00:00:34,229 --> 00:00:32,000

here

16

00:00:36,310 --> 00:00:34,239

for the first time this year so yes you

17

00:00:39,350 --> 00:00:36,320

did yes you did i saw it it's good

18

00:00:40,229 --> 00:00:39,360

but um so let everybody know who's going

19

00:00:42,389 --> 00:00:40,239

to be watching this

20

00:00:43,270 --> 00:00:42,399

uh who you are and a little bit about

21

00:00:45,110 --> 00:00:43,280

yourself

22

00:00:46,470 --> 00:00:45,120

sure no problem my name is my name's

23

00:00:49,910 --> 00:00:46,480

jeff i am um

24

00:00:51,910 --> 00:00:49,920

i was born in philadelphia grew up in

25

00:00:54,709 --> 00:00:51,920

the outskirts in bucks county

26

00:00:55,990 --> 00:00:54,719

um i moved to florida when i was in my

27

00:00:59,110 --> 00:00:56,000

early 20s

28

00:01:00,709 --> 00:00:59,120

and i've been here ever since and um a

29

00:01:04,149 --> 00:01:00,719

couple of years

30

00:01:05,590 --> 00:01:04,159

yeah just a little yeah yeah i'm 51 now

31

00:01:07,030 --> 00:01:05,600

you know i raised all my kids we're all

32

00:01:09,750 --> 00:01:07,040

born and raised here

33

00:01:11,510 --> 00:01:09,760

um and uh yeah i work in the

34

00:01:11,990 --> 00:01:11,520

construction industry down in florida

35

00:01:14,710 --> 00:01:12,000

when i first

36

00:01:16,550 --> 00:01:14,720

moved down here i started out as like a

37

00:01:17,910 --> 00:01:16,560

construction superintendent building

38

00:01:19,670 --> 00:01:17,920

houses

39

00:01:21,350 --> 00:01:19,680
you know working for some large builders

40

00:01:23,190 --> 00:01:21,360
florida's always been a

41

00:01:24,630 --> 00:01:23,200
you know in the last you know gosh 30

42

00:01:27,990 --> 00:01:24,640
years florida's just been a

43

00:01:29,749 --> 00:01:28,000
hugely developed state and uh there's so

44

00:01:31,429 --> 00:01:29,759
much opportunity for construction and

45

00:01:33,510 --> 00:01:31,439
development so i got involved in that

46

00:01:36,230 --> 00:01:33,520
when i first moved down

47

00:01:37,109 --> 00:01:36,240
you know and uh now yeah yeah so it's

48

00:01:40,710 --> 00:01:37,119
pretty it's pretty cool

49

00:01:42,710 --> 00:01:40,720
i um the whole the ufo thing is kind of

50

00:01:44,710 --> 00:01:42,720
funny my grandfather

51
00:01:46,550 --> 00:01:44,720
um on my mom's side who is from england

52
00:01:49,560 --> 00:01:46,560
by the way i must i must say

53
00:01:51,510 --> 00:01:49,570
no yeah i'm 51 english here

54
00:01:52,630 --> 00:01:51,520
[Laughter]

55
00:01:55,429 --> 00:01:52,640
they've been yeah they've been in the

56
00:01:57,190 --> 00:01:55,439
u.s since the late 1600s

57
00:01:58,789 --> 00:01:57,200
actually fought in the revolution fought

58
00:02:00,310 --> 00:01:58,799
in the revolution so uh

59
00:02:02,550 --> 00:02:00,320
you remember when we kicked your guys

60
00:02:04,230 --> 00:02:02,560
butts you know yeah hey that's all good

61
00:02:07,830 --> 00:02:04,240
it's all good

62
00:02:08,229 --> 00:02:07,840
it's water under the bridge yeah exactly

63
00:02:11,110 --> 00:02:08,239

yeah

64
00:02:11,750 --> 00:02:11,120
but anyway but my mom's dad my mom's dad

65
00:02:15,430 --> 00:02:11,760
uh

66
00:02:17,910 --> 00:02:15,440
got me and my sisters involved in

67
00:02:20,150 --> 00:02:17,920
ufos in the paranormal at a very young

68
00:02:21,670 --> 00:02:20,160
age and i mean like five

69
00:02:23,270 --> 00:02:21,680
you know five six years old you know he

70
00:02:25,110 --> 00:02:23,280
used to subscribe to fate

71
00:02:26,710 --> 00:02:25,120
magazine did you are you familiar with

72
00:02:28,229 --> 00:02:26,720
fate i might

73
00:02:30,630 --> 00:02:28,239
come across it it might just be an

74
00:02:32,470 --> 00:02:30,640
american thing it might yeah it might be

75
00:02:34,710 --> 00:02:32,480
back then there was a little magazine

76

00:02:35,030 --> 00:02:34,720

called fate and it was all about you

77

00:02:37,670 --> 00:02:35,040

know

78

00:02:38,229 --> 00:02:37,680

paranormal and ufos and i used to read

79

00:02:41,190 --> 00:02:38,239

those

80

00:02:42,790 --> 00:02:41,200

you know all the time but uh yeah so for

81

00:02:44,150 --> 00:02:42,800

me it's kind of been a cultural thing

82

00:02:46,710 --> 00:02:44,160

i've always been

83

00:02:48,309 --> 00:02:46,720

you know open to it understanding it and

84

00:02:50,390 --> 00:02:48,319

uh

85

00:02:51,990 --> 00:02:50,400

yeah it's kind of cool cool i'm getting

86

00:02:53,190 --> 00:02:52,000

a tiny little buzzing noise can you hear

87

00:02:55,110 --> 00:02:53,200

that at all

88

00:02:57,350 --> 00:02:55,120

have you got like a that's that was it

89

00:03:01,190 --> 00:02:57,360

there

90

00:03:04,470 --> 00:03:01,200

whoa that's my fan that's my

91

00:03:07,990 --> 00:03:04,480

fan it's not that bad i just

92

00:03:09,830 --> 00:03:08,000

do i need to switch me that's my that's

93

00:03:11,910 --> 00:03:09,840

macbook pro don't worry about it don't

94

00:03:14,149 --> 00:03:11,920

worry about it it's fine it's fine so

95

00:03:15,509 --> 00:03:14,159

i'm never going apple again so so

96

00:03:18,630 --> 00:03:15,519

something that you've been into for a

97

00:03:20,630 --> 00:03:18,640

long time then by the sounds of it

98

00:03:21,670 --> 00:03:20,640

have you had any personal experiences or

99

00:03:25,350 --> 00:03:21,680

sightings

100

00:03:27,190 --> 00:03:25,360

i did i actually did um

101
00:03:28,869 --> 00:03:27,200
right before i moved to florida you want

102
00:03:30,869 --> 00:03:28,879
me to tell you the story

103
00:03:32,869 --> 00:03:30,879
please do okay here we go yeah right

104
00:03:35,350 --> 00:03:32,879
before i moved to florida

105
00:03:35,990 --> 00:03:35,360
um you know again back in my early 20s i

106
00:03:38,070 --> 00:03:36,000
um

107
00:03:39,430 --> 00:03:38,080
i was living in the northeast of

108
00:03:41,430 --> 00:03:39,440
philadelphia like

109
00:03:43,430 --> 00:03:41,440
like a mile lower actually like two

110
00:03:45,589 --> 00:03:43,440
blocks from the delaware river

111
00:03:46,949 --> 00:03:45,599
two blocks in from the delaware river

112
00:03:49,750 --> 00:03:46,959
and um

113
00:03:51,670 --> 00:03:49,760

i was working in retail for a large

114

00:03:55,030 --> 00:03:51,680

chain of pet stores you know big

115

00:03:56,869 --> 00:03:55,040

pet supermarkets yeah yeah and um

116

00:03:58,390 --> 00:03:56,879

we still we were there was a series of

117

00:03:58,949 --> 00:03:58,400

nights where we were staying late to

118

00:04:02,470 --> 00:03:58,959

conduct

119

00:04:04,229 --> 00:04:02,480

inventory um and so after the store shut

120

00:04:06,789 --> 00:04:04,239

down we would stay till like midnight

121

00:04:07,670 --> 00:04:06,799

and do inventory sure to make you know

122

00:04:10,470 --> 00:04:07,680

and uh

123

00:04:11,990 --> 00:04:10,480

one night i got home it was like 12 30

124

00:04:13,990 --> 00:04:12,000

in the morning

125

00:04:15,910 --> 00:04:14,000

straight sober okay i just don't want to

126

00:04:18,390 --> 00:04:15,920

put that out there

127

00:04:20,069 --> 00:04:18,400

and um where i lived you know the

128

00:04:21,590 --> 00:04:20,079

entrances you know there were i lived in

129

00:04:23,189 --> 00:04:21,600

condominium buildings and there were

130

00:04:24,150 --> 00:04:23,199

four units to each building that were

131

00:04:25,909 --> 00:04:24,160

separated

132

00:04:27,590 --> 00:04:25,919

and the entrances were on the side so

133

00:04:29,189 --> 00:04:27,600

you'd have to walk down in between both

134

00:04:31,270 --> 00:04:29,199

buildings to go to the entrance

135

00:04:33,189 --> 00:04:31,280

but walking down i was i took a notice

136

00:04:35,030 --> 00:04:33,199

to the sky and it was just one of those

137

00:04:37,270 --> 00:04:35,040

nights that it was just

138

00:04:38,790 --> 00:04:37,280

beautiful it was it was moonlit you know

139

00:04:41,430 --> 00:04:38,800

the moon was out you had that

140

00:04:41,990 --> 00:04:41,440

moonlit sky the stars were clear and

141

00:04:44,070 --> 00:04:42,000

i've always

142

00:04:45,270 --> 00:04:44,080

been you know in into astronomy and i'm

143

00:04:46,230 --> 00:04:45,280

like oh you know what i'm gonna go out

144

00:04:48,070 --> 00:04:46,240

back and

145

00:04:50,390 --> 00:04:48,080

you know check it out just look up you

146

00:04:52,550 --> 00:04:50,400

know yeah yeah of course yeah

147

00:04:53,430 --> 00:04:52,560

nice and i did i walked out to the back

148

00:04:57,030 --> 00:04:53,440

and i look up

149

00:04:57,909 --> 00:04:57,040

and i see four i forget if it was four

150

00:05:01,670 --> 00:04:57,919

or five

151
00:05:04,710 --> 00:05:01,680
but i see four black triangles

152
00:05:08,230 --> 00:05:04,720
wow and they yeah but they were not

153
00:05:09,909 --> 00:05:08,240
equilateral they were elongated so

154
00:05:11,270 --> 00:05:09,919
instead of being equilateral they were

155
00:05:16,070 --> 00:05:11,280
elongated

156
00:05:17,590 --> 00:05:16,080
of them and the only reason why i saw

157
00:05:20,070 --> 00:05:17,600
them is because they were

158
00:05:22,230 --> 00:05:20,080
black against the moonlit night sky so

159
00:05:25,430 --> 00:05:22,240
they had structure you could see a form

160
00:05:26,230 --> 00:05:25,440
oh perfectly perfectly and they were

161
00:05:28,469 --> 00:05:26,240
just

162
00:05:29,510 --> 00:05:28,479
moving they were all in a line in

163
00:05:32,469 --> 00:05:29,520

formation

164

00:05:33,909 --> 00:05:32,479

and they were just moving uh towards the

165

00:05:37,270 --> 00:05:33,919

delaware river

166

00:05:40,310 --> 00:05:37,280

there was no sound they were and no and

167

00:05:42,310 --> 00:05:40,320

no lights and um

168

00:05:43,909 --> 00:05:42,320

they were flying at the height that

169

00:05:45,189 --> 00:05:43,919

maybe you would see like a little a

170

00:05:47,189 --> 00:05:45,199

single engine plane

171

00:05:48,950 --> 00:05:47,199

fly on the average like a cessna plane

172

00:05:49,909 --> 00:05:48,960

where you would whatever average height

173

00:05:53,350 --> 00:05:49,919

that you would see them

174

00:05:55,189 --> 00:05:53,360

fly at that's about how high they were

175

00:05:57,590 --> 00:05:55,199

um and and there was no sound they were

176
00:05:59,510 --> 00:05:57,600
moving relatively quickly to where i

177
00:06:01,189 --> 00:05:59,520
i was trying to watch him and follow him

178
00:06:01,909 --> 00:06:01,199
and actually had to maybe jog a little

179
00:06:05,430 --> 00:06:01,919
bit

180
00:06:07,350 --> 00:06:05,440
right here's the cool

181
00:06:08,550 --> 00:06:07,360
here's the cool part though is the one

182
00:06:11,670 --> 00:06:08,560
on the end

183
00:06:14,790 --> 00:06:11,680
periodically go

184
00:06:17,270 --> 00:06:14,800
underneath the one next to it and

185
00:06:17,990 --> 00:06:17,280
do it let me do it this way it would and

186
00:06:22,070 --> 00:06:18,000
circle it

187
00:06:24,150 --> 00:06:22,080
like this relatively quickly like that

188
00:06:25,590 --> 00:06:24,160

and then come back into formation as

189

00:06:28,950 --> 00:06:25,600

they were flying

190

00:06:30,950 --> 00:06:28,960

yeah it was that was amazing right

191

00:06:32,469 --> 00:06:30,960

and um they went out toward the delaware

192

00:06:34,950 --> 00:06:32,479

river and then

193

00:06:36,390 --> 00:06:34,960

arced up and just shot went straight up

194

00:06:39,830 --> 00:06:36,400

and i never saw them again

195

00:06:41,029 --> 00:06:39,840

um yeah it was really cool i want to see

196

00:06:43,510 --> 00:06:41,039

it

197

00:06:44,469 --> 00:06:43,520

right and um now now that's back to when

198

00:06:46,150 --> 00:06:44,479

the time you know what

199

00:06:47,830 --> 00:06:46,160

when the stealth technology stealth

200

00:06:49,189 --> 00:06:47,840

fighter and the stealth bomber they were

201
00:06:51,270 --> 00:06:49,199
already revealed

202
00:06:52,550 --> 00:06:51,280
you know they were no longer top secret

203
00:06:54,230 --> 00:06:52,560
and um

204
00:06:55,670 --> 00:06:54,240
but even if you ever hear them or see

205
00:06:57,510 --> 00:06:55,680
that they still make a sound

206
00:06:58,950 --> 00:06:57,520
they make a lot of noise a lot of noise

207
00:07:01,110 --> 00:06:58,960
absolutely yeah

208
00:07:02,469 --> 00:07:01,120
so it was really interesting and that's

209
00:07:04,870 --> 00:07:02,479
that stuck with me for

210
00:07:07,270 --> 00:07:04,880
forever and uh i wish i would have

211
00:07:08,790 --> 00:07:07,280
reported it though i never reported the

212
00:07:09,909 --> 00:07:08,800
sighting and i wish i would have to see

213
00:07:11,589 --> 00:07:09,919

if there was anyone else who ever

214

00:07:13,589 --> 00:07:11,599

experienced that same

215

00:07:15,990 --> 00:07:13,599

sighting have you ever searched anything

216

00:07:19,110 --> 00:07:16,000

from around that date in that area

217

00:07:21,029 --> 00:07:19,120

nothing i i did briefly

218

00:07:22,629 --> 00:07:21,039

very briefly you know and i didn't i

219

00:07:24,469 --> 00:07:22,639

didn't really find it it's hard to find

220

00:07:25,589 --> 00:07:24,479

things when you go back over a decade

221

00:07:28,950 --> 00:07:25,599

plus it is

222

00:07:30,790 --> 00:07:28,960

oh yeah corroboration

223

00:07:32,150 --> 00:07:30,800

yeah this was back in the i think in the

224

00:07:34,390 --> 00:07:32,160

year in like 93

225

00:07:35,430 --> 00:07:34,400

1990 okay yeah absolutely that'd be

226

00:07:38,469 --> 00:07:35,440

difficult but

227

00:07:40,550 --> 00:07:38,479

right so

228

00:07:42,150 --> 00:07:40,560

so there's a reason why we are doing

229

00:07:45,990 --> 00:07:42,160

this discussion that brings us

230

00:07:46,390 --> 00:07:46,000

right up to date so i'll hand it right

231

00:07:48,790 --> 00:07:46,400

across

232

00:07:49,430 --> 00:07:48,800

over to you and then we'll get into it

233

00:07:51,189 --> 00:07:49,440

all right

234

00:07:53,110 --> 00:07:51,199

um i mentioned earlier that you know i

235

00:07:54,790 --> 00:07:53,120

started my career down in florida in the

236

00:07:56,629 --> 00:07:54,800

construction industry i worked in the

237

00:07:59,430 --> 00:07:56,639

private sector for

238

00:08:01,430 --> 00:07:59,440

probably about 20 years or so um you

239

00:08:04,469 --> 00:08:01,440

know as in construction management

240

00:08:07,189 --> 00:08:04,479

and project management and um

241

00:08:08,869 --> 00:08:07,199

currently i work in on the government

242

00:08:10,469 --> 00:08:08,879

side the local government side and

243

00:08:13,510 --> 00:08:10,479

building code administration

244

00:08:14,629 --> 00:08:13,520

so what i do now is i have the privilege

245

00:08:16,390 --> 00:08:14,639

of working for

246

00:08:18,629 --> 00:08:16,400

pasco counties building construction

247

00:08:19,749 --> 00:08:18,639

services and i'm the plans examiner

248

00:08:21,909 --> 00:08:19,759

supervisor

249

00:08:23,189 --> 00:08:21,919

and my team and i what we do is we

250

00:08:25,350 --> 00:08:23,199

review

251
00:08:26,629 --> 00:08:25,360
all the construction plans that come

252
00:08:28,629 --> 00:08:26,639
through for permitting

253
00:08:29,670 --> 00:08:28,639
prior to permit issuance to ensure they

254
00:08:31,830 --> 00:08:29,680
comply with

255
00:08:33,190 --> 00:08:31,840
you know state local and any federal

256
00:08:34,469 --> 00:08:33,200
building codes that we make that may

257
00:08:36,949 --> 00:08:34,479
apply to us

258
00:08:37,589 --> 00:08:36,959
and um i've been i've been doing that

259
00:08:40,469 --> 00:08:37,599
now for

260
00:08:42,550 --> 00:08:40,479
almost eight years and it's it's been

261
00:08:46,550 --> 00:08:42,560
awes an awesome experience pasco

262
00:08:48,470 --> 00:08:46,560
county is central florida

263
00:08:49,829 --> 00:08:48,480

western side it's just north of the

264

00:08:52,550 --> 00:08:49,839

tampa bay area

265

00:08:53,990 --> 00:08:52,560

right yeah i'm with you okay yeah and

266

00:08:56,310 --> 00:08:54,000

it's it's one of the fastest

267

00:08:57,509 --> 00:08:56,320

growing counties in the united states we

268

00:09:00,630 --> 00:08:57,519

have tons of growth

269

00:09:02,470 --> 00:09:00,640

tons of people moving in um and it's

270

00:09:04,150 --> 00:09:02,480

there's so many great cool projects and

271

00:09:06,150 --> 00:09:04,160

it's just it's just been

272

00:09:08,310 --> 00:09:06,160

an amazing experience very proud to work

273

00:09:09,750 --> 00:09:08,320

for such a great team got a great team

274

00:09:13,269 --> 00:09:09,760

of people yeah

275

00:09:16,070 --> 00:09:13,279

and so what's interesting is

276

00:09:17,190 --> 00:09:16,080

it was toward the end of march i guess

277

00:09:21,190 --> 00:09:17,200

or the beginning of

278

00:09:22,310 --> 00:09:21,200

april i was contacted via email by a

279

00:09:26,470 --> 00:09:22,320

project

280

00:09:29,829 --> 00:09:26,480

for the us

281

00:09:32,070 --> 00:09:29,839

air force and he was asking me about

282

00:09:33,990 --> 00:09:32,080

you know permitting requirements and

283

00:09:35,670 --> 00:09:34,000

initially i was kind of puzzled because

284

00:09:38,389 --> 00:09:35,680

in the united states the federal

285

00:09:40,310 --> 00:09:38,399

government is exempt from state and

286

00:09:42,389 --> 00:09:40,320

local building codes

287

00:09:43,910 --> 00:09:42,399

uh for the most part you know or and

288

00:09:45,350 --> 00:09:43,920

building permitting yeah they do their

289

00:09:47,910 --> 00:09:45,360

own they do their own

290

00:09:49,110 --> 00:09:47,920

especially military if it's owned and

291

00:09:50,949 --> 00:09:49,120

operated by them

292

00:09:52,710 --> 00:09:50,959

or you know and managed by them they

293

00:09:54,389 --> 00:09:52,720

don't have to abide by

294

00:09:56,949 --> 00:09:54,399

our processes they can do whatever they

295

00:09:59,990 --> 00:09:56,959

want this particular project

296

00:10:01,910 --> 00:10:00,000

however had a caveat to it because there

297

00:10:05,430 --> 00:10:01,920

is an exception to that

298

00:10:08,790 --> 00:10:05,440

the land and is being leased

299

00:10:10,310 --> 00:10:08,800

right okay so the facility now they're

300

00:10:11,910 --> 00:10:10,320

constructing

301
00:10:13,430 --> 00:10:11,920
the buildings and the structures which

302
00:10:15,350 --> 00:10:13,440
we'll talk about in a minute but

303
00:10:17,269 --> 00:10:15,360
the land is being leased so if there's

304
00:10:20,389 --> 00:10:17,279
leases involved it

305
00:10:22,710 --> 00:10:20,399
it exempts them from the

306
00:10:24,550 --> 00:10:22,720
or they're not qualified for the

307
00:10:27,110 --> 00:10:24,560
exemption then and they have to abide

308
00:10:28,310 --> 00:10:27,120
by the building okay and and the

309
00:10:30,389 --> 00:10:28,320
gentleman that i talked to

310
00:10:32,069 --> 00:10:30,399
knew that up front which which really

311
00:10:33,430 --> 00:10:32,079
helped me out actually made it a lot

312
00:10:36,470 --> 00:10:33,440
easier so

313
00:10:38,949 --> 00:10:36,480

and we had to do some special um

314

00:10:39,910 --> 00:10:38,959

you know special permitting you know in

315

00:10:42,670 --> 00:10:39,920

in specific

316

00:10:44,470 --> 00:10:42,680

phases for them some of this involved

317

00:10:46,230 --> 00:10:44,480

pre-manufactured structures that they

318

00:10:47,750 --> 00:10:46,240

were getting constructed and

319

00:10:49,350 --> 00:10:47,760

the company that was going to construct

320

00:10:51,750 --> 00:10:49,360

them wanted permits from

321

00:10:53,590 --> 00:10:51,760

us first before they were going to be

322

00:10:55,110 --> 00:10:53,600

allowed to start there's like a chain of

323

00:10:57,750 --> 00:10:55,120

a chain yeah

324

00:10:59,350 --> 00:10:57,760

yeah yeah okay absolutely so we yeah so

325

00:10:59,990 --> 00:10:59,360

we had to talk about it and stuff and so

326

00:11:01,750 --> 00:11:00,000

so

327

00:11:03,590 --> 00:11:01,760

we did you know and then we had a about

328

00:11:04,550 --> 00:11:03,600

two weeks after the initial contact we

329

00:11:08,310 --> 00:11:04,560

had

330

00:11:11,030 --> 00:11:08,320

um a a virtual meeting over webex

331

00:11:11,910 --> 00:11:11,040

and where i first then that's when i

332

00:11:15,110 --> 00:11:11,920

first got to

333

00:11:16,949 --> 00:11:15,120

see what they were building and what it

334

00:11:20,310 --> 00:11:16,959

is it's a telemetry site

335

00:11:22,310 --> 00:11:20,320

and it's on a parcel of land

336

00:11:23,910 --> 00:11:22,320

that's right on our coast you know and

337

00:11:25,190 --> 00:11:23,920

if you if you look at

338

00:11:26,949 --> 00:11:25,200

you know uh and oh here you go you're

339

00:11:30,230 --> 00:11:26,959

gonna put it up right yeah

340

00:11:31,269 --> 00:11:30,240

okay so you can see that parcel of land

341

00:11:36,389 --> 00:11:31,279

is owned by

342

00:11:40,230 --> 00:11:38,069

as a matter of fact you can see the

343

00:11:41,990 --> 00:11:40,240

power plant you see my circle

344

00:11:43,990 --> 00:11:42,000

the red circle is where this site is

345

00:11:47,110 --> 00:11:44,000

going the telemetry site's going

346

00:11:48,790 --> 00:11:47,120

right the us air force is leasing the

347

00:11:50,470 --> 00:11:48,800

but if you go right below it there's a

348

00:11:51,590 --> 00:11:50,480

parcel below it also that's owned by

349

00:11:56,230 --> 00:11:51,600

duke energy where there's an

350

00:11:59,030 --> 00:11:56,240

active gas-fired power plant right okay

351
00:11:59,670 --> 00:11:59,040
any nuclear there at all do you know not

352
00:12:01,430 --> 00:11:59,680
here no

353
00:12:02,710 --> 00:12:01,440
and you know what's funny is is there

354
00:12:05,750 --> 00:12:02,720
used to be

355
00:12:08,389 --> 00:12:05,760
a nuclear power plant in crystal river

356
00:12:09,430 --> 00:12:08,399
but duke energy shut it down and

357
00:12:11,670 --> 00:12:09,440
converted it to

358
00:12:13,269 --> 00:12:11,680
fossil fuel there's no nuclear power

359
00:12:16,230 --> 00:12:13,279
plants by duke energy

360
00:12:16,870 --> 00:12:16,240
in florida okay um which is interesting

361
00:12:19,990 --> 00:12:16,880
but that was

362
00:12:22,550 --> 00:12:20,000
it was an old power plant with 60 from

363
00:12:25,590 --> 00:12:22,560

you know nuclear technology from the 60s

364

00:12:28,629 --> 00:12:25,600

so they modernized it with fossil fuels

365

00:12:30,150 --> 00:12:28,639

um but so that

366

00:12:31,590 --> 00:12:30,160

that where that where the telemetry

367

00:12:32,230 --> 00:12:31,600

sites going that's right there on the

368

00:12:33,750 --> 00:12:32,240

coast

369

00:12:35,509 --> 00:12:33,760

it's kind of it's kind of hard to tell

370

00:12:39,269 --> 00:12:35,519

that the gulf of mexico

371

00:12:40,870 --> 00:12:39,279

is that dark green spot you know

372

00:12:43,910 --> 00:12:40,880

but it's right there and there you go

373

00:12:45,509 --> 00:12:43,920

that's awesome that's a perfect view

374

00:12:48,949 --> 00:12:45,519

from the state of florida of where you

375

00:12:52,230 --> 00:12:48,959

can see this this telemetry site going

376

00:12:53,750 --> 00:12:52,240

um now

377

00:12:55,750 --> 00:12:53,760

uh i'm trying to think of the order i

378

00:12:57,829 --> 00:12:55,760

want to tell this in a little bit

379

00:12:59,509 --> 00:12:57,839

so i got to see it and he started

380

00:13:01,269 --> 00:12:59,519

showing me some of the buildings and the

381

00:13:04,310 --> 00:13:01,279

first thing he showed me

382

00:13:07,269 --> 00:13:04,320

was the telemetry tower

383

00:13:08,150 --> 00:13:07,279

and the telemetry tower there you go

384

00:13:11,190 --> 00:13:08,160

it's

385

00:13:13,829 --> 00:13:11,200

the tower itself is 70 feet tall

386

00:13:14,550 --> 00:13:13,839

and it's got that large radome on top of

387

00:13:17,110 --> 00:13:14,560

it which is

388

00:13:17,910 --> 00:13:17,120

26 and a half feet tall in and of itself

389

00:13:20,310 --> 00:13:17,920

so that's

390

00:13:21,990 --> 00:13:20,320

roughly about you know yeah almost a

391

00:13:24,389 --> 00:13:22,000

hundred foot tall

392

00:13:25,750 --> 00:13:24,399

you know radar dome from the u.s air

393

00:13:29,670 --> 00:13:25,760

force's

394

00:13:30,470 --> 00:13:29,680

building now here's something from my

395

00:13:36,470 --> 00:13:30,480

perspective

396

00:13:39,269 --> 00:13:36,480

tampa bay at the southernmost tip of

397

00:13:42,150 --> 00:13:39,279

tampa bay is mcdill air force base

398

00:13:43,670 --> 00:13:42,160

not a huge air force base but mcdill

399

00:13:45,670 --> 00:13:43,680

during all of the middle east

400

00:13:47,189 --> 00:13:45,680

operations you know the united states

401
00:13:50,389 --> 00:13:47,199
had mcdill was the

402
00:13:53,030 --> 00:13:50,399
acting central command okay

403
00:13:54,710 --> 00:13:53,040
so me thinking all right you know if i

404
00:13:57,829 --> 00:13:54,720
oh let me let me phrase it this way

405
00:14:00,069 --> 00:13:57,839
if i wasn't the ufo enthusiast i was

406
00:14:00,949 --> 00:14:00,079
and if it wasn't the time frame that

407
00:14:02,949 --> 00:14:00,959
we're in

408
00:14:04,389 --> 00:14:02,959
i probably wouldn't have really asked

409
00:14:08,470 --> 00:14:04,399
too many questions but

410
00:14:11,670 --> 00:14:08,480
when i saw that and where it was going

411
00:14:14,829 --> 00:14:11,680
the light bulb went off of course so

412
00:14:17,430 --> 00:14:14,839
i asked and this is the best part and

413
00:14:19,509 --> 00:14:17,440

maybe you know i'm not sure

414

00:14:21,509 --> 00:14:19,519

the value that other listeners are gonna

415

00:14:22,310 --> 00:14:21,519

are gonna put towards this but to me it

416

00:14:24,949 --> 00:14:22,320

was pretty big

417

00:14:26,710 --> 00:14:24,959

and it's the conversation that came when

418

00:14:29,750 --> 00:14:26,720

i saw this because i went

419

00:14:30,069 --> 00:14:29,760

i stated to him i said wow i said that's

420

00:14:33,269 --> 00:14:30,079

some

421

00:14:33,829 --> 00:14:33,279

pretty hefty equipment i said this must

422

00:14:37,590 --> 00:14:33,839

be

423

00:14:39,670 --> 00:14:37,600

used um to detect any possible uap

424

00:14:42,069 --> 00:14:39,680

activity that we've had around the

425

00:14:44,949 --> 00:14:42,079

united states coastlines

426
00:14:46,790 --> 00:14:44,959
and almost immediately and

427
00:14:49,829 --> 00:14:46,800
matter-of-factly he said

428
00:14:51,990 --> 00:14:49,839
you got it he said

429
00:14:53,269 --> 00:14:52,000
yeah and then right afterward he said

430
00:14:55,990 --> 00:14:53,279
and he goes

431
00:14:56,470 --> 00:14:56,000
if you're interested in that topic he

432
00:14:58,710 --> 00:14:56,480
said it

433
00:15:01,509 --> 00:14:58,720
also might interest you to know that

434
00:15:05,350 --> 00:15:01,519
this facility is being constructed

435
00:15:06,230 --> 00:15:05,360
manned and monitored not by mcdill air

436
00:15:14,069 --> 00:15:06,240
force base

437
00:15:17,269 --> 00:15:14,079
in the panhandle of florida

438
00:15:19,350 --> 00:15:17,279

right out right east of pensacola 640

439

00:15:23,110 --> 00:15:19,360

square miles

440

00:15:24,629 --> 00:15:23,120

of air force base and um yeah so

441

00:15:27,030 --> 00:15:24,639

you know he confirmed it right there

442

00:15:28,790 --> 00:15:27,040

that that's what it was for in my mind

443

00:15:31,030 --> 00:15:28,800

and then he said he goes yeah he goes as

444

00:15:33,110 --> 00:15:31,040

a matter of fact we're contracted

445

00:15:34,710 --> 00:15:33,120

to build several of these sites along

446

00:15:37,430 --> 00:15:34,720

other coastal areas

447

00:15:40,550 --> 00:15:37,440

or or a lot you know in other areas

448

00:15:42,230 --> 00:15:40,560

along the coastlines

449

00:15:44,150 --> 00:15:42,240

yeah that's the thing like all of these

450

00:15:46,710 --> 00:15:44,160

uap sightings in the last

451
00:15:48,389 --> 00:15:46,720
well decade a decade and a half have

452
00:15:50,069 --> 00:15:48,399
been along those coastlines

453
00:15:52,389 --> 00:15:50,079
and they're the ones that we we even

454
00:15:54,310 --> 00:15:52,399
hear they're happening right up until

455
00:15:56,230 --> 00:15:54,320
now like last week the week before that

456
00:15:58,470 --> 00:15:56,240
that's still happening so

457
00:16:00,629 --> 00:15:58,480
exactly this is the perfect piece of

458
00:16:03,590 --> 00:16:00,639
equipment to to pick them up

459
00:16:05,030 --> 00:16:03,600
i mean right mind blowing yeah and

460
00:16:05,590 --> 00:16:05,040
there's there's there's another there's

461
00:16:10,150 --> 00:16:05,600
another

462
00:16:11,670 --> 00:16:10,160
monitoring building it's a big

463
00:16:13,350 --> 00:16:11,680

pre-manufactured building

464

00:16:15,990 --> 00:16:13,360

and it's elevated it's going to be built

465

00:16:17,430 --> 00:16:16,000

on a large like 15 foot tall

466

00:16:19,910 --> 00:16:17,440

platform i don't think i sent you the

467

00:16:22,150 --> 00:16:19,920

picture of the platform okay

468

00:16:23,430 --> 00:16:22,160

um i didn't really have a good picture

469

00:16:24,710 --> 00:16:23,440

of the platform because that permit

470

00:16:27,670 --> 00:16:24,720

already got issued and

471

00:16:29,590 --> 00:16:27,680

the plans were filed but basically

472

00:16:31,430 --> 00:16:29,600

basically it's just like a large

473

00:16:33,910 --> 00:16:31,440

you know rectangular building and it's

474

00:16:36,389 --> 00:16:33,920

elevated i mean obviously it's coastal

475

00:16:38,150 --> 00:16:36,399

it's in a you know a fema flood zone so

476
00:16:39,670 --> 00:16:38,160
we have to elevate it above the base

477
00:16:41,990 --> 00:16:39,680
flood elevation

478
00:16:43,269 --> 00:16:42,000
so it's elevated about 15 feet in the

479
00:16:46,310 --> 00:16:43,279
air and it has but

480
00:16:47,509 --> 00:16:46,320
it has an observation platform on top of

481
00:16:51,030 --> 00:16:47,519
it

482
00:16:53,990 --> 00:16:51,040
kind of interesting also now so

483
00:16:54,870 --> 00:16:54,000
after he told me that it was being

484
00:16:57,829 --> 00:16:54,880
monitored by

485
00:16:58,629 --> 00:16:57,839
eglin air force base you know i said

486
00:17:01,269 --> 00:16:58,639
well

487
00:17:03,430 --> 00:17:01,279
i'm really surprised that you know the

488
00:17:05,510 --> 00:17:03,440

federal government didn't purchase this

489

00:17:06,949 --> 00:17:05,520

property and that this is deemed

490

00:17:09,990 --> 00:17:06,959

classified

491

00:17:12,470 --> 00:17:10,000

right you go and he yeah and he goes

492

00:17:13,990 --> 00:17:12,480

and he goes ah he goes well he goes the

493

00:17:15,990 --> 00:17:14,000

assets themselves

494

00:17:17,189 --> 00:17:16,000

are not classified because i can show

495

00:17:18,949 --> 00:17:17,199

you this i can

496

00:17:20,710 --> 00:17:18,959

show you you know and we got plans for

497

00:17:21,750 --> 00:17:20,720

all the electrical schematics and

498

00:17:23,429 --> 00:17:21,760

you know stuff that they have all the

499

00:17:25,029 --> 00:17:23,439

electrical runs that they have to do and

500

00:17:27,990 --> 00:17:25,039

stuff and you know whatever he goes

501
00:17:28,870 --> 00:17:28,000
he goes that's not top secret because

502
00:17:30,470 --> 00:17:28,880
however

503
00:17:32,310 --> 00:17:30,480
he goes the data that they're going to

504
00:17:35,909 --> 00:17:32,320
be collecting is

505
00:17:37,830 --> 00:17:35,919
classified top secret so after you guys

506
00:17:41,190 --> 00:17:37,840
are done doing all your inspections

507
00:17:42,470 --> 00:17:41,200
he said it's going to be manned 24 7 by

508
00:17:44,630 --> 00:17:42,480
heavily armed guards

509
00:17:47,430 --> 00:17:44,640
and the only people allowed in and out

510
00:17:50,230 --> 00:17:47,440
will have classified top secret currents

511
00:17:52,230 --> 00:17:50,240
wow man it just sets it all off up there

512
00:17:54,789 --> 00:17:52,240
doesn't it you just spring

513
00:17:56,789 --> 00:17:54,799

yeah big time yeah i know my light bulbs

514

00:17:58,830 --> 00:17:56,799

were going off and so i was like wow

515

00:18:00,710 --> 00:17:58,840

so i you know i feel now there's no

516

00:18:02,789 --> 00:18:00,720

reason um

517

00:18:04,390 --> 00:18:02,799

for this guy to make any of this up or

518

00:18:04,870 --> 00:18:04,400

to even say you got it and if you know

519

00:18:07,909 --> 00:18:04,880

what i mean

520

00:18:11,190 --> 00:18:07,919

if that's going to interest you so

521

00:18:12,549 --> 00:18:11,200

to me i have no skepticism about it

522

00:18:15,830 --> 00:18:12,559

whatsoever in my

523

00:18:17,510 --> 00:18:15,840

in my humble personal opinion i think it

524

00:18:18,470 --> 00:18:17,520

is directly related to detecting

525

00:18:20,870 --> 00:18:18,480

possible

526

00:18:22,630 --> 00:18:20,880

uap activities so then i started

527

00:18:23,350 --> 00:18:22,640

thinking well it's the gulf of mexico

528

00:18:25,909 --> 00:18:23,360

right it's not

529

00:18:26,630 --> 00:18:25,919

it's pretty shallow compared to other

530

00:18:29,190 --> 00:18:26,640

oceans

531

00:18:32,390 --> 00:18:29,200

where you have deep caverns and stuff so

532

00:18:35,110 --> 00:18:32,400

i i haven't gotten i haven't got uh dove

533

00:18:35,990 --> 00:18:35,120

real deep into uap activity on the gulf

534

00:18:38,390 --> 00:18:36,000

but

535

00:18:39,110 --> 00:18:38,400

a a short search revealed to me that

536

00:18:42,150 --> 00:18:39,120

there were some

537

00:18:46,070 --> 00:18:42,160

oil rigs about 80 miles south

538

00:18:49,190 --> 00:18:46,080

of the pensacola area right okay

539

00:18:49,510 --> 00:18:49,200

that actually reported some and uh so

540

00:18:53,029 --> 00:18:49,520

there

541

00:18:55,430 --> 00:18:53,039

of mexico sure and

542

00:18:57,430 --> 00:18:55,440

and there have been some reports of ua

543

00:18:59,909 --> 00:18:57,440

of ufo activity

544

00:19:01,430 --> 00:18:59,919

from the the folks working out on these

545

00:19:03,990 --> 00:19:01,440

oil rigs so

546

00:19:05,909 --> 00:19:04,000

maybe there is something there i mean

547

00:19:06,870 --> 00:19:05,919

this is new information it's i mean the

548

00:19:09,430 --> 00:19:06,880

sites has the site

549

00:19:10,150 --> 00:19:09,440

started being constructed yet not uh not

550

00:19:12,070 --> 00:19:10,160

yet i have

551
00:19:13,190 --> 00:19:12,080
there are some permits that are issued i

552
00:19:16,710 --> 00:19:13,200
think they started doing

553
00:19:18,310 --> 00:19:16,720
site work um you know but uh i have

554
00:19:19,750 --> 00:19:18,320
there's there's a bunch of permits that

555
00:19:21,029 --> 00:19:19,760
are ready to be issued i think they're

556
00:19:22,789 --> 00:19:21,039
waiting until

557
00:19:23,990 --> 00:19:22,799
you know they have everything but um you

558
00:19:24,870 --> 00:19:24,000
know we're i mean and we're helping them

559
00:19:27,590 --> 00:19:24,880
we're helping them

560
00:19:29,590 --> 00:19:27,600
you know but i mean the reason i mention

561
00:19:31,190 --> 00:19:29,600
it is because we're jumping on this

562
00:19:33,110 --> 00:19:31,200
before the thing's even built but

563
00:19:35,110 --> 00:19:33,120

because of all of those different puzzle

564

00:19:37,190 --> 00:19:35,120

pieces that you've mentioned so far

565

00:19:38,310 --> 00:19:37,200

you put them together it makes absolute

566

00:19:41,190 --> 00:19:38,320

sense now

567

00:19:42,549 --> 00:19:41,200

it might just be coincidence but you

568

00:19:45,029 --> 00:19:42,559

don't know in this field

569

00:19:46,549 --> 00:19:45,039

it happens all the time so i just this

570

00:19:47,990 --> 00:19:46,559

is one of the main reasons why i had to

571

00:19:48,630 --> 00:19:48,000

get you on for an interview is because i

572

00:19:50,789 --> 00:19:48,640

wanted to

573

00:19:52,230 --> 00:19:50,799

to get this out there as a possibility

574

00:19:53,590 --> 00:19:52,240

and then in the future we'll see what

575

00:19:56,710 --> 00:19:53,600

comes of it but it's it's

576

00:19:59,270 --> 00:19:56,720

so it's so intriguing and i'm sorry that

577

00:20:02,710 --> 00:19:59,280

you had to bump lu elizondo to get me in

578

00:20:07,190 --> 00:20:04,149

he wasn't he wasn't going to give up the

579

00:20:10,149 --> 00:20:07,200

goods you know

580

00:20:12,870 --> 00:20:10,159

no but yeah to me and again you know for

581

00:20:15,909 --> 00:20:12,880

everybody listening and watching for me

582

00:20:18,789 --> 00:20:15,919

it's like a grassroots you know a

583

00:20:20,310 --> 00:20:18,799

real life grassroots minute piece of

584

00:20:22,230 --> 00:20:20,320

this puzzle exactly

585

00:20:24,070 --> 00:20:22,240

i i think it's i think it's very

586

00:20:25,510 --> 00:20:24,080

important to share and the cool thing is

587

00:20:27,510 --> 00:20:25,520

i can share it because they're

588

00:20:29,830 --> 00:20:27,520

permitting it and guess what

589

00:20:31,430 --> 00:20:29,840

all of these things are on file for

590

00:20:33,510 --> 00:20:31,440

public record

591

00:20:35,029 --> 00:20:33,520

so there's no there's no you know

592

00:20:37,430 --> 00:20:35,039

there's it's not you know again it's not

593

00:20:39,750 --> 00:20:37,440

a classified top-secret facility

594

00:20:41,029 --> 00:20:39,760

yet the data that they collect it will

595

00:20:43,190 --> 00:20:41,039

be so

596

00:20:44,950 --> 00:20:43,200

but i thought that was yeah man i

597

00:20:47,350 --> 00:20:44,960

thought that was really really cool

598

00:20:49,190 --> 00:20:47,360

so and what's another thing too is you

599

00:20:51,510 --> 00:20:49,200

know my friends and i we go boating

600

00:20:52,630 --> 00:20:51,520

i live i live about a mile from the

601
00:20:54,470 --> 00:20:52,640
coast

602
00:20:55,830 --> 00:20:54,480
i have a some friends of mine that live

603
00:20:56,950 --> 00:20:55,840
right over in a little area

604
00:20:58,230 --> 00:20:56,960
here where they got you know on the

605
00:20:59,190 --> 00:20:58,240
water you know and they have boats and

606
00:21:02,230 --> 00:20:59,200
we go out

607
00:21:04,630 --> 00:21:02,240
so we're north of that

608
00:21:06,230 --> 00:21:04,640
of where that facility is being built

609
00:21:07,510 --> 00:21:06,240
but there's islands there's barrier

610
00:21:08,230 --> 00:21:07,520
islands off the coast there that we

611
00:21:10,630 --> 00:21:08,240
usually

612
00:21:12,549 --> 00:21:10,640
boat down to and hang out yeah i think

613
00:21:16,549 --> 00:21:12,559

like i sent you a video one time hey

614

00:21:18,390 --> 00:21:16,559

what's going on but i can see the power

615

00:21:20,070 --> 00:21:18,400

plant from some of the places that we go

616

00:21:21,830 --> 00:21:20,080

i can see the power plant so when that

617

00:21:23,190 --> 00:21:21,840

radar dome gets built

618

00:21:25,270 --> 00:21:23,200

you know i have a good friend of mine

619

00:21:26,470 --> 00:21:25,280

brian he uh he's really into the topic

620

00:21:27,990 --> 00:21:26,480

as well he's like oh yeah when that gets

621

00:21:30,310 --> 00:21:28,000

built we'll go cruise around and

622

00:21:31,350 --> 00:21:30,320

take pictures so i'll yeah after it's

623

00:21:33,029 --> 00:21:31,360

built i'll go

624

00:21:36,310 --> 00:21:33,039

you know take some shots absolutely yeah

625

00:21:39,830 --> 00:21:36,320

man exciting that's so cool man

626

00:21:43,270 --> 00:21:41,830

i mean there are other possibilities

627

00:21:45,110 --> 00:21:43,280

about what it could be used for

628

00:21:47,430 --> 00:21:45,120

it might even be used for other things

629

00:21:49,750 --> 00:21:47,440

as well but the fact that

630

00:21:52,310 --> 00:21:49,760

where it is and that guy's statement to

631

00:21:54,710 --> 00:21:52,320

you really says it all i mean

632

00:21:55,510 --> 00:21:54,720

he might have just said it in just

633

00:21:57,350 --> 00:21:55,520

knowing that it's

634

00:21:58,789 --> 00:21:57,360

real but saying it ingest thinking you

635

00:21:59,510 --> 00:21:58,799

weren't going to pick up or take it

636

00:22:02,410 --> 00:21:59,520

anywhere and

637

00:22:04,390 --> 00:22:02,420

uh well he was wrong he came to me

638

00:22:07,270 --> 00:22:04,400

[Laughter]

639

00:22:08,549 --> 00:22:07,280

no honestly i think i think that uh you

640

00:22:09,830 --> 00:22:08,559

know once i started asking

641

00:22:11,270 --> 00:22:09,840

other questions you know i didn't ask

642

00:22:13,190 --> 00:22:11,280

for too many questions either and i wish

643

00:22:14,950 --> 00:22:13,200

i would have i mean i still

644

00:22:16,310 --> 00:22:14,960

probably could but right now we're just

645

00:22:18,149 --> 00:22:16,320

emailing back and forth

646

00:22:19,830 --> 00:22:18,159

to get ready for permanent issues what i

647

00:22:21,270 --> 00:22:19,840

am gonna do though is you know again i

648

00:22:24,390 --> 00:22:21,280

don't go out in the field i

649

00:22:26,549 --> 00:22:24,400

i stay in the office right my our scope

650

00:22:27,190 --> 00:22:26,559

right now is all pre-permit issuance so

651
00:22:29,350 --> 00:22:27,200
we're not

652
00:22:30,310 --> 00:22:29,360
part of the the inspection team where we

653
00:22:34,230 --> 00:22:30,320
do the planners

654
00:22:35,830 --> 00:22:34,240
you know but but i am going to go out

655
00:22:37,510 --> 00:22:35,840
for the for when they do their final

656
00:22:39,029 --> 00:22:37,520
inspections i'm going to make a point to

657
00:22:40,710 --> 00:22:39,039
make sure i go for it

658
00:22:42,950 --> 00:22:40,720
nice you want to get like a little

659
00:22:46,070 --> 00:22:42,960
secret camera or something

660
00:22:47,830 --> 00:22:46,080
with a spy cam yeah you never know

661
00:22:49,990 --> 00:22:47,840
turn your phone on a little bit subtle

662
00:22:53,270 --> 00:22:50,000
like yeah

663
00:22:55,270 --> 00:22:53,280

that's it that's it yeah let's see

664

00:22:56,870 --> 00:22:55,280

yeah i thought it was i thought it was

665

00:22:59,990 --> 00:22:56,880

really neat because there's there's

666

00:23:02,630 --> 00:23:00,000

it's and you know now let me

667

00:23:03,830 --> 00:23:02,640

let me uh let me ask you a question um

668

00:23:06,070 --> 00:23:03,840

if you don't mind

669

00:23:07,350 --> 00:23:06,080

sure because after this is all going

670

00:23:08,390 --> 00:23:07,360

i've had a lot of time to think about

671

00:23:10,310 --> 00:23:08,400

this and let's

672

00:23:12,470 --> 00:23:10,320

for for let's you know putting all

673

00:23:14,230 --> 00:23:12,480

skepticism aside

674

00:23:15,590 --> 00:23:14,240

all right and let's just pretend for the

675

00:23:18,710 --> 00:23:15,600

sake of argument that

676

00:23:19,029 --> 00:23:18,720

it is in fact being constructed strictly

677

00:23:26,630 --> 00:23:19,039

for

678

00:23:30,789 --> 00:23:28,870

that's a great question i mean that is a

679

00:23:34,230 --> 00:23:30,799

great question

680

00:23:35,830 --> 00:23:34,240

why why is it that 2004 we have

681

00:23:37,510 --> 00:23:35,840

we have these things happening with the

682

00:23:40,710 --> 00:23:37,520

nimitz to

683

00:23:42,470 --> 00:23:40,720

2014 and 2015 off the vacate

684

00:23:44,149 --> 00:23:42,480

even off of jacksonville which one was

685

00:23:46,310 --> 00:23:44,159

the it was the go fest

686

00:23:47,510 --> 00:23:46,320

i think was filmed off of jacksonville

687

00:23:49,269 --> 00:23:47,520

florida wasn't it

688

00:23:51,909 --> 00:23:49,279

i think it was maybe a bit north of

689

00:23:54,230 --> 00:23:51,919

there i cannot go off the top of my head

690

00:23:55,510 --> 00:23:54,240

okay i thought one of them was and i

691

00:23:57,430 --> 00:23:55,520

know that they had

692

00:23:58,950 --> 00:23:57,440

if it wasn't that particular video i

693

00:24:01,510 --> 00:23:58,960

know they had

694

00:24:03,350 --> 00:24:01,520

instances off of jacksonville yeah it's

695

00:24:05,190 --> 00:24:03,360

been right up and down that

696

00:24:07,190 --> 00:24:05,200

coast all the way up and down right from

697

00:24:09,190 --> 00:24:07,200

florida right up past new york and stuff

698

00:24:10,950 --> 00:24:09,200

so yeah definitely there's been a lot

699

00:24:12,230 --> 00:24:10,960

but i think to answer your question why

700

00:24:15,029 --> 00:24:12,240

it's taken them so long

701
00:24:16,549 --> 00:24:15,039
is probably since the 2017 reveal of

702
00:24:18,070 --> 00:24:16,559
atip and everything

703
00:24:20,390 --> 00:24:18,080
there's probably been a lot of internal

704
00:24:21,029 --> 00:24:20,400
pressure coming from all aspects within

705
00:24:23,990 --> 00:24:21,039
the government

706
00:24:25,830 --> 00:24:24,000
and within the dod where they've said

707
00:24:28,310 --> 00:24:25,840
well look now this is public and now

708
00:24:30,390 --> 00:24:28,320
it's out there we need to step it up

709
00:24:32,230 --> 00:24:30,400
and this could be that that first phase

710
00:24:33,430 --> 00:24:32,240
that we're seeing of them really taking

711
00:24:36,630 --> 00:24:33,440
it seriously

712
00:24:38,549 --> 00:24:36,640
and trying to capture more data

713
00:24:40,230 --> 00:24:38,559

and it might even back up their case of

714

00:24:41,190 --> 00:24:40,240

saying that they still don't know what a

715

00:24:43,590 --> 00:24:41,200

lot of this is

716

00:24:44,870 --> 00:24:43,600

i mean right there's a lot of skepticism

717

00:24:46,070 --> 00:24:44,880

when people hear that they're like well

718

00:24:47,990 --> 00:24:46,080

they know what it is

719

00:24:50,390 --> 00:24:48,000

but i'm starting to think that maybe

720

00:24:51,830 --> 00:24:50,400

they don't yeah because

721

00:24:53,669 --> 00:24:51,840

what's coming from people like louis

722

00:24:56,870 --> 00:24:53,679

elizondo at the moment a lot

723

00:25:00,710 --> 00:24:56,880

is that these really could be some

724

00:25:03,430 --> 00:25:00,720

interdimensional inner space outer space

725

00:25:03,750 --> 00:25:03,440

or something in between kind of entity

726

00:25:07,110 --> 00:25:03,760

or

727

00:25:08,710 --> 00:25:07,120

objects then we really will be

728

00:25:10,230 --> 00:25:08,720

struggling to get our heads around it i

729

00:25:11,750 --> 00:25:10,240

mean the government as well so this

730

00:25:13,750 --> 00:25:11,760

could be just the next step of them

731

00:25:14,390 --> 00:25:13,760

trying to grasp some concept of what

732

00:25:19,110 --> 00:25:14,400

they're

733

00:25:21,430 --> 00:25:19,120

and and it also you know and i was

734

00:25:22,549 --> 00:25:21,440

thinking the same exact thing especially

735

00:25:25,190 --> 00:25:22,559

with

736

00:25:25,990 --> 00:25:25,200

you know what we're starting to see you

737

00:25:28,789 --> 00:25:26,000

know and again

738

00:25:29,430 --> 00:25:28,799

i'm a lifelong ufo enthusiast okay i've

739

00:25:30,950 --> 00:25:29,440

been

740

00:25:32,789 --> 00:25:30,960

reading this and studying this stuff for

741

00:25:36,470 --> 00:25:32,799

forever and you know

742

00:25:37,909 --> 00:25:36,480

prior to 2017 i was like oh the

743

00:25:39,269 --> 00:25:37,919

government knows everything about it

744

00:25:40,149 --> 00:25:39,279

yeah they know about it because of

745

00:25:41,750 --> 00:25:40,159

roswell

746

00:25:43,510 --> 00:25:41,760

they have the reversed engineering

747

00:25:45,669 --> 00:25:43,520

because bob lazar said so

748

00:25:46,789 --> 00:25:45,679

they have the alien bodies they know

749

00:25:48,710 --> 00:25:46,799

they know they know

750

00:25:51,590 --> 00:25:48,720

you know what i'm with you i don't think

751
00:25:54,630 --> 00:25:51,600
they do as a matter of fact

752
00:25:57,510 --> 00:25:54,640
i think that they have been this

753
00:25:57,909 --> 00:25:57,520
may what we may find out is that they're

754
00:26:01,110 --> 00:25:57,919
more

755
00:26:03,190 --> 00:26:01,120
inept possibly than we've ever realized

756
00:26:05,430 --> 00:26:03,200
absolutely yeah and the thing is you

757
00:26:07,830 --> 00:26:05,440
know the majority of people that i still

758
00:26:09,590 --> 00:26:07,840
get messaging me and stuff on instagram

759
00:26:11,190 --> 00:26:09,600
are still in that camp of

760
00:26:12,870 --> 00:26:11,200
they know what it is it's reverse

761
00:26:14,470 --> 00:26:12,880
engineered and

762
00:26:16,230 --> 00:26:14,480
there's evidence out there and i'm just

763
00:26:19,750 --> 00:26:16,240

like ah

764

00:26:23,510 --> 00:26:19,760

man no i really don't think it is but

765

00:26:24,149 --> 00:26:23,520

yeah um and and no i was i'm thinking

766

00:26:27,190 --> 00:26:24,159

i'm i'm

767

00:26:29,669 --> 00:26:27,200

i'm with you 100 because and

768

00:26:30,950 --> 00:26:29,679

the other thing too i i believe is i

769

00:26:33,990 --> 00:26:30,960

also think that they

770

00:26:36,470 --> 00:26:34,000

know it's not adversarial

771

00:26:38,230 --> 00:26:36,480

and the reason why i yeah the reason why

772

00:26:41,269 --> 00:26:38,240

i say that is because

773

00:26:44,310 --> 00:26:41,279

if it really was adversarial

774

00:26:47,510 --> 00:26:44,320

i'm sorry i don't have that little faith

775

00:26:48,870 --> 00:26:47,520

in our um intelligence community i think

776
00:26:50,390 --> 00:26:48,880
we would have known about it they would

777
00:26:51,909 --> 00:26:50,400
have known it was adversarial

778
00:26:54,390 --> 00:26:51,919
and they would have been all over it we

779
00:26:56,390 --> 00:26:54,400
would have seen these telemetry sites

780
00:26:57,909 --> 00:26:56,400
going up a lot longer if they had the

781
00:26:58,470 --> 00:26:57,919
inkling the slightest inkling that it

782
00:26:59,750 --> 00:26:58,480
was

783
00:27:01,350 --> 00:26:59,760
absolutely absolutely there'd be a lot

784
00:27:02,789 --> 00:27:01,360
more going on there'll be congressional

785
00:27:04,070 --> 00:27:02,799
hearings there'll be panic

786
00:27:05,990 --> 00:27:04,080
right throughout the government and the

787
00:27:07,990 --> 00:27:06,000
military absolutely

788
00:27:09,830 --> 00:27:08,000

there'll be many things that we right

789

00:27:10,230 --> 00:27:09,840

yeah right now i totally agree and

790

00:27:12,149 --> 00:27:10,240

that's

791

00:27:14,070 --> 00:27:12,159

so again this little tiny piece of the

792

00:27:14,630 --> 00:27:14,080

puzzle for me has really kind of helped

793

00:27:16,549 --> 00:27:14,640

me

794

00:27:18,870 --> 00:27:16,559

broaden my view of what's really going

795

00:27:21,110 --> 00:27:18,880

on yeah absolutely man

796

00:27:22,470 --> 00:27:21,120

i mean yeah we'll see hopefully we'll

797

00:27:26,389 --> 00:27:22,480

see i mean

798

00:27:27,990 --> 00:27:26,399

but it ticks all the boxes for me um

799

00:27:30,230 --> 00:27:28,000

i wouldn't put this out if i didn't put

800

00:27:32,149 --> 00:27:30,240

a lot of weight behind it and

801
00:27:35,029 --> 00:27:32,159
and it really does just paint it paints

802
00:27:38,149 --> 00:27:35,039
a clear picture of a phase

803
00:27:39,110 --> 00:27:38,159
for detecting something you know like

804
00:27:41,029 --> 00:27:39,120
uap

805
00:27:43,909 --> 00:27:41,039
it's the perfect location it's the

806
00:27:45,669 --> 00:27:43,919
perfect huge piece of equipment

807
00:27:47,669 --> 00:27:45,679
you know the top seat the top secret

808
00:27:49,510 --> 00:27:47,679
data they'll get it really does all that

809
00:27:51,750 --> 00:27:49,520
up in my head so

810
00:27:53,669 --> 00:27:51,760
yeah and then the location the location

811
00:27:54,710 --> 00:27:53,679
being monitored by eglin which is up in

812
00:27:56,549 --> 00:27:54,720
that panhandle

813
00:27:58,070 --> 00:27:56,559

yeah i don't know i don't know the range

814

00:27:58,950 --> 00:27:58,080

i don't you know maybe other people who

815

00:28:01,190 --> 00:27:58,960

watch this

816

00:28:03,430 --> 00:28:01,200

that understand these telemetry centers

817

00:28:05,269 --> 00:28:03,440

can add to it a little bit but i'm not

818

00:28:05,590 --> 00:28:05,279

sure the range of that particular radome

819

00:28:09,190 --> 00:28:05,600

and that

820

00:28:11,750 --> 00:28:09,200

another another good reason to do

821

00:28:13,750 --> 00:28:11,760

something like this is maybe we will

822

00:28:15,909 --> 00:28:13,760

find other people that see this that can

823

00:28:17,909 --> 00:28:15,919

add something to the picture that yeah i

824

00:28:18,710 --> 00:28:17,919

mean yeah if they know other locations

825

00:28:20,630 --> 00:28:18,720

where these

826

00:28:22,630 --> 00:28:20,640

these are going in you know these types

827

00:28:24,789 --> 00:28:22,640

of facilities now

828

00:28:26,630 --> 00:28:24,799

it may it might have it might be totally

829

00:28:29,590 --> 00:28:26,640

different if this

830

00:28:31,110 --> 00:28:29,600

project would if the land was owned by

831

00:28:32,310 --> 00:28:31,120

the federal government i would have

832

00:28:34,630 --> 00:28:32,320

never known about it

833

00:28:35,669 --> 00:28:34,640

the fact that they leased it and

834

00:28:37,510 --> 00:28:35,679

permitted it

835

00:28:39,430 --> 00:28:37,520

is that that's really what's kind of

836

00:28:41,110 --> 00:28:39,440

allowed us to get a hold of it

837

00:28:42,950 --> 00:28:41,120

because they have to now permit it

838

00:28:45,590 --> 00:28:42,960

through us and

839

00:28:47,190 --> 00:28:45,600

it's on file for public records so the

840

00:28:48,789 --> 00:28:47,200

any other facilities that they're

841

00:28:51,029 --> 00:28:48,799

installing elsewhere

842

00:28:52,310 --> 00:28:51,039

may not be they may be owned by federal

843

00:28:53,029 --> 00:28:52,320

property and then the federal government

844

00:28:54,630 --> 00:28:53,039

is exempt

845

00:28:56,389 --> 00:28:54,640

from local permitting and that's in the

846

00:28:58,149 --> 00:28:56,399

federal statutes

847

00:28:59,909 --> 00:28:58,159

that's a good point that's a really good

848

00:29:03,029 --> 00:28:59,919

point yeah so

849

00:29:03,430 --> 00:29:03,039

interesting yeah it is it is man i know

850

00:29:08,630 --> 00:29:03,440

it

851
00:29:10,389 --> 00:29:08,640
can i uh so do you want to do you want

852
00:29:13,669 --> 00:29:10,399
to tell i mean i i have it

853
00:29:14,389 --> 00:29:13,679
you want to plug my little stupid blog

854
00:29:17,510 --> 00:29:14,399
and hey

855
00:29:19,830 --> 00:29:17,520
please no go ahead please be my guest

856
00:29:20,870 --> 00:29:19,840
please yeah i started i did start a

857
00:29:23,350 --> 00:29:20,880
little blog

858
00:29:24,870 --> 00:29:23,360
i'm not looking for you know to get

859
00:29:25,750 --> 00:29:24,880
famous or have a bunch of people follow

860
00:29:29,830 --> 00:29:25,760
it but

861
00:29:31,510 --> 00:29:29,840
the jolt.net if you go to the jolt.net

862
00:29:32,870 --> 00:29:31,520
it will be in the description i'll post

863
00:29:34,389 --> 00:29:32,880

a video with

864

00:29:36,389 --> 00:29:34,399

everything in the description so people

865

00:29:38,230 --> 00:29:36,399

can find it awesome it'll be in there

866

00:29:39,269 --> 00:29:38,240

they can read my synopsis of it and see

867

00:29:41,190 --> 00:29:39,279

the images

868

00:29:42,710 --> 00:29:41,200

yeah it'll be there no then other stuff

869

00:29:45,190 --> 00:29:42,720

i may post who knows but

870

00:29:46,630 --> 00:29:45,200

um yeah yeah no it's it's awesome and

871

00:29:47,990 --> 00:29:46,640

let me all right now can we

872

00:29:49,830 --> 00:29:48,000

i'm sorry i don't want to take over

873

00:29:51,750 --> 00:29:49,840

you're in hey you're the guest

874

00:29:52,870 --> 00:29:51,760

it's your time it's your time i got so

875

00:29:55,909 --> 00:29:52,880

much stuff i want to

876

00:29:57,430 --> 00:29:55,919

ask what do you think about china coming

877

00:29:59,750 --> 00:29:57,440

out and saying we're taking this to the

878

00:30:02,470 --> 00:29:59,760

u.n

879

00:30:04,950 --> 00:30:02,480

i think i look at it in two ways two

880

00:30:07,350 --> 00:30:04,960

ways the first way is yeah that's great

881

00:30:08,789 --> 00:30:07,360

and it could really help elevate the

882

00:30:10,870 --> 00:30:08,799

subject because it really

883

00:30:12,630 --> 00:30:10,880

takes away the adversarial idea that it

884

00:30:15,750 --> 00:30:12,640

is china or russia

885

00:30:18,549 --> 00:30:15,760

yeah but it could also be

886

00:30:19,669 --> 00:30:18,559

a kind of psyop that china put the

887

00:30:22,950 --> 00:30:19,679

pressure on the u.s

888

00:30:24,870 --> 00:30:22,960

to start revealing more information

889

00:30:26,470 --> 00:30:24,880

by china do you see what i'm saying by

890

00:30:28,630 --> 00:30:26,480

china yeah

891

00:30:30,149 --> 00:30:28,640

we're going to start talking about it in

892

00:30:32,630 --> 00:30:30,159

in the u.n

893

00:30:33,909 --> 00:30:32,640

i see as if they're going to start being

894

00:30:35,510 --> 00:30:33,919

the top dog

895

00:30:37,269 --> 00:30:35,520

in the in the world talking about this

896

00:30:38,950 --> 00:30:37,279

america will be talking about

897

00:30:40,549 --> 00:30:38,960

we don't want to be the second best

898

00:30:44,230 --> 00:30:40,559

we'll start talking about it

899

00:30:46,149 --> 00:30:44,240

yeah yeah that's great that is a great

900

00:30:47,350 --> 00:30:46,159

that's a great view i never i didn't i

901
00:30:47,830 --> 00:30:47,360
didn't think about it almost like

902
00:30:51,110 --> 00:30:47,840
they're

903
00:30:52,470 --> 00:30:51,120
covertly trying to exactly spew more

904
00:30:54,230 --> 00:30:52,480
info while they can get to

905
00:30:56,310 --> 00:30:54,240
keep hiding their stuff and not doing it

906
00:30:57,509 --> 00:30:56,320
yeah but i mean i i'm not going to take

907
00:30:58,789 --> 00:30:57,519
credit i'm not going to take

908
00:31:00,789 --> 00:30:58,799
i'm not going to take credit for that

909
00:31:01,669 --> 00:31:00,799
that was my good friend strafe wilson we

910
00:31:04,149 --> 00:31:01,679
had a little discussion

911
00:31:05,509 --> 00:31:04,159
about it so i cannot take credit for

912
00:31:06,549 --> 00:31:05,519
that but as soon as he said it to me i

913
00:31:09,590 --> 00:31:06,559

was like

914

00:31:12,950 --> 00:31:09,600

wow hang on a minute yeah

915

00:31:14,630 --> 00:31:12,960

so big time yeah we shall see man

916

00:31:15,830 --> 00:31:14,640

i don't know i think it's yeah and i

917

00:31:18,310 --> 00:31:15,840

think it's cool because you know you

918

00:31:20,230 --> 00:31:18,320

know in the last several weeks we've had

919

00:31:21,990 --> 00:31:20,240

you know uh there was an article even

920

00:31:23,830 --> 00:31:22,000

and you know what and it didn't become

921

00:31:25,110 --> 00:31:23,840

mainstream at least not for me i didn't

922

00:31:26,789 --> 00:31:25,120

i didn't see it until it was just

923

00:31:30,789 --> 00:31:26,799

recently reposted

924

00:31:32,710 --> 00:31:30,799

but from 2009 when the russian navy

925

00:31:34,710 --> 00:31:32,720

admitted that they were dealing with

926

00:31:36,310 --> 00:31:34,720

uaps in the pacific with their submarine

927

00:31:38,230 --> 00:31:36,320

did you read that story

928

00:31:39,590 --> 00:31:38,240

i may have come across it it doesn't

929

00:31:41,350 --> 00:31:39,600

jump so they had a moment

930

00:31:42,950 --> 00:31:41,360

they had one of their submarines on

931

00:31:46,750 --> 00:31:42,960

patrol

932

00:31:51,430 --> 00:31:46,760

um in the pacific and they had six

933

00:31:53,430 --> 00:31:51,440

unidentified or u.s you know usa or usos

934

00:31:55,190 --> 00:31:53,440

yeah that's right yeah yeah the acronym

935

00:31:58,149 --> 00:31:55,200

they had six usos

936

00:31:59,029 --> 00:31:58,159

underwater following them at enormous

937

00:32:00,870 --> 00:31:59,039

speeds

938

00:32:03,269 --> 00:32:00,880

and they were trying to outrun them and

939

00:32:04,389 --> 00:32:03,279

they couldn't so the captain gave orders

940

00:32:07,190 --> 00:32:04,399

to surface

941

00:32:08,389 --> 00:32:07,200

and the submarine surfaced the usos

942

00:32:10,230 --> 00:32:08,399

followed suit

943

00:32:11,830 --> 00:32:10,240

exited the water and went up into the

944

00:32:13,750 --> 00:32:11,840

atmosphere wow

945

00:32:15,110 --> 00:32:13,760

and that was from the russian navy back

946

00:32:18,710 --> 00:32:15,120

in 2009

947

00:32:19,190 --> 00:32:18,720

and their speed their speeds were oh

948

00:32:23,029 --> 00:32:19,200

gosh

949

00:32:24,149 --> 00:32:23,039

uh 230 knots is what they clocked them

950

00:32:26,789 --> 00:32:24,159

at which is almost

951
00:32:28,549 --> 00:32:26,799
400 kilometers per hour yeah that's

952
00:32:31,029 --> 00:32:28,559
great underwater

953
00:32:31,830 --> 00:32:31,039
wow whoa but that's from the russian

954
00:32:35,029 --> 00:32:31,840
navy and that

955
00:32:37,909 --> 00:32:35,039
article came out in 2009 um

956
00:32:40,149 --> 00:32:37,919
so you know david they it's happening to

957
00:32:43,430 --> 00:32:40,159
russia we have confirmation of that

958
00:32:44,789 --> 00:32:43,440
yeah china's even saying hey guess what

959
00:32:47,750 --> 00:32:44,799
we also have our own

960
00:32:49,350 --> 00:32:47,760
you know uap task force that we've had

961
00:32:50,789 --> 00:32:49,360
for a while and

962
00:32:52,549 --> 00:32:50,799
what about the fact that they admitted

963
00:32:53,990 --> 00:32:52,559

that they have a civilian education

964

00:32:56,789 --> 00:32:54,000

program did you catch that too

965

00:32:58,070 --> 00:32:56,799

yes i did yeah i mean wow just all added

966

00:33:00,230 --> 00:32:58,080

to this picture that it's not

967

00:33:03,430 --> 00:33:00,240

adversarial it really is

968

00:33:06,870 --> 00:33:03,440

pointing to something else i mean

969

00:33:09,269 --> 00:33:06,880

it really is so it is i'm just

970

00:33:10,630 --> 00:33:09,279

it's good sorry so i was just going to

971

00:33:13,269 --> 00:33:10,640

say it really

972

00:33:14,149 --> 00:33:13,279

makes you wonder that i mean come june

973

00:33:15,350 --> 00:33:14,159

25th

974

00:33:17,990 --> 00:33:15,360

i still don't think we're going to get

975

00:33:19,909 --> 00:33:18,000

anything from this ua ptf report

976

00:33:21,750 --> 00:33:19,919

but even after that the following six

977

00:33:24,789 --> 00:33:21,760

months are really going to be a

978

00:33:26,149 --> 00:33:24,799

ramping up as far as releases and leaks

979

00:33:28,789 --> 00:33:26,159

and stuff

980

00:33:29,590 --> 00:33:28,799

yeah it's just exciting times man really

981

00:33:31,909 --> 00:33:29,600

is real

982

00:33:33,830 --> 00:33:31,919

oh i'm stoked i mean it's like every

983

00:33:35,190 --> 00:33:33,840

every week there's something new

984

00:33:37,029 --> 00:33:35,200

and it's just like how do you keep and

985

00:33:39,029 --> 00:33:37,039

you oh my gosh you're

986

00:33:41,190 --> 00:33:39,039

i got to give you kudos brother you're

987

00:33:42,630 --> 00:33:41,200

freaking killing it man i don't know how

988

00:33:44,710 --> 00:33:42,640

you do it

989

00:33:46,149 --> 00:33:44,720

i've been hey and just and and for the

990

00:33:46,789 --> 00:33:46,159

listener for everybody that's listening

991

00:33:48,230 --> 00:33:46,799

to this

992

00:33:50,389 --> 00:33:48,240

i want everybody to know i've been

993

00:33:51,350 --> 00:33:50,399

following you oh gosh i think you had

994

00:33:53,830 --> 00:33:51,360

like a thousand

995

00:33:54,630 --> 00:33:53,840

followers maybe when i started following

996

00:33:58,070 --> 00:33:54,640

you and and

997

00:34:00,230 --> 00:33:58,080

and i am so happy to see

998

00:34:01,590 --> 00:34:00,240

you gain so many followers because it's

999

00:34:03,830 --> 00:34:01,600

so

1000

00:34:06,789 --> 00:34:03,840

earned because your posts have always

1001
00:34:09,829 --> 00:34:06,799
been my go-to and you thorough

1002
00:34:11,510 --> 00:34:09,839
you cut through you you trim the fat you

1003
00:34:15,270 --> 00:34:11,520
you you sift through the

1004
00:34:16,550 --> 00:34:15,280
uh the bs your facts

1005
00:34:18,069 --> 00:34:16,560
you know what i mean but you put the

1006
00:34:19,270 --> 00:34:18,079
stuff that you present is so clear

1007
00:34:22,069 --> 00:34:19,280
concise

1008
00:34:23,510 --> 00:34:22,079
and relevant and solid and it's just

1009
00:34:25,349 --> 00:34:23,520
it's all you do a great

1010
00:34:27,190 --> 00:34:25,359
great job thank you so much really

1011
00:34:29,190 --> 00:34:27,200
appreciate that that's well

1012
00:34:30,550 --> 00:34:29,200
thank you that's what motivates me is

1013
00:34:32,629 --> 00:34:30,560

when i hear really nice

1014

00:34:34,389 --> 00:34:32,639

um feedback on the stuff that i've been

1015

00:34:36,149 --> 00:34:34,399

doing and it really does push me to just

1016

00:34:37,990 --> 00:34:36,159

continue and work harder

1017

00:34:39,510 --> 00:34:38,000

and it is it's paying off you know i'm

1018

00:34:41,270 --> 00:34:39,520

getting it's not just the followers i'm

1019

00:34:43,190 --> 00:34:41,280

gaining it's contacts it's

1020

00:34:45,190 --> 00:34:43,200

oh absolutely things happening behind

1021

00:34:46,710 --> 00:34:45,200

the scenes and that which really will

1022

00:34:49,030 --> 00:34:46,720

ramp up in the next

1023

00:34:50,629 --> 00:34:49,040

next few months and that you know yeah

1024

00:34:52,310 --> 00:34:50,639

the collaborations you're doing the

1025

00:34:54,310 --> 00:34:52,320

interviews you have lined up

1026

00:34:56,389 --> 00:34:54,320

yeah man that's the thing yeah it's

1027

00:34:58,790 --> 00:34:56,399

awesome i appreciate it

1028

00:35:01,030 --> 00:34:58,800

yeah what else uh what else can we what

1029

00:35:02,230 --> 00:35:01,040

else should we touch based on ufo wise

1030

00:35:05,109 --> 00:35:02,240

before we uh

1031

00:35:06,550 --> 00:35:05,119

depart there's uh i don't know what else

1032

00:35:09,109 --> 00:35:06,560

is out there

1033

00:35:09,829 --> 00:35:09,119

i know hey um you know what else real

1034

00:35:12,390 --> 00:35:09,839

quick let me get

1035

00:35:13,589 --> 00:35:12,400

let me get your since i have or since

1036

00:35:15,670 --> 00:35:13,599

we're talking

1037

00:35:17,190 --> 00:35:15,680

we talked a little bit about what this

1038

00:35:19,510 --> 00:35:17,200

is and what they are

1039

00:35:21,190 --> 00:35:19,520

um yeah and that that conversation comes

1040

00:35:23,589 --> 00:35:21,200

up a lot and

1041

00:35:25,109 --> 00:35:23,599

it's so it was it used to be so easy to

1042

00:35:28,550 --> 00:35:25,119

say extraterrestrial

1043

00:35:32,069 --> 00:35:28,560

right from another star system

1044

00:35:32,710 --> 00:35:32,079

boom they're here um you know i wrote a

1045

00:35:36,390 --> 00:35:32,720

little blo

1046

00:35:36,950 --> 00:35:36,400

a little thing about um human origins

1047

00:35:40,310 --> 00:35:36,960

right and

1048

00:35:42,310 --> 00:35:40,320

and and uh i i just think that

1049

00:35:44,390 --> 00:35:42,320

personally i think that whatever they

1050

00:35:45,910 --> 00:35:44,400

are i think they've been here for a very

1051
00:35:48,550 --> 00:35:45,920
very long time

1052
00:35:50,550 --> 00:35:48,560
and had a direct effect on humanity's

1053
00:35:53,670 --> 00:35:50,560
evolution i do i'm a

1054
00:35:55,589 --> 00:35:53,680
you know i'm a firm believer in it and

1055
00:35:57,109 --> 00:35:55,599
i think more things point to that than

1056
00:36:00,550 --> 00:35:57,119
the other so i agree

1057
00:36:02,630 --> 00:36:00,560
yeah yeah i do i mean and homo sapiens

1058
00:36:03,670 --> 00:36:02,640
in our species we've been around on the

1059
00:36:07,270 --> 00:36:03,680
planet for

1060
00:36:08,630 --> 00:36:07,280
now they say 300 000 years where back

1061
00:36:11,349 --> 00:36:08,640
you know when i was in college it was

1062
00:36:14,150 --> 00:36:11,359
100 but exactly yeah

1063
00:36:15,109 --> 00:36:14,160

but then there's really only the last 7

1064

00:36:17,670 --> 00:36:15,119

000 years

1065

00:36:18,710 --> 00:36:17,680

that around the globe you see humanity

1066

00:36:21,190 --> 00:36:18,720

just go

1067

00:36:23,109 --> 00:36:21,200

right there's civilized man i mean not

1068

00:36:26,710 --> 00:36:23,119

just consumer in babylonia

1069

00:36:29,349 --> 00:36:26,720

but all around peru you know mesoamerica

1070

00:36:31,109 --> 00:36:29,359

china you know in cambodia india and

1071

00:36:32,630 --> 00:36:31,119

it's like and they all had the same

1072

00:36:35,750 --> 00:36:32,640

levels of mathematics

1073

00:36:37,589 --> 00:36:35,760

astronomy you know and it's it's and

1074

00:36:38,870 --> 00:36:37,599

even their calendars which is really

1075

00:36:42,069 --> 00:36:38,880

bizarre which really

1076

00:36:43,109 --> 00:36:42,079

kind of is uh quite telling to me you

1077

00:36:46,230 --> 00:36:43,119

know like on the

1078

00:36:47,190 --> 00:36:46,240

you know on on the american side you

1079

00:36:49,190 --> 00:36:47,200

have

1080

00:36:51,190 --> 00:36:49,200

some old scent you know mesoamerican

1081

00:36:54,550 --> 00:36:51,200

calendars where they say that

1082

00:36:55,829 --> 00:36:54,560

they begin around 3200 bc

1083

00:36:56,790 --> 00:36:55,839

then you go around to the other side of

1084

00:36:58,069 --> 00:36:56,800

the globe where you have like i think

1085

00:36:59,510 --> 00:36:58,079

the oldest calendar is the jewish

1086

00:37:03,190 --> 00:36:59,520

calendar and their

1087

00:37:05,190 --> 00:37:03,200

creation date is like 3700 bc

1088

00:37:06,390 --> 00:37:05,200

i'm sorry that's really kind of close

1089

00:37:08,550 --> 00:37:06,400

very close yeah

1090

00:37:09,510 --> 00:37:08,560

right right in the grand scheme yeah

1091

00:37:11,990 --> 00:37:09,520

right and they

1092

00:37:13,109 --> 00:37:12,000

and they all developed mathematics

1093

00:37:15,349 --> 00:37:13,119

astronomy

1094

00:37:17,030 --> 00:37:15,359

construction you know uh elevated

1095

00:37:17,670 --> 00:37:17,040

construction abilities all around the

1096

00:37:19,829 --> 00:37:17,680

same time

1097

00:37:21,990 --> 00:37:19,839

globally and i don't think we've ever

1098

00:37:24,069 --> 00:37:22,000

really put all that together

1099

00:37:25,270 --> 00:37:24,079

like that to look at that big picture

1100

00:37:25,589 --> 00:37:25,280

you know what i mean it's kind of

1101
00:37:30,790 --> 00:37:25,599
there's

1102
00:37:32,069 --> 00:37:30,800
taken past that step and i think that's

1103
00:37:35,030 --> 00:37:32,079
really interesting because it

1104
00:37:36,150 --> 00:37:35,040
it does seem like they were all doing

1105
00:37:39,190 --> 00:37:36,160
very similar things

1106
00:37:39,829 --> 00:37:39,200
but they were so far separated exactly

1107
00:37:41,510 --> 00:37:39,839
that it

1108
00:37:43,109 --> 00:37:41,520
that's the that's the so many things to

1109
00:37:44,870 --> 00:37:43,119
weigh up in that conversation isn't

1110
00:37:47,589 --> 00:37:44,880
there like that just

1111
00:37:48,630 --> 00:37:47,599
yeah so so if they're extraterrestrial

1112
00:37:51,829 --> 00:37:48,640
that means that they've

1113
00:37:53,510 --> 00:37:51,839

been here for a long time and living

1114

00:37:56,390 --> 00:37:53,520

here a long time

1115

00:37:57,510 --> 00:37:56,400

so is it viable absolutely but then

1116

00:38:00,630 --> 00:37:57,520

there you have that

1117

00:38:00,950 --> 00:38:00,640

that ultra terrestrial theory which

1118

00:38:03,109 --> 00:38:00,960

means

1119

00:38:04,390 --> 00:38:03,119

which is uh that they're actually an

1120

00:38:08,069 --> 00:38:04,400

indigenous

1121

00:38:10,630 --> 00:38:08,079

species that just may be more advanced

1122

00:38:11,589 --> 00:38:10,640

and can see and live within the broader

1123

00:38:13,990 --> 00:38:11,599

spectrum

1124

00:38:15,030 --> 00:38:14,000

of energy right because we only see and

1125

00:38:18,150 --> 00:38:15,040

sense this much

1126

00:38:20,069 --> 00:38:18,160

of course it's so plausible yeah it's

1127

00:38:22,550 --> 00:38:20,079

it's it's so interesting i i

1128

00:38:24,550 --> 00:38:22,560

i could talk about it for days and yeah

1129

00:38:27,510 --> 00:38:24,560

yeah

1130

00:38:29,109 --> 00:38:27,520

i really did definitely man well listen

1131

00:38:31,030 --> 00:38:29,119

jeff i think i'm going to call it

1132

00:38:33,349 --> 00:38:31,040

that it's a good perfect length for the

1133

00:38:36,310 --> 00:38:33,359

interview um i can't wait for people to

1134

00:38:39,510 --> 00:38:36,320

see this man it's it's so interesting

1135

00:38:40,230 --> 00:38:39,520

so yeah yeah thanks man glad glad i

1136

00:38:42,870 --> 00:38:40,240

could share

1137

00:38:44,630 --> 00:38:42,880

and you know yeah anything else stay in

1138

00:38:46,470 --> 00:38:44,640

touch my friend oh of course we will you

1139

00:38:48,069 --> 00:38:46,480

know we will of course man so listen

1140

00:38:49,910 --> 00:38:48,079

guys thank you for watching this

1141

00:38:51,430 --> 00:38:49,920

and then the disc in the link in the

1142

00:38:52,950 --> 00:38:51,440

description will be jeff's blog

1143

00:38:54,630 --> 00:38:52,960

please go and check it out he's going to

1144

00:38:56,790 --> 00:38:54,640

be adding to it in the future

1145

00:38:59,030 --> 00:38:56,800

the way the man thinks he's incredible

1146

00:38:59,589 --> 00:38:59,040

and uh yeah i can't recommend it enough

1147

00:39:01,910 --> 00:38:59,599

so

1148

00:39:02,950 --> 00:39:01,920

thank you everyone for watching see you
