

# DENVER MICHAELS

EP #002

DEN OF LORE

1  
00:00:11,270 --> 00:00:08,930  
ladies and gentlemen welcome back to the

2  
00:00:12,350 --> 00:00:11,280  
den of lore I'm just gonna adjust my

3  
00:00:14,629 --> 00:00:12,360  
camera here

4  
00:00:17,450 --> 00:00:14,639  
because there we go yes it is a bottle

5  
00:00:18,710 --> 00:00:17,460  
of lagovolin 16.

6  
00:00:21,050 --> 00:00:18,720  
um it's a special occasion because I've

7  
00:00:23,990 --> 00:00:21,060  
got a special Gentleman on the show but

8  
00:00:25,970 --> 00:00:24,000  
first before we begin uh to whomever

9  
00:00:29,029 --> 00:00:25,980  
needs to read this let me tell you a

10  
00:00:32,569 --> 00:00:29,039  
story about the amazing creatures that

11  
00:00:35,990 --> 00:00:32,579  
once roamed the Earth dinosaurs mammoths

12  
00:00:38,150 --> 00:00:36,000  
and other Giants of folklore were once

13  
00:00:40,190 --> 00:00:38,160

rulers of the planet

14

00:00:43,010 --> 00:00:40,200

these Majestic beasts had everything

15

00:00:47,510 --> 00:00:43,020

going for them but still they couldn't

16

00:00:51,709 --> 00:00:47,520

stand the test of time they perished why

17

00:00:53,450 --> 00:00:51,719

you ask because they couldn't adapt

18

00:00:54,170 --> 00:00:53,460

to the changing circumstances of the

19

00:00:56,029 --> 00:00:54,180

world

20

00:00:58,069 --> 00:00:56,039

they refused to learn

21

00:01:00,529 --> 00:00:58,079

refuse to change

22

00:01:02,029 --> 00:01:00,539

and refused to evolve so if you're

23

00:01:04,130 --> 00:01:02,039

feeling stuck in life

24

00:01:06,410 --> 00:01:04,140

learn from these creatures learn to

25

00:01:09,289 --> 00:01:06,420

adapt to change

26

00:01:11,750 --> 00:01:09,299

to evolve don't be like them don't let

27

00:01:15,109 --> 00:01:11,760

the changing world around you get the

28

00:01:16,609 --> 00:01:15,119

better of you persevere learn grow

29

00:01:20,390 --> 00:01:16,619

remember

30

00:01:22,310 --> 00:01:20,400

those who don't evolve don't survive

31

00:01:25,249 --> 00:01:22,320

don't be like those creatures

32

00:01:28,850 --> 00:01:25,259

don't go extinct at least or so they say

33

00:01:34,249 --> 00:01:31,550

Denver Michaels is an author researcher

34

00:01:38,510 --> 00:01:34,259

and podcast host with a passion for

35

00:01:41,170 --> 00:01:38,520

cryptozoology myths and legends he is

36

00:01:44,690 --> 00:01:41,180

authored several it says several here

37

00:01:46,910 --> 00:01:44,700

many many several of books on the

38

00:01:48,830 --> 00:01:46,920

subject including people are seeing

39

00:01:50,270 --> 00:01:48,840

something a survey of the league

40

00:01:53,210 --> 00:01:50,280

monsters in the United States and Canada

41

00:01:55,249 --> 00:01:53,220

which explores the phenomena of lake

42

00:01:57,289 --> 00:01:55,259

monsters of North America

43

00:01:59,210 --> 00:01:57,299

Michael's work is interdisciplinary

44

00:02:01,789 --> 00:01:59,220

drawing on a large range of fields

45

00:02:04,310 --> 00:02:01,799

including biology zoology and

46

00:02:06,230 --> 00:02:04,320

anthropology his research is well known

47

00:02:07,850 --> 00:02:06,240

for its innovative and thought-provoking

48

00:02:10,850 --> 00:02:07,860

approach to the study of cryptozoology

49

00:02:14,030 --> 00:02:10,860

and has received both praise and some

50

00:02:17,330 --> 00:02:14,040

criticism from scholars in the field

51  
00:02:21,470 --> 00:02:19,610  
in addition to his writing Michaels is

52  
00:02:32,470 --> 00:02:21,480  
one of the hosts of the podcast the

53  
00:02:37,729 --> 00:02:35,330  
I've been using I'm a one-man show with

54  
00:02:39,830 --> 00:02:37,739  
very very good helper in Audrey in the

55  
00:02:41,809 --> 00:02:39,840  
back and you know we're still working

56  
00:02:43,790 --> 00:02:41,819  
The Kinks out I've been using chat GTP

57  
00:02:46,369 --> 00:02:43,800  
seeing how that's helped us save me time

58  
00:02:48,170 --> 00:02:46,379  
as they say it can generate some wrong

59  
00:02:48,770 --> 00:02:48,180  
answers either way

60  
00:02:52,670 --> 00:02:48,780  
um

61  
00:02:54,830 --> 00:02:52,680  
so Michael's is the whole stuff the 10

62  
00:02:56,449 --> 00:02:54,840  
for Michael's podcast uh where he

63  
00:02:58,670 --> 00:02:56,459

continues to explore the mysterious and

64

00:03:01,009 --> 00:02:58,680

unexplained he's also appeared as a

65

00:03:02,150 --> 00:03:01,019

guest on various other podcasts and

66

00:03:05,030 --> 00:03:02,160

believe it or not it generated this

67

00:03:07,009 --> 00:03:05,040

including den of lore where he is about

68

00:03:09,710 --> 00:03:07,019

to discuss his work Sonic extent

69

00:03:12,229 --> 00:03:09,720

dinosaurs mammoths and other Giants of

70

00:03:13,790 --> 00:03:12,239

folklore Denver Michael's work has

71

00:03:15,890 --> 00:03:13,800

contributed significantly to the growing

72

00:03:18,050 --> 00:03:15,900

body of literature seeking to understand

73

00:03:19,670 --> 00:03:18,060

the mysteries of the world and his

74

00:03:20,990 --> 00:03:19,680

Innovative and interdisciplinary

75

00:03:24,170 --> 00:03:21,000

approach to the study of critical

76  
00:03:27,949 --> 00:03:24,180  
zoology has garnered the attention of

77  
00:03:30,050 --> 00:03:27,959  
Scholars and enthusiasts alike ladies

78  
00:03:32,509 --> 00:03:30,060  
gentlemen and pineapples of all ages

79  
00:03:33,770 --> 00:03:32,519  
please grab your scotch and Pull It

80  
00:03:35,390 --> 00:03:33,780  
cheer up to the fire

81  
00:03:37,330 --> 00:03:35,400  
and welcome Denver back to the den of

82  
00:03:41,149 --> 00:03:37,340  
lore

83  
00:03:43,550 --> 00:03:41,159  
cheers too good sir

84  
00:03:46,130 --> 00:03:43,560  
yeah that was uh that was a nice intro I

85  
00:03:48,410 --> 00:03:46,140  
mean I've I've not really heard um

86  
00:03:50,630 --> 00:03:48,420  
that many people give me all all that

87  
00:03:52,550 --> 00:03:50,640  
much praise or say I'm Innovative or

88  
00:03:55,490 --> 00:03:52,560

anything like that but I mean hell man

89

00:03:56,930 --> 00:03:55,500

I'll take it you know I I told the

90

00:03:59,930 --> 00:03:56,940

it's it's you got you got to keep it

91

00:04:02,030 --> 00:03:59,940

spicy it's

92

00:04:03,770 --> 00:04:02,040

so you know if there is criticism there

93

00:04:05,449 --> 00:04:03,780

may be some criticism out there there

94

00:04:07,610 --> 00:04:05,459

there's a lot of Praise

95

00:04:10,429 --> 00:04:07,620

um I like the last time we talked you

96

00:04:13,309 --> 00:04:10,439

were still in Virginia

97

00:04:15,710 --> 00:04:13,319

um yeah that was a long time ago

98

00:04:17,870 --> 00:04:15,720

obviously a lot has happened I was

99

00:04:19,610 --> 00:04:17,880

trying to think um all the years now

100

00:04:22,930 --> 00:04:19,620

that I'm getting older all the years are

101  
00:04:27,430 --> 00:04:22,940  
starting to run together so I mean like

102  
00:04:31,909 --> 00:04:27,440  
when was the last and was that like 2018

103  
00:04:34,969 --> 00:04:31,919  
2019 probably 2018. I think it was I

104  
00:04:37,010 --> 00:04:34,979  
think it was actually 2019. I'm fairly

105  
00:04:38,090 --> 00:04:37,020  
certain Laird was the last one I could

106  
00:04:40,370 --> 00:04:38,100  
be wrong

107  
00:04:42,110 --> 00:04:40,380  
but yeah I know it's been a while

108  
00:04:47,890 --> 00:04:42,120  
there's it's been a while it's been a

109  
00:04:52,310 --> 00:04:50,210  
just trying to remember when the last

110  
00:04:54,530 --> 00:04:52,320  
time we got together was and uh yeah

111  
00:04:57,469 --> 00:04:54,540  
it's been quite a few years now

112  
00:04:59,510 --> 00:04:57,479  
I know the last time we got together we

113  
00:05:02,689 --> 00:04:59,520

had been talking about

114

00:05:03,830 --> 00:05:02,699

uh you know at least in at least the

115

00:05:06,170 --> 00:05:03,840

books that have been coming out and I

116

00:05:09,890 --> 00:05:06,180

know that that like at that point in

117

00:05:12,530 --> 00:05:09,900

time there was a lot of work going into

118

00:05:13,969 --> 00:05:12,540

um uh men of renown which believe it or

119

00:05:16,790 --> 00:05:13,979

not is actually available in Walmart in

120

00:05:20,090 --> 00:05:16,800

Canada sold out at this point uh which

121

00:05:21,530 --> 00:05:20,100

is kind of cool that's cool yeah who who

122

00:05:24,830 --> 00:05:21,540

would have thought

123

00:05:26,450 --> 00:05:24,840

it's a popular subject and you know like

124

00:05:28,450 --> 00:05:26,460

from from all those time whether you

125

00:05:30,590 --> 00:05:28,460

know we're talking back in the early

126

00:05:33,110 --> 00:05:30,600

2015 days when we were reviewing

127

00:05:36,290 --> 00:05:33,120

sandwiches or you know doing crypto

128

00:05:39,290 --> 00:05:36,300

corner and I think the third or fourth

129

00:05:41,870 --> 00:05:39,300

best video on the channel was our video

130

00:05:43,210 --> 00:05:41,880

on the Tasmanian devil and we did a

131

00:05:45,950 --> 00:05:43,220

couple of those yeah

132

00:05:49,490 --> 00:05:45,960

got a little hate mail too but that was

133

00:05:51,050 --> 00:05:49,500

that was kind of fun actually yeah the

134

00:05:52,850 --> 00:05:51,060

hate mail was kind of I don't even

135

00:05:55,010 --> 00:05:52,860

remember what the Hitman was about it's

136

00:05:56,029 --> 00:05:55,020

I can't either I think it was something

137

00:05:56,650 --> 00:05:56,039

like

138

00:05:58,990 --> 00:05:56,660

um

139

00:06:01,850 --> 00:05:59,000

I don't know something like YouTube

140

00:06:04,249 --> 00:06:01,860

jackasses are stupid you know just yeah

141

00:06:06,590 --> 00:06:04,259

just your base you know people on

142

00:06:09,590 --> 00:06:06,600

YouTube I mean all the social media

143

00:06:12,010 --> 00:06:09,600

platforms they've uh they've you know

144

00:06:15,710 --> 00:06:12,020

all got the wrong type of crowds but um

145

00:06:19,550 --> 00:06:15,720

YouTube commenters are probably among

146

00:06:21,770 --> 00:06:19,560

the nastiest of the uh or can be you

147

00:06:24,529 --> 00:06:21,780

know I don't want to no no I couldn't be

148

00:06:27,050 --> 00:06:24,539

but you know the YouTube commenters

149

00:06:29,450 --> 00:06:27,060

they can be a pretty rough crowd I was

150

00:06:31,309 --> 00:06:29,460

on this uh this and that's a lot of

151  
00:06:33,409 --> 00:06:31,319  
reason I don't even look at the comments

152  
00:06:36,409 --> 00:06:33,419  
or follow along in the live chat anymore

153  
00:06:39,350 --> 00:06:36,419  
because I was falling Along on a live

154  
00:06:42,350 --> 00:06:39,360  
chat on this one podcast I was on and I

155  
00:06:45,230 --> 00:06:42,360  
mean the people were killing me so I'm

156  
00:06:47,629 --> 00:06:45,240  
like man I I can't like what were they

157  
00:06:49,850 --> 00:06:47,639  
what were they saying like I just you

158  
00:06:51,950 --> 00:06:49,860  
know this you know but yeah this this

159  
00:06:54,110 --> 00:06:51,960  
guy's a stupid idiot what you you know

160  
00:06:55,850 --> 00:06:54,120  
why'd you have him on for you know just

161  
00:06:56,990 --> 00:06:55,860  
uh stupid don't you have like three

162  
00:07:01,670 --> 00:06:57,000  
degrees

163  
00:07:03,890 --> 00:07:01,680

thought you were

164

00:07:05,330 --> 00:07:03,900

well it's you always presented stuff in

165

00:07:08,090 --> 00:07:05,340

such a logical way and you can write

166

00:07:10,430 --> 00:07:08,100

better than I can

167

00:07:12,409 --> 00:07:10,440

well you know you know how people are it

168

00:07:14,809 --> 00:07:12,419

was it was the podcast I think that

169

00:07:17,510 --> 00:07:14,819

wasn't you know it wasn't necessarily

170

00:07:19,309 --> 00:07:17,520

one that's um you know geared toward the

171

00:07:21,890 --> 00:07:19,319

Unexplained it was it was some young

172

00:07:23,629 --> 00:07:21,900

guys I think they were like really kind

173

00:07:26,210 --> 00:07:23,639

of Gamers I don't know maybe they have

174

00:07:28,010 --> 00:07:26,220

me on for a joke or something who knows

175

00:07:30,529 --> 00:07:28,020

but usually if somebody asks me you know

176

00:07:32,990 --> 00:07:30,539

I'll do their podcast and um

177

00:07:35,809 --> 00:07:33,000

anyway long story short I'm just talking

178

00:07:38,390 --> 00:07:35,819

about how uh well kids suck people in

179

00:07:40,189 --> 00:07:38,400

the YouTube comments can get after you a

180

00:07:44,390 --> 00:07:40,199

little bit well you're in a safe place

181

00:07:46,070 --> 00:07:44,400

now Denver uh yeah I've I've I did as I

182

00:07:47,990 --> 00:07:46,080

you know was joking and I have joked

183

00:07:49,730 --> 00:07:48,000

many times I my mom's like well what are

184

00:07:51,110 --> 00:07:49,740

you doing tonight I'm like well I've got

185

00:07:53,510 --> 00:07:51,120

the show at 10 o'clock she's like really

186

00:08:01,629 --> 00:07:53,520

yeah so guess who's on what Denver she's

187

00:08:06,650 --> 00:08:05,029

uh let's

188

00:08:09,050 --> 00:08:06,660

let's it's like one it's the running gag

189

00:08:11,330 --> 00:08:09,060

of running gags and I love it

190

00:08:12,650 --> 00:08:11,340

um now for all the people who may are

191

00:08:15,230 --> 00:08:12,660

going to watch this

192

00:08:16,969 --> 00:08:15,240

you know the at least for the the dozens

193

00:08:18,950 --> 00:08:16,979

and dozens have who have realized that

194

00:08:20,869 --> 00:08:18,960

we're back on the air because you know

195

00:08:23,089 --> 00:08:20,879

work be working family family and they

196

00:08:25,969 --> 00:08:23,099

come first so it's like six weeks of

197

00:08:28,010 --> 00:08:25,979

promo time it's like I got a day

198

00:08:30,230 --> 00:08:28,020

for the first episode way back when and

199

00:08:31,550 --> 00:08:30,240

now it's like okay well you got to keep

200

00:08:32,329 --> 00:08:31,560

it fun and people will get into the

201

00:08:36,170 --> 00:08:32,339

groove

202

00:08:38,149 --> 00:08:36,180

um yeah so within like that time frame a

203

00:08:39,769 --> 00:08:38,159

lot of people may not know necessarily

204

00:08:42,170 --> 00:08:39,779

who you are I Know Who You Are yeah

205

00:08:43,430 --> 00:08:42,180

right I know I know

206

00:08:45,290 --> 00:08:43,440

at least I used to know what kind of

207

00:08:47,509 --> 00:08:45,300

truck you drive I Used to Know You know

208

00:08:50,269 --> 00:08:47,519

what uh what your favorite lunch meats

209

00:08:52,070 --> 00:08:50,279

were whether you prefer

210

00:08:55,009 --> 00:08:52,080

um you know like

211

00:08:56,030 --> 00:08:55,019

cargo pants with pockets on the side or

212

00:08:57,530 --> 00:08:56,040

what have you when you're when you're

213

00:09:01,009 --> 00:08:57,540

out and about

214

00:09:02,690 --> 00:09:01,019

um dark khaki by the way uh

215

00:09:06,470 --> 00:09:02,700

most people don't know so like what

216

00:09:08,570 --> 00:09:06,480

exactly got you into this entire crazy

217

00:09:11,750 --> 00:09:08,580

world of cryptozoology knowing exactly

218

00:09:13,730 --> 00:09:11,760

how well it's an interesting bunch

219

00:09:16,670 --> 00:09:13,740

we'll put it mildly

220

00:09:19,670 --> 00:09:16,680

well I I can't really point to

221

00:09:21,530 --> 00:09:19,680

um any one particular thing I mean um

222

00:09:23,870 --> 00:09:21,540

you know and a lot of people find that

223

00:09:26,990 --> 00:09:23,880

weird you know they find it kind of

224

00:09:30,350 --> 00:09:27,000

strange that uh you know someone that

225

00:09:33,949 --> 00:09:30,360

didn't have a a Bigfoot sighting as a

226

00:09:35,630 --> 00:09:33,959

kid or or a UFO sighting as a kid or you

227

00:09:37,850 --> 00:09:35,640

know didn't grow up in a haunted house

228

00:09:38,389 --> 00:09:37,860

would would be into

229

00:09:41,329 --> 00:09:38,399

um

230

00:09:43,970 --> 00:09:41,339

uh you know all these unexplained things

231

00:09:46,490 --> 00:09:43,980

that I'm into but um for whatever reason

232

00:09:48,769 --> 00:09:46,500

I I can't point to anyone you know

233

00:09:51,170 --> 00:09:48,779

particular thing that that pushed me in

234

00:09:53,090 --> 00:09:51,180

in this direction but um

235

00:09:56,329 --> 00:09:53,100

I don't know I've just always kind of

236

00:09:59,090 --> 00:09:56,339

been been wired toward

237

00:10:02,449 --> 00:09:59,100

um unexplained things uh you know I

238

00:10:05,690 --> 00:10:02,459

think back when I was a kid I mean um

239

00:10:09,590 --> 00:10:05,700

I would uh would go to the library check

240

00:10:10,790 --> 00:10:09,600

out any any books of anything weird I

241

00:10:14,150 --> 00:10:10,800

could find

242

00:10:16,970 --> 00:10:14,160

um you know I was uh pretty Avid Reader

243

00:10:18,650 --> 00:10:16,980

but more like um non-fiction stuff you

244

00:10:21,530 --> 00:10:18,660

know I mean I I would just like sit and

245

00:10:23,870 --> 00:10:21,540

read encyclopedias in the summer when I

246

00:10:25,250 --> 00:10:23,880

was a kid you know and you know I was

247

00:10:29,810 --> 00:10:25,260

just always into

248

00:10:32,810 --> 00:10:29,820

um I I guess I've uh never really bought

249

00:10:35,930 --> 00:10:32,820

anything that uh teachers or authority

250

00:10:37,970 --> 00:10:35,940

figures would tell me I remember I

251  
00:10:41,930 --> 00:10:37,980  
remember I was like seven years old one

252  
00:10:44,269 --> 00:10:41,940  
time at uh at the dinner table and

253  
00:10:45,769 --> 00:10:44,279  
um I don't know what provoked me to do

254  
00:10:48,430 --> 00:10:45,779  
this you know but I just kind of like

255  
00:10:52,009 --> 00:10:48,440  
looked at my dad and I'm like you know

256  
00:10:55,190 --> 00:10:52,019  
Columbus didn't discover America you

257  
00:10:56,990 --> 00:10:55,200  
know you know it is oh yeah right and

258  
00:11:00,590 --> 00:10:57,000  
you know of course he didn't want to uh

259  
00:11:03,590 --> 00:11:00,600  
hear my seven-year-old uh dissertation

260  
00:11:05,930 --> 00:11:03,600  
on uh pre-columbian contact in the

261  
00:11:08,030 --> 00:11:05,940  
Americas but you know the long story

262  
00:11:10,610 --> 00:11:08,040  
short I've just always

263  
00:11:12,230 --> 00:11:10,620

um really kind of questioned everything

264

00:11:12,949 --> 00:11:12,240

and

265

00:11:15,410 --> 00:11:12,959

um

266

00:11:17,030 --> 00:11:15,420

you know like here we are it's like I

267

00:11:18,470 --> 00:11:17,040

can imagine seven-year-olds you're like

268

00:11:19,850 --> 00:11:18,480

you know he didn't Discover it you know

269

00:11:22,550 --> 00:11:19,860

by 10 it's like you're throwing out this

270

00:11:25,190 --> 00:11:22,560

you know Solutions

271

00:11:26,829 --> 00:11:25,200

yeah they used and they followed the

272

00:11:29,810 --> 00:11:26,839

coast damn it

273

00:11:31,670 --> 00:11:29,820

it's like it's like really Dad it's I

274

00:11:33,710 --> 00:11:31,680

mean it's it's it's it's not that you

275

00:11:35,870 --> 00:11:33,720

know okay it's not that hard I mean if

276

00:11:39,050 --> 00:11:35,880

you're gonna tell me that um

277

00:11:41,810 --> 00:11:39,060

you know Polynesians uh traveled 2 000

278

00:11:44,449 --> 00:11:41,820

miles in canoes to settle Hawaii

279

00:11:47,030 --> 00:11:44,459

why couldn't anybody have been in

280

00:11:51,170 --> 00:11:47,040

Virginia or Texas or Florida you know

281

00:11:53,569 --> 00:11:51,180

and uh 1200 A.D right I mean why why

282

00:11:55,730 --> 00:11:53,579

couldn't they it it's stupid to think

283

00:11:57,769 --> 00:11:55,740

that it it couldn't have happened it's

284

00:11:59,750 --> 00:11:57,779

like we don't

285

00:12:01,610 --> 00:11:59,760

I'm gonna say like we got a pretty good

286

00:12:02,750 --> 00:12:01,620

idea as far as

287

00:12:04,130 --> 00:12:02,760

um

288

00:12:06,949 --> 00:12:04,140

like we got a pretty good idea as far as

289

00:12:08,569 --> 00:12:06,959

means mainstream Academia will go and

290

00:12:11,090 --> 00:12:08,579

you know with when it comes to

291

00:12:13,910 --> 00:12:11,100

Alternative history there's going to be

292

00:12:16,250 --> 00:12:13,920

diverging fields and sometimes it's

293

00:12:18,110 --> 00:12:16,260

plausible sometimes it's way out of left

294

00:12:19,790 --> 00:12:18,120

field it it's like you got to follow the

295

00:12:21,650 --> 00:12:19,800

evidence I've always found

296

00:12:23,030 --> 00:12:21,660

um and even if that evidence it seems a

297

00:12:25,610 --> 00:12:23,040

little bit crazy or you got a hunch it's

298

00:12:27,530 --> 00:12:25,620

like is it logical is it possible can we

299

00:12:29,210 --> 00:12:27,540

is it provable is there at least

300

00:12:31,130 --> 00:12:29,220

something that can link it to it like

301  
00:12:32,810 --> 00:12:31,140  
what you know what's the chain that gets

302  
00:12:36,050 --> 00:12:32,820  
you back there if you're just going to

303  
00:12:38,150 --> 00:12:36,060  
say no completely and not at least

304  
00:12:39,590 --> 00:12:38,160  
entertain the possibility you know even

305  
00:12:41,509 --> 00:12:39,600  
if your whole thing is to try and prove

306  
00:12:43,550 --> 00:12:41,519  
it wrong if you're proving it wrong

307  
00:12:44,769 --> 00:12:43,560  
based on

308  
00:12:48,050 --> 00:12:44,779  
you know

309  
00:12:50,750 --> 00:12:48,060  
established tenants uh

310  
00:12:53,030 --> 00:12:50,760  
you know like sometimes primary research

311  
00:12:54,829 --> 00:12:53,040  
is going to be is going to Trump that as

312  
00:12:56,810 --> 00:12:54,839  
far as comparing the two

313  
00:12:59,329 --> 00:12:56,820

um I know with

314

00:13:01,069 --> 00:12:59,339

like with your investigations especially

315

00:13:03,110 --> 00:13:01,079

when you're dealing with historic

316

00:13:05,750 --> 00:13:03,120

creatures I

317

00:13:08,509 --> 00:13:05,760

did you have any goal in mind when you

318

00:13:10,610 --> 00:13:08,519

first started out or is more just a like

319

00:13:11,750 --> 00:13:10,620

hey I'm gonna do this and you know like

320

00:13:13,069 --> 00:13:11,760

oh somebody said well why don't you

321

00:13:14,810 --> 00:13:13,079

write a book about it or if somebody on

322

00:13:16,610 --> 00:13:14,820

a dare said I want you to put some words

323

00:13:18,050 --> 00:13:16,620

down and just kind of snowballed from

324

00:13:19,670 --> 00:13:18,060

there

325

00:13:21,230 --> 00:13:19,680

well really

326

00:13:30,829 --> 00:13:21,240

um

327

00:13:33,470 --> 00:13:30,839

like around my 40th from now to the

328

00:13:35,290 --> 00:13:33,480

realm of 40th birthday man I guess that

329

00:13:40,069 --> 00:13:35,300

kind of had luck

330

00:13:42,230 --> 00:13:40,079

uh like a midlife price I didn't uh I

331

00:13:43,970 --> 00:13:42,240

didn't go buying us buy a sports car

332

00:13:46,610 --> 00:13:43,980

start running around with younger women

333

00:13:49,370 --> 00:13:46,620

or nothing like that but I got really

334

00:13:53,030 --> 00:13:49,380

I really got kind of depressed because I

335

00:13:54,889 --> 00:13:53,040

was um you know it and oh I'm sure

336

00:13:56,690 --> 00:13:54,899

pretty much all of your listeners can

337

00:13:58,250 --> 00:13:56,700

relate to it you know you're just uh

338

00:14:00,290 --> 00:13:58,260

you're in the grind you're you know

339

00:14:02,269 --> 00:14:00,300

you're just working working you know I'm

340

00:14:03,110 --> 00:14:02,279

working a job I'm you know making good

341

00:14:05,990 --> 00:14:03,120

money

342

00:14:08,210 --> 00:14:06,000

but it's just it's just not fulfilling

343

00:14:10,670 --> 00:14:08,220

it just it just don't enjoy anything I

344

00:14:12,889 --> 00:14:10,680

do you know you just you know watching

345

00:14:14,389 --> 00:14:12,899

the clock you know for the weekend the

346

00:14:16,670 --> 00:14:14,399

weekend comes

347

00:14:18,769 --> 00:14:16,680

you're right by it by about two o'clock

348

00:14:21,670 --> 00:14:18,779

on Sunday I'm getting depressed because

349

00:14:24,650 --> 00:14:21,680

I gotta go start it all over again

350

00:14:27,290 --> 00:14:24,660

just really you know just really got in

351

00:14:31,069 --> 00:14:27,300

a bad place and I mean I was there for I

352

00:14:32,990 --> 00:14:31,079

mean like a year and a half man and

353

00:14:36,710 --> 00:14:33,000

I don't know I don't know something just

354

00:14:37,550 --> 00:14:36,720

kind of just kind of clicked in me that

355

00:14:40,189 --> 00:14:37,560

um

356

00:14:42,470 --> 00:14:40,199

you know like I wanted to start writing

357

00:14:43,550 --> 00:14:42,480

you know that's just really I I just

358

00:14:44,750 --> 00:14:43,560

feel like

359

00:14:46,850 --> 00:14:44,760

um

360

00:14:49,850 --> 00:14:46,860

that's what I'm happy doing that that's

361

00:14:52,189 --> 00:14:49,860

what I enjoy doing I I just you know you

362

00:14:53,930 --> 00:14:52,199

know even even when I'm just writing um

363

00:14:56,150 --> 00:14:53,940

you know writing blog posts for my

364

00:14:58,310 --> 00:14:56,160

website right I mean I just enjoy doing

365

00:15:00,170 --> 00:14:58,320

it whether a whole lot of people read it

366

00:15:02,449 --> 00:15:00,180

or not it really doesn't even matter I

367

00:15:05,629 --> 00:15:02,459

just I just kind of have fun find doing

368

00:15:07,430 --> 00:15:05,639

that and so I that's sort of what led me

369

00:15:09,889 --> 00:15:07,440

to start um

370

00:15:11,750 --> 00:15:09,899

you know pursuing the writing part and

371

00:15:13,550 --> 00:15:11,760

as far as um

372

00:15:15,170 --> 00:15:13,560

you know what I wanted to write about I

373

00:15:18,170 --> 00:15:15,180

mean there was no question in my mind

374

00:15:20,569 --> 00:15:18,180

that I wanted to um you know write about

375

00:15:24,829 --> 00:15:20,579

some of these unexplained things that I

376

00:15:27,949 --> 00:15:24,839

had um really kind of studied uh you

377

00:15:29,930 --> 00:15:27,959

know my whole life really and you know

378

00:15:30,889 --> 00:15:29,940

my first book was about lake monsters

379

00:15:33,530 --> 00:15:30,899

because

380

00:15:36,290 --> 00:15:33,540

um I don't know just it's just to me out

381

00:15:38,870 --> 00:15:36,300

of all of the uh Cryptid creatures out

382

00:15:41,750 --> 00:15:38,880

there right that's the one that they

383

00:15:43,790 --> 00:15:41,760

that could really you could really see

384

00:15:44,689 --> 00:15:43,800

it existing without

385

00:15:46,329 --> 00:15:44,699

um

386

00:15:49,310 --> 00:15:46,339

you know having to throw any

387

00:15:51,050 --> 00:15:49,320

Supernatural interpretations or whatever

388

00:15:52,670 --> 00:15:51,060

you know like a lot of your Bigfoot

389

00:15:55,189 --> 00:15:52,680

reports you know people talk about it

390

00:15:57,889 --> 00:15:55,199

disappearing or glowing red eyes this or

391

00:16:00,710 --> 00:15:57,899

that but you know these lake monsters

392

00:16:03,710 --> 00:16:00,720

and and sea serpents with with all of

393

00:16:04,610 --> 00:16:03,720

the water we have and and and just all

394

00:16:06,949 --> 00:16:04,620

of the

395

00:16:10,670 --> 00:16:06,959

you know we don't really know about uh

396

00:16:13,550 --> 00:16:10,680

once into lurking in the depths and um

397

00:16:15,650 --> 00:16:13,560

there's just such a similarity all over

398

00:16:17,870 --> 00:16:15,660

the world in these reports that just

399

00:16:20,389 --> 00:16:17,880

seems like out of all of these

400

00:16:24,050 --> 00:16:20,399

unexplained creatures out there it could

401  
00:16:26,870 --> 00:16:24,060  
be the most likely to exist and so um

402  
00:16:30,290 --> 00:16:26,880  
you know I just started writing about it

403  
00:16:33,350 --> 00:16:30,300  
and um you know from there I

404  
00:16:35,410 --> 00:16:33,360  
you know picked up other topics and blah

405  
00:16:39,590 --> 00:16:35,420  
blah blah

406  
00:16:41,210 --> 00:16:39,600  
William who's in the chat because he's a

407  
00:16:43,910 --> 00:16:41,220  
gentleman and a scholar like like

408  
00:16:45,170 --> 00:16:43,920  
ourselves uh he and he says I know

409  
00:16:48,470 --> 00:16:45,180  
what's really in the program

410  
00:16:50,090 --> 00:16:48,480  
but he's got to ask what are your

411  
00:16:52,310 --> 00:16:50,100  
thoughts about the efforts to bring back

412  
00:16:56,749 --> 00:16:52,320  
extinct species like you know the dodo

413  
00:17:03,050 --> 00:17:00,110

um I I'm not a fan of it

414

00:17:06,350 --> 00:17:03,060

um you know I think once it uh and even

415

00:17:07,429 --> 00:17:06,360

if it's uh even if it's humans fault

416

00:17:10,069 --> 00:17:07,439

right

417

00:17:12,949 --> 00:17:10,079

um just not a big fan I mean like like

418

00:17:13,850 --> 00:17:12,959

what could possibly go wrong right if we

419

00:17:16,189 --> 00:17:13,860

uh

420

00:17:18,590 --> 00:17:16,199

if we're bringing stuff back that's been

421

00:17:20,809 --> 00:17:18,600

extinct for hundreds or thousands of

422

00:17:23,270 --> 00:17:20,819

years I mean it just dodo's Delicious

423

00:17:26,030 --> 00:17:23,280

from what I understand yeah I just you

424

00:17:28,429 --> 00:17:26,040

know you you just I'm just not a big fan

425

00:17:30,470 --> 00:17:28,439

of this stuff because you you know

426

00:17:33,470 --> 00:17:30,480

there's there's always that law of

427

00:17:35,930 --> 00:17:33,480

unintended consequences and you just you

428

00:17:38,570 --> 00:17:35,940

know you just you just never know I mean

429

00:17:41,210 --> 00:17:38,580

you know just when they um

430

00:17:43,730 --> 00:17:41,220

you know animals that are on the brink

431

00:17:46,310 --> 00:17:43,740

of Extinction and then they um

432

00:17:48,830 --> 00:17:46,320

you know they they reintroduce them in

433

00:17:51,710 --> 00:17:48,840

places I mean you know whether that's

434

00:17:53,570 --> 00:17:51,720

good bad or indifferent it brings a

435

00:17:55,430 --> 00:17:53,580

whole host of um

436

00:17:58,510 --> 00:17:55,440

you know can bring a whole host of

437

00:18:01,549 --> 00:17:58,520

issues and things like you know how they

438

00:18:04,130 --> 00:18:01,559

re-introduce wolves and and like out in

439

00:18:06,110 --> 00:18:04,140

uh Montana and stuff I mean the ranchers

440

00:18:08,750 --> 00:18:06,120

out there hate them and

441

00:18:11,350 --> 00:18:08,760

you know even even the Bison I mean that

442

00:18:13,610 --> 00:18:11,360

can affect your uh that they've

443

00:18:15,830 --> 00:18:13,620

reintroduced in places that can affect

444

00:18:17,870 --> 00:18:15,840

cattle herds and things like that so

445

00:18:20,690 --> 00:18:17,880

there's just all these things and I I

446

00:18:23,029 --> 00:18:20,700

just don't know that it's um it's really

447

00:18:25,130 --> 00:18:23,039

our place to um

448

00:18:27,710 --> 00:18:25,140

you know bring back herds of woolly

449

00:18:29,150 --> 00:18:27,720

mammoths or this or that it's like did

450

00:18:31,370 --> 00:18:29,160

anybody watch

451  
00:18:33,590 --> 00:18:31,380  
like how many Jurassic Park movies are

452  
00:18:36,529 --> 00:18:33,600  
there now

453  
00:18:38,750 --> 00:18:36,539  
it's like did you did nobody [h\_\_h]

454  
00:18:41,570 --> 00:18:38,760  
watch Jurassic Park because there's

455  
00:18:43,490 --> 00:18:41,580  
nobody watched the island of Dr Moreau I

456  
00:18:48,590 --> 00:18:43,500  
mean like all you nobody watches the

457  
00:18:52,669 --> 00:18:50,990  
yeah I mean I

458  
00:18:54,650 --> 00:18:52,679  
I saying it's a bad thing just

459  
00:18:57,409 --> 00:18:54,660  
personally me

460  
00:18:59,890 --> 00:18:57,419  
I would like to see that money maybe

461  
00:19:02,870 --> 00:18:59,900  
like diverted to like I don't know

462  
00:19:05,750 --> 00:19:02,880  
cancer research or something call me

463  
00:19:07,909 --> 00:19:05,760

crazy oh

464

00:19:10,370 --> 00:19:07,919

well here you go you know it makes a lot

465

00:19:12,169 --> 00:19:10,380

of sense uh you get a lot I'm not even

466

00:19:15,710 --> 00:19:12,179

sure if some of these are like

467

00:19:17,810 --> 00:19:15,720

educational or if they're being

468

00:19:19,789 --> 00:19:17,820

um you know privately funded if yeah

469

00:19:20,930 --> 00:19:19,799

it's it's kind of like you know if

470

00:19:23,630 --> 00:19:20,940

somebody wants to do something crazy

471

00:19:26,570 --> 00:19:23,640

with their money can you really yeah

472

00:19:29,529 --> 00:19:26,580

tell them to stop it's at the same time

473

00:19:32,270 --> 00:19:29,539

like you know mandates are kind of cool

474

00:19:34,490 --> 00:19:32,280

uh I'm not even sure what a you know

475

00:19:38,210 --> 00:19:34,500

great awkward is I'm sure it's like a it's

476  
00:19:39,470 --> 00:19:38,220  
great and maybe it makes an ox sound I I

477  
00:19:42,049 --> 00:19:39,480  
don't have a Jamie so I can't bring

478  
00:19:45,070 --> 00:19:42,059  
stuff up unfortunately but

479  
00:19:47,210 --> 00:19:45,080  
yeah like was there like a creature

480  
00:19:49,789 --> 00:19:47,220  
specifically I know you were looking at

481  
00:19:52,310 --> 00:19:49,799  
lake monsters like was there like a was

482  
00:19:54,350 --> 00:19:52,320  
it Nessie was it Ogopogo like well what

483  
00:19:57,409 --> 00:19:54,360  
really got your your attention

484  
00:19:59,630 --> 00:19:57,419  
well I think it was the fact that uh

485  
00:20:00,710 --> 00:19:59,640  
that there are it's not one in

486  
00:20:03,590 --> 00:20:00,720  
particular

487  
00:20:06,049 --> 00:20:03,600  
um like I can really point to um

488  
00:20:07,669 --> 00:20:06,059

you know uh like like when I was a kid

489

00:20:09,890 --> 00:20:07,679

in high school you know I used to watch

490

00:20:12,230 --> 00:20:09,900

Unsolved Mysteries every Wednesday night

491

00:20:13,930 --> 00:20:12,240

that that was my deal you know I guess I

492

00:20:17,750 --> 00:20:13,940

was a junior in high school

493

00:20:19,669 --> 00:20:17,760

and uh one of the uh one of the you know

494

00:20:22,850 --> 00:20:19,679

they had those like three-part segments

495

00:20:24,710 --> 00:20:22,860

and one of them was on Yogo Pogo and

496

00:20:27,169 --> 00:20:24,720

something that really jumped out at me

497

00:20:30,169 --> 00:20:27,179

you know they did a graphic

498

00:20:32,450 --> 00:20:30,179

and it showed how like put these little

499

00:20:35,350 --> 00:20:32,460

red dots on the map all over the world

500

00:20:38,870 --> 00:20:35,360

and how they were like um you know 60

501  
00:20:41,150 --> 00:20:38,880  
different uh locations where these uh

502  
00:20:42,890 --> 00:20:41,160  
you know lake monsters were uh you know

503  
00:20:45,350 --> 00:20:42,900  
were being spotted

504  
00:20:47,810 --> 00:20:45,360  
and I think that really for whatever

505  
00:20:50,210 --> 00:20:47,820  
reason that really stuck with me and and

506  
00:20:52,190 --> 00:20:50,220  
you know as I got older and

507  
00:20:54,710 --> 00:20:52,200  
you know read more about it kind of

508  
00:20:56,870 --> 00:20:54,720  
learn more about it yeah you could see

509  
00:21:00,350 --> 00:20:56,880  
that it's uh you know it's it's it's

510  
00:21:03,529 --> 00:21:00,360  
pretty much a worldwide uh phenomenon

511  
00:21:07,490 --> 00:21:03,539  
and there's so much similarity between

512  
00:21:10,010 --> 00:21:07,500  
say the Loch Ness monster and uh Tahoe

513  
00:21:11,450 --> 00:21:10,020

Tessie out in out in California you know

514

00:21:14,690 --> 00:21:11,460

like champ

515

00:21:18,110 --> 00:21:14,700

uh up in um you know Vermont New York

516

00:21:20,810 --> 00:21:18,120

it's it's pretty much the same and um

517

00:21:23,390 --> 00:21:20,820

so it really kind of um

518

00:21:26,750 --> 00:21:23,400

made me think that there's you know

519

00:21:29,210 --> 00:21:26,760

possibly uh you know a population of

520

00:21:31,010 --> 00:21:29,220

these things is do you think it's also

521

00:21:33,230 --> 00:21:31,020

possible like

522

00:21:37,210 --> 00:21:33,240

got to be a little subjective although

523

00:21:41,330 --> 00:21:37,220

I'm a lot calmer in my olds

524

00:21:43,250 --> 00:21:41,340

sleep deprived age

525

00:21:44,570 --> 00:21:43,260

um you know yes I think he warned me

526

00:21:48,950 --> 00:21:44,580

about this like it's like Chris wait

527

00:21:55,010 --> 00:21:52,010

um it don't get no easier either

528

00:21:56,630 --> 00:21:55,020

no but it's it's part of FYI oh it's

529

00:22:00,110 --> 00:21:56,640

it's not about it it's the journey not

530

00:22:05,450 --> 00:22:02,390

it's a Brandon Sanders yeah it's it's a

531

00:22:07,130 --> 00:22:05,460

yeah Stormlight Archive it's a fantasy

532

00:22:09,049 --> 00:22:07,140

High fantasy series go go read it people

533

00:22:10,190 --> 00:22:09,059

it's it's fantastic

534

00:22:12,590 --> 00:22:10,200

um

535

00:22:15,529 --> 00:22:12,600

what about sturgeon like they're ancient

536

00:22:19,430 --> 00:22:15,539

they're like basically the final you

537

00:22:22,070 --> 00:22:19,440

know the the final form of this Giants

538

00:22:23,810 --> 00:22:22,080

uh fish

539

00:22:26,630 --> 00:22:23,820

boss

540

00:22:29,029 --> 00:22:26,640

or anime character it's like you know it

541

00:22:30,950 --> 00:22:29,039

takes just like Frieza in Dragon Ball Z

542

00:22:32,330 --> 00:22:30,960

it took how many millions of years for

543

00:22:36,890 --> 00:22:32,340

this thing to evolve into its final form

544

00:22:38,630 --> 00:22:36,900

and these things can grow massive so is

545

00:22:41,270 --> 00:22:38,640

that possibility that people are seeing

546

00:22:44,270 --> 00:22:41,280

that like or like do we Act is is it

547

00:22:46,310 --> 00:22:44,280

more likely that there are sturgeon that

548

00:22:48,770 --> 00:22:46,320

have been alive for let's say like 150

549

00:22:50,210 --> 00:22:48,780

200 years have never been caught and

550

00:22:53,630 --> 00:22:50,220

they're just so big that they could snap

551

00:22:58,190 --> 00:22:53,640

a line and they're just these honking

552

00:23:01,970 --> 00:22:58,200

like 10 15 feet massive things and or is

553

00:23:04,310 --> 00:23:01,980

it more of a like a dinosaur or you know

554

00:23:06,529 --> 00:23:04,320

water creature that's just

555

00:23:09,490 --> 00:23:06,539

left over and found some suitable deep

556

00:23:13,930 --> 00:23:09,500

water that is left alone

557

00:23:16,370 --> 00:23:13,940

I mean I think it's the latter but yeah

558

00:23:19,130 --> 00:23:16,380

are some of these things are some of

559

00:23:22,010 --> 00:23:19,140

these sightings sturgeons yeah sure

560

00:23:24,169 --> 00:23:22,020

right I mean absolutely

561

00:23:27,289 --> 00:23:24,179

um and then you know down in the in the

562

00:23:29,690 --> 00:23:27,299

southern us yeah some of these sightings

563

00:23:31,669 --> 00:23:29,700

are probably alligator gar you know I

564

00:23:33,409 --> 00:23:31,679

mean those things get you know 10 12

565

00:23:35,510 --> 00:23:33,419

feet long and you know the sturgeons

566

00:23:36,789 --> 00:23:35,520

you're talking about my uh my daughter

567

00:23:42,230 --> 00:23:36,799

her um

568

00:23:44,930 --> 00:23:42,240

ex-boyfriend saw him uh last year and uh

569

00:23:47,510 --> 00:23:44,940

he showed me this picture this sturgeon

570

00:23:49,549 --> 00:23:47,520

he caught out in um out in Idaho I mean

571

00:23:52,310 --> 00:23:49,559

the thing was like

572

00:23:54,770 --> 00:23:52,320

it was over 10 feet long I mean like

573

00:23:57,169 --> 00:23:54,780

like three of them were holding it up I

574

00:24:00,289 --> 00:23:57,179

mean it's just just enormous massive so

575

00:24:03,890 --> 00:24:00,299

yeah you you that is absolutely a part

576  
00:24:07,789 --> 00:24:03,900  
of it but you know to to blame the whole

577  
00:24:09,770 --> 00:24:07,799  
phenomenon on that I I it just it just

578  
00:24:11,450 --> 00:24:09,780  
doesn't uh work for me that's kind of

579  
00:24:15,350 --> 00:24:11,460  
like how um

580  
00:24:17,149 --> 00:24:15,360  
they just put this uh study out

581  
00:24:19,909 --> 00:24:17,159  
um I just started reading about it like

582  
00:24:22,610 --> 00:24:19,919  
oh probably last week how they're saying

583  
00:24:24,950 --> 00:24:22,620  
you know areas with black bears

584  
00:24:26,590 --> 00:24:24,960  
experience you know more Bigfoot

585  
00:24:29,330 --> 00:24:26,600  
sightings and you know

586  
00:24:32,870 --> 00:24:29,340  
the whole conclusion is you know that

587  
00:24:35,149 --> 00:24:32,880  
all your Bigfoot sightings are are bears

588  
00:24:37,130 --> 00:24:35,159

well I mean I could have told you that

589

00:24:40,130 --> 00:24:37,140

there's more Bigfoot sightings where

590

00:24:43,010 --> 00:24:40,140

bears live because guess what

591

00:24:45,230 --> 00:24:43,020

see there's cover there's if a bear can

592

00:24:48,049 --> 00:24:45,240

live there then guess what then then you

593

00:24:50,690 --> 00:24:48,059

know uh uh you know seven foot tall

594

00:24:53,990 --> 00:24:50,700

bipedal eight could live there too

595

00:24:55,669 --> 00:24:54,000

but yeah I mean bears are absolutely

596

00:24:58,250 --> 00:24:55,679

misidentified

597

00:24:59,330 --> 00:24:58,260

I mean no question and and you know what

598

00:25:02,810 --> 00:24:59,340

that's

599

00:25:05,450 --> 00:25:02,820

a lot of your uh your Sasquatch tracks

600

00:25:08,149 --> 00:25:05,460

um that's a double step where uh where a

601  
00:25:11,510 --> 00:25:08,159  
bear likes kind of like it's back Paul

602  
00:25:13,909 --> 00:25:11,520  
steps in and you know kind of looks like

603  
00:25:16,310 --> 00:25:13,919  
a uh supposed Bigfoot track I mean it

604  
00:25:19,850 --> 00:25:16,320  
happened that's absolutely a part of it

605  
00:25:22,370 --> 00:25:19,860  
but it's not a good explanation for the

606  
00:25:23,630 --> 00:25:22,380  
phenomenon as a whole and that's what

607  
00:25:26,930 --> 00:25:23,640  
I'm talking about here with the lake

608  
00:25:28,430 --> 00:25:26,940  
monsters yes and and and like with your

609  
00:25:31,789 --> 00:25:28,440  
sturgeons

610  
00:25:34,130 --> 00:25:31,799  
there's a a lot of reports of you know

611  
00:25:36,950 --> 00:25:34,140  
these lake monsters where sturgeons

612  
00:25:38,990 --> 00:25:36,960  
don't even live in the waters so if it

613  
00:25:41,990 --> 00:25:39,000

is a sturgeon in some of those cases

614

00:25:43,970 --> 00:25:42,000

well then that's so yeah that's a pretty

615

00:25:45,890 --> 00:25:43,980

cool thing too that there's a sturge in

616

00:25:47,870 --> 00:25:45,900

here where there's not supposed to be

617

00:25:49,970 --> 00:25:47,880

but you know sturgeons they don't have a

618

00:25:52,310 --> 00:25:49,980

have a neck that sticks out of the water

619

00:25:55,909 --> 00:25:52,320

four feet in the air like some of these

620

00:25:59,750 --> 00:25:55,919

reports so yeah I think it explains a

621

00:26:02,930 --> 00:25:59,760

lot but it doesn't You Know cover the

622

00:26:05,630 --> 00:26:02,940

whole thing you know I I had a in a

623

00:26:09,049 --> 00:26:05,640

former life I had a former life a couple

624

00:26:11,330 --> 00:26:09,059

of jobs ago uh very very great company

625

00:26:15,590 --> 00:26:11,340

um good people I still talk to a lot of

626  
00:26:18,610 --> 00:26:15,600  
them there one of my co-workers uh was

627  
00:26:21,769 --> 00:26:18,620  
excellent she used to take walks around

628  
00:26:23,330 --> 00:26:21,779  
the park area which was fairly you know

629  
00:26:25,490 --> 00:26:23,340  
fairly wooded and I think that was near

630  
00:26:26,930 --> 00:26:25,500  
one of either the lakes or the rivers

631  
00:26:28,190 --> 00:26:26,940  
within you know the Northern parts of

632  
00:26:29,390 --> 00:26:28,200  
the city or you know it's like at the

633  
00:26:31,549 --> 00:26:29,400  
main river going through it and several

634  
00:26:34,850 --> 00:26:31,559  
rivers that break off and whether

635  
00:26:37,549 --> 00:26:34,860  
they're part of the same Source anyway I

636  
00:26:39,890 --> 00:26:37,559  
kind of digress on this uh you know she

637  
00:26:42,049 --> 00:26:39,900  
was very very disturbed because she was

638  
00:26:46,070 --> 00:26:42,059

attacked like something huge

639

00:26:47,570 --> 00:26:46,080

came out of the the forest cover and

640

00:26:50,330 --> 00:26:47,580

she's like I don't know what it was it

641

00:26:53,210 --> 00:26:50,340

was this alien-like creature and you

642

00:26:54,890 --> 00:26:53,220

know it just it just got real big and

643

00:26:57,289 --> 00:26:54,900

then it ran at me

644

00:26:59,149 --> 00:26:57,299

and you know she just took off like her

645

00:27:00,950 --> 00:26:59,159

you know took off like a rocket ran back

646

00:27:02,210 --> 00:27:00,960

home and it was saying like I was

647

00:27:04,850 --> 00:27:02,220

attacked by a monster an alien or

648

00:27:07,190 --> 00:27:04,860

something and it's like yeah okay we'll

649

00:27:10,610 --> 00:27:07,200

just describe it and you know she went

650

00:27:12,350 --> 00:27:10,620

through it and it ended up at least it's

651

00:27:15,230 --> 00:27:12,360

a possibility that it still was an alien

652

00:27:19,450 --> 00:27:15,240

or some type of chupacabra-like creature

653

00:27:22,490 --> 00:27:19,460

but in our area wild turkeys are

654

00:27:24,950 --> 00:27:22,500

extremely common to the point where in

655

00:27:27,649 --> 00:27:24,960

downtown they're a pest

656

00:27:29,870 --> 00:27:27,659

the pigeons are scared of them uh and as

657

00:27:33,289 --> 00:27:29,880

we as anybody knows who lives anywhere

658

00:27:36,070 --> 00:27:33,299

near some type of Turkey

659

00:27:39,529 --> 00:27:36,080

Refuge they're extremely territorial

660

00:27:41,990 --> 00:27:39,539

like they can be [h\_\_h] yes and

661

00:27:43,810 --> 00:27:42,000

aggressive yeah they will get larger and

662

00:27:47,390 --> 00:27:43,820

they will charge at you and they're fast

663

00:27:50,269 --> 00:27:47,400

so yeah that's a possibility it's like

664

00:27:52,370 --> 00:27:50,279

misidentification could happen just you

665

00:27:54,350 --> 00:27:52,380

got fear you've got adrenaline you have

666

00:27:56,390 --> 00:27:54,360

again I'm playing devil's advocate here

667

00:27:59,450 --> 00:27:56,400

but at the same time yeah there's always

668

00:28:01,789 --> 00:27:59,460

that that case and I and I'm with you a

669

00:28:03,950 --> 00:28:01,799

thousand percent on that stuff but you

670

00:28:07,850 --> 00:28:03,960

know here here's kind of how I look at

671

00:28:09,710 --> 00:28:07,860

it like I I call it you know and this

672

00:28:12,230 --> 00:28:09,720

isn't anything Innovative other people

673

00:28:15,649 --> 00:28:12,240

have said the same thing I call it the

674

00:28:20,870 --> 00:28:15,659

five percent or maybe 10 rule

675

00:28:23,110 --> 00:28:20,880

yeah probably 90 to 95 of this stuff is

676

00:28:26,090 --> 00:28:23,120

a logical explanation right

677

00:28:29,450 --> 00:28:26,100

misidentification this or that it's the

678

00:28:32,090 --> 00:28:29,460

five percent it's the ten percent so

679

00:28:33,289 --> 00:28:32,100

when you have a guy

680

00:28:35,870 --> 00:28:33,299

um

681

00:28:38,630 --> 00:28:35,880

you know that's a that's an avid Hunter

682

00:28:40,610 --> 00:28:38,640

I mean I know guys

683

00:28:43,490 --> 00:28:40,620

I mean hell I used to be like I don't

684

00:28:45,890 --> 00:28:43,500

hunt anymore but you know back in my uh

685

00:28:47,810 --> 00:28:45,900

early 20s you know huge Hunter you know

686

00:28:49,490 --> 00:28:47,820

especially bow hunter I used to hunt all

687

00:28:51,830 --> 00:28:49,500

the time but I mean I know guys that are

688

00:28:53,510 --> 00:28:51,840

so into hunting they've like ruined

689

00:28:55,549 --> 00:28:53,520

their marriages I'm not kidding because

690

00:28:57,529 --> 00:28:55,559

that's like oh they're just never home

691

00:29:00,470 --> 00:28:57,539

all they want to do is like hunt deer

692

00:29:02,930 --> 00:29:00,480

and and stuff like that so when when

693

00:29:06,590 --> 00:29:02,940

people that like

694

00:29:08,990 --> 00:29:06,600

you you know ruin their marriages and

695

00:29:10,549 --> 00:29:09,000

and like like you know I know people

696

00:29:12,649 --> 00:29:10,559

that have like lost their job because

697

00:29:14,870 --> 00:29:12,659

like nope I'm I'm going deer hunting I'm

698

00:29:16,610 --> 00:29:14,880

not I'm not going into work on Monday

699

00:29:18,409 --> 00:29:16,620

you know I mean I know people like that

700

00:29:20,810 --> 00:29:18,419

and and you know when when guys like

701  
00:29:22,970 --> 00:29:20,820  
that are out in the woods and then spot

702  
00:29:25,909 --> 00:29:22,980  
one of these these creatures and they

703  
00:29:28,430 --> 00:29:25,919  
won't go hunting anymore because of it

704  
00:29:30,590 --> 00:29:28,440  
okay they didn't see a black bear you

705  
00:29:33,470 --> 00:29:30,600  
know what I'm saying they know what a

706  
00:29:35,750 --> 00:29:33,480  
bear looks like yeah so it's when you

707  
00:29:38,450 --> 00:29:35,760  
get those kind of reports or you know

708  
00:29:40,370 --> 00:29:38,460  
just like real detailed reports where

709  
00:29:44,149 --> 00:29:40,380  
you know that it you know it couldn't

710  
00:29:45,950 --> 00:29:44,159  
have been a bear or or you know whatever

711  
00:29:47,870 --> 00:29:45,960  
the uh the mystery we're talking about

712  
00:29:51,529 --> 00:29:47,880  
do these kind of reports make it more

713  
00:29:53,570 --> 00:29:51,539

fun because even if the source is coming

714

00:29:55,669 --> 00:29:53,580

from you know as you said it's it's a

715

00:29:58,669 --> 00:29:55,679

guy who he'll skip work and you know

716

00:30:00,169 --> 00:29:58,679

he'll let his marriage fall apart for uh

717

00:30:01,549 --> 00:30:00,179

you know going hunting and he's always

718

00:30:07,010 --> 00:30:01,559

out in the woods and you know with his

719

00:30:11,750 --> 00:30:09,830

you know it's like is here is it hearing

720

00:30:14,029 --> 00:30:11,760

the stories is it like trying to be able

721

00:30:16,430 --> 00:30:14,039

to ascertain

722

00:30:18,350 --> 00:30:16,440

from the character and the story being

723

00:30:20,750 --> 00:30:18,360

told in the situation whether he's

724

00:30:22,970 --> 00:30:20,760

telling the truth or full of it or not

725

00:30:25,090 --> 00:30:22,980

like how you know when you're doing the

726

00:30:27,110 --> 00:30:25,100

investigation

727

00:30:29,690 --> 00:30:27,120

what's your favorite part of at least

728

00:30:32,870 --> 00:30:29,700

learning about the story

729

00:30:35,690 --> 00:30:32,880

well well for me I mean I just kind of I

730

00:30:38,269 --> 00:30:35,700

just enjoy you know when people will um

731

00:30:39,710 --> 00:30:38,279

you know reach out to me and and share

732

00:30:42,529 --> 00:30:39,720

their experience with me I mean that's

733

00:30:44,750 --> 00:30:42,539

number one and you know I've had

734

00:30:49,130 --> 00:30:44,760

you know countless people you know

735

00:30:51,230 --> 00:30:49,140

through my website or you know um dming

736

00:30:53,450 --> 00:30:51,240

me on Twitter this or that share their

737

00:30:55,970 --> 00:30:53,460

experiences and you know some sometimes

738

00:30:57,950 --> 00:30:55,980

you can tell that uh a lot of times it's

739

00:31:00,409 --> 00:30:57,960

just somebody that just wants to talk

740

00:31:03,409 --> 00:31:00,419

you know what I mean it's like

741

00:31:07,070 --> 00:31:03,419

you know maybe they're uh maybe maybe

742

00:31:08,750 --> 00:31:07,080

the their experience is uh yeah I don't

743

00:31:10,370 --> 00:31:08,760

know that doesn't sound quite right and

744

00:31:12,409 --> 00:31:10,380

you know maybe you know some people

745

00:31:14,330 --> 00:31:12,419

reach out because they they just want to

746

00:31:15,230 --> 00:31:14,340

chit chat with you and and that that's

747

00:31:18,169 --> 00:31:15,240

cool

748

00:31:21,289 --> 00:31:18,179

but um you know the fact that people

749

00:31:23,389 --> 00:31:21,299

um will trust you enough

750

00:31:25,850 --> 00:31:23,399

you know that I'm not just like gonna

751

00:31:28,010 --> 00:31:25,860

bust out laughing or tell them they're

752

00:31:30,889 --> 00:31:28,020

stupid you know because a lot of people

753

00:31:32,630 --> 00:31:30,899

you know have reached out about you know

754

00:31:34,490 --> 00:31:32,640

something they saw out in the water out

755

00:31:36,289 --> 00:31:34,500

in the woods and they're like you know

756

00:31:38,930 --> 00:31:36,299

like you're the first person I've told

757

00:31:42,470 --> 00:31:38,940

this to you know I didn't you know or

758

00:31:44,630 --> 00:31:42,480

like you know I told my dad about this I

759

00:31:47,810 --> 00:31:44,640

told my wife about this and now I'm

760

00:31:49,669 --> 00:31:47,820

telling you you know so to um you know

761

00:31:52,570 --> 00:31:49,679

the fact that people would you know

762

00:31:55,190 --> 00:31:52,580

would would kind of trust you with that

763

00:31:57,610 --> 00:31:55,200

that for me is is like is like the

764

00:32:00,529 --> 00:31:57,620

coolest thing about it

765

00:32:03,230 --> 00:32:00,539

like people people want to talk to you

766

00:32:05,810 --> 00:32:03,240

you're you're you're warm you're

767

00:32:08,810 --> 00:32:05,820

inviting you're intelligent you're

768

00:32:10,310 --> 00:32:08,820

personable like you know heck who would

769

00:32:12,710 --> 00:32:10,320

want to sit down and have a beer and say

770

00:32:14,690 --> 00:32:12,720

like man this crazy [h\_\_h] happened and

771

00:32:16,970 --> 00:32:14,700

you gotta hear this but I swear it

772

00:32:19,610 --> 00:32:16,980

happened you're like hey man hit me you

773

00:32:21,470 --> 00:32:19,620

know non-judgmental I mean I I mean I I

774

00:32:23,930 --> 00:32:21,480

just think it's cool that you know that

775

00:32:26,630 --> 00:32:23,940

people would would trust you you know

776

00:32:28,970 --> 00:32:26,640

with that information and and so so for

777

00:32:33,169 --> 00:32:28,980

me right I mean

778

00:32:36,230 --> 00:32:33,179

I just work under the assumption that um

779

00:32:38,389 --> 00:32:36,240

you know that that most people that that

780

00:32:40,669 --> 00:32:38,399

contact me like that that they're being

781

00:32:43,610 --> 00:32:40,679

genuine you know I'm not just going to

782

00:32:45,889 --> 00:32:43,620

assume somebody's got some some bad

783

00:32:49,850 --> 00:32:45,899

motive or something for contacting me

784

00:32:52,549 --> 00:32:49,860

and usually uh what I found is I I have

785

00:32:56,149 --> 00:32:52,559

found a couple stories that I that uh

786

00:32:58,789 --> 00:32:56,159

that have uh sort of sort of debunked or

787

00:33:01,549 --> 00:32:58,799

not so much debunked but like yeah this

788

00:33:04,490 --> 00:33:01,559

this guy he's full of [\h\_\_\h] but usually

789

00:33:08,690 --> 00:33:04,500

you know it's never anything

790

00:33:10,789 --> 00:33:08,700

what am I trying to say it's you know uh

791

00:33:13,130 --> 00:33:10,799

I'm trying to look for what I'm there's

792

00:33:14,810 --> 00:33:13,140

not there there's no ill intent behind

793

00:33:16,970 --> 00:33:14,820

it I I guess is what I'm trying to say

794

00:33:19,490 --> 00:33:16,980

you know maybe they just uh

795

00:33:21,850 --> 00:33:19,500

you know they're Social Circle isn't big

796

00:33:25,009 --> 00:33:21,860

enough or or and and you know they just

797

00:33:27,350 --> 00:33:25,019

enjoyed the email back and forth this or

798

00:33:29,630 --> 00:33:27,360

that you know but I've not seen anything

799

00:33:31,250 --> 00:33:29,640

where there's like any ill intent behind

800

00:33:35,149 --> 00:33:31,260

it I mean because let's face it I mean

801  
00:33:37,130 --> 00:33:35,159  
you tell me your story I mean I'm not

802  
00:33:38,570 --> 00:33:37,140  
I'm not going to have you on Dateline

803  
00:33:41,529 --> 00:33:38,580  
and you know you're not going to get

804  
00:33:44,509 --> 00:33:41,539  
some lucrative book deal or

805  
00:33:46,310 --> 00:33:44,519  
TV show what about the 10 for Michael's

806  
00:33:49,430 --> 00:33:46,320  
podcast yeah you know what about the

807  
00:33:51,169 --> 00:33:49,440  
Denver Michael's Podcast chat GTP yes it

808  
00:33:52,850 --> 00:33:51,179  
doesn't it says he got well man you got

809  
00:33:54,649 --> 00:33:52,860  
to make it then because the internet's

810  
00:33:56,810 --> 00:33:54,659  
saying that it's real you got to

811  
00:33:58,850 --> 00:33:56,820  
manifest yeah that's funny that's funny

812  
00:34:01,490 --> 00:33:58,860  
that the internet's saying I've got a

813  
00:34:03,470 --> 00:34:01,500

podcast I mean how are my ratings is it

814

00:34:12,409 --> 00:34:03,480

successful oh no man they're about as

815

00:34:17,149 --> 00:34:15,530

uh with with Laird was fantastic and the

816

00:34:18,230 --> 00:34:17,159

thing is that the people whom I've been

817

00:34:20,450 --> 00:34:18,240

talking to

818

00:34:22,149 --> 00:34:20,460

like I get I never really lost touch

819

00:34:24,230 --> 00:34:22,159

with them they stole my Facebook I still

820

00:34:25,669 --> 00:34:24,240

yeah communicated with them it's just

821

00:34:27,290 --> 00:34:25,679

like

822

00:34:29,750 --> 00:34:27,300

you know it's when you have enough you

823

00:34:31,790 --> 00:34:29,760

have enough and you're like I got

824

00:34:34,070 --> 00:34:31,800

to change the diapers make sure the kid

825

00:34:36,349 --> 00:34:34,080

stays alive keep the wife relatively

826

00:34:38,270 --> 00:34:36,359

happy or at least you know don't ticker

827

00:34:40,970 --> 00:34:38,280

off on a constant basis

828

00:34:42,950 --> 00:34:40,980

those those are priorities

829

00:34:45,470 --> 00:34:42,960

um yeah you know being stalked by

830

00:34:51,190 --> 00:34:45,480

Kabbalah Cults because you said

831

00:34:56,389 --> 00:34:53,149

as I said like I've matured I've

832

00:34:59,210 --> 00:34:56,399

discovered a lot about myself and it's

833

00:35:00,950 --> 00:34:59,220

um it's it's water off a uh you know

834

00:35:03,290 --> 00:35:00,960

great aux back

835

00:35:05,329 --> 00:35:03,300

to a certain extent it's just yeah yeah

836

00:35:07,370 --> 00:35:05,339

people are going to be people uh and

837

00:35:10,730 --> 00:35:07,380

people don't have the criticisms and

838

00:35:14,270 --> 00:35:10,740

yeah you're right and like for me man

839

00:35:16,550 --> 00:35:14,280

this stuff should be fun yes

840

00:35:18,710 --> 00:35:16,560

uh like like that's why I started

841

00:35:20,930 --> 00:35:18,720

writing these books I you know I didn't

842

00:35:23,990 --> 00:35:20,940

start writing books and you know being

843

00:35:26,329 --> 00:35:24,000

on people's podcasts to um

844

00:35:28,730 --> 00:35:26,339

you know to beat my point of view into

845

00:35:31,370 --> 00:35:28,740

people's heads or or you know or or

846

00:35:33,589 --> 00:35:31,380

really even try to change anybody's mind

847

00:35:36,349 --> 00:35:33,599

about stuff it's just you know for me

848

00:35:38,450 --> 00:35:36,359

it's fun and then when you

849

00:35:41,030 --> 00:35:38,460

get you know when you get to and and

850

00:35:43,730 --> 00:35:41,040

I've done this myself and um you know I

851  
00:35:45,109 --> 00:35:43,740  
I really reigned myself man you know you

852  
00:35:47,990 --> 00:35:45,119  
get to this point you know you see

853  
00:35:50,630 --> 00:35:48,000  
people out there and they're just

854  
00:35:53,690 --> 00:35:50,640  
you know they're just hoaxing or they're

855  
00:35:55,609 --> 00:35:53,700  
just you know so full of it and you just

856  
00:35:58,130 --> 00:35:55,619  
you just see all this stuff and and you

857  
00:36:00,109 --> 00:35:58,140  
know if you let it bother you it just

858  
00:36:02,030 --> 00:36:00,119  
takes all the fun out of it and I just

859  
00:36:04,430 --> 00:36:02,040  
got to where like you know I really

860  
00:36:07,490 --> 00:36:04,440  
don't care what people do

861  
00:36:09,109 --> 00:36:07,500  
I'm just going to do what I do

862  
00:36:10,910 --> 00:36:09,119  
um there's going to be people that like

863  
00:36:15,230 --> 00:36:10,920

it there's going to be people that don't

864

00:36:16,970 --> 00:36:15,240

and you know I reach you I reach and you

865

00:36:19,010 --> 00:36:16,980

know who I don't I don't and you know

866

00:36:22,930 --> 00:36:19,020

just like I really don't care I'm just

867

00:36:26,150 --> 00:36:22,940

doing my thing and and the moment and

868

00:36:29,630 --> 00:36:26,160

the moment it stops being fun

869

00:36:31,970 --> 00:36:29,640

I'm out I you know I I just I'll just

870

00:36:34,069 --> 00:36:31,980

quit I'll take down my website and all

871

00:36:36,050 --> 00:36:34,079

that stuff because I I really got to a

872

00:36:38,770 --> 00:36:36,060

place you know a couple years ago where

873

00:36:40,490 --> 00:36:38,780

where things just stopped being fun

874

00:36:45,250 --> 00:36:40,500

and

875

00:36:48,470 --> 00:36:45,260

that's you know

876

00:36:51,050 --> 00:36:48,480

if it's ever not fun anymore if I if I

877

00:36:53,569 --> 00:36:51,060

if I if I lose that childlike wonder

878

00:36:55,849 --> 00:36:53,579

about the Unexplained

879

00:36:58,190 --> 00:36:55,859

and then forget it I'm done I'm I'm

880

00:37:01,609 --> 00:36:58,200

going to yank the website I'm gonna go

881

00:37:02,990 --> 00:37:01,619

on Amazon d-list all my books and you

882

00:37:04,609 --> 00:37:03,000

know you'll you'll never hear from me

883

00:37:07,750 --> 00:37:04,619

again which is a good indication that

884

00:37:09,589 --> 00:37:07,760

everyone just in case you can go uh

885

00:37:12,890 --> 00:37:09,599

denvermichaels.nets and you can request

886

00:37:15,829 --> 00:37:12,900

a sign book from this man right here

887

00:37:17,690 --> 00:37:15,839

so get in case it happens just go there

888

00:37:19,910 --> 00:37:17,700

go buy them all

889

00:37:21,770 --> 00:37:19,920

and that's what happened but if it you

890

00:37:25,849 --> 00:37:21,780

know if if things get where it's not fun

891

00:37:27,109 --> 00:37:25,859

anymore you know yeah I'm out uh because

892

00:37:29,990 --> 00:37:27,119

um

893

00:37:32,930 --> 00:37:30,000

you know it's that that's you know

894

00:37:35,030 --> 00:37:32,940

that's that's like why I started started

895

00:37:36,950 --> 00:37:35,040

writing that's that's why I do this

896

00:37:40,190 --> 00:37:36,960

because it's you know it's stuff that I

897

00:37:43,609 --> 00:37:40,200

enjoy and if it's not enjoyable then

898

00:37:45,410 --> 00:37:43,619

what the hell am I doing so uh I I you

899

00:37:47,690 --> 00:37:45,420

know like you're saying how you kind of

900

00:37:50,810 --> 00:37:47,700

went through a like a realignment with

901

00:37:53,270 --> 00:37:50,820

yourself I kind of did uh I kind of did

902

00:37:56,690 --> 00:37:53,280

that too in a lot of ways and and you

903

00:37:58,790 --> 00:37:56,700

know people that read my my newer books

904

00:38:01,370 --> 00:37:58,800

compared to my older stuff you probably

905

00:38:04,190 --> 00:38:01,380

even see that in in there you know I'm

906

00:38:05,089 --> 00:38:04,200

I'm just uh now speaking of your old

907

00:38:08,270 --> 00:38:05,099

books

908

00:38:11,510 --> 00:38:10,250

it's unfortunately I'm gonna show them

909

00:38:15,589 --> 00:38:11,520

to you

910

00:38:18,349 --> 00:38:15,599

in a couple of days one I can I can dig

911

00:38:23,210 --> 00:38:18,359

myself out of out of the uh uh nine to

912

00:38:26,030 --> 00:38:23,220

five and then five two whenever or call

913

00:38:28,609 --> 00:38:26,040

um yeah as anybody knows that uh I

914

00:38:32,270 --> 00:38:28,619

actually designed two of Denver's

915

00:38:34,430 --> 00:38:32,280

um books or book covers which was uh

916

00:38:36,410 --> 00:38:34,440

water Marsha South of the Border and uh

917

00:38:39,530 --> 00:38:36,420

wild and wonderful

918

00:38:41,390 --> 00:38:39,540

and paranormal West Virginia uh which

919

00:38:44,870 --> 00:38:41,400

are two of the most phenomenal books I

920

00:38:45,470 --> 00:38:44,880

think in his entire uh Corpus of work

921

00:38:47,810 --> 00:38:45,480

um

922

00:38:49,370 --> 00:38:47,820

so I did I've been working on a little

923

00:38:52,190 --> 00:38:49,380

bit of an updated for a second edition

924

00:38:54,650 --> 00:38:52,200

for the man uh I want to support this

925

00:38:56,329 --> 00:38:54,660

guy 110 he's been there for me since the

926  
00:38:58,670 --> 00:38:56,339  
beginning of the show he you were our

927  
00:39:01,910 --> 00:38:58,680  
second guest ever and you put up with a

928  
00:39:03,470 --> 00:39:01,920  
lot for me and I could and like I've

929  
00:39:05,450 --> 00:39:03,480  
believed in your work whether I've

930  
00:39:09,589 --> 00:39:05,460  
either agreed with it thought it was

931  
00:39:10,849 --> 00:39:09,599  
amazing said yeah maybe I I still think

932  
00:39:14,270 --> 00:39:10,859  
for somebody who's got as much passion

933  
00:39:17,630 --> 00:39:14,280  
the fact you can do it at a level so

934  
00:39:20,329 --> 00:39:17,640  
consistently uh for so long

935  
00:39:22,849 --> 00:39:20,339  
it it deserves

936  
00:39:24,950 --> 00:39:22,859  
better work than I could do then knowing

937  
00:39:26,170 --> 00:39:24,960  
that I've improved and anything that I

938  
00:39:29,150 --> 00:39:26,180

could do to be able to contribute to

939

00:39:31,250 --> 00:39:29,160

your work

940

00:39:32,810 --> 00:39:31,260

after the fact down the road

941

00:39:36,170 --> 00:39:32,820

it's

942

00:39:37,430 --> 00:39:36,180

you got to support your friends you got

943

00:39:39,410 --> 00:39:37,440

to support the people who are there for

944

00:39:41,329 --> 00:39:39,420

you and because at the end of the day

945

00:39:44,150 --> 00:39:41,339

we're all the community

946

00:39:45,770 --> 00:39:44,160

um and sometimes the community can get

947

00:39:47,270 --> 00:39:45,780

fractured sometimes the community can be

948

00:39:49,490 --> 00:39:47,280

crazy sometimes the community can be

949

00:39:54,250 --> 00:39:49,500

drinking Kool-Aid sometimes they could

950

00:40:00,890 --> 00:39:57,530

that's that's the one thing I think we

951  
00:40:04,490 --> 00:40:00,900  
as like an internet sphere need to get

952  
00:40:06,170 --> 00:40:04,500  
back to like we don't division sells

953  
00:40:08,270 --> 00:40:06,180  
negativity cells people want to get

954  
00:40:10,069 --> 00:40:08,280  
angry you know what man we're all tired

955  
00:40:12,170 --> 00:40:10,079  
we're like we got mortgages to pay

956  
00:40:13,430 --> 00:40:12,180  
mortgages are more expensive

957  
00:40:15,290 --> 00:40:13,440  
um you want you want to go on a trip

958  
00:40:17,150 --> 00:40:15,300  
somewhere good luck you're you're paying

959  
00:40:19,370 --> 00:40:17,160  
twice the amount for gas five times you

960  
00:40:22,370 --> 00:40:19,380  
know for for

961  
00:40:23,990 --> 00:40:22,380  
you know cheese or heaven forbid you buy

962  
00:40:25,670 --> 00:40:24,000  
some lettuce

963  
00:40:27,530 --> 00:40:25,680

which Vineyard Canada is pretty crazy

964

00:40:29,569 --> 00:40:27,540

right now it's like I think I've seen

965

00:40:31,250 --> 00:40:29,579

heads of lettuce for like 15 bucks I'm

966

00:40:33,890 --> 00:40:31,260

like you kidding me like I'll grow the

967

00:40:34,849 --> 00:40:33,900

stuff myself uh and it don't even taste

968

00:40:36,349 --> 00:40:34,859

good

969

00:40:38,750 --> 00:40:36,359

you know what man you don't make friends

970

00:40:40,010 --> 00:40:38,760

with lettuce yeah or Salad you don't

971

00:40:42,829 --> 00:40:40,020

make friends with salad

972

00:40:44,270 --> 00:40:42,839

but you do with sandwiches and you put

973

00:40:48,230 --> 00:40:44,280

lettuce on sandwiches a little bit of

974

00:40:53,050 --> 00:40:48,240

mayo some some some uh gray Poupon uh

975

00:40:57,410 --> 00:40:55,550

yeah it's been a busy day I'm kind of

976  
00:40:58,790 --> 00:40:57,420  
hungry right now

977  
00:41:00,349 --> 00:40:58,800  
it's like oh my God my goodness like it

978  
00:41:02,630 --> 00:41:00,359  
can be a good double decker club with

979  
00:41:04,790 --> 00:41:02,640  
like six slices of bacon and some tomato

980  
00:41:06,890 --> 00:41:04,800  
like thin cut

981  
00:41:09,230 --> 00:41:06,900  
you know put some Chipotle mayo on there

982  
00:41:11,990 --> 00:41:09,240  
a little bit of salt little anyway

983  
00:41:17,690 --> 00:41:15,130  
where is the craziest place you've been

984  
00:41:18,650 --> 00:41:17,700  
besides the Amazon because we can you

985  
00:41:21,109 --> 00:41:18,660  
hear me

986  
00:41:23,089 --> 00:41:21,119  
I want to repeat that where was what

987  
00:41:24,650 --> 00:41:23,099  
what is the craziest place you've been

988  
00:41:26,210 --> 00:41:24,660

like you said that you were called out

989

00:41:27,950 --> 00:41:26,220

to places to meet with people and to

990

00:41:29,930 --> 00:41:27,960

talk with people like every now and

991

00:41:32,930 --> 00:41:29,940

again they're gonna say hey like uh come

992

00:41:35,450 --> 00:41:32,940

check out my you know X location or this

993

00:41:37,490 --> 00:41:35,460

is where it happened I have you ever

994

00:41:39,829 --> 00:41:37,500

been in a situation where you're like

995

00:41:41,390 --> 00:41:39,839

I'm gonna die tonight this guy's Friends

996

00:41:45,770 --> 00:41:41,400

Are Gonna Roll me and steal my truck

997

00:41:49,010 --> 00:41:45,780

like ah yeah you know that's that's hard

998

00:41:52,550 --> 00:41:49,020

to say I mean

999

00:41:55,190 --> 00:41:52,560

it didn't do a whole lot of uh like

1000

00:41:57,050 --> 00:41:55,200

meeting up with people like that most of

1001  
00:41:58,790 --> 00:41:57,060  
my uh

1002  
00:42:02,089 --> 00:41:58,800  
most of the

1003  
00:42:03,410 --> 00:42:02,099  
field stuff I do I'm I'm just totally

1004  
00:42:05,569 --> 00:42:03,420  
alone

1005  
00:42:07,910 --> 00:42:05,579  
um I'm trying to think of

1006  
00:42:10,130 --> 00:42:07,920  
I mean I'll tell you a place that I

1007  
00:42:11,630 --> 00:42:10,140  
really but wait if you're alone how do

1008  
00:42:13,190 --> 00:42:11,640  
you take all those selfies where you're

1009  
00:42:17,150 --> 00:42:13,200  
like really far back

1010  
00:42:19,849 --> 00:42:17,160  
uh well sometimes like when sometimes my

1011  
00:42:22,310 --> 00:42:19,859  
Waffle you lose me like if it's a

1012  
00:42:24,470 --> 00:42:22,320  
like if it's like a hike that's got a

1013  
00:42:27,410 --> 00:42:24,480

nice view yeah but you know if it's just

1014

00:42:29,990 --> 00:42:27,420

like me stomping around in the woods you

1015

00:42:32,630 --> 00:42:30,000

know she's got to have a payoff right to

1016

00:42:34,609 --> 00:42:32,640

walk seven miles back in the woods or

1017

00:42:37,490 --> 00:42:34,619

something there's got to be a nice view

1018

00:42:38,990 --> 00:42:37,500

or something so usually on those she'll

1019

00:42:42,050 --> 00:42:39,000

be with me

1020

00:42:44,990 --> 00:42:42,060

but I'm trying to think here like

1021

00:42:47,930 --> 00:42:45,000

I'll tell you uh like a place I really

1022

00:42:50,810 --> 00:42:47,940

did not like and you know people get

1023

00:42:53,390 --> 00:42:50,820

sensitive about you they think if you're

1024

00:42:56,690 --> 00:42:53,400

bagging on their town or this or that

1025

00:43:00,230 --> 00:42:56,700

but uh up in um up in Massachusetts I

1026  
00:43:01,970 --> 00:43:00,240  
was up there uh back in the spring and

1027  
00:43:04,309 --> 00:43:01,980  
um you know there's an area they call

1028  
00:43:06,770 --> 00:43:04,319  
the Bridgewater Triangle supposed to be

1029  
00:43:08,690 --> 00:43:06,780  
all kinds of weirdness and all that and

1030  
00:43:10,309 --> 00:43:08,700  
you know I I went around to a bunch of

1031  
00:43:14,150 --> 00:43:10,319  
those places I went like out in the

1032  
00:43:17,390 --> 00:43:14,160  
hakamak swamp and uh and all that but

1033  
00:43:21,109 --> 00:43:17,400  
the one place I did not like was the um

1034  
00:43:23,510 --> 00:43:21,119  
the Freetown Fall State Forest and you

1035  
00:43:25,550 --> 00:43:23,520  
know it was really

1036  
00:43:28,670 --> 00:43:25,560  
there's really more you know like you

1037  
00:43:30,349 --> 00:43:28,680  
get there and you're just thinking

1038  
00:43:32,210 --> 00:43:30,359

you know you're thinking about like

1039

00:43:34,550 --> 00:43:32,220

Bigfoot sightings and all that right but

1040

00:43:38,410 --> 00:43:34,560

you get there and there's like graffiti

1041

00:43:42,470 --> 00:43:38,420

everywhere there's trash everywhere

1042

00:43:44,630 --> 00:43:42,480

I like went back to the uh RV and had

1043

00:43:46,130 --> 00:43:44,640

the wife you know like drive me out

1044

00:43:47,750 --> 00:43:46,140

there and just like drop me off because

1045

00:43:49,309 --> 00:43:47,760

I didn't want to park my car there

1046

00:43:51,109 --> 00:43:49,319

because I was afraid I was going to come

1047

00:43:54,290 --> 00:43:51,119

back and you know my tires would be

1048

00:43:57,050 --> 00:43:54,300

slashed or this or that so you know like

1049

00:43:59,210 --> 00:43:57,060

if you got to do stuff like that you

1050

00:44:01,069 --> 00:43:59,220

know you you're kind of wondering if

1051  
00:44:02,990 --> 00:44:01,079  
you're gonna like to stumble into some

1052  
00:44:05,210 --> 00:44:03,000  
meth heads or something like that when

1053  
00:44:07,849 --> 00:44:05,220  
you're out in the woods and uh so I

1054  
00:44:10,550 --> 00:44:07,859  
really didn't like that place I kind of

1055  
00:44:12,470 --> 00:44:10,560  
had uh had my head on the on a swivel

1056  
00:44:15,710 --> 00:44:12,480  
the whole time didn't

1057  
00:44:17,510 --> 00:44:15,720  
didn't really enter you know didn't I I

1058  
00:44:20,990 --> 00:44:17,520  
think it was like a Tuesday or Wednesday

1059  
00:44:23,870 --> 00:44:21,000  
so I I didn't really run into anybody uh

1060  
00:44:26,270 --> 00:44:23,880  
didn't have any kind of um you know any

1061  
00:44:28,910 --> 00:44:26,280  
of these strange phenomena take place

1062  
00:44:31,190 --> 00:44:28,920  
didn't really

1063  
00:44:33,770 --> 00:44:31,200

you know see anything that blew my skirt

1064

00:44:36,650 --> 00:44:33,780

up as far as like Bigfoot evidence that

1065

00:44:39,170 --> 00:44:36,660

a lot of people a lot of people say they

1066

00:44:40,430 --> 00:44:39,180

come across there but that was a place I

1067

00:44:42,190 --> 00:44:40,440

didn't like

1068

00:44:44,990 --> 00:44:42,200

um

1069

00:44:46,309 --> 00:44:45,000

you're an American well again I'm not

1070

00:44:48,170 --> 00:44:46,319

trying to be able to paint all Americans

1071

00:44:50,930 --> 00:44:48,180

with the same brush here but

1072

00:44:54,109 --> 00:44:50,940

you know there was a certain right to

1073

00:44:56,589 --> 00:44:54,119

self-defense and to bear arms especially

1074

00:44:59,030 --> 00:44:56,599

if there's a possibility of bear arms

1075

00:45:00,589 --> 00:44:59,040

attacking you in the woods are you

1076

00:45:02,089 --> 00:45:00,599

bringing a bear spray any type of

1077

00:45:04,670 --> 00:45:02,099

protection

1078

00:45:06,470 --> 00:45:04,680

well I mean I don't they won't uh as far

1079

00:45:09,170 --> 00:45:06,480

as I know they won't let you well black

1080

00:45:11,390 --> 00:45:09,180

bears are Grandpa strap a gun or

1081

00:45:14,750 --> 00:45:11,400

anything on in Massachusetts but I

1082

00:45:15,530 --> 00:45:14,760

always uh you know I'll I'll always have

1083

00:45:18,230 --> 00:45:15,540

um

1084

00:45:20,150 --> 00:45:18,240

a lot of times I do carry a can of bear

1085

00:45:22,910 --> 00:45:20,160

spray and it really it's usually more

1086

00:45:25,970 --> 00:45:22,920

for people so much I'm more afraid of

1087

00:45:27,410 --> 00:45:25,980

people than I am bears but uh yeah like

1088

00:45:30,170 --> 00:45:27,420

even

1089

00:45:32,510 --> 00:45:30,180

a lot of places you know that I was uh

1090

00:45:34,790 --> 00:45:32,520

you know uh back in the spring when I

1091

00:45:37,550 --> 00:45:34,800

was down in Florida I was uh

1092

00:45:38,630 --> 00:45:37,560

out in uh out in the green swamp out

1093

00:45:41,030 --> 00:45:38,640

there

1094

00:45:44,210 --> 00:45:41,040

um you know they do have some bears and

1095

00:45:46,910 --> 00:45:44,220

stuff but uh really more in case you

1096

00:45:49,670 --> 00:45:46,920

run across somebody hopped up on bath

1097

00:45:53,410 --> 00:45:49,680

salts or something like that so you're

1098

00:45:57,050 --> 00:45:55,309

oh geez

1099

00:45:59,030 --> 00:45:57,060

yeah well that was that

1100

00:46:02,390 --> 00:45:59,040

I was I was doing research on like the

1101  
00:46:03,890 --> 00:46:02,400  
tales of Florida man buckets completely

1102  
00:46:06,410 --> 00:46:03,900  
different design

1103  
00:46:09,950 --> 00:46:06,420  
yeah it's a little different down there

1104  
00:46:13,010 --> 00:46:09,960  
but um I mean I'm I'm actually a Florida

1105  
00:46:16,250 --> 00:46:13,020  
resident now I uh I'm and a lot of

1106  
00:46:19,809 --> 00:46:16,260  
people hate on Florida but uh I'm a fan

1107  
00:46:23,150 --> 00:46:19,819  
hey it's a little bit crazy yeah I mean

1108  
00:46:24,400 --> 00:46:23,160  
nobody nobody can can deny it's a kind

1109  
00:46:26,470 --> 00:46:24,410  
of a crazy place

1110  
00:46:29,690 --> 00:46:26,480  
[Laughter]

1111  
00:46:31,849 --> 00:46:29,700  
going more into like again we're gonna

1112  
00:46:34,609 --> 00:46:31,859  
take a step back here a few thousand

1113  
00:46:36,170 --> 00:46:34,619

years a few million years

1114

00:46:39,770 --> 00:46:36,180

um well we'll go with a few thousand

1115

00:46:43,250 --> 00:46:41,690

if we're talking about

1116

00:46:45,170 --> 00:46:43,260

out in the woods you know we've got

1117

00:46:47,030 --> 00:46:45,180

Bigfoot you know there's been tons of

1118

00:46:49,609 --> 00:46:47,040

sightings and whether it's just some guy

1119

00:46:51,470 --> 00:46:49,619

out in BC who's wearing a mask and

1120

00:46:52,730 --> 00:46:51,480

trying to get a Netflix special uh he

1121

00:46:54,650 --> 00:46:52,740

never said he wanted to come on the show

1122

00:46:57,589 --> 00:46:54,660

too that was kind of unfortunate it was

1123

00:46:59,270 --> 00:46:57,599

a long time ago uh or you know you've

1124

00:47:02,329 --> 00:46:59,280

got your chupacabra you've got your

1125

00:47:06,109 --> 00:47:02,339

alien visitations it but it's on the big

1126

00:47:08,089 --> 00:47:06,119

planes uh that you see

1127

00:47:09,890 --> 00:47:08,099

potentially mammoths

1128

00:47:11,450 --> 00:47:09,900

that is one of your most recent books

1129

00:47:14,870 --> 00:47:11,460

yeah

1130

00:47:18,410 --> 00:47:14,880

it's it's very game of thrones-esque in

1131

00:47:20,270 --> 00:47:18,420

its uh in its cover kind of what was the

1132

00:47:23,510 --> 00:47:20,280

story behind

1133

00:47:26,569 --> 00:47:23,520

that subject in particular and did you

1134

00:47:27,890 --> 00:47:26,579

watch The Joe Rogan episode on uh on the

1135

00:47:29,589 --> 00:47:27,900

Alaskan

1136

00:47:34,130 --> 00:47:29,599

boneyards

1137

00:47:35,030 --> 00:47:34,140

I did not watch The Joe Rogan episode I

1138

00:47:35,690 --> 00:47:35,040

really

1139

00:47:39,230 --> 00:47:35,700

um

1140

00:47:41,690 --> 00:47:39,240

you know I I really don't follow uh any

1141

00:47:44,630 --> 00:47:41,700

podcast real real close I mean I tune

1142

00:47:47,630 --> 00:47:44,640

into this one obviously but um you know

1143

00:47:50,329 --> 00:47:47,640

it's hard for me to really um

1144

00:47:54,230 --> 00:47:50,339

you know really follow along so I didn't

1145

00:47:58,010 --> 00:47:54,240

see that but um uh the the the point of

1146

00:47:59,210 --> 00:47:58,020

this book my contention is

1147

00:48:03,349 --> 00:47:59,220

um

1148

00:48:05,450 --> 00:48:03,359

that mammoths and mastodons

1149

00:48:09,170 --> 00:48:05,460

I'm not saying there's any alive today

1150

00:48:12,109 --> 00:48:09,180

I'm saying there could be a herd in uh

1151

00:48:13,910 --> 00:48:12,119

in the Siberian tiger or however the

1152

00:48:15,349 --> 00:48:13,920

hell you say it you know

1153

00:48:17,450 --> 00:48:15,359

um and I'm not the only one that said

1154

00:48:20,750 --> 00:48:17,460

that uh the father of cryptozoology

1155

00:48:23,630 --> 00:48:20,760

Bernard webelman's in his book um

1156

00:48:25,670 --> 00:48:23,640

you know uh searching for

1157

00:48:28,190 --> 00:48:25,680

what is it on the track of unknown

1158

00:48:30,530 --> 00:48:28,200

animals a book he released back in the

1159

00:48:33,170 --> 00:48:30,540

fifth he's uh you know he made a good

1160

00:48:36,050 --> 00:48:33,180

point that in an area that large you

1161

00:48:37,430 --> 00:48:36,060

know just a just a it's a continuous

1162

00:48:39,710 --> 00:48:37,440

Forest

1163

00:48:41,930 --> 00:48:39,720

um two-thirds the size of the United

1164

00:48:44,569 --> 00:48:41,940

States and nobody lives there I mean

1165

00:48:47,089 --> 00:48:44,579

there's some native tribes there but uh

1166

00:48:48,710 --> 00:48:47,099

very one of the most sparsely populated

1167

00:48:51,470 --> 00:48:48,720

places on Earth

1168

00:48:54,470 --> 00:48:51,480

you know he said that um

1169

00:48:56,809 --> 00:48:54,480

the amazing thing is that there are a

1170

00:48:59,809 --> 00:48:56,819

few uh Mama sightings there that you

1171

00:49:02,510 --> 00:48:59,819

know I heard could could easily avoid

1172

00:49:05,510 --> 00:49:02,520

detection there but you know I'm on the

1173

00:49:07,490 --> 00:49:05,520

fence as far as that goes but um my

1174

00:49:08,870 --> 00:49:07,500

contention is and and the reason that I

1175

00:49:12,650 --> 00:49:08,880

wrote the book

1176

00:49:16,210 --> 00:49:12,660

is I believe based on

1177

00:49:18,950 --> 00:49:16,220

um you know a lot of you Mammoth motifs

1178

00:49:21,650 --> 00:49:18,960

petroglyphs things like that and a lot

1179

00:49:25,569 --> 00:49:21,660

of the Native American Tales I think

1180

00:49:29,210 --> 00:49:25,579

that um there was at least a few

1181

00:49:30,589 --> 00:49:29,220

mammoths and mastodons alive in North

1182

00:49:32,809 --> 00:49:30,599

America

1183

00:49:33,950 --> 00:49:32,819

up until a couple hundred years ago I

1184

00:49:36,710 --> 00:49:33,960

would say

1185

00:49:39,230 --> 00:49:36,720

and that's really what um you know this

1186

00:49:42,770 --> 00:49:39,240

this book delves into and and you know

1187

00:49:44,510 --> 00:49:42,780

it the the way that I got into this was

1188

00:49:46,730 --> 00:49:44,520

um is actually

1189

00:49:50,150 --> 00:49:46,740

and it's kind of funny it's uh

1190

00:49:52,010 --> 00:49:50,160

I guess I was at about 19 years old and

1191

00:49:54,349 --> 00:49:52,020

um you know I'm a big I've always been a

1192

00:49:57,410 --> 00:49:54,359

big fan of uh Louis Lamour his uh

1193

00:49:59,809 --> 00:49:57,420

western novels right and I read um

1194

00:50:02,630 --> 00:49:59,819

uh Jewel Sackett which is a little bit

1195

00:50:04,730 --> 00:50:02,640

different it's uh it goes back to uh I I

1196

00:50:06,650 --> 00:50:04,740

think it takes place around the 1620s

1197

00:50:08,450 --> 00:50:06,660

but anyway Jubal

1198

00:50:11,510 --> 00:50:08,460

long story shorts the main character

1199

00:50:13,309 --> 00:50:11,520

Jubal he's got a Kickapoo a traveling

1200

00:50:16,190 --> 00:50:13,319

companion and he's you know he's kind of

1201  
00:50:17,150 --> 00:50:16,200  
like walking across the to modern day us

1202  
00:50:20,750 --> 00:50:17,160  
with

1203  
00:50:22,309 --> 00:50:20,760  
and he tells Jubal of this creature and

1204  
00:50:23,930 --> 00:50:22,319  
to him he's like

1205  
00:50:26,329 --> 00:50:23,940  
it's kind of like holy [h\_\_\h] that sounds

1206  
00:50:28,670 --> 00:50:26,339  
just like an elephant but there's no

1207  
00:50:31,490 --> 00:50:28,680  
elephants in North America you know and

1208  
00:50:32,809 --> 00:50:31,500  
and and his buddy's like oh no like I've

1209  
00:50:34,370 --> 00:50:32,819  
seen it

1210  
00:50:37,550 --> 00:50:34,380  
and

1211  
00:50:39,589 --> 00:50:37,560  
you know like in most of lamour's novels

1212  
00:50:41,750 --> 00:50:39,599  
like in in the like in the back you

1213  
00:50:43,609 --> 00:50:41,760

would have like a note section because I

1214

00:50:45,890 --> 00:50:43,619

mean they were you know his novels were

1215

00:50:47,390 --> 00:50:45,900

very accurate you know historically and

1216

00:50:49,309 --> 00:50:47,400

you know he would he would have like all

1217

00:50:51,890 --> 00:50:49,319

these notes to refer to

1218

00:50:53,569 --> 00:50:51,900

and sure enough like I looked up some of

1219

00:50:54,710 --> 00:50:53,579

the some of the stuff that he had said

1220

00:50:57,589 --> 00:50:54,720

and

1221

00:51:01,010 --> 00:50:57,599

you know there was a trail from the Ponca

1222

00:51:03,950 --> 00:51:01,020

tribe that you know like India 1500s a

1223

00:51:07,130 --> 00:51:03,960

um a hunting party out around Nebraska

1224

00:51:09,049 --> 00:51:07,140

came across a dead Mammoth and the word

1225

00:51:10,849 --> 00:51:09,059

that I can't remember like how you say

1226

00:51:13,250 --> 00:51:10,859

the word or whatever but the word that

1227

00:51:15,109 --> 00:51:13,260

they used for Mammoth was like the same

1228

00:51:18,349 --> 00:51:15,119

word in their language that they used

1229

00:51:21,170 --> 00:51:18,359

like for like circus elephants that sort

1230

00:51:24,470 --> 00:51:21,180

of thing so you know

1231

00:51:26,569 --> 00:51:24,480

it's like okay maybe there's a little

1232

00:51:28,609 --> 00:51:26,579

something to this and you know I'd read

1233

00:51:31,670 --> 00:51:28,619

these Tales of um

1234

00:51:34,010 --> 00:51:31,680

various Native American tribes of these

1235

00:51:35,930 --> 00:51:34,020

uh stiff-legged Bears they call them and

1236

00:51:38,450 --> 00:51:35,940

and the description I mean you know if

1237

00:51:40,430 --> 00:51:38,460

it's a mastodon

1238

00:51:43,370 --> 00:51:40,440

um you know some of the First Nations

1239

00:51:45,710 --> 00:51:43,380

people talked about a like a great moose

1240

00:51:47,450 --> 00:51:45,720

they had a fifth leg you know that it

1241

00:51:49,910 --> 00:51:47,460

could pick stuff up with you know like

1242

00:51:51,589 --> 00:51:49,920

uh you know like like a trunk and are

1243

00:51:55,069 --> 00:51:51,599

you sure they were talking about the

1244

00:51:57,170 --> 00:51:55,079

trunk well it might yeah well it's one

1245

00:52:00,290 --> 00:51:57,180

or the other so you know to keep it

1246

00:52:02,510 --> 00:52:00,300

clean we'll go with me I just want to

1247

00:52:04,490 --> 00:52:02,520

clarify that don't you know the you know

1248

00:52:06,890 --> 00:52:04,500

the point being that

1249

00:52:09,470 --> 00:52:06,900

there's a lot of there's a lot of things

1250

00:52:10,790 --> 00:52:09,480

that that you know just kind of make you

1251

00:52:13,730 --> 00:52:10,800

think and okay

1252

00:52:14,870 --> 00:52:13,740

um it's one of those things and it's

1253

00:52:16,730 --> 00:52:14,880

kind of like what I was talking about

1254

00:52:18,710 --> 00:52:16,740

earlier this this stuff has to be

1255

00:52:21,650 --> 00:52:18,720

enjoyable for me it has to be fun right

1256

00:52:24,470 --> 00:52:21,660

I mean if anybody picks up my book it's

1257

00:52:27,470 --> 00:52:24,480

called modern day mammoths um

1258

00:52:29,329 --> 00:52:27,480

you know it's it's not uh

1259

00:52:32,089 --> 00:52:29,339

you know if you're looking for a whole

1260

00:52:34,190 --> 00:52:32,099

bunch of scientific proof you're going

1261

00:52:36,109 --> 00:52:34,200

to be disappointed I mean I can't prove

1262

00:52:38,870 --> 00:52:36,119

a word of what I'm saying

1263

00:52:41,510 --> 00:52:38,880

but it's you know there's just all of

1264

00:52:44,809 --> 00:52:41,520

these interesting tales that just really

1265

00:52:47,630 --> 00:52:44,819

like make you think that um you know

1266

00:52:51,530 --> 00:52:47,640

some of these old stories if people

1267

00:52:52,750 --> 00:52:51,540

weren't so biased right that we know you

1268

00:52:55,490 --> 00:52:52,760

know

1269

00:52:57,470 --> 00:52:55,500

mammoths mastodons went extinct at the

1270

00:53:00,589 --> 00:52:57,480

end of The Last Day Ice Age you know

1271

00:53:02,630 --> 00:53:00,599

we're so biased by what we think we know

1272

00:53:05,030 --> 00:53:02,640

that we just kind of like

1273

00:53:08,089 --> 00:53:05,040

you know just put these blinders on and

1274

00:53:10,790 --> 00:53:08,099

and so any any of these old stories oh

1275

00:53:13,250 --> 00:53:10,800

no that's a bear or you know oh no

1276

00:53:14,870 --> 00:53:13,260

that's you know that's uh

1277

00:53:17,510 --> 00:53:14,880

you know that that's some sort of

1278

00:53:19,790 --> 00:53:17,520

Parable with you know some sort of

1279

00:53:22,069 --> 00:53:19,800

esoteric meaning you know

1280

00:53:25,069 --> 00:53:22,079

um but it's it's really interesting to

1281

00:53:28,370 --> 00:53:25,079

me and I um if you read um

1282

00:53:31,730 --> 00:53:28,380

and buying to Laurier Junior's book red

1283

00:53:34,130 --> 00:53:31,740

Earth White Lies some of you probably at

1284

00:53:36,230 --> 00:53:34,140

least heard of his his early Works uh

1285

00:53:38,930 --> 00:53:36,240

you know Custer died for your sins he

1286

00:53:40,970 --> 00:53:38,940

was a Native American Author activist

1287

00:53:43,370 --> 00:53:40,980

but anyway in the

1288

00:53:45,290 --> 00:53:43,380

in the uh red Earth white lights he

1289

00:53:47,210 --> 00:53:45,300

really gets into some of those stories

1290

00:53:50,809 --> 00:53:47,220

you know from a Native American

1291

00:53:53,150 --> 00:53:50,819

perspective of how you know when the

1292

00:53:55,910 --> 00:53:53,160

pill you know as he puts it like when

1293

00:54:00,530 --> 00:53:55,920

the pilgrims landed on North America

1294

00:54:04,849 --> 00:54:00,540

there were still you know at least a few

1295

00:54:08,450 --> 00:54:04,859

you know Mamas and Mastodon so um there

1296

00:54:10,549 --> 00:54:08,460

was actually a uh you know a herd on one

1297

00:54:11,450 --> 00:54:10,559

of the Californian

1298

00:54:13,130 --> 00:54:11,460

um

1299

00:54:15,710 --> 00:54:13,140

Islands offshore and because like they

1300

00:54:18,650 --> 00:54:15,720

had been there for so long uh if if you

1301

00:54:20,990 --> 00:54:18,660

stick a species on us on an island it's

1302

00:54:22,910 --> 00:54:21,000

eventually going to get smaller uh so

1303

00:54:25,490 --> 00:54:22,920

like they had shrunk down so you're

1304

00:54:27,290 --> 00:54:25,500

talking smaller than a current uh you

1305

00:54:29,329 --> 00:54:27,300

know elephant but they would you know

1306

00:54:30,530 --> 00:54:29,339

they still existed and I think they were

1307

00:54:32,030 --> 00:54:30,540

I don't even I'm not even gonna

1308

00:54:34,250 --> 00:54:32,040

speculate on the date because I'm I'm

1309

00:54:37,010 --> 00:54:34,260

you know pulling back far into my memory

1310

00:54:39,230 --> 00:54:37,020

as far as this one but like a couple a

1311

00:54:40,430 --> 00:54:39,240

couple hundred years ago at least about

1312

00:54:41,630 --> 00:54:40,440

a thousand years ago maybe they were

1313

00:54:43,910 --> 00:54:41,640

still around

1314

00:54:46,670 --> 00:54:43,920

well I mean I think the current time

1315

00:54:48,650 --> 00:54:46,680

frames everybody says is like you know

1316

00:54:50,750 --> 00:54:48,660

the last of these things died like I

1317

00:54:53,390 --> 00:54:50,760

mean maybe some stuff you know with with

1318

00:54:55,970 --> 00:54:53,400

certain areas has been revised but you

1319

00:55:00,049 --> 00:54:55,980

know the the best uh last I've heard is

1320

00:55:02,569 --> 00:55:00,059

like 4 000 years ago right but um

1321

00:55:05,329 --> 00:55:02,579

you know I mean like to me

1322

00:55:08,510 --> 00:55:05,339

I'll give you a quick example here

1323

00:55:10,970 --> 00:55:08,520

um like uh recently I don't know if

1324

00:55:13,990 --> 00:55:10,980

folks have heard of the Siberian unicorn

1325

00:55:17,329 --> 00:55:14,000

it it was like this large you know

1326

00:55:20,030 --> 00:55:17,339

rhinoceros and uh they thought that

1327

00:55:22,490 --> 00:55:20,040

these things had went extinct

1328

00:55:26,990 --> 00:55:22,500

um you know the time frame was you know

1329

00:55:29,630 --> 00:55:27,000

uh 200 000 years ago thereabouts and you

1330

00:55:32,990 --> 00:55:29,640

know they they recently revised their

1331

00:55:34,490 --> 00:55:33,000

position that they uh went extinct 39

1332

00:55:37,430 --> 00:55:34,500

000 years ago

1333

00:55:39,650 --> 00:55:37,440

so they you know essentially lived

1334

00:55:41,990 --> 00:55:39,660

alongside modern humans you know the

1335

00:55:46,970 --> 00:55:42,000

point of this is you know that is a

1336

00:55:50,390 --> 00:55:46,980

correction of what 160 000 years

1337

00:55:53,089 --> 00:55:50,400

okay so I mean I'm is it really that

1338

00:55:54,650 --> 00:55:53,099

crazy that I'm you know that I'm saying

1339

00:55:56,750 --> 00:55:54,660

that okay you're saying that everything

1340

00:55:59,329 --> 00:55:56,760

was wiped out at the end of the last ice

1341

00:56:01,010 --> 00:55:59,339

age I'm saying a few hundred years ago I

1342

00:56:03,770 --> 00:56:01,020

mean that's only a correction of a few

1343

00:56:07,190 --> 00:56:03,780

thousand years not a hundred and sixty

1344

00:56:09,770 --> 00:56:07,200

thousand years and I I just think that

1345

00:56:12,589 --> 00:56:09,780

you know we just we we just get so

1346

00:56:14,450 --> 00:56:12,599

people just get so sad and you know what

1347

00:56:17,809 --> 00:56:14,460

we think we know

1348

00:56:21,109 --> 00:56:17,819

and the science is settled uh you know

1349

00:56:23,030 --> 00:56:21,119

and yeah I mean like it's like I

1350

00:56:25,670 --> 00:56:23,040

remember you know in some college class

1351

00:56:29,630 --> 00:56:25,680

and geology classes in college you know

1352

00:56:32,630 --> 00:56:29,640

like uh a kid asked about uh

1353

00:56:34,670 --> 00:56:32,640

you know dating uh Rock layers and

1354

00:56:37,569 --> 00:56:34,680

things and he's like well you know

1355

00:56:39,950 --> 00:56:37,579

couldn't um you know like a like a flood

1356

00:56:42,530 --> 00:56:39,960

you know create some of these land

1357

00:56:45,710 --> 00:56:42,540

features or layers no

1358

00:56:48,290 --> 00:56:45,720

that's religion I'm only focused on

1359

00:56:50,390 --> 00:56:48,300

science and science I'm not going to

1360

00:56:53,450 --> 00:56:50,400

waste the classes you know there you

1361

00:56:55,930 --> 00:56:53,460

just the everything is is settled

1362

00:56:59,450 --> 00:56:55,940

according to these people

1363

00:57:00,829 --> 00:56:59,460

that wrong but at least look at that as

1364

00:57:01,970 --> 00:57:00,839

a possibility because like those those

1365

00:57:03,589 --> 00:57:01,980

were dug out

1366

00:57:05,690 --> 00:57:03,599

at least potentially

1367

00:57:08,630 --> 00:57:05,700

okay that's a Randall Carlson thing like

1368

00:57:11,390 --> 00:57:08,640

we all know the Missoula uh uh you know

1369

00:57:13,069 --> 00:57:11,400

scavalands those are massive features

1370

00:57:16,130 --> 00:57:13,079

that were dug out by a large Deluge

1371

00:57:17,870 --> 00:57:16,140

Deluge of water apparently uh some

1372

00:57:19,790 --> 00:57:17,880

people say it was just erosion over a

1373

00:57:22,250 --> 00:57:19,800

long period of time it kind of looks

1374

00:57:23,329 --> 00:57:22,260

like if you pour water if you look at a

1375

00:57:25,549 --> 00:57:23,339

if you were in a kid and you have water

1376

00:57:27,530 --> 00:57:25,559

out of a bucket and you pour it into the

1377

00:57:29,950 --> 00:57:27,540

beach sand and the beach sand is already

1378

00:57:32,510 --> 00:57:29,960

wet it's going to make a very clear path

1379

00:57:34,370 --> 00:57:32,520

like that's it's a very similar thing

1380

00:57:36,710 --> 00:57:34,380

but on a much larger scale obviously we

1381

00:57:38,809 --> 00:57:36,720

can't see it because you know if we were

1382

00:57:40,309 --> 00:57:38,819

thousands of feet tall it would probably

1383

00:57:43,069 --> 00:57:40,319

look the same

1384

00:57:46,370 --> 00:57:43,079

um you know it

1385

00:57:50,210 --> 00:57:46,380

the experts in a lot of fields are going

1386

00:57:51,950 --> 00:57:50,220

to have a lot of expertise and data to

1387

00:57:55,670 --> 00:57:51,960

be able to back up their findings when

1388

00:57:57,410 --> 00:57:55,680

it comes to archeology uh fossil Foss

1389

00:57:59,710 --> 00:57:57,420

and I'm not a scientist but you know I I

1390

00:58:02,450 --> 00:57:59,720

know a fair amount of scientists

1391

00:58:03,829 --> 00:58:02,460

fossilization for anybody out there it

1392

00:58:07,730 --> 00:58:03,839

has to happen under very specific

1393

00:58:11,170 --> 00:58:07,740

conditions so the fossils we find are

1394

00:58:14,270 --> 00:58:11,180

a very small fraction of what actually

1395

00:58:16,309 --> 00:58:14,280

survived so we don't even have the false

1396

00:58:17,150 --> 00:58:16,319

record we have isn't even the full

1397

00:58:20,870 --> 00:58:17,160

picture

1398

00:58:24,829 --> 00:58:20,880

we're making suppositions based on

1399

00:58:27,410 --> 00:58:24,839

a small data set and can it be accurate

1400

00:58:28,910 --> 00:58:27,420

in some ways yes you know there may be

1401  
00:58:31,970 --> 00:58:28,920  
things that were that were missing even

1402  
00:58:34,790 --> 00:58:31,980  
from 30 000 years ago 10 000 years ago

1403  
00:58:38,390 --> 00:58:34,800  
heck even like

1404  
00:58:41,390 --> 00:58:38,400  
it's like I I I could break wind and it

1405  
00:58:43,609 --> 00:58:41,400  
will smell different one day versus the

1406  
00:58:46,430 --> 00:58:43,619  
other even if I eat the exact same thing

1407  
00:58:48,770 --> 00:58:46,440  
every single day so you can't even go

1408  
00:58:51,710 --> 00:58:48,780  
with sometimes the data that you have

1409  
00:58:54,650 --> 00:58:51,720  
from the day before so if you're talking

1410  
00:58:57,109 --> 00:58:54,660  
10 000 years

1411  
00:58:59,750 --> 00:58:57,119  
it's it's very difficult and I I can

1412  
00:59:02,690 --> 00:58:59,760  
understand that perspective 100 so at

1413  
00:59:06,289 --> 00:59:02,700

least from a questioning standpoint but

1414

00:59:08,329 --> 00:59:06,299

I'm that pain in the ass guy who always

1415

00:59:10,130 --> 00:59:08,339

will ask more questions

1416

00:59:11,870 --> 00:59:10,140

either because I want to know

1417

00:59:13,609 --> 00:59:11,880

or because I just want to be annoying

1418

00:59:15,170 --> 00:59:13,619

and I think it's funny

1419

00:59:17,569 --> 00:59:15,180

most the time it's because I want to

1420

00:59:22,450 --> 00:59:20,630

and like if whether it's for my own uh

1421

00:59:25,069 --> 00:59:22,460

uh my own

1422

00:59:26,510 --> 00:59:25,079

well-being of peace of mind or just the

1423

00:59:27,950 --> 00:59:26,520

fact that it's like okay well at least

1424

00:59:29,990 --> 00:59:27,960

it's something new that I learned today

1425

00:59:31,069 --> 00:59:30,000

and I can add it to that piece of the

1426

00:59:34,549 --> 00:59:31,079

puzzle

1427

00:59:36,829 --> 00:59:34,559

videos sometimes you just gotta know for

1428

00:59:38,990 --> 00:59:36,839

knowing some people will say oh history

1429

00:59:41,770 --> 00:59:39,000

we if we learn history we can learn from

1430

00:59:44,870 --> 00:59:41,780

the past yes that is very important

1431

00:59:47,569 --> 00:59:44,880

sometimes you just gotta know and

1432

00:59:50,510 --> 00:59:47,579

there's nothing more to it it's it is

1433

00:59:53,030 --> 00:59:50,520

our endless curiosity as humans and so

1434

00:59:55,309 --> 00:59:53,040

one of the reasons one of the reasons I

1435

00:59:57,470 --> 00:59:55,319

brought this show back because I'm like

1436

01:00:00,230 --> 00:59:57,480

it's it's fun to know whether it's other

1437

01:00:02,930 --> 01:00:00,240

people's perspectives or not and

1438

01:00:04,730 --> 01:00:02,940

you know if if one of the things I'm I I

1439

01:00:06,289 --> 01:00:04,740

gotta know is whether you know the

1440

01:00:08,870 --> 01:00:06,299

difference between a mastodon and a

1441

01:00:11,809 --> 01:00:08,880

mammoth because most people don't

1442

01:00:14,390 --> 01:00:11,819

I would think that it comes down to size

1443

01:00:15,950 --> 01:00:14,400

and Tusk structure and head structure

1444

01:00:19,430 --> 01:00:15,960

but it's probably a lot more complicated

1445

01:00:21,170 --> 01:00:19,440

than that so can you eliminate me

1446

01:00:24,710 --> 01:00:21,180

uh you know I mean they're they're

1447

01:00:25,750 --> 01:00:24,720

pretty similar like Mastodon is uh you

1448

01:00:29,809 --> 01:00:25,760

know like

1449

01:00:33,109 --> 01:00:29,819

I there they're kind of shorter like

1450

01:00:35,150 --> 01:00:33,119

stockier you know they're like cousins

1451

01:00:38,150 --> 01:00:35,160

you know the the mammals you know they

1452

01:00:40,789 --> 01:00:38,160

got that like that big curving toss kind

1453

01:00:43,970 --> 01:00:40,799

of like the um

1454

01:00:46,549 --> 01:00:43,980

the the way that they're that their back

1455

01:00:48,289 --> 01:00:46,559

looks it's it's almost kind of like the

1456

01:00:51,230 --> 01:00:48,299

uh I really like the difference between

1457

01:00:53,630 --> 01:00:51,240

a grizzly bear Ray robino's character

1458

01:00:55,190 --> 01:00:53,640

from Ice Age one was that a mammoth or a

1459

01:00:57,289 --> 01:00:55,200

mastodon

1460

01:00:58,910 --> 01:00:57,299

do what now have you ever watched Ice

1461

01:01:03,289 --> 01:00:58,920

Age the first one

1462

01:01:05,170 --> 01:01:03,299

Ray Romano that was a yes okay so the

1463

01:01:08,270 --> 01:01:05,180

Mastodon there

1464

01:01:10,370 --> 01:01:08,280

you know their their back is like kind

1465

01:01:13,010 --> 01:01:10,380

of flatter looking they're a little more

1466

01:01:15,109 --> 01:01:13,020

kind of kind of stocky I mean they're

1467

01:01:18,049 --> 01:01:15,119

they're you know they got really big too

1468

01:01:20,870 --> 01:01:18,059

but uh you know the mammoths were and

1469

01:01:24,170 --> 01:01:20,880

the mammoths lived more like

1470

01:01:27,049 --> 01:01:24,180

and then like on on the steps and like

1471

01:01:30,170 --> 01:01:27,059

in more grasslands I think the the

1472

01:01:33,109 --> 01:01:30,180

mastodons were you know in like more the

1473

01:01:35,329 --> 01:01:33,119

wooded environments but um you know they

1474

01:01:36,950 --> 01:01:35,339

they co-mingled I mean they found a lot

1475

01:01:40,670 --> 01:01:36,960

of their you know their bones

1476

01:01:42,950 --> 01:01:40,680

intermingled in some of the same places

1477

01:01:44,329 --> 01:01:42,960

so it's like you know dogs at a dog park

1478

01:01:46,309 --> 01:01:44,339

they're just gonna hang out even if you

1479

01:01:47,690 --> 01:01:46,319

got a golden retriever or you got like a

1480

01:01:49,010 --> 01:01:47,700

great yeah I mean there a little

1481

01:01:52,130 --> 01:01:49,020

schnauzer

1482

01:01:56,089 --> 01:01:52,140

oh yeah they're they're you know they're

1483

01:01:57,890 --> 01:01:56,099

very similar I I had to ask because my

1484

01:02:00,109 --> 01:01:57,900

five-year-old has been watching Ice Age

1485

01:02:02,150 --> 01:02:00,119

one she won't watch the other ones

1486

01:02:03,589 --> 01:02:02,160

because heaven forbid you know the

1487

01:02:05,270 --> 01:02:03,599

acting gets worse and the story gets

1488

01:02:07,309 --> 01:02:05,280

more convoluted the original is always

1489

01:02:08,930 --> 01:02:07,319

going to be better like Star Wars

1490

01:02:11,270 --> 01:02:08,940

um so [h\_\_h] like that that was her

1491

01:02:12,490 --> 01:02:11,280

question and uh you know she's asleep

1492

01:02:15,230 --> 01:02:12,500

right now because

1493

01:02:19,010 --> 01:02:15,240

kids kids up after 8 30 is never a good

1494

01:02:20,750 --> 01:02:19,020

thing uh yeah so honey it's

1495

01:02:23,510 --> 01:02:20,760

mastodons

1496

01:02:27,170 --> 01:02:23,520

flat back shorter mammoths that's from

1497

01:02:30,109 --> 01:02:27,180

Ice Age so there you know uh

1498

01:02:32,390 --> 01:02:30,119

getting into Giants

1499

01:02:34,670 --> 01:02:32,400

because this is my favorite subject of

1500

01:02:36,109 --> 01:02:34,680

all time yeah that's a that's a cool

1501  
01:02:37,789 --> 01:02:36,119  
song

1502  
01:02:41,569 --> 01:02:37,799  
um men of renown

1503  
01:02:44,349 --> 01:02:41,579  
is what I would consider to be your opus

1504  
01:02:49,370 --> 01:02:44,359  
uh it is a

1505  
01:02:51,650 --> 01:02:49,380  
650 700 page Tome of a collection of

1506  
01:02:53,329 --> 01:02:51,660  
giant myths from

1507  
01:02:55,730 --> 01:02:53,339  
across the world

1508  
01:02:59,690 --> 01:02:55,740  
and

1509  
01:03:05,630 --> 01:03:03,470  
how was it getting that book finished

1510  
01:03:08,450 --> 01:03:05,640  
and what are kind of some of the common

1511  
01:03:11,349 --> 01:03:08,460  
misconceptions that you found other

1512  
01:03:14,690 --> 01:03:11,359  
people had about prehistoric creatures

1513  
01:03:16,549 --> 01:03:14,700

including Giants uh whether it be myth

1514

01:03:17,990 --> 01:03:16,559

or compared to

1515

01:03:21,410 --> 01:03:18,000

you know

1516

01:03:24,010 --> 01:03:21,420

tall guy

1517

01:03:27,049 --> 01:03:24,020

well I think

1518

01:03:29,450 --> 01:03:27,059

you know you know Waters of

1519

01:03:30,710 --> 01:03:29,460

misconceptions about Giants I mean

1520

01:03:34,010 --> 01:03:30,720

that's um

1521

01:03:36,170 --> 01:03:34,020

that's kind of like asking you know what

1522

01:03:38,690 --> 01:03:36,180

are some misconceptions about aliens

1523

01:03:41,030 --> 01:03:38,700

right because I I can't prove that they

1524

01:03:43,069 --> 01:03:41,040

exist you know so you know if we just

1525

01:03:45,770 --> 01:03:43,079

kind of like start from you know start

1526

01:03:49,250 --> 01:03:45,780

from there but I would say like one of

1527

01:03:51,890 --> 01:03:49,260

the biggest uh things that I come across

1528

01:03:53,450 --> 01:03:51,900

with the uh with with these giant

1529

01:03:56,150 --> 01:03:53,460

stories

1530

01:03:57,530 --> 01:03:56,160

yeah a lot of people in the Bigfoot

1531

01:04:00,289 --> 01:03:57,540

community

1532

01:04:03,349 --> 01:04:00,299

you know think that uh you know these

1533

01:04:06,109 --> 01:04:03,359

ancient giant stories or you know giant

1534

01:04:07,309 --> 01:04:06,119

bones that have been found

1535

01:04:10,609 --> 01:04:07,319

you know

1536

01:04:12,829 --> 01:04:10,619

um point to Bigfoot and and they really

1537

01:04:15,950 --> 01:04:12,839

uh you know kind of champion a lot of

1538

01:04:19,730 --> 01:04:15,960

that as uh as as Bigfoot evidence and um

1539

01:04:23,870 --> 01:04:19,740

I am not in that camp I I believe that

1540

01:04:26,270 --> 01:04:23,880

Giants they are you know just uh you

1541

01:04:27,710 --> 01:04:26,280

know big people and and and what I mean

1542

01:04:30,589 --> 01:04:27,720

by that

1543

01:04:33,170 --> 01:04:30,599

I don't mean like oh yeah well like

1544

01:04:35,089 --> 01:04:33,180

somebody's seven feet tall would you

1545

01:04:36,710 --> 01:04:35,099

know would be a giant compared to you

1546

01:04:38,450 --> 01:04:36,720

and that's not what I'm talking about I

1547

01:04:42,109 --> 01:04:38,460

mean some of these people

1548

01:04:44,150 --> 01:04:42,119

you know were 10 12 feet tall and I

1549

01:04:48,049 --> 01:04:44,160

think you're seven Footers or their

1550

01:04:50,870 --> 01:04:48,059

jeans just got diluted down over time

1551

01:04:53,150 --> 01:04:50,880

I I think these uh these Giants they

1552

01:04:55,730 --> 01:04:53,160

they were humans or

1553

01:04:58,549 --> 01:04:55,740

you know a notch above us you know and

1554

01:05:01,670 --> 01:04:58,559

in in in their genes and and their

1555

01:05:03,589 --> 01:05:01,680

makeup so yeah one of the things I uh

1556

01:05:06,650 --> 01:05:03,599

you know I don't really argue with

1557

01:05:08,930 --> 01:05:06,660

people or or debate them but uh that is

1558

01:05:11,990 --> 01:05:08,940

one thing that I um

1559

01:05:14,390 --> 01:05:12,000

that I see like a a lot of your Bigfoot

1560

01:05:18,650 --> 01:05:14,400

Community will will take some of these

1561

01:05:21,470 --> 01:05:18,660

giant uh skeletal fines or you know some

1562

01:05:24,230 --> 01:05:21,480

of these stories and uh you know kind of

1563

01:05:26,690 --> 01:05:24,240

crowbar that into uh you know the

1564

01:05:29,390 --> 01:05:26,700

Bigfoot evidence would that make like

1565

01:05:32,809 --> 01:05:29,400

that particular segment of the Bigfoot

1566

01:05:36,230 --> 01:05:32,819

Community the third segment because you

1567

01:05:38,870 --> 01:05:36,240

have your giant bipedeal ape people who

1568

01:05:40,190 --> 01:05:38,880

are more of the um rationalists I like

1569

01:05:41,930 --> 01:05:40,200

to call them

1570

01:05:44,750 --> 01:05:41,940

um then you have your

1571

01:05:47,770 --> 01:05:44,760

uh psychic

1572

01:05:51,170 --> 01:05:47,780

um potential weekend lover alien

1573

01:05:53,150 --> 01:05:51,180

red-eyed can walk through walls Bigfoot

1574

01:05:56,690 --> 01:05:53,160

um and now you have your potentially

1575

01:05:58,789 --> 01:05:56,700

giant Bigfoot between those three just

1576

01:06:01,750 --> 01:05:58,799

before we can we can go on which one do

1577

01:06:05,210 --> 01:06:01,760

you think is the most likely

1578

01:06:08,930 --> 01:06:05,220

this is something that I

1579

01:06:11,329 --> 01:06:08,940

you know I oscillate uh back and forth

1580

01:06:13,430 --> 01:06:11,339

on I mean if um

1581

01:06:15,470 --> 01:06:13,440

you know years ago

1582

01:06:18,410 --> 01:06:15,480

you couldn't have told me Bigfoot was

1583

01:06:20,750 --> 01:06:18,420

anything other you know than a bipedal

1584

01:06:24,349 --> 01:06:20,760

ape that we've just not discovered and

1585

01:06:27,470 --> 01:06:24,359

but you know as more time goes on

1586

01:06:29,210 --> 01:06:27,480

and you know when you talk to people

1587

01:06:32,150 --> 01:06:29,220

that uh

1588

01:06:34,849 --> 01:06:32,160

you know to see the uh the golden red

1589

01:06:38,089 --> 01:06:34,859

eyes with them and and no matter you

1590

01:06:40,490 --> 01:06:38,099

know no matter what you any way you look

1591

01:06:42,710 --> 01:06:40,500

at that I mean a great ape they've got

1592

01:06:45,230 --> 01:06:42,720

eyes like us see you know they're not

1593

01:06:47,210 --> 01:06:45,240

going to have red eye shine you know

1594

01:06:49,549 --> 01:06:47,220

from artificial light hitting their eyes

1595

01:06:51,490 --> 01:06:49,559

and they sure as hell aren't going to

1596

01:06:53,930 --> 01:06:51,500

have you know

1597

01:06:57,589 --> 01:06:53,940

bioluminescent red eyes I mean that's

1598

01:06:58,970 --> 01:06:57,599

just that's just not gonna it's just not

1599

01:07:02,029 --> 01:06:58,980

gonna be a thing

1600

01:07:04,069 --> 01:07:02,039

and but I mean that is so common in

1601  
01:07:06,349 --> 01:07:04,079  
reports and I mean there's just so many

1602  
01:07:09,170 --> 01:07:06,359  
reports where there's some element of

1603  
01:07:11,390 --> 01:07:09,180  
high strangeness with it and often you

1604  
01:07:12,470 --> 01:07:11,400  
know like from very credible Witnesses

1605  
01:07:14,390 --> 01:07:12,480  
and stuff

1606  
01:07:16,910 --> 01:07:14,400  
um you know we haven't

1607  
01:07:20,150 --> 01:07:16,920  
you know as many people is out there

1608  
01:07:22,549 --> 01:07:20,160  
looking for these things I mean there's

1609  
01:07:24,589 --> 01:07:22,559  
there's still there there's no smoking

1610  
01:07:26,690 --> 01:07:24,599  
gun I mean there's you know there

1611  
01:07:29,270 --> 01:07:26,700  
there's some interesting cracks some

1612  
01:07:31,490 --> 01:07:29,280  
very interesting casts of tracks

1613  
01:07:34,130 --> 01:07:31,500

but that's all they are right there's

1614

01:07:36,289 --> 01:07:34,140

you know okay you've got to track but

1615

01:07:38,630 --> 01:07:36,299

you know you you've not got a body you

1616

01:07:41,630 --> 01:07:38,640

know you've got some inconclusive hair

1617

01:07:45,650 --> 01:07:41,640

samples and things like that

1618

01:07:49,490 --> 01:07:45,660

and you know the the evidence would you

1619

01:07:52,069 --> 01:07:49,500

know would kind of point that um

1620

01:07:54,950 --> 01:07:52,079

you know like there's just not the

1621

01:07:57,049 --> 01:07:54,960

evidence that you would expect so in

1622

01:07:59,690 --> 01:07:57,059

that regard

1623

01:08:02,930 --> 01:07:59,700

what are you left with I mean I I just

1624

01:08:04,010 --> 01:08:02,940

don't think that all of these people are

1625

01:08:06,650 --> 01:08:04,020

um

1626

01:08:08,450 --> 01:08:06,660

you know that they're making it up or or

1627

01:08:13,609 --> 01:08:08,460

they're crazy

1628

01:08:16,729 --> 01:08:13,619

so so from that angle I entertain the um

1629

01:08:20,470 --> 01:08:16,739

you know the possibility that uh perhaps

1630

01:08:22,130 --> 01:08:20,480

you know Bigfoot is some sort of um

1631

01:08:25,669 --> 01:08:22,140

metaphysical

1632

01:08:27,349 --> 01:08:25,679

um type type creature now I'm not um

1633

01:08:29,630 --> 01:08:27,359

I'm not one of these people that go out

1634

01:08:31,370 --> 01:08:29,640

in the woods and sit in a circle naked

1635

01:08:33,709 --> 01:08:31,380

and you know like try to communicate

1636

01:08:37,130 --> 01:08:33,719

with it I'm not are you sure I don't

1637

01:08:43,550 --> 01:08:40,070

even that [h\_\_h] either you know and it's

1638

01:08:45,349 --> 01:08:43,560

uh you know it's

1639

01:08:47,809 --> 01:08:45,359

I don't know what what can I tell you

1640

01:08:50,689 --> 01:08:47,819

but I mean if you if you look at someone

1641

01:08:52,189 --> 01:08:50,699

like

1642

01:08:54,610 --> 01:08:52,199

so

1643

01:08:57,289 --> 01:08:54,620

you know maybe

1644

01:08:59,930 --> 01:08:57,299

one of the things I I brought up in the

1645

01:09:01,849 --> 01:08:59,940

book right is um

1646

01:09:04,070 --> 01:09:01,859

you know if you if you read like The

1647

01:09:06,289 --> 01:09:04,080

Book of Enoch and and some of these

1648

01:09:07,010 --> 01:09:06,299

other you know the Bible some of these

1649

01:09:10,610 --> 01:09:07,020

other

1650

01:09:13,249 --> 01:09:10,620

and

1651

01:09:15,530 --> 01:09:13,259

you know like these Giants uh in the

1652

01:09:16,550 --> 01:09:15,540

Bible Book of Enoch like like when they

1653

01:09:18,349 --> 01:09:16,560

died

1654

01:09:20,930 --> 01:09:18,359

and you know that this is all getting

1655

01:09:23,870 --> 01:09:20,940

into some kooky esoteric stuff I guess

1656

01:09:26,329 --> 01:09:23,880

but you know like what would have you

1657

01:09:29,749 --> 01:09:26,339

know what would have happened like to

1658

01:09:31,910 --> 01:09:29,759

their Spirits or or souls and and again

1659

01:09:33,709 --> 01:09:31,920

this is if you even believe in this sort

1660

01:09:35,150 --> 01:09:33,719

of thing which a lot of people don't I

1661

01:09:38,030 --> 01:09:35,160

mean a lot of people think you know when

1662

01:09:41,390 --> 01:09:38,040

we die you know we're just worm food and

1663

01:09:44,269 --> 01:09:41,400

that's it but you know just

1664

01:09:47,209 --> 01:09:44,279

for argument's sake assuming we all have

1665

01:09:50,450 --> 01:09:47,219

souls you know whatever a soul is

1666

01:09:52,729 --> 01:09:50,460

you know so a creature

1667

01:09:54,950 --> 01:09:52,739

you know in the Bible it says that the

1668

01:09:58,490 --> 01:09:54,960

uh that these Giants were created

1669

01:10:00,169 --> 01:09:58,500

through the the union of angels and and

1670

01:10:03,410 --> 01:10:00,179

human women

1671

01:10:05,689 --> 01:10:03,420

so you know like when when these uh

1672

01:10:09,350 --> 01:10:05,699

Giants were killed either in the flood

1673

01:10:10,790 --> 01:10:09,360

or you know like later in the Bible

1674

01:10:14,450 --> 01:10:10,800

um you know

1675

01:10:16,250 --> 01:10:14,460

um Joseph and Caleb exterminated a bunch

1676  
01:10:20,090 --> 01:10:16,260  
of them what would have happened to

1677  
01:10:24,110 --> 01:10:20,100  
their souls and I entertained the idea

1678  
01:10:26,870 --> 01:10:24,120  
that maybe like those souls are floating

1679  
01:10:30,050 --> 01:10:26,880  
around out here and

1680  
01:10:31,130 --> 01:10:30,060  
you know could manifest as a Bigfoot or

1681  
01:10:34,010 --> 01:10:31,140  
uh

1682  
01:10:35,870 --> 01:10:34,020  
you know a moth man or you know whatever

1683  
01:10:39,010 --> 01:10:35,880  
I I don't know why they would do that

1684  
01:10:41,689 --> 01:10:39,020  
but it's well why especially in Chicago

1685  
01:10:43,550 --> 01:10:41,699  
like you know if if you want to get

1686  
01:10:46,370 --> 01:10:43,560  
mistaken for

1687  
01:10:49,010 --> 01:10:46,380  
flasher by people who are high on

1688  
01:10:51,950 --> 01:10:49,020

goodness knows what Chicago's a good

1689

01:10:54,050 --> 01:10:51,960

place to do it you know it's like it's a

1690

01:10:55,850 --> 01:10:54,060

Mothman I'm like are you sure are you

1691

01:10:58,490 --> 01:10:55,860

what area of town are you in what time

1692

01:11:00,410 --> 01:10:58,500

of night was it you know

1693

01:11:02,030 --> 01:11:00,420

and you know I and I should let

1694

01:11:04,729 --> 01:11:02,040

everybody I mean this certainly isn't

1695

01:11:06,350 --> 01:11:04,739

like an idea that I'm tied to it's just

1696

01:11:08,930 --> 01:11:06,360

you know it's just one of those things

1697

01:11:11,290 --> 01:11:08,940

that I you know you kind of kick around

1698

01:11:14,270 --> 01:11:11,300

a little bit because you know there's

1699

01:11:17,510 --> 01:11:14,280

all kinds of people that believe in like

1700

01:11:19,550 --> 01:11:17,520

uh or or or old religions and things

1701

01:11:21,830 --> 01:11:19,560

that believe in like oral spirits and

1702

01:11:24,050 --> 01:11:21,840

the water spirits and and this or that

1703

01:11:25,910 --> 01:11:24,060

and you know I I don't know I just think

1704

01:11:29,450 --> 01:11:25,920

that um

1705

01:11:32,149 --> 01:11:29,460

you know maybe Bigfoot could some way be

1706

01:11:37,149 --> 01:11:32,159

be tied just you know something like

1707

01:11:39,830 --> 01:11:37,159

that I'm not but is it possible that

1708

01:11:41,270 --> 01:11:39,840

the ones that at least are inconclusive

1709

01:11:42,709 --> 01:11:41,280

and I don't know how many there are out

1710

01:11:45,350 --> 01:11:42,719

there if there are any that are

1711

01:11:47,689 --> 01:11:45,360

inconclusive as far as bones of that

1712

01:11:50,630 --> 01:11:47,699

size and they're not dinosaurs they're

1713

01:11:53,890 --> 01:11:50,640

not you know from a mammoth herb some

1714

01:11:56,930 --> 01:11:53,900

other large uh you know extinct or

1715

01:12:00,169 --> 01:11:56,940

supposedly extinct animal from North

1716

01:12:03,110 --> 01:12:00,179

America is it possible that those bones

1717

01:12:05,390 --> 01:12:03,120

may have been from old Bigfoot

1718

01:12:07,310 --> 01:12:05,400

and mistaken for Giants

1719

01:12:08,870 --> 01:12:07,320

well and that's you know that's kind of

1720

01:12:10,970 --> 01:12:08,880

what I was getting at with the you know

1721

01:12:12,050 --> 01:12:10,980

a lot of the people in the Bigfoot

1722

01:12:13,970 --> 01:12:12,060

Community

1723

01:12:16,910 --> 01:12:13,980

um you know that's that

1724

01:12:19,430 --> 01:12:16,920

they will really draw on

1725

01:12:21,649 --> 01:12:19,440

and be like hey you know there's this

1726

01:12:23,390 --> 01:12:21,659

there's this old newspaper report of the

1727

01:12:26,689 --> 01:12:23,400

you know eight and a half foot skeleton

1728

01:12:28,510 --> 01:12:26,699

could this have been a Bigfoot well

1729

01:12:32,450 --> 01:12:28,520

I don't think so

1730

01:12:36,470 --> 01:12:32,460

personally because you know

1731

01:12:39,290 --> 01:12:36,480

you know if if Bigfoot does exist as as

1732

01:12:44,450 --> 01:12:39,300

something that is a you know is physical

1733

01:12:45,709 --> 01:12:44,460

and you know has bones in a body you

1734

01:12:47,630 --> 01:12:45,719

know then I think it's it's you know

1735

01:12:50,689 --> 01:12:47,640

that it you know it's some sort of great

1736

01:12:51,910 --> 01:12:50,699

ape so I don't think that a Bigfoot is

1737

01:12:56,149 --> 01:12:51,920

going to be

1738

01:12:57,410 --> 01:12:56,159

buried in a um you know a 65 foot tall

1739

01:13:01,610 --> 01:12:57,420

bound

1740

01:13:04,910 --> 01:13:01,620

inside of Vault with um with a copper

1741

01:13:06,649 --> 01:13:04,920

crown on its head and and and copper

1742

01:13:08,330 --> 01:13:06,659

breast plates you know like you find

1743

01:13:11,030 --> 01:13:08,340

with a lot of these other giant

1744

01:13:12,649 --> 01:13:11,040

skeletons so um well how do you know did

1745

01:13:16,070 --> 01:13:12,659

you know what the fashion was like in 20

1746

01:13:18,110 --> 01:13:16,080

you know 20 000 three years ago like

1747

01:13:20,630 --> 01:13:18,120

maybe it was Progressive to wear a gold

1748

01:13:27,310 --> 01:13:20,640

crown maybe he just identified as a

1749

01:13:32,149 --> 01:13:30,350

as you said yourself we don't know and

1750

01:13:34,729 --> 01:13:32,159

we don't know and it's and we don't have

1751

01:13:37,390 --> 01:13:34,739

nobody to ask so I mean no but yeah but

1752

01:13:40,490 --> 01:13:37,400

it's real fun to speculate

1753

01:13:43,729 --> 01:13:40,500

and it's supposed to be fun it's like

1754

01:13:46,070 --> 01:13:43,739

for joint Mythos like you've got

1755

01:13:48,530 --> 01:13:46,080

North America we've it's been done to

1756

01:13:49,729 --> 01:13:48,540

death yeah it's like I'm not I'm not

1757

01:13:51,890 --> 01:13:49,739

gonna go too much into it just because

1758

01:13:53,149 --> 01:13:51,900

like we've I know we've covered it you

1759

01:13:55,910 --> 01:13:53,159

can find it it's been hit over the head

1760

01:13:57,350 --> 01:13:55,920

with it's you know it's it's either like

1761

01:13:58,490 --> 01:13:57,360

hey were these people from Atlantis we

1762

01:14:00,229 --> 01:13:58,500

don't know are these people just like

1763

01:14:03,229 --> 01:14:00,239

here already are they cannibals we don't

1764

01:14:05,570 --> 01:14:03,239

know Lovelock cave etc etc etc the same

1765

01:14:09,050 --> 01:14:05,580

things are run over a million times

1766

01:14:11,390 --> 01:14:09,060

to death some of the ancient stories out

1767

01:14:16,610 --> 01:14:11,400

of Europe though

1768

01:14:20,209 --> 01:14:16,620

you like oh man okay one of my favorite

1769

01:14:25,030 --> 01:14:21,530

Ireland

1770

01:14:29,450 --> 01:14:25,040

Scotland whale like does the UK give me

1771

01:14:30,890 --> 01:14:29,460

the UK like the big UK founding myth

1772

01:14:32,510 --> 01:14:30,900

with regards to this because I've heard

1773

01:14:34,370 --> 01:14:32,520

it before hearing it from your voice

1774

01:14:36,229 --> 01:14:34,380

with that with that accent that's gonna

1775

01:14:39,410 --> 01:14:36,239

make that's money

1776

01:14:41,930 --> 01:14:39,420

well I mean I'm certainly uh not an

1777

01:14:44,870 --> 01:14:41,940

expert as far as this goes but one of

1778

01:14:48,770 --> 01:14:44,880

one of the myths is um

1779

01:14:51,950 --> 01:14:48,780

you know a a Roman Emperor had a like

1780

01:14:54,470 --> 01:14:51,960

like a real evil daughter right and I

1781

01:14:55,490 --> 01:14:54,480

think she had like 33 sisters and they

1782

01:14:57,770 --> 01:14:55,500

all

1783

01:15:00,649 --> 01:14:57,780

you know like made a pact and killed

1784

01:15:02,810 --> 01:15:00,659

their husbands right so they were exiled

1785

01:15:04,910 --> 01:15:02,820

and you know they they settled in in

1786

01:15:08,810 --> 01:15:04,920

Britain and

1787

01:15:11,330 --> 01:15:08,820

at any rate they um it's real close to

1788

01:15:14,149 --> 01:15:11,340

the Bible story how you know like in the

1789

01:15:17,510 --> 01:15:14,159

Bible it says that the sons of God and

1790

01:15:20,270 --> 01:15:17,520

the daughters of men you know procreated

1791

01:15:22,310 --> 01:15:20,280

and Giants were born kind of in the same

1792

01:15:25,010 --> 01:15:22,320

way that um

1793

01:15:26,709 --> 01:15:25,020

you know these evil daughters

1794

01:15:30,169 --> 01:15:26,719

um you know they

1795

01:15:34,250 --> 01:15:30,179

procreated with demons and um you know

1796

01:15:37,310 --> 01:15:34,260

there was a a race of giants born uh you

1797

01:15:40,970 --> 01:15:37,320

know in ancient Britain and you know

1798

01:15:45,649 --> 01:15:40,980

that is a very you know you you've got a

1799

01:15:47,570 --> 01:15:45,659

almost a similar tale uh like from India

1800

01:15:50,450 --> 01:15:47,580

um you've got um

1801

01:15:54,950 --> 01:15:50,460

that theme you know where

1802

01:15:58,669 --> 01:15:54,960

like a uh like a demons or or Angels or

1803

01:16:01,669 --> 01:15:58,679

this or that procreate with humans

1804

01:16:04,310 --> 01:16:01,679

the resulting Offspring is these giant

1805

01:16:06,470 --> 01:16:04,320

creatures and almost always you know the

1806

01:16:08,169 --> 01:16:06,480

Giants are evil

1807

01:16:11,570 --> 01:16:08,179

um they're

1808

01:16:14,530 --> 01:16:11,580

they create hardship for people you know

1809

01:16:17,689 --> 01:16:14,540

wherever they go and it's it's it's

1810

01:16:19,250 --> 01:16:17,699

worldwide those stories what about some

1811

01:16:20,270 --> 01:16:19,260

of the stories coming out like were

1812

01:16:22,490 --> 01:16:20,280

there any stories coming out of

1813

01:16:25,149 --> 01:16:22,500

Polynesia I know you had mentioned uh

1814

01:16:29,630 --> 01:16:25,159

India but you know like because the

1815

01:16:31,430 --> 01:16:29,640

Southeastern Asia and and Oceana

1816

01:16:33,830 --> 01:16:31,440

yeah there's I mean there's some real

1817

01:16:35,330 --> 01:16:33,840

interesting stories you know from the

1818

01:16:36,410 --> 01:16:35,340

South Pacific

1819

01:16:38,689 --> 01:16:36,420

um

1820

01:16:40,729 --> 01:16:38,699

you know in some of these cases you know

1821

01:16:43,070 --> 01:16:40,739

the giant Tales you know they're really

1822

01:16:46,010 --> 01:16:43,080

far-fetched you know like like giants

1823

01:16:47,870 --> 01:16:46,020

that like stand in the ocean and you

1824

01:16:49,910 --> 01:16:47,880

know their arms stretch up into the

1825

01:16:51,590 --> 01:16:49,920

clouds but then there's also a lot of um

1826

01:16:53,090 --> 01:16:51,600

there's a lot of stories from New

1827

01:16:56,570 --> 01:16:53,100

Zealand

1828

01:16:58,850 --> 01:16:56,580

you know fairly fairly recent times you

1829

01:17:01,729 --> 01:16:58,860

know the of giants uh

1830

01:17:03,890 --> 01:17:01,739

that uh you know their graves were you

1831

01:17:07,729 --> 01:17:03,900

know 14 feet long you know they they

1832

01:17:09,890 --> 01:17:07,739

talk about these uh these giant Chiefs

1833

01:17:13,910 --> 01:17:09,900

that you know that were in charge you

1834

01:17:14,810 --> 01:17:13,920

know like nine feet tall Ten Feet Tall

1835

01:17:19,850 --> 01:17:14,820

um

1836

01:17:22,490 --> 01:17:19,860

the name of it but the guy that wrote it

1837

01:17:26,510 --> 01:17:22,500

James Cowan he talks about

1838

01:17:29,030 --> 01:17:26,520

um a giant Kia rowa you know that that

1839

01:17:32,149 --> 01:17:29,040

does battle you know with another giant

1840

01:17:33,610 --> 01:17:32,159

Chief and it's just it's just it's just

1841

01:17:36,050 --> 01:17:33,620

really

1842

01:17:39,229 --> 01:17:36,060

astounding you know when you think about

1843

01:17:40,970 --> 01:17:39,239

those tales and there's the and also

1844

01:17:44,750 --> 01:17:40,980

like in um

1845

01:17:47,390 --> 01:17:44,760

I forget where this is It's either in uh

1846

01:17:50,270 --> 01:17:47,400

maybe the Marshall Islands

1847

01:17:52,850 --> 01:17:50,280

try anyway whatever one of those uh you

1848

01:17:57,290 --> 01:17:52,860

know Island chains in the South Pacific

1849

01:18:00,290 --> 01:17:57,300

there's this tale where these Giants

1850

01:18:01,430 --> 01:18:00,300

wash ashore like in a hollowed-out

1851  
01:18:04,310 --> 01:18:01,440  
Timber

1852  
01:18:07,070 --> 01:18:04,320  
and like as soon as they wash up on

1853  
01:18:08,990 --> 01:18:07,080  
shore you know the people you know might

1854  
01:18:12,350 --> 01:18:09,000  
kill them

1855  
01:18:15,169 --> 01:18:12,360  
an interesting thing also like from Peru

1856  
01:18:18,229 --> 01:18:15,179  
and Ecuador there's these Tales of these

1857  
01:18:20,810 --> 01:18:18,239  
Giants that uh you know buy boats

1858  
01:18:22,910 --> 01:18:20,820  
um you know come in and you know the

1859  
01:18:25,970 --> 01:18:22,920  
people didn't kill them you know the

1860  
01:18:27,649 --> 01:18:25,980  
Giants washed up on shore on on boats

1861  
01:18:30,290 --> 01:18:27,659  
and then and then they settled and

1862  
01:18:32,990 --> 01:18:30,300  
subjugated everybody but I just I just

1863  
01:18:35,810 --> 01:18:33,000

find it interesting that you know Worlds

1864

01:18:37,970 --> 01:18:35,820

Apart there's these Tales of these giant

1865

01:18:40,610 --> 01:18:37,980

people you know coming up on boats and

1866

01:18:42,709 --> 01:18:40,620

you know the easy way out would be to oh

1867

01:18:45,950 --> 01:18:42,719

you know that's just Vikings well you

1868

01:18:48,950 --> 01:18:45,960

know I mean yeah maybe maybe the I don't

1869

01:18:52,189 --> 01:18:48,960

really know that the Polynesian dudes or

1870

01:18:54,410 --> 01:18:52,199

are pretty big I don't know that uh you

1871

01:18:56,570 --> 01:18:54,420

know that the Vikings were any bigger

1872

01:18:58,370 --> 01:18:56,580

than Polynesian guys and even if they

1873

01:18:59,750 --> 01:18:58,380

were I mean you know they weren't 10

1874

01:19:03,110 --> 01:18:59,760

feet tall

1875

01:19:05,510 --> 01:19:03,120

it it was what was the average like

1876

01:19:08,630 --> 01:19:05,520

height are we talking I you said seven

1877

01:19:11,510 --> 01:19:08,640

to like 15 I've seen estimations some as

1878

01:19:14,149 --> 01:19:11,520

high as 25 or 30. you know it just

1879

01:19:16,970 --> 01:19:14,159

depends on the story it really does it

1880

01:19:20,209 --> 01:19:16,980

just depends on the story like um you

1881

01:19:23,390 --> 01:19:20,219

know in in Patagonia early on you know

1882

01:19:25,310 --> 01:19:23,400

you're talking you know 15 1600s you

1883

01:19:27,350 --> 01:19:25,320

know the tales the people being the

1884

01:19:29,030 --> 01:19:27,360

giant people being you know between 10

1885

01:19:32,209 --> 01:19:29,040

and 12 feet tall

1886

01:19:34,550 --> 01:19:32,219

you know as you get as you get further

1887

01:19:36,470 --> 01:19:34,560

down closer to our day it's more you

1888

01:19:38,330 --> 01:19:36,480

know seven seven and a half so it really

1889

01:19:40,850 --> 01:19:38,340

kind of just depends on the particular

1890

01:19:43,610 --> 01:19:40,860

tail and you know where it's from and

1891

01:19:45,830 --> 01:19:43,620

and who told it what was the motivation

1892

01:19:46,870 --> 01:19:45,840

behind writing the book like obviously

1893

01:19:49,790 --> 01:19:46,880

you're not

1894

01:19:51,410 --> 01:19:49,800

necessarily trying to solve the mystery

1895

01:19:53,450 --> 01:19:51,420

because as we said we've got no one to

1896

01:19:56,450 --> 01:19:53,460

really ask and we can speculate I think

1897

01:19:58,850 --> 01:19:56,460

one of the conversations we had

1898

01:19:59,570 --> 01:19:58,860

basically came to the determination it's

1899

01:20:01,610 --> 01:19:59,580

like

1900

01:20:05,350 --> 01:20:01,620

three things the three possibilities

1901

01:20:08,270 --> 01:20:05,360

it's either BS

1902

01:20:13,070 --> 01:20:08,280

giant humans with like really good genes

1903

01:20:16,970 --> 01:20:13,080

or freaking aliens yeah well that's so I

1904

01:20:19,790 --> 01:20:16,980

think my my motivation for riding it was

1905

01:20:20,750 --> 01:20:19,800

this is one of those things like

1906

01:20:23,149 --> 01:20:20,760

um

1907

01:20:24,410 --> 01:20:23,159

so I I've always written about a lot of

1908

01:20:26,510 --> 01:20:24,420

different things I mean I've never

1909

01:20:29,630 --> 01:20:26,520

wanted to be like

1910

01:20:33,530 --> 01:20:29,640

the Bigfoot guy or or the ghost on her

1911

01:20:35,630 --> 01:20:33,540

or you know the lake monster guy I have

1912

01:20:37,729 --> 01:20:35,640

a wide range of Interest

1913

01:20:40,370 --> 01:20:37,739

and in a lot of ways a lot of these

1914

01:20:45,830 --> 01:20:40,380

things are are interconnected I mean you

1915

01:20:48,950 --> 01:20:45,840

find that over and over and with Giants

1916

01:20:50,810 --> 01:20:48,960

I mean what you find with giants I mean

1917

01:20:52,669 --> 01:20:50,820

that like they kind of touch on

1918

01:20:54,770 --> 01:20:52,679

everything I mean like like we were

1919

01:20:56,930 --> 01:20:54,780

talking earlier how you know the Bigfoot

1920

01:20:59,689 --> 01:20:56,940

Community Champions a lot of these old

1921

01:21:01,790 --> 01:20:59,699

newspaper reports of uh you know giant

1922

01:21:03,050 --> 01:21:01,800

skeletal finds

1923

01:21:06,229 --> 01:21:03,060

um

1924

01:21:08,090 --> 01:21:06,239

you know Zechariah sitch and Eric Von

1925

01:21:10,669 --> 01:21:08,100

danikin wrote about

1926

01:21:13,010 --> 01:21:10,679

um you know the um you know the the

1927

01:21:14,590 --> 01:21:13,020

Nephilim and the in the Book of Genesis

1928

01:21:17,630 --> 01:21:14,600

and and you know

1929

01:21:20,270 --> 01:21:17,640

speculated that you know like if you

1930

01:21:22,910 --> 01:21:20,280

you know substitute the word alien for

1931

01:21:25,010 --> 01:21:22,920

Angel well there you have it you know

1932

01:21:31,430 --> 01:21:25,020

and

1933

01:21:34,430 --> 01:21:31,440

coming coming from a uh you know a

1934

01:21:36,050 --> 01:21:34,440

Pentecostal uh background as a youth you

1935

01:21:38,950 --> 01:21:36,060

know the um

1936

01:21:41,750 --> 01:21:38,960

it's not something it's real

1937

01:21:43,010 --> 01:21:41,760

you know the the real in-depth stuff

1938

01:21:44,870 --> 01:21:43,020

with giants I mean it's not just

1939

01:21:47,570 --> 01:21:44,880

something you get in your basic Sunday

1940

01:21:50,270 --> 01:21:47,580

school class it's it's sort of inside

1941

01:21:52,310 --> 01:21:50,280

baseball stuff right but if you if you

1942

01:21:55,970 --> 01:21:52,320

do dive into it like a lot of those

1943

01:21:59,750 --> 01:21:55,980

folks uh you know believe that um

1944

01:22:03,410 --> 01:21:59,760

the the spirits of of these deceased

1945

01:22:05,390 --> 01:22:03,420

Giants are behind a lot of bad [h\_\_h] you

1946

01:22:07,189 --> 01:22:05,400

know whether kind of kind of like I was

1947

01:22:09,410 --> 01:22:07,199

talking about earlier

1948

01:22:11,209 --> 01:22:09,420

you know they're just sort of like the

1949

01:22:14,570 --> 01:22:11,219

the spirits of the Giants are sort of

1950

01:22:18,290 --> 01:22:14,580

like demons floating around so what I'm

1951

01:22:21,050 --> 01:22:18,300

getting at is Giants just

1952

01:22:23,209 --> 01:22:21,060

but it just sort of like ties like

1953

01:22:26,090 --> 01:22:23,219

everything together no matter what kind

1954

01:22:27,410 --> 01:22:26,100

of weird or even if you're just like you

1955

01:22:30,470 --> 01:22:27,420

know even if you don't really care that

1956

01:22:32,030 --> 01:22:30,480

much about Bigfoot or or whatever Von

1957

01:22:34,430 --> 01:22:32,040

daniken wrote about I mean if you're

1958

01:22:37,310 --> 01:22:34,440

just a guy that uh is just kind of into

1959

01:22:39,530 --> 01:22:37,320

into conspiracy stuff well well there

1960

01:22:42,169 --> 01:22:39,540

you go because uh you know it don't take

1961

01:22:44,570 --> 01:22:42,179

much digging to to figure out that uh

1962

01:22:46,910 --> 01:22:44,580

that the Smithsonian might have uh

1963

01:22:49,610 --> 01:22:46,920

hidden or destroyed a bunch of giant

1964

01:22:52,130 --> 01:22:49,620

bones so no matter what kind of weird

1965

01:22:55,130 --> 01:22:52,140

angle you're coming from you're going to

1966

01:22:57,470 --> 01:22:55,140

run into Giants sooner or later so you

1967

01:22:59,209 --> 01:22:57,480

know that all just really fascinated me

1968

01:23:03,830 --> 01:22:59,219

and

1969

01:23:06,530 --> 01:23:03,840

fascination goes back to you know being

1970

01:23:08,750 --> 01:23:06,540

a kid in Sunday school you know and

1971

01:23:10,370 --> 01:23:08,760

asking my Sunday school teacher you know

1972

01:23:12,770 --> 01:23:10,380

like um

1973

01:23:15,590 --> 01:23:12,780

you know how much a cube it was because

1974

01:23:17,870 --> 01:23:15,600

I was you know we were doing the David

1975

01:23:20,570 --> 01:23:17,880

and Goliath story and I'm I'm trying to

1976

01:23:23,510 --> 01:23:20,580

calculate in my in my head like like how

1977

01:23:25,490 --> 01:23:23,520

tall he was and you know in my Sunday

1978

01:23:29,209 --> 01:23:25,500

school teacher well I don't really know

1979

01:23:31,850 --> 01:23:29,219

but I've heard uh preachers say that uh

1980

01:23:34,610 --> 01:23:31,860

Goliath was around 10 feet tall you know

1981

01:23:35,450 --> 01:23:34,620

so I'm just kind of thinking about that

1982

01:23:37,310 --> 01:23:35,460

and

1983

01:23:39,410 --> 01:23:37,320

I thought about the height of the

1984

01:23:42,050 --> 01:23:39,420

basketball rim out in the parking lot

1985

01:23:44,930 --> 01:23:42,060

and I'm just like oh my goodness and and

1986

01:23:47,270 --> 01:23:44,940

it just really uh really fascinated me

1987

01:23:50,689 --> 01:23:47,280

when I was a kid you never were able to

1988

01:23:54,410 --> 01:23:50,699

dunk I'm guessing no never and you know

1989

01:23:57,470 --> 01:23:54,420

what I even uh I was with the uh several

1990

01:24:00,229 --> 01:23:57,480

years ago me and the kids uh one of my

1991

01:24:02,870 --> 01:24:00,239

uh nephews had a birthday party at one

1992

01:24:04,250 --> 01:24:02,880

of those trampoline one of those I don't

1993

01:24:05,870 --> 01:24:04,260

know I don't even know the name of it

1994

01:24:08,689 --> 01:24:05,880

but it was some some place it's just

1995

01:24:11,209 --> 01:24:08,699

like a just like this huge gym it's just

1996

01:24:13,310 --> 01:24:11,219

all trampolines and they had uh they had

1997

01:24:16,189 --> 01:24:13,320

some basketball hoops you know so like

1998

01:24:18,590 --> 01:24:16,199

oh man I am going to win middle dunk

1999

01:24:21,110 --> 01:24:18,600

and I bounce as hard as I could on the

2000

01:24:23,450 --> 01:24:21,120

trampoline and I hit the rim with the

2001

01:24:26,209 --> 01:24:23,460

ball a couple times but it never went in

2002

01:24:29,390 --> 01:24:26,219

I never could dunk even on a trampoline

2003

01:24:32,330 --> 01:24:29,400

at least you tried because I tried like

2004

01:24:34,550 --> 01:24:32,340

hell man I mean I freaking tried so hard

2005

01:24:37,850 --> 01:24:34,560

but I could not dunk it even on a

2006

01:24:40,490 --> 01:24:37,860

trampoline it was sad it was so sad well

2007

01:24:42,530 --> 01:24:40,500

I I can't jump at all so you even with a

2008

01:24:44,209 --> 01:24:42,540

trampoline you still got me on that uh I

2009

01:24:46,070 --> 01:24:44,219

just had it in my mind man I was just

2010

01:24:49,550 --> 01:24:46,080

gonna do this and I was gonna do a

2011

01:24:51,649 --> 01:24:49,560

windmill dunk I mean just like and you

2012

01:24:57,970 --> 01:24:51,659

know like a backboard breaking kind of

2013

01:25:02,570 --> 01:25:00,590

it's you know friend of the family and

2014

01:25:05,270 --> 01:25:02,580

niece or nephew yeah it was uh one of my

2015

01:25:07,490 --> 01:25:05,280

uh one of my nephews so you know that

2016

01:25:08,990 --> 01:25:07,500

they were doing it's like the whole

2017

01:25:11,689 --> 01:25:09,000

family was there so we just kind of

2018

01:25:14,330 --> 01:25:11,699

split off and I think me and my son

2019

01:25:16,610 --> 01:25:14,340

I I was tossing the ball to him he was

2020

01:25:20,330 --> 01:25:16,620

doing some alley-oop dunks you know but

2021

01:25:23,330 --> 01:25:20,340

I I couldn't do it man just I I tried so

2022

01:25:24,890 --> 01:25:23,340

hard I couldn't dunk it I'm I'm going to

2023

01:25:26,390 --> 01:25:24,900

make the Assumption and I know if you

2024

01:25:28,689 --> 01:25:26,400

assume you can make an ass out of you

2025

01:25:32,750 --> 01:25:28,699

and me uh

2026

01:25:34,310 --> 01:25:32,760

given your disposition as an individual

2027

01:25:36,530 --> 01:25:34,320

were you the only parent on the

2028

01:25:39,649 --> 01:25:36,540

trampolines

2029

01:25:43,310 --> 01:25:39,659

let's see no you know my wife uh jumped

2030

01:25:45,350 --> 01:25:43,320

around heck even my uh my stepdad he was

2031

01:25:47,209 --> 01:25:45,360

he was bouncing around with some too so

2032

01:25:49,610 --> 01:25:47,219

there were there were I wasn't the only

2033

01:25:51,770 --> 01:25:49,620

one okay because I I always look at it

2034

01:25:54,430 --> 01:25:51,780

like fun stuff like that I always gotta

2035

01:25:57,530 --> 01:25:54,440

try you know I I take mine

2036

01:25:59,510 --> 01:25:57,540

dude there was like as many adults as

2037

01:26:00,890 --> 01:25:59,520

kids because that's one of those things

2038

01:26:03,290 --> 01:26:00,900

that you can

2039

01:26:05,030 --> 01:26:03,300

you know like you you can kind of let

2040

01:26:06,830 --> 01:26:05,040

that kid in you go because I mean

2041

01:26:08,689 --> 01:26:06,840

they're growing up man if you had a

2042

01:26:11,330 --> 01:26:08,699

buddy that had a trampoline man there

2043

01:26:12,830 --> 01:26:11,340

was nothing more fun than that and back

2044

01:26:14,990 --> 01:26:12,840

in those days man you didn't have those

2045

01:26:17,090 --> 01:26:15,000

stupid guards on the side I mean you

2046

01:26:19,250 --> 01:26:17,100

could you could bounce as high as you

2047

01:26:22,430 --> 01:26:19,260

could and land in the yard and I mean it

2048

01:26:24,410 --> 01:26:22,440

was really it was a lot of fun but uh I

2049

01:26:26,450 --> 01:26:24,420

could not dunk you know since those

2050

01:26:29,450 --> 01:26:26,460

safety measures have been put in place

2051

01:26:32,689 --> 01:26:29,460

people call them fun Killers but hey

2052

01:26:35,570 --> 01:26:32,699

injuries among kids have gone down

2053

01:26:37,970 --> 01:26:35,580

which that's time and stress and you

2054

01:26:40,430 --> 01:26:37,980

know Hospital oh yeah you know but

2055

01:26:41,689 --> 01:26:40,440

there's nothing like uh jumping 10 feet

2056

01:26:43,129 --> 01:26:41,699

in the air and then landing on your arm

2057

01:26:45,790 --> 01:26:43,139

and you're like oh it's back funny the

2058

01:26:48,110 --> 01:26:45,800

wrong way and gift s

2059

01:26:51,950 --> 01:26:48,120

don't tell Mom you're fine you're fine

2060

01:26:57,110 --> 01:26:51,960

you're fine yeah somebody just shut up

2061

01:26:58,669 --> 01:26:57,120

oh man I'm uh Too Many Memories it's you

2062

01:27:01,370 --> 01:26:58,679

know as long as you're not in in company

2063

01:27:03,410 --> 01:27:01,380

or in fact you know a family or like a a

2064

01:27:05,390 --> 01:27:03,420

parent group where you're the only one

2065

01:27:06,590 --> 01:27:05,400

having fun and everyone else is just

2066

01:27:09,530 --> 01:27:06,600

like so they were like oh God it's

2067

01:27:11,810 --> 01:27:09,540

Denver again like yeah no nothing like

2068

01:27:13,970 --> 01:27:11,820

that you know I mean I'm not going to be

2069

01:27:16,669 --> 01:27:13,980

the creepy dude on the trampoline it's

2070

01:27:19,490 --> 01:27:16,679

just me and like you know 30 kids like

2071

01:27:21,649 --> 01:27:19,500

yeah like you know looking like the dude

2072

01:27:23,810 --> 01:27:21,659

that's hey you want to come and see my

2073

01:27:25,970 --> 01:27:23,820

puppy you know I'm not gonna be that guy

2074

01:27:27,830 --> 01:27:25,980

you know so if other adults are out

2075

01:27:28,550 --> 01:27:27,840

there I'll get out there too but I'm not

2076

01:27:30,470 --> 01:27:28,560

gonna

2077

01:27:31,250 --> 01:27:30,480

I'm not going to be the first one you

2078

01:27:36,590 --> 01:27:31,260

know

2079

01:27:39,290 --> 01:27:36,600

that's why you have to at least

2080

01:27:42,169 --> 01:27:39,300

pick your own spot your own trampoline

2081

01:27:44,570 --> 01:27:42,179

and if other kids come on to that you do

2082

01:27:46,490 --> 01:27:44,580

the bounce where they just go there's no

2083

01:27:49,310 --> 01:27:46,500

problem of course then you're looking

2084

01:27:52,129 --> 01:27:49,320

like you're the guy who throws up

2085

01:27:56,570 --> 01:27:52,139

against around it's like which is worse

2086

01:27:58,189 --> 01:27:56,580

yeah I don't know it's like oh it's like

2087

01:28:00,950 --> 01:27:58,199

man he's got a concussion it's like well

2088

01:28:03,550 --> 01:28:00,960

it could have been worse you know a lot

2089

01:28:09,110 --> 01:28:06,410

like besides religion and especially

2090

01:28:11,570 --> 01:28:09,120

dealing with you know Pentecostal uh

2091

01:28:13,370 --> 01:28:11,580

denominations and Catholicism is its own

2092

01:28:16,850 --> 01:28:13,380

thing and you've got your your Baptists

2093

01:28:18,890 --> 01:28:16,860

and you know what have you like what's

2094

01:28:21,050 --> 01:28:18,900

the main cultural significance that

2095

01:28:23,390 --> 01:28:21,060

you've seen that has come out of the

2096

01:28:29,090 --> 01:28:23,400

giant Mythos not so much in popular

2097

01:28:32,270 --> 01:28:29,100

culture but in terms of just

2098

01:28:33,590 --> 01:28:32,280

like like just in terms of like uh

2099

01:28:35,270 --> 01:28:33,600

I'm going to say at least an

2100

01:28:38,149 --> 01:28:35,280

understanding of the past or trying to

2101

01:28:41,510 --> 01:28:38,159

understand the past or uh at least

2102

01:28:43,910 --> 01:28:41,520

looking at it as myth versus a you know

2103

01:28:46,010 --> 01:28:43,920

a possibility or a potential

2104

01:28:49,490 --> 01:28:46,020

um like scientists they're gonna say

2105

01:28:51,350 --> 01:28:49,500

it's never happened it was a hoax or if

2106

01:28:52,910 --> 01:28:51,360

somebody found some bone and you got

2107

01:28:56,030 --> 01:28:52,920

your you know you're you're far out

2108

01:29:00,169 --> 01:28:56,040

there are individuals who will claim its

2109

01:29:01,850 --> 01:29:00,179

space aliens from from Percy l8 and

2110

01:29:03,830 --> 01:29:01,860

you know they're

2111

01:29:05,629 --> 01:29:03,840

it's they're from the year three

2112

01:29:07,370 --> 01:29:05,639

thousand our time like they're the

2113

01:29:11,330 --> 01:29:07,380

possibilities are endlessly as people

2114

01:29:14,090 --> 01:29:11,340

want to be able to take it have you seen

2115

01:29:16,550 --> 01:29:14,100

it is a much uh larger effect now

2116

01:29:18,950 --> 01:29:16,560

compared to then

2117

01:29:20,870 --> 01:29:18,960

um and like how have you seen it change

2118

01:29:23,629 --> 01:29:20,880

since the book has come out

2119

01:29:26,209 --> 01:29:23,639

well I haven't really noticed any sort

2120

01:29:27,470 --> 01:29:26,219

of change since you know since the book

2121

01:29:31,490 --> 01:29:27,480

came out

2122

01:29:36,890 --> 01:29:33,290

and you know it's not like I wrote

2123

01:29:39,229 --> 01:29:36,900

Chariots of the Gods here and sold you

2124

01:29:41,030 --> 01:29:39,239

know millions of copies or anything you

2125

01:29:43,490 --> 01:29:41,040

know it's just you know the book came

2126  
01:29:46,490 --> 01:29:43,500  
out with a whimper and you know it is

2127  
01:29:48,950 --> 01:29:46,500  
what it is but um as far as I would say

2128  
01:29:50,930 --> 01:29:48,960  
the big cultural change really goes back

2129  
01:29:53,990 --> 01:29:50,940  
though

2130  
01:29:57,410 --> 01:29:54,000  
I would say like you know way before I

2131  
01:30:00,229 --> 01:29:57,420  
was even born right and and one thing I

2132  
01:30:03,110 --> 01:30:00,239  
point to like with all of these uh giant

2133  
01:30:05,629 --> 01:30:03,120  
bones um and you know it it wouldn't

2134  
01:30:09,410 --> 01:30:05,639  
take anything for any of you listening

2135  
01:30:11,470 --> 01:30:09,420  
out there I mean sit yourself go on um

2136  
01:30:13,250 --> 01:30:11,480  
what is it that the library of

2137  
01:30:16,430 --> 01:30:13,260  
congress.gov where you can do their

2138  
01:30:20,330 --> 01:30:16,440

newspaper searches or you know on on

2139

01:30:22,490 --> 01:30:20,340

Google archive or or you know uh

2140

01:30:25,090 --> 01:30:22,500

newspaper stock I like any of those old

2141

01:30:27,590 --> 01:30:25,100

uh places that uh you know have these uh

2142

01:30:29,930 --> 01:30:27,600

archived newspapers I mean just find

2143

01:30:32,810 --> 01:30:29,940

dozens and dozens and dozens of these

2144

01:30:35,050 --> 01:30:32,820

old um discoveries of giant bones and

2145

01:30:38,149 --> 01:30:35,060

what you see is

2146

01:30:40,189 --> 01:30:38,159

in most instances I mean they're they're

2147

01:30:44,209 --> 01:30:40,199

written about

2148

01:30:46,010 --> 01:30:44,219

very matter-of-factly and and what I

2149

01:30:47,510 --> 01:30:46,020

mean by that is a lot of times it's just

2150

01:30:49,790 --> 01:30:47,520

it's just um

2151  
01:30:51,950 --> 01:30:49,800  
not really a big deal you know you'll

2152  
01:30:55,490 --> 01:30:51,960  
you'll just see like just a little blurb

2153  
01:30:58,070 --> 01:30:55,500  
right like um like Road workers in

2154  
01:31:01,729 --> 01:30:58,080  
Sullivan County Virginia

2155  
01:31:03,709 --> 01:31:01,739  
um under some 36 inch thigh bone and

2156  
01:31:06,950 --> 01:31:03,719  
that's like it it's just everything is

2157  
01:31:10,729 --> 01:31:06,960  
is like very matter of fact

2158  
01:31:14,510 --> 01:31:10,739  
and I think the reason for that is um

2159  
01:31:21,590 --> 01:31:17,270  
you know the the in in the U.S at least

2160  
01:31:24,770 --> 01:31:21,600  
I mean it it and you know it used to be

2161  
01:31:27,830 --> 01:31:24,780  
uh very much that uh people you know

2162  
01:31:29,810 --> 01:31:27,840  
believed in a literal interpretation of

2163  
01:31:31,550 --> 01:31:29,820

the Bible that's um

2164

01:31:34,729 --> 01:31:31,560

that's the exception to the rule

2165

01:31:35,570 --> 01:31:34,739

nowadays right but it was just kind of

2166

01:31:38,750 --> 01:31:35,580

um

2167

01:31:40,250 --> 01:31:38,760

you know like like yeah and and then a

2168

01:31:42,050 --> 01:31:40,260

lot of the the papers it'll be there

2169

01:31:44,209 --> 01:31:42,060

were giants on the earth in those days

2170

01:31:47,390 --> 01:31:44,219

you know like right out of Genesis 6 4

2171

01:31:49,310 --> 01:31:47,400

because people believed um they were

2172

01:31:51,169 --> 01:31:49,320

more Bible believing in those days and

2173

01:31:53,450 --> 01:31:51,179

it's just kind of like well yeah of

2174

01:31:57,290 --> 01:31:53,460

course there there were giants back then

2175

01:31:58,250 --> 01:31:57,300

the Bible says so you know now of course

2176

01:32:00,830 --> 01:31:58,260

um

2177

01:32:04,129 --> 01:32:00,840

a lot of that stuff is is looking at is

2178

01:32:06,649 --> 01:32:04,139

as just myth and um so I think that

2179

01:32:10,669 --> 01:32:06,659

that's probably the the biggest

2180

01:32:11,870 --> 01:32:10,679

um cultural shift as far as as Giants go

2181

01:32:14,390 --> 01:32:11,880

and even

2182

01:32:16,790 --> 01:32:14,400

you know even in a lot of um

2183

01:32:19,910 --> 01:32:16,800

you know what you would call

2184

01:32:22,910 --> 01:32:19,920

um Evangelical or or you know what you'd

2185

01:32:25,610 --> 01:32:22,920

say Bible believe in churches um

2186

01:32:27,110 --> 01:32:25,620

you know I mean a lot of them you know

2187

01:32:29,810 --> 01:32:27,120

don't really even

2188

01:32:31,970 --> 01:32:29,820

that's sort of like the uh what I want

2189

01:32:33,590 --> 01:32:31,980

to say like like the tales of giants

2190

01:32:36,110 --> 01:32:33,600

things like that that's almost sort of

2191

01:32:37,970 --> 01:32:36,120

like the the crazy uncle over at

2192

01:32:40,370 --> 01:32:37,980

Thanksgiving right like nobody really

2193

01:32:41,930 --> 01:32:40,380

wants to you know once you know wants to

2194

01:32:42,709 --> 01:32:41,940

talk to him because

2195

01:32:45,050 --> 01:32:42,719

um

2196

01:32:48,950 --> 01:32:45,060

you know it's kind of I guess kind of

2197

01:32:52,310 --> 01:32:48,960

hard to explain that to um you know to

2198

01:32:53,470 --> 01:32:52,320

to uh to a kid in high school they were

2199

01:32:55,970 --> 01:32:53,480

gonna say Canadian

2200

01:32:58,490 --> 01:32:55,980

Thanksgiving too it's a month earlier

2201  
01:32:59,450 --> 01:32:58,500  
but we haven't you know

2202  
01:33:01,790 --> 01:32:59,460  
um

2203  
01:33:04,430 --> 01:33:01,800  
it

2204  
01:33:07,550 --> 01:33:04,440  
right like I get that uh

2205  
01:33:09,470 --> 01:33:07,560  
have you noticed and like I've kind of

2206  
01:33:11,090 --> 01:33:09,480  
being out of the game a little bit but

2207  
01:33:12,890 --> 01:33:11,100  
kind of like yeah yeah you get your toe

2208  
01:33:14,629 --> 01:33:12,900  
dipped into it every now and again you

2209  
01:33:17,090 --> 01:33:14,639  
things crawl up on your Facebook feed

2210  
01:33:19,790 --> 01:33:17,100  
and you see what people have in mind and

2211  
01:33:21,050 --> 01:33:19,800  
what's being talked about and I've

2212  
01:33:22,610 --> 01:33:21,060  
noticed and I'm not sure if it's just

2213  
01:33:25,970 --> 01:33:22,620

because I haven't really been on

2214

01:33:27,770 --> 01:33:25,980

Facebook a lot or they've changed

2215

01:33:31,629 --> 01:33:27,780

like social media channels that they're

2216

01:33:34,209 --> 01:33:31,639

talking on the more

2217

01:33:37,970 --> 01:33:34,219

sensationalized position

2218

01:33:39,470 --> 01:33:37,980

on Giants or the giant Mythos like yo

2219

01:33:41,750 --> 01:33:39,480

those

2220

01:33:43,970 --> 01:33:41,760

um that range of

2221

01:33:45,830 --> 01:33:43,980

stories that have been talked about in

2222

01:33:48,169 --> 01:33:45,840

Ancient Aliens and all the various other

2223

01:33:49,850 --> 01:33:48,179

shows that's all you see right no it's

2224

01:33:52,129 --> 01:33:49,860

it's died like that's what died down

2225

01:33:55,250 --> 01:33:52,139

it's non-existent everything everything

2226

01:33:58,010 --> 01:33:55,260

I have seen has and pretty much any

2227

01:34:00,830 --> 01:33:58,020

field has gone straight into the

2228

01:34:02,149 --> 01:34:00,840

conspiratorial mind it's like the

2229

01:34:04,490 --> 01:34:02,159

subject and then they'll tie it into

2230

01:34:06,290 --> 01:34:04,500

some type of conspiracy theory of

2231

01:34:10,310 --> 01:34:06,300

government or you know whatever and then

2232

01:34:12,649 --> 01:34:10,320

they'll move on to something else and I

2233

01:34:13,850 --> 01:34:12,659

I'm not I'm not sure if it's just based

2234

01:34:16,250 --> 01:34:13,860

on the algorithm but like I haven't

2235

01:34:17,810 --> 01:34:16,260

really seen it that much where you know

2236

01:34:19,669 --> 01:34:17,820

back in the day of course the show was

2237

01:34:22,370 --> 01:34:19,679

happening like two times a week plus

2238

01:34:26,570 --> 01:34:22,380

however many specials it was a lot more

2239

01:34:28,189 --> 01:34:26,580

prevalent then and even from you know

2240

01:34:30,050 --> 01:34:28,199

any of the

2241

01:34:31,669 --> 01:34:30,060

I'm gonna say Public public online

2242

01:34:34,250 --> 01:34:31,679

Publications

2243

01:34:37,070 --> 01:34:34,260

um it it's it's different now I I don't

2244

01:34:38,870 --> 01:34:37,080

know if that is the curated internet

2245

01:34:41,090 --> 01:34:38,880

that's being shown based on search

2246

01:34:43,669 --> 01:34:41,100

history or based on yeah you know like

2247

01:34:46,610 --> 01:34:43,679

like wow you're searching a lot for how

2248

01:34:48,830 --> 01:34:46,620

to smoke back bacon in your barbecue

2249

01:34:50,270 --> 01:34:48,840

kind of thing so like here's you know

2250

01:34:51,410 --> 01:34:50,280

all the talk about that or anything that

2251

01:34:54,290 --> 01:34:51,420  
could potentially be related to it

2252

01:34:58,370 --> 01:34:54,300  
versus oh here's some cool stuff that

2253

01:34:59,750 --> 01:34:58,380  
you know is is we found uh like from

2254

01:35:01,729 --> 01:34:59,760  
from your side

2255

01:35:03,410 --> 01:35:01,739  
like whether it's Giants whether it's

2256

01:35:06,410 --> 01:35:03,420  
it's uh

2257

01:35:08,270 --> 01:35:06,420  
you know cryptozoology has like is

2258

01:35:09,350 --> 01:35:08,280  
there's one segment over the other that

2259

01:35:11,510 --> 01:35:09,360  
has really

2260

01:35:13,370 --> 01:35:11,520  
I'm gonna stay Stayed the same or

2261

01:35:15,470 --> 01:35:13,380  
consistent with in terms of its tone and

2262

01:35:18,410 --> 01:35:15,480  
Reporting or have you noticed more of a

2263

01:35:19,790 --> 01:35:18,420

shift in one area to another

2264

01:35:21,950 --> 01:35:19,800

no you know I hadn't really thought

2265

01:35:26,330 --> 01:35:21,960

about it but um

2266

01:35:29,270 --> 01:35:26,340

yeah I mean it kind of um

2267

01:35:31,490 --> 01:35:29,280

kind of makes sense what you're saying

2268

01:35:37,370 --> 01:35:33,709

as far as uh

2269

01:35:39,830 --> 01:35:37,380

like the giant stuff that comes across

2270

01:35:42,350 --> 01:35:39,840

my feet I mean most of what I see

2271

01:35:46,129 --> 01:35:42,360

nowadays

2272

01:35:49,490 --> 01:35:46,139

is really more like the uh kind of like

2273

01:35:51,050 --> 01:35:49,500

the more outlandish stuff like like for

2274

01:35:54,410 --> 01:35:51,060

every

2275

01:35:56,510 --> 01:35:54,420

good or maybe plausible

2276

01:35:59,209 --> 01:35:56,520

um type deal you know you'll see

2277

01:36:01,550 --> 01:35:59,219

something like uh about the giant of

2278

01:36:03,050 --> 01:36:01,560

Kandahar you know we're uh we're

2279

01:36:06,590 --> 01:36:03,060

supposedly the

2280

01:36:09,350 --> 01:36:06,600

uh Special Forces Unit went into a cave

2281

01:36:12,169 --> 01:36:09,360

in Afghanistan and you know killed this

2282

01:36:14,510 --> 01:36:12,179

15-foot tall Giant and the government's

2283

01:36:16,370 --> 01:36:14,520

covered it up and blah blah blah you

2284

01:36:18,550 --> 01:36:16,380

know yeah you know the kind of stuff

2285

01:36:21,590 --> 01:36:18,560

like that um

2286

01:36:23,750 --> 01:36:21,600

that was the old website back in the day

2287

01:36:26,209 --> 01:36:23,760

well this you know actually the first

2288

01:36:28,550 --> 01:36:26,219

time I heard that story I was uh you

2289

01:36:30,530 --> 01:36:28,560

know driving in into work in the middle

2290

01:36:34,070 --> 01:36:30,540

of the night and it was on Coastal Coast

2291

01:36:37,610 --> 01:36:34,080

was the first time I heard and I don't I

2292

01:36:39,350 --> 01:36:37,620

I you know I uh it's one of those things

2293

01:36:43,070 --> 01:36:39,360

that um

2294

01:36:46,610 --> 01:36:43,080

not a real big believer in but

2295

01:36:48,830 --> 01:36:46,620

um but you know I for like for every

2296

01:36:51,050 --> 01:36:48,840

you know I really don't see a whole lot

2297

01:36:53,689 --> 01:36:51,060

as far as Giants go um

2298

01:36:56,030 --> 01:36:53,699

stuff come across my feed as I used to

2299

01:36:58,310 --> 01:36:56,040

unless it's something you know like real

2300

01:36:59,570 --> 01:36:58,320

outlandish like that I see that and I

2301

01:37:02,330 --> 01:36:59,580

don't know I mean I think some of that

2302

01:37:04,550 --> 01:37:02,340

outlandish stuff just you know gets more

2303

01:37:06,709 --> 01:37:04,560

clicks and you know how it is it's like

2304

01:37:08,990 --> 01:37:06,719

with as far as clicks go the rich get

2305

01:37:11,990 --> 01:37:09,000

richer the poorer get poorer you know it

2306

01:37:14,629 --> 01:37:12,000

just kind of you know my my Facebook

2307

01:37:17,149 --> 01:37:14,639

reach has uh God I had I mean I've got

2308

01:37:20,530 --> 01:37:17,159

more followers on my page now but I had

2309

01:37:23,990 --> 01:37:20,540

way more interactions you know in 2016

2310

01:37:25,610 --> 01:37:24,000

2017 than I do now like yeah unless

2311

01:37:27,590 --> 01:37:25,620

you're doing live you you know like

2312

01:37:30,649 --> 01:37:27,600

you're you're right for real I mean my

2313

01:37:33,890 --> 01:37:30,659

and on Twitter too I mean I mean my uh

2314

01:37:36,530 --> 01:37:33,900

you know my my reach is just plummeted

2315

01:37:38,330 --> 01:37:36,540

you know and um I

2316

01:37:41,030 --> 01:37:38,340

I don't know I guess it's just those

2317

01:37:43,189 --> 01:37:41,040

kooky algorithms and whatever but who

2318

01:37:45,649 --> 01:37:43,199

knows well you need to pay that 13.99

2319

01:37:47,270 --> 01:37:45,659

for that uh and that's the things like

2320

01:37:49,729 --> 01:37:47,280

you know I was telling that to my wife's

2321

01:37:53,750 --> 01:37:49,739

like you know I I think it I thought it

2322

01:37:56,030 --> 01:37:53,760

was so funny when um I I do think it's

2323

01:37:58,550 --> 01:37:56,040

funny I think it's hilarious watching

2324

01:38:00,890 --> 01:37:58,560

all the uh all the blue check mark crowd

2325

01:38:03,350 --> 01:38:00,900

the the way that they cried you know

2326

01:38:05,750 --> 01:38:03,360

about their blue check marks

2327

01:38:08,149 --> 01:38:05,760

that was hilarious you know and that's

2328

01:38:10,010 --> 01:38:08,159

cool but on the other hand I think

2329

01:38:12,649 --> 01:38:10,020

what's going on on Twitter is you know

2330

01:38:14,090 --> 01:38:12,659

everybody else you know it's like you're

2331

01:38:16,310 --> 01:38:14,100

you're you're

2332

01:38:18,410 --> 01:38:16,320

um your reach is being throttled you

2333

01:38:20,270 --> 01:38:18,420

know to try to encourage you to uh you

2334

01:38:23,149 --> 01:38:20,280

know subscribe to Twitter blue and I'm

2335

01:38:26,030 --> 01:38:23,159

not I am not paying for Twitter I mean

2336

01:38:28,490 --> 01:38:26,040

you can put a freaking gun to my head I

2337

01:38:30,709 --> 01:38:28,500

will not ever pay for Twitter I will

2338

01:38:33,770 --> 01:38:30,719

never pay for Facebook I'm just not

2339

01:38:36,229 --> 01:38:33,780

doing it and you can throttle my reach

2340

01:38:38,930 --> 01:38:36,239

all you want but I'm I'm just not doing

2341

01:38:41,450 --> 01:38:38,940

it it's not gonna happen I got to say

2342

01:38:44,689 --> 01:38:41,460

like you know in my

2343

01:38:48,350 --> 01:38:44,699

um like in my field like all I've paid

2344

01:38:49,970 --> 01:38:48,360

for I'm gonna admit it I've paid for

2345

01:38:53,570 --> 01:38:49,980

LinkedIn gold

2346

01:38:56,149 --> 01:38:53,580

or LinkedIn premium because I don't I

2347

01:38:58,070 --> 01:38:56,159

don't even know why but it's different

2348

01:39:00,410 --> 01:38:58,080

than Twitter oh no because you don't

2349

01:39:03,110 --> 01:39:00,420

really need it like I could I could full

2350

01:39:05,270 --> 01:39:03,120

on I have enough uh like I have enough

2351

01:39:06,649 --> 01:39:05,280

followers that I I qualify for the I

2352

01:39:07,970 --> 01:39:06,659

could live stream on LinkedIn which is

2353

01:39:09,350 --> 01:39:07,980

like this big

2354

01:39:10,970 --> 01:39:09,360

like oh my goodness you you can live

2355

01:39:12,470 --> 01:39:10,980

stream like yeah I can live stream of

2356

01:39:15,590 --> 01:39:12,480

you know a couple groups and that's

2357

01:39:17,270 --> 01:39:15,600

that's you know that's great but like

2358

01:39:18,350 --> 01:39:17,280

for them it's a business but look if you

2359

01:39:20,149 --> 01:39:18,360

notice for any of these groups they

2360

01:39:21,770 --> 01:39:20,159

always have their bank accounts in

2361

01:39:24,530 --> 01:39:21,780

Ireland because they don't pay any

2362

01:39:27,350 --> 01:39:24,540

attention so I'm like just sitting there

2363

01:39:28,790 --> 01:39:27,360

going like 98 like I thought I got the

2364

01:39:30,410 --> 01:39:28,800

discount you said I got the discount now

2365

01:39:33,169 --> 01:39:30,420

it's like only it's only for one month

2366

01:39:36,169 --> 01:39:33,179

like well you know forget that noise

2367

01:39:39,050 --> 01:39:36,179

like no I'm done

2368

01:39:40,250 --> 01:39:39,060

um and like like that's that's the weird

2369

01:39:43,370 --> 01:39:40,260

thing about social media because like

2370

01:39:48,169 --> 01:39:43,380

it's it's so different now even to then

2371

01:39:52,790 --> 01:39:48,179

uh where like the app changes randomly I

2372

01:39:57,290 --> 01:39:55,430

I think at one point there was a small

2373

01:40:00,709 --> 01:39:57,300

like a day or two where they were

2374

01:40:02,810 --> 01:40:00,719

testing out uh the chat being integrated

2375

01:40:04,250 --> 01:40:02,820

back into the App instead of having a

2376

01:40:07,010 --> 01:40:04,260

separate messenger

2377

01:40:09,229 --> 01:40:07,020

and I'm like oh my God it's back like I

2378

01:40:13,550 --> 01:40:09,239

haven't seen this since I sideloaded

2379

01:40:15,169 --> 01:40:13,560

Facebook onto my my Blackberry 10. you

2380

01:40:17,750 --> 01:40:15,179

know like I was hoping they'd bring this

2381

01:40:20,390 --> 01:40:17,760

back and they're like oh no it went away

2382

01:40:22,490 --> 01:40:20,400

like okay it's back to messenger uh it's

2383

01:40:24,770 --> 01:40:22,500

fine like I don't

2384

01:40:26,510 --> 01:40:24,780

whether it's it's you know maybe it's

2385

01:40:28,129 --> 01:40:26,520

something that also will go extinct

2386

01:40:29,570 --> 01:40:28,139

maybe it's going to be around for a long

2387

01:40:30,350 --> 01:40:29,580

time

2388

01:40:32,450 --> 01:40:30,360

um

2389

01:40:35,270 --> 01:40:32,460

and I'm William I am going to get your

2390

01:40:39,169 --> 01:40:35,280

question so you know you did ask it a

2391

01:40:43,330 --> 01:40:40,850

what about

2392

01:40:46,970 --> 01:40:43,340

non-water

2393

01:40:49,430 --> 01:40:46,980

terrestrial dinosaurs because that is

2394

01:40:51,530 --> 01:40:49,440

because we got about 20 minutes left so

2395

01:40:53,930 --> 01:40:51,540

I want to make sure we can yeah we can

2396

01:40:55,970 --> 01:40:53,940

cover this yeah I'm a big believer in

2397

01:40:57,530 --> 01:40:55,980

the possibility of that I mean if you

2398

01:41:00,590 --> 01:40:57,540

look at um

2399

01:41:02,689 --> 01:41:00,600

because you live in maquila and bimbe in

2400

01:41:05,209 --> 01:41:02,699

Africa you know you look at some of your

2401

01:41:07,669 --> 01:41:05,219

uh South American

2402

01:41:10,729 --> 01:41:07,679

um you know reports uh you know it just

2403

01:41:12,530 --> 01:41:10,739

uh it certainly seems uh plausible to me

2404

01:41:14,629 --> 01:41:12,540

you know um

2405

01:41:16,850 --> 01:41:14,639

uh you know I

2406

01:41:18,530 --> 01:41:16,860

we had talked about in some of my books

2407

01:41:22,129 --> 01:41:18,540

like when uh oh you have a new one

2408

01:41:23,750 --> 01:41:22,139

coming out and yeah yeah I've actually

2409

01:41:26,090 --> 01:41:23,760

got one coming out it's it's actually

2410

01:41:28,910 --> 01:41:26,100

called living dinosaurs and I get into

2411

01:41:33,050 --> 01:41:28,920

this um you know quite a bit more and

2412

01:41:35,450 --> 01:41:33,060

you know I'm not saying that you know if

2413

01:41:38,090 --> 01:41:35,460

you go out in Amazon it's like Jurassic

2414

01:41:39,830 --> 01:41:38,100

Park and there's T-Rex is gonna eat you

2415

01:41:43,010 --> 01:41:39,840

and all that stuff I'm just saying that

2416

01:41:46,550 --> 01:41:43,020

there could be a few you know stragglers

2417

01:41:48,890 --> 01:41:46,560

you know out there based on well you

2418

01:41:51,470 --> 01:41:48,900

know based on you know some of the uh

2419

01:41:53,450 --> 01:41:51,480

strange reports you get

2420

01:41:56,629 --> 01:41:53,460

and also like we were we were talking

2421

01:41:59,689 --> 01:41:56,639

earlier you know I'm not sure

2422

01:42:02,629 --> 01:41:59,699

I'm not sure our Extinction timelines

2423

01:42:05,530 --> 01:42:02,639

are quite correct I mean I I don't think

2424

01:42:09,229 --> 01:42:05,540

that dinosaurs

2425

01:42:13,030 --> 01:42:09,239

necessarily had to have gone extinct 65

2426

01:42:17,450 --> 01:42:13,040

million years ago if you you know I

2427

01:42:19,070 --> 01:42:17,460

subscribe to a catastrophist

2428

01:42:21,649 --> 01:42:19,080

um point of view you know I think

2429

01:42:24,410 --> 01:42:21,659

catastrophe ladies yeah however you say

2430

01:42:27,530 --> 01:42:24,420

these you know cataclysms pole shifts

2431

01:42:30,770 --> 01:42:27,540

you know Common impacts you know I think

2432

01:42:33,590 --> 01:42:30,780

that these things reset the clock on and

2433

01:42:36,229 --> 01:42:33,600

and you know some of our dating is

2434

01:42:37,790 --> 01:42:36,239

probably not correct and so if you're if

2435

01:42:40,010 --> 01:42:37,800

you're able to kind of look at things

2436

01:42:42,490 --> 01:42:40,020

through that lens

2437

01:42:46,729 --> 01:42:42,500

you know you don't have this

2438

01:42:49,430 --> 01:42:46,739

65 million years hurdle to overcome and

2439

01:42:52,370 --> 01:42:49,440

and moreover

2440

01:42:56,030 --> 01:42:52,380

you know I'm not a scientist right but

2441

01:43:00,109 --> 01:42:56,040

you know I I'm I I do know that we have

2442

01:43:02,689 --> 01:43:00,119

never found a complete dinosaur skeleton

2443

01:43:04,910 --> 01:43:02,699

you know um stegosauruses I think

2444

01:43:08,870 --> 01:43:04,920

they've only found like 80 samples of

2445

01:43:10,850 --> 01:43:08,880

those half of that for T-rex's so I just

2446

01:43:13,729 --> 01:43:10,860

don't think in the first place we even

2447

01:43:16,129 --> 01:43:13,739

know as much about dinosaurs as we think

2448

01:43:18,830 --> 01:43:16,139

we do because everything is just you

2449

01:43:21,109 --> 01:43:18,840

know based on fossils and and a lot of

2450

01:43:24,770 --> 01:43:21,119

times I think some of those dates might

2451

01:43:27,770 --> 01:43:24,780

even be faulty so I think it is entirely

2452

01:43:30,709 --> 01:43:27,780

possible that there's um you know some

2453

01:43:33,649 --> 01:43:30,719

small populations of dinosaurs in you

2454

01:43:35,930 --> 01:43:33,659

know Africa South America probably you

2455

01:43:37,689 --> 01:43:35,940

know places like Papua New Guinea you

2456

01:43:40,310 --> 01:43:37,699

know some of those real

2457

01:43:43,129 --> 01:43:40,320

impenetrable places I mean

2458

01:43:46,070 --> 01:43:43,139

you know I've visited the uh

2459

01:43:49,490 --> 01:43:46,080

um a Preserve in in the Amazon back in

2460

01:43:52,669 --> 01:43:49,500

in 2016 and I mean it was uh it was a

2461

01:43:55,189 --> 01:43:52,679

damn four hour boat ride I mean there's

2462

01:43:58,430 --> 01:43:55,199

there's a four-hour boat ride it's just

2463

01:44:01,250 --> 01:43:58,440

crazy how isolated and everything it is

2464

01:44:02,090 --> 01:44:01,260

and uh I I decided then and there I'm

2465

01:44:03,649 --> 01:44:02,100

not gonna

2466

01:44:05,930 --> 01:44:03,659

I'm not going to rule out the

2467

01:44:08,570 --> 01:44:05,940

possibility of anything when you're in a

2468

01:44:11,030 --> 01:44:08,580

place that's that's that remote

2469

01:44:13,970 --> 01:44:11,040

I mean anything could be there I mean we

2470

01:44:16,490 --> 01:44:13,980

just don't know as much as as we think

2471

01:44:20,030 --> 01:44:16,500

we do about you know our our planet

2472

01:44:23,450 --> 01:44:20,040

about our our past uh you know that's

2473

01:44:27,169 --> 01:44:23,460

just my take on it where are we as a

2474

01:44:29,570 --> 01:44:27,179

society have our heads in our phones a

2475

01:44:30,950 --> 01:44:29,580

lot we don't we've stopped looking up at

2476

01:44:32,390 --> 01:44:30,960

the sky we're looking more at the ground

2477

01:44:35,390 --> 01:44:32,400

when we're looking at our phones we

2478

01:44:38,149 --> 01:44:35,400

don't pay attention to the world like we

2479

01:44:40,450 --> 01:44:38,159

used to uh we're so busy we don't we

2480

01:44:44,030 --> 01:44:40,460

just don't have the the capacity

2481

01:44:45,709 --> 01:44:44,040

advertising is and messaging is brand

2482

01:44:48,770 --> 01:44:45,719

branding is being bombarding us on a

2483

01:44:52,010 --> 01:44:48,780

constant basis which is making it more

2484

01:44:54,169 --> 01:44:52,020

difficult to to you know cut through the

2485

01:44:55,910 --> 01:44:54,179

noise to be able to see the force for

2486

01:44:59,330 --> 01:44:55,920

the tour the trees in the forest we'll

2487

01:45:02,810 --> 01:44:59,340

we'll use that metaphor uh I would say

2488

01:45:04,970 --> 01:45:02,820

that yeah like yeah 100 we don't

2489

01:45:06,830 --> 01:45:04,980

we don't know everything we don't know

2490

01:45:11,030 --> 01:45:06,840

everything about

2491

01:45:13,209 --> 01:45:11,040

right now uh

2492

01:45:16,370 --> 01:45:13,219

you can't necessarily even compare

2493

01:45:18,189 --> 01:45:16,380

things like you know well is you like

2494

01:45:20,689 --> 01:45:18,199

you mentioned wolves are being

2495

01:45:23,090 --> 01:45:20,699

reintroduced into the California

2496

01:45:25,609 --> 01:45:23,100

population uh or at least in in you know

2497

01:45:26,930 --> 01:45:25,619

the American uh the American West and

2498

01:45:29,990 --> 01:45:26,940

they've tracked

2499

01:45:32,149 --> 01:45:30,000

the migration down from you know

2500

01:45:36,350 --> 01:45:32,159

Washington Oregon all the way down into

2501

01:45:38,930 --> 01:45:36,360

to uh the middle of of California but

2502

01:45:41,270 --> 01:45:38,940

you're talking about animals that hunt

2503

01:45:43,450 --> 01:45:41,280

other animals for food you know those

2504

01:45:46,129 --> 01:45:43,460

those animals that are food they migrate

2505

01:45:48,169 --> 01:45:46,139

and most the time you don't even know

2506

01:45:51,050 --> 01:45:48,179

that they're there like

2507

01:45:55,129 --> 01:45:51,060

we have an extent like even here in in

2508

01:45:57,830 --> 01:45:55,139

Western Ottawa which uh that's

2509

01:46:02,629 --> 01:45:57,840

to give everyone an island it's about an

2510

01:46:06,410 --> 01:46:02,639

hour and a half drive at 70 miles south

2511

01:46:08,750 --> 01:46:06,420

west of Montreal which is about four or

2512

01:46:11,209 --> 01:46:08,760

five hours due south of New York City so

2513

01:46:12,830 --> 01:46:11,219

you can do that triangulation uh and our

2514

01:46:16,609 --> 01:46:12,840

city is huge like it's it's

2515

01:46:20,229 --> 01:46:16,619

predominantly a a hybrid Urban and

2516

01:46:23,689 --> 01:46:20,239

suburban and rural area

2517

01:46:27,649 --> 01:46:23,699

and the coyote population is massive

2518

01:46:29,450 --> 01:46:27,659

it's massive and in our area it's a very

2519

01:46:30,350 --> 01:46:29,460

very old neighborhood

2520

01:46:32,870 --> 01:46:30,360

um

2521

01:46:34,970 --> 01:46:32,880

fairly dense as far as neighborhood like

2522

01:46:36,770 --> 01:46:34,980

this would be like not crammed together

2523

01:46:38,149 --> 01:46:36,780

like they are being built now but you

2524

01:46:39,950 --> 01:46:38,159

know this was a pretty high density

2525

01:46:42,890 --> 01:46:39,960

neighborhood way back and when it was

2526

01:46:45,350 --> 01:46:42,900

built in the late 70s early 80s and the

2527

01:46:48,370 --> 01:46:45,360

way that it's laid out we can still see

2528

01:46:50,330 --> 01:46:48,380

coyotes in the area

2529

01:46:51,950 --> 01:46:50,340

depending on the time of year you may

2530

01:46:54,350 --> 01:46:51,960

not see them like just because they're

2531

01:46:56,149 --> 01:46:54,360

so used to avoiding humans they're so

2532

01:46:58,010 --> 01:46:56,159

used to try and not being seen because

2533

01:46:59,149 --> 01:46:58,020

either hunting the pets or they're

2534

01:47:01,790 --> 01:46:59,159

trying to make sure that they're not

2535

01:47:04,490 --> 01:47:01,800

going to get you know not get in danger

2536

01:47:07,070 --> 01:47:04,500

from uh from from the humans around them

2537

01:47:09,350 --> 01:47:07,080

and like we're talking you know running

2538

01:47:12,350 --> 01:47:09,360

through playgrounds through school yards

2539

01:47:14,750 --> 01:47:12,360

they're they're in in family

2540

01:47:16,250 --> 01:47:14,760

neighborhoods with young kids and this

2541

01:47:19,490 --> 01:47:16,260

is their natural habitat we've just

2542

01:47:21,229 --> 01:47:19,500

encroached into in on it uh but like a

2543

01:47:22,250 --> 01:47:21,239

lot of times we don't see tracks now if

2544

01:47:23,750 --> 01:47:22,260

you're not a Tracker you don't know what

2545

01:47:25,669 --> 01:47:23,760

they are they're not leaving a lot of

2546

01:47:27,709 --> 01:47:25,679

fur the only way that we know that

2547

01:47:30,490 --> 01:47:27,719

they're there is because there's so many

2548

01:47:33,229 --> 01:47:30,500

of them because there's so many of us

2549

01:47:35,570 --> 01:47:33,239

and you know they're they're moving

2550

01:47:38,270 --> 01:47:35,580

around on a constant basis if you're

2551

01:47:41,450 --> 01:47:38,280

talking about tracks of land in

2552

01:47:43,490 --> 01:47:41,460

California or you know the Midwest the

2553

01:47:45,950 --> 01:47:43,500

United States is the third or fourth

2554

01:47:48,830 --> 01:47:45,960

like it's it's you know uh

2555

01:47:50,570 --> 01:47:48,840

Russia Canada China and the United

2556

01:47:54,770 --> 01:47:50,580

States and then Australia those like the

2557

01:47:57,229 --> 01:47:54,780

the topic five singular countries and

2558

01:47:59,990 --> 01:47:57,239

that's that's a massive landmass how

2559

01:48:03,050 --> 01:48:00,000

long does it take you to drive from one

2560

01:48:04,790 --> 01:48:03,060

end of the U.S to another and in that

2561

01:48:07,910 --> 01:48:04,800

time

2562

01:48:09,649 --> 01:48:07,920

when what is the longest point where you

2563

01:48:12,770 --> 01:48:09,659

don't actually see anything or another

2564

01:48:15,290 --> 01:48:12,780

car or you know another store a gas

2565

01:48:16,430 --> 01:48:15,300

station you're talking like hundreds and

2566

01:48:18,890 --> 01:48:16,440

hundreds and hundreds and hundreds of

2567

01:48:21,950 --> 01:48:18,900

miles where you're only through that

2568

01:48:24,229 --> 01:48:21,960

section for 10 20 minutes you may be one

2569

01:48:26,689 --> 01:48:24,239

of only one person every couple of hours

2570

01:48:28,010 --> 01:48:26,699

who makes that trip how is it you can

2571

01:48:29,229 --> 01:48:28,020

make the determination if there is

2572

01:48:31,490 --> 01:48:29,239

something there that you don't know

2573

01:48:33,410 --> 01:48:31,500

there are species that we are still

2574

01:48:35,689 --> 01:48:33,420

finding there are species that we

2575

01:48:38,330 --> 01:48:35,699

thought that are extinct that we are

2576

01:48:40,550 --> 01:48:38,340

still finding so yeah like if you you

2577

01:48:43,370 --> 01:48:40,560

take a continent the size of Africa

2578

01:48:45,590 --> 01:48:43,380

which we don't even know and can't

2579

01:48:47,570 --> 01:48:45,600

conceive how big it is because our

2580

01:48:50,450 --> 01:48:47,580

entire frame of reference is built

2581

01:48:52,910 --> 01:48:50,460

around the Mercator uh projection which

2582

01:48:57,109 --> 01:48:52,920

makes it look smaller than Greenland

2583

01:49:00,830 --> 01:48:57,119

I'm like I'm sorry like African big huge

2584

01:49:02,209 --> 01:49:00,840

it's huge yeah it's like they're like

2585

01:49:03,470 --> 01:49:02,219

what are some of the reports of

2586

01:49:05,209 --> 01:49:03,480

dinosaurs Coming Out of Africa

2587

01:49:06,470 --> 01:49:05,219

especially around you know like Congo

2588

01:49:08,510 --> 01:49:06,480

because I know I know I've heard there's

2589

01:49:10,970 --> 01:49:08,520

some crazy stories out there yeah well

2590

01:49:14,930 --> 01:49:10,980

in in the Congo there's uh you know

2591

01:49:17,270 --> 01:49:14,940

supposedly a sauropod dinosaur it's uh

2592

01:49:19,790 --> 01:49:17,280

it's got a name mokille and bimbe is

2593

01:49:23,149 --> 01:49:19,800

what they call it I mean uh well I guess

2594

01:49:23,990 --> 01:49:23,159

it's got variant names too but there's

2595

01:49:26,570 --> 01:49:24,000

um

2596

01:49:28,310 --> 01:49:26,580

I mean there's been reports of that I

2597

01:49:31,850 --> 01:49:28,320

mean since um

2598

01:49:34,070 --> 01:49:31,860

gosh since the earliest days of uh you

2599

01:49:36,709 --> 01:49:34,080

know French missionaries in in the area

2600

01:49:40,189 --> 01:49:36,719

spoke of these you know enormous uh

2601  
01:49:42,430 --> 01:49:40,199  
reptilian tracks and um you know those

2602  
01:49:46,850 --> 01:49:42,440  
stories uh

2603  
01:49:49,729 --> 01:49:46,860  
even to this day of people spotting you

2604  
01:49:54,709 --> 01:49:49,739  
know like like a small dinosaur there's

2605  
01:49:57,229 --> 01:49:54,719  
uh there's also been reports that um

2606  
01:50:00,050 --> 01:49:57,239  
you know sound a lot like you know what

2607  
01:50:02,330 --> 01:50:00,060  
you think of of a stegosaur there you

2608  
01:50:05,629 --> 01:50:02,340  
know where uh they say that there's this

2609  
01:50:09,410 --> 01:50:05,639  
large reptile-like creature with planks

2610  
01:50:13,250 --> 01:50:09,420  
growing out of its back you know um

2611  
01:50:16,629 --> 01:50:13,260  
there's other reports that uh

2612  
01:50:19,729 --> 01:50:16,639  
sound a lot like uh you know like a

2613  
01:50:22,609 --> 01:50:19,739

Triceratops uh you know from there I

2614

01:50:24,790 --> 01:50:22,619

mean who knows maybe those could you

2615

01:50:27,169 --> 01:50:24,800

know it could just be some kind of uh

2616

01:50:29,030 --> 01:50:27,179

rhinoceros or something we don't know

2617

01:50:31,729 --> 01:50:29,040

about but you know if there's a species

2618

01:50:33,590 --> 01:50:31,739

of rhinoceros that we don't know about I

2619

01:50:36,070 --> 01:50:33,600

mean that's pretty cool too right I mean

2620

01:50:37,970 --> 01:50:36,080

that that's no less um

2621

01:50:40,010 --> 01:50:37,980

incredible

2622

01:50:42,350 --> 01:50:40,020

um you know is my point and there

2623

01:50:46,030 --> 01:50:42,360

there's a lot of those type of stories

2624

01:50:49,250 --> 01:50:46,040

in in South America you know and um

2625

01:50:51,229 --> 01:50:49,260

back in the back in the old days like uh

2626  
01:50:53,930 --> 01:50:51,239  
you know when the rubber trade was going

2627  
01:50:56,270 --> 01:50:53,940  
on and and people were you know pushing

2628  
01:50:58,129 --> 01:50:56,280  
way into the interior

2629  
01:51:00,890 --> 01:50:58,139  
you know there were these Tales coming

2630  
01:51:03,050 --> 01:51:00,900  
out of you know just sound I mean they

2631  
01:51:05,570 --> 01:51:03,060  
just fit the description of you know

2632  
01:51:08,390 --> 01:51:05,580  
like small dinosaurs and by small

2633  
01:51:12,350 --> 01:51:08,400  
dinosaurs I'm talking you know 18 20

2634  
01:51:15,530 --> 01:51:12,360  
feet long uh not quite what you'd see on

2635  
01:51:17,870 --> 01:51:15,540  
the Jurassic Park movies but uh you know

2636  
01:51:19,430 --> 01:51:17,880  
bigger than a reptile you should you

2637  
01:51:23,270 --> 01:51:19,440  
would think you would be seeing you know

2638  
01:51:24,950 --> 01:51:23,280

I'm up here the largest bird like like

2639

01:51:27,950 --> 01:51:24,960

we're starting to get like even up here

2640

01:51:31,189 --> 01:51:27,960

in in Ottawa we're starting to get uh a

2641

01:51:33,709 --> 01:51:31,199

lot of bald eagle nesting which is great

2642

01:51:34,850 --> 01:51:33,719

and they're Majestic and you know you're

2643

01:51:36,890 --> 01:51:34,860

up at the college and you see like this

2644

01:51:38,629 --> 01:51:36,900

bald eagle you know it's just sitting up

2645

01:51:40,490 --> 01:51:38,639

there and you see this other small bird

2646

01:51:43,030 --> 01:51:40,500

just dive bombing it constantly trying

2647

01:51:45,530 --> 01:51:43,040

to get it away from its nest

2648

01:51:46,609 --> 01:51:45,540

kids are in the water you're like grab

2649

01:51:50,689 --> 01:51:46,619

the kids

2650

01:51:52,490 --> 01:51:50,699

make sure it's safe I know in in and and

2651

01:51:55,189 --> 01:51:52,500

if you if you don't get a picture of it

2652

01:51:57,169 --> 01:51:55,199

most people be like oh you know like oh

2653

01:51:58,669 --> 01:51:57,179

yeah right sure oh yeah there's there's

2654

01:52:01,010 --> 01:51:58,679

not they're like no well now there's oh

2655

01:52:02,209 --> 01:52:01,020

it's just a Hulk yeah like no I know

2656

01:52:04,729 --> 01:52:02,219

what a hawk looks like I know what a

2657

01:52:06,350 --> 01:52:04,739

turkey vulture looks like he has a hawk

2658

01:52:07,850 --> 01:52:06,360

fly straight turkey vulture looks a

2659

01:52:10,490 --> 01:52:07,860

little bit uneven if it's doing this

2660

01:52:12,350 --> 01:52:10,500

it's probably a turkey vulture uh like

2661

01:52:15,649 --> 01:52:12,360

in Africa there I know there are reports

2662

01:52:19,550 --> 01:52:15,659

of like winged dinosaur like huge either

2663

01:52:21,050 --> 01:52:19,560

it's a giant bird or some type of you

2664

01:52:23,590 --> 01:52:21,060

know prehistoric because like the

2665

01:52:26,870 --> 01:52:23,600

report's coming out of there are are

2666

01:52:29,750 --> 01:52:26,880

we're talking you know I think the the

2667

01:52:32,030 --> 01:52:29,760

1800s 1850s when they first started

2668

01:52:33,890 --> 01:52:32,040

pushing into the interior

2669

01:52:37,129 --> 01:52:33,900

um like the reports are coming out that

2670

01:52:39,890 --> 01:52:37,139

they were having sightings of these

2671

01:52:41,990 --> 01:52:39,900

massive you know like massive leathered

2672

01:52:44,870 --> 01:52:42,000

winged Rangers

2673

01:52:46,669 --> 01:52:44,880

yeah I mean for for lack of a better

2674

01:52:48,530 --> 01:52:46,679

description I mean it sounds like you

2675

01:52:50,510 --> 01:52:48,540

know what you think of with pterosaurs

2676  
01:52:53,270 --> 01:52:50,520  
you know Coming Out of Africa a lot of

2677  
01:52:56,149 --> 01:52:53,280  
your real good reports I mean a lot of

2678  
01:52:58,729 --> 01:52:56,159  
them come out of like Papua New Guinea I

2679  
01:53:01,910 --> 01:52:58,739  
mean tons of them down there

2680  
01:53:03,830 --> 01:53:01,920  
and you know you just think of uh like

2681  
01:53:05,990 --> 01:53:03,840  
these places you know like how remote

2682  
01:53:07,850 --> 01:53:06,000  
they are and I mean I just can't think

2683  
01:53:09,530 --> 01:53:07,860  
of a good reason

2684  
01:53:12,169 --> 01:53:09,540  
you know why something like that

2685  
01:53:14,570 --> 01:53:12,179  
couldn't exist I mean and I think the

2686  
01:53:19,609 --> 01:53:14,580  
you know the main reason that people are

2687  
01:53:23,570 --> 01:53:19,619  
are so hesitant is just that you know we

2688  
01:53:25,570 --> 01:53:23,580

know dinosaurs went extinct 65 million

2689

01:53:28,790 --> 01:53:25,580

years ago

2690

01:53:31,609 --> 01:53:28,800

and you know it's just we're just so

2691

01:53:33,709 --> 01:53:31,619

conditioned you know to to just outright

2692

01:53:35,750 --> 01:53:33,719

reject anything that that that's

2693

01:53:38,689 --> 01:53:35,760

contrary to you know what we've had

2694

01:53:40,189 --> 01:53:38,699

pounded into our heads you know since I

2695

01:53:42,050 --> 01:53:40,199

mean gosh I mean since we were little

2696

01:53:43,970 --> 01:53:42,060

kids really

2697

01:53:47,149 --> 01:53:43,980

and you know I just think that that's

2698

01:53:50,390 --> 01:53:47,159

why uh why people reject it I mean I I

2699

01:53:54,430 --> 01:53:50,400

think there's really a lot of credible

2700

01:53:57,290 --> 01:53:54,440

credible reports I mean

2701  
01:53:59,990 --> 01:53:57,300  
evidence-wise I mean like you know I

2702  
01:54:01,370 --> 01:54:00,000  
mean if it's just a small number of

2703  
01:54:03,410 --> 01:54:01,380  
these things I mean it's I mean it's

2704  
01:54:06,770 --> 01:54:03,420  
really the proverbial needle in the

2705  
01:54:08,570 --> 01:54:06,780  
haystack I mean there's there if you

2706  
01:54:10,669 --> 01:54:08,580  
could prove they exist right I mean

2707  
01:54:12,950 --> 01:54:10,679  
they're they're probably critically

2708  
01:54:17,570 --> 01:54:12,960  
critically endangered so there's

2709  
01:54:19,930 --> 01:54:17,580  
couldn't be many of them and it it it's

2710  
01:54:23,510 --> 01:54:19,940  
really would be tough to to

2711  
01:54:27,290 --> 01:54:23,520  
improve scientifically good enough you

2712  
01:54:29,990 --> 01:54:27,300  
know to show me the body criteria it's

2713  
01:54:31,609 --> 01:54:30,000

almost impossible and especially since

2714

01:54:33,470 --> 01:54:31,619

everybody looking for these I mean

2715

01:54:35,390 --> 01:54:33,480

they're you know you're doing it on your

2716

01:54:38,149 --> 01:54:35,400

own dime it's it's you know it's not

2717

01:54:41,629 --> 01:54:38,159

like you can just go to the grant store

2718

01:54:44,149 --> 01:54:41,639

and and get some money to you know to to

2719

01:54:46,129 --> 01:54:44,159

spend years looking for these things you

2720

01:54:47,629 --> 01:54:46,139

know I guess if they you got a store for

2721

01:54:50,030 --> 01:54:47,639

that I got some beans to sell you and

2722

01:54:52,490 --> 01:54:50,040

then we can go find some Giants

2723

01:54:54,830 --> 01:54:52,500

um you know and I'm I'm not saying you

2724

01:54:56,810 --> 01:54:54,840

know like if if you know if you're the

2725

01:54:58,910 --> 01:54:56,820

the colleges or you know the government

2726

01:55:02,270 --> 01:54:58,920

I mean I get it you know you're gonna

2727

01:55:05,629 --> 01:55:02,280

hand out the money to you know the other

2728

01:55:08,090 --> 01:55:05,639

stuff I I totally get it I'm not I'm not

2729

01:55:10,850 --> 01:55:08,100

criticizing a lack of Interest or a lack

2730

01:55:13,729 --> 01:55:10,860

of funding I mean you know but um the

2731

01:55:18,470 --> 01:55:13,739

you know the point being it's just a um

2732

01:55:21,109 --> 01:55:18,480

it would a remarkable challenge to um to

2733

01:55:23,930 --> 01:55:21,119

try to even get enough evidence to drum

2734

01:55:25,790 --> 01:55:23,940

up enough interest like to get some

2735

01:55:27,649 --> 01:55:25,800

funding you know what I'm saying if that

2736

01:55:28,729 --> 01:55:27,659

makes sense I remember there was one

2737

01:55:31,629 --> 01:55:28,739

show

2738

01:55:34,490 --> 01:55:31,639

um I forget exactly what year it was

2739

01:55:36,590 --> 01:55:34,500

there was a production company that was

2740

01:55:39,709 --> 01:55:36,600

going around to

2741

01:55:42,169 --> 01:55:39,719

various like personalities and somehow

2742

01:55:44,510 --> 01:55:42,179

they decided to approach me and said hey

2743

01:55:46,910 --> 01:55:44,520

we're shooting this show that's kind of

2744

01:55:50,149 --> 01:55:46,920

like the Dragon's Den but with

2745

01:55:52,790 --> 01:55:50,159

paranormal style situations so like

2746

01:55:55,910 --> 01:55:52,800

people who like oh you know I'm gonna

2747

01:55:58,189 --> 01:55:55,920

you know dig up this ocher island not

2748

01:55:59,689 --> 01:55:58,199

Oak Island and you know this is my plan

2749

01:56:01,010 --> 01:55:59,699

and then you know it's either say I'm

2750

01:56:02,750 --> 01:56:01,020

out or I'm in or you try and fund it

2751  
01:56:04,010 --> 01:56:02,760  
what have you and I'm like oh this

2752  
01:56:06,350 --> 01:56:04,020  
sounds interesting so I told them what I

2753  
01:56:08,870 --> 01:56:06,360  
was about I'm like

2754  
01:56:10,129 --> 01:56:08,880  
it's more of the we like the Mysteries

2755  
01:56:12,350 --> 01:56:10,139  
but we try and look at it from The

2756  
01:56:14,090 --> 01:56:12,360  
Logical side of things and yeah explain

2757  
01:56:17,209 --> 01:56:14,100  
the philosophies like yeah I don't this

2758  
01:56:19,129 --> 01:56:17,219  
isn't gonna work man yeah one of those

2759  
01:56:23,570 --> 01:56:19,139  
gosh like oh

2760  
01:56:26,030 --> 01:56:23,580  
two or three PVP to have contacted me

2761  
01:56:27,590 --> 01:56:26,040  
over the years and like the last one I

2762  
01:56:31,669 --> 01:56:27,600  
just kind of got sick of it I'm like

2763  
01:56:34,189 --> 01:56:31,679

look I'm not interested in doing a show

2764

01:56:36,169 --> 01:56:34,199

like where I go out in the woods in the

2765

01:56:39,050 --> 01:56:36,179

middle of the night and I don't know

2766

01:56:41,510 --> 01:56:39,060

what was that did you hear that I'm just

2767

01:56:43,370 --> 01:56:41,520

not interested in that stupid [h\_\_h]

2768

01:56:45,770 --> 01:56:43,380

or you know there's enough of that

2769

01:56:48,709 --> 01:56:45,780

there's you know the Market's flooded

2770

01:56:50,570 --> 01:56:48,719

with that stuff it's stupid it's not

2771

01:56:52,669 --> 01:56:50,580

interesting and I just I'm just not

2772

01:56:55,430 --> 01:56:52,679

interested in it and then they kind of

2773

01:56:57,950 --> 01:56:55,440

left me alone after that

2774

01:56:59,930 --> 01:56:57,960

uh it's I I would have I would have

2775

01:57:01,609 --> 01:56:59,940

killed to have seen that actually it's

2776

01:57:04,669 --> 01:57:01,619

like what was that it's like I'm sorry

2777

01:57:08,149 --> 01:57:04,679

it's just a bag yeah I'm just you know I

2778

01:57:10,310 --> 01:57:08,159

mean like like for one I mean I I think

2779

01:57:12,669 --> 01:57:10,320

a lot of these shows that that film

2780

01:57:15,830 --> 01:57:12,679

their stuff at night I mean it's it's

2781

01:57:17,330 --> 01:57:15,840

just for it's just for reality I think

2782

01:57:19,910 --> 01:57:17,340

all your Bigfoot shows I think the

2783

01:57:22,310 --> 01:57:19,920

reason that they started doing it was

2784

01:57:24,830 --> 01:57:22,320

because of the um all of the ghost

2785

01:57:27,490 --> 01:57:24,840

hunting shows that kind of proceeded

2786

01:57:29,750 --> 01:57:27,500

those you know

2787

01:57:32,510 --> 01:57:29,760

the ghost hunting shows they would do

2788

01:57:34,570 --> 01:57:32,520

their investigations at night and you

2789

01:57:36,950 --> 01:57:34,580

know you don't really need to do ghost

2790

01:57:38,450 --> 01:57:36,960

investigations at night I mean it works

2791

01:57:40,970 --> 01:57:38,460

in the daytime too

2792

01:57:42,290 --> 01:57:40,980

but you know as far as Bigfoot goes I

2793

01:57:44,570 --> 01:57:42,300

mean a lot of people think it's

2794

01:57:48,050 --> 01:57:44,580

nocturnal but I mean

2795

01:57:50,030 --> 01:57:48,060

you know even even if it does mostly

2796

01:57:53,570 --> 01:57:50,040

move at night I mean

2797

01:57:56,810 --> 01:57:53,580

like once you shine your flashlight

2798

01:57:58,729 --> 01:57:56,820

you can forget about finding anything I

2799

01:58:00,950 --> 01:57:58,739

mean serious and you got all this camera

2800

01:58:02,270 --> 01:58:00,960

equipment people stumbling around in the

2801

01:58:04,430 --> 01:58:02,280

woods where

2802

01:58:07,129 --> 01:58:04,440

you know you're making all this noise I

2803

01:58:08,870 --> 01:58:07,139

mean you know to me the best way is to

2804

01:58:11,089 --> 01:58:08,880

you know just kind of slip in in the

2805

01:58:13,550 --> 01:58:11,099

daytime where you can see but that

2806

01:58:14,870 --> 01:58:13,560

doesn't make for you know just just kind

2807

01:58:16,669 --> 01:58:14,880

of walking around in the woods and

2808

01:58:18,589 --> 01:58:16,679

looking for signs that that doesn't

2809

01:58:21,770 --> 01:58:18,599

really make for a good television though

2810

01:58:23,450 --> 01:58:21,780

oh and that I find books tend to provide

2811

01:58:24,950 --> 01:58:23,460

a much better way to pass the time

2812

01:58:27,050 --> 01:58:24,960

that's better for the brain you know

2813

01:58:28,129 --> 01:58:27,060

it's yeah we got to read more books or

2814

01:58:29,750 --> 01:58:28,139

at least if you're not going to read

2815

01:58:33,290 --> 01:58:29,760

more books

2816

01:58:37,330 --> 01:58:33,300

you know read more PDFs on your phone of

2817

01:58:39,830 --> 01:58:37,340

books or you know epub's or more

2818

01:58:41,450 --> 01:58:39,840

audiobooks or audiobooks and you know

2819

01:58:44,209 --> 01:58:41,460

just just before because we're we got

2820

01:58:46,490 --> 01:58:44,219

about a minute left uh

2821

01:58:47,990 --> 01:58:46,500

where can people find your work

2822

01:58:51,290 --> 01:58:48,000

because I know that you're on Audible

2823

01:58:53,570 --> 01:58:51,300

you're on Amazon you can order directly

2824

01:58:56,810 --> 01:58:53,580

through your through your website

2825

01:58:59,990 --> 01:58:56,820

uh best thing I just tell people go to

2826

01:59:02,570 --> 01:59:00,000

Amazon anything I do you can you can

2827

01:59:05,330 --> 01:59:02,580

find on Amazon and uh that's that's

2828

01:59:07,430 --> 01:59:05,340

probably the easiest way uh you can

2829

01:59:10,810 --> 01:59:07,440

learn about any of my books either on my

2830

01:59:12,890 --> 01:59:10,820

Amazon page a website

2831

01:59:15,169 --> 01:59:12,900

denvermichaels.net I got all my books

2832

01:59:18,229 --> 01:59:15,179

listed there I write a um

2833

01:59:20,450 --> 01:59:18,239

a blog or sometimes two a week so

2834

01:59:24,050 --> 01:59:20,460

there's uh some reading material for you

2835

01:59:26,030 --> 01:59:24,060

uh there other than my books and um you

2836

01:59:29,030 --> 01:59:26,040

can follow me on Twitter

2837

01:59:31,910 --> 01:59:29,040

um Facebook and I have a YouTube channel

2838

01:59:34,609 --> 01:59:31,920

so you can check me out there too

2839

01:59:36,530 --> 01:59:34,619

the videos are quite good I gotta

2840

01:59:38,510 --> 01:59:36,540

say so go check those out ladies and

2841

01:59:40,310 --> 01:59:38,520

gentlemen uh I

2842

01:59:43,070 --> 01:59:40,320

don't know when this will be going up on

2843

01:59:45,709 --> 01:59:43,080

audio I'm probably for this series of of

2844

01:59:48,950 --> 01:59:45,719

or this new series or to call this like

2845

01:59:51,890 --> 01:59:48,960

season two the Next Generation Neo den

2846

01:59:54,709 --> 01:59:51,900

of lore uh den of lore 2 Electric

2847

01:59:58,129 --> 01:59:54,719

Boogaloo help me out here send me your

2848

02:00:00,649 --> 01:59:58,139

names to info denoflore.com or contact

2849

02:00:02,390 --> 02:00:00,659

or call me at Klondike five no it's

2850

02:00:04,970 --> 02:00:02,400

kidding I don't don't have a phone

2851  
02:00:07,689 --> 02:00:04,980  
number that you can call uh next week on

2852  
02:00:11,629 --> 02:00:07,699  
the show for those of you who want to

2853  
02:00:13,609 --> 02:00:11,639  
know we have another old friend of den

2854  
02:00:16,070 --> 02:00:13,619  
of Laura coming back it's it's like the

2855  
02:00:18,770 --> 02:00:16,080  
classics of the classics one of my

2856  
02:00:21,830 --> 02:00:18,780  
favorites interviews of all time which

2857  
02:00:23,750 --> 02:00:21,840  
happened shortly after yours which was

2858  
02:00:26,709 --> 02:00:23,760  
Ross Hamilton

2859  
02:00:30,950 --> 02:00:26,719  
oh he's coming back he's coming back

2860  
02:00:32,870 --> 02:00:30,960  
I gotta Ross is one of the re nobody he

2861  
02:00:34,609 --> 02:00:32,880  
was one of the reasons why

2862  
02:00:36,410 --> 02:00:34,619  
I started the show back up because like

2863  
02:00:38,030 --> 02:00:36,420

Ross

2864

02:00:40,729 --> 02:00:38,040

several months back or maybe it was like

2865

02:00:45,010 --> 02:00:40,739

within the last year and he texts me out

2866

02:00:48,709 --> 02:00:45,020

of the blue and he's like Chris like yes

2867

02:00:51,109 --> 02:00:48,719

yes Mr Hamilton how are you doing how's

2868

02:00:54,649 --> 02:00:51,119

everybody how you know like how are you

2869

02:00:57,410 --> 02:00:54,659

holding up and he's like okay like

2870

02:01:00,010 --> 02:00:57,420

are you still doing the show and I'm

2871

02:01:03,669 --> 02:01:02,570

like no

2872

02:01:07,850 --> 02:01:03,679

um

2873

02:01:10,390 --> 02:01:07,860

I'm thinking about it now because that

2874

02:01:14,930 --> 02:01:10,400

was probably one of the funnest times

2875

02:01:18,050 --> 02:01:14,940

like like Alex and I were we sat there

2876  
02:01:21,050 --> 02:01:18,060  
and this was back in the old days when I

2877  
02:01:22,970 --> 02:01:21,060  
did not have kids I was don't think I

2878  
02:01:24,950 --> 02:01:22,980  
was married at the time and you know

2879  
02:01:29,570 --> 02:01:24,960  
Alex and I would go through 26 or Glenn

2880  
02:01:35,709 --> 02:01:33,229  
and our mind was absolutely blown

2881  
02:01:38,510 --> 02:01:35,719  
I don't know what what is

2882  
02:01:42,169 --> 02:01:38,520  
we'll wait and see ladies and gentlemen

2883  
02:01:44,390 --> 02:01:42,179  
same time same channel next week check

2884  
02:01:46,430 --> 02:01:44,400  
it out here on the dental art yeah

2885  
02:01:49,310 --> 02:01:46,440  
that'll be cool I will definitely tune

2886  
02:01:51,229 --> 02:01:49,320  
in for that it's gonna be fantastic I

2887  
02:01:53,270 --> 02:01:51,239  
don't have ouch let me give you a quick

2888  
02:01:55,910 --> 02:01:53,280

suggestion too if you want to do a good

2889

02:01:58,430 --> 02:01:55,920

one of the most fun shows you did back

2890

02:02:00,830 --> 02:01:58,440

in the old days I'm not going to say his

2891

02:02:05,629 --> 02:02:00,840

name you know but uh remember the

2892

02:02:11,209 --> 02:02:08,990

the one yes that we were like all

2893

02:02:13,189 --> 02:02:11,219

killing in the chat you had a couple

2894

02:02:14,390 --> 02:02:13,199

water pump guys but you know who I'm

2895

02:02:16,430 --> 02:02:14,400

talking I know who I'm talking about

2896

02:02:18,350 --> 02:02:16,440

because he was being like real combative

2897

02:02:21,470 --> 02:02:18,360

with you and in the chat we were just

2898

02:02:23,270 --> 02:02:21,480

like crushing him that was so fun well

2899

02:02:25,310 --> 02:02:23,280

okay the thing is like there there's an

2900

02:02:27,530 --> 02:02:25,320

entire and one of the reasons behind

2901  
02:02:29,330 --> 02:02:27,540  
that for anybody who wants to listen is

2902  
02:02:32,870 --> 02:02:29,340  
um it's not that I have a victim complex

2903  
02:02:36,169 --> 02:02:32,880  
I have not even a persecution complex I

2904  
02:02:37,810 --> 02:02:36,179  
do not like people who are blatantly

2905  
02:02:41,510 --> 02:02:37,820  
unethical

2906  
02:02:43,430 --> 02:02:41,520  
or I guess you know like if

2907  
02:02:45,290 --> 02:02:43,440  
scam artists people who take advantage

2908  
02:02:46,850 --> 02:02:45,300  
of other people knowingly unknowingly

2909  
02:02:48,229 --> 02:02:46,860  
whether it's individuals large groups

2910  
02:02:51,050 --> 02:02:48,239  
it's it's like it's like not cool like

2911  
02:02:53,689 --> 02:02:51,060  
keep it above board don't be you know

2912  
02:02:55,910 --> 02:02:53,699  
like don't be a squeezer don't steal from

2913  
02:02:57,770 --> 02:02:55,920

people don't outright lie or cheat

2914

02:03:00,169 --> 02:02:57,780

people it was just the way that I was

2915

02:03:04,729 --> 02:03:00,179

raised and and I try and hold that out

2916

02:03:05,570 --> 02:03:04,739

right and the individual in question

2917

02:03:08,689 --> 02:03:05,580

um

2918

02:03:11,510 --> 02:03:08,699

from what I had been told from the

2919

02:03:13,609 --> 02:03:11,520

people who were victims of it

2920

02:03:16,129 --> 02:03:13,619

it's like basically essentially there

2921

02:03:19,070 --> 02:03:16,139

was some uh theft of either intellectual

2922

02:03:20,810 --> 02:03:19,080

property rights or monetary rights

2923

02:03:23,149 --> 02:03:20,820

through either I forget the exact

2924

02:03:25,669 --> 02:03:23,159

situation but it was like he was selling

2925

02:03:27,169 --> 02:03:25,679

the book of somebody else as his own or

2926

02:03:28,370 --> 02:03:27,179

is selling the book and just Paul that

2927

02:03:30,169 --> 02:03:28,380

who was somebody else's and just

2928

02:03:33,350 --> 02:03:30,179

pocketing the money

2929

02:03:37,790 --> 02:03:33,360

um and again there's the whole uh um you

2930

02:03:40,149 --> 02:03:37,800

know his outright bad meaning of a

2931

02:03:42,470 --> 02:03:40,159

certain other friend of the show and

2932

02:03:43,970 --> 02:03:42,480

basically it just it just got to the

2933

02:03:46,850 --> 02:03:43,980

point where he would like pop up in

2934

02:03:49,189 --> 02:03:46,860

conversations and I would just just go

2935

02:03:51,050 --> 02:03:49,199

to town on him and like I would get

2936

02:03:52,850 --> 02:03:51,060

somebody else who'd be coming out of the

2937

02:03:54,890 --> 02:03:52,860

show a good friend of the show uh John

2938

02:03:56,089 --> 02:03:54,900

Cadman it's like he was just going like

2939

02:03:58,070 --> 02:03:56,099

we were talking about the water pump and

2940

02:03:59,689 --> 02:03:58,080

he'd have his theory I'm like and I

2941

02:04:01,550 --> 02:03:59,699

would just completely destroy him with

2942

02:04:04,189 --> 02:04:01,560

logic and he'd be like well that doesn't

2943

02:04:06,050 --> 02:04:04,199

make any sense I'm like well let's talk

2944

02:04:08,089 --> 02:04:06,060

to the expert I'd like tag John cabin

2945

02:04:10,310 --> 02:04:08,099

he'd come in and just continue on and

2946

02:04:11,570 --> 02:04:10,320

you know it's hours of entertainment my

2947

02:04:15,109 --> 02:04:11,580

wife's just sitting there going like are

2948

02:04:18,649 --> 02:04:15,119

are you winning yet son you know like

2949

02:04:20,570 --> 02:04:18,659

and it's it's it was good fun times but

2950

02:04:21,770 --> 02:04:20,580

you really like I'm just like nowadays

2951

02:04:23,930 --> 02:04:21,780

like I don't know the time I don't have

2952

02:04:26,990 --> 02:04:23,940

the patience I don't have the effort and

2953

02:04:28,609 --> 02:04:27,000

if I look back like if I had not done

2954

02:04:30,109 --> 02:04:28,619

that kind of thing back then because

2955

02:04:32,629 --> 02:04:30,119

social media

2956

02:04:34,910 --> 02:04:32,639

it's it's very divisive it's meant to

2957

02:04:37,270 --> 02:04:34,920

put you into a pressure cooker with the

2958

02:04:41,089 --> 02:04:37,280

most opposite opposing ideas as possible

2959

02:04:42,350 --> 02:04:41,099

and then it's it gets you engaged and

2960

02:04:43,729 --> 02:04:42,360

the whole purpose of it is that you're

2961

02:04:46,070 --> 02:04:43,739

just going to keep scrolling through and

2962

02:04:48,589 --> 02:04:46,080

keep seeing that right so

2963

02:04:50,629 --> 02:04:48,599

I'm like which is great for my industry

2964

02:04:51,890 --> 02:04:50,639

because of like hey that's that's what I

2965

02:04:55,750 --> 02:04:51,900

do

2966

02:05:00,890 --> 02:04:55,760

but I could like cure cancer or you know

2967

02:05:02,689 --> 02:05:00,900

invented a new Netflix I could have what

2968

02:05:04,790 --> 02:05:02,699

could I have done with that time

2969

02:05:06,350 --> 02:05:04,800

probably done more shows done more

2970

02:05:08,990 --> 02:05:06,360

content done more you know whatever

2971

02:05:11,649 --> 02:05:09,000

instead of acting

2972

02:05:15,290 --> 02:05:11,659

I digress the long story of it is

2973

02:05:18,609 --> 02:05:15,300

hilarious times I still look back at

2974

02:05:23,209 --> 02:05:21,470

maybe for the Hunters episode that would

2975

02:05:27,109 --> 02:05:23,219

be a fun rematch

2976

02:05:30,050 --> 02:05:27,119

oh oh God that's this we could yeah we

2977

02:05:32,450 --> 02:05:30,060

could do like a roast or something when

2978

02:05:35,990 --> 02:05:32,460

I'm still figuring out the upper like

2979

02:05:38,270 --> 02:05:36,000

the the patreon uh considering

2980

02:05:40,850 --> 02:05:38,280

the people who have been supporting for

2981

02:05:43,070 --> 02:05:40,860

a very long time and and uh you know

2982

02:05:45,169 --> 02:05:43,080

Ellen our old Den mother who is watching

2983

02:05:48,530 --> 02:05:45,179

the show again and she's uh supporting

2984

02:05:52,030 --> 02:05:48,540

we or you're still on patreon I I it's

2985

02:05:55,550 --> 02:05:52,040

still there so you can go check that out

2986

02:05:58,310 --> 02:05:55,560

the old episodes at some point in audio

2987

02:05:59,810 --> 02:05:58,320

and video format I'm going to release

2988

02:06:04,910 --> 02:05:59,820

that

2989

02:06:08,390 --> 02:06:07,010

the tone is drastically different you

2990

02:06:11,450 --> 02:06:08,400

can tell the shift at one point or

2991

02:06:14,149 --> 02:06:11,460

another as far as when I'm just like wow

2992

02:06:16,850 --> 02:06:14,159

this was the most amazing thing ever

2993

02:06:19,370 --> 02:06:16,860

we're gonna find Atlantis to

2994

02:06:20,330 --> 02:06:19,380

my never meet your Heroes I'll put it

2995

02:06:21,410 --> 02:06:20,340

that way especially when it comes to

2996

02:06:22,629 --> 02:06:21,420

apology

2997

02:06:28,490 --> 02:06:22,639

yeah

2998

02:06:30,290 --> 02:06:28,500

this total shift and it you know there's

2999

02:06:32,209 --> 02:06:30,300

things that you don't necessarily want

3000

02:06:33,950 --> 02:06:32,219

to be seen unless you the people like I

3001

02:06:36,530 --> 02:06:33,960

really got to see this and sometimes

3002

02:06:37,910 --> 02:06:36,540

it's entertaining I get it well I'm it's

3003

02:06:39,370 --> 02:06:37,920

more you Denver you were there for some

3004

02:06:42,470 --> 02:06:39,380

I'm talking more yeah

3005

02:06:44,330 --> 02:06:42,480

and there was a shift but it goes back

3006

02:06:46,189 --> 02:06:44,340

to what we're saying like

3007

02:06:48,470 --> 02:06:46,199

nowadays you just got as long as you

3008

02:06:51,530 --> 02:06:48,480

keep it fun you know you're going well

3009

02:06:55,689 --> 02:06:51,540

now I don't care it's like it's yeah say

3010

02:07:01,129 --> 02:06:58,910

like five and I get to bed by ten so I

3011

02:07:02,629 --> 02:07:01,139

can wake up and go to work you do what

3012

02:07:03,950 --> 02:07:02,639

you need to do I'm gonna take care of my

3013

02:07:07,729 --> 02:07:03,960

thing you know that that's that's my

3014

02:07:10,310 --> 02:07:07,739

attitude now the effort is not there

3015

02:07:12,229 --> 02:07:10,320

like but being able to reconnect like

3016

02:07:15,589 --> 02:07:12,239

reconnect with old friends

3017

02:07:18,890 --> 02:07:15,599

see where the subjects have gone over

3018

02:07:20,570 --> 02:07:18,900

the last couple of years and just as I

3019

02:07:22,550 --> 02:07:20,580

said just got to learn some cool [h\_\_\h]

3020

02:07:26,570 --> 02:07:22,560

which has always been our tagline and

3021

02:07:29,810 --> 02:07:26,580

our motto so I'm going to sign uh sign

3022

02:07:32,270 --> 02:07:29,820

off and wish I do to and which is a a

3023

02:07:34,310 --> 02:07:32,280

good evening or goodbye to all those out

3024

02:07:36,530 --> 02:07:34,320

there for you know French speaking or

3025

02:07:37,750 --> 02:07:36,540

francophones in the audience I hope you

3026

02:07:40,370 --> 02:07:37,760

have yourselves a wonderful afternoon

3027

02:07:42,050 --> 02:07:40,380

Ross next week I have not announced the

3028

02:07:43,910 --> 02:07:42,060

rest of the lineup until we're actually

3029

02:07:47,810 --> 02:07:43,920

booked until May

3030

02:07:49,669 --> 02:07:47,820

wow we got some interesting names coming

3031

02:07:53,510 --> 02:07:49,679

up so you're gonna love this we're gonna

3032

02:07:56,510 --> 02:07:53,520

be going into some technology some AI

3033

02:07:58,310 --> 02:07:56,520

some productivity and touching more

3034

02:08:01,370 --> 02:07:58,320

again we're always going to have that

3035

02:08:04,310 --> 02:08:01,380

fun little twist of like you know we'll

3036

02:08:06,589 --> 02:08:04,320

you know is this AI assistant for

3037

02:08:08,870 --> 02:08:06,599

notepad going to somehow take over the

3038

02:08:11,390 --> 02:08:08,880

world with the non-wink because that's

3039

02:08:12,649 --> 02:08:11,400

the tone now we gotta have fun so we're

3040

02:08:15,589 --> 02:08:12,659

gonna have fun

3041

02:08:17,209 --> 02:08:15,599

um good night Denver thank you so much

3042

02:08:18,770 --> 02:08:17,219

for being a good sport and for taking

3043

02:08:19,850 --> 02:08:18,780

the time I thought it'd be about the

3044

02:08:21,770 --> 02:08:19,860

same time there you're on the west coast

3045

02:08:23,570 --> 02:08:21,780

so it's like only eight o'clock or nine

3046

02:08:26,030 --> 02:08:23,580

o'clock there I hope yeah nine o'clock

3047

02:08:29,270 --> 02:08:26,040

not bad grab a beer give my best to the
