Dave Beaty Interview - The Nimitz Encounters  
Live on YouTube  
Tuesday June 8th  
1130am PST/1230pm MT/230pm EST/730pm UK

1  
00:00:05,200 --> 00:00:05,190  
what's going on

2  
00:00:10,470 --> 00:00:08,549  
hello hello i hope everyone can see me

3  
00:00:12,230 --> 00:00:10,480  
so please bear with me this is my first

4  
00:00:14,070 --> 00:00:12,240  
interview i'm going to be joined shortly

5  
00:00:16,150 --> 00:00:14,080  
by mr dave beatty

6  
00:00:17,990 --> 00:00:16,160  
um so yeah just just give me a second

7  
00:00:18,950 --> 00:00:18,000  
guys i just want to check a few settings

8  
00:00:20,470 --> 00:00:18,960  
um anybody

9  
00:00:23,189 --> 00:00:20,480  
that's in the chat if you can just tell

10  
00:00:26,710 --> 00:00:23,199  
me if everything sounds okay i'd really

11  
00:00:32,150 --> 00:00:28,830  
it's telling me i've got an unstable

12  
00:00:32,160 --> 00:00:43,350  
and we'll do it as best as i can

13  
00:00:46,630 --> 00:00:45,270

right guys so i'm going to bring in mr

14

00:00:49,350 --> 00:00:46,640

dave beatty and we'll

15

00:00:49,830 --> 00:00:49,360

we'll kick this off hello dave thank you

16

00:00:53,029 --> 00:00:49,840

for joining

17

00:00:54,709 --> 00:00:53,039

me vinnie how are you

18

00:00:56,549 --> 00:00:54,719

glad to be here i'm good thank you how

19

00:00:57,590 --> 00:00:56,559

are you doing today thank you so much

20

00:01:00,869 --> 00:00:57,600

for doing this

21

00:01:03,910 --> 00:01:00,879

and it's saying it sounds

22

00:01:07,910 --> 00:01:06,789

well i guess it depends on uh where you

23

00:01:10,149 --> 00:01:07,920

are in the internet i

24

00:01:11,510 --> 00:01:10,159

uh i can hear you okay although you are

25

00:01:13,510 --> 00:01:11,520

a little fuzzy on the

26

00:01:15,670 --> 00:01:13,520

digitized picture there through the

27

00:01:18,950 --> 00:01:15,680

internet but

28

00:01:20,390 --> 00:01:18,960

okay yeah my my wi-fi my wi-fi my

29

00:01:22,630 --> 00:01:20,400

internet connections

30

00:01:23,510 --> 00:01:22,640

seems to just be having some serious

31

00:01:26,149 --> 00:01:23,520

issues but

32

00:01:27,670 --> 00:01:26,159

we'll get through it and uh what else

33

00:01:29,350 --> 00:01:27,680

can we do

34

00:01:31,109 --> 00:01:29,360

that's right dave what i wanted to

35

00:01:32,390 --> 00:01:31,119

really kick off with is for people that

36

00:01:33,910 --> 00:01:32,400

aren't aware

37

00:01:35,830 --> 00:01:33,920

yeah i'm sorry i don't know if there's a

38

00:01:37,270 --> 00:01:35,840

delay or not but if you could just start

39

00:01:38,950 --> 00:01:37,280  
off by telling us a little bit of your

40

00:01:41,429 --> 00:01:38,960  
background and how you got into ufos in

41

00:01:45,109 --> 00:01:41,439  
the uap subject

42

00:01:46,389 --> 00:01:45,119  
absolutely uh well out of college here

43

00:01:49,270 --> 00:01:46,399  
in the united states

44

00:01:50,950 --> 00:01:49,280  
i studied media uh you know and once

45

00:01:53,270 --> 00:01:50,960  
once i got out of school i

46

00:01:55,190 --> 00:01:53,280  
was in broadcast journalism for about a

47

00:01:58,230 --> 00:01:55,200  
decade there

48

00:01:59,749 --> 00:01:58,240  
i started in a small market in upstate

49

00:02:02,789 --> 00:01:59,759  
new york i

50

00:02:03,190 --> 00:02:02,799  
eventually came down to south florida i

51  
00:02:04,870 --> 00:02:03,200  
did

52  
00:02:07,190 --> 00:02:04,880  
you know the television news gig for a

53  
00:02:10,469 --> 00:02:07,200  
while and then got into teleproduction

54  
00:02:11,990 --> 00:02:10,479  
um you know the the technology and

55  
00:02:13,430 --> 00:02:12,000  
telling stories through the visual

56  
00:02:15,990 --> 00:02:13,440  
medium is sort of my

57  
00:02:17,030 --> 00:02:16,000  
my passion versus actually being a news

58  
00:02:19,750 --> 00:02:17,040  
hound although i did

59  
00:02:20,470 --> 00:02:19,760  
enjoy the journalism part of it and it's

60  
00:02:22,309 --> 00:02:20,480  
kind of

61  
00:02:24,070 --> 00:02:22,319  
served me well over the years telling

62  
00:02:27,190 --> 00:02:24,080  
stories i always had a

63  
00:02:29,670 --> 00:02:27,200

interest in ufos from when i was

64

00:02:31,509 --> 00:02:29,680

probably an adolescent for like most of

65

00:02:33,190 --> 00:02:31,519

us you know sometimes our parents had an

66

00:02:35,910 --> 00:02:33,200

interest and shared books and

67

00:02:37,750 --> 00:02:35,920

stories with us and over the years yeah

68

00:02:41,190 --> 00:02:37,760

i mean when i came down here in the

69

00:02:43,910 --> 00:02:41,200

uh early 90s i was a uf

70

00:02:45,350 --> 00:02:43,920

mufon field investigator for a number of

71

00:02:47,190 --> 00:02:45,360

years

72

00:02:48,869 --> 00:02:47,200

down in the state section southwest

73

00:02:50,869 --> 00:02:48,879

florida um

74

00:02:51,990 --> 00:02:50,879

i never had any real big cases while i

75

00:02:54,630 --> 00:02:52,000

was doing that

76

00:02:56,790 --> 00:02:54,640

some small ones i got involved with the

77

00:02:58,790 --> 00:02:56,800

gulf breeze sightings up in

78

00:03:01,350 --> 00:02:58,800

the panhandle where my mother happened

79

00:03:03,670 --> 00:03:01,360

to live which uh gave me a home base

80

00:03:05,670 --> 00:03:03,680

went up there a few times in in during

81

00:03:08,149 --> 00:03:05,680

the the peak of that flap

82

00:03:09,910 --> 00:03:08,159

um unfortunately i never got to see the

83

00:03:13,190 --> 00:03:09,920

gulf breeze ufo myself

84

00:03:16,149 --> 00:03:13,200

my mom did um right from her uh

85

00:03:16,470 --> 00:03:16,159

her balcony basically of her condo she

86

00:03:18,229 --> 00:03:16,480

uh

87

00:03:19,509 --> 00:03:18,239

took a look at the the red light that

88

00:03:21,030 --> 00:03:19,519

they called bubba

89

00:03:23,670 --> 00:03:21,040

that would sometimes hover over the

90

00:03:25,670 --> 00:03:23,680

sound yeah so

91

00:03:28,229 --> 00:03:25,680

of course i never got to see it but uh

92

00:03:30,710 --> 00:03:28,239

that's that's just my luck i suppose and

93

00:03:33,110 --> 00:03:30,720

i've continued over the years and then

94

00:03:36,229 --> 00:03:33,120

um i got a really keen interest

95

00:03:38,309 --> 00:03:36,239

in 2017 like a lot of us

96

00:03:39,750 --> 00:03:38,319

ufo and jackson so to speak with the new

97

00:03:42,789 --> 00:03:39,760

york times article

98

00:03:43,670 --> 00:03:42,799

and the big announcement of to the stars

99

00:03:47,110 --> 00:03:43,680

academy

100

00:03:50,229 --> 00:03:47,120

the a-tip program was revealed and

101  
00:03:52,309 --> 00:03:50,239  
that's kind of a nutshell yes no

102  
00:03:54,070 --> 00:03:52,319  
thank you for that so just leading on

103  
00:03:56,390 --> 00:03:54,080  
from what you were saying about

104  
00:03:58,470 --> 00:03:56,400  
your mother and stuff so since then have

105  
00:04:01,750 --> 00:03:58,480  
you had an encounter at all

106  
00:04:02,630 --> 00:04:01,760  
in the years following that no and i

107  
00:04:06,070 --> 00:04:02,640  
keep looking

108  
00:04:08,390 --> 00:04:06,080  
i do some

109  
00:04:09,429 --> 00:04:08,400  
time lapse photography i still have not

110  
00:04:11,910 --> 00:04:09,439  
seen anything i

111  
00:04:13,589 --> 00:04:11,920  
i want to get one of those uh sky hubs

112  
00:04:16,229 --> 00:04:13,599  
or uf uap dot

113  
00:04:16,710 --> 00:04:16,239

systems so i can yeah you know remotely

114

00:04:19,430 --> 00:04:16,720

but i

115

00:04:20,310 --> 00:04:19,440

i have not as far as i know any missing

116

00:04:23,830 --> 00:04:20,320

time or

117

00:04:25,590 --> 00:04:23,840

seen any uh uaps recently

118

00:04:27,110 --> 00:04:25,600

that's exactly exactly the same boat

119

00:04:29,510 --> 00:04:27,120

unfortunately i've never had an

120

00:04:33,189 --> 00:04:29,520

experience or a sighting either so

121

00:04:34,710 --> 00:04:33,199

yeah maybe one day hopefully um so

122

00:04:36,230 --> 00:04:34,720

a lot of people will i was just going to

123

00:04:38,150 --> 00:04:36,240

lead into the next one just saying a lot

124

00:04:39,270 --> 00:04:38,160

of people will know you from the nimitz

125

00:04:42,550 --> 00:04:39,280

encounters

126  
00:04:43,830 --> 00:04:42,560  
and so was it just your passion for ufos

127  
00:04:47,510 --> 00:04:43,840  
and then your history

128  
00:04:48,390 --> 00:04:47,520  
um in what you what you were into making

129  
00:04:52,070 --> 00:04:48,400  
films that

130  
00:04:54,390 --> 00:04:52,080  
link the two together yeah it was

131  
00:04:56,390 --> 00:04:54,400  
i guess you know convergence of events

132  
00:04:58,950 --> 00:04:56,400  
um when i heard about

133  
00:05:01,350 --> 00:04:58,960  
the uh fighter strike fighter pilots

134  
00:05:04,629 --> 00:05:01,360  
from vfa 41 black aces

135  
00:05:08,150 --> 00:05:04,639  
and commander david uh fravor and

136  
00:05:11,029 --> 00:05:08,160  
uh you know commander alex dietrich

137  
00:05:12,070 --> 00:05:11,039  
and jim slate who were relating their

138  
00:05:13,670 --> 00:05:12,080

stories

139

00:05:15,110 --> 00:05:13,680  
in public for the first time it just

140

00:05:17,270 --> 00:05:15,120  
intrigued me and

141

00:05:18,310 --> 00:05:17,280  
while they could describe seeing this

142

00:05:21,430 --> 00:05:18,320  
40-foot long

143

00:05:22,310 --> 00:05:21,440  
flying tic tac i thought that maybe the

144

00:05:25,029 --> 00:05:22,320  
audience would be

145

00:05:26,390 --> 00:05:25,039  
interested in seeing maybe what they saw

146

00:05:30,150 --> 00:05:26,400  
from their perspective

147

00:05:33,189 --> 00:05:30,160  
of these f 8 18 uh super hornets

148

00:05:34,870 --> 00:05:33,199  
um i have some shops in doing 3d

149

00:05:37,830 --> 00:05:34,880  
and you know i've done that my whole

150

00:05:39,510 --> 00:05:37,840  
career it's not my main gig

151  
00:05:40,710 --> 00:05:39,520  
but i did start experimenting and i was

152  
00:05:42,950 --> 00:05:40,720  
showing some people online and they're

153  
00:05:44,710 --> 00:05:42,960  
like wow that's really cool

154  
00:05:46,950 --> 00:05:44,720  
and it just kind of snowballed from

155  
00:05:48,550 --> 00:05:46,960  
there i started doing some scenes

156  
00:05:50,390 --> 00:05:48,560  
and one scene became another scene

157  
00:05:54,230 --> 00:05:50,400  
became a dozen scenes

158  
00:05:55,670 --> 00:05:54,240  
and eventually i enlisted all my friends

159  
00:05:59,110 --> 00:05:55,680  
to do the voice over work

160  
00:06:02,629 --> 00:05:59,120  
um my lovely wife nancy is the voice of

161  
00:06:04,629 --> 00:06:02,639  
commander dietrich of course i'm i uh

162  
00:06:05,830 --> 00:06:04,639  
i got volunteered to do uh commander

163  
00:06:07,590 --> 00:06:05,840

fravor's voice i don't know that he

164

00:06:10,309 --> 00:06:07,600

probably doesn't appreciate that but

165

00:06:10,950 --> 00:06:10,319

uh and then my friend wilson did

166

00:06:14,150 --> 00:06:10,960

commander

167

00:06:17,189 --> 00:06:14,160

slate uh in the the wizzo for

168

00:06:19,909 --> 00:06:17,199

uh alex's jet and you know we just

169

00:06:20,390 --> 00:06:19,919

we we had fun with it we tried to make

170

00:06:23,029 --> 00:06:20,400

it

171

00:06:24,629 --> 00:06:23,039

um sort of edutainment like so that

172

00:06:26,710 --> 00:06:24,639

we're trying to be accurate

173

00:06:28,230 --> 00:06:26,720

to the best of our ability with the

174

00:06:30,710 --> 00:06:28,240

story based on

175

00:06:31,749 --> 00:06:30,720

the witnesses statements again i mean i

176

00:06:33,510 --> 00:06:31,759

think that if you

177

00:06:34,870 --> 00:06:33,520

go back and look at the witnesses

178

00:06:37,510 --> 00:06:34,880

statements from

179

00:06:38,550 --> 00:06:37,520

all sides of it i always tried to

180

00:06:40,629 --> 00:06:38,560

maintain

181

00:06:43,590 --> 00:06:40,639

as accurately as possible what what was

182

00:06:46,150 --> 00:06:43,600

said and maybe was what was corroborated

183

00:06:48,070 --> 00:06:46,160

from various people um yeah there's

184

00:06:49,749 --> 00:06:48,080

still there's still some controversy

185

00:06:52,390 --> 00:06:49,759

as you know if you follow the subject in

186

00:06:54,710 --> 00:06:52,400

depth um every now and then someone will

187

00:06:55,510 --> 00:06:54,720

appear that might question another

188

00:06:57,510 --> 00:06:55,520

witness

189

00:06:59,029 --> 00:06:57,520

statement um that's happened from the

190

00:07:01,110 --> 00:06:59,039

very beginning i think that

191

00:07:02,230 --> 00:07:01,120

the same stuff happened with rendersham

192

00:07:05,270 --> 00:07:02,240

um yes indeed

193

00:07:06,710 --> 00:07:05,280

it did yeah um that's right and that's

194

00:07:08,870 --> 00:07:06,720

you know people told me that that this

195

00:07:10,629 --> 00:07:08,880

often happens um yeah

196

00:07:12,150 --> 00:07:10,639

and again i've always been of the

197

00:07:14,629 --> 00:07:12,160

mindset that hey if

198

00:07:16,390 --> 00:07:14,639

if my film if there's something in there

199

00:07:17,990 --> 00:07:16,400

that is inaccurate and i find out that

200

00:07:19,510 --> 00:07:18,000

this is completely false

201  
00:07:21,189 --> 00:07:19,520  
i'm just going to like release a new

202  
00:07:23,749 --> 00:07:21,199  
version and change it because

203  
00:07:25,350 --> 00:07:23,759  
yeah unlike a hollywood movie you know

204  
00:07:28,150 --> 00:07:25,360  
you you can't do that but

205  
00:07:29,909 --> 00:07:28,160  
on youtube you know this is version this

206  
00:07:30,550 --> 00:07:29,919  
is nimitz encounters version 5 or

207  
00:07:33,589 --> 00:07:30,560  
whatever

208  
00:07:35,350 --> 00:07:33,599  
so yeah no of course because obviously i

209  
00:07:37,189 --> 00:07:35,360  
i saw the first version when it first

210  
00:07:39,430 --> 00:07:37,199  
came out and then obviously there's the

211  
00:07:40,550 --> 00:07:39,440  
the updated version that's out there and

212  
00:07:42,390 --> 00:07:40,560  
i mean combined

213  
00:07:44,869 --> 00:07:42,400

they you know i think you're talking

214

00:07:46,710 --> 00:07:44,879

over 6 million views or something now

215

00:07:49,189 --> 00:07:46,720

i mean did you did you ever expect it to

216

00:07:51,749 --> 00:07:49,199

go that far get that big

217

00:07:53,670 --> 00:07:51,759

no i um i think i'm on version four now

218

00:07:56,790 --> 00:07:53,680

as far as

219

00:07:58,869 --> 00:07:56,800

like uh starting in november 2018 there

220

00:08:02,869 --> 00:07:58,879

was a 15 minute version and that

221

00:08:03,589 --> 00:08:02,879

isn't well i i just did it for myself

222

00:08:05,670 --> 00:08:03,599

really

223

00:08:07,510 --> 00:08:05,680

and my friends you know um that were

224

00:08:09,510 --> 00:08:07,520

interested in uaps

225

00:08:11,189 --> 00:08:09,520

and i was sharing it around i put it on

226

00:08:14,550 --> 00:08:11,199

youtube created a channel there

227

00:08:17,510 --> 00:08:14,560

i never really expected it to get

228

00:08:18,869 --> 00:08:17,520

anything but it was just organic i

229

00:08:19,110 --> 00:08:18,879

didn't really go out there and promote

230

00:08:24,550 --> 00:08:19,120

it

231

00:08:26,790 --> 00:08:24,560

some people have claimed that you know

232

00:08:29,589 --> 00:08:26,800

it's just bait or something but

233

00:08:30,469 --> 00:08:29,599

again i mean i never um received

234

00:08:32,230 --> 00:08:30,479

anything

235

00:08:34,149 --> 00:08:32,240

although i do have it i did eventually

236

00:08:34,550 --> 00:08:34,159

uh put it up on amazon prime so if you

237

00:08:36,790 --> 00:08:34,560

have

238

00:08:37,990 --> 00:08:36,800

it's on prime you can watch it okay yeah

239

00:08:40,230 --> 00:08:38,000

you can watch it in your

240

00:08:41,829 --> 00:08:40,240

widescreen theater system which is a

241

00:08:43,190 --> 00:08:41,839

better experience i guess than on your

242

00:08:45,590 --> 00:08:43,200

mobile device but

243

00:08:47,269 --> 00:08:45,600

uh they pay me you know i might make i

244

00:08:48,949 --> 00:08:47,279

don't know 20 bucks a month or something

245

00:08:50,710 --> 00:08:48,959

on it

246

00:08:52,310 --> 00:08:50,720

nothing wrong with that that's great no

247

00:08:54,870 --> 00:08:52,320

i mean it's

248

00:08:56,949 --> 00:08:54,880

probably the one documentary that i uh

249

00:08:57,590 --> 00:08:56,959

tell people to go and watch out of most

250

00:08:59,910 --> 00:08:57,600

things

251  
00:09:01,030 --> 00:08:59,920  
because i found it just so compelling

252  
00:09:02,470 --> 00:09:01,040  
and so

253  
00:09:04,710 --> 00:09:02,480  
you know really getting to the heart of

254  
00:09:06,710 --> 00:09:04,720  
the case and even for people that

255  
00:09:08,310 --> 00:09:06,720  
haven't got an interest in the ufo topic

256  
00:09:10,230 --> 00:09:08,320  
if they ask me about it

257  
00:09:11,509 --> 00:09:10,240  
i say start with the nimitz encounters

258  
00:09:13,509 --> 00:09:11,519  
because you'll you'll get a really good

259  
00:09:16,630 --> 00:09:13,519  
understanding of what's been happening

260  
00:09:18,949 --> 00:09:16,640  
recently um so yeah um well

261  
00:09:20,470 --> 00:09:18,959  
it helps that i have a keen interest in

262  
00:09:22,949 --> 00:09:20,480  
military history

263  
00:09:24,230 --> 00:09:22,959

in aviation military aviation i've done

264

00:09:26,949 --> 00:09:24,240

extensive reading on the

265

00:09:27,509 --> 00:09:26,959

in the subject matter my whole life so

266

00:09:29,269 --> 00:09:27,519

that

267

00:09:30,630 --> 00:09:29,279

those sort of nuts and bolts aspects of

268

00:09:33,670 --> 00:09:30,640

the film i tried to

269

00:09:35,110 --> 00:09:33,680

keep that as semi-realistic as i could

270

00:09:36,870 --> 00:09:35,120

and i think that you know people have

271

00:09:37,750 --> 00:09:36,880

told me even fighter fighter pilots have

272

00:09:39,990 --> 00:09:37,760

said hey

273

00:09:42,150 --> 00:09:40,000

you know great job on that it's it

274

00:09:42,870 --> 00:09:42,160

seemed like very realistic i've even had

275

00:09:44,550 --> 00:09:42,880

people

276

00:09:46,389 --> 00:09:44,560

uh say that they thought that it was

277

00:09:48,829 --> 00:09:46,399

real how did i get the footage and

278

00:09:50,070 --> 00:09:48,839

i said it's not you know like most of it

279

00:09:53,670 --> 00:09:50,080

is

280

00:09:56,470 --> 00:09:53,680

impressive it's

281

00:09:57,509 --> 00:09:56,480

it's incredible so yeah i think i'm a

282

00:09:59,910 --> 00:09:57,519

fan

283

00:10:00,949 --> 00:09:59,920

no worries so i thought we'd just move

284

00:10:04,069 --> 00:10:00,959

on um

285

00:10:05,829 --> 00:10:04,079

up to the more recent cases so we've all

286

00:10:08,310 --> 00:10:05,839

seen the videos that have dropped over

287

00:10:11,910 --> 00:10:08,320

the past few months from jeremy corbell

288

00:10:14,470 --> 00:10:11,920

with the radar footage as well um

289

00:10:15,990 --> 00:10:14,480

any general thoughts on on the way he

290

00:10:16,630 --> 00:10:16,000

did it the way he released it is that

291

00:10:18,230 --> 00:10:16,640

something

292

00:10:19,750 --> 00:10:18,240

you've liked looking at or do you think

293

00:10:22,389 --> 00:10:19,760

it could have been done in a better way

294

00:10:23,829 --> 00:10:22,399

maybe brought out all together how do

295

00:10:27,590 --> 00:10:23,839

you view it

296

00:10:29,910 --> 00:10:27,600

well first of all um i was like really

297

00:10:32,230 --> 00:10:29,920

i guess surprised and when i saw what it

298

00:10:35,670 --> 00:10:32,240

was i was really super

299

00:10:37,990 --> 00:10:35,680

excited and stoked about it because

300

00:10:39,030 --> 00:10:38,000

i had been studying the case for almost

301  
00:10:41,190 --> 00:10:39,040  
a year and

302  
00:10:43,910 --> 00:10:41,200  
i had really come up empty as far as

303  
00:10:46,790 --> 00:10:43,920  
getting any kind of evidence other than

304  
00:10:48,470 --> 00:10:46,800  
the the foi the foia material and some

305  
00:10:49,430 --> 00:10:48,480  
behind the scenes guys that kind of told

306  
00:10:50,949 --> 00:10:49,440  
me about it so

307  
00:10:53,190 --> 00:10:50,959  
i've been really looking at this case

308  
00:10:55,030 --> 00:10:53,200  
for a long time and all of a sudden you

309  
00:10:57,750 --> 00:10:55,040  
know to see this video come out i'm like

310  
00:11:00,630 --> 00:10:57,760  
oh my god i can't believe

311  
00:11:01,910 --> 00:11:00,640  
that that even existed because i i

312  
00:11:03,670 --> 00:11:01,920  
figured that the navy had

313  
00:11:06,470 --> 00:11:03,680

you know captured all that material and

314

00:11:10,150 --> 00:11:06,480

and you know squirreled it away in some

315

00:11:11,110 --> 00:11:10,160

um you know um classified program or

316

00:11:12,949 --> 00:11:11,120

something like that where

317

00:11:14,150 --> 00:11:12,959

the the public would never see any of

318

00:11:17,350 --> 00:11:14,160

that material so

319

00:11:20,310 --> 00:11:17,360

now as far as jeremy i know that he is a

320

00:11:20,790 --> 00:11:20,320

a promoter as far as his material uh

321

00:11:22,949 --> 00:11:20,800

that

322

00:11:25,269 --> 00:11:22,959

part of it obviously his is his career

323

00:11:28,550 --> 00:11:25,279

and he has a way that he releases

324

00:11:29,350 --> 00:11:28,560

material to the public um i tend to just

325

00:11:32,389 --> 00:11:29,360

kind of like

326

00:11:34,870 --> 00:11:32,399

throw it out there without it

327

00:11:35,509 --> 00:11:34,880

i mean i have done a couple uh you know

328

00:11:37,350 --> 00:11:35,519

premiere

329

00:11:39,190 --> 00:11:37,360

type things where you know hey i'm gonna

330

00:11:40,870 --> 00:11:39,200

release something tomorrow but

331

00:11:43,430 --> 00:11:40,880

yeah i don't mind it to be honest with

332

00:11:44,550 --> 00:11:43,440

you um it's sort of interesting i hope

333

00:11:48,790 --> 00:11:44,560

that

334

00:11:51,590 --> 00:11:48,800

wire and jeremy and

335

00:11:53,269 --> 00:11:51,600

mr knapp have uh you know made um

336

00:11:55,350 --> 00:11:53,279

actually turn out to be true that this

337

00:11:58,310 --> 00:11:55,360

is some kind of trans-medium

338

00:12:00,069 --> 00:11:58,320

craft a sphere that could fly in the

339

00:12:02,629 --> 00:12:00,079

atmosphere and then go underwater

340

00:12:03,590 --> 00:12:02,639

i mean those are pretty bold claims um i

341

00:12:05,750 --> 00:12:03,600

certainly

342

00:12:07,350 --> 00:12:05,760

have no evidence to support that in any

343

00:12:08,949 --> 00:12:07,360

of the uh research that i've done behind

344

00:12:10,790 --> 00:12:08,959

the scenes with the case so

345

00:12:14,389 --> 00:12:10,800

right i mean i really hope that it is

346

00:12:16,870 --> 00:12:14,399

too and am i right in saying that um

347

00:12:17,910 --> 00:12:16,880

all evidence from any of the snoopy

348

00:12:19,910 --> 00:12:17,920

teams has been

349

00:12:21,269 --> 00:12:19,920

like you said locked away and classified

350

00:12:23,910 --> 00:12:21,279

is that right from all of the different

351  
00:12:27,670 --> 00:12:23,920  
ships that were in that area

352  
00:12:30,470 --> 00:12:27,680  
as far as myself mark ciccati

353  
00:12:31,030 --> 00:12:30,480  
dr adam kehoe that did the article uh

354  
00:12:34,310 --> 00:12:31,040  
for

355  
00:12:37,110 --> 00:12:34,320  
the drive um we all our

356  
00:12:40,069 --> 00:12:37,120  
foias and communications have come back

357  
00:12:43,269 --> 00:12:40,079  
as far as the snoopy teams as being

358  
00:12:43,910 --> 00:12:43,279  
either that the the agency in command

359  
00:12:46,069 --> 00:12:43,920  
that we

360  
00:12:47,590 --> 00:12:46,079  
requested from doesn't have those

361  
00:12:50,629 --> 00:12:47,600  
records and then they

362  
00:12:53,269 --> 00:12:50,639  
redirected our foias to other

363  
00:12:55,190 --> 00:12:53,279

divisions within the navy that they say

364

00:12:58,230 --> 00:12:55,200

that these records are stored at

365

00:13:00,790 --> 00:12:58,240

um some of the first um toys that i

366

00:13:02,230 --> 00:13:00,800

requested came back saying that they did

367

00:13:05,590 --> 00:13:02,240

find some records and

368

00:13:09,509 --> 00:13:05,600

they were they were denied

369

00:13:11,430 --> 00:13:09,519

under the exception of classified

370

00:13:12,389 --> 00:13:11,440

that would harm the national security of

371

00:13:13,750 --> 00:13:12,399

the united states so they couldn't

372

00:13:16,629 --> 00:13:13,760

release them

373

00:13:16,949 --> 00:13:16,639

that's crazy um i mean a lot i think it

374

00:13:19,030 --> 00:13:16,959

was

375

00:13:21,670 --> 00:13:19,040

mainly the two dates back in july of

376

00:13:23,509 --> 00:13:21,680

2019 when this occurred there was

377

00:13:25,350 --> 00:13:23,519

i mean there was 10 plus ships if i'm

378

00:13:27,829 --> 00:13:25,360

right in that sort of vicinity

379

00:13:28,790 --> 00:13:27,839

like around 100 miles of san diego is

380

00:13:32,069 --> 00:13:28,800

that right

381

00:13:32,790 --> 00:13:32,079

um yeah it is right in um one thing to

382

00:13:34,230 --> 00:13:32,800

clarify

383

00:13:36,550 --> 00:13:34,240

you know sometimes people don't

384

00:13:37,269 --> 00:13:36,560

understand when they they read the cases

385

00:13:40,470 --> 00:13:37,279

or their

386

00:13:42,550 --> 00:13:40,480

they they see the videos of the omaha

387

00:13:43,829 --> 00:13:42,560

and what was described as a flying

388

00:13:47,910 --> 00:13:43,839

pyramid video

389

00:13:48,550 --> 00:13:47,920

um yeah that those cases are all related

390

00:13:51,910 --> 00:13:48,560

to this

391

00:13:54,790 --> 00:13:51,920

one big event and it all happened mid

392

00:13:56,550 --> 00:13:54,800

july to the end of july so it began

393

00:13:59,670 --> 00:13:56,560

around july 14th

394

00:14:01,910 --> 00:13:59,680

culminating probably towards july 27th

395

00:14:03,030 --> 00:14:01,920

so there's a lot of days between there

396

00:14:04,949 --> 00:14:03,040

sometimes the

397

00:14:07,350 --> 00:14:04,959

sightings didn't happen every single

398

00:14:10,069 --> 00:14:07,360

night in some cases they did

399

00:14:11,269 --> 00:14:10,079

in other cases there would be a sighting

400

00:14:13,910 --> 00:14:11,279

every other night

401  
00:14:15,670 --> 00:14:13,920  
and this continued on through the end of

402  
00:14:16,550 --> 00:14:15,680  
july so we're talking hundreds and

403  
00:14:18,949 --> 00:14:16,560  
hundreds of

404  
00:14:19,829 --> 00:14:18,959  
witnesses if not thousands of witnesses

405  
00:14:22,550 --> 00:14:19,839  
to just

406  
00:14:23,110 --> 00:14:22,560  
numerous events that to this day the

407  
00:14:25,430 --> 00:14:23,120  
navy

408  
00:14:26,710 --> 00:14:25,440  
you know the the chief of naval naval

409  
00:14:29,189 --> 00:14:26,720  
operations says

410  
00:14:31,430 --> 00:14:29,199  
that they don't know where these what

411  
00:14:31,829 --> 00:14:31,440  
they you know describe in the log says

412  
00:14:34,310 --> 00:14:31,839  
you

413  
00:14:35,189 --> 00:14:34,320

unidentified uav came for yeah that's

414

00:14:37,829 --> 00:14:35,199

right uav

415

00:14:38,629 --> 00:14:37,839

what unidentified uav where they came

416

00:14:41,110 --> 00:14:38,639

from

417

00:14:42,470 --> 00:14:41,120

and who was controlling them yeah

418

00:14:45,430 --> 00:14:42,480

because is it right that

419

00:14:47,350 --> 00:14:45,440

some of the sightings lasted way over 90

420

00:14:47,829 --> 00:14:47,360

minutes right up into like three hours

421

00:14:55,590 --> 00:14:47,839

of

422

00:14:57,590 --> 00:14:55,600

well i might debate that point um based

423

00:15:00,150 --> 00:14:57,600

on the logs that i have

424

00:15:01,590 --> 00:15:00,160

i don't see i i've never seen any

425

00:15:03,670 --> 00:15:01,600

description of

426

00:15:05,269 --> 00:15:03,680

flight time because obviously to

427

00:15:06,550 --> 00:15:05,279

establish that you would have to have

428

00:15:08,629 --> 00:15:06,560

some type of

429

00:15:09,829 --> 00:15:08,639

sighting that was specifically saying

430

00:15:12,949 --> 00:15:09,839

that they were seeing

431

00:15:16,230 --> 00:15:12,959

one object that remain invisible

432

00:15:18,150 --> 00:15:16,240

observation for 90 minutes what i see in

433

00:15:21,750 --> 00:15:18,160

the logs is

434

00:15:24,710 --> 00:15:21,760

descriptions such as sighted red light

435

00:15:25,430 --> 00:15:24,720

at you know bearing 243 or something

436

00:15:27,030 --> 00:15:25,440

like that

437

00:15:28,790 --> 00:15:27,040

and it would have the time and then it

438

00:15:31,910 --> 00:15:28,800

would said spotted two

439

00:15:34,870 --> 00:15:31,920

unidentified drones port side bearing

440

00:15:35,910 --> 00:15:34,880

uh zero one five and this one on and you

441

00:15:38,069 --> 00:15:35,920

went to another ship

442

00:15:40,230 --> 00:15:38,079

and it would say snoopy team away which

443

00:15:43,350 --> 00:15:40,240

is the ship's uh

444

00:15:45,189 --> 00:15:43,360

intelligence arm photographic

445

00:15:46,710 --> 00:15:45,199

intelligence arm and they would send

446

00:15:48,790 --> 00:15:46,720

these guys out to take video and

447

00:15:50,949 --> 00:15:48,800

photographs of these lights

448

00:15:52,710 --> 00:15:50,959

um then maybe 20 minutes later they

449

00:15:54,150 --> 00:15:52,720

would secure that team

450

00:15:56,470 --> 00:15:54,160

the commanding officer would be on the

451  
00:15:58,629 --> 00:15:56,480  
bridge so this goes on and on

452  
00:16:00,069 --> 00:15:58,639  
like point by point through minutes and

453  
00:16:02,790 --> 00:16:00,079  
minutes of logs

454  
00:16:03,990 --> 00:16:02,800  
but um i never really saw i know i know

455  
00:16:05,110 --> 00:16:04,000  
that was in the article i never saw

456  
00:16:07,910 --> 00:16:05,120  
anything about

457  
00:16:09,110 --> 00:16:07,920  
a drone hanging around for 90 minutes um

458  
00:16:13,269 --> 00:16:09,120  
it's possible

459  
00:16:14,710 --> 00:16:13,279  
and maybe that was part of uh radar

460  
00:16:17,670 --> 00:16:14,720  
data or something that i don't know

461  
00:16:19,350 --> 00:16:17,680  
about and they definitely don't or

462  
00:16:21,110 --> 00:16:19,360  
we haven't seen any information about

463  
00:16:22,150 --> 00:16:21,120

where they came from or where they went

464

00:16:25,030 --> 00:16:22,160

to either

465

00:16:26,550 --> 00:16:25,040

have we i mean that's the puzzling part

466

00:16:29,590 --> 00:16:26,560

because we know that the

467

00:16:32,550 --> 00:16:29,600

spy 1 radar one of the most powerful

468

00:16:34,470 --> 00:16:32,560

components of the aegis combat system

469

00:16:37,829 --> 00:16:34,480

with all these vessels out there i mean

470

00:16:40,470 --> 00:16:37,839

every destroyer has that system um which

471

00:16:41,829 --> 00:16:40,480

can scan the uh surface of the ocean all

472

00:16:43,990 --> 00:16:41,839

the way out to

473

00:16:46,550 --> 00:16:44,000

the what they call the radar horizon

474

00:16:47,670 --> 00:16:46,560

over 256 nautical miles from the vessel

475

00:16:50,790 --> 00:16:47,680

all the way up to

476  
00:16:52,790 --> 00:16:50,800  
80 000 feet or more in the in the sky in

477  
00:16:53,509 --> 00:16:52,800  
a big dome around every ship that's

478  
00:16:55,030 --> 00:16:53,519  
there

479  
00:16:56,550 --> 00:16:55,040  
the idea that they couldn't figure out

480  
00:16:59,910 --> 00:16:56,560  
where like if the

481  
00:17:01,110 --> 00:16:59,920  
if these were say military drones being

482  
00:17:03,509 --> 00:17:01,120  
operated by

483  
00:17:04,549 --> 00:17:03,519  
uh the chinese for instance that's been

484  
00:17:05,990 --> 00:17:04,559  
speculated

485  
00:17:07,350 --> 00:17:06,000  
well you would assume that the navy

486  
00:17:08,309 --> 00:17:07,360  
would know that since they could have

487  
00:17:10,710 --> 00:17:08,319  
tracked where

488  
00:17:12,230 --> 00:17:10,720

they went the ship they landed on or you

489

00:17:12,789 --> 00:17:12,240

know perhaps the other way around where

490

00:17:20,870 --> 00:17:12,799

the

491

00:17:23,429 --> 00:17:20,880

case is we don't know

492

00:17:23,909 --> 00:17:23,439

why they don't know where they came from

493

00:17:30,710 --> 00:17:23,919

the

494

00:17:33,750 --> 00:17:30,720

to talk

495

00:17:36,630 --> 00:17:33,760

to other vessels captains and

496

00:17:38,470 --> 00:17:36,640

they identified several merchant vessels

497

00:17:39,350 --> 00:17:38,480

that were foreign flag merchant vessels

498

00:17:41,590 --> 00:17:39,360

out there

499

00:17:42,950 --> 00:17:41,600

and this is like say a week after the

500

00:17:45,669 --> 00:17:42,960

event and they were

501  
00:17:47,590 --> 00:17:45,679  
inquiring like who owns this vessel were

502  
00:17:48,710 --> 00:17:47,600  
they flying any drones

503  
00:17:51,270 --> 00:17:48,720  
so it seemed like they didn't really

504  
00:17:51,590 --> 00:17:51,280  
know and is it right was there a cruise

505  
00:17:52,630 --> 00:17:51,600  
ship

506  
00:17:54,950 --> 00:17:52,640  
i think it was called the carnival

507  
00:17:57,990 --> 00:17:54,960  
imagination that actually radioed one of

508  
00:18:00,630 --> 00:17:58,000  
the ships is is that correct information

509  
00:18:03,190 --> 00:18:00,640  
yeah that's correct uh there's uh

510  
00:18:06,070 --> 00:18:03,200  
notations about radio calls

511  
00:18:06,789 --> 00:18:06,080  
um going on in different vessels and um

512  
00:18:08,950 --> 00:18:06,799  
one of the

513  
00:18:10,549 --> 00:18:08,960

the ships mentioned that the that

514

00:18:13,190 --> 00:18:10,559

carnival cruise line

515

00:18:13,990 --> 00:18:13,200

said hey it wasn't us we you know we saw

516

00:18:15,830 --> 00:18:14,000

we saw a couple

517

00:18:17,669 --> 00:18:15,840

drones in the distance but we weren't

518

00:18:18,150 --> 00:18:17,679

flying and no one was flying drones from

519

00:18:20,870 --> 00:18:18,160

our

520

00:18:22,390 --> 00:18:20,880

cruise ship um we looked into that

521

00:18:23,590 --> 00:18:22,400

cruise ship but unfortunately i think it

522

00:18:25,029 --> 00:18:23,600

got scrapped

523

00:18:27,190 --> 00:18:25,039

uh you know that how they tear those

524

00:18:29,270 --> 00:18:27,200

things apart they beat them and yeah

525

00:18:30,630 --> 00:18:29,280

that ship's gone uh at least at this

526

00:18:32,390 --> 00:18:30,640

point um

527

00:18:33,909 --> 00:18:32,400

and we couldn't i never could find the

528

00:18:35,990 --> 00:18:33,919

crew um

529

00:18:38,070 --> 00:18:36,000

anyone else is you know feel free to try

530

00:18:38,390 --> 00:18:38,080

to find out um who the master of that

531

00:18:40,950 --> 00:18:38,400

ship

532

00:18:41,990 --> 00:18:40,960

was that might be able to remember

533

00:18:44,470 --> 00:18:42,000

remember seeing that

534

00:18:45,430 --> 00:18:44,480

those drones that week um trying to

535

00:18:47,590 --> 00:18:45,440

think there was a

536

00:18:48,789 --> 00:18:47,600

a research vessel out there that was

537

00:18:50,310 --> 00:18:48,799

doing a

538

00:18:52,070 --> 00:18:50,320

an american research vessel that was

539

00:18:54,710 --> 00:18:52,080

doing some study of

540

00:18:57,430 --> 00:18:54,720

um i don't know fish or something and

541

00:18:59,590 --> 00:18:57,440

they said they had a uh dji phantom

542

00:19:01,270 --> 00:18:59,600

uh but they weren't they said they never

543

00:19:03,830 --> 00:19:01,280

saw the navy ships and they weren't

544

00:19:04,870 --> 00:19:03,840

flying it at that time and they like had

545

00:19:08,150 --> 00:19:04,880

one

546

00:19:10,230 --> 00:19:08,160

phantom um yeah yeah so

547

00:19:12,070 --> 00:19:10,240

it's it's pretty it's pretty mysterious

548

00:19:12,789 --> 00:19:12,080

um here's something that i discovered

549

00:19:15,990 --> 00:19:12,799

last week

550

00:19:17,270 --> 00:19:16,000

that i think might be relevant when i

551  
00:19:18,789 --> 00:19:17,280  
was looking at

552  
00:19:20,870 --> 00:19:18,799  
you know i have a spreadsheet i'm

553  
00:19:23,110 --> 00:19:20,880  
correlating all the ships like

554  
00:19:24,310 --> 00:19:23,120  
minute by minute when they're reporting

555  
00:19:27,510 --> 00:19:24,320  
seeing these

556  
00:19:28,630 --> 00:19:27,520  
you know uap or lights and i noticed

557  
00:19:32,710 --> 00:19:28,640  
that

558  
00:19:35,590 --> 00:19:32,720  
the the day it began on july 14th

559  
00:19:36,789 --> 00:19:35,600  
earlier that day all the all the ships

560  
00:19:39,430 --> 00:19:36,799  
started firing

561  
00:19:40,070 --> 00:19:39,440  
missiles so they were out there doing

562  
00:19:42,630 --> 00:19:40,080  
training

563  
00:19:43,590 --> 00:19:42,640

and they were doing some testing and

564

00:19:47,190 --> 00:19:43,600

almost 2t

565

00:19:50,070 --> 00:19:47,200

like every single [h\_\_h] um started firing

566

00:19:52,070 --> 00:19:50,080

surface-to-air missiles off you know

567

00:19:55,830 --> 00:19:52,080

that are pretty capable missiles these

568

00:19:56,789 --> 00:19:55,840

missiles can intercept nuclear icbms

569

00:19:58,470 --> 00:19:56,799

coming in

570

00:20:00,070 --> 00:19:58,480

not in space but the ones they were

571

00:20:01,029 --> 00:20:00,080

launching could knock them out in

572

00:20:04,310 --> 00:20:01,039

terminal defense

573

00:20:06,149 --> 00:20:04,320

descent stage so you know sometimes

574

00:20:07,430 --> 00:20:06,159

people say hey ufos and nukes are always

575

00:20:09,110 --> 00:20:07,440

sort of you know there's something

576

00:20:12,310 --> 00:20:09,120

correlation there well absolutely the

577

00:20:14,950 --> 00:20:12,320

ships are firing missiles off that day

578

00:20:16,789 --> 00:20:14,960

and then that night is when it started

579

00:20:18,310 --> 00:20:16,799

and even the next day they fired some

580

00:20:21,350 --> 00:20:18,320

missiles off on the 15th

581

00:20:23,750 --> 00:20:21,360

of july and then the these

582

00:20:24,710 --> 00:20:23,760

lights came back that night they didn't

583

00:20:26,950 --> 00:20:24,720

see the lights

584

00:20:28,230 --> 00:20:26,960

or they never at least i never found any

585

00:20:31,190 --> 00:20:28,240

reports of

586

00:20:31,909 --> 00:20:31,200

these observations during daylight hours

587

00:20:33,750 --> 00:20:31,919

um

588

00:20:35,430 --> 00:20:33,760

even like say when the missiles were

589

00:20:36,390 --> 00:20:35,440

being fired in the morning or in the

590

00:20:38,070 --> 00:20:36,400

afternoon

591

00:20:39,669 --> 00:20:38,080

yeah there was no mention of anything

592

00:20:42,070 --> 00:20:39,679

and then as soon as it gets to be like

593

00:20:42,870 --> 00:20:42,080

nine or ten at night all of a sudden

594

00:20:44,870 --> 00:20:42,880

these uh

595

00:20:46,630 --> 00:20:44,880

lights appear like around all these

596

00:20:49,110 --> 00:20:46,640

ships that are in some cases hundred

597

00:20:51,830 --> 00:20:49,120

miles hundreds of miles apart

598

00:20:52,789 --> 00:20:51,840

wow that's so mysterious that's why it

599

00:20:55,590 --> 00:20:52,799

isn't just a simple

600

00:20:56,230 --> 00:20:55,600

it's not a simple drone case to me it

601  
00:20:58,630 --> 00:20:56,240  
really is

602  
00:21:01,590 --> 00:20:58,640  
anomalous and that leads me am i right

603  
00:21:03,270 --> 00:21:01,600  
in saying that you spoke to someone

604  
00:21:04,710 --> 00:21:03,280  
i think he might have had a friend on

605  
00:21:07,750 --> 00:21:04,720  
the uss chaffee

606  
00:21:09,270 --> 00:21:07,760  
who who claims to have seen them by eye

607  
00:21:09,750 --> 00:21:09,280  
and that they even might have been tic

608  
00:21:12,710 --> 00:21:09,760  
tac

609  
00:21:14,470 --> 00:21:12,720  
shaped or is that well that's that's how

610  
00:21:17,270 --> 00:21:14,480  
i found out about the case

611  
00:21:19,029 --> 00:21:17,280  
um at the end of the nimitz you know i i

612  
00:21:20,470 --> 00:21:19,039  
ask people to email me i give i put an

613  
00:21:23,270 --> 00:21:20,480

email on the screen on there and

614

00:21:24,789 --> 00:21:23,280

yeah i've gotten a lot of um response

615

00:21:27,510 --> 00:21:24,799

from that you know and um

616

00:21:28,950 --> 00:21:27,520

met a lot of people there was a a gent

617

00:21:33,190 --> 00:21:28,960

that was

618

00:21:35,909 --> 00:21:33,200

on the uss chaffee in 2004 that had

619

00:21:36,950 --> 00:21:35,919

he claimed a personal experience with

620

00:21:40,549 --> 00:21:36,960

the tic tac

621

00:21:44,390 --> 00:21:40,559

uh objects through uh an air intercept

622

00:21:47,350 --> 00:21:44,400

and he he says it was in december um not

623

00:21:47,909 --> 00:21:47,360

november so the month after the famous

624

00:21:50,710 --> 00:21:47,919

um

625

00:21:52,310 --> 00:21:50,720

case yeah so there there could even be

626  
00:21:54,390 --> 00:21:52,320  
another

627  
00:21:55,350 --> 00:21:54,400  
sighting of this object that's sort of

628  
00:21:58,390 --> 00:21:55,360  
unknown

629  
00:22:00,470 --> 00:21:58,400  
really in the world of ufology

630  
00:22:03,110 --> 00:22:00,480  
again that's one person that i have and

631  
00:22:05,430 --> 00:22:03,120  
i haven't corroborated that he said

632  
00:22:06,630 --> 00:22:05,440  
that a guy that was on his ship with him

633  
00:22:10,070 --> 00:22:06,640  
now

634  
00:22:12,230 --> 00:22:10,080  
uss

635  
00:22:13,669 --> 00:22:12,240  
kid and he said have you heard about

636  
00:22:17,110 --> 00:22:13,679  
that case

637  
00:22:19,110 --> 00:22:17,120  
my buddy was on the uss kid july 2019

638  
00:22:21,270 --> 00:22:19,120

and i said no i've never heard of it

639

00:22:21,750 --> 00:22:21,280

this was um april this was about a year

640

00:22:25,510 --> 00:22:21,760

ago

641

00:22:26,070 --> 00:22:25,520

april 2020. and so i i did a foia for

642

00:22:28,390 --> 00:22:26,080

uss

643

00:22:29,669 --> 00:22:28,400

kid and that's when i began discovering

644

00:22:33,750 --> 00:22:29,679

all these

645

00:22:37,029 --> 00:22:33,760

drones

646

00:22:38,310 --> 00:22:37,039

and snoopy teams and that kicked it all

647

00:22:41,830 --> 00:22:38,320

off now

648

00:22:42,510 --> 00:22:41,840

he said his buddy um said that they were

649

00:22:46,070 --> 00:22:42,520

large

650

00:22:48,310 --> 00:22:46,080

tic-tac-shaped objects and

651  
00:22:49,669 --> 00:22:48,320  
um i go i go are you sure these weren't

652  
00:22:51,990 --> 00:22:49,679  
like you know

653  
00:22:52,950 --> 00:22:52,000  
drones like that had rotors and stuff

654  
00:22:55,029 --> 00:22:52,960  
and he's like no

655  
00:22:57,110 --> 00:22:55,039  
yeah they were wow they saw these

656  
00:22:58,390 --> 00:22:57,120  
directly at eye level from the bridge of

657  
00:23:00,310 --> 00:22:58,400  
the ship

658  
00:23:01,909 --> 00:23:00,320  
and he said they were pretty you know

659  
00:23:05,029 --> 00:23:01,919  
kind of freaked out about it and

660  
00:23:07,669 --> 00:23:05,039  
yeah they would be so i mean

661  
00:23:08,270 --> 00:23:07,679  
there's that and then another witness

662  
00:23:10,470 --> 00:23:08,280  
again

663  
00:23:12,070 --> 00:23:10,480

unsubstantiated said his brother-in-law

664

00:23:14,549 --> 00:23:12,080

was on one of the ships

665

00:23:15,909 --> 00:23:14,559

and they thought that they were chinese

666

00:23:18,070 --> 00:23:15,919

drones and they were

667

00:23:20,470 --> 00:23:18,080

waving at them so there's these two

668

00:23:23,350 --> 00:23:20,480

divergent

669

00:23:24,070 --> 00:23:23,360

witnesses so so to speak uh and then you

670

00:23:27,110 --> 00:23:24,080

add in

671

00:23:29,110 --> 00:23:27,120

uh mr corbal's video footage

672

00:23:30,149 --> 00:23:29,120

of what you know it seems pretty

673

00:23:32,149 --> 00:23:30,159

anomalous

674

00:23:34,230 --> 00:23:32,159

and yeah i don't know where to look i

675

00:23:35,270 --> 00:23:34,240

mean i'm like is that right is it a

676

00:23:37,750 --> 00:23:35,280

chinese drone

677

00:23:39,029 --> 00:23:37,760

or is it like a tic tac i still don't

678

00:23:41,110 --> 00:23:39,039

think we know

679

00:23:42,710 --> 00:23:41,120

no i i completely agree and i think

680

00:23:44,149 --> 00:23:42,720

that's probably why i wanted to talk to

681

00:23:45,990 --> 00:23:44,159

you about it is just

682

00:23:47,510 --> 00:23:46,000

because i'm really waiting for more

683

00:23:49,669 --> 00:23:47,520

information to come out on this i'm

684

00:23:51,110 --> 00:23:49,679

trying to look for things

685

00:23:52,950 --> 00:23:51,120

and i think it's a really exciting and

686

00:23:53,669 --> 00:23:52,960

intriguing case no matter what it turns

687

00:23:56,470 --> 00:23:53,679

out to be

688

00:23:58,230 --> 00:23:56,480

so and i think i mean the way you tweet

689

00:24:00,630 --> 00:23:58,240

about it with all the technicalities

690

00:24:02,630 --> 00:24:00,640

from your the military side of things

691

00:24:04,470 --> 00:24:02,640

i mean most of it does go over my head i

692

00:24:07,029 --> 00:24:04,480

find myself googling all these different

693

00:24:09,110 --> 00:24:07,039

military terms i just want to know

694

00:24:12,870 --> 00:24:09,120

because it's that interesting so

695

00:24:14,549 --> 00:24:12,880

yeah i just look forward to more um

696

00:24:16,710 --> 00:24:14,559

now my final sort of area that i wanted

697

00:24:19,590 --> 00:24:16,720

to touch on very briefly is

698

00:24:20,789 --> 00:24:19,600

this mysterious triangle photograph that

699

00:24:23,990 --> 00:24:20,799

we've been hearing about

700

00:24:25,990 --> 00:24:24,000

rumored for for quite some time now

701  
00:24:27,350 --> 00:24:26,000  
supposed to show this triangle leaving

702  
00:24:30,830 --> 00:24:27,360  
the water that was

703  
00:24:33,750 --> 00:24:30,840  
snapped by a wizard from an f-18f

704  
00:24:37,190 --> 00:24:33,760  
um have you heard anything about that

705  
00:24:39,110 --> 00:24:37,200  
um i know you made a you put a tweet out

706  
00:24:41,190 --> 00:24:39,120  
saying that you thought that um

707  
00:24:42,950 --> 00:24:41,200  
mj banayas and tim mcmillan may have

708  
00:24:45,430 --> 00:24:42,960  
seen it or have it um

709  
00:24:46,549 --> 00:24:45,440  
so yeah can you expand on that at all

710  
00:24:48,549 --> 00:24:46,559  
well i know that

711  
00:24:49,750 --> 00:24:48,559  
there's a little bit of sensitivity here

712  
00:24:52,230 --> 00:24:49,760  
because of the

713  
00:24:53,510 --> 00:24:52,240

um you know the source of that

714

00:24:56,390 --> 00:24:53,520

information

715

00:24:58,149 --> 00:24:56,400

um it's my understanding that within the

716

00:25:01,590 --> 00:24:58,159

intelligence community there's

717

00:25:03,990 --> 00:25:01,600

different networks that exist

718

00:25:05,990 --> 00:25:04,000

depending on classification level and

719

00:25:10,230 --> 00:25:06,000

that you know there might be

720

00:25:12,710 --> 00:25:10,240

a shared drive or shared file system

721

00:25:14,870 --> 00:25:12,720

and it was explained to me that this

722

00:25:15,590 --> 00:25:14,880

particular case which i believe was part

723

00:25:18,789 --> 00:25:15,600

of the uap

724

00:25:20,789 --> 00:25:18,799

task force portfolio had been shared

725

00:25:23,190 --> 00:25:20,799

around and almost like

726

00:25:24,470 --> 00:25:23,200

people that didn't have any reason

727

00:25:26,710 --> 00:25:24,480

really to

728

00:25:28,470 --> 00:25:26,720

look at the picture of the ufo you know

729

00:25:29,830 --> 00:25:28,480

might go and look at it because it was

730

00:25:32,470 --> 00:25:29,840

you know something to do on your lunch

731

00:25:34,630 --> 00:25:32,480

break or something and

732

00:25:36,950 --> 00:25:34,640

so that a lot of people were very aware

733

00:25:39,590 --> 00:25:36,960

of this photograph and

734

00:25:41,590 --> 00:25:39,600

it was described to me and and tim

735

00:25:44,230 --> 00:25:41,600

mcmillan from the debrief

736

00:25:45,269 --> 00:25:44,240

said hey do you mind just uh making a

737

00:25:46,870 --> 00:25:45,279

graphic of this

738

00:25:48,549 --> 00:25:46,880

because i want people to kind of

739

00:25:49,830 --> 00:25:48,559

understand what it might have looked

740

00:25:52,630 --> 00:25:49,840

like so i said sure so

741

00:25:53,269 --> 00:25:52,640

yeah i started you know doing some cgi

742

00:25:56,310 --> 00:25:53,279

that

743

00:25:58,230 --> 00:25:56,320

mimicked um you know the what he

744

00:26:00,070 --> 00:25:58,240

described to me and then

745

00:26:01,909 --> 00:26:00,080

from my understanding he showed that to

746

00:26:03,750 --> 00:26:01,919

the person that had the picture

747

00:26:05,990 --> 00:26:03,760

and they adjusted it a few times and

748

00:26:09,350 --> 00:26:06,000

then said that looks like exactly it

749

00:26:11,750 --> 00:26:09,360

and so um it's pretty startling you know

750

00:26:14,390 --> 00:26:11,760

if you look at that picture it's a

751  
00:26:15,430 --> 00:26:14,400  
triangle with rounded corners not square

752  
00:26:17,669 --> 00:26:15,440  
sharp pointy

753  
00:26:18,789 --> 00:26:17,679  
corners but like rounded in that on each

754  
00:26:21,269 --> 00:26:18,799  
corner

755  
00:26:22,310 --> 00:26:21,279  
i think that one it has the white um

756  
00:26:24,230 --> 00:26:22,320  
circle

757  
00:26:26,070 --> 00:26:24,240  
yeah and nothing in the middle he said

758  
00:26:29,269 --> 00:26:26,080  
it was sort of gunmetal color not

759  
00:26:31,350 --> 00:26:29,279  
black so to speak and you know

760  
00:26:32,390 --> 00:26:31,360  
i the question i have is you know of

761  
00:26:34,870 --> 00:26:32,400  
course that's pretty

762  
00:26:35,750 --> 00:26:34,880  
crazy like if that type of craft exists

763  
00:26:38,710 --> 00:26:35,760

but how did they

764

00:26:39,909 --> 00:26:38,720

know to where to look uh to see it come

765

00:26:41,350 --> 00:26:39,919

out of the water because

766

00:26:43,190 --> 00:26:41,360

you know if you're flying at high

767

00:26:45,110 --> 00:26:43,200

altitude in a jet

768

00:26:46,950 --> 00:26:45,120

over the ocean you know it's a big ocean

769

00:26:48,870 --> 00:26:46,960

out there like if something just popped

770

00:26:51,909 --> 00:26:48,880

out of the ocean how would you know

771

00:26:52,630 --> 00:26:51,919

where it came from or to look in that

772

00:26:54,390 --> 00:26:52,640

direction

773

00:26:56,549 --> 00:26:54,400

i i mean that story must be pretty

774

00:26:57,110 --> 00:26:56,559

interesting for they had a reason to be

775

00:26:59,590 --> 00:26:57,120

looking

776

00:27:01,029 --> 00:26:59,600

at that and then suddenly this thing

777

00:27:03,590 --> 00:27:01,039

comes out of the ocean i mean

778

00:27:04,870 --> 00:27:03,600

and then flies past them yeah i never

779

00:27:05,190 --> 00:27:04,880

really thought about it like that but

780

00:27:08,789 --> 00:27:05,200

that

781

00:27:10,149 --> 00:27:08,799

got to be a reason so

782

00:27:11,590 --> 00:27:10,159

i mean this is that i mean the reason

783

00:27:12,630 --> 00:27:11,600

why i bring that that particular

784

00:27:15,510 --> 00:27:12,640

photograph up is

785

00:27:17,510 --> 00:27:15,520

i get asked about it so often um over on

786

00:27:18,630 --> 00:27:17,520

my instagram are we gonna see it are we

787

00:27:21,029 --> 00:27:18,640

gonna see it and

788

00:27:23,029 --> 00:27:21,039

i i just want to get as much information

789

00:27:25,430 --> 00:27:23,039

as i can so i thought i'd ask

790

00:27:27,830 --> 00:27:25,440

but i know i i wish i i wish that would

791

00:27:30,789 --> 00:27:27,840

come out like i don't know if um

792

00:27:33,669 --> 00:27:30,799

if tim has any means to to make that

793

00:27:36,070 --> 00:27:33,679

happen or not or pull strings

794

00:27:36,710 --> 00:27:36,080

you know here's an interesting aside to

795

00:27:41,430 --> 00:27:36,720

that

796

00:27:43,590 --> 00:27:41,440

conversation about another case

797

00:27:45,990 --> 00:27:43,600

that's strikingly similar to that but

798

00:27:48,950 --> 00:27:46,000

happened in the 1960s

799

00:27:51,029 --> 00:27:48,960

and that you know through that email

800

00:27:53,029 --> 00:27:51,039

that i mentioned before with the nimitz

801  
00:27:55,110 --> 00:27:53,039  
i had been approached by a gentleman

802  
00:27:57,510 --> 00:27:55,120  
that provided some information about

803  
00:27:59,110 --> 00:27:57,520  
a case um some documents and so on and

804  
00:28:01,269 --> 00:27:59,120  
tim has been working on that

805  
00:28:03,430 --> 00:28:01,279  
and i'm hoping that he has some more

806  
00:28:06,070 --> 00:28:03,440  
information about that coming up it's

807  
00:28:07,510 --> 00:28:06,080  
you know a strikingly kind of similar

808  
00:28:09,830 --> 00:28:07,520  
type of case and

809  
00:28:11,029 --> 00:28:09,840  
uh i think that when we when you really

810  
00:28:14,230 --> 00:28:11,039  
look at

811  
00:28:16,389 --> 00:28:14,240  
the the time the decades uh

812  
00:28:17,830 --> 00:28:16,399  
since the study first began you start

813  
00:28:20,230 --> 00:28:17,840

saying wow

814

00:28:21,110 --> 00:28:20,240

many times we have the same similar like

815

00:28:24,070 --> 00:28:21,120

reports

816

00:28:25,669 --> 00:28:24,080

um triangle right triangle shaped ufos

817

00:28:27,350 --> 00:28:25,679

for instance yeah

818

00:28:28,830 --> 00:28:27,360

yeah it does crop up all the time and it

819

00:28:29,990 --> 00:28:28,840

makes you think that's when people

820

00:28:32,870 --> 00:28:30,000

question

821

00:28:33,510 --> 00:28:32,880

about whether it's hidden us technology

822

00:28:35,750 --> 00:28:33,520

and that yet

823

00:28:36,870 --> 00:28:35,760

we've seen these craft for decades which

824

00:28:38,310 --> 00:28:36,880

means

825

00:28:41,350 --> 00:28:38,320

they would have had these things back in

826

00:28:43,430 --> 00:28:41,360

that time in the 50s and 60s which

827

00:28:45,909 --> 00:28:43,440

makes it harder to believe it really

828

00:28:48,549 --> 00:28:45,919

does right you would have to say well

829

00:28:50,789 --> 00:28:48,559

we're chasing these things with you know

830

00:28:52,149 --> 00:28:50,799

sort of antique back then of course we

831

00:28:54,070 --> 00:28:52,159

you know today but back then

832

00:28:56,789 --> 00:28:54,080

the jets weren't even nearly as

833

00:28:59,590 --> 00:28:56,799

sophisticated as what we had today

834

00:29:00,549 --> 00:28:59,600

with the f-35 and so on but of course uh

835

00:29:02,470 --> 00:29:00,559

back then and

836

00:29:03,909 --> 00:29:02,480

yet they were still encountering these

837

00:29:06,630 --> 00:29:03,919

craft that seemed to

838

00:29:08,950 --> 00:29:06,640

have performance capabilities you know

839

00:29:11,750 --> 00:29:08,960

speeds in excess of 2000

840

00:29:12,149 --> 00:29:11,760

miles an hour and maneuvering that was

841

00:29:15,430 --> 00:29:12,159

kind of

842

00:29:18,950 --> 00:29:15,440

uh running rings around us so yeah just

843

00:29:20,470 --> 00:29:18,960

it's crazy but well and finally what are

844

00:29:22,870 --> 00:29:20,480

your

845

00:29:24,470 --> 00:29:22,880

views on this ua ptf report that's due

846

00:29:26,549 --> 00:29:24,480

on june 25th

847

00:29:28,149 --> 00:29:26,559

what do you think we might see or what

848

00:29:29,990 --> 00:29:28,159

do you think we might not see

849

00:29:31,830 --> 00:29:30,000

however you know however you look at it

850

00:29:35,750 --> 00:29:31,840

personally i don't think we'll get much

851

00:29:38,630 --> 00:29:35,760

but well i mean i i think that

852

00:29:40,310 --> 00:29:38,640

the new york times probably um gave us a

853

00:29:42,710 --> 00:29:40,320

glimpse into what

854

00:29:44,470 --> 00:29:42,720

is going to be revealed in that report i

855

00:29:47,350 --> 00:29:44,480

would imagine that

856

00:29:48,230 --> 00:29:47,360

that they're going to say that you know

857

00:29:51,350 --> 00:29:48,240

most

858

00:29:53,430 --> 00:29:51,360

sightings have prosaic explanations

859

00:29:54,789 --> 00:29:53,440

and that's true of any ufo sightings

860

00:29:58,389 --> 00:29:54,799

throughout history

861

00:30:00,470 --> 00:29:58,399

um you know 95 or so

862

00:30:01,669 --> 00:30:00,480

cases usually end up being something

863

00:30:04,710 --> 00:30:01,679

that can be

864

00:30:06,549 --> 00:30:04,720

explained as a misidentification

865

00:30:08,310 --> 00:30:06,559

not necessarily hoax i mean that's part

866

00:30:11,110 --> 00:30:08,320

of it but most of the time

867

00:30:12,070 --> 00:30:11,120

it's just simple misidentification or an

868

00:30:14,549 --> 00:30:12,080

unknown

869

00:30:16,470 --> 00:30:14,559

object until then we figure out what

870

00:30:19,830 --> 00:30:16,480

what that was and then it becomes

871

00:30:22,310 --> 00:30:19,840

a known you know a known object but then

872

00:30:24,630 --> 00:30:22,320

there's still this this part of the that

873

00:30:27,190 --> 00:30:24,640

that's truly unknown and i think that

874

00:30:28,149 --> 00:30:27,200

with the military operations area and

875

00:30:32,789 --> 00:30:28,159

these sensitive

876

00:30:34,789 --> 00:30:32,799

uh air spaces it is a concern that

877

00:30:36,549 --> 00:30:34,799

there's objects that seem to be

878

00:30:38,710 --> 00:30:36,559

operating with impunity

879

00:30:39,590 --> 00:30:38,720

and behaving in ways that don't make a

880

00:30:42,789 --> 00:30:39,600

lot of sense

881

00:30:44,630 --> 00:30:42,799

um to the observers um

882

00:30:46,470 --> 00:30:44,640

using some of the most advanced sent

883

00:30:49,029 --> 00:30:46,480

sensors we have so i think that

884

00:30:51,029 --> 00:30:49,039

maybe the report will say most of the

885

00:30:51,830 --> 00:30:51,039

stuff we found hey we figured it out but

886

00:30:55,430 --> 00:30:51,840

there's still

887

00:30:56,470 --> 00:30:55,440

percentage here that we don't know what

888

00:30:59,990 --> 00:30:56,480

this stuff is

889

00:31:01,909 --> 00:31:00,000

and it's troubling so yeah the the real

890

00:31:03,509 --> 00:31:01,919

meat of that story is going to be in the

891

00:31:05,190 --> 00:31:03,519

classified side of it

892

00:31:07,190 --> 00:31:05,200

the classified annex side of it that

893

00:31:09,509 --> 00:31:07,200

would probably be

894

00:31:10,870 --> 00:31:09,519

tightly controlled as far as what any

895

00:31:12,870 --> 00:31:10,880

any of us would see

896

00:31:13,909 --> 00:31:12,880

but that's probably where all the video

897

00:31:17,190 --> 00:31:13,919

and radar

898

00:31:19,430 --> 00:31:17,200

examples are of these unknowns

899

00:31:21,110 --> 00:31:19,440

that makes sense yeah what about the

900

00:31:23,029 --> 00:31:21,120

snoopy footage you know hundreds of

901  
00:31:25,590 --> 00:31:23,039  
hours from 2019

902  
00:31:27,110 --> 00:31:25,600  
um of these objects is that part of it i

903  
00:31:29,909 --> 00:31:27,120  
i would assume i mean

904  
00:31:30,310 --> 00:31:29,919  
if if mr corbell is releasing footage

905  
00:31:33,029 --> 00:31:30,320  
that

906  
00:31:33,990 --> 00:31:33,039  
dod says hey this footage was used as

907  
00:31:37,190 --> 00:31:34,000  
part of a

908  
00:31:38,789 --> 00:31:37,200  
uat task force briefing yeah obviously

909  
00:31:40,630 --> 00:31:38,799  
they're looking at that case

910  
00:31:42,389 --> 00:31:40,640  
so you'd think they'd have the snoopy

911  
00:31:44,230 --> 00:31:42,399  
and where all the files as well

912  
00:31:45,750 --> 00:31:44,240  
really that they're associated i mean

913  
00:31:47,750 --> 00:31:45,760

yeah that makes sense so

914

00:31:49,430 --> 00:31:47,760

yeah well listen dave i won't keep you

915

00:31:51,190 --> 00:31:49,440

any longer i think i've pretty much gone

916

00:31:52,710 --> 00:31:51,200

over the questions that i wanted to ask

917

00:31:54,470 --> 00:31:52,720

is there anything you want to say before

918

00:31:56,789 --> 00:31:54,480

we close this out

919

00:31:57,750 --> 00:31:56,799

no but um i didn't know this was your

920

00:32:00,950 --> 00:31:57,760

first uh

921

00:32:03,509 --> 00:32:00,960

your first cast so um good luck with

922

00:32:04,470 --> 00:32:03,519

it and i feel proud that i'm the

923

00:32:08,630 --> 00:32:04,480

inaugural

924

00:32:10,549 --> 00:32:08,640

uh victim no i mean interviewer

925

00:32:12,070 --> 00:32:10,559

i cannot thank you enough like i said

926  
00:32:13,669 --> 00:32:12,080  
i've been a huge fan of your work since

927  
00:32:14,710 --> 00:32:13,679  
the first time the nimitz encounters

928  
00:32:16,630 --> 00:32:14,720  
appeared

929  
00:32:18,470 --> 00:32:16,640  
and i follow your work very closely on

930  
00:32:20,070 --> 00:32:18,480  
twitter and i'll be looking forward to

931  
00:32:21,750 --> 00:32:20,080  
to what else you bring to the table in

932  
00:32:24,070 --> 00:32:21,760  
the near future

933  
00:32:25,750 --> 00:32:24,080  
so uh thank you thank you so much for

934  
00:32:28,070 --> 00:32:25,760  
your work as well

935  
00:32:29,269 --> 00:32:28,080  
thank you i really appreciate that so

936  
00:32:34,470 --> 00:32:29,279  
yeah take care and

937  
00:32:38,470 --> 00:32:36,549  
so guys thank you this is my first

938  
00:32:40,389 --> 00:32:38,480

interview um
