tonight we have a very very special

9
00:00:21,750 --> 00:00:18,960
panel discussion

10
00:00:22,950 --> 00:00:21,760
with some of my favorite people in this

11
00:00:26,470 --> 00:00:22,960
subject

12
00:00:28,950 --> 00:00:26,480
from uap media uk we have

13
00:00:29,990 --> 00:00:28,960

dave partridge from shadows of your mind

14

00:00:33,910 --> 00:00:30,000

magazine we have

15

00:00:35,350 --> 00:00:33,920

16

00:00:36,950 --> 00:00:35,360

welcome cheering for dave for the

17

00:00:37,990 --> 00:00:36,960

channel now listen we might be moving

18

00:00:39,750 --> 00:00:38,000

our microphone

19

00:00:41,030 --> 00:00:39,760

microphone around a bit but i just want

20

00:00:41,510 --> 00:00:41,040

to make sure that you guys can hear us

21

00:00:43,270 --> 00:00:41,520

but

22

00:00:45,270 --> 00:00:43,280

thank you so much for joining us tonight

23

00:00:48,869 --> 00:00:45,280

it means the world to me

24

00:00:51,029 --> 00:00:48,879

so it's a pleasure to be honest

25

00:00:53,110 --> 00:00:51,039

i can actually say i am fanboying out a

26
00:00:54,950 --> 00:00:53,120
little bit right now because me too

27
00:00:56,389 --> 00:00:54,960
i've been following you both of you guys

28
00:00:58,950 --> 00:00:56,399
work for some time

29
00:01:00,950 --> 00:00:58,960
dave your magazine um we just spoke

30
00:01:01,670 --> 00:01:00,960
off-screen it reminds me of my days in

31
00:01:03,590 --> 00:01:01,680
the 90s

32
00:01:05,910 --> 00:01:03,600
um reading skateboard magazines and

33
00:01:07,670 --> 00:01:05,920
stuff and it gives me that vibe of

34
00:01:09,429 --> 00:01:07,680
this is where i go for my information

35
00:01:13,030 --> 00:01:09,439
and my interviews and stuff

36
00:01:16,630 --> 00:01:13,040
dan we have spoken before but you are

37
00:01:19,990 --> 00:01:16,640
one of the purest souls in this subject

38
00:01:21,830 --> 00:01:20,000

like so yeah every time i even get an

39

00:01:24,310 --> 00:01:21,840

opportunity to speak to you it is

40

00:01:26,390 --> 00:01:24,320

nothing but a pleasure so thank you both

41

00:01:29,190 --> 00:01:26,400

for joining us tonight and

42

00:01:30,710 --> 00:01:29,200

josh is here visiting me and said we got

43

00:01:34,069 --> 00:01:30,720

a full uk

44

00:01:36,630 --> 00:01:34,079

panel going on so thank you

45

00:01:38,710 --> 00:01:36,640

thank you thank you for having us um i i

46

00:01:39,990 --> 00:01:38,720

will say as well that i messaged andy

47

00:01:41,830 --> 00:01:40,000

just to make sure that he

48

00:01:44,310 --> 00:01:41,840

he didn't have like a spare 10 minutes

49

00:01:47,270 --> 00:01:44,320

and he's looking after a baby

50

00:01:48,389 --> 00:01:47,280

so in the interest of you know keeping

51

00:01:50,069 --> 00:01:48,399

it alive and stuff

52

00:01:51,670 --> 00:01:50,079

he's going to focus on that but he sends

53

00:01:53,830 --> 00:01:51,680

his regards and

54

00:01:55,190 --> 00:01:53,840

said that he would uh he would come on

55

00:01:58,630 --> 00:01:55,200

any other time

56

00:02:00,230 --> 00:01:58,640

that is so good of you i am

57

00:02:01,910 --> 00:02:00,240

scared a little bit of only because he

58

00:02:04,870 --> 00:02:01,920

does such a good job

59

00:02:06,550 --> 00:02:04,880

like he is again you guys again are that

60

00:02:11,350 --> 00:02:06,560

next level that i

61

00:02:13,110 --> 00:02:11,360

aspire to um andy i just i i i i admit

62

00:02:15,110 --> 00:02:13,120

i'm genuinely scared for the work that

63

00:02:17,430 --> 00:02:15,120

that guy does like i am not even close

64

00:02:19,270 --> 00:02:17,440

to that level so i apologize to andy for

65

00:02:21,670 --> 00:02:19,280

not reaching out

66

00:02:22,710 --> 00:02:21,680

but i thank you dan for reaching out on

67

00:02:25,190 --> 00:02:22,720

my behalf

68

00:02:26,070 --> 00:02:25,200

i would love to have the full uap media

69

00:02:28,390 --> 00:02:26,080

uk team

70

00:02:30,470 --> 00:02:28,400

here for a discussion so maybe in the

71

00:02:32,470 --> 00:02:30,480

future we can do that but i think we may

72

00:02:33,910 --> 00:02:32,480

also be joined right now with uh mr

73

00:02:35,750 --> 00:02:33,920

graham rendell

74

00:02:37,270 --> 00:02:35,760

graham can you hear us yeah can can you

75

00:02:39,430 --> 00:02:37,280

hear me now yeah

76

00:02:40,869 --> 00:02:39,440

you loud and clear i'm sorry it's having

77

00:02:41,670 --> 00:02:40,879

some connection problems i live out in

78

00:02:44,390 --> 00:02:41,680

the country so

79

00:02:47,430 --> 00:02:44,400

uh things aren't exactly uh exactly

80

00:02:48,710 --> 00:02:47,440

great in terms of modern technology

81

00:02:56,869 --> 00:02:48,720

we're still using that we still have

82

00:03:01,270 --> 00:02:59,670

i'm personally a big fan so thank you

83

00:03:03,589 --> 00:03:01,280

pleasure no we we're just saying right

84

00:03:04,070 --> 00:03:03,599

then to dave and dan like and myself we

85

00:03:13,750 --> 00:03:04,080

i

86

00:03:14,550 --> 00:03:13,760

research to put myself out on a platform

87

00:03:16,869 --> 00:03:14,560

and

88

00:03:18,309 --> 00:03:16,879

you know put myself into this community

89

00:03:20,869 --> 00:03:18,319

you were the guys that

90

00:03:22,470 --> 00:03:20,879

were on my radar and now i'm getting the

91

00:03:24,149 --> 00:03:22,480

opportunity to speak to you guys and

92

00:03:25,430 --> 00:03:24,159

have personal contact with

93

00:03:27,190 --> 00:03:25,440

i cannot thank you enough for the work

94

00:03:28,710 --> 00:03:27,200

that you've done in inspiring me for

95

00:03:29,670 --> 00:03:28,720

where i go from here do you know what i

96

00:03:32,229 --> 00:03:29,680

mean so

97

00:03:34,070 --> 00:03:32,239

thank you all so much um and this

98

00:03:36,229 --> 00:03:34,080

conversation tonight

99

00:03:37,350 --> 00:03:36,239

can go anywhere there's no preconceived

100

00:03:39,430 --> 00:03:37,360

notions there's no

101
00:03:40,710 --> 00:03:39,440
agendas i've got questions for all of

102
00:03:43,270 --> 00:03:40,720
you but it

103
00:03:44,949 --> 00:03:43,280
let's just flow with it so has anyone

104
00:03:46,070 --> 00:03:44,959
got has anyone got anything they want to

105
00:03:49,430 --> 00:03:46,080
want to start off well

106
00:03:53,190 --> 00:03:49,440
i did want to say that um bizarrely

107
00:03:55,990 --> 00:03:53,200
if it hadn't been for um the lockdown

108
00:03:57,910 --> 00:03:56,000
at the start of last year then um uap

109
00:04:00,949 --> 00:03:57,920
media uk wouldn't exist

110
00:04:02,470 --> 00:04:00,959
wow and shadows of your mind wouldn't

111
00:04:04,390 --> 00:04:02,480
have come back

112
00:04:05,670 --> 00:04:04,400
wow so bizarrely because we all had

113
00:04:08,390 --> 00:04:05,680

nothing else to do

114

00:04:08,869 --> 00:04:08,400

yeah uh when we just board off our tits

115

00:04:11,589 --> 00:04:08,879

just

116

00:04:13,509 --> 00:04:11,599

i need to you know that's it come back

117

00:04:17,030 --> 00:04:13,519

into it and see what happens

118

00:04:20,310 --> 00:04:18,629

the inspiration behind it and was

119

00:04:21,270 --> 00:04:20,320

covered kind of like the kickstarter

120

00:04:23,350 --> 00:04:21,280

then to

121

00:04:25,270 --> 00:04:23,360

start this movement often is that what

122

00:04:28,230 --> 00:04:25,280

what you wanted to do

123

00:04:29,430 --> 00:04:28,240

no i think it was seen another um scotsy

124

00:04:31,830 --> 00:04:29,440

wearing story

125

00:04:32,870 --> 00:04:31,840

in the daily express or the downhill you

126

00:04:35,909 --> 00:04:32,880

know just

127

00:04:38,230 --> 00:04:35,919

with him and his um rock paintings on

128

00:04:40,790 --> 00:04:38,240

mars

129

00:04:43,830 --> 00:04:40,800

or shadows on shadows in antarctica that

130

00:04:45,990 --> 00:04:43,840

look like iron man

131

00:04:47,510 --> 00:04:46,000

yeah it was um andy and dan who actually

132

00:04:50,629 --> 00:04:47,520

kicked it all off

133

00:04:51,670 --> 00:04:50,639

right um and i'll leave dan to explain

134

00:04:55,030 --> 00:04:51,680

why

135

00:04:56,469 --> 00:04:55,040

go on dad go on well it's kind of like

136

00:04:58,790 --> 00:04:56,479

i don't know if you guys ever heard of

137

00:05:00,710 --> 00:04:58,800

the the chain of screaming

138

00:05:02,230 --> 00:05:00,720

where it's kind of like you know your

139

00:05:03,670 --> 00:05:02,240

boss in work will scream at you then you

140

00:05:05,270 --> 00:05:03,680

come home and you scream at your loved

141

00:05:06,550 --> 00:05:05,280

ones and then those loved ones scream at

142

00:05:07,189 --> 00:05:06,560

the dog and it's like this big chain of

143

00:05:08,950 --> 00:05:07,199

screaming

144

00:05:10,710 --> 00:05:08,960

this whole community is like this big

145

00:05:12,790 --> 00:05:10,720

chain of kind of

146

00:05:14,469 --> 00:05:12,800

buoyancy and helping each other because

147

00:05:16,710 --> 00:05:14,479

it was actually ryan sprague

148

00:05:17,909 --> 00:05:16,720

or sprague i always mix his name up you

149

00:05:19,749 --> 00:05:17,919

know i and

150

00:05:21,189 --> 00:05:19,759

i tried to learn it so many times i'd

151

00:05:23,350 --> 00:05:21,199

say ryan sprague

152

00:05:24,950 --> 00:05:23,360

yeah i think it's great yeah i'm going

153

00:05:26,310 --> 00:05:24,960

to say ryan i'm just going to stick with

154

00:05:31,990 --> 00:05:26,320

ryan

155

00:05:35,189 --> 00:05:32,000

because i i listened to

156

00:05:36,310 --> 00:05:35,199

ryan's work for ages and you know now

157

00:05:37,270 --> 00:05:36,320

it's awesome to be able to talk about

158

00:05:39,749 --> 00:05:37,280

him as a friend

159

00:05:40,790 --> 00:05:39,759

um but it was actually his conversations

160

00:05:43,029 --> 00:05:40,800

with the guys uh

161

00:05:43,830 --> 00:05:43,039

uh i think it's rogue planet um where

162

00:05:45,430 --> 00:05:43,840

they all kind of

163

00:05:46,870 --> 00:05:45,440

uh it's like jason mcallen and they

164

00:05:48,150 --> 00:05:46,880

occasionally have a few other people

165

00:05:50,629 --> 00:05:48,160

and they all kind of have their own

166

00:05:51,749 --> 00:05:50,639

thing but they kind of come together to

167

00:05:54,870 --> 00:05:51,759

form a kind of

168

00:05:56,309 --> 00:05:54,880

you know a a uap megazord and they have

169

00:05:58,070 --> 00:05:56,319

all these kind of different

170

00:05:59,590 --> 00:05:58,080

skills that they bring to the table and

171

00:06:00,950 --> 00:05:59,600

really different viewpoints as well you

172

00:06:01,670 --> 00:06:00,960

know you probably won't agree with all

173

00:06:03,909 --> 00:06:01,680

of them

174

00:06:04,710 --> 00:06:03,919

but together they they really do

175

00:06:06,629 --> 00:06:04,720

something that

176
00:06:08,790 --> 00:06:06,639
none of them could do on their own and

177
00:06:11,830 --> 00:06:08,800
that was kind of the the inspiration for

178
00:06:14,469 --> 00:06:11,840
for uap media yeah

179
00:06:15,909 --> 00:06:14,479
but i mean i could pick every one of you

180
00:06:18,309 --> 00:06:15,919
three guys out right now and start

181
00:06:21,830 --> 00:06:18,319
asking questions a million questions too

182
00:06:24,870 --> 00:06:21,840
i'm gonna almost roulette it and go

183
00:06:26,469 --> 00:06:24,880
go to graham randall graham uh and i

184
00:06:28,790 --> 00:06:26,479
suppose one of the reasons is that we've

185
00:06:30,390 --> 00:06:28,800
kind of almost crossed past a few times

186
00:06:32,629 --> 00:06:30,400
through shows that we've been on and

187
00:06:34,790 --> 00:06:32,639
stuff but behind the scenes

188
00:06:36,230 --> 00:06:34,800

like i've followed your work as well as

189

00:06:39,189 --> 00:06:36,240

everyone else's

190

00:06:41,510 --> 00:06:39,199

thoroughly absolutely thoroughly and i

191

00:06:43,110 --> 00:06:41,520

can honestly say that you've done

192

00:06:44,710 --> 00:06:43,120

you've helped me out through through

193

00:06:47,350 --> 00:06:44,720

work i've been doing and

194

00:06:49,350 --> 00:06:47,360

i think that do you mind if we touch on

195

00:06:50,870 --> 00:06:49,360

some of the older stuff as far as

196

00:06:53,029 --> 00:06:50,880

like world war ii and the foo fighters

197

00:06:54,790 --> 00:06:53,039

go because go ahead no i'm not happy

198

00:06:56,309 --> 00:06:54,800

for anything i feel like that stuff

199

00:06:57,749 --> 00:06:56,319

doesn't get talked about enough now

200

00:06:59,749 --> 00:06:57,759

because we're so focused on all the

201
00:07:02,350 --> 00:06:59,759
stuff that's happening right now with

202
00:07:05,110 --> 00:07:02,360
you know all the cases going from 2004

203
00:07:07,589 --> 00:07:05,120
2019 and stuff but

204
00:07:09,110 --> 00:07:07,599
can you start us off on just a little

205
00:07:10,870 --> 00:07:09,120
lead about

206
00:07:12,390 --> 00:07:10,880
your work in that in that field yeah

207
00:07:14,150 --> 00:07:12,400
sure thank you

208
00:07:15,510 --> 00:07:14,160
like everybody else i think people are

209
00:07:16,790 --> 00:07:15,520
looking for a niche that can

210
00:07:18,950 --> 00:07:16,800
not exploit but something they can

211
00:07:20,309 --> 00:07:18,960
actually get their teeth into um and

212
00:07:21,990 --> 00:07:20,319
something that they can be you know they

213
00:07:22,950 --> 00:07:22,000

can almost feel like they're relevant to

214

00:07:24,629 --> 00:07:22,960

the community

215

00:07:26,469 --> 00:07:24,639

because we see a lot of people sort of

216

00:07:28,550 --> 00:07:26,479

just like either feeding off each other

217

00:07:30,390 --> 00:07:28,560

or just parenting the same sort of stuff

218

00:07:31,430 --> 00:07:30,400

whereas you know you guys in disclosure

219

00:07:32,469 --> 00:07:31,440

team you're you're coming up with some

220

00:07:34,790 --> 00:07:32,479

really good work

221

00:07:37,110 --> 00:07:34,800

and everybody and everybody who i saw at

222

00:07:38,629 --> 00:07:37,120

uap media before i was invited to join

223

00:07:39,749 --> 00:07:38,639

we're doing exactly the same thing that

224

00:07:42,070 --> 00:07:39,759

we're coming out with some great

225

00:07:43,990 --> 00:07:42,080

great content and research and and you

226

00:07:46,070 --> 00:07:44,000

know people like andy doing the the um

227

00:07:47,430 --> 00:07:46,080

the podcast dave with the magazine and

228

00:07:49,270 --> 00:07:47,440

dan contributing to

229

00:07:50,950 --> 00:07:49,280

andy's podcast and all the stuff that

230

00:07:52,710 --> 00:07:50,960

adam's doing behind the scenes

231

00:07:54,070 --> 00:07:52,720

and i just thought you know it's

232

00:07:55,909 --> 00:07:54,080

difficult when you're on the outside

233

00:07:57,270 --> 00:07:55,919

sometimes to actually find out not a way

234

00:07:58,230 --> 00:07:57,280

into this sort of thing but just to

235

00:07:59,670 --> 00:07:58,240

become relevant

236

00:08:01,589 --> 00:07:59,680

otherwise you're either consuming the

237

00:08:03,189 --> 00:08:01,599

information or you're just

238

00:08:04,550 --> 00:08:03,199

sort of just floating around the outside

239

00:08:06,230 --> 00:08:04,560

not really doing anything not really

240

00:08:07,430 --> 00:08:06,240

contributing in a positive way

241

00:08:09,990 --> 00:08:07,440

but because i've got a sort of

242

00:08:12,629 --> 00:08:10,000

background in in kind of world war two

243

00:08:13,830 --> 00:08:12,639

like you know historical um information

244

00:08:15,350 --> 00:08:13,840

and looking at that and i've got

245

00:08:17,189 --> 00:08:15,360

obviously an interest in aviation that's

246

00:08:19,749 --> 00:08:17,199

gone back since i was four-year-old

247

00:08:20,629 --> 00:08:19,759

right and also this interest in ufos

248

00:08:22,869 --> 00:08:20,639

since i was about

249

00:08:23,749 --> 00:08:22,879

um eight or nine everything sort of

250

00:08:26,790 --> 00:08:23,759

coincided

251
00:08:28,790 --> 00:08:26,800
with foo fighters and i can't really i

252
00:08:30,390 --> 00:08:28,800
mean i have said different things

253
00:08:32,790 --> 00:08:30,400
different people about how it started it

254
00:08:33,350 --> 00:08:32,800
just sort of start in the same general

255
00:08:36,709 --> 00:08:33,360
area

256
00:08:39,670 --> 00:08:36,719
just when those things collided in 2017

257
00:08:41,110 --> 00:08:39,680
um and i felt i can find something here

258
00:08:42,949 --> 00:08:41,120
and it was just trying to find something

259
00:08:44,790 --> 00:08:42,959
that i could actually write about

260
00:08:46,550 --> 00:08:44,800
and i started writing about the aviation

261
00:08:49,910 --> 00:08:46,560
side of things for the debrief

262
00:08:52,470 --> 00:08:49,920
um i'll be not entirely ufo related

263
00:08:54,150 --> 00:08:52,480

and i did a few articles for them but

264

00:08:54,550 --> 00:08:54,160

all my all the other times i was looking

265

00:08:56,710 --> 00:08:54,560

for

266

00:08:58,070 --> 00:08:56,720

a kind of way to just to contribute

267

00:08:59,509 --> 00:08:58,080

where i wasn't just doing the same as

268

00:09:02,310 --> 00:08:59,519

everybody else was doing

269

00:09:02,710 --> 00:09:02,320

um and i pitched something to dave um

270

00:09:06,389 --> 00:09:02,720

last

271

00:09:07,829 --> 00:09:06,399

and we're talking the phone

272

00:09:10,710 --> 00:09:07,839

yeah that was like actually the calvin

273

00:09:14,470 --> 00:09:10,720

article what do you believe

274

00:09:17,990 --> 00:09:16,070

actually and it got held up what do you

275

00:09:19,910 --> 00:09:18,000

believe it got held over didn't it

276

00:09:22,870 --> 00:09:19,920

oh yeah i kept on the back burner for

277

00:09:25,430 --> 00:09:22,880

months yeah

278

00:09:26,310 --> 00:09:25,440

it could have gone out three ages ago um

279

00:09:28,150 --> 00:09:26,320

but for whatever

280

00:09:29,590 --> 00:09:28,160

you know various reasons it's been held

281

00:09:31,350 --> 00:09:29,600

over and held over so

282

00:09:33,030 --> 00:09:31,360

it's finally gone out so i'm pleased

283

00:09:34,470 --> 00:09:33,040

about that but obviously

284

00:09:35,910 --> 00:09:34,480

that was something i managed to get my

285

00:09:37,269 --> 00:09:35,920

teeth into and i could i could bring a

286

00:09:38,550 --> 00:09:37,279

little bit of knowledge you know that i

287

00:09:40,710 --> 00:09:38,560

had for that

288

00:09:41,829 --> 00:09:40,720

um but the foo fighters really was just

289

00:09:44,710 --> 00:09:41,839

as you say is

290

00:09:45,030 --> 00:09:44,720

it's a neglected part of the ufo sort of

291

00:09:47,350 --> 00:09:45,040

you know

292

00:09:48,550 --> 00:09:47,360

the of the the legend that's built up

293

00:09:50,630 --> 00:09:48,560

about what goes on

294

00:09:51,750 --> 00:09:50,640

and actually it was built on a myth as

295

00:09:53,509 --> 00:09:51,760

well because

296

00:09:55,030 --> 00:09:53,519

the more i looked at it the more i could

297

00:09:56,870 --> 00:09:55,040

tell that it was wrong

298

00:09:58,710 --> 00:09:56,880

that all this thing about it all starts

299

00:09:59,350 --> 00:09:58,720

in november 1944 well actually it

300

00:10:02,069 --> 00:09:59,360

doesn't

301
00:10:03,350 --> 00:10:02,079
it goes on much before that it goes back

302
00:10:06,630 --> 00:10:03,360
to 1940

303
00:10:09,269 --> 00:10:06,640
so um that was a story that i felt

304
00:10:09,829 --> 00:10:09,279
that nobody had told people have looked

305
00:10:11,430 --> 00:10:09,839
at it

306
00:10:12,870 --> 00:10:11,440
and there have been books in the past

307
00:10:15,990 --> 00:10:12,880
which have touched upon it

308
00:10:16,870 --> 00:10:16,000
but not um in the kind of depth i would

309
00:10:17,910 --> 00:10:16,880
have liked to see

310
00:10:20,069 --> 00:10:17,920
because you know when you read a book

311
00:10:20,949 --> 00:10:20,079
sometimes and you think they're missing

312
00:10:22,550 --> 00:10:20,959
something or

313
00:10:23,670 --> 00:10:22,560

this is not the book if i was going to

314

00:10:24,790 --> 00:10:23,680

write this book i think i might have

315

00:10:26,870 --> 00:10:24,800

included something more

316

00:10:28,150 --> 00:10:26,880

and yours finally you sometimes feel

317

00:10:29,590 --> 00:10:28,160

like you're a bit you know

318

00:10:31,590 --> 00:10:29,600

you're still lacking in something and

319

00:10:33,430 --> 00:10:31,600

you come away from a book thinking

320

00:10:35,190 --> 00:10:33,440

yeah there's a mis opportunity missed

321

00:10:35,750 --> 00:10:35,200

here that might sound arrogant jesus

322

00:10:40,389 --> 00:10:35,760

yeah

323

00:10:41,990 --> 00:10:40,399

rather than just write a book about

324

00:10:44,150 --> 00:10:42,000

encounters and about the

325

00:10:45,269 --> 00:10:44,160

the bare facts i've tried to weave a

326

00:10:47,750 --> 00:10:45,279

kind of

327

00:10:49,110 --> 00:10:47,760

a bit more knowledge into it to show why

328

00:10:51,350 --> 00:10:49,120

they can't be

329

00:10:52,790 --> 00:10:51,360

um german missile systems or german jet

330

00:10:54,069 --> 00:10:52,800

aircraft and all the rest of it i've

331

00:10:55,670 --> 00:10:54,079

tried to bring the knowledge i've got of

332

00:10:57,829 --> 00:10:55,680

those particular things

333

00:10:59,829 --> 00:10:57,839

into this narrative that i've basically

334

00:11:00,710 --> 00:10:59,839

set up to say that it started a lot

335

00:11:02,230 --> 00:11:00,720

earlier

336

00:11:03,910 --> 00:11:02,240

and it was much more widespread than

337

00:11:05,829 --> 00:11:03,920

people think from

338

00:11:07,110 --> 00:11:05,839

the books that they've read and and the

339

00:11:08,470 --> 00:11:07,120

magazine articles and the youtube

340

00:11:10,310 --> 00:11:08,480

channels and all the rest of it

341

00:11:12,470 --> 00:11:10,320

so yeah that's that's where i'm coming

342

00:11:14,069 --> 00:11:12,480

from basically that is incredible and

343

00:11:16,389 --> 00:11:14,079

that is exactly

344

00:11:17,750 --> 00:11:16,399

why i love you graeme and you know i've

345

00:11:18,630 --> 00:11:17,760

i've been following you for quite some

346

00:11:21,670 --> 00:11:18,640

time and

347

00:11:22,949 --> 00:11:21,680

i do feel that that subject gets um it

348

00:11:24,310 --> 00:11:22,959

gets looked at

349

00:11:25,829 --> 00:11:24,320

and they look at the foo fighters but

350

00:11:26,389 --> 00:11:25,839

like you said it just needs to go that

351
00:11:28,230 --> 00:11:26,399
little bit

352
00:11:29,750 --> 00:11:28,240
further beyond exactly and look into a

353
00:11:32,389 --> 00:11:29,760
little bit of the background like

354
00:11:33,590 --> 00:11:32,399
work out what's going on um behind that

355
00:11:35,269 --> 00:11:33,600
and um

356
00:11:37,110 --> 00:11:35,279
man i think we could talk about this for

357
00:11:40,790 --> 00:11:37,120
hours but

358
00:11:41,269 --> 00:11:40,800
uh let's move on to uh mr dave partridge

359
00:11:43,590 --> 00:11:41,279
dave

360
00:11:44,310 --> 00:11:43,600
thank you so much for agreeing to join

361
00:11:47,509 --> 00:11:44,320
me as well

362
00:11:49,110 --> 00:11:47,519
because i have um

363
00:11:52,069 --> 00:11:49,120

i picked up on the magazine probably

364

00:11:53,350 --> 00:11:52,079

before i was aware of uap media uk

365

00:11:55,990 --> 00:11:53,360

i'm the same as well and it was

366

00:11:57,509 --> 00:11:56,000

something that that i'd been missing

367

00:11:58,949 --> 00:11:57,519

because um even though it may be

368

00:12:01,110 --> 00:11:58,959

something online i was flicking through

369

00:12:02,470 --> 00:12:01,120

it like i felt like i was

370

00:12:04,069 --> 00:12:02,480

a teenager again looking through a

371

00:12:06,069 --> 00:12:04,079

glossy magazine that gave me the

372

00:12:08,790 --> 00:12:06,079

information that i needed every month or

373

00:12:10,870 --> 00:12:08,800

every few months or whatever it is but

374

00:12:11,910 --> 00:12:10,880

how do you how did you find that that

375

00:12:15,670 --> 00:12:11,920

worked or

376

00:12:17,509 --> 00:12:15,680

um contributed when you're dealing with

377

00:12:18,710 --> 00:12:17,519

the fact that it's not in print it's in

378

00:12:21,190 --> 00:12:18,720

in in a

379

00:12:23,110 --> 00:12:21,200

in like a virtual format that it really

380

00:12:25,590 --> 00:12:23,120

is competitive or maybe not competitive

381

00:12:28,310 --> 00:12:25,600

but no one else is doing it

382

00:12:31,590 --> 00:12:28,320

um well the only reason it is digital is

383

00:12:33,910 --> 00:12:31,600

because i can't afford to print it

384

00:12:35,110 --> 00:12:33,920

but it could it could be something huge

385

00:12:38,470 --> 00:12:35,120

makes a lot of sense when

386

00:12:40,150 --> 00:12:38,480

you say it yeah um yeah you know

387

00:12:41,990 --> 00:12:40,160

it's not a full-time thing it's a

388

00:12:44,310 --> 00:12:42,000

part-time thing i dedicate

389

00:12:46,550 --> 00:12:44,320

maybe a couple of couple of hours you

390

00:12:48,069 --> 00:12:46,560

know every other night to it

391

00:12:50,550 --> 00:12:48,079

i find that so hard to believe because

392

00:12:52,629 --> 00:12:50,560

it looks like something that is

393

00:12:53,910 --> 00:12:52,639

the research to death and research to

394

00:12:55,670 --> 00:12:53,920

death yeah the biggest the best

395

00:12:57,350 --> 00:12:55,680

publication that probably i've ever seen

396

00:12:58,150 --> 00:12:57,360

through the 90s and stuff when we're

397

00:13:00,870 --> 00:12:58,160

talking about

398

00:13:02,310 --> 00:13:00,880

music magazines my background

399

00:13:04,550 --> 00:13:02,320

skateboarding magazines and

400

00:13:06,550 --> 00:13:04,560

and things like that is just absolutely

401
00:13:07,910 --> 00:13:06,560
incredible and if you're telling me that

402
00:13:13,269 --> 00:13:07,920
that's a few hours work

403
00:13:16,949 --> 00:13:16,069
he's being coy like most creature

404
00:13:19,110 --> 00:13:16,959
projects

405
00:13:19,990 --> 00:13:19,120
his brain never stops thinking about it

406
00:13:23,110 --> 00:13:20,000
yeah

407
00:13:25,190 --> 00:13:23,120
day

408
00:13:26,870 --> 00:13:25,200
yeah it is a little bit more but

409
00:13:30,230 --> 00:13:26,880
actually physically working on it

410
00:13:31,110 --> 00:13:30,240
is you know it doesn't take up a lot of

411
00:13:32,870 --> 00:13:31,120
my time because

412
00:13:34,790 --> 00:13:32,880
i have a full-time job i have other

413
00:13:39,350 --> 00:13:34,800

responsibilities as well so

414

00:13:42,949 --> 00:13:39,360

i do it when i can fit it in yeah um

415

00:13:45,350 --> 00:13:42,959

i mean going back to the 90s

416

00:13:45,990 --> 00:13:45,360

i used to subscribe to ufo magazine

417

00:13:48,710 --> 00:13:46,000

which was

418

00:13:50,310 --> 00:13:48,720

um from quest international and was run

419

00:13:53,990 --> 00:13:50,320

by graham and mark bertsell

420

00:13:57,030 --> 00:13:54,000

yeah i mean that was the ufo magazine to

421

00:14:01,189 --> 00:13:58,710

i had tickets to the conferences up in

422

00:14:03,110 --> 00:14:01,199

leeds as well but i was never able to go

423

00:14:04,949 --> 00:14:03,120

um and unfortunately grain bursts will

424

00:14:06,470 --> 00:14:04,959

die to a heart attack

425

00:14:09,030 --> 00:14:06,480

and they ended up closing the mag

426
00:14:11,350 --> 00:14:09,040
because no one was willing to take it on

427
00:14:13,189 --> 00:14:11,360
um and these days you've got out of

428
00:14:16,470 --> 00:14:13,199
limits magazine

429
00:14:17,910 --> 00:14:16,480
phenomena magazine and a ufo truth

430
00:14:18,790 --> 00:14:17,920
magazine as well and those were the only

431
00:14:21,910 --> 00:14:18,800
ones i could

432
00:14:24,470 --> 00:14:21,920
see in the uk but there was

433
00:14:26,310 --> 00:14:24,480
there was definitely a gap um i mean

434
00:14:30,069 --> 00:14:26,320
where they were more

435
00:14:30,949 --> 00:14:30,079
kind of report and contributor-led there

436
00:14:34,230 --> 00:14:30,959
was no

437
00:14:36,150 --> 00:14:34,240
kind of interviews with people

438
00:14:38,150 --> 00:14:36,160

you know such as jeremy corbell linda

439

00:14:39,430 --> 00:14:38,160

molten hair richard dolan

440

00:14:41,189 --> 00:14:39,440

there was no one actually doing

441

00:14:43,430 --> 00:14:41,199

interviews like you would find in a

442

00:14:45,990 --> 00:14:43,440

skate mag or a music mag i mean i worked

443

00:14:46,550 --> 00:14:46,000

on total guitar magazine for six years

444

00:14:50,790 --> 00:14:46,560

wow

445

00:14:53,990 --> 00:14:50,800

um you know we were kind of like

446

00:14:57,030 --> 00:14:54,000

as far as music mags go we kind of

447

00:14:59,269 --> 00:14:57,040

sat ourselves next to karang

448

00:15:00,069 --> 00:14:59,279

because toby tyler was like a tablature

449

00:15:03,350 --> 00:15:00,079

teach yourself

450

00:15:05,670 --> 00:15:03,360

guitar magazine i just want to say that

451
00:15:07,670 --> 00:15:05,680
back when i was a teenager i probably

452
00:15:11,189 --> 00:15:07,680
like i definitely bought that magazine

453
00:15:14,310 --> 00:15:11,199
so i probably learned tabs from dave

454
00:15:15,110 --> 00:15:14,320
i i did music gcse at school because all

455
00:15:17,189 --> 00:15:15,120
my friends

456
00:15:18,230 --> 00:15:17,199
read that magazine and said for your

457
00:15:19,910 --> 00:15:18,240
extra like

458
00:15:21,350 --> 00:15:19,920
curricular thing that it doesn't really

459
00:15:22,230 --> 00:15:21,360
matter you need to come and do music

460
00:15:24,470 --> 00:15:22,240
with us

461
00:15:25,269 --> 00:15:24,480
and they will have that magazine like

462
00:15:27,430 --> 00:15:25,279
the

463
00:15:29,030 --> 00:15:27,440

black guy oh it's great i mean i've

464

00:15:29,829 --> 00:15:29,040

worked on nature and during the golden

465

00:15:32,629 --> 00:15:29,839

years

466

00:15:33,110 --> 00:15:32,639

um when you know rock music and new

467

00:15:36,470 --> 00:15:33,120

metal

468

00:15:37,990 --> 00:15:36,480

and you know the new wave of kind of the

469

00:15:39,590 --> 00:15:38,000

younger british male bands were coming

470

00:15:40,710 --> 00:15:39,600

through i bought it for my valentine and

471

00:15:43,910 --> 00:15:40,720

bring me the horizon

472

00:15:45,990 --> 00:15:43,920

and you know all those kind of bands um

473

00:15:49,430 --> 00:15:46,000

the darkness when they first started out

474

00:15:52,310 --> 00:15:49,440

i remember that so well

475

00:15:53,189 --> 00:15:52,320

they have disappeared now 2003 something

476
00:15:56,550 --> 00:15:53,199
like that

477
00:16:00,389 --> 00:15:56,560
kind of

478
00:16:02,949 --> 00:16:00,399
um you know we were like the

479
00:16:04,150 --> 00:16:02,959
kind of like the rebel teenager yeah

480
00:16:05,670 --> 00:16:04,160
compared to all the other guitar

481
00:16:07,590 --> 00:16:05,680
magazines and that's what i want to

482
00:16:09,430 --> 00:16:07,600
challenge your mind to be compared to

483
00:16:12,150 --> 00:16:09,440
you know all the other ufo magazines so

484
00:16:15,670 --> 00:16:12,160
like yeah phenomena magazine which is

485
00:16:17,910 --> 00:16:15,680
um read by millions worldwide um

486
00:16:20,629 --> 00:16:17,920
and there i see them as kind of like the

487
00:16:23,749 --> 00:16:20,639
melody maker or the uh the rolling stone

488
00:16:26,470 --> 00:16:23,759

right that kind of alternative yeah

489

00:16:27,670 --> 00:16:26,480

i mean they'll cover you know subjects

490

00:16:30,790 --> 00:16:27,680

that i won't cover

491

00:16:32,629 --> 00:16:30,800

because i can't because i don't have

492

00:16:35,189 --> 00:16:32,639

that knowledge base i mean

493

00:16:37,110 --> 00:16:35,199

steve meyer who is the publisher of

494

00:16:38,389 --> 00:16:37,120

phenomena magazine he has got such a

495

00:16:40,629 --> 00:16:38,399

background in this

496

00:16:41,829 --> 00:16:40,639

community that you know he's just

497

00:16:43,749 --> 00:16:41,839

started um

498

00:16:46,389 --> 00:16:43,759

the new search from richard dolan 32

499

00:16:49,990 --> 00:16:48,470

on youtube i saw that interview with the

500

00:16:53,590 --> 00:16:50,000

guy and he's just like

501
00:16:56,150 --> 00:16:53,600
so blase about something like

502
00:16:57,350 --> 00:16:56,160
32 episodes of an hour long or whatever

503
00:16:59,110 --> 00:16:57,360
it is it's like

504
00:17:01,509 --> 00:16:59,120
hang on a minute like that that is

505
00:17:03,509 --> 00:17:01,519
absolutely crazy like

506
00:17:05,510 --> 00:17:03,519
you know and i think dolan even came to

507
00:17:09,350 --> 00:17:05,520
the uk to record a lot of that stuff

508
00:17:11,590 --> 00:17:09,360
and it's like wait a minute like

509
00:17:12,549 --> 00:17:11,600
like we're we're blowing our minds here

510
00:17:14,390 --> 00:17:12,559
about how you

511
00:17:16,309 --> 00:17:14,400
produce something like that like that is

512
00:17:17,669 --> 00:17:16,319
really gonna be well i hope it's gonna

513
00:17:19,829 --> 00:17:17,679

be

514

00:17:21,189 --> 00:17:19,839

something you know i know like 15

515

00:17:24,230 --> 00:17:21,199

minutes each episode

516

00:17:28,150 --> 00:17:24,240

yes he came over for awakening expo

517

00:17:29,669 --> 00:17:28,160

back in 2019 um and i was

518

00:17:32,070 --> 00:17:29,679

in a hotel bar with him until like three

519

00:17:34,630 --> 00:17:32,080

in the morning um him and tracy that was

520

00:17:35,350 --> 00:17:34,640

that was incredible that is a story man

521

00:17:38,230 --> 00:17:35,360

i mean

522

00:17:39,590 --> 00:17:38,240

i was i was thinking about like a lot of

523

00:17:41,350 --> 00:17:39,600

people have been giving dolan a bit of

524

00:17:43,029 --> 00:17:41,360

grief recently and i think

525

00:17:45,510 --> 00:17:43,039

he did he did a conference recently with

526

00:17:48,950 --> 00:17:45,520

louis luzondo where it was a kind of

527

00:17:50,630 --> 00:17:48,960

the thing with the um the observation

528

00:17:52,950 --> 00:17:50,640

deck yeah and that kind of that

529

00:17:54,310 --> 00:17:52,960

ruffled a few feathers and unfortunately

530

00:17:56,630 --> 00:17:54,320

i wasn't able to join it

531

00:17:57,750 --> 00:17:56,640

and so i didn't see it but i think i

532

00:17:59,990 --> 00:17:57,760

really bothered some people it

533

00:18:01,669 --> 00:18:00,000

automatically put a negative

534

00:18:03,350 --> 00:18:01,679

perspective on richard dolan and i think

535

00:18:07,909 --> 00:18:03,360

that was unwarranted

536

00:18:10,950 --> 00:18:09,430

and he still continues to do some great

537

00:18:13,029 --> 00:18:10,960

stuff too yeah it does

538

00:18:14,710 --> 00:18:13,039

but in this current climate you know you

539

00:18:15,990 --> 00:18:14,720

can't get to ufo conferences so they've

540

00:18:17,990 --> 00:18:16,000

had to move online

541

00:18:19,510 --> 00:18:18,000

exactly contacts in the desert had major

542

00:18:21,669 --> 00:18:19,520

problems when they did

543

00:18:22,950 --> 00:18:21,679

that we saw that that was days of

544

00:18:25,270 --> 00:18:22,960

problems with

545

00:18:26,230 --> 00:18:25,280

issues and stuff i mean hundreds of

546

00:18:28,390 --> 00:18:26,240

dollars worth of

547

00:18:30,310 --> 00:18:28,400

lost revenue or whatever it turned out

548

00:18:34,390 --> 00:18:30,320

to be i mean it was

549

00:18:36,950 --> 00:18:34,400

it was it was um it was a disaster

550

00:18:37,830 --> 00:18:36,960

but yeah it was hopefully next year we

551

00:18:40,470 --> 00:18:37,840

can go back to

552

00:18:40,950 --> 00:18:40,480

actually everyone meeting up in one room

553

00:18:45,590 --> 00:18:40,960

and

554

00:18:47,350 --> 00:18:45,600

watching someone speak on stage with a

555

00:18:49,990 --> 00:18:47,360

powerpoint do you see that happening in

556

00:18:51,909 --> 00:18:50,000

the uk next year

557

00:18:53,510 --> 00:18:51,919

you'd like to hope so i mean awakening

558

00:18:56,070 --> 00:18:53,520

was supposed to happen this year

559

00:18:57,669 --> 00:18:56,080

um and so was the outfit limits magazine

560

00:18:59,029 --> 00:18:57,679

conference as well up in hull

561

00:19:01,430 --> 00:18:59,039

um they were going to have the concealer

562

00:19:03,110 --> 00:19:01,440

twins and um

563

00:19:04,950 --> 00:19:03,120

i think peter robbins was going to come

564

00:19:07,350 --> 00:19:04,960

over and

565

00:19:08,549 --> 00:19:07,360

jennifer stein who produced the travis

566

00:19:10,950 --> 00:19:08,559

walton documentary

567

00:19:12,950 --> 00:19:10,960

yeah okay so that that would have been a

568

00:19:15,669 --> 00:19:12,960

really good conference to go to as well

569

00:19:16,470 --> 00:19:15,679

um but i think next year yeah we'll see

570

00:19:18,070 --> 00:19:16,480

um

571

00:19:19,750 --> 00:19:18,080

kind of like a return to normal where we

572

00:19:21,750 --> 00:19:19,760

can all meet up and have a

573

00:19:22,870 --> 00:19:21,760

you know a drink in between speakers so

574

00:19:24,710 --> 00:19:22,880

i hope so

575

00:19:26,070 --> 00:19:24,720

so much i mean it's been nice being

576

00:19:28,310 --> 00:19:26,080

joshua today we've been

577

00:19:29,430 --> 00:19:28,320

communicating for months on end but to

578

00:19:30,470 --> 00:19:29,440

be able to actually meet guys like

579

00:19:34,630 --> 00:19:30,480

yourselves yeah

580

00:19:37,270 --> 00:19:34,640

dan to interact with other researchers

581

00:19:37,990 --> 00:19:37,280

is you know in terms of the uk it's it's

582

00:19:39,750 --> 00:19:38,000

so important

583

00:19:41,669 --> 00:19:39,760

we need to get together and just cook

584

00:19:42,950 --> 00:19:41,679

you know and just share ideas and

585

00:19:44,630 --> 00:19:42,960

collaborate i think it's really

586

00:19:45,590 --> 00:19:44,640

important for us to do that and so i

587

00:19:47,510 --> 00:19:45,600

hope it does happen

588

00:19:49,029 --> 00:19:47,520

going forward i still think we should

589

00:19:49,830 --> 00:19:49,039

all go camping in the cotswolds

590

00:19:52,470 --> 00:19:49,840

somewhere

591

00:19:53,750 --> 00:19:52,480

no no no no let's let's go just go to

592

00:19:55,590 --> 00:19:53,760

wales man i spent a week

593

00:19:58,710 --> 00:19:55,600

oh yeah let's do that a week and then

594

00:19:59,430 --> 00:19:58,720

yeah i i found a newfound love for wales

595

00:20:02,230 --> 00:19:59,440

last week

596

00:20:03,110 --> 00:20:02,240

it was something that i i i didn't even

597

00:20:06,789 --> 00:20:03,120

feel like i was

598

00:20:09,909 --> 00:20:06,799

in the uk it was beautiful

599

00:20:11,350 --> 00:20:09,919

it was hot yeah yeah so um do you know

600

00:20:15,430 --> 00:20:11,360

gavin and stacy

601
00:20:20,470 --> 00:20:15,440
yes literally there you go

602
00:20:22,230 --> 00:20:20,480
he's the only one in the village

603
00:20:24,230 --> 00:20:22,240
he's the only ufo researcher in the

604
00:20:27,590 --> 00:20:24,240
village but you know but like

605
00:20:29,029 --> 00:20:27,600
i honestly i i i feel for place whales

606
00:20:31,110 --> 00:20:29,039
to be better

607
00:20:32,549 --> 00:20:31,120
i was lucky because i i went out there

608
00:20:34,470 --> 00:20:32,559
and dan sent me these articles about

609
00:20:36,870 --> 00:20:34,480
wales being a hot spot on that so

610
00:20:38,470 --> 00:20:36,880
it automatically piqued me to go out

611
00:20:40,149 --> 00:20:38,480
every evening when

612
00:20:41,510 --> 00:20:40,159
my daughter was in bed and stuff to go

613
00:20:44,630 --> 00:20:41,520

and look in the skies and

614

00:20:46,549 --> 00:20:44,640

so dan thank you because it really did

615

00:20:48,310 --> 00:20:46,559

give me that little thing i had this

616

00:20:50,710 --> 00:20:48,320

article i kept referring back to

617

00:20:52,390 --> 00:20:50,720

and yeah i think wales is actually more

618

00:20:53,270 --> 00:20:52,400

important than a lot of people realize

619

00:20:54,950 --> 00:20:53,280

as far as

620

00:20:56,390 --> 00:20:54,960

historical cases as well and we're not

621

00:20:57,350 --> 00:20:56,400

just talking about pentok and things

622

00:21:00,630 --> 00:20:57,360

like that

623

00:21:03,510 --> 00:21:00,640

you know so the welsh triangle yeah

624

00:21:04,549 --> 00:21:03,520

can can any of you guys like give us any

625

00:21:06,390 --> 00:21:04,559

information on any

626
00:21:08,789 --> 00:21:06,400
historic welsh cases because i think

627
00:21:11,669 --> 00:21:08,799
they're out there

628
00:21:12,549 --> 00:21:11,679
so it's funny you say that because dave

629
00:21:19,590 --> 00:21:12,559
messed me

630
00:21:23,669 --> 00:21:21,029
and we were talking about that there are

631
00:21:26,950 --> 00:21:23,679
no kind of modern

632
00:21:30,630 --> 00:21:26,960
welsh focused ufo books basically

633
00:21:32,230 --> 00:21:30,640
um so maybe in the future i i don't

634
00:21:33,430 --> 00:21:32,240
don't go any further don't get yourself

635
00:21:35,029 --> 00:21:33,440
in trouble

636
00:21:35,880 --> 00:21:35,039
yeah i won't i won't i think things are

637
00:21:37,270 --> 00:21:35,890
in the works

638
00:21:40,310 --> 00:21:37,280

[Music]

639

00:21:41,669 --> 00:21:40,320

yeah my my one one of the

640

00:21:43,510 --> 00:21:41,679

cases that sticks out to me that i

641

00:21:46,710 --> 00:21:43,520

always like to talk about was um

642

00:21:49,029 --> 00:21:46,720

i think it's three trips bay um

643

00:21:50,870 --> 00:21:49,039

and basically there was witness the

644

00:21:53,990 --> 00:21:50,880

craft going through

645

00:21:57,590 --> 00:21:54,000

rock um which is you know it's only

646

00:21:59,430 --> 00:21:57,600

quick sighting but it's another take on

647

00:22:00,630 --> 00:21:59,440

trans medium that we really don't talk

648

00:22:02,549 --> 00:22:00,640

about a lot you know

649

00:22:04,230 --> 00:22:02,559

solids are pretty important we keep

650

00:22:06,070 --> 00:22:04,240

talking about undersea bases but if that

651
00:22:08,630 --> 00:22:06,080
seafloor isn't a solid to them then

652
00:22:10,830 --> 00:22:08,640
it's a different conversation makes a

653
00:22:14,310 --> 00:22:10,840
lot of sense that three clips

654
00:22:17,430 --> 00:22:14,320
yeah where was that so that went

655
00:22:19,430 --> 00:22:17,440
back insane went through rock

656
00:22:20,950 --> 00:22:19,440
is that what you said uh yeah yeah yeah

657
00:22:24,070 --> 00:22:20,960
am i getting the place wrong dave

658
00:22:27,270 --> 00:22:24,080
correct me if i am there was a

659
00:22:29,750 --> 00:22:27,280
similar story in

660
00:22:30,310 --> 00:22:29,760
stacks rock just off um instant brights

661
00:22:33,350 --> 00:22:30,320
bay

662
00:22:36,549 --> 00:22:33,360
in 78 i think in the whole

663
00:22:37,270 --> 00:22:36,559

broadhaven the different enigma you know

664

00:22:39,750 --> 00:22:37,280

those

665

00:22:40,710 --> 00:22:39,760

areas so i'm probably mixing up the name

666

00:22:43,750 --> 00:22:40,720

right yeah

667

00:22:45,190 --> 00:22:43,760

it's kind of got like this big overhang

668

00:22:46,710 --> 00:22:45,200

that you can kind of it might be right

669

00:22:47,990 --> 00:22:46,720

it's really cool yeah mike right i've

670

00:22:50,149 --> 00:22:48,000

just never heard that one before

671

00:22:51,510 --> 00:22:50,159

so i'm gonna look that one up i'm to be

672

00:23:02,549 --> 00:22:51,520

honest i'm probably

673

00:23:07,510 --> 00:23:05,430

but yeah i mean it's the broadhaven

674

00:23:09,510 --> 00:23:07,520

little haven sightings of

675

00:23:11,430 --> 00:23:09,520

the late 70s you know you got the

676
00:23:13,110 --> 00:23:11,440
broadhaven primary school

677
00:23:14,470 --> 00:23:13,120
interaction where all the kids were in

678
00:23:16,710 --> 00:23:14,480
the playground

679
00:23:18,549 --> 00:23:16,720
playing football and they see something

680
00:23:19,590 --> 00:23:18,559
over in the next field coming up behind

681
00:23:22,390 --> 00:23:19,600
the trees or

682
00:23:23,669 --> 00:23:22,400
sorry coming down and one kid goes

683
00:23:26,149 --> 00:23:23,679
inside to

684
00:23:27,430 --> 00:23:26,159
you know tell the teacher quick quick

685
00:23:31,029 --> 00:23:27,440
something in the next field

686
00:23:33,029 --> 00:23:31,039
and some of the accounts vary as they do

687
00:23:36,230 --> 00:23:33,039
in the aerial school

688
00:23:39,750 --> 00:23:36,240

encounter absolutely some

689

00:23:40,070 --> 00:23:39,760

people saw it being hop over the fence

690

00:23:44,549 --> 00:23:40,080

or

691

00:23:47,669 --> 00:23:44,559

the fence over the style

692

00:23:50,630 --> 00:23:47,679

um but he never approached them

693

00:23:51,110 --> 00:23:50,640

but you have all these primary school

694

00:23:52,789 --> 00:23:51,120

children

695

00:23:54,710 --> 00:23:52,799

drawing pictures of what they saw and

696

00:23:56,149 --> 00:23:54,720

they're all kind of similar

697

00:23:57,430 --> 00:23:56,159

so they are similar some of them have

698

00:23:59,110 --> 00:23:57,440

got lights on the top some of them

699

00:24:00,789 --> 00:23:59,120

haven't someone got the figure next to

700

00:24:02,549 --> 00:24:00,799

it someone got a ladder so we've got a

701
00:24:05,909 --> 00:24:02,559
ramp um

702
00:24:08,070 --> 00:24:05,919
i mean debunkers will say that it's a

703
00:24:09,909 --> 00:24:08,080
chrome tanker that went to the local

704
00:24:11,990 --> 00:24:09,919
sewage plant

705
00:24:14,470 --> 00:24:12,000
um but these these kids are like

706
00:24:16,710 --> 00:24:14,480
children of farmers and miners who have

707
00:24:18,950 --> 00:24:16,720
no interest in hopes in you know like

708
00:24:20,230 --> 00:24:18,960
fine sorcery pores

709
00:24:22,710 --> 00:24:20,240
yeah you're in like pembrokes you're in

710
00:24:24,230 --> 00:24:22,720
the 1970s it's you know flying sources

711
00:24:26,230 --> 00:24:24,240
are the last thing on your mind

712
00:24:27,590 --> 00:24:26,240
yeah um and you've got the cases at

713
00:24:31,110 --> 00:24:27,600

ripperston farm

714

00:24:32,390 --> 00:24:31,120

um you know we got by location of a

715

00:24:35,750 --> 00:24:32,400

whole herd of cattle

716

00:24:37,750 --> 00:24:35,760

apparently um the farmer

717

00:24:39,110 --> 00:24:37,760

locks them up for the night he's going

718

00:24:39,990 --> 00:24:39,120

back to the house here's the phone

719

00:24:41,669 --> 00:24:40,000

ringing

720

00:24:43,269 --> 00:24:41,679

he answers the phone and he's his

721

00:24:45,830 --> 00:24:43,279

neighbor a mile down the road saying oh

722

00:24:48,310 --> 00:24:45,840

you're casually in my carriages

723

00:24:49,750 --> 00:24:48,320

you come and get out it's like you know

724

00:24:52,070 --> 00:24:49,760

that from the time he

725

00:24:53,590 --> 00:24:52,080

took to lock them up and then got back

726

00:24:56,870 --> 00:24:53,600

to his house

727

00:25:00,710 --> 00:24:56,880

yeah right now this just went

728

00:25:03,669 --> 00:25:00,720

oh yeah does the welsh roswell as well

729

00:25:05,110 --> 00:25:03,679

in 19 january 1974 which happened on

730

00:25:08,230 --> 00:25:05,120

berwin mountain which is

731

00:25:08,789 --> 00:25:08,240

north east yeah north east wales uh i

732

00:25:10,470 --> 00:25:08,799

think my

733

00:25:12,310 --> 00:25:10,480

yeah i think that geography is right uh

734

00:25:14,630 --> 00:25:12,320

so that was it was the nurse who saw

735

00:25:15,510 --> 00:25:14,640

um or saw something land or she was

736

00:25:17,590 --> 00:25:15,520

called out

737

00:25:18,950 --> 00:25:17,600

wasn't she um to go or she was driving

738

00:25:20,870 --> 00:25:18,960

out with a daughter or something

739

00:25:22,149 --> 00:25:20,880

uh and so and there's a few other people

740

00:25:25,269 --> 00:25:22,159

saw something land up on

741

00:25:27,350 --> 00:25:25,279

on a hill or in a cleft in a hill

742

00:25:29,029 --> 00:25:27,360

um but it's been attributed to an

743

00:25:31,510 --> 00:25:29,039

earthquake and a meteor

744

00:25:32,310 --> 00:25:31,520

together at the same time you're right

745

00:25:34,549 --> 00:25:32,320

yeah the same

746

00:25:35,430 --> 00:25:34,559

an earthquake together yeah i mean

747

00:25:37,830 --> 00:25:35,440

apparently

748

00:25:46,630 --> 00:25:37,840

at the same time also a smurf was born

749

00:25:49,669 --> 00:25:48,310

they have their own roswell anyway from

750

00:25:51,190 --> 00:25:49,679

1974

751
00:25:53,430 --> 00:25:51,200
yeah and then you've got obviously the

752
00:25:54,789 --> 00:25:53,440
swansea knight of the triangles in the

753
00:25:57,269 --> 00:25:54,799
early 80s as well

754
00:25:59,960 --> 00:25:57,279
yeah um was it the early 80s or the late

755
00:25:59,970 --> 00:26:03,590
[Music]

756
00:26:06,950 --> 00:26:05,350
i think it was the 80s that one yeah it

757
00:26:09,990 --> 00:26:06,960
was a little late

758
00:26:11,269 --> 00:26:10,000
but john davis um he

759
00:26:13,110 --> 00:26:11,279
knows more about that because he was

760
00:26:14,870 --> 00:26:13,120
kind of

761
00:26:17,110 --> 00:26:14,880
he's spoken to a few people in around

762
00:26:19,110 --> 00:26:17,120
that area at the time and

763
00:26:21,110 --> 00:26:19,120

you know it's just one of these things

764

00:26:24,390 --> 00:26:21,120

where you don't expect

765

00:26:27,110 --> 00:26:24,400

a country like wales to be a hot spot

766

00:26:28,789 --> 00:26:27,120

for ufo sightings in comparison to what

767

00:26:32,549 --> 00:26:28,799

goes on in the states and brazil

768

00:26:34,870 --> 00:26:32,559

and you know russia and italy and france

769

00:26:36,230 --> 00:26:34,880

you know wales is just it's currently

770

00:26:37,590 --> 00:26:36,240

forgotten about

771

00:26:39,430 --> 00:26:37,600

yeah it is and that's the thing but

772

00:26:41,269 --> 00:26:39,440

that's like i was just saying i was away

773

00:26:43,110 --> 00:26:41,279

last week and dan sent me the article

774

00:26:45,590 --> 00:26:43,120

and i was like

775

00:26:46,630 --> 00:26:45,600

whales is a hot spot like the right

776

00:26:50,470 --> 00:26:46,640

place we have like

777

00:26:52,870 --> 00:26:50,480

stand out so on google maps you can

778

00:26:54,470 --> 00:26:52,880

oh well on the internet you can get the

779

00:26:56,710 --> 00:26:54,480

data set and bring it into google maps

780

00:26:58,630 --> 00:26:56,720

and look at all the electromagnetic and

781

00:27:01,510 --> 00:26:58,640

graphic anomalies kind of around the

782

00:27:04,630 --> 00:27:01,520

planet and there is consistently

783

00:27:06,710 --> 00:27:04,640

this kind of huge uh positive anomaly

784

00:27:08,149 --> 00:27:06,720

over basically swansea and broadhaven

785

00:27:09,590 --> 00:27:08,159

and all that area and the same with

786

00:27:11,190 --> 00:27:09,600

north wales as well that kind of

787

00:27:13,269 --> 00:27:11,200

stretches across the channel

788

00:27:14,710 --> 00:27:13,279

where a lot of you know irish sightings

789

00:27:15,909 --> 00:27:14,720

will kind of see the craft coming in

790

00:27:17,750 --> 00:27:15,919

from that uh

791

00:27:19,110 --> 00:27:17,760

that area of ocean between the two

792

00:27:19,990 --> 00:27:19,120

countries i was going to say does it

793

00:27:21,269 --> 00:27:20,000

involve the ocean

794

00:27:22,870 --> 00:27:21,279

off the coast as well but obviously

795

00:27:24,389 --> 00:27:22,880

you've just clarified that and i think

796

00:27:26,789 --> 00:27:24,399

that's vital

797

00:27:27,750 --> 00:27:26,799

yeah for sure at the time of the sorry

798

00:27:29,990 --> 00:27:27,760

then

799

00:27:31,029 --> 00:27:30,000

at the time of the broad haven sightings

800

00:27:34,070 --> 00:27:31,039

you had

801
00:27:37,190 --> 00:27:34,080
a us presence around there

802
00:27:40,789 --> 00:27:37,200
because there was raf ballsy and the

803
00:27:43,350 --> 00:27:40,799
united states had set up a um a naval

804
00:27:45,190 --> 00:27:43,360
observation station and they were laying

805
00:27:48,310 --> 00:27:45,200
cable through some bright bay

806
00:27:50,070 --> 00:27:48,320
into the um into the irish sea to check

807
00:27:53,110 --> 00:27:50,080
for well to search for

808
00:27:54,549 --> 00:27:53,120
russian submarines also they claimed but

809
00:27:55,909 --> 00:27:54,559
it could have been like

810
00:27:57,669 --> 00:27:55,919
you know the activity that was around

811
00:27:59,350 --> 00:27:57,679
there it could have been searching for

812
00:28:03,029 --> 00:27:59,360
usos who knows

813
00:28:04,870 --> 00:28:03,039

of course yeah we don't hear about it

814

00:28:05,269 --> 00:28:04,880

either very often at all in any report

815

00:28:07,990 --> 00:28:05,279

that i

816

00:28:09,830 --> 00:28:08,000

i kind of dig into the data becomes very

817

00:28:11,350 --> 00:28:09,840

vague when you touch upon the details of

818

00:28:13,350 --> 00:28:11,360

cases like that from where

819

00:28:15,190 --> 00:28:13,360

where i've gone through for what i've

820

00:28:16,549 --> 00:28:15,200

seen through mod documents and stuff

821

00:28:19,029 --> 00:28:16,559

like that so

822

00:28:20,470 --> 00:28:19,039

yeah i find that very intriguing isn't

823

00:28:23,430 --> 00:28:20,480

there a lot of naturally

824

00:28:24,389 --> 00:28:23,440

uh produced uranium in wales as well in

825

00:28:26,950 --> 00:28:24,399

the rocks

826

00:28:28,630 --> 00:28:26,960

that is a connection i i was just gonna

827

00:28:30,149 --> 00:28:28,640

bring up the mining connection you know

828

00:28:32,630 --> 00:28:30,159

whales is very much a

829

00:28:33,190 --> 00:28:32,640

mining country if you look at it um kind

830

00:28:35,750 --> 00:28:33,200

of

831

00:28:36,549 --> 00:28:35,760

topographically as well that was like

832

00:28:41,430 --> 00:28:36,559

close to

833

00:28:43,269 --> 00:28:41,440

the uranium mine yeah yeah

834

00:28:44,870 --> 00:28:43,279

for sure we're basically a bunch of

835

00:28:46,549 --> 00:28:44,880

people kind of clinging on to this big

836

00:28:50,149 --> 00:28:46,559

mountain we call wales

837

00:28:52,310 --> 00:28:50,159

um and yeah it's just full of minds

838

00:28:53,430 --> 00:28:52,320

and the whole culture here is is kind of

839

00:28:56,070 --> 00:28:53,440

based around it you know

840

00:28:57,350 --> 00:28:56,080

i still have friends who they they have

841

00:28:59,029 --> 00:28:57,360

possessions

842

00:29:01,110 --> 00:28:59,039

from their granddad that kind of

843

00:29:02,870 --> 00:29:01,120

treasured family possessions because

844

00:29:04,710 --> 00:29:02,880

they granddad you know used the light

845

00:29:07,590 --> 00:29:04,720

down in the mine or something like that

846

00:29:08,630 --> 00:29:07,600

um so yeah big ufo activity here big

847

00:29:10,549 --> 00:29:08,640

mining

848

00:29:12,630 --> 00:29:10,559

but i don't think they weren't uranium

849

00:29:15,590 --> 00:29:12,640

mines i think uranium

850

00:29:16,389 --> 00:29:15,600

byproducts possibly especially in wales

851
00:29:19,669 --> 00:29:16,399
they weren't

852
00:29:21,990 --> 00:29:19,679
you know high consistency of just

853
00:29:22,789 --> 00:29:22,000
uranium it was maybe because it is a

854
00:29:27,029 --> 00:29:22,799
byproduct of

855
00:29:30,549 --> 00:29:27,039
other minerals possibly because there is

856
00:29:31,350 --> 00:29:30,559
a um big copper mining industry around

857
00:29:33,110 --> 00:29:31,360
swansea

858
00:29:34,710 --> 00:29:33,120
exactly i think that's where it kind of

859
00:29:35,909 --> 00:29:34,720
made its money yeah

860
00:29:38,070 --> 00:29:35,919
i think that's the same in things like

861
00:29:38,830 --> 00:29:38,080
the ariel school case when people have

862
00:29:42,710 --> 00:29:38,840
said they were

863
00:29:43,669 --> 00:29:42,720

um uranium mines nearby and there's no

864

00:29:45,269 --> 00:29:43,679

evidence of that

865

00:29:47,029 --> 00:29:45,279

at all but that could have been an

866

00:29:48,630 --> 00:29:47,039

interest about the uap that

867

00:29:51,029 --> 00:29:48,640

visited there back in the day but there

868

00:29:53,590 --> 00:29:51,039

were copper mines gold mines and other

869

00:29:55,830 --> 00:29:53,600

precious metals yeah but the byproduct

870

00:29:57,110 --> 00:29:55,840

of a lot of those metals was uranium so

871

00:29:58,549 --> 00:29:57,120

there could be trace

872

00:30:00,149 --> 00:29:58,559

things and that could possibly be the

873

00:30:03,909 --> 00:30:00,159

same case in wales as well

874

00:30:06,630 --> 00:30:03,919

so could be have you seen them

875

00:30:07,510 --> 00:30:06,640

have you seen the new on the trail of

876

00:30:11,110 --> 00:30:07,520

ufos

877

00:30:13,269 --> 00:30:11,120

france and monsters i have yeah

878

00:30:15,750 --> 00:30:13,279

very very interesting very very good

879

00:30:17,590 --> 00:30:15,760

yeah yeah skype based in west virginia

880

00:30:19,029 --> 00:30:17,600

yeah seth riedel of shannon grove going

881

00:30:20,830 --> 00:30:19,039

out very very important

882

00:30:22,789 --> 00:30:20,840

i appreciate that documentary seth

883

00:30:25,430 --> 00:30:22,799

breedlove he brings up

884

00:30:27,029 --> 00:30:25,440

the um coal mining industry and you know

885

00:30:28,470 --> 00:30:27,039

around these towns in west virginia and

886

00:30:31,269 --> 00:30:28,480

asking if there is a link

887

00:30:33,269 --> 00:30:31,279

to the ufo sightings as well yeah i mean

888

00:30:35,430 --> 00:30:33,279

when it came out friday didn't it

889

00:30:37,029 --> 00:30:35,440

well i i i was lucky enough to have an

890

00:30:38,789 --> 00:30:37,039

advanced screening about a month ago so

891

00:30:40,149 --> 00:30:38,799

i've written a review of it that i'm

892

00:30:40,870 --> 00:30:40,159

going to release in a few days but it

893

00:30:44,870 --> 00:30:40,880

was

894

00:30:48,789 --> 00:30:44,880

that

895

00:30:50,630 --> 00:30:48,799

is just like almost like a town

896

00:30:52,070 --> 00:30:50,640

focusing on that area that states and

897

00:30:53,669 --> 00:30:52,080

stuff yeah

898

00:30:56,230 --> 00:30:53,679

and again bringing in the minds you know

899

00:30:58,549 --> 00:30:56,240

are these mines big enough to

900

00:30:59,509 --> 00:30:58,559

accommodate something flying into or

901
00:31:02,230 --> 00:30:59,519
flying out top

902
00:31:03,269 --> 00:31:02,240
yeah and how far down do they go sure

903
00:31:07,110 --> 00:31:03,279
yeah

904
00:31:08,310 --> 00:31:07,120
great um breakaway from

905
00:31:10,789 --> 00:31:08,320
everything that we've been seeing for

906
00:31:11,110 --> 00:31:10,799
the last year or two from the mainstream

907
00:31:13,110 --> 00:31:11,120
and

908
00:31:15,509 --> 00:31:13,120
through everyone else trying to put this

909
00:31:17,909 --> 00:31:15,519
uap subject on a grandiose scale rather

910
00:31:19,590 --> 00:31:17,919
than focusing on small areas here and

911
00:31:20,310 --> 00:31:19,600
there like this was a breath of fresh

912
00:31:23,190 --> 00:31:20,320
air in a way

913
00:31:23,590 --> 00:31:23,200

of course yeah it was needed almost yeah

914

00:31:25,029 --> 00:31:23,600

i mean

915

00:31:26,630 --> 00:31:25,039

that's what that's what they're good at

916

00:31:28,789 --> 00:31:26,640

small town monsters i mean

917

00:31:30,549 --> 00:31:28,799

yeah the mockman films that they've done

918

00:31:33,430 --> 00:31:30,559

you know magazine must have been

919

00:31:34,710 --> 00:31:33,440

the great just great i mean they just go

920

00:31:36,310 --> 00:31:34,720

out and they get stories they collect

921

00:31:38,389 --> 00:31:36,320

stories from the witnesses

922

00:31:39,350 --> 00:31:38,399

they collect stories from the

923

00:31:43,430 --> 00:31:39,360

researchers

924

00:31:45,909 --> 00:31:43,440

don't get the attention

925

00:31:48,310 --> 00:31:45,919

their history in the cryptozoology realm

926
00:31:51,190 --> 00:31:48,320
is great and i never talk about that

927
00:31:52,549 --> 00:31:51,200
because i i want to be you know uap

928
00:31:54,230 --> 00:31:52,559
researchers but

929
00:31:56,149 --> 00:31:54,240
i mean i could go back years looking

930
00:31:57,990 --> 00:31:56,159
into cryptozoology bigfoot

931
00:31:59,669 --> 00:31:58,000
mothman was something that scared me in

932
00:32:01,190 --> 00:31:59,679
my teens when i first wrote about it

933
00:32:03,509 --> 00:32:01,200
when i was about 12 or 13.

934
00:32:04,950 --> 00:32:03,519
concept of a mothman it was like 40

935
00:32:06,630 --> 00:32:04,960
years ago i read about that it was just

936
00:32:08,149 --> 00:32:06,640
like oh and i was like hiding into the

937
00:32:09,509 --> 00:32:08,159
covers

938
00:32:11,029 --> 00:32:09,519

and it's one of those stories when you

939

00:32:11,430 --> 00:32:11,039

still see witnesses talking about it now

940

00:32:12,950 --> 00:32:11,440

that's

941

00:32:14,470 --> 00:32:12,960

very little has changed from that

942

00:32:17,509 --> 00:32:14,480

original testimony as well

943

00:32:19,509 --> 00:32:17,519

and like yeah it's well i love it when i

944

00:32:21,029 --> 00:32:19,519

first watched the mothman um you know

945

00:32:22,630 --> 00:32:21,039

the prophecies in the film with richard

946

00:32:24,789 --> 00:32:22,640

gere yeah yeah

947

00:32:26,389 --> 00:32:24,799

yeah and the first bit where he's rang

948

00:32:29,110 --> 00:32:26,399

by indrid cold

949

00:32:30,870 --> 00:32:29,120

that name still like had chivas shivers

950

00:32:32,789 --> 00:32:30,880

down my back my spine when i heard that

951
00:32:34,630 --> 00:32:32,799
name again

952
00:32:36,230 --> 00:32:34,640
that name crops up everywhere though not

953
00:32:39,029 --> 00:32:36,240
even yes somebody in mothman but just

954
00:32:39,669 --> 00:32:39,039
oh yeah it's true of the story like i

955
00:32:41,430 --> 00:32:39,679
saw something

956
00:32:42,870 --> 00:32:41,440
about a year ago and i can't even even

957
00:32:45,509 --> 00:32:42,880
recall the name of the series but it

958
00:32:48,389 --> 00:32:45,519
came up in harry potter oh wow

959
00:32:48,950 --> 00:32:48,399
hell yeah yeah yeah that's it there you

960
00:32:51,509 --> 00:32:48,960
go

961
00:32:52,789 --> 00:32:51,519
um i i didn't even understand helia when

962
00:32:54,710 --> 00:32:52,799
i watched it

963
00:32:57,430 --> 00:32:54,720

and i felt like i didn't know what they

964

00:33:02,070 --> 00:32:57,440

were getting at it was like a modern

965

00:33:04,149 --> 00:33:02,080

day crypto something or other

966

00:33:06,549 --> 00:33:04,159

freaked me out even george nap i mean

967

00:33:08,310 --> 00:33:06,559

he's done he's done a video a couple of

968

00:33:10,470 --> 00:33:08,320

days ago i think on mystery wire with

969

00:33:13,430 --> 00:33:10,480

like the connection between the uap

970

00:33:14,870 --> 00:33:13,440

and that the crypto um like there's like

971

00:33:16,149 --> 00:33:14,880

a connection there he's done a video a

972

00:33:18,149 --> 00:33:16,159

couple days ago about it

973

00:33:20,870 --> 00:33:18,159

stuff possibly yeah with skin rocker

974

00:33:22,870 --> 00:33:20,880

ranch as well yeah i mean

975

00:33:23,990 --> 00:33:22,880

yeah i think that i'm a bit confused

976

00:33:26,549 --> 00:33:24,000

about why that's coming back

977

00:33:28,870 --> 00:33:26,559

in to the mainstream yes we've got um

978

00:33:30,789 --> 00:33:28,880

brandon fugal and his tv series which

979

00:33:32,070 --> 00:33:30,799

personally i found very intriguing and

980

00:33:33,830 --> 00:33:32,080

interesting i think the work they're

981

00:33:35,669 --> 00:33:33,840

doing was great

982

00:33:37,029 --> 00:33:35,679

uh what do you guys think about that i

983

00:33:39,190 --> 00:33:37,039

assume you've all seen that

984

00:33:41,110 --> 00:33:39,200

so i know dan dan you're probably the

985

00:33:42,470 --> 00:33:41,120

first person i i would love to speak to

986

00:33:44,549 --> 00:33:42,480

that because of your absolutely

987

00:33:47,110 --> 00:33:44,559

beautiful artwork that you did

988

00:33:47,750 --> 00:33:47,120

about the uh the the mesa and stuff so

989

00:33:51,990 --> 00:33:47,760

oh the

990

00:33:54,470 --> 00:33:52,000

yeah yeah the the absolutely

991

00:33:55,669 --> 00:33:54,480

thank you um i i enjoyed the second

992

00:33:57,190 --> 00:33:55,679

season i think he could have done with

993

00:33:58,789 --> 00:33:57,200

being a little bit shorter

994

00:34:00,389 --> 00:33:58,799

um there were a couple of segments where

995

00:34:01,509 --> 00:34:00,399

i was like uh they're gonna get a lot of

996

00:34:05,669 --> 00:34:01,519

uh stick for this

997

00:34:06,950 --> 00:34:05,679

yeah um but they were

998

00:34:08,950 --> 00:34:06,960

you know on the balance of things there

999

00:34:11,430 --> 00:34:08,960

were some incredible segments we had

1000

00:34:13,750 --> 00:34:11,440

the ufo sighting from two different

1001
00:34:15,829 --> 00:34:13,760
points of view you know we we had

1002
00:34:17,270 --> 00:34:15,839
you know some triangulation data kind of

1003
00:34:19,589 --> 00:34:17,280
there we also

1004
00:34:21,109 --> 00:34:19,599
had the by the way graham and dave if

1005
00:34:25,430 --> 00:34:21,119
you haven't seen this i'm totally

1006
00:34:30,550 --> 00:34:28,710
go and watch it though no i'm good i've

1007
00:34:32,629 --> 00:34:30,560
seen it

1008
00:34:34,389 --> 00:34:32,639
the the bit where on homestead 2 where

1009
00:34:38,149 --> 00:34:34,399
they kind of they they

1010
00:34:43,669 --> 00:34:40,149
kind of falls down and yeah they're

1011
00:34:45,270 --> 00:34:43,679
either forms that was super intriguing

1012
00:34:46,790 --> 00:34:45,280
i i would just if i was them i would

1013
00:34:48,869 --> 00:34:46,800

just be doing that every single night

1014

00:34:49,990 --> 00:34:48,879

after that have you seen that

1015

00:34:52,230 --> 00:34:50,000

they've got over the last couple of

1016

00:34:54,629 --> 00:34:52,240

weeks it has been pretty brutal about

1017

00:34:57,030 --> 00:34:54,639

how you need to take those same tests

1018

00:34:58,470 --> 00:34:57,040

to a different location to be able to

1019

00:35:00,470 --> 00:34:58,480

compare the data

1020

00:35:01,990 --> 00:35:00,480

whereas you know you may be 10 miles

1021

00:35:03,589 --> 00:35:02,000

away 20 miles away

1022

00:35:04,950 --> 00:35:03,599

and you may still get that data from

1023

00:35:05,750 --> 00:35:04,960

somewhere else just because of the

1024

00:35:08,150 --> 00:35:05,760

equipment

1025

00:35:09,270 --> 00:35:08,160

it may not be necessary to the the

1026

00:35:12,470 --> 00:35:09,280

prayer and stuff

1027

00:35:14,150 --> 00:35:12,480

um i kind of understand that to a degree

1028

00:35:16,390 --> 00:35:14,160

but then i think they know what they're

1029

00:35:18,150 --> 00:35:16,400

doing with travis taylor and stuff like

1030

00:35:20,310 --> 00:35:18,160

that so i don't know

1031

00:35:21,910 --> 00:35:20,320

well they were meant to be a website

1032

00:35:23,589 --> 00:35:21,920

portal pro wasn't there that would kind

1033

00:35:25,349 --> 00:35:23,599

of house all the data that we saw in the

1034

00:35:26,950 --> 00:35:25,359

show but

1035

00:35:28,710 --> 00:35:26,960

without that there's no way to

1036

00:35:30,069 --> 00:35:28,720

corroborate what we're seeing on screen

1037

00:35:31,750 --> 00:35:30,079

and it would it would go like you said

1038

00:35:32,150 --> 00:35:31,760

it would go a long way to er it would

1039

00:35:36,230 --> 00:35:32,160

really

1040

00:35:40,630 --> 00:35:36,240

he's

1041

00:35:43,670 --> 00:35:40,640

speak to you kind of

1042

00:35:44,310 --> 00:35:43,680

thing it's worth mentioning that it's

1043

00:35:46,550 --> 00:35:44,320

only been

1044

00:35:47,829 --> 00:35:46,560

broadcast in the states at the moment

1045

00:35:48,550 --> 00:35:47,839

but it is going to be on the history

1046

00:35:51,589 --> 00:35:48,560

channel

1047

00:35:53,990 --> 00:35:51,599

um in august august

1048

00:35:54,950 --> 00:35:54,000

9th i think to be honest as well i think

1049

00:35:56,870 --> 00:35:54,960

bran

1050

00:35:58,710 --> 00:35:56,880

did an interview um from when we're

1051
00:36:00,470 --> 00:35:58,720
doing this live last night on coast to

1052
00:36:01,990 --> 00:36:00,480
coast with george knapp and i've yet to

1053
00:36:03,829 --> 00:36:02,000
hear that so maybe

1054
00:36:05,990 --> 00:36:03,839
um he did allude to talking about

1055
00:36:08,630 --> 00:36:06,000
investigations current

1056
00:36:09,430 --> 00:36:08,640
now i asked him the question today is

1057
00:36:12,390 --> 00:36:09,440
that

1058
00:36:13,030 --> 00:36:12,400
current as in season two the end of or

1059
00:36:15,670 --> 00:36:13,040
is it stuff

1060
00:36:17,430 --> 00:36:15,680
since then i think i think that's what

1061
00:36:17,750 --> 00:36:17,440
needs to be clarified a little bit you

1062
00:36:22,390 --> 00:36:17,760
know

1063
00:36:23,910 --> 00:36:22,400

stuff and then come back but

1064

00:36:25,910 --> 00:36:23,920

i think the time scale they should just

1065

00:36:26,470 --> 00:36:25,920

leave the cameras on and let us watch

1066

00:36:29,589 --> 00:36:26,480

them

1067

00:36:31,589 --> 00:36:29,599

i would happily just sit there you know

1068

00:36:33,190 --> 00:36:31,599

i would buy a screen and that would be

1069

00:36:36,710 --> 00:36:33,200

my skinwalker screen

1070

00:36:37,910 --> 00:36:36,720

i completely agree on yeah

1071

00:36:39,430 --> 00:36:37,920

i mean what i want to know is what

1072

00:36:39,840 --> 00:36:39,440

happened to the alpacas that they had

1073

00:36:41,670 --> 00:36:39,850

there

1074

00:36:44,470 --> 00:36:41,680

[Laughter]

1075

00:36:45,829 --> 00:36:44,480

because in the first series we saw them

1076

00:36:48,710 --> 00:36:45,839

being attacked by something

1077

00:36:49,510 --> 00:36:48,720

and then you know they're not there

1078

00:36:52,390 --> 00:36:49,520

anymore

1079

00:36:54,230 --> 00:36:52,400

well that was the one bit that um i

1080

00:36:56,230 --> 00:36:54,240

think was thomas where he said that he

1081

00:36:57,270 --> 00:36:56,240

thought they they kind of drummed up the

1082

00:36:58,630 --> 00:36:57,280

drama a bit

1083

00:37:00,310 --> 00:36:58,640

um and it was the only bit he found

1084

00:37:03,109 --> 00:37:00,320

distasteful because it

1085

00:37:03,750 --> 00:37:03,119

he said it was basically just a predator

1086

00:37:06,310 --> 00:37:03,760

attack

1087

00:37:07,430 --> 00:37:06,320

so you know i'm jumping to conclusions

1088

00:37:08,790 --> 00:37:07,440

but i would imagine they

1089

00:37:11,190 --> 00:37:08,800

just moved them off because they were

1090

00:37:12,630 --> 00:37:11,200

more susceptible than they thought

1091

00:37:14,710 --> 00:37:12,640

yeah but the thing is as well we've seen

1092

00:37:17,990 --> 00:37:14,720

interviews with dragon

1093

00:37:19,750 --> 00:37:18,000

a lot outside of the show and stuff

1094

00:37:21,349 --> 00:37:19,760

and even a few things with brandon fogle

1095

00:37:23,109 --> 00:37:21,359

but

1096

00:37:25,190 --> 00:37:23,119

not heard so much from thomas winterton

1097

00:37:28,390 --> 00:37:25,200

as much so i think it's a little bit

1098

00:37:30,630 --> 00:37:28,400

difficult to really pinpoint

1099

00:37:32,230 --> 00:37:30,640

where the facts are coming from and i

1100

00:37:33,589 --> 00:37:32,240

know brandon fogle has said that

1101

00:37:35,109 --> 00:37:33,599

what you see on the screen from the

1102

00:37:35,990 --> 00:37:35,119

series really is the fact they don't

1103

00:37:38,230 --> 00:37:36,000

gloss over anything

1104

00:37:39,190 --> 00:37:38,240

they don't dramatize it or hype it up

1105

00:37:40,710 --> 00:37:39,200

but then

1106

00:37:43,190 --> 00:37:40,720

you know all you have to do is take that

1107

00:37:44,470 --> 00:37:43,200

on faith and is that enough

1108

00:37:47,270 --> 00:37:44,480

is that enough of course it's going to

1109

00:37:48,790 --> 00:37:47,280

be dramatization it's a tv show

1110

00:37:51,030 --> 00:37:48,800

that's the bit that gets me i'm afraid

1111

00:37:53,270 --> 00:37:51,040

from to be honest i haven't seen the

1112

00:37:55,829 --> 00:37:53,280

first episode the first series at all

1113

00:37:57,349 --> 00:37:55,839

um and i've only seen the second the

1114

00:37:57,990 --> 00:37:57,359

first three or four from the second

1115

00:38:03,030 --> 00:37:58,000

series

1116

00:38:07,270 --> 00:38:06,310

so um and i got to be honest

1117

00:38:08,950 --> 00:38:07,280

there's a couple of them i got a bit

1118

00:38:10,870 --> 00:38:08,960

bored with and i got a bit frustrated

1119

00:38:12,190 --> 00:38:10,880

with because i don't like this kind of

1120

00:38:14,069 --> 00:38:12,200

history channel

1121

00:38:15,190 --> 00:38:14,079

dramatization and the kind of thing

1122

00:38:17,829 --> 00:38:15,200

where they look at each other

1123

00:38:21,510 --> 00:38:17,839

and then there's a bit of a silence that

1124

00:38:25,750 --> 00:38:24,069

after the break after they decide the

1125

00:38:26,150 --> 00:38:25,760

male model kind of poses from the map

1126

00:38:28,870 --> 00:38:26,160

from the

1127

00:38:30,470 --> 00:38:28,880

the old catalogues going hmm like this

1128

00:38:32,550 --> 00:38:30,480

kind of stuff and it really just pisses

1129

00:38:35,349 --> 00:38:32,560

me off i'm afraid

1130

00:38:37,270 --> 00:38:35,359

and then it's frustrating you hear you

1131

00:38:39,589 --> 00:38:37,280

hear brandon fugal say that

1132

00:38:41,589 --> 00:38:39,599

the cameras are just there they don't

1133

00:38:42,950 --> 00:38:41,599

they don't make us do anything it's like

1134

00:38:45,270 --> 00:38:42,960

yeah at the same time you've got to

1135

00:38:46,230 --> 00:38:45,280

realize it's a tv show so of course

1136

00:38:47,910 --> 00:38:46,240

they're gonna be dropped there's gonna

1137

00:38:48,870 --> 00:38:47,920

be acting there's gonna be dramatization

1138

00:38:50,630 --> 00:38:48,880

it's part it's it's

1139

00:38:52,069 --> 00:38:50,640

it's it's part and parcel of the job

1140

00:38:53,910 --> 00:38:52,079

unfortunately on tv

1141

00:38:55,270 --> 00:38:53,920

so so i'll be the bad boy in the room

1142

00:38:55,990 --> 00:38:55,280

and i'll take all the flack for all the

1143

00:38:57,430 --> 00:38:56,000

negative

1144

00:39:02,950 --> 00:38:57,440

sort of comments about it that's fine i

1145

00:39:08,310 --> 00:39:06,230

let's keep the uh the focus on you then

1146

00:39:09,349 --> 00:39:08,320

one thing i did like one thing i did

1147

00:39:11,190 --> 00:39:09,359

want to talk to you about and i'm going

1148

00:39:12,230 --> 00:39:11,200

to completely flip the script and change

1149

00:39:14,069 --> 00:39:12,240

the subject

1150

00:39:16,710 --> 00:39:14,079

and bring it on to something that you've

1151
00:39:17,190 --> 00:39:16,720
talked about a few times is the calvine

1152
00:39:20,790 --> 00:39:17,200
case

1153
00:39:21,990 --> 00:39:20,800
oh yes okay so what i get from the

1154
00:39:25,349 --> 00:39:22,000
carving case is

1155
00:39:26,870 --> 00:39:25,359
that we know that it's um or we did know

1156
00:39:30,390 --> 00:39:26,880
or thought we knew

1157
00:39:33,990 --> 00:39:30,400
that it has been re classified to

1158
00:39:35,270 --> 00:39:34,000
2072 which i now believe is 2076.

1159
00:39:37,109 --> 00:39:35,280
according to strafe wilson in the

1160
00:39:39,270 --> 00:39:37,119
document that he used from the

1161
00:39:40,790 --> 00:39:39,280
d which is shared at the weekend yes

1162
00:39:43,030 --> 00:39:40,800
2076 now

1163
00:39:44,630 --> 00:39:43,040

and that's come out of nowhere it has

1164

00:39:45,750 --> 00:39:44,640

but what what what what seems to be the

1165

00:39:47,670 --> 00:39:45,760

case is that all that

1166

00:39:49,190 --> 00:39:47,680

all that does is protect the identities

1167

00:39:52,230 --> 00:39:49,200

of the people rather than

1168

00:39:53,829 --> 00:39:52,240

rather than the photographer evidence

1169

00:39:55,430 --> 00:39:53,839

it's the guys who actually took the

1170

00:39:58,630 --> 00:39:55,440

photo themselves so my

1171

00:40:01,030 --> 00:39:58,640

question now is is it even real

1172

00:40:03,030 --> 00:40:01,040

you know but yeah i mean i've talked

1173

00:40:04,550 --> 00:40:03,040

with dr david clarke who

1174

00:40:07,190 --> 00:40:04,560

helped me with with a part of the

1175

00:40:09,589 --> 00:40:07,200

article about that particular issue

1176

00:40:10,630 --> 00:40:09,599

about why it's been sort of sort of

1177

00:40:13,829 --> 00:40:10,640

closed down until

1178

00:40:15,510 --> 00:40:13,839

well 20 76 now um now he seems to

1179

00:40:17,349 --> 00:40:15,520

believe it's simply just

1180

00:40:18,630 --> 00:40:17,359

in terms of gdpr you know the data

1181

00:40:20,870 --> 00:40:18,640

protection yeah and

1182

00:40:22,550 --> 00:40:20,880

making sure that their identity and

1183

00:40:24,390 --> 00:40:22,560

their names addresses

1184

00:40:26,069 --> 00:40:24,400

aren't released to the public make sure

1185

00:40:28,069 --> 00:40:26,079

they're dead

1186

00:40:29,349 --> 00:40:28,079

well yeah in essence yes because after

1187

00:40:31,190 --> 00:40:29,359

that time then they're going to be

1188

00:40:32,710 --> 00:40:31,200

there could be a dead already and i say

1189

00:40:34,710 --> 00:40:32,720

as much in the shadows article

1190

00:40:36,150 --> 00:40:34,720

that you know they may have passed away

1191

00:40:36,950 --> 00:40:36,160

and there have been attempts to try and

1192

00:40:38,710 --> 00:40:36,960

contact them

1193

00:40:40,150 --> 00:40:38,720

straight straight wilson himself has

1194

00:40:42,630 --> 00:40:40,160

been one of the people who has tried

1195

00:40:44,390 --> 00:40:42,640

to reach out violent local media where

1196

00:40:45,109 --> 00:40:44,400

he lives to try and get them to come

1197

00:40:46,790 --> 00:40:45,119

forward

1198

00:40:48,230 --> 00:40:46,800

and of course you can think of various

1199

00:40:50,550 --> 00:40:48,240

reasons why

1200

00:40:51,430 --> 00:40:50,560

they may not want to come forward you

1201

00:40:53,589 --> 00:40:51,440

know i mean

1202

00:40:55,270 --> 00:40:53,599

the fivers here could come up with i'm

1203

00:40:57,430 --> 00:40:55,280

sure some very very plausible

1204

00:40:59,589 --> 00:40:57,440

explanations to why two people on a

1205

00:41:01,829 --> 00:40:59,599

hillside might not want to come forward

1206

00:41:03,750 --> 00:41:01,839

but you know but that's that's all just

1207

00:41:04,550 --> 00:41:03,760

hearsay conjecture you know call it what

1208

00:41:06,710 --> 00:41:04,560

you will

1209

00:41:07,829 --> 00:41:06,720

um the true story this true story may

1210

00:41:08,950 --> 00:41:07,839

never be known

1211

00:41:10,710 --> 00:41:08,960

you know there's a whole lot of other

1212

00:41:11,109 --> 00:41:10,720

stuff floating around in terms of like

1213

00:41:13,750 --> 00:41:11,119

you know

1214

00:41:15,670 --> 00:41:13,760

disagreements between the the the um the

1215

00:41:16,630 --> 00:41:15,680

mod and the americans over what this

1216

00:41:18,069 --> 00:41:16,640

might have been

1217

00:41:19,510 --> 00:41:18,079

so there's a whole lot which i didn't

1218

00:41:21,190 --> 00:41:19,520

really go into in the article because

1219

00:41:23,990 --> 00:41:21,200

it's like again it's all kind of

1220

00:41:25,270 --> 00:41:24,000

it's a bit sort of up in the air uh to

1221

00:41:27,190 --> 00:41:25,280

kind of phrase but

1222

00:41:28,950 --> 00:41:27,200

there's a there is a lot going on with

1223

00:41:30,309 --> 00:41:28,960

it and but there's also

1224

00:41:32,710 --> 00:41:30,319

sort of disagreements about the

1225

00:41:33,510 --> 00:41:32,720

photographs because apparently it's only

1226

00:41:35,670 --> 00:41:33,520

the negatives are

1227

00:41:36,790 --> 00:41:35,680

really investigated the photographs have

1228

00:41:39,349 --> 00:41:36,800

been lost

1229

00:41:40,950 --> 00:41:39,359

so of course the negatives um the mods

1230

00:41:42,390 --> 00:41:40,960

say they pass it back to the record

1231

00:41:44,630 --> 00:41:42,400

the records say they've never received

1232

00:41:45,109 --> 00:41:44,640

them again uh but why did the record

1233

00:41:46,710 --> 00:41:45,119

just pass

1234

00:41:47,670 --> 00:41:46,720

everything to them in the first place

1235

00:41:49,270 --> 00:41:47,680

you know because they asked him for a

1236

00:41:50,870 --> 00:41:49,280

comment and the model said oh can you

1237

00:41:53,510 --> 00:41:50,880

send us the information oh yeah here you

1238

00:41:54,950 --> 00:41:53,520

go and just pass it through

1239

00:41:56,710 --> 00:41:54,960

what about the statement that it was a

1240

00:41:58,710 --> 00:41:56,720

poster on the wall when

1241

00:41:59,910 --> 00:41:58,720

nick was there well there's a there's

1242

00:42:02,950 --> 00:41:59,920

another phrase and

1243

00:42:05,829 --> 00:42:02,960

you know yeah yeah

1244

00:42:06,630 --> 00:42:05,839

there's some um some interesting faces

1245

00:42:09,750 --> 00:42:06,640

developing around

1246

00:42:11,030 --> 00:42:09,760

around the puddle here um yeah we don't

1247

00:42:14,390 --> 00:42:11,040

know about that

1248

00:42:16,230 --> 00:42:14,400

so the legend that uh mr pope has said

1249

00:42:18,390 --> 00:42:16,240

is that he had this huge

1250

00:42:19,589 --> 00:42:18,400

enlargement on his wall yeah of the

1251

00:42:22,390 --> 00:42:19,599

photograph

1252

00:42:23,750 --> 00:42:22,400

now you could presumably take i mean you

1253

00:42:24,950 --> 00:42:23,760

can take a picture as long as you've

1254

00:42:26,470 --> 00:42:24,960

done this kind of photography but you

1255

00:42:28,309 --> 00:42:26,480

can take a picture from a negative

1256

00:42:30,069 --> 00:42:28,319

and blow and you know enlarge it so it

1257

00:42:31,510 --> 00:42:30,079

could be that way but it could also be

1258

00:42:33,190 --> 00:42:31,520

just done from a photograph so

1259

00:42:35,990 --> 00:42:33,200

and apparently photographs and negatives

1260

00:42:37,990 --> 00:42:36,000

did go there but one way or another

1261

00:42:40,230 --> 00:42:38,000

it disappeared if of course it was ever

1262

00:42:42,309 --> 00:42:40,240

on the wall in the first place so

1263

00:42:44,550 --> 00:42:42,319

i mean we i spoke to nick with uh max

1264

00:42:46,150 --> 00:42:44,560

muskowitz about a week ago and he said

1265

00:42:50,710 --> 00:42:46,160

that

1266

00:42:53,030 --> 00:42:50,720

the wall we didn't really realize and

1267

00:42:53,750 --> 00:42:53,040

we just got told to take it down and it

1268

00:42:55,670 --> 00:42:53,760

just

1269

00:42:57,510 --> 00:42:55,680

sounds a little bit blasey that's not

1270

00:42:59,510 --> 00:42:57,520

the story yeah he's told a different

1271

00:43:01,349 --> 00:42:59,520

story because he said he's manager

1272

00:43:03,270 --> 00:43:01,359

but he came in one day and it was in his

1273

00:43:05,510 --> 00:43:03,280

manager and put it in his drawer

1274

00:43:06,710 --> 00:43:05,520

and folded it up so there there's

1275

00:43:09,510 --> 00:43:06,720

various kind of

1276

00:43:11,270 --> 00:43:09,520

stories around but they're essentially

1277

00:43:12,870 --> 00:43:11,280

the same thing but not quite

1278

00:43:14,630 --> 00:43:12,880

so you know it comes down to well

1279

00:43:18,069 --> 00:43:14,640

actually what is the true story

1280

00:43:20,390 --> 00:43:18,079

i mean i i i get the point where i

1281

00:43:22,309 --> 00:43:20,400

probably don't doubt that he's seen it

1282

00:43:23,670 --> 00:43:22,319

somehow because i think he might well

1283

00:43:32,150 --> 00:43:23,680

have uh

1284

00:43:36,550 --> 00:43:33,990

in the past week that people have sent

1285

00:43:39,510 --> 00:43:36,560

to me that

1286

00:43:41,030 --> 00:43:39,520

it make you really question that

1287

00:43:42,630 --> 00:43:41,040

statement that he made about yeah it was

1288

00:43:43,750 --> 00:43:42,640

just a poster on the wall we got told to

1289

00:43:46,710 --> 00:43:43,760

take it down

1290

00:43:47,829 --> 00:43:46,720

it's it's not as simple as that and it

1291

00:43:48,870 --> 00:43:47,839

makes me wonder

1292

00:43:51,349 --> 00:43:48,880

that's probably as far as i'm going to

1293

00:43:54,390 --> 00:43:51,359

go with that statement so dad yeah

1294

00:43:57,109 --> 00:43:54,400

he's kind of you know

1295

00:43:57,829 --> 00:43:57,119

he he well the i didn't see the meteor

1296

00:44:00,550 --> 00:43:57,839

and

1297

00:44:02,150 --> 00:44:00,560

he's built for himself is the the uk's

1298

00:44:05,510 --> 00:44:02,160

real life fox mulder

1299

00:44:07,990 --> 00:44:05,520

yeah and that poster on malda's wall was

1300

00:44:09,829 --> 00:44:08,000

it's iconic you know you see it you know

1301
00:44:12,790 --> 00:44:09,839
exactly what show it's from

1302
00:44:13,829 --> 00:44:12,800
um and most people who probably never

1303
00:44:15,670 --> 00:44:13,839
watched the show would

1304
00:44:17,589 --> 00:44:15,680
kind of know where it was from as well

1305
00:44:20,870 --> 00:44:17,599
um so so i think it's just

1306
00:44:23,589 --> 00:44:20,880
kind of one of these little pieces of

1307
00:44:25,910 --> 00:44:23,599
myth indulged in narrative to kind of

1308
00:44:28,069 --> 00:44:25,920
bolster a bigger story you know

1309
00:44:28,950 --> 00:44:28,079
but not maliciously so i don't think

1310
00:44:30,950 --> 00:44:28,960
just

1311
00:44:33,109 --> 00:44:30,960
a little piece you know yeah no there's

1312
00:44:36,470 --> 00:44:33,119
the other story as well that

1313
00:44:38,230 --> 00:44:36,480

the modf offices are so supposed to be

1314

00:44:39,990 --> 00:44:38,240

kept so clinical that you're not allowed

1315

00:44:41,510 --> 00:44:40,000

any personal effects or

1316

00:44:43,030 --> 00:44:41,520

you know not allowed to put posters up

1317

00:44:45,270 --> 00:44:43,040

on your wall or

1318

00:44:46,230 --> 00:44:45,280

you know any kind of decorative elements

1319

00:44:49,270 --> 00:44:46,240

that

1320

00:44:52,470 --> 00:44:49,280

humanize the office yeah

1321

00:44:56,150 --> 00:44:52,480

um you know a bit like the tva in

1322

00:44:59,349 --> 00:44:56,160

the loki series oh yeah supposed to be

1323

00:44:59,990 --> 00:44:59,359

clean and that's it so that's the other

1324

00:45:01,670 --> 00:45:00,000

reason

1325

00:45:03,910 --> 00:45:01,680

that it may have been taken down is

1326
00:45:04,710 --> 00:45:03,920
because you're not allowed any crap on

1327
00:45:06,309 --> 00:45:04,720
the wall

1328
00:45:08,230 --> 00:45:06,319
yeah but when we get into that realm of

1329
00:45:09,190 --> 00:45:08,240
speculation it just becomes another

1330
00:45:12,550 --> 00:45:09,200
story in the

1331
00:45:16,950 --> 00:45:12,560
in another year in another

1332
00:45:18,950 --> 00:45:16,960
realm of what it is this story has so

1333
00:45:20,150 --> 00:45:18,960
many things wrong with it i mean i don't

1334
00:45:22,870 --> 00:45:20,160
mean wrong in terms of

1335
00:45:24,069 --> 00:45:22,880
it's a hoax just that there's there's

1336
00:45:25,430 --> 00:45:24,079
problems about the witnesses

1337
00:45:27,829 --> 00:45:25,440
the fact that they've got they've never

1338
00:45:28,950 --> 00:45:27,839

come forward yeah so you have to work

1339

00:45:31,109 --> 00:45:28,960

you have to wonder about

1340

00:45:33,430 --> 00:45:31,119

what's the story with them there's a

1341

00:45:34,069 --> 00:45:33,440

story of the craft itself whether it is

1342

00:45:36,550 --> 00:45:34,079

something

1343

00:45:37,910 --> 00:45:36,560

you know extraterrestrial or terrestrial

1344

00:45:40,470 --> 00:45:37,920

or just something mundane

1345

00:45:42,150 --> 00:45:40,480

albeit very very secret and is it

1346

00:45:44,710 --> 00:45:42,160

american was it ours

1347

00:45:46,390 --> 00:45:44,720

why were there why were the raf aircraft

1348

00:45:48,069 --> 00:45:46,400

in concert with it or were they in

1349

00:45:49,750 --> 00:45:48,079

concert with it where they just

1350

00:45:51,349 --> 00:45:49,760

happened to be in the area but why were

1351
00:45:53,270 --> 00:45:51,359
they flying around a part of scotland at

1352
00:45:55,670 --> 00:45:53,280
a low level on a saturday night

1353
00:45:57,030 --> 00:45:55,680
that makes no sense whatsoever and they

1354
00:45:58,069 --> 00:45:57,040
weren't coming back from an air show or

1355
00:45:59,750 --> 00:45:58,079
anything because they wouldn't that

1356
00:46:01,670 --> 00:45:59,760
wouldn't be the route they'd use

1357
00:46:03,510 --> 00:46:01,680
so it was a weird place i've actually

1358
00:46:05,990 --> 00:46:03,520
put a fire in from

1359
00:46:07,750 --> 00:46:06,000
recently just for the um into the low

1360
00:46:09,430 --> 00:46:07,760
flying cell or the low flying squadron

1361
00:46:10,630 --> 00:46:09,440
which books slots for low flying in

1362
00:46:12,150 --> 00:46:10,640
parts of the country

1363
00:46:13,990 --> 00:46:12,160

uh to see whether they've got any kind

1364

00:46:16,390 --> 00:46:14,000

of records they can give me for that

1365

00:46:17,589 --> 00:46:16,400

particular day uh just so i can maybe

1366

00:46:20,309 --> 00:46:17,599

build up some kind of picture

1367

00:46:21,829 --> 00:46:20,319

i don't expect anything uh i'm sure i

1368

00:46:23,190 --> 00:46:21,839

can i can come up with excuses why they

1369

00:46:24,309 --> 00:46:23,200

wouldn't give me the information but

1370

00:46:27,190 --> 00:46:24,319

it's worth a try

1371

00:46:28,950 --> 00:46:27,200

sure i've i've heard controversies on a

1372

00:46:30,470 --> 00:46:28,960

similar scale with with the crossfit

1373

00:46:32,630 --> 00:46:30,480

incident as well

1374

00:46:33,670 --> 00:46:32,640

because of that kind of you know you get

1375

00:46:36,550 --> 00:46:33,680

to that level of

1376

00:46:38,230 --> 00:46:36,560

possibility but lack of evidence yeah

1377

00:46:41,430 --> 00:46:38,240

then i've heard

1378

00:46:43,109 --> 00:46:41,440

through people about the discomfort of

1379

00:46:44,470 --> 00:46:43,119

the testimony from the witnesses who

1380

00:46:46,710 --> 00:46:44,480

were there through the military saying

1381

00:46:49,750 --> 00:46:48,710

again i i don't mean to i'm not calling

1382

00:46:51,430 --> 00:46:49,760

out nick pope but

1383

00:46:53,430 --> 00:46:51,440

he's misinterpreted something of what

1384

00:46:54,870 --> 00:46:53,440

they've said as well and i know that's a

1385

00:46:56,470 --> 00:46:54,880

case where it's

1386

00:46:58,390 --> 00:46:56,480

it's not it's not got definitive

1387

00:47:00,150 --> 00:46:58,400

evidence or anything and it's

1388

00:47:01,430 --> 00:47:00,160

so many years have gone by that it

1389

00:47:03,750 --> 00:47:01,440

becomes kind of

1390

00:47:04,470 --> 00:47:03,760

storytelling rather than factual

1391

00:47:06,230 --> 00:47:04,480

information

1392

00:47:07,750 --> 00:47:06,240

um i don't know if you know anything

1393

00:47:10,390 --> 00:47:07,760

about that graham but

1394

00:47:11,109 --> 00:47:10,400

yeah i've i've heard the the story about

1395

00:47:13,109 --> 00:47:11,119

it i've also

1396

00:47:14,950 --> 00:47:13,119

got a book up here which tells a little

1397

00:47:15,829 --> 00:47:14,960

bit more about it which i reviewed for

1398

00:47:17,910 --> 00:47:15,839

shadows

1399

00:47:19,750 --> 00:47:17,920

um but again it's one of those ones

1400

00:47:20,150 --> 00:47:19,760

where you know you've got all these bits

1401
00:47:22,230 --> 00:47:20,160
where

1402
00:47:23,190 --> 00:47:22,240
you say you can't verify them you can't

1403
00:47:26,150 --> 00:47:23,200
cooperate

1404
00:47:26,950 --> 00:47:26,160
and it's just you've got you hit a dead

1405
00:47:29,670 --> 00:47:26,960
end

1406
00:47:31,270 --> 00:47:29,680
you do really don't you you get to a

1407
00:47:33,670 --> 00:47:31,280
point where you can't go any further

1408
00:47:35,030 --> 00:47:33,680
um you're a brick wall because the mod

1409
00:47:36,870 --> 00:47:35,040
won't give the information

1410
00:47:38,309 --> 00:47:36,880
or can't give you information whatever

1411
00:47:40,150 --> 00:47:38,319
whichever way around it is

1412
00:47:41,349 --> 00:47:40,160
and you just come to a just come to a

1413
00:47:42,950 --> 00:47:41,359

grinding halt

1414

00:47:44,069 --> 00:47:42,960

uh if you go back to calvinist sorry

1415

00:47:44,710 --> 00:47:44,079

i'll just go back to california for a

1416

00:47:46,069 --> 00:47:44,720

second

1417

00:47:47,990 --> 00:47:46,079

you know you've got all those official

1418

00:47:49,750 --> 00:47:48,000

styles that came out

1419

00:47:51,750 --> 00:47:49,760

but they don't really tell you anything

1420

00:47:53,750 --> 00:47:51,760

you've got that one little hint about

1421

00:47:55,910 --> 00:47:53,760

you know the the the talk to jarek

1422

00:47:57,670 --> 00:47:55,920

and they talked to four squadron about

1423

00:47:59,349 --> 00:47:57,680

the actual image to see what kind of

1424

00:47:59,829 --> 00:47:59,359

aircraft it was but as i was talking on

1425

00:48:02,150 --> 00:47:59,839

you

1426
00:48:02,950 --> 00:48:02,160
on um unidentified celebrity review on

1427
00:48:05,349 --> 00:48:02,960
friday night

1428
00:48:05,990 --> 00:48:05,359
you know it was a kind of well did the

1429
00:48:07,589 --> 00:48:06,000
mod not

1430
00:48:09,190 --> 00:48:07,599
know which aircraft they were you know

1431
00:48:10,630 --> 00:48:09,200
why were they doing this investigation

1432
00:48:11,270 --> 00:48:10,640
to try and find out which harriers are

1433
00:48:13,190 --> 00:48:11,280
involved

1434
00:48:15,829 --> 00:48:13,200
should they not know themselves and just

1435
00:48:17,829 --> 00:48:15,839
hide it why they're making this kind of

1436
00:48:20,549 --> 00:48:17,839
this fiction about trying to find out

1437
00:48:24,470 --> 00:48:22,309
from that dysfunction doesn't make sense

1438
00:48:26,309 --> 00:48:24,480

because it doesn't to me

1439

00:48:27,829 --> 00:48:26,319

where they are and why they're there and

1440

00:48:29,349 --> 00:48:27,839

i tried to work out whether they were us

1441

00:48:31,349 --> 00:48:29,359

marine corps harriers because as two

1442

00:48:32,069 --> 00:48:31,359

other air arms fly that fly that that

1443

00:48:33,510 --> 00:48:32,079

the harrier

1444

00:48:35,270 --> 00:48:33,520

and it was the us marine corps or the

1445

00:48:36,790 --> 00:48:35,280

spanish navy and

1446

00:48:39,430 --> 00:48:36,800

as far as i'm aware and i mean i've got

1447

00:48:39,910 --> 00:48:39,440

records that go back to 1919 of uh which

1448

00:48:42,390 --> 00:48:39,920

like in

1449

00:48:43,670 --> 00:48:42,400

aircraft enthusiast magazines which are

1450

00:48:45,349 --> 00:48:43,680

basically your spotters

1451
00:48:46,950 --> 00:48:45,359
you know for one of a better phrase but

1452
00:48:48,710 --> 00:48:46,960
they're really talented people in terms

1453
00:48:50,870 --> 00:48:48,720
of getting writing down information

1454
00:48:52,230 --> 00:48:50,880
and knowing stuff about bases and i know

1455
00:48:54,230 --> 00:48:52,240
some of these people anyway from

1456
00:48:56,309 --> 00:48:54,240
my days you know in researching and

1457
00:48:58,549 --> 00:48:56,319
photographing aircraft back then

1458
00:48:59,910 --> 00:48:58,559
so i had i had no idea that so we're

1459
00:49:01,109 --> 00:48:59,920
talking about harrier jump sets that

1460
00:49:02,630 --> 00:49:01,119
weren't british we had

1461
00:49:04,150 --> 00:49:02,640
spa could yeah but that's that's a

1462
00:49:05,589 --> 00:49:04,160
possibility i mean you've got to chase

1463
00:49:07,670 --> 00:49:05,599

down all these possibilities

1464

00:49:09,670 --> 00:49:07,680

just because you know the harriers

1465

00:49:11,510 --> 00:49:09,680

everybody assumes that they're rf

1466

00:49:13,030 --> 00:49:11,520

well that's not neces that's not

1467

00:49:15,109 --> 00:49:13,040

necessarily the case

1468

00:49:16,309 --> 00:49:15,119

because funnily enough at the time there

1469

00:49:18,390 --> 00:49:16,319

was a u.s um

1470

00:49:19,510 --> 00:49:18,400

marine corps outfit offer an assault

1471

00:49:22,630 --> 00:49:19,520

carrier in

1472

00:49:25,349 --> 00:49:22,640

um of west africa

1473

00:49:26,950 --> 00:49:25,359

about that kind of time so i'm not

1474

00:49:28,470 --> 00:49:26,960

saying they were involved but you know

1475

00:49:30,230 --> 00:49:28,480

these are the possibilities

1476

00:49:31,750 --> 00:49:30,240

that you've got to chase down and you've

1477

00:49:33,109 --> 00:49:31,760

got to rule out

1478

00:49:34,309 --> 00:49:33,119

you know it's it's like all it's the

1479

00:49:35,349 --> 00:49:34,319

sherlock holmes thing isn't it you're

1480

00:49:36,630 --> 00:49:35,359

going to rule everything out until

1481

00:49:38,470 --> 00:49:36,640

what's left is the

1482

00:49:40,069 --> 00:49:38,480

you know is the option kind of thing so

1483

00:49:40,390 --> 00:49:40,079

i think that's what i what i've seen

1484

00:49:42,230 --> 00:49:40,400

from

1485

00:49:43,829 --> 00:49:42,240

both the calvin and the cosford case is

1486

00:49:46,069 --> 00:49:43,839

that people get to that level where it

1487

00:49:47,750 --> 00:49:46,079

becomes a little bit blurred

1488

00:49:49,349 --> 00:49:47,760

so they go with the data to that level

1489

00:49:50,309 --> 00:49:49,359

but then when they when they hit that

1490

00:49:51,829 --> 00:49:50,319

brick wall they then

1491

00:49:53,270 --> 00:49:51,839

jump into they'll try to jump into

1492

00:49:54,710 --> 00:49:53,280

something else they jump into just

1493

00:49:55,030 --> 00:49:54,720

something well i'm going to believe that

1494

00:49:57,670 --> 00:49:55,040

next

1495

00:49:58,390 --> 00:49:57,680

step to the case itself you know it goes

1496

00:50:02,470 --> 00:49:58,400

to

1497

00:50:03,750 --> 00:50:02,480

factual data and something and that's

1498

00:50:05,430 --> 00:50:03,760

what

1499

00:50:07,430 --> 00:50:05,440

becomes the issue because then people

1500

00:50:09,910 --> 00:50:07,440

then spread information based on

1501
00:50:11,510 --> 00:50:09,920
something that is beyond the evidence

1502
00:50:13,670 --> 00:50:11,520
and the brick wall that we all kind of

1503
00:50:16,150 --> 00:50:13,680
seem to hit when we do that research and

1504
00:50:16,790 --> 00:50:16,160
i mean i find that frustrating because

1505
00:50:18,630 --> 00:50:16,800
yeah i see

1506
00:50:20,390 --> 00:50:18,640
i see that every day unfortunately it's

1507
00:50:21,589 --> 00:50:20,400
part and possibility it is yeah very

1508
00:50:23,030 --> 00:50:21,599
possibly

1509
00:50:24,470 --> 00:50:23,040
i've stopped responding to it because

1510
00:50:26,150 --> 00:50:24,480
it's not my job to kind of correct

1511
00:50:27,510 --> 00:50:26,160
people anymore it's kind of like do your

1512
00:50:30,549 --> 00:50:27,520
research

1513
00:50:35,190 --> 00:50:33,510

i think with the cosford case um people

1514

00:50:39,270 --> 00:50:35,200

should go and look at david clarke's

1515

00:50:40,309 --> 00:50:39,280

website drdavidclark.com.uk because he's

1516

00:50:42,950 --> 00:50:40,319

done a very good

1517

00:50:44,549 --> 00:50:42,960

breakdown of the cosplay incident i keep

1518

00:50:45,829 --> 00:50:44,559

getting told about dr david clark he's

1519

00:50:48,710 --> 00:50:45,839

in the same city as me i think it's

1520

00:50:54,950 --> 00:50:48,720

about time i really reached out to him

1521

00:50:56,390 --> 00:50:54,960

my lecturer yeah

1522

00:50:58,630 --> 00:50:56,400

side of things that's why he likes the

1523

00:51:00,710 --> 00:50:58,640

ufo kind of angle because it's all

1524

00:51:02,549 --> 00:51:00,720

to him it's all stories and it's my

1525

00:51:04,150 --> 00:51:02,559

actually modern folklore

1526

00:51:05,750 --> 00:51:04,160

wasn't he the guy that got contacted

1527

00:51:08,549 --> 00:51:05,760

about the uh renaultship case to do with

1528

00:51:10,950 --> 00:51:08,559

the sas hoax and that though

1529

00:51:11,910 --> 00:51:10,960

i think so he was the guy that got

1530

00:51:14,950 --> 00:51:11,920

contacted by

1531

00:51:16,549 --> 00:51:14,960

the sas to say this is the hoax on on

1532

00:51:18,230 --> 00:51:16,559

you know it was the sas that just pulled

1533

00:51:18,950 --> 00:51:18,240

a prank on the british military to do

1534

00:51:21,750 --> 00:51:18,960

with

1535

00:51:23,829 --> 00:51:21,760

shining rights i don't think he put any

1536

00:51:27,030 --> 00:51:23,839

credence behind the witness though

1537

00:51:29,190 --> 00:51:27,040

no but that's the thing oh yeah that had

1538

00:51:31,829 --> 00:51:29,200

no backup to what was said but i think

1539

00:51:33,190 --> 00:51:31,839

he he put it out there initially i think

1540

00:51:34,069 --> 00:51:33,200

there was a little bit of controversy

1541

00:51:35,910 --> 00:51:34,079

there and

1542

00:51:37,670 --> 00:51:35,920

it may be just slightly muddied waters

1543

00:51:39,589 --> 00:51:37,680

and it kind of got left behind but

1544

00:51:40,790 --> 00:51:39,599

when i've looked into that when i looked

1545

00:51:42,950 --> 00:51:40,800

into that that

1546

00:51:45,109 --> 00:51:42,960

theory that that was a possibility it

1547

00:51:47,190 --> 00:51:45,119

always led back to him

1548

00:51:48,710 --> 00:51:47,200

and so knowing that he's down the road

1549

00:51:50,950 --> 00:51:48,720

and i could possibly just

1550

00:51:52,069 --> 00:51:50,960

message him in i've had people go david

1551
00:51:53,190 --> 00:51:52,079
clark's down the road for you why don't

1552
00:51:54,710 --> 00:51:53,200
you speak to him i'm like

1553
00:51:56,630 --> 00:51:54,720
i need to just look a little bit deeper

1554
00:51:59,750 --> 00:51:56,640
into the possibility of

1555
00:52:02,309 --> 00:51:59,760
what he thinks about this um

1556
00:52:03,670 --> 00:52:02,319
case with rental ship with the sas

1557
00:52:05,030 --> 00:52:03,680
because i think he

1558
00:52:07,270 --> 00:52:05,040
he actually put it out to some of the

1559
00:52:09,030 --> 00:52:07,280
mainstream media things

1560
00:52:10,309 --> 00:52:09,040
um and that means yeah i think he was if

1561
00:52:11,829 --> 00:52:10,319
you think he just believed it straight

1562
00:52:14,549 --> 00:52:11,839
away and

1563
00:52:15,829 --> 00:52:14,559

i'm not sure because if people don't

1564

00:52:17,270 --> 00:52:15,839

people don't know

1565

00:52:19,990 --> 00:52:17,280

you know kind of like what we're talking

1566

00:52:23,670 --> 00:52:20,000

about um the sas

1567

00:52:27,030 --> 00:52:23,680

were supposedly tasked with trying to

1568

00:52:30,549 --> 00:52:27,040

infiltrate um bent waters or woodbridge

1569

00:52:32,470 --> 00:52:30,559

in august 1980

1570

00:52:34,069 --> 00:52:32,480

um you know just to test the american

1571

00:52:35,510 --> 00:52:34,079

defense and see if they're aware

1572

00:52:37,270 --> 00:52:35,520

you know see if they're you know on

1573

00:52:38,870 --> 00:52:37,280

their toes which they were and they call

1574

00:52:41,030 --> 00:52:38,880

the sas quite quickly

1575

00:52:44,309 --> 00:52:41,040

yeah so the sas weren't too happy about

1576

00:52:48,390 --> 00:52:44,319

this and the story is that they kind of

1577

00:52:50,150 --> 00:52:48,400

concocted this plan to go back in

1578

00:52:51,670 --> 00:52:50,160

december christmas while it's quiet

1579

00:52:53,750 --> 00:52:51,680

there's a few personnel on the base

1580

00:52:55,349 --> 00:52:53,760

everyone's getting you know enjoying the

1581

00:52:57,030 --> 00:52:55,359

festive season

1582

00:52:59,990 --> 00:52:57,040

and they were supposed to go in there

1583

00:53:02,309 --> 00:53:00,000

with like flares and torches and

1584

00:53:04,230 --> 00:53:02,319

you know all this kind of stuff just to

1585

00:53:07,750 --> 00:53:04,240

yeah as you say prank the americans

1586

00:53:09,670 --> 00:53:07,760

but whether that actually happened

1587

00:53:11,670 --> 00:53:09,680

who knows we've only got this one guy

1588

00:53:14,470 --> 00:53:11,680

who's come forward and said

1589

00:53:15,589 --> 00:53:14,480

yeah yeah and i'm not calling out david

1590

00:53:17,589 --> 00:53:15,599

clarke either but that's

1591

00:53:19,670 --> 00:53:17,599

kind of what the impression i get from

1592

00:53:22,309 --> 00:53:19,680

looking at

1593

00:53:23,349 --> 00:53:22,319

media articles obviously um and it goes

1594

00:53:25,270 --> 00:53:23,359

back a few years

1595

00:53:27,190 --> 00:53:25,280

um i i mean the next step really would

1596

00:53:28,549 --> 00:53:27,200

be to reach out to him and everyone

1597

00:53:30,309 --> 00:53:28,559

i'm literally getting pestered every day

1598

00:53:32,710 --> 00:53:30,319

to do it so i guess i should do

1599

00:53:34,150 --> 00:53:32,720

before forming conclusions so david

1600

00:53:35,990 --> 00:53:34,160

clark if you're watching this i'm i'm

1601
00:53:38,230 --> 00:53:36,000
not calling you out my friend

1602
00:53:39,270 --> 00:53:38,240
we did have him on um on that ufo

1603
00:53:40,870 --> 00:53:39,280
podcast and

1604
00:53:43,910 --> 00:53:40,880
he was actually a really really great

1605
00:53:47,109 --> 00:53:43,920
guest because while he does talk about

1606
00:53:51,750 --> 00:53:47,119
you know that and the the pranking

1607
00:53:56,309 --> 00:53:55,270
his angle was that something anomalous

1608
00:53:58,870 --> 00:53:56,319
happened

1609
00:54:01,030 --> 00:53:58,880
and a lot of crap has been piled on top

1610
00:54:02,710 --> 00:54:01,040
of it over the years

1611
00:54:04,230 --> 00:54:02,720
sounds like which is kind of kind of

1612
00:54:06,630 --> 00:54:04,240
like what graham has said you know

1613
00:54:08,309 --> 00:54:06,640

it's modern kind of storytelling

1614

00:54:11,109 --> 00:54:08,319

folklore isn't it and

1615

00:54:11,910 --> 00:54:11,119

we all have opinions on randall chum but

1616

00:54:13,670 --> 00:54:11,920

there there is

1617

00:54:15,270 --> 00:54:13,680

so much you know even the binary stuff

1618

00:54:17,670 --> 00:54:15,280

got added years later

1619

00:54:19,030 --> 00:54:17,680

of course yeah and and it's a it's all

1620

00:54:22,549 --> 00:54:19,040

it's a really compelling

1621

00:54:24,470 --> 00:54:22,559

cool case but you know

1622

00:54:25,829 --> 00:54:24,480

it would be great if we had a time

1623

00:54:27,750 --> 00:54:25,839

machine so we could just go back

1624

00:54:29,270 --> 00:54:27,760

and solve it once and for all you know

1625

00:54:30,870 --> 00:54:29,280

the police officer that came forward as

1626
00:54:32,710 --> 00:54:30,880
well and said he

1627
00:54:34,230 --> 00:54:32,720
parked his patrol car at the bottom of

1628
00:54:35,990 --> 00:54:34,240
one of the runways and that

1629
00:54:37,190 --> 00:54:36,000
accounted for the blue and red flashing

1630
00:54:38,270 --> 00:54:37,200
lights that they were seeing through the

1631
00:54:39,589 --> 00:54:38,280
tree

1632
00:54:43,190 --> 00:54:39,599
[Music]

1633
00:54:45,109 --> 00:54:43,200
okay i mean i spoke to um

1634
00:54:46,870 --> 00:54:45,119
i spoke to gary hastan a few weeks ago

1635
00:54:48,069 --> 00:54:46,880
and i didn't grill him on it too much i

1636
00:54:49,829 --> 00:54:48,079
think i got the impression that he

1637
00:54:51,750 --> 00:54:49,839
wanted to wait until his new documentary

1638
00:54:55,030 --> 00:54:51,760

comes out in

1639

00:54:57,510 --> 00:54:55,040

whenever it is some

1640

00:54:58,150 --> 00:54:57,520

pictures or some video footage he seems

1641

00:55:02,150 --> 00:54:58,160

to

1642

00:55:03,990 --> 00:55:02,160

yeah and i like gary he's a great guy

1643

00:55:06,309 --> 00:55:04,000

whether whether his story is something i

1644

00:55:08,870 --> 00:55:06,319

can get on board with or not i

1645

00:55:10,150 --> 00:55:08,880

still think he's a nice bloke but i got

1646

00:55:11,670 --> 00:55:10,160

the impression that i shouldn't ask

1647

00:55:13,589 --> 00:55:11,680

questions until

1648

00:55:15,270 --> 00:55:13,599

six twelve months down the line when his

1649

00:55:16,390 --> 00:55:15,280

documentary finally comes out and he's

1650

00:55:19,349 --> 00:55:16,400

got some

1651
00:55:20,870 --> 00:55:19,359
new evidence to back up some of these

1652
00:55:23,990 --> 00:55:20,880
crazy conspiracies and

1653
00:55:25,430 --> 00:55:24,000
i mean yeah

1654
00:55:27,270 --> 00:55:25,440
i think we're all on the same page on

1655
00:55:30,230 --> 00:55:27,280
that like that's a big

1656
00:55:30,470 --> 00:55:30,240
statement or a big ask to to really back

1657
00:55:32,829 --> 00:55:30,480
up

1658
00:55:34,150 --> 00:55:32,839
something that's almost been proven to

1659
00:55:37,589 --> 00:55:34,160
be

1660
00:55:39,030 --> 00:55:37,599
nonsense dare i say it i mean

1661
00:55:43,030 --> 00:55:39,040
yeah the main problem with that

1662
00:55:46,230 --> 00:55:43,040
documentary is the witness involved

1663
00:55:50,069 --> 00:55:46,240

um who has been

1664

00:55:51,030 --> 00:55:50,079

outed as kind of embellishing his

1665

00:55:53,349 --> 00:55:51,040

involvement

1666

00:55:54,390 --> 00:55:53,359

yeah and that's the thing i don't know

1667

00:55:55,990 --> 00:55:54,400

english people are going to be

1668

00:55:56,630 --> 00:55:56,000

diplomatic about how i talk about it

1669

00:55:58,950 --> 00:55:56,640

because like i

1670

00:56:01,109 --> 00:55:58,960

say i like gary he's a great bloke and i

1671

00:56:03,510 --> 00:56:01,119

don't want to

1672

00:56:04,309 --> 00:56:03,520

uh discredit it as well discredit him as

1673

00:56:05,829 --> 00:56:04,319

a person and

1674

00:56:07,829 --> 00:56:05,839

maybe even the stuff he's doing with isa

1675

00:56:08,710 --> 00:56:07,839

and that but we have to be cautious

1676

00:56:10,230 --> 00:56:08,720

about the stories

1677

00:56:12,390 --> 00:56:10,240

going back to reynoldsham and exactly

1678

00:56:13,910 --> 00:56:12,400

what you just said then dave that

1679

00:56:15,670 --> 00:56:13,920

it almost needs to be almost proven that

1680

00:56:17,829 --> 00:56:15,680

the embellishment is

1681

00:56:19,030 --> 00:56:17,839

legitimate you know yeah i mean it's

1682

00:56:20,390 --> 00:56:19,040

like um

1683

00:56:22,309 --> 00:56:20,400

what's happening with the travis walton

1684

00:56:23,190 --> 00:56:22,319

case now as well mike rogers has come

1685

00:56:26,150 --> 00:56:23,200

out and

1686

00:56:27,270 --> 00:56:26,160

you know he's got a grudge for some

1687

00:56:29,510 --> 00:56:27,280

reason

1688

00:56:30,309 --> 00:56:29,520

uh been left out with so half money

1689

00:56:33,030 --> 00:56:30,319

cough

1690

00:56:34,069 --> 00:56:33,040

well i i mean i spoke to uh i spoke to

1691

00:56:35,670 --> 00:56:34,079

erica luke's and

1692

00:56:37,990 --> 00:56:35,680

scott brown the day after they did their

1693

00:56:40,150 --> 00:56:38,000

second video the other night and

1694

00:56:42,230 --> 00:56:40,160

my brain is fried on that case right now

1695

00:56:43,910 --> 00:56:42,240

i don't know what to believe it is

1696

00:56:45,829 --> 00:56:43,920

so up in the air right now it's a

1697

00:56:47,430 --> 00:56:45,839

complicated one

1698

00:56:49,190 --> 00:56:47,440

this is it's a really great example of

1699

00:56:51,510 --> 00:56:49,200

why we just need kind of

1700

00:56:52,309 --> 00:56:51,520

short sweet little data packages of this

1701

00:56:59,670 --> 00:56:52,319

is

1702

00:57:01,670 --> 00:56:59,680

eight hours of something that still

1703

00:57:03,510 --> 00:57:01,680

doesn't give you any kind of conclusive

1704

00:57:05,750 --> 00:57:03,520

direction and stuff it just muddies the

1705

00:57:07,670 --> 00:57:05,760

waters and

1706

00:57:10,549 --> 00:57:07,680

the work that scott brown and erica do

1707

00:57:11,829 --> 00:57:10,559

and they are good i respect them but

1708

00:57:13,829 --> 00:57:11,839

they can't give answers because they

1709

00:57:15,430 --> 00:57:13,839

don't know and i think even

1710

00:57:16,950 --> 00:57:15,440

you know there's one interview where

1711

00:57:18,630 --> 00:57:16,960

it's mike rogers for two hours and then

1712

00:57:19,190 --> 00:57:18,640

he goes on to ryan gordon for two hours

1713

00:57:20,710 --> 00:57:19,200

so two

1714

00:57:23,190 --> 00:57:20,720

completely conflicting things for two

1715

00:57:24,710 --> 00:57:23,200

hours at the end of four hours

1716

00:57:26,309 --> 00:57:24,720

whose brain is ever going to be in any

1717

00:57:27,750 --> 00:57:26,319

kind of conscious state to understand

1718

00:57:30,390 --> 00:57:27,760

one or the other it's it's

1719

00:57:31,670 --> 00:57:30,400

bananas you know some someone i was

1720

00:57:32,950 --> 00:57:31,680

thinking about the other night along the

1721

00:57:34,470 --> 00:57:32,960

lines of this but not

1722

00:57:37,109 --> 00:57:34,480

specifically to do with the travis

1723

00:57:39,589 --> 00:57:37,119

walton case was we have all these famous

1724

00:57:41,750 --> 00:57:39,599

cases in ufology whether the abduction

1725

00:57:43,030 --> 00:57:41,760

cases or just craft landing or just

1726

00:57:44,950 --> 00:57:43,040

general cases

1727

00:57:47,030 --> 00:57:44,960

what happens if one of them one of the

1728

00:57:48,150 --> 00:57:47,040

famous ones turned out to be a sack of

1729

00:57:51,030 --> 00:57:48,160

[h__\h]

1730

00:57:51,510 --> 00:57:51,040

what would what kind of ramifications

1731

00:57:55,750 --> 00:57:51,520

would be

1732

00:57:58,230 --> 00:57:55,760

going to make you question

1733

00:57:59,750 --> 00:57:58,240

every single case exactly and there will

1734

00:58:01,670 --> 00:57:59,760

be one no doubt there is

1735

00:58:05,349 --> 00:58:01,680

just complete you know bollocks or

1736

00:58:09,030 --> 00:58:06,950

there will be there will be won't there

1737

00:58:09,910 --> 00:58:09,040

be one of them which everybody will be

1738

00:58:11,510 --> 00:58:09,920

fooled by

1739

00:58:13,430 --> 00:58:11,520

you know i can't tell you which one off

1740

00:58:15,270 --> 00:58:13,440

the top of my head but there will be one

1741

00:58:16,630 --> 00:58:15,280

which is completely and utterly made up

1742

00:58:18,789 --> 00:58:16,640

and somebody and they've done it for one

1743

00:58:19,510 --> 00:58:18,799

of them whatever reasons and as he says

1744

00:58:21,349 --> 00:58:19,520

just had little

1745

00:58:22,789 --> 00:58:21,359

layers and layers of rubbish just pile

1746

00:58:23,990 --> 00:58:22,799

on top of it to the point of where it's

1747

00:58:26,549 --> 00:58:24,000

so obfuscated

1748

00:58:27,270 --> 00:58:26,559

that nobody knows truth fiction lies

1749

00:58:29,829 --> 00:58:27,280

whatever

1750

00:58:30,630 --> 00:58:29,839

but somehow it comes out as yeah it's

1751

00:58:32,630 --> 00:58:30,640

rubbish

1752

00:58:34,230 --> 00:58:32,640

and then how how does where does that

1753

00:58:35,910 --> 00:58:34,240

leave us you know

1754

00:58:37,829 --> 00:58:35,920

as you say we'll just start chasing our

1755

00:58:39,670 --> 00:58:37,839

tails when we it's yeah it puts us back

1756

00:58:41,270 --> 00:58:39,680

to square one again really you know

1757

00:58:42,950 --> 00:58:41,280

and you know in terms of like the

1758

00:58:43,750 --> 00:58:42,960

skeptics out there it just fuels the

1759

00:58:46,950 --> 00:58:43,760

fire again

1760

00:58:48,470 --> 00:58:46,960

you know yeah it's just gonna it's just

1761

00:58:48,950 --> 00:58:48,480

a frustrating time if that happens

1762

00:58:50,470 --> 00:58:48,960

really

1763

00:58:52,230 --> 00:58:50,480

i i don't think it puts us back to

1764

00:58:53,990 --> 00:58:52,240

square one it just makes us then jump

1765

00:58:56,390 --> 00:58:54,000

back to the things that the ua ptf are

1766

00:58:59,829 --> 00:58:56,400

doing where they only went back to 2004.

1767

00:59:02,870 --> 00:58:59,839

it's like let's erase the muddy waters

1768

00:59:04,789 --> 00:59:02,880

before 2004 for a while

1769

00:59:06,950 --> 00:59:04,799

focus on the stuff that you a ptf are

1770

00:59:08,870 --> 00:59:06,960

doing from 2004 onwards where we've got

1771

00:59:09,670 --> 00:59:08,880

data and stuff and maybe that will come

1772

00:59:11,990 --> 00:59:09,680

out

1773

00:59:12,789 --> 00:59:12,000

then let's go back to the previous data

1774

00:59:15,510 --> 00:59:12,799

when we maybe

1775

00:59:17,190 --> 00:59:15,520

have got a uaptf that uh fully funded

1776

00:59:18,950 --> 00:59:17,200

and fully staffed that can actually look

1777

00:59:22,069 --> 00:59:18,960

back on that with

1778

00:59:23,589 --> 00:59:22,079

with time and money and resources and

1779

00:59:25,109 --> 00:59:23,599

stuff where they don't get pushbacks

1780

00:59:27,030 --> 00:59:25,119

from

1781

00:59:28,150 --> 00:59:27,040

the air force or whoever i mean we're

1782

00:59:29,910 --> 00:59:28,160

talking about

1783

00:59:31,430 --> 00:59:29,920

serious pushbacks because we know the

1784

00:59:33,430 --> 00:59:31,440

air force are really

1785

00:59:35,349 --> 00:59:33,440

holding back from giving any information

1786

00:59:37,030 --> 00:59:35,359

and i know i've just jumped from

1787

00:59:38,870 --> 00:59:37,040

what you were saying graham about

1788

00:59:40,470 --> 00:59:38,880

stories from the past to

1789

00:59:41,990 --> 00:59:40,480

what we're talking about modern times

1790

00:59:42,950 --> 00:59:42,000

and that but i think that's where the

1791

00:59:46,069 --> 00:59:42,960

disconnect

1792

00:59:47,430 --> 00:59:46,079

really is emphasized right now in

1793

00:59:47,910 --> 00:59:47,440

everything that everybody's talking

1794

00:59:50,630 --> 00:59:47,920

about

1795

00:59:52,390 --> 00:59:50,640

whether you're into this subject deeply

1796

00:59:54,150 --> 00:59:52,400

like researchers are or whether you're

1797

00:59:56,390 --> 00:59:54,160

just following it through

1798

00:59:57,990 --> 00:59:56,400

you know some of my family members maybe

1799

00:59:59,430 --> 00:59:58,000

who who happen to see it in the media

1800

01:00:01,109 --> 00:59:59,440

when they're reading the daily mail or

1801

01:00:03,349 --> 01:00:01,119

something like that you know

1802

01:00:05,030 --> 01:00:03,359

god forbid the star or or the sun you

1803

01:00:07,910 --> 01:00:05,040

know like

1804

01:00:09,109 --> 01:00:07,920

unfortunately you know i don't think i'm

1805

01:00:13,190 --> 01:00:09,119

far from

1806

01:00:15,589 --> 01:00:13,200

the everyday person you know so

1807

01:00:16,870 --> 01:00:15,599

2017 changed a lot didn't it well that's

1808

01:00:18,789 --> 01:00:16,880

the thing maybe we could just

1809

01:00:20,549 --> 01:00:18,799

expand on that a little bit i mean i

1810

01:00:22,230 --> 01:00:20,559

don't want to just directly just go

1811

01:00:23,109 --> 01:00:22,240

what are your thoughts on the ua ptf

1812

01:00:24,309 --> 01:00:23,119

books i think that's quite

1813

01:00:25,510 --> 01:00:24,319

straightforward but

1814

01:00:28,150 --> 01:00:25,520

when we're talking about the the

1815

01:00:30,230 --> 01:00:28,160

conscious thing of everybody in

1816

01:00:32,230 --> 01:00:30,240

this country in the uk and everyone in

1817

01:00:34,069 --> 01:00:32,240

the us and what we're expecting next

1818

01:00:36,309 --> 01:00:34,079

it's about the conversation about the uk

1819

01:00:36,789 --> 01:00:36,319

and where things can go from here where

1820

01:00:39,750 --> 01:00:36,799

where

1821

01:00:39,990 --> 01:00:39,760

going to get congressional hearings how

1822

01:00:41,349 --> 01:00:40,000

do we

1823

01:00:43,109 --> 01:00:41,359

get public hearings how are we going to

1824

01:00:49,990 --> 01:00:43,119

get this or that where where where are

1825

01:00:53,270 --> 01:00:51,670

well this isn't the big question now

1826

01:00:54,789 --> 01:00:53,280

isn't it you know we had that really

1827

01:00:57,829 --> 01:00:54,799

great article from uh

1828

01:01:00,309 --> 01:00:57,839

chris mellon i i say well

1829

01:01:01,910 --> 01:01:00,319

i don't want it i'm so glad to see a lot

1830

01:01:02,309 --> 01:01:01,920

of you guys reposted that as well

1831

01:01:04,549 --> 01:01:02,319

because

1832

01:01:06,390 --> 01:01:04,559

it's a great article and you know he

1833

01:01:07,829 --> 01:01:06,400

backs up what he said basically on rogan

1834

01:01:10,230 --> 01:01:07,839

a while back where uh

1835

01:01:11,829 --> 01:01:10,240

he proposed the office of strategic

1836

01:01:14,150 --> 01:01:11,839

anomaly resolution

1837

01:01:15,910 --> 01:01:14,160

um and that they would just deal with

1838

01:01:17,990 --> 01:01:15,920

this on a day-to-day basis

1839

01:01:19,510 --> 01:01:18,000

um and he he of course went into a lot

1840

01:01:22,230 --> 01:01:19,520

more detail about it

1841

01:01:22,789 --> 01:01:22,240

um and i have no doubt that had he

1842

01:01:25,910 --> 01:01:22,799

written

1843

01:01:27,670 --> 01:01:25,920

that in like you know tomorrow that

1844

01:01:30,549 --> 01:01:27,680

he would have had a paragraph on avila

1845

01:01:32,630 --> 01:01:30,559

webb and the galileo project as well

1846

01:01:34,470 --> 01:01:32,640

well i'm glad you brought that up yeah

1847

01:01:35,270 --> 01:01:34,480

because that i mean that's wonderful

1848

01:01:37,349 --> 01:01:35,280

because

1849

01:01:38,710 --> 01:01:37,359

it's like the ua ptf they're kind of

1850

01:01:39,510 --> 01:01:38,720

saying you know what we want our own

1851
01:01:41,589 --> 01:01:39,520
data set

1852
01:01:43,109 --> 01:01:41,599
we don't want any that involves the

1853
01:01:44,630 --> 01:01:43,119
stories

1854
01:01:46,309 --> 01:01:44,640
from the past or kind of the muddy

1855
01:01:47,430 --> 01:01:46,319
waters we're going to build our own

1856
01:01:49,030 --> 01:01:47,440
robust data set

1857
01:01:51,270 --> 01:01:49,040
and we're going to be talking about that

1858
01:01:52,549 --> 01:01:51,280
so when when we have the conversation

1859
01:01:54,789 --> 01:01:52,559
about uap

1860
01:01:57,029 --> 01:01:54,799
we're not arguing about whether mike

1861
01:01:57,750 --> 01:01:57,039
rogers and travis walton disagreed over

1862
01:02:00,470 --> 01:01:57,760
a paycheck

1863
01:02:01,910 --> 01:02:00,480

you know yeah but what we need is time

1864

01:02:04,549 --> 01:02:01,920

and we need fully funded

1865

01:02:05,589 --> 01:02:04,559

task force like the ua ptf to be brought

1866

01:02:08,710 --> 01:02:05,599

out to

1867

01:02:10,710 --> 01:02:08,720

a big a bigger staff base let's say

1868

01:02:12,390 --> 01:02:10,720

but be able to go back in time to to

1869

01:02:15,910 --> 01:02:12,400

touch on the air force

1870

01:02:19,430 --> 01:02:15,920

or i don't know

1871

01:02:22,470 --> 01:02:21,990

i've just hit a blank uh department of

1872

01:02:24,630 --> 01:02:22,480

energy

1873

01:02:26,069 --> 01:02:24,640

and department of homeland security and

1874

01:02:27,750 --> 01:02:26,079

things that really aren't

1875

01:02:29,990 --> 01:02:27,760

not just the navy is where i'm kind of

1876

01:02:30,950 --> 01:02:30,000

coming from you know i think the 180

1877

01:02:33,349 --> 01:02:30,960

days was a

1878

01:02:34,630 --> 01:02:33,359

was a joke in a way for what i've heard

1879

01:02:36,630 --> 01:02:34,640

was a couple of people

1880

01:02:39,270 --> 01:02:36,640

basically nowhere near enough time to

1881

01:02:40,710 --> 01:02:39,280

get the information we need really

1882

01:02:42,789 --> 01:02:40,720

no and they changed the staff members

1883

01:02:45,990 --> 01:02:42,799

halfway through as well so yeah exactly

1884

01:02:47,349 --> 01:02:46,000

so it's 90 days yeah yeah

1885

01:02:49,109 --> 01:02:47,359

you get the feeling it was almost set up

1886

01:02:52,230 --> 01:02:49,119

to fail wasn't it it was

1887

01:02:52,789 --> 01:02:52,240

it was yeah yeah so i mean um we've

1888

01:02:55,029 --> 01:02:52,799

heard about

1889

01:02:56,069 --> 01:02:55,039

possibly being a 90-day report after the

1890

01:02:59,589 --> 01:02:56,079

report i mean

1891

01:03:00,829 --> 01:02:59,599

but then again so they said they were

1892

01:03:04,470 --> 01:03:00,839

going to give congress an

1893

01:03:05,190 --> 01:03:04,480

update um and i basically i can't

1894

01:03:07,190 --> 01:03:05,200

remember how long

1895

01:03:09,109 --> 01:03:07,200

the update was but i started a countdown

1896

01:03:12,150 --> 01:03:09,119

because i like my countdowns

1897

01:03:15,750 --> 01:03:12,160

i love your camera and we are

1898

01:03:17,430 --> 01:03:15,760

it'll happen in the next 59 days oh okay

1899

01:03:17,829 --> 01:03:17,440

i'm looking forward to this yeah but do

1900

01:03:20,470 --> 01:03:17,839

we do

1901

01:03:21,430 --> 01:03:20,480

do we sit back and wait 59 days or do we

1902

01:03:23,270 --> 01:03:21,440

dig in

1903

01:03:24,950 --> 01:03:23,280

it's a congressional update so i'm not

1904

01:03:26,230 --> 01:03:24,960

even sure we'll get anything you know

1905

01:03:27,589 --> 01:03:26,240

it's just one of those things that we

1906

01:03:28,870 --> 01:03:27,599

kind of have to stand outside in the

1907

01:03:30,390 --> 01:03:28,880

cold and go okay

1908

01:03:33,029 --> 01:03:30,400

we we kind of have faith that you're

1909

01:03:34,710 --> 01:03:33,039

doing it but please don't lie to us

1910

01:03:36,069 --> 01:03:34,720

yeah and we're not even asking them to

1911

01:03:37,430 --> 01:03:36,079

go back and look at like civilian

1912

01:03:39,270 --> 01:03:37,440

sightings or anything but when it comes

1913

01:03:40,710 --> 01:03:39,280

to people like we need to

1914

01:03:42,470 --> 01:03:40,720

the air force needs to be put on the

1915

01:03:43,990 --> 01:03:42,480

spot a little bit more are they willing

1916

01:03:45,910 --> 01:03:44,000

to do that it doesn't seem like

1917

01:03:48,549 --> 01:03:45,920

it i mean what have they got over the

1918

01:03:50,549 --> 01:03:48,559

over the ig and people like that who

1919

01:03:53,109 --> 01:03:50,559

really have the power to dig into that

1920

01:03:54,390 --> 01:03:53,119

that background like why are they not

1921

01:03:55,990 --> 01:03:54,400

why do they not seem to be doing

1922

01:03:59,349 --> 01:03:56,000

anything about it

1923

01:04:01,670 --> 01:03:59,359

that's what baffles me you know you know

1924

01:04:02,789 --> 01:04:01,680

we've got these new new new young guns

1925

01:04:07,910 --> 01:04:02,799

in

1926

01:04:09,349 --> 01:04:07,920

to the public and that

1927

01:04:11,029 --> 01:04:09,359

they have the power to do a little bit

1928

01:04:11,510 --> 01:04:11,039

more than what it seems that they've

1929

01:04:14,710 --> 01:04:11,520

done

1930

01:04:16,390 --> 01:04:14,720

in the past few years and it there's a

1931

01:04:16,870 --> 01:04:16,400

disconnect there that i can't seem to

1932

01:04:18,870 --> 01:04:16,880

grasp

1933

01:04:19,910 --> 01:04:18,880

and so i don't know if you guys have any

1934

01:04:21,670 --> 01:04:19,920

thoughts on that at all

1935

01:04:23,109 --> 01:04:21,680

do you think maybe the us air force is a

1936

01:04:23,750 --> 01:04:23,119

little bit embarrassed for starting it

1937

01:04:25,750 --> 01:04:23,760

all off

1938

01:04:27,349 --> 01:04:25,760

absolutely and of course and i think

1939

01:04:28,710 --> 01:04:27,359

that's a part of it and then they they

1940

01:04:31,029 --> 01:04:28,720

will have to then come out and

1941

01:04:31,750 --> 01:04:31,039

explain why they've lied for 70 years or

1942

01:04:34,309 --> 01:04:31,760

whatever it is

1943

01:04:36,069 --> 01:04:34,319

like isn't it better now than five years

1944

01:04:36,870 --> 01:04:36,079

10 years because it just keeps building

1945

01:04:41,190 --> 01:04:36,880

up and looking up

1946

01:04:42,710 --> 01:04:41,200

what would you prefer vinnie you know

1947

01:04:44,390 --> 01:04:42,720

for them to come out and go you know

1948

01:04:45,510 --> 01:04:44,400

what we're embarrassed and we don't know

1949

01:04:48,150 --> 01:04:45,520

anything

1950

01:04:49,750 --> 01:04:48,160

or would you prefer yes we know

1951

01:04:51,270 --> 01:04:49,760

everything we've got all the answers and

1952

01:04:54,470 --> 01:04:51,280

we can keep you safe

1953

01:04:56,630 --> 01:04:54,480

which would you prefer first one

1954

01:04:58,390 --> 01:04:56,640

yeah definitely definitely that's what i

1955

01:04:59,510 --> 01:04:58,400

think anyway i think that i think they

1956

01:05:00,470 --> 01:04:59,520

generally don't know what they're

1957

01:05:02,870 --> 01:05:00,480

looking at i think they've gone

1958

01:05:04,710 --> 01:05:02,880

out they've got information but my my

1959

01:05:05,190 --> 01:05:04,720

opinion is uh you know that's all they

1960

01:05:07,109 --> 01:05:05,200

have

1961

01:05:09,109 --> 01:05:07,119

but that that information doesn't

1962

01:05:11,910 --> 01:05:09,119

actually you know translate to knowledge

1963

01:05:12,789 --> 01:05:11,920

about what's going on you know so that's

1964

01:05:16,069 --> 01:05:12,799

always been

1965

01:05:19,589 --> 01:05:16,079

pretty great i i'm i'm not

1966

01:05:21,829 --> 01:05:19,599

i i don't mind i didn't answer that

1967

01:05:22,630 --> 01:05:21,839

naively either because i've thought

1968

01:05:24,870 --> 01:05:22,640

about that

1969

01:05:26,390 --> 01:05:24,880

for so long because taking them down for

1970

01:05:28,870 --> 01:05:26,400

that you know because we hear about that

1971

01:05:31,270 --> 01:05:28,880

national defense and national security

1972

01:05:32,870 --> 01:05:31,280

question all the time and people

1973

01:05:34,630 --> 01:05:32,880

i have to answer it a hundred times a

1974

01:05:36,950 --> 01:05:34,640

day through my instagram dms and stuff

1975

01:05:38,789 --> 01:05:36,960

like that i've looked into it and

1976

01:05:40,309 --> 01:05:38,799

thought about it on a philosophical

1977

01:05:45,589 --> 01:05:40,319

level on a

1978

01:05:49,670 --> 01:05:45,599

dod have been doing their thing

1979

01:05:51,990 --> 01:05:49,680

for for for generations you know so

1980

01:05:54,150 --> 01:05:52,000

uh yeah yeah i'd rather take the risk

1981

01:05:55,910 --> 01:05:54,160

and just get get it out there

1982

01:05:58,069 --> 01:05:55,920

take it take another level and take it

1983

01:05:59,829 --> 01:05:58,079

up to the president

1984

01:06:01,589 --> 01:05:59,839

yeah exactly rip off the band-aids we'll

1985

01:06:02,230 --> 01:06:01,599

deal with it we'll do a bit in time you

1986

01:06:05,829 --> 01:06:02,240

know

1987

01:06:07,109 --> 01:06:05,839

and all

1988

01:06:08,710 --> 01:06:07,119

the presidents in the past who have gone

1989

01:06:10,309 --> 01:06:08,720

into office and said i'm going to find

1990

01:06:11,589 --> 01:06:10,319

out about this you know clinton did that

1991

01:06:14,870 --> 01:06:11,599

even jimmy carter did

1992

01:06:16,309 --> 01:06:14,880

it now imagine that you know kevin

1993

01:06:18,150 --> 01:06:16,319

randle i mean little i hate him

1994

01:06:19,670 --> 01:06:18,160

actually has a reasonably good theory

1995

01:06:21,829 --> 01:06:19,680

about what happens

1996

01:06:23,270 --> 01:06:21,839

and he says that they'll get into office

1997

01:06:24,390 --> 01:06:23,280

and the first thing they'll do is say

1998

01:06:26,470 --> 01:06:24,400

i want to know everything about the

1999

01:06:28,069 --> 01:06:26,480

subject yeah and the staff oh and the

2000

01:06:28,950 --> 01:06:28,079

senior advisors will come along go yes

2001

01:06:30,549 --> 01:06:28,960

mr president

2002

01:06:31,910 --> 01:06:30,559

we'll go away and we'll find that for

2003

01:06:33,109 --> 01:06:31,920

you and then they come back a little bit

2004

01:06:34,870 --> 01:06:33,119

later and they say well what's the

2005

01:06:36,069 --> 01:06:34,880

situation have you found anything yet

2006

01:06:37,910 --> 01:06:36,079

yeah it's going to take a little bit of

2007

01:06:38,950 --> 01:06:37,920

time mr president we're going to have to

2008

01:06:40,309 --> 01:06:38,960

we're going to have to like you know

2009

01:06:41,589 --> 01:06:40,319

work at it because we haven't got all

2010

01:06:43,270 --> 01:06:41,599

the information yet

2011

01:06:44,710 --> 01:06:43,280

and then he goes away and forgets about

2012

01:06:45,670 --> 01:06:44,720

it because all these other things happen

2013

01:06:46,470 --> 01:06:45,680

you know there's things in the middle

2014

01:06:47,750 --> 01:06:46,480

east

2015

01:06:49,109 --> 01:06:47,760

at home and all the rest of it and of

2016

01:06:50,710 --> 01:06:49,119

course it's just the natural way that

2017

01:06:51,349 --> 01:06:50,720

politics work just takes his attention

2018

01:06:53,190 --> 01:06:51,359

away

2019

01:06:54,950 --> 01:06:53,200

um so that's that's where he comes from

2020

01:06:55,510 --> 01:06:54,960

and actually i probably i subscribe to

2021

01:06:56,950 --> 01:06:55,520

that

2022

01:06:58,870 --> 01:06:56,960

quite a lot because you can see with

2023

01:06:59,990 --> 01:06:58,880

other parts of politics people come into

2024

01:07:01,589 --> 01:07:00,000

into you know power

2025

01:07:02,549 --> 01:07:01,599

with all these kind of grandiose ideas

2026

01:07:03,589 --> 01:07:02,559

about what they're going to do what

2027

01:07:05,190 --> 01:07:03,599

they're going to change

2028

01:07:06,710 --> 01:07:05,200

and then you get there five years down

2029

01:07:07,349 --> 01:07:06,720

the line and they've done nothing of the

2030

01:07:09,029 --> 01:07:07,359

kind

2031

01:07:10,390 --> 01:07:09,039

because everything else takes that you

2032

01:07:12,069 --> 01:07:10,400

know that takes their attention and

2033

01:07:13,270 --> 01:07:12,079

takes that priority away and i think

2034

01:07:13,670 --> 01:07:13,280

it's pretty much the same with this as

2035

01:07:15,190 --> 01:07:13,680

well

2036

01:07:16,470 --> 01:07:15,200

so you know people who think oh the

2037

01:07:16,789 --> 01:07:16,480

president will be able to find out all

2038

01:07:22,950 --> 01:07:16,799

this

2039

01:07:23,829 --> 01:07:22,960

i mean i mean they're only there for

2040

01:07:26,309 --> 01:07:23,839

about four

2041

01:07:28,150 --> 01:07:26,319

four eight years potentially so i mean

2042

01:07:29,349 --> 01:07:28,160

how much have they actually told

2043

01:07:32,150 --> 01:07:29,359

you know that's right and two of those

2044

01:07:33,270 --> 01:07:32,160

years old dealt with midterm elections

2045

01:07:34,870 --> 01:07:33,280

and the next elections

2046

01:07:36,309 --> 01:07:34,880

they've only got pretty much two years

2047

01:07:37,510 --> 01:07:36,319

the first and the third years

2048

01:07:39,589 --> 01:07:37,520

when they can actually do anything i

2049

01:07:40,390 --> 01:07:39,599

think so yeah it's uh it's really

2050

01:07:41,910 --> 01:07:40,400

difficult

2051
01:07:43,430 --> 01:07:41,920
so we shouldn't expect too much from

2052
01:07:45,270 --> 01:07:43,440
them i'm afraid

2053
01:07:46,710 --> 01:07:45,280
that that's what delighted me about

2054
01:07:48,789 --> 01:07:46,720
obama's comments

2055
01:07:50,309 --> 01:07:48,799
because he seemed to you know he spoke

2056
01:07:52,309 --> 01:07:50,319
with gravitas on it

2057
01:07:53,589 --> 01:07:52,319
it wasn't just more than what he's

2058
01:07:56,470 --> 01:07:53,599
telling us yeah

2059
01:07:58,390 --> 01:07:56,480
and i i he he rocks it as well the just

2060
01:08:00,870 --> 01:07:58,400
the gravity of what he was saying

2061
01:08:01,829 --> 01:08:00,880
you know he cut into a joke to go no no

2062
01:08:03,829 --> 01:08:01,839
no

2063
01:08:05,349 --> 01:08:03,839

for real there are things out there that

2064

01:08:08,230 --> 01:08:05,359

we don't know what is it he said

2065

01:08:10,150 --> 01:08:08,240

we don't know the pattern the way he was

2066

01:08:10,470 --> 01:08:10,160

talking about it you could tell he was

2067

01:08:13,670 --> 01:08:10,480

he

2068

01:08:15,349 --> 01:08:13,680

saying though definitely

2069

01:08:17,189 --> 01:08:15,359

yeah i think so i'm just gonna take one

2070

01:08:19,189 --> 01:08:17,199

second shower anybody that's just

2071

01:08:20,630 --> 01:08:19,199

provided with a superchat i

2072

01:08:22,229 --> 01:08:20,640

i normally call you guys out but i've

2073

01:08:24,390 --> 01:08:22,239

been so involved in this conversation i

2074

01:08:25,749 --> 01:08:24,400

apologize if i've missed your super chat

2075

01:08:27,749 --> 01:08:25,759

and i also want to give a shout out to

2076

01:08:29,269 --> 01:08:27,759

mr jeff robert blask for sending the

2077

01:08:32,149 --> 01:08:29,279

t-shirts through we

2078

01:08:32,630 --> 01:08:32,159

we're doing a merge plug tonight so uh

2079

01:08:34,390 --> 01:08:32,640

um

2080

01:08:36,229 --> 01:08:34,400

yeah so thank you guys i appreciate

2081

01:08:38,870 --> 01:08:36,239

everyone being here and

2082

01:08:40,789 --> 01:08:38,880

yeah jeff's just put about the doe

2083

01:08:41,349 --> 01:08:40,799

having new interesting projects being

2084

01:08:44,390 --> 01:08:41,359

funding

2085

01:08:48,070 --> 01:08:44,400

and one thing that um

2086

01:08:49,749 --> 01:08:48,080

i kind of tried to follow i i i spoke to

2087

01:08:51,349 --> 01:08:49,759

um luis jimenez i was on the

2088

01:08:53,990 --> 01:08:51,359

unidentified celebrity review

2089

01:08:55,430 --> 01:08:54,000

probably a month or two back and um i

2090

01:08:56,390 --> 01:08:55,440

apologize for getting the name of the

2091

01:08:59,749 --> 01:08:56,400

gentleman that was on

2092

01:09:00,789 --> 01:08:59,759

with at the time who was who worked for

2093

01:09:02,149 --> 01:09:00,799

the department of energy and i

2094

01:09:04,229 --> 01:09:02,159

questioned him about the um

2095

01:09:05,910 --> 01:09:04,239

the oversight and things like that and

2096

01:09:07,590 --> 01:09:05,920

it became very clear that when you

2097

01:09:10,550 --> 01:09:07,600

compare the doe to the dod

2098

01:09:12,470 --> 01:09:10,560

the oversight comparisons are ridiculous

2099

01:09:17,030 --> 01:09:12,480

that the doe have have gone

2100

01:09:19,269 --> 01:09:17,040

decades being able to get away with

2101
01:09:21,349 --> 01:09:19,279
murder you know well they have a

2102
01:09:23,829 --> 01:09:21,359
internal review process right so

2103
01:09:24,789 --> 01:09:23,839
it's kind of like are we behaving yes

2104
01:09:27,829 --> 01:09:24,799
yes we are

2105
01:09:28,789 --> 01:09:27,839
on homework yeah exactly isn't it and i

2106
01:09:30,470 --> 01:09:28,799
think i think i

2107
01:09:32,550 --> 01:09:30,480
actually heard that that's actually

2108
01:09:34,709 --> 01:09:32,560
there are people within the pentagon or

2109
01:09:36,149 --> 01:09:34,719
within those realms of of the defense

2110
01:09:36,950 --> 01:09:36,159
department that are actually trying to

2111
01:09:40,309 --> 01:09:36,960
change that

2112
01:09:41,349 --> 01:09:40,319
process now well the ig um when the ig

2113
01:09:44,470 --> 01:09:41,359

first popped up

2114

01:09:46,070 --> 01:09:44,480

um and i went on the website there was

2115

01:09:47,349 --> 01:09:46,080

a report which i've tried looking for

2116

01:09:49,590 --> 01:09:47,359

this and i'm not going to say there is

2117

01:09:52,309 --> 01:09:49,600

disappeared i just can't find it

2118

01:09:53,510 --> 01:09:52,319

um but basically it was saying that this

2119

01:09:55,750 --> 01:09:53,520

year there was a

2120

01:09:56,870 --> 01:09:55,760

review of their review process in the

2121

01:09:59,030 --> 01:09:56,880

department of energy

2122

01:10:00,950 --> 01:09:59,040

and as of next year they basically will

2123

01:10:05,750 --> 01:10:00,960

be under the same review process as

2124

01:10:10,229 --> 01:10:08,229

this is quite interesting timing wise

2125

01:10:12,229 --> 01:10:10,239

that you know your secrets could be

2126

01:10:14,790 --> 01:10:12,239

shared with the other departments

2127

01:10:16,790 --> 01:10:14,800

a lot of things on that concept but go

2128

01:10:17,669 --> 01:10:16,800

on dave i'm gonna say can you hear that

2129

01:10:21,530 --> 01:10:17,679

noise

2130

01:10:26,470 --> 01:10:23,590

[Laughter]

2131

01:10:27,990 --> 01:10:26,480

oh oh my gosh but that's the thing

2132

01:10:29,110 --> 01:10:28,000

because because they have got away with

2133

01:10:31,030 --> 01:10:29,120

so much since

2134

01:10:32,950 --> 01:10:31,040

probably the 70s when they changed from

2135

01:10:35,270 --> 01:10:32,960

the the the atomic energy

2136

01:10:36,310 --> 01:10:35,280

energy authority yeah well the 50s

2137

01:10:38,149 --> 01:10:36,320

wasn't it so i mean

2138

01:10:39,750 --> 01:10:38,159

yeah they've had secrets since god knows

2139

01:10:41,750 --> 01:10:39,760

when haven't they yeah

2140

01:10:42,950 --> 01:10:41,760

but then it's you know i i don't

2141

01:10:44,790 --> 01:10:42,960

normally work

2142

01:10:46,310 --> 01:10:44,800

on pure speculation but then you know

2143

01:10:46,709 --> 01:10:46,320

when i've done my research over the

2144

01:10:49,110 --> 01:10:46,719

years

2145

01:10:51,510 --> 01:10:49,120

and it always is that it is that one

2146

01:10:52,709 --> 01:10:51,520

department the doe or whatever that

2147

01:10:54,950 --> 01:10:52,719

that's the one place where my

2148

01:10:55,510 --> 01:10:54,960

speculation lies that's like the elusive

2149

01:10:57,590 --> 01:10:55,520

place

2150

01:10:59,350 --> 01:10:57,600

it is yeah that's where that's where i

2151
01:11:02,709 --> 01:10:59,360
hit the brick walls and i'm like i'm

2152
01:11:04,149 --> 01:11:02,719
fed up of it to be honest you know so

2153
01:11:05,750 --> 01:11:04,159
you know who knows so let's hope what

2154
01:11:06,070 --> 01:11:05,760
you're saying dan is right because you

2155
01:11:08,709 --> 01:11:06,080
know

2156
01:11:09,830 --> 01:11:08,719
i heard that probably it was probably

2157
01:11:11,590 --> 01:11:09,840
from

2158
01:11:13,030 --> 01:11:11,600
dan can you can you remind me who who

2159
01:11:14,630 --> 01:11:13,040
i'm talking about i'm sure you were

2160
01:11:15,910 --> 01:11:14,640
aware of who i was talking about

2161
01:11:19,270 --> 01:11:15,920
you're dragging me into it i really

2162
01:11:24,390 --> 01:11:22,790
every now and again kevin childress

2163
01:11:26,070 --> 01:11:24,400

there you go i think it was yeah thank

2164

01:11:28,630 --> 01:11:26,080

you thank you graeme yeah

2165

01:11:29,189 --> 01:11:28,640

um yeah it was it was kevin childress um

2166

01:11:30,870 --> 01:11:29,199

and

2167

01:11:32,229 --> 01:11:30,880

i asked him the questions directly as

2168

01:11:35,030 --> 01:11:32,239

well and he gave me those

2169

01:11:35,590 --> 01:11:35,040

clear concise answers that really broke

2170

01:11:36,790 --> 01:11:35,600

it down

2171

01:11:38,630 --> 01:11:36,800

to the point where they have so many

2172

01:11:40,709 --> 01:11:38,640

thousands of employees but

2173

01:11:42,310 --> 01:11:40,719

so many minimal people that look at the

2174

01:11:45,669 --> 01:11:42,320

oversight of what's going on

2175

01:11:47,350 --> 01:11:45,679

so yeah thank you guys

2176
01:11:49,270 --> 01:11:47,360
it's crazy how different it was from the

2177
01:11:51,590 --> 01:11:49,280
doe to the dod and that really

2178
01:11:52,709 --> 01:11:51,600
blew my mind so well it's like trying to

2179
01:11:55,750 --> 01:11:52,719
get information out of

2180
01:11:59,430 --> 01:11:57,430
i mean i get asked that question a lot

2181
01:12:01,590 --> 01:11:59,440
like do you think our

2182
01:12:03,510 --> 01:12:01,600
the the mod is still looking into ufos

2183
01:12:05,990 --> 01:12:03,520
and i'm like well yeah i think they are

2184
01:12:06,870 --> 01:12:06,000
but yeah you know i don't have any data

2185
01:12:10,149 --> 01:12:06,880
you know they were

2186
01:12:11,590 --> 01:12:10,159
dropping files and documents every few

2187
01:12:15,510 --> 01:12:11,600
years

2188
01:12:17,110 --> 01:12:15,520

whatever it was i don't know was it 2013

2189

01:12:19,189 --> 01:12:17,120

we got the last batch

2190

01:12:20,390 --> 01:12:19,199

2009 was the last that was the time when

2191

01:12:23,669 --> 01:12:20,400

the ufo death was shot

2192

01:12:25,830 --> 01:12:23,679

i was shut down but it just seemed

2193

01:12:26,709 --> 01:12:25,840

before 2009 we were getting things every

2194

01:12:29,030 --> 01:12:26,719

few years like

2195

01:12:30,630 --> 01:12:29,040

a little dump here and there and yeah

2196

01:12:32,070 --> 01:12:30,640

yeah and then it and then it stops and

2197

01:12:33,350 --> 01:12:32,080

then everyone thinks oh they're just not

2198

01:12:35,830 --> 01:12:33,360

looking into it anymore

2199

01:12:37,270 --> 01:12:35,840

well it never stops so you know surely

2200

01:12:38,550 --> 01:12:37,280

they're they're probably looking into it

2201

01:12:39,910 --> 01:12:38,560

more and they just found something and

2202

01:12:42,229 --> 01:12:39,920

maybe they just don't want to dump it on

2203

01:12:45,030 --> 01:12:42,239

us i don't know

2204

01:12:46,229 --> 01:12:45,040

again i'm cautious about how i i go up

2205

01:12:47,830 --> 01:12:46,239

upon that but

2206

01:12:50,550 --> 01:12:47,840

what do you guys think the house of

2207

01:12:52,310 --> 01:12:50,560

lords um debate the other week

2208

01:12:54,149 --> 01:12:52,320

um you had all these questions coming in

2209

01:12:56,550 --> 01:12:54,159

about the uap topic and then

2210

01:12:58,950 --> 01:12:56,560

you had the boilerplate answer for the

2211

01:13:01,030 --> 01:12:58,960

first couple and then

2212

01:13:02,790 --> 01:13:01,040

baroness course he was like i referred

2213

01:13:04,149 --> 01:13:02,800

to my previous answer i referred to my

2214

01:13:07,669 --> 01:13:04,159

previous answer i reflect

2215

01:13:10,870 --> 01:13:07,679

it seems like a panic just stopped

2216

01:13:11,590 --> 01:13:10,880

it was just like one answer it seemed

2217

01:13:14,470 --> 01:13:11,600

like digging

2218

01:13:15,750 --> 01:13:14,480

like just keep digging yeah because

2219

01:13:19,270 --> 01:13:15,760

they're not gonna move away

2220

01:13:20,790 --> 01:13:19,280

50-year kind of thing where we've never

2221

01:13:21,830 --> 01:13:20,800

seen anything which is of defense

2222

01:13:23,270 --> 01:13:21,840

interest

2223

01:13:24,870 --> 01:13:23,280

that's the line that they just kept

2224

01:13:26,950 --> 01:13:24,880

taking they kept taking and that

2225

01:13:28,070 --> 01:13:26,960

actually goes back to 2009 when the ufo

2226

01:13:29,830 --> 01:13:28,080

desk was shut down

2227

01:13:31,510 --> 01:13:29,840

because that was bob ainsworth who was

2228

01:13:33,830 --> 01:13:31,520

the the labor

2229

01:13:35,350 --> 01:13:33,840

uh minister of defense at the time um

2230

01:13:36,149 --> 01:13:35,360

and he that was that they were the words

2231

01:13:37,990 --> 01:13:36,159

he used

2232

01:13:39,910 --> 01:13:38,000

to justify shutting it down because they

2233

01:13:42,470 --> 01:13:39,920

wanted to use the money elsewhere

2234

01:13:43,030 --> 01:13:42,480

in the mod so that that's you know why

2235

01:13:45,110 --> 01:13:43,040

it was

2236

01:13:46,070 --> 01:13:45,120

shut down at the time but they've never

2237

01:13:47,669 --> 01:13:46,080

moved away from that

2238

01:13:49,110 --> 01:13:47,679

and you know and things we've talked

2239

01:13:51,110 --> 01:13:49,120

about the three of us in

2240

01:13:53,750 --> 01:13:51,120

in our group was you know what would

2241

01:13:55,350 --> 01:13:53,760

constitute an item of defense interest

2242

01:13:57,110 --> 01:13:55,360

what kind of threshold have you got to

2243

01:13:57,910 --> 01:13:57,120

break through for the mod to take these

2244

01:14:00,310 --> 01:13:57,920

things seriously

2245

01:14:02,310 --> 01:14:00,320

and to admit they're taking it seriously

2246

01:14:04,229 --> 01:14:02,320

but then we see the ramping up of the um

2247

01:14:04,870 --> 01:14:04,239

the navy in the u.s taking it seriously

2248

01:14:08,310 --> 01:14:04,880

and even

2249

01:14:09,910 --> 01:14:08,320

putting in um you know plans for the

2250

01:14:12,149 --> 01:14:09,920

officers and sailors to report these

2251

01:14:14,149 --> 01:14:12,159

things from what i've seen

2252

01:14:15,990 --> 01:14:14,159

that we always follow what the us do so

2253

01:14:17,430 --> 01:14:16,000

surely we've almost

2254

01:14:19,110 --> 01:14:17,440

jumped on board what they do and

2255

01:14:21,430 --> 01:14:19,120

probably put something into

2256

01:14:22,630 --> 01:14:21,440

into plan for for our sailors and

2257

01:14:24,709 --> 01:14:22,640

military personnel

2258

01:14:26,229 --> 01:14:24,719

and there has to be something in place i

2259

01:14:27,669 --> 01:14:26,239

mean doesn't it make sense that we

2260

01:14:28,790 --> 01:14:27,679

follow what they do because that's

2261

01:14:30,870 --> 01:14:28,800

always been the case

2262

01:14:31,990 --> 01:14:30,880

or or have they simply just forgotten

2263

01:14:34,229 --> 01:14:32,000

about it and they don't

2264

01:14:35,910 --> 01:14:34,239

interpret it or look into it it just

2265

01:14:37,669 --> 01:14:35,920

doesn't seem viable in mind i'd like to

2266

01:14:39,270 --> 01:14:37,679

think that just do it anyway

2267

01:14:40,630 --> 01:14:39,280

not just because the americans do but

2268

01:14:41,990 --> 01:14:40,640

because it's something that affects our

2269

01:14:45,189 --> 01:14:42,000

airspace and the safety of our

2270

01:14:47,110 --> 01:14:45,199

airmen and uh and our service personnel

2271

01:14:48,709 --> 01:14:47,120

whether the naval army mili you know air

2272

01:14:49,590 --> 01:14:48,719

force whatever and you just think it

2273

01:14:50,950 --> 01:14:49,600

would be something that you would do

2274

01:14:52,149 --> 01:14:50,960

because the first duty of the government

2275

01:14:54,709 --> 01:14:52,159

is to defend its country

2276

01:14:56,229 --> 01:14:54,719

so better to be safe than sorry exactly

2277

01:14:57,910 --> 01:14:56,239

yeah so you'd like to think they do it

2278

01:14:59,750 --> 01:14:57,920

for that reason in that reason alone

2279

01:15:01,669 --> 01:14:59,760

and and you know anything that comes

2280

01:15:03,110 --> 01:15:01,679

into cooperation with another country

2281

01:15:04,310 --> 01:15:03,120

that's a secondary benefit

2282

01:15:06,070 --> 01:15:04,320

but you'd like to think they actually do

2283

01:15:06,950 --> 01:15:06,080

it because it's the right thing to do

2284

01:15:10,229 --> 01:15:06,960

yeah

2285

01:15:12,229 --> 01:15:10,239

oh he wouldn't have more success asking

2286

01:15:14,709 --> 01:15:12,239

about the scientific implications rather

2287

01:15:17,189 --> 01:15:14,719

than the defense implications

2288

01:15:18,950 --> 01:15:17,199

good point because then that kind of

2289

01:15:20,870 --> 01:15:18,960

diverts the question to a different

2290

01:15:23,669 --> 01:15:20,880

minister in a different department

2291

01:15:24,470 --> 01:15:23,679

and they're gonna have to say well if

2292

01:15:27,110 --> 01:15:24,480

they think that

2293

01:15:28,790 --> 01:15:27,120

ufos of uaps are of no scientific

2294

01:15:29,990 --> 01:15:28,800

interest

2295

01:15:33,510 --> 01:15:30,000

that's going to make them look very

2296

01:15:39,430 --> 01:15:33,520

stupid because clearly they are this

2297

01:15:41,430 --> 01:15:39,440

potential there for clean energy

2298

01:15:44,390 --> 01:15:41,440

you know all sorts of other different

2299

01:15:46,550 --> 01:15:44,400

things that you know could help benefit

2300

01:15:47,990 --> 01:15:46,560

our planet at this very moment because

2301
01:15:49,110 --> 01:15:48,000
you know we've got wildfires everywhere

2302
01:15:52,709 --> 01:15:49,120
greece sardinia

2303
01:15:54,630 --> 01:15:52,719
canada the us you know we've got

2304
01:15:56,390 --> 01:15:54,640
some scientists today have said we're

2305
01:15:58,709 --> 01:15:56,400
facing

2306
01:15:59,510 --> 01:15:58,719
heat waves of 40 degrees plus in the

2307
01:16:02,550 --> 01:15:59,520
next

2308
01:16:04,310 --> 01:16:02,560
decade or so so wouldn't now be the time

2309
01:16:06,550 --> 01:16:04,320
to be looking into this to try and

2310
01:16:07,830 --> 01:16:06,560
reverse what we've caused in the past

2311
01:16:09,110 --> 01:16:07,840
yeah i mean we need to

2312
01:16:10,709 --> 01:16:09,120
all we need to do is look at the recent

2313
01:16:12,070 --> 01:16:10,719

flooding across europe and other

2314

01:16:13,669 --> 01:16:12,080

countries and stuff there's

2315

01:16:15,830 --> 01:16:13,679

and the heat wave shot into the last

2316

01:16:17,350 --> 01:16:15,840

last few weeks here i mean it's been um

2317

01:16:19,030 --> 01:16:17,360

i can't remember the last time it's been

2318

01:16:20,790 --> 01:16:19,040

this hot in the uk you know it's

2319

01:16:22,950 --> 01:16:20,800

it's been crazy oh that's just being

2320

01:16:25,830 --> 01:16:22,960

british though

2321

01:16:27,110 --> 01:16:25,840

that's a good point i mean one next

2322

01:16:31,350 --> 01:16:27,120

thing i will say is

2323

01:16:34,550 --> 01:16:31,360

in 1994 um the european union

2324

01:16:36,470 --> 01:16:34,560

was going to allocate funds into uap

2325

01:16:40,390 --> 01:16:36,480

research

2326

01:16:43,669 --> 01:16:40,400

um but it was on the behest of

2327

01:16:44,950 --> 01:16:43,679

two labour mps um glen ford and robert

2328

01:16:48,790 --> 01:16:44,960

bose

2329

01:16:50,870 --> 01:16:48,800

who started a press campaign in england

2330

01:16:52,390 --> 01:16:50,880

um to try and stop this because they

2331

01:16:52,950 --> 01:16:52,400

said the eu you shouldn't be spending

2332

01:16:56,070 --> 01:16:52,960

money

2333

01:16:59,430 --> 01:16:56,080

on looking for little green men

2334

01:17:01,350 --> 01:16:59,440

uh that's quite funny yeah

2335

01:17:02,550 --> 01:17:01,360

i tried to speak gary hesterton about

2336

01:17:04,390 --> 01:17:02,560

that as well and it

2337

01:17:06,310 --> 01:17:04,400

didn't really clarify anything they're

2338

01:17:07,510 --> 01:17:06,320

doing as far as this big corporation or

2339

01:17:09,430 --> 01:17:07,520

whatever they are

2340

01:17:11,030 --> 01:17:09,440

across the globe when when questioned

2341

01:17:12,470 --> 01:17:11,040

upon it yeah i didn't get much

2342

01:17:14,229 --> 01:17:12,480

clarification about

2343

01:17:16,709 --> 01:17:14,239

any details and it all just sounded a

2344

01:17:18,390 --> 01:17:16,719

bit glossy

2345

01:17:20,870 --> 01:17:18,400

i don't know it almost sounds like it's

2346

01:17:23,750 --> 01:17:20,880

just the ideas are great

2347

01:17:24,149 --> 01:17:23,760

and then in practice there's nothing

2348

01:17:26,310 --> 01:17:24,159

there

2349

01:17:27,350 --> 01:17:26,320

i don't know no because if you're trying

2350

01:17:29,990 --> 01:17:27,360

to get

2351

01:17:30,709 --> 01:17:30,000

you know politicians and you know

2352

01:17:33,750 --> 01:17:30,719

military

2353

01:17:35,910 --> 01:17:33,760

staff who are reluctant to talk about

2354

01:17:37,590 --> 01:17:35,920

what we're seeing over in the states

2355

01:17:39,510 --> 01:17:37,600

yeah how are they going to start talking

2356

01:17:41,830 --> 01:17:39,520

about

2357

01:17:43,910 --> 01:17:41,840

potential extraterrestrial hypothesis

2358

01:17:46,229 --> 01:17:43,920

yeah you can't make that jump it's like

2359

01:17:49,669 --> 01:17:46,239

try and go from

2360

01:17:50,470 --> 01:17:49,679

you know the tic-tac to the level of

2361

01:17:52,149 --> 01:17:50,480

consciousness

2362

01:17:54,390 --> 01:17:52,159

needed to be able to see it or to

2363

01:17:55,990 --> 01:17:54,400

interact or to do cd5 in your back

2364

01:17:57,750 --> 01:17:56,000

garden or anything like that you're not

2365

01:17:58,870 --> 01:17:57,760

gonna get that huge step in the

2366

01:18:00,630 --> 01:17:58,880

conversation

2367

01:18:03,110 --> 01:18:00,640

there's a career suicide to a lot of

2368

01:18:04,550 --> 01:18:03,120

people as well isn't it yeah

2369

01:18:05,990 --> 01:18:04,560

the stigma is still there unfortunately

2370

01:18:07,350 --> 01:18:06,000

it is and we keep thinking that it's

2371

01:18:09,189 --> 01:18:07,360

dropping in that because we're seeing it

2372

01:18:12,070 --> 01:18:09,199

in mainstream media reported here and

2373

01:18:12,709 --> 01:18:12,080

there's so far behind it's just crazy

2374

01:18:14,630 --> 01:18:12,719

you know

2375

01:18:15,830 --> 01:18:14,640

you can't the stigma is still there in

2376

01:18:17,110 --> 01:18:15,840

the uk unfortunately

2377

01:18:18,310 --> 01:18:17,120

so where do you guys think it's going to

2378

01:18:19,270 --> 01:18:18,320

come from do you do you think the

2379

01:18:20,630 --> 01:18:19,280

government are going to start

2380

01:18:22,470 --> 01:18:20,640

divulging anymore do you think it's

2381

01:18:24,149 --> 01:18:22,480

going to come from more leagues are

2382

01:18:25,430 --> 01:18:24,159

there jeremy corbell and things like

2383

01:18:26,950 --> 01:18:25,440

that or do you think it's just gonna

2384

01:18:31,189 --> 01:18:26,960

come from

2385

01:18:35,350 --> 01:18:33,669

i think it's gonna be a big pincer um i

2386

01:18:38,470 --> 01:18:35,360

think we're gonna experience

2387

01:18:40,310 --> 01:18:38,480

seeing some things from the ua ptf some

2388

01:18:42,070 --> 01:18:40,320

things from places like the galileo

2389

01:18:44,310 --> 01:18:42,080

project and uapx and

2390

01:18:45,910 --> 01:18:44,320

you know osiris skyhub or all this

2391

01:18:46,470 --> 01:18:45,920

wonderful work that's going on great

2392

01:18:49,990 --> 01:18:46,480

point now

2393

01:18:54,870 --> 01:18:50,000

um uaptx as well but then

2394

01:18:56,550 --> 01:18:54,880

we also have like

2395

01:18:58,870 --> 01:18:56,560

you know scientists are deep into the

2396

01:19:00,870 --> 01:18:58,880

whole quantum mechanics thing

2397

01:19:02,550 --> 01:19:00,880

where we're kind of uncovering this

2398

01:19:05,270 --> 01:19:02,560

whole universe that we

2399

01:19:07,270 --> 01:19:05,280

kind of didn't really understand um and

2400

01:19:09,270 --> 01:19:07,280

only now we've got people and again i'll

2401
01:19:11,270 --> 01:19:09,280
mention abby because he he talks about

2402
01:19:12,630 --> 01:19:11,280
you know that great galileo story where

2403
01:19:14,310 --> 01:19:12,640
people refuse to put their eye to the

2404
01:19:15,990 --> 01:19:14,320
telescope because it was such a huge

2405
01:19:19,030 --> 01:19:16,000
paradigm shift for them

2406
01:19:19,430 --> 01:19:19,040
um and we're kind of experiencing that

2407
01:19:22,709 --> 01:19:19,440
with

2408
01:19:25,110 --> 01:19:22,719
quantum stuffs as well um that's going

2409
01:19:26,630 --> 01:19:25,120
to affect you know not just the soil

2410
01:19:28,390 --> 01:19:26,640
the way we understand the soil beneath

2411
01:19:29,750 --> 01:19:28,400
our feet but also our bodies and the way

2412
01:19:31,189 --> 01:19:29,760
our bodies work and

2413
01:19:32,630 --> 01:19:31,199

everything like that and i just think

2414

01:19:34,830 --> 01:19:32,640

that all of these things are just going

2415

01:19:39,110 --> 01:19:34,840

to crash together into this just

2416

01:19:41,590 --> 01:19:39,120

huge i mean you know insert

2417

01:19:43,189 --> 01:19:41,600

awakening here or you you know something

2418

01:19:43,669 --> 01:19:43,199

like that i i don't want to use a word

2419

01:19:46,950 --> 01:19:43,679

like that

2420

01:19:48,470 --> 01:19:46,960

but you know they these guys

2421

01:19:49,990 --> 01:19:48,480

what what's a good way of putting it

2422

01:19:52,470 --> 01:19:50,000

there will be a huge

2423

01:19:54,310 --> 01:19:52,480

emergent property there you go i'll say

2424

01:19:54,870 --> 01:19:54,320

that that makes sense i like that i like

2425

01:19:56,229 --> 01:19:54,880

that

2426

01:19:58,229 --> 01:19:56,239

it's kind of being positive but not

2427

01:20:00,630 --> 01:19:58,239

overly positive or or

2428

01:20:02,310 --> 01:20:00,640

too forward thinking without being aware

2429

01:20:03,590 --> 01:20:02,320

of the possibilities so you know

2430

01:20:06,149 --> 01:20:03,600

i agree with that and i hope you're

2431

01:20:07,110 --> 01:20:06,159

right yeah what about you graham what do

2432

01:20:08,870 --> 01:20:07,120

you think what do you think's gonna

2433

01:20:10,550 --> 01:20:08,880

happen give us give us six months to a

2434

01:20:12,830 --> 01:20:10,560

year maybe two years no i can't give you

2435

01:20:18,070 --> 01:20:12,840

time scales i don't bet okay

2436

01:20:19,750 --> 01:20:18,080

um yeah

2437

01:20:21,189 --> 01:20:19,760

you know you know the the releases we've

2438

01:20:22,629 --> 01:20:21,199

had via jeremy corbell

2439

01:20:24,390 --> 01:20:22,639

i mean they've been great don't get me

2440

01:20:25,910 --> 01:20:24,400

wrong in terms of like us

2441

01:20:27,270 --> 01:20:25,920

debating at length over what they

2442

01:20:28,070 --> 01:20:27,280

represent and what you know what they

2443

01:20:30,070 --> 01:20:28,080

are etc

2444

01:20:31,669 --> 01:20:30,080

but in terms of the wider public no

2445

01:20:32,310 --> 01:20:31,679

attraction whatsoever really to be

2446

01:20:33,510 --> 01:20:32,320

honest

2447

01:20:35,030 --> 01:20:33,520

because they don't necessarily

2448

01:20:36,390 --> 01:20:35,040

understand what they're looking at and

2449

01:20:37,910 --> 01:20:36,400

it's not something that's made people

2450

01:20:39,750 --> 01:20:37,920

start running for the hills

2451

01:20:41,430 --> 01:20:39,760

or talking about it all over social

2452

01:20:43,270 --> 01:20:41,440

media and on the news

2453

01:20:45,430 --> 01:20:43,280

so whilst they're great for the likes of

2454

01:20:47,910 --> 01:20:45,440

us you know who are really deeply

2455

01:20:49,030 --> 01:20:47,920

you know invested in this topic it not

2456

01:20:49,990 --> 01:20:49,040

so much for elsewhere

2457

01:20:51,750 --> 01:20:50,000

you're going to have to have your

2458

01:20:53,270 --> 01:20:51,760

proverbial you know source of landing on

2459

01:20:54,709 --> 01:20:53,280

the white house lawn before you start

2460

01:20:57,590 --> 01:20:54,719

getting that level of traction

2461

01:20:59,750 --> 01:20:57,600

through the wider wider population but

2462

01:21:00,229 --> 01:20:59,760

in terms of things which will move the

2463

01:21:02,149 --> 01:21:00,239

needle

2464

01:21:03,669 --> 01:21:02,159

the things that dan said the the things

2465

01:21:05,990 --> 01:21:03,679

in the scientific field

2466

01:21:08,229 --> 01:21:06,000

and of course in the military field with

2467

01:21:09,350 --> 01:21:08,239

the uap task force or whatever it morphs

2468

01:21:11,590 --> 01:21:09,360

into

2469

01:21:13,030 --> 01:21:11,600

hopefully it does get some kind of

2470

01:21:16,229 --> 01:21:13,040

traction within the us

2471

01:21:17,510 --> 01:21:16,239

air force and other um you know it gets

2472

01:21:19,110 --> 01:21:17,520

information collected from other

2473

01:21:20,470 --> 01:21:19,120

platforms some of the things that chris

2474

01:21:22,229 --> 01:21:20,480

mellon were talking about

2475

01:21:24,870 --> 01:21:22,239

uh all these different you know word

2476

01:21:26,790 --> 01:21:24,880

salad um arrangements and all these

2477

01:21:28,470 --> 01:21:26,800

weird wonderful collections of letters

2478

01:21:29,270 --> 01:21:28,480

that mean nothing to the average man in

2479

01:21:31,669 --> 01:21:29,280

the street

2480

01:21:33,590 --> 01:21:31,679

but are really incredible kind of you

2481

01:21:35,590 --> 01:21:33,600

know sort of data collection and vital

2482

01:21:36,709 --> 01:21:35,600

you know national security but also

2483

01:21:38,790 --> 01:21:36,719

geographical

2484

01:21:40,149 --> 01:21:38,800

uh climate change you know all these

2485

01:21:40,950 --> 01:21:40,159

other kind of topics that they're all

2486

01:21:43,030 --> 01:21:40,960

really really

2487

01:21:44,149 --> 01:21:43,040

kind of vital to to be um to get

2488

01:21:47,669 --> 01:21:44,159

information from

2489

01:21:49,270 --> 01:21:47,679

but the filters are usually set too high

2490

01:21:50,790 --> 01:21:49,280

so that we and all this stuff doesn't

2491

01:21:51,830 --> 01:21:50,800

actually come out i think that's where

2492

01:21:54,149 --> 01:21:51,840

the information

2493

01:21:55,430 --> 01:21:54,159

will come but it'll come piecemeal it

2494

01:21:57,430 --> 01:21:55,440

won't come in one big

2495

01:21:58,790 --> 01:21:57,440

dollop where everybody goes oh yeah

2496

01:22:00,310 --> 01:21:58,800

that's the answer

2497

01:22:01,910 --> 01:22:00,320

it'll be something that has to be pieced

2498

01:22:03,910 --> 01:22:01,920

together and it's still

2499

01:22:05,830 --> 01:22:03,920

that enough it won't be enough to get

2500

01:22:07,750 --> 01:22:05,840

the public on board i'm afraid

2501
01:22:09,430 --> 01:22:07,760
as far as i'm thinking because you know

2502
01:22:10,870 --> 01:22:09,440
it's too much of a leap for people it's

2503
01:22:12,070 --> 01:22:10,880
too much of trying to join the dots

2504
01:22:13,590 --> 01:22:12,080
they're putting the um

2505
01:22:15,750 --> 01:22:13,600
you know drawing all the dots together

2506
01:22:17,430 --> 01:22:15,760
to put the jigsaw together it's

2507
01:22:19,350 --> 01:22:17,440
it you can't get to wrap the head around

2508
01:22:21,430 --> 01:22:19,360
around all this it's bad enough for the

2509
01:22:23,510 --> 01:22:21,440
rest of us to do that you're first here

2510
01:22:25,030 --> 01:22:23,520
and and your audience to put all these

2511
01:22:26,310 --> 01:22:25,040
pieces together to try and come up with

2512
01:22:28,629 --> 01:22:26,320
a coherent narrative

2513
01:22:29,750 --> 01:22:28,639

you put your minds in the in the in the

2514

01:22:30,390 --> 01:22:29,760

you put yourself in the minds of

2515

01:22:32,070 --> 01:22:30,400

somebody

2516

01:22:34,070 --> 01:22:32,080

who has no idea about what we're looking

2517

01:22:36,870 --> 01:22:34,080

at and expect them to

2518

01:22:37,510 --> 01:22:36,880

understand it all you know so yeah i

2519

01:22:40,390 --> 01:22:37,520

might actually

2520

01:22:41,750 --> 01:22:40,400

out that you just gave me a grain

2521

01:22:43,669 --> 01:22:41,760

because

2522

01:22:45,830 --> 01:22:43,679

that really resonated me that might be

2523

01:22:47,510 --> 01:22:45,840

one of my next posts across instagram

2524

01:22:49,110 --> 01:22:47,520

just to to put it out to a lot of people

2525

01:22:49,910 --> 01:22:49,120

that really need to hear that kind of

2526

01:22:51,430 --> 01:22:49,920

thing because it

2527

01:22:53,510 --> 01:22:51,440

it's it's giving an answer but not

2528

01:22:54,870 --> 01:22:53,520

giving it a definitive

2529

01:22:57,110 --> 01:22:54,880

this is where we're going or this is

2530

01:23:01,590 --> 01:22:57,120

what we expect that really

2531

01:23:06,390 --> 01:23:04,870

i need you on on quick dial every day

2532

01:23:08,229 --> 01:23:06,400

most of the questions i get across

2533

01:23:11,430 --> 01:23:08,239

instagram because that was amazing so

2534

01:23:13,430 --> 01:23:11,440

thank you he's he's he's our

2535

01:23:14,550 --> 01:23:13,440

subject matter expert for the uh for

2536

01:23:17,750 --> 01:23:14,560

this kind of

2537

01:23:21,910 --> 01:23:17,760

thinking listen i see all you guys um

2538

01:23:23,910 --> 01:23:21,920

at uap media uk and as pioneers

2539

01:23:25,590 --> 01:23:23,920

it influenced me from when i started

2540

01:23:26,390 --> 01:23:25,600

doing what i'm doing in my work my

2541

01:23:29,990 --> 01:23:26,400

research my

2542

01:23:31,590 --> 01:23:30,000

social media posts and um i'm very lucky

2543

01:23:33,750 --> 01:23:31,600

to have spoken to dave today

2544

01:23:35,830 --> 01:23:33,760

personally on a phone call and graham

2545

01:23:37,990 --> 01:23:35,840

dan we've had interactions

2546

01:23:39,430 --> 01:23:38,000

in the past dan i cannot thank you

2547

01:23:41,669 --> 01:23:39,440

enough for the conversation we had a

2548

01:23:42,709 --> 01:23:41,679

month or so ago on my instagram live for

2549

01:23:44,629 --> 01:23:42,719

an hour or two

2550

01:23:46,629 --> 01:23:44,639

that was really great fun people still

2551

01:23:47,030 --> 01:23:46,639

talk about that to this day with me in

2552

01:23:49,030 --> 01:23:47,040

my

2553

01:23:50,629 --> 01:23:49,040

dm's and it really meant a lot to me

2554

01:23:52,629 --> 01:23:50,639

graham you've always been a supporter of

2555

01:23:54,070 --> 01:23:52,639

mine whether it's just been through

2556

01:23:55,830 --> 01:23:54,080

watching and listening to things and

2557

01:23:57,430 --> 01:23:55,840

telling me that you you appreciate some

2558

01:23:59,750 --> 01:23:57,440

of the things that i've done that keeps

2559

01:24:01,510 --> 01:23:59,760

pushing me to do what i'm doing because

2560

01:24:02,790 --> 01:24:01,520

i've not formed any conclusions in

2561

01:24:06,550 --> 01:24:02,800

anything that i look at i

2562

01:24:07,270 --> 01:24:06,560

i do the work put in the research do

2563

01:24:10,390 --> 01:24:07,280

what i can

2564

01:24:12,629 --> 01:24:10,400

and it pushes me to keep going dave

2565

01:24:14,470 --> 01:24:12,639

your magazine has been something that

2566

01:24:15,110 --> 01:24:14,480

really resonated with me from something

2567

01:24:16,550 --> 01:24:15,120

that

2568

01:24:18,229 --> 01:24:16,560

just makes me look back at my childhood

2569

01:24:19,510 --> 01:24:18,239

from when magazines were the thing where

2570

01:24:22,629 --> 01:24:19,520

you got information

2571

01:24:24,070 --> 01:24:22,639

and the way you do it it's almost like

2572

01:24:25,750 --> 01:24:24,080

never ending it's timeless

2573

01:24:28,629 --> 01:24:25,760

so i cannot thank you enough for that as

2574

01:24:30,950 --> 01:24:28,639

well and i hope that between all of us

2575

01:24:32,310 --> 01:24:30,960

being uk based as well that we can stick

2576

01:24:34,070 --> 01:24:32,320

together and maybe even

2577

01:24:35,830 --> 01:24:34,080

you know with the end of covert and that

2578

01:24:36,310 --> 01:24:35,840

and maybe conferences coming up in the

2579

01:24:38,790 --> 01:24:36,320

uk

2580

01:24:39,990 --> 01:24:38,800

in the next year or two really meet up

2581

01:24:44,950 --> 01:24:40,000

and

2582

01:24:46,149 --> 01:24:44,960

because i i love every every single one

2583

01:24:47,430 --> 01:24:46,159

of you and the work that you're doing

2584

01:24:49,910 --> 01:24:47,440

it's going to be important go

2585

01:24:51,350 --> 01:24:49,920

i think in terms of collabs i think um

2586

01:24:53,430 --> 01:24:51,360

going forward i mean

2587

01:24:55,590 --> 01:24:53,440

in terms of the uk especially we need to

2588

01:24:57,590 --> 01:24:55,600

be more together we need to

2589

01:24:59,030 --> 01:24:57,600

bring people together were a bit far

2590

01:25:01,270 --> 01:24:59,040

behind in terms of the us

2591

01:25:02,870 --> 01:25:01,280

in terms of the conversation so it's

2592

01:25:05,350 --> 01:25:02,880

really important that we do come

2593

01:25:07,590 --> 01:25:05,360

come together on this topic but we're

2594

01:25:09,430 --> 01:25:07,600

not behind

2595

01:25:11,030 --> 01:25:09,440

you know what they're saying but i know

2596

01:25:11,990 --> 01:25:11,040

what you're saying no no and that's what

2597

01:25:14,790 --> 01:25:12,000

i'm saying we're not behind

2598

01:25:15,990 --> 01:25:14,800

and everybody i get this every day like

2599

01:25:17,830 --> 01:25:16,000

what what are you british

2600

01:25:19,669 --> 01:25:17,840

doing getting involved in our subject

2601

01:25:20,390 --> 01:25:19,679

aliens and stuff i see that all the time

2602

01:25:22,790 --> 01:25:20,400

and

2603

01:25:24,790 --> 01:25:22,800

it really bothers me but we don't have

2604

01:25:26,470 --> 01:25:24,800

like the platform in terms of like the

2605

01:25:28,149 --> 01:25:26,480

news and the media we're not

2606

01:25:29,030 --> 01:25:28,159

getting the coverage is what the us is

2607

01:25:30,870 --> 01:25:29,040

getting that's what i'm trying to

2608

01:25:32,629 --> 01:25:30,880

explain but yeah but we get it every day

2609

01:25:34,629 --> 01:25:32,639

because of the internet so

2610

01:25:35,910 --> 01:25:34,639

listen guys we've kept you long enough i

2611

01:25:37,430 --> 01:25:35,920

hope that we could possibly do this

2612

01:25:40,229 --> 01:25:37,440

again whether it be individually

2613

01:25:41,910 --> 01:25:40,239

or again as a panel of discussion all i

2614

01:25:44,070 --> 01:25:41,920

want to do is thank you so much

2615

01:25:46,790 --> 01:25:44,080

for your time thanks guys i really

2616

01:25:50,310 --> 01:25:46,800

appreciate it

2617

01:25:51,830 --> 01:25:50,320

yeah you too guys i mean i'm i'm huge

2618

01:25:53,750 --> 01:25:51,840

2619

01:25:55,590 --> 01:25:53,760

2620

01:25:57,110 --> 01:25:55,600

2621

01:25:59,030 --> 01:25:57,120

2622

01:26:01,510 --> 01:25:59,040

you and just hear your stories yeah

2623

01:26:02,229 --> 01:26:01,520

i've had a great time so thank you yeah

2624

01:26:04,229 --> 01:26:02,239

guys

2625

01:26:05,430 --> 01:26:04,239

that's been great i mean one thing i

2626

01:26:07,110 --> 01:26:05,440

will add is

2627

01:26:08,470 --> 01:26:07,120

2630

01:26:15,830 --> 01:26:12,400
