1
00:00:14,230 --> 00:00:09,509
just waiting for my screen to catch up

2
00:00:17,269 --> 00:00:16,310
just want to make sure everything guys

3
00:00:19,670 --> 00:00:17,279
here we are

4
00:00:20,950 --> 00:00:19,680
welcome back to the disclosure team

5
00:00:22,630 --> 00:00:20,960
youtube channel

6
00:00:24,710 --> 00:00:22,640
i just want to give a quick shout out to

7
00:00:26,390 --> 00:00:24,720
my friend uap uk

8
00:00:28,230 --> 00:00:26,400
who's already donated with the super

9
00:00:29,750 --> 00:00:28,240
chat thank you so much brother that is

10
00:00:32,790 --> 00:00:29,760
so appreciated

11
00:00:34,630 --> 00:00:32,800
but guys we're here to speak to um a

12
00:00:36,310 --> 00:00:34,640
very important man in this subject

13
00:00:38,150 --> 00:00:36,320

um and i'll waste no more time in

14

00:00:43,030 --> 00:00:38,160

bringing him in so please welcome

15

00:00:44,790 --> 00:00:43,040

mr gary hesseltine hello gary

16

00:00:46,790 --> 00:00:44,800

thank you so much thank you for inviting

17

00:00:48,950 --> 00:00:46,800

me hey it's my pleasure and it's an

18

00:00:52,150 --> 00:00:48,960

honor to speak to you it really is

19

00:00:53,910 --> 00:00:52,160

so um thank you again

20

00:00:55,270 --> 00:00:53,920

and i thought we'd just start this off

21

00:00:56,869 --> 00:00:55,280

quite um quite

22

00:00:58,549 --> 00:00:56,879

in a standard way by just getting a bit

23

00:01:01,990 --> 00:00:58,559

of background on yourself

24

00:01:04,789 --> 00:01:02,000

and and how you got into this subject

25

00:01:06,789 --> 00:01:04,799

uh okay i had a childhood sighting at

26

00:01:08,710 --> 00:01:06,799

the age of 16 which we can maybe talk

27

00:01:12,149 --> 00:01:08,720

about later on

28

00:01:13,670 --> 00:01:12,159

i had an interest but for many years i

29

00:01:14,469 --> 00:01:13,680

didn't really do anything about it other

30

00:01:18,230 --> 00:01:14,479

than

31

00:01:21,749 --> 00:01:18,240

read books etc and then

32

00:01:24,310 --> 00:01:21,759

cutting a long story short i um

33

00:01:24,950 --> 00:01:24,320

came across a magazine called ufo

34

00:01:28,070 --> 00:01:24,960

magazine

35

00:01:30,630 --> 00:01:28,080

it was written by graham birdsall and it

36

00:01:33,670 --> 00:01:30,640

was in w.a smith's and i'm thinking wow

37

00:01:35,510 --> 00:01:33,680

this has come a long way since the 1970s

38

00:01:37,670 --> 00:01:35,520

and this is this glossy magazine and

39

00:01:39,350 --> 00:01:37,680

that kind of reworking my interest

40

00:01:41,429 --> 00:01:39,360

cutting a long story short within the

41

00:01:41,910 --> 00:01:41,439

last two years of his life i got to know

42

00:01:45,990 --> 00:01:41,920

him

43

00:01:48,310 --> 00:01:46,000

i'd and i'd suggested

44

00:01:50,469 --> 00:01:48,320

i'd had the idea for an uh police

45

00:01:53,429 --> 00:01:50,479

database on official national database

46

00:01:54,710 --> 00:01:53,439

right for police all collating british

47

00:01:57,830 --> 00:01:54,720

police officer cases

48

00:02:01,109 --> 00:01:57,840

and he very kindly said

49

00:02:03,990 --> 00:02:01,119

yeah we'll launch it in the january 2002

50

00:02:04,870 --> 00:02:04,000

issue of ufo magazine and that's where

51

00:02:07,350 --> 00:02:04,880

it all began

52

00:02:09,109 --> 00:02:07,360

and the spin-off from that which i

53

00:02:11,990 --> 00:02:09,119

didn't anticipate and perhaps

54

00:02:14,150 --> 00:02:12,000

naively it was that i began to be asked

55

00:02:17,270 --> 00:02:14,160

by ufo groups to do lectures

56

00:02:19,110 --> 00:02:17,280

something i'd never done before um but

57

00:02:22,150 --> 00:02:19,120

what i found was that

58

00:02:23,830 --> 00:02:22,160

i'm far from being a shrinking violet i

59

00:02:25,030 --> 00:02:23,840

actually loved standing fraud in front

60

00:02:27,589 --> 00:02:25,040

of an audience and

61

00:02:30,390 --> 00:02:27,599

i enjoyed it so it came very easily to

62

00:02:32,550 --> 00:02:30,400

me and i've always found the media side

63

00:02:36,470 --> 00:02:32,560

uh easy whereas most of my colleagues in

64

00:02:38,630 --> 00:02:36,480

the police would run a mile

65

00:02:40,470 --> 00:02:38,640

that's amazing so let's talk about

66

00:02:42,550 --> 00:02:40,480

prufus the police database

67

00:02:44,229 --> 00:02:42,560

i mean i'm i've been familiar with it

68

00:02:47,830 --> 00:02:44,239

for quite some time

69

00:02:50,070 --> 00:02:47,840

um so you say it was launched in 2002

70

00:02:51,670 --> 00:02:50,080

and is it still being updated to this

71

00:02:53,830 --> 00:02:51,680

day

72

00:02:55,350 --> 00:02:53,840

it is but not as often because basically

73

00:02:57,750 --> 00:02:55,360

what happened

74

00:02:58,949 --> 00:02:57,760

and i guess the second part of my life

75

00:03:02,149 --> 00:02:58,959

is that

76

00:03:03,830 --> 00:03:02,159

after having a six-year

77

00:03:05,910 --> 00:03:03,840

in the royal air force police and then a

78

00:03:07,990 --> 00:03:05,920

24-year career in the british transport

79

00:03:10,790 --> 00:03:08,000

police the last 19 years

80

00:03:13,270 --> 00:03:10,800

as a detective constable and an advanced

81

00:03:16,149 --> 00:03:13,280

interviewer of suspects and witnesses

82

00:03:18,070 --> 00:03:16,159

i retired deliberately early because

83

00:03:21,430 --> 00:03:18,080

something compelled me to retire

84

00:03:24,949 --> 00:03:21,440

early and try to create a new magazine

85

00:03:26,070 --> 00:03:24,959

and the world had gone was beginning to

86

00:03:28,630 --> 00:03:26,080

go digital

87

00:03:29,830 --> 00:03:28,640

and the costs of a print magazine were

88

00:03:33,670 --> 00:03:29,840

extortionate

89

00:03:35,670 --> 00:03:33,680

so uh in 2013 i retired

90

00:03:37,910 --> 00:03:35,680

after 24 years i could have gone on to

91

00:03:40,149 --> 00:03:37,920

30 but i retired early

92

00:03:41,470 --> 00:03:40,159

and launched ufo truth magazine it's

93

00:03:44,789 --> 00:03:41,480

bi-monthly

94

00:03:45,509 --> 00:03:44,799

96-page ezine and it features many of

95

00:03:47,430 --> 00:03:45,519

the top

96

00:03:48,789 --> 00:03:47,440

researchers in the world pretty much

97

00:03:50,229 --> 00:03:48,799

everybody you can think of has

98

00:03:53,910 --> 00:03:50,239

contributed to it

99

00:03:57,190 --> 00:03:53,920

who is of any value i think and

100

00:03:59,350 --> 00:03:57,200

we're now up to issue 49

101
00:04:02,070 --> 00:03:59,360
which will be released and distributed

102
00:04:04,229 --> 00:04:02,080
tonight and tomorrow after this show

103
00:04:05,910 --> 00:04:04,239
wow and where can we find that because

104
00:04:07,589 --> 00:04:05,920
i'll certainly put all the details in

105
00:04:08,470 --> 00:04:07,599
the description all you have to do is

106
00:04:12,869 --> 00:04:08,480
put

107
00:04:15,110 --> 00:04:12,879
magazine uh dot co dot uk

108
00:04:17,110 --> 00:04:15,120
and it will come up um so there you go

109
00:04:19,749 --> 00:04:17,120
and the police database

110
00:04:21,509 --> 00:04:19,759
is the proof force police database dot

111
00:04:22,150 --> 00:04:21,519
co dot uk and that comes up straight

112
00:04:23,350 --> 00:04:22,160
away

113
00:04:25,110 --> 00:04:23,360

well i'll make sure that all of the

114

00:04:26,629 --> 00:04:25,120

details are added to the description of

115

00:04:28,150 --> 00:04:26,639

this video afterwards because

116

00:04:29,990 --> 00:04:28,160

people i think would love to go and

117

00:04:32,230 --> 00:04:30,000

visit both of those things

118

00:04:33,909 --> 00:04:32,240

now um one of the cases that's always

119

00:04:36,230 --> 00:04:33,919

stuck in my head and i think i heard you

120

00:04:38,150 --> 00:04:36,240

talk about it many years ago

121

00:04:39,749 --> 00:04:38,160

and and i've only got a few small minor

122

00:04:41,749 --> 00:04:39,759

details that i remember but it was

123

00:04:42,870 --> 00:04:41,759

an incident involving two police

124

00:04:44,310 --> 00:04:42,880

officers in the

125

00:04:47,270 --> 00:04:44,320

in the middle of the night in a small

126
00:04:49,670 --> 00:04:47,280
village and i think it was a triumph

127
00:04:50,710 --> 00:04:49,680
are you able to expand on that because

128
00:04:53,430 --> 00:04:50,720
it's just incredible

129
00:04:54,629 --> 00:04:53,440
well there's a few favorites that i've

130
00:04:57,189 --> 00:04:54,639
got

131
00:04:59,030 --> 00:04:57,199
i do less work on it now because of the

132
00:05:01,510 --> 00:04:59,040
magazine and obviously the later work

133
00:05:04,310 --> 00:05:01,520
that we'll talk about with isa etc

134
00:05:05,430 --> 00:05:04,320
but um realistically some of the best

135
00:05:08,950 --> 00:05:05,440
cases

136
00:05:10,310 --> 00:05:08,960
are multiple witnesses for example

137
00:05:12,230 --> 00:05:10,320
there's a couple of cases that i think

138
00:05:13,510 --> 00:05:12,240

you might be referring to one is a huge

139

00:05:16,070 --> 00:05:13,520

black triangle

140

00:05:17,430 --> 00:05:16,080

that was described as the size of three

141

00:05:19,670 --> 00:05:17,440

football fields

142

00:05:20,790 --> 00:05:19,680

and when i asked the officer who was on

143

00:05:22,230 --> 00:05:20,800

the phone to me

144

00:05:24,230 --> 00:05:22,240

how do you know it was the size of three

145

00:05:26,230 --> 00:05:24,240

football fields he says well when we saw

146

00:05:29,670 --> 00:05:26,240

it was above three football fields

147

00:05:31,029 --> 00:05:29,680

which is a fantastic uh reference of

148

00:05:32,390 --> 00:05:31,039

science point of reference that's

149

00:05:34,469 --> 00:05:32,400

amazing

150

00:05:36,070 --> 00:05:34,479

but actually in police terms that's what

151
00:05:36,870 --> 00:05:36,080
you would do anyway when you're taking a

152
00:05:40,310 --> 00:05:36,880
statement

153
00:05:42,550 --> 00:05:40,320
you look for things that can mark is

154
00:05:44,390 --> 00:05:42,560
for example when somebody says oh it was

155
00:05:46,310 --> 00:05:44,400
about five to ten in the evening when i

156
00:05:47,670 --> 00:05:46,320
heard a bang outside shotgun

157
00:05:49,189 --> 00:05:47,680
you said how do you know it was five to

158
00:05:50,870 --> 00:05:49,199
ten and said well i always put the

159
00:05:52,870 --> 00:05:50,880
kettle on five minutes before the end of

160
00:05:55,990 --> 00:05:52,880
coronation street that kind of thing

161
00:05:58,550 --> 00:05:56,000
these are good markers of of time

162
00:05:59,909 --> 00:05:58,560
and similarly of size so you throw it

163
00:06:02,710 --> 00:05:59,919

back to them well how do you know

164

00:06:04,070 --> 00:06:02,720

well like he said i was next to his next

165

00:06:05,029 --> 00:06:04,080

three football fields so you've got a

166

00:06:07,670 --> 00:06:05,039

perfect

167

00:06:08,950 --> 00:06:07,680

description of size relative to what the

168

00:06:11,909 --> 00:06:08,960

witness is giving you

169

00:06:13,350 --> 00:06:11,919

so it was stunning and the other case

170

00:06:15,990 --> 00:06:13,360

that i often quote

171

00:06:17,510 --> 00:06:16,000

is one that involved three officers from

172

00:06:19,110 --> 00:06:17,520

the thames valley police

173

00:06:22,070 --> 00:06:19,120

and literally they're in a rural

174

00:06:24,550 --> 00:06:22,080

location three police vehicles maybe two

175

00:06:25,350 --> 00:06:24,560

possibly three vehicles parked up

176

00:06:27,990 --> 00:06:25,360

cigarette

177

00:06:29,189 --> 00:06:28,000

middle of the night this is i think the

178

00:06:32,390 --> 00:06:29,199

early 90s

179

00:06:33,110 --> 00:06:32,400

and literally in a rural location they

180

00:06:35,430 --> 00:06:33,120

see

181

00:06:37,270 --> 00:06:35,440

very briefly on the horizon just a

182

00:06:38,390 --> 00:06:37,280

bright light for literally just a second

183

00:06:40,550 --> 00:06:38,400

and they go up

184

00:06:41,430 --> 00:06:40,560

and it's gone don't think about anything

185

00:06:44,629 --> 00:06:41,440

more of it

186

00:06:45,590 --> 00:06:44,639

and then literally five minutes later an

187

00:06:48,070 --> 00:06:45,600

object

188

00:06:50,070 --> 00:06:48,080

literally 500 meters away which in a

189

00:06:52,150 --> 00:06:50,080

rural location is extremely close

190

00:06:53,990 --> 00:06:52,160

the size of a football field suddenly

191

00:06:56,150 --> 00:06:54,000

switches on like a light bulb

192

00:06:57,749 --> 00:06:56,160

and there are six or seven smaller

193

00:07:00,150 --> 00:06:57,759

objects flying around

194

00:07:03,110 --> 00:07:00,160

akin to a mothership scenario right and

195

00:07:05,350 --> 00:07:03,120

this object then starts scanning a beam

196

00:07:07,830 --> 00:07:05,360

the width of the craft across the

197

00:07:10,629 --> 00:07:07,840

terrain like it's scanning the surface

198

00:07:11,670 --> 00:07:10,639

no noise and they're all good as you

199

00:07:14,150 --> 00:07:11,680

would

200

00:07:14,790 --> 00:07:14,160

do we report this what's the point kind

201
00:07:17,189 --> 00:07:14,800
of thing

202
00:07:18,870 --> 00:07:17,199
yeah and then two or three minutes they

203
00:07:20,390 --> 00:07:18,880
watch it and then

204
00:07:22,710 --> 00:07:20,400
just blinks out and disappears before

205
00:07:25,270 --> 00:07:22,720
their eyes those kind of cases are

206
00:07:25,830 --> 00:07:25,280
superb and there's absolutely no reason

207
00:07:27,670 --> 00:07:25,840
why

208
00:07:29,189 --> 00:07:27,680
officers are gonna make up something

209
00:07:31,350 --> 00:07:29,199
like that and and

210
00:07:32,710 --> 00:07:31,360
from my experience with police officers

211
00:07:35,270 --> 00:07:32,720
over many years now

212
00:07:35,909 --> 00:07:35,280
19 years since i created the database

213
00:07:38,870 --> 00:07:35,919

they are

214

00:07:40,710 --> 00:07:38,880

still very reluctant to speak about

215

00:07:41,510 --> 00:07:40,720

these things publicly for the fear of

216

00:07:43,430 --> 00:07:41,520

ridicule

217

00:07:45,749 --> 00:07:43,440

and the perceived risk to their career

218

00:07:47,749 --> 00:07:45,759

and certainly the golden rule is that if

219

00:07:49,909 --> 00:07:47,759

you're in the police

220

00:07:50,869 --> 00:07:49,919

nine out of ten officers will not want

221

00:07:53,909 --> 00:07:50,879

to be

222

00:07:55,749 --> 00:07:53,919

named they want to remain anonymous and

223

00:07:58,390 --> 00:07:55,759

i always say that's fine

224

00:08:00,550 --> 00:07:58,400

yeah i'll grant you confidentiality

225

00:08:02,230 --> 00:08:00,560

providing you convince me

226

00:08:04,629 --> 00:08:02,240

you are what you say you are so they

227

00:08:07,029 --> 00:08:04,639

have to then produce photographs

228

00:08:07,909 --> 00:08:07,039

police background checks for me to then

229

00:08:09,510 --> 00:08:07,919

prove who they are

230

00:08:11,110 --> 00:08:09,520

and if that's fine then i totally

231

00:08:13,350 --> 00:08:11,120

understand the situation

232

00:08:14,469 --> 00:08:13,360

and they get anonymity because we don't

233

00:08:17,430 --> 00:08:14,479

want to cause people

234

00:08:17,909 --> 00:08:17,440

a risk to their career it's very real

235

00:08:20,790 --> 00:08:17,919

yeah

236

00:08:23,670 --> 00:08:20,800

quick shout out to my good friend

237

00:08:25,749 --> 00:08:23,680

priscilla here thank you for the 499

238

00:08:27,670 --> 00:08:25,759

super chat just stopping through to send

239

00:08:28,790 --> 00:08:27,680

some love we'll watch later thank you so

240

00:08:30,550 --> 00:08:28,800

much priscilla

241

00:08:32,310 --> 00:08:30,560

and thank you gary for those i think it

242

00:08:34,790 --> 00:08:32,320

was those two stories you just told i

243

00:08:37,750 --> 00:08:34,800

think i'd mix them together in my head

244

00:08:39,670 --> 00:08:37,760

but they were yeah it was years ago that

245

00:08:39,990 --> 00:08:39,680

i heard them and it always stuck in

246

00:08:43,589 --> 00:08:40,000

there

247

00:08:45,590 --> 00:08:43,599

somewhere so yeah thank you um

248

00:08:47,670 --> 00:08:45,600

so moving on i just wanted to briefly

249

00:08:49,750 --> 00:08:47,680

talk about the citizen hearing on

250

00:08:52,310 --> 00:08:49,760

disclosure in 2013 and

251
00:08:56,070 --> 00:08:52,320
just a little bit about how you got

252
00:09:02,470 --> 00:08:59,190
literally what had happened was uh

253
00:09:03,829 --> 00:09:02,480
i'd been given the disclosure award by

254
00:09:07,030 --> 00:09:03,839
steve bassett

255
00:09:09,670 --> 00:09:07,040
in washington dc in 2010

256
00:09:10,070 --> 00:09:09,680
so that's the first time i met him uh

257
00:09:13,590 --> 00:09:10,080
and

258
00:09:15,910 --> 00:09:13,600
i also attended a next com ex

259
00:09:17,190 --> 00:09:15,920
conference that he'd set up as well so

260
00:09:20,870 --> 00:09:17,200
like two events

261
00:09:23,110 --> 00:09:20,880
in 2010 and i think from that

262
00:09:25,590 --> 00:09:23,120
just out of the blue he said well we've

263
00:09:27,990 --> 00:09:25,600

been given some money to sell this

264

00:09:29,509 --> 00:09:28,000

kind of mock congressional hearing and i

265

00:09:30,710 --> 00:09:29,519

actually said to him i said well that

266

00:09:31,990 --> 00:09:30,720

sounds really important where are you

267

00:09:32,710 --> 00:09:32,000

going to hold this is at the national

268

00:09:34,389 --> 00:09:32,720

press club

269

00:09:36,230 --> 00:09:34,399

which is where i got the disclosure

270

00:09:37,350 --> 00:09:36,240

award and i said i'd like to be involved

271

00:09:38,790 --> 00:09:37,360

in that if i may

272

00:09:40,949 --> 00:09:38,800

and he said yeah of course i was gonna

273

00:09:42,870 --> 00:09:40,959

ask you so that's how i got involved and

274

00:09:45,670 --> 00:09:42,880

i would still say to this day

275

00:09:47,190 --> 00:09:45,680

that is the most prestigious thing that

276

00:09:50,389 --> 00:09:47,200

i've been involved in because

277

00:09:51,190 --> 00:09:50,399

whilst it was not well covered by the

278

00:09:54,630 --> 00:09:51,200

media

279

00:09:57,990 --> 00:09:54,640

yeah certainly in terms of tv cameras uh

280

00:09:59,990 --> 00:09:58,000

what we tried to do was historic and so

281

00:10:01,509 --> 00:10:00,000

i guess when you look back and your

282

00:10:02,470 --> 00:10:01,519

grandkids look back at you when you're

283

00:10:04,550 --> 00:10:02,480

dead and gone

284

00:10:06,949 --> 00:10:04,560

that will stand up as a moment in ufo

285

00:10:08,790 --> 00:10:06,959

history that i'm proud to be a part of

286

00:10:10,389 --> 00:10:08,800

and he tried to do it in the right way

287

00:10:12,870 --> 00:10:10,399

everybody was sworn in

288

00:10:15,190 --> 00:10:12,880

there were literally about 40 witnesses

289

00:10:16,790 --> 00:10:15,200

you were timed to give your evidence

290

00:10:18,949 --> 00:10:16,800

although a lot of the witnesses totally

291

00:10:21,590 --> 00:10:18,959

went off that i tried not to

292

00:10:22,230 --> 00:10:21,600

um but but yeah it was done before one

293

00:10:26,470 --> 00:10:22,240

former

294

00:10:29,750 --> 00:10:26,480

and women

295

00:10:31,590 --> 00:10:29,760

and it was done very properly and

296

00:10:33,190 --> 00:10:31,600

it should have attracted more attention

297

00:10:35,670 --> 00:10:33,200

than it did but i guess

298

00:10:36,870 --> 00:10:35,680

there's political situations as to why

299

00:10:39,509 --> 00:10:36,880

that didn't happen but

300

00:10:41,509 --> 00:10:39,519

i think within the subject it will go

301
00:10:42,710 --> 00:10:41,519
down as one of those moments on the road

302
00:10:44,790 --> 00:10:42,720
to disclosure

303
00:10:46,069 --> 00:10:44,800
and i was extremely fortunate and proud

304
00:10:49,110 --> 00:10:46,079
to be a part of it

305
00:10:50,630 --> 00:10:49,120
it was fantastic i mean i was very

306
00:10:52,389 --> 00:10:50,640
involved with the subjects as far as

307
00:10:54,550 --> 00:10:52,399
research goes back then and

308
00:10:56,710 --> 00:10:54,560
watching it i was blown away i was so

309
00:10:58,790 --> 00:10:56,720
happy but then it did seem to

310
00:10:59,990 --> 00:10:58,800
disappear and you i found it very

311
00:11:02,310 --> 00:11:00,000
difficult to even look back

312
00:11:03,269 --> 00:11:02,320
and find the videos and stuff on youtube

313
00:11:06,310 --> 00:11:03,279

so well

314

00:11:07,670 --> 00:11:06,320

well if you if you remember i think i

315

00:11:08,790 --> 00:11:07,680

think there is a tale which i'm not

316

00:11:10,550 --> 00:11:08,800

going to tell

317

00:11:12,630 --> 00:11:10,560

i do know some of the background as to

318

00:11:12,949 --> 00:11:12,640

why it didn't maybe have the splash that

319

00:11:17,590 --> 00:11:12,959

it

320

00:11:20,310 --> 00:11:17,600

supposed to be released

321

00:11:22,150 --> 00:11:20,320

as a kind of a movie documentary yeah

322

00:11:23,509 --> 00:11:22,160

and you saw a poster was it called the

323

00:11:25,670 --> 00:11:23,519

truth embargo

324

00:11:27,269 --> 00:11:25,680

yeah and everybody thought wow this is

325

00:11:28,949 --> 00:11:27,279

going to be a really good documentary

326

00:11:30,710 --> 00:11:28,959

akin to the phenomenon or something like

327

00:11:32,389 --> 00:11:30,720

that but i think there were

328

00:11:33,829 --> 00:11:32,399

some things happen behind the scenes and

329

00:11:37,190 --> 00:11:33,839

it just never

330

00:11:38,710 --> 00:11:37,200

materialized subsequently i think

331

00:11:41,590 --> 00:11:38,720

six months a year down the line

332

00:11:43,590 --> 00:11:41,600

afterwards i received the full box set

333

00:11:45,590 --> 00:11:43,600

of everybody's interviews

334

00:11:49,110 --> 00:11:45,600

because having been a part of it so yeah

335

00:11:51,190 --> 00:11:49,120

those box sets do exist and i know that

336

00:11:53,509 --> 00:11:51,200

all the box sets of every interview was

337

00:11:56,629 --> 00:11:53,519

sent to every member of congress

338

00:11:57,750 --> 00:11:56,639

and the senate uh

339

00:11:59,990 --> 00:11:57,760

what they did with them is another

340

00:12:02,310 --> 00:12:00,000

matter but but yes they were sent out

341

00:12:04,550 --> 00:12:02,320

but yeah it was an amazing event and it

342

00:12:06,790 --> 00:12:04,560

was monday to friday and it was uh

343

00:12:07,829 --> 00:12:06,800

very prestigious in my eyes but poorly

344

00:12:10,870 --> 00:12:07,839

poorly attended

345

00:12:11,910 --> 00:12:10,880

by the world's tv tv media yeah

346

00:12:13,910 --> 00:12:11,920

absolutely

347

00:12:14,949 --> 00:12:13,920

if that if if that was to who have

348

00:12:18,069 --> 00:12:14,959

happened

349

00:12:20,230 --> 00:12:18,079

now or it was happening next week it

350

00:12:20,790 --> 00:12:20,240

would be wall-to-wall tv coverage i

351
00:12:24,150 --> 00:12:20,800
think

352
00:12:25,430 --> 00:12:24,160
know speaking point

353
00:12:28,230 --> 00:12:25,440
with everything that's been going on

354
00:12:29,829 --> 00:12:28,240
recently and we'll we'll talk about what

355
00:12:31,750 --> 00:12:29,839
you know the current situation in a

356
00:12:33,509 --> 00:12:31,760
little while but the final thing is

357
00:12:35,030 --> 00:12:33,519
obviously we're seeing the uh citizen

358
00:12:37,110 --> 00:12:35,040
hearing on disclosure videos now

359
00:12:38,710 --> 00:12:37,120
reappearing through people like i think

360
00:12:42,230 --> 00:12:38,720
jeremy corbell's got something to do

361
00:12:49,190 --> 00:12:46,150
he was very kindly uh tweeted recently

362
00:12:50,069 --> 00:12:49,200
and he showed my interview as a as part

363
00:12:53,750 --> 00:12:50,079

of his tweet

364

00:12:55,269 --> 00:12:53,760

at the citizens and i sent him a message

365

00:12:58,790 --> 00:12:55,279

saying thanks for that uh but

366

00:13:00,470 --> 00:12:58,800

yeah he's not replied but but i sent him

367

00:13:03,750 --> 00:13:00,480

a message to thank him because

368

00:13:04,710 --> 00:13:03,760

uh a lot of people said that the speech

369

00:13:07,110 --> 00:13:04,720

that i made

370

00:13:08,870 --> 00:13:07,120

and it was work and i'd practiced it and

371

00:13:10,790 --> 00:13:08,880

it was timed and everything

372

00:13:13,509 --> 00:13:10,800

uh that ran for about 10 and a half

373

00:13:15,030 --> 00:13:13,519

minutes uh got a big stun innovation

374

00:13:15,910 --> 00:13:15,040

kind of thing at the end and a round of

375

00:13:17,750 --> 00:13:15,920

applause and

376

00:13:19,430 --> 00:13:17,760

was one of a lot of people said it was a

377

00:13:21,590 --> 00:13:19,440

powerful interview but

378

00:13:23,750 --> 00:13:21,600

never really got seen much after that so

379

00:13:25,829 --> 00:13:23,760

no it's a strange thing

380

00:13:27,430 --> 00:13:25,839

here's the iron here's the ironical

381

00:13:30,550 --> 00:13:27,440

thing is that

382

00:13:31,829 --> 00:13:30,560

uh having appeared at that

383

00:13:34,629 --> 00:13:31,839

i've never been asked to go back to

384

00:13:36,150 --> 00:13:34,639

america since so so i must have done

385

00:13:38,069 --> 00:13:36,160

something wrong i guess

386

00:13:39,829 --> 00:13:38,079

that's so strange you'd think you'd

387

00:13:41,670 --> 00:13:39,839

they'd be calling you up every week

388

00:13:43,990 --> 00:13:41,680

saying come on out do this do that

389

00:13:44,870 --> 00:13:44,000

that's that's bizarre i will let me

390

00:13:49,030 --> 00:13:44,880

there you may be

391

00:13:52,550 --> 00:13:49,040

going into the realms of politics yeah

392

00:13:52,870 --> 00:13:52,560

yes indeed um so no i'm like i said i'm

393

00:13:54,470 --> 00:13:52,880

just

394

00:13:57,509 --> 00:13:54,480

i was blown away by that citizens

395

00:13:59,829 --> 00:13:57,519

hearing um but let's move on to

396

00:14:01,590 --> 00:13:59,839

capal green this is something i heard

397

00:14:02,870 --> 00:14:01,600

about probably a good couple of years

398

00:14:05,189 --> 00:14:02,880

ago now possibly

399

00:14:08,310 --> 00:14:05,199

um and i was super excited about four

400

00:14:11,110 --> 00:14:08,320

years ago when i got involved

401
00:14:11,910 --> 00:14:11,120
in in july it will be four years in the

402
00:14:15,110 --> 00:14:11,920
making

403
00:14:16,790 --> 00:14:15,120
wow and and and i think that what

404
00:14:20,230 --> 00:14:16,800
started

405
00:14:22,389 --> 00:14:20,240
originally has been a small film maybe

406
00:14:24,949 --> 00:14:22,399
about larry warren's involvement

407
00:14:26,550 --> 00:14:24,959
then just grew and grew and the more

408
00:14:30,550 --> 00:14:26,560
that we did research

409
00:14:32,790 --> 00:14:30,560
i really then began a four year

410
00:14:33,590 --> 00:14:32,800
four years in july reinvestigation of

411
00:14:34,790 --> 00:14:33,600
the case

412
00:14:36,629 --> 00:14:34,800
and i thought well if i'm going to do

413
00:14:38,230 --> 00:14:36,639

this for a documentary i want it to be a

414

00:14:40,550 --> 00:14:38,240

good documentary

415

00:14:41,590 --> 00:14:40,560

i'm going to go back to day one after

416

00:14:44,230 --> 00:14:41,600

the incident

417

00:14:44,710 --> 00:14:44,240

and just follow where the evidence goes

418

00:14:47,750 --> 00:14:44,720

uh

419

00:14:49,030 --> 00:14:47,760

and i've done that and in the process of

420

00:14:51,829 --> 00:14:49,040

doing that

421

00:14:52,470 --> 00:14:51,839

some surprising things happened both new

422

00:14:54,870 --> 00:14:52,480

and old

423

00:14:56,710 --> 00:14:54,880

information that i uncovered that i

424

00:14:59,030 --> 00:14:56,720

think is really relevant

425

00:14:59,990 --> 00:14:59,040

to the story that's never been in any

426

00:15:03,030 --> 00:15:00,000

documentary

427

00:15:05,030 --> 00:15:03,040

despite the 50 or 60 mainstream media

428

00:15:06,710 --> 00:15:05,040

documentaries that's been made you'll

429

00:15:09,030 --> 00:15:06,720

find that there's a lot of

430

00:15:11,030 --> 00:15:09,040

facts absolute facts that are not

431

00:15:13,509 --> 00:15:11,040

mentioned in any of these documentaries

432

00:15:14,470 --> 00:15:13,519

and that says to me why as a former

433

00:15:16,310 --> 00:15:14,480

detective

434

00:15:18,230 --> 00:15:16,320

so capable green will mention things

435

00:15:21,269 --> 00:15:18,240

that's never been in any documentary

436

00:15:25,430 --> 00:15:21,279

old but also during the course the

437

00:15:28,629 --> 00:15:25,440

investigation i spoke to

438

00:15:29,910 --> 00:15:28,639

old military witnesses in a new light

439

00:15:31,829 --> 00:15:29,920

that i'd had an int

440

00:15:33,670 --> 00:15:31,839

discussion with them and was able to

441

00:15:35,030 --> 00:15:33,680

retrieve a lot more information because

442

00:15:38,470 --> 00:15:35,040

of my background training

443

00:15:40,310 --> 00:15:38,480

i tried doing enhanced uh interviews

444

00:15:42,310 --> 00:15:40,320

that and even not designed

445

00:15:43,350 --> 00:15:42,320

for that but it worked and i got more

446

00:15:46,310 --> 00:15:43,360

information

447

00:15:47,350 --> 00:15:46,320

and some startling things came out plus

448

00:15:49,509 --> 00:15:47,360

we got some

449

00:15:50,629 --> 00:15:49,519

new witnesses here and there that have

450

00:15:52,470 --> 00:15:50,639

come along and

451
00:15:54,069 --> 00:15:52,480
military witnesses that have given

452
00:15:58,069 --> 00:15:54,079
testimony

453
00:15:59,509 --> 00:15:58,079
and if you've seen from the trailers uh

454
00:16:01,829 --> 00:15:59,519
that we've put out because i think we've

455
00:16:04,629 --> 00:16:01,839
put out five now

456
00:16:06,389 --> 00:16:04,639
yeah the the the there are three

457
00:16:09,030 --> 00:16:06,399
precursor cases

458
00:16:10,069 --> 00:16:09,040
that we talk about that happened during

459
00:16:12,069 --> 00:16:10,079
1980

460
00:16:13,430 --> 00:16:12,079
in the build-up and they've all been

461
00:16:16,790 --> 00:16:13,440
filmed and

462
00:16:18,790 --> 00:16:16,800
testimony taken from them on camera and

463
00:16:20,710 --> 00:16:18,800

you know for these people who live in

464

00:16:21,430 --> 00:16:20,720

cloud cuckoo land that it's nothing to

465

00:16:24,870 --> 00:16:21,440

do

466

00:16:28,230 --> 00:16:24,880

with uh et or some kind of

467

00:16:29,670 --> 00:16:28,240

non-terrestrial uh intelligence

468

00:16:31,430 --> 00:16:29,680

they're living in cloud cuckoo land

469

00:16:32,150 --> 00:16:31,440

because it's not just a couple of

470

00:16:37,030 --> 00:16:32,160

incidents

471

00:16:39,350 --> 00:16:37,040

when you break it down and that's what

472

00:16:41,590 --> 00:16:39,360

i've done i've broken it down

473

00:16:42,550 --> 00:16:41,600

and there are many multiple incidents a

474

00:16:45,030 --> 00:16:42,560

lot more

475

00:16:46,629 --> 00:16:45,040

uh to come out and there's a lot of new

476

00:16:48,550 --> 00:16:46,639

information to come out

477

00:16:49,670 --> 00:16:48,560

so that's that's that's kind of a hint

478

00:16:52,470 --> 00:16:49,680

on where now

479

00:16:54,790 --> 00:16:52,480

am i frustrated yes because we're into a

480

00:16:57,749 --> 00:16:54,800

into the fourth year nobody

481

00:16:59,749 --> 00:16:57,759

anticipated this taking as long and it's

482

00:17:00,949 --> 00:16:59,759

just grown and grown and we've now got

483

00:17:04,069 --> 00:17:00,959

something like

484

00:17:05,990 --> 00:17:04,079

65 hours of material for what

485

00:17:08,069 --> 00:17:06,000

is a maximum of two and a half hours

486

00:17:11,829 --> 00:17:08,079

film i'm not an editor

487

00:17:13,909 --> 00:17:11,839

and i'm glad i don't have that uh skill

488

00:17:14,949 --> 00:17:13,919

because it would be a nightmare i think

489

00:17:17,669 --> 00:17:14,959

to edit

490

00:17:19,750 --> 00:17:17,679

65 hours down into two and a half hours

491

00:17:22,470 --> 00:17:19,760

which is an extremely long time

492

00:17:23,350 --> 00:17:22,480

for a documentary anyway most would be

493

00:17:24,630 --> 00:17:23,360

under that

494

00:17:26,710 --> 00:17:24,640

but i think that's what we're looking at

495

00:17:28,230 --> 00:17:26,720

two and a half hours but we've got some

496

00:17:30,789 --> 00:17:28,240

absolutely incredible stuff

497

00:17:33,350 --> 00:17:30,799

and uh hopefully we'll be out by the end

498

00:17:35,029 --> 00:17:33,360

of the year and it should really kind of

499

00:17:38,150 --> 00:17:35,039

rewrite the narrative

500

00:17:39,669 --> 00:17:38,160

on renlution forest well that's that's

501
00:17:39,990 --> 00:17:39,679
makes me want to see it even more i've

502
00:17:43,750 --> 00:17:40,000
been

503
00:17:45,669 --> 00:17:43,760
good couple of years now did the

504
00:17:47,190 --> 00:17:45,679
global pandemic did that hit the

505
00:17:49,510 --> 00:17:47,200
production hard did its

506
00:17:50,950 --> 00:17:49,520
did that hold it back yeah yes yes in

507
00:17:53,909 --> 00:17:50,960
the sense of that

508
00:17:56,870 --> 00:17:53,919
i'd made a series of visits uh to and

509
00:17:58,950 --> 00:17:56,880
done some editing with the director dion

510
00:18:00,070 --> 00:17:58,960
and uh of course i wasn't able to do

511
00:18:01,909 --> 00:18:00,080
that during the lockdown

512
00:18:03,590 --> 00:18:01,919
periods so he's done a lot of it

513
00:18:06,150 --> 00:18:03,600

remotely uh

514

00:18:07,270 --> 00:18:06,160

but there you go so it's ongoing

515

00:18:08,870 --> 00:18:07,280

hopefully

516

00:18:10,870 --> 00:18:08,880

it's going to be out this year it should

517

00:18:13,190 --> 00:18:10,880

be out this year because

518

00:18:15,510 --> 00:18:13,200

up until the december the 28th is still

519

00:18:17,270 --> 00:18:15,520

the 40th anniversary year so

520

00:18:19,110 --> 00:18:17,280

i sincerely hope it will be out this

521

00:18:21,830 --> 00:18:19,120

year i certainly hope so

522

00:18:23,430 --> 00:18:21,840

thank you so much i mean it i did want

523

00:18:25,350 --> 00:18:23,440

to speak a little bit about rendushan

524

00:18:27,350 --> 00:18:25,360

but i feel like we should probably wait

525

00:18:29,590 --> 00:18:27,360

for the documentary

526

00:18:30,710 --> 00:18:29,600

no you you can speak about the case as

527

00:18:34,470 --> 00:18:30,720

such because

528

00:18:36,630 --> 00:18:34,480

uh because the the reinvestigation was

529

00:18:37,430 --> 00:18:36,640

just not on one area it's the whole case

530

00:18:38,630 --> 00:18:37,440

that i've done

531

00:18:40,390 --> 00:18:38,640

and i've obviously been the lead

532

00:18:42,150 --> 00:18:40,400

researchers so in a sense it's a

533

00:18:43,110 --> 00:18:42,160

reinvestigation of everything so you can

534

00:18:44,950 --> 00:18:43,120

ask me things

535

00:18:46,470 --> 00:18:44,960

i might not tell you them if they're

536

00:18:47,909 --> 00:18:46,480

sensitive to the film

537

00:18:49,669 --> 00:18:47,919

but sure you can certainly ask some

538

00:18:51,430 --> 00:18:49,679

questions well i think

539

00:18:52,950 --> 00:18:51,440

i didn't have any specific questions

540

00:18:55,590 --> 00:18:52,960

really lined up for it i think it was

541

00:18:57,430 --> 00:18:55,600

focusing around capable green and

542

00:18:59,110 --> 00:18:57,440

i didn't realize that it was all this

543

00:18:59,990 --> 00:18:59,120

new information which because one of my

544

00:19:01,990 --> 00:19:00,000

questions was

545

00:19:03,110 --> 00:19:02,000

is there any new information and you've

546

00:19:06,310 --> 00:19:03,120

clearly just

547

00:19:08,870 --> 00:19:06,320

answered that for me um and i won't

548

00:19:10,710 --> 00:19:08,880

there there is there is in excess of 20

549

00:19:12,710 --> 00:19:10,720

pieces of new information

550

00:19:14,390 --> 00:19:12,720

right i mean i'm not going to push you

551
00:19:15,669 --> 00:19:14,400
on that unless you want to tell us

552
00:19:17,669 --> 00:19:15,679
well i'm not going to no i'm not going

553
00:19:20,549 --> 00:19:17,679
to tell you but what i'm saying is it

554
00:19:22,070 --> 00:19:20,559
is 20 plus yeah and it's key information

555
00:19:24,630 --> 00:19:22,080
to the story

556
00:19:26,390 --> 00:19:24,640
that in my mind as a former detective

557
00:19:29,190 --> 00:19:26,400
should be in the public domain

558
00:19:30,789 --> 00:19:29,200
this is i think highly relevant to the

559
00:19:32,710 --> 00:19:30,799
story

560
00:19:34,310 --> 00:19:32,720
i think i think some people are in for a

561
00:19:36,789 --> 00:19:34,320
bit of a shock

562
00:19:38,470 --> 00:19:36,799
that's so exciting but let's talk about

563
00:19:40,150 --> 00:19:38,480

isa i think

564

00:19:41,750 --> 00:19:40,160

that's what i've been really excited

565

00:19:45,029 --> 00:19:41,760

about since i heard about the

566

00:19:46,390 --> 00:19:45,039

the you know it forming and that um

567

00:19:48,549 --> 00:19:46,400

so can you just give us a little bit of

568

00:19:49,430 --> 00:19:48,559

background of where it came from who was

569

00:19:51,750 --> 00:19:49,440

involved and

570

00:19:52,710 --> 00:19:51,760

and yeah and then we can go on friday

571

00:19:54,310 --> 00:19:52,720

okay

572

00:19:55,990 --> 00:19:54,320

well let's talk about ice and i

573

00:19:56,870 --> 00:19:56,000

appreciate you giving me the opportunity

574

00:19:59,909 --> 00:19:56,880

to raise this

575

00:20:00,870 --> 00:19:59,919

uh i think it's very important uh isis

576
00:20:02,230 --> 00:20:00,880
stands for the

577
00:20:04,070 --> 00:20:02,240
international coalition for

578
00:20:07,510 --> 00:20:04,080
extraterrestrial research

579
00:20:10,630 --> 00:20:07,520
and basically it is a global

580
00:20:11,830 --> 00:20:10,640
approach uh to the subject towards

581
00:20:15,110 --> 00:20:11,840
disclosure

582
00:20:17,510 --> 00:20:15,120
and it comprises scientists

583
00:20:18,310 --> 00:20:17,520
academics and leading ufo uap

584
00:20:20,710 --> 00:20:18,320
researchers

585
00:20:21,830 --> 00:20:20,720
i still like the word ufo i hate saying

586
00:20:25,110 --> 00:20:21,840
you still love the word

587
00:20:26,630 --> 00:20:25,120
for it's far sexier than uh but anyway

588
00:20:29,909 --> 00:20:26,640

there you go we've got to be politically

589

00:20:32,950 --> 00:20:29,919

correct so ufo uap

590

00:20:34,870 --> 00:20:32,960

um and uh at the moment we have got

591

00:20:37,830 --> 00:20:34,880

national representatives

592

00:20:40,310 --> 00:20:37,840

in 27 countries and some of them have

593

00:20:43,029 --> 00:20:40,320

got deputy national representatives

594

00:20:44,149 --> 00:20:43,039

on five continents now the idea is to

595

00:20:46,950 --> 00:20:44,159

expand

596

00:20:48,070 --> 00:20:46,960

now we're not a ufo group we are an

597

00:20:50,950 --> 00:20:48,080

international

598

00:20:52,149 --> 00:20:50,960

ngo non-government organization we are

599

00:20:55,270 --> 00:20:52,159

registered

600

00:20:56,390 --> 00:20:55,280

legally for the eu in portugal

601
00:20:58,950 --> 00:20:56,400
where one of our national

602
00:21:00,470 --> 00:20:58,960
representatives is and the reason why we

603
00:21:02,310 --> 00:21:00,480
did portugal is because we wanted to

604
00:21:05,110 --> 00:21:02,320
take it away from america

605
00:21:07,110 --> 00:21:05,120
and uk being dominant in the subject

606
00:21:09,590 --> 00:21:07,120
especially america so we wanted to take

607
00:21:12,230 --> 00:21:09,600
it away from the american side of things

608
00:21:13,110 --> 00:21:12,240
and make it central as it were to europe

609
00:21:16,230 --> 00:21:13,120
and

610
00:21:19,510 --> 00:21:16,240
we have got 15 national representatives

611
00:21:20,710 --> 00:21:19,520
from europe we cover australia new

612
00:21:23,750 --> 00:21:20,720
zealand

613
00:21:25,669 --> 00:21:23,760

america canada and then

614

00:21:27,750 --> 00:21:25,679

in south america we've got six countries

615

00:21:28,549 --> 00:21:27,760

and then we just two countries in asia

616

00:21:31,110 --> 00:21:28,559

at the moment

617

00:21:33,110 --> 00:21:31,120

which is sri lanka and japan we're

618

00:21:35,830 --> 00:21:33,120

currently looking to identify

619

00:21:36,149 --> 00:21:35,840

more so why is isa being created and

620

00:21:39,430 --> 00:21:36,159

where

621

00:21:42,549 --> 00:21:39,440

actually stems out of

622

00:21:45,029 --> 00:21:42,559

a failed chinese disclosure initiative

623

00:21:46,789 --> 00:21:45,039

which some people may have read about uh

624

00:21:48,870 --> 00:21:46,799

over the last two or three years

625

00:21:50,390 --> 00:21:48,880

yeah basically what happened was about

626
00:21:52,390 --> 00:21:50,400
three years ago

627
00:21:53,430 --> 00:21:52,400
roberto pernotti was the president of

628
00:21:55,750 --> 00:21:53,440
isa

629
00:21:56,950 --> 00:21:55,760
uh he's a very experienced italian

630
00:21:59,430 --> 00:21:56,960
researcher

631
00:22:01,430 --> 00:21:59,440
with over 50 years experience multiple

632
00:22:03,669 --> 00:22:01,440
author on the subject

633
00:22:05,110 --> 00:22:03,679
former military officer an excellent

634
00:22:09,029 --> 00:22:05,120
choice to be the president

635
00:22:11,190 --> 00:22:09,039
and uh he and don schmidt who is the

636
00:22:14,470 --> 00:22:11,200
leading expert on roswell

637
00:22:18,549 --> 00:22:14,480
were invited to go to china

638
00:22:23,270 --> 00:22:18,559

three times in 2018

639

00:22:26,310 --> 00:22:23,280

to have discussions with a chinese group

640

00:22:28,630 --> 00:22:26,320

ufo group all expenses paid uh

641

00:22:30,070 --> 00:22:28,640

etc which is a bit unusual but anyway

642

00:22:33,190 --> 00:22:30,080

they went

643

00:22:38,070 --> 00:22:33,200

and the idea from the chinese

644

00:22:41,270 --> 00:22:38,080

ufo group was to set up a 30 country

645

00:22:43,430 --> 00:22:41,280

uh coalition right and they were

646

00:22:44,630 --> 00:22:43,440

they knew that because we had contacts

647

00:22:48,149 --> 00:22:44,640

around the world

648

00:22:49,350 --> 00:22:48,159

they saw that to invite americans

649

00:22:51,190 --> 00:22:49,360

europeans

650

00:22:52,950 --> 00:22:51,200

we would know who the best people to

651
00:22:55,510 --> 00:22:52,960
approach in terms of national

652
00:22:58,310 --> 00:22:55,520
representatives so it was a good idea

653
00:22:59,190 --> 00:22:58,320
um and then from that they were then

654
00:23:01,430 --> 00:22:59,200
tasked

655
00:23:02,950 --> 00:23:01,440
or told that there would be a conference

656
00:23:06,710 --> 00:23:02,960
in moscow

657
00:23:09,510 --> 00:23:06,720
in october 2018 and

658
00:23:10,789 --> 00:23:09,520
for them to go away and try to recruit

659
00:23:14,149 --> 00:23:10,799
several people

660
00:23:16,149 --> 00:23:14,159
to this project now fortunately uh don

661
00:23:17,750 --> 00:23:16,159
smith who i'd met before and he did

662
00:23:19,750 --> 00:23:17,760
he'd given a lecture at one of my

663
00:23:21,909 --> 00:23:19,760

conferences in home for

664

00:23:24,149 --> 00:23:21,919

uh the ufo truth magazine conferences in

665

00:23:27,510 --> 00:23:24,159

honduras uh we got on well and

666

00:23:29,350 --> 00:23:27,520

he invited me to uh to join

667

00:23:31,350 --> 00:23:29,360

and i thought wow moscow i've always

668

00:23:32,230 --> 00:23:31,360

wanted to go to moscow cold war been in

669

00:23:33,750 --> 00:23:32,240

the military

670

00:23:35,909 --> 00:23:33,760

it was always a place that was off

671

00:23:36,549 --> 00:23:35,919

limits and yet it looked a beautiful

672

00:23:38,310 --> 00:23:36,559

city

673

00:23:39,590 --> 00:23:38,320

and obviously it's got that cold war

674

00:23:42,710 --> 00:23:39,600

kind of uh

675

00:23:44,789 --> 00:23:42,720

spy story element to it so for me

676

00:23:47,029 --> 00:23:44,799

it was like i must go on moscow so

677

00:23:48,789 --> 00:23:47,039

anyway it was not easy to get to you had

678

00:23:51,029 --> 00:23:48,799

to jump through a lot of stuff

679

00:23:51,909 --> 00:23:51,039

to get through it uh like unlike any

680

00:23:54,230 --> 00:23:51,919

other country but

681

00:23:55,510 --> 00:23:54,240

eventually i did several dashes to

682

00:23:58,149 --> 00:23:55,520

manchester london

683

00:23:58,950 --> 00:23:58,159

but anyway managed to get the visa and

684

00:24:01,190 --> 00:23:58,960

everything

685

00:24:02,149 --> 00:24:01,200

and uh honestly i had five days in

686

00:24:06,470 --> 00:24:02,159

moscow

687

00:24:09,430 --> 00:24:06,480

you'd associate it with

688

00:24:10,149 --> 00:24:09,440

uh freezing snow and whatever freezing

689

00:24:11,909 --> 00:24:10,159

temperatures

690

00:24:14,149 --> 00:24:11,919

we went through a heatwave and it was

691

00:24:16,390 --> 00:24:14,159

fantastic it was t-shirt weather it was

692

00:24:18,149 --> 00:24:16,400

like being on a holiday in spain

693

00:24:19,510 --> 00:24:18,159

and i had five days there and it was

694

00:24:22,149 --> 00:24:19,520

fantastic but

695

00:24:23,269 --> 00:24:22,159

in effect uh there was eight to eight of

696

00:24:26,630 --> 00:24:23,279

us that went

697

00:24:30,390 --> 00:24:26,640

including don and roberto and uh we

698

00:24:33,430 --> 00:24:30,400

held talks over three days of the five

699

00:24:36,470 --> 00:24:33,440

um on a friday saturday sunday

700

00:24:40,230 --> 00:24:36,480

um with the leader of this chinese

701
00:24:43,590 --> 00:24:40,240
youth group and uh we

702
00:24:45,110 --> 00:24:43,600
we uh ironed out some things straight

703
00:24:48,149 --> 00:24:45,120
away like we said

704
00:24:49,909 --> 00:24:48,159
we will adopt one country one vote

705
00:24:52,070 --> 00:24:49,919
so no matter what the size of the

706
00:24:54,149 --> 00:24:52,080
country is there's no bigger influence

707
00:24:55,909 --> 00:24:54,159
yeah which is a big thing so china only

708
00:24:58,390 --> 00:24:55,919
gets one vote you don't get a stack

709
00:24:59,750 --> 00:24:58,400
or the russia doesn't get a stack of

710
00:25:02,390 --> 00:24:59,760
votes to get one vote

711
00:25:03,750 --> 00:25:02,400
so even the smallest country uh would

712
00:25:05,750 --> 00:25:03,760
have one vote and i think

713
00:25:06,870 --> 00:25:05,760

thought that was a very strong principle

714

00:25:08,390 --> 00:25:06,880

to adhere to

715

00:25:10,470 --> 00:25:08,400

definitely can't get it really any more

716

00:25:13,430 --> 00:25:10,480

democratic than that

717

00:25:14,310 --> 00:25:13,440

we we also said that if you are serious

718

00:25:17,029 --> 00:25:14,320

about this

719

00:25:18,549 --> 00:25:17,039

we will go away and try to get the 30

720

00:25:19,909 --> 00:25:18,559

countries together

721

00:25:22,470 --> 00:25:19,919

but what are you going to do and they

722

00:25:24,870 --> 00:25:22,480

said well actually we are

723

00:25:25,909 --> 00:25:24,880

we've already purchased some land in

724

00:25:28,870 --> 00:25:25,919

china

725

00:25:30,789 --> 00:25:28,880

in a city that has links to the

726

00:25:33,750 --> 00:25:30,799

premier's wife

727

00:25:34,789 --> 00:25:33,760

and uh we are going to build a specific

728

00:25:38,149 --> 00:25:34,799

headquarters

729

00:25:40,230 --> 00:25:38,159

for this new organization

730

00:25:42,710 --> 00:25:40,240

and it was going to be akin to being a

731

00:25:43,029 --> 00:25:42,720

bit like the u.n in the way that they

732

00:25:46,470 --> 00:25:43,039

were

733

00:25:47,350 --> 00:25:46,480

envisioning it alas after that we said

734

00:25:48,870 --> 00:25:47,360

well okay

735

00:25:50,630 --> 00:25:48,880

um where's the money coming from they

736

00:25:53,430 --> 00:25:50,640

said well we can't say

737

00:25:53,830 --> 00:25:53,440

i said okay um but that was the state of

738

00:25:56,390 --> 00:25:53,840

play

739

00:25:58,310 --> 00:25:56,400

as we left moscow but what we had said

740

00:26:00,710 --> 00:25:58,320

is that if you're serious

741

00:26:01,750 --> 00:26:00,720

you need to show us some good faith uh

742

00:26:04,789 --> 00:26:01,760

we are

743

00:26:07,110 --> 00:26:04,799

requesting uh uh to bring

744

00:26:07,909 --> 00:26:07,120

some representatives some prospective

745

00:26:13,190 --> 00:26:07,919

people

746

00:26:15,269 --> 00:26:13,200

to china uh in uh february march of 2019

747

00:26:16,390 --> 00:26:15,279

and they said yeah okay and so

748

00:26:19,669 --> 00:26:16,400

everything at first

749

00:26:21,590 --> 00:26:19,679

seemed great and then we didn't hear

750

00:26:22,630 --> 00:26:21,600

anything and we would send messages and

751
00:26:25,430 --> 00:26:22,640
there was nothing

752
00:26:27,510 --> 00:26:25,440
and we kind of got mixed messages that

753
00:26:31,510 --> 00:26:27,520
something that had happened in china

754
00:26:33,590 --> 00:26:31,520
whether it was chinese u.s relations had

755
00:26:34,549 --> 00:26:33,600
maybe soured or i'm not sure trade

756
00:26:36,630 --> 00:26:34,559
negotiated

757
00:26:37,669 --> 00:26:36,640
we don't we were never told but suffice

758
00:26:39,510 --> 00:26:37,679
to say that the

759
00:26:40,870 --> 00:26:39,520
conference didn't happen so then we

760
00:26:43,909 --> 00:26:40,880
waited and waited

761
00:26:46,870 --> 00:26:43,919
and we said okay uh

762
00:26:49,750 --> 00:26:46,880
we'll wait until the anniversary of the

763
00:26:50,230 --> 00:26:49,760

moscow conference which was october 2019

764

00:26:53,110 --> 00:26:50,240

a year

765

00:26:55,190 --> 00:26:53,120

later and if it's not happened by then

766

00:26:57,669 --> 00:26:55,200

it probably isn't going to happen

767

00:26:58,310 --> 00:26:57,679

so that approached and we didn't hear

768

00:27:01,110 --> 00:26:58,320

any things

769

00:27:02,870 --> 00:27:01,120

and so it came and went and we realized

770

00:27:03,590 --> 00:27:02,880

at that point there that it for whatever

771

00:27:06,230 --> 00:27:03,600

reason

772

00:27:08,870 --> 00:27:06,240

the chinese initiative element was dead

773

00:27:11,110 --> 00:27:08,880

but by then we'd probably identified

774

00:27:12,390 --> 00:27:11,120

19 or 20 potential national

775

00:27:14,549 --> 00:27:12,400

representatives

776

00:27:16,390 --> 00:27:14,559

right and and i kept thinking i kept

777

00:27:19,750 --> 00:27:16,400

saying that donna roberto it'd be

778

00:27:21,909 --> 00:27:19,760

real shame to lose the good will

779

00:27:23,110 --> 00:27:21,919

that would built up and the basic idea

780

00:27:25,669 --> 00:27:23,120

that we'd ruled out

781

00:27:28,149 --> 00:27:25,679

that we'd thought of and the other thing

782

00:27:30,070 --> 00:27:28,159

that came from moscow that was really

783

00:27:32,149 --> 00:27:30,080

important was that i suggested that all

784

00:27:34,630 --> 00:27:32,159

of us sign an oath

785

00:27:35,269 --> 00:27:34,640

so we don't uh we're all on the same

786

00:27:38,230 --> 00:27:35,279

page

787

00:27:40,630 --> 00:27:38,240

now we we know that new photology

788

00:27:43,350 --> 00:27:40,640

diverse opinion is rife

789

00:27:44,070 --> 00:27:43,360

not always good and sometimes it's very

790

00:27:46,630 --> 00:27:44,080

uh

791

00:27:49,190 --> 00:27:46,640

you know not very nice but suffice to

792

00:27:51,110 --> 00:27:49,200

say history has never been very good

793

00:27:52,310 --> 00:27:51,120

with international organizations from

794

00:27:53,750 --> 00:27:52,320

the uf forefront

795

00:27:55,990 --> 00:27:53,760

because basically my group is better

796

00:27:58,230 --> 00:27:56,000

than your group new york groups

797

00:27:59,110 --> 00:27:58,240

and a lot of egos get in the way and

798

00:28:00,830 --> 00:27:59,120

unfortunately

799

00:28:03,830 --> 00:28:00,840

that's probably why we've never

800

00:28:05,029 --> 00:28:03,840

progressed over the last 50 years or so

801
00:28:07,029 --> 00:28:05,039
politically

802
00:28:09,110 --> 00:28:07,039
yeah creating pressure because we've not

803
00:28:11,750 --> 00:28:09,120
been able to organize ourselves

804
00:28:13,430 --> 00:28:11,760
well i said when we met with the chinese

805
00:28:14,549 --> 00:28:13,440
we should have a principle that if we're

806
00:28:16,470 --> 00:28:14,559
all in agreement

807
00:28:18,230 --> 00:28:16,480
we should have a north that binds us all

808
00:28:20,149 --> 00:28:18,240
together and the oauth

809
00:28:22,630 --> 00:28:20,159
is basically this and it's dead simple

810
00:28:24,789 --> 00:28:22,640
if you're happy to assign it

811
00:28:25,830 --> 00:28:24,799
it's after 70 years of worldwide

812
00:28:28,630 --> 00:28:25,840
research

813
00:28:29,990 --> 00:28:28,640

we believe that the phenomena is real

814

00:28:32,070 --> 00:28:30,000

and we think that it acts with

815

00:28:33,350 --> 00:28:32,080

intelligence there you go it's laid out

816

00:28:35,350 --> 00:28:33,360

nice and clear

817

00:28:37,350 --> 00:28:35,360

and that we believe it's likely to be

818

00:28:39,350 --> 00:28:37,360

extraterrestrial or non-human in

819

00:28:40,630 --> 00:28:39,360

in origin so there you go we've nailed

820

00:28:42,789 --> 00:28:40,640

our colors to the mast

821

00:28:44,630 --> 00:28:42,799

do you want to sign that and everybody

822

00:28:47,510 --> 00:28:44,640

that becomes a part of isa

823

00:28:48,870 --> 00:28:47,520

has to sign that off the very first

824

00:28:51,430 --> 00:28:48,880

thing that they do

825

00:28:52,630 --> 00:28:51,440

and once that office sound then they are

826

00:28:54,389 --> 00:28:52,640

admitted into isa

827

00:28:56,149 --> 00:28:54,399

so that gets rid of a lot of people who

828

00:28:58,710 --> 00:28:56,159

like to be involved in the subject

829

00:29:00,230 --> 00:28:58,720

who spent a lifetime in the subject but

830

00:29:01,190 --> 00:29:00,240

were still really skeptical and they

831

00:29:03,029 --> 00:29:01,200

can't commit

832

00:29:04,310 --> 00:29:03,039

so that's how you separate the wheat

833

00:29:06,549 --> 00:29:04,320

from the chaff

834

00:29:07,750 --> 00:29:06,559

and the idea of doing the oath was

835

00:29:09,269 --> 00:29:07,760

really to say well

836

00:29:11,190 --> 00:29:09,279

if you're going to be a part of us we

837

00:29:13,029 --> 00:29:11,200

should all believe the same thing

838

00:29:14,870 --> 00:29:13,039

that makes sense oh you know it makes

839

00:29:17,430 --> 00:29:14,880

sense it's going to bind us together

840

00:29:19,190 --> 00:29:17,440

that's our core belief so that's what

841

00:29:20,549 --> 00:29:19,200

happens and so everybody who is a

842

00:29:24,310 --> 00:29:20,559

national representative

843

00:29:26,470 --> 00:29:24,320

has had to sign that off

844

00:29:28,789 --> 00:29:26,480

the very first thing that they have to

845

00:29:30,789 --> 00:29:28,799

do to become an iso representative

846

00:29:33,510 --> 00:29:30,799

and that's working great and what i can

847

00:29:36,230 --> 00:29:33,520

say is that what happened was

848

00:29:38,149 --> 00:29:36,240

obviously we got into early 2020 nothing

849

00:29:40,789 --> 00:29:38,159

had come from the anniversary of the

850

00:29:41,590 --> 00:29:40,799

moscow event and with twiddling our

851
00:29:44,470 --> 00:29:41,600
thumbs

852
00:29:46,149 --> 00:29:44,480
and then a strange can the thing uh

853
00:29:47,669 --> 00:29:46,159
happens in the sense of

854
00:29:50,870 --> 00:29:47,679
there aren't many positives to the

855
00:29:51,750 --> 00:29:50,880
pandemic and lockdowns etc but one of

856
00:29:54,950 --> 00:29:51,760
the things that

857
00:29:56,789 --> 00:29:54,960
is definitely a plus is that everybody

858
00:29:59,029 --> 00:29:56,799
started zooming each other

859
00:30:00,789 --> 00:29:59,039
and used in the internet to talk to each

860
00:30:03,430 --> 00:30:00,799
other and visually see each other

861
00:30:04,710 --> 00:30:03,440
yes we'd add skype around and whatever

862
00:30:07,029 --> 00:30:04,720
but basically

863
00:30:08,230 --> 00:30:07,039

you suddenly with a thrust into that is

864

00:30:09,830 --> 00:30:08,240

the only way

865

00:30:12,149 --> 00:30:09,840

you are going to be able to talk to your

866

00:30:14,470 --> 00:30:12,159

relatives and children and whatever so

867

00:30:16,310 --> 00:30:14,480

it really speeded up the process

868

00:30:18,230 --> 00:30:16,320

probably by several years

869

00:30:19,750 --> 00:30:18,240

and suddenly everybody's talking my zoom

870

00:30:21,110 --> 00:30:19,760

and i'm thinking

871

00:30:22,870 --> 00:30:21,120

we shouldn't let this go all this

872

00:30:26,470 --> 00:30:22,880

goodwill so i suddenly

873

00:30:28,950 --> 00:30:26,480

in june of 2020 said

874

00:30:30,149 --> 00:30:28,960

i'm going to take out a pro zoom account

875

00:30:32,710 --> 00:30:30,159

and i'm going to start

876

00:30:34,230 --> 00:30:32,720

organizing the event and let's get

877

00:30:35,110 --> 00:30:34,240

organizing let's see if we can do it

878

00:30:37,830 --> 00:30:35,120

ourselves

879

00:30:39,110 --> 00:30:37,840

and so that's what i did so in a sense i

880

00:30:41,750 --> 00:30:39,120

didn't have to give myself a

881

00:30:43,510 --> 00:30:41,760

huge rod for my own back because i now

882

00:30:44,470 --> 00:30:43,520

have to do all the minutes and run all

883

00:30:47,029 --> 00:30:44,480

the meetings

884

00:30:47,590 --> 00:30:47,039

uh which i've done for every meeting uh

885

00:30:50,789 --> 00:30:47,600

so

886

00:30:54,549 --> 00:30:50,799

can say is

887

00:30:55,590 --> 00:30:54,559

that um we hold meetings perhaps three

888

00:30:57,909 --> 00:30:55,600

times a week

889

00:30:59,830 --> 00:30:57,919

we have different working groups but

890

00:31:00,630 --> 00:30:59,840

these are truly international meetings

891

00:31:03,190 --> 00:31:00,640

where you've got

892

00:31:04,070 --> 00:31:03,200

14 or 15 countries representatives

893

00:31:06,470 --> 00:31:04,080

obviously there's

894

00:31:08,389 --> 00:31:06,480

certain countries with time delays it's

895

00:31:10,070 --> 00:31:08,399

difficult finding that balance

896

00:31:12,070 --> 00:31:10,080

when you're dealing with a global

897

00:31:13,430 --> 00:31:12,080

network as it were but we have some

898

00:31:16,070 --> 00:31:13,440

fantastic discussions

899

00:31:17,990 --> 00:31:16,080

and honestly and i think this goes back

900

00:31:20,870 --> 00:31:18,000

to the point of the off

901
00:31:22,710 --> 00:31:20,880
is that never once in any of the

902
00:31:25,269 --> 00:31:22,720
meetings that i've chaired

903
00:31:26,549 --> 00:31:25,279
since june of 2020 which is now must be

904
00:31:28,549 --> 00:31:26,559
summer 100 meetings

905
00:31:30,950 --> 00:31:28,559
we've never had a wrong word with any of

906
00:31:32,870 --> 00:31:30,960
us because we're all on the same page

907
00:31:34,470 --> 00:31:32,880
and we have some really stimulating

908
00:31:37,750 --> 00:31:34,480
discussions and

909
00:31:40,389 --> 00:31:37,760
basically we we spent 11 months uh

910
00:31:41,110 --> 00:31:40,399
preparing so from june until the 25th of

911
00:31:43,669 --> 00:31:41,120
may

912
00:31:45,669 --> 00:31:43,679
which is when we launched publicly and

913
00:31:49,190 --> 00:31:45,679

we launched on the 25th

914

00:31:49,630 --> 00:31:49,200

of may strategically to be a month ahead

915

00:31:54,310 --> 00:31:49,640

of the

916

00:31:56,630 --> 00:31:54,320

and actually it worked perfect

917

00:31:57,909 --> 00:31:56,640

kind of we'd heard on the grapevine that

918

00:31:59,909 --> 00:31:57,919

it was going to be delayed so

919

00:32:01,509 --> 00:31:59,919

the fact that it came out a month was

920

00:32:04,389 --> 00:32:01,519

great for us absolutely

921

00:32:05,190 --> 00:32:04,399

so we strategically placed ourselves and

922

00:32:08,149 --> 00:32:05,200

we have

923

00:32:09,830 --> 00:32:08,159

gone public and we would class ourselves

924

00:32:12,630 --> 00:32:09,840

in the first phase

925

00:32:13,430 --> 00:32:12,640

uh our launch phase and establishment

926
00:32:15,750 --> 00:32:13,440
this is where

927
00:32:16,710 --> 00:32:15,760
we're trying to establish ourselves in

928
00:32:18,630 --> 00:32:16,720
the media

929
00:32:19,750 --> 00:32:18,640
and and hence why i'm grateful for the

930
00:32:21,590 --> 00:32:19,760
likes of yourself

931
00:32:23,430 --> 00:32:21,600
for reaching out and allowing me to talk

932
00:32:25,590 --> 00:32:23,440
about it because we are

933
00:32:26,789 --> 00:32:25,600
this is definitely where we're trying to

934
00:32:28,870 --> 00:32:26,799
position ourselves

935
00:32:31,190 --> 00:32:28,880
what i can tell you is that in the in

936
00:32:33,269 --> 00:32:31,200
the few days before the launch

937
00:32:34,710 --> 00:32:33,279
we had a meeting with louise elizondo

938
00:32:36,870 --> 00:32:34,720

with isa officials

939

00:32:38,470 --> 00:32:36,880

and i asked him on behalf of isil lots

940

00:32:40,470 --> 00:32:38,480

of questions and

941

00:32:41,830 --> 00:32:40,480

on behalf of other members i asked him

942

00:32:42,789 --> 00:32:41,840

the questions and he was very kindly

943

00:32:44,549 --> 00:32:42,799

give us that time

944

00:32:47,110 --> 00:32:44,559

it was a private discussion so i won't

945

00:32:49,350 --> 00:32:47,120

go into that but this is the kind of

946

00:32:50,230 --> 00:32:49,360

level that we're talking about the the

947

00:32:53,990 --> 00:32:50,240

isa

948

00:32:56,789 --> 00:32:54,000

uh was deemed to be a very

949

00:32:58,230 --> 00:32:56,799

useful well-timed initiative that you

950

00:33:00,950 --> 00:32:58,240

know was coming out

951
00:33:02,149 --> 00:33:00,960
and he wanted the global approach so in

952
00:33:03,990 --> 00:33:02,159
a sense

953
00:33:07,350 --> 00:33:04,000
nobody else is doing what we're doing

954
00:33:10,389 --> 00:33:07,360
and what we're basically saying is

955
00:33:12,710 --> 00:33:10,399
the way things are going a year ago

956
00:33:14,789 --> 00:33:12,720
if you'd have said to a ufologist you're

957
00:33:17,830 --> 00:33:14,799
going to be in a two-horse race

958
00:33:19,990 --> 00:33:17,840
uh as to ect

959
00:33:21,669 --> 00:33:20,000
or it's foreign technology but

960
00:33:22,149 --> 00:33:21,679
ufologists would have snapped your hand

961
00:33:23,590 --> 00:33:22,159
off

962
00:33:25,269 --> 00:33:23,600
because it would have been anything of

963
00:33:27,110 --> 00:33:25,279

50 things a year ago

964

00:33:29,110 --> 00:33:27,120

but then it was narrowed down narrowed

965

00:33:30,310 --> 00:33:29,120

down to three

966

00:33:32,389 --> 00:33:30,320

and then of course the americans are

967

00:33:34,950 --> 00:33:32,399

saying it's not all it's not us

968

00:33:36,470 --> 00:33:34,960

no no no you you you can be deceptive

969

00:33:39,269 --> 00:33:36,480

here and thinking well

970

00:33:40,549 --> 00:33:39,279

do we believe them and they probably

971

00:33:43,350 --> 00:33:40,559

aren't being as

972

00:33:45,269 --> 00:33:43,360

truthful as they can be so i suspect

973

00:33:47,269 --> 00:33:45,279

there is a lot of stuff that's still

974

00:33:49,029 --> 00:33:47,279

in special access programs that are

975

00:33:52,950 --> 00:33:49,039

close to people who need to know yeah

976

00:33:54,389 --> 00:33:52,960

etc however on the broad basis

977

00:33:56,389 --> 00:33:54,399

they're saying it's not always doing

978

00:33:58,950 --> 00:33:56,399

these these uh repeated

979

00:33:59,750 --> 00:33:58,960

uh swarms etcetera etcetera yeah that's

980

00:34:01,990 --> 00:33:59,760

important

981

00:34:03,269 --> 00:34:02,000

so in a sense so in a sense we've gone

982

00:34:05,909 --> 00:34:03,279

from a three-horse race

983

00:34:07,430 --> 00:34:05,919

to a two-horse race so we're now 50 50

984

00:34:09,669 --> 00:34:07,440

with foreign technology

985

00:34:11,750 --> 00:34:09,679

and if you know the subject it's dead

986

00:34:14,069 --> 00:34:11,760

easy to get rid of the 50 50

987

00:34:14,790 --> 00:34:14,079

uh the foreign technology angle because

988

00:34:17,030 --> 00:34:14,800

one

989

00:34:18,230 --> 00:34:17,040

history says that the things that are

990

00:34:21,270 --> 00:34:18,240

flying around now

991

00:34:23,190 --> 00:34:21,280

are described 70 years ago flying around

992

00:34:25,270 --> 00:34:23,200

and if you and if you go to the twining

993

00:34:28,069 --> 00:34:25,280

memo which is in this month's

994

00:34:30,310 --> 00:34:28,079

issue of your truth magazine as a

995

00:34:32,069 --> 00:34:30,320

reminder to say look

996

00:34:34,230 --> 00:34:32,079

you know nathan twining is saying in

997

00:34:35,669 --> 00:34:34,240

1947 these things are real and not

998

00:34:37,909 --> 00:34:35,679

fictitious

999

00:34:39,510 --> 00:34:37,919

and there it can exhibit rates of climb

1000

00:34:42,629 --> 00:34:39,520

that we just can't get anywhere near

1001
00:34:46,149 --> 00:34:42,639
that was said in 1947 and there's been

1002
00:34:47,589 --> 00:34:46,159
all this prevarication and standoff and

1003
00:34:49,030 --> 00:34:47,599
cover-up by the us

1004
00:34:50,629 --> 00:34:49,040
authorities and i'm sorry there is a

1005
00:34:51,430 --> 00:34:50,639
cover-up it's with that shadow without

1006
00:34:54,230 --> 00:34:51,440
the governor

1007
00:34:54,869 --> 00:34:54,240
for 70 years they have not been honest

1008
00:34:57,109 --> 00:34:54,879
with the

1009
00:34:58,390 --> 00:34:57,119
american public and because america has

1010
00:35:00,630 --> 00:34:58,400
dominated the subject

1011
00:35:02,230 --> 00:35:00,640
effectively that meant the world looked

1012
00:35:04,230 --> 00:35:02,240
at it that way

1013
00:35:05,589 --> 00:35:04,240

but we are we're into a totally

1014

00:35:08,870 --> 00:35:05,599

different world now

1015

00:35:11,589 --> 00:35:08,880

and so literally isa comes along

1016

00:35:12,950 --> 00:35:11,599

and he's there to start saying if we can

1017

00:35:14,550 --> 00:35:12,960

get global tv

1018

00:35:16,790 --> 00:35:14,560

and this is what i'm pushing for is to

1019

00:35:18,790 --> 00:35:16,800

get onto global u.s networks

1020

00:35:20,550 --> 00:35:18,800

because that's when we'll reach millions

1021

00:35:21,829 --> 00:35:20,560

so if there are people out there

1022

00:35:25,589 --> 00:35:21,839

listening to this

1023

00:35:27,910 --> 00:35:25,599

i would like to talk on us tv

1024

00:35:29,190 --> 00:35:27,920

about isa because we need to broaden

1025

00:35:31,349 --> 00:35:29,200

this discussion

1026

00:35:32,310 --> 00:35:31,359

to a global approach there is only one

1027

00:35:34,950 --> 00:35:32,320

earth

1028

00:35:36,589 --> 00:35:34,960

there is only one human race and this is

1029

00:35:39,270 --> 00:35:36,599

getting lost in this

1030

00:35:39,589 --> 00:35:39,280

american-centric view of things and it's

1031

00:35:43,190 --> 00:35:39,599

not

1032

00:35:45,670 --> 00:35:43,200

really louise elizondo's fault because

1033

00:35:46,230 --> 00:35:45,680

whatever one thinks of the suspicions

1034

00:35:49,270 --> 00:35:46,240

around

1035

00:35:50,870 --> 00:35:49,280

louise elizondo and people do have

1036

00:35:55,589 --> 00:35:50,880

natural questions because he's a he's

1037

00:36:01,829 --> 00:35:59,670

however the first thing i said to him

1038

00:36:03,589 --> 00:36:01,839

before we got into the the the questions

1039

00:36:05,829 --> 00:36:03,599

that we were asking him for isa

1040

00:36:07,670 --> 00:36:05,839

i said i i just want to personally thank

1041

00:36:09,510 --> 00:36:07,680

you for i don't know how the hell you

1042

00:36:11,829 --> 00:36:09,520

got the three videos out

1043

00:36:13,349 --> 00:36:11,839

but without those three videos we'd

1044

00:36:15,270 --> 00:36:13,359

still be nowhere near this

1045

00:36:16,950 --> 00:36:15,280

we wouldn't be having this discussion we

1046

00:36:17,589 --> 00:36:16,960

wouldn't be on the edge of a disclosure

1047

00:36:19,190 --> 00:36:17,599

path

1048

00:36:20,870 --> 00:36:19,200

uh those three videos were a game

1049

00:36:22,310 --> 00:36:20,880

changer so i said to him

1050

00:36:25,430 --> 00:36:22,320

however you managed to get them out

1051
00:36:27,670 --> 00:36:25,440
whatever stunts that you pulled

1052
00:36:29,829 --> 00:36:27,680
you did the world a great uh service

1053
00:36:31,670 --> 00:36:29,839
because for the first time

1054
00:36:33,430 --> 00:36:31,680
it wasn't really for the public that i

1055
00:36:35,430 --> 00:36:33,440
think it made a huge impression

1056
00:36:37,190 --> 00:36:35,440
it was for the press because for the

1057
00:36:39,670 --> 00:36:37,200
press for the first time

1058
00:36:40,870 --> 00:36:39,680
especially the last video the go fast

1059
00:36:42,470 --> 00:36:40,880
where it's skimming

1060
00:36:44,790 --> 00:36:42,480
low across the surface of the water

1061
00:36:46,390 --> 00:36:44,800
really fast for the first time when it

1062
00:36:47,030 --> 00:36:46,400
locks on and you see this little white

1063
00:36:49,349 --> 00:36:47,040

blob

1064

00:36:53,030 --> 00:36:49,359

zipping along and the the pilots are

1065

00:36:56,230 --> 00:36:54,710

for the first time the mainstream media

1066

00:36:59,990 --> 00:36:56,240

could go what

1067

00:37:03,589 --> 00:37:00,000

is that and they never had anything

1068

00:37:06,069 --> 00:37:03,599

tangible that was provenanced before

1069

00:37:08,150 --> 00:37:06,079

and this is what's made the game changer

1070

00:37:09,829 --> 00:37:08,160

and so those three videos

1071

00:37:11,430 --> 00:37:09,839

not just the new york times article

1072

00:37:12,310 --> 00:37:11,440

which is strategically important that

1073

00:37:14,230 --> 00:37:12,320

announced it

1074

00:37:15,589 --> 00:37:14,240

but those three videos are something

1075

00:37:17,829 --> 00:37:15,599

visual they

1076
00:37:19,270 --> 00:37:17,839
they are tangible and the press could

1077
00:37:20,790 --> 00:37:19,280
then say what is that

1078
00:37:23,190 --> 00:37:20,800
and i think that's why there's been

1079
00:37:25,430 --> 00:37:23,200
media interest and yes the grainy

1080
00:37:27,109 --> 00:37:25,440
and yes louise elizondo said he's seen

1081
00:37:29,910 --> 00:37:27,119
lots better videos

1082
00:37:31,270 --> 00:37:29,920
now really what we should be doing now

1083
00:37:33,109 --> 00:37:31,280
is saying

1084
00:37:34,870 --> 00:37:33,119
okay we should be banging in freedom

1085
00:37:36,310 --> 00:37:34,880
information acts which i'm sure john

1086
00:37:37,030 --> 00:37:36,320
greenwood is doing who's it he really

1087
00:37:38,950 --> 00:37:37,040
has

1088
00:37:40,950 --> 00:37:38,960

he he he's he's great and i'm i'm

1089

00:37:41,829 --> 00:37:40,960

friends with john and he's the world's

1090

00:37:43,430 --> 00:37:41,839

leading

1091

00:37:45,910 --> 00:37:43,440

foi guy with that shadow without the

1092

00:37:48,870 --> 00:37:45,920

black that's amazing and

1093

00:37:50,069 --> 00:37:48,880

he is doing his utmost to push and push

1094

00:37:52,230 --> 00:37:50,079

now

1095

00:37:54,550 --> 00:37:52,240

from an iso point of view we want to get

1096

00:37:57,270 --> 00:37:54,560

onto the global

1097

00:37:58,150 --> 00:37:57,280

tv i guess so that we can say look

1098

00:38:00,390 --> 00:37:58,160

there's two things

1099

00:38:02,069 --> 00:38:00,400

those three things that isa can do in a

1100

00:38:05,349 --> 00:38:02,079

different way

1101
00:38:07,670 --> 00:38:05,359
there is obviously obvious objects now

1102
00:38:08,550 --> 00:38:07,680
it's now gone behind gone beyond lights

1103
00:38:11,670 --> 00:38:08,560
in the sky

1104
00:38:13,190 --> 00:38:11,680
we are talking about craft so this is

1105
00:38:14,230 --> 00:38:13,200
the key thing we're talking about

1106
00:38:16,150 --> 00:38:14,240
structured craft

1107
00:38:17,990 --> 00:38:16,160
flying around in the us airspace with

1108
00:38:19,910 --> 00:38:18,000
impunity so that's now

1109
00:38:21,589 --> 00:38:19,920
a big game changer we're talking about

1110
00:38:23,349 --> 00:38:21,599
craft we're not talking about

1111
00:38:25,349 --> 00:38:23,359
lights anymore and we're not talking

1112
00:38:26,550 --> 00:38:25,359
about was it misidentification no we're

1113
00:38:29,109 --> 00:38:26,560

talking about craft

1114

00:38:30,550 --> 00:38:29,119

so that's some huge leap forward

1115

00:38:33,750 --> 00:38:30,560

strategically

1116

00:38:36,470 --> 00:38:33,760

so yes technically if there is something

1117

00:38:37,349 --> 00:38:36,480

flying around in the us airspace with

1118

00:38:39,510 --> 00:38:37,359

impunity

1119

00:38:40,790 --> 00:38:39,520

technically that is an air safety threat

1120

00:38:43,589 --> 00:38:40,800

i can absolutely

1121

00:38:45,349 --> 00:38:43,599

i can buy that and and of course uh i

1122

00:38:48,390 --> 00:38:45,359

think everybody can understand that

1123

00:38:51,910 --> 00:38:48,400

however what we've got to guard against

1124

00:38:54,390 --> 00:38:51,920

and especially within this subject

1125

00:38:56,710 --> 00:38:54,400

we have lots of many factions and there

1126
00:38:57,190 --> 00:38:56,720
will be those saying oh it's demons it's

1127
00:39:01,510 --> 00:38:57,200
uh

1128
00:39:04,230 --> 00:39:01,520
false

1129
00:39:06,150 --> 00:39:04,240
and all these kind of things well really

1130
00:39:08,230 --> 00:39:06,160
we we want to come along and say look

1131
00:39:09,670 --> 00:39:08,240
yes technically there is a threat

1132
00:39:10,790 --> 00:39:09,680
element there course there is a snare

1133
00:39:13,990 --> 00:39:10,800
safety issue

1134
00:39:16,630 --> 00:39:14,000
however if isa gets to this world

1135
00:39:18,390 --> 00:39:16,640
level of in the media then we can say

1136
00:39:19,109 --> 00:39:18,400
but actually history would suggest

1137
00:39:20,870 --> 00:39:19,119
otherwise

1138
00:39:22,710 --> 00:39:20,880

because if you look at the history of

1139

00:39:25,030 --> 00:39:22,720

the last 70 75 years

1140

00:39:26,470 --> 00:39:25,040

there is no per you know pervasive

1141

00:39:27,829 --> 00:39:26,480

threat element there

1142

00:39:30,069 --> 00:39:27,839

they could have done whatever they

1143

00:39:31,030 --> 00:39:30,079

wanted to do 70 years ago exactly they

1144

00:39:32,790 --> 00:39:31,040

were gonna do it

1145

00:39:34,390 --> 00:39:32,800

so i think that's a good point to bring

1146

00:39:37,030 --> 00:39:34,400

in also

1147

00:39:40,150 --> 00:39:37,040

we isa comes along and says we should be

1148

00:39:43,190 --> 00:39:40,160

dealing now with the what-if question

1149

00:39:43,990 --> 00:39:43,200

now we're in a 50-50 race from a media's

1150

00:39:45,750 --> 00:39:44,000

point of view

1151

00:39:48,150 --> 00:39:45,760

but we know that which where the race is

1152

00:39:50,550 --> 00:39:48,160

going to end and who's going to win

1153

00:39:52,069 --> 00:39:50,560

because the more research is done the

1154

00:39:54,710 --> 00:39:52,079

more scientific data

1155

00:39:56,310 --> 00:39:54,720

is collected the more startling the

1156

00:39:57,589 --> 00:39:56,320

performance characteristics these

1157

00:39:59,190 --> 00:39:57,599

objects are going to be

1158

00:40:01,270 --> 00:39:59,200

and it's going to rule out foreign

1159

00:40:02,390 --> 00:40:01,280

technology but we can also rule out

1160

00:40:04,790 --> 00:40:02,400

foreign technology

1161

00:40:05,990 --> 00:40:04,800

easily because of the history so we

1162

00:40:07,670 --> 00:40:06,000

think we should be talking about the

1163

00:40:09,670 --> 00:40:07,680

history

1164

00:40:11,270 --> 00:40:09,680

so what do we so we think that what if

1165

00:40:15,030 --> 00:40:11,280

questions should be looked at

1166

00:40:17,030 --> 00:40:15,040

now as if to say what if it is real

1167

00:40:19,270 --> 00:40:17,040

and in a year's time we find out it's

1168

00:40:21,190 --> 00:40:19,280

real do we then walk into a brick wall

1169

00:40:24,470 --> 00:40:21,200

of psychological shock

1170

00:40:27,589 --> 00:40:24,480

which some people would find

1171

00:40:29,910 --> 00:40:27,599

or do we start preparing people now that

1172

00:40:32,390 --> 00:40:29,920

actually this might be the eventuality

1173

00:40:34,069 --> 00:40:32,400

and what isa is proposing and developing

1174

00:40:36,790 --> 00:40:34,079

as we speak

1175

00:40:38,309 --> 00:40:36,800

are awareness programs educational

1176
00:40:42,150 --> 00:40:38,319
awareness programs

1177
00:40:45,109 --> 00:40:42,160
designed for all sectors of society

1178
00:40:45,829 --> 00:40:45,119
like aviation industry like for the

1179
00:40:50,309 --> 00:40:45,839
media

1180
00:40:54,550 --> 00:40:50,319
because literally 95

1181
00:40:57,030 --> 00:40:54,560
of the public and the media are clueless

1182
00:40:57,910 --> 00:40:57,040
and you can actually see this uh you can

1183
00:41:00,390 --> 00:40:57,920
actually see this

1184
00:41:02,550 --> 00:41:00,400
when the mainstream journalists are like

1185
00:41:04,309 --> 00:41:02,560
going i can't believe i'm asking this on

1186
00:41:06,390 --> 00:41:04,319
on a serious news forum and they're

1187
00:41:07,510 --> 00:41:06,400
having uh four discussions prior to the

1188
00:41:09,829 --> 00:41:07,520

dna coming out

1189

00:41:12,950 --> 00:41:09,839

uh i saw chris cuomo on cnn he's going i

1190

00:41:16,870 --> 00:41:16,230

uh but they're in denial they're in

1191

00:41:18,630 --> 00:41:16,880

denial

1192

00:41:20,470 --> 00:41:18,640

now there's two ways you can look at the

1193

00:41:22,309 --> 00:41:20,480

media you can look at

1194

00:41:23,589 --> 00:41:22,319

and say they are complicit in the

1195

00:41:26,230 --> 00:41:23,599

cover-up

1196

00:41:27,270 --> 00:41:26,240

or if we're being kind they are victims

1197

00:41:30,309 --> 00:41:27,280

of the cover-up

1198

00:41:32,309 --> 00:41:30,319

and they've been duped now i don't think

1199

00:41:32,950 --> 00:41:32,319

it serves any purpose to say that

1200

00:41:37,190 --> 00:41:32,960

they're

1201

00:41:39,430 --> 00:41:37,200

going to talk to us if we do that

1202

00:41:40,550 --> 00:41:39,440

so we have to rely on the media now and

1203

00:41:43,829 --> 00:41:40,560

say okay

1204

00:41:45,670 --> 00:41:43,839

you've been a victim and but now you

1205

00:41:49,109 --> 00:41:45,680

have a real part to play

1206

00:41:51,270 --> 00:41:49,119

and i am hoping that because

1207

00:41:53,030 --> 00:41:51,280

the media now realize that there's

1208

00:41:55,910 --> 00:41:53,040

something tangible there

1209

00:41:57,910 --> 00:41:55,920

and this report the dna report

1210

00:41:59,109 --> 00:41:57,920

absolutely leaves it wide open for

1211

00:42:00,950 --> 00:41:59,119

interpretation

1212

00:42:02,950 --> 00:42:00,960

and if you want to read negative things

1213

00:42:05,109 --> 00:42:02,960

into it some people read negative things

1214

00:42:07,349 --> 00:42:05,119

but it's actually it's actually a

1215

00:42:09,829 --> 00:42:07,359

seismic sea changing attitude

1216

00:42:11,349 --> 00:42:09,839

and reading between the lines this is

1217

00:42:13,910 --> 00:42:11,359

better than i hoped for

1218

00:42:15,589 --> 00:42:13,920

yes it's a short report i we were led to

1219

00:42:16,230 --> 00:42:15,599

believe it was going to be 60 70 pages

1220

00:42:19,510 --> 00:42:16,240

whatever

1221

00:42:21,190 --> 00:42:19,520

but in the end it's dynamite especially

1222

00:42:22,550 --> 00:42:21,200

when it's backed up with the enactment

1223

00:42:26,390 --> 00:42:22,560

by kathleen hicks

1224

00:42:27,270 --> 00:42:26,400

to say that now all the us military

1225

00:42:30,069 --> 00:42:27,280

services

1226
00:42:31,589 --> 00:42:30,079
have got to be standardized formalized

1227
00:42:34,950 --> 00:42:31,599
and they have to report

1228
00:42:36,710 --> 00:42:34,960
ufo uap activity within 14 days in a

1229
00:42:38,870 --> 00:42:36,720
standardized manner

1230
00:42:40,309 --> 00:42:38,880
that's never happened before not even

1231
00:42:42,470 --> 00:42:40,319
come close

1232
00:42:43,990 --> 00:42:42,480
absolutely so if you know what's been

1233
00:42:44,630 --> 00:42:44,000
happening and you know a bit of the

1234
00:42:47,270 --> 00:42:44,640
history

1235
00:42:49,430 --> 00:42:47,280
we're in a seismic sea change and yes it

1236
00:42:52,550 --> 00:42:49,440
doesn't look very exciting but it is

1237
00:42:54,630 --> 00:42:52,560
because we are setting in motion formal

1238
00:42:57,670 --> 00:42:54,640

procedures to study this subject

1239

00:42:59,030 --> 00:42:57,680

in a serious way that's never been done

1240

00:43:01,750 --> 00:42:59,040

in 70 years

1241

00:43:02,390 --> 00:43:01,760

yes there has been secret studies in the

1242

00:43:04,470 --> 00:43:02,400

past

1243

00:43:06,309 --> 00:43:04,480

but they've been under like lock and key

1244

00:43:08,069 --> 00:43:06,319

you didn't know they were happening

1245

00:43:09,510 --> 00:43:08,079

you know the battelle institute report

1246

00:43:12,150 --> 00:43:09,520

project blue book

1247

00:43:12,630 --> 00:43:12,160

special report 14 it kind of got lost in

1248

00:43:15,190 --> 00:43:12,640

the midst

1249

00:43:17,109 --> 00:43:15,200

it wasn't widely covered but now we live

1250

00:43:19,030 --> 00:43:17,119

in this media age where things can just

1251

00:43:21,109 --> 00:43:19,040

go go around the world viral

1252

00:43:22,470 --> 00:43:21,119

so this is a big deal that they are now

1253

00:43:24,630 --> 00:43:22,480

taking it serious

1254

00:43:26,470 --> 00:43:24,640

now one of the things that we would be

1255

00:43:28,790 --> 00:43:26,480

critical of in isa is that

1256

00:43:30,069 --> 00:43:28,800

they don't mention the history before

1257

00:43:31,990 --> 00:43:30,079

2004

1258

00:43:33,829 --> 00:43:32,000

and again why isa wants to come along

1259

00:43:34,630 --> 00:43:33,839

and say lastly there's a very big

1260

00:43:36,950 --> 00:43:34,640

history

1261

00:43:38,309 --> 00:43:36,960

uh we don't talk they don't talk really

1262

00:43:40,150 --> 00:43:38,319

about the nuclear issue

1263

00:43:41,349 --> 00:43:40,160

and there's a massive nuclear

1264

00:43:44,550 --> 00:43:41,359

correlation

1265

00:43:47,430 --> 00:43:44,560

but i think it's as louise

1266

00:43:48,630 --> 00:43:47,440

on i think he's right he's saying that

1267

00:43:51,750 --> 00:43:48,640

it's a process

1268

00:43:54,790 --> 00:43:51,760

and bits by bit is coming out

1269

00:43:56,069 --> 00:43:54,800

now what i found staggering the most

1270

00:43:58,150 --> 00:43:56,079

staggering thing for me

1271

00:44:00,790 --> 00:43:58,160

was not the fact that they said 18 of

1272

00:44:03,430 --> 00:44:00,800

these cases displayed technology

1273

00:44:04,750 --> 00:44:03,440

not yet invented basically for me it was

1274

00:44:08,710 --> 00:44:04,760

the fact that

1275

00:44:10,950 --> 00:44:08,720

143 pilots were as blind as bats

1276

00:44:13,750 --> 00:44:10,960

and couldn't identify what they're

1277

00:44:15,990 --> 00:44:13,760

looking at with all the sophisticated

1278

00:44:17,190 --> 00:44:16,000

might people haven't thought about the

1279

00:44:20,950 --> 00:44:17,200

implications of that

1280

00:44:22,630 --> 00:44:20,960

and the press need to because 143 pilots

1281

00:44:24,630 --> 00:44:22,640

on military personnel

1282

00:44:26,309 --> 00:44:24,640

could not identify what they were

1283

00:44:29,670 --> 00:44:26,319

looking at despite

1284

00:44:32,870 --> 00:44:29,680

all the top sensor uh

1285

00:44:35,349 --> 00:44:32,880

data you know equipment that they have

1286

00:44:35,990 --> 00:44:35,359

the might of america's technology can't

1287

00:44:39,270 --> 00:44:36,000

identify

1288

00:44:41,349 --> 00:44:39,280

143 144 now

1289

00:44:42,790 --> 00:44:41,359

i find that staggering but of course a

1290

00:44:46,230 --> 00:44:42,800

lot of people

1291

00:44:49,270 --> 00:44:46,240

don't realize what's going on and

1292

00:44:51,430 --> 00:44:49,280

i i saw today for the first time this

1293

00:44:53,990 --> 00:44:51,440

discussion in the house of lords

1294

00:44:56,150 --> 00:44:54,000

you know where baroness goldie was

1295

00:44:59,109 --> 00:44:56,160

basically asked a series of questions

1296

00:45:00,390 --> 00:44:59,119

and various people stood up and

1297

00:45:01,589 --> 00:45:00,400

basically pooh-poohed it

1298

00:45:05,109 --> 00:45:01,599

oh but it doesn't mean it's not

1299

00:45:08,230 --> 00:45:07,030

they're all living in cloud clucku land

1300

00:45:11,270 --> 00:45:08,240

in reality

1301
00:45:12,870 --> 00:45:11,280
if they don't look at the data

1302
00:45:15,030 --> 00:45:12,880
and they need to look at the data

1303
00:45:19,670 --> 00:45:15,040
because it's the data

1304
00:45:21,030 --> 00:45:19,680
that is persuasive you know

1305
00:45:22,870 --> 00:45:21,040
sorry i was just going to say will you

1306
00:45:25,990 --> 00:45:22,880
be going directly

1307
00:45:27,430 --> 00:45:26,000
to the us to the uk government as i said

1308
00:45:29,270 --> 00:45:27,440
to try and

1309
00:45:30,630 --> 00:45:29,280
give that sea change on their their

1310
00:45:32,710 --> 00:45:30,640
thinking

1311
00:45:35,430 --> 00:45:32,720
yes when we when we launched as part of

1312
00:45:38,470 --> 00:45:35,440
our launch in the 27 countries

1313
00:45:41,829 --> 00:45:38,480

all of us did an email blitz

1314

00:45:45,589 --> 00:45:41,839

and a letter physical snail mail letter

1315

00:45:48,710 --> 00:45:45,599

to each of the countries uh presidents

1316

00:45:51,829 --> 00:45:48,720

or political leaders uh heads of

1317

00:45:53,030 --> 00:45:51,839

defense etc now most of those have not

1318

00:45:55,270 --> 00:45:53,040

been responded to

1319

00:45:57,510 --> 00:45:55,280

but that is what we're trying to do is

1320

00:45:59,190 --> 00:45:57,520

we as isa we want to take this to the

1321

00:46:00,790 --> 00:45:59,200

highest levels of governance

1322

00:46:02,790 --> 00:46:00,800

and say look you have to take this

1323

00:46:05,589 --> 00:46:02,800

seriously and

1324

00:46:07,030 --> 00:46:05,599

the fact that uh britain has adopted an

1325

00:46:09,109 --> 00:46:07,040

attitude that was

1326

00:46:10,950 --> 00:46:09,119

a bit odd really because usually we for

1327

00:46:12,710 --> 00:46:10,960

follow america's lead so i did think

1328

00:46:15,589 --> 00:46:12,720

that we would probably do a report

1329

00:46:16,630 --> 00:46:15,599

but we haven't but now they've left

1330

00:46:19,670 --> 00:46:16,640

themselves open

1331

00:46:22,230 --> 00:46:19,680

for what i think is going to be a lot of

1332

00:46:24,069 --> 00:46:22,240

potential uh questions especially when

1333

00:46:25,349 --> 00:46:24,079

we start talking about rendelsham forest

1334

00:46:26,870 --> 00:46:25,359

in a few months time

1335

00:46:29,589 --> 00:46:26,880

because they'll be given a lot of

1336

00:46:32,230 --> 00:46:29,599

testimony and baroness goldie said this

1337

00:46:33,750 --> 00:46:32,240

there's been nothing in the 50 years

1338

00:46:36,630 --> 00:46:33,760

that says there's anything to it

1339

00:46:37,510 --> 00:46:36,640

now that was always a lie to those

1340

00:46:39,750 --> 00:46:37,520

people

1341

00:46:40,950 --> 00:46:39,760

who have been involved in this subject a

1342

00:46:42,630 --> 00:46:40,960

demonstrable lie

1343

00:46:44,390 --> 00:46:42,640

because we know of incidents that have

1344

00:46:46,710 --> 00:46:44,400

involved military pilots etc

1345

00:46:48,230 --> 00:46:46,720

commercial pilots uh and that we know

1346

00:46:51,270 --> 00:46:48,240

that the renders from forest

1347

00:46:51,990 --> 00:46:51,280

uh case is a huge case that is often

1348

00:46:54,710 --> 00:46:52,000

deemed

1349

00:46:55,670 --> 00:46:54,720

the the successor to roswell that's its

1350

00:46:58,790 --> 00:46:55,680

significance

1351

00:47:02,069 --> 00:46:58,800

and i and i think that the part of

1352

00:47:03,109 --> 00:47:02,079

the reason that rendelshim is still

1353

00:47:05,190 --> 00:47:03,119

covered up

1354

00:47:06,950 --> 00:47:05,200

is because it's potentially a game

1355

00:47:08,150 --> 00:47:06,960

changer and that's why it's such a

1356

00:47:10,150 --> 00:47:08,160

sensitive case

1357

00:47:11,349 --> 00:47:10,160

because it holds the key to a lot of

1358

00:47:13,589 --> 00:47:11,359

things potentially

1359

00:47:14,630 --> 00:47:13,599

if the truth can be brought out and

1360

00:47:17,829 --> 00:47:14,640

that's what

1361

00:47:20,710 --> 00:47:17,839

we're endeavoring to do but yes i think

1362

00:47:22,150 --> 00:47:20,720

if if you're basically saying that uh

1363

00:47:24,630 --> 00:47:22,160

nuclear weapons

1364

00:47:25,430 --> 00:47:24,640

uh storage area containing nuclear

1365

00:47:28,069 --> 00:47:25,440

weapons

1366

00:47:29,670 --> 00:47:28,079

and the ufo is above the uh nuclear

1367

00:47:30,710 --> 00:47:29,680

weapons storage area and it's shining a

1368

00:47:32,710 --> 00:47:30,720

beam down

1369

00:47:34,069 --> 00:47:32,720

into the nuclear weapons storage area

1370

00:47:36,470 --> 00:47:34,079

and it does a grid like

1371

00:47:37,829 --> 00:47:36,480

search pattern of all the bunkers along

1372

00:47:39,109 --> 00:47:37,839

the hot row

1373

00:47:41,270 --> 00:47:39,119

in what would appear to be an

1374

00:47:43,670 --> 00:47:41,280

intelligent action yeah

1375

00:47:45,190 --> 00:47:43,680

and we've got a named witness now who

1376

00:47:47,829 --> 00:47:45,200

will go on the record and say

1377

00:47:49,349 --> 00:47:47,839

i saw that and i was inside so it's not

1378

00:47:51,270 --> 00:47:49,359

a rumor anymore

1379

00:47:53,190 --> 00:47:51,280

well so we've got a named witness who

1380

00:47:53,750 --> 00:47:53,200

will say that i was inside when that

1381

00:47:55,430 --> 00:47:53,760

happened

1382

00:47:56,950 --> 00:47:55,440

but that's not me saying it that's him

1383

00:47:57,510 --> 00:47:56,960

saying it a military witness it was

1384

00:47:59,910 --> 00:47:57,520

there

1385

00:48:01,430 --> 00:47:59,920

a firsthand military witness so that is

1386

00:48:03,910 --> 00:48:01,440

a direct

1387

00:48:05,670 --> 00:48:03,920

contradictory statement to baroness

1388

00:48:07,589 --> 00:48:05,680

goldie saying that there's nothing

1389

00:48:09,430 --> 00:48:07,599

well i would argue that has to be of

1390

00:48:12,950 --> 00:48:09,440

immense defense significance

1391

00:48:16,069 --> 00:48:12,960

so again by being so negative and so

1392

00:48:17,430 --> 00:48:16,079

quick to dismiss the dni report i think

1393

00:48:20,630 --> 00:48:17,440

that the uk government

1394

00:48:22,950 --> 00:48:20,640

might need to think again in time and

1395

00:48:24,390 --> 00:48:22,960

i mean you talk about the big cases like

1396

00:48:26,309 --> 00:48:24,400

that that they need to pay attention to

1397

00:48:27,109 --> 00:48:26,319

but there's even been small cases that

1398

00:48:30,230 --> 00:48:27,119

are important

1399

00:48:32,630 --> 00:48:30,240

like i think it was 2016 the

1400

00:48:34,710 --> 00:48:32,640

an unknown object over the bristol

1401

00:48:36,790 --> 00:48:34,720

channel that with the police helicopter

1402

00:48:39,829 --> 00:48:36,800

captured well i investigated that case

1403

00:48:43,030 --> 00:48:39,839

it was me that supplied that to the sun

1404

00:48:46,790 --> 00:48:43,040

and i investigated that purely by chance

1405

00:48:49,589 --> 00:48:46,800

i was on social media when i saw a tweet

1406

00:48:50,309 --> 00:48:49,599

from the police spotter involved in that

1407

00:48:52,870 --> 00:48:50,319

incident

1408

00:48:55,030 --> 00:48:52,880

and he basically put out a tweet saying

1409

00:48:57,670 --> 00:48:55,040

police helicopter spot or just seen this

1410

00:48:58,230 --> 00:48:57,680

any ideas and it was done kind of jokey

1411

00:49:00,230 --> 00:48:58,240

but

1412

00:49:02,470 --> 00:49:00,240

in amongst that was the fact that it was

1413

00:49:03,750 --> 00:49:02,480

provenance it said it was the police

1414

00:49:05,910 --> 00:49:03,760

it was the police that put out the

1415

00:49:07,349 --> 00:49:05,920

twitter and i think he probably got into

1416

00:49:07,670 --> 00:49:07,359

a bit of hot water for that and i know

1417

00:49:10,870 --> 00:49:07,680

the

1418

00:49:13,109 --> 00:49:10,880

name of that person however um

1419

00:49:13,910 --> 00:49:13,119

i immediately started banging an foi

1420

00:49:16,230 --> 00:49:13,920

request

1421

00:49:17,750 --> 00:49:16,240

and they were very kind enough to give

1422

00:49:19,750 --> 00:49:17,760

me the footage

1423

00:49:21,990 --> 00:49:19,760

seven and a half minutes yeah which i

1424

00:49:24,150 --> 00:49:22,000

did supply in total to the sun but they

1425

00:49:27,270 --> 00:49:24,160

only played maybe a minute or so of it

1426

00:49:29,670 --> 00:49:27,280

but what they didn't give me and

1427

00:49:31,430 --> 00:49:29,680

stonewalled me is they wouldn't give me

1428

00:49:33,109 --> 00:49:31,440

any audio cockpit

1429

00:49:35,030 --> 00:49:33,119

uh and i said look you can bleep out

1430

00:49:35,829 --> 00:49:35,040

bits that is deleting to be anything

1431

00:49:39,030 --> 00:49:35,839

sensitive

1432

00:49:39,990 --> 00:49:39,040

yeah nothing i asked for uh access to

1433

00:49:42,549 --> 00:49:40,000

the officer

1434

00:49:43,430 --> 00:49:42,559

who put out the tweet nothing i asked

1435

00:49:45,349 --> 00:49:43,440

for various

1436

00:49:47,349 --> 00:49:45,359

uh incident reports oh there's no

1437

00:49:50,710 --> 00:49:47,359

paperwork associated with this

1438

00:49:52,549 --> 00:49:50,720

really i asked uh i i asked for the

1439

00:49:54,549 --> 00:49:52,559

the geographical route that the

1440

00:49:55,910 --> 00:49:54,559

helicopter took oh no we don't have any

1441

00:49:59,990 --> 00:49:55,920

of that

1442

00:50:01,910 --> 00:50:00,000

okay so they they they stonewalled but

1443

00:50:03,030 --> 00:50:01,920

it's a very good case and the reason why

1444

00:50:06,069 --> 00:50:03,040

i put it out

1445

00:50:08,710 --> 00:50:06,079

is that it's it's far sharper uh

1446

00:50:10,470 --> 00:50:08,720

than what you see with the three tic tac

1447

00:50:12,790 --> 00:50:10,480

gimbal go fast videos yeah

1448

00:50:15,829 --> 00:50:12,800

uh and i wanted to show that actually

1449

00:50:17,910 --> 00:50:15,839

things have been seen in the uk as well

1450

00:50:19,829 --> 00:50:17,920

uh on forward-looking infrared radar

1451

00:50:21,670 --> 00:50:19,839

which is the same radar system

1452

00:50:24,549 --> 00:50:21,680

and that object was moving against the

1453

00:50:25,670 --> 00:50:24,559

wind uh had no heat signature no obvious

1454

00:50:28,309 --> 00:50:25,680

propulsion system

1455

00:50:30,230 --> 00:50:28,319

no tail no wings which is pretty much

1456

00:50:32,390 --> 00:50:30,240

what has been described earlier

1457

00:50:33,430 --> 00:50:32,400

in america so i wanted to put it out as

1458

00:50:35,349 --> 00:50:33,440

a comparison

1459

00:50:37,030 --> 00:50:35,359

and make this point that that's an

1460

00:50:39,990 --> 00:50:37,040

unidentified object

1461

00:50:41,829 --> 00:50:40,000

flying in uk space and baroness goldie

1462

00:50:43,910 --> 00:50:41,839

he's probably not even aware of that

1463

00:50:45,670 --> 00:50:43,920

and if she is then that's a question but

1464

00:50:47,990 --> 00:50:45,680

she's probably not aware of that

1465

00:50:50,150 --> 00:50:48,000

and i wanted to put it out there so in

1466

00:50:52,390 --> 00:50:50,160

the now we know what the position

1467

00:50:54,069 --> 00:50:52,400

of the british government is we will be

1468

00:50:55,190 --> 00:50:54,079

pursuing that through isis freedom of

1469

00:50:58,230 --> 00:50:55,200

information requests

1470

00:50:59,430 --> 00:50:58,240

uh because they need to re-examine uh

1471

00:51:01,430 --> 00:50:59,440

and they're they're gonna have some

1472

00:51:04,790 --> 00:51:01,440

questions later on in the year for sure

1473

00:51:06,069 --> 00:51:04,800

yeah if not just um so i mean you say

1474

00:51:07,670 --> 00:51:06,079

you're focusing on the individual

1475

00:51:08,230 --> 00:51:07,680

countries and governments what about the

1476
00:51:10,309 --> 00:51:08,240
united

1477
00:51:11,349 --> 00:51:10,319
nations is that a next step after that

1478
00:51:12,710 --> 00:51:11,359
or

1479
00:51:14,390 --> 00:51:12,720
what you've got to understand that most

1480
00:51:16,150 --> 00:51:14,400
people don't realize what's required to

1481
00:51:17,510 --> 00:51:16,160
get to the united nations yes we do want

1482
00:51:20,390 --> 00:51:17,520
to go to the united nations

1483
00:51:21,670 --> 00:51:20,400
hence why we registered to be an ngo to

1484
00:51:23,910 --> 00:51:21,680
get to the united nations

1485
00:51:25,670 --> 00:51:23,920
not to be an international ngo so now

1486
00:51:27,750 --> 00:51:25,680
we're fully registered with an ngo

1487
00:51:29,270 --> 00:51:27,760
you've then got to create a body of work

1488
00:51:30,390 --> 00:51:29,280

over a number of years so we're in it

1489

00:51:32,230 --> 00:51:30,400

for the long haul

1490

00:51:33,589 --> 00:51:32,240

we're not for profit so we're in it for

1491

00:51:34,549 --> 00:51:33,599

the long haul for the benefit of the

1492

00:51:36,790 --> 00:51:34,559

subject

1493

00:51:38,470 --> 00:51:36,800

so perhaps in two or three years time if

1494

00:51:40,549 --> 00:51:38,480

you've done a body of work

1495

00:51:42,069 --> 00:51:40,559

in your respective field they will say

1496

00:51:44,150 --> 00:51:42,079

yes you can be granted what's called

1497

00:51:46,470 --> 00:51:44,160

special consultative status

1498

00:51:48,230 --> 00:51:46,480

to the u.n and at that stage there you

1499

00:51:51,430 --> 00:51:48,240

can feed in questions

1500

00:51:55,030 --> 00:51:51,440

to the un and it has to be

1501
00:51:57,670 --> 00:51:55,040
a member country so i can't ever

1502
00:51:59,750 --> 00:51:57,680
ask a question on the floor of the u.n

1503
00:52:03,349 --> 00:51:59,760
because i'm just a layer person

1504
00:52:03,990 --> 00:52:03,359
you have to be a politically a part of a

1505
00:52:06,870 --> 00:52:04,000
political

1506
00:52:07,829 --> 00:52:06,880
country faction of the un uh un

1507
00:52:09,510 --> 00:52:07,839
representative

1508
00:52:10,870 --> 00:52:09,520
to ask a question on the floor of the

1509
00:52:13,430 --> 00:52:10,880
u.n now

1510
00:52:15,349 --> 00:52:13,440
where we are hoping to get to the un is

1511
00:52:16,549 --> 00:52:15,359
that if we do good work over the next

1512
00:52:18,549 --> 00:52:16,559
few years

1513
00:52:19,750 --> 00:52:18,559

and earn that special consultative

1514

00:52:22,790 --> 00:52:19,760

status

1515

00:52:26,309 --> 00:52:22,800

we would like potentially for a

1516

00:52:28,309 --> 00:52:26,319

small country to adopt isa

1517

00:52:29,670 --> 00:52:28,319

and say we like what these are doing

1518

00:52:30,470 --> 00:52:29,680

we're going to ask questions on behalf

1519

00:52:32,230 --> 00:52:30,480

of isa

1520

00:52:34,230 --> 00:52:32,240

but we're a member country and i can ask

1521

00:52:37,030 --> 00:52:34,240

them because we're a country

1522

00:52:37,829 --> 00:52:37,040

only countries can ask the questions so

1523

00:52:39,349 --> 00:52:37,839

we're looking at

1524

00:52:41,030 --> 00:52:39,359

some small countries which i'll not

1525

00:52:44,470 --> 00:52:41,040

disclose at this time

1526

00:52:46,309 --> 00:52:44,480

who are potentially open to that idea

1527

00:52:46,790 --> 00:52:46,319

providing we do what we say we're going

1528

00:52:48,390 --> 00:52:46,800

to do

1529

00:52:50,470 --> 00:52:48,400

and do some good work over the next few

1530

00:52:51,109 --> 00:52:50,480

years but the the key thing that we have

1531

00:52:53,109 --> 00:52:51,119

to do

1532

00:52:55,430 --> 00:52:53,119

is establish ourselves so we're in this

1533

00:52:57,510 --> 00:52:55,440

first phase which i think might take

1534

00:52:58,950 --> 00:52:57,520

six months to establish ourselves sure

1535

00:53:00,950 --> 00:52:58,960

we're only five weeks in

1536

00:53:02,710 --> 00:53:00,960

and we're getting lots of media original

1537

00:53:03,990 --> 00:53:02,720

extremely busy as are all the other

1538

00:53:05,829 --> 00:53:04,000

representatives

1539

00:53:07,910 --> 00:53:05,839

some countries more than others some not

1540

00:53:10,069 --> 00:53:07,920

at all because some countries

1541

00:53:11,910 --> 00:53:10,079

there's like political upheaval uh for

1542

00:53:13,270 --> 00:53:11,920

example yeah

1543

00:53:14,870 --> 00:53:13,280

there's a lot of instability in the

1544

00:53:16,710 --> 00:53:14,880

country and it's very low down but they

1545

00:53:18,790 --> 00:53:16,720

are reporting on the dna report

1546

00:53:20,790 --> 00:53:18,800

where they don't usually in germany

1547

00:53:21,750 --> 00:53:20,800

which is one of the most repressive

1548

00:53:24,230 --> 00:53:21,760

countries

1549

00:53:26,390 --> 00:53:24,240

uh on this subject which is surprising

1550

00:53:27,990 --> 00:53:26,400

uh they've had lots of media interests

1551
00:53:30,470 --> 00:53:28,000
since the release of the dni

1552
00:53:31,750 --> 00:53:30,480
so that is unprecedented so there are

1553
00:53:35,589 --> 00:53:31,760
swings and roundabouts

1554
00:53:38,069 --> 00:53:35,599
and a positive is that our argentinian

1555
00:53:40,230 --> 00:53:38,079
national representative andrea simondoni

1556
00:53:43,349 --> 00:53:40,240
has met with the defense minister

1557
00:53:43,829 --> 00:53:43,359
specifically in argentina and we'll be

1558
00:53:46,549 --> 00:53:43,839
doing

1559
00:53:47,750 --> 00:53:46,559
open discussion about isis involvement

1560
00:53:50,950 --> 00:53:47,760
moving forward

1561
00:53:52,230 --> 00:53:50,960
so you also can see that

1562
00:53:54,470 --> 00:53:52,240
a lot of countries are going to have to

1563
00:53:56,630 --> 00:53:54,480

get their head around this and realize

1564

00:53:58,230 --> 00:53:56,640

that as we move towards

1565

00:53:59,990 --> 00:53:58,240

a conclusion that we're dealing with

1566

00:54:01,510 --> 00:54:00,000

some off-world intelligence

1567

00:54:03,190 --> 00:54:01,520

yeah whether it be et or

1568

00:54:05,190 --> 00:54:03,200

inter-dimensional or whatever

1569

00:54:06,630 --> 00:54:05,200

or something not man-made yeah they're

1570

00:54:08,309 --> 00:54:06,640

going to have to reflect upon this

1571

00:54:10,549 --> 00:54:08,319

every country is going to have to elect

1572

00:54:11,990 --> 00:54:10,559

reflect upon this because everybody says

1573

00:54:14,390 --> 00:54:12,000

that as and when

1574

00:54:15,990 --> 00:54:14,400

that acknowledgement is made that yes we

1575

00:54:17,030 --> 00:54:16,000

are dealing with something that's likely

1576

00:54:19,270 --> 00:54:17,040

to be extraterrestrial

1577

00:54:21,430 --> 00:54:19,280

or non-human that it will be the most

1578

00:54:24,470 --> 00:54:21,440

profound moment in human history

1579

00:54:26,630 --> 00:54:24,480

and that will cause a lot of people uh

1580

00:54:28,549 --> 00:54:26,640

some sleepless nights

1581

00:54:30,069 --> 00:54:28,559

people are not gonna run to the hills

1582

00:54:31,430 --> 00:54:30,079

like uh the uh

1583

00:54:33,910 --> 00:54:31,440

awesome wells where all the world's

1584

00:54:35,109 --> 00:54:33,920

broadcast in 1938 the world has changed

1585

00:54:36,789 --> 00:54:35,119

people are still going to go to work

1586

00:54:37,270 --> 00:54:36,799

still get on a bus still get drive to

1587

00:54:39,829 --> 00:54:37,280

work

1588

00:54:41,750 --> 00:54:39,839

go on a train but for some people it

1589

00:54:44,630 --> 00:54:41,760

will come as a big massive

1590

00:54:45,270 --> 00:54:44,640

uh psychological shock and there will be

1591

00:54:48,309 --> 00:54:45,280

a certain

1592

00:54:50,069 --> 00:54:48,319

element of fear created because of the

1593

00:54:51,990 --> 00:54:50,079

vulnerability aspect which is

1594

00:54:54,390 --> 00:54:52,000

understandable so we have to take

1595

00:54:56,630 --> 00:54:54,400

steps and this is really one of the main

1596

00:54:59,270 --> 00:54:56,640

reasons why ashley's out is to say

1597

00:55:01,270 --> 00:54:59,280

all of us now and bear in mind that

1598

00:55:03,670 --> 00:55:01,280

we're scientists who are like

1599

00:55:04,950 --> 00:55:03,680

one of our scientists trained bulgaria's

1600

00:55:08,390 --> 00:55:04,960

first astronauts

1601
00:55:11,109 --> 00:55:08,400
he's a he's an astrophysicist at the

1602
00:55:13,190 --> 00:55:11,119
bulgarian academy of sciences now he's

1603
00:55:16,470 --> 00:55:13,200
on board and he's been pushing the uh

1604
00:55:18,630 --> 00:55:16,480
the need for ufo research for decades

1605
00:55:20,069 --> 00:55:18,640
often in conflict with the authorities

1606
00:55:22,069 --> 00:55:20,079
who were you know trying to

1607
00:55:24,870 --> 00:55:22,079
cause in trouble so you've got some very

1608
00:55:27,589 --> 00:55:24,880
brave people you've got an astronomer

1609
00:55:28,470 --> 00:55:27,599
called uh airmen and who's based in

1610
00:55:30,710 --> 00:55:28,480
ireland

1611
00:55:31,510 --> 00:55:30,720
who will soon feature in a book with avi

1612
00:55:33,670 --> 00:55:31,520
lope

1613
00:55:34,630 --> 00:55:33,680

so that's the level of astronomer that

1614

00:55:37,750 --> 00:55:34,640

we've got

1615

00:55:39,750 --> 00:55:37,760

and so it's a it's a mixture there are

1616

00:55:41,910 --> 00:55:39,760

undoubtedly a lot of top researchers in

1617

00:55:45,430 --> 00:55:41,920

the ufo field but it's a mixture

1618

00:55:47,190 --> 00:55:45,440

we've got people many academics involved

1619

00:55:48,950 --> 00:55:47,200

people who are professors in various

1620

00:55:49,670 --> 00:55:48,960

subjects teaching at schools and

1621

00:55:51,990 --> 00:55:49,680

whatever

1622

00:55:52,789 --> 00:55:52,000

so it's a mixture and we're looking to

1623

00:55:56,069 --> 00:55:52,799

increase

1624

00:55:57,670 --> 00:55:56,079

but now that we've launched it really

1625

00:56:00,789 --> 00:55:57,680

has to be about

1626
00:56:02,789 --> 00:56:00,799
quality not quantity sure most of us

1627
00:56:05,670 --> 00:56:02,799
were all appointed as it were

1628
00:56:06,309 --> 00:56:05,680
through self-recommendation like he's a

1629
00:56:08,309 --> 00:56:06,319
good guy

1630
00:56:10,230 --> 00:56:08,319
or she's really good we should go get

1631
00:56:11,430 --> 00:56:10,240
her uh so we're all kind of like

1632
00:56:13,430 --> 00:56:11,440
self-appointed

1633
00:56:14,870 --> 00:56:13,440
but now that we're out in the wide world

1634
00:56:16,789 --> 00:56:14,880
we don't really know about

1635
00:56:18,630 --> 00:56:16,799
what genuine research is being done in

1636
00:56:20,549 --> 00:56:18,640
africa right

1637
00:56:22,150 --> 00:56:20,559
well what research has really been done

1638
00:56:23,589 --> 00:56:22,160

in countries in asia

1639

00:56:25,589 --> 00:56:23,599

you know i thought it's trying to

1640

00:56:26,470 --> 00:56:25,599

identify people who will do it in the

1641

00:56:29,349 --> 00:56:26,480

right way

1642

00:56:31,109 --> 00:56:29,359

with an evidential background that will

1643

00:56:32,870 --> 00:56:31,119

do things in the right way and have got

1644

00:56:35,270 --> 00:56:32,880

a long track record of research

1645

00:56:35,990 --> 00:56:35,280

so that's not going to be a fast process

1646

00:56:38,230 --> 00:56:36,000

and i

1647

00:56:39,030 --> 00:56:38,240

i imagine that we'll soon get to 30

1648

00:56:41,750 --> 00:56:39,040

countries

1649

00:56:42,710 --> 00:56:41,760

but i think as much as we want to have

1650

00:56:44,470 --> 00:56:42,720

more countries

1651
00:56:45,750 --> 00:56:44,480
it will be a lot harder moving forward

1652
00:56:48,549 --> 00:56:45,760
because we now have to

1653
00:56:49,349 --> 00:56:48,559
vet people i think a lot harder because

1654
00:56:51,670 --> 00:56:49,359
we've pretty much

1655
00:56:52,470 --> 00:56:51,680
reached the total of the countries that

1656
00:56:54,630 --> 00:56:52,480
we know where

1657
00:56:57,109 --> 00:56:54,640
good research has been done so what's

1658
00:56:59,589 --> 00:56:57,119
the current status with china

1659
00:57:00,710 --> 00:56:59,599
with your relationship as i said and the

1660
00:57:04,150 --> 00:57:00,720
chinese

1661
00:57:06,789 --> 00:57:04,160
is there anything there well not with

1662
00:57:07,829 --> 00:57:06,799
the original group but we made an

1663
00:57:10,870 --> 00:57:07,839

approach to

1664

00:57:12,630 --> 00:57:10,880

a recognized chinese researcher but we

1665

00:57:13,829 --> 00:57:12,640

haven't heard back so we've made that

1666

00:57:16,789 --> 00:57:13,839

we've reached out to

1667

00:57:17,670 --> 00:57:16,799

a well known within the field uh

1668

00:57:19,190 --> 00:57:17,680

researcher

1669

00:57:21,670 --> 00:57:19,200

but he hasn't come back so well let's

1670

00:57:22,549 --> 00:57:21,680

wait and see but i'm i'm confident that

1671

00:57:24,470 --> 00:57:22,559

over the next

1672

00:57:25,990 --> 00:57:24,480

year bear in mind that this is still

1673

00:57:26,710 --> 00:57:26,000

very early on friday so we're only five

1674

00:57:29,109 --> 00:57:26,720

weeks in

1675

00:57:30,870 --> 00:57:29,119

yeah this is very early but i i can i

1676

00:57:32,150 --> 00:57:30,880

can certainly say that i think we'll be

1677

00:57:34,309 --> 00:57:32,160

up to 30 countries

1678

00:57:35,510 --> 00:57:34,319

within a couple of months wow that's

1679

00:57:37,190 --> 00:57:35,520

incredible

1680

00:57:39,589 --> 00:57:37,200

and we need to take this global approach

1681

00:57:41,670 --> 00:57:39,599

we need to all be recognizing now that

1682

00:57:44,950 --> 00:57:41,680

we should all sit around the table

1683

00:57:48,309 --> 00:57:44,960

and i wrote an article uh that's in this

1684

00:57:51,190 --> 00:57:48,319

uh issue of ufo truth magazine about

1685

00:57:52,069 --> 00:57:51,200

when science and academia finally meet

1686

00:57:53,990 --> 00:57:52,079

ufology

1687

00:57:55,349 --> 00:57:54,000

because we've got to now recognize it

1688

00:57:58,549 --> 00:57:55,359

and people like

1689

00:58:02,390 --> 00:57:58,559

mitchu kaku who were very skeptical

1690

00:58:03,910 --> 00:58:02,400

uh in the past now pause the 2017

1691

00:58:06,230 --> 00:58:03,920

release of those three videos

1692

00:58:07,190 --> 00:58:06,240

he now says now it's a game changer i've

1693

00:58:09,670 --> 00:58:07,200

studied those

1694

00:58:10,549 --> 00:58:09,680

frame by frame now the presumption is

1695

00:58:12,710 --> 00:58:10,559

that they are real

1696

00:58:14,150 --> 00:58:12,720

and they're e.t and it's for the

1697

00:58:15,990 --> 00:58:14,160

skeptics to prove otherwise

1698

00:58:18,710 --> 00:58:16,000

so he's done a complete but you still

1699

00:58:20,470 --> 00:58:18,720

got people like neil degrasse

1700

00:58:22,150 --> 00:58:20,480

he was completely head in the sand it

1701
00:58:24,710 --> 00:58:22,160
would appear

1702
00:58:25,190 --> 00:58:24,720
or specifically specifically playing a

1703
00:58:27,910 --> 00:58:25,200
role

1704
00:58:30,150 --> 00:58:27,920
uh yeah we don't know but which may may

1705
00:58:31,510 --> 00:58:30,160
be the case but he's in denial

1706
00:58:33,270 --> 00:58:31,520
but eventually they're all gonna have to

1707
00:58:36,789 --> 00:58:33,280
look at this because we

1708
00:58:38,870 --> 00:58:36,799
want scientific data and the more it is

1709
00:58:41,349 --> 00:58:38,880
studied the more the telemetry

1710
00:58:41,990 --> 00:58:41,359
the more the instruments uh capture

1711
00:58:44,230 --> 00:58:42,000
things

1712
00:58:45,349 --> 00:58:44,240
the more we think you will soon rule out

1713
00:58:49,270 --> 00:58:45,359

any

1714

00:58:51,910 --> 00:58:49,280

uh hope of foreign technology people say

1715

00:58:53,030 --> 00:58:51,920

uh i think people like chris mellon luis

1716

00:58:55,910 --> 00:58:53,040

elizondo

1717

00:58:58,230 --> 00:58:55,920

uh tom rogan basically said it's a one

1718

00:59:00,390 --> 00:58:58,240

percent chance it's for on technology

1719

00:59:01,910 --> 00:59:00,400

but they're just being kind of being

1720

00:59:03,829 --> 00:59:01,920

kind

1721

00:59:05,030 --> 00:59:03,839

no that makes perfect sense and i agree

1722

00:59:06,870 --> 00:59:05,040

with that as well and

1723

00:59:08,230 --> 00:59:06,880

and i think uh i mean this is why i

1724

00:59:09,829 --> 00:59:08,240

wanted to speak to you because i

1725

00:59:11,190 --> 00:59:09,839

as soon as i heard about iso i was like

1726

00:59:11,829 --> 00:59:11,200

this is where the future is going to be

1727

00:59:13,910 --> 00:59:11,839

coming from

1728

00:59:15,349 --> 00:59:13,920

big organizations that are not they

1729

00:59:16,950 --> 00:59:15,359

don't answer to the government or

1730

00:59:17,430 --> 00:59:16,960

anything like that and it really is a

1731

00:59:19,349 --> 00:59:17,440

push

1732

00:59:21,270 --> 00:59:19,359

for the truth to actually come out

1733

00:59:23,270 --> 00:59:21,280

that's what that's what it's all about

1734

00:59:25,510 --> 00:59:23,280

that's all i've ever been interested in

1735

00:59:27,349 --> 00:59:25,520

is the truth unfortunately

1736

00:59:28,870 --> 00:59:27,359

people's versions of the truth as we

1737

00:59:32,230 --> 00:59:28,880

know through politics

1738

00:59:34,069 --> 00:59:32,240

can be varied absolutely

1739

00:59:35,349 --> 00:59:34,079

you know people accuse me of well you're

1740

00:59:36,069 --> 00:59:35,359

getting involved in the hawks with

1741

00:59:37,349 --> 00:59:36,079

careful green

1742

00:59:38,950 --> 00:59:37,359

well no i'm not i've talked to the

1743

00:59:40,390 --> 00:59:38,960

people and the witnesses and those

1744

00:59:40,870 --> 00:59:40,400

witnesses are going to be military

1745

00:59:42,630 --> 00:59:40,880

people

1746

00:59:44,630 --> 00:59:42,640

and it's not going to be my statements

1747

00:59:46,150 --> 00:59:44,640

that corroborate whether larry warren's

1748

00:59:49,030 --> 00:59:46,160

involved it's going to be their words

1749

00:59:50,789 --> 00:59:49,040

not mine sure no and that's great i

1750

00:59:51,829 --> 00:59:50,799

think people forget that sometimes they

1751

00:59:54,470 --> 00:59:51,839

think because you're

1752

00:59:56,390 --> 00:59:54,480

touching a subject that you it's your

1753

00:59:57,910 --> 00:59:56,400

statements your beliefs your this that

1754

00:59:58,710 --> 00:59:57,920

and everything but it's not you're just

1755

01:00:01,670 --> 00:59:58,720

kind of

1756

01:00:02,549 --> 01:00:01,680

the together oh well i'm doing it

1757

01:00:04,710 --> 01:00:02,559

conduit

1758

01:00:05,589 --> 01:00:04,720

and i and i've pushed for the creation

1759

01:00:08,549 --> 01:00:05,599

of isa

1760

01:00:09,109 --> 01:00:08,559

to try to make a global change because

1761

01:00:10,789 --> 01:00:09,119

we now

1762

01:00:12,470 --> 01:00:10,799

need to start looking at this as a

1763

01:00:15,670 --> 01:00:12,480

global issue

1764

01:00:18,950 --> 01:00:15,680

it's not a country issue

1765

01:00:21,670 --> 01:00:18,960

it's a world human race issue

1766

01:00:23,190 --> 01:00:21,680

absolutely i agree well listen gary i

1767

01:00:23,670 --> 01:00:23,200

feel like i've taken up a lot of your

1768

01:00:25,349 --> 01:00:23,680

time

1769

01:00:26,950 --> 01:00:25,359

um this would be something that i'd

1770

01:00:28,309 --> 01:00:26,960

really like to pick up again it may be

1771

01:00:29,510 --> 01:00:28,319

six months down the line i'd love to

1772

01:00:31,109 --> 01:00:29,520

have you back on and

1773

01:00:33,030 --> 01:00:31,119

and really see what's happened in that

1774

01:00:35,829 --> 01:00:33,040

time um you're welcome

1775

01:00:36,470 --> 01:00:35,839

uh obviously uh and i like i say i'm

1776

01:00:37,829 --> 01:00:36,480

thankful

1777

01:00:39,670 --> 01:00:37,839

that you give me the opportunity to

1778

01:00:41,990 --> 01:00:39,680

speak and i think the fact that it's on

1779

01:00:43,990 --> 01:00:42,000

video as well and going out on youtube

1780

01:00:46,069 --> 01:00:44,000

he's good as well because people need to

1781

01:00:48,870 --> 01:00:46,079

see the people who are trying to

1782

01:00:50,069 --> 01:00:48,880

make a change and that's not just me yes

1783

01:00:52,630 --> 01:00:50,079

you've got to have an ego

1784

01:00:53,349 --> 01:00:52,640

to do what we do but my ego is not for

1785

01:00:55,109 --> 01:00:53,359

me

1786

01:00:56,470 --> 01:00:55,119

yes i'm not bothered about money wealth

1787

01:00:57,750 --> 01:00:56,480

or anything i just want to make a

1788

01:01:00,630 --> 01:00:57,760

difference to this subject

1789

01:01:03,030 --> 01:01:00,640

i have all i've done since the public

1790

01:01:07,990 --> 01:01:03,040

since i went public in 2002

1791

01:01:09,990 --> 01:01:08,000

and uh if that's my dying uh

1792

01:01:12,789 --> 01:01:10,000

part of playing a part in disclosure a

1793

01:01:15,750 --> 01:01:12,799

small part then i will die a happy man

1794

01:01:16,069 --> 01:01:15,760

that's fun fabulous thank you so much um

1795

01:01:18,069 --> 01:01:16,079

and

1796

01:01:19,589 --> 01:01:18,079

yeah i think it'd be interesting to see

1797

01:01:20,710 --> 01:01:19,599

where this goes but i can only see good

1798

01:01:23,510 --> 01:01:20,720

things happening

1799

01:01:23,910 --> 01:01:23,520

i will continue to to talk about isa

1800

01:01:26,390 --> 01:01:23,920

across

1801
01:01:27,349 --> 01:01:26,400
all my social media platforms to all my

1802
01:01:30,630 --> 01:01:27,359
my colleagues

1803
01:01:33,349 --> 01:01:30,640
um so yeah thank you so much and and

1804
01:01:34,309 --> 01:01:33,359
please let's stay in touch as well so um

1805
01:01:36,829 --> 01:01:34,319
absolutely

1806
01:01:41,349 --> 01:01:36,839
we've discovered we're only 15 miles

1807
01:01:44,470 --> 01:01:43,190
thank you again and and enjoy the rest

1808
01:01:46,549 --> 01:01:44,480
of your evening um

1809
01:01:47,990 --> 01:01:46,559
yeah i've got waiting to go to at nine

1810
01:01:48,710 --> 01:01:48,000
o'clock and i say meeting at nine

1811
01:01:51,030 --> 01:01:48,720
o'clock so

1812
01:01:53,670 --> 01:01:51,040
the world doesn't stop thank you very

1813
01:01:57,029 --> 01:01:53,680

much thank you gary take care my friend

1814

01:02:01,029 --> 01:02:00,150

guys what an excellent hour that was i

1815

01:02:02,789 --> 01:02:01,039

really really

1816

01:02:04,390 --> 01:02:02,799

really wanted to speak to gary about the

1817

01:02:07,270 --> 01:02:04,400

work that isa were doing

1818

01:02:08,630 --> 01:02:07,280

um i think it is going to be a huge part

1819

01:02:11,829 --> 01:02:08,640

of the future

1820

01:02:13,910 --> 01:02:11,839

um so yeah if you if you

1821

01:02:15,190 --> 01:02:13,920

follow me on any platform if you're one

1822

01:02:17,430 --> 01:02:15,200

of my colleagues

1823

01:02:19,029 --> 01:02:17,440

then you will see me talking about iso a

1824

01:02:20,870 --> 01:02:19,039

lot in the future

1825

01:02:23,029 --> 01:02:20,880

so guys thank you so much for everyone

1826

01:02:24,789 --> 01:02:23,039

that here that is watching live

1827

01:02:26,710 --> 01:02:24,799

thank you for the super chats those that

1828

01:02:29,430 --> 01:02:26,720

did i'm sorry if i didn't get to answer

1829

01:02:31,270 --> 01:02:29,440

or ask and answer all the questions but

1830

01:02:31,510 --> 01:02:31,280

let's uh hope we can speak to gary again
