Tim McMillan Interview
'The Debrief'

Live on YouTube

Wednesday September 22nd
11am PST/2pm EST/7pm UK

1
00:00:05,990 --> 00:00:03,270
and we're live so guys thank you

2
00:00:08,230 --> 00:00:06,000
everyone on instagram here on youtube

3
00:00:10,870 --> 00:00:08,240
somewhere else thank you so much and

4
00:00:13,509 --> 00:00:10,880
thank you tim mcmillan for agreeing to

5
00:00:15,430 --> 00:00:13,519
do this it's much appreciated

6
00:00:17,990 --> 00:00:15,440
no absolutely man it's great uh thanks

7
00:00:20,310 --> 00:00:18,000
for having me on i know uh disclosure

8
00:00:22,310 --> 00:00:20,320
team has been a big fan of the debrief

9
00:00:23,990 --> 00:00:22,320
stuff so i've had my eye on you guys and

10
00:00:25,589 --> 00:00:24,000
so it's it's nice to finally get a

11
00:00:27,269 --> 00:00:25,599
chance to sit down and chat

12
00:00:28,230 --> 00:00:27,279
thank you so much i appreciate that yeah

13
00:00:29,830 --> 00:00:28,240

we've been

14

00:00:30,950 --> 00:00:29,840

definitely paying you guys a lot of

15

00:00:33,270 --> 00:00:30,960

attention

16

00:00:35,110 --> 00:00:33,280

um big fan yeah

17

00:00:37,190 --> 00:00:35,120

so let's talk about the debrief what

18

00:00:39,030 --> 00:00:37,200

prompted you to start it

19

00:00:40,709 --> 00:00:39,040

sure well we can also jump back maybe

20

00:00:42,630 --> 00:00:40,719

even a bit further into your career

21

00:00:45,270 --> 00:00:42,640

beforehand if you want

22

00:00:47,750 --> 00:00:45,280

sure yeah uh it's uh it's kind of a

23

00:00:48,790 --> 00:00:47,760

mixed bag of happenstances and accidents

24

00:00:51,830 --> 00:00:48,800

um

25

00:00:53,750 --> 00:00:51,840

yeah i my professional background uh for

26
00:00:56,389 --> 00:00:53,760
the bulk of which i spent my career was

27
00:00:59,029 --> 00:00:56,399
in law enforcement and so almost uh

28
00:01:00,709 --> 00:00:59,039
about 17 almost 18 years

29
00:01:01,990 --> 00:01:00,719
i was a law enforcement officer in

30
00:01:06,230 --> 00:01:02,000
georgia

31
00:01:08,950 --> 00:01:06,240
where i was mostly investigations

32
00:01:10,950 --> 00:01:08,960
violent crime investigations

33
00:01:13,030 --> 00:01:10,960
also did intelligence and analysis so

34
00:01:14,950 --> 00:01:13,040
criminal intelligence analysis

35
00:01:17,429 --> 00:01:14,960
and domestic intelligence national

36
00:01:19,910 --> 00:01:17,439
security stuff and then uh in addition

37
00:01:23,190 --> 00:01:19,920
fine i ended my career out and as the

38
00:01:25,830 --> 00:01:23,200

assistant uh patrol commander so in a

39

00:01:27,350 --> 00:01:25,840

management position a boring unfun

40

00:01:29,109 --> 00:01:27,360

position and

41

00:01:31,429 --> 00:01:29,119

that's where i spent you know that's

42

00:01:32,870 --> 00:01:31,439

kind of my background um

43

00:01:34,710 --> 00:01:32,880

after after getting out of law

44

00:01:36,630 --> 00:01:34,720

enforcement i did a little stint as a

45

00:01:37,910 --> 00:01:36,640

intelligence analyst for a private firm

46

00:01:39,990 --> 00:01:37,920

before

47

00:01:42,389 --> 00:01:40,000

uh i decided to you know i'd always had

48

00:01:44,469 --> 00:01:42,399

a passion for writing and in addition to

49

00:01:45,510 --> 00:01:44,479

investigating i mean like it's i got

50

00:01:47,109 --> 00:01:45,520

into law enforcement because i like

51
00:01:49,510 --> 00:01:47,119
solving mysteries

52
00:01:51,190 --> 00:01:49,520
so i wanted i figured i'd throw my hat

53
00:01:53,190 --> 00:01:51,200
into trying to uh

54
00:01:54,389 --> 00:01:53,200
do investigative reporting you know and

55
00:01:56,709 --> 00:01:54,399
figure what you know

56
00:01:57,429 --> 00:01:56,719
and it just so happened to kind of time

57
00:01:59,670 --> 00:01:57,439
out

58
00:02:00,870 --> 00:01:59,680
to when things were really kicking off

59
00:02:03,910 --> 00:02:00,880
for the whole

60
00:02:06,149 --> 00:02:03,920
2017 new york times and everything's in

61
00:02:07,670 --> 00:02:06,159
the news and the pentagon is is talking

62
00:02:09,029 --> 00:02:07,680
about ufos

63
00:02:10,469 --> 00:02:09,039

and i remember seeing this stuff and

64

00:02:13,190 --> 00:02:10,479

thinking man

65

00:02:15,110 --> 00:02:13,200

this is a big deal

66

00:02:17,910 --> 00:02:15,120

you know

67

00:02:19,350 --> 00:02:17,920

i had an interest in the subject uh

68

00:02:22,710 --> 00:02:19,360

preceding that

69

00:02:25,030 --> 00:02:22,720

after i ironically enough had had my own

70

00:02:26,949 --> 00:02:25,040

sighting you know it's uh

71

00:02:29,110 --> 00:02:26,959

categorically unidentified but i won't

72

00:02:31,270 --> 00:02:29,120

say that it's near as dramatic as some

73

00:02:33,670 --> 00:02:31,280

other people's but you know i seen

74

00:02:35,589 --> 00:02:33,680

something that was weird in the sky i

75

00:02:37,270 --> 00:02:35,599

still don't have a prosaic explanation

76

00:02:39,750 --> 00:02:37,280

for and so it had this kind of interest

77

00:02:40,790 --> 00:02:39,760

in it and so suddenly when the topic uh

78

00:02:41,910 --> 00:02:40,800

they're talking about the department of

79

00:02:43,589 --> 00:02:41,920

defense

80

00:02:45,350 --> 00:02:43,599

and kind of you know having some

81

00:02:47,190 --> 00:02:45,360

background in that world

82

00:02:51,830 --> 00:02:47,200

of the defense and intelligence i

83

00:02:54,790 --> 00:02:51,840

thought man this is a big deal this is

84

00:02:56,470 --> 00:02:54,800

and uh i didn't really i didn't feel

85

00:02:59,350 --> 00:02:56,480

like there was there was a lot of good

86

00:03:01,830 --> 00:02:59,360

investigative reporting on that i didn't

87

00:03:03,670 --> 00:03:01,840

see a lot of people digging into it uh

88

00:03:05,350 --> 00:03:03,680

you know there was just kind of this um

89

00:03:06,710 --> 00:03:05,360

you know what we would call quick hit

90

00:03:09,110 --> 00:03:06,720

news pieces so they're just kind of

91

00:03:11,430 --> 00:03:09,120

report you know they're just reporting

92

00:03:13,589 --> 00:03:11,440

but nobody's digging per se and so i

93

00:03:14,550 --> 00:03:13,599

thought you know i could do this

94

00:03:16,630 --> 00:03:14,560

and so

95

00:03:19,509 --> 00:03:16,640

uh you know they say it's just kind of

96

00:03:21,670 --> 00:03:19,519

uh

97

00:03:23,030 --> 00:03:21,680

fools don't have enough to to be afraid

98

00:03:25,910 --> 00:03:23,040

i just figured i'll try it out what the

99

00:03:28,470 --> 00:03:25,920

heck and uh ended up you know writing

100

00:03:31,430 --> 00:03:28,480

for popular mechanics vice a little bit

101
00:03:34,070 --> 00:03:31,440
for the war zone and uh the nash or the

102
00:03:36,070 --> 00:03:34,080
washington examiner before finally

103
00:03:37,670 --> 00:03:36,080
once again saying you know what well i

104
00:03:38,869 --> 00:03:37,680
think we could do this let's launch our

105
00:03:41,110 --> 00:03:38,879
own thing

106
00:03:42,710 --> 00:03:41,120
jumping in and found in the debrief

107
00:03:44,869 --> 00:03:42,720
nice and were you in

108
00:03:47,430 --> 00:03:44,879
america at the time when all that sort

109
00:03:49,670 --> 00:03:47,440
of kicked off yes i was in america at

110
00:03:51,509 --> 00:03:49,680
the time i actually i live in germany

111
00:03:53,350 --> 00:03:51,519
now and so have been in germany now for

112
00:03:55,429 --> 00:03:53,360
two years that's my wife works for the

113
00:03:57,589 --> 00:03:55,439

department of defense so that that also

114

00:03:58,470 --> 00:03:57,599

i think um

115

00:04:03,110 --> 00:03:58,480

really

116

00:04:04,630 --> 00:04:03,120

impetus to make you leap um into doing

117

00:04:06,869 --> 00:04:04,640

what you know into us launching the

118

00:04:08,070 --> 00:04:06,879

debrief and even me riding full time

119

00:04:10,390 --> 00:04:08,080

it's because

120

00:04:11,910 --> 00:04:10,400

suddenly i'm in germany you know where

121

00:04:13,589 --> 00:04:11,920

you know there's a few you know i could

122

00:04:15,030 --> 00:04:13,599

go work at the air base or something

123

00:04:17,430 --> 00:04:15,040

like that but i was like you know this

124

00:04:19,909 --> 00:04:17,440

is a perfect opportunity to to maybe

125

00:04:22,390 --> 00:04:19,919

pursue the dream and and

126

00:04:26,790 --> 00:04:22,400

so that's what uh got us launched into

127

00:04:30,469 --> 00:04:28,790

the debrief in itself to answer that

128

00:04:32,790 --> 00:04:30,479

kind of first question that you said you

129

00:04:35,270 --> 00:04:32,800

know what is the debrief you know our

130

00:04:37,110 --> 00:04:35,280

tagline is rebelliously curious and it

131

00:04:40,469 --> 00:04:37,120

kind of encapsulates what

132

00:04:42,710 --> 00:04:40,479

we look at who we are both uh you know

133

00:04:44,230 --> 00:04:42,720

all of us as the founders and as

134

00:04:45,749 --> 00:04:44,240

everybody that we have on the team as

135

00:04:47,510 --> 00:04:45,759

it's kind of grown

136

00:04:50,150 --> 00:04:47,520

in that there's a lot of very

137

00:04:51,749 --> 00:04:50,160

interesting things not just ufos or uap

138

00:04:54,070 --> 00:04:51,759

you know that's a very small fraction of

139

00:04:56,550 --> 00:04:54,080

what we do although i think

140

00:04:57,990 --> 00:04:56,560

we we're well known for it uh hopefully

141

00:05:00,310 --> 00:04:58,000

for the good reasons that we've done

142

00:05:01,590 --> 00:05:00,320

some good reporting on it but uh

143

00:05:03,670 --> 00:05:01,600

there's a lot of other things you know

144

00:05:05,670 --> 00:05:03,680

that's fascinating this is cutting edge

145

00:05:08,230 --> 00:05:05,680

breakthrough science people who

146

00:05:10,310 --> 00:05:08,240

are looking at things that will you know

147

00:05:12,629 --> 00:05:10,320

what we call disruptive technology you

148

00:05:14,469 --> 00:05:12,639

know it's the the equivalent of

149

00:05:16,469 --> 00:05:14,479

the car

150

00:05:18,310 --> 00:05:16,479

you know replacing the horse and buggy

151
00:05:19,990 --> 00:05:18,320
like this is a disruptive i mean you

152
00:05:22,310 --> 00:05:20,000
think about how much that's changed the

153
00:05:24,230 --> 00:05:22,320
world around you or even the internet

154
00:05:26,390 --> 00:05:24,240
right now you know us having the ability

155
00:05:27,990 --> 00:05:26,400
to not only have a live conversation

156
00:05:29,749 --> 00:05:28,000
we're having a live conversation on like

157
00:05:31,029 --> 00:05:29,759
three different social platforms right

158
00:05:32,310 --> 00:05:31,039
now i get

159
00:05:33,189 --> 00:05:32,320
crazy

160
00:05:34,390 --> 00:05:33,199
um

161
00:05:35,909 --> 00:05:34,400
and so we thought there's a lot of

162
00:05:38,310 --> 00:05:35,919
really interesting stuff that's out

163
00:05:40,390 --> 00:05:38,320

there kind of on the cusp and we want to

164

00:05:43,189 --> 00:05:40,400

dig into that and so

165

00:05:45,430 --> 00:05:43,199

that was our idea you know when myself

166

00:05:47,430 --> 00:05:45,440

uh my fellow co-founders micah hanks and

167

00:05:49,430 --> 00:05:47,440

mj banias mj and i had been writing for

168

00:05:51,749 --> 00:05:49,440

vice together for a while

169

00:05:53,029 --> 00:05:51,759

and i think like like most people who

170

00:05:55,270 --> 00:05:53,039

want to start their own business we're

171

00:05:59,830 --> 00:05:55,280

like we want to do our own thing like we

172

00:06:06,150 --> 00:06:02,309

is this segment of the population who's

173

00:06:09,189 --> 00:06:06,160

interested in breakthrough science space

174

00:06:11,590 --> 00:06:09,199

uh you know sci-fi meets science fact

175

00:06:12,950 --> 00:06:11,600

uap like you know this kind of

176

00:06:15,270 --> 00:06:12,960

collective they're interested in all of

177

00:06:17,990 --> 00:06:15,280

that i said you know there's not really

178

00:06:20,710 --> 00:06:18,000

a good medium that can somebody can just

179

00:06:22,790 --> 00:06:20,720

go to as a one-stop shop and so

180

00:06:24,230 --> 00:06:22,800

i always said what the hell let's let's

181

00:06:25,590 --> 00:06:24,240

let's go for it

182

00:06:27,670 --> 00:06:25,600

and that's

183

00:06:29,270 --> 00:06:27,680

that's the origin story behind us it's

184

00:06:30,790 --> 00:06:29,280

it's a

185

00:06:32,070 --> 00:06:30,800

group of friends i call ourselves the

186

00:06:34,629 --> 00:06:32,080

goonies basically we're still hunting

187

00:06:36,309 --> 00:06:34,639

one eye willie's treasure here

188

00:06:38,390 --> 00:06:36,319

adventure

189

00:06:39,909 --> 00:06:38,400

no i like that a lot that's awesome man

190

00:06:41,590 --> 00:06:39,919

i think it's good to hear those kind of

191

00:06:43,189 --> 00:06:41,600

stories as well because

192

00:06:45,110 --> 00:06:43,199

you know it's just a it comes out of

193

00:06:46,550 --> 00:06:45,120

passion as well just something it's like

194

00:06:49,189 --> 00:06:46,560

we've got it if you don't try it you

195

00:06:51,510 --> 00:06:49,199

never know where it might go so

196

00:06:53,189 --> 00:06:51,520

oh sure yeah i mean i think it's it's

197

00:06:56,230 --> 00:06:53,199

it's like anything you launch a business

198

00:06:58,629 --> 00:06:56,240

there's ups and downs um and it's a lot

199

00:07:01,270 --> 00:06:58,639

of work a lot more work than people uh

200

00:07:03,350 --> 00:07:01,280

realize i think uh some of the

201
00:07:04,870 --> 00:07:03,360
some of the best compliments i i see are

202
00:07:07,350 --> 00:07:04,880
actually probably not intended that way

203
00:07:09,990 --> 00:07:07,360
because we'll see people that are like i

204
00:07:12,070 --> 00:07:10,000
the debrief is state sponsored cia

205
00:07:13,670 --> 00:07:12,080
meeting all this stuff and i'm like

206
00:07:16,230 --> 00:07:13,680
okay we're not but i'm thinking wow

207
00:07:18,790 --> 00:07:16,240
that's at least people view it as is you

208
00:07:20,870 --> 00:07:18,800
know a professional organization that's

209
00:07:22,629 --> 00:07:20,880
backed by a government or something yeah

210
00:07:24,150 --> 00:07:22,639
and so that's good you know because at

211
00:07:26,070 --> 00:07:24,160
the end of the day

212
00:07:27,430 --> 00:07:26,080
everything that everybody sees really

213
00:07:29,110 --> 00:07:27,440

represents

214

00:07:31,430 --> 00:07:29,120

the growth of just

215

00:07:33,189 --> 00:07:31,440

a group of people and just

216

00:07:34,790 --> 00:07:33,199

sweating it out and working hard and so

217

00:07:35,589 --> 00:07:34,800

it's nice to kind of think i think we've

218

00:07:37,909 --> 00:07:35,599

been

219

00:07:40,469 --> 00:07:37,919

you know we've exceeded our expectations

220

00:07:42,790 --> 00:07:40,479

for kind of year one and it's nice to to

221

00:07:44,309 --> 00:07:42,800

be able to do that and then not also

222

00:07:45,830 --> 00:07:44,319

be beholden to some kind of media

223

00:07:47,749 --> 00:07:45,840

conglomerate you know we have a lot of

224

00:07:50,309 --> 00:07:47,759

freedom to report on stuff we don't have

225

00:07:51,909 --> 00:07:50,319

uh there's nobody above us saying that's

226

00:07:53,830 --> 00:07:51,919

dumb don't report on that or don't look

227

00:07:55,589 --> 00:07:53,840

into that because you know there's some

228

00:07:57,430 --> 00:07:55,599

interesting stuff that maybe wouldn't be

229

00:07:59,670 --> 00:07:57,440

covered but did you know there's science

230

00:08:01,909 --> 00:07:59,680

there's fact behind it it's not crazy

231

00:08:03,510 --> 00:08:01,919

but uh it's interesting stuff

232

00:08:05,430 --> 00:08:03,520

yeah absolutely but do you find yourself

233

00:08:06,869 --> 00:08:05,440

getting contacted by the mainstream as

234

00:08:10,629 --> 00:08:06,879

well

235

00:08:12,390 --> 00:08:10,639

yes yes i mean that i think that was um

236

00:08:14,230 --> 00:08:12,400

i was one of my kind of proudest moments

237

00:08:16,790 --> 00:08:14,240

because when you know obviously we

238

00:08:19,749 --> 00:08:16,800

launched with the debrief last november

239

00:08:20,950 --> 00:08:19,759

with with a pretty big ufo uap story of

240

00:08:23,510 --> 00:08:20,960

the government

241

00:08:26,629 --> 00:08:23,520

and uh you know i i said when we did

242

00:08:28,309 --> 00:08:26,639

that um you know that's kind of been my

243

00:08:31,029 --> 00:08:28,319

focus when it comes to this topic is

244

00:08:32,709 --> 00:08:31,039

trying to report on it uh you know just

245

00:08:34,230 --> 00:08:32,719

like you would any other type so any

246

00:08:36,389 --> 00:08:34,240

other mainstream news

247

00:08:38,230 --> 00:08:36,399

and uh i said let's just do it let's do

248

00:08:40,550 --> 00:08:38,240

it without the little green men and the

249

00:08:42,709 --> 00:08:40,560

kooky little x-files theme music let's

250

00:08:44,149 --> 00:08:42,719

do it like it's serious

251
00:08:45,829 --> 00:08:44,159
and it was

252
00:08:47,990 --> 00:08:45,839
one of the things that would i really

253
00:08:49,509 --> 00:08:48,000
enjoyed it was that you know months

254
00:08:51,750 --> 00:08:49,519
later

255
00:08:53,670 --> 00:08:51,760
you know six months or so ago

256
00:08:55,030 --> 00:08:53,680
just before the um

257
00:08:55,990 --> 00:08:55,040
actually just a couple months ago before

258
00:08:57,190 --> 00:08:56,000
the the

259
00:08:59,509 --> 00:08:57,200
june

260
00:09:01,030 --> 00:08:59,519
preliminary assessment came out

261
00:09:05,910 --> 00:09:01,040
suddenly

262
00:09:08,870 --> 00:09:05,920
of the big names that people would be

263
00:09:10,710 --> 00:09:08,880

very familiar with um you know including

264

00:09:12,630 --> 00:09:10,720

some of the big name shows we're calling

265

00:09:14,389 --> 00:09:12,640

saying hey can we set up a meeting can i

266

00:09:16,790 --> 00:09:14,399

talk to you like we need you to get us

267

00:09:19,110 --> 00:09:16,800

up to speed and it was nice to to talk

268

00:09:21,910 --> 00:09:19,120

to the producers of some you know

269

00:09:23,670 --> 00:09:21,920

very well-known uh you know news

270

00:09:25,990 --> 00:09:23,680

television programs or well-known

271

00:09:28,310 --> 00:09:26,000

reporters to sit there and say well yeah

272

00:09:30,870 --> 00:09:28,320

i mean you you guys did it you showed it

273

00:09:33,910 --> 00:09:30,880

can be done right you showed that it can

274

00:09:34,790 --> 00:09:33,920

be covered in a 60 minutes ken burns

275

00:09:38,230 --> 00:09:34,800

style

276

00:09:41,430 --> 00:09:38,240

serious uh format and so that that made

277

00:09:43,430 --> 00:09:41,440

me feel good it's nice to see you know

278

00:09:45,430 --> 00:09:43,440

and it was nice

279

00:09:47,030 --> 00:09:45,440

to be able to have that topic and bring

280

00:09:48,710 --> 00:09:47,040

it forward both for people who are very

281

00:09:49,750 --> 00:09:48,720

interested in the topic

282

00:09:51,590 --> 00:09:49,760

um

283

00:09:53,430 --> 00:09:51,600

i liking it a lot i look back on it as

284

00:09:55,269 --> 00:09:53,440

kind of like a lot of these um

285

00:09:56,949 --> 00:09:55,279

astrophysicists that you'll hear that

286

00:09:58,470 --> 00:09:56,959

started studying dark matter and and

287

00:10:00,630 --> 00:09:58,480

black holes well they did it because

288

00:10:01,990 --> 00:10:00,640

nobody else was and they're like yeah

289

00:10:04,870 --> 00:10:02,000

look into it and now it's something

290

00:10:07,030 --> 00:10:04,880

that's mainstream

291

00:10:09,590 --> 00:10:07,040

yeah absolutely we're just sticking with

292

00:10:11,670 --> 00:10:09,600

the kind of the june 25th preliminary

293

00:10:13,190 --> 00:10:11,680

assessment and that how did you feel in

294

00:10:16,630 --> 00:10:13,200

you know when it was announced

295

00:10:18,710 --> 00:10:16,640

180 days prior to that did you

296

00:10:20,150 --> 00:10:18,720

set your expectations in at a particular

297

00:10:22,389 --> 00:10:20,160

level or

298

00:10:23,910 --> 00:10:22,399

or hopes

299

00:10:24,710 --> 00:10:23,920

well you know i'll be honest with you i

300

00:10:51,110 --> 00:10:24,720

i

301
00:10:53,509 --> 00:10:51,120
you know from uh 2004 to 2021 that means

302
00:10:55,430 --> 00:10:53,519
this is an ongoing thing you know it

303
00:10:56,949 --> 00:10:55,440
came out six months into it

304
00:10:58,949 --> 00:10:56,959
and so you know

305
00:11:00,790 --> 00:10:58,959
knowing how these are both prepared and

306
00:11:02,790 --> 00:11:00,800
all the eyes and all the hands that have

307
00:11:04,710 --> 00:11:02,800
to see it everybody has equities in it

308
00:11:07,509 --> 00:11:04,720
in the intelligence community

309
00:11:08,870 --> 00:11:07,519
i was blown away because you know these

310
00:11:10,550 --> 00:11:08,880
are things especially with the interest

311
00:11:11,750 --> 00:11:10,560
being what it was there's very little

312
00:11:13,269 --> 00:11:11,760
doubt in my mind these are things that

313
00:11:14,710 --> 00:11:13,279

the president of the united states would

314

00:11:16,310 --> 00:11:14,720

have heard about hey we're getting ready

315

00:11:17,590 --> 00:11:16,320

to release this he would have been

316

00:11:20,710 --> 00:11:17,600

briefed you know

317

00:11:22,710 --> 00:11:20,720

uh multiple principles in in all sorts

318

00:11:24,710 --> 00:11:22,720

of agencies and so to have it signed off

319

00:11:26,470 --> 00:11:24,720

at that level i was like wow

320

00:11:27,750 --> 00:11:26,480

because it's such a bureaucratic

321

00:11:29,430 --> 00:11:27,760

organization

322

00:11:30,550 --> 00:11:29,440

in the us

323

00:11:32,949 --> 00:11:30,560

that it's

324

00:11:34,069 --> 00:11:32,959

remarkable that that you could get that

325

00:11:36,310 --> 00:11:34,079

much out

326

00:11:38,069 --> 00:11:36,320

uh i know that a lot of people felt like

327

00:11:39,509 --> 00:11:38,079

well you know they wanted the pictures

328

00:11:41,590 --> 00:11:39,519

the videos they were hoping for like the

329

00:11:42,710 --> 00:11:41,600

roswell bodies rolling out but my

330

00:11:45,430 --> 00:11:42,720

expectations

331

00:11:47,990 --> 00:11:45,440

before that weren't nearly that high in

332

00:11:50,790 --> 00:11:48,000

fact i had been fortunate to kind of uh

333

00:11:52,550 --> 00:11:50,800

get a good pulse on the inner workings

334

00:11:53,350 --> 00:11:52,560

of what was going on in the task force

335

00:11:57,110 --> 00:11:53,360

and

336

00:11:58,629 --> 00:11:57,120

going on there

337

00:12:02,710 --> 00:11:58,639

and i knew there was some there was some

338

00:12:04,710 --> 00:12:02,720

resistance to it and so i knew that uh

339

00:12:06,310 --> 00:12:04,720

you know i kind of in a way expected

340

00:12:07,269 --> 00:12:06,320

something much tamer because there was a

341

00:12:10,790 --> 00:12:07,279

lot of

342

00:12:13,190 --> 00:12:10,800

internal resistance towards even this

343

00:12:14,710 --> 00:12:13,200

preliminary assessment and so i kind of

344

00:12:16,629 --> 00:12:14,720

expected

345

00:12:19,030 --> 00:12:16,639

uh

346

00:12:21,190 --> 00:12:19,040

i think my prediction was four pages

347

00:12:23,509 --> 00:12:21,200

including a cover page and so i think we

348

00:12:25,269 --> 00:12:23,519

got seven and and uh

349

00:12:27,430 --> 00:12:25,279

that was impressive i think it was there

350

00:12:29,590 --> 00:12:27,440

was a lot more information in there than

351
00:12:31,670 --> 00:12:29,600
i ever expected

352
00:12:34,470 --> 00:12:31,680
yeah no and the thing is as well i think

353
00:12:36,230 --> 00:12:34,480
there was a briefing held with the

354
00:12:39,030 --> 00:12:36,240
house intelligence committee on june the

355
00:12:40,389 --> 00:12:39,040
17th and i think there were rumors about

356
00:12:42,310 --> 00:12:40,399
some of these people coming out of the

357
00:12:44,389 --> 00:12:42,320
meeting you know aghast with what

358
00:12:45,509 --> 00:12:44,399
they've been told do you have any you

359
00:12:47,910 --> 00:12:45,519
know cause that was speculation

360
00:12:49,910 --> 00:12:47,920
obviously do you have any idea or

361
00:12:51,590 --> 00:12:49,920
you know was it

362
00:12:53,350 --> 00:12:51,600
a good briefing were the pictures and

363
00:12:55,509 --> 00:12:53,360

videos because we just hear so many

364

00:12:58,230 --> 00:12:55,519

different things these days

365

00:13:01,430 --> 00:12:58,240

you know i i wish i did and here's the

366

00:13:02,150 --> 00:13:01,440

thing is that i consider myself um you

367

00:13:04,150 --> 00:13:02,160

know

368

00:13:05,910 --> 00:13:04,160

being pretty well sourced on the subject

369

00:13:07,829 --> 00:13:05,920

when it comes to government just just

370

00:13:09,110 --> 00:13:07,839

mainly from from good old country work

371

00:13:10,870 --> 00:13:09,120

and tracking down people you know

372

00:13:12,150 --> 00:13:10,880

employing tactics that are used in law

373

00:13:13,990 --> 00:13:12,160

enforcement

374

00:13:15,350 --> 00:13:14,000

and uh and kind of knowing that world

375

00:13:17,269 --> 00:13:15,360

knowing how to navigate it and speak the

376

00:13:18,550 --> 00:13:17,279

same language so

377

00:13:20,790 --> 00:13:18,560

always tell people

378

00:13:22,230 --> 00:13:20,800

you're looking at me for ufos of uap

379

00:13:24,550 --> 00:13:22,240

really it's a government that's my

380

00:13:26,710 --> 00:13:24,560

that's my bag you know we there's you

381

00:13:29,030 --> 00:13:26,720

know people like micah write great

382

00:13:30,790 --> 00:13:29,040

pieces that are much more in depth and

383

00:13:33,269 --> 00:13:30,800

address the topic more than i do but

384

00:13:35,829 --> 00:13:33,279

this is my bags this is where i know

385

00:13:37,430 --> 00:13:35,839

and so uh but one thing with that is

386

00:13:40,389 --> 00:13:37,440

that um

387

00:13:41,829 --> 00:13:40,399

you know nobody in those capacity shares

388

00:13:44,069 --> 00:13:41,839

anything with me that would be

389

00:13:45,430 --> 00:13:44,079

considered top secret classified you

390

00:13:50,710 --> 00:13:45,440

know something that

391

00:13:54,710 --> 00:13:52,389

you know i try to avoid that quite

392

00:13:57,110 --> 00:13:54,720

frankly because

393

00:13:58,790 --> 00:13:57,120

i know that it's not going to go there

394

00:14:00,629 --> 00:13:58,800

so the information i get is is not

395

00:14:02,710 --> 00:14:00,639

classified and when it comes to those

396

00:14:03,910 --> 00:14:02,720

briefings that went on with both the

397

00:14:05,430 --> 00:14:03,920

senate intelligence committee or the

398

00:14:08,389 --> 00:14:05,440

house armed services committee those

399

00:14:11,269 --> 00:14:08,399

were closed door briefings classified

400

00:14:13,110 --> 00:14:11,279

and in that setting

401
00:14:14,710 --> 00:14:13,120
the only thing anyone can really talk

402
00:14:16,710 --> 00:14:14,720
about is a lot of what we saw in the

403
00:14:18,310 --> 00:14:16,720
news you know people coming out

404
00:14:21,189 --> 00:14:18,320
in their heads being like wow what is

405
00:14:24,150 --> 00:14:21,199
the heck's going on here but the actual

406
00:14:25,430 --> 00:14:24,160
true details that made them say that

407
00:14:28,069 --> 00:14:25,440
you know they remain somewhat of

408
00:14:29,590 --> 00:14:28,079
mysterious to me as well and it's it's

409
00:14:31,750 --> 00:14:29,600
difficult uh

410
00:14:33,110 --> 00:14:31,760
because you have to try to interpret the

411
00:14:35,189 --> 00:14:33,120
actions

412
00:14:37,509 --> 00:14:35,199
that lawmakers take afterwards and i

413
00:14:39,430 --> 00:14:37,519

think we've seen that with the recent uh

414

00:14:42,310 --> 00:14:39,440

you know proposal of two different bills

415

00:14:43,430 --> 00:14:42,320

from two different committees um

416

00:14:45,110 --> 00:14:43,440

this is something they're taking

417

00:14:48,389 --> 00:14:45,120

seriously so obviously whatever they've

418

00:14:50,550 --> 00:14:48,399

seen they consider to be serious what

419

00:14:52,150 --> 00:14:50,560

that is that's the big 10 million dollar

420

00:14:53,509 --> 00:14:52,160

question what is all the nitty-gritty

421

00:14:54,710 --> 00:14:53,519

details they've been told that makes

422

00:14:57,750 --> 00:14:54,720

them feel that

423

00:15:00,150 --> 00:14:57,760

you know i wish that i knew other than i

424

00:15:03,030 --> 00:15:00,160

will say that it would mirror

425

00:15:04,470 --> 00:15:03,040

what i have come to uh

426

00:15:06,550 --> 00:15:04,480

realize that the the really the

427

00:15:08,069 --> 00:15:06,560

disposition or posture of the people who

428

00:15:10,949 --> 00:15:08,079

have worked it let's say on the task

429

00:15:12,790 --> 00:15:10,959

force or other dod elements that have

430

00:15:15,110 --> 00:15:12,800

examined this stuff just in the last

431

00:15:18,870 --> 00:15:15,120

couple years it mirrors that same kind

432

00:15:20,550 --> 00:15:18,880

of sentiment that like now this is

433

00:15:22,230 --> 00:15:20,560

this is real like this is something that

434

00:15:24,310 --> 00:15:22,240

we've really got to look at this is

435

00:15:27,110 --> 00:15:24,320

really going on we really have

436

00:15:29,910 --> 00:15:27,120

uh good evidence to substantiate this is

437

00:15:32,629 --> 00:15:29,920

real well yeah that is another question

438

00:15:33,910 --> 00:15:32,639

but but it's not you know it's not swamp

439

00:15:36,069 --> 00:15:33,920

gas or

440

00:15:37,670 --> 00:15:36,079

seagulls or distant planes like this is

441

00:15:41,110 --> 00:15:37,680

a real thing

442

00:15:43,189 --> 00:15:41,120

um that in itself is pretty fascinating

443

00:15:44,870 --> 00:15:43,199

for me maybe that frustrates people they

444

00:15:47,350 --> 00:15:44,880

want me to find the roswell bodies but

445

00:15:49,110 --> 00:15:47,360

i'm like that alone is really the fact

446

00:15:51,030 --> 00:15:49,120

that you're willing to say like

447

00:15:53,269 --> 00:15:51,040

i really got a clue

448

00:15:54,550 --> 00:15:53,279

um that's

449

00:15:57,829 --> 00:15:54,560

that's interesting

450

00:16:00,389 --> 00:15:57,839

because uh you know there's a just a

451
00:16:02,870 --> 00:16:00,399
swath of capabilities to identify things

452
00:16:03,749 --> 00:16:02,880
that you you should be able to identify

453
00:16:05,430 --> 00:16:03,759
a lot

454
00:16:07,350 --> 00:16:05,440
even your your highly sophisticated

455
00:16:08,870 --> 00:16:07,360
stealth stuff you should have something

456
00:16:11,269 --> 00:16:08,880
a little something

457
00:16:12,790 --> 00:16:11,279
yeah no absolutely and then so obviously

458
00:16:16,470 --> 00:16:12,800
you mentioned the two bills that we just

459
00:16:18,470 --> 00:16:16,480
saw the uh s 26 10 and hr 4350

460
00:16:20,310 --> 00:16:18,480
you know do you think again it's

461
00:16:21,670 --> 00:16:20,320
speculation because then it's not set in

462
00:16:24,470 --> 00:16:21,680
stone what's going to happen with them

463
00:16:27,990 --> 00:16:24,480

yet do you do you foresee possible this

464

00:16:30,550 --> 00:16:28,000

permanent office becoming a reality

465

00:16:32,069 --> 00:16:30,560

i do i don't see any there's nothing in

466

00:16:33,350 --> 00:16:32,079

the the ether here that would maybe

467

00:16:35,749 --> 00:16:33,360

think that either one of those bills are

468

00:16:37,749 --> 00:16:35,759

not going to go through as is as written

469

00:16:39,269 --> 00:16:37,759

uh primarily because interestingly

470

00:16:40,790 --> 00:16:39,279

enough especially in the united states

471

00:16:44,069 --> 00:16:40,800

where in the last couple years has been

472

00:16:46,790 --> 00:16:44,079

such a political just dumpster fire like

473

00:16:48,949 --> 00:16:46,800

it's so polarized and everything

474

00:16:51,269 --> 00:16:48,959

is politicized and everybody takes a

475

00:16:53,269 --> 00:16:51,279

position and it's us against them

476

00:16:55,110 --> 00:16:53,279

this particular topic ironically enough

477

00:16:57,430 --> 00:16:55,120

is one that's bipartisan like everybody

478

00:17:01,189 --> 00:16:57,440

seems democrats republicans independents

479

00:17:03,269 --> 00:17:01,199

libertarians like everybody seems to go

480

00:17:06,150 --> 00:17:03,279

yeah no this is we need to look into

481

00:17:07,829 --> 00:17:06,160

this that alone is again fascinating you

482

00:17:10,870 --> 00:17:07,839

think about the things

483

00:17:13,110 --> 00:17:10,880

uh the the seemingly more significant

484

00:17:15,029 --> 00:17:13,120

issues maybe more pressing issues that

485

00:17:16,870 --> 00:17:15,039

people can't get along with like health

486

00:17:19,669 --> 00:17:16,880

care and all these other things but yet

487

00:17:21,110 --> 00:17:19,679

this everybody's like yeah

488

00:17:23,909 --> 00:17:21,120

this is significant

489

00:17:25,750 --> 00:17:23,919

so i don't i don't foresee there being

490

00:17:27,750 --> 00:17:25,760

any pushback in that obviously it's

491

00:17:29,830 --> 00:17:27,760

still got to work its way through both

492

00:17:31,510 --> 00:17:29,840

uh the house floor and the senate before

493

00:17:32,549 --> 00:17:31,520

it signed off was the president signed

494

00:17:34,549 --> 00:17:32,559

his law

495

00:17:37,350 --> 00:17:34,559

but there's nothing in the language of

496

00:17:40,390 --> 00:17:37,360

that that i would expect anybody to

497

00:17:43,190 --> 00:17:40,400

argue and big cure over

498

00:17:45,669 --> 00:17:43,200

nor does it set a specific

499

00:17:47,350 --> 00:17:45,679

dollar amount in a line item so

500

00:17:48,630 --> 00:17:47,360

sometimes you'll see them argue over the

501
00:17:50,870 --> 00:17:48,640
budgets but that's when something's

502
00:17:52,789 --> 00:17:50,880
earmarked just x number of dollars for

503
00:17:54,789 --> 00:17:52,799
the f35 so somebody might go ah that's

504
00:17:56,950 --> 00:17:54,799
way too much but in this one this is

505
00:17:59,029 --> 00:17:56,960
something that would appear to kind of

506
00:18:00,390 --> 00:17:59,039
fall into the one of these catch-all

507
00:18:01,750 --> 00:18:00,400
science technology

508
00:18:03,110 --> 00:18:01,760
intelligence

509
00:18:05,350 --> 00:18:03,120
type deals

510
00:18:07,350 --> 00:18:05,360
and because it is being authored right

511
00:18:08,950 --> 00:18:07,360
now that would fall under the under

512
00:18:11,350 --> 00:18:08,960
secretary of intelligence it would come

513
00:18:13,110 --> 00:18:11,360

out of the intelligence budget and so

514

00:18:16,150 --> 00:18:13,120

that part is interesting because we

515

00:18:18,230 --> 00:18:16,160

don't really know how much money they

516

00:18:20,390 --> 00:18:18,240

would have so we don't have a good idea

517

00:18:23,350 --> 00:18:20,400

big of an office but i

518

00:18:26,070 --> 00:18:23,360

i do and i think that that's um

519

00:18:28,150 --> 00:18:26,080

you know again it i don't think it's the

520

00:18:30,070 --> 00:18:28,160

quote-unquote disclosure a big reveal

521

00:18:31,590 --> 00:18:30,080

people want because they're not like all

522

00:18:33,669 --> 00:18:31,600

right everybody

523

00:18:36,470 --> 00:18:33,679

you know we're gonna do a live show and

524

00:18:38,549 --> 00:18:36,480

bring out the bodies

525

00:18:40,390 --> 00:18:38,559

but this you know

526

00:18:43,110 --> 00:18:40,400

ultimately if this passes you will have

527

00:18:44,870 --> 00:18:43,120

the first official permanent

528

00:18:48,150 --> 00:18:44,880

formal office

529

00:18:50,789 --> 00:18:48,160

solely designated to the ufos or uap

530

00:18:53,029 --> 00:18:50,799

since 1969 in the closure blue book and

531

00:18:55,110 --> 00:18:53,039

unlike blue book i'll add

532

00:18:56,950 --> 00:18:55,120

blue book was an air force

533

00:18:59,029 --> 00:18:56,960

endeavor so you only have one branch of

534

00:19:01,510 --> 00:18:59,039

the government this will be the first

535

00:19:02,390 --> 00:19:01,520

time uh that the u.s government is doing

536

00:19:07,190 --> 00:19:02,400

a

537

00:19:08,549 --> 00:19:07,200

defense so uh you know

538

00:19:09,510 --> 00:19:08,559

the best way i could put it for people

539

00:19:11,909 --> 00:19:09,520

to kind of

540

00:19:15,190 --> 00:19:11,919

in terms of the sprawling complex that

541

00:19:16,950 --> 00:19:15,200

is the dod is if the dude was walmart

542

00:19:19,029 --> 00:19:16,960

you know blue book was ran out of one of

543

00:19:21,350 --> 00:19:19,039

the stores one of the big stores an

544

00:19:23,430 --> 00:19:21,360

outlet store but now this office will be

545

00:19:25,190 --> 00:19:23,440

run out of headquarters and so there's a

546

00:19:27,190 --> 00:19:25,200

little muscle there's a little more

547

00:19:28,150 --> 00:19:27,200

backing behind it and so that in itself

548

00:19:30,310 --> 00:19:28,160

is

549

00:19:32,630 --> 00:19:30,320

it's really fascinating and you know

550

00:19:35,110 --> 00:19:32,640

especially when you consider that they

551

00:19:38,230 --> 00:19:35,120

did close in 1969 but the fact that it

552

00:19:39,350 --> 00:19:38,240

didn't just go away and uh you know i've

553

00:19:41,830 --> 00:19:39,360

said it

554

00:19:43,510 --> 00:19:41,840

if they closed when they closed in 69

555

00:19:45,430 --> 00:19:43,520

you know somebody forgot to let ufos

556

00:19:46,230 --> 00:19:45,440

know because they didn't go anywhere you

557

00:19:48,630 --> 00:19:46,240

know

558

00:19:51,110 --> 00:19:48,640

it didn't go away and so it's i think it

559

00:19:53,990 --> 00:19:51,120

will pass and i think uh it's a very

560

00:19:55,190 --> 00:19:54,000

very interesting turning point i think

561

00:19:57,270 --> 00:19:55,200

in my opinion

562

00:19:59,110 --> 00:19:57,280

yeah no absolutely and were there any

563

00:20:00,549 --> 00:19:59,120

specific details within either of the

564

00:20:03,669 --> 00:20:00,559

two bills that really stood out to you

565

00:20:05,350 --> 00:20:03,679

like wow they're actually going there

566

00:20:07,990 --> 00:20:05,360

you know i

567

00:20:09,750 --> 00:20:08,000

no it it seemed very standard other than

568

00:20:11,350 --> 00:20:09,760

the the you know for me what i took away

569

00:20:13,350 --> 00:20:11,360

significant especially with the uap

570

00:20:15,430 --> 00:20:13,360

office was that uh you know they were

571

00:20:17,830 --> 00:20:15,440

pretty explicitly saying this would have

572

00:20:19,750 --> 00:20:17,840

significant authority and so you weren't

573

00:20:21,350 --> 00:20:19,760

going to have the ability to you it

574

00:20:23,990 --> 00:20:21,360

would kind of carry the authority of the

575

00:20:25,669 --> 00:20:24,000

secretary of defense who you know

576

00:20:27,590 --> 00:20:25,679

other than the president

577

00:20:29,350 --> 00:20:27,600

you know he's the boss and so you'd have

578

00:20:31,990 --> 00:20:29,360

this really broad

579

00:20:32,950 --> 00:20:32,000

really strong muscle behind it i think

580

00:20:38,710 --> 00:20:32,960

that

581

00:20:40,390 --> 00:20:38,720

uh you know they use the word wanting

582

00:20:42,470 --> 00:20:40,400

all the information all the details

583

00:20:44,630 --> 00:20:42,480

including you know

584

00:20:47,029 --> 00:20:44,640

captured blah blah blah exploit

585

00:20:48,950 --> 00:20:47,039

like exploit has become the buzzword

586

00:20:50,870 --> 00:20:48,960

right now yeah

587

00:20:53,909 --> 00:20:50,880

uh i think that that's because most

588

00:20:55,270 --> 00:20:53,919

people interpret that exploit is to mean

589

00:20:57,830 --> 00:20:55,280

that uh

590

00:20:59,990 --> 00:20:57,840

recovered ufos captured materials like

591

00:21:02,710 --> 00:21:00,000

reverse engineering

592

00:21:04,950 --> 00:21:02,720

um we're coming from that world

593

00:21:07,510 --> 00:21:04,960

the word exploit is not nearly as sexy

594

00:21:08,789 --> 00:21:07,520

as that you know it could be and i don't

595

00:21:10,710 --> 00:21:08,799

want to i don't want to brain on

596

00:21:12,950 --> 00:21:10,720

everybody's parade that is absolutely an

597

00:21:16,630 --> 00:21:12,960

aspect in which that could define

598

00:21:19,350 --> 00:21:16,640

but uh exploit is generally just used in

599

00:21:21,270 --> 00:21:19,360

is there any meaningful or useful

600

00:21:23,270 --> 00:21:21,280

information that can be ascertained and

601
00:21:25,029 --> 00:21:23,280
so when they talk about exploit it could

602
00:21:25,909 --> 00:21:25,039
merely be

603
00:21:27,669 --> 00:21:25,919
they're

604
00:21:29,909 --> 00:21:27,679
running statistical analysis they've got

605
00:21:31,830 --> 00:21:29,919
all these these sightings captured on

606
00:21:33,669 --> 00:21:31,840
film is there any

607
00:21:35,909 --> 00:21:33,679
usable information that can be gained

608
00:21:37,430 --> 00:21:35,919
from that that's exploited anything that

609
00:21:39,270 --> 00:21:37,440
you can use

610
00:21:40,149 --> 00:21:39,280
uh to give you an advantage but you know

611
00:21:42,789 --> 00:21:40,159
again

612
00:21:45,669 --> 00:21:42,799
at the same time in fairness uh if you

613
00:21:48,149 --> 00:21:45,679

recovered a crashed foreign technology

614

00:21:49,990 --> 00:21:48,159

well whether it be russian or chinese or

615

00:21:51,430 --> 00:21:50,000

something else and you wanted to learn

616

00:21:53,830 --> 00:21:51,440

how it works indeed that would be

617

00:21:55,590 --> 00:21:53,840

exploited as well but but it that the

618

00:21:57,190 --> 00:21:55,600

use of that word alone i think has

619

00:22:00,470 --> 00:21:57,200

generated a lot more attention that

620

00:22:02,310 --> 00:22:00,480

maybe it warrants as of right now i

621

00:22:04,470 --> 00:22:02,320

don't think that that meant that nobody

622

00:22:06,310 --> 00:22:04,480

was kind of winking and saying hey he

623

00:22:08,470 --> 00:22:06,320

you know we've got him

624

00:22:09,750 --> 00:22:08,480

yeah i think one thing that i've noticed

625

00:22:11,669 --> 00:22:09,760

that a lot of people seem to be really

626

00:22:13,350 --> 00:22:11,679

disappointed because obviously it's

627

00:22:15,350 --> 00:22:13,360

going to all be classified this time

628

00:22:16,549 --> 00:22:15,360

around for the foreseeable so people are

629

00:22:17,990 --> 00:22:16,559

like oh well it's just going to get

630

00:22:19,909 --> 00:22:18,000

buried again

631

00:22:21,350 --> 00:22:19,919

i mean do you think there's

632

00:22:23,830 --> 00:22:21,360

you know a positive

633

00:22:27,190 --> 00:22:23,840

way we could you know say tell people

634

00:22:28,710 --> 00:22:27,200

that it's it's still a positive step

635

00:22:30,870 --> 00:22:28,720

well you know it's

636

00:22:33,190 --> 00:22:30,880

if anything else it's legitimizing and

637

00:22:34,789 --> 00:22:33,200

and i have been um

638

00:22:36,789 --> 00:22:34,799

i have been honest in my opinion is

639

00:22:38,470 --> 00:22:36,799

saying to people that one thing that

640

00:22:39,830 --> 00:22:38,480

people should should understand is that

641

00:22:41,590 --> 00:22:39,840

a lot of what they expect when we're

642

00:22:43,909 --> 00:22:41,600

talking about where's the videos where's

643

00:22:45,029 --> 00:22:43,919

the data where's that uh i always find

644

00:22:47,750 --> 00:22:45,039

you're talking about something that

645

00:22:49,990 --> 00:22:47,760

represents a scientific endeavor this is

646

00:22:52,230 --> 00:22:50,000

the intelligence community they've all

647

00:22:54,710 --> 00:22:52,240

they've been clear from that from day

648

00:22:56,070 --> 00:22:54,720

one you know this is who's running this

649

00:22:57,750 --> 00:22:56,080

show is the national security and

650

00:23:00,710 --> 00:22:57,760

intelligence community

651
00:23:02,390 --> 00:23:00,720
these are not ventures that are they

652
00:23:05,350 --> 00:23:02,400
frankly care about anyone's idle

653
00:23:07,190 --> 00:23:05,360
curiosity and and they're not here to

654
00:23:09,990 --> 00:23:07,200
provide information and they're not

655
00:23:11,750 --> 00:23:10,000
before public consumption so the public

656
00:23:14,950 --> 00:23:11,760
can choose you know they could care less

657
00:23:20,149 --> 00:23:17,750
100 certainty in this case they really

658
00:23:22,310 --> 00:23:20,159
don't care they don't care

659
00:23:24,390 --> 00:23:22,320
about the bickering that goes on and ufo

660
00:23:26,549 --> 00:23:24,400
twitter like they just don't care

661
00:23:28,390 --> 00:23:26,559
because it's not in their birth they're

662
00:23:30,149 --> 00:23:28,400
just like yeah whatever dude think what

663
00:23:32,390 --> 00:23:30,159

you want like there

664

00:23:34,070 --> 00:23:32,400

there's nobody that on the task force

665

00:23:35,510 --> 00:23:34,080

that's working on this that like jumps

666

00:23:38,470 --> 00:23:35,520

on twitter it's like no you're an

667

00:23:41,430 --> 00:23:38,480

[h__h] it is real uh you know

668

00:23:43,830 --> 00:23:41,440

they don't care and so the problem there

669

00:23:46,470 --> 00:23:43,840

is that means that this stuff is going

670

00:23:47,990 --> 00:23:46,480

to remain kind of what they're doing to

671

00:23:50,310 --> 00:23:48,000

a large degree

672

00:23:52,549 --> 00:23:50,320

uh you know there there's strong

673

00:23:54,870 --> 00:23:52,559

expectations that would remain hidden or

674

00:23:57,430 --> 00:23:54,880

you know out of public eyes

675

00:23:58,390 --> 00:23:57,440

uh you know especially because in these

676
00:24:00,149 --> 00:23:58,400
sectors

677
00:24:02,950 --> 00:24:00,159
you're looking at so it doesn't matter

678
00:24:04,310 --> 00:24:02,960
if it's chinese russian or alien

679
00:24:05,669 --> 00:24:04,320
you're looking at vulnerabilities to

680
00:24:08,149 --> 00:24:05,679
your national defense you know something

681
00:24:09,510 --> 00:24:08,159
can fly with unity and you don't know

682
00:24:10,870 --> 00:24:09,520
what it is that's a vulnerability to

683
00:24:12,549 --> 00:24:10,880
your national defense and that's not

684
00:24:15,430 --> 00:24:12,559
something you advertise because even if

685
00:24:17,669 --> 00:24:15,440
it is alien suddenly your near peer

686
00:24:19,510 --> 00:24:17,679
competitors potential adversaries like

687
00:24:21,269 --> 00:24:19,520
ooh you know here they leave a key

688
00:24:22,470 --> 00:24:21,279

underneath the rock by the back door we

689

00:24:24,070 --> 00:24:22,480

can get in

690

00:24:27,029 --> 00:24:24,080

so that's something that you're just not

691

00:24:29,110 --> 00:24:27,039

going to see advertise however

692

00:24:31,269 --> 00:24:29,120

when you see that type of investment

693

00:24:33,830 --> 00:24:31,279

there's some legitimacy to it so you

694

00:24:35,909 --> 00:24:33,840

know it's not just some kooky whatever

695

00:24:38,390 --> 00:24:35,919

people's kind of stigma or expectations

696

00:24:40,870 --> 00:24:38,400

are and this is where i've said that i

697

00:24:42,149 --> 00:24:40,880

think it's incumbent upon now

698

00:24:44,149 --> 00:24:42,159

that uh

699

00:24:45,750 --> 00:24:44,159

the scientific

700

00:24:47,430 --> 00:24:45,760

institutions

701
00:24:49,750 --> 00:24:47,440
should be the ones leading the charge in

702
00:24:51,830 --> 00:24:49,760
terms of that public quote-unquote

703
00:24:53,190 --> 00:24:51,840
disclosure or providing that evidence

704
00:24:54,870 --> 00:24:53,200
the data

705
00:24:57,350 --> 00:24:54,880
you know we have seen you know some

706
00:25:00,230 --> 00:24:57,360
positive things like the galileo project

707
00:25:02,789 --> 00:25:00,240
being launched by uh avi loeb at harvard

708
00:25:04,390 --> 00:25:02,799
you know i think those type of efforts

709
00:25:05,830 --> 00:25:04,400
are very interesting because that is

710
00:25:07,750 --> 00:25:05,840
where you know

711
00:25:09,269 --> 00:25:07,760
unlike everything i just said about the

712
00:25:11,350 --> 00:25:09,279
defense and intelligence community the

713
00:25:13,269 --> 00:25:11,360

scientific community is exact opposite

714

00:25:15,510 --> 00:25:13,279

in order to be legitimate it must be

715

00:25:17,669 --> 00:25:15,520

public-facing it must provide the data

716

00:25:19,590 --> 00:25:17,679

it must show their results and how they

717

00:25:21,430 --> 00:25:19,600

arrived at those conclusions

718

00:25:23,430 --> 00:25:21,440

and so i you know i think that in my

719

00:25:26,070 --> 00:25:23,440

opinion now

720

00:25:28,630 --> 00:25:26,080

having the muscle of the defense

721

00:25:32,870 --> 00:25:28,640

industry saying yes this is a real thing

722

00:25:34,549 --> 00:25:32,880

i i hope we see more galileo projects or

723

00:25:35,430 --> 00:25:34,559

obviously

724

00:25:37,830 --> 00:25:35,440

you know

725

00:25:40,549 --> 00:25:37,840

nobody's going to have as nice as stuff

726

00:25:42,549 --> 00:25:40,559

and surveillance as as the government as

727

00:25:45,110 --> 00:25:42,559

the u.s government but the us government

728

00:25:47,110 --> 00:25:45,120

has uh scientific components to it as

729

00:25:48,310 --> 00:25:47,120

well you know nasa being one of nasa's

730

00:25:50,789 --> 00:25:48,320

saying that they were going to look into

731

00:25:52,950 --> 00:25:50,799

this you know so there are public

732

00:25:54,950 --> 00:25:52,960

forward facing you know scientific

733

00:25:56,950 --> 00:25:54,960

components both in government both in

734

00:25:58,950 --> 00:25:56,960

public institutions or private

735

00:26:02,070 --> 00:25:58,960

individuals private companies can come

736

00:26:04,230 --> 00:26:02,080

forward i think that uh may end up

737

00:26:06,310 --> 00:26:04,240

ultimately being the biggest impact

738

00:26:08,149 --> 00:26:06,320

simply because they you know in the

739

00:26:10,470 --> 00:26:08,159

right setting there's nothing they're

740

00:26:12,950 --> 00:26:10,480

unchanged you know there's no ivy lobe

741

00:26:14,789 --> 00:26:12,960

doesn't have an nda avilo doesn't worry

742

00:26:16,870 --> 00:26:14,799

about it you know they i talked to them

743

00:26:19,269 --> 00:26:16,880

at the galileo project and you know they

744

00:26:20,870 --> 00:26:19,279

said they they have no desire whatsoever

745

00:26:22,230 --> 00:26:20,880

to work with anything

746

00:26:23,110 --> 00:26:22,240

classified they don't want to deal with

747

00:26:24,549 --> 00:26:23,120

it because they want it to be

748

00:26:26,630 --> 00:26:24,559

public-facing

749

00:26:29,190 --> 00:26:26,640

and so i hope that that's

750

00:26:31,990 --> 00:26:29,200

kind of where uh you know maybe the next

751
00:26:34,310 --> 00:26:32,000
step will come um but we'll see at the

752
00:26:36,149 --> 00:26:34,320
same time

753
00:26:37,669 --> 00:26:36,159
if i've learned nothing in this topic

754
00:26:39,510 --> 00:26:37,679
for the last couple years covering it

755
00:26:41,350 --> 00:26:39,520
it's that it doesn't really matter what

756
00:26:42,470 --> 00:26:41,360
i expect is going to happen because it's

757
00:26:44,470 --> 00:26:42,480
just

758
00:26:45,590 --> 00:26:44,480
it's going to you know i think the dod

759
00:26:47,350 --> 00:26:45,600
is going to do one thing and they just

760
00:26:49,269 --> 00:26:47,360
do something totally different

761
00:26:51,110 --> 00:26:49,279
yeah

762
00:26:53,830 --> 00:26:51,120
this time next year we may be talking

763
00:26:56,549 --> 00:26:53,840

about the the treasure trove of videos

764

00:26:58,710 --> 00:26:56,559

and and photos and data that the

765

00:26:59,990 --> 00:26:58,720

the dod has just decided to release who

766

00:27:03,190 --> 00:27:00,000

knows you know

767

00:27:04,950 --> 00:27:03,200

be interesting i mean i want to see it

768

00:27:07,430 --> 00:27:04,960

i think everyone doesn't i think that's

769

00:27:08,870 --> 00:27:07,440

the thing that people now are they're

770

00:27:10,149 --> 00:27:08,880

taking their focus away from the

771

00:27:11,990 --> 00:27:10,159

government and they're looking at these

772

00:27:13,990 --> 00:27:12,000

scientific institutions such as the

773

00:27:16,950 --> 00:27:14,000

galileo project but also

774

00:27:19,190 --> 00:27:16,960

people like um uapx as well those kind

775

00:27:21,669 --> 00:27:19,200

of entities i think people are really

776

00:27:24,389 --> 00:27:21,679

switching their expectations on them and

777

00:27:26,230 --> 00:27:24,399

let's hope not too much but

778

00:27:30,070 --> 00:27:26,240

yeah i mean what do you think

779

00:27:31,750 --> 00:27:30,080

sure no i i do and and i think that um

780

00:27:33,430 --> 00:27:31,760

i think that it's important that you

781

00:27:36,070 --> 00:27:33,440

know i recognize that

782

00:27:40,070 --> 00:27:36,080

there's nobody that has the

783

00:27:42,230 --> 00:27:40,080

technical capabilities or capacity to to

784

00:27:43,350 --> 00:27:42,240

gather data on

785

00:27:45,909 --> 00:27:43,360

other

786

00:27:49,590 --> 00:27:45,919

devices of unknown origin

787

00:27:51,029 --> 00:27:49,600

than the united states apparatus so

788

00:27:52,149 --> 00:27:51,039

including its allies and everything i

789

00:27:54,310 --> 00:27:52,159

realize that

790

00:27:55,669 --> 00:27:54,320

but at the same time you know i think

791

00:27:58,630 --> 00:27:55,679

it's important to recognize that at

792

00:28:00,230 --> 00:27:58,640

least it faced value uh and and if you

793

00:28:02,870 --> 00:28:00,240

looked at the just the preliminary

794

00:28:05,029 --> 00:28:02,880

assessment and again this is not just uh

795

00:28:06,549 --> 00:28:05,039

a group of people who signed off on this

796

00:28:07,990 --> 00:28:06,559

this is you know what was released was

797

00:28:09,669 --> 00:28:08,000

signed off by the director of national

798

00:28:11,590 --> 00:28:09,679

intelligence the secretary of defense i

799

00:28:13,750 --> 00:28:11,600

mean there's a list of

800

00:28:15,350 --> 00:28:13,760

principal high-level people who would

801
00:28:17,750 --> 00:28:15,360
have had to sign off on this who agreed

802
00:28:19,990 --> 00:28:17,760
with that assessment saying okay we

803
00:28:22,149 --> 00:28:20,000
don't know so what that tells you is

804
00:28:24,470 --> 00:28:22,159
even with that

805
00:28:26,950 --> 00:28:24,480
mass apparatus of surveillance and

806
00:28:30,070 --> 00:28:26,960
intelligence they still don't know so

807
00:28:31,750 --> 00:28:30,080
that doesn't preclude somebody like uapx

808
00:28:34,630 --> 00:28:31,760
the galileo project

809
00:28:37,110 --> 00:28:34,640
from answering that question for the

810
00:28:39,510 --> 00:28:37,120
public because

811
00:28:42,549 --> 00:28:39,520
it evidently doesn't matter if you've

812
00:28:46,230 --> 00:28:42,559
got a you know an rq 180 spy drum

813
00:28:47,830 --> 00:28:46,240

because you still don't know and so

814

00:28:49,990 --> 00:28:47,840

there is a lot of potential in there

815

00:28:52,470 --> 00:28:50,000

especially given the fact that

816

00:28:54,789 --> 00:28:52,480

technologies are constantly becoming

817

00:28:57,830 --> 00:28:54,799

more available and cheaper i mean it's

818

00:28:59,830 --> 00:28:57,840

not out of the realm of possibility it's

819

00:29:01,830 --> 00:28:59,840

probably a slightly more expensive than

820

00:29:04,630 --> 00:29:01,840

me or you could afford the idea of

821

00:29:06,389 --> 00:29:04,640

having surveillance uh satellites having

822

00:29:08,549 --> 00:29:06,399

you know to launch your own satellite

823

00:29:10,710 --> 00:29:08,559

there's plenty of very small

824

00:29:12,710 --> 00:29:10,720

companies that are that are doing just

825

00:29:13,990 --> 00:29:12,720

that so any one of those companies says

826

00:29:15,909 --> 00:29:14,000

hey you know what

827

00:29:17,430 --> 00:29:15,919

let's let's program one of these bad

828

00:29:19,590 --> 00:29:17,440

boys to start checking things out and

829

00:29:21,750 --> 00:29:19,600

see if we can find something uh that's a

830

00:29:24,389 --> 00:29:21,760

real possibility and i think that that's

831

00:29:26,070 --> 00:29:24,399

uh that exists and that's something it's

832

00:29:28,389 --> 00:29:26,080

only gonna get better as we see ai

833

00:29:30,950 --> 00:29:28,399

there's a lot of ways that i think

834

00:29:32,230 --> 00:29:30,960

the ability to examine this topic is

835

00:29:33,750 --> 00:29:32,240

just uh

836

00:29:35,909 --> 00:29:33,760

it's it's definitely better than it was

837

00:29:38,070 --> 00:29:35,919

back in the 50s and 60s during the first

838

00:29:39,669 --> 00:29:38,080

efforts that's for sure

839

00:29:41,669 --> 00:29:39,679

yeah absolutely now one thing you just

840

00:29:44,310 --> 00:29:41,679

mentioned there was you used the phrase

841

00:29:45,510 --> 00:29:44,320

devices of unknown origin now this was a

842

00:29:47,590 --> 00:29:45,520

huge

843

00:29:49,830 --> 00:29:47,600

multi-part article accompanied with

844

00:29:51,909 --> 00:29:49,840

videos that you released back in june

845

00:29:53,750 --> 00:29:51,919

can you talk us through why you did that

846

00:29:55,590 --> 00:29:53,760

and why you felt it was needed and the

847

00:29:58,470 --> 00:29:55,600

process behind it

848

00:30:00,070 --> 00:29:58,480

sure yeah that was something i you know

849

00:30:01,750 --> 00:30:00,080

i had been working on for a while you

850

00:30:03,510 --> 00:30:01,760

know not sitting down and putting it on

851
00:30:04,470 --> 00:30:03,520
paper but just everything that goes into

852
00:30:05,990 --> 00:30:04,480
that

853
00:30:07,990 --> 00:30:06,000
and so

854
00:30:11,510 --> 00:30:08,000
you know the the initial story with the

855
00:30:14,630 --> 00:30:11,520
puerto rico um ufo that happened back in

856
00:30:16,389 --> 00:30:14,640
the 60s you know i had originally talked

857
00:30:17,909 --> 00:30:16,399
to that witness and gotten that whole

858
00:30:19,750 --> 00:30:17,919
story

859
00:30:21,430 --> 00:30:19,760
over a year ago so there's a lot of

860
00:30:24,789 --> 00:30:21,440
things that go into this

861
00:30:27,029 --> 00:30:24,799
and i just felt like you know my plan

862
00:30:28,710 --> 00:30:27,039
you the idea to to really put that out

863
00:30:30,389 --> 00:30:28,720

cam only came a couple weeks before we

864

00:30:31,430 --> 00:30:30,399

started publishing it

865

00:30:33,990 --> 00:30:31,440

because i just

866

00:30:35,510 --> 00:30:34,000

knew that the you know it came at a time

867

00:30:37,190 --> 00:30:35,520

where there was significant media

868

00:30:40,230 --> 00:30:37,200

attention i think 60 minutes had just

869

00:30:42,549 --> 00:30:40,240

done their deal yeah so you had a lot of

870

00:30:44,710 --> 00:30:42,559

attention going on the topic but it was

871

00:30:46,789 --> 00:30:44,720

becoming breathless meaning that it was

872

00:30:48,950 --> 00:30:46,799

everybody was competing for who could

873

00:30:50,389 --> 00:30:48,960

get out the latest kind of thing quick

874

00:30:52,389 --> 00:30:50,399

quick quick

875

00:30:54,470 --> 00:30:52,399

and it wasn't very substantial and i

876
00:30:56,710 --> 00:30:54,480
thought you know once this thing comes

877
00:31:00,549 --> 00:30:56,720
out who knows what it's going to say

878
00:31:02,630 --> 00:31:00,559
but i think it would be nice to give

879
00:31:03,669 --> 00:31:02,640
kind of a broad

880
00:31:06,230 --> 00:31:03,679
larger

881
00:31:08,470 --> 00:31:06,240
more comprehensive overview of this

882
00:31:11,110 --> 00:31:08,480
topic without going into the weeds and

883
00:31:11,990 --> 00:31:11,120
having to write a book so you know

884
00:31:14,149 --> 00:31:12,000
so

885
00:31:16,070 --> 00:31:14,159
just use one case

886
00:31:17,990 --> 00:31:16,080
that demonstrates this is not something

887
00:31:21,430 --> 00:31:18,000
new you know this is something that has

888
00:31:24,070 --> 00:31:21,440

gone on back to the 60s here in fact

889

00:31:24,950 --> 00:31:24,080

here is a military eyewitness in that

890

00:31:26,950 --> 00:31:24,960

case

891

00:31:29,509 --> 00:31:26,960

uh in addition the fact we have radar

892

00:31:32,149 --> 00:31:29,519

data we have pilot video in a ways it

893

00:31:34,389 --> 00:31:32,159

was very similar to the nimitz yeah

894

00:31:35,909 --> 00:31:34,399

without we didn't have the gun camera

895

00:31:37,509 --> 00:31:35,919

you know but

896

00:31:40,789 --> 00:31:37,519

very much similar and in fact in this

897

00:31:42,389 --> 00:31:40,799

case we had the scope images

898

00:31:44,149 --> 00:31:42,399

and which we included we published with

899

00:31:45,430 --> 00:31:44,159

there so we had all this information and

900

00:31:47,110 --> 00:31:45,440

thought i thought it was interesting for

901
00:31:49,909 --> 00:31:47,120
people to realize this is this is a not

902
00:31:52,389 --> 00:31:49,919
new so this is a lingering thing

903
00:31:54,470 --> 00:31:52,399
and then also to get some clarification

904
00:31:56,389 --> 00:31:54,480
on you know bringing it to the modern

905
00:31:58,630 --> 00:31:56,399
day and that was the the second part of

906
00:32:02,549 --> 00:31:58,640
that where i just featured ryan graves

907
00:32:03,269 --> 00:32:02,559
yeah is i had spoken to him in i've you

908
00:32:05,029 --> 00:32:03,279
know

909
00:32:06,470 --> 00:32:05,039
felt like he he was such a compelling

910
00:32:08,549 --> 00:32:06,480
eyewitness

911
00:32:10,149 --> 00:32:08,559
in growing up and being around people in

912
00:32:11,509 --> 00:32:10,159
the military and knowing you you

913
00:32:13,909 --> 00:32:11,519

recognize that this is the guy who's got

914

00:32:15,430 --> 00:32:13,919

his stuff together like this is this is

915

00:32:17,990 --> 00:32:15,440

a solid guy

916

00:32:20,389 --> 00:32:18,000

and so i felt like that aspect of it

917

00:32:22,470 --> 00:32:20,399

needed to be conveyed

918

00:32:23,830 --> 00:32:22,480

just focusing on him

919

00:32:25,990 --> 00:32:23,840

so kind of

920

00:32:27,830 --> 00:32:26,000

let people know hey this isn't new

921

00:32:29,669 --> 00:32:27,840

and we've got plenty of data there was

922

00:32:31,669 --> 00:32:29,679

plenty of opportunities going back to

923

00:32:34,149 --> 00:32:31,679

the 60s and then now today this is

924

00:32:35,990 --> 00:32:34,159

ongoing uh and it was it was

925

00:32:39,110 --> 00:32:36,000

advantageous that that you know graves

926

00:32:40,630 --> 00:32:39,120

encounters were relatively close to

927

00:32:42,630 --> 00:32:40,640

puerto rico relatively close to this

928

00:32:44,389 --> 00:32:42,640

first incident so you know we've gotten

929

00:32:47,269 --> 00:32:44,399

some connection there

930

00:32:49,430 --> 00:32:47,279

and then kind of rounded out with um

931

00:32:51,110 --> 00:32:49,440

my interview with ray mabus who's the

932

00:32:53,269 --> 00:32:51,120

former secretary of the navy he's the

933

00:32:54,630 --> 00:32:53,279

second longest secretary of the navy in

934

00:32:58,310 --> 00:32:54,640

u.s history

935

00:33:00,549 --> 00:32:58,320

and really somebody who has held

936

00:33:01,509 --> 00:33:00,559

numerous high-level positions

937

00:33:04,630 --> 00:33:01,519

um

938

00:33:06,870 --> 00:33:04,640

both of the the governor uh and of

939

00:33:09,110 --> 00:33:06,880

mississippi down to the ambassador to

940

00:33:10,950 --> 00:33:09,120

saudi arabia and so as a secretary of

941

00:33:13,029 --> 00:33:10,960

the navy was fortunate because i had

942

00:33:14,789 --> 00:33:13,039

spoken to ray several times before i

943

00:33:17,269 --> 00:33:14,799

ever started talking to him about ufos

944

00:33:18,549 --> 00:33:17,279

you know talking about just navy issues

945

00:33:19,509 --> 00:33:18,559

and his time as the secretary of the

946

00:33:21,350 --> 00:33:19,519

navy

947

00:33:23,430 --> 00:33:21,360

and he's one of the nicest people in the

948

00:33:25,110 --> 00:33:23,440

world it's it's

949

00:33:27,590 --> 00:33:25,120

you kind of forget that this guy held

950

00:33:28,950 --> 00:33:27,600

these kind of positions because it's

951
00:33:30,470 --> 00:33:28,960
it's like sitting on your porch with

952
00:33:31,990 --> 00:33:30,480
your neighbor like it's just he's a

953
00:33:33,269 --> 00:33:32,000
really great guy

954
00:33:37,110 --> 00:33:33,279
and i thought it was very interesting

955
00:33:38,630 --> 00:33:37,120
because he in that position you know

956
00:33:41,669 --> 00:33:38,640
acknowledge hey oh yeah these things

957
00:33:43,190 --> 00:33:41,679
happen you know i'd seen these videos

958
00:33:45,509 --> 00:33:43,200
but even he

959
00:33:47,110 --> 00:33:45,519
didn't know what they were and was kind

960
00:33:49,509 --> 00:33:47,120
of at a loss for

961
00:33:51,909 --> 00:33:49,519
what are these things you know and he's

962
00:33:52,950 --> 00:33:51,919
tried those answers he got lost and and

963
00:33:54,470 --> 00:33:52,960

i thought

964

00:33:57,430 --> 00:33:54,480

it was important

965

00:33:59,110 --> 00:33:57,440

to convey from from his side because it

966

00:34:01,190 --> 00:33:59,120

matched and mirrored

967

00:34:03,029 --> 00:34:01,200

so many other uh you know senior

968

00:34:05,029 --> 00:34:03,039

officials who i've spoken to

969

00:34:06,389 --> 00:34:05,039

whether it's on background or on the

970

00:34:08,310 --> 00:34:06,399

record

971

00:34:09,510 --> 00:34:08,320

about this topic where they say you know

972

00:34:10,950 --> 00:34:09,520

i'm always like well what do you mean it

973

00:34:13,109 --> 00:34:10,960

just ended without i don't know

974

00:34:15,109 --> 00:34:13,119

everybody's like it's weird i don't know

975

00:34:16,710 --> 00:34:15,119

and they're always you know the kind of

976

00:34:19,430 --> 00:34:16,720

sentiment is yeah i know i guess in

977

00:34:21,270 --> 00:34:19,440

hindsight saying that now

978

00:34:21,990 --> 00:34:21,280

it sounds bad

979

00:34:23,829 --> 00:34:22,000

but

980

00:34:25,829 --> 00:34:23,839

you know what they want to convey it to

981

00:34:28,069 --> 00:34:25,839

people is yet to understand is that at

982

00:34:30,310 --> 00:34:28,079

this same time when i'm getting you know

983

00:34:31,990 --> 00:34:30,320

briefed on this i've got north korea

984

00:34:33,909 --> 00:34:32,000

saying they're going to bomb us i've got

985

00:34:36,629 --> 00:34:33,919

syria going up in flames i've got

986

00:34:39,589 --> 00:34:36,639

afghanistan going in terminal

987

00:34:41,349 --> 00:34:39,599

there's so many things impressing

988

00:34:43,030 --> 00:34:41,359

and in fact seeing life or death you

989

00:34:46,230 --> 00:34:43,040

know there's people chanting death to

990

00:34:47,589 --> 00:34:46,240

america and they're gonna bomb us and so

991

00:34:50,149 --> 00:34:47,599

they're just like

992

00:34:52,389 --> 00:34:50,159

whatever it is it's not bombing us

993

00:34:53,990 --> 00:34:52,399

and so you know my focus

994

00:34:56,230 --> 00:34:54,000

and uh you know

995

00:34:57,030 --> 00:34:56,240

in the same vein lots of people saying

996

00:34:59,750 --> 00:34:57,040

you know

997

00:35:01,750 --> 00:34:59,760

it's just outside the box of what

998

00:35:02,790 --> 00:35:01,760

you're you're trying to do or trying to

999

00:35:05,430 --> 00:35:02,800

deal with

1000

00:35:07,190 --> 00:35:05,440

so i mean i think people have this

1001
00:35:08,790 --> 00:35:07,200
image or view of what somebody once they

1002
00:35:10,150 --> 00:35:08,800
reach general or the secretary of the

1003
00:35:11,190 --> 00:35:10,160
navy like well they've got all the

1004
00:35:13,190 --> 00:35:11,200
answers like they're going to grab the

1005
00:35:15,589 --> 00:35:13,200
phone and say ah damn it

1006
00:35:17,430 --> 00:35:15,599
you've solved the problem for me

1007
00:35:18,230 --> 00:35:17,440
uh but these are people who have you

1008
00:35:20,069 --> 00:35:18,240
know

1009
00:35:21,510 --> 00:35:20,079
largely grown up and and they've given

1010
00:35:23,589 --> 00:35:21,520
their experience their life to reach the

1011
00:35:25,030 --> 00:35:23,599
positions that they're in you know you

1012
00:35:27,270 --> 00:35:25,040
you're on the joint chiefs of staff like

1013
00:35:29,910 --> 00:35:27,280

you've arrived like you did it

1014

00:35:31,430 --> 00:35:29,920

uh you you probably went to to west

1015

00:35:33,589 --> 00:35:31,440

point or one of the military academies

1016

00:35:36,069 --> 00:35:33,599

you spent your life for this moment you

1017

00:35:37,270 --> 00:35:36,079

know how to uh fight warfare you know

1018

00:35:39,030 --> 00:35:37,280

how to war game you know how to

1019

00:35:41,910 --> 00:35:39,040

strategize you know how to try to make

1020

00:35:43,349 --> 00:35:41,920

your forces put in the best position

1021

00:35:44,630 --> 00:35:43,359

that if they have to go into a conflict

1022

00:35:46,230 --> 00:35:44,640

they'll win

1023

00:35:48,069 --> 00:35:46,240

and then you throw something like this

1024

00:35:51,750 --> 00:35:48,079

in the mix well this isn't something

1025

00:35:56,310 --> 00:35:54,230

west point and i i've often said that

1026
00:35:57,349 --> 00:35:56,320
again it may not sound like the best

1027
00:36:00,390 --> 00:35:57,359
thing

1028
00:36:01,750 --> 00:36:00,400
but i can absolutely see how you know if

1029
00:36:03,670 --> 00:36:01,760
you're talking about the joint chiefs so

1030
00:36:07,589 --> 00:36:03,680
you're talking about a combat commander

1031
00:36:09,670 --> 00:36:07,599
who this comes across their desk to say

1032
00:36:11,910 --> 00:36:09,680
yeah this is this is a really really

1033
00:36:13,270 --> 00:36:11,920
important and really really significant

1034
00:36:15,430 --> 00:36:13,280
and i really want you to hand this to

1035
00:36:17,910 --> 00:36:15,440
the next guy that gets in my chair

1036
00:36:19,589 --> 00:36:17,920
because once you reach that level

1037
00:36:21,910 --> 00:36:19,599
you got four years before you know and

1038
00:36:23,750 --> 00:36:21,920

then you're done like you've reached the

1039

00:36:25,349 --> 00:36:23,760

mountain and then it's just off to

1040

00:36:27,349 --> 00:36:25,359

playing golf all day and you've reached

1041

00:36:29,990 --> 00:36:27,359

it and so the idea of saying this is

1042

00:36:32,390 --> 00:36:30,000

outside of what i know how to deal with

1043

00:36:34,790 --> 00:36:32,400

uh maybe i've thought my whole life this

1044

00:36:36,310 --> 00:36:34,800

is bs and you're telling me it's real

1045

00:36:38,390 --> 00:36:36,320

and i don't really know how to deal with

1046

00:36:40,950 --> 00:36:38,400

this so i'm not going to

1047

00:36:43,030 --> 00:36:40,960

it's kind of laundry that you've got

1048

00:36:44,470 --> 00:36:43,040

piled up that you want to fold but

1049

00:36:46,470 --> 00:36:44,480

you're just like i don't even want to

1050

00:36:47,510 --> 00:36:46,480

start like it just keeps piling up so

1051
00:36:49,349 --> 00:36:47,520
high that it's going to be a pain in the

1052
00:36:50,870 --> 00:36:49,359
ass now so i'm just going to ignore it

1053
00:36:52,069 --> 00:36:50,880
and keep ignoring it

1054
00:36:53,510 --> 00:36:52,079
and so that was

1055
00:36:55,589 --> 00:36:53,520
you know hopefully you know that was

1056
00:36:57,190 --> 00:36:55,599
what i was going for in that and then a

1057
00:36:57,990 --> 00:36:57,200
lot of people keep asking me about part

1058
00:37:00,390 --> 00:36:58,000
four

1059
00:37:02,230 --> 00:37:00,400
yeah i was going to bring that up

1060
00:37:04,790 --> 00:37:02,240
great

1061
00:37:08,710 --> 00:37:04,800
yeah i'm poor i'm pulling a uh a george

1062
00:37:10,950 --> 00:37:08,720
c martin here yeah the uh

1063
00:37:13,109 --> 00:37:10,960

on on my part four where you're you're

1064

00:37:16,310 --> 00:37:13,119

lingering and then damn's gonna be an

1065

00:37:19,270 --> 00:37:16,320

old man and die before apartment

1066

00:37:21,510 --> 00:37:19,280

and that was uh

1067

00:37:23,030 --> 00:37:21,520

purposefully done and so i mean

1068

00:37:24,310 --> 00:37:23,040

typically four is an odd number anyway

1069

00:37:26,630 --> 00:37:24,320

you know you think of the trilogy you're

1070

00:37:28,710 --> 00:37:26,640

like what you know what well there's no

1071

00:37:30,069 --> 00:37:28,720

such thing as a four-part series what is

1072

00:37:32,870 --> 00:37:30,079

it

1073

00:37:34,630 --> 00:37:32,880

what is this dude doing and that was

1074

00:37:36,470 --> 00:37:34,640

kind of purposely done because the first

1075

00:37:37,990 --> 00:37:36,480

three kind of set the stage and that

1076

00:37:41,270 --> 00:37:38,000

part four

1077

00:37:45,670 --> 00:37:41,280

uh the intent behind that is maybe to

1078

00:37:47,109 --> 00:37:45,680

offer some resolution to all all of it

1079

00:37:48,310 --> 00:37:47,119

and

1080

00:37:49,510 --> 00:37:48,320

that

1081

00:37:53,589 --> 00:37:49,520

hasn't

1082

00:37:54,790 --> 00:37:53,599

to ready to present

1083

00:37:55,990 --> 00:37:54,800

you know so we don't have that

1084

00:37:57,910 --> 00:37:56,000

resolution

1085

00:37:59,589 --> 00:37:57,920

so you know unless you watch the hbo

1086

00:38:01,510 --> 00:37:59,599

series you don't know what happens with

1087

00:38:02,950 --> 00:38:01,520

the with the white walkers and

1088

00:38:04,470 --> 00:38:02,960

in game of thrones

1089

00:38:05,510 --> 00:38:04,480

uh you know

1090

00:38:06,390 --> 00:38:05,520

so

1091

00:38:11,190 --> 00:38:06,400

it's

1092

00:38:13,910 --> 00:38:11,200

anything but it was always something

1093

00:38:16,390 --> 00:38:13,920

that uh you know i realized

1094

00:38:17,990 --> 00:38:16,400

in doing this there's a i didn't break

1095

00:38:19,670 --> 00:38:18,000

the mold too much the first three were

1096

00:38:21,589 --> 00:38:19,680

supposed to kind of stand alone and you

1097

00:38:23,190 --> 00:38:21,599

could walk away with them the part four

1098

00:38:25,510 --> 00:38:23,200

was gonna be

1099

00:38:26,790 --> 00:38:25,520

some resolution and different things and

1100

00:38:28,630 --> 00:38:26,800

and

1101

00:38:30,150 --> 00:38:28,640

interestingly enough that's

1102

00:38:32,230 --> 00:38:30,160

not interestingly anybody's father's

1103

00:38:35,349 --> 00:38:32,240

topic that's not always easy and so it's

1104

00:38:37,030 --> 00:38:35,359

fine can you find any resolution maybe

1105

00:38:40,230 --> 00:38:37,040

not tell people

1106

00:38:42,150 --> 00:38:40,240

what they are but can you find some

1107

00:38:42,870 --> 00:38:42,160

resolution that someone can move forward

1108

00:38:45,510 --> 00:38:42,880

to

1109

00:38:47,589 --> 00:38:45,520

and so that's the goal with part four

1110

00:38:49,510 --> 00:38:47,599

but but uh i totally understand why but

1111

00:38:50,950 --> 00:38:49,520

that's what i said i'm i'm pulling the

1112

00:38:52,310 --> 00:38:50,960

george c martin here i'm the dude that

1113

00:38:55,510 --> 00:38:52,320

everybody's like are you gonna finish

1114

00:38:56,870 --> 00:38:55,520

the series what's happening

1115

00:38:59,349 --> 00:38:56,880

no that's good i think everyone would

1116

00:39:02,069 --> 00:38:59,359

appreciate that clarification um so yeah

1117

00:39:03,109 --> 00:39:02,079

thank you so much um a case that i

1118

00:39:04,550 --> 00:39:03,119

actually wanted to speak to you about

1119

00:39:06,710 --> 00:39:04,560

that i've been really following closely

1120

00:39:08,150 --> 00:39:06,720

since it happened was the the tucson

1121

00:39:09,270 --> 00:39:08,160

drone case

1122

00:39:10,710 --> 00:39:09,280

um

1123

00:39:12,230 --> 00:39:10,720

you know with the helicopter and stuff

1124

00:39:14,550 --> 00:39:12,240

like that what are your thoughts on that

1125

00:39:17,829 --> 00:39:14,560

case because i keep switching between

1126

00:39:19,829 --> 00:39:17,839

drone and then back to uap and

1127

00:39:22,310 --> 00:39:19,839

it's a bizarre one

1128

00:39:24,870 --> 00:39:22,320

you know and i'll say up front i haven't

1129

00:39:27,030 --> 00:39:24,880

followed it as much as probably people

1130

00:39:28,550 --> 00:39:27,040

would have liked um i think brett

1131

00:39:30,310 --> 00:39:28,560

tingley who's a friend of mine has done

1132

00:39:33,829 --> 00:39:30,320

a great job keeping that and hounding

1133

00:39:35,589 --> 00:39:33,839

that in the war zone and so uh you know

1134

00:39:37,190 --> 00:39:35,599

and i'm good friends with tyler over

1135

00:39:39,589 --> 00:39:37,200

there who runs the war zone so it's one

1136

00:39:41,430 --> 00:39:39,599

of those weird things where uh media

1137

00:39:43,270 --> 00:39:41,440

companies aren't nearly as competitive

1138

00:39:44,470 --> 00:39:43,280

at times sometimes they get along and so

1139

00:39:46,390 --> 00:39:44,480

you're like hey you guys are doing great

1140

00:39:47,990 --> 00:39:46,400

work and i'm going to focus my energy on

1141

00:39:49,829 --> 00:39:48,000

something else so i haven't really dug

1142

00:39:51,030 --> 00:39:49,839

into it but i think brett's done great

1143

00:39:52,870 --> 00:39:51,040

work with it

1144

00:39:55,750 --> 00:39:52,880

uh down to the fact that i think just

1145

00:39:57,670 --> 00:39:55,760

recently his piece where they had the

1146

00:39:59,910 --> 00:39:57,680

report from the border patrol or maybe

1147

00:40:01,270 --> 00:39:59,920

it was the tucson police but either with

1148

00:40:04,390 --> 00:40:01,280

the latest report that came out where

1149

00:40:05,910 --> 00:40:04,400

they identified it as a quadcopter

1150

00:40:07,990 --> 00:40:05,920

so suddenly they were like okay this is

1151
00:40:10,790 --> 00:40:08,000
probably a drone then i mean well

1152
00:40:12,309 --> 00:40:10,800
obviously it's a drone um

1153
00:40:13,349 --> 00:40:12,319
but the proceeding reports sound

1154
00:40:15,990 --> 00:40:13,359
interesting because you're talking about

1155
00:40:17,910 --> 00:40:16,000
high performance that it's outperforming

1156
00:40:19,349 --> 00:40:17,920
a helicopter it's outperforming all

1157
00:40:21,190 --> 00:40:19,359
these types of things

1158
00:40:23,430 --> 00:40:21,200
i think that there's definitely

1159
00:40:25,589 --> 00:40:23,440
a lot of things still lingering there

1160
00:40:27,510 --> 00:40:25,599
yeah flight time i mean you know even if

1161
00:40:30,790 --> 00:40:27,520
we're talking a quadcopter like what the

1162
00:40:33,510 --> 00:40:30,800
heck kind of quadcopter is this

1163
00:40:34,790 --> 00:40:33,520

um so it's interesting it's interesting

1164

00:40:36,710 --> 00:40:34,800

uh

1165

00:40:38,390 --> 00:40:36,720

because it you know

1166

00:40:39,990 --> 00:40:38,400

knowing what i know that even though

1167

00:40:42,390 --> 00:40:40,000

it's it's written in a report that's

1168

00:40:44,390 --> 00:40:42,400

quad copter and you're seeing rhetoric

1169

00:40:47,030 --> 00:40:44,400

it doesn't necessarily mean there

1170

00:40:49,430 --> 00:40:47,040

it is i mean it's not easy to see things

1171

00:40:51,510 --> 00:40:49,440

uh in the air like especially when

1172

00:40:53,910 --> 00:40:51,520

they're small it's not easy to get

1173

00:40:55,349 --> 00:40:53,920

distinguishable features on something

1174

00:40:56,950 --> 00:40:55,359

uh you know

1175

00:40:58,470 --> 00:40:56,960

case in point it's not easy that's the

1176
00:41:00,790 --> 00:40:58,480
thing when people get it you know

1177
00:41:02,150 --> 00:41:00,800
frustrated well if their ufos existed

1178
00:41:03,589 --> 00:41:02,160
you know why don't we have any good

1179
00:41:05,349 --> 00:41:03,599
photos of them

1180
00:41:07,510 --> 00:41:05,359
i hear that a lot

1181
00:41:09,750 --> 00:41:07,520
and uh

1182
00:41:11,750 --> 00:41:09,760
we'll go out you know i challenge those

1183
00:41:13,349 --> 00:41:11,760
same people here everybody's got a cell

1184
00:41:16,550 --> 00:41:13,359
phone nowadays why don't we have any

1185
00:41:19,270 --> 00:41:16,560
other good videos or videos

1186
00:41:22,790 --> 00:41:19,280
go outside and try to film a commercial

1187
00:41:25,750 --> 00:41:22,800
airplane flying at 35 000 feet with your

1188
00:41:27,910 --> 00:41:25,760

iphone and tell me what that looks like

1189

00:41:30,390 --> 00:41:27,920

now try to do that at night time and

1190

00:41:31,510 --> 00:41:30,400

tell me what that looks like

1191

00:41:33,030 --> 00:41:31,520

and

1192

00:41:34,550 --> 00:41:33,040

that's just

1193

00:41:39,270 --> 00:41:34,560

now we're talking about an object that

1194

00:41:41,109 --> 00:41:39,280

is 350 feet in length with a wingspan of

1195

00:41:43,910 --> 00:41:41,119

300 feet so we're talking about a very

1196

00:41:45,670 --> 00:41:43,920

large object yeah and you're on that at

1197

00:41:48,710 --> 00:41:45,680

35 000 feet now if you're talking about

1198

00:41:50,470 --> 00:41:48,720

something smaller than that tell me what

1199

00:41:52,630 --> 00:41:50,480

that looks like and so

1200

00:41:54,630 --> 00:41:52,640

uh you know

1201
00:41:56,069 --> 00:41:54,640
something that small at great distances

1202
00:41:57,990 --> 00:41:56,079
or great speeds even when you're in the

1203
00:42:00,470 --> 00:41:58,000
air in the helicopter

1204
00:42:02,790 --> 00:42:00,480
i'm not certain that you could get a

1205
00:42:05,190 --> 00:42:02,800
really good clear image of what you're

1206
00:42:08,550 --> 00:42:05,200
looking at even even with the assistance

1207
00:42:10,470 --> 00:42:08,560
of something like fleeter so

1208
00:42:12,309 --> 00:42:10,480
i don't know i i'm i'm like everybody

1209
00:42:14,309 --> 00:42:12,319
else right now i'm kind of

1210
00:42:15,910 --> 00:42:14,319
tuning in because there's still some

1211
00:42:17,109 --> 00:42:15,920
unanswered questions because even if

1212
00:42:19,190 --> 00:42:17,119
it's going to be a drone well who the

1213
00:42:22,150 --> 00:42:19,200

heck is

1214

00:42:23,589 --> 00:42:22,160
who's thrown out there like that

1215

00:42:25,349 --> 00:42:23,599
no absolutely

1216

00:42:26,870 --> 00:42:25,359
and another case that i actually heard

1217

00:42:28,630 --> 00:42:26,880
you talking about the other night with

1218

00:42:30,230 --> 00:42:28,640
the guys at the unidentified celebrity

1219

00:42:31,510 --> 00:42:30,240
review and this is something i've tried

1220

00:42:32,470 --> 00:42:31,520
to look into

1221

00:42:36,710 --> 00:42:32,480
is the

1222

00:42:39,910 --> 00:42:36,720
mussolini ufo cases from 1930s where

1223

00:42:41,750 --> 00:42:39,920
you know he had the organization rs 33

1224

00:42:43,510 --> 00:42:41,760
looking into the subject apparently but

1225

00:42:45,430 --> 00:42:43,520
we've only really seen

1226

00:42:47,750 --> 00:42:45,440

three telegrams with regards to a

1227

00:42:48,470 --> 00:42:47,760

potential crash in milan

1228

00:42:50,230 --> 00:42:48,480

but

1229

00:42:51,349 --> 00:42:50,240

i heard you talking about it and it felt

1230

00:42:53,270 --> 00:42:51,359

like you had a little bit more

1231

00:42:54,950 --> 00:42:53,280

information or were aware of more

1232

00:42:56,230 --> 00:42:54,960

information

1233

00:42:58,790 --> 00:42:56,240

well i don't know if i'm aware of any

1234

00:43:00,630 --> 00:42:58,800

more information i i was made aware of

1235

00:43:02,710 --> 00:43:00,640

the case because i think i was asked

1236

00:43:05,270 --> 00:43:02,720

about the fact that i believe uh luis

1237

00:43:06,950 --> 00:43:05,280

elizondo mentioned it about this 1933

1238

00:43:09,910 --> 00:43:06,960

crash retrievals or something these

1239

00:43:11,510 --> 00:43:09,920

telegrams yeah and yes some i think i

1240

00:43:13,270 --> 00:43:11,520

was asking do you know what that's up

1241

00:43:14,870 --> 00:43:13,280

and i'm like actually i do

1242

00:43:16,550 --> 00:43:14,880

because i had just

1243

00:43:17,990 --> 00:43:16,560

come back from there and i had just

1244

00:43:20,710 --> 00:43:18,000

talked to the the people who were

1245

00:43:23,510 --> 00:43:20,720

organizing uh project titan and this

1246

00:43:26,390 --> 00:43:23,520

whole u.n push to to or try to push to

1247

00:43:28,790 --> 00:43:26,400

get san marino to propose a uap world

1248

00:43:30,309 --> 00:43:28,800

conference to the united nations and so

1249

00:43:32,630 --> 00:43:30,319

i had kind of gotten the clean

1250

00:43:34,550 --> 00:43:32,640

information uh it's not something i've

1251
00:43:36,710 --> 00:43:34,560
had an opportunity to dig really deep

1252
00:43:38,470 --> 00:43:36,720
into other than uh you know i believe

1253
00:43:40,150 --> 00:43:38,480
that uh the copies are like the

1254
00:43:42,790 --> 00:43:40,160
telegrams everything i got is probably

1255
00:43:45,750 --> 00:43:42,800
the same as what's out there publicly

1256
00:43:47,670 --> 00:43:45,760
uh it was interesting because

1257
00:43:49,589 --> 00:43:47,680
you know who was talking to me about it

1258
00:43:51,829 --> 00:43:49,599
were representatives

1259
00:43:53,829 --> 00:43:51,839
of the italian government and who were

1260
00:43:55,589 --> 00:43:53,839
interested in this aspect of it but

1261
00:43:57,430 --> 00:43:55,599
we're like you know this is stuff that's

1262
00:43:58,790 --> 00:43:57,440
been uncovered in archives and

1263
00:44:01,109 --> 00:43:58,800

everything here

1264

00:44:02,630 --> 00:44:01,119

uh in terms of like what happened to

1265

00:44:04,630 --> 00:44:02,640

whatever

1266

00:44:06,470 --> 00:44:04,640

if something crashed you know that

1267

00:44:08,710 --> 00:44:06,480

remains a mystery

1268

00:44:11,109 --> 00:44:08,720

uh so i mean that side of it is

1269

00:44:12,630 --> 00:44:11,119

interesting uh because these officials

1270

00:44:14,230 --> 00:44:12,640

seemingly should have been able to

1271

00:44:17,430 --> 00:44:14,240

figure out they seem they

1272

00:44:18,870 --> 00:44:17,440

should know if there's a uh if italy had

1273

00:44:21,430 --> 00:44:18,880

a crashed ufo

1274

00:44:23,589 --> 00:44:21,440

i think that uh it is something that

1275

00:44:25,750 --> 00:44:23,599

will probably look into

1276
00:44:27,589 --> 00:44:25,760
more in depth here in in the more near

1277
00:44:29,829 --> 00:44:27,599
future simply because i

1278
00:44:31,430 --> 00:44:29,839
i've gotten a good opportunity of not

1279
00:44:33,589 --> 00:44:31,440
living too far from italy and having

1280
00:44:35,910 --> 00:44:33,599
some good contacts there

1281
00:44:39,109 --> 00:44:35,920
and it presents an interesting kind of

1282
00:44:41,510 --> 00:44:39,119
conundrum to the idea of crash

1283
00:44:43,510 --> 00:44:41,520
retrievals or you know these objects

1284
00:44:45,349 --> 00:44:43,520
crash or just period that you recover

1285
00:44:47,430 --> 00:44:45,359
something tangible from it

1286
00:44:49,990 --> 00:44:47,440
because you know in one side i think

1287
00:44:52,470 --> 00:44:50,000
it's easy to say that the idea of

1288
00:44:55,589 --> 00:44:52,480

crashes and crash retrievals all stem

1289

00:44:58,550 --> 00:44:55,599

from roswell it's a giant

1290

00:44:59,750 --> 00:44:58,560

myth this is all just a huge myth

1291

00:45:02,069 --> 00:44:59,760

which as you see

1292

00:45:02,870 --> 00:45:02,079

you're talking about 1933 you're talking

1293

00:45:05,430 --> 00:45:02,880

about

1294

00:45:07,829 --> 00:45:05,440

uh before really this idea of quote

1295

00:45:10,470 --> 00:45:07,839

flying saucers had taken off it's not

1296

00:45:13,430 --> 00:45:10,480

you know this isn't in the zeitgeist and

1297

00:45:15,829 --> 00:45:13,440

so that makes it very interesting it

1298

00:45:18,630 --> 00:45:15,839

makes it interesting that it even in the

1299

00:45:20,550 --> 00:45:18,640

in 1933 it's being presented that way in

1300

00:45:22,150 --> 00:45:20,560

telegrams you know it would seemingly

1301
00:45:23,349 --> 00:45:22,160
this is before

1302
00:45:25,589 --> 00:45:23,359
uh

1303
00:45:28,790 --> 00:45:25,599
this kind of popular the roswell

1304
00:45:31,030 --> 00:45:28,800
popularity cross so i think see them you

1305
00:45:33,030 --> 00:45:31,040
know before the flying saucer popular i

1306
00:45:35,430 --> 00:45:33,040
mean we're talking about even before foo

1307
00:45:37,349 --> 00:45:35,440
fighters so this is really early on

1308
00:45:40,710 --> 00:45:37,359
so i think it's an interesting case and

1309
00:45:42,550 --> 00:45:40,720
uh it's unfortunate

1310
00:45:45,670 --> 00:45:42,560
like so many of these historical cases

1311
00:45:47,750 --> 00:45:45,680
because you run into this point where

1312
00:45:50,069 --> 00:45:47,760
for somebody like me you

1313
00:45:52,230 --> 00:45:50,079

you lack eyewitnesses because people you

1314

00:45:55,270 --> 00:45:52,240

know this is 80 years ago people have

1315

00:45:57,910 --> 00:45:55,280

passed away they're no longer living

1316

00:46:00,150 --> 00:45:57,920

and so you're like well what happened

1317

00:46:00,950 --> 00:46:00,160

to it you know what the heck happened

1318

00:46:03,510 --> 00:46:00,960

here

1319

00:46:06,710 --> 00:46:03,520

uh if you know whatever was covered even

1320

00:46:08,550 --> 00:46:06,720

if it was just some kind of spy blimp

1321

00:46:09,510 --> 00:46:08,560

from somebody from you know what what

1322

00:46:11,750 --> 00:46:09,520

happened

1323

00:46:13,270 --> 00:46:11,760

um and i don't know it's it's one of

1324

00:46:14,790 --> 00:46:13,280

those difficult ones that i don't know

1325

00:46:16,390 --> 00:46:14,800

if you can get that answer but i think

1326

00:46:19,109 --> 00:46:16,400

it's interesting that the fact that it's

1327

00:46:21,109 --> 00:46:19,119

even out there and given the time frame

1328

00:46:22,550 --> 00:46:21,119

yeah absolutely and then you mentioned

1329

00:46:24,309 --> 00:46:22,560

as well there project titan with san

1330

00:46:26,390 --> 00:46:24,319

marino i mean what are your thoughts on

1331

00:46:28,069 --> 00:46:26,400

that as a whole you know do you see it

1332

00:46:30,630 --> 00:46:28,079

um

1333

00:46:33,270 --> 00:46:30,640

becoming anything

1334

00:46:35,430 --> 00:46:33,280

um i well i think right now it's in the

1335

00:46:38,790 --> 00:46:35,440

hands of the san marino government and i

1336

00:46:41,270 --> 00:46:38,800

don't really have any any uh

1337

00:46:42,950 --> 00:46:41,280

indication elsewhere whether they're

1338

00:46:43,910 --> 00:46:42,960

going to pick it up and and take it

1339

00:46:45,510 --> 00:46:43,920

forward

1340

00:46:47,190 --> 00:46:45,520

um you know

1341

00:46:50,390 --> 00:46:47,200

part of i hope they do because i think

1342

00:46:52,950 --> 00:46:50,400

it's interesting to see the entire uap

1343

00:46:54,870 --> 00:46:52,960

topic enter more of a global discussion

1344

00:46:56,630 --> 00:46:54,880

because i think that it's so monopolized

1345

00:46:58,710 --> 00:46:56,640

by this discussion by the united states

1346

00:47:00,309 --> 00:46:58,720

and the united states united states um

1347

00:47:02,230 --> 00:47:00,319

you know it's u.s sacred technology

1348

00:47:03,910 --> 00:47:02,240

evidently the u.s doesn't give a [h__\h]

1349

00:47:05,910 --> 00:47:03,920

about anybody's airspace they just fly

1350

00:47:08,069 --> 00:47:05,920

everywhere and so

1351

00:47:09,589 --> 00:47:08,079

you know if it is only bound in the us

1352

00:47:12,150 --> 00:47:09,599

well then we can narrow it down it is

1353

00:47:13,990 --> 00:47:12,160

the u.s but that's not the case you know

1354

00:47:16,230 --> 00:47:14,000

people across the world see it

1355

00:47:17,510 --> 00:47:16,240

and so uh you know it would be nice

1356

00:47:19,589 --> 00:47:17,520

because they

1357

00:47:21,750 --> 00:47:19,599

living in europe i'm fortunate to have

1358

00:47:23,349 --> 00:47:21,760

the opportunity to talk to people

1359

00:47:25,510 --> 00:47:23,359

outside of the u.s and it's always

1360

00:47:27,990 --> 00:47:25,520

striking to to get some really great

1361

00:47:30,309 --> 00:47:28,000

stories that come from other places and

1362

00:47:31,109 --> 00:47:30,319

kind of see some consistency

1363

00:47:34,309 --> 00:47:31,119

uh

1364

00:47:35,270 --> 00:47:34,319

it's it's it's especially interesting to

1365

00:47:38,790 --> 00:47:35,280

to

1366

00:47:40,870 --> 00:47:38,800

that are aren't in english-speaking

1367

00:47:42,790 --> 00:47:40,880

countries and so they're seeing this

1368

00:47:43,670 --> 00:47:42,800

kind of consistency

1369

00:47:46,710 --> 00:47:43,680

uh

1370

00:47:48,390 --> 00:47:46,720

and so i think that they're accurately

1371

00:47:50,790 --> 00:47:48,400

saying in order to solve this it needs

1372

00:47:52,710 --> 00:47:50,800

to be a global type thing we've got to

1373

00:47:53,670 --> 00:47:52,720

be able to piece this data together

1374

00:47:56,069 --> 00:47:53,680

better

1375

00:47:58,549 --> 00:47:56,079

than than just what's going on now and

1376

00:47:59,829 --> 00:47:58,559

so i hope to see it uh come to fruition

1377

00:48:01,829 --> 00:47:59,839

i know

1378

00:48:04,069 --> 00:48:01,839

in in speaking you know to the

1379

00:48:06,549 --> 00:48:04,079

organizers um

1380

00:48:08,470 --> 00:48:06,559

in depth talking them considerably

1381

00:48:10,150 --> 00:48:08,480

it's something that's being done

1382

00:48:12,470 --> 00:48:10,160

very well it's very professionally

1383

00:48:14,309 --> 00:48:12,480

presented there it's very well

1384

00:48:16,470 --> 00:48:14,319

coordinated so it's not just this kind

1385

00:48:18,710 --> 00:48:16,480

of ad hoc like you know it's not one of

1386

00:48:20,630 --> 00:48:18,720

these where

1387

00:48:22,309 --> 00:48:20,640

people jump on and sign a petition and

1388

00:48:23,190 --> 00:48:22,319

everybody's going to storm area 51. you

1389

00:48:25,750 --> 00:48:23,200

know

1390

00:48:28,950 --> 00:48:25,760

facebook invite

1391

00:48:32,230 --> 00:48:28,960

it was it is being put forward

1392

00:48:34,230 --> 00:48:32,240

just like you would any other

1393

00:48:35,510 --> 00:48:34,240

issue you know the only thing that

1394

00:48:37,430 --> 00:48:35,520

people might think is weird about it is

1395

00:48:38,870 --> 00:48:37,440

that it involves ufos you know if they

1396

00:48:41,349 --> 00:48:38,880

were talking about world hunger climate

1397

00:48:42,950 --> 00:48:41,359

change like oh this is a no-brainer yeah

1398

00:48:46,069 --> 00:48:42,960

of course we need to do this

1399

00:48:48,390 --> 00:48:46,079

so uh i certainly hope that it goes

1400

00:48:51,030 --> 00:48:48,400

forward uh i think that the same kind of

1401
00:48:52,790 --> 00:48:51,040
group of individuals uh certainly aren't

1402
00:48:58,069 --> 00:48:52,800
limiting them

1403
00:49:00,470 --> 00:48:58,079
so i know there are some other

1404
00:49:02,150 --> 00:49:00,480
larger european organizations and

1405
00:49:04,630 --> 00:49:02,160
different kind of global organizations

1406
00:49:06,710 --> 00:49:04,640
that they're equally trying to get to

1407
00:49:08,950 --> 00:49:06,720
establish something that would formalize

1408
00:49:10,470 --> 00:49:08,960
this that would provide an opportunity

1409
00:49:12,870 --> 00:49:10,480
for people across the world to kind of

1410
00:49:14,230 --> 00:49:12,880
come together and solve this problem

1411
00:49:16,549 --> 00:49:14,240
uh again i think it's kind of the

1412
00:49:18,309 --> 00:49:16,559
extension of what i said earlier that i

1413
00:49:21,349 --> 00:49:18,319

really do think is important is this

1414

00:49:22,230 --> 00:49:21,359

more public-facing scientific approach

1415

00:49:25,109 --> 00:49:22,240

to it

1416

00:49:26,309 --> 00:49:25,119

rather than just all the governments you

1417

00:49:28,150 --> 00:49:26,319

know because

1418

00:49:31,510 --> 00:49:28,160

uh you know there's no doubt in my mind

1419

00:49:33,109 --> 00:49:31,520

if i i know for a fact the the u.s

1420

00:49:35,109 --> 00:49:33,119

side of things has

1421

00:49:36,950 --> 00:49:35,119

uh to an extent coordinate with allies

1422

00:49:39,030 --> 00:49:36,960

they have briefed they're especially

1423

00:49:42,069 --> 00:49:39,040

their closest allies like with the the

1424

00:49:44,230 --> 00:49:42,079

five eyes network so the uk canada

1425

00:49:45,990 --> 00:49:44,240

australia new zealand they have

1426

00:49:49,270 --> 00:49:46,000

discussed it with uh through some of

1427

00:49:53,510 --> 00:49:49,280

their uh east asian partners uh south

1428

00:49:58,309 --> 00:49:56,230

but this is not something again it's not

1429

00:50:01,109 --> 00:49:58,319

they don't show uh the five eyes

1430

00:50:03,270 --> 00:50:01,119

chatting on your local news station so

1431

00:50:04,470 --> 00:50:03,280

this is more of private conversation so

1432

00:50:06,630 --> 00:50:04,480

i think it would be

1433

00:50:09,430 --> 00:50:06,640

extremely nice to see

1434

00:50:12,390 --> 00:50:09,440

something in the the public uh format

1435

00:50:14,630 --> 00:50:12,400

for it and so i'm hopeful uh but it's

1436

00:50:16,630 --> 00:50:14,640

hard for me to predict what uh

1437

00:50:18,710 --> 00:50:16,640

the san marino officials will i hope

1438

00:50:20,950 --> 00:50:18,720

they do if they're if they're listening

1439

00:50:21,910 --> 00:50:20,960

you know i i told the organizers i think

1440

00:50:24,069 --> 00:50:21,920

that

1441

00:50:26,230 --> 00:50:24,079

san marino uh

1442

00:50:28,150 --> 00:50:26,240

is a little-known country landlocked in

1443

00:50:32,230 --> 00:50:28,160

italy that happens to be

1444

00:50:33,190 --> 00:50:32,240

uh the current still-running longest uh

1445

00:50:37,589 --> 00:50:33,200

nation

1446

00:50:39,190 --> 00:50:37,599

in the world and so

1447

00:50:40,870 --> 00:50:39,200

what better i'm sure there was a lot of

1448

00:50:43,109 --> 00:50:40,880

people that read that article who went

1449

00:50:45,030 --> 00:50:43,119

san marino where's that

1450

00:50:47,349 --> 00:50:45,040

guy i got fussed at initially because i

1451
00:50:49,910 --> 00:50:47,359
said in san marino italy like i thought

1452
00:50:51,990 --> 00:50:49,920
this was a city in italy no it's not

1453
00:50:54,630 --> 00:50:52,000
okay my bad and so you know i think that

1454
00:50:57,190 --> 00:50:54,640
there's potential for it as a government

1455
00:50:58,230 --> 00:50:57,200
to uh you know hosting something like a

1456
00:51:00,390 --> 00:50:58,240
world conference where they're talking

1457
00:51:02,630 --> 00:51:00,400
about will be very beneficial so it's

1458
00:51:04,309 --> 00:51:02,640
one of those interesting things where uh

1459
00:51:07,750 --> 00:51:04,319
even if they're not all on board with

1460
00:51:09,190 --> 00:51:07,760
the uap thing yet maybe just the idea of

1461
00:51:11,030 --> 00:51:09,200
being a hub

1462
00:51:12,230 --> 00:51:11,040
where this type of thing could go on

1463
00:51:14,549 --> 00:51:12,240

where you could have legitimate

1464

00:51:16,870 --> 00:51:14,559

researchers and people discuss this

1465

00:51:18,069 --> 00:51:16,880

in a global forum backed by the un they

1466

00:51:19,589 --> 00:51:18,079

go hey yeah

1467

00:51:21,109 --> 00:51:19,599

this is a good move

1468

00:51:23,030 --> 00:51:21,119

make some tourism dollars if nothing

1469

00:51:25,990 --> 00:51:23,040

else yeah i think that'd be great for

1470

00:51:27,270 --> 00:51:26,000

san marino specifically definitely but i

1471

00:51:29,349 --> 00:51:27,280

mean i think it's going to take time

1472

00:51:31,589 --> 00:51:29,359

personally because we've here in the uk

1473

00:51:33,349 --> 00:51:31,599

the conversation is certainly not public

1474

00:51:36,710 --> 00:51:33,359

whatsoever almost like

1475

00:51:38,470 --> 00:51:36,720

we're the the furthest behind it seems

1476

00:51:39,829 --> 00:51:38,480

you know i brought this up on twitter

1477

00:51:42,150 --> 00:51:39,839

the other day generated a lot of

1478

00:51:45,030 --> 00:51:42,160

attention it's absolutely true all right

1479

00:51:45,750 --> 00:51:45,040

yeah that uh that's true that in talking

1480

00:51:46,870 --> 00:51:45,760

to

1481

00:51:49,109 --> 00:51:46,880

uh

1482

00:51:50,549 --> 00:51:49,119

people you know officials inside

1483

00:51:52,230 --> 00:51:50,559

governments different governments so not

1484

00:51:53,510 --> 00:51:52,240

just the united states

1485

00:51:56,230 --> 00:51:53,520

um

1486

00:51:59,670 --> 00:51:56,240

who said man the uk is the biggest

1487

00:52:02,150 --> 00:51:59,680

blocker in this stuff like doesn't want

1488

00:52:04,950 --> 00:52:02,160

uh you know doesn't want it even

1489

00:52:06,230 --> 00:52:04,960

doesn't want us discussing it i mean not

1490

00:52:07,670 --> 00:52:06,240

only do they not want to discuss it and

1491

00:52:10,069 --> 00:52:07,680

i thought man that's so weird because it

1492

00:52:11,430 --> 00:52:10,079

was different countries universally

1493

00:52:13,829 --> 00:52:11,440

uh you know

1494

00:52:16,150 --> 00:52:13,839

down to the fact that um

1495

00:52:18,390 --> 00:52:16,160

you know i that there uh had been some

1496

00:52:20,790 --> 00:52:18,400

resistance to even assisting the uap

1497

00:52:21,750 --> 00:52:20,800

task force out of the government here

1498

00:52:23,349 --> 00:52:21,760

you know

1499

00:52:24,630 --> 00:52:23,359

which is really

1500

00:52:27,190 --> 00:52:24,640

interesting people are like what does

1501
00:52:28,870 --> 00:52:27,200
that mean i'm like i don't know i don't

1502
00:52:30,470 --> 00:52:28,880
i think that it's it's

1503
00:52:33,589 --> 00:52:30,480
interesting i've

1504
00:52:35,910 --> 00:52:33,599
asked some people that come from the the

1505
00:52:37,990 --> 00:52:35,920
uk intelligence side of things some

1506
00:52:39,270 --> 00:52:38,000
people who have and we've reported on

1507
00:52:41,430 --> 00:52:39,280
who have said

1508
00:52:43,430 --> 00:52:41,440
yeah no no

1509
00:52:45,750 --> 00:52:43,440
there were briefings by the uap task

1510
00:52:47,030 --> 00:52:45,760
force you know i attended three of them

1511
00:52:48,950 --> 00:52:47,040
you know i was like well what does your

1512
00:52:51,670 --> 00:52:48,960
colleagues think

1513
00:52:53,829 --> 00:52:51,680

they're kind of like yeah

1514

00:52:55,670 --> 00:52:53,839

yeah they were like i think this is very

1515

00:52:57,270 --> 00:52:55,680

very interesting like this is

1516

00:52:59,349 --> 00:52:57,280

fascinating like this is not something

1517

00:53:01,270 --> 00:52:59,359

that i was considering or thinking about

1518

00:53:03,270 --> 00:53:01,280

beforehand but but coming in this

1519

00:53:05,589 --> 00:53:03,280

fashion in such a formalized manner

1520

00:53:07,510 --> 00:53:05,599

suddenly i'm like what's going on here

1521

00:53:09,270 --> 00:53:07,520

and and but my colleagues are just like

1522

00:53:10,309 --> 00:53:09,280

eh whatever

1523

00:53:12,150 --> 00:53:10,319

so i don't

1524

00:53:14,390 --> 00:53:12,160

i don't really

1525

00:53:15,910 --> 00:53:14,400

i don't know what that means

1526

00:53:17,430 --> 00:53:15,920

other than uh

1527

00:53:19,750 --> 00:53:17,440

uh

1528

00:53:22,069 --> 00:53:19,760

cultural institutional just kind of

1529

00:53:24,069 --> 00:53:22,079

maybe goes back to that uh

1530

00:53:25,750 --> 00:53:24,079

um what i was saying is why the same

1531

00:53:27,589 --> 00:53:25,760

thing would happen in the hierarchy of

1532

00:53:30,470 --> 00:53:27,599

the united states where you're like man

1533

00:53:32,309 --> 00:53:30,480

maybe but like this is you know

1534

00:53:33,670 --> 00:53:32,319

not this is outside of my purview of

1535

00:53:35,750 --> 00:53:33,680

what i do

1536

00:53:37,670 --> 00:53:35,760

and you know i'm i'm focused on this and

1537

00:53:39,670 --> 00:53:37,680

there's these threats there's these real

1538

00:53:41,430 --> 00:53:39,680

world threats let's worry about that

1539

00:53:43,670 --> 00:53:41,440

i don't know it is it's inches it's

1540

00:53:45,109 --> 00:53:43,680

particularly interesting giving

1541

00:53:47,510 --> 00:53:45,119

how much it's being discussed in the

1542

00:53:49,670 --> 00:53:47,520

united states because uh

1543

00:53:52,230 --> 00:53:49,680

you know the uk and the united states

1544

00:53:54,150 --> 00:53:52,240

are very very very close and especially

1545

00:53:55,829 --> 00:53:54,160

in the intelligence community so there's

1546

00:53:58,230 --> 00:53:55,839

a lot of

1547

00:54:01,109 --> 00:53:58,240

liaison sharing and so you have people

1548

00:54:04,710 --> 00:54:01,119

out of uh like gchq

1549

00:54:06,710 --> 00:54:04,720

or mi5 or mi6 who you know they come

1550

00:54:09,430 --> 00:54:06,720

over and do stints in the united states

1551
00:54:11,510 --> 00:54:09,440
it's very very common for uh people from

1552
00:54:13,349 --> 00:54:11,520
gchq to come and spend two or three

1553
00:54:15,430 --> 00:54:13,359
years working in the nsa and likewise

1554
00:54:17,030 --> 00:54:15,440
somebody from the nsa going to gchq like

1555
00:54:18,950 --> 00:54:17,040
it's very

1556
00:54:21,109 --> 00:54:18,960
you know the uk and the us are really

1557
00:54:22,470 --> 00:54:21,119
the closest when it comes to especially

1558
00:54:25,750 --> 00:54:22,480
in intelligence

1559
00:54:27,589 --> 00:54:25,760
and so you not just you know

1560
00:54:29,349 --> 00:54:27,599
formal briefings so you're getting your

1561
00:54:30,870 --> 00:54:29,359
formal briefing but informally there's

1562
00:54:33,589 --> 00:54:30,880
no two countries that have better

1563
00:54:35,030 --> 00:54:33,599

informal ties that you would expect uh

1564

00:54:37,030 --> 00:54:35,040

people from either side to be sitting

1565

00:54:39,750 --> 00:54:37,040

around the water cooler saying hey man

1566

00:54:41,510 --> 00:54:39,760

you see 60 minutes last night did you uh

1567

00:54:43,829 --> 00:54:41,520

you know did you see this or that or did

1568

00:54:46,150 --> 00:54:43,839

you check out such and such on whatever

1569

00:54:47,829 --> 00:54:46,160

drive share folder what's going on

1570

00:54:49,990 --> 00:54:47,839

and um

1571

00:54:51,109 --> 00:54:50,000

it just seems like that's not

1572

00:54:53,750 --> 00:54:51,119

going on

1573

00:54:56,150 --> 00:54:53,760

but uh i will caveat all of that to

1574

00:55:00,390 --> 00:54:56,160

saying that uh

1575

00:55:03,430 --> 00:55:00,400

understandably i'm not privy to evenness

1576

00:55:06,789 --> 00:55:03,440

i'm privy to a very small fraction of of

1577

00:55:08,549 --> 00:55:06,799

anything remotely and so though that was

1578

00:55:09,750 --> 00:55:08,559

the impression given to me by several

1579

00:55:11,270 --> 00:55:09,760

people

1580

00:55:13,030 --> 00:55:11,280

that doesn't necessarily mean it's

1581

00:55:14,069 --> 00:55:13,040

completely accurate you know for all i

1582

00:55:15,349 --> 00:55:14,079

know

1583

00:55:17,829 --> 00:55:15,359

you

1584

00:55:19,990 --> 00:55:17,839

the u.s and uk like so many other issues

1585

00:55:22,390 --> 00:55:20,000

they may strap in like the three-legged

1586

00:55:24,710 --> 00:55:22,400

race and and they may be looking at uap

1587

00:55:27,270 --> 00:55:24,720

together hand-in-hand and it goes i

1588

00:55:29,589 --> 00:55:27,280

guess it goes back to uh

1589

00:55:31,510 --> 00:55:29,599

to what i said very early on is that

1590

00:55:34,309 --> 00:55:31,520

they are seriously investigating it and

1591

00:55:36,630 --> 00:55:34,319

so me saying man the ua uk doesn't seem

1592

00:55:38,069 --> 00:55:36,640

to care they may be very very intimately

1593

00:55:40,150 --> 00:55:38,079

involved and i'm unaware of that and

1594

00:55:41,349 --> 00:55:40,160

they just don't care what i think yeah

1595

00:55:43,829 --> 00:55:41,359

let them think what he wants i don't

1596

00:55:45,990 --> 00:55:43,839

care like i have a job to do i hope so i

1597

00:55:48,710 --> 00:55:46,000

do hope so because it's uh there are

1598

00:55:51,349 --> 00:55:48,720

such close ties there and i think um

1599

00:55:54,309 --> 00:55:51,359

in so many so many facets i think that

1600

00:55:56,069 --> 00:55:54,319

uh down to the fact that the uk would

1601
00:55:59,349 --> 00:55:56,079
would probably

1602
00:56:02,230 --> 00:55:59,359
uh and and probably has been able to

1603
00:56:04,069 --> 00:56:02,240
tell them that it's most that it's not

1604
00:56:05,910 --> 00:56:04,079
likely russian because their

1605
00:56:08,069 --> 00:56:05,920
intelligence in the russian sector is

1606
00:56:09,030 --> 00:56:08,079
you know they rely on that considerably

1607
00:56:11,670 --> 00:56:09,040
and so

1608
00:56:14,390 --> 00:56:11,680
i'd imagine that a minimum the you know

1609
00:56:16,789 --> 00:56:14,400
conversations beyond the even the people

1610
00:56:18,789 --> 00:56:16,799
that i've spoken to

1611
00:56:20,309 --> 00:56:18,799
that that part has probably gone on

1612
00:56:23,270 --> 00:56:20,319
because the uk has such a really good

1613
00:56:25,829 --> 00:56:23,280

pulse on russia and so it those when

1614

00:56:27,910 --> 00:56:25,839

they say that it's uh likely not russian

1615

00:56:30,789 --> 00:56:27,920

or chinese that's probably so there

1616

00:56:32,150 --> 00:56:30,799

probably is some more sharing yeah let's

1617

00:56:34,230 --> 00:56:32,160

hope so and i think it's just going to

1618

00:56:35,109 --> 00:56:34,240

be a bit of a patience and waiting game

1619

00:56:39,589 --> 00:56:35,119

so

1620

00:56:41,190 --> 00:56:39,599

yeah i think uh yeah yeah and and uh

1621

00:56:43,270 --> 00:56:41,200

you know ironically enough after i made

1622

00:56:45,349 --> 00:56:43,280

that tweet i didn't i didn't expect too

1623

00:56:47,670 --> 00:56:45,359

much attention but i actually got uh

1624

00:56:49,109 --> 00:56:47,680

some emails from from reporters that i

1625

00:56:50,390 --> 00:56:49,119

know that work in the uk they're like

1626

00:56:52,789 --> 00:56:50,400

hey let's let's jump on the phone and

1627

00:56:54,789 --> 00:56:52,799

chat because you know i saw what she

1628

00:56:55,829 --> 00:56:54,799

said and let's um you know maybe you can

1629

00:56:58,549 --> 00:56:55,839

help me out a little bit let's see if we

1630

00:57:00,230 --> 00:56:58,559

can figure out and so you know that i

1631

00:57:01,589 --> 00:57:00,240

think that's positive that you're going

1632

00:57:03,430 --> 00:57:01,599

to see that because oftentimes that's

1633

00:57:06,069 --> 00:57:03,440

where the media the power of a free

1634

00:57:07,750 --> 00:57:06,079

press comes in is they can kind of push

1635

00:57:10,829 --> 00:57:07,760

what the public is interested in or what

1636

00:57:13,829 --> 00:57:12,390

yeah

1637

00:57:15,030 --> 00:57:13,839

it's just frustrating because like you

1638

00:57:17,109 --> 00:57:15,040

said we

1639

00:57:18,630 --> 00:57:17,119

the uk we've always followed and hung on

1640

00:57:19,910 --> 00:57:18,640

the coattails of the us followed

1641

00:57:21,750 --> 00:57:19,920

everything they do and it just would

1642

00:57:22,950 --> 00:57:21,760

have been the natural progression for us

1643

00:57:25,670 --> 00:57:22,960

to follow in the

1644

00:57:27,109 --> 00:57:25,680

the discussion with about uap is

1645

00:57:29,349 --> 00:57:27,119

it's weird

1646

00:57:32,150 --> 00:57:29,359

it is weird i think i i said that in my

1647

00:57:33,750 --> 00:57:32,160

tweet i said i did you know the uk

1648

00:57:36,549 --> 00:57:33,760

um

1649

00:57:39,510 --> 00:57:36,559

went straight into the iraq war with the

1650

00:57:40,870 --> 00:57:39,520

united states which is people are still

1651
00:57:42,630 --> 00:57:40,880
wondering why we went to war there

1652
00:57:44,230 --> 00:57:42,640
people are still like i don't know i

1653
00:57:45,829 --> 00:57:44,240
still haven't figured it out

1654
00:57:47,829 --> 00:57:45,839
and even kind of defended the reasons

1655
00:57:50,309 --> 00:57:47,839
and you know the uk

1656
00:57:53,190 --> 00:57:50,319
has always been you know really

1657
00:57:54,710 --> 00:57:53,200
america's strongest ally there's great

1658
00:57:56,630 --> 00:57:54,720
teamwork there there's great camaraderie

1659
00:57:57,589 --> 00:57:56,640
a great partnership and so

1660
00:57:59,430 --> 00:57:57,599
um

1661
00:58:01,510 --> 00:57:59,440
you know that

1662
00:58:03,510 --> 00:58:01,520
in talking my tweet out loud just now

1663
00:58:06,470 --> 00:58:03,520

this interview it makes me think more

1664

00:58:07,750 --> 00:58:06,480

that there probably is more behind the

1665

00:58:09,829 --> 00:58:07,760

scenes

1666

00:58:11,670 --> 00:58:09,839

going on there probably is better

1667

00:58:13,670 --> 00:58:11,680

coordination just down to the fact that

1668

00:58:16,870 --> 00:58:13,680

it's kind of like

1669

00:58:18,789 --> 00:58:16,880

they're into something kooky that you're

1670

00:58:20,950 --> 00:58:18,799

not into but it's your best buddies

1671

00:58:23,190 --> 00:58:20,960

you're like all right you you know you

1672

00:58:24,710 --> 00:58:23,200

you want to start weaving bracelets all

1673

00:58:26,789 --> 00:58:24,720

right well show me what's going on and

1674

00:58:28,870 --> 00:58:26,799

so you know like you do it because it's

1675

00:58:31,349 --> 00:58:28,880

your best buddy and so i would think in

1676

00:58:33,270 --> 00:58:31,359

that regard there probably is and i

1677

00:58:36,630 --> 00:58:33,280

think especially if you have a uap

1678

00:58:38,950 --> 00:58:36,640

office and as things get more formalized

1679

00:58:40,630 --> 00:58:38,960

you kind of have to you know

1680

00:58:41,990 --> 00:58:40,640

and i mean the last thing that you want

1681

00:58:43,589 --> 00:58:42,000

and i think that

1682

00:58:45,910 --> 00:58:43,599

i've talked to a lot of people from the

1683

00:58:47,190 --> 00:58:45,920

ufo community who live in the uk and

1684

00:58:49,349 --> 00:58:47,200

they talk about a lot of the pressure

1685

00:58:50,950 --> 00:58:49,359

that they've put on political officials

1686

00:58:53,430 --> 00:58:50,960

on it i think that's a good thing

1687

00:58:55,109 --> 00:58:53,440

because i can tell you from from working

1688

00:58:57,430 --> 00:58:55,119

in a localized government aspect the

1689

00:59:00,230 --> 00:58:57,440

last thing that you want

1690

00:59:01,430 --> 00:59:00,240

is to be asked something by your elected

1691

00:59:03,750 --> 00:59:01,440

officials

1692

00:59:06,150 --> 00:59:03,760

that you don't have an answer to

1693

00:59:07,430 --> 00:59:06,160

so if you can get anybody to call down

1694

00:59:09,430 --> 00:59:07,440

to the ministry of defense and say what

1695

00:59:11,589 --> 00:59:09,440

is going on with this and everything

1696

00:59:13,910 --> 00:59:11,599

um the last thing that you wanted to

1697

00:59:16,309 --> 00:59:13,920

provide with an unsatisfactory answer

1698

00:59:18,710 --> 00:59:16,319

and so you know that that can have

1699

00:59:21,750 --> 00:59:18,720

impact because if nothing else it forces

1700

00:59:23,430 --> 00:59:21,760

them to have an answer for somebody

1701

00:59:25,109 --> 00:59:23,440

absolutely well listen tim we're just

1702

00:59:26,710 --> 00:59:25,119

about hit an hour now so before we

1703

00:59:28,230 --> 00:59:26,720

finish have you got anything you want to

1704

00:59:31,109 --> 00:59:28,240

discuss as far as what's coming up in

1705

00:59:32,789 --> 00:59:31,119

the future any plans or goals or aims

1706

00:59:35,030 --> 00:59:32,799

for the debrief

1707

00:59:37,670 --> 00:59:35,040

gosh there's a laundry list i've always

1708

00:59:39,270 --> 00:59:37,680

got so much going on that's my problem

1709

00:59:40,870 --> 00:59:39,280

there's not enough there's not enough

1710

00:59:43,349 --> 00:59:40,880

hours in the day

1711

00:59:44,950 --> 00:59:43,359

and uh i do have some some some

1712

00:59:47,190 --> 00:59:44,960

interesting

1713

00:59:49,589 --> 00:59:47,200

uap related stuff that's in the works

1714

00:59:51,030 --> 00:59:49,599

that uh hopefully we'll get out on paper

1715

00:59:52,710 --> 00:59:51,040

you know the definitely the goal is to

1716

00:59:54,549 --> 00:59:52,720

get it out there before the end of the

1717

00:59:56,870 --> 00:59:54,559

year a couple of things

1718

00:59:58,870 --> 00:59:56,880

um you know in terms of the debrief we

1719

01:00:00,870 --> 00:59:58,880

you know we are uh we're about to hit

1720

01:00:02,390 --> 01:00:00,880

our year one mark so we'll try and go

1721

01:00:04,230 --> 01:00:02,400

out with a bang try to get some some

1722

01:00:07,109 --> 01:00:04,240

great new stories get out there maybe

1723

01:00:09,349 --> 01:00:07,119

get some some other stuff uh some new

1724

01:00:10,870 --> 01:00:09,359

aspects of it um

1725

01:00:13,829 --> 01:00:10,880

as we just kind of continue to grow

1726

01:00:15,910 --> 01:00:13,839

we're kind of at that stage where we're

1727

01:00:18,710 --> 01:00:15,920

you know year two projection and i think

1728

01:00:19,829 --> 01:00:18,720

just making it to year one is oddly

1729

01:00:20,950 --> 01:00:19,839

enough sounds like an achievement

1730

01:00:22,150 --> 01:00:20,960

because you're like oh we did it and we

1731

01:00:23,190 --> 01:00:22,160

don't want to kill each other we don't

1732

01:00:25,510 --> 01:00:23,200

hate it and we don't want to throw our

1733

01:00:26,710 --> 01:00:25,520

hands up in fact we're still growing and

1734

01:00:27,670 --> 01:00:26,720

people seem to be enjoying what we're

1735

01:00:30,630 --> 01:00:27,680

doing

1736

01:00:32,630 --> 01:00:30,640

and so there's a lot of different things

1737

01:00:35,430 --> 01:00:32,640

that are in the works in terms of the

1738

01:00:37,589 --> 01:00:35,440

debrief collectively

1739

01:00:39,270 --> 01:00:37,599

to see year two and growth in different

1740

01:00:40,309 --> 01:00:39,280

aspects

1741

01:00:42,630 --> 01:00:40,319

i don't want to get into too much of

1742

01:00:44,789 --> 01:00:42,640

that just because some of it might not

1743

01:00:46,950 --> 01:00:44,799

come to into fruition in year two it'll

1744

01:00:48,870 --> 01:00:46,960

turn into like part four of devices i

1745

01:00:50,870 --> 01:00:48,880

know people like where the hell is that

1746

01:00:52,630 --> 01:00:50,880

thing you promised but there are some

1747

01:00:54,150 --> 01:00:52,640

certainly some things and in our and i'm

1748

01:00:57,030 --> 01:00:54,160

very very fortunate to be surrounded by

1749

01:00:58,789 --> 01:00:57,040

some great people uh that that put in

1750

01:00:59,829 --> 01:00:58,799

really great work and have great ideas

1751
01:01:01,349 --> 01:00:59,839
and so

1752
01:01:03,190 --> 01:01:01,359
uh you know

1753
01:01:04,870 --> 01:01:03,200
me i might be like no i just wanna hang

1754
01:01:06,630 --> 01:01:04,880
out why don't we gotta keep doing this

1755
01:01:08,870 --> 01:01:06,640
but they they push and they say now

1756
01:01:10,069 --> 01:01:08,880
let's do this let's do that and so we'll

1757
01:01:12,069 --> 01:01:10,079
definitely be some great things coming

1758
01:01:14,549 --> 01:01:12,079
there i would say uh you know

1759
01:01:15,910 --> 01:01:14,559
hopefully october november

1760
01:01:18,069 --> 01:01:15,920
uh

1761
01:01:20,309 --> 01:01:18,079
first of december we'll try to have some

1762
01:01:22,630 --> 01:01:20,319
big some big stuff coming out some new

1763
01:01:23,910 --> 01:01:22,640

stories that's usually my target anyway

1764

01:01:25,190 --> 01:01:23,920

people get frustrated i usually take the

1765

01:01:27,910 --> 01:01:25,200

summers off

1766

01:01:29,990 --> 01:01:27,920

i'm i'm i'm like a reverse bear in

1767

01:01:32,230 --> 01:01:30,000

hibernating i haven't had this

1768

01:01:34,309 --> 01:01:32,240

get more active in the winter months

1769

01:01:36,710 --> 01:01:34,319

ah that's great well listen thank you so

1770

01:01:38,789 --> 01:01:36,720

much for joining us and doing this dual

1771

01:01:40,549 --> 01:01:38,799

live stream i just want to give a shout

1772

01:01:42,710 --> 01:01:40,559

out to everyone as well that's watching

1773

01:01:44,150 --> 01:01:42,720

and probably been asking questions i

1774

01:01:45,910 --> 01:01:44,160

just haven't been able to pay attention

1775

01:01:48,230 --> 01:01:45,920

so i i apologize for that but i hope

1776

01:01:50,309 --> 01:01:48,240

you've enjoyed it and um yeah tim stay

1777

01:01:52,870 --> 01:01:50,319

in touch it'd be great to communicate

1778

01:01:55,829 --> 01:01:52,880

and um everybody go and check out the

1779

01:01:57,029 --> 01:01:55,839

debrief is it thedebrief.com

1780

01:01:59,990 --> 01:01:57,039

dot org

1781

01:02:02,710 --> 01:02:00,000

debrief.org yep yeah

1782

01:02:04,470 --> 01:02:02,720

yep and i appreciate it man anymore

1783

01:02:07,750 --> 01:02:04,480

hey take care thank you everyone and
