5
00:00:42,310 --> 00:00:40,399

so um i'm actually just waiting for

6
00:00:44,950 --> 00:00:42,320

james still he's not arrived yet in the

7
00:00:46,470 --> 00:00:44,960

green room so yeah let's just hang about

8
00:00:48,069 --> 00:00:46,480

i'm sure he's

9
00:00:49,910 --> 00:00:48,079

doesn't mean to be late i know he's not

10
00:00:51,430 --> 00:00:49,920

on being with his kids and stuff so yeah

11
00:00:53,590 --> 00:00:51,440

let's just see what's going on in the

12
00:00:55,830 --> 00:00:53,600

chat let's see who's here

13
00:00:57,029 --> 00:00:55,840

hello joss if anyone's got any questions

14

00:00:58,310 --> 00:00:57,039

as well while we're waiting you know

15

00:00:59,750 --> 00:00:58,320

there's been a lot going on in the past

16

00:01:01,189 --> 00:00:59,760

few days so we can chat about that if

17

00:01:02,630 --> 00:01:01,199

you want to

18

00:01:04,950 --> 00:01:02,640

obviously lose announced that he's got

19

00:01:06,710 --> 00:01:04,960

this book coming out um obviously we've

20

00:01:11,429 --> 00:01:06,720

got the

21

00:01:14,230 --> 00:01:11,439

the authorization act hr 4350 with this

22

00:01:15,510 --> 00:01:14,240

proposed uap office

23

00:01:17,510 --> 00:01:15,520

um oh

24

00:01:18,550 --> 00:01:17,520

he's here he's here guys without further

25

00:01:20,550 --> 00:01:18,560

ado

26

00:01:23,030 --> 00:01:20,560

mr james and oli

27

00:01:23,990 --> 00:01:23,040

hey brother how's it going good man how

28

00:01:26,550 --> 00:01:24,000

are you

29

00:01:28,390 --> 00:01:26,560

oh good good glad to be man

30

00:01:29,590 --> 00:01:28,400

thanks for having me on hey man it's a

31

00:01:31,190 --> 00:01:29,600

pleasure man i had so much such a

32

00:01:33,190 --> 00:01:31,200

positive response from the last one i

33

00:01:34,950 --> 00:01:33,200

thought you're one of the first people

34

00:01:37,109 --> 00:01:34,960

i'd want back as a returning guest so i

35

00:01:39,109 --> 00:01:37,119

appreciate you taking the time man great

36

00:01:40,870 --> 00:01:39,119

i appreciate it hi cool how's things

37

00:01:42,230 --> 00:01:40,880

been man i i've not really spoken too

38

00:01:43,990 --> 00:01:42,240

much recently it seems like you've been

39

00:01:46,149 --> 00:01:44,000

off the radar a little bit

40

00:01:47,350 --> 00:01:46,159

yeah yeah i've been off the radar

41

00:01:49,270 --> 00:01:47,360

um

42

00:01:51,510 --> 00:01:49,280

a mix of uh you know kids getting back

43

00:01:53,510 --> 00:01:51,520

to school me doing vacation

44

00:01:55,590 --> 00:01:53,520

working on another project that's coming

45

00:01:57,590 --> 00:01:55,600

up and stuff like that

46

00:01:59,830 --> 00:01:57,600

good stuff keeping busy then

47

00:02:01,590 --> 00:01:59,840

yeah yeah trying to keep up

48

00:02:03,190 --> 00:02:01,600

i know it's just suddenly ramped up

49

00:02:04,630 --> 00:02:03,200

again in the last few days i thought

50

00:02:06,389 --> 00:02:04,640

we'd kind of jump straight into the kind

51
00:02:07,830 --> 00:02:06,399
of current news um

52
00:02:09,510 --> 00:02:07,840
what are your thoughts on this kind of

53
00:02:11,430 --> 00:02:09,520
announcement they're looking to put this

54
00:02:13,270 --> 00:02:11,440
permanent uap office in place of the

55
00:02:15,110 --> 00:02:13,280
task force

56
00:02:17,510 --> 00:02:15,120
i i think that's what everybody was was

57
00:02:18,550 --> 00:02:17,520
hoping would be the kind of response

58
00:02:21,510 --> 00:02:18,560
from

59
00:02:22,390 --> 00:02:21,520
uh the uap task force report

60
00:02:24,070 --> 00:02:22,400
um

61
00:02:25,270 --> 00:02:24,080
so we we got there pretty quick i

62
00:02:27,350 --> 00:02:25,280
thought there was actually going to be

63
00:02:30,070 --> 00:02:27,360

like a few subsequent reports after the

64

00:02:32,070 --> 00:02:30,080

90 days and 90 days and then they'll say

65

00:02:33,670 --> 00:02:32,080

oh wait that we're finding more let's do

66

00:02:36,150 --> 00:02:33,680

a permanent thing but the fact that

67

00:02:38,390 --> 00:02:36,160

they're already getting to this is a i

68

00:02:39,430 --> 00:02:38,400

think is an indicator of of where we're

69

00:02:41,589 --> 00:02:39,440

headed

70

00:02:43,910 --> 00:02:41,599

yeah definitely i agree that's pretty

71

00:02:44,710 --> 00:02:43,920

incredible that happened that fast so

72

00:02:45,509 --> 00:02:44,720

you know

73

00:02:47,509 --> 00:02:45,519

i know

74

00:02:48,830 --> 00:02:47,519

there's people working behind the scenes

75

00:02:51,110 --> 00:02:48,840

and you know

76

00:02:52,869 --> 00:02:51,120

obviously uh luella lozando and

77

00:02:54,949 --> 00:02:52,879

christopher mellon i'm sure

78

00:02:57,030 --> 00:02:54,959

helped this initiative out

79

00:02:58,949 --> 00:02:57,040

yeah completely man and i mean

80

00:03:01,750 --> 00:02:58,959

it seems pretty evident that it's gonna

81

00:03:03,350 --> 00:03:01,760

all remain classified all these reports

82

00:03:04,470 --> 00:03:03,360

that are gonna be coming into the office

83

00:03:06,229 --> 00:03:04,480

but um

84

00:03:07,750 --> 00:03:06,239

personally i think that's a great just

85

00:03:09,750 --> 00:03:07,760

it's still a great step in the right

86

00:03:11,589 --> 00:03:09,760

direction for what might happen

87

00:03:12,949 --> 00:03:11,599

further down the line you know what do

88

00:03:14,710 --> 00:03:12,959

you think

89

00:03:17,030 --> 00:03:14,720

yeah um

90

00:03:19,270 --> 00:03:17,040

i think people were genuinely concerned

91

00:03:21,110 --> 00:03:19,280

about that and rightfully so because you

92

00:03:22,070 --> 00:03:21,120

know the kind of ideas like are we

93

00:03:23,509 --> 00:03:22,080

headed

94

00:03:25,750 --> 00:03:23,519

towards a new

95

00:03:27,910 --> 00:03:25,760

cover-up in a sense

96

00:03:29,750 --> 00:03:27,920

of well they're gonna acknowledge it's

97

00:03:32,630 --> 00:03:29,760

real and then

98

00:03:34,070 --> 00:03:32,640

um you know kind of play this game

99

00:03:36,149 --> 00:03:34,080

and uh you know there's a lot of people

100

00:03:37,270 --> 00:03:36,159

who have different perspectives uh dr

101
00:03:42,229 --> 00:03:37,280

joseph

102
00:03:44,710 --> 00:03:42,239

you know the the the institutions and

103
00:03:47,430 --> 00:03:44,720

power structures don't have much to gain

104
00:03:48,710 --> 00:03:47,440

for this where the people of the world

105
00:03:49,830 --> 00:03:48,720

uh do

106
00:03:51,990 --> 00:03:49,840

um

107
00:03:54,149 --> 00:03:52,000

so it's it's a tricky one and

108
00:03:55,509 --> 00:03:54,159

you know i think there are people again

109
00:03:57,670 --> 00:03:55,519

you know they're just learning about

110
00:04:00,630 --> 00:03:57,680

this for the first time those people and

111
00:04:02,470 --> 00:04:00,640

and senate and congress and scientists

112
00:04:04,470 --> 00:04:02,480

you know i mean look at eric weinstein

113
00:04:06,309 --> 00:04:04,480

he's like tripping he's totally tripping

114

00:04:09,509 --> 00:04:06,319

out and that's how people should be

115

00:04:11,270 --> 00:04:09,519

acting like this is real you know so

116

00:04:13,750 --> 00:04:11,280

like elizondo said before you know you

117

00:04:15,750 --> 00:04:13,760

can't give like a seven course meal

118

00:04:18,550 --> 00:04:15,760

in a one meal sitting i think we're

119

00:04:22,230 --> 00:04:18,560

witnessing kind of this uh global

120

00:04:24,950 --> 00:04:22,240

epiphany of the uap reality and i

121

00:04:27,510 --> 00:04:24,960

i do think that when people realize this

122

00:04:29,510 --> 00:04:27,520

is a completely genuine topic it's

123

00:04:31,990 --> 00:04:29,520

ongoing

124

00:04:33,670 --> 00:04:32,000

there's physical

125

00:04:35,030 --> 00:04:33,680

indications of that it's not just like

126

00:04:36,710 --> 00:04:35,040

oh there's no physical evidence it's

127

00:04:37,670 --> 00:04:36,720

just these sightings you know first of

128

00:04:39,749 --> 00:04:37,680

all

129

00:04:41,990 --> 00:04:39,759

radar is physical evidence i'm sure they

130

00:04:43,749 --> 00:04:42,000

have sonar the photographs are type of

131

00:04:45,510 --> 00:04:43,759

physical evidence you know you have

132

00:04:46,310 --> 00:04:45,520

eyewitness testimony

133

00:04:49,909 --> 00:04:46,320

uh

134

00:04:52,790 --> 00:04:49,919

possible retrieve materials which um

135

00:04:55,030 --> 00:04:52,800

i think are genuine um you know again

136

00:04:56,950 --> 00:04:55,040

that's where you're getting into the

137

00:04:59,270 --> 00:04:56,960

classified thing right how much of that

138

00:05:01,029 --> 00:04:59,280

is classified how much of that will

139

00:05:03,029 --> 00:05:01,039

remain classified

140

00:05:06,310 --> 00:05:03,039

uh you know for

141

00:05:08,629 --> 00:05:06,320

proprietary military uh interest um

142

00:05:09,510 --> 00:05:08,639

that's just you know the way things work

143

00:05:11,749 --> 00:05:09,520

um

144

00:05:14,390 --> 00:05:11,759

but i i think that when you see all

145

00:05:15,270 --> 00:05:14,400

these people scientists and astronomers

146

00:05:16,230 --> 00:05:15,280

and

147

00:05:18,629 --> 00:05:16,240

um

148

00:05:20,150 --> 00:05:18,639

everybody really from every field look

149

00:05:21,990 --> 00:05:20,160

at this as a real thing

150

00:05:25,590 --> 00:05:22,000

people are going to push for more i

151
00:05:27,270 --> 00:05:25,600
think and that's what we need um so i

152
00:05:29,189 --> 00:05:27,280
it's gonna be i think a back and forth

153
00:05:31,670 --> 00:05:29,199
dance on that kind of thing

154
00:05:33,270 --> 00:05:31,680
for for a while to come yeah i agree

155
00:05:35,189 --> 00:05:33,280
completely man i mean

156
00:05:37,189 --> 00:05:35,199
there's still a lot of people or there

157
00:05:39,590 --> 00:05:37,199
seems to be these two sides still the

158
00:05:41,350 --> 00:05:39,600
the kind of the big proponents who are

159
00:05:43,749 --> 00:05:41,360
behind it all who are behind lou and

160
00:05:45,350 --> 00:05:43,759
chris mellon etc and then are still the

161
00:05:46,950 --> 00:05:45,360
people out in the other side of things

162
00:05:48,230 --> 00:05:46,960
that still think their skills for the

163
00:05:49,510 --> 00:05:48,240

government and

164

00:05:51,110 --> 00:05:49,520

you know they have an agenda or a

165

00:05:52,710 --> 00:05:51,120

narrative that they're trying to push so

166

00:05:54,390 --> 00:05:52,720

i think like you said we'll probably

167

00:05:56,710 --> 00:05:54,400

just see that continuing

168

00:05:57,590 --> 00:05:56,720

for the foreseeable the way things are

169

00:05:59,350 --> 00:05:57,600

but

170

00:06:01,189 --> 00:05:59,360

i think and i hope in time that people

171

00:06:02,629 --> 00:06:01,199

will see that

172

00:06:03,990 --> 00:06:02,639

that it's a good thing what's happening

173

00:06:05,749 --> 00:06:04,000

and that they are playing an important

174

00:06:07,749 --> 00:06:05,759

role so i mean lou's just announced i

175

00:06:10,230 --> 00:06:07,759

think it was today that he's got this

176
00:06:12,870 --> 00:06:10,240
book deal and you know i've already seen

177
00:06:14,390 --> 00:06:12,880
it going crazy on instagram and twitter

178
00:06:15,670 --> 00:06:14,400
and apparently it's going crazy on

179
00:06:18,309 --> 00:06:15,680
reddit like

180
00:06:19,749 --> 00:06:18,319
i'm dude i'm so psyched honestly i i had

181
00:06:21,510 --> 00:06:19,759
a feeling it was coming but i'm thinking

182
00:06:23,189 --> 00:06:21,520
like maybe like 10 years down the line

183
00:06:25,110 --> 00:06:23,199
it was gonna come the fact that it's

184
00:06:26,390 --> 00:06:25,120
coming this soon is

185
00:06:27,270 --> 00:06:26,400
is awesome

186
00:06:29,350 --> 00:06:27,280
um

187
00:06:31,670 --> 00:06:29,360
now given obviously if he's gonna write

188
00:06:33,749 --> 00:06:31,680

a book it has to be

189

00:06:35,749 --> 00:06:33,759

reviewed by some kind of intelligence

190

00:06:37,909 --> 00:06:35,759

agency and they have to say this is okay

191

00:06:39,830 --> 00:06:37,919

this is okay or to some extent i know a

192

00:06:41,990 --> 00:06:39,840

lot of like former

193

00:06:43,749 --> 00:06:42,000

um cia and intelligence people that when

194

00:06:46,390 --> 00:06:43,759

they put out a book and stuff it has to

195

00:06:48,309 --> 00:06:46,400

be reviewed yeah um

196

00:06:49,589 --> 00:06:48,319

now there might be a way he can do that

197

00:06:51,749 --> 00:06:49,599

without it being

198

00:06:53,510 --> 00:06:51,759

reviewed by them but he knows the rules

199

00:06:55,670 --> 00:06:53,520

and he's kind of gambling on his own but

200

00:06:57,510 --> 00:06:55,680

again he's got danny sheehan to kind of

201
00:06:59,110 --> 00:06:57,520
look over the legal stuff

202
00:07:00,710 --> 00:06:59,120
and um

203
00:07:03,029 --> 00:07:00,720
i think it's going to be a big

204
00:07:05,029 --> 00:07:03,039
revelation i think in that book we're

205
00:07:07,189 --> 00:07:05,039
going to hear some new names maybe you

206
00:07:09,270 --> 00:07:07,199
know and this is just my own speculation

207
00:07:11,510 --> 00:07:09,280
like you know key people that you know

208
00:07:13,110 --> 00:07:11,520
or he'll probably say hey listen i'm

209
00:07:13,830 --> 00:07:13,120
putting this book out can i mention you

210
00:07:17,589 --> 00:07:13,840
or

211
00:07:19,430 --> 00:07:17,599
just you know

212
00:07:20,790 --> 00:07:19,440
take a roll of the dice and mention

213
00:07:22,230 --> 00:07:20,800

people he didn't mention before because

214

00:07:23,830 --> 00:07:22,240

he didn't want to but

215

00:07:25,430 --> 00:07:23,840

you know maybe it's time

216

00:07:26,870 --> 00:07:25,440

it could well be and i mean it says on

217

00:07:28,309 --> 00:07:26,880

the in the article that sort of dropped

218

00:07:30,469 --> 00:07:28,319

today that it's going to

219

00:07:31,830 --> 00:07:30,479

reveal shocking details now

220

00:07:33,189 --> 00:07:31,840

a lot of people have obviously jumped on

221

00:07:35,110 --> 00:07:33,199

that thinking it's going to reveal

222

00:07:36,710 --> 00:07:35,120

aliens or something huge like that

223

00:07:38,469 --> 00:07:36,720

that's not what that's certainly not

224

00:07:40,390 --> 00:07:38,479

what it is what it's doing but it might

225

00:07:42,309 --> 00:07:40,400

yeah it might still push the ball

226

00:07:44,230 --> 00:07:42,319

slightly further down the road and give

227

00:07:46,550 --> 00:07:44,240

us a little bit more insight into a tip

228

00:07:49,029 --> 00:07:46,560

and things like that more so than

229

00:07:51,029 --> 00:07:49,039

aliens or you know something like that

230

00:07:55,670 --> 00:07:51,039

and again it's another kind of part of

231

00:07:57,430 --> 00:07:55,680

this waterfall or like stampede right

232

00:07:59,029 --> 00:07:57,440

that's it's gonna

233

00:08:01,189 --> 00:07:59,039

spread awareness it's going to get a lot

234

00:08:02,869 --> 00:08:01,199

of exposure it's harper collins it's a

235

00:08:04,390 --> 00:08:02,879

major publisher it's going to be on

236

00:08:06,390 --> 00:08:04,400

barnes and noble

237

00:08:08,230 --> 00:08:06,400

you know we you know we we assume you

238

00:08:10,869 --> 00:08:08,240

know we're in the ufo community we see

239

00:08:12,550 --> 00:08:10,879

louie lozando on fox in fact we get

240

00:08:14,550 --> 00:08:12,560

prepared to go watch it when he's on you

241

00:08:15,670 --> 00:08:14,560

know yeah we still got to remember that

242

00:08:17,990 --> 00:08:15,680

like

243

00:08:19,510 --> 00:08:18,000

60 or 70 percent of the public even

244

00:08:20,390 --> 00:08:19,520

though it's been in the news and

245

00:08:22,150 --> 00:08:20,400

although

246

00:08:24,309 --> 00:08:22,160

they don't really even know about atip

247

00:08:25,670 --> 00:08:24,319

yet you know that's still

248

00:08:28,390 --> 00:08:25,680

like people are still learning about

249

00:08:30,390 --> 00:08:28,400

atip and louis lozando you know and when

250

00:08:31,830 --> 00:08:30,400

i'm around and at work or wherever i am

251
00:08:32,790 --> 00:08:31,840
you know i end up talking about the

252
00:08:34,469 --> 00:08:32,800
subject

253
00:08:36,790 --> 00:08:34,479
and there's still people i run into

254
00:08:39,430 --> 00:08:36,800
they're like oh really wow you know they

255
00:08:42,469 --> 00:08:39,440
you know sometimes it takes a personal

256
00:08:45,269 --> 00:08:42,479
affiliation for them to to really

257
00:08:47,030 --> 00:08:45,279
take the information more seriously um

258
00:08:48,550 --> 00:08:47,040
so it's i think there's you know there's

259
00:08:50,310 --> 00:08:48,560
gonna be another media push when his

260
00:08:51,350 --> 00:08:50,320
book comes out and

261
00:08:53,030 --> 00:08:51,360
um

262
00:08:54,790 --> 00:08:53,040
that's a good thing it's a good thing

263
00:08:56,310 --> 00:08:54,800

and again i think there'll be some

264

00:08:58,710 --> 00:08:56,320

details in there that we haven't heard

265

00:09:01,269 --> 00:08:58,720

before i'm sure that

266

00:09:02,949 --> 00:09:01,279

yeah totally man and then also we had

267

00:09:05,590 --> 00:09:02,959

lou was over in san marino for the past

268

00:09:06,630 --> 00:09:05,600

few days for the uh ufo world symposium

269

00:09:08,710 --> 00:09:06,640

and obviously

270

00:09:10,550 --> 00:09:08,720

uh max did those two live interviews

271

00:09:12,389 --> 00:09:10,560

with him which were fantastic and then

272

00:09:14,230 --> 00:09:12,399

he mentioned this

273

00:09:15,509 --> 00:09:14,240

this new ai system that's going to be

274

00:09:17,910 --> 00:09:15,519

available to everyone by the end of the

275

00:09:20,389 --> 00:09:17,920

year that can monitor videos to see if

276

00:09:22,470 --> 00:09:20,399

they're real or or not and that sounded

277

00:09:24,630 --> 00:09:22,480

incredible but i think hadn't we heard

278

00:09:26,310 --> 00:09:24,640

something about that coming out of ttsa

279

00:09:28,470 --> 00:09:26,320

uh i think called scout do you know much

280

00:09:30,070 --> 00:09:28,480

about that yeah it was so

281

00:09:30,949 --> 00:09:30,080

and you know

282

00:09:33,110 --> 00:09:30,959

this

283

00:09:33,910 --> 00:09:33,120

jacques valee you know proposed the idea

284

00:09:35,910 --> 00:09:33,920

of

285

00:09:38,470 --> 00:09:35,920

using artificial intelligence to assist

286

00:09:40,230 --> 00:09:38,480

with the uap study in different formats

287

00:09:41,190 --> 00:09:40,240

so this has been kind of a long thing

288

00:09:42,070 --> 00:09:41,200

coming

289

00:09:43,509 --> 00:09:42,080

um

290

00:09:44,710 --> 00:09:43,519

i know

291

00:09:47,509 --> 00:09:44,720

um

292

00:09:49,430 --> 00:09:47,519

scout was the ttsa version and then we

293

00:09:51,030 --> 00:09:49,440

all saw laura lozano wearing that hat

294

00:09:52,790 --> 00:09:51,040

that said phenom

295

00:09:54,949 --> 00:09:52,800

um maybe there's something to do with

296

00:09:57,430 --> 00:09:54,959

that i'm not i really don't know but

297

00:09:58,710 --> 00:09:57,440

i think again that's that's another kind

298

00:10:00,550 --> 00:09:58,720

of one of these things right where

299

00:10:02,949 --> 00:10:00,560

people are gonna be like

300

00:10:05,190 --> 00:10:02,959

okay well now we have civilians

301

00:10:07,190 --> 00:10:05,200

collecting intelligence data

302

00:10:11,350 --> 00:10:07,200

for

303

00:10:13,350 --> 00:10:11,360

going to right yeah so

304

00:10:14,310 --> 00:10:13,360

i could see where that that red flag is

305

00:10:15,910 --> 00:10:14,320

going to be raised and people are going

306

00:10:16,949 --> 00:10:15,920

to be concerned about that

307

00:10:19,269 --> 00:10:16,959

um

308

00:10:21,829 --> 00:10:19,279

i i do think it is a good thing

309

00:10:25,430 --> 00:10:21,839

ultimately because the the more data

310

00:10:27,269 --> 00:10:25,440

um again that i'm assuming that

311

00:10:29,910 --> 00:10:27,279

that the the information is going to be

312

00:10:33,190 --> 00:10:29,920

publicly available somehow or some way

313

00:10:34,310 --> 00:10:33,200

so it's not just gonna all disappear

314

00:10:37,430 --> 00:10:34,320

into

315

00:10:39,990 --> 00:10:37,440

um you know some kind of database i hope

316

00:10:41,430 --> 00:10:40,000

um i hope that you know again if there's

317

00:10:44,389 --> 00:10:41,440

like a good

318

00:10:46,230 --> 00:10:44,399

uh uap video that comes from there

319

00:10:48,230 --> 00:10:46,240

and it's analyzed it will be publicly

320

00:10:51,350 --> 00:10:48,240

posted and said you know this system

321

00:10:53,350 --> 00:10:51,360

couldn't track out what it was and uh

322

00:10:54,710 --> 00:10:53,360

this is a true unknown so it's true

323

00:10:58,069 --> 00:10:54,720

identified

324

00:11:00,710 --> 00:10:58,079

and that

325

00:11:03,110 --> 00:11:00,720

will also help educate the public and on

326

00:11:05,430 --> 00:11:03,120

how to kind of like better track

327

00:11:07,030 --> 00:11:05,440

and and how to better identify you know

328

00:11:09,990 --> 00:11:07,040

true anomalies

329

00:11:11,750 --> 00:11:10,000

you know yeah yeah sorry um i hope that

330

00:11:13,190 --> 00:11:11,760

when it drops and it's available to

331

00:11:14,870 --> 00:11:13,200

everyone that they've thought ahead

332

00:11:17,350 --> 00:11:14,880

because they know that if we

333

00:11:19,110 --> 00:11:17,360

if we the users who are going to be you

334

00:11:21,110 --> 00:11:19,120

know accessing and pushing forward the

335

00:11:23,030 --> 00:11:21,120

data if we don't know where it's going

336

00:11:24,949 --> 00:11:23,040

then no they know that it's going to

337

00:11:27,030 --> 00:11:24,959

kick off with conspiracies and theories

338

00:11:28,230 --> 00:11:27,040

and people really not happy because like

339

00:11:29,590 --> 00:11:28,240

you said it could just end up in some

340

00:11:31,990 --> 00:11:29,600

database that we don't know about i'd

341

00:11:34,150 --> 00:11:32,000

like to think they will release

342

00:11:35,509 --> 00:11:34,160

the full transparency on what it's doing

343

00:11:37,990 --> 00:11:35,519

where it's going

344

00:11:39,910 --> 00:11:38,000

right yeah something along those lines

345

00:11:42,230 --> 00:11:39,920

and um

346

00:11:44,790 --> 00:11:42,240

yeah again i mean people are going to be

347

00:11:46,630 --> 00:11:44,800

less encouraged to use it i mean if they

348

00:11:49,110 --> 00:11:46,640

they have they have a lot to gain if

349

00:11:52,150 --> 00:11:49,120

there's transparency you know if you had

350

00:11:53,670 --> 00:11:52,160

like say every ce5 or contact working

351
00:11:54,870 --> 00:11:53,680
group

352
00:11:58,870 --> 00:11:54,880
using this

353
00:12:00,949 --> 00:11:58,880
um doing some kind of ce5 method or or

354
00:12:02,710 --> 00:12:00,959
heists you know human initiated contact

355
00:12:04,710 --> 00:12:02,720
event method

356
00:12:06,710 --> 00:12:04,720
trying to track anomalies that's you

357
00:12:08,629 --> 00:12:06,720
know that's like

358
00:12:10,629 --> 00:12:08,639
the that's the uh the diamond in the

359
00:12:12,389 --> 00:12:10,639
rough really

360
00:12:14,470 --> 00:12:12,399
obviously there's even with that there's

361
00:12:16,150 --> 00:12:14,480
a lot of misidentifications but i think

362
00:12:18,069 --> 00:12:16,160
in in my opinion obviously i'm a

363
00:12:19,750 --> 00:12:18,079

proponent of c5

364

00:12:21,750 --> 00:12:19,760

or heist or

365

00:12:24,470 --> 00:12:21,760

cognitive human interface

366

00:12:25,829 --> 00:12:24,480

um no you're gonna

367

00:12:27,590 --> 00:12:25,839

that's that's definitely something

368

00:12:29,990 --> 00:12:27,600

you're gonna want to experiment with

369

00:12:31,829 --> 00:12:30,000

yeah totally so i'm just gonna just just

370

00:12:34,310 --> 00:12:31,839

i just saw a comment as i looked and

371

00:12:35,829 --> 00:12:34,320

it's uh for my friend nigel hello nigel

372

00:12:37,509 --> 00:12:35,839

he's a little late catching up but he's

373

00:12:39,509 --> 00:12:37,519

put nice lab you have there talking

374

00:12:41,990 --> 00:12:39,519

about this this is actually tony stark

375

00:12:45,350 --> 00:12:42,000

stark industries yeah oh i should have

376

00:12:47,590 --> 00:12:45,360

picked that up i did it just for you bro

377

00:12:49,829 --> 00:12:47,600

it was like you had you and and lou was

378

00:12:52,550 --> 00:12:49,839

like you got tony stark you get the hulk

379

00:12:54,470 --> 00:12:52,560

and max is like totally a spinning image

380

00:12:56,710 --> 00:12:54,480

of jean-claude van damme

381

00:12:58,470 --> 00:12:56,720

you know in his best days

382

00:13:00,389 --> 00:12:58,480

uh

383

00:13:02,550 --> 00:13:00,399

so that is awesome man i love it man

384

00:13:04,470 --> 00:13:02,560

yeah just quick shout out that's uap

385

00:13:06,310 --> 00:13:04,480

disclosure wilfred thank you so much for

386

00:13:08,550 --> 00:13:06,320

the five euros just for all your hard

387

00:13:10,629 --> 00:13:08,560

work so appreciate it all goes back into

388

00:13:13,350 --> 00:13:10,639

the channel so you know it's it's not

389

00:13:17,030 --> 00:13:13,360

just for me to to fritter away frivolo

390

00:13:19,190 --> 00:13:17,040

frivolously so thank you so much um

391

00:13:21,430 --> 00:13:19,200

so just sticking with the the world ufo

392

00:13:23,350 --> 00:13:21,440

symposium in san marino there's been a

393

00:13:24,949 --> 00:13:23,360

lot of talk about it

394

00:13:26,629 --> 00:13:24,959

actually falling under the united

395

00:13:28,790 --> 00:13:26,639

nations in the future so that it can get

396

00:13:31,350 --> 00:13:28,800

more countries together for these kind

397

00:13:33,750 --> 00:13:31,360

of conferences and stuff and really

398

00:13:35,910 --> 00:13:33,760

bring the whole uap subject away from

399

00:13:38,710 --> 00:13:35,920

the u.s and from the pentagon and dod

400

00:13:39,829 --> 00:13:38,720

and more into european initiative do you

401
00:13:42,069 --> 00:13:39,839
think that's

402
00:13:43,670 --> 00:13:42,079
going to help maybe sway the us a bit

403
00:13:45,430 --> 00:13:43,680
more or what do you think it's going to

404
00:13:47,189 --> 00:13:45,440
going to achieve

405
00:13:49,350 --> 00:13:47,199
yeah i think any kind of pressure is

406
00:13:51,509 --> 00:13:49,360
good and i you know i think that

407
00:13:53,670 --> 00:13:51,519
the as far as the us i think they're

408
00:13:54,710 --> 00:13:53,680
kind of they see the writing on the wall

409
00:13:56,230 --> 00:13:54,720
and they're probably going to want to

410
00:13:57,750 --> 00:13:56,240
get ahead of things

411
00:13:59,269 --> 00:13:57,760
um

412
00:14:00,949 --> 00:13:59,279
i do think it is good yeah i mean the

413
00:14:03,030 --> 00:14:00,959

europeans look you had the the french

414

00:14:05,990 --> 00:14:03,040

you had the kameta report yeah you know

415

00:14:08,389 --> 00:14:06,000

the result in the report and and leslie

416

00:14:10,470 --> 00:14:08,399

keane you know she really helped kind of

417

00:14:12,230 --> 00:14:10,480

include that in her book and and made it

418

00:14:16,230 --> 00:14:12,240

very well known and you know we know

419

00:14:18,870 --> 00:14:16,240

jacques villa was part of japan

420

00:14:20,870 --> 00:14:18,880

and he was helping the cnes in in france

421

00:14:24,230 --> 00:14:20,880

the the french nasa

422

00:14:27,110 --> 00:14:24,240

um to kind of pursue the uap issue

423

00:14:29,350 --> 00:14:27,120

and um so i think that kind of pressure

424

00:14:30,949 --> 00:14:29,360

is good and i know people

425

00:14:32,870 --> 00:14:30,959

are going to jump up and assume like oh

426

00:14:34,550 --> 00:14:32,880

you know vinnie vinnie and james they're

427

00:14:37,509 --> 00:14:34,560

new they don't they don't know that

428

00:14:40,870 --> 00:14:37,519

there was talked with at the u.n with uh

429

00:14:42,069 --> 00:14:40,880

uh ufos before in the 70s yes we do we

430

00:14:42,790 --> 00:14:42,079

do you know

431

00:14:44,870 --> 00:14:42,800

um

432

00:14:46,629 --> 00:14:44,880

of course we do uh you know uh lee

433

00:14:48,949 --> 00:14:46,639

spiegel jacques bellay

434

00:14:51,910 --> 00:14:48,959

the whole uh thing you know they're

435

00:14:54,470 --> 00:14:51,920

having talks even um you know dr steven

436

00:14:57,670 --> 00:14:54,480

greer was talking to people in the un

437

00:15:00,310 --> 00:14:57,680

uh about the ufo subject in the 90s too

438

00:15:01,670 --> 00:15:00,320

there was interest it got squashed

439

00:15:03,350 --> 00:15:01,680

um

440

00:15:05,189 --> 00:15:03,360

i mean i can understand people thinking

441

00:15:07,110 --> 00:15:05,199

that well it's happened a few times in

442

00:15:09,750 --> 00:15:07,120

the past why is it going to work this

443

00:15:11,110 --> 00:15:09,760

time exactly it doesn't work like that

444

00:15:13,189 --> 00:15:11,120

we've got it you know it's a whole new

445

00:15:15,269 --> 00:15:13,199

era there's a whole new

446

00:15:17,030 --> 00:15:15,279

we're in a new place completely within

447

00:15:19,189 --> 00:15:17,040

the subject so

448

00:15:21,590 --> 00:15:19,199

yeah sorry to carry on

449

00:15:23,670 --> 00:15:21,600

yeah you know exactly that's we're i

450

00:15:27,189 --> 00:15:23,680

mean it's clearly

451
00:15:28,470 --> 00:15:27,199
things are different now um now i know

452
00:15:30,389 --> 00:15:28,480
yeah it's not like this is going to be

453
00:15:31,990 --> 00:15:30,399
the answer to our prayers you know this

454
00:15:33,030 --> 00:15:32,000
is a living

455
00:15:36,230 --> 00:15:33,040
process

456
00:15:37,829 --> 00:15:36,240
so we're literally seeing it unfold

457
00:15:39,670 --> 00:15:37,839
right before our eyes and nobody knows

458
00:15:40,710 --> 00:15:39,680
what's going to happen

459
00:15:43,350 --> 00:15:40,720
and

460
00:15:44,550 --> 00:15:43,360
i'm optimistic um

461
00:15:45,829 --> 00:15:44,560
in the sense

462
00:15:48,069 --> 00:15:45,839
that

463
00:15:49,670 --> 00:15:48,079

you know even if they're gonna say this

464

00:15:52,710 --> 00:15:49,680

is gonna be classified

465

00:15:55,910 --> 00:15:52,720

and this information is being withheld

466

00:15:59,430 --> 00:15:55,920

there's a clear we have more information

467

00:16:00,470 --> 00:15:59,440

than we did before um it might be

468

00:16:02,230 --> 00:16:00,480

limited

469

00:16:04,230 --> 00:16:02,240

but again we're going to have more

470

00:16:05,749 --> 00:16:04,240

people pushing for transparency at least

471

00:16:07,749 --> 00:16:05,759

on what is available

472

00:16:09,670 --> 00:16:07,759

and you know maybe

473

00:16:12,150 --> 00:16:09,680

france or or

474

00:16:14,310 --> 00:16:12,160

you know uk or other

475

00:16:16,389 --> 00:16:14,320

other countries and divisions

476
00:16:19,030 --> 00:16:16,399
will be more forthcoming with their data

477
00:16:20,790 --> 00:16:19,040
and say you know

478
00:16:23,189 --> 00:16:20,800
more is coming out about this

479
00:16:25,110 --> 00:16:23,199
so we'll put out what we have you know

480
00:16:26,949 --> 00:16:25,120
there was there was a small push like

481
00:16:29,749 --> 00:16:26,959
that after this after the disclosure

482
00:16:31,110 --> 00:16:29,759
project happened so after the disclosure

483
00:16:32,790 --> 00:16:31,120
props happened a lot of countries

484
00:16:33,910 --> 00:16:32,800
started releasing some of their their

485
00:16:35,749 --> 00:16:33,920
files

486
00:16:38,150 --> 00:16:35,759
like um

487
00:16:39,269 --> 00:16:38,160
england did a release we know that yeah

488
00:16:43,509 --> 00:16:39,279

um

489

00:16:44,629 --> 00:16:43,519

disappeared somehow

490

00:16:47,509 --> 00:16:44,639

of course

491

00:16:49,990 --> 00:16:47,519

um but and that's a very interesting and

492

00:16:51,269 --> 00:16:50,000

i think important case historically and

493

00:16:57,110 --> 00:16:51,279

i think

494

00:16:59,509 --> 00:16:57,120

talking about materials from rental shim

495

00:17:00,710 --> 00:16:59,519

samples

496

00:17:02,150 --> 00:17:00,720

so

497

00:17:03,590 --> 00:17:02,160

i think we're going to see another kind

498

00:17:06,150 --> 00:17:03,600

of push like that but again this time

499

00:17:08,789 --> 00:17:06,160

we're we're really in in uncharted

500

00:17:10,150 --> 00:17:08,799

territory this time yeah um

501
00:17:11,750 --> 00:17:10,160
and

502
00:17:13,110 --> 00:17:11,760
i think

503
00:17:14,470 --> 00:17:13,120
there's potent you know and i'm not

504
00:17:16,230 --> 00:17:14,480
saying all people should all just be

505
00:17:18,150 --> 00:17:16,240
whistleblowers and throw their careers

506
00:17:20,549 --> 00:17:18,160
away but i think that we're going to see

507
00:17:22,949 --> 00:17:20,559
more people be coming forward and i

508
00:17:24,870 --> 00:17:22,959
think there there is a possibility for

509
00:17:27,189 --> 00:17:24,880
another kind of like louis lozando

510
00:17:27,990 --> 00:17:27,199
person to come forward right yeah

511
00:17:31,029 --> 00:17:28,000
there's

512
00:17:32,549 --> 00:17:31,039
it's it only opens the door for more

513
00:17:36,150 --> 00:17:32,559

possibilities

514

00:17:37,110 --> 00:17:36,160

um so it doesn't have to necessarily

515

00:17:39,270 --> 00:17:37,120

meet

516

00:17:41,190 --> 00:17:39,280

uh every ufo

517

00:17:43,270 --> 00:17:41,200

researcher's expectations and you know

518

00:17:45,190 --> 00:17:43,280

we you know it's like take what you can

519

00:17:47,029 --> 00:17:45,200

get you know this is a victory so take

520

00:17:48,710 --> 00:17:47,039

it um

521

00:17:50,870 --> 00:17:48,720

because it you know

522

00:17:52,230 --> 00:17:50,880

there's progress coming from it and you

523

00:17:54,950 --> 00:17:52,240

know it's a lot of people have this all

524

00:17:56,390 --> 00:17:54,960

or nothing mentality and it's like

525

00:17:58,150 --> 00:17:56,400

you're not going to get very far with

526

00:18:00,390 --> 00:17:58,160

that and you know we can see that how

527

00:18:02,630 --> 00:18:00,400

it's been the last 70 years look

528

00:18:03,830 --> 00:18:02,640

you know what lou and chris has have

529

00:18:06,549 --> 00:18:03,840

been doing

530

00:18:08,470 --> 00:18:06,559

louis lozano christopher mellon and the

531

00:18:10,789 --> 00:18:08,480

small army probably behind them helping

532

00:18:12,789 --> 00:18:10,799

them in whatever way they can

533

00:18:15,510 --> 00:18:12,799

um you know people behind the scenes in

534

00:18:17,590 --> 00:18:15,520

office and out of office and you know

535

00:18:20,070 --> 00:18:17,600

wherever and intelligence

536

00:18:21,430 --> 00:18:20,080

uh in contractors

537

00:18:24,789 --> 00:18:21,440

um

538

00:18:26,150 --> 00:18:24,799

it's we can definitely see in in the

539

00:18:28,549 --> 00:18:26,160

four years

540

00:18:30,549 --> 00:18:28,559

since they've really said let's do this

541

00:18:33,270 --> 00:18:30,559

it's you know we've seen more change

542

00:18:34,150 --> 00:18:33,280

than we have in 80 years

543

00:18:35,110 --> 00:18:34,160

so

544

00:18:36,950 --> 00:18:35,120

you know

545

00:18:38,230 --> 00:18:36,960

not that like and even you don't have to

546

00:18:39,909 --> 00:18:38,240

again it doesn't have to be all or

547

00:18:41,590 --> 00:18:39,919

nothing or all these extremes you don't

548

00:18:43,350 --> 00:18:41,600

have to say let's just blindly follow

549

00:18:45,750 --> 00:18:43,360

these people that's not what it's about

550

00:18:46,549 --> 00:18:45,760

and nobody's advising that anybody do

551
00:18:47,590 --> 00:18:46,559
that

552
00:18:48,470 --> 00:18:47,600
you know

553
00:18:50,870 --> 00:18:48,480
um

554
00:18:53,430 --> 00:18:50,880
but it's clear that there there's more

555
00:18:54,789 --> 00:18:53,440
um transparency and progress

556
00:18:56,789 --> 00:18:54,799
um so

557
00:18:58,150 --> 00:18:56,799
that's a good thing yeah definitely man

558
00:18:59,350 --> 00:18:58,160
there's a couple of things that i pulled

559
00:19:01,110 --> 00:18:59,360
out of the um

560
00:19:03,830 --> 00:19:01,120
that small part of the authorization act

561
00:19:05,510 --> 00:19:03,840
i think hr 4350 or whatever it's called

562
00:19:06,549 --> 00:19:05,520
the two big things well the first one is

563
00:19:08,470 --> 00:19:06,559

the fact that they're talking about

564

00:19:10,870 --> 00:19:08,480

biological effects

565

00:19:13,270 --> 00:19:10,880

openly now like you know that was a sick

566

00:19:14,630 --> 00:19:13,280

observable that's huge i mean we've had

567

00:19:16,150 --> 00:19:14,640

obviously had lou talk about in the past

568

00:19:18,710 --> 00:19:16,160

but he goes back people like kit green

569

00:19:20,789 --> 00:19:18,720

have talked about it i mean that opens

570

00:19:22,549 --> 00:19:20,799

it up to so many experiences and things

571

00:19:23,750 --> 00:19:22,559

like that so it's not just military

572

00:19:26,150 --> 00:19:23,760

anymore

573

00:19:28,630 --> 00:19:26,160

i i'd speculate and i could just be

574

00:19:30,950 --> 00:19:28,640

speculating obviously that uh he's done

575

00:19:32,870 --> 00:19:30,960

more than talk about it

576

00:19:33,990 --> 00:19:32,880

right i mean people like that may have

577

00:19:36,470 --> 00:19:34,000

actually

578

00:19:39,990 --> 00:19:36,480

firsthand worked on it absolutely you

579

00:19:42,470 --> 00:19:40,000

know and that's you know again that's

580

00:19:44,870 --> 00:19:42,480

that's physical data that's like this is

581

00:19:46,070 --> 00:19:44,880

real kind of stuff you know and i i i

582

00:19:46,870 --> 00:19:46,080

think that

583

00:19:49,110 --> 00:19:46,880

um

584

00:19:51,750 --> 00:19:49,120

again stuff like that has to sink in for

585

00:19:52,549 --> 00:19:51,760

some people i mean

586

00:19:54,230 --> 00:19:52,559

that's

587

00:19:55,830 --> 00:19:54,240

you know how how much more real can i

588

00:19:57,750 --> 00:19:55,840

get we're talking about physical effects

589

00:19:59,990 --> 00:19:57,760

biological effects this is

590

00:20:02,230 --> 00:20:00,000

something physically real

591

00:20:05,750 --> 00:20:02,240

um that's not from

592

00:20:07,029 --> 00:20:05,760

a kind of refraction in a lens or a bird

593

00:20:08,630 --> 00:20:07,039

right absolutely you're not going to get

594

00:20:11,830 --> 00:20:08,640

this kind of biological effect from a

595

00:20:15,510 --> 00:20:13,590

no offense to anybody but you know just

596

00:20:17,029 --> 00:20:15,520

putting it in perspective no no fully

597

00:20:19,190 --> 00:20:17,039

with you man i'm sure everyone else is

598

00:20:20,950 --> 00:20:19,200

and that's what really stood out for me

599

00:20:22,470 --> 00:20:20,960

i mean yeah just when you sit and think

600

00:20:24,789 --> 00:20:22,480

about it you know because these people i

601
00:20:26,470 --> 00:20:24,799
mean so many people in historic cases

602
00:20:29,350 --> 00:20:26,480
have had

603
00:20:31,909 --> 00:20:29,360
physical visible effects after

604
00:20:34,630 --> 00:20:31,919
encounters with with ufos and uab

605
00:20:36,710 --> 00:20:34,640
well and john burroughs you know jim

606
00:20:38,630 --> 00:20:36,720
pennington too but john burroughs is

607
00:20:41,350 --> 00:20:38,640
documented you know i mean his his

608
00:20:43,029 --> 00:20:41,360
medical records are classified he had to

609
00:20:44,789 --> 00:20:43,039
fight like hell

610
00:20:46,470 --> 00:20:44,799
uh

611
00:20:49,270 --> 00:20:46,480
didn't john mccain have to step in and

612
00:20:51,909 --> 00:20:49,280
help him out yeah that's to for this

613
00:20:52,950 --> 00:20:51,919

man's medical records to save his life

614

00:20:54,149 --> 00:20:52,960

um

615

00:20:55,750 --> 00:20:54,159

you know and

616

00:20:57,510 --> 00:20:55,760

he was able to get the help thankfully

617

00:20:59,590 --> 00:20:57,520

and the advice and

618

00:21:01,750 --> 00:20:59,600

and but you know again that was it was

619

00:21:02,870 --> 00:21:01,760

classified so why you know

620

00:21:05,350 --> 00:21:02,880

that's a

621

00:21:06,950 --> 00:21:05,360

biological effect that you know affected

622

00:21:08,310 --> 00:21:06,960

this man's life

623

00:21:09,669 --> 00:21:08,320

and um

624

00:21:12,789 --> 00:21:09,679

you know thankfully he was able to get

625

00:21:15,190 --> 00:21:12,799

help because there was some very small

626

00:21:16,789 --> 00:21:15,200

part of transparency

627

00:21:19,750 --> 00:21:16,799

right so that

628

00:21:21,270 --> 00:21:19,760

transparency helped people

629

00:21:22,630 --> 00:21:21,280

um so that's an important thing there

630

00:21:25,190 --> 00:21:22,640

could be other people having these

631

00:21:26,789 --> 00:21:25,200

effects that could need help too

632

00:21:28,230 --> 00:21:26,799

yeah totally man and then the other

633

00:21:30,070 --> 00:21:28,240

thing that really stood out for me was

634

00:21:32,070 --> 00:21:30,080

the fact that they are asking for all

635

00:21:33,270 --> 00:21:32,080

information from the agencies from all

636

00:21:35,270 --> 00:21:33,280

the three letter agencies and the

637

00:21:37,270 --> 00:21:35,280

branches of military to provide all

638

00:21:39,190 --> 00:21:37,280

information that they have

639

00:21:41,029 --> 00:21:39,200

there's no time scale on it anymore so

640

00:21:42,950 --> 00:21:41,039

that goes right back

641

00:21:44,310 --> 00:21:42,960

you know in history

642

00:21:46,310 --> 00:21:44,320

so anything that's not been provided

643

00:21:48,470 --> 00:21:46,320

already to the uap task force has now

644

00:21:50,070 --> 00:21:48,480

got to be provided either to the task

645

00:21:51,350 --> 00:21:50,080

force now or the new office when it's

646

00:21:52,870 --> 00:21:51,360

set up but

647

00:21:54,149 --> 00:21:52,880

that's saying you know you've got to

648

00:21:56,310 --> 00:21:54,159

give us what you've got so that could

649

00:21:57,909 --> 00:21:56,320

include roswell all the big cases all

650

00:22:01,110 --> 00:21:57,919

the things all the crash retrievals that

651
00:22:02,230 --> 00:22:01,120
have been speculated on i mean

652
00:22:07,350 --> 00:22:02,240
yeah

653
00:22:09,350 --> 00:22:07,360
i think that's gonna be a tough one um

654
00:22:11,029 --> 00:22:09,360
again that's you know where this whole

655
00:22:14,549 --> 00:22:11,039
classified

656
00:22:16,950 --> 00:22:14,559
issues gonna come in and um

657
00:22:17,909 --> 00:22:16,960
you know fortunately we have people like

658
00:22:21,350 --> 00:22:17,919
um

659
00:22:22,310 --> 00:22:21,360
louis lozando and christopher mellon

660
00:22:25,750 --> 00:22:22,320
um

661
00:22:27,430 --> 00:22:25,760
eric dr davis and dr hal put off in

662
00:22:29,510 --> 00:22:27,440
whatever

663
00:22:31,990 --> 00:22:29,520

you know dr kit green

664

00:22:34,390 --> 00:22:32,000

and others and in ways that they're

665

00:22:36,950 --> 00:22:34,400

legally allowed to help and kind of say

666

00:22:38,789 --> 00:22:36,960

hey you should probably look over there

667

00:22:40,390 --> 00:22:38,799

you know like christopher mellon said

668

00:22:42,630 --> 00:22:40,400

that dr eric davis

669

00:22:43,990 --> 00:22:42,640

did you know yeah

670

00:22:46,789 --> 00:22:44,000

they said you know you might want to

671

00:22:49,510 --> 00:22:46,799

look here when he gave a um a briefing

672

00:22:52,830 --> 00:22:49,520

to a defense agency in washington

673

00:22:55,350 --> 00:22:52,840

and you know mel embedded that so

674

00:22:57,110 --> 00:22:55,360

um ice

675

00:22:58,310 --> 00:22:57,120

that's that's to me

676
00:23:00,549 --> 00:22:58,320
um

677
00:23:02,070 --> 00:23:00,559
the crown jewel

678
00:23:04,230 --> 00:23:02,080
and also

679
00:23:06,950 --> 00:23:04,240
one of the most difficult

680
00:23:09,510 --> 00:23:06,960
uh dish issues that you're gonna

681
00:23:11,909 --> 00:23:09,520
deal with you know and it's like

682
00:23:13,830 --> 00:23:11,919
i mean that's you're taking on

683
00:23:15,510 --> 00:23:13,840
uh you know the bull by the horns at

684
00:23:16,789 --> 00:23:15,520
that point because

685
00:23:19,990 --> 00:23:16,799
that's

686
00:23:22,630 --> 00:23:20,000
you know if all that is true

687
00:23:24,310 --> 00:23:22,640
you know are these

688
00:23:26,390 --> 00:23:24,320

some of these program rogue or some of

689

00:23:28,549 --> 00:23:26,400

them illegal or some people you know

690

00:23:31,510 --> 00:23:28,559

worried about their life to

691

00:23:32,789 --> 00:23:31,520

release any of this information

692

00:23:34,230 --> 00:23:32,799

that's when you're getting into real

693

00:23:37,590 --> 00:23:34,240

muddy waters

694

00:23:40,630 --> 00:23:38,789

you know because i

695

00:23:43,110 --> 00:23:40,640

in part again even if you just take

696

00:23:45,430 --> 00:23:43,120

somebody like rick doty right

697

00:23:48,149 --> 00:23:45,440

uh obviously even with everything going

698

00:23:50,549 --> 00:23:48,159

on the u.s air force they don't really

699

00:23:52,070 --> 00:23:50,559

want to talk about that right now they

700

00:23:55,110 --> 00:23:52,080

don't want to address that

701

00:23:56,950 --> 00:23:55,120

and that's that's not even like

702

00:23:58,870 --> 00:23:56,960

that's not even like a jim forest all

703

00:24:00,870 --> 00:23:58,880

kind of thing right like are we going to

704

00:24:02,470 --> 00:24:00,880

talk about jim forrest all then

705

00:24:03,510 --> 00:24:02,480

you know this

706

00:24:05,909 --> 00:24:03,520

uh

707

00:24:08,390 --> 00:24:07,590

that's just really deep and heavy stuff

708

00:24:10,710 --> 00:24:08,400

man

709

00:24:13,430 --> 00:24:10,720

um and i i know people want to say you

710

00:24:14,470 --> 00:24:13,440

know take take the victories you can get

711

00:24:16,789 --> 00:24:14,480

um

712

00:24:17,590 --> 00:24:16,799

but at some time we're gonna come to

713

00:24:20,230 --> 00:24:17,600

that

714

00:24:23,350 --> 00:24:20,240

crossroad where it's like we're gonna

715

00:24:25,669 --> 00:24:23,360

actually have to address roswell

716

00:24:27,909 --> 00:24:25,679

uh the real way and

717

00:24:29,510 --> 00:24:27,919

i you know even even if it was what

718

00:24:30,470 --> 00:24:29,520

people speculated

719

00:24:32,630 --> 00:24:30,480

um

720

00:24:35,110 --> 00:24:32,640

which i don't agree with uh

721

00:24:36,230 --> 00:24:35,120

in uh annie jacobson's book

722

00:24:39,350 --> 00:24:36,240

i mean

723

00:24:40,070 --> 00:24:39,360

even if that was real like that's insane

724

00:24:41,350 --> 00:24:40,080

right

725

00:24:43,190 --> 00:24:41,360

it is

726

00:24:45,110 --> 00:24:43,200

that's even more insane

727

00:24:47,190 --> 00:24:45,120

than than other beings crash landing

728

00:24:49,350 --> 00:24:47,200

here i think you know yeah i like annie

729

00:24:52,630 --> 00:24:49,360

jacobson's right her work when it comes

730

00:24:54,070 --> 00:24:52,640

to area 51 and spy planes and stuff like

731

00:24:54,870 --> 00:24:54,080

that but when she started touching upon

732

00:24:56,310 --> 00:24:54,880

that

733

00:24:58,789 --> 00:24:56,320

other stuff i was just like i wasn't

734

00:25:00,470 --> 00:24:58,799

convinced at all at all not at all and i

735

00:25:02,470 --> 00:25:00,480

understand yeah you're a reporter you

736

00:25:03,909 --> 00:25:02,480

get a scoop you think you got the inside

737

00:25:07,190 --> 00:25:03,919

story now

738

00:25:08,950 --> 00:25:07,200

and it's it's you know seductive in a

739

00:25:11,190 --> 00:25:08,960

way it's compelling it's like oh wow i

740

00:25:12,870 --> 00:25:11,200

never thought it could be this and so

741

00:25:15,029 --> 00:25:12,880

it kind of like is

742

00:25:18,070 --> 00:25:15,039

you you know it's an attractive idea in

743

00:25:19,029 --> 00:25:18,080

a sense to say i i've solved it now

744

00:25:20,950 --> 00:25:19,039

right

745

00:25:22,630 --> 00:25:20,960

um

746

00:25:25,590 --> 00:25:22,640

and you know

747

00:25:26,549 --> 00:25:25,600

i i just to me that that is

748

00:25:31,350 --> 00:25:26,559

the

749

00:25:34,070 --> 00:25:31,360

i've heard on that um

750

00:25:36,230 --> 00:25:34,080

i again just just

751

00:25:39,190 --> 00:25:36,240

all the witnesses you know it's not not

752

00:25:40,830 --> 00:25:39,200

even uh just the materials but the

753

00:25:43,669 --> 00:25:40,840

the number of people that said that they

754

00:25:44,630 --> 00:25:43,679

saw uh the bodies and stuff i you know i

755

00:25:47,190 --> 00:25:44,640

don't think that they're going to be

756

00:25:48,230 --> 00:25:47,200

that confused at what they saw

757

00:25:49,590 --> 00:25:48,240

um

758

00:25:53,029 --> 00:25:49,600

and again

759

00:25:56,470 --> 00:25:53,039

the way that the material was sent over

760

00:25:58,230 --> 00:25:56,480

uh i i don't think that um

761

00:26:00,390 --> 00:25:58,240

that that story fits

762

00:26:02,070 --> 00:26:00,400

no not at all and i mean as well there's

763

00:26:04,710 --> 00:26:02,080

so many other things similar to roswell

764

00:26:06,630 --> 00:26:04,720

that we only really hear little

765

00:26:10,549 --> 00:26:06,640

chunks of you know like archaeological

766

00:26:12,710 --> 00:26:10,559

digs where they've recovered craft or

767

00:26:14,789 --> 00:26:12,720

seriously large pieces of debris

768

00:26:17,029 --> 00:26:14,799

wherever that's buried hopefully that is

769

00:26:18,950 --> 00:26:17,039

something that is going to be

770

00:26:20,630 --> 00:26:18,960

required to be reported to to the task

771

00:26:21,909 --> 00:26:20,640

force or the office now obviously

772

00:26:23,830 --> 00:26:21,919

there's going to be major pushback and

773

00:26:25,990 --> 00:26:23,840

stonewalling by some of these agencies

774

00:26:28,710 --> 00:26:26,000

and departments not that's not

775

00:26:31,190 --> 00:26:28,720

surprising but you know maybe we've seen

776
00:26:32,950 --> 00:26:31,200
the inspector general jumping into back

777
00:26:34,950 --> 00:26:32,960
cases up and back

778
00:26:36,950 --> 00:26:34,960
investigations and evaluations into the

779
00:26:38,870 --> 00:26:36,960
way these things are happening so i

780
00:26:40,710 --> 00:26:38,880
still feel like these things can't be

781
00:26:42,149 --> 00:26:40,720
hidden forever unless they're buried in

782
00:26:43,750 --> 00:26:42,159
some private

783
00:26:45,590 --> 00:26:43,760
area that's away from government where

784
00:26:47,110 --> 00:26:45,600
there's no oversight and no foia i mean

785
00:26:49,430 --> 00:26:47,120
what do you think

786
00:26:51,110 --> 00:26:49,440
you know lucky mine right yeah i mean

787
00:26:53,590 --> 00:26:51,120
and that's one of the big issues and the

788
00:26:55,430 --> 00:26:53,600

um the crash retrieval again that's an

789

00:26:56,950 --> 00:26:55,440

international thing so

790

00:26:59,830 --> 00:26:56,960

you know as

791

00:27:02,390 --> 00:26:59,840

you know allied countries you know we'd

792

00:27:04,710 --> 00:27:02,400

be have to be concerned about

793

00:27:08,070 --> 00:27:04,720

somebody getting ahead of us right

794

00:27:10,230 --> 00:27:08,080

um and if

795

00:27:11,669 --> 00:27:10,240

if i was an allied country

796

00:27:13,669 --> 00:27:11,679

you know running one or whatever

797

00:27:17,110 --> 00:27:13,679

involved and that kind of thing and i

798

00:27:18,310 --> 00:27:17,120

wanted to recruit more people you know

799

00:27:21,029 --> 00:27:18,320

there's eventually a point where you

800

00:27:23,430 --> 00:27:21,039

have to kind of be more open about it

801
00:27:26,549 --> 00:27:23,440
right because

802
00:27:29,190 --> 00:27:26,559
that was one of the big issues with atip

803
00:27:31,830 --> 00:27:29,200
uh you know how put off in a lecture he

804
00:27:34,310 --> 00:27:31,840
gave in i think 2019

805
00:27:35,269 --> 00:27:34,320
um he said that you know the biggest

806
00:27:36,230 --> 00:27:35,279
threat

807
00:27:38,230 --> 00:27:36,240
from

808
00:27:40,630 --> 00:27:38,240
the a-tip perspective

809
00:27:42,310 --> 00:27:40,640
was not that we're being invaded by some

810
00:27:43,590 --> 00:27:42,320
kind of unknown intelligence that wasn't

811
00:27:44,870 --> 00:27:43,600
even the most

812
00:27:47,430 --> 00:27:44,880
um

813
00:27:49,190 --> 00:27:47,440

threatening aspect that the program

814

00:27:50,710 --> 00:27:49,200

atip and osap was looking into the

815

00:27:53,430 --> 00:27:50,720

biggest threat

816

00:27:54,310 --> 00:27:53,440

that um they were looking into

817

00:27:56,230 --> 00:27:54,320

were

818

00:27:57,669 --> 00:27:56,240

adversary countries developing this

819

00:28:00,149 --> 00:27:57,679

technology

820

00:28:01,269 --> 00:28:00,159

uh faster than us within a 50-year

821

00:28:03,909 --> 00:28:01,279

period

822

00:28:05,590 --> 00:28:03,919

so um

823

00:28:09,510 --> 00:28:05,600

you know that has to be addressed in

824

00:28:11,669 --> 00:28:09,520

some way and i you know i don't know

825

00:28:13,190 --> 00:28:11,679

if uh the best way to do that is just

826
00:28:15,350 --> 00:28:13,200
for them to keep this whole thing buried

827
00:28:16,389 --> 00:28:15,360
or maybe partially why that they think

828
00:28:18,470 --> 00:28:16,399
that you know

829
00:28:20,950 --> 00:28:18,480
getting this out there is better and

830
00:28:23,350 --> 00:28:20,960
even people like louis lozando

831
00:28:25,510 --> 00:28:23,360
you know they were trying to get um

832
00:28:27,430 --> 00:28:25,520
academics and mainstream scientists

833
00:28:28,630 --> 00:28:27,440
involved in a limited capacity at the

834
00:28:29,430 --> 00:28:28,640
end of a tip

835
00:28:31,190 --> 00:28:29,440
yeah

836
00:28:33,110 --> 00:28:31,200
and they were blocked from that and i

837
00:28:35,430 --> 00:28:33,120
think that that's genuinely what they

838
00:28:36,870 --> 00:28:35,440

want for the welfare

839

00:28:39,830 --> 00:28:36,880

of um

840

00:28:42,470 --> 00:28:39,840

you know of our countries at least right

841

00:28:44,470 --> 00:28:42,480

um saying like you know you can't just

842

00:28:46,310 --> 00:28:44,480

silos these things and hide them away

843

00:28:47,990 --> 00:28:46,320

forever because we're at a point now

844

00:28:49,350 --> 00:28:48,000

where it's possibly that these other

845

00:28:50,470 --> 00:28:49,360

countries are just getting way far ahead

846

00:28:52,630 --> 00:28:50,480

of us and

847

00:28:55,430 --> 00:28:52,640

maybe some of the stuff that that is

848

00:28:56,389 --> 00:28:55,440

being spotted is their reverse engineer

849

00:28:59,269 --> 00:28:56,399

tech

850

00:29:00,950 --> 00:28:59,279

right of course could be

851
00:29:03,029 --> 00:29:00,960
you know got to keep it on the table not

852
00:29:03,909 --> 00:29:03,039
all of it some of it you know yeah so i

853
00:29:05,830 --> 00:29:03,919
mean

854
00:29:07,350 --> 00:29:05,840
i look at some of some of these drone

855
00:29:09,590 --> 00:29:07,360
swarms right

856
00:29:10,310 --> 00:29:09,600
and that's impressive man that is you

857
00:29:11,909 --> 00:29:10,320
know

858
00:29:14,470 --> 00:29:11,919
and it's could some of that be from

859
00:29:16,870 --> 00:29:14,480
reverse engineer tech possibly you know

860
00:29:18,710 --> 00:29:16,880
why not yeah um

861
00:29:20,870 --> 00:29:18,720
you know just like the speculated corso

862
00:29:22,870 --> 00:29:20,880
stuff maybe some stuff we see on that in

863
00:29:24,470 --> 00:29:22,880

our everyday life is actually

864

00:29:26,549 --> 00:29:24,480

uh inspired

865

00:29:28,950 --> 00:29:26,559

maybe it's not actually genuinely

866

00:29:30,630 --> 00:29:28,960

reverse engineered 100 but maybe we saw

867

00:29:32,870 --> 00:29:30,640

something or some kind of capability and

868

00:29:35,190 --> 00:29:32,880

we're like let's try to do that with our

869

00:29:37,190 --> 00:29:35,200

raw materials whatever our understanding

870

00:29:39,190 --> 00:29:37,200

of tech technology and see what we can

871

00:29:40,389 --> 00:29:39,200

do that simulates that

872

00:29:41,510 --> 00:29:40,399

yeah absolutely man you've got to keep

873

00:29:43,350 --> 00:29:41,520

everything like that on the table

874

00:29:45,029 --> 00:29:43,360

because you just we just don't know and

875

00:29:46,310 --> 00:29:45,039

that's what i worry about is when you

876

00:29:47,750 --> 00:29:46,320

know i hear someone saying that they

877

00:29:49,430 --> 00:29:47,760

know something and it's not this and

878

00:29:51,350 --> 00:29:49,440

it's not that it's like well

879

00:29:52,789 --> 00:29:51,360

sorry but you don't and

880

00:29:55,110 --> 00:29:52,799

you know i'd hate to ever get stuck in

881

00:29:57,029 --> 00:29:55,120

that kind of place

882

00:29:58,630 --> 00:29:57,039

in staven thank you for the ten dollars

883

00:30:00,909 --> 00:29:58,640

vinnie and james thank you for keeping

884

00:30:03,909 --> 00:30:00,919

us informed thoughts on the daa section

885

00:30:05,990 --> 00:30:03,919

1652 defining uap as objects

886

00:30:06,950 --> 00:30:06,000

unidentified by pilots and air crews

887

00:30:10,630 --> 00:30:06,960

only

888

00:30:13,430 --> 00:30:10,640

not the duties or salas of the world um

889

00:30:17,190 --> 00:30:13,440

section 1652 i cannot recall off top of

890

00:30:19,510 --> 00:30:17,200

my head but as far as uap being objects

891

00:30:21,350 --> 00:30:19,520

or unidentified by pilots and air crews

892

00:30:23,029 --> 00:30:21,360

that's possibly specifically just

893

00:30:25,190 --> 00:30:23,039

looking at the kind of stuff that went

894

00:30:27,430 --> 00:30:25,200

into the ua ptf report where they only

895

00:30:28,230 --> 00:30:27,440

looked at military cases from the past

896

00:30:29,909 --> 00:30:28,240

sort of

897

00:30:31,190 --> 00:30:29,919

well only for the past few years yeah

898

00:30:33,510 --> 00:30:31,200

they touched on the nimitz but i think

899

00:30:36,710 --> 00:30:33,520

every everything else was pretty much

900

00:30:37,750 --> 00:30:36,720

yeah more recent last few years so

901
00:30:40,149 --> 00:30:37,760
um

902
00:30:41,990 --> 00:30:40,159
that specific section probably is that's

903
00:30:44,070 --> 00:30:42,000
what it's defining it's not defining the

904
00:30:45,990 --> 00:30:44,080
entire uap subject as only things seen

905
00:30:47,430 --> 00:30:46,000
by pilots and air crews i assume that's

906
00:30:49,510 --> 00:30:47,440
what your question is what do you think

907
00:30:52,549 --> 00:30:49,520
james

908
00:30:54,310 --> 00:30:52,559
yeah i mean um it would make sense that

909
00:30:55,750 --> 00:30:54,320
um

910
00:30:58,070 --> 00:30:55,760
that

911
00:30:59,509 --> 00:30:58,080
i mean and it's not like oh you know

912
00:31:02,389 --> 00:30:59,519
they don't want to go back from that i

913
00:31:05,430 --> 00:31:02,399

mean even as the the uap task force

914

00:31:07,350 --> 00:31:05,440

you want to present um

915

00:31:10,149 --> 00:31:07,360

information that you have

916

00:31:11,830 --> 00:31:10,159

um cooperating data for so

917

00:31:12,950 --> 00:31:11,840

even for the uap test for us it's not

918

00:31:14,870 --> 00:31:12,960

even like oh they're trying to pull a

919

00:31:15,830 --> 00:31:14,880

smart one on us or a quick one on us by

920

00:31:18,630 --> 00:31:15,840

only

921

00:31:20,389 --> 00:31:18,640

doing um you know 2004 and on they have

922

00:31:21,590 --> 00:31:20,399

a lot more data

923

00:31:23,509 --> 00:31:21,600

that is

924

00:31:24,870 --> 00:31:23,519

they can make a stronger case for and

925

00:31:25,830 --> 00:31:24,880

which they did

926
00:31:27,750 --> 00:31:25,840
because

927
00:31:31,870 --> 00:31:27,760
they they put together

928
00:31:33,509 --> 00:31:31,880
like a whole you know report where

929
00:31:36,470 --> 00:31:33,519
143

930
00:31:38,149 --> 00:31:36,480
were unidentified out of 144 cases so

931
00:31:39,430 --> 00:31:38,159
they made a damn strong point so what

932
00:31:41,430 --> 00:31:39,440
they did

933
00:31:42,630 --> 00:31:41,440
is obviously working and you know again

934
00:31:44,710 --> 00:31:42,640
these are people

935
00:31:47,430 --> 00:31:44,720
that are working on the task force

936
00:31:49,590 --> 00:31:47,440
uh probably some of them that lou knows

937
00:31:50,389 --> 00:31:49,600
or has even worked with

938
00:31:53,509 --> 00:31:50,399

um

939

00:31:55,590 --> 00:31:53,519

so i think they're they're doing what's

940

00:31:57,909 --> 00:31:55,600

in the best interest for the continued

941

00:32:00,630 --> 00:31:57,919

uh the program to continue which now we

942

00:32:02,710 --> 00:32:00,640

know is is looking really good

943

00:32:05,110 --> 00:32:02,720

yeah totally man so i don't yeah i don't

944

00:32:06,950 --> 00:32:05,120

think it's addressing the entire

945

00:32:08,710 --> 00:32:06,960

history and

946

00:32:11,990 --> 00:32:08,720

yeah

947

00:32:13,269 --> 00:32:12,000

hope that is kind of what your question

948

00:32:15,509 --> 00:32:13,279

meant um

949

00:32:17,110 --> 00:32:15,519

yeah thank you for the ten dollars um

950

00:32:18,950 --> 00:32:17,120

now one thing

951
00:32:21,430 --> 00:32:18,960
that is continuously talks about and

952
00:32:24,149 --> 00:32:21,440
even recently it's still ongoing is the

953
00:32:25,750 --> 00:32:24,159
wilson davis notes the wilson you know

954
00:32:27,590 --> 00:32:25,760
admiral wilson memos whatever you want

955
00:32:28,789 --> 00:32:27,600
to call them now

956
00:32:31,190 --> 00:32:28,799
they seem to

957
00:32:32,870 --> 00:32:31,200
come and go the conversations are either

958
00:32:34,630 --> 00:32:32,880
on really big or they just die for a

959
00:32:36,950 --> 00:32:34,640
while but at the moment people are

960
00:32:38,389 --> 00:32:36,960
really still pushing it from both sides

961
00:32:40,230 --> 00:32:38,399
um

962
00:32:41,590 --> 00:32:40,240
have you i mean we mentioned it last

963
00:32:43,350 --> 00:32:41,600

time when you came on a couple of months

964

00:32:45,430 --> 00:32:43,360

ago have you

965

00:32:50,310 --> 00:32:45,440

looked at them again or done anything on

966

00:32:53,509 --> 00:32:51,990

yeah i mean there's there's there's

967

00:32:54,870 --> 00:32:53,519

there's so much information on there i

968

00:32:56,549 --> 00:32:54,880

mean that's again that's a whole show

969

00:32:58,630 --> 00:32:56,559

benny

970

00:33:01,110 --> 00:32:58,640

that's that's an entire show i mean

971

00:33:02,470 --> 00:33:01,120

honestly you should do you could do

972

00:33:04,710 --> 00:33:02,480

easily

973

00:33:07,029 --> 00:33:04,720

uh disclosure team

974

00:33:08,870 --> 00:33:07,039

wilson davis week

975

00:33:10,389 --> 00:33:08,880

uh no like

976
00:33:11,269 --> 00:33:10,399
three hours a day

977
00:33:13,350 --> 00:33:11,279
um

978
00:33:14,710 --> 00:33:13,360
it's it's a it's uh

979
00:33:15,990 --> 00:33:14,720
i mean

980
00:33:18,549 --> 00:33:16,000
there's so much

981
00:33:21,350 --> 00:33:18,559
information

982
00:33:23,430 --> 00:33:21,360
there that i in my opinion supports

983
00:33:26,070 --> 00:33:23,440
that the meeting between

984
00:33:29,269 --> 00:33:26,080
dr davis and and

985
00:33:31,350 --> 00:33:29,279
former vice admiral tom wilson occurred

986
00:33:32,549 --> 00:33:31,360
uh and the conversation that they had

987
00:33:33,990 --> 00:33:32,559
was had

988
00:33:34,789 --> 00:33:34,000

um

989

00:33:35,830 --> 00:33:34,799

that

990

00:33:37,590 --> 00:33:35,840

i mean

991

00:33:39,509 --> 00:33:37,600

if all those

992

00:33:43,669 --> 00:33:39,519

information points

993

00:33:45,029 --> 00:33:43,679

um are just random it would be absurd

994

00:33:47,110 --> 00:33:45,039

you know i'm and there's so many

995

00:33:48,630 --> 00:33:47,120

different levels to it you know yeah

996

00:33:49,509 --> 00:33:48,640

you have

997

00:33:51,350 --> 00:33:49,519

um

998

00:33:53,590 --> 00:33:51,360

dr edgar mitchell

999

00:33:56,870 --> 00:33:53,600

right the six man to walk on the moon

1000

00:33:59,350 --> 00:33:56,880

uh proponent for the disclosure project

1001

00:34:02,070 --> 00:33:59,360

um in in 2010

1002

00:34:03,990 --> 00:34:02,080

so you're talking about nine years

1003

00:34:06,950 --> 00:34:04,000

eight or nine years before the the

1004

00:34:08,230 --> 00:34:06,960

documents leaked talking about a friend

1005

00:34:10,950 --> 00:34:08,240

of his

1006

00:34:12,950 --> 00:34:10,960

um that's still working in the kind of

1007

00:34:16,069 --> 00:34:12,960

in these programs

1008

00:34:17,109 --> 00:34:16,079

meet with a vice admiral in las vegas i

1009

00:34:19,990 --> 00:34:17,119

mean that's

1010

00:34:21,430 --> 00:34:20,000

and again that's in 2010 that edgar

1011

00:34:22,790 --> 00:34:21,440

mestral said this in two different

1012

00:34:26,470 --> 00:34:22,800

interviews

1013

00:34:27,829 --> 00:34:26,480

back to back h plus magazine and then uh

1014

00:34:29,909 --> 00:34:27,839

um

1015

00:34:31,990 --> 00:34:29,919

a gentleman named twitchell i forget the

1016

00:34:35,190 --> 00:34:32,000

the name of his radio program

1017

00:34:37,430 --> 00:34:35,200

um so back to back those months at ed

1018

00:34:38,230 --> 00:34:37,440

mitch uh yeah dr edgar mitchell talking

1019

00:34:41,510 --> 00:34:38,240

about

1020

00:34:43,909 --> 00:34:41,520

uh uh somebody who knew that worked in

1021

00:34:45,430 --> 00:34:43,919

programs for the us government with

1022

00:34:48,710 --> 00:34:45,440

security clearance

1023

00:34:51,030 --> 00:34:48,720

uh meeting with a an admiral

1024

00:34:53,190 --> 00:34:51,040

in las vegas to talk about crash

1025

00:34:53,990 --> 00:34:53,200

retrievals right and and these kind of

1026

00:34:55,990 --> 00:34:54,000

things

1027

00:34:59,109 --> 00:34:56,000

so that's that

1028

00:35:03,430 --> 00:34:59,119

then in 2006 before that right so we're

1029

00:35:04,470 --> 00:35:03,440

talking like 15 years before the notes

1030

00:35:06,310 --> 00:35:04,480

surface

1031

00:35:08,710 --> 00:35:06,320

yeah um

1032

00:35:11,270 --> 00:35:08,720

dr i mean uh

1033

00:35:14,310 --> 00:35:11,280

richard dolan has shown

1034

00:35:16,390 --> 00:35:14,320

uh the two pages of the notes

1035

00:35:18,470 --> 00:35:16,400

by somebody in needs

1036

00:35:19,349 --> 00:35:18,480

right and these are nids these are ned's

1037

00:35:20,630 --> 00:35:19,359

notes

1038

00:35:21,510 --> 00:35:20,640

right

1039

00:35:24,150 --> 00:35:21,520

so

1040

00:35:25,109 --> 00:35:24,160

the only other alternative

1041

00:35:26,710 --> 00:35:25,119

um

1042

00:35:28,950 --> 00:35:26,720

that you have when when you're talking

1043

00:35:30,230 --> 00:35:28,960

about that point specifically right even

1044

00:35:31,349 --> 00:35:30,240

if you want to say it's a movie script

1045

00:35:32,630 --> 00:35:31,359

right

1046

00:35:33,829 --> 00:35:32,640

um

1047

00:35:35,270 --> 00:35:33,839

which i know

1048

00:35:37,750 --> 00:35:35,280

i think john greenwald had said that's

1049

00:35:39,030 --> 00:35:37,760

kind of like a half joke thing yeah uh

1050

00:35:41,510 --> 00:35:39,040

it's kind of an

1051
00:35:43,030 --> 00:35:41,520
interesting idea to propose but he's not

1052
00:35:45,109 --> 00:35:43,040
completely saying that's exactly what

1053
00:35:46,870 --> 00:35:45,119
happened um

1054
00:35:49,990 --> 00:35:46,880
so the only other alternative though is

1055
00:35:50,950 --> 00:35:50,000
that one of these nids members

1056
00:35:53,990 --> 00:35:50,960
had

1057
00:35:55,589 --> 00:35:54,000
fake documents from a ned's database and

1058
00:35:57,109 --> 00:35:55,599
was showing it to a researcher to

1059
00:35:58,710 --> 00:35:57,119
misinform them that's the only other

1060
00:36:00,390 --> 00:35:58,720
alternative you have

1061
00:36:02,630 --> 00:36:00,400
you know because that mid person that

1062
00:36:04,950 --> 00:36:02,640
got it from the ned's database knows

1063
00:36:06,870 --> 00:36:04,960

where the report came from

1064

00:36:09,030 --> 00:36:06,880

yeah there's also talk of greer being a

1065

00:36:11,750 --> 00:36:09,040

bit of a

1066

00:36:12,790 --> 00:36:11,760

a loose cannon even back then

1067

00:36:14,550 --> 00:36:12,800

and some of the steps in this

1068

00:36:16,950 --> 00:36:14,560

conversation there's a possibility that

1069

00:36:20,150 --> 00:36:16,960

it could pinpoint greer as either lying

1070

00:36:21,510 --> 00:36:20,160

or spreading something false but i mean

1071

00:36:23,109 --> 00:36:21,520

no because there's too many witnesses

1072

00:36:25,589 --> 00:36:23,119

that were there

1073

00:36:26,550 --> 00:36:25,599

again dr edgar mitchell was at the

1074

00:36:27,990 --> 00:36:26,560

meeting

1075

00:36:31,109 --> 00:36:28,000

with um

1076

00:36:33,589 --> 00:36:31,119

the original meeting in 97 not the 2002

1077

00:36:36,390 --> 00:36:33,599

meeting between eric davis and thomas

1078

00:36:38,470 --> 00:36:36,400

wilson but in 1997

1079

00:36:40,470 --> 00:36:38,480

commander will miller

1080

00:36:42,470 --> 00:36:40,480

and dr ed mitchell

1081

00:36:43,990 --> 00:36:42,480

and dr stephen greer

1082

00:36:45,109 --> 00:36:44,000

had the meeting

1083

00:36:47,750 --> 00:36:45,119

with um

1084

00:36:49,829 --> 00:36:47,760

vice admiral tom wilson in the pentagon

1085

00:36:51,750 --> 00:36:49,839

and he was canceling all the meetings

1086

00:36:54,470 --> 00:36:51,760

that were coming up he and

1087

00:36:56,870 --> 00:36:54,480

you know again people

1088

00:36:58,550 --> 00:36:56,880

are saying that you know dr greer was

1089

00:36:59,910 --> 00:36:58,560

exaggerating dr griffin talked about

1090

00:37:01,829 --> 00:36:59,920

that meeting

1091

00:37:04,310 --> 00:37:01,839

uh for several years he wouldn't even

1092

00:37:06,390 --> 00:37:04,320

say that he met with tom wilson

1093

00:37:09,190 --> 00:37:06,400

that only came out in his book in truth

1094

00:37:11,349 --> 00:37:09,200

urban knowledge and i believe 2007

1095

00:37:13,430 --> 00:37:11,359

uh 2007-2008

1096

00:37:14,870 --> 00:37:13,440

that he he when he wrote the book he put

1097

00:37:15,750 --> 00:37:14,880

tom wilson's name

1098

00:37:18,150 --> 00:37:15,760

uh

1099

00:37:19,349 --> 00:37:18,160

but before that nobody had mentioned um

1100

00:37:22,390 --> 00:37:19,359

tom wilson

1101
00:37:23,990 --> 00:37:22,400
so that meeting in 97 happens and you

1102
00:37:26,310 --> 00:37:24,000
know will miller has confirmed that

1103
00:37:28,150 --> 00:37:26,320
steven greer has confirmed that

1104
00:37:29,589 --> 00:37:28,160
um

1105
00:37:31,190 --> 00:37:29,599
ed mitchell

1106
00:37:33,670 --> 00:37:31,200
uh

1107
00:37:35,430 --> 00:37:33,680
he he never mentioned tom wilson's name

1108
00:37:37,510 --> 00:37:35,440
but he said the admiral that we met with

1109
00:37:39,670 --> 00:37:37,520
and stephen greer and he confirmed that

1110
00:37:41,109 --> 00:37:39,680
that meeting

1111
00:37:44,069 --> 00:37:41,119
so

1112
00:37:46,950 --> 00:37:44,079
i can see people saying well

1113
00:37:49,589 --> 00:37:46,960

um you know it only helps greer if he

1114

00:37:50,470 --> 00:37:49,599

kind of promotes that but i i would say

1115

00:37:52,950 --> 00:37:50,480

that

1116

00:37:54,790 --> 00:37:52,960

greer completely believes it because he

1117

00:37:58,710 --> 00:37:54,800

was there for that meeting

1118

00:38:01,990 --> 00:37:58,720

and when when tom wilson got back to

1119

00:38:03,589 --> 00:38:02,000

um ed mitchell and and dr greer and will

1120

00:38:04,950 --> 00:38:03,599

miller shortly after they had that

1121

00:38:06,710 --> 00:38:04,960

meeting

1122

00:38:08,310 --> 00:38:06,720

which i believe did happen

1123

00:38:11,430 --> 00:38:08,320

again you have

1124

00:38:13,109 --> 00:38:11,440

dr edgar mitchell for years

1125

00:38:14,950 --> 00:38:13,119

talking about that

1126

00:38:17,109 --> 00:38:14,960

in different interviews on larry king

1127

00:38:18,870 --> 00:38:17,119

and and all over the place talking about

1128

00:38:20,069 --> 00:38:18,880

how he met with the admiral

1129

00:38:22,069 --> 00:38:20,079

and uh

1130

00:38:24,630 --> 00:38:22,079

tried to find out these programs and got

1131

00:38:27,829 --> 00:38:24,640

blocked yeah now you know of course tom

1132

00:38:29,990 --> 00:38:27,839

wilson is gonna deny that um

1133

00:38:31,750 --> 00:38:30,000

i mean there's no reason

1134

00:38:34,870 --> 00:38:31,760

it doesn't help him in any way to admit

1135

00:38:36,790 --> 00:38:34,880

that no and i think he even said

1136

00:38:38,870 --> 00:38:36,800

sorry i think did he say something like

1137

00:38:40,150 --> 00:38:38,880

if it happened i wouldn't say anyway so

1138

00:38:42,069 --> 00:38:40,160

he really

1139

00:38:43,430 --> 00:38:42,079

threw it out there that

1140

00:38:44,870 --> 00:38:43,440

you're not going to find out from me

1141

00:38:46,710 --> 00:38:44,880

basically

1142

00:38:48,630 --> 00:38:46,720

yeah yeah and you know i think he still

1143

00:38:50,150 --> 00:38:48,640

works in private contracting and

1144

00:38:51,190 --> 00:38:50,160

probably still maintains security

1145

00:38:53,109 --> 00:38:51,200

clearance

1146

00:38:55,510 --> 00:38:53,119

um

1147

00:38:57,510 --> 00:38:55,520

yeah tom tom wilson and again you know

1148

00:39:00,870 --> 00:38:57,520

it's like you can't really fault this

1149

00:39:02,630 --> 00:39:00,880

guy if he really jumped if he really

1150

00:39:04,230 --> 00:39:02,640

he probably himself was like this is

1151
00:39:05,829 --> 00:39:04,240
nonsense and when he looked into if he

1152
00:39:09,109 --> 00:39:05,839
looked into it and found out it's real

1153
00:39:11,510 --> 00:39:09,119
was probably shocked right like

1154
00:39:13,270 --> 00:39:11,520
and probably still patriotic and saying

1155
00:39:15,109 --> 00:39:13,280
you know we gotta you know

1156
00:39:17,270 --> 00:39:15,119
why would he want to expose that program

1157
00:39:18,150 --> 00:39:17,280
to the world for for no good reason

1158
00:39:21,510 --> 00:39:18,160
right

1159
00:39:23,589 --> 00:39:21,520
if if he's not into the subject and

1160
00:39:26,230 --> 00:39:23,599
you know

1161
00:39:30,150 --> 00:39:28,550
you have basically everybody else

1162
00:39:32,390 --> 00:39:30,160
um

1163
00:39:33,670 --> 00:39:32,400

saying that that the meeting basically

1164

00:39:36,069 --> 00:39:33,680

did happen

1165

00:39:37,990 --> 00:39:36,079

um

1166

00:39:40,150 --> 00:39:38,000

you know uh the only the only thing we

1167

00:39:42,790 --> 00:39:40,160

don't have is tom wilson on the record

1168

00:39:44,550 --> 00:39:42,800

everything else um

1169

00:39:46,390 --> 00:39:44,560

i would say the only the only other

1170

00:39:49,030 --> 00:39:46,400

small bit of evidence

1171

00:39:51,270 --> 00:39:49,040

that would seal the deal um and again

1172

00:39:53,990 --> 00:39:51,280

even if we found it people are going to

1173

00:39:56,470 --> 00:39:54,000

say oh no it's just a coincidence

1174

00:39:58,069 --> 00:39:56,480

that if you could place eric davis and

1175

00:40:01,109 --> 00:39:58,079

tom wilson

1176

00:40:03,589 --> 00:40:01,119

um in las vegas on that day

1177

00:40:05,589 --> 00:40:03,599

2002 is that that was that one wasn't it

1178

00:40:07,030 --> 00:40:05,599

yeah yeah um

1179

00:40:08,710 --> 00:40:07,040

and i mean how are you going to do that

1180

00:40:09,670 --> 00:40:08,720

right it's

1181

00:40:10,870 --> 00:40:09,680

you know

1182

00:40:12,870 --> 00:40:10,880

really yeah

1183

00:40:14,069 --> 00:40:12,880

um

1184

00:40:16,550 --> 00:40:14,079

but again

1185

00:40:19,109 --> 00:40:16,560

there's there's other again uh

1186

00:40:21,750 --> 00:40:19,119

brit britton wonderland yeah uh

1187

00:40:24,550 --> 00:40:21,760

inference she also you know dug up some

1188

00:40:26,309 --> 00:40:24,560

really interesting information that says

1189

00:40:28,150 --> 00:40:26,319

hey listen you know

1190

00:40:29,670 --> 00:40:28,160

if you look at these notes

1191

00:40:33,109 --> 00:40:29,680

there's

1192

00:40:34,309 --> 00:40:33,119

fabricated these notes and it's a bunch

1193

00:40:36,309 --> 00:40:34,319

of nonsense

1194

00:40:38,870 --> 00:40:36,319

there's a lot of other

1195

00:40:40,710 --> 00:40:38,880

information in that notes that they make

1196

00:40:42,230 --> 00:40:40,720

sense and they check out right like the

1197

00:40:45,030 --> 00:40:42,240

bigoted list and

1198

00:40:47,030 --> 00:40:45,040

and the committees and stuff and if they

1199

00:40:48,710 --> 00:40:47,040

were going to forge something like that

1200

00:40:50,630 --> 00:40:48,720

like for a movie script why would you

1201

00:40:52,950 --> 00:40:50,640

use real names

1202

00:40:55,190 --> 00:40:52,960

people that maintain security clearances

1203

00:40:56,550 --> 00:40:55,200

why would you do that

1204

00:40:58,470 --> 00:40:56,560

you know if

1205

00:41:00,390 --> 00:40:58,480

people who make story scripts they don't

1206

00:41:02,710 --> 00:41:00,400

use real people's names and stuff they

1207

00:41:04,790 --> 00:41:02,720

make up characters you know even if it's

1208

00:41:06,790 --> 00:41:04,800

portraying a character or someone

1209

00:41:09,910 --> 00:41:06,800

they're not going to put

1210

00:41:12,950 --> 00:41:09,920

vice admiral tom wilson

1211

00:41:15,349 --> 00:41:12,960

you know and uh dr eric davis

1212

00:41:17,190 --> 00:41:15,359

uh you know very specific people and oak

1213

00:41:18,470 --> 00:41:17,200

shannon like who nobody knows who that

1214

00:41:20,870 --> 00:41:18,480

guy is

1215

00:41:23,750 --> 00:41:20,880

nobody knew the connect the connection

1216

00:41:24,950 --> 00:41:23,760

between oak and dr davis and that that's

1217

00:41:25,910 --> 00:41:24,960

how the meeting

1218

00:41:28,150 --> 00:41:25,920

you know

1219

00:41:29,190 --> 00:41:28,160

uh was set up nobody would have known

1220

00:41:30,069 --> 00:41:29,200

that

1221

00:41:31,829 --> 00:41:30,079

you know

1222

00:41:33,990 --> 00:41:31,839

and that really only came out after the

1223

00:41:35,990 --> 00:41:34,000

fact after the notes that oak was like

1224

00:41:37,430 --> 00:41:36,000

oh yeah i know these guys how would

1225

00:41:39,349 --> 00:41:37,440

anybody have known that they would have

1226

00:41:40,870 --> 00:41:39,359

known each other at all so

1227

00:41:43,510 --> 00:41:40,880

there's there's so many there's so much

1228

00:41:45,190 --> 00:41:43,520

information in there like that that's

1229

00:41:46,829 --> 00:41:45,200

again it just

1230

00:41:48,870 --> 00:41:46,839

if you would have tried to put that

1231

00:41:50,470 --> 00:41:48,880

together you'd have to have inside

1232

00:41:52,630 --> 00:41:50,480

people and why would inside people do

1233

00:41:53,910 --> 00:41:52,640

that right yeah no you're right man

1234

00:41:54,950 --> 00:41:53,920

thanks for touching on it again it's

1235

00:41:56,870 --> 00:41:54,960

just going to be one of those things

1236

00:41:58,630 --> 00:41:56,880

that's just going to continue to bounce

1237

00:42:00,069 --> 00:41:58,640

back and forth i think for for a long

1238

00:42:01,510 --> 00:42:00,079

time that i don't see any end to it at

1239

00:42:02,230 --> 00:42:01,520

the moment so

1240

00:42:03,990 --> 00:42:02,240

yeah

1241

00:42:06,950 --> 00:42:04,000

you know we could just go on and on and

1242

00:42:07,990 --> 00:42:06,960

on and still not get anywhere

1243

00:42:12,230 --> 00:42:08,000

yeah

1244

00:42:14,230 --> 00:42:12,240

gonna say some people um

1245

00:42:15,190 --> 00:42:14,240

will believe it no matter what and and

1246

00:42:16,950 --> 00:42:15,200

others

1247

00:42:19,589 --> 00:42:16,960

you know they they won't believe it no

1248

00:42:21,430 --> 00:42:19,599

matter what yeah absolutely that's

1249

00:42:23,430 --> 00:42:21,440

that's uh we find that a lot in this

1250

00:42:24,740 --> 00:42:23,440

subject unfortunately but hey each to

1251
00:42:26,870 --> 00:42:24,750
their own um

1252
00:42:29,270 --> 00:42:26,880
[Music]

1253
00:42:31,430 --> 00:42:29,280
we recently joined sean rash witness

1254
00:42:33,990 --> 00:42:31,440
citizen on his channel to talk about

1255
00:42:35,510 --> 00:42:34,000
ross coulthard's book which you know i

1256
00:42:38,950 --> 00:42:35,520
still think is one of the best books

1257
00:42:40,710 --> 00:42:38,960
i've read in a very long time um

1258
00:42:42,950 --> 00:42:40,720
now again ross is someone that did this

1259
00:42:44,630 --> 00:42:42,960
sort of media blitz and podcast blitz

1260
00:42:46,230 --> 00:42:44,640
for a while and he's gone a little bit

1261
00:42:47,349 --> 00:42:46,240
quiet again um

1262
00:42:48,710 --> 00:42:47,359
so yeah what do you think is going on

1263
00:42:50,150 --> 00:42:48,720

there because i have heard rumors that

1264

00:42:51,829 --> 00:42:50,160

he's coming back

1265

00:42:53,990 --> 00:42:51,839

into the scene in a few weeks time with

1266

00:42:56,470 --> 00:42:54,000

some new information what do you think

1267

00:42:59,670 --> 00:42:56,480

yeah well yeah he's going to be on that

1268

00:43:02,870 --> 00:42:59,680

ufo podcast with andy and i think dan

1269

00:43:06,069 --> 00:43:02,880

signal yeah um and i'm sure

1270

00:43:08,710 --> 00:43:06,079

i bet he has new stuff the dude the guy

1271

00:43:11,430 --> 00:43:08,720

number one is a phenom i think um in

1272

00:43:14,309 --> 00:43:11,440

plain sight is is one of the

1273

00:43:16,790 --> 00:43:14,319

kind of greatest um centerpiece ufo

1274

00:43:19,589 --> 00:43:16,800

books since leslie kane's book

1275

00:43:22,069 --> 00:43:19,599

um i think it's really that big for the

1276

00:43:22,950 --> 00:43:22,079

subject especially for the times

1277

00:43:24,710 --> 00:43:22,960

and

1278

00:43:26,950 --> 00:43:24,720

i mean the guy is not pulling any

1279

00:43:28,710 --> 00:43:26,960

punches he's going straight for the

1280

00:43:30,710 --> 00:43:28,720

technology stuff

1281

00:43:32,470 --> 00:43:30,720

straight for the crash retrievals the

1282

00:43:34,710 --> 00:43:32,480

that's the i mean that's the big story

1283

00:43:36,550 --> 00:43:34,720

here you know that that's

1284

00:43:37,430 --> 00:43:36,560

the the crown jewel

1285

00:43:38,470 --> 00:43:37,440

um

1286

00:43:42,069 --> 00:43:38,480

so

1287

00:43:45,829 --> 00:43:43,030

he

1288

00:43:47,910 --> 00:43:45,839

had made a lot of connections

1289

00:43:49,109 --> 00:43:47,920

you know putting that book together

1290

00:43:51,030 --> 00:43:49,119

and

1291

00:43:52,950 --> 00:43:51,040

after it came out i'm sure he only had

1292

00:43:55,030 --> 00:43:52,960

more and more people coming to reach out

1293

00:43:56,870 --> 00:43:55,040

to him and so

1294

00:43:58,550 --> 00:43:56,880

i'm sure he has new information i'm sure

1295

00:44:00,790 --> 00:43:58,560

he's had information the whole time that

1296

00:44:03,430 --> 00:44:00,800

he just hasn't had the chance to prepare

1297

00:44:05,190 --> 00:44:03,440

in the the right way yeah you know he

1298

00:44:07,349 --> 00:44:05,200

mentioned that he has other nids

1299

00:44:09,190 --> 00:44:07,359

documents that came from

1300

00:44:12,390 --> 00:44:09,200

the eric davis

1301

00:44:14,870 --> 00:44:12,400

or the um that dr edgar mitchell knits

1302

00:44:16,950 --> 00:44:14,880

file which is where the

1303

00:44:18,150 --> 00:44:16,960

that the wilson davis notes came from

1304

00:44:19,990 --> 00:44:18,160

and that oh that's another that's

1305

00:44:21,510 --> 00:44:20,000

another thing you know i'm sorry to go

1306

00:44:24,550 --> 00:44:21,520

back to it but

1307

00:44:25,750 --> 00:44:24,560

very relevant connected sure you know

1308

00:44:27,190 --> 00:44:25,760

um

1309

00:44:28,950 --> 00:44:27,200

dr davis

1310

00:44:31,270 --> 00:44:28,960

gave me a no comment on the notes

1311

00:44:32,630 --> 00:44:31,280

obviously and you know this is way

1312

00:44:34,150 --> 00:44:32,640

before the notes

1313

00:44:35,589 --> 00:44:34,160

like

1314

00:44:38,470 --> 00:44:35,599

came out big

1315

00:44:40,150 --> 00:44:38,480

um and but then when they finally did

1316

00:44:42,870 --> 00:44:40,160

come out

1317

00:44:46,230 --> 00:44:42,880

he gave me like an official no comment

1318

00:44:49,910 --> 00:44:47,430

so that

1319

00:44:52,230 --> 00:44:49,920

that uh wilson davis notes

1320

00:44:54,309 --> 00:44:52,240

came with a few other documents that

1321

00:44:56,630 --> 00:44:54,319

were released kind of with it

1322

00:44:58,470 --> 00:44:56,640

um so one of them was the alien autopsy

1323

00:45:00,069 --> 00:44:58,480

notes right

1324

00:45:02,870 --> 00:45:00,079

and yeah that's that's a whole kind of

1325

00:45:04,710 --> 00:45:02,880

controversy there nobody's saying

1326

00:45:06,470 --> 00:45:04,720

that the alien autopsy video is real

1327

00:45:07,430 --> 00:45:06,480

that's not what we're saying

1328

00:45:10,390 --> 00:45:07,440

um

1329

00:45:12,950 --> 00:45:10,400

what's important there is that

1330

00:45:15,990 --> 00:45:12,960

dr eric davis gave me an official on the

1331

00:45:20,870 --> 00:45:16,000

record conversation uh confirmation

1332

00:45:23,109 --> 00:45:20,880

saying that those alien autopsy notes or

1333

00:45:25,510 --> 00:45:23,119

uh you know memorandum and an email

1334

00:45:26,710 --> 00:45:25,520

chain was authentic it was really from

1335

00:45:28,790 --> 00:45:26,720

nids

1336

00:45:30,550 --> 00:45:28,800

that the files were photocopied and he

1337

00:45:32,710 --> 00:45:30,560

wasn't sure how that they got out

1338

00:45:34,470 --> 00:45:32,720

because that was before they they traced

1339

00:45:36,870 --> 00:45:34,480

it back to edgar mitchell

1340

00:45:39,910 --> 00:45:36,880

and and uh ross kohl's book that the

1341

00:45:41,829 --> 00:45:39,920

space man who had these files

1342

00:45:42,870 --> 00:45:41,839

uh who were given

1343

00:45:45,349 --> 00:45:42,880

um

1344

00:45:46,550 --> 00:45:45,359

from dr edgar mitchell's family to this

1345

00:45:48,230 --> 00:45:46,560

individual that was supposed to be

1346

00:45:51,430 --> 00:45:48,240

entrusted with the files

1347

00:45:53,750 --> 00:45:51,440

right um so if those

1348

00:45:56,470 --> 00:45:53,760

if all those files and notes are real

1349

00:45:57,750 --> 00:45:56,480

and confirmable on the record

1350

00:45:59,349 --> 00:45:57,760

is this just

1351

00:46:02,150 --> 00:45:59,359

are the eric davis

1352

00:46:04,069 --> 00:46:02,160

uh the wilson davis notes the only

1353

00:46:05,589 --> 00:46:04,079

all the other documents are real and can

1354

00:46:07,349 --> 00:46:05,599

be vetted and the other one that that's

1355

00:46:08,870 --> 00:46:07,359

the only fake one in there

1356

00:46:09,750 --> 00:46:08,880

you know it doesn't make sense

1357

00:46:17,990 --> 00:46:09,760

um

1358

00:46:19,829 --> 00:46:18,000

russ coulthard's book in plain sight

1359

00:46:21,910 --> 00:46:19,839

that individual was involved with the

1360

00:46:24,550 --> 00:46:21,920

aerospace community

1361

00:46:27,510 --> 00:46:24,560

and he had other files from

1362

00:46:30,550 --> 00:46:27,520

from dr edgar mitchell's

1363

00:46:32,550 --> 00:46:30,560

files yeah so i i know that ross

1364

00:46:33,829 --> 00:46:32,560

coulthard said at some point he was

1365

00:46:34,950 --> 00:46:33,839

going to release some of those knits

1366

00:46:36,790 --> 00:46:34,960

files

1367

00:46:38,790 --> 00:46:36,800

um so i think that those are going to be

1368

00:46:39,910 --> 00:46:38,800

very interesting you know they might not

1369

00:46:41,910 --> 00:46:39,920

be as

1370

00:46:44,230 --> 00:46:41,920

you know wilson davis crash retrieval

1371

00:46:45,990 --> 00:46:44,240

big but um i think he mentioned that the

1372

00:46:46,790 --> 00:46:46,000

uaps mimicking

1373

00:46:49,430 --> 00:46:46,800

uh

1374

00:46:51,670 --> 00:46:49,440

earth or conventional technology

1375

00:46:54,390 --> 00:46:51,680

uh they had a paper on that and maybe

1376

00:46:57,270 --> 00:46:54,400

some other stuff so that's huge

1377

00:46:59,829 --> 00:46:57,280

that that is and again and and all the

1378

00:47:01,510 --> 00:46:59,839

subsequent data only adds stronger

1379

00:47:04,550 --> 00:47:01,520

arguments to the wilson davis notes as

1380

00:47:05,349 --> 00:47:04,560

well as kind of like uh cherry on top

1381

00:47:07,670 --> 00:47:05,359

right

1382

00:47:10,069 --> 00:47:07,680

you know they're awesome to have a you

1383

00:47:11,670 --> 00:47:10,079

know a paper from an individual like dr

1384

00:47:14,150 --> 00:47:11,680

davis come public

1385

00:47:16,790 --> 00:47:14,160

uh talking about uap is awesome

1386

00:47:19,190 --> 00:47:16,800

um and again there's there may be

1387

00:47:20,710 --> 00:47:19,200

information in those papers that again

1388

00:47:22,630 --> 00:47:20,720

you can kind of

1389

00:47:24,630 --> 00:47:22,640

are leads for other

1390

00:47:26,069 --> 00:47:24,640

stories right connections to other

1391

00:47:28,309 --> 00:47:26,079

things right yeah yeah

1392

00:47:30,790 --> 00:47:28,319

you know individuals people's places

1393

00:47:32,230 --> 00:47:30,800

things right that kind of thing um there

1394

00:47:33,190 --> 00:47:32,240

could be some interesting information in

1395

00:47:35,990 --> 00:47:33,200

there

1396

00:47:37,750 --> 00:47:36,000

and you know i'm sure that ross probably

1397

00:47:40,069 --> 00:47:37,760

has a few trick up as a sleeve right i

1398

00:47:41,589 --> 00:47:40,079

hope so i really do hope so i mean

1399

00:47:42,950 --> 00:47:41,599

talking about that and relating it to

1400

00:47:44,230 --> 00:47:42,960

the wilson it just i've got this huge

1401

00:47:46,390 --> 00:47:44,240

wall in front of me right now and i just

1402

00:47:48,309 --> 00:47:46,400

need that old-school string connecting

1403

00:47:49,829 --> 00:47:48,319

picture thing because there's so many

1404

00:47:52,549 --> 00:47:49,839

connections and

1405

00:47:54,549 --> 00:47:52,559

i know that avenues it's incredible yeah

1406

00:47:56,390 --> 00:47:54,559

it's so exciting though so yeah i'm

1407

00:47:58,630 --> 00:47:56,400

looking forward to seeing what what ross

1408

00:48:00,230 --> 00:47:58,640

does hopefully come out with um

1409

00:48:02,549 --> 00:48:00,240

let's jump over to what you've been

1410

00:48:04,470 --> 00:48:02,559

doing since we last spoke and maybe then

1411

00:48:06,309 --> 00:48:04,480

what we you've got coming up because

1412

00:48:08,150 --> 00:48:06,319

since we you last came on here you've

1413

00:48:10,069 --> 00:48:08,160

spoken to richard dolan you spoke to

1414

00:48:12,150 --> 00:48:10,079

joseph burks twice

1415

00:48:14,150 --> 00:48:12,160

and danny sheehan and mark sims so just

1416

00:48:15,990 --> 00:48:14,160

talk us through some of those interviews

1417

00:48:18,549 --> 00:48:16,000

and if you've got anything you you

1418

00:48:20,790 --> 00:48:18,559

really liked or memorable from them

1419

00:48:24,950 --> 00:48:20,800

oh wow well you know

1420

00:48:30,390 --> 00:48:27,349

in the in the uh the story of uh you

1421

00:48:32,390 --> 00:48:30,400

know recent contact um you know contact

1422

00:48:34,549 --> 00:48:32,400

with the ufo phenomenon over the last

1423

00:48:36,309 --> 00:48:34,559

several decades

1424

00:48:38,069 --> 00:48:36,319

dr joseph burks has been somebody who's

1425

00:48:39,349 --> 00:48:38,079

been on the front lines

1426

00:48:41,349 --> 00:48:39,359

so to speak

1427

00:48:43,030 --> 00:48:41,359

in what what he called years ago the

1428

00:48:44,950 --> 00:48:43,040

contact underground

1429

00:48:47,030 --> 00:48:44,960

right so he's got a wealth of

1430

00:48:49,270 --> 00:48:47,040

information that's important

1431

00:48:50,309 --> 00:48:49,280

um

1432

00:48:51,349 --> 00:48:50,319

so

1433

00:48:53,190 --> 00:48:51,359

you know

1434

00:48:56,069 --> 00:48:53,200

i i have him on for a reason i think

1435

00:48:57,750 --> 00:48:56,079

it's important information historically

1436

00:48:59,829 --> 00:48:57,760

um

1437

00:49:01,750 --> 00:48:59,839

you know there's that the early stories

1438

00:49:04,470 --> 00:49:01,760

of c seti in the early 1990s i think

1439

00:49:06,950 --> 00:49:04,480

those are important historically

1440

00:49:09,349 --> 00:49:06,960

and again um

1441

00:49:11,829 --> 00:49:09,359

the contact phenomenon in general

1442

00:49:17,030 --> 00:49:13,349

to me that's an incredibly important

1443

00:49:19,990 --> 00:49:17,040

topic yeah and somebody like dr burks

1444

00:49:21,349 --> 00:49:20,000

who has uh very keen insight and and

1445

00:49:24,230 --> 00:49:21,359

experience

1446

00:49:25,750 --> 00:49:24,240

um and has spoken to thousands of

1447

00:49:27,589 --> 00:49:25,760

individuals

1448

00:49:30,710 --> 00:49:27,599

over you know the last 30 years

1449

00:49:33,030 --> 00:49:30,720

regarding that um you know i think

1450

00:49:35,430 --> 00:49:33,040

there's there's a lot of um

1451

00:49:37,750 --> 00:49:35,440

you know wealth in that information

1452

00:49:40,150 --> 00:49:37,760

um so

1453

00:49:41,109 --> 00:49:40,160

i'm gonna have him on several more times

1454

00:49:42,549 --> 00:49:41,119

you know

1455

00:49:45,190 --> 00:49:42,559

talking about some of the historical

1456

00:49:47,349 --> 00:49:45,200

stuff and then some of the

1457

00:49:50,069 --> 00:49:47,359

theoretical or speculative aspects of

1458

00:49:53,190 --> 00:49:50,079

contact as well because again that's

1459

00:49:55,430 --> 00:49:53,200

you know when you're talking about um

1460

00:49:56,230 --> 00:49:55,440

you know ufos you kind of have

1461

00:49:58,790 --> 00:49:56,240

uh

1462

00:50:01,190 --> 00:49:58,800

ufo sightings over here well here i'm

1463

00:50:02,870 --> 00:50:01,200

over here so over here

1464

00:50:05,430 --> 00:50:02,880

and then kind of over here in the middle

1465

00:50:06,470 --> 00:50:05,440

you have crash retrievals which

1466

00:50:08,470 --> 00:50:06,480

are

1467

00:50:11,190 --> 00:50:08,480

incredibly important and then towards

1468

00:50:13,670 --> 00:50:11,200

the end of the line is it's like contact

1469

00:50:17,349 --> 00:50:13,680

and i mean that by the contact is

1470

00:50:19,430 --> 00:50:17,359

probably even the most um

1471

00:50:22,309 --> 00:50:19,440

mysterious of all

1472

00:50:25,430 --> 00:50:22,319

it's the most cutting edge

1473

00:50:26,790 --> 00:50:25,440

um because you're not just talking about

1474

00:50:29,589 --> 00:50:26,800

uh you know

1475

00:50:31,670 --> 00:50:29,599

potential crafts you're talking about

1476

00:50:34,069 --> 00:50:31,680

the living intelligence behind the ufo

1477

00:50:35,829 --> 00:50:34,079

phenomenon and how it interacts with us

1478

00:50:38,470 --> 00:50:35,839

yeah um

1479

00:50:40,069 --> 00:50:38,480

so it's not an artifact it's it's you

1480

00:50:41,589 --> 00:50:40,079

know it's like having a first-hand

1481

00:50:43,670 --> 00:50:41,599

witness right

1482

00:50:45,349 --> 00:50:43,680

one of these entities that's behind the

1483

00:50:47,109 --> 00:50:45,359

ufo phenomenon

1484

00:50:48,710 --> 00:50:47,119

or or maybe it's technology that it

1485

00:50:50,309 --> 00:50:48,720

works through right

1486

00:50:52,790 --> 00:50:50,319

um

1487

00:50:54,870 --> 00:50:52,800

so i i think the the contact stuff is

1488

00:50:56,390 --> 00:50:54,880

really important obviously i'm always

1489

00:50:58,549 --> 00:50:56,400

involved in the contact and

1490

00:51:00,950 --> 00:50:58,559

consciousness aspect of it

1491

00:51:01,670 --> 00:51:00,960

um yeah

1492

00:51:02,309 --> 00:51:01,680

so

1493

00:51:03,510 --> 00:51:02,319

i

1494

00:51:06,549 --> 00:51:03,520

have

1495

00:51:09,430 --> 00:51:06,559

coming on soon

1496

00:51:10,710 --> 00:51:09,440

wow for engaging the phenomenon and he

1497

00:51:13,109 --> 00:51:10,720

he's going to touch on the remote

1498

00:51:13,910 --> 00:51:13,119

viewing aspect of things

1499

00:51:15,589 --> 00:51:13,920

um

1500

00:51:17,430 --> 00:51:15,599

i'm going to try to get his opinion on

1501
00:51:19,430 --> 00:51:17,440
some of the uh

1502
00:51:21,510 --> 00:51:19,440
uap stuff i don't know how far he'll go

1503
00:51:22,870 --> 00:51:21,520
but that always interesting but you know

1504
00:51:24,150 --> 00:51:22,880
what's what's actually really

1505
00:51:25,190 --> 00:51:24,160
interesting

1506
00:51:28,390 --> 00:51:25,200
um

1507
00:51:30,230 --> 00:51:28,400
is dean raiden was like or is like one

1508
00:51:31,670 --> 00:51:30,240
of the head guys for

1509
00:51:34,470 --> 00:51:31,680
um

1510
00:51:36,870 --> 00:51:34,480
dr edgar mitchell's prior foundation

1511
00:51:38,870 --> 00:51:36,880
called ions the institute for noetic

1512
00:51:40,870 --> 00:51:38,880
sciences yeah yeah right which was

1513
00:51:42,950 --> 00:51:40,880

exploring consciousness and dean raiden

1514

00:51:45,030 --> 00:51:42,960

became i think like

1515

00:51:46,710 --> 00:51:45,040

i don't like the director of research or

1516

00:51:49,349 --> 00:51:46,720

like a very

1517

00:51:52,069 --> 00:51:49,359

big title in that organization

1518

00:51:54,150 --> 00:51:52,079

um so that's that's interesting

1519

00:51:56,790 --> 00:51:54,160

and um

1520

00:51:58,470 --> 00:51:56,800

wow that's good man yeah so

1521

00:52:00,470 --> 00:51:58,480

but also uh

1522

00:52:02,069 --> 00:52:00,480

and this is something i haven't heard

1523

00:52:05,510 --> 00:52:02,079

much talked about and i really want to

1524

00:52:09,349 --> 00:52:05,520

ask him is that he's also on the board

1525

00:52:11,190 --> 00:52:09,359

of ccri um the consciousness contact

1526

00:52:12,150 --> 00:52:11,200

research institute

1527

00:52:14,630 --> 00:52:12,160

which

1528

00:52:17,349 --> 00:52:14,640

was the free organization before

1529

00:52:18,470 --> 00:52:17,359

uh which has like ray hernandez dr rudy

1530

00:52:20,470 --> 00:52:18,480

shields

1531

00:52:23,589 --> 00:52:20,480

child um

1532

00:52:25,430 --> 00:52:23,599

uh and you know dr joseph burks has

1533

00:52:28,630 --> 00:52:25,440

written a chapter for them

1534

00:52:30,790 --> 00:52:28,640

uh in in their new upcoming book uh the

1535

00:52:34,710 --> 00:52:30,800

original book was called uh

1536

00:52:36,390 --> 00:52:34,720

was it ufos you know beyond ufos and

1537

00:52:38,150 --> 00:52:36,400

it gets really into the conscious stuff

1538

00:52:39,750 --> 00:52:38,160

and experiencers and the experience or

1539

00:52:42,870 --> 00:52:39,760

study that they did with 4 000

1540

00:52:44,790 --> 00:52:42,880

experiencers wow uh that one underwent

1541

00:52:47,030 --> 00:52:44,800

like a six-hour survey or whatever it

1542

00:52:48,710 --> 00:52:47,040

was hundreds of questions um per

1543

00:52:50,390 --> 00:52:48,720

individual

1544

00:52:51,990 --> 00:52:50,400

so that was like the first of its kind

1545

00:52:54,470 --> 00:52:52,000

people criticized it but again it's the

1546

00:52:56,549 --> 00:52:54,480

first of its kind uh but it's on like an

1547

00:52:57,910 --> 00:52:56,559

academic level

1548

00:52:59,589 --> 00:52:57,920

um

1549

00:53:01,190 --> 00:52:59,599

so

1550

00:53:03,750 --> 00:53:01,200

dean raiden is

1551
00:53:06,069 --> 00:53:03,760
is a board member right and that never

1552
00:53:07,750 --> 00:53:06,079
gets talked about i don't like what

1553
00:53:10,309 --> 00:53:07,760
you know what's his interest and

1554
00:53:11,109 --> 00:53:10,319
involvement in that you know

1555
00:53:13,109 --> 00:53:11,119
yeah

1556
00:53:14,549 --> 00:53:13,119
because it's clearly

1557
00:53:17,030 --> 00:53:14,559
yeah because i mean they get they

1558
00:53:20,390 --> 00:53:17,040
discuss remote viewing and and

1559
00:53:22,390 --> 00:53:20,400
kind of every phenomenal logical issue

1560
00:53:25,190 --> 00:53:22,400
uh but specifically their focus is

1561
00:53:27,430 --> 00:53:25,200
contact with non-human intelligence yeah

1562
00:53:28,950 --> 00:53:27,440
uh so yeah what's he doing on there

1563
00:53:30,710 --> 00:53:28,960

that's what i want to know

1564

00:53:33,109 --> 00:53:30,720

and you're going to get the answers got

1565

00:53:34,390 --> 00:53:33,119

to get out of him

1566

00:53:35,910 --> 00:53:34,400

anything else anyone else you've got

1567

00:53:39,030 --> 00:53:35,920

coming on anything you can tell us about

1568

00:53:47,030 --> 00:53:40,870

i have

1569

00:53:49,109 --> 00:53:47,040

i'm not sure everyone will immediately

1570

00:53:50,309 --> 00:53:49,119

appreciate it and see the relevance just

1571

00:53:51,829 --> 00:53:50,319

yet

1572

00:53:53,190 --> 00:53:51,839

um

1573

00:53:56,950 --> 00:53:53,200

i hope they do

1574

00:53:58,630 --> 00:53:56,960

right uh this individual uh

1575

00:54:00,150 --> 00:53:58,640

and again i don't know how far they're

1576

00:54:01,589 --> 00:54:00,160

going this is i think the first time

1577

00:54:03,430 --> 00:54:01,599

that they're going to share their kind

1578

00:54:05,829 --> 00:54:03,440

of like experience or story from what i

1579

00:54:08,790 --> 00:54:05,839

understand publicly wow um and they're

1580

00:54:10,470 --> 00:54:08,800

an academic and they submitted a paper

1581

00:54:11,670 --> 00:54:10,480

that was accepted

1582

00:54:13,670 --> 00:54:11,680

by bixx

1583

00:54:15,910 --> 00:54:13,680

the bigelow institute for uh

1584

00:54:17,270 --> 00:54:15,920

consciousness studies this is the newest

1585

00:54:19,510 --> 00:54:17,280

one wasn't it for the age right it's the

1586

00:54:21,589 --> 00:54:19,520

afterlife one yeah yes

1587

00:54:23,670 --> 00:54:21,599

yeah so they they were involved in that

1588

00:54:26,390 --> 00:54:23,680

um and their their paper was submitted

1589

00:54:28,309 --> 00:54:26,400

and accepted as an official um runner in

1590

00:54:29,510 --> 00:54:28,319

the in the contest

1591

00:54:31,030 --> 00:54:29,520

um

1592

00:54:32,630 --> 00:54:31,040

and i i'm not sure if they're going to

1593

00:54:34,710 --> 00:54:32,640

release that paper to the public i hope

1594

00:54:35,990 --> 00:54:34,720

they do it's about 60 pages

1595

00:54:39,030 --> 00:54:36,000

um but

1596

00:54:40,789 --> 00:54:39,040

definitely relevant in the phenomenology

1597

00:54:42,470 --> 00:54:40,799

aspect of stuff and

1598

00:54:43,910 --> 00:54:42,480

um i don't know if they're going to get

1599

00:54:46,069 --> 00:54:43,920

into some of the people that they spoke

1600

00:54:46,950 --> 00:54:46,079

to during their research

1601
00:54:49,190 --> 00:54:46,960
um

1602
00:54:52,309 --> 00:54:49,200
but if they do it's going to be very

1603
00:54:53,990 --> 00:54:52,319
clearly relevant why it's important nice

1604
00:54:55,510 --> 00:54:54,000
man i can't wait for that i like it i

1605
00:54:56,870 --> 00:54:55,520
like it because you bring these other

1606
00:54:58,950 --> 00:54:56,880
guests to uh

1607
00:55:00,309 --> 00:54:58,960
not everywhere and people don't always

1608
00:55:02,470 --> 00:55:00,319
know who they are but when you listen to

1609
00:55:03,910 --> 00:55:02,480
these interviews that absolutely

1610
00:55:04,870 --> 00:55:03,920
the wealth of knowledge that comes out

1611
00:55:07,030 --> 00:55:04,880
of them is

1612
00:55:09,030 --> 00:55:07,040
is such a bonus on top of everything we

1613
00:55:11,910 --> 00:55:09,040

get from the regular faces that we see

1614

00:55:13,430 --> 00:55:11,920

so i'm really excited for that man um

1615

00:55:14,789 --> 00:55:13,440

this is something i don't really talk

1616

00:55:16,549 --> 00:55:14,799

about that much because it's a

1617

00:55:17,910 --> 00:55:16,559

conversation that we that can go either

1618

00:55:21,270 --> 00:55:17,920

way it's the

1619

00:55:22,870 --> 00:55:21,280

anjali um the reason why i'm bringing it

1620

00:55:25,030 --> 00:55:22,880

up here now is because she's got an

1621

00:55:27,829 --> 00:55:25,040

interview with steve cambion in a few

1622

00:55:30,150 --> 00:55:27,839

hours time now i think that'll be an

1623

00:55:31,910 --> 00:55:30,160

interesting interview

1624

00:55:34,630 --> 00:55:31,920

um i can't even remember what his

1625

00:55:35,990 --> 00:55:34,640

channel is called

1626

00:55:37,990 --> 00:55:36,000

christy christ

1627

00:55:40,150 --> 00:55:38,000

yeah truth seekers youtube channel so

1628

00:55:42,069 --> 00:55:40,160

for anyone who has questions or wants to

1629

00:55:45,109 --> 00:55:42,079

see some more on that story

1630

00:55:47,030 --> 00:55:45,119

go and see her latest interview because

1631

00:55:49,270 --> 00:55:47,040

you know what what do you think james i

1632

00:55:50,230 --> 00:55:49,280

i don't like talking about it because

1633

00:55:53,430 --> 00:55:50,240

it's

1634

00:55:55,030 --> 00:55:53,440

i mean i don't mind i don't mind talking

1635

00:55:57,829 --> 00:55:55,040

about it i'm just going to give my

1636

00:55:58,549 --> 00:55:57,839

honest opinion and um

1637

00:56:01,190 --> 00:55:58,559

so

1638

00:56:03,750 --> 00:56:01,200

the way i look at you know different

1639

00:56:04,470 --> 00:56:03,760

cases or stories um

1640

00:56:24,789 --> 00:56:04,480

i

1641

00:56:27,030 --> 00:56:24,799

um

1642

00:56:28,789 --> 00:56:27,040

but then i also look at you know what

1643

00:56:32,789 --> 00:56:28,799

about it is relevant

1644

00:56:35,990 --> 00:56:32,799

and and what what about the case um

1645

00:56:37,589 --> 00:56:36,000

has supportive evidence to to to give me

1646

00:56:38,710 --> 00:56:37,599

a direction to lean in and whether it's

1647

00:56:41,589 --> 00:56:38,720

true or not

1648

00:56:44,470 --> 00:56:41,599

and that kind of weighs out of is this

1649

00:56:46,950 --> 00:56:44,480

relevant and is this worth my time as

1650

00:56:49,190 --> 00:56:46,960

far as looking into and researching yeah

1651
00:56:51,030 --> 00:56:49,200
um or following the story and then again

1652
00:56:53,190 --> 00:56:51,040
and this is a case where we're just we

1653
00:56:54,630 --> 00:56:53,200
just all we're along for the ride

1654
00:56:56,630 --> 00:56:54,640
um

1655
00:56:58,069 --> 00:56:56,640
this individual i think at truth seeker

1656
00:56:59,589 --> 00:56:58,079
said he was able to find some

1657
00:57:00,710 --> 00:56:59,599
information

1658
00:57:03,349 --> 00:57:00,720
um

1659
00:57:07,190 --> 00:57:03,359
which is interesting right so i'll pay

1660
00:57:11,030 --> 00:57:07,200
attention to it yeah um but

1661
00:57:12,950 --> 00:57:11,040
as far as the claims she made um

1662
00:57:14,390 --> 00:57:12,960
i yeah of course the contact thing is

1663
00:57:15,510 --> 00:57:14,400

interesting to me

1664

00:57:17,270 --> 00:57:15,520

but

1665

00:57:19,990 --> 00:57:17,280

um

1666

00:57:21,349 --> 00:57:20,000

i mean she's made huge claims you know

1667

00:57:24,309 --> 00:57:21,359

that

1668

00:57:27,670 --> 00:57:24,319

a big event is going going to happen

1669

00:57:29,510 --> 00:57:27,680

and so far you know in in my opinion i

1670

00:57:32,150 --> 00:57:29,520

haven't seen any compelling evidence to

1671

00:57:33,030 --> 00:57:32,160

suggest that it's going to happen sure

1672

00:57:34,630 --> 00:57:33,040

right

1673

00:57:36,630 --> 00:57:34,640

um

1674

00:57:38,390 --> 00:57:36,640

and again i'm not discounting or

1675

00:57:40,230 --> 00:57:38,400

ignoring or saying anything negative

1676
00:57:42,549 --> 00:57:40,240
that's just my honest opinion i just i

1677
00:57:44,069 --> 00:57:42,559
haven't seen anything

1678
00:57:46,950 --> 00:57:44,079
any kind of compelling information that

1679
00:57:48,549 --> 00:57:46,960
would mean lead me to believe that it's

1680
00:57:49,829 --> 00:57:48,559
true or it's going to happen

1681
00:57:52,390 --> 00:57:49,839
sure i mean

1682
00:57:53,750 --> 00:57:52,400
now one thing that kind of is a red flag

1683
00:57:56,470 --> 00:57:53,760
to me is like if you're talking about

1684
00:57:58,870 --> 00:57:56,480
this place like why and it was legit

1685
00:58:01,109 --> 00:57:58,880
why wouldn't the us government or or

1686
00:58:02,390 --> 00:58:01,119
secret agency jump on it by now right

1687
00:58:04,309 --> 00:58:02,400
yeah why didn't they just take the base

1688
00:58:07,510 --> 00:58:04,319

away or close it off or make it

1689

00:58:09,589 --> 00:58:07,520

classified um you know a classified area

1690

00:58:11,750 --> 00:58:09,599

sure you know i mean it's not like

1691

00:58:13,589 --> 00:58:11,760

they're the the intelligence communities

1692

00:58:14,549 --> 00:58:13,599

don't know where she's talking about you

1693

00:58:16,470 --> 00:58:14,559

know

1694

00:58:18,950 --> 00:58:16,480

um they would be able to find it

1695

00:58:21,190 --> 00:58:18,960

in like an hour not even

1696

00:58:23,190 --> 00:58:21,200

uh you know it's a kind of mountainous

1697

00:58:25,030 --> 00:58:23,200

area in the mojave desert and there's an

1698

00:58:27,030 --> 00:58:25,040

e.t base or something over there so like

1699

00:58:29,990 --> 00:58:27,040

why wouldn't they have gone and

1700

00:58:33,670 --> 00:58:30,000

looked into it um yeah so it's to me

1701

00:58:36,309 --> 00:58:35,190

i don't know i don't think that if there

1702

00:58:37,430 --> 00:58:36,319

was something like that it would be

1703

00:58:38,870 --> 00:58:37,440

ignored

1704

00:58:41,750 --> 00:58:38,880

um

1705

00:58:43,030 --> 00:58:41,760

again i it sounds like interesting like

1706

00:58:46,069 --> 00:58:43,040

kind of like

1707

00:58:47,910 --> 00:58:46,079

gaia tv interesting

1708

00:58:49,430 --> 00:58:47,920

but it

1709

00:58:52,630 --> 00:58:49,440

there's nothing about it that leads me

1710

00:58:54,390 --> 00:58:52,640

to believe that that is gonna take place

1711

00:58:57,510 --> 00:58:54,400

um

1712

00:59:00,150 --> 00:58:59,030

would it be cool if that took place i

1713

00:59:02,150 --> 00:59:00,160

don't even know i don't even know if

1714

00:59:04,630 --> 00:59:02,160

that's the best thing for everybody for

1715

00:59:07,349 --> 00:59:04,640

that to happen that way in such an

1716

00:59:09,030 --> 00:59:07,359

environment and it's like

1717

00:59:11,030 --> 00:59:09,040

i don't think you know if it was

1718

00:59:12,950 --> 00:59:11,040

something so important and big i don't

1719

00:59:15,030 --> 00:59:12,960

think it's being handled handled the

1720

00:59:17,430 --> 00:59:15,040

right way i don't know you know

1721

00:59:19,670 --> 00:59:17,440

i if i had

1722

00:59:20,549 --> 00:59:19,680

an e.t base somewhere where i knew

1723

00:59:22,230 --> 00:59:20,559

that's

1724

00:59:24,549 --> 00:59:22,240

i wouldn't go about it that way i mean

1725

00:59:26,069 --> 00:59:24,559

so proprietary and

1726
00:59:27,910 --> 00:59:26,079
you're

1727
00:59:29,430 --> 00:59:27,920
kind of have to depend on this

1728
00:59:31,430 --> 00:59:29,440
individual

1729
00:59:33,190 --> 00:59:31,440
to give you the answer and the truth and

1730
00:59:36,710 --> 00:59:33,200
you know

1731
00:59:39,829 --> 00:59:36,720
and in that scenario i just i don't know

1732
00:59:41,750 --> 00:59:39,839
it doesn't make sense for me

1733
00:59:43,190 --> 00:59:41,760
that uh how it's being handled and dealt

1734
00:59:45,270 --> 00:59:43,200
with now

1735
00:59:46,630 --> 00:59:45,280
i i've never had an e.t based in a

1736
00:59:48,309 --> 00:59:46,640
mountain that i know of so i wouldn't

1737
00:59:49,670 --> 00:59:48,319
know how to go about that right i

1738
00:59:51,190 --> 00:59:49,680

wouldn't even i wouldn't know where to

1739

00:59:53,030 --> 00:59:51,200

start i'm i'm

1740

00:59:55,750 --> 00:59:53,040

too under qualified

1741

00:59:58,309 --> 00:59:55,760

right but it just seems too important to

1742

01:00:00,069 --> 00:59:58,319

be handled the way it's being handled

1743

01:00:02,309 --> 01:00:00,079

um

1744

01:00:03,750 --> 01:00:02,319

i don't know i mean

1745

01:00:06,069 --> 01:00:03,760

what do you know what she's saying is

1746

01:00:09,190 --> 01:00:06,079

going to be the ultimate outcome

1747

01:00:11,430 --> 01:00:09,200

i i don't i mean i i don't follow it

1748

01:00:13,190 --> 01:00:11,440

that much after the initial

1749

01:00:15,750 --> 01:00:13,200

thing she did at the the monument

1750

01:00:17,190 --> 01:00:15,760

washington monument was it and then i

1751

01:00:19,109 --> 01:00:17,200

saw all the

1752

01:00:20,950 --> 01:00:19,119

abuse she was getting on twitter which i

1753

01:00:23,510 --> 01:00:20,960

really didn't like whether she's telling

1754

01:00:25,430 --> 01:00:23,520

the truth or not i that really pushed me

1755

01:00:26,950 --> 01:00:25,440

away from it so every now and again i

1756

01:00:28,870 --> 01:00:26,960

just i might see something as i'm

1757

01:00:30,390 --> 01:00:28,880

scrolling through twitter and that so

1758

01:00:31,750 --> 01:00:30,400

yeah i'm kind of

1759

01:00:34,309 --> 01:00:31,760

curious

1760

01:00:35,750 --> 01:00:34,319

a little part of me deep down

1761

01:00:37,510 --> 01:00:35,760

but that's about it so i don't really

1762

01:00:39,670 --> 01:00:37,520

keep up with it and but i will probably

1763

01:00:42,950 --> 01:00:39,680

watch this this interview just to cut

1764

01:00:45,030 --> 01:00:42,960

that latest thing but and i mean if she

1765

01:00:47,430 --> 01:00:45,040

has evidence um

1766

01:00:49,190 --> 01:00:47,440

to put forward where it's gonna

1767

01:00:51,270 --> 01:00:49,200

help in the overall conversation

1768

01:00:52,710 --> 01:00:51,280

disclosure process that's awesome

1769

01:00:55,349 --> 01:00:52,720

yeah um

1770

01:00:57,670 --> 01:00:55,359

i i mean again i'm hopeful

1771

01:00:59,670 --> 01:00:57,680

that that would be the case but i've

1772

01:01:02,470 --> 01:00:59,680

seen so many

1773

01:01:04,470 --> 01:01:02,480

different things in the field like

1774

01:01:07,910 --> 01:01:04,480

um

1775

01:01:10,069 --> 01:01:07,920

dr jonathan reed for example right like

1776

01:01:11,910 --> 01:01:10,079

it's just like we've been let down so

1777

01:01:13,990 --> 01:01:11,920

many times and

1778

01:01:15,349 --> 01:01:14,000

we don't need another letdown like that

1779

01:01:17,589 --> 01:01:15,359

um

1780

01:01:19,190 --> 01:01:17,599

but again you know i understand people

1781

01:01:21,430 --> 01:01:19,200

were making the case well

1782

01:01:23,750 --> 01:01:21,440

you know her stories is destroying the

1783

01:01:26,390 --> 01:01:23,760

credibility of the uap subject and i

1784

01:01:28,309 --> 01:01:26,400

don't think that's true

1785

01:01:31,430 --> 01:01:28,319

yeah right is it helpful no it's not

1786

01:01:33,109 --> 01:01:31,440

helpful if it's false uh but

1787

01:01:34,710 --> 01:01:33,119

i mean we've seen too much we've come

1788

01:01:35,829 --> 01:01:34,720

too far where

1789

01:01:42,470 --> 01:01:35,839

if

1790

01:01:44,789 --> 01:01:42,480

a more global disclosure we're going to

1791

01:01:47,030 --> 01:01:44,799

see more and more things like that come

1792

01:01:48,630 --> 01:01:47,040

forward that are kind of like

1793

01:01:50,630 --> 01:01:48,640

you know rise and falls or different

1794

01:01:52,950 --> 01:01:50,640

stories come forward that

1795

01:01:55,990 --> 01:01:52,960

are hot for a minute and drop out you

1796

01:01:58,390 --> 01:01:56,000

know i think we're gonna see a lot of um

1797

01:02:01,349 --> 01:01:58,400

uh people coming forward like fake

1798

01:02:03,430 --> 01:02:01,359

whistleblowers experiencers and

1799

01:02:04,230 --> 01:02:03,440

um i think we're only gonna see more of

1800

01:02:07,109 --> 01:02:04,240

that

1801
01:02:08,390 --> 01:02:07,119
so if anything this is a um

1802
01:02:10,069 --> 01:02:08,400
a teaching point right it's an

1803
01:02:11,029 --> 01:02:10,079
educational

1804
01:02:13,829 --> 01:02:11,039
um

1805
01:02:15,109 --> 01:02:13,839
case for us where we can say okay let's

1806
01:02:16,630 --> 01:02:15,119
just sit back

1807
01:02:18,230 --> 01:02:16,640
watch how this goes on because there's

1808
01:02:20,950 --> 01:02:18,240
nothing we can do about it anyway she's

1809
01:02:23,109 --> 01:02:20,960
telling her story and we can't help her

1810
01:02:24,309 --> 01:02:23,119
in any way you know she's going to pick

1811
01:02:25,510 --> 01:02:24,319
out a few individuals to go on an

1812
01:02:27,270 --> 01:02:25,520
expedition

1813
01:02:28,230 --> 01:02:27,280

we're not allowed to be involved that's

1814

01:02:30,710 --> 01:02:28,240

fine

1815

01:02:32,390 --> 01:02:30,720

um so we'll sit back and and watch and

1816

01:02:33,910 --> 01:02:32,400

if something happens it does if it

1817

01:02:36,309 --> 01:02:33,920

doesn't it doesn't then we move on

1818

01:02:38,309 --> 01:02:36,319

either way just real you know other

1819

01:02:39,670 --> 01:02:38,319

things are going on that are making real

1820

01:02:41,029 --> 01:02:39,680

change anyways

1821

01:02:43,109 --> 01:02:41,039

you know it's not like

1822

01:02:45,109 --> 01:02:43,119

no 20 years ago this might have been a

1823

01:02:47,430 --> 01:02:45,119

bigger thing because we had nothing else

1824

01:02:49,029 --> 01:02:47,440

to kind of go on like this this might be

1825

01:02:51,349 --> 01:02:49,039

the one time we have something right

1826
01:02:52,789 --> 01:02:51,359
guys but we already have things going on

1827
01:02:54,549 --> 01:02:52,799
now where it's like

1828
01:02:56,390 --> 01:02:54,559
if things like that don't pan out like

1829
01:02:58,630 --> 01:02:56,400
the jonathan reed story or whatever it's

1830
01:03:00,630 --> 01:02:58,640
like big deal we got we actually have

1831
01:03:02,710 --> 01:03:00,640
stuff going on that like it doesn't

1832
01:03:05,750 --> 01:03:02,720
matter if this story is not true or not

1833
01:03:07,910 --> 01:03:05,760
because the story itself the uap story

1834
01:03:09,589 --> 01:03:07,920
is is starting to be told yeah it's

1835
01:03:11,670 --> 01:03:09,599
still evolving and that's what i mean i

1836
01:03:14,230 --> 01:03:11,680
i it's really the first time i've spoken

1837
01:03:15,190 --> 01:03:14,240
about it on any platform i get so many

1838
01:03:16,950 --> 01:03:15,200

messages

1839

01:03:18,390 --> 01:03:16,960

daily almost saying what are your

1840

01:03:20,710 --> 01:03:18,400

thoughts on anjali why are you not

1841

01:03:22,630 --> 01:03:20,720

posting about it and i'm just like

1842

01:03:24,789 --> 01:03:22,640

what is it supposed there's nothing

1843

01:03:26,309 --> 01:03:24,799

there's just a story and i'm not

1844

01:03:28,549 --> 01:03:26,319

here to promote stories i'm here to

1845

01:03:31,349 --> 01:03:28,559

provide evidence and yeah meaningful

1846

01:03:33,270 --> 01:03:31,359

conversations or data points you know

1847

01:03:35,750 --> 01:03:33,280

yeah she seems like a nice person i

1848

01:03:37,190 --> 01:03:35,760

would love to believe her story i'd love

1849

01:03:39,029 --> 01:03:37,200

nothing more than believe that

1850

01:03:41,349 --> 01:03:39,039

everything she's saying is true

1851

01:03:44,150 --> 01:03:41,359

however however i haven't seen anything

1852

01:03:45,670 --> 01:03:44,160

that that leads me that gives me kind of

1853

01:03:46,710 --> 01:03:45,680

like

1854

01:03:49,430 --> 01:03:46,720

um

1855

01:03:51,910 --> 01:03:49,440

good reason to to take what she's saying

1856

01:03:52,789 --> 01:03:51,920

at face value and if i if i can't do

1857

01:03:54,230 --> 01:03:52,799

that

1858

01:03:55,670 --> 01:03:54,240

um there's nothing i can do with the

1859

01:03:57,589 --> 01:03:55,680

information and

1860

01:03:59,750 --> 01:03:57,599

the information is not practical i mean

1861

01:04:01,270 --> 01:03:59,760

how much time can i waste that or invest

1862

01:04:02,950 --> 01:04:01,280

in it if it's not going to be something

1863

01:04:03,750 --> 01:04:02,960

that i can actually do something with

1864

01:04:04,789 --> 01:04:03,760

right

1865

01:04:10,309 --> 01:04:04,799

like

1866

01:04:11,910 --> 01:04:10,319

um a new uap story right where new

1867

01:04:14,230 --> 01:04:11,920

witness or

1868

01:04:16,230 --> 01:04:14,240

pilot comes out talking about that

1869

01:04:17,670 --> 01:04:16,240

we have something to talk about we have

1870

01:04:19,910 --> 01:04:17,680

you know where people in the community

1871

01:04:21,589 --> 01:04:19,920

we can help disperse that information

1872

01:04:24,309 --> 01:04:21,599

because we can vet it to a different

1873

01:04:26,549 --> 01:04:24,319

degree and say this is actual

1874

01:04:27,270 --> 01:04:26,559

now let's inform people about it you

1875

01:04:28,950 --> 01:04:27,280

know

1876

01:04:31,589 --> 01:04:28,960

uh we can't do that with this because we

1877

01:04:33,430 --> 01:04:31,599

don't there's nothing we have

1878

01:04:36,470 --> 01:04:33,440

to kind of lean on where we can say this

1879

01:04:37,510 --> 01:04:36,480

is legitimate so let's start informing

1880

01:04:40,230 --> 01:04:37,520

you know

1881

01:04:42,069 --> 01:04:40,240

a spiral out from the community and and

1882

01:04:43,270 --> 01:04:42,079

kind of let the information reach who it

1883

01:04:45,270 --> 01:04:43,280

can do

1884

01:04:46,630 --> 01:04:45,280

podcasts or interviews but there's

1885

01:04:49,910 --> 01:04:46,640

there's nothing we can do other than

1886

01:04:51,109 --> 01:04:49,920

what she said it's only what she said

1887

01:04:54,549 --> 01:04:51,119

and

1888

01:04:56,309 --> 01:04:54,559

you know it it's going to go where it's

1889

01:04:58,630 --> 01:04:56,319

going to go and

1890

01:05:00,390 --> 01:04:58,640

you know i i hope something you know

1891

01:05:02,630 --> 01:05:00,400

really cool and i'm always waiting for

1892

01:05:04,630 --> 01:05:02,640

something cool to happen yeah

1893

01:05:05,430 --> 01:05:04,640

you know definitely so

1894

01:05:07,190 --> 01:05:05,440

yeah

1895

01:05:09,430 --> 01:05:07,200

no that's cool man well listen james

1896

01:05:10,870 --> 01:05:09,440

we've just hit over the hour mark um i

1897

01:05:12,789 --> 01:05:10,880

want to thank you so much again for

1898

01:05:14,870 --> 01:05:12,799

joining me i feel that we are starting

1899

01:05:17,510 --> 01:05:14,880

to ramp up again um so maybe we should

1900

01:05:18,390 --> 01:05:17,520

do this every month or two just catch up

1901

01:05:20,950 --> 01:05:18,400

and

1902

01:05:22,549 --> 01:05:20,960

i forgot to tell you about um

1903

01:05:25,829 --> 01:05:22,559

one of my announcements

1904

01:05:27,510 --> 01:05:25,839

oh cool yeah please yeah so um

1905

01:05:28,950 --> 01:05:27,520

i i am putting out a new channel on

1906

01:05:31,109 --> 01:05:28,960

podcasts

1907

01:05:32,630 --> 01:05:31,119

uh but it's not it's not

1908

01:05:34,710 --> 01:05:32,640

specifically

1909

01:05:36,630 --> 01:05:34,720

uh uap related

1910

01:05:38,630 --> 01:05:36,640

uh so that's why i haven't promoted it

1911

01:05:40,789 --> 01:05:38,640

too much in in the ufo thing because

1912

01:05:43,349 --> 01:05:40,799

it's gonna be more about consciousness

1913

01:05:46,150 --> 01:05:43,359

um consciousness mindfulness meditation

1914

01:05:47,589 --> 01:05:46,160

phenomenology uh awakening if people are

1915

01:05:48,549 --> 01:05:47,599

interested in that

1916

01:05:50,390 --> 01:05:48,559

um

1917

01:05:52,069 --> 01:05:50,400

so but i'm not going to involve that too

1918

01:05:53,670 --> 01:05:52,079

much in the ufo stuff because i know

1919

01:05:56,470 --> 01:05:53,680

people are here for ufos and that's cool

1920

01:05:58,230 --> 01:05:56,480

man well you'd be surprised i mean on my

1921

01:05:59,990 --> 01:05:58,240

channel here especially on my instagram

1922

01:06:01,510 --> 01:06:00,000

and stuff is a there's a decent amount

1923

01:06:03,829 --> 01:06:01,520

of that so

1924

01:06:05,109 --> 01:06:03,839

i'll be more than happy to to share and

1925

01:06:06,470 --> 01:06:05,119

promote that for you because i think

1926

01:06:07,910 --> 01:06:06,480

people will benefit from that i've got

1927

01:06:09,270 --> 01:06:07,920

so many people interested in that i'd

1928

01:06:10,950 --> 01:06:09,280

like to take a look at it and listen to

1929

01:06:12,630 --> 01:06:10,960

it yeah so if people are interested in

1930

01:06:14,549 --> 01:06:12,640

that it's called meta perspective and

1931

01:06:16,309 --> 01:06:14,559

that'll be coming out uh i want to say

1932

01:06:18,549 --> 01:06:16,319

the beginning of october

1933

01:06:20,230 --> 01:06:18,559

but i also have another guest on

1934

01:06:22,470 --> 01:06:20,240

engaging the phenomenon that i did not

1935

01:06:24,390 --> 01:06:22,480

announce yes um

1936

01:06:26,390 --> 01:06:24,400

individual's name's vinnie he runs

1937

01:06:31,990 --> 01:06:26,400

disclosure team he's gotta come on my

1938

01:06:35,750 --> 01:06:34,069

any time bro just say the word you know

1939

01:06:37,510 --> 01:06:35,760

i'm always i can always make time for

1940

01:06:38,870 --> 01:06:37,520

you my man yeah we'll definitely set

1941

01:06:40,069 --> 01:06:38,880

that up soon

1942

01:06:41,589 --> 01:06:40,079

i kind of think if there's anybody else

1943

01:06:43,430 --> 01:06:41,599

i have other people's schedule i'm

1944

01:06:45,029 --> 01:06:43,440

trying to think because i'm like

1945

01:06:46,630 --> 01:06:45,039

launching this other podcast now so i

1946

01:06:48,630 --> 01:06:46,640

got like these two schedules and i'm

1947

01:06:50,870 --> 01:06:48,640

like i have figure eights going on in my

1948

01:06:51,670 --> 01:06:50,880

head now yeah now i know what you mean

1949

01:06:53,190 --> 01:06:51,680

man

1950

01:06:55,190 --> 01:06:53,200

but dean raiden is one i'm really

1951

01:06:55,990 --> 01:06:55,200

looking forward to yeah

1952

01:07:12,069 --> 01:06:56,000

i

1953

01:07:14,789 --> 01:07:12,079

he has an old youtube channel on program

1954

01:07:16,870 --> 01:07:14,799

and it's like legendary this guy had all

1955

01:07:19,910 --> 01:07:16,880

the remote viewers on he had jacques

1956

01:07:21,430 --> 01:07:19,920

valle and like the 1970s come on show

1957

01:07:23,430 --> 01:07:21,440

so this guy has done it's more

1958

01:07:24,870 --> 01:07:23,440

consciousness stuff but he's had the ufo

1959

01:07:27,510 --> 01:07:24,880

people on his show

1960

01:07:28,950 --> 01:07:27,520

is he more 70s and 80s remote viewing

1961

01:07:32,230 --> 01:07:28,960

era

1962

01:07:34,710 --> 01:07:32,240

older stuff he's he's got it from back

1963

01:07:37,109 --> 01:07:34,720

then to now i mean the guy

1964

01:07:38,789 --> 01:07:37,119

he's like

1965

01:07:40,549 --> 01:07:38,799

he i guess he would consider himself a

1966

01:07:41,750 --> 01:07:40,559

parapsychologist

1967

01:07:44,309 --> 01:07:41,760

um

1968

01:07:46,789 --> 01:07:44,319

so but anything consciousness and remote

1969

01:07:49,349 --> 01:07:46,799

viewing but he's had ufo people on to dr

1970

01:07:51,109 --> 01:07:49,359

john alexander has been on his program

1971

01:07:52,069 --> 01:07:51,119

several times

1972

01:07:54,150 --> 01:07:52,079

and this is

1973

01:07:56,549 --> 01:07:54,160

one this is before people knew who these

1974

01:07:58,470 --> 01:07:56,559

people were this guy knew and had him on

1975

01:07:59,910 --> 01:07:58,480

and so like thanks

1976

01:08:01,990 --> 01:07:59,920

to him

1977

01:08:03,910 --> 01:08:02,000

uh that we we know more about this and

1978

01:08:05,589 --> 01:08:03,920

had these programs back then and he's

1979

01:08:06,870 --> 01:08:05,599

uploaded a lot of the old stuff onto his

1980

01:08:09,349 --> 01:08:06,880

channel

1981

01:08:11,589 --> 01:08:09,359

so i'm really looking forward to having

1982

01:08:13,750 --> 01:08:11,599

him come on to talk about uh

1983

01:08:14,710 --> 01:08:13,760

consciousness but also ufos because he's

1984

01:08:16,470 --> 01:08:14,720

had

1985

01:08:17,829 --> 01:08:16,480

uh you know he wrote a book called the

1986

01:08:20,870 --> 01:08:17,839

pk man

1987

01:08:22,950 --> 01:08:20,880

and um that involves an individual who

1988

01:08:25,430 --> 01:08:22,960

was allegedly

1989

01:08:27,669 --> 01:08:25,440

being able to demonstrate pk you know

1990

01:08:29,749 --> 01:08:27,679

telekinesis basically moving objects

1991

01:08:30,550 --> 01:08:29,759

with his mind in a sense

1992

01:08:32,229 --> 01:08:30,560

um

1993

01:08:33,189 --> 01:08:32,239

physical effects of consciousness but

1994

01:08:37,269 --> 01:08:33,199

also

1995

01:08:40,309 --> 01:08:37,279

this individual terry owens or ted owens

1996

01:08:42,630 --> 01:08:40,319

was able to summon ufos

1997

01:08:44,149 --> 01:08:42,640

so it ties into that whole aspect too he

1998

01:08:45,510 --> 01:08:44,159

had something he called space

1999

01:08:47,110 --> 01:08:45,520

intelligence

2000

01:08:48,309 --> 01:08:47,120

and he would communicate with the space

2001

01:08:51,030 --> 01:08:48,319

intelligence

2002

01:08:52,709 --> 01:08:51,040

and according to jeffrey mislove

2003

01:08:54,789 --> 01:08:52,719

um

2004

01:08:58,149 --> 01:08:54,799

he was able to demonstrate that on a

2005

01:08:59,669 --> 01:08:58,159

somewhat regular basis with genuine ufo

2006

01:09:01,349 --> 01:08:59,679

events occurring

2007

01:09:04,390 --> 01:09:01,359

um so

2008

01:09:06,870 --> 01:09:04,400

it's it's not as well known case as it

2009

01:09:08,630 --> 01:09:06,880

should be i guess um but

2010

01:09:11,030 --> 01:09:08,640

i guess the individual ted owens is

2011

01:09:12,950 --> 01:09:11,040

really controversial kind of guy

2012

01:09:14,709 --> 01:09:12,960

like not um

2013

01:09:16,390 --> 01:09:14,719

conventional and

2014

01:09:18,390 --> 01:09:16,400

kind of rough around the edges so i can

2015

01:09:19,669 --> 01:09:18,400

see why people like that guy's nuts

2016

01:09:21,669 --> 01:09:19,679

because he was just kind of like it

2017

01:09:23,669 --> 01:09:21,679

didn't give an f about anything kind of

2018

01:09:25,269 --> 01:09:23,679

guy if you if you look into the book and

2019

01:09:27,189 --> 01:09:25,279

hear about his story he was kind of just

2020

01:09:29,430 --> 01:09:27,199

like

2021

01:09:31,990 --> 01:09:29,440

kind of a bizarre individual but again

2022

01:09:33,510 --> 01:09:32,000

intriguing so jeffrey yeah jeffrey

2023

01:09:35,110 --> 01:09:33,520

mittell wrote that

2024

01:09:36,789 --> 01:09:35,120

i'm going to start looking into mislove

2025

01:09:38,070 --> 01:09:36,799

and dean raiden as well i think because

2026

01:09:39,590 --> 01:09:38,080

i've been having a few conversations

2027

01:09:41,030 --> 01:09:39,600

about remote viewing and stuff with a

2028

01:09:42,789 --> 01:09:41,040

few people behind the scenes recently

2029

01:09:45,269 --> 01:09:42,799

because again it's another aspect that

2030

01:09:47,110 --> 01:09:45,279

is a bit distant from me

2031

01:09:49,189 --> 01:09:47,120

from the you know the angle i came into

2032

01:09:50,390 --> 01:09:49,199

this subject from so

2033

01:09:52,229 --> 01:09:50,400

i want to learn do you know what i mean

2034

01:09:53,669 --> 01:09:52,239

i really do yeah yeah well and i'll say

2035

01:09:55,750 --> 01:09:53,679

one more thing and

2036

01:09:56,709 --> 01:09:55,760

i this will piss the reviewing people

2037

01:09:58,950 --> 01:09:56,719

off

2038

01:10:01,270 --> 01:09:58,960

um but i think that

2039

01:10:03,750 --> 01:10:01,280

you know ce5 or highest human initiated

2040

01:10:06,630 --> 01:10:03,760

contact experiences and events

2041

01:10:08,630 --> 01:10:06,640

and uh or cognitive human interface as

2042

01:10:10,390 --> 01:10:08,640

it was you know written in the uh atip

2043

01:10:11,510 --> 01:10:10,400

slide slide nine

2044

01:10:13,030 --> 01:10:11,520

um

2045

01:10:15,430 --> 01:10:13,040

to a degree

2046

01:10:18,390 --> 01:10:15,440

i'm not saying it's just completely like

2047

01:10:20,630 --> 01:10:18,400

you know better or whatever but the the

2048

01:10:22,310 --> 01:10:20,640

idea with with the

2049

01:10:23,350 --> 01:10:22,320

cognitive human interface is that

2050

01:10:25,830 --> 01:10:23,360

there's

2051

01:10:26,950 --> 01:10:25,840

biological effects sometimes

2052

01:10:29,189 --> 01:10:26,960

so

2053

01:10:32,390 --> 01:10:29,199

there's a physical tangible component

2054

01:10:33,350 --> 01:10:32,400

right so with the remote viewing i mean

2055

01:10:35,510 --> 01:10:33,360

you could

2056

01:10:37,669 --> 01:10:35,520

they they get some incredible stuff

2057

01:10:40,229 --> 01:10:37,679

right yeah and they got incredible stuff

2058

01:10:42,229 --> 01:10:40,239

and stargate and and the grill flame and

2059

01:10:43,990 --> 01:10:42,239

the different programs that they had and

2060

01:10:46,630 --> 01:10:44,000

obviously the can the program's

2061

01:10:51,189 --> 01:10:46,640

continued now i had that confirmed to me

2062

01:10:55,110 --> 01:10:53,350

that that remote viewing program still

2063

01:10:58,790 --> 01:10:55,120

uh alive

2064

01:11:00,709 --> 01:10:58,800

but wow um

2065

01:11:02,229 --> 01:11:00,719

the thing with uh

2066

01:11:04,229 --> 01:11:02,239

ce5 or

2067

01:11:05,830 --> 01:11:04,239

um cognitive human interface is that

2068

01:11:07,750 --> 01:11:05,840

there's there's a kind of there's a

2069

01:11:09,590 --> 01:11:07,760

physical component to it

2070

01:11:11,910 --> 01:11:09,600

where you can verify that something

2071

01:11:13,510 --> 01:11:11,920

objective is going on right um you know

2072

01:11:15,910 --> 01:11:13,520

again not that it's more important than

2073

01:11:19,590 --> 01:11:15,920

remote viewing you know viewing

2074

01:11:21,189 --> 01:11:19,600

is uh the i mean it's

2075

01:11:23,270 --> 01:11:21,199

in my opinion the studies that have been

2076

01:11:26,310 --> 01:11:23,280

done are awesome and it's like it's

2077

01:11:27,990 --> 01:11:26,320

amazing that there hasn't been more done

2078

01:11:29,910 --> 01:11:28,000

with the data because if you read dean

2079

01:11:33,189 --> 01:11:29,920

raiden's books it's like what

2080

01:11:35,270 --> 01:11:33,199

like this the data and there's is like

2081

01:11:37,270 --> 01:11:35,280

proven beyond a doubt that like this is

2082

01:11:39,270 --> 01:11:37,280

chance by far

2083

01:11:40,390 --> 01:11:39,280

um that people are able to

2084

01:11:42,790 --> 01:11:40,400

have these different kinds of

2085

01:11:44,709 --> 01:11:42,800

experiences and effects right but the

2086

01:11:45,830 --> 01:11:44,719

interesting part about the contact part

2087

01:11:48,070 --> 01:11:45,840

of it

2088

01:11:50,390 --> 01:11:48,080

is that there can be a physical object

2089

01:11:52,950 --> 01:11:50,400

that comes in and can be seen not by

2090

01:11:54,790 --> 01:11:52,960

multiple people but even recorded

2091

01:11:55,830 --> 01:11:54,800

right so that's where the rubber meets

2092

01:11:57,910 --> 01:11:55,840

the road

2093

01:12:00,310 --> 01:11:57,920

where you have like psychic phenomenon

2094

01:12:01,430 --> 01:12:00,320

being physically demonstrated in a sense

2095

01:12:02,870 --> 01:12:01,440

right sure

2096

01:12:05,350 --> 01:12:02,880

um so

2097

01:12:07,590 --> 01:12:05,360

i that that tangible

2098

01:12:09,590 --> 01:12:07,600

aspect that moves it from

2099

01:12:11,430 --> 01:12:09,600

it is still partially subjective but it

2100

01:12:13,510 --> 01:12:11,440

has an objective component where there's

2101
01:12:15,990 --> 01:12:13,520
an actual object there in consensus

2102
01:12:17,430 --> 01:12:16,000
physical reality as well that appears

2103
01:12:20,070 --> 01:12:17,440
and interacts

2104
01:12:21,590 --> 01:12:20,080
um so i think that that has even more

2105
01:12:23,350 --> 01:12:21,600
potential in a way

2106
01:12:25,350 --> 01:12:23,360
than um some of the remote viewing

2107
01:12:27,350 --> 01:12:25,360
studies just because of that physical

2108
01:12:29,830 --> 01:12:27,360
component right

2109
01:12:31,669 --> 01:12:29,840
and i hope someday that's implemented

2110
01:12:32,870 --> 01:12:31,679
um you know i know sky hub's not around

2111
01:12:36,390 --> 01:12:32,880
anymore but

2112
01:12:37,830 --> 01:12:36,400
uh in a uh official sense yeah but i i

2113
01:12:39,750 --> 01:12:37,840

hope that

2114

01:12:42,229 --> 01:12:39,760

people that are looking to remote

2115

01:12:44,630 --> 01:12:42,239

viewing like in the programs and stuff

2116

01:12:47,830 --> 01:12:44,640

that there's a study taken on

2117

01:12:50,070 --> 01:12:47,840

for a cognitive human interface because

2118

01:12:53,750 --> 01:12:50,080

there's there's data to be collected

2119

01:12:55,830 --> 01:12:53,760

yeah absolutely that'd be huge man

2120

01:12:57,669 --> 01:12:55,840

yeah the possibilities that could come

2121

01:13:00,470 --> 01:12:57,679

from that because i mean the thing with

2122

01:13:02,070 --> 01:13:00,480

remote viewing and again i think it's

2123

01:13:04,950 --> 01:13:02,080

it's incredibly important because it's

2124

01:13:06,630 --> 01:13:04,960

demonstrating something clearly that

2125

01:13:08,390 --> 01:13:06,640

our physics doesn't

2126
01:13:09,189 --> 01:13:08,400
readily explain

2127
01:13:11,910 --> 01:13:09,199
and

2128
01:13:13,830 --> 01:13:11,920
reasons that science

2129
01:13:14,870 --> 01:13:13,840
doesn't appreciate remote viewing as

2130
01:13:16,950 --> 01:13:14,880
much as

2131
01:13:19,430 --> 01:13:16,960
i think we all think it should

2132
01:13:21,830 --> 01:13:19,440
is because in science if you have an

2133
01:13:23,510 --> 01:13:21,840
effect and you don't have a reason for

2134
01:13:25,110 --> 01:13:23,520
how it happened science likes to throw

2135
01:13:26,229 --> 01:13:25,120
it out and say if you can't tell me how

2136
01:13:27,750 --> 01:13:26,239
it happened

2137
01:13:30,870 --> 01:13:27,760
you know it's no good

2138
01:13:33,990 --> 01:13:30,880

um so because they can't explain exactly

2139

01:13:35,510 --> 01:13:34,000

how it ha the effect works yeah it gets

2140

01:13:36,709 --> 01:13:35,520

less credibility

2141

01:13:37,590 --> 01:13:36,719

um

2142

01:13:39,590 --> 01:13:37,600

but

2143

01:13:41,910 --> 01:13:39,600

again i think having that physical

2144

01:13:43,750 --> 01:13:41,920

component is a huge thing

2145

01:13:45,910 --> 01:13:43,760

yeah for sure man

2146

01:13:47,990 --> 01:13:45,920

man i'm so excited i want everybody

2147

01:13:48,790 --> 01:13:48,000

obviously i've linked your channel below

2148

01:13:50,470 --> 01:13:48,800

um

2149

01:13:52,550 --> 01:13:50,480

when the new channel or when you want to

2150

01:13:53,990 --> 01:13:52,560

share the links please do and i'll share

2151

01:13:56,310 --> 01:13:54,000

them as well but

2152

01:13:58,470 --> 01:13:56,320

before we and just tell everyone where

2153

01:14:01,910 --> 01:13:58,480

else they can find you and come and

2154

01:14:04,229 --> 01:14:01,920

follow you sure uh you can find me on

2155

01:14:05,910 --> 01:14:04,239

youtube at engaging the phenomenon i

2156

01:14:08,310 --> 01:14:05,920

think uh twitter's

2157

01:14:09,350 --> 01:14:08,320

dubbed my uh my twitter account engaging

2158

01:14:11,510 --> 01:14:09,360

me

2159

01:14:14,070 --> 01:14:11,520

uh but if you just search engaging the

2160

01:14:17,669 --> 01:14:14,080

phenomenon on twitter or youtube or

2161

01:14:19,590 --> 01:14:17,679

podcasts uh spotify apple podcast

2162

01:14:22,390 --> 01:14:19,600

uh you'll find my stuff also instagram

2163

01:14:24,550 --> 01:14:22,400

but i'm more active on other platforms

2164

01:14:25,990 --> 01:14:24,560

awesome man thank you so much for taking

2165

01:14:27,270 --> 01:14:26,000

the time out of your day i know you're a

2166

01:14:29,590 --> 01:14:27,280

busy man but

2167

01:14:32,070 --> 01:14:29,600

so so much appreciated brother so thank

2168

01:14:34,229 --> 01:14:32,080

you so much and uh hey you know we keep

2169

01:14:35,669 --> 01:14:34,239

in touch speak soon man

2170

01:14:38,950 --> 01:14:35,679

definitely i'm glad to be on and you've

2171

01:14:40,310 --> 01:14:38,960

been doing superb work man thank you man

2172

01:14:41,830 --> 01:14:40,320

you're right here to keep tuning into

2173

01:14:44,149 --> 01:14:41,840

your channel because you're doing some

2174

01:14:46,390 --> 01:14:44,159

excellent work and uh you obviously have

2175

01:14:48,229 --> 01:14:46,400

that lab back there so

2176

01:14:50,310 --> 01:14:48,239

you're picking something up and you have

2177

01:14:52,870 --> 01:14:50,320

lou alexander coming on again right yeah

2178

01:14:56,310 --> 01:14:52,880

this coming sunday oh my god that's

2179

01:14:58,149 --> 01:14:56,320

going to be incredible man yeah i'm

2180

01:14:59,830 --> 01:14:58,159

yeah it's gonna be good all right all

2181

01:15:01,430 --> 01:14:59,840

right thank you so much for having me on

2182

01:15:02,550 --> 01:15:01,440

man i appreciate it and i appreciate

2183

01:15:05,910 --> 01:15:02,560

your friendship

2184

01:15:07,270 --> 01:15:05,920

no anytime man and um yeah let's just uh

2185

01:15:10,070 --> 01:15:07,280

keep looking forward to the future and

2186

01:15:11,590 --> 01:15:10,080

see what happens um for everyone else uh

2187

01:15:12,950 --> 01:15:11,600

that was here live and for everyone

2188

01:15:14,310 --> 01:15:12,960

that's gonna watch this after the fact

2189

01:15:16,790 --> 01:15:14,320

thank you so much for the continued

2190

01:15:18,630 --> 01:15:16,800

support um i'm back on live here

2191

01:15:20,390 --> 01:15:18,640

tomorrow night with max moskowitz to

2192

01:15:22,790 --> 01:15:20,400

talk about everything he did across the

2193

01:15:24,390 --> 01:15:22,800

weekend in san marino with lou so be

2194

01:15:26,390 --> 01:15:24,400

sure to tune into that i think we'll be

2195

01:15:28,070 --> 01:15:26,400

joined by sean rash as well

2196

01:15:29,590 --> 01:15:28,080

just having another discussion so yeah

2197

01:15:30,950 --> 01:15:29,600

guys thank you so much and i'll see you
