**TEAM**

Gary Voorhis & Jason Turner Interview

'USS Princeton & UAPX'

Live on YouTube

Friday August 13th

11am PST/2pm EST/7pm UK

1  
00:00:01,380 --> 00:00:25,990

[Music]

2  
00:00:32,310 --> 00:00:29,589

hello hello hello everybody welcome to

3  
00:00:34,069 --> 00:00:32,320

disclosure team youtube channel thank

4  
00:00:36,150 --> 00:00:34,079

you for joining me i'm really looking

5  
00:00:37,590 --> 00:00:36,160

forward to this conversation

6  
00:00:41,350 --> 00:00:37,600

we're going to be joined by mr gary

7  
00:00:43,510 --> 00:00:41,360

voorhees jr and mr jason turner

8  
00:00:46,310 --> 00:00:43,520

so without further ado guys i'm going to

9  
00:00:48,310 --> 00:00:46,320

introduce our first guest

10  
00:00:50,549 --> 00:00:48,320

mr jason turner how are you my friend

11  
00:00:51,910 --> 00:00:50,559

good good how are you yeah i'm real good

12  
00:00:54,310 --> 00:00:51,920

man

13  
00:00:56,069 --> 00:00:54,320

so uh gary's yet to to jump in that's

14

00:00:57,750 --> 00:00:56,079

all good

15

00:01:00,950 --> 00:00:57,760

so listen how's your day going so far my

16

00:01:03,910 --> 00:01:00,960

man good man good happy to be here

17

00:01:07,750 --> 00:01:03,920

good man it's appreciated very much so

18

00:01:09,510 --> 00:01:07,760

so uh yeah where do we start man i mean

19

00:01:11,190 --> 00:01:09,520

why don't we just uh do you want to go

20

00:01:13,270 --> 00:01:11,200

back to the start right now

21

00:01:16,390 --> 00:01:13,280

i mean let's go let's do it tell me

22

00:01:18,230 --> 00:01:16,400

about your life early days

23

00:01:21,270 --> 00:01:18,240

uh back before the military and i was

24

00:01:23,830 --> 00:01:21,280

like yeah lowly little kid man and

25

00:01:24,870 --> 00:01:23,840

grew up west of atlanta and uh in

26

00:01:26,550 --> 00:01:24,880

georgia

27

00:01:29,190 --> 00:01:26,560

for you guys over there

28

00:01:31,830 --> 00:01:29,200

that's about 20 minutes west of atlanta

29

00:01:34,230 --> 00:01:31,840

grew up kind of poor kind of

30

00:01:36,069 --> 00:01:34,240

like a lot of us but uh yeah i decided

31

00:01:38,310 --> 00:01:36,079

one day after

32

00:01:39,830 --> 00:01:38,320

you know um

33

00:01:41,030 --> 00:01:39,840

i needed a change in my life so i

34

00:01:43,190 --> 00:01:41,040

decided to not you know join the

35

00:01:44,870 --> 00:01:43,200

military i was going to join the army

36

00:01:46,789 --> 00:01:44,880

but then i'm like

37

00:01:48,870 --> 00:01:46,799

i don't know about the army let's not do

38

00:01:50,630 --> 00:01:48,880

anything so i went to the navy

39

00:01:53,109 --> 00:01:50,640

recruiter's office and

40

00:01:55,350 --> 00:01:53,119

took the asvab the test to get in and

41

00:01:57,670 --> 00:01:55,360

yeah

42

00:01:58,709 --> 00:01:57,680

may of 2001 i've shipped off to boot

43

00:02:00,310 --> 00:01:58,719

camp

44

00:02:02,789 --> 00:02:00,320

wow so it's like right before september

45

00:02:06,149 --> 00:02:04,709

and was that was there any like family

46

00:02:07,830 --> 00:02:06,159

history of military service and things

47

00:02:10,949 --> 00:02:07,840

like that you know my grandpa and my

48

00:02:12,390 --> 00:02:10,959

uncle they were air force army right

49

00:02:16,150 --> 00:02:12,400

they really didn't it didn't play much

50

00:02:17,990 --> 00:02:16,160

of a of a role right yeah in my life

51  
00:02:19,830 --> 00:02:18,000  
as far as you know like i've got to keep

52  
00:02:21,110 --> 00:02:19,840  
this tradition yeah that's why i'm sort

53  
00:02:23,030 --> 00:02:21,120  
of getting that because a lot of people

54  
00:02:25,270 --> 00:02:23,040  
they do have that generational thing

55  
00:02:27,990 --> 00:02:25,280  
where father did it grandfather did it

56  
00:02:29,670 --> 00:02:28,000  
so i was just happy to make my my mom my

57  
00:02:32,630 --> 00:02:29,680  
grand my gran especially my grandmother

58  
00:02:34,790 --> 00:02:32,640  
happy yeah you know because

59  
00:02:37,670 --> 00:02:34,800  
you know seeing her smile was a was a

60  
00:02:40,390 --> 00:02:37,680  
good thing yeah absolutely

61  
00:02:44,390 --> 00:02:40,400  
so yeah i joined i joined in may of 2001

62  
00:02:46,470 --> 00:02:44,400  
i graduated in july of 2001 and

63  
00:02:48,150 --> 00:02:46,480

went to uh a school which is like your

64

00:02:49,509 --> 00:02:48,160

special day school

65

00:02:50,869 --> 00:02:49,519

okay

66

00:02:52,390 --> 00:02:50,879

so like

67

00:02:54,309 --> 00:02:52,400

you're saying you did the first initials

68

00:02:56,309 --> 00:02:54,319

like tests and stuff but then

69

00:02:58,790 --> 00:02:56,319

when you do the specialist areas do you

70

00:03:00,390 --> 00:02:58,800

go through really rigorous testing where

71

00:03:02,630 --> 00:03:00,400

a lot of people don't make it and things

72

00:03:04,790 --> 00:03:02,640

like that no i mean it's just like your

73

00:03:06,710 --> 00:03:04,800

basic job training you know unless

74

00:03:08,470 --> 00:03:06,720

you're unless you're specialized in like

75

00:03:09,990 --> 00:03:08,480

you know seal training and stuff like

76  
00:03:13,110 --> 00:03:10,000  
that where a lot of people won't make it

77  
00:03:15,430 --> 00:03:13,120  
they 90 80 85

78  
00:03:17,350 --> 00:03:15,440  
drop out but nothing like nah that's not

79  
00:03:18,210 --> 00:03:17,360  
me

80  
00:03:20,390 --> 00:03:18,220  
i don't like running

81  
00:03:22,229 --> 00:03:20,400  
[Laughter]

82  
00:03:23,270 --> 00:03:22,239  
so did you still have a specialty within

83  
00:03:25,190 --> 00:03:23,280  
your

84  
00:03:26,149 --> 00:03:25,200  
area when you know when you started

85  
00:03:27,990 --> 00:03:26,159  
going

86  
00:03:30,710 --> 00:03:28,000  
initially um you go through what they

87  
00:03:33,430 --> 00:03:30,720  
call a school which is like a um

88  
00:03:34,949 --> 00:03:33,440

it's a job specialty so like um you know

89

00:03:37,589 --> 00:03:34,959

gary was a

90

00:03:39,430 --> 00:03:37,599

fire control man i was a logistics guy

91

00:03:40,390 --> 00:03:39,440

so we go to our individual schools it's

92

00:03:42,789 --> 00:03:40,400

usually

93

00:03:44,630 --> 00:03:42,799

three to six months

94

00:03:46,869 --> 00:03:44,640

and then you get your orders to wherever

95

00:03:49,110 --> 00:03:46,879

you're gonna go

96

00:03:51,750 --> 00:03:49,120

oh that's cool nice background vinnie is

97

00:03:52,630 --> 00:03:51,760

it the right ship i don't know jason

98

00:03:53,670 --> 00:03:52,640

is that

99

00:03:55,270 --> 00:03:53,680

i don't know if you can't see the front

100

00:03:56,550 --> 00:03:55,280

of it

101  
00:03:58,070 --> 00:03:56,560  
oh wrong way

102  
00:04:00,550 --> 00:03:58,080  
i'm still can't sit now i can't see the

103  
00:04:01,990 --> 00:04:00,560  
numbers they're uh they're underwater it

104  
00:04:04,149 --> 00:04:02,000  
looks like i mean

105  
00:04:05,589 --> 00:04:04,159  
i didn't do my research all the cruisers

106  
00:04:06,309 --> 00:04:05,599  
look the same

107  
00:04:07,910 --> 00:04:06,319  
no

108  
00:04:10,390 --> 00:04:07,920  
it's a ticonderoga ship so yeah it's

109  
00:04:11,750 --> 00:04:10,400  
kind of the same okay cool

110  
00:04:12,789 --> 00:04:11,760  
they are the same they're the same

111  
00:04:14,949 --> 00:04:12,799  
platform

112  
00:04:17,030 --> 00:04:14,959  
yeah so pretty much got the same system

113  
00:04:19,110 --> 00:04:17,040

on them as well yeah pretty much

114

00:04:20,229 --> 00:04:19,120

um there's minor differences between all

115

00:04:21,749 --> 00:04:20,239

of the ships

116

00:04:22,710 --> 00:04:21,759

depending on where they're at and what

117

00:04:24,629 --> 00:04:22,720

you know

118

00:04:26,070 --> 00:04:24,639

what they're responsible for within the

119

00:04:28,070 --> 00:04:26,080

certain battle group that they're in

120

00:04:29,590 --> 00:04:28,080

yeah but most of them like you can see

121

00:04:32,390 --> 00:04:29,600

on that one it's got

122

00:04:35,350 --> 00:04:32,400

pretty much the same systems on it

123

00:04:37,510 --> 00:04:35,360

yeah i see i chose this because of the

124

00:04:39,270 --> 00:04:37,520

keep moving the wrong way it's mirrored

125

00:04:40,150 --> 00:04:39,280

i found this awesome this bit where it's

126

00:04:43,270 --> 00:04:40,160

like

127

00:04:45,270 --> 00:04:43,280

were off the coast of africa

128

00:04:47,110 --> 00:04:45,280

like we were hitting 45-foot swells

129

00:04:48,790 --> 00:04:47,120

there it was crazy

130

00:04:50,230 --> 00:04:48,800

did you ever get like in in the early

131

00:04:51,990 --> 00:04:50,240

days did you ever like get seasick or

132

00:04:53,590 --> 00:04:52,000

anything like that i did i was you know

133

00:04:55,350 --> 00:04:53,600

the first time we ever got underway man

134

00:04:59,590 --> 00:04:55,360

i was

135

00:05:01,029 --> 00:04:59,600

and they'd pull they pull you know the

136

00:05:02,629 --> 00:05:01,039

tugs they'll come upside us and they

137

00:05:04,390 --> 00:05:02,639

pull the ship off the pier and then pull

138

00:05:05,830 --> 00:05:04,400

us out well i'm sitting there and i've

139

00:05:07,189 --> 00:05:05,840

been on the ship for a couple months and

140

00:05:09,350 --> 00:05:07,199

we hadn't been underway so i've never

141

00:05:14,550 --> 00:05:09,360

been underway and all of a sudden it's

142

00:05:16,950 --> 00:05:15,830

what the heck just happened you know it

143

00:05:22,950 --> 00:05:16,960

was

144

00:05:24,950 --> 00:05:22,960

got sick i never got seasick right i

145

00:05:27,510 --> 00:05:24,960

wanted to but i you know like i wanted

146

00:05:29,670 --> 00:05:27,520

to i felt that way but i never really i

147

00:05:31,189 --> 00:05:29,680

got my sea legs pretty quickly and

148

00:05:32,629 --> 00:05:31,199

you know even when we were hitting the

149

00:05:33,749 --> 00:05:32,639

big swells it was

150

00:05:35,510 --> 00:05:33,759

you know we had just come out of the

151

00:05:37,110 --> 00:05:35,520

gulf in 2003

152

00:05:39,990 --> 00:05:37,120

and we had to sit off the coast of

153

00:05:41,430 --> 00:05:40,000

africa and it was like

154

00:05:42,629 --> 00:05:41,440

that day

155

00:05:44,230 --> 00:05:42,639

when we were going down we knew we were

156

00:05:45,749 --> 00:05:44,240

going to hit some weather

157

00:05:47,990 --> 00:05:45,759

right and then uh

158

00:05:49,909 --> 00:05:48,000

about three o'clock in the morning

159

00:05:52,070 --> 00:05:49,919

and i'd put the seat belts up on my on

160

00:05:53,270 --> 00:05:52,080

my rack and about three o'clock in the

161

00:05:54,950 --> 00:05:53,280

morning

162

00:05:56,469 --> 00:05:54,960

you roll out of your rack trying to

163

00:05:57,430 --> 00:05:56,479

because you're you know the ship starts

164

00:05:59,830 --> 00:05:57,440

taking on

165

00:06:00,870 --> 00:05:59,840

swells and it it was freaky being woke

166

00:06:02,790 --> 00:06:00,880

up in the middle of the night being

167

00:06:05,189 --> 00:06:02,800

slung out of your bed and

168

00:06:06,790 --> 00:06:05,199

that's crazy so what where are some of

169

00:06:08,230 --> 00:06:06,800

your like or what was your first

170

00:06:09,670 --> 00:06:08,240

deployment and mission where you left

171

00:06:11,830 --> 00:06:09,680

you actually left the states and was

172

00:06:14,629 --> 00:06:11,840

going out into see the world you know

173

00:06:16,070 --> 00:06:14,639

that was it that was in 2003 um we left

174

00:06:19,590 --> 00:06:16,080

on march 3rd

175

00:06:21,029 --> 00:06:19,600

of 2003 um right before

176

00:06:22,390 --> 00:06:21,039

the war started

177

00:06:24,550 --> 00:06:22,400

right so it was i think it started on

178

00:06:29,189 --> 00:06:24,560

the 20

179

00:06:30,230 --> 00:06:29,199

were on our way there

180

00:06:31,670 --> 00:06:30,240

um

181

00:06:34,629 --> 00:06:31,680

it was nice we got some hawaii for a

182

00:06:36,790 --> 00:06:34,639

couple of days and oh nice yeah

183

00:06:38,309 --> 00:06:36,800

but yeah we uh

184

00:06:40,309 --> 00:06:38,319

that was our first appointment we we

185

00:06:41,590 --> 00:06:40,319

were deployed until

186

00:06:43,270 --> 00:06:41,600

november 5th

187

00:06:44,950 --> 00:06:43,280

of 2003

188

00:06:46,710 --> 00:06:44,960

so it was a pretty long deployment for

189

00:06:48,230 --> 00:06:46,720

my first one especially on a ship you

190

00:06:49,270 --> 00:06:48,240

know it's like because you're only 55

191

00:06:52,309 --> 00:06:49,280

feet wide

192

00:06:53,350 --> 00:06:52,319

567 feet long and 400 people on that

193

00:06:56,309 --> 00:06:53,360

ship

194

00:06:57,990 --> 00:06:56,319

it it becomes very small very quickly

195

00:06:59,430 --> 00:06:58,000

yeah i can imagine man and we were

196

00:07:00,230 --> 00:06:59,440

always traveling in battle groups as

197

00:07:03,029 --> 00:07:00,240

well

198

00:07:05,270 --> 00:07:03,039

yeah um when we're deployed we are we're

199

00:07:07,430 --> 00:07:05,280

all kind of traveling together

200

00:07:09,909 --> 00:07:07,440

um but anywhere the nimitz would go we

201  
00:07:12,469 --> 00:07:09,919  
would go so that was always the you were

202  
00:07:14,629 --> 00:07:12,479  
always part of that battlegroup yes

203  
00:07:17,270 --> 00:07:14,639  
yeah we um like when we were going into

204  
00:07:20,469 --> 00:07:17,280  
the gulf we would lead the nimitz

205  
00:07:22,070 --> 00:07:20,479  
and the uh the supply ship

206  
00:07:23,350 --> 00:07:22,080  
they were in line with us and then

207  
00:07:25,189 --> 00:07:23,360  
coming out it would be the same way i

208  
00:07:27,029 --> 00:07:25,199  
got a few pictures on my facebook page

209  
00:07:28,469 --> 00:07:27,039  
that i saved from it but you know you

210  
00:07:30,790 --> 00:07:28,479  
can actually see the nimitz behind us

211  
00:07:33,110 --> 00:07:30,800  
and then the bridge us it was the uss

212  
00:07:34,790 --> 00:07:33,120  
bridges down but

213  
00:07:36,150 --> 00:07:34,800

coming out of the gulf

214

00:07:38,230 --> 00:07:36,160

that was actually when we were going off

215

00:07:41,189 --> 00:07:38,240

the uh the coast of africa the horn of

216

00:07:43,110 --> 00:07:41,199

africa right did you come across any

217

00:07:44,550 --> 00:07:43,120

troubles or issues with any piracy or

218

00:07:47,589 --> 00:07:44,560

anything like that we never really saw

219

00:07:51,270 --> 00:07:47,599

piracy um we did have a couple incidents

220

00:07:55,189 --> 00:07:53,749

nothing major um it was a show of force

221

00:07:56,390 --> 00:07:55,199

that we did and then

222

00:07:59,029 --> 00:07:56,400

they moved on

223

00:08:01,670 --> 00:07:59,039

quickly i can imagine seeing yeah

224

00:08:03,270 --> 00:08:01,680

however many cruisers and carriers come

225

00:08:04,869 --> 00:08:03,280

in okay hey

226

00:08:08,070 --> 00:08:04,879

hey how's it going

227

00:08:11,990 --> 00:08:10,070

but yeah it was it was it was cool you

228

00:08:14,230 --> 00:08:12,000

know we didn't you know we got to work

229

00:08:16,550 --> 00:08:14,240

with it was some australians i think

230

00:08:19,589 --> 00:08:16,560

that the australian navy was there in

231

00:08:21,270 --> 00:08:19,599

2003 when we were there and they kind of

232

00:08:22,869 --> 00:08:21,280

cross-decked with us

233

00:08:24,869 --> 00:08:22,879

they said

234

00:08:26,309 --> 00:08:24,879

we sent some of our people over so were

235

00:08:28,230 --> 00:08:26,319

they in the battle group with you with

236

00:08:30,469 --> 00:08:28,240

their ships no they were working up in

237

00:08:32,469 --> 00:08:30,479

the northern arabian gulf right okay

238

00:08:34,149 --> 00:08:32,479

they were already up there okay and they

239

00:08:36,469 --> 00:08:34,159

do a lot of patrols and stuff up there

240

00:08:38,550 --> 00:08:36,479

so then we when we send our vbss team

241

00:08:40,870 --> 00:08:38,560

out there they're doing the same thing

242

00:08:42,949 --> 00:08:40,880

and they they they're kind of

243

00:08:46,389 --> 00:08:42,959

overseeing that operation and we just

244

00:08:48,310 --> 00:08:46,399

kind of follow their lead then

245

00:08:49,990 --> 00:08:48,320

so what was your

246

00:08:51,750 --> 00:08:50,000

you know i guess you come across the

247

00:08:53,269 --> 00:08:51,760

ocean from the states and you're hitting

248

00:08:54,790 --> 00:08:53,279

i don't know the africa and did you

249

00:08:57,110 --> 00:08:54,800

start initially when you started seeing

250

00:08:59,110 --> 00:08:57,120

land did you just see all these new

251  
00:09:01,269 --> 00:08:59,120  
places that just you know how did that

252  
00:09:02,710 --> 00:09:01,279  
feel when you realized

253  
00:09:04,630 --> 00:09:02,720  
gary and i were just talking about that

254  
00:09:06,070 --> 00:09:04,640  
the other day like the ports we went to

255  
00:09:07,190 --> 00:09:06,080  
the very first port we went to was

256  
00:09:08,389 --> 00:09:07,200  
bahrain

257  
00:09:12,070 --> 00:09:08,399  
right so that was the first time i'd

258  
00:09:17,590 --> 00:09:14,470  
a middle eastern country well any other

259  
00:09:19,030 --> 00:09:17,600  
country besides america yeah and tijuana

260  
00:09:19,990 --> 00:09:19,040  
mexico but

261  
00:09:22,550 --> 00:09:20,000  
um

262  
00:09:24,710 --> 00:09:22,560  
you know and we got to go to dubai

263  
00:09:28,070 --> 00:09:24,720

um we went there twice

264

00:09:30,710 --> 00:09:28,080

and bahrain i think three times

265

00:09:32,550 --> 00:09:30,720

and then uh

266

00:09:35,030 --> 00:09:32,560

thailand

267

00:09:36,550 --> 00:09:35,040

wow in singapore

268

00:09:38,230 --> 00:09:36,560

i think that yeah that was all we did on

269

00:09:39,110 --> 00:09:38,240

that on that deployment but we went to

270

00:09:41,750 --> 00:09:39,120

like

271

00:09:44,870 --> 00:09:41,760

singapore twice

272

00:09:46,550 --> 00:09:44,880

dubai twice bahrain three times

273

00:09:48,630 --> 00:09:46,560

it's crazy man how many

274

00:09:50,949 --> 00:09:48,640

places you hit australia on the way home

275

00:09:52,710 --> 00:09:50,959

no they closed they they stopped us from

276

00:09:55,190 --> 00:09:52,720

going there remember oh that must have

277

00:09:58,310 --> 00:09:55,200

been the deployment beforehand sorry you

278

00:10:01,750 --> 00:09:59,910

and you get downtime in these ports

279

00:10:04,069 --> 00:10:01,760

where you can go off ship and enjoy

280

00:10:05,509 --> 00:10:04,079

yourselves a bit you know let loose yeah

281

00:10:06,949 --> 00:10:05,519

unless it's a working port like the

282

00:10:08,310 --> 00:10:06,959

first time we went to bahrain it was a

283

00:10:09,990 --> 00:10:08,320

working port so we didn't really get to

284

00:10:12,150 --> 00:10:10,000

do anything we could go to the dome the

285

00:10:13,750 --> 00:10:12,160

desert dome there and have a beer but

286

00:10:15,509 --> 00:10:13,760

okay that was over with you come back

287

00:10:17,269 --> 00:10:15,519

yeah we had just we had just got

288

00:10:19,269 --> 00:10:17,279

finished literally

289

00:10:21,750 --> 00:10:19,279

offloading every single

290

00:10:23,350 --> 00:10:21,760

tomahawk missile we had at afghanistan

291

00:10:25,350 --> 00:10:23,360

at that point and we were actually

292

00:10:27,190 --> 00:10:25,360

reloading

293

00:10:29,030 --> 00:10:27,200

wow

294

00:10:31,910 --> 00:10:29,040

that's crazy so what what so you were

295

00:10:35,269 --> 00:10:31,920

picking stuff up as well as dropping off

296

00:10:39,750 --> 00:10:35,279

yeah yeah drop off uh drop off mail pick

297

00:10:44,230 --> 00:10:42,150

wow that's incredible so gary thank you

298

00:10:46,470 --> 00:10:44,240

for joining me my friend it's really

299

00:10:48,310 --> 00:10:46,480

appreciated we it

300

00:10:49,190 --> 00:10:48,320

sorry my little late drop my daughter

301

00:10:51,030 --> 00:10:49,200

off

302

00:10:53,190 --> 00:10:51,040

we know how that goes bro it's all good

303

00:10:56,389 --> 00:10:53,200

man oh hey gary check it check his hat

304

00:10:56,399 --> 00:11:01,670

was that uss princeton yeah

305

00:11:07,829 --> 00:11:05,590

yeah i got i got three hats in my closet

306

00:11:09,590 --> 00:11:07,839

i got my i got my patch and

307

00:11:11,750 --> 00:11:09,600

and then uh

308

00:11:13,190 --> 00:11:11,760

i lost my zippo i don't know what the

309

00:11:14,790 --> 00:11:13,200

hell happened to that oh i've got mine

310

00:11:16,470 --> 00:11:14,800

i've got i've got one that's engraved

311

00:11:18,310 --> 00:11:16,480

and everything from our deployment yeah

312

00:11:19,590 --> 00:11:18,320

nice man yeah i'm a little bit of a

313

00:11:21,829 --> 00:11:19,600

collector gary i like to get a little

314

00:11:23,269 --> 00:11:21,839

bit of merch you know then products and

315

00:11:24,790 --> 00:11:23,279

stuff that relates to the things that

316

00:11:27,509 --> 00:11:24,800

i'm interested in so

317

00:11:29,269 --> 00:11:27,519

purely out of respect nowhere

318

00:11:30,949 --> 00:11:29,279

i don't want to you know annoy people

319

00:11:32,630 --> 00:11:30,959

trying to think i'm not dude you wear

320

00:11:34,069 --> 00:11:32,640

whatever you want to wear

321

00:11:35,670 --> 00:11:34,079

yeah no

322

00:11:38,389 --> 00:11:35,680

as long as it says you know it doesn't

323

00:11:40,150 --> 00:11:38,399

say uh you know i was a uss princeton

324

00:11:43,190 --> 00:11:40,160

sailor or you know you're not you're not

325

00:11:44,870 --> 00:11:43,200

claiming to be a seal or

326

00:11:47,750 --> 00:11:44,880

no fake false valor or whatever they

327

00:11:50,150 --> 00:11:47,760

call it yeah oh yeah i'll [\h\_\_\h] somebody

328

00:11:51,750 --> 00:11:50,160

up on that hey man i i used to watch all

329

00:11:53,750 --> 00:11:51,760

those youtube videos of that stuff man

330

00:11:55,910 --> 00:11:53,760

that's insane why people do that stuff

331

00:11:57,829 --> 00:11:55,920

but hey let's not go there that's crazy

332

00:12:00,230 --> 00:11:57,839

well i think i think i think part of

333

00:12:02,550 --> 00:12:00,240

it's just mental he's going there

334

00:12:05,269 --> 00:12:02,560

no no you're right it is it's sunk this

335

00:12:07,030 --> 00:12:05,279

weird need of acknowledgement or just i

336

00:12:09,190 --> 00:12:07,040

don't know man well the ones that aren't

337

00:12:11,269 --> 00:12:09,200

like you know slow

338

00:12:13,269 --> 00:12:11,279

because i've i've seen some guy a lot of

339

00:12:15,590 --> 00:12:13,279

them where they're just kind of they're

340

00:12:17,670 --> 00:12:15,600

just not all there yeah they live they

341

00:12:20,150 --> 00:12:17,680

literally made up this persona in their

342

00:12:21,430 --> 00:12:20,160

head and that you know they to them it

343

00:12:22,829 --> 00:12:21,440

is true

344

00:12:27,670 --> 00:12:22,839

yeah

345

00:12:28,550 --> 00:12:27,680

them have it though i mean as long as

346

00:12:29,509 --> 00:12:28,560

they're not

347

00:12:30,790 --> 00:12:29,519

anyway

348

00:12:33,350 --> 00:12:30,800

well

349

00:12:35,190 --> 00:12:33,360

to a point yeah yeah

350

00:12:36,870 --> 00:12:35,200

so gary we just spoke with jason about

351  
00:12:38,550 --> 00:12:36,880  
kind of him

352  
00:12:40,790 --> 00:12:38,560  
going into the military and stuff do you

353  
00:12:42,470 --> 00:12:40,800  
mind talking about what you know your

354  
00:12:45,590 --> 00:12:42,480  
life was just before and what brought

355  
00:12:46,870 --> 00:12:45,600  
you to joining the navy and stuff

356  
00:12:48,230 --> 00:12:46,880  
well

357  
00:12:50,470 --> 00:12:48,240  
just like now i don't know what i want

358  
00:12:54,230 --> 00:12:50,480  
to be when i grow up

359  
00:12:56,310 --> 00:12:54,240  
you know uh i you know

360  
00:12:58,710 --> 00:12:56,320  
finished part of college

361  
00:13:00,710 --> 00:12:58,720  
didn't know what i wanted to do

362  
00:13:02,470 --> 00:13:00,720  
had no more money didn't want to go

363  
00:13:05,750 --> 00:13:02,480

didn't want to stay at home

364

00:13:07,990 --> 00:13:05,760

yeah um so uh

365

00:13:11,190 --> 00:13:08,000

contrary to what everybody thought i i

366

00:13:13,590 --> 00:13:11,200

joined the military i mean honestly i i

367

00:13:15,190 --> 00:13:13,600

everybody was like you did what

368

00:13:17,670 --> 00:13:15,200

yeah i was i was like the last person

369

00:13:20,470 --> 00:13:17,680

everybody expected to join the military

370

00:13:22,949 --> 00:13:20,480

um but it ended up being a good fit i i

371

00:13:25,190 --> 00:13:22,959

didn't have uh i mean i had my issues

372

00:13:26,710 --> 00:13:25,200

but we all do you know i mean absolutely

373

00:13:27,990 --> 00:13:26,720

it's it's there's a reason why they call

374

00:13:29,430 --> 00:13:28,000

they got a saying in the military

375

00:13:30,550 --> 00:13:29,440

embrace the suck

376

00:13:32,389 --> 00:13:30,560

um

377

00:13:33,670 --> 00:13:32,399

or uh fubar

378

00:13:34,710 --> 00:13:33,680

so

379

00:13:36,790 --> 00:13:34,720

you know

380

00:13:39,430 --> 00:13:36,800

it's but in the same respect you you

381

00:13:41,590 --> 00:13:39,440

develop skill sets regardless of your

382

00:13:42,790 --> 00:13:41,600

rate regardless of your job

383

00:13:44,629 --> 00:13:42,800

you

384

00:13:46,230 --> 00:13:44,639

develop interpersonal relationship

385

00:13:47,350 --> 00:13:46,240

skills with people

386

00:13:49,670 --> 00:13:47,360

yeah

387

00:13:51,110 --> 00:13:49,680

go lay down liam

388

00:13:53,829 --> 00:13:51,120

um

389

00:13:55,030 --> 00:13:53,839

and you are able to

390

00:13:57,590 --> 00:13:55,040

make a

391

00:14:01,670 --> 00:13:57,600

bond with people there

392

00:14:04,760 --> 00:14:01,680

leon it's just the chickens lay down

393

00:14:04,770 --> 00:14:07,910

[Music]

394

00:14:11,430 --> 00:14:09,590

it's all good man i don't mind it's all

395

00:14:17,590 --> 00:14:11,440

it's cool

396

00:14:21,590 --> 00:14:19,829

so did you guys meet early on in like

397

00:14:22,949 --> 00:14:21,600

the first deployment or did you get your

398

00:14:25,910 --> 00:14:22,959

guy did you come on ship at different

399

00:14:28,069 --> 00:14:25,920

time or um i think i think gary got

400

00:14:29,269 --> 00:14:28,079

there a little bit before i did

401  
00:14:31,350 --> 00:14:29,279  
and then uh because i got there in

402  
00:14:32,389 --> 00:14:31,360  
january of 2002 right right after they

403  
00:14:34,470 --> 00:14:32,399  
got back

404  
00:14:36,389 --> 00:14:34,480  
oh okay so he'd been on one deployment

405  
00:14:39,990 --> 00:14:36,399  
before you i don't know gary when did

406  
00:14:43,189 --> 00:14:41,829  
i got there in

407  
00:14:45,269 --> 00:14:43,199  
o2

408  
00:14:47,509 --> 00:14:45,279  
oh

409  
00:14:49,269 --> 00:14:47,519  
hey at the end of one maybe

410  
00:14:51,269 --> 00:14:49,279  
i think we got there at the same time

411  
00:14:54,550 --> 00:14:51,279  
because i i flew onto the boat during

412  
00:14:57,030 --> 00:14:54,560  
their deployment before the before uh

413  
00:14:59,509 --> 00:14:57,040

like i met them in thailand

414

00:15:01,110 --> 00:14:59,519

oh yeah on there on the deployment prior

415

00:15:02,629 --> 00:15:01,120

to the one that we were on the o3

416

00:15:04,470 --> 00:15:02,639

deployment that we went down together

417

00:15:06,870 --> 00:15:04,480

now that's the old one deployment

418

00:15:08,150 --> 00:15:06,880

yeah so i i always so it would have been

419

00:15:09,910 --> 00:15:08,160

yeah it must've been a one because it

420

00:15:13,189 --> 00:15:09,920

was 99 i went in

421

00:15:15,509 --> 00:15:13,199

and then i went to uh boot camp in san

422

00:15:19,110 --> 00:15:15,519

diego or not in san diego up in uh great

423

00:15:21,110 --> 00:15:19,120

lakes great mistakes uh

424

00:15:23,670 --> 00:15:21,120

and then um

425

00:15:30,150 --> 00:15:27,829

ebo ewe which is a basic electronics and

426

00:15:32,230 --> 00:15:30,160

or what they call nida then but i did

427

00:15:34,150 --> 00:15:32,240

the self-paced course

428

00:15:35,189 --> 00:15:34,160

um i don't know what they had when you

429

00:15:36,870 --> 00:15:35,199

went through

430

00:15:38,829 --> 00:15:36,880

well you you didn't go through the same

431

00:15:41,509 --> 00:15:38,839

rate that i did but

432

00:15:43,590 --> 00:15:41,519

um so we had to go through an entire

433

00:15:45,350 --> 00:15:43,600

electronics course and learn how to

434

00:15:47,030 --> 00:15:45,360

troubleshoot down to the micro miniature

435

00:15:48,230 --> 00:15:47,040

electronics

436

00:15:50,629 --> 00:15:48,240

um

437

00:15:51,350 --> 00:15:50,639

basic rf theory things like that you

438

00:15:53,590 --> 00:15:51,360

know

439

00:15:57,110 --> 00:15:53,600

all these all these things these cats on

440

00:16:00,949 --> 00:15:58,150

but uh

441

00:16:04,150 --> 00:16:00,959

yeah um but then uh then then you got

442

00:16:05,829 --> 00:16:04,160

your a school fire control a school uh

443

00:16:08,470 --> 00:16:05,839

so fire control would be basically

444

00:16:10,629 --> 00:16:08,480

weapon systems so you learn you know you

445

00:16:13,350 --> 00:16:10,639

learn about you know everything from you

446

00:16:15,509 --> 00:16:13,360

know advanced rf theories to

447

00:16:17,829 --> 00:16:15,519

uh you know just a general overview of

448

00:16:19,189 --> 00:16:17,839

all fire control systems in the navy you

449

00:16:21,430 --> 00:16:19,199

know you're not really learning

450

00:16:24,949 --> 00:16:21,440

specifics on any systems yet

451  
00:16:27,509 --> 00:16:24,959  
and then you go to yet another school

452  
00:16:29,749 --> 00:16:27,519  
that is specific just to the system that

453  
00:16:31,829 --> 00:16:29,759  
you are going to be deployed to to

454  
00:16:34,710 --> 00:16:31,839  
maintain and operate and at the time

455  
00:16:36,870 --> 00:16:34,720  
that was the aegis weapon system for me

456  
00:16:39,269 --> 00:16:36,880  
right um so then i went to dulgar and

457  
00:16:41,829 --> 00:16:39,279  
virginia for that and

458  
00:16:43,990 --> 00:16:41,839  
then from there uh i did pretty well in

459  
00:16:45,030 --> 00:16:44,000  
my class so i was able to pick san diego

460  
00:16:46,150 --> 00:16:45,040  
orders

461  
00:16:48,470 --> 00:16:46,160  
right

462  
00:16:52,310 --> 00:16:48,480  
there san diego was kind of like the the

463  
00:16:53,829 --> 00:16:52,320

hot spot like you don't want to go to

464

00:16:55,590 --> 00:16:53,839

you don't want to go to anything on the

465

00:16:57,830 --> 00:16:55,600

on the east coast

466

00:16:59,590 --> 00:16:57,840

because that's where all the brass are

467

00:17:01,430 --> 00:16:59,600

[Laughter]

468

00:17:03,269 --> 00:17:01,440

yeah and you want to you know san diego

469

00:17:06,230 --> 00:17:03,279

is kind of like that uh that too close

470

00:17:07,829 --> 00:17:06,240

to dc man yeah yeah it's it's it's it's

471

00:17:10,710 --> 00:17:07,839

that poor town that everybody you know

472

00:17:12,470 --> 00:17:10,720

it's nice weather it's good duty

473

00:17:14,549 --> 00:17:12,480

you know we didn't realize that our you

474

00:17:15,590 --> 00:17:14,559

know captain was trying for a star and

475

00:17:20,470 --> 00:17:15,600

wanted to

476

00:17:22,150 --> 00:17:20,480

be out to see it for ever

477

00:17:24,069 --> 00:17:22,160

i think in the first year i was on that

478

00:17:25,189 --> 00:17:24,079

ship i was only home like

479

00:17:25,990 --> 00:17:25,199

two months

480

00:17:28,390 --> 00:17:26,000

well

481

00:17:30,789 --> 00:17:28,400

yeah it was this guy was volunteering us

482

00:17:32,710 --> 00:17:30,799

forever every exercise every every

483

00:17:34,630 --> 00:17:32,720

possible thing who was it

484

00:17:36,150 --> 00:17:34,640

um that was right after we got back

485

00:17:37,990 --> 00:17:36,160

course he uh i don't know if you knew

486

00:17:40,470 --> 00:17:38,000

questions oh yeah of course kevin corsi

487

00:17:42,549 --> 00:17:40,480

he was cool man captain course

488

00:17:50,150 --> 00:17:42,559

well dude's nickname was smoking joe

489

00:17:53,909 --> 00:17:52,150

or a junior officer get enough nut to

490

00:17:56,789 --> 00:17:53,919

tell him that he shouldn't be smoking on

491

00:17:58,310 --> 00:17:56,799

oh man it was always it was like

492

00:17:59,990 --> 00:17:58,320

you wanted to be there for that because

493

00:18:00,870 --> 00:18:00,000

they were about to get their ass handed

494

00:18:02,710 --> 00:18:00,880

to them

495

00:18:03,909 --> 00:18:02,720

yeah that's that's his ship he looked

496

00:18:04,789 --> 00:18:03,919

like mario

497

00:18:10,789 --> 00:18:04,799

yeah

498

00:18:13,350 --> 00:18:10,799

he's just like you think old salty dog

499

00:18:15,430 --> 00:18:13,360

that's a sailor that was this guy

500

00:18:17,830 --> 00:18:15,440

and honestly your first captain makes

501

00:18:21,029 --> 00:18:17,840

you or breaks you and

502

00:18:23,350 --> 00:18:21,039

this guy he just uh he really set in

503

00:18:24,950 --> 00:18:23,360

stone what my my naval attitude was

504

00:18:27,750 --> 00:18:24,960

going to be for the rest of my career

505

00:18:30,630 --> 00:18:27,760

yeah then janikowski come in oh this uh

506

00:18:33,430 --> 00:18:30,640

janikowski you know what top-notch

507

00:18:35,669 --> 00:18:33,440

top-notch in everything extremely

508

00:18:38,549 --> 00:18:35,679

intelligent man

509

00:18:41,029 --> 00:18:38,559

was very very motivated in his career uh

510

00:18:43,270 --> 00:18:41,039

which meant a lot of work and a lot of

511

00:18:45,270 --> 00:18:43,280

underway for us you know and so i mean

512

00:18:47,350 --> 00:18:45,280

i'm not busting his chops you play the

513

00:18:49,110 --> 00:18:47,360

game how you got to play the game but

514

00:18:51,270 --> 00:18:49,120

you know i'm not saying i got divorced

515

00:18:53,270 --> 00:18:51,280

because of it but uh

516

00:18:55,990 --> 00:18:53,280

i probably got divorced because

517

00:18:57,430 --> 00:18:56,000

[Music]

518

00:19:01,270 --> 00:18:57,440

she was just kind of a horrible person

519

00:19:02,150 --> 00:19:01,280

anyways so or at least at the time

520

00:19:02,950 --> 00:19:02,160

so

521

00:19:04,310 --> 00:19:02,960

you know we're getting into that

522

00:19:07,029 --> 00:19:04,320

territory now we must be getting you

523

00:19:08,070 --> 00:19:07,039

know 2003 you're doing deployments and

524

00:19:10,470 --> 00:19:08,080

stuff

525

00:19:11,909 --> 00:19:10,480

um

526

00:19:14,070 --> 00:19:11,919

when did you get back and how long

527

00:19:16,710 --> 00:19:14,080

before you went out on the the workups

528

00:19:19,669 --> 00:19:16,720

with the nimitz you know end of 04 was

529

00:19:22,070 --> 00:19:19,679

it a year of workups were how did 2004

530

00:19:23,430 --> 00:19:22,080

start and through the summer before that

531

00:19:24,470 --> 00:19:23,440

you know the time that we all know so

532

00:19:31,350 --> 00:19:24,480

well

533

00:19:33,750 --> 00:19:31,360

and matter of fact

534

00:19:37,909 --> 00:19:33,760

november yeah and ironically right

535

00:19:40,390 --> 00:19:37,919

before on our way back uh blink 182 had

536

00:19:43,430 --> 00:19:40,400

uh done a concert on the nimitz

537

00:19:45,510 --> 00:19:43,440

and i i got i got uh i got passes uh you

538

00:19:47,830 --> 00:19:45,520

know i got the there was a raffle on our

539

00:19:49,830 --> 00:19:47,840

boat for you know to fly over to for the

540

00:19:52,390 --> 00:19:49,840

concert and i wanted wow so i was able

541

00:19:54,230 --> 00:19:52,400

to actually i was there watching tom and

542

00:19:56,390 --> 00:19:54,240

all tom delong and all those guys you

543

00:19:59,029 --> 00:19:56,400

know rock out on a carrier

544

00:20:01,310 --> 00:19:59,039

and then uh you know

545

00:20:02,789 --> 00:20:01,320

then you know a year later

546

00:20:04,630 --> 00:20:02,799

[Music]

547

00:20:08,310 --> 00:20:04,640

that's the crazy powder happens yeah

548

00:20:09,990 --> 00:20:08,320

yeah you know we come into port um

549

00:20:11,990 --> 00:20:10,000

i getting into a little trouble this is

550

00:20:13,909 --> 00:20:12,000

when i was getting divorced

551  
00:20:30,630 --> 00:20:13,919  
uh

552  
00:20:32,630 --> 00:20:30,640  
i did it did get eventually caught but

553  
00:20:33,590 --> 00:20:32,640  
we'll say through uh

554  
00:20:35,750 --> 00:20:33,600  
through the

555  
00:20:37,909 --> 00:20:35,760  
blessings of being the only computer

556  
00:20:39,510 --> 00:20:37,919  
technician on board i i kind of got away

557  
00:20:43,510 --> 00:20:39,520  
with it it got swept under the carpet

558  
00:20:47,590 --> 00:20:43,520  
but i i went ua for 20 days wow and

559  
00:20:49,270 --> 00:20:47,600  
yeah uh ua is uh basically uh a wall

560  
00:20:51,590 --> 00:20:49,280  
yeah the people will know a lot more i

561  
00:20:53,510 --> 00:20:51,600  
was unawful unauthorized

562  
00:20:55,510 --> 00:20:53,520  
yeah

563  
00:20:57,669 --> 00:20:55,520

dirtbag oh dude i was

564

00:20:59,270 --> 00:20:57,679

going going through a divorce man

565

00:21:02,470 --> 00:20:59,280

you know and how else you gonna go beat

566

00:21:04,070 --> 00:21:02,480

the hell out of the dude

567

00:21:05,990 --> 00:21:04,080

good in any ways because he kept running

568

00:21:07,750 --> 00:21:06,000

from me um

569

00:21:09,110 --> 00:21:07,760

i'm sorry do you mind if i just answer

570

00:21:11,029 --> 00:21:09,120

this question if anyone wants to get in

571

00:21:12,789 --> 00:21:11,039

touch with me via email

572

00:21:14,549 --> 00:21:12,799

it's across the bottom of the screen you

573

00:21:16,310 --> 00:21:14,559

can see it there it keeps scrolling so

574

00:21:18,310 --> 00:21:16,320

guys just if you do please send me an

575

00:21:20,470 --> 00:21:18,320

email sorry gary to interrupt carry on

576

00:21:22,470 --> 00:21:20,480

no you don't worry about it man this is

577

00:21:24,950 --> 00:21:22,480

your show you do what you want all about

578

00:21:29,110 --> 00:21:24,960

you guys man it's all about you guys so

579

00:21:35,029 --> 00:21:29,120

uh you know i ironically um

580

00:21:39,590 --> 00:21:36,310

was the person that had to come and

581

00:21:43,750 --> 00:21:41,190

yeah yeah he had to bring he had to

582

00:21:45,110 --> 00:21:43,760

bring me back to the boat because uh

583

00:21:46,789 --> 00:21:45,120

he uh

584

00:21:48,789 --> 00:21:46,799

he was the he was a master at arms at

585

00:21:50,549 --> 00:21:48,799

the time he hadn't made chief yet i

586

00:21:52,950 --> 00:21:50,559

don't think

587

00:21:54,310 --> 00:21:52,960

and uh yeah he had to come drag me back

588

00:21:57,110 --> 00:21:54,320

to the boat

589

00:21:59,669 --> 00:21:57,120

wow yeah so he had to come and find you

590

00:22:00,789 --> 00:21:59,679

as well yeah yeah well i i was already i

591

00:22:03,190 --> 00:22:00,799

had already been

592

00:22:05,110 --> 00:22:03,200

gotten a heads up and okay heading back

593

00:22:06,149 --> 00:22:05,120

down to san diego trying to pretend like

594

00:22:07,909 --> 00:22:06,159

what are you talking about i've been

595

00:22:09,830 --> 00:22:07,919

here the whole time you know

596

00:22:11,350 --> 00:22:09,840

nope wasn't gonna work

597

00:22:13,350 --> 00:22:11,360

but uh

598

00:22:15,110 --> 00:22:13,360

yeah no we all make mistakes i was going

599

00:22:17,830 --> 00:22:15,120

through a lot of emotional

600

00:22:20,630 --> 00:22:17,840

issues with my divorce so i mean

601  
00:22:22,310 --> 00:22:20,640  
young and dumb right absolutely man but

602  
00:22:24,230 --> 00:22:22,320  
uh yeah i thought it was always funny

603  
00:22:25,750 --> 00:22:24,240  
that you know it's like sean was the

604  
00:22:27,750 --> 00:22:25,760  
person that arrested me when i was in

605  
00:22:29,909 --> 00:22:27,760  
the service and then like

606  
00:22:32,310 --> 00:22:29,919  
years you know almost 20 years later you

607  
00:22:34,230 --> 00:22:32,320  
know we were doing a show together in

608  
00:22:36,310 --> 00:22:34,240  
catalina and we're walking the streets

609  
00:22:37,590 --> 00:22:36,320  
at night bullshitting about it and it's

610  
00:22:38,950 --> 00:22:37,600  
like

611  
00:22:41,430 --> 00:22:38,960  
you know it's

612  
00:22:42,230 --> 00:22:41,440  
it's so weird

613  
00:22:43,750 --> 00:22:42,240

yeah

614

00:22:45,510 --> 00:22:43,760

it's funny how things come around and

615

00:22:47,510 --> 00:22:45,520

where we're at now and

616

00:22:49,430 --> 00:22:47,520

yeah it's incredible

617

00:22:50,710 --> 00:22:49,440

so yeah so this is the literally the

618

00:22:52,630 --> 00:22:50,720

year

619

00:22:53,669 --> 00:22:52,640

going through into 04 that all this

620

00:22:55,190 --> 00:22:53,679

happened and

621

00:22:56,390 --> 00:22:55,200

so how did the workups come about when

622

00:22:57,590 --> 00:22:56,400

did you hear about them when did they

623

00:22:59,350 --> 00:22:57,600

start and

624

00:23:01,510 --> 00:22:59,360

you don't really i mean we got a ship's

625

00:23:03,510 --> 00:23:01,520

schedule but you know as you know low

626

00:23:06,070 --> 00:23:03,520

level grunts like us i mean we're just

627

00:23:07,510 --> 00:23:06,080

basically standing by you know it's like

628

00:23:09,750 --> 00:23:07,520

they'll give you a heads up a little bit

629

00:23:11,110 --> 00:23:09,760

ahead of time say all right you know in

630

00:23:13,029 --> 00:23:11,120

december we've got you know we're going

631

00:23:14,310 --> 00:23:13,039

to be out for two and for three you know

632

00:23:15,510 --> 00:23:14,320

they'll give you they'll give you the

633

00:23:17,909 --> 00:23:15,520

whole schedule but you never pay

634

00:23:20,230 --> 00:23:17,919

attention to it you just go day day to

635

00:23:21,590 --> 00:23:20,240

day uh is is it next week we're going

636

00:23:23,350 --> 00:23:21,600

out or is it you know and then you know

637

00:23:25,190 --> 00:23:23,360

i was getting i was like i said i was a

638

00:23:26,149 --> 00:23:25,200

single guy for the first time in years

639

00:23:28,630 --> 00:23:26,159

so i

640

00:23:30,950 --> 00:23:28,640

i uh i honestly was uh

641

00:23:32,390 --> 00:23:30,960

my preparation for deployments were uh

642

00:23:36,310 --> 00:23:32,400

you know going down to mexico to buy

643

00:23:40,870 --> 00:23:38,870

so you know i was it was wasn't quite

644

00:23:42,549 --> 00:23:40,880

the model model sailor all the time but

645

00:23:44,789 --> 00:23:42,559

we'll just say there's enough model

646

00:23:47,350 --> 00:23:44,799

sailors buying that stuff from me to

647

00:23:48,710 --> 00:23:47,360

keep me keep me well well off for a

648

00:23:51,190 --> 00:23:48,720

little while

649

00:23:52,710 --> 00:23:51,200

but uh yeah you always gotta you always

650

00:23:55,350 --> 00:23:52,720

gotta take care of yourself

651  
00:23:57,669 --> 00:23:55,360  
absolutely and uh get that duty-free

652  
00:24:00,230 --> 00:23:57,679  
oh yeah well you can go down to mexico

653  
00:24:02,470 --> 00:24:00,240  
and buy two bottles and two cartons of

654  
00:24:05,110 --> 00:24:02,480  
cigarettes for practically nothing

655  
00:24:07,350 --> 00:24:05,120  
wow and then just basically stock up and

656  
00:24:11,269 --> 00:24:07,360  
sell them for you know eight times that

657  
00:24:16,870 --> 00:24:13,590  
that's crazy man

658  
00:24:19,190 --> 00:24:16,880  
so yeah jason what about you man like

659  
00:24:20,710 --> 00:24:19,200  
you were there how did it feel like

660  
00:24:21,830 --> 00:24:20,720  
through that year for you you know were

661  
00:24:23,830 --> 00:24:21,840  
you

662  
00:24:25,909 --> 00:24:23,840  
doing the similar kind of thing yeah i

663  
00:24:28,310 --> 00:24:25,919

mean that's how that's kind of how gary

664

00:24:29,590 --> 00:24:28,320

and i we

665

00:24:31,430 --> 00:24:29,600

when you're on the smoke back man that's

666

00:24:32,710 --> 00:24:31,440

like where everybody hangs out what do

667

00:24:33,640 --> 00:24:32,720

you think was buying the liquor no just

668

00:24:35,909 --> 00:24:33,650

kidding

669

00:24:39,590 --> 00:24:35,919

[Laughter]

670

00:24:42,149 --> 00:24:39,600

it's life water bro live water

671

00:24:43,990 --> 00:24:42,159

i love it love it yeah but that's the

672

00:24:47,510 --> 00:24:44,000

thing man people don't understand i mean

673

00:24:48,950 --> 00:24:47,520

you know the ship is it it's

674

00:24:50,789 --> 00:24:48,960

if you haven't been there or if you've

675

00:24:53,590 --> 00:24:50,799

been there for the you know one time it

676  
00:24:55,269 --> 00:24:53,600  
seems like a huge huge even the small

677  
00:24:56,950 --> 00:24:55,279  
ships seem big

678  
00:25:00,950 --> 00:24:56,960  
but at the end of the day

679  
00:25:02,870 --> 00:25:00,960  
they're only 55 feet wide 567 feet long

680  
00:25:04,549 --> 00:25:02,880  
and 400 people on there

681  
00:25:05,909 --> 00:25:04,559  
so

682  
00:25:10,149 --> 00:25:05,919  
you're going to get to know people real

683  
00:25:11,510 --> 00:25:10,159  
quick yeah and um you know it

684  
00:25:13,510 --> 00:25:11,520  
we were talking about this the other day

685  
00:25:15,750 --> 00:25:13,520  
like understand like i remember things

686  
00:25:18,070 --> 00:25:15,760  
that were happening to people in other

687  
00:25:19,669 --> 00:25:18,080  
people's divisions at the time like when

688  
00:25:21,350 --> 00:25:19,679

they were making rank or when they were

689

00:25:22,870 --> 00:25:21,360

doing stuff

690

00:25:23,750 --> 00:25:22,880

even though i had nothing to do with

691

00:25:25,430 --> 00:25:23,760

them

692

00:25:27,269 --> 00:25:25,440

but you know that kind of information

693

00:25:29,669 --> 00:25:27,279

just because

694

00:25:33,190 --> 00:25:29,679

you live in this little

695

00:25:37,029 --> 00:25:35,190

it's like a little town but like you're

696

00:25:39,590 --> 00:25:37,039

you're you're in a

697

00:25:41,590 --> 00:25:39,600

everybody's lives in the same trailer

698

00:25:44,549 --> 00:25:41,600

yeah it's it's kind of like when you go

699

00:25:46,070 --> 00:25:44,559

on even a work-up or a deployment

700

00:25:48,149 --> 00:25:46,080

as soon as you step foot on that ship

701  
00:25:50,549 --> 00:25:48,159  
and you leave the pier it's like time

702  
00:25:52,950 --> 00:25:50,559  
stops for you you know like everything

703  
00:25:54,310 --> 00:25:52,960  
is like yeah it's groundhog day every

704  
00:25:56,070 --> 00:25:54,320  
day that you know you're doing the same

705  
00:25:57,510 --> 00:25:56,080  
[h\_\_\h] over and over again you're doing

706  
00:26:01,350 --> 00:25:57,520  
the same maintenance you're talking to

707  
00:26:04,310 --> 00:26:02,230  
yeah

708  
00:26:06,470 --> 00:26:04,320  
slopping down the same food you know

709  
00:26:07,590 --> 00:26:06,480  
complaining about the same things

710  
00:26:11,590 --> 00:26:07,600  
you know

711  
00:26:14,070 --> 00:26:11,600  
entire world changes while you're gone

712  
00:26:16,390 --> 00:26:14,080  
yeah i mean i remember when we got back

713  
00:26:18,230 --> 00:26:16,400

from the o3 deployment uh that's like uh

714

00:26:20,470 --> 00:26:18,240

i think that's when the first iphones

715

00:26:21,350 --> 00:26:20,480

came out or or uh

716

00:26:23,350 --> 00:26:21,360

was it

717

00:26:25,029 --> 00:26:23,360

yes man

718

00:26:28,149 --> 00:26:25,039

iphone is a lot later than that no no

719

00:26:30,950 --> 00:26:28,159

that was the razer the new razer yeah

720

00:26:32,870 --> 00:26:30,960

yeah yeah yeah i was like super excited

721

00:26:34,950 --> 00:26:32,880

about it because i was gonna be missing

722

00:26:38,870 --> 00:26:34,960

you know i wanted to get the titanium

723

00:26:40,230 --> 00:26:38,880

razor and i was like

724

00:26:42,310 --> 00:26:40,240

liam

725

00:26:44,230 --> 00:26:42,320

come on buddy

726

00:26:45,590 --> 00:26:44,240

but uh work with me yeah

727

00:26:47,590 --> 00:26:45,600

yeah

728

00:26:50,789 --> 00:26:47,600

but then but then uh we went into the

729

00:26:52,230 --> 00:26:50,799

workups and you know for a while there

730

00:26:54,390 --> 00:26:52,240

really wasn't anything going on like i

731

00:26:55,990 --> 00:26:54,400

said when you go out you just

732

00:26:57,750 --> 00:26:56,000

routine routine routine you know what

733

00:26:59,990 --> 00:26:57,760

you're supposed to be doing i didn't

734

00:27:03,029 --> 00:27:00,000

have a chief at the time well actually

735

00:27:04,789 --> 00:27:03,039

kirby was there at the time so we had an

736

00:27:06,710 --> 00:27:04,799

acting chief but i didn't have a first

737

00:27:08,789 --> 00:27:06,720

class or anything like that i was the

738

00:27:10,789 --> 00:27:08,799

only computer technician

739

00:27:14,630 --> 00:27:10,799

and then um

740

00:27:15,909 --> 00:27:14,640

we had uh two q70 techs on board two

741

00:27:17,909 --> 00:27:15,919

which were

742

00:27:21,110 --> 00:27:17,919

uh they had just upgraded us before the

743

00:27:22,789 --> 00:27:21,120

03 appoint deployment and uh the new

744

00:27:25,669 --> 00:27:22,799

systems were instead of calling it

745

00:27:27,750 --> 00:27:25,679

computer it was called q70 so that was

746

00:27:29,510 --> 00:27:27,760

the limit i'll be right back yeah the

747

00:27:32,470 --> 00:27:29,520

new bill the new billets were called

748

00:27:33,909 --> 00:27:32,480

that so that's why i was the only pc

749

00:27:35,590 --> 00:27:33,919

technician on board or the computer

750

00:27:38,389 --> 00:27:35,600

technician on board

751

00:27:38,399 --> 00:27:41,909

i can remember

752

00:27:46,710 --> 00:27:44,630

literally being super mad the day that i

753

00:27:49,510 --> 00:27:46,720

first first the very first thing i ever

754

00:27:51,830 --> 00:27:49,520

heard about this entire thing going on

755

00:27:53,990 --> 00:27:51,840

i had had to do a mid-watch which is

756

00:27:55,990 --> 00:27:54,000

where you where you're on from um

757

00:27:57,269 --> 00:27:56,000

midnight till 4am

758

00:28:00,149 --> 00:27:57,279

and then you're supposed to be able to

759

00:28:01,990 --> 00:28:00,159

sleep in until i think it's like nine or

760

00:28:04,230 --> 00:28:02,000

something like that but you're able

761

00:28:05,669 --> 00:28:04,240

you're supposed to be able to sleep in

762

00:28:07,110 --> 00:28:05,679

and uh

763

00:28:09,190 --> 00:28:07,120

the birthing petty officer the guy

764

00:28:11,029 --> 00:28:09,200

that's in charge of you know

765

00:28:12,710 --> 00:28:11,039

keeping birthing clean and stuff like

766

00:28:14,230 --> 00:28:12,720

that it's always a secondary duty so

767

00:28:16,389 --> 00:28:14,240

he's got some other thing that he does

768

00:28:18,710 --> 00:28:16,399

and then this is his secondary duty but

769

00:28:20,630 --> 00:28:18,720

he's like roused me out of my rack and

770

00:28:22,310 --> 00:28:20,640

just drove and he pissed me off but he

771

00:28:23,750 --> 00:28:22,320

was higher ranks i couldn't really say

772

00:28:25,190 --> 00:28:23,760

much to him so

773

00:28:26,389 --> 00:28:25,200

it was like you know what you know i

774

00:28:27,669 --> 00:28:26,399

remember just looking at him right in

775

00:28:30,950 --> 00:28:27,679

his eyes and saying you know you're

776

00:28:33,110 --> 00:28:30,960

[\h\_\_\h] man you're really [\h\_\_\h] up

777

00:28:35,029 --> 00:28:33,120

walking off

778

00:28:36,950 --> 00:28:35,039

and then uh i went up to the smoke break

779

00:28:39,029 --> 00:28:36,960

and uh one of the one of the spy

780

00:28:40,470 --> 00:28:39,039

technicians was like yeah we're probably

781

00:28:42,630 --> 00:28:40,480

gonna have to do some resets later we

782

00:28:44,630 --> 00:28:42,640

got some unknown tracks we wanted to

783

00:28:46,870 --> 00:28:44,640

clear out and you know we weren't really

784

00:28:49,269 --> 00:28:46,880

worried about it yet

785

00:28:50,630 --> 00:28:49,279

and then uh once we did reset everything

786

00:28:52,470 --> 00:28:50,640

that was when things got kind of

787

00:28:53,669 --> 00:28:52,480

interesting because the tracks didn't go

788

00:28:55,990 --> 00:28:53,679

away

789

00:28:58,389 --> 00:28:56,000

and what were these initial tracks

790

00:28:59,350 --> 00:28:58,399

they were slow slow tracks doing 100

791

00:29:01,669 --> 00:28:59,360

knots

792

00:29:04,789 --> 00:29:01,679

heading south coming out of the channel

793

00:29:06,149 --> 00:29:04,799

uh behind cattle between catalina and uh

794

00:29:07,590 --> 00:29:06,159

california

795

00:29:09,830 --> 00:29:07,600

and so you get that channel there

796

00:29:11,909 --> 00:29:09,840

between the island and the mainland and

797

00:29:13,430 --> 00:29:11,919

yeah yeah they're peering coming from

798

00:29:15,750 --> 00:29:13,440

that area and

799

00:29:17,590 --> 00:29:15,760

then they slowly go down towards baja

800

00:29:19,029 --> 00:29:17,600

about 100 knots they weren't really they

801  
00:29:20,950 --> 00:29:19,039  
weren't coming at us or anything like

802  
00:29:22,950 --> 00:29:20,960  
that but they were going crazy keep in

803  
00:29:25,190 --> 00:29:22,960  
mind like during this whole time

804  
00:29:26,549 --> 00:29:25,200  
nobody else on the ship really knew of

805  
00:29:28,870 --> 00:29:26,559  
anything going on

806  
00:29:30,789 --> 00:29:28,880  
so this is from my perspective here it's

807  
00:29:32,789 --> 00:29:30,799  
like nobody and there there wasn't even

808  
00:29:34,070 --> 00:29:32,799  
really talk about it at at this point in

809  
00:29:35,110 --> 00:29:34,080  
time

810  
00:29:35,909 --> 00:29:35,120  
um

811  
00:29:37,510 --> 00:29:35,919  
and

812  
00:29:38,870 --> 00:29:37,520  
we get an altitude as well on those

813  
00:29:44,950 --> 00:29:38,880

readings

814

00:29:48,789 --> 00:29:46,710

i'll be right back hey i'll drop you out

815

00:29:51,350 --> 00:29:48,799

bro no worries okay

816

00:29:53,510 --> 00:29:51,360

um but it was between 20 and 28 000 feet

817

00:29:55,350 --> 00:29:53,520

depending on time day reference the

818

00:29:57,669 --> 00:29:55,360

person i was talking to i wasn't running

819

00:29:59,590 --> 00:29:57,679

the consoles themselves i was in charge

820

00:30:02,630 --> 00:29:59,600

of keeping them up and up and running

821

00:30:05,750 --> 00:30:02,640

but i didn't actually operate them for

822

00:30:07,909 --> 00:30:05,760

uh you know looking at the tracks and

823

00:30:10,470 --> 00:30:07,919

so yeah basically i would just ask them

824

00:30:13,029 --> 00:30:10,480

what the hell they're looking at and uh

825

00:30:15,590 --> 00:30:13,039

they'd explain it to me at the time and

826

00:30:19,350 --> 00:30:16,470

these

827

00:30:20,950 --> 00:30:19,360

you gotta remember a cessna or a balloon

828

00:30:22,549 --> 00:30:20,960

yeah you know like a hot air balloon

829

00:30:25,110 --> 00:30:22,559

they're gonna be around five thousand

830

00:30:27,430 --> 00:30:25,120

six thousand feet at the most

831

00:30:29,990 --> 00:30:27,440

and they're not going to be up at 28 000

832

00:30:32,230 --> 00:30:30,000

feet so the air is very thin up there

833

00:30:33,510 --> 00:30:32,240

it's you know you need certain speed to

834

00:30:35,350 --> 00:30:33,520

maintain

835

00:30:37,269 --> 00:30:35,360

you know

836

00:30:39,190 --> 00:30:37,279

yeah flight

837

00:30:41,350 --> 00:30:39,200

and it's got to be harder to go slow

838

00:30:45,909 --> 00:30:41,360

than it is fast well the less mass the

839

00:30:47,830 --> 00:30:45,919

object it's slower it can go you know so

840

00:30:51,110 --> 00:30:47,840

yeah what the heck are these things and

841

00:30:53,830 --> 00:30:51,120

you're doing 100 knots at 28 000 feet

842

00:30:56,630 --> 00:30:53,840

you know that's crazy yeah i mean it's

843

00:30:57,990 --> 00:30:56,640

as it's it was really odd and i remember

844

00:30:59,750 --> 00:30:58,000

making a comment i'm like what the heck

845

00:31:00,100 --> 00:30:59,760

are these things made out of balsa wood

846

00:31:01,590 --> 00:31:00,110

you know

847

00:31:04,470 --> 00:31:01,600

[Laughter]

848

00:31:06,789 --> 00:31:04,480

you know we got some nutso you know

849

00:31:08,470 --> 00:31:06,799

jetpack guy i guess there's a there's a

850

00:31:10,389 --> 00:31:08,480

guy running around san diego right now

851

00:31:12,389 --> 00:31:10,399

with the jet pack on and they're trying

852

00:31:15,029 --> 00:31:12,399

to they're trying to find him

853

00:31:16,389 --> 00:31:15,039

are they still trying to find him yep i

854

00:31:18,389 --> 00:31:16,399

don't know if they ever caught him but i

855

00:31:19,190 --> 00:31:18,399

remember hearing the story about it uh

856

00:31:20,870 --> 00:31:19,200

but

857

00:31:23,029 --> 00:31:20,880

uh

858

00:31:25,750 --> 00:31:23,039

yeah so

859

00:31:28,149 --> 00:31:25,760

sorry about that

860

00:31:30,549 --> 00:31:28,159

yeah that was definitely really odd and

861

00:31:33,350 --> 00:31:30,559

so i would just kind of peak my

862

00:31:35,029 --> 00:31:33,360

curiosity but even that really wasn't

863

00:31:36,950 --> 00:31:35,039

like enough to

864

00:31:39,029 --> 00:31:36,960

you know keep my eyes glued or anything

865

00:31:40,149 --> 00:31:39,039

like that but then uh

866

00:31:41,590 --> 00:31:40,159

it just started getting on because it

867

00:31:42,470 --> 00:31:41,600

didn't go away or stuff like that so i

868

00:31:44,230 --> 00:31:42,480

started

869

00:31:46,630 --> 00:31:44,240

trying to get the bearing and the range

870

00:31:47,830 --> 00:31:46,640

of it yeah and then i'd go up to the

871

00:31:50,470 --> 00:31:47,840

bridge and

872

00:31:54,710 --> 00:31:50,480

see if who was on watch if cahill was on

873

00:32:00,950 --> 00:31:58,789

we uh why not why not well you know uh

874

00:32:03,269 --> 00:32:00,960

something about the you know the law the

875

00:32:04,789 --> 00:32:03,279

law dog of the boat being on watch you

876

00:32:05,669 --> 00:32:04,799

don't really want to go out there or if

877

00:32:10,950 --> 00:32:05,679

uh

878

00:32:13,110 --> 00:32:10,960

dennis

879

00:32:15,830 --> 00:32:13,120

yeah if he was up there i wouldn't go

880

00:32:17,350 --> 00:32:15,840

anywhere near anywhere up there

881

00:32:18,950 --> 00:32:17,360

yeah there was just a you know so

882

00:32:20,549 --> 00:32:18,960

there's only a handful of times that i

883

00:32:22,310 --> 00:32:20,559

was able to slip out there with that you

884

00:32:24,389 --> 00:32:22,320

know there's always had to be like a jo

885

00:32:26,789 --> 00:32:24,399

a junior officer that just didn't know

886

00:32:29,029 --> 00:32:26,799

any better or i could just pretend like

887

00:32:30,060 --> 00:32:29,039

i was doing espos and just kind of slip

888

00:32:31,909 --> 00:32:30,070

out the side and

889

00:32:35,509 --> 00:32:31,919

[Laughter]

890

00:32:38,950 --> 00:32:37,269

and that but i try to i try to see him

891

00:32:40,470 --> 00:32:38,960

out on the horizon and you know a lot of

892

00:32:42,470 --> 00:32:40,480

times i couldn't see him but a couple of

893

00:32:44,070 --> 00:32:42,480

times a lot you know there was

894

00:32:45,029 --> 00:32:44,080

a handful of times i did get to see

895

00:32:47,190 --> 00:32:45,039

something

896

00:32:49,269 --> 00:32:47,200

uh during the day i can't i don't know

897

00:32:51,190 --> 00:32:49,279

whether or not i was actually able to

898

00:32:53,669 --> 00:32:51,200

see something i didn't see an object on

899

00:32:54,789 --> 00:32:53,679

the horizon but at night that's that's

900

00:32:56,630 --> 00:32:54,799

really when you could tell because it

901  
00:32:58,230 --> 00:32:56,640  
did have a uh it did

902  
00:32:59,590 --> 00:32:58,240  
it did glow so

903  
00:33:01,590 --> 00:32:59,600  
wow you know

904  
00:33:03,830 --> 00:33:01,600  
you just always look at the light at the

905  
00:33:06,230 --> 00:33:03,840  
at the at the range in an elevation that

906  
00:33:07,750 --> 00:33:06,240  
that you're looking for and hope that it

907  
00:33:09,750 --> 00:33:07,760  
wasn't like a you know a ship on the

908  
00:33:11,590 --> 00:33:09,760  
horizon yeah and then you're just

909  
00:33:13,110 --> 00:33:11,600  
waiting for it to

910  
00:33:15,190 --> 00:33:13,120  
move or something like that and i

911  
00:33:15,990 --> 00:33:15,200  
remember one night you know a sudden it

912  
00:33:19,190 --> 00:33:16,000  
just

913  
00:33:21,509 --> 00:33:19,200

darted off to get crazy fast and then so

914

00:33:22,950 --> 00:33:21,519

i went down the went back down to combat

915

00:33:24,950 --> 00:33:22,960

and like hey you know you still got that

916

00:33:27,590 --> 00:33:24,960

track and i go i go

917

00:33:29,750 --> 00:33:27,600

no no we don't we lost the track was it

918

00:33:32,389 --> 00:33:29,760

at this time and like yeah yeah dead

919

00:33:34,070 --> 00:33:32,399

nuts yeah so i got i was seeing the

920

00:33:35,990 --> 00:33:34,080

actual track that we were saying so now

921

00:33:37,430 --> 00:33:36,000

that's what how i would identify them

922

00:33:39,350 --> 00:33:37,440

you know i try to go up there at night

923

00:33:40,549 --> 00:33:39,360

so that and then sometimes they go

924

00:33:42,870 --> 00:33:40,559

straight up

925

00:33:44,389 --> 00:33:42,880

sometimes they just disappear so i'm

926  
00:33:46,549 --> 00:33:44,399  
guessing they were going the opposite

927  
00:33:48,230 --> 00:33:46,559  
direction that i was at so instead of

928  
00:33:50,230 --> 00:33:48,240  
you know instead of coming at me

929  
00:33:52,230 --> 00:33:50,240  
or going away from me so i you know

930  
00:33:54,310 --> 00:33:52,240  
basically they just disappear but if

931  
00:33:55,990 --> 00:33:54,320  
they went left right or straight up i

932  
00:33:57,909 --> 00:33:56,000  
could always tell whether you know i was

933  
00:34:00,630 --> 00:33:57,919  
actually looking at one yeah and then i

934  
00:34:02,789 --> 00:34:00,640  
never got to see them up close until i

935  
00:34:04,549 --> 00:34:02,799  
saw the intercept video which i'll you

936  
00:34:07,830 --> 00:34:04,559  
know i'll let jason talk about that

937  
00:34:09,270 --> 00:34:07,840  
since we both saw the video

938  
00:34:10,710 --> 00:34:09,280

yeah so jason because obviously you're

939

00:34:11,589 --> 00:34:10,720

on a different part of the ship i guess

940

00:34:13,909 --> 00:34:11,599

and doing a different completely

941

00:34:15,030 --> 00:34:13,919

different job when did it first start

942

00:34:17,750 --> 00:34:15,040

you know when did you start hearing

943

00:34:21,589 --> 00:34:17,760

things about something going on

944

00:34:25,270 --> 00:34:21,599

uh when the ship went to battle stations

945

00:34:28,230 --> 00:34:26,950

and and i'm not sure i'm not sure what

946

00:34:29,109 --> 00:34:28,240

day that was

947

00:34:30,230 --> 00:34:29,119

um

948

00:34:32,310 --> 00:34:30,240

that we

949

00:34:33,589 --> 00:34:32,320

or why we actually yeah it may have been

950

00:34:36,069 --> 00:34:33,599

right when

951  
00:34:37,669 --> 00:34:36,079  
um the intercept was happening that we

952  
00:34:39,909 --> 00:34:37,679  
that we did it's been so long ago i

953  
00:34:41,109 --> 00:34:39,919  
can't remember specific days

954  
00:34:43,909 --> 00:34:41,119  
um

955  
00:34:45,669 --> 00:34:43,919  
but the ship went to battle stations and

956  
00:34:48,069 --> 00:34:45,679  
that's when

957  
00:34:49,510 --> 00:34:48,079  
the scuttlebutt the rumors the that's

958  
00:34:51,030 --> 00:34:49,520  
when everything started between the

959  
00:34:53,030 --> 00:34:51,040  
people who weren't involved and then you

960  
00:34:55,190 --> 00:34:53,040  
got people like gary and some of the

961  
00:34:56,550 --> 00:34:55,200  
other guys who work up in

962  
00:34:58,630 --> 00:34:56,560  
you know the

963  
00:35:00,390 --> 00:34:58,640

combat who come down and smoke and we're

964

00:35:01,270 --> 00:35:00,400

trying to like pry that information out

965

00:35:03,349 --> 00:35:01,280

there

966

00:35:06,390 --> 00:35:03,359

like what the heck is going on man

967

00:35:08,069 --> 00:35:06,400

and uh you know so and then

968

00:35:09,829 --> 00:35:08,079

from there it was

969

00:35:11,990 --> 00:35:09,839

um

970

00:35:15,030 --> 00:35:12,000

i don't know man it was it's weird

971

00:35:16,790 --> 00:35:15,040

because again we have a job to do and we

972

00:35:18,710 --> 00:35:16,800

we can't really worry ourselves of what

973

00:35:20,150 --> 00:35:18,720

else is going on in the world at the

974

00:35:21,829 --> 00:35:20,160

time and

975

00:35:23,990 --> 00:35:21,839

we didn't have these

976

00:35:25,109 --> 00:35:24,000

so we couldn't figure things out really

977

00:35:27,670 --> 00:35:25,119

quickly

978

00:35:29,030 --> 00:35:27,680

because we didn't have the ability to

979

00:35:31,109 --> 00:35:29,040

even though we were right off the coast

980

00:35:33,190 --> 00:35:31,119

of san diego

981

00:35:35,670 --> 00:35:33,200

like you have no service out there no

982

00:35:37,750 --> 00:35:35,680

cell service even then i mean we as soon

983

00:35:40,630 --> 00:35:37,760

as you get within a couple of

984

00:35:42,150 --> 00:35:40,640

miles from the shore we had service yeah

985

00:35:44,150 --> 00:35:42,160

like once you're once you're out there

986

00:35:45,349 --> 00:35:44,160

you're out there and you know it's like

987

00:35:47,910 --> 00:35:45,359

an island

988

00:35:51,109 --> 00:35:47,920

and you're secluded from everything

989

00:35:53,030 --> 00:35:51,119

and uh but but being there you know

990

00:35:53,990 --> 00:35:53,040

things start going around the ship and

991

00:35:55,510 --> 00:35:54,000

and

992

00:35:57,349 --> 00:35:55,520

you know people

993

00:35:58,470 --> 00:35:57,359

are debating on what it is

994

00:36:00,630 --> 00:35:58,480

or what

995

00:36:02,470 --> 00:36:00,640

why why this is happening then then it's

996

00:36:04,550 --> 00:36:02,480

like okay now people are starting to you

997

00:36:06,710 --> 00:36:04,560

know information is starting to to kind

998

00:36:08,550 --> 00:36:06,720

of leak out because people talk you know

999

00:36:09,670 --> 00:36:08,560

i tell you something and then you'll go

1000

00:36:12,550 --> 00:36:09,680

to your friend like hey bro you should

1001  
00:36:14,310 --> 00:36:12,560  
hear what jason told me you know i don't

1002  
00:36:15,829 --> 00:36:14,320  
say anything to nobody

1003  
00:36:17,829 --> 00:36:15,839  
see that's the type of rumor that i

1004  
00:36:19,589 --> 00:36:17,839  
actually heard from about the underwater

1005  
00:36:22,950 --> 00:36:19,599  
uh track you know

1006  
00:36:24,630 --> 00:36:22,960  
so i mean and then you know years later

1007  
00:36:26,150 --> 00:36:24,640  
i try to talk to that guy and i'm

1008  
00:36:27,589 --> 00:36:26,160  
bullshitting with him and he's you know

1009  
00:36:29,670 --> 00:36:27,599  
he's oh yeah let's catch up you know

1010  
00:36:30,550 --> 00:36:29,680  
we're talking and stuff and like so you

1011  
00:36:32,630 --> 00:36:30,560  
know

1012  
00:36:33,910 --> 00:36:32,640  
when we uh when we had the event happen

1013  
00:36:35,990 --> 00:36:33,920

and then he's just like

1014

00:36:38,829 --> 00:36:36,000

click hung up on me

1015

00:36:42,069 --> 00:36:38,839

wait so so please do do what was the

1016

00:36:43,510 --> 00:36:42,079

water truth yeah so so during during the

1017

00:36:45,109 --> 00:36:43,520

when we were on the boat when this was

1018

00:36:49,270 --> 00:36:45,119

happening i had one of the sonar techs

1019

00:36:55,349 --> 00:36:51,430

that called you the other night

1020

00:36:56,530 --> 00:36:55,359

no no no no no he was probably drunk in

1021

00:36:59,510 --> 00:36:56,540

the torpedo room

1022

00:37:02,310 --> 00:36:59,520

[Laughter]

1023

00:37:05,430 --> 00:37:02,320

but yeah yeah yeah any problem so that's

1024

00:37:07,270 --> 00:37:05,440

him for sure yeah but no this this guy

1025

00:37:08,390 --> 00:37:07,280

was actually one of the more junior guys

1026  
00:37:09,190 --> 00:37:08,400  
there

1027  
00:37:10,630 --> 00:37:09,200  
um

1028  
00:37:12,710 --> 00:37:10,640  
but

1029  
00:37:14,790 --> 00:37:12,720  
yeah and then i find out

1030  
00:37:16,390 --> 00:37:14,800  
just a couple of weeks ago well actually

1031  
00:37:17,349 --> 00:37:16,400  
it's been over a couple of months ago

1032  
00:37:18,310 --> 00:37:17,359  
now

1033  
00:37:20,150 --> 00:37:18,320  
that

1034  
00:37:22,950 --> 00:37:20,160  
all of the sonar technicians are now

1035  
00:37:26,870 --> 00:37:22,960  
under nda and have been since the event

1036  
00:37:29,829 --> 00:37:26,880  
and that they did have a passive track

1037  
00:37:31,750 --> 00:37:29,839  
um of the object so and that's like

1038  
00:37:33,589 --> 00:37:31,760

immediately right after they had that

1039

00:37:35,430 --> 00:37:33,599

first passive track is right when we

1040

00:37:38,390 --> 00:37:35,440

went to general quarters

1041

00:37:39,670 --> 00:37:38,400

wow so yeah

1042

00:37:41,349 --> 00:37:39,680

did you get any more informational

1043

00:37:43,750 --> 00:37:41,359

rumors about what the tracks showed was

1044

00:37:45,829 --> 00:37:43,760

it something moving at speed was it any

1045

00:37:49,270 --> 00:37:45,839

you know any any more details

1046

00:37:51,750 --> 00:37:49,280

uh yeah um well i mean they got the

1047

00:37:53,349 --> 00:37:51,760

the signature basically the sonar

1048

00:37:55,430 --> 00:37:53,359

signature of it you know so everything

1049

00:37:57,829 --> 00:37:55,440

that moves in the ocean has a

1050

00:38:00,950 --> 00:37:57,839

certain like noise level and a certain

1051  
00:38:04,390 --> 00:38:00,960  
signature to it stop you know annoy like

1052  
00:38:06,390 --> 00:38:04,400  
an acoustic profile yeah and so that's

1053  
00:38:08,390 --> 00:38:06,400  
how these you know they can keep on

1054  
00:38:10,710 --> 00:38:08,400  
passive but know what's around them you

1055  
00:38:12,950 --> 00:38:10,720  
know they may not know they may not know

1056  
00:38:14,710 --> 00:38:12,960  
you know you know where in the water it

1057  
00:38:16,230 --> 00:38:14,720  
is they just know that it's it's out

1058  
00:38:18,790 --> 00:38:16,240  
there because it's making noise and they

1059  
00:38:21,510 --> 00:38:18,800  
can kind of tell general locations like

1060  
00:38:23,430 --> 00:38:21,520  
this like which direction it is not like

1061  
00:38:25,510 --> 00:38:23,440  
where it's actually at

1062  
00:38:26,790 --> 00:38:25,520  
and this thing if you you know they

1063  
00:38:29,109 --> 00:38:26,800

weren't going to give me any he wouldn't

1064

00:38:31,270 --> 00:38:29,119

give me any specifics about exactly what

1065

00:38:32,550 --> 00:38:31,280

that what it was like the numbers and

1066

00:38:34,950 --> 00:38:32,560

stuff like that but he kind of gave me a

1067

00:38:37,270 --> 00:38:34,960

general idea like you know if you've got

1068

00:38:39,270 --> 00:38:37,280

a diesel sub which is uh you know the

1069

00:38:41,430 --> 00:38:39,280

loudest thing in the ocean and then you

1070

00:38:43,349 --> 00:38:41,440

have a nuclear sub which is the you know

1071

00:38:45,030 --> 00:38:43,359

the the

1072

00:38:48,550 --> 00:38:45,040

quietest thing in the ocean it made a

1073

00:38:49,670 --> 00:38:48,560

nuclear sub look noisy you know so

1074

00:38:50,630 --> 00:38:49,680

it was yeah

1075

00:38:52,390 --> 00:38:50,640

and it was fine

1076  
00:38:54,710 --> 00:38:52,400  
talking about

1077  
00:38:58,069 --> 00:38:54,720  
the thing in the bottom that's

1078  
00:39:00,390 --> 00:38:58,079  
on the bottom wow that's big

1079  
00:39:02,150 --> 00:39:00,400  
oh yeah i tell you what when uh when we

1080  
00:39:04,310 --> 00:39:02,160  
get into rough seas and we we start

1081  
00:39:06,870 --> 00:39:04,320  
going up the wakes when that thing hits

1082  
00:39:09,190 --> 00:39:06,880  
the water the whole ship goes

1083  
00:39:11,349 --> 00:39:09,200  
back and forth back and forth

1084  
00:39:15,190 --> 00:39:11,359  
down into the water it'll make you sick

1085  
00:39:18,150 --> 00:39:15,200  
and about a heartbeat is it like this

1086  
00:39:21,190 --> 00:39:18,160  
yeah i've been sees much worse than that

1087  
00:39:23,349 --> 00:39:21,200  
wow wow that's good

1088  
00:39:24,390 --> 00:39:23,359

jason were you or did he uh a year ago

1089

00:39:26,310 --> 00:39:24,400

all right he's got a [h\_\_h] cool

1090

00:39:28,470 --> 00:39:26,320

iceberg at some point we were in the

1091

00:39:29,750 --> 00:39:28,480

south china seas uh were you there when

1092

00:39:32,069 --> 00:39:29,760

we went through that typhoon in the

1093

00:39:33,510 --> 00:39:32,079

south china seas

1094

00:39:35,589 --> 00:39:33,520

heading out to the

1095

00:39:36,870 --> 00:39:35,599

we were it was that during one

1096

00:39:38,630 --> 00:39:36,880

no we were sitting out there we didn't

1097

00:39:40,550 --> 00:39:38,640

go through a typhoon it was just a uh it

1098

00:39:43,270 --> 00:39:40,560

was rough season we went uh off the

1099

00:39:46,630 --> 00:39:43,280

coast of africa

1100

00:39:48,069 --> 00:39:46,640

because we had left the gulf and then uh

1101

00:39:49,990 --> 00:39:48,079

oh that's when we were transiting down

1102

00:39:52,069 --> 00:39:50,000

to australia

1103

00:39:54,230 --> 00:39:52,079

yeah that was that was y'all that wasn't

1104

00:39:56,150 --> 00:39:54,240

that wasn't

1105

00:39:57,990 --> 00:39:56,160

but either way at one point we went

1106

00:39:59,510 --> 00:39:58,000

through a typhoon in the south china

1107

00:40:01,270 --> 00:39:59,520

seas and we were just i mean it was to

1108

00:40:02,710 --> 00:40:01,280

the point where ship would move so far

1109

00:40:05,030 --> 00:40:02,720

over that you could like walk on the

1110

00:40:07,589 --> 00:40:05,040

bulkhead on the walls and then have to

1111

00:40:10,150 --> 00:40:07,599

walk back down i mean it's

1112

00:40:12,150 --> 00:40:10,160

it was pretty pretty hairy you were uh

1113

00:40:13,990 --> 00:40:12,160

if you weren't on watch you were you

1114

00:40:15,510 --> 00:40:14,000

were stuck in your rack

1115

00:40:16,950 --> 00:40:15,520

you you couldn't leave your rack you had

1116

00:40:18,390 --> 00:40:16,960

to have your straps up there's these

1117

00:40:20,069 --> 00:40:18,400

straps to keep you from rolling out of

1118

00:40:21,190 --> 00:40:20,079

your rack and you know

1119

00:40:23,109 --> 00:40:21,200

yeah it was

1120

00:40:24,870 --> 00:40:23,119

it was pretty crazy

1121

00:40:26,550 --> 00:40:24,880

um

1122

00:40:29,430 --> 00:40:26,560

but

1123

00:40:29,440 --> 00:40:32,950

i lost my train of thought

1124

00:40:37,030 --> 00:40:34,790

where was i going with this

1125

00:40:39,910 --> 00:40:37,040

i do have a there's a question here this

1126

00:40:41,030 --> 00:40:39,920

is a trigger warning non-ufo uap

1127

00:40:42,710 --> 00:40:41,040

question

1128

00:40:44,710 --> 00:40:42,720

uh i said uh

1129

00:40:47,030 --> 00:40:44,720

what are your thoughts on pushing the

1130

00:40:49,510 --> 00:40:47,040

low uh lower military requirements for

1131

00:40:52,470 --> 00:40:49,520

some specialized group ie seals special

1132

00:40:53,910 --> 00:40:52,480

forces in an attempt to be inclusive no

1133

00:40:57,990 --> 00:40:53,920

um

1134

00:41:00,950 --> 00:40:58,000

honestly what would be the point uh

1135

00:41:03,030 --> 00:41:00,960

i i wouldn't want to compromise them

1136

00:41:04,870 --> 00:41:03,040

no not right once you start

1137

00:41:06,390 --> 00:41:04,880

look once you start lowering standards

1138

00:41:07,910 --> 00:41:06,400

on that like and that's what we were

1139

00:41:10,309 --> 00:41:07,920

talking about benny and i were talking

1140

00:41:13,109 --> 00:41:10,319

about before like i'm not a

1141

00:41:15,990 --> 00:41:13,119

i i could never cut it as a seal ever

1142

00:41:19,190 --> 00:41:16,000

even back in my 20s and and like if they

1143

00:41:22,309 --> 00:41:19,200

if they start lowering those standards

1144

00:41:24,230 --> 00:41:22,319

bro you're asking for even more failure

1145

00:41:25,670 --> 00:41:24,240

yeah you know that's a that's like

1146

00:41:28,630 --> 00:41:25,680

saying it's okay that you don't know how

1147

00:41:31,190 --> 00:41:28,640

to fix the equipment yeah yeah i mean no

1148

00:41:33,349 --> 00:41:31,200

yeah i'm not i'm not there electrician

1149

00:41:35,190 --> 00:41:33,359

you know well special forces they're

1150

00:41:37,990 --> 00:41:35,200

they're a specific tool

1151  
00:41:38,870 --> 00:41:38,000  
they're they're there to solve problems

1152  
00:41:40,630 --> 00:41:38,880  
that

1153  
00:41:43,430 --> 00:41:40,640  
normal people can't you know they're

1154  
00:41:45,589 --> 00:41:43,440  
they're they're to be the top of the top

1155  
00:41:48,150 --> 00:41:45,599  
of the top not

1156  
00:41:50,230 --> 00:41:48,160  
you know i i'm not the whole big give

1157  
00:41:51,030 --> 00:41:50,240  
everybody a trophy type of person i'm

1158  
00:41:53,430 --> 00:41:51,040  
like

1159  
00:41:54,870 --> 00:41:53,440  
no sometimes you win you lose if you if

1160  
00:41:55,990 --> 00:41:54,880  
you're not good enough

1161  
00:41:58,150 --> 00:41:56,000  
practice

1162  
00:42:00,230 --> 00:41:58,160  
you know i mean that's part of life

1163  
00:42:01,670 --> 00:42:00,240

you know i'm not i'm not you know two

1164

00:42:03,270 --> 00:42:01,680

each is their own how they want to raise

1165

00:42:04,710 --> 00:42:03,280

their kids but you know by the time my

1166

00:42:06,470 --> 00:42:04,720

daughter's 16

1167

00:42:08,710 --> 00:42:06,480

she'll be able to field strip in ar and

1168

00:42:09,829 --> 00:42:08,720

figure out the mass of a black hole so

1169

00:42:10,870 --> 00:42:09,839

you know

1170

00:42:12,630 --> 00:42:10,880

if

1171

00:42:14,630 --> 00:42:12,640

you know you can't keep up that's that's

1172

00:42:16,790 --> 00:42:14,640

not my kid's fault

1173

00:42:17,589 --> 00:42:16,800

i know bro i love that that's awesome

1174

00:42:19,510 --> 00:42:17,599

man

1175

00:42:20,870 --> 00:42:19,520

so just sticking with like the word the

1176

00:42:22,150 --> 00:42:20,880

weeks well

1177

00:42:24,550 --> 00:42:22,160

when you were to get in the tracks and

1178

00:42:26,790 --> 00:42:24,560

stuff was it over like a week or two

1179

00:42:27,829 --> 00:42:26,800

weeks prior to what we know as the you

1180

00:42:30,870 --> 00:42:27,839

know

1181

00:42:32,710 --> 00:42:30,880

seven days six or seven days or so um

1182

00:42:34,470 --> 00:42:32,720

be dead honestly i didn't keep track of

1183

00:42:36,309 --> 00:42:34,480

how long it was or anything like that

1184

00:42:38,550 --> 00:42:36,319

but it was about six or seven days and

1185

00:42:40,150 --> 00:42:38,560

we were just had the tracks on and off

1186

00:42:42,870 --> 00:42:40,160

throughout that whole time it was just

1187

00:42:45,670 --> 00:42:42,880

kind of like a game at a certain point

1188

00:42:47,829 --> 00:42:45,680

and then uh

1189

00:42:50,230 --> 00:42:47,839

you know then then the the whole

1190

00:42:51,990 --> 00:42:50,240

attitude changed once the vid once the

1191

00:42:53,030 --> 00:42:52,000

intercept happened

1192

00:42:54,390 --> 00:42:53,040

um

1193

00:42:56,069 --> 00:42:54,400

yeah and that was heavy that was that

1194

00:42:58,230 --> 00:42:56,079

kevin that kind of

1195

00:43:00,710 --> 00:42:58,240

yeah kevin's only to instigated that

1196

00:43:03,190 --> 00:43:00,720

whole process by you know because they

1197

00:43:05,349 --> 00:43:03,200

were about to train in that general area

1198

00:43:07,109 --> 00:43:05,359

where these tracks kept appearing and

1199

00:43:08,710 --> 00:43:07,119

they were there the day of the training

1200

00:43:11,990 --> 00:43:08,720

so he started

1201  
00:43:13,829 --> 00:43:12,000  
uh seeing that it might be a issue with

1202  
00:43:15,990 --> 00:43:13,839  
um

1203  
00:43:16,870 --> 00:43:16,000  
safety a safety issue with us doing you

1204  
00:43:21,670 --> 00:43:16,880  
know

1205  
00:43:23,190 --> 00:43:21,680  
in that area and not

1206  
00:43:24,470 --> 00:43:23,200  
you know not knowing exactly what the

1207  
00:43:27,030 --> 00:43:24,480  
heck these things are because they're

1208  
00:43:28,390 --> 00:43:27,040  
not squawking any iff or identification

1209  
00:43:30,390 --> 00:43:28,400  
friend or flow

1210  
00:43:31,910 --> 00:43:30,400  
or you know any of these signals they're

1211  
00:43:33,750 --> 00:43:31,920  
not you know they're not communicating

1212  
00:43:34,870 --> 00:43:33,760  
with us that they're disabled you know

1213  
00:43:36,309 --> 00:43:34,880

they're not

1214

00:43:37,829 --> 00:43:36,319

you know we can't tell what they are

1215

00:43:41,030 --> 00:43:37,839

other than that they're just a solid

1216

00:43:42,309 --> 00:43:41,040

track you know so all of a sudden you

1217

00:43:44,309 --> 00:43:42,319

know

1218

00:43:45,910 --> 00:43:44,319

somebody's grabbing me and saying hey

1219

00:43:47,510 --> 00:43:45,920

come check this out you know they did an

1220

00:43:50,230 --> 00:43:47,520

intercept they actually went after it

1221

00:43:52,309 --> 00:43:50,240

and i'm like oh god damn time you know

1222

00:43:54,309 --> 00:43:52,319

what took them so long you know and then

1223

00:43:55,589 --> 00:43:54,319

uh the first time i watched this thing

1224

00:43:57,910 --> 00:43:55,599

i'm like

1225

00:44:00,790 --> 00:43:57,920

yeah i remember just kind of looking up

1226

00:44:03,430 --> 00:44:00,800

at them i'm like is it

1227

00:44:05,270 --> 00:44:03,440

is this real you know and

1228

00:44:07,270 --> 00:44:05,280

they're like yeah that's that's the

1229

00:44:09,349 --> 00:44:07,280

intercept then i'm like

1230

00:44:10,870 --> 00:44:09,359

so this is chad underwood's intercept

1231

00:44:13,190 --> 00:44:10,880

yeah yeah this is chad underwood's

1232

00:44:14,870 --> 00:44:13,200

intercept as far as i know and uh the

1233

00:44:15,990 --> 00:44:14,880

tic tac the one that you guys have seen

1234

00:44:17,990 --> 00:44:16,000

so

1235

00:44:20,230 --> 00:44:18,000

did you see any radar or anything like

1236

00:44:22,470 --> 00:44:20,240

that no no you used to only see the

1237

00:44:24,309 --> 00:44:22,480

clear data yeah i mean we're not gonna

1238

00:44:26,309 --> 00:44:24,319

we don't see the radar i mean if you

1239

00:44:29,829 --> 00:44:26,319

want radar i mean i tell you about the

1240

00:44:31,589 --> 00:44:29,839

radar all day long um

1241

00:44:33,430 --> 00:44:31,599

there's talk of it being you know chad

1242

00:44:35,430 --> 00:44:33,440

sort of said that there are right well

1243

00:44:37,670 --> 00:44:35,440

there's there's radar data which is

1244

00:44:39,750 --> 00:44:37,680

basically would do you no good without

1245

00:44:41,430 --> 00:44:39,760

the programs that associated with it

1246

00:44:44,230 --> 00:44:41,440

sure yeah so like if i gave you the

1247

00:44:47,190 --> 00:44:44,240

compiled data it's just numbers it's

1248

00:44:49,190 --> 00:44:47,200

just a big huge thing of numbers that

1249

00:44:51,190 --> 00:44:49,200

mean something to a program but don't

1250

00:44:51,910 --> 00:44:51,200

mean anything to you

1251  
00:44:55,829 --> 00:44:51,920  
so

1252  
00:44:56,950 --> 00:44:55,839  
gotten in trouble for talking about this

1253  
00:44:58,069 --> 00:44:56,960  
and no

1254  
00:45:00,309 --> 00:44:58,079  
um no

1255  
00:45:01,750 --> 00:45:00,319  
because well for one we're

1256  
00:45:03,109 --> 00:45:01,760  
we're not talking about things that are

1257  
00:45:05,670 --> 00:45:03,119  
classified

1258  
00:45:06,550 --> 00:45:05,680  
and two we're not under an nda

1259  
00:45:09,109 --> 00:45:06,560  
yeah

1260  
00:45:10,710 --> 00:45:09,119  
to to not talk about it so um i don't

1261  
00:45:11,510 --> 00:45:10,720  
know how to pronounce this person's name

1262  
00:45:12,550 --> 00:45:11,520  
but

1263  
00:45:14,309 --> 00:45:12,560

yeah no

1264

00:45:16,950 --> 00:45:14,319

none of us have gotten in trouble for it

1265

00:45:18,390 --> 00:45:16,960

um and honestly i'm surprised we haven't

1266

00:45:20,630 --> 00:45:18,400

haven't gotten

1267

00:45:23,109 --> 00:45:20,640

talking talking to

1268

00:45:24,870 --> 00:45:23,119

but at the end of the day it's like

1269

00:45:25,670 --> 00:45:24,880

we're not talking about things that are

1270

00:45:28,390 --> 00:45:25,680

that

1271

00:45:29,910 --> 00:45:28,400

hasn't already been talked about so yeah

1272

00:45:31,270 --> 00:45:29,920

you know the information is already out

1273

00:45:33,190 --> 00:45:31,280

there and i'm sure that's and that's

1274

00:45:34,950 --> 00:45:33,200

part of the reason why we haven't had

1275

00:45:36,470 --> 00:45:34,960

somebody come up and like

1276

00:45:38,550 --> 00:45:36,480

yeah i i haven't

1277

00:45:39,990 --> 00:45:38,560

i've said i've said from the beginning

1278

00:45:42,630 --> 00:45:40,000

you know as soon as as soon as the men

1279

00:45:44,390 --> 00:45:42,640

in black knock on my door or you know or

1280

00:45:47,349 --> 00:45:44,400

somebody comes up to me uh you know and

1281

00:45:49,030 --> 00:45:47,359

says hey uh you're uh so-and-so and

1282

00:45:50,950 --> 00:45:49,040

you get a nice family over there i'd be

1283

00:45:52,390 --> 00:45:50,960

ashamed if anything happened i'd be done

1284

00:45:54,069 --> 00:45:52,400

that's it yeah it's all it would take

1285

00:45:56,470 --> 00:45:54,079

that's it i'm not i'm not gonna try to

1286

00:45:58,150 --> 00:45:56,480

front i'm not gonna try to pretend

1287

00:45:59,990 --> 00:45:58,160

it comes down if it comes down to the

1288

00:46:03,030 --> 00:46:00,000

safety of my family i will straight up

1289

00:46:05,030 --> 00:46:03,040

shoot anybody i don't care

1290

00:46:06,870 --> 00:46:05,040

but i'll let people know

1291

00:46:08,630 --> 00:46:06,880

yeah yeah i know i know i'll tell

1292

00:46:10,870 --> 00:46:08,640

everybody i'm like look they they just

1293

00:46:12,470 --> 00:46:10,880

stopped talking about it so i'm done

1294

00:46:15,430 --> 00:46:12,480

have a nice life

1295

00:46:16,630 --> 00:46:15,440

and then uh since we are answering some

1296

00:46:19,430 --> 00:46:16,640

questions here let's go ahead and look

1297

00:46:21,750 --> 00:46:19,440

through here um so sneaky toaster um i

1298

00:46:25,030 --> 00:46:21,760

was actually in the chat for that uh

1299

00:46:28,470 --> 00:46:25,040

that tom delong and uh simeon thing and

1300

00:46:30,150 --> 00:46:28,480

uh i asked a lot of questions and uh the

1301

00:46:32,870 --> 00:46:30,160

only thing they actually talked about

1302

00:46:34,069 --> 00:46:32,880

was uh because i had asked um whether

1303

00:46:36,470 --> 00:46:34,079

they were going to be involved with

1304

00:46:37,829 --> 00:46:36,480

avi's program with harvard

1305

00:46:40,870 --> 00:46:37,839

and uh

1306

00:46:43,589 --> 00:46:40,880

yeah no there was just a lot of

1307

00:46:45,190 --> 00:46:43,599

uh you know look how awesome we are and

1308

00:46:46,950 --> 00:46:45,200

by the way we need money more we need

1309

00:46:48,870 --> 00:46:46,960

more money yeah

1310

00:46:50,710 --> 00:46:48,880

yeah strange it was a strange

1311

00:46:53,349 --> 00:46:50,720

conversation they didn't really go over

1312

00:46:56,150 --> 00:46:53,359

anything new um it was nice to see you

1313

00:46:57,829 --> 00:46:56,160

know them actually do something

1314

00:46:59,510 --> 00:46:57,839

but

1315

00:47:01,670 --> 00:46:59,520

you know they've been so absent from

1316

00:47:03,270 --> 00:47:01,680

this field for so long you know and i

1317

00:47:04,710 --> 00:47:03,280

mean the last thing i heard prior to

1318

00:47:07,190 --> 00:47:04,720

this was that they had a government

1319

00:47:08,950 --> 00:47:07,200

contract with the army yeah with the

1320

00:47:11,510 --> 00:47:08,960

materials and stuff and then i then i

1321

00:47:14,630 --> 00:47:11,520

hear that you know

1322

00:47:16,710 --> 00:47:14,640

you know they're two like

1323

00:47:18,790 --> 00:47:16,720

people that are the big the big guys the

1324

00:47:21,430 --> 00:47:18,800

big guns just left their company you

1325

00:47:25,750 --> 00:47:23,910

josh just asked a question about the the

1326  
00:47:28,549 --> 00:47:25,760  
people that come and took it he said he

1327  
00:47:29,750 --> 00:47:28,559  
heard um people like there were

1328  
00:47:31,349 --> 00:47:29,760  
people that come to take it and plain

1329  
00:47:32,870 --> 00:47:31,359  
clothes but also seeing the interviews

1330  
00:47:34,309 --> 00:47:32,880  
that two guys showed up in air force

1331  
00:47:36,630 --> 00:47:34,319  
uniforms

1332  
00:47:39,510 --> 00:47:36,640  
all right so that got a that's kind of a

1333  
00:47:41,030 --> 00:47:39,520  
combined uh account that you got then

1334  
00:47:42,630 --> 00:47:41,040  
because with pj

1335  
00:47:45,190 --> 00:47:42,640  
he said that the guys that came that

1336  
00:47:46,710 --> 00:47:45,200  
took the bricks from the for the hawkeye

1337  
00:47:48,549 --> 00:47:46,720  
were in

1338  
00:47:50,390 --> 00:47:48,559

air force uniforms

1339

00:47:53,430 --> 00:47:50,400

and the guys that came to the princeton

1340

00:47:56,150 --> 00:47:53,440

so that was on the the carrier yeah um

1341

00:47:57,829 --> 00:47:56,160

and then so the two separate events same

1342

00:47:59,670 --> 00:47:57,839

thing happening the guys that came and

1343

00:48:01,910 --> 00:47:59,680

took my tapes were the men and khakis

1344

00:48:03,109 --> 00:48:01,920

not the men in black so they you know

1345

00:48:05,190 --> 00:48:03,119

they had basically they were dressed

1346

00:48:08,069 --> 00:48:05,200

like i am right now with a you know polo

1347

00:48:09,750 --> 00:48:08,079

and some some blue jeans khakis whatever

1348

00:48:11,589 --> 00:48:09,760

they just looked like normal

1349

00:48:14,069 --> 00:48:11,599

you know guys and i mean they they could

1350

00:48:16,309 --> 00:48:14,079

have been tech reps i didn't know but i

1351

00:48:19,030 --> 00:48:16,319

doubt it um

1352

00:48:21,270 --> 00:48:19,040

i knew just about all of them since

1353

00:48:23,510 --> 00:48:21,280

i was there helping them install all of

1354

00:48:25,910 --> 00:48:23,520

these new systems so

1355

00:48:27,829 --> 00:48:25,920

i i knew a lot of a lot of them so it

1356

00:48:31,109 --> 00:48:27,839

would have been like an entire group of

1357

00:48:32,950 --> 00:48:31,119

new people that i've never met which

1358

00:48:36,309 --> 00:48:32,960

you know plus it was just weird it felt

1359

00:48:38,150 --> 00:48:36,319

weird like uh and during the uh 0-1

1360

00:48:40,309 --> 00:48:38,160

deployment or the 03 deployment when was

1361

00:48:42,309 --> 00:48:40,319

the when did that that plane go down or

1362

00:48:43,910 --> 00:48:42,319

the chopper go down

1363

00:48:45,589 --> 00:48:43,920

and we have to go fish out all that

1364

00:48:49,670 --> 00:48:45,599

stuff that wasn't that was on our

1365

00:48:52,230 --> 00:48:49,680

deployment no three okay ea 6b prowler

1366

00:48:54,150 --> 00:48:52,240

yeah we had a prowler go down and uh

1367

00:48:56,309 --> 00:48:54,160

right after that you know they had flown

1368

00:48:58,150 --> 00:48:56,319

out tech reps and they'd come on board

1369

00:49:00,230 --> 00:48:58,160

they talked to me they make eye contact

1370

00:49:02,710 --> 00:49:00,240

tell me what's going on tell me exactly

1371

00:49:04,470 --> 00:49:02,720

what information they need and you know

1372

00:49:06,309 --> 00:49:04,480

and i get it for them sign it over to

1373

00:49:08,470 --> 00:49:06,319

them and then they shake my hand and

1374

00:49:10,309 --> 00:49:08,480

walk off these guys

1375

00:49:12,309 --> 00:49:10,319

standing over in the corner

1376

00:49:14,390 --> 00:49:12,319

no eye contact

1377

00:49:16,710 --> 00:49:14,400

wouldn't even look my direction

1378

00:49:19,670 --> 00:49:16,720

sign it over hand it over to

1379

00:49:21,910 --> 00:49:19,680

one of the chiefs uh in our division and

1380

00:49:23,829 --> 00:49:21,920

and uh he hands it to them they walk off

1381

00:49:25,190 --> 00:49:23,839

no no comments no nothing very

1382

00:49:28,790 --> 00:49:25,200

impersonal

1383

00:49:31,430 --> 00:49:28,800

no explanation you know so it just felt

1384

00:49:32,309 --> 00:49:31,440

very clinical rather than

1385

00:49:34,630 --> 00:49:32,319

you know

1386

00:49:36,390 --> 00:49:34,640

the way it was prior when uh when i i

1387

00:49:38,390 --> 00:49:36,400

have had

1388

00:49:39,829 --> 00:49:38,400

you know data taken before and it was

1389

00:49:41,270 --> 00:49:39,839

for a good reason they were looking to

1390

00:49:43,190 --> 00:49:41,280

see you know

1391

00:49:44,870 --> 00:49:43,200

their way to down craft so eventually it

1392

00:49:46,549 --> 00:49:44,880

was going to end up

1393

00:49:48,470 --> 00:49:46,559

being something there that they could

1394

00:49:49,430 --> 00:49:48,480

use to figure out what happened

1395

00:49:50,870 --> 00:49:49,440

yeah

1396

00:49:52,630 --> 00:49:50,880

do you guys i mean this is a question

1397

00:49:54,390 --> 00:49:52,640

here i've got on the screen greg thank

1398

00:49:55,750 --> 00:49:54,400

you greg how many people on the ship

1399

00:49:56,870 --> 00:49:55,760

knew where the cap point was that

1400

00:49:59,109 --> 00:49:56,880

morning and this is something that's

1401  
00:50:01,510 --> 00:49:59,119  
been talked about for so many years now

1402  
00:50:03,750 --> 00:50:01,520  
do you guys have any idea or um the

1403  
00:50:06,230 --> 00:50:03,760  
pilots involved the officers that were

1404  
00:50:07,910 --> 00:50:06,240  
briefed prior to it just the people

1405  
00:50:10,390 --> 00:50:07,920  
directly dealing with the operation

1406  
00:50:11,670 --> 00:50:10,400  
that's it i didn't know where it was i

1407  
00:50:13,589 --> 00:50:11,680  
you know it wasn't something that you

1408  
00:50:15,430 --> 00:50:13,599  
could just pull up the plan of the day

1409  
00:50:17,750 --> 00:50:15,440  
and say oh there's the cap point no it's

1410  
00:50:19,589 --> 00:50:17,760  
just just the people involved that's it

1411  
00:50:20,390 --> 00:50:19,599  
with the radar guys would kevin have

1412  
00:50:21,910 --> 00:50:20,400  
known

1413  
00:50:23,670 --> 00:50:21,920

yeah yeah because he was running the

1414

00:50:25,030 --> 00:50:23,680

operation so he would have been he would

1415

00:50:26,870 --> 00:50:25,040

have been in a brief and knowing where

1416

00:50:28,230 --> 00:50:26,880

the cap point is and

1417

00:50:29,990 --> 00:50:28,240

um

1418

00:50:31,510 --> 00:50:30,000

you know so then the all of course all

1419

00:50:34,390 --> 00:50:31,520

the pilots in the air

1420

00:50:35,750 --> 00:50:34,400

um the admiral board the carrier the you

1421

00:50:38,470 --> 00:50:35,760

know the captain of the other ship

1422

00:50:41,030 --> 00:50:38,480

captain of our ship um any officers that

1423

00:50:42,549 --> 00:50:41,040

were involved with it over on a carrier

1424

00:50:44,790 --> 00:50:42,559

you know so they mean there's quite a

1425

00:50:47,270 --> 00:50:44,800

few people that would know where the cap

1426

00:50:49,030 --> 00:50:47,280

point was and it would have been briefed

1427

00:50:50,710 --> 00:50:49,040

in the training notes in the in the

1428

00:50:52,150 --> 00:50:50,720

mission prior you know so everybody

1429

00:50:55,030 --> 00:50:52,160

would have already known where all this

1430

00:50:57,750 --> 00:50:55,040

stuff was going to be um

1431

00:50:58,950 --> 00:50:57,760

so but it is secret i mean it's not it's

1432

00:51:00,549 --> 00:50:58,960

not gonna be

1433

00:51:02,549 --> 00:51:00,559

you know nobody's gonna be nobody's

1434

00:51:05,030 --> 00:51:02,559

gonna be sitting on a smoke deck

1435

00:51:08,230 --> 00:51:05,040

so where's the cap point yeah none of us

1436

00:51:09,670 --> 00:51:08,240

would even think to know to ask that it

1437

00:51:12,470 --> 00:51:09,680

wasn't it wasn't even close to being

1438

00:51:14,309 --> 00:51:12,480

anything we did in our job so

1439

00:51:15,829 --> 00:51:14,319

um i mean i've heard rumors that they

1440

00:51:17,589 --> 00:51:15,839

say that people in the air force even

1441

00:51:19,670 --> 00:51:17,599

knew where the cap point was

1442

00:51:21,030 --> 00:51:19,680

they could have i mean i mean it was we

1443

00:51:23,510 --> 00:51:21,040

were we were

1444

00:51:24,710 --> 00:51:23,520

how did they know that this was going on

1445

00:51:27,190 --> 00:51:24,720

i've been tracking we'd been tracking

1446

00:51:28,790 --> 00:51:27,200

them for seven days so i mean and you

1447

00:51:30,549 --> 00:51:28,800

know any number of things could have we

1448

00:51:32,069 --> 00:51:30,559

could have some officer that just

1449

00:51:33,670 --> 00:51:32,079

thought that nobody was doing anything

1450

00:51:34,549 --> 00:51:33,680

and literally shot an email to somebody

1451

00:51:36,150 --> 00:51:34,559

he knew

1452

00:51:37,510 --> 00:51:36,160

you know and then that went to somebody

1453

00:51:38,790 --> 00:51:37,520

and you know and it went up and up and

1454

00:51:40,710 --> 00:51:38,800

up or the captain could have been like

1455

00:51:41,910 --> 00:51:40,720

look i want nothing to do with this i

1456

00:51:44,710 --> 00:51:41,920

don't want to be the captain that

1457

00:51:46,309 --> 00:51:44,720

tracked ufos

1458

00:51:48,390 --> 00:51:46,319

this is going on you need to get your

1459

00:51:50,069 --> 00:51:48,400

people out here you know i mean

1460

00:51:51,430 --> 00:51:50,079

the admiral on the carrier could have

1461

00:51:53,349 --> 00:51:51,440

been like

1462

00:51:55,670 --> 00:51:53,359

already and con you know

1463

00:51:57,430 --> 00:51:55,680

talking with everybody so i mean there

1464

00:51:58,950 --> 00:51:57,440

was a lot of time before we did the

1465

00:52:00,549 --> 00:51:58,960

intercept that it could have gotten out

1466

00:52:01,430 --> 00:52:00,559

that we were tracking unknown aircraft

1467

00:52:03,589 --> 00:52:01,440

so

1468

00:52:06,870 --> 00:52:03,599

and it was ufos they were being talked

1469

00:52:08,710 --> 00:52:06,880

about ufos in those days leading up to

1470

00:52:10,150 --> 00:52:08,720

well they would always been always been

1471

00:52:12,390 --> 00:52:10,160

called unknown aircraft they would have

1472

00:52:13,349 --> 00:52:12,400

never said ufo ever

1473

00:52:15,589 --> 00:52:13,359

no

1474

00:52:18,950 --> 00:52:15,599

i that that word is

1475

00:52:20,710 --> 00:52:18,960

is taboo you don't say a ufo it's not an

1476  
00:52:22,150 --> 00:52:20,720  
official term that we would have used it

1477  
00:52:25,430 --> 00:52:22,160  
would have been an unknown aircraft

1478  
00:52:29,030 --> 00:52:25,440  
period end of story you if you

1479  
00:52:31,750 --> 00:52:29,040  
delin if you went off off that and said

1480  
00:52:33,190 --> 00:52:31,760  
ufo you'd be kicked out of combat or

1481  
00:52:35,910 --> 00:52:33,200  
you'd be kicked out of whatever meeting

1482  
00:52:37,190 --> 00:52:35,920  
you're in unless it was like in jest and

1483  
00:52:39,430 --> 00:52:37,200  
it was just kind of one of those good

1484  
00:52:40,870 --> 00:52:39,440  
nature jokes with the ufo flying across

1485  
00:52:42,790 --> 00:52:40,880  
the screen before the briefing or

1486  
00:52:44,150 --> 00:52:42,800  
something you know i was like oh okay we

1487  
00:52:46,710 --> 00:52:44,160  
all got our laughs and i was back to

1488  
00:52:50,390 --> 00:52:46,720

business you know that kind of situation

1489

00:52:52,069 --> 00:52:50,400

but no it's you don't talk ufo period

1490

00:52:53,589 --> 00:52:52,079

you don't say on you just say unknown

1491

00:52:56,150 --> 00:52:53,599

aircraft you know

1492

00:52:58,549 --> 00:52:56,160

with the bearing and elevation

1493

00:53:00,710 --> 00:52:58,559

you know you so you keep everything has

1494

00:53:01,670 --> 00:53:00,720

to stay professional yeah it comes to

1495

00:53:04,390 --> 00:53:01,680

that

1496

00:53:05,829 --> 00:53:04,400

the flare footage came across to the

1497

00:53:07,910 --> 00:53:05,839

princeton the same day or the day after

1498

00:53:10,390 --> 00:53:07,920

the intercept and you all saw it is that

1499

00:53:12,069 --> 00:53:10,400

right yeah i'm i'm still not sure

1500

00:53:14,150 --> 00:53:12,079

exactly

1501  
00:53:16,390 --> 00:53:14,160  
the time frame from when it was filmed

1502  
00:53:18,710 --> 00:53:16,400  
to when i got to see it right i know

1503  
00:53:20,309 --> 00:53:18,720  
that it was relatively close you know it

1504  
00:53:23,670 --> 00:53:20,319  
had to be within the same day or the

1505  
00:53:24,950 --> 00:53:23,680  
next day yeah um because at the time i

1506  
00:53:25,990 --> 00:53:24,960  
was actually under the impression it was

1507  
00:53:28,470 --> 00:53:26,000  
live

1508  
00:53:29,910 --> 00:53:28,480  
and but i was like

1509  
00:53:31,510 --> 00:53:29,920  
you know we could do this you know i

1510  
00:53:32,950 --> 00:53:31,520  
remember thinking that well no i

1511  
00:53:34,390 --> 00:53:32,960  
apparently i don't think it really was

1512  
00:53:36,630 --> 00:53:34,400  
because i don't think we had

1513  
00:53:39,430 --> 00:53:36,640

the tech to do that at the time

1514

00:53:40,950 --> 00:53:39,440

um but from playing yep you know when

1515

00:53:43,589 --> 00:53:40,960

somebody's just like hey come check this

1516

00:53:44,950 --> 00:53:43,599

out but then uh you know then it ended

1517

00:53:46,309 --> 00:53:44,960

and then we were able to restart it

1518

00:53:47,990 --> 00:53:46,319

again and that should have been the clue

1519

00:53:49,750 --> 00:53:48,000

but sometimes when you're just not

1520

00:53:51,990 --> 00:53:49,760

thinking

1521

00:53:53,589 --> 00:53:52,000

but i remember the second time i watched

1522

00:53:55,270 --> 00:53:53,599

it through is really when i started to

1523

00:53:57,270 --> 00:53:55,280

notice the details that i missed the

1524

00:53:59,750 --> 00:53:57,280

first time through because it's just

1525

00:54:01,589 --> 00:53:59,760

mind-numbing when you first see it and

1526

00:54:03,270 --> 00:54:01,599

uh when you first see it

1527

00:54:05,589 --> 00:54:03,280

you don't really you're just

1528

00:54:07,030 --> 00:54:05,599

comprehending this new reality

1529

00:54:09,190 --> 00:54:07,040

then the second time you watch it you

1530

00:54:11,829 --> 00:54:09,200

start looking for details and you know

1531

00:54:13,589 --> 00:54:11,839

like there wasn't everybody's right it

1532

00:54:15,910 --> 00:54:13,599

didn't go very fast in a video you're

1533

00:54:16,790 --> 00:54:15,920

right yeah it didn't

1534

00:54:18,549 --> 00:54:16,800

but

1535

00:54:21,030 --> 00:54:18,559

it didn't have wings

1536

00:54:23,109 --> 00:54:21,040

didn't have propellers

1537

00:54:24,790 --> 00:54:23,119

it uh had a universal heat signature

1538

00:54:27,030 --> 00:54:24,800

meaning that the entire thing was the

1539

00:54:29,190 --> 00:54:27,040

same temperature there was no deviances

1540

00:54:31,589 --> 00:54:29,200

in heat signature with this thing

1541

00:54:34,309 --> 00:54:31,599

now the problem with that is is engines

1542

00:54:36,470 --> 00:54:34,319

put off heat yeah without an engine how

1543

00:54:38,549 --> 00:54:36,480

the hell is it staying in the air

1544

00:54:40,549 --> 00:54:38,559

and not only that

1545

00:54:42,950 --> 00:54:40,559

why is the entire object colder than the

1546

00:54:45,349 --> 00:54:42,960

air that it's flying through

1547

00:54:46,069 --> 00:54:45,359

you know laws of thermodynamics anything

1548

00:54:47,910 --> 00:54:46,079

that

1549

00:54:51,430 --> 00:54:47,920

moves through i think

1550

00:54:54,630 --> 00:54:51,440

my biggest thing is is how is it making

1551  
00:54:56,390 --> 00:54:54,640  
90 degree maneuvers

1552  
00:54:57,990 --> 00:54:56,400  
yeah with

1553  
00:55:00,710 --> 00:54:58,000  
you know

1554  
00:55:02,309 --> 00:55:00,720  
you try to do that with with

1555  
00:55:03,910 --> 00:55:02,319  
anything that we have even drones that

1556  
00:55:05,600 --> 00:55:03,920  
we have today yeah

1557  
00:55:07,670 --> 00:55:05,610  
you know and it's like

1558  
00:55:09,589 --> 00:55:07,680  
[Music]

1559  
00:55:10,309 --> 00:55:09,599  
good luck explaining that one to me i

1560  
00:55:12,549 --> 00:55:10,319  
mean

1561  
00:55:13,990 --> 00:55:12,559  
can we do it now you know i

1562  
00:55:15,670 --> 00:55:14,000  
who knows well

1563  
00:55:19,270 --> 00:55:15,680

yeah i don't think anything can go ab a

1564

00:55:21,589 --> 00:55:19,280

mock speed and then do do a right turn

1565

00:55:23,670 --> 00:55:21,599

so you know we we we have things that

1566

00:55:25,990 --> 00:55:23,680

will do right turns pretty fast but not

1567

00:55:27,910 --> 00:55:26,000

like that

1568

00:55:30,150 --> 00:55:27,920

and especially and that's another thing

1569

00:55:32,309 --> 00:55:30,160

man it's like you put a human being in

1570

00:55:34,789 --> 00:55:32,319

there our bodies just can't we can't

1571

00:55:36,069 --> 00:55:34,799

handle that no we can handle what nine

1572

00:55:37,829 --> 00:55:36,079

g's

1573

00:55:39,349 --> 00:55:37,839

and you're you know and those are the

1574

00:55:41,510 --> 00:55:39,359

that's the highlight

1575

00:55:43,349 --> 00:55:41,520

that's with a pressure suit yeah yeah

1576  
00:55:46,829 --> 00:55:43,359  
keeping your heart keeping your yeah

1577  
00:55:48,390 --> 00:55:46,839  
it's keeping your blood flowing

1578  
00:55:50,870 --> 00:55:48,400  
literally

1579  
00:55:52,230 --> 00:55:50,880  
you know and so to me that that that's

1580  
00:55:54,150 --> 00:55:52,240  
where

1581  
00:55:57,109 --> 00:55:54,160  
i start taking the human element out of

1582  
00:55:59,109 --> 00:55:57,119  
it yeah yeah i honestly think like the

1583  
00:56:02,230 --> 00:55:59,119  
the tic-tac-shaped crafts that people

1584  
00:56:03,750 --> 00:56:02,240  
have encountered are are unmanned yeah

1585  
00:56:06,069 --> 00:56:03,760  
make sense i mean they're either

1586  
00:56:08,549 --> 00:56:06,079  
unmanned or they're or they're some type

1587  
00:56:10,710 --> 00:56:08,559  
of biomechanical device if they if they

1588  
00:56:11,750 --> 00:56:10,720

are some type of actual entity inside of

1589

00:56:13,750 --> 00:56:11,760

them

1590

00:56:15,510 --> 00:56:13,760

so

1591

00:56:17,430 --> 00:56:15,520

you know

1592

00:56:19,829 --> 00:56:17,440

if they're us then they're still on i

1593

00:56:21,430 --> 00:56:19,839

still think they're unmanned yeah

1594

00:56:23,750 --> 00:56:21,440

sneaky toaster thank you for the five

1595

00:56:25,829 --> 00:56:23,760

dollars really appreciate it man so was

1596

00:56:27,190 --> 00:56:25,839

the point of origin known or identified

1597

00:56:29,510 --> 00:56:27,200

at all

1598

00:56:31,910 --> 00:56:29,520

um it was just coming from the north of

1599

00:56:32,950 --> 00:56:31,920

the channel i mean it just basically

1600

00:56:34,870 --> 00:56:32,960

they were always coming out of the

1601  
00:56:37,510 --> 00:56:34,880  
channel we never i mean it's basically

1602  
00:56:39,910 --> 00:56:37,520  
where we were floating down south of

1603  
00:56:41,990 --> 00:56:39,920  
catalina in that like a little box area

1604  
00:56:44,470 --> 00:56:42,000  
there so they just come in on the edge

1605  
00:56:45,990 --> 00:56:44,480  
of our sensors so i mean we'd never see

1606  
00:56:48,870 --> 00:56:46,000  
the actual point of origin they didn't

1607  
00:56:50,870 --> 00:56:48,880  
just pop on they didn't they just appear

1608  
00:56:53,430 --> 00:56:50,880  
in the middle of our sensors they they'd

1609  
00:56:55,349 --> 00:56:53,440  
come down on the edge and come through

1610  
00:56:57,349 --> 00:56:55,359  
yeah so yeah

1611  
00:56:58,630 --> 00:56:57,359  
that's cool so listen like the days

1612  
00:57:00,230 --> 00:56:58,640  
after

1613  
00:57:01,589 --> 00:57:00,240

the intercept did it all just died down

1614

00:57:03,270 --> 00:57:01,599

and you just went straight back to work

1615

00:57:05,109 --> 00:57:03,280

work up says general

1616

00:57:06,549 --> 00:57:05,119

just normal yeah yeah

1617

00:57:07,910 --> 00:57:06,559

so what did you guys how did you guys

1618

00:57:09,430 --> 00:57:07,920

feel after that you know after the

1619

00:57:12,150 --> 00:57:09,440

deployment after the workups and

1620

00:57:13,829 --> 00:57:12,160

everything did it did it ever did it sit

1621

00:57:15,750 --> 00:57:13,839

in your mind for long or did you just

1622

00:57:17,270 --> 00:57:15,760

push it back and you know

1623

00:57:22,789 --> 00:57:17,280

i kind of

1624

00:57:27,030 --> 00:57:25,190

pretty distant from anything and

1625

00:57:28,390 --> 00:57:27,040

everybody i didn't really try to you

1626  
00:57:30,630 --> 00:57:28,400  
know i wasn't trying to tell people

1627  
00:57:33,190 --> 00:57:30,640  
about it i wasn't trying to warn people

1628  
00:57:35,589 --> 00:57:33,200  
of uh you know that this shit's real or

1629  
00:57:37,510 --> 00:57:35,599  
anything like that instead i uh i

1630  
00:57:40,069 --> 00:57:37,520  
started delving into

1631  
00:57:40,950 --> 00:57:40,079  
into my own studies instead because for

1632  
00:57:42,470 --> 00:57:40,960  
me

1633  
00:57:44,789 --> 00:57:42,480  
i just

1634  
00:57:47,430 --> 00:57:44,799  
found out that these things are possible

1635  
00:57:50,230 --> 00:57:47,440  
yeah you know how i mean i was already a

1636  
00:57:51,829 --> 00:57:50,240  
student of physics and engineering i

1637  
00:57:54,789 --> 00:57:51,839  
it was beyond my

1638  
00:57:56,470 --> 00:57:54,799

concepts of how this could possibly even

1639

00:57:57,750 --> 00:57:56,480

i couldn't even fathom how these things

1640

00:57:59,589 --> 00:57:57,760

could work

1641

00:58:01,829 --> 00:57:59,599

you know and i just really wanted to

1642

00:58:04,230 --> 00:58:01,839

know how they worked and and and try to

1643

00:58:07,190 --> 00:58:04,240

figure it out for myself so

1644

00:58:09,109 --> 00:58:07,200

i i started doing the mit's curriculum

1645

00:58:10,950 --> 00:58:09,119

for physics and engineering and their

1646

00:58:12,390 --> 00:58:10,960

engineering fields you know i couldn't

1647

00:58:14,069 --> 00:58:12,400

afford to go so

1648

00:58:15,990 --> 00:58:14,079

i just pulled their pulled their

1649

00:58:17,990 --> 00:58:16,000

curriculum their coursework and started

1650

00:58:21,190 --> 00:58:18,000

doing it myself and then

1651  
00:58:22,710 --> 00:58:21,200  
then i did harvards and then i did cits

1652  
00:58:25,270 --> 00:58:22,720  
and i still aren't and i'm still not

1653  
00:58:28,710 --> 00:58:25,280  
that smart

1654  
00:58:30,150 --> 00:58:28,720  
but you know so you so it's

1655  
00:58:32,630 --> 00:58:30,160  
yeah so

1656  
00:58:34,069 --> 00:58:32,640  
with no formal education it was it was

1657  
00:58:35,510 --> 00:58:34,079  
it was tough trying to figure this stuff

1658  
00:58:37,910 --> 00:58:35,520  
out and i still haven't figured it out

1659  
00:58:39,430 --> 00:58:37,920  
thank god we do have phds on our team

1660  
00:58:41,349 --> 00:58:39,440  
yeah you know because these guys these

1661  
00:58:42,950 --> 00:58:41,359  
guys are honestly amazing you know i can

1662  
00:58:44,549 --> 00:58:42,960  
keep up with what they're saying i just

1663  
00:58:46,950 --> 00:58:44,559

you know sometimes i gotta they have to

1664

00:58:49,510 --> 00:58:46,960

break it down for me a little bit

1665

00:58:51,750 --> 00:58:49,520

so well let's jump man let's jump from

1666

00:58:53,430 --> 00:58:51,760

that time period to you know the last

1667

00:58:55,829 --> 00:58:53,440

few years when

1668

00:58:57,030 --> 00:58:55,839

you know the story broke 2017 happened

1669

00:59:01,109 --> 00:58:57,040

we've

1670

00:59:03,030 --> 00:59:01,119

how that changed the whole subject of

1671

00:59:05,750 --> 00:59:03,040

ufos and uap

1672

00:59:07,750 --> 00:59:05,760

um so i mean i think as well people

1673

00:59:08,950 --> 00:59:07,760

might know they might not know and i

1674

00:59:10,789 --> 00:59:08,960

don't want to go into it without him

1675

00:59:13,430 --> 00:59:10,799

being here but kevin had

1676  
00:59:14,710 --> 00:59:13,440  
some issues with what he saw over the

1677  
00:59:16,870 --> 00:59:14,720  
years since

1678  
00:59:23,430 --> 00:59:16,880  
um but that did lead him to forming

1679  
00:59:30,230 --> 00:59:25,030  
dog

1680  
00:59:34,069 --> 00:59:31,670  
i think the chat want to meet him as

1681  
00:59:36,150 --> 00:59:34,079  
well liam hey there was someone on here

1682  
00:59:38,309 --> 00:59:36,160  
that was asking he said they said how

1683  
00:59:39,990 --> 00:59:38,319  
did it make us feel after seeing these

1684  
00:59:43,030 --> 00:59:40,000  
things have they been have we been able

1685  
00:59:45,030 --> 00:59:43,040  
to really give it a place for me um

1686  
00:59:49,270 --> 00:59:45,040  
i'm a skeptic of

1687  
00:59:52,390 --> 00:59:50,470  
well even now

1688  
00:59:55,030 --> 00:59:52,400

yeah i mean even not but i i'm not

1689

00:59:57,510 --> 00:59:55,040

saying that i don't i don't believe i've

1690

01:00:00,150 --> 00:59:57,520

never said that

1691

01:00:02,069 --> 01:00:00,160

but i try to rule out every possible

1692

01:00:02,950 --> 01:00:02,079

possible answer

1693

01:00:04,710 --> 01:00:02,960

i mean

1694

01:00:06,630 --> 01:00:04,720

you know

1695

01:00:09,990 --> 01:00:06,640

every

1696

01:00:11,270 --> 01:00:10,000

idea has its place in our own reality

1697

01:00:13,190 --> 01:00:11,280

every idea

1698

01:00:16,630 --> 01:00:13,200

i mean as much as people hate flat

1699

01:00:19,430 --> 01:00:16,640

earthers they have a place in reality

1700

01:00:21,589 --> 01:00:19,440

you know because people need to people

1701

01:00:24,549 --> 01:00:21,599

it's okay to question things

1702

01:00:26,069 --> 01:00:24,559

but you know eventually you

1703

01:00:28,230 --> 01:00:26,079

you've got to come to the to a

1704

01:00:31,829 --> 01:00:28,240

conclusion eventually i'll get into that

1705

01:00:35,960 --> 01:00:33,589

that's kind of where i want to get into

1706

01:00:38,789 --> 01:00:35,970

flat earth

1707

01:00:40,230 --> 01:00:38,799

[Laughter]

1708

01:00:41,829 --> 01:00:40,240

i know what you're saying jason manning

1709

01:00:42,950 --> 01:00:41,839

yeah you're right you are everyone's

1710

01:00:45,349 --> 01:00:42,960

gotta

1711

01:00:47,829 --> 01:00:45,359

question things in their own way right

1712

01:00:51,109 --> 01:00:47,839

and and get you know people people need

1713

01:00:54,549 --> 01:00:52,870

to think about these things even i need

1714

01:00:56,549 --> 01:00:54,559

the opportunity to think about what it

1715

01:00:59,109 --> 01:00:56,559

is that we're seeing and the things that

1716

01:01:01,109 --> 01:00:59,119

we've seen since then and try to

1717

01:01:03,190 --> 01:01:01,119

understand it because yeah sure you know

1718

01:01:07,270 --> 01:01:03,200

you're seeing some lights in the sky or

1719

01:01:11,030 --> 01:01:08,950

a triangle

1720

01:01:13,030 --> 01:01:11,040

on a night vision

1721

01:01:15,270 --> 01:01:13,040

wait is that something you've got

1722

01:01:17,109 --> 01:01:15,280

no

1723

01:01:20,470 --> 01:01:17,119

that was something that was released

1724

01:01:21,990 --> 01:01:20,480

at midnight on tuesday okay oh we're

1725

01:01:22,950 --> 01:01:22,000

talking yeah yeah i'm with you i'm with

1726

01:01:26,630 --> 01:01:22,960

you

1727

01:01:28,710 --> 01:01:26,640

a time where i have to say

1728

01:01:31,030 --> 01:01:28,720

you know what i'm gonna put my my own

1729

01:01:33,190 --> 01:01:31,040

personal beliefs aside yeah

1730

01:01:36,150 --> 01:01:33,200

and then hear people out

1731

01:01:39,190 --> 01:01:36,160

because we as humans we have our own way

1732

01:01:41,910 --> 01:01:39,200

of thinking and we we tend to if anybody

1733

01:01:44,549 --> 01:01:41,920

says something that's completely

1734

01:01:47,030 --> 01:01:44,559

contradicting to what we believe we we

1735

01:01:48,630 --> 01:01:47,040

automatically go on the defense we we

1736

01:01:50,309 --> 01:01:48,640

internalize ourselves and we're saying

1737

01:01:52,390 --> 01:01:50,319

nope this is what i believe

1738

01:01:53,910 --> 01:01:52,400

this is what this is my truth this is

1739

01:01:56,309 --> 01:01:53,920

where i stand

1740

01:01:58,150 --> 01:01:56,319

and we can't do that yeah you know even

1741

01:02:00,230 --> 01:01:58,160

even p and and something that really

1742

01:02:01,510 --> 01:02:00,240

turned me off when i first showed up on

1743

01:02:02,630 --> 01:02:01,520

the scene was

1744

01:02:05,670 --> 01:02:02,640

like

1745

01:02:09,510 --> 01:02:05,680

people were so

1746

01:02:12,950 --> 01:02:11,510

and and you know i'm like you know what

1747

01:02:17,990 --> 01:02:12,960

i

1748

01:02:19,430 --> 01:02:18,000

to be able to

1749

01:02:20,950 --> 01:02:19,440

to talk to him

1750

01:02:22,789 --> 01:02:20,960

when it comes to this

1751

01:02:24,549 --> 01:02:22,799

because at the end of the day

1752

01:02:27,109 --> 01:02:24,559

i just get turned off like when i argue

1753

01:02:29,270 --> 01:02:27,119

with somebody online uh you know i try

1754

01:02:31,589 --> 01:02:29,280

not to even argue um just tell me what

1755

01:02:33,270 --> 01:02:31,599

your point is and that's it

1756

01:02:35,270 --> 01:02:33,280

i don't agree i'm not gonna argue with

1757

01:02:36,789 --> 01:02:35,280

you yeah um absolutely you know if you

1758

01:02:39,109 --> 01:02:36,799

got a good point if you got a good point

1759

01:02:41,190 --> 01:02:39,119

i'll discuss it with you yeah but if we

1760

01:02:43,270 --> 01:02:41,200

start having a circular argument i just

1761

01:02:44,789 --> 01:02:43,280

you'll just see me stop engaging like

1762

01:02:47,029 --> 01:02:44,799

how many feeds did you see me start

1763

01:02:48,789 --> 01:02:47,039

talking and then just disappear yeah

1764

01:02:50,150 --> 01:02:48,799

it's like okay well these these guys are

1765

01:02:53,270 --> 01:02:50,160

literally just going over the same

1766

01:02:55,190 --> 01:02:53,280

[h\_\_h] that they can't know

1767

01:02:57,109 --> 01:02:55,200

over and over again

1768

01:02:58,390 --> 01:02:57,119

until they're blue in the face because

1769

01:03:00,950 --> 01:02:58,400

they just don't want to believe it's

1770

01:03:02,710 --> 01:03:00,960

true i answered a question in the chat a

1771

01:03:04,870 --> 01:03:02,720

couple of like i've been

1772

01:03:06,470 --> 01:03:04,880

talking in the chat with scott brown um

1773

01:03:07,750 --> 01:03:06,480

i appreciate it shout out scott brown

1774

01:03:10,470 --> 01:03:07,760

though thank you for being here scott

1775

01:03:12,390 --> 01:03:10,480

good friend love that yeah we um

1776

01:03:13,990 --> 01:03:12,400

we do plan on visiting hospital but we

1777

01:03:15,750 --> 01:03:14,000

gotta start local man we've got enough

1778

01:03:16,789 --> 01:03:15,760

going on right here just in the united

1779

01:03:19,109 --> 01:03:16,799

states

1780

01:03:20,630 --> 01:03:19,119

you know so like it would be nice to be

1781

01:03:22,630 --> 01:03:20,640

able to travel but

1782

01:03:25,910 --> 01:03:22,640

i i don't see us being able to travel

1783

01:03:27,589 --> 01:03:25,920

anytime within the next you know

1784

01:03:30,390 --> 01:03:27,599

i'm getting passports for me and my

1785

01:03:32,309 --> 01:03:30,400

family

1786

01:03:33,990 --> 01:03:32,319

shout out megan t for the five dollars

1787

01:03:35,430 --> 01:03:34,000

do you think the army or some of the us

1788

01:03:37,910 --> 01:03:35,440

government sector would test this

1789

01:03:40,760 --> 01:03:37,920

technology on the navy though

1790

01:03:44,390 --> 01:03:40,770

all right look at my eyes absolutely

1791

01:03:47,029 --> 01:03:44,400

[Laughter]

1792

01:03:48,549 --> 01:03:47,039

there you go there you go straight up

1793

01:03:50,470 --> 01:03:48,559

outside love it that's what we want to

1794

01:03:51,910 --> 01:03:50,480

hear man so yeah that's that's been

1795

01:03:53,190 --> 01:03:51,920

talked about so many times over there

1796

01:03:54,470 --> 01:03:53,200

over the years that

1797

01:03:55,990 --> 01:03:54,480

people say no of course they wouldn't

1798

01:03:58,870 --> 01:03:56,000

because of the risk and the danger to

1799

01:04:00,630 --> 01:03:58,880

the pilots and people like [\h\_\_\h] yeah

1800

01:04:02,870 --> 01:04:00,640

it's going to be danger of giving giving

1801  
01:04:04,950 --> 01:04:02,880  
untested vaccinations to millions of

1802  
01:04:07,430 --> 01:04:04,960  
troops look at the look at that friggin

1803  
01:04:09,270 --> 01:04:07,440  
cia look at look at it even the army

1804  
01:04:11,430 --> 01:04:09,280  
tested psychedelic drugs on their own

1805  
01:04:13,349 --> 01:04:11,440  
people look how many times they've uh

1806  
01:04:15,670 --> 01:04:13,359  
they they put ships over the top of a

1807  
01:04:17,990 --> 01:04:15,680  
nuclear blast just to see what the

1808  
01:04:20,390 --> 01:04:18,000  
effects of radiation were the nautilus

1809  
01:04:22,390 --> 01:04:20,400  
was a test platform for radiation

1810  
01:04:24,549 --> 01:04:22,400  
containment where most of the original

1811  
01:04:26,069 --> 01:04:24,559  
plank owners died of freaking cancer i

1812  
01:04:27,829 --> 01:04:26,079  
got to take a tour of that when i was

1813  
01:04:30,470 --> 01:04:27,839

going through submarine school

1814

01:04:32,230 --> 01:04:30,480

yeah i lived i lived i lived in uh

1815

01:04:34,069 --> 01:04:32,240

massachusetts

1816

01:04:35,990 --> 01:04:34,079

the very first navy anything i was on

1817

01:04:37,589 --> 01:04:36,000

was the uss nautilus

1818

01:04:41,589 --> 01:04:37,599

whoa

1819

01:04:44,390 --> 01:04:42,950

hey we can do that another time or you

1820

01:04:46,549 --> 01:04:44,400

can do that on my instagram live one

1821

01:04:48,630 --> 01:04:46,559

time you know yeah hey other guys

1822

01:04:50,390 --> 01:04:48,640

i'll pop in on instagram for sure hey

1823

01:04:52,230 --> 01:04:50,400

nice man i always appreciate that you

1824

01:04:55,029 --> 01:04:52,240

know that man i've been getting more and

1825

01:04:56,950 --> 01:04:55,039

more involved with instagram but uh

1826

01:04:58,230 --> 01:04:56,960

still it's still an unknown platform for

1827

01:04:59,349 --> 01:04:58,240

me so i'm kind of feeling my way out

1828

01:05:00,549 --> 01:04:59,359

kind of like twitter twitter when i

1829

01:05:01,589 --> 01:05:00,559

first started i'm like oh what is this

1830

01:05:04,150 --> 01:05:01,599

mess

1831

01:05:05,990 --> 01:05:04,160

how the hell do you even use this why do

1832

01:05:06,789 --> 01:05:06,000

people even bother with this crap and i

1833

01:05:08,230 --> 01:05:06,799

still

1834

01:05:09,910 --> 01:05:08,240

sometimes with all the different sub

1835

01:05:13,349 --> 01:05:09,920

threads and threads because my opinion

1836

01:05:18,630 --> 01:05:16,150

but i will i will i will say though once

1837

01:05:21,349 --> 01:05:18,640

once the voice of reason rings out then

1838

01:05:23,430 --> 01:05:21,359

most people kind of shrink back so

1839

01:05:26,470 --> 01:05:23,440

that's that's where you know that's

1840

01:05:28,870 --> 01:05:26,480

where i'm not always that guy but i'll

1841

01:05:31,430 --> 01:05:28,880

be honest i try to

1842

01:05:32,789 --> 01:05:31,440

try to keep people working together uh

1843

01:05:35,910 --> 01:05:32,799

you know it's like

1844

01:05:37,349 --> 01:05:35,920

you know hey this can't be a ufo

1845

01:05:39,349 --> 01:05:37,359

interview unless we talk about this

1846

01:05:41,190 --> 01:05:39,359

gentleman you know everybody talks about

1847

01:05:43,910 --> 01:05:41,200

mick west all right

1848

01:05:45,750 --> 01:05:43,920

now nobody generally particularly likes

1849

01:05:47,829 --> 01:05:45,760

his opinions or his views but he's like

1850

01:05:48,549 --> 01:05:47,839

the gatekeeper for us you know kind of

1851

01:05:50,390 --> 01:05:48,559

like

1852

01:05:52,150 --> 01:05:50,400

you ever seen that uh

1853

01:05:54,789 --> 01:05:52,160

that that drag racing show where they

1854

01:05:56,470 --> 01:05:54,799

had the farm truck yeah it had a if you

1855

01:05:58,710 --> 01:05:56,480

wanted to drag race any of these big

1856

01:06:00,870 --> 01:05:58,720

dogs you have to you have to go up again

1857

01:06:02,470 --> 01:06:00,880

first you know he's like he's like the

1858

01:06:05,190 --> 01:06:02,480

ufo uh

1859

01:06:06,870 --> 01:06:05,200

the ufo world's farm truck you know if

1860

01:06:08,390 --> 01:06:06,880

you can't if you can't stand up in an

1861

01:06:11,109 --> 01:06:08,400

argument with mick you might as well

1862

01:06:12,950 --> 01:06:11,119

just pack it up and go home

1863

01:06:15,750 --> 01:06:12,960

yeah i spoke to mick live here last week

1864

01:06:17,510 --> 01:06:15,760

man that was a tough tough interview man

1865

01:06:19,510 --> 01:06:17,520

he's just you know he i think he

1866

01:06:21,510 --> 01:06:19,520

frustrates people on purpose just to try

1867

01:06:22,870 --> 01:06:21,520

to get more information you know more

1868

01:06:24,950 --> 01:06:22,880

more than you're willing to give them

1869

01:06:26,470 --> 01:06:24,960

you know because like with us

1870

01:06:29,589 --> 01:06:26,480

we've literally told you everything that

1871

01:06:30,549 --> 01:06:29,599

we know uh shy of system specifics you

1872

01:06:32,470 --> 01:06:30,559

know and

1873

01:06:35,430 --> 01:06:32,480

sorry i can't tell you the actual range

1874

01:06:37,349 --> 01:06:35,440

of our highly classified topical line

1875

01:06:38,870 --> 01:06:37,359

best in the world radar system that's

1876

01:06:40,870 --> 01:06:38,880

protecting our nation

1877

01:06:42,630 --> 01:06:40,880

my bad

1878

01:06:44,710 --> 01:06:42,640

you know i i kind of i kind of like the

1879

01:06:47,589 --> 01:06:44,720

pushback that people like

1880

01:06:50,150 --> 01:06:47,599

that he and other people who are

1881

01:06:53,510 --> 01:06:50,160

questioning things because it

1882

01:06:56,069 --> 01:06:53,520

even for us even for uaex it helps us to

1883

01:06:58,069 --> 01:06:56,079

to raise our game exactly that's what i

1884

01:07:00,230 --> 01:06:58,079

tell people it makes you work harder

1885

01:07:02,230 --> 01:07:00,240

yeah because you know what we're gonna i

1886

01:07:04,150 --> 01:07:02,240

and i started asking those questions the

1887

01:07:05,670 --> 01:07:04,160

last time we were out and i'm like

1888

01:07:07,109 --> 01:07:05,680

you know what this is this has to be

1889

01:07:08,710 --> 01:07:07,119

asked right now

1890

01:07:09,990 --> 01:07:08,720

yeah if mickey sees this if you're if

1891

01:07:11,589 --> 01:07:10,000

you're ever in florida make sure you get

1892

01:07:13,430 --> 01:07:11,599

a hold of me man we'll go have a beer or

1893

01:07:15,190 --> 01:07:13,440

have a drink or whatever

1894

01:07:16,069 --> 01:07:15,200

there you go

1895

01:07:19,029 --> 01:07:16,079

you know

1896

01:07:20,710 --> 01:07:19,039

so listen so yeah guys let's jump to

1897

01:07:22,470 --> 01:07:20,720

those days where this conversation first

1898

01:07:24,710 --> 01:07:22,480

cropped up and where did it come from

1899

01:07:27,270 --> 01:07:24,720

the whole let's form a team let's do

1900

01:07:28,789 --> 01:07:27,280

this the uapx thing where did it start

1901

01:07:30,789 --> 01:07:28,799

let's really dig in and i'm so

1902

01:07:32,309 --> 01:07:30,799

interested to know the finer points and

1903

01:07:34,069 --> 01:07:32,319

how it grew

1904

01:07:36,150 --> 01:07:34,079

well

1905

01:07:37,670 --> 01:07:36,160

uh i remember we

1906

01:07:40,390 --> 01:07:37,680

it was a little bit after we left

1907

01:07:44,390 --> 01:07:40,400

loftland so laughlin

1908

01:07:47,510 --> 01:07:44,400

was when me jason pj and senior chief

1909

01:07:48,710 --> 01:07:47,520

day had made our first public appearance

1910

01:07:51,029 --> 01:07:48,720

about

1911

01:07:53,109 --> 01:07:51,039

um what had happened in o4

1912

01:07:56,390 --> 01:07:53,119

right

1913

01:07:58,309 --> 01:07:56,400

and i remember it was

1914

01:08:01,190 --> 01:07:58,319

not a bad experience but it wasn't a

1915

01:08:02,870 --> 01:08:01,200

good experience either um it was a seven

1916

01:08:06,069 --> 01:08:02,880

day convention

1917

01:08:09,510 --> 01:08:06,079

never again never never

1918

01:08:10,950 --> 01:08:09,520

i i just had a baby

1919

01:08:12,870 --> 01:08:10,960

you know we were trying to we were

1920

01:08:15,029 --> 01:08:12,880

running away from people smoking pot

1921

01:08:17,189 --> 01:08:15,039

everywhere in nevada trying to keep our

1922

01:08:19,269 --> 01:08:17,199

baby out of pot smoke and cigarette

1923

01:08:21,110 --> 01:08:19,279

smoke and you know so basically we have

1924

01:08:22,950 --> 01:08:21,120

to run through the lobby or we'd have to

1925

01:08:25,110 --> 01:08:22,960

run to the convention area where nobody

1926

01:08:27,269 --> 01:08:25,120

could smoke you know so

1927

01:08:29,430 --> 01:08:27,279

it was it was rough

1928

01:08:31,430 --> 01:08:29,440

and then of course i ended up like six

1929

01:08:35,669 --> 01:08:31,440

hundred dollars in the hole well unlike

1930

01:08:38,870 --> 01:08:37,749

he's it's he sits down just blowing

1931

01:08:39,990 --> 01:08:38,880

somebody i don't even know i think it

1932

01:08:41,189 --> 01:08:40,000

was probably a penny machine or

1933

01:08:46,550 --> 01:08:41,199

something but

1934

01:08:49,829 --> 01:08:48,390

i quit playing though and i won yeah i

1935

01:08:51,110 --> 01:08:49,839

kept it oh yeah

1936

01:08:53,030 --> 01:08:51,120

i would i would have i would have done

1937

01:08:54,789 --> 01:08:53,040

the same thing i would have been like

1938

01:08:56,550 --> 01:08:54,799

and you know while you're waiting by

1939

01:08:58,470 --> 01:08:56,560

myself i'll throw a couple of quarters

1940

01:09:00,630 --> 01:08:58,480

in a machine or something just to dank

1941

01:09:02,870 --> 01:09:00,640

around but i'm not a real big gambler so

1942

01:09:04,390 --> 01:09:02,880

yeah yeah that aspect of it was a waste

1943

01:09:06,870 --> 01:09:04,400

for us too you know so we were not

1944

01:09:08,870 --> 01:09:06,880

gamblers we're not real big drinkers

1945

01:09:11,269 --> 01:09:08,880

you know i don't really i don't do drugs

1946

01:09:15,990 --> 01:09:14,070

yeah other than the actual

1947

01:09:18,870 --> 01:09:16,000

food and of course we had no cars so we

1948

01:09:21,189 --> 01:09:18,880

couldn't go and explore the area or

1949

01:09:23,829 --> 01:09:21,199

anything um but

1950

01:09:25,189 --> 01:09:23,839

we uh we ended up uh

1951

01:09:27,749 --> 01:09:25,199

ended up being a really good time you

1952

01:09:29,829 --> 01:09:27,759

know me dave beatty and all of us we

1953

01:09:31,990 --> 01:09:29,839

became pretty close on that trip uh we

1954

01:09:33,990 --> 01:09:32,000

filmed the nimitz encounters

1955

01:09:35,990 --> 01:09:34,000

during that trip can i say something

1956

01:09:38,789 --> 01:09:36,000

about that

1957

01:09:40,709 --> 01:09:38,799

that that interview those interviews

1958

01:09:42,229 --> 01:09:40,719

that you see with all of us were filmed

1959

01:09:44,630 --> 01:09:42,239

at different times

1960

01:09:45,510 --> 01:09:44,640

and we hadn't all kind of gotten again

1961

01:09:47,990 --> 01:09:45,520

this is what a lot of people don't

1962

01:09:51,590 --> 01:09:48,000

understand we hadn't all gotten together

1963

01:09:54,070 --> 01:09:51,600

and talked about our experiences

1964

01:09:55,669 --> 01:09:54,080

sorry somebody's outside

1965

01:09:57,750 --> 01:09:55,679

yeah i got the same problem so he broke

1966

01:09:58,870 --> 01:09:57,760

down across the street we hadn't got

1967

01:10:00,229 --> 01:09:58,880

together

1968

01:10:02,070 --> 01:10:00,239

and and

1969

01:10:03,590 --> 01:10:02,080

so we didn't even have time to even talk

1970

01:10:05,510 --> 01:10:03,600

about

1971

01:10:07,270 --> 01:10:05,520

our part of the story

1972

01:10:10,149 --> 01:10:07,280

so when you hear

1973

01:10:12,470 --> 01:10:10,159

everything all of those interviews

1974

01:10:16,470 --> 01:10:12,480

they're all separate accounts and that

1975

01:10:18,390 --> 01:10:16,480

is about as close to

1976

01:10:20,310 --> 01:10:18,400

where we hadn't all sat down and spoken

1977

01:10:22,470 --> 01:10:20,320

to one another we hadn't i hadn't spoke

1978

01:10:23,910 --> 01:10:22,480

to gary in years

1979

01:10:24,950 --> 01:10:23,920

wow

1980

01:10:28,229 --> 01:10:24,960

you know and

1981

01:10:29,910 --> 01:10:28,239

kevin was the all he had done like

1982

01:10:31,910 --> 01:10:29,920

okay we don't have a relationship we

1983

01:10:35,510 --> 01:10:31,920

didn't have a relationship with kevin

1984

01:10:39,270 --> 01:10:35,520

because he was a senior enlisted yeah

1985

01:10:41,430 --> 01:10:39,280

so at that point like we we

1986

01:10:44,229 --> 01:10:41,440

the hierarchy in the military if if

1987

01:10:45,350 --> 01:10:44,239

people don't understand it is very real

1988

01:10:48,550 --> 01:10:45,360

right and

1989

01:10:49,910 --> 01:10:48,560

chiefs chief and above we just don't

1990

01:10:52,390 --> 01:10:49,920

they well they don't hang out with

1991

01:10:54,310 --> 01:10:52,400

people who are e4

1992

01:10:56,390 --> 01:10:54,320

you know what i mean they're a boss

1993

01:10:58,630 --> 01:10:56,400

yeah yeah yeah so you know i get an

1994

01:11:00,229 --> 01:10:58,640

email from kevin like hey i think you

1995

01:11:01,750 --> 01:11:00,239

should talk to this guy i know you were

1996

01:11:03,350 --> 01:11:01,760

there on the princeton this time blah

1997

01:11:04,950 --> 01:11:03,360

blah blah i think you should i really

1998

01:11:06,149 --> 01:11:04,960

think you should and it took him like

1999

01:11:08,229 --> 01:11:06,159

four months

2000

01:11:11,430 --> 01:11:08,239

before i finally

2001

01:11:13,910 --> 01:11:11,440

i was like okay i'll call it

2002

01:11:16,390 --> 01:11:13,920

and then i talked to dave

2003

01:11:17,830 --> 01:11:16,400

he he asked me about you know my story

2004

01:11:19,189 --> 01:11:17,840

my part of the story

2005

01:11:20,630 --> 01:11:19,199

and then

2006

01:11:22,390 --> 01:11:20,640

next thing you know we're getting flown

2007

01:11:25,350 --> 01:11:22,400

out to nevada

2008

01:11:27,189 --> 01:11:25,360

wow gary and kevin and pj had already

2009

01:11:29,669 --> 01:11:27,199

done their interviews

2010

01:11:32,229 --> 01:11:29,679

and then i was the last one to get there

2011

01:11:34,310 --> 01:11:32,239

and then i went and did my interview

2012

01:11:36,229 --> 01:11:34,320

but at that time we hadn't seen each

2013

01:11:37,669 --> 01:11:36,239

other till that very day

2014

01:11:39,590 --> 01:11:37,679

wow

2015

01:11:42,709 --> 01:11:39,600

so we didn't even have time to like sit

2016

01:11:44,790 --> 01:11:42,719

down and go over the facts of the case

2017

01:11:45,830 --> 01:11:44,800

of this whole thing

2018

01:11:46,950 --> 01:11:45,840

so that

2019

01:11:48,470 --> 01:11:46,960

but that

2020

01:11:54,630 --> 01:11:48,480

a lot of people need to understand that

2021

01:11:58,630 --> 01:11:55,590

un

2022

01:12:00,470 --> 01:11:58,640

rehearsed or not even rehearsed but on

2023

01:12:02,229 --> 01:12:00,480

like where you haven't gotten this idea

2024

01:12:04,470 --> 01:12:02,239

in your mind planted there by someone

2025

01:12:07,990 --> 01:12:04,480

else saying well we could have done this

2026

01:12:09,510 --> 01:12:08,000

yeah that was the only out only our own

2027

01:12:11,669 --> 01:12:09,520

memories period

2028

01:12:13,110 --> 01:12:11,679

yeah our own recollection of what was

2029

01:12:15,430 --> 01:12:13,120

transpiring

2030

01:12:17,189 --> 01:12:15,440

that's good to know as well for us as

2031

01:12:19,430 --> 01:12:17,199

the outsiders that look in have heard

2032

01:12:21,350 --> 01:12:19,440

this story over the years so many times

2033

01:12:23,189 --> 01:12:21,360

to know that you hadn't talked about the

2034

01:12:26,070 --> 01:12:23,199

story together and then all said the

2035

01:12:27,910 --> 01:12:26,080

same thing but it all came separately

2036

01:12:28,790 --> 01:12:27,920

right it's important i think that's

2037

01:12:30,550 --> 01:12:28,800

incredible

2038

01:12:32,630 --> 01:12:30,560

here's another thing with pj the way he

2039

01:12:33,350 --> 01:12:32,640

his added on to this is because he was

2040

01:12:35,510 --> 01:12:33,360

not

2041

01:12:38,310 --> 01:12:35,520

i had no clue who the guy was

2042

01:12:42,310 --> 01:12:40,870

nimitz yeah yeah he's limits you know

2043

01:12:43,750 --> 01:12:42,320

and then all of these things just

2044

01:12:45,510 --> 01:12:43,760

started fitting together then i watched

2045

01:12:48,630 --> 01:12:45,520

dave's

2046

01:12:50,870 --> 01:12:48,640

and i'm like holy crap dude it gave me

2047

01:12:52,470 --> 01:12:50,880

uh it gave me like goosebumps across my

2048

01:12:54,390 --> 01:12:52,480

arm when i watched it because it's like

2049

01:12:56,630 --> 01:12:54,400

oh crap you know it's

2050

01:12:58,070 --> 01:12:56,640

yeah this definitely really did happen

2051

01:12:59,750 --> 01:12:58,080

i'm not right

2052

01:13:01,669 --> 01:12:59,760

so and so i think that's where i think a

2053

01:13:03,350 --> 01:13:01,679

lot of things get lost because you know

2054

01:13:05,350 --> 01:13:03,360

there is so much

2055

01:13:06,630 --> 01:13:05,360

chatter behind the scenes

2056

01:13:08,149 --> 01:13:06,640

that people

2057

01:13:09,590 --> 01:13:08,159

you know like

2058

01:13:11,910 --> 01:13:09,600

they think that we

2059

01:13:14,790 --> 01:13:11,920

talk about these things

2060

01:13:16,550 --> 01:13:14,800

you know prior to

2061

01:13:19,590 --> 01:13:16,560

i didn't know anything about what they

2062

01:13:21,910 --> 01:13:19,600

had said when when he recorded me on

2063

01:13:23,750 --> 01:13:21,920

that long interview that he did

2064

01:13:25,830 --> 01:13:23,760

of each of us

2065

01:13:27,270 --> 01:13:25,840

those are all separate interviews

2066

01:13:30,870 --> 01:13:27,280

yeah

2067

01:13:33,030 --> 01:13:30,880

you know and and i had showed up on the

2068

01:13:35,669 --> 01:13:33,040

i gusty y'all i think gary you did your

2069

01:13:36,550 --> 01:13:35,679

interview the day before i got there

2070

01:13:38,149 --> 01:13:36,560

yeah

2071

01:13:39,590 --> 01:13:38,159

we went out

2072

01:13:41,110 --> 01:13:39,600

who was it that was together was it you

2073

01:13:41,990 --> 01:13:41,120

and kevin that were together

2074

01:13:44,630 --> 01:13:42,000

yeah

2075

01:13:45,270 --> 01:13:44,640

so pj was separate you and kevin we did

2076

01:13:49,189 --> 01:13:45,280

our

2077

01:13:50,310 --> 01:13:49,199

separately and then we just did some

2078

01:13:51,430 --> 01:13:50,320

some

2079

01:13:56,310 --> 01:13:51,440

b-roll

2080

01:13:59,430 --> 01:13:56,320

stuff and just kind of hanging out

2081

01:14:01,510 --> 01:13:59,440

right so then then i show up and i you

2082

01:14:03,189 --> 01:14:01,520

know when i got there i could take you

2083

01:14:05,270 --> 01:14:03,199

through the whole thing it took forever

2084

01:14:07,110 --> 01:14:05,280

to get from the airport down there and

2085

01:14:09,350 --> 01:14:07,120

i'm like who are all these people asking

2086

01:14:10,950 --> 01:14:09,360

me questions like who i'm riding with

2087

01:14:12,229 --> 01:14:10,960

it's like yeah man i'm gonna get you

2088

01:14:13,750 --> 01:14:12,239

this and you can talk about this and

2089

01:14:15,030 --> 01:14:13,760

then i'm like who are you i don't know

2090

01:14:19,189 --> 01:14:15,040

who you are

2091

01:14:23,030 --> 01:14:20,950

i i just want people to understand that

2092

01:14:24,630 --> 01:14:23,040

is the freshest interview you'll ever

2093

01:14:27,110 --> 01:14:24,640

get from any of us

2094

01:14:29,590 --> 01:14:27,120

because we hadn't spoken about it

2095

01:14:33,110 --> 01:14:29,600

now that night

2096

01:14:35,750 --> 01:14:33,120

we sat down and we're like bro

2097

01:14:38,470 --> 01:14:35,760

look where we're at you know look

2098

01:14:40,229 --> 01:14:38,480

holy crap this is like we're finally

2099

01:14:43,750 --> 01:14:40,239

able to talk about this

2100

01:14:46,149 --> 01:14:43,760

openly openly and and without fear

2101

01:14:47,590 --> 01:14:46,159

without ridicule

2102

01:14:50,070 --> 01:14:47,600

you know so then

2103

01:14:52,550 --> 01:14:50,080

like that next day or the day after when

2104

01:14:54,470 --> 01:14:52,560

we actually went up on stage

2105

01:14:56,630 --> 01:14:54,480

and we're talking about this that's when

2106

01:14:58,390 --> 01:14:56,640

reality kind of really set in for me

2107

01:15:00,229 --> 01:14:58,400

that this is real it wasn't the

2108

01:15:02,310 --> 01:15:00,239

interviews it wasn't the getting on

2109

01:15:05,669 --> 01:15:02,320

there and just telling my story it was

2110

01:15:10,709 --> 01:15:07,830

this is really happening that's big

2111

01:15:12,709 --> 01:15:10,719

that's big man a big feeling yeah it was

2112

01:15:15,030 --> 01:15:12,719

a great feeling because it

2113

01:15:17,270 --> 01:15:15,040

it allowed it to get out everything that

2114

01:15:19,669 --> 01:15:17,280

you've internalized for all these years

2115

01:15:21,030 --> 01:15:19,679

yeah finally be able to say here's my

2116

01:15:22,550 --> 01:15:21,040

story

2117

01:15:24,149 --> 01:15:22,560

you know

2118

01:15:26,070 --> 01:15:24,159

whether you believe what i'm saying or

2119

01:15:27,270 --> 01:15:26,080

not i couldn't care less yeah but you

2120

01:15:29,510 --> 01:15:27,280

felt that weight lifted off your

2121

01:15:31,510 --> 01:15:29,520

shoulders

2122

01:15:33,270 --> 01:15:31,520

and that's important for you and but all

2123

01:15:34,390 --> 01:15:33,280

of you guys i'd imagine i'm just going

2124

01:15:35,990 --> 01:15:34,400

to give a quick shout out to michael

2125

01:15:37,910 --> 01:15:36,000

crawford thank you so much for the five

2126  
01:15:39,750 --> 01:15:37,920  
dollars so where were you guys aware of

2127  
01:15:41,350 --> 01:15:39,760  
the ability to track these objects by

2128  
01:15:42,950 --> 01:15:41,360  
their signals that they might have been

2129  
01:15:44,470 --> 01:15:42,960  
giving off

2130  
01:15:46,630 --> 01:15:44,480  
um

2131  
01:15:47,910 --> 01:15:46,640  
no i'm aware of that ability uh

2132  
01:15:49,189 --> 01:15:47,920  
depending on what signals you're talking

2133  
01:15:52,310 --> 01:15:49,199  
about if you're talking about em or

2134  
01:15:53,990 --> 01:15:52,320  
you're talking about uh you know rf are

2135  
01:15:55,750 --> 01:15:54,000  
you talking about

2136  
01:15:57,750 --> 01:15:55,760  
um you know

2137  
01:15:59,590 --> 01:15:57,760  
uh somewhere you know so some type of

2138  
01:16:02,550 --> 01:15:59,600

sonar you know

2139

01:16:04,070 --> 01:16:02,560

uh yes uh

2140

01:16:06,470 --> 01:16:04,080

i was already you know i knew what the

2141

01:16:07,830 --> 01:16:06,480

uws do i knew i know what all my other

2142

01:16:10,149 --> 01:16:07,840

shipmates did

2143

01:16:13,430 --> 01:16:10,159

so i know the capabilities

2144

01:16:16,070 --> 01:16:13,440

can i discuss them no no um i do know

2145

01:16:18,709 --> 01:16:16,080

that the people on the

2146

01:16:22,149 --> 01:16:18,719

hawkeye which would have had direct

2147

01:16:23,910 --> 01:16:22,159

uh you know em readings and our ews and

2148

01:16:25,910 --> 01:16:23,920

our sonar guys are all under

2149

01:16:26,790 --> 01:16:25,920

non-disclosure so i'm guessing they got

2150

01:16:29,350 --> 01:16:26,800

something

2151

01:16:32,550 --> 01:16:29,360

and i know the sonar guys did so i'm

2152

01:16:34,149 --> 01:16:32,560

assuming anybody with a nda had tracked

2153

01:16:36,390 --> 01:16:34,159

something that they don't want to get

2154

01:16:39,910 --> 01:16:36,400

out or some type of information that

2155

01:16:41,990 --> 01:16:39,920

they didn't want public knowledge

2156

01:16:43,990 --> 01:16:42,000

that's big man just to think of all

2157

01:16:45,590 --> 01:16:44,000

these different data collection points

2158

01:16:47,270 --> 01:16:45,600

that are still out there and still

2159

01:16:49,270 --> 01:16:47,280

classified

2160

01:16:51,350 --> 01:16:49,280

well and that and i think that's where a

2161

01:16:52,790 --> 01:16:51,360

lot you know i've made a post on twitter

2162

01:16:54,149 --> 01:16:52,800

the other day that you know the

2163

01:16:56,790 --> 01:16:54,159

government's not going to give this to

2164

01:16:57,590 --> 01:16:56,800

us no at all ever

2165

01:16:59,910 --> 01:16:57,600

and

2166

01:17:02,709 --> 01:16:59,920

we have got to

2167

01:17:03,430 --> 01:17:02,719

come together as a community

2168

01:17:11,350 --> 01:17:03,440

and

2169

01:17:13,510 --> 01:17:11,360

here is to to be able to

2170

01:17:17,270 --> 01:17:13,520

to get things that are peer reviewed but

2171

01:17:19,270 --> 01:17:17,280

then also give people the

2172

01:17:21,669 --> 01:17:19,280

the data because that's the one thing

2173

01:17:25,510 --> 01:17:21,679

that the government is is being very

2174

01:17:29,350 --> 01:17:27,910

tight-lipped about is the data yeah you

2175

01:17:31,590 --> 01:17:29,360

know so

2176

01:17:33,110 --> 01:17:31,600

being able to collect our own data

2177

01:17:34,709 --> 01:17:33,120

there's nothing that says we can't do

2178

01:17:35,910 --> 01:17:34,719

that

2179

01:17:39,270 --> 01:17:35,920

absolutely

2180

01:17:42,550 --> 01:17:39,280

so why not do it you know and um

2181

01:17:44,790 --> 01:17:42,560

i think that's that's where we need to

2182

01:17:47,669 --> 01:17:44,800

all figure it out you know people the

2183

01:17:50,709 --> 01:17:47,679

the infighting needs to stop uh

2184

01:17:52,390 --> 01:17:50,719

yeah you know people people

2185

01:17:53,270 --> 01:17:52,400

if people would just share what they

2186

01:17:54,790 --> 01:17:53,280

have

2187

01:17:58,070 --> 01:17:54,800

and i'm not talking you know just the

2188

01:17:59,350 --> 01:17:58,080

regular regular joe on the street who

2189

01:18:01,430 --> 01:17:59,360

you know

2190

01:18:03,430 --> 01:18:01,440

i'm talking about the people who have

2191

01:18:05,750 --> 01:18:03,440

put put their work in

2192

01:18:07,830 --> 01:18:05,760

and the people who have collected data

2193

01:18:09,270 --> 01:18:07,840

yeah people are sitting on this stuff

2194

01:18:11,750 --> 01:18:09,280

for whatever reason

2195

01:18:13,910 --> 01:18:11,760

you know and and i i feel like we've got

2196

01:18:15,990 --> 01:18:13,920

to we've got to

2197

01:18:17,910 --> 01:18:16,000

if we're ever going to make strides

2198

01:18:19,510 --> 01:18:17,920

it's going to have to be collectively

2199

01:18:21,030 --> 01:18:19,520

yeah yeah

2200

01:18:23,590 --> 01:18:21,040

i'm at the point now where i'm not going

2201  
01:18:25,910 --> 01:18:23,600  
to wait for the government to hand it

2202  
01:18:28,229 --> 01:18:25,920  
over i don't expect they're going to

2203  
01:18:31,910 --> 01:18:28,239  
hand over any actual information except

2204  
01:18:35,189 --> 01:18:31,920  
for anything from the 2004 event on

2205  
01:18:36,310 --> 01:18:35,199  
um too much liability too much uh

2206  
01:18:40,790 --> 01:18:36,320  
too many

2207  
01:18:41,830 --> 01:18:40,800  
even there's loose threads even with our

2208  
01:18:43,830 --> 01:18:41,840  
with our

2209  
01:18:46,310 --> 01:18:43,840  
situation so

2210  
01:18:52,390 --> 01:18:49,270  
it's just a matter of they will release

2211  
01:18:54,229 --> 01:18:52,400  
other things now remember

2212  
01:18:55,830 --> 01:18:54,239  
think about all of the jets that are in

2213  
01:18:57,590 --> 01:18:55,840

the air at all times

2214

01:18:59,270 --> 01:18:57,600

you know think of all the jets that were

2215

01:19:00,870 --> 01:18:59,280

in the air just that day

2216

01:19:02,070 --> 01:19:00,880

yeah every single one of them has a

2217

01:19:05,189 --> 01:19:02,080

camera

2218

01:19:09,350 --> 01:19:07,030

there's no doubt in my mind there's

2219

01:19:11,590 --> 01:19:09,360

thousands of hours of these things just

2220

01:19:13,510 --> 01:19:11,600

sitting somewhere being analyzed

2221

01:19:15,990 --> 01:19:13,520

once they're analyzed cataloged they're

2222

01:19:18,470 --> 01:19:16,000

either probably destroyed or sent

2223

01:19:21,030 --> 01:19:18,480

to some type of cold storage yeah

2224

01:19:23,030 --> 01:19:21,040

they're not you know these things

2225

01:19:24,390 --> 01:19:23,040

you know they have yeah

2226

01:19:26,950 --> 01:19:24,400

i wouldn't be surprised if they still

2227

01:19:27,750 --> 01:19:26,960

don't know what they are

2228

01:19:30,070 --> 01:19:27,760

but

2229

01:19:31,270 --> 01:19:30,080

i'm i won't be surprised the fact that

2230

01:19:33,669 --> 01:19:31,280

they have

2231

01:19:35,510 --> 01:19:33,679

way more you know they're so far ahead

2232

01:19:37,510 --> 01:19:35,520

of us and you know

2233

01:19:39,510 --> 01:19:37,520

being able to analyze this stuff you

2234

01:19:41,189 --> 01:19:39,520

know they they've got the real videos

2235

01:19:42,870 --> 01:19:41,199

they've got the you know they can

2236

01:19:44,709 --> 01:19:42,880

they've got the metadata they've got the

2237

01:19:46,950 --> 01:19:44,719

radar tracks they've got the the

2238

01:19:48,550 --> 01:19:46,960

environmentalist you know data you know

2239

01:19:51,030 --> 01:19:48,560

they know what kind of radiation these

2240

01:19:52,470 --> 01:19:51,040

things are shutting off you know we

2241

01:19:53,750 --> 01:19:52,480

we could use that

2242

01:19:55,590 --> 01:19:53,760

yeah i mean we're having to figure

2243

01:19:57,350 --> 01:19:55,600

things out ourselves

2244

01:19:59,669 --> 01:19:57,360

because

2245

01:20:00,470 --> 01:19:59,679

you know i mean even you know even with

2246

01:20:02,229 --> 01:20:00,480

our

2247

01:20:03,910 --> 01:20:02,239

stuff you know we're literally doing the

2248

01:20:05,669 --> 01:20:03,920

russia technique throw everything at it

2249

01:20:07,990 --> 01:20:05,679

and see what sticks

2250

01:20:09,910 --> 01:20:08,000

you know hey best way surely we get

2251

01:20:11,990 --> 01:20:09,920

something yeah and we've we've gotten

2252

01:20:14,229 --> 01:20:12,000

some leeway we can't we can't talk about

2253

01:20:15,189 --> 01:20:14,239

what we're doing yet um

2254

01:20:16,149 --> 01:20:15,199

but

2255

01:20:19,350 --> 01:20:16,159

i know

2256

01:20:21,030 --> 01:20:19,360

our community hears that a lot um

2257

01:20:22,310 --> 01:20:21,040

but there's two reasons

2258

01:20:24,870 --> 01:20:22,320

just yeah i was just going to say can

2259

01:20:26,470 --> 01:20:24,880

you explain why because i know why and i

2260

01:20:28,310 --> 01:20:26,480

think that's fine and i think everyone

2261

01:20:30,709 --> 01:20:28,320

needs to know that so there's no so the

2262

01:20:32,790 --> 01:20:30,719

primary reason is i need to give you

2263

01:20:35,270 --> 01:20:32,800

know we've got real scientists on our

2264

01:20:37,270 --> 01:20:35,280

team real phds that are doing

2265

01:20:39,030 --> 01:20:37,280

the white papers for us on the data that

2266

01:20:41,189 --> 01:20:39,040

we've collected

2267

01:20:43,990 --> 01:20:41,199

and we have to be able to give these

2268

01:20:46,470 --> 01:20:44,000

people the time to do

2269

01:20:47,990 --> 01:20:46,480

their analyzing of this data to see what

2270

01:20:48,870 --> 01:20:48,000

we have

2271

01:20:49,750 --> 01:20:48,880

um

2272

01:20:52,550 --> 01:20:49,760

but

2273

01:20:53,830 --> 01:20:52,560

once they're done we'll be past the nda

2274

01:20:56,229 --> 01:20:53,840

that we're in

2275

01:20:57,750 --> 01:20:56,239

we'll be passed all that stuff and as

2276

01:20:59,910 --> 01:20:57,760

soon as they're they have a published

2277

01:21:01,189 --> 01:20:59,920

paper and they are are done with the

2278

01:21:03,750 --> 01:21:01,199

data

2279

01:21:05,590 --> 01:21:03,760

um i'm giving it to everybody

2280

01:21:07,189 --> 01:21:05,600

we as a company we've already talked

2281

01:21:09,510 --> 01:21:07,199

about it we're not gonna we're not gonna

2282

01:21:11,750 --> 01:21:09,520

say okay well you know we'll give you

2283

01:21:14,870 --> 01:21:11,760

these important files that we found you

2284

01:21:16,229 --> 01:21:14,880

know no we're gonna give everything i've

2285

01:21:18,709 --> 01:21:16,239

already started talking with people in

2286

01:21:20,070 --> 01:21:18,719

the industry on how to disseminate this

2287

01:21:21,830 --> 01:21:20,080

worldwide

2288

01:21:24,310 --> 01:21:21,840

you know and we're not talking any

2289

01:21:25,669 --> 01:21:24,320

smoking guns here but we're talking

2290

01:21:27,750 --> 01:21:25,679

real research

2291

01:21:30,629 --> 01:21:27,760

things that people can spend years

2292

01:21:32,229 --> 01:21:30,639

combing through and see gary like here

2293

01:21:35,030 --> 01:21:32,239

priscilla stone

2294

01:21:36,870 --> 01:21:35,040

had asked the question um how do you

2295

01:21:38,870 --> 01:21:36,880

suggest the regular joes handle

2296

01:21:40,550 --> 01:21:38,880

sightings and that's a good question

2297

01:21:43,910 --> 01:21:40,560

like

2298

01:21:46,550 --> 01:21:43,920

it up to guess what i saw one um

2299

01:21:48,229 --> 01:21:46,560

like if i saw something like what am i

2300

01:21:49,830 --> 01:21:48,239

supposed to do with that information

2301

01:21:51,669 --> 01:21:49,840

well yeah

2302

01:21:53,350 --> 01:21:51,679

i love her question about that like what

2303

01:21:54,709 --> 01:21:53,360

are people supposed to do about it i

2304

01:21:55,510 --> 01:21:54,719

don't know unless they're gonna keep

2305

01:21:57,590 --> 01:21:55,520

like

2306

01:21:59,510 --> 01:21:57,600

an rf meter next to them so they can

2307

01:22:01,189 --> 01:21:59,520

channel you know scan all the rf

2308

01:22:03,270 --> 01:22:01,199

frequencies at the same time unless

2309

01:22:05,990 --> 01:22:03,280

they're doing research i mean other than

2310

01:22:07,510 --> 01:22:06,000

reporting where it was

2311

01:22:09,189 --> 01:22:07,520

you just got to be lucky that you saw

2312

01:22:12,870 --> 01:22:09,199

one or unlucky that you saw one

2313

01:22:16,070 --> 01:22:14,390

literally

2314

01:22:17,350 --> 01:22:16,080

i'm always interested in hearing a good

2315

01:22:20,070 --> 01:22:17,360

story

2316

01:22:22,310 --> 01:22:20,080

but unless you've got some hard data for

2317

01:22:24,149 --> 01:22:22,320

me it's not really going to actually

2318

01:22:25,430 --> 01:22:24,159

help other than to let us know where

2319

01:22:27,030 --> 01:22:25,440

where we should

2320

01:22:29,189 --> 01:22:27,040

you know go look

2321

01:22:31,270 --> 01:22:29,199

yeah um you know the only thing that

2322

01:22:34,550 --> 01:22:31,280

stories tell us is

2323

01:22:36,310 --> 01:22:34,560

where the hot spots are and ironically

2324

01:22:37,669 --> 01:22:36,320

they were just were you know sometimes

2325

01:22:38,870 --> 01:22:37,679

they're not what people are but a lot of

2326

01:22:40,149 --> 01:22:38,880

times they're just where there's a lot

2327

01:22:42,550 --> 01:22:40,159

of people

2328

01:22:44,870 --> 01:22:42,560

you know when you look at the the the

2329

01:22:46,149 --> 01:22:44,880

multiple sightings in you know

2330

01:22:48,709 --> 01:22:46,159

in the canal

2331

01:22:50,950 --> 01:22:48,719

between catalina and california it

2332

01:22:53,030 --> 01:22:50,960

happens to fall the same time during big

2333

01:22:54,950 --> 01:22:53,040

tour season well what's out there at

2334

01:22:55,910 --> 01:22:54,960

that time tourists looking in the sky at

2335

01:22:58,070 --> 01:22:55,920

the beach

2336

01:23:00,870 --> 01:22:58,080

you know so yeah it's not it's not it's

2337

01:23:02,790 --> 01:23:00,880

not surprising that there's more

2338

01:23:04,950 --> 01:23:02,800

events there you know

2339

01:23:07,270 --> 01:23:04,960

but i have a feeling that you know this

2340

01:23:08,390 --> 01:23:07,280

is going on around us at all times and

2341

01:23:11,510 --> 01:23:08,400

we just

2342

01:23:13,350 --> 01:23:11,520

are now starting to be able to just

2343

01:23:14,390 --> 01:23:13,360

joe what's that little chip in the paint

2344

01:23:17,030 --> 01:23:14,400

no look

2345

01:23:18,390 --> 01:23:17,040

oh [h\_\_h] what the [h\_\_h]

2346

01:23:20,229 --> 01:23:18,400

you know we're starting to we're

2347

01:23:22,550 --> 01:23:20,239

starting to see things that we didn't

2348

01:23:23,830 --> 01:23:22,560

ever perceive before and

2349

01:23:25,189 --> 01:23:23,840

you know now that we're knocking on the

2350

01:23:28,790 --> 01:23:25,199

door

2351

01:23:30,310 --> 01:23:28,800

close pandora's box is already open now

2352

01:23:32,950 --> 01:23:30,320

at this point

2353

01:23:34,790 --> 01:23:32,960

so now we just gotta keep prying it and

2354

01:23:35,590 --> 01:23:34,800

you know just be careful what you wish

2355

01:23:38,149 --> 01:23:35,600

for

2356

01:23:39,750 --> 01:23:38,159

i'm not i'm not a doom and gloomer but

2357

01:23:41,110 --> 01:23:39,760

you know they're very well you know i'm

2358

01:23:42,229 --> 01:23:41,120

going to go ahead and say it for the

2359

01:23:45,110 --> 01:23:42,239

record if

2360

01:23:48,550 --> 01:23:45,120

there is alien presence on this planet

2361

01:23:50,310 --> 01:23:48,560

a they've always been here yeah and b

2362

01:23:51,910 --> 01:23:50,320

guess what

2363

01:23:55,590 --> 01:23:51,920

we're the native americans in this in

2364

01:24:00,390 --> 01:23:57,750

right they probably own the earth or

2365

01:24:02,390 --> 01:24:00,400

have rights to the earth or something of

2366

01:24:03,830 --> 01:24:02,400

that nature i mean yeah you know they

2367

01:24:05,430 --> 01:24:03,840

play on a galactic scale they don't play

2368

01:24:07,430 --> 01:24:05,440

in your backyard

2369

01:24:10,310 --> 01:24:07,440

you're a kid to them you're you're an

2370

01:24:11,750 --> 01:24:10,320

advanced primate to them yeah ooh cool

2371

01:24:13,430 --> 01:24:11,760

look these people these these ones are

2372

01:24:17,750 --> 01:24:13,440

building simple tools

2373

01:24:22,070 --> 01:24:19,990

they're talking about our capability of

2374

01:24:23,669 --> 01:24:22,080

you know blowing ourselves up oh wow

2375

01:24:25,590 --> 01:24:23,679

look they finally figured out a way to

2376

01:24:27,030 --> 01:24:25,600

destroy their entire planet all in one

2377

01:24:27,830 --> 01:24:27,040

swoop

2378

01:24:29,110 --> 01:24:27,840

yeah

2379

01:24:30,550 --> 01:24:29,120

so listen gary

2380

01:24:32,550 --> 01:24:30,560

one thing i'm not going to do is i'm not

2381

01:24:33,990 --> 01:24:32,560

going to dig now into uapx because we've

2382

01:24:35,910 --> 01:24:34,000

been told we know that you're doing

2383

01:24:37,350 --> 01:24:35,920

things and you can't talk about it yeah

2384

01:24:39,189 --> 01:24:37,360

one thing i will say is that when i was

2385

01:24:40,470 --> 01:24:39,199

doing my research this week looking into

2386

01:24:42,550 --> 01:24:40,480

both you guys

2387

01:24:45,030 --> 01:24:42,560

i came across the poster

2388

01:24:47,669 --> 01:24:45,040

for the new documentary

2389

01:24:49,750 --> 01:24:47,679

and am i right is it tear in the sky

2390

01:24:51,189 --> 01:24:49,760

tearing us oh yeah terrance guy tear in

2391

01:24:52,390 --> 01:24:51,199

the sky however you want to pronounce it

2392

01:24:54,629 --> 01:24:52,400

yeah i was gonna say i wasn't sure which

2393

01:24:56,229 --> 01:24:54,639

one it was but yeah that's fine so can

2394

01:24:58,390 --> 01:24:56,239

you give us any indication about when

2395

01:24:59,910 --> 01:24:58,400

it's going to possibly be released i

2396

01:25:00,870 --> 01:24:59,920

know it's is it in post-production right

2397

01:25:02,149 --> 01:25:00,880

now

2398

01:25:03,990 --> 01:25:02,159

yeah

2399

01:25:05,270 --> 01:25:04,000

that's fair enough about it hey no

2400

01:25:07,270 --> 01:25:05,280

problem at all man

2401

01:25:09,590 --> 01:25:07,280

there is a uh there is a website for it

2402

01:25:11,110 --> 01:25:09,600

that you can google um then that'll keep

2403

01:25:13,430 --> 01:25:11,120

you updated

2404

01:25:15,990 --> 01:25:13,440

um so if you if you google that i think

2405

01:25:17,270 --> 01:25:16,000

it's still up is it still up jason yeah

2406

01:25:19,430 --> 01:25:17,280

yeah could you share that address for

2407

01:25:21,110 --> 01:25:19,440

this um

2408

01:25:22,950 --> 01:25:21,120

i don't know if i have it on i'll tell

2409

01:25:24,310 --> 01:25:22,960

you what send it to me later and i can

2410

01:25:25,750 --> 01:25:24,320

pop it in the description below that

2411

01:25:27,750 --> 01:25:25,760

would be amazing if you could i'd love

2412

01:25:30,149 --> 01:25:27,760

to i think it's a tear in the sky calm

2413

01:25:31,669 --> 01:25:30,159

if i'm not mistaken yeah okay that'd be

2414

01:25:36,310 --> 01:25:31,679

awesome let me just do a little google

2415

01:25:40,149 --> 01:25:38,229

actually if you go imdb it's got it

2416

01:25:41,590 --> 01:25:40,159

should have a link right to it yeah it's

2417

01:25:43,750 --> 01:25:41,600

already it's already

2418

01:25:46,149 --> 01:25:43,760

we're already listed as as uh you know

2419

01:25:47,270 --> 01:25:46,159

being in that movie yeah yeah no no

2420

01:25:49,350 --> 01:25:47,280

that's the thing that's why i came

2421

01:25:51,510 --> 01:25:49,360

across your name gary on there and then

2422

01:25:53,830 --> 01:25:51,520

i saw tara and this guy saw the poster i

2423

01:25:55,350 --> 01:25:53,840

was like okay i'd not heard about it i

2424

01:25:57,030 --> 01:25:55,360

knew you guys were working on something

2425

01:25:59,510 --> 01:25:57,040

along those lines but

2426  
01:26:02,790 --> 01:25:59,520  
there you go thank you jason yeah tear

2427  
01:26:04,229 --> 01:26:02,800  
on the sky dot com this works out

2428  
01:26:06,870 --> 01:26:04,239  
that's interesting that's an interesting

2429  
01:26:08,709 --> 01:26:06,880  
poster as well man

2430  
01:26:11,030 --> 01:26:08,719  
so exciting man and this is the thing i

2431  
01:26:12,229 --> 01:26:11,040  
hope that when you guys are able to talk

2432  
01:26:13,669 --> 01:26:12,239  
that you'd

2433  
01:26:15,510 --> 01:26:13,679  
come back on and talk to me about it

2434  
01:26:17,189 --> 01:26:15,520  
that'd be amazing yeah we'll just leave

2435  
01:26:19,110 --> 01:26:17,199  
it to her to talk about it right now

2436  
01:26:20,950 --> 01:26:19,120  
yeah she deals with all the promotion

2437  
01:26:23,110 --> 01:26:20,960  
for that we don't we don't deal with any

2438  
01:26:24,149 --> 01:26:23,120

of the promotion for it we're just

2439

01:26:29,750 --> 01:26:24,159

you know

2440

01:26:31,110 --> 01:26:29,760

yeah and that's something people people

2441

01:26:32,470 --> 01:26:31,120

need to understand since we've been out

2442

01:26:34,790 --> 01:26:32,480

there um

2443

01:26:36,790 --> 01:26:34,800

it's going on almost a month now we're

2444

01:26:38,629 --> 01:26:36,800

still sifting through

2445

01:26:39,590 --> 01:26:38,639

terabytes of data that we collect we

2446

01:26:40,629 --> 01:26:39,600

collected

2447

01:26:43,110 --> 01:26:40,639

over a

2448

01:26:44,470 --> 01:26:43,120

you know half or a week long

2449

01:26:46,229 --> 01:26:44,480

so we've got we don't need to discuss

2450

01:26:52,550 --> 01:26:46,239

the details of it jason yeah it's not

2451

01:26:56,470 --> 01:26:54,070

it's all good we appreciate it it's just

2452

01:26:58,070 --> 01:26:56,480

sometimes you know some things you know

2453

01:27:00,070 --> 01:26:58,080

they're not going to care about and you

2454

01:27:02,310 --> 01:27:00,080

know other things you're skirting you're

2455

01:27:04,229 --> 01:27:02,320

skirting the line and i just rather play

2456

01:27:05,669 --> 01:27:04,239

it safe for now yeah

2457

01:27:07,270 --> 01:27:05,679

when it's available

2458

01:27:10,229 --> 01:27:07,280

we'll talk about it people just gonna

2459

01:27:11,510 --> 01:27:10,239

have to hold tight man hold tight

2460

01:27:12,790 --> 01:27:11,520

but we're not gonna oh and we're not

2461

01:27:14,470 --> 01:27:12,800

gonna pull any of that thing where we

2462

01:27:17,110 --> 01:27:14,480

just release a little bit at a time

2463

01:27:18,790 --> 01:27:17,120

either right it won't be on high noon

2464

01:27:20,390 --> 01:27:18,800

anytime it'll just be

2465

01:27:22,310 --> 01:27:20,400

literally as soon as i can get the damn

2466

01:27:23,830 --> 01:27:22,320

thing working to send it to you guys you

2467

01:27:25,750 --> 01:27:23,840

know yeah

2468

01:27:27,030 --> 01:27:25,760

we appreciate that man but listen guys

2469

01:27:28,870 --> 01:27:27,040

we're about to hit the hour and a half

2470

01:27:30,310 --> 01:27:28,880

mark um i won't keep you for your day

2471

01:27:33,189 --> 01:27:30,320

any longer i really appreciate you

2472

01:27:35,510 --> 01:27:33,199

joining me one thing i will say as jason

2473

01:27:37,270 --> 01:27:35,520

can probably back me up on this we have

2474

01:27:39,350 --> 01:27:37,280

conversations over on instagram live

2475

01:27:40,709 --> 01:27:39,360

gary you said you were getting more

2476

01:27:42,550 --> 01:27:40,719

involved with the platform we'd love to

2477

01:27:44,790 --> 01:27:42,560

have you there sometime over on my page

2478

01:27:46,550 --> 01:27:44,800

we just it's a lot more mellow than it

2479

01:27:48,149 --> 01:27:46,560

is on these youtube interviews we just

2480

01:27:50,149 --> 01:27:48,159

found out

2481

01:27:51,270 --> 01:27:50,159

we do jason you can back me up on that

2482

01:27:53,430 --> 01:27:51,280

man we just

2483

01:27:55,110 --> 01:27:53,440

shoot the [h\_\_h] and chat like regular

2484

01:27:57,750 --> 01:27:55,120

dudes about anything it didn't even have

2485

01:27:58,950 --> 01:27:57,760

to be uap related no i don't i i just do

2486

01:28:00,870 --> 01:27:58,960

it all through my phone you know what i

2487

01:28:02,550 --> 01:28:00,880

mean yeah so we'd love to you to join us

2488

01:28:03,910 --> 01:28:02,560

on there sometime gary it would be it'd

2489

01:28:06,390 --> 01:28:03,920

be awesome to have you there on that

2490

01:28:09,590 --> 01:28:06,400

platform as well my man so it's not all

2491

01:28:11,590 --> 01:28:09,600

stable and in front of a actual

2492

01:28:12,550 --> 01:28:11,600

yeah it's just chilling man it is what

2493

01:28:14,390 --> 01:28:12,560

it is

2494

01:28:16,390 --> 01:28:14,400

yeah but listen guys i want to just say

2495

01:28:18,629 --> 01:28:16,400

thank you both for everything for for

2496

01:28:20,950 --> 01:28:18,639

agreeing to join me and share your story

2497

01:28:22,550 --> 01:28:20,960

with us um it's so appreciated and we i

2498

01:28:24,149 --> 01:28:22,560

i personally i can't wait to see what

2499

01:28:25,990 --> 01:28:24,159

you apx comes out with in the future i

2500

01:28:28,390 --> 01:28:26,000

know it's early days but i'm sure it's

2501

01:28:30,870 --> 01:28:28,400

going to be incredible stuff your team

2502

01:28:34,790 --> 01:28:30,880

is i will uh i will address one more

2503

01:28:36,790 --> 01:28:34,800

thing um good we we don't go into ce5 uh

2504

01:28:37,910 --> 01:28:36,800

we don't we don't deal with any of the

2505

01:28:40,390 --> 01:28:37,920

uh

2506

01:28:41,430 --> 01:28:40,400

the consciousness side of the phenomenon

2507

01:28:43,669 --> 01:28:41,440

um

2508

01:28:45,270 --> 01:28:43,679

we are dealing with just things that we

2509

01:28:47,750 --> 01:28:45,280

can actually analyze

2510

01:28:50,470 --> 01:28:47,760

yeah um

2511

01:28:53,430 --> 01:28:50,480

i i i don't discount that stuff but i do

2512

01:28:56,390 --> 01:28:53,440

have an opening invite to any of those

2513

01:28:58,310 --> 01:28:56,400

people to prove it to me i'm a skeptical

2514

01:28:59,830 --> 01:28:58,320

believer of everything so

2515

01:29:01,910 --> 01:28:59,840

cool um but

2516

01:29:04,149 --> 01:29:01,920

we generally just handle because i see

2517

01:29:05,030 --> 01:29:04,159

some people talking about ce5 and chat

2518

01:29:06,149 --> 01:29:05,040

and

2519

01:29:07,590 --> 01:29:06,159

you know

2520

01:29:11,590 --> 01:29:07,600

if you can summon a ship tell them to

2521

01:29:14,550 --> 01:29:13,270

hey that's right i'm not trying to bust

2522

01:29:16,709 --> 01:29:14,560

you know what's going to be next tonight

2523

01:29:18,550 --> 01:29:16,719

man you're talking tonight

2524

01:29:20,470 --> 01:29:18,560

talking to them and you can summon them

2525

01:29:22,070 --> 01:29:20,480

you know i'll get i'll you tell me that

2526

01:29:23,669 --> 01:29:22,080

i'll give you my address on the private

2527

01:29:24,870 --> 01:29:23,679

chat you tell them to come over and hang

2528

01:29:26,870 --> 01:29:24,880

out

2529

01:29:28,629 --> 01:29:26,880

that's cool man well listen guys thank

2530

01:29:30,470 --> 01:29:28,639

you so much if you don't mind hanging

2531

01:29:31,750 --> 01:29:30,480

out um just for a minute after the show

2532

01:29:32,629 --> 01:29:31,760

i'll drop you out say goodbye to

2533

01:29:34,390 --> 01:29:32,639

everyone and then we'll just have a

2534

01:29:35,189 --> 01:29:34,400

little debrief afterwards i'd appreciate

2535

01:29:36,950 --> 01:29:35,199

that

2536

01:29:38,390 --> 01:29:36,960

so um thank you to everybody in the chat

2537

01:29:39,990 --> 01:29:38,400

for joining us live and for everybody

2538

01:29:42,470 --> 01:29:40,000

that watches this after the fact i

2539

01:29:45,590 --> 01:29:42,480

appreciate you for the continued support

2540

01:29:46,870 --> 01:29:45,600

thank you so much and uh yeah guys all

2541

01:29:49,430 --> 01:29:46,880

right guys now we can talk about the

2542

01:29:52,390 --> 01:29:49,440

dirt let's go

2543

01:29:53,830 --> 01:29:52,400

i'll drop you guys out and um

2544

01:29:55,910 --> 01:29:53,840

thank you so much
