'Engaging The Phenomenon'
Live on YouTube
10am PST/1pm EST/6pm UK

1
00:00:08,790 --> 00:00:05,510
hey guys how's it going

2
00:00:10,310 --> 00:00:08,800
i just wanted to say welcome uh let me

3
00:00:12,310 --> 00:00:10,320
just check my sentence because i've got

4
00:00:15,270 --> 00:00:12,320
a bit of a delay going on here bear with

5
00:00:16,950 --> 00:00:15,280
me i'm still a little bit new to this

6
00:00:18,550 --> 00:00:16,960
guys thank you for being here we are

7
00:00:20,070 --> 00:00:18,560
live um

8
00:00:21,990 --> 00:00:20,080
and yeah i just wanted to quickly start

9
00:00:24,630 --> 00:00:22,000
by saying thank you to everybody that

10
00:00:26,630 --> 00:00:24,640
has sent me so much support following on

11
00:00:27,830 --> 00:00:26,640
from my interview with lou elizondo i am

12
00:00:30,390 --> 00:00:27,840
blown away

13
00:00:31,429 --> 00:00:30,400

um i had a great time but let's move on

14

00:00:33,190 --> 00:00:31,439

we're here today with

15

00:00:35,110 --> 00:00:33,200

james ian doley from engaging the

16

00:00:36,630 --> 00:00:35,120

phenomenon so i'm not going to waste any

17

00:00:40,389 --> 00:00:36,640

more time i'm going to bring james in

18

00:00:41,830 --> 00:00:40,399

right now hello sir

19

00:00:43,910 --> 00:00:41,840

hey what's going on vinnie how you doing

20

00:00:45,029 --> 00:00:43,920

man i'm very well man a bit tired i've

21

00:00:47,029 --> 00:00:45,039

had a uh

22

00:00:49,910 --> 00:00:47,039

i've had a busy few days man it's uh

23

00:00:51,990 --> 00:00:49,920

yeah it's been a bit crazy

24

00:00:53,430 --> 00:00:52,000

yeah here man kids wrapping up at school

25

00:00:55,110 --> 00:00:53,440

and you know

26

00:00:56,869 --> 00:00:55,120

yeah how about two busy nights doing

27

00:00:59,270 --> 00:00:56,879

stuff in this

28

00:01:00,630 --> 00:00:59,280

uap world and then i've had kids in the

29

00:01:03,510 --> 00:01:00,640

day it's just

30

00:01:05,590 --> 00:01:03,520

crazy so yeah i get it man but hey it's

31

00:01:08,630 --> 00:01:05,600

all good so

32

00:01:10,390 --> 00:01:08,640

so just in case anybody watching this uh

33

00:01:11,750 --> 00:01:10,400

now or in the future doesn't know just

34

00:01:14,230 --> 00:01:11,760

give us a little a brief

35

00:01:15,350 --> 00:01:14,240

introduction and background to who you

36

00:01:18,710 --> 00:01:15,360

are what you do and

37

00:01:20,070 --> 00:01:18,720

things like that yeah sure um my name is

38

00:01:22,870 --> 00:01:20,080

james and i

39

00:01:24,390 --> 00:01:22,880

created the project or platform engaging

40

00:01:27,350 --> 00:01:24,400

the phenomenon

41

00:01:28,469 --> 00:01:27,360

i've been involved in the ufo subject

42

00:01:32,710 --> 00:01:28,479

for quite a while

43

00:01:37,429 --> 00:01:32,720

um but more more so uh

44

00:01:41,190 --> 00:01:39,030

partially because of the my work with

45

00:01:44,389 --> 00:01:41,200

ce5 because i had

46

00:01:45,910 --> 00:01:44,399

some uh contact experiences early on

47

00:01:48,389 --> 00:01:45,920

and i had already been doing ufo

48

00:01:50,870 --> 00:01:48,399

research and meditation so

49

00:01:51,510 --> 00:01:50,880

um i kind of was always open to the

50

00:01:53,190 --> 00:01:51,520

subject

51
00:01:54,950 --> 00:01:53,200
and kind of everything that goes with

52
00:01:58,630 --> 00:01:54,960
the ufo subject

53
00:02:00,709 --> 00:01:58,640
um and i actually

54
00:02:03,109 --> 00:02:00,719
created the first social networks for

55
00:02:06,069 --> 00:02:03,119
ce5 in 2009

56
00:02:07,429 --> 00:02:06,079
and at that point yeah um because there

57
00:02:10,309 --> 00:02:07,439
wasn't one right

58
00:02:12,229 --> 00:02:10,319
yeah back then uh there was no place you

59
00:02:15,910 --> 00:02:12,239
can really go online and and

60
00:02:19,270 --> 00:02:15,920
talk to e5 with people um

61
00:02:22,630 --> 00:02:19,280
except the sea seti forum which was uh

62
00:02:24,150 --> 00:02:22,640
it you know it sucked

63
00:02:26,630 --> 00:02:24,160

it was just outdated you know it was

64

00:02:28,949 --> 00:02:26,640

outdated and it wasn't very active

65

00:02:30,229 --> 00:02:28,959

the few people that were on there would

66

00:02:32,550 --> 00:02:30,239

you know

67

00:02:34,830 --> 00:02:32,560

not it was always like the same like

68

00:02:37,830 --> 00:02:34,840

three people participating

69

00:02:38,390 --> 00:02:37,840

yeah you know it's just you know how it

70

00:02:41,990 --> 00:02:38,400

was

71

00:02:42,790 --> 00:02:42,000

and um so i created the first ce5 social

72

00:02:45,910 --> 00:02:42,800

network

73

00:02:47,030 --> 00:02:45,920

groups and um you know so we can talk

74

00:02:49,350 --> 00:02:47,040

with other

75

00:02:51,110 --> 00:02:49,360

uh c5 people or people involved in

76
00:02:53,430 --> 00:02:51,120
contact work from around the country in

77
00:02:56,150 --> 00:02:53,440
the united states and the world

78
00:02:57,670 --> 00:02:56,160
and that really took off and you know

79
00:03:00,710 --> 00:02:57,680
we're able to

80
00:03:02,390 --> 00:03:00,720
uh inform people and get people material

81
00:03:04,149 --> 00:03:02,400
so they can get started and start their

82
00:03:06,390 --> 00:03:04,159
own working groups and things like that

83
00:03:07,430 --> 00:03:06,400
and you know uh so that was a journey

84
00:03:09,830 --> 00:03:07,440
within itself

85
00:03:11,270 --> 00:03:09,840
um so ever since then i've i've been

86
00:03:13,830 --> 00:03:11,280
involved in

87
00:03:16,869 --> 00:03:13,840
both uh i guess the ufo community and

88
00:03:19,030 --> 00:03:16,879

and the ce5 community

89

00:03:20,630 --> 00:03:19,040

they uh i guess you could say the

90

00:03:24,070 --> 00:03:20,640

communities are somewhat

91

00:03:27,110 --> 00:03:26,390

from yeah and for me it's always been

92

00:03:28,789 --> 00:03:27,120

one thing

93

00:03:30,470 --> 00:03:28,799

so engaging the phenomenon is an

94

00:03:33,030 --> 00:03:30,480

inclusive approach which

95

00:03:34,070 --> 00:03:33,040

includes uh you know ufos and ufology

96

00:03:36,390 --> 00:03:34,080

nuts and bolts

97

00:03:38,550 --> 00:03:36,400

um but it also includes the the

98

00:03:40,149 --> 00:03:38,560

consciousness and the contact and high

99

00:03:41,910 --> 00:03:40,159

strangeness and

100

00:03:44,630 --> 00:03:41,920

um kind of everything that goes with

101
00:03:46,949 --> 00:03:44,640
that so you know that's how i ended up

102
00:03:48,550 --> 00:03:46,959
here today right with you nice man no

103
00:03:50,309 --> 00:03:48,560
that's great and i mean you put out some

104
00:03:52,789 --> 00:03:50,319
amazing content across

105
00:03:53,990 --> 00:03:52,799
your uh youtube channels so many

106
00:03:55,830 --> 00:03:54,000
different areas and stuff

107
00:03:58,309 --> 00:03:55,840
and let's just if it's okay we just talk

108
00:04:00,149 --> 00:03:58,319
about the ce5 a little bit more because

109
00:04:01,830 --> 00:04:00,159
you know i've seen the grier stuff the

110
00:04:04,470 --> 00:04:01,840
documentaries and that in the past

111
00:04:05,350 --> 00:04:04,480
um but i am a very nuts and bolts

112
00:04:07,830 --> 00:04:05,360
researcher

113
00:04:09,429 --> 00:04:07,840

and so i've i've purposely made it my

114

00:04:11,350 --> 00:04:09,439

mission these last few weeks to try and

115

00:04:13,830 --> 00:04:11,360

speak to people or just look into that

116

00:04:15,670 --> 00:04:13,840

area of the subject a bit more because

117

00:04:17,749 --> 00:04:15,680

it is talked about a lot more these days

118

00:04:19,430 --> 00:04:17,759

and i don't want to be left behind so

119

00:04:21,030 --> 00:04:19,440

where's a good place to start i mean

120

00:04:22,790 --> 00:04:21,040

other than the obvious with sort of

121

00:04:23,110 --> 00:04:22,800

griez documentaries where would someone

122

00:04:25,990 --> 00:04:23,120

go

123

00:04:26,310 --> 00:04:26,000

next okay well you know i want to first

124

00:04:29,749 --> 00:04:26,320

say

125

00:04:31,990 --> 00:04:29,759

you know ce5 the terminology

126
00:04:33,830 --> 00:04:32,000
has become a taboo within a tabooed

127
00:04:35,749 --> 00:04:33,840
subject right oh yes

128
00:04:37,590 --> 00:04:35,759
because and it's the elephant in the

129
00:04:39,510 --> 00:04:37,600
room it's it's dr stephen grier his

130
00:04:40,790 --> 00:04:39,520
personality and his affinity to burn

131
00:04:42,629 --> 00:04:40,800
every bridge he touches

132
00:04:44,230 --> 00:04:42,639
you know for better or worse that's just

133
00:04:46,870 --> 00:04:44,240
his personality

134
00:04:48,310 --> 00:04:46,880
um and you know anybody that knows him

135
00:04:48,629 --> 00:04:48,320
closely will will tell you the same

136
00:04:51,670 --> 00:04:48,639
thing

137
00:04:54,150 --> 00:04:51,680
just if you look at his team uh

138
00:04:55,670 --> 00:04:54,160

most of them have are always new people

139

00:04:58,469 --> 00:04:55,680

because all the old ones

140

00:05:00,310 --> 00:04:58,479

left um you know and again he has done

141

00:05:03,749 --> 00:05:00,320

an incredible job

142

00:05:04,150 --> 00:05:03,759

kind of spreading the awareness yeah you

143

00:05:05,909 --> 00:05:04,160

have this

144

00:05:07,909 --> 00:05:05,919

dichotomy right because you have two

145

00:05:11,510 --> 00:05:07,919

sides of the spectrum where

146

00:05:14,310 --> 00:05:11,520

he has completely um

147

00:05:14,950 --> 00:05:14,320

like put ce5 on the map love it or hate

148

00:05:18,150 --> 00:05:14,960

it

149

00:05:21,110 --> 00:05:18,160

uh like people know right uh where

150

00:05:23,189 --> 00:05:21,120

you know 20 30 years ago you know when

151
00:05:23,590 --> 00:05:23,199
he created this e5 terminology it was

152
00:05:26,150 --> 00:05:23,600
not

153
00:05:27,749 --> 00:05:26,160
really known um there were people doing

154
00:05:30,629 --> 00:05:27,759
field work

155
00:05:31,350 --> 00:05:30,639
but um the most active group of people

156
00:05:34,790 --> 00:05:31,360
doing

157
00:05:36,550 --> 00:05:34,800
contact work um was mission rama in the

158
00:05:39,670 --> 00:05:36,560
1970s and that was in

159
00:05:40,950 --> 00:05:39,680
lima peru in south america and you know

160
00:05:42,310 --> 00:05:40,960
they were doing a lot of contact were

161
00:05:45,590 --> 00:05:42,320
there but the the um

162
00:05:47,670 --> 00:05:45,600
the ufo community and ufo just weren't

163
00:05:50,310 --> 00:05:47,680

doing that kind of same work

164

00:05:52,790 --> 00:05:50,320

especially to the extent they they were

165

00:05:54,629 --> 00:05:52,800

back in those days and wasn't there some

166

00:05:56,150 --> 00:05:54,639

quite famous photographs from those days

167

00:05:59,510 --> 00:05:56,160

as well back

168

00:06:00,950 --> 00:05:59,520

in the in lima peru yeah yeah they have

169

00:06:02,790 --> 00:06:00,960

i mean they have a lot of photographs

170

00:06:04,469 --> 00:06:02,800

some of them are

171

00:06:05,990 --> 00:06:04,479

uh controversial some of them have been

172

00:06:08,309 --> 00:06:06,000

debunked but

173

00:06:09,830 --> 00:06:08,319

they i mean they certainly have some

174

00:06:13,990 --> 00:06:09,840

good footage

175

00:06:14,550 --> 00:06:14,000

and um you know they they had local

176

00:06:17,830 --> 00:06:14,560

media

177

00:06:21,029 --> 00:06:17,840

in in the 1970s and 80s and 90s

178

00:06:23,909 --> 00:06:21,039

um come you know the idea was that

179

00:06:24,710 --> 00:06:23,919

the um the media was invited and they

180

00:06:26,870 --> 00:06:24,720

said listen on

181

00:06:28,309 --> 00:06:26,880

at this day at this time at this

182

00:06:30,230 --> 00:06:28,319

location there's gonna be a sighting

183

00:06:32,830 --> 00:06:30,240

because mission rama would do

184

00:06:33,990 --> 00:06:32,840

their version of contact and again which

185

00:06:36,469 --> 00:06:34,000

c5

186

00:06:38,710 --> 00:06:36,479

is um it's just a term all right you

187

00:06:41,830 --> 00:06:38,720

take a step back the larger picture

188

00:06:45,350 --> 00:06:41,840

is contact so you know

189

00:06:47,350 --> 00:06:45,360

ce5 is just a simplified uh updated

190

00:06:48,870 --> 00:06:47,360

rebranded term to kind of define a

191

00:06:52,150 --> 00:06:48,880

subsection of contact

192

00:06:52,550 --> 00:06:52,160

um but so you know again they would have

193

00:06:55,110 --> 00:06:52,560

these

194

00:06:57,430 --> 00:06:55,120

what mission rama in the 1970s were

195

00:07:00,469 --> 00:06:57,440

called programmed sightings

196

00:07:03,430 --> 00:07:00,479

so you know somebody in in the group

197

00:07:04,469 --> 00:07:03,440

called the antenna usually uh was like

198

00:07:06,309 --> 00:07:04,479

the designated

199

00:07:07,909 --> 00:07:06,319

info person so like they would be the

200

00:07:09,510 --> 00:07:07,919

one receiving the information they were

201

00:07:12,469 --> 00:07:09,520

like the intuitive i guess you could say

202

00:07:14,230 --> 00:07:12,479

right okay uh and usually one group had

203

00:07:16,950 --> 00:07:14,240

one or two antennas they were like

204

00:07:19,749 --> 00:07:16,960

highly sensitive people to contact

205

00:07:20,870 --> 00:07:19,759

um and and that's just how rama ran some

206

00:07:22,469 --> 00:07:20,880

people don't like that because it's kind

207

00:07:23,510 --> 00:07:22,479

of hard you know like a hierarchy in a

208

00:07:26,629 --> 00:07:23,520

sense so

209

00:07:28,710 --> 00:07:26,639

i understand that um but you know

210

00:07:30,070 --> 00:07:28,720

they that the media would come or you

211

00:07:31,189 --> 00:07:30,080

know and and these people said

212

00:07:32,950 --> 00:07:31,199

you know the event is going to be at

213

00:07:34,710 --> 00:07:32,960

this time and sure enough you know there

214

00:07:38,870 --> 00:07:34,720

were sightings at like

215

00:07:41,589 --> 00:07:38,880

the day time and location so wow um

216

00:07:43,189 --> 00:07:41,599

so yeah so as you can see that is a bit

217

00:07:45,670 --> 00:07:43,199

different to what we've all heard of as

218

00:07:47,189 --> 00:07:45,680

far as c5 goes so you've got

219

00:07:48,469 --> 00:07:47,199

mission rama is it i keep saying the

220

00:07:49,909 --> 00:07:48,479

wrong name yeah is it mission yeah

221

00:07:51,110 --> 00:07:49,919

mission about them you've got the kind

222

00:07:52,869 --> 00:07:51,120

of greer c5

223

00:07:55,189 --> 00:07:52,879

are there others as well is it does it

224

00:07:58,469 --> 00:07:55,199

keep going across different

225

00:07:59,909 --> 00:07:58,479

groups yes as far as far back as you go

226

00:08:02,550 --> 00:07:59,919

into history there's some

227

00:08:03,029 --> 00:08:02,560

form of person or group of people you

228

00:08:04,469 --> 00:08:03,039

know

229

00:08:06,070 --> 00:08:04,479

some would probably be categorized as

230

00:08:08,150 --> 00:08:06,080

cults right yeah um yeah

231

00:08:09,909 --> 00:08:08,160

but they're they're doing some some kind

232

00:08:11,430 --> 00:08:09,919

of methodology some kind of ritual some

233

00:08:13,670 --> 00:08:11,440

kind of practice and they're having an

234

00:08:16,550 --> 00:08:13,680

interaction with non-human intelligence

235

00:08:17,909 --> 00:08:16,560

shamanism right right they go into

236

00:08:19,990 --> 00:08:17,919

different states

237

00:08:21,029 --> 00:08:20,000

they interact with other intelligences

238

00:08:24,150 --> 00:08:21,039

and they bring back

239

00:08:25,589 --> 00:08:24,160

information um you know uh and

240

00:08:28,390 --> 00:08:25,599

and some of the shamans they say you

241

00:08:30,710 --> 00:08:28,400

know they're they're they're um

242

00:08:31,670 --> 00:08:30,720

sky people or their sky family you know

243

00:08:33,509 --> 00:08:31,680

so it's

244

00:08:35,029 --> 00:08:33,519

it's even pointing to like the et

245

00:08:38,389 --> 00:08:35,039

hypothesis in some ways

246

00:08:41,589 --> 00:08:38,399

yes um and again yeah you have john d

247

00:08:43,029 --> 00:08:41,599

who is doing the nokian magic and and uh

248

00:08:44,630 --> 00:08:43,039

you know he was the original double oh

249

00:08:46,790 --> 00:08:44,640

seven for the crowd yeah

250

00:08:48,550 --> 00:08:46,800

that's where that came from yeah he was

251
00:08:50,630 --> 00:08:48,560
he was doing some kind of thing

252
00:08:52,310 --> 00:08:50,640
there was another gentleman um in the

253
00:08:54,389 --> 00:08:52,320
early 1900s

254
00:08:57,750 --> 00:08:54,399
named nicholas rorick and he was

255
00:09:00,470 --> 00:08:57,760
actually a russian guy and he was doing

256
00:09:01,670 --> 00:09:00,480
these kind of meditation eastern

257
00:09:03,750 --> 00:09:01,680
practices and and

258
00:09:05,110 --> 00:09:03,760
and claiming to have interactions if you

259
00:09:06,710 --> 00:09:05,120
look at his paintings

260
00:09:08,230 --> 00:09:06,720
he i think one of the paintings has a

261
00:09:11,509 --> 00:09:08,240
ufo and you know

262
00:09:14,550 --> 00:09:11,519
he claimed that being contact so um

263
00:09:16,949 --> 00:09:14,560

you know really ce5 is

264

00:09:18,230 --> 00:09:16,959

is like the new branded kind of version

265

00:09:21,269 --> 00:09:18,240

of whatever we can

266

00:09:23,670 --> 00:09:21,279

point to um which is again

267

00:09:25,030 --> 00:09:23,680

in the bigger pictures just contact you

268

00:09:27,910 --> 00:09:25,040

know um

269

00:09:28,389 --> 00:09:27,920

dr alan heineck and and jack valet even

270

00:09:30,230 --> 00:09:28,399

though

271

00:09:33,509 --> 00:09:30,240

you know dare not mention any grier's

272

00:09:36,550 --> 00:09:33,519

name in front of any of these people

273

00:09:37,990 --> 00:09:36,560

yeah yeah yes yes yes and we'll go into

274

00:09:39,829 --> 00:09:38,000

grier a little bit after this if you

275

00:09:41,750 --> 00:09:39,839

don't mind because it is kind of i think

276

00:09:43,430 --> 00:09:41,760

it does need covering a little bit

277

00:09:46,310 --> 00:09:43,440

so sure but yeah carry on as you were

278

00:09:48,310 --> 00:09:46,320

yeah no that's cool so but heinek

279

00:09:50,470 --> 00:09:48,320

you know specifically how to make a

280

00:09:51,990 --> 00:09:50,480

category for this kind of activity and

281

00:09:54,630 --> 00:09:52,000

he called it high strangeness

282

00:09:56,870 --> 00:09:54,640

yes because the the encounters of the

283

00:09:58,710 --> 00:09:56,880

ufos were not just

284

00:10:00,150 --> 00:09:58,720

sightings they they weren't random

285

00:10:03,190 --> 00:10:00,160

sightings there's some of them

286

00:10:05,670 --> 00:10:03,200

had the telepathy the psychic phenomenon

287

00:10:07,030 --> 00:10:05,680

there were incidents with remote viewing

288

00:10:09,190 --> 00:10:07,040

um there were

289

00:10:10,150 --> 00:10:09,200

an insane and i've experienced a lot of

290

00:10:12,710 --> 00:10:10,160

the stuff myself

291

00:10:13,509 --> 00:10:12,720

an insane level of synchronicities that

292

00:10:17,350 --> 00:10:13,519

just do

293

00:10:20,870 --> 00:10:17,360

not make any sense whatsoever other

294

00:10:22,550 --> 00:10:20,880

i mean it's just absurd and you know

295

00:10:24,710 --> 00:10:22,560

jacques vale has pointed to that the

296

00:10:27,190 --> 00:10:24,720

some of the absurdity of the things that

297

00:10:28,389 --> 00:10:27,200

that go on during contact is just you

298

00:10:30,790 --> 00:10:28,399

know it

299

00:10:32,630 --> 00:10:30,800

the intelligence somehow is is

300

00:10:34,230 --> 00:10:32,640

organizing in that way there's no other

301
00:10:37,670 --> 00:10:34,240
really good explanation for

302
00:10:39,750 --> 00:10:37,680
for things like that that's awesome man

303
00:10:41,590 --> 00:10:39,760
seriously yeah i mean it's funny how

304
00:10:42,949 --> 00:10:41,600
it's all interlinked and connected isn't

305
00:10:44,470 --> 00:10:42,959
it and that's what really gets me and

306
00:10:45,509 --> 00:10:44,480
that's why i felt i needed to learn a

307
00:10:47,269 --> 00:10:45,519
bit more

308
00:10:49,110 --> 00:10:47,279
just to uh to not be switched off to

309
00:10:51,430 --> 00:10:49,120
certain aspects of it

310
00:10:52,790 --> 00:10:51,440
but yeah and if you want yeah and i was

311
00:10:54,710 --> 00:10:52,800
going to i was going to say if you want

312
00:10:56,550 --> 00:10:54,720
to get into like a deep dive

313
00:10:58,230 --> 00:10:56,560

um because there's i mean there's so

314

00:11:01,269 --> 00:10:58,240

many directions you can go

315

00:11:02,870 --> 00:11:01,279

and for me um ce5 you know and again i

316

00:11:05,030 --> 00:11:02,880

almost i almost want to use a new term

317

00:11:08,069 --> 00:11:05,040

now just because it needs to be

318

00:11:10,310 --> 00:11:08,079

it needs a reset um unfortunately

319

00:11:11,110 --> 00:11:10,320

and i think there's a better way to do

320

00:11:13,190 --> 00:11:11,120

it

321

00:11:14,389 --> 00:11:13,200

um even though i think that greer's

322

00:11:18,710 --> 00:11:14,399

original message

323

00:11:19,829 --> 00:11:18,720

um i i think he had great he had a great

324

00:11:21,750 --> 00:11:19,839

vision

325

00:11:23,509 --> 00:11:21,760

and i think that you know things

326

00:11:25,670 --> 00:11:23,519

happened along the way and

327

00:11:26,949 --> 00:11:25,680

you know people get lost sometimes yeah

328

00:11:29,269 --> 00:11:26,959

um

329

00:11:29,990 --> 00:11:29,279

you know but again the original vision

330

00:11:33,030 --> 00:11:30,000

and and

331

00:11:34,790 --> 00:11:33,040

kind of idea behind ce5 i think was

332

00:11:35,590 --> 00:11:34,800

great but now it's you know it's i think

333

00:11:39,190 --> 00:11:35,600

it's time to

334

00:11:40,790 --> 00:11:39,200

to evolve to evolve it now definitely i

335

00:11:42,550 --> 00:11:40,800

agree

336

00:11:44,949 --> 00:11:42,560

and you know and again it would not not

337

00:11:47,110 --> 00:11:44,959

evolve under one person like me

338

00:11:48,150 --> 00:11:47,120

or whoever but as the whole community

339

00:11:51,190 --> 00:11:48,160

you know it has to be an

340

00:11:53,190 --> 00:11:51,200

organic growth where um you know

341

00:11:55,430 --> 00:11:53,200

something new comes out of all this

342

00:11:56,629 --> 00:11:55,440

yeah um so i'm hoping to see something

343

00:11:59,350 --> 00:11:56,639

like that

344

00:12:00,629 --> 00:11:59,360

um it's needed as well if it feels like

345

00:12:03,829 --> 00:12:00,639

we are just about

346

00:12:05,350 --> 00:12:03,839

to change again with this ua ptf report

347

00:12:07,030 --> 00:12:05,360

whether it comes whether it doesn't

348

00:12:07,750 --> 00:12:07,040

whatever happens beyond that is still

349

00:12:11,030 --> 00:12:07,760

gonna

350

00:12:13,430 --> 00:12:11,040

keep going up i think contact

351

00:12:15,910 --> 00:12:13,440

i will try not to call it ce5 as much it

352

00:12:17,430 --> 00:12:15,920

needs to evolve alongside this this

353

00:12:19,910 --> 00:12:17,440

freight train that we're riding at the

354

00:12:22,550 --> 00:12:19,920

moment so yeah completely agree man

355

00:12:24,470 --> 00:12:22,560

yeah in the same way that ufology needs

356

00:12:26,550 --> 00:12:24,480

to you know it's like you know people

357

00:12:28,710 --> 00:12:26,560

say the old guard the new guard

358

00:12:30,389 --> 00:12:28,720

you know it's kind of like yeah they but

359

00:12:33,350 --> 00:12:30,399

everything the whole thing needs to

360

00:12:34,389 --> 00:12:33,360

just be reborn yeah you know it's like a

361

00:12:36,310 --> 00:12:34,399

new day and age

362

00:12:38,069 --> 00:12:36,320

really and i don't mean that and like

363

00:12:39,670 --> 00:12:38,079

the age of aquarius kind of

364

00:12:41,829 --> 00:12:39,680

way even though some people talk about

365

00:12:43,910 --> 00:12:41,839

that but seriously you know

366

00:12:46,230 --> 00:12:43,920

it's the 21st century we need and you

367

00:12:48,870 --> 00:12:46,240

know things are changing so fast and we

368

00:12:52,389 --> 00:12:48,880

gotta we gotta adapt to those changes

369

00:12:55,509 --> 00:12:52,399

and uh and and kind of revise everything

370

00:12:57,350 --> 00:12:55,519

uh based on new information and uh oh

371

00:12:58,710 --> 00:12:57,360

but getting to the consciousness

372

00:13:00,790 --> 00:12:58,720

thing just if you want to take a deep

373

00:13:01,670 --> 00:13:00,800

dive into that i have a friend named exo

374

00:13:04,230 --> 00:13:01,680

academian

375

00:13:05,670 --> 00:13:04,240

and he runs an uh one of the coolest

376

00:13:07,910 --> 00:13:05,680

podcast

377

00:13:09,590 --> 00:13:07,920

on um ufos and consciousness called the

378

00:13:13,030 --> 00:13:09,600

point of convergence

379

00:13:13,750 --> 00:13:13,040

wow i would say definitely check out his

380

00:13:15,590 --> 00:13:13,760

stuff

381

00:13:17,269 --> 00:13:15,600

because he he goes into everything from

382

00:13:18,790 --> 00:13:17,279

consciousness psychic phenomenon near

383

00:13:21,990 --> 00:13:18,800

death experiences

384

00:13:22,790 --> 00:13:22,000

contact and kind of everything that and

385

00:13:24,470 --> 00:13:22,800

again it's

386

00:13:26,150 --> 00:13:24,480

he calls it the point of convergence

387

00:13:27,990 --> 00:13:26,160

because it's you know you have all these

388

00:13:29,590 --> 00:13:28,000

different things ufos and

389

00:13:31,269 --> 00:13:29,600

the psychic phenomenon near-death

390

00:13:33,750 --> 00:13:31,279

experiences and and they all kind of

391

00:13:34,629 --> 00:13:33,760

meet at this point right accents you

392

00:13:41,910 --> 00:13:34,639

know

393

00:13:43,590 --> 00:13:41,920

are still maybe a little um

394

00:13:45,430 --> 00:13:43,600

you know deterred by that terminology

395

00:13:47,509 --> 00:13:45,440

but i think most people kind of like

396

00:13:49,910 --> 00:13:47,519

especially in our generation

397

00:13:50,629 --> 00:13:49,920

uh like they get it you know absolutely

398

00:13:52,790 --> 00:13:50,639

it's there's

399

00:13:54,790 --> 00:13:52,800

a lot of curiosity there and to be just

400

00:13:57,030 --> 00:13:54,800

to say carry on on that point i actually

401
00:13:57,990 --> 00:13:57,040
do follow exo academia on twitter but

402
00:13:59,509 --> 00:13:58,000
i've not

403
00:14:01,269 --> 00:13:59,519
looked into his podcast yet so i

404
00:14:04,389 --> 00:14:01,279
definitely will go and check that out i

405
00:14:08,710 --> 00:14:04,399
appreciate the uh the recommendation so

406
00:14:10,150 --> 00:14:08,720
yeah so um let's jump on to greer

407
00:14:10,790 --> 00:14:10,160
because i just want to get it out

408
00:14:12,790 --> 00:14:10,800
because

409
00:14:14,949 --> 00:14:12,800
something that i've found is i've been a

410
00:14:16,550 --> 00:14:14,959
fan of greer for a long time going back

411
00:14:19,829 --> 00:14:16,560
and then over these last

412
00:14:21,990 --> 00:14:19,839
what three four years seeing everything

413
00:14:24,550 --> 00:14:22,000

that's going on and the word behind the

414

00:14:27,030 --> 00:14:24,560

scenes that he really kind of

415

00:14:28,150 --> 00:14:27,040

he's frowned upon a bit these days um i

416

00:14:29,350 --> 00:14:28,160

think you're probably in a better

417

00:14:31,750 --> 00:14:29,360

position to talk about

418

00:14:33,350 --> 00:14:31,760

what happened than i am so i'd love to

419

00:14:35,509 --> 00:14:33,360

hear your point of view man

420

00:14:37,750 --> 00:14:35,519

yeah and it's because i always every

421

00:14:39,829 --> 00:14:37,760

time i go live on instagram and stuff

422

00:14:43,590 --> 00:14:39,839

some of the first comments every time

423

00:14:45,350 --> 00:14:43,600

are gria gria talk about grier and i

424

00:14:46,790 --> 00:14:45,360

i've i've had a little bit of enough of

425

00:14:48,310 --> 00:14:46,800

trying to explain it so

426

00:14:50,069 --> 00:14:48,320

i'd rather somebody with a bit more

427

00:14:52,230 --> 00:14:50,079

knowledge gives it a go

428

00:14:54,069 --> 00:14:52,240

yeah i mean i honestly i i don't think

429

00:14:54,629 --> 00:14:54,079

people really want to know because if

430

00:14:56,829 --> 00:14:54,639

people knew

431

00:14:57,990 --> 00:14:56,839

everything i think they would be very

432

00:14:59,990 --> 00:14:58,000

upset

433

00:15:02,230 --> 00:15:00,000

and i'm saying that completely honestly

434

00:15:04,230 --> 00:15:02,240

and somebody who had

435

00:15:05,990 --> 00:15:04,240

tremendous respect for dr greer over the

436

00:15:09,750 --> 00:15:06,000

years there's just a lot that people

437

00:15:13,590 --> 00:15:11,910

that would probably change their minds i

438

00:15:16,550 --> 00:15:13,600

mean and i get it you know he

439

00:15:16,949 --> 00:15:16,560

you know he had had kind of spearheaded

440

00:15:22,629 --> 00:15:16,959

an

441

00:15:24,069 --> 00:15:22,639

know if there would have been a to the

442

00:15:27,430 --> 00:15:24,079

stars academy

443

00:15:30,470 --> 00:15:27,440

um without um the disclosure project

444

00:15:33,990 --> 00:15:30,480

you know and so much has

445

00:15:36,310 --> 00:15:34,000

happened back starting in the 90s

446

00:15:37,350 --> 00:15:36,320

that is you know we're just seeing the

447

00:15:40,069 --> 00:15:37,360

fruits of all that

448

00:15:40,389 --> 00:15:40,079

now you know in the past few years again

449

00:15:43,749 --> 00:15:40,399

this

450

00:15:45,749 --> 00:15:43,759

is a momentum building that became a

451
00:15:46,790 --> 00:15:45,759
waterfall that frickin just broke

452
00:15:48,629 --> 00:15:46,800
everything

453
00:15:51,030 --> 00:15:48,639
and uh it's because of those because you

454
00:15:51,990 --> 00:15:51,040
know um john podesta we see him in the

455
00:15:55,269 --> 00:15:52,000
in the media now

456
00:15:57,110 --> 00:15:55,279
you know he was yeah so he you know he

457
00:15:59,269 --> 00:15:57,120
got involved when the clintons did

458
00:16:01,189 --> 00:15:59,279
and lawrence rockefeller because of dr

459
00:16:03,110 --> 00:16:01,199
grier's work back then called you know

460
00:16:06,949 --> 00:16:03,120
project starlight which became

461
00:16:08,389 --> 00:16:06,959
the disclosure project sure um so

462
00:16:10,069 --> 00:16:08,399
i mean you know what do you do with this

463
00:16:11,749 --> 00:16:10,079

right it's like

464

00:16:13,189 --> 00:16:11,759

he's done some incredible work but even

465

00:16:14,870 --> 00:16:13,199

even back then like

466

00:16:16,310 --> 00:16:14,880

if you go look back at some of the old

467

00:16:19,269 --> 00:16:16,320

disclosure project witness

468

00:16:21,030 --> 00:16:19,279

testimony videos yeah like you can hear

469

00:16:23,030 --> 00:16:21,040

and listen sometimes you see her hair

470

00:16:25,030 --> 00:16:23,040

but leslie keane was involved with that

471

00:16:26,230 --> 00:16:25,040

and she won't she won't mention it she

472

00:16:28,790 --> 00:16:26,240

won't talk about it

473

00:16:29,350 --> 00:16:28,800

and i hope she's she's not upset that i

474

00:16:31,189 --> 00:16:29,360

say this

475

00:16:32,389 --> 00:16:31,199

um but you know she she did some of

476

00:16:34,389 --> 00:16:32,399

those interviews

477

00:16:35,509 --> 00:16:34,399

and uh james fox was involved a little

478

00:16:38,629 --> 00:16:35,519

back then and

479

00:16:41,110 --> 00:16:38,639

um and uh ed mitchell

480

00:16:41,910 --> 00:16:41,120

of course we know that he was involved

481

00:16:45,110 --> 00:16:41,920

and um

482

00:16:47,030 --> 00:16:45,120

he burned he burned them you know um

483

00:16:48,629 --> 00:16:47,040

i think like they were supposed to be

484

00:16:49,030 --> 00:16:48,639

and and you know don't quote me on this

485

00:16:51,189 --> 00:16:49,040

part

486

00:16:52,069 --> 00:16:51,199

but from what i understand like leslie

487

00:16:54,310 --> 00:16:52,079

keane and someone

488

00:16:56,389 --> 00:16:54,320

and and ed mitchell were supposed to be

489

00:16:58,150 --> 00:16:56,399

part of that 2001 event

490

00:16:59,829 --> 00:16:58,160

right and they and they kind of got put

491

00:17:02,870 --> 00:16:59,839

by the side and it was kind of

492

00:17:05,029 --> 00:17:02,880

placed as like all greer and i

493

00:17:06,789 --> 00:17:05,039

i think they got really upset with that

494

00:17:07,990 --> 00:17:06,799

and um you know if you look at leslie

495

00:17:10,230 --> 00:17:08,000

keane's book

496

00:17:12,390 --> 00:17:10,240

yeah which is is one of the best books

497

00:17:16,230 --> 00:17:12,400

on ufo's ever written

498

00:17:17,510 --> 00:17:16,240

um the ufos generals go on the record

499

00:17:20,230 --> 00:17:17,520

those are all disclosure project

500

00:17:23,189 --> 00:17:20,240

witnesses and she knew all of them

501
00:17:25,429 --> 00:17:23,199
she knew all of them from that time um i

502
00:17:28,470 --> 00:17:25,439
believe she was at the press club event

503
00:17:30,870 --> 00:17:28,480
and her um

504
00:17:32,630 --> 00:17:30,880
dr greer's top military advisor

505
00:17:37,669 --> 00:17:32,640
commander will miller

506
00:17:40,870 --> 00:17:37,679
one of leslie keane's sources

507
00:17:41,669 --> 00:17:40,880
for a lot of stuff wow so it's crazy

508
00:17:44,230 --> 00:17:41,679
yeah

509
00:17:45,350 --> 00:17:44,240
you know miller was in like legitimate

510
00:17:47,270 --> 00:17:45,360
programs not

511
00:17:49,029 --> 00:17:47,280
not so much ufo programs it was a

512
00:17:52,950 --> 00:17:49,039
high-ranking navy guy

513
00:17:54,630 --> 00:17:52,960

right um he was a naval commander and he

514

00:17:55,990 --> 00:17:54,640

he saw a lot of stuff and he knew how

515

00:17:59,029 --> 00:17:56,000

the system worked

516

00:17:59,830 --> 00:17:59,039

he helped get the wilson meeting um wow

517

00:18:01,350 --> 00:17:59,840

you know and that

518

00:18:02,870 --> 00:18:01,360

and that was a few years in the making i

519

00:18:04,230 --> 00:18:02,880

found a document

520

00:18:06,630 --> 00:18:04,240

that i actually released with um

521

00:18:08,870 --> 00:18:06,640

giuliana marinkovic

522

00:18:09,750 --> 00:18:08,880

where um there was a correspondence

523

00:18:12,950 --> 00:18:09,760

between um

524

00:18:14,310 --> 00:18:12,960

will miller and tom and tom wilson

525

00:18:16,310 --> 00:18:14,320

trying to get this interview

526

00:18:18,390 --> 00:18:16,320

or this this briefing with dr greer

527

00:18:19,909 --> 00:18:18,400

starting in 95 so that was you know two

528

00:18:21,190 --> 00:18:19,919

years in the making before they had it

529

00:18:24,789 --> 00:18:21,200

in 1997.

530

00:18:25,750 --> 00:18:24,799

sure um but i'm actually gonna have an

531

00:18:28,230 --> 00:18:25,760

interview

532

00:18:30,150 --> 00:18:28,240

um with a good friend of mine and his

533

00:18:32,070 --> 00:18:30,160

name is dr joseph burks

534

00:18:36,310 --> 00:18:32,080

and he was on the sea seti board of

535

00:18:39,510 --> 00:18:36,320

directors from 1992 to 1998.

536

00:18:41,110 --> 00:18:39,520

and he he saw he saw how

537

00:18:43,190 --> 00:18:41,120

you know he was there for the early days

538

00:18:46,230 --> 00:18:43,200

of ccd with dr grier

539

00:18:47,350 --> 00:18:46,240

and he saw a lot of things that were

540

00:18:49,590 --> 00:18:47,360

going wrong

541

00:18:52,070 --> 00:18:49,600

and you know he had to leave in 1998

542

00:18:53,990 --> 00:18:52,080

because he was so disgusted and hurt

543

00:18:55,669 --> 00:18:54,000

at um you know what he had experienced

544

00:18:58,549 --> 00:18:55,679

with

545

00:18:59,909 --> 00:18:58,559

and dr greer that he had to leave and

546

00:19:01,669 --> 00:18:59,919

you know this is another medical

547

00:19:03,669 --> 00:19:01,679

doctor he's an md he was another

548

00:19:05,990 --> 00:19:03,679

emergency room doctor

549

00:19:07,510 --> 00:19:06,000

and um you know in that in that

550

00:19:08,870 --> 00:19:07,520

interview we're going to talk about some

551
00:19:10,630 --> 00:19:08,880
of those early days and some of the

552
00:19:12,950 --> 00:19:10,640
things that went wrong

553
00:19:14,070 --> 00:19:12,960
wow and how things got off course

554
00:19:15,669 --> 00:19:14,080
because it's important for the

555
00:19:16,549 --> 00:19:15,679
historical record of you know of this

556
00:19:17,909 --> 00:19:16,559
year it is

557
00:19:19,669 --> 00:19:17,919
it is and that's kind of what i wanted

558
00:19:21,430 --> 00:19:19,679
you to sorry sorry to interrupt this is

559
00:19:22,870 --> 00:19:21,440
why i needed to hear it really from you

560
00:19:23,350 --> 00:19:22,880
because i knew you were the man to ask

561
00:19:25,110 --> 00:19:23,360
and

562
00:19:26,789 --> 00:19:25,120
as much as people tell me not to waste

563
00:19:28,630 --> 00:19:26,799

my breath on grier and stuff like that

564

00:19:29,270 --> 00:19:28,640

i'm sorry but it is it needs to be laid

565

00:19:32,150 --> 00:19:29,280

out there

566

00:19:32,549 --> 00:19:32,160

you know once and for all for the record

567

00:19:38,150 --> 00:19:32,559

so

568

00:19:40,549 --> 00:19:38,160

again he again he's done tremendous work

569

00:19:42,870 --> 00:19:40,559

and i i hate to see where it's come to

570

00:19:44,870 --> 00:19:42,880

where you know he's now

571

00:19:46,150 --> 00:19:44,880

name-calling people like louis lozano

572

00:19:48,710 --> 00:19:46,160

he's never spoken to

573

00:19:49,750 --> 00:19:48,720

luella zondo and he's you know he's

574

00:19:52,789 --> 00:19:49,760

saying he's this

575

00:19:54,070 --> 00:19:52,799

the dis master spy master disinformation

576

00:19:56,310 --> 00:19:54,080

agent and all this kind of stuff it's

577

00:19:59,990 --> 00:19:56,320

like you never spoke to the man

578

00:20:01,830 --> 00:20:00,000

you know um if if he was you know if he

579

00:20:03,110 --> 00:20:01,840

came to grier and said hey listen dr

580

00:20:04,789 --> 00:20:03,120

greer i want to help you i'm sure it'd

581

00:20:05,110 --> 00:20:04,799

be a completely different story but you

582

00:20:08,390 --> 00:20:05,120

know

583

00:20:10,149 --> 00:20:08,400

that's not what happened and um

584

00:20:11,669 --> 00:20:10,159

it's it you know it shouldn't be that

585

00:20:14,549 --> 00:20:11,679

way so

586

00:20:16,149 --> 00:20:14,559

um you know some of the heat he's

587

00:20:17,110 --> 00:20:16,159

catching out he he kind of brought that

588

00:20:18,630 --> 00:20:17,120

on himself and i

589

00:20:20,310 --> 00:20:18,640

i don't you know he's supposed to be you

590

00:20:22,789 --> 00:20:20,320

know he's talking about you know

591

00:20:24,549 --> 00:20:22,799

universal peace one universe one people

592

00:20:25,990 --> 00:20:24,559

yeah i don't see how that includes

593

00:20:27,909 --> 00:20:26,000

trying to shame somebody that you've

594

00:20:29,270 --> 00:20:27,919

never talked to and and

595

00:20:30,950 --> 00:20:29,280

trying to paint them as this negative

596

00:20:32,230 --> 00:20:30,960

picture it's like

597

00:20:34,390 --> 00:20:32,240

why don't you try to speak to the guy

598

00:20:37,110 --> 00:20:34,400

hear me out

599

00:20:38,870 --> 00:20:37,120

rather than you know trying to publicly

600

00:20:42,149 --> 00:20:38,880

humiliate the guy for several years

601
00:20:44,630 --> 00:20:42,159
since 2 2017 and um

602
00:20:46,470 --> 00:20:44,640
you know and and is a there's a double

603
00:20:48,470 --> 00:20:46,480
standard in that as well

604
00:20:49,909 --> 00:20:48,480
because if you look at the disclosure

605
00:20:52,630 --> 00:20:49,919
project witnesses

606
00:20:53,510 --> 00:20:52,640
90 of them are intelligence and military

607
00:20:56,149 --> 00:20:53,520
officials

608
00:20:58,230 --> 00:20:56,159
so how how come those guys are okay but

609
00:20:59,909 --> 00:20:58,240
louis lozando is part of some secret

610
00:21:02,630 --> 00:20:59,919
plan to

611
00:21:03,110 --> 00:21:02,640
you know hoax and alien threat attack

612
00:21:05,510 --> 00:21:03,120
and i

613
00:21:08,310 --> 00:21:05,520

i i get i understand okay yeah there's

614

00:21:11,350 --> 00:21:08,320

the the threat part is brought up

615

00:21:15,270 --> 00:21:11,360

um you know but for for one let's

616

00:21:17,190 --> 00:21:15,280

you know how put offs um recent sse

617

00:21:18,390 --> 00:21:17,200

talks have have uh been released on

618

00:21:20,470 --> 00:21:18,400

mysterywire

619

00:21:22,149 --> 00:21:20,480

and hal put off said yeah and you know

620

00:21:23,830 --> 00:21:22,159

how put off is saying listen the number

621

00:21:27,510 --> 00:21:23,840

one threat

622

00:21:29,830 --> 00:21:27,520

um wasn't the the ufos and

623

00:21:31,270 --> 00:21:29,840

you know themselves although they're of

624

00:21:32,470 --> 00:21:31,280

course they cause a concern they can

625

00:21:33,430 --> 00:21:32,480

come in and shut off nukes and the

626
00:21:35,590 --> 00:21:33,440
president wants to

627
00:21:37,430 --> 00:21:35,600
you know use something and he can't of

628
00:21:38,870 --> 00:21:37,440
course that would be a concern right so

629
00:21:40,230 --> 00:21:38,880
why wouldn't you why would you just look

630
00:21:41,830 --> 00:21:40,240
the other way no matter what it was

631
00:21:44,310 --> 00:21:41,840
right

632
00:21:46,390 --> 00:21:44,320
yeah um but so but hal put off was

633
00:21:46,789 --> 00:21:46,400
saying no the number one threat was that

634
00:21:49,110 --> 00:21:46,799
like

635
00:21:50,070 --> 00:21:49,120
china and russia and other adversaries

636
00:21:52,230 --> 00:21:50,080
or you know

637
00:21:53,590 --> 00:21:52,240
foreign countries are going to look at

638
00:21:56,870 --> 00:21:53,600

this technology

639

00:21:58,710 --> 00:21:56,880

and bypass um uh you know

640

00:21:59,990 --> 00:21:58,720

american technology you know on the

641

00:22:02,789 --> 00:22:00,000

united states

642

00:22:04,470 --> 00:22:02,799

um so that for the the involvement of

643

00:22:06,710 --> 00:22:04,480

the u.s with atip

644

00:22:08,230 --> 00:22:06,720

um one of the main threats that they

645

00:22:10,950 --> 00:22:08,240

were assessing was that like what would

646

00:22:14,230 --> 00:22:10,960

happen if you know russia or china or

647

00:22:14,710 --> 00:22:14,240

india or anybody else got a crash saw

648

00:22:16,630 --> 00:22:14,720

you know

649

00:22:18,230 --> 00:22:16,640

one of these objects and and was able to

650

00:22:21,590 --> 00:22:18,240

leapfrog us in technology

651
00:22:21,830 --> 00:22:21,600
yeah um so yeah so they said that was

652
00:22:25,510 --> 00:22:21,840
the

653
00:22:29,110 --> 00:22:25,520
threat aspect of it

654
00:22:30,470 --> 00:22:29,120
um but again i you know i i understand

655
00:22:31,110 --> 00:22:30,480
people are concerned about the threat

656
00:22:34,789 --> 00:22:31,120
narrative

657
00:22:37,990 --> 00:22:34,799
it is a genuine concern um but it's not

658
00:22:41,190 --> 00:22:38,000
it's not one that's not up for debate

659
00:22:45,190 --> 00:22:41,200
so you know we shouldn't tell people uh

660
00:22:45,990 --> 00:22:45,200
you know like you should have nothing to

661
00:22:47,669 --> 00:22:46,000
worry about

662
00:22:49,430 --> 00:22:47,679
it's like you know people have a right

663
00:22:49,669 --> 00:22:49,440

to look into the matter for themselves

664

00:22:57,510 --> 00:22:49,679

and

665

00:22:59,190 --> 00:22:57,520

what to think you know i i i think

666

00:23:00,870 --> 00:22:59,200

and look here's the thing you know i'm

667

00:23:04,470 --> 00:23:00,880

i'm an experienter who's had

668

00:23:07,270 --> 00:23:04,480

positive experiences so i understand

669

00:23:07,990 --> 00:23:07,280

better than anybody you know my i i had

670

00:23:09,669 --> 00:23:08,000

felt in my

671

00:23:12,470 --> 00:23:09,679

experiences that you know the

672

00:23:15,270 --> 00:23:12,480

intelligence was um

673

00:23:17,350 --> 00:23:15,280

you know did not mean me harm in any way

674

00:23:19,270 --> 00:23:17,360

it wasn't a threat to me at all

675

00:23:20,549 --> 00:23:19,280

um but you know you're talking to the

676

00:23:22,149 --> 00:23:20,559

entire public

677

00:23:23,590 --> 00:23:22,159

this that's one of the first questions

678

00:23:25,430 --> 00:23:23,600

they're going to ask so

679

00:23:27,190 --> 00:23:25,440

you're you're not going to somehow avoid

680

00:23:28,310 --> 00:23:27,200

that conversation by telling them what

681

00:23:31,590 --> 00:23:28,320

to think

682

00:23:34,310 --> 00:23:31,600

um so i mean we shouldn't

683

00:23:35,190 --> 00:23:34,320

like cancel people's perspectives and

684

00:23:38,789 --> 00:23:35,200

say

685

00:23:40,630 --> 00:23:38,799

the whole threat thing is um is a hoax

686

00:23:42,789 --> 00:23:40,640

because that's propaganda

687

00:23:43,909 --> 00:23:42,799

yeah um and and that's divisive what you

688

00:23:47,110 --> 00:23:43,919

need to do is say

689

00:23:49,350 --> 00:23:47,120

okay i understand that

690

00:23:50,789 --> 00:23:49,360

there's a concern and and this can be

691

00:23:53,269 --> 00:23:50,799

seen as a threat but

692

00:23:55,190 --> 00:23:53,279

let's have a dialogue about it and come

693

00:23:57,110 --> 00:23:55,200

to a conclusion together

694

00:23:58,950 --> 00:23:57,120

and here's what i think here's my

695

00:24:01,269 --> 00:23:58,960

evidence

696

00:24:02,470 --> 00:24:01,279

no that's a good way of doing it yeah

697

00:24:05,029 --> 00:24:02,480

yeah not

698

00:24:06,310 --> 00:24:05,039

not you know all these narratives where

699

00:24:09,029 --> 00:24:06,320

you know i'm going to tell you what

700

00:24:11,029 --> 00:24:09,039

what is going on and i know everything

701
00:24:12,630 --> 00:24:11,039
and um

702
00:24:14,310 --> 00:24:12,640
yeah it's a it's a tough topic because i

703
00:24:15,510 --> 00:24:14,320
unders people get very emotionally

704
00:24:17,190 --> 00:24:15,520
charged

705
00:24:19,110 --> 00:24:17,200
and you know you have somebody like dr

706
00:24:19,909 --> 00:24:19,120
greer who's kind of put his whole life

707
00:24:22,149 --> 00:24:19,919
into this

708
00:24:23,190 --> 00:24:22,159
you know um even if he made a lot of

709
00:24:26,549 --> 00:24:23,200
money

710
00:24:28,070 --> 00:24:26,559
um yes indeed he

711
00:24:30,230 --> 00:24:28,080
i don't think anybody's made more money

712
00:24:32,549 --> 00:24:30,240
in ufology than him no way not even

713
00:24:35,990 --> 00:24:32,559

close in my opinion right right

714

00:24:37,510 --> 00:24:36,000

um so um you know

715

00:24:39,190 --> 00:24:37,520

it is what it is i guess when it comes

716

00:24:40,710 --> 00:24:39,200

to that and um

717

00:24:42,630 --> 00:24:40,720

yeah i mean the thing is with the threat

718

00:24:44,789 --> 00:24:42,640

narrative as well is that one thing i

719

00:24:47,190 --> 00:24:44,799

see all too often is someone who

720

00:24:47,990 --> 00:24:47,200

sees a media report or article and it

721

00:24:50,470 --> 00:24:48,000

says

722

00:24:52,710 --> 00:24:50,480

talks about a national security threat

723

00:24:54,390 --> 00:24:52,720

then they comment or message saying

724

00:24:56,470 --> 00:24:54,400

if they wanted us dead they'd have blown

725

00:24:57,669 --> 00:24:56,480

us up years ago like they're jumping to

726

00:24:59,590 --> 00:24:57,679

that conclusion that

727

00:25:01,110 --> 00:24:59,600

national security threat is a roundabout

728

00:25:02,390 --> 00:25:01,120

way of saying there's going to be an

729

00:25:04,950 --> 00:25:02,400

invasion or

730

00:25:06,470 --> 00:25:04,960

things like that they go sort of from

731

00:25:08,070 --> 00:25:06,480

the start to the end without going

732

00:25:09,669 --> 00:25:08,080

through the middle to really rationalize

733

00:25:11,350 --> 00:25:09,679

it and think about it which

734

00:25:13,590 --> 00:25:11,360

it's understandable it's human nature

735

00:25:14,630 --> 00:25:13,600

but people need to slow down just a

736

00:25:18,470 --> 00:25:14,640

little bit and yeah

737

00:25:20,310 --> 00:25:18,480

it's a difficult one yeah yeah and again

738

00:25:22,070 --> 00:25:20,320

people get emotionally charged and you

739

00:25:23,909 --> 00:25:22,080

know everybody's excited because this

740

00:25:26,630 --> 00:25:23,919

information is coming out but sometimes

741

00:25:29,110 --> 00:25:26,640

excitement can turn into paranoia

742

00:25:30,710 --> 00:25:29,120

fear and you know anxiety and and all

743

00:25:32,149 --> 00:25:30,720

these things and i i completely

744

00:25:33,669 --> 00:25:32,159

understand that there's you know nobody

745

00:25:36,390 --> 00:25:33,679

more excited than people like us

746

00:25:37,430 --> 00:25:36,400

you know following the subject and it's

747

00:25:39,190 --> 00:25:37,440

exciting but you got to get your

748

00:25:40,310 --> 00:25:39,200

bearings together and kind of look look

749

00:25:42,710 --> 00:25:40,320

at everything

750

00:25:45,269 --> 00:25:42,720

and say you know okay well you know it's

751
00:25:48,630 --> 00:25:45,279
a it's not being pushed as a threat like

752
00:25:50,310 --> 00:25:48,640
imminent threat nobody's you know

753
00:25:51,669 --> 00:25:50,320
there might be like one or two articles

754
00:25:52,070 --> 00:25:51,679
over there that say something really

755
00:25:53,750 --> 00:25:52,080
dumb

756
00:25:55,110 --> 00:25:53,760
like you know the headlines like oh

757
00:25:57,350 --> 00:25:55,120
they're here to eat us or some

758
00:25:59,110 --> 00:25:57,360
you know and that's even meant that's

759
00:26:00,630 --> 00:25:59,120
it's meant to be hyperbolic they're

760
00:26:03,269 --> 00:26:00,640
trying to get clicks and

761
00:26:05,669 --> 00:26:03,279
yeah they're they're doing their job as

762
00:26:08,710 --> 00:26:05,679
a media person being sensational

763
00:26:10,390 --> 00:26:08,720

um so yeah i get that but there's no

764

00:26:12,149 --> 00:26:10,400

of course that's going to happen you

765

00:26:14,149 --> 00:26:12,159

know um

766

00:26:15,510 --> 00:26:14,159

so these are things that we have to just

767

00:26:18,630 --> 00:26:15,520

deal with as they come and

768

00:26:20,710 --> 00:26:18,640

and uh you know get rid of some of the

769

00:26:23,350 --> 00:26:20,720

extremes

770

00:26:24,630 --> 00:26:23,360

yeah no definitely let's move on and

771

00:26:28,070 --> 00:26:24,640

talk about obviously

772

00:26:30,630 --> 00:26:28,080

this week tomorrow the report's due

773

00:26:31,590 --> 00:26:30,640

um well probably not to the public but

774

00:26:33,909 --> 00:26:31,600

apparently it's going to be

775

00:26:35,430 --> 00:26:33,919

um given to congress on time what are

776

00:26:36,950 --> 00:26:35,440

your few views on that

777

00:26:38,630 --> 00:26:36,960

do you think we'll get anything do you

778

00:26:41,990 --> 00:26:38,640

think it would just

779

00:26:43,590 --> 00:26:42,000

be a big nothing or no i mean i think

780

00:26:44,390 --> 00:26:43,600

somewhat they've already confirmed that

781

00:26:48,070 --> 00:26:44,400

the

782

00:26:50,390 --> 00:26:48,080

not our technology

783

00:26:52,950 --> 00:26:50,400

i mean at least the us i'm sorry because

784

00:26:56,230 --> 00:26:52,960

i'm the united states so i when i say

785

00:26:58,070 --> 00:26:56,240

you know um so i think the report is

786

00:27:00,070 --> 00:26:58,080

going to confirm like this is not a

787

00:27:01,590 --> 00:27:00,080

u.s black program that's interfering

788

00:27:05,510 --> 00:27:01,600

with our own um

789

00:27:08,070 --> 00:27:05,520

military i so i think that

790

00:27:10,070 --> 00:27:08,080

you know they'll probably still leave

791

00:27:11,110 --> 00:27:10,080

that door open like oh maybe it's china

792

00:27:14,149 --> 00:27:11,120

or russia but i

793

00:27:15,350 --> 00:27:14,159

i would have to imagine that some of the

794

00:27:17,110 --> 00:27:15,360

conclusions are gonna

795

00:27:18,470 --> 00:27:17,120

they would if they're being honest they

796

00:27:21,510 --> 00:27:18,480

should um

797

00:27:23,830 --> 00:27:21,520

reaches that like china and russia are

798

00:27:24,950 --> 00:27:23,840

not going to be able to perform some of

799

00:27:27,510 --> 00:27:24,960

those capabilities

800

00:27:29,110 --> 00:27:27,520

you know and in such in such mass right

801
00:27:31,430 --> 00:27:29,120
so consistently

802
00:27:33,750 --> 00:27:31,440
um the resources that it would take to

803
00:27:35,669 --> 00:27:33,760
to do all that would just

804
00:27:37,190 --> 00:27:35,679
you know it wouldn't make sense yeah i

805
00:27:40,310 --> 00:27:37,200
thought it told you that's how i see it

806
00:27:41,590 --> 00:27:40,320
yeah you know um and the fact that none

807
00:27:43,430 --> 00:27:41,600
of these objects have been

808
00:27:44,950 --> 00:27:43,440
as far as we know have been captured i

809
00:27:45,350 --> 00:27:44,960
mean come on we wouldn't have gotten one

810
00:27:46,870 --> 00:27:45,360
of them

811
00:27:49,909 --> 00:27:46,880
you know if it was china russia like

812
00:27:53,350 --> 00:27:52,710
yeah so again i i think it's a step

813
00:27:55,669 --> 00:27:53,360

forward

814

00:27:57,669 --> 00:27:55,679

i think we are going to get some goodies

815

00:27:59,269 --> 00:27:57,679

um not goodies in the sense where it's

816

00:28:01,269 --> 00:27:59,279

like they're gonna

817

00:28:02,470 --> 00:28:01,279

um they're gonna confirm something crazy

818

00:28:05,350 --> 00:28:02,480

but there's going to be some

819

00:28:07,029 --> 00:28:05,360

some um new information that i mean we

820

00:28:08,070 --> 00:28:07,039

already got the the new director is

821

00:28:10,230 --> 00:28:08,080

finally uh

822

00:28:12,230 --> 00:28:10,240

public i know it seemed all a bit

823

00:28:13,669 --> 00:28:12,240

convenient the day before i was very

824

00:28:14,830 --> 00:28:13,679

happy when i woke up this morning and

825

00:28:17,190 --> 00:28:14,840

saw that

826

00:28:17,750 --> 00:28:17,200

yeah his name had come out so yeah it's

827

00:28:19,590 --> 00:28:17,760

good

828

00:28:21,350 --> 00:28:19,600

i mean i wonder if now if he'll be able

829

00:28:22,310 --> 00:28:21,360

to talk now that he's public at all and

830

00:28:23,669 --> 00:28:22,320

i i mean i think

831

00:28:25,430 --> 00:28:23,679

maybe they did that because they figure

832

00:28:27,590 --> 00:28:25,440

okay um

833

00:28:29,269 --> 00:28:27,600

they they decided because i'm sure

834

00:28:32,549 --> 00:28:29,279

people saw the report early

835

00:28:34,310 --> 00:28:32,559

that um they're gonna um say okay this

836

00:28:37,750 --> 00:28:34,320

is we're gonna make the uapf

837

00:28:38,070 --> 00:28:37,760

a permanent kind of structure and uh

838

00:28:41,350 --> 00:28:38,080

this

839

00:28:44,149 --> 00:28:41,360

and so

840

00:28:45,350 --> 00:28:44,159

once in a while to the media um i i

841

00:28:46,789 --> 00:28:45,360

think that would be awesome i don't know

842

00:28:50,950 --> 00:28:46,799

if that's gonna happen

843

00:28:51,750 --> 00:28:50,960

um but if the uh uap task force has some

844

00:28:54,630 --> 00:28:51,760

kind of

845

00:28:56,470 --> 00:28:54,640

spokesperson or somebody that can give

846

00:28:58,310 --> 00:28:56,480

comments to the media to publish that

847

00:29:00,870 --> 00:28:58,320

would be really awesome

848

00:29:01,669 --> 00:29:00,880

um but yeah i think i think so we're

849

00:29:04,389 --> 00:29:01,679

going to get

850

00:29:04,789 --> 00:29:04,399

the the report it's going to kind of say

851

00:29:07,430 --> 00:29:04,799

okay

852

00:29:09,110 --> 00:29:07,440

this is not u.s tech requires further

853

00:29:12,389 --> 00:29:09,120

investigation

854

00:29:15,350 --> 00:29:12,399

and hopefully they get that permanent

855

00:29:16,950 --> 00:29:15,360

uh you know body that is able to

856

00:29:19,830 --> 00:29:16,960

continuously

857

00:29:21,269 --> 00:29:19,840

uh investigate uap and you know i think

858

00:29:22,789 --> 00:29:21,279

it's gonna make

859

00:29:24,710 --> 00:29:22,799

there's gonna be a lot of uh media

860

00:29:27,590 --> 00:29:24,720

attention around the report

861

00:29:29,269 --> 00:29:27,600

um probably probably again both more of

862

00:29:31,909 --> 00:29:29,279

what we've been seeing

863

00:29:34,149 --> 00:29:31,919

with some some making some really great

864

00:29:35,510 --> 00:29:34,159

uh articles and insights and and asking

865

00:29:37,110 --> 00:29:35,520

some great questions and others just

866

00:29:39,590 --> 00:29:37,120

being dismissive and

867

00:29:40,310 --> 00:29:39,600

you know kind of like old old hat stuff

868

00:29:42,950 --> 00:29:40,320

but

869

00:29:43,909 --> 00:29:42,960

um overall i think it's gonna be a good

870

00:29:46,070 --> 00:29:43,919

thing

871

00:29:47,110 --> 00:29:46,080

and uh yeah i think we're gonna get i

872

00:29:48,789 --> 00:29:47,120

think we're gonna

873

00:29:50,149 --> 00:29:48,799

you know we're gonna get a little more

874

00:29:51,190 --> 00:29:50,159

and it's gonna be part of a process

875

00:29:53,269 --> 00:29:51,200

going forward

876

00:29:55,430 --> 00:29:53,279

no i totally agree and i think again the

877

00:29:56,870 --> 00:29:55,440

same this if the task force can be made

878

00:29:59,750 --> 00:29:56,880

a permanent fixture

879

00:30:01,510 --> 00:29:59,760

going forward you know that adds i mean

880

00:30:02,389 --> 00:30:01,520

they get more funding they will be able

881

00:30:04,470 --> 00:30:02,399

to

882

00:30:05,510 --> 00:30:04,480

have more staff involved because i heard

883

00:30:06,470 --> 00:30:05,520

that that's one of the problems they've

884

00:30:08,710 --> 00:30:06,480

had in the last

885

00:30:10,630 --> 00:30:08,720

180 days they just literally didn't have

886

00:30:12,470 --> 00:30:10,640

the number of bodies to go to

887

00:30:13,750 --> 00:30:12,480

all of the agencies in such a short

888

00:30:15,430 --> 00:30:13,760

amount of time with

889

00:30:17,510 --> 00:30:15,440

covid as well and people working from

890

00:30:20,710 --> 00:30:17,520

home and having to do so much

891

00:30:22,549 --> 00:30:20,720

remote work as a task force must be

892

00:30:24,549 --> 00:30:22,559

next to impossible so they need to be

893

00:30:25,750 --> 00:30:24,559

per a permanent fixture i i agree

894

00:30:28,870 --> 00:30:25,760

completely

895

00:30:30,389 --> 00:30:28,880

so um but what about um what about leaks

896

00:30:31,909 --> 00:30:30,399

we've been seeing little bits and pieces

897

00:30:33,350 --> 00:30:31,919

over the past few months with jeremy

898

00:30:34,870 --> 00:30:33,360

corbell and that and obviously he's

899

00:30:35,350 --> 00:30:34,880

hinted at more things coming do you

900

00:30:37,669 --> 00:30:35,360

think that that

901
00:30:38,870 --> 00:30:37,679
will ramp up as well uh the more that

902
00:30:41,269 --> 00:30:38,880
the government

903
00:30:42,710 --> 00:30:41,279
doesn't talk or release anything what

904
00:30:45,269 --> 00:30:42,720
would you think

905
00:30:46,950 --> 00:30:45,279
i i think probably yes i mean i think

906
00:30:49,029 --> 00:30:46,960
it's going to continue

907
00:30:50,070 --> 00:30:49,039
um you know but i also did want to

908
00:30:52,070 --> 00:30:50,080
mention about the the

909
00:30:54,070 --> 00:30:52,080
the task force thing you know lou

910
00:30:55,990 --> 00:30:54,080
lazando was also saying like

911
00:30:57,909 --> 00:30:56,000
you know that if you want to get a

912
00:30:58,230 --> 00:30:57,919
special you know a clearance just to get

913
00:31:01,110 --> 00:30:58,240

some

914

00:31:02,950 --> 00:31:01,120

information from whatever agency you

915

00:31:04,310 --> 00:31:02,960

know even that process could take six

916

00:31:05,029 --> 00:31:04,320

months just to get the clearance and

917

00:31:07,669 --> 00:31:05,039

then you have to

918

00:31:08,549 --> 00:31:07,679

receive the information organize it

919

00:31:12,470 --> 00:31:08,559

analyze it

920

00:31:15,029 --> 00:31:12,480

see what's worthwhile um so

921

00:31:16,950 --> 00:31:15,039

yeah you need that permanent body and i

922

00:31:17,430 --> 00:31:16,960

know people will be concerned with that

923

00:31:19,909 --> 00:31:17,440

too

924

00:31:21,269 --> 00:31:19,919

saying oh well now there's this task

925

00:31:22,950 --> 00:31:21,279

force and they're going to kind of hoard

926
00:31:25,909 --> 00:31:22,960
all the information

927
00:31:27,269 --> 00:31:25,919
and they're not going to give us um the

928
00:31:28,870 --> 00:31:27,279
full transparency of

929
00:31:30,389 --> 00:31:28,880
of what they think we should be getting

930
00:31:33,990 --> 00:31:30,399
now that this is open

931
00:31:37,750 --> 00:31:34,000
and yeah i see this um as like a

932
00:31:38,310 --> 00:31:37,760
uh an ongoing kind of back and forth but

933
00:31:41,909 --> 00:31:38,320
i mean

934
00:31:43,669 --> 00:31:41,919
now that journalists are like really

935
00:31:44,830 --> 00:31:43,679
uh getting involved and doing what they

936
00:31:47,509 --> 00:31:44,840
should have been doing from the

937
00:31:50,070 --> 00:31:47,519
beginning

938
00:31:51,750 --> 00:31:50,080

yeah i think that's going to cause a

939

00:31:54,310 --> 00:31:51,760

huge change man because people are

940

00:31:56,950 --> 00:31:54,320

asking questions i mean i love to see

941

00:31:57,509 --> 00:31:56,960

you know eric weinstein just like going

942

00:32:00,950 --> 00:31:57,519

nuts

943

00:32:03,430 --> 00:32:00,960

on twitter like where is the information

944

00:32:05,350 --> 00:32:03,440

why is you know why is the government

945

00:32:07,110 --> 00:32:05,360

withholding this kind of information and

946

00:32:09,909 --> 00:32:07,120

and basically

947

00:32:10,549 --> 00:32:09,919

you know holding the the narrative for

948

00:32:12,710 --> 00:32:10,559

hostage

949

00:32:13,669 --> 00:32:12,720

you know give the information to

950

00:32:15,990 --> 00:32:13,679

scientists

951
00:32:17,669 --> 00:32:16,000
that's who should be looking at it yeah

952
00:32:18,630 --> 00:32:17,679
you know and of course yeah there's the

953
00:32:21,190 --> 00:32:18,640
national security

954
00:32:23,830 --> 00:32:21,200
concern but it's like okay get some top

955
00:32:25,909 --> 00:32:23,840
scientists from academia

956
00:32:27,110 --> 00:32:25,919
and um you know if you have to give them

957
00:32:28,230 --> 00:32:27,120
a clearance give them a clearance let

958
00:32:30,310 --> 00:32:28,240
them look at the information

959
00:32:32,149 --> 00:32:30,320
and they can even if they can't give

960
00:32:34,149 --> 00:32:32,159
details they can report back in a sense

961
00:32:36,470 --> 00:32:34,159
to the rest of academia and say

962
00:32:38,470 --> 00:32:36,480
you know the information is like truly

963
00:32:39,430 --> 00:32:38,480

inconclusive or you know unidentified or

964

00:32:42,710 --> 00:32:39,440

whatever it is

965

00:32:45,190 --> 00:32:42,720

yeah um so you know those kind of things

966

00:32:46,950 --> 00:32:45,200

are are what's needed for like

967

00:32:48,630 --> 00:32:46,960

tremendous progress and i think i think

968

00:32:51,190 --> 00:32:48,640

we're going to eventually get that

969

00:32:52,789 --> 00:32:51,200

um but yeah you need scientists on board

970

00:32:54,870 --> 00:32:52,799

and things like that so

971

00:32:55,990 --> 00:32:54,880

i i hope to see more developments like

972

00:32:57,430 --> 00:32:56,000

that from

973

00:32:59,110 --> 00:32:57,440

you know we have a permanent body for

974

00:33:02,230 --> 00:32:59,120

the task force

975

00:33:04,310 --> 00:33:02,240

probably continued leaks um

976
00:33:05,509 --> 00:33:04,320
people analyzing that information and i

977
00:33:07,669 --> 00:33:05,519
was actually impressed with

978
00:33:08,630 --> 00:33:07,679
um you know what mick west said the

979
00:33:10,950 --> 00:33:08,640
other day

980
00:33:12,310 --> 00:33:10,960
on unidentified celebrity review he said

981
00:33:15,190 --> 00:33:12,320
you know i can't really

982
00:33:16,630 --> 00:33:15,200
say what um what fragrant and dietrich

983
00:33:18,230 --> 00:33:16,640
saw out there

984
00:33:20,310 --> 00:33:18,240
so you know that's that that was an

985
00:33:22,470 --> 00:33:20,320
interesting um you know

986
00:33:24,630 --> 00:33:22,480
turn of events that at least he kind of

987
00:33:26,950 --> 00:33:24,640
humbled himself a little bit absolutely

988
00:33:28,070 --> 00:33:26,960

yeah that was a good one so you know

989

00:33:31,430 --> 00:33:28,080

imagine if you know

990

00:33:33,110 --> 00:33:31,440

if if uh like neil degrassi tyson

991

00:33:34,549 --> 00:33:33,120

finally came around that you know that

992

00:33:34,870 --> 00:33:34,559

that would i think that would that's you

993

00:33:37,430 --> 00:33:34,880

know

994

00:33:38,710 --> 00:33:37,440

we're like way ahead of the game when

995

00:33:42,149 --> 00:33:38,720

that something like that happens

996

00:33:43,909 --> 00:33:42,159

yes i hope so

997

00:33:45,750 --> 00:33:43,919

because he's a smart guy but for some

998

00:33:47,590 --> 00:33:45,760

reason he gets like really touchy when

999

00:33:49,110 --> 00:33:47,600

you get to the subject

1000

00:33:51,029 --> 00:33:49,120

yeah it puts a lot of people off when

1001
00:33:52,470 --> 00:33:51,039
scientists who are clearly intelligent

1002
00:33:54,470 --> 00:33:52,480
they're likeable

1003
00:33:56,470 --> 00:33:54,480
you see them all the time and then all

1004
00:33:57,430 --> 00:33:56,480
of a sudden they just talk about ufos

1005
00:34:00,710 --> 00:33:57,440
like with

1006
00:34:02,070 --> 00:34:00,720
just in a negative way or they just

1007
00:34:03,430 --> 00:34:02,080
i don't know it puts people off it

1008
00:34:04,470 --> 00:34:03,440
certainly put me off so i hope he

1009
00:34:07,909 --> 00:34:04,480
redeems himself

1010
00:34:09,990 --> 00:34:07,919
in the near future so yeah so do i you

1011
00:34:12,310 --> 00:34:10,000
know and you know carl sagan that was uh

1012
00:34:13,030 --> 00:34:12,320
similar carl sagan was i mean he was he

1013
00:34:16,310 --> 00:34:13,040

wrote the book

1014

00:34:20,069 --> 00:34:16,320

contact which became the movie um

1015

00:34:22,069 --> 00:34:20,079

and it was so strange to me that he uh

1016

00:34:23,349 --> 00:34:22,079

he used some of those themes in that

1017

00:34:25,349 --> 00:34:23,359

movie and it was like

1018

00:34:27,510 --> 00:34:25,359

you know like the the intelligence was

1019

00:34:31,190 --> 00:34:27,520

like creating this reality where

1020

00:34:33,589 --> 00:34:31,200

um the the main character can interact

1021

00:34:35,669 --> 00:34:33,599

with um with them and i don't know i

1022

00:34:37,349 --> 00:34:35,679

found that so insightful so

1023

00:34:39,030 --> 00:34:37,359

i don't know how somebody so insightful

1024

00:34:42,069 --> 00:34:39,040

could just you know

1025

00:34:43,829 --> 00:34:42,079

toss it off so easily yeah crazy

1026
00:34:45,510 --> 00:34:43,839
definitely i mean we had the same over

1027
00:34:47,750 --> 00:34:45,520
here in the uk brian cox

1028
00:34:49,990 --> 00:34:47,760
for years would not touch the subject

1029
00:34:51,669 --> 00:34:50,000
and almost made a joke of it when it was

1030
00:34:53,430 --> 00:34:51,679
brought up in in

1031
00:34:55,109 --> 00:34:53,440
interviews and stuff and you know he's

1032
00:34:56,790 --> 00:34:55,119
turned around this year come around

1033
00:34:57,510 --> 00:34:56,800
talking about the possibilities of that

1034
00:35:00,550 --> 00:34:57,520
and

1035
00:35:02,069 --> 00:35:00,560
scientists too

1036
00:35:03,990 --> 00:35:02,079
but then we've also you're talking about

1037
00:35:05,829 --> 00:35:04,000
scientists working

1038
00:35:08,230 --> 00:35:05,839

within the task force or with the task

1039

00:35:11,349 --> 00:35:08,240

force we have had that with

1040

00:35:13,510 --> 00:35:11,359

atip for example with dr eric davis hal

1041

00:35:15,349 --> 00:35:13,520

puff i mean

1042

00:35:17,190 --> 00:35:15,359

it's only really i've been looking into

1043

00:35:19,829 --> 00:35:17,200

eric davis quite a bit recently and

1044

00:35:20,550 --> 00:35:19,839

i didn't realize how much there is you

1045

00:35:22,870 --> 00:35:20,560

can find

1046

00:35:25,190 --> 00:35:22,880

when you dig um and it's quite hard to

1047

00:35:27,670 --> 00:35:25,200

take on board i found because of all the

1048

00:35:29,829 --> 00:35:27,680

the science stuff which is quite heavy

1049

00:35:31,349 --> 00:35:29,839

so i know you're quite familiar with dr

1050

00:35:32,870 --> 00:35:31,359

eric davis so

1051

00:35:35,030 --> 00:35:32,880

can you just talk about him a little bit

1052

00:35:37,109 --> 00:35:35,040

in any way that you think you know

1053

00:35:38,150 --> 00:35:37,119

people would like to hear eric yeah eric

1054

00:35:41,510 --> 00:35:38,160

davis is the man

1055

00:35:44,950 --> 00:35:41,520

the guy is a legend um

1056

00:35:45,750 --> 00:35:44,960

and i mean you people are people have no

1057

00:35:48,069 --> 00:35:45,760

idea that

1058

00:35:50,630 --> 00:35:48,079

i i don't even even people researching

1059

00:35:52,310 --> 00:35:50,640

eric davis i don't think they understand

1060

00:35:54,390 --> 00:35:52,320

you know things that he's been tasked

1061

00:35:57,670 --> 00:35:54,400

with so

1062

00:36:00,790 --> 00:35:57,680

the guy is um you know

1063

00:36:03,270 --> 00:36:00,800

he he knows a lot and he's he said some

1064

00:36:05,109 --> 00:36:03,280

you know some crazy things he you know

1065

00:36:06,790 --> 00:36:05,119

he had that um that quote in the new

1066

00:36:08,470 --> 00:36:06,800

york times obviously everybody knows

1067

00:36:09,910 --> 00:36:08,480

about where he you know he said that the

1068

00:36:13,430 --> 00:36:09,920

government is in possession of

1069

00:36:15,750 --> 00:36:13,440

world vehicles yeah um i mean

1070

00:36:17,270 --> 00:36:15,760

and then and then christopher mellon in

1071

00:36:19,990 --> 00:36:17,280

in an interview like

1072

00:36:21,349 --> 00:36:20,000

a few days after i forget which um

1073

00:36:23,750 --> 00:36:21,359

newscast it was on

1074

00:36:24,550 --> 00:36:23,760

the guy's asking him asking christopher

1075

00:36:26,150 --> 00:36:24,560

mellon about

1076

00:36:29,270 --> 00:36:26,160

this comment he says yes i know eric

1077

00:36:32,550 --> 00:36:29,280

davis i was on the hill that day when he

1078

00:36:34,390 --> 00:36:32,560

you know gave that briefing in and uh

1079

00:36:36,390 --> 00:36:34,400

you know he told he was basically saying

1080

00:36:38,069 --> 00:36:36,400

he told the people where to find

1081

00:36:41,349 --> 00:36:38,079

you know how would you go about finding

1082

00:36:43,589 --> 00:36:41,359

these programs wow um

1083

00:36:45,030 --> 00:36:43,599

and again you gotta go listen to his old

1084

00:36:46,950 --> 00:36:45,040

interviews i mean he's

1085

00:36:48,790 --> 00:36:46,960

he tells the whole process of how you

1086

00:36:49,750 --> 00:36:48,800

get read into programs and how it

1087

00:36:52,950 --> 00:36:49,760

happens and

1088

00:36:54,310 --> 00:36:52,960

i'm like holy crap and people i mean i

1089

00:36:55,670 --> 00:36:54,320

you know they hear about it and it's

1090

00:36:58,790 --> 00:36:55,680

cool and they forget about it

1091

00:37:00,870 --> 00:36:58,800

and uh but he's uh yeah

1092

00:37:02,069 --> 00:37:00,880

eric davis is a major player all these

1093

00:37:05,750 --> 00:37:02,079

guys hal put off

1094

00:37:08,390 --> 00:37:05,760

uh dr k green um

1095

00:37:08,950 --> 00:37:08,400

they've uh you know they're still

1096

00:37:11,510 --> 00:37:08,960

they're still

1097

00:37:13,589 --> 00:37:11,520

doing whatever they do and uh you know

1098

00:37:18,630 --> 00:37:13,599

to whatever extent they do

1099

00:37:21,670 --> 00:37:18,640

um i think that um

1100

00:37:22,870 --> 00:37:21,680

yeah they are um they've done a lot of

1101

00:37:25,510 --> 00:37:22,880

important work

1102

00:37:27,030 --> 00:37:25,520

yeah definitely and i think like we're

1103

00:37:29,670 --> 00:37:27,040

carrying on with the science thing

1104

00:37:32,069 --> 00:37:29,680

i think people like rich hoffman robert

1105

00:37:34,230 --> 00:37:32,079

powell all the people at the scu

1106

00:37:35,430 --> 00:37:34,240

um i think that's only going to keep

1107

00:37:35,990 --> 00:37:35,440

growing and growing we're going to hear

1108

00:37:38,710 --> 00:37:36,000

about them

1109

00:37:40,630 --> 00:37:38,720

more see more research papers and things

1110

00:37:43,109 --> 00:37:40,640

come out of there so i'm excited on that

1111

00:37:44,630 --> 00:37:43,119

respect but we do need more people

1112

00:37:47,030 --> 00:37:44,640

scientists even within

1113

00:37:48,470 --> 00:37:47,040

colleges and universities to even be

1114

00:37:50,550 --> 00:37:48,480

given some

1115

00:37:51,829 --> 00:37:50,560

some access to something to work on

1116

00:37:53,829 --> 00:37:51,839

because then they can

1117

00:37:55,270 --> 00:37:53,839

involve the younger generations as well

1118

00:37:59,349 --> 00:37:55,280

and just almost pass the battle

1119

00:38:02,630 --> 00:37:59,359

smoothly into the future i don't know

1120

00:38:05,270 --> 00:38:02,640

yeah i mean and the the people that are

1121

00:38:05,910 --> 00:38:05,280

um you know i guess you can say in the

1122

00:38:07,829 --> 00:38:05,920

know

1123

00:38:10,310 --> 00:38:07,839

even in academia take it extremely

1124

00:38:10,950 --> 00:38:10,320

seriously you know look at uh dr gary

1125

00:38:14,550 --> 00:38:10,960

nolan

1126
00:38:16,069 --> 00:38:14,560
you know the guy is uh you know he's

1127
00:38:19,670 --> 00:38:16,079
studying his materials

1128
00:38:21,910 --> 00:38:19,680
he had created his device um he did an

1129
00:38:23,190 --> 00:38:21,920
experience or study with dr kick green i

1130
00:38:27,349 --> 00:38:23,200
wrote an article on that

1131
00:38:30,069 --> 00:38:27,359
um i believe it was in 2019 uh you know

1132
00:38:30,870 --> 00:38:30,079
he so there's there's some people that

1133
00:38:32,550 --> 00:38:30,880
uh

1134
00:38:34,550 --> 00:38:32,560
you know it's just a few people now but

1135
00:38:37,349 --> 00:38:34,560
yeah i when when you

1136
00:38:38,710 --> 00:38:37,359
get like the entire academia on board

1137
00:38:40,550 --> 00:38:38,720
it's gonna be a different story and i

1138
00:38:44,470 --> 00:38:40,560

think

1139

00:38:47,829 --> 00:38:44,480
now that a lot of the taboo is um

1140

00:38:50,870 --> 00:38:47,839
you know been lifted that more

1141

00:38:52,550 --> 00:38:50,880
academics are curious and i think

1142

00:38:54,790 --> 00:38:52,560
even more of them are being approached

1143

00:38:56,310 --> 00:38:54,800
as well so i i think that we're going to

1144

00:38:59,670 --> 00:38:56,320
see different

1145

00:39:01,990 --> 00:38:59,680
um initiatives to to

1146

00:39:03,829 --> 00:39:02,000
to get academics involved so i hope

1147

00:39:05,270 --> 00:39:03,839
that's something that we hear about soon

1148

00:39:06,950 --> 00:39:05,280
hopefully yeah i mean obviously with the

1149

00:39:08,230 --> 00:39:06,960
emergence of isa the

1150

00:39:10,069 --> 00:39:08,240
international coalition for

1151

00:39:11,589 --> 00:39:10,079

extraterrestrial research

1152

00:39:12,950 --> 00:39:11,599

i'm really intrigued to see what they're

1153

00:39:14,150 --> 00:39:12,960

going to be doing in the future you know

1154

00:39:16,550 --> 00:39:14,160

with so many countries

1155

00:39:17,829 --> 00:39:16,560

involved you know talking about what

1156

00:39:18,630 --> 00:39:17,839

they're going to do you know pushing it

1157

00:39:20,310 --> 00:39:18,640

in

1158

00:39:22,150 --> 00:39:20,320

try get it towards the united nations

1159

00:39:24,710 --> 00:39:22,160

and things like that i mean

1160

00:39:25,349 --> 00:39:24,720

it'll be good man but it's going to want

1161

00:39:28,069 --> 00:39:25,359

to see

1162

00:39:29,510 --> 00:39:28,079

you know yeah they um yeah and the

1163

00:39:32,069 --> 00:39:29,520

united nation things

1164

00:39:34,310 --> 00:39:32,079

i you know i don't know how i feel about

1165

00:39:36,950 --> 00:39:34,320

that as far as like how confident i am

1166

00:39:38,470 --> 00:39:36,960

yeah um i'll i'd love to see it i hope

1167

00:39:39,829 --> 00:39:38,480

it gets brought up again because we you

1168

00:39:40,230 --> 00:39:39,839

know we know that they did that thing

1169

00:39:42,230 --> 00:39:40,240

back

1170

00:39:43,750 --> 00:39:42,240

uh you know with lee spiegel and jacques

1171

00:39:45,589 --> 00:39:43,760

valet and

1172

00:39:46,790 --> 00:39:45,599

um you know they were at the united

1173

00:39:48,630 --> 00:39:46,800

nations talking about this

1174

00:39:49,829 --> 00:39:48,640

and i guess it probably didn't go

1175

00:39:52,630 --> 00:39:49,839

anywhere

1176

00:39:54,230 --> 00:39:52,640

um but even even you know again you know

1177

00:39:56,550 --> 00:39:54,240

for whatever it's worth dr greer was

1178

00:39:59,990 --> 00:39:56,560

talking to people in the u.n

1179

00:40:02,550 --> 00:40:00,000

and in the 90s and i think

1180

00:40:03,349 --> 00:40:02,560

they somebody kind of like said dropped

1181

00:40:07,430 --> 00:40:03,359

the issue

1182

00:40:10,069 --> 00:40:07,440

to the people in the u.n and they did um

1183

00:40:11,990 --> 00:40:10,079

but congressional hearings is is

1184

00:40:14,550 --> 00:40:12,000

something that i want to see in the u.s

1185

00:40:15,670 --> 00:40:14,560

absolutely because i i think at this

1186

00:40:17,510 --> 00:40:15,680

point in time

1187

00:40:19,589 --> 00:40:17,520

and you know elizondo said listen if

1188

00:40:20,710 --> 00:40:19,599

they call me to testify out and and you

1189

00:40:23,270 --> 00:40:20,720

know they allow me just

1190

00:40:24,069 --> 00:40:23,280

to basically say what i need to be said

1191

00:40:26,230 --> 00:40:24,079

you know regardless

1192

00:40:28,470 --> 00:40:26,240

of security clearances if they allow him

1193

00:40:29,829 --> 00:40:28,480

you know even in a classified

1194

00:40:32,230 --> 00:40:29,839

portion of the hearing or whatever where

1195

00:40:37,430 --> 00:40:32,240

he can speak openly

1196

00:40:42,309 --> 00:40:40,710

yeah yeah i i think that

1197

00:40:44,630 --> 00:40:42,319

we we are going to get the hearings i

1198

00:40:45,829 --> 00:40:44,640

don't know when i know steve bassett

1199

00:40:47,670 --> 00:40:45,839

recently on a talk said we're going to

1200

00:40:49,270 --> 00:40:47,680

get them in july or something

1201
00:40:51,430 --> 00:40:49,280
he's always like anything that's the

1202
00:40:54,630 --> 00:40:51,440
best says like ends up happening 10

1203
00:40:57,589 --> 00:40:54,640
years later then he's exactly yeah

1204
00:40:59,190 --> 00:40:57,599
so if he says july i'm going to say july

1205
00:41:01,030 --> 00:40:59,200
23rd we're going to have the hearings

1206
00:41:03,270 --> 00:41:01,040
yeah exactly i like his confidence but

1207
00:41:05,589 --> 00:41:03,280
he does i love it i love it man he's

1208
00:41:07,990 --> 00:41:05,599
super and i think some of that you know

1209
00:41:12,069 --> 00:41:08,000
it you know is good mojo and stuff so

1210
00:41:15,270 --> 00:41:12,079
um but uh you know i you know tom delong

1211
00:41:15,829 --> 00:41:15,280
he was he was talking about the hearings

1212
00:41:17,510 --> 00:41:15,839
as well

1213
00:41:19,190 --> 00:41:17,520

and i you know i know tom says some

1214

00:41:21,030 --> 00:41:19,200

silly stuff but that was not one of the

1215

00:41:23,670 --> 00:41:21,040

silly things that he was saying

1216

00:41:24,790 --> 00:41:23,680

i think they are um you know even some

1217

00:41:26,950 --> 00:41:24,800

of the people that

1218

00:41:27,910 --> 00:41:26,960

um people on the senate intelligence

1219

00:41:29,589 --> 00:41:27,920

committee

1220

00:41:31,670 --> 00:41:29,599

there were a few comments already about

1221

00:41:33,750 --> 00:41:31,680

hearings so it's that's already

1222

00:41:34,710 --> 00:41:33,760

it's that idea is on the table already

1223

00:41:37,589 --> 00:41:34,720

yeah you know and

1224

00:41:38,390 --> 00:41:37,599

i think that people are um you know like

1225

00:41:41,349 --> 00:41:38,400

rubio

1226

00:41:43,829 --> 00:41:41,359

and and some of the other guys warner

1227

00:41:45,510 --> 00:41:43,839

are probably proposing that happen maybe

1228

00:41:47,349 --> 00:41:45,520

in the next few years which i mean like

1229

00:41:49,750 --> 00:41:47,359

if we got two or three

1230

00:41:51,349 --> 00:41:49,760

uh years and then there's like you know

1231

00:41:52,230 --> 00:41:51,359

congressional hearings on the subject

1232

00:41:54,309 --> 00:41:52,240

that would

1233

00:41:55,589 --> 00:41:54,319

be tremendous and i think again i think

1234

00:41:57,430 --> 00:41:55,599

at that point you know

1235

00:41:58,950 --> 00:41:57,440

uap task force is up and running

1236

00:42:01,030 --> 00:41:58,960

collecting data

1237

00:42:03,510 --> 00:42:01,040

um which you know graves is saying that

1238

00:42:05,109 --> 00:42:03,520

there's almost daily encounters

1239

00:42:06,630 --> 00:42:05,119

you know even if there is one encounter

1240

00:42:08,870 --> 00:42:06,640

a week that's like what

1241

00:42:10,390 --> 00:42:08,880

yeah that's right exactly yeah so you

1242

00:42:13,750 --> 00:42:10,400

have one encounter

1243

00:42:16,230 --> 00:42:13,760

yeah a week of of a genuine uap

1244

00:42:17,109 --> 00:42:16,240

and you know even if half of them were

1245

00:42:20,150 --> 00:42:17,119

you know

1246

00:42:22,870 --> 00:42:20,160

know so

1247

00:42:23,750 --> 00:42:22,880

um things are coming to a head man it's

1248

00:42:27,589 --> 00:42:23,760

really

1249

00:42:29,510 --> 00:42:27,599

and you know since 2017 it's only

1250

00:42:31,030 --> 00:42:29,520

got more momentum and things have only

1251

00:42:33,750 --> 00:42:31,040

been moving faster

1252

00:42:35,910 --> 00:42:33,760

yeah definitely man it's exciting yeah

1253

00:42:37,270 --> 00:42:35,920

in 2017 we're getting like an article

1254

00:42:39,990 --> 00:42:37,280

like every few months and we're like

1255

00:42:41,910 --> 00:42:40,000

yeah this is awesome and then like

1256

00:42:43,589 --> 00:42:41,920

i don't i don't know what at what point

1257

00:42:45,109 --> 00:42:43,599

it was like we started getting it weekly

1258

00:42:47,829 --> 00:42:45,119

and daily and it's now it's like

1259

00:42:48,870 --> 00:42:47,839

it's like almost every day in some form

1260

00:42:51,270 --> 00:42:48,880

or another

1261

00:42:52,630 --> 00:42:51,280

they're you know they're enter yeah

1262

00:42:55,670 --> 00:42:52,640

they're entertaining the idea of the

1263

00:42:58,470 --> 00:42:55,680

ufos and extraterrestrial life and

1264

00:42:59,510 --> 00:42:58,480

alien intelligence and and you know so

1265

00:43:01,670 --> 00:42:59,520

we're in a different

1266

00:43:03,349 --> 00:43:01,680

um you know i almost think that people

1267

00:43:04,309 --> 00:43:03,359

don't realize like where we are right

1268

00:43:05,829 --> 00:43:04,319

now you know

1269

00:43:07,109 --> 00:43:05,839

people because you know a lot of people

1270

00:43:08,630 --> 00:43:07,119

are like oh come on what are they going

1271

00:43:09,670 --> 00:43:08,640

to do disclosure it's like dude look

1272

00:43:11,510 --> 00:43:09,680

around

1273

00:43:13,270 --> 00:43:11,520

look at what is going on and just like

1274

00:43:14,309 --> 00:43:13,280

take it in man enjoy it because this is

1275

00:43:16,069 --> 00:43:14,319

incredible

1276
00:43:18,550 --> 00:43:16,079
yeah i agree but some people just want

1277
00:43:22,150 --> 00:43:18,560
to see that clear video that clear

1278
00:43:23,670 --> 00:43:22,160
4k photograph and that for that

1279
00:43:25,990 --> 00:43:23,680
you know i mean we all want to see it

1280
00:43:28,550 --> 00:43:26,000
but yeah he said just let's take a step

1281
00:43:29,910 --> 00:43:28,560
back and if you put the picture together

1282
00:43:32,150 --> 00:43:29,920
in your head you can see that

1283
00:43:32,950 --> 00:43:32,160
something big is is happening and the

1284
00:43:35,750 --> 00:43:32,960
movement

1285
00:43:38,309 --> 00:43:35,760
it's incredible um yeah it's been

1286
00:43:39,990 --> 00:43:38,319
happening what 70 80 years i think

1287
00:43:41,349 --> 00:43:40,000
we shouldn't expect everything at once

1288
00:43:42,550 --> 00:43:41,359

now just because we've had a little

1289

00:43:43,910 --> 00:43:42,560

taste of something

1290

00:43:46,150 --> 00:43:43,920

you know just got to ride it out a

1291

00:43:48,150 --> 00:43:46,160

little bit longer i think

1292

00:43:50,390 --> 00:43:48,160

yeah i think we've seen more in in the

1293

00:43:52,550 --> 00:43:50,400

last even like the last

1294

00:43:53,990 --> 00:43:52,560

year you know and especially the last

1295

00:43:57,030 --> 00:43:54,000

four years since 2017

1296

00:43:58,630 --> 00:43:57,040

but even even in the last year i mean

1297

00:44:01,910 --> 00:43:58,640

you know the 60 minutes

1298

00:44:04,390 --> 00:44:01,920

piece was tremendous it's just

1299

00:44:05,349 --> 00:44:04,400

you know that's their feedback on that

1300

00:44:07,349 --> 00:44:05,359

was so good

1301
00:44:09,270 --> 00:44:07,359
their their ratings and views and stuff

1302
00:44:12,390 --> 00:44:09,280
was like insane

1303
00:44:15,190 --> 00:44:12,400
so they have the incentive to do it now

1304
00:44:16,710 --> 00:44:15,200
danny sheehan allegedly said to i forget

1305
00:44:18,309 --> 00:44:16,720
where he said it but grant cameron was

1306
00:44:20,710 --> 00:44:18,319
talking about it

1307
00:44:22,790 --> 00:44:20,720
said that there's possibly two more

1308
00:44:25,910 --> 00:44:22,800
60-minute segments coming up with uap

1309
00:44:27,910 --> 00:44:25,920
man yeah yeah i don't

1310
00:44:30,069 --> 00:44:27,920
yeah i didn't i didn't hear danny say

1311
00:44:31,430 --> 00:44:30,079
that myself but if if danny said it

1312
00:44:33,349 --> 00:44:31,440
i would imagine it's something that's

1313
00:44:34,230 --> 00:44:33,359

being talked about as you know that's

1314

00:44:36,309 --> 00:44:34,240

gonna happen so

1315

00:44:37,750 --> 00:44:36,319

yeah and i heard that lou is involved

1316

00:44:39,430 --> 00:44:37,760

and maybe that's the connection why

1317

00:44:40,950 --> 00:44:39,440

danny said it because obviously he's

1318

00:44:43,589 --> 00:44:40,960

representing lou they may have talked

1319

00:44:45,589 --> 00:44:43,599

about it with 60 minutes

1320

00:44:47,910 --> 00:44:45,599

hard to say like he said we don't know

1321

00:44:49,990 --> 00:44:47,920

for certain

1322

00:44:51,190 --> 00:44:50,000

yes and if they have if they have lou

1323

00:44:53,030 --> 00:44:51,200

and um

1324

00:44:54,550 --> 00:44:53,040

and chris christopher melanie again on

1325

00:44:56,470 --> 00:44:54,560

60 minutes and hey maybe they'll include

1326

00:44:57,829 --> 00:44:56,480

the new uaptf guy or you know not the

1327

00:44:58,630 --> 00:44:57,839

new guy but the the guy who's the

1328

00:45:00,790 --> 00:44:58,640

director

1329

00:45:01,910 --> 00:45:00,800

sure that'd be awesome you know who

1330

00:45:05,190 --> 00:45:01,920

actually he was in

1331

00:45:08,150 --> 00:45:05,200

a tip the whole time that guy he was um

1332

00:45:09,829 --> 00:45:08,160

he was there investigating like the

1333

00:45:10,390 --> 00:45:09,839

during the tic tac incident when you

1334

00:45:13,190 --> 00:45:10,400

know

1335

00:45:14,230 --> 00:45:13,200

they atep looked at tic tac years after

1336

00:45:16,630 --> 00:45:14,240

it was done but

1337

00:45:18,309 --> 00:45:16,640

true um that guy was on the case he was

1338

00:45:21,109 --> 00:45:18,319

on the case back then

1339

00:45:23,030 --> 00:45:21,119

um i did not know that oh that's

1340

00:45:24,950 --> 00:45:23,040

interesting i didn't know that

1341

00:45:26,150 --> 00:45:24,960

not many people do but he yeah he was

1342

00:45:29,510 --> 00:45:26,160

involved back then

1343

00:45:32,069 --> 00:45:29,520

wow um and all the people like

1344

00:45:33,910 --> 00:45:32,079

hal and all those people know him they

1345

00:45:35,910 --> 00:45:33,920

you know they knew who he was

1346

00:45:38,470 --> 00:45:35,920

obviously they can't say anything but um

1347

00:45:40,069 --> 00:45:38,480

so the guy is well informed

1348

00:45:41,750 --> 00:45:40,079

you know he's not he's not a rookie at

1349

00:45:44,710 --> 00:45:41,760

this and you know somebody

1350

00:45:46,150 --> 00:45:44,720

keith basterfield did a article uh

1351
00:45:48,710 --> 00:45:46,160
covering some of his background i'm like

1352
00:45:51,829 --> 00:45:48,720
holy crap dude this guy is like

1353
00:45:53,510 --> 00:45:51,839
top-notch man nice you know look at his

1354
00:45:55,270 --> 00:45:53,520
resume and his linkedin i'm like oh my

1355
00:45:57,750 --> 00:45:55,280
god

1356
00:45:59,109 --> 00:45:57,760
yeah that's cool man that makes me also

1357
00:45:59,990 --> 00:45:59,119
question that people have said that the

1358
00:46:02,470 --> 00:46:00,000
ua ptf

1359
00:46:03,270 --> 00:46:02,480
is not an extension of a follow-on from

1360
00:46:04,870 --> 00:46:03,280
atip

1361
00:46:07,190 --> 00:46:04,880
but then you get people like dr eric

1362
00:46:09,510 --> 00:46:07,200
davis talking about the um

1363
00:46:11,670 --> 00:46:09,520

the current program which he wouldn't

1364

00:46:13,829 --> 00:46:11,680

name is still running so it sounds like

1365

00:46:17,990 --> 00:46:13,839

we've got the ua ptf and this new

1366

00:46:26,069 --> 00:46:22,150

atip became uaptf in 2018.

1367

00:46:29,270 --> 00:46:26,079

um so uh

1368

00:46:31,349 --> 00:46:29,280

it you know

1369

00:46:32,630 --> 00:46:31,359

lou elizondo said too i said i said if

1370

00:46:34,150 --> 00:46:32,640

there was a permanent task force would

1371

00:46:35,430 --> 00:46:34,160

that be a continuation of atip and he

1372

00:46:38,550 --> 00:46:35,440

said yes

1373

00:46:41,349 --> 00:46:38,560

um but the the ua ptf has was it is

1374

00:46:41,990 --> 00:46:41,359

it is a tip it's just not getting any

1375

00:46:45,190 --> 00:46:42,000

funding like

1376

00:46:47,910 --> 00:46:45,200

atip did though well so atip atip's

1377

00:46:48,230 --> 00:46:47,920

funding ended when awesapp was killed

1378

00:46:51,430 --> 00:46:48,240

but

1379

00:46:54,550 --> 00:46:51,440

they continued the program anyways so

1380

00:46:57,270 --> 00:46:54,560

um you know the people

1381

00:46:57,589 --> 00:46:57,280

like the collins elite uh were involved

1382

00:47:00,630 --> 00:46:57,599

with

1383

00:47:02,150 --> 00:47:00,640

shutting awesapp down so they they killed

1384

00:47:05,589 --> 00:47:02,160

that program

1385

00:47:08,150 --> 00:47:05,599

and um but you know

1386

00:47:09,670 --> 00:47:08,160

p the people that were able to function

1387

00:47:13,349 --> 00:47:09,680

from their positions and still could

1388

00:47:13,910 --> 00:47:13,359

participate in atip did and um elizondo

1389

00:47:16,390 --> 00:47:13,920

did that

1390

00:47:18,309 --> 00:47:16,400

until the day he left yeah i think the

1391

00:47:20,230 --> 00:47:18,319

confusion comes from the pentagon's

1392

00:47:21,750 --> 00:47:20,240

statement that a tip officially ended in

1393

00:47:23,510 --> 00:47:21,760

2012.

1394

00:47:24,870 --> 00:47:23,520

yeah so that's the one yeah that's when

1395

00:47:27,910 --> 00:47:24,880

awesome ended

1396

00:47:29,190 --> 00:47:27,920

and um again lou continued to lead the

1397

00:47:31,430 --> 00:47:29,200

program

1398

00:47:34,230 --> 00:47:31,440

i guess ad hoc if you want to say but he

1399

00:47:37,829 --> 00:47:34,240

continued to to run it until 2017.

1400

00:47:38,549 --> 00:47:37,839

yeah and and then his successor took

1401

00:47:41,750 --> 00:47:38,559

over

1402

00:47:44,150 --> 00:47:41,760

they basically crushed that guy

1403

00:47:45,190 --> 00:47:44,160

you know they they did they did him

1404

00:47:49,430 --> 00:47:45,200

dirty

1405

00:47:53,430 --> 00:47:49,440

and uh they had he had to be replaced by

1406

00:47:55,670 --> 00:47:53,440

um brennan so um

1407

00:47:56,470 --> 00:47:55,680

and you know there's some there's stuff

1408

00:47:58,870 --> 00:47:56,480

i don't

1409

00:48:00,549 --> 00:47:58,880

know about that story but i i know you

1410

00:48:02,630 --> 00:48:00,559

know i've heard enough about it that

1411

00:48:06,790 --> 00:48:02,640

i kind of have an idea of what happened

1412

00:48:09,190 --> 00:48:06,800

uh but a tip a tip continued and in 2018

1413

00:48:11,270 --> 00:48:09,200

it actually became ua ptf and i i think

1414

00:48:12,790 --> 00:48:11,280

that the brief had also reported on that

1415

00:48:13,910 --> 00:48:12,800

they just didn't go into details on how

1416

00:48:15,670 --> 00:48:13,920

it happened

1417

00:48:17,510 --> 00:48:15,680

yeah i was i was confused because

1418

00:48:19,349 --> 00:48:17,520

there's a gray area from

1419

00:48:20,710 --> 00:48:19,359

when i was looking from when elizondo

1420

00:48:22,870 --> 00:48:20,720

left to

1421

00:48:24,470 --> 00:48:22,880

i think it was when the dod announced

1422

00:48:25,910 --> 00:48:24,480

the ua ptf

1423

00:48:28,069 --> 00:48:25,920

um there was a little exactly yeah a

1424

00:48:30,069 --> 00:48:28,079

little japan yeah yeah

1425

00:48:31,430 --> 00:48:30,079

but that's the funny thing it was

1426

00:48:34,950 --> 00:48:31,440

already uaptf

1427

00:48:37,670 --> 00:48:34,960

it was even called that so

1428

00:48:38,549 --> 00:48:37,680

you know but i think i think it it it

1429

00:48:40,470 --> 00:48:38,559

was like

1430

00:48:42,150 --> 00:48:40,480

officially granted at that point you

1431

00:48:44,549 --> 00:48:42,160

know and given um

1432

00:48:45,670 --> 00:48:44,559

maybe moved into a different office yeah

1433

00:48:49,430 --> 00:48:45,680

i'm not sure

1434

00:48:51,190 --> 00:48:49,440

um but yeah it was already uaptf it was

1435

00:48:52,549 --> 00:48:51,200

already the task force and again yeah

1436

00:48:55,589 --> 00:48:52,559

lou said

1437

00:48:57,030 --> 00:48:55,599

that um the task force especially if it

1438

00:48:58,870 --> 00:48:57,040

receives funding and

1439

00:49:01,430 --> 00:48:58,880

and can is it made a permanent program

1440

00:49:02,470 --> 00:49:01,440

would be like an official replacement

1441

00:49:06,150 --> 00:49:02,480

for

1442

00:49:07,349 --> 00:49:06,160

um atip and that what atip was trying to

1443

00:49:14,710 --> 00:49:07,359

do

1444

00:49:16,150 --> 00:49:14,720

they were trying to get an outreach to

1445

00:49:17,510 --> 00:49:16,160

public scientists and stuff like

1446

00:49:20,069 --> 00:49:17,520

academics and they were trying to get

1447

00:49:23,670 --> 00:49:20,079

other people involved right you know

1448

00:49:26,069 --> 00:49:23,680

um but that never it never happened so

1449

00:49:26,870 --> 00:49:26,079

i think that lou and others are trying

1450

00:49:28,069 --> 00:49:26,880

to pick that up

1451

00:49:30,870 --> 00:49:28,079

you know basically where the ball was

1452

00:49:32,790 --> 00:49:30,880

dropped yeah that's good and obviously

1453

00:49:34,390 --> 00:49:32,800

with my interview with lou i asked him

1454

00:49:37,190 --> 00:49:34,400

about sky fought and

1455

00:49:38,470 --> 00:49:37,200

following on from when you'd spoken to

1456

00:49:41,190 --> 00:49:38,480

um

1457

00:49:42,309 --> 00:49:41,200

sean k yeah that was it and i think they

1458

00:49:43,750 --> 00:49:42,319

are really going to play an important

1459

00:49:44,710 --> 00:49:43,760

part and bring bringing the government

1460

00:49:47,190 --> 00:49:44,720

and

1461

00:49:48,790 --> 00:49:47,200

people within the right information you

1462

00:49:50,309 --> 00:49:48,800

know not relying on anyone in the

1463

00:49:51,829 --> 00:49:50,319

government to go out and try and find it

1464

00:49:53,510 --> 00:49:51,839

or the agencies

1465

00:49:55,190 --> 00:49:53,520

but skyfall could really be that great

1466

00:49:57,430 --> 00:49:55,200

connection between public and government

1467

00:49:59,190 --> 00:49:57,440

without any kind of

1468

00:50:00,870 --> 00:49:59,200

you know people turning their noses up

1469

00:50:02,950 --> 00:50:00,880

and not trusting them and things i think

1470

00:50:05,750 --> 00:50:02,960

it's a credible organization

1471

00:50:06,309 --> 00:50:05,760

yeah i think skyford is is is gonna be

1472

00:50:09,109 --> 00:50:06,319

awesome

1473

00:50:09,750 --> 00:50:09,119

and um you know i don't know do you know

1474

00:50:12,710 --> 00:50:09,760

um

1475

00:50:13,109 --> 00:50:12,720

that it's redacted that show yeah but

1476

00:50:17,750 --> 00:50:13,119

yeah

1477

00:50:20,390 --> 00:50:17,760

i know he's part of that so he's

1478

00:50:21,270 --> 00:50:20,400

he's part of skyfort sure um he does

1479

00:50:24,150 --> 00:50:21,280

awesome work

1480

00:50:25,190 --> 00:50:24,160

and then you have jesse and sean yeah

1481

00:50:27,270 --> 00:50:25,200

and um

1482

00:50:28,950 --> 00:50:27,280

they're gonna be working with uh or you

1483

00:50:30,870 --> 00:50:28,960

know lou is advising them so

1484

00:50:31,990 --> 00:50:30,880

i think that they're working really hard

1485

00:50:33,829 --> 00:50:32,000

and i think that

1486

00:50:35,510 --> 00:50:33,839

you know hopefully in another month or

1487

00:50:37,270 --> 00:50:35,520

so or you know whenever they're

1488

00:50:38,549 --> 00:50:37,280

they're ready we're gonna hear some

1489

00:50:39,190 --> 00:50:38,559

interesting things for them and i think

1490

00:50:42,790 --> 00:50:39,200

that

1491

00:50:43,349 --> 00:50:42,800

see a lot of good stuff coming from sky

1492

00:50:46,309 --> 00:50:43,359

4.

1493

00:50:47,990 --> 00:50:46,319

definitely man definitely i mean i mean

1494

00:50:49,430 --> 00:50:48,000

i saw on twitter again today i just

1495

00:50:52,230 --> 00:50:49,440

wanted to mention this that lou

1496

00:50:53,030 --> 00:50:52,240

sort of put out a couple of tweets um

1497

00:50:55,190 --> 00:50:53,040

talking about

1498

00:50:56,870 --> 00:50:55,200

people still questioning him questioning

1499

00:50:59,589 --> 00:50:56,880

his motives because he's doing

1500

00:51:01,030 --> 00:50:59,599

conferences here and there i mean did

1501
00:51:03,910 --> 00:51:01,040
you see that

1502
00:51:05,270 --> 00:51:03,920
yeah i saw it i saw it yeah what do you

1503
00:51:07,349 --> 00:51:05,280
think about that

1504
00:51:09,270 --> 00:51:07,359
i left a comment i said you know um

1505
00:51:10,390 --> 00:51:09,280
embrace the color for personalities is

1506
00:51:13,750 --> 00:51:10,400
part of the journey

1507
00:51:14,950 --> 00:51:13,760
yeah because it is you can i mean he i

1508
00:51:16,230 --> 00:51:14,960
mean he probably sees it more than

1509
00:51:19,109 --> 00:51:16,240
anybody

1510
00:51:19,670 --> 00:51:19,119
uh but you can't let that you can't let

1511
00:51:22,549 --> 00:51:19,680
that stuff

1512
00:51:22,950 --> 00:51:22,559
bother you because you know they they're

1513
00:51:26,230 --> 00:51:22,960

not

1514

00:51:28,870 --> 00:51:26,240

and all that stuff that's

1515

00:51:29,829 --> 00:51:28,880

exactly you know and you're you're never

1516

00:51:31,829 --> 00:51:29,839

going to get to the point where

1517

00:51:33,750 --> 00:51:31,839

everybody's going to be like oh you know

1518

00:51:35,349 --> 00:51:33,760

you know great job lou even though he

1519

00:51:37,589 --> 00:51:35,359

has i think the majority of people

1520

00:51:41,109 --> 00:51:37,599

support him like overwhelmingly

1521

00:51:42,950 --> 00:51:41,119

i think lou has an incredible support

1522

00:51:44,230 --> 00:51:42,960

people are interested in what he has has

1523

00:51:47,910 --> 00:51:44,240

to say

1524

00:51:50,150 --> 00:51:47,920

um people that you know prior

1525

00:51:51,589 --> 00:51:50,160

um were kind of doubting him have come

1526
00:51:54,870 --> 00:51:51,599
around

1527
00:51:56,950 --> 00:51:54,880
um you know um

1528
00:51:58,790 --> 00:51:56,960
john greenwald and jimmy church and

1529
00:51:59,589 --> 00:51:58,800
people have kind of embraced them now

1530
00:52:01,990 --> 00:51:59,599
and jeremy

1531
00:52:03,750 --> 00:52:02,000
jimmy church has them on and i remember

1532
00:52:04,309 --> 00:52:03,760
that that bothered me a little at first

1533
00:52:06,309 --> 00:52:04,319
um

1534
00:52:07,670 --> 00:52:06,319
jimmy church was saying these things

1535
00:52:08,470 --> 00:52:07,680
about him and i was like that's you know

1536
00:52:11,190 --> 00:52:08,480
that's not right

1537
00:52:12,069 --> 00:52:11,200
i mean why not have him on and talk to

1538
00:52:14,710 --> 00:52:12,079

him before you

1539

00:52:16,230 --> 00:52:14,720

say all the stuff and then he eventually

1540

00:52:17,750 --> 00:52:16,240

yeah and then he eventually got him on

1541

00:52:21,829 --> 00:52:17,760

and like their buddies now so good

1542

00:52:24,390 --> 00:52:21,839

you know um so you know i think that

1543

00:52:25,829 --> 00:52:24,400

lou has an overwhelming amount of

1544

00:52:27,349 --> 00:52:25,839

support and you know there's always

1545

00:52:30,710 --> 00:52:27,359

going to be those

1546

00:52:32,790 --> 00:52:30,720

few people who are paranoid or

1547

00:52:35,510 --> 00:52:32,800

anxious or doubtful or need somewhere to

1548

00:52:37,190 --> 00:52:35,520

place their blame and

1549

00:52:38,549 --> 00:52:37,200

you know this there's nothing you can do

1550

00:52:39,829 --> 00:52:38,559

about that you know no there's not

1551
00:52:41,109 --> 00:52:39,839
unfortunately

1552
00:52:42,710 --> 00:52:41,119
but there is there are turnarounds

1553
00:52:43,109 --> 00:52:42,720
happening like the jimmy church and lou

1554
00:52:45,510 --> 00:52:43,119
thing

1555
00:52:47,750 --> 00:52:45,520
i think the infighting still remains

1556
00:52:50,069 --> 00:52:47,760
it's all over this subject but i think

1557
00:52:51,670 --> 00:52:50,079
if we start seeing more people you know

1558
00:52:53,270 --> 00:52:51,680
the prominent characters start pulling

1559
00:52:53,990 --> 00:52:53,280
together it might have a knock-on effect

1560
00:52:58,150 --> 00:52:54,000
down

1561
00:52:59,109 --> 00:52:58,160
arguments you see across social media

1562
00:53:02,230 --> 00:52:59,119
pages and stuff

1563
00:53:04,390 --> 00:53:02,240

yeah well and then again you know um

1564

00:53:06,150 --> 00:53:04,400

maybe at first john greenwald was

1565

00:53:07,510 --> 00:53:06,160

somewhat skeptical of lou

1566

00:53:09,349 --> 00:53:07,520

yeah and you know he wrote a few

1567

00:53:12,150 --> 00:53:09,359

articles and

1568

00:53:12,870 --> 00:53:12,160

people got upset and i understand but

1569

00:53:15,829 --> 00:53:12,880

look at this

1570

00:53:17,510 --> 00:53:15,839

john greenwald came around and did a

1571

00:53:19,109 --> 00:53:17,520

solid for everybody he found out that

1572

00:53:19,910 --> 00:53:19,119

whole thing about the emails you know

1573

00:53:22,309 --> 00:53:19,920

yes

1574

00:53:23,190 --> 00:53:22,319

yeah and it's like yo that's a major so

1575

00:53:26,790 --> 00:53:23,200

he ended up

1576

00:53:28,230 --> 00:53:26,800

helping out lou in a way majorly so

1577

00:53:30,150 --> 00:53:28,240

that's you know it just shows you when

1578

00:53:32,309 --> 00:53:30,160

people work together what could be done

1579

00:53:34,390 --> 00:53:32,319

yeah um i mean look at the you know the

1580

00:53:35,750 --> 00:53:34,400

whole ig thing going on now

1581

00:53:37,750 --> 00:53:35,760

and you know part of that has to do with

1582

00:53:39,430 --> 00:53:37,760

the emails so

1583

00:53:41,190 --> 00:53:39,440

again that's just the the power of

1584

00:53:42,069 --> 00:53:41,200

people putting their their stuff side

1585

00:53:44,150 --> 00:53:42,079

and working together

1586

00:53:46,150 --> 00:53:44,160

and trying to understand each other so

1587

00:53:48,230 --> 00:53:46,160

that's i mean that's hopeful

1588

00:53:50,150 --> 00:53:48,240

big time i mean yeah it's a positive

1589

00:53:52,069 --> 00:53:50,160

thing it really might

1590

00:53:53,589 --> 00:53:52,079

be the kick up the ass that the pentagon

1591

00:53:55,349 --> 00:53:53,599

need to say that you know

1592

00:53:56,630 --> 00:53:55,359

if the ig gets involved they really

1593

00:53:59,109 --> 00:53:56,640

seriously gotta

1594

00:54:01,030 --> 00:53:59,119

sort themselves out for the future so

1595

00:54:03,109 --> 00:54:01,040

we'll see i mean lou said himself that

1596

00:54:04,950 --> 00:54:03,119

things are looking good and you know he

1597

00:54:07,270 --> 00:54:04,960

was quite positive but i guess it's

1598

00:54:08,309 --> 00:54:07,280

still a long process in his early days

1599

00:54:10,150 --> 00:54:08,319

so

1600

00:54:11,430 --> 00:54:10,160

you know and how much will we see as the

1601

00:54:13,990 --> 00:54:11,440

public from these internal

1602

00:54:15,750 --> 00:54:14,000

investigations or evaluations it's

1603

00:54:17,430 --> 00:54:15,760

it's a little bit speculative right now

1604

00:54:20,230 --> 00:54:17,440

but you know maybe

1605

00:54:21,829 --> 00:54:20,240

yeah i mean i don't know what you know

1606

00:54:24,390 --> 00:54:21,839

what they can talk about even

1607

00:54:25,910 --> 00:54:24,400

even afterwards yeah but yeah i think

1608

00:54:27,750 --> 00:54:25,920

lou will probably

1609

00:54:29,349 --> 00:54:27,760

clarify for the public because he's

1610

00:54:31,510 --> 00:54:29,359

really good at kind of

1611

00:54:33,430 --> 00:54:31,520

um giving people an idea of of kind of

1612

00:54:35,190 --> 00:54:33,440

what what the read is currently

1613

00:54:36,470 --> 00:54:35,200

yeah you know so i'm sure he'll say

1614

00:54:37,270 --> 00:54:36,480

something about it and and not for

1615

00:54:38,950 --> 00:54:37,280

nothing

1616

00:54:40,309 --> 00:54:38,960

and and you know all due respect in a

1617

00:54:41,829 --> 00:54:40,319

good way i'm sure danny

1618

00:54:43,670 --> 00:54:41,839

sheehan is going to blurt out more than

1619

00:54:47,109 --> 00:54:43,680

he should yeah

1620

00:54:49,270 --> 00:54:47,119

we'll get a little some more details

1621

00:54:51,349 --> 00:54:49,280

through danny so anybody has a show

1622

00:54:51,670 --> 00:54:51,359

invite danny on and ask him about it

1623

00:54:52,870 --> 00:54:51,680

because

1624

00:54:55,349 --> 00:54:52,880

he'll probably give out a little more

1625

00:54:57,589 --> 00:54:55,359

information than he should

1626
00:54:59,430 --> 00:54:57,599
that's a great point actually i might

1627
00:55:02,150 --> 00:54:59,440
yeah and yeah danny is

1628
00:55:02,870 --> 00:55:02,160
he's i mean he's a badass him him paired

1629
00:55:05,910 --> 00:55:02,880
up with lou

1630
00:55:07,829 --> 00:55:05,920
is like that's like incredible and and

1631
00:55:09,589 --> 00:55:07,839
that's that's another

1632
00:55:10,910 --> 00:55:09,599
crazy thing i don't i don't don't want

1633
00:55:12,549 --> 00:55:10,920
to um

1634
00:55:14,470 --> 00:55:12,559
[Music]

1635
00:55:16,870 --> 00:55:14,480
mess up your show or anything but hey

1636
00:55:17,990 --> 00:55:16,880
bro this is about you man i got you on

1637
00:55:19,990 --> 00:55:18,000
to talk so

1638
00:55:22,150 --> 00:55:20,000

please carry on no i was gonna say

1639

00:55:23,190 --> 00:55:22,160

that's another reason why you know dr

1640

00:55:25,750 --> 00:55:23,200

greer is even

1641

00:55:27,270 --> 00:55:25,760

even more pissed now is because danny

1642

00:55:28,549 --> 00:55:27,280

sheehan was the disclosure project

1643

00:55:30,710 --> 00:55:28,559

witness so danny

1644

00:55:32,309 --> 00:55:30,720

sheehan has been with greer from at

1645

00:55:35,990 --> 00:55:32,319

least the 90s

1646

00:55:36,630 --> 00:55:36,000

and now you know having having dan

1647

00:55:40,150 --> 00:55:36,640

sheehan

1648

00:55:43,430 --> 00:55:40,160

come and help out lou you know

1649

00:55:46,309 --> 00:55:43,440

steve dr greer was shocked

1650

00:55:48,549 --> 00:55:46,319

you know to him that's like the ultimate

1651

00:55:52,069 --> 00:55:48,559

betrayal for him so

1652

00:55:55,589 --> 00:55:52,079

that only feeds into his paranoia yes

1653

00:55:58,470 --> 00:55:55,599

and you know dr greer had accumulated

1654

00:56:00,069 --> 00:55:58,480

serious paranoia and i'm like in a in a

1655

00:56:02,549 --> 00:56:00,079

very serious way

1656

00:56:03,750 --> 00:56:02,559

um and and maybe even rightfully so

1657

00:56:05,510 --> 00:56:03,760

because when he was doing what he was

1658

00:56:09,270 --> 00:56:05,520

doing in the 90s

1659

00:56:12,069 --> 00:56:09,280

um you know that

1660

00:56:13,990 --> 00:56:12,079

that um that probably did a number on

1661

00:56:15,349 --> 00:56:14,000

him and you know he's super suspicious

1662

00:56:17,750 --> 00:56:15,359

and paranoid because of that and he

1663

00:56:20,789 --> 00:56:17,760

thinks everybody's working against them

1664

00:56:23,910 --> 00:56:20,799

and um you know there's even an

1665

00:56:27,430 --> 00:56:23,920

incident in 1997 where he had a

1666

00:56:29,190 --> 00:56:27,440

call on somebody for protection and um

1667

00:56:30,789 --> 00:56:29,200

you know he allegedly he was offered

1668

00:56:33,109 --> 00:56:30,799

before

1669

00:56:34,309 --> 00:56:33,119

like hey listen you need protection for

1670

00:56:36,230 --> 00:56:34,319

what you're doing

1671

00:56:39,990 --> 00:56:36,240

let me know and kind of greer passed it

1672

00:56:43,670 --> 00:56:41,750

dr greer and two other of his team

1673

00:56:43,990 --> 00:56:43,680

members all got metastatic cancer in the

1674

00:56:46,630 --> 00:56:44,000

same

1675

00:56:48,309 --> 00:56:46,640

month and it was like really weird and

1676
00:56:49,109 --> 00:56:48,319
it kind of sounds like a weird kind of

1677
00:56:52,470 --> 00:56:49,119
like

1678
00:56:53,750 --> 00:56:52,480
they can they can induce cancer through

1679
00:56:55,829 --> 00:56:53,760
radiation by putting

1680
00:56:56,950 --> 00:56:55,839
something like in your car steering

1681
00:56:59,270 --> 00:56:56,960
column or something where

1682
00:57:01,750 --> 00:56:59,280
it gives off radiation you get i mean

1683
00:57:04,950 --> 00:57:01,760
that that's conspiracy but

1684
00:57:08,230 --> 00:57:04,960
possibility you know right so i mean he

1685
00:57:11,670 --> 00:57:08,240
he he told the story in the way where

1686
00:57:12,549 --> 00:57:11,680
um you know he suspected that it was a

1687
00:57:15,430 --> 00:57:12,559
way

1688
00:57:16,309 --> 00:57:15,440

to get them off this and two of the

1689

00:57:19,510 --> 00:57:16,319

people ended up

1690

00:57:22,549 --> 00:57:19,520

dying uh stephen greer survived the

1691

00:57:23,910 --> 00:57:22,559

cancer and at that point he he got

1692

00:57:26,309 --> 00:57:23,920

protection

1693

00:57:28,069 --> 00:57:26,319

from ron pandolfi he reached out to ron

1694

00:57:30,309 --> 00:57:28,079

who um

1695

00:57:31,829 --> 00:57:30,319

uh who was the guy who offered you know

1696

00:57:34,390 --> 00:57:31,839

ron one of the

1697

00:57:36,950 --> 00:57:34,400

top scientists in the cia he took over

1698

00:57:39,829 --> 00:57:36,960

the weird desk for dr kick green

1699

00:57:40,950 --> 00:57:39,839

and there's if you go through the videos

1700

00:57:42,470 --> 00:57:40,960

you know i have a whole collection of

1701

00:57:45,670 --> 00:57:42,480

these videos or whatever

1702

00:57:48,470 --> 00:57:45,680

um dr greer sometimes is

1703

00:57:49,829 --> 00:57:48,480

is um quoting ron pandolf he's not

1704

00:57:52,309 --> 00:57:49,839

saying he's quoting ron but

1705

00:57:53,270 --> 00:57:52,319

it's he's saying all a top scientist i

1706

00:57:55,270 --> 00:57:53,280

know at the cia

1707

00:57:56,470 --> 00:57:55,280

anytime he says that he's talking to ron

1708

00:57:59,030 --> 00:57:56,480

right um

1709

00:58:00,710 --> 00:57:59,040

so and he's you know he read it he's

1710

00:58:03,430 --> 00:58:00,720

reading off and and ron was one of the

1711

00:58:05,750 --> 00:58:03,440

guys i guess that was given this

1712

00:58:06,950 --> 00:58:05,760

uh information you know saying that hal

1713

00:58:08,710 --> 00:58:06,960

and and and

1714

00:58:10,390 --> 00:58:08,720

uh lou elizondo and these people are

1715

00:58:11,829 --> 00:58:10,400

techno scammers and they're spin

1716

00:58:13,589 --> 00:58:11,839

meisters and this

1717

00:58:15,270 --> 00:58:13,599

because he's reading off this email and

1718

00:58:17,270 --> 00:58:15,280

it's saying this and it's from the cia

1719

00:58:20,069 --> 00:58:17,280

person aka ron

1720

00:58:21,270 --> 00:58:20,079

and um so that's that's another

1721

00:58:24,309 --> 00:58:21,280

interesting note

1722

00:58:25,510 --> 00:58:24,319

um and you know again so you know how

1723

00:58:27,190 --> 00:58:25,520

can

1724

00:58:29,910 --> 00:58:27,200

lu be the spin meister if you're reading

1725

00:58:31,349 --> 00:58:29,920

off email from one of these top cia guys

1726

00:58:34,150 --> 00:58:31,359

but again he has a long-standing

1727

00:58:36,710 --> 00:58:34,160

relationship with ron

1728

00:58:37,990 --> 00:58:36,720

and in one of the citizens hearings

1729

00:58:40,950 --> 00:58:38,000

videos

1730

00:58:42,549 --> 00:58:40,960

um uh that's just been you know they're

1731

00:58:44,950 --> 00:58:42,559

uploading the citizens hearing

1732

00:58:45,990 --> 00:58:44,960

video every friday watching them avidly

1733

00:58:47,910 --> 00:58:46,000

yeah

1734

00:58:49,270 --> 00:58:47,920

so one one of the last ones that they

1735

00:58:51,510 --> 00:58:49,280

uploaded

1736

00:58:54,870 --> 00:58:51,520

the late um one of the one of the main

1737

00:58:56,870 --> 00:58:54,880

counselor uh the lady i forget her name

1738

00:58:59,670 --> 00:58:56,880

she says how are you still yeah she says

1739

00:59:01,670 --> 00:58:59,680

how are you still alive

1740

00:59:03,190 --> 00:59:01,680

and he's like she's like are you strong

1741

00:59:04,870 --> 00:59:03,200

and he's like i'm strong

1742

00:59:06,309 --> 00:59:04,880

he's like but i also you know i've had

1743

00:59:08,069 --> 00:59:06,319

people help me and then he says

1744

00:59:09,589 --> 00:59:08,079

i have you know i've got people and then

1745

00:59:11,510 --> 00:59:09,599

he's like yeah and people have mentioned

1746

00:59:12,950 --> 00:59:11,520

ron pandolfi so he basically says it

1747

00:59:15,430 --> 00:59:12,960

right there

1748

00:59:16,309 --> 00:59:15,440

was it francis barwood was it her that

1749

00:59:18,630 --> 00:59:16,319

he was speaking to

1750

00:59:19,510 --> 00:59:18,640

i think yeah yeah i believe that's hard

1751

00:59:22,230 --> 00:59:19,520

yeah yes

1752

00:59:23,430 --> 00:59:22,240

yeah and again so i'm not saying

1753

00:59:26,710 --> 00:59:23,440

anything that

1754

00:59:29,829 --> 00:59:26,720

he himself has not said no yeah

1755

00:59:31,270 --> 00:59:29,839

i guess it's kind of out there um but

1756

00:59:33,750 --> 00:59:31,280

there are other pieces you could put

1757

00:59:36,950 --> 00:59:33,760

together to make a much stronger

1758

00:59:41,030 --> 00:59:36,960

case as to why why that is but

1759

00:59:44,470 --> 00:59:41,040

um yeah so um

1760

00:59:47,030 --> 00:59:44,480

you know danny danny

1761

00:59:48,950 --> 00:59:47,040

working with lou was a real surprise to

1762

00:59:51,910 --> 00:59:48,960

dr greer and that probably

1763

00:59:53,430 --> 00:59:51,920

for him dug the dagger even deeper and

1764

00:59:55,349 --> 00:59:53,440

and

1765

00:59:56,630 --> 00:59:55,359

you know i would hope that danny working

1766

00:59:59,670 --> 00:59:56,640

with lou

1767

01:00:02,230 --> 00:59:59,680

rather than you know uh

1768

01:00:02,710 --> 01:00:02,240

dr greer feeling betrayed would see this

1769

01:00:05,190 --> 01:00:02,720

as an

1770

01:00:05,910 --> 01:00:05,200

opportunity you know i don't i don't

1771

01:00:07,829 --> 01:00:05,920

think lou

1772

01:00:09,349 --> 01:00:07,839

and and steven greer at this point are

1773

01:00:13,109 --> 01:00:09,359

ever going to be cool

1774

01:00:15,349 --> 01:00:13,119

all right so yeah yeah but if if

1775

01:00:16,870 --> 01:00:15,359

danny sheehan can help facilitate

1776

01:00:19,109 --> 01:00:16,880

something where it's like okay just like

1777

01:00:20,549 --> 01:00:19,119

back off each other and shut up you know

1778

01:00:22,150 --> 01:00:20,559

go in your own corners and do whatever

1779

01:00:25,190 --> 01:00:22,160

you're doing just that's it

1780

01:00:26,309 --> 01:00:25,200

um you know there's probably a potential

1781

01:00:29,430 --> 01:00:26,319

at first where you know

1782

01:00:30,789 --> 01:00:29,440

if grier would have hooked up uh lou

1783

01:00:31,670 --> 01:00:30,799

with some of the disclosure project

1784

01:00:33,589 --> 01:00:31,680

witnesses

1785

01:00:35,270 --> 01:00:33,599

but you know lou maybe harry already has

1786

01:00:37,109 --> 01:00:35,280

access to them so you never know

1787

01:00:38,870 --> 01:00:37,119

yeah that's a good point actually yeah

1788

01:00:40,630 --> 01:00:38,880

um but

1789

01:00:41,990 --> 01:00:40,640

and well actually yeah robert solis i

1790

01:00:44,230 --> 01:00:42,000

spoke to robert solis recently

1791

01:00:46,309 --> 01:00:44,240

from the maelstrom case sure yeah and he

1792

01:00:48,470 --> 01:00:46,319

had he told me he spoke to lou

1793

01:00:49,750 --> 01:00:48,480

so i guess lou's probably made the

1794

01:00:51,109 --> 01:00:49,760

rounds and spoken to a lot of those

1795

01:00:53,990 --> 01:00:51,119

military witnesses

1796

01:00:55,349 --> 01:00:54,000

yeah um but man yeah i'd like to see

1797

01:00:58,549 --> 01:00:55,359

more

1798

01:01:01,109 --> 01:00:58,559

things resolved and uh i think it's

1799

01:01:03,670 --> 01:01:01,119

awesome that danny is working with lou

1800

01:01:04,870 --> 01:01:03,680

and i hope more good comes out of it no

1801

01:01:07,270 --> 01:01:04,880

definitely man i

1802

01:01:08,309 --> 01:01:07,280

think only good can really come from it

1803

01:01:10,470 --> 01:01:08,319

now i mean

1804

01:01:11,670 --> 01:01:10,480

um and like you're saying uh just just

1805

01:01:14,309 --> 01:01:11,680

to get a

1806

01:01:16,549 --> 01:01:14,319

grave to to back off more because i

1807

01:01:19,349 --> 01:01:16,559

think i think lou is really only

1808

01:01:21,190 --> 01:01:19,359

responding to what griez said to him and

1809

01:01:23,589 --> 01:01:21,200

things like that or about him

1810

01:01:25,030 --> 01:01:23,599

it's just still it's all unnecessary i i

1811

01:01:26,549 --> 01:01:25,040

think i would have liked to thought

1812

01:01:28,230 --> 01:01:26,559

they'd both be bigger than that i mean

1813

01:01:30,789 --> 01:01:28,240

because lou has said some things back

1814

01:01:32,230 --> 01:01:30,799

but maybe that's just human nature you

1815

01:01:35,190 --> 01:01:32,240

defend yourself to a degree

1816

01:01:37,109 --> 01:01:35,200

but yeah well yes it's been a few years

1817

01:01:38,870 --> 01:01:37,119

at this point that you know

1818

01:01:40,470 --> 01:01:38,880

grier's been taking these jabs over

1819

01:01:43,589 --> 01:01:40,480

several years

1820

01:01:44,789 --> 01:01:43,599

um and uh man that new movie is going to

1821

01:01:48,549 --> 01:01:44,799

come out

1822

01:01:50,390 --> 01:01:48,559

um the cosmic hoax uh

1823

01:01:53,270 --> 01:01:50,400

probably in the next few days it's going

1824

01:01:57,029 --> 01:01:55,670

oh i didn't realize it was that soon

1825

01:01:59,270 --> 01:01:57,039

they're trying to get it out before the

1826
01:02:01,029 --> 01:01:59,280
report

1827
01:02:02,630 --> 01:02:01,039
you know because because they're you

1828
01:02:06,470 --> 01:02:02,640
know their statement

1829
01:02:09,670 --> 01:02:06,480
is that um you know the this is all

1830
01:02:11,589 --> 01:02:09,680
you know part of uh an indoctrination

1831
01:02:13,990 --> 01:02:11,599
process to

1832
01:02:16,390 --> 01:02:14,000
fool the population into believing that

1833
01:02:20,390 --> 01:02:16,400
ufos are a threat and they're gonna

1834
01:02:23,029 --> 01:02:20,400
capitalize on that um so

1835
01:02:26,309 --> 01:02:23,039
i mean and danny sheehan's a big part of

1836
01:02:29,750 --> 01:02:26,319
the the film coming out so it's like

1837
01:02:30,470 --> 01:02:29,760
you know two different like which side

1838
01:02:33,510 --> 01:02:30,480

is he on

1839

01:02:35,510 --> 01:02:33,520

i mean danny

1840

01:02:36,710 --> 01:02:35,520

danny definitely backs lou and what

1841

01:02:39,910 --> 01:02:36,720

lou's doing yeah

1842

01:02:41,670 --> 01:02:39,920

i believe in what lou is doing so

1843

01:02:43,670 --> 01:02:41,680

you know i remember uh there's that

1844

01:02:44,549 --> 01:02:43,680

video that greer kind of gave danny an

1845

01:02:46,470 --> 01:02:44,559

ultimatum

1846

01:02:47,990 --> 01:02:46,480

like i was like dude come on you know

1847

01:02:51,190 --> 01:02:48,000

this is a grown ass man please don't

1848

01:02:52,230 --> 01:02:51,200

do that playground tactics

1849

01:02:55,109 --> 01:02:52,240

it's like i'm not going to be your

1850

01:02:58,309 --> 01:02:55,119

friend anymore if you're not

1851

01:03:00,710 --> 01:02:58,319

no but you know it's like oh man i

1852

01:03:03,109 --> 01:03:00,720

you know i hope this the new film

1853

01:03:06,150 --> 01:03:03,119

doesn't stir up

1854

01:03:07,670 --> 01:03:06,160

um trouble and i don't mean like oh i

1855

01:03:08,870 --> 01:03:07,680

hope it's not inconvenient to the

1856

01:03:10,870 --> 01:03:08,880

community

1857

01:03:12,069 --> 01:03:10,880

okay sure you know you can explore the

1858

01:03:15,109 --> 01:03:12,079

narrative a little

1859

01:03:15,990 --> 01:03:15,119

but i i hope it doesn't go overboard and

1860

01:03:19,589 --> 01:03:16,000

trying to

1861

01:03:21,829 --> 01:03:19,599

kind of paint a picture um

1862

01:03:24,710 --> 01:03:21,839

i don't know that you know people are

1863

01:03:28,710 --> 01:03:24,720

doing things that they're not

1864

01:03:30,309 --> 01:03:28,720

so but yeah i know um

1865

01:03:31,829 --> 01:03:30,319

you know danny said some things in that

1866

01:03:34,950 --> 01:03:31,839

film and i i believe

1867

01:03:37,029 --> 01:03:34,960

lou already saw the clips um

1868

01:03:38,870 --> 01:03:37,039

because the clips were given to danny

1869

01:03:40,630 --> 01:03:38,880

sheehan and sheehan

1870

01:03:42,069 --> 01:03:40,640

showed lulz onto the clips and said hey

1871

01:03:46,230 --> 01:03:42,079

listen this is gonna be in the movie

1872

01:03:47,670 --> 01:03:46,240

i don't think they can pull it out so um

1873

01:03:49,270 --> 01:03:47,680

there's gonna be it's it's gonna be

1874

01:03:50,150 --> 01:03:49,280

interesting to see that coming out all

1875

01:03:51,990 --> 01:03:50,160

right it's definitely gonna be

1876

01:03:53,589 --> 01:03:52,000

interesting man

1877

01:03:55,029 --> 01:03:53,599

well listen james i've taken over an

1878

01:03:56,789 --> 01:03:55,039

hour of your time man unless you want to

1879

01:03:58,630 --> 01:03:56,799

talk about anything in particular then

1880

01:04:00,950 --> 01:03:58,640

yeah i just want to say thank you so

1881

01:04:01,910 --> 01:04:00,960

much man and it's such an exciting time

1882

01:04:03,829 --> 01:04:01,920

maybe it'd be good to have this

1883

01:04:05,750 --> 01:04:03,839

conversation you know a few weeks down

1884

01:04:07,430 --> 01:04:05,760

the line let the dust settle and

1885

01:04:09,190 --> 01:04:07,440

and then see if we are any clearer on

1886

01:04:10,549 --> 01:04:09,200

where this is going to go because i

1887

01:04:12,630 --> 01:04:10,559

think that'll be a

1888

01:04:14,150 --> 01:04:12,640

an eye opener maybe then we'll see i

1889

01:04:15,510 --> 01:04:14,160

don't know

1890

01:04:17,430 --> 01:04:15,520

yeah i'm pretty good unless you have any

1891

01:04:18,390 --> 01:04:17,440

other any other questions or anything

1892

01:04:20,150 --> 01:04:18,400

you want to bring up

1893

01:04:21,910 --> 01:04:20,160

i'm all good man i'm all good i wanted

1894

01:04:22,549 --> 01:04:21,920

to keep it quite informal tonight and

1895

01:04:24,309 --> 01:04:22,559

just sort of

1896

01:04:26,789 --> 01:04:24,319

see how the conversation flowed rather

1897

01:04:29,349 --> 01:04:26,799

than sort of dig into specific areas

1898

01:04:31,029 --> 01:04:29,359

and like i said it's just that that side

1899

01:04:32,710 --> 01:04:31,039

of the report that we are

1900

01:04:35,430 --> 01:04:32,720

i think the conversation will be a lot

1901
01:04:38,630 --> 01:04:35,440
more focused next time next week even

1902
01:04:39,990 --> 01:04:38,640
across the board so yeah thank you so

1903
01:04:42,549 --> 01:04:40,000
much man i really appreciate

1904
01:04:44,150 --> 01:04:42,559
your time and uh yeah enjoy the rest of

1905
01:04:46,069 --> 01:04:44,160
your day man

1906
01:04:47,190 --> 01:04:46,079
yeah thanks so much and uh yeah i gotta

1907
01:04:49,109 --> 01:04:47,200
have you on my uh

1908
01:04:50,870 --> 01:04:49,119
my podcast sometime man that'll be great

1909
01:04:51,510 --> 01:04:50,880
anytime man just give me a shout i'd

1910
01:04:53,589 --> 01:04:51,520
love to

1911
01:04:55,430 --> 01:04:53,599
yeah definitely man we'll talk soon yeah

1912
01:04:57,190 --> 01:04:55,440
definitely man speak soon james

1913
01:05:00,069 --> 01:04:57,200

yeah take care everybody see you later

1914

01:05:03,510 --> 01:05:02,630

ah how cool guys everyone that's

1915

01:05:05,910 --> 01:05:03,520

watching

1916

01:05:08,390 --> 01:05:05,920

um thank you so much and this was just a

1917

01:05:09,589 --> 01:05:08,400

bit of an informal conversation uh the

1918

01:05:11,029 --> 01:05:09,599

interviews i'm going to be doing across

1919

01:05:13,829 --> 01:05:11,039

this channel are going to be

1920

01:05:15,910 --> 01:05:13,839

you know varied they're not all going to

1921

01:05:16,309 --> 01:05:15,920

be really super scripted and structured

1922

01:05:20,630 --> 01:05:16,319

like

1923

01:05:23,270 --> 01:05:20,640

just do want it to be just

1924

01:05:25,349 --> 01:05:23,280

a discussion off the cuff without any

1925

01:05:28,470 --> 01:05:25,359

plans without being forced so

1926

01:05:30,789 --> 01:05:28,480

and like i said earlier i am still new

1927

01:05:32,230 --> 01:05:30,799

to this so i'm still finding my feet

1928

01:05:34,230 --> 01:05:32,240

but the the support i've been showing

1929

01:05:36,309 --> 01:05:34,240

already has been incredible um

1930

01:05:37,270 --> 01:05:36,319

so yeah thank you guys and enjoy the

1931

01:05:39,270 --> 01:05:37,280

rest of your day

1932

01:05:40,470 --> 01:05:39,280

i will see you soon if you go to my

1933

01:05:41,750 --> 01:05:40,480

actually if you go to my instagram

1934

01:05:43,190 --> 01:05:41,760

you'll see all the other interviews i've

1935

01:05:45,109 --> 01:05:43,200

got coming up soon

1936

01:05:47,430 --> 01:05:45,119

um i've got the undead gaucho here on

1937

01:05:48,630 --> 01:05:47,440

saturday and the following week i've got

1938

01:05:51,190 --> 01:05:48,640

gary hesseltein

1939

01:05:52,150 --> 01:05:51,200

um of icer i've got rich hoffman of the

1940

01:05:53,990 --> 01:05:52,160

scu

1941

01:05:55,270 --> 01:05:54,000

and i've got ryan spray coming on as

1942

01:05:56,470 --> 01:05:55,280

well but yeah

1943

01:05:58,470 --> 01:05:56,480

if you go to the description you can get

1944

01:06:00,789 --> 01:05:58,480

all my social media links there and on

1945

01:06:02,230 --> 01:06:00,799

this video you'll get james's as well
