:23,750 --> 00:18:21,120

it was the fact that brush was sort of

442

00:18:25,789 --> 00:18:23,760

not a little bit more concerned maybe a

443

00:18:28,070 --> 00:18:25,799

little upset about the nesting of uip

444

00:18:31,190 --> 00:18:28,080

programs within other departments so it

445

00:18:34,130 --> 00:18:31,200

makes it really hard for people studying

446

00:18:35,810 --> 00:18:34,140

this now to get the clearance to find

447

00:18:37,970 --> 00:18:35,820

even if you have the clearance where do

448

00:18:39,470 --> 00:18:37,980

you look for this that's very concerning

449

00:18:41,150 --> 00:18:39,480

and it was also mentioned that you know

450

00:18:43,130 --> 00:18:41,160

well if that's if that's what they're

451

00:18:44,750 --> 00:18:43,140

doing then it's illegal

452

00:18:46,250 --> 00:18:44,760

um so that is another huge thing that

453

00:18:48,409 --> 00:18:46,260

was brought up in the article that was

454

00:18:50,870 --> 00:18:48,419

concerning to me as well which we knew

455

00:18:52,549 --> 00:18:50,880

was the case as we've heard before but

456

00:18:54,470 --> 00:18:52,559

it just concerns me and other people

457

00:18:57,110 --> 00:18:54,480

that the nesting of these uip programs

458

00:18:58,549 --> 00:18:57,120

might make it hard for us to find like a

459

00:18:59,690 --> 00:18:58,559

complete set of evidence do you know

460

00:19:00,830 --> 00:18:59,700

what I mean like there might be

461

00:19:02,090 --> 00:19:00,840

something here and then we find

462

00:19:03,590 --> 00:19:02,100

something here and then the missing

463

00:19:06,470 --> 00:19:03,600

piece might not be found because of

464

00:19:08,450 --> 00:19:06,480

where it's hidden or kept

465

00:19:11,090 --> 00:19:08,460

there's no question is until you're

466

00:19:12,890 --> 00:19:11,100

until you are read into that program and

467

00:19:15,529 --> 00:19:12,900

you sign that piece of paper that talks

468

00:19:17,690 --> 00:19:15,539

about jail time and talks about fines

469

00:19:20,150 --> 00:19:17,700

and all these sorts of things until you

470

00:19:21,950 --> 00:19:20,160

sign that you can have the highest

471

00:19:24,710 --> 00:19:21,960

clearance that you know you can have a

472

00:19:26,750 --> 00:19:24,720

tsfci with poly you can have one of

473

00:19:28,669 --> 00:19:26,760

those Department of energy clearances

474

00:19:30,650 --> 00:19:28,679

Etc it doesn't really matter you don't

475

00:19:32,630 --> 00:19:30,660

have the need to know until you read

476  
00:19:34,610 --> 00:19:32,640  
into that program which you go through

477  
00:19:37,490 --> 00:19:34,620  
briefing you sign that paper now you're

478  
00:19:39,169 --> 00:19:37,500  
in now when you leave service you sign

479  
00:19:40,850 --> 00:19:39,179  
out of that program that you're not

480  
00:19:43,909 --> 00:19:40,860  
going to talk about that just like I did

481  
00:19:45,770 --> 00:19:43,919  
just like everybody did Ramirez Etc

482  
00:19:47,750 --> 00:19:45,780  
um then you you read out of that program

483  
00:19:49,390 --> 00:19:47,760  
and say that you won't talk about it so

484  
00:19:51,529 --> 00:19:49,400  
you're right you're right they could be

485  
00:19:53,510 --> 00:19:51,539  
compartmented but the good news

486  
00:19:56,330 --> 00:19:53,520  
Priscilla is that a number of these

487  
00:19:58,490 --> 00:19:56,340  
people have come forward to him and if

488  
00:20:00,590 --> 00:19:58,500

they see that he doesn't get railroaded

489

00:20:02,390 --> 00:20:00,600

somehow

490

00:20:04,789 --> 00:20:02,400

um maybe they're gonna come forward this

491

00:20:07,610 --> 00:20:04,799

is their their crash test dummy right

492

00:20:14,529 --> 00:20:09,529

which by the way

493

00:20:21,169 --> 00:20:18,230

I know I remember those PSAs

494

00:20:23,990 --> 00:20:21,179

um what does this tell us about uh

495

00:20:26,270 --> 00:20:24,000

Roswell Dan like I mean because he said

496

00:20:27,950 --> 00:20:26,280

this goes all the way back you know to

497

00:20:29,990 --> 00:20:27,960

the cold I mean he's dating it further

498

00:20:31,669 --> 00:20:30,000

back I think it alludes to the video

499

00:20:33,169 --> 00:20:31,679

that you're gonna have a show and and

500

00:20:35,450 --> 00:20:33,179

we'll be ready to play that whenever

501  
00:20:37,549 --> 00:20:35,460  
you're ready uh what is does that does

502  
00:20:40,430 --> 00:20:37,559  
this tell you anything about Roswell

503  
00:20:42,409 --> 00:20:40,440  
uh nothing specifically about Roswell

504  
00:20:45,590 --> 00:20:42,419  
Roswell has been mentioned at this point

505  
00:20:49,130 --> 00:20:45,600  
but he has alluded to a decades-long

506  
00:20:50,930 --> 00:20:49,140  
cold war to basically figure out the

507  
00:20:53,950 --> 00:20:50,940  
technology associated with UFOs that

508  
00:20:56,390 --> 00:20:53,960  
goes all that goes back 90 years to 1933

509  
00:20:59,690 --> 00:20:56,400  
and that's what I made this video about

510  
00:21:01,549 --> 00:20:59,700  
uh the DJ Ace apparently with Deb's help

511  
00:21:04,490 --> 00:21:01,559  
I think she's the brains behind the

512  
00:21:07,250 --> 00:21:04,500  
operation is able to play and I can't

513  
00:21:09,110 --> 00:21:07,260

sit here and describe it well but I did

514

00:21:10,730 --> 00:21:09,120

make a three minute video about it so if

515

00:21:12,110 --> 00:21:10,740

you want to play it that's great and it

516

00:21:15,049 --> 00:21:12,120

can just kind of give us some context

517

00:21:18,770 --> 00:21:15,059

behind the event that

518

00:21:21,890 --> 00:21:18,780

um that grow grocery is talking about

519

00:21:23,029 --> 00:21:21,900

right now that's going to be hopefully

520

00:21:24,890 --> 00:21:23,039

um

521

00:21:27,110 --> 00:21:24,900

more health information will come out

522

00:21:31,010 --> 00:21:27,120

about it in The Seven Hour Energy that

523

00:21:32,570 --> 00:21:31,020

comes up later oh I can't I mean Dan I

524

00:21:34,970 --> 00:21:32,580

hope you have the popcorn done well

525

00:21:36,890 --> 00:21:34,980

before the eight o'clock hour

526

00:21:38,930 --> 00:21:36,900

um but anyway I just do want to say

527

00:21:41,029 --> 00:21:38,940

hello to you before we place hello to

528

00:21:43,850 --> 00:21:41,039

Julie in the chat I see Deltas here

529

00:21:46,850 --> 00:21:43,860

Chris is here I saw Bob Marley uh

530

00:21:49,730 --> 00:21:46,860

earlier right I see Anon hello and on ET

531

00:21:51,230 --> 00:21:49,740

welcome back and um thank you Julie for

532

00:21:52,970 --> 00:21:51,240

doing this once again on short notice

533

00:21:54,590 --> 00:21:52,980

thank you everybody if you have

534

00:21:56,690 --> 00:21:54,600

questions we'll we'll get to them after

535

00:21:58,130 --> 00:21:56,700

I'm going to open the floor so any of

536

00:21:59,570 --> 00:21:58,140

these people can ask anyone a question

537

00:22:02,029 --> 00:21:59,580

and it doesn't look like I'm directing

538

00:22:04,549 --> 00:22:02,039

traffic so let's go ahead and see if we

539

00:22:05,870 --> 00:22:04,559

can get this video up and going for

540

00:22:08,210 --> 00:22:05,880

everyone while we're waiting I'll

541

00:22:11,090 --> 00:22:08,220

clarify I'm not a popcorn guy I'm a

542

00:22:11,930 --> 00:22:11,100

spicy pork rind guy so I'll have the bag

543

00:22:13,909 --> 00:22:11,940

ready

544

00:22:15,770 --> 00:22:13,919

God bless you Dan we haven't even asked

545

00:22:17,090 --> 00:22:15,780

you your favorite potato chips it's part

546

00:22:18,430 --> 00:22:17,100

of the cap hold nor have we asked

547

00:22:22,310 --> 00:22:18,440

Priscilla

548

00:22:24,590 --> 00:22:22,320

while this did I ask you you asked me

549

00:22:25,909 --> 00:22:24,600

on a call one time on that call recently

550

00:22:27,590 --> 00:22:25,919

yeah we'll have to go over that again

551

00:22:29,690 --> 00:22:27,600

but we're gonna need to know your

552

00:22:32,630 --> 00:22:29,700

favorite potato chips uh seasoned or

553

00:22:34,190 --> 00:22:32,640

salted Etc but uh let's let's get this

554

00:22:36,590 --> 00:22:34,200

up there and see if see if we get this

555

00:22:38,870 --> 00:22:36,600

going here here we go

556

00:22:40,370 --> 00:22:38,880

okay

557

00:22:42,950 --> 00:22:40,380

um play it

558

00:22:44,810 --> 00:22:42,960

three it's reported that fascists not

559

00:22:47,450 --> 00:22:44,820

only saw a UFO but they actually

560

00:22:49,490 --> 00:22:47,460

recovered 33 it's reported that fascists

561

00:22:52,130 --> 00:22:49,500

not only saw a UFO but they actually

562

00:22:54,409 --> 00:22:52,140

recovered one oh yeah you're gonna want

563

00:22:57,230 --> 00:22:54,419

to hear this one with UFO sightings

564

00:22:59,870 --> 00:22:57,240

dating back to 1931 when Mussolini was

565

00:23:02,750 --> 00:22:59,880

in power and a flap of UFO sightings

566

00:23:04,970 --> 00:23:02,760

that occurred until 1940 which resulted

567

00:23:07,669 --> 00:23:04,980

in Mussolini himself setting up a secret

568

00:23:09,710 --> 00:23:07,679

commission to study the objects which

569

00:23:15,049 --> 00:23:09,720

led to the creation of what is known as

570

00:23:17,690 --> 00:23:15,059

the fascist UFO files April 11 1933 a

571

00:23:20,990 --> 00:23:17,700

UFO crashes their lands near magenta In

572

00:23:23,750 --> 00:23:21,000

Lombardi Italy Italian authorities swoop

573

00:23:26,770 --> 00:23:23,760

in and take possession of The Craft 14

574

00:23:28,789 --> 00:23:26,780

years before the Roswell incident occurs

575

00:23:31,430 --> 00:23:28,799

Mussolini is informed of what has

576

00:23:33,169 --> 00:23:31,440

occurred and he authorizes a thorough

577

00:23:35,630 --> 00:23:33,179

investigation of the object by an

578

00:23:38,750 --> 00:23:35,640

obscure wartime intelligence unit called

579

00:23:41,690 --> 00:23:38,760

the rs-33 they quickly moved the object

580

00:23:44,029 --> 00:23:41,700

to a secure Hangar on SI AI property

581

00:23:46,010 --> 00:23:44,039

upon initial investigation they think

582

00:23:48,529 --> 00:23:46,020

the craft may be a French or German

583

00:23:51,529 --> 00:23:48,539

super weapon but upon closer

584

00:23:53,029 --> 00:23:51,539

investigation Senator Marconi who was

585

00:23:55,909 --> 00:23:53,039

the president of the royal Italian

586

00:23:58,490 --> 00:23:55,919

Academy of Sciences a recipient of

587

00:24:01,549 --> 00:23:58,500

Italy's Nobel Prize and their most

588

00:24:02,690 --> 00:24:01,559

famous scientist and inventor came to

589

00:24:05,570 --> 00:24:02,700

believe that the craft was

590

00:24:07,970 --> 00:24:05,580

extraterrestrial in nature from Mars

591

00:24:10,789 --> 00:24:07,980

specifically and he began to refer to it

592

00:24:12,470 --> 00:24:10,799

as an unconventional flying vehicle this

593

00:24:15,169 --> 00:24:12,480

information is available thanks to the

594

00:24:17,090 --> 00:24:15,179

work of Roberto pinati because he has

595

00:24:19,490 --> 00:24:17,100

evidence of this occurring thanks to

596

00:24:21,470 --> 00:24:19,500

three telegrams which had a professional

597

00:24:23,510 --> 00:24:21,480

forensic analysis performed on them and

598

00:24:25,909 --> 00:24:23,520

they were deemed original and authentic

599

00:24:28,010 --> 00:24:25,919

one of these telegrams even states that

600

00:24:30,710 --> 00:24:28,020

Mussolini himself ordered absolute

601  
00:24:33,289 --> 00:24:30,720  
silence in regards to these craft but as

602  
00:24:35,930 --> 00:24:33,299  
things went South for Italy during WW2

603  
00:24:38,570 --> 00:24:35,940  
all their research and files on these

604  
00:24:42,649 --> 00:24:38,580  
crafts ended up in German hands and on

605  
00:24:45,110 --> 00:24:42,659  
March 23 1941 Mussolini made a speech

606  
00:24:46,909 --> 00:24:45,120  
where he stated it's more likely that

607  
00:24:49,130 --> 00:24:46,919  
the United States will be invaded by

608  
00:24:51,289 --> 00:24:49,140  
unknown but war-like inhabitants from

609  
00:24:53,810 --> 00:24:51,299  
the planet Mars who will come down from

610  
00:24:56,210 --> 00:24:53,820  
the starry place on unimaginable flying

611  
00:24:57,169 --> 00:24:56,220  
fortresses than by the soldiers of the

612  
00:25:00,350 --> 00:24:57,179  
axis

613  
00:25:02,870 --> 00:25:00,360

and shortly after that in 1942 the

614

00:25:05,330 --> 00:25:02,880

Battle of Los Angeles occurred so did

615

00:25:08,810 --> 00:25:05,340

Mussolini know something but thankfully

616

00:25:11,390 --> 00:25:08,820

in April of 1945 the boys of the first

617

00:25:14,690 --> 00:25:11,400

Armored Division captured the hangar at

618

00:25:16,970 --> 00:25:14,700

the 1933 magenta UFO was rumored to be

619

00:25:18,950 --> 00:25:16,980

stored in where it was promptly packed

620

00:25:22,190 --> 00:25:18,960

up and shipped back to the good old us

621

00:25:24,049 --> 00:25:22,200

of a whereabouts unknown but the guy

622

00:25:26,149 --> 00:25:24,059

that used to lead the pentagon's UFO

623

00:25:29,630 --> 00:25:26,159

investigation has heard a thing or two

624

00:25:31,549 --> 00:25:29,640

about this incident uh but Roswell may

625

00:25:33,310 --> 00:25:31,559

not have been the first event I mean

626

00:25:36,110 --> 00:25:33,320

there's been some some some

627

00:25:38,690 --> 00:25:36,120

reporting internationally as well that

628

00:25:40,850 --> 00:25:38,700

there have been some some crashed

629

00:25:43,909 --> 00:25:40,860

vehicles and they were they were

630

00:25:45,890 --> 00:25:43,919

obtained by local authorities and there

631

00:25:48,350 --> 00:25:45,900

was some some scientific study done on

632

00:25:51,049 --> 00:25:48,360

them there is some documentation that

633

00:25:53,990 --> 00:25:51,059

has been validated uh that was uh that

634

00:25:55,730 --> 00:25:54,000

was from Mussolini himself it's it's

635

00:25:58,490 --> 00:25:55,740

authentic it's been proven to be

636

00:26:02,870 --> 00:25:58,500

authentic the the documentation and

637

00:26:04,730 --> 00:26:02,880

after World War II uh allegedly

638

00:26:07,730 --> 00:26:04,740

um parts of that that vehicle were

639

00:26:09,230 --> 00:26:07,740

brought to the United States

640

00:26:13,010 --> 00:26:09,240

man

641

00:26:15,409 --> 00:26:13,020

can I get an amen video yeah

642

00:26:17,990 --> 00:26:15,419

yeah I've gotten I've gotten better at

643

00:26:20,090 --> 00:26:18,000

volume control and adjustment since I

644

00:26:22,490 --> 00:26:20,100

made that video sorry for people to use

645

00:26:24,590 --> 00:26:22,500

eardrums are hurting right now oh your

646

00:26:26,390 --> 00:26:24,600

beard doesn't look that bad either

647

00:26:27,950 --> 00:26:26,400

um so your favorite potato chip stand

648

00:26:30,950 --> 00:26:27,960

before we go any further

649

00:26:33,350 --> 00:26:30,960

uh you're not gonna like this Cheetos

650

00:26:35,210 --> 00:26:33,360

I am gonna like that those are those are

651  
00:26:36,769 --> 00:26:35,220  
not potato chips though those are

652  
00:26:39,350 --> 00:26:36,779  
favorite chips so if we just go with

653  
00:26:41,450 --> 00:26:39,360  
potato chips

654  
00:26:43,010 --> 00:26:41,460  
I mean I'm not you're gonna you're not

655  
00:26:46,250 --> 00:26:43,020  
gonna like it I'm gonna go with the Corn

656  
00:26:48,769 --> 00:26:46,260  
Chip and A Fritos I don't go potato

657  
00:26:51,350 --> 00:26:48,779  
chips very often it's just not in my

658  
00:26:55,070 --> 00:26:51,360  
wheelhouse okay you literally Doritos

659  
00:27:02,930 --> 00:26:55,080  
things that my kids leave in the Box

660  
00:27:08,090 --> 00:27:05,630  
all right so uh Priscilla potato chips

661  
00:27:10,789 --> 00:27:08,100  
can you remind me please it was both I

662  
00:27:13,730 --> 00:27:10,799  
like I like ridged non-ridge

663  
00:27:16,010 --> 00:27:13,740

salted in Seasons right yeah like it has

664

00:27:18,590 --> 00:27:16,020

to be a mix it can't just give you your

665

00:27:21,049 --> 00:27:18,600

poly chip Dr Joe that's right I forgot

666

00:27:23,090 --> 00:27:21,059

that all right okay I just want to open

667

00:27:25,010 --> 00:27:23,100

the floor for anybody to ask anybody a

668

00:27:26,450 --> 00:27:25,020

question just to go ahead and Talk

669

00:27:28,370 --> 00:27:26,460

Amongst yourselves as Linda Richmond

670

00:27:31,669 --> 00:27:28,380

might have said

671

00:27:33,169 --> 00:27:31,679

oh well I I'm just excited that we're

672

00:27:35,810 --> 00:27:33,179

really paying attention to the history

673

00:27:38,330 --> 00:27:35,820

of Crash retrievals I cannot wait to

674

00:27:40,190 --> 00:27:38,340

talk more about that today because it's

675

00:27:43,610 --> 00:27:40,200

one of the things that really piqued my

676

00:27:46,430 --> 00:27:43,620

interest and there is so much that is

677

00:27:50,090 --> 00:27:46,440

available already in government boys

678

00:27:51,649 --> 00:27:50,100

waiting for people to look at and um I'm

679

00:27:53,570 --> 00:27:51,659

glad that people might actually be

680

00:27:56,269 --> 00:27:53,580

taking a serious look now

681

00:27:58,370 --> 00:27:56,279

so yeah so this is this reminds me of a

682

00:28:02,350 --> 00:27:58,380

conversation I had on Twitter earlier

683

00:28:05,690 --> 00:28:02,360

today where with Dave grush stating this

684

00:28:08,870 --> 00:28:05,700

historical uh start date for the UFO

685

00:28:11,390 --> 00:28:08,880

phenomenon it's making what once was old

686

00:28:13,070 --> 00:28:11,400

new again so it's like refreshing

687

00:28:14,990 --> 00:28:13,080

everything

688

00:28:18,110 --> 00:28:15,000

um I've had a conversation with George

689

00:28:21,110 --> 00:28:18,120

Knapp offline where I was asking him

690

00:28:24,890 --> 00:28:21,120

questions about the history of project

691

00:28:27,649 --> 00:28:24,900

saucer which was the first UFO uh office

692

00:28:29,289 --> 00:28:27,659

I'll call it that was quickly renamed to

693

00:28:32,090 --> 00:28:29,299

a project

694

00:28:33,230 --> 00:28:32,100

Grudge I want to say

695

00:28:36,350 --> 00:28:33,240

um I might be getting that name wrong

696

00:28:39,830 --> 00:28:36,360

but he said well it's it's in this book

697

00:28:41,630 --> 00:28:39,840

by Edward Rupel no one looks at these

698

00:28:44,450 --> 00:28:41,640

old books anymore there's so much

699

00:28:46,850 --> 00:28:44,460

history in these books that people just

700

00:28:48,529 --> 00:28:46,860

ignore and that's what one of the things

701  
00:28:50,510 --> 00:28:48,539  
that I think is great about the current

702  
00:28:53,330 --> 00:28:50,520  
situation is people are going to be

703  
00:28:55,750 --> 00:28:53,340  
looking back now at the historical cases

704  
00:28:58,549 --> 00:28:55,760  
like Deb was saying and it's gonna

705  
00:29:00,769 --> 00:28:58,559  
reinvigorate those subjects those

706  
00:29:02,210 --> 00:29:00,779  
crashes that's that's going to be a fun

707  
00:29:04,190 --> 00:29:02,220  
ride

708  
00:29:07,130 --> 00:29:04,200  
Something Beautiful about this is that

709  
00:29:09,409 --> 00:29:07,140  
everybody is sort of stimulated by a

710  
00:29:11,990 --> 00:29:09,419  
different aspect of this story and you

711  
00:29:13,370 --> 00:29:12,000  
guys have just laid out yours and that's

712  
00:29:15,649 --> 00:29:13,380  
great you know because we don't really

713  
00:29:17,630 --> 00:29:15,659

all we don't need to be all the same I'm

714

00:29:22,510 --> 00:29:17,640

very stimulated by the fact that

715

00:29:26,690 --> 00:29:22,520

somebody who's in the know who has seen

716

00:29:28,789 --> 00:29:26,700

documents seen photos seen videos

717

00:29:30,350 --> 00:29:28,799

and while he has not seen the craft

718

00:29:32,210 --> 00:29:30,360

himself he's come forward and that's

719

00:29:34,610 --> 00:29:32,220

good enough for me we have placed the

720

00:29:36,710 --> 00:29:34,620

public trust in this individual up to

721

00:29:39,470 --> 00:29:36,720

and including as you heard Ross say this

722

00:29:41,450 --> 00:29:39,480

has put this man has been there uh

723

00:29:42,950 --> 00:29:41,460

putting together Intel briefings for the

724

00:29:44,810 --> 00:29:42,960

president

725

00:29:47,990 --> 00:29:44,820

um previously

726

00:29:50,450 --> 00:29:48,000

um another person told me that that

727

00:29:52,970 --> 00:29:50,460

knows him that said that

728

00:29:56,630 --> 00:29:52,980

um he was a Wonder kid when they needed

729

00:29:59,990 --> 00:29:56,640

to execute using technology certain

730

00:30:02,269 --> 00:30:00,000

types of counter-attacks and attacks he

731

00:30:05,210 --> 00:30:02,279

figured out how to do things that other

732

00:30:08,149 --> 00:30:05,220

people didn't which is why

733

00:30:11,810 --> 00:30:08,159

um uh they use flag officers to vet this

734

00:30:14,750 --> 00:30:11,820

individual so when if he says I saw it

735

00:30:17,210 --> 00:30:14,760

and and people these are the the folks

736

00:30:18,590 --> 00:30:17,220

that I spoke with well you know the IG

737

00:30:20,630 --> 00:30:18,600

is going to be able to independently

738

00:30:22,310 --> 00:30:20,640

verify that and obviously it's it's

739

00:30:23,750 --> 00:30:22,320

quite credible and we've never had this

740

00:30:26,090 --> 00:30:23,760

has never happened in the history of our

741

00:30:28,010 --> 00:30:26,100

country uh even Lou you know didn't

742

00:30:29,870 --> 00:30:28,020

didn't have this information

743

00:30:31,570 --> 00:30:29,880

so um

744

00:30:34,070 --> 00:30:31,580

it's a moment

745

00:30:35,510 --> 00:30:34,080

this moment is it's the beginning of the

746

00:30:39,769 --> 00:30:35,520

beginning

747

00:30:41,149 --> 00:30:39,779

it's uh that's what's so amazing about

748

00:30:42,470 --> 00:30:41,159

it to me

749

00:30:53,389 --> 00:30:42,480

so

750

00:30:56,930 --> 00:30:55,370

um I mean just real quick that you know

751

00:30:59,510 --> 00:30:56,940

the article also talks about Jonathan

752

00:31:00,710 --> 00:30:59,520

Gray from nasic so and he's saying the

753

00:31:04,370 --> 00:31:00,720

singing stuff you know we're talking

754

00:31:05,870 --> 00:31:04,380

right Patterson which how long have we

755

00:31:07,909 --> 00:31:05,880

all been like right Patterson right you

756

00:31:09,169 --> 00:31:07,919

know what I mean like and now this is

757

00:31:12,110 --> 00:31:09,179

just like

758

00:31:14,750 --> 00:31:12,120

surprising that it's being written and

759

00:31:18,529 --> 00:31:14,760

you know and talked about now

760

00:31:21,110 --> 00:31:18,539

um but also just like a we freaking knew

761

00:31:22,850 --> 00:31:21,120

it you know what I mean so it's kind of

762

00:31:25,430 --> 00:31:22,860

refreshing to see like all these like

763

00:31:27,289 --> 00:31:25,440

connections coming out publicly

764

00:31:29,149 --> 00:31:27,299

I I said to my British friends I'll get

765

00:31:30,590 --> 00:31:29,159

to you right now Dan and we remind me we

766

00:31:32,630 --> 00:31:30,600

have a starred question in the chat here

767

00:31:34,789 --> 00:31:32,640

uh but I said to our British friends I

768

00:31:38,690 --> 00:31:34,799

said Bob Lazar going How You Like Me Now

769

00:31:41,090 --> 00:31:38,700

brother huh what you know that's what

770

00:31:43,970 --> 00:31:41,100

Bob Lazar saying and guess what uh Rick

771

00:31:45,889 --> 00:31:43,980

Doty said the exact same things

772

00:31:48,830 --> 00:31:45,899

from back in the 80s when he was at

773

00:31:50,090 --> 00:31:48,840

Kirtland so you have that uh Dan you you

774

00:31:51,889 --> 00:31:50,100

were going to say something right before

775

00:31:53,750 --> 00:31:51,899

Priscilla

776

00:31:57,110 --> 00:31:53,760

uh just before I so rudely interrupted

777

00:31:58,490 --> 00:31:57,120

her my apologies prisilla um yes but I

778

00:32:01,669 --> 00:31:58,500

just want something that I found

779

00:32:04,430 --> 00:32:01,679

interesting about uh David's testimony

780

00:32:05,990 --> 00:32:04,440

so far is that he's stating that the in

781

00:32:08,149 --> 00:32:06,000

some of the information that he has

782

00:32:10,070 --> 00:32:08,159

received are from people that he's known

783

00:32:12,590 --> 00:32:10,080

his entire career so those are his

784

00:32:15,409 --> 00:32:12,600

mentors that he went through the

785

00:32:17,450 --> 00:32:15,419

department with and I mean I've never

786

00:32:19,250 --> 00:32:17,460

worked with someone for 14 years I think

787

00:32:22,130 --> 00:32:19,260

that was his career

788

00:32:24,350 --> 00:32:22,140

um if I had worked with someone for 14

789

00:32:26,330 --> 00:32:24,360

years you establish a bond you

790

00:32:28,190 --> 00:32:26,340

established trust and it wasn't until

791

00:32:29,810 --> 00:32:28,200

the very end of his career that they

792

00:32:31,730 --> 00:32:29,820

started telling them these things that

793

00:32:33,769 --> 00:32:31,740

they started confiding into him when he

794

00:32:36,789 --> 00:32:33,779

became a member of the UAP task force

795

00:32:40,370 --> 00:32:36,799

that to me is speaks volumes because

796

00:32:43,310 --> 00:32:40,380

there's a trust both directions those

797

00:32:46,430 --> 00:32:43,320

mentors of his don't want to mislead him

798

00:32:48,649 --> 00:32:46,440

those those mentors look at David as

799

00:32:50,810 --> 00:32:48,659

their legacy because the next generation

800

00:32:52,850 --> 00:32:50,820

is going to replace each and every one

801  
00:32:54,110 --> 00:32:52,860  
of us so we have to make sure here that

802  
00:32:55,789 --> 00:32:54,120  
we're taking care of them that we're

803  
00:32:58,190 --> 00:32:55,799  
leading them in the right direction be

804  
00:33:02,210 --> 00:32:58,200  
successful so that to me kind of stood

805  
00:33:04,010 --> 00:33:02,220  
out as a man if if my bosses told me if

806  
00:33:06,110 --> 00:33:04,020  
the people that I've worked with all my

807  
00:33:08,389 --> 00:33:06,120  
career said things to me in confidence

808  
00:33:09,710 --> 00:33:08,399  
like that I wouldn't believe them too I

809  
00:33:11,930 --> 00:33:09,720  
would I would have a lot of confidence

810  
00:33:13,430 --> 00:33:11,940  
that they're not looking to mislead that

811  
00:33:15,470 --> 00:33:13,440  
they're that they're being

812  
00:33:17,509 --> 00:33:15,480  
straightforward and honest with me so I

813  
00:33:20,350 --> 00:33:17,519

think that's a major aspect of this that

814

00:33:23,450 --> 00:33:20,360

goes on mentioned unnoticed and it's

815

00:33:24,769 --> 00:33:23,460

intangible so I understand why but I

816

00:33:26,750 --> 00:33:24,779

think it's interesting

817

00:33:29,330 --> 00:33:26,760

I think what what you've said Dennis is

818

00:33:31,730 --> 00:33:29,340

basically it's not debunkable uh be

819

00:33:33,710 --> 00:33:31,740

based on all those factors the flag

820

00:33:36,830 --> 00:33:33,720

officers that came out the vetting that

821

00:33:39,350 --> 00:33:36,840

went on first of all from the IG before

822

00:33:42,169 --> 00:33:39,360

you know this even got out there second

823

00:33:45,350 --> 00:33:42,179

of all from the reporters uh uh Ralph

824

00:33:48,230 --> 00:33:45,360

and uh Blumenthal and Leslie uh also by

825

00:33:50,029 --> 00:33:48,240

Ross cultart also by the debrief so you

826  
00:33:52,730 --> 00:33:50,039  
have we have what there's you know four

827  
00:33:55,610 --> 00:33:52,740  
layers if you count uh Leslie and Ralph

828  
00:33:58,250 --> 00:33:55,620  
as one we have four layers uh that that

829  
00:33:59,630 --> 00:33:58,260  
everybody went through to vet who this

830  
00:34:01,610 --> 00:33:59,640  
person is

831  
00:34:04,789 --> 00:34:01,620  
and and the person I spoke with I said

832  
00:34:06,950 --> 00:34:04,799  
I'm not willing to go 100 though

833  
00:34:09,470 --> 00:34:06,960  
yeah I'm not asking you to go anywhere

834  
00:34:12,409 --> 00:34:09,480  
I'm just saying it's not people that are

835  
00:34:14,869 --> 00:34:12,419  
debunking him and his motives it's not

836  
00:34:16,730 --> 00:34:14,879  
debunkable from a standpoint that if

837  
00:34:18,770 --> 00:34:16,740  
this has been gone over by a number of

838  
00:34:20,389 --> 00:34:18,780

people that have vetted him you can say

839

00:34:22,970 --> 00:34:20,399

anybody can say I don't believe you

840

00:34:24,470 --> 00:34:22,980

until you show it to me I don't care if

841

00:34:26,389 --> 00:34:24,480

somebody says that I mean that's just

842

00:34:28,669 --> 00:34:26,399

not what life is people believe in God

843

00:34:29,810 --> 00:34:28,679

that have never physically seen him so I

844

00:34:32,629 --> 00:34:29,820

mean it's just there's a lot of things

845

00:34:34,010 --> 00:34:32,639

we believe in we believe that uh Social

846

00:34:37,430 --> 00:34:34,020

Security is going to be there when we

847

00:34:41,690 --> 00:34:37,440

retire but we don't know so anyway all

848

00:34:44,290 --> 00:34:41,700

right so Chris uh M dash s says how can

849

00:34:47,270 --> 00:34:44,300

Congress access let me put this up there

850

00:34:50,990 --> 00:34:47,280

so Chris how can Congress access the

851  
00:34:54,230 --> 00:34:51,000  
goodies so uh we don't know that they uh

852  
00:34:55,430 --> 00:34:54,240  
Dan and Priscilla Deb correct me we

853  
00:34:57,829 --> 00:34:55,440  
don't know that they haven't already

854  
00:35:00,589 --> 00:34:57,839  
received this information in closed

855  
00:35:03,290 --> 00:35:00,599  
session uh and then you have the

856  
00:35:04,790 --> 00:35:03,300  
complete body of Congress you have the

857  
00:35:06,470 --> 00:35:04,800  
folks that are on the Intel committee

858  
00:35:08,089 --> 00:35:06,480  
recent subcommittees that have a

859  
00:35:10,910 --> 00:35:08,099  
different level of clearance than

860  
00:35:14,890 --> 00:35:10,920  
everybody has so that's a little bit of

861  
00:35:17,690 --> 00:35:14,900  
an ambiguous question but here's from a

862  
00:35:20,089 --> 00:35:17,700  
far's perspective a federal uh

863  
00:35:22,910 --> 00:35:20,099

regulation acquisition regulation

864

00:35:24,650 --> 00:35:22,920

perspective it's kind of like this when

865

00:35:27,170 --> 00:35:24,660

you have a contract that they're funding

866

00:35:30,170 --> 00:35:27,180

that they're paying underneath that you

867

00:35:32,990 --> 00:35:30,180

have cleanse Clin contract line item

868

00:35:35,810 --> 00:35:33,000

numbers and in that contract buried

869

00:35:38,690 --> 00:35:35,820

somewhere are these programs the problem

870

00:35:41,210 --> 00:35:38,700

of what one of the many issues that

871

00:35:43,130 --> 00:35:41,220

David's pointing out is that Congress is

872

00:35:45,530 --> 00:35:43,140

funding these programs and they don't

873

00:35:48,410 --> 00:35:45,540

know it they don't know that these

874

00:35:50,210 --> 00:35:48,420

programs exist so this program could say

875

00:35:51,829 --> 00:35:50,220

you know I'm just going to throw out

876

00:35:55,190 --> 00:35:51,839

just something fictitious but it could

877

00:35:57,530 --> 00:35:55,200

say Area 51 maintenance contract you

878

00:35:59,810 --> 00:35:57,540

know aircraft maintenance contract and

879

00:36:02,390 --> 00:35:59,820

or experimental aircraft maintenance

880

00:36:04,670 --> 00:36:02,400

contract and contract line item numbers

881

00:36:06,710 --> 00:36:04,680

underneath that one of them may be

882

00:36:08,270 --> 00:36:06,720

paying for every I'm just throwing this

883

00:36:10,310 --> 00:36:08,280

out there a reverse engineering program

884

00:36:12,470 --> 00:36:10,320

but Congress needs to know because

885

00:36:15,050 --> 00:36:12,480

they're paying for it they're paying a

886

00:36:17,690 --> 00:36:15,060

Big Bill because they may have X number

887

00:36:19,609 --> 00:36:17,700

of contractors that are being paid to

888

00:36:21,589 --> 00:36:19,619

try to work on that that craft and

889

00:36:24,710 --> 00:36:21,599

figure it out but they don't know that

890

00:36:27,230 --> 00:36:24,720

that's that's what that is at least just

891

00:36:28,849 --> 00:36:27,240

one aspect of what he's pointing out and

892

00:36:32,089 --> 00:36:28,859

essentially what they're saying is and

893

00:36:34,970 --> 00:36:32,099

I'm not you know the foremost uh uh

894

00:36:37,490 --> 00:36:34,980

person on government you know we do have

895

00:36:40,609 --> 00:36:37,500

a friend who's a government lawyer

896

00:36:42,890 --> 00:36:40,619

um but uh that right there is is why

897

00:36:46,910 --> 00:36:42,900

what people think is illegal they don't

898

00:36:49,069 --> 00:36:46,920

know what uh what they're paying for so

899

00:36:51,530 --> 00:36:49,079

I just wanted to say that I've heard

900

00:36:55,130 --> 00:36:51,540

stories about about spending that

901  
00:36:58,970 --> 00:36:55,140  
involved like spending like 500 for a

902  
00:37:01,730 --> 00:36:58,980  
food item like so there's some like room

903  
00:37:05,030 --> 00:37:01,740  
to kind of change what the budget looks

904  
00:37:06,410 --> 00:37:05,040  
like and it is probably illegal

905  
00:37:08,089 --> 00:37:06,420  
um and that's definitely something that

906  
00:37:11,390 --> 00:37:08,099  
will probably be scrutinized at some

907  
00:37:13,790 --> 00:37:11,400  
point but the bigger thing about the

908  
00:37:16,849 --> 00:37:13,800  
Congress aspect is you know Senator

909  
00:37:19,849 --> 00:37:16,859  
Chile brand Marco Rubio this people who

910  
00:37:22,730 --> 00:37:19,859  
are all about this topic are not saying

911  
00:37:25,010 --> 00:37:22,740  
a word right now and people are like

912  
00:37:26,750 --> 00:37:25,020  
constantly saying well where are you why

913  
00:37:29,750 --> 00:37:26,760

aren't you saying anything and they're

914

00:37:33,290 --> 00:37:29,760

just silent so that's pretty telling

915

00:37:40,870 --> 00:37:33,300

that they're maybe perhaps afraid to

916

00:37:45,050 --> 00:37:43,370

or respond to Chris real quick I think

917

00:37:46,970 --> 00:37:45,060

when he says goodies he means craft

918

00:37:49,310 --> 00:37:46,980

that's what I think he's referring to

919

00:37:50,870 --> 00:37:49,320

specifically can Congress get access to

920

00:37:53,329 --> 00:37:50,880

the material

921

00:37:55,310 --> 00:37:53,339

um so for me what I think and it's this

922

00:37:58,910 --> 00:37:55,320

is going to Echo what you two let me see

923

00:38:02,870 --> 00:37:58,920

how to do this you two are saying is

924

00:38:05,810 --> 00:38:02,880

that the only way that Congress is going

925

00:38:08,510 --> 00:38:05,820

to be able to influence the

926  
00:38:10,010 --> 00:38:08,520  
DOD mechanism is through the power of

927  
00:38:13,010 --> 00:38:10,020  
the purse just like you guys have both

928  
00:38:14,810 --> 00:38:13,020  
touched on until the Congress the

929  
00:38:16,250 --> 00:38:14,820  
Appropriations Committee says all right

930  
00:38:18,589 --> 00:38:16,260  
look we've got these questions that

931  
00:38:20,450 --> 00:38:18,599  
you're not giving us answers to we're

932  
00:38:23,030 --> 00:38:20,460  
going to pull back a lot of funding

933  
00:38:25,190 --> 00:38:23,040  
until you tell us what they need to hold

934  
00:38:26,810 --> 00:38:25,200  
them hostage financially is what it

935  
00:38:28,670 --> 00:38:26,820  
boils down to that's when the

936  
00:38:29,810 --> 00:38:28,680  
military-industrial complex will have to

937  
00:38:37,849 --> 00:38:29,820  
go

938  
00:38:40,130 --> 00:38:37,859

tour let's do something to get their

939

00:38:41,870 --> 00:38:40,140

hands on the goodies that's what I think

940

00:38:44,510 --> 00:38:41,880

that they're going to have to do

941

00:38:46,430 --> 00:38:44,520

let me speak to that real quick this is

942

00:38:49,790 --> 00:38:46,440

not a matter of the military-industrial

943

00:38:52,250 --> 00:38:49,800

complex they do not have control of

944

00:38:54,109 --> 00:38:52,260

these items control these items is being

945

00:38:55,970 --> 00:38:54,119

controlled by the US government the

946

00:38:58,310 --> 00:38:55,980

contractors the military industrial

947

00:39:00,770 --> 00:38:58,320

contractors are the ones who hire the

948

00:39:02,569 --> 00:39:00,780

contractors that analyze and try to

949

00:39:05,569 --> 00:39:02,579

reverse engineer and scientifically

950

00:39:07,130 --> 00:39:05,579

evaluate these materials so it's not a

951  
00:39:10,010 --> 00:39:07,140  
question of the military-industrial

952  
00:39:12,589 --> 00:39:10,020  
complex it's a question of clearance so

953  
00:39:15,109 --> 00:39:12,599  
whether or not there I and I also agree

954  
00:39:17,770 --> 00:39:15,119  
with Dan that they can hold the purse

955  
00:39:20,750 --> 00:39:17,780  
strings to get

956  
00:39:23,089 --> 00:39:20,760  
at least admitting

957  
00:39:26,150 --> 00:39:23,099  
what level that they can get clear to I

958  
00:39:28,430 --> 00:39:26,160  
mean you're not unless you get an OCA an

959  
00:39:30,050 --> 00:39:28,440  
original classification authority to

960  
00:39:31,609 --> 00:39:30,060  
declassify that and that could be the

961  
00:39:34,430 --> 00:39:31,619  
president by the way because as you guys

962  
00:39:36,589 --> 00:39:34,440  
know he can declassify anything he wants

963  
00:39:38,270 --> 00:39:36,599

um or the person the original whoever

964

00:39:40,790 --> 00:39:38,280

that original classification Authority

965

00:39:43,069 --> 00:39:40,800

is to to downgrade that so that Congress

966

00:39:46,069 --> 00:39:43,079

could how much they can know that could

967

00:39:47,870 --> 00:39:46,079

happen to a degree but I don't think in

968

00:39:50,210 --> 00:39:47,880

answer to his question I don't think

969

00:39:52,190 --> 00:39:50,220

they're necessarily they'll probably see

970

00:39:54,589 --> 00:39:52,200

photos of things they'll probably see

971

00:39:57,710 --> 00:39:54,599

documentations of things I don't think

972

00:40:00,829 --> 00:39:57,720

you'll be marching uh congressmen and

973

00:40:03,170 --> 00:40:00,839

women through secret sites to look at it

974

00:40:05,690 --> 00:40:03,180

and touch it uh and nor do I think that

975

00:40:07,910 --> 00:40:05,700

that's necessarily that necessary but it

976  
00:40:10,310 --> 00:40:07,920  
is necessary that they know what it is

977  
00:40:12,290 --> 00:40:10,320  
they're spent we're just to make an

978  
00:40:14,329 --> 00:40:12,300  
example we're reverse engineering craft

979  
00:40:15,589 --> 00:40:14,339  
this is what the program is this is what

980  
00:40:17,510 --> 00:40:15,599  
you're paying for

981  
00:40:19,730 --> 00:40:17,520  
this is the some documentation that

982  
00:40:21,170 --> 00:40:19,740  
describes it that's reasonable without

983  
00:40:23,450 --> 00:40:21,180  
bringing them in there and showing oh

984  
00:40:26,870 --> 00:40:23,460  
this is what we've learned to make it do

985  
00:40:29,510 --> 00:40:26,880  
because now that person is now run into

986  
00:40:32,210 --> 00:40:29,520  
you know the highest programs we have

987  
00:40:34,569 --> 00:40:32,220  
and they could be leaving office in 18

988  
00:40:36,530 --> 00:40:34,579

months from now

989

00:40:39,109 --> 00:40:36,540

so that's

990

00:40:41,150 --> 00:40:39,119

see the balance

991

00:40:42,589 --> 00:40:41,160

yeah Priscilla maybe they could just

992

00:40:45,170 --> 00:40:42,599

give them a ride instead of trying to

993

00:40:47,990 --> 00:40:45,180

explain how that how it works that would

994

00:40:49,490 --> 00:40:48,000

answer all the questions for sure I mean

995

00:40:51,650 --> 00:40:49,500

how much of this is going to be sort of

996

00:40:54,650 --> 00:40:51,660

like protected by National Security

997

00:40:57,109 --> 00:40:54,660

right so how much of this is going to be

998

00:40:59,810 --> 00:40:57,119

legal as well like they want they even

999

00:41:02,030 --> 00:40:59,820

if they now like it's in this department

1000

00:41:03,770 --> 00:41:02,040

um this is the name of the project

1001

00:41:05,270 --> 00:41:03,780

what if they're saying well you don't

1002

00:41:07,430 --> 00:41:05,280

have the clearance and you know how long

1003

00:41:10,430 --> 00:41:07,440

it takes to get some sorts of clearance

1004

00:41:12,470 --> 00:41:10,440

so what if how long can this be drawn

1005

00:41:14,569 --> 00:41:12,480

out by the people that don't want to see

1006

00:41:16,010 --> 00:41:14,579

this public even though they're doing

1007

00:41:19,010 --> 00:41:16,020

something illegal right like we know

1008

00:41:20,569 --> 00:41:19,020

legal battles not overnight so I'm kind

1009

00:41:22,730 --> 00:41:20,579

of worried a little bit that they're

1010

00:41:24,710 --> 00:41:22,740

gonna say this is do we can't share this

1011

00:41:25,970 --> 00:41:24,720

with even Congress right now because

1012

00:41:27,230 --> 00:41:25,980

they don't have the clearance they don't

1013

00:41:29,210 --> 00:41:27,240

have the need to know and it's a matter

1014

00:41:32,030 --> 00:41:29,220

of National Security

1015

00:41:33,470 --> 00:41:32,040

can I chime in on this a little bit okay

1016

00:41:37,130 --> 00:41:33,480

so I'm going to pull out some of the

1017

00:41:42,130 --> 00:41:37,140

history that I love to talk about so

1018

00:41:47,329 --> 00:41:42,140

um in the 90s the CIA was looking at a

1019

00:41:49,310 --> 00:41:47,339

USSR and Chinese study of uaps that back

1020

00:41:51,950 --> 00:41:49,320

then was called UFOs

1021

00:41:54,589 --> 00:41:51,960

and it was a joint study that they did

1022

00:41:58,609 --> 00:41:54,599

together and they claimed that they had

1023

00:42:00,230 --> 00:41:58,619

at least 10 objects retrieved that was

1024

00:42:04,910 --> 00:42:00,240

the 90s

1025

00:42:06,829 --> 00:42:04,920

so if we're 30 years late being honest

1026  
00:42:10,250 --> 00:42:06,839  
about the fact that we have these

1027  
00:42:13,150 --> 00:42:10,260  
objects you can bet our

1028  
00:42:15,950 --> 00:42:13,160  
not so friendly companions on the world

1029  
00:42:20,450 --> 00:42:15,960  
don't care and they're the Cold War

1030  
00:42:22,910 --> 00:42:20,460  
issue is kind of still at play so I I

1031  
00:42:26,150 --> 00:42:22,920  
just personally think you know

1032  
00:42:29,810 --> 00:42:26,160  
we need to just get over telling people

1033  
00:42:32,750 --> 00:42:29,820  
the truth so that we can Advance on this

1034  
00:42:34,910 --> 00:42:32,760  
topic because we're kind of leaving it

1035  
00:42:40,069 --> 00:42:34,920  
to other people to advance and

1036  
00:42:42,950 --> 00:42:41,690  
um and I think

1037  
00:42:45,530 --> 00:42:42,960  
that's

1038  
00:42:47,690 --> 00:42:45,540

what you do bring up a good point

1039

00:42:50,510 --> 00:42:47,700

because

1040

00:42:52,430 --> 00:42:50,520

the reasons that

1041

00:42:54,829 --> 00:42:52,440

hey Deb we may have to have you just

1042

00:42:57,170 --> 00:42:54,839

step out and come back because your

1043

00:43:05,710 --> 00:42:57,180

audios we've missed uh part of the last

1044

00:43:12,589 --> 00:43:09,950

whichever you Deb or Dan

1045

00:43:15,170 --> 00:43:12,599

I'll change I'll follow up on Dad's

1046

00:43:17,750 --> 00:43:15,180

comments um she did say that the

1047

00:43:21,589 --> 00:43:17,760

basically the classification is

1048

00:43:23,270 --> 00:43:21,599

restrictive to science so maybe what

1049

00:43:25,670 --> 00:43:23,280

needs to happen is they need to lower

1050

00:43:27,530 --> 00:43:25,680

the classification of these programs so

1051  
00:43:29,690 --> 00:43:27,540  
that more people can get involved with

1052  
00:43:32,210 --> 00:43:29,700  
the research so that we can

1053  
00:43:35,270 --> 00:43:32,220  
speed up our understanding and research

1054  
00:43:36,470 --> 00:43:35,280  
of The Craft or material or whatever it

1055  
00:43:38,569 --> 00:43:36,480  
is

1056  
00:43:41,569 --> 00:43:38,579  
um it's so restricted that it's

1057  
00:43:43,790 --> 00:43:41,579  
stagnating is what it sounds like but

1058  
00:43:46,010 --> 00:43:43,800  
hey on that note I'm about at my time

1059  
00:43:48,170 --> 00:43:46,020  
limit okay

1060  
00:43:51,710 --> 00:43:48,180  
thank you for your time and good to see

1061  
00:43:53,870 --> 00:43:51,720  
everybody and uh buckle up Sunday is

1062  
00:43:55,430 --> 00:43:53,880  
going to be fun guys Dan thank you for

1063  
00:43:57,349 --> 00:43:55,440

joining us brother and let everybody

1064

00:44:00,550 --> 00:43:57,359

else say goodbye go ahead dibs

1065

00:44:03,650 --> 00:44:00,560

thank you I look forward to more videos

1066

00:44:05,349 --> 00:44:03,660

I'm working on one tonight so we'll see

1067

00:44:07,670 --> 00:44:05,359

how it goes

1068

00:44:10,370 --> 00:44:07,680

you're doing a great job

1069

00:44:12,770 --> 00:44:10,380

um I love your work and uh you're just

1070

00:44:15,109 --> 00:44:12,780

so quick and so precise so keep doing it

1071

00:44:16,970 --> 00:44:15,119

it's great we admire you Dan thank you

1072

00:44:19,550 --> 00:44:16,980

bye-bye all right have a good night guys

1073

00:44:22,490 --> 00:44:19,560

peace

1074

00:44:24,130 --> 00:44:22,500

okay so this is what I was going to say

1075

00:44:26,750 --> 00:44:24,140

to you guys I was talking one question

1076

00:44:28,609 --> 00:44:26,760

oh yes ma'am no when you're done I have

1077

00:44:31,550 --> 00:44:28,619

a question for you guys so I I was

1078

00:44:33,190 --> 00:44:31,560

talking to a Navy Navy SEAL friend of

1079

00:44:36,230 --> 00:44:33,200

mine and we were discussing the topic

1080

00:44:37,790 --> 00:44:36,240

and you know it's very sensitive you

1081

00:44:40,130 --> 00:44:37,800

know when you have national security

1082

00:44:41,809 --> 00:44:40,140

stuff and what I said to him and what

1083

00:44:43,609 --> 00:44:41,819

I've told other people is when they say

1084

00:44:45,650 --> 00:44:43,619

to me you know what what do you think

1085

00:44:48,530 --> 00:44:45,660

they should tell us and I said I don't

1086

00:44:52,069 --> 00:44:48,540

know like I don't I don't have the

1087

00:44:54,710 --> 00:44:52,079

knowledge to know what is sensitive and

1088

00:44:57,349 --> 00:44:54,720

what's not what should be released those

1089

00:44:59,870 --> 00:44:57,359

that is for guys like David grush and

1090

00:45:01,910 --> 00:44:59,880

and his colleagues uh people in the

1091

00:45:05,690 --> 00:45:01,920

National command Authority people that

1092

00:45:08,210 --> 00:45:05,700

are understand what makes certain

1093

00:45:10,550 --> 00:45:08,220

intelligence dangerous and what makes

1094

00:45:14,329 --> 00:45:10,560

other intelligence more like benign

1095

00:45:16,010 --> 00:45:14,339

right so the answer uh is I don't know

1096

00:45:17,809 --> 00:45:16,020

what they should release obviously they

1097

00:45:19,550 --> 00:45:17,819

should tell us something because that's

1098

00:45:21,349 --> 00:45:19,560

what David grush and and the colleagues

1099

00:45:23,990 --> 00:45:21,359

all the people we know you know

1100

00:45:25,970 --> 00:45:24,000

Priscilla knows John Ramirez and and Deb

1101  
00:45:27,829 --> 00:45:25,980  
knows him and Jim semivan and all these

1102  
00:45:29,990 --> 00:45:27,839  
other people saying they have to tell

1103  
00:45:33,290 --> 00:45:30,000  
the share something with the American

1104  
00:45:35,030 --> 00:45:33,300  
people how much I don't know we can't

1105  
00:45:37,490 --> 00:45:35,040  
share everything that's not happening

1106  
00:45:39,950 --> 00:45:37,500  
people that are waiting gonna wait to

1107  
00:45:41,390 --> 00:45:39,960  
see if uh documents and photographs and

1108  
00:45:43,910 --> 00:45:41,400  
videos

1109  
00:45:44,990 --> 00:45:43,920  
you may be waiting a long time if ever I

1110  
00:45:47,150 --> 00:45:45,000  
don't know that that's going to happen

1111  
00:45:49,190 --> 00:45:47,160  
but the fact at least if they'll admit

1112  
00:45:50,650 --> 00:45:49,200  
that it's there and just give like an

1113  
00:45:53,809 --> 00:45:50,660

overview that's not going to be

1114

00:45:55,790 --> 00:45:53,819

sensitive to National Security I I think

1115

00:45:57,349 --> 00:45:55,800

we will have made it a long way so go

1116

00:45:59,809 --> 00:45:57,359

ahead Priscilla

1117

00:46:01,250 --> 00:45:59,819

so we're all obviously wanting a big

1118

00:46:05,150 --> 00:46:01,260

crowd craft right I'm sure Congress

1119

00:46:09,890 --> 00:46:06,770

at the end obviously we all want to ride

1120

00:46:11,630 --> 00:46:09,900

in one but my big question is why are we

1121

00:46:13,790 --> 00:46:11,640

so hung up I mean other than that like

1122

00:46:16,250 --> 00:46:13,800

Gary Nolan pointed it out in the article

1123

00:46:18,650 --> 00:46:16,260

by the debrief that you don't need an

1124

00:46:20,510 --> 00:46:18,660

entire craft think about what silicon

1125

00:46:22,370 --> 00:46:20,520

has done a grain of silicon has done for

1126

00:46:24,829 --> 00:46:22,380

our civilization if it has something

1127

00:46:26,510 --> 00:46:24,839

unique about it then it's worth paying

1128

00:46:28,010 --> 00:46:26,520

attention to so I think that some people

1129

00:46:30,770 --> 00:46:28,020

like even though we're in love with the

1130

00:46:32,510 --> 00:46:30,780

idea of this big beautiful ship that we

1131

00:46:33,890 --> 00:46:32,520

can all see and touch and be like that's

1132

00:46:35,450 --> 00:46:33,900

weird looking for hieroglyphs or

1133

00:46:37,730 --> 00:46:35,460

whatever you're looking for I think that

1134

00:46:39,950 --> 00:46:37,740

we need to realize that maybe some of

1135

00:46:42,650 --> 00:46:39,960

the stuff that we're gonna see is going

1136

00:46:44,870 --> 00:46:42,660

to be more awe-inspiring on a scientific

1137

00:46:46,609 --> 00:46:44,880

level because it's you know it's radio

1138

00:46:48,109 --> 00:46:46,619

signature is different or it's chemical

1139

00:46:50,150 --> 00:46:48,119

composition is different or the Isotopes

1140

00:46:52,069 --> 00:46:50,160

are something we can't do here so just

1141

00:46:54,109 --> 00:46:52,079

keep in mind that the most compelling

1142

00:46:56,210 --> 00:46:54,119

evidence isn't going to be always a

1143

00:46:57,530 --> 00:46:56,220

Mothership Landing wherever you want it

1144

00:46:59,809 --> 00:46:57,540

to land

1145

00:47:01,609 --> 00:46:59,819

so is that is that where you're at like

1146

00:47:03,109 --> 00:47:01,619

if you and you know we had this question

1147

00:47:04,910 --> 00:47:03,119

on cab the other day so I'll just ask

1148

00:47:07,790 --> 00:47:04,920

you you know

1149

00:47:09,470 --> 00:47:07,800

um if if if you had you know went to a

1150

00:47:11,450 --> 00:47:09,480

base and you had two Hangar doors and

1151  
00:47:13,670 --> 00:47:11,460  
they said behind hanger door number a

1152  
00:47:16,430 --> 00:47:13,680  
you have biological beings they're

1153  
00:47:19,430 --> 00:47:16,440  
either alive or not alive behind door B

1154  
00:47:21,349 --> 00:47:19,440  
you have a fully intact craft that you

1155  
00:47:23,809 --> 00:47:21,359  
can get a complete tour inside and out

1156  
00:47:25,609 --> 00:47:23,819  
what would you choose or in your case

1157  
00:47:28,309 --> 00:47:25,619  
maybe you have pieces of craft that you

1158  
00:47:30,349 --> 00:47:28,319  
could behind door C uh you go in a lab

1159  
00:47:33,530 --> 00:47:30,359  
and look at some isotope ratios that are

1160  
00:47:36,650 --> 00:47:33,540  
anomalous what would you choose

1161  
00:47:40,069 --> 00:47:36,660  
I think that I would have to go

1162  
00:47:41,750 --> 00:47:40,079  
it's hard because if the being is gone

1163  
00:47:46,730 --> 00:47:41,760

then

1164

00:47:50,390 --> 00:47:46,740

with it you can't you can learn like

1165

00:47:53,390 --> 00:47:50,400

some anatomy and physiology but with the

1166

00:47:54,829 --> 00:47:53,400

intact craft you might be able to sort

1167

00:47:56,270 --> 00:47:54,839

of make some parallels between this was

1168

00:47:58,730 --> 00:47:56,280

a new technology that was developed

1169

00:48:00,589 --> 00:47:58,740

seemingly out of nowhere in our life

1170

00:48:03,050 --> 00:48:00,599

versus you know

1171

00:48:05,930 --> 00:48:03,060

like uh something that we've seen

1172

00:48:07,130 --> 00:48:05,940

develop slowly over time and then with

1173

00:48:09,770 --> 00:48:07,140

the pieces

1174

00:48:11,450 --> 00:48:09,780

if you have to be like a molecular nerd

1175

00:48:15,230 --> 00:48:11,460

or neurochemist or some sort of chemist

1176

00:48:17,390 --> 00:48:15,240

but I think that sometimes the pieces

1177

00:48:18,410 --> 00:48:17,400

would be able to be analyzed more

1178

00:48:20,990 --> 00:48:18,420

because you're not going to want to take

1179

00:48:22,730 --> 00:48:21,000

apart a giant craft and you know study

1180

00:48:25,069 --> 00:48:22,740

it but

1181

00:48:27,230 --> 00:48:25,079

um so I think that if they were all

1182

00:48:29,630 --> 00:48:27,240

available probably the whole craft

1183

00:48:32,089 --> 00:48:29,640

because just seeing the technology and

1184

00:48:33,530 --> 00:48:32,099

what it looks like on the inside

1185

00:48:36,589 --> 00:48:33,540

um oh I don't know it's torn between

1186

00:48:39,290 --> 00:48:36,599

that and the pieces though because they

1187

00:48:41,569 --> 00:48:39,300

can be studied in different ways

1188

00:48:43,790 --> 00:48:41,579

so I tell my final answer that's a good

1189

00:48:45,770 --> 00:48:43,800

question you're like Vinnie Vinnie said

1190

00:48:48,530 --> 00:48:45,780

the craft uh the other night when we had

1191

00:48:50,930 --> 00:48:48,540

our little chat uh but I would go with I

1192

00:48:53,390 --> 00:48:50,940

would want to see the being alive

1193

00:48:55,069 --> 00:48:53,400

absolutely but if they're gone what can

1194

00:48:58,010 --> 00:48:55,079

I learn from you know

1195

00:49:00,290 --> 00:48:58,020

it's really sad too right to see these

1196

00:49:02,150 --> 00:49:00,300

poor people that just like maybe flying

1197

00:49:04,970 --> 00:49:02,160

around like how we want to go Mars right

1198

00:49:06,230 --> 00:49:04,980

like and then they end up stuck here or

1199

00:49:07,790 --> 00:49:06,240

I think Deb and I had a conversation

1200

00:49:09,770 --> 00:49:07,800

about this earlier about people saying

1201  
00:49:10,970 --> 00:49:09,780  
like they must not be that in advance if

1202  
00:49:12,950 --> 00:49:10,980  
they're crashing and leaving things

1203  
00:49:15,230 --> 00:49:12,960  
behind for you for us to study you know

1204  
00:49:17,150 --> 00:49:15,240  
but then again like what if they didn't

1205  
00:49:18,890 --> 00:49:17,160  
know what if you can be Advanced

1206  
00:49:21,349 --> 00:49:18,900  
technologically and maybe have like a

1207  
00:49:23,210 --> 00:49:21,359  
not so Advanced mindset maybe their gift

1208  
00:49:25,370 --> 00:49:23,220  
is technology and they just landed here

1209  
00:49:32,109 --> 00:49:25,380  
and and we're like oh atmosphere looks

1210  
00:49:36,410 --> 00:49:34,910  
real quick two things Jacque Valley's

1211  
00:49:38,870 --> 00:49:36,420  
hypothesis is that they're being gifted

1212  
00:49:41,030 --> 00:49:38,880  
to us and he's kind of one of the

1213  
00:49:43,250 --> 00:49:41,040

godfathers for this topic or or some of

1214

00:49:45,829 --> 00:49:43,260

them are being gifted to us Rick Doty

1215

00:49:48,349 --> 00:49:45,839

has said to us that uh that one of their

1216

00:49:50,510 --> 00:49:48,359

hypotheses is that uh flying outside of

1217

00:49:53,510 --> 00:49:50,520

the atmosphere and then inside the

1218

00:49:56,329 --> 00:49:53,520

atmosphere with um in weather where

1219

00:49:58,609 --> 00:49:56,339

there's a um basically convective

1220

00:50:01,069 --> 00:49:58,619

thunderstorms may have brought something

1221

00:50:03,349 --> 00:50:01,079

like the Roswell craft down in Corona is

1222

00:50:05,329 --> 00:50:03,359

flying through in the atmosphere and

1223

00:50:06,890 --> 00:50:05,339

then convective activity occurs so I

1224

00:50:08,990 --> 00:50:06,900

don't know but that's out there I'm

1225

00:50:10,849 --> 00:50:09,000

sorry Deb go ahead man yeah I just get

1226  
00:50:14,270 --> 00:50:10,859  
really upset when people assume that

1227  
00:50:16,069 --> 00:50:14,280  
they are an advanced like super Advanced

1228  
00:50:18,530 --> 00:50:16,079  
um culture and all that just because

1229  
00:50:21,410 --> 00:50:18,540  
they have nice cars essentially like I

1230  
00:50:24,290 --> 00:50:21,420  
compare it to the to the Tesla like just

1231  
00:50:26,390 --> 00:50:24,300  
because musk's company made the Tesla

1232  
00:50:28,970 --> 00:50:26,400  
does that make musk a better person more

1233  
00:50:31,190 --> 00:50:28,980  
advanced no because he has the spaceship

1234  
00:50:32,450 --> 00:50:31,200  
does that make him more advanced not

1235  
00:50:34,670 --> 00:50:32,460  
really like just having better

1236  
00:50:36,589 --> 00:50:34,680  
technology just because you've probably

1237  
00:50:39,170 --> 00:50:36,599  
been around a billion extra years

1238  
00:50:41,930 --> 00:50:39,180

doesn't mean that you're not a

1239

00:50:44,750 --> 00:50:41,940

vulnerable being potentially in an

1240

00:50:47,630 --> 00:50:44,760

environment that's hostile and and not

1241

00:50:49,970 --> 00:50:47,640

just because we're people with guns but

1242

00:50:53,690 --> 00:50:49,980

also because the you know atmosphere

1243

00:50:55,970 --> 00:50:53,700

might not be the best or the giant Sun

1244

00:50:57,950 --> 00:50:55,980

that we have that's still pretty vibrant

1245

00:50:59,690 --> 00:50:57,960

is not great for them because obviously

1246

00:51:03,230 --> 00:50:59,700

they have really big eyes for a reason

1247

00:51:05,150 --> 00:51:03,240

like you know Darkness

1248

00:51:07,250 --> 00:51:05,160

um I'm just saying like I just I think

1249

00:51:10,670 --> 00:51:07,260

people always make that mistake of

1250

00:51:12,890 --> 00:51:10,680

thinking that their physical being is

1251

00:51:15,109 --> 00:51:12,900

not invulnerable

1252

00:51:16,870 --> 00:51:15,119

so I just I think they're very

1253

00:51:19,370 --> 00:51:16,880

vulnerable if they come out of a craft

1254

00:51:21,410 --> 00:51:19,380

but what if it's also what we kind of

1255

00:51:22,609 --> 00:51:21,420

touched on earlier when we had our it's

1256

00:51:24,829 --> 00:51:22,619

kind of funny because Deb called me then

1257

00:51:27,109 --> 00:51:24,839

you called me but um we kind of like

1258

00:51:29,750 --> 00:51:27,119

before she had to go start to go down

1259

00:51:32,150 --> 00:51:29,760

like an AI Rabbit Hole like what if the

1260

00:51:34,490 --> 00:51:32,160

being is not either in the craft it

1261

00:51:37,790 --> 00:51:34,500

doesn't need it what if the craft is the

1262

00:51:39,950 --> 00:51:37,800

being and it's it's AI being or what if

1263

00:51:41,450 --> 00:51:39,960

the beings with the big eyes only go

1264

00:51:43,130 --> 00:51:41,460

only they take that car out sometimes

1265

00:51:45,650 --> 00:51:43,140

you know and sometimes they just Let It

1266

00:51:47,569 --> 00:51:45,660

Go by itself and remote control it or

1267

00:51:50,270 --> 00:51:47,579

you know talk whatever you want to think

1268

00:51:51,910 --> 00:51:50,280

so we also have that in mind like we

1269

00:51:55,150 --> 00:51:51,920

don't know enough

1270

00:51:57,470 --> 00:51:55,160

and you know some advances in

1271

00:51:58,910 --> 00:51:57,480

biotechnology might give us hints to

1272

00:52:00,349 --> 00:51:58,920

that not that I could think any of the

1273

00:52:02,150 --> 00:52:00,359

top of my head but there's some weird

1274

00:52:05,150 --> 00:52:02,160

stuff happening in biotechnology with AI

1275

00:52:06,470 --> 00:52:05,160

so we have to keep AI in the

1276

00:52:08,150 --> 00:52:06,480

conversation at all times when we're

1277

00:52:10,130 --> 00:52:08,160

talking about these beings even if it is

1278

00:52:12,650 --> 00:52:10,140

interdimensional or Ultra terrestrial

1279

00:52:14,270 --> 00:52:12,660

what if that's how they control this

1280

00:52:16,910 --> 00:52:14,280

thing maybe they can't cross the

1281

00:52:18,650 --> 00:52:16,920

threshold but somehow because their

1282

00:52:21,290 --> 00:52:18,660

artificial intelligence they can control

1283

00:52:22,609 --> 00:52:21,300

it from Dimension a into Dimension b c

1284

00:52:24,470 --> 00:52:22,619

whatever

1285

00:52:26,809 --> 00:52:24,480

and I also want to say

1286

00:52:30,589 --> 00:52:26,819

I'm sorry go ahead Deb I don't want to

1287

00:52:32,690 --> 00:52:30,599

be mean to robots but or computers but

1288

00:52:35,210 --> 00:52:32,700

if you come out of your tank

1289

00:52:38,210 --> 00:52:35,220

you're probably still pretty vulnerable

1290

00:52:40,370 --> 00:52:38,220

you know like even if you're a robot

1291

00:52:42,290 --> 00:52:40,380

hey let me just let me just say good

1292

00:52:44,030 --> 00:52:42,300

evening real quick to uh Bigfoot

1293

00:52:46,370 --> 00:52:44,040

influencers Tim and Dana in the house

1294

00:52:47,690 --> 00:52:46,380

Hello friends they're also in uh

1295

00:52:49,430 --> 00:52:47,700

actually I don't think they're in

1296

00:52:51,829 --> 00:52:49,440

Maryland they're in Delaware but they're

1297

00:52:53,329 --> 00:52:51,839

in your your neighboring state I believe

1298

00:52:55,309 --> 00:52:53,339

um also Deanna says that's a great

1299

00:52:57,410 --> 00:52:55,319

metaphor Deb and Deb I wanted to

1300

00:52:59,450 --> 00:52:57,420

commiserate with you on that point my

1301

00:53:01,849 --> 00:52:59,460

irritation is slightly different but but

1302

00:53:04,490 --> 00:53:01,859

very tangential to what you said which

1303

00:53:05,750 --> 00:53:04,500

is that when people say oh if we were to

1304

00:53:08,329 --> 00:53:05,760

interact these we wouldn't even

1305

00:53:10,370 --> 00:53:08,339

understand we couldn't understand and

1306

00:53:11,930 --> 00:53:10,380

it's like well I I disagree with that

1307

00:53:14,390 --> 00:53:11,940

that they're looking at us like we're

1308

00:53:17,329 --> 00:53:14,400

ants and stuff because ants don't have

1309

00:53:19,309 --> 00:53:17,339

the ability to perform micro surgery and

1310

00:53:21,410 --> 00:53:19,319

and make it to the moon and Mars and

1311

00:53:23,270 --> 00:53:21,420

things that we've done so I think we can

1312

00:53:25,430 --> 00:53:23,280

understand a lot I'm not saying that

1313

00:53:27,770 --> 00:53:25,440

we're on an internet intellect

1314

00:53:30,410 --> 00:53:27,780

intellectual parallel with with some of

1315

00:53:33,109 --> 00:53:30,420

these intelligences uh or that we can

1316

00:53:36,170 --> 00:53:33,119

create what they do but I do think that

1317

00:53:38,569 --> 00:53:36,180

we do have an incredible ability to

1318

00:53:42,170 --> 00:53:38,579

listen to see and to under understand

1319

00:53:45,109 --> 00:53:42,180

and to be able to comprehend beyond what

1320

00:53:47,450 --> 00:53:45,119

are beyond what our technical scientific

1321

00:53:49,069 --> 00:53:47,460

and technological abilities are so I I

1322

00:53:50,690 --> 00:53:49,079

too share that with you that people

1323

00:53:51,950 --> 00:53:50,700

think that just because they're more

1324

00:53:54,290 --> 00:53:51,960

advanced than us we can't understand

1325

00:53:56,030 --> 00:53:54,300

them it's like you don't know that you

1326

00:53:57,650 --> 00:53:56,040

know you still know that we can

1327

00:54:00,170 --> 00:53:57,660

understand a lot it doesn't mean we can

1328

00:54:01,910 --> 00:54:00,180

do it what they can do clearly we can't

1329

00:54:04,250 --> 00:54:01,920

make a craft that can do what they can

1330

00:54:07,190 --> 00:54:04,260

do there's a lot of things that we've

1331

00:54:09,650 --> 00:54:07,200

seen uh that their craft can do that

1332

00:54:11,150 --> 00:54:09,660

we're not even close to being able to do

1333

00:54:15,349 --> 00:54:11,160

but that doesn't mean we can't

1334

00:54:18,770 --> 00:54:15,359

understand it or understand their uh uh

1335

00:54:21,230 --> 00:54:18,780

you know their Communications with us so

1336

00:54:24,170 --> 00:54:21,240

um man what do we have we got about five

1337

00:54:26,150 --> 00:54:24,180

minutes left so let's get some uh let's

1338

00:54:29,089 --> 00:54:26,160

get some parting shots starting with uh

1339

00:54:31,010 --> 00:54:29,099

Debs oh I didn't get to do the history I

1340

00:54:32,809 --> 00:54:31,020

don't know if you do anything sorry okay

1341

00:54:36,170 --> 00:54:32,819

let me let me add it to the stream

1342

00:54:40,790 --> 00:54:36,180

everybody Deb's been talk about this go

1343

00:54:45,130 --> 00:54:40,800

back way longer than 1933. go ahead so

1344

00:54:48,650 --> 00:54:45,140

this was in the Brooklyn daily Eagle in

1345

00:54:53,150 --> 00:54:48,660

1865. it describes

1346

00:54:55,549 --> 00:54:53,160

um this object flying through the sky

1347

00:54:57,109 --> 00:54:55,559

um knocking over trees

1348

00:54:59,809 --> 00:54:57,119

and then

1349

00:55:01,490 --> 00:54:59,819

all of a sudden like you first think oh

1350

00:55:03,290 --> 00:55:01,500

it's like an asteroid it's a meteorite

1351  
00:55:05,809 --> 00:55:03,300  
it's something like that because he

1352  
00:55:08,270 --> 00:55:05,819  
smells sulfur but then he's talking

1353  
00:55:10,130 --> 00:55:08,280  
about there's hieroglyphs

1354  
00:55:14,030 --> 00:55:10,140  
and then at the end there's this whole

1355  
00:55:18,170 --> 00:55:14,040  
speculation thing happening about who

1356  
00:55:20,809 --> 00:55:18,180  
created Humanity which um includes

1357  
00:55:23,450 --> 00:55:20,819  
something about a superior race being

1358  
00:55:25,910 --> 00:55:23,460  
involved which is really fascinating so

1359  
00:55:28,670 --> 00:55:25,920  
I guess the point of this

1360  
00:55:30,589 --> 00:55:28,680  
um to me is that people are always

1361  
00:55:32,690 --> 00:55:30,599  
assuming

1362  
00:55:35,390 --> 00:55:32,700  
um that this started with Roswell or

1363  
00:55:38,990 --> 00:55:35,400

maybe started in Italy but this goes way

1364

00:55:42,470 --> 00:55:39,000

way way way back in history and

1365

00:55:45,589 --> 00:55:42,480

um for anyone interested the moon tossed

1366

00:55:51,230 --> 00:55:45,599

program is in the DIA foyers

1367

00:55:54,049 --> 00:55:51,240

under the UFO PDFs and it talks about

1368

00:55:55,670 --> 00:55:54,059

um a group from the U.S Air Force that

1369

00:55:56,690 --> 00:55:55,680

would go retrieve objects that would

1370

00:55:59,990 --> 00:55:56,700

fall

1371

00:56:02,290 --> 00:56:00,000

and it seems to have predated satellites

1372

00:56:06,890 --> 00:56:02,300

the creation of that group

1373

00:56:09,950 --> 00:56:06,900

witness citizen Sean Rash has found

1374

00:56:11,930 --> 00:56:09,960

foyers that were based on events that

1375

00:56:15,349 --> 00:56:11,940

happened within the United States with

1376

00:56:17,630 --> 00:56:15,359

that group and the DIA foia's cover

1377

00:56:20,450 --> 00:56:17,640

other countries

1378

00:56:21,650 --> 00:56:20,460

which probably called us because we had

1379

00:56:24,290 --> 00:56:21,660

NASA

1380

00:56:26,690 --> 00:56:24,300

where the U.S Air Force would go out to

1381

00:56:29,690 --> 00:56:26,700

retrieve objects

1382

00:56:31,190 --> 00:56:29,700

that would fall from the sky

1383

00:56:33,049 --> 00:56:31,200

and I think it's pretty telling that

1384

00:56:36,470 --> 00:56:33,059

those are in the UFO

1385

00:56:39,170 --> 00:56:36,480

PDFs but they were not just looking

1386

00:56:40,549 --> 00:56:39,180

for satellites so that's all I just

1387

00:56:43,309 --> 00:56:40,559

wanted to talk about in history real

1388

00:56:44,870 --> 00:56:43,319

quick Deb I think what you found here is

1389

00:56:46,609 --> 00:56:44,880

an extraordinary I mean if you look at

1390

00:56:49,190 --> 00:56:46,619

that timeline that's like at the

1391

00:56:51,410 --> 00:56:49,200

conclusion of the Civil War uh or during

1392

00:56:53,750 --> 00:56:51,420

the Civil War right there that that's

1393

00:56:56,030 --> 00:56:53,760

like how long ago that they may have

1394

00:56:59,150 --> 00:56:56,040

found things that we couldn't explain

1395

00:57:01,190 --> 00:56:59,160

and that is just I mean I didn't know I

1396

00:57:02,870 --> 00:57:01,200

I you know I knew that Columbus you know

1397

00:57:05,030 --> 00:57:02,880

what what he had written in his people

1398

00:57:07,430 --> 00:57:05,040

say he wrote in his logs about candles

1399

00:57:09,710 --> 00:57:07,440

going in the water we've heard Roman

1400

00:57:11,630 --> 00:57:09,720

Shields you know the the Flaming Shields

1401

00:57:12,950 --> 00:57:11,640

and so forth this is this is pretty

1402

00:57:15,109 --> 00:57:12,960

extraordinary I've never heard this

1403

00:57:17,450 --> 00:57:15,119

context so thanks for bringing what you

1404

00:57:20,510 --> 00:57:17,460

done brought right and I think the

1405

00:57:23,089 --> 00:57:20,520

honestly the UFOs in India like they

1406

00:57:26,470 --> 00:57:23,099

described them in their

1407

00:57:30,170 --> 00:57:26,480

um great detail and their extraordinary

1408

00:57:32,990 --> 00:57:30,180

and they go back thousands of years

1409

00:57:35,210 --> 00:57:33,000

yep and they defy and they meet like a

1410

00:57:36,530 --> 00:57:35,220

lot of the five observables too that was

1411

00:57:38,329 --> 00:57:36,540

like my first video was the five

1412

00:57:40,790 --> 00:57:38,339

observables and the ancient vamana of

1413

00:57:42,230 --> 00:57:40,800

India because it was just like

1414

00:57:43,849 --> 00:57:42,240

I was reading about all the different

1415

00:57:45,589 --> 00:57:43,859

things that they did and all the things

1416

00:57:47,990 --> 00:57:45,599

they did you know how they appeared and

1417

00:57:50,270 --> 00:57:48,000

how people describe them in the text and

1418

00:57:52,670 --> 00:57:50,280

I was like this is you know all about

1419

00:57:54,349 --> 00:57:52,680

five observables right here so

1420

00:57:55,430 --> 00:57:54,359

definitely look into those if you

1421

00:57:57,890 --> 00:57:55,440

haven't already

1422

00:58:00,170 --> 00:57:57,900

probably not a coincidence sorry go

1423

00:58:02,750 --> 00:58:00,180

ahead DJ uh no it made me think of

1424

00:58:04,670 --> 00:58:02,760

having one a gray in yoga class and like

1425

00:58:06,530 --> 00:58:04,680

seeing what they'd be like in down dog

1426

00:58:08,450 --> 00:58:06,540

you know giant head you know dip towards

1427

00:58:09,490 --> 00:58:08,460

the floor that'd be interesting but I'm

1428

00:58:11,809 --> 00:58:09,500

sorry go ahead

1429

00:58:16,549 --> 00:58:11,819

yeah I don't think it's a coincidence

1430

00:58:18,290 --> 00:58:16,559

when you look at the spirituality in um

1431

00:58:20,630 --> 00:58:18,300

India that there's things where they're

1432

00:58:22,849 --> 00:58:20,640

talking about levitation and they're

1433

00:58:24,910 --> 00:58:22,859

talking about meditation experiences

1434

00:58:28,270 --> 00:58:24,920

where they're reaching out to the sky

1435

00:58:33,230 --> 00:58:28,280

and you know just really incredible

1436

00:58:35,450 --> 00:58:33,240

depth of abilities of humanity ends

1437

00:58:36,950 --> 00:58:35,460

um PSI abilities and I think that

1438

00:58:38,750 --> 00:58:36,960

there's something there

1439

00:58:40,309 --> 00:58:38,760

absolutely

1440

00:58:41,930 --> 00:58:40,319

and how many times I've heard people

1441

00:58:44,270 --> 00:58:41,940

talk about the relationship between

1442

00:58:48,109 --> 00:58:44,280

Consciousness telepathy and these craft

1443

00:58:51,710 --> 00:58:48,119

or the occupants operating them or the

1444

00:58:56,450 --> 00:58:53,930

you have to I'm trying to see if I can

1445

00:58:58,849 --> 00:58:56,460

find this there's a book on breathing of

1446

00:59:02,030 --> 00:58:58,859

that guy that was on uh with with Joe

1447

00:59:05,089 --> 00:59:02,040

Rogan I'm trying to see oh James Nester

1448

00:59:07,730 --> 00:59:05,099

James Nestor was on with Joey Rogan and

1449

00:59:10,730 --> 00:59:07,740

he said that um their yogis in India

1450

00:59:12,289 --> 00:59:10,740

where they could their breath work uh

1451

00:59:13,490 --> 00:59:12,299

they could change the temperature of

1452

00:59:15,589 --> 00:59:13,500

each finger

1453

00:59:18,650 --> 00:59:15,599

you know so you know like Wim Hof is

1454

00:59:21,170 --> 00:59:18,660

famous for being able to he'd sit in a

1455

00:59:22,609 --> 00:59:21,180

bath they took him into a lab where the

1456

00:59:25,609 --> 00:59:22,619

the temperature of the water was

1457

00:59:27,170 --> 00:59:25,619

controlled to like 33 degrees or 34

1458

00:59:29,569 --> 00:59:27,180

degrees I can't remember but it was

1459

00:59:32,450 --> 00:59:29,579

somewhere in the 30s and he could raise

1460

00:59:34,430 --> 00:59:32,460

they they had him swallow a pill so they

1461

00:59:36,530 --> 00:59:34,440

could see his core temperature and he

1462

00:59:38,630 --> 00:59:36,540

was able to with his breathing raise his

1463

00:59:40,609 --> 00:59:38,640

core temperature uh while sitting in

1464

00:59:42,710 --> 00:59:40,619

this in this water in a lab in the

1465

00:59:45,109 --> 00:59:42,720

Netherlands and they s and then then

1466

00:59:46,849 --> 00:59:45,119

James Master said well they're yogis

1467

00:59:48,650 --> 00:59:46,859

that can they can say well I want this

1468

00:59:51,710 --> 00:59:48,660

finger to be warmer than the other so

1469

00:59:53,630 --> 00:59:51,720

it's just incredible mind and and and

1470

00:59:55,670 --> 00:59:53,640

and this gets to what Anjali talks about

1471

00:59:58,490 --> 00:59:55,680

all the time and you know even John

1472

01:00:00,349 --> 00:59:58,500

Ramirez talks about this is you know

1473

01:00:03,349 --> 01:00:00,359

exo-academian our friend talks about

1474

01:00:04,430 --> 01:00:03,359

this is uh the meditation aspect of it

1475

01:00:06,170 --> 01:00:04,440

all the things they're doing at the

1476

01:00:08,569 --> 01:00:06,180

Monroe Institute

1477

01:00:11,089 --> 01:00:08,579

um if you can connect and get inside

1478

01:00:14,150 --> 01:00:11,099

yourself you have a chance to connect

1479

01:00:16,549 --> 01:00:14,160

with these beings on a level um that

1480

01:00:17,690 --> 01:00:16,559

that the rest of us either aren't and

1481

01:00:20,210 --> 01:00:17,700

you know when I'm sitting here with

1482

01:00:23,870 --> 01:00:20,220

somebody who has been in contact with

1483

01:00:26,150 --> 01:00:23,880

these beings in in Priscilla so uh but

1484

01:00:29,390 --> 01:00:26,160

you're not doing you're not using these

1485

01:00:31,849 --> 01:00:29,400

methodologies though Priscilla to the

1486

01:00:33,710 --> 01:00:31,859

Monroe stuff but you do okay

1487

01:00:36,650 --> 01:00:33,720

um unfortunate so I started my journey

1488

01:00:39,230 --> 01:00:36,660

with my experiences and then it seems

1489

01:00:40,970 --> 01:00:39,240

like the more research I do

1490

01:00:43,730 --> 01:00:40,980

I've kind of

1491

01:00:45,289 --> 01:00:43,740

not delved into trying to make contact

1492

01:00:47,329 --> 01:00:45,299

because

1493

01:00:48,950 --> 01:00:47,339

I'm kind of if they are there right

1494

01:00:50,930 --> 01:00:48,960

which we've some of us have experienced

1495

01:00:52,250 --> 01:00:50,940

that it's kind of frustrating that

1496

01:00:55,670 --> 01:00:52,260

they're not being transparent with us

1497

01:00:58,309 --> 01:00:55,680

and it's kind of strange so I don't

1498

01:00:59,690 --> 01:00:58,319

desire to make Con I think Deb's kind of

1499

01:01:01,010 --> 01:00:59,700

I talked to Deb about this like on our

1500

01:01:04,370 --> 01:01:01,020

law

1501

01:01:05,809 --> 01:01:04,380

it's kind of you know I've kind of put a

1502

01:01:08,150 --> 01:01:05,819

little bit of a barrier up so I don't

1503

01:01:10,910 --> 01:01:08,160

know that I would even be able to do

1504

01:01:13,370 --> 01:01:10,920

that but I am familiar with Monroe's you

1505

01:01:15,289 --> 01:01:13,380

know Gateway process I'm familiar with

1506

01:01:16,970 --> 01:01:15,299

how it works I've got a whole video

1507

01:01:18,470 --> 01:01:16,980

written that I need to record a whole

1508

01:01:19,789 --> 01:01:18,480

podcast written about like the process

1509

01:01:21,289 --> 01:01:19,799

and the physics evolves I'm just

1510

01:01:22,910 --> 01:01:21,299

embarrassed and

1511

01:01:24,890 --> 01:01:22,920

um gotta find time to do it right you

1512

01:01:27,349 --> 01:01:24,900

know but I haven't done it in a long

1513

01:01:31,010 --> 01:01:27,359

time and you know it's because I don't

1514

01:01:34,670 --> 01:01:31,020

know what we're dealing with anymore

1515

01:01:36,530 --> 01:01:34,680

it's not obvious to me anymore the less

1516

01:01:38,450 --> 01:01:36,540

I more I research the less I know and

1517

01:01:39,589 --> 01:01:38,460

the less I trust

1518

01:01:42,289 --> 01:01:39,599

um

1519

01:01:44,390 --> 01:01:42,299

not all beings but

1520

01:01:46,549 --> 01:01:44,400

some of the ones that might not be as

1521

01:01:49,069 --> 01:01:46,559

transparent as they should be

1522

01:01:50,809 --> 01:01:49,079

may I yeah and that's a concern you know

1523

01:01:53,329 --> 01:01:50,819

Nathan said from the beginning but may I

1524

01:01:57,410 --> 01:01:53,339

ask you Priscilla when you've had

1525

01:02:00,049 --> 01:01:57,420

contact has it been unwanted or or

1526

01:02:02,630 --> 01:02:00,059

unexpected it was unexpected so you

1527

01:02:05,390 --> 01:02:02,640

didn't try to no gender through that you

1528

01:02:08,450 --> 01:02:05,400

know I maybe had one or I've had a few

1529

01:02:10,730 --> 01:02:08,460

experiences using meditation but and

1530

01:02:13,910 --> 01:02:10,740

those were good but other than that it's

1531

01:02:16,910 --> 01:02:13,920

been a mix-up of you know it being not

1532

01:02:18,829 --> 01:02:16,920

in my control and it'll come at me with

1533

01:02:20,930 --> 01:02:18,839

the cosmic contracts and all that

1534

01:02:22,309 --> 01:02:20,940

because I've read about that too this is

1535

01:02:23,690 --> 01:02:22,319

you know I'm not the only one that's

1536

01:02:26,329 --> 01:02:23,700

experienced something that they didn't

1537

01:02:29,089 --> 01:02:26,339

want to experience and I'm not out there

1538

01:02:31,849 --> 01:02:29,099

looking for it and I I think until we

1539

01:02:33,770 --> 01:02:31,859

know more you have to be very

1540

01:02:35,450 --> 01:02:33,780

um weary of just putting your

1541

01:02:38,089 --> 01:02:35,460

Consciousness out there

1542

01:02:40,190 --> 01:02:38,099

but I mean I still do Monroe I still do

1543

01:02:41,690 --> 01:02:40,200

the meditations I still don't I still

1544

01:02:43,609 --> 01:02:41,700

want to astral travel I still want to do

1545

01:02:45,589 --> 01:02:43,619

these things but again your parameters

1546

01:02:47,289 --> 01:02:45,599

have to be very specific and I find that

1547

01:02:49,609 --> 01:02:47,299

when I set the parameter specifically

1548

01:02:51,349 --> 01:02:49,619

not a lot of them come around so that

1549

01:02:53,990 --> 01:02:51,359

makes me curious but this would be like

1550

01:02:56,390 --> 01:02:54,000

a whole other fireside chat right it

1551

01:02:58,190 --> 01:02:56,400

would be yeah and I was going to say uh

1552

01:03:00,770 --> 01:02:58,200

Deb or you

1553

01:03:03,230 --> 01:03:00,780

um do you have a supposition is because

1554

01:03:05,089 --> 01:03:03,240

if I'm in Priscilla will correct me if

1555

01:03:07,010 --> 01:03:05,099

I'm wrong she had experiences long

1556

01:03:10,730 --> 01:03:07,020

before she started doing Monroe

1557

01:03:12,770 --> 01:03:10,740

Institute uh protocols right so Deb do

1558

01:03:14,870 --> 01:03:12,780

you think that they've chosen Priscilla

1559

01:03:17,210 --> 01:03:14,880

uh for re you know do you think that

1560

01:03:19,130 --> 01:03:17,220

that was uh uh for there was a reason

1561

01:03:21,530 --> 01:03:19,140

why that they wanted to connect with her

1562

01:03:23,329 --> 01:03:21,540

you know as opposed to me I realize most

1563

01:03:25,250 --> 01:03:23,339

humans would also want to connect with

1564

01:03:27,829 --> 01:03:25,260

Priscilla over me but I mean these

1565

01:03:30,230 --> 01:03:27,839

intelligences okay well Priscilla is

1566

01:03:31,970 --> 01:03:30,240

awesome so of course anyone would want

1567

01:03:34,069 --> 01:03:31,980

to connect with Priscilla

1568

01:03:38,150 --> 01:03:34,079

first of all

1569

01:03:40,370 --> 01:03:38,160

I know that but but but the truth is

1570

01:03:43,190 --> 01:03:40,380

that I'm really interested in

1571

01:03:44,750 --> 01:03:43,200

neuroanatomy as I've said like I got a

1572

01:03:46,789 --> 01:03:44,760

little distracted by this whole you know

1573

01:03:49,309 --> 01:03:46,799

whistleblower telling everyone that

1574

01:03:51,530 --> 01:03:49,319

there's aliens thing but you know

1575

01:03:53,930 --> 01:03:51,540

besides that big story ever but yeah

1576

01:03:56,510 --> 01:03:53,940

yeah you know um so

1577

01:03:58,970 --> 01:03:56,520

who was slightly distracted but

1578

01:04:01,609 --> 01:03:58,980

um once I get back into it I'm trying to

1579

01:04:04,010 --> 01:04:01,619

kind of find the keys to the kingdom so

1580

01:04:06,589 --> 01:04:04,020

to speak which kind of matches a lot of

1581

01:04:08,990 --> 01:04:06,599

things it includes the hemisink concept

1582

01:04:11,270 --> 01:04:09,000

which is both brains uh I'm sorry both

1583

01:04:14,030 --> 01:04:11,280

hemispheres kind of connecting and

1584

01:04:17,510 --> 01:04:14,040

working together I think it also kind of

1585

01:04:20,150 --> 01:04:17,520

addresses the meditation aspect and IT

1586

01:04:21,950 --> 01:04:20,160

addresses the the things Grant Cameron

1587

01:04:24,530 --> 01:04:21,960

has said about like the other reality

1588

01:04:26,809 --> 01:04:24,540

and DMT and all of it

1589

01:04:29,750 --> 01:04:26,819

um so and even like how I say I think

1590

01:04:33,130 --> 01:04:29,760

Consciousness is material so

1591

01:04:36,049 --> 01:04:33,140

I believe if I have to break it down

1592

01:04:37,329 --> 01:04:36,059

that's something Consciousness is

1593

01:04:41,510 --> 01:04:37,339

material

1594

01:04:43,309 --> 01:04:41,520

you etherealists well no and actually

1595

01:04:45,170 --> 01:04:43,319

I've looked into the history of the

1596

01:04:47,390 --> 01:04:45,180

people who don't by the way there's

1597

01:04:50,410 --> 01:04:47,400

there was a movement on that and it's

1598

01:04:53,569 --> 01:04:50,420

really interesting history but I think

1599

01:04:56,089 --> 01:04:53,579

when I study this stuff it comes down to

1600

01:04:58,789 --> 01:04:56,099

to em and I think brain waves are part

1601  
01:05:02,030 --> 01:04:58,799  
of the EM spectrum and I think some

1602  
01:05:04,370 --> 01:05:02,040  
people just have a greater antenna is a

1603  
01:05:06,170 --> 01:05:04,380  
way to put it and I think Priscilla you

1604  
01:05:09,049 --> 01:05:06,180  
have one of those antennas like and it

1605  
01:05:11,510 --> 01:05:09,059  
tracks things to you because they can

1606  
01:05:13,329 --> 01:05:11,520  
reach you and right now you're saying

1607  
01:05:16,270 --> 01:05:13,339  
nope you're I'm not open for business

1608  
01:05:18,650 --> 01:05:16,280  
unreachable

1609  
01:05:21,170 --> 01:05:18,660  
she has the do not disturb on her iPhone

1610  
01:05:23,950 --> 01:05:21,180  
and they can't reach her

1611  
01:05:25,910 --> 01:05:23,960  
I've seen enough enjoying the

1612  
01:05:28,430 --> 01:05:25,920  
uneventfulness at the moment but yeah

1613  
01:05:30,770 --> 01:05:28,440

you're right about the brain waves in my

1614

01:05:33,410 --> 01:05:30,780

research the brain waves

1615

01:05:36,109 --> 01:05:33,420

hold the answer to all this

1616

01:05:38,870 --> 01:05:36,119

ability to contact other places because

1617

01:05:41,450 --> 01:05:38,880

there's a point in the brain wave or any

1618

01:05:43,750 --> 01:05:41,460

wave function where you you technically

1619

01:05:48,530 --> 01:05:43,760

blip into eternity where there's no time

1620

01:05:50,569 --> 01:05:48,540

and place and an hour here might be like

1621

01:05:53,450 --> 01:05:50,579

three years there we don't know

1622

01:05:56,569 --> 01:05:53,460

so that's kind of like what hemisync

1623

01:06:00,589 --> 01:05:56,579

lets you tap into without getting into

1624

01:06:02,510 --> 01:06:00,599

another you know it just just real

1625

01:06:05,569 --> 01:06:02,520

quickly before we close up the show here

1626

01:06:07,789 --> 01:06:05,579

but do you do you have ethereum why

1627

01:06:10,430 --> 01:06:07,799

they've contacted you

1628

01:06:12,230 --> 01:06:10,440

on multiple occasions no um you know the

1629

01:06:14,049 --> 01:06:12,240

thing that kind of

1630

01:06:16,609 --> 01:06:14,059

I think that when I was on Max

1631

01:06:19,309 --> 01:06:16,619

moskovic's Channel talking to him

1632

01:06:20,390 --> 01:06:19,319

he was kind of like what was going on at

1633

01:06:22,730 --> 01:06:20,400

that time

1634

01:06:24,950 --> 01:06:22,740

and was there any kind of like emotional

1635

01:06:26,870 --> 01:06:24,960

turmoil or dissonance in the household

1636

01:06:29,150 --> 01:06:26,880

or anything like that a lot of people

1637

01:06:30,430 --> 01:06:29,160

seem to have contact or be contacted

1638

01:06:33,529 --> 01:06:30,440

when that happens

1639

01:06:35,329 --> 01:06:33,539

and whether it's a good experience or a

1640

01:06:37,430 --> 01:06:35,339

scary experience or less the favorable

1641

01:06:38,809 --> 01:06:37,440

experience you know it tends to happen

1642

01:06:40,190 --> 01:06:38,819

to people when they're sort of

1643

01:06:42,410 --> 01:06:40,200

emotionally charged from what I've

1644

01:06:43,970 --> 01:06:42,420

noticed and from when I talk to people

1645

01:06:45,770 --> 01:06:43,980

um and hearing other people's stories

1646

01:06:48,230 --> 01:06:45,780

and I think that that would be the only

1647

01:06:50,329 --> 01:06:48,240

reason like when you have a emotional

1648

01:06:52,910 --> 01:06:50,339

trauma or any sort of trauma it sort of

1649

01:06:55,789 --> 01:06:52,920

blows out your energetic feelers

1650

01:06:59,270 --> 01:06:55,799

so your antenna gets bigger essentially

1651

01:07:02,150 --> 01:06:59,280

or is able to receive more so I think

1652

01:07:04,069 --> 01:07:02,160

that it might be as simple as that can I

1653

01:07:08,809 --> 01:07:04,079

can I say also from a psychology

1654

01:07:10,970 --> 01:07:08,819

perspective stress probably kicks in a

1655

01:07:14,150 --> 01:07:10,980

whole bunch of stuff in our body to

1656

01:07:16,490 --> 01:07:14,160

survive and it's you know literally

1657

01:07:20,390 --> 01:07:16,500

you're going to have a wider perspective

1658

01:07:21,710 --> 01:07:20,400

or you will die you know so like that to

1659

01:07:24,770 --> 01:07:21,720

me that that's

1660

01:07:25,849 --> 01:07:24,780

right so there's a key aspect I think

1661

01:07:29,029 --> 01:07:25,859

there

1662

01:07:31,010 --> 01:07:29,039

um and I'm still looking into all that

1663

01:07:33,109 --> 01:07:31,020

to you when I'm doing this neuroanatomy

1664

01:07:34,670 --> 01:07:33,119

stuff so all of my research is probably

1665

01:07:36,289 --> 01:07:34,680

going to go to Priscilla because she's

1666

01:07:38,270 --> 01:07:36,299

doing it and I want her to have

1667

01:07:40,670 --> 01:07:38,280

everything I have

1668

01:07:42,410 --> 01:07:40,680

that's awesome man you just have to have

1669

01:07:44,270 --> 01:07:42,420

a you know we'll have research dates

1670

01:07:46,430 --> 01:07:44,280

more often

1671

01:07:48,890 --> 01:07:46,440

yeah I was gonna say it reminds me of

1672

01:07:52,370 --> 01:07:48,900

two research two Bigfoot researchers

1673

01:07:54,470 --> 01:07:52,380

that went to very rural Ohio and one was

1674

01:07:56,930 --> 01:07:54,480

a younger gentleman one was a much older

1675

01:07:59,089 --> 01:07:56,940

gentleman and other researchers in the

1676

01:08:01,069 --> 01:07:59,099

air said you got to meet you know Kirk

1677

01:08:03,589 --> 01:08:01,079

you got to meet this guy uh I can't

1678

01:08:05,450 --> 01:08:03,599

remember his name was uh uh Bob or

1679

01:08:06,829 --> 01:08:05,460

whatever and Bob and they they basically

1680

01:08:08,630 --> 01:08:06,839

forced the two of them to come together

1681

01:08:11,510 --> 01:08:08,640

because they had so much material and

1682

01:08:14,329 --> 01:08:11,520

now the Yoda and Obi-Wan are sort of

1683

01:08:15,710 --> 01:08:14,339

working uh working together as Yoda

1684

01:08:17,510 --> 01:08:15,720

retires

1685

01:08:19,370 --> 01:08:17,520

um so Deanna here is saying her

1686

01:08:22,189 --> 01:08:19,380

experiences sound quite similar to yours

1687

01:08:24,169 --> 01:08:22,199

she oddly calls it uh her antenna as

1688

01:08:26,689 --> 01:08:24,179

well thank you Deanna thank you

1689

01:08:28,189 --> 01:08:26,699

everybody that came in to hang out with

1690

01:08:30,709 --> 01:08:28,199

us tonight we went nine minutes over

1691

01:08:33,829 --> 01:08:30,719

just because I got so many questions for

1692

01:08:36,950 --> 01:08:33,839

Deb and Priscilla uh and it's just

1693

01:08:39,309 --> 01:08:36,960

amazing so uh any any uh well let's just

1694

01:08:43,309 --> 01:08:39,319

go with the goodbyes go ahead uh Debs

1695

01:08:46,249 --> 01:08:43,319

it's an exciting time I'm so glad that

1696

01:08:47,870 --> 01:08:46,259

we get to be here together to deal with

1697

01:08:49,849 --> 01:08:47,880

what's going on

1698

01:08:52,010 --> 01:08:49,859

um I have to point out that one thing I

1699

01:08:54,050 --> 01:08:52,020

would have liked to have mentioned was

1700

01:08:56,749 --> 01:08:54,060

that everyone was always worried about

1701

01:08:58,789 --> 01:08:56,759

Mass hysteria the world is doing fine

1702

01:09:01,070 --> 01:08:58,799

right now the world is dealing with

1703

01:09:02,950 --> 01:09:01,080

normal everyday things people are still

1704

01:09:05,749 --> 01:09:02,960

paying their bills and going to work

1705

01:09:06,950 --> 01:09:05,759

it's the UFO community that I'm worried

1706

01:09:10,010 --> 01:09:06,960

about so

1707

01:09:12,950 --> 01:09:10,020

I I just want to remind everyone that

1708

01:09:17,450 --> 01:09:12,960

love is flying season three of Brazil is

1709

01:09:20,930 --> 01:09:19,490

I recommend that some people who have

1710

01:09:22,610 --> 01:09:20,940

some comments about

1711

01:09:24,470 --> 01:09:22,620

um Brazilians take a look at that

1712

01:09:26,570 --> 01:09:24,480

because maybe they'll open their mind a

1713

01:09:29,809 --> 01:09:26,580

little bit and stop making some of the

1714

01:09:33,050 --> 01:09:29,819

comments they've made yeah my wife's

1715

01:09:35,090 --> 01:09:33,060

from Brazil homes so

1716

01:09:39,410 --> 01:09:35,100

Mr Bigfoot will come after you if you

1717

01:09:41,329 --> 01:09:39,420

don't yeah and I I was gonna say uh also

1718

01:09:44,450 --> 01:09:41,339

uh I I should share with Priscilla that

1719

01:09:46,789 --> 01:09:44,460

uh the the show about motorcycle gangs

1720

01:09:48,650 --> 01:09:46,799

on FX Mayan season five is out everybody

1721

01:09:51,349 --> 01:09:48,660

oh my God

1722

01:09:53,269 --> 01:09:51,359

just kidding MotoGP this weekend all

1723

01:09:55,250 --> 01:09:53,279

kinds of exciting things and NBA Finals

1724

01:09:56,930 --> 01:09:55,260

I think come back tomorrow night

1725

01:09:58,370 --> 01:09:56,940

man Priscilla

1726

01:09:59,630 --> 01:09:58,380

um thank you buddy do you have any any

1727

01:10:02,270 --> 01:09:59,640

parting shots

1728

01:10:04,430 --> 01:10:02,280

yes thank you for having me as always

1729

01:10:05,810 --> 01:10:04,440

it's fun to jump on and hopefully

1730

01:10:08,750 --> 01:10:05,820

getting back more into the swing of it

1731

01:10:12,110 --> 01:10:08,760

and seeing everybody more but um don't

1732

01:10:14,450 --> 01:10:12,120

forget to you know this is very exciting

1733

01:10:15,950 --> 01:10:14,460

but take some time to kind of deal with

1734

01:10:18,050 --> 01:10:15,960

like your real life and real world

1735

01:10:21,169 --> 01:10:18,060

events we know Canada is going through

1736

01:10:22,490 --> 01:10:21,179

horrible fires right now so please send

1737

01:10:24,350 --> 01:10:22,500

your heart your love your prayers

1738

01:10:25,970 --> 01:10:24,360

whatever you do to them because even if

1739

01:10:28,310 --> 01:10:25,980

the fires are contained there's still a

1740

01:10:30,950 --> 01:10:28,320

lot of damage and

1741

01:10:32,750 --> 01:10:30,960

um yeah just you know this is very

1742

01:10:35,570 --> 01:10:32,760

important and very exciting to us but

1743

01:10:38,090 --> 01:10:35,580

step aside a few times a day to kind of

1744

01:10:40,070 --> 01:10:38,100

just be with your family and

1745

01:10:41,510 --> 01:10:40,080

you know be away from the UFO thing

1746

01:10:44,510 --> 01:10:41,520

because you might come back with fresh

1747

01:10:46,970 --> 01:10:44,520

eyes and and see it even more and even

1748

01:10:49,669 --> 01:10:46,980

more vibrantly that way

1749

01:10:51,709 --> 01:10:49,679

I I couldn't agree more it's important

1750

01:10:53,689 --> 01:10:51,719

to have these distractions I also

1751

01:10:55,669 --> 01:10:53,699

respect what Deb has said the world

1752

01:10:58,550 --> 01:10:55,679

didn't explode she's been saying this

1753

01:11:00,950 --> 01:10:58,560

for a long time uh that that we should

1754

01:11:03,530 --> 01:11:00,960

know and you know uh everybody's not

1755

01:11:05,330 --> 01:11:03,540

going to go into a frenzy In fairness I

1756

01:11:08,570 --> 01:11:05,340

I think it you know potentially could be

1757

01:11:11,330 --> 01:11:08,580

a different story when it's a a major

1758

01:11:14,090 --> 01:11:11,340

major news story on all the networks and

1759

01:11:16,790 --> 01:11:14,100

internationally as well and uh and if

1760

01:11:18,830 --> 01:11:16,800

there is uh that contact event that uh

1761

01:11:20,630 --> 01:11:18,840

David grush if if you listen to some of

1762

01:11:23,450 --> 01:11:20,640

the Ross Colt art footage that's already

1763

01:11:26,390 --> 01:11:23,460

out in advance of Sunday

1764

01:11:28,729 --> 01:11:26,400

um David Rush does did say something

1765

01:11:31,910 --> 01:11:28,739

that Deb has said on this show for a

1766

01:11:34,550 --> 01:11:31,920

long period of time is part of his uh

1767

01:11:37,250 --> 01:11:34,560

mission is that people are prepared for

1768

01:11:39,350 --> 01:11:37,260

a possible contact event you guys have

1769

01:11:42,110 --> 01:11:39,360

heard Deb say this on many Cobb shows

1770

01:11:44,510 --> 01:11:42,120

David grush is also saying that that

1771

01:11:46,250 --> 01:11:44,520

maybe he you know has heard from

1772

01:11:47,870 --> 01:11:46,260

whatever sources that he has that he

1773

01:11:50,209 --> 01:11:47,880

thinks that there will be be a contact

1774

01:11:52,669 --> 01:11:50,219

event and that people should be prepared

1775

01:11:56,030 --> 01:11:52,679

so that they don't freak out so good on

1776

01:11:57,770 --> 01:11:56,040

you Debs from my perspective

1777

01:12:01,970 --> 01:11:57,780

um where we've gotten to at this point

1778

01:12:05,149 --> 01:12:01,980

is a is a a place in time in history

1779

01:12:07,430 --> 01:12:05,159

that we've never been before uh Lou even

1780

01:12:10,550 --> 01:12:07,440

if he knew this information tangentially

1781

01:12:13,130 --> 01:12:10,560

was not able to bring it out but with

1782

01:12:14,689 --> 01:12:13,140

the legislation uh first of all Lou is

1783

01:12:17,270 --> 01:12:14,699

still in a fight with the Pentagon right

1784

01:12:18,890 --> 01:12:17,280

now over uh harassment and his clearance

1785

01:12:20,810 --> 01:12:18,900

and still has his lawyer speaking with

1786

01:12:24,050 --> 01:12:20,820

them I didn't know that until two days

1787

01:12:26,330 --> 01:12:24,060

ago and but David was able to bring this

1788

01:12:28,610 --> 01:12:26,340

information out and this is an app this

1789

01:12:32,209 --> 01:12:28,620

is a moment in history right here this

1790

01:12:33,830 --> 01:12:32,219

is a moment in history that um uh I I

1791

01:12:36,649 --> 01:12:33,840

think someday will be written in history

1792

01:12:39,290 --> 01:12:36,659

books is the day that maybe the world

1793

01:12:41,689 --> 01:12:39,300

learned about UFOs a lot of countries

1794

01:12:44,030 --> 01:12:41,699

have decided that they wanted the uh the

1795

01:12:45,410 --> 01:12:44,040

U.S to take the lead on this uh I don't

1796

01:12:49,370 --> 01:12:45,420

know why they've done that but that's

1797

01:12:51,410 --> 01:12:49,380

what they've done and so the US is and

1798

01:12:53,390 --> 01:12:51,420

uh we have some courageous people that

1799

01:12:56,450 --> 01:12:53,400

have come forward with information that

1800

01:12:59,570 --> 01:12:56,460

we have never had confirmed from as high

1801  
01:13:01,610 --> 01:12:59,580  
of a source as as it is right now so wow

1802  
01:13:04,669 --> 01:13:01,620  
and this is during the span of the two

1803  
01:13:06,950 --> 01:13:04,679  
years in which I met Nathan I met Debs I

1804  
01:13:08,750 --> 01:13:06,960  
met Priscilla and Vinnie and all these

1805  
01:13:11,570 --> 01:13:08,760  
different people in the UFO community

1806  
01:13:13,970 --> 01:13:11,580  
and started a UFO show this is in you

1807  
01:13:18,890 --> 01:13:13,980  
know just about over that just a little

1808  
01:13:20,689 --> 01:13:18,900  
over that 24-month span so it's it's you

1809  
01:13:22,370 --> 01:13:20,699  
know why I didn't think we would see

1810  
01:13:25,189 --> 01:13:22,380  
history this quickly

1811  
01:13:28,070 --> 01:13:25,199  
people like Debs perhaps did

1812  
01:13:30,470 --> 01:13:28,080  
um but here we are so

1813  
01:13:32,990 --> 01:13:30,480

thank you can I make one more comment

1814

01:13:35,990 --> 01:13:33,000

about that yes ma'am Once Upon a Time

1815

01:13:36,950 --> 01:13:36,000

people didn't believe gorillas were a

1816

01:13:39,169 --> 01:13:36,960

thing

1817

01:13:41,030 --> 01:13:39,179

they then discovered that gorillas were

1818

01:13:44,390 --> 01:13:41,040

a thing because it was you know

1819

01:13:47,209 --> 01:13:44,400

displayed to other people however it was

1820

01:13:49,310 --> 01:13:47,219

distributed indigenous people let people

1821

01:13:50,990 --> 01:13:49,320

know that gorillas were a thing prior to

1822

01:13:51,950 --> 01:13:51,000

that by the way they should have

1823

01:13:55,189 --> 01:13:51,960

listened

1824

01:13:57,290 --> 01:13:55,199

they didn't invite guess what now it's

1825

01:13:59,209 --> 01:13:57,300

not a big deal the gorillas were a thing

1826

01:14:00,830 --> 01:13:59,219

we're gonna get there with Humanity too

1827

01:14:02,689 --> 01:14:00,840

they're going to realize it's part of

1828

01:14:04,310 --> 01:14:02,699

nature they're going to overcome their

1829

01:14:05,390 --> 01:14:04,320

shock they're going to realize it's a

1830

01:14:06,649 --> 01:14:05,400

thing they're going to realize they

1831

01:14:09,709 --> 01:14:06,659

should have listened to the indigenous

1832

01:14:14,689 --> 01:14:09,719

people and then we're gonna be okay

1833

01:14:17,149 --> 01:14:14,699

thank you Debs our resident psychologist

1834

01:14:19,010 --> 01:14:17,159

um and uh and also Bigfoot the North

1835

01:14:22,010 --> 01:14:19,020

American Wood ape I hope that doesn't

1836

01:14:24,050 --> 01:14:22,020

come out uh any anytime soon because I

1837

01:14:26,510 --> 01:14:24,060

think they'll be in danger but uh that's

1838

01:14:28,250 --> 01:14:26,520

a that's a real thing as well

1839

01:14:30,890 --> 01:14:28,260

um they don't have the advocacy they

1840

01:14:32,570 --> 01:14:30,900

don't have it David grush uh to come out

1841

01:14:35,330 --> 01:14:32,580

and speak about that and it's probably

1842

01:14:39,830 --> 01:14:35,340

better for bigfoot that they don't so uh

1843

01:14:42,410 --> 01:14:39,840

on behalf of our friends of Debs of

1844

01:14:44,030 --> 01:14:42,420

Priscilla of Dan this is deed and by the

1845

01:14:45,890 --> 01:14:44,040

way you see there like subscribe all

1846

01:14:47,390 --> 01:14:45,900

that stuff just so that you know people

1847

01:14:49,189 --> 01:14:47,400

actually want to pay attention and come

1848

01:14:50,990 --> 01:14:49,199

on the show with us we know we can get

1849

01:14:52,930 --> 01:14:51,000

Priscilla but who knows if Gary Nolan's

1850

01:14:55,850 --> 01:14:52,940

going to come back so

1851  
01:14:59,570 --> 01:14:55,860  
but uh by the way next week Dr Diana

1852  
01:15:02,209 --> 01:14:59,580  
pasoka will be on with us so tune in uh

1853  
01:15:04,729 --> 01:15:02,219  
for Dr pasoka I believe it's Wednesday

1854  
01:15:06,770 --> 01:15:04,739  
or Thursday I'll check that we'll be

1855  
01:15:10,330 --> 01:15:06,780  
coming out with promo soon but uh we

1856  
01:15:13,189 --> 01:15:10,340  
were going to talk to Dr pasoka about uh

1857  
01:15:15,709 --> 01:15:13,199  
paranormal spirits and things like that

1858  
01:15:18,649 --> 01:15:15,719  
and boy we have some bigger stuff to

1859  
01:15:21,470 --> 01:15:18,659  
talk about so far

1860  
01:15:22,970 --> 01:15:21,480  
uh yeah I I'm so excited that uh she's

1861  
01:15:25,070 --> 01:15:22,980  
gonna come back and we'll be able to

1862  
01:15:28,610 --> 01:15:25,080  
kick it around so thank you uh Priscilla

1863  
01:15:31,850 --> 01:15:28,620

Debs DJ cabs as always we say peace out

1864

01:15:33,410 --> 01:15:31,860

one love we'll see you down the road and

1865

01:15:35,750 --> 01:15:33,420

you know we're always undering wondering
