

1

00:00:00,000 --> 00:00:03,000

We just got this high definition video.

2

00:00:03,000 --> 00:00:06,000

This looks like beautiful landscape to me.

3

00:00:06,000 --> 00:00:07,000

Oh, you see that?

4

00:00:07,000 --> 00:00:08,000

Uh-huh.

5

00:00:08,000 --> 00:00:13,000

Back in 2006, there was an incident involving some kind of UFO.

6

00:00:13,000 --> 00:00:16,000

People would call us about a strange light in the sky.

7

00:00:16,000 --> 00:00:20,000

I don't know what it is, but it's not natural in our world.

8

00:00:20,000 --> 00:00:22,000

That doesn't make any sense.

9

00:00:23,000 --> 00:00:26,000

We need to get the field team on the ground in Brazil.

10

00:00:26,000 --> 00:00:28,000

Yeah, everybody witnessed it.

11

00:00:28,000 --> 00:00:30,000

People got really panicked.

12

00:00:30,000 --> 00:00:31,000

Really?

13

00:00:31,000 --> 00:00:32,000

This is massive.

14

00:00:32,000 --> 00:00:35,000

Having an eyewitness is absolutely critical.

15

00:00:35,000 --> 00:00:36,000

Whoa.

16

00:00:36,000 --> 00:00:38,000

That's insane.

17

00:00:38,000 --> 00:00:41,000

It may well be the best evidence we've ever found.

18

00:00:41,000 --> 00:00:46,000

Somebody saw this big light, but the difference is the victims were animals.

19

00:00:46,000 --> 00:00:47,000

They were humans.

20

00:00:47,000 --> 00:00:48,000

People.

21

00:00:48,000 --> 00:00:49,000

People.

22

00:00:58,000 --> 00:01:04,000

Let's start with the data we have, right?

23

00:01:04,000 --> 00:01:05,000

We have a flight path.

24

00:01:05,000 --> 00:01:07,000

Let's throw it up on a map and take a look.

25

00:01:07,000 --> 00:01:08,000

Good.

26

00:01:08,000 --> 00:01:12,000

CIA veteran Mike Cole and conflict analyst Dr. Michael Livingston

27

00:01:12,000 --> 00:01:15,000

reviewed the findings from their field team in Montana,

28

00:01:15,000 --> 00:01:20,000

where on October 6th, 2006, a former nuclear command post supervisor

29

00:01:20,000 --> 00:01:26,000

and CIA intelligence officer reported a UFO flying over the missile field under his watch,

30

00:01:26,000 --> 00:01:31,000

triggering four independent missile sensory alarms across a 100-mile path.

31

00:01:32,000 --> 00:01:35,000

The thing that fascinates me about this right away is

32

00:01:35,000 --> 00:01:39,000

there are four different sensors going off across 100 miles.

33

00:01:39,000 --> 00:01:44,000

So something external is setting off these individual sensors.

34

00:01:44,000 --> 00:01:46,000

We're getting down to very narrow-range possibilities,

35

00:01:46,000 --> 00:01:48,000

one of which would be an experimental drone,

36

00:01:48,000 --> 00:01:50,000

which is what the government says it is.

37

00:01:50,000 --> 00:01:52,000

The experimental drone story, it doesn't make sense.

38

00:01:52,000 --> 00:01:57,000

The American military or intelligence services would never fly aircraft over this sensitive site,

39

00:01:57,000 --> 00:01:59,000

but let's even put that question aside.

40

00:01:59,000 --> 00:02:01,000

The average speed of a predator drone is what?

41

00:02:01,000 --> 00:02:02,000

100 miles an hour?

42

00:02:02,000 --> 00:02:03,000

150, I think.

43

00:02:03,000 --> 00:02:04,000

Okay.

44

00:02:04,000 --> 00:02:08,000

The most advanced civilian drone moves at 300 miles an hour.

45

00:02:08,000 --> 00:02:10,000

That's not moving at 600 miles an hour.

46

00:02:10,000 --> 00:02:12,000

How do you explain that?

47

00:02:12,000 --> 00:02:13,000

Can we zoom in on this?

48

00:02:13,000 --> 00:02:15,000

All right, let's take a look.

49

00:02:15,000 --> 00:02:16,000

That is a house.

50

00:02:16,000 --> 00:02:17,000

That's a house.

51

00:02:17,000 --> 00:02:21,000

We do have residences close to the presumed flight path we're looking at here.

52

00:02:21,000 --> 00:02:24,000

All right, if we have residences, that means we could have eyewitnesses.

53

00:02:24,000 --> 00:02:28,000

Beyond the very good one we have already at this event.

54

00:02:28,000 --> 00:02:29,000

He sees the sensor data.

55

00:02:29,000 --> 00:02:34,000

Maybe we've got something that's got eyes on whatever the hell is happening here.

56

00:02:34,000 --> 00:02:36,000

Paul and Cal are already in the area.

57

00:02:36,000 --> 00:02:38,000

Let's do a complete ground survey.

58

00:02:38,000 --> 00:02:41,000

Let's knock on all these doors and see if there's anybody who saw something

59

00:02:41,000 --> 00:02:44,000

that could confirm what happened back in 2006.

60

00:02:52,000 --> 00:02:57,000

The northernmost silo is just off to the northeast,

61

00:02:57,000 --> 00:03:01,000

so we're at the very top of the trajectory, right, that Andrew showed us.

62

00:03:01,000 --> 00:03:04,000

We'll just work our way south and see if anybody saw anything.

63

00:03:04,000 --> 00:03:05,000

Yeah.

64

00:03:06,000 --> 00:03:11,000

Investigative reporter Paul Beben and Green Beret intelligence sergeant Kala Malle

65

00:03:11,000 --> 00:03:16,000

retraced the path through rural Montana of a possible UFO that set off alarm sensors

66

00:03:16,000 --> 00:03:19,000

on four nuclear missile silos.

67

00:03:19,000 --> 00:03:21,000

Like that big house?

68

00:03:21,000 --> 00:03:22,000

Yeah, let's try that place.

69

00:03:22,000 --> 00:03:26,000

There is a very clear defined path between these four silos,

70

00:03:26,000 --> 00:03:29,000

and surely there are people who live along this path.

71

00:03:29,000 --> 00:03:33,000

So if something strange did happen back in the fall of 2006,

72

00:03:33,000 --> 00:03:34,000

I don't think anybody's here.

73

00:03:34,000 --> 00:03:37,000

Maybe somebody witnessed it and can tell us what it was.

74

00:03:37,000 --> 00:03:40,000

All right, well, try the next place.

75

00:03:43,000 --> 00:03:44,000

Hmm, no.

76

00:03:44,000 --> 00:03:45,000

Nothing.

77

00:03:45,000 --> 00:03:46,000

Yeah.

78

00:03:46,000 --> 00:03:48,000

It's striking out again here.

79

00:03:48,000 --> 00:03:50,000

Just not a lot of people out here.

80

00:03:50,000 --> 00:03:52,000

We've got a couple of houses over there.

81

00:03:57,000 --> 00:03:58,000

Hi, how are you?

82

00:03:58,000 --> 00:03:59,000

Hi.

83

00:03:59,000 --> 00:04:01,000

All right, it's actually kind of a crazy story.

84

00:04:01,000 --> 00:04:06,000

Something triggered a series of sensors along four missile silos across a hundred mile path.

85

00:04:06,000 --> 00:04:09,000

Seen anything weird or strange?

86

00:04:09,000 --> 00:04:11,000

No, not what I can think of.

87

00:04:11,000 --> 00:04:12,000

Okay.

88

00:04:14,000 --> 00:04:16,000

Have you ever heard of anything like that around here?

89

00:04:16,000 --> 00:04:17,000

Sorry, I don't know anything.

90

00:04:17,000 --> 00:04:18,000

Okay.

91

00:04:18,000 --> 00:04:19,000

Thanks for your time.

92

00:04:21,000 --> 00:04:23,000

We're chatting with a lot of locals,

93

00:04:23,000 --> 00:04:25,000

but no one seems to remember anything out of the ordinary.

94

00:04:25,000 --> 00:04:27,000

But this is just the beginning.

95

00:04:27,000 --> 00:04:31,000

We still have 90 miles to go to see if we can get any answers.

96

00:04:31,000 --> 00:04:33,000

All right, well, we've got a place here.

97

00:04:33,000 --> 00:04:35,000

I'll place somebody's home.

98

00:04:43,000 --> 00:04:44,000

Sorry to bother you.

99

00:04:44,000 --> 00:04:49,000

We're investigating something that happened around here way back in 2006.

100

00:04:49,000 --> 00:04:50,000

It wasn't here then.

101

00:04:50,000 --> 00:04:51,000

All right.

102

00:04:51,000 --> 00:04:53,000

The only ones that would be here would be over there.

103

00:04:53,000 --> 00:04:55,000

Okay, those folks have been here that long?

104

00:04:55,000 --> 00:04:56,000

Yep.

105

00:04:56,000 --> 00:04:58,000

If you just come off this road and go straight up there,

106

00:04:58,000 --> 00:05:00,000

that house you can see, they've lived there forever.

107

00:05:00,000 --> 00:05:01,000

Okay.

108

00:05:03,000 --> 00:05:06,000

We've got a lead now on somebody who may have seen something.

109

00:05:06,000 --> 00:05:08,000

It sounds like it's in the right time frame.

110

00:05:08,000 --> 00:05:11,000

So we've got to track this person down and see what they know.

111

00:05:14,000 --> 00:05:15,000

Okay.

112

00:05:25,000 --> 00:05:26,000

Hey, Doc.

113

00:05:26,000 --> 00:05:30,000

He's got an email from a former colleague of mine from the Intel community.

114

00:05:30,000 --> 00:05:33,000

His specialty is air surveillance.

115

00:05:33,000 --> 00:05:34,000

He might want to see this.

116

00:05:34,000 --> 00:05:36,000

Came across a pretty incredible video.

117

00:05:36,000 --> 00:05:39,000

He came in 2016, but he just got it.

118

00:05:39,000 --> 00:05:43,000

Shot by a guy named Jimmy Chappie, commercial drone operator in Beaver, Utah,

119

00:05:43,000 --> 00:05:47,000

which lies directly between Moab and the Nevada Proving Grounds.

120

00:05:47,000 --> 00:05:51,000

The video itself is head scratching, but he attached it for us.

121

00:05:59,000 --> 00:06:02,000

Yeah, I'm seeing scrub trees, scrub oak.

122

00:06:02,000 --> 00:06:04,000

It looks like beautiful landscape to me.

123

00:06:04,000 --> 00:06:05,000

Yeah, it's gorgeous.

124

00:06:05,000 --> 00:06:08,000

I'm sure your colleagues sent this to you for a reason.

125

00:06:08,000 --> 00:06:09,000

Whoa.

126

00:06:09,000 --> 00:06:10,000

You see that?

127

00:06:10,000 --> 00:06:11,000

Uh-huh.

128

00:06:11,000 --> 00:06:12,000

Scroll back to that if you can.

129

00:06:12,000 --> 00:06:13,000

Friend by friend.

130

00:06:15,000 --> 00:06:16,000

Look at that.

131

00:06:16,000 --> 00:06:17,000

Levels out.

132

00:06:17,000 --> 00:06:19,000

High bank level out.

133

00:06:19,000 --> 00:06:20,000

High speed.

134

00:06:20,000 --> 00:06:22,000

And it's gone.

135

00:06:22,000 --> 00:06:24,000

Could this be CGI?

136

00:06:24,000 --> 00:06:27,000

If it's CGI, it's really good CGI.

137

00:06:27,000 --> 00:06:28,000

Right.

138

00:06:28,000 --> 00:06:31,000

Looking at it in proportion to the trees is pretty small, right?

139

00:06:31,000 --> 00:06:34,000

It doesn't look like it's impacting the ground in any way.

140

00:06:34,000 --> 00:06:35,000

I see no thrust.

141

00:06:35,000 --> 00:06:36,000

I see no plume.

142

00:06:36,000 --> 00:06:38,000

I see no reaction in the foliage beneath it.

143

00:06:38,000 --> 00:06:42,000

Well, except we don't have good distance on this to know exactly how far away this is.

144

00:06:42,000 --> 00:06:44,000

We also don't know the size of it.

145

00:06:44,000 --> 00:06:45,000

But look at it.

146

00:06:45,000 --> 00:06:47,000

It's not further away here, right?

147

00:06:47,000 --> 00:06:49,000

It's clearly moving across.

148

00:06:49,000 --> 00:06:51,000

It's moving that way compared to our lens,

149

00:06:51,000 --> 00:06:53,000

where the lens is flattening everything out.

150

00:06:53,000 --> 00:06:55,000

There's a lot of information we do not have here,

151

00:06:55,000 --> 00:06:59,000

but no sense of propulsion, the white kind of oblong shape

152

00:06:59,000 --> 00:07:01,000

that's looking like the Nimitz report.

153

00:07:02,000 --> 00:07:05,000

The drone captured UFO video bears a striking resemblance

154

00:07:05,000 --> 00:07:08,000

to another case of interest in the investigation.

155

00:07:08,000 --> 00:07:10,000

Oh, what the f*** is that?

156

00:07:10,000 --> 00:07:11,000

Look at that.

157

00:07:11,000 --> 00:07:15,000

The 2004 USS Nimitz Siding, where one of the ship's fighter jets

158

00:07:15,000 --> 00:07:17,000

encountered a strange object in the sky,

159

00:07:17,000 --> 00:07:22,000

logged at an estimated speed of 2400 miles per hour.

160

00:07:22,000 --> 00:07:25,000

If anything biological would have been in that thing,

161

00:07:25,000 --> 00:07:27,000

it would have turned you into mush.

162

00:07:27,000 --> 00:07:29,000

Right, that is very, very strange.

163

00:07:29,000 --> 00:07:32,000

If this is not CGI,

164

00:07:33,000 --> 00:07:35,000

that looks really, really interesting.

165

00:07:35,000 --> 00:07:36,000

Right.

166

00:07:36,000 --> 00:07:38,000

Let's send Nick and Sarah to Utah

167

00:07:38,000 --> 00:07:40,000

to see if they can find this Jimmy Champion.

168

00:07:53,000 --> 00:07:56,000

I'm hopeful that if there is a video,

169

00:07:56,000 --> 00:07:59,000

if it's of good quality and if we can verify it,

170

00:07:59,000 --> 00:08:01,000

then that could be major for this investigation.

171

00:08:01,000 --> 00:08:04,000

Astrophysicist and space journalist Sarah Crutus

172

00:08:04,000 --> 00:08:07,000

and US Marine intelligence officer Nick Carnese

173

00:08:07,000 --> 00:08:09,000

land in Salt Lake City, Utah

174

00:08:09,000 --> 00:08:11,000

and head to the home of James Chappie,

175

00:08:11,000 --> 00:08:15,000

a man who claims he filmed a UFO on his drone camera in 2016.

176

00:08:15,000 --> 00:08:18,000

James Chappie captured this encounter on video.

177

00:08:18,000 --> 00:08:19,000

I mean, this is huge.

178

00:08:19,000 --> 00:08:21,000

We needed to learn the details of what he experienced

179

00:08:21,000 --> 00:08:23,000

and verify the authenticity.

180

00:08:23,000 --> 00:08:26,000

The first thing to do really is just to hear this guy out.

181

00:08:26,000 --> 00:08:27,000

Hear his story.

182

00:08:27,000 --> 00:08:28,000

Hey, James.

183

00:08:28,000 --> 00:08:29,000

Hey, I'm Nick.

184

00:08:29,000 --> 00:08:30,000

Nick, nice to meet you.

185

00:08:30,000 --> 00:08:31,000

Come on in.

186

00:08:31,000 --> 00:08:32,000

Thank you.

187

00:08:32,000 --> 00:08:34,000

You guys want to just have a seat at the kitchen?

188

00:08:34,000 --> 00:08:35,000

Sure.

189

00:08:39,000 --> 00:08:41,000

James, thanks for taking the time to talk with us today.

190

00:08:41,000 --> 00:08:44,000

We were told that you had an interesting encounter

191

00:08:44,000 --> 00:08:47,000

not long ago, and we're just hoping that you could walk us through it

192

00:08:47,000 --> 00:08:49,000

and explain what happened that day.

193

00:08:49,000 --> 00:08:53,000

I was out in Beaver, Utah in October 19, 2016.

194

00:08:53,000 --> 00:08:56,000

Filming a bunch of B-roll for a documentary.

195

00:08:56,000 --> 00:08:57,000

We were done shooting.

196

00:08:57,000 --> 00:08:59,000

I went back to my hotel room.

197

00:08:59,000 --> 00:09:03,000

I dumped all the footage off the cards onto my hard drive.

198

00:09:03,000 --> 00:09:05,000

And as I was dragging through the clips,

199

00:09:05,000 --> 00:09:07,000

I got to this one clip.

200

00:09:07,000 --> 00:09:09,000

And as I was fast-forwarding through it,

201

00:09:09,000 --> 00:09:11,000

I just saw this like weird little blip,

202

00:09:11,000 --> 00:09:13,000

and it was enough to catch my eye.

203

00:09:13,000 --> 00:09:17,000

Just saw this really weird object fly right past the drone

204

00:09:17,000 --> 00:09:20,000

and just kind of smoke it right past us.

205

00:09:20,000 --> 00:09:22,000

It was going at a high rate of speed.

206

00:09:22,000 --> 00:09:23,000

Can we take a look at it?

207

00:09:23,000 --> 00:09:24,000

Yeah.

208

00:09:24,000 --> 00:09:25,000

Great.

209

00:09:25,000 --> 00:09:27,000

We're interested to see.

210

00:09:28,000 --> 00:09:30,000

Let's pull it up real fast.

211

00:09:31,000 --> 00:09:33,000

I'll take you to the clip.

212

00:09:34,000 --> 00:09:35,000

I'll let you watch it from there,

213

00:09:35,000 --> 00:09:38,000

but this is what I ended up seeing.

214

00:09:41,000 --> 00:09:42,000

Whoa.

215

00:09:42,000 --> 00:09:44,000

Yeah, pretty crazy.

216

00:09:44,000 --> 00:09:45,000

It looks like it just is coming down

217

00:09:45,000 --> 00:09:47,000

and it makes a banking turn and it comes right by you.

218

00:09:47,000 --> 00:09:48,000

Right.

219

00:09:48,000 --> 00:09:49,000

Can we rewind that?

220

00:09:49,000 --> 00:09:50,000

Yeah.

221

00:09:50,000 --> 00:09:52,000

It's just literally just a split second though.

222

00:09:52,000 --> 00:09:54,000

It's traveling so fast.

223

00:09:54,000 --> 00:09:56,000

It's just insane, isn't it?

224

00:09:56,000 --> 00:09:58,000

You don't think it's possible that this is an optical illusion?

225

00:09:58,000 --> 00:09:59,000

I don't.

226

00:09:59,000 --> 00:10:00,000

I've seen lens flares.

227

00:10:00,000 --> 00:10:01,000

I've seen birds.

228

00:10:01,000 --> 00:10:02,000

I've seen bugs.

229

00:10:02,000 --> 00:10:03,000

I've seen other drones.

230

00:10:03,000 --> 00:10:04,000

I've seen planes.

231

00:10:04,000 --> 00:10:05,000

I've seen everything.

232

00:10:05,000 --> 00:10:10,000

And to me, like, it was so different.

233

00:10:10,000 --> 00:10:11,000

Is there any chance that this was tampered with

234

00:10:11,000 --> 00:10:12,000

before you reviewed it?

235

00:10:12,000 --> 00:10:13,000

No.

236

00:10:13,000 --> 00:10:15,000

I'm the only one that had access to the car.

237

00:10:15,000 --> 00:10:17,000

I would like to know what it is, you know?

238

00:10:17,000 --> 00:10:20,000

If what I'm looking at is verified to be true,

239

00:10:20,000 --> 00:10:25,000

then this is pretty major.

240

00:10:25,000 --> 00:10:29,000

This is video evidence of something we cannot explain.

241

00:10:29,000 --> 00:10:31,000

And if this video is proved to be legit,

242

00:10:31,000 --> 00:10:34,000

then this is one of the most significant videos

243

00:10:34,000 --> 00:10:36,000

that I've seen in this investigation.

244

00:10:36,000 --> 00:10:40,000

Would we be able to get a copy of this from you?

245

00:10:40,000 --> 00:10:41,000

Sure.

246

00:10:41,000 --> 00:10:42,000

Have it independently verified.

247

00:10:42,000 --> 00:10:43,000

That'd be great.

248

00:10:43,000 --> 00:10:44,000

Do whatever you want.

249

00:10:44,000 --> 00:10:46,000

I'd love to hear the results.

250

00:10:46,000 --> 00:10:49,000

Before we move forward, this needs to be analyzed

251

00:10:49,000 --> 00:10:52,000

by a forensic expert to determine the authenticity.

252

00:10:52,000 --> 00:10:54,000

But if it's real, this could be the greatest recording

253

00:10:54,000 --> 00:10:56,000

of a UFO ever captured.

254

00:11:11,000 --> 00:11:16,000

This video is something which is potentially extraordinary,

255

00:11:16,000 --> 00:11:18,000

but we need to verify that using science.

256

00:11:18,000 --> 00:11:20,000

Yeah, I mean, it's a really compelling video.

257

00:11:20,000 --> 00:11:22,000

So hopefully we can verify it.

258

00:11:22,000 --> 00:11:24,000

Nick and Sarah arrange a meeting

259

00:11:24,000 --> 00:11:27,000

with video forensics expert Michael Primo

260

00:11:27,000 --> 00:11:33,000

to confirm the authenticity of a UFO captured on video in 2016.

261

00:11:33,000 --> 00:11:35,000

Michael, the camera operator James,

262

00:11:35,000 --> 00:11:38,000

he gave us a copy of the video.

263

00:11:38,000 --> 00:11:41,000

Well, let's jump right into the preliminary analysis.

264

00:11:41,000 --> 00:11:43,000

So if this video has been altered in any way,

265

00:11:43,000 --> 00:11:45,000

you're going to be able to determine that.

266

00:11:45,000 --> 00:11:46,000

You're going to be able to detect that.

267

00:11:46,000 --> 00:11:47,000

Is that right?

268

00:11:47,000 --> 00:11:48,000

Yes, with forensic accuracy.

269

00:11:48,000 --> 00:11:50,000

Okay, great.

270

00:11:50,000 --> 00:11:51,000

Yes, we get over this ridge,

271

00:11:51,000 --> 00:11:53,000

it's going to come around and then swoop up past us.

272

00:11:53,000 --> 00:11:55,000

Okay, let's see what we've got.

273

00:11:55,000 --> 00:11:56,000

Oh, wow.

274

00:11:56,000 --> 00:11:58,000

There it is.

275

00:11:58,000 --> 00:12:00,000

Wow.

276

00:12:00,000 --> 00:12:02,000

It's moving at a high rate of speed.

277

00:12:02,000 --> 00:12:04,000

I'm going to go ahead and get a copy of this.

278

00:12:04,000 --> 00:12:05,000

There it is.

279

00:12:05,000 --> 00:12:06,000

Wow.

280

00:12:06,000 --> 00:12:08,000

It's moving at a high rate of speed.

281

00:12:08,000 --> 00:12:12,000

I mean, as we track this frame by frame,

282

00:12:12,000 --> 00:12:15,000

what's interesting is it maintains a general shape.

283

00:12:15,000 --> 00:12:19,000

I would expect to see this a little bit more

284

00:12:19,000 --> 00:12:21,000

block-like or larger.

285

00:12:21,000 --> 00:12:23,000

If someone did manipulate it,

286

00:12:23,000 --> 00:12:25,000

it being a high-definition video,

287

00:12:25,000 --> 00:12:28,000

it would take a high level of sophistication and expertise

288

00:12:28,000 --> 00:12:31,000

to be able to fake this type of motion blurring,

289

00:12:31,000 --> 00:12:32,000

to be able to blend that

290

00:12:32,000 --> 00:12:34,000

and be able to separate that from the clouds.

291

00:12:34,000 --> 00:12:36,000

It would take a lot of work

292

00:12:36,000 --> 00:12:38,000

to be able to fake something like that.

293

00:12:38,000 --> 00:12:42,000

Now that we've had a chance to preliminarily review the video,

294

00:12:42,000 --> 00:12:44,000

we can move on to the next step

295

00:12:44,000 --> 00:12:47,000

and dig deeper into the digital information testing.

296

00:12:47,000 --> 00:12:48,000

Phase two.

297

00:12:48,000 --> 00:12:49,000

Great.

298

00:12:49,000 --> 00:12:51,000

We're going to run the command line code,

299

00:12:51,000 --> 00:12:52,000

so we're going to begin parsing that,

300

00:12:52,000 --> 00:12:55,000

and that's going to spit out each of the individual frames.

301

00:12:55,000 --> 00:12:57,000

Michael runs the video's metadata

302

00:12:57,000 --> 00:12:59,000

through a state-of-the-art software program,

303

00:12:59,000 --> 00:13:02,000

designed to assess if the object is moving in a way

304

00:13:02,000 --> 00:13:04,000

consistent with its surroundings.

305

00:13:04,000 --> 00:13:07,000

We know today's technology can do so much to manipulate video,

306

00:13:07,000 --> 00:13:08,000

so we're not stopping here.

307

00:13:08,000 --> 00:13:10,000

We're going to apply the most advanced software

308

00:13:10,000 --> 00:13:14,000

to really determine if, in fact, this is an unadulterated video.

309

00:13:14,000 --> 00:13:16,000

So it's kind of performing a dissection

310

00:13:16,000 --> 00:13:18,000

or surgically pulling every single frame

311

00:13:18,000 --> 00:13:20,000

and determining how the pixels are behaving.

312

00:13:20,000 --> 00:13:23,000

The software analyzes motion across each frame of video

313

00:13:23,000 --> 00:13:25,000

to create a visual map

314

00:13:25,000 --> 00:13:28,000

that will show any inconsistencies in the object's movement.

315

00:13:28,000 --> 00:13:30,000

Motion vectors are those little arrows.

316

00:13:30,000 --> 00:13:33,000

They're going to tell us what that object is going to do

317

00:13:33,000 --> 00:13:36,000

in the way that it's predicting its next move.

318

00:13:36,000 --> 00:13:39,000

The software assigns vectors, or arrows,

319

00:13:39,000 --> 00:13:43,000

to each pixel's movement and direction per frame of video.

320

00:13:43,000 --> 00:13:47,000

Now, what's interesting to me is that this point

321

00:13:47,000 --> 00:13:50,000

where we can see the object traveling at a high-race speed,

322

00:13:50,000 --> 00:13:52,000

this is essentially the last frame that we can see it,

323

00:13:52,000 --> 00:13:55,000

that object has blurred so far based on how fast it's moving,

324

00:13:55,000 --> 00:13:58,000

and these motion vectors are still predicting

325

00:13:58,000 --> 00:14:00,000

that it's traveling in this direction.

326

00:14:00,000 --> 00:14:02,000

There's a lot of detail in this

327

00:14:02,000 --> 00:14:04,000

that would be difficult to fabricate

328

00:14:04,000 --> 00:14:06,000

and fool the motion vectors into thinking

329

00:14:06,000 --> 00:14:08,000

that it's traveling in this direction.

330

00:14:08,000 --> 00:14:11,000

So if this video was faked, what would you expect to see?

331

00:14:11,000 --> 00:14:13,000

These vectors would be a little more sporadic.

332

00:14:13,000 --> 00:14:15,000

They wouldn't be so accurate.

333

00:14:15,000 --> 00:14:19,000

And I would say the slam dunk is that once the object is visually gone,

334

00:14:19,000 --> 00:14:21,000

there's still a bit of a motion trail.

335

00:14:21,000 --> 00:14:23,000

And can we now rule out the fact

336

00:14:23,000 --> 00:14:25,000

that this could have been doctored?

337

00:14:25,000 --> 00:14:27,000

Based on the testing that I've performed here,

338

00:14:27,000 --> 00:14:31,000

I would be confident in saying that this is an authentic representation

339

00:14:31,000 --> 00:14:33,000

of the events as they occurred.

340

00:14:33,000 --> 00:14:34,000

Wow.

341

00:14:34,000 --> 00:14:37,000

We've now applied multiple tests to this video,

342

00:14:37,000 --> 00:14:40,000

and my call is able to conclude with a high degree of confidence

343

00:14:40,000 --> 00:14:43,000

that this hasn't been altered in any way,

344

00:14:43,000 --> 00:14:45,000

which now leaves the question,

345

00:14:45,000 --> 00:14:48,000

what is it? What are we looking at?

346

00:14:48,000 --> 00:14:50,000

Can we do anything here now

347

00:14:50,000 --> 00:14:52,000

to better understand what is occurring?

348

00:14:52,000 --> 00:14:54,000

Based on where it's coming from,

349

00:14:54,000 --> 00:14:58,000

we can estimate the speed that this object travels.

350

00:14:58,000 --> 00:15:02,000

Based on the time that this object is showing on screen,

351

00:15:02,000 --> 00:15:04,000

we need to get a rough estimate of what this valley is

352

00:15:04,000 --> 00:15:08,000

in a minimum length to generate miles per second.

353

00:15:08,000 --> 00:15:10,000

To determine the object's speed,

354

00:15:10,000 --> 00:15:13,000

the team maps out its perceived distance traveled.

355

00:15:13,000 --> 00:15:16,000

From here to that edge, that is two miles.

356

00:15:16,000 --> 00:15:21,000

And then divides that by the two-second time span the object is visible.

357

00:15:21,000 --> 00:15:24,000

We're looking at, you know, covering a distance of around two miles.

358

00:15:24,000 --> 00:15:27,000

And on screen, it was in the frame for two seconds.

359

00:15:27,000 --> 00:15:30,000

If an object is traveling one mile per second,

360

00:15:30,000 --> 00:15:32,000

that object is traveling 3600 miles an hour.

361

00:15:32,000 --> 00:15:34,000

In layman's terms, that thing is cranking.

362

00:15:34,000 --> 00:15:36,000

The camera barely caught it.

363

00:15:36,000 --> 00:15:37,000

I'm impressed.

364

00:15:37,000 --> 00:15:40,000

This may be one of the most compelling videos of a UFO in existence.

365

00:15:40,000 --> 00:15:43,000

This whole time, I've been thinking of the Nimitz incident

366

00:15:43,000 --> 00:15:44,000

and what Kevin Day described.

367

00:15:44,000 --> 00:15:47,000

It's covering two miles in less than two seconds.

368

00:15:47,000 --> 00:15:50,000

That is faster than any conventional military aircraft that I'm aware of.

369

00:15:50,000 --> 00:15:54,000

Could this be a groundbreaking video of an actual extraterrestrial craft?

370

00:16:07,000 --> 00:16:10,000

Oh, let's not go too close.

371

00:16:10,000 --> 00:16:11,000

Yeah.

372

00:16:11,000 --> 00:16:13,000

All right.

373

00:16:13,000 --> 00:16:19,000

Paul and Carla arrive at the home of someone said to be living in the path of the UFO in 2006,

374

00:16:19,000 --> 00:16:23,000

when it set off sensory alarms at four nuclear silos.

375

00:16:25,000 --> 00:16:26,000

Hey there. Hey.

376

00:16:26,000 --> 00:16:27,000

Hey, sir.

377

00:16:27,000 --> 00:16:28,000

How are you guys?

378

00:16:28,000 --> 00:16:29,000

How are you?

379

00:16:29,000 --> 00:16:30,000

Good. Sorry to roll up on you, unannounced.

380

00:16:30,000 --> 00:16:31,000

My name's Paul.

381

00:16:31,000 --> 00:16:32,000

Paul?

382

00:16:32,000 --> 00:16:33,000

Kawa. Nice to meet you.

383

00:16:33,000 --> 00:16:34,000

Nice to meet you.

384

00:16:34,000 --> 00:16:38,000

So, we're actually out here tracking something strange.

385

00:16:38,000 --> 00:16:44,000

Back in 2006, there was an incident involving really some kind of UFO

386

00:16:44,000 --> 00:16:47,000

that tripped off some nuclear missile sensors.

387

00:16:47,000 --> 00:16:50,000

We're following a certain path that this object took.

388

00:16:50,000 --> 00:16:51,000

Right.

389

00:16:51,000 --> 00:16:55,000

Your farm is on that path, so we were just trying to stop by anybody and talk to anybody

390

00:16:55,000 --> 00:16:57,000

that might know or remember something.

391

00:16:57,000 --> 00:17:03,000

Well, the only thing I remember probably about the time was we had a cow that was amputated.

392

00:17:03,000 --> 00:17:06,000

And this is in fall of 2006.

393

00:17:06,000 --> 00:17:07,000

Yeah.

394

00:17:07,000 --> 00:17:11,000

I was driving around checking the cattle and saw a dead cow in there, so went over and

395

00:17:11,000 --> 00:17:12,000

looked at it.

396

00:17:12,000 --> 00:17:17,000

Right away, you can see somebody cut a piece of their jaw out, and then their reproductive

397

00:17:17,000 --> 00:17:19,000

organs and their udder.

398

00:17:19,000 --> 00:17:21,000

This is totally out of left field.

399

00:17:21,000 --> 00:17:26,000

I mean, we're here to see if someone can remember something strange from the fall of 2006, and

400

00:17:26,000 --> 00:17:28,000

suddenly we're talking about an animal mutilation.

401

00:17:28,000 --> 00:17:32,000

Those cuts were so sharp, the hairs next to it were cut in half.

402

00:17:32,000 --> 00:17:35,000

No butcher, I know, has a knife that sharp.

403

00:17:35,000 --> 00:17:39,000

So, they're definitely knife cuts and not, like, animal bites?

404

00:17:39,000 --> 00:17:41,000

Absolutely not.

405

00:17:41,000 --> 00:17:43,000

Was there anything else that was strange?

406

00:17:43,000 --> 00:17:46,000

There was no blood at all, not a drop of blood anywhere.

407

00:17:46,000 --> 00:17:47,000

Really?

408

00:17:47,000 --> 00:17:48,000

Does this make any sense?

409

00:17:48,000 --> 00:17:51,000

There was no tracks, no vehicle tracks, anything around there.

410

00:17:51,000 --> 00:17:52,000

Wow.

411

00:17:52,000 --> 00:17:54,000

I gotta say, this is like one of the weirdest things I've ever heard.

412

00:17:54,000 --> 00:17:57,000

They can take you up and show you where it was at, the site.

413

00:17:57,000 --> 00:17:59,000

Well, yeah, we'd love to see it.

414

00:17:59,000 --> 00:18:05,000

Not only is this incident right on the trajectory of the tripped missile silos, it happened

415

00:18:05,000 --> 00:18:07,000

same time of year.

416

00:18:07,000 --> 00:18:12,000

So, you have to ask yourself, is this unknown object responsible for the tripped silos and

417

00:18:12,000 --> 00:18:15,000

these mutilations?

418

00:18:15,000 --> 00:18:20,000

Farmer Keith Vanderbos leads the team three miles south to the edge of his ranch where

419

00:18:20,000 --> 00:18:30,000

he found the cow mutilated in the fall of 2006.

420

00:18:30,000 --> 00:18:32,000

So, this is it.

421

00:18:32,000 --> 00:18:35,000

So, this is the spot.

422

00:18:35,000 --> 00:18:41,000

If you can see the second row of trees over there, that's where it happened.

423

00:18:41,000 --> 00:18:44,000

Is there anything else weird about the site?

424

00:18:44,000 --> 00:18:48,000

Well, the only thing weird is, like she'd been dropped, there was an indentation under

425

00:18:48,000 --> 00:18:54,000

her body, probably three, four inches deep, and there was like a 60 foot circle around

426

00:18:54,000 --> 00:18:56,000

her that was hard as concrete.

427

00:18:56,000 --> 00:18:59,000

So, the earth has been altered somehow.

428

00:18:59,000 --> 00:19:02,000

So, something possibly could have been, you know, if we were talking about it.

429

00:19:02,000 --> 00:19:04,000

Exerting some kind of force.

430

00:19:04,000 --> 00:19:07,000

Now, when the investigation happened, who was involved in it?

431

00:19:07,000 --> 00:19:12,000

We just called the county sheriff and they sent a deputy out and he took a few pictures.

432

00:19:12,000 --> 00:19:15,000

So, you guys want to go down to the sheriff's office.

433

00:19:15,000 --> 00:19:17,000

They've got pictures down there.

434

00:19:17,000 --> 00:19:20,000

It's really disturbing, don't you think?

435

00:19:20,000 --> 00:19:27,000

If there is a connection, not only have these things been here, they have actually explored

436

00:19:27,000 --> 00:19:29,000

life on this planet.

437

00:19:29,000 --> 00:19:33,000

There are so many questions here and the answers feel like they might be quite dark.

438

00:19:35,000 --> 00:19:37,000

Coming up.

439

00:19:37,000 --> 00:19:39,000

Now we have the federal government involved.

440

00:19:39,000 --> 00:19:42,000

If it's being repeated around the world, it's on a different level.

441

00:19:42,000 --> 00:19:44,000

It has to be connected.

442

00:19:44,000 --> 00:19:47,000

There was a UFO sighting.

443

00:19:47,000 --> 00:19:49,000

They just don't seem to want to talk.

444

00:19:49,000 --> 00:19:51,000

The question is why.

445

00:19:51,000 --> 00:19:53,000

You're saying people were attacked?

446

00:19:53,000 --> 00:19:54,000

What did you think it was?

447

00:19:54,000 --> 00:19:55,000

He had no idea.

448

00:20:04,000 --> 00:20:10,000

I keep coming back to why this would be happening at all.

449

00:20:10,000 --> 00:20:12,000

It's just so odd.

450

00:20:12,000 --> 00:20:19,000

Following a lead on a 2006 UFO sighting in Great Falls, Montana, investigators Paul Beban and Kawa Male

451

00:20:19,000 --> 00:20:24,000

uncover a pattern, possibly linking UFOs to animal mutilations.

452

00:20:24,000 --> 00:20:29,000

Hi, it's Paul and Kawa for Keith Wolberton and Pete Howard.

453

00:20:29,000 --> 00:20:31,000

Okay, one moment, please.

454

00:20:31,000 --> 00:20:32,000

Thanks.

455

00:20:33,000 --> 00:20:34,000

Thanks man.

456

00:20:34,000 --> 00:20:36,000

Hey, Paul Beban.

457

00:20:36,000 --> 00:20:37,000

Hey Pete, how are you?

458

00:20:37,000 --> 00:20:38,000

Kawa, Keith.

459

00:20:38,000 --> 00:20:39,000

Hey Keith.

460

00:20:39,000 --> 00:20:40,000

Nice to meet you.

461

00:20:40,000 --> 00:20:41,000

Well thanks for making time for us guys.

462

00:20:41,000 --> 00:20:42,000

Thanks so much for having me.

463

00:20:42,000 --> 00:20:47,000

The team meets with recently retired officers Keith Wolberton and Pete Howard, who were

464

00:20:47,000 --> 00:20:50,000

county sheriffs in the region for over 40 years.

465

00:20:50,000 --> 00:20:55,000

With a local rancher who reported this animal mutilation, has no answers as to what or

466

00:20:55,000 --> 00:20:56,000

why this is happening.

467

00:20:56,000 --> 00:21:00,000

So we've got to talk to local law enforcement and try to get to the bottom of what's going

468

00:21:00,000 --> 00:21:01,000

on around here.

469

00:21:01,000 --> 00:21:06,000

We've spoken to a rancher who told us about a really bizarre animal mutilation incident

470

00:21:06,000 --> 00:21:08,000

and they pointed this toward you guys.

471

00:21:08,000 --> 00:21:09,000

What do you know about all this?

472

00:21:09,000 --> 00:21:14,000

People would call us about a strange light in the sky, so we thought, why don't we have

473

00:21:14,000 --> 00:21:16,000

lights associated with the cows?

474

00:21:16,000 --> 00:21:21,000

All we've ever done is go out and patrol at night looking for people and chase lights

475

00:21:21,000 --> 00:21:22,000

at night.

476

00:21:22,000 --> 00:21:24,000

What do you mean chase lights?

477

00:21:24,000 --> 00:21:26,000

UFO sightings and lots of them.

478

00:21:26,000 --> 00:21:33,000

When these animal mutilations started and lights that you refer to as, they start happening

479

00:21:33,000 --> 00:21:34,000

around the same time.

480

00:21:34,000 --> 00:21:39,000

I believe there is a correlation between the lights and the cattle.

481

00:21:39,000 --> 00:21:46,000

We go back 44 years ago, when Keith and I were in law enforcement and doing these investigations.

482

00:21:46,000 --> 00:21:47,000

So today.

483

00:21:47,000 --> 00:21:51,000

You're saying that you've been tracking this for the past 40 years?

484

00:21:51,000 --> 00:21:52,000

Yep.

485

00:21:52,000 --> 00:21:53,000

Exactly.

486

00:21:53,000 --> 00:21:56,000

The five, six, seven were the hot years, if you will.

487

00:21:56,000 --> 00:21:58,000

I recall that specifically.

488

00:21:58,000 --> 00:22:04,000

A rancher had crossed a small stream, had eight or ten head of yearling heifers over there,

489

00:22:04,000 --> 00:22:06,000

and here's one that's down.

490

00:22:06,000 --> 00:22:11,000

So he goes over and looks at it and it's dead so he'd never seen anything like it in his life.

491

00:22:11,000 --> 00:22:14,000

From below the ear down to the lower jaw, that's all gone.

492

00:22:14,000 --> 00:22:16,000

Then part of the ear.

493

00:22:16,000 --> 00:22:19,000

Reproductive organs had been removed.

494

00:22:19,000 --> 00:22:22,000

And the other thing that we saw there wasn't any blood.

495

00:22:22,000 --> 00:22:25,000

Nothing spilled around it or on it.

496

00:22:25,000 --> 00:22:30,000

This sounds like the same thing a rancher who was right on the flight path reported.

497

00:22:30,000 --> 00:22:35,000

Somebody cut a piece of their jaw out and then their reproductive organs and their udder.

498

00:22:35,000 --> 00:22:37,000

So this is not just a one-off.

499

00:22:37,000 --> 00:22:41,000

There have been dozens of cases of these kinds of mutilations over the years.

500

00:22:41,000 --> 00:22:44,000

It's not a wild animal tearing these things apart.

501

00:22:44,000 --> 00:22:45,000

No.

502

00:22:45,000 --> 00:22:51,000

We're always looking for evidence and whatever it was was not capable of making with today's technology.

503

00:22:51,000 --> 00:22:53,000

Meaning what? They were...

504

00:22:53,000 --> 00:22:54,000

Cut. So fine.

505

00:22:54,000 --> 00:22:55,000

So precise and...

506

00:22:55,000 --> 00:22:56,000

Yeah.

507

00:22:56,000 --> 00:23:00,000

Can you put a rough number on how many times this happened?

508

00:23:00,000 --> 00:23:05,000

There may be many hundred calls came into our office regarding this.

509

00:23:05,000 --> 00:23:07,000

And these characteristics were always the same?

510

00:23:07,000 --> 00:23:08,000

Yes.

511

00:23:09,000 --> 00:23:13,000

So it's clearly it's not one sicko doing this for years.

512

00:23:13,000 --> 00:23:16,000

Could be some kind of strange cult?

513

00:23:16,000 --> 00:23:17,000

I don't think so.

514

00:23:17,000 --> 00:23:23,000

For somebody to get on somebody's ranch and call to a group of people, they're going to get detected.

515

00:23:23,000 --> 00:23:24,000

So you never even had a suspect?

516

00:23:24,000 --> 00:23:25,000

No.

517

00:23:25,000 --> 00:23:26,000

No.

518

00:23:26,000 --> 00:23:27,000

Never.

519

00:23:27,000 --> 00:23:28,000

Never.

520

00:23:28,000 --> 00:23:35,000

And you guys have been investigating these incidents for almost 50 years and you still are no closer to an answer?

521

00:23:35,000 --> 00:23:40,000

I don't know what it is, but it's not natural in our world.

522

00:23:43,000 --> 00:23:58,000

So we have all these strange phenomena happening at great speeds.

523

00:23:58,000 --> 00:24:01,000

And it's pointing us to cattle mutilations.

524

00:24:01,000 --> 00:24:06,000

Between Utah and Montana, there is something seriously bizarre going on in this region.

525

00:24:06,000 --> 00:24:08,000

I'm not the only one who thinks this is nuts, right?

526

00:24:08,000 --> 00:24:10,000

Cattle mutilations.

527

00:24:10,000 --> 00:24:18,000

If I have to think of one archetypical conspiracy theory about UFOs that you would discount out of hand, it would be cattle mutilations.

528

00:24:18,000 --> 00:24:24,000

But I promised this team that we would go where the data leads and the data is leading us here.

529

00:24:24,000 --> 00:24:29,000

It seems crazy, but it definitely warrants a deeper look.

530

00:24:29,000 --> 00:24:37,000

Let's at least test out is there some kind of connection between mutilations and UFOs that might shed some other light on this?

531

00:24:37,000 --> 00:24:42,000

Alright, so I'm going to do a search for UFO UAP cattle animal mutilation.

532

00:24:42,000 --> 00:24:46,000

I'm going to do this for a century across the United States.

533

00:24:46,000 --> 00:24:47,000

Okay.

534

00:24:53,000 --> 00:24:57,000

Okay, so this is clearly not just confined to Montana or Utah.

535

00:24:57,000 --> 00:24:59,000

This is everywhere you could find cattle.

536

00:24:59,000 --> 00:25:00,000

Okay, what's this?

537

00:25:00,000 --> 00:25:02,000

95% relevancy for FBI report.

538

00:25:02,000 --> 00:25:04,000

Pulling it up.

539

00:25:04,000 --> 00:25:10,000

Okay, FBI joins investigation of animal mutilations linked to UFOs starting back in 1976.

540

00:25:10,000 --> 00:25:16,000

Over an estimated 1.28 million square mile area stretching from Tennessee to Oregon.

541

00:25:16,000 --> 00:25:21,000

This is the same kind of stuff that we were seeing from our reports in Montana, right?

542

00:25:21,000 --> 00:25:25,000

The blood and certain parts of the animals, usually the reproductive organs, are removed.

543

00:25:25,000 --> 00:25:30,000

The Justice Department authorized the FBI office in Albuquerque to become involved in the investigation.

544

00:25:30,000 --> 00:25:36,000

On the advice of Senator Harrison Schmidt, a Republican from New Mexico, an ex-astronaut and scientist.

545

00:25:36,000 --> 00:25:41,000

The fact that you're getting this degree of fear means this is something they've never seen before.

546

00:25:41,000 --> 00:25:43,000

Right, let's see what else we've uncovered.

547

00:25:43,000 --> 00:25:44,000

Okay, what's this?

548

00:25:44,000 --> 00:25:50,000

We have an FBI report on animal and cattle mutilation linked to UFOs.

549

00:25:50,000 --> 00:25:52,000

Can you scroll down a little?

550

00:25:52,000 --> 00:25:55,000

Alright, so this is a letter from the senator to the FBI.

551

00:25:55,000 --> 00:26:00,000

Over the next several months, my office has been receiving reports of cattle mutilations throughout Colorado and western states.

552

00:26:00,000 --> 00:26:03,000

At least 130 cases in Colorado alone.

553

00:26:03,000 --> 00:26:06,000

The incidents have occurred for the last two years in nine states.

554

00:26:06,000 --> 00:26:08,000

Must be taken seriously.

555

00:26:08,000 --> 00:26:09,000

Floyd K. Haskell.

556

00:26:09,000 --> 00:26:13,000

This is a different senator to the second U.S. senator.

557

00:26:13,000 --> 00:26:14,000

1979.

558

00:26:14,000 --> 00:26:15,000

Griffin B. Bell.

559

00:26:15,000 --> 00:26:17,000

This is an FBI employee.

560

00:26:17,000 --> 00:26:24,000

The material sent me indicate the existence of one of the strangest phenomenons in my memory.

561

00:26:24,000 --> 00:26:32,000

Now we have cattle mutilations, attacks which have been linked to UFOs, not just in Montana, but across the entire United States.

562

00:26:32,000 --> 00:26:35,000

And it's not just a local concern.

563

00:26:35,000 --> 00:26:37,000

We have state agencies.

564

00:26:37,000 --> 00:26:44,000

We have senators rattled enough to plead with the Department of Justice and get the FBI involved.

565

00:26:44,000 --> 00:26:46,000

And the FBI does get involved.

566

00:26:46,000 --> 00:26:47,000

Yeah.

567

00:26:47,000 --> 00:26:49,000

What is going on here?

568

00:26:54,000 --> 00:27:01,000

We have cattle mutilations, attacks which have been linked to UFOs, but across the entire United States.

569

00:27:01,000 --> 00:27:04,000

And it's not just a local concern.

570

00:27:04,000 --> 00:27:06,000

Now we have the federal government involved.

571

00:27:06,000 --> 00:27:08,000

What is going on here?

572

00:27:08,000 --> 00:27:18,000

Mike Cole and Dr. Livingston uncover case files from an FBI investigation of UFO related cattle mutilations that remains unsolved.

573

00:27:18,000 --> 00:27:23,000

People are clearly really freaked out about this connection between this and UFO sightings.

574

00:27:23,000 --> 00:27:25,000

And we have an investigation open.

575

00:27:25,000 --> 00:27:27,000

What else do we have?

576

00:27:27,000 --> 00:27:32,000

Mutilations have also been reported outside the United States in the UK, Canada and South America.

577

00:27:32,000 --> 00:27:35,000

Is that potentially mean this is a bigger phenomenon than just the United States?

578

00:27:35,000 --> 00:27:39,000

Let's see if there is something bigger at work here that crosses the globe.

579

00:27:39,000 --> 00:27:41,000

Let's do it.

580

00:27:41,000 --> 00:27:43,000

The team expands the scope of the investigation.

581

00:27:43,000 --> 00:27:45,000

This is not confined to the United States.

582

00:27:45,000 --> 00:27:48,000

This is a map of a global phenomenon, clearly.

583

00:27:48,000 --> 00:27:50,000

Absolutely.

584

00:27:50,000 --> 00:27:52,000

What's this first one?

585

00:27:52,000 --> 00:27:54,000

More animals mutilated at local shelter?

586

00:27:54,000 --> 00:27:56,000

I don't know.

587

00:27:56,000 --> 00:27:58,000

I don't know.

588

00:27:58,000 --> 00:28:00,000

I don't know.

589

00:28:00,000 --> 00:28:02,000

I don't know.

590

00:28:02,000 --> 00:28:04,000

I don't know.

591

00:28:04,000 --> 00:28:06,000

I don't know.

592

00:28:06,000 --> 00:28:08,000

I don't know.

593

00:28:08,000 --> 00:28:10,000

I don't know.

594

00:28:10,000 --> 00:28:13,000

Is this mutilated at local shelter?

595

00:28:13,000 --> 00:28:20,000

An animal shelter of rural Parwebe endured another vicious attack of one of its animals yesterday.

596

00:28:20,000 --> 00:28:23,000

Four animals are killed mysteriously overnight.

597

00:28:23,000 --> 00:28:29,000

Locals are attributing the attack to another strange event, an unidentified flying object that they can't explain.

598

00:28:29,000 --> 00:28:35,000

And they have the same type of wounds, two deep holes in the neck, genitals removed and the blood entirely drained.

599

00:28:35,000 --> 00:28:39,000

This article is describing exactly what we saw in Montana.

600

00:28:40,000 --> 00:28:49,000

Multiple witnesses call the police, report seeing a UFO moving at an incredible rate of speed before touching down 100 meters from the town.

601

00:28:49,000 --> 00:28:57,000

This is a perfect opportunity for us to get a field team on the ground in Parwebe to see what it is that they found.

602

00:28:57,000 --> 00:28:59,000

I really want to send Nick and Paul.

603

00:28:59,000 --> 00:29:03,000

Nick's a Marine Intelligence Officer with experience interviewing witnesses in harsh environments.

604

00:29:03,000 --> 00:29:08,000

Paul's an investigative journalist with experience getting to the bottom of tough stories.

605

00:29:08,000 --> 00:29:13,000

Let's put both of them together as a field team and get them on the ground in Parwebe and see what they can find.

606

00:29:13,000 --> 00:29:39,000

If it turns out that this pattern of animal mutilations is not just some isolated incident that can be explained by local circumstances, right?

607

00:29:39,000 --> 00:29:45,000

If it's being repeated around the world, it's on a different level.

608

00:29:45,000 --> 00:29:56,000

US Marine Intelligence Officer Nick Carnese and investigative reporter Paul Beben are on the ground

in Parwebe, Brazil investigating UFO sightings in the area.

609

00:29:56,000 --> 00:30:02,000

We need more details about what happened here. So yeah, hopefully we'll see some good eyewitness descriptions.

610

00:30:02,000 --> 00:30:13,000

With their translator Eduardo Braga, the team meets with Marco Leal, a local journalist who's familiar with the case.

611

00:30:13,000 --> 00:30:23,000

Animal attacks in the town of Pedro Ibe have striking similarities to the animal mutilations we're investigating in the States.

612

00:30:23,000 --> 00:30:29,000

Marco, we're following up on this pattern of animal attacks that correlate with UFO sightings.

613

00:30:29,000 --> 00:30:34,000

We first saw them in the US. What do you know about what happened in Parwebe back in 2008?

614

00:30:34,000 --> 00:30:42,000

There was a UFO sighting. Somebody saw this big light on top of the grass.

615

00:30:42,000 --> 00:30:50,000

The following day the grass was kind of laid down and the tips were burned. This is what happened to the grass.

616

00:30:50,000 --> 00:30:55,000

Oh wow, look at that. Okay, so you get a guy for scale. That's really big.

617

00:30:55,000 --> 00:31:03,000

The fact that there are UFO sightings so close to where these animal mutilations occurred and within such a small time window, it has to be connected.

618

00:31:03,000 --> 00:31:14,000

Nick, there were four animals that were attacked strangely. It was a specific hole that removed blood and lead.

619

00:31:14,000 --> 00:31:17,000

I can show you. I brought some pictures here.

620

00:31:17,000 --> 00:31:19,000

He has some pictures.

621

00:31:20,000 --> 00:31:25,000

This was one of the holes that was made.

622

00:31:25,000 --> 00:31:26,000

That's the puncture wound.

623

00:31:26,000 --> 00:31:28,000

That's one of the puncture wounds.

624

00:31:28,000 --> 00:31:29,000

Wow.

625

00:31:29,000 --> 00:31:34,000

The owner called veterinarians and biologists to try to find out what it was.

626

00:31:34,000 --> 00:31:40,000

They can tell that there's some intelligence involved. It couldn't have been just an animal biting things off.

627

00:31:40,000 --> 00:31:42,000

An animal attack would be a bloody mess.

628

00:31:42,000 --> 00:31:52,000

And also, when the whole thing happened, there was like complete silence. No dogs were barking, no noise that could warn people that this was happening.

629

00:31:52,000 --> 00:31:53,000

So this is really weird.

630

00:31:53,000 --> 00:32:00,000

The animals in Peru Ibe are showing evidence of the same kind of attacks like what we saw in Montana.

631

00:32:00,000 --> 00:32:06,000

And you have to ask yourself, was the same thing responsible for these injuries?

632

00:32:06,000 --> 00:32:10,000

Has anything else like this ever happened in Brazil? I mean, anything else that you know about?

633

00:32:10,000 --> 00:32:17,000

In 1977, where the victims were no longer animals and were attacked by humans.

634

00:32:34,000 --> 00:32:38,000

Investigate and talk to the victims who were attacked by this light.

635

00:32:40,000 --> 00:32:43,000

You can probably find some victims that are still alive.

636

00:32:43,000 --> 00:32:44,000

Survivors.

637

00:32:44,000 --> 00:32:45,000

Survivors, yes.

638

00:32:45,000 --> 00:32:54,000

The fact that we're now talking about a UFO encounter that involves human beings, people as victims, not animals, this is massive.

639

00:32:54,000 --> 00:32:57,000

You can say that you're going to be surprised by this.

640

00:32:57,000 --> 00:32:59,000

Okay, he seems pretty confident.

641

00:33:03,000 --> 00:33:08,000

Alright, I pulled up Kalaris and there are some hits here. I mean, as crazy as this story sounds.

642

00:33:08,000 --> 00:33:09,000

Really?

643

00:33:09,000 --> 00:33:14,000

There's some stuff coming up. In 1977, we're visited by flying objects of an unknown nature.

644

00:33:14,000 --> 00:33:20,000

There's some bits and pieces here, but somehow that didn't go international. I just, I don't, I don't know what to make of it.

645

00:33:20,000 --> 00:33:25,000

Let me see where this place is. It's an island. It's an island in the Amazon.

646

00:33:25,000 --> 00:33:26,000

Oh, wow.

647

00:33:26,000 --> 00:33:29,000

There are no major roads. I can't even see a road going in there.

648

00:33:29,000 --> 00:33:30,000

So it's completely isolated.

649

00:33:30,000 --> 00:33:36,000

So I mean, I'm not even seeing any real bridges crossing the river that's separating it from the mainland.

650

00:33:36,000 --> 00:33:41,000

I mean, this place is still isolated now. Imagine what it was like 40 years ago.

651

00:33:41,000 --> 00:33:44,000

I mean, this is the middle of nowhere in the Amazon.

652

00:33:44,000 --> 00:33:52,000

I mean, if there's, if there's any truth to any of this, this is going to be something that I would think people are still talking about, still vivid for them today.

653

00:33:52,000 --> 00:33:53,000

Uh-huh, right.

654

00:33:53,000 --> 00:33:56,000

Having an eyewitness is absolutely critical.

655

00:33:56,000 --> 00:34:01,000

I want to hear from eyewitnesses and survivors of this incident. This could be huge.

656

00:34:07,000 --> 00:34:09,000

Everyone, be sure to check out our website.

657

00:34:13,000 --> 00:34:17,000

People on Facebook say they're going to storm Area 51 next month.

658

00:34:17,000 --> 00:34:22,000

Area 51 is a highly classified testing site for experimental aircraft and weaponry.

659

00:34:22,000 --> 00:34:24,000

It's one of the most secretive places on the planet.

660

00:34:24,000 --> 00:34:25,000

The security is tight.

661

00:34:25,000 --> 00:34:29,000

Warning signs declare deadly force is authorized.

662

00:34:29,000 --> 00:34:33,000

The US government didn't even acknowledge it existed until 2013.

663

00:34:33,000 --> 00:34:36,000

They're testing advanced military technology out there.

664

00:34:36,000 --> 00:34:38,000

But could there be more going on?

665

00:34:38,000 --> 00:34:41,000

There's definitely some serious secrets being kept behind those doors.

666

00:34:42,000 --> 00:34:45,000

As an Army Green Beret and someone who holds the top secret clearance,

667

00:34:45,000 --> 00:34:48,000

I definitely understand why the government keeps its secrets.

668

00:34:48,000 --> 00:34:50,000

But as a civilian, I want to know the answers.

669

00:34:50,000 --> 00:34:53,000

Have we made contact with extraterrestrials?

670

00:34:53,000 --> 00:34:56,000

Is there alien technology at Area 51?

671

00:34:56,000 --> 00:34:59,000

The U.S. Air Force is warning more than one million people

672

00:34:59,000 --> 00:35:02,000

not to try and raid Area 51.

673

00:35:02,000 --> 00:35:05,000

No matter how badly people want to get in there and get the answers,

674

00:35:05,000 --> 00:35:07,000

they're not going to get in.

675

00:35:07,000 --> 00:35:09,000

We're going to have to get the answers ourselves.

676

00:35:18,000 --> 00:35:20,000

There's nothing out here.

677

00:35:20,000 --> 00:35:22,000

Looks like we're coming up to the river.

678

00:35:23,000 --> 00:35:25,000

There we go.

679

00:35:25,000 --> 00:35:28,000

Nick and Paul arrive at the edge of the Amazon River,

680

00:35:28,000 --> 00:35:31,000

separating mainland Brazil from the island of Calars.

681

00:35:31,000 --> 00:35:35,000

The site of an alleged UFO attack on humans in 1977.

682

00:35:36,000 --> 00:35:38,000

This is all very remote.

683

00:35:38,000 --> 00:35:41,000

If something ever happened out here, outside world,

684

00:35:41,000 --> 00:35:43,000

it's not really going to hear about it.

685

00:35:43,000 --> 00:35:46,000

We came to Brazil investigating unexplained animal mutilations

686

00:35:46,000 --> 00:35:48,000

in conjunction with UFO sightings.

687

00:35:48,000 --> 00:35:51,000

Now we're hearing reports that humans might have been attacked.

688

00:35:51,000 --> 00:35:54,000

If the witnesses or victims are still alive, we need to locate them.

689

00:35:55,000 --> 00:35:59,000

And in a town like this, the best place to start is talking with the locals.

690

00:36:00,000 --> 00:36:05,000

I wanted to ask you if you have a second about strange things that happened here in Calars

691

00:36:05,000 --> 00:36:07,000

back in the 70s.

692

00:36:07,000 --> 00:36:09,000

He knows nothing about it and he's late for work.

693

00:36:10,000 --> 00:36:11,000

Okay.

694

00:36:11,000 --> 00:36:13,000

He didn't seem to want to talk about it.

695

00:36:13,000 --> 00:36:14,000

Yeah.

696

00:36:14,000 --> 00:36:15,000

Alright.

697

00:36:15,000 --> 00:36:16,000

Interesting.

698

00:36:17,000 --> 00:36:19,000

He doesn't want to talk about it.

699

00:36:19,000 --> 00:36:20,000

No.

700

00:36:20,000 --> 00:36:21,000

Something happened.

701

00:36:21,000 --> 00:36:24,000

I can tell from people's reactions, but they just don't seem to want to talk.

702

00:36:24,000 --> 00:36:26,000

The question is why?

703

00:36:26,000 --> 00:36:30,000

I don't know if it's fear or just discomfort about what happened.

704

00:36:31,000 --> 00:36:33,000

It's kind of closing their doors when they see us.

705

00:36:33,000 --> 00:36:35,000

But that makes me want to know even more.

706

00:36:35,000 --> 00:36:36,000

What really happened here?

707

00:36:36,000 --> 00:36:38,000

Why are these people so wary?

708

00:36:38,000 --> 00:36:39,000

We're curious.

709

00:36:39,000 --> 00:36:42,000

Do you know anything about what happened here in Calars back in the 70s?

710

00:36:42,000 --> 00:36:43,000

Okay.

711

00:36:43,000 --> 00:36:45,000

He's saying that there's this guy, Newton.

712

00:36:45,000 --> 00:36:46,000

He was attacked.

713

00:36:46,000 --> 00:36:49,000

So this is probably the guy you should look for.

714

00:36:49,000 --> 00:36:50,000

Newton.

715

00:36:50,000 --> 00:36:51,000

Yeah.

716

00:36:51,000 --> 00:36:52,000

Okay.

717

00:36:52,000 --> 00:36:53,000

Does he know where he lives?

718

00:36:53,000 --> 00:36:54,000

He does.

719

00:36:54,000 --> 00:36:55,000

Here's the other side of the city.

720

00:36:55,000 --> 00:36:56,000

Thank you.

721

00:36:58,000 --> 00:37:02,000

So far, it's only been fringe reporting, some second, third-hand accounts,

722

00:37:02,000 --> 00:37:03,000

but now we have an eyewitness.

723

00:37:03,000 --> 00:37:04,000

We have his address.

724

00:37:04,000 --> 00:37:05,000

We're going to go talk to him.

725

00:37:05,000 --> 00:37:09,000

And this is of huge importance because up until this point, it's all been hearsay.

726

00:37:09,000 --> 00:37:12,000

Now we have someone who's actually there on the ground while it happened.

727

00:37:13,000 --> 00:37:16,000

I really want to know what went down.

728

00:37:16,000 --> 00:37:20,000

The key obviously is going to be to get this guy to open up to us.

729

00:37:20,000 --> 00:37:21,000

Yeah.

730

00:37:21,000 --> 00:37:22,000

Oh yeah.

731

00:37:22,000 --> 00:37:24,000

Looks like he's right there.

732

00:37:26,000 --> 00:37:27,000

All right.

733

00:37:33,000 --> 00:37:35,000

Is there someone right there?

734

00:37:36,000 --> 00:37:38,000

Who are the stars here?

735

00:37:38,000 --> 00:37:43,000

Sir, we heard about a very strange incident here in Calars back in the 1970s,

736

00:37:43,000 --> 00:37:45,000

and we heard that you were involved.

737

00:37:45,000 --> 00:37:47,000

Could you tell us about what happened?

738

00:37:47,000 --> 00:37:51,000

He's investigating an incident that happened here in 1977.

739

00:37:51,000 --> 00:37:53,000

I think the sir was involved too.

740

00:37:54,000 --> 00:37:56,000

He's a little hesitant.

741

00:37:56,000 --> 00:37:58,000

We were very interested in your story.

742

00:37:58,000 --> 00:38:00,000

I know we showed up a bit unannounced on you.

743

00:38:00,000 --> 00:38:01,000

I'm going to tell you.

744

00:38:01,000 --> 00:38:02,000

Okay.

745

00:38:02,000 --> 00:38:03,000

He's okay to tell us.

746

00:38:03,000 --> 00:38:04,000

Yeah, he says he's okay.

747

00:38:04,000 --> 00:38:06,000

He's a little hesitant, but yeah.

748

00:38:06,000 --> 00:38:07,000

Okay, great.

749

00:38:07,000 --> 00:38:08,000

Okay.

750

00:38:13,000 --> 00:38:20,000

We've heard a lot about a really, frankly, bizarre incident back in 1977.

751

00:38:20,000 --> 00:38:21,000

What happened?

752

00:38:21,000 --> 00:38:22,000

Take it from the beginning.

753

00:38:27,000 --> 00:38:29,000

He went out to fish one night.

754

00:38:29,000 --> 00:38:33,000

He came back from fishing to this house, and he was sleeping.

755

00:38:33,000 --> 00:38:35,000

It was around 1 a.m.

756

00:38:35,000 --> 00:38:39,000

And he woke up and he saw the light aiming to his leg.

757

00:38:39,000 --> 00:38:40,000

Really?

758

00:38:41,000 --> 00:38:44,000

And he felt three stings here.

759

00:38:45,000 --> 00:38:47,000

What did you do when you felt it?

760

00:38:47,000 --> 00:38:50,000

First, he wasn't able to move or to react.

761

00:38:50,000 --> 00:38:51,000

He was paralyzed.

762

00:38:51,000 --> 00:38:56,000

15 minutes later, he started crying for help, and he yelled to his girlfriend,

763

00:38:56,000 --> 00:38:57,000

what happened?

764

00:38:57,000 --> 00:38:58,000

What happened?

765

00:38:58,000 --> 00:38:59,000

The lights just disappeared.

766

00:38:59,000 --> 00:39:04,000

And she said you were attacked by an object in the sky that sent down a beam of light.

767

00:39:05,000 --> 00:39:10,000

Can you tell us more about what you saw in terms of the lights?

768

00:39:13,000 --> 00:39:16,000

They always came from the same direction, from a beach,

769

00:39:16,000 --> 00:39:18,000

and then they kept circling around town.

770

00:39:18,000 --> 00:39:21,000

And it was really fast, but it happened many times at night.

771

00:39:21,000 --> 00:39:22,000

What did you think it was?

772

00:39:22,000 --> 00:39:24,000

What did you think was happening?

773

00:39:24,000 --> 00:39:25,000

I don't know.

774

00:39:26,000 --> 00:39:27,000

He had no idea.

775

00:39:27,000 --> 00:39:30,000

The UFO attacks began that night.

776

00:39:31,000 --> 00:39:32,000

How long did it last?

777

00:39:32,000 --> 00:39:33,000

Did it continue?

778

00:39:33,000 --> 00:39:37,000

The UFOs were spotted six months after he was attacked.

779

00:39:37,000 --> 00:39:38,000

Oh, wow.

780

00:39:38,000 --> 00:39:40,000

There were dozens of victims at the time.

781

00:39:40,000 --> 00:39:41,000

He was one of many.

782

00:39:41,000 --> 00:39:43,000

We thought it was just one more night.

783

00:39:43,000 --> 00:39:48,000

Every night around six or seven p.m., the lights would attack.

784

00:39:49,000 --> 00:39:50,000

Every night?

785

00:39:50,000 --> 00:39:51,000

Every night.

786

00:39:51,000 --> 00:39:53,000

So everybody was really, like, panicked.

787

00:39:53,000 --> 00:39:57,000

They would take their guns and they would try shooting at the lights.

788

00:39:57,000 --> 00:40:00,000

They didn't know what to do because they didn't know what they were up against.

789

00:40:01,000 --> 00:40:05,000

The doctor, she gave her a job here in Colares.

790

00:40:05,000 --> 00:40:06,000

She worked here.

791

00:40:06,000 --> 00:40:07,000

She admitted it.

792

00:40:07,000 --> 00:40:09,000

But many people didn't go.

793

00:40:09,000 --> 00:40:11,000

I'm reminded that she sent me to Lassa.

794

00:40:12,000 --> 00:40:16,000

There was one doctor here who saw all the victims of these attacks.

795

00:40:16,000 --> 00:40:17,000

Yeah.

796

00:40:17,000 --> 00:40:20,000

Something terrifying and totally unknown happened.

797

00:40:20,000 --> 00:40:25,000

The question is, was it actually a UFO that was shining a beam of light on him

798

00:40:25,000 --> 00:40:26,000

and other people in the town?

799

00:40:26,000 --> 00:40:29,000

Or was it something much more explainable?

800

00:40:29,000 --> 00:40:33,000

Did the attacks, did they just end all of a sudden and the lights were gone?

801

00:40:33,000 --> 00:40:36,000

He says it stopped when the military came.

802

00:40:37,000 --> 00:40:38,000

Really?

803

00:40:38,000 --> 00:40:40,000

Wait, so the military showed up?

804

00:40:40,000 --> 00:40:41,000

Yes.

805

00:40:41,000 --> 00:40:46,000

He says that the army has it all registered and then they know exactly what happened

806

00:40:46,000 --> 00:40:48,000

but they keep it to themselves.

807

00:40:48,000 --> 00:40:50,000

They called it Operation Plate.

808

00:40:51,000 --> 00:40:54,000

The deeper we get into this story, the crazier it gets.

809

00:40:54,000 --> 00:40:56,000

Now we have the Brazilian military involved.

810

00:40:56,000 --> 00:40:58,000

What was going on out there?

811

00:40:58,000 --> 00:41:02,000

Was the military there to protect these people or to hide something from them?

812

00:41:06,000 --> 00:41:09,000

Next time on the Contacts Season finale.

813

00:41:10,000 --> 00:41:13,000

The military shows up, takes over the whole island.

814

00:41:13,000 --> 00:41:15,000

What was Operation Plate?

815

00:41:15,000 --> 00:41:20,000

Robert Bigelow bought all of the files of this incident from the Brazilian government.

816

00:41:20,000 --> 00:41:21,000

We know that name.

817

00:41:21,000 --> 00:41:24,000

Why is Robert Bigelow a contractor to NASA?

818

00:41:24,000 --> 00:41:28,000

And they're buying up highly classified, cholera files.

819

00:41:28,000 --> 00:41:31,000

If Bigelow can get these files, so can we.

820

00:41:32,000 --> 00:41:34,000

Eastside dive deep into the water.

821

00:41:34,000 --> 00:41:35,000

Really?

822

00:41:36,000 --> 00:41:40,000

The UFOs haven't been just over the land, they've been going in and out of the water.

823

00:41:40,000 --> 00:41:42,000

This is much bigger than we ever thought it was.

824

00:41:43,000 --> 00:41:49,000

Strange objects lurking in the oceans, emitting strange sounds, able to move at gigantic speeds.

825

00:41:49,000 --> 00:41:51,000

Nobody has capabilities like that.

826

00:41:51,000 --> 00:41:54,000

Our nations, our governments are very concerned.

827

00:41:54,000 --> 00:41:55,000

And we should be as well.
