

1

00:00:00,000 --> 00:00:07,000

Hidden power, secrets, cover-ups, corruption.

2

00:00:07,000 --> 00:00:12,000

You think you know the whole story?

3

00:00:12,000 --> 00:00:15,000

Think again.

4

00:00:15,000 --> 00:00:22,000

I've been governor, a Navy SEAL, a fighter.

5

00:00:22,000 --> 00:00:25,000

I've heard things that'll blow your mind,

6

00:00:25,000 --> 00:00:29,000

and now I think it's time you get the whole story.

7

00:00:29,000 --> 00:00:33,000

Now, it's the most dangerous investigation

8

00:00:33,000 --> 00:00:35,000

in conspiracy theory history.

9

00:00:35,000 --> 00:00:37,000

You're talking about death ray.

10

00:00:37,000 --> 00:00:38,000

Death ray.

11

00:00:38,000 --> 00:00:41,000

Jesse Ventura puts his life on the line

12

00:00:41,000 --> 00:00:45,000

to uncover a secret weapon that can stop a heart

13

00:00:45,000 --> 00:00:49,000

at 30 feet, destroy cities.

14

00:00:49,000 --> 00:00:50,000

It's that dangerous.

15

00:00:50,000 --> 00:00:54,000

And may have caused America's worst catastrophes.

16

00:00:54,000 --> 00:00:56,000

The space shuttle's really.

17

00:00:56,000 --> 00:00:57,000

Let's go, guys!

18

00:00:57,000 --> 00:01:00,000

The towers didn't slam the ground.

19

00:01:00,000 --> 00:01:02,000

They turned to dust in midair.

20

00:01:02,000 --> 00:01:05,000

This ray, it could destroy a building.

21

00:01:05,000 --> 00:01:07,000

It can actually take out a hole in the continent.

22

00:01:07,000 --> 00:01:10,000

It's a case to test the bond between father and son.

23

00:01:10,000 --> 00:01:11,000

Are you crazy?

24

00:01:11,000 --> 00:01:13,000

No, I'm not crazy.

25

00:01:13,000 --> 00:01:14,000

Leads to death threats.

26

00:01:14,000 --> 00:01:16,000

He said that people have been killed

27

00:01:16,000 --> 00:01:17,000

looking into this information.

28

00:01:17,000 --> 00:01:20,000

I call them stealth murder weapons.

29

00:01:20,000 --> 00:01:23,000

And the most shocking event this conspiracy team

30

00:01:23,000 --> 00:01:24,000

has ever encountered.

31

00:01:24,000 --> 00:01:26,000

It looks like he was having a seizure,

32

00:01:26,000 --> 00:01:28,000

and I was screaming.

33

00:01:28,000 --> 00:01:30,000

Somebody dies.

34

00:01:30,000 --> 00:01:33,000

As Jesse Ventura blasts open.

35

00:01:33,000 --> 00:01:36,000

Aren't you in fear for your life?

36

00:01:36,000 --> 00:01:39,000

The death ray, conspiracy.

37

00:01:39,000 --> 00:01:43,000

I'm Jesse Ventura, and this is conspiracy theory.

38

00:01:50,000 --> 00:01:53,000

Jesse Ventura is on a hunt for a secret weapon,

39

00:01:53,000 --> 00:01:56,000

the most dangerous and deadly of them all.

40

00:01:56,000 --> 00:01:59,000

He's been led here, to this man,

41

00:01:59,000 --> 00:02:04,000

a man who's managed to avoid a fate so many could not.

42

00:02:04,000 --> 00:02:06,000

Sudden death.

43

00:02:06,000 --> 00:02:09,000

How do you think you survived?

44

00:02:18,000 --> 00:02:21,000

This one was dangerous from the start.

45

00:02:21,000 --> 00:02:25,000

I just never imagined how deadly it would all turn out.

46

00:02:25,000 --> 00:02:29,000

It began when I got a call to meet Dr. Fred Bell.

47

00:02:29,000 --> 00:02:33,000

He's a scientist who's worked on a lot of top secret

48

00:02:33,000 --> 00:02:34,000

government programs.

49

00:02:34,000 --> 00:02:38,000

He wanted to tell me that one of those secrets got loose.

50

00:02:38,000 --> 00:02:40,000

A secret beam weapon, a death ray.

51

00:02:40,000 --> 00:02:41,000

A real, that could kill.

52

00:02:41,000 --> 00:02:42,000

It's a death ray.

53

00:02:42,000 --> 00:02:43,000

A death ray, yes.

54

00:02:43,000 --> 00:02:48,000

I think it's going to be used for very destructive purposes.

55

00:02:48,000 --> 00:02:49,000

Now wait a minute, Dr.

56

00:02:49,000 --> 00:02:54,000

I don't just run off and chase down everything that somebody comes with.

57

00:02:54,000 --> 00:02:55,000

How do you know about this?

58

00:02:55,000 --> 00:02:58,000

I was a NASA rocket scientist, and when I left that,

59

00:02:58,000 --> 00:03:00,000

I became a consultant in the industry,

60

00:03:00,000 --> 00:03:03,000

and in that time, I helped develop that ray.

61

00:03:03,000 --> 00:03:05,000

You helped develop the ray?

62

00:03:07,000 --> 00:03:10,000

Dr, what exactly in layman's terms is a death ray?

63

00:03:10,000 --> 00:03:13,000

The first phase, it's like a microwave that you can direct.

64

00:03:13,000 --> 00:03:15,000

It penetrates the surface of your skin

65

00:03:15,000 --> 00:03:17,000

and stimulates the central nervous system.

66

00:03:17,000 --> 00:03:18,000

It's very hard to attack.

67

00:03:18,000 --> 00:03:20,000

It's not like shooting somebody.

68

00:03:20,000 --> 00:03:22,000

There's no traces of crime.

69

00:03:22,000 --> 00:03:26,000

It's a perfect way for secret government operatives to do wet work.

70

00:03:26,000 --> 00:03:27,000

Wet work?

71

00:03:27,000 --> 00:03:30,000

That's CIA talk for assassinations.

72

00:03:30,000 --> 00:03:33,000

This death ray comes pocket-size.

73

00:03:33,000 --> 00:03:35,000

First phase, now give me second phase.

74

00:03:35,000 --> 00:03:38,000

It completely destroys matter.

75

00:03:38,000 --> 00:03:40,000

It becomes anti-matter.

76

00:03:41,000 --> 00:03:44,000

It can be absolute destruction.

77

00:03:44,000 --> 00:03:45,000

Really?

78

00:03:45,000 --> 00:03:49,000

So in other words, using this ray, it could destroy a building?

79

00:03:49,000 --> 00:03:51,000

A building, a whole city.

80

00:03:51,000 --> 00:03:53,000

A building is...

81

00:03:53,000 --> 00:03:54,000

Use some explosives on that.

82

00:03:54,000 --> 00:03:55,000

You're a demolition expert.

83

00:03:55,000 --> 00:03:57,000

You could take a building down yourself.

84

00:03:57,000 --> 00:04:00,000

No, I'm talking about a whole city to go.

85

00:04:00,000 --> 00:04:01,000

Boom.

86

00:04:01,000 --> 00:04:02,000

Really, really.

87

00:04:02,000 --> 00:04:04,000

It's that dangerous.

88

00:04:04,000 --> 00:04:08,000

Something that big, you'd want to make sure it doesn't get out.

89

00:04:08,000 --> 00:04:09,000

That's the most deadly form.

90

00:04:09,000 --> 00:04:13,000

And you can also create a protection around the city with this.

91

00:04:13,000 --> 00:04:15,000

Protection around a city.

92

00:04:15,000 --> 00:04:18,000

This is where things start falling into place.

93

00:04:18,000 --> 00:04:20,000

Now, I remember in the 80s,

94

00:04:20,000 --> 00:04:23,000

Ronald Reagan wanted to create Star Wars.

95

00:04:23,000 --> 00:04:28,000

This protective device that if missiles were shot at the U.S.,

96

00:04:28,000 --> 00:04:32,000

we would have some mechanism in which to destroy or take them out.

97

00:04:32,000 --> 00:04:35,000

And I find it interesting, we never really learned.

98

00:04:35,000 --> 00:04:36,000

Were they successful?

99

00:04:36,000 --> 00:04:37,000

They were.

100

00:04:37,000 --> 00:04:38,000

They were successful.

101

00:04:38,000 --> 00:04:40,000

You worked on Star Wars.

102

00:04:40,000 --> 00:04:44,000

If Fred Bell was working on a top secret Star Wars program,

103

00:04:44,000 --> 00:04:47,000

he's really going out on a limb telling me,

104

00:04:47,000 --> 00:04:48,000

talk about wet work,

105

00:04:48,000 --> 00:04:51,000

people get killed giving up this kind of information.

106

00:04:51,000 --> 00:04:58,000

Doctor, everything you're telling me seems to be classified top, top secret.

107

00:04:58,000 --> 00:05:00,000

Aren't you in fear for your life?

108

00:05:00,000 --> 00:05:01,000

No.

109

00:05:01,000 --> 00:05:02,000

Why?

110

00:05:02,000 --> 00:05:06,000

Because sometimes they need favors from me even, you know?

111

00:05:06,000 --> 00:05:10,000

Sometimes something is necessary and I'll go help with it.

112

00:05:10,000 --> 00:05:12,000

Where do I need to go from here?

113

00:05:12,000 --> 00:05:14,000

Well, it began with Tesla.

114

00:05:14,000 --> 00:05:15,000

Tesla.

115

00:05:15,000 --> 00:05:21,000

He means Nikola Tesla, the inventor from the early 20th century.

116

00:05:21,000 --> 00:05:24,000

He came up with something called directed energy,

117

00:05:24,000 --> 00:05:29,000

an energy beam, powerful, destructive stuff.

118

00:05:29,000 --> 00:05:31,000

He started in 1900 with this project.

119

00:05:31,000 --> 00:05:35,000

And he came up with a death rate as a result of this research.

120

00:05:35,000 --> 00:05:42,000

But you're concerned enough today that this death rate could be used for purposes not exactly good.

121

00:05:42,000 --> 00:05:43,000

Oh, yes.

122

00:05:43,000 --> 00:05:44,000

Yeah.

123

00:05:44,000 --> 00:05:45,000

So that's a start.

124

00:05:45,000 --> 00:05:50,000

Small enough to kill a person, big enough to take down a city.

125

00:05:50,000 --> 00:05:56,000

We've got to find out who's got their hands on this thing and what it's being used for.

126

00:05:56,000 --> 00:05:59,000

Jesse takes the case to his team.

127

00:05:59,000 --> 00:06:09,000

Investigator June Sarban, his advisor, Graveman, and the new guys, John Stone, son of controversial director Oliver Stone,

128

00:06:09,000 --> 00:06:14,000

and Tyrell Ventura, son of Jesse.

129

00:06:14,000 --> 00:06:18,000

Here's what it keeps coming back to me, people, is this.

130

00:06:18,000 --> 00:06:23,000

In the 80s, what was Ronald Reagan's major focus?

131

00:06:23,000 --> 00:06:24,000

Star Wars.

132

00:06:24,000 --> 00:06:32,000

They spent billions of dollars doing this, but they never, ever told us whether they were successful, did they?

133

00:06:32,000 --> 00:06:33,000

It kind of just went away.

134

00:06:33,000 --> 00:06:34,000

Yeah.

135

00:06:34,000 --> 00:06:36,000

It kind of just drifted off into the sunset.

136

00:06:36,000 --> 00:06:39,000

Well, what if indeed they were successful?

137

00:06:39,000 --> 00:06:46,000

They did create a Star Wars type thing using this energy, the Tesla style stuff,

138

00:06:46,000 --> 00:06:49,000

to where they could destroy missiles flying through the air.

139

00:06:49,000 --> 00:06:50,000

What's that mean?

140

00:06:50,000 --> 00:06:53,000

It's basically Tesla 2.0.

141

00:06:53,000 --> 00:06:57,000

Is this technology worth killing for, to hide it?

142

00:06:57,000 --> 00:06:59,000

That's the best question.

143

00:06:59,000 --> 00:07:00,000

That's the best question.

144

00:07:00,000 --> 00:07:01,000

Your point is great.

145

00:07:01,000 --> 00:07:06,000

Would death be in the equation to keep it secret?

146

00:07:06,000 --> 00:07:07,000

People die.

147

00:07:07,000 --> 00:07:12,000

They've died for a lot less to keep things secret.

148

00:07:12,000 --> 00:07:16,000

Let's get on this.

149

00:07:16,000 --> 00:07:20,000

Jesse's team finds some logical places to start.

150

00:07:20,000 --> 00:07:22,000

Dr. Graveman, come.

151

00:07:22,000 --> 00:07:25,000

June begins at the source, Tesla.

152

00:07:25,000 --> 00:07:30,000

Tesla's long dead, but Dr. Michael Pravica is alive and well.

153

00:07:30,000 --> 00:07:33,000

He's the top Tesla expert in the world.

154

00:07:33,000 --> 00:07:37,000

Tesla was one of the world's greatest geniuses.

155

00:07:37,000 --> 00:07:41,000

He ended up dying in 1943.

156

00:07:41,000 --> 00:07:49,000

After Tesla died, the FBI, as we know, basically took his belongings and confiscated his plants for this tethra.

157

00:07:49,000 --> 00:07:53,000

So you're saying the government has had these plants since the 1940s?

158

00:07:53,000 --> 00:07:56,000

Yes.

159

00:07:56,000 --> 00:08:01,000

Meanwhile, Tarell and Sean find their way to a dusty little town in New Mexico.

160

00:08:01,000 --> 00:08:06,000

I don't know what's inside this compound over here on the right.

161

00:08:06,000 --> 00:08:13,000

This is where military veteran William Lyne is hunkered down.

162

00:08:13,000 --> 00:08:14,000

Hi.

163

00:08:14,000 --> 00:08:15,000

Hello, Bill.

164

00:08:15,000 --> 00:08:17,000

What are you guys looking for?

165

00:08:17,000 --> 00:08:23,000

He claims he's been under attack by his own government using a death ray.

166

00:08:23,000 --> 00:08:26,000

Let me show you my backyard.

167

00:08:26,000 --> 00:08:29,000

There's some interesting things that happened back there.

168

00:08:29,000 --> 00:08:35,000

I used to stay in that end of the house, but I moved back up this way because I was having trouble with these things.

169

00:08:35,000 --> 00:08:36,000

Really?

170

00:08:36,000 --> 00:08:37,000

Yeah, shooting me.

171

00:08:37,000 --> 00:08:41,000

You actually moved within your own home to stay away from these weapons?

172

00:08:41,000 --> 00:08:45,000

Yeah, I had to get away from the windows.

173

00:08:45,000 --> 00:08:46,000

Coming up.

174

00:08:46,000 --> 00:08:47,000

I basically killed somebody.

175

00:08:47,000 --> 00:08:51,000

Nobody knows they've been murdered because the coroner's going to say natural causes.

176

00:08:51,000 --> 00:08:54,000

Jesse and his team uncover shocking evidence.

177

00:08:54,000 --> 00:08:58,000

The space shuttles were knocked down by some sort of a death ray.

178

00:08:58,000 --> 00:09:01,000

That the death ray caused historic disasters.

179

00:09:01,000 --> 00:09:03,000

The towers went away.

180

00:09:03,000 --> 00:09:04,000

They didn't burn up.

181

00:09:04,000 --> 00:09:05,000

They didn't slam the ground.

182

00:09:05,000 --> 00:09:06,000

And later.

183

00:09:06,000 --> 00:09:08,000

Did you fear for your life today?

184

00:09:08,000 --> 00:09:09,000

No.

185

00:09:09,000 --> 00:09:10,000

Why?

186

00:09:10,000 --> 00:09:11,000

We're crazy.

187

00:09:11,000 --> 00:09:13,000

Jesse confronts the mad scientist behind the deadly weapon.

188

00:09:13,000 --> 00:09:18,000

You have no doubt the power of directed energy could drop buildings.

189

00:09:18,000 --> 00:09:21,000

That's coming up on Conspiracy Theory.

190

00:09:33,000 --> 00:09:37,000

Jesse Ventura is chasing down a death ray conspiracy.

191

00:09:37,000 --> 00:09:45,000

Is the government hiding a secret weapon that can kill a person or destroy a city with a blast of energy?

192

00:09:45,000 --> 00:09:48,000

And who stole the plants?

193

00:09:48,000 --> 00:09:51,000

Jesse's team is gathering evidence.

194

00:09:51,000 --> 00:09:56,000

I realized they were shooting these things at me because they really righty straight on.

195

00:09:56,000 --> 00:10:02,000

Tyrell and Sean are in New Mexico with a guy who says he's been targeted and he says he knows who did it.

196

00:10:02,000 --> 00:10:06,000

And then I started getting headaches and I was getting sick.

197

00:10:08,000 --> 00:10:13,000

June is with Dr. Michael Pravica at the University of Nevada in Las Vegas.

198

00:10:13,000 --> 00:10:18,000

The doc's an expert on Nikola Tesla, the death ray godfather.

199

00:10:18,000 --> 00:10:26,000

Nikola Tesla developed the modern alternating current system of electricity that we all use which includes hydroelectric power.

200

00:10:26,000 --> 00:10:32,000

And he had envisioned an even greater far reaching vision of free energy for all humanity.

201

00:10:32,000 --> 00:10:36,000

So he created energy that you didn't have to plug in so it'd be free.

202

00:10:36,000 --> 00:10:40,000

Well unfortunately as we know in the real world you need backing for your ideas.

203

00:10:40,000 --> 00:10:49,000

And these financiers said well wait a minute I can't make a profit on it because I can't measure how much they've used and so they rescinded their funding.

204

00:10:49,000 --> 00:10:52,000

Free energy may be a threat to the powers that be.

205

00:10:52,000 --> 00:10:57,000

But it's nothing compared to the awesome power of Tesla's directed energy.

206

00:10:57,000 --> 00:11:08,000

Directed energy is for example this laser behind me is just a form of a beam concentrated energy that can be directed at a target.

207

00:11:08,000 --> 00:11:10,000

A target could be a human being.

208

00:11:10,000 --> 00:11:11,000

Absolutely.

209

00:11:11,000 --> 00:11:17,000

So am I right in saying that Tesla created a death ray machine using this directed energy?

210

00:11:17,000 --> 00:11:20,000

He had claimed that he had developed a death ray machine.

211

00:11:22,000 --> 00:11:27,000

Meanwhile Sean and Terrell are getting the low down from William Lyne.

212

00:11:27,000 --> 00:11:31,000

Lyne had top secret clearance in the Air Force.

213

00:11:31,000 --> 00:11:35,000

Then he retired and wrote a book called Pentagon Aliens.

214

00:11:35,000 --> 00:11:43,000

The book claims most UFOs are government craft made with technology stolen from Tesla.

215

00:11:43,000 --> 00:11:46,000

Lyne says the government targeted him for revenge.

216

00:11:46,000 --> 00:11:48,000

So where would these rays come from?

217

00:11:48,000 --> 00:11:53,000

They were hovering right up here maybe a hundred yards on the other side of that.

218

00:11:53,000 --> 00:11:56,000

They were these bright flashes and I was getting sick.

219

00:11:56,000 --> 00:11:57,000

I would get sick.

220

00:11:57,000 --> 00:12:01,000

That's where the directed energy weaponry shooting back over into here and then you...

221

00:12:01,000 --> 00:12:03,000

Yeah, you get me right and went through the window.

222

00:12:03,000 --> 00:12:05,000

I had red splotch on my back.

223

00:12:06,000 --> 00:12:09,000

So what happened to that technology after he died?

224

00:12:09,000 --> 00:12:10,000

Who took over?

225

00:12:10,000 --> 00:12:17,000

After he passed away many of his personal effects ended up being confiscated by the US government.

226

00:12:17,000 --> 00:12:25,000

You can go to the FBI's website and one of their top ten myths is that they did not have the plans

for this death ray.

227

00:12:25,000 --> 00:12:29,000

It's quite odd that the FBI would even put this on their website.

228

00:12:29,000 --> 00:12:32,000

Yeah, it seems like a case of denial.

229

00:12:32,000 --> 00:12:40,000

I'm certain there was some information that was useful because modern day warfare has all of Tesla's influence.

230

00:12:40,000 --> 00:12:41,000

All over.

231

00:12:42,000 --> 00:12:47,000

They could basically kill somebody and nobody knows they've been murdered because the coroner is going to say natural causes.

232

00:12:47,000 --> 00:12:48,000

Really?

233

00:12:48,000 --> 00:12:52,000

So basically you call them stealth murder weapons.

234

00:12:52,000 --> 00:12:53,000

They're right across the room.

235

00:12:53,000 --> 00:12:55,000

There's no physical evidence.

236

00:12:55,000 --> 00:12:56,000

Yeah.

237

00:12:56,000 --> 00:12:57,000

Low frequency.

238

00:12:57,000 --> 00:13:01,000

They can make your heart explode, they can make your lungs blow up.

239

00:13:01,000 --> 00:13:03,000

They could combust spontaneously.

240

00:13:03,000 --> 00:13:04,000

Spontaneously?

241

00:13:04,000 --> 00:13:06,000

They could spontaneously combust?

242

00:13:06,000 --> 00:13:07,000

They could.

243

00:13:07,000 --> 00:13:09,000

They would just blow up from the inside.

244

00:13:09,000 --> 00:13:15,000

You've heard of spontaneous combustion when people burn up for no apparent reason.

245

00:13:15,000 --> 00:13:26,000

There have been hundreds of cases going back centuries and a few recently like a woman named Ariel

Louise, the grand niece of Nikola Tesla.

246

00:13:26,000 --> 00:13:30,000

Are there any theories where this death ray has been used against people?

247

00:13:30,000 --> 00:13:33,000

Free energy and the death ray.

248

00:13:33,000 --> 00:13:38,000

There are many people who may have died under mysterious circumstances.

249

00:13:38,000 --> 00:13:42,000

One of the things I wanted you to know is that it's fairly simple technology.

250

00:13:42,000 --> 00:13:46,000

Basically there's no evidence and they almost know when it's safe if they want to get you.

251

00:13:46,000 --> 00:13:50,000

Whoever they is, you know, it's some kind of a shadow government.

252

00:13:50,000 --> 00:13:58,000

It's above our regular government because I don't think regular military people have access to this information.

253

00:13:58,000 --> 00:14:05,000

If the FBI did take Tesla's death ray plans, there's a direct link to the government having the weapon.

254

00:14:05,000 --> 00:14:07,000

But what if they didn't?

255

00:14:07,000 --> 00:14:10,000

Well, first of all, the FBI is not the whole U.S. government.

256

00:14:10,000 --> 00:14:14,000

So there's many different organizations, the CIA, Special Ops, etc.

257

00:14:14,000 --> 00:14:16,000

that probably went in.

258

00:14:16,000 --> 00:14:23,000

So there's no question in my mind that those ideas were snapped up.

259

00:14:23,000 --> 00:14:28,000

Over the years, all this mystery has led to a lot of conspiracy theories.

260

00:14:28,000 --> 00:14:32,000

TWA Flight 800 in 1996?

261

00:14:32,000 --> 00:14:34,000

That's only one.

262

00:14:34,000 --> 00:14:42,000

There are some authors who have purported that, for example, the space shuttles were knocked down by some sort of a death ray.

263

00:14:42,000 --> 00:14:47,000

The space shuttle Challenger disintegrated shortly after liftoff.

264

00:14:47,000 --> 00:14:49,000

Columbia on re-entry.

265

00:14:49,000 --> 00:14:51,000

The space shuttles, really?

266

00:14:51,000 --> 00:14:54,000

That's a theory.

267

00:14:54,000 --> 00:14:59,000

Both were in the atmosphere, both in range of a directed energy weapon.

268

00:14:59,000 --> 00:15:03,000

Fired from Earth.

269

00:15:03,000 --> 00:15:07,000

Is there anyone else in the directed energy weaponry field that you feel we should talk to?

270

00:15:07,000 --> 00:15:13,000

Well, there's one researcher that has put out a considerable amount of information on directed energy weapons.

271

00:15:13,000 --> 00:15:16,000

I think you could talk to Tom Bearden, Lieutenant Colonel Tom Bearden.

272

00:15:16,000 --> 00:15:22,000

Thomas Bearden, retired U.S. Army colonel and directed energy expert.

273

00:15:22,000 --> 00:15:25,000

Another elusive figure.

274

00:15:25,000 --> 00:15:35,000

But as this recently uncovered footage reveals, he's a link between the lost Tesla technology and the secret Star Wars technology.

275

00:15:35,000 --> 00:15:40,000

If you were to generate extreme pulses, that's instantaneous death at every level.

276

00:15:40,000 --> 00:15:41,000

Every cell dies.

277

00:15:41,000 --> 00:15:43,000

Every germ dies.

278

00:15:43,000 --> 00:15:44,000

Every paramecium dies.

279

00:15:44,000 --> 00:15:45,000

Every virus dies.

280

00:15:45,000 --> 00:15:47,000

The whole body dies.

281

00:15:47,000 --> 00:15:51,000

Jesse's research staff is told to find Lieutenant Colonel Thomas Bearden.

282

00:15:51,000 --> 00:15:52,000

Mr. Bearden.

283

00:15:52,000 --> 00:15:55,000

And that's when all hell breaks loose.

284

00:15:55,000 --> 00:16:00,000

He puts so much fear into her that she quit.

285

00:16:00,000 --> 00:16:02,000

What do you mean fear into her?

286

00:16:02,000 --> 00:16:09,000

Next, Jesse's team gets a scare when they get too close to the truth.

287

00:16:09,000 --> 00:16:15,000

He told her that people who have looked into directed energy weaponry have been killed.

288

00:16:15,000 --> 00:16:17,000

And the team strikes back.

289

00:16:17,000 --> 00:16:18,000

Mr. Bearden?

290

00:16:18,000 --> 00:16:21,000

Then the entire team is stunned.

291

00:16:21,000 --> 00:16:23,000

I jumped up and he was on the ground.

292

00:16:23,000 --> 00:16:26,000

When a major player winds up dead.

293

00:16:26,000 --> 00:16:27,000

I was screaming.

294

00:16:27,000 --> 00:16:29,000

And father and son come to blows.

295

00:16:29,000 --> 00:16:31,000

No, I'm not crazy.

296

00:16:31,000 --> 00:16:34,000

As new evidence comes forward, you have to consider it.

297

00:16:34,000 --> 00:16:36,000

As the death ray is blamed.

298

00:16:36,000 --> 00:16:38,000

The towers didn't slam the ground.

299

00:16:38,000 --> 00:16:40,000

For the ultimate attack.

300

00:16:40,000 --> 00:16:42,000

They turned to dust and midair.

301

00:16:42,000 --> 00:16:49,000

Jesse Ventura is investigating a conspiracy to secretly develop a death ray weapon.

302

00:16:49,000 --> 00:16:54,000

And now one of the major players has delivered a dire warning.

303

00:16:54,000 --> 00:16:58,000

We have somebody on the team that does a lot of research for his carry a steady force.

304

00:16:58,000 --> 00:17:00,000

But we don't know what the reason is.

305

00:17:00,000 --> 00:17:02,000

We don't know what the reason is.

306

00:17:02,000 --> 00:17:04,000

We don't know what the reason is.

307

00:17:04,000 --> 00:17:06,000

We don't know what the reason is.

308

00:17:06,000 --> 00:17:08,000

We don't know what the reason is.

309

00:17:08,000 --> 00:17:12,000

We have somebody on the team that does a lot of research for his carry a steady force.

310

00:17:12,000 --> 00:17:14,000

But we do a lot of investigating in her whole life.

311

00:17:14,000 --> 00:17:16,000

She contacts this retired Lieutenant Colonel.

312

00:17:16,000 --> 00:17:17,000

Gets him on the phone.

313

00:17:17,000 --> 00:17:20,000

And she's talking about this directed energy weapon.

314

00:17:20,000 --> 00:17:21,000

Right.

315

00:17:21,000 --> 00:17:24,000

He puts so much fear into her.

316

00:17:24,000 --> 00:17:26,000

That she quit.

317

00:17:26,000 --> 00:17:28,000

What do you mean fear into her?

318

00:17:28,000 --> 00:17:32,000

He basically told her that people who have looked into directed energy weaponry.

319

00:17:32,000 --> 00:17:34,000

Have been killed.

320

00:17:34,000 --> 00:17:36,000

Journalists, independent investigators.

321

00:17:36,000 --> 00:17:37,000

People like that disappeared.

322

00:17:37,000 --> 00:17:39,000

It frightened her to the bone.

323

00:17:39,000 --> 00:17:40,000

Really?

324

00:17:40,000 --> 00:17:41,000

Yeah.

325

00:17:41,000 --> 00:17:44,000

If people have died over this means you're getting close to the truth.

326

00:17:47,000 --> 00:17:50,000

Jesse decides to nip this one in the bud.

327

00:17:50,000 --> 00:17:54,000

June Sarpong is closest to Bearden's home in Huntsville, Alabama.

328

00:17:54,000 --> 00:17:56,000

He sends her there.

329

00:17:59,000 --> 00:18:01,000

Mr. Bearden.

330

00:18:02,000 --> 00:18:04,000

Mr. Bearden.

331

00:18:04,000 --> 00:18:08,000

This is June Sarpong from Jesse Ventura's conspiracy team.

332

00:18:09,000 --> 00:18:10,000

Here are those dogs.

333

00:18:10,000 --> 00:18:12,000

June sure does.

334

00:18:12,000 --> 00:18:14,000

They're on the other side of the door.

335

00:18:14,000 --> 00:18:16,000

But if Bearden is, he's not coming out.

336

00:18:17,000 --> 00:18:19,000

We need to talk to you, Mr. Bearden.

337

00:18:19,000 --> 00:18:21,000

We need to know what's going on.

338

00:18:21,000 --> 00:18:22,000

What are you hiding?

339

00:18:25,000 --> 00:18:27,000

Mr. Bearden.

340

00:18:31,000 --> 00:18:32,000

Hi.

341

00:18:32,000 --> 00:18:36,000

I'm June Sarpong with Jesse Ventura conspiracy theory team.

342

00:18:36,000 --> 00:18:38,000

That's what I was going to tell you.

343

00:18:38,000 --> 00:18:40,000

June explains the situation.

344

00:18:40,000 --> 00:18:44,000

Then there's new information and things change again.

345

00:18:47,000 --> 00:18:48,000

Take a look at all of this.

346

00:18:48,000 --> 00:18:53,000

Depths of people associated with directed energy.

347

00:18:53,000 --> 00:18:57,000

Every one of these people died under mysterious circumstances

348

00:18:57,000 --> 00:18:59,000

because they were involved in this.

349

00:19:00,000 --> 00:19:03,000

June's files contained the cases of individuals

350

00:19:03,000 --> 00:19:06,000

who knew the secrets behind directed energy.

351

00:19:06,000 --> 00:19:12,000

Sudden heart attacks, rare illnesses, mysterious accidents.

352

00:19:13,000 --> 00:19:19,000

Among the dead, Ariel Louise, grand-niece of Nikola Tesla,

353

00:19:19,000 --> 00:19:23,000

and Brian O'Leary, an astronaut who quit NASA

354

00:19:23,000 --> 00:19:25,000

and became an expert on directed energy.

355

00:19:26,000 --> 00:19:29,000

He moved to Ecuador, claiming two of his colleagues

356

00:19:29,000 --> 00:19:31,000

had been murdered in the state.

357

00:19:31,000 --> 00:19:34,000

Then he died of a fast-moving cancer.

358

00:19:34,000 --> 00:19:37,000

Bearden himself wrote a piece where he talked about

359

00:19:37,000 --> 00:19:41,000

a directed energy weapon called the Venus ECM.

360

00:19:41,000 --> 00:19:42,000

Now it's a shooter.

361

00:19:42,000 --> 00:19:46,000

Basically, once it hits you, it makes it seem as if you've suffered

362

00:19:46,000 --> 00:19:48,000

from a heart attack or stroke or both.

363

00:19:48,000 --> 00:19:50,000

That's exactly what their line told me.

364

00:19:50,000 --> 00:19:53,000

It's a small weapon that can fit in the pocket book.

365

00:19:53,000 --> 00:19:58,000

It stops the heart, and the coroner will call it natural causes.

366

00:20:02,000 --> 00:20:04,000

It can be shot from 30 feet away.

367

00:20:04,000 --> 00:20:06,000

It can penetrate through walls.

368

00:20:07,000 --> 00:20:10,000

Bearden writes that he himself was targeted

369

00:20:10,000 --> 00:20:12,000

by an assassin with a Venus device.

370

00:20:12,000 --> 00:20:14,000

He managed to escape.

371

00:20:14,000 --> 00:20:18,000

That's an easy way to commit a lot of murders, isn't it?

372

00:20:18,000 --> 00:20:20,000

This shock is still sinking in

373

00:20:20,000 --> 00:20:22,000

when Braverman introduces new evidence.

374

00:20:22,000 --> 00:20:23,000

Take a look at this.

375

00:20:23,000 --> 00:20:25,000

What are we looking at?

376

00:20:25,000 --> 00:20:28,000

That's the work of John Hutchison.

377

00:20:28,000 --> 00:20:30,000

He's a self-taught scientist.

378

00:20:30,000 --> 00:20:33,000

Now, most of his experiments he did in a one-bedroom apartment

379

00:20:33,000 --> 00:20:36,000

in Vancouver, loaded with all kinds of surplus equipment,

380

00:20:36,000 --> 00:20:38,000

stuff he bought from Radio Shack.

381

00:20:38,000 --> 00:20:39,000

Whoa!

382

00:20:39,000 --> 00:20:41,000

This is Tesla energy.

383

00:20:41,000 --> 00:20:44,000

Tesla energy creates a magnetic field,

384

00:20:44,000 --> 00:20:47,000

it fuses metal, and it bends metal,

385

00:20:47,000 --> 00:20:49,000

and watch.

386

00:20:49,000 --> 00:20:51,000

He's doing all that with directed energy.

387

00:20:51,000 --> 00:20:53,000

But how do we know there is a magnet?

388

00:20:53,000 --> 00:20:55,000

That was a liquid, yeah, that was a cup.

389

00:20:55,000 --> 00:20:57,000

Well, he actually is one step beyond Tesla.

390

00:20:57,000 --> 00:20:59,000

He's created this thing called the Hutchison Effect,

391

00:20:59,000 --> 00:21:01,000

and that's what you're seeing.

392

00:21:01,000 --> 00:21:03,000

The Hutchison Effect.

393

00:21:03,000 --> 00:21:05,000

Metals fracturing and bending.

394

00:21:05,000 --> 00:21:07,000

Objects defying gravity.

395

00:21:07,000 --> 00:21:09,000

This footage has been vetted.

396

00:21:09,000 --> 00:21:11,000

It's not special effects.

397

00:21:11,000 --> 00:21:14,000

But directed energy based on and recalls the effects

398

00:21:14,000 --> 00:21:17,000

but directed energy based on and recreating

399

00:21:17,000 --> 00:21:20,000

the properties of Nikola Tesla's death ray.

400

00:21:20,000 --> 00:21:23,000

A piece of metal, what is that?

401

00:21:23,000 --> 00:21:26,000

It looks like it's pulsating almost.

402

00:21:26,000 --> 00:21:27,000

Wow, oh, wow.

403

00:21:27,000 --> 00:21:28,000

Look at this.

404

00:21:28,000 --> 00:21:30,000

It's crushing it, it's twisting it.

405

00:21:30,000 --> 00:21:31,000

Look at that.

406

00:21:31,000 --> 00:21:34,000

The team is studying the phenomena.

407

00:21:34,000 --> 00:21:37,000

When one image stops Jesse cold.

408

00:21:37,000 --> 00:21:39,000

Now, wait a minute, people.

409

00:21:39,000 --> 00:21:41,000

Wait a minute.

410

00:21:41,000 --> 00:21:42,000

Hold on.

411

00:21:42,000 --> 00:21:45,000

When I went to that warehouse in New York City

412

00:21:45,000 --> 00:21:47,000

when we looked at 9-11,

413

00:21:47,000 --> 00:21:51,000

that's exactly like the metal looked inside that warehouse.

414

00:21:51,000 --> 00:21:52,000

Just like that.

415

00:21:52,000 --> 00:21:53,000

Bent twisted metal.

416

00:21:53,000 --> 00:21:57,000

Bent twisted big I-beam steel.

417

00:21:57,000 --> 00:21:59,000

It looked identical to that.

418

00:21:59,000 --> 00:22:00,000

It looked burnt.

419

00:22:00,000 --> 00:22:02,000

It looked twisted just like that.

420

00:22:02,000 --> 00:22:05,000

I recollected from looking in that warehouse.

421

00:22:05,000 --> 00:22:07,000

Can you imagine if you had this on a larger scale?

422

00:22:07,000 --> 00:22:09,000

What you could do to a whole building?

423

00:22:09,000 --> 00:22:10,000

Frightening.

424

00:22:10,000 --> 00:22:12,000

I think you may have just saw what it could do to a whole wall.

425

00:22:12,000 --> 00:22:14,000

Here's another fact we ought to consider.

426

00:22:14,000 --> 00:22:17,000

This guy works for the United States military.

427

00:22:17,000 --> 00:22:20,000

So he has military and intelligence connections.

428

00:22:20,000 --> 00:22:21,000

Hutchinson.

429

00:22:21,000 --> 00:22:22,000

Hutchinson.

430

00:22:22,000 --> 00:22:23,000

Hutchinson.

431

00:22:23,000 --> 00:22:24,000

Look, it's obvious, people.

432

00:22:24,000 --> 00:22:26,000

We got to find John Hutchinson.

433

00:22:26,000 --> 00:22:29,000

He's got the most knowledge of what we're talking about here.

434

00:22:29,000 --> 00:22:33,000

But I want to tell you all right now, be careful.

435

00:22:33,000 --> 00:22:35,000

Let's be careful.

436

00:22:36,000 --> 00:22:41,000

Apparently this guy used to work on the Star Wars program back in the 80s with Reagan.

437

00:22:41,000 --> 00:22:42,000

Yep.

438

00:22:42,000 --> 00:22:43,000

Who knows?

439

00:22:43,000 --> 00:22:44,000

Who knows?

440

00:22:44,000 --> 00:22:47,000

Now it's a chase to find the mad scientist.

441

00:22:47,000 --> 00:22:52,000

It turns out that John Hutchinson doesn't work in Vancouver anymore.

442

00:22:52,000 --> 00:22:56,000

He's living with his new wife on a lake in Minnesota.

443

00:22:56,000 --> 00:22:58,000

That's Ventura territory.

444

00:22:58,000 --> 00:23:04,000

And John Hutchinson, he's about to get the Ventura treatment.

445

00:23:04,000 --> 00:23:08,000

So they tell me you can show me some interesting stuff.

446

00:23:11,000 --> 00:23:12,000

Still ahead.

447

00:23:12,000 --> 00:23:14,000

Has anyone been killed over this?

448

00:23:14,000 --> 00:23:18,000

The mad scientist reveals more victims of the powerful death ray.

449

00:23:18,000 --> 00:23:22,000

There was about 10, 12 murders of Star Wars contractors.

450

00:23:22,000 --> 00:23:23,000

Then.

451

00:23:23,000 --> 00:23:24,000

Are you crazy?

452

00:23:24,000 --> 00:23:25,000

No, I'm not crazy.

453

00:23:25,000 --> 00:23:30,000

Only the perpetrators that did 9-11 are actually going to know what went down.

454

00:23:30,000 --> 00:23:33,000

Mind-blowing evidence from the attack on America.

455

00:23:33,000 --> 00:23:35,000

It's a directed energy device.

456

00:23:35,000 --> 00:23:38,000

It's energy that's directed and uses a weapon.

457

00:23:38,000 --> 00:23:41,000

And later, the ultimate shock.

458

00:23:41,000 --> 00:23:44,000

One of Jesse's insiders turns up dead.

459

00:23:44,000 --> 00:23:46,000

I have some really, really bad news.

460

00:23:46,000 --> 00:23:48,000

Still ahead on Conspiracy Theory.

461

00:23:55,000 --> 00:24:02,000

An investigation into a death ray conspiracy has led Jesse Ventura to the home of a mad scientist.

462

00:24:02,000 --> 00:24:06,000

John Hutchinson recreated Tesla's original death ray technology.

463

00:24:06,000 --> 00:24:13,000

And he may be the key player in a plot to develop and use a death ray weapon against us.

464

00:24:16,000 --> 00:24:19,000

So I take it this is the living room turned into lab.

465

00:24:19,000 --> 00:24:20,000

Yeah.

466

00:24:20,000 --> 00:24:24,000

So you'll use electricity to make things rise, to go anti-gravity.

467

00:24:24,000 --> 00:24:25,000

Yeah.

468

00:24:25,000 --> 00:24:27,000

Now John, what's your background?

469

00:24:27,000 --> 00:24:29,000

Like you always hear PhD, this and that.

470

00:24:29,000 --> 00:24:30,000

What are you?

471

00:24:30,000 --> 00:24:31,000

I never went to school.

472

00:24:31,000 --> 00:24:32,000

You never went to school?

473

00:24:32,000 --> 00:24:33,000

No.

474

00:24:33,000 --> 00:24:36,000

Well, this all looks crazy.

475

00:24:36,000 --> 00:24:41,000

But Hutchinson's experiments landed him a job with the U.S. military.

476

00:24:41,000 --> 00:24:45,000

His research became the basis of the Star Wars program.

477

00:24:45,000 --> 00:24:49,000

The one that supposedly never got off the ground.

478

00:24:49,000 --> 00:24:53,000

So you're working on Star Wars under the Reagan administration.

479

00:24:53,000 --> 00:24:57,000

And you feel that the government stole some of the things you were working on?

480

00:24:57,000 --> 00:25:04,000

According to the person that was around me, said, well, John, I think we let them too close to what we were doing.

481

00:25:04,000 --> 00:25:05,000

I think they already have it now.

482

00:25:05,000 --> 00:25:08,000

So obviously you became expendable at that point.

483

00:25:08,000 --> 00:25:11,000

They called a team to come in and take films and videos.

484

00:25:11,000 --> 00:25:12,000

And they did.

485

00:25:12,000 --> 00:25:15,000

First the FBI steals Tesla's plans.

486

00:25:15,000 --> 00:25:20,000

Decades later, black-op agents scoop up Hutchinson's work.

487

00:25:20,000 --> 00:25:24,000

The government develops a death ray and nobody knows.

488

00:25:24,000 --> 00:25:26,000

What became of Star Wars?

489

00:25:26,000 --> 00:25:27,000

All of a sudden it disappeared.

490

00:25:27,000 --> 00:25:28,000

What happened to it?

491

00:25:28,000 --> 00:25:35,000

Star Wars in the late 80s went underground deeper and resurfaced in the 90s and also in 2000.

492

00:25:35,000 --> 00:25:36,000

Were they successful?

493

00:25:36,000 --> 00:25:38,000

Did they create Star Wars?

494

00:25:38,000 --> 00:25:40,000

Yeah, they got it.

495

00:25:40,000 --> 00:25:46,000

Do you think that they've taken things that you've discovered and built weapons out of them?

496

00:25:46,000 --> 00:25:53,000

Highly possible because when the war in Iraq was going on, it's getting emails that buses were hit with some kind of direct energy war.

497

00:25:53,000 --> 00:26:04,000

Okay, I thought maybe it's just nonsense, you know, but in around 2006, Donald Rumsfeld and others wanted me to work for them again.

498

00:26:04,000 --> 00:26:08,000

And I respectfully declined.

499

00:26:08,000 --> 00:26:11,000

Do you fear for your life today?

500

00:26:11,000 --> 00:26:12,000

No.

501

00:26:12,000 --> 00:26:13,000

Why?

502

00:26:13,000 --> 00:26:14,000

We're crazy.

503

00:26:14,000 --> 00:26:18,000

Yeah, crazy like a fox.

504

00:26:18,000 --> 00:26:21,000

Even so, I want to see the proof.

505

00:26:21,000 --> 00:26:25,000

Proof he can do what we saw in those videos.

506

00:26:25,000 --> 00:26:31,000

That levitation, he shows it's no trick, but electromagnetic energy.

507

00:26:31,000 --> 00:26:40,000

So with this demonstration, you're pretty much showing how the government or corporation or anybody, even you at home, can levitate something with the directed energy.

508

00:26:40,000 --> 00:26:42,000

Basically, yes.

509

00:26:42,000 --> 00:26:51,000

Then he takes a supercharged vandegraaff generator, works up thousands of volts of electricity and directs it at a target.

510

00:26:51,000 --> 00:26:53,000

Me.

511

00:26:53,000 --> 00:26:59,000

Oh, you were just hit by a directed energy weapon.

512

00:26:59,000 --> 00:27:06,000

Lucky for me, it's set to low, sort of like the zaps that bothered William Lyne.

513

00:27:06,000 --> 00:27:08,000

Getting me right in the middle of the window.

514

00:27:08,000 --> 00:27:10,000

I had red splotch on my back.

515

00:27:10,000 --> 00:27:12,000

So what is this?

516

00:27:12,000 --> 00:27:15,000

What is this actually showing us that I keep getting hit by?

517

00:27:15,000 --> 00:27:17,000

They call them ion cannons.

518

00:27:17,000 --> 00:27:18,000

Ion cannons.

519

00:27:18,000 --> 00:27:23,000

Body disintegration, basically.

520

00:27:23,000 --> 00:27:32,000

Just like Fred Bell said, this can burn up a person or, depending on the strength, take down something a lot bigger.

521

00:27:32,000 --> 00:27:34,000

Building the whole city.

522

00:27:34,000 --> 00:27:42,000

And you could basically just point that at somebody and shoot them with this concentrated beam of electrical energy, and they would disintegrate.

523

00:27:42,000 --> 00:27:44,000

Basically.

524

00:27:44,000 --> 00:27:49,000

This is it, the technology that was stolen for Star Wars.

525

00:27:49,000 --> 00:27:52,000

I have another directed energy thing. It's a little laser.

526

00:27:52,000 --> 00:27:57,000

Weapon to defend yourself, a weapon to kill someone, a weapon to... like a gun.

527

00:27:57,000 --> 00:28:02,000

This is Phinear Pocket, which was unheard of years ago.

528

00:28:03,000 --> 00:28:05,000

I have a demonstrative... burn it.

529

00:28:05,000 --> 00:28:07,000

A piece of pipe.

530

00:28:07,000 --> 00:28:09,000

And this is what we heard about.

531

00:28:09,000 --> 00:28:12,000

A pocket-sized, directed energy weapon.

532

00:28:12,000 --> 00:28:17,000

One that can stop your heart or make you combust spontaneously.

533

00:28:17,000 --> 00:28:20,000

It's a small weapon that can fit in the pocketbook.

534

00:28:20,000 --> 00:28:25,000

It stops the heart, and the coroner will call it natural causes.

535

00:28:25,000 --> 00:28:28,000

Right now, it's burning through that pipe.

536

00:28:28,000 --> 00:28:31,000

This is a directed energy weapon in a small scale.

537

00:28:31,000 --> 00:28:33,000

Tiny micro scale.

538

00:28:33,000 --> 00:28:35,000

John, what would happen if you did that to a human?

539

00:28:35,000 --> 00:28:38,000

If someone's arm there and you turned that off.

540

00:28:38,000 --> 00:28:40,000

It burns right into your arm.

541

00:28:40,000 --> 00:28:42,000

Burn right into you.

542

00:28:42,000 --> 00:28:47,000

I've seen enough to know this stuff is dangerous, but Hutchison says he has more.

543

00:28:47,000 --> 00:28:50,000

Jesse, you got to really see what's out in the front yard.

544

00:28:50,000 --> 00:28:52,000

Well, let's go to the front yard then.

545

00:28:52,000 --> 00:28:53,000

Okay.

546

00:28:53,000 --> 00:28:55,000

I'm getting amazed at what's in the house.

547

00:28:55,000 --> 00:28:57,000

I can't imagine what's out in the front yard.

548

00:28:57,000 --> 00:29:00,000

Hutchison has another surprise.

549

00:29:00,000 --> 00:29:07,000

It's mounted on top of an old SWAT bus, a homemade death ray, hiding in plain sight.

550

00:29:07,000 --> 00:29:10,000

That's one way to advertise your nuts.

551

00:29:10,000 --> 00:29:16,000

Hutchison says he wants to use it for good, like cleaning up the Gulf oil spill.

552

00:29:16,000 --> 00:29:19,000

But Jesse wants to cut to the chase.

553

00:29:19,000 --> 00:29:21,000

Has anyone been killed over this?

554

00:29:21,000 --> 00:29:29,000

There was about 10, 12 murders of Star Wars contractors in the 80s.

555

00:29:29,000 --> 00:29:30,000

Murders?

556

00:29:30,000 --> 00:29:34,000

Well, they're definitely another group of mysterious deaths.

557

00:29:34,000 --> 00:29:37,000

And not 12, more like 20.

558

00:29:37,000 --> 00:29:43,000

Car crashes, ODs, suicides, heart attacks.

559

00:29:43,000 --> 00:29:47,000

All scientists working on Star Wars research.

560

00:29:47,000 --> 00:29:49,000

Oh, yeah.

561

00:29:49,000 --> 00:29:52,000

There were headlines and investigations.

562

00:29:52,000 --> 00:29:55,000

They called it all a coincidence.

563

00:29:55,000 --> 00:29:57,000

How do you think you survived?

564

00:29:57,000 --> 00:29:59,000

Because I'm a raiding lunatic.

565

00:30:01,000 --> 00:30:07,000

But it's no coincidence that Hutchison knew a lot of the other victims, like the NASA Rebel.

566

00:30:07,000 --> 00:30:08,000

There was an astronaut.

567

00:30:08,000 --> 00:30:10,000

His name was Brian O'Leary.

568

00:30:10,000 --> 00:30:11,000

Good friend of mine.

569

00:30:11,000 --> 00:30:12,000

Good friend of yours.

570

00:30:12,000 --> 00:30:15,000

Yeah, and he was also working on directed energy, wasn't he?

571

00:30:15,000 --> 00:30:18,000

Brian was working on directed energy, studying it.

572

00:30:18,000 --> 00:30:20,000

And he died mysteriously?

573

00:30:20,000 --> 00:30:23,000

Yeah, when we got married, the day we got married, he died.

574

00:30:25,000 --> 00:30:27,000

So he was working on this directed energy and science studies?

575

00:30:27,000 --> 00:30:30,000

Was he doing it on his own, or was he doing it with the government?

576

00:30:30,000 --> 00:30:37,000

No, Brian backed away from the government quite a bit, and I don't know if that's a message, but he just died.

577

00:30:37,000 --> 00:30:41,000

We read about, was it Tesla's grand niece or something?

578

00:30:41,000 --> 00:30:43,000

Do you know anything about that at all?

579

00:30:43,000 --> 00:30:45,000

She was one of the worst stalkers I ever had.

580

00:30:45,000 --> 00:30:47,000

She stalked you?

581

00:30:47,000 --> 00:30:48,000

Oh, yeah.

582

00:30:48,000 --> 00:30:53,000

Well, it's originally, it's really interesting when you bring up her is how she died.

583

00:30:53,000 --> 00:31:00,000

They found her as if she internally combusted in her trailer, like, you know, just poof into flame and burned right there in her bed.

584

00:31:00,000 --> 00:31:03,000

Would you venture to say that that could be a directed energy use?

585

00:31:03,000 --> 00:31:05,000

It could be done, yes.

586

00:31:06,000 --> 00:31:08,000

John Hutchison isn't crazy.

587

00:31:08,000 --> 00:31:15,000

I've seen all his gadgets work with my own eyes, and it's all got me thinking the death ray may already be at work.

588

00:31:16,000 --> 00:31:25,000

Could an evil entity create a directed energy weapon that could destroy the Twin Towers?

589

00:31:25,000 --> 00:31:28,000

I know that can destroy more than just ordinary buildings.

590

00:31:28,000 --> 00:31:29,000

Okay.

591

00:31:29,000 --> 00:31:32,000

Yeah, I can actually take out a whole continent.

592

00:31:32,000 --> 00:31:33,000

Could take out a whole continent?

593

00:31:33,000 --> 00:31:34,000

Yep.

594

00:31:35,000 --> 00:31:39,000

Coming up on Conspiracy Theory.

595

00:31:39,000 --> 00:31:41,000

It's a directed energy device.

596

00:31:41,000 --> 00:31:46,000

The death ray investigation leads to the most devastating attack on American soil.

597

00:31:46,000 --> 00:31:48,000

Where is the rest of this material?

598

00:31:48,000 --> 00:31:51,000

And a major break between Jesse and his son.

599

00:31:51,000 --> 00:31:54,000

As new evidence comes forward, you have to consider it.

600

00:31:54,000 --> 00:31:55,000

And then...

601

00:31:55,000 --> 00:31:56,000

You collapsed.

602

00:31:56,000 --> 00:32:00,000

Death hits Jesse's conspiracy team, where they least expected.

603

00:32:00,000 --> 00:32:03,000

It looked like he was having a seizure or something.

604

00:32:03,000 --> 00:32:05,000

The most shocking turn of events yet.

605

00:32:16,000 --> 00:32:21,000

Dr. Fred Bell has led Jesse Ventura deep into a death ray conspiracy.

606

00:32:21,000 --> 00:32:25,000

And now the investigation has taken a twist.

607

00:32:26,000 --> 00:32:30,000

Jesse has noticed similarities between the effects of directed energy weapons

608

00:32:30,000 --> 00:32:33,000

and the 9-11 attack on the World Trade Center.

609

00:32:33,000 --> 00:32:36,000

And he goes public with his suspicions.

610

00:32:36,000 --> 00:32:38,000

I'll tell you something, Alex.

611

00:32:38,000 --> 00:32:43,000

What happened on 9-11, I believe today was not a controlled demolition.

612

00:32:43,000 --> 00:32:48,000

And it certainly was not the pancake effect of two planes hitting a building.

613

00:32:48,000 --> 00:32:51,000

There was something else in play there, Alex.

614

00:32:51,000 --> 00:32:56,000

There was a weapon in play that I could equate it to being like a microwave.

615

00:32:56,000 --> 00:33:01,000

Jesse's comments caused an immediate storm in conspiracy circles.

616

00:33:01,000 --> 00:33:06,000

He's already gone out on a limb when he charged that 9-11 was an inside job

617

00:33:06,000 --> 00:33:10,000

using an explosive material called nanothermite.

618

00:33:10,000 --> 00:33:12,000

Those towers literally disintegrated.

619

00:33:12,000 --> 00:33:14,000

They went into dust.

620

00:33:14,000 --> 00:33:17,000

It's a weapon that's beyond anything that I know about.

621

00:33:18,000 --> 00:33:24,000

The new stance has Tyrell Ventura very concerned about his father's reputation.

622

00:33:24,000 --> 00:33:29,000

We've been talking for the last two years about how you added explosive demolitions,

623

00:33:29,000 --> 00:33:31,000

nanothermite in the building.

624

00:33:31,000 --> 00:33:33,000

You can't change your theory halfway through.

625

00:33:33,000 --> 00:33:35,000

Why? Are you crazy?

626

00:33:35,000 --> 00:33:36,000

No, I'm not crazy.

627

00:33:36,000 --> 00:33:39,000

As new evidence comes forward, you have to consider it.

628

00:33:39,000 --> 00:33:41,000

You can't settle on anything.

629

00:33:41,000 --> 00:33:45,000

Only the perpetrators that did 9-11 are actually going to know what went down.

630

00:33:45,000 --> 00:33:48,000

I'm talking about credibility. You're talking about laser beams.

631

00:33:48,000 --> 00:33:50,000

The towers didn't fall.

632

00:33:50,000 --> 00:33:52,000

We've been talking for the last two years.

633

00:33:52,000 --> 00:33:55,000

I don't blame Tyrell for being upset,

634

00:33:55,000 --> 00:34:00,000

but when I saw the footage of the Hutchinson effect, something clicked,

635

00:34:00,000 --> 00:34:05,000

and it turns out there's a book that explains it all.

636

00:34:05,000 --> 00:34:08,000

Dr. Judy Wood is the author.

637

00:34:08,000 --> 00:34:14,000

I track her down so Tyrell can see how the death ray might fit in with 9-11.

638

00:34:14,000 --> 00:34:22,000

Dr. Wood, now I've read your book, and I'm trying to convince my son there's validity to this book,

639

00:34:22,000 --> 00:34:24,000

and he's being resistant to it.

640

00:34:24,000 --> 00:34:27,000

The only thing that I think you can discount is the government's story.

641

00:34:27,000 --> 00:34:33,000

Dr. Judy Wood has degrees in civil engineering, physics, and engineering science.

642

00:34:33,000 --> 00:34:36,000

She just might know what she's talking about.

643

00:34:36,000 --> 00:34:39,000

Don't get me wrong. I buy that something fishy happened that day.

644

00:34:39,000 --> 00:34:40,000

I just haven't been convinced.

645

00:34:40,000 --> 00:34:42,000

Well, see, you're assuming it fell.

646

00:34:42,000 --> 00:34:44,000

I thought I saw them go down.

647

00:34:44,000 --> 00:34:47,000

Like, didn't I see that on TV?

648

00:34:49,000 --> 00:34:52,000

Somewhat, but they didn't end up in the ground.

649

00:34:52,000 --> 00:34:55,000

Really? Well, let's do some proving here.

650

00:34:55,000 --> 00:35:00,000

Once upon a time, there were these two towers, these three buildings, and then they went away.

651

00:35:00,000 --> 00:35:04,000

This yellow zone right here, that's all that's left. That's this chunk.

652

00:35:04,000 --> 00:35:05,000

Oh, wow.

653

00:35:05,000 --> 00:35:07,000

Where is the rest of this material?

654

00:35:07,000 --> 00:35:11,000

It's not on the ground. Where are they? They're gone.

655

00:35:11,000 --> 00:35:17,000

Here's the level of the trade tower debris.

656

00:35:17,000 --> 00:35:24,000

Here's how much debris you'd expect if all the material from the trade towers came crashing down.

657

00:35:24,000 --> 00:35:30,000

If you had 110-story building, kabumdi-bumdi-bumdi, splat down in 8 to 10 seconds,

658

00:35:30,000 --> 00:35:33,000

think of all the material in the middle that has to be shot out the sides.

659

00:35:33,000 --> 00:35:37,000

Yeah, there ain't enough rubble. I mean, where are they?

660

00:35:37,000 --> 00:35:39,000

Next is the dust.

661

00:35:39,000 --> 00:35:43,000

Control demolitions when they hit the ground.

662

00:35:43,000 --> 00:35:47,000

The dust really doesn't rise much above the highest point of that building.

663

00:35:47,000 --> 00:35:49,000

When you watch on tape, when they, like the King Dome in Seattle,

664

00:35:49,000 --> 00:35:53,000

when they brought the football stadium down, you'll watch the building collapse,

665

00:35:53,000 --> 00:35:58,000

but you won't see anything higher than the original height.

666

00:35:59,000 --> 00:36:02,000

The King Dome demolition was a typical collapse.

667

00:36:02,000 --> 00:36:06,000

The dust doesn't rise higher than the original structure.

668

00:36:06,000 --> 00:36:10,000

The trade towers were different.

669

00:36:10,000 --> 00:36:14,000

This goes up and keeps going up.

670

00:36:14,000 --> 00:36:18,000

Also, if they slammed the ground, they'd make a seismic impact.

671

00:36:18,000 --> 00:36:21,000

The King Dome made a 2.3 when they blew it up.

672

00:36:21,000 --> 00:36:26,000

Tower 1 was 30 times the potential energy, yet it made the same.

673

00:36:26,000 --> 00:36:32,000

Judy Wood says the seismic impact only accounts for the lower 20 stories of the tower.

674

00:36:32,000 --> 00:36:35,000

What happened to the other 90?

675

00:36:36,000 --> 00:36:42,000

Dr. Wood has other evidence that some kind of ray dustified the towers.

676

00:36:42,000 --> 00:36:48,000

Like the parking garage beneath the complex, it should have been crushed under the weight.

677

00:36:48,000 --> 00:36:50,000

That's after 90.

678

00:36:50,000 --> 00:36:56,000

So if all the weight of these buildings came crashing down like they told us,

679

00:36:56,000 --> 00:37:01,000

which was a pancake collapse, why wouldn't this be part of the pancake?

680

00:37:01,000 --> 00:37:03,000

Isn't that a fair question to ask?

681

00:37:03,000 --> 00:37:05,000

Exactly.

682

00:37:05,000 --> 00:37:09,000

Then there's the evidence that shouts directed energy.

683

00:37:09,000 --> 00:37:14,000

Cars that were burnt out, melted, blocks away.

684

00:37:14,000 --> 00:37:16,000

They're all over the place.

685

00:37:16,000 --> 00:37:18,000

At least 1,400 toasted cars were towed away.

686

00:37:18,000 --> 00:37:24,000

How could cars this far away suffer damage when there was nothing to damage them?

687

00:37:24,000 --> 00:37:29,000

Or cause them to go in a spontaneous combustion up here in this car lot.

688

00:37:29,000 --> 00:37:31,000

Spontaneous combustion.

689

00:37:31,000 --> 00:37:37,000

I've heard that there's something like nanothermite that I was using that the dust cloud could get so hot that it could start these cars up fire.

690

00:37:37,000 --> 00:37:39,000

You have paper that's not burned.

691

00:37:39,000 --> 00:37:41,000

How do you explain that?

692

00:37:41,000 --> 00:37:44,000

The cars burn, the paper doesn't.

693

00:37:44,000 --> 00:37:46,000

People were covered with the dust tide.

694

00:37:46,000 --> 00:37:49,000

People burn skin burns faster than this.

695

00:37:49,000 --> 00:37:51,000

Right, right.

696

00:37:51,000 --> 00:37:55,000

I think it's starting to make sense to Tyrell too.

697

00:37:55,000 --> 00:37:57,000

It's not a kinetic energy device.

698

00:37:57,000 --> 00:38:02,000

In other words, not a bomb, not something that, you know, like a bullet flies from point A to point B and hits something.

699

00:38:02,000 --> 00:38:03,000

Yeah.

700

00:38:03,000 --> 00:38:06,000

Or something that produces heat like, you know, a nuke or something.

701

00:38:06,000 --> 00:38:08,000

It's a directed energy device.

702

00:38:08,000 --> 00:38:14,000

There's one more thing that has me thinking Judy Wood is on the right trail.

703

00:38:14,000 --> 00:38:17,000

Have you ever experienced any like backlash for your reasons?

704

00:38:17,000 --> 00:38:22,000

I mean, is there anything like that threats or anything like that in terms of your own safety or people that you know?

705

00:38:22,000 --> 00:38:32,000

Yes. I guess I don't feel comfortable talking about it because, you know, it's sort of giving positive feedback that, you know, oh, we got to do it again.

706

00:38:32,000 --> 00:38:40,000

Her research assistant, the only person working with her on the 9-11 case, was murdered, shot on a sidewalk.

707

00:38:40,000 --> 00:38:46,000

It sure does seem like bad luck has hit everyone involved with this directed energy death ray.

708

00:38:46,000 --> 00:38:53,000

And that includes Dr. Fred Bell, the guy who brought us this conspiracy in the first place.

709

00:38:53,000 --> 00:38:59,000

You see, two days after I met with him, I got the phone call.

710

00:38:59,000 --> 00:39:02,000

I have some really, really bad news.

711

00:39:02,000 --> 00:39:05,000

Dr. Bell has collapsed at the hotel this morning.

712

00:39:16,000 --> 00:39:18,000

The first time he was in the emergency.

713

00:39:18,000 --> 00:39:27,000

Evidence that a government faction stole the plans for a directed energy weapon, then used it to develop a powerful device.

714

00:39:27,000 --> 00:39:31,000

One that may have taken down the World Trade Towers.

715

00:39:31,000 --> 00:39:38,000

When Dr. Bell went public, Jesse knew he was putting himself and others in danger.

716

00:39:38,000 --> 00:39:40,000

Should I be in fear?

717

00:39:40,000 --> 00:39:41,000

No.

718

00:39:41,000 --> 00:39:42,000

No.

719

00:39:42,000 --> 00:39:44,000

Too high profile and too many people love you.

720

00:39:44,000 --> 00:39:47,000

A massive investigation would be released.

721

00:39:47,000 --> 00:39:53,000

Yeah, but they killed Jack Kennedy and the investigation was massive, but it certainly wasn't accurate.

722

00:39:53,000 --> 00:39:55,000

I don't think they get away with it this time.

723

00:39:55,000 --> 00:39:58,000

Believe it or not, I think Americans are waking up now and I think they're getting a lot smarter.

724

00:39:58,000 --> 00:40:00,000

I really do.

725

00:40:00,000 --> 00:40:03,000

And the other reason I'm doing this is, I don't know if you have kids, I'm sure you do.

726

00:40:03,000 --> 00:40:04,000

I do.

727

00:40:04,000 --> 00:40:05,000

And they're going to have kids.

728

00:40:05,000 --> 00:40:07,000

I'm actually a grandfather now.

729

00:40:07,000 --> 00:40:12,000

I'd like to see a little bit better place for my grandkids.

730

00:40:12,000 --> 00:40:20,000

Less than 48 hours after telling Jesse the secrets of the death ray, 12 hours after posting this photo on his website,

731

00:40:20,000 --> 00:40:28,000

Dr. Fred Bell dropped dead in his hotel room.

732

00:40:28,000 --> 00:40:31,000

Did he feel like he was able to tell Jesse everything he wanted to tell him?

733

00:40:31,000 --> 00:40:32,000

Absolutely.

734

00:40:32,000 --> 00:40:33,000

Did he?

735

00:40:33,000 --> 00:40:34,000

Absolutely.

736

00:40:34,000 --> 00:40:39,000

Tyrell speaks to Dr. Bell's fiance, the only witness.

737

00:40:39,000 --> 00:40:41,000

Take me through what happens Sunday morning.

738

00:40:41,000 --> 00:40:52,000

Sunday morning, we were going to fly the board coming home and he just woke me up and he was making himself a little pot of coffee.

739

00:40:52,000 --> 00:40:57,000

And all of a sudden I just heard this thud and I jumped up and I just didn't know what happened.

740

00:40:57,000 --> 00:41:03,000

And I just said, he was on the ground and he collapsed and he was in the doorway.

741

00:41:03,000 --> 00:41:09,000

And I really haven't gotten into the details of trying not to go to this moment.

742

00:41:09,000 --> 00:41:10,000

This is so hard.

743

00:41:10,000 --> 00:41:15,000

It looked like he was having a seizure or something.

744

00:41:15,000 --> 00:41:17,000

And I was screaming.

745

00:41:17,000 --> 00:41:22,000

I was screaming and then trying to call 911, you know, those stupid hotel room phones.

746

00:41:22,000 --> 00:41:28,000

And I finally got it on and I was opening the door and screaming out in the hallway and security ran up and then they threw me out of the room

747

00:41:28,000 --> 00:41:35,000

because they were working on him and we went to the hospital and I wasn't there 10 minutes before they came in and said he was gone.

748

00:41:35,000 --> 00:41:38,000

68 years old.

749

00:41:38,000 --> 00:41:40,000

Yeah, but I heard you some good health.

750

00:41:40,000 --> 00:41:42,000

What did the coroner say?

751

00:41:42,000 --> 00:41:46,000

The coroner says natural causes.

752

00:41:53,000 --> 00:41:57,000

Every once in a while something happens that shakes me to the core.

753

00:41:57,000 --> 00:42:03,000

Dr. Fred Belt dying two days after our interview was one of those moments.

754

00:42:03,000 --> 00:42:06,000

The coroner says it was natural causes.

755

00:42:06,000 --> 00:42:14,000

Maybe it was, but it sure seems like a lot of people involved with death ray technology wind up dead.

756

00:42:14,000 --> 00:42:17,000

Is the death ray being used as a weapon?

757

00:42:17,000 --> 00:42:19,000

I have no doubt.

758

00:42:19,000 --> 00:42:22,000

Was it used to take down the towers on 911?

759

00:42:22,000 --> 00:42:28,000

I don't know, but I'll tell you, it's the most logical explanation I've heard so far.

760

00:42:28,000 --> 00:42:34,000

I may never know the truth about what happened that day, but I won't stop trying to find out.

761

00:42:34,000 --> 00:42:40,000

Until I do, I'm Jesse Ventura and this is Conspiracy Theory.
