

1

00:00:00,000 --> 00:00:01,600

Woohoo!

2

00:00:01,600 --> 00:00:02,700

He came back.

3

00:00:02,700 --> 00:00:03,400

Wow.

4

00:00:03,400 --> 00:00:06,600

This time on Chasing UFOs.

5

00:00:06,600 --> 00:00:09,500

Whoa, I'm getting a series of lights right there.

6

00:00:09,500 --> 00:00:13,200

In March 1997, thousands watched what some say

7

00:00:13,200 --> 00:00:17,000

was a mysterious craft hovering in the skies above Phoenix.

8

00:00:17,000 --> 00:00:18,100

What in the hell is that?

9

00:00:18,100 --> 00:00:21,500

A recently discovered video showing a similar pattern of lights

10

00:00:21,500 --> 00:00:25,700

now has some people of Arizona wondering if they're repeatedly being visited.

11

00:00:25,700 --> 00:00:28,200

You can't see in this!

12

00:00:28,300 --> 00:00:29,600

Tracking down leads.

13

00:00:29,600 --> 00:00:35,100

Our team learns of a possible connection to perhaps the most bizarre UFO encounter ever.

14

00:00:35,100 --> 00:00:37,600

Freaking war in the world.

15

00:00:37,600 --> 00:00:41,400

They meet with a man who claims he was abducted on the outskirts of town

16

00:00:41,400 --> 00:00:44,300

and spent days in an alien craft.

17

00:00:44,300 --> 00:00:48,900

Never been back to that place alone.

18

00:00:48,900 --> 00:00:53,800

At the alleged abduction site, the team travels to new heights to reveal the truth.

19

00:00:53,800 --> 00:00:56,100

Aaaaaah!

20

00:00:56,200 --> 00:00:58,700

But as their investigation runs into the night,

21

00:00:58,700 --> 00:01:01,200

the team has a frightening encounter of their own.

22

00:01:01,200 --> 00:01:02,600

Back to camp!

23

00:01:02,600 --> 00:01:03,400

Go, go!

24

00:01:03,400 --> 00:01:04,300

James, come on!

25

00:01:04,300 --> 00:01:07,800

What the f*** is going on?

26

00:01:07,800 --> 00:01:11,300

What we have here is not any earthly craft.

27

00:01:11,300 --> 00:01:12,300

Did you see that?

28

00:01:12,300 --> 00:01:15,100

There's usually a more conventional explanation for unidentified things

29

00:01:15,100 --> 00:01:17,600

that people are seeing if you take the time to look for them.

30

00:01:17,600 --> 00:01:20,300

For the first time in my life, I'm caught believing

31

00:01:20,300 --> 00:01:23,300

that the possibility of UFOs is all too real.

32

00:01:23,300 --> 00:01:25,700

For me to be out here looking for evidence, this is it.

33

00:01:25,700 --> 00:01:26,700

This is what I live for.

34

00:01:26,700 --> 00:01:28,700

This is what I've been dreaming about.

35

00:01:28,700 --> 00:01:30,700

Oh my God!

36

00:01:30,700 --> 00:01:31,700

Wow!

37

00:01:31,700 --> 00:01:32,700

God!

38

00:01:46,700 --> 00:01:49,700

So James, you have a lot of UFO facts about Arizona, don't you?

39

00:01:49,700 --> 00:01:51,200

Arizona is a hotbed.

40

00:01:51,200 --> 00:01:55,200

Arizona has got some of the most rich history of UFO cases.

41

00:01:58,200 --> 00:02:03,200

The 1997 case is referred to commonly as the Phoenix Lights.

42

00:02:03,200 --> 00:02:06,200

I got this one popping over here.

43

00:02:06,200 --> 00:02:12,200

What's your take on the Phoenix Lights?

44

00:02:12,200 --> 00:02:18,200

My take on the Phoenix Lights, honestly, is that there was a very massive v-craft

45

00:02:18,200 --> 00:02:20,200

that, according to witnesses, was up to a mile across.

46

00:02:20,200 --> 00:02:23,200

Witnessed by hundreds of thousands of people.

47

00:02:23,200 --> 00:02:26,200

I've always been very fascinated by the Phoenix Lights case,

48

00:02:26,200 --> 00:02:31,200

but recently what's piqued my curiosity is another video of a very similar craft

49

00:02:31,200 --> 00:02:33,200

taken by a guy named Terry Connick.

50

00:02:33,200 --> 00:02:36,200

I'm looking at the Terry Connick video here.

51

00:02:36,200 --> 00:02:40,200

Oh, this is one of the better triangle videos I think here.

52

00:02:43,200 --> 00:02:44,200

I don't hear anything from you.

53

00:02:44,200 --> 00:02:46,200

No, I don't hear anything.

54

00:02:46,200 --> 00:02:48,200

What in the hell is that?

55

00:02:49,200 --> 00:02:52,200

So it starts out with one bright object,

56

00:02:52,200 --> 00:02:55,200

and then he pans to the moon, which is pretty cool.

57

00:02:55,200 --> 00:02:57,200

See, right there.

58

00:02:57,200 --> 00:03:01,200

And he pushes on it, and that's when, I mean, you get a few seconds of him

59

00:03:01,200 --> 00:03:04,200

basically filling the frame with the thing.

60

00:03:05,200 --> 00:03:10,200

That does look like an enormous train.

61

00:03:14,200 --> 00:03:15,200

Well, I think it's interesting.

62

00:03:15,200 --> 00:03:22,200

This was shot 40 miles north of Phoenix, four years prior to the Phoenix Lights.

63

00:03:22,200 --> 00:03:27,200

Terry's video footage right off the bat, because it's shaped looks kind of triangular,

64

00:03:27,200 --> 00:03:29,200

immediately reminds me of the Phoenix Lights.

65

00:03:29,200 --> 00:03:31,200

It's another triangle.

66

00:03:31,200 --> 00:03:37,200

This, in my view, is one of the better boomerang-shaped UFOs I've ever seen captured on film.

67

00:03:37,200 --> 00:03:42,200

Well, I can't say definitively that the Terry Connick video is the same craft that flew over

68

00:03:42,200 --> 00:03:44,200

Phoenix, Arizona in 1997.

69

00:03:44,200 --> 00:03:48,200

It's very, very similar, and it could very well be the same object.

70

00:03:48,200 --> 00:03:51,200

You know, to me, it looks like an enormous swept wing.

71

00:03:51,200 --> 00:03:54,200

I mean, I think we can all agree that's a very aerodynamic shape.

72

00:03:54,200 --> 00:03:58,200

I have to say, I think Ben is going to try once again and, you know,

73

00:03:58,200 --> 00:04:00,200

conclude that this is something terrestrial.

74

00:04:00,200 --> 00:04:05,200

Well, you know, like I always say, it's incredibly hard to get a sense of scale and depth

75

00:04:05,200 --> 00:04:08,200

against a blank night sky or even a blank blue sky.

76

00:04:08,200 --> 00:04:13,200

Not everyone who makes these reports has been to air shows or is used to looking at aircraft in the sky.

77

00:04:13,200 --> 00:04:15,200

I told you so.

78

00:04:15,200 --> 00:04:17,200

I'd like to go check it out.

79

00:04:17,200 --> 00:04:22,200

Yeah, I mean, for someone to, you know, stop, pull over, grab a camera and start shooting,

80

00:04:22,200 --> 00:04:25,200

that's got to be something totally unusual in the night sky.

81

00:04:25,200 --> 00:04:27,200

Mmm.

82

00:04:28,200 --> 00:04:30,200

Ben, are you sleeping?

83

00:04:33,200 --> 00:04:35,200

What?

84

00:04:35,200 --> 00:04:37,200

That's a pretty good question.

85

00:04:37,200 --> 00:04:39,200

We're going to kill us.

86

00:04:42,200 --> 00:04:44,200

Thank you so much for meeting us, Terry.

87

00:04:44,200 --> 00:04:46,200

We're just reviewing your video again.

88

00:04:46,200 --> 00:04:47,200

Okay, great.

89

00:04:47,200 --> 00:04:49,200

What can you tell us about it?

90

00:04:49,200 --> 00:04:51,200

How did you film it? How did you come across it? What happened?

91

00:04:51,200 --> 00:04:55,200

It was a clear night, not a cloud in the sky, Arizona.

92

00:04:55,200 --> 00:04:58,200

We were driving back from the Grand Canyon.

93

00:05:00,200 --> 00:05:06,200

And we happened to see a series of lights just on the horizon.

94

00:05:06,200 --> 00:05:10,200

So I kept looking at it and it got out and had a little video camera.

95

00:05:19,200 --> 00:05:22,200

And as it approached me, it became more of a V-pattern.

96

00:05:25,200 --> 00:05:26,200

What in the hell is that?

97

00:05:26,200 --> 00:05:28,200

It's another triangle.

98

00:05:28,200 --> 00:05:32,200

I've been to countless air shows. I was in the military around jets.

99

00:05:33,200 --> 00:05:36,200

Had there been sound, I would have thought it were aircraft.

100

00:05:37,200 --> 00:05:40,200

We have Sky Harbor Airport, we have Blue Care Force Base,

101

00:05:40,200 --> 00:05:44,200

but there was no noise, not one sound.

102

00:05:44,200 --> 00:05:46,200

I don't hear anything to you.

103

00:05:46,200 --> 00:05:48,200

No, I don't hear anything.

104

00:05:48,200 --> 00:05:52,200

There's no sound, and it's not planes flying in formation.

105

00:05:53,200 --> 00:06:00,200

And the V was all white lights, no strobe lights, not amber, not blue.

106

00:06:00,200 --> 00:06:02,200

They were constant white lights.

107

00:06:05,200 --> 00:06:08,200

Based on your experience with aviation, do you think this could have been

108

00:06:08,200 --> 00:06:10,200

what they call airship to orbit?

109

00:06:10,200 --> 00:06:13,200

Very high altitude airships that would have been very big in V-shaped.

110

00:06:13,200 --> 00:06:18,200

The flying wing is a wing. It's not a V. This was a V.

111

00:06:18,200 --> 00:06:20,200

I'm talking a V.

112

00:06:20,200 --> 00:06:22,200

So a much sharper angle.

113

00:06:22,200 --> 00:06:23,200

Much sharper angle.

114

00:06:23,200 --> 00:06:26,200

And then, correct me if I'm wrong, it went right over your head.

115

00:06:26,200 --> 00:06:30,200

And as it passed over, it was massive in width,

116

00:06:30,200 --> 00:06:33,200

much larger than any aircraft that we know.

117

00:06:34,200 --> 00:06:42,200

I would say you could probably put 8 or 10 B-52s wingtip to wingtip.

118

00:06:46,200 --> 00:06:50,200

And how would you compare it to the Phoenix lights that happened in 1997?

119

00:06:50,200 --> 00:06:53,200

The Phoenix lights were very similar to what I saw.

120

00:06:54,200 --> 00:06:58,200

In fact, it was eerie. That resurrected a lot of thoughts in my mind about,

121

00:06:58,200 --> 00:06:59,200

okay, what was this?

122

00:06:59,200 --> 00:07:06,200

If it were military, if it were top secret, I can appreciate that and live with that.

123

00:07:06,200 --> 00:07:08,200

It's just that we don't know.

124

00:07:09,200 --> 00:07:13,200

Terry's story is extremely compelling. His video is extremely compelling.

125

00:07:13,200 --> 00:07:18,200

And it supports the theory that there are these massive, silent, boomerang-shaped,

126

00:07:18,200 --> 00:07:21,200

triangular-shaped craft flying over the state of Arizona.

127

00:07:21,200 --> 00:07:24,200

And my question is, who's flying these things?

128

00:07:27,200 --> 00:07:29,200

I don't know about you guys, but I think Terry's great.

129

00:07:29,200 --> 00:07:33,200

I mean, possibly my favorite witness interview so far.

130

00:07:33,200 --> 00:07:35,200

He was very methodical.

131

00:07:35,200 --> 00:07:38,200

I mean, he said it could have been planes.

132

00:07:38,200 --> 00:07:41,200

It could have been a formation, but it had very weird characteristics for that,

133

00:07:41,200 --> 00:07:43,200

and he's not sure he buys it.

134

00:07:43,200 --> 00:07:45,200

Ben's gonna be a believer.

135

00:07:47,200 --> 00:07:50,200

James, I believe in the truth.

136

00:07:50,200 --> 00:07:53,200

The truth is we're being visited, buddy.

137

00:07:53,200 --> 00:07:56,200

You can't handle the truth.

138

00:07:57,200 --> 00:08:00,200

I definitely agree that it's a triangular-shaped object in the video.

139

00:08:00,200 --> 00:08:03,200

However, that doesn't necessarily mean it has to be extraterrestrial.

140

00:08:03,200 --> 00:08:06,200

It could be experimental military. It could be experimental commercial.

141

00:08:06,200 --> 00:08:09,200

It could even be maybe Flair's information.

142

00:08:09,200 --> 00:08:11,200

It didn't necessarily have to come from space.

143

00:08:12,200 --> 00:08:14,200

So as a scientist, I'm all about proof.

144

00:08:14,200 --> 00:08:17,200

In order to collect proof, you gotta run tests.

145

00:08:20,200 --> 00:08:24,200

One explanation for these lights could be military flares dropped on an exercise.

146

00:08:24,200 --> 00:08:27,200

So, with the help of the Arizona Skyhawks,

147

00:08:27,200 --> 00:08:32,200

my plan is to see if the light from Flair's looks anything like what people reported seeing.

148

00:08:33,200 --> 00:08:36,200

Alright, guys, I think we got a battle plan.

149

00:08:36,200 --> 00:08:39,200

So we'll have two observation points toward the jumpers.

150

00:08:39,200 --> 00:08:41,200

I'll radio you guys from above, let you know when we're jumping.

151

00:08:41,200 --> 00:08:43,200

You guys take it from there.

152

00:08:43,200 --> 00:08:45,200

While Ryder is gonna observe from the air,

153

00:08:45,200 --> 00:08:48,200

Ben and I are gonna stay down on the ground and watch from a couple different locations.

154

00:08:49,200 --> 00:08:55,200

This test, in my opinion, should clearly demonstrate that what was seen and videotaped by Terry

155

00:08:55,200 --> 00:08:57,200

cannot be confused with Flair's.

156

00:09:10,200 --> 00:09:12,200

Now we just wait till game time.

157

00:09:13,200 --> 00:09:17,200

Ryder for Ben and James, do you copy?

158

00:09:17,200 --> 00:09:18,200

Copy, Ryder.

159

00:09:18,200 --> 00:09:19,200

Go ahead, Ryder.

160

00:09:19,200 --> 00:09:23,200

Hey guys, just wanna let you know we are in the plane and we are taxiing now.

161

00:09:23,200 --> 00:09:24,200

Copy that.

162

00:09:24,200 --> 00:09:25,200

Got speed, Ryder.

163

00:09:25,200 --> 00:09:28,200

I'll give confirmation once we are in the air.

164

00:09:42,200 --> 00:09:44,200

That's pretty cool.

165

00:09:47,200 --> 00:09:48,200

Filming.

166

00:09:48,200 --> 00:09:50,200

I'm on him right now.

167

00:09:53,200 --> 00:09:58,200

Can't believe those guys are gonna free fall into pitch black.

168

00:10:06,200 --> 00:10:07,200

Here they come.

169

00:10:08,200 --> 00:10:11,200

This is gonna be cool.

170

00:10:13,200 --> 00:10:17,200

Alright guys, doors are open.

171

00:10:17,200 --> 00:10:19,200

Copy that, man.

172

00:10:19,200 --> 00:10:20,200

Rock and roll.

173

00:10:20,200 --> 00:10:21,200

Hold on tight.

174

00:10:23,200 --> 00:10:24,200

Any last words?

175

00:10:24,200 --> 00:10:25,200

I already know.

176

00:10:25,200 --> 00:10:26,200

Let's go have fun.

177

00:10:27,200 --> 00:10:30,200

Now you go ahead and be all the UFO you can be out there.

178

00:10:42,200 --> 00:10:45,200

The Arizona Skyhawks are gonna jump out of an airplane,

179

00:10:45,200 --> 00:10:50,200

throw out 10,000 feet with Flair's attached to their legs.

180

00:10:50,200 --> 00:10:55,200

It would clearly prove that what was seen over Phoenix can't be associated with Flair's.

181

00:10:59,200 --> 00:11:01,200

Alright guys, doors are open.

182

00:11:02,200 --> 00:11:03,200

Copy that, man.

183

00:11:03,200 --> 00:11:04,200

Rock and roll.

184

00:11:04,200 --> 00:11:05,200

Hold on tight.

185

00:11:05,200 --> 00:11:06,200

Hold on tight.

186

00:11:06,200 --> 00:11:07,200

Hold on tight.

187

00:11:07,200 --> 00:11:08,200

Hold on tight.

188

00:11:08,200 --> 00:11:09,200

Hold on tight.

189

00:11:09,200 --> 00:11:10,200

Hold on tight.

190

00:11:10,200 --> 00:11:11,200

Copy that, man.

191

00:11:11,200 --> 00:11:12,200

Rock and roll.

192

00:11:12,200 --> 00:11:13,200

Hold on tight.

193

00:11:13,200 --> 00:11:16,200

Now you go ahead and be all the UFO you can be out there.

194

00:11:30,200 --> 00:11:31,200

Whoa!

195

00:11:32,200 --> 00:11:34,200

Oh my God, that looks amazing.

196

00:11:36,200 --> 00:11:38,200

The coolest thing I've ever seen.

197

00:11:40,200 --> 00:11:41,200

Yeah!

198

00:11:43,200 --> 00:11:44,200

Oh my God.

199

00:11:45,200 --> 00:11:46,200

Looks like a comet.

200

00:11:48,200 --> 00:11:49,200

You guys see this?

201

00:11:52,200 --> 00:11:53,200

Hell yes.

202

00:11:54,200 --> 00:11:58,200

Looks like a comet, falling star, but it definitely doesn't look like any UFO I've heard about.

203

00:12:03,200 --> 00:12:04,200

Freaking war of the worlds.

204

00:12:07,200 --> 00:12:08,200

How's that look, boys?

205

00:12:08,200 --> 00:12:11,200

This looks like nothing like Terry's video.

206

00:12:11,200 --> 00:12:14,200

I've never seen anything like it ever in my life.

207

00:12:14,200 --> 00:12:16,200

It looks pretty awesome, Ryder.

208

00:12:16,200 --> 00:12:18,200

It's a very cool light show.

209

00:12:18,200 --> 00:12:22,200

I don't know if it ever confused it for a UFO, but I gotta admit, it's well done.

210

00:12:22,200 --> 00:12:23,200

Well done.

211

00:12:23,200 --> 00:12:24,200

Well done indeed.

212

00:12:26,200 --> 00:12:27,200

Not at all!

213

00:12:31,200 --> 00:12:37,200

After our test last night, I'm convinced that these lights people saw in the sky weren't Flair's.

214

00:12:37,200 --> 00:12:40,200

And if they aren't Flair's, then maybe they could be UFO's.

215

00:12:42,200 --> 00:12:48,200

So we wanted to meet with Jeff Willis, who's not only famous for the hundreds of UFO videos that he's captured,

216

00:12:48,200 --> 00:12:53,200

but also because he has one that's strikingly similar to the triangular shaped crafts people are seeing.

217

00:12:57,200 --> 00:13:00,200

You actually shoot most of the videos here out back, right?

218

00:13:00,200 --> 00:13:01,200

Yeah.

219

00:13:01,200 --> 00:13:02,200

So which one are you showing us right here?

220

00:13:02,200 --> 00:13:06,200

Okay, this is shot on May 24th, 2003.

221

00:13:06,200 --> 00:13:08,200

It's what I call a side saucer.

222

00:13:13,200 --> 00:13:14,200

Wow!

223

00:13:15,200 --> 00:13:19,200

This is shot on 4.20.2006.

224

00:13:19,200 --> 00:13:22,200

This is just in the neighborhood, right here.

225

00:13:28,200 --> 00:13:29,200

Weird.

226

00:13:29,200 --> 00:13:32,200

This one is shot on May 12th, 2005.

227

00:13:32,200 --> 00:13:36,200

It's gonna start out as four lights.

228

00:13:37,200 --> 00:13:39,200

Whoa, I'm getting a series of lights right there.

229

00:13:39,200 --> 00:13:40,200

It's moving.

230

00:13:40,200 --> 00:13:41,200

You got it, Pat?

231

00:13:41,200 --> 00:13:45,200

Dude, I got five lights going left, just like the Josh thing.

232

00:13:45,200 --> 00:13:47,200

Now, how do we know those aren't Flair's?

233

00:13:47,200 --> 00:13:51,200

Well, Flair's don't really last more than three or four minutes.

234

00:13:51,200 --> 00:13:55,200

You know, this whole sighting lasts like seven minutes, and we heard no planes.

235

00:13:55,200 --> 00:13:56,200

It was completely silent.

236

00:13:58,200 --> 00:13:59,200

What do you believe?

237

00:13:59,200 --> 00:14:01,200

What do you believe you're seeing in videotaping?

238

00:14:01,200 --> 00:14:07,200

Well, that's the whole mystery, is I don't know what I'm seeing.

239

00:14:07,200 --> 00:14:09,200

I know it's not normal.

240

00:14:09,200 --> 00:14:11,200

I'm pretty sure it's not government.

241

00:14:11,200 --> 00:14:16,200

To be honest with you, that's the whole reason why I'm doing this,

242

00:14:16,200 --> 00:14:19,200

is to try to find out the truth and the answers to this.

243

00:14:20,200 --> 00:14:22,200

James is clearly drinking all these videos in,

244

00:14:22,200 --> 00:14:25,200

but with my background, it's gonna take a lot more for me to conclude

245

00:14:25,200 --> 00:14:27,200

that these things are actually unidentifiable.

246

00:14:27,200 --> 00:14:30,200

There are a lot of mundane objects that are up in the sky,

247

00:14:30,200 --> 00:14:32,200

and we're just not used to seeing them these days.

248

00:14:32,200 --> 00:14:35,200

We spend most of our time looking down, not up.

249

00:14:37,200 --> 00:14:41,200

Jeff told us about a recent sighting that he had not too far from here,

250

00:14:41,200 --> 00:14:44,200

by Thunderbird Mountain, just a few miles north of the city.

251

00:14:46,200 --> 00:14:48,200

He's not only agreed to take us there,

252

00:14:48,200 --> 00:14:52,200

he's gonna hook us up with two expert investigators from the area

253

00:14:52,200 --> 00:14:55,200

to try to track down what's going on in the skies here.

254

00:14:55,200 --> 00:14:58,200

Naturally, chasing UFOs is never easy.

255

00:14:58,200 --> 00:15:01,200

So of course, getting there is gonna be a track.

256

00:15:29,200 --> 00:15:33,200

Okay, well, it looks like we have all the gear set up,

257

00:15:33,200 --> 00:15:38,200

so James, myself, and Jeff, we'll head up to the vantage point up here,

258

00:15:38,200 --> 00:15:40,200

Thunderbird Mountain.

259

00:15:40,200 --> 00:15:42,200

You guys stay back here, monitor all the cameras,

260

00:15:42,200 --> 00:15:44,200

and let us know if you track anything down.

261

00:15:44,200 --> 00:15:47,200

Yeah, and likewise, you guys, ready to win if you see something,

262

00:15:47,200 --> 00:15:49,200

we'll swing over and get it if we can.

263

00:15:49,200 --> 00:15:50,200

Absolutely.

264

00:15:50,200 --> 00:15:51,200

This guy's got a good track record.

265

00:15:51,200 --> 00:15:52,200

Yeah, he does.

266

00:15:52,200 --> 00:15:54,200

Be careful out there, guys.

267

00:15:54,200 --> 00:15:57,200

Okay, we'll keep in touch via walkie.

268

00:15:57,200 --> 00:15:59,200

Yep, good luck.

269

00:16:06,200 --> 00:16:09,200

So, Jeff, how long do you usually have to spend under this nice sky

270

00:16:09,200 --> 00:16:11,200

before you usually catch something?

271

00:16:11,200 --> 00:16:13,200

Well, it just depends.

272

00:16:13,200 --> 00:16:16,200

I mean, I spend hundreds of hours sky-watching,

273

00:16:16,200 --> 00:16:19,200

and you spend a lot of time where you've not seen anything.

274

00:16:19,200 --> 00:16:20,200

Right.

275

00:16:20,200 --> 00:16:22,200

And then sometimes you get lucky.

276

00:16:22,200 --> 00:16:25,200

But anywhere where you can get out in the desert like this,

277

00:16:25,200 --> 00:16:27,200

where you can get away from the city,

278

00:16:27,200 --> 00:16:31,200

you can pretty much decipher the difference between a plane or a UFO.

279

00:16:31,200 --> 00:16:33,200

But a lot of times, planes look like UFOs,

280

00:16:33,200 --> 00:16:36,200

and tell you to better look at it, so it's misleading.

281

00:16:36,200 --> 00:16:38,200

And sometimes UFOs can look like planes.

282

00:16:38,200 --> 00:16:39,200

Exactly.

283

00:16:39,200 --> 00:16:40,200

Exactly.

284

00:16:43,200 --> 00:16:45,200

Hey, check that orange light out right there.

285

00:16:47,200 --> 00:16:49,200

Look at that orange light. See that?

286

00:16:49,200 --> 00:16:50,200

Yeah.

287

00:16:50,200 --> 00:16:52,200

Is that the Southwest?

288

00:16:55,200 --> 00:16:57,200

I lost it.

289

00:16:57,200 --> 00:16:59,200

Maybe it went below the horizon.

290

00:16:59,200 --> 00:17:01,200

I'm gonna have to get to the vantage point and get a ring.

291

00:17:01,200 --> 00:17:03,200

Let's get up there quick.

292

00:17:06,200 --> 00:17:08,200

Hurry, we're gonna lose it.

293

00:17:08,200 --> 00:17:10,200

There's two of them.

294

00:17:10,200 --> 00:17:12,200

Get on it. Come on.

295

00:17:12,200 --> 00:17:15,200

I'm coming, I'm coming. Come on.

296

00:17:15,200 --> 00:17:17,200

I can see it now.

297

00:17:26,200 --> 00:17:29,200

We'll definitely stop them after the military comes in the air.

298

00:17:50,200 --> 00:17:53,200

Hey, look, aquí is a missile!

299

00:17:53,200 --> 00:17:54,200

Hey, ■ quicker than last time.

300

00:17:54,200 --> 00:17:56,200

All right, we're gonna lose it.

301

00:17:56,200 --> 00:18:02,200

Get on it. Come on.

302

00:18:02,200 --> 00:18:04,200

I'm coming. I'm coming. Come on.

303

00:18:07,200 --> 00:18:09,200

Can you see it?

304

00:18:09,200 --> 00:18:11,200

Yeah, I can see it now.

305

00:18:14,200 --> 00:18:16,200

Yeah, look at that. Look at that. I got it.

306

00:18:16,200 --> 00:18:19,200

Oh, oh, oh. What the f*** is that?

307

00:18:19,200 --> 00:18:23,200

And that's the Rainbow Valley where they've been reporting these things.

308

00:18:23,200 --> 00:18:26,200

Oh, f***. Look at the ones in the air above it to the right.

309

00:18:26,200 --> 00:18:27,200

Whoa!

310

00:18:27,200 --> 00:18:28,200

You see that?

311

00:18:28,200 --> 00:18:29,200

Whoa!

312

00:18:29,200 --> 00:18:30,200

That's real. That's it.

313

00:18:30,200 --> 00:18:32,200

Call him. Call him. Call him. Tell him to turn around.

314

00:18:32,200 --> 00:18:35,200

Ben, we got something off. We got a red orb.

315

00:18:35,200 --> 00:18:37,200

It's off to your east.

316

00:18:37,200 --> 00:18:40,200

Directly in about 30 degrees off the horizon.

317

00:18:40,200 --> 00:18:42,200

40 degrees off the horizon. Get on it.

318

00:18:43,200 --> 00:18:44,200

Copy that, James.

319

00:18:47,200 --> 00:18:48,200

Whoa, look at this.

320

00:18:48,200 --> 00:18:51,200

James, I can't be working the camera and talking to you at the same time.

321

00:18:53,200 --> 00:18:54,200

Look, look.

322

00:18:54,200 --> 00:18:55,200

I'm watching it. I'm watching it.

323

00:18:55,200 --> 00:18:57,200

Don't touch it. Don't touch it.

324

00:18:57,200 --> 00:18:59,200

That's f***ing unusual, guys.

325

00:19:01,200 --> 00:19:04,200

We're looking at a Chinese lantern. Over.

326

00:19:04,200 --> 00:19:06,200

Oh.

327

00:19:06,200 --> 00:19:08,200

We're f***ing out of here.

328

00:19:08,200 --> 00:19:10,200

We're out of here.

329

00:19:10,200 --> 00:19:11,200

We're out of here.

330

00:19:11,200 --> 00:19:12,200

We're out of here.

331

00:19:12,200 --> 00:19:13,200

We're out of here.

332

00:19:13,200 --> 00:19:14,200

We're out of here.

333

00:19:14,200 --> 00:19:15,200

We're out of here.

334

00:19:15,200 --> 00:19:16,200

We're out of here.

335

00:19:16,200 --> 00:19:18,200

Oh, f***ing mess.

336

00:19:18,200 --> 00:19:19,200

You're f***ing kidding me.

337

00:19:19,200 --> 00:19:20,200

Really?

338

00:19:20,200 --> 00:19:24,200

It is amazing, but I was able to push right in on it. Over.

339

00:19:24,200 --> 00:19:27,200

Copy that. Oh, my God. That was good.

340

00:19:27,200 --> 00:19:30,200

We're like watching someone's like fiesta cantina.

341

00:19:33,200 --> 00:19:36,200

I've honestly never seen anything like this before.

342

00:19:36,200 --> 00:19:37,200

It's f***ing crazy.

343

00:19:37,200 --> 00:19:41,200

I think the last time I saw the Chinese lantern was in Karate Kid 2.

344

00:19:46,200 --> 00:19:49,200

Sweep the leg then. Sweep the leg.

345

00:19:49,200 --> 00:19:51,200

10-4.

346

00:19:52,200 --> 00:19:58,200

If everybody had lenses like this, you would reduce the amount of UFO reports by like 90%.

347

00:20:06,200 --> 00:20:10,200

Goldmine. I mean, we hit pay-der with Jeff Willis.

348

00:20:10,200 --> 00:20:15,200

I think last night was a really important lesson for us because it demonstrates that in most cases,

349

00:20:15,200 --> 00:20:20,200

there really is a more terrestrial explanation for the UFOs that people are seeing up in the sky.

350

00:20:22,200 --> 00:20:29,200

So our next step, we're going to meet up with an infamous man who alleges he actually had a close encounter.

351

00:20:30,200 --> 00:20:37,200

His story is so well known, it was actually made into the 1993 movie Fire in the Sky.

352

00:20:38,200 --> 00:20:41,200

We are well on our way to see Mr. Walton.

353

00:20:41,200 --> 00:20:45,200

We're going to meet a man named Travis Walton who claims that in 1975,

354

00:20:45,200 --> 00:20:49,200

he was abducted by aliens while logging deep in the forest.

355

00:20:55,200 --> 00:20:58,200

I love it when people say it was very unique.

356

00:20:58,200 --> 00:20:59,200

What's that?

357

00:20:59,200 --> 00:21:00,200

Meteor crater.

358

00:21:00,200 --> 00:21:01,200

Two miles.

359

00:21:01,200 --> 00:21:02,200

Can you see a meteor crater?

360

00:21:02,200 --> 00:21:04,200

Can we get a meteor?

361

00:21:04,200 --> 00:21:05,200

Can we see meteor?

362

00:21:05,200 --> 00:21:06,200

Can we get a meteor?

363

00:21:06,200 --> 00:21:07,200

No, no, I've been there.

364

00:21:07,200 --> 00:21:08,200

I'm serious, you guys.

365

00:21:08,200 --> 00:21:09,200

This is one of the geologists.

366

00:21:09,200 --> 00:21:11,200

This is one of the meteor craters.

367

00:21:12,200 --> 00:21:14,200

So you're saying this is real ET?

368

00:21:14,200 --> 00:21:15,200

Yes!

369

00:21:16,200 --> 00:21:17,200

Oh my gosh.

370

00:21:17,200 --> 00:21:18,200

Wow.

371

00:21:20,200 --> 00:21:22,200

Oh my god.

372

00:21:23,200 --> 00:21:26,200

This is an extraterrestrial impact site, confirmed.

373

00:21:27,200 --> 00:21:28,200

You want to talk about ET?

374

00:21:28,200 --> 00:21:29,200

Right there.

375

00:21:31,200 --> 00:21:32,200

Where?

376

00:21:32,200 --> 00:21:33,200

Right there, you're looking at it.

377

00:21:33,200 --> 00:21:36,200

Well, not as exciting as a crash site.

378

00:21:36,200 --> 00:21:38,200

Come on, this is just a little bit of a mess.

379

00:21:39,200 --> 00:21:41,200

This is just like Michael Bay stuff.

380

00:21:41,200 --> 00:21:43,200

This is cataclysmic.

381

00:21:43,200 --> 00:21:46,200

So Ryder and James want to see an actual extraterrestrial crash site.

382

00:21:46,200 --> 00:21:48,200

Well, I just brought them to one.

383

00:21:48,200 --> 00:21:52,200

About 50,000 years ago, an asteroid approximately 100 feet wide

384

00:21:52,200 --> 00:21:55,200

slammed into the earth at about 26,000 miles an hour

385

00:21:55,200 --> 00:21:58,200

and carved out a crater 500 feet deep.

386

00:21:58,200 --> 00:22:00,200

That's an extraterrestrial crash site.

387

00:22:00,200 --> 00:22:01,200

It actually happened here.

388

00:22:01,200 --> 00:22:02,200

Proving.

389

00:22:02,200 --> 00:22:04,200

Hi guys, let's blow this hole.

390

00:22:05,200 --> 00:22:07,200

We're not done, are we?

391

00:22:07,200 --> 00:22:11,200

All right, well, I think you still have about two hours left.

392

00:22:11,200 --> 00:22:12,200

Yeah.

393

00:22:12,200 --> 00:22:13,200

No more pit stops.

394

00:22:19,200 --> 00:22:23,200

Ryder's at the wheel, and she suddenly has this, like, you know,

395

00:22:23,200 --> 00:22:26,200

idea that she wants to go off-road and take the shortcut.

396

00:22:26,200 --> 00:22:28,200

You guys ready to do a little off-roading?

397

00:22:29,200 --> 00:22:30,200

James, hold on to Ben.

398

00:22:30,200 --> 00:22:33,200

This is a little rougher than I expected.

399

00:22:33,200 --> 00:22:34,200

Fuck.

400

00:22:38,200 --> 00:22:41,200

I was hoping to open that ditch on the left.

401

00:22:43,200 --> 00:22:45,200

Like, we drop in it, we're done.

402

00:22:45,200 --> 00:22:48,200

Get that fucking gas pedal, don't let up.

403

00:22:48,200 --> 00:22:50,200

Hey, honey. Hey, honey.

404

00:22:54,200 --> 00:22:57,200

And we hit the ditch on the left.

405

00:22:59,200 --> 00:23:01,200

This thing's in full drive, right?

406

00:23:01,200 --> 00:23:02,200

We don't have full drive.

407

00:23:02,200 --> 00:23:04,200

You're kidding me. You're kidding me.

408

00:23:04,200 --> 00:23:07,200

It was like, okay, and we're stuck.

409

00:23:07,200 --> 00:23:09,200

Well, you could see where I was trying to go.

410

00:23:10,200 --> 00:23:11,200

It was chaotic.

411

00:23:11,200 --> 00:23:13,200

Don't go backwards.

412

00:23:13,200 --> 00:23:16,200

There was a slim chance the real wheel would go up the mound

413

00:23:16,200 --> 00:23:18,200

and then flip the dole, damn thing over.

414

00:23:18,200 --> 00:23:19,200

So what happens?

415

00:23:19,200 --> 00:23:21,200

Now we gotta work out how to get her ass over here.

416

00:23:21,200 --> 00:23:23,200

What happens if you just crank the tires and back up,

417

00:23:23,200 --> 00:23:25,200

up the hill right here in this crash?

418

00:23:25,200 --> 00:23:27,200

You can just, the whole left side.

419

00:23:27,200 --> 00:23:28,200

It's a rental.

420

00:23:28,200 --> 00:23:30,200

I mean, we got full coverage, right?

421

00:23:30,200 --> 00:23:33,200

Like always, it seems James and I have two completely

422

00:23:33,200 --> 00:23:35,200

opposite perspectives on the situation.

423

00:23:35,200 --> 00:23:37,200

If we can fill this all the way up,

424

00:23:37,200 --> 00:23:39,200

so we've got a ramp to get a momentum

425

00:23:39,200 --> 00:23:41,200

and then we'll cut across, that is not gonna work.

426

00:23:41,200 --> 00:23:42,200

Whoa, whoa, whoa.

427

00:23:42,200 --> 00:23:44,200

Don't you dare tell the geologists what rocks to use.

428

00:23:44,200 --> 00:23:45,200

See what it does. James, go here.

429

00:23:45,200 --> 00:23:46,200

All right, all right.

430

00:23:46,200 --> 00:23:48,200

I'll put \$1,000 on it. You're dead wrong.

431

00:23:51,200 --> 00:23:53,200

Go, go, go, go, go, go.

432

00:23:53,200 --> 00:23:55,200

Up, up, all right. Didn't quite make it.

433

00:23:55,200 --> 00:23:57,200

It's okay. Stop. Just hold on a second.

434

00:23:57,200 --> 00:23:59,200

Turn it just a little bit more.

435

00:23:59,200 --> 00:24:01,200

Keep it closer to the edge.

436

00:24:01,200 --> 00:24:03,200

That's why I said you need to straighten it out

437

00:24:03,200 --> 00:24:05,200

and pull up a little bit. Aaron.

438

00:24:07,200 --> 00:24:08,200

For that one, if we do off-roading,

439

00:24:08,200 --> 00:24:10,200

it needs to be a 4x4.

440

00:24:10,200 --> 00:24:12,200

How the f*** do we do that?

441

00:24:12,200 --> 00:24:13,200

All right.

442

00:24:13,200 --> 00:24:14,200

Oh, my God.

443

00:24:14,200 --> 00:24:16,200

Look at where we were.

444

00:24:16,200 --> 00:24:17,200

Let's go and get some UFOs.

445

00:24:17,200 --> 00:24:19,200

Let's go meet Travis Walton.

446

00:24:19,200 --> 00:24:22,200

Hey, let's take the long way this time.

447

00:24:22,200 --> 00:24:23,200

Yay, that's good.

448

00:24:23,200 --> 00:24:24,200

Maybe no shortcut.

449

00:24:24,200 --> 00:24:26,200

I don't want to get anywhere so fast.

450

00:24:26,200 --> 00:24:29,200

Put this baby in gear and let's roll.

451

00:24:29,200 --> 00:24:30,200

Oh, my God.

452

00:24:35,200 --> 00:24:36,200

But seriously, for me, you guys,

453

00:24:36,200 --> 00:24:38,200

this is like the equivalent of Ben,

454

00:24:38,200 --> 00:24:40,200

you meaning Neil Armstrong.

455

00:24:40,200 --> 00:24:43,200

This guy is like the top three

456

00:24:43,200 --> 00:24:45,200

close encounters of the third kind,

457

00:24:45,200 --> 00:24:47,200

in my view, in the world.

458

00:24:47,200 --> 00:24:49,200

The Travis Walton case is one of the best

459

00:24:49,200 --> 00:24:52,200

alleged alien abduction cases in existence.

460

00:24:52,200 --> 00:24:55,200

You've got seven witnesses,

461

00:24:55,200 --> 00:24:58,200

the disappearance of a guy for five days.

462

00:24:58,200 --> 00:25:01,200

I can't wait to talk to him.

463

00:25:02,200 --> 00:25:05,200

So, uh, we were hoping we could kind of,

464

00:25:05,200 --> 00:25:07,200

you know, kind of go over what happened

465

00:25:07,200 --> 00:25:09,200

back in 1975.

466

00:25:09,200 --> 00:25:15,200

Well, it was a sunny fall workday.

467

00:25:15,200 --> 00:25:16,200

We'd finished up work

468

00:25:16,200 --> 00:25:17,200

and we put in a pretty long day

469

00:25:17,200 --> 00:25:20,200

so the sun had gone down.

470

00:25:20,200 --> 00:25:23,200

And we were headed out of there.

471

00:25:28,200 --> 00:25:31,200

We hadn't gone too far when we caught

472

00:25:31,200 --> 00:25:33,200

sight of some little glimmers of light

473

00:25:33,200 --> 00:25:35,200

through the trees.

474

00:25:35,200 --> 00:25:38,200

At first it wasn't all that alarming,

475

00:25:38,200 --> 00:25:40,200

but the longer I looked,

476

00:25:40,200 --> 00:25:43,200

the more it didn't seem right.

477

00:25:43,200 --> 00:25:47,200

One by one, everybody kind of fell silent.

478

00:25:47,200 --> 00:25:48,200

Boom, there it was.

479

00:25:48,200 --> 00:25:50,200

It was just unmistakable.

480

00:25:54,200 --> 00:25:56,200

It was the most incredible thing.

481

00:25:56,200 --> 00:25:58,200

What did it look like?

482

00:25:58,200 --> 00:25:59,200

Can you describe it?

483

00:25:59,200 --> 00:26:00,200

Well, it looked like two, uh,

484

00:26:00,200 --> 00:26:02,200

pie pans, but, you know,

485

00:26:02,200 --> 00:26:05,200

lip to lip with a little dome on top,

486

00:26:05,200 --> 00:26:07,200

about as tall as this first tree

487

00:26:07,200 --> 00:26:10,200

and about as far away as that second tree.

488

00:26:10,200 --> 00:26:12,200

And, uh, parts of it were metallic

489

00:26:12,200 --> 00:26:15,200

and parts of it were glowy.

490

00:26:15,200 --> 00:26:19,200

You know, I was just really awestruck.

491

00:26:19,200 --> 00:26:21,200

It was just so smooth and powerful,

492

00:26:21,200 --> 00:26:23,200

see me, you know?

493

00:26:23,200 --> 00:26:25,200

I threw open the door,

494

00:26:25,200 --> 00:26:26,200

right as we stopped.

495

00:26:26,200 --> 00:26:28,200

I was thinking that it would be gone

496

00:26:28,200 --> 00:26:30,200

before I got very close.

497

00:26:33,200 --> 00:26:35,200

The guys in the truck there

498

00:26:35,200 --> 00:26:36,200

saying, get the hell out of there and...

499

00:26:36,200 --> 00:26:38,200

Travis!

500

00:26:38,200 --> 00:26:40,200

This blast of energy

501

00:26:40,200 --> 00:26:43,200

came down out of the bottom of that craft.

502

00:26:43,200 --> 00:26:44,200

It was so powerful.

503

00:26:44,200 --> 00:26:47,200

It was like a physical blow.

504

00:26:47,200 --> 00:26:50,200

It hit me in the head and chest.

505

00:26:50,200 --> 00:26:52,200

They immediately started yelling at each other,

506

00:26:52,200 --> 00:26:55,200

he's dead, it's killing, let's go, go.

507

00:26:55,200 --> 00:26:58,200

And they said they just panicked and took off.

508

00:27:01,200 --> 00:27:02,200

It was just kind of tingling

509

00:27:02,200 --> 00:27:05,200

and sort of numbing at the same time.

510

00:27:07,200 --> 00:27:10,200

When I woke up, I was in a lot of pain,

511

00:27:10,200 --> 00:27:12,200

and I started, you know,

512

00:27:12,200 --> 00:27:14,200

wondering where the heck I was.

513

00:27:14,200 --> 00:27:16,200

I could hear the sounds of movement around me,

514

00:27:16,200 --> 00:27:19,200

and I took that to be medical people.

515

00:27:19,200 --> 00:27:22,200

And so when I first laid eyes on this...

516

00:27:22,200 --> 00:27:24,200

being,

517

00:27:24,200 --> 00:27:27,200

I was looking into the face of this creature.

518

00:27:30,200 --> 00:27:31,200

I'm looking.

519

00:27:31,200 --> 00:27:33,200

Sit down, I'm looking at something.

520

00:27:33,200 --> 00:27:35,200

Go get my tripod.

521

00:27:43,200 --> 00:27:47,200

And so when I first laid eyes on this...

522

00:27:47,200 --> 00:27:51,200

being, you know, I was looking into the face of this creature.

523

00:27:53,200 --> 00:27:55,200

And what a shock.

524

00:27:56,200 --> 00:27:57,200

Yeah, yeah, it was...

525

00:27:57,200 --> 00:28:01,200

that was probably the thing that dominated my nightmares.

526

00:28:03,200 --> 00:28:06,200

Next thing on, I'm waking up beside the highway.

527

00:28:17,200 --> 00:28:21,200

I've never been back to that place alone.

528

00:28:21,200 --> 00:28:22,200

I know it's difficult.

529

00:28:22,200 --> 00:28:24,200

Would you be willing to come back with us

530

00:28:24,200 --> 00:28:27,200

and help us perform a physical survey?

531

00:28:32,200 --> 00:28:34,200

Yeah, I'll go there with you.

532

00:28:34,200 --> 00:28:35,200

I'm not going by myself.

533

00:28:35,200 --> 00:28:37,200

Of course not.

534

00:28:38,200 --> 00:28:40,200

Yeah, we could check it out.

535

00:28:41,200 --> 00:28:43,200

This is one of the most amazing cases on record.

536

00:28:43,200 --> 00:28:46,200

I absolutely believed he was abducted.

537

00:28:46,200 --> 00:28:48,200

No question in my mind.

538

00:28:48,200 --> 00:28:50,200

I can neither confirm nor deny Travis's story.

539

00:28:50,200 --> 00:28:53,200

There's just not enough data to go either way right now.

540

00:28:53,200 --> 00:28:55,200

And in order for me to start to entertain

541

00:28:55,200 --> 00:28:57,200

that this actually happened,

542

00:28:57,200 --> 00:29:00,200

I've got to find some more physical evidence.

543

00:29:00,200 --> 00:29:03,200

Now our quest takes us to the abduction site

544

00:29:03,200 --> 00:29:06,200

to try to collect any evidence at all

545

00:29:06,200 --> 00:29:09,200

to prove if this was extraterrestrial or not.

546

00:29:10,200 --> 00:29:13,200

After our last off-road debacle,

547

00:29:13,200 --> 00:29:15,200

we're not taking any chances

548

00:29:15,200 --> 00:29:17,200

as we travel to this alleged abduction site.

549

00:29:17,200 --> 00:29:19,200

So I enlisted some help.

550

00:29:19,200 --> 00:29:21,200

The Navajo search and rescue team.

551

00:29:22,200 --> 00:29:25,200

I figure their six by six is a little better

552

00:29:25,200 --> 00:29:27,200

than our two-wheel drive.

553

00:29:27,200 --> 00:29:29,200

Ready to go!

554

00:29:31,200 --> 00:29:34,200

The location of this alleged abduction

555

00:29:34,200 --> 00:29:36,200

is 30 miles up a logging road

556

00:29:36,200 --> 00:29:39,200

in Sieggrieff's National Forest.

557

00:29:40,200 --> 00:29:43,200

Is this the road where the guys split?

558

00:29:43,200 --> 00:29:46,200

Yeah, they took off on this road right here.

559

00:29:46,200 --> 00:29:48,200

Yeah.

560

00:29:49,200 --> 00:29:52,200

Have there been any recent sightings in this area?

561

00:29:52,200 --> 00:29:54,200

I hear it all the time, you know.

562

00:29:56,200 --> 00:29:57,200

On the way to the site,

563

00:29:57,200 --> 00:29:59,200

Travis told us something really interesting,

564

00:29:59,200 --> 00:30:01,200

which is that he believes in the area

565

00:30:01,200 --> 00:30:03,200

where this was alleged to have occurred,

566

00:30:03,200 --> 00:30:06,200

the trees experienced some sort of accelerated growth.

567

00:30:06,200 --> 00:30:09,200

So that's something you could definitely test for.

568

00:30:10,200 --> 00:30:12,200

This is it. This is the spot.

569

00:30:12,200 --> 00:30:14,200

You guys, we're at the location.

570

00:30:14,200 --> 00:30:16,200

Travis found it.

571

00:30:18,200 --> 00:30:19,200

Let's get Corrin.

572

00:30:19,200 --> 00:30:21,200

Just by measuring these rings,

573

00:30:21,200 --> 00:30:24,200

we can determine how fast or slow a tree grew

574

00:30:24,200 --> 00:30:26,200

in a given amount of time.

575

00:30:27,200 --> 00:30:30,200

So what we're going to do is take some tree samples

576

00:30:30,200 --> 00:30:33,200

to help us determine if there's any unusual growth patterns

577

00:30:33,200 --> 00:30:35,200

in this area.

578

00:30:35,200 --> 00:30:37,200

Let's go.

579

00:30:48,200 --> 00:30:51,200

This is kind of eerie being here.

580

00:30:51,200 --> 00:30:54,200

It's past this uprooted tree here.

581

00:30:54,200 --> 00:30:56,200

So the craft was hovering right here.

582

00:30:56,200 --> 00:30:58,200

That beam of light came down.

583

00:30:58,200 --> 00:31:01,200

It could have affected theoretically this entire area.

584

00:31:01,200 --> 00:31:03,200

Yeah.

585

00:31:03,200 --> 00:31:05,200

I think what we need is a tree core sample

586

00:31:05,200 --> 00:31:08,200

from right here, the center of the abduction site.

587

00:31:10,200 --> 00:31:12,200

What about this one over here?

588

00:31:12,200 --> 00:31:14,200

I don't know. Check it.

589

00:31:21,200 --> 00:31:23,200

Timber!

590

00:31:23,200 --> 00:31:25,200

Solid.

591

00:31:25,200 --> 00:31:27,200

Wow, look at that.

592

00:31:27,200 --> 00:31:31,200

It looks like it was steady state from the time it grew,

593

00:31:31,200 --> 00:31:36,200

and then 15 years of growth spur that kind of faded away.

594

00:31:38,200 --> 00:31:40,200

While we can't definitively link this abnormality

595

00:31:40,200 --> 00:31:42,200

with the UFO encounter,

596

00:31:42,200 --> 00:31:44,200

this certainly raises serious questions

597

00:31:44,200 --> 00:31:47,200

as to what caused this growth spur.

598

00:31:49,200 --> 00:31:52,200

I'm taking a 360-degree panoramic topographical survey

599

00:31:52,200 --> 00:31:54,200

of Travis Walton's site,

600

00:31:54,200 --> 00:31:56,200

and what that will enable us to do is we can mark

601

00:31:56,200 --> 00:31:58,200

specifically the location of where we take samples,

602

00:31:58,200 --> 00:32:01,200

and if there is an accelerated growth in the trees in the area,

603

00:32:01,200 --> 00:32:03,200

we're going to be able to map it

604

00:32:03,200 --> 00:32:05,200

and maybe help us piece this puzzle together.

605

00:32:10,200 --> 00:32:13,200

It's important to collect samples from way up high

606

00:32:13,200 --> 00:32:16,200

so we can test for any evidence at all that a UFO hovered here.

607

00:32:23,200 --> 00:32:25,200

It's the first branch.

608

00:32:26,200 --> 00:32:28,200

Oh, Jesus.

609

00:32:30,200 --> 00:32:32,200

No!

610

00:32:32,200 --> 00:32:34,200

I can't clip in. No.

611

00:32:34,200 --> 00:32:36,200

I don't know if I can do it.

612

00:32:36,200 --> 00:32:38,200

Oh, my God.

613

00:32:41,200 --> 00:32:43,200

Watch out.

614

00:32:46,200 --> 00:32:48,200

Look, dude. Pat, you got it?

615

00:32:48,200 --> 00:32:50,200

I see him.

616

00:32:56,200 --> 00:32:58,200

What did I get myself into?

617

00:33:00,200 --> 00:33:01,200

No.

618

00:33:01,200 --> 00:33:03,200

I can't clip in.

619

00:33:08,200 --> 00:33:10,200

No.

620

00:33:10,200 --> 00:33:12,200

I don't know if I can do it.

621

00:33:12,200 --> 00:33:14,200

Oh, my God.

622

00:33:15,200 --> 00:33:16,200

Holy crap.

623

00:33:16,200 --> 00:33:17,200

Ben!

624

00:33:17,200 --> 00:33:18,200

Ryder.

625

00:33:18,200 --> 00:33:19,200

No.

626

00:33:19,200 --> 00:33:20,200

Leave your breath.

627

00:33:20,200 --> 00:33:21,200

Ah!

628

00:33:21,200 --> 00:33:23,200

I'm losing my crap.

629

00:33:24,200 --> 00:33:26,200

What can I do from here?

630

00:33:26,200 --> 00:33:28,200

Help!

631

00:33:28,200 --> 00:33:30,200

Just a little farther.

632

00:33:30,200 --> 00:33:32,200

You can't... to the other way.

633

00:33:32,200 --> 00:33:34,200

Oh, my God.

634

00:33:40,200 --> 00:33:42,200

All right.

635

00:33:42,200 --> 00:33:44,200

I'm in position.

636

00:33:44,200 --> 00:33:46,200

It was smooth sailing from the run-out.

637

00:33:46,200 --> 00:33:48,200

Ah!

638

00:33:48,200 --> 00:33:50,200

Crap!

639

00:33:50,200 --> 00:33:52,200

Well, almost.

640

00:33:52,200 --> 00:33:54,200

Timber.

641

00:33:54,200 --> 00:33:56,200

Oh, my God. I'm going to kill myself.

642

00:33:56,200 --> 00:33:59,200

I hope I'm making this look really easy.

643

00:33:59,200 --> 00:34:01,200

You are.

644

00:34:01,200 --> 00:34:02,200

Timber!

645

00:34:02,200 --> 00:34:04,200

Oh, no!

646

00:34:04,200 --> 00:34:06,200

I was born up in that tree.

647

00:34:06,200 --> 00:34:07,200

I think you could tell.

648

00:34:07,200 --> 00:34:09,200

Oh, my God.

649

00:34:09,200 --> 00:34:11,200

Horse food!

650

00:34:11,200 --> 00:34:13,200

Crap!

651

00:34:13,200 --> 00:34:15,200

Mother effort!

652

00:34:15,200 --> 00:34:18,200

Okay. Maybe a few minor setbacks.

653

00:34:18,200 --> 00:34:20,200

I got you.

654

00:34:20,200 --> 00:34:22,200

Good job.

655

00:34:22,200 --> 00:34:23,200

Thanks.

656

00:34:23,200 --> 00:34:24,200

Home free.

657

00:34:24,200 --> 00:34:25,200

My hands are shaking.

658

00:34:25,200 --> 00:34:27,200

Take a break.

659

00:34:30,200 --> 00:34:33,200

I've got a really cool discovery over here, guys.

660

00:34:33,200 --> 00:34:34,200

Please reveal.

661

00:34:34,200 --> 00:34:35,200

Check this out.

662

00:34:35,200 --> 00:34:37,200

Travis and I found this tree,

663

00:34:37,200 --> 00:34:40,200

which was present at the time of his sighting,

664

00:34:40,200 --> 00:34:43,200

which means something caused accelerated growth

665

00:34:43,200 --> 00:34:46,200

in this tree after his experience.

666

00:34:46,200 --> 00:34:48,200

Listen, this man's a logger.

667

00:34:48,200 --> 00:34:49,200

I'm not.

668

00:34:49,200 --> 00:34:51,200

But he seems to think that this verifies his claim

669

00:34:51,200 --> 00:34:55,200

that there was one time a UFO floating above the forest here.

670

00:34:55,200 --> 00:34:56,200

Maybe there's something to this.

671

00:34:56,200 --> 00:34:58,200

I appreciate all your help today, Travis.

672

00:34:58,200 --> 00:35:00,200

It's been an adventure.

673

00:35:00,200 --> 00:35:02,200

Bringing Travis Walton to the exact location

674

00:35:02,200 --> 00:35:06,200

of this alleged abduction was traumatic for him.

675

00:35:06,200 --> 00:35:09,200

As night fell, I could see him getting progressively anxious,

676

00:35:09,200 --> 00:35:11,200

and he decided to go home.

677

00:35:12,200 --> 00:35:15,200

With the level of effort it took for us to get to this location

678

00:35:15,200 --> 00:35:18,200

and reports of other strange activity out here,

679

00:35:18,200 --> 00:35:20,200

we'd be fools to leave now.

680

00:35:24,200 --> 00:35:26,200

All right, we're all set for the night, Eric.

681

00:35:26,200 --> 00:35:28,200

We gotta thank you guys for helping us get up here.

682

00:35:28,200 --> 00:35:29,200

Yeah.

683

00:35:29,200 --> 00:35:31,200

It's such a relief to know we have a search and rescue crew

684

00:35:31,200 --> 00:35:32,200

standing by.

685

00:35:32,200 --> 00:35:33,200

Thank you very much.

686

00:35:33,200 --> 00:35:35,200

What do you think about it out here tonight?

687

00:35:35,200 --> 00:35:37,200

It's a little eerie.

688

00:35:37,200 --> 00:35:39,200

Well, I tell you what, I don't like being out here at night.

689

00:35:39,200 --> 00:35:40,200

Really?

690

00:35:40,200 --> 00:35:43,200

So you say this area in particular is like a hotspot?

691

00:35:43,200 --> 00:35:45,200

Oh, yeah, definitely.

692

00:35:45,200 --> 00:35:49,200

I'd say within a 20-mile radius all around here

693

00:35:49,200 --> 00:35:52,200

is very active with lights in the skies.

694

00:35:53,200 --> 00:35:55,200

Like unidentified flying objects?

695

00:35:55,200 --> 00:35:56,200

Yes.

696

00:35:57,200 --> 00:35:58,200

It's out there, man.

697

00:35:58,200 --> 00:35:59,200

All right.

698

00:35:59,200 --> 00:36:00,200

We'll scream if we need you.

699

00:36:00,200 --> 00:36:01,200

All right, thank you.

700

00:36:03,200 --> 00:36:05,200

Well, you guys, I'd like to go back to the site.

701

00:36:05,200 --> 00:36:06,200

Check it out.

702

00:36:06,200 --> 00:36:09,200

We'll do a perimeter sweep, cover some of the area

703

00:36:09,200 --> 00:36:11,200

that we didn't walk today.

704

00:36:11,200 --> 00:36:12,200

Okay, all right, guys.

705

00:36:12,200 --> 00:36:13,200

All right, so it's fantastic.

706

00:36:13,200 --> 00:36:14,200

All right, eyes in the skies.

707

00:36:14,200 --> 00:36:15,200

All right.

708

00:36:26,200 --> 00:36:28,200

What do you think about Travis's story now

709

00:36:28,200 --> 00:36:29,200

that we've been out here?

710

00:36:29,200 --> 00:36:33,200

Like always, extraordinary claims, extraordinary evidence.

711

00:36:33,200 --> 00:36:35,200

The jury's still out for me.

712

00:36:35,200 --> 00:36:36,200

How about you?

713

00:36:36,200 --> 00:36:38,200

I have to be honest, when I interviewed him,

714

00:36:38,200 --> 00:36:41,200

it's something about the details of the story

715

00:36:41,200 --> 00:36:43,200

that there were so many.

716

00:36:43,200 --> 00:36:46,200

It almost felt like too many.

717

00:36:46,200 --> 00:36:48,200

Another orgy of evidence?

718

00:36:48,200 --> 00:36:50,200

That had me kind of questioning things,

719

00:36:50,200 --> 00:36:54,200

but when we came out here, I mean, he had a strong reaction

720

00:36:54,200 --> 00:36:57,200

to finding the location and coming out here.

721

00:36:57,200 --> 00:37:00,200

Something happened out here, that's for sure.

722

00:37:09,200 --> 00:37:10,200

Wow.

723

00:37:11,200 --> 00:37:15,200

If I was here 35 years ago,

724

00:37:15,200 --> 00:37:19,200

I'd see something completely out of this world.

725

00:37:19,200 --> 00:37:22,200

It's incredible.

726

00:37:22,200 --> 00:37:28,200

I can't believe I'm actually at the most famous

727

00:37:28,200 --> 00:37:30,200

abduction cases ever.

728

00:37:30,200 --> 00:37:33,200

Travis Walton, fire in the sky.

729

00:37:34,200 --> 00:37:39,200

This is approaching the road where the truck stopped,

730

00:37:39,200 --> 00:37:41,200

and he got out.

731

00:37:45,200 --> 00:37:49,200

The UFO would have been hovering a little bit to the north,

732

00:37:49,200 --> 00:37:51,200

which is this way.

733

00:37:52,200 --> 00:37:55,200

I am approaching ground zero right now.

734

00:38:04,200 --> 00:38:07,200

Probably ground zero right here.

735

00:38:07,200 --> 00:38:10,200

Right where the flying saucer was hovering.

736

00:38:10,200 --> 00:38:13,200

He said it was a little clearing,

737

00:38:13,200 --> 00:38:17,200

and the road is just down over there.

738

00:38:23,200 --> 00:38:25,200

Right now, it's covered in snow,

739

00:38:25,200 --> 00:38:28,200

and there's some new growth over the area,

740

00:38:28,200 --> 00:38:31,200

but this is...

741

00:38:31,200 --> 00:38:34,200

where the truck would have been driving from.

742

00:38:37,200 --> 00:38:40,200

So I'm standing on a tree stump here that was cut

743

00:38:40,200 --> 00:38:45,200

probably just before Travis was here,

744

00:38:45,200 --> 00:38:49,200

and I'm gonna see if I can just kind of observe the night sky.

745

00:39:01,200 --> 00:39:03,200

I'm gonna go to the right.

746

00:39:11,200 --> 00:39:13,200

Rider for James.

747

00:39:13,200 --> 00:39:15,200

Copywriter, I'm here.

748

00:39:15,200 --> 00:39:19,200

I'm hearing something in the woods that sounds like gunshots.

749

00:39:25,200 --> 00:39:27,200

Do you hear the same thing I heard?

750

00:39:27,200 --> 00:39:29,200

I absolutely heard the same thing you heard,

751

00:39:29,200 --> 00:39:31,200

but it just sounds so close.

752

00:39:31,200 --> 00:39:33,200

It does sound close.

753

00:39:33,200 --> 00:39:35,200

I need to say it, but I think it's best for us to stick together

754

00:39:35,200 --> 00:39:36,200

the rest of the night.

755

00:39:36,200 --> 00:39:38,200

Stay put. Ben and I will make our way over to you.

756

00:39:38,200 --> 00:39:40,200

Copy that.

757

00:39:46,200 --> 00:39:49,200

It gets really deep through here. Careful.

758

00:39:56,200 --> 00:39:57,200

James.

759

00:39:57,200 --> 00:39:58,200

Hey.

760

00:39:58,200 --> 00:40:00,200

Hey, what's going on, guys?

761

00:40:00,200 --> 00:40:02,200

I mapped out the log in road where the truck stopped.

762

00:40:02,200 --> 00:40:05,200

Ground zero, some of the trees most likely affected

763

00:40:05,200 --> 00:40:07,200

according to Travis.

764

00:40:07,200 --> 00:40:09,200

Look over there. Jesus Christ.

765

00:40:09,200 --> 00:40:10,200

What?

766

00:40:10,200 --> 00:40:12,200

You guys, you guys, you guys.

767

00:40:12,200 --> 00:40:14,200

What?

768

00:40:15,200 --> 00:40:17,200

Come on, someone saw that.

769

00:40:17,200 --> 00:40:18,200

What?

770

00:40:18,200 --> 00:40:21,200

I just looked at it. It looked like one blue light

771

00:40:21,200 --> 00:40:23,200

spreads out to three.

772

00:40:23,200 --> 00:40:25,200

Down. Straight down.

773

00:40:25,200 --> 00:40:27,200

I can't see anything out there right now.

774

00:40:27,200 --> 00:40:30,200

James, I thought you would help me out here.

775

00:40:30,200 --> 00:40:32,200

Hey, I'm doing the best I can,

776

00:40:32,200 --> 00:40:34,200

but I can't make a UFO appear, man.

777

00:40:34,200 --> 00:40:36,200

I don't know. That was weird.

778

00:40:36,200 --> 00:40:38,200

That was really strange. Honest.

779

00:40:38,200 --> 00:40:40,200

No, why don't we shut up the tripod

780

00:40:40,200 --> 00:40:42,200

and look in that general direction a little bit?

781

00:40:42,200 --> 00:40:44,200

That's what I'm doing. Yeah.

782

00:40:44,200 --> 00:40:47,200

It's highly doubtful that what I saw is going to come back,

783

00:40:47,200 --> 00:40:50,200

but I'm going to be ready this time.

784

00:40:50,200 --> 00:40:53,200

Let's see what we can see over there.

785

00:40:55,200 --> 00:40:58,200

Come on, Arizona. Show me something.

786

00:41:05,200 --> 00:41:06,200

Back to camp!

787

00:41:06,200 --> 00:41:08,200

Go, go, base camp. Go.

788

00:41:08,200 --> 00:41:10,200

What?

789

00:41:12,200 --> 00:41:13,200

James, come on.

790

00:41:13,200 --> 00:41:15,200

Dude, I'm coming, man.

791

00:41:15,200 --> 00:41:17,200

Come on, let's go!

792

00:41:17,200 --> 00:41:19,200

What the f*** is going on?

793

00:41:25,200 --> 00:41:27,200

James, it was coming towards me.

794

00:41:27,200 --> 00:41:29,200

I was watching it come this way, and then it's coming down.

795

00:41:29,200 --> 00:41:33,200

Dude, whatever it is, it ain't flying normal.

796

00:41:38,200 --> 00:41:40,200

Back to camp!

797

00:41:40,200 --> 00:41:42,200

Go, go, base camp. Go.

798

00:41:42,200 --> 00:41:44,200

What?

799

00:41:46,200 --> 00:41:47,200

James, come on.

800

00:41:47,200 --> 00:41:49,200

Dude, I'm coming, man.

801

00:41:49,200 --> 00:41:52,200

What the f*** is going on?

802

00:41:52,200 --> 00:41:55,200

Rescue, just screw it and get the f*** back to base camp.

803

00:41:59,200 --> 00:42:01,200

What the hell was that?

804

00:42:01,200 --> 00:42:04,200

Hey, man. Hey, guys. What's going on, Eric?

805

00:42:04,200 --> 00:42:06,200

There's a bear outside the camp here.

806

00:42:06,200 --> 00:42:08,200

Searching around, I can hear it.

807

00:42:08,200 --> 00:42:10,200

We talking about a big black bear?

808

00:42:10,200 --> 00:42:12,200

Yeah. Can they be aggressive?

809

00:42:12,200 --> 00:42:14,200

Yes, they can, especially a sal with cubs.

810

00:42:14,200 --> 00:42:16,200

I'd say let's get packed up and get out as soon as we can

811

00:42:16,200 --> 00:42:18,200

so we don't disturb her.

812

00:42:18,200 --> 00:42:20,200

Holy f***!

813

00:42:22,200 --> 00:42:24,200

I'm kind of a badass.

814

00:42:24,200 --> 00:42:26,200

I would have stuck it out out there.

815

00:42:26,200 --> 00:42:28,200

Ben and James, not so much.

816

00:42:28,200 --> 00:42:30,200

After a short trip home,

817

00:42:30,200 --> 00:42:32,200

we reconvened to analyze all of our evidence.

818

00:42:32,200 --> 00:42:34,200

Well, yeah, let's talk about, you know,

819

00:42:34,200 --> 00:42:37,200

the triangular-shaped craft or the boomerang-shaped craft

820

00:42:37,200 --> 00:42:39,200

that people are seeing over the skies of Arizona.

821

00:42:39,200 --> 00:42:42,200

Yeah, it clearly looks like a triangular-shaped aircraft

822

00:42:42,200 --> 00:42:44,200

of some kind.

823

00:42:44,200 --> 00:42:46,200

I don't know that I could rule out planes flying in time

824

00:42:46,200 --> 00:42:48,200

or flying in time, but I'm not sure.

825

00:42:48,200 --> 00:42:50,200

I'm not sure.

826

00:42:50,200 --> 00:42:52,200

I don't know that I could rule out planes flying in time

827

00:42:52,200 --> 00:42:54,200

or formation.

828

00:42:54,200 --> 00:42:56,200

I do think that Terry Connick captured

829

00:42:56,200 --> 00:42:58,200

a triangular-shaped craft on his video,

830

00:42:58,200 --> 00:43:00,200

but that doesn't necessarily mean it had to be

831

00:43:00,200 --> 00:43:02,200

extraterrestrial.

832

00:43:02,200 --> 00:43:04,200

It could have been maybe a B-2

833

00:43:04,200 --> 00:43:06,200

or some experimental craft.

834

00:43:08,200 --> 00:43:10,200

I don't think that we ruled those out.

835

00:43:10,200 --> 00:43:12,200

This is the skydiver test we did.

836

00:43:12,200 --> 00:43:14,200

This is just a little bit of the footage.

837

00:43:14,200 --> 00:43:16,200

It was awesome,

838

00:43:16,200 --> 00:43:18,200

but, yeah, clearly not a real UFO

839

00:43:18,200 --> 00:43:20,200

or what people saw in the night sky

840

00:43:20,200 --> 00:43:22,200

on March of 1997.

841

00:43:22,200 --> 00:43:24,200

What we wanted to show was

842

00:43:24,200 --> 00:43:26,200

the descent that they make.

843

00:43:26,200 --> 00:43:28,200

Flares don't move horizontal through the sky.

844

00:43:28,200 --> 00:43:30,200

You can't look at the footage that we shot

845

00:43:30,200 --> 00:43:32,200

of the flares and compare it to what these people captured

846

00:43:32,200 --> 00:43:34,200

and tell me that that's the same thing.

847

00:43:36,200 --> 00:43:38,200

And Phoenix Lights isn't the only

848

00:43:38,200 --> 00:43:40,200

really, you know, strange occurrence

849

00:43:40,200 --> 00:43:42,200

that happened in Arizona.

850

00:43:42,200 --> 00:43:44,200

Obviously, also famed for the Travis Walton case.

851

00:43:44,200 --> 00:43:46,200

So, the craft was hovering right here.

852

00:43:46,200 --> 00:43:48,200

That beam of light came down.

853

00:43:48,200 --> 00:43:50,200

It could have affected, theoretically,

854

00:43:50,200 --> 00:43:52,200

this entire area.

855

00:43:52,200 --> 00:43:54,200

Travis took

856

00:43:54,200 --> 00:43:56,200

core samples of a tree

857

00:43:56,200 --> 00:43:58,200

and right around, ironically, the time of the sighting, 1975,

858

00:43:58,200 --> 00:44:00,200

there is

859

00:44:00,200 --> 00:44:02,200

a serious change in the ring growth.

860

00:44:02,200 --> 00:44:04,200

The tree grows four, five, six times

861

00:44:04,200 --> 00:44:06,200

faster.

862

00:44:06,200 --> 00:44:08,200

And what you see is the difference in sizes.

863

00:44:08,200 --> 00:44:10,200

It's quite dramatic,

864

00:44:10,200 --> 00:44:12,200

but what we haven't ruled out are environmental factors.

865

00:44:12,200 --> 00:44:14,200

Based on my initial review

866

00:44:14,200 --> 00:44:16,200

of the 360 panoramic scan,

867

00:44:16,200 --> 00:44:18,200

nothing immediately jumped out at me

868

00:44:18,200 --> 00:44:20,200

as demonstrating, you know,

869

00:44:20,200 --> 00:44:22,200

an area of really accelerated growth at the sight.

870

00:44:24,200 --> 00:44:26,200

I do think that UFOs

871

00:44:26,200 --> 00:44:28,200

are flying around Arizona.

872

00:44:28,200 --> 00:44:30,200

But I don't believe

873

00:44:30,200 --> 00:44:32,200

that they're coming from outer space.

874

00:44:32,200 --> 00:44:34,200

If everybody had lenses like this,

875

00:44:34,200 --> 00:44:36,200

you would reduce the amount of UFO reports

876

00:44:36,200 --> 00:44:38,200

by, like, 90%.

877

00:44:38,200 --> 00:44:40,200

I don't think it's a coincidence that in the desert southwest

878

00:44:40,200 --> 00:44:42,200

you have two spaceports.

879

00:44:42,200 --> 00:44:44,200

You've got multiple aircraft military test ranges.

880

00:44:44,200 --> 00:44:46,200

And I think that

881

00:44:46,200 --> 00:44:48,200

the idea that you've got some sort of experimental

882

00:44:48,200 --> 00:44:50,200

or larger-scale aircraft

883

00:44:50,200 --> 00:44:52,200

than something that had to come from outer space.
