

1

00:00:00,000 --> 00:00:07,000

Hidden power, secrets, cover-ups, corruption.

2

00:00:07,000 --> 00:00:12,000

You think you know the whole story?

3

00:00:12,000 --> 00:00:14,000

Think again.

4

00:00:14,000 --> 00:00:22,000

I've been governor, a Navy SEAL, a fighter.

5

00:00:22,000 --> 00:00:25,000

I've heard things that'll blow your mind,

6

00:00:25,000 --> 00:00:29,000

and now I think it's time you get the whole story.

7

00:00:30,000 --> 00:00:37,000

Now, the 9-11 conspiracy that was lost in the smoke from the trade towers.

8

00:00:37,000 --> 00:00:40,000

The attack on the Pentagon.

9

00:00:40,000 --> 00:00:46,000

Was the US military headquarters really hit by hijacked jetliner?

10

00:00:46,000 --> 00:00:49,000

Or was the damage caused by something else?

11

00:00:49,000 --> 00:00:53,000

An airplane causing that kind of damage is just nonsensical.

12

00:00:53,000 --> 00:00:57,000

We should not accept such an explanation.

13

00:00:58,000 --> 00:01:04,000

Jesse Ventura uncovers the clothes from the debris outside the Pentagon.

14

00:01:04,000 --> 00:01:07,000

I didn't see any tail, I didn't see any seats.

15

00:01:07,000 --> 00:01:09,000

I saw nothing that resembled an aircraft.

16

00:01:09,000 --> 00:01:13,000

To the survivors inside the Pentagon.

17

00:01:13,000 --> 00:01:16,000

Did you at all see an airplane?

18

00:01:16,000 --> 00:01:19,000

I didn't. To me, it sounded like a bomb.

19

00:01:19,000 --> 00:01:24,000

White-hard issues, the mainstream news media won't dare touch.

20

00:01:25,000 --> 00:01:30,000

We have many pilots speaking out, and our media just ignores them.

21

00:01:30,000 --> 00:01:33,000

Censors surveillance footage.

22

00:01:33,000 --> 00:01:36,000

The tapes were confiscated immediately by the FBI.

23

00:01:36,000 --> 00:01:39,000

Phantom phone calls from the jet.

24

00:01:39,000 --> 00:01:41,000

Right now, sir, women?

25

00:01:41,000 --> 00:01:45,000

My plane has been hijacked. What should I do?

26

00:01:45,000 --> 00:01:49,000

Aimed shocking allegations, the attack was staged

27

00:01:49,000 --> 00:01:53,000

to hide a massive Defense Department money scan.

28

00:01:53,000 --> 00:01:57,000

We cannot track \$2.3 trillion in transactions.

29

00:01:57,000 --> 00:02:02,000

And amazingly, that exact place, that quote, plane hit,

30

00:02:02,000 --> 00:02:07,000

was where all the computers were stored for what Rumsfeld talked about.

31

00:02:09,000 --> 00:02:13,000

Jesse Ventura storms the Pentagon.

32

00:02:13,000 --> 00:02:16,000

He confronts the 9-11 Commission.

33

00:02:16,000 --> 00:02:19,000

I think the Commission was doomed.

34

00:02:19,000 --> 00:02:22,000

Missiles. Bombs.

35

00:02:23,000 --> 00:02:26,000

Cover-ups.

36

00:02:26,000 --> 00:02:29,000

The 9-11 Pentagon conspiracy.

37

00:02:29,000 --> 00:02:34,000

I'm Jesse Ventura, and this is Conspiracy Theory.

38

00:02:37,000 --> 00:02:41,000

Jesse Ventura is inside the Pentagon.

39

00:02:41,000 --> 00:02:44,000

One of the most secure buildings in the world.

40

00:02:44,000 --> 00:02:50,000

And on September 11, 2001, the target of a terrorist attack.

41

00:02:51,000 --> 00:02:54,000

Or was it?

42

00:02:54,000 --> 00:02:59,000

The Governor is here to dispute the 9-11 Commission's official version of events.

43

00:03:01,000 --> 00:03:06,000

And investigate allegations of an inside job.

44

00:03:08,000 --> 00:03:10,000

And when he doesn't get what he's looking for,

45

00:03:10,000 --> 00:03:14,000

he goes straight to the 9-11 Commission's council.

46

00:03:15,000 --> 00:03:20,000

Okay, so Governor, you've asked me a lot of questions that indicate that

47

00:03:20,000 --> 00:03:24,000

you do not really believe that 9-11 happened the way it did.

48

00:03:24,000 --> 00:03:27,000

So what exactly is your bottom line and where are you going with this?

49

00:03:27,000 --> 00:03:30,000

My bottom line is the truth.

50

00:03:33,000 --> 00:03:38,000

After all these years, there are still a lot of questions about the 9-11 attacks

51

00:03:38,000 --> 00:03:41,000

that haven't even been asked.

52

00:03:42,000 --> 00:03:46,000

Especially when it comes to the Pentagon.

53

00:03:50,000 --> 00:03:54,000

That's why I followed up on a call from a guy named Charles Lewis.

54

00:03:54,000 --> 00:04:01,000

On September the 11th, he was an inspector for the Los Angeles Building and Safety Department.

55

00:04:01,000 --> 00:04:06,000

Fresh off a bunch of construction jobs at the LA International Airport.

56

00:04:07,000 --> 00:04:14,000

And what he witnessed at the airport that morning was more than enough reason to get on the case.

57

00:04:17,000 --> 00:04:20,000

Charlie, let's get right to it. Give me your story.

58

00:04:20,000 --> 00:04:24,000

What happened to you on September the 11th of 2001?

59

00:04:24,000 --> 00:04:28,000

On that morning, there was quite a bit of activity going on there.

60

00:04:28,000 --> 00:04:31,000

And I was able to hear a great deal of what was being said.

61

00:04:31,000 --> 00:04:36,000

I discovered that they were aware that LAX was one of the targets.

62

00:04:36,000 --> 00:04:43,000

They seemed to be very upset that of all the air traffic controllers watching those planes,

63

00:04:43,000 --> 00:04:47,000

no one had bothered to notify NORAD.

64

00:04:47,000 --> 00:04:51,000

NORAD, the North American Aerospace Defense Command.

65

00:04:51,000 --> 00:04:55,000

It's the nation's air defense system.

66

00:04:56,000 --> 00:05:03,000

And the word came back that NORAD had indeed been notified, but they were ordered to stand down.

67

00:05:03,000 --> 00:05:07,000

NORAD had been ordered to stand down.

68

00:05:08,000 --> 00:05:16,000

Stand down. That means our air defense system was ordered not to send up fighter jets

69

00:05:16,000 --> 00:05:20,000

to intercept the hijacked planes that were on the loose.

70

00:05:21,000 --> 00:05:25,000

Who gave the order for NORAD to stand down?

71

00:05:25,000 --> 00:05:29,000

The word came back that the order had come from the highest level of the White House.

72

00:05:31,000 --> 00:05:34,000

It couldn't have been George W. Bush who gave the order.

73

00:05:34,000 --> 00:05:39,000

We all know he was in Florida reading the pet goat to a bunch of school kids.

74

00:05:39,000 --> 00:05:44,000

It could only be one man, the vice president, Dick Cheney.

75

00:05:45,000 --> 00:05:48,000

I guess they figured they had to follow orders.

76

00:05:49,000 --> 00:05:52,000

But Charles Lewis' story doesn't end there.

77

00:05:53,000 --> 00:06:00,000

After he got the stand down information, he heard something else on the high level police radio frequency.

78

00:06:00,000 --> 00:06:07,000

The Pentagon had been hit, but not by American Airlines Flight 77.

79

00:06:09,000 --> 00:06:12,000

They said that a missile had hit the Pentagon.

80

00:06:12,000 --> 00:06:17,000

Clearly they said a missile had hit the Pentagon, not an airplane but a missile.

81

00:06:17,000 --> 00:06:19,000

A missile.

82

00:06:19,000 --> 00:06:27,000

I was very surprised by the time that I got home and got the television on that it had somehow mysteriously changed from a missile to an airplane.

83

00:06:28,000 --> 00:06:31,000

A missile? A stand down?

84

00:06:31,000 --> 00:06:38,000

There were a lot of rumors and hysteria that day, but this guy was in on official transmissions.

85

00:06:39,000 --> 00:06:42,000

And he said there was even more evidence.

86

00:06:43,000 --> 00:06:49,000

It was high time we looked into this and find out what the government might be hiding.

87

00:06:50,000 --> 00:07:01,000

The 9-11 commission says Flight 77 took off from Dulles Airport outside of Washington shortly after the other two planes had already left the two that hit the tower.

88

00:07:02,000 --> 00:07:07,000

Then it says it turned around and struck the Pentagon at 9.37 a.m.

89

00:07:07,000 --> 00:07:19,000

Right. Now that makes sense from the hijackers point of view that they left right after those other two planes left because then the crew from Flight 77 wouldn't get word of the New York attacks in time to stop this new wave of attacks.

90

00:07:19,000 --> 00:07:27,000

But that isn't what our informants telling us. This informant told me that he heard radio traffic that talked about a missile.

91

00:07:28,000 --> 00:07:30,000

Wow. That's insane.

92

00:07:30,000 --> 00:07:33,000

Well there's a lot of stuff that doesn't add up.

93

00:07:33,000 --> 00:07:40,000

As crazy and wild as this sounds, I still think we ought to check it out.

94

00:07:41,000 --> 00:07:46,000

There was a lot of evidence and a lot of clues that might help solve the mystery.

95

00:07:46,000 --> 00:07:51,000

Me and my investigators were going to fan out and hit them all.

96

00:07:54,000 --> 00:07:58,000

Coming up. A jet, a missile, or a bomb?

97

00:07:59,000 --> 00:08:04,000

Exclusive FBI video blasts holes in the official story.

98

00:08:04,000 --> 00:08:11,000

The nose of an airplane causing that kind of damage is just nonsensical. It doesn't make any sense.

99

00:08:12,000 --> 00:08:14,000

My plane has been hijacked.

100

00:08:14,000 --> 00:08:20,000

Then a shocking explanation for the phone calls that allegedly came from the doomed flight.

101

00:08:21,000 --> 00:08:28,000

I'll show you a voice morph, which is to be able to take a voice and just change it into another voice.

102

00:08:28,000 --> 00:08:30,000

This sound had urgent all the way.

103

00:08:30,000 --> 00:08:32,000

But where did he start?

104

00:08:32,000 --> 00:08:40,000

And later, Jesse Ventura storms a Pentagon officials office and demands answers for you.

105

00:08:40,000 --> 00:08:45,000

I still question why we can't see all the security cameras in film.

106

00:08:51,000 --> 00:08:52,000

Crasher.

107

00:08:56,000 --> 00:09:01,000

Conspiracy theories have only grown in the years since the 9-11 attacks.

108

00:09:02,000 --> 00:09:06,000

Most of the focus has been on the destruction of the World Trade Tower.

109

00:09:07,000 --> 00:09:12,000

The lesser known story is what really happened at the Pentagon.

110

00:09:13,000 --> 00:09:19,000

Jesse Ventura and his team are out to find evidence of the truths that have been withheld.

111

00:09:21,000 --> 00:09:24,000

I got boots on the ground in Washington.

112

00:09:25,000 --> 00:09:29,000

June was across the Potomac meeting a 9-11 conspiracy expert.

113

00:09:30,000 --> 00:09:33,000

Matt Sullivan laid out the first evidence of a conspiracy.

114

00:09:34,000 --> 00:09:39,000

Did someone stop fighter jets from intercepting the hijacked airliner?

115

00:09:40,000 --> 00:09:43,000

So, do you think there could have been a stand-down order?

116

00:09:43,000 --> 00:09:46,000

Well, you know, we get that from the Manetta testimony.

117

00:09:46,000 --> 00:09:50,000

Norman Manetta was the transportation secretary at the time of 9-11.

118

00:09:50,000 --> 00:09:53,000

And he testified in front of the 9-11 police.

119

00:09:54,000 --> 00:09:56,000

May 23rd, 2003.

120

00:09:57,000 --> 00:10:02,000

Manetta said he was in the White House underground bunker with Vice President Dick Cheney,

121

00:10:02,000 --> 00:10:06,000

while Flight 77 was speeding toward the Pentagon.

122

00:10:07,000 --> 00:10:10,000

There was a young man who would come in and say to the Vice President,

123

00:10:10,000 --> 00:10:13,000

the plane is 50 miles out.

124

00:10:13,000 --> 00:10:15,000

The plane is 30 miles out.

125

00:10:16,000 --> 00:10:19,000

And when it got down to the plane is 10 miles out,

126

00:10:19,000 --> 00:10:22,000

the young man also said to the Vice President,

127

00:10:22,000 --> 00:10:24,000

do the orders still stand?

128

00:10:25,000 --> 00:10:30,000

And the Vice President turned and whipped his neck around and said,

129

00:10:30,000 --> 00:10:32,000

of course the orders still stand.

130

00:10:33,000 --> 00:10:38,000

If Manetta's testimony is correct that the plane was the one going into the Pentagon,

131

00:10:38,000 --> 00:10:41,000

then clearly it must have been an order not to shoot the plane down

132

00:10:41,000 --> 00:10:43,000

because the plane wasn't shot down.

133

00:10:43,000 --> 00:10:47,000

So did Manetta's testimony ever make it to the 9-11 Commission Report?

134

00:10:48,000 --> 00:10:51,000

No, his testimony never appears in the printed report.

135

00:10:51,000 --> 00:10:57,000

But even more interesting, it's been excised from the video record of the 9-11 Commission.

136

00:10:57,000 --> 00:10:58,000

Whoa!

137

00:10:59,000 --> 00:11:07,000

The 9-11 Commission slapped a gag on the transportation secretary for not towing the party line.

138

00:11:08,000 --> 00:11:11,000

And why didn't the military stop the hijacked jet?

139

00:11:11,000 --> 00:11:16,000

Matt Sullivan says the evidence at the scene begins to answer that question.

140

00:11:16,000 --> 00:11:20,000

Maybe a jet never hit the Pentagon at all.

141

00:11:20,000 --> 00:11:23,000

We know something happened at the Pentagon,

142

00:11:23,000 --> 00:11:25,000

but we don't know that a plane crashed into it.

143

00:11:26,000 --> 00:11:30,000

There's no big sections, there's no tail sections, there's no fuselage.

144

00:11:31,000 --> 00:11:33,000

It wasn't a jet.

145

00:11:34,000 --> 00:11:39,000

My investigator Daniel was getting the same story from Duane Deets.

146

00:11:41,000 --> 00:11:44,000

Deets used to be an engineer with NASA.

147

00:11:45,000 --> 00:11:52,000

He demonstrated how the damage at the Pentagon just doesn't add up to a 757.

148

00:11:53,000 --> 00:11:59,000

You would expect a twin-engine transport airplane like the 757.

149

00:11:59,000 --> 00:12:02,000

You would notice the two engine holes.

150

00:12:03,000 --> 00:12:07,000

That would be very prominent from all aircraft accidents that we know of.

151

00:12:07,000 --> 00:12:12,000

Whereas we didn't see two obvious engine holes in the front.

152

00:12:13,000 --> 00:12:19,000

But if I can go to the other end, you can see the damage path and that comes to a point there.

153

00:12:19,000 --> 00:12:22,000

It's the point on what's called the C-ring of the Pentagon.

154

00:12:23,000 --> 00:12:30,000

At that point, where you would expect the nose of the airplane to be totally disintegrated,

155

00:12:30,000 --> 00:12:36,000

it looks like a very extremely strong and impenetrable item,

156

00:12:36,000 --> 00:12:38,000

struck it and just blew out the hole.

157

00:12:38,000 --> 00:12:40,000

It doesn't make any sense.

158

00:12:40,000 --> 00:12:43,000

It would have been broken up by that point or it would have vaporized by that point.

159

00:12:43,000 --> 00:12:49,000

That's right. Transport airplanes have got material that is not strong at all in the nose area.

160

00:12:49,000 --> 00:12:53,000

The nose of an airplane going through all of that material

161

00:12:53,000 --> 00:12:57,000

and then causing that kind of damage is just nonsensical.

162

00:12:58,000 --> 00:13:05,000

So if there's a question about what did or didn't hit the Pentagon, why not go to the videotape?

163

00:13:06,000 --> 00:13:11,000

Every inch outside the Pentagon is covered by security cameras.

164

00:13:13,000 --> 00:13:19,000

An FBI report indicated at least 85 cameras were up and working that morning.

165

00:13:20,000 --> 00:13:23,000

Yeah, there were a lot of cameras around the Pentagon.

166

00:13:23,000 --> 00:13:27,000

If you look at the Pentagon, you can see that there's cameras on each corner.

167

00:13:27,000 --> 00:13:30,000

There's cameras at some of the businesses around the Pentagon.

168

00:13:30,000 --> 00:13:36,000

We know in those cases the tapes were confiscated immediately by the FBI within hours of the event.

169

00:13:37,000 --> 00:13:45,000

It took five years of lawsuits to force the Defense Department to release just three minutes of footage.

170

00:13:46,000 --> 00:13:50,000

And it all came down to five frames.

171

00:13:53,000 --> 00:13:55,000

Notice anything strange?

172

00:13:56,000 --> 00:14:02,000

No video or photos have ever shown an airliner approaching or hitting the building.

173

00:14:03,000 --> 00:14:07,000

This is what I think happened to the plane in towards the Pentagon.

174

00:14:07,000 --> 00:14:10,000

I think it actually pulled up a little bit.

175

00:14:10,000 --> 00:14:13,000

There was a big explosion that we all saw.

176

00:14:13,000 --> 00:14:15,000

And then what happened to the plane?

177

00:14:15,000 --> 00:14:20,000

Well, it continued on somewhere behind this big cloud of black smoke.

178

00:14:20,000 --> 00:14:25,000

Dietz is saying the jetliner flew just above this camera's view.

179

00:14:26,000 --> 00:14:28,000

It never hit the Pentagon.

180

00:14:29,000 --> 00:14:31,000

Something else caused the explosion.

181

00:14:33,000 --> 00:14:36,000

And there's another problem with the official story.

182

00:14:37,000 --> 00:14:44,000

The terrorists didn't have the expertise to fly a high-speed jet into such a low structure.

183

00:14:45,000 --> 00:14:48,000

So said former Air Force pilot Rob Balsamo.

184

00:14:49,000 --> 00:14:57,000

I met him at a small airport in Virginia where the alleged hijack pilot, Hany Hanyour, took flying lessons.

185

00:14:58,000 --> 00:15:08,000

For Hany Hanyour to have this aircraft going 150 knots over its max operating limit is just incredible speeds for the aircraft.

186

00:15:09,000 --> 00:15:14,000

The vertical speeds are too great to be level across the lawn.

187

00:15:15,000 --> 00:15:19,000

The alleged pilot and the jet couldn't do it.

188

00:15:20,000 --> 00:15:22,000

We were going to have to put this one to the test.

189

00:15:24,000 --> 00:15:28,000

Coming up inside the flight simulator.

190

00:15:28,000 --> 00:15:33,000

Proof that no one could have steered Flight 77 into the Pentagon.

191

00:15:34,000 --> 00:15:36,000

Okay, 440 knots.

192

00:15:38,000 --> 00:15:39,000

You're going back.

193

00:15:39,000 --> 00:15:40,000

Yes, sir.

194

00:15:41,000 --> 00:15:46,000

Then, was this an inside job by our own Defense Department?

195

00:15:46,000 --> 00:15:49,000

Jesse Ventura follows the money.

196

00:15:50,000 --> 00:16:00,000

The day before 9-11, Donald Rumsfeld talks about they can't account for \$2.3 trillion of Pentagon expenses.

197

00:16:01,000 --> 00:16:06,000

And later, shocking evidence that phone calls from the doomed jet were faked.

198

00:16:06,000 --> 00:16:10,000

We may have been duped by someone pretending to be his life.

199

00:16:19,000 --> 00:16:29,000

American Airlines Flight 77 left Washington Dulles Airport for Los Angeles at 8.20 a.m. on September 11, 2001.

200

00:16:30,000 --> 00:16:37,000

The Boeing 757 held 58 passengers, 4 flight attendants and 2 pilots.

201

00:16:38,000 --> 00:16:41,000

It veered off course at 8.40 a.m.

202

00:16:43,000 --> 00:16:49,000

Its transponder, which identifies the jet on radar, shut off at 8.56.

203

00:16:50,000 --> 00:16:57,000

The National Transportation Safety Board says the jet hit the Pentagon at 9.37 45 a.m.

204

00:16:58,000 --> 00:17:03,000

But was it even possible for an inexperienced pilot to pull off the maneuver?

205

00:17:05,000 --> 00:17:11,000

Jesse Ventura learns more about the aircraft and the alleged hijacker from pilot Rob Balsamo.

206

00:17:12,000 --> 00:17:18,000

Now we re at the airport where Hane Han Jor supposedly tried to rent an airplane seminal of this one.

207

00:17:18,000 --> 00:17:19,000

This one here?

208

00:17:19,000 --> 00:17:20,000

Assessment once exactly.

209

00:17:20,000 --> 00:17:23,000

They refused to rent them 172 because he couldn't control it.

210

00:17:23,000 --> 00:17:24,000

That's unheard of.

211

00:17:26,000 --> 00:17:28,000

Now let me ask you this.

212

00:17:28,000 --> 00:17:35,000

You as a professional pilot, how much more difficult is it to fly a Cessna 172 or a 752-2?

213

00:17:35,000 --> 00:17:44,000

How much more difficult is it to fly a Cessna 172 or a 757 or a 767 Boeing jet?

214

00:17:44,000 --> 00:17:45,000

Oh well.

215

00:17:45,000 --> 00:17:48,000

First of all, it s night and day when you look at the cockpit compared to each other.

216

00:17:49,000 --> 00:17:51,000

Hanee Han Jor could not control 757.

217

00:17:54,000 --> 00:17:59,000

Investigator Daniel Kuchen is at another airport to meet Captain Rusty Amur.

218

00:18:00,000 --> 00:18:04,000

They ll use a flight simulator to replicate the jet s path to destruction.

219

00:18:05,000 --> 00:18:06,000

Or will they?

220

00:18:07,000 --> 00:18:10,000

So I've flown a tiny bit in the very small planes.

221

00:18:10,000 --> 00:18:11,000

Okay, good.

222

00:18:11,000 --> 00:18:16,000

So your experience is somewhat similar to the alleged hijackers.

223

00:18:18,000 --> 00:18:25,000

From what we know, they even had problems in a small airplane at the fastest maybe 120 knots.

224

00:18:25,000 --> 00:18:29,000

You're going to speed this up to 500 knots.

225

00:18:29,000 --> 00:18:30,000

Physics don't allow it.

226

00:18:31,000 --> 00:18:35,000

At those speeds, the wings have departed long time ago.

227

00:18:35,000 --> 00:18:37,000

The surfaces will just rip off.

228

00:18:37,000 --> 00:18:40,000

500 knots is way too much.

229

00:18:40,000 --> 00:18:42,000

The airplane is not designed for that.

230

00:18:45,000 --> 00:18:54,000

The problem with controlling the aircraft on 9-11 is the fact that the aircraft was doing 110 knots over its max operating limit.

231

00:18:55,000 --> 00:18:59,000

That s why we have so many pilots speaking out and they re raising their BS legs.

232

00:19:01,000 --> 00:19:07,000

Meanwhile, Daniel was at the controls in that 757 flight simulator.

233

00:19:08,000 --> 00:19:11,000

He had as good a chance as anybody of hitting the target.

234

00:19:12,000 --> 00:19:14,000

Okay, you're 311 knots.

235

00:19:14,000 --> 00:19:16,000

You want to go all the way around?

236

00:19:16,000 --> 00:19:18,000

Yeah, because I've got to get back towards the city here.

237

00:19:18,000 --> 00:19:20,000

You can feel it right now.

238

00:19:20,000 --> 00:19:21,000

You feel the G-forces?

239

00:19:21,000 --> 00:19:22,000

Yeah.

240

00:19:22,000 --> 00:19:23,000

All right, go for it.

241

00:19:23,000 --> 00:19:24,000

Go towards it.

242

00:19:24,000 --> 00:19:27,000

I m going to increase your speed to your 360 knots.

243

00:19:27,000 --> 00:19:28,000

There we go.

244

00:19:28,000 --> 00:19:30,000

Your 424 knots.

245

00:19:30,000 --> 00:19:33,000

And again, your radius of turn is becoming so great.

246

00:19:33,000 --> 00:19:35,000

Yeah, it s hard.

247

00:19:35,000 --> 00:19:37,000

Keep it turning. Keep it turning.

248

00:19:37,000 --> 00:19:38,000

Keep it turning.

249

00:19:38,000 --> 00:19:39,000

Keep it turning.

250

00:19:39,000 --> 00:19:40,000

Now go down.

251

00:19:40,000 --> 00:19:41,000

Die for it.

252

00:19:41,000 --> 00:19:42,000

Yeah.

253

00:19:42,000 --> 00:19:44,000

There s 500 knots.

254

00:19:45,000 --> 00:19:46,000

Keep it going.

255

00:19:46,000 --> 00:19:47,000

It s very touchy.

256

00:19:47,000 --> 00:19:48,000

I can understand.

257

00:19:48,000 --> 00:19:49,000

Now you re going on your back.

258

00:19:50,000 --> 00:19:51,000

You re going on your back.

259

00:19:51,000 --> 00:19:52,000

Keep it rolling.

260

00:19:52,000 --> 00:19:53,000

Keep it rolling.

261

00:19:53,000 --> 00:19:54,000

Keep it rolling.

262

00:19:54,000 --> 00:19:55,000

Keep it rolling.

263

00:19:55,000 --> 00:19:58,000

You hit something, but obviously it was not that building.

264

00:20:00,000 --> 00:20:09,000

So it s your professional opinion that Hanji could not fly that 757 the way the government told us he did?

265

00:20:09,000 --> 00:20:11,000

Well, it s not even just professional opinion.

266

00:20:11,000 --> 00:20:13,000

It s based on facts and data.

267

00:20:13,000 --> 00:20:14,000

Okay.

268

00:20:14,000 --> 00:20:15,000

It s past that.

269

00:20:17,000 --> 00:20:18,000

370 knots.

270

00:20:18,000 --> 00:20:19,000

Oh, come on.

271

00:20:19,000 --> 00:20:20,000

Hang on.

272

00:20:20,000 --> 00:20:21,000

I m going to get him.

273

00:20:21,000 --> 00:20:22,000

I m going to get him.

274

00:20:23,000 --> 00:20:24,000

440 knots.

275

00:20:25,000 --> 00:20:26,000

You re going on your back.

276

00:20:26,000 --> 00:20:27,000

I missed him.

277

00:20:27,000 --> 00:20:28,000

I missed again.

278

00:20:29,000 --> 00:20:30,000

There s no denying.

279

00:20:30,000 --> 00:20:31,000

It s incredibly difficult.

280

00:20:31,000 --> 00:20:37,000

Especially with that turn that the NTSB data said, the 277 made, and then he levels off

281

00:20:37,000 --> 00:20:39,000

and then pretty much just guns it straight in.

282

00:20:39,000 --> 00:20:43,000

That straight path right in is really incredibly difficult.

283

00:20:43,000 --> 00:20:44,000

Correct.

284

00:20:44,000 --> 00:20:45,000

Correct.

285

00:20:45,000 --> 00:20:46,000

So what do you think?

286

00:20:46,000 --> 00:20:47,000

I couldn't do it.

287

00:20:48,000 --> 00:20:49,000

You couldn't do it.

288

00:20:49,000 --> 00:20:50,000

Not a thing.

289

00:20:50,000 --> 00:20:51,000

You couldn't do it.

290

00:20:51,000 --> 00:20:52,000

Not at that speed.

291

00:20:52,000 --> 00:20:54,000

Not at 500 knots.

292

00:20:54,000 --> 00:21:01,000

So if it wasn't the plane that hit the Pentagon, what the hell wasn't?

293

00:21:01,000 --> 00:21:05,000

I think it's about time we start looking at other possibilities.

294

00:21:07,000 --> 00:21:12,000

Coming up, Jesse uncovers what really caused the damage to the Pentagon.

295

00:21:12,000 --> 00:21:15,000

Shocking accounts from ones who were there.

296

00:21:15,000 --> 00:21:18,000

To me, it sounded like a bomb.

297

00:21:18,000 --> 00:21:21,000

I saw nothing that resembled an aircraft.

298

00:21:21,000 --> 00:21:25,000

Then, what about those phone calls from the Doom flight?

299

00:21:25,000 --> 00:21:28,000

The bizarre, shocking conspiracy theory.

300

00:21:28,000 --> 00:21:32,000

He may have been duped by someone pretending to be his wife.

301

00:21:32,000 --> 00:21:34,000

My plane has been hijacked.

302

00:21:34,000 --> 00:21:36,000

What should I do?

303

00:21:36,000 --> 00:21:43,000

And later, Jesse Ventura confronts a 9-11 commissioner and demands the truth.

304

00:21:43,000 --> 00:21:49,000

Why has all the tape of the plane hitting the Pentagon been confiscated, put in national security?

305

00:21:49,000 --> 00:21:51,000

I have no idea.

306

00:22:00,000 --> 00:22:06,000

Conspiracy theories about the 9-11 attack on the Pentagon exploded on the fifth anniversary

307

00:22:06,000 --> 00:22:11,000

when a 9-11 commissioner slipped up on national television.

308

00:22:12,000 --> 00:22:19,000

There were many times you were afraid, especially when I was standing in front of the Pentagon that night

309

00:22:19,000 --> 00:22:29,000

saying one of our fortresses pried open by a missile, an airplane pried open by a missile.

310

00:22:31,000 --> 00:22:33,000

Pryed open by a missile?

311

00:22:33,000 --> 00:22:36,000

Something exploded at the Pentagon.

312

00:22:36,000 --> 00:22:38,000

But was it a jetliner?

313

00:22:38,000 --> 00:22:42,000

The only bodies found at the scene were Pentagon employees.

314

00:22:42,000 --> 00:22:48,000

But there's never been evidence of passengers' bodies being recovered from the Pentagon wreckage.

315

00:22:49,000 --> 00:22:57,000

The Flight 77 victims were only identified later at Dover Air Force Base, 104 miles away.

316

00:23:00,000 --> 00:23:06,000

Now, Jesse Ventura's team finds eyewitnesses to confirm expert opinion about the explosion.

317

00:23:06,000 --> 00:23:10,000

People who were outside and inside the Pentagon.

318

00:23:14,000 --> 00:23:17,000

I arrived at a DC diner to meet April Gallup.

319

00:23:18,000 --> 00:23:23,000

She was a US Army specialist working inside the Pentagon the morning of 9-11

320

00:23:23,000 --> 00:23:28,000

when something exploded 30 feet from her desk.

321

00:23:29,000 --> 00:23:31,000

And she wasn't alone.

322

00:23:31,000 --> 00:23:34,000

She'd brought her two-month-old baby to work.

323

00:23:34,000 --> 00:23:39,000

When I went to sit down at the computer, I put my son's stroller right beside me.

324

00:23:39,000 --> 00:23:43,000

As soon as I went to turn on the computer, boom.

325

00:23:45,000 --> 00:23:47,000

A massive explosion.

326

00:23:47,000 --> 00:23:48,000

That's it.

327

00:23:48,000 --> 00:23:50,000

And this was the plane hitting the Pentagon.

328

00:23:50,000 --> 00:23:52,000

To me, it sounded like a bomb.

329

00:23:52,000 --> 00:23:53,000

Sounded like a bomb.

330

00:23:53,000 --> 00:23:54,000

Sounded like a bomb.

331

00:23:55,000 --> 00:23:58,000

I was covered from here all the way down.

332

00:23:58,000 --> 00:24:00,000

People were saying, help me, save me.

333

00:24:00,000 --> 00:24:06,000

And so I low crawled out under my elbows and I reached over the debris that we were climbing over.

334

00:24:06,000 --> 00:24:11,000

And I pulled up the baby by the onesie and put him over my shoulder.

335

00:24:11,000 --> 00:24:14,000

And we went out, came out of the gaping hole I passed out.

336

00:24:14,000 --> 00:24:19,000

So you walked out the hole that the plane supposedly created?

337

00:24:21,000 --> 00:24:23,000

Did you at all see an airplane?

338

00:24:23,000 --> 00:24:24,000

I did.

339

00:24:24,000 --> 00:24:26,000

That's why it was really hard for me to believe.

340

00:24:30,000 --> 00:24:33,000

June found even more supporting evidence.

341

00:24:33,000 --> 00:24:37,000

When she met news cameraman Bob Pugh near the Capitol,

342

00:24:37,000 --> 00:24:42,000

he'd started filming within five minutes of the explosion.

343

00:24:42,000 --> 00:24:46,000

This will be the actual unedited video that I shot that morning.

344

00:24:46,000 --> 00:24:47,000

What's happening here?

345

00:24:47,000 --> 00:24:49,000

This is the first frame I shot.

346

00:24:49,000 --> 00:24:53,000

This was about 100 yards from the impact site or the site of the fire.

347

00:24:53,000 --> 00:24:54,000

Just to stop you a moment.

348

00:24:54,000 --> 00:24:55,000

Yes.

349

00:24:55,000 --> 00:24:57,000

Have you ever been to another plane crash site?

350

00:24:57,000 --> 00:25:04,000

I was at the Air Florida crash in 1980 when it hit Potomac River when it took off from Washington National Airport.

351

00:25:04,000 --> 00:25:06,000

And how did that differ from this?

352

00:25:06,000 --> 00:25:08,000

It was identifiable.

353

00:25:08,000 --> 00:25:12,000

I mean, the tail was taken out of the water, there was debris.

354

00:25:12,000 --> 00:25:16,000

They actually recovered a lot of the victims, sold in their seats.

355

00:25:16,000 --> 00:25:18,000

But look how clean the lawn is.

356

00:25:18,000 --> 00:25:19,000

I know.

357

00:25:19,000 --> 00:25:23,000

There is no sign that a plane has been anywhere near this lawn.

358

00:25:23,000 --> 00:25:28,000

I was looking for pieces, anything to identify what I might be looking at.

359

00:25:28,000 --> 00:25:29,000

And I saw nothing.

360

00:25:29,000 --> 00:25:31,000

No luggage, no wheels, no engines.

361

00:25:31,000 --> 00:25:34,000

Nothing that resembled an aircraft.

362

00:25:36,000 --> 00:25:41,000

There is a picture of the hole and it's basically the size of a two car garage.

363

00:25:41,000 --> 00:25:45,000

That hole in the Pentagon was relatively small.

364

00:25:45,000 --> 00:25:48,000

Too small to be made by a 757.

365

00:25:48,000 --> 00:25:54,000

In 1957, if it looked bigger, it's because of the fire and structure collapse that followed.

366

00:25:54,000 --> 00:25:57,000

I couldn't discern a mark of the wings as they came out.

367

00:25:57,000 --> 00:26:02,000

I can't logically make that fit with what they tell me happened here.

368

00:26:05,000 --> 00:26:09,000

April Gallop's story picks up in the hospital.

369

00:26:09,000 --> 00:26:17,000

April said that she and her son were recovering from their injuries when she got a visit from the military brass.

370

00:26:17,000 --> 00:26:19,000

And they asked you what you thought happened.

371

00:26:19,000 --> 00:26:22,000

I said, well, I thought it was a bomb.

372

00:26:22,000 --> 00:26:24,000

And they were like, no, it was this.

373

00:26:24,000 --> 00:26:29,000

Then they corrected you when you said it was a bomb, then they informed you know it was an airplane.

374

00:26:29,000 --> 00:26:30,000

Exactly.

375

00:26:32,000 --> 00:26:35,000

Have you testified before the 9-11 Commission?

376

00:26:35,000 --> 00:26:37,000

No, never been called, never been contacted.

377

00:26:37,000 --> 00:26:42,000

And I don't know of any video that was taken earlier by anyone.

378

00:26:43,000 --> 00:26:47,000

Since 9-11, have you been threatened in any way?

379

00:26:47,000 --> 00:26:50,000

Have you been told to keep your mouth shut?

380

00:26:50,000 --> 00:26:51,000

Yes, I have.

381

00:26:51,000 --> 00:26:52,000

Who does that?

382

00:26:52,000 --> 00:26:54,000

That was my military leaders.

383

00:26:57,000 --> 00:26:59,000

Do you feel threatened today too?

384

00:27:02,000 --> 00:27:04,000

Yes, I do.

385

00:27:05,000 --> 00:27:06,000

And you know what?

386

00:27:06,000 --> 00:27:08,000

I'm just gonna go.

387

00:27:08,000 --> 00:27:09,000

I'm just gonna go.

388

00:27:12,000 --> 00:27:19,000

After all these years, April Gallop still fears the government is out to silence her.

389

00:27:19,000 --> 00:27:21,000

For good reason.

390

00:27:23,000 --> 00:27:32,000

She filed a lawsuit against the government claiming Flight 77's black boxes will indicate the jet passed over the Pentagon

391

00:27:32,000 --> 00:27:39,000

amid an explosion and fireball from a planted bomb, bombs and or missile.

392

00:27:41,000 --> 00:27:44,000

The FBI said the boxes were recovered.

393

00:27:44,000 --> 00:27:55,000

But get this, the government says their cockpit voice recorders were badly damaged, useless, convenient.

394

00:27:55,000 --> 00:27:58,000

April, be careful.

395

00:27:59,000 --> 00:28:06,000

This conspiracy was looking all too obvious, but there was one more loose end to clear up.

396

00:28:06,000 --> 00:28:12,000

Look, there was at least one phone call made from that jet while it was happening.

397

00:28:14,000 --> 00:28:17,000

Coming up, an amazing accusation.

398

00:28:17,000 --> 00:28:21,000

Evidence that phone calls from the jet could have been faked.

399

00:28:21,000 --> 00:28:23,000

This is called a morph.

400

00:28:23,000 --> 00:28:26,000

A morph is where it goes from one voice to the other voice.

401

00:28:26,000 --> 00:28:28,000

This is called the original life.

402

00:28:28,000 --> 00:28:37,000

Then, a monstrous motive was the attack planned as part of a Pentagon plot to cover up trillions of missing dollars.

403

00:28:37,000 --> 00:28:42,000

You're putting planes into the World Trade Center to send us off to war.

404

00:28:42,000 --> 00:28:45,000

Why wouldn't we add a little icing to the cake?

405

00:28:45,000 --> 00:28:49,000

We got some major troubles in the Pentagon that we got to account for.

406

00:28:50,000 --> 00:28:58,000

And later, the governor storms into the Pentagon and demands the truth from a member of the 9-11 Commission.

407

00:28:58,000 --> 00:29:01,000

I'm not sure if you just think the 9-11 Commission was duped.

408

00:29:01,000 --> 00:29:05,000

Oh no, I think the 9-11 Commission was duped.

409

00:29:12,000 --> 00:29:14,000

To me, it sounded like a bomb.

410

00:29:15,000 --> 00:29:19,000

I just spoke with a lady named April Gallup.

411

00:29:19,000 --> 00:29:24,000

She worked right where this happened in the Pentagon.

412

00:29:24,000 --> 00:29:27,000

And she was there that day.

413

00:29:27,000 --> 00:29:33,000

She even walked out the damn hole that was created by the plane.

414

00:29:33,000 --> 00:29:40,000

And she doesn't recall seeing one thing that indicated a plane had crashed there.

415

00:29:40,000 --> 00:29:45,000

Yet we're supposed to believe government people that weren't even there?

416

00:29:45,000 --> 00:29:50,000

Look, there was at least one phone call made from that jet while it was happening.

417

00:29:50,000 --> 00:29:53,000

There were passengers on that plane that had this experience.

418

00:29:53,000 --> 00:29:55,000

These are real people we're talking about.

419

00:29:55,000 --> 00:29:57,000

Not just an abstraction, not just an idea.

420

00:29:59,000 --> 00:30:05,000

Flight 77 disappeared from radar for 28 minutes before the Pentagon was hit.

421

00:30:05,000 --> 00:30:11,000

The only evidence the jet was still airborne came from phone calls allegedly placed from inside.

422

00:30:12,000 --> 00:30:19,000

George W. Bush's solicitor general Ted Olson says he received two calls from his wife, Barbara.

423

00:30:22,000 --> 00:30:30,000

But that story is about to be disputed, disproven, and exposed as a cruel ploy.

424

00:30:30,000 --> 00:30:34,000

We have the problem with an impossible call. It didn't happen.

425

00:30:35,000 --> 00:30:41,000

Dr. A.K. Dudley speaks to investigator Jun Sarpong from Ontario, Canada.

426

00:30:41,000 --> 00:30:43,000

He's a noted computer scientist.

427

00:30:43,000 --> 00:30:50,000

He conducted tests proving that cell phone calls could not have been made from the jet.

428

00:30:50,000 --> 00:30:55,000

It flew too fast and too high to connect with any cell towers.

429

00:30:56,000 --> 00:30:57,000

It couldn't have been cell phone calls.

430

00:30:57,000 --> 00:31:03,000

In fact, within a few days of 9-11, Olson changed his story to say that it was the back of the seat phone.

431

00:31:03,000 --> 00:31:07,000

Were there even passenger seat phones on Flight 77?

432

00:31:07,000 --> 00:31:17,000

A meticulous researcher noticed on the American Airlines website that the 757 equipment was not equipped with back of the seat or air phones as they called them.

433

00:31:17,000 --> 00:31:27,000

And then later on, at the Masui trial in 2006, an FBI source reported to the court that in fact Ted Olson received no cell phone calls from his wife,

434

00:31:27,000 --> 00:31:32,000

except possibly one in which the connection time was zero seconds.

435

00:31:33,000 --> 00:31:38,000

Zero seconds? That would mean no conversation at all.

436

00:31:38,000 --> 00:31:47,000

We have a pretty big contradiction because we've got Olson claiming that she told him that there are air-abbed hijackers with box cutters on board,

437

00:31:47,000 --> 00:31:50,000

and we've got the FBI saying no, that call didn't happen.

438

00:31:50,000 --> 00:31:56,000

Wow! Is this guy saying Ted Olson lied about his wife's last words?

439

00:31:56,000 --> 00:32:04,000

I prefer to believe that Olson is telling the truth, that he may have been duped by someone pretending to be his wife.

440

00:32:05,000 --> 00:32:09,000

What kind of technology would be needed to fake a phone call?

441

00:32:09,000 --> 00:32:14,000

Better yet, how could a guy not know what his own wife sounds like?

442

00:32:16,000 --> 00:32:19,000

So you're a forensic scientist?

443

00:32:19,000 --> 00:32:20,000

Yes.

444

00:32:20,000 --> 00:32:28,000

Turns out, it's easy. Daniel was getting a first-hand demonstration from forensic audio technician Kent Gibson.

445

00:32:28,000 --> 00:32:35,000

I need to be able to call you and make you think that it's a friend of yours calling or a relation, even though it's me.

446

00:32:35,000 --> 00:32:41,000

Well, cell phones have many opportunities for extraneous noise, which is really the way you hide anything.

447

00:32:41,000 --> 00:32:42,000

Like crackling or static.

448

00:32:42,000 --> 00:32:45,000

Yeah, because that's natural in a cell phone.

449

00:32:45,000 --> 00:32:50,000

First up, creating a voice on a computer and making it sound human.

450

00:32:50,000 --> 00:32:52,000

What would you like for me to type?

451

00:32:52,000 --> 00:32:55,000

My plane has been hijacked. What should I do?

452

00:32:55,000 --> 00:32:56,000

A man or a woman?

453

00:32:56,000 --> 00:32:57,000

A man.

454

00:32:57,000 --> 00:32:59,000

Okay, let's try it.

455

00:32:59,000 --> 00:33:02,000

My plane has been hijacked. What should I do?

456

00:33:02,000 --> 00:33:04,000

Right now, let's see a woman.

457

00:33:04,000 --> 00:33:08,000

My plane has been hijacked. What should I do?

458

00:33:08,000 --> 00:33:12,000

I've got another machine over here, which is a little different.

459

00:33:12,000 --> 00:33:17,000

This time, the guy took my voice and made it his.

460

00:33:17,000 --> 00:33:22,000

This is called a morph. A morph is where it goes from one voice to the other voice.

461

00:33:22,000 --> 00:33:25,000

That's a morph from me digesting it back.

462

00:33:25,000 --> 00:33:28,000

This sounded urgent all right, but where do we start?

463

00:33:28,000 --> 00:33:32,000

This sounded urgent all right, but where do we start?

464

00:33:32,000 --> 00:33:38,000

It's easy to see how they could take any voice and make it sound like Olson's wife.

465

00:33:38,000 --> 00:33:40,000

This sounded urgent all right.

466

00:33:40,000 --> 00:33:42,000

But where do we start?

467

00:33:42,000 --> 00:33:48,000

There's no question that there are some serious, serious problems with the interpretation

468

00:33:48,000 --> 00:33:52,000

given to the events of 9-11 by the White House.

469

00:33:52,000 --> 00:33:57,000

So if it wasn't Al Qaeda terrorists who hit the Pentagon, who did?

470

00:33:57,000 --> 00:33:59,000

And what was the motive?

471

00:33:59,000 --> 00:34:03,000

I'd found it was more than a missile, more than a bomb.

472

00:34:03,000 --> 00:34:07,000

There was real speculation that this was an inside job.

473

00:34:07,000 --> 00:34:12,000

Okay, so what reason did you guys come up with for the Pentagon to attack its own headquarters?

474

00:34:12,000 --> 00:34:17,000

Well, it's simple. If you believe a theory that the Bush administration wanted a pretext to go to war in Iraq?

475

00:34:18,000 --> 00:34:20,000

Now, let's take it a step further.

476

00:34:20,000 --> 00:34:24,000

The day before 9-11, on the 10th of September,

477

00:34:24,000 --> 00:34:35,000

Donald Rumsfeld holds a press conference and talks about they can't account for \$2.3 trillion of Pentagon expenses.

478

00:34:35,000 --> 00:34:41,000

According to some estimates, we cannot track \$2.3 trillion in transactions.

479

00:34:41,000 --> 00:34:52,000

And amazingly, the exact place that, quote, plain hit was where all the computers and data were stored at for what Rumsfeld talked about.

480

00:34:52,000 --> 00:34:55,000

Yeah, it's unthinkable until you think about it.

481

00:34:55,000 --> 00:34:58,000

More than records were lost in the impact area.

482

00:34:58,000 --> 00:35:02,000

One Army office lost 34 of its 65 employees.

483

00:35:02,000 --> 00:35:06,000

The office was called Resource Services Washington.

484

00:35:06,000 --> 00:35:08,000

The victims were at their desks.

485

00:35:08,000 --> 00:35:12,000

Most were civilians, bookkeepers, accountants, budget analysts,

486

00:35:12,000 --> 00:35:17,000

the folks who'd know most about a cover-up and who was stealing the money.

487

00:35:17,000 --> 00:35:19,000

What does Rumsfeld have to say about that?

488

00:35:19,000 --> 00:35:24,000

Nothing. We've tried to contact his office on multiple occasions and we get no answer.

489

00:35:24,000 --> 00:35:26,000

I've served in the military.

490

00:35:26,000 --> 00:35:29,000

There would be one room that they would keep all this stuff.

491

00:35:29,000 --> 00:35:32,000

There would be multiple dots there that need to be connected.

492

00:35:32,000 --> 00:35:34,000

And I can connect them.

493

00:35:34,000 --> 00:35:40,000

It's an extension of the original up, getting two for one.

494

00:35:40,000 --> 00:35:45,000

You're putting planes into the World Trade Center to send us off to war.

495

00:35:45,000 --> 00:35:47,000

Wait a minute. Let me finish.

496

00:35:47,000 --> 00:35:50,000

To send us off to war on top of it.

497

00:35:50,000 --> 00:35:53,000

Why wouldn't we add a little icing to the cake?

498

00:35:53,000 --> 00:35:56,000

We got some major troubles in the Pentagon.

499

00:35:56,000 --> 00:36:04,000

If we send a missile in there and blow it up, no one will ever talk about that September 10th press conference again.

500

00:36:04,000 --> 00:36:06,000

And am I not right on that?

501

00:36:06,000 --> 00:36:11,000

It was time to visit the Pentagon and hit the government with the evidence.

502

00:36:13,000 --> 00:36:20,000

Coming up, the governor marches into the Pentagon and confronts a member of the 9-11 Commission.

503

00:36:20,000 --> 00:36:30,000

The day before 9-11, Secretary of Defense Donald Rumsfeld reports that they have simply lost \$2.3 trillion.

504

00:36:30,000 --> 00:36:32,000

Do you recall that the day before 9-11?

505

00:36:42,000 --> 00:36:46,000

Was the 9-11 attack on the Pentagon an inside job?

506

00:36:47,000 --> 00:36:53,000

With Vice President Dick Cheney and Defense Secretary Donald Rumsfeld implicated in the conspiracy,

507

00:36:53,000 --> 00:37:00,000

Jesse Ventura charges into the U.S. defense headquarters to demand the truth.

508

00:37:04,000 --> 00:37:06,000

I made my way through security.

509

00:37:06,000 --> 00:37:12,000

I met the Defense Department escorts, trying to lead me to a PR flak.

510

00:37:13,000 --> 00:37:16,000

Not interested. I wanted to see the impact site.

511

00:37:18,000 --> 00:37:23,000

This is where the records for that missing \$2.3 trillion were kept.

512

00:37:23,000 --> 00:37:27,000

This is where all the financial people were killed.

513

00:37:30,000 --> 00:37:33,000

This is the angle right where the plane allegedly kicked me in there.

514

00:37:33,000 --> 00:37:37,000

Yes, there was a security camera in the parking lot just to the right.

515

00:37:37,000 --> 00:37:43,000

There was a security camera on the far end of the building that caught the aircraft as it came in.

516

00:37:44,000 --> 00:37:48,000

This guy's just spouting 9-11 Commission script.

517

00:37:48,000 --> 00:37:52,000

The only video they've released doesn't show a jet at all.

518

00:37:53,000 --> 00:37:58,000

I still question why we can't see all the security cameras in film.

519

00:37:58,000 --> 00:38:01,000

I don't understand why we're not allowed to see them.

520

00:38:02,000 --> 00:38:05,000

A jet, a missile, a bomb.

521

00:38:05,000 --> 00:38:08,000

All the evidence has been swept away and papered over.

522

00:38:09,000 --> 00:38:12,000

I needed to talk to a member of the 9-11 Commission.

523

00:38:12,000 --> 00:38:17,000

Find out why these questions never made it to the official 9-11 report.

524

00:38:19,000 --> 00:38:21,000

Janice Kephart was Commission counsel.

525

00:38:22,000 --> 00:38:25,000

Her names on the report let her defend it.

526

00:38:27,000 --> 00:38:33,000

One thing that troubled me greatly was the fact that the day before 9-11,

527

00:38:33,000 --> 00:38:39,000

Secretary of Defense Donald Rumsfeld has a press conference where he reports that they

528

00:38:39,000 --> 00:38:42,000

have simply lost \$2.3 trillion.

529

00:38:42,000 --> 00:38:45,000

They don't have receipts for it. They don't know where it went.

530

00:38:45,000 --> 00:38:47,000

Do you recall that the day before 9-11?

531

00:38:47,000 --> 00:38:49,000

Well, if you don't, that's what happened.

532

00:38:50,000 --> 00:38:55,000

According to some estimates, we cannot track \$2.3 trillion in transaction.

533

00:38:55,000 --> 00:39:00,000

And how ironic that the exact place that was struck in the Pentagon

534

00:39:00,000 --> 00:39:04,000

was where all those records were supposedly had to be.

535

00:39:04,000 --> 00:39:06,000

Now all destroyed.

536

00:39:06,000 --> 00:39:10,000

So I guess the \$2.3 trillion we as taxpayers just say,

537

00:39:10,000 --> 00:39:12,000

Say Lovey.

538

00:39:12,000 --> 00:39:15,000

Now isn't that a bit much?

539

00:39:15,000 --> 00:39:17,000

I have no idea.

540

00:39:17,000 --> 00:39:21,000

Why has all the tape of the plane hitting the Pentagon been confiscated,

541

00:39:21,000 --> 00:39:26,000

put in national security and were not allowed to view the plane hitting the Pentagon?

542

00:39:26,000 --> 00:39:28,000

And don't come back with me and say,

543

00:39:28,000 --> 00:39:32,000

But they did. You saw that little flash of five frames.

544

00:39:35,000 --> 00:39:37,000

I have no idea.

545

00:39:37,000 --> 00:39:39,000

Well, you know, the government...

546

00:39:39,000 --> 00:39:41,000

It's very Warren commission-ish.

547

00:39:41,000 --> 00:39:45,000

The government has a tremendous propensity for secrecy.

548

00:39:45,000 --> 00:39:50,000

And the Defense Department and others do as well.

549

00:39:51,000 --> 00:39:53,000

You believe that?

550

00:39:53,000 --> 00:39:58,000

The lawyer admits our government's still hiding the truth from you and me.

551

00:39:58,000 --> 00:40:01,000

There was no rubble outside.

552

00:40:01,000 --> 00:40:03,000

All there was was a hole.

553

00:40:03,000 --> 00:40:05,000

What happened to where the wings hit?

554

00:40:05,000 --> 00:40:09,000

Ask that question to our 9-11 Commission staffer,

555

00:40:09,000 --> 00:40:13,000

who was the only survivor from that room who made it out.

556

00:40:13,000 --> 00:40:16,000

I did talk to April Gallup,

557

00:40:16,000 --> 00:40:19,000

who was actually inside the room in the Pentagon.

558

00:40:19,000 --> 00:40:22,000

And she looked me in the eye and told me unequivocally,

559

00:40:22,000 --> 00:40:27,000

I saw nothing that indicated a plane hit the Pentagon.

560

00:40:27,000 --> 00:40:31,000

I felt that a bomb had exploded.

561

00:40:31,000 --> 00:40:35,000

There are witnesses because they always have different versions of different things.

562

00:40:35,000 --> 00:40:40,000

Okay, so, Governor, you've asked me a lot of questions that indicate that

563

00:40:40,000 --> 00:40:44,000

you do not really believe that 9-11 happened the way it did.

564

00:40:44,000 --> 00:40:47,000

So what exactly is your bottom line and where are you going with this?

565

00:40:47,000 --> 00:40:50,000

My bottom line's the truth.

566

00:40:50,000 --> 00:40:54,000

I mean, I'm not sure if you just think the 9-11 Commission was duped,

567

00:40:54,000 --> 00:40:57,000

or if you think 9-11 Commission was part of the problem.

568

00:40:57,000 --> 00:41:00,000

Oh, no, I think the 9-11 Commission was duped.

569

00:41:00,000 --> 00:41:03,000

I don't think you got all the information.

570

00:41:03,000 --> 00:41:06,000

I think information was withheld from you all,

571

00:41:06,000 --> 00:41:11,000

much the same as the Warren Commission in the murder of John Kennedy.

572

00:41:11,000 --> 00:41:14,000

Tons of information was withheld.

573

00:41:14,000 --> 00:41:19,000

And that's what it gets down to, the 9-11 Commission itself.

574

00:41:19,000 --> 00:41:24,000

Janice Kephard told me it was under a time crunch, underfunded,

575

00:41:24,000 --> 00:41:27,000

not allowed to include dissenting opinions,

576

00:41:27,000 --> 00:41:31,000

and got no cooperation from the White House.

577

00:41:31,000 --> 00:41:34,000

We only had to do subpoenas in a couple different areas.

578

00:41:34,000 --> 00:41:38,000

Subpoenas would be required in this investigation.

579

00:41:38,000 --> 00:41:42,000

Why would someone in government not want to come and tell you what they know?

580

00:41:42,000 --> 00:41:45,000

When 3,000 people were murdered that day.

581

00:41:45,000 --> 00:41:49,000

Because it's always about protection of the institution in the end.

582

00:41:49,000 --> 00:41:50,000

Wow.

583

00:41:50,000 --> 00:41:51,000

So we had...

584

00:41:51,000 --> 00:41:55,000

That's really eye-opening for me as an American citizen to learn

585

00:41:55,000 --> 00:42:00,000

that protecting the institution is more important than learning the truth.

586

00:42:01,000 --> 00:42:07,000

It'll take more than a 400-page report to put these conspiracy theories to rest.

587

00:42:07,000 --> 00:42:09,000

And you know what's worse?

588

00:42:09,000 --> 00:42:13,000

The people behind the conspiracy, behind the cover-up,

589

00:42:13,000 --> 00:42:16,000

they're still running our government.

590

00:42:16,000 --> 00:42:20,000

Still lying, still hiding the truth.

591

00:42:23,000 --> 00:42:26,000

Was it a missile that hit the Pentagon?

592

00:42:26,000 --> 00:42:27,000

Was it a bomb?

593

00:42:27,000 --> 00:42:29,000

Or was it what they told us?

594

00:42:29,000 --> 00:42:32,000

It's been almost 10 years.

595

00:42:32,000 --> 00:42:36,000

And I wouldn't be asking these questions if the government would play straight with us.

596

00:42:36,000 --> 00:42:42,000

If they have the footage from all those surveillance cameras, let us see it.

597

00:42:42,000 --> 00:42:46,000

If there was no stand-down order, prove it.

598

00:42:46,000 --> 00:42:51,000

And don't question my patriotism because I'm looking for answers.

599

00:42:51,000 --> 00:42:58,000

One thing I've learned, if you don't hold their feet to the fire, everybody gets burned.

600

00:42:58,000 --> 00:43:02,000

I'm Jesse Ventura, and this is Conspiracy Theory.

601

00:43:06,000 --> 00:43:08,000

Conspiracy Theory
