

DISCLOSURE
TEAM

Ross Coulthart Interview

Live YouTube **Premiere**

Wednesday August 4th

11.30am PST/2.30pm EST/7.30pm UK

1
00:00:04,789 --> 00:00:02,629
hey guys how's it going welcome back to

2
00:00:06,309 --> 00:00:04,799
the disclosure team youtube channel

3
00:00:08,070 --> 00:00:06,319
this will be the premiere of my

4
00:00:09,750 --> 00:00:08,080
interview with ross coulthart

5
00:00:12,549 --> 00:00:09,760
uh we pre-recorded this interview

6
00:00:15,350 --> 00:00:12,559
because it was 10 a.m here in the uk

7
00:00:16,790 --> 00:00:15,360
7 p.m in australia for ross i think most

8
00:00:18,230 --> 00:00:16,800
of um america and a lot of other

9
00:00:20,230 --> 00:00:18,240
countries would have been asleep

10
00:00:22,550 --> 00:00:20,240
so we thought that it wouldn't be worth

11
00:00:24,310 --> 00:00:22,560
going live we wanted everyone to enjoy

12
00:00:25,910 --> 00:00:24,320
it or as many people as possible to

13
00:00:28,390 --> 00:00:25,920

enjoy it at the same time

14

00:00:29,189 --> 00:00:28,400

so we're premiering it here now for you

15

00:00:31,990 --> 00:00:29,199

guys

16

00:00:33,430 --> 00:00:32,000

um we had such a great chat um we could

17

00:00:35,510 --> 00:00:33,440

have gone on for at least twice the

18

00:00:37,830 --> 00:00:35,520

amount of time that we did but ross is

19

00:00:39,030 --> 00:00:37,840

obviously a very busy man with um

20

00:00:41,030 --> 00:00:39,040

interviews and

21

00:00:42,790 --> 00:00:41,040

appearances and things all regarding the

22

00:00:43,430 --> 00:00:42,800

recent release of his book in plain

23

00:00:45,830 --> 00:00:43,440

sight

24

00:00:46,470 --> 00:00:45,840

so guys i hope you enjoy this interview

25

00:00:49,750 --> 00:00:46,480

and

26

00:00:51,510 --> 00:00:49,760

yeah thanks for for watching peace

27

00:00:53,670 --> 00:00:51,520

welcome ross thank you so much for

28

00:00:55,350 --> 00:00:53,680

joining me it really means a lot and

29

00:00:58,229 --> 00:00:55,360

i can imagine that you've been very busy

30

00:01:01,189 --> 00:00:58,239

recently with the release of the book um

31

00:01:02,709 --> 00:01:01,199

so yeah how's everything been oh it's

32

00:01:03,990 --> 00:01:02,719

been very gratifying i mean every

33

00:01:07,830 --> 00:01:04,000

journalist wants

34

00:01:09,750 --> 00:01:07,840

what he writes to be uh drawn on and um

35

00:01:12,070 --> 00:01:09,760

and followed and i'm flattered and

36

00:01:14,630 --> 00:01:12,080

gratified by the fact that people

37

00:01:15,830 --> 00:01:14,640

are interested in what i have to say i i

38

00:01:17,749 --> 00:01:15,840

don't think i'm doing anything

39

00:01:19,510 --> 00:01:17,759

exceptional vinnie all i'm doing is just

40

00:01:20,870 --> 00:01:19,520

following the evidence where it leads me

41

00:01:22,789 --> 00:01:20,880

and

42

00:01:23,990 --> 00:01:22,799

i have to admit as i've said many times

43

00:01:27,030 --> 00:01:24,000

i'm quite shocked

44

00:01:29,510 --> 00:01:27,040

that other mainstream media and digging

45

00:01:30,230 --> 00:01:29,520

in these very verdant pastures i find it

46

00:01:46,630 --> 00:01:30,240

a

47

00:01:49,350 --> 00:01:46,640

been in newsrooms for

48

00:01:50,630 --> 00:01:49,360

newspapers television and radio and

49

00:01:52,630 --> 00:01:50,640

everywhere you go

50

00:01:53,990 --> 00:01:52,640

there's a taboo there's a stigma

51
00:01:58,069 --> 00:01:54,000
associated with the subject

52
00:01:59,990 --> 00:01:58,079
of ufos and it's funny because when i'm

53
00:02:01,830 --> 00:02:00,000
in my very early weeks of writing this

54
00:02:03,749 --> 00:02:01,840
book and doing my research and i would

55
00:02:04,789 --> 00:02:03,759
say to friends of mine i'm

56
00:02:06,230 --> 00:02:04,799
what are you writing your next book

57
00:02:07,350 --> 00:02:06,240
about ross and i'd say i'm writing a

58
00:02:09,350 --> 00:02:07,360
book about

59
00:02:11,910 --> 00:02:09,360
ufos and there would be this ironic

60
00:02:13,830 --> 00:02:11,920
smile this kind of smirk or giggle that

61
00:02:16,790 --> 00:02:13,840
would come across people's faces

62
00:02:18,070 --> 00:02:16,800
somebody did it to me today and the

63
00:02:18,949 --> 00:02:18,080

reality is i don't think that's

64

00:02:21,830 --> 00:02:18,959

justified

65

00:02:23,110 --> 00:02:21,840

i i don't you think about why what why

66

00:02:25,190 --> 00:02:23,120

does that happen

67

00:02:27,270 --> 00:02:25,200

why is there that stigma that taboo

68

00:02:29,830 --> 00:02:27,280

that's attached to the subject

69

00:02:31,030 --> 00:02:29,840

i just don't think it's warranted and

70

00:02:34,150 --> 00:02:31,040

what struck me i'm

71

00:02:35,990 --> 00:02:34,160

i'm a historian by nature i love writing

72

00:02:37,350 --> 00:02:36,000

history books as much as i do doing

73

00:02:39,509 --> 00:02:37,360

investigative journalism and i've

74

00:02:42,630 --> 00:02:39,519

written a lot of first world war

75

00:02:42,949 --> 00:02:42,640

history and i like contrarian history i

76

00:02:44,550 --> 00:02:42,959

like

77

00:02:46,949 --> 00:02:44,560

looking back at history and actually

78

00:02:49,589 --> 00:02:46,959

seeing what the documents record

79

00:02:51,830 --> 00:02:49,599

and what fascinated me going through the

80

00:02:52,550 --> 00:02:51,840

files and looking in the archives of the

81

00:02:54,550 --> 00:02:52,560

cia

82

00:02:56,150 --> 00:02:54,560

the national security agency the us

83

00:02:58,149 --> 00:02:56,160

department of defense

84

00:02:59,990 --> 00:02:58,159

and our files here in australia in the

85

00:03:03,030 --> 00:03:00,000

department of defense the joint

86

00:03:05,430 --> 00:03:03,040

intelligence organization was how

87

00:03:07,270 --> 00:03:05,440

there was a there was a cognitive

88

00:03:08,390 --> 00:03:07,280

dissonance if you like between what the

89

00:03:11,830 --> 00:03:08,400

public was being

90

00:03:13,990 --> 00:03:11,840

told ridicule taboo stigma

91

00:03:16,149 --> 00:03:14,000

don't take this seriously ignore it all

92

00:03:19,509 --> 00:03:16,159

it's rubbish just forget about it

93

00:03:20,949 --> 00:03:19,519

it can all be explained and when you

94

00:03:22,470 --> 00:03:20,959

looked behind the scenes at the

95

00:03:25,110 --> 00:03:22,480

declassified files

96

00:03:26,070 --> 00:03:25,120

in that era of the 70s and the 80s the

97

00:03:28,070 --> 00:03:26,080

files that

98

00:03:29,350 --> 00:03:28,080

have been released under the 30-year

99

00:03:31,670 --> 00:03:29,360

rule that you and i

100

00:03:33,270 --> 00:03:31,680

operate under it's quite obvious they've

101
00:03:36,070 --> 00:03:33,280
never stopped looking

102
00:03:38,070 --> 00:03:36,080
the phenomenon has constantly been being

103
00:03:41,030 --> 00:03:38,080
monitored and observed

104
00:03:43,030 --> 00:03:41,040
and i've spoken i was most recently in

105
00:03:45,990 --> 00:03:43,040
the united states about six weeks ago

106
00:03:48,550 --> 00:03:46,000
writing a uh articles and uh finishing

107
00:03:50,789 --> 00:03:48,560
my book and also doing a documentary for

108
00:03:53,190 --> 00:03:50,799
channel seven here in australia

109
00:03:55,110 --> 00:03:53,200
and in the course of engaging with u.s

110
00:03:57,350 --> 00:03:55,120
officials over there

111
00:03:58,630 --> 00:03:57,360
it was patently obvious to me that

112
00:04:00,869 --> 00:03:58,640
they've never stopped

113
00:04:01,910 --> 00:04:00,879

looking at this phenomenon it's always

114

00:04:05,030 --> 00:04:01,920

been

115

00:04:08,470 --> 00:04:05,040

a subject of great intense interest

116

00:04:10,470 --> 00:04:08,480

serious interest and and the taboo and

117

00:04:11,990 --> 00:04:10,480

stigma that frankly has been attached to

118

00:04:14,869 --> 00:04:12,000

the subject for the last

119

00:04:16,390 --> 00:04:14,879

50 years since the end of 60 years

120

00:04:17,270 --> 00:04:16,400

actually since the end of project blue

121

00:04:19,830 --> 00:04:17,280

book

122

00:04:20,390 --> 00:04:19,840

is completely unwarranted i i don't

123

00:04:23,430 --> 00:04:20,400

think

124

00:04:24,390 --> 00:04:23,440

it's justified and the fact that you now

125

00:04:27,350 --> 00:04:24,400

have

126
00:04:29,749 --> 00:04:27,360
the us department of defense the office

127
00:04:32,629 --> 00:04:29,759
of the director of national intelligence

128
00:04:35,110 --> 00:04:32,639
when i was just reading the memo from

129
00:04:37,270 --> 00:04:35,120
the deputy secretary of defense

130
00:04:39,189 --> 00:04:37,280
um kathleen hicks where she's

131
00:04:40,710 --> 00:04:39,199
essentially issued an edict to all

132
00:04:42,469 --> 00:04:40,720
military aircrew and government

133
00:04:46,469 --> 00:04:42,479
personnel to report

134
00:04:48,310 --> 00:04:46,479
uaps i mean it's groundbreaking

135
00:04:49,510 --> 00:04:48,320
you know this is this is history

136
00:04:51,830 --> 00:04:49,520
unfolding

137
00:04:54,310 --> 00:04:51,840
and i'm just wondering why why have we

138
00:04:56,310 --> 00:04:54,320

allowed ourselves to be so deceived

139

00:04:57,749 --> 00:04:56,320

because i think the lessons of history

140

00:05:00,870 --> 00:04:57,759

will show that in

141

00:05:01,670 --> 00:05:00,880

20 or 30 years time when the full story

142

00:05:05,270 --> 00:05:01,680

is known

143

00:05:07,270 --> 00:05:05,280

of this era i'm sure we will learn that

144

00:05:08,790 --> 00:05:07,280

there were cover-ups there were lies

145

00:05:10,390 --> 00:05:08,800

there was deception

146

00:05:12,070 --> 00:05:10,400

and just what i'm wrestling with as a

147

00:05:14,310 --> 00:05:12,080

journalist is why

148

00:05:16,310 --> 00:05:14,320

what's the reason for that i'm still not

149

00:05:19,670 --> 00:05:16,320

sure i understand why

150

00:05:21,909 --> 00:05:19,680

no that's yeah i mean i completely agree

151
00:05:23,430 --> 00:05:21,919
um i mean we just recently had um the

152
00:05:25,110 --> 00:05:23,440
house of lords here in the uk

153
00:05:27,029 --> 00:05:25,120
talking about the subject saying that

154
00:05:29,430 --> 00:05:27,039
the ministry of defense aren't even

155
00:05:31,029 --> 00:05:29,440
looking into it anymore and i mean

156
00:05:33,189 --> 00:05:31,039
not very many people actually believe

157
00:05:35,430 --> 00:05:33,199
that to be fair i mean that's [h__\h] i

158
00:05:36,790 --> 00:05:35,440
mean you and i know it's [h__\h] i mean

159
00:05:38,230 --> 00:05:36,800
i've spoken to people in the british

160
00:05:40,310 --> 00:05:38,240
government who've told me that that

161
00:05:41,590 --> 00:05:40,320
there are active investigations on going

162
00:05:43,029 --> 00:05:41,600
into ufos

163
00:05:45,270 --> 00:05:43,039

if you haven't already looked at it i

164

00:05:48,310 --> 00:05:45,280

would recommend you look at the penturk

165

00:05:51,749 --> 00:05:48,320

incident in wales which is astonishing i

166

00:05:53,189 --> 00:05:51,759

mean that sounds like a military

167

00:05:55,189 --> 00:05:53,199

retrieval of some kind

168

00:05:57,350 --> 00:05:55,199

what the hell's going on why is the

169

00:05:57,990 --> 00:05:57,360

mainstream media not looking at that

170

00:06:00,469 --> 00:05:58,000

issue

171

00:06:01,430 --> 00:06:00,479

uh i think it's an entirely legitimate

172

00:06:03,270 --> 00:06:01,440

area

173

00:06:05,110 --> 00:06:03,280

for i mean you think of some of the

174

00:06:06,070 --> 00:06:05,120

crazy [h__\h] that the media has done

175

00:06:09,430 --> 00:06:06,080

stories about

176

00:06:12,790 --> 00:06:11,270

my channel my network where i was

177

00:06:13,990 --> 00:06:12,800

working at the time was equally as

178

00:06:16,710 --> 00:06:14,000

guilty we were all

179

00:06:18,230 --> 00:06:16,720

fed lies by the u.s defense department

180

00:06:19,189 --> 00:06:18,240

that there were weapons of mass

181

00:06:22,469 --> 00:06:19,199

destruction in

182

00:06:25,990 --> 00:06:22,479

iraq yeah and on the basis of that the

183

00:06:27,830 --> 00:06:26,000

united kingdom your tony blair

184

00:06:30,390 --> 00:06:27,840

prime minister john howard we were led

185

00:06:33,830 --> 00:06:30,400

into war young men died young women

186

00:06:34,870 --> 00:06:33,840

died fighting a completely unnecessary

187

00:06:36,870 --> 00:06:34,880

war

188

00:06:38,550 --> 00:06:36,880

based on the complete misconception that

189

00:06:39,189 --> 00:06:38,560

there were weapons of mass destruction

190

00:06:41,749 --> 00:06:39,199

so

191

00:06:43,189 --> 00:06:41,759

governments lie governments do deceive

192

00:06:45,510 --> 00:06:43,199

and um

193

00:06:47,350 --> 00:06:45,520

in this case you know why is it such a

194

00:06:48,390 --> 00:06:47,360

shock for the media that there might

195

00:06:51,749 --> 00:06:48,400

actually be

196

00:06:54,390 --> 00:06:51,759

a vast conspiracy that's hiding

197

00:06:55,350 --> 00:06:54,400

incredible secrets because it's been

198

00:06:58,550 --> 00:06:55,360

done before

199

00:06:58,950 --> 00:06:58,560

you know and i i think the media has

200

00:07:01,510 --> 00:06:58,960

really

201
00:07:02,070 --> 00:07:01,520
failed in this area the mainstream media

202
00:07:05,749 --> 00:07:02,080
has really

203
00:07:09,029 --> 00:07:05,759
dropped the ball and i i've had

204
00:07:11,670 --> 00:07:09,039
conversations with journos from america

205
00:07:13,270 --> 00:07:11,680
and the uk in recent weeks because my

206
00:07:15,110 --> 00:07:13,280
documentary apparently has been

207
00:07:16,629 --> 00:07:15,120
bootlegged all around the world it's not

208
00:07:19,110 --> 00:07:16,639
meant to have been but

209
00:07:21,110 --> 00:07:19,120
um uh you know people have been watching

210
00:07:22,710 --> 00:07:21,120
it and saying to me oh gee ross you know

211
00:07:23,749 --> 00:07:22,720
you're taking this seriously and i go

212
00:07:25,749 --> 00:07:23,759
well yeah i am

213
00:07:27,830 --> 00:07:25,759

it's real and they go why do you say

214

00:07:30,469 --> 00:07:27,840

that and i say because the us pentagon

215

00:07:33,870 --> 00:07:30,479

says it's real the defense department

216

00:07:37,909 --> 00:07:33,880

has acknowledged it cannot explain

217

00:07:40,790 --> 00:07:37,919

143 out of 144 anomalous incidents

218

00:07:41,749 --> 00:07:40,800

involving sightings of objects tracked

219

00:07:44,990 --> 00:07:41,759

on radar

220

00:07:46,869 --> 00:07:45,000

videotaped seen by fighter pilots since

221

00:07:49,990 --> 00:07:46,879

2004

222

00:07:52,710 --> 00:07:50,000

it's a mystery it's a genuine mystery

223

00:07:53,430 --> 00:07:52,720

if you believe the u.s i'm not so sure i

224

00:07:55,749 --> 00:07:53,440

do

225

00:07:58,629 --> 00:07:55,759

i think i think they know a lot more oh

226

00:08:00,230 --> 00:07:58,639

i completely agree um yeah i mean

227

00:08:01,670 --> 00:08:00,240

it's been speculated for years that

228

00:08:02,230 --> 00:08:01,680

there's been cover-ups and that we just

229

00:08:04,309 --> 00:08:02,240

haven't

230

00:08:06,550 --> 00:08:04,319

really got that final conclusive piece

231

00:08:07,909 --> 00:08:06,560

of data or acknowledgement

232

00:08:10,230 --> 00:08:07,919

um so you just mentioned your

233

00:08:11,430 --> 00:08:10,240

documentary fantastic piece of work i

234

00:08:13,990 --> 00:08:11,440

was very impressed

235

00:08:15,749 --> 00:08:14,000

i've watched it a few times i was really

236

00:08:18,469 --> 00:08:15,759

interested in one of the cases

237

00:08:20,390 --> 00:08:18,479

that be the one in 91 at the um the

238

00:08:21,270 --> 00:08:20,400

joint base the naval communications

239

00:08:22,869 --> 00:08:21,280

station

240

00:08:25,029 --> 00:08:22,879

would you mind just giving us a brief

241

00:08:26,950 --> 00:08:25,039

outline of the story just for people who

242

00:08:30,469 --> 00:08:26,960

might not be aware of it

243

00:08:31,029 --> 00:08:30,479

the naval communications base harold e

244

00:08:34,149 --> 00:08:31,039

holt

245

00:08:35,350 --> 00:08:34,159

is most australians had no idea of this

246

00:08:37,029 --> 00:08:35,360

i've actually had conversations with

247

00:08:39,110 --> 00:08:37,039

people in the last few weeks who said to

248

00:08:41,029 --> 00:08:39,120

me i didn't even know it existed

249

00:08:42,709 --> 00:08:41,039

and what it is it looks like something

250

00:08:43,589 --> 00:08:42,719

out of a science fiction movie it's a

251
00:08:47,350 --> 00:08:43,599
huge

252
00:08:51,430 --> 00:08:47,360
gigantic 100 acre hexagonal

253
00:08:53,430 --> 00:08:51,440
array of this is meant to be behind me

254
00:08:54,710 --> 00:08:53,440
oh i said it behind you all right okay

255
00:08:57,670 --> 00:08:54,720
yeah yeah yeah

256
00:08:59,990 --> 00:08:57,680
massive hexagonal array of masts that go

257
00:09:01,949 --> 00:09:00,000
up 300 meters into the air

258
00:09:04,150 --> 00:09:01,959
and its purpose was conceived in the

259
00:09:04,870 --> 00:09:04,160
mid-1960s when the americans had

260
00:09:07,190 --> 00:09:04,880
difficulty

261
00:09:08,949 --> 00:09:07,200
communicating with their underwater

262
00:09:10,630 --> 00:09:08,959
nuclear submarines in the event of

263
00:09:13,750 --> 00:09:10,640

nuclear war

264

00:09:16,150 --> 00:09:13,760

it was designed to send out vlf

265

00:09:18,230 --> 00:09:16,160

very low frequency signals that could

266

00:09:19,030 --> 00:09:18,240

penetrate down to about 80 feet under

267

00:09:20,870 --> 00:09:19,040

water

268

00:09:23,190 --> 00:09:20,880

which would essentially issue a very

269

00:09:24,710 --> 00:09:23,200

short message instruction for submarines

270

00:09:27,509 --> 00:09:24,720

to come closer to the surface

271

00:09:28,710 --> 00:09:27,519

deploy an acoustic boy with a um a

272

00:09:30,470 --> 00:09:28,720

listening boy where

273

00:09:32,630 --> 00:09:30,480

it could receive the communications to

274

00:09:35,269 --> 00:09:32,640

launch nuclear missiles

275

00:09:37,509 --> 00:09:35,279

so this was serious stuff these this was

276

00:09:40,230 --> 00:09:37,519

a base that was plugged in

277

00:09:41,430 --> 00:09:40,240

to america's strategic nuclear

278

00:09:43,829 --> 00:09:41,440

deterrence

279

00:09:44,949 --> 00:09:43,839

in the event of nuclear war the harold e

280

00:09:46,630 --> 00:09:44,959

holt base and

281

00:09:48,389 --> 00:09:46,640

one of the most remote parts of

282

00:09:51,509 --> 00:09:48,399

australia in north west

283

00:09:53,350 --> 00:09:51,519

cape would definitely be a strategic

284

00:09:55,509 --> 00:09:53,360

target because the russians

285

00:09:57,269 --> 00:09:55,519

the chinese they knew and they still

286

00:09:59,269 --> 00:09:57,279

know that it's basically used to

287

00:10:02,550 --> 00:09:59,279

communicate with nuclear submarines

288

00:10:04,949 --> 00:10:02,560

so it's definitely a target something

289

00:10:07,670 --> 00:10:04,959

took an interest in it and it's not just

290

00:10:08,949 --> 00:10:07,680

the 1991 incident i can't tell the story

291

00:10:11,829 --> 00:10:08,959

without saying that

292

00:10:12,870 --> 00:10:11,839

in the australian files of the defense

293

00:10:14,630 --> 00:10:12,880

department

294

00:10:16,790 --> 00:10:14,640

there's an incident that took place in

295

00:10:20,949 --> 00:10:16,800

october 1973

296

00:10:25,030 --> 00:10:20,959

at the very height of the

297

00:10:27,269 --> 00:10:25,040

arab-israeli war and the

298

00:10:28,630 --> 00:10:27,279

the russians were getting very very

299

00:10:31,110 --> 00:10:28,640

worried that their ally

300

00:10:33,110 --> 00:10:31,120

syria might be overrun by the israelis

301
00:10:34,949 --> 00:10:33,120
because the israelis had completely

302
00:10:37,509 --> 00:10:34,959
kicked the butts of the allied

303
00:10:39,269 --> 00:10:37,519
arab nations that had taken them on and

304
00:10:39,990 --> 00:10:39,279
they were literally on the outskirts of

305
00:10:43,509 --> 00:10:40,000
damascus

306
00:10:45,509 --> 00:10:43,519
were really worried they were telling

307
00:10:46,790 --> 00:10:45,519
henry kissinger the u.s secretary of

308
00:10:48,470 --> 00:10:46,800
state that they were

309
00:10:50,710 --> 00:10:48,480
thinking of deploying troops into the

310
00:10:52,949 --> 00:10:50,720
middle east and henry kissinger had

311
00:10:54,630 --> 00:10:52,959
warned them you know that would be a

312
00:10:56,310 --> 00:10:54,640
provocation you know we could risk

313
00:10:57,829 --> 00:10:56,320

nuclear war if that happens because we

314

00:10:59,030 --> 00:10:57,839

would go to the defense of our ally

315

00:11:01,190 --> 00:10:59,040

israel

316

00:11:04,150 --> 00:11:01,200

and so the world was in an incredibly

317

00:11:06,949 --> 00:11:04,160

dangerous situation in october 1973

318

00:11:09,269 --> 00:11:06,959

and the files that i've got from the

319

00:11:11,670 --> 00:11:09,279

defense department of australia

320

00:11:13,110 --> 00:11:11,680

show that the deputy commander of that

321

00:11:15,670 --> 00:11:13,120

base an american

322

00:11:16,949 --> 00:11:15,680

called maya or moya we're not sure which

323

00:11:20,069 --> 00:11:16,959

it is

324

00:11:22,870 --> 00:11:20,079

he reported seeing within hours of

325

00:11:26,310 --> 00:11:22,880

kissinger lifting the defense readiness

326

00:11:29,430 --> 00:11:26,320

level from defcon 4 to defcon 3.

327

00:11:32,949 --> 00:11:29,440

he reported seeing a spherical black

328

00:11:35,990 --> 00:11:32,959

object hovering over or near the base

329

00:11:38,069 --> 00:11:36,000

and so did uh an american fireman i saw

330

00:11:38,470 --> 00:11:38,079

an australian fireman bill lynn william

331

00:11:40,630 --> 00:11:38,480

lin

332

00:11:42,710 --> 00:11:40,640

who drew a picture of this object which

333

00:11:43,990 --> 00:11:42,720

essentially looks like a chubby flying

334

00:11:45,829 --> 00:11:44,000

saucer

335

00:11:47,590 --> 00:11:45,839

and when i went through the archives i

336

00:11:50,629 --> 00:11:47,600

discovered there were numerous

337

00:11:53,030 --> 00:11:50,639

military sightings of anomalous

338

00:11:53,990 --> 00:11:53,040

flying saucer disc shaped triangular

339

00:11:55,990 --> 00:11:54,000

shaped objects

340

00:11:58,230 --> 00:11:56,000

over and around this base going back

341

00:12:00,949 --> 00:11:58,240

many many decades

342

00:12:02,629 --> 00:12:00,959

and so the 1991 incident came at a

343

00:12:05,590 --> 00:12:02,639

really interesting time in this space's

344

00:12:09,590 --> 00:12:07,350

the base was in the process of being

345

00:12:12,790 --> 00:12:09,600

returned to australian control

346

00:12:15,990 --> 00:12:12,800

the labor government had come in and

347

00:12:17,910 --> 00:12:16,000

the um hawk prime minister hawk had

348

00:12:19,750 --> 00:12:17,920

basically asked the americans if this

349

00:12:21,829 --> 00:12:19,760

could be restored to australian

350

00:12:24,150 --> 00:12:21,839

control for political reasons because it

351
00:12:25,670 --> 00:12:24,160
was when you think about it pretty crazy

352
00:12:27,750 --> 00:12:25,680
that we were giving the americans a

353
00:12:29,430 --> 00:12:27,760
secret base on australian soil that we

354
00:12:32,389 --> 00:12:29,440
knew was a nuclear target

355
00:12:33,990 --> 00:12:32,399
a bit like your greenhouse and numerous

356
00:12:37,030 --> 00:12:34,000
other bases in the uk

357
00:12:37,990 --> 00:12:37,040
absolutely and so the americans were

358
00:12:40,629 --> 00:12:38,000
slowly pulling

359
00:12:42,470 --> 00:12:40,639
out and a lot of the local girls were a

360
00:12:43,990 --> 00:12:42,480
bit sweet on some of those american boys

361
00:12:47,750 --> 00:12:44,000
and so there were parties at the

362
00:12:50,629 --> 00:12:47,760
at the base and um annie faronaccio was

363
00:12:51,990 --> 00:12:50,639

a young australian girl who was

364

00:12:55,430 --> 00:12:52,000

interested in partying at the base

365

00:12:57,829 --> 00:12:55,440

that night and she came out from

366

00:12:59,750 --> 00:12:57,839

uh a good night with some of the people

367

00:13:02,310 --> 00:12:59,760

in the base at about 2 30

368

00:13:04,230 --> 00:13:02,320

a.m and it was pitch black and she

369

00:13:06,550 --> 00:13:04,240

realized she'd missed the last cab

370

00:13:08,310 --> 00:13:06,560

the last taxi that could take her the

371

00:13:10,310 --> 00:13:08,320

five kilometers down the road

372

00:13:12,629 --> 00:13:10,320

to exmouth which is the village the

373

00:13:15,350 --> 00:13:12,639

australians share with the americans

374

00:13:17,590 --> 00:13:15,360

who operated at the base and then these

375

00:13:18,470 --> 00:13:17,600

two security yards these two australian

376

00:13:20,790 --> 00:13:18,480

policemen

377

00:13:22,310 --> 00:13:20,800

who were they'd now be federal police

378

00:13:22,949 --> 00:13:22,320

but back in those days they were

379

00:13:25,110 --> 00:13:22,959

attracted

380

00:13:26,389 --> 00:13:25,120

known as australian protective security

381

00:13:28,150 --> 00:13:26,399

officials

382

00:13:29,670 --> 00:13:28,160

and they came out and said look we'll

383

00:13:31,990 --> 00:13:29,680

give you a ride back in our four-wheel

384

00:13:33,590 --> 00:13:32,000

drive and they weren't meant to

385

00:13:35,030 --> 00:13:33,600

but you know they took pity on this

386

00:13:36,310 --> 00:13:35,040

young girl and thought nobody would

387

00:13:39,509 --> 00:13:36,320

notice

388

00:13:41,030 --> 00:13:39,519

anyway they did their quick checks to

389

00:13:42,470 --> 00:13:41,040

make sure the base was secure and then

390

00:13:44,389 --> 00:13:42,480

she hopped in the front seat with them

391

00:13:47,110 --> 00:13:44,399

and they're driving along this lonely

392

00:13:48,550 --> 00:13:47,120

dark coast road on this on the road back

393

00:13:50,470 --> 00:13:48,560

to exmouth

394

00:13:51,910 --> 00:13:50,480

it's pitch black and then all of a

395

00:13:54,230 --> 00:13:51,920

sudden like something out of close

396

00:13:55,990 --> 00:13:54,240

encounters of the third kind the road is

397

00:13:57,509 --> 00:13:56,000

lit up in front of them

398

00:13:59,509 --> 00:13:57,519

and the two officers the two police

399

00:14:01,189 --> 00:13:59,519

officers yell it's back

400

00:14:03,269 --> 00:14:01,199

and they've seen this it turns out the

401
00:14:06,069 --> 00:14:03,279
night before and they'd actually brought

402
00:14:07,350 --> 00:14:06,079
a camera a 35 millimeter film camera

403
00:14:09,350 --> 00:14:07,360
with a lens and

404
00:14:10,790 --> 00:14:09,360
they started taking photographs through

405
00:14:12,550 --> 00:14:10,800
the windscreen

406
00:14:14,069 --> 00:14:12,560
and the way annie tells me it's quite

407
00:14:14,949 --> 00:14:14,079
comical you know she doesn't know what

408
00:14:17,110 --> 00:14:14,959
she's

409
00:14:18,470 --> 00:14:17,120
what they're seeing and she she can't

410
00:14:21,590 --> 00:14:18,480
see because it's

411
00:14:23,829 --> 00:14:21,600
high up above the um the car yeah

412
00:14:25,110 --> 00:14:23,839
and so they pull their head forward and

413
00:14:28,710 --> 00:14:25,120

she looks up

414

00:14:30,629 --> 00:14:28,720

black

415

00:14:31,750 --> 00:14:30,639

triangle hovering over the top of the

416

00:14:34,150 --> 00:14:31,760

vehicle

417

00:14:35,829 --> 00:14:34,160

and she's freaked completely freaked

418

00:14:37,509 --> 00:14:35,839

because you can see it's a craft of some

419

00:14:40,069 --> 00:14:37,519

kind it's got lights running down its

420

00:14:43,269 --> 00:14:40,079

spine it's got lights in each corner

421

00:14:45,189 --> 00:14:43,279

and as she watches it

422

00:14:47,269 --> 00:14:45,199

it doesn't move it just flips in an

423

00:14:48,470 --> 00:14:47,279

instant it goes to a thousand feet is

424

00:14:51,189 --> 00:14:48,480

her estimate

425

00:14:52,550 --> 00:14:51,199

and then it just drops instantaneously

426

00:14:54,310 --> 00:14:52,560

to the side of the vehicle

427

00:14:56,550 --> 00:14:54,320

to window level and it's like it's

428

00:14:58,550 --> 00:14:56,560

tracking them along as they're driving

429

00:15:00,629 --> 00:14:58,560

along at 100 kilometers an hour

430

00:15:02,069 --> 00:15:00,639

and it's literally bobbing up and down

431

00:15:04,069 --> 00:15:02,079

with the shrubs the bush

432

00:15:05,509 --> 00:15:04,079

as they as they're driving along and

433

00:15:07,990 --> 00:15:05,519

then as they watch

434

00:15:09,350 --> 00:15:08,000

it instantaneously jumps again and goes

435

00:15:11,110 --> 00:15:09,360

to a thousand feet and then comes down

436

00:15:13,509 --> 00:15:11,120

on the other side of the car

437

00:15:15,189 --> 00:15:13,519

and by this stage she is completely

438

00:15:15,910 --> 00:15:15,199

freaked and she's pleading with them to

439

00:15:18,150 --> 00:15:15,920

drop her off

440

00:15:20,230 --> 00:15:18,160

on the township edge and and she can

441

00:15:21,910 --> 00:15:20,240

just go home as quickly as possible

442

00:15:23,829 --> 00:15:21,920

but they want they want to follow it

443

00:15:25,430 --> 00:15:23,839

they want to photograph it and follow it

444

00:15:25,990 --> 00:15:25,440

into the bush and take photographs

445

00:15:28,470 --> 00:15:26,000

because they can

446

00:15:29,110 --> 00:15:28,480

see it's landing whatever it is it's

447

00:15:31,829 --> 00:15:29,120

landing

448

00:15:33,670 --> 00:15:31,839

in the bush in the scrub wow so she

449

00:15:36,150 --> 00:15:33,680

pleads with them and so they scream

450

00:15:38,069 --> 00:15:36,160

two kilometers down the road to exmuth

451
00:15:40,310 --> 00:15:38,079
drop her off and she runs the way she

452
00:15:41,509 --> 00:15:40,320
describes it she was so freaked she runs

453
00:15:43,110 --> 00:15:41,519
home

454
00:15:45,110 --> 00:15:43,120
runs into her bedroom locks all the

455
00:15:47,189 --> 00:15:45,120
doors and just for two days forgets

456
00:15:49,350 --> 00:15:47,199
about it which is interesting in itself

457
00:15:50,310 --> 00:15:49,360
it is yeah it's strange yeah she forgets

458
00:15:52,230 --> 00:15:50,320
about it

459
00:15:54,389 --> 00:15:52,240
and then two days later these two

460
00:15:55,350 --> 00:15:54,399
american military policemen and i've

461
00:15:57,350 --> 00:15:55,360
spoken

462
00:16:00,550 --> 00:15:57,360
to people who can testify to this

463
00:16:03,829 --> 00:16:00,560

happening they walk into her workplace

464

00:16:05,910 --> 00:16:03,839

and they demand that she comes with them

465

00:16:07,509 --> 00:16:05,920

and she thinks her friends at the base

466

00:16:08,470 --> 00:16:07,519

with whom she was having a good time

467

00:16:10,470 --> 00:16:08,480

have gone into trouble

468

00:16:11,670 --> 00:16:10,480

for carousing on the base late at night

469

00:16:12,629 --> 00:16:11,680

and so she doesn't want them to get into

470

00:16:14,069 --> 00:16:12,639

trouble so she

471

00:16:15,269 --> 00:16:14,079

she goes with them you know she's a nice

472

00:16:16,470 --> 00:16:15,279

young woman she wants to help her

473

00:16:20,230 --> 00:16:16,480

friends

474

00:16:22,710 --> 00:16:20,240

but as she's driven there she realizes

475

00:16:23,749 --> 00:16:22,720

this isn't about them being on the base

476

00:16:26,150 --> 00:16:23,759

at night it's

477

00:16:28,150 --> 00:16:26,160

it's about that object that she'd seen

478

00:16:30,150 --> 00:16:28,160

because she's taken into this very

479

00:16:31,350 --> 00:16:30,160

secure part of the base which is well

480

00:16:33,990 --> 00:16:31,360

known

481

00:16:34,470 --> 00:16:34,000

as the top secret part of the base and

482

00:16:37,030 --> 00:16:34,480

um

483

00:16:38,550 --> 00:16:37,040

she's there's no stopping at the gate

484

00:16:40,790 --> 00:16:38,560

there's no checking if

485

00:16:43,110 --> 00:16:40,800

her data or her licence or anything like

486

00:16:44,710 --> 00:16:43,120

that they're just waved straight through

487

00:16:46,710 --> 00:16:44,720

and then she's taken into this room and

488

00:16:49,749 --> 00:16:46,720

the first thing she sees are the two

489

00:16:51,829 --> 00:16:49,759

policemen sitting dejectedly on chairs

490

00:16:53,430 --> 00:16:51,839

in the middle of a room

491

00:16:55,110 --> 00:16:53,440

and they're really hanged off they look

492

00:16:57,590 --> 00:16:55,120

like they've been there for hours and

493

00:16:58,150 --> 00:16:57,600

they had been and they'd been questioned

494

00:16:59,590 --> 00:16:58,160

about

495

00:17:01,910 --> 00:16:59,600

the circumstances in which they'd

496

00:17:02,870 --> 00:17:01,920

clearly improperly illegally given this

497

00:17:05,429 --> 00:17:02,880

young woman

498

00:17:05,909 --> 00:17:05,439

a ride home and she clearly seen

499

00:17:09,029 --> 00:17:05,919

something

500

00:17:11,189 --> 00:17:09,039

she wasn't meant to see because

501
00:17:12,230 --> 00:17:11,199
in the room annie knows all the

502
00:17:14,470 --> 00:17:12,240
americans in

503
00:17:15,990 --> 00:17:14,480
exmouth who go to the base she knows

504
00:17:16,870 --> 00:17:16,000
them all intimately the only person she

505
00:17:19,110 --> 00:17:16,880
can recognize

506
00:17:20,789 --> 00:17:19,120
is the base commander who's sitting up

507
00:17:22,069 --> 00:17:20,799
the back not really taking part in

508
00:17:24,069 --> 00:17:22,079
proceedings

509
00:17:25,110 --> 00:17:24,079
but all around her there are these very

510
00:17:30,230 --> 00:17:25,120
senior brass

511
00:17:32,950 --> 00:17:30,240
dressed in civilian suits uniform

512
00:17:35,590 --> 00:17:32,960
and it's clear people have come in

513
00:17:37,830 --> 00:17:35,600

especially for this debriefing

514

00:17:38,870 --> 00:17:37,840

and she's questioned for hours about

515

00:17:41,190 --> 00:17:38,880

what she saw

516

00:17:43,430 --> 00:17:41,200

and she says i saw some kind of craft

517

00:17:45,190 --> 00:17:43,440

some kind of ufo flying saucer whatever

518

00:17:48,470 --> 00:17:45,200

you want to call it

519

00:17:49,350 --> 00:17:48,480

and they begin to tell her that she

520

00:17:53,830 --> 00:17:49,360

didn't

521

00:17:54,549 --> 00:17:53,840

flying saucer she just saw a weather

522

00:17:55,990 --> 00:17:54,559

balloon and

523

00:17:57,750 --> 00:17:56,000

she thinks that's funny because she

524

00:17:59,510 --> 00:17:57,760

actually laughs at them because

525

00:18:01,110 --> 00:17:59,520

her dad used to launch the weather

526

00:18:03,350 --> 00:18:01,120

balloons in this part of

527

00:18:06,310 --> 00:18:03,360

western australia he you know her family

528

00:18:08,070 --> 00:18:06,320

are very respected family they've

529

00:18:10,470 --> 00:18:08,080

for a long time had a good relationship

530

00:18:13,430 --> 00:18:10,480

with the bureau of meteorology

531

00:18:14,150 --> 00:18:13,440

and she's a feisty australian girl of

532

00:18:16,070 --> 00:18:14,160

italian

533

00:18:18,230 --> 00:18:16,080

descent she stands up for herself and

534

00:18:19,350 --> 00:18:18,240

gives a lip back and says i'm not bloody

535

00:18:22,310 --> 00:18:19,360

saying it was a

536

00:18:25,029 --> 00:18:22,320

balloon and you know you can't make me

537

00:18:26,549 --> 00:18:25,039

change my mind about what i say and

538

00:18:27,990 --> 00:18:26,559

after a while they're somewhat

539

00:18:29,029 --> 00:18:28,000

frustrated and they just accept that

540

00:18:31,510 --> 00:18:29,039

they can't

541

00:18:33,270 --> 00:18:31,520

stop her from thinking what she thinks

542

00:18:33,830 --> 00:18:33,280

but she's basically strongly it's

543

00:18:35,750 --> 00:18:33,840

strongly

544

00:18:37,830 --> 00:18:35,760

clear to her that she's not meant to

545

00:18:39,430 --> 00:18:37,840

talk about what she saw

546

00:18:41,270 --> 00:18:39,440

which is interesting to me because it

547

00:18:43,990 --> 00:18:41,280

does suggest that the americans

548

00:18:44,950 --> 00:18:44,000

knew what this was or at least were

549

00:18:46,549 --> 00:18:44,960

aware of it

550

00:18:48,630 --> 00:18:46,559

to the extent of wanting to keep it

551
00:18:51,909 --> 00:18:48,640
secret so were they working

552
00:18:53,190 --> 00:18:51,919
on some new technology and the timing's

553
00:18:53,990 --> 00:18:53,200
interesting because if you think about

554
00:18:55,909 --> 00:18:54,000
this i mean i'm

555
00:18:57,270 --> 00:18:55,919
joining some dots here but if you think

556
00:18:59,110 --> 00:18:57,280
that maybe just

557
00:19:01,270 --> 00:18:59,120
maybe there's something to the

558
00:19:04,390 --> 00:19:01,280
possibility that the us

559
00:19:06,070 --> 00:19:04,400
was testing anti-gravity technology or

560
00:19:09,110 --> 00:19:06,080
new propulsion technology

561
00:19:10,150 --> 00:19:09,120
in area 51 nevada test range in the late

562
00:19:11,909 --> 00:19:10,160
80s

563
00:19:14,070 --> 00:19:11,919

and then it was blown because of people

564

00:19:15,990 --> 00:19:14,080

like bob lazar just hypothetically if

565

00:19:19,350 --> 00:19:16,000

lazar is telling the truth and if george

566

00:19:22,070 --> 00:19:19,360

naps on the money which i suspect he is

567

00:19:23,909 --> 00:19:22,080

um if you were the americans you'd be

568

00:19:25,590 --> 00:19:23,919

worried about people like jim goodall

569

00:19:26,310 --> 00:19:25,600

sitting at the end of your runway with a

570

00:19:30,070 --> 00:19:26,320

very

571

00:19:32,390 --> 00:19:30,080

craft taking off and

572

00:19:34,230 --> 00:19:32,400

people sitting up in the hills with um

573

00:19:35,830 --> 00:19:34,240

you know night vision cameras and taking

574

00:19:38,150 --> 00:19:35,840

vision that they shouldn't

575

00:19:40,150 --> 00:19:38,160

and so if you were the u.s you'd be

576
00:19:40,630 --> 00:19:40,160
looking for a new location to go and

577
00:19:42,549 --> 00:19:40,640
test

578
00:19:44,150 --> 00:19:42,559
technology and i don't think it's

579
00:19:46,710 --> 00:19:44,160
outside the realm of

580
00:19:48,870 --> 00:19:46,720
probability that um that's what happened

581
00:19:50,230 --> 00:19:48,880
here that maybe the us has been testing

582
00:19:52,390 --> 00:19:50,240
technology

583
00:19:54,310 --> 00:19:52,400
and maybe whoever it was that was

584
00:19:57,029 --> 00:19:54,320
controlling that craft if they were

585
00:19:58,070 --> 00:19:57,039
on board maybe they thought that it was

586
00:19:59,590 --> 00:19:58,080
an american

587
00:20:01,270 --> 00:19:59,600
jeep and that they were buzzing

588
00:20:03,590 --> 00:20:01,280

americans who'd just come out of the

589

00:20:05,909 --> 00:20:03,600

base and they were just having some fun

590

00:20:07,669 --> 00:20:05,919

and i can imagine maybe a few butts were

591

00:20:09,669 --> 00:20:07,679

kicked along the way because the two

592

00:20:11,270 --> 00:20:09,679

policemen were basically scared

593

00:20:13,190 --> 00:20:11,280

within an inch of their lives they were

594

00:20:14,390 --> 00:20:13,200

basically worried for their lives they

595

00:20:18,070 --> 00:20:14,400

were worried they were going to get

596

00:20:21,190 --> 00:20:18,080

killed anyway there's a sequel to this

597

00:20:23,270 --> 00:20:21,200

because annie

598

00:20:24,470 --> 00:20:23,280

as i told you is a very strong-minded

599

00:20:27,590 --> 00:20:24,480

woman she's not

600

00:20:28,230 --> 00:20:27,600

she's had experiences before where she'd

601
00:20:31,590 --> 00:20:28,240
seen

602
00:20:34,310 --> 00:20:31,600
weird things most people in experts have

603
00:20:35,590 --> 00:20:34,320
there's a long history a long history of

604
00:20:39,750 --> 00:20:35,600
locals seeing

605
00:20:42,630 --> 00:20:39,760
weird stuff in and around the

606
00:20:44,549 --> 00:20:42,640
north west cape area and indeed one

607
00:20:45,270 --> 00:20:44,559
person i spoke to actually told me that

608
00:20:48,230 --> 00:20:45,280
he was at an

609
00:20:49,909 --> 00:20:48,240
outdoor cinema in exmouth the very night

610
00:20:53,510 --> 00:20:49,919
that annie saw this object

611
00:20:55,669 --> 00:20:53,520
and he and his mates saw objects that he

612
00:20:58,070 --> 00:20:55,679
believes were in orbit

613
00:20:59,990 --> 00:20:58,080

flitting across the sky dramatically

614

00:21:01,270 --> 00:21:00,000

moving across the sky at impossible

615

00:21:02,870 --> 00:21:01,280

speeds and they

616

00:21:04,789 --> 00:21:02,880

it was a talking point for them that

617

00:21:06,549 --> 00:21:04,799

they didn't really watch the movie they

618

00:21:08,710 --> 00:21:06,559

sat up and just looked at these objects

619

00:21:11,830 --> 00:21:08,720

moving across the sky

620

00:21:15,510 --> 00:21:11,840

i've spoken to an sas soldier a very

621

00:21:17,990 --> 00:21:15,520

very senior warrant officer who of great

622

00:21:19,590 --> 00:21:18,000

repute his own commanding officer in the

623

00:21:21,669 --> 00:21:19,600

paperwork that i've seen i found the

624

00:21:22,870 --> 00:21:21,679

defense department files that record his

625

00:21:25,750 --> 00:21:22,880

sighting

626
00:21:26,549 --> 00:21:25,760
he and another warrant officer saw a

627
00:21:28,310 --> 00:21:26,559
spherical

628
00:21:29,830 --> 00:21:28,320
intelligently controlled object that

629
00:21:33,350 --> 00:21:29,840
hovered over the raf

630
00:21:35,110 --> 00:21:33,360
liamonth base where the sas was doing an

631
00:21:37,830 --> 00:21:35,120
exercise which is only

632
00:21:39,830 --> 00:21:37,840
a short distance drive from this secret

633
00:21:42,070 --> 00:21:39,840
american australian base

634
00:21:43,270 --> 00:21:42,080
right but anyway any prefacing all that

635
00:21:45,669 --> 00:21:43,280
with the fact that annie and

636
00:21:48,789 --> 00:21:45,679
many many locals have clearly seen

637
00:21:49,990 --> 00:21:48,799
anomalous objects for many many years

638
00:21:52,549 --> 00:21:50,000

i'll go on to tell you what happened

639

00:21:56,310 --> 00:21:52,559

next because she contacted her

640

00:21:58,390 --> 00:21:56,320

cousin who's a lovely fella and he

641

00:22:01,350 --> 00:21:58,400

drove down from the kimberley which is a

642

00:22:03,029 --> 00:22:01,360

huge drive about a 10-hour drive but

643

00:22:04,789 --> 00:22:03,039

you know he was really interested to get

644

00:22:08,390 --> 00:22:04,799

to the bottom of this and so he

645

00:22:11,510 --> 00:22:08,400

and annie went around to the

646

00:22:12,470 --> 00:22:11,520

house that they knew was lived in by one

647

00:22:14,789 --> 00:22:12,480

of these two

648

00:22:15,990 --> 00:22:14,799

federal police officers that had

649

00:22:18,549 --> 00:22:16,000

basically seen

650

00:22:19,270 --> 00:22:18,559

this anomalous object with her that

651
00:22:22,950 --> 00:22:19,280
night

652
00:22:25,750 --> 00:22:22,960
right and they knocked on the door

653
00:22:26,070 --> 00:22:25,760
and he freaked when she was standing

654
00:22:27,669 --> 00:22:26,080
there

655
00:22:29,029 --> 00:22:27,679
and basically said come in come in did

656
00:22:30,950 --> 00:22:29,039
anybody see you you know and he was

657
00:22:35,270 --> 00:22:30,960
really really panicked

658
00:22:37,750 --> 00:22:35,280
and um the way it's been told to me

659
00:22:38,390 --> 00:22:37,760
he the federal police officer admitted

660
00:22:40,310 --> 00:22:38,400
that they

661
00:22:42,470 --> 00:22:40,320
had gone back after they dropped any off

662
00:22:44,870 --> 00:22:42,480
that they'd secured photographs

663
00:22:47,350 --> 00:22:44,880

of incredibly clear photographs of this

664

00:22:50,310 --> 00:22:47,360

object whatever it was

665

00:22:50,870 --> 00:22:50,320

landed or hovering in the shrubs the

666

00:22:52,630 --> 00:22:50,880

bush

667

00:22:54,549 --> 00:22:52,640

adjacent to the side of the road on the

668

00:22:55,990 --> 00:22:54,559

exmouth road near the north west cape

669

00:22:59,669 --> 00:22:56,000

base

670

00:23:01,830 --> 00:22:59,679

and they got fantastic photographs but

671

00:23:04,149 --> 00:23:01,840

unfortunately as you would probably know

672

00:23:06,070 --> 00:23:04,159

every american military base has

673

00:23:07,909 --> 00:23:06,080

cheap everything it's a great place to

674

00:23:08,630 --> 00:23:07,919

get photographs developed to buy cheap

675

00:23:11,590 --> 00:23:08,640

clothes

676

00:23:12,470 --> 00:23:11,600

cheap booze cheap coca-cola whatever you

677

00:23:14,789 --> 00:23:12,480

want

678

00:23:15,669 --> 00:23:14,799

and so they went and got the film that

679

00:23:18,390 --> 00:23:15,679

they'd shot

680

00:23:19,270 --> 00:23:18,400

developed at a photographic machine on

681

00:23:21,909 --> 00:23:19,280

the base

682

00:23:23,990 --> 00:23:21,919

the following week and they were showing

683

00:23:27,990 --> 00:23:24,000

these photographs to people on the base

684

00:23:30,870 --> 00:23:28,000

and the way he told them he was arrested

685

00:23:32,950 --> 00:23:30,880

and he and his colleague were thrown in

686

00:23:35,590 --> 00:23:32,960

the brig and then interrogated for

687

00:23:37,669 --> 00:23:35,600

several days about what they'd done

688

00:23:39,750 --> 00:23:37,679

they'd let this australian girl

689

00:23:41,029 --> 00:23:39,760

in complete breach of protocol into

690

00:23:43,510 --> 00:23:41,039

their car and

691

00:23:44,870 --> 00:23:43,520

somebody or something had buzzed the

692

00:23:46,789 --> 00:23:44,880

four-wheel drive and

693

00:23:48,230 --> 00:23:46,799

it was clearly something that any a

694

00:23:52,230 --> 00:23:48,240

local wasn't

695

00:23:55,110 --> 00:23:52,240

meant to have seen now

696

00:23:55,830 --> 00:23:55,120

she and other locals have told me that

697

00:23:59,269 --> 00:23:55,840

they think

698

00:24:01,190 --> 00:23:59,279

that that the us is

699

00:24:03,110 --> 00:24:01,200

experimenting with technology up there

700

00:24:04,230 --> 00:24:03,120

but they also don't think this explains

701
00:24:06,710 --> 00:24:04,240
everything that they've seen

702
00:24:07,430 --> 00:24:06,720
that they do think that there is some

703
00:24:10,070 --> 00:24:07,440
kind of

704
00:24:11,750 --> 00:24:10,080
incredibly advanced technology operating

705
00:24:13,350 --> 00:24:11,760
up there that they're not entirely sure

706
00:24:16,549 --> 00:24:13,360
is american

707
00:24:19,110 --> 00:24:16,559
and the reason they say this is because

708
00:24:20,070 --> 00:24:19,120
i went up there for australia's 60

709
00:24:22,950 --> 00:24:20,080
minutes

710
00:24:25,110 --> 00:24:22,960
and um i'd sort of let it be known that

711
00:24:27,390 --> 00:24:25,120
i was interested in the uap phenomenon

712
00:24:30,149 --> 00:24:27,400
because i'd heard about the october

713
00:24:33,590 --> 00:24:30,159

1973 incident from defence

714

00:24:35,510 --> 00:24:33,600

archives and a few of the locals were a

715

00:24:36,310 --> 00:24:35,520

bit suspicious of me on that trip but

716

00:24:38,789 --> 00:24:36,320

then

717

00:24:39,909 --> 00:24:38,799

when i went back they kind of knew me by

718

00:24:41,669 --> 00:24:39,919

that stage because i'd been sitting

719

00:24:43,190 --> 00:24:41,679

around in the pub and trying to engage

720

00:24:44,470 --> 00:24:43,200

people in conversation somewhat for

721

00:24:45,590 --> 00:24:44,480

lonely and

722

00:24:47,350 --> 00:24:45,600

they were a bit worried i was going to

723

00:24:49,190 --> 00:24:47,360

hit them with a tv camera because my

724

00:24:49,990 --> 00:24:49,200

crew were there as well and so i went

725

00:24:53,110 --> 00:24:50,000

back

726

00:24:54,710 --> 00:24:53,120

without a camera and um just

727

00:24:56,470 --> 00:24:54,720

sat in the pub and tried to talk to

728

00:24:58,710 --> 00:24:56,480

people and

729

00:25:00,710 --> 00:24:58,720

one night this guy in a big yellow

730

00:25:03,029 --> 00:25:00,720

fluorescent vest a workman

731

00:25:05,029 --> 00:25:03,039

clearly walked up to me in the pub and

732

00:25:07,590 --> 00:25:05,039

he said are you that journo that's been

733

00:25:09,669 --> 00:25:07,600

investigating ufos and i went

734

00:25:11,590 --> 00:25:09,679

yep and i was thinking oh christ he's

735

00:25:13,909 --> 00:25:11,600

going to abuse me or something but um

736

00:25:15,029 --> 00:25:13,919

instead he went good because we've all

737

00:25:16,789 --> 00:25:15,039

seen them

738

00:25:18,310 --> 00:25:16,799

wow and then he turned and he pointed to

739

00:25:19,510 --> 00:25:18,320

these guys on another table who was sort

740

00:25:20,950 --> 00:25:19,520

of looking at me like this

741

00:25:22,630 --> 00:25:20,960

and they all sort of said come on come

742

00:25:24,230 --> 00:25:22,640

over and then i just sat there with

743

00:25:25,590 --> 00:25:24,240

these guys and bought them beers and

744

00:25:27,909 --> 00:25:25,600

they told me how as

745

00:25:30,070 --> 00:25:27,919

road workers they were working on roads

746

00:25:31,909 --> 00:25:30,080

and because it's so bloody hot up there

747

00:25:33,669 --> 00:25:31,919

you often work on the roads in the early

748

00:25:37,190 --> 00:25:33,679

evening or the early morning

749

00:25:40,549 --> 00:25:37,200

they would see anomalous objects all

750

00:25:41,430 --> 00:25:40,559

the time and then i met they introduced

751
00:25:44,870 --> 00:25:41,440
me to

752
00:25:48,230 --> 00:25:44,880
a local fisherman a commercial fisherman

753
00:25:49,830 --> 00:25:48,240
who described to me how

754
00:25:51,750 --> 00:25:49,840
they had the lights off on the fishing

755
00:25:53,750 --> 00:25:51,760
boat he was having a durry so he was

756
00:25:56,470 --> 00:25:53,760
having a cigarette late at night

757
00:25:57,110 --> 00:25:56,480
and just sitting on the side of the boat

758
00:25:59,110 --> 00:25:57,120
beautiful

759
00:26:01,909 --> 00:25:59,120
clear crystal clear night he was looking

760
00:26:03,990 --> 00:26:01,919
at the stars and the satellites and

761
00:26:05,830 --> 00:26:04,000
he noticed one satellite that was moving

762
00:26:07,029 --> 00:26:05,840
incredibly fast

763
00:26:09,190 --> 00:26:07,039

and then he realized it wasn't a

764

00:26:11,269 --> 00:26:09,200

satellite because it changed course

765

00:26:12,950 --> 00:26:11,279

and then it it literally in the space of

766

00:26:17,110 --> 00:26:12,960

a few seconds

767

00:26:20,549 --> 00:26:17,120

he believes came from orbit and

768

00:26:23,590 --> 00:26:20,559

he watched as it hit the water probably

769

00:26:25,110 --> 00:26:23,600

no further than a kilometer from him and

770

00:26:25,510 --> 00:26:25,120

what he says is really interesting he

771

00:26:27,830 --> 00:26:25,520

says

772

00:26:29,669 --> 00:26:27,840

it didn't cause the kind of splash that

773

00:26:32,149 --> 00:26:29,679

you would imagine an object like that

774

00:26:34,149 --> 00:26:32,159

would cause it's almost as if the water

775

00:26:37,510 --> 00:26:34,159

displaced for whatever the object

776
00:26:39,029 --> 00:26:37,520
was and then he'd called his mates and

777
00:26:41,350 --> 00:26:39,039
they all came running out and they

778
00:26:43,110 --> 00:26:41,360
watched on the side of the boat as this

779
00:26:46,630 --> 00:26:43,120
light

780
00:26:49,830 --> 00:26:46,640
from within the object moved underwater

781
00:26:51,350 --> 00:26:49,840
at incredible speed and then took off

782
00:26:53,669 --> 00:26:51,360
to a distance where they couldn't see it

783
00:26:57,590 --> 00:26:53,679
anymore and

784
00:27:00,630 --> 00:26:57,600
i i've spoken to soldiers civilians

785
00:27:03,350 --> 00:27:00,640
who've seen orbs gigantic

786
00:27:05,029 --> 00:27:03,360
black triangles very similar to the one

787
00:27:07,029 --> 00:27:05,039
that any described

788
00:27:09,269 --> 00:27:07,039

i've even spoken to a former royal

789

00:27:12,070 --> 00:27:09,279

australian air force

790

00:27:13,750 --> 00:27:12,080

senior officer who lives in that part of

791

00:27:15,190 --> 00:27:13,760

western australia or not too far from

792

00:27:16,390 --> 00:27:15,200

that part of western australia and he

793

00:27:19,750 --> 00:27:16,400

told me he'd also

794

00:27:21,269 --> 00:27:19,760

seen the big black triangle that annie

795

00:27:24,230 --> 00:27:21,279

described

796

00:27:26,470 --> 00:27:24,240

something something is going on in that

797

00:27:28,050 --> 00:27:26,480

part of australia and um

798

00:27:29,590 --> 00:27:28,060

it's interesting because um

799

00:27:31,430 --> 00:27:29,600

[Music]

800

00:27:33,350 --> 00:27:31,440

i i still don't think we've got to the

801
00:27:35,190 --> 00:27:33,360
bottom of exactly what's been going on

802
00:27:37,830 --> 00:27:35,200
there but

803
00:27:39,029 --> 00:27:37,840
my investigations led me on to the fact

804
00:27:40,870 --> 00:27:39,039
that

805
00:27:42,710 --> 00:27:40,880
the second most interesting base in

806
00:27:45,750 --> 00:27:42,720
australia is the pine gap

807
00:27:48,149 --> 00:27:45,760
joint facility that we operate with the

808
00:27:50,310 --> 00:27:48,159
americans in central australia near

809
00:27:52,630 --> 00:27:50,320
uluru near year's rock

810
00:27:54,470 --> 00:27:52,640
yeah and one of my questions for you

811
00:27:56,149 --> 00:27:54,480
today was going to be just basically

812
00:27:58,149 --> 00:27:56,159
what what do we know about pine gap

813
00:27:59,990 --> 00:27:58,159

because it's it's been spoken about for

814

00:28:01,590 --> 00:28:00,000

quite some time for decades in fact i've

815

00:28:02,149 --> 00:28:01,600

just heard it coming up here and there

816

00:28:04,070 --> 00:28:02,159

but

817

00:28:05,350 --> 00:28:04,080

no one ever says anything about it all

818

00:28:07,269 --> 00:28:05,360

right there's a lot of

819

00:28:08,630 --> 00:28:07,279

there's a lot of nonsense in ufology

820

00:28:09,269 --> 00:28:08,640

people talk about sort of you know

821

00:28:11,830 --> 00:28:09,279

multiple

822

00:28:13,430 --> 00:28:11,840

underground chambers and secret alien

823

00:28:14,630 --> 00:28:13,440

experiments i've got no evidence to

824

00:28:16,549 --> 00:28:14,640

suggest that's going on

825

00:28:18,389 --> 00:28:16,559

but i mean what it's really doing in

826

00:28:19,350 --> 00:28:18,399

reality is it's still quite mind-blowing

827

00:28:21,750 --> 00:28:19,360

it's um

828

00:28:23,909 --> 00:28:21,760

again it's probably the most important

829

00:28:24,549 --> 00:28:23,919

american base outside of the continental

830

00:28:26,710 --> 00:28:24,559

usa

831

00:28:28,470 --> 00:28:26,720

anywhere in the world and what it what

832

00:28:31,269 --> 00:28:28,480

it does is

833

00:28:31,909 --> 00:28:31,279

it provides early warning of missile

834

00:28:35,190 --> 00:28:31,919

launches

835

00:28:38,630 --> 00:28:35,200

by america's enemies and rivals

836

00:28:42,470 --> 00:28:38,640

and so if you see a rocket flare

837

00:28:45,110 --> 00:28:42,480

over north korea or china or russia

838

00:28:46,630 --> 00:28:45,120

the dsp the defense support program

839

00:28:48,470 --> 00:28:46,640

satellites that are hovering in

840

00:28:51,029 --> 00:28:48,480

geostationary orbit over the planet

841

00:28:53,750 --> 00:28:51,039

including over australia

842

00:28:55,350 --> 00:28:53,760

they pick up those flares and that's

843

00:28:57,350 --> 00:28:55,360

just part of the technology that's

844

00:28:59,190 --> 00:28:57,360

operating there there's now a space

845

00:29:01,269 --> 00:28:59,200

telescope that the u.s has recently

846

00:29:05,029 --> 00:29:01,279

installed at experts

847

00:29:07,510 --> 00:29:05,039

near the top of the harold holt base

848

00:29:08,630 --> 00:29:07,520

and there's the jinderley over the

849

00:29:10,630 --> 00:29:08,640

horizon

850

00:29:12,070 --> 00:29:10,640

radar network which was originally

851

00:29:15,110 --> 00:29:12,080

conceived as a backscatter

852

00:29:17,029 --> 00:29:15,120

radar just for monitoring um

853

00:29:18,470 --> 00:29:17,039

the sort of south pacific in indonesia

854

00:29:19,990 --> 00:29:18,480

and southeast asia and

855

00:29:22,230 --> 00:29:20,000

it's actually it's turned out to be a

856

00:29:25,750 --> 00:29:22,240

much more effective monitor of the

857

00:29:28,630 --> 00:29:25,760

ionosphere the lower earth orbit and

858

00:29:30,789 --> 00:29:28,640

my sources tell me it's a very good

859

00:29:32,470 --> 00:29:30,799

detection system for objects coming in

860

00:29:34,389 --> 00:29:32,480

and out of orbit so

861

00:29:35,750 --> 00:29:34,399

if the north koreans for example the

862

00:29:37,029 --> 00:29:35,760

chinese are experimenting with

863

00:29:38,789 --> 00:29:37,039

intercontinental ballistic or

864

00:29:39,590 --> 00:29:38,799

short-range missiles then you can pick

865

00:29:43,029 --> 00:29:39,600

those up

866

00:29:44,870 --> 00:29:43,039

and um so pine gap's

867

00:29:47,510 --> 00:29:44,880

primary role is essentially as an early

868

00:29:48,710 --> 00:29:47,520

warning for you know nuclear war if you

869

00:29:50,950 --> 00:29:48,720

like

870

00:29:52,710 --> 00:29:50,960

the bad guys doing bad stuff with short

871

00:29:55,350 --> 00:29:52,720

range or intermediate weapons

872

00:29:57,430 --> 00:29:55,360

it played a key role for example in the

873

00:29:59,830 --> 00:29:57,440

iraq and afghanistan wars

874

00:30:00,789 --> 00:29:59,840

its detect detection technology is

875

00:30:03,029 --> 00:30:00,799

exceptional and

876

00:30:05,590 --> 00:30:03,039

frankly it serves a very useful and

877

00:30:08,389 --> 00:30:05,600

important purpose

878

00:30:09,190 --> 00:30:08,399

in protecting defense and and you know

879

00:30:10,630 --> 00:30:09,200

we shouldn't

880

00:30:13,110 --> 00:30:10,640

think of it as a bad thing it's an

881

00:30:16,470 --> 00:30:13,120

important part of the um

882

00:30:18,630 --> 00:30:16,480

yakuza the uk usa five eyes

883

00:30:19,909 --> 00:30:18,640

alliance which essentially is an

884

00:30:21,110 --> 00:30:19,919

intelligence alliance that has

885

00:30:23,029 --> 00:30:21,120

essentially provided

886

00:30:24,710 --> 00:30:23,039

security now for the planet for the last

887

00:30:28,310 --> 00:30:24,720

76 years and

888

00:30:32,549 --> 00:30:28,320

assured i think american military

889

00:30:35,909 --> 00:30:32,559

dominance which is why which is why

890

00:30:36,950 --> 00:30:35,919

this phenomenon is so important because

891

00:30:39,110 --> 00:30:36,960

i think

892

00:30:39,990 --> 00:30:39,120

in all the analyses people fail to

893

00:30:42,630 --> 00:30:40,000

realize that

894

00:30:44,149 --> 00:30:42,640

every american military doctrine since

895

00:30:45,990 --> 00:30:44,159

world war ii

896

00:30:48,630 --> 00:30:46,000

has been based around the notion of

897

00:30:52,070 --> 00:30:48,640

force dominance that the americans will

898

00:30:54,070 --> 00:30:52,080

always enjoy aerospace technological

899

00:30:55,909 --> 00:30:54,080

dominance over their rivals and they

900

00:30:57,909 --> 00:30:55,919

have largely you know

901
00:31:00,789 --> 00:30:57,919
there's no way russia could have made an

902
00:31:02,389 --> 00:31:00,799
sr 71 or a u2 the bureaucracy would have

903
00:31:05,029 --> 00:31:02,399
made it impossible and

904
00:31:07,269 --> 00:31:05,039
you know people like ben rich incredible

905
00:31:08,470 --> 00:31:07,279
visionary aerospace geniuses who were

906
00:31:11,350 --> 00:31:08,480
encouraged with

907
00:31:12,310 --> 00:31:11,360
unlimited amounts of cash to create

908
00:31:14,870 --> 00:31:12,320
fantastic

909
00:31:17,509 --> 00:31:14,880
aerospace craft you know they're heroes

910
00:31:20,149 --> 00:31:17,519
really because they essentially

911
00:31:22,149 --> 00:31:20,159
protected the the west from global

912
00:31:23,350 --> 00:31:22,159
communism and you know that needs to be

913
00:31:25,669 --> 00:31:23,360

acknowledged i preface

914

00:31:28,070 --> 00:31:25,679

everything i say here with the fact that

915

00:31:31,110 --> 00:31:28,080

i don't think pine gap is a bad thing

916

00:31:33,590 --> 00:31:31,120

uh as a as a way of protecting us

917

00:31:36,789 --> 00:31:33,600

against our potential adversaries

918

00:31:38,070 --> 00:31:36,799

but i'm also told by sources both in our

919

00:31:40,630 --> 00:31:38,080

military and also

920

00:31:42,230 --> 00:31:40,640

particularly in the u.s military and

921

00:31:45,750 --> 00:31:42,240

intelligence services that

922

00:31:48,230 --> 00:31:45,760

pine gap in particular but also

923

00:31:49,750 --> 00:31:48,240

north west cape and the space telescope

924

00:31:53,430 --> 00:31:49,760

they are increasingly

925

00:31:57,190 --> 00:31:53,440

detecting what are colloquially known

926
00:31:58,470 --> 00:31:57,200
as fast walkers anomalous objects

927
00:32:00,149 --> 00:31:58,480
so i was just going to say that's

928
00:32:00,710 --> 00:32:00,159
something we heard in the podesta emails

929
00:32:02,789 --> 00:32:00,720
i believe

930
00:32:03,830 --> 00:32:02,799
as well yeah yeah well one of the people

931
00:32:09,509 --> 00:32:03,840
that i interviewed

932
00:32:13,110 --> 00:32:09,519
um in the book uh is a guy who

933
00:32:15,509 --> 00:32:13,120
basically told me that that he saw

934
00:32:16,470 --> 00:32:15,519
some of the data flow from the dsp

935
00:32:19,750 --> 00:32:16,480
satellites that

936
00:32:21,990 --> 00:32:19,760
feed through pine gap and other american

937
00:32:24,310 --> 00:32:22,000
facilities and and he saw the downlink

938
00:32:25,110 --> 00:32:24,320

in long beach california an aerospace

939

00:32:27,990 --> 00:32:25,120

company

940

00:32:29,669 --> 00:32:28,000

which i suspect was either trw or

941

00:32:32,470 --> 00:32:29,679

lockheed martin

942

00:32:33,269 --> 00:32:32,480

and what he's told me he saw was an

943

00:32:37,350 --> 00:32:33,279

object that

944

00:32:39,350 --> 00:32:37,360

clearly came from deep space at speed

945

00:32:41,509 --> 00:32:39,360

clearly intelligently controlled because

946

00:32:43,590 --> 00:32:41,519

it changed course

947

00:32:45,269 --> 00:32:43,600

and then it altered velocity and went

948

00:32:48,549 --> 00:32:45,279

into the earth's

949

00:32:51,190 --> 00:32:48,559

atmosphere and i've spoken since

950

00:32:52,870 --> 00:32:51,200

as a result of that and i've shown it i

951
00:32:54,470 --> 00:32:52,880
used it as a way of encouraging people

952
00:32:56,230 --> 00:32:54,480
to talk to me about it because as a

953
00:32:57,830 --> 00:32:56,240
journalist what you do is you approach

954
00:32:59,669 --> 00:32:57,840
somebody and you say look

955
00:33:00,870 --> 00:32:59,679
can you talk to me about what you've

956
00:33:03,269 --> 00:33:00,880
seen on the

957
00:33:05,190 --> 00:33:03,279
you know the radar arrays or the data

958
00:33:07,110 --> 00:33:05,200
feeds coming in at pine gap and they go

959
00:33:08,230 --> 00:33:07,120
no way i'm never going to talk to you

960
00:33:10,070 --> 00:33:08,240
about that

961
00:33:12,389 --> 00:33:10,080
and so what i've done is i've basically

962
00:33:13,909 --> 00:33:12,399
gone to those incredible podesta emails

963
00:33:14,310 --> 00:33:13,919

and i've said well look this is what one

964

00:33:17,669 --> 00:33:14,320

guy

965

00:33:20,070 --> 00:33:17,679

said he saw in the 1980s uh

966

00:33:21,350 --> 00:33:20,080

in long beach in california you know

967

00:33:22,830 --> 00:33:21,360

what you're talking to me about is

968

00:33:24,950 --> 00:33:22,840

pretty well known now you know it's

969

00:33:26,789 --> 00:33:24,960

disgusting i was friendly with a guy

970

00:33:29,110 --> 00:33:26,799

before he passed away called jeff

971

00:33:30,710 --> 00:33:29,120

richelson who did a lot of the work to

972

00:33:34,789 --> 00:33:30,720

analyze what

973

00:33:36,789 --> 00:33:34,799

places like pine gap did and

974

00:33:38,470 --> 00:33:36,799

in my own role as an investigative

975

00:33:41,909 --> 00:33:38,480

journalist i did a lot of work

976
00:33:43,190 --> 00:33:41,919
on the yakuza the five eyes alliances

977
00:33:45,509 --> 00:33:43,200
communications

978
00:33:48,549 --> 00:33:45,519
surveillance the essentially the tapping

979
00:33:51,750 --> 00:33:48,559
into microwave links by satellite

980
00:33:54,789 --> 00:33:51,760
or the um tapping by induction of

981
00:33:56,470 --> 00:33:54,799
underwater cables or essentially just

982
00:33:57,990 --> 00:33:56,480
the the uh interception of

983
00:34:00,230 --> 00:33:58,000
communications fiber optic

984
00:34:02,230 --> 00:34:00,240
communications that the us is now doing

985
00:34:02,950 --> 00:34:02,240
or satellite communications on a global

986
00:34:06,149 --> 00:34:02,960
scale

987
00:34:09,510 --> 00:34:06,159
yeah and and that echelon communications

988
00:34:12,869 --> 00:34:09,520

surveillance opened my eyes to

989

00:34:13,669 --> 00:34:12,879

the incredible extent to which you in

990

00:34:17,109 --> 00:34:13,679

the uk

991

00:34:18,869 --> 00:34:17,119

the gchq australia the asd

992

00:34:20,629 --> 00:34:18,879

formerly the defense signals directorate

993

00:34:23,510 --> 00:34:20,639

the australian signals directorate

994

00:34:24,230 --> 00:34:23,520

um the american national security agency

995

00:34:26,149 --> 00:34:24,240

canadian

996

00:34:27,990 --> 00:34:26,159

cse communications security

997

00:34:30,389 --> 00:34:28,000

establishment and the kiwis

998

00:34:32,710 --> 00:34:30,399

we all collaborate essentially to bug

999

00:34:35,270 --> 00:34:32,720

communications and spy

1000

00:34:37,750 --> 00:34:35,280

as a way of ensuring the dominance if

1001

00:34:39,270 --> 00:34:37,760

you like of the five eyes alliance so

1002

00:34:42,389 --> 00:34:39,280

no wonder the russians and the chinese

1003

00:34:44,230 --> 00:34:42,399

get the shits with us but the um

1004

00:34:46,230 --> 00:34:44,240

the the reality is that we're also

1005

00:34:47,109 --> 00:34:46,240

collaborating i'm told increasingly and

1006

00:34:49,030 --> 00:34:47,119

tim mcmillan

1007

00:34:51,430 --> 00:34:49,040

of the debrief has done quite a lot of

1008

00:34:54,629 --> 00:34:51,440

work on this but i've confirmed what tim

1009

00:34:57,109 --> 00:34:54,639

said which is that there is um

1010

00:34:58,069 --> 00:34:57,119

increasingly collaboration in terms of

1011

00:35:01,430 --> 00:34:58,079

data collection

1012

00:35:04,069 --> 00:35:01,440

about anomalous phenomena and

1013

00:35:04,710 --> 00:35:04,079

now that we've got this incredible memo

1014

00:35:07,030 --> 00:35:04,720

from

1015

00:35:09,109 --> 00:35:07,040

kathleen hicks of the u.s defense

1016

00:35:11,109 --> 00:35:09,119

department essentially ordering

1017

00:35:12,870 --> 00:35:11,119

american air crew american defense

1018

00:35:15,589 --> 00:35:12,880

personnel to

1019

00:35:16,230 --> 00:35:15,599

report uaps i think it's going to become

1020

00:35:19,349 --> 00:35:16,240

more

1021

00:35:22,870 --> 00:35:19,359

overt i had a guy contact me

1022

00:35:27,270 --> 00:35:22,880

yesterday who saw an incident

1023

00:35:29,349 --> 00:35:27,280

in a state in northern america which

1024

00:35:31,190 --> 00:35:29,359

he saw on his radar scope which is just

1025

00:35:32,470 --> 00:35:31,200

absolutely mind-blowing you know a

1026

00:35:34,790 --> 00:35:32,480

gigantic

1027

00:35:36,069 --> 00:35:34,800

uap and the reason he was approaching me

1028

00:35:38,150 --> 00:35:36,079

was because

1029

00:35:40,230 --> 00:35:38,160

he was aware of the openness that's

1030

00:35:41,990 --> 00:35:40,240

being manifested by decisions like this

1031

00:35:43,670 --> 00:35:42,000

by the department of defense and

1032

00:35:45,349 --> 00:35:43,680

he's decided to speak publicly and he

1033

00:35:46,550 --> 00:35:45,359

wanted to engage with me and talk to me

1034

00:35:48,310 --> 00:35:46,560

about it so um

1035

00:35:50,069 --> 00:35:48,320

i'm really excited to be hearing from

1036

00:35:50,950 --> 00:35:50,079

people like that yeah they are they've

1037

00:35:52,870 --> 00:35:50,960

started coming out

1038

00:35:54,390 --> 00:35:52,880

all sorts of places you know i've been

1039

00:35:56,390 --> 00:35:54,400

contacted by people

1040

00:35:58,550 --> 00:35:56,400

um i know friends of mine have been as

1041

00:36:01,190 --> 00:35:58,560

well and it's just miraculous to see

1042

00:36:02,230 --> 00:36:01,200

the tides changing finally for these

1043

00:36:04,230 --> 00:36:02,240

people that have

1044

00:36:05,990 --> 00:36:04,240

kept quiet and maybe even struggled

1045

00:36:06,710 --> 00:36:06,000

behind the scenes sometimes i believe

1046

00:36:08,310 --> 00:36:06,720

you know

1047

00:36:09,510 --> 00:36:08,320

having this burden on their shoulders

1048

00:36:11,589 --> 00:36:09,520

what they've seen and they're not able

1049

00:36:13,109 --> 00:36:11,599

to talk about it and things like that

1050

00:36:14,710 --> 00:36:13,119

well i mean i think a lot of them the

1051
00:36:15,430 --> 00:36:14,720
way it's been explained to me a lot of

1052
00:36:17,270 --> 00:36:15,440
them

1053
00:36:19,030 --> 00:36:17,280
are still convinced that it's secret

1054
00:36:21,030 --> 00:36:19,040
american technology

1055
00:36:22,390 --> 00:36:21,040
and they didn't want their patriots they

1056
00:36:24,150 --> 00:36:22,400
don't want to compromise something that

1057
00:36:25,270 --> 00:36:24,160
they think is giving america a strategic

1058
00:36:27,349 --> 00:36:25,280
advantage

1059
00:36:28,950 --> 00:36:27,359
but now that you've got kathleen hicks

1060
00:36:31,430 --> 00:36:28,960
the deputy secretary of defense

1061
00:36:32,230 --> 00:36:31,440
issuing a memorandum like that and now

1062
00:36:35,270 --> 00:36:32,240
that you've got

1063
00:36:36,950 --> 00:36:35,280

eminent reputable people like um uh

1064

00:36:38,829 --> 00:36:36,960

christopher mellon the former deputy

1065

00:36:40,230 --> 00:36:38,839

assistant secretary of defense lou

1066

00:36:42,470 --> 00:36:40,240

elizondo

1067

00:36:43,750 --> 00:36:42,480

you've got james woolsey a former cia

1068

00:36:45,430 --> 00:36:43,760

director i've

1069

00:36:46,870 --> 00:36:45,440

forgotten the other cia director's name

1070

00:36:48,950 --> 00:36:46,880

but you've got the former dni

1071

00:36:50,950 --> 00:36:48,960

john ratcliffe you've got president

1072

00:36:54,150 --> 00:36:50,960

obama i mean you've got people

1073

00:36:56,470 --> 00:36:54,160

at a very senior level in the military

1074

00:36:58,150 --> 00:36:56,480

and defense and intelligence hierarchy

1075

00:37:01,190 --> 00:36:58,160

in the united states

1076
00:37:03,829 --> 00:37:01,200
now doing a complete backflip we're in a

1077
00:37:05,670 --> 00:37:03,839
completely new paradigm where

1078
00:37:07,109 --> 00:37:05,680
officials who previously wouldn't give

1079
00:37:09,270 --> 00:37:07,119
this subject the time of day

1080
00:37:11,910 --> 00:37:09,280
and now acknowledging not only that it's

1081
00:37:12,790 --> 00:37:11,920
real but that it does deserve to be

1082
00:37:15,430 --> 00:37:12,800
investigated

1083
00:37:17,270 --> 00:37:15,440
it is contrary to what we were told in

1084
00:37:20,150 --> 00:37:17,280
the wake of project blue book

1085
00:37:21,430 --> 00:37:20,160
it is a flight safety issue you know

1086
00:37:24,150 --> 00:37:21,440
these pilots have

1087
00:37:24,710 --> 00:37:24,160
reported 11 near misses according to the

1088
00:37:28,710 --> 00:37:24,720

uap

1089

00:37:30,870 --> 00:37:28,720

report that was filed in the congress

1090

00:37:31,990 --> 00:37:30,880

you know we are in a completely new

1091

00:37:35,430 --> 00:37:32,000

paradigm now

1092

00:37:37,109 --> 00:37:35,440

where for its own reasons the pentagon

1093

00:37:39,750 --> 00:37:37,119

is now saying yeah this is

1094

00:37:41,430 --> 00:37:39,760

this is real hey guys you know gosh

1095

00:37:43,030 --> 00:37:41,440

we've just discovered this phenomenon

1096

00:37:44,710 --> 00:37:43,040

you know this is the implausible thing

1097

00:37:45,430 --> 00:37:44,720

to me about this that they've set this

1098

00:37:48,470 --> 00:37:45,440

date

1099

00:37:49,990 --> 00:37:48,480

arbitrarily from 2004

1100

00:37:51,910 --> 00:37:50,000

and we're meant to believe that they've

1101

00:37:53,349 --> 00:37:51,920

just suddenly discovered that there's

1102

00:37:53,990 --> 00:37:53,359

something going on that they didn't know

1103

00:37:57,510 --> 00:37:54,000

about

1104

00:37:59,829 --> 00:37:57,520

i i i call bs on that but i do think

1105

00:38:02,150 --> 00:37:59,839

it's a positive thing at least that the

1106

00:38:03,750 --> 00:38:02,160

us in particular but also

1107

00:38:05,829 --> 00:38:03,760

my government you know i'm having

1108

00:38:07,829 --> 00:38:05,839

conversations with people

1109

00:38:09,670 --> 00:38:07,839

uh here in the hope that i can get

1110

00:38:11,430 --> 00:38:09,680

people to be more open about some

1111

00:38:13,190 --> 00:38:11,440

incidents that i know of that have taken

1112

00:38:15,190 --> 00:38:13,200

place in australia that have not yet

1113

00:38:17,910 --> 00:38:15,200

been publicly reported

1114

00:38:19,109 --> 00:38:17,920

and there's genuine surprise that their

1115

00:38:22,230 --> 00:38:19,119

american ally

1116

00:38:23,190 --> 00:38:22,240

is talking about it in fact i approached

1117

00:38:26,390 --> 00:38:23,200

an australian

1118

00:38:29,670 --> 00:38:26,400

official a week ago about something that

1119

00:38:31,990 --> 00:38:29,680

he was shocked to hear from me that i'd

1120

00:38:33,589 --> 00:38:32,000

i've been told about it by a particular

1121

00:38:35,030 --> 00:38:33,599

official who'd suggested i go and talk

1122

00:38:37,990 --> 00:38:35,040

to him about it

1123

00:38:38,630 --> 00:38:38,000

and he said you got to speak to blair

1124

00:38:40,550 --> 00:38:38,640

and i went

1125

00:38:41,990 --> 00:38:40,560

yeah yeah and they're engaging with

1126

00:38:43,990 --> 00:38:42,000

people like me about

1127

00:38:45,829 --> 00:38:44,000

this phenomenon they want it talked

1128

00:38:48,870 --> 00:38:45,839

about and this is what

1129

00:38:49,910 --> 00:38:48,880

i'm excited about is i i suspect that

1130

00:38:52,710 --> 00:38:49,920

there is a bit of a

1131

00:38:54,710 --> 00:38:52,720

um an attempt to control the narrative

1132

00:38:57,430 --> 00:38:54,720

going on inside the pentagon

1133

00:38:59,829 --> 00:38:57,440

but i'm finding as a so-called

1134

00:39:01,190 --> 00:38:59,839

mainstream investigative journalist

1135

00:39:04,790 --> 00:39:01,200

there is a willingness

1136

00:39:07,030 --> 00:39:04,800

and an openness a preparedness to engage

1137

00:39:08,870 --> 00:39:07,040

that i've never seen before yeah and

1138

00:39:10,069 --> 00:39:08,880

it's a very positive thing it's only to

1139

00:39:12,790 --> 00:39:10,079

be applauded

1140

00:39:14,390 --> 00:39:12,800

no absolutely i completely agree and one

1141

00:39:16,390 --> 00:39:14,400

thing i did want to touch upon you with

1142

00:39:20,310 --> 00:39:16,400

is the admiral wilson documents

1143

00:39:21,990 --> 00:39:20,320

the wilson davis notes i mean

1144

00:39:23,349 --> 00:39:22,000

so many people talk about them they

1145

00:39:25,910 --> 00:39:23,359

still speculate if they're

1146

00:39:26,710 --> 00:39:25,920

completely genuine or not what are your

1147

00:39:29,750 --> 00:39:26,720

thoughts on

1148

00:39:32,630 --> 00:39:29,760

on the notes okay my perception

1149

00:39:34,870 --> 00:39:32,640

is molded by the fact that i have a

1150

00:39:37,270 --> 00:39:34,880

source who prefers to remain anomalous

1151

00:39:39,349 --> 00:39:37,280

anonymous who is the keeper of the edgar

1152

00:39:42,470 --> 00:39:39,359

mitchell archive

1153

00:39:43,270 --> 00:39:42,480

and that source is the person who

1154

00:39:46,550 --> 00:39:43,280

provided

1155

00:39:48,550 --> 00:39:46,560

the eric davis memo

1156

00:39:49,910 --> 00:39:48,560

otherwise known as the admiral wilson

1157

00:39:53,430 --> 00:39:49,920

memo

1158

00:39:55,589 --> 00:39:53,440

to james rigney my australian colleague

1159

00:39:57,349 --> 00:39:55,599

who then passed it on to grant cameron

1160

00:39:58,470 --> 00:39:57,359

and it eventually found its way i think

1161

00:40:01,190 --> 00:39:58,480

onto reddit and

1162

00:40:02,470 --> 00:40:01,200

became public a couple of years ago yeah

1163

00:40:05,109 --> 00:40:02,480

and

1164

00:40:05,670 --> 00:40:05,119

that source for their own reasons which

1165

00:40:08,230 --> 00:40:05,680

are

1166

00:40:08,790 --> 00:40:08,240

quite valid uh wants to stay anonymous

1167

00:40:11,910 --> 00:40:08,800

but

1168

00:40:15,270 --> 00:40:11,920

they gave me access to

1169

00:40:18,390 --> 00:40:15,280

edgar mitchell's private uap ufo

1170

00:40:21,589 --> 00:40:18,400

archives and what's fascinating

1171

00:40:25,270 --> 00:40:21,599

is they showed that there was a

1172

00:40:26,069 --> 00:40:25,280

clear pattern of consistent exchange of

1173

00:40:28,550 --> 00:40:26,079

information

1174

00:40:31,270 --> 00:40:28,560

between dr hal put off of the national

1175

00:40:34,630 --> 00:40:31,280

institute of discovery science that

1176
00:40:37,589 --> 00:40:34,640
for whom this memo was written dr eric

1177
00:40:37,990 --> 00:40:37,599
davis who wrote the celebrated admiral

1178
00:40:40,309 --> 00:40:38,000
wilson

1179
00:40:41,510 --> 00:40:40,319
memo wrote this memo for nids as a

1180
00:40:44,069 --> 00:40:41,520
report to hal

1181
00:40:45,030 --> 00:40:44,079
put off on his investigations into

1182
00:40:48,150 --> 00:40:45,040
claims that

1183
00:40:49,670 --> 00:40:48,160
um admiral wilson and other

1184
00:40:51,030 --> 00:40:49,680
senior officials in the defense

1185
00:40:53,190 --> 00:40:51,040
intelligence agency were being

1186
00:40:55,670 --> 00:40:53,200
frustrated allegedly in their efforts to

1187
00:40:58,150 --> 00:40:55,680
try and find out about a secret

1188
00:40:59,990 --> 00:40:58,160

crash retrieval program that the

1189

00:41:02,470 --> 00:41:00,000

pentagon was covering up

1190

00:41:04,150 --> 00:41:02,480

and you know just to give your audience

1191

00:41:04,870 --> 00:41:04,160

a quick summary of the implications of

1192

00:41:08,230 --> 00:41:04,880

the memo

1193

00:41:10,390 --> 00:41:08,240

if it's true if it's true

1194

00:41:12,150 --> 00:41:10,400

the united states is concealing the fact

1195

00:41:14,630 --> 00:41:12,160

that uh

1196

00:41:16,470 --> 00:41:14,640

a flying saucer or a craft of some kind

1197

00:41:18,550 --> 00:41:16,480

or perhaps multiple craft are being

1198

00:41:19,589 --> 00:41:18,560

concealed by a company in private

1199

00:41:22,069 --> 00:41:19,599

aerospace

1200

00:41:22,630 --> 00:41:22,079

in what is obviously a deep black

1201
00:41:25,430 --> 00:41:22,640
program

1202
00:41:27,270 --> 00:41:25,440
hidden behind multiple special access

1203
00:41:29,430 --> 00:41:27,280
programs that are probably waived and

1204
00:41:32,309 --> 00:41:29,440
unacknowledged

1205
00:41:34,470 --> 00:41:32,319
and admirable wilson allegedly according

1206
00:41:37,349 --> 00:41:34,480
to the memo described his attempts to

1207
00:41:38,950 --> 00:41:37,359
eric davis to find out about this secret

1208
00:41:40,069 --> 00:41:38,960
program because initially when he was

1209
00:41:45,030 --> 00:41:40,079
told about it by

1210
00:41:48,069 --> 00:41:45,040
stephen greer of the disclosure project

1211
00:41:51,349 --> 00:41:48,079
he didn't believe it and then greer

1212
00:41:52,230 --> 00:41:51,359
gave him some code names which came from

1213
00:41:54,870 --> 00:41:52,240

a separate

1214

00:41:56,069 --> 00:41:54,880

uh national reconnaissance organization

1215

00:41:58,870 --> 00:41:56,079

document

1216

00:41:59,670 --> 00:41:58,880

which he validated and found were real

1217

00:42:01,510 --> 00:41:59,680

code names

1218

00:42:03,829 --> 00:42:01,520

and then when he searched behind those

1219

00:42:08,230 --> 00:42:03,839

code names according to the

1220

00:42:11,670 --> 00:42:08,240

admiral wilson memo the eric davis notes

1221

00:42:13,910 --> 00:42:11,680

they discovered he discovered that there

1222

00:42:16,069 --> 00:42:13,920

was indeed a secret program inside the

1223

00:42:19,589 --> 00:42:16,079

pentagon jealously guarded by a very

1224

00:42:20,950 --> 00:42:19,599

tight small number of people inside the

1225

00:42:24,069 --> 00:42:20,960

military

1226
00:42:25,750 --> 00:42:24,079
where a secret back engineering program

1227
00:42:28,870 --> 00:42:25,760
attempting to re-engineer

1228
00:42:31,589 --> 00:42:28,880
recovered alien spacecraft was being run

1229
00:42:33,670 --> 00:42:31,599
by a private aerospace company under the

1230
00:42:35,430 --> 00:42:33,680
control and edict of the department of

1231
00:42:39,030 --> 00:42:35,440
defense i mean it's just

1232
00:42:42,710 --> 00:42:39,040
massive if true now i can't i can't

1233
00:42:44,069 --> 00:42:42,720
verify the veracity of the claims that

1234
00:42:46,630 --> 00:42:44,079
eric davis

1235
00:42:48,230 --> 00:42:46,640
makes based on what he says admiral tom

1236
00:42:50,309 --> 00:42:48,240
wilson told him

1237
00:42:53,030 --> 00:42:50,319
the difficulty i have as a journalist is

1238
00:42:53,990 --> 00:42:53,040

that i've corresponded with admiral tom

1239

00:42:57,030 --> 00:42:54,000

wilson and

1240

00:42:59,190 --> 00:42:57,040

we've exchanged communications where

1241

00:43:00,950 --> 00:42:59,200

he's made it abundantly clear to me that

1242

00:43:02,950 --> 00:43:00,960

he says it's complete nonsense that it

1243

00:43:04,069 --> 00:43:02,960

never happened he never met dr eric

1244

00:43:05,910 --> 00:43:04,079

davis

1245

00:43:07,589 --> 00:43:05,920

never had a meeting of this kind never

1246

00:43:10,470 --> 00:43:07,599

made statements such as this

1247

00:43:12,630 --> 00:43:10,480

to dr eric davis or anyone and that he

1248

00:43:13,829 --> 00:43:12,640

has not made any secret investigations

1249

00:43:16,950 --> 00:43:13,839

inside the pentagon

1250

00:43:17,750 --> 00:43:16,960

to into an alleged program that's hiding

1251
00:43:20,870 --> 00:43:17,760
recovered

1252
00:43:22,950 --> 00:43:20,880
alien technology so in the face of that

1253
00:43:24,550 --> 00:43:22,960
denial

1254
00:43:27,430 --> 00:43:24,560
i think there's quite a bit of

1255
00:43:29,829 --> 00:43:27,440
overwhelming evidence to support that

1256
00:43:30,950 --> 00:43:29,839
somebody like admiral tom wilson

1257
00:43:33,589 --> 00:43:30,960
actually says

1258
00:43:34,550 --> 00:43:33,599
in the memo if it's true that he would

1259
00:43:37,190 --> 00:43:34,560
lie about it

1260
00:43:38,630 --> 00:43:37,200
if he was questioned and so this is a

1261
00:43:40,790 --> 00:43:38,640
difficulty with the

1262
00:43:42,790 --> 00:43:40,800
plausibly deniable special access

1263
00:43:43,990 --> 00:43:42,800

programs where if you're sworn into

1264

00:43:45,990 --> 00:43:44,000

these programs and

1265

00:43:47,109 --> 00:43:46,000

you know you take an oath of security

1266

00:43:49,430 --> 00:43:47,119

and secrecy

1267

00:43:51,190 --> 00:43:49,440

you have to lie about them if yeah

1268

00:43:53,349 --> 00:43:51,200

you're confronted about them

1269

00:43:55,430 --> 00:43:53,359

so i i don't for a moment doubt that

1270

00:43:57,430 --> 00:43:55,440

admiral tom wilson is an extremely

1271

00:44:00,550 --> 00:43:57,440

highly respected and honorable

1272

00:44:02,870 --> 00:44:00,560

military officer i cannot attest as to

1273

00:44:05,190 --> 00:44:02,880

the veracity of the assertions made

1274

00:44:09,190 --> 00:44:05,200

in the admiral wilson memo because tom

1275

00:44:12,309 --> 00:44:09,200

wilson denies them flatly directly to me

1276

00:44:13,270 --> 00:44:12,319

but i do believe eric davis had a

1277

00:44:15,430 --> 00:44:13,280

conversation

1278

00:44:16,950 --> 00:44:15,440

with a person that he believes was the

1279

00:44:19,190 --> 00:44:16,960

former director of the

1280

00:44:20,150 --> 00:44:19,200

defense intelligence agency admiral tom

1281

00:44:22,630 --> 00:44:20,160

wilson

1282

00:44:23,349 --> 00:44:22,640

and he believes that he was told what he

1283

00:44:27,270 --> 00:44:23,359

was told

1284

00:44:29,349 --> 00:44:27,280

by admiral tom wilson so go figure

1285

00:44:31,670 --> 00:44:29,359

yeah and the interesting thing is how

1286

00:44:33,990 --> 00:44:31,680

put off has confirmed incidentally

1287

00:44:35,430 --> 00:44:34,000

the provenance of the memo by asserting

1288

00:44:38,470 --> 00:44:35,440

that dr eric davis

1289

00:44:40,790 --> 00:44:38,480
did meet with admiral tom wilson

1290

00:44:42,550 --> 00:44:40,800
and i go into a lot of detail i do a

1291

00:44:44,069 --> 00:44:42,560
very methodical

1292

00:44:45,990 --> 00:44:44,079
investigation because i think it

1293

00:44:49,589 --> 00:44:46,000
warrants it in the book

1294

00:44:52,390 --> 00:44:49,599
explaining why i don't think

1295

00:44:53,829 --> 00:44:52,400
the admiral wilson memo can be dismissed

1296

00:44:56,710 --> 00:44:53,839
out of hand

1297

00:44:57,270 --> 00:44:56,720
and my investigations took me on to

1298

00:44:59,990 --> 00:44:57,280
other

1299

00:45:01,750 --> 00:45:00,000
unconnected officials who confirmed to

1300

00:45:05,430 --> 00:45:01,760
me on the record

1301
00:45:07,349 --> 00:45:05,440
notably nat cobits the former director

1302
00:45:09,190 --> 00:45:07,359
of science and technology development

1303
00:45:11,829 --> 00:45:09,200
for the us navy

1304
00:45:13,270 --> 00:45:11,839
he confirmed to me on the record whether

1305
00:45:16,309 --> 00:45:13,280
i should believe it or not

1306
00:45:18,550 --> 00:45:16,319
that he was read into he was briefed and

1307
00:45:22,470 --> 00:45:18,560
given the security oafs

1308
00:45:24,790 --> 00:45:22,480
read into a crash retrieval program

1309
00:45:25,829 --> 00:45:24,800
involving the retrieval and attempts to

1310
00:45:29,589 --> 00:45:25,839
back engineer

1311
00:45:34,390 --> 00:45:32,790
so again as a journalist i don't

1312
00:45:35,349 --> 00:45:34,400
immediately leap to the conclusion that

1313
00:45:38,069 --> 00:45:35,359

this is all true

1314

00:45:39,990 --> 00:45:38,079

because this could be it could be an

1315

00:45:43,750 --> 00:45:40,000

elaborate disinformation program

1316

00:45:45,829 --> 00:45:43,760

by the us government designed to try and

1317

00:45:47,349 --> 00:45:45,839

impress the russians or the chinese you

1318

00:45:49,190 --> 00:45:47,359

know don't screw with us because we've

1319

00:45:51,670 --> 00:45:49,200

got technology you guys can only dream

1320

00:45:57,910 --> 00:45:55,990

but i am genuinely of the view

1321

00:46:01,030 --> 00:45:57,920

because of the assertions that have been

1322

00:46:04,950 --> 00:46:01,040

made by chris mellon louis lozando

1323

00:46:08,390 --> 00:46:04,960

dr eric davis and privately to me

1324

00:46:09,670 --> 00:46:08,400

numerous numerous other officials

1325

00:46:12,230 --> 00:46:09,680

including people who

1326
00:46:13,510 --> 00:46:12,240
purport to have worked inside the

1327
00:46:16,150 --> 00:46:13,520
program

1328
00:46:18,230 --> 00:46:16,160
i do believe that the us has recovered

1329
00:46:19,589 --> 00:46:18,240
what louis lozando has on occasion

1330
00:46:22,790 --> 00:46:19,599
referred to as

1331
00:46:26,150 --> 00:46:22,800
craft vehicle

1332
00:46:28,790 --> 00:46:26,160
or just exotic technology yeah

1333
00:46:30,670 --> 00:46:28,800
somebody knows something about recovered

1334
00:46:31,910 --> 00:46:30,680
technology that they believe is

1335
00:46:34,710 --> 00:46:31,920
non-terrestrial

1336
00:46:36,309 --> 00:46:34,720
non-human intelligently crafted

1337
00:46:39,430 --> 00:46:36,319
technology from

1338
00:46:40,150 --> 00:46:39,440

somewhere else wow and i know that's a

1339

00:46:42,150 --> 00:46:40,160

big call

1340

00:46:43,829 --> 00:46:42,160

and i know a lot of my journal friends

1341

00:46:46,150 --> 00:46:43,839

in mainstream media are going to go oh

1342

00:46:48,790 --> 00:46:46,160

ross has gone completely nuts

1343

00:46:49,910 --> 00:46:48,800

but but you know when you have officials

1344

00:46:52,550 --> 00:46:49,920

on the record

1345

00:46:54,150 --> 00:46:52,560

making these assertions you know there's

1346

00:46:56,390 --> 00:46:54,160

that amazing interview that louis

1347

00:46:57,990 --> 00:46:56,400

lozando had with tucker carlson

1348

00:46:59,510 --> 00:46:58,000

where tucker actually asks him you know

1349

00:47:02,309 --> 00:46:59,520

has the u.s recovered

1350

00:47:02,710 --> 00:47:02,319

alien technology or something like that

1351
00:47:05,190 --> 00:47:02,720
yeah

1352
00:47:06,790 --> 00:47:05,200
and and lose wrestling with it he talks

1353
00:47:08,630 --> 00:47:06,800
initially about his national security

1354
00:47:09,349 --> 00:47:08,640
oath and how he can't talk about it so

1355
00:47:13,589 --> 00:47:09,359
tucker

1356
00:47:16,710 --> 00:47:13,599
start winding up you know he goes okay

1357
00:47:19,910 --> 00:47:16,720
but then lou cuts over him and goes but

1358
00:47:21,829 --> 00:47:19,920
yes you know he actually comes back and

1359
00:47:23,270 --> 00:47:21,839
actually he is yes he answers yes to the

1360
00:47:25,589 --> 00:47:23,280
question

1361
00:47:27,510 --> 00:47:25,599
that's a momentous moment for me you

1362
00:47:29,510 --> 00:47:27,520
know you've got the former director

1363
00:47:31,109 --> 00:47:29,520

or you know okay let's not quibble was

1364

00:47:32,150 --> 00:47:31,119

he the director but he was certainly a

1365

00:47:36,230 --> 00:47:32,160

senior

1366

00:47:39,670 --> 00:47:36,240

leader inside the defense department's

1367

00:47:42,150 --> 00:47:39,680

investigations into ufos yeah um

1368

00:47:43,190 --> 00:47:42,160

and i can tell you do not screw around

1369

00:47:46,630 --> 00:47:43,200

with luiz ondo

1370

00:47:50,230 --> 00:47:46,640

i i have spoken to people who have

1371

00:47:53,510 --> 00:47:50,240

attested to me just how highly

1372

00:47:57,190 --> 00:47:53,520

cleared lou elizondo was and

1373

00:48:00,069 --> 00:47:57,200

is the guy was so plugged in

1374

00:48:00,950 --> 00:48:00,079

people will be amazed if and when this

1375

00:48:04,150 --> 00:48:00,960

ever comes out

1376

00:48:05,829 --> 00:48:04,160

in a few years time that's it

1377

00:48:07,190 --> 00:48:05,839

i've got a good rapport with lou so i'm

1378

00:48:09,990 --> 00:48:07,200

on the right side of the

1379

00:48:10,549 --> 00:48:10,000

of that map no i do not i do not buy

1380

00:48:13,589 --> 00:48:10,559

into the

1381

00:48:15,750 --> 00:48:13,599

bs where you know people in ufology play

1382

00:48:17,990 --> 00:48:15,760

these silly sniping games where they

1383

00:48:20,150 --> 00:48:18,000

they're playing silly games about you

1384

00:48:21,910 --> 00:48:20,160

know whether or not the um the

1385

00:48:24,150 --> 00:48:21,920

military's right when it comes back with

1386

00:48:24,790 --> 00:48:24,160

these pathetic denials about whether or

1387

00:48:27,910 --> 00:48:24,800

not

1388

00:48:30,069 --> 00:48:27,920

he headed a program i just don't care

1389

00:48:31,270 --> 00:48:30,079

the bottom line is he was he was in a

1390

00:48:33,349 --> 00:48:31,280

senior role

1391

00:48:35,750 --> 00:48:33,359

and he was in a position to know some

1392

00:48:37,910 --> 00:48:35,760

pretty staggering stuff

1393

00:48:39,430 --> 00:48:37,920

and i know this because people i know

1394

00:48:41,349 --> 00:48:39,440

here in australia who've worked with him

1395

00:48:42,950 --> 00:48:41,359

in special forces have vouched for him

1396

00:48:45,349 --> 00:48:42,960

as a man of impeccable

1397

00:48:46,950 --> 00:48:45,359

reputation and we're very very lucky to

1398

00:48:50,470 --> 00:48:46,960

have somebody like him who's

1399

00:48:52,309 --> 00:48:50,480

pushing publicly and i think insanely

1400

00:48:53,750 --> 00:48:52,319

taking risks you know it's incredibly

1401

00:48:57,109 --> 00:48:53,760

good that he's doing this

1402

00:48:57,990 --> 00:48:57,119

but pushing publicly for transparency

1403

00:49:00,470 --> 00:48:58,000

and disclosure

1404

00:49:02,069 --> 00:49:00,480

and openness it only begs the question

1405

00:49:04,069 --> 00:49:02,079

what does he know that

1406

00:49:05,589 --> 00:49:04,079

we don't know that's making him think it

1407

00:49:07,030 --> 00:49:05,599

needs to be exposed

1408

00:49:09,349 --> 00:49:07,040

well i mean you asked him a question

1409

00:49:11,190 --> 00:49:09,359

yourself didn't you if um

1410

00:49:12,549 --> 00:49:11,200

if there was imagery that would blow

1411

00:49:13,510 --> 00:49:12,559

people's socks off i think were your

1412

00:49:16,790 --> 00:49:13,520

words and he

1413

00:49:18,630 --> 00:49:16,800

he replied with a smirk absolutely

1414

00:49:20,790 --> 00:49:18,640

and i was going to ask you that you know

1415

00:49:22,710 --> 00:49:20,800

did he allude off camera to anything

1416

00:49:25,270 --> 00:49:22,720

to you because you know recently he's

1417

00:49:27,750 --> 00:49:25,280

spoken about this 23 minute video

1418

00:49:28,710 --> 00:49:27,760

and other other things have been hinted

1419

00:49:30,870 --> 00:49:28,720

so

1420

00:49:31,829 --> 00:49:30,880

anything i discussed with lou off camera

1421

00:49:34,790 --> 00:49:31,839

is on background

1422

00:49:35,589 --> 00:49:34,800

only and i i can't i can't abuse the

1423

00:49:37,270 --> 00:49:35,599

privilege of

1424

00:49:39,349 --> 00:49:37,280

having a confidential conversation with

1425

00:49:41,910 --> 00:49:39,359

a source you know he's he's been here

1426

00:49:42,710 --> 00:49:41,920

he's incredibly open and uh but at the

1427

00:49:44,950 --> 00:49:42,720

same time

1428

00:49:45,910 --> 00:49:44,960

he honors his security oath he's not

1429

00:49:47,589 --> 00:49:45,920

someone who's

1430

00:49:49,109 --> 00:49:47,599

going to be anything other than an

1431

00:49:52,390 --> 00:49:49,119

american patriot

1432

00:49:54,470 --> 00:49:52,400

um he's um motivated i think by the very

1433

00:49:57,109 --> 00:49:54,480

best of motives as is chris mellon

1434

00:49:59,270 --> 00:49:57,119

yeah and as are the other people because

1435

00:50:03,030 --> 00:49:59,280

what happened when i spoke to nat

1436

00:50:03,589 --> 00:50:03,040

kobets from the um us navy ex-u.s navy i

1437

00:50:05,910 --> 00:50:03,599

mean guy

1438

00:50:06,710 --> 00:50:05,920

he was the chief geek the chief research

1439

00:50:09,270 --> 00:50:06,720

guy for the

1440

00:50:10,470 --> 00:50:09,280

you know the u.s navy if anyone's

1441

00:50:13,270 --> 00:50:10,480

briefed into this

1442

00:50:14,710 --> 00:50:13,280

he would be and the thing that puzzled

1443

00:50:16,549 --> 00:50:14,720

me with nat was he

1444

00:50:18,710 --> 00:50:16,559

he came back to me and i said to him i

1445

00:50:21,109 --> 00:50:18,720

said do you think the us has mastered

1446

00:50:22,470 --> 00:50:21,119

anti-gravity because there's these wacky

1447

00:50:25,190 --> 00:50:22,480

salvator pay

1448

00:50:26,790 --> 00:50:25,200

patents these u.s navy patents that's on

1449

00:50:29,589 --> 00:50:26,800

my notes to ask you about

1450

00:50:30,230 --> 00:50:29,599

yeah and um so i asked ned i said look

1451

00:50:35,430 --> 00:50:30,240

you know

1452

00:50:38,630 --> 00:50:35,440

it possible that the us has cracked

1453

00:50:40,069 --> 00:50:38,640

anti-gravity propulsion and he went away

1454

00:50:42,069 --> 00:50:40,079

and he came back to me

1455

00:50:44,150 --> 00:50:42,079

a week or so later and he said now ross

1456

00:50:46,470 --> 00:50:44,160

i've made a few inquiries and he says

1457

00:50:47,910 --> 00:50:46,480

i don't think we have i really don't

1458

00:50:50,950 --> 00:50:47,920

think we have

1459

00:50:52,470 --> 00:50:50,960

but he said it you know it's clear even

1460

00:50:54,069 --> 00:50:52,480

from the briefing that he'd had that

1461

00:50:54,790 --> 00:50:54,079

it's being worked on in the black you

1462

00:50:57,190 --> 00:50:54,800

know there's

1463

00:50:59,910 --> 00:50:57,200

definitely there are definitely ongoing

1464

00:51:01,430 --> 00:50:59,920
programs involving anti-gravity

1465

00:51:03,030 --> 00:51:01,440
and and by the way i'll tell you

1466

00:51:03,510 --> 00:51:03,040
something here interesting vinnie that

1467

00:51:05,349 --> 00:51:03,520
i've

1468

00:51:07,190 --> 00:51:05,359
not mentioned yet that i think is really

1469

00:51:11,190 --> 00:51:07,200
important i was really interested

1470

00:51:11,990 --> 00:51:11,200
in ning li the female chinese scientist

1471

00:51:14,630 --> 00:51:12,000
who

1472

00:51:16,069 --> 00:51:14,640
bobbed up briefly a few years ago in

1473

00:51:18,990 --> 00:51:16,079
huntsville alabama

1474

00:51:20,549 --> 00:51:19,000
talking about imminent breakthroughs in

1475

00:51:22,710 --> 00:51:20,559
anti-gravity

1476
00:51:23,589 --> 00:51:22,720
talking about how you know the us was

1477
00:51:25,670 --> 00:51:23,599
poised to

1478
00:51:28,069 --> 00:51:25,680
you know make astonishing announcements

1479
00:51:30,309 --> 00:51:28,079
about this phenomenon

1480
00:51:32,549 --> 00:51:30,319
have you noticed has anyone out there

1481
00:51:33,349 --> 00:51:32,559
noticed that ningli now appears to be in

1482
00:51:35,030 --> 00:51:33,359
china

1483
00:51:37,349 --> 00:51:35,040
yeah i saw that there was some a thread

1484
00:51:38,950 --> 00:51:37,359
on twitter even yesterday about her that

1485
00:51:41,109 --> 00:51:38,960
that suddenly cropped up out of nowhere

1486
00:51:43,270 --> 00:51:41,119
and it was bizarre yeah yeah

1487
00:51:44,549 --> 00:51:43,280
and what what the hell's going on and

1488
00:51:46,470 --> 00:51:44,559

i'm told

1489

00:51:50,150 --> 00:51:46,480

this is what i was told independently of

1490

00:51:52,870 --> 00:51:50,160

the ning lee stuff i'm told that um

1491

00:51:54,870 --> 00:51:52,880

china is mounting an incredibly

1492

00:51:55,910 --> 00:51:54,880

aggressive campaign to get to the bottom

1493

00:51:57,750 --> 00:51:55,920

of what the u.s

1494

00:51:59,190 --> 00:51:57,760

knows and that this might actually be

1495

00:52:02,309 --> 00:51:59,200

hindering

1496

00:52:05,270 --> 00:52:02,319

the willingness of the congress

1497

00:52:06,870 --> 00:52:05,280

to be more open that for strategic

1498

00:52:08,549 --> 00:52:06,880

national security reasons that

1499

00:52:10,309 --> 00:52:08,559

frankly i have to be honest with you

1500

00:52:12,950 --> 00:52:10,319

make some sense

1501
00:52:13,589 --> 00:52:12,960
yeah why the hell why the hell should we

1502
00:52:16,150 --> 00:52:13,599
know this

1503
00:52:17,670 --> 00:52:16,160
if let's you know i've i've been in

1504
00:52:21,190 --> 00:52:17,680
situations as a journalist

1505
00:52:22,870 --> 00:52:21,200
when on occasion i've known for example

1506
00:52:23,910 --> 00:52:22,880
that australian troops are about to be

1507
00:52:27,430 --> 00:52:23,920
deployed

1508
00:52:29,270 --> 00:52:27,440
into a war zone right and

1509
00:52:30,630 --> 00:52:29,280
it was not good that i knew that because

1510
00:52:31,430 --> 00:52:30,640
if i'd run that they might have been

1511
00:52:33,510 --> 00:52:31,440
compromised

1512
00:52:35,190 --> 00:52:33,520
of course and so we made a decision as a

1513
00:52:38,470 --> 00:52:35,200

tv network not to run

1514

00:52:39,990 --> 00:52:38,480

that story and journalists do you know

1515

00:52:41,670 --> 00:52:40,000

we do make even though we're often

1516

00:52:44,470 --> 00:52:41,680

accused of being reckless with

1517

00:52:46,309 --> 00:52:44,480

national security information we do make

1518

00:52:47,670 --> 00:52:46,319

strategic decisions every now and then

1519

00:52:48,630 --> 00:52:47,680

about what should and shouldn't be

1520

00:52:50,390 --> 00:52:48,640

published

1521

00:52:52,390 --> 00:52:50,400

which by the way if i'm jumping around

1522

00:52:54,069 --> 00:52:52,400

is why i have a real be in my bonnet

1523

00:52:58,150 --> 00:52:54,079

about julian assange because

1524

00:53:00,069 --> 00:52:58,160

he didn't do that no and and uh

1525

00:53:01,510 --> 00:53:00,079

you know i'm shocked about the

1526

00:53:04,710 --> 00:53:01,520

circumstances in which

1527

00:53:07,430 --> 00:53:04,720

the um guardian published the

1528

00:53:10,150 --> 00:53:07,440

encryption code that allowed the full

1529

00:53:12,150 --> 00:53:10,160

wikileaks leak to be decrypted

1530

00:53:13,270 --> 00:53:12,160

in circumstances that frankly were just

1531

00:53:16,950 --> 00:53:13,280

appalling just

1532

00:53:18,710 --> 00:53:16,960

so reckless um and you know

1533

00:53:20,549 --> 00:53:18,720

i don't want to sound like a i'm being

1534

00:53:23,030 --> 00:53:20,559

an apologist for

1535

00:53:23,910 --> 00:53:23,040

the military or the defence forces but

1536

00:53:26,470 --> 00:53:23,920

they exist

1537

00:53:28,069 --> 00:53:26,480

for very good reasons and i'm privy to

1538

00:53:29,670 --> 00:53:28,079

things that i shouldn't be privy to

1539

00:53:31,589 --> 00:53:29,680

about what's going on in the world at

1540

00:53:34,069 --> 00:53:31,599

the moment about you know

1541

00:53:35,910 --> 00:53:34,079

a strategically dangerous situation

1542

00:53:38,549 --> 00:53:35,920

particularly with china

1543

00:53:39,190 --> 00:53:38,559

and we have national security defense

1544

00:53:41,030 --> 00:53:39,200

forces

1545

00:53:43,670 --> 00:53:41,040

for very good reasons you know we

1546

00:53:46,549 --> 00:53:43,680

operate the five eyes alliance for very

1547

00:53:47,270 --> 00:53:46,559

very good reasons you know nobody should

1548

00:53:49,829 --> 00:53:47,280

question

1549

00:53:50,710 --> 00:53:49,839

why those exist they've saved the

1550

00:53:53,030 --> 00:53:50,720

western world

1551
00:53:54,549 --> 00:53:53,040
they've kept people safe in their homes

1552
00:53:57,990 --> 00:53:54,559
at night

1553
00:53:59,589 --> 00:53:58,000
and i guess my worry is that at the very

1554
00:54:03,430 --> 00:53:59,599
time that

1555
00:54:03,990 --> 00:54:03,440
the world of ufo uap transparency is

1556
00:54:07,589 --> 00:54:04,000
pushing

1557
00:54:09,990 --> 00:54:07,599
for openness we are on the edge of

1558
00:54:11,349 --> 00:54:10,000
confrontation with china in a way that

1559
00:54:14,950 --> 00:54:11,359
we haven't been for

1560
00:54:18,549 --> 00:54:14,960
20 30 years if ever and

1561
00:54:20,309 --> 00:54:18,559
it's a real worry and i can see how

1562
00:54:22,150 --> 00:54:20,319
strategic decision makers that

1563
00:54:23,430 --> 00:54:22,160

might have been leading a push for

1564

00:54:27,109 --> 00:54:23,440

transparency and

1565

00:54:28,790 --> 00:54:27,119

a greater degree of openness and

1566

00:54:31,270 --> 00:54:28,800

dysplasia

1567

00:54:32,950 --> 00:54:31,280

say before the 2016 election perhaps

1568

00:54:33,750 --> 00:54:32,960

with hillary clinton possibly becoming

1569

00:54:35,109 --> 00:54:33,760

president

1570

00:54:36,230 --> 00:54:35,119

i can see how there might have been a

1571

00:54:37,910 --> 00:54:36,240

perception that it would have been a

1572

00:54:39,349 --> 00:54:37,920

good idea to come clean about what they

1573

00:54:41,910 --> 00:54:39,359

knew back then but

1574

00:54:44,630 --> 00:54:41,920

i can see also how possibly the

1575

00:54:47,349 --> 00:54:44,640

priorities have changed you know maybe

1576

00:54:49,190 --> 00:54:47,359

maybe that's what's dictating the

1577

00:54:50,950 --> 00:54:49,200

slightly slower pace when are seeing in

1578

00:54:51,990 --> 00:54:50,960

washington because i'm really worried

1579

00:54:55,910 --> 00:54:52,000

that we're losing the

1580

00:54:58,470 --> 00:54:55,920

impetus for congressional hearings

1581

00:54:59,910 --> 00:54:58,480

i know lou elizondo and christopher

1582

00:55:01,990 --> 00:54:59,920

mellon are still pushing and they're

1583

00:55:02,870 --> 00:55:02,000

still urging ufo twitter and social

1584

00:55:05,510 --> 00:55:02,880

media to push

1585

00:55:06,870 --> 00:55:05,520

and people should yeah because i think

1586

00:55:07,190 --> 00:55:06,880

they're thinking they can get away with

1587

00:55:09,109 --> 00:55:07,200

it

1588

00:55:11,750 --> 00:55:09,119

i think they're thinking they can snow

1589

00:55:14,630 --> 00:55:11,760

the public for another 50 years

1590

00:55:15,910 --> 00:55:14,640

um uh and just quietly get on with what

1591

00:55:19,270 --> 00:55:15,920

they've been doing in the black

1592

00:55:20,150 --> 00:55:19,280

for you know probably 76 years yeah no

1593

00:55:22,549 --> 00:55:20,160

absolutely

1594

00:55:23,349 --> 00:55:22,559

now ross we're almost up at time i could

1595

00:55:25,030 --> 00:55:23,359

talk i mean

1596

00:55:27,349 --> 00:55:25,040

my list of questions goes on and on

1597

00:55:28,789 --> 00:55:27,359

maybe we'll uh redo this in a few months

1598

00:55:30,630 --> 00:55:28,799

time or something but i'd be very

1599

00:55:32,150 --> 00:55:30,640

i'd be very happy to your show is a

1600

00:55:33,589 --> 00:55:32,160

great show i've listened to it

1601
00:55:35,190 --> 00:55:33,599
quite a few times actually without even

1602
00:55:38,549 --> 00:55:35,200
realizing it was you

1603
00:55:40,230 --> 00:55:38,559
and i uh i uh would be very happy to

1604
00:55:42,150 --> 00:55:40,240
take part on a future occasion

1605
00:55:43,829 --> 00:55:42,160
that's great but i'm just gonna to to

1606
00:55:44,870 --> 00:55:43,839
finish with one question and it's quite

1607
00:55:46,069 --> 00:55:44,880
a light one

1608
00:55:48,150 --> 00:55:46,079
in all of your research and

1609
00:55:50,390 --> 00:55:48,160
investigations covering uap

1610
00:55:52,150 --> 00:55:50,400
do you have a standout favorite case

1611
00:55:53,349 --> 00:55:52,160
let's say anything that really you keep

1612
00:55:56,390 --> 00:55:53,359
going back to

1613
00:55:58,069 --> 00:55:56,400

i'll i'll tell you this

1614

00:56:00,069 --> 00:55:58,079

i think i want to flag this as being

1615

00:56:01,910 --> 00:56:00,079

incredibly important the thing i've

1616

00:56:03,990 --> 00:56:01,920

flagged a lot in recent interviews is

1617

00:56:05,990 --> 00:56:04,000

the wikileaks leaks which basically show

1618

00:56:08,150 --> 00:56:06,000

that there were these secret discussions

1619

00:56:11,430 --> 00:56:08,160

taking place between generals and

1620

00:56:12,950 --> 00:56:11,440

people in aerospace talking about the um

1621

00:56:14,789 --> 00:56:12,960

you know the possibility of disclosure

1622

00:56:17,829 --> 00:56:14,799

in a hillary clinton presidency but

1623

00:56:19,750 --> 00:56:17,839

i've talked about that but i i want to

1624

00:56:21,109 --> 00:56:19,760

really emphasize the significance of

1625

00:56:23,990 --> 00:56:21,119

what um jay

1626
00:56:25,349 --> 00:56:24,000
of the mind sublime blog discovered on

1627
00:56:28,470 --> 00:56:25,359
chris mellon's website

1628
00:56:30,549 --> 00:56:28,480
the ninth slide the slide nine

1629
00:56:31,910 --> 00:56:30,559
are you aware of this i am very aware of

1630
00:56:34,549 --> 00:56:31,920
it indeed yes

1631
00:56:36,870 --> 00:56:34,559
this is a briefing slide that was

1632
00:56:39,030 --> 00:56:36,880
provided to the under secretary

1633
00:56:40,470 --> 00:56:39,040
for defence in the united states or at

1634
00:56:42,150 --> 00:56:40,480
least it was prepared

1635
00:56:44,710 --> 00:56:42,160
for a briefing for the under secretary

1636
00:56:48,150 --> 00:56:44,720
of defense by atip by the

1637
00:56:51,670 --> 00:56:48,160
pentagon funded the dia funded advanced

1638
00:56:55,270 --> 00:56:51,680

aerospace threat identification program

1639

00:56:57,829 --> 00:56:55,280

and it really pays to read it out

1640

00:56:59,990 --> 00:56:57,839

because it says it all yeah and it's

1641

00:57:03,910 --> 00:57:00,000

like something out of star trek

1642

00:57:05,990 --> 00:57:03,920

dod defense department threat scenario

1643

00:57:07,750 --> 00:57:06,000

the science exists for an enemy of the

1644

00:57:09,750 --> 00:57:07,760

united states to manipulate both

1645

00:57:11,030 --> 00:57:09,760

physical and cognitive environments in

1646

00:57:14,230 --> 00:57:11,040

order to penetrate

1647

00:57:17,349 --> 00:57:14,240

us facilities influence decision makers

1648

00:57:18,309 --> 00:57:17,359

and compromise national security that

1649

00:57:19,589 --> 00:57:18,319

sounds like something out of the

1650

00:57:22,950 --> 00:57:19,599

manchurian candidates

1651
00:57:23,510 --> 00:57:22,960
influenced decision makers psychotronic

1652
00:57:26,549 --> 00:57:23,520
weapons

1653
00:57:30,230 --> 00:57:26,559
perception

1654
00:57:32,230 --> 00:57:30,240
human consciousness um penetration of

1655
00:57:33,430 --> 00:57:32,240
solid surfaces well some of my witnesses

1656
00:57:36,870 --> 00:57:33,440
have described to me

1657
00:57:39,990 --> 00:57:36,880
seeing orbs penetrating pine gap

1658
00:57:42,390 --> 00:57:40,000
yeah i've heard that story yeah yeah

1659
00:57:44,230 --> 00:57:42,400
uh instantaneous sensor disassembly i

1660
00:57:45,670 --> 00:57:44,240
mean it really pays i just want to i

1661
00:57:46,230 --> 00:57:45,680
won't read the whole thing out but

1662
00:57:48,630 --> 00:57:46,240
people

1663
00:57:50,630 --> 00:57:48,640

should go to a great bit of work by jay

1664

00:57:52,309 --> 00:57:50,640

from the mind sublime blog i wish i'd

1665

00:57:54,390 --> 00:57:52,319

dug this up

1666

00:57:55,430 --> 00:57:54,400

and its significance i think has been

1667

00:57:57,589 --> 00:57:55,440

overlooked

1668

00:57:59,430 --> 00:57:57,599

yeah and i think people have hoped that

1669

00:58:02,069 --> 00:57:59,440

its significance would be overlooked

1670

00:58:03,990 --> 00:58:02,079

because this is what atip was telling

1671

00:58:05,589 --> 00:58:04,000

the department of defense this is what

1672

00:58:08,950 --> 00:58:05,599

they were briefing them on

1673

00:58:10,789 --> 00:58:08,960

in secret and god knows why the new york

1674

00:58:12,630 --> 00:58:10,799

times or the washington post or

1675

00:58:14,390 --> 00:58:12,640

any of the mainstream media in the us

1676

00:58:16,069 --> 00:58:14,400

haven't looked onto this because

1677

00:58:18,950 --> 00:58:16,079

what it's suggesting is what jacques

1678

00:58:20,789 --> 00:58:18,960

vallee said 30 years ago

1679

00:58:22,549 --> 00:58:20,799

that ultimately this phenomenon goes

1680

00:58:25,829 --> 00:58:22,559

back to consciousness

1681

00:58:26,230 --> 00:58:25,839

yeah and perception whatever whatever

1682

00:58:29,990 --> 00:58:26,240

it's

1683

00:58:33,670 --> 00:58:30,000

whatever it is it can screw with our

1684

00:58:35,270 --> 00:58:33,680

mind absolutely

1685

00:58:37,589 --> 00:58:35,280

that's that's the thing i find

1686

00:58:40,470 --> 00:58:37,599

interesting about that that jacques said

1687

00:58:42,470 --> 00:58:40,480

jacques valet said a long long time ago

1688

00:58:45,349 --> 00:58:42,480

to those who were prepared to listen

1689

00:58:46,630 --> 00:58:45,359

that it was too simplistic have i lost

1690

00:58:50,789 --> 00:58:46,640

you

1691

00:58:52,710 --> 00:58:50,799

gone so

1692

00:58:53,910 --> 00:58:52,720

yeah you're just back now yeah jacques

1693

00:58:55,750 --> 00:58:53,920

villa said uh

1694

00:58:57,190 --> 00:58:55,760

quite a few years ago that it was too

1695

00:58:59,270 --> 00:58:57,200

simplistic to consider that the

1696

00:59:01,270 --> 00:58:59,280

phenomenon was just little green men and

1697

00:59:03,829 --> 00:59:01,280

alien spacecraft coming to visit planet

1698

00:59:04,549 --> 00:59:03,839

earth the extraterrestrial hypothesis

1699

00:59:07,589 --> 00:59:04,559

does not

1700

00:59:10,789 --> 00:59:07,599

fit the evidence and

1701

00:59:12,789 --> 00:59:10,799

to me slide nine is the evidence to

1702

00:59:14,069 --> 00:59:12,799

support what jack valet said all those

1703

00:59:15,990 --> 00:59:14,079

years ago

1704

00:59:17,589 --> 00:59:16,000

yeah i saw an interview recently between

1705

00:59:19,589 --> 00:59:17,599

james e and doley have engaged in the

1706

00:59:21,750 --> 00:59:19,599

phenomenon and louis elizondo and he

1707

00:59:23,750 --> 00:59:21,760

really focused on slide nine and luke oh

1708

00:59:26,630 --> 00:59:23,760

i haven't seen that no

1709

00:59:27,990 --> 00:59:26,640

i like james's work what did lou say uh

1710

00:59:30,069 --> 00:59:28,000

not a lot but you could say

1711

00:59:31,750 --> 00:59:30,079

he would he would have run for cover i'm

1712

00:59:33,030 --> 00:59:31,760

sure there's no way he's going to break

1713

00:59:35,910 --> 00:59:33,040

a security oath but

1714

00:59:36,390 --> 00:59:35,920

now look i've spoken to um that one of

1715

00:59:38,470 --> 00:59:36,400

the most

1716

00:59:40,789 --> 00:59:38,480

weird conversations i had was with a guy

1717

00:59:43,990 --> 00:59:40,799

who was incredibly senior

1718

00:59:48,230 --> 00:59:44,000

at one stage in the fbi

1719

00:59:51,270 --> 00:59:48,240

and uh he told me he had had

1720

00:59:52,789 --> 00:59:51,280

weird experiences and um you know he'd

1721

00:59:56,309 --> 00:59:52,799

woken up in his bedroom

1722

00:59:59,990 --> 00:59:56,319

and an entity is at the end of his bed

1723

01:00:01,190 --> 01:00:00,000

and um i thought this guy's bonkers and

1724

01:00:03,829 --> 01:00:01,200

then i checked out

1725

01:00:05,829 --> 01:00:03,839

who he was and you know this is a really

1726

01:00:08,150 --> 01:00:05,839

senior person who's worked at a very

1727

01:00:11,030 --> 01:00:08,160

high level in washington dc

1728

01:00:12,549 --> 01:00:11,040

and people i spoke to both in our police

1729

01:00:14,390 --> 01:00:12,559

force here in australia they knew him

1730

01:00:17,430 --> 01:00:14,400

they respected him enormously

1731

01:00:20,309 --> 01:00:17,440

wow and and he described some of that

1732

01:00:21,750 --> 01:00:20,319

very phenomena that's in slide 9

1733

01:00:24,390 --> 01:00:21,760

a phenomena that is capable of

1734

01:00:26,390 --> 01:00:24,400

manipulating psychotronically

1735

01:00:27,670 --> 01:00:26,400

influencing your mind altering your

1736

01:00:30,150 --> 01:00:27,680

perception

1737

01:00:30,870 --> 01:00:30,160

this i think is where it's all going

1738

01:00:33,510 --> 01:00:30,880

next

1739

01:00:34,789 --> 01:00:33,520

i know this is it's fuzzy it's kind of

1740

01:00:36,950 --> 01:00:34,799

nebulous

1741

01:00:38,710 --> 01:00:36,960

but if this is what the defense

1742

01:00:41,510 --> 01:00:38,720

department is being told

1743

01:00:42,870 --> 01:00:41,520

by the people that paid to do an

1744

01:00:45,910 --> 01:00:42,880

exhaustive inquiry

1745

01:00:47,670 --> 01:00:45,920

into the phenomenon yeah this is where

1746

01:00:49,430 --> 01:00:47,680

we're going next

1747

01:00:50,789 --> 01:00:49,440

that's exciting i think personally i

1748

01:00:52,549 --> 01:00:50,799

mean we've tried for decades for the

1749

01:00:54,470 --> 01:00:52,559

nuts and bolts route and

1750

01:00:56,549 --> 01:00:54,480

it just hasn't really led us anywhere or

1751

01:00:57,030 --> 01:00:56,559

so we're led to believe so no i agree

1752

01:00:59,190 --> 01:00:57,040

and

1753

01:01:01,030 --> 01:00:59,200

my research has started moving into that

1754

01:01:03,030 --> 01:01:01,040

area of that right it's time to look

1755

01:01:04,309 --> 01:01:03,040

elsewhere and i agree the consciousness

1756

01:01:05,829 --> 01:01:04,319

side of things is

1757

01:01:08,309 --> 01:01:05,839

is probably one of the most interesting

1758

01:01:08,870 --> 01:01:08,319

and most likely directions so i agree

1759

01:01:11,349 --> 01:01:08,880

but

1760

01:01:12,789 --> 01:01:11,359

listen ross thank you so much it's been

1761

01:01:13,910 --> 01:01:12,799

an absolute honor and a pleasure

1762

01:01:16,789 --> 01:01:13,920

speaking with you today

1763

01:01:18,309 --> 01:01:16,799

and um i have read the book and i would

1764

01:01:20,309 --> 01:01:18,319

recommend it to anybody out there

1765

01:01:21,349 --> 01:01:20,319

watching now please pick up a copy of in

1766

01:01:24,309 --> 01:01:21,359

plain sight it's

1767

01:01:25,430 --> 01:01:24,319

fantastic yeah it's it's on sale in the

1768

01:01:28,470 --> 01:01:25,440

uk i think from

1769

01:01:29,109 --> 01:01:28,480

august the 15th the print copy uh yeah

1770

01:01:30,710 --> 01:01:29,119

and it's a

1771

01:01:32,390 --> 01:01:30,720

little bit delayed in the us apparently

1772

01:01:33,109 --> 01:01:32,400

it's not coming out in the u.s until

1773

01:01:36,230 --> 01:01:33,119

october

1774

01:01:37,510 --> 01:01:36,240

but um it will get there eventually on

1775

01:01:39,510 --> 01:01:37,520

time it will but it is

1776

01:01:41,109 --> 01:01:39,520

available on kindle and i think audible

1777

01:01:42,470 --> 01:01:41,119

have got the audio book already and i've

1778

01:01:43,990 --> 01:01:42,480

heard a lot of praise about the fact

1779

01:01:45,349 --> 01:01:44,000

that you actually narrate it yourself

1780

01:01:47,190 --> 01:01:45,359

ross which i think

1781

01:01:48,950 --> 01:01:47,200

i was i was really worried my aussie

1782

01:01:50,630 --> 01:01:48,960

imitations of american accents were

1783

01:01:51,990 --> 01:01:50,640

going to get me made a very unpopular

1784

01:01:53,910 --> 01:01:52,000

person i wouldn't be allowed back into

1785

01:01:55,589 --> 01:01:53,920

the states next time i go but uh no i've

1786

01:01:56,870 --> 01:01:55,599

had nothing but good things

1787

01:01:58,630 --> 01:01:56,880

a lot of people have told me they

1788

01:01:59,109 --> 01:01:58,640

particularly loved my imitation of tom

1789

01:02:02,390 --> 01:01:59,119

de long

1790

01:02:04,950 --> 01:02:02,400

i just hope tom forgives me that's all

1791

01:02:05,670 --> 01:02:04,960

i'm sure he will it's quite forgiving

1792

01:02:08,470 --> 01:02:05,680

but uh

1793

01:02:09,349 --> 01:02:08,480

yeah thank you so much ross again and uh

1794

01:02:10,710 --> 01:02:09,359

we will uh

1795

01:02:11,990 --> 01:02:10,720

keep our eyes on all the work that

1796

01:02:13,510 --> 01:02:12,000

you've been doing you know and you're

1797

01:02:15,109 --> 01:02:13,520

gonna gonna be doing coming up in the

1798

01:02:16,150 --> 01:02:15,119

future and like i said i'd love to speak

1799

01:02:18,390 --> 01:02:16,160

to you again

1800

01:02:19,910 --> 01:02:18,400

uh you know in a few months time any

1801

01:02:21,190 --> 01:02:19,920

time vinnie good to talk to you and good

1802

01:02:22,549 --> 01:02:21,200

to talk to your listeners

1803

01:02:25,190 --> 01:02:22,559

thank you and thank you everyone for

1804

01:02:27,190 --> 01:02:25,200

watching and the continued support it's
