

1

00:00:00,000 --> 00:00:07,000

Hidden power, secrets, cover-ups, corruption.

2

00:00:07,000 --> 00:00:12,000

You think you know the whole story?

3

00:00:12,000 --> 00:00:14,000

Think again.

4

00:00:14,000 --> 00:00:22,000

I've been governor, a Navy SEAL, a fighter.

5

00:00:22,000 --> 00:00:25,000

I've heard things that'll blow your mind,

6

00:00:25,000 --> 00:00:29,000

and now I think it's time you get the whole story.

7

00:00:29,000 --> 00:00:32,000

Now, the sleeper assassins.

8

00:00:32,000 --> 00:00:37,000

A government plot to turn ordinary citizens into programmed killers.

9

00:00:37,000 --> 00:00:41,000

This is a real thing, not just science fiction.

10

00:00:41,000 --> 00:00:45,000

Plucked from the crowd, subjected to mind control,

11

00:00:45,000 --> 00:00:50,000

tortured and turned into ticking time bombs who kill on command.

12

00:00:50,000 --> 00:00:57,000

You can take control over somebody's mind to the point where they essentially are your robot.

13

00:00:57,000 --> 00:01:02,000

They don't know when they'll strike, and when they do, they won't remember.

14

00:01:02,000 --> 00:01:05,000

Their memory is completely wiped out permanently.

15

00:01:05,000 --> 00:01:10,000

Jesse Ventura and his conspiracy team infiltrate the government's hair-trigger conspiracy,

16

00:01:10,000 --> 00:01:14,000

and Jesse goes face-to-face with one of the killers.

17

00:01:14,000 --> 00:01:19,000

This is bizarre, to say the least, because beyond bizarre.

18

00:01:19,000 --> 00:01:24,000

They call them Manchurian candidates, super soldiers.

19

00:01:24,000 --> 00:01:29,000

The government's real-life predators.

20

00:01:29,000 --> 00:01:34,000

I'm Jesse Ventura, a Mrs. Conspiracy Theory.

21

00:01:40,000 --> 00:01:46,000

A downtown parking garage, a showdown between two warriors,

22

00:01:46,000 --> 00:01:52,000

former Navy SEAL Jesse Ventura, and a self-professed government assassin.

23

00:01:52,000 --> 00:01:57,000

I was never told why, just that's a target, eliminate.

24

00:01:57,000 --> 00:02:02,000

Jesse Ventura knows what it's like to confront an enemy on the battlefield.

25

00:02:02,000 --> 00:02:05,000

But what has he walked into now?

26

00:02:05,000 --> 00:02:06,000

Have you killed people?

27

00:02:06,000 --> 00:02:07,000

I have.

28

00:02:07,000 --> 00:02:09,000

Am I in danger now?

29

00:02:09,000 --> 00:02:14,000

He's about to find out, and he's ready for action.

30

00:02:15,000 --> 00:02:21,000

There I was, looking into the eyes of a man who said he was a programmed killer.

31

00:02:21,000 --> 00:02:24,000

A killer for our government.

32

00:02:24,000 --> 00:02:27,000

And you want to know the strangest part?

33

00:02:27,000 --> 00:02:32,000

After all we'd uncovered, his story didn't seem so strange at all.

34

00:02:35,000 --> 00:02:39,000

It all began when we got a call from a law professor,

35

00:02:39,000 --> 00:02:44,000

who said he'd gotten his hands on some declassified CIA papers.

36

00:02:49,000 --> 00:02:51,000

We're talking about mind control.

37

00:02:51,000 --> 00:02:52,000

Right.

38

00:02:52,000 --> 00:02:57,000

Who are the people who are the victims, who are the people who are the perpetrators.

39

00:02:57,000 --> 00:03:05,000

Mind control as an ability to take over somebody else's mind is not science fiction.

40

00:03:05,000 --> 00:03:07,000

It is possible.

41

00:03:07,000 --> 00:03:11,000

Alan Shafferlin is more than a top legal scholar.

42

00:03:11,000 --> 00:03:15,000

He's the award winning author of books like The Mind Manipulators,

43

00:03:15,000 --> 00:03:18,000

a courtroom expert on mind control.

44

00:03:18,000 --> 00:03:25,000

He sought out Jesse Ventura because his research indicates the CIA is creating a new kind of weapon.

45

00:03:26,000 --> 00:03:30,000

I think that the government is still in a mind control business.

46

00:03:31,000 --> 00:03:35,000

Now I'm familiar with back in the 50s, nearly 60s,

47

00:03:35,000 --> 00:03:37,000

what they always term MK Ultra.

48

00:03:37,000 --> 00:03:39,000

Is that part of this?

49

00:03:39,000 --> 00:03:41,000

Well they're all related.

50

00:03:41,000 --> 00:03:42,000

They're all related.

51

00:03:42,000 --> 00:03:45,000

Yeah, I mean they had interaction with all the different agencies,

52

00:03:45,000 --> 00:03:48,000

and they're all part of mind and behavior control experiments.

53

00:03:48,000 --> 00:03:50,000

That we certainly can prove.

54

00:03:50,000 --> 00:03:52,000

And the agencies don't deny that they did that.

55

00:03:55,000 --> 00:03:59,000

Would these techniques ultimately lead to Manchurian candidates

56

00:03:59,000 --> 00:04:04,000

that we've all heard about, people who are more or less hypnotized,

57

00:04:04,000 --> 00:04:12,000

programmed, robotic, who would go out and do a political assassination or things of that nature?

58

00:04:12,000 --> 00:04:17,000

The Manchurian candidate, the label for the brainwashed assassin,

59

00:04:17,000 --> 00:04:20,000

entered popular culture through a novel and two movies.

60

00:04:20,000 --> 00:04:23,000

Many assume it's all make believe.

61

00:04:27,000 --> 00:04:32,000

The first question I think is whether the construct of a Manchurian candidate is possible.

62

00:04:32,000 --> 00:04:39,000

Can you take control over somebody's mind to the point where they essentially are your robot,

63

00:04:39,000 --> 00:04:42,000

and they're not aware that they are so acting?

64

00:04:42,000 --> 00:04:44,000

And what's the answer to that?

65

00:04:44,000 --> 00:04:46,000

The answer to that is yes.

66

00:04:47,000 --> 00:04:51,000

So it gives plausible denial, you got the typical lone-nud assassin,

67

00:04:51,000 --> 00:04:54,000

and then no conspiracy, nobody tied to it.

68

00:04:54,000 --> 00:04:57,000

They could never reveal the information because they didn't know they had it.

69

00:04:58,000 --> 00:05:06,000

Why do you necessarily would the government need a Manchurian candidate to do an assassination

70

00:05:06,000 --> 00:05:10,000

when you could take a highly trained Navy SEAL and get the job done?

71

00:05:10,000 --> 00:05:11,000

Amnesia.

72

00:05:11,000 --> 00:05:15,000

If they're assassinating someone who they deem should be assassinated,

73

00:05:15,000 --> 00:05:21,000

a villain of some sort out there in the world, say an Al-Qaeda terrorist out there,

74

00:05:21,000 --> 00:05:25,000

why would they feel fear of the assassin talking about it?

75

00:05:25,000 --> 00:05:31,000

One of the ideas of a Manchurian candidate is to get somebody from another government to assassinate their head of state.

76

00:05:34,000 --> 00:05:36,000

What do you want me to do?

77

00:05:36,000 --> 00:05:38,000

I would like you to do many things if you could.

78

00:05:38,000 --> 00:05:47,000

One is to investigate whether or not the intelligence agencies are continuing the psychological aspects that work is still going on.

79

00:05:47,000 --> 00:05:48,000

Still going on today?

80

00:05:48,000 --> 00:05:49,000

Yeah.

81

00:05:49,000 --> 00:05:57,000

I'm former military, and it bothers me greatly that our country could continue to use military people as guinea pigs.

82

00:05:57,000 --> 00:06:05,000

And that's one reason I think I can dig into this, because if our government is abusing our military personnel,

83

00:06:05,000 --> 00:06:09,000

like they've been known to do in the past, I would like to turn them over for that.

84

00:06:09,000 --> 00:06:11,000

It's worse than you imagine.

85

00:06:12,000 --> 00:06:23,000

In the time of war, a warning that rogue elements within the government are creating a new generation of assassin through mind control.

86

00:06:28,000 --> 00:06:35,000

Jesse Ventura's elite team of investigators and researchers will take on this top secret conspiracy.

87

00:06:36,000 --> 00:06:44,000

Hey, I learned about all this stuff back in the 70s when it was revealed the MK Ultra program had gone on literally for two decades.

88

00:06:45,000 --> 00:06:47,000

Isn't this stuff out of a movie?

89

00:06:47,000 --> 00:06:49,000

Yeah, it was called the Manchurian candidate.

90

00:06:49,000 --> 00:06:58,000

It's CIA experimentation, and through torture, you can basically create a second personality, basically a sleeper soldier. It's doable.

91

00:06:58,000 --> 00:07:01,000

So you're saying that the government is programming killers?

92

00:07:01,000 --> 00:07:08,000

Well, if you're old enough like me, you remember Sirhan Sirhan, the guy who allegedly killed Robert F. Kennedy.

93

00:07:08,000 --> 00:07:11,000

A lot of people claimed that he was programmed.

94

00:07:11,000 --> 00:07:16,000

He couldn't remember after he shot him that he didn't remember anything about it.

95

00:07:16,000 --> 00:07:18,000

Even today, he claims no memory of it.

96

00:07:18,000 --> 00:07:22,000

Yeah, and what about Mark David Chapman, the guy who killed John Lennon?

97

00:07:22,000 --> 00:07:24,000

He never attempted to escape.

98

00:07:24,000 --> 00:07:38,000

He killed Lennon, he had opportunity to jump on the subway, run into Central Park, whatever, and yet he stood there, dropped the weapons, stepped back, and was there reading the catcher in the rye when the police arrived.

99

00:07:38,000 --> 00:07:40,000

Pretty bizarre behavior.

100

00:07:40,000 --> 00:07:52,000

What better way to do it than to be almost a zombie-like character who will carry out the mission with no regard whether they get caught or what happens to them in the end?

101

00:07:52,000 --> 00:07:56,000

We know that the CIA has tried my control. We know that the technology exists.

102

00:07:56,000 --> 00:08:04,000

I've heard all about this stuff. Now I want to know, can it really be done? Find me somebody who can show me that it can be done.

103

00:08:11,000 --> 00:08:17,000

Coming up, Jesse Ventura sees how even you could be turned into a programmed killer.

104

00:08:18,000 --> 00:08:22,000

When I call you on the phone, I will give you a word, and that word is...

105

00:08:23,000 --> 00:08:30,000

Then, his bizarre confrontation with the U.S. Army General who invented the psychic super-soldier.

106

00:08:31,000 --> 00:08:36,000

They could use the mind to explode the heart of a goat.

107

00:08:37,000 --> 00:08:42,000

And later, Jesse goes one-on-one with the real-life predator.

108

00:08:42,000 --> 00:08:45,000

Don't be surprised if some of your Navy sails weren't some of us.

109

00:08:48,000 --> 00:08:51,000

The End

110

00:08:58,000 --> 00:09:01,000

Jesse Ventura is chasing a deadly conspiracy.

111

00:09:01,000 --> 00:09:09,000

A secret government program that turns unwitting people into programmed killers triggered through mind control.

112

00:09:09,000 --> 00:09:15,000

Everyone thought the program was dead. Insiders say it's not.

113

00:09:16,000 --> 00:09:23,000

I think it's important for you and for people in general to really grasp that this is a real thing, not just science fiction.

114

00:09:24,000 --> 00:09:26,000

Are Manchurian candidates real?

115

00:09:26,000 --> 00:09:31,000

Definitely. And I can show you some documents that will convince you of that.

116

00:09:31,000 --> 00:09:34,000

Okay. So the government is in this business?

117

00:09:34,000 --> 00:09:37,000

Has been for sure for a documented fact.

118

00:09:38,000 --> 00:09:42,000

Dr. Colin Ross is a renowned psychiatrist and lecturer.

119

00:09:42,000 --> 00:09:49,000

He's written many books and papers on identity disorders and the CIA's experiments in mind control.

120

00:09:50,000 --> 00:09:55,000

Dr. what's your definition of, quote, a Manchurian candidate?

121

00:09:55,000 --> 00:10:00,000

Basically, an artificially created multiple personality where there's another identity inside,

122

00:10:00,000 --> 00:10:04,000

which is given the mission parameters, carries out the mission.

123

00:10:04,000 --> 00:10:11,000

And the idea, I think, is if they're caught and interrogated, the out front person has no memory for the mission, so it keeps the information secure.

124

00:10:11,000 --> 00:10:19,000

Secure, so they can use the one personality to carry the job out and then the other personality in essence is to cover it up?

125

00:10:19,000 --> 00:10:21,000

Exactly.

126

00:10:22,000 --> 00:10:30,000

Dr. Ross, as he got his facts straight from the source, he used the Freedom of Information Act to acquire thousands of government documents.

127

00:10:30,000 --> 00:10:32,000

Does this fall under the CIA?

128

00:10:32,000 --> 00:10:36,000

Different branches of the military, but also CIA is really running most of it.

129

00:10:36,000 --> 00:10:41,000

People are given massive amounts of electric shock. Their memory is completely wiped out permanently.

130

00:10:41,000 --> 00:10:49,000

Most of these people, did they know what they were getting or were they really just monkeys in a laboratory for lack of better terms?

131

00:10:49,000 --> 00:10:52,000

It's just like the radiation experiments and the germ warfare experiments.

132

00:10:52,000 --> 00:10:56,000

Soldier, you're volunteering for this. Be here at nine o'clock tomorrow morning.

133

00:10:56,000 --> 00:11:00,000

We're testing a vaccine or we're testing a cold treatment or we're testing something or other.

134

00:11:00,000 --> 00:11:02,000

Yeah, they really didn't know.

135

00:11:02,000 --> 00:11:04,000

Doctor, you got more stuff to show me, don't you?

136

00:11:04,000 --> 00:11:06,000

Yeah, I got some documents that'll be very convincing.

137

00:11:06,000 --> 00:11:10,000

Well, I want to bring in June one of my lead investigators, if that's all right.

138

00:11:10,000 --> 00:11:12,000

Sure, absolutely. I'll take you inside and show you some of this.

139

00:11:12,000 --> 00:11:13,000

Okay, very good.

140

00:11:18,000 --> 00:11:23,000

Jesse Ventura wants Junesar Pong to be fully briefed for what she's about to face.

141

00:11:23,000 --> 00:11:27,000

This is the most dangerous investigation yet.

142

00:11:27,000 --> 00:11:32,000

They're creating robots to carry out missions that they need done in the end.

143

00:11:32,000 --> 00:11:34,000

I can show you a document here.

144

00:11:34,000 --> 00:11:35,000

Yes, please.

145

00:11:35,000 --> 00:11:40,000

All these are MK-Ultra files, so MK stands for...

146

00:11:40,000 --> 00:11:41,000

MK.

147

00:11:41,000 --> 00:11:43,000

It's the certain division of the CIA that was running the program.

148

00:11:43,000 --> 00:11:44,000

Mm-hmm.

149

00:11:44,000 --> 00:11:50,000

You will understand that creating the Jekyll Hyde personality in the form of blanked out is taking a little doing.

150

00:11:50,000 --> 00:11:54,000

So what they were really doing was creating the Jekyll Hyde, a mentoring candidate.

151

00:11:55,000 --> 00:12:02,000

So this is hypnotic experimentation and research, and this woman, who appears to be a secretary for the CIA,

152

00:12:02,000 --> 00:12:08,000

is hypnotized, and it describes in great detail how she was instructed that her rage would be so great

153

00:12:08,000 --> 00:12:11,000

that she would not hesitate to kill Sonzo for failing to awaken,

154

00:12:11,000 --> 00:12:15,000

which is another experimental subject who's in a hypnotic trance.

155

00:12:15,000 --> 00:12:21,000

So she carried out these suggestions, the latter including firing the unloaded pneumatic pistol gun at Sonzo,

156

00:12:21,000 --> 00:12:23,000

and then proceeding to fall into a deep sleep.

157

00:12:23,000 --> 00:12:26,000

Both were awakened and expressed complete amnesia for the entire sequence.

158

00:12:26,000 --> 00:12:31,000

How quickly could you turn somebody into this state?

159

00:12:31,000 --> 00:12:34,000

Like a stage hypnotist can just in a matter of minutes,

160

00:12:34,000 --> 00:12:37,000

but to get somebody who's stable, who's operational,

161

00:12:37,000 --> 00:12:41,000

you get control of their life space for weeks, months, or a couple of years,

162

00:12:41,000 --> 00:12:49,000

and you start doing a lot of hypnosis, sensory deprivation, sensory isolation, food and sleep deprivation, possibly.

163

00:12:49,000 --> 00:12:53,000

A bunch of different drugs, interrogation techniques.

164

00:12:53,000 --> 00:12:59,000

Well, you know, talking about this has been interesting, but I personally right now would like to see it live.

165

00:12:59,000 --> 00:13:05,000

I'd like to see a live demonstration of what hypnotism can do in the real world here.

166

00:13:05,000 --> 00:13:08,000

Sure. So we'll go take a look at that.

167

00:13:08,000 --> 00:13:21,000

Dr. Ross takes the conspiracy investigators to watch hypnotist James Kellogg as he works with the subject.

168

00:13:21,000 --> 00:13:24,000

Now right now I want you to picture something in your mind.

169

00:13:24,000 --> 00:13:28,000

I want you to picture this beautiful golden staircase.

170

00:13:28,000 --> 00:13:31,000

This is no parlor trick.

171

00:13:31,000 --> 00:13:37,000

This is a basic demonstration of the first steps toward creating a Manchurian candidate.

172

00:13:37,000 --> 00:13:44,000

Kellogg will show in stark terms how expert mind manipulation can make people do things,

173

00:13:44,000 --> 00:13:48,000

then have no memory of what they've done.

174

00:13:48,000 --> 00:13:53,000

This man's in a deep trance and he's been given a post-hypnotic suggestion.

175

00:13:53,000 --> 00:14:01,000

A post-hypnotic suggestion means the hypnotist is telling him that when he hears a certain word, he will behave in a certain manner.

176

00:14:01,000 --> 00:14:05,000

Or it could be something with the hands or a light or any kind of cue.

177

00:14:05,000 --> 00:14:13,000

And so what we're seeing here is the Manchurian candidate is built on a foundation of things that any good hypnotic subject can do.

178

00:14:13,000 --> 00:14:15,000

How you doing?

179

00:14:18,000 --> 00:14:21,000

Now you got him under a deep hypnosis.

180

00:14:21,000 --> 00:14:29,000

If you asked him to do something that he knows is illegal in his conscious mind, will he do it anyway?

181

00:14:29,000 --> 00:14:35,000

There are people that can go that far, definitely they could.

182

00:14:35,000 --> 00:14:38,000

You could push an envelope pretty far.

183

00:14:38,000 --> 00:14:42,000

It's a very scary thing.

184

00:14:44,000 --> 00:14:47,000

Now the hypnotist plants the trigger word.

185

00:14:48,000 --> 00:14:50,000

I will call you on the phone.

186

00:14:50,000 --> 00:14:57,000

When I call you on the phone, I will give you a word and that word is gross, but...

187

00:14:58,000 --> 00:15:01,000

Now he awakens the subject.

188

00:15:01,000 --> 00:15:06,000

So on the count of three, I want you to set new chairs slowly.

189

00:15:06,000 --> 00:15:10,000

Open up your eyes. One, two, three.

190

00:15:10,000 --> 00:15:12,000

Set new chairs.

191

00:15:12,000 --> 00:15:14,000

Open up your eyes.

192

00:15:14,000 --> 00:15:16,000

There are some people out here.

193

00:15:16,000 --> 00:15:18,000

There are some people out here I want you to come on out here.

194

00:15:19,000 --> 00:15:26,000

And now he leaves the subject with Jesse Ventura.

195

00:15:26,000 --> 00:15:31,000

As far as Jesse can see, the hypnosis had no effect.

196

00:15:31,000 --> 00:15:34,000

The man seems normal enough.

197

00:15:34,000 --> 00:15:39,000

But the Manchurian candidate inside him is about to be triggered.

198

00:15:39,000 --> 00:15:40,000

Hello?

199

00:15:40,000 --> 00:15:42,000

Rosebud.

200

00:15:42,000 --> 00:15:44,000

Rosebud.

201

00:15:45,000 --> 00:15:47,000

Coming up.

202

00:15:47,000 --> 00:15:50,000

Is the sleeper assassin about to be awakened?

203

00:15:50,000 --> 00:15:51,000

I don't feel nothing, huh?

204

00:15:51,000 --> 00:15:52,000

Not at all.

205

00:15:52,000 --> 00:15:53,000

Really?

206

00:15:53,000 --> 00:15:54,000

Yeah.

207

00:15:55,000 --> 00:16:03,000

Then, confirmation of military mind games from the general depicted in the movie, the men who stare at goats.

208

00:16:03,000 --> 00:16:10,000

What I did was to try to take the tunnel and take the blinders off.

209

00:16:10,000 --> 00:16:16,000

And later, the trail leads one step closer to the programmed killer.

210

00:16:16,000 --> 00:16:20,000

Black operations are operations that the government doesn't want people to know about.

211

00:16:20,000 --> 00:16:22,000

It could be assassinations.

212

00:16:28,000 --> 00:16:34,000

Almost anything you see in the movies today is kind of the beginning of what can be done, technologically.

213

00:16:34,000 --> 00:16:43,000

I would believe that because I know when I did Predator, I found out that whatever weapon Hollywood has in the US military will have it within the air.

214

00:16:43,000 --> 00:16:48,000

The thing that I liked about that show was the invisible villain.

215

00:16:48,000 --> 00:16:50,000

Invisibility is coming.

216

00:16:50,000 --> 00:16:54,000

Now, wait, when you say invisibility, what are you talking about here?

217

00:16:54,000 --> 00:16:56,000

Making a person invisible.

218

00:16:56,000 --> 00:17:00,000

Imagine an outfit with photo sensors on it.

219

00:17:00,000 --> 00:17:01,000

Okay.

220

00:17:01,000 --> 00:17:04,000

The back of it picks up the scene behind you.

221

00:17:04,000 --> 00:17:08,000

The front of it puts the scene on the front of you.

222

00:17:08,000 --> 00:17:09,000

And you blend in.

223

00:17:09,000 --> 00:17:11,000

So literally, you could become a tree.

224

00:17:11,000 --> 00:17:21,000

You could become like the creature in Predator where you kind of see a little outline as he moves, but if he holds still, you don't see a thing.

225

00:17:21,000 --> 00:17:22,000

Really?

226

00:17:22,000 --> 00:17:23,000

That's coming.

227

00:17:23,000 --> 00:17:27,000

Conspiracy theory continues next.

228

00:17:32,000 --> 00:17:41,000

The conspiracy theory, elements within our government turning ordinary citizens just like you and me into programmed killers.

229

00:17:41,000 --> 00:17:47,000

Jesse Ventura is getting a demonstration on how an assassin can be created through hypnosis.

230

00:17:47,000 --> 00:17:52,000

This man's in a deep trance and he's been given a post-hypnotic suggestion.

231

00:17:52,000 --> 00:17:54,000

And you'll see what it turns out to be.

232

00:17:54,000 --> 00:17:57,000

And there's a trigger that's going to cue him to do the behavior.

233

00:17:57,000 --> 00:18:04,000

And when I call you on the phone, I will give you a word and that word is rosebud.

234

00:18:04,000 --> 00:18:09,000

When I say the word rosebud, you will begin to limp as you walk.

235

00:18:09,000 --> 00:18:11,000

It's a very distinctive limp.

236

00:18:11,000 --> 00:18:13,000

Very pronounced limp.

237

00:18:13,000 --> 00:18:24,000

And if I call you again on the phone and I say the word flower, you will instantly stop limping immediately and walking in normal pace.

238

00:18:24,000 --> 00:18:27,000

One, two, three, seven, eight, nine, ten.

239

00:18:27,000 --> 00:18:29,000

Slowly open your eyes up.

240

00:18:30,000 --> 00:18:34,000

The hypnotist has embedded two key words in the man's subconscious.

241

00:18:34,000 --> 00:18:41,000

An onward and an offward trigger words that will be delivered over the telephone.

242

00:18:41,000 --> 00:18:42,000

You know.

243

00:18:42,000 --> 00:18:43,000

Hello.

244

00:18:43,000 --> 00:18:45,000

Rosebud.

245

00:18:45,000 --> 00:18:47,000

Rosebud.

246

00:18:47,000 --> 00:18:49,000

Hello. Hello.

247

00:18:49,000 --> 00:18:53,000

The word does indeed trigger something within the subject.

248

00:18:53,000 --> 00:18:58,000

Lucky for Jesse, it's not a command to attack, only to change his behavior.

249

00:18:58,000 --> 00:19:03,000

Suddenly the subject is walking with a limp he did not have before.

250

00:19:04,000 --> 00:19:06,000

He doesn't realize he has it now.

251

00:19:06,000 --> 00:19:08,000

What are you limping for?

252

00:19:08,000 --> 00:19:10,000

Why are you limping?

253

00:19:10,000 --> 00:19:12,000

I'm not limping.

254

00:19:12,000 --> 00:19:13,000

Really?

255

00:19:13,000 --> 00:19:14,000

Yeah.

256

00:19:14,000 --> 00:19:16,000

I'm walking fine.

257

00:19:17,000 --> 00:19:19,000

Then the phone rings again.

258

00:19:19,000 --> 00:19:20,000

Hello.

259

00:19:20,000 --> 00:19:22,000

Flower.

260

00:19:22,000 --> 00:19:23,000

Flower.

261

00:19:23,000 --> 00:19:26,000

With this call, a new keyword.

262

00:19:26,000 --> 00:19:28,000

And he loses the limp.

263

00:19:28,000 --> 00:19:35,000

When the experiment is over, the subject comes out of the trance and can't remember a thing.

264

00:19:35,000 --> 00:19:38,000

Really kind of made the back of my neck tingle.

265

00:19:38,000 --> 00:19:41,000

Made the hairs of my arms to kind of stand on end with seeing all this.

266

00:19:41,000 --> 00:19:43,000

Why are you limping?

267

00:19:43,000 --> 00:19:44,000

I don't know, I think.

268

00:19:44,000 --> 00:19:48,000

Yeah, I did happen because it's on camera, it's on tape, I'm watching it happen in front of me.

269

00:19:48,000 --> 00:19:50,000

But I don't remember.

270

00:19:50,000 --> 00:19:56,000

And as he watches his actions replayed on video, that's what disturbs him most.

271

00:19:56,000 --> 00:19:58,000

He can't remember.

272

00:19:58,000 --> 00:20:05,000

I'm kind of violated, honestly, really kind of disturbed because I don't have any memory of this yet.

273

00:20:05,000 --> 00:20:08,000

I'm seeing it happen right in front of me.

274

00:20:08,000 --> 00:20:10,000

It scares me that that could happen.

275

00:20:10,000 --> 00:20:13,000

He realizes this wasn't a game.

276

00:20:13,000 --> 00:20:15,000

It wasn't a trick.

277

00:20:15,000 --> 00:20:19,000

He could have been ordered to kill.

278

00:20:19,000 --> 00:20:25,000

It scares me knowing that I did that and I have no memory of it and that I was able to be programmed, frankly, that easily.

279

00:20:25,000 --> 00:20:29,000

I think if you work on somebody enough, you could break their will and make them do anything.

280

00:20:29,000 --> 00:20:34,000

And I think that if it's used for the wrong thing, it could be disastrous.

281

00:20:34,000 --> 00:20:39,000

We made a guy limp just by saying the word rosebud.

282

00:20:39,000 --> 00:20:52,000

Now imagine if evil forces did the same thing, but did it over a period of weeks or months and threw in some torture.

283

00:20:52,000 --> 00:20:56,000

Okay, I've seen it done.

284

00:20:56,000 --> 00:20:59,000

Now I know they can do it.

285

00:20:59,000 --> 00:21:03,000

Who else could they have done this to?

286

00:21:03,000 --> 00:21:07,000

Well, let's take Timothy McVeigh, the Oklahoma City Bomber.

287

00:21:07,000 --> 00:21:14,000

Now he claims to have been implanted with a chip, the microchip, and it's known that he worked at a facility in Buffalo,

288

00:21:14,000 --> 00:21:18,000

which was used for these microchip experiments in the 50s.

289

00:21:18,000 --> 00:21:21,000

Wait a minute, so McVeigh is a government trained killer now?

290

00:21:21,000 --> 00:21:26,000

Well, McVeigh is saying he was implanted with microchips. That's what he's saying.

291

00:21:26,000 --> 00:21:28,000

And what about the 9-11 high checkers?

292

00:21:28,000 --> 00:21:31,000

Well, the problem there is they're all dead.

293

00:21:31,000 --> 00:21:35,000

Now look, this is all speculation, everyone. We know that.

294

00:21:35,000 --> 00:21:43,000

Somehow we've got to find someone who believes that they may have been part of this program or worked in this program.

295

00:21:43,000 --> 00:21:46,000

Let's find me a whistleblower.

296

00:21:52,000 --> 00:21:57,000

Coming up, Jesse confronts the real-life Army General from the film *The Men Who Stare at Goats*.

297

00:21:57,000 --> 00:22:01,000

Of this Manchurian candidate situation.

298

00:22:01,000 --> 00:22:02,000

Is that possible?

299

00:22:02,000 --> 00:22:04,000

I have no doubt.

300

00:22:04,000 --> 00:22:10,000

Then, a strange man in a white van leads the team to the programmed killer.

301

00:22:10,000 --> 00:22:17,000

He's going to tell you what's really happening. You may not believe it, but you damn well better listen to it.

302

00:22:17,000 --> 00:22:20,000

He hasn't been wrong yet.

303

00:22:20,000 --> 00:22:28,000

And later, Jesse Ventura in mind-to-mind combat with a 21st century super soldier.

304

00:22:38,000 --> 00:22:45,000

Jesse Ventura has seen it's not so difficult to turn an ordinary person into a programmed killer.

305

00:22:45,000 --> 00:22:48,000

But is the US military doing it today?

306

00:22:51,000 --> 00:23:00,000

Jesse sends Junisar Pong to London to meet a man who's gotten inside the secret military operation.

307

00:23:00,000 --> 00:23:10,000

International journalist John Ronson wrote the book *The Men Who Stare at Goats* about the Army's adventures in psychological warfare.

308

00:23:10,000 --> 00:23:15,000

And so do you believe that Manchurian candidates are real?

309

00:23:15,000 --> 00:23:21,000

I mean, I certainly believe that they tried to, the CIA tried to create that.

310

00:23:21,000 --> 00:23:26,000

The CIA were really, really into this idea of creating a programmed assassin.

311

00:23:26,000 --> 00:23:28,000

To kill Castro or whatever.

312

00:23:28,000 --> 00:23:36,000

MK Ultra was partly about creating a truth serum and it was partly about trying to create a programmed assassin.

313

00:23:36,000 --> 00:23:38,000

And what were their methods?

314

00:23:38,000 --> 00:23:40,000

Well, LSD was a big one.

315

00:23:40,000 --> 00:23:44,000

They would spike people's drinks with a huge amount of LSD.

316

00:23:44,000 --> 00:23:48,000

So MK Ultra was pretty much as sinister as things got.

317

00:23:48,000 --> 00:23:50,000

What do you know about General Stubblebine?

318

00:23:50,000 --> 00:23:52,000

General Albert Stubblebine heard.

319

00:23:52,000 --> 00:23:56,000

He was head of Army Intelligence and 1980 to 1983.

320

00:23:56,000 --> 00:24:00,000

General Stubblebine was in charge of the psychic spies that fought me.

321

00:24:00,000 --> 00:24:07,000

He was trying to create a soldier who would have the power to walk through walls and levitate.

322

00:24:07,000 --> 00:24:12,000

He thought the American soldier would win all wars if they could learn how to walk through walls.

323

00:24:13,000 --> 00:24:21,000

While John Ronson speaks about Major General Stubblebine, Jesse Ventura is already on the way to meet the man himself.

324

00:24:21,000 --> 00:24:25,000

He's the mastermind of the Army's psychic warfare program.

325

00:24:25,000 --> 00:24:29,000

The basis for a central character in the men who stare at goats.

326

00:24:29,000 --> 00:24:36,000

In what you did in the Army, did you play with the minds of soldiers? Did any of that type of behavior go on?

327

00:24:36,000 --> 00:24:39,000

Let me just give you a thought.

328

00:24:40,000 --> 00:24:44,000

Most people wear blinders.

329

00:24:44,000 --> 00:24:50,000

Okay? They wander through life, looking through a tunnel.

330

00:24:50,000 --> 00:24:51,000

Tunnel vision.

331

00:24:51,000 --> 00:24:52,000

Tunnel vision.

332

00:24:52,000 --> 00:25:00,000

What I did was to try to take the tunnel and take the blinders off.

333

00:25:00,000 --> 00:25:04,000

Whoa, whoa, whoa, whoa, whoa, whoa, whoa, whoa.

334

00:25:05,000 --> 00:25:08,000

Whoa, this guy is definitely out there.

335

00:25:08,000 --> 00:25:19,000

But he was the head of Army Intelligence, and it proves that all this talk about mind control and psychic experiments is more than just a conspiracy theory.

336

00:25:19,000 --> 00:25:23,000

The military really did play with people's minds.

337

00:25:23,000 --> 00:25:25,000

I know, it sounds strange.

338

00:25:25,000 --> 00:25:26,000

Yeah, it's a strange...

339

00:25:26,000 --> 00:25:28,000

Stranger's heck, isn't it?

340

00:25:28,000 --> 00:25:33,000

Is this the preliminary steps to this quote super soldier we hear about?

341

00:25:34,000 --> 00:25:36,000

Oh boy.

342

00:25:36,000 --> 00:25:46,000

When I developed what I call the high performance task force and tried to find all of these technologies, very interesting thing happened.

343

00:25:46,000 --> 00:25:51,000

I was in my office one day and some people wanted to see me.

344

00:25:51,000 --> 00:26:11,000

Well, what they brought to me was the philosophy or the thought process of how they could use the mind, okay, very carefully directed, okay, and very carefully focused to explode the heart of a goat.

345

00:26:11,000 --> 00:26:13,000

I said, what?

346

00:26:13,000 --> 00:26:15,000

You know, bring that one back again.

347

00:26:15,000 --> 00:26:16,000

Time out a second.

348

00:26:16,000 --> 00:26:27,000

What they said to you was by using the mind and thinking whatever it is required to do, you could what then look at a goat and explode the heart inside it.

349

00:26:27,000 --> 00:26:33,000

Well, whoa, whoa, whoa, whoa, look at the goat with the intentionality of exploding the heart.

350

00:26:33,000 --> 00:26:36,000

I had to believe in what I could do, okay?

351

00:26:36,000 --> 00:26:42,000

I had to focus it at the heart and I had to focus it on exploding the heart, okay?

352

00:26:42,000 --> 00:26:48,000

Now, I have seen evidence that it's possible.

353

00:26:48,000 --> 00:26:52,000

And what evidence would lead you to believe that it's possible?

354

00:26:52,000 --> 00:26:56,000

Well, they showed me some examples.

355

00:26:56,000 --> 00:26:58,000

But you're not going to tell me.

356

00:26:58,000 --> 00:26:59,000

No.

357

00:26:59,000 --> 00:27:05,000

Do you think that MK Ultra practices go on now, the Menturian candidates, is this?

358

00:27:05,000 --> 00:27:14,000

My guess is that MK Ultra was, you know, very much a product of the paranoia of the 50s and 60s in the Cold War.

359

00:27:14,000 --> 00:27:20,000

So when you're in times of great paranoia, you're going to get resurgence of these kind of extreme responses.

360

00:27:20,000 --> 00:27:22,000

Are we in times of great paranoia?

361

00:27:22,000 --> 00:27:33,000

Well, we are in times of great paranoia and there's no doubt that a lot of really unpleasant things

happened in Guantanamo and Abu Ghraib to do with, you know, trying to get inside people's heads and kind of screwing people's heads.

362

00:27:33,000 --> 00:27:37,000

Now, you know, I'm drugs. So yeah, I think it's quite possible.

363

00:27:37,000 --> 00:27:49,000

In general, this Menturian candidate situation, in your experience and knowing how government operates, how the military operates, wouldn't you have to believe it's going on?

364

00:27:49,000 --> 00:27:50,000

Oh, I'm sure.

365

00:27:50,000 --> 00:27:52,000

That it's somewhere within that vast.

366

00:27:52,000 --> 00:27:53,000

I'm sure.

367

00:27:53,000 --> 00:27:54,000

That it's going on somewhere.

368

00:27:54,000 --> 00:27:56,000

I have no doubt.

369

00:27:57,000 --> 00:28:06,000

You can't really look someone up on the computer and say, are you a programmed killer of the government?

370

00:28:06,000 --> 00:28:07,000

I don't think the yellow pages are going to help us.

371

00:28:07,000 --> 00:28:09,000

Yeah, I don't think that will either.

372

00:28:09,000 --> 00:28:12,000

This is a tough one. Real tough one.

373

00:28:12,000 --> 00:28:15,000

There's somebody out there who knows something. There's too many of these stories.

374

00:28:15,000 --> 00:28:18,000

You need to find me a sleeper assassin.

375

00:28:19,000 --> 00:28:26,000

Coming up, the strange man in the van.

376

00:28:26,000 --> 00:28:33,000

Jesse Ventura's team tracks down the soldier who led the military's pack of programmed predators.

377

00:28:33,000 --> 00:28:37,000

Which means that you would have been responsible for a lot of assassination.

378

00:28:40,000 --> 00:28:41,000

I call various due to you.

379

00:28:42,000 --> 00:28:45,000

And later, the ultimate confrontation.

380

00:28:45,000 --> 00:28:48,000

The Navy Seal versus the super soldier.

381

00:28:48,000 --> 00:28:49,000

Did you serve in combat?

382

00:28:49,000 --> 00:28:50,000

Yes.

383

00:28:50,000 --> 00:28:51,000

Where did you serve?

384

00:28:51,000 --> 00:28:53,000

Despite every jungle on the world.

385

00:29:02,000 --> 00:29:09,000

Jesse Ventura had heard of Manchurian candidates back when he served as a Navy Seal.

386

00:29:09,000 --> 00:29:20,000

I learned about MKUltra, which was a program the government and the CIA operated where they used mind control in an attempt to create the perfect assassin.

387

00:29:20,000 --> 00:29:26,000

Now, Jesse is out to find proof that the program is back in operation.

388

00:29:26,000 --> 00:29:30,000

He'll meet me in a white van in a parking lot.

389

00:29:31,000 --> 00:29:40,000

Sources have led his investigator Jun Sarpong, an advisor Michael Braverman, to a parking lot outside Las Vegas.

390

00:29:40,000 --> 00:29:43,000

They were told to find a white van.

391

00:29:48,000 --> 00:29:49,000

You finally made it.

392

00:29:49,000 --> 00:29:50,000

I did.

393

00:29:51,000 --> 00:29:54,000

Inside, they find David Corso.

394

00:29:54,000 --> 00:29:55,000

Always on the move.

395

00:29:55,000 --> 00:29:57,000

Always undercover.

396

00:29:57,000 --> 00:30:04,000

The man who claims to be a veteran of a top secret MKUltra program called Project Talent.

397

00:30:04,000 --> 00:30:07,000

Sir David, now tell me, you were in Vietnam here.

398

00:30:07,000 --> 00:30:08,000

Yes, I was.

399

00:30:08,000 --> 00:30:11,000

And what was that experience like?

400

00:30:11,000 --> 00:30:13,000

A multitude of experiences.

401

00:30:13,000 --> 00:30:16,000

I went and did whatever they asked me to do.

402

00:30:16,000 --> 00:30:28,000

There are many things that I have fleeting recollections of, but I don't have a solid, what I would call memory of.

403

00:30:28,000 --> 00:30:31,000

So now you're the team leader of Black Homs.

404

00:30:31,000 --> 00:30:32,000

Yes.

405

00:30:32,000 --> 00:30:33,000

What does that mean?

406

00:30:33,000 --> 00:30:38,000

Black operations are operations undertaken by various groups within the military.

407

00:30:38,000 --> 00:30:41,000

To do things that the government doesn't want people to know about.

408

00:30:42,000 --> 00:30:48,000

It could be assassinations, it could be robbery, it could be theft, blackmail.

409

00:30:48,000 --> 00:30:49,000

Who knows?

410

00:30:49,000 --> 00:30:54,000

Which means you would have been responsible for a lot of assassinations.

411

00:30:56,000 --> 00:30:58,000

I call various duty.

412

00:31:00,000 --> 00:31:02,000

Corso says he's retired.

413

00:31:02,000 --> 00:31:05,000

He denies that he was a Manchurian candidate.

414

00:31:05,000 --> 00:31:11,000

But he says he recently met a young man who is a programmed killer and then some.

415

00:31:11,000 --> 00:31:15,000

One of the super soldiers, General Stubblebine, worked to create.

416

00:31:15,000 --> 00:31:18,000

Robert Duncan Ophinian.

417

00:31:18,000 --> 00:31:23,000

My friend and my buddy and my confidant.

418

00:31:23,000 --> 00:31:28,000

Duncan Ophinian has some unusual psychic abilities and talents.

419

00:31:28,000 --> 00:31:34,000

He has capabilities that I've seen demonstrated that people just don't have.

420

00:31:35,000 --> 00:31:39,000

He has unusual body strength.

421

00:31:39,000 --> 00:31:43,000

He has unusual martial arts talents.

422

00:31:43,000 --> 00:31:48,000

He has alter egos that have to be triggered by something.

423

00:31:48,000 --> 00:31:51,000

I've seen at least two of them.

424

00:31:52,000 --> 00:31:56,000

So what will we learn by talking to Duncan Ophinian?

425

00:31:56,000 --> 00:32:02,000

When you talk to Duncan, he's going to tell you what's really happening and what's going to happen probably.

426

00:32:02,000 --> 00:32:06,000

You may not like it. You may not believe it.

427

00:32:06,000 --> 00:32:09,000

But you'd damn well better listen to it.

428

00:32:09,000 --> 00:32:11,000

He hasn't been wrong yet.

429

00:32:11,000 --> 00:32:13,000

Is there someone you can lead us to?

430

00:32:13,000 --> 00:32:16,000

Oh, I could probably find him for you.

431

00:32:17,000 --> 00:32:20,000

The strange man in the van comes through.

432

00:32:20,000 --> 00:32:26,000

Soon, June and Braverman are in the same room as the programmed killer.

433

00:32:26,000 --> 00:32:31,000

Now you claim to be a super soldier. Can you tell me what that is?

434

00:32:31,000 --> 00:32:38,000

It's part of an experiment that started several decades ago and is continuing to run now.

435

00:32:38,000 --> 00:32:45,000

Where basically people are taken and genetically enhanced with implants

436

00:32:45,000 --> 00:32:53,000

and just turned into more than a normal human being with augmented strength, augmented speed.

437

00:32:53,000 --> 00:32:56,000

So they almost become fighting machines.

438

00:32:56,000 --> 00:32:57,000

That's correct.

439

00:32:57,000 --> 00:32:59,000

What kind of missions were you sent out?

440

00:32:59,000 --> 00:33:03,000

I would have to say at least half were termination jobs.

441

00:33:03,000 --> 00:33:05,000

By that you mean killing?

442

00:33:05,000 --> 00:33:10,000

Yes. Sanction murdered by the government.

443

00:33:10,000 --> 00:33:12,000

Can you tell us about some of these?

444

00:33:12,000 --> 00:33:16,000

A lot of time was spent in Central and South America.

445

00:33:16,000 --> 00:33:19,000

I did spend some time in Africa.

446

00:33:19,000 --> 00:33:25,000

There was also some covert operations that I was involved in in the States.

447

00:33:25,000 --> 00:33:28,000

And what was your last mission?

448

00:33:28,000 --> 00:33:30,000

I don't know.

449

00:33:30,000 --> 00:33:35,000

I have three days of missing time that I don't know what happened.

450

00:33:35,000 --> 00:33:37,000

When was that?

451

00:33:37,000 --> 00:33:43,000

That was about four years ago in the Virgin Islands.

452

00:33:43,000 --> 00:33:45,000

And you haven't been called again since?

453

00:33:45,000 --> 00:33:49,000

Not that I'm aware of. No, not that I'm aware of.

454

00:33:49,000 --> 00:33:54,000

Now there are going to be a lot of people watching this, Duncan, who think, come on.

455

00:33:54,000 --> 00:33:57,000

Of course. I don't blame them one bit.

456

00:33:57,000 --> 00:34:05,000

But if they do the research, especially with some of the Freedom of Information Act material that is out there,

457

00:34:05,000 --> 00:34:09,000

where they openly admitted that they did these experiments,

458

00:34:09,000 --> 00:34:16,000

and there was no closure to the experiment, then that's the CIA's own mission.

459

00:34:16,000 --> 00:34:20,000

And if it ain't broke, don't fix it.

460

00:34:20,000 --> 00:34:25,000

So do you think you were created by the CIA's MK Ultra?

461

00:34:25,000 --> 00:34:35,000

Nearly every acronym that is used in the Mind Control programs follows under the MK Ultra umbrella.

462

00:34:35,000 --> 00:34:37,000

In that sense, yes.

463

00:34:37,000 --> 00:34:41,000

So how did you end up there?

464

00:34:41,000 --> 00:34:45,000

It's generational. My father was a CIA asset.

465

00:34:45,000 --> 00:34:49,000

Something I didn't find out until several years after he died.

466

00:34:49,000 --> 00:34:54,000

The Opinion claims that powers from implanted chips make him a super soldier,

467

00:34:54,000 --> 00:34:59,000

but his programming fits the pattern of a Manchurian candidate.

468

00:34:59,000 --> 00:35:06,000

Trigger words, code words, so that that personality could be brought out when it needed to be brought out.

469

00:35:06,000 --> 00:35:13,000

And when that job was over, key words were given, that personality went back to sleep.

470

00:35:13,000 --> 00:35:18,000

This personality came back with no knowledge of what they ever had done.

471

00:35:18,000 --> 00:35:24,000

That often personality was only supposed to manifest when triggered by code words or key words.

472

00:35:24,000 --> 00:35:28,000

In my case, it was usually a phone call.

473

00:35:28,000 --> 00:35:33,000

The phone would ring, I'd answer the phone, become stoic, just blank face.

474

00:35:33,000 --> 00:35:39,000

Sometimes I would pack a travel bag, sometimes not, and wouldn't leave.

475

00:35:39,000 --> 00:35:41,000

So there you have it, Governor.

476

00:35:41,000 --> 00:35:44,000

Well, it's clear as day that he believes it.

477

00:35:44,000 --> 00:35:48,000

Well, I'll tell you what, this guy's so bizarre, I want to talk to him in person.

478

00:35:48,000 --> 00:35:51,000

I want a one-on-one interview with this guy.

479

00:35:51,000 --> 00:35:54,000

Coming up, Clash of the Titans.

480

00:35:54,000 --> 00:35:59,000

Jesse Ventura goes up against the Manchurian candidate, super soldier.

481

00:35:59,000 --> 00:36:05,000

Would the powers to be be extremely upset if they know you're talking to me?

482

00:36:05,000 --> 00:36:07,000

Absolutely.

483

00:36:15,000 --> 00:36:21,000

Jesse Ventura is about to confront a programmed killer.

484

00:36:21,000 --> 00:36:31,000

Robert Duncan Ophinian says he's living proof that the government's top secret sleeper assassin program is back in action.

485

00:36:31,000 --> 00:36:42,000

Jesse Ventura, decorated war veteran in Navy SEAL, demanded to judge this so-called super soldier man to man.

486

00:36:45,000 --> 00:36:49,000

The meat takes place in a downtown parking garage.

487

00:36:53,000 --> 00:36:56,000

This is bizarre, to say the least.

488

00:36:56,000 --> 00:37:00,000

It goes beyond bizarre and gets more bizarre as you dig down the rabbit hole.

489

00:37:00,000 --> 00:37:07,000

We've all read about quote-unquote Manchurian candidates, and what you're here to tell me is it's absolutely real.

490

00:37:07,000 --> 00:37:08,000

It is absolutely real.

491

00:37:08,000 --> 00:37:12,000

However, we were beyond Manchurian candidate.

492

00:37:12,000 --> 00:37:17,000

Manchurian candidate, as a rule, was designed to do one job, one job only.

493

00:37:17,000 --> 00:37:19,000

We did, multitudes.

494

00:37:19,000 --> 00:37:22,000

Now, when you say we, who's we?

495

00:37:22,000 --> 00:37:24,000

Now, are we speaking here of MK Ultra?

496

00:37:24,000 --> 00:37:30,000

MK Ultra is more of a catch-all phrase for anything to do with what we're talking about.

497

00:37:30,000 --> 00:37:35,000

The governor finds out more about Ophinian-supposed microchip implants.

498

00:37:36,000 --> 00:37:39,000

Correct me and educate me as we go along here.

499

00:37:39,000 --> 00:37:41,000

You were involved in a car accident.

500

00:37:41,000 --> 00:37:42,000

Correct.

501

00:37:42,000 --> 00:37:44,000

And because of it, you got an MRI.

502

00:37:44,000 --> 00:37:45,000

Right.

503

00:37:45,000 --> 00:37:50,000

What happened is the MRI caused the cranial implant to malfunction.

504

00:37:50,000 --> 00:37:59,000

And when it malfunctioned, it broke down specific barriers that were put in place to keep memory separated, departmentalized, as it were.

505

00:37:59,000 --> 00:38:06,000

And it was at that moment I knew that all the nightmares, the daydreams, weren't just dreams.

506

00:38:06,000 --> 00:38:11,000

They were actual memories of the different personalities, mission, and together.

507

00:38:11,000 --> 00:38:16,000

After that day, I basically had a choice.

508

00:38:16,000 --> 00:38:19,000

You would go totally insane or find out what happened.

509

00:38:19,000 --> 00:38:22,000

How many implants did it turn out that you had in you?

510

00:38:22,000 --> 00:38:24,000

I know of three.

511

00:38:24,000 --> 00:38:27,000

And I've told I have at least five, maybe seven.

512

00:38:30,000 --> 00:38:37,000

And you have no recollection of these implants being put in your body?

513

00:38:37,000 --> 00:38:38,000

No.

514

00:38:38,000 --> 00:38:44,000

When Ophinian describes how he was programmed, the story is all too familiar.

515

00:38:44,000 --> 00:38:49,000

What they did with me and us in the group was these trauma-based torture.

516

00:38:49,000 --> 00:38:50,000

Which would be?

517

00:38:50,000 --> 00:38:57,000

Well, in my case, it was beatings, waterboarding, being strapped in a wooden chair.

518

00:38:57,000 --> 00:39:03,000

With my finger spread open and then needles inserted underneath the fingernails.

519

00:39:03,000 --> 00:39:06,000

And they do this for what reason?

520

00:39:06,000 --> 00:39:11,000

To cause so much pain that you will black out, you will faint.

521

00:39:11,000 --> 00:39:18,000

However, at the same time, you have an IV hooked up to you with a drug cocktail that eliminates that.

522

00:39:18,000 --> 00:39:19,000

Eliminates the pain?

523

00:39:19,000 --> 00:39:21,000

No, eliminates blacking out.

524

00:39:21,000 --> 00:39:23,000

You cannot black out, you cannot faint.

525

00:39:23,000 --> 00:39:26,000

It's at that time, your psyche has two choices.

526

00:39:26,000 --> 00:39:30,000

Split to an alternate personality or die.

527

00:39:31,000 --> 00:39:33,000

One thing's pretty clear.

528

00:39:33,000 --> 00:39:37,000

Ophinian absolutely believes what he says.

529

00:39:38,000 --> 00:39:42,000

But does Jesse Ventura, did you serve in combat?

530

00:39:42,000 --> 00:39:43,000

Yes.

531

00:39:43,000 --> 00:39:44,000

Where did you serve?

532

00:39:44,000 --> 00:39:47,000

Southeast Asia, Central America, South America.

533

00:39:47,000 --> 00:39:49,000

Just about every jungle in the world.

534

00:39:50,000 --> 00:39:53,000

And you did that as an operative of who? The CIA?

535

00:39:53,000 --> 00:39:55,000

CIA, the NSA, whoever.

536

00:39:55,000 --> 00:39:57,000

Okay, but you were not in military service.

537

00:39:57,000 --> 00:39:58,000

No.

538

00:39:58,000 --> 00:40:04,000

We were created by some black operation factions of the government somewhere somehow.

539

00:40:04,000 --> 00:40:05,000

Yes.

540

00:40:05,000 --> 00:40:12,000

But we were loaned out, sold out, hoarded out to whatever agency needed us to do a job for them at that time.

541

00:40:12,000 --> 00:40:16,000

And now the training they put you through, what type of training do you recall you went through?

542

00:40:17,000 --> 00:40:23,000

Severe physical training, martial arts training, marksmanship training.

543

00:40:23,000 --> 00:40:25,000

You name it, we went through it.

544

00:40:25,000 --> 00:40:33,000

We were taught to fly a variety of aircraft, drive a multitude of vehicles from tanks to both wagons.

545

00:40:33,000 --> 00:40:34,000

Really?

546

00:40:34,000 --> 00:40:36,000

Everything in between.

547

00:40:36,000 --> 00:40:40,000

Anything that needed done, we were trained to do.

548

00:40:41,000 --> 00:40:43,000

So they didn't need us Navy SEALs anymore?

549

00:40:44,000 --> 00:40:47,000

Don't be surprised if some of your Navy SEALs weren't some of us.

550

00:40:50,000 --> 00:40:53,000

Let me ask this, you said we could be blunt and straightforward, right?

551

00:40:53,000 --> 00:40:54,000

Absolutely.

552

00:40:54,000 --> 00:40:55,000

Have you killed people?

553

00:40:55,000 --> 00:40:56,000

I have.

554

00:40:56,000 --> 00:40:57,000

You have?

555

00:40:57,000 --> 00:40:58,000

I have.

556

00:40:58,000 --> 00:41:00,000

And you've killed them through this operation?

557

00:41:00,000 --> 00:41:01,000

Correct.

558

00:41:01,000 --> 00:41:05,000

Now, let me ask this, what type of target would you get and for what purpose?

559

00:41:05,000 --> 00:41:08,000

Usually I was never told why.

560

00:41:08,000 --> 00:41:10,000

Just, that's your target, eliminate.

561

00:41:11,000 --> 00:41:14,000

And you had no control over this when you did it?

562

00:41:14,000 --> 00:41:15,000

No.

563

00:41:16,000 --> 00:41:23,000

As your memories come back, do you remember things that you naturally wish you wouldn't remember?

564

00:41:23,000 --> 00:41:24,000

Every day.

565

00:41:24,000 --> 00:41:25,000

Every day?

566

00:41:25,000 --> 00:41:26,000

Every day.

567

00:41:26,000 --> 00:41:28,000

And you actually still work for people today?

568

00:41:28,000 --> 00:41:30,000

Not that I'm aware of.

569

00:41:30,000 --> 00:41:32,000

Do you fear for your life today?

570

00:41:33,000 --> 00:41:40,000

The CIA and the government is very good at doing preemptive strikes.

571

00:41:40,000 --> 00:41:46,000

Would the powers to be be extremely upset if they know you're talking to me?

572

00:41:46,000 --> 00:41:47,000

Absolutely.

573

00:41:47,000 --> 00:41:49,000

Am I in danger now from talking to you?

574

00:41:49,000 --> 00:41:51,000

No, you're too high profile.

575

00:41:51,000 --> 00:41:52,000

Yeah.

576

00:41:52,000 --> 00:41:55,000

So it's just a small minority within the government that does this?

577

00:41:55,000 --> 00:41:56,000

Right.

578

00:41:56,000 --> 00:41:57,000

Absolutely.

579

00:41:57,000 --> 00:42:02,000

So whoever created all this and did all this to all you people, you feel should be held accountable for it?

580

00:42:02,000 --> 00:42:03,000

They should be.

581

00:42:03,000 --> 00:42:10,000

And that's part of our goal, find these people, hold them accountable, stop what's going on and give us some closure.

582

00:42:10,000 --> 00:42:12,000

Duncan, good luck.

583

00:42:12,000 --> 00:42:13,000

Thank you.

584

00:42:13,000 --> 00:42:31,000

Three generations of soldiers, psychiatrists, investigative journalists, and the victims themselves have made it clear.

585

00:42:31,000 --> 00:42:38,000

Menturian candidates, programmed assassins, super soldiers are out there.

586

00:42:38,000 --> 00:42:47,000

And the question is, how many?

587

00:42:47,000 --> 00:42:53,000

We know the US military has been experimenting with mind control since the 1950s.

588

00:42:53,000 --> 00:43:01,000

We've seen how hypnosis, torture, and other techniques can make ordinary people do things they otherwise couldn't do.

589

00:43:01,000 --> 00:43:04,000

I met a man who says they did it to him.

590

00:43:04,000 --> 00:43:08,000

And remember all the high profile assassins who fit the pattern?

591

00:43:08,000 --> 00:43:13,000

One thing's for sure, all of them believe the government turned them into weapons.

592

00:43:13,000 --> 00:43:14,000

Coincidence?

593

00:43:14,000 --> 00:43:16,000

I don't think so.

594

00:43:16,000 --> 00:43:20,000

And from what we've found, I'm convinced there's more of them out there.

595

00:43:20,000 --> 00:43:23,000

Let's just hope their sights are aimed at the enemy.

596

00:43:23,000 --> 00:43:27,000

I'm Jesse Ventura, and this is Conspiracy Theory.
