

1

00:00:00,000 --> 00:00:01,240

What is that thing?

2

00:00:01,240 --> 00:00:02,800

It's low, too, and it's big.

3

00:00:02,800 --> 00:00:04,200

That's a freaking triangle.

4

00:00:04,200 --> 00:00:05,200

We'll bite over it.

5

00:00:05,200 --> 00:00:11,040

This time on Chasing UFOs in California's San Joaquin Valley.

6

00:00:11,040 --> 00:00:14,000

I saw what appeared to be a fire.

7

00:00:14,000 --> 00:00:17,200

This fire started lifting.

8

00:00:17,200 --> 00:00:19,920

A rash of mysterious sighting sparked rumors,

9

00:00:19,920 --> 00:00:22,240

but a secret military base is experimenting

10

00:00:22,240 --> 00:00:24,120

with alien technology.

11

00:00:24,120 --> 00:00:26,960

All of a sudden, out of nowhere, a caravan on our trucks

12

00:00:26,960 --> 00:00:28,720

came.

13

00:00:28,800 --> 00:00:32,560

Seeking answers, rider Ben and James traveled to Fresno,

14

00:00:32,560 --> 00:00:34,800

where the local sky watchers believe they're

15

00:00:34,800 --> 00:00:36,720

the ones being watched.

16

00:00:36,720 --> 00:00:39,560

Wherever I seem to investigate a case on UFOs,

17

00:00:39,560 --> 00:00:40,800

white vehicles seem to follow.

18

00:00:43,560 --> 00:00:46,400

Will the harsh conditions force them to drop the case?

19

00:00:46,400 --> 00:00:47,200

Oh, my god!

20

00:00:47,200 --> 00:00:50,800

Or will what they find put not only the investigation,

21

00:00:50,800 --> 00:00:54,040

but themselves at risk?

22

00:00:54,040 --> 00:00:55,440

Under the tree, James.

23

00:00:56,440 --> 00:01:00,440

Lovey-novey was not any earthly craft.

24

00:01:00,440 --> 00:01:01,440

Did you see that?

25

00:01:01,440 --> 00:01:03,440

There's usually a more conventional explanation

26

00:01:03,440 --> 00:01:05,440

for unidentified things that people are seeing

27

00:01:05,440 --> 00:01:07,440

if you take the time to look for them.

28

00:01:07,440 --> 00:01:09,440

For the first time in my life, I'm caught believing

29

00:01:09,440 --> 00:01:12,440

that the possibility of UFOs is all too real.

30

00:01:12,440 --> 00:01:15,440

For me to be out here looking for evidence, this is it.

31

00:01:15,440 --> 00:01:16,440

This is what I live for.

32

00:01:16,440 --> 00:01:18,440

It's what I've been dreaming about.

33

00:01:18,440 --> 00:01:20,440

Oh, my god!

34

00:01:20,440 --> 00:01:21,440

Wow!

35

00:01:21,440 --> 00:01:22,440

God!

36

00:01:25,440 --> 00:01:27,440

Hold on.

37

00:01:40,440 --> 00:01:44,440

We are in route to Fresno to investigate

38

00:01:44,440 --> 00:01:46,440

this rash of triangle sightings.

39

00:01:49,440 --> 00:01:51,440

For decades, people have reported seeing

40

00:01:51,440 --> 00:01:54,440

unidentified objects in the sky.

41

00:01:54,440 --> 00:01:58,440

What's really interesting is how similar all these encounters are.

42

00:01:58,440 --> 00:02:02,440

People have said that they've seen strange triangular crafts.

43

00:02:02,440 --> 00:02:05,440

We have one of those videos I think it's from 2010.

44

00:02:05,440 --> 00:02:07,440

Yeah, I'm looking at that right now. Let's check it out.

45

00:02:08,440 --> 00:02:09,440

Look at it, look at it.

46

00:02:09,440 --> 00:02:10,440

It looks like triangle.

47

00:02:10,440 --> 00:02:11,440

It is.

48

00:02:11,440 --> 00:02:12,440

It's a triangle?

49

00:02:12,440 --> 00:02:13,440

Yeah.

50

00:02:13,440 --> 00:02:15,440

I am, I am, I am, I am.

51

00:02:15,440 --> 00:02:17,440

It looks like it's got a beacon light.

52

00:02:17,440 --> 00:02:21,440

Yeah, it's just a sort of a terrestrial appearing strobe.

53

00:02:21,440 --> 00:02:24,440

Yeah, but it definitely shaped like a triangle.

54

00:02:24,440 --> 00:02:30,440

All these reports of these silent, huge triangular shaped craft has piqued my interest.

55

00:02:30,440 --> 00:02:34,440

I want to find out who's piloting these things and where they come from.

56

00:02:34,440 --> 00:02:41,440

I mean, obviously we got to point out that if you look at a landing light and two wings, that makes a triangle.

57

00:02:42,440 --> 00:02:49,440

The shape of these alleged objects as triangular to me is a dead giveaway that what we might be looking at is misidentified aircraft.

58

00:02:50,440 --> 00:02:58,440

The interesting thing about the main eyewitness who actually captured this video is that she wants to keep her identity a secret.

59

00:02:58,440 --> 00:03:11,440

And the reason being is that she's started believing that she's being followed and kind of a little bit paranoid about her safety and her family's safety after shooting this video.

60

00:03:20,440 --> 00:03:26,440

Our first stop is to meet with an eyewitness that we're calling Sarah.

61

00:03:26,440 --> 00:03:35,440

We've actually had to hide her real identity because she says that she's been under surveillance ever since posting a UFO video online.

62

00:03:35,440 --> 00:03:40,440

Why don't you tell us a little bit about the encounter you had on the night of August 22nd?

63

00:03:40,440 --> 00:03:46,440

Well, my husband, he was outside talking on the phone and he knocked on the window.

64

00:03:47,440 --> 00:03:51,440

Because he saw something in the sky and so I got my camera.

65

00:03:51,440 --> 00:03:56,440

I went out there and that's when we saw lights and what appears to be a triangle.

66

00:03:56,440 --> 00:03:59,440

That's a freaking triangle if I ever saw it.

67

00:03:59,440 --> 00:04:01,440

I am, I am, I am.

68

00:04:01,440 --> 00:04:03,440

It's huge.

69

00:04:03,440 --> 00:04:05,440

Had an underbelly light.

70

00:04:07,440 --> 00:04:10,440

It wasn't a typical plane or anything of that nature.

71

00:04:11,440 --> 00:04:18,440

We see a lot of aircraft because the airport's not too, too far away, but they all make noise.

72

00:04:18,440 --> 00:04:21,440

You can hear a sound from this thing.

73

00:04:23,440 --> 00:04:25,440

It was just quiet.

74

00:04:26,440 --> 00:04:32,440

Ever since I put my tapes up on YouTube, we get people that watch us.

75

00:04:33,440 --> 00:04:35,440

How do you know you're being watched?

76

00:04:35,440 --> 00:04:43,440

Well, sometimes they look like they're taking photos and then when you end up looking out the window or start filming them, they run off.

77

00:04:43,440 --> 00:04:47,440

It sounds kind of paranoid, but it's the truth.

78

00:04:49,440 --> 00:04:51,440

Scary.

79

00:04:51,440 --> 00:04:54,440

I find Sarah's story really compelling.

80

00:04:54,440 --> 00:04:59,440

I've heard about these massive, triangular-shaped, silent UFOs for a long time now.

81

00:05:00,440 --> 00:05:09,440

I don't think I've ever spoken to somebody who had that much to say and yet didn't want anyone to know their identity.

82

00:05:09,440 --> 00:05:14,440

We're heading across town to meet with a couple that I'm hoping can shed some light on this.

83

00:05:14,440 --> 00:05:20,440

They claim to not only have seen one of these objects in the sky, but they believe they've witnessed one crash.

84

00:05:22,440 --> 00:05:23,440

How you doing?

85

00:05:23,440 --> 00:05:25,440

Thanks for seeing us.

86

00:05:25,440 --> 00:05:31,440

Well, you guys had a recent sighting and we came to kind of just hear a little bit about the encounter.

87

00:05:31,440 --> 00:05:33,440

Came home from the grocery store.

88

00:05:35,440 --> 00:05:37,440

And I noticed some lights and stuff.

89

00:05:39,440 --> 00:05:45,440

It looked like a craft with lights on it and there were sparks flying on one side.

90

00:05:45,440 --> 00:05:47,440

It was a craft, a flying craft.

91

00:05:47,440 --> 00:05:50,440

It had kind of like a triangular shape, but it was more curved on the edge.

92

00:05:50,440 --> 00:05:53,440

It looked like a stingray almost, the best way I could describe it.

93

00:05:54,440 --> 00:05:57,440

I thought maybe it was a secret craft or something.

94

00:05:57,440 --> 00:05:59,440

I don't know what was going on.

95

00:05:59,440 --> 00:06:03,440

And they tried to take off and it wouldn't even, maybe a few feet off the ground, just started shaking.

96

00:06:03,440 --> 00:06:06,440

Like all the lights came on, it looked like it was powering up or something.

97

00:06:07,440 --> 00:06:09,440

And then it just went back down to the ground.

98

00:06:09,440 --> 00:06:17,440

All of a sudden out of nowhere, a bunch of, like a caravan, big trucks came and it looked like a bunch of people jumped out.

99

00:06:17,440 --> 00:06:20,440

Went up to the craft and it looked like they did some kind of welding.

100

00:06:20,440 --> 00:06:23,440

Just like they were using the cutting torch to cut it up.

101

00:06:24,440 --> 00:06:27,440

It happened right over here on this hill right there.

102

00:06:28,440 --> 00:06:32,440

You could see the outline of where that thing was sitting from the driveway.

103

00:06:32,440 --> 00:06:35,440

I was in the United States Air Force, F-16 Crew Chief.

104

00:06:35,440 --> 00:06:38,440

So I know a little bit about things that fly around.

105

00:06:38,440 --> 00:06:42,440

I don't know if it was an alien spaceship or no telling what it was.

106

00:06:43,440 --> 00:06:48,440

The more that I tried to get it on video, it seemed like the more that would be harassed.

107

00:06:49,440 --> 00:06:56,440

I mean, after I had people following me all the time and I marked cars and tenting windows and just sitting outside in front of the house.

108

00:06:56,440 --> 00:07:00,440

Go to walk out there and then they leave and then I go back and they come right back.

109

00:07:00,440 --> 00:07:02,440

Thought I was going crazy for a minute.

110

00:07:02,440 --> 00:07:06,440

You know, ever since it happened, it's just been bad stuff that happened with us.

111

00:07:07,440 --> 00:07:12,440

I've researched and investigated alleged UFO crashes and according to eyewitness testimony,

112

00:07:12,440 --> 00:07:16,440

the government takes the recovered material to some secret underground facility,

113

00:07:16,440 --> 00:07:21,440

dissects it, tries to learn from the technology and from what I'm hearing right now,

114

00:07:21,440 --> 00:07:24,440

this could very likely be the case right here in Fresno.

115

00:07:25,440 --> 00:07:27,440

I thought he's a really good witness.

116

00:07:27,440 --> 00:07:28,440

Me too.

117

00:07:28,440 --> 00:07:29,440

Now we're on to something.

118

00:07:29,440 --> 00:07:33,440

If there really were a crash that someone could see from miles away,

119

00:07:34,440 --> 00:07:37,440

that's the scale of event that's going to really leave trace evidence behind,

120

00:07:37,440 --> 00:07:40,440

whether that's physical debris, whether that's gouge marks.

121

00:07:40,440 --> 00:07:44,440

And because it was a while ago and because it is a broad area from that far away,

122

00:07:44,440 --> 00:07:48,440

we're going to bring in some new toys and see if it can help us recon the area.

123

00:07:55,440 --> 00:07:59,440

I've arranged for us to meet with Roy Malmberg, who's the director for the FLIR mobile unit.

124

00:08:00,440 --> 00:08:02,440

I'm like a kid in a candy store here.

125

00:08:02,440 --> 00:08:09,440

I mean, this thing has a dozen thermal cameras that can pan and tilt and turn and see over 10 miles.

126

00:08:11,440 --> 00:08:17,440

Through a few eyewitnesses, we've actually been able to kind of pinpoint the hillside area where they believe

127

00:08:17,440 --> 00:08:21,440

that this craft potentially landed or even crashed.

128

00:08:21,440 --> 00:08:26,440

If you pan the camera, what you'd want to be looking for is a sterber scenario.

129

00:08:27,440 --> 00:08:31,440

These thermal cameras are going to help us because if something did crash in the area,

130

00:08:31,440 --> 00:08:37,440

the object will come in and act like a giant shovel and turn up a bunch of topsoil.

131

00:08:37,440 --> 00:08:43,440

When dirt's turned up like this, it becomes less compacted and loose soil like that retains more heat

132

00:08:43,440 --> 00:08:46,440

and will show up hotter on our thermal cameras than the surrounding area.

133

00:08:46,440 --> 00:08:53,440

Tonight, we decided that Ben should stay back and man the truck while James and I head up the mountain.

134

00:08:53,440 --> 00:08:58,440

James will have the metal detector, will all have a thermal camera and a Geiger counter.

135

00:09:11,440 --> 00:09:13,440

Hey, Bailey, it's James. You copy?

136

00:09:14,440 --> 00:09:17,440

Yeah, James, I copy. You're just behind the rally point.

137

00:09:18,440 --> 00:09:23,440

As you start moving, consider moving upslope, north northeast.

138

00:09:24,440 --> 00:09:25,440

Copy.

139

00:09:25,440 --> 00:09:26,440

Copy.

140

00:09:41,440 --> 00:09:42,440

What the hell is that?

141

00:09:49,440 --> 00:09:51,440

Riter, writer. This is Ben. Do you copy?

142

00:09:51,440 --> 00:09:54,440

Hold on, Ben. I think I found something.

143

00:09:55,440 --> 00:09:57,440

Copy that and stand by.

144

00:10:04,440 --> 00:10:08,440

Well, a very distinct shape.

145

00:10:11,440 --> 00:10:13,440

Let's see.

146

00:10:16,440 --> 00:10:18,440

The corridor for bed night did find something.

147

00:10:18,440 --> 00:10:22,440

Yeah, believe it or not, I see that. It's very cold, whatever it is.

148

00:10:22,440 --> 00:10:28,440

This right here is a very, very unusual dog toy.

149

00:10:33,440 --> 00:10:35,440

Copy that.

150

00:10:36,440 --> 00:10:40,440

Alright, well, this investigation's going to the dogs.

151

00:10:42,440 --> 00:10:44,440

Hopefully that's not my only find tonight.

152

00:10:52,440 --> 00:10:54,440

I'm going to go get a look at the dog.

153

00:11:06,440 --> 00:11:14,440

James and Ryder, James and Ryder, this has been, it looks like maybe a differential thermal signature upslope.

154

00:11:19,440 --> 00:11:21,440

Stand by, we've got a closer look over.

155

00:11:22,440 --> 00:11:24,440

Damn it.

156

00:11:32,440 --> 00:11:34,440

I feel like we're onto something over here.

157

00:11:34,440 --> 00:11:38,440

This area up here looks kind of unusual.

158

00:11:41,440 --> 00:11:49,440

Oh yeah, right in here. It's coming off super hot, right here.

159

00:11:49,440 --> 00:11:55,440

I mean, it's like the entire ground is just lit up like a Christmas tree.

160

00:11:58,440 --> 00:12:00,440

It could be only a bedrock.

161

00:12:12,440 --> 00:12:15,440

Ryder and James, Ryder and James, stand by and hold your moving order.

162

00:12:16,440 --> 00:12:18,440

What is it?

163

00:12:20,440 --> 00:12:24,440

Guys, I've got movement 30 yards above you. Don't move.

164

00:12:30,440 --> 00:12:32,440

There's a lot of lights on.

165

00:12:32,440 --> 00:12:35,440

Triangular shape, look like them.

166

00:12:35,440 --> 00:12:36,440

Yeah.

167

00:12:36,440 --> 00:12:38,440

I see one over here too.

168

00:12:49,440 --> 00:12:52,440

Ryder and James, Ryder and James, stand by and hold your moving order.

169

00:12:53,440 --> 00:12:55,440

What is it?

170

00:12:57,440 --> 00:12:59,440

I have a vehicle up the ridge that came out of nowhere.

171

00:12:59,440 --> 00:13:02,440

They were just sitting there, but now it seems to be tracking you.

172

00:13:07,440 --> 00:13:11,440

It sounds like when a lot of local sky watchers have reported following them.

173

00:13:11,440 --> 00:13:14,440

If that's the case, we could have someone tailing us.

174

00:13:14,440 --> 00:13:17,440

So we're going to call it a night and head back to the truck.

175

00:13:17,440 --> 00:13:18,440

Affirmative.

176

00:13:20,440 --> 00:13:26,440

I would say that we were being tailed by the same vehicle that our witnesses have reported following them.

177

00:13:27,440 --> 00:13:32,440

It wasn't worth taking any chances, so we decided to get out of there as quickly as possible.

178

00:13:41,440 --> 00:13:47,440

So I tracked down a UFO investigator who believes he's had similar experiences in this same area.

179

00:13:47,440 --> 00:13:50,440

He might be able to tell us more about what the hell that truck was doing there last night.

180

00:13:52,440 --> 00:13:54,440

Hell of a rig you got there.

181

00:13:54,440 --> 00:13:55,440

Thanks.

182

00:13:55,440 --> 00:13:57,440

So this is the command center.

183

00:13:57,440 --> 00:13:58,440

This is it.

184

00:13:58,440 --> 00:13:59,440

Look at this.

185

00:14:00,440 --> 00:14:05,440

Yeah, I had to place security cameras all around my house for safety reasons.

186

00:14:10,440 --> 00:14:15,440

I believe I'm getting really, really close to finding out what's really going on here in Fresno, especially in North Fresno.

187

00:14:15,440 --> 00:14:18,440

I'm being followed now from work to home.

188

00:14:18,440 --> 00:14:24,440

You know, the white vehicles, wherever I seem to investigate a case on UFOs, white vehicles seem to follow.

189

00:14:25,440 --> 00:14:32,440

And that's why I'm glad you guys are here in Fresno to actually publicize this because I think it's going to lift a lot of weight off my shoulders.

190

00:14:33,440 --> 00:14:38,440

Jeffrey's now the third person to tell us that he feels like he's being watched.

191

00:14:38,440 --> 00:14:42,440

And just last night, I'm pretty certain we were being followed.

192

00:14:42,440 --> 00:14:47,440

So now more than ever, I feel like we really need to find out what's going on here.

193

00:14:47,440 --> 00:14:49,440

Smile, you're on camera.

194

00:14:55,440 --> 00:14:57,440

This is where I do my radio show.

195

00:14:57,440 --> 00:14:58,440

Wow.

196

00:14:58,440 --> 00:14:59,440

Welcome.

197

00:14:59,440 --> 00:15:10,440

I put the studio together because with all the paranormal activity happening here in Fresno, including UFOs, a lot of people wanted to know what was going on.

198

00:15:10,440 --> 00:15:14,440

So I put a show together to let everybody know.

199

00:15:15,440 --> 00:15:20,440

If someone witnesses a UFO, films a UFO, would they contact you? Would you bring them on the radio station?

200

00:15:20,440 --> 00:15:24,440

I do have witnesses on the radio show all the time.

201

00:15:24,440 --> 00:15:30,440

Many people have witnessed unidentified flying objects being chased out of the airport.

202

00:15:30,440 --> 00:15:34,440

You don't think maybe a joint exercise or something like that?

203

00:15:34,440 --> 00:15:43,440

I have military friends and they said if the military were testing top secret crafts, they would not be testing them over Fresno.

204

00:15:43,440 --> 00:15:46,440

Somebody with a camera could easily get it on tape.

205

00:15:46,440 --> 00:15:54,440

Since the late 1940s, early 50s, we've had an underground facility north of Fresno, Dry Creek Reservoir.

206

00:15:54,440 --> 00:16:01,440

This is the location that a lot of people have witnessed triangles coming from around the mountain.

207

00:16:02,440 --> 00:16:05,440

And it's also the location where a triangle crash occurred.

208

00:16:06,440 --> 00:16:16,440

So what Jeffery is telling us is allegedly there's some sort of enormous military installation underneath the outskirts of Fresno that has something to do with the UFOs that he's researched in the area.

209

00:16:18,440 --> 00:16:23,440

If that's true, there's got to be some sort of huge structure associated with it that we're going to be able to find.

210

00:16:23,440 --> 00:16:30,440

So this is the area that I want to bring to your attention.

211

00:16:30,440 --> 00:16:35,440

This levee here sits up over the houses.

212

00:16:35,440 --> 00:16:39,440

So you cannot see into this valley at all.

213

00:16:39,440 --> 00:16:43,440

It's a beautiful spot. You hide something if you're practicing.

214

00:16:43,440 --> 00:16:47,440

And what about underground areas or tunnels?

215

00:16:53,440 --> 00:17:01,440

I don't know what the hell that is because I'm making no noise and it's big and it's low. What is that thing?

216

00:17:05,440 --> 00:17:10,440

This levee here sits up over the houses.

217

00:17:10,440 --> 00:17:14,440

So you cannot see into this valley at all.

218

00:17:14,440 --> 00:17:18,440

It's a beautiful spot. You hide something if you're practicing.

219

00:17:18,440 --> 00:17:22,440

And what about underground areas or tunnels?

220

00:17:23,440 --> 00:17:26,440

What the f\*\*\* was that?

221

00:17:28,440 --> 00:17:32,440

That guy was parked out there in the corner for the longest time.

222

00:17:34,440 --> 00:17:37,440

Couldn't that just be a coincidence?

223

00:17:37,440 --> 00:17:42,440

I'm glad you guys saw that. Yes! That's very cool.

224

00:17:42,440 --> 00:17:46,440

I'm going incognito from here on out.

225

00:17:46,440 --> 00:17:50,440

Jeffrey kept pulling me aside and talking about these white vehicles everywhere.

226

00:17:50,440 --> 00:17:56,440

And quite honestly, seeing that white van, maybe they're subbing to it.

227

00:17:56,440 --> 00:17:58,440

Careful guys, looks really steep.

228

00:17:58,440 --> 00:18:00,440

Head down to the bridge.

229

00:18:00,440 --> 00:18:03,440

How far away is that mountain range right there?

230

00:18:03,440 --> 00:18:05,440

Ten miles maybe.

231

00:18:05,440 --> 00:18:14,440

Jeffrey's taken us to this mountain range where he believes is some sort of super secret military installation housing alien technology.

232

00:18:15,440 --> 00:18:17,440

Slow and steady wins the race.

233

00:18:17,440 --> 00:18:20,440

I've heard of Area 51, I've heard of things in Utah.

234

00:18:20,440 --> 00:18:22,440

I have not heard about these underground facilities in Fresno.

235

00:18:22,440 --> 00:18:24,440

So I'm very curious to check it out.

236

00:18:25,440 --> 00:18:27,440

Jeffrey, where are you taking us?

237

00:18:27,440 --> 00:18:32,440

If there is such a military installation up here, there's going to be some sort of sign somewhere.

238

00:18:32,440 --> 00:18:36,440

A road, a tunnel, a fence, something.

239

00:18:36,440 --> 00:18:39,440

I say this is probably a good spot to go ahead and separate.

240

00:18:39,440 --> 00:18:42,440

You go up there about a hundred yards, you'll see this peak.

241

00:18:42,440 --> 00:18:44,440

Perfect spot for a camera.

242

00:18:44,440 --> 00:18:48,440

Alright, so we're going to head up, we'll put surveillance camera up, we'll let you know when it's

in place.

243

00:18:52,440 --> 00:18:57,440

People in the area have reported seeing strange crafts flying in and out of these mountains.

244

00:18:57,440 --> 00:19:03,440

So we're going to try to get a high point to try to set up a camera to actually capture some footage of that.

245

00:19:12,440 --> 00:19:17,440

Looks like there's a drop right here, right before we need to go back up.

246

00:19:19,440 --> 00:19:22,440

Yeah, I don't think we want to do that free.

247

00:19:22,440 --> 00:19:23,440

You up for some repelling?

248

00:19:23,440 --> 00:19:27,440

Why not? Let's do it before we lose too much daylight.

249

00:19:35,440 --> 00:19:36,440

Oh.

250

00:19:37,440 --> 00:19:38,440

Ready to rock and roll?

251

00:19:38,440 --> 00:19:39,440

Ready to rumble.

252

00:19:39,440 --> 00:19:41,440

Alright, let's do this.

253

00:19:42,440 --> 00:19:43,440

Alright.

254

00:19:48,440 --> 00:19:49,440

Okay.

255

00:19:50,440 --> 00:19:51,440

Nice and slow.

256

00:19:55,440 --> 00:19:57,440

Got a big drop right here.

257

00:20:05,440 --> 00:20:08,440

Lot of little crevasses in here.

258

00:20:09,440 --> 00:20:10,440

Oh my god!

259

00:20:13,440 --> 00:20:14,440

Whoa.

260

00:20:14,440 --> 00:20:15,440

You alright?

261

00:20:15,440 --> 00:20:16,440

Yep.

262

00:20:17,440 --> 00:20:19,440

It's a beautiful night to fall on my doom.

263

00:20:23,440 --> 00:20:24,440

Oh, careful, you got it.

264

00:20:24,440 --> 00:20:26,440

Yeah, we got to work our head off this way.

265

00:20:31,440 --> 00:20:32,440

Clear.

266

00:20:32,440 --> 00:20:33,440

Okay.

267

00:20:35,440 --> 00:20:41,440

Looks like if we move off this way, we're able to kind of skirt along this ledge here.

268

00:20:41,440 --> 00:20:43,440

And make it back up the other side.

269

00:20:47,440 --> 00:20:50,440

Hey James, we just made the descent.

270

00:20:50,440 --> 00:20:55,440

And we're going to skirt this ravine right here and make it up to the vantage point and set the camera up.

271

00:20:56,440 --> 00:20:57,440

Fantastic.

272

00:20:57,440 --> 00:21:00,440

So you guys, we're going to get to the bottom of it no matter what happens tonight over now.

273

00:21:01,440 --> 00:21:03,440

Alright, let's get moving.

274

00:21:03,440 --> 00:21:04,440

Night's wasted.

275

00:21:12,440 --> 00:21:15,440

Hey, what else can you tell me about the military base?

276

00:21:16,440 --> 00:21:23,440

People that I know who pulled me aside and told me that there was an underground facility near Black Mountain, like military guys.

277

00:21:23,440 --> 00:21:24,440

Yeah.

278

00:21:24,440 --> 00:21:36,440

And, you know, once I told them I'd go, you know, I heard some rumors and I mentioned the name Black Mountain and they kind of like looked at me, you know, like stunned a little bit.

279

00:21:36,440 --> 00:21:42,440

And one of them actually said, you know, I can't talk about it.

280

00:21:44,440 --> 00:21:46,440

So I knew I was in the right direction.

281

00:21:55,440 --> 00:21:56,440

Wow.

282

00:21:56,440 --> 00:21:57,440

This thing is huge.

283

00:22:00,440 --> 00:22:03,440

In order for us to get on the other side, we're going to have to climb it.

284

00:22:04,440 --> 00:22:05,440

Let's rock and roll.

285

00:22:05,440 --> 00:22:06,440

Okay.

286

00:22:13,440 --> 00:22:14,440

Take your time.

287

00:22:14,440 --> 00:22:15,440

Take your time.

288

00:22:18,440 --> 00:22:19,440

Alright, we got it.

289

00:22:20,440 --> 00:22:21,440

We're going in.

290

00:22:21,440 --> 00:22:22,440

Good job, man.

291

00:22:27,440 --> 00:22:30,440

This is a high point.

292

00:22:33,440 --> 00:22:34,440

Oh, yeah.

293

00:22:34,440 --> 00:22:35,440

What do you think?

294

00:22:36,440 --> 00:22:37,440

Pretty great.

295

00:22:37,440 --> 00:22:41,440

If there's anything flying through the sky, we're not going to miss it.

296

00:22:41,440 --> 00:22:42,440

Absolutely not.

297

00:22:42,440 --> 00:22:43,440

Let's get this set up.

298

00:22:43,440 --> 00:22:44,440

You want to set up the camera?

299

00:22:44,440 --> 00:22:45,440

Yeah.

300

00:22:45,440 --> 00:23:02,440

This goes down about 175 yards to 100 yards.

301

00:23:02,440 --> 00:23:03,440

What's in here?

302

00:23:03,440 --> 00:23:04,440

What's this?

303

00:23:04,440 --> 00:23:06,440

Oh, you'll see it at the very end.

304

00:23:09,440 --> 00:23:11,440

It's spooky in here.

305

00:23:11,440 --> 00:23:17,440

If there was an underground facility in this area, obviously they had to start building it from someplace.

306

00:23:28,440 --> 00:23:29,440

You can even hear that.

307

00:23:29,440 --> 00:23:30,440

You can still hear that, huh?

308

00:23:30,440 --> 00:23:31,440

Yes.

309

00:23:31,440 --> 00:23:32,440

I mean, it's still like it's getting loud.

310

00:23:32,440 --> 00:23:33,440

Now check this out.

311

00:23:36,440 --> 00:23:38,440

What the f\*\*\* is that?

312

00:23:38,440 --> 00:23:39,440

Look at that.

313

00:23:39,440 --> 00:23:41,440

I mean, what does that look like to you?

314

00:23:43,440 --> 00:23:44,440

It looks like a ramp.

315

00:23:44,440 --> 00:23:48,440

It's like a 40-foot cement ramp up to a cement wall.

316

00:23:48,440 --> 00:23:52,440

And then you have a tunnel with a still door at the very end.

317

00:23:52,440 --> 00:23:55,440

I mean, this is something that you see out of a sci-fi movie.

318

00:23:55,440 --> 00:23:56,440

I mean, is that creepy?

319

00:23:56,440 --> 00:23:58,440

I have no idea what that is.

320

00:23:58,440 --> 00:24:02,440

I mean, like, I mean, I've never seen anything like that ever in my life.

321

00:24:04,440 --> 00:24:05,440

Check it out.

322

00:24:05,440 --> 00:24:06,440

It's 35.

323

00:24:06,440 --> 00:24:09,440

Right now, Ben said that anything over 15...

324

00:24:09,440 --> 00:24:10,440

It's not good.

325

00:24:15,440 --> 00:24:16,440

35.

326

00:24:17,440 --> 00:24:19,440

35, it's like triple background.

327

00:24:20,440 --> 00:24:23,440

But it could be all this rock causing the high readings.

328

00:24:24,440 --> 00:24:25,440

There's still door back there.

329

00:24:25,440 --> 00:24:26,440

I know.

330

00:24:26,440 --> 00:24:27,440

This is a little like a cement.

331

00:24:28,440 --> 00:24:29,440

Shhh.

332

00:24:32,440 --> 00:24:33,440

Did you hear that?

333

00:24:36,440 --> 00:24:42,440

I've never seen anything like that ever in my life.

334

00:24:43,440 --> 00:24:44,440

Check it out.

335

00:24:44,440 --> 00:24:45,440

It's 35.

336

00:24:46,440 --> 00:24:48,440

Right now, Ben said that anything over 15...

337

00:24:48,440 --> 00:24:49,440

It's not good.

338

00:24:53,440 --> 00:24:54,440

It's 35.

339

00:24:55,440 --> 00:24:56,440

It's 35.

340

00:24:57,440 --> 00:25:00,440

And so I just got to see the guy that I've been looking at.

341

00:25:00,440 --> 00:25:01,280

Okay.

342

00:25:10,200 --> 00:25:11,500

There's still a door back there.

343

00:25:11,500 --> 00:25:14,200

I know this is all cemented in.

344

00:25:14,200 --> 00:25:15,020

Shh.

345

00:25:18,180 --> 00:25:19,660

Did you hear that?

346

00:25:19,660 --> 00:25:20,480

Huh?

347

00:25:21,480 --> 00:25:23,480

What the f\*\*k is that?

348

00:25:30,440 --> 00:25:31,860

Let's get the hell out of here.

349

00:25:31,860 --> 00:25:32,740

I'm with you.

350

00:25:32,740 --> 00:25:33,640

I'm down.

351

00:25:33,640 --> 00:25:34,540

Oh.

352

00:25:34,540 --> 00:25:45,460

Something else flying in.

353

00:25:45,460 --> 00:25:46,900

I see it.

354

00:25:46,900 --> 00:25:49,700

Two lights, no contrail on this one.

355

00:25:49,700 --> 00:25:51,660

Well, that'll give you a hint of its altitude.

356

00:25:51,660 --> 00:25:54,020

A lot of people don't realize the atmosphere actually

357

00:25:54,020 --> 00:25:56,300

doesn't get cold all the way up.

358

00:25:56,300 --> 00:26:00,180

All right, well, let's leave the camera and start.

359

00:26:00,180 --> 00:26:02,140

Hiking back down, we got a long climb.

360

00:26:02,140 --> 00:26:03,900

All right, is that camera all set up and good?

361

00:26:03,900 --> 00:26:04,800

Yep, we're in position.

362

00:26:04,800 --> 00:26:06,500

OK.

363

00:26:06,500 --> 00:26:07,980

We'll come retrieve it in the morning.

364

00:26:17,460 --> 00:26:19,260

No, James.

365

00:26:19,260 --> 00:26:21,220

Well, we'll give him a couple minutes.

366

00:26:21,220 --> 00:26:22,380

I'm sure he'll be here.

367

00:26:28,220 --> 00:26:30,020

James and Jeffrey, James and Jeffrey,

368

00:26:30,020 --> 00:26:32,300

this is Ben and Ryder at the rendezvous point at the bridge.

369

00:26:32,300 --> 00:26:33,200

Do you copy?

370

00:26:38,820 --> 00:26:39,720

Nothing.

371

00:26:46,620 --> 00:26:48,300

Sounded a little concerned, don't you think?

372

00:26:48,300 --> 00:26:49,200

Yeah.

373

00:27:01,020 --> 00:27:03,020

Oh, damn.

374

00:27:03,020 --> 00:27:04,020

What happened?

375

00:27:04,020 --> 00:27:06,020

We went down the wall.

376

00:27:06,020 --> 00:27:08,660

Dark tunnel, we had zero radio communication with you guys.

377

00:27:08,660 --> 00:27:10,020

And we get down to the end, and our guy

378

00:27:10,020 --> 00:27:11,260

her camera's going up like 35.

379

00:27:11,260 --> 00:27:12,380

Oh, it went 35.

380

00:27:12,380 --> 00:27:14,660

Yeah, 32, 32, up to 40.

381

00:27:14,660 --> 00:27:17,220

We had to the end of it, it was like this huge steel door

382

00:27:17,220 --> 00:27:19,780

with a case with water dripping everywhere,

383

00:27:19,780 --> 00:27:20,860

like little canals.

384

00:27:20,860 --> 00:27:22,620

It was just really spooky.

385

00:27:22,620 --> 00:27:24,180

For Fresno, for something like that,

386

00:27:24,180 --> 00:27:26,820

just doesn't make any sense to me.

387

00:27:26,820 --> 00:27:27,820

What'd you guys do?

388

00:27:27,820 --> 00:27:30,180

We didn't really see anything out of the ordinary.

389

00:27:30,180 --> 00:27:33,340

Saw some really terrestrial commercial craft.

390

00:27:33,340 --> 00:27:37,100

I mean, we leave that thing up there for another hour or two,

391

00:27:37,100 --> 00:27:38,580

and who knows what we'll find.

392

00:27:41,700 --> 00:27:44,660

So we found evidence of an underground facility.

393

00:27:44,660 --> 00:27:47,060

The only question is, is this the base everyone's

394

00:27:47,060 --> 00:27:49,740

been talking about under Fresno?

395

00:27:49,740 --> 00:27:50,980

That is what we need to find out.

396

00:27:58,820 --> 00:28:02,500

So we're heading west out of Fresno to the town of Kermit.

397

00:28:02,500 --> 00:28:05,660

There, we'll meet with a former police officer who actually

398

00:28:05,660 --> 00:28:09,140

had some sort of a close encounter with what he said

399

00:28:09,140 --> 00:28:12,940

was a UFO that actually left him injured.

400

00:28:12,940 --> 00:28:15,180

We want to find out how he got hurt,

401

00:28:15,180 --> 00:28:18,900

and whether the object he saw is similar to the triangles

402

00:28:18,900 --> 00:28:22,100

others report seeing.

403

00:28:22,100 --> 00:28:25,860

What happened to you on May 13, 1978?

404

00:28:25,980 --> 00:28:28,540

I had a Ptolech in the Caravan High School vet

405

00:28:28,540 --> 00:28:31,220

that some kids have been breaking into the Agville

406

00:28:31,220 --> 00:28:32,940

to know they're vandalizing it.

407

00:28:36,500 --> 00:28:40,500

When I shut my spotlight off and turned my vision

408

00:28:40,500 --> 00:28:49,100

to look southbound, I saw what appeared to be a fire in a tree.

409

00:28:49,100 --> 00:28:53,220

And as I come up, this fire started lifting.

410

00:28:53,220 --> 00:28:55,140

I said, what the heck?

411

00:28:55,140 --> 00:28:59,660

And it went up probably 100, 200 feet, and it stopped.

412

00:28:59,660 --> 00:29:00,660

I haven't been in the service.

413

00:29:00,660 --> 00:29:02,900

I saw helicopters, jet fighters.

414

00:29:02,900 --> 00:29:04,020

I've seen them in combat, too.

415

00:29:04,020 --> 00:29:06,740

And I know what they look like, what they sound like.

416

00:29:06,740 --> 00:29:10,500

And this object, it wasn't making a sound.

417

00:29:10,500 --> 00:29:12,540

I saw sparks, you know, like when somebody's

418

00:29:12,540 --> 00:29:14,380

using a cutting torch on metal.

419

00:29:14,380 --> 00:29:15,260

They shot out.

420

00:29:15,260 --> 00:29:16,260

From the object?

421

00:29:16,260 --> 00:29:17,020

On the object.

422

00:29:17,020 --> 00:29:20,620

And then simultaneously, there was a bluey's white,

423

00:29:20,620 --> 00:29:22,100

flash light.

424

00:29:22,100 --> 00:29:24,620

And then it just took off and saw these two directs,

425

00:29:24,620 --> 00:29:27,060

and like nothing I've ever seen before.

426

00:29:29,940 --> 00:29:33,180

You actually sustained some physical injuries from this.

427

00:29:33,180 --> 00:29:35,060

Can you talk a little bit about that?

428

00:29:35,060 --> 00:29:39,020

I had like a tingling sensation, but I assumed that was,

429

00:29:39,020 --> 00:29:40,340

you know, from my adrenaline, you know,

430

00:29:40,340 --> 00:29:42,580

and watching this object.

431

00:29:42,580 --> 00:29:44,060

And I was sunburned.

432

00:29:44,060 --> 00:29:46,580

I was all red.

433

00:29:46,580 --> 00:29:47,980

Your whole face?

434

00:29:47,980 --> 00:29:49,580

The whole face, my neck, and everything.

435

00:29:49,580 --> 00:29:51,180

And I just stood there looking in the mirror,

436

00:29:51,180 --> 00:29:54,020

and I couldn't believe that.

437

00:29:54,060 --> 00:29:56,100

The brain sensation that I started getting

438

00:29:56,100 --> 00:29:58,100

was getting really bad.

439

00:29:58,100 --> 00:30:00,940

And so my wife says, I'm taking you to the doctor.

440

00:30:00,940 --> 00:30:02,780

But they couldn't figure out how I got the burns,

441

00:30:02,780 --> 00:30:04,020

and they were discussing that.

442

00:30:04,020 --> 00:30:07,340

And I guess finally, they figured that the only thing

443

00:30:07,340 --> 00:30:10,620

that can burn a person through clothing

444

00:30:10,620 --> 00:30:13,540

would be like microwaves.

445

00:30:13,540 --> 00:30:15,780

Given the right wavelength and intensity,

446

00:30:15,780 --> 00:30:21,060

it is possible to be burned by radiation at a distance.

447

00:30:21,060 --> 00:30:23,700

So on its face, it's not impossible that Officer

448

00:30:23,700 --> 00:30:26,740

Amparano was burned by radiation from afar.

449

00:30:26,740 --> 00:30:30,740

The only question would be, from what?

450

00:30:30,740 --> 00:30:33,860

Have you saved any articles that you were wearing

451

00:30:33,860 --> 00:30:35,220

at the time of the incident?

452

00:30:35,220 --> 00:30:39,020

I got my shirt, my helmet, a night stick,

453

00:30:39,020 --> 00:30:40,740

and a flashlight I had in the car that night.

454

00:30:40,740 --> 00:30:43,820

Plus, you know, I got medical reports from the hospital.

455

00:30:43,820 --> 00:30:45,620

We want to get these items to a lab

456

00:30:45,620 --> 00:30:47,100

and get them tested to see if there's

457

00:30:47,100 --> 00:30:50,380

any leftover trace evidence, like radiation

458

00:30:50,380 --> 00:30:52,460

or unidentified residue.

459

00:30:52,500 --> 00:30:54,940

We also want to test the fibers to see if they were

460

00:30:54,940 --> 00:30:56,420

subjected to intense heat.

461

00:30:56,420 --> 00:30:57,180

Tight.

462

00:30:57,180 --> 00:30:58,860

Sure, we wore it back then.

463

00:30:58,860 --> 00:31:01,260

This is the actual shirt you were wearing.

464

00:31:01,260 --> 00:31:02,180

It's in great shape.

465

00:31:02,180 --> 00:31:03,740

Yeah.

466

00:31:03,740 --> 00:31:05,660

This helmet was in my car with me.

467

00:31:05,660 --> 00:31:11,380

And this is the flashlight I had.

468

00:31:11,380 --> 00:31:13,540

This is the original flashlight you had that night.

469

00:31:13,540 --> 00:31:16,100

Yeah, my wife bought that for me in the 70s.

470

00:31:16,100 --> 00:31:17,020

Wow.

471

00:31:17,020 --> 00:31:19,700

Is there any way that we could take these back with us

472

00:31:19,700 --> 00:31:21,500

and actually have them tested in a lab?

473

00:31:21,500 --> 00:31:22,300

Yeah, if you want.

474

00:31:22,300 --> 00:31:24,300

It would be interesting if we could just turn up anything

475

00:31:24,300 --> 00:31:25,020

at all from.

476

00:31:25,020 --> 00:31:26,860

Sure, at least eliminate some possibilities.

477

00:31:26,860 --> 00:31:27,620

Sure.

478

00:31:27,620 --> 00:31:29,940

I'm convinced that Officer Amparano

479

00:31:29,940 --> 00:31:32,900

was close enough to this UFO that it actually physically

480

00:31:32,900 --> 00:31:35,780

affected his body.

481

00:31:35,780 --> 00:31:37,540

This is what we in the UFO community

482

00:31:37,540 --> 00:31:40,020

call a close encounter of the second kind.

483

00:31:44,020 --> 00:31:45,740

I don't know what happened 30 years ago,

484

00:31:45,740 --> 00:31:49,940

but strong enough radiation can burn your skin.

485

00:31:49,940 --> 00:31:52,220

Even if that's the case, though, without more data,

486

00:31:52,220 --> 00:31:54,300

I can't possibly say what it was he actually saw.

487

00:31:56,820 --> 00:31:59,540

Amparano's story is definitely incredible.

488

00:31:59,540 --> 00:32:02,300

And while he doesn't mention a triangular-shaped craft,

489

00:32:02,300 --> 00:32:06,100

it's the movement that's interesting to me.

490

00:32:06,100 --> 00:32:09,500

He describes a craft hovering just above the tree line,

491

00:32:09,500 --> 00:32:13,300

and then it takes off, which is really similar to what others

492

00:32:13,300 --> 00:32:14,260

have described.

493

00:32:14,260 --> 00:32:17,460

In fact, we're going to meet with a couple that say they've

494

00:32:17,460 --> 00:32:21,660

actually captured video of an object hovering just above them.

495

00:32:23,220 --> 00:32:26,180

And then it took off.

496

00:32:26,180 --> 00:32:27,860

Tell us a little bit about the encounter

497

00:32:27,860 --> 00:32:30,420

and what happened before you shot that video.

498

00:32:30,420 --> 00:32:32,220

Basically, we were just driving down the street.

499

00:32:34,780 --> 00:32:38,380

I noticed a stationary object with lights on it

500

00:32:38,380 --> 00:32:40,420

hovering above a house.

501

00:32:40,420 --> 00:32:42,500

I thought it was kind of odd because I've been down that street

502

00:32:42,500 --> 00:32:43,740

so many times.

503

00:32:43,740 --> 00:32:49,300

So I immediately pulled over, and she pulled out the camera,

504

00:32:49,300 --> 00:32:51,460

and she started filming.

505

00:32:51,580 --> 00:32:55,420

What is that thing that's just blinking right next to the moon?

506

00:32:55,420 --> 00:32:56,300

Not moving.

507

00:32:56,300 --> 00:32:57,700

What is that?

508

00:32:57,700 --> 00:33:00,900

But it was just weird because it was hovering there.

509

00:33:00,900 --> 00:33:03,500

And right when I got the camera up, it started going up,

510

00:33:03,500 --> 00:33:05,220

and then it started moving across the street.

511

00:33:07,780 --> 00:33:11,620

I know it wasn't a plane because I see planes all the time.

512

00:33:11,620 --> 00:33:16,260

And the thing about it, there's no noise at that height.

513

00:33:16,260 --> 00:33:18,980

Look, it's going towards the moon.

514

00:33:18,980 --> 00:33:20,340

I see it.

515

00:33:20,380 --> 00:33:22,820

Normally, you would think maybe it could be a helicopter,

516

00:33:22,820 --> 00:33:23,740

but there was no sound.

517

00:33:23,740 --> 00:33:25,540

We didn't hear any sound.

518

00:33:25,540 --> 00:33:30,460

If you had the ballpark at size, are we talking 747?

519

00:33:30,460 --> 00:33:34,060

No, it's probably the size of a small truck

520

00:33:34,060 --> 00:33:36,940

or even a small car.

521

00:33:36,940 --> 00:33:38,820

It's not even that big.

522

00:33:38,820 --> 00:33:40,380

If someone says, hey, you guys are obviously

523

00:33:40,380 --> 00:33:42,820

seeing conventional aircraft or a stealth bomber

524

00:33:42,820 --> 00:33:44,980

or an airplane, how do you respond to that?

525

00:33:44,980 --> 00:33:45,780

What would you say?

526

00:33:45,780 --> 00:33:48,340

There's no plane that could be a couple of telephone

527

00:33:48,340 --> 00:33:50,780

hole and height and no sound.

528

00:33:50,780 --> 00:33:51,780

They had all the windows on down.

529

00:33:51,780 --> 00:33:54,620

And hover right there enough to where you could slow down

530

00:33:54,620 --> 00:33:56,940

your car and literally look at it.

531

00:33:59,660 --> 00:34:02,580

I don't know what kind of plane would do that.

532

00:34:02,580 --> 00:34:05,780

So you believe that these UFOs or unidentified crafts

533

00:34:05,780 --> 00:34:10,060

are actually extraterrestrial?

534

00:34:10,060 --> 00:34:13,580

Yeah, I would think so of some kind.

535

00:34:13,580 --> 00:34:15,340

But it's kind of weird that a lot of them

536

00:34:15,340 --> 00:34:16,780

were by the airport, though, too.

537

00:34:18,580 --> 00:34:20,780

Yeah, I've heard there's some weird stuff gone on

538

00:34:20,780 --> 00:34:23,620

around the airport.

539

00:34:23,620 --> 00:34:26,580

It's not clear to me what they're using to judge the size

540

00:34:26,580 --> 00:34:28,900

and distance of the objects they're seeing.

541

00:34:28,900 --> 00:34:30,220

So I'm a little skeptical.

542

00:34:30,220 --> 00:34:32,540

But if all signs are pointed to the airport,

543

00:34:32,540 --> 00:34:36,140

then let's go to the airport.

544

00:34:36,140 --> 00:34:37,580

That's pretty amazing.

545

00:34:37,580 --> 00:34:39,220

I think we head to the airport.

546

00:34:39,220 --> 00:34:40,980

Hearing this story from Jamar and Choli

547

00:34:40,980 --> 00:34:43,980

has given us more information than you'd think.

548

00:34:43,980 --> 00:34:47,220

It's a really recent report that took place near the airport,

549

00:34:47,220 --> 00:34:50,060

so it gives us a lot to go on.

550

00:34:50,060 --> 00:34:52,180

After looking at the possible direction of the tunnel

551

00:34:52,180 --> 00:34:54,820

James found last night, along with all the eyewitness

552

00:34:54,820 --> 00:34:58,260

testimonies, what we found was a concentration of sightings,

553

00:34:58,260 --> 00:35:02,060

not only by the mountains, but also around the airport.

554

00:35:02,060 --> 00:35:04,140

So what we need to do is figure out,

555

00:35:04,140 --> 00:35:06,940

is this just a simple misidentification of aircraft,

556

00:35:06,940 --> 00:35:09,340

or is this something more mysterious?

557

00:35:09,340 --> 00:35:19,740

We found a secluded area nearby where we can set up

558

00:35:19,740 --> 00:35:22,660

for the night investigation.

559

00:35:22,660 --> 00:35:25,140

We brought in a telescope, infrared camera,

560

00:35:25,140 --> 00:35:26,620

and parabolic microphone.

561

00:35:26,620 --> 00:35:29,220

If anything, out of the ordinaries going on here,

562

00:35:29,220 --> 00:35:31,580

we'll be able to not only detect it, but record it.

563

00:35:31,580 --> 00:35:39,260

Holy s\*\*\*, what is that?

564

00:35:44,660 --> 00:35:46,060

Call mom.

565

00:35:46,060 --> 00:35:48,540

Mom, come here.

566

00:35:48,540 --> 00:35:49,900

What are those things?

567

00:35:49,900 --> 00:35:51,660

Look, up there there's Reba.

568

00:35:52,660 --> 00:35:58,660

Holy s\*\*\*, what is that?

569

00:35:58,660 --> 00:36:00,660

It's an international space station, right there.

570

00:36:00,660 --> 00:36:01,660

We left to right.

571

00:36:04,660 --> 00:36:05,660

What do you got?

572

00:36:05,660 --> 00:36:07,660

It's an international space station, right there.

573

00:36:07,660 --> 00:36:08,660

See that?

574

00:36:08,660 --> 00:36:09,660

You can't miss it.

575

00:36:09,660 --> 00:36:10,660

It's bright.

576

00:36:10,660 --> 00:36:11,660

It's like a star.

577

00:36:11,660 --> 00:36:13,660

That's the largest thing we've ever had in orbit.

578

00:36:13,660 --> 00:36:14,660

How fast is that moving?

579

00:36:14,660 --> 00:36:18,660

Velocity for low Earth orbits, like 8 kilometers per second.

580

00:36:18,660 --> 00:36:20,660

How many people are on it?

581

00:36:20,660 --> 00:36:21,660

I think there's six right now.

582

00:36:21,660 --> 00:36:23,660

It's close to like a football field wide.

583

00:36:23,660 --> 00:36:25,660

It's got these huge wing-like solar panels.

584

00:36:25,660 --> 00:36:27,660

That's why it's so bright right now.

585

00:36:27,660 --> 00:36:29,660

It's reflecting the sun on the other side of the planet.

586

00:36:30,660 --> 00:36:32,660

Well, I don't know about you guys,

587

00:36:32,660 --> 00:36:34,660

but I really want to get as close as I can,

588

00:36:34,660 --> 00:36:36,660

kind of get eyes on the entire airport

589

00:36:36,660 --> 00:36:38,660

to see if I can spot any strange activity.

590

00:36:38,660 --> 00:36:40,660

All right, I'm going to get the parabolic,

591

00:36:40,660 --> 00:36:41,660

and I'll just monitor it.

592

00:36:41,660 --> 00:36:42,660

I'm going to get the parabolic,

593

00:36:42,660 --> 00:36:43,660

and I'm going to get the parabolic,

594

00:36:43,660 --> 00:36:44,660

and I'm going to get the parabolic,

595

00:36:44,660 --> 00:36:45,660

and I'm going to get the parabolic,

596

00:36:45,660 --> 00:36:46,660

and I'm going to get the parabolic,

597

00:36:46,660 --> 00:36:47,660

and I'm going to get the parabolic,

598

00:36:47,660 --> 00:36:49,660

and I'll just monitor everything I can in the sky,

599

00:36:49,660 --> 00:36:50,660

see what kind of sounds I come up with.

600

00:36:50,660 --> 00:36:53,660

I'll stay on the telescope and keep an eye on the sky.

601

00:36:53,660 --> 00:36:55,660

Watch out for those warning signs there for a reason.

602

00:36:55,660 --> 00:36:56,660

All right, good luck.

603

00:36:56,660 --> 00:36:57,660

Be careful.

604

00:37:00,660 --> 00:37:01,660

I say we give her a week.

605

00:37:17,660 --> 00:37:22,660

Well, there it is.

606

00:37:22,660 --> 00:37:24,660

Rider for Ben and James, you copy?

607

00:37:24,660 --> 00:37:25,660

Copy, yes.

608

00:37:25,660 --> 00:37:29,660

I've made it right outside the airport security fence.

609

00:37:29,660 --> 00:37:32,660

I'm going to try to get as close as I can without,

610

00:37:32,660 --> 00:37:34,660

well, getting in trouble like house.

611

00:37:34,660 --> 00:37:35,660

Copy that, Rider.

612

00:37:35,660 --> 00:37:38,660

Just be sure not to push it.

613

00:37:38,660 --> 00:37:40,660

I'm going to go off-walk you for a little bit

614

00:37:40,660 --> 00:37:42,660

if you don't hear from me in an hour or so.

615

00:37:42,660 --> 00:37:43,660

Don't call the number.

616

00:37:43,660 --> 00:37:44,660

I'm going to call the number.

617

00:37:44,660 --> 00:37:45,660

I'm going to call the number.

618

00:37:45,660 --> 00:37:47,660

I'm going to call the number in an hour or so.

619

00:37:47,660 --> 00:37:49,660

Don't call the National Guard.

620

00:37:49,660 --> 00:37:50,660

Copy that, Rider.

621

00:37:50,660 --> 00:37:51,660

Be stealthy.

622

00:37:51,660 --> 00:37:52,660

Over.

623

00:38:15,660 --> 00:38:27,660

It's like the brightest day out here.

624

00:38:27,660 --> 00:38:28,660

There's nowhere to hide.

625

00:38:28,660 --> 00:38:36,660

It's definitely obvious I'm not supposed to be back here.

626

00:38:36,660 --> 00:38:39,660

This definitely doesn't look like a municipal airport.

627

00:38:39,660 --> 00:38:43,660

If I had to guess, I would say they have some type of a bunker in there.

628

00:38:43,660 --> 00:38:45,660

Rider for Ben and James.

629

00:38:45,660 --> 00:38:46,660

Go ahead.

630

00:38:46,660 --> 00:38:47,660

Okay, guys.

631

00:38:47,660 --> 00:38:50,660

I'm going to get right outside the airport's perimeter.

632

00:38:50,660 --> 00:38:53,660

There is definitely more going on here than meets the eye.

633

00:38:56,660 --> 00:38:57,660

Oh, man.

634

00:38:57,660 --> 00:38:59,660

What the hell is she doing right there?

635

00:39:13,660 --> 00:39:23,660

I got someone's here.

636

00:39:23,660 --> 00:39:25,660

I wonder if they saw me.

637

00:39:25,660 --> 00:39:28,660

See if I can start making my way back.

638

00:39:28,660 --> 00:39:38,660

I'm going to make my way back.

639

00:39:38,660 --> 00:39:40,660

He's really in trouble.

640

00:39:40,660 --> 00:39:42,660

She's ruined people.

641

00:39:42,660 --> 00:39:44,660

She's ruined people.

642

00:39:44,660 --> 00:39:46,660

What are you talking about?

643

00:39:46,660 --> 00:39:48,660

You've had an acceleration?

644

00:39:48,660 --> 00:39:50,660

I've had an acceleration.

645

00:39:50,660 --> 00:39:51,660

Rider, Rider, this is Ben.

646

00:39:51,660 --> 00:39:52,660

Come back.

647

00:39:52,660 --> 00:39:57,660

I don't know if we're going to get her.

648

00:39:57,660 --> 00:39:58,660

Rider, this is Ben.

649

00:39:58,660 --> 00:39:59,660

It's been a while.

650

00:39:59,660 --> 00:40:00,660

That sounds like a helicopter.

651

00:40:00,660 --> 00:40:01,660

I got to go, guys.

652

00:40:01,660 --> 00:40:02,660

I got to go.

653

00:40:02,660 --> 00:40:05,660

I think that's coming from your rider's position.

654

00:40:09,660 --> 00:40:11,660

That is definitely a military helicopter.

655

00:40:11,660 --> 00:40:12,660

Holy s\*\*\*.

656

00:40:15,660 --> 00:40:16,660

We don't know what that is.

657

00:40:16,660 --> 00:40:17,660

No way.

658

00:40:17,660 --> 00:40:19,660

There's more military jets coming too.

659

00:40:27,660 --> 00:40:28,660

You've had acceleration?

660

00:40:28,660 --> 00:40:30,660

I've had an acceleration.

661

00:40:30,660 --> 00:40:37,660

I think that's coming from your rider's position.

662

00:40:37,660 --> 00:40:42,660

That is definitely a military helicopter.

663

00:40:42,660 --> 00:40:55,660

Is that a helicopter taking off right now?

664

00:40:55,660 --> 00:40:57,660

That's a helicopter.

665

00:40:57,660 --> 00:40:58,660

That's a helicopter.

666

00:40:58,660 --> 00:40:59,660

It's way low.

667

00:40:59,660 --> 00:41:01,660

Military chopper.

668

00:41:01,660 --> 00:41:03,660

I don't know, b\*\*\*h.

669

00:41:03,660 --> 00:41:06,660

That's a searchlight.

670

00:41:06,660 --> 00:41:08,660

Under the tree.

671

00:41:08,660 --> 00:41:10,660

Under the tree.

672

00:41:10,660 --> 00:41:11,660

Hey, serious?

673

00:41:11,660 --> 00:41:12,660

James, under the tree.

674

00:41:12,660 --> 00:41:14,660

Ben, come and watch us.

675

00:41:14,660 --> 00:41:16,660

Yes, under the tree, James.

676

00:41:16,660 --> 00:41:26,660

He's literally circling us right now.

677

00:41:26,660 --> 00:41:27,660

Yeah.

678

00:41:27,660 --> 00:41:29,660

Right on the right, or come back.

679

00:41:39,660 --> 00:41:41,660

I'm literally trapped over here.

680

00:41:41,660 --> 00:41:43,660

You have to make a run for it.

681

00:41:46,660 --> 00:41:53,660

I'm going to get the f\*\*\* out of here.

682

00:41:53,660 --> 00:41:56,660

God, I hope she made it out from under that thing.

683

00:41:56,660 --> 00:41:57,660

Rider, it's Ben and James.

684

00:41:57,660 --> 00:41:58,660

Where are you?

685

00:41:58,660 --> 00:41:59,660

Over.

686

00:41:59,660 --> 00:42:00,660

Guys.

687

00:42:00,660 --> 00:42:01,660

Guys.

688

00:42:01,660 --> 00:42:06,660

Jesus Christ, where the hell have you been?

689

00:42:06,660 --> 00:42:07,660

You okay?

690

00:42:07,660 --> 00:42:10,660

Literally, I'm coming along the fence.

691

00:42:10,660 --> 00:42:12,660

Someone comes at me with flashlights.

692

00:42:12,660 --> 00:42:15,660

Next thing you know, f\*\*\*ing helicopter blades start up.

693

00:42:15,660 --> 00:42:18,660

And it came right around like this, and then Ben screamed.

694

00:42:18,660 --> 00:42:19,660

I mean, I got my headphones on.

695

00:42:19,660 --> 00:42:20,660

I can't hear.

696

00:42:20,660 --> 00:42:22,660

I just get under the tree.

697

00:42:22,660 --> 00:42:24,660

I think we've overstayed our welcome enough.

698

00:42:24,660 --> 00:42:25,660

We've got great footage.

699

00:42:25,660 --> 00:42:26,660

I think we should cut our losses now.

700

00:42:26,660 --> 00:42:27,660

Yeah, that's a lot for sure.

701

00:42:27,660 --> 00:42:28,660

Yeah.

702

00:42:43,660 --> 00:42:50,660

Back in our office, we got right to work looking deeper into our findings from the Fresno area.

703

00:42:50,660 --> 00:42:57,660

I did a bunch of research, and those tunnels you found are connected to a nearby hydroelectric plant.

704

00:42:57,660 --> 00:43:03,660

But I can't help thinking they could also be used to access underground bases if there is such a thing.

705

00:43:03,660 --> 00:43:05,660

It's really bizarre.

706

00:43:05,660 --> 00:43:10,660

This is a suspicious looking white van out where we're doing our investigations.

707

00:43:10,660 --> 00:43:11,660

Kind of odd.

708

00:43:11,660 --> 00:43:12,660

Absolutely.

709

00:43:12,660 --> 00:43:14,660

Take a look at this.

710

00:43:14,660 --> 00:43:18,660

I looked up the license plate, but couldn't find anything conclusive here.

711

00:43:20,660 --> 00:43:21,660

Oh, wow.

712

00:43:21,660 --> 00:43:22,660

Look at that.

713

00:43:22,660 --> 00:43:24,660

It's really, really strange.

714

00:43:24,660 --> 00:43:25,660

Really?

715

00:43:25,660 --> 00:43:29,660

So after further research into the tunnels that we found and all the white vans we saw,

716

00:43:29,660 --> 00:43:34,660

we couldn't find any concrete evidence tying these to the UFO sightings in Fresno.

717

00:43:34,660 --> 00:43:36,660

So the mystery continues.

718

00:43:36,660 --> 00:43:39,660

We've got the Amparano evidence.

719

00:43:39,660 --> 00:43:45,660

We had the articles that he gave us tested, and unfortunately, the test didn't reveal anything out of the ordinary.

720

00:43:45,660 --> 00:43:51,660

But I think we can say that with the medical records and with his testimony, that something absolutely happened to him.

721

00:43:51,660 --> 00:43:55,660

I saw sparks, you know, like when somebody's using a cutting torch or metal.

722

00:43:56,660 --> 00:44:01,660

Classical case of a close encounter of the second kind, and I totally believe him.

723

00:44:01,660 --> 00:44:06,660

I find his testimony absolutely bulletproof, his credibility solid.

724

00:44:06,660 --> 00:44:09,660

He's the reason why I investigate UFOs.

725

00:44:09,660 --> 00:44:16,660

So after further research, we determined that the Air National Guard 144th Wing is stationed in Fresno.

726

00:44:16,660 --> 00:44:19,660

That would explain some of the military activity.

727

00:44:19,660 --> 00:44:24,660

However, I'm convinced that there are bona fide UFOs flying over Fresno.

728

00:44:24,660 --> 00:44:26,660

What is that thing?

729

00:44:26,660 --> 00:44:28,660

It's really strange about this.

730

00:44:28,660 --> 00:44:32,660

I haven't seen any evidence of extraterrestrial spacecraft over the skies of Fresno.

731

00:44:32,660 --> 00:44:39,660

I think what people are seeing is a combination of military and civilian aircraft, not flying saucers being piloted by aliens.

732

00:44:39,660 --> 00:44:43,660

Do we know all that the military owns and is operating in the air?

733

00:44:43,660 --> 00:44:47,660

We don't, and therefore, they could still be unidentified to us.

734

00:44:47,660 --> 00:44:48,660

There it is, right there.

735

00:44:48,660 --> 00:44:55,660

So what people are seeing in this area could simply be misidentification of military aircraft, and it's as simple as that.
