

1

00:00:00,000 --> 00:00:07,000

This time on Chasing UFOs.

2

00:00:07,000 --> 00:00:12,000

Reports of small, unidentified objects seen around NASA launches

3

00:00:12,000 --> 00:00:16,000

feeds rumors of alien drones sent here to gather intel.

4

00:00:16,000 --> 00:00:18,000

Seeking answers,

5

00:00:18,000 --> 00:00:22,000

Ryder, Ben and James travel to the Sunshine State

6

00:00:22,000 --> 00:00:25,000

to investigate these claims of alien spies.

7

00:00:25,000 --> 00:00:27,000

This thing is a real mystery.

8

00:00:27,000 --> 00:00:31,000

This thing had capabilities that I've never seen before.

9

00:00:31,000 --> 00:00:33,000

Following a trail of sightings,

10

00:00:33,000 --> 00:00:37,000

the team finds themselves deep in the Florida Everglades.

11

00:00:37,000 --> 00:00:40,000

But this time, will their quest to learn the truth

12

00:00:40,000 --> 00:00:42,000

take the team too far?

13

00:00:42,000 --> 00:00:43,000

Hey, what is that right there?

14

00:00:43,000 --> 00:00:44,000

You saw something?

15

00:00:44,000 --> 00:00:45,000

I'm looking right at it.

16

00:00:45,000 --> 00:00:48,000

There's something up there.

17

00:00:48,000 --> 00:00:52,000

What we have here is not any other craft.

18

00:00:52,000 --> 00:00:53,000

Did you see that?

19

00:00:53,000 --> 00:00:55,000

There's usually a more conventional explanation

20

00:00:55,000 --> 00:00:57,000

for unidentified things that people are seeing

21

00:00:57,000 --> 00:00:59,000

if you take the time to look for them.

22

00:00:59,000 --> 00:01:00,000

For the first time in my life,

23

00:01:00,000 --> 00:01:03,000

I'm caught believing that the possibility of UFOs

24

00:01:03,000 --> 00:01:04,000

is all too real.

25

00:01:04,000 --> 00:01:06,000

For me to be out here looking for evidence,

26

00:01:06,000 --> 00:01:07,000

this is it.

27

00:01:07,000 --> 00:01:08,000

This is what I live for.

28

00:01:08,000 --> 00:01:10,000

This is what I've been dreaming about.

29

00:01:10,000 --> 00:01:11,000

Oh, my God!

30

00:01:11,000 --> 00:01:12,000

Wow!

31

00:01:12,000 --> 00:01:13,000

God!

32

00:01:13,000 --> 00:01:15,000

Wow!

33

00:01:35,000 --> 00:01:37,000

Right now, we're heading towards Cape Canaveral.

34

00:01:37,000 --> 00:01:39,000

You know, there's been a lot of strange activity

35

00:01:39,000 --> 00:01:41,000

associated with the launches.

36

00:01:41,000 --> 00:01:44,000

Cape Canaveral, Florida, is home to the Kennedy Space Center.

37

00:01:44,000 --> 00:01:46,000

And what people don't know is that there's a lot of

38

00:01:46,000 --> 00:01:49,000

UFO activity surrounding that area,

39

00:01:49,000 --> 00:01:52,000

especially around shuttle launches.

40

00:01:52,000 --> 00:01:55,000

We actually have a recent video of what looks like

41

00:01:55,000 --> 00:01:57,000

an unidentified flying object

42

00:01:57,000 --> 00:02:00,000

around the spatial endeavor right here.

43

00:02:03,000 --> 00:02:06,000

This is from May 2011 of what people say is

44

00:02:06,000 --> 00:02:10,000

an unidentified flying object actually moving through

45

00:02:10,000 --> 00:02:15,000

and around the plume of smoke after the shuttle launches.

46

00:02:15,000 --> 00:02:17,000

But this isn't the first time that this has happened.

47

00:02:17,000 --> 00:02:21,000

This has actually surrounded multiple shuttle launches.

48

00:02:21,000 --> 00:02:24,000

And, you know, people believe that our launches

49

00:02:24,000 --> 00:02:26,000

are actually being monitored.

50

00:02:26,000 --> 00:02:28,000

A lot of people say it's, you know,

51

00:02:28,000 --> 00:02:31,000

some sort of an alien unmanned vehicle

52

00:02:31,000 --> 00:02:34,000

that's come around and has come to do research on us.

53

00:02:34,000 --> 00:02:35,000

Who knows?

54

00:02:35,000 --> 00:02:36,000

Maybe there's like little probes.

55

00:02:36,000 --> 00:02:38,000

We send out little probes all the time.

56

00:02:38,000 --> 00:02:40,000

It would make perfectly good sense to me

57

00:02:40,000 --> 00:02:44,000

that if aliens were exploring or surveying Earth,

58

00:02:44,000 --> 00:02:46,000

they'd do it with some probes, just like we do.

59

00:02:48,000 --> 00:02:50,000

You know, I gotta be honest, that first thing

60

00:02:50,000 --> 00:02:53,000

just looked like a bug flying in front of the camera.

61

00:02:54,000 --> 00:02:56,000

You know, to me, I think we need to look

62

00:02:56,000 --> 00:02:58,000

at more conventional explanations first.

63

00:03:01,000 --> 00:03:05,000

I think now that we're here in Cape Canaveral,

64

00:03:05,000 --> 00:03:07,000

where a lot of these launches take place,

65

00:03:07,000 --> 00:03:10,000

and do people go about watching these launches?

66

00:03:10,000 --> 00:03:12,000

Maybe we try to meet with these people,

67

00:03:12,000 --> 00:03:13,000

get their eyewitness testimony,

68

00:03:13,000 --> 00:03:14,000

and find out what they're seeing.

69

00:03:14,000 --> 00:03:15,000

Sure.

70

00:03:15,000 --> 00:03:18,000

Let's see if what these people are seeing around a launch

71

00:03:18,000 --> 00:03:20,000

is something possibly conventional

72

00:03:20,000 --> 00:03:22,000

or something that just defies explanations.

73

00:03:23,000 --> 00:03:25,000

So the jury's still out on what this thing is.

74

00:03:25,000 --> 00:03:27,000

But some have reported seeing similar objects

75

00:03:27,000 --> 00:03:29,000

around other launches,

76

00:03:29,000 --> 00:03:31,000

and some also suggest that these objects

77

00:03:31,000 --> 00:03:33,000

are actually alien probes

78

00:03:33,000 --> 00:03:35,000

coming down to watch our space activities.

79

00:03:38,000 --> 00:03:41,000

So we're getting together a group of space launch watchers

80

00:03:41,000 --> 00:03:43,000

to see what they have to say about it.

81

00:03:43,000 --> 00:03:45,000

How many launches have you seen?

82

00:03:45,000 --> 00:03:47,000

The term I use is countless.

83

00:03:49,000 --> 00:03:51,000

It's not just shuttle launches, it's unmanned launches.

84

00:03:51,000 --> 00:03:53,000

You know, anytime you hear something going up,

85

00:03:53,000 --> 00:03:55,000

I head down to the river and watch it go up.

86

00:03:55,000 --> 00:03:57,000

So who here has seen a UFO?

87

00:04:01,000 --> 00:04:03,000

There's been sightings around this area.

88

00:04:04,000 --> 00:04:06,000

Prior to a launch,

89

00:04:06,000 --> 00:04:09,000

there's been sightings around, out over the ocean.

90

00:04:11,000 --> 00:04:13,000

The thing I saw in the air

91

00:04:13,000 --> 00:04:16,000

lit up orange just in a nanosecond.

92

00:04:17,000 --> 00:04:19,000

And it moved slowly across the road,

93

00:04:19,000 --> 00:04:21,000

and then all of a sudden it was gone.

94

00:04:23,000 --> 00:04:25,000

I saw what I thought was one-one time,

95

00:04:25,000 --> 00:04:28,000

that it was gone just like that.

96

00:04:29,000 --> 00:04:31,000

Since the locals told us that they've been seeing

97

00:04:31,000 --> 00:04:33,000

these strange objects flying around the launch pad,

98

00:04:33,000 --> 00:04:35,000

we wanted to go there and investigate ourselves.

99

00:04:37,000 --> 00:04:39,000

Keep Canaverals not exactly the spot

100

00:04:39,000 --> 00:04:41,000

where you can just drive right up

101

00:04:41,000 --> 00:04:43,000

and walk around and investigate at night.

102

00:04:43,000 --> 00:04:45,000

So we needed to do the next best thing,

103

00:04:45,000 --> 00:04:47,000

and that was to hit the water.

104

00:05:06,000 --> 00:05:08,000

Keep Canaverals dead ahead.

105

00:05:32,000 --> 00:05:34,000

We're getting pretty close to the launch pad.

106

00:05:34,000 --> 00:05:36,000

We're all the sightings that have been taking place.

107

00:05:38,000 --> 00:05:40,000

Why don't you tie off to us?

108

00:05:50,000 --> 00:05:53,000

Barry, do you have your sea legs?

109

00:05:56,000 --> 00:06:00,000

Alright, well, I think we're a pretty safe distance.

110

00:06:00,000 --> 00:06:03,000

If we get any closer, I mean, we're bound to raise suspicious.

111

00:06:03,000 --> 00:06:06,000

Let's just keep our wits about us, you know?

112

00:06:06,000 --> 00:06:08,000

This definitely isn't a place where

113

00:06:08,000 --> 00:06:10,000

they want you to sneak up at night.

114

00:06:12,000 --> 00:06:15,000

I think it's best if you and I take the

115

00:06:15,000 --> 00:06:17,000

Zodiac in a little bit closer and

116

00:06:17,000 --> 00:06:20,000

it'd be great to get boots on land as close as we can over here.

117

00:06:20,000 --> 00:06:21,000

Guys, don't push it.

118

00:06:21,000 --> 00:06:24,000

I mean, you know, this is sensitive, secure federal territory,

119

00:06:24,000 --> 00:06:28,000

so, you know, get closer, but just don't push it.

120

00:06:29,000 --> 00:06:32,000

I heard from Matt was, push it to the limit.

121

00:06:33,000 --> 00:06:35,000

I know you're not going to be careful,

122

00:06:35,000 --> 00:06:37,000

so James, be careful out there.

123

00:06:38,000 --> 00:06:39,000

Good boy.

124

00:06:40,000 --> 00:06:42,000

I'll make sure that she's not careful.

125

00:06:43,000 --> 00:06:45,000

I don't think you got to worry about that.

126

00:06:46,000 --> 00:06:47,000

Alright, just look.

127

00:06:47,000 --> 00:06:48,000

Godspeed.

128

00:06:53,000 --> 00:06:55,000

I'm never going to see them again.

129

00:06:58,000 --> 00:07:00,000

I'm really curious how close we can get.

130

00:07:00,000 --> 00:07:02,000

Can we go all the way?

131

00:07:02,000 --> 00:07:03,000

That's what I'm hoping.

132

00:07:06,000 --> 00:07:08,000

It was just James, I think they'd come back.

133

00:07:10,000 --> 00:07:11,000

I was just going to push it.

134

00:07:17,000 --> 00:07:18,000

Rider for Ben.

135

00:07:19,000 --> 00:07:20,000

Rider for Ben, go ahead.

136

00:07:20,000 --> 00:07:22,000

Hey, Ben, just letting you know we're closing in.

137

00:07:22,000 --> 00:07:23,000

I'm going to go get him.

138

00:07:23,000 --> 00:07:24,000

I'm going to get him.

139

00:07:24,000 --> 00:07:25,000

I'm going to get him.

140

00:07:25,000 --> 00:07:26,000

I'm going to get him.

141

00:07:26,000 --> 00:07:28,000

Hey, Ben, just letting you know we're closing in.

142

00:07:28,000 --> 00:07:29,000

No activity yet.

143

00:07:29,000 --> 00:07:32,000

Doesn't seem like there's any obstacles in the way,

144

00:07:32,000 --> 00:07:33,000

so we're going to press follow.

145

00:07:33,000 --> 00:07:35,000

Just play it safe and keep your eyes up.

146

00:07:35,000 --> 00:07:36,000

Copy that.

147

00:07:42,000 --> 00:07:43,000

Alright, getting shallow.

148

00:07:45,000 --> 00:07:47,000

Oh man, it's so shallow here.

149

00:07:49,000 --> 00:07:52,000

I think we're going about seriously inches right now.

150

00:07:52,000 --> 00:07:53,000

We're getting closer.

151

00:07:53,000 --> 00:07:55,000

We should probably be careful with our lights now.

152

00:07:55,000 --> 00:07:58,000

Maybe, maybe kill the engine a little bit.

153

00:08:00,000 --> 00:08:04,000

We've got about a foot and a half of water right here.

154

00:08:04,000 --> 00:08:05,000

That's about it.

155

00:08:07,000 --> 00:08:09,000

I want to paddle the way in.

156

00:08:09,000 --> 00:08:11,000

It's really shallow.

157

00:08:22,000 --> 00:08:25,000

Right here in James, right here in James, if you read me,

158

00:08:25,000 --> 00:08:30,000

there is what I believe is a Falcon 9 rocket on the pad.

159

00:08:30,000 --> 00:08:33,000

The VAB is open, a vehicle assembly building,

160

00:08:33,000 --> 00:08:35,000

and there's a lot of activity over there.

161

00:08:35,000 --> 00:08:39,000

The rocket on the pad, I mean, security's going to be up a little tighter.

162

00:08:39,000 --> 00:08:45,000

So there may be more eyes on the perimeter than you anticipated,

163

00:08:45,000 --> 00:08:47,000

so be aware.

164

00:08:47,000 --> 00:08:48,000

Copy.

165

00:08:52,000 --> 00:08:55,000

I don't know why, but the hair on the back of my neck is standing up

166

00:08:55,000 --> 00:08:57,000

like something's about to happen.

167

00:08:58,000 --> 00:09:00,000

Oh, I can see the launch pad.

168

00:09:05,000 --> 00:09:06,000

You see it.

169

00:09:06,000 --> 00:09:09,000

That looks like a glowing orb near the launch pad.

170

00:09:10,000 --> 00:09:12,000

It's definitely glowing.

171

00:09:13,000 --> 00:09:15,000

Oh, it's definitely getting lower.

172

00:09:15,000 --> 00:09:16,000

Yeah, it is, right?

173

00:09:16,000 --> 00:09:18,000

It's dropping really fast now.

174

00:09:19,000 --> 00:09:21,000

Oh, look, I'm looking lower. It's gotten...

175

00:09:22,000 --> 00:09:25,000

And that's not moving slow like a planet, I mean.

176

00:09:25,000 --> 00:09:27,000

That's moving fast.

177

00:09:29,000 --> 00:09:31,000

I mean, what could drop like that?

178

00:09:34,000 --> 00:09:37,000

Oh my God, it's moving really close to the lights now.

179

00:09:37,000 --> 00:09:39,000

You see that? It's almost behind the third one.

180

00:09:39,000 --> 00:09:40,000

Yes, I do.

181

00:09:42,000 --> 00:09:44,000

Right on James for Ben.

182

00:09:45,000 --> 00:09:49,000

We've been tracking what looks like an orange-ish orb.

183

00:09:49,000 --> 00:09:52,000

It has descended from above those lights

184

00:09:52,000 --> 00:09:54,000

to now below that third one. Do you see that?

185

00:09:54,000 --> 00:09:56,000

This thing moved.

186

00:09:56,000 --> 00:10:00,000

The entire length of the tower in about five minutes less.

187

00:10:00,000 --> 00:10:02,000

I mean, we've tracked planets before.

188

00:10:02,000 --> 00:10:06,000

You could easily see how fast it dropped,

189

00:10:06,000 --> 00:10:08,000

and now it's completely out of view.

190

00:10:09,000 --> 00:10:11,000

Oh.

191

00:10:12,000 --> 00:10:14,000

Man, we're almost on land.

192

00:10:18,000 --> 00:10:20,000

This is not looking good.

193

00:10:20,000 --> 00:10:22,000

We're tracking the bottom right now.

194

00:10:22,000 --> 00:10:24,000

We're gonna track all the way across.

195

00:10:26,000 --> 00:10:29,000

Then we'll turn in, help we get out and walk.

196

00:10:31,000 --> 00:10:33,000

It could be quicksand, it could be alligators.

197

00:10:34,000 --> 00:10:36,000

If you want to go on shore,

198

00:10:37,000 --> 00:10:38,000

then we just gotta be careful

199

00:10:38,000 --> 00:10:41,000

because there's probably gonna be some alligators up there.

200

00:10:41,000 --> 00:10:43,000

Router for Ben, if you can hear us,

201

00:10:44,000 --> 00:10:46,000

we are heading in on foot.

202

00:10:46,000 --> 00:10:48,000

We've run aground,

203

00:10:48,000 --> 00:10:51,000

and, well, if you don't hear from us soon,

204

00:10:51,000 --> 00:10:53,000

we might be alligator dinner.

205

00:10:56,000 --> 00:10:59,000

Okay, let's go.

206

00:11:06,000 --> 00:11:08,000

Wait, don't go so far ahead of me.

207

00:11:09,000 --> 00:11:11,000

That looks like alligator alley.

208

00:11:15,000 --> 00:11:16,000

F***, f***, f***.

209

00:11:16,000 --> 00:11:18,000

My blood is almost up to my knees.

210

00:11:21,000 --> 00:11:22,000

Can we just hear that?

211

00:11:22,000 --> 00:11:23,000

Yes.

212

00:11:23,000 --> 00:11:24,000

What the f*** is that?

213

00:11:24,000 --> 00:11:26,000

I have no f***ing idea.

214

00:11:27,000 --> 00:11:29,000

Sounds like a fake creature swimming.

215

00:11:29,000 --> 00:11:30,000

It does.

216

00:11:31,000 --> 00:11:33,000

There's something up there.

217

00:11:33,000 --> 00:11:35,000

Something just touched my leg.

218

00:11:37,000 --> 00:11:38,000

I am low enough.

219

00:11:49,000 --> 00:11:52,000

Okay, let's bring back this thing.

220

00:11:53,000 --> 00:11:55,000

Let's help Ben help him.

221

00:11:55,000 --> 00:11:56,000

Yeah.

222

00:11:56,000 --> 00:11:57,000

He's right there.

223

00:12:00,000 --> 00:12:01,000

Come back on the stage.

224

00:12:01,000 --> 00:12:03,000

And the broadcast is *μποροπουεφ* Wooo 1949.

225

00:12:03,000 --> 00:12:04,000

Alligators before we leave.

226

00:12:04,000 --> 00:12:06,000

Yeah.

227

00:12:06,000 --> 00:12:07,440

That big creature's swimming.

228

00:12:07,440 --> 00:12:09,940

It does.

229

00:12:09,940 --> 00:12:12,940

There's something up there.

230

00:12:12,940 --> 00:12:13,940

Something just touched my leg.

231

00:12:16,940 --> 00:12:19,440

Yeah, I feel something.

232

00:12:19,440 --> 00:12:21,440

You know there are mosquitoes out here.

233

00:12:21,440 --> 00:12:22,240

I told you.

234

00:12:22,240 --> 00:12:23,720

Holy shit.

235

00:12:23,720 --> 00:12:26,160

Rider and James, Rider and James, how you got up?

236

00:12:26,160 --> 00:12:28,200

Boat incoming looks like from the short.

237

00:12:28,200 --> 00:12:30,200

It looks like it's heading toward your position.

238

00:12:34,000 --> 00:12:35,000

Copy that.

239

00:12:35,000 --> 00:12:36,000

We're pulling out of here.

240

00:12:41,000 --> 00:12:43,000

One of those horror movies where the engine is stuck.

241

00:12:52,000 --> 00:12:54,000

Rider for Ben, if you can hear us,

242

00:12:54,000 --> 00:12:57,000

we're making our way back to you.

243

00:12:57,000 --> 00:13:01,000

But unfortunately, it's real slow going because of how shallow it is.

244

00:13:05,000 --> 00:13:08,000

Hey guys, they're shining a searchlight onto the shore.

245

00:13:10,000 --> 00:13:12,000

They're looking for us.

246

00:13:14,000 --> 00:13:16,000

Yeah, copy.

247

00:13:16,000 --> 00:13:18,000

I do see the searchlight.

248

00:13:18,000 --> 00:13:20,000

That's exactly where James and I just were.

249

00:13:20,000 --> 00:13:22,000

They're looking for us, man.

250

00:13:23,000 --> 00:13:25,000

Oh, I just saw a shadow.

251

00:13:25,000 --> 00:13:26,000

They turned their lights off.

252

00:13:26,000 --> 00:13:28,000

Oh, they're in stealth mode.

253

00:13:29,000 --> 00:13:31,000

Sounds like a Coast Guard boat.

254

00:13:32,000 --> 00:13:35,000

Rider and James, Rider and James, they're headed back out.

255

00:13:35,000 --> 00:13:37,000

It looks like they're headed toward your location.

256

00:13:37,000 --> 00:13:38,000

They're getting over.

257

00:13:39,000 --> 00:13:41,000

Yeah, absolutely.

258

00:13:57,000 --> 00:13:59,000

Looks like you guys may have scared up some trouble.

259

00:13:59,000 --> 00:14:01,000

Well, never a dull night.

260

00:14:03,000 --> 00:14:06,000

Last night, didn't exactly go as planned.

261

00:14:11,000 --> 00:14:13,000

If we want to find out what's going on there,

262

00:14:13,000 --> 00:14:15,000

then we're going to need to talk to someone that's been on the inside.

263

00:14:18,000 --> 00:14:22,000

You know, I think with all these questions that we have about these launches

264

00:14:22,000 --> 00:14:25,000

and, you know, what actually goes on on the inside of NASA,

265

00:14:25,000 --> 00:14:28,000

it would actually be really great to speak to an astronaut themselves

266

00:14:28,000 --> 00:14:30,000

and find out what they have to say.

267

00:14:30,000 --> 00:14:35,000

Well, guys, just so happens, I do know one astronaut who walked on the moon.

268

00:14:35,000 --> 00:14:36,000

Of course you do.

269

00:14:36,000 --> 00:14:37,000

You only know one?

270

00:14:37,000 --> 00:14:38,000

I'm pretty sure you know like five.

271

00:14:38,000 --> 00:14:42,000

Well, there's one in particular that I think I have pretty good access to,

272

00:14:42,000 --> 00:14:44,000

and that's Apollo 14 astronaut Edgar Mitchell.

273

00:14:44,000 --> 00:14:48,000

So I was kind of keeping it in my back pocket because I, you know...

274

00:14:48,000 --> 00:14:50,000

Didn't want me to run off the road.

275

00:14:50,000 --> 00:14:53,000

Well, yeah, I just wanted to sort of break the news to you slowly.

276

00:14:53,000 --> 00:14:57,000

I'm sure he could shed a little light on your disbelief in UFOs there, buddy.

277

00:14:57,000 --> 00:15:00,000

Ignition sequence starts.

278

00:15:04,000 --> 00:15:06,000

Edgar Mitchell is the sixth man to walk on the moon.

279

00:15:06,000 --> 00:15:08,000

He's the Apollo 14 astronaut.

280

00:15:08,000 --> 00:15:10,000

He has met with military and government officials

281

00:15:10,000 --> 00:15:13,000

that have shared with him very unambiguous UFO sightings.

282

00:15:13,000 --> 00:15:16,000

And it's his belief that Earth is being visited.

283

00:15:16,000 --> 00:15:18,000

Go Main Street.

284

00:15:18,000 --> 00:15:20,000

Spacewalk fame.

285

00:15:24,000 --> 00:15:25,000

Thank you, sir.

286

00:15:25,000 --> 00:15:27,000

Absolutely.

287

00:15:27,000 --> 00:15:29,000

Nice.

288

00:15:29,000 --> 00:15:31,000

Thank you so much for coming to meet us.

289

00:15:31,000 --> 00:15:32,000

Thank you. Good to see you.

290

00:15:32,000 --> 00:15:33,000

Really appreciate it.

291

00:15:33,000 --> 00:15:34,000

See you again, Jay.

292

00:15:34,000 --> 00:15:35,000

Really good to see you too.

293

00:15:35,000 --> 00:15:36,000

Dr. Mitchell.

294

00:15:36,000 --> 00:15:38,000

I have a quick question right out the gate.

295

00:15:38,000 --> 00:15:42,000

Can you explain some of the stronger evidence to support the fact that UFOs are real?

296

00:15:42,000 --> 00:15:43,000

Sure.

297

00:15:43,000 --> 00:15:44,000

Okay.

298

00:15:44,000 --> 00:15:47,000

Being in the military and an aviator for many years,

299

00:15:47,000 --> 00:15:50,000

I knew that pilots all over the world,

300

00:15:50,000 --> 00:15:53,000

military pilots, airline pilots,

301

00:15:53,000 --> 00:15:55,000

encountered them all the time.

302

00:15:55,000 --> 00:15:57,000

Because I grew up in Roswell,

303

00:15:57,000 --> 00:16:02,000

I know most of the predominant investigators in the UFO field

304

00:16:02,000 --> 00:16:05,000

because of those Roswell connections.

305

00:16:05,000 --> 00:16:08,000

And so I have no doubts about it now.

306

00:16:10,000 --> 00:16:16,000

Did your opinion change of UFOs before you went out?

307

00:16:16,000 --> 00:16:17,000

I hadn't no.

308

00:16:17,000 --> 00:16:18,000

I had no thoughts about it.

309

00:16:18,000 --> 00:16:23,000

I had no knowledge of it except for the fact that I knew of the Roswell incident

310

00:16:23,000 --> 00:16:26,000

because I lived there at the time.

311

00:16:26,000 --> 00:16:31,000

What we're hearing is some sort of UFO observation of perhaps our space program

312

00:16:31,000 --> 00:16:34,000

and NASA launches.

313

00:16:34,000 --> 00:16:36,000

Is that something that you're aware of as well?

314

00:16:36,000 --> 00:16:37,000

Yeah.

315

00:16:37,000 --> 00:16:43,000

I would not be surprised if we are under surveillance by alien visitors.

316

00:16:48,000 --> 00:17:02,000

Are NASAœ

317

00:17:02,000 --> 00:17:05,040

Is NASA important to you,

318

00:17:05,040 --> 00:17:07,520

the UFO confuses in us?

319

00:17:07,520 --> 00:17:11,720

Let's see, the UFO be without a question?

320

00:17:11,720 --> 00:17:15,000

NASA- and what's the answer to that?

321

00:17:15,000 --> 00:17:19,040

I would not be surprised if we are under surveillance

322

00:17:19,080 --> 00:17:20,940

by alien visitors.

323

00:17:20,980 --> 00:17:27,020

I think they're interested in everything that we're doing.

324

00:17:27,060 --> 00:17:29,120

What do you think, you know, these visitors

325

00:17:29,160 --> 00:17:31,920

are doing here around us and around, you know,

326

00:17:31,960 --> 00:17:33,520

these launch sites?

327

00:17:33,560 --> 00:17:35,820

I think just observing our progress,

328

00:17:35,860 --> 00:17:41,000

they're looking to see what is taking place on this planet.

329

00:17:41,040 --> 00:17:43,440

I think it's really important for us to keep in mind

330

00:17:43,500 --> 00:17:46,980

that someone of this caliber, an MIT grad,

331

00:17:47,000 --> 00:17:49,440

walked on the moon telling us UFOs are real,

332

00:17:49,480 --> 00:17:51,440

I think we need to listen to what he's saying.

333

00:18:01,780 --> 00:18:04,020

I think with multiple eyewitness sightings down south

334

00:18:04,060 --> 00:18:05,760

that I think that that's definitely, you know,

335

00:18:05,800 --> 00:18:07,460

the place we should head next.

336

00:18:07,500 --> 00:18:11,560

Eyewitnesses in the area all seem to describe this glowing orb

337

00:18:11,620 --> 00:18:13,580

that they see flying in the sky.

338

00:18:13,620 --> 00:18:19,320

The thing I saw in the air lit up orange just in a nanosecond

339

00:18:19,360 --> 00:18:21,560

and all of a sudden it was gone.

340

00:18:21,600 --> 00:18:23,700

And now we have a new lead from a man who says

341

00:18:23,740 --> 00:18:25,740

he's not only seen that same thing,

342

00:18:25,760 --> 00:18:27,340

but he's taken photos of it.

343

00:18:29,700 --> 00:18:30,640

We're on camera.

344

00:18:30,680 --> 00:18:32,640

There we are, there's another one right there.

345

00:18:34,680 --> 00:18:35,680

Hi.

346

00:18:35,720 --> 00:18:36,680

Hi guys.

347

00:18:36,720 --> 00:18:37,680

Hello.

348

00:18:37,720 --> 00:18:38,680

Welcome to my home.

349

00:18:38,720 --> 00:18:39,680

Thank you for having us, Erin.

350

00:18:39,800 --> 00:18:42,200

Sergeant Bruno isn't your average eyewitness.

351

00:18:42,240 --> 00:18:44,540

This man is a decorated police officer.

352

00:18:44,580 --> 00:18:46,840

So when someone like that says they saw something,

353

00:18:46,880 --> 00:18:48,540

we jump at the chance to meet with them.

354

00:18:51,540 --> 00:18:53,980

Are you still active in the police force now?

355

00:18:54,020 --> 00:18:55,620

I am, I work for the state.

356

00:18:55,660 --> 00:18:57,720

And I'm retired Infantry Division Compa Team

357

00:18:57,760 --> 00:19:00,420

from 1124 Infantry Compa Division

358

00:19:00,460 --> 00:19:03,660

and the emergency response of National Guard and Army.

359

00:19:03,700 --> 00:19:05,860

I'm very interested to hear more about the Red Orp

360

00:19:05,900 --> 00:19:07,800

because I've actually interviewed military pilots

361

00:19:07,860 --> 00:19:09,420

and regular pilots and civilians

362

00:19:09,460 --> 00:19:11,600

that have seen these Red Orp.

363

00:19:11,620 --> 00:19:13,160

How did it start?

364

00:19:13,200 --> 00:19:15,360

About six o'clock p.m.

365

00:19:15,400 --> 00:19:17,740

I was coming back from a family gathering

366

00:19:17,760 --> 00:19:20,900

and I saw a red object.

367

00:19:22,940 --> 00:19:25,980

Post-hitting in the middle, hovering up and down

368

00:19:26,000 --> 00:19:28,440

right next to the palm tree.

369

00:19:28,480 --> 00:19:31,220

The only thing that I heard was like a sound of a whoosh.

370

00:19:33,680 --> 00:19:36,380

There's no propellers, no antennas.

371

00:19:36,400 --> 00:19:38,140

I couldn't believe my eyes.

372

00:19:38,180 --> 00:19:40,580

So I run back inside and said,

373

00:19:40,600 --> 00:19:41,740

how did it come over here?

374

00:19:41,780 --> 00:19:43,880

My wife was there, take a look at this.

375

00:19:46,680 --> 00:19:52,080

She came out, she saw it too and she couldn't believe.

376

00:19:52,120 --> 00:19:54,520

So she run back inside and got a digital camera

377

00:19:54,560 --> 00:19:57,720

that we have and snapped nine pictures.

378

00:20:01,460 --> 00:20:03,700

And it's a real object because the flash

379

00:20:03,740 --> 00:20:05,360

actually bounced back from it.

380

00:20:07,380 --> 00:20:11,540

If someone like you knows what, you know,

381

00:20:11,580 --> 00:20:14,240

drones look like or knows what, you know,

382

00:20:14,280 --> 00:20:17,480

the vehicles we have, you know, your arsenal.

383

00:20:17,520 --> 00:20:19,880

That's why it caught my attention

384

00:20:19,920 --> 00:20:21,580

and the reason why is because, you know,

385

00:20:21,620 --> 00:20:22,920

our arsenal, we don't have anything

386

00:20:22,960 --> 00:20:24,560

that it's sparse or advanced

387

00:20:24,580 --> 00:20:26,560

that won't do any type of noise.

388

00:20:26,600 --> 00:20:28,820

You wouldn't see any type of propellers

389

00:20:28,860 --> 00:20:31,760

and on top of that, it would actually maneuver the way it did

390

00:20:31,800 --> 00:20:33,160

because it was intelligent.

391

00:20:34,160 --> 00:20:37,620

This thing had capabilities that I've never seen before

392

00:20:37,660 --> 00:20:39,660

at all, on any of the arsenals.

393

00:20:41,820 --> 00:20:43,660

The sighting that you had over here

394

00:20:43,700 --> 00:20:46,660

actually might have left some trace evidence.

395

00:20:46,700 --> 00:20:48,540

The grass itself in one of the patches

396

00:20:48,560 --> 00:20:52,040

was completely burned, but not all the way up to the end.

397

00:20:52,080 --> 00:20:54,240

And the other one was ashy white,

398

00:20:54,280 --> 00:20:56,240

like if you would have bleached it.

399

00:20:58,780 --> 00:21:00,440

The sighting that Sergeant Bruno had

400

00:21:00,480 --> 00:21:02,040

was really unusual to me.

401

00:21:02,040 --> 00:21:05,160

I mean, one, it's rare to be that up close and personal

402

00:21:05,200 --> 00:21:07,160

with an unidentified flying object,

403

00:21:07,200 --> 00:21:09,000

but he also took photos of it.

404

00:21:12,040 --> 00:21:14,840

So my wife came up to here

405

00:21:14,880 --> 00:21:17,540

and snapped pictures right here.

406

00:21:17,580 --> 00:21:20,620

We often associate UFOs to be largely not to be piloted.

407

00:21:20,660 --> 00:21:22,120

That doesn't necessarily discount

408

00:21:22,160 --> 00:21:23,960

what Bruno captured on film.

409

00:21:23,980 --> 00:21:25,960

It could very well be probes from other worlds

410

00:21:26,000 --> 00:21:28,120

sent here to investigate what's happening on Earth,

411

00:21:28,160 --> 00:21:30,620

just like we send probes out to investigate

412

00:21:30,620 --> 00:21:32,240

what's happening on other worlds.

413

00:21:32,280 --> 00:21:33,740

So just because it's small,

414

00:21:33,780 --> 00:21:36,620

it doesn't necessarily discount it for being a bona fide UFO.

415

00:21:39,580 --> 00:21:42,420

As you can see on this picture right here,

416

00:21:42,460 --> 00:21:45,120

there is the object.

417

00:21:45,160 --> 00:21:47,700

There is the northernmost palm tree,

418

00:21:47,740 --> 00:21:50,540

which is the biggest one that is not crooked.

419

00:21:50,580 --> 00:21:53,700

So once we decided to actually flank it

420

00:21:53,740 --> 00:21:55,700

and see what it was,

421

00:21:55,740 --> 00:21:58,240

this thing actually elevated itself

422

00:21:58,240 --> 00:22:01,700

on a 45-degree angle and did a moon shape

423

00:22:01,740 --> 00:22:04,740

when all the way down to across the street,

424

00:22:04,780 --> 00:22:08,740

which is just about 45 to 50 feet

425

00:22:08,780 --> 00:22:11,240

right around here and hovered to this side,

426

00:22:11,280 --> 00:22:12,740

stayed there for about a second

427

00:22:12,780 --> 00:22:15,780

and then bolted up into the sky and disappeared.

428

00:22:15,820 --> 00:22:17,820

Wow.

429

00:22:17,860 --> 00:22:19,860

Yes.

430

00:22:19,900 --> 00:22:22,360

So I'm particularly curious about,

431

00:22:22,400 --> 00:22:24,860

you said there are two spots where you saw

432

00:22:24,900 --> 00:22:27,860

what you think of the physical effects of the UFO.

433

00:22:28,480 --> 00:22:30,480

Do you think there's any evidence of the object

434

00:22:30,520 --> 00:22:32,520

that you saw? Would you be willing to show us those?

435

00:22:32,560 --> 00:22:34,560

Absolutely. You guys follow me.

436

00:22:34,580 --> 00:22:36,120

The great thing about this case

437

00:22:36,160 --> 00:22:38,820

is there's actually potentially multiple types of evidence here.

438

00:22:38,860 --> 00:22:40,860

We've got, on the one hand, photos,

439

00:22:40,900 --> 00:22:42,860

and on the other hand, the possibility

440

00:22:42,900 --> 00:22:44,360

of physical interaction with the ground.

441

00:22:44,400 --> 00:22:45,860

So this is fantastic.

442

00:22:47,100 --> 00:22:50,440

The grass itself, it burned only halfway,

443

00:22:50,480 --> 00:22:53,940

and on the other one was actually ashy all the way down,

444

00:22:53,980 --> 00:22:57,740

which was indicating of control heat.

445

00:22:57,740 --> 00:22:59,740

This one here?

446

00:22:59,760 --> 00:23:01,740

That's one right there. The grass doesn't even grow there anymore.

447

00:23:01,760 --> 00:23:03,740

And this is the other one right here.

448

00:23:03,760 --> 00:23:06,740

This one was actually white, and this one was kind of burnt.

449

00:23:11,740 --> 00:23:13,740

Would you like to do the honors, James?

450

00:23:13,780 --> 00:23:14,740

Love to.

451

00:23:14,780 --> 00:23:16,780

Based on what Bruno described, James and I are going to do a sweep.

452

00:23:16,820 --> 00:23:18,820

We're going to take some soil samples

453

00:23:18,860 --> 00:23:20,820

and do an electromagnetic survey to see if there's any latent

454

00:23:20,860 --> 00:23:23,820

electromagnetic radiation from an interaction with something

455

00:23:23,860 --> 00:23:25,820

and see what we find.

456

00:23:25,820 --> 00:23:28,820

To collect samples, I got a head start on the night investigation.

457

00:23:30,860 --> 00:23:32,860

Sergeant Bruno has given us permission

458

00:23:32,900 --> 00:23:35,860

to use his house tonight to do an investigation.

459

00:23:35,900 --> 00:23:37,860

With the recent sighting in the area,

460

00:23:37,900 --> 00:23:40,860

I wanted as many cameras on the sky as possible.

461

00:23:40,900 --> 00:23:42,860

So I've got infrared cameras and thermal cameras

462

00:23:42,900 --> 00:23:45,860

that I can monitor throughout the night.

463

00:23:45,900 --> 00:23:48,860

I'm hoping that we can capture whatever it is these people are seeing.

464

00:23:55,860 --> 00:23:58,860

This is how an astronomer does surveillance.

465

00:23:58,900 --> 00:24:01,860

With a telescope tripod.

466

00:24:01,900 --> 00:24:05,860

It's all right about...

467

00:24:05,900 --> 00:24:07,860

I think this is pretty good.

468

00:24:09,900 --> 00:24:11,900

See, check it out.

469

00:24:11,940 --> 00:24:13,900

Oh, I'm interested in it right now.

470

00:24:16,900 --> 00:24:18,900

Call those dust particles he's picking up.

471

00:24:18,940 --> 00:24:20,900

I think those are bugs, James.

472

00:24:20,940 --> 00:24:22,900

Bugs, get out of here.

473

00:24:22,900 --> 00:24:24,940

No way. Those are zillions of those.

474

00:24:24,980 --> 00:24:26,940

It's got to be dust. You went to be dust, man.

475

00:24:26,980 --> 00:24:28,940

Look how many those are.

476

00:24:28,980 --> 00:24:31,940

I know. It's kind of scary, huh?

477

00:24:31,980 --> 00:24:34,940

Ratter, ratter. This has been in James's due copy.

478

00:24:34,980 --> 00:24:37,940

I have to write her.

479

00:24:37,980 --> 00:24:40,940

We've set up a surveillance camera on the telescope tripod,

480

00:24:40,980 --> 00:24:42,940

and I think we're prepped here,

481

00:24:42,980 --> 00:24:44,940

so we're going to move out on foot.

482

00:24:44,980 --> 00:24:46,940

All right, copy. That sounds good.

483

00:24:46,980 --> 00:24:50,980

It looks like...

484

00:24:51,020 --> 00:24:55,020

It looks like white orbs were just flying through the screen right here.

485

00:24:55,060 --> 00:24:59,020

But not like this, not like the dust, you know, and the humidity.

486

00:24:59,060 --> 00:25:02,020

It looked like something different.

487

00:25:02,060 --> 00:25:05,020

Oh, that's weird.

488

00:25:05,060 --> 00:25:08,020

Hey, guys, I'm going to go get some water.

489

00:25:08,060 --> 00:25:10,020

I'm going to get some water.

490

00:25:10,060 --> 00:25:12,020

I'm going to get some water.

491

00:25:12,060 --> 00:25:14,020

I'm going to get some water.

492

00:25:14,100 --> 00:25:16,100

That's weird.

493

00:25:16,140 --> 00:25:20,100

Hey, guys, are you seeing anything in the sky to the east,

494

00:25:20,140 --> 00:25:22,100

just behind my van?

495

00:25:24,140 --> 00:25:26,140

Yeah, Ratter, we're looking east.

496

00:25:26,180 --> 00:25:28,140

I don't really see anything right now.

497

00:25:28,180 --> 00:25:30,140

Do you see that?

498

00:25:30,180 --> 00:25:32,140

Come on, guys. Tell me you guys see that.

499

00:25:32,180 --> 00:25:35,140

Right now? I've got nothing. I'm looking right at it.

500

00:25:35,180 --> 00:25:37,140

Are you kidding me?

501

00:25:37,180 --> 00:25:40,140

Like, are you kidding me?

502

00:25:40,180 --> 00:25:43,140

It's there. It's there, and it's steady.

503

00:25:43,140 --> 00:25:46,260

I mean, I don't know what it is.

504

00:25:46,300 --> 00:25:48,260

What am I looking at?

505

00:25:48,300 --> 00:25:51,260

Okay, it's further. It's much further.

506

00:25:51,300 --> 00:25:53,260

It's much further east out.

507

00:25:55,300 --> 00:25:58,260

Oh, my God. Like, are you kidding me?

508

00:25:58,300 --> 00:26:01,260

What the f*** is that?

509

00:26:05,260 --> 00:26:07,260

Look, see that? See how that one's moving up there?

510

00:26:07,300 --> 00:26:09,260

Look how that one's moving right now.

511

00:26:09,300 --> 00:26:11,260

Well, maybe it's something else. I don't know for sure.

512

00:26:11,260 --> 00:26:13,260

It's an identity. I don't know what it is.

513

00:26:13,300 --> 00:26:15,300

That's kind of what it means.

514

00:26:20,340 --> 00:26:22,340

Do you see that?

515

00:26:24,380 --> 00:26:26,260

Come on, guys. Tell me you guys see that.

516

00:26:26,300 --> 00:26:29,260

Right now? I've got nothing. I'm looking right at it.

517

00:26:29,300 --> 00:26:32,340

Are you kidding me?

518

00:26:32,380 --> 00:26:34,260

Like, are you kidding me?

519

00:26:34,300 --> 00:26:37,260

It's there. It's there, and it's steady.

520

00:26:37,300 --> 00:26:40,460

Maybe... I mean, I don't know what it is.

521

00:26:40,460 --> 00:26:41,300

I don't know what it is.

522

00:26:41,300 --> 00:26:43,620

It's now static and it's gone.

523

00:26:43,620 --> 00:26:44,980

What am I looking at?

524

00:26:44,980 --> 00:26:45,820

Oh my god.

525

00:26:45,820 --> 00:26:46,820

OK, it's further.

526

00:26:46,820 --> 00:26:48,220

It's much further.

527

00:26:48,220 --> 00:26:49,740

It's much further east now.

528

00:26:52,580 --> 00:26:53,660

Oh my god.

529

00:26:53,660 --> 00:26:56,460

Like, are you kidding me?

530

00:26:56,460 --> 00:26:57,460

What the f**k is that?

531

00:27:01,580 --> 00:27:03,220

You guys, get here into the van.

532

00:27:03,220 --> 00:27:05,100

Just get into the van right now.

533

00:27:05,100 --> 00:27:05,980

James, come on.

534

00:27:11,180 --> 00:27:11,780

What are you doing?

535

00:27:11,780 --> 00:27:12,740

I just, I'm here.

536

00:27:12,740 --> 00:27:13,820

OK.

537

00:27:13,820 --> 00:27:16,100

I'm telling you, you're going to lose your mind when you see this.

538

00:27:16,100 --> 00:27:17,140

You're going to lose your mind.

539

00:27:17,140 --> 00:27:17,740

Watch.

540

00:27:17,740 --> 00:27:18,740

I want to show you the plane.

541

00:27:18,740 --> 00:27:19,980

Watch this.

542

00:27:19,980 --> 00:27:22,140

This is the craziest thing I've ever seen in my life.

543

00:27:22,140 --> 00:27:24,460

This is a plane I'm watching.

544

00:27:24,460 --> 00:27:26,340

Easily recognizable, it's a plane.

545

00:27:26,340 --> 00:27:28,300

Look at how they're on target.

546

00:27:28,300 --> 00:27:28,780

OK?

547

00:27:33,260 --> 00:27:33,740

What?

548

00:27:37,300 --> 00:27:38,580

What?

549

00:27:38,580 --> 00:27:39,620

It's gone.

550

00:27:39,620 --> 00:27:41,180

It's gone.

551

00:27:41,180 --> 00:27:41,740

OK?

552

00:27:41,740 --> 00:27:43,380

I'm going to go back further.

553

00:27:43,380 --> 00:27:43,980

That.

554

00:27:43,980 --> 00:27:45,380

What is that?

555

00:27:45,380 --> 00:27:46,700

Look at it.

556

00:27:46,700 --> 00:27:48,540

I can't believe that.

557

00:27:48,540 --> 00:27:51,060

I'm winding right now.

558

00:27:51,060 --> 00:27:52,420

OK?

559

00:27:52,420 --> 00:27:54,380

Keep your eyes on that, because you guys do not

560

00:27:54,380 --> 00:27:55,380

see that when you're out there.

561

00:27:59,700 --> 00:28:01,860

What the f**k?

562

00:28:01,860 --> 00:28:02,620

That's insane.

563

00:28:02,620 --> 00:28:03,620

I had goosebumps.

564

00:28:03,620 --> 00:28:05,820

That's insane.

565

00:28:05,820 --> 00:28:07,220

Whoa.

566

00:28:07,220 --> 00:28:09,260

That's incredible.

567

00:28:09,300 --> 00:28:13,820

Just the timing, the way it blinked out, the way it came back.

568

00:28:13,820 --> 00:28:15,780

I've never seen anything like that before on an infrared

569

00:28:15,780 --> 00:28:16,280

camera.

570

00:28:16,280 --> 00:28:17,780

I really haven't.

571

00:28:39,260 --> 00:28:41,980

OK, we just saw something truly unconventional.

572

00:28:41,980 --> 00:28:45,300

For me, that's the first time that I've been able to say,

573

00:28:45,300 --> 00:28:48,900

wow, that's, that was fascinating.

574

00:28:48,900 --> 00:28:53,260

Last night, I captured something that defies belief.

575

00:28:53,260 --> 00:28:56,180

Right before my eyes, I'm watching something,

576

00:28:56,180 --> 00:28:59,220

and then it just disappears.

577

00:28:59,220 --> 00:29:01,820

And what's really strange to me is just how similar it

578

00:29:01,820 --> 00:29:05,220

is to what everyone else has reported seeing in the skies.

579

00:29:05,220 --> 00:29:06,380

I mean, I'm shocked.

580

00:29:10,220 --> 00:29:12,780

Best I could tell, that object that I saw last night

581

00:29:12,780 --> 00:29:15,380

was in or around the Everglades.

582

00:29:15,380 --> 00:29:18,340

And I want to talk to somebody who knows that area like the back

583

00:29:18,340 --> 00:29:19,020

of their hand.

584

00:29:22,020 --> 00:29:25,380

You know, I think while we're down here in the Everglades,

585

00:29:25,380 --> 00:29:28,260

you know, we should definitely contact Johnny Cobbler.

586

00:29:28,260 --> 00:29:32,060

He's a guy that I've heard his name over and over again

587

00:29:32,060 --> 00:29:33,980

when it comes to UFOs.

588

00:29:33,980 --> 00:29:36,340

He seems to be a guy that's collecting these stories

589

00:29:36,340 --> 00:29:38,020

on his own personally.

590

00:29:38,060 --> 00:29:40,460

We're going to speak with Johnny Cobbler, a man that's not

591

00:29:40,460 --> 00:29:44,580

only a UFO researcher, he's also an alligator hunter.

592

00:29:56,020 --> 00:29:56,940

Hey.

593

00:29:56,940 --> 00:29:57,940

Hey.

594

00:29:57,940 --> 00:29:59,340

How are you?

595

00:29:59,340 --> 00:30:00,380

I'm good.

596

00:30:00,380 --> 00:30:02,340

Bicious.

597

00:30:02,340 --> 00:30:04,580

I don't know that bad.

598

00:30:04,580 --> 00:30:07,980

Well, we've come down all this way,

599

00:30:07,980 --> 00:30:10,220

because we've heard that there have been some strange sightings

600

00:30:10,220 --> 00:30:10,820

in the area.

601

00:30:10,820 --> 00:30:12,660

And we heard that you might have actually

602

00:30:12,660 --> 00:30:14,100

had a sighting yourself.

603

00:30:14,100 --> 00:30:18,100

Yeah, I saw a bunch of crazy stuff down here.

604

00:30:18,100 --> 00:30:22,900

Saw a glowing fireball, what looked like a glowing fireball.

605

00:30:22,900 --> 00:30:24,820

It looked like a comet, like another sun,

606

00:30:24,820 --> 00:30:27,100

coming entering through the atmosphere.

607

00:30:27,100 --> 00:30:30,780

Like coming from outer space, getting brighter as it got closer.

608

00:30:30,780 --> 00:30:32,660

lit up the whole entire sky.

609

00:30:32,660 --> 00:30:33,060

Really?

610

00:30:33,060 --> 00:30:33,700

Orangey colored?

611

00:30:33,700 --> 00:30:34,540

Yeah, orange.

612

00:30:34,540 --> 00:30:35,540

Like an orangey red.

613

00:30:35,580 --> 00:30:38,620

Looked like a bubble with fire.

614

00:30:38,620 --> 00:30:41,860

And then it split up into lights, separate lights.

615

00:30:41,860 --> 00:30:44,180

Orange lights.

616

00:30:44,180 --> 00:30:49,060

And then it just slowly went over the horizon.

617

00:30:49,060 --> 00:30:51,060

I'm not quite sure what to make of Johnny Cobbler yet.

618

00:30:51,060 --> 00:30:53,500

And some of the details are a little hard to extract

619

00:30:53,500 --> 00:30:56,820

from this story, but he's very adamant that something happened

620

00:30:56,820 --> 00:30:57,740

at the Everglades.

621

00:30:57,740 --> 00:30:59,820

And I think it could have been a meteor sighting.

622

00:30:59,820 --> 00:31:02,420

One person described it as another sun coming

623

00:31:02,420 --> 00:31:04,900

entering through the atmosphere.

624

00:31:04,900 --> 00:31:08,420

I would like to remind Ben that just because we can't explain it

625

00:31:08,420 --> 00:31:10,580

scientifically, in today's technologies,

626

00:31:10,580 --> 00:31:12,340

it doesn't mean it's not happening.

627

00:31:12,340 --> 00:31:14,300

I wonder in my mind how many times

628

00:31:14,300 --> 00:31:17,540

it would take Ben to listen to different testimonies

629

00:31:17,540 --> 00:31:19,660

from people of all walks of life before he

630

00:31:19,660 --> 00:31:23,140

concludes that something truly inexplicable is taking place.

631

00:31:23,140 --> 00:31:25,860

Well, what do you say to people that

632

00:31:25,860 --> 00:31:28,660

say that that's swamp gas, that what you're seeing

633

00:31:28,660 --> 00:31:30,300

is actually a natural occurrence?

634

00:31:30,300 --> 00:31:32,180

A lot of times you look up in the sky,

635

00:31:32,180 --> 00:31:36,220

and then if you see a bunch of lights sitting there that

636

00:31:36,220 --> 00:31:39,220

are out of the ordinary, you're going to watch them for a second.

637

00:31:39,220 --> 00:31:42,700

And if they start moving around, it's not swamp gas.

638

00:31:42,700 --> 00:31:44,620

We'd love to try to collect some evidence

639

00:31:44,620 --> 00:31:46,180

to prove one way or another.

640

00:31:46,180 --> 00:31:48,060

Would you help us get out to the Everglades

641

00:31:48,060 --> 00:31:49,060

to one of the sighting spots?

642

00:31:55,220 --> 00:31:57,380

Johnny's taking us out into the Everglades

643

00:31:57,380 --> 00:31:59,900

to where he's had his most recent encounter.

644

00:31:59,900 --> 00:32:01,980

Because a location is so remote, we're

645

00:32:02,020 --> 00:32:04,020

going to have to take alternate transportation.

646

00:32:04,020 --> 00:32:30,020

MUSIC

647

00:32:30,020 --> 00:32:32,500

All right, let's regroup and see what we're going to do.

648

00:32:32,500 --> 00:32:33,500

Yeah.

649

00:32:34,980 --> 00:32:37,460

So what was that one time you saw the UFO

650

00:32:37,460 --> 00:32:39,300

get off to the east from here?

651

00:32:39,300 --> 00:32:43,660

A lot of the lights are just like in this whole area here.

652

00:32:43,660 --> 00:32:46,100

Well, I think, you know, we obviously

653

00:32:46,100 --> 00:32:48,860

have a large area to cover.

654

00:32:48,860 --> 00:32:51,060

Why don't we divide and conquer?

655

00:32:51,060 --> 00:32:54,580

You and James, head on in, do some sampling.

656

00:32:54,580 --> 00:32:57,500

I'll stay with the safety of the boat and the alligator

657

00:32:57,500 --> 00:32:58,220

wrangler.

658

00:32:58,220 --> 00:32:58,820

Sounds good.

659

00:32:58,820 --> 00:32:59,940

Yeah, sounds real fair.

660

00:32:59,940 --> 00:33:01,340

Yeah, no, that's OK.

661

00:33:01,340 --> 00:33:02,980

Though you think it's the alligator wrangler that

662

00:33:02,980 --> 00:33:04,300

should be getting out of the boat?

663

00:33:04,300 --> 00:33:05,100

Ha ha ha.

664

00:33:08,100 --> 00:33:10,100

Well, keep us prized, you know, your status,

665

00:33:10,100 --> 00:33:11,380

and then we'll do the same.

666

00:33:11,380 --> 00:33:12,180

All right, good luck.

667

00:33:12,180 --> 00:33:13,580

OK, cool.

668

00:33:13,580 --> 00:33:14,700

After you, sir.

669

00:33:14,700 --> 00:33:15,700

Thank you, sir.

670

00:33:15,700 --> 00:33:17,900

Oh, man, this is heavy.

671

00:33:17,900 --> 00:33:19,900

Good luck, guys.

672

00:33:19,900 --> 00:33:20,780

Snake's throughout tonight.

673

00:33:20,780 --> 00:33:21,780

OK.

674

00:33:40,780 --> 00:33:42,780

Good jump out here and check it out.

675

00:33:42,780 --> 00:33:43,780

Yeah.

676

00:33:43,780 --> 00:33:46,780

What do I have to worry about in this high grass right here?

677

00:33:46,780 --> 00:33:49,780

Well, a lot of stuff, alligator snakes,

678

00:33:49,780 --> 00:33:50,780

crocodiles, caimans.

679

00:33:53,780 --> 00:33:55,780

I just can't see anything.

680

00:33:55,780 --> 00:33:56,780

It's dark.

681

00:33:56,780 --> 00:33:58,780

Man, there's some mosquitoes out here.

682

00:33:58,780 --> 00:33:59,780

You're not kidding.

683

00:33:59,780 --> 00:34:02,780

Hey, yeah, apparently there's pythons in here,

684

00:34:02,780 --> 00:34:04,780

so we've got to really be careful.

685

00:34:04,780 --> 00:34:06,780

Yeah, the life is inallocate.

686

00:34:06,780 --> 00:34:07,780

Yeah, we're not going to push it.

687

00:34:14,780 --> 00:34:15,780

Oh.

688

00:34:15,780 --> 00:34:16,780

Whoa.

689

00:34:16,780 --> 00:34:17,780

Something just jumped.

690

00:34:19,780 --> 00:34:21,780

It was just a small mosquito.

691

00:34:21,780 --> 00:34:25,780

It's mushrooms for an artillery or not.

692

00:34:46,780 --> 00:34:47,780

You think this is very fat?

693

00:34:47,780 --> 00:34:54,780

Yeah, there's pythons in here, so we gotta really get it.

694

00:34:54,780 --> 00:34:55,780

Yeah, what?

695

00:34:55,780 --> 00:34:56,780

There's an ant out here.

696

00:34:56,780 --> 00:34:57,780

Yeah, we're not gonna push it.

697

00:34:57,780 --> 00:34:58,780

Whoa.

698

00:34:58,780 --> 00:34:59,780

Sorry.

699

00:34:59,780 --> 00:35:00,780

Sorry.

700

00:35:00,780 --> 00:35:01,780

Sorry.

701

00:35:01,780 --> 00:35:02,780

Sorry.

702

00:35:02,780 --> 00:35:03,780

Sorry.

703

00:35:03,780 --> 00:35:04,780

Sorry.

704

00:35:04,780 --> 00:35:05,780

Sorry.

705

00:35:05,780 --> 00:35:06,780

Sorry.

706

00:35:06,780 --> 00:35:07,780

Sorry.

707

00:35:07,780 --> 00:35:08,780

Sorry.

708

00:35:08,780 --> 00:35:09,780

Sorry.

709

00:35:09,780 --> 00:35:10,780

Sorry.

710

00:35:10,780 --> 00:35:11,780

Sorry.

711

00:35:11,780 --> 00:35:12,780

Sorry.

712

00:35:12,780 --> 00:35:13,780

Sorry.

713

00:35:13,780 --> 00:35:14,780

Sorry.

714

00:35:14,780 --> 00:35:15,780

Sorry.

715

00:35:15,780 --> 00:35:16,780

Sorry.

716

00:35:17,780 --> 00:35:18,780

Okay, you're ■, are you okay?

717

00:35:18,780 --> 00:35:19,780

Yeah.

718

00:35:19,780 --> 00:35:20,780

Let's see, let's see.

719

00:35:20,780 --> 00:35:23,440

Right, right here, this has been, hearing James start jumping.

720

00:35:23,440 --> 00:35:25,040

There was something jumping in front of him while we were forwarding.

721

00:35:27,760 --> 00:35:29,740

Brother, if you've handle any trouble, let us know.

722

00:35:29,740 --> 00:35:31,380

We will swing back for ya right away.

723

00:35:31,380 --> 00:35:38,740

I think copied, I think we're gonna say some distance between us and the location over.

724

00:35:38,740 --> 00:35:45,460

Let's pull a little distance and go to c■ richest in populated state.

725

00:35:45,460 --> 00:35:46,700

Oh.

726

00:35:46,700 --> 00:35:49,700

All right, let's keep moving.

727

00:35:54,700 --> 00:35:59,700

We can go a little bit further, maybe just to the edge over here.

728

00:36:04,700 --> 00:36:06,700

Get a little thick.

729

00:36:06,700 --> 00:36:07,700

Yeah, it is.

730

00:36:07,700 --> 00:36:09,700

Yeah, what is happening there?

731

00:36:11,700 --> 00:36:13,700

You saw something.

732

00:36:14,700 --> 00:36:16,700

See back over there?

733

00:36:16,700 --> 00:36:18,700

Now watch the flashing.

734

00:36:18,700 --> 00:36:20,700

See what we're talking about, right?

735

00:36:22,700 --> 00:36:24,700

I can barely see it.

736

00:36:24,700 --> 00:36:26,700

You see like the red?

737

00:36:26,700 --> 00:36:29,700

It could have been coming directly at us.

738

00:36:29,700 --> 00:36:33,700

A lot of times I don't give the effect of it not moving.

739

00:36:33,700 --> 00:36:35,700

Rider for Ben and James.

740

00:36:35,700 --> 00:36:38,700

Rider, this is Ben, go ahead.

741

00:36:39,700 --> 00:36:41,700

Really strange.

742

00:36:41,700 --> 00:36:43,700

Flash of white light in the sky.

743

00:36:43,700 --> 00:36:45,700

Oh, Jesus.

744

00:36:47,700 --> 00:36:51,700

Hey James, what's that right there?

745

00:36:53,700 --> 00:36:55,700

That flashing white light?

746

00:36:58,700 --> 00:37:00,700

Is it an orb?

747

00:37:02,700 --> 00:37:04,700

Ben, that one light is gone.

748

00:37:05,700 --> 00:37:07,700

Rider for Ben and James.

749

00:37:07,700 --> 00:37:10,700

We just looked up in the sky and noticed that the object's gone.

750

00:37:10,700 --> 00:37:12,700

Do you guys see where it went?

751

00:37:12,700 --> 00:37:14,700

Yeah, copy that, Rider.

752

00:37:14,700 --> 00:37:17,700

We were watching it and it looked like it just faded away.

753

00:37:18,700 --> 00:37:21,700

James, did you think it disappeared?

754

00:37:21,700 --> 00:37:23,700

What? Dude, look at it.

755

00:37:23,700 --> 00:37:28,700

With the binoculars and it was, you know, I mean it could have been through atmospheric stuff.

756

00:37:28,700 --> 00:37:30,700

But Ben thought it was a flying saucer.

757

00:37:30,700 --> 00:37:32,700

I told him not to jump at conclusions.

758

00:37:32,700 --> 00:37:35,700

Ben's always jumping at conclusions.

759

00:37:38,700 --> 00:37:43,700

Oh, shh, shh, shh.

760

00:37:50,700 --> 00:37:52,700

Did you hear that?

761

00:37:56,700 --> 00:37:57,700

Rider, this is James.

762

00:37:57,700 --> 00:38:00,700

Why do you feel about coming and scooping us up and calling it a night?

763

00:38:00,700 --> 00:38:03,700

Copy that. We'll be there as soon as we can.

764

00:38:08,700 --> 00:38:11,700

Oh, what was that?

765

00:38:13,700 --> 00:38:15,700

There's something in the brush over here.

766

00:38:15,700 --> 00:38:17,700

Just watch out for the gator holes.

767

00:38:17,700 --> 00:38:19,700

Oh, my God. Why did you just say that?

768

00:38:19,700 --> 00:38:21,700

See the trail?

769

00:38:23,700 --> 00:38:26,700

Oh, there's a gator. A little hatchling.

770

00:38:29,700 --> 00:38:32,700

If there's a baby one, does that mean mom's around here?

771

00:38:32,700 --> 00:38:34,700

Looks likely.

772

00:38:35,700 --> 00:38:37,700

Rider.

773

00:38:39,700 --> 00:38:42,700

It's Ben and James. We're marooned out of here.

774

00:38:42,700 --> 00:38:48,700

I think we've got pythons behind us and alligators in front of us and skeetos all around us.

775

00:38:50,700 --> 00:38:53,700

You can't see these gators. I'm looking them dead in the eye.

776

00:38:53,700 --> 00:38:56,700

There's another one. See one the other side?

777

00:38:57,700 --> 00:38:59,700

No, I'm completely surrounded.

778

00:38:59,700 --> 00:39:02,700

100% surrounded by gators right now.

779

00:39:02,700 --> 00:39:07,700

And it's scary. It's like a whole bunch of glowing eyes just staring at you from the water.

780

00:39:10,700 --> 00:39:15,700

No, I know. This is always the part of the horror movie where something jumps out.

781

00:39:21,700 --> 00:39:23,700

Mom is coming closer.

782

00:39:24,700 --> 00:39:26,700

The mom is on the move.

783

00:39:26,700 --> 00:39:30,700

I mean, I'm staring this thing right in the eyes right now and I've watched her move.

784

00:39:30,700 --> 00:39:33,700

Probably about 100 feet towards us.

785

00:39:40,700 --> 00:39:42,700

Oh my god, it's coming right at me.

786

00:39:42,700 --> 00:39:44,700

Oh my god.

787

00:39:44,700 --> 00:39:50,700

It's real. They're here. It's real. They're here. It's real.

788

00:39:50,700 --> 00:39:52,700

It's real.

789

00:39:58,700 --> 00:40:00,700

Mom is coming closer.

790

00:40:00,700 --> 00:40:02,700

The mom is on the move.

791

00:40:03,700 --> 00:40:07,700

I'm staring this thing right in the eyes right now and I've watched her move.

792

00:40:07,700 --> 00:40:10,700

Probably about 100 feet towards us.

793

00:40:15,700 --> 00:40:17,700

Alright, alright, alright.

794

00:40:17,700 --> 00:40:21,700

Right here at the pen and chains. We were requesting extraction immediately.

795

00:40:21,700 --> 00:40:26,700

I don't know if you can hear any weird **** but we are definitely ready for extraction.

796

00:40:26,700 --> 00:40:29,700

Alright, copy that. We're on our way.

797

00:40:30,700 --> 00:40:32,700

That's nice.

798

00:40:43,700 --> 00:40:45,700

I hope we can find him out here right quick.

799

00:40:45,700 --> 00:40:48,700

Oh my god, I don't even see him.

800

00:40:50,700 --> 00:40:55,700

Alright, the hair is in the back of my retina starting to stand up because I can't see anything around me.

801

00:40:55,700 --> 00:41:00,700

The sooner I get out of here, the better I'll feel too man. Tell me about it.

802

00:41:02,700 --> 00:41:05,700

Oh my god, I didn't hear that.

803

00:41:05,700 --> 00:41:07,700

This is crazy.

804

00:41:08,700 --> 00:41:14,700

Let me out to the left.

805

00:41:14,700 --> 00:41:16,700

Let me out to the left.

806

00:41:22,700 --> 00:41:26,700

That's good. That's good. Right there.

807

00:41:26,700 --> 00:41:29,700

That's good. We can load up like that. What are you guys doing?

808

00:41:29,700 --> 00:41:32,700

We happen to see you guys. Let me tell you.

809

00:41:32,700 --> 00:41:35,700

Alright, we're on our way to the left.

810

00:41:35,700 --> 00:41:43,700

Being out in the Everglades was a little dicey but we ended up with video footage plus all 10 digits.

811

00:41:43,700 --> 00:41:50,700

We headed west back to our offices to analyze all the evidence we collected in Florida.

812

00:41:50,700 --> 00:41:56,700

I think Florida was an interesting investigation. Took a lot of turns that I wasn't expecting.

813

00:41:56,700 --> 00:42:01,700

So right here, this is the actual video that brought us to Florida. This is from the space shuttle endeavor.

814

00:42:01,700 --> 00:42:05,700

What people say is that there are actual sightings around these launches.

815

00:42:05,700 --> 00:42:10,700

If there were extraterrestrials out there, I do think our space activities would be something that they'd be interested in.

816

00:42:10,700 --> 00:42:13,700

It's certainly what we would be interested in if we were visiting other worlds.

817

00:42:13,700 --> 00:42:18,700

It sure isn't hanging around if it's really taken a look. That thing is screaming by.

818

00:42:18,700 --> 00:42:27,700

If you really take a look at the video, you can see that the object is actually in between the camera and the plume behind the space shuttle.

819

00:42:27,700 --> 00:42:33,700

I mean, it's just a split second but the pixels darken when it's in front and then lighten up again as though it's moved past.

820

00:42:33,700 --> 00:42:38,700

So I think you happen to catch a very interesting shot of a bug.

821

00:42:41,700 --> 00:42:46,700

What I'd love to look at again is that video that I took when I was in the surveillance van at Bruno's house.

822

00:42:46,700 --> 00:42:49,700

Oh my God, what is that?

823

00:42:49,700 --> 00:42:55,700

It looks like two planes potentially colliding in front of me and then one disappears.

824

00:42:55,700 --> 00:42:57,700

It just blinks out, right?

825

00:42:57,700 --> 00:42:59,700

Just blinks right out.

826

00:42:59,700 --> 00:43:01,700

Well, you guys want to see because I think I figured out what it is.

827

00:43:01,700 --> 00:43:03,700

Okay, so there you guys are in frame right here.

828

00:43:03,700 --> 00:43:17,700

And if you watch the relationship of us with the infrared lights that are on the night cameras that we're using as we turn and as we move, it blinks out right when you walk in front of the camera.

829

00:43:17,700 --> 00:43:24,700

And the way that it appears to move is directly tied to our camera's location.

830

00:43:24,700 --> 00:43:34,700

So you're telling me that what I'm seeing here is a reflection off your infrared cameras and James steps in front of it and that's why it disappears.

831

00:43:34,700 --> 00:43:41,700

I legitimately think that what I captured is an object, not a reflection, and that bends just jealous.

832

00:43:41,700 --> 00:43:48,700

Sergeant Bruno, he captured what he believes is a red orb.

833

00:43:48,700 --> 00:43:53,700

He says that this was some sort of an unmanned drone that he saw in his front yard.

834

00:43:53,700 --> 00:43:58,700

This thing had capabilities that I've never seen before at all.

835

00:43:58,700 --> 00:44:03,700

And he believes that it actually left some sort of a burn mark in the ground.

836

00:44:03,700 --> 00:44:04,700

Yep.

837

00:44:04,700 --> 00:44:09,700

Well, these are the results from the cell sample we took from Sergeant Bruno's house from the alleged burn location.

838

00:44:09,700 --> 00:44:10,700

Right.

839

00:44:10,700 --> 00:44:14,700

So you can see it all looks fairly conventional.

840

00:44:14,700 --> 00:44:22,700

So we saw a lot of interesting things in Florida, but it's going to take a lot more than what we've seen to convince me that we're being visited by alien drones.

841

00:44:22,700 --> 00:44:27,700

And what people were seeing in that area, you know, I think was interesting, they were seeing orbs, right?

842

00:44:27,700 --> 00:44:31,700

That was what the theme through Florida was, these orbs, potentially these unmanned drones.

843

00:44:31,700 --> 00:44:34,700

So what is being seen over Florida?

844

00:44:34,700 --> 00:44:36,700

I mean, I don't think it's swamp gas.

845

00:44:36,700 --> 00:44:37,700

I mean, that's for damn sure.

846

00:44:37,700 --> 00:44:43,700

You know, I've investigated UFO sightings for a long time and I've heard stories of these orbs.

847

00:44:43,700 --> 00:44:53,700

After having met with witnesses, seen some very impressive photographs and video footage, I'm convinced that there are probes over the state of Florida, most likely from another world.
