[Music]

2  
00:00:28,310 --> 00:00:25,349

hey guys how's it going

3  
00:00:29,990 --> 00:00:28,320

welcome welcome welcome guys thank you

4  
00:00:32,229 --> 00:00:30,000

so much for being here

5  
00:00:33,430 --> 00:00:32,239

yet another another interview here on

6  
00:00:36,470 --> 00:00:33,440

the disclosure team

7  
00:00:38,069 --> 00:00:36,480

youtube channel um

8  
00:00:39,190 --> 00:00:38,079

i just want to say again look thank you

9  
00:00:40,790 --> 00:00:39,200

for all the support that i've been

10  
00:00:42,950 --> 00:00:40,800

getting on this channel it really means

11  
00:00:44,630 --> 00:00:42,960

so much and it just keeps pushing me to

12  
00:00:46,069 --> 00:00:44,640

to get more guests and do more

13  
00:00:47,830 --> 00:00:46,079

interviews so i you know

14

00:00:49,510 --> 00:00:47,840

all of you guys that have watched

15

00:00:50,229 --> 00:00:49,520

previous interviews that are here right

16

00:00:52,470 --> 00:00:50,239

now

17

00:00:53,590 --> 00:00:52,480

thank you so much big shout out to my

18

00:00:55,510 --> 00:00:53,600

friend josh uap

19

00:00:56,950 --> 00:00:55,520

uk thank you for the super chat man it

20

00:00:59,029 --> 00:00:56,960

means so much so

21

00:01:00,950 --> 00:00:59,039

without further ado guys i think a lot

22

00:01:01,670 --> 00:01:00,960

of us are familiar with the um aerial

23

00:01:05,590 --> 00:01:01,680

case

24

00:01:09,030 --> 00:01:05,600

rua zimbabwe 1994 the mass sighting with

25

00:01:10,550 --> 00:01:09,040

around 60 school children with us today

26

00:01:13,190 --> 00:01:10,560

we have one of the

27

00:01:15,030 --> 00:01:13,200

original investigators who was there at

28

00:01:16,870 --> 00:01:15,040

the time looking into to what happened

29

00:01:17,830 --> 00:01:16,880

so without further ado i'd love to

30

00:01:21,429 --> 00:01:17,840

introduce

31

00:01:24,390 --> 00:01:21,439

mr gunter hofer gunter

32

00:01:25,670 --> 00:01:24,400

hello how are you my friend very well

33

00:01:29,190 --> 00:01:25,680

vinnie and yourself

34

00:01:30,950 --> 00:01:29,200

i'm doing great thank you so much um

35

00:01:32,630 --> 00:01:30,960

so guys in the chat if you could just

36

00:01:33,109 --> 00:01:32,640

give us a thumbs up if you can hear us

37

00:01:37,749 --> 00:01:33,119

both

38

00:01:39,190 --> 00:01:37,759

just get cracking

39

00:01:40,950 --> 00:01:39,200

i always like to make sure that these

40

00:01:42,870 --> 00:01:40,960

things are okay because i yeah

41

00:01:44,550 --> 00:01:42,880

always dread that we've had a big long

42

00:01:46,469 --> 00:01:44,560

discussion and someone's not been able

43

00:01:48,870 --> 00:01:46,479

to hear anything

44

00:01:50,789 --> 00:01:48,880

good great guys so gunther before we get

45

00:01:51,910 --> 00:01:50,799

into it i just want to play a short clip

46

00:01:55,109 --> 00:01:51,920

for everyone

47

00:01:57,270 --> 00:01:55,119

so um but just get an idea of uh

48

00:02:00,950 --> 00:01:57,280

and i believe you're in this video so

49

00:02:05,749 --> 00:02:03,109

in the trees over there there's been a

50

00:02:08,790 --> 00:02:05,759

ufo alert across southern africa

51  
00:02:10,229 --> 00:02:08,800  
this is a continuation of possible ufo

52  
00:02:13,030 --> 00:02:10,239  
story

53  
00:02:13,589 --> 00:02:13,040  
a large brightly colored object was seen

54  
00:02:16,949 --> 00:02:13,599  
traveling

55  
00:02:19,990 --> 00:02:16,959  
very fast above zimbabwe zambia

56  
00:02:23,270 --> 00:02:20,000  
and south africa i thought it was an

57  
00:02:24,070 --> 00:02:23,280  
alien and he had big eyes several planes

58  
00:02:27,270 --> 00:02:24,080  
saw it

59  
00:02:30,949 --> 00:02:27,280  
the experts are baffled

60  
00:02:40,120 --> 00:02:30,959  
rua ariel school 19th september

61  
00:02:43,830 --> 00:02:41,830  
[Music]

62  
00:02:45,750 --> 00:02:43,840  
could you tell me what you saw on on

63  
00:02:49,589 --> 00:02:45,760

friday well it looked like it was like

64

00:02:51,990 --> 00:02:49,599

glinting in the trees like it looks like

65

00:02:54,790 --> 00:02:52,000

roundabout like a

66

00:02:55,589 --> 00:02:54,800

like a disc like a round are you sure it

67

00:02:57,830 --> 00:02:55,599

wasn't a

68

00:03:06,390 --> 00:02:57,840

harrier jump jet or something that the

69

00:03:09,750 --> 00:03:08,090

kind of like that

70

00:03:12,229 --> 00:03:09,760

[Music]

71

00:03:14,070 --> 00:03:12,239

i saw something silver on the ground

72

00:03:17,110 --> 00:03:14,080

amongst the trees

73

00:03:19,910 --> 00:03:17,120

and the person in black they had

74

00:03:22,630 --> 00:03:19,920

big black eyes that's all i saw i saw a

75

00:03:25,030 --> 00:03:22,640

glimpse they kind of turned around

76

00:03:26,149 --> 00:03:25,040

and stared and then went back into a

77

00:03:29,350 --> 00:03:26,159

kind of like ship

78

00:03:32,229 --> 00:03:29,360

i saw this the silver thing

79

00:03:33,589 --> 00:03:32,239

in amongst this clump of trees with this

80

00:03:36,390 --> 00:03:33,599

one thing sitting

81

00:03:37,990 --> 00:03:36,400

on the side and another thing sort of

82

00:03:40,710 --> 00:03:38,000

like running up and down

83

00:03:41,589 --> 00:03:40,720

the top what does he look like his face

84

00:03:43,910 --> 00:03:41,599

was like this

85

00:03:45,589 --> 00:03:43,920

and his eyes were down here mr mackey

86

00:03:46,949 --> 00:03:45,599

your head master of aerial school tell

87

00:03:49,509 --> 00:03:46,959

me what what what do you think of

88

00:03:50,070 --> 00:03:49,519

all this um i feel sure that the

89

00:03:52,149 --> 00:03:50,080

children

90

00:03:53,990 --> 00:03:52,159

feel that they did see something we

91

00:03:57,350 --> 00:03:54,000

asked them to draw pictures of what they

92

00:03:57,589 --> 00:03:57,360

saw on friday and um after looking at us

93

00:04:06,149 --> 00:03:57,599

i

94

00:04:09,830 --> 00:04:06,159

we

95

00:04:11,670 --> 00:04:09,840

are not common with but to actually say

96

00:04:14,070 --> 00:04:11,680

that it was a ufo

97

00:04:17,550 --> 00:04:14,080

i would be reluctant to make a decision

98

00:04:28,790 --> 00:04:25,430

[Music]

99

00:04:30,790 --> 00:04:28,800

what did you see i just uh saw a glow

100

00:04:33,830 --> 00:04:30,800

over my chicken run

101  
00:04:36,390 --> 00:04:33,840  
a very orange glow it was a helicopter

102  
00:04:37,909 --> 00:04:36,400  
you know it was just big round wall can

103  
00:04:39,670 --> 00:04:37,919  
you just tell us what happened the other

104  
00:04:41,350 --> 00:04:39,680  
night at creva we suddenly looked up and

105  
00:04:43,670 --> 00:04:41,360  
we saw this

106  
00:04:45,830 --> 00:04:43,680  
thing coming over the top of the hill as

107  
00:04:49,030 --> 00:04:45,840  
it sort of

108  
00:04:51,990 --> 00:04:49,040  
came at the best of us it suddenly

109  
00:04:53,350 --> 00:04:52,000  
changed from this glow to to let's say

110  
00:04:57,030 --> 00:04:53,360  
two big red

111  
00:04:59,909 --> 00:04:57,040  
orange balls um

112  
00:05:00,550 --> 00:04:59,919  
again first thought was an airbus 300

113  
00:05:02,790 --> 00:05:00,560

with

114

00:05:03,749 --> 00:05:02,800

the two engines but then one thing we

115

00:05:05,909 --> 00:05:03,759

noticed about it was

116

00:05:07,430 --> 00:05:05,919

the lack of sound in total i would say

117

00:05:11,670 --> 00:05:07,440

about 14 people saw this

118

00:05:13,909 --> 00:05:11,680

in our group anyway

119

00:05:15,270 --> 00:05:13,919

they did tell me from london this could

120

00:05:21,830 --> 00:05:15,280

be the biggest story

121

00:05:27,029 --> 00:05:24,550

i said to tim yesterday i mean i i do

122

00:05:29,670 --> 00:05:27,039

believe the children saw something

123

00:05:30,469 --> 00:05:29,680

so adore what equipment have you brought

124

00:05:34,390 --> 00:05:30,479

with you

125

00:05:37,510 --> 00:05:34,400

well gunther is a highly technical chap

126  
00:05:39,029 --> 00:05:37,520  
and he's made his own gaga counter his

127  
00:05:40,390 --> 00:05:39,039  
own metal detector

128  
00:05:43,909 --> 00:05:40,400  
we're going to check it out and see if

129  
00:05:45,270 --> 00:05:43,919  
there's any radioactivity there

130  
00:05:47,590 --> 00:05:45,280  
cynthia what are your impressions after

131  
00:05:50,550 --> 00:05:47,600  
this morning's little expedition

132  
00:05:52,950 --> 00:05:50,560  
well i certainly believe the children

133  
00:05:56,790 --> 00:05:52,960  
have come across a similar type of thing

134  
00:05:59,270 --> 00:05:56,800  
in broad haven in wales 1979

135  
00:06:01,189 --> 00:05:59,280  
and the british didn't believe it

136  
00:06:01,590 --> 00:06:01,199  
although i went down three times and

137  
00:06:07,220 --> 00:06:01,600  
it's

138  
00:06:13,510 --> 00:06:07,230

very similar to the whole incident here

139

00:06:17,590 --> 00:06:16,550

wow how does that feel seeing yourself

140

00:06:19,350 --> 00:06:17,600

there

141

00:06:21,110 --> 00:06:19,360

well brings back a lot of memories for

142

00:06:22,870 --> 00:06:21,120

sure you know

143

00:06:25,270 --> 00:06:22,880

and listening to you know the late

144

00:06:26,950 --> 00:06:25,280

cynthia heinz you know also

145

00:06:28,790 --> 00:06:26,960

you know brings back good memories as

146

00:06:31,189 --> 00:06:28,800

well you know and all

147

00:06:32,870 --> 00:06:31,199

she had uh contributed to this case

148

00:06:35,990 --> 00:06:32,880

bringing it to lights you know

149

00:06:37,590 --> 00:06:36,000

yeah absolutely you know so let's jump

150

00:06:39,189 --> 00:06:37,600

right back to that time or even

151  
00:06:41,110 --> 00:06:39,199  
beforehand

152  
00:06:42,790 --> 00:06:41,120  
what your background was leading up to

153  
00:06:44,309 --> 00:06:42,800  
that how you got involved with cynthia

154  
00:06:45,590 --> 00:06:44,319  
hein so if you could just sort of

155  
00:06:47,510 --> 00:06:45,600  
go from there that'd be really

156  
00:06:48,070 --> 00:06:47,520  
interesting thank you gunther yeah i

157  
00:06:51,270 --> 00:06:48,080  
mean i

158  
00:06:52,230 --> 00:06:51,280  
got interested in ufology by chance

159  
00:06:54,469 --> 00:06:52,240  
really

160  
00:06:55,589 --> 00:06:54,479  
my father was reading one of cynthia's

161  
00:06:58,950 --> 00:06:55,599  
books

162  
00:07:00,469 --> 00:06:58,960  
in my june the my late teens basically

163  
00:07:03,110 --> 00:07:00,479

it was this book

164

00:07:03,990 --> 00:07:03,120

uf after afternoons african encounters

165

00:07:05,830 --> 00:07:04,000

wow

166

00:07:07,189 --> 00:07:05,840

um it's a fantastic book actually if you

167

00:07:07,830 --> 00:07:07,199

ever get a chance to get hold of this

168

00:07:10,790 --> 00:07:07,840

it's

169

00:07:12,230 --> 00:07:10,800

amazing stories i'll add it to my list

170

00:07:15,189 --> 00:07:12,240

um

171

00:07:16,309 --> 00:07:15,199

and uh i read it and i was fascinated i

172

00:07:19,589 --> 00:07:16,319

was really really drawn

173

00:07:21,749 --> 00:07:19,599

by the topic and what happened and

174

00:07:23,430 --> 00:07:21,759

some of the evidence she gathered which

175

00:07:24,309 --> 00:07:23,440

was just absolutely amazing i never

176

00:07:27,670 --> 00:07:24,319

heard about

177

00:07:29,350 --> 00:07:27,680

ufos before that time right um

178

00:07:31,029 --> 00:07:29,360

and my father didn't even share the book

179

00:07:32,230 --> 00:07:31,039

so i just picked it up so it was kind of

180

00:07:35,830 --> 00:07:32,240

by accident

181

00:07:39,589 --> 00:07:35,840

and then one day i showed it

182

00:07:42,469 --> 00:07:39,599

showed it to my gran and she

183

00:07:43,990 --> 00:07:42,479

was talking about it and she told me oh

184

00:07:46,230 --> 00:07:44,000

i've seen a ufo

185

00:07:47,469 --> 00:07:46,240

i said what you've seen a ufo i said

186

00:07:50,469 --> 00:07:47,479

when is that she said

187

00:07:54,869 --> 00:07:50,479

1968 in cipalilo

188

00:07:56,790 --> 00:07:54,879

in north west zimbabwe and she described

189

00:07:59,110 --> 00:07:56,800

seeing this very bright light initially

190

00:08:03,589 --> 00:07:59,120

she was outside it's a small like

191

00:08:05,189 --> 00:08:03,599

town or village and she saw

192

00:08:06,790 --> 00:08:05,199

a bright light in the distance and this

193

00:08:09,430 --> 00:08:06,800

was during the time during

194

00:08:11,270 --> 00:08:09,440

the war in zimbabwe right liberation

195

00:08:14,309 --> 00:08:11,280

struggle as they call it

196

00:08:15,430 --> 00:08:14,319

um she was standing here with she had a

197

00:08:16,070 --> 00:08:15,440

little shop there and she was standing

198

00:08:18,869 --> 00:08:16,080

with the

199

00:08:19,430 --> 00:08:18,879

security guard and they were just

200

00:08:21,270 --> 00:08:19,440

chatting

201  
00:08:22,790 --> 00:08:21,280  
in the early evening and from the

202  
00:08:25,510 --> 00:08:22,800  
distance they noticed this very bright

203  
00:08:28,390 --> 00:08:25,520  
light approaching the area

204  
00:08:29,749 --> 00:08:28,400  
and she said oh maybe it's a helicopter

205  
00:08:31,670 --> 00:08:29,759  
or a plane or something but it

206  
00:08:33,670 --> 00:08:31,680  
had no noise and as it got closer and

207  
00:08:36,149 --> 00:08:33,680  
closer and closer

208  
00:08:37,029 --> 00:08:36,159  
she could make out the shape of the

209  
00:08:39,110 --> 00:08:37,039  
object

210  
00:08:40,149 --> 00:08:39,120  
with this very intense bright light on

211  
00:08:42,389 --> 00:08:40,159  
anything

212  
00:08:44,230 --> 00:08:42,399  
and i said so what did it look like she

213  
00:08:47,509 --> 00:08:44,240

said it was all black

214

00:08:49,990 --> 00:08:47,519

and and she said oh

215

00:08:51,430 --> 00:08:50,000

if you take two super bowls inverted

216

00:08:51,990 --> 00:08:51,440

over each other that's how it looked

217

00:08:55,750 --> 00:08:52,000

like

218

00:08:57,829 --> 00:08:55,760

so that's it

219

00:08:59,990 --> 00:08:57,839

yeah and she went on to say it was a

220

00:09:02,310 --> 00:09:00,000

tree lip tree height level

221

00:09:03,350 --> 00:09:02,320

and it seemed to be coming to land near

222

00:09:05,030 --> 00:09:03,360

where they were

223

00:09:07,190 --> 00:09:05,040

wow you know there are lots of people

224

00:09:08,150 --> 00:09:07,200

excited about this you know pointing at

225

00:09:11,110 --> 00:09:08,160

the strange

226

00:09:12,550 --> 00:09:11,120

looking object in the sky coming down

227

00:09:15,110 --> 00:09:12,560

silently

228

00:09:16,230 --> 00:09:15,120

and all of a sudden like if it noticed

229

00:09:18,630 --> 00:09:16,240

these people all

230

00:09:20,470 --> 00:09:18,640

getting excited it just she said it just

231

00:09:22,790 --> 00:09:20,480

shot off at an angle

232

00:09:23,670 --> 00:09:22,800

wow it appeared and that was the end of

233

00:09:26,949 --> 00:09:23,680

it

234

00:09:28,790 --> 00:09:26,959

um that's incredible and

235

00:09:31,269 --> 00:09:28,800

yeah and that was her experience of a

236

00:09:34,070 --> 00:09:31,279

ufo you know and then of course that

237

00:09:35,670 --> 00:09:34,080

really drew me in after her school yeah

238

00:09:38,310 --> 00:09:35,680

he never spoke about it and

239

00:09:39,910 --> 00:09:38,320

just because i mentioned it to her that

240

00:09:43,509 --> 00:09:39,920

i was reading this book

241

00:09:44,630 --> 00:09:43,519

about you know ufos and yeah i saw one

242

00:09:46,550 --> 00:09:44,640

of these objects i was like

243

00:09:48,710 --> 00:09:46,560

taking but taken aback about that you

244

00:09:52,070 --> 00:09:48,720

know she actually saw something

245

00:09:54,150 --> 00:09:52,080

that is interesting and then i

246

00:09:56,389 --> 00:09:54,160

noticed because at the back in the book

247

00:09:59,269 --> 00:09:56,399

it there was a

248

00:10:02,710 --> 00:09:59,279

postal address where people could report

249

00:10:05,509 --> 00:10:02,720

or write to cynthia i wrote to her

250

00:10:06,790 --> 00:10:05,519

not straight away this was like late on

251

00:10:09,990 --> 00:10:06,800

when i was in high school

252

00:10:13,269 --> 00:10:10,000

just about finished high school i was

253

00:10:14,389 --> 00:10:13,279

keen in electronics and making gadgets

254

00:10:16,069 --> 00:10:14,399

and stuff like that

255

00:10:18,470 --> 00:10:16,079

i wrote her and i said look i've made

256

00:10:20,870 --> 00:10:18,480

this device it's like an electrostatic

257

00:10:22,790 --> 00:10:20,880

device it picks up fields you know let

258

00:10:26,550 --> 00:10:22,800

your electric fields maybe

259

00:10:29,430 --> 00:10:26,560

would be useful in your cases

260

00:10:30,470 --> 00:10:29,440

um picking up the presence of anything

261

00:10:33,430 --> 00:10:30,480

that generates

262

00:10:35,110 --> 00:10:33,440

electric fields because often ufos seem

263

00:10:38,389 --> 00:10:35,120

to be associated with

264

00:10:41,670 --> 00:10:38,399

disturbance in you know cars

265

00:10:43,829 --> 00:10:41,680

engines failing or electrical equipment

266

00:10:45,269 --> 00:10:43,839

failure and things like that so i

267

00:10:47,150 --> 00:10:45,279

thought this device

268

00:10:48,949 --> 00:10:47,160

would pick it up would it pick up like

269

00:10:49,750 --> 00:10:48,959

electromagnetism as well or is it that

270

00:10:52,230 --> 00:10:49,760

different

271

00:10:53,110 --> 00:10:52,240

it's it's it wasn't that magnolia

272

00:10:55,910 --> 00:10:53,120

magometer

273

00:10:57,910 --> 00:10:55,920

as such it does like let's feel static

274

00:10:59,910 --> 00:10:57,920

fields

275

00:11:01,670 --> 00:10:59,920

that kind of thing you know so but it

276

00:11:02,630 --> 00:11:01,680

was very sensitive so it could pick up

277

00:11:05,990 --> 00:11:02,640

lightning

278

00:11:09,110 --> 00:11:06,000

in the distance and things like that wow

279

00:11:09,590 --> 00:11:09,120

so um she came back to me and said oh

280

00:11:11,910 --> 00:11:09,600

yeah

281

00:11:14,069 --> 00:11:11,920

that'd be really interesting and would

282

00:11:16,389 --> 00:11:14,079

you mind me inviting you over

283

00:11:18,550 --> 00:11:16,399

to one of our talks and i said oh that'd

284

00:11:21,750 --> 00:11:18,560

be fantastic you know

285

00:11:24,150 --> 00:11:21,760

and so she used to have

286

00:11:25,750 --> 00:11:24,160

maybe twice or three times a year she

287

00:11:28,710 --> 00:11:25,760

used to invite people

288

00:11:30,870 --> 00:11:28,720

certain people to a home to talk on the

289

00:11:33,350 --> 00:11:30,880

latest

290

00:11:34,230 --> 00:11:33,360

um reports that she had come across both

291

00:11:36,470 --> 00:11:34,240

locally and

292

00:11:40,230 --> 00:11:36,480

internationally sure because she was

293

00:11:43,750 --> 00:11:42,069

mufon representative for africa

294

00:11:48,230 --> 00:11:43,760

basically right

295

00:11:50,389 --> 00:11:48,240

um so a lot of her research was was

296

00:11:52,310 --> 00:11:50,399

in that and taking those reports and

297

00:11:53,430 --> 00:11:52,320

sending them off to mufon or writing her

298

00:11:55,350 --> 00:11:53,440

own books

299

00:11:58,310 --> 00:11:55,360

and this one she wrote her first book

300

00:12:00,230 --> 00:11:58,320

this one yeah african encounters

301

00:12:01,590 --> 00:12:00,240

and then later on she she obviously

302

00:12:03,829 --> 00:12:01,600

wrote the

303

00:12:05,750 --> 00:12:03,839

ufos over africa her second book and

304

00:12:09,509 --> 00:12:05,760

that's in the last

305

00:12:12,629 --> 00:12:09,519

chapters she mentions ariel because that

306

00:12:14,310 --> 00:12:12,639

was she just added it in because

307

00:12:15,829 --> 00:12:14,320

it just happened at that time when she

308

00:12:17,910 --> 00:12:15,839

was about to finish the book you know

309

00:12:20,069 --> 00:12:17,920

wow that's incredible well that's

310

00:12:23,190 --> 00:12:20,079

fortunate of her and then obviously as

311

00:12:26,230 --> 00:12:23,200

what happened basically going forward

312

00:12:27,190 --> 00:12:26,240

um cynthia received a call from tim

313

00:12:30,389 --> 00:12:27,200

leach

314

00:12:35,190 --> 00:12:30,399

the bbc you know cameraman reporter

315

00:12:37,750 --> 00:12:35,200

yeah um that he had

316

00:12:38,389 --> 00:12:37,760

i think some parents had contacted bbc

317

00:12:39,590 --> 00:12:38,399

saying

318

00:12:41,750 --> 00:12:39,600

something happened at the school

319

00:12:44,389 --> 00:12:41,760

something strange

320

00:12:46,550 --> 00:12:44,399

you know crafted landed etc so he

321

00:12:50,870 --> 00:12:46,560

contacted cynthia saying look

322

00:12:53,910 --> 00:12:50,880

there's been a year for reports

323

00:12:56,949 --> 00:12:53,920

craft landed at a school and everything

324

00:12:59,269 --> 00:12:56,959

and he has spoken to mr mackey

325

00:13:00,150 --> 00:12:59,279

if we can interview the kids and he's

326

00:13:03,670 --> 00:13:00,160

arranged

327

00:13:05,670 --> 00:13:03,680

to come over you know after the weekend

328

00:13:07,509 --> 00:13:05,680

because the case the landing happened on

329

00:13:09,269 --> 00:13:07,519

the 16th friday the 16th

330

00:13:10,629 --> 00:13:09,279

and we were going to go the following

331

00:13:13,750 --> 00:13:10,639

week just after the weekend

332

00:13:17,110 --> 00:13:13,760

just to get out to aerial school

333

00:13:19,829 --> 00:13:17,120

and you know talk to the kids and then

334

00:13:21,750 --> 00:13:19,839

obviously go out into the field and do a

335

00:13:24,470 --> 00:13:21,760

little bit of an investigation

336

00:13:25,670 --> 00:13:24,480

around while we have it's probably good

337

00:13:28,710 --> 00:13:25,680

to get it in

338

00:13:30,150 --> 00:13:28,720

so soon afterwards it's still fresh i

339

00:13:32,550 --> 00:13:30,160

mean cynthia was almost

340

00:13:33,670 --> 00:13:32,560

enthusiastic to go actually on friday i

341

00:13:35,110 --> 00:13:33,680

mean

342

00:13:36,870 --> 00:13:35,120

it would have been great if we could

343

00:13:37,430 --> 00:13:36,880

have because it'd be really fresh but it

344

00:13:40,310 --> 00:13:37,440

was

345

00:13:41,750 --> 00:13:40,320

late in the day the kids were going home

346

00:13:42,790 --> 00:13:41,760

and you know the school was gonna be

347

00:13:45,910 --> 00:13:42,800

closed anyway

348

00:13:49,110 --> 00:13:45,920

yeah um anyway we

349

00:13:53,670 --> 00:13:49,120

drove out to aerial school myself

350

00:13:55,829 --> 00:13:53,680

cynthia tim leach and cynthia's son

351  
00:13:56,870 --> 00:13:55,839  
was helping out just with the equipment

352  
00:13:59,750 --> 00:13:56,880  
carrying the equipment

353  
00:14:02,069 --> 00:13:59,760  
and we got to the school obviously the

354  
00:14:05,509 --> 00:14:02,079  
kids were quite excited here the bbc

355  
00:14:08,470 --> 00:14:05,519  
was coming um to phone them and

356  
00:14:10,230 --> 00:14:08,480  
you know document what they had seen but

357  
00:14:11,990 --> 00:14:10,240  
the good thing cynthia had told mr

358  
00:14:12,790 --> 00:14:12,000  
mackey before we come can you get the

359  
00:14:15,910 --> 00:14:12,800  
kids to

360  
00:14:16,230 --> 00:14:15,920  
draw while it was fresh in the mind and

361  
00:14:19,269 --> 00:14:16,240  
they

362  
00:14:21,670 --> 00:14:19,279  
hadn't discussed it much with each other

363  
00:14:23,189 --> 00:14:21,680

sure so you know there wouldn't be too

364

00:14:24,949 --> 00:14:23,199

much interference from

365

00:14:26,230 --> 00:14:24,959

you know someone telling this kid and

366

00:14:29,350 --> 00:14:26,240

that kid what they saw

367

00:14:32,949 --> 00:14:29,360

because they would draw what they saw

368

00:14:34,150 --> 00:14:32,959

um and obviously you got to the school

369

00:14:35,670 --> 00:14:34,160

there's a whole pile of

370

00:14:37,189 --> 00:14:35,680

papers of all the drawings which are

371

00:14:40,550 --> 00:14:37,199

absolutely fascinating to

372

00:14:41,590 --> 00:14:40,560

look at um obviously many of you might

373

00:14:44,230 --> 00:14:41,600

have seen

374

00:14:46,150 --> 00:14:44,240

the drawings that have come out and i've

375

00:14:46,629 --> 00:14:46,160

shown on the bbc some of those joints

376

00:14:49,350 --> 00:14:46,639

there

377

00:14:50,710 --> 00:14:49,360

that we just showed vinnie probably

378

00:14:51,990 --> 00:14:50,720

bring some up if you keep talking i'll

379

00:14:54,310 --> 00:14:52,000

try and get something yeah

380

00:14:55,670 --> 00:14:54,320

i've got a picture of somebody here you

381

00:14:58,629 --> 00:14:55,680

know the cameraman that's on

382

00:14:59,509 --> 00:14:58,639

the day we went wow you never get quite

383

00:15:01,189 --> 00:14:59,519

to see him but

384

00:15:05,350 --> 00:15:01,199

here he is you never do no that's

385

00:15:10,150 --> 00:15:09,030

so cynthia had the teachers brought some

386

00:15:13,670 --> 00:15:10,160

of the kids into

387

00:15:15,750 --> 00:15:13,680

a staff room with

388

00:15:17,509 --> 00:15:15,760

the headmaster and we questioned the

389

00:15:20,150 --> 00:15:17,519

kids and

390

00:15:21,590 --> 00:15:20,160

you know asked them obviously what we

391

00:15:23,670 --> 00:15:21,600

wanted was to have them

392

00:15:24,790 --> 00:15:23,680

on their own but we couldn't get them on

393

00:15:26,710 --> 00:15:24,800

at the time

394

00:15:28,069 --> 00:15:26,720

because of you know i think the teachers

395

00:15:30,710 --> 00:15:28,079

just wanted to

396

00:15:31,749 --> 00:15:30,720

oversee this because of parental concern

397

00:15:33,670 --> 00:15:31,759

and

398

00:15:35,509 --> 00:15:33,680

obviously we probably weren't vetted

399

00:15:37,430 --> 00:15:35,519

people so

400

00:15:39,189 --> 00:15:37,440

you know letting us be along with

401

00:15:41,990 --> 00:15:39,199

children wasn't you know

402

00:15:43,189 --> 00:15:42,000

allowed that kind of thing so we were

403

00:15:46,230 --> 00:15:43,199

talking to the kids

404

00:15:49,910 --> 00:15:46,240

and they told us some of their stories

405

00:15:51,590 --> 00:15:49,920

uh about some of them actually drew i

406

00:15:53,749 --> 00:15:51,600

noticed on the drawing some of them said

407

00:15:53,990 --> 00:15:53,759

on thursday they saw this and on friday

408

00:15:56,069 --> 00:15:54,000

they

409

00:15:57,430 --> 00:15:56,079

saw the landing so there were actually

410

00:15:59,749 --> 00:15:57,440

two events

411

00:16:02,150 --> 00:15:59,759

at the school some of the kids saw what

412

00:16:05,189 --> 00:16:02,160

looked like a cigar-shaped object

413

00:16:06,389 --> 00:16:05,199

wow flying but it didn't land it just

414

00:16:08,629 --> 00:16:06,399

flew

415

00:16:10,470 --> 00:16:08,639

and it seemed to be appearing

416

00:16:13,030 --> 00:16:10,480

disappearing like lights appearing and

417

00:16:15,269 --> 00:16:13,040

then disappearing like if it was jumping

418

00:16:16,470 --> 00:16:15,279

in space like not traveling almost

419

00:16:17,910 --> 00:16:16,480

jumping

420

00:16:20,069 --> 00:16:17,920

yeah you know that's reported a lot in a

421

00:16:23,829 --> 00:16:20,079

lot of ufo cases

422

00:16:25,509 --> 00:16:23,839

it's it's it's almost like the skipping

423

00:16:27,269 --> 00:16:25,519

it's like a skipped frame you know you

424

00:16:27,990 --> 00:16:27,279

sit there and say oh it's over here you

425

00:16:32,069 --> 00:16:28,000

know yeah

426

00:16:33,189 --> 00:16:32,079

yeah wow um and they saw these lights

427

00:16:35,829 --> 00:16:33,199

obviously

428

00:16:36,230 --> 00:16:35,839

and then off then going further on on

429

00:16:47,350 --> 00:16:36,240

the

430

00:16:51,509 --> 00:16:47,360

coming down

431

00:16:53,350 --> 00:16:51,519

to land and it landed in a

432

00:16:54,710 --> 00:16:53,360

somewhere between the trees these gum

433

00:16:56,389 --> 00:16:54,720

trees at

434

00:16:57,749 --> 00:16:56,399

outside the boundary of the school they

435

00:16:59,749 --> 00:16:57,759

had these large

436

00:17:01,189 --> 00:16:59,759

logs on the edge of the the school

437

00:17:03,430 --> 00:17:01,199

boundary

438

00:17:05,029 --> 00:17:03,440

so the kids knew they mustn't go beyond

439

00:17:05,750 --> 00:17:05,039

this point because the rest of the area

440

00:17:08,949 --> 00:17:05,760

was

441

00:17:10,789 --> 00:17:08,959

long grass and bushed up area

442

00:17:12,470 --> 00:17:10,799

and it's funny because this this behind

443

00:17:14,789 --> 00:17:12,480

me is actually an overview of our real

444

00:17:18,870 --> 00:17:14,799

school so we're probably talking about

445

00:17:21,909 --> 00:17:18,880

you know sort of is there borderline

446

00:17:23,590 --> 00:17:21,919

i mean if you look at this picture here

447

00:17:25,990 --> 00:17:23,600

oh there you go yeah you can see it's

448

00:17:29,190 --> 00:17:26,000

very it was very arid

449

00:17:30,870 --> 00:17:29,200

dry at the time yeah and yeah you can

450

00:17:31,990 --> 00:17:30,880

see one two of the kids you can see

451

00:17:34,950 --> 00:17:32,000

behind them how long the

452

00:17:36,870 --> 00:17:34,960

grass and yeah i see we walked with them

453

00:17:38,870 --> 00:17:36,880

there so they came with us

454

00:17:39,909 --> 00:17:38,880

to show us where they saw the craft et

455

00:17:41,430 --> 00:17:39,919

cetera landing

456

00:17:42,950 --> 00:17:41,440

i'll just quickly bring up these photos

457

00:17:44,150 --> 00:17:42,960

again so that's one of them i've just

458

00:17:45,909 --> 00:17:44,160

found i mean

459

00:17:48,549 --> 00:17:45,919

you can see the grass there on the side

460

00:17:51,750 --> 00:17:48,559

and the trees of course yeah

461

00:17:54,870 --> 00:17:51,760

that's amazing and they again

462

00:17:55,350 --> 00:17:54,880

the grass as well with the trees yeah i

463

00:17:58,470 --> 00:17:55,360

mean that's

464

00:18:00,150 --> 00:17:58,480

yeah so quite a lot of photos sorry

465

00:18:02,070 --> 00:18:00,160

a lot of drawings it wasn't just two or

466

00:18:05,110 --> 00:18:02,080

three there was

467

00:18:09,270 --> 00:18:05,120

20 plus or you know yeah yeah yeah

468

00:18:11,590 --> 00:18:09,280

so sorry carry on so um

469

00:18:14,390 --> 00:18:11,600

after we interviewed some of the kids we

470

00:18:16,710 --> 00:18:14,400

they took us outside to

471

00:18:18,789 --> 00:18:16,720

to show us you know the direction they

472

00:18:22,310 --> 00:18:18,799

saw the craft

473

00:18:24,470 --> 00:18:22,320

and we had we had two it seemed like

474

00:18:27,270 --> 00:18:24,480

there were two events happening

475

00:18:29,190 --> 00:18:27,280

one with the main craft and then there

476  
00:18:29,909 --> 00:18:29,200  
were other crafts that seemed to have

477  
00:18:32,070 --> 00:18:29,919  
landed

478  
00:18:33,510 --> 00:18:32,080  
elsewhere just a little bit further on

479  
00:18:36,710 --> 00:18:33,520  
one side some kids said

480  
00:18:39,190 --> 00:18:36,720  
we saw these other craft like landing

481  
00:18:41,909 --> 00:18:39,200  
towards that side in a more bushy area

482  
00:18:42,470 --> 00:18:41,919  
with long grass but the main event was

483  
00:18:45,590 --> 00:18:42,480  
happening

484  
00:18:48,950 --> 00:18:45,600  
on the right-hand side

485  
00:18:50,950 --> 00:18:48,960  
of the school grounds facing out yeah

486  
00:18:52,870 --> 00:18:50,960  
um so everyone's attention was drawing

487  
00:18:55,190 --> 00:18:52,880  
but some of the kids saw this

488  
00:18:56,549 --> 00:18:55,200

few other craft going this way that's

489

00:18:57,270 --> 00:18:56,559

something you don't hear a lot about

490

00:18:59,590 --> 00:18:57,280

when

491

00:19:01,590 --> 00:18:59,600

in relation to this case yeah exactly

492

00:19:03,110 --> 00:19:01,600

it's just small things like that

493

00:19:04,630 --> 00:19:03,120

and i'll tell you why that is

494

00:19:07,990 --> 00:19:04,640

significant later on

495

00:19:09,430 --> 00:19:08,000

sure um so the kids took us

496

00:19:13,350 --> 00:19:09,440

and also the interesting thing i was

497

00:19:15,430 --> 00:19:13,360

with tim tim leach and two of the kids

498

00:19:17,190 --> 00:19:15,440

and while they were pointing out where

499

00:19:20,630 --> 00:19:17,200

they saw this thing we

500

00:19:21,590 --> 00:19:20,640

tim and i and i think two those two kids

501  
00:19:24,870 --> 00:19:21,600

i just showed you

502  
00:19:27,750 --> 00:19:24,880

yeah guy and ferrai um

503  
00:19:28,070 --> 00:19:27,760

guy we saw this light actually no one

504  
00:19:29,830 --> 00:19:28,080

tell

505  
00:19:31,830 --> 00:19:29,840

we've never told anyone really we saw

506  
00:19:33,430 --> 00:19:31,840

this light on a copy

507  
00:19:35,270 --> 00:19:33,440

a copy in zimbabwe is like a small

508  
00:19:39,430 --> 00:19:35,280

little rocky outcrop

509  
00:19:42,710 --> 00:19:39,440

like a hill yeah at the far end

510  
00:19:45,590 --> 00:19:42,720  
out in the bush opposite the school

511  
00:19:47,110 --> 00:19:45,600  
and we saw this very bright light and to

512  
00:19:50,390 --> 00:19:47,120  
be honest

513  
00:19:51,110 --> 00:19:50,400

we thought it was something reflecting

514

00:19:52,630 --> 00:19:51,120

off you know

515

00:19:55,110 --> 00:19:52,640

the sunlight you know like maybe a

516

00:19:58,070 --> 00:19:55,120

window or

517

00:20:00,390 --> 00:19:58,080

because in zimbabwe a lot of the houses

518

00:20:03,830 --> 00:20:00,400

rural houses were built with

519

00:20:05,909 --> 00:20:03,840

galvanized sheeting right so sometimes

520

00:20:07,669 --> 00:20:05,919

in the sun they might reflect a lot of

521

00:20:10,950 --> 00:20:07,679

light so i was thinking oh that

522

00:20:13,990 --> 00:20:10,960

that's that's that you know and we

523

00:20:15,270 --> 00:20:14,000

just continued talking to the kids uh

524

00:20:17,350 --> 00:20:15,280

where they saw the craft

525

00:20:18,789 --> 00:20:17,360

and then they proceeded to take us out

526  
00:20:21,669 --> 00:20:18,799  
to the to

527  
00:20:22,470 --> 00:20:21,679  
the area about roughly 200 meters i'd

528  
00:20:24,950 --> 00:20:22,480  
say

529  
00:20:26,549 --> 00:20:24,960  
from the edge of the playground to where

530  
00:20:29,830 --> 00:20:26,559  
the landing site

531  
00:20:31,590 --> 00:20:29,840  
was near them um

532  
00:20:33,190 --> 00:20:31,600  
but the ground was very hard in that

533  
00:20:35,430 --> 00:20:33,200  
area so we didn't see

534  
00:20:36,870 --> 00:20:35,440  
any like how can i say should i say

535  
00:20:40,070 --> 00:20:36,880  
physical

536  
00:20:42,230 --> 00:20:40,080  
indentations or yeah in that area or

537  
00:20:45,830 --> 00:20:42,240  
anything like that

538  
00:20:46,870 --> 00:20:45,840

and obviously i took start some of my

539

00:20:53,990 --> 00:20:46,880

geiger

540

00:20:57,669 --> 00:20:54,000

metal detector and i had a the emf

541

00:20:59,750 --> 00:20:57,679

the electrostatic detector yeah

542

00:21:00,789 --> 00:20:59,760

um but there wasn't anything of

543

00:21:02,870 --> 00:21:00,799

significance that

544

00:21:05,029 --> 00:21:02,880

appeared and my geiger counter because

545

00:21:07,350 --> 00:21:05,039

it was homemade

546

00:21:08,630 --> 00:21:07,360

was you couldn't get proper equipment

547

00:21:11,830 --> 00:21:08,640

there so i

548

00:21:13,990 --> 00:21:11,840

was making them myself as best as i can

549

00:21:16,070 --> 00:21:14,000

i also went to the university to ask if

550

00:21:19,909 --> 00:21:16,080

we could borrow their geiger counter

551  
00:21:22,310 --> 00:21:19,919  
but theirs was broken so oh no

552  
00:21:24,870 --> 00:21:22,320  
i there was no chance to take a proper

553  
00:21:27,909 --> 00:21:24,880  
proper sensitive geiger counter with me

554  
00:21:30,070 --> 00:21:27,919  
yeah um and

555  
00:21:31,190 --> 00:21:30,080  
because the kid said oh the you know the

556  
00:21:32,950 --> 00:21:31,200  
insects were

557  
00:21:34,789 --> 00:21:32,960  
dead on the ground or something but i

558  
00:21:35,909 --> 00:21:34,799  
couldn't really see any insects that we

559  
00:21:38,310 --> 00:21:35,919  
did on the ground

560  
00:21:39,909 --> 00:21:38,320  
right the ground was just very arid

561  
00:21:41,270 --> 00:21:39,919  
because the country had going

562  
00:21:43,110 --> 00:21:41,280  
has been going was going through a

563  
00:21:46,390 --> 00:21:43,120

drought at that time sure

564

00:21:49,590 --> 00:21:46,400

um so everything was dry

565

00:21:52,710 --> 00:21:49,600

anyway um we just

566

00:21:55,350 --> 00:21:52,720

scouted around and cynthia

567

00:21:56,149 --> 00:21:55,360

went on another path down the you know

568

00:22:00,070 --> 00:21:56,159

further on

569

00:22:02,149 --> 00:22:00,080

you know looking around that area um

570

00:22:03,990 --> 00:22:02,159

and then we came back and we spoke to

571

00:22:05,669 --> 00:22:04,000

the kids again

572

00:22:07,510 --> 00:22:05,679

to find out if there's anything else

573

00:22:09,029 --> 00:22:07,520

they would like to talk about

574

00:22:10,950 --> 00:22:09,039

well this is when i found out about

575

00:22:13,270 --> 00:22:10,960

these other kids who said they saw

576

00:22:15,350 --> 00:22:13,280

something over this side

577

00:22:17,270 --> 00:22:15,360

so i asked them what did you see and

578

00:22:17,909 --> 00:22:17,280

they said the smaller craft they went

579

00:22:21,190 --> 00:22:17,919

outside

580

00:22:23,510 --> 00:22:21,200

and later on cynthia and

581

00:22:24,390 --> 00:22:23,520

her later little booklets that she used

582

00:22:32,870 --> 00:22:24,400

to

583

00:22:34,710 --> 00:22:32,880

because i went out the following weekend

584

00:22:36,390 --> 00:22:34,720

so i could have more time to actually

585

00:22:38,149 --> 00:22:36,400

look over the grounds quietly without

586

00:22:41,430 --> 00:22:38,159

any disturbance

587

00:22:43,909 --> 00:22:41,440

i had a friend of mine from work

588

00:22:45,029 --> 00:22:43,919

where i was working in aurora to just

589

00:22:48,230 --> 00:22:45,039

help me

590

00:22:51,430 --> 00:22:48,240

take some pictures sure and i

591

00:22:52,630 --> 00:22:51,440

took my camera as well and

592

00:22:54,470 --> 00:22:52,640

because i was going to go there and take

593

00:22:55,830 --> 00:22:54,480

some soil samples

594

00:22:58,230 --> 00:22:55,840

around the area to see if there's

595

00:23:01,350 --> 00:22:58,240

anything that would turn up

596

00:23:03,029 --> 00:23:01,360

uh cynthia said nothing has really

597

00:23:05,029 --> 00:23:03,039

come of it you know there was nothing of

598

00:23:07,430 --> 00:23:05,039

significance

599

00:23:09,350 --> 00:23:07,440

and but then i went to the area where

600

00:23:12,310 --> 00:23:09,360

the boys said they saw something

601  
00:23:15,110 --> 00:23:12,320  
and when i went down there i saw two

602  
00:23:16,789 --> 00:23:15,120  
oval impressions on the ground

603  
00:23:19,270 --> 00:23:16,799  
so there were two oval impressions i

604  
00:23:22,390 --> 00:23:19,280  
took photographs of them

605  
00:23:25,990 --> 00:23:22,400  
and i marked them on the book here so

606  
00:23:27,510 --> 00:23:26,000  
if you look here so the main main event

607  
00:23:31,029 --> 00:23:27,520  
was happening this side

608  
00:23:33,270 --> 00:23:31,039  
okay kids were on the playground here

609  
00:23:35,110 --> 00:23:33,280  
and across here this was where the main

610  
00:23:38,070 --> 00:23:35,120  
ufo and then further down

611  
00:23:40,230 --> 00:23:38,080  
this side i drew these two ovals one a

612  
00:23:42,789 --> 00:23:40,240  
large oval which seemed to go across

613  
00:23:44,070 --> 00:23:42,799

the path and to the other side and then

614

00:23:48,230 --> 00:23:44,080

a smaller one

615

00:23:52,549 --> 00:23:48,240

just next to it and they had a

616

00:23:55,590 --> 00:23:52,559

kind of like a clockwise

617

00:23:56,310 --> 00:23:55,600

rotation to the oval grass impression on

618

00:23:59,350 --> 00:23:56,320

the ground

619

00:24:03,669 --> 00:23:59,360

yeah yeah i'm with you so um

620

00:24:05,430 --> 00:24:03,679

slightly spiraled and

621

00:24:07,909 --> 00:24:05,440

i looked carefully and i found what

622

00:24:09,590 --> 00:24:07,919

looked like a wedge-shaped mark

623

00:24:11,510 --> 00:24:09,600

like i don't know if something pressed

624

00:24:17,190 --> 00:24:11,520

in the ground about the size

625

00:24:19,909 --> 00:24:17,200

about maybe 15-20 centimeters long

626  
00:24:20,549 --> 00:24:19,919  
five centimeters wide in a wedge kind of

627  
00:24:21,990 --> 00:24:20,559  
shape

628  
00:24:23,669 --> 00:24:22,000  
i mean that could be indicative of a

629  
00:24:26,950 --> 00:24:23,679  
landing leg

630  
00:24:28,310 --> 00:24:26,960  
you know speculating there it's hard to

631  
00:24:32,230 --> 00:24:28,320  
say exactly you know

632  
00:24:36,310 --> 00:24:32,240  
um and yeah so i found those

633  
00:24:40,070 --> 00:24:36,320  
two impressions and i took the pictures

634  
00:24:43,830 --> 00:24:40,080  
i got them uh some people know about it

635  
00:24:46,149 --> 00:24:43,840  
and i've given those out right and uh

636  
00:24:48,950 --> 00:24:46,159  
so it's not a well-known fact that

637  
00:24:52,470 --> 00:24:48,960  
that's that i had that evidence

638  
00:24:54,149 --> 00:24:52,480

that's really really good data yeah so i

639

00:24:55,110 --> 00:24:54,159

mean i was always keen on getting data

640

00:24:56,789 --> 00:24:55,120

and getting photo

641

00:24:58,710 --> 00:24:56,799

photographs and saying that's why i made

642

00:25:00,870 --> 00:24:58,720

all these equipment because cynthia

643

00:25:02,390 --> 00:25:00,880

didn't have enough equipment or

644

00:25:04,950 --> 00:25:02,400

equipment wasn't available

645

00:25:06,070 --> 00:25:04,960

in sure region you know yeah so i

646

00:25:08,310 --> 00:25:06,080

decided to start

647

00:25:10,149 --> 00:25:08,320

making something so we could carry get

648

00:25:12,070 --> 00:25:10,159

some kind of data out of it

649

00:25:14,070 --> 00:25:12,080

sure i mean witness statements are great

650

00:25:18,230 --> 00:25:14,080

and photographs videos are great as well

651  
00:25:20,149 --> 00:25:18,240  
but that third data information is

652  
00:25:21,830 --> 00:25:20,159  
just as important sometimes even more

653  
00:25:23,510 --> 00:25:21,840  
important in some cases so

654  
00:25:25,110 --> 00:25:23,520  
i think that's really good that you were

655  
00:25:26,230 --> 00:25:25,120  
you know that's where you were your head

656  
00:25:29,750 --> 00:25:26,240  
was at

657  
00:25:31,430 --> 00:25:29,760  
yeah i mean um

658  
00:25:34,549 --> 00:25:31,440  
obviously i don't know if many of you

659  
00:25:37,990 --> 00:25:34,559  
know but on the

660  
00:25:41,510 --> 00:25:38,000  
on the wednesday prior to the landing

661  
00:25:43,350 --> 00:25:41,520  
there was what looked like

662  
00:25:45,190 --> 00:25:43,360  
there was a what we call the ufo flap

663  
00:25:47,830 --> 00:25:45,200

over zimbabwe zambia i

664

00:25:48,549 --> 00:25:47,840

mentioned in the little clip you just

665

00:25:51,669 --> 00:25:48,559

spoke about

666

00:25:53,269 --> 00:25:51,679

you know lights in the sky yeah which

667

00:25:57,669 --> 00:25:53,279

preceded the whole event

668

00:26:00,310 --> 00:25:57,679

uh about two days before um

669

00:26:00,950 --> 00:26:00,320

and most people we thought it was

670

00:26:04,230 --> 00:26:00,960

probably

671

00:26:06,870 --> 00:26:04,240

uh breaking up of a satellite or some

672

00:26:07,430 --> 00:26:06,880

base degree coming through which which

673

00:26:09,710 --> 00:26:07,440

was

674

00:26:12,149 --> 00:26:09,720

breaking up and causing all this

675

00:26:14,710 --> 00:26:12,159

pyrotechnic effect in the sky

676

00:26:15,430 --> 00:26:14,720

sure i didn't see it myself but a lot of

677

00:26:18,470 --> 00:26:15,440

people

678

00:26:18,789 --> 00:26:18,480

in the region did see that and some of

679

00:26:20,630 --> 00:26:18,799

the

680

00:26:22,070 --> 00:26:20,640

reports were quite intriguing because

681

00:26:25,269 --> 00:26:22,080

they didn't sound

682

00:26:25,830 --> 00:26:25,279

like meteorites or satellite breaking up

683

00:26:28,230 --> 00:26:25,840

they were

684

00:26:29,190 --> 00:26:28,240

seem to be doing odd things and even i

685

00:26:31,909 --> 00:26:29,200

think in

686

00:26:32,630 --> 00:26:31,919

boulevard the southern town knobs and

687

00:26:35,269 --> 00:26:32,640

you know the

688

00:26:36,789 --> 00:26:35,279

next major town in zimbabwe in the

689

00:26:38,390 --> 00:26:36,799

southern part of the country they

690

00:26:40,789 --> 00:26:38,400

i think the fire brigade was called out

691

00:26:43,350 --> 00:26:40,799

because they thought it was actually a

692

00:26:45,350 --> 00:26:43,360

aircraft coming down you know wow and

693

00:26:48,310 --> 00:26:45,360

were any of the reports from um

694

00:26:49,590 --> 00:26:48,320

i think it was reported that some

695

00:26:51,029 --> 00:26:49,600

aircraft saw the

696

00:26:52,710 --> 00:26:51,039

the lights as well did you see any

697

00:26:54,710 --> 00:26:52,720

reports from pilots because

698

00:26:56,710 --> 00:26:54,720

that vantage point would probably be you

699

00:26:58,470 --> 00:26:56,720

know interesting to see

700

00:26:59,750 --> 00:26:58,480

i mean i didn't i didn't get those

701  
00:27:03,110 --> 00:26:59,760  
reports

702  
00:27:06,390 --> 00:27:03,120  
from the pilots itself but

703  
00:27:10,149 --> 00:27:06,400  
um in terms of the case

704  
00:27:11,750 --> 00:27:10,159  
even the the night after the landing

705  
00:27:13,590 --> 00:27:11,760  
near the school

706  
00:27:15,350 --> 00:27:13,600  
apparently someone was driving on the

707  
00:27:16,549 --> 00:27:15,360  
roads near the school there they were

708  
00:27:19,510 --> 00:27:16,559  
coming from the school

709  
00:27:21,750 --> 00:27:19,520  
in the evening about eight o'clock in

710  
00:27:24,310 --> 00:27:21,760  
that region it's quite dark

711  
00:27:26,230 --> 00:27:24,320  
and they they describe the scene like

712  
00:27:27,029 --> 00:27:26,240  
dead people on walking towards them on

713  
00:27:28,950 --> 00:27:27,039

the road

714

00:27:31,350 --> 00:27:28,960

because you know it's just white here

715

00:27:33,029 --> 00:27:31,360

you know white head with these big guys

716

00:27:34,470 --> 00:27:33,039

you know standing on the road and they

717

00:27:36,789 --> 00:27:34,480

crashed so

718

00:27:37,510 --> 00:27:36,799

and knocked unconscious so the guy was

719

00:27:39,269 --> 00:27:37,520

he didn't

720

00:27:40,870 --> 00:27:39,279

remember how long he was unconscious but

721

00:27:43,830 --> 00:27:40,880

when he came round he

722

00:27:44,310 --> 00:27:43,840

he ran back to the school wow and of

723

00:27:47,430 --> 00:27:44,320

course

724

00:27:48,070 --> 00:27:47,440

in zimbabwe they have this mythology

725

00:27:50,389 --> 00:27:48,080

called the

726  
00:27:51,269 --> 00:27:50,399  
topologies you know in their local

727  
00:27:53,430 --> 00:27:51,279  
culture

728  
00:27:54,630 --> 00:27:53,440  
right yeah and the docus are like little

729  
00:27:56,549 --> 00:27:54,640  
creatures

730  
00:27:59,909 --> 00:27:56,559  
that can come into your house and they

731  
00:28:01,909 --> 00:27:59,919  
do all kinds of mischief or they

732  
00:28:04,470 --> 00:28:01,919  
you know it's part of the local

733  
00:28:07,029 --> 00:28:04,480  
superstition there you know sure oh

734  
00:28:07,990 --> 00:28:07,039  
some of the kids local kids in the

735  
00:28:10,950 --> 00:28:08,000  
school were

736  
00:28:11,990 --> 00:28:10,960  
attributing the aliens to the topologies

737  
00:28:15,430 --> 00:28:12,000  
wow okay

738  
00:28:18,149 --> 00:28:15,440

so you can see how that

739

00:28:19,830 --> 00:28:18,159

culture also affects what they were

740

00:28:22,870 --> 00:28:19,840

translating what they were seeing

741

00:28:26,310 --> 00:28:22,880

you know yeah i mean and then

742

00:28:29,669 --> 00:28:26,320

obviously later on john mack came over

743

00:28:31,029 --> 00:28:29,679

and interviewed the kids and i'm sure a

744

00:28:31,990 --> 00:28:31,039

lot of you have seen some of those

745

00:28:34,230 --> 00:28:32,000

interviews

746

00:28:35,190 --> 00:28:34,240

uh that he did which were absolutely

747

00:28:37,590 --> 00:28:35,200

fascinating

748

00:28:39,190 --> 00:28:37,600

yeah absolutely um from his point of

749

00:28:42,389 --> 00:28:39,200

view did you meet him

750

00:28:45,430 --> 00:28:42,399

yes i met him i went out with

751

00:28:46,870 --> 00:28:45,440

i actually went out with him

752

00:28:48,310 --> 00:28:46,880

when they were interviewing the kids so

753

00:28:50,549 --> 00:28:48,320

i was actually sitting in the room while

754

00:28:53,590 --> 00:28:50,559

he was interviewing them wow so that was

755

00:28:55,830 --> 00:28:53,600

absolutely you know a privilege a big

756

00:28:58,630 --> 00:28:55,840

fan of big fan of his work i mean

757

00:29:00,710 --> 00:28:58,640

that's impressive man and i even had we

758

00:29:02,710 --> 00:29:00,720

had dinner with him later as well so

759

00:29:05,669 --> 00:29:02,720

we were discussing on the table and i

760

00:29:07,990 --> 00:29:05,679

gave him this year

761

00:29:09,269 --> 00:29:08,000

a drawing from the descriptions the kids

762

00:29:11,510 --> 00:29:09,279

did

763

00:29:13,750 --> 00:29:11,520

right okay this is actually his notes

764

00:29:17,110 --> 00:29:13,760

here because this is a copy so i've

765

00:29:18,870 --> 00:29:17,120

he had the original that i drew for him

766

00:29:20,310 --> 00:29:18,880

um because a lot of the kids were saying

767

00:29:21,990 --> 00:29:20,320

they saw this thing with

768

00:29:24,310 --> 00:29:22,000

hair you know it looked like hair on

769

00:29:25,590 --> 00:29:24,320

them so

770

00:29:27,350 --> 00:29:25,600

which was him seeing which was

771

00:29:29,990 --> 00:29:27,360

interesting mostly you just

772

00:29:30,389 --> 00:29:30,000

hear people just talking about you know

773

00:29:33,190 --> 00:29:30,399

just

774

00:29:33,510 --> 00:29:33,200

the big head and the big eyes yeah and

775

00:29:35,029 --> 00:29:33,520

so

776

00:29:37,510 --> 00:29:35,039

but they were talking well the kids were

777

00:29:41,029 --> 00:29:37,520

talking with hair for some reason

778

00:29:43,830 --> 00:29:41,039

and this tight tight-fitting outfit

779

00:29:45,669 --> 00:29:43,840

right yeah yeah like a space like a

780

00:29:47,590 --> 00:29:45,679

spacesuit almost i think yeah they

781

00:29:48,950 --> 00:29:47,600

like this either like a space well they

782

00:29:50,630 --> 00:29:48,960

didn't even know us basically they were

783

00:29:54,630 --> 00:29:50,640

calling like diver suits or

784

00:29:56,789 --> 00:29:54,640

tight sure of course yeah wow

785

00:29:58,230 --> 00:29:56,799

so yeah amazing amazing i mean i still

786

00:29:59,190 --> 00:29:58,240

get goosebumps when i think about the

787

00:30:02,149 --> 00:29:59,200

case

788

00:30:04,149 --> 00:30:02,159

i can imagine i mean i'm trying to put

789

00:30:07,430 --> 00:30:04,159

myself in your shoes just the way you

790

00:30:10,149 --> 00:30:07,440

explained it in such details and

791

00:30:11,190 --> 00:30:10,159

yeah yeah i mean i suppose back then you

792

00:30:12,630 --> 00:30:11,200

didn't know that this was going to be

793

00:30:13,510 --> 00:30:12,640

something you'd still be talking about

794

00:30:17,029 --> 00:30:13,520

you know

795

00:30:19,909 --> 00:30:17,039

25 odd years later i mean i i only

796

00:30:20,630 --> 00:30:19,919

was with cynthia maybe two years and

797

00:30:23,110 --> 00:30:20,640

then this

798

00:30:23,750 --> 00:30:23,120

major case just literally dropped on our

799

00:30:26,389 --> 00:30:23,760

doorstep

800

00:30:28,389 --> 00:30:26,399

you know which is about 22 kilometers

801

00:30:32,070 --> 00:30:28,399

out of harare so it's really

802

00:30:34,389 --> 00:30:32,080

not far away from the city yeah

803

00:30:35,269 --> 00:30:34,399

but still rural in zimbabwe's terms you

804

00:30:37,750 --> 00:30:35,279

know because it's

805

00:30:39,430 --> 00:30:37,760

it's still when you got there it's in so

806

00:30:42,310 --> 00:30:39,440

far removed from

807

00:30:43,830 --> 00:30:42,320

anywhere really and did you hold on to

808

00:30:45,590 --> 00:30:43,840

many of the documents and files and

809

00:30:47,430 --> 00:30:45,600

stuff from the reports or did cynthia

810

00:30:50,950 --> 00:30:47,440

have all of that after the fact

811

00:30:54,470 --> 00:30:50,960

yeah we i had all the documents

812

00:30:55,190 --> 00:30:54,480

and it's all been archived for longevity

813

00:30:59,029 --> 00:30:55,200

now

814

00:31:01,509 --> 00:30:59,039

no so there's a

815

00:31:02,470 --> 00:31:01,519

swedish company that's storing all the

816

00:31:05,509 --> 00:31:02,480

documents

817

00:31:08,310 --> 00:31:05,519

they can be for

818

00:31:09,110 --> 00:31:08,320

posterity really so anyone can get into

819

00:31:12,070 --> 00:31:09,120

them

820

00:31:12,950 --> 00:31:12,080

in future dates and you know get the

821

00:31:14,950 --> 00:31:12,960

data and is that

822

00:31:16,230 --> 00:31:14,960

accessible by the for the general public

823

00:31:18,310 --> 00:31:16,240

as well

824

00:31:19,990 --> 00:31:18,320

i'm not sure if it's genuinely

825

00:31:20,389 --> 00:31:20,000

accessible to the public at the moment

826

00:31:22,710 --> 00:31:20,399

but

827

00:31:23,750 --> 00:31:22,720

i can find out for you i'd be very

828

00:31:26,630 --> 00:31:23,760

interested in seeing

829

00:31:28,549 --> 00:31:26,640

those documents so yeah at some point in

830

00:31:31,669 --> 00:31:28,559

the future if you don't mind

831

00:31:31,990 --> 00:31:31,679

um so how did you feel i mean you we had

832

00:31:34,310 --> 00:31:32,000

a little

833

00:31:35,110 --> 00:31:34,320

brief chat before we we came on live and

834

00:31:36,710 --> 00:31:35,120

you said that you

835

00:31:38,230 --> 00:31:36,720

you know you you read about this the

836

00:31:41,509 --> 00:31:38,240

subject still and

837

00:31:43,509 --> 00:31:41,519

let's talk about um did you see

838

00:31:46,070 --> 00:31:43,519

the phenomenon the documentary by james

839

00:31:48,230 --> 00:31:46,080

fox uh i think it was 2018.

840

00:31:49,430 --> 00:31:48,240

how did that make you feel seeing the

841

00:31:51,590 --> 00:31:49,440

case being brought up

842

00:31:52,789 --> 00:31:51,600

back into the limelight as well did that

843

00:31:55,350 --> 00:31:52,799

just i mean

844

00:31:56,310 --> 00:31:55,360

to be honest i never thought the case

845

00:32:00,630 --> 00:31:56,320

would grow

846

00:32:02,950 --> 00:32:00,640

as it has now especially in the last

847

00:32:03,909 --> 00:32:02,960

couple of years really since yeah

848

00:32:07,830 --> 00:32:03,919

actually since

849

00:32:09,350 --> 00:32:07,840

the a tip with alezondo and all those

850

00:32:10,149 --> 00:32:09,360

people coming up suddenly there's just

851  
00:32:12,230 --> 00:32:10,159  
been

852  
00:32:13,750 --> 00:32:12,240  
a boom in this and a lot of people funny

853  
00:32:15,590 --> 00:32:13,760  
enough have been asking dude do you know

854  
00:32:16,950 --> 00:32:15,600  
about the school at ariel and he said

855  
00:32:19,590 --> 00:32:16,960  
yes

856  
00:32:20,470 --> 00:32:19,600  
and they said what do you think of why

857  
00:32:22,389 --> 00:32:20,480  
they appeared there

858  
00:32:23,590 --> 00:32:22,399  
you know and you said do you know

859  
00:32:26,830 --> 00:32:23,600  
there's um

860  
00:32:29,909 --> 00:32:26,840  
a uranium mine not far away because i

861  
00:32:32,870 --> 00:32:29,919  
associating um these crafts with

862  
00:32:34,470 --> 00:32:32,880  
nuclear obviously with his military

863  
00:32:35,350 --> 00:32:34,480

background i think that's where he goes

864

00:32:37,909 --> 00:32:35,360

you know with that

865

00:32:39,590 --> 00:32:37,919

yeah i tried looking that up online and

866

00:32:41,269 --> 00:32:39,600

i couldn't find anything to suggest

867

00:32:42,630 --> 00:32:41,279

there was a uranium mine nearby can you

868

00:32:45,830 --> 00:32:42,640

confirm that there was

869

00:32:47,750 --> 00:32:45,840

there is there is a uranium mine

870

00:32:49,909 --> 00:32:47,760

uh but it's not like it's right there

871

00:32:51,029 --> 00:32:49,919

it's like a little bit of a distance

872

00:32:53,990 --> 00:32:51,039

away from me but

873

00:32:54,389 --> 00:32:54,000

in terms of scale it's very close you

874

00:32:57,350 --> 00:32:54,399

know

875

00:32:58,630 --> 00:32:57,360

i'll have to if you could because i

876

00:33:00,230 --> 00:32:58,640

literally just couldn't

877

00:33:02,230 --> 00:33:00,240

i mean then i was looking i was like oh

878

00:33:04,230 --> 00:33:02,240

hang on a minute this was 94 maybe

879

00:33:05,830 --> 00:33:04,240

it was been and gone so i was then

880

00:33:07,590 --> 00:33:05,840

trying to dive back into historic

881

00:33:10,230 --> 00:33:07,600

records from

882

00:33:11,830 --> 00:33:10,240

from zimbabwe and i just i just couldn't

883

00:33:12,230 --> 00:33:11,840

find anything i was really frustrated

884

00:33:14,310 --> 00:33:12,240

because

885

00:33:15,830 --> 00:33:14,320

i wanted to make that connection you

886

00:33:16,310 --> 00:33:15,840

know and prove that what lou was saying

887

00:33:17,990 --> 00:33:16,320

was

888

00:33:19,669 --> 00:33:18,000

you know had some validity to it so

889

00:33:21,269 --> 00:33:19,679

thank you i'd love to

890

00:33:23,190 --> 00:33:21,279

love any any information you can provide

891

00:33:24,630 --> 00:33:23,200

yeah i'll try and i'll try and dig that

892

00:33:27,990 --> 00:33:24,640

up for you as well

893

00:33:30,310 --> 00:33:28,000

and also if anyone wants to

894

00:33:31,669 --> 00:33:30,320

read cynthia's booklets the year for

895

00:33:35,669 --> 00:33:31,679

africa's

896

00:33:38,149 --> 00:33:35,679

little booklets i've created a website

897

00:33:39,909 --> 00:33:38,159

dedicated to it basically and i've put

898

00:33:40,230 --> 00:33:39,919

all her booklets there there's about i

899

00:33:43,430 --> 00:33:40,240

think

900

00:33:45,830 --> 00:33:43,440

21 of them so there's pdfs on there

901  
00:33:49,190 --> 00:33:45,840  
which anyone can read from

902  
00:33:53,750 --> 00:33:49,200  
on there i think booklets 12

903  
00:33:55,590 --> 00:33:53,760  
and 13 should have aerial school

904  
00:33:57,590 --> 00:33:55,600  
information in there for those who want

905  
00:33:59,669 --> 00:33:57,600  
to have a read through that

906  
00:34:01,430 --> 00:33:59,679  
as well of course if you actually after

907  
00:34:01,990 --> 00:34:01,440  
this is finished if you want to send me

908  
00:34:03,750 --> 00:34:02,000  
the link

909  
00:34:06,149 --> 00:34:03,760  
i can pop it in the description of this

910  
00:34:07,269 --> 00:34:06,159  
video so whoever wants to to go in can

911  
00:34:09,190 --> 00:34:07,279  
can do that and

912  
00:34:11,430 --> 00:34:09,200  
i mean that's incredible thank you so

913  
00:34:14,149 --> 00:34:11,440

much um

914

00:34:15,750 --> 00:34:14,159

just sticking with the case obviously um

915

00:34:17,589 --> 00:34:15,760

did you ever get back in touch with any

916

00:34:21,030 --> 00:34:17,599

of the kids now that they're older or

917

00:34:22,629 --> 00:34:21,040

speak to them since yes um

918

00:34:25,909 --> 00:34:22,639

funny enough today one of the kids

919

00:34:29,430 --> 00:34:27,750

and i was laughing to myself because i'm

920

00:34:31,510 --> 00:34:29,440

sure it's him for ryan

921

00:34:34,230 --> 00:34:31,520

in this picture but he's a much bigger

922

00:34:37,270 --> 00:34:34,240

guy now

923

00:34:39,510 --> 00:34:37,280

and um he was just text

924

00:34:40,710 --> 00:34:39,520

you know send me a message on instagram

925

00:34:42,389 --> 00:34:40,720

message uh

926

00:34:44,869 --> 00:34:42,399

you know saying hello do you remember me

927

00:34:47,190 --> 00:34:44,879

i was part of the you know the sighting

928

00:34:47,990 --> 00:34:47,200

that happened in ariel i said oh yeah

929

00:34:50,310 --> 00:34:48,000

that's fantastic

930

00:34:51,829 --> 00:34:50,320

we'll have to talk sometime you know

931

00:34:53,510 --> 00:34:51,839

that's incredible man

932

00:34:55,030 --> 00:34:53,520

yeah i have i have spoken some of the

933

00:34:58,230 --> 00:34:55,040

kids and also lisa

934

00:34:58,950 --> 00:34:58,240

who drew that ufo craft that looks like

935

00:35:01,349 --> 00:34:58,960

a dome

936

00:35:03,430 --> 00:35:01,359

and you see the aliens next to it yeah

937

00:35:04,150 --> 00:35:03,440

she's i'm in contact with you as well i

938

00:35:07,510 --> 00:35:04,160

haven't

939

00:35:10,550 --> 00:35:07,520

spoken to her uh face to face

940

00:35:12,310 --> 00:35:10,560

we just uh spoke on facebook you know

941

00:35:15,030 --> 00:35:12,320

because of the lockdown no one can

942

00:35:18,230 --> 00:35:15,040

really see each other you know

943

00:35:19,750 --> 00:35:18,240

no of course it's fast oh maybe we

944

00:35:21,430 --> 00:35:19,760

should do this again except next time

945

00:35:22,630 --> 00:35:21,440

you can invite your uh your friends in

946

00:35:24,230 --> 00:35:22,640

and we can get

947

00:35:26,069 --> 00:35:24,240

different viewpoints i think that would

948

00:35:28,470 --> 00:35:26,079

be absolutely amazing so

949

00:35:30,230 --> 00:35:28,480

um yeah i think um they got the the best

950

00:35:31,910 --> 00:35:30,240

part of the story

951  
00:35:33,750 --> 00:35:31,920  
yeah i mean i mean the fact that you

952  
00:35:35,990 --> 00:35:33,760  
were there is is huge

953  
00:35:37,829 --> 00:35:36,000  
um like i've said to you already i'm so

954  
00:35:41,109 --> 00:35:37,839  
grateful that you were able to join us

955  
00:35:42,790 --> 00:35:41,119  
um thank you so much i won't keep you

956  
00:35:44,390 --> 00:35:42,800  
any longer i've asked all my questions

957  
00:35:44,870 --> 00:35:44,400  
and i would love it if we could do this

958  
00:35:46,630 --> 00:35:44,880  
again

959  
00:35:47,910 --> 00:35:46,640  
get a few of you of the witnesses in

960  
00:35:50,390 --> 00:35:47,920  
alongside you

961  
00:35:52,150 --> 00:35:50,400  
um and yeah thank you so much guns i

962  
00:35:54,150 --> 00:35:52,160  
really appreciate it it's been

963  
00:35:55,670 --> 00:35:54,160

it's been incredible it's a real

964

00:35:56,710 --> 00:35:55,680

pleasure vinnie and thank you for

965

00:35:58,310 --> 00:35:56,720

inviting me

966

00:35:59,990 --> 00:35:58,320

hey no problem and we'll stay in touch

967

00:36:02,230 --> 00:36:00,000

as well i'd like to uh

968

00:36:03,750 --> 00:36:02,240

you know do that all right then well

969

00:36:04,230 --> 00:36:03,760

listen you uh enjoy the rest of your

970

00:36:07,349 --> 00:36:04,240

evening

971

00:36:08,150 --> 00:36:07,359

and uh we'll speak soon thank you okay

972

00:36:12,230 --> 00:36:08,160

take care

973

00:36:15,430 --> 00:36:12,240

bye bye

974

00:36:17,030 --> 00:36:15,440

wow guys that was incredible um

975

00:36:18,870 --> 00:36:17,040

to hear the facts and the smaller

976

00:36:21,910 --> 00:36:18,880

details from someone that was there

977

00:36:23,270 --> 00:36:21,920

you know on this incredible case these

978

00:36:25,670 --> 00:36:23,280

mass sighting cases

979

00:36:26,550 --> 00:36:25,680

are you know up there with the best and

980

00:36:28,310 --> 00:36:26,560

ones that involve

981

00:36:29,829 --> 00:36:28,320

children who are so pure and innocent

982

00:36:31,589 --> 00:36:29,839

who aren't in it

983

00:36:33,270 --> 00:36:31,599

to tell lies and things like that this

984

00:36:34,390 --> 00:36:33,280

is why it's one of my favorite cases of

985

00:36:37,349 --> 00:36:34,400

all time but

986

00:36:38,790 --> 00:36:37,359

guys thank you so much for joining me um

987

00:36:39,990 --> 00:36:38,800

i think this is my last interview now

988

00:36:42,069 --> 00:36:40,000

for about a week or so

989

00:36:43,030 --> 00:36:42,079

i've got a little short family vacation

990

00:36:44,710 --> 00:36:43,040

planned

991

00:36:46,230 --> 00:36:44,720

it's been a busy couple of weeks that's

992

00:36:47,510 --> 00:36:46,240

for sure but i wanted to say thank you

993

00:36:49,750 --> 00:36:47,520

all again

994

00:36:50,710 --> 00:36:49,760

for all the support across all of my

995

00:36:54,310 --> 00:36:50,720

platforms the

996

00:36:56,069 --> 00:36:54,320

uh instagram twitter youtube um

997

00:36:57,990 --> 00:36:56,079

one thing i have got going on and how

998

00:36:59,670 --> 00:36:58,000

could i forget about this tomorrow on my

999

00:37:00,630 --> 00:36:59,680

other youtube channel the max and vinnie

1000

00:37:02,950 --> 00:37:00,640

uap show

1001

00:37:04,069 --> 00:37:02,960

we're doing a uk special looking at

1002

00:37:06,069 --> 00:37:04,079

cases from

1003

00:37:09,190 --> 00:37:06,079

over time throughout the uk we will be

1004

00:37:11,510 --> 00:37:09,200

joined by mr nick pope former mod

1005

00:37:12,790 --> 00:37:11,520

employee on the ufo desk there so yeah

1006

00:37:14,870 --> 00:37:12,800

if you head over to my instagram all the

1007

00:37:16,310 --> 00:37:14,880

details are there you can go and

1008

00:37:18,470 --> 00:37:16,320

get ready for that tomorrow night but

1009

00:37:19,030 --> 00:37:18,480

yeah for now guys enjoy the rest of your
