

1

00:00:00,000 --> 00:00:07,000

Hidden power, secrets, cover-ups, corruption.

2

00:00:07,000 --> 00:00:13,000

You think you know the whole story?

3

00:00:13,000 --> 00:00:16,000

Think again.

4

00:00:16,000 --> 00:00:22,000

I've been governor, a Navy SEAL, a fighter.

5

00:00:22,000 --> 00:00:26,000

I've heard things that'll blow your mind,

6

00:00:26,000 --> 00:00:30,000

and now I think it's time you get the whole story.

7

00:00:30,000 --> 00:00:33,000

Now, Area 51.

8

00:00:33,000 --> 00:00:37,000

All manner of CIA monkey business has been conducted out there.

9

00:00:37,000 --> 00:00:41,000

It is among the most secret places in the world.

10

00:00:41,000 --> 00:00:45,000

The top secret airbase where many believe the military is hiding

11

00:00:45,000 --> 00:00:48,000

extraterrestrials and their spacecraft.

12

00:00:48,000 --> 00:00:50,000

I tell them for myself.

13

00:00:50,000 --> 00:00:55,000

The place where secret alien technology is turned into futuristic weapons.

14

00:00:55,000 --> 00:01:03,000

I think our technology has advanced because it captured undowned UFOs.

15

00:01:03,000 --> 00:01:08,000

But what if the aliens and UFOs are only a cover story?

16

00:01:08,000 --> 00:01:11,000

You're a great space alien to alien autopsies.

17

00:01:11,000 --> 00:01:15,000

Jesse Ventura rips the lid off the government's cover-up.

18

00:01:15,000 --> 00:01:19,000

What we're looking at looks like your more typical space alien craft.

19

00:01:19,000 --> 00:01:22,000

He puts his life on the line.

20

00:01:22,000 --> 00:01:26,000

You could be shot for crossing past that little orange pole.

21

00:01:26,000 --> 00:01:30,000

And what he finds is a whole lot bigger than little green land.

22

00:01:30,000 --> 00:01:32,000

So now the plot thickens.

23

00:01:32,000 --> 00:01:37,000

Area 51. The real UFO conspiracy.

24

00:01:37,000 --> 00:01:41,000

I'm Jesse Ventura, and this is Conspiracy Theory.

25

00:01:46,000 --> 00:01:50,000

Jesse Ventura is in the Nevada desert at the perimeter of the most secretive

26

00:01:50,000 --> 00:01:53,000

government base in America.

27

00:01:53,000 --> 00:01:57,000

There are no welcome signs for Area 51.

28

00:01:57,000 --> 00:02:02,000

Trespassers are warned they'll be shot on sight.

29

00:02:02,000 --> 00:02:07,000

And now armed guards are drawing a line in the sand.

30

00:02:07,000 --> 00:02:12,000

You want to shoot a former government for crossing an imaginary line?

31

00:02:13,000 --> 00:02:17,000

I never really believed in little green men.

32

00:02:17,000 --> 00:02:22,000

But this is one conspiracy that's been out there a long time.

33

00:02:22,000 --> 00:02:25,000

And I can't ignore something this big.

34

00:02:25,000 --> 00:02:31,000

Not when the mainstream media is too lazy or afraid to report it.

35

00:02:43,000 --> 00:02:46,000

It all began out here.

36

00:02:46,000 --> 00:02:50,000

At a truck stop on the edge of the desert.

37

00:02:53,000 --> 00:02:57,000

I was waiting to meet a man who's on the run.

38

00:02:57,000 --> 00:03:01,000

On the run from the government.

39

00:03:08,000 --> 00:03:10,000

Governor Ventura?

40

00:03:10,000 --> 00:03:11,000

Yeah.

41

00:03:11,000 --> 00:03:13,000

His name is Chuck Clark.

42

00:03:13,000 --> 00:03:20,000

He's an amateur astronomer who used to live near the top secret military base in Southern Nevada.

43

00:03:20,000 --> 00:03:23,000

Area 51.

44

00:03:23,000 --> 00:03:31,000

All the secrecy surrounding the place has led to all the rumors they're experimenting with UFOs and aliens out there.

45

00:03:31,000 --> 00:03:36,000

Chuck Clark started investigating Area 51 on his own.

46

00:03:36,000 --> 00:03:38,000

That's what got him in trouble.

47

00:03:38,000 --> 00:03:43,000

Please don't tell me there's aliens there and that we're hiding flying saucers.

48

00:03:43,000 --> 00:03:45,000

There's lots of interesting stuff that's going on.

49

00:03:45,000 --> 00:03:54,000

Developing the latest cutting edge advanced technology that they don't want anybody else to know about.

50

00:03:54,000 --> 00:03:57,000

I researched the base.

51

00:03:57,000 --> 00:04:02,000

I'm out on public lands, never crossing onto the boundaries.

52

00:04:02,000 --> 00:04:07,000

And my house was raided by the FBI and the Joint Terrorism Task Force.

53

00:04:07,000 --> 00:04:09,000

Something doesn't add up.

54

00:04:09,000 --> 00:04:16,000

If Chuck Clark was on public property, why was the government knocking down his door?

55

00:04:16,000 --> 00:04:21,000

Chuck, let me ask you something. I'm not going to stereotype you. Are you a terrorist?

56

00:04:21,000 --> 00:04:23,000

Absolutely not.

57

00:04:23,000 --> 00:04:27,000

Area 51 has been around since the 1950s.

58

00:04:27,000 --> 00:04:33,000

For years, the government didn't admit the place even existed.

59

00:04:33,000 --> 00:04:37,000

Now they'll say it's an Air Force operating location.

60

00:04:37,000 --> 00:04:42,000

That's it. It's still not on any official maps.

61

00:04:42,000 --> 00:04:44,000

Who funds Area 51?

62

00:04:44,000 --> 00:04:53,000

Well, it's been pretty publicly known that the CIA has been funding certain projects out there since the late 50s.

63

00:04:53,000 --> 00:04:56,000

Nobody knows very much. It's very compartmentalized.

64

00:04:56,000 --> 00:05:02,000

The workers flying in from Las Vegas, we have a few workers who actually lived out there in Rachel.

65

00:05:02,000 --> 00:05:07,000

Rachel is Rachel Nevada. It's hardly big enough to be called a town.

66

00:05:07,000 --> 00:05:10,000

But it's the closest one to Area 51.

67

00:05:10,000 --> 00:05:13,000

That's where Chuck Clark lived when he got raided.

68

00:05:13,000 --> 00:05:17,000

Any negative things go on out there to your knowledge?

69

00:05:17,000 --> 00:05:23,000

There were a lot of birds that were going on out near the housing area on the base.

70

00:05:23,000 --> 00:05:28,000

They put up a lot of smoke. And a lot of the workers started getting sick.

71

00:05:28,000 --> 00:05:34,000

And we had four or five people living in Rachel. And all but one of them is now dead.

72

00:05:34,000 --> 00:05:38,000

Chuck Clark didn't know what they were burning out there.

73

00:05:38,000 --> 00:05:42,000

Whether it was toxic waste or alien bodies.

74

00:05:42,000 --> 00:05:49,000

He also couldn't say what kind of aircraft or spacecraft they're playing with at Area 51.

75

00:05:49,000 --> 00:05:55,000

Only that people are getting killed in their weird experiments out there in the desert.

76

00:05:55,000 --> 00:05:56,000

How do you know this?

77

00:05:56,000 --> 00:06:03,000

Under freedom of information, gotten records from the Air Force and we actually were able to locate some of the wrecks.

78

00:06:03,000 --> 00:06:08,000

Of course all the really secret stuff was very meticulously cleaned up.

79

00:06:08,000 --> 00:06:15,000

This all leads back to why Chuck Clark's trailer was raided by the Joint Terrorism Task Force.

80

00:06:15,000 --> 00:06:23,000

He was miles away from Area 51 when he'd found a bunch of sensors in the ground.

81

00:06:23,000 --> 00:06:32,000

The sensors were there to give warning if people or anything else approached the base and whatever they're hiding there.

82

00:06:32,000 --> 00:06:41,000

You'll look me right in the eye and tell me you never illegally crossed onto their restricted land?

83

00:06:41,000 --> 00:06:42,000

Never.

84

00:06:42,000 --> 00:06:43,000

Never.

85

00:06:43,000 --> 00:06:52,000

I don't understand where they get off thinking they can raid your house when you never set foot on their property or they had no proof that you ever did.

86

00:06:52,000 --> 00:06:55,000

Maybe they felt I was getting too close to something.

87

00:06:55,000 --> 00:06:59,000

What was that something he got too close to?

88

00:06:59,000 --> 00:07:06,000

All this has got me convinced that this has the makings of a conspiracy and it's got me thinking.

89

00:07:06,000 --> 00:07:10,000

Those stories about little green men might even be true.

90

00:07:10,000 --> 00:07:12,000

So what have we got?

91

00:07:12,000 --> 00:07:14,000

What are they hiding at Area 51?

92

00:07:14,000 --> 00:07:18,000

They're hiding UFOs and maybe even space aliens out there.

93

00:07:18,000 --> 00:07:21,000

You break space aliens, alien autopsy, that whole thing?

94

00:07:21,000 --> 00:07:23,000

Why else would they chase away Chuck Clark?

95

00:07:23,000 --> 00:07:24,000

They've got something to hide.

96

00:07:24,000 --> 00:07:27,000

They chased him away because it's a top secret military base.

97

00:07:27,000 --> 00:07:30,000

I mean what part of top secret and keep out does this guy not understand?

98

00:07:30,000 --> 00:07:35,000

But the thing is he didn't go on the base, he didn't cross the line.

99

00:07:35,000 --> 00:07:39,000

We know that they've been experimenting with super high tech stuff there since the 50s.

100

00:07:39,000 --> 00:07:46,000

The SR-71 was built in 1964 and back then it could go 3,000 miles per hour.

101

00:07:46,000 --> 00:07:48,000

That's preposterously fast.

102

00:07:48,000 --> 00:07:53,000

You're going to try to tell me that we haven't made huge crazy advances since then 45 years ago?

103

00:07:53,000 --> 00:07:57,000

Yeah, but haven't you ever wondered where that technology came from back then?

104

00:07:57,000 --> 00:08:01,000

People are mistaking scientific innovation for alien technology.

105

00:08:01,000 --> 00:08:06,000

There are witnesses who believe that they have seen them picking apart captured spaceships.

106

00:08:06,000 --> 00:08:07,000

Yeah, reverse engineering.

107

00:08:07,000 --> 00:08:11,000

We take alien technology, we copy it and we use it in our own stuff.

108

00:08:11,000 --> 00:08:15,000

So the planes that we're flying around in, our cars, our cell phones all have alien technology.

109

00:08:15,000 --> 00:08:17,000

Why not? Do you think the stuff is manned?

110

00:08:17,000 --> 00:08:19,000

Wait, wait, wait.

111

00:08:19,000 --> 00:08:22,000

We all know the government does special ops.

112

00:08:22,000 --> 00:08:27,000

They even do black ops that they won't talk about or acknowledge.

113

00:08:27,000 --> 00:08:31,000

But what's so special about Area 51?

114

00:08:31,000 --> 00:08:34,000

That's what we've got to find out.

115

00:08:34,000 --> 00:08:39,000

It was time to get to the bottom of this Area 51 conspiracy.

116

00:08:40,000 --> 00:08:48,000

June Sarpong said she had a good source who could probably give her the inside track.

117

00:08:48,000 --> 00:08:59,000

I sent our resident skeptic, Daniel Kuchen, to Colorado, where a group keeps track of all the UFO sightings around the world.

118

00:08:59,000 --> 00:09:04,000

I figured that would be an interesting match.

119

00:09:05,000 --> 00:09:12,000

Area 51 is obviously a very top secret facility where they're using UFO technology.

120

00:09:12,000 --> 00:09:21,000

I mean, it seems to me that if we have spacecraft sitting around, at some point somebody's going to sneak out a spark plug from one of those bad boys, something's going to get out.

121

00:09:22,000 --> 00:09:30,000

And I was headed to meet a guy who says all of the stories about the alien technology are a bunch of bulls.

122

00:09:30,000 --> 00:09:33,000

I don't believe that there are any aliens at Area 51.

123

00:09:33,000 --> 00:09:42,000

I personally believe that 95% of what people are reporting as extraterrestrial UFOs are in point of fact our own deep black programs.

124

00:09:45,000 --> 00:09:50,000

Coming up, Area 51's secret spacecraft. Where do they come from?

125

00:09:50,000 --> 00:09:57,000

I think our technology has advanced with aeronautical engineering from captured and downed UFOs.

126

00:09:58,000 --> 00:10:02,000

Then, a mysterious lead from a strange man in a white van.

127

00:10:02,000 --> 00:10:08,000

He interviews and works with people who claim to have been abducted or are not from this planet.

128

00:10:08,000 --> 00:10:15,000

And later, showdown. Jesse Ventura faces the guns at Area 51.

129

00:10:15,000 --> 00:10:20,000

They can just shoot you down for crossing past that little orange pole.

130

00:10:21,000 --> 00:10:27,000

Area 51. A secret military base about 90 miles north of Las Vegas.

131

00:10:27,000 --> 00:10:32,000

A testing site for secret black budget aircraft the government does not acknowledge.

132

00:10:32,000 --> 00:10:49,000

Now, Jesse Ventura and his team are out to find if Area 51 is also the government's home to extraterrestrials and UFOs.

133

00:10:50,000 --> 00:10:57,000

Investigator Daniel Kuken is in Greeley, Colorado with Clifford Clift, director of the Mutual UFO Network.

134

00:10:57,000 --> 00:11:04,000

Mufon is the central organization for UFO sightings and investigations.

135

00:11:04,000 --> 00:11:06,000

But you guys are actually out in the field.

136

00:11:06,000 --> 00:11:10,000

We have 800 trained field investigators that go out on investigations.

137

00:11:10,000 --> 00:11:13,000

Where the evidence takes us, that's where we're going.

138

00:11:13,000 --> 00:11:15,000

How many reports do you guys get in a day?

139

00:11:15,000 --> 00:11:17,000

Well, we average 500 a month right now.

140

00:11:17,000 --> 00:11:18,000

500 a month?

141

00:11:18,000 --> 00:11:21,000

Yes, they come from everywhere.

142

00:11:21,000 --> 00:11:23,000

What's going on up at Area 51?

143

00:11:23,000 --> 00:11:32,000

Well, Area 51 is an area where the conspiracy theorists think that that's where they're keeping the UFO vehicles that have been captured.

144

00:11:32,000 --> 00:11:33,000

What do you say?

145

00:11:33,000 --> 00:11:35,000

There's a possibility that they have some there, yes.

146

00:11:35,000 --> 00:11:37,000

How many do you think we got?

147

00:11:37,000 --> 00:11:40,000

We do know that there are more than two.

148

00:11:40,000 --> 00:11:41,000

Oh, yes.

149

00:11:41,000 --> 00:11:42,000

More than six?

150

00:11:42,000 --> 00:11:43,000

Yes.

151

00:11:43,000 --> 00:11:44,000

More than 50?

152

00:11:44,000 --> 00:11:45,000

No.

153

00:11:45,000 --> 00:11:46,000

Okay.

154

00:11:47,000 --> 00:11:53,000

While Daniel was grilling the UFO guy, I was with Michael Schrat.

155

00:11:53,000 --> 00:12:01,000

He spent 20 years finding out what they're making at Area 51 and what it's costing you and me.

156

00:12:01,000 --> 00:12:03,000

What goes on there? What do they make there?

157

00:12:03,000 --> 00:12:08,000

A whole series of aircraft that have no congressional oversight, no public scrutiny.

158

00:12:08,000 --> 00:12:15,000

We're talking about a level of technology that is quantum leaps over anything you would see at your local air show.

159

00:12:15,000 --> 00:12:20,000

We have things flying that are 50 years beyond what you could possibly even dream of.

160

00:12:20,000 --> 00:12:26,000

If you've seen it on Star Trek Star Wars, we've been there, done that, or decided it wasn't worth the effort.

161

00:12:26,000 --> 00:12:28,000

Schrat wasn't kidding.

162

00:12:28,000 --> 00:12:32,000

Most everything he showed me seemed out of this world.

163

00:12:32,000 --> 00:12:35,000

Only he insisted none of it was.

164

00:12:35,000 --> 00:12:43,000

What we're looking at here, Governor, is a computer-generated forensic composite illustration of a lighter-than-air vehicle,

165

00:12:43,000 --> 00:12:47,000

also known as a neutral buoyancy craft.

166

00:12:47,000 --> 00:12:51,000

We're looking at now looks like your more typical space alien craft.

167

00:12:51,000 --> 00:12:54,000

Well, there's nothing alien about this vehicle.

168

00:12:54,000 --> 00:12:56,000

Many people might mistake this for a UFO.

169

00:12:56,000 --> 00:12:59,000

It is termed the F-19.

170

00:12:59,000 --> 00:13:02,000

Now this looks like a spacecraft right there.

171

00:13:02,000 --> 00:13:03,000

A super stall.

172

00:13:03,000 --> 00:13:06,000

This aircraft can take off vertically.

173

00:13:06,000 --> 00:13:08,000

This was called the Fluxliner.

174

00:13:08,000 --> 00:13:12,000

This is probably the strangest one you've shown me yet. This actually flies.

175

00:13:12,000 --> 00:13:17,000

It actually flies on the principles of high-voltage electrical charges.

176

00:13:17,000 --> 00:13:20,000

I think that they do back engineer.

177

00:13:20,000 --> 00:13:29,000

I think our technology is advanced with aeronautical engineering because of back engineering from captured and downed UFOs.

178

00:13:29,000 --> 00:13:35,000

So if you've got guys at Area 51 who are scientists who are working directly with alien technology, how many guys are talking about?

179

00:13:35,000 --> 00:13:36,000

10 guys? 15 guys?

180

00:13:36,000 --> 00:13:40,000

Oh, I would... there's probably a thousand or two thousand work there.

181

00:13:40,000 --> 00:13:46,000

Michael Schrat said he had explanations for almost everything he showed me.

182

00:13:46,000 --> 00:13:55,000

The government, the military industrial complex, will use the extraterrestrial phenomenon as a cover to hide their own deep-black programs.

183

00:13:55,000 --> 00:13:59,000

But there were a couple of things he couldn't explain.

184

00:13:59,000 --> 00:14:03,000

What's going on at Area 51 that you don't have pictures of?

185

00:14:03,000 --> 00:14:08,000

Dave, time stealth technology, essentially making the aircraft invisible.

186

00:14:08,000 --> 00:14:11,000

I've heard rumors about time travel.

187

00:14:11,000 --> 00:14:15,000

I can't really comment on time travel.

188

00:14:15,000 --> 00:14:21,000

You always hear stories of aliens, Area 51.

189

00:14:21,000 --> 00:14:25,000

I mean, we're not going to cover any extraterrestrial type implications.

190

00:14:25,000 --> 00:14:27,000

So what's the big secret?

191

00:14:28,000 --> 00:14:35,000

It turns out Jun Sarpong was taking a big, dangerous step to find out.

192

00:14:35,000 --> 00:14:46,000

She'd set off into the middle of nowhere, out in the desert, alone, to meet with her own black ops source.

193

00:14:46,000 --> 00:14:50,000

A strange man in a white van.

194

00:14:53,000 --> 00:14:56,000

Hello, Jun, come on in.

195

00:14:57,000 --> 00:15:04,000

Coming up, the man in the white van leads Jun to another bizarre encounter.

196

00:15:04,000 --> 00:15:09,000

Area 51 is a very large complex. It goes down 30 floors.

197

00:15:09,000 --> 00:15:14,000

They're working on hybridization, trying to create clones.

198

00:15:14,000 --> 00:15:20,000

Then, a connection to a mass UFO sighting confirms the Area 51 theories.

199

00:15:20,000 --> 00:15:27,000

Many people were convinced that it was something right out of the movie Independence Day.

200

00:15:29,000 --> 00:15:36,000

And later, Jesse Ventura rides into the desert for a showdown at Area 51.

201

00:15:43,000 --> 00:15:45,000

So what's the deal with Area 51?

202

00:15:45,000 --> 00:15:51,000

Are they reverse engineering, or are they spending billions of tax dollars off the books?

203

00:15:51,000 --> 00:15:57,000

Well, look, lights in the sky haven't really led me to extraterrestrial visitation, right?

204

00:15:57,000 --> 00:16:01,000

But they didn't lead me to this. Have you ever heard of the Phoenix lights?

205

00:16:04,000 --> 00:16:09,000

Jesse Ventura has encountered a new twist in his investigation of the mysterious Area 51.

206

00:16:10,000 --> 00:16:15,000

A possible connection to the most controversial UFO sighting in recent years.

207

00:16:15,000 --> 00:16:23,000

The night of March 13, 1997, thousands of people saw a giant triangle of lights pass over the state of Arizona,

208

00:16:23,000 --> 00:16:26,000

from the Nevada line to Phoenix and beyond.

209

00:16:26,000 --> 00:16:31,000

The lights were accompanied by a separate formation that hovered.

210

00:16:32,000 --> 00:16:35,000

They appeared right over the city, and thousands of people saw this.

211

00:16:35,000 --> 00:16:41,000

Yeah, they were seen by everybody. Air traffic controllers, pilots, civilian and military, cops, and the governor.

212

00:16:41,000 --> 00:16:49,000

The governor? So what does this have to do with Area 51? What's the explanation for this?

213

00:16:50,000 --> 00:16:58,000

While I was getting downloaded on the Phoenix lights, June was out in the desert meeting her contact in the ET world.

214

00:17:01,000 --> 00:17:03,000

Hello, June. Come on in.

215

00:17:05,000 --> 00:17:07,000

What do you need this time, my dear?

216

00:17:07,000 --> 00:17:11,000

I need to find out the truth about Area 51.

217

00:17:11,000 --> 00:17:19,000

June's source was David Corso. Back in the 60s and 70s, he was deep into government black ops programs.

218

00:17:19,000 --> 00:17:28,000

He did things that the military would never admit to. He stayed in the loop and on the move ever since.

219

00:17:28,000 --> 00:17:31,000

I suggest you speak with Dr. Richard Boylan.

220

00:17:31,000 --> 00:17:33,000

What's up?

221

00:17:33,000 --> 00:17:37,000

He's a psychologist who, unfortunately, is no longer practicing.

222

00:17:37,000 --> 00:17:38,000

How come?

223

00:17:38,000 --> 00:17:41,000

Due to the controversial nature of his work.

224

00:17:43,000 --> 00:17:49,000

He interviews and works with people who claim to have been abducted or are not from this planet.

225

00:17:49,000 --> 00:17:51,000

So he has an Area 51 connection.

226

00:17:51,000 --> 00:17:54,000

How very astute of you.

227

00:17:56,000 --> 00:18:02,000

June took a chance when she met that strange guy all alone in the desert, but it paid off.

228

00:18:03,000 --> 00:18:07,000

Dr. Richard Boylan has been inside Area 51.

229

00:18:07,000 --> 00:18:15,000

Boylan wanted to meet June where they couldn't be overheard by the government spooks he's convinced are following him.

230

00:18:15,000 --> 00:18:18,000

He sure picked the right spot.

231

00:18:18,000 --> 00:18:21,000

So why don't you go on an Area 51?

232

00:18:21,000 --> 00:18:25,000

Area 51 is a very large complex. It goes down 30 floors.

233

00:18:25,000 --> 00:18:38,000

They're working on hybridization, trying to mix the genetics from captured dead or alive star visitor bodies and mix it with human and create clones.

234

00:18:40,000 --> 00:18:43,000

What exactly is a star visitor?

235

00:18:43,000 --> 00:18:46,000

A person born on another planet.

236

00:18:46,000 --> 00:18:54,000

Boylan said he visited Area 51 looking for proof that aliens were there. He got more than he bargained for.

237

00:18:54,000 --> 00:18:57,000

What happened when you tried to actually enter?

238

00:18:57,000 --> 00:19:03,000

I did two approaches. The first time I went in in daylight and I had a tire shot out of my car.

239

00:19:05,000 --> 00:19:06,000

Who shot you?

240

00:19:06,000 --> 00:19:09,000

The guards at Area 51.

241

00:19:09,000 --> 00:19:17,000

I was two miles out from the warning signs. They're a bunch of wild cowboys. They make black water look like well-behaved.

242

00:19:17,000 --> 00:19:26,000

And then I went back that night under cover of darkness and I saw three different crafts come above the room like rich, rich light.

243

00:19:26,000 --> 00:19:28,000

By that you mean spacecraft?

244

00:19:28,000 --> 00:19:36,000

Anti-gravity craft. And just hover there and shimmer and do aerobatics.

245

00:19:36,000 --> 00:19:45,000

But Dr. Boylan, how did you know that this craft was in fact a spacecraft and not something that the government has been able to manufacture that we don't know about?

246

00:19:45,000 --> 00:19:52,000

Well, its performance characteristics are not conventional aircraft. It's not the Peller helicopter jet.

247

00:19:52,000 --> 00:19:56,000

Silent, goes straight up, uses the anti-gravity field propulsion.

248

00:19:56,000 --> 00:19:59,000

Are you actually saying that this was an alien craft?

249

00:19:59,000 --> 00:20:12,000

No. The technology came from extraterrestrial craft that it crashed and then the human engineers went in and tore it apart and figured out enough of how it worked to make one of their own.

250

00:20:13,000 --> 00:20:19,000

The anti-gravity craft tests at Area 51. That's why I went over there. I saw it for myself.

251

00:20:19,000 --> 00:20:25,000

Carrying apart one of these anti-gravity discs and trying to figure out how they work. That's exactly what they do there.

252

00:20:28,000 --> 00:20:30,000

Thousands of people saw these things.

253

00:20:30,000 --> 00:20:38,000

Meanwhile, the rest of us were onto those Phoenix lights. Too many people saw them over too long a period to be ignored.

254

00:20:39,000 --> 00:20:45,000

Our military air defense had come up with an explanation. They didn't do a very good job.

255

00:20:46,000 --> 00:20:55,000

Well, they said that the triangular lights were airplanes. And then they tried to go back and say that the Maryland National Guard was shooting off flares.

256

00:20:57,000 --> 00:20:58,000

Over Phoenix?

257

00:20:58,000 --> 00:21:02,000

Right. That's the thing. And then the military goes and they do a reenactment.

258

00:21:09,000 --> 00:21:12,000

Huh. That's pretty lame. Do they fall like that?

259

00:21:12,000 --> 00:21:16,000

No. They just hung there and they didn't smoke and smoldered like that either.

260

00:21:18,000 --> 00:21:25,000

So, like I said, even though I can't get there, the UFO people are pretty predictably claiming that all of this came from outer space.

261

00:21:25,000 --> 00:21:34,000

Yeah, and here's a connection. There's this independent guy. He's got no dog in this fire. He's saying that those lights are the smoking gun for an Area 51 cover-up.

262

00:21:35,000 --> 00:21:37,000

Well, then obviously I gotta meet this guy.

263

00:21:39,000 --> 00:21:46,000

I headed out to meet Randolph Fitzgerald. I didn't expect he'd blow the Area 51 conspiracy wide open.

264

00:21:47,000 --> 00:21:48,000

Now the plot thickens.

265

00:21:52,000 --> 00:22:00,000

Coming up, ETs, spacecraft and the military's big lie to cover up what's going on at Area 51.

266

00:22:01,000 --> 00:22:08,000

Does an extraterrestrial spacecraft coming here from billions or trillions of miles or another dimension, would it follow the interstate highway?

267

00:22:09,000 --> 00:22:15,000

Then the team exposes the secret Area 51 airline and pounces on the workers.

268

00:22:16,000 --> 00:22:18,000

If there's nothing to hide, you can tell us.

269

00:22:20,000 --> 00:22:25,000

And later, Jesse Ventura faces down armed guards at Area 51.

270

00:22:25,000 --> 00:22:27,000

And they will use the weapon if they have to.

271

00:22:31,000 --> 00:22:39,000

Mokarren Airport, Las Vegas.

272

00:22:40,000 --> 00:22:44,000

A mysterious air service is ferrying its latest load of passengers.

273

00:22:45,000 --> 00:22:53,000

The unmarked Janet Airlines jet is the commuter flight for workers at Area 51, the secretive military base 90 miles north.

274

00:22:54,000 --> 00:23:02,000

Investigator Jun Sa Pong sources led her to this corner of the airport and a chance to speak to people who've been inside Area 51.

275

00:23:03,000 --> 00:23:10,000

Excuse me, will you talk to us? We have reason to believe that some of these workers are working at Area 51. Is there anything you can tell me about that?

276

00:23:14,000 --> 00:23:20,000

We just want to know what they're doing here. If there's nothing to hide, you can tell us, surely?

277

00:23:21,000 --> 00:23:24,000

Jun got as close as she could before they called the cops.

278

00:23:25,000 --> 00:23:28,000

I was up on a mountain with a guy named Randall Fitzgerald.

279

00:23:29,000 --> 00:23:33,000

He's a writer who spent months investigating those lights that appeared over Phoenix.

280

00:23:34,000 --> 00:23:37,000

The ones people decided couldn't be anything but UFOs.

281

00:23:38,000 --> 00:23:49,000

Some observers, some witnesses, saw what they claimed to be a delta wing object that was the size of anywhere from 10 to 20 normal.

282

00:23:50,000 --> 00:23:57,000

Airliners in the sky that night. Many people were convinced that it was something right out of the movie Independence Day.

283

00:23:58,000 --> 00:24:02,000

As these reports came in, you could chart the flight pattern.

284

00:24:03,000 --> 00:24:17,000

They flew over Interstate 17. Does an extraterrestrial spacecraft, I ask myself, coming here from billions and trillions of miles or another dimension, would it follow the Interstate Highway system going somewhere?

285

00:24:18,000 --> 00:24:30,000

Doesn't seem reasonable, but would pilots that are unfamiliar with the territory fly following Interstate Highways? It's done all the time.

286

00:24:32,000 --> 00:24:36,000

Sounds like he's saying humans are flying alien spacecraft.

287

00:24:36,000 --> 00:24:47,000

I started hearing from the witnesses on the ground things like what I really saw was a wavy distortion in the sky.

288

00:24:48,000 --> 00:24:53,000

Many of these sorts of reports that seem to indicate a projection of some kind.

289

00:24:54,000 --> 00:25:05,000

So I began to ask the question, is it possible to holographically project an image of a single object in the sky and have it move?

290

00:25:06,000 --> 00:25:08,000

It's feasible. And what did you learn?

291

00:25:09,000 --> 00:25:28,000

Well, I learned that starting in 1996, there were some military studies looking at non-lethal psychological warfare ways to create technology on battlefields that would disarm and confuse an enemy before a shot ever had to be fired.

292

00:25:29,000 --> 00:25:36,000

And these holographic projections using lasers were developed in 1995, 1996.

293

00:25:37,000 --> 00:25:46,000

Try getting your head around that. Fitzgerald's saying this was the military projecting images of alien spacecraft to scare people.

294

00:25:47,000 --> 00:25:51,000

Well, we did our own investigation of that hologram theory.

295

00:25:52,000 --> 00:26:02,000

Turns out that a year before the sightings, the U.S. Army was running a 3D holographic project at its research lab in Adolphi, Maryland.

296

00:26:03,000 --> 00:26:11,000

And remember, those flares over Phoenix were supposedly dropped by the Maryland National Guard.

297

00:26:12,000 --> 00:26:19,000

They and other guard units were training in the area. Looks like they were covering their butts.

298

00:26:20,000 --> 00:26:23,000

That's pretty lame. They just hung there.

299

00:26:24,000 --> 00:26:28,000

If it was a hologram or something like that, where would it originate from?

300

00:26:29,000 --> 00:26:30,000

Area 51.

301

00:26:32,000 --> 00:26:46,000

Holograms over Arizona, the military faking UFO sightings. Just when I was buying the idea of re-engineering alien technology, Fitzgerald pulled out evidence of an even bigger conspiracy.

302

00:26:47,000 --> 00:26:56,000

Right after the Arizona lights, a couple of months afterwards, the CIA declassified a report.

303

00:26:58,000 --> 00:27:11,000

This report revealed that the CIA and the U.S. Air Force had engaged in active disinformation against the American people about the true nature of UFOs.

304

00:27:12,000 --> 00:27:27,000

In other words, they encouraged the belief in UFOs in order to hide the SR-71 Blackbird spy plane program and before that, the U-2 spy plane program.

305

00:27:28,000 --> 00:27:32,000

Where were those two programs operated out of? Area 51.

306

00:27:33,000 --> 00:27:35,000

Why would the military want to do that?

307

00:27:36,000 --> 00:27:45,000

If you're able to manipulate public opinion, you're able to control and keep the funding going for these secret projects.

308

00:27:47,000 --> 00:27:51,000

The government itself is writing one of the biggest conspiracies out there.

309

00:27:52,000 --> 00:27:56,000

They're basically trying to plant stories to cover up what they're doing. And check this quote out right here. This basically says it.

310

00:27:56,000 --> 00:28:05,000

The Air Force made misleading and deceptive statements to the public to protect extraordinarily sensitive national security projects. I mean, come on.

311

00:28:06,000 --> 00:28:07,000

It's June.

312

00:28:07,000 --> 00:28:09,000

June, where are you at?

313

00:28:09,000 --> 00:28:10,000

Where do you want me to start?

314

00:28:10,000 --> 00:28:12,000

Where did you end up?

315

00:28:12,000 --> 00:28:17,000

I ended up at the airport in Las Vegas, where they fly the workers in and out of Area 51.

316

00:28:17,000 --> 00:28:19,000

You still there?

317

00:28:19,000 --> 00:28:20,000

Don't wait.

318

00:28:20,000 --> 00:28:22,000

I almost got myself arrested.

319

00:28:22,000 --> 00:28:24,000

You're on your property right now.

320

00:28:24,000 --> 00:28:30,000

I'll miss you then, because I'm on my way to Vegas right now, heading to Area 51.

321

00:28:33,000 --> 00:28:40,000

I was stopping in Las Vegas to meet George Knapp, an investigative reporter for local television news.

322

00:28:41,000 --> 00:28:46,000

I was gambling that George Knapp could tell me what's going on inside Area 51.

323

00:28:47,000 --> 00:28:53,000

He snooped around there for a lot of years, and even he's not sure of the truth.

324

00:28:54,000 --> 00:29:03,000

You're the guy that knows more about Area 51, the history of it, and everything I guess you're allowed to know about this place, which is quite secretive, correct?

325

00:29:03,000 --> 00:29:09,000

Well, yeah, I know as much as anybody on the outside knows, but I can't even scratch the surface for what really goes on in there.

326

00:29:09,000 --> 00:29:12,000

It is the blackest place in the black world.

327

00:29:12,000 --> 00:29:15,000

All manner of CIA monkey business has been conducted out there.

328

00:29:15,000 --> 00:29:18,000

It is among the most secret places in the world.

329

00:29:18,000 --> 00:29:20,000

What about workers out there today?

330

00:29:20,000 --> 00:29:23,000

They did a heck of a job, and they've been treated like crap by our government.

331

00:29:23,000 --> 00:29:30,000

The example being when they were developing the stealth fighter and bomber, all these composite materials with toxic chemicals in them,

332

00:29:30,000 --> 00:29:37,000

they dig these gigantic poles in the ground, throw all this dangerous material in it, douse it with jet fuel, and set it on fire.

333

00:29:38,000 --> 00:29:44,000

Clouds billowing black, toxic, smoke cover the whole base, clogging the lungs of all these people that worked out there.

334

00:29:44,000 --> 00:29:50,000

And when they started getting sick, and a lot of them did, the government basically told them to kiss off.

335

00:29:51,000 --> 00:29:55,000

The government made it impossible for these poor workers to get justice.

336

00:29:55,000 --> 00:30:02,000

Every year, the president would sign an order making Area 51 exempt from environmental laws.

337

00:30:03,000 --> 00:30:06,000

This conspiracy was taking a new turn.

338

00:30:07,000 --> 00:30:09,000

Back to following the money.

339

00:30:11,000 --> 00:30:13,000

They let them basically die.

340

00:30:14,000 --> 00:30:18,000

Those workers went all the way to the US Supreme Court to try to fight it and lost.

341

00:30:18,000 --> 00:30:20,000

And lost at the Supreme Court.

342

00:30:20,000 --> 00:30:24,000

George, your opinion, what do you think goes on out there?

343

00:30:24,000 --> 00:30:29,000

I'll tell you what, if we built something that looked like a flying saucer 25, 30 years ago, where is it?

344

00:30:29,000 --> 00:30:30,000

Where the hell is it?

345

00:30:30,000 --> 00:30:31,000

Because we sure haven't flown it.

346

00:30:31,000 --> 00:30:38,000

And I can tell you for a fact that I was followed, that my phones were bugged, that people who offered to give me information were threatened and told to shut up.

347

00:30:38,000 --> 00:30:40,000

That happened over and over again.

348

00:30:40,000 --> 00:30:41,000

Let me ask you this, George.

349

00:30:41,000 --> 00:30:44,000

Are they going to tap my phone now and all that stuff?

350

00:30:44,000 --> 00:30:46,000

Your phone's already tapped.

351

00:30:47,000 --> 00:30:48,000

I'm heading out there tomorrow.

352

00:30:48,000 --> 00:30:52,000

What am I going to run into when I go to Area 51 tomorrow?

353

00:30:52,000 --> 00:30:53,000

I do urge caution.

354

00:30:53,000 --> 00:30:55,000

These guys are real serious about their security.

355

00:30:55,000 --> 00:30:58,000

You'll see these big warning signs, and the signs are very serious.

356

00:30:58,000 --> 00:31:02,000

Go no further. Use of deadly force is authorized.

357

00:31:02,000 --> 00:31:06,000

There's another plane load taking off for Area 51.

358

00:31:08,000 --> 00:31:13,000

They'll get there a little faster than I will, but I'll get there just the same.

359

00:31:20,000 --> 00:31:25,000

Coming up, Jesse Ventura arrives at Area 51.

360

00:31:25,000 --> 00:31:29,000

Then he gets a look at what the military is hiding.

361

00:31:29,000 --> 00:31:35,000

Yes, absolutely. They are having space weapons. They are doing research in space.

362

00:31:35,000 --> 00:31:42,000

And later, he confronts the guardians of the military's deepest, darkest, deadliest secret.

363

00:31:42,000 --> 00:31:47,000

You want to shoot a former governor for crossing an imaginary line?

364

00:31:56,000 --> 00:32:02,000

Jesse Ventura is on the road to Area 51.

365

00:32:02,000 --> 00:32:07,000

Inserted the truth about the mysterious, tough secret military base.

366

00:32:07,000 --> 00:32:16,000

I rode 120 miles from the Las Vegas Strip to where Route 375 becomes the extra terrestrial highway.

367

00:32:17,000 --> 00:32:21,000

I had a lot of time to think about what I'd learn.

368

00:32:21,000 --> 00:32:28,000

Little green men, alien spacecraft, or 60 years of government lies.

369

00:32:28,000 --> 00:32:30,000

What's scarier?

370

00:32:31,000 --> 00:32:35,000

Another 30 miles, and I was in the town of Rachel.

371

00:32:35,000 --> 00:32:38,000

Population 80, give or take.

372

00:32:39,000 --> 00:32:43,000

It's the closest town to Area 51.

373

00:32:43,000 --> 00:32:46,000

It's also the home of Yorg Arnu.

374

00:32:46,000 --> 00:32:52,000

He used to work with Chuck Clark, the Area 51 watchdog who was roasted by the feds.

375

00:32:52,000 --> 00:32:57,000

My house was raided by the FBI and the Joint Terrorism Task Force.

376

00:32:57,000 --> 00:33:02,000

Now that Chuck's been scared out of town, he's been shot to death.

377

00:33:02,000 --> 00:33:06,000

Yorg was going to take me out there.

378

00:33:06,000 --> 00:33:10,000

Yorg, what got you interested in Area 51?

379

00:33:10,000 --> 00:33:13,000

It was really the secrecy of the place.

380

00:33:13,000 --> 00:33:17,000

There's a lot of stories about reverse engineering UFOs.

381

00:33:17,000 --> 00:33:21,000

Yorg showed me Chuck Clark's old radio station.

382

00:33:21,000 --> 00:33:24,000

It was a very interesting place.

383

00:33:24,000 --> 00:33:27,000

It was a place that was very interesting.

384

00:33:27,000 --> 00:33:30,000

It was a very interesting place.

385

00:33:30,000 --> 00:33:39,000

The feds tore it apart after we dug up the warning sensors the military had placed on public land.

386

00:33:45,000 --> 00:33:51,000

The feds were ready to toss Yorg's place too, but Yorg's lawyers stopped them.

387

00:33:51,000 --> 00:33:55,000

The allegation at the time was that we stole a government property.

388

00:33:55,000 --> 00:34:00,000

In fact, by accident, by pure chance, Chuck discovered the first road sensor.

389

00:34:00,000 --> 00:34:02,000

How did they know who you two were?

390

00:34:02,000 --> 00:34:05,000

They know us. They know Chuck and they know me.

391

00:34:05,000 --> 00:34:08,000

We've been out to the border many times. They've taken our license plates.

392

00:34:08,000 --> 00:34:14,000

When we head out there today and we go out there, will I become a member of their list now?

393

00:34:14,000 --> 00:34:18,000

I think they have you on the list already. I think they know that you're coming.

394

00:34:18,000 --> 00:34:20,000

That is their job.

395

00:34:20,000 --> 00:34:28,000

Now, of course, everyone relates Area 51 to aliens, space people that come down.

396

00:34:28,000 --> 00:34:35,000

Do you feel that's just a red harem that the government throws out so that it kind of leads away from what they're actually doing?

397

00:34:35,000 --> 00:34:41,000

Yes, absolutely. What better thing to disguise whatever might be flying in the skies?

398

00:34:41,000 --> 00:34:45,000

What better thing to say was just a UFO and then the guy is labeled as a UFO nut.

399

00:34:45,000 --> 00:34:50,000

So they're creating planes out there that could be easily mistaken as UFOs?

400

00:34:50,000 --> 00:34:57,000

Yes, absolutely. They are having space weapons. They are doing research in space, but there are no space aliens.

401

00:35:01,000 --> 00:35:08,000

This is a satellite photo of Area 51. There are several runways here. There's another runway down here.

402

00:35:08,000 --> 00:35:16,000

There's large hangars, living quarters. At the south end of the base, this is the latest addition to Area 51.

403

00:35:16,000 --> 00:35:21,000

It's the biggest hangar at Area 51. It's very tall, very wide.

404

00:35:21,000 --> 00:35:24,000

What do you think is in there?

405

00:35:24,000 --> 00:35:28,000

Whatever it is, it is very, very secret, even from other projects in the base.

406

00:35:30,000 --> 00:35:34,000

Enough talk. It was time for some action.

407

00:35:35,000 --> 00:35:38,000

Time to ride out to Area 51.

408

00:35:43,000 --> 00:35:50,000

Then we were as close as we could get. We ditched the bikes and approached Area 51 on foot.

409

00:35:50,000 --> 00:35:53,000

There's actually two cameras up on that bridge.

410

00:35:53,000 --> 00:35:58,000

It was just like I'd been told. There was surveillance equipment.

411

00:35:59,000 --> 00:36:04,000

When you look over on that bridge, there's actually two cameras up on that bridge.

412

00:36:04,000 --> 00:36:07,000

It looks like it's got a thing for audio too.

413

00:36:07,000 --> 00:36:09,000

I would not be surprised at the least bit if they had...

414

00:36:09,000 --> 00:36:12,000

Oh, they probably are listening to our conversation.

415

00:36:12,000 --> 00:36:14,000

There were warning signs.

416

00:36:16,000 --> 00:36:21,000

It says it's unlawful to enter this area without permission of the installation commander.

417

00:36:21,000 --> 00:36:26,000

How would you find out who the installation commander was in which to even ask permission?

418

00:36:26,000 --> 00:36:35,000

You won't. If you try to file a Freedom of Information Act request about who the installation commander is,

419

00:36:35,000 --> 00:36:39,000

it usually comes back blank. It comes back with no records.

420

00:36:39,000 --> 00:36:46,000

And those orange markers connect them and you've got the imaginary line you're not allowed to cross.

421

00:36:46,000 --> 00:36:49,000

I remember George Knapp's warning.

422

00:36:49,000 --> 00:36:52,000

Go no further. Use of deadly force is authorized.

423

00:36:53,000 --> 00:36:56,000

So these guys are serious enough they're armed?

424

00:36:56,000 --> 00:36:57,000

They are.

425

00:36:57,000 --> 00:36:59,000

And they will use the weapon if they have to?

426

00:36:59,000 --> 00:37:04,000

Yes. And what happens is if we were to drive a vehicle inside, they would box us in.

427

00:37:04,000 --> 00:37:06,000

And then you get an ASCII firefight.

428

00:37:07,000 --> 00:37:11,000

And then sure enough, the security men pulled up.

429

00:37:11,000 --> 00:37:13,000

George Knapp predicted that too.

430

00:37:13,000 --> 00:37:18,000

There's a hill up there. There'll be two guys in a four-wheel drive watching you with binoculars.

431

00:37:22,000 --> 00:37:26,000

I mean, there's the orange pole, so I'm good and I'm behind that.

432

00:37:26,000 --> 00:37:32,000

I'm sure they at this point have probably radioed in and ran the license plates.

433

00:37:32,000 --> 00:37:34,000

And said the crazy Germans back.

434

00:37:34,000 --> 00:37:38,000

They have side arms and they were suddenly used and they needed.

435

00:37:38,000 --> 00:37:43,000

If I cross that line, all hell was going to break loose.

436

00:37:43,000 --> 00:37:48,000

You're going to shoot a former governor for crossing an imaginary line?

437

00:37:48,000 --> 00:37:53,000

I thought this was America, home of the brave land of the free.

438

00:37:55,000 --> 00:37:59,000

Coming up, guns, guts and glory.

439

00:37:59,000 --> 00:38:02,000

Showdown at area 51.

440

00:38:02,000 --> 00:38:09,000

And in Washington D.C. Jesse goes straight to the swords to find out what the government is hiding.

441

00:38:09,000 --> 00:38:13,000

At what point did trespassing become a capital offense in this country?

442

00:38:18,000 --> 00:38:20,000

Triceratops.

443

00:38:23,000 --> 00:38:28,000

Jesse Ventura is at the perimeter of the mysterious area 51.

444

00:38:28,000 --> 00:38:33,000

In a battle of wills with anonymous armed security guards.

445

00:38:35,000 --> 00:38:40,000

How it is in the United States of America that you can be shot for trespassing.

446

00:38:41,000 --> 00:38:44,000

He's a big target in their sights.

447

00:38:44,000 --> 00:38:48,000

If he makes the wrong move, he's history.

448

00:38:48,000 --> 00:38:53,000

They can just shoot you down for crossing past that little orange pole.

449

00:38:53,000 --> 00:38:58,000

You know, without a trial, without charges or anything.

450

00:38:58,000 --> 00:39:03,000

It was me against two anonymous heavies with guns.

451

00:39:03,000 --> 00:39:07,000

Me and Yorg Arnoux, the local guy who brought me out here.

452

00:39:07,000 --> 00:39:12,000

He was shaken, begging me not to walk past those orange markers.

453

00:39:12,000 --> 00:39:19,000

If I did, we'd wind up shot, beaten, in jail, or all three.

454

00:39:20,000 --> 00:39:22,000

But that's a death sentence.

455

00:39:24,000 --> 00:39:26,000

It wasn't worth it.

456

00:39:26,000 --> 00:39:34,000

If we managed to cross the line, we'd be heading across another 20 miles of free fire zone before we saw anything.

457

00:39:34,000 --> 00:39:37,000

You know what kills me most about this?

458

00:39:37,000 --> 00:39:40,000

Is the fact that you can't even talk to anyone.

459

00:39:40,000 --> 00:39:45,000

That these guys will sit up on the hill, not to be identified or anything of that nature.

460

00:39:45,000 --> 00:39:48,000

There's no way that you can ask anyone here a question.

461

00:39:48,000 --> 00:39:50,000

It's typical of our government today.

462

00:39:50,000 --> 00:39:53,000

We pay the taxes, we pay the freight.

463

00:39:53,000 --> 00:39:55,000

They don't have to account to anyone.

464

00:39:55,000 --> 00:39:59,000

They just set the rules and we're expected to obey them and not question them.

465

00:39:59,000 --> 00:40:00,000

Or go to jail.

466

00:40:00,000 --> 00:40:01,000

Or get shot.

467

00:40:01,000 --> 00:40:06,000

If you walk past an orange pole out in the middle of the freaking desert.

468

00:40:11,000 --> 00:40:14,000

So who is in charge?

469

00:40:17,000 --> 00:40:20,000

Area 51 may be off limits.

470

00:40:20,000 --> 00:40:27,000

But the danger it poses from toxic smoke to secret aircraft affect all of us.

471

00:40:27,000 --> 00:40:32,000

Congressman Dean Heller represents the Nevada district that includes Area 51.

472

00:40:32,000 --> 00:40:36,000

If I was him, I'd want to know what's going on.

473

00:40:36,000 --> 00:40:44,000

As I understand it, Representative Heller represents the area of Area 51.

474

00:40:44,000 --> 00:40:47,000

Is there somebody I could talk to about that?

475

00:40:47,000 --> 00:40:48,000

Yeah.

476

00:40:48,000 --> 00:40:52,000

When they saw it was me, they did a lot of scurrying.

477

00:40:52,000 --> 00:40:57,000

One of the congressman's staffers came out and shut the door behind him.

478

00:40:57,000 --> 00:41:01,000

Yeah, I'm Governor Ventura. I used to be Governor of Minnesota.

479

00:41:01,000 --> 00:41:02,000

Who are you?

480

00:41:02,000 --> 00:41:03,000

Sir Bobby.

481

00:41:03,000 --> 00:41:04,000

Oh, okay.

482

00:41:04,000 --> 00:41:06,000

The press secretary.

483

00:41:06,000 --> 00:41:07,000

The mouthpiece.

484

00:41:07,000 --> 00:41:09,000

I understand Mr. Heller.

485

00:41:09,000 --> 00:41:11,000

I'm going to go to the office.

486

00:41:11,000 --> 00:41:13,000

I'm going to go to the office.

487

00:41:13,000 --> 00:41:15,000

Okay, well, the press secretary.

488

00:41:15,000 --> 00:41:16,000

The mouthpiece.

489

00:41:16,000 --> 00:41:22,000

As I understand Mr. Heller has the district that encompasses Area 51.

490

00:41:22,000 --> 00:41:23,000

Okay.

491

00:41:23,000 --> 00:41:25,000

I'd like to ask some questions about it.

492

00:41:25,000 --> 00:41:28,000

I might give you my card and you can go back.

493

00:41:28,000 --> 00:41:30,000

I can't talk to you at all about Area 51.

494

00:41:30,000 --> 00:41:32,000

Will you acknowledge it exists?

495

00:41:32,000 --> 00:41:34,000

We're not allowed either.

496

00:41:34,000 --> 00:41:36,000

We have to go through a security clearance too.

497

00:41:36,000 --> 00:41:37,000

Well, that's the questions.

498

00:41:37,000 --> 00:41:42,000

That's the questions I want to talk about because I went out there and they can use lethal force.

499

00:41:42,000 --> 00:41:47,000

And what if someone's riding a dirt bike and doesn't see these little fluorescent poles that are about every 50 meters?

500

00:41:47,000 --> 00:41:49,000

Why isn't there a fence around the place?

501

00:41:49,000 --> 00:41:51,000

Why isn't there a guard shack?

502

00:41:51,000 --> 00:41:52,000

Where's my card?

503

00:41:52,000 --> 00:41:53,000

Yeah, I understand.

504

00:41:53,000 --> 00:41:55,000

But I'm very concerned over that.

505

00:41:55,000 --> 00:41:58,000

At what point did trespassing become a capital offense in this country?

506

00:41:58,000 --> 00:42:00,000

Without a trial.

507

00:42:00,000 --> 00:42:01,000

Okay.

508

00:42:01,000 --> 00:42:02,000

All right.

509

00:42:04,000 --> 00:42:06,000

That end of that.

510

00:42:06,000 --> 00:42:08,000

I'm going to give them a call.

511

00:42:08,000 --> 00:42:10,000

Make an appointment.

512

00:42:10,000 --> 00:42:13,000

They won't even talk about it because of security clearances.

513

00:42:13,000 --> 00:42:15,000

There never was any appointment.

514

00:42:15,000 --> 00:42:19,000

Area 51 is above the law.

515

00:42:19,000 --> 00:42:22,000

So what's the government hiding in Area 51?

516

00:42:22,000 --> 00:42:30,000

Little green men, UFOs, or just top secret weapons that don't show up on any budgets?

517

00:42:30,000 --> 00:42:34,000

Or if they're invisible, don't show up at all.

518

00:42:34,000 --> 00:42:36,000

It doesn't really matter.

519

00:42:36,000 --> 00:42:41,000

What does matter is our military and our government are pulling something over on us.

520

00:42:41,000 --> 00:42:43,000

They're spending millions.

521

00:42:43,000 --> 00:42:48,000

Now, make that billions of dollars of my money and your money.

522

00:42:48,000 --> 00:42:52,000

And they don't have to account for a damn cent.

523

00:42:52,000 --> 00:42:58,000

And if they're building all these space age weapons, why are we still sending soldiers off to die?

524

00:42:58,000 --> 00:43:01,000

I'm going to stay on their case on this one.

525

00:43:01,000 --> 00:43:03,000

What are they going to do?

526

00:43:03,000 --> 00:43:04,000

Arrest me?

527

00:43:04,000 --> 00:43:08,000

I'm Jesse Ventura, and this is Conspiracy Theory.
