

1

00:00:00,000 --> 00:00:07,000

Hidden power, secrets, cover-ups, corruption.

2

00:00:07,000 --> 00:00:12,000

You think you know the whole story?

3

00:00:12,000 --> 00:00:15,000

Think again.

4

00:00:15,000 --> 00:00:22,000

I've been governor, a Navy SEAL, a fighter.

5

00:00:22,000 --> 00:00:25,000

I've heard things that'll blow your mind,

6

00:00:25,000 --> 00:00:29,000

and now I think it's time you get the whole story.

7

00:00:29,000 --> 00:00:35,000

Now, the wildest conspiracy yet.

8

00:00:35,000 --> 00:00:37,000

Jesse Ventura tracks down a plot.

9

00:00:37,000 --> 00:00:39,000

This isn't science fiction.

10

00:00:39,000 --> 00:00:42,000

To create bizarre creatures.

11

00:00:42,000 --> 00:00:43,000

It's documented.

12

00:00:43,000 --> 00:00:45,000

That will take over the world.

13

00:00:45,000 --> 00:00:48,000

Is a monster being created here?

14

00:00:48,000 --> 00:00:49,000

One-part animal.

15

00:00:49,000 --> 00:00:51,000

It's exactly like Frankenstein.

16

00:00:51,000 --> 00:00:53,000

And one-part person.

17

00:00:53,000 --> 00:00:54,000

Then what do you call it?

18

00:00:54,000 --> 00:00:56,000

I call it monsters.

19

00:00:56,000 --> 00:01:00,000

A new breed that can rise up.

20

00:01:00,000 --> 00:01:02,000

He would absolutely destroy you.

21

00:01:02,000 --> 00:01:04,000

And kill us all.

22

00:01:04,000 --> 00:01:08,000

This sounds like a whole new human animal race

23

00:01:08,000 --> 00:01:10,000

that can take over our planet.

24

00:01:10,000 --> 00:01:11,000

It's reality.

25

00:01:11,000 --> 00:01:13,000

It's happening right now.

26

00:01:13,000 --> 00:01:16,000

The plot that could end the human race.

27

00:01:16,000 --> 00:01:18,000

I don't want to die.

28

00:01:18,000 --> 00:01:19,000

Do you?

29

00:01:19,000 --> 00:01:20,000

Jesse's unleashed.

30

00:01:20,000 --> 00:01:23,000

I'm going to expose this place.

31

00:01:23,000 --> 00:01:25,000

On the manamode.

32

00:01:25,000 --> 00:01:27,000

Conspiracy.

33

00:01:27,000 --> 00:01:29,000

I'm Jesse Ventura.

34

00:01:29,000 --> 00:01:37,000

And this is Conspiracy Theory.

35

00:01:37,000 --> 00:01:42,000

Jesse Ventura is outside a top secret government research center.

36

00:01:42,000 --> 00:01:46,000

A place where scientists experiment with primates.

37

00:01:46,000 --> 00:01:49,000

And people.

38

00:01:49,000 --> 00:01:52,000

A real life planet of the apes.

39

00:01:52,000 --> 00:01:57,000

Jesse's investigation into a bizarre conspiracy has led him here.

40

00:01:57,000 --> 00:01:59,000

He's about to take the next step.

41

00:01:59,000 --> 00:02:00,000

Yeah.

42

00:02:00,000 --> 00:02:02,000

A tad lock.

43

00:02:02,000 --> 00:02:04,000

When he realizes...

44

00:02:04,000 --> 00:02:06,000

He's photographing us.

45

00:02:06,000 --> 00:02:08,000

He's being stalked.

46

00:02:08,000 --> 00:02:10,000

Get him on film.

47

00:02:10,000 --> 00:02:13,000

There's a bulls***.

48

00:02:13,000 --> 00:02:15,000

But Jesse turns the tables.

49

00:02:15,000 --> 00:02:17,000

Where's he running off on me now?

50

00:02:17,000 --> 00:02:21,000

And the hunted becomes the predator.

51

00:02:21,000 --> 00:02:23,000

You're photographing us.

52

00:02:23,000 --> 00:02:25,000

We're photographing you.

53

00:02:30,000 --> 00:02:31,000

Yeah.

54

00:02:31,000 --> 00:02:34,000

This is a wild one, all right.

55

00:02:34,000 --> 00:02:39,000

And it all started when I got a call from a guy named Chris DeRose.

56

00:02:39,000 --> 00:02:43,000

DeRose is an animal cruelty investigator.

57

00:02:43,000 --> 00:02:44,000

He goes undercover.

58

00:02:44,000 --> 00:02:46,000

Puts his life on the line.

59

00:02:46,000 --> 00:02:49,000

Busting criminals.

60

00:02:49,000 --> 00:02:53,000

He's got a reputation as a tough guy.

61

00:02:53,000 --> 00:02:57,000

But the guy walking toward me doesn't look so tough at all.

62

00:02:57,000 --> 00:03:00,000

He looks like he's seen a ghost.

63

00:03:00,000 --> 00:03:02,000

Or something worse.

64

00:03:02,000 --> 00:03:04,000

What can I do for you?

65

00:03:04,000 --> 00:03:07,000

I've come across this stuff that I've never seen before.

66

00:03:07,000 --> 00:03:10,000

Jesse, they're creating these things called chimeras.

67

00:03:10,000 --> 00:03:13,000

Two different species of animals into one.

68

00:03:13,000 --> 00:03:15,000

Chimeras.

69

00:03:15,000 --> 00:03:20,000

That's what you get when scientists combine cells from two different species.

70

00:03:20,000 --> 00:03:26,000

DeRose is worried about the ones that combine animals and humans.

71

00:03:26,000 --> 00:03:32,000

Jesse, they've created pigs and they got human blood flowing through their bodies.

72

00:03:32,000 --> 00:03:35,000

Mice with human brains.

73

00:03:35,000 --> 00:03:38,000

There's all types of stuff that's going on out there.

74

00:03:38,000 --> 00:03:40,000

This is the kind of stuff that we're worried about.

75

00:03:40,000 --> 00:03:43,000

This sounds like a bunch of science fiction.

76

00:03:43,000 --> 00:03:45,000

But it's real.

77

00:03:45,000 --> 00:03:49,000

I heard about these experiments in Shanghai about ten years ago.

78

00:03:49,000 --> 00:03:52,000

Scientists growing embryos.

79

00:03:52,000 --> 00:03:55,000

Part human, part rabbit.

80

00:03:55,000 --> 00:03:57,000

And that was just the beginning.

81

00:03:57,000 --> 00:04:00,000

Do you know at all what the reason would be to do this?

82

00:04:00,000 --> 00:04:04,000

I mean, there must be a positive thing they're doing in this fort.

83

00:04:04,000 --> 00:04:07,000

Like to replace organs or whatever if they can do that.

84

00:04:07,000 --> 00:04:10,000

You know, I wish I could say that that was the case, but it's not.

85

00:04:10,000 --> 00:04:14,000

What we've gotten so far is for power, is for control.

86

00:04:14,000 --> 00:04:16,000

Power over us.

87

00:04:16,000 --> 00:04:18,000

Control over you and me.

88

00:04:18,000 --> 00:04:20,000

Where have I heard that before?

89

00:04:20,000 --> 00:04:24,000

Like maybe every conspiracy I've ever busted.

90

00:04:24,000 --> 00:04:29,000

But some animal walking around that's part human?

91

00:04:29,000 --> 00:04:31,000

That's a whole other story.

92

00:04:31,000 --> 00:04:34,000

They call it para-human. I call it monsters.

93

00:04:34,000 --> 00:04:37,000

I'm taking all this in.

94

00:04:37,000 --> 00:04:41,000

When all of a sudden this guy rides up on a bike from out of nowhere.

95

00:04:41,000 --> 00:04:43,000

Bro, what you talking about, man?

96

00:04:43,000 --> 00:04:45,000

Got my eye on you.

97

00:04:46,000 --> 00:04:48,000

Who the f*** is he?

98

00:04:48,000 --> 00:04:50,000

Did he say my name?

99

00:04:50,000 --> 00:04:52,000

Yeah. How would he know you?

100

00:04:52,000 --> 00:04:55,000

A lot of people know me, unfortunately. Not all of them like me.

101

00:04:55,000 --> 00:04:56,000

Did you get that on film?

102

00:04:56,000 --> 00:04:59,000

Was that Ronan? Who the hell was that guy?

103

00:04:59,000 --> 00:05:00,000

He's got his eye on me. That's good.

104

00:05:00,000 --> 00:05:01,000

Oh, all right.

105

00:05:01,000 --> 00:05:03,000

Got a lot of people out there that want to black me.

106

00:05:03,000 --> 00:05:05,000

But you protect the animals.

107

00:05:05,000 --> 00:05:07,000

Yeah, but a lot of people are hurting the animals.

108

00:05:07,000 --> 00:05:09,000

They don't want to tell me, you know...

109

00:05:09,000 --> 00:05:15,000

Yeah. Government agencies. The military. Corporations.

110

00:05:15,000 --> 00:05:20,000

Lots of groups want to test on and hurt animals.

111

00:05:20,000 --> 00:05:23,000

DeRose gets in their way.

112

00:05:23,000 --> 00:05:27,000

So I can see they'd want to stop him from talking to me.

113

00:05:27,000 --> 00:05:29,000

Tough luck.

114

00:05:29,000 --> 00:05:34,000

Chris, what you seem to be telling me is that we got a lot of Dr. Frankenstein's out there.

115

00:05:34,000 --> 00:05:37,000

It's reality. It's happening right now.

116

00:05:37,000 --> 00:05:40,000

If I put my team on this, we need a starting point.

117

00:05:40,000 --> 00:05:45,000

Jesse, there is no one particular person that's in charge. That's the scary part of it.

118

00:05:45,000 --> 00:05:51,000

There's no agency. There's nobody that looks at the ethical practice of what's going on here.

119

00:05:51,000 --> 00:05:53,000

They're just... they can do what they want, basically.

120

00:05:53,000 --> 00:05:56,000

They do whatever they want because there's no laws for this type of thing.

121

00:05:56,000 --> 00:06:01,000

Start with mainstream science and animal experiments and you'll see where it goes off.

122

00:06:01,000 --> 00:06:03,000

So just follow the trail.

123

00:06:03,000 --> 00:06:05,000

Just follow the trail.

124

00:06:08,000 --> 00:06:11,000

Guys, I got to lead on a new conspiracy.

125

00:06:11,000 --> 00:06:14,000

Jesse takes the case to his team.

126

00:06:14,000 --> 00:06:16,000

Investigator, June Sarpong.

127

00:06:16,000 --> 00:06:18,000

Advisor, Braverman.

128

00:06:18,000 --> 00:06:20,000

And the new recruits.

129

00:06:20,000 --> 00:06:24,000

Sean Stone, son of director Oliver Stone.

130

00:06:24,000 --> 00:06:28,000

And Tyrell Ventura, son of Jesse Ventura.

131

00:06:28,000 --> 00:06:32,000

What I'm telling you is they're crossbreeding humans and animals.

132

00:06:32,000 --> 00:06:35,000

I mean, I don't see that as being a very good idea.

133

00:06:35,000 --> 00:06:40,000

So what's wrong with that? That's how scientists do research, look for cures and vaccines and cures for diseases.

134

00:06:40,000 --> 00:06:44,000

Yeah, but we're talking about here crossbreeding animals with humans.

135

00:06:44,000 --> 00:06:48,000

Do you remember the best way to kill people is to hide behind curing them?

136

00:06:48,000 --> 00:06:53,000

Yeah, but the point is, are they out of control? Who's watching over this stuff?

137

00:06:53,000 --> 00:07:01,000

This stuff sounds like a conspiracy between our scientists, the elite, to create a whole new human animal race

138

00:07:01,000 --> 00:07:03,000

that can take over our planet.

139

00:07:05,000 --> 00:07:10,000

Well, I got us a lead. I got a lead on a doctors and Johnny and Reno who's agreed to talk to us.

140

00:07:10,000 --> 00:07:15,000

And he is trying to create human livers in sheep.

141

00:07:15,000 --> 00:07:16,000

Oh, what?

142

00:07:16,000 --> 00:07:19,000

Human livers in sheep and he's agreed to talk to you?

143

00:07:19,000 --> 00:07:20,000

Agreed to talk to you.

144

00:07:20,000 --> 00:07:25,000

He hasn't made the connection that Tyrell Ventura is with Jesse Ventura?

145

00:07:25,000 --> 00:07:26,000

Well, I...

146

00:07:26,000 --> 00:07:29,000

Or does he think you're Ace Ventura?

147

00:07:31,000 --> 00:07:36,000

Researcher S-Mail Zanzani does agree to meet with my guys.

148

00:07:36,000 --> 00:07:45,000

But guess what? By the time they land in Reno, he's figured out that Tyrell Ventura works for his old man.

149

00:07:47,000 --> 00:07:48,000

I think he's just hung up on us.

150

00:07:48,000 --> 00:07:49,000

Oh, yeah.

151

00:07:49,000 --> 00:07:53,000

Guess that makes him part human, part chicken.

152

00:07:55,000 --> 00:07:57,000

I'm not particularly surprised at Jesse.

153

00:07:58,000 --> 00:08:00,000

I'll just sit up here.

154

00:08:00,000 --> 00:08:06,000

With Zanzani and Nogo, Tyrell and Sean find someone else.

155

00:08:06,000 --> 00:08:11,000

A man who might shine a light on what the doctor may want hidden.

156

00:08:13,000 --> 00:08:14,000

Are you Ty?

157

00:08:14,000 --> 00:08:15,000

Yes, I'm Tyrell.

158

00:08:15,000 --> 00:08:17,000

Ty, you want me to stop here?

159

00:08:17,000 --> 00:08:19,000

Yeah, yeah, yeah, pull up here, pull up here.

160

00:08:21,000 --> 00:08:25,000

Hussein Hussein is a world-renowned scientist and researcher.

161

00:08:26,000 --> 00:08:29,000

He's worked in Zanzani's animal lab.

162

00:08:29,000 --> 00:08:32,000

But he was fired after he went public.

163

00:08:33,000 --> 00:08:41,000

There are several issues, and one of them was related to Dr. S. Mails Zanzani's research program with human stem cells.

164

00:08:41,000 --> 00:08:44,000

Trying to put human livers inside of sheep?

165

00:08:44,000 --> 00:08:45,000

Yes.

166

00:08:45,000 --> 00:08:52,000

And all his research, would you consider Zanzani to be like a Dr. Frankenstein in terms of how he's treating and crossbreeding these animals?

167

00:08:52,000 --> 00:08:58,000

Well, using sheep to treat humans can fall under that categorization, absolutely.

168

00:08:58,000 --> 00:09:01,000

The sheep with human DNA can breed with normal sheep, or could they not?

169

00:09:01,000 --> 00:09:02,000

They can, yeah.

170

00:09:03,000 --> 00:09:04,000

They're actual human cells.

171

00:09:04,000 --> 00:09:05,000

They are human cells.

172

00:09:05,000 --> 00:09:14,000

To where if they were by accident put out on the market, you would have human beings essentially eating a piece of a sheep that has human cells.

173

00:09:14,000 --> 00:09:15,000

Yes.

174

00:09:15,000 --> 00:09:18,000

Does that mean that if you eat that sheep, you'd be eating human?

175

00:09:18,000 --> 00:09:19,000

Absolutely.

176

00:09:23,000 --> 00:09:31,000

Coming up on Conspiracy Theory, Jesse's team finds the place where twisted engineering...

177

00:09:31,000 --> 00:09:34,000

So you can't tell us anything about the disposal of the DNA sheep.

178

00:09:34,000 --> 00:09:38,000

...could be illegally turning human organs into food.

179

00:09:38,000 --> 00:09:40,000

They get into the slaughterhouse and all?

180

00:09:40,000 --> 00:09:41,000

Then...

181

00:09:41,000 --> 00:09:45,000

What could be the worst thing that your colleagues could create today?

182

00:09:45,000 --> 00:09:48,000

Actual breeding of man and monkey.

183

00:09:48,000 --> 00:09:52,000

To artificially inseminate a female chimpanzee...

184

00:09:52,000 --> 00:09:53,000

...is exposed.

185

00:09:53,000 --> 00:09:56,000

I coined the term, human.

186

00:09:57,000 --> 00:10:00,000

And later, Jesse faces down the army.

187

00:10:00,000 --> 00:10:02,000

I'm gonna expose this place.

188

00:10:02,000 --> 00:10:03,000

Keeping him away.

189

00:10:03,000 --> 00:10:05,000

Find out what you do in here.

190

00:10:05,000 --> 00:10:09,000

From the real life laboratory of the apes.

191

00:10:19,000 --> 00:10:22,000

Jesse Ventura is chasing a conspiracy...

192

00:10:22,000 --> 00:10:26,000

...to create a new species, part animal and part human.

193

00:10:28,000 --> 00:10:31,000

What's behind these strange experiments?

194

00:10:32,000 --> 00:10:36,000

Jesse knows in his gut it's only the tip of something much bigger.

195

00:10:36,000 --> 00:10:39,000

Now, it's a matter of following the money...

196

00:10:39,000 --> 00:10:42,000

...and finding out what it is.

197

00:10:43,000 --> 00:10:47,000

Jesse's son Tyrell and Sean Stone are in Reno, Nevada...

198

00:10:47,000 --> 00:10:49,000

...with Dr. Hussein Hussein.

199

00:10:49,000 --> 00:10:54,000

He worked in a lab where scientists created so-called DNA sheep.

200

00:10:54,000 --> 00:10:58,000

Sheep that contain human cells and organs.

201

00:10:58,000 --> 00:11:01,000

Does that mean that if you eat that sheep, you'll be eating human?

202

00:11:01,000 --> 00:11:02,000

Absolutely.

203

00:11:04,000 --> 00:11:08,000

Rapid population growth has increased the demand for meat production...

204

00:11:08,000 --> 00:11:14,000

...but adding human DNA to the food seems a remote possibility.

205

00:11:14,000 --> 00:11:17,000

Until Hussein leads them here.

206

00:11:19,000 --> 00:11:22,000

The research farm where he worked.

207

00:11:22,000 --> 00:11:27,000

The farm that holds the world's largest herd of part human sheep.

208

00:11:27,000 --> 00:11:30,000

So they keep all of the DNA sheep right over here.

209

00:11:30,000 --> 00:11:31,000

Correct.

210

00:11:31,000 --> 00:11:32,000

But then this up front here...

211

00:11:32,000 --> 00:11:33,000

That's the slaughterhouse.

212

00:11:33,000 --> 00:11:35,000

The slaughterhouse.

213

00:11:35,000 --> 00:11:39,000

So what is the safety measures to keep the DNA sheep over there...

214

00:11:39,000 --> 00:11:42,000

...from getting pickled in with the sheep that go here?

215

00:11:43,000 --> 00:11:47,000

As Jesse suspected, something doesn't add up.

216

00:11:48,000 --> 00:11:52,000

What's the real purpose for raising livestock that's partially human?

217

00:11:53,000 --> 00:11:57,000

June Sarpong may be getting the first clue in Albany, New York.

218

00:11:58,000 --> 00:12:01,000

She's here to meet Dr. Gordon Gallup.

219

00:12:02,000 --> 00:12:06,000

He's a psychologist who's done groundbreaking research on animal behavior.

220

00:12:07,000 --> 00:12:11,000

More important, he came to believe that a new species...

221

00:12:11,000 --> 00:12:14,000

...has walked the planet for 40 years.

222

00:12:14,000 --> 00:12:17,000

Half chimp, half human.

223

00:12:18,000 --> 00:12:19,000

His name?

224

00:12:20,000 --> 00:12:21,000

Oliver.

225

00:12:21,000 --> 00:12:30,000

I first learned about Oliver in an article that appeared in a 1976 issue of Time Magazine.

226

00:12:30,000 --> 00:12:35,000

And in thumbing through that issue, I saw Oliver's picture.

227

00:12:36,000 --> 00:12:39,000

Oliver had gained international attention...

228

00:12:39,000 --> 00:12:43,000

...because he walked, looked, and behaved like a human.

229

00:12:45,000 --> 00:12:50,000

And the first thing that occurred to me was that Oliver might be...

230

00:12:51,000 --> 00:12:55,000

...a human chimpanzee hybrid.

231

00:12:59,000 --> 00:13:02,000

And I coined the term...

232

00:13:03,000 --> 00:13:04,000

...humanity.

233

00:13:04,000 --> 00:13:11,000

And then Gallup reveals a deep dark secret about a government research center.

234

00:13:12,000 --> 00:13:14,000

A place called the Urikes.

235

00:13:15,000 --> 00:13:20,000

There's been a persistent rumor that at the Urikes primate center...

236

00:13:20,000 --> 00:13:26,000

...there was an attempt to artificially inseminate a female chimpanzee...

237

00:13:26,000 --> 00:13:31,000

...with human semen from an obviously undisclosed donor.

238

00:13:32,000 --> 00:13:35,000

And that not only did conception occur...

239

00:13:35,000 --> 00:13:42,000

...but pregnancy went full term and eventually did in a live birth.

240

00:13:44,000 --> 00:13:47,000

And within a week or two after the baby was born...

241

00:13:47,000 --> 00:13:52,000

...the people that did this began to consider the implications of what they've done...

242

00:13:52,000 --> 00:13:57,000

...and they euthanized the infant without ever telling anybody about it.

243

00:13:58,000 --> 00:14:00,000

And you're certain?

244

00:14:00,000 --> 00:14:03,000

Well, one of my professors when I was a graduate student...

245

00:14:03,000 --> 00:14:09,000

...was at the original Urikes primate center in Orange Park, Florida at the time.

246

00:14:09,000 --> 00:14:12,000

And he told me that it was true.

247

00:14:12,000 --> 00:14:15,000

He was a pretty credible person.

248

00:14:17,000 --> 00:14:19,000

Orange Park, Florida.

249

00:14:19,000 --> 00:14:22,000

Home of the Urikes National Primate Research Center.

250

00:14:24,000 --> 00:14:27,000

Relocated to Georgia, Urikes is still in operation.

251

00:14:28,000 --> 00:14:31,000

Bigger and more secretive than ever.

252

00:14:32,000 --> 00:14:37,000

Do you actually believe it is physically possible to create a human semen?

253

00:14:37,000 --> 00:14:41,000

There have been a number of primate hybridization experiments...

254

00:14:41,000 --> 00:14:43,000

...that are well documented.

255

00:14:43,000 --> 00:14:46,000

So do you think these experiments are happening in secret?

256

00:14:46,000 --> 00:14:49,000

They would only be happening in secret.

257

00:14:49,000 --> 00:14:52,000

Curious about what's going on with the sheep here.

258

00:14:52,000 --> 00:14:54,000

Back at the research farm...

259

00:14:54,000 --> 00:14:58,000

...Terrell and Sean wanted to know why sheep that are part human...

260

00:14:58,000 --> 00:15:01,000

...might make it into the food supply.

261

00:15:01,000 --> 00:15:03,000

We're not willing to talk to you guys?

262

00:15:03,000 --> 00:15:04,000

No.

263

00:15:04,000 --> 00:15:05,000

I love you.

264

00:15:05,000 --> 00:15:08,000

They're hoping to find another whistleblower.

265

00:15:08,000 --> 00:15:11,000

Can't tell us anything about the disposal of the sheep...

266

00:15:11,000 --> 00:15:15,000

...or the DNA and how they're disposed if they get into the slaughterhouse at all.

267

00:15:15,000 --> 00:15:18,000

Can't even ask them if they're playing God here.

268

00:15:19,000 --> 00:15:22,000

But no sooner do they get boots on the ground...

269

00:15:23,000 --> 00:15:26,000

...than somebody calls the cops.

270

00:15:27,000 --> 00:15:28,000

Hi, sir.

271

00:15:30,000 --> 00:15:32,000

Governor, it's me.

272

00:15:32,000 --> 00:15:34,000

Remember this word.

273

00:15:34,000 --> 00:15:36,000

Humanse.

274

00:15:36,000 --> 00:15:37,000

A human what?

275

00:15:37,000 --> 00:15:38,000

Humanse.

276

00:15:38,000 --> 00:15:40,000

I've got another one for you too.

277

00:15:40,000 --> 00:15:41,000

Yurkes.

278

00:15:41,000 --> 00:15:42,000

Yurkes.

279

00:15:42,000 --> 00:15:45,000

It's a government research center where they created...

280

00:15:45,000 --> 00:15:47,000

...a humanse.

281

00:15:48,000 --> 00:15:50,000

It's getting really bizarre, man.

282

00:15:50,000 --> 00:15:53,000

And the dangerous thing is that we found out...

283

00:15:53,000 --> 00:15:56,000

...is that where they store these human DNA sheep...

284

00:15:56,000 --> 00:15:59,000

...is right next to the slaughterhouse on the farm, me and Sean saw it.

285

00:15:59,000 --> 00:16:02,000

Easily, these sheep could wander in...

286

00:16:02,000 --> 00:16:04,000

Or be put in there and slaughter.

287

00:16:04,000 --> 00:16:06,000

...and be put in there, end up in a local market...

288

00:16:06,000 --> 00:16:08,000

...and then we got cannibalism.

289

00:16:08,000 --> 00:16:09,000

Cannibalism?

290

00:16:09,000 --> 00:16:12,000

Look, I definitely could see how, in the wrong hands...

291

00:16:12,000 --> 00:16:15,000

...this type of technology and this type of experimentation...

292

00:16:15,000 --> 00:16:17,000

...could escalate to something bigger and darker.

293

00:16:17,000 --> 00:16:20,000

Look it, you're talking to me now about...

294

00:16:20,000 --> 00:16:22,000

...sheep that have human livers.

295

00:16:22,000 --> 00:16:26,000

I get a phone call talking about humansees.

296

00:16:26,000 --> 00:16:27,000

Human what?

297

00:16:30,000 --> 00:16:31,000

Still ahead.

298

00:16:31,000 --> 00:16:33,000

Governor, this isn't science fiction.

299

00:16:33,000 --> 00:16:35,000

Jesse's on the hunt.

300

00:16:35,000 --> 00:16:36,000

It's real.

301

00:16:36,000 --> 00:16:38,000

For the real life planet of the apes.

302

00:16:38,000 --> 00:16:41,000

And you can break this cover up wide open.

303

00:16:41,000 --> 00:16:44,000

Then, closer to exposing...

304

00:16:44,000 --> 00:16:47,000

So there's no law preventing you.

305

00:16:47,000 --> 00:16:49,000

...the full truth about...

306

00:16:49,000 --> 00:16:51,000

...from creating a humanzee.

307

00:16:51,000 --> 00:16:55,000

...the sinister plot behind the human animal experiment.

308

00:16:55,000 --> 00:16:58,000

If you use the female chimp as the carrier.

309

00:16:58,000 --> 00:16:59,000

That's right.

310

00:16:59,000 --> 00:17:00,000

And later...

311

00:17:00,000 --> 00:17:03,000

If you put a 200 pound humanzee in the ring with you.

312

00:17:03,000 --> 00:17:05,000

Jesse goes toe to toe.

313

00:17:05,000 --> 00:17:07,000

He would absolutely destroy you.

314

00:17:07,000 --> 00:17:09,000

With the humansee.

315

00:17:09,000 --> 00:17:11,000

Destroy me.

316

00:17:39,000 --> 00:17:43,000

Now Jesse and the team try to tie it all together.

317

00:17:43,000 --> 00:17:48,000

Jesse knows it's adding up to a dark conspiracy.

318

00:17:48,000 --> 00:17:52,000

And he knows the man who can help get him inside.

319

00:17:59,000 --> 00:18:01,000

Right on time.

320

00:18:01,000 --> 00:18:03,000

Dr. William Hurlbutt.

321

00:18:03,000 --> 00:18:07,000

He specializes in something called bioethics.

322

00:18:07,000 --> 00:18:11,000

Advising the government on how far researchers can cross

323

00:18:11,000 --> 00:18:14,000

into Frankenstein territory.

324

00:18:14,000 --> 00:18:18,000

Now, Dr. some of this stuff I'm finding out is pretty damn scary.

325

00:18:18,000 --> 00:18:20,000

And you're in the center of this.

326

00:18:20,000 --> 00:18:22,000

You're at Stanford.

327

00:18:22,000 --> 00:18:24,000

Tell me the worst scenario in your opinion right now.

328

00:18:24,000 --> 00:18:28,000

What could be the worst thing that your colleagues could create today

329

00:18:28,000 --> 00:18:30,000

that would cause the most trouble?

330

00:18:30,000 --> 00:18:32,000

I talked with a Harvard professor who was thinking

331

00:18:32,000 --> 00:18:35,000

he'd like to mix human and chimp genes in a new creature

332

00:18:35,000 --> 00:18:37,000

to see what each gene did.

333

00:18:37,000 --> 00:18:39,000

Then what do you call it? Is it a human?

334

00:18:39,000 --> 00:18:42,000

Well, some people call it a chimp and a human.

335

00:18:42,000 --> 00:18:44,000

A humanzee.

336

00:18:46,000 --> 00:18:50,000

That confirms it. This is the real deal.

337

00:18:50,000 --> 00:18:52,000

You know, as in the world of Frankenstein,

338

00:18:52,000 --> 00:18:54,000

you can start with good intention.

339

00:18:54,000 --> 00:18:57,000

And you can end up creating a monster.

340

00:18:57,000 --> 00:19:00,000

Is a monster being created here?

341

00:19:02,000 --> 00:19:04,000

Well, we have to be attentive to that.

342

00:19:04,000 --> 00:19:07,000

Some people want to enhance humans for the bio Olympics.

343

00:19:07,000 --> 00:19:11,000

Maybe even as some sort of domestic slaves.

344

00:19:13,000 --> 00:19:15,000

Slaves?

345

00:19:15,000 --> 00:19:18,000

Something big definitely is at play here.

346

00:19:18,000 --> 00:19:22,000

But what or who is it?

347

00:19:27,000 --> 00:19:31,000

June finds more evidence when she tracks down Dr. Stuart Newman.

348

00:19:32,000 --> 00:19:35,000

Newman is an expert in biological research.

349

00:19:35,000 --> 00:19:39,000

He wants to try to get a patent for a humansee

350

00:19:39,000 --> 00:19:43,000

just to stop other scientists from creating them.

351

00:19:43,000 --> 00:19:46,000

Your patent was turned down.

352

00:19:46,000 --> 00:19:48,000

They ultimately rejected it.

353

00:19:48,000 --> 00:19:53,000

They judged that if it was beyond a certain percent human,

354

00:19:53,000 --> 00:19:55,000

it was inappropriate.

355

00:19:55,000 --> 00:20:00,000

But they wouldn't actually commit themselves to what the percent was.

356

00:20:01,000 --> 00:20:04,000

But surely there are ways around this stuff.

357

00:20:04,000 --> 00:20:06,000

All these tests can go underground.

358

00:20:06,000 --> 00:20:08,000

They don't even have to go underground.

359

00:20:08,000 --> 00:20:11,000

If the patent is turned down in the United States,

360

00:20:11,000 --> 00:20:15,000

that doesn't mean that it's thereby illegal to do it.

361

00:20:15,000 --> 00:20:17,000

It's legal.

362

00:20:19,000 --> 00:20:22,000

Now Jesse's certain a conspiracy is afoot.

363

00:20:22,000 --> 00:20:25,000

He decides to go for the jugular.

364

00:20:25,000 --> 00:20:28,000

What you're saying is this by the rich, the powerful,

365

00:20:28,000 --> 00:20:31,000

or whoever could become extremely dangerous

366

00:20:31,000 --> 00:20:34,000

because they could start creating their own slaves

367

00:20:34,000 --> 00:20:36,000

for lack of better terms.

368

00:20:36,000 --> 00:20:38,000

I'm not accusing anybody of this,

369

00:20:38,000 --> 00:20:40,000

but I'm saying this would be possible.

370

00:20:42,000 --> 00:20:44,000

What would it fall under in the United States?

371

00:20:44,000 --> 00:20:48,000

Who would oversee the morality of the United States Congress?

372

00:20:48,000 --> 00:20:50,000

We don't have it.

373

00:20:50,000 --> 00:20:52,000

We got to rely on them.

374

00:20:52,000 --> 00:20:54,000

They can't even do a budget,

375

00:20:54,000 --> 00:20:57,000

and yet we're going to put our hope in these bunch of bozos

376

00:20:57,000 --> 00:21:00,000

that get elected, these Democrats and Republicans.

377

00:21:00,000 --> 00:21:02,000

Well, I know that's a problem.

378

00:21:05,000 --> 00:21:08,000

According to federal standards to the United States,

379

00:21:08,000 --> 00:21:11,000

it's prohibited to take an embryo

380

00:21:11,000 --> 00:21:14,000

that was made from the cells of two different species

381

00:21:14,000 --> 00:21:18,000

and to implant it in a human female's uterus.

382

00:21:18,000 --> 00:21:22,000

But it's not prohibited to take that mixture

383

00:21:22,000 --> 00:21:25,000

and implant it in a chimpanzee's uterus.

384

00:21:25,000 --> 00:21:28,000

So, as it stands, there's no law preventing you

385

00:21:28,000 --> 00:21:31,000

from creating a humanzine

386

00:21:31,000 --> 00:21:33,000

if you use the female chimp as the carrier.

387

00:21:33,000 --> 00:21:34,000

That's right.

388

00:21:37,000 --> 00:21:41,000

Do you think humanzines are maybe being secretly created?

389

00:21:41,000 --> 00:21:44,000

There might be some places where it's being done.

390

00:21:46,000 --> 00:21:48,000

I've heard the word yurkies,

391

00:21:48,000 --> 00:21:51,000

where they literally tell me if this is true

392

00:21:51,000 --> 00:21:54,000

or not created one of these humanzies.

393

00:21:55,000 --> 00:21:57,000

You know, there are rumors like that.

394

00:21:57,000 --> 00:21:59,000

There's rumors about DARPA.

395

00:21:59,000 --> 00:22:03,000

DARPA, the super secret Pentagon agency,

396

00:22:03,000 --> 00:22:07,000

the one that develops weapons and defense technologies.

397

00:22:07,000 --> 00:22:10,000

DARPA's making humanzies?

398

00:22:10,000 --> 00:22:13,000

Yes, that's one of the things we have to be careful about.

399

00:22:13,000 --> 00:22:16,000

With regard to yurkies, I do know some of the researchers there,

400

00:22:16,000 --> 00:22:18,000

but I don't know everything.

401

00:22:18,000 --> 00:22:20,000

Would it be worth my team and me to go out

402

00:22:20,000 --> 00:22:22,000

and check this place out, this yurkies?

403

00:22:25,000 --> 00:22:31,000

If I don't have enough reason to head to this yurkies place,

404

00:22:31,000 --> 00:22:35,000

Alex Jones is about to give me another.

405

00:22:35,000 --> 00:22:38,000

Hey, look, this name yurkies keeps coming up.

406

00:22:38,000 --> 00:22:40,000

What do you know about this stuff?

407

00:22:40,000 --> 00:22:43,000

Yurkies is a primate research facility,

408

00:22:43,000 --> 00:22:45,000

one of the most preeminent in the world,

409

00:22:45,000 --> 00:22:48,000

and it supposedly is just a university-run program.

410

00:22:48,000 --> 00:22:49,000

That's its cover.

411

00:22:49,000 --> 00:22:52,000

The DARPA that invented all the modern weapons systems,

412

00:22:52,000 --> 00:22:54,000

they are in charge of it,

413

00:22:54,000 --> 00:23:00,000

and they for decades have been trying to splice humans with chimpanzees.

414

00:23:00,000 --> 00:23:05,000

And then Alex hits me with a huge bombshell.

415

00:23:05,000 --> 00:23:07,000

They're looking for super soldiers.

416

00:23:07,000 --> 00:23:10,000

They're looking to create a super-type soldier.

417

00:23:10,000 --> 00:23:13,000

Humanzies super soldiers.

418

00:23:13,000 --> 00:23:16,000

Now it all makes sense.

419

00:23:16,000 --> 00:23:19,000

It's for power, it's for control.

420

00:23:19,000 --> 00:23:24,000

We've seen whole populations rise up

421

00:23:24,000 --> 00:23:27,000

against their leaders in the Arab Spring.

422

00:23:27,000 --> 00:23:29,000

If it ever happened here,

423

00:23:29,000 --> 00:23:33,000

they'd have the perfect army to keep us down.

424

00:23:33,000 --> 00:23:39,000

The military and the controllers who like to play God

425

00:23:39,000 --> 00:23:44,000

are potentially looking at a planet of the apes idea system.

426

00:23:44,000 --> 00:23:48,000

Only in Planet of the Apes, the apes took over.

427

00:23:48,000 --> 00:23:50,000

And this is at that Yerkes place.

428

00:23:50,000 --> 00:23:51,000

Yerkes.

429

00:23:51,000 --> 00:23:55,000

Lawrenceville, Georgia, they created humanzies decades ago.

430

00:23:55,000 --> 00:23:56,000

It's real.

431

00:23:56,000 --> 00:23:59,000

God knows how advanced it is now.

432

00:23:59,000 --> 00:24:01,000

Governor, this isn't science fiction.

433

00:24:01,000 --> 00:24:05,000

It's documented, and you can break this cover up wide open.

434

00:24:08,000 --> 00:24:09,000

Still ahead.

435

00:24:09,000 --> 00:24:10,000

Where the hell are you?

436

00:24:10,000 --> 00:24:12,000

Jesse Ventura heads to Yerkes.

437

00:24:12,000 --> 00:24:14,000

I notice you got a weapon there, a rifle.

438

00:24:14,000 --> 00:24:15,000

Why do you carry that?

439

00:24:15,000 --> 00:24:17,000

And meets the monkey man.

440

00:24:17,000 --> 00:24:19,000

A lot of people are scared.

441

00:24:19,000 --> 00:24:21,000

Then, this b****.

442

00:24:21,000 --> 00:24:24,000

Jesse becomes a hunter's target.

443

00:24:24,000 --> 00:24:26,000

This is the greatest neighborhood watch group

444

00:24:26,000 --> 00:24:28,000

I've ever seen in my life in America.

445

00:24:28,000 --> 00:24:31,000

And later, wait a minute.

446

00:24:31,000 --> 00:24:33,000

The smoking gun.

447

00:24:33,000 --> 00:24:37,000

The head of this place approached a woman in Philadelphia

448

00:24:37,000 --> 00:24:40,000

asking her to become impregnated by a primate.

449

00:24:40,000 --> 00:24:41,000

Exactly.

450

00:24:47,000 --> 00:24:52,000

Jesse Ventura is investigating a minimal conspiracy.

451

00:24:52,000 --> 00:24:56,000

It began with a plot to grow human organs.

452

00:24:56,000 --> 00:25:00,000

It's led to something he fears is far more harmful.

453

00:25:00,000 --> 00:25:05,000

Now, he's in the backwoods of Georgia.

454

00:25:05,000 --> 00:25:08,000

At the Yerkes National Primate Research Center,

455

00:25:08,000 --> 00:25:11,000

scientists at the government lab

456

00:25:11,000 --> 00:25:16,000

allegedly have been working on a plan to create a new environment

457

00:25:16,000 --> 00:25:19,000

that the government lab allegedly created a creature

458

00:25:19,000 --> 00:25:22,000

that's half human, half chimp.

459

00:25:22,000 --> 00:25:26,000

Today, they could be breeding an army of these humanzies,

460

00:25:26,000 --> 00:25:31,000

an army of super soldiers that could take over the human race.

461

00:25:31,000 --> 00:25:35,000

There it is, city of Lawrenceville.

462

00:25:35,000 --> 00:25:38,000

Lawrenceville grew around the Yerkes Research Station,

463

00:25:38,000 --> 00:25:42,000

along with a lot of fear.

464

00:25:42,000 --> 00:25:47,000

They set the smaller the town, the darker the secrets.

465

00:25:47,000 --> 00:25:50,000

Our contact arranged for us to meet two citizens

466

00:25:50,000 --> 00:25:54,000

who are ready to fight back.

467

00:25:54,000 --> 00:25:58,000

We find them waiting outside a filling station.

468

00:25:58,000 --> 00:26:03,000

They've left their friend inside the SUV.

469

00:26:03,000 --> 00:26:05,000

I notice you got a weapon there, a rifle.

470

00:26:05,000 --> 00:26:06,000

Why do you carry that?

471

00:26:06,000 --> 00:26:08,000

That's protection, here and simple.

472

00:26:08,000 --> 00:26:11,000

You feel paranoid enough that you carry a weapon in your car?

473

00:26:11,000 --> 00:26:12,000

Yes, I do.

474

00:26:12,000 --> 00:26:13,000

Really?

475

00:26:13,000 --> 00:26:16,000

I didn't bring my because he was going to bring his, so...

476

00:26:16,000 --> 00:26:17,000

But you would, too.

477

00:26:17,000 --> 00:26:18,000

Oh, yes.

478

00:26:18,000 --> 00:26:21,000

And do you directly attribute this paranoia

479

00:26:21,000 --> 00:26:24,000

or fear you have to this place?

480

00:26:24,000 --> 00:26:27,000

Very much in my mind all the time.

481

00:26:27,000 --> 00:26:29,000

Too many unanswered questions.

482

00:26:29,000 --> 00:26:31,000

They won't tell you anything that goes on there.

483

00:26:31,000 --> 00:26:33,000

They won't tell you anything.

484

00:26:33,000 --> 00:26:35,000

What do you guys think goes on there?

485

00:26:35,000 --> 00:26:37,000

It must be something really, you know,

486

00:26:37,000 --> 00:26:38,000

they don't want you to know about it.

487

00:26:38,000 --> 00:26:40,000

They wouldn't be secret.

488

00:26:40,000 --> 00:26:43,000

They'd walk up to the fence and let's try to run you all.

489

00:26:43,000 --> 00:26:44,000

And I used to hunt around there.

490

00:26:44,000 --> 00:26:45,000

Really?

491

00:26:45,000 --> 00:26:47,000

Have you heard of any of these primates

492

00:26:47,000 --> 00:26:49,000

or monkeys ever escaped?

493

00:26:49,000 --> 00:26:50,000

I once escaped a few months ago.

494

00:26:50,000 --> 00:26:51,000

Really?

495

00:26:51,000 --> 00:26:53,000

Nobody's ever found it.

496

00:26:53,000 --> 00:26:54,000

A lot of people are scared.

497

00:26:54,000 --> 00:26:55,000

Really?

498

00:26:55,000 --> 00:26:56,000

I mean, older people, you know.

499

00:26:56,000 --> 00:26:58,000

And it's right.

500

00:26:58,000 --> 00:26:59,000

You know, they have no way.

501

00:26:59,000 --> 00:27:01,000

A monkey's not like a human.

502

00:27:01,000 --> 00:27:02,000

I mean, you want to jump on you and tear your quarter

503

00:27:02,000 --> 00:27:05,000

and all your face off.

504

00:27:05,000 --> 00:27:08,000

There's a story that's floated around for years.

505

00:27:08,000 --> 00:27:13,000

And supposedly they impregnated a female ape with human sperm,

506

00:27:13,000 --> 00:27:18,000

brought it to fruition, and then apparently killed it

507

00:27:18,000 --> 00:27:21,000

because they were afraid of what they had created.

508

00:27:21,000 --> 00:27:25,000

Seems like everyone's heard about these human's eaves.

509

00:27:25,000 --> 00:27:30,000

If you're creating man apes or man's eaves or whatever,

510

00:27:30,000 --> 00:27:33,000

you need to come clean and tell us all what's going on.

511

00:27:33,000 --> 00:27:34,000

Have us move away.

512

00:27:34,000 --> 00:27:35,000

Build a bigger fence.

513

00:27:35,000 --> 00:27:38,000

Do something to protect us.

514

00:27:38,000 --> 00:27:39,000

Wow.

515

00:27:39,000 --> 00:27:42,000

It's time we go check out that facility.

516

00:27:42,000 --> 00:27:43,000

Absolutely.

517

00:27:43,000 --> 00:27:45,000

Let's go talk to some people over there.

518

00:27:45,000 --> 00:27:48,000

See what kind of answer we get.

519

00:27:48,000 --> 00:27:53,000

There's obvious security at your keys front gate.

520

00:27:53,000 --> 00:27:57,000

So Jesse and Terrell drive around back.

521

00:27:57,000 --> 00:28:00,000

I want to see how they're keeping chimps

522

00:28:00,000 --> 00:28:02,000

and who the heck knows what else

523

00:28:02,000 --> 00:28:07,000

from getting loose in the neighborhood.

524

00:28:07,000 --> 00:28:10,000

Fence line's just up through here.

525

00:28:10,000 --> 00:28:11,000

This is it?

526

00:28:11,000 --> 00:28:15,000

Well, no, for the most part, we got dual barbed wire.

527

00:28:15,000 --> 00:28:18,000

As you can see, it's going in and out.

528

00:28:18,000 --> 00:28:20,000

Yeah, but if you're a chimpanzee...

529

00:28:20,000 --> 00:28:22,000

Well, it's not done for chimpanzees.

530

00:28:22,000 --> 00:28:23,000

That's what I'm saying.

531

00:28:23,000 --> 00:28:25,000

The only way they could stop that would be to dome it.

532

00:28:25,000 --> 00:28:26,000

Right.

533

00:28:26,000 --> 00:28:28,000

Because a monkey can climb trees.

534

00:28:28,000 --> 00:28:30,000

So you could climb up any tree

535

00:28:30,000 --> 00:28:32,000

to go tree to tree to get out of here.

536

00:28:32,000 --> 00:28:35,000

This is here basically just to keep anyone like us

537

00:28:35,000 --> 00:28:37,000

from getting in.

538

00:28:37,000 --> 00:28:42,000

Then we realize we've got company

539

00:28:42,000 --> 00:28:45,000

just like when I met Chris DeRose.

540

00:28:45,000 --> 00:28:46,000

DeRose!

541

00:28:46,000 --> 00:28:48,000

Come on.

542

00:28:48,000 --> 00:28:50,000

We're being watched.

543

00:28:50,000 --> 00:28:52,000

Get him on film.

544

00:28:52,000 --> 00:28:54,000

Was he running off on me now?

545

00:28:54,000 --> 00:28:56,000

Probably.

546

00:28:56,000 --> 00:28:59,000

You're photographing us, we're photographing you.

547

00:28:59,000 --> 00:29:01,000

Oh, there he is.

548

00:29:01,000 --> 00:29:03,000

I figured we'd return the favor.

549

00:29:03,000 --> 00:29:05,000

We'll film you too.

550

00:29:05,000 --> 00:29:07,000

So you live in the neighborhood, huh?

551

00:29:07,000 --> 00:29:09,000

I just help them out with their neighborhood watch.

552

00:29:09,000 --> 00:29:11,000

You help them out with your neighborhood watch?

553

00:29:11,000 --> 00:29:12,000

Why are you here today?

554

00:29:12,000 --> 00:29:14,000

Because you're in the neighborhood and it's a little odd

555

00:29:14,000 --> 00:29:16,000

to have a TV crew and people wandering around.

556

00:29:16,000 --> 00:29:20,000

Clearly we're not here sneaking around with TV cameras.

557

00:29:20,000 --> 00:29:21,000

We're right out in the open.

558

00:29:21,000 --> 00:29:23,000

And you've already photographed us.

559

00:29:23,000 --> 00:29:25,000

Why do you continue to photograph us?

560

00:29:25,000 --> 00:29:27,000

So I have it all here?

561

00:29:27,000 --> 00:29:30,000

You have no idea, you don't work for your keys.

562

00:29:30,000 --> 00:29:31,000

No.

563

00:29:31,000 --> 00:29:33,000

You just work for the neighborhood.

564

00:29:33,000 --> 00:29:35,000

You can tell I don't believe a word you're saying.

565

00:29:35,000 --> 00:29:36,000

Some TV?

566

00:29:36,000 --> 00:29:38,000

Yeah, I'm sure it is, no problem.

567

00:29:38,000 --> 00:29:41,000

It's the biggest bull story I've ever heard.

568

00:29:41,000 --> 00:29:43,000

What a bunch of bull.

569

00:29:46,000 --> 00:29:48,000

Enough of this.

570

00:29:48,000 --> 00:29:51,000

We work our way to the front gate.

571

00:29:51,000 --> 00:29:54,000

There's more security waiting there.

572

00:29:54,000 --> 00:29:56,000

But so's my man, Braverman.

573

00:29:56,000 --> 00:29:59,000

He's got somebody with him.

574

00:29:59,000 --> 00:30:02,000

Jack Carone is an animal rights advocate.

575

00:30:04,000 --> 00:30:09,000

Jack, they're in here mixing human and chimpanzee DNA.

576

00:30:09,000 --> 00:30:11,000

Trying to cross-breed them.

577

00:30:11,000 --> 00:30:13,000

Are you saying that there's nothing to stop them?

578

00:30:13,000 --> 00:30:15,000

They can do whatever they want?

579

00:30:15,000 --> 00:30:21,000

He wants to have his say, right under those security cameras,

580

00:30:21,000 --> 00:30:24,000

so everybody inside can hear.

581

00:30:24,000 --> 00:30:28,000

But then those itchy guards try and stop him.

582

00:30:28,000 --> 00:30:30,000

My car, what?

583

00:30:30,000 --> 00:30:31,000

I didn't hear you.

584

00:30:31,000 --> 00:30:33,000

It has to do with the service.

585

00:30:33,000 --> 00:30:34,000

Is it on your property?

586

00:30:34,000 --> 00:30:36,000

It's not private property.

587

00:30:36,000 --> 00:30:38,000

I'm a taxpayer, young man.

588

00:30:38,000 --> 00:30:41,000

This is government property, correct?

589

00:30:43,000 --> 00:30:44,000

Coming up.

590

00:30:44,000 --> 00:30:47,000

Sidewalks public property, right?

591

00:30:47,000 --> 00:30:50,000

Jesse's standoff at the laboratory of the apes.

592

00:30:50,000 --> 00:30:53,000

How far can I legally go here?

593

00:30:53,000 --> 00:30:57,000

Then the shocking connection between the humansees

594

00:30:57,000 --> 00:30:59,000

and those par human sheep.

595

00:30:59,000 --> 00:31:02,000

That's why they're mass breeding these things.

596

00:31:02,000 --> 00:31:03,000

And later.

597

00:31:03,000 --> 00:31:06,000

I would expect it to be four to five times stronger.

598

00:31:06,000 --> 00:31:09,000

Jesse Ventura in a humansee.

599

00:31:09,000 --> 00:31:11,000

He would absolutely destroy you.

600

00:31:11,000 --> 00:31:13,000

Cage match.

601

00:31:13,000 --> 00:31:15,000

This is a recipe for disaster.

602

00:31:15,000 --> 00:31:25,000

Jesse Ventura is in the woods of Georgia,

603

00:31:25,000 --> 00:31:28,000

outside a secretive government research lab,

604

00:31:28,000 --> 00:31:32,000

implicated in the creation of humansees,

605

00:31:32,000 --> 00:31:37,000

potential slaves, or super soldiers.

606

00:31:37,000 --> 00:31:41,000

His advisor, Braverman, has someone he wants Jesse to meet.

607

00:31:41,000 --> 00:31:44,000

This is Jack Carone.

608

00:31:44,000 --> 00:31:47,000

Jack Carone fights animal cruelty.

609

00:31:47,000 --> 00:31:51,000

He exposes inhumane practices like vivisection,

610

00:31:51,000 --> 00:31:55,000

experiments and operations on live animals.

611

00:31:55,000 --> 00:31:58,000

And this place here would fit right into what you're looking for.

612

00:31:58,000 --> 00:31:59,000

Absolutely.

613

00:31:59,000 --> 00:32:01,000

It's a palace of vivisection.

614

00:32:03,000 --> 00:32:06,000

You think they're in there making a chimp in a human combination,

615

00:32:06,000 --> 00:32:07,000

the humansee?

616

00:32:07,000 --> 00:32:10,000

Yes, among other government agents.

617

00:32:10,000 --> 00:32:11,000

Absolutely.

618

00:32:11,000 --> 00:32:13,000

Let me get to the point.

619

00:32:13,000 --> 00:32:14,000

I heard DARPA doesn't.

620

00:32:14,000 --> 00:32:15,000

Oh, sure.

621

00:32:15,000 --> 00:32:18,000

Carone is the latest to connect the conspiracy

622

00:32:18,000 --> 00:32:21,000

to the Pentagon's top secret development wing.

623

00:32:21,000 --> 00:32:23,000

Before I came over here, I did a little more research,

624

00:32:23,000 --> 00:32:27,000

and I found out that one of the directors of the Yerkes Center

625

00:32:27,000 --> 00:32:29,000

actually had an intelligence background

626

00:32:29,000 --> 00:32:32,000

and did work in creating Manchurian candidates,

627

00:32:32,000 --> 00:32:35,000

behavior modification on apes.

628

00:32:35,000 --> 00:32:38,000

Before Carone can continue,

629

00:32:38,000 --> 00:32:41,000

the Yerkes security men make their move.

630

00:32:41,000 --> 00:32:43,000

My car, what?

631

00:32:43,000 --> 00:32:44,000

It has to move.

632

00:32:44,000 --> 00:32:45,000

I didn't hear you.

633

00:32:45,000 --> 00:32:46,000

It has to move, sir.

634

00:32:46,000 --> 00:32:48,000

Is it on your property?

635

00:32:48,000 --> 00:32:50,000

But it's not private property.

636

00:32:50,000 --> 00:32:52,000

I'm a taxpayer, young man.

637

00:32:52,000 --> 00:32:54,000

This is government property, correct?

638

00:32:54,000 --> 00:32:55,000

Down, sir.

639

00:32:55,000 --> 00:32:57,000

It's not?

640

00:32:57,000 --> 00:32:59,000

This has nothing to do with the government?

641

00:32:59,000 --> 00:33:01,000

It's private property, sir.

642

00:33:01,000 --> 00:33:02,000

Private property.

643

00:33:02,000 --> 00:33:03,000

It's having a good day.

644

00:33:03,000 --> 00:33:05,000

Who's the owner?

645

00:33:05,000 --> 00:33:07,000

I just want to ask you a question.

646

00:33:07,000 --> 00:33:11,000

How far can I legally go here?

647

00:33:11,000 --> 00:33:13,000

I've gone too far already.

648

00:33:13,000 --> 00:33:16,000

Who do I need to talk to if it's private property?

649

00:33:16,000 --> 00:33:20,000

I got a feeling my tax dollars help pay for this.

650

00:33:20,000 --> 00:33:25,000

See, I'm the governor you've never dealt with before.

651

00:33:25,000 --> 00:33:26,000

Where's he going?

652

00:33:26,000 --> 00:33:28,000

I got a question for him.

653

00:33:28,000 --> 00:33:30,000

I've been a mayor.

654

00:33:30,000 --> 00:33:32,000

I've been a governor.

655

00:33:32,000 --> 00:33:36,000

What rank do I need to achieve to go in this place?

656

00:33:36,000 --> 00:33:38,000

Senator or the president?

657

00:33:38,000 --> 00:33:40,000

Because I've never lost an election

658

00:33:40,000 --> 00:33:44,000

and I'll do whatever it takes to expose this place

659

00:33:44,000 --> 00:33:46,000

and find out what you do in here.

660

00:33:46,000 --> 00:33:49,000

Then, amid the chaos,

661

00:33:49,000 --> 00:33:52,000

a car comes speeding toward them.

662

00:33:52,000 --> 00:33:54,000

Good.

663

00:33:54,000 --> 00:33:57,000

Governor, may I have a few minutes of your time, please?

664

00:33:57,000 --> 00:34:00,000

I'd like to talk with you a minute.

665

00:34:00,000 --> 00:34:03,000

Gene Barnes may sound like a nice woman,

666

00:34:03,000 --> 00:34:07,000

but she's a fierce crusader against Yerkes.

667

00:34:07,000 --> 00:34:10,000

She's exposed horrors here,

668

00:34:10,000 --> 00:34:13,000

like the lab assistant who died of the Herpes virus

669

00:34:13,000 --> 00:34:16,000

after a monkey spit in her eye.

670

00:34:18,000 --> 00:34:20,000

What do you need from me?

671

00:34:20,000 --> 00:34:24,000

I came across an article and it was about Jeffrey Bourne,

672

00:34:24,000 --> 00:34:29,000

and he is one of the former directors of Yerkes.

673

00:34:29,000 --> 00:34:31,000

Dr. Jeffrey Bourne,

674

00:34:31,000 --> 00:34:34,000

the man Jack Carone alluded to.

675

00:34:34,000 --> 00:34:38,000

Jeffrey Bourne allegedly led the CIA's secret program

676

00:34:38,000 --> 00:34:41,000

to create brainwashed assassins.

677

00:34:41,000 --> 00:34:44,000

Many believe Robert Ludlum's Bourne identity

678

00:34:44,000 --> 00:34:46,000

was based on his work.

679

00:34:46,000 --> 00:34:50,000

Bourne ran this place for 26 years.

680

00:34:50,000 --> 00:34:53,000

He also wrote his own nonfiction books,

681

00:34:53,000 --> 00:34:56,000

like The Eight People.

682

00:34:56,000 --> 00:34:58,000

I came across an article.

683

00:34:58,000 --> 00:35:01,000

It was from the Sunday Times of London.

684

00:35:01,000 --> 00:35:04,000

It was dated August 29, 1976.

685

00:35:04,000 --> 00:35:05,000

1976.

686

00:35:05,000 --> 00:35:07,000

And Jeffrey Bourne,

687

00:35:07,000 --> 00:35:13,000

he had the idea that he wanted to cross a human and a gorilla.

688

00:35:13,000 --> 00:35:16,000

Not only that, but it gave the woman's name

689

00:35:16,000 --> 00:35:19,000

and that she lived in Pennsylvania, so I called her.

690

00:35:19,000 --> 00:35:21,000

She told me all about it.

691

00:35:21,000 --> 00:35:23,000

She told me that she met him in New York.

692

00:35:23,000 --> 00:35:25,000

He had asked her to do this.

693

00:35:25,000 --> 00:35:28,000

She told him she would think about it.

694

00:35:28,000 --> 00:35:30,000

Wait a minute.

695

00:35:30,000 --> 00:35:34,000

He, the head of this place, approached a woman in Philadelphia,

696

00:35:34,000 --> 00:35:38,000

asking her to what, become impregnated by a primate?

697

00:35:38,000 --> 00:35:41,000

Exactly.

698

00:35:41,000 --> 00:35:44,000

Jeffrey Bourne died in 1988.

699

00:35:44,000 --> 00:35:48,000

But this article and recently uncovered secret documents

700

00:35:48,000 --> 00:35:51,000

confirm his intentions.

701

00:35:51,000 --> 00:35:54,000

The director of the Yerkes National Primate Research Center

702

00:35:54,000 --> 00:35:59,000

was in the business of creating a humanzi.

703

00:35:59,000 --> 00:36:00,000

This is astounding.

704

00:36:00,000 --> 00:36:03,000

I mean, what we're talking here is almost like Frankenstein.

705

00:36:03,000 --> 00:36:05,000

It's exactly like Frankenstein.

706

00:36:05,000 --> 00:36:08,000

Or like the Planet of the Apes movie.

707

00:36:08,000 --> 00:36:10,000

They could be doing it right now.

708

00:36:10,000 --> 00:36:12,000

How do we know that they have it?

709

00:36:12,000 --> 00:36:13,000

We don't.

710

00:36:13,000 --> 00:36:15,000

We don't.

711

00:36:17,000 --> 00:36:19,000

A conspiracy to create humanzies,

712

00:36:19,000 --> 00:36:22,000

to use them as super soldiers,

713

00:36:22,000 --> 00:36:25,000

now linked to the same black ops agencies

714

00:36:25,000 --> 00:36:29,000

that turn human soldiers into brainwashed assassins.

715

00:36:29,000 --> 00:36:32,000

It's an ingenious plan.

716

00:36:32,000 --> 00:36:36,000

But Sean Stone is about to find its fatal flaw.

717

00:36:36,000 --> 00:36:40,000

A flaw that could be fatal.

718

00:36:40,000 --> 00:36:43,000

To you and me.

719

00:36:43,000 --> 00:36:47,000

Thousands of miles from the Yerkes facility,

720

00:36:47,000 --> 00:36:51,000

he's about to learn the connection between humanzies

721

00:36:51,000 --> 00:36:54,000

and those animals with human organs.

722

00:36:54,000 --> 00:37:00,000

Tim?

723

00:37:00,000 --> 00:37:04,000

Timothy Jockubite is an expert in animal husbandry.

724

00:37:04,000 --> 00:37:08,000

His work led him to places he did not want to see.

725

00:37:08,000 --> 00:37:11,000

Right now, our team is tracking down these humanzies

726

00:37:11,000 --> 00:37:13,000

at the Yerkes facility.

727

00:37:13,000 --> 00:37:15,000

And I want to know what is the correlation

728

00:37:15,000 --> 00:37:18,000

between the humanzies and the people that are harvesting

729

00:37:18,000 --> 00:37:20,000

human organs inside of these animals.

730

00:37:20,000 --> 00:37:22,000

It's under the guise of spare parts.

731

00:37:22,000 --> 00:37:24,000

How do you mean?

732

00:37:24,000 --> 00:37:27,000

They inject stem cells into an animal, pig, sheep, or cow.

733

00:37:27,000 --> 00:37:29,000

And they attempt to grow a human organ.

734

00:37:29,000 --> 00:37:32,000

And that's the guise at which they're doing this research,

735

00:37:32,000 --> 00:37:35,000

is so that we would have those organs readily available.

736

00:37:35,000 --> 00:37:38,000

But according to this expert,

737

00:37:38,000 --> 00:37:40,000

research at places like the university,

738

00:37:40,000 --> 00:37:43,000

investigated by Sean and Tyrell,

739

00:37:43,000 --> 00:37:47,000

is not about saving lives at all.

740

00:37:47,000 --> 00:37:50,000

So why are they mass breeding these things?

741

00:37:50,000 --> 00:37:52,000

For food.

742

00:37:52,000 --> 00:37:54,000

It's a food source for these humanzies.

743

00:37:54,000 --> 00:37:57,000

They're breeding humanzies super soldiers

744

00:37:57,000 --> 00:38:00,000

not to help us, but to kill us.

745

00:38:00,000 --> 00:38:06,000

Coming up, the conspiracy goes haywire.

746

00:38:06,000 --> 00:38:09,000

Could they actually rise up and oppose us?

747

00:38:09,000 --> 00:38:11,000

And targets you and me.

748

00:38:11,000 --> 00:38:13,000

Could they become an enemy?

749

00:38:13,000 --> 00:38:16,000

Could that be a reality?

750

00:38:16,000 --> 00:38:18,000

Yes.

751

00:38:23,000 --> 00:38:27,000

Jesse Ventura has blown open a deep government conspiracy

752

00:38:27,000 --> 00:38:29,000

to create a human subspecies.

753

00:38:29,000 --> 00:38:31,000

It's super soldiers.

754

00:38:31,000 --> 00:38:34,000

That's what DARPA and the government is involved in.

755

00:38:34,000 --> 00:38:37,000

Part man, part primate.

756

00:38:37,000 --> 00:38:39,000

The humanity would be a fighting force

757

00:38:39,000 --> 00:38:42,000

that can take on any human foe.

758

00:38:42,000 --> 00:38:47,000

But investigator Sean Stone has found

759

00:38:47,000 --> 00:38:52,000

that the efforts to create a bloodthirsty killing machine

760

00:38:52,000 --> 00:38:55,000

could turn against us all.

761

00:38:55,000 --> 00:38:58,000

Raising these animals with human organs,

762

00:38:58,000 --> 00:39:01,000

they tell the public it's for organ transplants.

763

00:39:01,000 --> 00:39:04,000

But what it really is, is a food source for these humanzies.

764

00:39:04,000 --> 00:39:07,000

They're trying to get them to develop a taste for blood.

765

00:39:07,000 --> 00:39:10,000

According to Timothy Jockubite,

766

00:39:10,000 --> 00:39:14,000

a taste for human blood would make a humanzie army

767

00:39:14,000 --> 00:39:17,000

more effective against a human enemy.

768

00:39:17,000 --> 00:39:21,000

But in the end, the enemy will be us.

769

00:39:21,000 --> 00:39:24,000

You and me.

770

00:39:24,000 --> 00:39:26,000

They need to control us.

771

00:39:26,000 --> 00:39:27,000

Who is they?

772

00:39:27,000 --> 00:39:31,000

These are rogue scientists working for governmental black ops agencies

773

00:39:31,000 --> 00:39:34,000

operating below the radar.

774

00:39:34,000 --> 00:39:38,000

They're creating a food source for these humanzies.

775

00:39:38,000 --> 00:39:42,000

And they will come after us.

776

00:39:42,000 --> 00:39:46,000

Again, it comes down to control.

777

00:39:46,000 --> 00:39:50,000

The government going to any means necessary

778

00:39:50,000 --> 00:39:54,000

to prevent its own Arab Spring.

779

00:39:54,000 --> 00:39:58,000

You're telling me that they are creating these humanzies

780

00:39:58,000 --> 00:39:59,000

to eat humans?

781

00:39:59,000 --> 00:40:02,000

Yes. That's the threat.

782

00:40:02,000 --> 00:40:04,000

How do you know this?

783

00:40:04,000 --> 00:40:06,000

I know some of these people, some of these scientists.

784

00:40:06,000 --> 00:40:10,000

I can't tell you who or where, but I've seen some labs.

785

00:40:10,000 --> 00:40:12,000

I've seen papers, reports.

786

00:40:12,000 --> 00:40:14,000

So you're saying to me that you've seen these labs.

787

00:40:14,000 --> 00:40:16,000

You've been in them, physically.

788

00:40:16,000 --> 00:40:17,000

Yes.

789

00:40:17,000 --> 00:40:18,000

All right, well, I want to go.

790

00:40:18,000 --> 00:40:20,000

So let's go together. You want to take me?

791

00:40:20,000 --> 00:40:23,000

No. No way. Not a chance.

792

00:40:23,000 --> 00:40:25,000

You wouldn't dare go back.

793

00:40:25,000 --> 00:40:27,000

I don't want to die.

794

00:40:27,000 --> 00:40:29,000

Do you?

795

00:40:32,000 --> 00:40:35,000

An army of humanzies.

796

00:40:35,000 --> 00:40:37,000

But even with a taste for humans,

797

00:40:37,000 --> 00:40:40,000

surely an army of Jesse Venturas

798

00:40:40,000 --> 00:40:43,000

could keep them in their place.

799

00:40:43,000 --> 00:40:46,000

Jesse arranges one last meeting.

800

00:40:46,000 --> 00:40:51,000

Michael Reed is one of the world's leading primatologists.

801

00:40:51,000 --> 00:40:54,000

He was also a consultant on the recent

802

00:40:54,000 --> 00:40:56,000

Planet of the Apes movie.

803

00:40:56,000 --> 00:41:01,000

Mike, let's say they're successful with this humanzie.

804

00:41:01,000 --> 00:41:03,000

What are we looking at physically here?

805

00:41:03,000 --> 00:41:05,000

I would expect it to be probably about

806

00:41:05,000 --> 00:41:07,000

four to five times stronger than us.

807

00:41:07,000 --> 00:41:09,000

Unfortunately, I think even in your prime,

808

00:41:09,000 --> 00:41:11,000

he would have beat you in a wrestling match.

809

00:41:11,000 --> 00:41:12,000

Yeah, that's always my next question.

810

00:41:12,000 --> 00:41:15,000

If he put a 200-pound humanzie in the ring with you,

811

00:41:15,000 --> 00:41:17,000

he would absolutely destroy me.

812

00:41:17,000 --> 00:41:18,000

Destroy me.

813

00:41:18,000 --> 00:41:20,000

Probably destroy Andre the Giant, too.

814

00:41:20,000 --> 00:41:24,000

He would easily be able to body slam Andre the Giant.

815

00:41:24,000 --> 00:41:27,000

The agility would be incredible.

816

00:41:27,000 --> 00:41:29,000

If they got the human end of intelligence,

817

00:41:29,000 --> 00:41:32,000

wow, you would make a superhuman.

818

00:41:33,000 --> 00:41:35,000

We have evil humans.

819

00:41:35,000 --> 00:41:36,000

Absolutely.

820

00:41:36,000 --> 00:41:38,000

So some of these could be very evil.

821

00:41:38,000 --> 00:41:40,000

Absolutely.

822

00:41:40,000 --> 00:41:44,000

Hypothetically, if you bet Charles Manson to the chimpanzee,

823

00:41:44,000 --> 00:41:47,000

you're probably not going to get a good humanzie, are you?

824

00:41:47,000 --> 00:41:49,000

There are a piece of issues, yes.

825

00:41:49,000 --> 00:41:51,000

Mike, I was in the Navy SEALs,

826

00:41:51,000 --> 00:41:53,000

and we're called the SEAL Team,

827

00:41:53,000 --> 00:41:55,000

because it's a team concept.

828

00:41:55,000 --> 00:41:56,000

We're not Rambo.

829

00:41:56,000 --> 00:42:00,000

Would they have the ability to create a humanzie platoon?

830

00:42:00,000 --> 00:42:02,000

There is evidence in the wild

831

00:42:02,000 --> 00:42:04,000

that chimpanzees will form platoons

832

00:42:04,000 --> 00:42:06,000

and will guard territories on their own.

833

00:42:06,000 --> 00:42:07,000

On their own?

834

00:42:07,000 --> 00:42:08,000

On their own.

835

00:42:08,000 --> 00:42:10,000

This is a recipe for disaster.

836

00:42:10,000 --> 00:42:11,000

Absolutely.

837

00:42:11,000 --> 00:42:15,000

Now, could they actually, with their brain power,

838

00:42:15,000 --> 00:42:17,000

rise up and oppose us?

839

00:42:17,000 --> 00:42:20,000

Could they become an enemy, much like the film you did,

840

00:42:20,000 --> 00:42:22,000

the most recent Planet of the Apes?

841

00:42:22,000 --> 00:42:24,000

Could that be a reality?

842

00:42:24,000 --> 00:42:27,000

I think anytime you try to play God with genes,

843

00:42:27,000 --> 00:42:28,000

bad things can happen.

844

00:42:28,000 --> 00:42:30,000

If they're successful,

845

00:42:30,000 --> 00:42:34,000

we're looking at something that could conquer us and take over.

846

00:42:34,000 --> 00:42:35,000

Absolutely.

847

00:42:45,000 --> 00:42:47,000

Not too long ago,

848

00:42:47,000 --> 00:42:49,000

I would have told you the Planet of the Apes

849

00:42:49,000 --> 00:42:51,000

was a good work of fiction.

850

00:42:51,000 --> 00:42:53,000

But after what we found out,

851

00:42:53,000 --> 00:42:55,000

it's starting to look like the future.

852

00:42:55,000 --> 00:42:58,000

Scientific research can be a good thing,

853

00:42:58,000 --> 00:43:02,000

but science in the hands of the wrong people can be a disaster.

854

00:43:02,000 --> 00:43:05,000

You've got one of the top watchdogs telling me

855

00:43:05,000 --> 00:43:07,000

we have to trust Congress.

856

00:43:07,000 --> 00:43:09,000

Congress?

857

00:43:09,000 --> 00:43:13,000

To keep an eye on Dr. Frankenstein working behind locked doors?

858

00:43:13,000 --> 00:43:15,000

I say good luck.

859

00:43:15,000 --> 00:43:18,000

And don't be cruel to animals.

860

00:43:18,000 --> 00:43:20,000

It could come back to bite you.

861

00:43:20,000 --> 00:43:24,000

I'm Jesse Ventura, and this is Conspiracy Theory.

862

00:43:28,000 --> 00:43:33,000

The Planet of the Apes
