

1

00:00:00,000 --> 00:00:08,000

It's got five seasoned Mexican Air Force pilots shaking in their boots.

2

00:00:08,000 --> 00:00:11,000

Curiosity is the essence of human existence.

3

00:00:11,000 --> 00:00:16,000

We just want to hear more about her experience. She doesn't want to talk to us.

4

00:00:16,000 --> 00:00:20,000

There's definitely something to be investigated here.

5

00:00:20,000 --> 00:00:24,000

The search for answers, it's as old as civilization itself.

6

00:00:24,000 --> 00:00:26,000

There have been sightings in that jungle for centuries.

7

00:00:26,000 --> 00:00:30,000

This jelly is found in one specific area in the jungle.

8

00:00:30,000 --> 00:00:33,000

There is something going on in the jungles of Rio Blanco.

9

00:00:33,000 --> 00:00:37,000

Mathematically, we think it's highly probable there is intelligent life beyond Earth.

10

00:00:37,000 --> 00:00:39,000

I have no idea what we're looking at.

11

00:00:39,000 --> 00:00:42,000

But the question is, where are all the aliens?

12

00:00:42,000 --> 00:00:46,000

It's not of terrestrial origin according to this video.

13

00:00:46,000 --> 00:00:49,000

That's correct. That's a real powerful piece of evidence.

14

00:00:49,000 --> 00:00:52,000

This really takes this whole investigation to another level.

15

00:00:56,000 --> 00:01:06,000

The way this is coming together is pretty wild.

16

00:01:06,000 --> 00:01:12,000

CIA veteran Mike Cole and conflict analyst Dr. Livingston review the latest discoveries

17

00:01:12,000 --> 00:01:17,000

from their global investigation into possible extraterrestrial contact with planet Earth.

18

00:01:17,000 --> 00:01:19,000

Everything is pointing to this earthquake.

19

00:01:19,000 --> 00:01:23,000

And not just like any earthquake, but a really odd one.

20

00:01:23,000 --> 00:01:28,000

The team has identified a pattern of non-terrestrial sounds and strange sightings

21

00:01:28,000 --> 00:01:33,000

all clustered around the epicenter of a violent Virginia earthquake in 2011

22

00:01:33,000 --> 00:01:37,000

that rocked the East Coast and damaged the Washington Monument.

23

00:01:37,000 --> 00:01:41,000

Does the interaction of an alien craft moving through our atmosphere

24

00:01:41,000 --> 00:01:45,000

have that dramatic an impact on the Earth that it literally shakes the Earth?

25

00:01:45,000 --> 00:01:47,000

At this point, it's hard to speculate.

26

00:01:47,000 --> 00:01:49,000

We have to now search up more earthquakes like this.

27

00:01:49,000 --> 00:01:51,000

And let's see, does this pattern repeat?

28

00:01:51,000 --> 00:01:53,000

If it does, that tells us something.

29

00:01:53,000 --> 00:01:56,000

Let's dig into the LAS network. Let's see what we can get out of here.

30

00:01:56,000 --> 00:02:01,000

Let's do a search for earthquakes that are rare, abnormal, high magnitude.

31

00:02:01,000 --> 00:02:02,000

Okay.

32

00:02:02,000 --> 00:02:03,000

All right.

33

00:02:03,000 --> 00:02:09,000

To test their theory, the team turns to the powerful link analysis software developed for the CIA

34

00:02:09,000 --> 00:02:12,000

in search of outlier seismic activity.

35

00:02:12,000 --> 00:02:13,000

Here we go.

36

00:02:13,000 --> 00:02:15,000

Okay, so look.

37

00:02:15,000 --> 00:02:18,000

Five major relevancy ratings there.

38

00:02:18,000 --> 00:02:20,000

Chile, 2010.

39

00:02:20,000 --> 00:02:26,000

But look, this 2017 Mexico earthquake, 91% relevancy rating.

40

00:02:26,000 --> 00:02:29,000

400 earthquakes in 14 days.

41

00:02:29,000 --> 00:02:32,000

September 7th to the 23rd.

42

00:02:32,000 --> 00:02:33,000

Rare rolling earthquakes.

43

00:02:33,000 --> 00:02:34,000

That's significant.

44

00:02:34,000 --> 00:02:36,000

Earthquakes are a known quantity.

45

00:02:36,000 --> 00:02:38,000

They happen all the time in Mexico.

46

00:02:38,000 --> 00:02:43,000

But 400 earthquakes in just two weeks in one region of Mexico.

47

00:02:43,000 --> 00:02:45,000

That's highly unusual.

48

00:02:45,000 --> 00:02:47,000

Look, there's something going on here.

49

00:02:47,000 --> 00:02:50,000

But does this correspond with any strange anomalous activity in the air?

50

00:02:50,000 --> 00:02:51,000

Check it out.

51

00:02:51,000 --> 00:02:52,000

Yep.

52

00:02:52,000 --> 00:02:55,000

UFO, UAP reports sightings.

53

00:02:55,000 --> 00:02:58,000

The 7th through the 23rd in Mexico.

54

00:02:58,000 --> 00:02:59,000

In Mexico.

55

00:03:03,000 --> 00:03:05,000

Pull up that article.

56

00:03:05,000 --> 00:03:08,000

Jorge Galindo, September 23rd, 2017.

57

00:03:08,000 --> 00:03:10,000

This is right at the end of that two-week period, right?

58

00:03:10,000 --> 00:03:11,000

Right.

59

00:03:11,000 --> 00:03:16,000

Dozens of people claim to have seen an unidentified flying object on Saturday morning

60

00:03:16,000 --> 00:03:17,000

during the earthquake.

61

00:03:17,000 --> 00:03:19,000

According to citizens, it was not a ship,

62

00:03:19,000 --> 00:03:22,000

but several objects in the form of a silver sphere.

63

00:03:22,000 --> 00:03:24,000

Let's see what else we have.

64

00:03:26,000 --> 00:03:29,000

All right, so we've got a whole database query of UFO sightings.

65

00:03:29,000 --> 00:03:33,000

The Link Analysis software isolates a centralized source of all sightings

66

00:03:33,000 --> 00:03:37,000

reported in Mexico during September 2017.

67

00:03:37,000 --> 00:03:39,000

Rio Blanca, Rio Blanca.

68

00:03:39,000 --> 00:03:40,000

It's all Rio Blanca.

69

00:03:40,000 --> 00:03:41,000

It's all Rio Blanca.

70

00:03:41,000 --> 00:03:42,000

It's all the same place, yeah.

71

00:03:42,000 --> 00:03:44,000

27 different sightings.

72

00:03:44,000 --> 00:03:46,000

All across that two-week period.

73

00:03:46,000 --> 00:03:48,000

And what's really fascinating,

74

00:03:48,000 --> 00:03:53,000

Rio Blanca is only about 75 miles from the epicenter of the earthquake.

75

00:03:53,000 --> 00:03:56,000

A pattern is starting to repeat here.

76

00:03:56,000 --> 00:03:59,000

In Wainsboro, we had a lot of sightings

77

00:03:59,000 --> 00:04:02,000

very close to the epicenter of this anomalous earthquake.

78

00:04:02,000 --> 00:04:04,000

And it's the same thing here.

79

00:04:04,000 --> 00:04:06,000

I'd like to talk to one of these people.

80

00:04:06,000 --> 00:04:07,000

What did they see?

81

00:04:07,000 --> 00:04:08,000

What did they experience?

82

00:04:08,000 --> 00:04:11,000

The problem is, every single source,

83

00:04:11,000 --> 00:04:14,000

all these reports were done anonymously.

84

00:04:14,000 --> 00:04:17,000

At the same time, we do have one name.

85

00:04:17,000 --> 00:04:20,000

Jorge Galindo, journalist on the ground

86

00:04:20,000 --> 00:04:22,000

at the time talking to these people.

87

00:04:22,000 --> 00:04:25,000

If this is all connected somehow to contact,

88

00:04:25,000 --> 00:04:27,000

we've got to get someone to talk.

89

00:04:27,000 --> 00:04:29,000

And this man is potentially our key.

90

00:04:29,000 --> 00:04:31,000

It's not going to give up his sources.

91

00:04:31,000 --> 00:04:33,000

This is what Nick does.

92

00:04:33,000 --> 00:04:34,000

This is our lead.

93

00:04:34,000 --> 00:04:36,000

Let's get Nick and Sarah on the ground on this.

94

00:04:36,000 --> 00:04:38,000

All right, see what they find.

95

00:04:42,000 --> 00:04:52,000

You literally wouldn't believe there was an earthquake here

96

00:04:52,000 --> 00:04:54,000

a year and a half ago.

97

00:04:54,000 --> 00:04:55,000

It's gorgeous.

98

00:04:55,000 --> 00:04:57,000

Yeah, I love the mountains.

99

00:04:57,000 --> 00:05:01,000

Nick Carnese, US Marine Intelligence Officer,

100

00:05:01,000 --> 00:05:04,000

and Sarah Crutus, Astrophysicist and Space Journalist,

101

00:05:04,000 --> 00:05:07,000

land in Rio Blanco and head to the office

102

00:05:07,000 --> 00:05:09,000

of journalist Jorge Galindo.

103

00:05:09,000 --> 00:05:11,000

The strange thing is that this reporter Galindo,

104

00:05:11,000 --> 00:05:13,000

while he has multiple eyewitness accounts

105

00:05:13,000 --> 00:05:16,000

of these strange objects during the earthquake,

106

00:05:16,000 --> 00:05:19,000

they're all anonymous sources.

107

00:05:19,000 --> 00:05:21,000

There are zero names mentioned in his article.

108

00:05:21,000 --> 00:05:23,000

We need to get to the bottom of what's going on here

109

00:05:23,000 --> 00:05:26,000

because these eyewitnesses' information could be key.

110

00:05:32,000 --> 00:05:34,000

Thank you for speaking to us.

111

00:05:34,000 --> 00:05:41,000

And so what motivated you to write an article about UFOs

112

00:05:41,000 --> 00:05:43,000

during this earthquake?

113

00:05:59,000 --> 00:06:01,000

Do you remember how many other posts that you saw?

114

00:06:02,000 --> 00:06:03,000

Wow.

115

00:06:04,000 --> 00:06:06,000

Can you describe how it was moving?

116

00:06:14,000 --> 00:06:18,000

It was moving on its own axis and it was also rotating.

117

00:06:18,000 --> 00:06:23,000

It was suspended for about 30 minutes and then it disappeared.

118

00:06:23,000 --> 00:06:26,000

On the day of the earthquake, it wasn't a few eyewitnesses.

119

00:06:26,000 --> 00:06:29,000

It was 40 people that all saw the same thing

120

00:06:29,000 --> 00:06:32,000

in the same area of Rio Blanco.

121

00:06:32,000 --> 00:06:34,000

Rio Blanco is just a tiny little town.

122

00:06:34,000 --> 00:06:37,000

It's just pretty much sugarcane and jungle.

123

00:06:37,000 --> 00:06:41,000

You don't get that many eyewitnesses in such a small, obscure area

124

00:06:41,000 --> 00:06:43,000

unless something's actually going on.

125

00:06:43,000 --> 00:06:45,000

I noticed that all of the sources in your article,

126

00:06:45,000 --> 00:06:47,000

the witnesses, they were anonymous.

127

00:06:47,000 --> 00:06:51,000

Is there a reason why they didn't want their names reported in the news?

128

00:06:57,000 --> 00:07:02,000

From my military experience, the cartels are a legitimate real threat in Mexico.

129

00:07:02,000 --> 00:07:03,000

It's pretty simple.

130

00:07:03,000 --> 00:07:05,000

No one goes to the authorities across the board

131

00:07:05,000 --> 00:07:08,000

out of fear for how they might be perceived by the cartels.

132

00:07:09,000 --> 00:07:10,000

Would you pick up the phone

133

00:07:10,000 --> 00:07:11,000

because you saw something weird in the sky

134

00:07:11,000 --> 00:07:13,000

knowing that that could put your life at risk?

135

00:07:13,000 --> 00:07:18,000

Now as a journalist, I understand the importance of protecting your sources

136

00:07:18,000 --> 00:07:21,000

but we're trying to investigate this to see if we can get some answers.

137

00:07:22,000 --> 00:07:28,000

Would it be possible if we could have one of the contacts that was witnessed to this event?

138

00:07:46,000 --> 00:07:49,000

He's not sure that this person might be willing to answer to your questions

139

00:07:49,000 --> 00:07:50,000

but you can try.

140

00:07:50,000 --> 00:07:52,000

Thank you very much. We appreciate this.

141

00:07:52,000 --> 00:07:54,000

Yeah, thank you, Jorge. Really appreciate it.

142

00:08:05,000 --> 00:08:09,000

This earthquake in Chile, it is a monster.

143

00:08:09,000 --> 00:08:12,000

Back in the command center, Mike and Dr. Livingston

144

00:08:12,000 --> 00:08:15,000

assess a second link analysis result pattern

145

00:08:15,000 --> 00:08:20,000

for an earthquake that took place in Chile on February 27th, 2010.

146

00:08:23,000 --> 00:08:24,000

You're not going to believe how big this is, Mike.

147

00:08:24,000 --> 00:08:31,000

8.8 magnitude of volcano goes off, tsunamis, sinkholes opening all over the country.

148

00:08:31,000 --> 00:08:34,000

Look, it's anomalous as an earthquake.

149

00:08:34,000 --> 00:08:39,000

So if our theory is correct, as we saw in Winsborough, as we saw in Mexico, we should see sightings.

150

00:08:39,000 --> 00:08:41,000

Reported during the earthquake.

151

00:08:41,000 --> 00:08:42,000

We should. We should.

152

00:08:42,000 --> 00:08:47,000

We'll keep it to the exact day and the search area will be Chile.

153

00:08:57,000 --> 00:09:00,000

So getting a lot of sightings here in Quinte?

154

00:09:00,000 --> 00:09:03,000

Quinte, I guess, yeah. Looks like about 11 in Quinte.

155

00:09:03,000 --> 00:09:05,000

What does that say there?

156

00:09:05,000 --> 00:09:07,000

15 kilometers west of Playa Chica.

157

00:09:07,000 --> 00:09:09,000

Prince O'Ellis shooting stars.

158

00:09:09,000 --> 00:09:12,000

Started zipping away one by one.

159

00:09:12,000 --> 00:09:15,000

Hmm. Where are those locations?

160

00:09:15,000 --> 00:09:17,000

Let's pull it up on the map.

161

00:09:17,000 --> 00:09:19,000

They're pretty close to each other, aren't they?

162

00:09:19,000 --> 00:09:21,000

This is just like Mexico.

163

00:09:21,000 --> 00:09:24,000

What's that up there? Can you zoom in on that?

164

00:09:26,000 --> 00:09:29,000

Base Aero Navajo. It's a Navy air base.

165

00:09:29,000 --> 00:09:34,000

I mean, if they've got something moving around in their airspace, they're going to have a record of it, won't they?

166

00:09:34,000 --> 00:09:36,000

They sure will. Bird could set off some of the sensory alarms.

167

00:09:36,000 --> 00:09:38,000

Certainly a large aircraft would have.

168

00:09:38,000 --> 00:09:42,000

I think we need a second team out there. I think it's time to get a team on the ground in Chile.

169

00:09:42,000 --> 00:09:45,000

Let's see if we can find someone at that air force base who's willing to talk to us.

170

00:09:45,000 --> 00:09:47,000

I agree.

171

00:09:58,000 --> 00:10:02,000

Yeah, I mean, if they're getting that many sightings, there's definitely something to be investigated here.

172

00:10:02,000 --> 00:10:07,000

A second field team lands in Santiago, Chile and heads to meet with a member of the Chilean Army.

173

00:10:07,000 --> 00:10:12,000

More than a dozen people saw something on the day of a massive devastating earthquake, right?

174

00:10:12,000 --> 00:10:18,000

The focus is on the destruction and the recovery immediately, and yet there are still people seeing things in the sky.

175

00:10:21,000 --> 00:10:29,000

Paul Beben is an Emmy Award-winning investigative journalist who has crisscrossed the globe for

some of the world's most prestigious news networks,

176

00:10:29,000 --> 00:10:35,000

operating on the front lines to cover stories from terrorism in the Middle East to rebels in war-torn Africa.

177

00:10:35,000 --> 00:10:41,000

I've spent my career being unafraid of following tough stories, and on the question of extraterrestrial contact,

178

00:10:41,000 --> 00:10:49,000

there is more to this story than we are being told, and it is worth digging because people around the world deserve to know the truth.

179

00:10:49,000 --> 00:10:53,000

In my experience, it's way different from here in Chile, you know?

180

00:10:53,000 --> 00:10:59,000

And they take sightings seriously. It's not even taboo here, you know? So it's really exciting.

181

00:10:59,000 --> 00:11:06,000

Kawamale spent 19 years ongoing in U.S. Army Special Forces as a Weapons and Intelligence Sergeant.

182

00:11:06,000 --> 00:11:09,000

He is the first-ever Afghan to serve as a Green Beret.

183

00:11:09,000 --> 00:11:14,000

As a Green Beret, I was an Intelligence Sergeant specializing in military interrogation,

184

00:11:14,000 --> 00:11:18,000

which means that I interview people and I got information out of them.

185

00:11:18,000 --> 00:11:23,000

I mean, people want to know, has contact been made? So it's up to us to find out the truth.

186

00:11:24,000 --> 00:11:25,000

Hola.

187

00:11:26,000 --> 00:11:29,000

We're here. We have a meeting with Colonel Bravo, sir.

188

00:11:32,000 --> 00:11:33,000

Gracias.

189

00:11:36,000 --> 00:11:37,000

Nice to meet you.

190

00:11:37,000 --> 00:11:38,000

Nice to meet you. Yeah.

191

00:11:38,000 --> 00:11:45,000

Paul, Kawa and their translator arrange a meeting with Lieutenant Colonel Rodrigo Bravo of the Chilean Army.

192

00:11:45,000 --> 00:11:46,000

Bien.

193

00:11:46,000 --> 00:11:51,000

So, Colonel, Chile seems to be a global hotspot for sightings. What can you tell us about that?

194

00:11:51,000 --> 00:11:56,000

A lo largo de la historia de Chile hay una serie de muchos registros.

195

00:11:56,000 --> 00:12:01,000

Claramente, nadie puede negar la existencia fenómeno anómalo.

196

00:12:01,000 --> 00:12:06,000

El tema está en cómo los interpretamos porque nos tenemos idea de qué se trata.

197

00:12:07,000 --> 00:12:14,000

On the day of the earthquake in February of 2010, we understand there were at least 16 eyewitnesses who saw UFOs.

198

00:12:14,000 --> 00:12:16,000

What do you know about that?

199

00:12:16,000 --> 00:12:26,000

Yo conozco esos casos, pero me hay que tomar en cuenta de que después de ese megaterremoto, todas las instituciones públicas de este país...

200

00:12:26,000 --> 00:12:31,000

He's familiar with those cases. There was no official reports, not because they were not important, but because...

201

00:12:31,000 --> 00:12:32,000

There was so much else going on.

202

00:12:32,000 --> 00:12:33,000

There was so much else going on.

203

00:12:33,000 --> 00:12:34,000

...there was so much else going on.

204

00:12:34,000 --> 00:12:38,000

De ahora en adelante, o sea, desde el año 2010, adelante porque las manifestaciones fueran más.

205

00:12:38,000 --> 00:12:41,000

El fenómeno existe, pero no se sabe de qué lo que es.

206

00:12:41,000 --> 00:12:46,000

We have an active member of the military telling us that they have UFO sightings all the time.

207

00:12:46,000 --> 00:12:48,000

I mean, that's crazy to me.

208

00:12:48,000 --> 00:12:53,000

Que hay públicos o que por lo menos se han hecho conocidos.

209

00:12:53,000 --> 00:12:56,000

Hay uno muy interesante del año 2014.

210

00:12:56,000 --> 00:13:05,000

Lieutenant Colonel Bravo shows the team a video of a UFO encounter captured by a Chilean Navy helicopter in November 2014.

211

00:13:05,000 --> 00:13:10,000

Aquí tenemos la cámara y se observa a lo lejos, un objeto que la cámara lo capta.

212

00:13:10,000 --> 00:13:11,000

That's the object.

213

00:13:11,000 --> 00:13:12,000

Claro.

214

00:13:12,000 --> 00:13:14,000

It's circular.

215

00:13:14,000 --> 00:13:16,000

That thing looks like it's barely moving.

216

00:13:16,000 --> 00:13:24,000

Este objeto inmóvil cerca de las nubes emite una especie de estela turbulenta.

217

00:13:24,000 --> 00:13:26,000

What is that?

218

00:13:26,000 --> 00:13:30,000

Bueno, eso estuvo en discusión durante mucho tiempo.

219

00:13:30,000 --> 00:13:32,000

It's like some kind of plume.

220

00:13:32,000 --> 00:13:34,000

Y es donde ahí genera la controversia.

221

00:13:34,000 --> 00:13:36,000

That's incredible.

222

00:13:36,000 --> 00:13:37,000

Wow.

223

00:13:37,000 --> 00:13:42,000

This video of some kind of object emitting some kind of vapor trail.

224

00:13:42,000 --> 00:13:44,000

I have no idea what we're looking at.

225

00:13:44,000 --> 00:13:46,000

Hay dos versiones.

226

00:13:46,000 --> 00:13:50,000

Una que habla de que esto es un avión y otros que hablan de que es un fenómeno normal.

227

00:13:50,000 --> 00:13:52,000

Colonel, does that look like a plane to you?

228

00:14:06,000 --> 00:14:13,000

Colonel, does that look like a plane to you?

229

00:14:13,000 --> 00:14:14,000

No.

230

00:14:14,000 --> 00:14:15,000

No.

231

00:14:15,000 --> 00:14:16,000

No.

232

00:14:16,000 --> 00:14:17,000

No.

233

00:14:17,000 --> 00:14:18,000

No.

234

00:14:18,000 --> 00:14:19,000

No.

235

00:14:19,000 --> 00:14:20,000

No.

236

00:14:20,000 --> 00:14:21,000

No.

237

00:14:21,000 --> 00:14:22,000

No.

238

00:14:22,000 --> 00:14:23,000

No.

239

00:14:23,000 --> 00:14:24,000

No.

240

00:14:24,000 --> 00:14:25,000

No.

241

00:14:25,000 --> 00:14:26,000

No.

242

00:14:26,000 --> 00:14:27,000

No.

243

00:14:27,000 --> 00:14:28,000

No.

244

00:14:28,000 --> 00:14:29,000

No.

245

00:14:29,000 --> 00:14:30,000

No.

246

00:14:30,000 --> 00:14:31,000

No.

247

00:14:31,000 --> 00:14:32,000

No.

248

00:14:32,000 --> 00:14:33,000

No.

249

00:14:33,000 --> 00:14:34,000

No.

250

00:14:34,000 --> 00:14:35,000

No.

251

00:14:35,000 --> 00:14:37,000

Colonel, does that look like a plane to you?

252

00:14:37,000 --> 00:14:39,000

It doesn't look like a plane to me.

253

00:14:39,000 --> 00:14:41,000

Pero es extraño.

254

00:14:41,000 --> 00:14:44,000

Yo no puedo negar que sea muy extraño.

255

00:14:44,000 --> 00:14:51,000

La evidencia de este caso se presentó al CEPHA en diciembre del 2002.

256

00:14:51,000 --> 00:14:55,000

Estuvo en proceso de análisis y estudio por parte del comité completo.

257

00:14:55,000 --> 00:14:56,000

Wait a second.

258

00:14:56,000 --> 00:14:57,000

What is CEPHA?

259

00:14:57,000 --> 00:15:01,000

CEPHA es comité de estudio fenómenos aéreos anómalos.

260

00:15:01,000 --> 00:15:08,000

So this is the government agency that's specific job is to investigate UFOs, essentially.

261

00:15:08,000 --> 00:15:09,000

Claro.

262

00:15:09,000 --> 00:15:12,000

Investigar casos que son realmente interesantes.

263

00:15:12,000 --> 00:15:13,000

This is really unprecedented.

264

00:15:13,000 --> 00:15:20,000

Chile has actually formed an agency that is dedicated solely to investigating UFO sightings.

265

00:15:20,000 --> 00:15:25,000

CEPHA is basically Chile's version of the Pentagon's A-tip, and it is still active.

266

00:15:25,000 --> 00:15:28,000

This really takes this whole investigation to another level.

267

00:15:28,000 --> 00:15:32,000

Colonel, it would be incredible for us to get access to CEPHA.

268

00:15:32,000 --> 00:15:35,000

This is not up to him.

269

00:15:35,000 --> 00:15:40,000

Getting into CEPHA would be getting the keys to the kingdom.

270

00:15:40,000 --> 00:15:46,000

Decades of UFO sightings, this is a potential treasure trove for us.

271

00:15:46,000 --> 00:15:59,000

We are going to be there in a few minutes.

272

00:15:59,000 --> 00:16:05,000

Nick Carnese, U.S. Marine Intelligence Officer, and Sarah Crutus, Astrophysicist and Space

273

00:16:05,000 --> 00:16:11,000

Journalist, along with their translator, Marcia, head to the last known address of a witness

274

00:16:11,000 --> 00:16:17,000

who reported seeing a UFO during the massive 2017 earthquake in this area.

275

00:16:17,000 --> 00:16:21,000

We're heading into an unknown neighborhood to meet with the person we've never met before.

276

00:16:21,000 --> 00:16:26,000

So we'll just approach it delicately, be respectful, try not to draw too much attention to ourselves.

277

00:16:26,000 --> 00:16:32,000

We don't even know if she's going to talk to us, but the situation demands that we do this.

278

00:16:32,000 --> 00:16:34,000

Mars, what do you think the best way to handle this is?

279

00:16:34,000 --> 00:16:37,000

Because I don't want to scare her, right?

280

00:16:37,000 --> 00:16:42,000

Maybe the three of us going into her door is not the best idea because it's already at night

281

00:16:42,000 --> 00:16:45,000

and we are three strangers.

282

00:16:45,000 --> 00:16:49,000

So maybe we could go just Sarah and me.

283

00:16:49,000 --> 00:16:53,000

Yeah, if you guys are comfortable with that.

284

00:16:53,000 --> 00:16:58,000

It should be up here on the left.

285

00:16:58,000 --> 00:17:00,000

All right, so if you guys are comfortable now.

286

00:17:00,000 --> 00:17:03,000

Are you ready? Yeah, ready.

287

00:17:07,000 --> 00:17:14,000

Is this house? Yeah, I think so.

288

00:17:14,000 --> 00:17:18,000

Is this house? Yeah, I think so.

289

00:17:25,000 --> 00:17:26,000

Oh, hey, big girl.

290

00:17:26,000 --> 00:17:27,000

Sandra?

291

00:17:27,000 --> 00:17:28,000

Sí.

292

00:17:28,000 --> 00:17:29,000

Hola, buenas noches.

293

00:17:29,000 --> 00:17:30,000

Hola.

294

00:17:30,000 --> 00:17:32,000

Yo soy Marcia y ella es Sarah.

295

00:17:32,000 --> 00:17:35,000

El contacto que nosotros obtuvimos fue el señor Jorge Galindo.

296

00:17:35,000 --> 00:17:42,000

Y nosotros venimos a hacerte unas preguntas que tú habías visto, unas sujetos voladores.

297

00:17:42,000 --> 00:17:48,000

Es que la verdad no me gustaría todavía hablar acerca del tema.

298

00:17:48,000 --> 00:17:52,000

She says she doesn't want to talk to us.

299

00:17:52,000 --> 00:17:58,000

If you could explain to her, I'm a journalist in New Cam, we're investigating these sightings

300

00:17:58,000 --> 00:18:02,000

and we really want to hear her story to understand more

301

00:18:02,000 --> 00:18:05,000

because we want to help her get the answers.

302

00:18:05,000 --> 00:18:08,000

¿No se si es muy personales?

303

00:18:08,000 --> 00:18:11,000

She's asking if you're going to ask personal questions.

304

00:18:11,000 --> 00:18:13,000

No, no personal questions.

305

00:18:13,000 --> 00:18:17,000

We just want to hear more about her experience.

306

00:18:17,000 --> 00:18:18,000

Okay.

307

00:18:18,000 --> 00:18:21,000

Can you tell her we have a third person with us?

308

00:18:21,000 --> 00:18:24,000

Va a venir una tercera persona con nosotros, es un chico.

309

00:18:24,000 --> 00:18:26,000

No hay problema.

310

00:18:29,000 --> 00:18:34,000

We're just wondering if you could tell us about what happened the day of the earthquake.

311

00:18:34,000 --> 00:18:43,000

En esta distancia por donde están los cables, es donde se veía la nave grande, larga, este color plata.

312

00:18:43,000 --> 00:18:46,000

This was on the morning of the earthquake.

313

00:18:46,000 --> 00:18:52,000

So was it right above her here or did it seem like it was higher in the sky?

314

00:18:52,000 --> 00:18:58,000

It was higher up in the sky, but she felt it was really close because of the size of the object.

315

00:18:58,000 --> 00:19:01,000

Did it make a sound? Did you hear anything?

316

00:19:01,000 --> 00:19:02,000

No.

317

00:19:02,000 --> 00:19:07,000

Do you think that could be a natural explanation to what you saw?

318

00:19:07,000 --> 00:19:08,000

No.

319

00:19:10,000 --> 00:19:14,000

Did it come from a direction or did you just see it there and then it moved?

320

00:19:14,000 --> 00:19:17,000

It came and went from over there, from the north.

321

00:19:17,000 --> 00:19:19,000

And what's in that direction?

322

00:19:19,000 --> 00:19:21,000

That's where the jungle is.

323

00:19:21,000 --> 00:19:24,000

Have other people seen objects in that area?

324

00:19:24,000 --> 00:19:27,000

Hay otras personas que hayan visto objetos en esta área?

325

00:19:27,000 --> 00:19:29,000

Sí, muchas personas.

326

00:19:29,000 --> 00:19:32,000

She says many people have seen UFOs over the jungle.

327

00:19:33,000 --> 00:19:37,000

On the day of the earthquake, not just our eyewitness but countless other witnesses

328

00:19:37,000 --> 00:19:43,000

observed unusual UFO activity over the jungles of Rio Blanco.

329

00:19:43,000 --> 00:19:48,000

Now the question becomes, what's going on in Rio Blanco that could be responsible for this?

330

00:19:48,000 --> 00:19:53,000

All we know right now is that we have numerous witness reports of unusual activity over the jungle.

331

00:20:09,000 --> 00:20:11,000

Oh, he's here.

332

00:20:11,000 --> 00:20:12,000

How do we pronounce his name?

333

00:20:12,000 --> 00:20:13,000

Venancio.

334

00:20:13,000 --> 00:20:14,000

Venancio.

335

00:20:14,000 --> 00:20:22,000

Weekend Sarah arranged a meeting with Venancio Osorio Ortiz, a local expert with extensive knowledge of the Rio Blanco jungle.

336

00:20:22,000 --> 00:20:23,000

Hola.

337

00:20:23,000 --> 00:20:24,000

Hola.

338

00:20:26,000 --> 00:20:28,000

Thank you for taking the time to meet with us.

339

00:20:28,000 --> 00:20:31,000

Muchas gracias por tomarse el tiempo de venir a platicar con nosotros.

340

00:20:31,000 --> 00:20:33,000

Gracias a sus órdenes.

341

00:20:33,000 --> 00:20:37,000

So it'd be great if you could tell us more about your experience as an explorer in the jungles.

342

00:20:37,000 --> 00:20:42,000

Realmente yo creo que desde que nació porque quieren montañas todo esto.

343

00:20:44,000 --> 00:20:46,000

Y nos íbamos a caminar en las tardes.

344

00:20:46,000 --> 00:20:50,000

Nos salíamos a explorar, andar, recorrer los cerros.

345

00:20:50,000 --> 00:20:54,000

Yo casi toda mi vida ha sido de caminar en la selva.

346

00:20:56,000 --> 00:20:58,000

He has known this place his whole life.

347

00:20:58,000 --> 00:21:00,000

Y es mi pasión.

348

00:21:02,000 --> 00:21:05,000

So we're here in Mexico investigating some UFOs.

349

00:21:05,000 --> 00:21:08,000

And we have heard that there are a lot that appear over the jungle.

350

00:21:15,000 --> 00:21:23,000

According to the story of his ancestors, the Aztecs saw strange things, such as objects in the sky and on top of the trees.

351

00:21:23,000 --> 00:21:28,000

So these jungles have been associated with these kinds of sightings for centuries.

352

00:21:28,000 --> 00:21:29,000

Wow.

353

00:21:30,000 --> 00:21:32,000

These sightings haven't just been occurring over the years.

354

00:21:32,000 --> 00:21:34,000

They've been occurring over generations.

355

00:21:34,000 --> 00:21:38,000

There's a long-storied history here of flying objects in these jungles.

356

00:21:39,000 --> 00:21:40,000

That's something, right?

357

00:21:40,000 --> 00:21:42,000

Like, that needs to be looked into.

358

00:21:43,000 --> 00:21:45,000

So have you ever seen anything strange?

359

00:21:46,000 --> 00:21:47,000

Sí.

360

00:21:48,000 --> 00:21:54,000

You felt something weird right in the jungle, which is a substance, like a jelly.

361

00:21:55,000 --> 00:21:56,000

Have you got a sample?

362

00:21:56,000 --> 00:21:58,000

Tiene una muestra, nos podría mover.

363

00:21:58,000 --> 00:21:59,000

Sí traigo muestra.

364

00:21:59,000 --> 00:22:00,000

Yes.

365

00:22:00,000 --> 00:22:01,000

Tiene muestra.

366

00:22:01,000 --> 00:22:02,000

He's going to go get it.

367

00:22:02,000 --> 00:22:03,000

Gracias.

368

00:22:11,000 --> 00:22:12,000

Que no se que sea.

369

00:22:12,000 --> 00:22:14,000

He doesn't know what it is.

370

00:22:15,000 --> 00:22:19,000

Usually it departs half a jungle where the sightings are.

371

00:22:19,000 --> 00:22:20,000

So what do you think it is?

372

00:22:20,000 --> 00:22:24,000

Well, it's this thing known as star jelly.

373

00:22:24,000 --> 00:22:27,000

And this substance is unusual.

374

00:22:27,000 --> 00:22:31,000

There's been one or two accounts where they can't actually explain what's happened.

375

00:22:33,000 --> 00:22:40,000

On August 7th, 1994, a mysterious jelly fell like rain from the sky in Oakville, Washington.

376

00:22:42,000 --> 00:22:47,000

This substance covered 20 square miles and caused flu-like symptoms throughout the population.

377

00:22:47,000 --> 00:22:54,000

Initial tests of the substance by the Washington Department of Health determined it was unlike any known substance on Earth.

378

00:22:55,000 --> 00:23:01,000

UFO researchers have theorized that star jelly is an extraterrestrial cellular organic matter

379

00:23:01,000 --> 00:23:07,000

that falls to Earth during a meteor shower or is left behind by an alien spacecraft.

380

00:23:07,000 --> 00:23:11,000

This jelly is found in one specific area in the jungle.

381

00:23:11,000 --> 00:23:13,000

He says that that's also where UFOs tend to congregate.

382

00:23:13,000 --> 00:23:16,000

So I want to know what's going on in these jungles.

383

00:23:25,000 --> 00:23:28,000

Investigating a pattern of UFO activity in Chile.

384

00:23:28,000 --> 00:23:31,000

Hey, Alejandro. Do we know who the liaison is to CIFA?

385

00:23:31,000 --> 00:23:33,000

I'm trying to gain access to this place.

386

00:23:33,000 --> 00:23:38,000

Green Beret Intelligence Sergeant Kawa Male and investigative reporter Paul Beben

387

00:23:38,000 --> 00:23:45,000

tapped their contacts in an effort to access Chile's top secret UFO research program, CIFA.

388

00:23:45,000 --> 00:23:49,000

I'm working my military government connections. Paul's over there working back channels.

389

00:23:49,000 --> 00:23:51,000

I mean, we have to get in there.

390

00:23:51,000 --> 00:23:53,000

All right, man. Call me back.

391

00:23:53,000 --> 00:23:55,000

Yep, bye.

392

00:23:57,000 --> 00:23:59,000

CIFA is a very big deal.

393

00:23:59,000 --> 00:24:05,000

I mean, this is a government agency whose sole mission is to run down reports of UFOs.

394

00:24:05,000 --> 00:24:07,000

It's Chile's top secret research program.

395

00:24:07,000 --> 00:24:14,000

It's a very big deal. I mean, this is a government agency whose sole mission is to run down reports of UFOs.

396

00:24:14,000 --> 00:24:19,000

It's just like the Pentagon's ATIP, and they bring together all kinds of experts from different fields.

397

00:24:19,000 --> 00:24:22,000

It's been going for more than 20 years and it's still ongoing.

398

00:24:22,000 --> 00:24:24,000

Hey, how's it going? Any luck?

399

00:24:24,000 --> 00:24:26,000

It's not the solid. It's just a waiting game, really.

400

00:24:26,000 --> 00:24:30,000

Yeah, me too. I've reached out to a lot of my journalists friends and we'll see what happens there.

401

00:24:30,000 --> 00:24:32,000

Pull up that video one more time.

402

00:24:32,000 --> 00:24:33,000

Here we go.

403

00:24:34,000 --> 00:24:42,000

The team reviews their latest lead, an infrared video showing a Chilean Navy helicopter engaged with an unidentified flying object.

404

00:24:42,000 --> 00:24:49,000

The current explanation is that it's a medium-haul commercial aircraft expelling a substance from its aft.

405

00:24:49,000 --> 00:24:52,000

The shape doesn't look like any plane or helicopter I've ever seen in my life.

406

00:24:52,000 --> 00:24:53,000

No, I just don't get it.

407

00:24:53,000 --> 00:24:55,000

No, it's really bizarre.

408

00:24:55,000 --> 00:24:58,000

Maybe there's an expert who could give us some more analysis on this.

409

00:24:58,000 --> 00:24:59,000

Yeah.

410

00:24:59,000 --> 00:25:03,000

Such conclusion that this is a medium-sized aircraft just doesn't seem to hold up.

411

00:25:03,000 --> 00:25:08,000

When you see this object, it doesn't behave like any other kind of aircraft.

412

00:25:08,000 --> 00:25:10,000

But I'm not an expert and I don't want to jump to conclusions.

413

00:25:10,000 --> 00:25:15,000

I want to talk to someone who can hopefully start to tell me what that thing might be.

414

00:25:21,000 --> 00:25:23,000

All right, Ben. Let's do it.

415

00:25:24,000 --> 00:25:29,000

Paul and Kawa arrive at Chile's premier video forensic laboratory.

416

00:25:32,000 --> 00:25:37,000

Before we jump to extraterrestrials, we've got to look for some natural explanation for what happened here.

417

00:25:37,000 --> 00:25:41,000

So we've got an expert who can hopefully start helping us get some answers.

418

00:25:42,000 --> 00:25:43,000

Gustavo?

419

00:25:43,000 --> 00:25:44,000

Hello.

420

00:25:44,000 --> 00:25:45,000

Gustavo.

421

00:25:46,000 --> 00:25:54,000

The team makes contact with Gustavo Rodriguez, a retired air traffic controller and a member of the Chilean Ministry of Defense.

422

00:25:55,000 --> 00:26:02,000

So Gustavo, you spent 30 years where your job was to identify and track aircraft.

423

00:26:02,000 --> 00:26:03,000

Yes.

424

00:26:03,000 --> 00:26:07,000

Is there any logical explanation for what that thing is?

425

00:26:11,000 --> 00:26:15,000

This is a very special recording.

426

00:26:15,000 --> 00:26:23,000

It's like an object with a wide, flat and with two lights.

427

00:26:23,000 --> 00:26:32,000

This video was reviewed through a group of investigators that concluded it was a medium-sized aircraft that was expelling the liquids from the bathrooms.

428

00:26:32,000 --> 00:26:34,000

Do you buy that at all?

429

00:26:34,000 --> 00:26:36,000

No.

430

00:26:49,000 --> 00:26:54,000

There was no air traffic in that area and the radar was not catching anything.

431

00:26:55,000 --> 00:27:01,000

Okay, so it's safe to say that this wasn't a military plane, this wasn't a commercial plane or private

432

00:27:01,000 --> 00:27:07,000

because otherwise the air traffic controller would have known about these planes being in that airspace.

433

00:27:07,000 --> 00:27:08,000

That's correct.

434

00:27:10,000 --> 00:27:17,000

If you check on the video on the right with the Harrier, you can clearly see because of the shape and the platform, that's a plane.

435

00:27:17,000 --> 00:27:18,000

Yes.

436

00:27:18,000 --> 00:27:20,000

And you can see the exhaust coming out of the two engines.

437

00:27:20,000 --> 00:27:21,000

The propulsion.

438

00:27:21,000 --> 00:27:22,000

It's very obvious.

439

00:27:22,000 --> 00:27:27,000

Here is this thing that looks like it's putting out some kind of exhaust or something.

440

00:27:27,000 --> 00:27:30,000

What is your explanation of what that plume is that's coming out?

441

00:27:31,000 --> 00:27:35,000

There's nothing scientifically that can be sure from the footage we have.

442

00:27:35,000 --> 00:27:40,000

And the temperature of the object, it's about 700 Fahrenheit.

443

00:27:40,000 --> 00:27:44,000

Is that a normal temperature range for an aircraft?

444

00:27:44,000 --> 00:27:45,000

No.

445

00:27:47,000 --> 00:27:58,000

The exterior temperature of a commercial jet's fuselage in flight rarely exceeds 32 degrees Fahrenheit, while the body of this UFO maintains a temperature of 700 degrees.

446

00:27:58,000 --> 00:27:59,000

It's not a plane.

447

00:27:59,000 --> 00:28:01,000

Right, it's not a plane.

448

00:28:01,000 --> 00:28:04,000

Yeah, I would agree with that.

449

00:28:04,000 --> 00:28:09,000

Gustavo, in your experience, have you ever seen anything like that?

450

00:28:09,000 --> 00:28:10,000

No.

451

00:28:10,000 --> 00:28:11,000

No.

452

00:28:11,000 --> 00:28:12,000

First time.

453

00:28:12,000 --> 00:28:16,000

It's not possible for an aircraft to be made by a man.

454

00:28:17,000 --> 00:28:19,000

It just doesn't make any sense.

455

00:28:19,000 --> 00:28:27,000

So based on his analysis, it's just scientifically impossible for this to be some kind of medium-haul aircraft dumping something into the sky.

456

00:28:27,000 --> 00:28:28,000

So what is it?

457

00:28:29,000 --> 00:28:31,000

It doesn't fit into anything that we know.

458

00:28:31,000 --> 00:28:36,000

I mean, it's by default, it's an unidentified flying object.

459

00:28:36,000 --> 00:28:40,000

I mean, it's not of terrestrial origin according to this video.

460

00:28:40,000 --> 00:28:41,000

Correct?

461

00:28:41,000 --> 00:28:42,000

That's correct.

462

00:28:42,000 --> 00:28:43,000

Yes.

463

00:28:43,000 --> 00:28:44,000

No.

464

00:28:44,000 --> 00:28:45,000

That's fascinating.

465

00:28:58,000 --> 00:29:04,000

First update from the team in Chile here.

466

00:29:04,000 --> 00:29:21,000

CIA veteran Mike Cole and conflict analyst Dr. Michael Livingston review the findings from the field team in Santiago, Chile, where the team has uncovered infrared video of a highly anomalous flying object that an analysis revealed is not from a known terrestrial source.

467

00:29:21,000 --> 00:29:23,000

I've never seen anything like that.

468

00:29:23,000 --> 00:29:25,000

I don't know what that is.

469

00:29:25,000 --> 00:29:28,000

They're saying that it's nothing man-made, right?

470

00:29:28,000 --> 00:29:29,000

That's what our analyst is telling us.

471

00:29:29,000 --> 00:29:32,000

And that's a real powerful piece of evidence for us.

472

00:29:32,000 --> 00:29:33,000

Yeah.

473

00:29:33,000 --> 00:29:38,000

Even better, there is an ATIP kind of program that Chile has, CIFA.

474

00:29:38,000 --> 00:29:42,000

They are actively still looking at this video, in addition to other cases like this.

475

00:29:42,000 --> 00:29:47,000

So much of the progress we've made in this investigation on this side has been from declassified

ATIP files.

476

00:29:47,000 --> 00:29:49,000

Lord knows what CIFA has on their end.

477

00:29:51,000 --> 00:29:53,000

Getting into CIFA is not going to be easy.

478

00:29:53,000 --> 00:30:01,000

I mean, imagine if somebody from Chile walked up to the Pentagon and said, hey, I'd like to have access to some of your most secret files.

479

00:30:01,000 --> 00:30:03,000

We're probably not going to let them have access.

480

00:30:03,000 --> 00:30:05,000

Look, as a team, we just got a shock on this thing.

481

00:30:05,000 --> 00:30:07,000

And hopefully they can get to what we need.

482

00:30:07,000 --> 00:30:14,000

While the field team in Chile tries to gain unprecedented access to CIFA, we got an update from Mexico.

483

00:30:15,000 --> 00:30:20,000

Mike and Dr. Livingston focused their attention on the team in Rio Blanco, Mexico,

484

00:30:20,000 --> 00:30:25,000

where they have uncovered a pattern of UFO sightings clustered in a nearby jungle.

485

00:30:27,000 --> 00:30:30,000

They were able to find a local jungle expert, Venancio, in Rio Blanco.

486

00:30:30,000 --> 00:30:34,000

Venancio is saying that there have been sightings in that jungle for centuries.

487

00:30:34,000 --> 00:30:37,000

He can get them to where those sightings are taking place.

488

00:30:37,000 --> 00:30:39,000

This is something that he found.

489

00:30:39,000 --> 00:30:40,000

He doesn't know what it is.

490

00:30:40,000 --> 00:30:46,000

They also would really like our thoughts on the material substance that Venancio had, this star jelly.

491

00:30:46,000 --> 00:30:52,000

People are associating this around the world with the stars and have been doing so for centuries.

492

00:30:52,000 --> 00:30:55,000

This actually goes all the way back to the Middle Ages.

493

00:30:56,000 --> 00:30:59,000

But science has got multiple different explanations for it.

494

00:30:59,000 --> 00:31:04,000

One of the most common they believe is this actually is spawn jelly from frogs or toads.

495

00:31:04,000 --> 00:31:06,000

What do you mean, spawn jelly?

496

00:31:06,000 --> 00:31:10,000

What it is is where another animal has actually eaten female frog

497

00:31:10,000 --> 00:31:18,000

and in doing so all of the egg material that was in that frog is released at once in one spot in this jelly mass.

498

00:31:18,000 --> 00:31:25,000

However skeptical we may be about this star jelly, we can't deny that Venancio found this in the same jungle where the sightings are all clustered.

499

00:31:25,000 --> 00:31:29,000

Let's take a look in the LAS and see what it has on the Rio Blanco jungle.

500

00:31:29,000 --> 00:31:38,000

The team utilizes the link analysis software to search for video footage of UFOs within a 20 mile radius of the Rio Blanco jungle.

501

00:31:38,000 --> 00:31:44,000

Seven hits Rio Blanco over here UFO, relevancy ready 88.

502

00:31:44,000 --> 00:31:48,000

Alright, take a look. This looks like cell phone video.

503

00:31:48,000 --> 00:31:52,000

I mean that thing appears to be holding position.

504

00:31:52,000 --> 00:31:55,000

Mira, ya se bajó más rápido ya viste.

505

00:31:56,000 --> 00:31:59,000

That is weird.

506

00:32:01,000 --> 00:32:06,000

Let's check out this Rio Blanco UFO V1 over here, FLIR video from the Air Force.

507

00:32:11,000 --> 00:32:14,000

Whatever it is is moving at high rates of speed.

508

00:32:26,000 --> 00:32:29,000

Look how many there are.

509

00:32:33,000 --> 00:32:36,000

Look at that thing that's coming behind us they're saying.

510

00:32:36,000 --> 00:32:38,000

These guys sound scared.

511

00:32:40,000 --> 00:32:43,000

There is something going on in the jungles of Rio Blanco.

512

00:32:43,000 --> 00:32:48,000

Let's get the team on the ground and see what more they can pull out of that jungle.

513

00:32:56,000 --> 00:32:59,000

The jungle is moving.

514

00:33:03,000 --> 00:33:05,000

Look at this, now we're getting into it.

515

00:33:05,000 --> 00:33:07,000

Look how dense it's got.

516

00:33:07,000 --> 00:33:09,000

Welcome to the jungle.

517

00:33:09,000 --> 00:33:11,000

There are a lot of sightings over these jungles.

518

00:33:11,000 --> 00:33:16,000

I want to know what's causing these objects to appear or potentially what's drawing these objects to the area.

519

00:33:16,000 --> 00:33:20,000

We need to get in there and we need to look for ourselves to see if we can find some answers.

520

00:33:20,000 --> 00:33:22,000

Ready?

521

00:33:26,000 --> 00:33:31,000

We're going to start opening our way through the machete.

522

00:33:36,000 --> 00:33:41,000

Nick and Sarah, along with local expert Venancio and their translator Marcia,

523

00:33:41,000 --> 00:33:48,000

embark on a 15 mile trek to the exact area where UFO sightings have reportedly been clustered for centuries.

524

00:33:48,000 --> 00:33:52,000

Is it going to be this dense the whole way?

525

00:33:52,000 --> 00:33:53,000

Venancio.

526

00:33:53,000 --> 00:33:54,000

Si.

527

00:33:54,000 --> 00:33:56,000

Vasira, si de denso todo el camino.

528

00:33:56,000 --> 00:33:57,000

Si.

529

00:33:57,000 --> 00:33:59,000

Yes, it's going to be this way.

530

00:33:59,000 --> 00:34:00,000

Ok.

531

00:34:00,000 --> 00:34:02,000

Ok, podemos pasar.

532

00:34:02,000 --> 00:34:04,000

So we're going to go down.

533

00:34:04,000 --> 00:34:05,000

Listo.

534

00:34:05,000 --> 00:34:07,000

Oh, down.

535

00:34:07,000 --> 00:34:08,000

Cuidado.

536

00:34:08,000 --> 00:34:10,000

The terrain's pretty intense.

537

00:34:10,000 --> 00:34:13,000

It's thick, jungle and steep in part.

538

00:34:13,000 --> 00:34:15,000

I just want to keep low center of gravity.

539

00:34:15,000 --> 00:34:17,000

It's physics.

540

00:34:17,000 --> 00:34:19,000

I'm going to keep a low center of gravity.

541

00:34:19,000 --> 00:34:20,000

It's physics.

542

00:34:20,000 --> 00:34:22,000

So, we're going to get in there.

543

00:34:22,000 --> 00:34:24,000

So, we're going to go down.

544

00:34:24,000 --> 00:34:26,000

And then we're going to go down.

545

00:34:26,000 --> 00:34:28,000

And then we're going to go down.

546

00:34:28,000 --> 00:34:30,000

Ok, we're going to go down.

547

00:34:30,000 --> 00:34:32,000

And then we're going to go down.

548

00:34:32,000 --> 00:34:34,000

And then we're going to go down.

549

00:34:34,000 --> 00:34:36,000

So, we're going to go down.

550

00:34:36,000 --> 00:34:37,000

And then we're going to go down.

551

00:34:37,000 --> 00:34:38,000

So, it's physics.

552

00:34:38,000 --> 00:34:39,000

Yeah right.

553

00:34:39,000 --> 00:34:41,000

What have you been in outside?

554

00:34:41,000 --> 00:34:43,000

Careful, this is a very poisonous plant.

555

00:34:43,000 --> 00:34:45,000

Oh yeah.

556

00:34:45,000 --> 00:34:50,000

Oh, yeah.

557

00:34:50,000 --> 00:35:00,000

We've been moving for a while now.

558

00:35:00,000 --> 00:35:01,000

Miles and miles.

559

00:35:01,000 --> 00:35:04,000

Everything we've been tracking has led us here.

560

00:35:04,000 --> 00:35:06,000

What's so special about this place?

561

00:35:06,000 --> 00:35:08,000

What is it that attracts these objects?

562

00:35:08,000 --> 00:35:11,000

Or is responsible for these objects?

563

00:35:11,000 --> 00:35:14,000

Hopefully we're going to find something that relates to our investigation.

564

00:35:21,000 --> 00:35:23,000

The Antagonism

565

00:35:33,000 --> 00:35:36,000

A famous UFO incident that I've always been fascinated with

566

00:35:36,000 --> 00:35:38,000

actually happened at O'Hare Airport in Chicago.

567

00:35:38,000 --> 00:35:40,000

And I actually remember this one because

568

00:35:40,000 --> 00:35:41,000

I grew up in Chicago.

569

00:35:41,000 --> 00:35:44,000

On November 7, 2006,

570

00:35:44,000 --> 00:35:46,000

a dozen airport employees

571

00:35:46,000 --> 00:35:48,000

all saw a silver metallic disk

572

00:35:48,000 --> 00:35:51,580

hovering in the air above gate C-17.

573

00:35:51,580 --> 00:35:56,080

Witnesses reported the object between six and 24 feet across

574

00:35:56,080 --> 00:35:59,380

and leaving a circular hole in the clouds.

575

00:35:59,380 --> 00:36:02,720

The FAA refused to review or investigate the incident,

576

00:36:02,720 --> 00:36:05,120

writing it off as a weather phenomenon.

577

00:36:05,120 --> 00:36:08,460

But while there is allegedly no photographic confirmation

578

00:36:08,460 --> 00:36:11,920

of the sightings, this photo commonly circulates

579

00:36:11,920 --> 00:36:14,160

through UFO investigative communities

580

00:36:14,160 --> 00:36:16,800

as an image of the incident.

581

00:36:17,440 --> 00:36:21,240

To this day, experts cannot agree on what actually happened.

582

00:36:21,240 --> 00:36:23,840

These are the kinds of cases this investigation

583

00:36:23,840 --> 00:36:25,840

intends to solve once and for all.

584

00:36:41,340 --> 00:36:42,480

Cuidado aquí ya.

585

00:36:42,480 --> 00:36:43,480

Just be careful.

586

00:36:43,480 --> 00:36:44,880

Alcha, mirá, no se dena resbalar, eh?

587

00:36:44,880 --> 00:36:46,460

You need to step on the rocks.

588

00:36:46,540 --> 00:36:49,980

Nick and Sarah are deep in the jungles of Rio Blanco, Mexico,

589

00:36:49,980 --> 00:36:53,820

joined by local expert Venancio and their translator, Marcia.

590

00:36:53,820 --> 00:36:55,820

Be very careful, because over here we

591

00:36:55,820 --> 00:36:57,420

have a lot of poisonous plants.

592

00:37:00,340 --> 00:37:02,220

They are headed to the exact area

593

00:37:02,220 --> 00:37:04,140

where UFO sightings have reportedly

594

00:37:04,140 --> 00:37:06,060

been occurring for centuries.

595

00:37:06,060 --> 00:37:07,500

We're going to go up this way.

596

00:37:07,500 --> 00:37:08,300

Right here.

597

00:37:16,460 --> 00:37:19,460

It says that the UFO is collected in this place.

598

00:37:19,460 --> 00:37:20,460

Look at that.

599

00:37:23,460 --> 00:37:25,460

The tribes of ancient civilizations

600

00:37:25,460 --> 00:37:26,460

lived in these rooms.

601

00:37:26,460 --> 00:37:29,460

It could be Totonacas, it could be Olmecas,

602

00:37:29,460 --> 00:37:31,460

it could be Mayas.

603

00:37:32,460 --> 00:37:33,460

Are there carvings?

604

00:37:33,460 --> 00:37:35,460

Si, tiene grabados.

605

00:37:35,460 --> 00:37:36,460

Yes.

606

00:37:36,460 --> 00:37:37,460

Can we take a look?

607

00:37:37,460 --> 00:37:38,460

Yeah, can we go in?

608

00:37:38,460 --> 00:37:39,460

Vamos, y ahí están, vamos.

609

00:37:39,460 --> 00:37:40,460

Come on, let's go.

610

00:37:40,460 --> 00:37:41,460

Let's go.

611

00:37:41,460 --> 00:37:42,460

Let's go.

612

00:37:42,460 --> 00:37:43,460

Let's go.

613

00:37:43,460 --> 00:37:44,460

Can we go in?

614

00:37:44,460 --> 00:37:45,460

Vamos, sí, ahí están, vamos.

615

00:37:45,460 --> 00:37:46,460

Come on, come on.

616

00:37:46,460 --> 00:37:48,460

Cuidado para subir, está algo peligroso.

617

00:37:48,460 --> 00:37:50,460

Just be careful, because going up is very difficult

618

00:37:50,460 --> 00:37:51,460

and dangerous.

619

00:37:51,460 --> 00:37:52,460

OK.

620

00:38:02,460 --> 00:38:03,460

Look at these down here.

621

00:38:05,460 --> 00:38:07,460

This is incredible.

622

00:38:07,460 --> 00:38:09,460

You can see all the engravings.

623

00:38:09,460 --> 00:38:12,460

I assume they were done by early humans a long time ago.

624

00:38:12,460 --> 00:38:15,460

Dating about thousands of years.

625

00:38:15,460 --> 00:38:16,460

Look at this.

626

00:38:16,460 --> 00:38:17,460

It's a foot.

627

00:38:18,460 --> 00:38:22,460

With these carvings, it's clear that these ruins,

628

00:38:22,460 --> 00:38:24,460

people were living here a very, very long time ago.

629

00:38:30,460 --> 00:38:31,460

Whoa.

630

00:38:32,460 --> 00:38:34,460

This is so incredible.

631

00:38:34,460 --> 00:38:35,460

It's crazy.

632

00:38:35,460 --> 00:38:37,460

Can you imagine how far back this date?

633

00:38:37,460 --> 00:38:38,460

Look at this.

634

00:38:38,460 --> 00:38:40,460

Look, that looks like a face.

635

00:38:40,460 --> 00:38:42,460

Look, see, it shined out on that.

636

00:38:42,460 --> 00:38:43,460

Look.

637

00:38:43,460 --> 00:38:46,460

I wonder what inspired them to carve what they carved.

638

00:38:46,460 --> 00:38:48,460

And here we have clearly elongated features.

639

00:38:48,460 --> 00:38:50,460

See, it looks like possibly aliens.

640

00:38:53,460 --> 00:38:56,460

We have a record thousands of years old that depicts something

641

00:38:56,460 --> 00:39:00,460

like an alien face or form that dates back way into the human record.

642

00:39:00,460 --> 00:39:02,460

I mean, that is pretty compelling.

643

00:39:02,460 --> 00:39:04,460

This just blows my mind.

644

00:39:10,460 --> 00:39:11,460

Hello.

645

00:39:11,460 --> 00:39:13,460

Hey, how are you?

646

00:39:13,460 --> 00:39:15,460

Hey, Alex, what do you got for me?

647

00:39:15,460 --> 00:39:18,460

So, listen, I've been looking into this de facto thing you asked me for.

648

00:39:18,460 --> 00:39:19,460

I got a buddy at the embassy.

649

00:39:19,460 --> 00:39:21,460

He's got a contact over there.

650

00:39:21,460 --> 00:39:25,460

And they'll let you in, but the trick is, you got to get over there today.

651

00:39:25,460 --> 00:39:26,460

Can you get there fast?

652

00:39:26,460 --> 00:39:28,460

Yeah, we can definitely get there today.

653

00:39:28,460 --> 00:39:31,460

You guys may be the first people from outside the country to get access.

654

00:39:31,460 --> 00:39:33,460

There's a short notice, but we'll see.

655

00:39:33,460 --> 00:39:34,460

We'll see.

656

00:39:34,460 --> 00:39:35,460

We'll see.

657

00:39:35,460 --> 00:39:36,460

We'll see.

658

00:39:36,460 --> 00:39:37,460

We'll see.

659

00:39:37,460 --> 00:39:38,460

We'll see.

660

00:39:38,460 --> 00:39:39,460

We'll see how we get to the country to get access.

661

00:39:39,460 --> 00:39:41,460

There's a short notice, but thank you for pulling these strings.

662

00:39:41,460 --> 00:39:42,460

Nah, man.

663

00:39:42,460 --> 00:39:43,460

I'm happy to help.

664

00:39:43,460 --> 00:39:44,460

Okay, yeah, just send me the details and the point of contact.

665

00:39:44,460 --> 00:39:45,460

I'm sending you away.

666

00:39:45,460 --> 00:39:46,460

All right.

667

00:39:46,460 --> 00:39:47,460

Take care.

668

00:39:50,460 --> 00:39:51,460

This is a huge opportunity.

669

00:39:51,460 --> 00:39:53,460

I kind of can't believe we're going to get inside.

670

00:39:53,460 --> 00:39:54,460

Yeah.

671

00:39:54,460 --> 00:39:58,460

This is the biggest break that we've had in this investigation so far.

672

00:39:58,460 --> 00:39:59,460

This is a military organization.

673

00:39:59,460 --> 00:40:03,460

So not only are they going to give us more insight to this Naval helicopter video,

674

00:40:03,460 --> 00:40:06,460

but who knows what kind of other information they could have.

675

00:40:06,460 --> 00:40:09,460

I feel like we're about to hit like the jackpot.

676

00:40:09,460 --> 00:40:10,460

I hope so.

677

00:40:10,460 --> 00:40:14,460

Getting into CIFA for us is the key to everything really.

678

00:40:14,460 --> 00:40:16,460

This could be a gold mine of information.

679

00:40:16,460 --> 00:40:20,460

This is the only agency that we know of in the world that's actively doing this kind of work.

680

00:40:20,460 --> 00:40:22,460

So for us, this is huge.

681

00:40:22,460 --> 00:40:25,460

I want to find out what people seem regularly.

682

00:40:25,460 --> 00:40:26,460

What's the anomalous?

683

00:40:26,460 --> 00:40:31,460

What are the sort of the patterns in a place where there seem to be a really high number of sightings?

684

00:40:31,460 --> 00:40:33,460

I mean, has content been made?

685

00:40:33,460 --> 00:40:35,460

Do they have substantial evidence?

686

00:40:35,460 --> 00:40:37,460

That's the ultimate question.

687

00:40:39,460 --> 00:40:41,460

Oh, here we are.

688

00:40:41,460 --> 00:40:43,460

Security checking.

689

00:40:43,460 --> 00:40:44,460

Hola.

690

00:40:44,460 --> 00:40:45,460

Buenos dias.

691

00:40:45,460 --> 00:40:46,460

No, es español.

692

00:40:46,460 --> 00:40:47,460

No, es español.

693

00:40:47,460 --> 00:40:49,460

This guy doesn't look happy.

694

00:40:49,460 --> 00:40:51,460

So this place is definitely a little, a little strict.

695

00:40:51,460 --> 00:40:55,460

I mean, we have like three security guards here.

696

00:40:55,460 --> 00:40:59,460

And even with them knowing we're coming, they're still hesitant to let us in.

697

00:41:02,460 --> 00:41:03,460

Just forward.

698

00:41:03,460 --> 00:41:04,460

Okay.

699

00:41:04,460 --> 00:41:05,460

That's this.

700

00:41:06,460 --> 00:41:07,460

All right.

701

00:41:07,460 --> 00:41:08,460

This is it.

702

00:41:08,460 --> 00:41:09,460

Let's do it.

703

00:41:15,460 --> 00:41:17,460

Next time on Contact.

704

00:41:17,460 --> 00:41:20,460

What is going on with these lakes in Chile?

705

00:41:20,460 --> 00:41:21,460

NASA reports.

706

00:41:21,460 --> 00:41:22,460

What is NASA doing here?

707

00:41:22,460 --> 00:41:25,460

He says there's been a lot of UFO sightings in this lake.

708

00:41:26,460 --> 00:41:27,460

Look at that.

709

00:41:27,460 --> 00:41:28,460

Bizarre.

710

00:41:28,460 --> 00:41:31,460

We've got reports of objects with strange plumes.

711

00:41:32,460 --> 00:41:35,460

We've got a mayor saying he saw a UFO sucking up water.

712

00:41:35,460 --> 00:41:38,460

What is so special about this water?

713

00:41:38,460 --> 00:41:41,460

We need to put that team in that lake, under the water.

714

00:41:41,460 --> 00:41:43,460

That'll answer the question one way or another.

715

00:41:46,460 --> 00:41:47,460

Somebody's doing something up here.

716

00:41:47,460 --> 00:41:49,460

The question is what and why?

717

00:41:49,460 --> 00:41:50,460

Well, what is that?

718

00:41:50,460 --> 00:41:52,460

Son extraterrestrials.

719

00:41:53,460 --> 00:41:55,460

This could point to Contact.
