

1

00:00:00,000 --> 00:00:04,000

This time on Chasing UFOs.

2

00:00:04,000 --> 00:00:07,000

There's no quite a aircraft, I'll tell you that.

3

00:00:07,000 --> 00:00:11,000

It probably moved 100 miles in a matter of a second.

4

00:00:11,000 --> 00:00:14,000

An intriguing video of an unknown object

5

00:00:14,000 --> 00:00:17,000

leads writer Ben and James to the Colorado Rockies

6

00:00:17,000 --> 00:00:20,000

to learn more about this mystery.

7

00:00:20,000 --> 00:00:23,000

We all know we've seen the same thing that day.

8

00:00:23,000 --> 00:00:27,000

Something that's not known, this planet at all.

9

00:00:27,000 --> 00:00:30,000

But their investigation takes a turn

10

00:00:30,000 --> 00:00:32,000

when the team learns that some locals believe

11

00:00:32,000 --> 00:00:37,000

these objects are linked with strange, gruesome animal mutilations.

12

00:00:37,000 --> 00:00:40,000

They beam that animal up into the spacecraft,

13

00:00:40,000 --> 00:00:43,000

do what they have to, then bring it back

14

00:00:43,000 --> 00:00:46,000

and drop it back into that field.

15

00:00:46,000 --> 00:00:48,000

Searching for a connection,

16

00:00:48,000 --> 00:00:51,000

the team hears of a mysterious menace

17

00:00:51,000 --> 00:00:54,000

that may have its sights on more than just animals.

18

00:00:54,000 --> 00:00:57,000

Their eyes were so blue they were almost violent.

19

00:00:57,000 --> 00:00:59,000

It may also be targeting humans.

20

00:00:59,000 --> 00:01:01,000

James, James, do you copy?

21

00:01:01,000 --> 00:01:03,000

What's going on, James?

22

00:01:03,000 --> 00:01:05,000

Oh, get the f*** out of here.

23

00:01:08,000 --> 00:01:11,000

What we have here is not any earthly craft.

24

00:01:11,000 --> 00:01:12,000

Did you see that?

25

00:01:12,000 --> 00:01:14,000

There's usually a more conventional explanation

26

00:01:14,000 --> 00:01:16,000

for unidentified things that people are seeing

27

00:01:16,000 --> 00:01:18,000

if you take the time to look for them.

28

00:01:18,000 --> 00:01:19,000

For the first time in my life,

29

00:01:19,000 --> 00:01:22,000

I'm caught believing that the possibility of UFOs

30

00:01:22,000 --> 00:01:24,000

is all too real.

31

00:01:24,000 --> 00:01:26,000

For me to be out here looking for evidence,

32

00:01:26,000 --> 00:01:27,000

this is it. This is what I live for.

33

00:01:27,000 --> 00:01:29,000

This is what I've been dreaming about.

34

00:01:29,000 --> 00:01:31,000

Oh, my God!

35

00:01:31,000 --> 00:01:33,000

Wow!

36

00:01:42,000 --> 00:01:44,000

Check this out.

37

00:01:44,000 --> 00:01:45,000

Rocky Mountains.

38

00:01:45,000 --> 00:01:47,000

I love these greens right here.

39

00:01:47,000 --> 00:01:48,000

So beautiful.

40

00:01:48,000 --> 00:01:50,000

We're on our way to Salida, Colorado,

41

00:01:50,000 --> 00:01:52,000

just north of the San Luis Valley.

42

00:01:52,000 --> 00:01:55,000

This area is a hotbed for UFO activity

43

00:01:55,000 --> 00:01:58,000

with reports of sightings going back years.

44

00:01:59,000 --> 00:02:02,000

There's a family there that shot one of the most compelling

45

00:02:02,000 --> 00:02:05,000

UFO videos we've ever seen.

46

00:02:05,000 --> 00:02:08,000

Okay, well, let's check out the Tim Edwards video

47

00:02:08,000 --> 00:02:11,000

that is actually getting us to Colorado here.

48

00:02:13,000 --> 00:02:15,000

We'll get the binoculars.

49

00:02:15,000 --> 00:02:17,000

It moved over that part of the sky there.

50

00:02:17,000 --> 00:02:19,000

It probably moved 500.

51

00:02:19,000 --> 00:02:23,000

It probably moved 100 miles in a matter of a second.

52

00:02:23,000 --> 00:02:25,000

You can kind of see what looks like

53

00:02:25,000 --> 00:02:28,000

balls kind of rotating around the outside.

54

00:02:28,000 --> 00:02:30,000

They're actually talking about it on the video.

55

00:02:31,000 --> 00:02:33,000

Is that a big one?

56

00:02:33,000 --> 00:02:34,000

Is he going?

57

00:02:34,000 --> 00:02:36,000

Did you see it?

58

00:02:36,000 --> 00:02:38,000

If you look at Tim Edwards' video closely,

59

00:02:38,000 --> 00:02:41,000

the object looks like a tear in the fabric of space.

60

00:02:41,000 --> 00:02:43,000

To me, it's amazing footage.

61

00:02:43,000 --> 00:02:46,000

Then you can see there's points of reference.

62

00:02:46,000 --> 00:02:48,000

There's the roof there.

63

00:02:48,000 --> 00:02:50,000

You can see a little of them until you could

64

00:02:50,000 --> 00:02:52,000

theoretically differentiate the movement of the craft

65

00:02:52,000 --> 00:02:54,000

to the movement of the camera.

66

00:02:54,000 --> 00:02:57,000

There ain't no little airplane that moves five miles in two seconds.

67

00:02:57,000 --> 00:02:59,000

Sure, it's pretty jerky.

68

00:02:59,000 --> 00:03:03,000

There's something about the video that doesn't add up to me.

69

00:03:03,000 --> 00:03:06,000

The movement of the object with respect to the house in frame

70

00:03:06,000 --> 00:03:08,000

with respect to the camera movement,

71

00:03:08,000 --> 00:03:10,000

it's not following both the way it should.

72

00:03:10,000 --> 00:03:12,000

Something's wrong.

73

00:03:12,000 --> 00:03:16,000

More and more people in the town admitted to having the same sighting.

74

00:03:16,000 --> 00:03:18,000

And then, when that got out in the press,

75

00:03:18,000 --> 00:03:22,000

we were able to connect the dots and find out that in four other states,

76

00:03:22,000 --> 00:03:26,000

around the same time other people were seeing this craft in the air.

77

00:03:26,000 --> 00:03:29,000

It's not only a video, it ends up being a mass sighting

78

00:03:29,000 --> 00:03:31,000

seen over multiple states.

79

00:03:32,000 --> 00:03:35,000

If it's not a UFO, then what is it?

80

00:03:35,000 --> 00:03:38,000

If it is a UFO, then where's it coming from?

81

00:03:38,000 --> 00:03:41,000

Unfortunately, Tim Edwards has since passed,

82

00:03:41,000 --> 00:03:44,000

but we've contacted his family and Brandy,

83

00:03:44,000 --> 00:03:47,000

the daughter that you actually hear in the video, she's six at the time,

84

00:03:47,000 --> 00:03:50,000

as well as Bob Edwards, Tim's father.

85

00:03:50,000 --> 00:03:52,000

They were willing to talk to us.

86

00:03:57,000 --> 00:04:00,000

Now, didn't your son call you all week?

87

00:04:00,000 --> 00:04:02,000

Oh, yes, he called.

88

00:04:02,000 --> 00:04:04,000

They watched it for close to an hour.

89

00:04:04,000 --> 00:04:05,000

How old were you at the time?

90

00:04:05,000 --> 00:04:06,000

I was six.

91

00:04:06,000 --> 00:04:08,000

So you were six years old. Do you remember it well?

92

00:04:08,000 --> 00:04:09,000

Yes, I do.

93

00:04:11,000 --> 00:04:13,000

We were supposed to go on a camping trip that day,

94

00:04:13,000 --> 00:04:17,000

so my father told me to go outside and go see if it was good or rain.

95

00:04:18,000 --> 00:04:21,000

So as I went outside, when I was looking up in the sky,

96

00:04:21,000 --> 00:04:24,000

I noticed a cigar-shaped object just hovering around.

97

00:04:27,000 --> 00:04:29,000

So I went and got my dad.

98

00:04:30,000 --> 00:04:34,000

Took him a few moments to realize, you know, what the object was.

99

00:04:37,000 --> 00:04:40,000

He's no kind of aircraft, I'll tell you that.

100

00:04:40,000 --> 00:04:42,000

And he went and he filmed it.

101

00:04:48,000 --> 00:04:51,000

But I remember it actually going like out and then going back in.

102

00:04:51,000 --> 00:04:53,000

It looked like it was kind of like growing.

103

00:04:53,000 --> 00:04:54,000

Did you see it?

104

00:04:54,000 --> 00:04:56,000

Right at his hill.

105

00:04:56,000 --> 00:04:59,000

It was darting from place to place,

106

00:04:59,000 --> 00:05:02,000

and the balls were coming out of it.

107

00:05:02,000 --> 00:05:07,000

You keep looking at it, and you can see like a ball going around it.

108

00:05:07,000 --> 00:05:11,000

There ain't no little airplane that moves five miles in two seconds.

109

00:05:12,000 --> 00:05:17,000

To me, it darted. I mean, it was so fast that you could see it here,

110

00:05:17,000 --> 00:05:19,000

you could see it there, here.

111

00:05:19,000 --> 00:05:22,000

Was it like it blinked out in one spot and then reappeared another,

112

00:05:22,000 --> 00:05:23,000

or did it actually move?

113

00:05:23,000 --> 00:05:25,000

It was like in different places.

114

00:05:26,000 --> 00:05:28,000

First move, more than five miles.

115

00:05:28,000 --> 00:05:32,000

It probably moved a hundred miles in a matter of a second.

116

00:05:33,000 --> 00:05:36,000

It's very unique, A, to have daytime footage,

117

00:05:36,000 --> 00:05:39,000

and B, to have multiple eyewitnesses at the same time.

118

00:05:39,000 --> 00:05:43,000

Do you disagree with each other on any points about what you remember seeing?

119

00:05:43,000 --> 00:05:46,000

We all know we've seen the same thing that day.

120

00:05:46,000 --> 00:05:50,000

Something that's not, I don't think, from this planet at all.

121

00:05:55,000 --> 00:05:56,000

We coming, peace?

122

00:05:56,000 --> 00:05:59,000

It's interesting to me that people found out who were in the area

123

00:05:59,000 --> 00:06:02,000

investigating UFOs and showed up to tell their stories.

124

00:06:02,000 --> 00:06:04,000

It looked like a giant hotel.

125

00:06:04,000 --> 00:06:05,000

Very, very big.

126

00:06:05,000 --> 00:06:06,000

Wow.

127

00:06:06,000 --> 00:06:07,000

Yeah, it's just huge.

128

00:06:08,000 --> 00:06:10,000

I would say it was about a couple school buses big.

129

00:06:10,000 --> 00:06:11,000

Interesting.

130

00:06:11,000 --> 00:06:15,000

I definitely cannot look up at the sky at night

131

00:06:15,000 --> 00:06:17,000

the same way as I did before that moment.

132

00:06:18,000 --> 00:06:19,000

The picture is amazing.

133

00:06:19,000 --> 00:06:22,000

Was it moving when you shot the picture?

134

00:06:22,000 --> 00:06:25,000

It must have been because it followed a log there

135

00:06:25,000 --> 00:06:29,000

for about 100 miles, and then I looked up and I looked real.

136

00:06:29,000 --> 00:06:32,000

Clearly, something really amazing is going on here.

137

00:06:34,000 --> 00:06:37,000

After speaking with the Edwards family and some locals,

138

00:06:37,000 --> 00:06:41,000

we found out we're the most recent UFO sightings were taking place,

139

00:06:41,000 --> 00:06:43,000

and we were able to target our investigation.

140

00:06:47,000 --> 00:06:50,000

So we're headed west, up into the mountains,

141

00:06:50,000 --> 00:06:52,000

to get a vantage of the entire area.

142

00:06:52,000 --> 00:06:56,000

Unfortunately, getting there is going to be pretty difficult,

143

00:06:56,000 --> 00:06:59,000

so I've arranged some alternative transportation.

144

00:07:22,000 --> 00:07:23,000

Oh!

145

00:07:25,000 --> 00:07:27,000

I think we're gonna have to hike in from here.

146

00:07:29,000 --> 00:07:31,000

I've never been on a field trek like this.

147

00:07:41,000 --> 00:07:42,000

No woman ever left behind.

148

00:07:42,000 --> 00:07:44,000

I hate snowshoeing.

149

00:07:44,000 --> 00:07:45,000

All right, guys.

150

00:07:45,000 --> 00:07:48,000

Looks like we're inching in on the sightings area.

151

00:07:48,000 --> 00:07:52,000

Figure we stage a base camp down here and do sweeps out from here.

152

00:07:52,000 --> 00:07:53,000

It's gonna be a lot...

153

00:07:53,000 --> 00:07:55,000

Come on, keep saying we're gonna see something.

154

00:07:55,000 --> 00:07:56,000

We better see something.

155

00:07:56,000 --> 00:07:59,000

To cover more ground, we decided to split up.

156

00:07:59,000 --> 00:08:03,000

Ben's got the telescope and he's positioned himself on a vantage point,

157

00:08:03,000 --> 00:08:06,000

facing south over the entire valley.

158

00:08:08,000 --> 00:08:10,000

James and I have an infrared camera,

159

00:08:10,000 --> 00:08:12,000

and we're going to take a look at the entire area.

160

00:08:12,000 --> 00:08:15,000

So we're going to get a little closer to the top of the mountain.

161

00:08:15,000 --> 00:08:18,000

We're gonna take a little closer to the top of the mountain.

162

00:08:18,000 --> 00:08:21,000

We're going to take a little closer to the top of the mountain.

163

00:08:21,000 --> 00:08:23,000

We're gonna take a little closer to the top of the mountain.

164

00:08:24,000 --> 00:08:27,000

James and I have an infrared camera and a thermal camera,

165

00:08:27,000 --> 00:08:31,000

and we found another vantage point looking north, not too far away.

166

00:08:32,000 --> 00:08:35,000

I inverted the colors just to show how cold it is.

167

00:08:35,000 --> 00:08:38,000

On the ground right here, yeah, that would be eight degrees.

168

00:08:39,000 --> 00:08:40,000

Let's see how cold you are.

169

00:08:41,000 --> 00:08:44,000

Oh my God, this is the scariest look you've ever had in your life.

170

00:08:45,000 --> 00:08:49,000

You aged 100 years on this thermal camera.

171

00:08:53,000 --> 00:08:56,000

Hey, hey, if things get really bad out here,

172

00:08:56,000 --> 00:08:59,000

I want you to know that I eat Ben, not you.

173

00:09:02,000 --> 00:09:04,000

Ben for writer James. Ben for writer James.

174

00:09:05,000 --> 00:09:06,000

Go ahead, Ben.

175

00:09:06,000 --> 00:09:10,000

Yeah, guys, I just wanted to point out that it looks like we've got eyes on a regular flight path.

176

00:09:10,000 --> 00:09:12,000

We're moving west to East Albert.

177

00:09:13,000 --> 00:09:15,000

You've got movement over your right shoulder,

178

00:09:15,000 --> 00:09:17,000

and then movement right over here.

179

00:09:18,000 --> 00:09:23,000

But you know what people are describing is not a regular plane.

180

00:09:23,000 --> 00:09:26,000

They're saying massive orbs the size of hotels.

181

00:09:26,000 --> 00:09:30,000

Nothing like, you know, just these regular planes that we're seeing right now.

182

00:09:32,000 --> 00:09:35,000

All right, well, I'm gonna throw this thing back up on the tripod to get a steadier reading.

183

00:09:36,000 --> 00:09:37,000

What do you think?

184

00:09:37,000 --> 00:09:38,000

Check it on Ben, see how he's doing.

185

00:09:38,000 --> 00:09:39,000

Okay, sounds good.

186

00:09:39,000 --> 00:09:40,000

I'll just stay and touch it.

187

00:09:40,000 --> 00:09:41,000

Okay.

188

00:09:43,000 --> 00:09:44,000

Oh my God.

189

00:09:48,000 --> 00:09:50,000

Where are all these weird lights everyone's talking about?

190

00:09:52,000 --> 00:09:53,000

Hey, James.

191

00:09:54,000 --> 00:09:55,000

What's going so fine so far?

192

00:09:55,000 --> 00:09:57,000

I just trying to calibrate the telescope.

193

00:10:00,000 --> 00:10:01,000

Whoa, look at that.

194

00:10:02,000 --> 00:10:03,000

Moon coming over the trees.

195

00:10:04,000 --> 00:10:06,000

It's windy. You can see the air moving.

196

00:10:06,000 --> 00:10:07,000

Wow.

197

00:10:07,000 --> 00:10:09,000

Man, that doesn't look like it's real.

198

00:10:10,000 --> 00:10:11,000

That's cool.

199

00:10:17,000 --> 00:10:19,000

What the hell was that?

200

00:10:30,000 --> 00:10:31,000

Let's see.

201

00:10:40,000 --> 00:10:41,000

What the hell was that?

202

00:10:41,000 --> 00:10:43,000

Look at it flashing.

203

00:10:45,000 --> 00:10:47,000

I really want to know what that is.

204

00:10:59,000 --> 00:11:01,000

What the hell was that?

205

00:11:11,000 --> 00:11:13,000

Whoa, whoa, whoa, whoa, whoa.

206

00:11:14,000 --> 00:11:15,000

Rider for Ben and James.

207

00:11:17,000 --> 00:11:18,000

Rider, this is Ben. Go ahead.

208

00:11:19,000 --> 00:11:21,000

I'm following some stars.

209

00:11:21,000 --> 00:11:23,000

Had my camera pointed upward.

210

00:11:23,000 --> 00:11:26,000

Look down and I get one big flash of white light.

211

00:11:27,000 --> 00:11:28,000

You know, and the light was gone.

212

00:11:28,000 --> 00:11:29,000

You know, were you ever pointed?

213

00:11:30,000 --> 00:11:33,000

Yeah, I'm pointed under a Ryan's belt over here.

214

00:11:33,000 --> 00:11:34,000

Okay.

215

00:11:42,000 --> 00:11:43,000

What do you see?

216

00:11:44,000 --> 00:11:45,000

I don't see anything.

217

00:11:45,000 --> 00:11:46,000

Frightened unusual.

218

00:11:46,000 --> 00:11:47,000

All I can see is the moon.

219

00:11:47,000 --> 00:11:48,000

That moon's blowing everything out.

220

00:11:48,000 --> 00:11:49,000

Damn it.

221

00:11:53,000 --> 00:11:54,000

Let's see.

222

00:11:59,000 --> 00:12:02,000

We continue to search the skies until it was clear

223

00:12:02,000 --> 00:12:04,000

that whatever I saw was gone.

224

00:12:04,000 --> 00:12:06,000

I know I saw something last night.

225

00:12:06,000 --> 00:12:09,000

And it's just a shame that we didn't get a better view of it

226

00:12:09,000 --> 00:12:11,000

because the moon was just way too bright.

227

00:12:13,000 --> 00:12:17,000

Now we're heading to the very epicenter of not only sightings,

228

00:12:17,000 --> 00:12:19,000

but other potential ET phenomenon.

229

00:12:22,000 --> 00:12:24,000

I think we're in Colorado.

230

00:12:24,000 --> 00:12:27,000

Cata mutilations are huge here.

231

00:12:27,000 --> 00:12:29,000

So I think it's just a little bit of a shame

232

00:12:29,000 --> 00:12:31,000

that we're in the middle of a storm.

233

00:12:31,000 --> 00:12:33,000

But the animals are huge here.

234

00:12:33,000 --> 00:12:36,000

So I think it's definitely worth an investigation

235

00:12:36,000 --> 00:12:39,000

to see why people are tying them to UFOs.

236

00:12:39,000 --> 00:12:42,000

James, I know a storm is you are, so...

237

00:12:44,000 --> 00:12:45,000

Here they are.

238

00:12:45,000 --> 00:12:47,000

That's just nasty.

239

00:12:49,000 --> 00:12:51,000

You know how long that cow was...

240

00:12:51,000 --> 00:12:54,000

But yeah, the entire jaw is just cut away.

241

00:12:55,000 --> 00:12:57,000

There's got to be some physical evidence of that at the scene.

242

00:12:57,000 --> 00:13:00,000

I'm skeptical that the alleged mutilations of these animals

243

00:13:00,000 --> 00:13:02,000

couldn't be caused by natural predators

244

00:13:02,000 --> 00:13:05,000

or some sort of diseases or the decomposition process.

245

00:13:05,000 --> 00:13:07,000

So I'm really curious to see what the ranchers have to say.

246

00:13:11,000 --> 00:13:14,000

We were able to contact two ranchers in the region

247

00:13:14,000 --> 00:13:18,000

who both say that they've had recent cattle mutilations.

248

00:13:18,000 --> 00:13:20,000

Alright, it's the end of the line.

249

00:13:20,000 --> 00:13:21,000

Good luck.

250

00:13:21,000 --> 00:13:22,000

Thanks for the ride.

251

00:13:22,000 --> 00:13:24,000

You may or may not be back.

252

00:13:24,000 --> 00:13:25,000

Good luck.

253

00:13:25,000 --> 00:13:26,000

Yeah.

254

00:13:26,000 --> 00:13:27,000

Bye.

255

00:13:28,000 --> 00:13:30,000

Just a young scientist going off for a while.

256

00:13:30,000 --> 00:13:31,000

I do admire his tenacity.

257

00:13:31,000 --> 00:13:32,000

I really do.

258

00:13:32,000 --> 00:13:33,000

Ben McGee.

259

00:13:33,000 --> 00:13:34,000

Tom Miller.

260

00:13:34,000 --> 00:13:35,000

Very nice to meet you.

261

00:13:35,000 --> 00:13:36,000

Same here.

262

00:13:36,000 --> 00:13:39,000

So I hear you had a cattle mutilation recently.

263

00:13:39,000 --> 00:13:41,000

Yeah, I did.

264

00:13:41,000 --> 00:13:43,000

About four months ago, right out here in this field,

265

00:13:43,000 --> 00:13:48,000

I got a phone call and the neighbor was going by the road here

266

00:13:48,000 --> 00:13:52,000

and he said, I think you have a dead cow out there.

267

00:13:57,000 --> 00:14:01,000

Got in my pickup and came over here.

268

00:14:01,000 --> 00:14:04,000

Sure enough, there was dead cow there.

269

00:14:04,000 --> 00:14:08,000

And I got to examining it.

270

00:14:08,000 --> 00:14:12,000

The eyes were gone, the tongue was gone.

271

00:14:12,000 --> 00:14:15,000

Had you ever seen anything like that before?

272

00:14:15,000 --> 00:14:18,000

Well, actually, I had a couple of them before.

273

00:14:18,000 --> 00:14:19,000

Really?

274

00:14:19,000 --> 00:14:22,000

The same sort of thing, eyes missing, tongue missing,

275

00:14:22,000 --> 00:14:23,000

weird holes in it?

276

00:14:23,000 --> 00:14:24,000

Yes.

277

00:14:24,000 --> 00:14:27,000

The first one was about ten years ago

278

00:14:27,000 --> 00:14:30,000

and the second one was about two years ago

279

00:14:30,000 --> 00:14:32,000

and then this one was about four months ago.

280

00:14:32,000 --> 00:14:34,000

Wow.

281

00:14:34,000 --> 00:14:36,000

Is this the cow?

282

00:14:36,000 --> 00:14:41,000

Yeah, this is part of the hide and that's part of the bones left.

283

00:14:41,000 --> 00:14:44,000

I didn't know you still had any of it here.

284

00:14:47,000 --> 00:14:49,000

You know, like this cow, I feed them every morning.

285

00:14:49,000 --> 00:14:53,000

They were all real healthy and then all of a sudden it's dead.

286

00:14:53,000 --> 00:14:56,000

If we walk over here, can you show me the actual position

287

00:14:56,000 --> 00:14:57,000

where it was laying?

288

00:14:57,000 --> 00:14:58,000

Do you remember which way the legs were pointing,

289

00:14:58,000 --> 00:14:59,000

things like that?

290

00:14:59,000 --> 00:15:03,000

Yeah, the head was pointed that way

291

00:15:03,000 --> 00:15:07,000

and the legs were pointed to the north that way.

292

00:15:07,000 --> 00:15:11,000

The eyes were gone and I guess the big thing,

293

00:15:11,000 --> 00:15:13,000

there was no blood.

294

00:15:13,000 --> 00:15:14,000

No blood at all.

295

00:15:14,000 --> 00:15:16,000

There was no track.

296

00:15:16,000 --> 00:15:18,000

The only thing it looked like was just it was dead

297

00:15:18,000 --> 00:15:20,000

and it was dropped here.

298

00:15:20,000 --> 00:15:24,000

Are you saying that you think it was dead before it ended up here?

299

00:15:24,000 --> 00:15:26,000

That's really what I think.

300

00:15:26,000 --> 00:15:27,000

Really?

301

00:15:27,000 --> 00:15:29,000

I don't think necessarily anything extraordinary

302

00:15:29,000 --> 00:15:31,000

had to happen at this site based on the way it looks

303

00:15:31,000 --> 00:15:33,000

but that's why I'm taking samples

304

00:15:33,000 --> 00:15:35,000

to see if radiologically or chemically

305

00:15:35,000 --> 00:15:37,000

there's any evidence of something exotic.

306

00:15:47,000 --> 00:15:49,000

How are you?

307

00:15:49,000 --> 00:15:51,000

James and I are meeting with Mike Durand.

308

00:15:51,000 --> 00:15:55,000

He's a rancher that says he's had more than one cattle mutilation

309

00:15:55,000 --> 00:15:59,000

on his property and the most recent was just a few years ago.

310

00:15:59,000 --> 00:16:02,000

Where did this most recent incident occur?

311

00:16:02,000 --> 00:16:05,000

This was right on the bottom down here by these trees.

312

00:16:05,000 --> 00:16:08,000

What happened was that morning when I went to go feed,

313

00:16:08,000 --> 00:16:10,000

well the cow wasn't there.

314

00:16:10,000 --> 00:16:13,000

So I went up on the property and as I looked,

315

00:16:13,000 --> 00:16:15,000

I looked down here down on the whole meadow

316

00:16:15,000 --> 00:16:17,000

because you can see from on top of the hill up there,

317

00:16:17,000 --> 00:16:19,000

you can see everything.

318

00:16:19,000 --> 00:16:21,000

And I noticed that she was down by the river.

319

00:16:24,000 --> 00:16:26,000

The cow was right in this area here.

320

00:16:26,000 --> 00:16:30,000

When I found her, it seemed like she had walked down this trail,

321

00:16:30,000 --> 00:16:33,000

was going to get some water and then just happened to die

322

00:16:33,000 --> 00:16:37,000

and just fall over until I found that her udders had been removed

323

00:16:37,000 --> 00:16:41,000

and around the vaginal area that had been removed also.

324

00:16:41,000 --> 00:16:43,000

And all this right in here is all fresh mud

325

00:16:43,000 --> 00:16:45,000

and there were no tracks at all.

326

00:16:45,000 --> 00:16:49,000

Wow. Do you believe that extraterrestrials

327

00:16:49,000 --> 00:16:51,000

are the ones actually doing these mutilations?

328

00:16:51,000 --> 00:16:52,000

I do believe that.

329

00:16:52,000 --> 00:16:54,000

They beam that animal up into the spacecraft,

330

00:16:54,000 --> 00:16:57,000

do what they have to, then bring it back

331

00:16:57,000 --> 00:17:00,000

and drop it back into that field.

332

00:17:00,000 --> 00:17:03,000

And that's the reason that we can't find any tracks.

333

00:17:04,000 --> 00:17:08,000

You've mentioned that before these mutilations happened

334

00:17:08,000 --> 00:17:11,000

that there's usually a sighting associated with them.

335

00:17:11,000 --> 00:17:13,000

Yes, and shortly before that,

336

00:17:13,000 --> 00:17:16,000

it was a bright light in the sky.

337

00:17:16,000 --> 00:17:20,000

And I watched it, I watched it go and then it just disappeared.

338

00:17:20,000 --> 00:17:23,000

How is that different from conventional airplanes up in the sky?

339

00:17:23,000 --> 00:17:25,000

Oh, well, you see the blinking lights.

340

00:17:25,000 --> 00:17:27,000

There's no jet streamer, nothing.

341

00:17:27,000 --> 00:17:30,000

It's just a white, shiny light.

342

00:17:30,000 --> 00:17:34,000

It's kind of weird that we're talking about this now.

343

00:17:34,000 --> 00:17:36,000

Two nights, well, Monday night,

344

00:17:36,000 --> 00:17:38,000

we saw a light in the sky also.

345

00:17:38,000 --> 00:17:40,000

So this very week you had a sighting?

346

00:17:40,000 --> 00:17:41,000

Yes, we did.

347

00:17:44,000 --> 00:17:46,000

Is that a meteorite?

348

00:17:46,000 --> 00:17:47,000

Yup.

349

00:17:58,000 --> 00:18:02,000

You've mentioned that before these mutilations happened

350

00:18:02,000 --> 00:18:04,000

that there's usually a sighting associated with them.

351

00:18:04,000 --> 00:18:07,000

Monday night, we saw a light in the sky also, my son and I.

352

00:18:07,000 --> 00:18:09,000

So this very week you had a sighting?

353

00:18:09,000 --> 00:18:10,000

Yes, we did.

354

00:18:10,000 --> 00:18:13,000

So there could be a freshly mutilated?

355

00:18:13,000 --> 00:18:16,000

There could be, because especially if these sightings are happening,

356

00:18:16,000 --> 00:18:18,000

something's going to be happening soon.

357

00:18:18,000 --> 00:18:22,000

Mike Durand talked about light beams coming out of UFOs and zapping cattle.

358

00:18:22,000 --> 00:18:26,000

Whether or not ETs are involved, I have no idea.

359

00:18:26,000 --> 00:18:29,000

However, this could be a great opportunity for us to determine

360

00:18:29,000 --> 00:18:33,000

whether or not UFOs and cattle mutilations are connected.

361

00:18:33,000 --> 00:18:38,000

So we're going to bring in the help of local cattle mutilation investigator Chuck Zukowski.

362

00:18:38,000 --> 00:18:42,000

I've worked at least ten cases out here within the past three years.

363

00:18:42,000 --> 00:18:44,000

Can I ask you something?

364

00:18:44,000 --> 00:18:45,000

Yes, sir.

365

00:18:45,000 --> 00:18:49,000

What physical evidence on the ground has led you to believe,

366

00:18:49,000 --> 00:18:54,000

in addition to the animal, that something less prosaics going on?

367

00:18:54,000 --> 00:19:00,000

You know, I have an animal sitting here laying dead, no blood, nothing seeping out.

368

00:19:00,000 --> 00:19:04,000

You have no evidence of human intervention, no footprints,

369

00:19:04,000 --> 00:19:07,000

no tire tracks coming in, dropping the animal out.

370

00:19:07,000 --> 00:19:12,000

For God's sakes, you know, you really have to have something large enough

371

00:19:12,000 --> 00:19:16,000

to be able to lift this animal up to do what you need to do to it and drop it back down.

372

00:19:16,000 --> 00:19:18,000

There's absolutely no trace.

373

00:19:18,000 --> 00:19:21,000

As investigators, you know, with your experience,

374

00:19:21,000 --> 00:19:24,000

what trace evidence are we out there looking for?

375

00:19:24,000 --> 00:19:27,000

Well, first thing, you know, obviously you want to take samples.

376

00:19:27,000 --> 00:19:32,000

I would look for just a little cross-section where the lab can actually see

377

00:19:32,000 --> 00:19:34,000

what caused the incision.

378

00:19:34,000 --> 00:19:36,000

So you want a couple of those.

379

00:19:36,000 --> 00:19:40,000

You know, if you have the guts, you can go into the guts.

380

00:19:40,000 --> 00:19:42,000

You can go in and look.

381

00:19:42,000 --> 00:19:48,000

To further investigate, we decided to take Chuck out with us on our investigation.

382

00:19:48,000 --> 00:19:50,000

James, can you grab that one for me?

383

00:19:50,000 --> 00:19:53,000

Together, we'll look for a fresh cow carcass

384

00:19:53,000 --> 00:19:59,000

to see if there is anything to this theory that UFOs are responsible for these mutilations.

385

00:20:02,000 --> 00:20:04,000

I'm sorry.

386

00:20:09,000 --> 00:20:12,000

You want to try and find a mutilated cow?

387

00:20:12,000 --> 00:20:13,000

Yes.

388

00:20:13,000 --> 00:20:15,000

I'm with Mom, too.

389

00:20:15,000 --> 00:20:17,000

Right, right.

390

00:20:17,000 --> 00:20:18,000

All right.

391

00:20:18,000 --> 00:20:20,000

Doing a scan of the mountainside here,

392

00:20:20,000 --> 00:20:23,000

just in case there's any evidence of a recently mutilated cow.

393

00:20:23,000 --> 00:20:27,000

That's one of the most practical damn uses I've ever seen for a thermal camera in the field.

394

00:20:27,000 --> 00:20:29,000

Looks pretty clear.

395

00:20:32,000 --> 00:20:42,000

Well, if we do come across a mutilated cattle,

396

00:20:42,000 --> 00:20:45,000

at least the cold would preserve it a little bit.

397

00:20:45,000 --> 00:20:49,000

Except the problem is the cold is also damaging it.

398

00:20:49,000 --> 00:20:51,000

That's what frostbite is.

399

00:20:51,000 --> 00:20:54,000

If cells actually freeze, they'll break,

400

00:20:54,000 --> 00:20:57,000

and then you've ruined the chemistry.

401

00:20:57,000 --> 00:20:59,000

So it's a fine line.

402

00:21:02,000 --> 00:21:07,000

You never know what to expect when you come down to places like this.

403

00:21:12,000 --> 00:21:14,000

Watch your footing there.

404

00:21:14,000 --> 00:21:16,000

It's a little slippery.

405

00:21:16,000 --> 00:21:23,000

Well, Mike Durand was talking about this is like nicknamed the alien field.

406

00:21:23,000 --> 00:21:25,000

Why is that?

407

00:21:25,000 --> 00:21:30,000

Well, probably because of his cattle mutilation that he had in 2009.

408

00:21:33,000 --> 00:21:36,000

What kind of wild animals are out here?

409

00:21:36,000 --> 00:21:38,000

We do have bear.

410

00:21:38,000 --> 00:21:40,000

Is that why you brought, you going with you?

411

00:21:40,000 --> 00:21:41,000

Oh, absolutely.

412

00:21:41,000 --> 00:21:44,000

I mean, I never venture out any type of environment like this,

413

00:21:44,000 --> 00:21:48,000

especially when you don't know it's hiding 20 feet in front of you.

414

00:21:50,000 --> 00:21:54,000

Oh, holy s***, you're not messing around.

415

00:21:54,000 --> 00:21:58,000

But we do have to watch out for mountain lions.

416

00:21:58,000 --> 00:22:01,000

There was one that was seen earlier tonight.

417

00:22:01,000 --> 00:22:03,000

Just down the street.

418

00:22:03,000 --> 00:22:04,000

Absolutely.

419

00:22:04,000 --> 00:22:07,000

We're going to be walking down towards the stream.

420

00:22:07,000 --> 00:22:13,000

And that's one of their nice stocking areas where other animals go to feed.

421

00:22:17,000 --> 00:22:19,000

All right.

422

00:22:23,000 --> 00:22:25,000

Let's go this way.

423

00:22:25,000 --> 00:22:27,000

Ah, sweet.

424

00:22:32,000 --> 00:22:34,000

Ah.

425

00:22:36,000 --> 00:22:38,000

Oh, man.

426

00:22:38,000 --> 00:22:41,000

It's always something, huh?

427

00:22:44,000 --> 00:22:46,000

What are you looking at?

428

00:22:48,000 --> 00:22:49,000

That hurt something.

429

00:22:49,000 --> 00:22:51,000

Okay. We have to find another route.

430

00:22:51,000 --> 00:22:53,000

Yeah.

431

00:23:01,000 --> 00:23:04,000

This should be the area where the mutilation happened.

432

00:23:04,000 --> 00:23:11,000

So one of the things we're looking for was a possibility that the animal was up the bank

433

00:23:11,000 --> 00:23:14,000

and was killed up there and then fell down or rolled down.

434

00:23:14,000 --> 00:23:16,000

So you look for a scar.

435

00:23:16,000 --> 00:23:18,000

There was no skin marks.

436

00:23:18,000 --> 00:23:23,000

There was nothing that showed the possibility that the animal hit and rolled all the way down.

437

00:23:23,000 --> 00:23:28,000

We saw no evidence that the cow even moved while it was dying.

438

00:23:29,000 --> 00:23:36,000

What we did see though is we saw half of the animal laying in this purgatory river

439

00:23:36,000 --> 00:23:39,000

and the other half right here.

440

00:23:41,000 --> 00:23:43,000

Where does the blood go?

441

00:23:43,000 --> 00:23:47,000

That's a good question. Where does the blood go? We don't see it.

442

00:23:47,000 --> 00:23:49,000

It appears the cow has dropped.

443

00:23:52,000 --> 00:23:54,000

You were the first professional on site to investigate, right?

444

00:23:54,000 --> 00:23:56,000

We were the first professional investigators.

445

00:23:56,000 --> 00:23:59,000

What did you think? Did you know immediately?

446

00:24:02,000 --> 00:24:08,000

Absolutely. I mean, when you start looking at the just the carnage, the incisions,

447

00:24:08,000 --> 00:24:13,000

we knew right off that this wasn't anything that a predator would do.

448

00:24:13,000 --> 00:24:15,000

Okay.

449

00:24:15,000 --> 00:24:17,000

Jesus.

450

00:24:17,000 --> 00:24:19,000

What?

451

00:24:19,000 --> 00:24:21,000

Four pairs of eyes right there at the tree land. You see that?

452

00:24:21,000 --> 00:24:23,000

No, I can't see it. I can't see it.

453

00:24:23,000 --> 00:24:25,000

Oh my God, I cannot get this flare working right now.

454

00:24:25,000 --> 00:24:27,000

I could really use that right now.

455

00:24:27,000 --> 00:24:30,000

I know, I know. I don't know what it's doing. It's going through every menu possible.

456

00:24:30,000 --> 00:24:32,000

They're getting up.

457

00:24:32,000 --> 00:24:34,000

I really can't.

458

00:24:34,000 --> 00:24:36,000

I can't see it.

459

00:24:36,000 --> 00:24:38,000

I can't see it.

460

00:24:38,000 --> 00:24:40,000

I can't see it.

461

00:24:40,000 --> 00:24:42,000

They're getting up.

462

00:24:42,000 --> 00:24:44,000

I really can't.

463

00:24:44,000 --> 00:24:46,000

Jesus.

464

00:24:46,000 --> 00:24:48,000

One, two, four.

465

00:24:48,000 --> 00:24:50,000

Definitely four pairs of eyes.

466

00:24:50,000 --> 00:24:52,000

Okay, okay, okay.

467

00:24:52,000 --> 00:24:54,000

It's freezing on me. Hold on, hold on, hold on.

468

00:25:00,000 --> 00:25:02,000

I see some blinking lights, dude.

469

00:25:02,000 --> 00:25:04,000

Oh my God.

470

00:25:07,000 --> 00:25:09,000

Is that it right there?

471

00:25:10,000 --> 00:25:12,000

Oh, oh, I see it now.

472

00:25:20,000 --> 00:25:22,000

Jesus.

473

00:25:22,000 --> 00:25:24,000

What?

474

00:25:24,000 --> 00:25:26,000

Four pairs of eyes right there at the tree land.

475

00:25:26,000 --> 00:25:28,000

Eyes?

476

00:25:28,000 --> 00:25:30,000

Multiple pairs.

477

00:25:30,000 --> 00:25:32,000

I cannot get this flare working right now.

478

00:25:32,000 --> 00:25:34,000

I could really use that right now.

479

00:25:34,000 --> 00:25:36,000

I know, I know. I don't know what it's doing. It's going through every menu possible.

480

00:25:36,000 --> 00:25:38,000

They're getting up.

481

00:25:38,000 --> 00:25:40,000

What are we looking at?

482

00:25:44,000 --> 00:25:46,000

And?

483

00:25:46,000 --> 00:25:48,000

Oh yeah, those are cows.

484

00:25:48,000 --> 00:25:50,000

She's just f***ing gone. Those are cows.

485

00:25:50,000 --> 00:25:52,000

The good news is, if we have cows,

486

00:25:54,000 --> 00:25:56,000

we may have mutilated cows.

487

00:25:56,000 --> 00:25:58,000

I'm going to move closer to the cattle

488

00:25:58,000 --> 00:26:00,000

to see what we can find.

489

00:26:04,000 --> 00:26:06,000

Oh, f***.

490

00:26:06,000 --> 00:26:08,000

What did you see?

491

00:26:08,000 --> 00:26:10,000

Jesus, look at that.

492

00:26:10,000 --> 00:26:12,000

Oh my God.

493

00:26:12,000 --> 00:26:14,000

Those are definitely massive cat prints.

494

00:26:14,000 --> 00:26:16,000

Oh yeah, look at the talons on the front of those guys.

495

00:26:16,000 --> 00:26:18,000

Yup.

496

00:26:18,000 --> 00:26:20,000

It's like a 150 pound cat.

497

00:26:20,000 --> 00:26:22,000

Oh my God, look at it.

498

00:26:22,000 --> 00:26:24,000

Why is it holding so much heat?

499

00:26:24,000 --> 00:26:26,000

Because it's fresh.

500

00:26:26,000 --> 00:26:28,000

Oh my God, there are two sizes.

501

00:26:28,000 --> 00:26:30,000

Look at that.

502

00:26:30,000 --> 00:26:32,000

There's that little one and then that.

503

00:26:32,000 --> 00:26:34,000

Yes.

504

00:26:34,000 --> 00:26:36,000

And children, which is the worst scenario possible.

505

00:26:36,000 --> 00:26:38,000

They go up and down this road.

506

00:26:38,000 --> 00:26:40,000

Way too exposed here.

507

00:26:40,000 --> 00:26:42,000

Look at the brush.

508

00:26:42,000 --> 00:26:44,000

This is an ambush.

509

00:26:44,000 --> 00:26:46,000

You can come from any angle.

510

00:26:46,000 --> 00:26:48,000

Oh yeah.

511

00:26:48,000 --> 00:26:50,000

You've got coverage.

512

00:26:50,000 --> 00:26:52,000

It's cored through.

513

00:26:52,000 --> 00:26:54,000

I'll go stand next to a volcano,

514

00:26:54,000 --> 00:26:56,000

but I sure as f*** don't like being stalked.

515

00:26:56,000 --> 00:26:58,000

You know me. I'm about the data,

516

00:26:58,000 --> 00:27:00,000

but you can't collect any data when you're dinner.

517

00:27:00,000 --> 00:27:02,000

You know James, the heads up.

518

00:27:02,000 --> 00:27:04,000

I'm going to come in later.

519

00:27:04,000 --> 00:27:06,000

James, unfortunately we found

520

00:27:06,000 --> 00:27:10,000

very, very fresh mountain lion prints.

521

00:27:10,000 --> 00:27:12,000

Well, chances are that mountain lion

522

00:27:12,000 --> 00:27:14,000

knows exactly where you guys are.

523

00:27:14,000 --> 00:27:16,000

It's not funny, James.

524

00:27:16,000 --> 00:27:18,000

It's not funny and you're also

525

00:27:18,000 --> 00:27:20,000

by the water line.

526

00:27:20,000 --> 00:27:22,000

True that, but Chuck's packing.

527

00:27:22,000 --> 00:27:24,000

I just saw something reflect off my flashlight.

528

00:27:24,000 --> 00:27:26,000

Did you hear something?

529

00:27:26,000 --> 00:27:28,000

Yep.

530

00:27:28,000 --> 00:27:30,000

They're going to come right down this slope.

531

00:27:30,000 --> 00:27:32,000

Coming right up.

532

00:27:32,000 --> 00:27:34,000

Chuck has got a message for you.

533

00:27:34,000 --> 00:27:36,000

Don't run. Don't run.

534

00:27:36,000 --> 00:27:38,000

Just back out slowly and then

535

00:27:38,000 --> 00:27:40,000

I'll just leave you alone.

536

00:27:40,000 --> 00:27:42,000

Great. No, let's get that out of here.

537

00:27:42,000 --> 00:27:44,000

No f***.

538

00:27:44,000 --> 00:27:46,000

You know.

539

00:27:46,000 --> 00:27:48,000

With a map,

540

00:27:48,000 --> 00:27:50,000

I'm going to go to the other side of the road.

541

00:27:50,000 --> 00:27:52,000

I'm going to go to the other side of the road.

542

00:27:52,000 --> 00:27:54,000

With a mountain lion nearby,

543

00:27:54,000 --> 00:27:56,000

it was just too dangerous to continue.

544

00:27:56,000 --> 00:27:58,000

So we had to call it a night.

545

00:28:02,000 --> 00:28:04,000

Some locals believe that UFOs

546

00:28:04,000 --> 00:28:06,000

are not only coming to Colorado

547

00:28:06,000 --> 00:28:08,000

to abduct cattle,

548

00:28:08,000 --> 00:28:10,000

but they're also here abducting humans.

549

00:28:10,000 --> 00:28:12,000

In fact,

550

00:28:12,000 --> 00:28:14,000

nearby is a man

551

00:28:14,000 --> 00:28:16,000

who claims to be a multiple abductee

552

00:28:16,000 --> 00:28:18,000

that is visited frequently.

553

00:28:18,000 --> 00:28:20,000

He claims that he's actually captured footage

554

00:28:20,000 --> 00:28:22,000

of one of these abductors.

555

00:28:22,000 --> 00:28:24,000

This is

556

00:28:24,000 --> 00:28:26,000

video footage that Stan

557

00:28:26,000 --> 00:28:28,000

Romanek shot from inside his house

558

00:28:28,000 --> 00:28:30,000

of what he says

559

00:28:30,000 --> 00:28:32,000

and what other people say

560

00:28:32,000 --> 00:28:34,000

is an extraterrestrial being

561

00:28:34,000 --> 00:28:36,000

outside his window.

562

00:28:36,000 --> 00:28:38,000

On the ground.

563

00:28:38,000 --> 00:28:40,000

You're saying he captured an alien

564

00:28:40,000 --> 00:28:42,000

on video.

565

00:28:42,000 --> 00:28:44,000

That is what we've been told

566

00:28:44,000 --> 00:28:46,000

and that's what the video shows.

567

00:28:50,000 --> 00:28:52,000

Is he selling the video?

568

00:28:52,000 --> 00:28:54,000

Is he making any money off this video?

569

00:28:54,000 --> 00:28:56,000

No.

570

00:28:56,000 --> 00:28:58,000

So there's no sort of

571

00:28:58,000 --> 00:29:00,000

incentive for him to...

572

00:29:00,000 --> 00:29:02,000

No.

573

00:29:02,000 --> 00:29:04,000

This would be very expensive

574

00:29:04,000 --> 00:29:06,000

and time-consuming to create.

575

00:29:06,000 --> 00:29:08,000

I saw Stan Romanek's video

576

00:29:08,000 --> 00:29:10,000

and I immediately thought,

577

00:29:10,000 --> 00:29:12,000

really,

578

00:29:12,000 --> 00:29:14,000

I'm open

579

00:29:14,000 --> 00:29:16,000

to finding out more.

580

00:29:16,000 --> 00:29:18,000

I haven't completely dismissed it yet.

581

00:29:18,000 --> 00:29:20,000

I'm not saying that this video,

582

00:29:20,000 --> 00:29:22,000

in particular, do I believe 100%

583

00:29:22,000 --> 00:29:24,000

is a real extraterrestrial,

584

00:29:24,000 --> 00:29:26,000

but I can say that it is not

585

00:29:26,000 --> 00:29:28,000

a person in a mouth.

586

00:29:32,000 --> 00:29:34,000

It doesn't strike me immediately as CG,

587

00:29:34,000 --> 00:29:36,000

but I'm not necessarily convinced

588

00:29:36,000 --> 00:29:38,000

it's not somebody in a mask.

589

00:29:38,000 --> 00:29:40,000

The eyes blink.

590

00:29:44,000 --> 00:29:46,000

Truthfully, the alien video looked a lot like

591

00:29:46,000 --> 00:29:48,000

a poke to mask up and

592

00:29:48,000 --> 00:29:50,000

you know, it dropped back down.

593

00:29:50,000 --> 00:29:52,000

People say they see the eyes blink.

594

00:29:52,000 --> 00:29:54,000

Maybe I see that. It's awful grainy.

595

00:29:54,000 --> 00:29:56,000

But still, nothing you couldn't do

596

00:29:56,000 --> 00:29:58,000

with, you know, even an articulated,

597

00:29:58,000 --> 00:30:00,000

slightly articulating something with your hand.

598

00:30:02,000 --> 00:30:04,000

Since then, he believes that he's not

599

00:30:04,000 --> 00:30:06,000

only had multiple encounters with UFOs

600

00:30:06,000 --> 00:30:08,000

in the sky following his car, following him,

601

00:30:08,000 --> 00:30:10,000

but he's had multiple

602

00:30:10,000 --> 00:30:12,000

encounters with extraterrestrials

603

00:30:12,000 --> 00:30:14,000

that have come to his house, that he has

604

00:30:14,000 --> 00:30:16,000

drawings of, that he's been abducted

605

00:30:16,000 --> 00:30:18,000

multiple times.

606

00:30:18,000 --> 00:30:20,000

It's a fascinating case and I think it definitely bears

607

00:30:20,000 --> 00:30:22,000

investigation.

608

00:30:22,000 --> 00:30:24,000

I try to keep an open mind,

609

00:30:24,000 --> 00:30:26,000

so I'm not jumping to any conclusions

610

00:30:26,000 --> 00:30:28,000

until we actually meet stand and find out

611

00:30:28,000 --> 00:30:30,000

what's going on.

612

00:30:36,000 --> 00:30:38,000

Interesting thing was, I was a real aggressive skeptic.

613

00:30:38,000 --> 00:30:40,000

Now I seem to be the poster child

614

00:30:40,000 --> 00:30:42,000

for the strange and unusual.

615

00:30:42,000 --> 00:30:44,000

I would love to talk a little bit about the evidence

616

00:30:44,000 --> 00:30:46,000

and, you know, the encounters that you've actually

617

00:30:46,000 --> 00:30:48,000

had with ETs.

618

00:30:48,000 --> 00:30:50,000

Yeah.

619

00:30:50,000 --> 00:30:52,000

Beautiful one your day.

620

00:30:52,000 --> 00:30:54,000

I went to get about 11 o'clock.

621

00:31:00,000 --> 00:31:02,000

I went to go see who it was.

622

00:31:02,000 --> 00:31:04,000

I went to see who it was.

623

00:31:12,000 --> 00:31:14,000

At the door were three people,

624

00:31:14,000 --> 00:31:16,000

a female and two males.

625

00:31:16,000 --> 00:31:18,000

These things have very huge,

626

00:31:18,000 --> 00:31:20,000

very slanted, almond shaped blue eyes.

627

00:31:20,000 --> 00:31:22,000

Their eyes were so blue they were almost

628

00:31:22,000 --> 00:31:24,000

violent.

629

00:31:24,000 --> 00:31:26,000

And the female came forward and grabbed my wrist.

630

00:31:28,000 --> 00:31:30,000

I felt this excruciating pain

631

00:31:30,000 --> 00:31:32,000

on my lower back.

632

00:31:32,000 --> 00:31:34,000

And I woke up the next morning

633

00:31:34,000 --> 00:31:36,000

just convinced I had some kind of

634

00:31:36,000 --> 00:31:38,000

horrible nightmare.

635

00:31:38,000 --> 00:31:40,000

And I felt these holes in my back.

636

00:31:40,000 --> 00:31:42,000

And they were fresh holes.

637

00:31:42,000 --> 00:31:44,000

This photograph for you?

638

00:31:44,000 --> 00:31:46,000

Yeah, yeah.

639

00:31:46,000 --> 00:31:48,000

The lower back.

640

00:31:48,000 --> 00:31:50,000

Oh my gosh.

641

00:31:50,000 --> 00:31:52,000

Well, I looked down.

642

00:31:52,000 --> 00:31:54,000

Not only did I have holes in my back,

643

00:31:54,000 --> 00:31:56,000

but all the hair was rubbed off my wrist

644

00:31:56,000 --> 00:31:58,000

and I had these wounds on my wrist.

645

00:31:58,000 --> 00:32:00,000

I totally lost it.

646

00:32:00,000 --> 00:32:02,000

I mean, I was balling, I was shaking.

647

00:32:02,000 --> 00:32:04,000

You asked them, why me?

648

00:32:04,000 --> 00:32:06,000

Why me? What do you want from me?

649

00:32:06,000 --> 00:32:08,000

It's not like they...

650

00:32:08,000 --> 00:32:10,000

Can you ask those questions?

651

00:32:10,000 --> 00:32:12,000

I don't think they really care.

652

00:32:12,000 --> 00:32:14,000

Why?

653

00:32:14,000 --> 00:32:16,000

And is this why you started doing some surveillance?

654

00:32:16,000 --> 00:32:18,000

Stuff kept happening, kept happening, kept happening.

655

00:32:18,000 --> 00:32:20,000

The big one, though,

656

00:32:20,000 --> 00:32:22,000

July 17, 2003.

657

00:32:22,000 --> 00:32:24,000

Now, what's interesting

658

00:32:24,000 --> 00:32:26,000

is you can actually see the infrared

659

00:32:26,000 --> 00:32:28,000

and the black-eyed retina.

660

00:32:28,000 --> 00:32:30,000

Man, look at that little critter.

661

00:32:32,000 --> 00:32:34,000

Any blinks in these squints?

662

00:32:34,000 --> 00:32:36,000

We had the way he shoots down like that.

663

00:32:36,000 --> 00:32:38,000

He saw me coming and he dropped down

664

00:32:38,000 --> 00:32:40,000

because he saw me coming.

665

00:32:40,000 --> 00:32:42,000

What did you do right now?

666

00:32:42,000 --> 00:32:44,000

When I saw it, I ran upstairs to get my wife

667

00:32:44,000 --> 00:32:46,000

because I saw that thing running away.

668

00:32:46,000 --> 00:32:48,000

Where did you see it running away?

669

00:32:48,000 --> 00:32:50,000

To backyard.

670

00:32:50,000 --> 00:32:52,000

There appears to be something odd going on

671

00:32:52,000 --> 00:32:54,000

at Stan Roman's house.

672

00:32:54,000 --> 00:32:57,000

This is a classic case where he's either hoaxing

673

00:32:57,000 --> 00:33:00,000

or he's being visited by aliens.

674

00:33:02,000 --> 00:33:05,000

It's hard for my first suspicion to not be that it's staged.

675

00:33:07,000 --> 00:33:09,000

So I think we definitely need to see if we can't capture

676

00:33:09,000 --> 00:33:12,000

some of the stuff that Stan claims is happening to him.

677

00:33:25,000 --> 00:33:27,000

So I've got multiple views.

678

00:33:27,000 --> 00:33:29,000

The ones I'm most interested in are

679

00:33:29,000 --> 00:33:31,000

the camera-looking-out-Stan's window.

680

00:33:31,000 --> 00:33:33,000

And then we've got the South Gate.

681

00:33:36,000 --> 00:33:38,000

Stan said he's going to do his best

682

00:33:38,000 --> 00:33:40,000

to have us invite something in,

683

00:33:40,000 --> 00:33:42,000

but we'll see what happens.

684

00:33:46,000 --> 00:33:48,000

All right, keep going.

685

00:33:48,000 --> 00:33:50,000

We're going to get the camera.

686

00:33:50,000 --> 00:33:52,000

We're going to get the camera.

687

00:33:52,000 --> 00:33:53,000

Okay, good.

688

00:33:53,000 --> 00:33:55,000

All right, keep in touch.

689

00:33:56,000 --> 00:33:59,000

Unable to cover all the sightings areas with cameras,

690

00:33:59,000 --> 00:34:01,000

we decided to split up.

691

00:34:01,000 --> 00:34:04,000

Ben would head north to do a radiation test,

692

00:34:04,000 --> 00:34:06,000

while Stan and I would head south

693

00:34:06,000 --> 00:34:08,000

to an area of a most recent encounter.

694

00:34:11,000 --> 00:34:13,000

All right, you ready to do this?

695

00:34:13,000 --> 00:34:14,000

Yes.

696

00:34:14,000 --> 00:34:16,000

I hope we catch something.

697

00:34:16,000 --> 00:34:17,000

Yeah, me too.

698

00:34:23,000 --> 00:34:26,000

You know, there's a common misconception

699

00:34:26,000 --> 00:34:31,000

that you have to be a millinowar to see something.

700

00:34:31,000 --> 00:34:35,000

Our experience proves that you can be anywhere and see something.

701

00:34:44,000 --> 00:34:47,000

Just under 15 micro-arper hour,

702

00:34:47,000 --> 00:34:49,000

unless you had some activation of the concrete

703

00:34:49,000 --> 00:34:52,000

by some sort of nearby fishing reactor,

704

00:34:52,000 --> 00:34:55,000

neutron pulse or something,

705

00:34:55,000 --> 00:34:57,000

not expecting anything,

706

00:34:57,000 --> 00:35:01,000

but we could pull it out.

707

00:35:01,000 --> 00:35:05,000

I don't know if anything's actually going on in the house,

708

00:35:05,000 --> 00:35:09,000

but allegedly that's where everything's going on.

709

00:35:19,000 --> 00:35:22,000

Stan, look, do you see it?

710

00:35:22,000 --> 00:35:24,000

What the hell is that?

711

00:35:24,000 --> 00:35:26,000

That's not the plane.

712

00:35:27,000 --> 00:35:29,000

It's got to be, right?

713

00:35:29,000 --> 00:35:31,000

Well, because it's too big. It's a disc.

714

00:35:44,000 --> 00:35:45,000

Oh.

715

00:35:50,000 --> 00:35:53,000

Hey, uh, Ryder, it's James.

716

00:35:53,000 --> 00:35:56,000

Yeah, copy that. You seeing something?

717

00:35:56,000 --> 00:35:57,000

I am.

718

00:35:57,000 --> 00:35:59,000

Am I soft?

719

00:35:59,000 --> 00:36:01,000

Oh, it's doing it now.

720

00:36:01,000 --> 00:36:04,000

The camera is facing the south.

721

00:36:04,000 --> 00:36:06,000

The resolution is compromised,

722

00:36:06,000 --> 00:36:08,000

and it's been flickering on and off.

723

00:36:08,000 --> 00:36:11,000

That's what happens. That's how it starts.

724

00:36:11,000 --> 00:36:13,000

What is that?

725

00:36:18,000 --> 00:36:20,000

Oh, what is that?

726

00:36:36,000 --> 00:36:37,000

Oh.

727

00:36:41,000 --> 00:36:44,000

Hey, Ryder, it's James.

728

00:36:44,000 --> 00:36:47,000

Yeah, copy that. You seeing something?

729

00:36:47,000 --> 00:36:48,000

I am.

730

00:36:48,000 --> 00:36:50,000

My son.

731

00:36:50,000 --> 00:36:52,000

Oh, it's doing it now.

732

00:36:52,000 --> 00:36:55,000

The camera is facing the south.

733

00:36:55,000 --> 00:36:57,000

Angela's fence there,

734

00:36:57,000 --> 00:36:59,000

where she claimed to have seen that empty four months ago.

735

00:36:59,000 --> 00:37:01,000

The resolution is compromised,

736

00:37:01,000 --> 00:37:04,000

and it's been flickering on and off.

737

00:37:04,000 --> 00:37:06,000

That's what happens. That's how it starts.

738

00:37:06,000 --> 00:37:09,000

And unfortunately, that's how it starts.

739

00:37:09,000 --> 00:37:12,000

For whatever reason, that's typical when they show up.

740

00:37:12,000 --> 00:37:14,000

They'll affect the energy.

741

00:37:14,000 --> 00:37:16,000

They'll affect anything electrical.

742

00:37:16,000 --> 00:37:18,000

He says that's pretty typical when they show up.

743

00:37:18,000 --> 00:37:22,000

They affect the energy and anything electrical.

744

00:37:24,000 --> 00:37:26,000

Okay, everyone, we're on high alert.

745

00:37:26,000 --> 00:37:28,000

Things like this have happened in the past

746

00:37:28,000 --> 00:37:30,000

when Stan's been visited,

747

00:37:30,000 --> 00:37:32,000

and he thinks that they might be here.

748

00:37:32,000 --> 00:37:34,000

Copy that.

749

00:37:36,000 --> 00:37:38,000

James, the band, come in over.

750

00:37:39,000 --> 00:37:44,000

That's where Stan thinks all the action is.

751

00:37:44,000 --> 00:37:47,000

O'ryan the Hunter.

752

00:37:47,000 --> 00:37:51,000

I'm sure it would be nice if one of these

753

00:37:51,000 --> 00:37:54,000

little critters would jump out.

754

00:37:54,000 --> 00:37:58,000

Well, first contact.

755

00:37:58,000 --> 00:38:01,000

I'm sure it would be nice if one of these

756

00:38:01,000 --> 00:38:04,000

little critters would jump out.

757

00:38:04,000 --> 00:38:08,000

Well, first contact.

758

00:38:12,000 --> 00:38:14,000

You'll be happy to know you are not

759

00:38:14,000 --> 00:38:17,000

radioactive above background.

760

00:38:19,000 --> 00:38:22,000

Does anyone notice the street lamp go off?

761

00:38:26,000 --> 00:38:28,000

James, the rider, come in.

762

00:38:29,000 --> 00:38:31,000

Go ahead, James.

763

00:38:31,000 --> 00:38:33,000

I lost video contact with Ben.

764

00:38:33,000 --> 00:38:35,000

If it keeps up and you haven't heard from him

765

00:38:35,000 --> 00:38:36,000

in the next five minutes,

766

00:38:36,000 --> 00:38:38,000

definitely let me know, and we'll head back there.

767

00:38:38,000 --> 00:38:40,000

Where's Ben?

768

00:38:40,000 --> 00:38:42,000

He went south.

769

00:38:42,000 --> 00:38:44,000

The complete opposite direction down the street.

770

00:39:01,000 --> 00:39:03,000

Hmm.

771

00:39:13,000 --> 00:39:15,000

Hey, rider, uh...

772

00:39:15,000 --> 00:39:17,000

I'm coming. One more time, Miss James.

773

00:39:17,000 --> 00:39:19,000

Go ahead, James.

774

00:39:19,000 --> 00:39:22,000

You know, the gate, the south gate.

775

00:39:22,000 --> 00:39:25,000

You guys left it wide open, now it's shut.

776

00:39:25,000 --> 00:39:27,000

Who did that over?

777

00:39:27,000 --> 00:39:30,000

Hooray.

778

00:39:30,000 --> 00:39:32,000

We weren't over there.

779

00:39:32,000 --> 00:39:34,000

Mark all the time codes down so we can go back

780

00:39:34,000 --> 00:39:36,000

and analyze that stuff, but don't stop recording.

781

00:39:36,000 --> 00:39:38,000

Definitely don't stop recording.

782

00:39:49,000 --> 00:39:51,000

Oh, get the f*** out of here.

783

00:39:55,000 --> 00:39:57,000

Just kind of look out for any of God.

784

00:39:57,000 --> 00:39:59,000

It's kind of like pulsing in a way.

785

00:39:59,000 --> 00:40:01,000

Yeah.

786

00:40:14,000 --> 00:40:16,000

Oh, get the f*** out of here.

787

00:40:23,000 --> 00:40:25,000

That didn't just happen.

788

00:40:25,000 --> 00:40:27,000

Rider?

789

00:40:27,000 --> 00:40:29,000

He's on the...

790

00:40:29,000 --> 00:40:30,000

Rider.

791

00:40:30,000 --> 00:40:32,000

Go ahead, James.

792

00:40:33,000 --> 00:40:35,000

Somebody's got to be playing a joke on me right now.

793

00:40:35,000 --> 00:40:37,000

James, we are so far away.

794

00:40:37,000 --> 00:40:39,000

I don't know what's going on.

795

00:40:42,000 --> 00:40:44,000

Let's get headed back.

796

00:40:44,000 --> 00:40:46,000

James, come in.

797

00:40:47,000 --> 00:40:49,000

James.

798

00:40:49,000 --> 00:40:51,000

James, James, do you copy?

799

00:40:51,000 --> 00:40:53,000

What's going on, James?

800

00:40:53,000 --> 00:40:55,000

There's a f***ing alien looking into the goddamn window of the office.

801

00:40:55,000 --> 00:40:57,000

Right now. There just was.

802

00:40:58,000 --> 00:41:00,000

It's outside right now in the office.

803

00:41:00,000 --> 00:41:02,000

I don't believe him. Really?

804

00:41:02,000 --> 00:41:04,000

Are you sure that's what you saw?

805

00:41:04,000 --> 00:41:06,000

Are you positive?

806

00:41:06,000 --> 00:41:08,000

1,000% positive. Over.

807

00:41:08,000 --> 00:41:11,000

But you sure it wasn't one of the cats or, you know,

808

00:41:11,000 --> 00:41:13,000

anything blowing by?

809

00:41:13,000 --> 00:41:15,000

Rider?

810

00:41:15,000 --> 00:41:17,000

I know what I saw.

811

00:41:19,000 --> 00:41:22,000

So maybe given to wonder what it is I'm doing out here,

812

00:41:22,000 --> 00:41:24,000

it's not to scare James,

813

00:41:24,000 --> 00:41:26,000

nor is it to make fun of Stan,

814

00:41:26,000 --> 00:41:30,000

where testing what a mask actually looks like on camera.

815

00:41:39,000 --> 00:41:41,000

Relax, relax. It was me.

816

00:41:41,000 --> 00:41:43,000

No way.

817

00:41:43,000 --> 00:41:46,000

I tell you, I heard you yell outside.

818

00:41:46,000 --> 00:41:48,000

Did you really? I did.

819

00:41:48,000 --> 00:41:51,000

Thought I saw what appeared to be an alien.

820

00:41:51,000 --> 00:41:54,000

Yeah, but I wasn't sure.

821

00:41:54,000 --> 00:41:56,000

Nobody made it to me straight.

822

00:41:56,000 --> 00:41:58,000

That's why I called you out here.

823

00:41:58,000 --> 00:42:01,000

We both present a different sort of skeptical side.

824

00:42:01,000 --> 00:42:03,000

You lean a little more toward things are happening.

825

00:42:03,000 --> 00:42:05,000

I lean a little more toward things aren't.

826

00:42:05,000 --> 00:42:08,000

But even with that, in the heat of the moment,

827

00:42:08,000 --> 00:42:10,000

you don't have much time to process.

828

00:42:10,000 --> 00:42:14,000

Even a mask was convincing enough to get you to go,

829

00:42:14,000 --> 00:42:19,000

I have to confess, you really do look like an alien.

830

00:42:21,000 --> 00:42:24,000

At first glance, Ben's little test looked a lot like

831

00:42:24,000 --> 00:42:26,000

what I'd seen with Stan Romanek's video.

832

00:42:26,000 --> 00:42:29,000

But now, quite honestly, I don't know what to think.

833

00:42:37,000 --> 00:42:41,000

Once we returned home from Salida and the surrounding areas,

834

00:42:41,000 --> 00:42:44,000

we dug right into the evidence.

835

00:42:44,000 --> 00:42:48,000

Let's start looking through some of the Colorado evidence here.

836

00:42:48,000 --> 00:42:52,000

So, guys, this in my view, as someone who's researched UFOs

837

00:42:52,000 --> 00:42:57,000

for nearly 20 years, is some of the best footage of a UFO I've seen.

838

00:42:57,000 --> 00:43:00,000

Doesn't look like a solid object.

839

00:43:00,000 --> 00:43:03,000

I know that there's something about this that bothers you.

840

00:43:03,000 --> 00:43:04,000

What is it?

841

00:43:04,000 --> 00:43:06,000

Even looking at it right now.

842

00:43:06,000 --> 00:43:09,000

So, you see how there appear to be these dots moving left to right.

843

00:43:09,000 --> 00:43:12,000

Hold your eye on one, and it's almost like it stays in the same spot

844

00:43:12,000 --> 00:43:14,000

as this thing drags over.

845

00:43:14,000 --> 00:43:17,000

The way it jiggles with the camera, but not with the house.

846

00:43:17,000 --> 00:43:19,000

To me, it looks almost alive.

847

00:43:19,000 --> 00:43:23,000

The Tim Edwards UFO video is one of the best videos in existence,

848

00:43:23,000 --> 00:43:24,000

in my view.

849

00:43:24,000 --> 00:43:28,000

There's zero doubt in my mind that this is a bona fide UFO

850

00:43:28,000 --> 00:43:31,000

captured on videotape over Salida, Colorado.

851

00:43:31,000 --> 00:43:35,000

Well, let's talk about the bone and soil samples you collected

852

00:43:35,000 --> 00:43:37,000

while out in the field.

853

00:43:37,000 --> 00:43:41,000

I haven't seen anything that indicates anything extra-trestrial at all.

854

00:43:41,000 --> 00:43:44,000

Well, the ranchers have said, look, there's no footprints around the cow,

855

00:43:44,000 --> 00:43:47,000

there's no indication of struggle, there's no blood splatter.

856

00:43:47,000 --> 00:43:48,000

That's weird.

857

00:43:48,000 --> 00:43:51,000

I still think there's a lot of jumping to conclusions going on

858

00:43:51,000 --> 00:43:52,000

with cattle mutilations.

859

00:43:52,000 --> 00:43:56,000

I'm really skeptical that there's anything about these mutilations

860

00:43:56,000 --> 00:43:58,000

that couldn't have been caused by a natural predator

861

00:43:58,000 --> 00:44:01,000

or diseases we're not familiar with, things like that.

862

00:44:03,000 --> 00:44:04,000

Okay.

863

00:44:04,000 --> 00:44:06,000

Well, I know you guys have been dying to see this.

864

00:44:06,000 --> 00:44:11,000

Let's do the comparison with Stan's video of the alien in the window

865

00:44:11,000 --> 00:44:12,000

and Ben's video.

866

00:44:14,000 --> 00:44:15,000

Oh, my God.

867

00:44:15,000 --> 00:44:18,000

To me, I can't tell much of a difference, actually.

868

00:44:18,000 --> 00:44:22,000

Other than the eyes moving, you can clearly see eyes moving.

869

00:44:22,000 --> 00:44:25,000

I believe there's a physical object outside that window.

870

00:44:25,000 --> 00:44:26,000

Oh, no question.

871

00:44:26,000 --> 00:44:27,000

I think we can't see that.

872

00:44:27,000 --> 00:44:29,000

But I don't think you can rule out a mask.

873

00:44:29,000 --> 00:44:34,000

Certainly, even an advanced one is more likely than invoking interstellar travel.

874

00:44:34,000 --> 00:44:37,000

I mean, it raises a lot of questions.

875

00:44:37,000 --> 00:44:40,000

This is mysterious to me, and I don't think we've come up with an answer

876

00:44:40,000 --> 00:44:42,000

enough for me to say that this is a mask.

877

00:44:43,000 --> 00:44:47,000

I, unlike many people, don't think this video is a mask.

878

00:44:47,000 --> 00:44:51,000

A mask can't have blinking eyes and reflection in them.

879

00:44:51,000 --> 00:44:52,000

It just can't.

880

00:44:52,000 --> 00:44:56,000

So I'm leaving Colorado with a lot of unanswered questions.
