

1

00:00:00,000 --> 00:00:03,200

Look at that, the whole hillside, everything cooked.

2

00:00:03,200 --> 00:00:06,340

UFO crash bewilders locals.

3

00:00:06,340 --> 00:00:09,340

There could be something left over from that crash.

4

00:00:10,680 --> 00:00:12,920

Do you think the government had something to hide?

5

00:00:12,920 --> 00:00:14,220

Yes, I do.

6

00:00:14,220 --> 00:00:15,920

Próximately at 2 in the morning,

7

00:00:15,920 --> 00:00:17,420

personnel of Forza Aria.

8

00:00:17,420 --> 00:00:20,960

They took the pictures and intimidated us.

9

00:00:20,960 --> 00:00:24,060

The question of contact is something that governments

10

00:00:24,060 --> 00:00:26,500

around the world want to keep secret.

11

00:00:26,500 --> 00:00:29,000

It's almost like somebody wants these pictures to disappear.

12

00:00:29,760 --> 00:00:31,660

You show this at the bar at school?

13

00:00:31,660 --> 00:00:35,300

This is too important for us to let that happen.

14

00:00:35,300 --> 00:00:38,000

There were six lights a mile wide.

15

00:00:38,000 --> 00:00:41,080

We don't know everything that's out there,

16

00:00:41,080 --> 00:00:43,240

but we've got to get to the bottom of this.

17

00:00:43,240 --> 00:00:45,080

We've got to dig for the truth.

18

00:00:47,080 --> 00:00:49,580

People deserve to know these answers.

19

00:00:49,580 --> 00:00:51,420

Go check this out.

20

00:00:51,420 --> 00:00:53,620

Holy s***.

21

00:00:53,620 --> 00:00:54,960

Whoa.

22

00:00:59,700 --> 00:01:03,000

There are so many sightings that always

23

00:01:03,000 --> 00:01:05,500

conglomerate around volcanoes.

24

00:01:05,500 --> 00:01:08,800

Going back potentially centuries.

25

00:01:08,800 --> 00:01:10,000

There's a pattern here.

26

00:01:10,000 --> 00:01:11,380

There's no question about that.

27

00:01:11,380 --> 00:01:12,680

Yeah.

28

00:01:12,680 --> 00:01:15,080

What is it about volcanoes that links to contact?

29

00:01:15,080 --> 00:01:19,220

CIA veteran Mike Cole and conflict analyst Dr. Livingston

30

00:01:19,220 --> 00:01:22,960

dig into the latest findings from their worldwide investigation

31

00:01:22,960 --> 00:01:25,420

into possible extraterrestrial objects.

32

00:01:25,440 --> 00:01:28,680

In both Chile and Mexico, they've uncovered an extremely

33

00:01:28,680 --> 00:01:31,280

high number of UFO sightings clustered

34

00:01:31,280 --> 00:01:33,420

around active volcanic sites.

35

00:01:33,420 --> 00:01:36,220

The data is all pushing us towards a correlation

36

00:01:36,220 --> 00:01:37,460

with volcanoes.

37

00:01:37,460 --> 00:01:39,760

And a lot of these sightings that we're seeing around

38

00:01:39,760 --> 00:01:41,760

volcanoes, they're low altitude.

39

00:01:41,760 --> 00:01:45,000

They're coming closer into contact with the Earth.

40

00:01:45,000 --> 00:01:49,100

Let's do a search for UFOs low altitude and, of course,

41

00:01:49,100 --> 00:01:50,600

archaeology.

42

00:01:50,600 --> 00:01:52,900

We're looking for a place where we can find

43

00:01:53,900 --> 00:01:55,900

and, of course, our key volcano.

44

00:01:55,900 --> 00:01:59,900

And let's run it for 25 years worldwide.

45

00:01:59,900 --> 00:02:03,900

The team utilizes CIA-developed link analysis software

46

00:02:03,900 --> 00:02:07,900

in search of a correlation between sightings, volcanoes,

47

00:02:07,900 --> 00:02:11,900

and unexplained aerial phenomena occurring at low altitudes.

48

00:02:11,900 --> 00:02:12,900

Look at this.

49

00:02:12,900 --> 00:02:14,900

A lot of our first hits are Phoenix.

50

00:02:14,900 --> 00:02:17,900

That's not a volcanic area, is it?

51

00:02:17,900 --> 00:02:20,900

Let me see something.

52

00:02:20,900 --> 00:02:24,900

There's three volcanic sites, two volcanic fields,

53

00:02:24,900 --> 00:02:27,900

and one volcanic crater less than 100 miles

54

00:02:27,900 --> 00:02:29,900

from the city center.

55

00:02:29,900 --> 00:02:31,900

This is probably the most number of eyewitnesses

56

00:02:31,900 --> 00:02:33,900

we've seen in any of the cases we've looked at so far.

57

00:02:33,900 --> 00:02:36,900

And these are all on the 13th of March,

58

00:02:36,900 --> 00:02:39,900

97, every single one.

59

00:02:39,900 --> 00:02:42,900

All at the same time, on the same day.

60

00:02:42,900 --> 00:02:43,900

Look at this.

61

00:02:43,900 --> 00:02:45,900

Five lights, V-shaped.

62

00:02:45,900 --> 00:02:48,900

Pull up one of these images.

63

00:02:48,900 --> 00:02:54,900

The sightings say that these lights were as low as 100 feet off the ground,

64

00:02:54,900 --> 00:02:58,900

stationary, for a period of 30 minutes or longer.

65

00:02:58,900 --> 00:03:00,900

This is an ideal case.

66

00:03:00,900 --> 00:03:02,900

It's less than 20 years old,

67

00:03:02,900 --> 00:03:06,900

and there are thousands of eyewitnesses.

68

00:03:08,900 --> 00:03:10,900

Some of these people are still around.

69

00:03:10,900 --> 00:03:11,900

We can talk to these people.

70

00:03:11,900 --> 00:03:13,900

Let's get Nick and Sarah on the ground in Phoenix

71

00:03:13,900 --> 00:03:16,900

and let's see what they can find out about this event.

72

00:03:19,900 --> 00:03:22,900

It's not about belief, it's about evidence.

73

00:03:22,900 --> 00:03:26,900

And I'm genuinely curious to see what we find out here in Phoenix.

74

00:03:26,900 --> 00:03:29,900

Nick Carnese, US Marine Intel Officer,

75

00:03:29,900 --> 00:03:32,900

and Sarah Crutus, Astrophysicist and Space Journalist.

76

00:03:32,900 --> 00:03:34,900

Land in Phoenix, Arizona,

77

00:03:34,900 --> 00:03:36,900

and head to the home of Dr. Lynn Kattay,

78

00:03:36,900 --> 00:03:39,900

a local who captured some of the only known video footage

79

00:03:39,900 --> 00:03:41,900

of mysteriously-discovered,

80

00:03:41,900 --> 00:03:44,900

and the most-known video footage of the world.

81

00:03:44,900 --> 00:03:47,900

A local who captured some of the only known video footage

82

00:03:47,900 --> 00:03:51,900

of mysterious lights in the sky on March 13, 1997.

83

00:03:53,900 --> 00:03:54,900

Welcome.

84

00:03:54,900 --> 00:03:55,900

Hi, man.

85

00:03:55,900 --> 00:03:57,900

I'm actually really excited to talk to Dr. Lynn.

86

00:03:57,900 --> 00:03:59,900

It's important to me to be able to see actual video evidence

87

00:03:59,900 --> 00:04:02,900

because relying on eyewitness accounts over time,

88

00:04:02,900 --> 00:04:04,900

they can remember things differently, things can change.

89

00:04:04,900 --> 00:04:06,900

But when we have video, we actually have a hard piece of evidence

90

00:04:06,900 --> 00:04:09,900

that we can analyze to better understand what happened.

91

00:04:09,900 --> 00:04:12,900

Dr. Lynn, your background was in medicine?

92

00:04:12,900 --> 00:04:14,900

My background is in medicine.

93

00:04:14,900 --> 00:04:17,900

I'm a medical doctor in internal medicine,

94

00:04:17,900 --> 00:04:21,900

and I had no knowledge at all of UFOs or unexplained phenomena

95

00:04:21,900 --> 00:04:25,900

until both my husband and I saw a very close sighting to our home

96

00:04:25,900 --> 00:04:31,900

in what is now hailed as the most witnessed sighting in modern history.

97

00:04:33,900 --> 00:04:37,900

In fact, I happened to capture one of the handful of videos

98

00:04:37,900 --> 00:04:41,900

from that night of these anomalous aerial phenomena.

99

00:04:41,900 --> 00:04:42,900

Let me show you.

100

00:04:42,900 --> 00:04:43,900

Yeah.

101

00:04:47,900 --> 00:04:49,900

So you're filming this from where?

102

00:04:49,900 --> 00:04:50,900

From our balcony.

103

00:04:50,900 --> 00:04:51,900

Okay.

104

00:04:51,900 --> 00:04:52,900

Wow.

105

00:04:52,900 --> 00:04:56,900

And when I initially saw it, there were six lights

106

00:04:56,900 --> 00:04:59,900

a mile wide in the formation.

107

00:05:00,900 --> 00:05:02,900

By the time I got my camera from the corner of the room

108

00:05:02,900 --> 00:05:05,900

and got out there in focus, there were three.

109

00:05:08,900 --> 00:05:09,900

Wow.

110

00:05:09,900 --> 00:05:12,900

These were huge balls of light.

111

00:05:12,900 --> 00:05:14,900

Everything else out there glared.

112

00:05:14,900 --> 00:05:15,900

These did not.

113

00:05:15,900 --> 00:05:19,900

And the light within each orb was self-contained.

114

00:05:19,900 --> 00:05:20,900

Wow.

115

00:05:21,900 --> 00:05:24,900

Do you believe that they were all part of the same object,

116

00:05:24,900 --> 00:05:27,900

or do you think they're independent of one another?

117

00:05:27,900 --> 00:05:30,900

Just looking at the video itself and what I saw,

118

00:05:30,900 --> 00:05:33,900

they seemed to be attached to something.

119

00:05:33,900 --> 00:05:36,900

But I couldn't quite see what it was attached to.

120

00:05:36,900 --> 00:05:38,900

How many people reported seeing this?

121

00:05:38,900 --> 00:05:40,900

Over 10,000 people.

122

00:05:40,900 --> 00:05:41,900

Wow.

123

00:05:41,900 --> 00:05:42,900

10,000.

124

00:05:42,900 --> 00:05:43,900

Whoa.

125

00:05:43,900 --> 00:05:46,900

And these sightings continued.

126

00:05:46,900 --> 00:05:47,900

How many?

127

00:05:47,900 --> 00:05:48,900

Six.

128

00:05:48,900 --> 00:05:52,900

Six sightings in the Phoenix area in the same location.

129

00:05:52,900 --> 00:05:57,900

97, 98, 2001, 2002, 2003.

130

00:05:57,900 --> 00:05:59,900

For years, they have continued.

131

00:05:59,900 --> 00:06:01,900

This is one of multiple sightings that she's seen

132

00:06:01,900 --> 00:06:03,900

over the years here in Phoenix.

133

00:06:03,900 --> 00:06:06,900

What sparks my curiosity is why are they coming back

134

00:06:06,900 --> 00:06:09,900

to the same area, the same spot in Phoenix?

135

00:06:09,900 --> 00:06:12,900

So how long until the government addressed

136

00:06:12,900 --> 00:06:13,900

what everyone witnessed?

137

00:06:13,900 --> 00:06:14,900

Nothing.

138

00:06:14,900 --> 00:06:17,900

From the military or government.

139

00:06:17,900 --> 00:06:21,900

So I called every military base to see what they knew

140

00:06:21,900 --> 00:06:24,900

and talk to as high up as I could.

141

00:06:24,900 --> 00:06:26,900

They had no idea what it was.

142

00:06:26,900 --> 00:06:30,900

But I get a call a month later from one of the heads of PR

143

00:06:30,900 --> 00:06:32,900

at the Air National Guard.

144

00:06:32,900 --> 00:06:36,900

She says the Air National Guard was in town sending off flares,

145

00:06:36,900 --> 00:06:38,900

military illumination flares.

146

00:06:38,900 --> 00:06:40,900

The ground illumination flares that I've used,

147

00:06:40,900 --> 00:06:42,900

they move, they're erratic, they flicker.

148

00:06:42,900 --> 00:06:43,900

I mean, it's combustion, right?

149

00:06:43,900 --> 00:06:45,900

It's like burning phosphorus or whatever chemical.

150

00:06:45,900 --> 00:06:46,900

Exactly.

151

00:06:46,900 --> 00:06:47,900

There's always exercises.

152

00:06:47,900 --> 00:06:49,900

There's flares being sent off.

153

00:06:49,900 --> 00:06:51,900

I see them from our vantage point.

154

00:06:51,900 --> 00:06:57,900

And very distinct was definitely not flares.

155

00:06:57,900 --> 00:07:00,900

The Air National Guard explanation doesn't check out for me.

156

00:07:00,900 --> 00:07:02,900

All the flares I'm familiar with looking in the video

157

00:07:02,900 --> 00:07:04,900

doesn't look like anything I've witnessed in the past.

158

00:07:04,900 --> 00:07:06,900

I think something else was going on.

159

00:07:06,900 --> 00:07:07,900

But the question is, what is it?

160

00:07:07,900 --> 00:07:10,900

I need to talk to somebody within the local government.

161

00:07:19,900 --> 00:07:20,900

All right.

162

00:07:20,900 --> 00:07:22,900

We are almost there.

163

00:07:22,900 --> 00:07:25,900

Nick and Sarah head to the Phoenix suburbs

164

00:07:25,900 --> 00:07:29,900

where they've arranged a meeting with a former government insider

165

00:07:29,900 --> 00:07:32,900

who served during the time of the Phoenix Lights incident.

166

00:07:32,900 --> 00:07:34,900

Government evidence would be so significant.

167

00:07:34,900 --> 00:07:36,900

We're meeting with former city councilwoman

168

00:07:36,900 --> 00:07:39,900

and former vice mayor Francis Barwood.

169

00:07:39,900 --> 00:07:40,900

Hi, Francis.

170

00:07:40,900 --> 00:07:41,900

Hi, dear.

171

00:07:41,900 --> 00:07:42,900

I want to get another perspective on all of this

172

00:07:42,900 --> 00:07:46,900

and find out exactly what could be going on in Phoenix.

173

00:07:46,900 --> 00:07:47,900

All right.

174

00:07:47,900 --> 00:07:49,900

So Francis, we're just interested in hearing your opinion

175

00:07:49,900 --> 00:07:53,900

of what happened back in the 1990s with the Phoenix Lights.

176

00:07:53,900 --> 00:07:57,900

Actually, that evening, I had a lead meeting

177

00:07:57,900 --> 00:07:59,900

and was stopped by a reporter.

178

00:07:59,900 --> 00:08:03,900

She asked me if I knew about this object that flew over Phoenix

179

00:08:03,900 --> 00:08:06,900

and I said, no, I hadn't heard anything about it.

180

00:08:06,900 --> 00:08:08,900

And she said, they asked the mayor, he said,

181

00:08:08,900 --> 00:08:13,900

there's no UFOs over Phoenix and that's all he would tell him.

182

00:08:13,900 --> 00:08:15,900

And so I thought, well, that's kind of weird, you know,

183

00:08:15,900 --> 00:08:18,900

something flew over Phoenix to me that's a hazard.

184

00:08:18,900 --> 00:08:20,900

Could have hit a building or hit the wires.

185

00:08:20,900 --> 00:08:22,900

So I said, okay, well, the Tuesday meeting,

186

00:08:22,900 --> 00:08:26,900

I went in and asked about this object that flew over Phoenix

187

00:08:26,900 --> 00:08:29,900

and everybody kind of stopped and looked at me.

188

00:08:29,900 --> 00:08:32,900

After the meeting, a deputy city manager came up to me

189

00:08:32,900 --> 00:08:35,900

and said, you shouldn't have brought that up.

190

00:08:35,900 --> 00:08:38,900

He said the mayor did not want anybody to talk about it.

191

00:08:38,900 --> 00:08:39,900

Really?

192

00:08:39,900 --> 00:08:40,900

Yes.

193

00:08:40,900 --> 00:08:42,900

Then the interesting stuff happened.

194

00:08:42,900 --> 00:08:46,900

There was one man who called me and he took a video of it.

195

00:08:46,900 --> 00:08:51,900

So about two weeks later, he calls me up and he said,

196

00:08:51,900 --> 00:08:53,900

so what did you think of the video?

197

00:08:53,900 --> 00:08:55,900

I said, I never got the video.

198

00:08:55,900 --> 00:08:58,900

He goes, well, I gave it to your assistants.

199

00:08:58,900 --> 00:09:00,900

Two men came from your office.

200

00:09:00,900 --> 00:09:03,900

I said, I don't have any men working in my office.

201

00:09:03,900 --> 00:09:07,900

He said, they asked for the video of what I taped that night.

202

00:09:07,900 --> 00:09:11,900

So I'm thinking, okay, how would they know that he called me?

203

00:09:11,900 --> 00:09:15,900

So we called the private investigator and he goes,

204

00:09:15,900 --> 00:09:17,900

your phone is tapped from headquarters.

205

00:09:17,900 --> 00:09:20,900

And he goes, that's always government.

206

00:09:20,900 --> 00:09:22,900

It was kind of terrified.

207

00:09:22,900 --> 00:09:24,900

If what Francis is telling us is true,

208

00:09:24,900 --> 00:09:27,900

it does appear that a cover-up is going on.

209

00:09:27,900 --> 00:09:30,900

Next question is, why would the government or whoever do this?

210

00:09:30,900 --> 00:09:32,900

Everything about this was so strange.

211

00:09:32,900 --> 00:09:36,900

And the next thing, of course, was the governor's press conference.

212

00:09:36,900 --> 00:09:37,900

And do you want to see?

213

00:09:37,900 --> 00:09:38,900

Yeah.

214

00:09:38,900 --> 00:09:41,900

Three months after the Phoenix lights incident,

215

00:09:41,900 --> 00:09:45,900

the governor of Arizona, Fife Simington, held a press conference.

216

00:09:45,900 --> 00:09:47,900

Simington announced a break in the case.

217

00:09:47,900 --> 00:09:51,900

I suggested that it was time to end months of speculation on the question

218

00:09:51,900 --> 00:09:54,900

and investigate the matter once and for all to clear it up.

219

00:09:54,900 --> 00:09:57,900

He said DPS has arrested a suspect.

220

00:09:57,900 --> 00:10:00,900

Now this just goes to show that you guys are entirely too serious.

221

00:10:02,900 --> 00:10:09,900

This was orchestrated to kind of make it laughable.

222

00:10:09,900 --> 00:10:12,900

Anybody that wants to find out what this was,

223

00:10:12,900 --> 00:10:14,900

oh, you know, you're crazy.

224

00:10:14,900 --> 00:10:17,900

I thought, you know, this is real interesting.

225

00:10:17,900 --> 00:10:20,900

First, it's the mayor who won't talk about it.

226

00:10:20,900 --> 00:10:24,900

Then it's the governor who made a joke and he's not a person to joke.

227

00:10:24,900 --> 00:10:31,900

So then I wrote a letter to Senator McCain who totally ignored it.

228

00:10:31,900 --> 00:10:38,900

And the only thing that I can think is who above them said,

229

00:10:38,900 --> 00:10:40,900

you can't talk about this.

230

00:10:41,900 --> 00:10:44,900

I don't know what everybody's so afraid of.

231

00:10:57,900 --> 00:11:00,900

Barwood believes that she's being silenced here, right?

232

00:11:00,900 --> 00:11:02,900

Her phones are tapped.

233

00:11:02,900 --> 00:11:04,900

Information is being suppressed.

234

00:11:04,900 --> 00:11:07,900

Is Barwood paranoid, delusional?

235

00:11:07,900 --> 00:11:12,900

Or is she actually onto a conspiracy that has to do with the cover-up of the Phoenix lights?

236

00:11:12,900 --> 00:11:15,900

And if so, what is being covered up and who's ordered it?

237

00:11:15,900 --> 00:11:19,900

Right. But she is implicating this Fife-Simington, this governor.

238

00:11:19,900 --> 00:11:22,900

What do we know about Fife-Simington?

239

00:11:22,900 --> 00:11:25,900

He spent his educational years at Harvard University

240

00:11:25,900 --> 00:11:28,900

before joining the USAF, the United States Air Force,

241

00:11:28,900 --> 00:11:30,900

where he earned a bronze star and rose to captain.

242

00:11:30,900 --> 00:11:34,900

He served in the Air Force for five years before running for the governor's office in 1990.

243

00:11:34,900 --> 00:11:37,900

He's got a very credible record.

244

00:11:37,900 --> 00:11:42,900

He does. Here's an interview with him. This is ten years afterwards.

245

00:11:42,900 --> 00:11:48,900

March 13, 1997, lights over Phoenix. What did you see?

246

00:11:48,900 --> 00:11:53,900

Well, I saw a huge craft just kind of come right over a Squall Peak.

247

00:11:53,900 --> 00:11:55,900

It's nothing like anything I've ever seen.

248

00:11:55,900 --> 00:11:57,900

And you're an Air Force guy?

249

00:11:57,900 --> 00:11:58,900

Yeah, yeah, and a pilot.

250

00:11:58,900 --> 00:12:02,900

Do you believe it was something from the U.S. government that they were kind of flying around?

251

00:12:02,900 --> 00:12:08,900

No, this was totally different. I think this was technologically far advanced.

252

00:12:10,900 --> 00:12:15,900

That is the exact opposite of what he said in that press conference.

253

00:12:16,900 --> 00:12:17,900

Complete 180.

254

00:12:17,900 --> 00:12:21,900

You have the governor of Arizona saying there's nothing to the Phoenix Lights case.

255

00:12:21,900 --> 00:12:27,900

Then he retires and says not only that the Phoenix Lights was something not of this Earth,

256

00:12:27,900 --> 00:12:30,900

but that he personally witnessed it.

257

00:12:30,900 --> 00:12:34,900

Unquestionably, it was a UFO, which means unidentified flying object.

258

00:12:34,900 --> 00:12:38,900

Was Simonton ordered by someone to say what he said?

259

00:12:38,900 --> 00:12:42,900

Who's the higher authority when you're the governor of the state of Arizona?

260

00:12:42,900 --> 00:12:44,900

You have to be the federal government.

261

00:12:44,900 --> 00:12:48,900

The Phoenix Lights

262

00:12:48,900 --> 00:12:52,900

The Phoenix Lights

263

00:12:52,900 --> 00:12:54,900

The Phoenix Lights

264

00:12:54,900 --> 00:12:59,900

The Phoenix Lights

265

00:12:59,900 --> 00:13:03,900

Do you believe it was something from the U.S. government that they were kind of flying around?

266

00:13:03,900 --> 00:13:06,900

I think this was technologically far advanced.

267

00:13:06,900 --> 00:13:10,900

That is the exact opposite of what he said in that press conference.

268

00:13:10,900 --> 00:13:11,900

Complete 180.

269

00:13:11,900 --> 00:13:16,900

Former CIA investigator Mike Cole and conflict analyst Dr. Livingston

270

00:13:16,900 --> 00:13:23,900

review a video of Arizona governor Fife Simington contradicting his 1997 assessment of the Phoenix Lights incident.

271

00:13:23,900 --> 00:13:27,900

Unquestionably, it was a UFO, which means unidentified flying object.

272

00:13:27,900 --> 00:13:31,900

Was Simonton ordered by someone to say what he said?

273

00:13:31,900 --> 00:13:35,900

Does this even happen in government? You have this kind of conspiracies like this?

274

00:13:35,900 --> 00:13:39,900

The federal government absolutely engages in what we call denial and deception.

275

00:13:39,900 --> 00:13:42,900

That is a tradecraft term that you'll hear in the intelligence community.

276

00:13:42,900 --> 00:13:44,900

This information is a piece of that.

277

00:13:44,900 --> 00:13:47,900

Clandestine operations and keeping secrets is a piece of that.

278

00:13:47,900 --> 00:13:51,900

So this thing could have come from the federal government.

279

00:13:51,900 --> 00:13:56,900

The evidence certainly raises the possibility that the government was covering up something in Phoenix in 1997.

280

00:13:56,900 --> 00:14:03,900

What's even more amazing to me is that people report seeing these same lights returning to Phoenix again and again over the years.

281

00:14:03,900 --> 00:14:07,900

These sightings continued in the same location for years.

282

00:14:07,900 --> 00:14:10,900

Let's look at the history of UFO activity in the Phoenix area.

283

00:14:10,900 --> 00:14:11,900

Okay.

284

00:14:14,900 --> 00:14:21,900

This is the number two city in the United States of America for number of sightings.

285

00:14:21,900 --> 00:14:25,900

Since the year 2000, they've been averaging 178 sightings a year.

286

00:14:25,900 --> 00:14:27,900

That's almost one every other day.

287

00:14:27,900 --> 00:14:32,900

If people are trying to cover this up, our government, there's going to be a paper trail of that.

288

00:14:32,900 --> 00:14:36,900

Does declassified information give us more to go on there?

289

00:14:36,900 --> 00:14:44,900

Let's run an LAS and let's do a search on Phoenix UFO sightings documents all time.

290

00:14:44,900 --> 00:14:45,900

Okay.

291

00:14:51,900 --> 00:14:53,900

All right. What do we got?

292

00:14:53,900 --> 00:14:56,900

When we look at that 85% relevancy center there.

293

00:14:56,900 --> 00:14:59,900

Mm-hmm. July 1947.

294

00:14:59,900 --> 00:15:00,900

All right.

295

00:15:00,900 --> 00:15:02,900

This is an Air Force document.

296

00:15:02,900 --> 00:15:08,900

Pictures taken by a Mr. William Rhodes of Phoenix of unidentifiable objects.

297

00:15:08,900 --> 00:15:14,900

Subject objects flew at unconceivable speeds making three circles in the vicinity of Mr. Rhodes's home.

298

00:15:14,900 --> 00:15:19,900

The agent obtained pictures from the managing editor of the Arizona Republic newspaper.

299

00:15:19,900 --> 00:15:26,900

Complete information relative to subject photographs may be obtained from the director of intelligence of the headquarters of the fourth Air Force.

300

00:15:26,900 --> 00:15:32,900

So these photographs have wound up in the custody of the director of intelligence for fourth Air Force.

301

00:15:32,900 --> 00:15:39,900

You know, one thing's for sure. Air Force intelligence took these pictures seriously enough that they took custody of them.

302

00:15:39,900 --> 00:15:46,900

So, Rhodes takes these pictures, brings it into a newspaper. One of them is printed.

303

00:15:46,900 --> 00:15:50,900

So here's the photo. You see there's almost like a cutaway in it, right?

304

00:15:50,900 --> 00:15:55,900

So the most curious feature of this picture to me is the whiteness in the middle of the spack.

305

00:15:55,900 --> 00:15:57,900

This? Yeah. Yeah.

306

00:15:57,900 --> 00:16:01,900

So is that reflectivity of an object? Or perforation.

307

00:16:01,900 --> 00:16:06,900

And something else, Mike. Look at the date in which the pictures were taken.

308

00:16:06,900 --> 00:16:12,900

The 7th of July, 1947. We have seen that date before. That's the date of Roswell.

309

00:16:14,900 --> 00:16:23,900

Early July of 1947 in Roswell, New Mexico, metal from a strange object is found in the desert and turned over to the local Air Force base.

310

00:16:23,900 --> 00:16:30,900

On July 8th, 1947, the Army issues a press release announcing a flying disc has been recovered in the desert,

311

00:16:30,900 --> 00:16:35,900

igniting what would become the most talked about UFO incident in history.

312

00:16:35,900 --> 00:16:46,900

So the same day that the newspaper publishes William Rhodes' image, 500 miles away, the Army makes Roswell public.

313

00:16:46,900 --> 00:16:54,900

How weird would it be if there was another event, possibly a more significant event, just 500 miles away that everybody missed?

314

00:16:54,900 --> 00:17:05,900

If the Air Force had people whose job it was to spread disinformation, is it possible that there is a government cover up occurring all the way back in 1947?

315

00:17:05,900 --> 00:17:11,900

Could this 1947 incident provide some clue to why Phoenix is so significant?

316

00:17:11,900 --> 00:17:14,900

If William Rhodes is alive, he's the guy we need to talk to.

317

00:17:14,900 --> 00:17:16,900

We gotta find this guy.

318

00:17:25,900 --> 00:17:27,900

Is there any contact information?

319

00:17:27,900 --> 00:17:35,900

I'm gonna have a look. Bill Morris. We've got an address here. This guy seems to be the closest link to William Rhodes.

320

00:17:35,900 --> 00:17:41,900

On the ground in Gilbert, Arizona, Nick and Sarah secure a meeting with a family friend of William Rhodes.

321

00:17:41,900 --> 00:17:42,900

Is it this house?

322

00:17:42,900 --> 00:17:43,900

That's the one on the left.

323

00:17:43,900 --> 00:17:45,900

I can't believe he's agreed to speak to us.

324

00:17:45,900 --> 00:17:54,900

Unfortunately, William Rhodes passed away a number of years ago, but we were able to track down a close family friend, Bill Morris, who's agreed to share with us what he knows about the event.

325

00:17:54,900 --> 00:17:58,900

William witnessed. Hopefully we're gonna find something that relates to our investigation.

326

00:18:01,900 --> 00:18:05,900

Bill, did William share any details of what he saw back in 1947?

327

00:18:05,900 --> 00:18:08,900

Not a lot of details. I just know the basics.

328

00:18:08,900 --> 00:18:12,900

He was walking from the house to his laboratory, which was on the property.

329

00:18:12,900 --> 00:18:15,900

And shapes in the sky that were not aircraft.

330

00:18:15,900 --> 00:18:17,900

So they were multiple? It wasn't just one?

331

00:18:17,900 --> 00:18:18,900

Yeah, two.

332

00:18:18,900 --> 00:18:19,900

Oh, wow. Okay.

333

00:18:19,900 --> 00:18:21,900

They were moving and they were shaped like boomerangs.

334

00:18:21,900 --> 00:18:22,900

Okay.

335

00:18:22,900 --> 00:18:24,900

Boomerangs? Did anyone else witness what he saw?

336

00:18:24,900 --> 00:18:29,900

No, not that I know of, but let me explain a little bit about where we're talking about.

337

00:18:29,900 --> 00:18:33,900

He's on 14th Street, which now is in the center of Phoenix.

338

00:18:33,900 --> 00:18:35,900

In 1947, it was in the middle of nowhere.

339

00:18:35,900 --> 00:18:38,900

There was nothing around. There were no houses and not very many people.

340

00:18:38,900 --> 00:18:41,900

It's not unbelievable that nobody else reported it.

341

00:18:41,900 --> 00:18:42,900

Okay.

342

00:18:42,900 --> 00:18:44,900

And he went and got his camera and took a couple pictures of it.

343

00:18:44,900 --> 00:18:48,900

Did he ever tell you about what he thought it might be?

344

00:18:48,900 --> 00:18:50,900

And not identify the flying object. That's it.

345

00:18:50,900 --> 00:18:53,900

He wasn't really trying to speculate or make something out of it.

346

00:18:53,900 --> 00:18:54,900

You witnessed these objects?

347

00:18:54,900 --> 00:18:55,900

Yes.

348

00:18:55,900 --> 00:18:58,900

And then did he go to the newspaper? Did the newspaper come to him?

349

00:18:58,900 --> 00:19:00,900

I'm not sure how would that happen.

350

00:19:00,900 --> 00:19:01,900

Okay.

351

00:19:01,900 --> 00:19:04,900

He reported it somewhere and the newspaper's got a hold of it.

352

00:19:04,900 --> 00:19:07,900

Soon after the FBI came and interviewed everybody around him.

353

00:19:07,900 --> 00:19:08,900

Seriously?

354

00:19:08,900 --> 00:19:09,900

Yeah.

355

00:19:09,900 --> 00:19:12,900

Bill was a brilliant scientist and really frosted him.

356

00:19:12,900 --> 00:19:18,900

It was that they put words in the people's mouths about the crazy guy that next door

357

00:19:18,900 --> 00:19:21,900

and was living off his wife's money and this, that and the other.

358

00:19:21,900 --> 00:19:25,900

So what you're saying is that the government was discrediting William within the community?

359

00:19:25,900 --> 00:19:27,900

Yes, intentionally.

360

00:19:27,900 --> 00:19:31,900

The FBI damaged his reputation. They moved to discredit him.

361

00:19:31,900 --> 00:19:33,900

What did he see that was so important?

362

00:19:33,900 --> 00:19:35,900

What about the original photograph?

363

00:19:35,900 --> 00:19:37,900

The government took those.

364

00:19:37,900 --> 00:19:41,900

Really? Do you think the government at the time potentially had something to hide?

365

00:19:41,900 --> 00:19:43,900

Yes, I do.

366

00:19:43,900 --> 00:19:48,900

I believe he saw something he wasn't supposed to see until they went after his character.

367

00:19:48,900 --> 00:19:51,900

I wish we could see those photographs, don't you?

368

00:19:51,900 --> 00:19:53,900

Aaron.

369

00:19:53,900 --> 00:19:57,900

After Bill died, I did hold on to some of his paperwork.

370

00:19:57,900 --> 00:20:00,900

His lab was quite interesting.

371

00:20:00,900 --> 00:20:04,900

I went through, I saved what I could and I do have it out in back if you'd like to go.

372

00:20:04,900 --> 00:20:05,900

Yeah, would love to.

373

00:20:05,900 --> 00:20:06,900

Sure.

374

00:20:06,900 --> 00:20:12,900

Bill actually has some of William's stuff that he was able to collect from his old laboratory.

375

00:20:12,900 --> 00:20:15,900

Right this way, he was silenced.

376

00:20:15,900 --> 00:20:17,900

But hopefully he left something behind.

377

00:20:17,900 --> 00:20:23,900

Hopefully he has some stuff that might have clues from what he allegedly saw back in 1947.

378

00:20:23,900 --> 00:20:26,900

So we can truly figure out what happened here.

379

00:20:36,900 --> 00:20:43,900

Oh wow, we've got a lot of stuff, aren't you?

380

00:20:43,900 --> 00:20:46,900

We'll leave you to it, have at it, be my guest.

381

00:20:46,900 --> 00:20:47,900

Thank you.

382

00:20:47,900 --> 00:20:55,900

Nick and Sarah gain access to the personal effects of William Rhodes, who is witness to a UFO near Phoenix in 1947.

383

00:20:55,900 --> 00:20:58,900

It's found a box that says Rhodes on it.

384

00:20:58,900 --> 00:21:04,900

William Rhodes saw the thing in the sky back in 47 and he took the photographic evidence to the newspaper as a result.

385

00:21:04,900 --> 00:21:08,900

The FBI took William's photographs and his negatives and never gave it back to him.

386

00:21:08,900 --> 00:21:14,900

But hopefully his boxes from his old lab contains clues to what he actually saw back in 1947.

387

00:21:14,900 --> 00:21:17,900

I love these science fiction magazines.

388

00:21:17,900 --> 00:21:20,900

The Star of the Space Age, like the retrofuturistic stuff.

389

00:21:20,900 --> 00:21:22,900

Look at this, this is a patent filed May 27th, 1953.

390

00:21:22,900 --> 00:21:25,900

Oh cool, for static electric generators.

391

00:21:25,900 --> 00:21:30,900

I mean just, could you, having the expertise, like one day you're designing an oscillator you saw,

392

00:21:30,900 --> 00:21:33,900

the next day you're designing a multi-cell oxy hydrogen generator.

393

00:21:33,900 --> 00:21:35,900

This was a man who was an innovator.

394

00:21:35,900 --> 00:21:37,900

He sure has a lot of patents.

395

00:21:37,900 --> 00:21:40,900

There's about 26 separate patents that he filed.

396

00:21:40,900 --> 00:21:45,900

William Rhodes, very technical, logically minded individual, very smart man.

397

00:21:45,900 --> 00:21:47,900

That's the second, oh really?

398

00:21:47,900 --> 00:21:49,900

Yeah, it says Rhodes on it, that's the second box.

399

00:21:49,900 --> 00:21:51,900

Let's get this open.

400

00:21:53,900 --> 00:21:54,900

Oh wow, look at that.

401

00:21:54,900 --> 00:21:55,900

Super 8.

402

00:21:59,900 --> 00:22:01,900

Oh look at this, mystery, what is it?

403

00:22:01,900 --> 00:22:03,900

Photographed over Phoenix.

404

00:22:03,900 --> 00:22:07,900

One object twice snapped at dusk, is it circled north of Phoenix, William Abert.

405

00:22:07,900 --> 00:22:10,900

And so this is the photograph that he said that they seized.

406

00:22:13,900 --> 00:22:16,900

Look at this, did UFO crash in Valley in 47?

407

00:22:16,900 --> 00:22:17,900

He's in the photograph.

408

00:22:17,900 --> 00:22:18,900

I don't know, let's see that.

409

00:22:18,900 --> 00:22:20,900

Oh, the graves.

410

00:22:20,900 --> 00:22:28,900

Selman Graves says he saw a large airship dome shaped thing after it landed on the hill in the background.

411

00:22:28,900 --> 00:22:29,900

Who's Selman Graves?

412

00:22:29,900 --> 00:22:30,900

I don't know.

413

00:22:30,900 --> 00:22:32,900

It's a VHS tape.

414

00:22:32,900 --> 00:22:35,900

Look at that, Graves, October 1947.

415

00:22:35,900 --> 00:22:38,900

And this has some lat-longs with it.

416

00:22:38,900 --> 00:22:39,900

Was that his coordinates?

417

00:22:39,900 --> 00:22:41,900

Yeah, these are latitude longitude.

418

00:22:46,900 --> 00:22:50,900

Because what we saw was unusual, I really retain the memory of that.

419

00:22:50,900 --> 00:22:51,900

I recognize him.

420

00:22:51,900 --> 00:22:52,900

Yeah.

421

00:22:52,900 --> 00:22:54,900

That's the guy from the article.

422

00:22:54,900 --> 00:22:55,900

What is it?

423

00:22:55,900 --> 00:22:58,900

Selman Graves, Graves on the video, it's the same person.

424

00:22:58,900 --> 00:23:02,900

We had no idea what we were looking at.

425

00:23:02,900 --> 00:23:05,900

We had arrived there at about 10.30 in the morning.

426

00:23:05,900 --> 00:23:08,900

The object was large, it was approximately 36 feet.

427

00:23:08,900 --> 00:23:15,900

The first thing that we saw was the Air Force sure didn't fly this thing here.

428

00:23:15,900 --> 00:23:25,900

We didn't leave there at about 10.30 at night because there were some other men that came on the scene that detained us with various questions and so forth.

429

00:23:25,900 --> 00:23:29,900

What's he talking about? Is it a UFO crash?

430

00:23:29,900 --> 00:23:35,900

Describe the emulgo in operation that they then came across later.

431

00:23:35,900 --> 00:23:37,900

Is William Rhodes the one behind that camera?

432

00:23:37,900 --> 00:23:38,900

Who knows?

433

00:23:38,900 --> 00:23:39,900

Yeah, I don't know.

434

00:23:39,900 --> 00:23:45,900

There was a state machinery, it wasn't sharp, it was operating the dozer.

435

00:23:45,900 --> 00:23:53,900

He had ground breaking spikes in the back and we would lift the rear of the machine and drag back and forth.

436

00:23:53,900 --> 00:23:59,900

And I said, how long has it been that you've been operating here?

437

00:23:59,900 --> 00:24:01,900

And he said, yeah, it appears.

438

00:24:01,900 --> 00:24:05,900

And I said, well, that's all I had because there's very little nothing that's going on here.

439

00:24:05,900 --> 00:24:08,900

And he laughed and said, yes, you're right.

440

00:24:08,900 --> 00:24:16,900

As the tape rolls on, it's becoming clear to me that this gentleman is describing what he believes to be the cover up of a UFO crash site.

441

00:24:16,900 --> 00:24:17,900

This is unreal.

442

00:24:17,900 --> 00:24:22,900

I thought we were investigating another siding, but this guy is describing actually seeing the object in the dirt

443

00:24:22,900 --> 00:24:26,900

and then coming back and seeing if bulldozer working the exact same site.

444

00:24:26,900 --> 00:24:28,900

Well, I appreciate your time today.

445

00:24:28,900 --> 00:24:30,900

So he's talking about a crash site.

446

00:24:30,900 --> 00:24:32,900

He's talking about a location on this video.

447

00:24:32,900 --> 00:24:35,900

They're actually, we have a lat long, so we have coordinates here.

448

00:24:35,900 --> 00:24:38,900

And these coordinates are related to something in the video.

449

00:24:38,900 --> 00:24:39,900

It's just a matter of what.

450

00:24:39,900 --> 00:24:43,900

I mean, the logical assumption would be reference the crash site that he's talking about.

451

00:24:43,900 --> 00:24:48,900

So it's clear that the man on the videotape believes that he witnessed the cover up of a UFO crash site.

452

00:24:48,900 --> 00:24:51,900

William Rhodes, he was conducting an investigation about the UFOs.

453

00:24:51,900 --> 00:24:53,900

This was a man on a mission.

454

00:24:53,900 --> 00:24:54,900

Can you get those up on your phone?

455

00:24:54,900 --> 00:24:57,900

Now we have these coordinates that are attached to the video.

456

00:24:57,900 --> 00:25:00,900

Now is this where William believes the crash occurred?

457

00:25:00,900 --> 00:25:02,900

Did the man in the video give him coordinates?

458

00:25:02,900 --> 00:25:03,900

We don't know.

459

00:25:03,900 --> 00:25:04,900

These coordinates aren't far.

460

00:25:04,900 --> 00:25:06,900

I mean, they're just right out of town in the desert.

461

00:25:06,900 --> 00:25:10,900

I don't know what's there, but it makes sense for us to go out and see what we can find.

462

00:25:22,900 --> 00:25:29,900

To have these coordinates that are decades old could just be a housing development or like a pile of dirt.

463

00:25:35,900 --> 00:25:41,900

Eight miles outside the city center, Nick and Sarah arrive at an expansive clearing in the desert.

464

00:25:42,900 --> 00:25:43,900

So this is it.

465

00:25:43,900 --> 00:25:46,900

This is where the coordinates have taken us.

466

00:25:46,900 --> 00:25:48,900

Not exactly much here, is there?

467

00:25:48,900 --> 00:25:49,900

Not really.

468

00:25:49,900 --> 00:25:51,900

You want to park and get out and see if we can find anything?

469

00:25:55,900 --> 00:25:56,900

Are you sure this is the right spot?

470

00:25:56,900 --> 00:25:58,900

Right where we're supposed to be.

471

00:25:58,900 --> 00:26:01,900

I just don't understand why we would have coordinates to piece of desert.

472

00:26:03,900 --> 00:26:07,900

I think we should at least do like a lap of the area to see if we can find anything.

473

00:26:07,900 --> 00:26:08,900

Yeah.

474

00:26:14,900 --> 00:26:15,900

I haven't seen anything.

475

00:26:15,900 --> 00:26:21,900

There's absolutely nothing relating to this investigation so far that we can see at these exact coordinates.

476

00:26:21,900 --> 00:26:26,900

Part of me thinks, you know, this was 1947, more than half a century ago.

477

00:26:26,900 --> 00:26:29,900

Should we be that surprised that we're not actually seeing anything?

478

00:26:32,900 --> 00:26:33,900

Hey, Sarah.

479

00:26:33,900 --> 00:26:34,900

Hey.

480

00:26:34,900 --> 00:26:35,900

Come check this out.

481

00:26:42,900 --> 00:26:43,900

Why would there be a fence here?

482

00:26:45,900 --> 00:26:47,900

Let's keep going, Nick.

483

00:26:52,900 --> 00:26:53,900

Look out.

484

00:26:57,900 --> 00:26:58,900

This is an official fence.

485

00:26:58,900 --> 00:27:00,900

This is part of the local government.

486

00:27:01,900 --> 00:27:03,900

So we keep on going, see what's back here.

487

00:27:03,900 --> 00:27:16,900

I think we need to get out here as quickly as possible.

488

00:27:16,900 --> 00:27:17,900

Yeah, let's keep pushing.

489

00:27:20,900 --> 00:27:22,900

Why would there be a fence in the middle of nowhere?

490

00:27:25,900 --> 00:27:26,900

Keep people away from there.

491

00:27:34,900 --> 00:27:35,900

Hey, Sarah.

492

00:27:35,900 --> 00:27:36,900

Hey.

493

00:27:36,900 --> 00:27:37,900

Come check this out.

494

00:27:39,900 --> 00:27:40,900

See what's back here.

495

00:27:41,900 --> 00:27:57,900

As the sun rises, Nick and Sarah are investigating a mysterious UFO sighting above Phoenix, Arizona that occurred on July 7, 1947, around the same time as the infamous Roswell incident.

496

00:27:58,900 --> 00:28:07,900

Here in Phoenix, they have uncovered an eyewitness who claims to have seen officials clearing up debris from a UFO crash at coordinates located in this desert.

497

00:28:07,900 --> 00:28:09,900

Why would there be a fence in the middle of nowhere?

498

00:28:10,900 --> 00:28:11,900

Keep people away from that.

499

00:28:12,900 --> 00:28:13,900

Yeah, look at that.

500

00:28:19,900 --> 00:28:20,900

What the hell is this building?

501

00:28:21,900 --> 00:28:22,900

Yeah, there's another structure up here.

502

00:28:27,900 --> 00:28:29,900

I'm not quite sure what this station is.

503

00:28:29,900 --> 00:28:33,900

We use similar boxes like this on our armories.

504

00:28:33,900 --> 00:28:34,900

It's pretty substantial.

505

00:28:38,900 --> 00:28:41,900

There's another concrete structure which has a door.

506

00:28:41,900 --> 00:28:42,900

You can obviously go inside of it.

507

00:28:42,900 --> 00:28:43,900

There's barbed wire on the door.

508

00:28:43,900 --> 00:28:44,900

There's a door.

509

00:28:44,900 --> 00:28:45,900

There's a door.

510

00:28:45,900 --> 00:28:46,900

There's a door.

511

00:28:46,900 --> 00:28:47,900

There's a door.

512

00:28:47,900 --> 00:28:48,900

There's a door.

513

00:28:48,900 --> 00:28:49,900

There's a door.

514

00:28:49,900 --> 00:28:51,900

There's barbed wire on the top and there's an antenna.

515

00:28:51,900 --> 00:28:53,900

And I can see it's empty.

516

00:28:53,900 --> 00:28:54,900

There's nothing in it.

517

00:28:54,900 --> 00:28:58,900

But whoever constructed it doesn't want anyone from outside going inside.

518

00:29:01,900 --> 00:29:04,900

200 feet down from the building, we got a spillway.

519

00:29:04,900 --> 00:29:07,900

Nick uncovers additional concrete infrastructure.

520

00:29:07,900 --> 00:29:10,900

So it looks like water flow direction is coming from this way.

521

00:29:11,900 --> 00:29:14,900

I mean, this is clearly now a dam.

522

00:29:15,900 --> 00:29:18,900

It's interesting that these coordinates led us to this dam.

523

00:29:18,900 --> 00:29:21,900

I was not expecting to find a dam, especially in the middle of the desert.

524

00:29:22,900 --> 00:29:25,900

So if we want to go the conspiracy theory route, we can go down.

525

00:29:25,900 --> 00:29:27,900

Well, is this some sort of cover up?

526

00:29:27,900 --> 00:29:29,900

Why is everything leading us here?

527

00:29:29,900 --> 00:29:32,900

Is something buried under a dam?

528

00:29:32,900 --> 00:29:34,900

What makes this place so important?

529

00:29:44,900 --> 00:29:49,900

Dreamy draw dam.

530

00:29:49,900 --> 00:29:52,900

Why have all the places, are we here?

531

00:29:52,900 --> 00:29:57,900

Dreamy draw UFO location Phoenix.

532

00:29:57,900 --> 00:29:59,900

Newspaper article.

533

00:29:59,900 --> 00:30:03,900

Local rumor puts dreamy draw at the center of a UFO controversy.

534

00:30:03,900 --> 00:30:05,900

Phoenix residents Selman grave.

535

00:30:05,900 --> 00:30:08,900

He claims a UFO skipped in that area.

536

00:30:08,900 --> 00:30:11,900

That must be the graves on the videotape, right?

537

00:30:11,900 --> 00:30:14,900

We had no idea what we were looking at.

538

00:30:14,900 --> 00:30:20,900

The first thing that we saw was the Air Force sure didn't fly this thing here.

539

00:30:21,900 --> 00:30:24,900

He claims to have witnessed the cleanup of the UFO during that time

540

00:30:24,900 --> 00:30:26,900

in what is now Cave Creek landfill.

541

00:30:27,900 --> 00:30:30,900

Can we see where Cave Creek is in relation to dreamy draw?

542

00:30:30,900 --> 00:30:31,900

Sure.

543

00:30:32,900 --> 00:30:33,900

Right there.

544

00:30:33,900 --> 00:30:34,900

There it is.

545

00:30:35,900 --> 00:30:36,900

All right.

546

00:30:36,900 --> 00:30:38,900

So that article says it came in.

547

00:30:38,900 --> 00:30:39,900

And skipped.

548

00:30:39,900 --> 00:30:41,900

And finishes there.

549

00:30:41,900 --> 00:30:43,900

Here's where Rhodes took the picture.

550

00:30:43,900 --> 00:30:44,900

Here's dreamy draw dam.

551

00:30:44,900 --> 00:30:45,900

Here's Cave Creek landfill.

552

00:30:45,900 --> 00:30:47,900

This is a straight line.

553

00:30:47,900 --> 00:30:49,900

That doesn't strike you as a little odd.

554

00:30:49,900 --> 00:30:54,900

Is it possible that we're looking at a bigger sequence of events here?

555

00:30:54,900 --> 00:30:56,900

William Rhodes photographs an object.

556

00:30:56,900 --> 00:30:59,900

And then we have a sighting of an object touching down at dreamy draw dam

557

00:30:59,900 --> 00:31:02,900

and coming to rest finally at Cave Creek.

558

00:31:02,900 --> 00:31:04,900

The Air Force comes and cleans it up.

559

00:31:04,900 --> 00:31:07,900

And then we have a sighting of an object touching down at dreamy draw dam

560

00:31:07,900 --> 00:31:09,900

and comes and cleans it up.

561

00:31:09,900 --> 00:31:13,900

And then years later, two government structures conveniently pop up

562

00:31:13,900 --> 00:31:16,900

right on top of these locations so that no evidence can be examined.

563

00:31:16,900 --> 00:31:20,900

The investigation in Phoenix turned up some pretty compelling evidence.

564

00:31:20,900 --> 00:31:23,900

Allegiant contact sites in the Arizona desert

565

00:31:23,900 --> 00:31:25,900

buried under two government structures

566

00:31:25,900 --> 00:31:27,900

in an area of the Arizona desert

567

00:31:27,900 --> 00:31:29,900

associated with alleged government cover-ups.

568

00:31:29,900 --> 00:31:32,900

We could be looking at legitimate evidence

569

00:31:32,900 --> 00:31:36,900

of an extraterrestrial UFO in the Arizona desert.

570

00:31:36,900 --> 00:31:38,900

But we have a problem.

571

00:31:38,900 --> 00:31:40,900

It's buried. We can't get to it.

572

00:31:40,900 --> 00:31:46,900

So what we need is to find somewhere that hasn't been covered over.

573

00:31:46,900 --> 00:31:49,900

Evidence of other crashes, of other impacts, other wrecks.

574

00:31:49,900 --> 00:31:50,900

Right. Right.

575

00:31:50,900 --> 00:31:53,900

Let's throw it in LAS and let's take a look.

576

00:31:54,900 --> 00:31:56,900

And let's do it for 25 years.

577

00:31:56,900 --> 00:31:57,900

25 years.

578

00:31:57,900 --> 00:31:59,900

Worldwide.

579

00:31:59,900 --> 00:32:01,900

Worldwide.

580

00:32:03,900 --> 00:32:05,900

Alright, let's see what we get.

581

00:32:07,900 --> 00:32:10,900

489 hits around the entire world.

582

00:32:10,900 --> 00:32:13,900

What's up with the salta, the two top hits?

583

00:32:13,900 --> 00:32:16,900

92% rating on both of those.

584

00:32:16,900 --> 00:32:18,900

Can we pull up this article?

585

00:32:18,900 --> 00:32:22,900

UFO crash bewilders locals.

586

00:32:22,900 --> 00:32:23,900

Look at this.

587

00:32:23,900 --> 00:32:28,900

Multiple witnesses report object plummeting into Argentinian mountain range.

588

00:32:28,900 --> 00:32:30,900

August 17th, 1995.

589

00:32:30,900 --> 00:32:34,900

Metallic, shiny, smooth-shaped object.

590

00:32:34,900 --> 00:32:39,900

Leaving a trail of smoke before crashing and catching fire on a nearby mountain.

591

00:32:39,900 --> 00:32:42,900

Reports from over 300 kilometers away.

592

00:32:43,900 --> 00:32:44,900

That's a long way off.

593

00:32:44,900 --> 00:32:46,900

Where is this location? Salta.

594

00:32:46,900 --> 00:32:47,900

Take a look.

595

00:32:47,900 --> 00:32:50,900

Salta, Argentina.

596

00:32:50,900 --> 00:32:52,900

Alright, so...

597

00:32:52,900 --> 00:32:54,900

This is right on the Chilean border.

598

00:32:54,900 --> 00:32:56,900

Paul and Cowell were just there.

599

00:32:56,900 --> 00:32:59,900

They saw all kinds of UFO activity right on the other side of that border.

600

00:32:59,900 --> 00:33:01,900

This is kind of in the middle of nowhere.

601

00:33:01,900 --> 00:33:04,900

There was a video from that sand crash site.

602

00:33:06,900 --> 00:33:08,900

Look at that. The whole hillside is stripper.

603

00:33:08,900 --> 00:33:10,900

You can see the treeline here.

604

00:33:10,900 --> 00:33:13,900

They wiped every growing thing off the whole side of that mountain.

605

00:33:13,900 --> 00:33:15,900

The scale of it is enormous.

606

00:33:15,900 --> 00:33:21,900

There could be intact debris, chemical signature, something left over from that crash.

607

00:33:21,900 --> 00:33:24,900

Let's send Paul and Cowell and see what they can find.

608

00:33:32,900 --> 00:33:36,900

Alright, so we're going left and around, but then continuing straight.

609

00:33:36,900 --> 00:33:38,900

Wow, this is beautiful. Jesus.

610

00:33:38,900 --> 00:33:42,900

Paul Beben, investigative reporter and Calamale, Green Beret intelligence sergeant,

611

00:33:42,900 --> 00:33:47,900

are in Buenos Aires, Argentina, investigating the crash of an unidentified flying object

612

00:33:47,900 --> 00:33:51,900

in the mountains of Salta on August 17th, 1995.

613

00:33:51,900 --> 00:33:56,900

Got all these eyewitness reports of something crashing in the mountains.

614

00:33:56,900 --> 00:33:58,900

The question is, what happened?

615

00:33:58,900 --> 00:34:03,900

The team is headed to meet with Marta Passe, a journalist who covered the incident.

616

00:34:03,900 --> 00:34:06,900

I reached out to my contacts here in Argentina.

617

00:34:06,900 --> 00:34:10,900

I got in touch with an investigative journalist, one who actually reported on that 95 crash.

618

00:34:10,900 --> 00:34:13,900

Hey Paul, so nice to finally see you in person.

619

00:34:13,900 --> 00:34:18,900

Whatever she knows could be the key to figuring out what really happened up there in Salta.

620

00:34:18,900 --> 00:34:20,900

So how did all this start for you?

621

00:34:20,900 --> 00:34:23,900

At the beginning, I thought it was a joke.

622

00:34:23,900 --> 00:34:28,900

So when she heard about it, they asked her to go and see, go to Salta to see what happened

623

00:34:28,900 --> 00:34:31,900

because there had been UFO sighting.

624

00:34:40,900 --> 00:34:43,900

So I started getting interested and said, okay, I want to go see what's happening.

625

00:34:43,900 --> 00:34:46,900

And what did you see when you got there?

626

00:34:46,900 --> 00:34:47,900

Pasto quemado.

627

00:34:47,900 --> 00:34:53,900

Burnt grass and molten rocks also in the scene, which was very strange.

628

00:34:53,900 --> 00:34:57,900

So I started to ask the people that live in the area what they had seen.

629

00:35:10,900 --> 00:35:12,900

So somebody carted that off?

630

00:35:17,900 --> 00:35:21,900

We knew the story we had to get the first plane.

631

00:35:21,900 --> 00:35:25,900

The same night that we left the Kiosk, it was a horror night

632

00:35:25,900 --> 00:35:30,900

because around 2 in the morning they touched the timbre

633

00:35:30,900 --> 00:35:37,900

and it was Air Force personnel who were asking for the photographic material and the notes.

634

00:35:37,900 --> 00:35:40,900

I didn't have them, I was in the editorial.

635

00:35:47,900 --> 00:35:51,900

And they really intimidated us and we were afraid.

636

00:35:51,900 --> 00:35:55,900

What was the official explanation by authorities given to the public?

637

00:36:07,900 --> 00:36:11,900

I went back to the office and asked if I could go back to Salta or investigate

638

00:36:11,900 --> 00:36:13,900

and they said no to forget about it.

639

00:36:13,900 --> 00:36:16,900

And so I went on with other stories.

640

00:36:17,900 --> 00:36:21,900

The fact that they showed up to her workplace and confiscated all this evidence

641

00:36:21,900 --> 00:36:25,900

and then told her employers to keep her quiet makes me very skeptical that it was just a meteor.

642

00:36:25,900 --> 00:36:27,900

There's something that they're trying to hide here.

643

00:36:27,900 --> 00:36:32,900

There's one person who saw the explosion and they kept that secret because they were kind of frightened

644

00:36:32,900 --> 00:36:36,900

and actually there's been no news about that.

645

00:36:36,900 --> 00:36:41,900

This is a huge lead so we need to link up with this eyewitness and get up there as soon as we can.

646

00:36:41,900 --> 00:36:43,900

This could be a huge break in this case.

647

00:36:43,900 --> 00:36:46,900

And if it was a meteorite we can test for that.

648

00:36:49,900 --> 00:36:51,900

Alright, we're better to go.

649

00:36:51,900 --> 00:36:53,900

This could be the break in this case that we need.

650

00:37:07,900 --> 00:37:08,900

Rick?

651

00:37:08,900 --> 00:37:09,900

Hey, I'm Nick.

652

00:37:09,900 --> 00:37:10,900

Hi, great to meet you.

653

00:37:10,900 --> 00:37:14,900

The team arranges a meeting with Air Force Intelligence agent Rick Doty

654

00:37:14,900 --> 00:37:18,900

who claims he led UFO cover-up campaigns for a decade.

655

00:37:18,900 --> 00:37:21,900

What does the government have to go in by keeping this information secret?

656

00:37:21,900 --> 00:37:25,900

If an incident occurred that the government can't understand,

657

00:37:25,900 --> 00:37:28,900

we're going to do everything we can to disinform because we don't know what it was

658

00:37:28,900 --> 00:37:32,900

and we don't have to tend to making up a story about what they thought it was.

659

00:37:32,900 --> 00:37:35,900

Pretty much just nipping the bud before it gains any steam.

660

00:37:35,900 --> 00:37:42,900

But in actuality, a lot of these sightings that people saw over those years were, in fact, extra-trust them.

661

00:37:42,900 --> 00:37:43,900

We did this.

662

00:37:44,900 --> 00:37:46,900

You've made a career out of disinformation.

663

00:37:46,900 --> 00:37:48,900

How can we trust that you're telling us the truth?

664

00:37:49,900 --> 00:37:50,900

You can't.

665

00:37:50,900 --> 00:37:52,900

But I think that people should know about it.

666

00:37:52,900 --> 00:37:56,900

This is a potential acknowledgement that the US government knows about UFOs.

667

00:37:56,900 --> 00:38:01,900

And by UFOs I mean intelligent life originating from somewhere else.

668

00:38:06,900 --> 00:38:09,900

The US government has been working on this for a long time.

669

00:38:09,900 --> 00:38:13,900

We've been going for hours now, but I'm hoping when we meet Roberto that this is for real, right?

670

00:38:13,900 --> 00:38:17,900

Paul and Kawa are deep in the mountains of Salta, Argentina,

671

00:38:17,900 --> 00:38:23,900

investigating a UFO that reportedly crash-landed in this area on August 17, 1995.

672

00:38:25,900 --> 00:38:28,900

This story is crazy.

673

00:38:28,900 --> 00:38:33,900

A number of people have been told that they were in the same place as the US government.

674

00:38:33,900 --> 00:38:34,900

This is crazy.

675

00:38:34,900 --> 00:38:39,900

A number of people around Salta, Argentina say they saw a UFO go down in the mountains,

676

00:38:39,900 --> 00:38:43,900

followed by the governments reporting the UFOs actually on meteorite.

677

00:38:43,900 --> 00:38:45,900

What really happened up here?

678

00:38:48,900 --> 00:38:54,900

I'm hoping that we'll be able to figure out one way or another whether the official version that this was a meteorite is actually true.

679

00:38:54,900 --> 00:38:55,900

Or is it something else?

680

00:38:55,900 --> 00:38:56,900

Yeah, it's something else completely.

681

00:38:56,900 --> 00:38:58,900

Well, at least we'll be able to get these soil samples.

682

00:38:58,900 --> 00:38:59,900

Right.

683

00:39:00,900 --> 00:39:07,900

Joining them are translator Dario Ameri and geologist from the University of Salta, Jorge Marcuse.

684

00:39:08,900 --> 00:39:13,900

Jorge, so you're going to be able to tell whether this was a meteorite impact or some other object.

685

00:39:24,900 --> 00:39:25,900

That's great.

686

00:39:26,900 --> 00:39:28,900

Must be him.

687

00:39:31,900 --> 00:39:37,900

The team makes contact with Roberto Vignas, a witness who found the location of the crash site.

688

00:39:38,900 --> 00:39:39,900

Dario, come on.

689

00:39:39,900 --> 00:39:40,900

Dario, nice to meet you.

690

00:39:40,900 --> 00:39:41,900

Nice to meet you.

691

00:39:43,900 --> 00:39:45,900

Thank you so much for meeting us up here.

692

00:39:45,900 --> 00:39:48,900

Can you tell us what were you doing that morning? Where were you at?

693

00:39:55,900 --> 00:39:57,900

Just at 9am, we saw a flash.

694

00:40:07,900 --> 00:40:08,900

Fantastic. You can take us there.

695

00:40:08,900 --> 00:40:09,900

Yes, if you don't mind.

696

00:40:09,900 --> 00:40:10,900

Let's do it.

697

00:40:10,900 --> 00:40:11,900

Let's do it.

698

00:40:11,900 --> 00:40:12,900

Great.

699

00:40:15,900 --> 00:40:17,900

So Roberto is our lead.

700

00:40:18,900 --> 00:40:22,900

And I'm just picking up the six and just making sure that no one gets hurt.

701

00:40:23,900 --> 00:40:25,900

Many snakes in these places.

702

00:40:25,900 --> 00:40:26,900

Poisonous?

703

00:40:26,900 --> 00:40:27,900

Yeah.

704

00:40:29,900 --> 00:40:35,900

Roberto leads the team on a five mile trek through the underbrush to the exact location of the crash site.

705

00:40:36,900 --> 00:40:38,900

Starting to open up a little bit.

706

00:40:40,900 --> 00:40:41,900

We're almost there.

707

00:40:44,900 --> 00:40:45,900

Holy s***.

708

00:40:45,900 --> 00:40:46,900

Whoa.

709

00:40:52,900 --> 00:40:54,900

This is the impact area?

710

00:40:54,900 --> 00:40:55,900

Exact, I mean, deep.

711

00:40:58,900 --> 00:41:01,900

It looks black like it's been dead for a long time.

712

00:41:04,900 --> 00:41:06,900

It looks like this place has just been clear cut.

713

00:41:07,900 --> 00:41:08,900

It just doesn't make any sense.

714

00:41:11,900 --> 00:41:12,900

It's just weird.

715

00:41:16,900 --> 00:41:18,900

Next time on Contact.

716

00:41:18,900 --> 00:41:23,900

If this is a crash site of a UFO, I want to hear what they think happened up there.

717

00:41:24,900 --> 00:41:28,900

Foreigners came in four by fours all dressed in black.

718

00:41:28,900 --> 00:41:31,900

Men in black, what were they trying to hide?

719

00:41:32,900 --> 00:41:35,900

If this ring still exists and we can find it.

720

00:41:35,900 --> 00:41:36,900

That's a big deal.

721

00:41:37,900 --> 00:41:38,900

We need to dig down.

722

00:41:38,900 --> 00:41:40,900

Find out exactly what happened to it.

723

00:41:40,900 --> 00:41:44,900

I want to solve the unenergía inesplicable.

724

00:41:44,900 --> 00:41:47,900

That's the longest encounter that we've heard of.

725

00:41:47,900 --> 00:41:50,900

All right, well the moment we waited for it, right?

726

00:41:51,900 --> 00:41:55,900

The samples that we have here could contain proof of contact.
