

SHARP AND PLISKEN!

1
00:00:36,970 --> 00:00:18,250

[Music]

2
00:00:40,790 --> 00:00:36,980

yeah yeah

3
00:00:43,030 --> 00:00:40,800

welcome back to calling all beings on a

4
00:00:46,610 --> 00:00:43,040

Saturday evening

5
00:00:50,330 --> 00:00:46,620

I'm your host DJ along with the

6
00:00:53,389 --> 00:00:50,340

legendary researcher and OG member of

7
00:00:54,590 --> 00:00:53,399

cab a study of uap's Deb what's up

8
00:00:58,250 --> 00:00:54,600

homegirl

9
00:01:00,229 --> 00:00:58,260

about to get serious up in here let me

10
00:01:02,450 --> 00:01:00,239

do some serious talk

11
00:01:05,630 --> 00:01:02,460

I we don't know if she's wearing either

12
00:01:08,090 --> 00:01:05,640

the [h__\h] or blood colors uh today but

13
00:01:09,950 --> 00:01:08,100

awesome man thank you Deb and also uh

14

00:01:12,289 --> 00:01:09,960

one of our new cabbies and a brilliant

15

00:01:15,170 --> 00:01:12,299

addition to this show is uh the host of

16

00:01:19,250 --> 00:01:15,180

Bigfoot Crossroads Matt Knapp what's up

17

00:01:22,789 --> 00:01:19,260

Gangster what's up G money not much man

18

00:01:26,149 --> 00:01:22,799

I just watched uh reservation dogs on

19

00:01:29,870 --> 00:01:26,159

Hulu I recommend everybody that has Hulu

20

00:01:32,990 --> 00:01:29,880

or has access watch reservation dogs it

21

00:01:36,109 --> 00:01:33,000

is absolutely brilliant it's a satirical

22

00:01:38,929 --> 00:01:36,119

look that also is quite serious about

23

00:01:41,210 --> 00:01:38,939

life on the res I know you have grown up

24

00:01:43,310 --> 00:01:41,220

around and have and interacted with

25

00:01:45,050 --> 00:01:43,320

people that live on a res a lot of us

26

00:01:46,310 --> 00:01:45,060

have not

27

00:01:48,170 --> 00:01:46,320

um and so yeah I recommend everyone

28

00:01:50,389 --> 00:01:48,180

check that out

29

00:01:53,210 --> 00:01:50,399

um so dab Matt

30

00:01:56,929 --> 00:01:53,220

um I talked to our friend uh the other

31

00:01:58,310 --> 00:01:56,939

day uh Christopher sharp and wanted to

32

00:02:00,230 --> 00:01:58,320

just kind of get the latest he's done

33

00:02:02,330 --> 00:02:00,240

outstanding reporting he's been

34

00:02:05,270 --> 00:02:02,340

mentioned on a couple different shows

35

00:02:08,809 --> 00:02:05,280

Micah Hank's show and and others uh for

36

00:02:11,210 --> 00:02:08,819

the great work uh that he's done and the

37

00:02:13,670 --> 00:02:11,220

the faith that he's kept uh that this

38

00:02:17,089 --> 00:02:13,680

was going to happen and by golly it did

39

00:02:20,809 --> 00:02:17,099

and when I spoke to him he mentioned a

40

00:02:23,030 --> 00:02:20,819

name uh that somebody that I know that

41

00:02:25,550 --> 00:02:23,040

I've spoken with a military brother from

42

00:02:28,430 --> 00:02:25,560

the Marine Corps who uh finished his law

43

00:02:30,589 --> 00:02:28,440

degree not too long ago somebody that uh

44

00:02:33,170 --> 00:02:30,599

we've got W and I have met and somebody

45

00:02:36,290 --> 00:02:33,180

that we both admire and that is Sean

46

00:02:39,410 --> 00:02:36,300

Munger who goes by Bob pliskin on

47

00:02:42,470 --> 00:02:39,420

Twitter so uh Chris said we gotta have

48

00:02:44,869 --> 00:02:42,480

on uh Bob pluskin with me you know Sean

49

00:02:46,309 --> 00:02:44,879

and I said yeah cool I will reach out

50

00:02:48,290 --> 00:02:46,319

straight away and make that happen sir

51
00:02:49,790 --> 00:02:48,300
yes I'll do the I'll even do the British

52
00:02:53,449 --> 00:02:49,800
salute for you

53
00:02:55,910 --> 00:02:53,459
um so so without further Ado my friends

54
00:02:59,390 --> 00:02:55,920
um let's bring in uh the editor and

55
00:03:03,170 --> 00:02:59,400
creator of Liberation times the UK

56
00:03:05,270 --> 00:03:03,180
brother he is at Chris UK sharp I got

57
00:03:08,330 --> 00:03:05,280
them dinner with this man not once but

58
00:03:16,070 --> 00:03:08,340
twice in England baby put

59
00:03:19,850 --> 00:03:18,290
where's oh I got Adam's I can't only

60
00:03:22,130 --> 00:03:19,860
clap I actually have to add him to the

61
00:03:24,589 --> 00:03:22,140
stream yeah okay thanks Nathan by the

62
00:03:25,610 --> 00:03:24,599
way so uh those of you are wondering uh

63
00:03:28,190 --> 00:03:25,620

Nathan

64

00:03:30,050 --> 00:03:28,200

um is is off with the fam tonight and

65

00:03:32,690 --> 00:03:30,060

actually I think he's actually meeting

66

00:03:35,869 --> 00:03:32,700

with uh Dan

67

00:03:39,410 --> 00:03:35,879

um from uh you you uh with the signal

68

00:03:41,690 --> 00:03:39,420

from UK UAP media and EXO tonight so

69

00:03:44,690 --> 00:03:41,700

it's gonna be pretty cool

70

00:03:47,990 --> 00:03:44,700

um now oh look at Matt he made a new

71

00:03:49,789 --> 00:03:48,000

Avatar I love it uh he's very creative

72

00:03:52,369 --> 00:03:49,799

Matt is

73

00:03:54,190 --> 00:03:52,379

um so our our next guest uh uh my Marine

74

00:03:57,289 --> 00:03:54,200

Corps uh brother from another

75

00:04:00,530 --> 00:03:57,299

representing the state of Mass baby the

76

00:04:02,210 --> 00:04:00,540

don't play no games Boston Strong uh

77

00:04:04,009 --> 00:04:02,220

like I said he don't got his law degree

78

00:04:07,009 --> 00:04:04,019

he's somebody that we admire and respect

79

00:04:08,930 --> 00:04:07,019

and he was a contributor he is a

80

00:04:11,330 --> 00:04:08,940

contributor to the debrief and was a

81

00:04:14,089 --> 00:04:11,340

contributor on this story that uh

82

00:04:17,270 --> 00:04:14,099

potentially uh is going to change lives

83

00:04:21,349 --> 00:04:17,280

so without further Ado put those hands

84

00:04:21,359 --> 00:04:28,670

Sean Bob pliskin Munger

85

00:04:32,749 --> 00:04:30,409

what's going on good evening all good

86

00:04:34,249 --> 00:04:32,759

evening all and across the ponds how you

87

00:04:37,490 --> 00:04:34,259

doing uh Chris

88

00:04:39,230 --> 00:04:37,500

good to uh good to see you Sean well

89

00:04:42,610 --> 00:04:39,240

done by the way with the debrief stuff

90

00:04:45,469 --> 00:04:42,620

it was um it was incredible and um yeah

91

00:04:48,170 --> 00:04:45,479

Sean's been such an important part to

92

00:04:50,629 --> 00:04:48,180

what I've done with Liberation times I

93

00:04:52,610 --> 00:04:50,639

mean his feedback when I initially

94

00:04:55,249 --> 00:04:52,620

started publication and doing articles

95

00:04:58,010 --> 00:04:55,259

it literally it made all the difference

96

00:05:00,770 --> 00:04:58,020

like I wouldn't be where I am to live

97

00:05:03,050 --> 00:05:00,780

wasn't drawn and he's just the best man

98

00:05:05,210 --> 00:05:03,060

so thank you I'm humbled to be with you

99

00:05:06,770 --> 00:05:05,220

so thank you I appreciate that Chris I'm

100

00:05:08,870 --> 00:05:06,780

just uh he had a servant if I can add

101
00:05:11,030 --> 00:05:08,880
value I and I have the time and the

102
00:05:14,390 --> 00:05:11,040
capacity to do so I've always uh let

103
00:05:16,550 --> 00:05:14,400
that be known that if I can I will if I

104
00:05:17,810 --> 00:05:16,560
can't I'll I'll try to point you in the

105
00:05:20,990 --> 00:05:17,820
right direction somebody else that can

106
00:05:23,510 --> 00:05:21,000
so yeah um thank you just just because

107
00:05:26,270 --> 00:05:23,520
we're not done throwing accolades at at

108
00:05:28,550 --> 00:05:26,280
Sean before I knew him

109
00:05:30,529 --> 00:05:28,560
um I had become friends with and started

110
00:05:32,689 --> 00:05:30,539
having phone conversations with uh

111
00:05:34,550 --> 00:05:32,699
Richard butt whom everybody knows and

112
00:05:37,670 --> 00:05:34,560
has been in invaluable to the community

113
00:05:40,670 --> 00:05:37,680

as well and he said dude he said do you

114

00:05:43,610 --> 00:05:40,680

know uh Bob pliskin and he said Bob

115

00:05:46,070 --> 00:05:43,620

pliskin has basically done XYZ he's

116

00:05:48,290 --> 00:05:46,080

former Marine you need to you need to

117

00:05:51,890 --> 00:05:48,300

connect with Bob Plissken and I said yes

118

00:05:54,409 --> 00:05:51,900

sir I will and I reached out to uh Sean

119

00:05:57,170 --> 00:05:54,419

and we started having uh you know uh

120

00:05:59,450 --> 00:05:57,180

text and so forth and then I had the

121

00:06:01,189 --> 00:05:59,460

pleasure of meeting him and hopefully uh

122

00:06:04,430 --> 00:06:01,199

if everything goes well in October when

123

00:06:06,529 --> 00:06:04,440

I go to my college team reunion in Mass

124

00:06:07,850 --> 00:06:06,539

maybe I'll I'll get to see him so

125

00:06:10,249 --> 00:06:07,860

hopefully all that will come together

126

00:06:11,150 --> 00:06:10,259

but y'all didn't come to hear about all

127

00:06:14,390 --> 00:06:11,160

that

128

00:06:17,210 --> 00:06:14,400

right then I want to hear about UFO so I

129

00:06:19,969 --> 00:06:17,220

think a good place to start uh Deb and

130

00:06:23,689 --> 00:06:19,979

Matt I'm thinking is to let Chris give

131

00:06:24,650 --> 00:06:23,699

us an update on what he's the latest and

132

00:06:28,249 --> 00:06:24,660

I think

133

00:06:31,070 --> 00:06:28,259

the fact of the the dod complaint which

134

00:06:34,629 --> 00:06:31,080

may or may not have been formalized into

135

00:06:40,010 --> 00:06:34,639

an IG complaint but certainly was causal

136

00:06:41,870 --> 00:06:40,020

in the retribution that begat the second

137

00:06:44,210 --> 00:06:41,880

um complaint that was formalized with

138

00:06:45,830 --> 00:06:44,220

attorney so Christopher without further

139

00:06:49,370 --> 00:06:45,840

Ado take it away and then we'll we'll

140

00:06:52,490 --> 00:06:49,380

make make our way around the table with

141

00:06:54,230 --> 00:06:52,500

absolutely so you know firstly this is a

142

00:06:56,510 --> 00:06:54,240

really serious still what we're talking

143

00:06:58,550 --> 00:06:56,520

about so

144

00:07:00,170 --> 00:06:58,560

um yeah I I don't want to put anything

145

00:07:01,790 --> 00:07:00,180

out there that should be put out there

146

00:07:03,070 --> 00:07:01,800

but I will say a question should be

147

00:07:05,870 --> 00:07:03,080

asked so

148

00:07:08,510 --> 00:07:05,880

when last week

149

00:07:10,790 --> 00:07:08,520

David Rush is

150

00:07:13,490 --> 00:07:10,800

intelligence Community Inspector General

151
00:07:18,469 --> 00:07:13,500
campaign was released it's unclassified

152
00:07:20,749 --> 00:07:18,479
form it reads in July 2021 Mr grush

153
00:07:23,230 --> 00:07:20,759
confidentially provided UAP related

154
00:07:26,330 --> 00:07:23,240
classified information to the dod

155
00:07:27,890 --> 00:07:26,340
Inspector General at that time Mr grush

156
00:07:30,589 --> 00:07:27,900
communicated classified information

157
00:07:33,830 --> 00:07:30,599
about the improper withholding and or

158
00:07:37,730 --> 00:07:33,840
concealment of classified material from

159
00:07:40,249 --> 00:07:37,740
the U.S Congress by certain IEC elements

160
00:07:43,010 --> 00:07:40,259
of intelligence Community elements Mr

161
00:07:46,010 --> 00:07:43,020
grush leads at his identity and the fact

162
00:07:49,070 --> 00:07:46,020
of his UAP related Communications with

163
00:07:52,610 --> 00:07:49,080

the dodig have been disclosed to

164

00:07:55,550 --> 00:07:52,620

individuals and or entities outside of

165

00:07:58,790 --> 00:07:55,560

the dod IG and that he has suffered

166

00:07:59,809 --> 00:07:58,800

retaliation and reprivals related there

167

00:08:04,749 --> 00:07:59,819

too

168

00:08:08,029 --> 00:08:04,759

so what seems to have happened is that

169

00:08:11,450 --> 00:08:08,039

Mr grush is communicated information

170

00:08:14,570 --> 00:08:11,460

relating to

171

00:08:17,689 --> 00:08:14,580

UAP programs that have been

172

00:08:20,390 --> 00:08:17,699

hidden from the oversight of Congress

173

00:08:24,110 --> 00:08:20,400

he's communicated that information

174

00:08:27,050 --> 00:08:24,120

to the dodig and then somehow that

175

00:08:29,869 --> 00:08:27,060

information has got out in terms of

176
00:08:31,070 --> 00:08:29,879
knowledge of that information that was

177
00:08:34,730 --> 00:08:31,080
provided

178
00:08:38,389 --> 00:08:34,740
and that has led to the harassment in

179
00:08:40,850 --> 00:08:38,399
intimidation and whatnot of David which

180
00:08:43,430 --> 00:08:40,860
is why he has gone to the intelligence

181
00:08:46,190 --> 00:08:43,440
Community IG to launch a complaint about

182
00:08:51,050 --> 00:08:46,200
that harassment

183
00:08:53,990 --> 00:08:51,060
um an intimidation so I mean Dave David

184
00:08:55,070 --> 00:08:54,000
says that he's making no accusation at

185
00:08:58,130 --> 00:08:55,080
all

186
00:09:00,470 --> 00:08:58,140
that you know he's implicating the dod

187
00:09:02,690 --> 00:09:00,480
ID with leaking any information so

188
00:09:04,009 --> 00:09:02,700

that's something you know that needs to

189

00:09:06,650 --> 00:09:04,019

be tested he's not making any

190

00:09:09,290 --> 00:09:06,660

accusations or anything like that but it

191

00:09:11,570 --> 00:09:09,300

does leave questions where did that

192

00:09:14,750 --> 00:09:11,580

information leap from

193

00:09:17,630 --> 00:09:14,760

and we don't know for sure that it

194

00:09:20,690 --> 00:09:17,640

didn't didn't leak from a dodig so one

195

00:09:23,090 --> 00:09:20,700

would suspect that there would be some

196

00:09:25,370 --> 00:09:23,100

internal investigation perhaps just to

197

00:09:26,870 --> 00:09:25,380

make sure that it didn't

198

00:09:29,570 --> 00:09:26,880

um look it could have leaked from other

199

00:09:31,070 --> 00:09:29,580

individuals that knew David who knows

200

00:09:33,829 --> 00:09:31,080

you know we just don't know it's

201
00:09:36,829 --> 00:09:33,839
conjunction I've feel it caesarea it's

202
00:09:40,370 --> 00:09:36,839
enough Dill unless it's been resolved

203
00:09:43,370 --> 00:09:40,380
100 that this did not leak from the dod

204
00:09:44,870 --> 00:09:43,380
IG because you know there's a lot of

205
00:09:47,690 --> 00:09:44,880
whistleblowers out there it's not just

206
00:09:50,350 --> 00:09:47,700
you a key related in terms of

207
00:09:53,090 --> 00:09:50,360
um the Department of Defense and

208
00:09:55,070 --> 00:09:53,100
confidentiality is really really key in

209
00:09:56,690 --> 00:09:55,080
terms of you know any complaints or

210
00:09:59,329 --> 00:09:56,700
information they're provided into the

211
00:10:01,070 --> 00:09:59,339
dod IG so I feel if there is some

212
00:10:03,050 --> 00:10:01,080
question if there's even a little shred

213
00:10:04,550 --> 00:10:03,060

of Doubt oh you know hanging over the

214

00:10:07,850 --> 00:10:04,560

dod IG

215

00:10:09,230 --> 00:10:07,860

I think that's already serious deal

216

00:10:11,389 --> 00:10:09,240

do we

217

00:10:14,269 --> 00:10:11,399

um I want to let everybody just have a

218

00:10:16,130 --> 00:10:14,279

shot at that but do we know

219

00:10:19,310 --> 00:10:16,140

um do we know that he spoke with the

220

00:10:23,030 --> 00:10:19,320

dodig either formally or informally have

221

00:10:28,310 --> 00:10:25,670

played by what's in the actual

222

00:10:32,810 --> 00:10:28,320

um in the actual complaint

223

00:10:35,930 --> 00:10:32,820

to the icig and that's it yeah okay yeah

224

00:10:38,570 --> 00:10:35,940

yes yeah he he said that

225

00:10:40,310 --> 00:10:38,580

um he feels that his identity in a fact

226

00:10:43,310 --> 00:10:40,320

of his you AP related Communications

227

00:10:46,069 --> 00:10:43,320

with the dod IG have been disclosed of

228

00:10:48,470 --> 00:10:46,079

individuals and entities outside of the

229

00:10:51,710 --> 00:10:48,480

dod IG and that he has suffered

230

00:10:53,930 --> 00:10:51,720

retaliation report reprisals related

231

00:10:55,310 --> 00:10:53,940

there too so I've seen intimidation

232

00:10:57,650 --> 00:10:55,320

harassment I need to get my language

233

00:11:00,490 --> 00:10:57,660

corrected just to be fully accurate

234

00:11:02,769 --> 00:11:00,500

retaliation they're synonymous

235

00:11:06,110 --> 00:11:02,779

you know

236

00:11:07,490 --> 00:11:06,120

do you have anything on on that uh yeah

237

00:11:10,190 --> 00:11:07,500

I believe some of the media

238

00:11:13,490 --> 00:11:10,200

organizations may have had a copy or

239

00:11:16,250 --> 00:11:13,500

potentially have had uh eyes on some of

240

00:11:17,930 --> 00:11:16,260

the uh unclassified portions of the

241

00:11:20,269 --> 00:11:17,940

Inspector General

242

00:11:22,970 --> 00:11:20,279

uh complaint and that could potentially

243

00:11:25,250 --> 00:11:22,980

be an Avenue of how if anything's been

244

00:11:27,410 --> 00:11:25,260

leaked again I I'm not sure I might not

245

00:11:28,790 --> 00:11:27,420

have been uh fully up to speed on what

246

00:11:31,009 --> 00:11:28,800

has come up if there is that something

247

00:11:33,350 --> 00:11:31,019

was leaked it can either come from the

248

00:11:35,269 --> 00:11:33,360

did it could have come from uh some of

249

00:11:37,850 --> 00:11:35,279

the um

250

00:11:39,410 --> 00:11:37,860

legal counsels that have copies of these

251
00:11:40,790 --> 00:11:39,420
things and it could have come from uh

252
00:11:44,150 --> 00:11:40,800
you know potentially some of the media

253
00:11:46,910 --> 00:11:44,160
organizations that have uh you know

254
00:11:48,710 --> 00:11:46,920
been provided a copy if if those are out

255
00:11:49,910 --> 00:11:48,720
there it's the internet nowadays once it

256
00:11:52,610 --> 00:11:49,920
goes on the internet you know or

257
00:11:54,829 --> 00:11:52,620
unsecure Network it can slowly leak and

258
00:11:56,990 --> 00:11:54,839
slowly work its way out so it wouldn't

259
00:11:58,790 --> 00:11:57,000
surprise me if it came from any one of

260
00:12:03,050 --> 00:11:58,800
those positions

261
00:12:05,750 --> 00:12:03,060
up before I pass it over to Debs uh no I

262
00:12:07,370 --> 00:12:05,760
understand that is that is critical I

263
00:12:08,329 --> 00:12:07,380

mean it um and that I'm going to get

264

00:12:10,790 --> 00:12:08,339

into that because we're going to talk

265

00:12:13,069 --> 00:12:10,800

about one IG potentially investigating

266

00:12:14,930 --> 00:12:13,079

another and title 50 Authority versus

267

00:12:17,030 --> 00:12:14,940

title 10 Authority but I want to say

268

00:12:18,650 --> 00:12:17,040

hello to beyond the binary hello Jules

269

00:12:21,170 --> 00:12:18,660

in the chat thank you for being here

270

00:12:23,329 --> 00:12:21,180

ma'am uh and Deanna I hear what you're

271

00:12:26,269 --> 00:12:23,339

saying others may be waiting to speak

272

00:12:28,790 --> 00:12:26,279

depending on how this turns out is what

273

00:12:31,069 --> 00:12:28,800

she's saying and in fact uh we have been

274

00:12:33,889 --> 00:12:31,079

told that there are others I don't want

275

00:12:36,170 --> 00:12:33,899

to go ahead well yeah I would I would I

276

00:12:38,210 --> 00:12:36,180

would even say this is from uh what Mr

277

00:12:40,190 --> 00:12:38,220

Rush has put out for uh either through

278

00:12:41,949 --> 00:12:40,200

the debrief article and follow-up

279

00:12:44,509 --> 00:12:41,959

interviews is that

280

00:12:47,269 --> 00:12:44,519

individuals named individuals have come

281

00:12:50,870 --> 00:12:47,279

forward so here I am telling everyone

282

00:12:53,030 --> 00:12:50,880

but these Witnesses came to us came to

283

00:12:54,829 --> 00:12:53,040

me in an official capacity so that's

284

00:12:57,410 --> 00:12:54,839

named individuals that follow-up

285

00:13:00,949 --> 00:12:57,420

investigators can now just go to and get

286

00:13:03,590 --> 00:13:00,959

what they reported so if it's if he's

287

00:13:05,810 --> 00:13:03,600

repeating information that might be

288

00:13:08,990 --> 00:13:05,820

hearsay because the declarance is the

289

00:13:11,030 --> 00:13:09,000

original witness then the investigator

290

00:13:12,470 --> 00:13:11,040

can go to that person who's a known

291

00:13:15,170 --> 00:13:12,480

individual that works for a known

292

00:13:18,470 --> 00:13:15,180

organization that has access to a known

293

00:13:21,290 --> 00:13:18,480

compartment and investigate further if

294

00:13:23,030 --> 00:13:21,300

those that information is true now I

295

00:13:26,930 --> 00:13:23,040

would say now

296

00:13:30,769 --> 00:13:26,940

if they if the Inspector General uh

297

00:13:32,629 --> 00:13:30,779

complaint is about retaliation okay that

298

00:13:35,269 --> 00:13:32,639

could still be the vehicle

299

00:13:38,990 --> 00:13:35,279

that follow-on investigations can occur

300

00:13:41,690 --> 00:13:39,000

because now you have Congressional uh

301
00:13:43,009 --> 00:13:41,700
committees their general counsel

302
00:13:45,590 --> 00:13:43,019
have

303
00:13:46,850 --> 00:13:45,600
multiple committees multiple General

304
00:13:50,870 --> 00:13:46,860
counsels

305
00:13:52,730 --> 00:13:50,880
of multiple committees have taken Mr uh

306
00:13:55,490 --> 00:13:52,740
Rush's deposition

307
00:13:57,710 --> 00:13:55,500
so now those organizations not

308
00:14:00,050 --> 00:13:57,720
necessarily the elected officials

309
00:14:02,629 --> 00:14:00,060
because they have to have separation you

310
00:14:04,069 --> 00:14:02,639
can you don't want the elected officials

311
00:14:06,350 --> 00:14:04,079
to have any access to you don't want

312
00:14:07,970 --> 00:14:06,360
political influence on an active

313
00:14:09,590 --> 00:14:07,980

investigation because that could screw

314

00:14:11,690 --> 00:14:09,600

up anything down the road should there

315

00:14:13,370 --> 00:14:11,700

be prosecutions later on you know that

316

00:14:16,129 --> 00:14:13,380

defense attorney could say oh you know

317

00:14:17,449 --> 00:14:16,139

is this an impartial investigation or

318

00:14:19,190 --> 00:14:17,459

were you going in after him because the

319

00:14:22,430 --> 00:14:19,200

center of the future president you know

320

00:14:24,350 --> 00:14:22,440

is on that uh on that committee and they

321

00:14:25,790 --> 00:14:24,360

wanted you to do a political favor so

322

00:14:27,350 --> 00:14:25,800

you don't want those politicians

323

00:14:28,790 --> 00:14:27,360

involved at this time you don't want

324

00:14:30,290 --> 00:14:28,800

them making comment at least I wouldn't

325

00:14:32,150 --> 00:14:30,300

again as an attorney I wouldn't want

326

00:14:33,650 --> 00:14:32,160

that making content right now let the

327

00:14:36,350 --> 00:14:33,660

investigation go and when the

328

00:14:38,210 --> 00:14:36,360

information is known or there's more

329

00:14:39,829 --> 00:14:38,220

corroborating information that's that's

330

00:14:42,110 --> 00:14:39,839

or substantiating evidence that's in

331

00:14:44,030 --> 00:14:42,120

hand then maybe start coming out a

332

00:14:46,250 --> 00:14:44,040

little bit more so I mean a little

333

00:14:47,930 --> 00:14:46,260

reservation from the uh political uh the

334

00:14:50,629 --> 00:14:47,940

politicians I'm not really worried about

335

00:14:52,910 --> 00:14:50,639

but back to the investigation of the

336

00:14:55,790 --> 00:14:52,920

reprisals so if he's already given a

337

00:14:59,569 --> 00:14:55,800

deposition so now you have the Council

338

00:15:01,610 --> 00:14:59,579

for those committees and

339

00:15:04,910 --> 00:15:01,620

congressional committees have the

340

00:15:08,629 --> 00:15:04,920

authority to have investigations so

341

00:15:11,389 --> 00:15:08,639

other investigations can spur from this

342

00:15:13,129 --> 00:15:11,399

you know I was retaliated against why

343

00:15:15,230 --> 00:15:13,139

you're Italian against oh because again

344

00:15:17,150 --> 00:15:15,240

so this is not the situation here's a

345

00:15:20,030 --> 00:15:17,160

hypothetical I was retaliated against

346

00:15:21,650 --> 00:15:20,040

because I was sexually harassed oh I was

347

00:15:23,509 --> 00:15:21,660

also raped you know and then it's like

348

00:15:25,550 --> 00:15:23,519

well now we have a you know sexual

349

00:15:28,670 --> 00:15:25,560

assault investigation that occurs on the

350

00:15:31,310 --> 00:15:28,680

original Inspector General so this

351

00:15:33,650 --> 00:15:31,320

and I I see it often like oh they

352

00:15:35,930 --> 00:15:33,660

inspector the complaint is about

353

00:15:37,970 --> 00:15:35,940

reprisal it's like that doesn't matter

354

00:15:39,410 --> 00:15:37,980

that's just okay now the information is

355

00:15:41,629 --> 00:15:39,420

getting to the people that need to hear

356

00:15:43,970 --> 00:15:41,639

it and more can compliment so this is

357

00:15:46,250 --> 00:15:43,980

the spark that leads to the fire that

358

00:15:48,230 --> 00:15:46,260

burns down the house okay so this this

359

00:15:50,269 --> 00:15:48,240

is this is this is the you know another

360

00:15:52,250 --> 00:15:50,279

brick in the uh the yellow brick road

361

00:15:54,769 --> 00:15:52,260

okay this is this this is this is what

362

00:15:57,350 --> 00:15:54,779

needs to happen and it needs to occur in

363

00:16:00,170 --> 00:15:57,360

the correct way in by everything that

364

00:16:02,930 --> 00:16:00,180

he's that I can see the the ways that

365

00:16:05,150 --> 00:16:02,940

he's conducting it and through Council

366

00:16:07,129 --> 00:16:05,160

and through the investigative

367

00:16:09,290 --> 00:16:07,139

government bodies is that he's doing it

368

00:16:11,509 --> 00:16:09,300

trying to do it on the up and up right

369

00:16:13,730 --> 00:16:11,519

so it doesn't get shut down

370

00:16:15,290 --> 00:16:13,740

oh sorry everybody it gives the

371

00:16:17,750 --> 00:16:15,300

government the opportunity in the

372

00:16:20,870 --> 00:16:17,760

existing infrastructure the opportunity

373

00:16:22,550 --> 00:16:20,880

to uh either uncover it and if not then

374

00:16:24,129 --> 00:16:22,560

you could you know you know always go

375

00:16:26,750 --> 00:16:24,139

the other way

376

00:16:28,430 --> 00:16:26,760

and where are the investigation starts

377

00:16:30,949 --> 00:16:28,440

is not necessarily where it ends it

378

00:16:32,990 --> 00:16:30,959

opens the door I think is is what you

379

00:16:34,370 --> 00:16:33,000

were saying and all Pink Floyd fans are

380

00:16:37,550 --> 00:16:34,380

upset that you didn't say Just Another

381

00:16:39,530 --> 00:16:37,560

Brick in the Wall right Chris uh with

382

00:16:42,110 --> 00:16:39,540

that but in in answer to the question

383

00:16:44,749 --> 00:16:42,120

earlier opposed by

384

00:16:46,910 --> 00:16:44,759

um Deanna uh what you're saying is the

385

00:16:49,069 --> 00:16:46,920

answer is yes uh there are more people

386

00:16:53,090 --> 00:16:49,079

have come forward you have spoken with

387

00:16:56,870 --> 00:16:53,100

more people so it's just a matter of of

388

00:16:59,329 --> 00:16:56,880

them I guess coming public that I think

389

00:17:01,490 --> 00:16:59,339

that's the discriminator but before I

390

00:17:03,590 --> 00:17:01,500

speaking any longer we got to get uh Debs

391

00:17:05,150 --> 00:17:03,600

and Matt in here so Debs uh would you

392

00:17:09,530 --> 00:17:05,160

like to react to what you've heard thus

393

00:17:12,710 --> 00:17:09,540

far yeah so of course the fact that

394

00:17:16,090 --> 00:17:12,720

um Greer was putting David Grush on a

395

00:17:19,429 --> 00:17:16,100

lineup for his conference last weekend

396

00:17:22,010 --> 00:17:19,439

has sort of highlighted the possibility

397

00:17:24,049 --> 00:17:22,020

that Greer might be somehow involved

398

00:17:27,409 --> 00:17:24,059

with some of the information leaking

399

00:17:30,110 --> 00:17:27,419

he's also allegedly claimed to provide

400

00:17:32,870 --> 00:17:30,120

information to David Grush and try to

401
00:17:35,390 --> 00:17:32,880
associate his name with him so can you

402
00:17:37,850 --> 00:17:35,400
guys comment on that

403
00:17:41,270 --> 00:17:37,860
well yeah okay all right go ahead and

404
00:17:47,990 --> 00:17:44,570
I I personally not I prefer not to

405
00:17:51,289 --> 00:17:48,000
speculate on somebody else's uh

406
00:17:52,430 --> 00:17:51,299
actions at that point I'm not burst on

407
00:17:55,330 --> 00:17:52,440
it enough

408
00:17:59,570 --> 00:17:55,340
Chris would you want to react to it

409
00:18:00,409 --> 00:17:59,580
again I I have no information in terms

410
00:18:04,010 --> 00:18:00,419
of

411
00:18:06,830 --> 00:18:04,020
um any contact that she made between

412
00:18:10,190 --> 00:18:06,840
um Stephen Greer and um and David grosh

413
00:18:13,190 --> 00:18:10,200

all I would mention is

414

00:18:16,070 --> 00:18:13,200

you know this story and you know David

415

00:18:19,070 --> 00:18:16,080

grush's name for instance they did leak

416

00:18:20,690 --> 00:18:19,080

out before the story came out which put

417

00:18:23,330 --> 00:18:20,700

David in a really really difficult

418

00:18:25,130 --> 00:18:23,340

position and meant the article had to be

419

00:18:27,350 --> 00:18:25,140

released

420

00:18:28,970 --> 00:18:27,360

um sooner than it may have already may

421

00:18:30,890 --> 00:18:28,980

have done otherwise

422

00:18:33,950 --> 00:18:30,900

um to protect him

423

00:18:37,310 --> 00:18:33,960

um so we know that this whole process to

424

00:18:41,210 --> 00:18:37,320

a certain extent has been leaky anyhow

425

00:18:43,730 --> 00:18:41,220

um but I I would want to speculate in

426

00:18:45,950 --> 00:18:43,740

terms of where the information leaked

427

00:18:48,250 --> 00:18:45,960

from it you know as Sean said you know

428

00:18:51,409 --> 00:18:48,260

that there's a there's a various

429

00:18:53,990 --> 00:18:51,419

individuals and organizations where this

430

00:18:56,750 --> 00:18:54,000

could have could have leaked from

431

00:18:58,070 --> 00:18:56,760

um I think you know this is you know one

432

00:19:00,590 --> 00:18:58,080

part of the picture in terms of any

433

00:19:02,090 --> 00:19:00,600

investigation done by the icig is to

434

00:19:04,250 --> 00:19:02,100

find out you know where that did

435

00:19:06,529 --> 00:19:04,260

potentially leak from

436

00:19:09,409 --> 00:19:06,539

um but otherwise I mean Sean Sean Hit

437

00:19:11,950 --> 00:19:09,419

Upon some really interesting things from

438

00:19:15,169 --> 00:19:11,960

my understanding David has provided

439

00:19:19,090 --> 00:19:15,179

verifiable information to

440

00:19:22,130 --> 00:19:19,100

um to Congress so I mean I I think

441

00:19:23,029 --> 00:19:22,140

Skeptics and you know people who do

442

00:19:24,409 --> 00:19:23,039

believe

443

00:19:27,169 --> 00:19:24,419

um the whistleblowers should all just

444

00:19:29,090 --> 00:19:27,179

rally around now say okay cool

445

00:19:30,710 --> 00:19:29,100

if you don't believe it

446

00:19:32,690 --> 00:19:30,720

you wouldn't have you shouldn't have a

447

00:19:34,789 --> 00:19:32,700

problem just verify he's provided to

448

00:19:37,250 --> 00:19:34,799

verifiable information now go and check

449

00:19:39,830 --> 00:19:37,260

it out prove it you know

450

00:19:41,990 --> 00:19:39,840

it stops there you know like let's stop

451
00:19:43,310 --> 00:19:42,000
this or if you if you think this is some

452
00:19:45,409 --> 00:19:43,320
kind of a science or anything like that

453
00:19:48,650 --> 00:19:45,419
cool it stops here

454
00:19:51,169 --> 00:19:48,660
verifiable information has been provided

455
00:19:52,669 --> 00:19:51,179
now let's go and check that out you

456
00:19:54,350 --> 00:19:52,679
should have no problem with that you

457
00:19:55,909 --> 00:19:54,360
know if you think that it's all alive

458
00:19:57,830 --> 00:19:55,919
that's fine just just check it out

459
00:20:00,590 --> 00:19:57,840
you've got nothing to lose and I think

460
00:20:03,830 --> 00:20:00,600
this is the stage of where we're at now

461
00:20:05,029 --> 00:20:03,840
um and um I I would also note from my

462
00:20:07,669 --> 00:20:05,039
understanding as well I think it was

463
00:20:10,430 --> 00:20:07,679

Michael um shannenberger who does the

464

00:20:13,130 --> 00:20:10,440

Public Sub stack um from I understand he

465

00:20:15,350 --> 00:20:13,140

is actually spoken to some of the other

466

00:20:18,590 --> 00:20:15,360

whistleblowers who've had contact with

467

00:20:20,630 --> 00:20:18,600

the actual programs directly

468

00:20:22,010 --> 00:20:20,640

um who may have you know seen a touch to

469

00:20:25,370 --> 00:20:22,020

craft and stuff like that although

470

00:20:27,350 --> 00:20:25,380

they're not named you know he he they're

471

00:20:28,970 --> 00:20:27,360

still Anonymous at this point he has had

472

00:20:30,710 --> 00:20:28,980

contact with them and you know these

473

00:20:32,690 --> 00:20:30,720

individuals do exist when people say

474

00:20:34,850 --> 00:20:32,700

that you know David is just getting

475

00:20:37,070 --> 00:20:34,860

second-hand information

476

00:20:39,289 --> 00:20:37,080

these people do exist you know and

477

00:20:41,090 --> 00:20:39,299

people have spoken to them

478

00:20:42,650 --> 00:20:41,100

um I mean whether they choose to go

479

00:20:45,890 --> 00:20:42,660

public you know that's the Dare

480

00:20:48,169 --> 00:20:45,900

discretion but they do exist you know so

481

00:20:49,610 --> 00:20:48,179

um I think that's very very important to

482

00:20:54,230 --> 00:20:49,620

actually

483

00:20:57,049 --> 00:20:54,240

where we are in this store at the moment

484

00:21:00,350 --> 00:20:57,059

but yeah I I think some something else

485

00:21:02,150 --> 00:21:00,360

I'd point out as well if locations have

486

00:21:05,330 --> 00:21:02,160

been provided in terms of this

487

00:21:09,470 --> 00:21:07,190

I think it's very very important to kind

488

00:21:11,029 --> 00:21:09,480

of like verify it as soon as possible

489

00:21:14,210 --> 00:21:11,039

because if these programs are being

490

00:21:17,570 --> 00:21:14,220

moved to different locations to hide

491

00:21:19,730 --> 00:21:17,580

what they're doing then time is of the

492

00:21:22,490 --> 00:21:19,740

Assets in in that respect if that if

493

00:21:26,510 --> 00:21:23,930

um I was going to save this for later

494

00:21:28,070 --> 00:21:26,520

before I pass it over to Matt um I was

495

00:21:30,950 --> 00:21:28,080

going to save this for later but what I

496

00:21:35,149 --> 00:21:30,960

want to say is that belief is something

497

00:21:38,750 --> 00:21:35,159

that we we have to discuss because if if

498

00:21:42,230 --> 00:21:38,760

your standard is going to be unless I

499

00:21:45,770 --> 00:21:42,240

physically see it touch it

500

00:21:46,970 --> 00:21:45,780

that's going to be proved to me then you

501
00:21:48,950 --> 00:21:46,980
they're never going to meet your

502
00:21:52,370 --> 00:21:48,960
standard because I can guarantee you

503
00:21:55,010 --> 00:21:52,380
that the fifty percent or better of the

504
00:21:56,570 --> 00:21:55,020
UFO Twitter Community if they if someone

505
00:21:58,730 --> 00:21:56,580
from the government came out and said

506
00:22:00,770 --> 00:21:58,740
okay these are photos of it right here

507
00:22:03,230 --> 00:22:00,780
today people would say I still don't

508
00:22:05,330 --> 00:22:03,240
believe it or video or they'd say that

509
00:22:07,669 --> 00:22:05,340
looks fake because Christopher we know

510
00:22:09,890 --> 00:22:07,679
that there are some UAP videos that have

511
00:22:12,230 --> 00:22:09,900
come from Jeremy that are real uh that

512
00:22:13,909 --> 00:22:12,240
have been uh that they do do not know

513
00:22:16,669 --> 00:22:13,919

what those are and people say it's fake

514

00:22:18,649 --> 00:22:16,679

or it's not it's not what so if the

515

00:22:20,570 --> 00:22:18,659

standard is going to be that you the

516

00:22:23,330 --> 00:22:20,580

individual out there have to see it

517

00:22:26,330 --> 00:22:23,340

touch it feel it have the news cameras

518

00:22:28,250 --> 00:22:26,340

go in and and and and go into a hangar

519

00:22:30,350 --> 00:22:28,260

and show it to you that's not happening

520

00:22:32,690 --> 00:22:30,360

so you may as well just resign yourself

521

00:22:34,850 --> 00:22:32,700

to because there's always a certain

522

00:22:37,370 --> 00:22:34,860

amount of belief no matter what it is

523

00:22:38,390 --> 00:22:37,380

whether it's a belief that your 401k is

524

00:22:40,070 --> 00:22:38,400

going to be there at the end of your

525

00:22:41,990 --> 00:22:40,080

career that you're going to have social

526

00:22:44,210 --> 00:22:42,000

security that when you go to the medical

527

00:22:47,510 --> 00:22:44,220

it's going to be paid for there's belief

528

00:22:49,250 --> 00:22:47,520

in everything in what and the the

529

00:22:51,950 --> 00:22:49,260

individuals that are coming forward is

530

00:22:54,049 --> 00:22:51,960

what will get into as we we progress

531

00:22:55,430 --> 00:22:54,059

through through the show

532

00:22:58,370 --> 00:22:55,440

um let's go to Matt and then we'll get

533

00:23:00,230 --> 00:22:58,380

Julie's question there go ahead sir

534

00:23:02,870 --> 00:23:00,240

just kind of piggybacking off your

535

00:23:05,750 --> 00:23:02,880

belief statement uh

536

00:23:08,990 --> 00:23:05,760

someone posted the other day in my

537

00:23:12,830 --> 00:23:09,000

little circle that uh

538

00:23:14,390 --> 00:23:12,840

no amount of belief make something

539

00:23:17,570 --> 00:23:14,400

factual

540

00:23:20,870 --> 00:23:17,580

and my response to that was and

541

00:23:22,909 --> 00:23:20,880

also no amount of disbelief makes

542

00:23:25,730 --> 00:23:22,919

something not factual

543

00:23:28,370 --> 00:23:25,740

uh belief has to be removed and right

544

00:23:30,610 --> 00:23:28,380

now we're living in a a climate due to

545

00:23:32,590 --> 00:23:30,620

various reasons that

546

00:23:36,110 --> 00:23:32,600

belief

547

00:23:37,610 --> 00:23:36,120

is kind of playing into acceptance

548

00:23:41,090 --> 00:23:37,620

where

549

00:23:42,890 --> 00:23:41,100

for instance touching the UFO if you let

550

00:23:45,950 --> 00:23:42,900

somebody you know a disbeliever in there

551
00:23:47,090 --> 00:23:45,960
there's some people who even that would

552
00:23:49,549 --> 00:23:47,100
still doubt it because they're not

553
00:23:51,350 --> 00:23:49,559
willing to accept what they're being

554
00:23:54,289 --> 00:23:51,360
shown they're not willing to accept that

555
00:23:56,930 --> 00:23:54,299
reality uh I I see Memes all the time

556
00:23:59,450 --> 00:23:56,940
being posted about you know just wait

557
00:24:01,430 --> 00:23:59,460
for the staged alien attacks and there's

558
00:24:03,770 --> 00:24:01,440
still people that believe all the UFO

559
00:24:07,070 --> 00:24:03,780
stuff being talked about through the

560
00:24:10,669 --> 00:24:07,080
government entities is just all Bakery

561
00:24:12,169 --> 00:24:10,679
and you know allusion to keep us you

562
00:24:14,570 --> 00:24:12,179
know focused over here while they're

563
00:24:16,789 --> 00:24:14,580

pulling their Shenanigans over here uh

564

00:24:20,210 --> 00:24:16,799

so it's going to be really interesting

565

00:24:23,210 --> 00:24:20,220

as more of this uh hard proof comes out

566

00:24:26,570 --> 00:24:23,220

and factual information how the public

567

00:24:29,210 --> 00:24:26,580

accepts it and when they decide to set

568

00:24:31,730 --> 00:24:29,220

belief aside and just let the evidence

569

00:24:34,430 --> 00:24:31,740

that's shown to them sway their opinion

570

00:24:35,990 --> 00:24:34,440

one way or the other uh whenever it

571

00:24:37,190 --> 00:24:36,000

comes to the leaks

572

00:24:40,430 --> 00:24:37,200

I mean

573

00:24:42,230 --> 00:24:40,440

U.S government man you know we're we're

574

00:24:45,590 --> 00:24:42,240

a bucket with a bunch of holes in the

575

00:24:49,789 --> 00:24:45,600

bottom of it but one interesting aspect

576

00:24:52,190 --> 00:24:49,799

is if these leaks were responsible for

577

00:24:55,789 --> 00:24:52,200

him being uh

578

00:24:59,210 --> 00:24:55,799

threatened or anything of that nature

579

00:25:01,850 --> 00:24:59,220

typically the leaks in government

580

00:25:04,610 --> 00:25:01,860

come out due to political influence

581

00:25:07,070 --> 00:25:04,620

being able to sell a story to a paper or

582

00:25:09,950 --> 00:25:07,080

you know a news agency or whatever but

583

00:25:12,649 --> 00:25:09,960

this is a situation where it sounds like

584

00:25:16,610 --> 00:25:12,659

if all this information is true

585

00:25:19,970 --> 00:25:16,620

that this leak went directly to somebody

586

00:25:21,590 --> 00:25:19,980

who didn't want it out and then went as

587

00:25:23,810 --> 00:25:21,600

far as to try and suppress that

588

00:25:25,669 --> 00:25:23,820

information and can I can I can I just

589

00:25:27,409 --> 00:25:25,679

say one thing real quick I want to be

590

00:25:30,470 --> 00:25:27,419

clear about the distinction this is not

591

00:25:34,730 --> 00:25:30,480

a leak this is a a report to an official

592

00:25:37,789 --> 00:25:34,740

process in IG process what uh Julian

593

00:25:40,130 --> 00:25:37,799

Assange or what uh what's the other cat

594

00:25:41,830 --> 00:25:40,140

that's over in Russia right now

595

00:25:44,510 --> 00:25:41,840

um I can't remember

596

00:25:47,990 --> 00:25:44,520

yeah Snowden

597

00:25:50,149 --> 00:25:48,000

um reality winner those those are leaks

598

00:25:52,610 --> 00:25:50,159

where something was given to the media

599

00:25:54,409 --> 00:25:52,620

this was he went through legal channels

600

00:25:56,450 --> 00:25:54,419

and did it the proper way so that's not

601
00:25:58,070 --> 00:25:56,460
a leak but I understand the what you're

602
00:26:00,950 --> 00:25:58,080
saying is what you're thinking matters

603
00:26:03,350 --> 00:26:00,960
they leaked to him is the the process

604
00:26:04,909 --> 00:26:03,360
owners that were surrounding these

605
00:26:08,029 --> 00:26:04,919
programs that were working on these

606
00:26:10,010 --> 00:26:08,039
craft leaked to to David if that's what

607
00:26:12,830 --> 00:26:10,020
you mean then no no no the information

608
00:26:16,430 --> 00:26:12,840
that David took to the dod IG is not a

609
00:26:18,890 --> 00:26:16,440
leak leaked out from the dodig in theory

610
00:26:20,269 --> 00:26:18,900
yeah okay apparently but we don't know

611
00:26:22,970 --> 00:26:20,279
the chain of custody of the information

612
00:26:26,149 --> 00:26:22,980
and who all I had access to it

613
00:26:29,330 --> 00:26:26,159

previously but the point is it if it

614

00:26:33,890 --> 00:26:29,340

came from some place other than the dod

615

00:26:37,130 --> 00:26:33,900

if it was just somebody associated in

616

00:26:38,690 --> 00:26:37,140

the process saw it and gave that

617

00:26:40,730 --> 00:26:38,700

information to somebody

618

00:26:42,470 --> 00:26:40,740

how did it ended up in the hands of

619

00:26:44,870 --> 00:26:42,480

someone who's now willing to go and

620

00:26:47,390 --> 00:26:44,880

threaten him not to release this

621

00:26:51,470 --> 00:26:47,400

information right to keep it quiet God

622

00:26:53,390 --> 00:26:51,480

it makes it sound even more so like the

623

00:26:55,909 --> 00:26:53,400

information that was leaked did come

624

00:26:58,549 --> 00:26:55,919

from the dod and was put in the hands of

625

00:27:01,750 --> 00:26:58,559

specifically someone which means

626

00:27:04,390 --> 00:27:01,760

that there's some sort of

627

00:27:07,130 --> 00:27:04,400

embedded informant possibly

628

00:27:09,890 --> 00:27:07,140

in the system looking for information

629

00:27:13,190 --> 00:27:09,900

like this to happen

630

00:27:16,430 --> 00:27:13,200

as sort of you know a means of uh

631

00:27:18,950 --> 00:27:16,440

compressing and keeping it quiet and if

632

00:27:20,269 --> 00:27:18,960

that's the case I mean that's pretty bad

633

00:27:22,430 --> 00:27:20,279

pretty bad

634

00:27:24,649 --> 00:27:22,440

yeah I want to get I'm going to get

635

00:27:26,390 --> 00:27:24,659

Christian and uh Sean's reaction to that

636

00:27:29,570 --> 00:27:26,400

before that just I just wanted to take

637

00:27:31,850 --> 00:27:29,580

one little shot at belief Matt uh

638

00:27:35,570 --> 00:27:31,860

himself had you know a two decade plus

639

00:27:38,630 --> 00:27:35,580

Bigfoot researcher uh has stood uh and

640

00:27:42,289 --> 00:27:38,640

seen Bigfoot in front of him okay I

641

00:27:44,510 --> 00:27:42,299

didn't see it but my knowing Matt I

642

00:27:47,630 --> 00:27:44,520

believe that he saw what he says he saw

643

00:27:49,850 --> 00:27:47,640

I don't have to be there and see it or

644

00:27:52,250 --> 00:27:49,860

have been there when he saw it to

645

00:27:53,870 --> 00:27:52,260

believe him there are people who both

646

00:27:56,029 --> 00:27:53,880

met and I have heard who've said they've

647

00:27:58,549 --> 00:27:56,039

seen Bigfoot that we don't believe and

648

00:28:00,289 --> 00:27:58,559

that's so it's up to every individual

649

00:28:02,510 --> 00:28:00,299

out there

650

00:28:04,490 --> 00:28:02,520

um but let me get your reaction to that

651
00:28:07,370 --> 00:28:04,500
and then we'll go with Julie's question

652
00:28:09,789 --> 00:28:07,380
uh what Matt is saying about the uh the

653
00:28:13,549 --> 00:28:09,799
internal leak from the someone

654
00:28:18,169 --> 00:28:13,559
affiliated with the dodig to those that

655
00:28:19,730 --> 00:28:18,179
had agency or had authority over

656
00:28:24,830 --> 00:28:19,740
um David and threatened him or

657
00:28:29,390 --> 00:28:27,890
um so I I would say it's it's not clear

658
00:28:31,669 --> 00:28:29,400
at the moment I mean it's all congestion

659
00:28:34,250 --> 00:28:31,679
at the moment in speculation as to where

660
00:28:36,049 --> 00:28:34,260
where the leak actually came from

661
00:28:38,210 --> 00:28:36,059
um so we don't know for sure if it was

662
00:28:40,909 --> 00:28:38,220
the dobig however

663
00:28:42,890 --> 00:28:40,919

we just don't know as I said you know if

664

00:28:44,630 --> 00:28:42,900

there there are questions even if

665

00:28:46,669 --> 00:28:44,640

there's like one percent doubt you know

666

00:28:49,789 --> 00:28:46,679

in terms of

667

00:28:52,909 --> 00:28:49,799

um you being able to provide a DOD IG

668

00:28:54,590 --> 00:28:52,919

um information and that may lead

669

00:28:56,090 --> 00:28:54,600

um leading to their consequences I mean

670

00:28:58,610 --> 00:28:56,100

I think that's very serious and I have

671

00:29:00,230 --> 00:28:58,620

asked questions in the doodig as to

672

00:29:02,029 --> 00:29:00,240

whether they can comment on this and

673

00:29:04,610 --> 00:29:02,039

whether they can deny whether the leak

674

00:29:07,070 --> 00:29:04,620

did come from them whether an internal

675

00:29:10,549 --> 00:29:07,080

investigation is being undertaken

676

00:29:12,669 --> 00:29:10,559

um I I've received no no response yet

677

00:29:16,669 --> 00:29:12,679

um so yeah there are questions

678

00:29:19,850 --> 00:29:16,679

overhanging relating to that

679

00:29:22,610 --> 00:29:19,860

um I would also point out as well that

680

00:29:24,889 --> 00:29:22,620

um David's correspondence with the

681

00:29:29,450 --> 00:29:24,899

formal correspondences with the dod i g

682

00:29:31,549 --> 00:29:29,460

and icig came about before the arrow was

683

00:29:33,470 --> 00:29:31,559

um that was formally established by

684

00:29:35,149 --> 00:29:33,480

Patrick actually got in so those people

685

00:29:39,250 --> 00:29:35,159

say oh why didn't you go they go to

686

00:29:43,970 --> 00:29:42,169

Chris but they were both

687

00:29:45,409 --> 00:29:43,980

but they were both DOD based

688

00:29:47,570 --> 00:29:45,419

organizations the name is not

689

00:29:50,690 --> 00:29:47,580

significant both of them were title 10

690

00:29:52,549 --> 00:29:50,700

DOD organizations and the fact of the

691

00:29:55,549 --> 00:29:52,559

matter is is that these programs reside

692

00:29:57,529 --> 00:29:55,559

in title 50 organizations which you know

693

00:30:00,049 --> 00:29:57,539

Sean can talk some more about that as

694

00:30:01,850 --> 00:30:00,059

well right so and can one investigate

695

00:30:04,070 --> 00:30:01,860

the other I don't know you may need a

696

00:30:06,470 --> 00:30:04,080

third party that involves Congress Sean

697

00:30:08,269 --> 00:30:06,480

can speak to that but let me get Julie's

698

00:30:10,070 --> 00:30:08,279

question here before she decides not to

699

00:30:12,350 --> 00:30:10,080

show up for the next chat Sean would you

700

00:30:15,769 --> 00:30:12,360

take this one sure this is our chat

701
00:30:18,889 --> 00:30:17,330
I'll read it out loud does anyone

702
00:30:21,230 --> 00:30:18,899
besides me think it may have been

703
00:30:23,029 --> 00:30:21,240
internally and intentionally leaked to

704
00:30:24,769 --> 00:30:23,039
force the story out for the protection

705
00:30:27,649 --> 00:30:24,779
of grush

706
00:30:29,330 --> 00:30:27,659
again that would be any answer this

707
00:30:32,149 --> 00:30:29,340
would be potentially you know the

708
00:30:33,769 --> 00:30:32,159
absolute speculation I mean

709
00:30:35,990 --> 00:30:33,779
depending on

710
00:30:37,789 --> 00:30:36,000
what results of it were they intentional

711
00:30:39,710 --> 00:30:37,799
or uh

712
00:30:41,570 --> 00:30:39,720
that's that's a great question I mean

713
00:30:44,510 --> 00:30:41,580

that's a question that you have to sit

714

00:30:47,090 --> 00:30:44,520

there and Ponder when you start seeing

715

00:30:48,169 --> 00:30:47,100

reactions of whatever the leak is you

716

00:30:50,990 --> 00:30:48,179

know and that's something that might

717

00:30:54,049 --> 00:30:51,000

come later on it was okay when he comes

718

00:30:56,870 --> 00:30:54,059

out certain aspects of whatever comes

719

00:30:58,789 --> 00:30:56,880

out highlights certain things or uh

720

00:31:01,909 --> 00:30:58,799

either establishes credibility or or

721

00:31:04,730 --> 00:31:01,919

diminishes it and then okay who would

722

00:31:06,470 --> 00:31:04,740

who benefits from that so but then again

723

00:31:07,909 --> 00:31:06,480

it could also be just

724

00:31:10,010 --> 00:31:07,919

especially with this community it could

725

00:31:12,169 --> 00:31:10,020

be somebody that just got it and then

726

00:31:13,909 --> 00:31:12,179

wants to look cool and just gives it to

727

00:31:15,649 --> 00:31:13,919

somebody else and wants to you know

728

00:31:19,070 --> 00:31:15,659

establish their own credibility

729

00:31:22,370 --> 00:31:19,080

so it could be either you know

730

00:31:24,110 --> 00:31:22,380

malicious intent or just stupidity from

731

00:31:27,769 --> 00:31:24,120

someone that just doesn't know how to

732

00:31:31,190 --> 00:31:27,779

keep their you know their ship type

733

00:31:33,409 --> 00:31:31,200

yeah and Jules at this point I'm going

734

00:31:35,149 --> 00:31:33,419

to take it at face value based on

735

00:31:36,710 --> 00:31:35,159

something that I'm going to get in here

736

00:31:39,649 --> 00:31:36,720

at the moment and then if there's reason

737

00:31:41,930 --> 00:31:39,659

to think that conspiratorily about it

738

00:31:43,909 --> 00:31:41,940

you know we could shift gears to that

739

00:31:46,549 --> 00:31:43,919

but at this point I'm going to take

740

00:31:48,289 --> 00:31:46,559

what's been said at face value because

741

00:31:50,029 --> 00:31:48,299

of the vetting that's been done by the

742

00:31:51,289 --> 00:31:50,039

individual so I'm going to take it in

743

00:31:54,889 --> 00:31:51,299

this direction then we're going to go

744

00:31:56,930 --> 00:31:54,899

you know Deb Matt Chris and Sean but a

745

00:32:00,889 --> 00:31:56,940

question that people may be asking is

746

00:32:03,230 --> 00:32:00,899

why should I believe or trust uh David

747

00:32:06,289 --> 00:32:03,240

rush and what he says why why should I

748

00:32:08,210 --> 00:32:06,299

believe him so we can go with the very

749

00:32:10,310 --> 00:32:08,220

simple New York Street answer which is

750

00:32:13,130 --> 00:32:10,320

uh and Sean might call this a Boston

751
00:32:16,190 --> 00:32:13,140
Street answer is that this man has skin

752
00:32:19,370 --> 00:32:16,200
in the game okay he

753
00:32:20,750 --> 00:32:19,380
when he first of all in investigating

754
00:32:22,669 --> 00:32:20,760
these complaints

755
00:32:25,850 --> 00:32:22,679
um and and by the way I just heard on a

756
00:32:30,710 --> 00:32:25,860
show that's a very respected show uh and

757
00:32:33,889 --> 00:32:30,720
host who was basically questioning

758
00:32:36,049 --> 00:32:33,899
um first uh they played some clips of uh

759
00:32:40,190 --> 00:32:36,059
a very famous debunker in the community

760
00:32:43,970 --> 00:32:40,200
and then postulated what if

761
00:32:46,549 --> 00:32:43,980
um David was shown uh human-made craft

762
00:32:48,529 --> 00:32:46,559
and and and he's he's the Fool on this

763
00:32:50,750 --> 00:32:48,539

and he's reporting it but they just show

764

00:32:53,930 --> 00:32:50,760

him stuff that we made is was the the

765

00:32:56,930 --> 00:32:53,940

the paraphrasing of his statement and I

766

00:33:00,169 --> 00:32:56,940

say he spent four years he said

767

00:33:02,330 --> 00:33:00,179

investigating this uh going through not

768

00:33:04,490 --> 00:33:02,340

one person he said in in his uh

769

00:33:06,110 --> 00:33:04,500

interview with Ross I interviewed people

770

00:33:07,610 --> 00:33:06,120

that were part of these programs that

771

00:33:11,330 --> 00:33:07,620

didn't know one another and got the same

772

00:33:14,990 --> 00:33:11,340

information from multiple sources and so

773

00:33:18,409 --> 00:33:15,000

he took a good long time investigating

774

00:33:20,509 --> 00:33:18,419

this before he came forward and made the

775

00:33:22,909 --> 00:33:20,519

statements and and the allegations and

776

00:33:24,769 --> 00:33:22,919

and the illegalities uh were brought to

777

00:33:26,750 --> 00:33:24,779

light the second part is we talked about

778

00:33:29,330 --> 00:33:26,760

skin in the game so we have an

779

00:33:30,889 --> 00:33:29,340

individual who was in Air Force

780

00:33:33,350 --> 00:33:30,899

reservist

781

00:33:35,029 --> 00:33:33,360

um so not full-time but an Air Force

782

00:33:37,130 --> 00:33:35,039

reservists who got hired in by the

783

00:33:39,950 --> 00:33:37,140

government and got himself at a very

784

00:33:41,450 --> 00:33:39,960

young age into a gs-15 position which in

785

00:33:43,850 --> 00:33:41,460

the General Schedule you can look up

786

00:33:46,009 --> 00:33:43,860

their salary it's as high as you can go

787

00:33:48,110 --> 00:33:46,019

in general schedule

788

00:33:50,029 --> 00:33:48,120

um he may have gone on to become an SES

789

00:33:52,370 --> 00:33:50,039

you know a senior executive service

790

00:33:56,990 --> 00:33:52,380

person eventually he's like I said he's

791

00:33:58,789 --> 00:33:57,000

quite young uh 14 years in uh and he was

792

00:34:01,370 --> 00:33:58,799

doing I believe reserves and government

793

00:34:03,289 --> 00:34:01,380

reserves in government and

794

00:34:05,509 --> 00:34:03,299

um we all know it's you know two weeks

795

00:34:07,009 --> 00:34:05,519

uh one week in a month two weeks a year

796

00:34:08,450 --> 00:34:07,019

et cetera et cetera plus the your

797

00:34:12,169 --> 00:34:08,460

deployments in there

798

00:34:15,050 --> 00:34:12,179

he gave up a gs-15 salary and the

799

00:34:18,169 --> 00:34:15,060

compounding Associated retirement he

800

00:34:19,909 --> 00:34:18,179

gave up his commission he relinquished

801
00:34:21,950 --> 00:34:19,919
his commission with the Air Force

802
00:34:23,329 --> 00:34:21,960
Reserves over this I don't know that

803
00:34:25,369 --> 00:34:23,339
he's going to get a retirement out of

804
00:34:27,169 --> 00:34:25,379
that if he didn't have 20 and apparently

805
00:34:29,389 --> 00:34:27,179
he did not

806
00:34:31,909 --> 00:34:29,399
um that is skin in the game that's not

807
00:34:34,909 --> 00:34:31,919
just a mouth on Twitter that's talking

808
00:34:36,829 --> 00:34:34,919
and saying I think this and I think that

809
00:34:39,409 --> 00:34:36,839
and you have to do this and show me that

810
00:34:41,690 --> 00:34:39,419
that's someone that spent four years

811
00:34:45,530 --> 00:34:41,700
investigating it brought it through the

812
00:34:46,730 --> 00:34:45,540
legal chain of authority and gave up his

813
00:34:49,909 --> 00:34:46,740

security

814

00:34:52,010 --> 00:34:49,919

over this topic I can tell you this kid

815

00:34:53,930 --> 00:34:52,020

right here if I had that opportunity

816

00:34:55,669 --> 00:34:53,940

would not do that and I'm not just

817

00:34:58,370 --> 00:34:55,679

saying that to my friends I'm saying it

818

00:35:00,050 --> 00:34:58,380

to you and I and I love disclosure I

819

00:35:02,450 --> 00:35:00,060

really believe in it but that's somebody

820

00:35:05,329 --> 00:35:02,460

not to the degree that he that is

821

00:35:07,190 --> 00:35:05,339

self-sacrifice there are two people that

822

00:35:10,250 --> 00:35:07,200

fall in this category can anybody name

823

00:35:16,130 --> 00:35:13,790

Luis salazando and David Rush that both

824

00:35:18,410 --> 00:35:16,140

gave up gf's 15 positions over this

825

00:35:22,010 --> 00:35:18,420

topic uh Luis has his military

826

00:35:24,170 --> 00:35:22,020

retirement David Rush uh gave up his Air

827

00:35:26,930 --> 00:35:24,180

Force Reserve commission over this as an

828

00:35:29,870 --> 00:35:26,940

officer in the U.S Air Force Reserves so

829

00:35:32,329 --> 00:35:29,880

that is skin in the game right there so

830

00:35:33,710 --> 00:35:32,339

go ahead yeah I would say so if you're

831

00:35:35,870 --> 00:35:33,720

going to look at uh the witness coming

832

00:35:38,810 --> 00:35:35,880

forward you look for I guess one bias

833

00:35:41,150 --> 00:35:38,820

was the individual bias is their bias

834

00:35:43,250 --> 00:35:41,160

influencing them so let me let me I'll I

835

00:35:44,630 --> 00:35:43,260

guess I'll attack them one first so as

836

00:35:47,329 --> 00:35:44,640

what I know about

837

00:35:50,990 --> 00:35:47,339

um uh Mr grush is that he's a 14-year

838

00:35:53,390 --> 00:35:51,000

intelligence officer right he served in

839

00:35:55,670 --> 00:35:53,400

an official capacity on the UAP task

840

00:35:58,609 --> 00:35:55,680

force for approximately what four years

841

00:36:01,190 --> 00:35:58,619

or the what the follow-up agency right

842

00:36:04,490 --> 00:36:01,200

you first came on from the nro

843

00:36:07,250 --> 00:36:04,500

and then later on from the NGA

844

00:36:08,630 --> 00:36:07,260

so that means he had 10 years as an

845

00:36:11,930 --> 00:36:08,640

intelligence analyst or intelligence

846

00:36:14,150 --> 00:36:11,940

officer or in intelligence capacity

847

00:36:17,569 --> 00:36:14,160

of being a serious person

848

00:36:20,329 --> 00:36:17,579

during you know operation you know I was

849

00:36:22,670 --> 00:36:20,339

Iraqi Freedom enduring freedom war on

850

00:36:24,890 --> 00:36:22,680

terrorism we were tracking down and this

851

00:36:26,630 --> 00:36:24,900

is again I don't know if his time by the

852

00:36:28,490 --> 00:36:26,640

overlapped mine if I look at the

853

00:36:30,109 --> 00:36:28,500

calendar I might have been out already

854

00:36:31,130 --> 00:36:30,119

but like we were we were tracking down

855

00:36:32,930 --> 00:36:31,140

and killing people that's that's what

856

00:36:35,810 --> 00:36:32,940

our profession was you know go straight

857

00:36:37,190 --> 00:36:35,820

to it and we were good at it and we took

858

00:36:39,290 --> 00:36:37,200

it very seriously find somebody that's

859

00:36:40,430 --> 00:36:39,300

trying to hurt U.S interests in foreign

860

00:36:42,770 --> 00:36:40,440

countries they're trying to kill

861

00:36:45,230 --> 00:36:42,780

Americans and track them down and either

862

00:36:47,150 --> 00:36:45,240

disrupt their operation or or remove

863

00:36:49,670 --> 00:36:47,160

them from the serve and and that's what

864

00:36:52,730 --> 00:36:49,680

we did and a person that served in there

865

00:36:53,870 --> 00:36:52,740

in in his roles did that he's a very

866

00:36:57,470 --> 00:36:53,880

serious person

867

00:36:59,569 --> 00:36:57,480

he didn't seek out UFOs UFO or this UAP

868

00:37:02,329 --> 00:36:59,579

task force sought him out so he found

869

00:37:03,770 --> 00:37:02,339

him he was brought into the UAP task

870

00:37:06,470 --> 00:37:03,780

force first from the national

871

00:37:07,970 --> 00:37:06,480

reconnaissance uh office right so he

872

00:37:09,829 --> 00:37:07,980

came over dick matter expert Sean

873

00:37:11,510 --> 00:37:09,839

subject matter expert and then he

874

00:37:13,430 --> 00:37:11,520

remained and ended up being a liaison

875

00:37:15,829 --> 00:37:13,440

from the national uh geospatial

876

00:37:17,630 --> 00:37:15,839

intelligence agency so

877

00:37:20,329 --> 00:37:17,640

and now he's a

878

00:37:24,230 --> 00:37:20,339

person that is interested in you at UAP

879

00:37:26,150 --> 00:37:24,240

so bias did not exist prior so now let's

880

00:37:28,190 --> 00:37:26,160

look at interest does he have an

881

00:37:31,430 --> 00:37:28,200

interest to come forward all right so

882

00:37:35,349 --> 00:37:31,440

you have if ts-15 in Massachusetts right

883

00:37:40,010 --> 00:37:35,359

base pay Step One is 146 000 a year

884

00:37:42,770 --> 00:37:40,020

highest is 176 000 a year

885

00:37:44,690 --> 00:37:42,780

now that's not including and in his

886

00:37:47,329 --> 00:37:44,700

position again without getting into

887

00:37:48,890 --> 00:37:47,339

detail all the other accolades and

888

00:37:51,950 --> 00:37:48,900

travel and everything else that is

889

00:37:54,470 --> 00:37:51,960

associated with that that are on top of

890

00:37:55,970 --> 00:37:54,480

that base pay so people might say oh he

891

00:37:59,950 --> 00:37:55,980

wants to go on this circuit talk about

892

00:38:03,530 --> 00:37:59,960

UFOs how much money do you make a year

893

00:38:05,569 --> 00:38:03,540

go into uh aliencon or writing a book

894

00:38:08,450 --> 00:38:05,579

like when you get 20 grand for writing a

895

00:38:09,710 --> 00:38:08,460

book now the gsgs and then his his

896

00:38:12,589 --> 00:38:09,720

government position

897

00:38:14,569 --> 00:38:12,599

there's a pension there's retirement and

898

00:38:17,150 --> 00:38:14,579

they pay you indefinitely it's one of

899

00:38:19,790 --> 00:38:17,160

the greatest ones that that exists in in

900

00:38:21,950 --> 00:38:19,800

this country is the federal retirement

901
00:38:23,810 --> 00:38:21,960
system and then Thrift Savings Plan on

902
00:38:25,609 --> 00:38:23,820
top of that what I think they match it's

903
00:38:27,890 --> 00:38:25,619
incredible that's right now to walk away

904
00:38:32,030 --> 00:38:27,900
from that right

905
00:38:35,150 --> 00:38:32,040
because again after 10 years of of other

906
00:38:37,310 --> 00:38:35,160
experience four years of again this is

907
00:38:38,630 --> 00:38:37,320
it might not even his primary uh his

908
00:38:40,069 --> 00:38:38,640
duty he might have been his secondary

909
00:38:41,630 --> 00:38:40,079
Duty

910
00:38:44,030 --> 00:38:41,640
um

911
00:38:45,890 --> 00:38:44,040
I know this this this it just doesn't it

912
00:38:48,710 --> 00:38:45,900
interest is isn't I don't see it there

913
00:38:50,690 --> 00:38:48,720

so okay you walk away from a hundred

914

00:38:52,609 --> 00:38:50,700

thousand a year after you retire in a

915

00:38:54,770 --> 00:38:52,619

few years right and he's only 36 years

916

00:38:57,109 --> 00:38:54,780

old he's only 36 years old and he's

917

00:38:59,930 --> 00:38:57,119

already a GS like a kid like it's it's

918

00:39:02,450 --> 00:38:59,940

amazing to me yeah I mean it the

919

00:39:04,790 --> 00:39:02,460

retirement there it's a percentage of

920

00:39:06,530 --> 00:39:04,800

your highest three years of pay that he

921

00:39:07,329 --> 00:39:06,540

would have gotten

922

00:39:10,430 --> 00:39:07,339

um

923

00:39:11,750 --> 00:39:10,440

the math doesn't work out right in the

924

00:39:13,910 --> 00:39:11,760

people that are attacking his

925

00:39:14,810 --> 00:39:13,920

credibility based upon that haven't done

926

00:39:18,530 --> 00:39:14,820

the math

927

00:39:20,750 --> 00:39:18,540

go towards motive so if I'm going to

928

00:39:22,430 --> 00:39:20,760

question this a witness that's you know

929

00:39:23,450 --> 00:39:22,440

on the other side of me on the stand I'm

930

00:39:26,210 --> 00:39:23,460

gonna look at molars what's this

931

00:39:28,730 --> 00:39:26,220

person's motor what is his motive of a

932

00:39:30,530 --> 00:39:28,740

person that's you know he could be a

933

00:39:31,670 --> 00:39:30,540

career intelligence person at this point

934

00:39:34,190 --> 00:39:31,680

he's in

935

00:39:36,290 --> 00:39:34,200

it is it's not a job he'd already get a

936

00:39:39,109 --> 00:39:36,300

job he already has jobs you know he

937

00:39:41,030 --> 00:39:39,119

doesn't I mean potentially it's going to

938

00:39:43,790 --> 00:39:41,040

limit his job capacity he has

939

00:39:47,089 --> 00:39:43,800

jeopardized that yeah

940

00:39:48,170 --> 00:39:47,099

so yeah no it's not there it doesn't

941

00:39:50,690 --> 00:39:48,180

make any difference

942

00:39:52,550 --> 00:39:50,700

so that yeah so those three elements

943

00:39:54,170 --> 00:39:52,560

where you would look for to impeach a

944

00:39:56,510 --> 00:39:54,180

witness

945

00:39:58,609 --> 00:39:56,520

they're weak they're weak and they're

946

00:40:01,670 --> 00:39:58,619

they're they're they're very thin so

947

00:40:04,069 --> 00:40:01,680

it's incredible and then uh uh the moral

948

00:40:05,990 --> 00:40:04,079

for for lying uh one of his uh Fitness

949

00:40:07,730 --> 00:40:06,000

reviews most recently recently I wrote

950

00:40:10,370 --> 00:40:07,740

down the quote he's an officer with the

951
00:40:12,410 --> 00:40:10,380
strongest possible moral compass

952
00:40:14,630 --> 00:40:12,420
and that's that and prior to him coming

953
00:40:17,170 --> 00:40:14,640
public so it's not that they had put

954
00:40:20,270 --> 00:40:17,180
that in paper to substantiated

955
00:40:21,829 --> 00:40:20,280
this was Prior so this is already he's

956
00:40:24,230 --> 00:40:21,839
already established who he is through

957
00:40:27,950 --> 00:40:24,240
his through his up until now you know

958
00:40:30,230 --> 00:40:27,960
very promising and very uh uh successful

959
00:40:32,390 --> 00:40:30,240
career so for him to walk away from this

960
00:40:35,270 --> 00:40:32,400
you know until

961
00:40:36,470 --> 00:40:35,280
until proven otherwise I I give him the

962
00:40:38,210 --> 00:40:36,480
benefit of the doubt and that's that's

963
00:40:39,829 --> 00:40:38,220

that's what I would do anybody that's

964

00:40:41,089 --> 00:40:39,839

going to make a claim any person that

965

00:40:43,790 --> 00:40:41,099

walks in my door

966

00:40:45,829 --> 00:40:43,800

and makes a claim I'm not going to say

967

00:40:47,630 --> 00:40:45,839

that they're unless I can prove they're

968

00:40:49,430 --> 00:40:47,640

lying I'm not certainly not gonna It's

969

00:40:51,050 --> 00:40:49,440

probably hard enough it's hard enough

970

00:40:53,030 --> 00:40:51,060

for a witness or somebody to come

971

00:40:55,250 --> 00:40:53,040

forward to say this horrible thing

972

00:40:56,930 --> 00:40:55,260

happened I'm not going to make it worse

973

00:40:58,730 --> 00:40:56,940

for them I'm not going to make it worse

974

00:41:00,470 --> 00:40:58,740

for them because maybe they it's hard to

975

00:41:01,970 --> 00:41:00,480

substantiate what they're saying it's

976

00:41:03,650 --> 00:41:01,980

hard to prove with it what they're

977

00:41:05,990 --> 00:41:03,660

saying right and they're an uphill

978

00:41:08,810 --> 00:41:06,000

battle already so I'm not going to make

979

00:41:11,750 --> 00:41:08,820

it worse for you unless unless and this

980

00:41:13,250 --> 00:41:11,760

is this is where unless I can prove that

981

00:41:15,349 --> 00:41:13,260

you're lying and then I'm going to burn

982

00:41:18,470 --> 00:41:15,359

your [h__h] house down because well and

983

00:41:20,150 --> 00:41:18,480

there's three years uh in the in with a

984

00:41:22,430 --> 00:41:20,160

nice cozy cell at the federal

985

00:41:25,130 --> 00:41:22,440

penitentiary at Leavenworth and a ten

986

00:41:27,770 --> 00:41:25,140

thousand dollar fine were he to have so

987

00:41:30,290 --> 00:41:27,780

if you're wondering did he make false

988

00:41:34,370 --> 00:41:30,300

statements uh knowingly false statements

989

00:41:36,230 --> 00:41:34,380

to the icig so I I as I said in his

990

00:41:38,810 --> 00:41:36,240

attorney wouldn't have signed his own

991

00:41:40,069 --> 00:41:38,820

his name to that complaint exactly right

992

00:41:41,569 --> 00:41:40,079

knowing that there's any false

993

00:41:43,750 --> 00:41:41,579

statements in there because he's not

994

00:41:47,089 --> 00:41:43,760

going to lose his career right look

995

00:41:50,210 --> 00:41:47,099

being being on a TV show on History

996

00:41:52,250 --> 00:41:50,220

Channel is not worth losing your these

997

00:41:54,470 --> 00:41:52,260

careers these are highly lucrative or

998

00:41:56,690 --> 00:41:54,480

losing your law license you know filing

999

00:41:59,210 --> 00:41:56,700

a frivolous claim knowingly no way

1000

00:42:00,890 --> 00:41:59,220

absolutely not it's not worth it it's

1001
00:42:02,810 --> 00:42:00,900
not worth whatever retainer even if they

1002
00:42:04,430 --> 00:42:02,820
are getting a retainer it's not worth

1003
00:42:05,810 --> 00:42:04,440
making that that little money you'll

1004
00:42:07,970 --> 00:42:05,820
make plenty of money down the road then

1005
00:42:09,470 --> 00:42:07,980
you you lose your license you know he

1006
00:42:13,569 --> 00:42:09,480
loses all his careers loses security

1007
00:42:16,130 --> 00:42:13,579
clearances you know absolutely not

1008
00:42:17,510 --> 00:42:16,140
industry would not touch I don't know if

1009
00:42:19,550 --> 00:42:17,520
industry would touch them right now I

1010
00:42:22,849 --> 00:42:19,560
hope they do because if you don't touch

1011
00:42:24,710 --> 00:42:22,859
them you're losing I mean uh he was

1012
00:42:27,170 --> 00:42:24,720
described to me as one of the most

1013
00:42:30,530 --> 00:42:27,180

talented intelligent uh Intelligence

1014

00:42:33,770 --> 00:42:30,540

Officers that had through his uh work in

1015

00:42:37,490 --> 00:42:33,780

the nro and the national geospatial uh

1016

00:42:40,550 --> 00:42:37,500

intelligence agency he possessed a set

1017

00:42:42,470 --> 00:42:40,560

of talents that were unique to him that

1018

00:42:45,290 --> 00:42:42,480

he could as as Sean kind of alluded to

1019

00:42:47,569 --> 00:42:45,300

earlier make things go away

1020

00:42:49,550 --> 00:42:47,579

um that the his higher-ups were like how

1021

00:42:52,670 --> 00:42:49,560

are you going to do that he said I have

1022

00:42:54,290 --> 00:42:52,680

methods to make this threat go away and

1023

00:42:55,430 --> 00:42:54,300

um so anyway you start working on some

1024

00:42:58,430 --> 00:42:55,440

targeting cells and you get some

1025

00:42:59,450 --> 00:42:58,440

experience you know 10 years or 14 years

1026

00:43:01,250 --> 00:42:59,460

experience working on those

1027

00:43:02,750 --> 00:43:01,260

organizations you're valuable you're

1028

00:43:04,730 --> 00:43:02,760

valuable because you know what assets we

1029

00:43:07,010 --> 00:43:04,740

have you know how to you know uh

1030

00:43:09,050 --> 00:43:07,020

put those assets On Target you know how

1031

00:43:10,430 --> 00:43:09,060

to uh you know you have connections in

1032

00:43:13,849 --> 00:43:10,440

other agencies so you can put together

1033

00:43:16,010 --> 00:43:13,859

you know uh uh some actual Intel and

1034

00:43:18,410 --> 00:43:16,020

then you know either confirm or deny

1035

00:43:21,109 --> 00:43:18,420

some things so you you are extremely

1036

00:43:24,230 --> 00:43:21,119

valuable you know yeah I've I've been

1037

00:43:26,690 --> 00:43:24,240

able to walk out of there you know uh

1038

00:43:29,390 --> 00:43:26,700

because of this you know is detriment to

1039

00:43:32,210 --> 00:43:29,400

those organizations in a self

1040

00:43:33,710 --> 00:43:32,220

self-detrimental uh for him to you know

1041

00:43:36,290 --> 00:43:33,720

take up this

1042

00:43:38,390 --> 00:43:36,300

uh this challenge to try to push this

1043

00:43:39,650 --> 00:43:38,400

forward into the public just say the

1044

00:43:41,809 --> 00:43:39,660

very least

1045

00:43:45,170 --> 00:43:41,819

Christopher what do you have on that

1046

00:43:48,109 --> 00:43:45,180

about uh why should do you think that do

1047

00:43:51,290 --> 00:43:48,119

you think that David grush was fooled by

1048

00:43:53,870 --> 00:43:51,300

uh individuals in the uh in these

1049

00:43:56,569 --> 00:43:53,880

different uh programs these saps that

1050

00:43:58,250 --> 00:43:56,579

that came to him uh alleged that he

1051
00:44:00,890 --> 00:43:58,260
alleged came to him with stories do you

1052
00:44:04,250 --> 00:44:00,900
think that he was fooled in some way

1053
00:44:06,349 --> 00:44:04,260
personally no I I think John's just on

1054
00:44:10,370 --> 00:44:06,359
you know more than thorough job there of

1055
00:44:12,349 --> 00:44:10,380
explaining case credentials you know and

1056
00:44:14,270 --> 00:44:12,359
um what interests and motivation he

1057
00:44:16,370 --> 00:44:14,280
would possibly have you know doing this

1058
00:44:19,250 --> 00:44:16,380
you know if there was some other motive

1059
00:44:21,170 --> 00:44:19,260
and um I I just think that's that's not

1060
00:44:22,910 --> 00:44:21,180
credible at all you know he's um he's

1061
00:44:25,370 --> 00:44:22,920
testified under oath

1062
00:44:28,250 --> 00:44:25,380
um he's given his Destiny to um from

1063
00:44:30,530 --> 00:44:28,260

understanding the house

1064

00:44:33,530 --> 00:44:30,540

um intelligence committee and the set of

1065

00:44:36,170 --> 00:44:33,540

Senate intelligence committee as well

1066

00:44:38,329 --> 00:44:36,180

um and that's very very serious I mean

1067

00:44:39,710 --> 00:44:38,339

we're talking hours here

1068

00:44:41,990 --> 00:44:39,720

um and

1069

00:44:45,349 --> 00:44:42,000

you know he's he's gone through a lot of

1070

00:44:48,230 --> 00:44:45,359

you know retribution as well and um you

1071

00:44:50,870 --> 00:44:48,240

know I I think maybe in the weeks to

1072

00:44:53,630 --> 00:44:50,880

come we may learn more about that but um

1073

00:44:55,550 --> 00:44:53,640

I mean we're talking serious stuff here

1074

00:44:59,750 --> 00:44:55,560

um but again like you know it's not my

1075

00:45:01,849 --> 00:44:59,760

job to convince you you know I can

1076

00:45:03,770 --> 00:45:01,859

provide you the facts

1077

00:45:05,390 --> 00:45:03,780

um as I know them

1078

00:45:07,550 --> 00:45:05,400

um of what's come out but as I said

1079

00:45:08,690 --> 00:45:07,560

before you know like even if you don't

1080

00:45:11,510 --> 00:45:08,700

believe them that's fine you're welcome

1081

00:45:13,309 --> 00:45:11,520

to your opinion but I mean I don't think

1082

00:45:15,430 --> 00:45:13,319

anyone should question whether you

1083

00:45:17,690 --> 00:45:15,440

should um you know he's provided verify

1084

00:45:19,490 --> 00:45:17,700

verifiable information if you're so sure

1085

00:45:21,230 --> 00:45:19,500

that he's lying that's fine you won't

1086

00:45:23,630 --> 00:45:21,240

have a problem if Congress checks out

1087

00:45:25,970 --> 00:45:23,640

I'll verifiable information

1088

00:45:27,770 --> 00:45:25,980

um to see if it's true so I mean as I

1089

00:45:29,390 --> 00:45:27,780

said there's only one way to put this to

1090

00:45:30,950 --> 00:45:29,400

rest you know it's actually verifying

1091

00:45:32,750 --> 00:45:30,960

the information he's actually provided

1092

00:45:33,890 --> 00:45:32,760

and I think it all comes down to that

1093

00:45:35,809 --> 00:45:33,900

you know you shouldn't have any problem

1094

00:45:38,450 --> 00:45:35,819

if you don't believe them you know with

1095

00:45:39,530 --> 00:45:38,460

him with Congress verified but verifying

1096

00:45:43,190 --> 00:45:39,540

the information

1097

00:45:45,050 --> 00:45:43,200

um uh yeah so that's for instance that's

1098

00:45:46,550 --> 00:45:45,060

what I'd say yeah let me change the

1099

00:45:48,890 --> 00:45:46,560

channel on this a little bit let's let's

1100

00:45:50,809 --> 00:45:48,900

take it in this direction and then we're

1101
00:45:53,390 --> 00:45:50,819
going to go from you to Matt and Deb and

1102
00:45:55,130 --> 00:45:53,400
then I'll myself and Sean will go what

1103
00:45:58,490 --> 00:45:55,140
do you think is important that people

1104
00:46:00,050 --> 00:45:58,500
know I want you to think of and first of

1105
00:46:01,670 --> 00:46:00,060
all before we go any further let's give

1106
00:46:06,829 --> 00:46:01,680
a shout out to all the applicable people

1107
00:46:07,930 --> 00:46:06,839
let's shout out to uh Sean uh to uh

1108
00:46:10,730 --> 00:46:07,940
um

1109
00:46:12,650 --> 00:46:10,740
Lieutenant Tim McMillan and Micah Hanks

1110
00:46:16,069 --> 00:46:12,660
and the debrief for all the work they

1111
00:46:18,950 --> 00:46:16,079
did on this let's shout out uh uh let's

1112
00:46:22,370 --> 00:46:18,960
shout out Leslie and Ralph let's shout

1113
00:46:25,069 --> 00:46:22,380

out the legend Ross coltart who knew him

1114

00:46:27,710 --> 00:46:25,079

a year ago and then and was able to put

1115

00:46:29,630 --> 00:46:27,720

this together and was able to get it on

1116

00:46:32,510 --> 00:46:29,640

someone else we want to shout out news

1117

00:46:35,569 --> 00:46:32,520

Nation let's shout out uh Jeremy Corbell

1118

00:46:38,210 --> 00:46:35,579

and George Knapp who also knew uh David

1119

00:46:41,450 --> 00:46:38,220

a year ago apparently David spent the

1120

00:46:43,490 --> 00:46:41,460

night and and uh chatted at Jeremy's

1121

00:46:45,890 --> 00:46:43,500

place where they discussed some of these

1122

00:46:47,990 --> 00:46:45,900

issues uh and they they held it close

1123

00:46:50,329 --> 00:46:48,000

which is why everybody in the community

1124

00:46:52,190 --> 00:46:50,339

trusts Jeremy because he doesn't put out

1125

00:46:53,930 --> 00:46:52,200

things that he's not supposed to so

1126
00:46:56,390 --> 00:46:53,940
there's a whole Litany of people there

1127
00:46:58,849 --> 00:46:56,400
everybody is a star in my mind

1128
00:47:00,829 --> 00:46:58,859
Christopher sharp you know all these

1129
00:47:03,290 --> 00:47:00,839
people that contributed

1130
00:47:06,410 --> 00:47:03,300
um to to getting this underway there it

1131
00:47:07,790 --> 00:47:06,420
was a multi-faceted team effort with

1132
00:47:09,829 --> 00:47:07,800
that Chris

1133
00:47:11,569 --> 00:47:09,839
let's we'll go to you and then we'll go

1134
00:47:13,970 --> 00:47:11,579
anti-clockwise because I can't say

1135
00:47:16,550 --> 00:47:13,980
counterclockwise because you're British

1136
00:47:19,970 --> 00:47:16,560
um we're talking like a Moto GP track

1137
00:47:22,849 --> 00:47:19,980
now so what Chris do you think people

1138
00:47:24,109 --> 00:47:22,859

need to know uh what is not being talked

1139

00:47:25,849 --> 00:47:24,119

about enough what do you think is

1140

00:47:28,210 --> 00:47:25,859

important that you'd like to highlight

1141

00:47:30,470 --> 00:47:28,220

to the community right now

1142

00:47:33,349 --> 00:47:30,480

absolutely so

1143

00:47:35,450 --> 00:47:33,359

um again I think Michael Schellenberg

1144

00:47:38,150 --> 00:47:35,460

put out a great article about this

1145

00:47:41,270 --> 00:47:38,160

around a week ago and the one thing that

1146

00:47:43,490 --> 00:47:41,280

stuck out to me most was this said he's

1147

00:47:47,270 --> 00:47:43,500

he wrote One military contract has said

1148

00:47:49,609 --> 00:47:47,280

that in December 2010 a major Aerospace

1149

00:47:52,309 --> 00:47:49,619

Corporation tried to work around secrecy

1150

00:47:54,650 --> 00:47:52,319

by creating a buffer organization to

1151
00:47:56,809 --> 00:47:54,660
prevent the scientists and Engineers who

1152
00:47:59,510 --> 00:47:56,819
laptop secret clearance from learning

1153
00:48:02,930 --> 00:47:59,520
where the tech they worked on came from

1154
00:48:04,490 --> 00:48:02,940
but the military sharply rejected the

1155
00:48:06,770 --> 00:48:04,500
proposal

1156
00:48:09,349 --> 00:48:06,780
um The Proposal the person said we would

1157
00:48:11,089 --> 00:48:09,359
apply science and engineering talent

1158
00:48:13,490 --> 00:48:11,099
because the aerospaceable corporation

1159
00:48:15,730 --> 00:48:13,500
security meant that they were not having

1160
00:48:18,890 --> 00:48:15,740
as much success as they had hoped for

1161
00:48:22,190 --> 00:48:18,900
and so we were proposing to horizontally

1162
00:48:24,470 --> 00:48:22,200
cut through the stove pipes so there

1163
00:48:26,510 --> 00:48:24,480

would be very few winds facing with the

1164

00:48:29,089 --> 00:48:26,520

Aerospace company and the science and

1165

00:48:31,190 --> 00:48:29,099

engineering Talent would need I wouldn't

1166

00:48:34,730 --> 00:48:31,200

need to know about the full nature of

1167

00:48:36,349 --> 00:48:34,740

the tech so I I would say that's very

1168

00:48:39,190 --> 00:48:36,359

important because the contractor said

1169

00:48:41,990 --> 00:48:39,200

the US government agency

1170

00:48:44,270 --> 00:48:42,000

rejected that idea

1171

00:48:45,950 --> 00:48:44,280

um and rather rudely from my

1172

00:48:48,050 --> 00:48:45,960

understanding as well I wasn't very

1173

00:48:51,290 --> 00:48:48,060

politely so

1174

00:48:53,690 --> 00:48:51,300

um I would say that I I'd keep on hold

1175

00:48:56,630 --> 00:48:53,700

hold of that for an information because

1176

00:48:58,790 --> 00:48:56,640

I think that could play a um a crucial

1177

00:49:01,309 --> 00:48:58,800

role in the future I mean I've spoken

1178

00:49:04,670 --> 00:49:01,319

for on podcasts that I think there is

1179

00:49:06,770 --> 00:49:04,680

another dimension to this

1180

00:49:08,750 --> 00:49:06,780

um look

1181

00:49:11,210 --> 00:49:08,760

this is a really really serious deal

1182

00:49:14,510 --> 00:49:11,220

because Democratic oversight is a

1183

00:49:16,730 --> 00:49:14,520

fundamental pillar to democracy

1184

00:49:18,950 --> 00:49:16,740

um and if Congress doesn't have

1185

00:49:22,010 --> 00:49:18,960

oversight to such programs and they've

1186

00:49:23,809 --> 00:49:22,020

not been clearly

1187

00:49:26,329 --> 00:49:23,819

um clearly

1188

00:49:28,250 --> 00:49:26,339

um stated to Congress then that's really

1189

00:49:29,809 --> 00:49:28,260

seriously I I from my understanding I

1190

00:49:31,930 --> 00:49:29,819

think in the next intelligence of

1191

00:49:35,510 --> 00:49:31,940

realization that there may be language

1192

00:49:37,010 --> 00:49:35,520

to basically prevent funding of um of

1193

00:49:40,309 --> 00:49:37,020

saps if they've not clearly been

1194

00:49:42,410 --> 00:49:40,319

communicated to the Congress so I I

1195

00:49:44,930 --> 00:49:42,420

think that this is really important I

1196

00:49:46,849 --> 00:49:44,940

think that Congress realizes that now

1197

00:49:48,950 --> 00:49:46,859

um but I would also say that look you

1198

00:49:50,930 --> 00:49:48,960

know some technology or some craft was

1199

00:49:52,210 --> 00:49:50,940

given to you know let's say Lockheed

1200

00:49:55,309 --> 00:49:52,220

Martin or something

1201
00:49:56,510 --> 00:49:55,319
you know the the four you know the 50s

1202
00:49:58,190 --> 00:49:56,520
or something like that where it had it

1203
00:49:59,390 --> 00:49:58,200
had a different name back then but um

1204
00:50:01,910 --> 00:49:59,400
you know it's still fundamentally the

1205
00:50:04,250 --> 00:50:01,920
same organization then you know the

1206
00:50:05,630 --> 00:50:04,260
people working for organization now like

1207
00:50:08,870 --> 00:50:05,640
they had nothing to do that you know

1208
00:50:10,790 --> 00:50:08,880
given to the people that you know worked

1209
00:50:12,290 --> 00:50:10,800
there back in the 50s and stuff you know

1210
00:50:14,450 --> 00:50:12,300
so

1211
00:50:16,430 --> 00:50:14,460
um you know that they might want this

1212
00:50:18,109 --> 00:50:16,440
information out they may be looking for

1213
00:50:19,730 --> 00:50:18,119

you know protections and stuff like that

1214

00:50:21,290 --> 00:50:19,740

as well saying that we need more people

1215

00:50:23,329 --> 00:50:21,300

to work on this because we're not making

1216

00:50:24,770 --> 00:50:23,339

as much progress you know and these

1217

00:50:27,349 --> 00:50:24,780

people are human beings as well you know

1218

00:50:28,730 --> 00:50:27,359

they're aware of climate change and all

1219

00:50:30,829 --> 00:50:28,740

these other issues that the Earth is

1220

00:50:32,630 --> 00:50:30,839

facing and they may maybe they want to

1221

00:50:34,910 --> 00:50:32,640

check out because you know it's very

1222

00:50:36,470 --> 00:50:34,920

very difficult to get clearances to work

1223

00:50:39,170 --> 00:50:36,480

with these programs and often that means

1224

00:50:42,410 --> 00:50:39,180

the best talent doesn't actually get to

1225

00:50:44,329 --> 00:50:42,420

have you know put their hands on you

1226

00:50:45,950 --> 00:50:44,339

know potential

1227

00:50:47,750 --> 00:50:45,960

um technology we don't understand you

1228

00:50:50,390 --> 00:50:47,760

know a lot of the best

1229

00:50:52,010 --> 00:50:50,400

um professors uh or scientists and

1230

00:50:53,750 --> 00:50:52,020

Engineers you know a lot to do drugs and

1231

00:50:54,950 --> 00:50:53,760

stuff like that you know

1232

00:50:56,510 --> 00:50:54,960

um because these are out of the box

1233

00:50:58,490 --> 00:50:56,520

thinkers

1234

00:51:02,150 --> 00:50:58,500

um but that doesn't necessarily get you

1235

00:51:03,950 --> 00:51:02,160

a security clearance and you know it has

1236

00:51:05,569 --> 00:51:03,960

been suggested that China and Russia

1237

00:51:07,609 --> 00:51:05,579

have these graph as well and guess what

1238

00:51:10,250 --> 00:51:07,619

China China can definitely keep a secret

1239

00:51:12,470 --> 00:51:10,260

very very well and you know they could

1240

00:51:14,150 --> 00:51:12,480

you know potentially get a lot more

1241

00:51:15,770 --> 00:51:14,160

people studying

1242

00:51:18,670 --> 00:51:15,780

um crafts they have in their possession

1243

00:51:20,329 --> 00:51:18,680

than the US does it's um you know

1244

00:51:22,910 --> 00:51:20,339

compartmentalization and security

1245

00:51:24,829 --> 00:51:22,920

purposes so I I think this is very very

1246

00:51:28,010 --> 00:51:24,839

important I think you know it could be a

1247

00:51:29,270 --> 00:51:28,020

national security issue for the um the

1248

00:51:31,670 --> 00:51:29,280

US

1249

00:51:33,410 --> 00:51:31,680

um but also I think it could um it could

1250

00:51:35,690 --> 00:51:33,420

really improve and benefit everyone's

1251
00:51:37,430 --> 00:51:35,700
lives and I think also although you may

1252
00:51:39,770 --> 00:51:37,440
have a competition right now existing

1253
00:51:42,829 --> 00:51:39,780
between you know China

1254
00:51:44,210 --> 00:51:42,839
um and the us on this technology I I

1255
00:51:46,069 --> 00:51:44,220
feel that kind of

1256
00:51:49,549 --> 00:51:46,079
um you know bringing this out could

1257
00:51:53,210 --> 00:51:49,559
potentially hope we hope bring Nations

1258
00:51:55,730 --> 00:51:53,220
together and um yes you know make it

1259
00:51:57,530 --> 00:51:55,740
make it make a real change because as I

1260
00:52:00,589 --> 00:51:57,540
said before you know we have nuclear

1261
00:52:02,569 --> 00:52:00,599
weapons now you know you the history of

1262
00:52:04,089 --> 00:52:02,579
humanity has always been got conflict

1263
00:52:06,349 --> 00:52:04,099

you know but before you know we had

1264

00:52:08,089 --> 00:52:06,359

Spears and swords and then we went to

1265

00:52:09,589 --> 00:52:08,099

guns and stuff like that cool cool but

1266

00:52:12,049 --> 00:52:09,599

but now we've got nukes you know so

1267

00:52:14,990 --> 00:52:12,059

there is government you know that's like

1268

00:52:16,730 --> 00:52:15,000

that's everything I I I don't know if

1269

00:52:20,150 --> 00:52:16,740

that's sustainable

1270

00:52:21,650 --> 00:52:20,160

um probably so yeah I I I think there

1271

00:52:22,970 --> 00:52:21,660

are good people out there who do think

1272

00:52:24,950 --> 00:52:22,980

it's a bigger picture as well you know

1273

00:52:26,930 --> 00:52:24,960

we like to think is this like monolithic

1274

00:52:29,089 --> 00:52:26,940

thing in terms of US Government oh it's

1275

00:52:30,650 --> 00:52:29,099

lucky but no these things are made out

1276
00:52:32,930 --> 00:52:30,660
of individuals like you and me you know

1277
00:52:34,190 --> 00:52:32,940
we all have our personalities and stuff

1278
00:52:36,290 --> 00:52:34,200
you know if you go into like an office

1279
00:52:37,370 --> 00:52:36,300
Lockheed Martin you know you'll have one

1280
00:52:45,190 --> 00:52:37,380
guy

1281
00:52:50,450 --> 00:52:47,270
you know he could have been like a peace

1282
00:52:52,790 --> 00:52:50,460
activist back in the 90s and and naughty

1283
00:52:54,470 --> 00:52:52,800
as opposed in the interact War you know

1284
00:52:56,089 --> 00:52:54,480
um you could you know you might have

1285
00:52:57,290 --> 00:52:56,099
some people with thoughts as well um

1286
00:52:59,510 --> 00:52:57,300
with thoughts as well you can have an

1287
00:53:01,370 --> 00:52:59,520
alcoholic you can have a womanizer all

1288
00:53:02,870 --> 00:53:01,380

I'm getting across is easy human beings

1289

00:53:05,089 --> 00:53:02,880

you know you can't think of these as

1290

00:53:07,670 --> 00:53:05,099

monolithic things

1291

00:53:09,530 --> 00:53:07,680

um so hey Chris I think there are

1292

00:53:11,750 --> 00:53:09,540

motives there to get this out yeah Chris

1293

00:53:14,270 --> 00:53:11,760

I I consider myself a peace loving

1294

00:53:16,190 --> 00:53:14,280

hippie and I have 12 deployments none of

1295

00:53:19,490 --> 00:53:16,200

which I accomplish anything like what

1296

00:53:21,230 --> 00:53:19,500

David Rush did so so uh but I still

1297

00:53:22,370 --> 00:53:21,240

think of myself as a Woodstock love and

1298

00:53:24,589 --> 00:53:22,380

hippie

1299

00:53:26,750 --> 00:53:24,599

um and and the the key points though

1300

00:53:28,609 --> 00:53:26,760

there of of of what you said is that the

1301

00:53:30,829 --> 00:53:28,619

reasons that he gave were first of all

1302

00:53:33,710 --> 00:53:30,839

illegalities of which he did not detail

1303

00:53:35,809 --> 00:53:33,720

what they all are but except for that

1304

00:53:37,849 --> 00:53:35,819

Congress it lacks congressional

1305

00:53:39,710 --> 00:53:37,859

oversight which is illegal and then

1306

00:53:42,530 --> 00:53:39,720

there are other things detail that are

1307

00:53:44,750 --> 00:53:42,540

that we don't know what they are but uh

1308

00:53:46,730 --> 00:53:44,760

I don't know if if harassment or

1309

00:53:48,589 --> 00:53:46,740

intimidation if he he mentioned that and

1310

00:53:51,230 --> 00:53:48,599

the other thing was he said humanity is

1311

00:53:54,349 --> 00:53:51,240

not benefiting we're not solved using

1312

00:53:56,450 --> 00:53:54,359

this getting all you know broader look

1313

00:53:59,690 --> 00:53:56,460

at this that you alluded to so that we

1314

00:54:02,750 --> 00:53:59,700

could solve problems like energy a real

1315

00:54:04,490 --> 00:54:02,760

world problems uh you know uh propulsion

1316

00:54:06,770 --> 00:54:04,500

you know that maybe doesn't have a

1317

00:54:09,170 --> 00:54:06,780

greenhouse effect so they're all you

1318

00:54:11,510 --> 00:54:09,180

know cup two major major issues right

1319

00:54:13,430 --> 00:54:11,520

there that he thinks potentially could

1320

00:54:15,290 --> 00:54:13,440

be solved by this Tech if the right

1321

00:54:17,809 --> 00:54:15,300

people were looking at it regarding the

1322

00:54:20,270 --> 00:54:17,819

contracts they don't uh they only run

1323

00:54:23,089 --> 00:54:20,280

I'd have to go into that my acquisition

1324

00:54:25,609 --> 00:54:23,099

stuff but um they only run like four

1325

00:54:27,950 --> 00:54:25,619

years at a pop but but he also alluded

1326

00:54:30,109 --> 00:54:27,960

to there's some sole source uh

1327

00:54:32,150 --> 00:54:30,119

Contracting that's going on which means

1328

00:54:34,190 --> 00:54:32,160

that you can't get multiple

1329

00:54:36,890 --> 00:54:34,200

organizations that have all these

1330

00:54:40,490 --> 00:54:36,900

different uh talents maybe somebody has

1331

00:54:41,990 --> 00:54:40,500

MIT grad students and professors that

1332

00:54:43,849 --> 00:54:42,000

are part of their talent pool but they

1333

00:54:45,950 --> 00:54:43,859

didn't get to bid on it because it only

1334

00:54:48,230 --> 00:54:45,960

it went sole source so he has an issue

1335

00:54:49,970 --> 00:54:48,240

with that uh but anyway let's go around

1336

00:54:51,650 --> 00:54:49,980

to Matt because we're getting really

1337

00:54:53,690 --> 00:54:51,660

short on time I want to get Christopher

1338

00:54:56,930 --> 00:54:53,700

to bed so that his hair looks this good

1339

00:54:58,370 --> 00:54:56,940

tomorrow Matt what what what did you uh

1340

00:55:00,230 --> 00:54:58,380

what do you think people should know

1341

00:55:01,750 --> 00:55:00,240

about this and and especially you know

1342

00:55:05,870 --> 00:55:01,760

you're coming from the Bigfoot community

1343

00:55:06,950 --> 00:55:05,880

so I I really value uh the way that you

1344

00:55:10,130 --> 00:55:06,960

might look at this because you're

1345

00:55:11,450 --> 00:55:10,140

outside the bubble to a degree

1346

00:55:14,630 --> 00:55:11,460

yeah

1347

00:55:16,910 --> 00:55:14,640

um a lot of uh my own research was based

1348

00:55:19,549 --> 00:55:16,920

in common sense and logic uh first and

1349

00:55:23,210 --> 00:55:19,559

you know following the evidence but also

1350

00:55:24,890 --> 00:55:23,220

as a podcaster dealing with Witnesses I

1351

00:55:28,130 --> 00:55:24,900

talked to Witnesses from all different

1352

00:55:29,690 --> 00:55:28,140

spectrums of life you know and uh the

1353

00:55:31,010 --> 00:55:29,700

human element like Christopher's talking

1354

00:55:33,170 --> 00:55:31,020

about is

1355

00:55:36,049 --> 00:55:33,180

something that can't be forgotten in

1356

00:55:39,890 --> 00:55:36,059

this scenario uh David's got a family

1357

00:55:43,910 --> 00:55:39,900

you know he's got friends he the skin in

1358

00:55:46,670 --> 00:55:43,920

the game goes way out far beyond careers

1359

00:55:49,069 --> 00:55:46,680

or money or anything like that uh so

1360

00:55:51,230 --> 00:55:49,079

like I understand why he would do

1361

00:55:53,870 --> 00:55:51,240

something like this as far as

1362

00:55:55,549 --> 00:55:53,880

you know his integrity and why people

1363

00:55:58,490 --> 00:55:55,559

should believe him

1364

00:56:01,130 --> 00:55:58,500

uh yeah he's been vetted by the largest

1365

00:56:03,290 --> 00:56:01,140

vetting machine in the world

1366

00:56:05,030 --> 00:56:03,300

and if you couldn't trust him he

1367

00:56:06,710 --> 00:56:05,040

wouldn't have had his position

1368

00:56:09,109 --> 00:56:06,720

period he wouldn't have been in the

1369

00:56:11,450 --> 00:56:09,119

position to find out this information I

1370

00:56:13,190 --> 00:56:11,460

also think a big thing to pay attention

1371

00:56:19,250 --> 00:56:13,200

to

1372

00:56:20,450 --> 00:56:19,260

things went down back whenever I was in

1373

00:56:23,329 --> 00:56:20,460

my 20s

1374

00:56:24,890 --> 00:56:23,339

I had to take somebody out this is where

1375

00:56:26,450 --> 00:56:24,900

the body's buried

1376

00:56:28,910 --> 00:56:26,460

and you're trusting me with that

1377

00:56:31,250 --> 00:56:28,920

information and I'm not going to tell

1378

00:56:33,890 --> 00:56:31,260

anybody that you did it or anything but

1379

00:56:35,750 --> 00:56:33,900

if I decide at some point you know this

1380

00:56:37,370 --> 00:56:35,760

information has to come out for the

1381

00:56:39,470 --> 00:56:37,380

greater good

1382

00:56:41,690 --> 00:56:39,480

I'm gonna give you a heads up and I'm

1383

00:56:43,430 --> 00:56:41,700

gonna let you know hey I'm I'm gonna

1384

00:56:45,530 --> 00:56:43,440

come forward with the information I just

1385

00:56:46,970 --> 00:56:45,540

need to let you know so these other

1386

00:56:51,589 --> 00:56:46,980

sources of his

1387

00:56:53,329 --> 00:56:51,599

uh I I do think that there's a very

1388

00:56:55,190 --> 00:56:53,339

large potential for those sources to

1389

00:56:58,730 --> 00:56:55,200

come forward in the future depending on

1390

00:57:00,829 --> 00:56:58,740

how this plays out I also think that

1391

00:57:03,589 --> 00:57:00,839

other government entities around the

1392

00:57:05,690 --> 00:57:03,599

world are watching the United States to

1393

00:57:06,950 --> 00:57:05,700

see how it's handled because they were

1394

00:57:08,809 --> 00:57:06,960

implicated in having their own

1395

00:57:11,450 --> 00:57:08,819

departments doing the same thing this is

1396

00:57:13,930 --> 00:57:11,460

not restricted to the United States

1397

00:57:17,210 --> 00:57:13,940

that's right Global thing

1398

00:57:19,490 --> 00:57:17,220

and China and Russia yes but then

1399

00:57:22,549 --> 00:57:19,500

there's also Italy there's also other

1400

00:57:25,089 --> 00:57:22,559

countries uh the UK

1401
00:57:27,290 --> 00:57:25,099
that are friendly with the United States

1402
00:57:29,990 --> 00:57:27,300
that are watching the United States

1403
00:57:32,750 --> 00:57:30,000
right to see how we handle this and like

1404
00:57:35,569 --> 00:57:32,760
if the information if it comes out that

1405
00:57:37,790 --> 00:57:35,579
like all this is substantiated these

1406
00:57:40,190 --> 00:57:37,800
departments exist then you might see

1407
00:57:41,690 --> 00:57:40,200
those doors opening over on the other

1408
00:57:43,549 --> 00:57:41,700
side of the pond where they're like yeah

1409
00:57:46,370 --> 00:57:43,559
and here's what our department has found

1410
00:57:47,990 --> 00:57:46,380
and I think that might be the key to

1411
00:57:50,089 --> 00:57:48,000
Bringing these people together in these

1412
00:57:53,089 --> 00:57:50,099
different countries and working together

1413
00:57:55,010 --> 00:57:53,099

on this as a global phenomenon and not

1414

00:57:57,650 --> 00:57:55,020

you know keeping those divisions between

1415

00:57:59,450 --> 00:57:57,660

us yeah right yeah

1416

00:58:02,930 --> 00:57:59,460

you're right on the money great great

1417

00:58:04,730 --> 00:58:02,940

points uh yeah and uh people that say

1418

00:58:07,010 --> 00:58:04,740

that oh the U.S is controlling this

1419

00:58:09,650 --> 00:58:07,020

topic you know last time I checked uh we

1420

00:58:12,430 --> 00:58:09,660

have weren't rolling tanks into Germany

1421

00:58:15,589 --> 00:58:12,440

or Italy or any of these other countries

1422

00:58:17,930 --> 00:58:15,599

Japan any of these other countries uh

1423

00:58:21,230 --> 00:58:17,940

that likely have a program albeit

1424

00:58:22,790 --> 00:58:21,240

smaller than ours uh that that have

1425

00:58:24,230 --> 00:58:22,800

decided that it's in their interest not

1426

00:58:26,930 --> 00:58:24,240

to talk about it for whatever that

1427

00:58:30,170 --> 00:58:26,940

reason is I can't guess to why that is I

1428

00:58:31,670 --> 00:58:30,180

could guess but it pure speculation

1429

00:58:33,530 --> 00:58:31,680

um but they've decided not to speak

1430

00:58:36,650 --> 00:58:33,540

about it

1431

00:58:38,870 --> 00:58:36,660

um Matt just like that guy who saw the

1432

00:58:40,910 --> 00:58:38,880

the yowie down in Australia and went and

1433

00:58:42,950 --> 00:58:40,920

reported it in two different law

1434

00:58:44,329 --> 00:58:42,960

enforcement agencies basically said will

1435

00:58:46,370 --> 00:58:44,339

you get the hell out of here like go

1436

00:58:49,309 --> 00:58:46,380

back to Sydney and get on a plane and go

1437

00:58:51,349 --> 00:58:49,319

back to New York uh and he's like wait I

1438

00:58:54,230 --> 00:58:51,359

just saw yaoi and they're like yeah get

1439

00:58:55,609 --> 00:58:54,240

out of here so they've decided it's not

1440

00:58:57,890 --> 00:58:55,619

in their interest to talk about it for

1441

00:59:00,049 --> 00:58:57,900

whatever reason Deb uh what do you think

1442

00:59:02,450 --> 00:59:00,059

people should know you you have been

1443

00:59:04,190 --> 00:59:02,460

very passionate about disclosure and

1444

00:59:06,289 --> 00:59:04,200

getting people ready for something that

1445

00:59:08,990 --> 00:59:06,299

may occur Deb you've spoken many times

1446

00:59:11,150 --> 00:59:09,000

about what David has said that people

1447

00:59:13,069 --> 00:59:11,160

need to be prepared for a contact

1448

00:59:14,870 --> 00:59:13,079

scenario I'm not saying that's what you

1449

00:59:17,569 --> 00:59:14,880

want to talk about today but please the

1450

00:59:19,250 --> 00:59:17,579

floor is yours ma'am I think the other

1451

00:59:21,770 --> 00:59:19,260

part of this is that it of course

1452

00:59:24,829 --> 00:59:21,780

highlights other people who have come

1453

00:59:27,890 --> 00:59:24,839

before him and lets the government know

1454

00:59:30,589 --> 00:59:27,900

that others will follow after

1455

00:59:32,930 --> 00:59:30,599

um I think that he is showing that those

1456

00:59:36,109 --> 00:59:32,940

others that will follow after

1457

00:59:37,910 --> 00:59:36,119

have credentials and that they are being

1458

00:59:40,130 --> 00:59:37,920

responsible with how they're presenting

1459

00:59:42,770 --> 00:59:40,140

the information and they've learned from

1460

00:59:44,870 --> 00:59:42,780

the previous mistakes that were made by

1461

00:59:47,450 --> 00:59:44,880

prior whistleblowers and they're going

1462

00:59:54,069 --> 00:59:47,460

to dot all the eyes and cross all the

1463

00:59:58,309 --> 00:59:56,390

yeah I want to say I mean uh Richard

1464

01:00:00,890 --> 00:59:58,319

Dodie has basically come out and said

1465

01:00:03,049 --> 01:00:00,900

the very very same things that David

1466

01:00:04,849 --> 01:00:03,059

grush said and while people say that

1467

01:00:07,190 --> 01:00:04,859

he's a disinformation agent I think

1468

01:00:08,750 --> 01:00:07,200

they're missing the point he was not a

1469

01:00:11,870 --> 01:00:08,760

disinformation agent to the American

1470

01:00:14,390 --> 01:00:11,880

people he was a disinformation agent to

1471

01:00:17,030 --> 01:00:14,400

his Target which was Bob benowitz which

1472

01:00:19,609 --> 01:00:17,040

he was told and ordered to feed him

1473

01:00:22,069 --> 01:00:19,619

disinformation because uh Bob was

1474

01:00:23,510 --> 01:00:22,079

recording classified information going

1475

01:00:25,670 --> 01:00:23,520

on at Kirtland that they didn't want

1476

01:00:28,670 --> 01:00:25,680

people to know

1477

01:00:31,130 --> 01:00:28,680

um and that and he said that he was

1478

01:00:32,990 --> 01:00:31,140

right into these programs many of the

1479

01:00:35,510 --> 01:00:33,000

things that David alluded to Richard

1480

01:00:38,329 --> 01:00:35,520

Doty has already said obviously Bob

1481

01:00:40,730 --> 01:00:38,339

Lazar has already said I believe both of

1482

01:00:42,829 --> 01:00:40,740

those guys that's my own personal I have

1483

01:00:44,750 --> 01:00:42,839

my own reasons why

1484

01:00:47,390 --> 01:00:44,760

um Richard Doty obviously feels really

1485

01:00:49,190 --> 01:00:47,400

bad about what happened with Bob

1486

01:00:51,470 --> 01:00:49,200

benowitz expressed that on this program

1487

01:00:53,329 --> 01:00:51,480

without being asked to and he expressed

1488

01:00:55,010 --> 01:00:53,339

it to his family

1489

01:00:56,809 --> 01:00:55,020

um and that's why there's never been a

1490

01:00:59,030 --> 01:00:56,819

civil action by his family against

1491

01:01:01,130 --> 01:00:59,040

Richard Doty which they could have if

1492

01:01:03,530 --> 01:01:01,140

they thought that they had a case or if

1493

01:01:05,390 --> 01:01:03,540

they thought he was culpable

1494

01:01:08,990 --> 01:01:05,400

um what I think people should know is

1495

01:01:11,089 --> 01:01:09,000

that for now if you go down and I'm

1496

01:01:14,210 --> 01:01:11,099

gonna pass it to Sean after this if you

1497

01:01:16,549 --> 01:01:14,220

go down the conspiracy rabbit hole that

1498

01:01:18,650 --> 01:01:16,559

everything's a conspiracy everything's a

1499

01:01:20,450 --> 01:01:18,660

work you'll never emerge from that

1500

01:01:23,150 --> 01:01:20,460

rabbit hole to learn anything or believe

1501

01:01:26,450 --> 01:01:23,160

anything and if that's the place that

1502

01:01:29,870 --> 01:01:26,460

you feel safe that's okay you be there

1503

01:01:32,690 --> 01:01:29,880

it's not for me or anybody in this panel

1504

01:01:34,789 --> 01:01:32,700

or David grush or Ross Colt art or

1505

01:01:37,069 --> 01:01:34,799

Jeremy Corbell to convince you as

1506

01:01:39,470 --> 01:01:37,079

Christopher said of anything it's not

1507

01:01:42,049 --> 01:01:39,480

our job to convince you of anything

1508

01:01:44,390 --> 01:01:42,059

we're telling you what what we

1509

01:01:47,630 --> 01:01:44,400

understand what we see based on our

1510

01:01:50,210 --> 01:01:47,640

expertise based on sources and based on

1511

01:01:52,430 --> 01:01:50,220

the likelihood that people are telling

1512

01:01:54,349 --> 01:01:52,440

the truth it's one thing to have a tssci

1513

01:01:56,390 --> 01:01:54,359

clearance Sean's had one I've had one

1514

01:01:58,970 --> 01:01:56,400

another thing to have tssci with

1515

01:02:01,789 --> 01:01:58,980

multiple polygraphs uh where they can

1516

01:02:04,670 --> 01:02:01,799

find out if you're hiding something they

1517

01:02:07,910 --> 01:02:04,680

will find it trust me especially and he

1518

01:02:10,549 --> 01:02:07,920

said when he said uh I passed a lot of

1519

01:02:12,589 --> 01:02:10,559

polygraphs and that's how I was able he

1520

01:02:16,190 --> 01:02:12,599

said I could have been read into any

1521

01:02:18,589 --> 01:02:16,200

program because of all those polygraphs

1522

01:02:21,890 --> 01:02:18,599

that he passed which is not everyone who

1523

01:02:25,130 --> 01:02:21,900

has a tssci does not have a tssci poly

1524

01:02:27,170 --> 01:02:25,140

as the dod uh refers to it and the

1525

01:02:30,109 --> 01:02:27,180

department of energy may have their own

1526

01:02:31,490 --> 01:02:30,119

cookie system or or the CIA I I don't

1527

01:02:33,650 --> 01:02:31,500

know I'm not familiar with their

1528

01:02:36,589 --> 01:02:33,660

classification systems and their their

1529

01:02:38,870 --> 01:02:36,599

clearance systems rather so

1530

01:02:41,410 --> 01:02:38,880

um the best that we have for now is to

1531

01:02:44,210 --> 01:02:41,420

take it at face value what he has said

1532

01:02:47,030 --> 01:02:44,220

for all the reasons that Sean listed out

1533

01:02:50,030 --> 01:02:47,040

I'm not going to to reiterate them but

1534

01:02:52,730 --> 01:02:50,040

for now that's where we are

1535

01:02:54,710 --> 01:02:52,740

um he's an honest person who did this a

1536

01:02:57,589 --> 01:02:54,720

great personal loss and he did it

1537

01:03:00,109 --> 01:02:57,599

legally not by leaking anything he did

1538

01:03:02,990 --> 01:03:00,119

this by the book using the processes

1539

01:03:05,990 --> 01:03:03,000

that were laid out for him after a

1540

01:03:10,069 --> 01:03:06,000

four-year investigation by the way

1541

01:03:11,870 --> 01:03:10,079

people that vetted uh uh David before

1542

01:03:14,030 --> 01:03:11,880

coming forward with the story Ross

1543

01:03:16,430 --> 01:03:14,040

koltard himself

1544

01:03:17,990 --> 01:03:16,440

um Ralph Blumenthal and Leslie Kane

1545

01:03:24,890 --> 01:03:18,000

independently

1546

01:03:27,589 --> 01:03:24,900

all I know Sean I have also done his

1547

01:03:30,109 --> 01:03:27,599

um I spoke to somebody who is very

1548

01:03:33,470 --> 01:03:30,119

friendly has a friendly professional and

1549

01:03:36,049 --> 01:03:33,480

personal relationship uh with him uh not

1550

01:03:39,349 --> 01:03:36,059

that I'm I'm nobody but I mean news now

1551

01:03:42,410 --> 01:03:39,359

probably did their own did their own uh

1552

01:03:44,630 --> 01:03:42,420

thing through there uh their sources so

1553

01:03:47,030 --> 01:03:44,640

there's at least four to five levels

1554

01:03:50,210 --> 01:03:47,040

that you would care about of people that

1555

01:03:52,069 --> 01:03:50,220

that vetted this this gentleman uh not

1556

01:03:56,630 --> 01:03:52,079

to mention the person and I said look

1557

01:04:00,349 --> 01:03:58,490

um that that's that's how good he was so

1558

01:04:01,910 --> 01:04:00,359

anyway that's why I think you should

1559

01:04:03,890 --> 01:04:01,920

just take the information at face value

1560

01:04:05,450 --> 01:04:03,900

I'm not telling you to believe it but

1561

01:04:08,390 --> 01:04:05,460

I'm I'm trying to tell you that the man

1562

01:04:11,030 --> 01:04:08,400

is credible and he put his money where

1563

01:04:13,309 --> 01:04:11,040

his mouth is Sean

1564

01:04:16,190 --> 01:04:13,319

um I guess I would try to look at so

1565

01:04:18,289 --> 01:04:16,200

when you I try to do in my analysis I do

1566

01:04:20,030 --> 01:04:18,299

micro and then macro as well just zoom

1567

01:04:21,650 --> 01:04:20,040

in zoom out zoom in zoom out so that way

1568

01:04:23,569 --> 01:04:21,660

you're not always you don't end up

1569

01:04:26,690 --> 01:04:23,579

having tunnel vision you're a sensor

1570

01:04:27,530 --> 01:04:26,700

operator I'm just kidding go ahead I end

1571

01:04:31,730 --> 01:04:27,540

up

1572

01:04:33,710 --> 01:04:31,740

um with um Mr grush at the latest person

1573

01:04:35,809 --> 01:04:33,720

to come forward and I say latest because

1574

01:04:37,190 --> 01:04:35,819

let's start with Luella zondo let's go

1575

01:04:40,130 --> 01:04:37,200

to Lou Elizondo

1576

01:04:42,890 --> 01:04:40,140

so you know director of ATF but when he

1577

01:04:44,390 --> 01:04:42,900

was brought in atip he's mentioned this

1578

01:04:45,710 --> 01:04:44,400

a couple times and they asked what do

1579

01:04:47,210 --> 01:04:45,720

you think about UFOs he goes I don't

1580

01:04:50,150 --> 01:04:47,220

think about UFOs

1581

01:04:54,190 --> 01:04:50,160

yeah he's a career counterintelligence

1582

01:05:00,049 --> 01:04:57,549

counterintelligence officer right so and

1583

01:05:02,150 --> 01:05:00,059

I personally know people that have done

1584

01:05:03,650 --> 01:05:02,160

interrogations with him

1585

01:05:06,770 --> 01:05:03,660

either people have deployed with or

1586

01:05:09,109 --> 01:05:06,780

other right multiple people that have

1587

01:05:10,549 --> 01:05:09,119

gone on and for their own career and

1588

01:05:12,109 --> 01:05:10,559

when he first came out I went straight

1589

01:05:13,609 --> 01:05:12,119

to them right to them you know this

1590

01:05:15,049 --> 01:05:13,619

person all you do how do you know them

1591

01:05:16,910 --> 01:05:15,059

and I sat down with people that I know

1592

01:05:18,230 --> 01:05:16,920

personally and I've deployed with and

1593

01:05:19,849 --> 01:05:18,240

that and there's there's people that are

1594

01:05:22,250 --> 01:05:19,859

even closer than that

1595

01:05:23,329 --> 01:05:22,260

um to know who this is but here you have

1596

01:05:24,470 --> 01:05:23,339

an individual that does not think about

1597

01:05:26,690 --> 01:05:24,480

UFOs

1598

01:05:28,970 --> 01:05:26,700

gets put into position because they they

1599

01:05:31,010 --> 01:05:28,980

need a counterintelligence person there

1600

01:05:33,950 --> 01:05:31,020

or whatever position that he had and

1601

01:05:37,010 --> 01:05:33,960

then now he's made it part of his life

1602

01:05:39,770 --> 01:05:37,020

Journey that this needs to be addressed

1603

01:05:42,410 --> 01:05:39,780

so that's that's person one person two

1604

01:05:45,289 --> 01:05:42,420

Jay Stratton a career intelligence

1605

01:05:47,870 --> 01:05:45,299

person from like what the DIA or his own

1606

01:05:50,030 --> 01:05:47,880

career path right gets put in this

1607

01:05:54,109 --> 01:05:50,040

position and now

1608

01:05:56,630 --> 01:05:54,119

is public as a public persona on this

1609

01:05:59,870 --> 01:05:56,640

topic still has a career going on so

1610

01:06:02,270 --> 01:05:59,880

does Elizondo in the field or or uh

1611

01:06:04,730 --> 01:06:02,280

peripheral of the fields that that they

1612

01:06:06,230 --> 01:06:04,740

have or whatever their expertise that

1613

01:06:07,609 --> 01:06:06,240

they've gathered over the years so

1614

01:06:12,230 --> 01:06:07,619

they're both working in there regular

1615

01:06:15,109 --> 01:06:12,240

but they're also vocal proponent of

1616

01:06:17,510 --> 01:06:15,119

people that are um making sure or trying

1617

01:06:19,549 --> 01:06:17,520

to influence for this topic to move

1618

01:06:21,650 --> 01:06:19,559

forward and have more transparency so

1619

01:06:23,750 --> 01:06:21,660

that's number two number three

1620

01:06:26,089 --> 01:06:23,760

you have Mr rush now that's come forward

1621

01:06:27,529 --> 01:06:26,099

so now this is an individual again that

1622

01:06:30,710 --> 01:06:27,539

his own career path at different

1623

01:06:34,250 --> 01:06:30,720

agencies versus the Air Force then the

1624

01:06:36,890 --> 01:06:34,260

nro and then the NGA and now and then he

1625

01:06:38,630 --> 01:06:36,900

worked in this as it was exposed to the

1626
01:06:41,150 --> 01:06:38,640
information that's available in the

1627
01:06:43,190 --> 01:06:41,160
classified realm and

1628
01:06:46,370 --> 01:06:43,200
has come across things at his own

1629
01:06:49,609 --> 01:06:46,380
agencies it's it's my speculation okay

1630
01:06:51,289 --> 01:06:49,619
knowing from what I know from my time as

1631
01:06:54,170 --> 01:06:51,299
an intelligence analyst the things that

1632
01:06:56,930 --> 01:06:54,180
I came across is that came across other

1633
01:06:58,789 --> 01:06:56,940
things right and now he's a proponent of

1634
01:07:00,950 --> 01:06:58,799
this topic and he's trying to push it

1635
01:07:03,470 --> 01:07:00,960
and actually left

1636
01:07:04,849 --> 01:07:03,480
a lucrative career in the intelligence

1637
01:07:06,349 --> 01:07:04,859
field where he would have could have had

1638
01:07:09,309 --> 01:07:06,359

his real estate business on the side

1639

01:07:12,710 --> 01:07:09,319

making 177 some thousand dollars a year

1640

01:07:16,430 --> 01:07:12,720

private jets uh traveling everywhere

1641

01:07:18,829 --> 01:07:16,440

nice quiet behind the scenes person with

1642

01:07:22,250 --> 01:07:18,839

the great pension a great retirement has

1643

01:07:24,410 --> 01:07:22,260

left all of that because in in according

1644

01:07:27,230 --> 01:07:24,420

to him is his mission to move this

1645

01:07:29,990 --> 01:07:27,240

forward because you know you can have

1646

01:07:32,089 --> 01:07:30,000

you know classify Parts just like the

1647

01:07:33,770 --> 01:07:32,099

the nuclear weapons program a nuclear

1648

01:07:36,650 --> 01:07:33,780

program but

1649

01:07:38,390 --> 01:07:36,660

the housing Source open program where

1650

01:07:40,370 --> 01:07:38,400

it's academics and see it and you know

1651

01:07:42,349 --> 01:07:40,380

we can move our science forward so

1652

01:07:43,970 --> 01:07:42,359

that's number three I guess number four

1653

01:07:46,430 --> 01:07:43,980

that we really haven't talked about but

1654

01:07:50,329 --> 01:07:46,440

there's probably other ones but

1655

01:07:53,270 --> 01:07:50,339

um retired Colonel uh Carl Nell who

1656

01:07:55,370 --> 01:07:53,280

came forward was in Army liaison so you

1657

01:07:57,650 --> 01:07:55,380

have an army liaison now and I guess we

1658

01:08:00,529 --> 01:07:57,660

only have I guess one quote

1659

01:08:02,450 --> 01:08:00,539

uh in the debrief article is that he had

1660

01:08:05,630 --> 01:08:02,460

said that what

1661

01:08:08,450 --> 01:08:05,640

um Mr grushes basically said was what

1662

01:08:10,309 --> 01:08:08,460

was this is was fundamentally correct so

1663

01:08:12,829 --> 01:08:10,319

from his own perspective as an army

1664

01:08:15,289 --> 01:08:12,839

liaison of UAP task force is that from

1665

01:08:17,930 --> 01:08:15,299

his own experience that what Russia is

1666

01:08:18,829 --> 01:08:17,940

saying was fundamentally correct so now

1667

01:08:20,630 --> 01:08:18,839

you have

1668

01:08:23,450 --> 01:08:20,640

quartz of this

1669

01:08:27,050 --> 01:08:23,460

maybe no fire yet but there is smoke

1670

01:08:29,570 --> 01:08:27,060

every day it was billowing out of that

1671

01:08:32,450 --> 01:08:29,580

house okay and

1672

01:08:34,610 --> 01:08:32,460

you can either ignore it still or it

1673

01:08:37,970 --> 01:08:34,620

again I'm inviting the people of this

1674

01:08:41,870 --> 01:08:37,980

this to just be a quietly agnostic and

1675

01:08:44,030 --> 01:08:41,880

just sit back and allow these people

1676

01:08:46,370 --> 01:08:44,040

to let the processes that they've

1677

01:08:47,809 --> 01:08:46,380

initiated work its way out

1678

01:08:50,030 --> 01:08:47,819

because attacking their their

1679

01:08:52,450 --> 01:08:50,040

credibility or having something all that

1680

01:08:54,309 --> 01:08:52,460

is mannerisms he looked left he looked

1681

01:08:58,430 --> 01:08:54,319

what are you doing

1682

01:09:00,829 --> 01:08:58,440

don't deserve that they don't deserve

1683

01:09:03,709 --> 01:09:00,839

that wait till they actually did some do

1684

01:09:05,870 --> 01:09:03,719

something that's false or wrong you know

1685

01:09:07,550 --> 01:09:05,880

don't try to interject or speculate

1686

01:09:09,829 --> 01:09:07,560

you're not doing anybody any favors

1687

01:09:12,349 --> 01:09:09,839

you're not doing Society anything

1688

01:09:13,849 --> 01:09:12,359

just let the process go out if the

1689

01:09:15,550 --> 01:09:13,859

Inspector General comes out and says

1690

01:09:17,630 --> 01:09:15,560

that you know uh these claims are

1691

01:09:19,849 --> 01:09:17,640

unsubstantiated or congressional

1692

01:09:21,470 --> 01:09:19,859

committees you know if if those come out

1693

01:09:23,150 --> 01:09:21,480

and say that you know we don't we don't

1694

01:09:25,550 --> 01:09:23,160

believe this person because of X Y and Z

1695

01:09:28,490 --> 01:09:25,560

let's track those down too let's see if

1696

01:09:29,870 --> 01:09:28,500

if those facts are you know have

1697

01:09:32,390 --> 01:09:29,880

evidence behind them and then go from

1698

01:09:33,769 --> 01:09:32,400

there but to put a person on this that

1699

01:09:35,930 --> 01:09:33,779

I'm a

1700

01:09:37,749 --> 01:09:35,940

I'm looking at them through a 20-minute

1701

01:09:41,510 --> 01:09:37,759

interview

1702

01:09:43,130 --> 01:09:41,520

I took a class in this man in mannerisms

1703

01:09:45,110 --> 01:09:43,140

give me a break

1704

01:09:45,950 --> 01:09:45,120

I would I wouldn't put that in front of

1705

01:09:49,910 --> 01:09:45,960

a jury

1706

01:09:52,309 --> 01:09:49,920

get out of your [h__h] mind Sean I went

1707

01:09:55,669 --> 01:09:52,319

to Framingham Community College and took

1708

01:09:58,669 --> 01:09:55,679

a class in mannerisms

1709

01:10:00,590 --> 01:09:58,679

don't suck body language homes so you

1710

01:10:02,810 --> 01:10:00,600

have four career people with different

1711

01:10:05,390 --> 01:10:02,820

career paths that came across this

1712

01:10:10,790 --> 01:10:05,400

organization came across the evidence

1713

01:10:13,010 --> 01:10:10,800

that exists or the uh you know the gaps

1714

01:10:15,050 --> 01:10:13,020

in information and all they're saying is

1715

01:10:16,910 --> 01:10:15,060

let's track this [h__h] down

1716

01:10:20,990 --> 01:10:16,920

all gracious saying is that these people

1717

01:10:23,330 --> 01:10:21,000

yes claim that work in these programs

1718

01:10:25,370 --> 01:10:23,340

are saying that this is happening track

1719

01:10:28,729 --> 01:10:25,380

it down that's it

1720

01:10:31,370 --> 01:10:28,739

he he said Dr Sean Kirkpatrick please uh

1721

01:10:33,649 --> 01:10:31,380

I I gave told him you gave him the

1722

01:10:35,270 --> 01:10:33,659

information I had he has my number he

1723

01:10:37,070 --> 01:10:35,280

hasn't called me you know basically he

1724

01:10:41,090 --> 01:10:37,080

said he could go down the exact same

1725

01:10:43,430 --> 01:10:41,100

routes that I went but he when David

1726

01:10:45,770 --> 01:10:43,440

went to go down those routes and ask for

1727

01:10:48,169 --> 01:10:45,780

Access and was denied is when the

1728

01:10:49,550 --> 01:10:48,179

trouble started and Sean Kirkpatrick's

1729

01:10:53,510 --> 01:10:49,560

probably looking and going you know what

1730

01:10:54,649 --> 01:10:53,520

my my I I went on the grb calculator my

1731

01:10:56,450 --> 01:10:54,659

retirement where the government's

1732

01:10:58,610 --> 01:10:56,460

looking really good and I don't want to

1733

01:11:00,110 --> 01:10:58,620

screw this up so

1734

01:11:02,930 --> 01:11:00,120

um Christopher so what I want to do is

1735

01:11:05,570 --> 01:11:02,940

I'm going to get a parting shot from you

1736

01:11:07,850 --> 01:11:05,580

and then go with cabbie goodbyes and and

1737

01:11:09,410 --> 01:11:07,860

for Matt I was going to say it there's

1738

01:11:11,510 --> 01:11:09,420

there's smoke we don't have the fire yet

1739

01:11:14,270 --> 01:11:11,520

Matt it's like we have we've seen the

1740

01:11:19,010 --> 01:11:14,280

footprints Bigfoot's Prince and we have

1741

01:11:21,830 --> 01:11:19,020

The Fosters lager can size feces uh but

1742

01:11:24,350 --> 01:11:21,840

we haven't just seen the fur yet

1743

01:11:25,970 --> 01:11:24,360

Christopher

1744

01:11:28,490 --> 01:11:25,980

no no

1745

01:11:31,729 --> 01:11:28,500

um I I yeah I think it's been so

1746

01:11:34,130 --> 01:11:31,739

insightful having this um podcast and

1747

01:11:34,910 --> 01:11:34,140

I've learned something from you all this

1748

01:11:37,490 --> 01:11:34,920

evening

1749

01:11:38,930 --> 01:11:37,500

um so thank you very much uh yeah I I

1750

01:11:42,350 --> 01:11:38,940

think

1751

01:11:45,290 --> 01:11:42,360

see

1752

01:11:47,030 --> 01:11:45,300

um how the process unfolds I think

1753

01:11:49,010 --> 01:11:47,040

you're going to see

1754

01:11:51,110 --> 01:11:49,020

um new intelligence authorization that

1755

01:11:53,209 --> 01:11:51,120

graph languages come out in addition to

1756

01:11:55,430 --> 01:11:53,219

National Defense authorization at

1757

01:11:57,950 --> 01:11:55,440

language command I think that that

1758

01:11:59,510 --> 01:11:57,960

should be very very interesting I think

1759

01:12:01,850 --> 01:11:59,520

um and also

1760

01:12:04,610 --> 01:12:01,860

um there's the oversight

1761

01:12:07,370 --> 01:12:04,620

um house oversight committee as well

1762

01:12:11,030 --> 01:12:07,380

um which may hold a public hearing

1763

01:12:14,090 --> 01:12:11,040

um relating to um to UAP let's see who

1764

01:12:16,370 --> 01:12:14,100

we get I mean is Dave gonna go and

1765

01:12:17,810 --> 01:12:16,380

testify before that committee um if so

1766

01:12:19,370 --> 01:12:17,820

that would be very very interesting

1767

01:12:23,209 --> 01:12:19,380

indeed

1768

01:12:26,090 --> 01:12:23,219

um and um yeah I I I mean from my

1769

01:12:28,370 --> 01:12:26,100

understanding there may be other

1770

01:12:30,709 --> 01:12:28,380

um committee hearings as well

1771

01:12:33,290 --> 01:12:30,719

um I'm not certain they will occur

1772

01:12:36,050 --> 01:12:33,300

before the summer recess

1773

01:12:37,209 --> 01:12:36,060

um and I can only say that the intent of

1774

01:12:39,590 --> 01:12:37,219

certain

1775

01:12:42,649 --> 01:12:39,600

members of other committed that say

1776

01:12:44,390 --> 01:12:42,659

within the Congress to hold hearings

1777

01:12:45,950 --> 01:12:44,400

um I don't know if they will definitely

1778

01:12:47,810 --> 01:12:45,960

happen but I said there's definitely

1779

01:12:49,729 --> 01:12:47,820

some intent to hold further hearings and

1780

01:12:51,410 --> 01:12:49,739

go further than the oversight

1781

01:12:52,250 --> 01:12:51,420

um community of the house

1782

01:12:54,050 --> 01:12:52,260

um so I think that'd be really

1783

01:12:55,729 --> 01:12:54,060

interesting and and yeah I think there's

1784

01:12:58,130 --> 01:12:55,739

some really really good excellent

1785

01:12:59,330 --> 01:12:58,140

journalists um looking into this deeper

1786

01:13:01,310 --> 01:12:59,340

now

1787

01:13:02,750 --> 01:13:01,320

um and I think if they dig in all the

1788

01:13:04,550 --> 01:13:02,760

correct holes

1789

01:13:07,189 --> 01:13:04,560

um I think that they'll um they'll find

1790

01:13:08,570 --> 01:13:07,199

a lot of um interesting stuff to report

1791

01:13:11,510 --> 01:13:08,580

on

1792

01:13:14,030 --> 01:13:11,520

um but yeah like um it's going to be a

1793

01:13:16,370 --> 01:13:14,040

very very interesting process and um I

1794

01:13:18,950 --> 01:13:16,380

think for those who complain previously

1795

01:13:21,050 --> 01:13:18,960

that this whole process has been so slow

1796

01:13:23,590 --> 01:13:21,060

uh I think it's gonna definitely going

1797

01:13:26,149 --> 01:13:23,600

to accelerate nowadays

1798

01:13:28,130 --> 01:13:26,159

and Chris is like no DJ it's gonna

1799

01:13:29,050 --> 01:13:28,140

happen and I was like yeah okay Chris

1800

01:13:31,850 --> 01:13:29,060

and then it happened

1801

01:13:34,490 --> 01:13:31,860

[Laughter]

1802

01:13:36,530 --> 01:13:34,500

you're right on the money Chris you're

1803

01:13:39,050 --> 01:13:36,540

right on the money uh and by the way

1804

01:13:41,390 --> 01:13:39,060

before I I get in trouble one of my

1805

01:13:43,490 --> 01:13:41,400

teammates from Dean is the Deputy police

1806

01:13:45,290 --> 01:13:43,500

chief of Framingham so I wasn't trying

1807

01:13:48,169 --> 01:13:45,300

to make light a Framingham Community

1808

01:13:50,390 --> 01:13:48,179

College and it's so cool we have someone

1809

01:13:52,010 --> 01:13:50,400

here from New England on my right and

1810

01:13:54,350 --> 01:13:52,020

then old England on my left so it's

1811

01:13:56,169 --> 01:13:54,360

great all the same town names

1812

01:13:58,910 --> 01:13:56,179

yeah

1813

01:14:00,649 --> 01:13:58,920

all right uh let's go with cabbie

1814

01:14:03,410 --> 01:14:00,659

goodbyes Matt

1815

01:14:05,270 --> 01:14:03,420

I don't even know what to say to that

1816

01:14:07,850 --> 01:14:05,280

comment that you just made

1817

01:14:08,750 --> 01:14:07,860

no I mean I was trying to allude to I

1818

01:14:11,090 --> 01:14:08,760

was thinking of the Pennsylvania

1819

01:14:13,310 --> 01:14:11,100

researcher that said I found the thesis

1820

01:14:16,510 --> 01:14:13,320

and it looked like the size of Foster's

1821

01:14:20,450 --> 01:14:16,520

lager cans but human shaped feces

1822

01:14:25,130 --> 01:14:22,790

go ahead brother no offense any

1823

01:14:28,370 --> 01:14:25,140

Australians listening I know my uh

1824

01:14:29,570 --> 01:14:28,380

accent impersonation is horrible uh yeah

1825

01:14:31,910 --> 01:14:29,580

man I

1826

01:14:35,270 --> 01:14:31,920

this isn't just you know this isn't just

1827

01:14:37,910 --> 01:14:35,280

a story uh it's the very tip of a very

1828

01:14:41,030 --> 01:14:37,920

huge Iceberg there's a body of evidence

1829

01:14:43,850 --> 01:14:41,040

that the public does isn't privy to you

1830

01:14:46,610 --> 01:14:43,860

know it he's making a claim but he's

1831

01:14:49,910 --> 01:14:46,620

also saying and here's how I reached

1832

01:14:52,250 --> 01:14:49,920

this point and go investigate it for

1833

01:14:53,090 --> 01:14:52,260

yourself and see if you reach the same

1834

01:14:56,750 --> 01:14:53,100

point

1835

01:14:59,930 --> 01:14:56,760

uh it's a going to be a very thorough

1836

01:15:02,270 --> 01:14:59,940

process we've designed it that way he

1837

01:15:03,950 --> 01:15:02,280

handled it the right way and by coming

1838

01:15:07,070 --> 01:15:03,960

forward and letting everybody in the

1839

01:15:10,010 --> 01:15:07,080

world know hey I've filed this complaint

1840

01:15:11,870 --> 01:15:10,020

the gears are in motion they can't

1841

01:15:13,189 --> 01:15:11,880

suppress it now they have to come

1842

01:15:15,530 --> 01:15:13,199

forward with something at some point

1843

01:15:17,990 --> 01:15:15,540

they have to reach a decision and let

1844

01:15:20,350 --> 01:15:18,000

people know about it and I think that's

1845

01:15:22,870 --> 01:15:20,360

a huge for disclosure

1846

01:15:26,270 --> 01:15:22,880

I've thoroughly enjoyed the conversation

1847

01:15:29,990 --> 01:15:26,280

learned a lot of information uh Sean and

1848

01:15:31,910 --> 01:15:30,000

Christopher wow I'm I DJ has kept you a

1849

01:15:34,010 --> 01:15:31,920

secret from me this whole time I'm glad

1850

01:15:35,450 --> 01:15:34,020

the cats are out of the bag now you guys

1851

01:15:37,250 --> 01:15:35,460

are amazing thank you for everything

1852

01:15:39,470 --> 01:15:37,260

you've done and uh keep up the great

1853

01:15:43,070 --> 01:15:40,370

thanks

1854

01:15:44,570 --> 01:15:43,080

hey can I get amen uh yeah this is

1855

01:15:47,450 --> 01:15:44,580

potentially the biggest story of all

1856

01:15:49,610 --> 01:15:47,460

time and people are wondering about uh

1857

01:15:51,709 --> 01:15:49,620

The Real Housewives of New Jersey and

1858

01:15:54,169 --> 01:15:51,719

what's happening with uh Frank and

1859

01:15:56,330 --> 01:15:54,179

Theresa and blah blah blah it's amazing

1860

01:15:58,550 --> 01:15:56,340

and past the salt by the way yeah great

1861

01:16:01,750 --> 01:15:58,560

there's UFOs this potentially the I mean

1862

01:16:06,830 --> 01:16:01,760

this if go back and listen to the uncut

1863

01:16:10,310 --> 01:16:06,840

the uncut version of uh that somebody I

1864

01:16:12,290 --> 01:16:10,320

think technopoodle put on uh YouTube is

1865

01:16:14,750 --> 01:16:12,300

the uncut Ross coaltart interview where

1866

01:16:17,209 --> 01:16:14,760

there's no commercials it is even for

1867

01:16:19,430 --> 01:16:17,219

people everybody on this panel except

1868

01:16:21,709 --> 01:16:19,440

Matt has heard every one of these

1869

01:16:24,649 --> 01:16:21,719

hypotheses pretty much that was laid out

1870

01:16:27,410 --> 01:16:24,659

I think save for one

1871

01:16:29,390 --> 01:16:27,420

um and it's still shocking it really is

1872

01:16:31,010 --> 01:16:29,400

just mind-blowing because we have a guy

1873

01:16:32,930 --> 01:16:31,020

who also we didn't mention he has a

1874

01:16:35,030 --> 01:16:32,940

degree in physics essentially he's a

1875

01:16:37,189 --> 01:16:35,040

physicist that that's an Intel guy

1876

01:16:39,290 --> 01:16:37,199

that's analyzing the different the

1877

01:16:43,970 --> 01:16:39,300

fourth and fifth dimension and the

1878

01:16:47,630 --> 01:16:43,980

potentiality of uh of this uh being in a

1879

01:16:50,689 --> 01:16:47,640

co-located physical space that's able to

1880

01:16:54,770 --> 01:16:50,699

enter into our space when it wants to

1881

01:16:57,530 --> 01:16:54,780

and football size field size craft so it

1882

01:16:59,630 --> 01:16:57,540

there's so much there watch it and it's

1883

01:17:01,370 --> 01:16:59,640

just a and it's it's it's stuff that

1884

01:17:03,709 --> 01:17:01,380

we've all heard we've heard this

1885

01:17:06,350 --> 01:17:03,719

hypothesized in the community but we've

1886

01:17:08,450 --> 01:17:06,360

never had it verified by this high of

1887

01:17:09,950 --> 01:17:08,460

source ever that's what makes it a big

1888

01:17:13,130 --> 01:17:09,960

story

1889

01:17:14,870 --> 01:17:13,140

um Deb if you uh first of all

1890

01:17:16,430 --> 01:17:14,880

um Julie is saying there's a question

1891

01:17:20,930 --> 01:17:16,440

from Grant I don't know if that's Grant

1892

01:17:23,090 --> 01:17:20,940

levock if you have a question Julie just

1893

01:17:25,370 --> 01:17:23,100

pose it before we close and we'll get it

1894

01:17:27,050 --> 01:17:25,380

in there uh Deb go with your cabbie

1895

01:17:28,729 --> 01:17:27,060

goodbye if you would ma'am all right

1896

01:17:30,470 --> 01:17:28,739

unless you have something else you have

1897

01:17:33,169 --> 01:17:30,480

a few things one I need to defend

1898

01:17:36,130 --> 01:17:33,179

reality TV because it makes great

1899

01:17:38,870 --> 01:17:36,140

background while you're researching UFOs

1900

01:17:40,669 --> 01:17:38,880

like I use it all the time as background

1901

01:17:43,130 --> 01:17:40,679

second

1902

01:17:45,050 --> 01:17:43,140

beautiful you know for all those cabbies

1903

01:17:47,270 --> 01:17:45,060

who have been long time listeners get

1904

01:17:49,850 --> 01:17:47,280

those seat belts because we really are

1905

01:17:51,830 --> 01:17:49,860

going to be in for a bumpy ride we need

1906

01:17:55,310 --> 01:17:51,840

to really be thinking about how people

1907

01:17:57,590 --> 01:17:55,320

are handling some of these drops

1908

01:18:00,470 --> 01:17:57,600

um and you know I think it was smart to

1909

01:18:02,870 --> 01:18:00,480

do the drip method because you saw how

1910

01:18:05,149 --> 01:18:02,880

it just you know

1911

01:18:06,709 --> 01:18:05,159

people just get riled up like that's the

1912

01:18:09,530 --> 01:18:06,719

nicest way to put it within the

1913

01:18:12,310 --> 01:18:09,540

community so be gentle with each other

1914

01:18:15,229 --> 01:18:12,320

as Kelly Chase said

1915

01:18:16,790 --> 01:18:15,239

recently please try to be gentle with

1916

01:18:19,430 --> 01:18:16,800

each other

1917

01:18:20,330 --> 01:18:19,440

um and then of course thank you both for

1918

01:18:23,390 --> 01:18:20,340

coming

1919

01:18:26,030 --> 01:18:23,400

um it's Liberation Times by the way Matt

1920

01:18:28,130 --> 01:18:26,040

that you need to go check out and thank

1921

01:18:31,790 --> 01:18:28,140

you Sean for being here also you guys

1922

01:18:34,250 --> 01:18:31,800

are awesome thank you

1923

01:18:36,830 --> 01:18:34,260

okay uh let me get to

1924

01:18:38,810 --> 01:18:36,840

um I I agree with what Jeff just said

1925

01:18:41,810 --> 01:18:38,820

um I I want to answer Grant lavac's

1926

01:18:43,850 --> 01:18:41,820

question yeah Grant you and I will we'll

1927

01:18:46,850 --> 01:18:43,860

talk so what do we make about the UK and

1928

01:18:48,649 --> 01:18:46,860

Australia's reluctance to come on on in

1929

01:18:51,649 --> 01:18:48,659

their on their participation in five

1930

01:18:54,110 --> 01:18:51,659

eyes Forum when UK and New Zealand have

1931

01:18:56,390 --> 01:18:54,120

been forthcoming P.S please consider and

1932

01:18:59,209 --> 01:18:56,400

block me all right well all right grant

1933

01:19:01,250 --> 01:18:59,219

yeah I'll I'll uh I'll call you brother

1934

01:19:02,330 --> 01:19:01,260

we'll we can unblock it so I'm not an

1935

01:19:04,669 --> 01:19:02,340

issue

1936

01:19:06,290 --> 01:19:04,679

um okay so if I don't know if you guys

1937

01:19:09,050 --> 01:19:06,300

want to take a stab at that starting

1938

01:19:10,370 --> 01:19:09,060

with Sean about uh what do you make of

1939

01:19:12,410 --> 01:19:10,380

the UK and Australia's reluctance

1940

01:19:14,709 --> 01:19:12,420

comment on their participation in the

1941

01:19:16,790 --> 01:19:14,719

five eyes form

1942

01:19:19,370 --> 01:19:16,800

possibly at this point there's there's

1943

01:19:21,290 --> 01:19:19,380

probably not a a joint I would assume

1944

01:19:25,130 --> 01:19:21,300

that there's not a a joint public

1945

01:19:28,310 --> 01:19:25,140

affairs kind of uh

1946

01:19:29,810 --> 01:19:28,320

policy of okay this question receives

1947

01:19:31,850 --> 01:19:29,820

this answer this question receives that

1948

01:19:33,169 --> 01:19:31,860

answer it hasn't been you know

1949

01:19:34,669 --> 01:19:33,179

formulated the last thing they want to

1950

01:19:35,510 --> 01:19:34,679

do is make a statement that contradicts

1951

01:19:38,030 --> 01:19:35,520

another

1952

01:19:39,770 --> 01:19:38,040

uh Ally Nation at this point right

1953

01:19:41,450 --> 01:19:39,780

that's I was I would assume that that

1954

01:19:43,669 --> 01:19:41,460

would be my my perspective at this point

1955

01:19:45,229 --> 01:19:43,679

so no comment versus a comment that

1956

01:19:46,729 --> 01:19:45,239

potentially

1957

01:19:49,310 --> 01:19:46,739

um

1958

01:19:50,510 --> 01:19:49,320

goes a little further or contradicts

1959

01:19:53,750 --> 01:19:50,520

what another nation's going to put out

1960

01:19:55,669 --> 01:19:53,760

so don't put on anything at this point

1961

01:19:56,990 --> 01:19:55,679

um I would say from my perspective I

1962

01:19:58,669 --> 01:19:57,000

actually said this earlier in the

1963

01:20:01,189 --> 01:19:58,679

program Grant

1964

01:20:03,350 --> 01:20:01,199

um all of these nations have a program

1965

01:20:06,229 --> 01:20:03,360

and they have decided that it is in

1966

01:20:09,350 --> 01:20:06,239

their interest not to talk about it I

1967

01:20:10,850 --> 01:20:09,360

cannot speculate for you on why that is

1968

01:20:12,229 --> 01:20:10,860

because it would be nothing more than

1969

01:20:15,350 --> 01:20:12,239

that

1970

01:20:16,910 --> 01:20:15,360

um the UK and Australia uh as you said

1971

01:20:19,250 --> 01:20:16,920

they're part of five eyes we share and

1972

01:20:21,110 --> 01:20:19,260

tell with them can't really Commonwealth

1973

01:20:23,149 --> 01:20:21,120

Commonwealth Nations historically and

1974

01:20:24,649 --> 01:20:23,159

not as transparent with putting

1975

01:20:26,750 --> 01:20:24,659

information out you have a little more

1976

01:20:29,390 --> 01:20:26,760

control over their media organization so

1977

01:20:33,530 --> 01:20:29,400

the United States kind of has no choice

1978

01:20:36,410 --> 01:20:33,540

because media has a little more you know

1979

01:20:40,550 --> 01:20:36,420

ability to push the threshold

1980

01:20:42,530 --> 01:20:40,560

in uh demand answers demand answers from

1981

01:20:44,630 --> 01:20:42,540

historically I believe that the

1982

01:20:46,910 --> 01:20:44,640

Commonwealth Nations don't necessarily

1983

01:20:48,709 --> 01:20:46,920

have those types of bomb

1984

01:20:51,890 --> 01:20:48,719

media

1985

01:20:52,970 --> 01:20:51,900

Freedom yeah we're we're and I'm going

1986

01:20:55,250 --> 01:20:52,980

to go to you right now Chris we're

1987

01:20:58,669 --> 01:20:55,260

rebellious country but Grant I there's

1988

01:21:00,229 --> 01:20:58,679

no way we could know why that the UK and

1989

01:21:02,450 --> 01:21:00,239

the Australian government see it in

1990

01:21:04,669 --> 01:21:02,460

their interest not to talk about it Sean

1991

01:21:06,890 --> 01:21:04,679

it could be that is saying from a public

1992

01:21:09,830 --> 01:21:06,900

affairs perspective they may not want to

1993

01:21:11,510 --> 01:21:09,840

step on toes and comment on our our

1994

01:21:13,490 --> 01:21:11,520

disclosure that's happened in our

1995

01:21:15,169 --> 01:21:13,500

country but why they're not revealing

1996

01:21:17,689 --> 01:21:15,179

their programs to you

1997

01:21:20,030 --> 01:21:17,699

that's their decision as a Sovereign

1998

01:21:22,189 --> 01:21:20,040

Nation not to do that I I couldn't guess

1999

01:21:23,750 --> 01:21:22,199

why that would be

2000

01:21:26,450 --> 01:21:23,760

Christopher

2001

01:21:29,270 --> 01:21:26,460

yeah it's a bit over the top in all

2002

01:21:30,770 --> 01:21:29,280

honesty because the question that I put

2003

01:21:33,950 --> 01:21:30,780

forth to

2004

01:21:37,610 --> 01:21:33,960

um all the all these nations in terms of

2005

01:21:39,830 --> 01:21:37,620

their um their defense contacts is that

2006

01:21:43,010 --> 01:21:39,840

can you confirm

2007

01:21:45,770 --> 01:21:43,020

um that you had representation that the

2008

01:21:47,270 --> 01:21:45,780

issue briefing that Sean Kirkpatrick

2009

01:21:48,770 --> 01:21:47,280

confirmed that he helped between the

2010

01:21:51,530 --> 01:21:48,780

five eyes

2011

01:21:54,350 --> 01:21:51,540

um and so far the New Zealand Defense

2012

01:21:57,530 --> 01:21:54,360

Force said yeah we had someone there

2013

01:22:00,169 --> 01:21:57,540

um the Canadians said yeah we had

2014

01:22:02,450 --> 01:22:00,179

someone there the Americans goes about

2015

01:22:05,090 --> 01:22:02,460

saying but the British and Australians

2016

01:22:07,370 --> 01:22:05,100

they they can't even they can't even

2017

01:22:09,169 --> 01:22:07,380

admit that I mean the UK is pretty well

2018

01:22:11,810 --> 01:22:09,179

locked up basically they say look it's

2019

01:22:14,270 --> 01:22:11,820

our policy that we'll never discuss such

2020

01:22:16,130 --> 01:22:14,280

matters publicly so that they they

2021

01:22:18,050 --> 01:22:16,140

basically got it sewn up already so they

2022

01:22:19,729 --> 01:22:18,060

don't need to say to you that you know

2023

01:22:21,950 --> 01:22:19,739

we're going to deny that on the

2024

01:22:25,010 --> 01:22:21,960

commentary thing so that's pretty smart

2025

01:22:28,550 --> 01:22:25,020

of them I'm still waiting to hear back

2026

01:22:30,590 --> 01:22:28,560

from the the Australians on this I

2027

01:22:31,610 --> 01:22:30,600

suspect I'll get it I'll get a similar

2028

01:22:34,130 --> 01:22:31,620

answer

2029

01:22:37,189 --> 01:22:34,140

um but it does I think point to quite a

2030

01:22:39,169 --> 01:22:37,199

major problem in terms of transparency

2031

01:22:41,030 --> 01:22:39,179

um in my own country and also in

2032

01:22:43,250 --> 01:22:41,040

Australia that we're not even getting

2033

01:22:44,870 --> 01:22:43,260

the level of transparency that the

2034

01:22:46,910 --> 01:22:44,880

Americans

2035

01:22:48,830 --> 01:22:46,920

um are getting on the UAP topic and you

2036

01:22:50,870 --> 01:22:48,840

know there's lots of people who will

2037

01:22:53,209 --> 01:22:50,880

criticize the American government for a

2038

01:22:55,310 --> 01:22:53,219

lack of transparency and I think

2039

01:22:57,770 --> 01:22:55,320

you know if it's bad in the US it's even

2040

01:22:59,750 --> 01:22:57,780

worse in the UK and I criticize season

2041

01:23:01,430 --> 01:22:59,760

golf a lot but she's been great

2042

01:23:04,189 --> 01:23:01,440

otherwise you know she provides much

2043

01:23:06,890 --> 01:23:04,199

more information to me than my own

2044

01:23:08,810 --> 01:23:06,900

government's ever provided to me

2045

01:23:12,530 --> 01:23:08,820

um and I would also just add this as

2046

01:23:14,030 --> 01:23:12,540

well I would suggest and I would I would

2047

01:23:16,189 --> 01:23:14,040

say that some very very good sources

2048

01:23:20,510 --> 01:23:16,199

support me that the five eyes are very

2049

01:23:22,610 --> 01:23:20,520

well aware of um UAP as an issue and

2050

01:23:25,550 --> 01:23:22,620

this isn't the first time that the five

2051
01:23:28,010 --> 01:23:25,560
eyes have actually sat down and spoken

2052
01:23:30,590 --> 01:23:28,020
about this topic and um

2053
01:23:32,450 --> 01:23:30,600
yeah I I think it's something that we

2054
01:23:34,610 --> 01:23:32,460
should keep an eye on there are a number

2055
01:23:36,229 --> 01:23:34,620
of theaters where the five eyes allies

2056
01:23:37,910 --> 01:23:36,239
work together

2057
01:23:40,850 --> 01:23:37,920
um on and

2058
01:23:44,149 --> 01:23:40,860
um you know as it as it's said by Sean

2059
01:23:45,950 --> 01:23:44,159
Kirkpatrick the uap's team all over the

2060
01:23:48,229 --> 01:23:45,960
world it's not just

2061
01:23:51,709 --> 01:23:48,239
um restricted to the um the United

2062
01:23:54,350 --> 01:23:51,719
States and from the coast so it's a key

2063
01:23:57,290 --> 01:23:54,360

thing to consider yeah great question

2064

01:24:01,070 --> 01:23:57,300

yep that um that is that is a great

2065

01:24:02,990 --> 01:24:01,080

question thank you grant for that and um

2066

01:24:05,750 --> 01:24:03,000

yeah it's um

2067

01:24:09,470 --> 01:24:05,760

it's it's very speculative but uh I've

2068

01:24:12,830 --> 01:24:09,480

said that if these other countries had a

2069

01:24:16,070 --> 01:24:12,840

Lu Elizondo a Christopher melon if they

2070

01:24:18,470 --> 01:24:16,080

had now a David Rush that came out and

2071

01:24:20,750 --> 01:24:18,480

and it and said hey I'm coming forth

2072

01:24:22,970 --> 01:24:20,760

through uh an official Channel through

2073

01:24:25,070 --> 01:24:22,980

some sort of a whistleblower construct

2074

01:24:27,229 --> 01:24:25,080

that were to exist if that exists I'm

2075

01:24:29,570 --> 01:24:27,239

sure it does in the UK and Australia

2076

01:24:31,669 --> 01:24:29,580

then this topic would you know this

2077

01:24:33,950 --> 01:24:31,679

could happen the reason that we have

2078

01:24:36,050 --> 01:24:33,960

this is because people it's a we're a

2079

01:24:37,850 --> 01:24:36,060

rebellious Nation you know obviously we

2080

01:24:40,370 --> 01:24:37,860

were the colonies I mean you know what

2081

01:24:42,590 --> 01:24:40,380

America is all about we're a very you

2082

01:24:44,149 --> 01:24:42,600

know uh roughhouse kind of a group and

2083

01:24:47,090 --> 01:24:44,159

people came forward and said this is

2084

01:24:49,729 --> 01:24:47,100

bullcrap and I'm not taking it and I'm

2085

01:24:51,770 --> 01:24:49,739

going to report it and if you had a

2086

01:24:54,530 --> 01:24:51,780

David fravor in your country or in Alex

2087

01:24:56,870 --> 01:24:54,540

Dietrich or Lu Elizondo you would get

2088

01:24:59,209 --> 01:24:56,880

off the ground as well but the reason

2089

01:25:02,209 --> 01:24:59,219

that this has come forward is because of

2090

01:25:04,430 --> 01:25:02,219

those guys this the government does not

2091

01:25:06,709 --> 01:25:04,440

move from its position just because

2092

01:25:09,530 --> 01:25:06,719

people on Twitter say I want to know

2093

01:25:11,510 --> 01:25:09,540

they moved because Lou Elizondo and

2094

01:25:12,709 --> 01:25:11,520

Christopher Mellon and all these the

2095

01:25:14,810 --> 01:25:12,719

people they're going to be known as the

2096

01:25:17,689 --> 01:25:14,820

forefathers of this movement made them

2097

01:25:18,950 --> 01:25:17,699

move because they had recency and

2098

01:25:21,410 --> 01:25:18,960

legitimacy

2099

01:25:24,410 --> 01:25:21,420

does that mean that Rick Doherty wasn't

2100

01:25:26,510 --> 01:25:24,420

legitimate or or Philip Corso or others

2101
01:25:28,250 --> 01:25:26,520
no they were legitimate as well but they

2102
01:25:31,070 --> 01:25:28,260
don't have the recency

2103
01:25:33,649 --> 01:25:31,080
and the and the current day connections

2104
01:25:35,689 --> 01:25:33,659
and active clearances and so forth that

2105
01:25:38,510 --> 01:25:35,699
they could come forward and get those

2106
01:25:41,030 --> 01:25:38,520
videos released now well shoot now we

2107
01:25:43,910 --> 01:25:41,040
got to talk about these videos so

2108
01:25:46,130 --> 01:25:43,920
I mean that's essentially a large part

2109
01:25:48,950 --> 01:25:46,140
of it but the reason it's not happening

2110
01:25:51,890 --> 01:25:48,960
is those two reasons a Nobody Has Come

2111
01:25:53,990 --> 01:25:51,900
forward and and shifted their paradigms

2112
01:25:55,189 --> 01:25:54,000
so that they have to talk about it A and

2113
01:25:56,810 --> 01:25:55,199

B

2114

01:25:58,850 --> 01:25:56,820

um those governments that that

2115

01:26:00,770 --> 01:25:58,860

Christopher said he's reached out to his

2116

01:26:02,930 --> 01:26:00,780

own Australia and you know among others

2117

01:26:05,390 --> 01:26:02,940

have decided it's not in their interest

2118

01:26:07,550 --> 01:26:05,400

for whatever reason to talk about it

2119

01:26:09,890 --> 01:26:07,560

unfortunately we would disagree with

2120

01:26:11,330 --> 01:26:09,900

them patently all of us and our

2121

01:26:14,510 --> 01:26:11,340

community would disagree with them but

2122

01:26:18,590 --> 01:26:16,729

okay oh okay so there you go I finished

2123

01:26:20,750 --> 01:26:18,600

off my own job

2124

01:26:23,030 --> 01:26:20,760

um I want to thank you guys uh we kept

2125

01:26:25,550 --> 01:26:23,040

you uh you know nearly 30 minutes longer

2126

01:26:27,350 --> 01:26:25,560

than we thought uh but everybody made a

2127

01:26:29,870 --> 01:26:27,360

lot of great points I'm sorry that that

2128

01:26:33,050 --> 01:26:29,880

we did I apologize to well Chris's

2129

01:26:35,570 --> 01:26:33,060

wife's asleep but Sean says and so and

2130

01:26:37,250 --> 01:26:35,580

his kids thank you so much uh Sean I

2131

01:26:39,290 --> 01:26:37,260

really appreciate it brother

2132

01:26:42,770 --> 01:26:39,300

I really do I hope I was able to add

2133

01:26:46,250 --> 01:26:44,090

thank you very much for the opportunity

2134

01:26:47,930 --> 01:26:46,260

to speak oh man we can't wait to have

2135

01:26:49,850 --> 01:26:47,940

you this was the first time but it's not

2136

01:26:51,530 --> 01:26:49,860

going to be the last invitation you get

2137

01:26:53,030 --> 01:26:51,540

of that I can assure you Christopher

2138

01:26:56,030 --> 01:26:53,040

you've been on a couple times you've

2139

01:26:58,970 --> 01:26:56,040

been on some uh our round tables uh our

2140

01:27:01,550 --> 01:26:58,980

uh you what is it what are those shows

2141

01:27:04,729 --> 01:27:01,560

the rock and roll shows that we have

2142

01:27:08,390 --> 01:27:04,739

oh yeah yeah I'm a miracula I'm a

2143

01:27:09,550 --> 01:27:08,400

veteran of this you know so uh yeah I'm

2144

01:27:12,050 --> 01:27:09,560

honored

2145

01:27:14,750 --> 01:27:12,060

so thank you everybody in the chat all

2146

01:27:17,570 --> 01:27:14,760

you guys Duncan Deanne uh I see Escape

2147

01:27:19,430 --> 01:27:17,580

FX Bob Marley

2148

01:27:21,649 --> 01:27:19,440

um all you get yeah Deanna I'm sorry I

2149

01:27:24,950 --> 01:27:21,659

said her name wrong Deanne uh I

2150

01:27:28,070 --> 01:27:24,960

appreciate all you guys Jules Grant

2151

01:27:31,010 --> 01:27:28,080

um and for uh Matt for Debs for Sean and

2152

01:27:31,790 --> 01:27:31,020

for Christopher this is DJ Singh peace

2153

01:27:33,350 --> 01:27:31,800

out

2154

01:27:35,629 --> 01:27:33,360

One Love

2155

01:27:37,610 --> 01:27:35,639

we'll see you down the road and as

2156

01:27:41,510 --> 01:27:37,620

always we wonder what's up around the
