he knew

8
00:00:53,590 --> 00:00:51,840

this was happening so

9
00:00:55,270 --> 00:00:53,600

yeah apologies to everyone i'm just

10
00:00:58,709 --> 00:00:55,280

michael od i see you

16

00:01:16,630 --> 00:01:14,159

neil existential minds

17

00:01:18,950 --> 00:01:16,640

my boy dan the signal good to see you

18

00:01:20,630 --> 00:01:18,960

here guys where's the new earphones well

19

00:01:22,710 --> 00:01:20,640

listen i had my new earphones in but

20

00:01:24,230 --> 00:01:22,720

i've got no sound to kind of tell me if

21

00:01:25,510 --> 00:01:24,240

they're working or not

22

00:01:27,510 --> 00:01:25,520

so

23

00:01:28,469 --> 00:01:27,520

they're here i might connect

24

00:01:30,630 --> 00:01:28,479

um

25

00:01:32,390 --> 00:01:30,640

yeah sorry guys

26

00:01:33,830 --> 00:01:32,400

like i said um

27

00:01:35,830 --> 00:01:33,840

victor knew this was happening we've

28

00:01:38,390 --> 00:01:35,840

been emailing the last few days

29

00:01:39,910 --> 00:01:38,400

i'm just gonna double check my emails

30

00:01:42,389 --> 00:01:39,920

to make sure victor's not sent me

31

00:01:43,109 --> 00:01:42,399

anything to say he can't join

32

00:01:47,590 --> 00:01:43,119

so

33

00:01:51,030 --> 00:01:47,600

get there it's all good if not

34

00:01:52,550 --> 00:01:51,040

you know these things happen um

35

00:01:53,670 --> 00:01:52,560

yeah boy

36

00:01:54,950 --> 00:01:53,680

these things happen this is the first

37

00:01:57,350 --> 00:01:54,960

time this has actually ever happened to

38

00:01:59,749 --> 00:01:57,360

me where i think where nobody's

39

00:02:02,389 --> 00:01:59,759

joined me on time so it was inevitable i

40

00:02:05,190 --> 00:02:02,399

think i'm on like interview number 39 in

41

00:02:07,190 --> 00:02:05,200

three and a half months so you know it's

42

00:02:09,830 --> 00:02:07,200

all good it's all good

43

00:02:12,309 --> 00:02:09,840

um

44

00:02:14,470 --> 00:02:12,319

yeah get andy haha get andy andy's at

45

00:02:15,670 --> 00:02:14,480

work at the moment um obviously i don't

46

00:02:19,110 --> 00:02:15,680

know for anyone that's heard andy's

47

00:02:20,869 --> 00:02:19,120

dropping the 40 minute video in about

48

00:02:23,110 --> 00:02:20,879

just over an hour

49

00:02:24,550 --> 00:02:23,120

um i've just come off of an instagram

50

00:02:27,030 --> 00:02:24,560

live with louise jimenez from the

51
00:02:29,589 --> 00:02:27,040
unidentified celebrity review and graham

52
00:02:32,390 --> 00:02:29,599
rendell that was fun

53
00:02:34,830 --> 00:02:32,400
and here we are guys so yeah nothing

54
00:02:38,150 --> 00:02:34,840
back from victor yet

55
00:02:40,070 --> 00:02:38,160
so i've he's got the link we'll see if

56
00:02:42,229 --> 00:02:40,080
he pops in or not

57
00:02:43,910 --> 00:02:42,239
if not i don't know

58
00:02:45,830 --> 00:02:43,920
do you know what i can always pop the

59
00:02:48,390 --> 00:02:45,840
link in if any of you guys want to jump

60
00:02:49,509 --> 00:02:48,400
on maybe we can do that

61
00:02:51,509 --> 00:02:49,519
but we'll see we'll give him a couple of

62
00:02:53,030 --> 00:02:51,519
minutes but if anyone just wants to chat

63
00:02:55,990 --> 00:02:53,040

or anything in the comments any

64

00:03:00,949 --> 00:02:58,470

uh nyu ap says he's releasing the video

65

00:03:03,750 --> 00:03:00,959

have you seen it vinnie

66

00:03:06,229 --> 00:03:03,760

i have seen it yes mike lodi i've seen

67

00:03:07,509 --> 00:03:06,239

it we've been working on this or andy's

68

00:03:10,470 --> 00:03:07,519

been working on this behind the scenes

69

00:03:11,990 --> 00:03:10,480

for months now um yeah i've been lucky

70

00:03:13,430 --> 00:03:12,000

enough to see the video

71

00:03:15,430 --> 00:03:13,440

it's going to be very interesting to see

72

00:03:18,630 --> 00:03:15,440

what happens when it's released

73

00:03:21,190 --> 00:03:18,640

we need a lot of analysis doing by

74

00:03:22,710 --> 00:03:21,200

independent scientists and things like

75

00:03:25,750 --> 00:03:22,720

that

76

00:03:27,110 --> 00:03:25,760

so yeah it's gonna be interesting it's a

77

00:03:28,470 --> 00:03:27,120

good video

78

00:03:30,789 --> 00:03:28,480

definitely

79

00:03:32,949 --> 00:03:30,799

um i'm just gonna turn off some settings

80

00:03:40,390 --> 00:03:32,959

on my phone

81

00:03:40,400 --> 00:03:43,190

yeah

82

00:04:00,550 --> 00:03:45,430

i

83

00:04:02,470 --> 00:04:00,560

um

84

00:04:04,630 --> 00:04:02,480

signal vinnie is it true that the video

85

00:04:06,789 --> 00:04:04,640

is of susan goff taking her lunch break

86

00:04:09,030 --> 00:04:06,799

in a saucer

87

00:04:10,550 --> 00:04:09,040

he spoiled it man

88

00:04:12,470 --> 00:04:10,560

it's not a saucer though i think it's an

89

00:04:14,149 --> 00:04:12,480

ice cream truck or something like that

90

00:04:16,229 --> 00:04:14,159

you know it's that same thing that she

91

00:04:18,229 --> 00:04:16,239

parks up outside people's houses i think

92

00:04:21,210 --> 00:04:18,239

john greenwald is a good person to ask

93

00:04:26,230 --> 00:04:23,670

[Laughter]

94

00:04:28,469 --> 00:04:26,240

oh man

95

00:04:30,150 --> 00:04:28,479

victor you're killing me i was really

96

00:04:31,830 --> 00:04:30,160

looking forward to this one as well i

97

00:04:34,469 --> 00:04:31,840

hope he uh

98

00:04:36,550 --> 00:04:34,479

i hope he joins us

99

00:04:38,070 --> 00:04:36,560

no no problem if he doesn't i just it's

100

00:04:39,189 --> 00:04:38,080

for you guys i feel

101
00:04:42,150 --> 00:04:39,199

sorry for

102
00:04:45,030 --> 00:04:42,160

um

103
00:04:46,310 --> 00:04:45,040

might have to come and save me though

104
00:04:48,070 --> 00:04:46,320

let's

105
00:04:49,350 --> 00:04:48,080

see

106
00:04:53,430 --> 00:04:49,360

okay

107
00:04:56,550 --> 00:04:53,440
signal dan are you able to jump on

108
00:04:58,150 --> 00:04:56,560
and fill in for an electric conversation

109
00:05:00,469 --> 00:04:58,160
dan if you can

110
00:05:01,590 --> 00:05:00,479
let me know and i will

111
00:05:04,230 --> 00:05:01,600
send you

112
00:05:06,150 --> 00:05:04,240
the stream yard link

113
00:05:08,469 --> 00:05:06,160

um if not i'll have to cut the feed

114

00:05:13,430 --> 00:05:08,479

because i can't really talk

115

00:05:17,270 --> 00:05:14,950

right you know what i'm gonna paste the

116

00:05:19,909 --> 00:05:17,280

link the stream yard link in

117

00:05:21,749 --> 00:05:19,919

the live chat i'm gonna in like everyone

118

00:05:22,790 --> 00:05:21,759

can obviously try and join but i'm gonna

119

00:05:24,469 --> 00:05:22,800

invite

120

00:05:26,150 --> 00:05:24,479

signal khan

121

00:05:29,270 --> 00:05:26,160

louise jimenez

122

00:05:31,670 --> 00:05:29,280

if you want to jump on you can

123

00:05:34,469 --> 00:05:31,680

can you guys talk about tricksters

124

00:05:37,749 --> 00:05:35,909

i don't know about tricksters that's

125

00:05:44,870 --> 00:05:37,759

more of like a skinwalker type thing if

126

00:05:48,550 --> 00:05:46,710

i've just had a great conversation with

127

00:05:51,350 --> 00:05:48,560

luis over on instagram which i've just

128

00:05:53,430 --> 00:05:51,360

posted as well

129

00:05:56,950 --> 00:05:53,440

have chrissy ping him yeah that's a good

130

00:06:01,029 --> 00:05:56,960

idea guys i'm so sorry this is happening

131

00:06:01,039 --> 00:06:04,950

she's live right now

132

00:06:04,960 --> 00:06:18,230

bear with me guys

133

00:06:23,110 --> 00:06:20,629

ah yeah i knew this was gonna happen one

134

00:06:25,510 --> 00:06:23,120

day so it's okay

135

00:06:27,430 --> 00:06:25,520

i ain't gonna get mad it's all good is

136

00:06:30,070 --> 00:06:27,440

instagram back online

137

00:06:31,510 --> 00:06:30,080

uh it is back online you were hoping it

138

00:06:38,550 --> 00:06:31,520

was done for good

139

00:06:42,950 --> 00:06:40,950

right uh

140

00:06:44,870 --> 00:06:42,960

i have just posted the stream yard in

141

00:06:46,550 --> 00:06:44,880

the link louise

142

00:06:48,710 --> 00:06:46,560

if you have got time to jump on that

143

00:06:51,510 --> 00:06:48,720

would be great

144

00:06:53,990 --> 00:06:51,520

um we'll do like

145

00:06:57,029 --> 00:06:54,000

five ten minutes if if it doesn't show

146

00:06:58,629 --> 00:06:57,039

then i apologize um

147

00:07:00,309 --> 00:06:58,639

it is what it is you know you arrange

148

00:07:02,230 --> 00:07:00,319

these things and

149

00:07:04,230 --> 00:07:02,240

i'm sure life gets in the way or

150

00:07:07,029 --> 00:07:04,240

whatever reason and i'm not going to be

151
00:07:09,029 --> 00:07:07,039
angry or upset with victor

152
00:07:12,309 --> 00:07:09,039
so um

153
00:07:16,790 --> 00:07:14,469
alan kirk hello what type of video are

154
00:07:18,550 --> 00:07:16,800
we expecting to see

155
00:07:21,350 --> 00:07:18,560
it is a

156
00:07:24,629 --> 00:07:21,360
a uap it's a it's a flair video 40

157
00:07:24,639 --> 00:07:28,309
just wait and see people will

158
00:07:31,189 --> 00:07:29,589
people will make their own minds up when

159
00:07:33,350 --> 00:07:31,199
they see it some people will love it

160
00:07:34,950 --> 00:07:33,360
some people will hate it it's the same

161
00:07:36,550 --> 00:07:34,960
that we've always get you know someone's

162
00:07:38,070 --> 00:07:36,560
always got an opinion

163
00:07:40,230 --> 00:07:38,080

so

164

00:07:42,710 --> 00:07:40,240

christian he is live on messenger okay

165

00:07:47,029 --> 00:07:42,720

that's good

166

00:07:50,790 --> 00:07:49,110

i've only communicated with victor

167

00:07:52,710 --> 00:07:50,800

through email so

168

00:07:54,629 --> 00:07:52,720

you know we've had quite a few back and

169

00:07:56,550 --> 00:07:54,639

forth in the last couple of days

170

00:07:58,230 --> 00:07:56,560

you know i asked him to join me early so

171

00:07:59,990 --> 00:07:58,240

we can check settings and things like

172

00:08:01,990 --> 00:08:00,000

that

173

00:08:04,629 --> 00:08:02,000

uh christian if you're able to send him

174

00:08:06,070 --> 00:08:04,639

a message on messenger for me i'm not on

175

00:08:07,270 --> 00:08:06,080

i mean i'm on messenger but i don't have

176

00:08:08,710 --> 00:08:07,280

victor on it

177

00:08:10,150 --> 00:08:08,720

if you can say

178

00:08:12,469 --> 00:08:10,160

something that'd be great if not don't

179

00:08:15,189 --> 00:08:12,479

worry

180

00:08:16,950 --> 00:08:15,199

i i'm up for questions if anybody in

181

00:08:19,510 --> 00:08:16,960

this uh

182

00:08:23,110 --> 00:08:19,520

yeah open yourself up for questions self

183

00:08:25,350 --> 00:08:23,120

184

00:08:27,510 --> 00:08:25,360

uh what country is this video from it's

186

00:08:31,670 --> 00:08:29,680

always lara i hope he's able to join i

189

00:08:38,870 --> 00:08:36,479

hope so too um i i've been wanting to

190

00:08:40,630 --> 00:08:38,880

speak to victor for some time if not we

191

00:08:43,589 --> 00:08:40,640

can reschedule and do it another time

192

00:08:44,630 --> 00:08:43,599

it's all good that is all good it's not

193

00:08:46,150 --> 00:08:44,640

a problem

194

00:08:47,430 --> 00:08:46,160

i'm hoping that it's just some technical

195

00:08:52,870 --> 00:08:47,440

issue hey

196

00:08:55,670 --> 00:08:54,389

get my stuff together here what's

197

00:08:57,750 --> 00:08:55,680

happening

198

00:08:59,990 --> 00:08:57,760

you brother for jumping in man i don't

199

00:09:02,870 --> 00:09:00,000

sweat dude no sweat i popped in i was

200

00:09:04,150 --> 00:09:02,880

like oh what happened big victory

201
00:09:05,590 --> 00:09:04,160
that happens

202
00:09:07,829 --> 00:09:05,600
it's the first time it's happened and

203
00:09:10,150 --> 00:09:07,839
you know what it's nearly 40 videos and

204
00:09:12,310 --> 00:09:10,160
it's never happened so it's pretty rare

205
00:09:13,750 --> 00:09:12,320
but it does happen sometimes people just

206
00:09:15,430 --> 00:09:13,760
need to forget or something crazy

207
00:09:17,269 --> 00:09:15,440
happens or

208
00:09:18,790 --> 00:09:17,279
it is what it is you gotta get control

209
00:09:20,310 --> 00:09:18,800
over it

210
00:09:22,470 --> 00:09:20,320
so listen we just had about a half an

211
00:09:24,870 --> 00:09:22,480
hour chat for the last half an hour

212
00:09:26,710 --> 00:09:24,880
before it jumps in maybe we should go

213
00:09:27,670 --> 00:09:26,720

over a couple of those points let's talk

214

00:09:31,430 --> 00:09:27,680

about

215

00:09:33,269 --> 00:09:31,440

um hr 4350 and s2610 because they've

216

00:09:34,870 --> 00:09:33,279

been moving along quite rapidly at the

217

00:09:36,470 --> 00:09:34,880

moment yeah well it looks like they're

218

00:09:38,310 --> 00:09:36,480

going to get signed into law

219

00:09:39,910 --> 00:09:38,320

so it does yeah

220

00:09:43,269 --> 00:09:39,920

they've been approved in both the house

221

00:09:45,430 --> 00:09:43,279

and the senate and so now it's just

222

00:09:47,190 --> 00:09:45,440

waiting on the

223

00:09:48,310 --> 00:09:47,200

you know make i i don't think between

224

00:09:51,030 --> 00:09:48,320

now and then you're going to get any

225

00:09:53,190 --> 00:09:51,040

lawmakers that stand up and go no

226
00:09:54,389 --> 00:09:53,200
you know um

227
00:09:56,470 --> 00:09:54,399
it it

228
00:09:57,750 --> 00:09:56,480
nobody's brought it up yet

229
00:09:59,990 --> 00:09:57,760
other than to talk about it in a

230
00:10:03,829 --> 00:10:00,000
positive way so yeah i think i think

231
00:10:05,750 --> 00:10:03,839
it'll be law come january 1st 2022 so is

232
00:10:07,590 --> 00:10:05,760
that is that the time scale

233
00:10:08,870 --> 00:10:07,600
i'm not too familiar with us politics

234
00:10:11,350 --> 00:10:08,880
and when these

235
00:10:13,990 --> 00:10:11,360
authorizations get so it's just like the

236
00:10:16,069 --> 00:10:14,000
last uh the thing that gave us the june

237
00:10:17,750 --> 00:10:16,079
report when the president signed it on

238
00:10:18,710 --> 00:10:17,760

the last day of the year and then

239

00:10:21,750 --> 00:10:18,720

effective

240

00:10:24,150 --> 00:10:21,760

january 1st is when the countdown begun

241

00:10:25,750 --> 00:10:24,160

it because all new laws are usually

242

00:10:27,990 --> 00:10:25,760

that's the way they're done

243

00:10:29,190 --> 00:10:28,000

and it makes sense

244

00:10:31,350 --> 00:10:29,200

yeah it makes sense that it will get

245

00:10:32,470 --> 00:10:31,360

signed in because we've seen bills get

246

00:10:34,230 --> 00:10:32,480

past whether

247

00:10:36,230 --> 00:10:34,240

the figures are really close on both

248

00:10:38,949 --> 00:10:36,240

sides and this one is

249

00:10:41,670 --> 00:10:38,959

it's a lot more in favor

250

00:10:44,870 --> 00:10:41,680

across the board on both sides well

251
00:10:47,190 --> 00:10:44,880
they're both massive bills um i believe

252
00:10:48,870 --> 00:10:47,200
even i mean 43.50 if i'm not mistake i

253
00:10:50,389 --> 00:10:48,880
could be mixing them up but they're

254
00:10:54,630 --> 00:10:50,399
they're massive

255
00:10:56,230 --> 00:10:54,640
um and so they're both defense bills

256
00:10:58,550 --> 00:10:56,240
so like jazz was saying on the show a

257
00:11:01,509 --> 00:10:58,560
couple weeks ago you're not gonna get a

258
00:11:03,590 --> 00:11:01,519
lot of lawmakers that stand up and go uh

259
00:11:06,310 --> 00:11:03,600
i wanna talk about this spending here in

260
00:11:08,069 --> 00:11:06,320
the defense budget because it could be

261
00:11:09,990 --> 00:11:08,079
politicized and turned around on that

262
00:11:12,150 --> 00:11:10,000
person as oh well they don't support the

263
00:11:13,590 --> 00:11:12,160

military why are they trying to slash

264

00:11:14,550 --> 00:11:13,600

military budget

265

00:11:15,990 --> 00:11:14,560

um

266

00:11:18,069 --> 00:11:16,000

so i don't think you're going to get a

267

00:11:19,269 --> 00:11:18,079

lawmaker that's going to fight this

268

00:11:21,030 --> 00:11:19,279

because

269

00:11:23,670 --> 00:11:21,040

i don't think a big part of this new

270

00:11:27,110 --> 00:11:23,680

fiscal budget is going to go

271

00:11:29,829 --> 00:11:27,120

to the new uap office

272

00:11:31,190 --> 00:11:29,839

but god i that's what i'm curious about

273

00:11:34,150 --> 00:11:31,200

how many dollars are going to be

274

00:11:35,990 --> 00:11:34,160

allocated to you to in the next four

275

00:11:37,509 --> 00:11:36,000

years to this office because i'm hoping

276

00:11:39,110 --> 00:11:37,519

it's in the billion

277

00:11:40,230 --> 00:11:39,120

numbers it's got to be more than 22

278

00:11:44,710 --> 00:11:40,240

million

279

00:11:47,269 --> 00:11:44,720

that's for sure i'm hoping we get

280

00:11:49,430 --> 00:11:47,279

somewhere in the 100 million to maybe

281

00:11:52,710 --> 00:11:49,440

even billion i don't think a billion

282

00:11:54,389 --> 00:11:52,720

will be that's just crazy um

283

00:11:56,389 --> 00:11:54,399

but i mean it's got to be fun for four

284

00:11:57,829 --> 00:11:56,399

years so it's it's i'm curious to see

285

00:11:59,670 --> 00:11:57,839

how big the office is going to be how

286

00:12:01,350 --> 00:11:59,680

many people will be within the office

287

00:12:03,590 --> 00:12:01,360

how many departments will be within that

288

00:12:05,509 --> 00:12:03,600

office it's it's all that stuff gets

289

00:12:07,350 --> 00:12:05,519

worked out next year definitely so the

290

00:12:11,110 --> 00:12:07,360

thing is we've got both running parallel

291

00:12:14,069 --> 00:12:11,120

at the moment with s 26 10 hr 4350 one

292

00:12:15,670 --> 00:12:14,079

is every 90 days and one is every year

293

00:12:16,949 --> 00:12:15,680

reporting do you think it's a preference

294

00:12:18,949 --> 00:12:16,959

either way

295

00:12:21,110 --> 00:12:18,959

um i

296

00:12:23,110 --> 00:12:21,120

don't know if there's a preference if i

297

00:12:25,829 --> 00:12:23,120

had a preference i'd say i'd love to get

298

00:12:28,230 --> 00:12:25,839

one every every quarter so four every

299

00:12:30,470 --> 00:12:28,240

year and then one big report at the end

300

00:12:33,030 --> 00:12:30,480

of the year would be ideal so you get

301
00:12:34,150 --> 00:12:33,040
five reports that would be my perfect

302
00:12:36,150 --> 00:12:34,160
scenario

303
00:12:38,069 --> 00:12:36,160
and then so that way congress and the

304
00:12:40,389 --> 00:12:38,079
senate are getting briefed five times a

305
00:12:42,550 --> 00:12:40,399
year on this topic yeah listen louise

306
00:12:44,230 --> 00:12:42,560
i'm sorry to cut you off victor come in

307
00:12:45,829 --> 00:12:44,240
victor has come in

308
00:12:47,829 --> 00:12:45,839
listen you're welcome to stay if you

309
00:12:49,430 --> 00:12:47,839
want to my friend no no no no no i'm not

310
00:12:50,629 --> 00:12:49,440
going to crash this show man i just came

311
00:12:54,230 --> 00:12:50,639
in to help

312
00:12:54,240 --> 00:13:01,990
[Laughter]

313
00:13:08,389 --> 00:13:04,230

i tell you what i think you have my

314

00:13:10,710 --> 00:13:08,399

favorite last name maybe ever vigiani

315

00:13:12,150 --> 00:13:10,720

yes fijiani

316

00:13:14,230 --> 00:13:12,160

it feels like a name that doesn't take

317

00:13:16,069 --> 00:13:14,240

any bs

318

00:13:18,150 --> 00:13:16,079

you got that you got that one right

319

00:13:19,750 --> 00:13:18,160

louis exactly exactly all right well i'm

320

00:13:21,829 --> 00:13:19,760

going to let you guys get into it thanks

321

00:13:23,509 --> 00:13:21,839

a lot we'll talk soon yeah please let's

322

00:13:25,430 --> 00:13:23,519

have you on i can't wait to talk to you

323

00:13:26,790 --> 00:13:25,440

okay take care out louise later thank

324

00:13:28,870 --> 00:13:26,800

you so much

325

00:13:31,590 --> 00:13:28,880

bye man nothing but love for you thank

326

00:13:33,350 --> 00:13:31,600

you man peace

327

00:13:36,790 --> 00:13:33,360

victor how are you man sorry about that

328

00:13:38,230 --> 00:13:36,800

vinnie i bet i tried i tried uh

329

00:13:40,310 --> 00:13:38,240

linking on with the streaming art and

330

00:13:42,069 --> 00:13:40,320

then realized that uh it doesn't work

331

00:13:43,350 --> 00:13:42,079

with safari so here's me trying over and

332

00:13:45,269 --> 00:13:43,360

over again

333

00:13:47,110 --> 00:13:45,279

and then i realized that i think i did

334

00:13:49,910 --> 00:13:47,120

this maybe a couple of months ago with

335

00:13:50,790 --> 00:13:49,920

somebody else and i said i think

336

00:13:53,670 --> 00:13:50,800

only

337

00:13:55,430 --> 00:13:53,680

chrome supports stream yards so then and

338

00:13:56,870 --> 00:13:55,440

then chrissy calls me and said victor

339

00:13:58,069 --> 00:13:56,880

you're supposed to be home with vinnie

340

00:14:00,069 --> 00:13:58,079

so

341

00:14:02,949 --> 00:14:00,079

do you know what i i hold my hands up i

342

00:14:04,629 --> 00:14:02,959

should probably put that in

343

00:14:06,710 --> 00:14:04,639

in the emails and stuff because it is a

344

00:14:08,710 --> 00:14:06,720

known thing so i'll take i'll take a

345

00:14:11,509 --> 00:14:08,720

blame for that that's okay not a problem

346

00:14:12,710 --> 00:14:11,519

at all no i was ready to do it and

347

00:14:14,310 --> 00:14:12,720

i'm just thankful that you're here

348

00:14:16,310 --> 00:14:14,320

finally yeah for sure

349

00:14:18,949 --> 00:14:16,320

how are you man are you okay i'm just

350

00:14:20,629 --> 00:14:18,959

fine yeah for sure good good i know a

351

00:14:23,269 --> 00:14:20,639

lot of people are excited to hear from

352

00:14:24,949 --> 00:14:23,279

you today so again thank you so much um

353

00:14:27,110 --> 00:14:24,959

i think the first thing i'd like to do

354

00:14:29,750 --> 00:14:27,120

is just get a background on yourself and

355

00:14:31,590 --> 00:14:29,760

and your past your history even pre

356

00:14:33,430 --> 00:14:31,600

ufology and things like that if you're

357

00:14:36,069 --> 00:14:33,440

if you're up for that

358

00:14:38,790 --> 00:14:36,079

well uh where do i start

359

00:14:40,150 --> 00:14:38,800

uh i i guess um

360

00:14:42,389 --> 00:14:40,160

the the whole

361

00:14:44,310 --> 00:14:42,399

ufology thing and i don't like that word

362

00:14:48,470 --> 00:14:44,320

we can talk that talk about that later

363

00:14:50,150 --> 00:14:48,480

on but it started uh back in 1975 when i

364

00:14:53,350 --> 00:14:50,160

first started teaching

365

00:14:58,629 --> 00:14:55,990

as teachers do here in canada we have

366

00:15:00,629 --> 00:14:58,639

july and august off so i go to my

367

00:15:01,590 --> 00:15:00,639

cottage during the summer time july and

368

00:15:05,110 --> 00:15:01,600

august

369

00:15:07,829 --> 00:15:05,120

and at that time in 1975

370

00:15:10,310 --> 00:15:07,839

i went into berry ontario and i went to

371

00:15:12,790 --> 00:15:10,320

a kohl's bookstore while my wife was

372

00:15:14,790 --> 00:15:12,800

shopping i was just browsing around and

373

00:15:16,790 --> 00:15:14,800

the kohl's bookstore is like a in a

374

00:15:17,509 --> 00:15:16,800

noble bookstore or whatever in them

375

00:15:19,670 --> 00:15:17,519

right

376

00:15:21,110 --> 00:15:19,680

whatever in any case i'm just browsing

377

00:15:23,750 --> 00:15:21,120

through and i just see this book on the

378

00:15:25,670 --> 00:15:23,760

shelf called revelations by a man named

379

00:15:26,710 --> 00:15:25,680

jacques filet never heard of him never

380

00:15:28,710 --> 00:15:26,720

heard of

381

00:15:30,470 --> 00:15:28,720

uh you know anything ufological to that

382

00:15:33,670 --> 00:15:30,480

point i just picked it off the shelf

383

00:15:35,749 --> 00:15:33,680

inadvertently and um i began to read the

384

00:15:36,949 --> 00:15:35,759

forward and i said um this sounds really

385

00:15:37,670 --> 00:15:36,959

interesting

386

00:15:39,509 --> 00:15:37,680

uh

387

00:15:41,430 --> 00:15:39,519

delved into it a bit more and i said you

388

00:15:43,990 --> 00:15:41,440

know what's the stuff about ufos and i

389

00:15:46,629 --> 00:15:44,000

had really no particular interest before

390

00:15:47,829 --> 00:15:46,639

that to be to speak of so i bought the

391

00:15:50,150 --> 00:15:47,839

book and i brought it back to the

392

00:15:52,069 --> 00:15:50,160

college and i began reading it that

393

00:15:53,110 --> 00:15:52,079

night and it's it's just a very small

394

00:15:55,269 --> 00:15:53,120

book

395

00:15:56,550 --> 00:15:55,279

um it's not a it's not a long term or

396

00:16:02,629 --> 00:15:56,560

anything like that

397

00:16:09,110 --> 00:16:05,670

before i completely kind of digested

398

00:16:13,910 --> 00:16:11,269

and from that point on i was completely

399

00:16:15,189 --> 00:16:13,920

hooked on whatever he was alluding to

400

00:16:16,790 --> 00:16:15,199

and then from there i began to get

401
00:16:18,710 --> 00:16:16,800
involved in mufon canada and different

402
00:16:20,949 --> 00:16:18,720
aspects of of you know sightings and

403
00:16:22,550 --> 00:16:20,959
everything along those lines and from

404
00:16:24,389 --> 00:16:22,560
that point on

405
00:16:27,030 --> 00:16:24,399
i realized there was something really

406
00:16:29,509 --> 00:16:27,040
really dense about this whole issue

407
00:16:31,829 --> 00:16:29,519
and i got involved in citing reports and

408
00:16:35,670 --> 00:16:31,839
eventually realized that doing sighting

409
00:16:37,269 --> 00:16:35,680
reports and investigating really wasn't

410
00:16:38,870 --> 00:16:37,279
what i needed to do

411
00:16:40,710 --> 00:16:38,880
i realized through a lot of other

412
00:16:42,629 --> 00:16:40,720
contacts to people like richard dolan

413
00:16:44,790 --> 00:16:42,639

and steven bassett and and other people

414

00:16:46,949 --> 00:16:44,800

that this was a political issue this was

415

00:16:49,189 --> 00:16:46,959

not sort of a lights in the sky issue

416

00:16:51,590 --> 00:16:49,199

and from that point on i realized that

417

00:16:54,069 --> 00:16:51,600

this was something so politically

418

00:16:56,949 --> 00:16:54,079

charged that i had to become

419

00:16:59,030 --> 00:16:56,959

uh an activist or researcher in this

420

00:17:01,590 --> 00:16:59,040

whole area and that that that all began

421

00:17:04,549 --> 00:17:01,600

in terms of my radio show program with

422

00:17:06,230 --> 00:17:04,559

strange days indeed here in toronto and

423

00:17:09,270 --> 00:17:06,240

becoming um

424

00:17:12,549 --> 00:17:09,280

in contact with literally every single

425

00:17:14,549 --> 00:17:12,559

and i underline that every single uh ufo

426

00:17:19,350 --> 00:17:14,559

researcher of any kind of repute you

427

00:17:23,990 --> 00:17:22,069

uh stan stan friedman all of them

428

00:17:25,029 --> 00:17:24,000

because of that radio

429

00:17:28,309 --> 00:17:25,039

pro

430

00:17:29,669 --> 00:17:28,319

um i i think i was able to contact and

431

00:17:31,510 --> 00:17:29,679

communicate with and engage with and

432

00:17:32,710 --> 00:17:31,520

support all of these really really

433

00:17:35,430 --> 00:17:32,720

powerful

434

00:17:37,110 --> 00:17:35,440

ufo researchers so that's how i got into

435

00:17:40,150 --> 00:17:37,120

it and from that everything else just

436

00:17:42,390 --> 00:17:40,160

grew to the point where i'm sort of

437

00:17:45,029 --> 00:17:42,400

very dedicated to the whole idea of of

438

00:17:46,470 --> 00:17:45,039

ufo uap et whatever you're going to call

439

00:17:49,029 --> 00:17:46,480

disclosure and getting the government to

440

00:17:51,430 --> 00:17:49,039

realize uh what they're doing and moving

441

00:17:53,909 --> 00:17:51,440

forward to awaken journalists and media

442

00:17:55,510 --> 00:17:53,919

like yourselves uh to the fact that we

443

00:17:57,190 --> 00:17:55,520

are being engaged by off-world

444

00:17:58,870 --> 00:17:57,200

civilizations and we need to do

445

00:18:00,870 --> 00:17:58,880

something about it so that that's it in

446

00:18:03,190 --> 00:18:00,880

a nutshell the story is a lot bigger but

447

00:18:05,750 --> 00:18:03,200

that's it in a nutshell no i mean that

448

00:18:08,150 --> 00:18:05,760

that rings true with myself and many

449

00:18:10,710 --> 00:18:08,160

other people i've spoken to it just

450

00:18:12,870 --> 00:18:10,720

you discover it it hits home and it

451
00:18:14,310 --> 00:18:12,880
becomes an instant passion project like

452
00:18:16,789 --> 00:18:14,320
exactly it's something you can't stay

453
00:18:20,470 --> 00:18:16,799
away from exactly yeah it's it it fills

454
00:18:23,029 --> 00:18:20,480
every waking thought almost sometimes

455
00:18:24,789 --> 00:18:23,039
too much so yeah oh absolutely yeah yeah

456
00:18:26,470 --> 00:18:24,799
yeah and that's when i have to argue

457
00:18:30,390 --> 00:18:26,480
with the other half sometimes but uh

458
00:18:33,830 --> 00:18:32,310
so in this whole process and over the

459
00:18:35,590 --> 00:18:33,840
many decades and that have you ever

460
00:18:38,070 --> 00:18:35,600
actually experienced anything for

461
00:18:39,669 --> 00:18:38,080
yourself

462
00:18:45,029 --> 00:18:39,679
in terms of uh

463
00:18:49,430 --> 00:18:47,350

no not that i'm aware of uh at this

464

00:18:51,909 --> 00:18:49,440

point i i might i might have had

465

00:18:54,230 --> 00:18:51,919

something as many people who get engaged

466

00:18:57,510 --> 00:18:54,240

in this do but i've had

467

00:18:59,350 --> 00:18:57,520

two particular incidents uh of which you

468

00:19:01,350 --> 00:18:59,360

want to call it if you want to call it a

469

00:19:03,029 --> 00:19:01,360

ufo sighting that's fine

470

00:19:04,710 --> 00:19:03,039

the first incident was something very

471

00:19:07,029 --> 00:19:04,720

kind of um

472

00:19:08,950 --> 00:19:07,039

simple my wife and i were driving down

473

00:19:11,590 --> 00:19:08,960

one of the side roads here in

474

00:19:13,830 --> 00:19:11,600

mississauga ontario and port credit

475

00:19:16,310 --> 00:19:13,840

near the lake very close to the lake

476

00:19:18,070 --> 00:19:16,320

where there have been reports of orbs

477

00:19:20,630 --> 00:19:18,080

coming in and out of the lake ontario

478

00:19:22,710 --> 00:19:20,640

it's a huge it's one of the uh the the

479

00:19:25,270 --> 00:19:22,720

the the lakes here in um

480

00:19:26,710 --> 00:19:25,280

in canada the great lakes and we were

481

00:19:29,029 --> 00:19:26,720

driving down the road and all of a

482

00:19:30,630 --> 00:19:29,039

sudden late at night right in front of

483

00:19:32,549 --> 00:19:30,640

us this

484

00:19:35,029 --> 00:19:32,559

for lack of a better word white ball of

485

00:19:38,230 --> 00:19:35,039

light zips right in front of us as our

486

00:19:40,630 --> 00:19:38,240

car was moving west on on the side road

487

00:19:42,230 --> 00:19:40,640

and it lasted maybe

488

00:19:43,990 --> 00:19:42,240

oh i don't know

489

00:19:51,190 --> 00:19:44,000

8-10 seconds

490

00:19:54,310 --> 00:19:52,549

the heck was that

491

00:19:55,669 --> 00:19:54,320

it didn't repeat itself it i didn't know

492

00:19:57,909 --> 00:19:55,679

where it went where it came from but

493

00:19:59,990 --> 00:19:57,919

that was one specific sighting that i

494

00:20:01,510 --> 00:20:00,000

that i had i've never had that happen to

495

00:20:03,750 --> 00:20:01,520

me before but i know people have

496

00:20:06,390 --> 00:20:03,760

articulated that to me but it just sort

497

00:20:10,310 --> 00:20:06,400

of zipped and just was just gone and the

498

00:20:11,590 --> 00:20:10,320

other incident was um in 1996 my wife

499

00:20:14,950 --> 00:20:11,600

and i went to

500

00:20:17,510 --> 00:20:14,960

uh on a road trip through arizona nevada

501
00:20:20,870 --> 00:20:17,520
and new mexico and we landed up uh just

502
00:20:22,950 --> 00:20:20,880
outside of area 51 for for six nights

503
00:20:24,390 --> 00:20:22,960
three nights to begin with we traveled

504
00:20:26,950 --> 00:20:24,400
around and came back for another three

505
00:20:29,110 --> 00:20:26,960
nights and on the second of the uh of

506
00:20:31,750 --> 00:20:29,120
the trip the other three nights we were

507
00:20:34,390 --> 00:20:31,760
in the tone upper range

508
00:20:37,029 --> 00:20:34,400
the uh the area just outside of avery

509
00:20:38,950 --> 00:20:37,039
51. we camped out there for for two

510
00:20:41,430 --> 00:20:38,960
nights for three nights actually

511
00:20:43,669 --> 00:20:41,440
and i think it was on the second or

512
00:20:45,190 --> 00:20:43,679
third night i forget what it was and we

513
00:20:46,870 --> 00:20:45,200

were driving along the road going back

514

00:20:49,190 --> 00:20:46,880

to our little campsite

515

00:20:50,710 --> 00:20:49,200

and in the ticaboo valley and off to the

516

00:20:53,190 --> 00:20:50,720

right which would be the north is this

517

00:20:55,029 --> 00:20:53,200

huge mountain range and my wife said

518

00:20:56,390 --> 00:20:55,039

what the heck is that and so i couldn't

519

00:20:58,390 --> 00:20:56,400

see it because she was on the right side

520

00:20:59,510 --> 00:20:58,400

of the car and i was on the left so he

521

00:21:01,510 --> 00:20:59,520

stopped the car

522

00:21:03,190 --> 00:21:01,520

got out

523

00:21:07,190 --> 00:21:03,200

i'm i'm abridging this version of course

524

00:21:10,789 --> 00:21:09,029

up above the range at about a 45 degree

525

00:21:13,590 --> 00:21:10,799

angle was this

526
00:21:15,190 --> 00:21:13,600
white dot the size of maybe a dime and

527
00:21:17,190 --> 00:21:15,200
it was it was it was

528
00:21:18,789 --> 00:21:17,200
almost night dust kind of thing and it

529
00:21:20,950 --> 00:21:18,799
was just there wasn't a moon all kinds

530
00:21:22,549 --> 00:21:20,960
of other stars out there and it was just

531
00:21:24,549 --> 00:21:22,559
this white dot

532
00:21:25,510 --> 00:21:24,559
and i looked at it and then as i looked

533
00:21:27,909 --> 00:21:25,520
at it

534
00:21:30,149 --> 00:21:27,919
it began to become diaphanous you know

535
00:21:32,710 --> 00:21:30,159
like almost translucent you could see

536
00:21:35,750 --> 00:21:32,720
through it and it got a bit larger and

537
00:21:37,990 --> 00:21:35,760
as it got larger it began to rotate

538
00:21:40,470 --> 00:21:38,000

and uh like a picture of snowflake

539

00:21:43,430 --> 00:21:40,480

rotating very quickly and as it rotated

540

00:21:44,789 --> 00:21:43,440

it turned into three

541

00:21:47,990 --> 00:21:44,799

dots three

542

00:21:50,789 --> 00:21:48,000

orange dots rotating as synchronously

543

00:21:52,549 --> 00:21:50,799

okay faster and faster and faster and

544

00:21:54,710 --> 00:21:52,559

then it coalesced back into the white

545

00:21:57,350 --> 00:21:54,720

dot and then just went

546

00:21:59,590 --> 00:21:57,360

at virtually light speed away from me

547

00:22:02,310 --> 00:21:59,600

and this whole thing lasted uh believe

548

00:22:04,149 --> 00:22:02,320

it or not it was a good i would say

549

00:22:06,630 --> 00:22:04,159

minute and a half almost 90 seconds

550

00:22:08,630 --> 00:22:06,640

vinny and i just could not believe my

551
00:22:10,710 --> 00:22:08,640
eyes it was just something that you know

552
00:22:12,630 --> 00:22:10,720
like what was that you know

553
00:22:14,950 --> 00:22:12,640
like a head whip but it was really an

554
00:22:17,510 --> 00:22:14,960
incredible sighting and one that i will

555
00:22:19,590 --> 00:22:17,520
never forget now whether was it an et

556
00:22:21,590 --> 00:22:19,600
craft i don't know

557
00:22:23,909 --> 00:22:21,600
no but i think what's pretty amazing is

558
00:22:26,310 --> 00:22:23,919
that you see

559
00:22:27,990 --> 00:22:26,320
it's amazing to see a light as it is

560
00:22:29,990 --> 00:22:28,000
which is anomalous but the fact that it

561
00:22:31,830 --> 00:22:30,000
then zips off and and

562
00:22:32,710 --> 00:22:31,840
shows one of the five observables that

563
00:22:34,310 --> 00:22:32,720

we know

564

00:22:35,669 --> 00:22:34,320

now know about through luella's under

565

00:22:37,590 --> 00:22:35,679

etcetera that's

566

00:22:39,190 --> 00:22:37,600

that's impressive man and quick shout

567

00:22:41,830 --> 00:22:39,200

out thank you for the five dollars blue

568

00:22:44,470 --> 00:22:41,840

eyes uh made it my friend glad you are

569

00:22:46,549 --> 00:22:44,480

here um

570

00:22:47,669 --> 00:22:46,559

so victor um

571

00:22:48,710 --> 00:22:47,679

what i wanted to talk to you about as

572

00:22:50,390 --> 00:22:48,720

well is

573

00:22:51,909 --> 00:22:50,400

we talk about extraterrestrials and

574

00:22:53,909 --> 00:22:51,919

we've talked about extraterrestrials for

575

00:22:55,830 --> 00:22:53,919

many decades now but what are your

576

00:22:57,750 --> 00:22:55,840

thoughts on these other hypotheses that

577

00:22:59,190 --> 00:22:57,760

have kind of come in recently where it

578

00:23:01,669 --> 00:22:59,200

may be other things like

579

00:23:02,909 --> 00:23:01,679

interdimensional or time travelers

580

00:23:05,430 --> 00:23:02,919

artificial intelligence

581

00:23:07,430 --> 00:23:05,440

crypto-terrestrial the list goes on

582

00:23:08,870 --> 00:23:07,440

these days doesn't it you know yeah it

583

00:23:11,510 --> 00:23:08,880

does it does

584

00:23:14,390 --> 00:23:11,520

well you know i i guess i guess what

585

00:23:17,590 --> 00:23:14,400

you're alluding to is the evolution of

586

00:23:19,510 --> 00:23:17,600

how all of this has come about yeah and

587

00:23:22,310 --> 00:23:19,520

having been involved in this for well

588

00:23:23,590 --> 00:23:22,320

over 40 years now i'm giving away my age

589

00:23:26,230 --> 00:23:23,600

but

590

00:23:27,190 --> 00:23:26,240

well over 40 years i've seen this whole

591

00:23:29,909 --> 00:23:27,200

issue

592

00:23:31,990 --> 00:23:29,919

evolve from the nuts and bolts kind of

593

00:23:34,070 --> 00:23:32,000

view it the dense ufo sightings and

594

00:23:36,149 --> 00:23:34,080

these crafts and metallic beams or

595

00:23:37,909 --> 00:23:36,159

metallic crafts of some kind and then

596

00:23:39,909 --> 00:23:37,919

these you know the e.t beans in terms of

597

00:23:41,990 --> 00:23:39,919

the grades and all of that and it's it's

598

00:23:44,710 --> 00:23:42,000

really become interesting how it has

599

00:23:46,870 --> 00:23:44,720

evolved over time with respect to what

600

00:23:48,470 --> 00:23:46,880

people are seeing hearing and engaging

601
00:23:50,230 --> 00:23:48,480
and what they're perceiving and what

602
00:23:51,590 --> 00:23:50,240
they're speculating upon that they're

603
00:23:54,310 --> 00:23:51,600
they're all of those are kind of wrapped

604
00:23:55,669 --> 00:23:54,320
up in a in a very dense ball of wool

605
00:23:57,190 --> 00:23:55,679
and um

606
00:23:59,350 --> 00:23:57,200
uh we had a discussion the other day

607
00:24:00,710 --> 00:23:59,360
with a group that i'm involved with

608
00:24:03,029 --> 00:24:00,720
what what what what is an

609
00:24:05,269 --> 00:24:03,039
extraterrestrial and

610
00:24:07,669 --> 00:24:05,279
i i was very very clear and saying we

611
00:24:10,310 --> 00:24:07,679
really don't know what they are uh the

612
00:24:13,990 --> 00:24:10,320
only thing that we can definitely say is

613
00:24:15,350 --> 00:24:14,000

that we are in some way being engaged by

614

00:24:17,269 --> 00:24:15,360

some form

615

00:24:19,830 --> 00:24:17,279

of and i'm going to put a label

616

00:24:22,310 --> 00:24:19,840

off-world entities who are trying to

617

00:24:24,070 --> 00:24:22,320

communicate with us in very subtle ways

618

00:24:26,070 --> 00:24:24,080

we don't know who they are they they

619

00:24:27,669 --> 00:24:26,080

could be interdimensional beings

620

00:24:29,350 --> 00:24:27,679

they could be time travelers i'm not

621

00:24:32,070 --> 00:24:29,360

sure about that one

622

00:24:34,630 --> 00:24:32,080

but we do know that we are in fact being

623

00:24:37,430 --> 00:24:34,640

engaged by awful civilizations that is a

624

00:24:40,549 --> 00:24:37,440

given and there's not much argument for

625

00:24:41,990 --> 00:24:40,559

me against that that that hypothesis

626
00:24:43,430 --> 00:24:42,000
so um

627
00:24:45,430 --> 00:24:43,440
you know if you want to go in different

628
00:24:47,430 --> 00:24:45,440
direction in terms of multi-dimensions

629
00:24:49,990 --> 00:24:47,440
or interdimensional travel

630
00:24:53,110 --> 00:24:50,000
i would say uh it's all of the above or

631
00:24:55,269 --> 00:24:53,120
the possibility of it being all

632
00:24:58,310 --> 00:24:55,279
all

633
00:25:01,190 --> 00:24:58,320
the matter is we are being engaged and

634
00:25:02,149 --> 00:25:01,200
we have to pay attention

635
00:25:05,830 --> 00:25:02,159
to

636
00:25:07,269 --> 00:25:05,840
there's a multiplicity of who they might

637
00:25:10,390 --> 00:25:07,279
be it's not just one race it's a

638
00:25:13,590 --> 00:25:10,400

multiplicity of who they might be and uh

639

00:25:15,350 --> 00:25:13,600

the contactees who i rely on in my

640

00:25:18,070 --> 00:25:15,360

assessment of what's going on i rely on

641

00:25:19,830 --> 00:25:18,080

them very very heavily heavily to to

642

00:25:21,750 --> 00:25:19,840

understand what's going on because i've

643

00:25:24,310 --> 00:25:21,760

had no direct contact and in my

644

00:25:25,549 --> 00:25:24,320

discussions with dr john mack

645

00:25:28,470 --> 00:25:25,559

back in the

646

00:25:31,269 --> 00:25:28,480

1996-97 era when when i talked to him in

647

00:25:32,789 --> 00:25:31,279

his office in in his harvard office

648

00:25:34,149 --> 00:25:32,799

he was of the same opinion because he

649

00:25:35,590 --> 00:25:34,159

had written all kinds of books about it

650

00:25:37,830 --> 00:25:35,600

and everything that we just don't know

651

00:25:39,669 --> 00:25:37,840

he called the subtle realm the subtle

652

00:25:42,390 --> 00:25:39,679

realm where these beings are coming from

653

00:25:43,750 --> 00:25:42,400

and engaging these these contact d so

654

00:25:45,350 --> 00:25:43,760

um

655

00:25:47,669 --> 00:25:45,360

you can you can put a label on it to

656

00:25:49,830 --> 00:25:47,679

whatever you want to call it but

657

00:25:51,990 --> 00:25:49,840

language really isn't sufficient to

658

00:25:53,990 --> 00:25:52,000

categorize what it's exactly we're

659

00:25:56,789 --> 00:25:54,000

experiencing and i think the contact

660

00:25:58,710 --> 00:25:56,799

these have the best uh estimation of

661

00:26:00,470 --> 00:25:58,720

what's going on and we need to really

662

00:26:01,950 --> 00:26:00,480

pay attention to their experiences to

663

00:26:05,110 --> 00:26:01,960

understand what the word

664

00:26:09,410 --> 00:26:05,120

extraterrestrial means so um it's it's

665

00:26:11,830 --> 00:26:09,420

it's a very deep and a very very uh

666

00:26:13,990 --> 00:26:11,840

[Music]

667

00:26:15,350 --> 00:26:14,000

of it to the general public but and that

668

00:26:16,789 --> 00:26:15,360

that's what that's what we're all about

669

00:26:19,110 --> 00:26:16,799

and trying to make sense of how we're

670

00:26:21,029 --> 00:26:19,120

being engaged by these

671

00:26:23,110 --> 00:26:21,039

off-world civilizations

672

00:26:24,630 --> 00:26:23,120

absolutely no that was a fantastic

673

00:26:26,630 --> 00:26:24,640

answer i think we're all kind of in that

674

00:26:28,310 --> 00:26:26,640

agreement where we kind of have to keep

675

00:26:30,549 --> 00:26:28,320

quite a few options on the table and

676

00:26:32,789 --> 00:26:30,559

sure we know anything else

677

00:26:34,789 --> 00:26:32,799

um lara sosa thank you for the 4.99

678

00:26:36,549 --> 00:26:34,799

super sticker i'm just sticking with

679

00:26:38,549 --> 00:26:36,559

john mack for for the moment i just

680

00:26:39,830 --> 00:26:38,559

spoke to ralph blumenthal recently and

681

00:26:42,470 --> 00:26:39,840

it seems like

682

00:26:46,310 --> 00:26:42,480

really

683

00:26:48,549 --> 00:26:46,320

back into the forefront and i think it's

684

00:26:51,510 --> 00:26:48,559

a good thing because i think the

685

00:26:53,590 --> 00:26:51,520

experiences themselves have been taking

686

00:26:55,750 --> 00:26:53,600

a little bit of a back seat in the last

687

00:26:57,430 --> 00:26:55,760

four or five years especially since with

688

00:26:59,110 --> 00:26:57,440

the navy and the military side of the

689

00:27:00,470 --> 00:26:59,120

subject so

690

00:27:02,149 --> 00:27:00,480

what do you think do you think that i

691

00:27:04,230 --> 00:27:02,159

mean i think it's pretty clear but you

692

00:27:05,269 --> 00:27:04,240

think that the experiences do deserve

693

00:27:07,110 --> 00:27:05,279

their day

694

00:27:09,990 --> 00:27:07,120

let's say

695

00:27:12,230 --> 00:27:10,000

well yeah um i i've had many discussions

696

00:27:14,310 --> 00:27:12,240

uh with ralph ralph and i communicate

697

00:27:16,950 --> 00:27:14,320

regularly on email and i interviewed

698

00:27:20,070 --> 00:27:16,960

ralph um blumenthal

699

00:27:23,110 --> 00:27:20,080

with respect to um the believer his book

700

00:27:25,510 --> 00:27:23,120

i i'm not sure if you're um

701

00:27:28,470 --> 00:27:25,520

well thank you very much lord

702

00:27:34,870 --> 00:27:31,750

very kind um yeah um in essence his book

703

00:27:36,950 --> 00:27:34,880

the believer um if any of your listeners

704

00:27:38,549 --> 00:27:36,960

really want to read something definitive

705

00:27:40,389 --> 00:27:38,559

on john mack

706

00:27:43,190 --> 00:27:40,399

i really suggest they pick up that book

707

00:27:44,630 --> 00:27:43,200

it's a great read it's an easy read

708

00:27:46,470 --> 00:27:44,640

and ralph had

709

00:27:47,669 --> 00:27:46,480

it did an incredible job with his

710

00:27:49,510 --> 00:27:47,679

research

711

00:27:52,549 --> 00:27:49,520

on on john mack's life and there's a lot

712

00:27:54,310 --> 00:27:52,559

of very surprising aspects to what john

713

00:27:56,789 --> 00:27:54,320

john's life was all about so i would

714

00:27:58,310 --> 00:27:56,799

really highly recommend um

715

00:28:00,870 --> 00:27:58,320

that they they take up ralph

716

00:28:02,630 --> 00:28:00,880

blumenthal's book the believer on this

717

00:28:05,269 --> 00:28:02,640

uh because it's a great incisive in

718

00:28:07,190 --> 00:28:05,279

addition to any one of john's books john

719

00:28:10,549 --> 00:28:07,200

mack's books but in in my discussions

720

00:28:12,710 --> 00:28:10,559

with john he uh he was he was so far

721

00:28:14,549 --> 00:28:12,720

ahead of his time with respect to

722

00:28:16,470 --> 00:28:14,559

understanding who these contactees or

723

00:28:20,149 --> 00:28:16,480

these experiencers were

724

00:28:22,549 --> 00:28:20,159

and all of his work is it stays true

725

00:28:23,830 --> 00:28:22,559

to this day to this very day that we

726

00:28:27,750 --> 00:28:23,840

need to pay attention to who these

727

00:28:30,149 --> 00:28:27,760

contactees are and how they are

728

00:28:32,630 --> 00:28:30,159

being invested with or engaged with

729

00:28:34,950 --> 00:28:32,640

whoever these extraterrestrials are yeah

730

00:28:36,630 --> 00:28:34,960

so i think he's one of the focal points

731

00:28:41,690 --> 00:28:36,640

irrespective that of the fact that he

732

00:28:43,510 --> 00:28:42,789

[Music]

733

00:28:47,909 --> 00:28:43,520

and

734

00:28:49,510 --> 00:28:47,919

mack was a was the as far as i'm

735

00:28:52,149 --> 00:28:49,520

concerned that the focal point of

736

00:28:54,310 --> 00:28:52,159

understanding

737

00:28:55,830 --> 00:28:54,320

this issue of how we are being engaged

738

00:28:57,590 --> 00:28:55,840

by these off-world civilizations

739

00:28:58,789 --> 00:28:57,600

everything from just you know the the

740

00:29:02,070 --> 00:28:58,799

the

741

00:29:04,389 --> 00:29:02,080

arcane and very unbelievable aspect of

742

00:29:06,789 --> 00:29:04,399

being abducted by aliens whatever the

743

00:29:08,950 --> 00:29:06,799

heck that means move through physically

744

00:29:11,269 --> 00:29:08,960

move through walls i mean how do you how

745

00:29:12,549 --> 00:29:11,279

do you understand that people see beings

746

00:29:14,549 --> 00:29:12,559

at the end of their bed

747

00:29:16,470 --> 00:29:14,559

they're they're raised up these beings

748

00:29:18,710 --> 00:29:16,480

take them through a wall

749

00:29:20,310 --> 00:29:18,720

uh they they have their cells

750

00:29:22,630 --> 00:29:20,320

their body vibrate to a point where they

751
00:29:25,110 --> 00:29:22,640
can move through a wall taken up into a

752
00:29:27,669 --> 00:29:25,120
craft and have some sort of experiments

753
00:29:30,549 --> 00:29:27,679
done on them brought back to their bed

754
00:29:33,909 --> 00:29:30,559
some women experience um you know sexual

755
00:29:35,830 --> 00:29:33,919
relations and and a hybrid implantation

756
00:29:37,430 --> 00:29:35,840
uh within them brought back and they

757
00:29:38,470 --> 00:29:37,440
they hold the babies eventually after

758
00:29:41,830 --> 00:29:38,480
they're born

759
00:29:43,590 --> 00:29:41,840
these things are absolutely unbelievable

760
00:29:45,830 --> 00:29:43,600
uh with respect to what how the general

761
00:29:48,310 --> 00:29:45,840
public would understand this this whole

762
00:29:50,470 --> 00:29:48,320
thing but john john was brave enough to

763
00:29:51,590 --> 00:29:50,480

bring this all forward and it is

764

00:29:55,269 --> 00:29:51,600

becoming

765

00:29:57,909 --> 00:29:55,279

almost right now as as i see it almost a

766

00:30:01,669 --> 00:29:59,510

fact

767

00:30:04,470 --> 00:30:01,679

the general public will begin to

768

00:30:06,830 --> 00:30:04,480

understand this very very arcane aspect

769

00:30:09,909 --> 00:30:06,840

of what john mack was trying to bring

770

00:30:11,990 --> 00:30:09,919

forward with respect to the experiencers

771

00:30:13,990 --> 00:30:12,000

and how these experiences are bringing

772

00:30:15,590 --> 00:30:14,000

the message forward that we i go back to

773

00:30:18,149 --> 00:30:15,600

my initial point how we are being

774

00:30:19,830 --> 00:30:18,159

engaged by these off-world civilizations

775

00:30:23,909 --> 00:30:19,840

yeah i agree and i think it's like you

776

00:30:25,510 --> 00:30:23,919

said it's um he was so ahead of his time

777

00:30:27,269 --> 00:30:25,520

that we're seeing such a resurgence

778

00:30:29,669 --> 00:30:27,279

right now because it just

779

00:30:31,750 --> 00:30:29,679

it you know it's a time when the work he

780

00:30:34,149 --> 00:30:31,760

did then it just fits in with everything

781

00:30:37,029 --> 00:30:34,159

right now so it does it does and i

782

00:30:38,230 --> 00:30:37,039

hearken back uh vinnie to my time i

783

00:30:39,830 --> 00:30:38,240

spent

784

00:30:41,110 --> 00:30:39,840

three days with him

785

00:30:44,149 --> 00:30:41,120

in his office

786

00:30:46,310 --> 00:30:44,159

at harvard harvard university wow and uh

787

00:30:47,669 --> 00:30:46,320

yeah it was just an absolute and just

788

00:30:48,950 --> 00:30:47,679

sit across

789

00:30:51,029 --> 00:30:48,960

you know

790

00:30:53,190 --> 00:30:51,039

it was a very small office i was in the

791

00:30:55,190 --> 00:30:53,200

chair and he was at his desk and we just

792

00:30:57,350 --> 00:30:55,200

exchanged thoughts on a number of

793

00:30:58,950 --> 00:30:57,360

different things he was very interested

794

00:31:01,590 --> 00:30:58,960

in some of the work that i had found out

795

00:31:03,669 --> 00:31:01,600

about um and this one the reasons why i

796

00:31:06,149 --> 00:31:03,679

contacted him was a child

797

00:31:07,830 --> 00:31:06,159

experiences that children had had

798

00:31:10,070 --> 00:31:07,840

with with extraterrestrials and i i

799

00:31:11,830 --> 00:31:10,080

pointed out three three situations that

800

00:31:13,269 --> 00:31:11,840

i had been confronted with as a

801
00:31:14,549 --> 00:31:13,279
principal in elementary school with

802
00:31:16,870 --> 00:31:14,559
three children

803
00:31:18,710 --> 00:31:16,880
who had inadvertently you know talked to

804
00:31:23,669 --> 00:31:18,720
their teachers or drawn something about

805
00:31:26,630 --> 00:31:25,029
some sort of

806
00:31:28,710 --> 00:31:26,640
strange beings and i i didn't know what

807
00:31:30,149 --> 00:31:28,720
to make of it and i sent some of the

808
00:31:32,149 --> 00:31:30,159
pictures to him he was extremely

809
00:31:33,190 --> 00:31:32,159
interested in and that's why i i went

810
00:31:34,470 --> 00:31:33,200
down there to visit him because he was

811
00:31:36,950 --> 00:31:34,480
very interested in the artwork of the

812
00:31:39,029 --> 00:31:36,960
children and their testimony

813
00:31:40,630 --> 00:31:39,039

yeah that's incredible so i mean you've

814

00:31:42,310 --> 00:31:40,640

done a lot of investigating yourself

815

00:31:44,149 --> 00:31:42,320

over the years with field research and

816

00:31:45,830 --> 00:31:44,159

everything are there any cases that

817

00:31:48,549 --> 00:31:45,840

stand out to you

818

00:31:50,389 --> 00:31:48,559

in particular that you looked into that

819

00:31:52,789 --> 00:31:50,399

may not be as familiar to people in the

820

00:31:55,830 --> 00:31:52,799

public domain um

821

00:31:58,149 --> 00:31:55,840

well i i think that the 1976

822

00:31:59,669 --> 00:31:58,159

um ufo ex

823

00:32:01,909 --> 00:31:59,679

exchange whatever you're going to call

824

00:32:04,870 --> 00:32:01,919

in in in tehran

825

00:32:07,909 --> 00:32:04,880

uh with the with the uh with the jets

826
00:32:09,750 --> 00:32:07,919
the military jets that encountered these

827
00:32:14,310 --> 00:32:09,760
ufos that

828
00:32:17,190 --> 00:32:14,320
um were cited by uh terran uh radar and

829
00:32:19,669 --> 00:32:17,200
there was a larger craft above terran

830
00:32:21,269 --> 00:32:19,679
and just outside in the desert and that

831
00:32:24,149 --> 00:32:21,279
that craft emitted

832
00:32:25,830 --> 00:32:24,159
several um other kinds of smaller crab

833
00:32:31,669 --> 00:32:25,840
down towards the

834
00:32:37,430 --> 00:32:34,710
fours the phantom jets uh went around

835
00:32:40,070 --> 00:32:37,440
these the these craft near the surface

836
00:32:41,750 --> 00:32:40,080
and they shut down all the avionics and

837
00:32:44,470 --> 00:32:41,760
these crafts were just coming and going

838
00:32:46,710 --> 00:32:44,480

all over the place and this the terran

839

00:32:50,149 --> 00:32:46,720

incident for me is one of the signature

840

00:32:52,549 --> 00:32:50,159

events as to how um these these craft of

841

00:32:54,789 --> 00:32:52,559

unknown origin uh come and go with

842

00:32:57,190 --> 00:32:54,799

impunity first of all they there's no

843

00:32:59,029 --> 00:32:57,200

control that anyone has over how they

844

00:33:02,310 --> 00:32:59,039

come into anyone's airspace be it the

845

00:33:04,710 --> 00:33:02,320

united states the uk canada or tehran

846

00:33:08,149 --> 00:33:04,720

and the it was quite clear that these uh

847

00:33:10,630 --> 00:33:08,159

f4 jets uh having experienced very very

848

00:33:13,029 --> 00:33:10,640

close encounter with these other balls

849

00:33:15,110 --> 00:33:13,039

of light or balls of craft or whatever

850

00:33:17,509 --> 00:33:15,120

they are and their avionics were shut

851
00:33:20,230 --> 00:33:17,519
down to me that's one of the very very

852
00:33:22,789 --> 00:33:20,240
graphic representations as to what these

853
00:33:24,710 --> 00:33:22,799
craft can do and how the military

854
00:33:27,190 --> 00:33:24,720
interacts with these things and vinnie

855
00:33:28,870 --> 00:33:27,200
they are virtually helpless with respect

856
00:33:30,389 --> 00:33:28,880
to how they respond to these things

857
00:33:33,029 --> 00:33:30,399
because of their avionics being shut

858
00:33:35,509 --> 00:33:33,039
down their radio work and their their um

859
00:33:38,630 --> 00:33:35,519
their radar and all of that so that that

860
00:33:39,669 --> 00:33:38,640
to me is one of the most significant

861
00:33:41,350 --> 00:33:39,679
physical

862
00:33:47,509 --> 00:33:41,360
sighting reports that i've engaged with

863
00:33:52,830 --> 00:33:49,509

interacted with these craft at the time

864

00:33:56,230 --> 00:33:52,840

so that that to me is one of the most

865

00:33:57,590 --> 00:33:56,240

important ones the terran ufo if anyone

866

00:33:58,870 --> 00:33:57,600

wants to really investigate what's going

867

00:34:00,789 --> 00:33:58,880

on there

868

00:34:02,549 --> 00:34:00,799

yeah i completely agree it's one of the

869

00:34:03,990 --> 00:34:02,559

best cases out there i've had a lot of

870

00:34:06,870 --> 00:34:04,000

conversations with a lot of friends

871

00:34:08,629 --> 00:34:06,880

about that case absolutely um just

872

00:34:09,990 --> 00:34:08,639

changing up the subjects a little bit

873

00:34:12,629 --> 00:34:10,000

one thing that really stood out when i

874

00:34:15,510 --> 00:34:12,639

was looking at your work and that is the

875

00:34:17,589 --> 00:34:15,520

connection between exo politics and

876

00:34:19,190 --> 00:34:17,599

global warming which is something i'd

877

00:34:20,790 --> 00:34:19,200

not really seen before but when i read

878

00:34:22,710 --> 00:34:20,800

about it it kind of really did fit

879

00:34:24,310 --> 00:34:22,720

together can you give us a breakdown

880

00:34:25,909 --> 00:34:24,320

about about that

881

00:34:27,990 --> 00:34:25,919

well

882

00:34:29,430 --> 00:34:28,000

that article i think if i remember

883

00:34:32,829 --> 00:34:29,440

correctly it was written i wrote that

884

00:34:35,510 --> 00:34:32,839

quite a while ago yes and

885

00:34:36,869 --> 00:34:35,520

um at the time that i wrote it it's

886

00:34:38,869 --> 00:34:36,879

gonna have to it's gonna take some time

887

00:34:40,550 --> 00:34:38,879

to kind of you know remember all the

888

00:34:41,909 --> 00:34:40,560

aspects of it but i think what i was

889

00:34:43,990 --> 00:34:41,919

trying to get at

890

00:34:47,030 --> 00:34:44,000

uh was the fact that

891

00:34:48,950 --> 00:34:47,040

and as and as i sort of

892

00:34:51,990 --> 00:34:48,960

have evolved with that particular

893

00:34:54,869 --> 00:34:52,000

article that you that that you're citing

894

00:34:58,310 --> 00:34:54,879

what i've evolved from all of that is

895

00:35:00,790 --> 00:34:58,320

the whole idea of the technology that's

896

00:35:01,990 --> 00:35:00,800

being um

897

00:35:04,710 --> 00:35:02,000

i guess

898

00:35:09,589 --> 00:35:04,720

suggested to us by the extraterrestrials

899

00:35:10,550 --> 00:35:09,599

about their technology and if from

900

00:35:12,390 --> 00:35:10,560

that

901
00:35:14,310 --> 00:35:12,400
what i'm trying to what i was trying to

902
00:35:15,990 --> 00:35:14,320
get at i would suppose at that time many

903
00:35:18,150 --> 00:35:16,000
many years ago was the fact that

904
00:35:20,470 --> 00:35:18,160
whatever kinds of technology these

905
00:35:22,150 --> 00:35:20,480
extraterrestrials or awful civilizations

906
00:35:26,710 --> 00:35:22,160
have

907
00:35:28,870 --> 00:35:26,720
communicate with us and to talk to us

908
00:35:32,069 --> 00:35:28,880
about the kinds of technologies that

909
00:35:34,470 --> 00:35:32,079
we're using um right now in in our own

910
00:35:35,349 --> 00:35:34,480
space and time

911
00:35:38,550 --> 00:35:35,359
to

912
00:35:41,190 --> 00:35:38,560
engage what i call extinction behaviors

913
00:35:45,430 --> 00:35:41,200

and those extinction behaviors are the

914

00:35:48,710 --> 00:35:45,440

use of fossil fuels first of all okay

915

00:35:52,069 --> 00:35:48,720

second of all the use of nuclear

916

00:35:53,910 --> 00:35:52,079

weapons and nuclear energy second of all

917

00:35:56,230 --> 00:35:53,920

and then again you get into all the

918

00:35:58,470 --> 00:35:56,240

other aspects of how we recognize the

919

00:36:00,710 --> 00:35:58,480

effects of fossil fuels with respect to

920

00:36:03,430 --> 00:36:00,720

global warming so it's all kind of kind

921

00:36:06,069 --> 00:36:03,440

of rolled together so if we continue to

922

00:36:09,109 --> 00:36:06,079

use fossil fuels as we are right now and

923

00:36:11,990 --> 00:36:09,119

not recognizing the dangers of that

924

00:36:14,630 --> 00:36:12,000

we are going to become a civilization at

925

00:36:19,670 --> 00:36:14,640

risk if not eventually experience what i

926

00:36:23,510 --> 00:36:21,750

to warm the planet to a point where all

927

00:36:27,270 --> 00:36:23,520

the methane gas in north pole for

928

00:36:29,990 --> 00:36:27,280

example will just seep above the ground

929

00:36:32,230 --> 00:36:30,000

and and create so much carbon dioxide in

930

00:36:34,710 --> 00:36:32,240

the air and eventually it's just going

931

00:36:37,990 --> 00:36:34,720

to be as i said it's an extinction

932

00:36:40,069 --> 00:36:38,000

behavior okay that's one kind of slow

933

00:36:42,630 --> 00:36:40,079

kind of aspect of what we're seeing

934

00:36:44,390 --> 00:36:42,640

happening and it is increasing in size

935

00:36:46,550 --> 00:36:44,400

and speed so

936

00:36:49,109 --> 00:36:46,560

that is what i call extinction behavior

937

00:36:52,710 --> 00:36:49,119

the greater threat is the use of nuclear

938

00:36:54,230 --> 00:36:52,720

weapons and if for example um we have

939

00:36:56,550 --> 00:36:54,240

all of these nuclear weapons in the

940

00:36:58,790 --> 00:36:56,560

ground in the united states of america

941

00:37:00,390 --> 00:36:58,800

in russia in pakistan

942

00:37:01,990 --> 00:37:00,400

if for example

943

00:37:04,550 --> 00:37:02,000

one of those countries

944

00:37:07,190 --> 00:37:04,560

does something really silly or they make

945

00:37:08,470 --> 00:37:07,200

a mistake or by accident they launch one

946

00:37:10,069 --> 00:37:08,480

of these weapons

947

00:37:12,069 --> 00:37:10,079

and then as a result of that other

948

00:37:13,510 --> 00:37:12,079

countries launch their weapons in

949

00:37:17,430 --> 00:37:13,520

reaction

950

00:37:20,470 --> 00:37:17,440

we will be the harbingers of significant

951
00:37:23,349 --> 00:37:20,480
nuclear events spread across the planet

952
00:37:25,030 --> 00:37:23,359
that will just go viral and i'm not just

953
00:37:27,430 --> 00:37:25,040
talking about small events here i'm

954
00:37:30,150 --> 00:37:27,440
talking about events that will decimate

955
00:37:34,829 --> 00:37:30,160
uh you know washington dc it will

956
00:37:40,310 --> 00:37:37,589
uh cities and eventually uh those

957
00:37:42,230 --> 00:37:40,320
nuclear weapons will uh create a

958
00:37:44,310 --> 00:37:42,240
situation where

959
00:37:46,390 --> 00:37:44,320
uh

960
00:37:48,870 --> 00:37:46,400
we just can't recover from and it will

961
00:37:50,630 --> 00:37:48,880
become an extinction event in in a way

962
00:37:53,190 --> 00:37:50,640
that um

963
00:37:54,950 --> 00:37:53,200

that we'll just we can't recover from it

964

00:37:56,870 --> 00:37:54,960

so i guess what i was getting at in the

965

00:37:58,790 --> 00:37:56,880

whole idea of global warming and all of

966

00:38:01,589 --> 00:37:58,800

the environmental situations it's all

967

00:38:03,829 --> 00:38:01,599

tied together in one big ball and

968

00:38:06,310 --> 00:38:03,839

any any one mistake any one mistake by

969

00:38:08,069 --> 00:38:06,320

these nuclear um by these nuclear powers

970

00:38:09,910 --> 00:38:08,079

could result in something like that but

971

00:38:12,710 --> 00:38:09,920

on the other side of the coin the use of

972

00:38:14,470 --> 00:38:12,720

fossil fuels and our recognition

973

00:38:16,390 --> 00:38:14,480

or some people's recognition that this

974

00:38:18,470 --> 00:38:16,400

is the way to go you know we continue to

975

00:38:20,790 --> 00:38:18,480

use to use you know fossil fuels to

976
00:38:23,510 --> 00:38:20,800
power everything we we i see as soon as

977
00:38:25,430 --> 00:38:23,520
we put it this way as soon as we find

978
00:38:28,790 --> 00:38:25,440
out a way that something can move we

979
00:38:30,550 --> 00:38:28,800
just stuff oil down his throat

980
00:38:31,430 --> 00:38:30,560
that it's going to go that way and just

981
00:38:33,430 --> 00:38:31,440
you know

982
00:38:35,190 --> 00:38:33,440
this this electric car thing it's going

983
00:38:38,950 --> 00:38:35,200
it's going to increase it will kind of

984
00:38:40,950 --> 00:38:38,960
um expand itself but still uh the the

985
00:38:43,670 --> 00:38:40,960
vast majority of the population is still

986
00:38:45,670 --> 00:38:43,680
going and buying the big suvs and and

987
00:38:50,069 --> 00:38:45,680
all of that in addition to all the coal

988
00:38:52,069 --> 00:38:50,079

fire plants and everything so human

989

00:38:54,230 --> 00:38:52,079

beings

990

00:38:56,670 --> 00:38:54,240

uh fossil fuels and so it's all tied

991

00:38:58,829 --> 00:38:56,680

together with respect to uh how the the

992

00:39:01,190 --> 00:38:58,839

extraterrestrials and this

993

00:39:03,510 --> 00:39:01,200

is the experiences are really kind of

994

00:39:05,750 --> 00:39:03,520

coming forward with is that we have to

995

00:39:08,069 --> 00:39:05,760

remove ourselves from the philosophy

996

00:39:11,109 --> 00:39:08,079

that fossil fuels uh what will be sort

997

00:39:13,030 --> 00:39:11,119

of a panacea of how we engage and also

998

00:39:15,109 --> 00:39:13,040

too nuclear weapons will be a panacea of

999

00:39:16,230 --> 00:39:15,119

both of them as far as i'm concerned and

1000

00:39:18,550 --> 00:39:16,240

many of us

1001

00:39:19,589 --> 00:39:18,560

feel that these will precipitate in the

1002

00:39:22,150 --> 00:39:19,599

long run

1003

00:39:24,069 --> 00:39:22,160

an extinction event somehow somewhere at

1004

00:39:25,990 --> 00:39:24,079

some time within the human species on

1005

00:39:27,910 --> 00:39:26,000

our planet so that's kind of a very

1006

00:39:29,349 --> 00:39:27,920

quick answer to what i wrote way way

1007

00:39:31,190 --> 00:39:29,359

back then

1008

00:39:32,870 --> 00:39:31,200

yeah but i think it's still i think one

1009

00:39:35,349 --> 00:39:32,880

of the reasons why i picked up on it

1010

00:39:37,030 --> 00:39:35,359

because it still holds for to this day

1011

00:39:38,550 --> 00:39:37,040

it does yeah in what you were saying and

1012

00:39:39,750 --> 00:39:38,560

i mean i saw something in the news today

1013

00:39:42,310 --> 00:39:39,760

about that i think it was i can't

1014

00:39:43,190 --> 00:39:42,320

remember it was an f-22 or an f-35 had

1015

00:39:45,190 --> 00:39:43,200

just

1016

00:39:47,670 --> 00:39:45,200

um leaped to the point where they can

1017

00:39:49,589 --> 00:39:47,680

now drop nuclear bombs out of these

1018

00:39:51,349 --> 00:39:49,599

fighters it's just still going in that

1019

00:39:53,030 --> 00:39:51,359

negative direction

1020

00:39:55,589 --> 00:39:53,040

it's madness it's absolutely madness

1021

00:39:57,270 --> 00:39:55,599

yeah yeah absolutely um

1022

00:39:59,270 --> 00:39:57,280

one thing i wanted to touch upon with

1023

00:40:00,790 --> 00:39:59,280

you is roswell because i know that's

1024

00:40:03,270 --> 00:40:00,800

something that you have touched upon in

1025

00:40:05,190 --> 00:40:03,280

the past can you talk to me about

1026

00:40:07,030 --> 00:40:05,200

your work with regards to looking into

1027

00:40:08,870 --> 00:40:07,040

rosberg because i think most people are

1028

00:40:11,990 --> 00:40:08,880

very familiar with it but

1029

00:40:14,309 --> 00:40:12,000

it's what got you into it and where did

1030

00:40:16,150 --> 00:40:14,319

you get with it if you know what i mean

1031

00:40:18,470 --> 00:40:16,160

well um

1032

00:40:20,069 --> 00:40:18,480

the roswell case is of course a bookmark

1033

00:40:22,870 --> 00:40:20,079

in history for sure

1034

00:40:25,270 --> 00:40:22,880

in 1947 um as all religions probably

1035

00:40:28,550 --> 00:40:25,280

know uh some sort of

1036

00:40:30,630 --> 00:40:28,560

craft crashed at the uh the brazil ranch

1037

00:40:33,990 --> 00:40:30,640

in in new mexico near corona it wasn't

1038

00:40:36,069 --> 00:40:34,000

really roswell it was uh in in a farm

1039

00:40:38,630 --> 00:40:36,079

just outside of the the town of corona

1040

00:40:40,230 --> 00:40:38,640

new mexico which i visited and visited

1041

00:40:42,790 --> 00:40:40,240

the actual um

1042

00:40:45,829 --> 00:40:42,800

the the bar where max brazil bought the

1043

00:40:47,589 --> 00:40:45,839

brought the actual um uh debris and they

1044

00:40:49,670 --> 00:40:47,599

they brought they put it on the on the

1045

00:40:51,430 --> 00:40:49,680

counter and they tried to pound holes in

1046

00:40:53,670 --> 00:40:51,440

and they couldn't do anything with it

1047

00:40:55,510 --> 00:40:53,680

and and it was just fascinating to

1048

00:40:57,670 --> 00:40:55,520

actually visit that place and the new

1049

00:40:59,750 --> 00:40:57,680

owner this was back in 1996 as i talked

1050

00:41:02,870 --> 00:40:59,760

to you about before with respect to my

1051

00:41:04,790 --> 00:41:02,880

trip there so i visited that area i also

1052

00:41:08,150 --> 00:41:04,800

spoke with um uh

1053

00:41:10,710 --> 00:41:08,160

loretta proctor who uh was one of the

1054

00:41:13,589 --> 00:41:10,720

people uh just off the farm the max

1055

00:41:15,430 --> 00:41:13,599

brazil actually brought the debris

1056

00:41:16,630 --> 00:41:15,440

to her and they sat around the front

1057

00:41:18,790 --> 00:41:16,640

porch

1058

00:41:24,550 --> 00:41:18,800

and he had it in his hand and loretta

1059

00:41:27,190 --> 00:41:25,910

and she was absolutely astounded by and

1060

00:41:28,230 --> 00:41:27,200

she'd never seen anything like that

1061

00:41:30,630 --> 00:41:28,240

before

1062

00:41:31,750 --> 00:41:30,640

so in talking to her while i was um in

1063

00:41:33,430 --> 00:41:31,760

corona

1064

00:41:35,109 --> 00:41:33,440

i spoke to her over the phone i tried to

1065

00:41:37,270 --> 00:41:35,119

get to her house but because of the rain

1066

00:41:38,710 --> 00:41:37,280

that had happened a day before that

1067

00:41:40,630 --> 00:41:38,720

there was a river that was overflowing

1068

00:41:42,870 --> 00:41:40,640

so i couldn't get there so i called her

1069

00:41:44,470 --> 00:41:42,880

and she said no i saw it all i saw it

1070

00:41:46,950 --> 00:41:44,480

was just this is the most fantastic

1071

00:41:49,109 --> 00:41:46,960

material it was like a piece of aluminum

1072

00:41:51,589 --> 00:41:49,119

as thin as a stamp and you couldn't you

1073

00:41:52,950 --> 00:41:51,599

couldn't drive a nail through it and so

1074

00:41:55,030 --> 00:41:52,960

um

1075

00:41:56,950 --> 00:41:55,040

that was all that i needed to take back

1076
00:41:59,829 --> 00:41:56,960
with me and engage with several other

1077
00:42:01,990 --> 00:41:59,839
individuals one namely don schmidt

1078
00:42:03,829 --> 00:42:02,000
who you're probably familiar with and

1079
00:42:07,030 --> 00:42:03,839
don and i i've interviewed don several

1080
00:42:09,990 --> 00:42:07,040
times and he's interviewed well over 600

1081
00:42:12,630 --> 00:42:10,000
people uh with respect to his witness

1082
00:42:15,190 --> 00:42:12,640
encounters with that he and don uh don

1083
00:42:17,190 --> 00:42:15,200
kerry or jim carrey rather have done all

1084
00:42:20,470 --> 00:42:17,200
the work in roswell so

1085
00:42:22,710 --> 00:42:20,480
that event as much as people want to

1086
00:42:25,030 --> 00:42:22,720
either discredit it or speculate that it

1087
00:42:26,550 --> 00:42:25,040
didn't happen as far as i'm concerned

1088
00:42:29,270 --> 00:42:26,560

the us army

1089

00:42:31,510 --> 00:42:29,280

brought in well over 200

1090

00:42:32,710 --> 00:42:31,520

officers or military men to scour that

1091

00:42:35,030 --> 00:42:32,720

area

1092

00:42:36,470 --> 00:42:35,040

a couple of days after jesse marcel who

1093

00:42:41,030 --> 00:42:36,480

i um

1094

00:42:45,430 --> 00:42:43,190

jesse marcel jr

1095

00:42:47,109 --> 00:42:45,440

this event was real it was something

1096

00:42:48,069 --> 00:42:47,119

that actually had

1097

00:42:50,950 --> 00:42:48,079

happened

1098

00:42:53,430 --> 00:42:50,960

and also too i mean the

1099

00:42:55,349 --> 00:42:53,440

the many people who who live in roswell

1100

00:42:57,270 --> 00:42:55,359

and who lived through this

1101

00:42:59,510 --> 00:42:57,280

uh recognized that this was something

1102

00:43:01,510 --> 00:42:59,520

that the roswell community went through

1103

00:43:03,910 --> 00:43:01,520

and a number of people right from the

1104

00:43:05,270 --> 00:43:03,920

bodies right from the craft

1105

00:43:07,190 --> 00:43:05,280

all you have to do is look at some of

1106

00:43:09,190 --> 00:43:07,200

don schmidt's work and read

1107

00:43:11,270 --> 00:43:09,200

even stanton freeman's work on this and

1108

00:43:13,589 --> 00:43:11,280

you'll get to realize that roswell or

1109

00:43:14,710 --> 00:43:13,599

the crash of corona as stanton friedman

1110

00:43:17,670 --> 00:43:14,720

calls it

1111

00:43:19,030 --> 00:43:17,680

was in fact a real event that began the

1112

00:43:21,510 --> 00:43:19,040

whole

1113

00:43:23,030 --> 00:43:21,520

wider global interest in all of that and

1114

00:43:25,750 --> 00:43:23,040

once again i think it's really important

1115

00:43:28,870 --> 00:43:25,760

to point out benny that once the the us

1116

00:43:31,990 --> 00:43:28,880

army came on to the uh to the site and

1117

00:43:33,990 --> 00:43:32,000

and um colonel raymie published a uh a

1118

00:43:35,750 --> 00:43:34,000

press release on it

1119

00:43:38,150 --> 00:43:35,760

the first press release that they

1120

00:43:41,750 --> 00:43:38,160

published on this was in fact the truth

1121

00:43:43,910 --> 00:43:41,760

yeah flying saucer crashes in corona

1122

00:43:46,710 --> 00:43:43,920

and it was right out there to begin with

1123

00:43:50,069 --> 00:43:46,720

and and then i think the next day or

1124

00:43:51,829 --> 00:43:50,079

several uh 12 hours later they retracted

1125

00:43:55,910 --> 00:43:51,839

everything so i think it's really ironic

1126

00:43:59,829 --> 00:43:57,750

published the truth and then they

1127

00:44:01,829 --> 00:43:59,839

retracted it so you can well understand

1128

00:44:05,190 --> 00:44:01,839

why it remains as a bookmark

1129

00:44:07,589 --> 00:44:05,200

with respect to um it being an iconic

1130

00:44:09,670 --> 00:44:07,599

event in ufo history uh throughout the

1131

00:44:10,950 --> 00:44:09,680

united states and well well deservedly

1132

00:44:12,230 --> 00:44:10,960

throughout throughout the rest of the

1133

00:44:13,510 --> 00:44:12,240

world

1134

00:44:15,190 --> 00:44:13,520

yeah absolutely i think they were

1135

00:44:16,550 --> 00:44:15,200

playing damage control for many years

1136

00:44:18,630 --> 00:44:16,560

after that initially

1137

00:44:20,150 --> 00:44:18,640

yeah like you say telling the truth um

1138

00:44:22,390 --> 00:44:20,160

absolutely um

1139

00:44:24,710 --> 00:44:22,400

well i wanted to switch around to focus

1140

00:44:26,630 --> 00:44:24,720

a little bit on canada itself and the

1141

00:44:29,109 --> 00:44:26,640

canadian military the canadian

1142

00:44:30,390 --> 00:44:29,119

government how have you found

1143

00:44:32,790 --> 00:44:30,400

they've been dealing with it in the

1144

00:44:34,710 --> 00:44:32,800

let's say the past two or three decades

1145

00:44:37,750 --> 00:44:34,720

and maybe how it's evolved

1146

00:44:40,630 --> 00:44:37,760

yeah well canada has really been very uh

1147

00:44:43,190 --> 00:44:40,640

cagey about how it um has been dealing

1148

00:44:45,750 --> 00:44:43,200

with the with the ufo issue

1149

00:44:47,430 --> 00:44:45,760

uh the best the best indication that i

1150

00:44:48,950 --> 00:44:47,440

can give to you

1151

00:44:50,470 --> 00:44:48,960

is um

1152

00:44:53,190 --> 00:44:50,480

my um

1153

00:44:55,750 --> 00:44:53,200

freedom of information request now that

1154

00:44:57,510 --> 00:44:55,760

up here they're not called uh fois

1155

00:44:59,430 --> 00:44:57,520

they're called access to information

1156

00:45:02,309 --> 00:44:59,440

requests right so it's the same

1157

00:45:04,870 --> 00:45:02,319

procedure in the states sure but uh up

1158

00:45:06,069 --> 00:45:04,880

here we call access to information

1159

00:45:07,270 --> 00:45:06,079

so um

1160

00:45:12,550 --> 00:45:07,280

what i did

1161

00:45:16,390 --> 00:45:14,870

sure to ask

1162

00:45:18,870 --> 00:45:16,400

the canadian government the department

1163

00:45:20,710 --> 00:45:18,880

of defense to release to me

1164

00:45:22,470 --> 00:45:20,720

all of and this is just one example i

1165

00:45:25,109 --> 00:45:22,480

can i'll just you know briefly kind of

1166

00:45:27,990 --> 00:45:25,119

describe my my experience to release to

1167

00:45:29,829 --> 00:45:28,000

me all of the documents that they had

1168

00:45:33,349 --> 00:45:29,839

uh that um

1169

00:45:36,309 --> 00:45:33,359

that that told us about uh canadian

1170

00:45:38,150 --> 00:45:36,319

norad jets the north american treaty

1171

00:45:41,349 --> 00:45:38,160

alliance that we have jointly with the

1172

00:45:44,150 --> 00:45:41,359

united states absolutely of all uh norad

1173

00:45:47,430 --> 00:45:44,160

jets that were scrambled to chase

1174

00:45:50,550 --> 00:45:47,440

ufos that's where i started okay

1175

00:45:53,030 --> 00:45:50,560

yep so my request was please

1176
00:45:55,589 --> 00:45:53,040
send me all documents about scrambled

1177
00:45:57,510 --> 00:45:55,599
jets norad and ufos

1178
00:46:00,390 --> 00:45:57,520
i got a nice letter back and said well

1179
00:46:02,390 --> 00:46:00,400
we don't have anything about that and as

1180
00:46:05,829 --> 00:46:02,400
it turned out i was using the wrong

1181
00:46:07,270 --> 00:46:05,839
terminology i they did not they did not

1182
00:46:10,390 --> 00:46:07,280
recognize the term

1183
00:46:12,150 --> 00:46:10,400
you know when i say recognize term ufo

1184
00:46:14,470 --> 00:46:12,160
so i said you know what terminology

1185
00:46:17,270 --> 00:46:14,480
should i use and i got no response

1186
00:46:19,349 --> 00:46:17,280
right so i i found out through another

1187
00:46:21,430 --> 00:46:19,359
conduit information that

1188
00:46:24,069 --> 00:46:21,440

all i needed to do was use the right

1189

00:46:26,550 --> 00:46:24,079

terminology and then the request would

1190

00:46:30,309 --> 00:46:26,560

be fulfilled and the right terminology

1191

00:46:32,630 --> 00:46:30,319

was a combination of the terms tois

1192

00:46:34,470 --> 00:46:32,640

tracts of interest that was one term

1193

00:46:36,470 --> 00:46:34,480

okay

1194

00:46:37,990 --> 00:46:36,480

and then the other term was

1195

00:46:39,910 --> 00:46:38,000

unknown tracks

1196

00:46:42,390 --> 00:46:39,920

and what was the other term and just

1197

00:46:45,109 --> 00:46:42,400

basically unknown so those three terms

1198

00:46:47,109 --> 00:46:45,119

tois unknown tracks and unknowns if i'd

1199

00:46:48,550 --> 00:46:47,119

used those terms to begin with i'd have

1200

00:46:50,710 --> 00:46:48,560

got my results

1201
00:46:52,309 --> 00:46:50,720
like that but i just used ufos which

1202
00:46:53,190 --> 00:46:52,319
they didn't recognize

1203
00:46:59,190 --> 00:46:53,200
so

1204
00:47:02,230 --> 00:46:59,200
100 pages from back from the department

1205
00:47:04,630 --> 00:47:02,240
of defense about my request

1206
00:47:05,430 --> 00:47:04,640
and it was everything from you know just

1207
00:47:08,550 --> 00:47:05,440
you know

1208
00:47:11,349 --> 00:47:08,560
citing reports by air traffic control

1209
00:47:14,150 --> 00:47:11,359
rcmp reports and this one uh regular

1210
00:47:17,349 --> 00:47:14,160
citizen reports uh so it was like 100

1211
00:47:19,829 --> 00:47:17,359
pages but within those 100 pages vinnie

1212
00:47:21,510 --> 00:47:19,839
there were six pages of an air traffic

1213
00:47:25,510 --> 00:47:21,520

control log

1214

00:47:31,109 --> 00:47:27,829

two norad jets they were scrambled out

1215

00:47:31,990 --> 00:47:31,119

of comax air force base to chase

1216

00:47:33,670 --> 00:47:32,000

three

1217

00:47:36,549 --> 00:47:33,680

unknowns

1218

00:47:38,150 --> 00:47:36,559

wow yeah and so they were scrambled and

1219

00:47:39,270 --> 00:47:38,160

there were six documents i can send them

1220

00:47:44,470 --> 00:47:39,280

to you eventually if you want you can

1221

00:47:53,030 --> 00:47:46,630

so these these um these

1222

00:47:56,549 --> 00:47:54,309

and went after them and these objects

1223

00:47:59,589 --> 00:47:56,559

were just moving at incredible speed

1224

00:48:01,109 --> 00:47:59,599

and as they got to a point where they

1225

00:48:03,270 --> 00:48:01,119

were beginning to recognize that they

1226
00:48:05,030 --> 00:48:03,280
had a signature on their radar they also

1227
00:48:07,829 --> 00:48:05,040
got a report the air traffic controllers

1228
00:48:10,870 --> 00:48:07,839
did of a medical evacuation jet coming

1229
00:48:13,109 --> 00:48:10,880
out of anchorage alaska an Ir-35 medical

1230
00:48:15,750 --> 00:48:13,119
evacuation jet who actually caught

1231
00:48:18,069 --> 00:48:15,760
visual sighting of these three ufos and

1232
00:48:20,309 --> 00:48:18,079
they tried to chase it and they reported

1233
00:48:23,270 --> 00:48:20,319
back to the air traffic control we see

1234
00:48:24,870 --> 00:48:23,280
them but we can't catch up to them

1235
00:48:27,030 --> 00:48:24,880
and it that that's all the verbiage

1236
00:48:30,390 --> 00:48:27,040
right in the air traffic control report

1237
00:48:33,109 --> 00:48:30,400
and then just after that um the timing

1238
00:48:37,829 --> 00:48:33,119

of it is a matter of minutes three to

1239

00:48:39,510 --> 00:48:37,839

five minutes uh one of the cf-18 jets um

1240

00:48:41,510 --> 00:48:39,520

catches up to these things and they

1241

00:48:43,910 --> 00:48:41,520

report back to

1242

00:48:46,390 --> 00:48:43,920

uh the air traffic control

1243

00:48:48,110 --> 00:48:46,400

90 seconds to target and then a few

1244

00:48:49,270 --> 00:48:48,120

lines down again

1245

00:48:51,109 --> 00:48:49,280

[Music]

1246

00:48:52,710 --> 00:48:51,119

contact made

1247

00:48:56,069 --> 00:48:52,720

and then everything else after that

1248

00:48:57,990 --> 00:48:56,079

everything else after that is redacted

1249

00:48:59,990 --> 00:48:58,000

i'm not surprised but am i right in

1250

00:49:02,150 --> 00:49:00,000

saying that around that time there was a

1251

00:49:04,230 --> 00:49:02,160

like a protocol in place between the

1252

00:49:06,309 --> 00:49:04,240

canadian air force norad and the

1253

00:49:11,270 --> 00:49:06,319

government to actually report these

1254

00:49:14,950 --> 00:49:12,790

yeah this i think they're called the

1255

00:49:17,349 --> 00:49:14,960

service documents yeah right uh yeah

1256

00:49:19,750 --> 00:49:17,359

they had they had a mechanism whereby

1257

00:49:23,109 --> 00:49:19,760

they reported this but um it was it was

1258

00:49:25,270 --> 00:49:23,119

not used um as it was in this particular

1259

00:49:28,870 --> 00:49:25,280

incident and i'm not sure of how the

1260

00:49:30,950 --> 00:49:28,880

service dog service cirvis document is

1261

00:49:32,630 --> 00:49:30,960

used on a regular basis but it was

1262

00:49:34,069 --> 00:49:32,640

definitely not used in the way that the

1263

00:49:35,990 --> 00:49:34,079

air traffic controllers received the

1264

00:49:39,190 --> 00:49:36,000

information from the pilots of these two

1265

00:49:42,390 --> 00:49:39,200

cf-18 jets yeah so i'm not sure why

1266

00:49:45,430 --> 00:49:42,400

um but norad definitely did

1267

00:49:48,069 --> 00:49:45,440

you know catalog it but i asked for all

1268

00:49:51,510 --> 00:49:48,079

of the reports and i just got one

1269

00:49:53,430 --> 00:49:51,520

wow and just got one and uh whether that

1270

00:49:56,390 --> 00:49:53,440

that was a mistake or not i don't know

1271

00:49:58,150 --> 00:49:56,400

it was just something that uh um i could

1272

00:49:59,430 --> 00:49:58,160

have gotten all of them were there more

1273

00:50:01,510 --> 00:49:59,440

i don't know

1274

00:50:04,069 --> 00:50:01,520

um but i've i followed up with them

1275

00:50:06,150 --> 00:50:04,079

we're trying to get more from them but

1276

00:50:07,990 --> 00:50:06,160

you know i really don't have the time or

1277

00:50:09,910 --> 00:50:08,000

the effort or the inclination right now

1278

00:50:12,230 --> 00:50:09,920

to to do that kind of stuff because

1279

00:50:14,950 --> 00:50:12,240

there's so much more coming forward

1280

00:50:15,990 --> 00:50:14,960

within the political

1281

00:50:17,670 --> 00:50:16,000

over

1282

00:50:19,910 --> 00:50:17,680

both united states and in canada with

1283

00:50:22,630 --> 00:50:19,920

respect to how things are evolving so if

1284

00:50:24,230 --> 00:50:22,640

i dig too deeply or spend too much time

1285

00:50:25,990 --> 00:50:24,240

you know digging for documents trying to

1286

00:50:29,190 --> 00:50:26,000

convince government officials trying to

1287

00:50:31,030 --> 00:50:29,200

talk to norad i i i begin chasing my

1288

00:50:32,549 --> 00:50:31,040

tail it's just not a good thing for me

1289

00:50:35,109 --> 00:50:32,559

to do and it's not really that

1290

00:50:37,349 --> 00:50:35,119

beneficial and eventually even if i did

1291

00:50:39,829 --> 00:50:37,359

get something vinnie even if even if i

1292

00:50:41,589 --> 00:50:39,839

did you know get a you know a ball

1293

00:50:43,670 --> 00:50:41,599

buster kind of document

1294

00:50:45,670 --> 00:50:43,680

it really wouldn't change the direction

1295

00:50:48,309 --> 00:50:45,680

of what the pentagon has done

1296

00:50:49,990 --> 00:50:48,319

uh what the the office of of um the

1297

00:50:52,630 --> 00:50:50,000

director of national intelligence is

1298

00:50:54,630 --> 00:50:52,640

doing what the senate is doing what

1299

00:50:55,589 --> 00:50:54,640

marco rubio was doing with mark warner

1300

00:50:57,910 --> 00:50:55,599

is doing

1301

00:51:00,069 --> 00:50:57,920

that that is the kind of focus that i'm

1302

00:51:03,589 --> 00:51:00,079

involved in right now so any kind of

1303

00:51:05,910 --> 00:51:03,599

chasing after documents to me is uh is

1304

00:51:08,790 --> 00:51:05,920

to me chasing my tail and and a bit of a

1305

00:51:09,990 --> 00:51:08,800

bit of a waste of my time there may be

1306

00:51:11,750 --> 00:51:10,000

something out there and i don't don't

1307

00:51:13,750 --> 00:51:11,760

get me wrong there may be stuff out

1308

00:51:15,829 --> 00:51:13,760

there that's really really germane

1309

00:51:17,349 --> 00:51:15,839

but right now the political implications

1310

00:51:20,230 --> 00:51:17,359

and the way all this stuff is pouring

1311

00:51:22,470 --> 00:51:20,240

out through the atip program and all the

1312

00:51:24,790 --> 00:51:22,480

other stuff that luis alizondo is doing

1313

00:51:26,790 --> 00:51:24,800

and even internationally with respect to

1314

00:51:28,150 --> 00:51:26,800

how the stuff is playing out is much

1315

00:51:30,309 --> 00:51:28,160

more um

1316

00:51:32,150 --> 00:51:30,319

how can i say intrusive with respect to

1317

00:51:34,390 --> 00:51:32,160

how we understand disclosure and how the

1318

00:51:35,829 --> 00:51:34,400

international community and journalists

1319

00:51:38,230 --> 00:51:35,839

understand what's really really going on

1320

00:51:39,910 --> 00:51:38,240

in washington and internationally so

1321

00:51:41,750 --> 00:51:39,920

that to me is the focus of where i i

1322

00:51:43,589 --> 00:51:41,760

would have where i'm kind of placing all

1323

00:51:45,589 --> 00:51:43,599

of my cards right now

1324

00:51:47,349 --> 00:51:45,599

i agree completely i'm really focused

1325

00:51:48,790 --> 00:51:47,359

right now on what we're seeing come out

1326

00:51:52,390 --> 00:51:48,800

of the house representatives and the

1327

00:51:55,589 --> 00:51:52,400

senate with h.r 4350 yes 2610 i mean

1328

00:51:58,470 --> 00:51:55,599

exactly these bipartisan votes have been

1329

00:52:00,230 --> 00:51:58,480

flying through yeah dare i say you know

1330

00:52:01,510 --> 00:52:00,240

so it definitely looks positive for

1331

00:52:04,230 --> 00:52:01,520

something getting signed in for a

1332

00:52:05,910 --> 00:52:04,240

permanent uap office in the future i

1333

00:52:08,150 --> 00:52:05,920

just see that happening

1334

00:52:11,109 --> 00:52:08,160

well i i'll take off in your point i

1335

00:52:14,390 --> 00:52:11,119

just hope that uh this this new um

1336

00:52:16,950 --> 00:52:14,400

office of ufo investigation that uh um

1337

00:52:18,470 --> 00:52:16,960

what is his name ruben delago i believe

1338

00:52:21,190 --> 00:52:18,480

yeah yeah

1339

00:52:22,790 --> 00:52:21,200

he put an amendment into the uh

1340

00:52:24,790 --> 00:52:22,800

whole um

1341

00:52:27,670 --> 00:52:24,800

authorization act he put an amendment to

1342

00:52:29,910 --> 00:52:27,680

create this office of ufo investigation

1343

00:52:33,030 --> 00:52:29,920

now um

1344

00:52:34,630 --> 00:52:33,040

i don't i really i don't know just yet i

1345

00:52:37,030 --> 00:52:34,640

don't know what to make of it completely

1346

00:52:38,710 --> 00:52:37,040

but is this another way of just stalling

1347

00:52:42,309 --> 00:52:38,720

things because they put forward this

1348

00:52:48,069 --> 00:52:42,319

amendment and um the the congress and

1349

00:52:53,670 --> 00:52:50,950

a quarterly basis and eventually yearly

1350

00:52:56,390 --> 00:52:53,680

for the next four or five years about

1351

00:52:57,829 --> 00:52:56,400

ufo their investigations now is this

1352

00:52:59,990 --> 00:52:57,839

another project blue book that'll just

1353

00:53:02,470 --> 00:53:00,000

kind of fade out of existence or will

1354

00:53:05,030 --> 00:53:02,480

this be an authentic investigation over

1355

00:53:06,790 --> 00:53:05,040

time where things are released that that

1356

00:53:08,390 --> 00:53:06,800

that the senate intelligence committee

1357

00:53:10,950 --> 00:53:08,400

and people in the congress will

1358

00:53:13,430 --> 00:53:10,960

eventually come to the realization that

1359

00:53:15,910 --> 00:53:13,440

um the tic tac videos and all the other

1360

00:53:17,190 --> 00:53:15,920

stuff that luis alizondo brought forward

1361

00:53:19,829 --> 00:53:17,200

and other people from within the

1362

00:53:21,750 --> 00:53:19,839

pentagon that this is something in fact

1363

00:53:23,270 --> 00:53:21,760

that we have to have major hearings

1364

00:53:25,589 --> 00:53:23,280

about to me

1365

00:53:28,549 --> 00:53:25,599

that's where this is all going

1366

00:53:31,589 --> 00:53:28,559

and if if we get congressional hearings

1367

00:53:34,790 --> 00:53:31,599

on this issue whereby people like robert

1368

00:53:36,870 --> 00:53:34,800

salas like um robert jacobs and all of

1369

00:53:39,349 --> 00:53:36,880

the other uh launch commanders that were

1370

00:53:40,950 --> 00:53:39,359

involved in malstrom air force base and

1371

00:53:42,950 --> 00:53:40,960

all of the other uh nuclear

1372

00:53:44,950 --> 00:53:42,960

installations uh that were involved in

1373

00:53:47,349 --> 00:53:44,960

when these missiles were shut down by

1374

00:53:50,230 --> 00:53:47,359

ufos those kinds of things in addition

1375

00:53:52,470 --> 00:53:50,240

to that all the pilots uh that have

1376
00:53:54,870 --> 00:53:52,480
engaged these things the u.s navy and

1377
00:53:57,510 --> 00:53:54,880
the u.s air force if they hold hearings

1378
00:53:58,870 --> 00:53:57,520
to bring these kinds of people forward

1379
00:54:00,390 --> 00:53:58,880
before the senate committee on

1380
00:54:04,870 --> 00:54:00,400
intelligence to give

1381
00:54:08,630 --> 00:54:06,549
this will be an age of enlightenment

1382
00:54:11,430 --> 00:54:08,640
with respect to authentic testimony by

1383
00:54:13,589 --> 00:54:11,440
people who have seen in these things

1384
00:54:15,670 --> 00:54:13,599
they've engaged them and all of the

1385
00:54:17,510 --> 00:54:15,680
other kinds of things that um that have

1386
00:54:18,790 --> 00:54:17,520
been sort of hidden from the public eye

1387
00:54:21,430 --> 00:54:18,800
so that's where i'm heading with all of

1388
00:54:23,589 --> 00:54:21,440

this if this new investigation approach

1389

00:54:25,510 --> 00:54:23,599

uh by the congress leads to here to

1390

00:54:27,670 --> 00:54:25,520

public hearings it's going to be another

1391

00:54:29,829 --> 00:54:27,680

watergate all over again and it's going

1392

00:54:32,150 --> 00:54:29,839

to make the impeachment of donald trump

1393

00:54:34,710 --> 00:54:32,160

and and watergate and the pentagon

1394

00:54:37,030 --> 00:54:34,720

papers look like a storybook uh you know

1395

00:54:39,349 --> 00:54:37,040

a little fairy tale compared to what

1396

00:54:40,789 --> 00:54:39,359

these witnesses will actually be able to

1397

00:54:41,829 --> 00:54:40,799

relate to the senate intelligence

1398

00:54:43,750 --> 00:54:41,839

committee so that's that's what i'm

1399

00:54:45,589 --> 00:54:43,760

looking forward to no absolutely i

1400

00:54:47,030 --> 00:54:45,599

completely agree i think it's great that

1401

00:54:48,390 --> 00:54:47,040

robert salas has

1402

00:54:50,309 --> 00:54:48,400

um he's going to be talking in the

1403

00:54:52,789 --> 00:54:50,319

national press club in what just under

1404

00:54:54,870 --> 00:54:52,799

two weeks october 19th you know that's

1405

00:54:57,190 --> 00:54:54,880

fantastic but i hope that is a precedent

1406

00:54:59,270 --> 00:54:57,200

for what we might see in a year's time

1407

00:55:01,750 --> 00:54:59,280

for example in some public congressional

1408

00:55:04,630 --> 00:55:01,760

hearings so i'm fully with you on that

1409

00:55:06,470 --> 00:55:04,640

um i'm just gonna throw up this question

1410

00:55:08,630 --> 00:55:06,480

megan t thank you for the five dollars

1411

00:55:11,589 --> 00:55:08,640

uh does he believe the rumor that tic

1412

00:55:14,470 --> 00:55:11,599

tacs are canadian

1413

00:55:18,549 --> 00:55:17,109

yeah that's a new one to me no uh tic

1414

00:55:21,829 --> 00:55:18,559

tacs

1415

00:55:23,430 --> 00:55:21,839

uh you mean the candy or the you

1416

00:55:25,589 --> 00:55:23,440

i think i'm sorry i don't i don't want

1417

00:55:27,829 --> 00:55:25,599

to be trite no uh

1418

00:55:30,789 --> 00:55:27,839

no i i don't i don't i don't think that

1419

00:55:32,710 --> 00:55:30,799

uh there may let's put it this way

1420

00:55:34,950 --> 00:55:32,720

with a number of citing reports that i

1421

00:55:36,309 --> 00:55:34,960

have read over the years

1422

00:55:41,910 --> 00:55:36,319

and

1423

00:55:45,190 --> 00:55:41,920

close to

1424

00:55:47,349 --> 00:55:45,200

half of the 9500 ufo files that are

1425

00:55:50,230 --> 00:55:47,359

evident on the canadian

1426

00:55:52,150 --> 00:55:50,240

library archives on ufos

1427

00:55:55,190 --> 00:55:52,160

a lot of the reports i'm being very

1428

00:55:59,190 --> 00:55:55,200

serious here vinnie a lot of the reports

1429

00:56:00,710 --> 00:55:59,200

that i have read about do describe ufos

1430

00:56:02,549 --> 00:56:00,720

as small

1431

00:56:03,990 --> 00:56:02,559

um

1432

00:56:05,910 --> 00:56:04,000

elliptical or whatever you want to call

1433

00:56:07,109 --> 00:56:05,920

it tic tac looking

1434

00:56:09,670 --> 00:56:07,119

uh

1435

00:56:12,150 --> 00:56:09,680

ufos um

1436

00:56:14,710 --> 00:56:12,160

they seem to have taken that shape in a

1437

00:56:16,710 --> 00:56:14,720

lot of reports yeah and you know light

1438

00:56:18,549 --> 00:56:16,720

comes out and it becomes this or that

1439

00:56:21,349 --> 00:56:18,559

and it jumps this way or it jumps that

1440

00:56:24,630 --> 00:56:21,359

way or it moved up and down with it with

1441

00:56:27,030 --> 00:56:24,640

a with a speed that's unrecognizable um

1442

00:56:28,950 --> 00:56:27,040

so i'm not being tug in cheek by saying

1443

00:56:31,109 --> 00:56:28,960

that some of the reports that i have

1444

00:56:35,750 --> 00:56:31,119

read to be really honest with with your

1445

00:56:41,510 --> 00:56:36,870

the

1446

00:56:44,789 --> 00:56:41,520

department or norad do in fact have is

1447

00:56:47,349 --> 00:56:44,799

gun camera videos or

1448

00:56:49,270 --> 00:56:47,359

reports that that are very similar to

1449

00:56:51,589 --> 00:56:49,280

the tic tac videos that luis elizondo

1450

00:56:54,630 --> 00:56:51,599

brought forward uh out of his experience

1451

00:56:57,109 --> 00:56:54,640

within the pentagon so uh in in all

1452

00:56:58,549 --> 00:56:57,119

with no jest at all i'm saying that some

1453

00:57:00,470 --> 00:56:58,559

of the stuff that's reported in canada

1454

00:57:02,150 --> 00:57:00,480

and other places in in

1455

00:57:04,789 --> 00:57:02,160

in in the throughout the globe peru and

1456

00:57:06,230 --> 00:57:04,799

chile are very very similar to the kinds

1457

00:57:08,789 --> 00:57:06,240

of things that were reported by the us

1458

00:57:11,430 --> 00:57:08,799

navy pilots wow that's interesting so

1459

00:57:13,109 --> 00:57:11,440

yeah it is it is yeah i i apologize if i

1460

00:57:14,950 --> 00:57:13,119

came across a bit harsh then but if

1461

00:57:15,829 --> 00:57:14,960

you've got any information or anything

1462

00:57:20,309 --> 00:57:15,839

that

1463

00:57:21,910 --> 00:57:20,319

i'd be interested to see it and

1464

00:57:23,190 --> 00:57:21,920

finally victor i think one thing i

1465

00:57:26,390 --> 00:57:23,200

really wanted to talk to you or touch

1466

00:57:28,789 --> 00:57:26,400

upon is isa now i've been lucky enough

1467

00:57:31,270 --> 00:57:28,799

to have a lot of communication and even

1468

00:57:33,270 --> 00:57:31,280

met up with gary hesseltein recently

1469

00:57:34,630 --> 00:57:33,280

to discuss it and i think this is

1470

00:57:36,470 --> 00:57:34,640

personally i think this is a really good

1471

00:57:38,710 --> 00:57:36,480

push forwards for

1472

00:57:40,230 --> 00:57:38,720

another example of a group coming

1473

00:57:43,030 --> 00:57:40,240

together outside of the government to

1474

00:57:44,470 --> 00:57:43,040

really push this subject forward what

1475

00:57:46,390 --> 00:57:44,480

how did you get involved and where do

1476

00:57:48,770 --> 00:57:46,400

you see this going in the future well

1477

00:57:51,910 --> 00:57:48,780

first of all how i got involved was uh

1478

00:57:51,910 --> 00:57:51,920

[Music]

1479

00:57:56,470 --> 00:57:54,470

with my good friend don schmidt um don

1480

00:57:58,710 --> 00:57:56,480

schmidt and i as i told you earlier i've

1481

00:58:00,470 --> 00:57:58,720

had a great rapport and uh experience

1482

00:58:02,630 --> 00:58:00,480

with don over the years i i've

1483

00:58:04,549 --> 00:58:02,640

interviewed him several times on back on

1484

00:58:06,549 --> 00:58:04,559

radio with strangers indeed uh with

1485

00:58:09,190 --> 00:58:06,559

errol bruce knapp and even on my own

1486

00:58:11,589 --> 00:58:09,200

podcast and we we communicate regularly

1487

00:58:13,430 --> 00:58:11,599

right and i guess it was

1488

00:58:15,270 --> 00:58:13,440

about a year ago maybe just a little bit

1489

00:58:17,030 --> 00:58:15,280

more than that

1490

00:58:18,230 --> 00:58:17,040

don

1491

00:58:20,390 --> 00:58:18,240

called me

1492

00:58:23,190 --> 00:58:20,400

and he said he gave me a bit of a

1493

00:58:24,950 --> 00:58:23,200

background on what on how icer began

1494

00:58:27,510 --> 00:58:24,960

with respect to how the china initiative

1495

00:58:30,630 --> 00:58:27,520

evolved was in place way back when and

1496

00:58:31,750 --> 00:58:30,640

how it kind of um it kind of

1497

00:58:33,750 --> 00:58:31,760

fell through

1498

00:58:35,190 --> 00:58:33,760

but he said that they were re they were

1499

00:58:36,950 --> 00:58:35,200

re-sort of

1500

00:58:39,190 --> 00:58:36,960

invigorating this initiative and

1501
00:58:40,549 --> 00:58:39,200
becoming icer

1502
00:58:43,430 --> 00:58:40,559
the international coalition for

1503
00:58:44,950 --> 00:58:43,440
extraterrestrial research and this this

1504
00:58:48,150 --> 00:58:44,960
group of people

1505
00:58:50,390 --> 00:58:48,160
were very very serious about gathering

1506
00:58:52,309 --> 00:58:50,400
as many representatives from as many

1507
00:58:55,910 --> 00:58:52,319
countries as possible

1508
00:58:57,589 --> 00:58:55,920
uh to to build a coalition of countries

1509
00:58:59,990 --> 00:58:57,599
and so they had representatives from

1510
00:59:02,069 --> 00:59:00,000
peru from uh you know spain and from

1511
00:59:04,390 --> 00:59:02,079
portugal the uk

1512
00:59:06,230 --> 00:59:04,400
denmark et cetera et cetera so they at

1513
00:59:08,789 --> 00:59:06,240

the time that i spoke to don initially i

1514

00:59:14,950 --> 00:59:11,430

17 or 18 um international

1515

00:59:17,109 --> 00:59:14,960

representatives from those countries and

1516

00:59:18,390 --> 00:59:17,119

didn't ask me if i wanted to be the

1517

00:59:20,309 --> 00:59:18,400

canadian rep

1518

00:59:22,470 --> 00:59:20,319

and i said my goodness after you know

1519

00:59:24,230 --> 00:59:22,480

hearing more about it and him explaining

1520

00:59:26,950 --> 00:59:24,240

the the direction they were going i said

1521

00:59:28,950 --> 00:59:26,960

by all means i will i will more than

1522

00:59:31,190 --> 00:59:28,960

want to become the canadian rep with

1523

00:59:33,190 --> 00:59:31,200

that so that's why i i fell involved

1524

00:59:34,630 --> 00:59:33,200

with with icer and became the canadian

1525

00:59:37,430 --> 00:59:34,640

rep and from there

1526

00:59:38,789 --> 00:59:37,440

uh you know it all of the um that the

1527

00:59:39,990 --> 00:59:38,799

meetings and discussions and the

1528

00:59:42,630 --> 00:59:40,000

activities

1529

00:59:45,829 --> 00:59:42,640

i got to learn that icer

1530

00:59:49,109 --> 00:59:45,839

the motivation behind icer is to move

1531

00:59:51,910 --> 00:59:49,119

beyond just regular governmental

1532

00:59:54,390 --> 00:59:51,920

um uh investigation about ufos now there

1533

00:59:57,190 --> 00:59:54,400

is sort of a scientific basis about it

1534

01:00:01,510 --> 00:59:57,200

but um what what isir wants to do is

1535

01:00:02,470 --> 01:00:01,520

make this an international issue whereby

1536

01:00:04,390 --> 01:00:02,480

all of the countries that are

1537

01:00:07,829 --> 01:00:04,400

represented represented right now i

1538

01:00:10,230 --> 01:00:07,839

think we have 27 or 28 representatives

1539

01:00:12,789 --> 01:00:10,240

and from those representatives

1540

01:00:16,150 --> 01:00:12,799

icers one of icer's main missions is to

1541

01:00:18,230 --> 01:00:16,160

somehow coalesce and be recognized by

1542

01:00:20,710 --> 01:00:18,240

the government of san marino

1543

01:00:22,710 --> 01:00:20,720

who because of that recognition

1544

01:00:25,190 --> 01:00:22,720

uh if we if we if we do get that

1545

01:00:28,230 --> 01:00:25,200

recognition from from san marino we can

1546

01:00:30,549 --> 01:00:28,240

go forward with um allowing icer to be

1547

01:00:33,589 --> 01:00:30,559

represented or at least make a overtures

1548

01:00:36,630 --> 01:00:33,599

to the united nations to give testimony

1549

01:00:38,309 --> 01:00:36,640

about the ufo issue and the whole

1550

01:00:42,309 --> 01:00:38,319

plethora of information about you at

1551

01:00:44,789 --> 01:00:42,319

uaps and then from that um develop some

1552

01:00:48,470 --> 01:00:44,799

sort of format where the united nations

1553

01:00:51,990 --> 01:00:48,480

or san marino can hold a yearly

1554

01:00:54,230 --> 01:00:52,000

ufo international congress to allow

1555

01:00:56,549 --> 01:00:54,240

everyone on the planet to plug into the

1556

01:00:58,549 --> 01:00:56,559

fact that this is an international issue

1557

01:01:01,829 --> 01:00:58,559

and it's kind of i think vinnie it's a

1558

01:01:03,510 --> 01:01:01,839

great idea because it's moving away from

1559

01:01:05,910 --> 01:01:03,520

um

1560

01:01:09,270 --> 01:01:05,920

the us being the uh

1561

01:01:11,030 --> 01:01:09,280

the the focal point of the uap issue

1562

01:01:12,950 --> 01:01:11,040

most people think that all the ufo

1563

01:01:15,109 --> 01:01:12,960

reports and all the same you know occur

1564

01:01:17,349 --> 01:01:15,119

in the united states which is which is

1565

01:01:21,109 --> 01:01:17,359

not in fact the truth it's a global

1566

01:01:22,549 --> 01:01:21,119

issue so if we yeah it no i i recognize

1567

01:01:24,390 --> 01:01:22,559

that perhaps

1568

01:01:26,069 --> 01:01:24,400

the united states congress is probably

1569

01:01:27,109 --> 01:01:26,079

at this point in time

1570

01:01:29,589 --> 01:01:27,119

making

1571

01:01:32,309 --> 01:01:29,599

the best political efforts about getting

1572

01:01:34,309 --> 01:01:32,319

this thing forward and i i do want to to

1573

01:01:36,950 --> 01:01:34,319

emphasize that because there's really no

1574

01:01:39,190 --> 01:01:36,960

other political um impetus right now

1575

01:01:41,030 --> 01:01:39,200

other than

1576

01:01:43,030 --> 01:01:41,040

what's happening in the universe

1577

01:01:44,150 --> 01:01:43,040

rather than the uh the us congress to

1578

01:01:45,829 --> 01:01:44,160

move this thing forward and i've got

1579

01:01:47,829 --> 01:01:45,839

i've got to give credit to that but i

1580

01:01:50,230 --> 01:01:47,839

think the realization has to eventually

1581

01:01:52,870 --> 01:01:50,240

evolve that this is a global issue that

1582

01:01:54,870 --> 01:01:52,880

affects every single planet uh pardon me

1583

01:01:56,390 --> 01:01:54,880

every single person on the planet

1584

01:01:57,750 --> 01:01:56,400

and and that it is something that we

1585

01:01:59,589 --> 01:01:57,760

must put forward in that way so i think

1586

01:02:01,349 --> 01:01:59,599

that's what iser is trying to do is make

1587

01:02:03,190 --> 01:02:01,359

this an international issue that

1588

01:02:05,430 --> 01:02:03,200

eventually we can put before

1589

01:02:07,510 --> 01:02:05,440

the united nations and have an open uh

1590

01:02:09,670 --> 01:02:07,520

dialogue about the whole discussion of

1591

01:02:11,510 --> 01:02:09,680

the uap issue that that's where i see

1592

01:02:14,549 --> 01:02:11,520

everything really going and being as

1593

01:02:16,390 --> 01:02:14,559

effective as we can internationally

1594

01:02:17,670 --> 01:02:16,400

yeah i think the

1595

01:02:19,190 --> 01:02:17,680

people have really

1596

01:02:21,109 --> 01:02:19,200

since they've seen the emergence of iso

1597

01:02:23,109 --> 01:02:21,119

i think they've really seen the standout

1598

01:02:25,109 --> 01:02:23,119

that it's taking it away like you said

1599

01:02:27,589 --> 01:02:25,119

away from the us and onto that global

1600

01:02:29,910 --> 01:02:27,599

scale and i think that's excited and and

1601

01:02:31,589 --> 01:02:29,920

sparked a fire in a lot of people so i

1602

01:02:33,349 --> 01:02:31,599

think that is exciting so i completely

1603

01:02:34,789 --> 01:02:33,359

agree and i look forward to seeing what

1604

01:02:36,870 --> 01:02:34,799

happens um

1605

01:02:38,549 --> 01:02:36,880

listen victor before we go

1606

01:02:41,109 --> 01:02:38,559

have you got anything planned coming up

1607

01:02:44,230 --> 01:02:41,119

in the future for yourself personally or

1608

01:02:46,230 --> 01:02:44,240

anything like that well right now um i'm

1609

01:02:47,190 --> 01:02:46,240

working like hell to get

1610

01:02:50,230 --> 01:02:47,200

to get

1611

01:02:52,309 --> 01:02:50,240

bob salas on the map uh supporting him

1612

01:02:54,870 --> 01:02:52,319

and getting his whole uh press

1613

01:02:57,349 --> 01:02:54,880

conference out into the open and just

1614

01:02:58,870 --> 01:02:57,359

today i'm gonna be um releasing this in

1615

01:03:00,069 --> 01:02:58,880

probably a few minutes

1616

01:03:03,029 --> 01:03:00,079

uh

1617

01:03:04,950 --> 01:03:03,039

i'm going to be suggesting um that as

1618

01:03:07,510 --> 01:03:04,960

many people as possible

1619

01:03:09,349 --> 01:03:07,520

communicate with journalists about the

1620

01:03:11,670 --> 01:03:09,359

press conferences coming up on october

1621

01:03:14,069 --> 01:03:11,680

19th i just did an interview with bob

1622

01:03:16,870 --> 01:03:14,079

salas um last week i'll be releasing

1623

01:03:18,470 --> 01:03:16,880

that hopefully if i can get it edited uh

1624

01:03:20,870 --> 01:03:18,480

by the end of this week

1625

01:03:23,029 --> 01:03:20,880

and getting that out i think it's really

1626
01:03:25,349 --> 01:03:23,039
important that everybody realize what

1627
01:03:28,150 --> 01:03:25,359
bob is doing here bob is putting

1628
01:03:30,150 --> 01:03:28,160
together a coalition of

1629
01:03:32,789 --> 01:03:30,160
people who have our direct witnesses

1630
01:03:34,950 --> 01:03:32,799
about the the nuclear missile shutdown

1631
01:03:37,349 --> 01:03:34,960
and why uh these extraterrestrials

1632
01:03:39,109 --> 01:03:37,359
whoever they are are are just simply

1633
01:03:41,270 --> 01:03:39,119
disabling these missiles

1634
01:03:43,109 --> 01:03:41,280
rather than shutting them down

1635
01:03:45,589 --> 01:03:43,119
that's that's a really really key

1636
01:03:47,270 --> 01:03:45,599
component of what bob is doing why are

1637
01:03:49,750 --> 01:03:47,280
these or these uh

1638
01:03:51,510 --> 01:03:49,760

craft just disabling these missiles

1639

01:03:53,190 --> 01:03:51,520

rather than destroying them there's

1640

01:03:54,789 --> 01:03:53,200

another intention there there's an

1641

01:03:57,349 --> 01:03:54,799

intentionality

1642

01:03:59,190 --> 01:03:57,359

by these extraterrestrials to to send us

1643

01:04:01,670 --> 01:03:59,200

a message that we have to eliminate

1644

01:04:03,109 --> 01:04:01,680

nuclear weapons so uh right now that's

1645

01:04:04,309 --> 01:04:03,119

one of the things that i'm really really

1646

01:04:06,150 --> 01:04:04,319

focusing on

1647

01:04:08,950 --> 01:04:06,160

and trying to get as many journalists as

1648

01:04:13,349 --> 01:04:08,960

possible to uh to recognize what bob is

1649

01:04:17,829 --> 01:04:15,270

the actual press conference and i've got

1650

01:04:19,510 --> 01:04:17,839

about 12 uh washington correspondents

1651
01:04:21,589 --> 01:04:19,520
from everyone from the you know new york

1652
01:04:24,309 --> 01:04:21,599
to the new york times to the detroit

1653
01:04:26,470 --> 01:04:24,319
free press uh the chicago tribune they

1654
01:04:29,190 --> 01:04:26,480
each have washington bureau

1655
01:04:30,470 --> 01:04:29,200
representatives in washington d.c and as

1656
01:04:32,309 --> 01:04:30,480
you know

1657
01:04:34,630 --> 01:04:32,319
this press conference will be at the

1658
01:04:42,710 --> 01:04:34,640
washington press club that yeah that

1659
01:04:47,430 --> 01:04:45,349
right so in the same building so i want

1660
01:04:49,109 --> 01:04:47,440
to get some of those people who are

1661
01:04:52,150 --> 01:04:49,119
washington i want to get them in that

1662
01:04:53,670 --> 01:04:52,160
building to listen to to all of the um

1663
01:04:55,109 --> 01:04:53,680

to all of the launch commanders that

1664

01:04:56,950 --> 01:04:55,119

were there and all the other witnesses

1665

01:04:58,710 --> 01:04:56,960

and read the actual affidavits i want

1666

01:05:01,190 --> 01:04:58,720

these people to get in that building to

1667

01:05:03,190 --> 01:05:01,200

hear the testimony and once they realize

1668

01:05:05,990 --> 01:05:03,200

that bob salas is authentic and all the

1669

01:05:08,710 --> 01:05:06,000

people that that did engage with the

1670

01:05:11,029 --> 01:05:08,720

shutdown of all those missiles multiple

1671

01:05:12,309 --> 01:05:11,039

12 15 of these things at a time they're

1672

01:05:14,390 --> 01:05:12,319

going to have to shake their head and

1673

01:05:16,950 --> 01:05:14,400

say what's really going on here and at

1674

01:05:19,430 --> 01:05:16,960

their risk if they deny it they will be

1675

01:05:21,029 --> 01:05:19,440

responsible for continuing the cover-up

1676

01:05:23,270 --> 01:05:21,039

so i'm going to lay it in their hands

1677

01:05:25,270 --> 01:05:23,280

laid on their shoulders to get there and

1678

01:05:27,109 --> 01:05:25,280

to understand what the hell is going on

1679

01:05:29,510 --> 01:05:27,119

and they have to realize that what went

1680

01:05:31,829 --> 01:05:29,520

on was real that was authentic and then

1681

01:05:34,230 --> 01:05:31,839

we are in being engaged by off-world

1682

01:05:35,589 --> 01:05:34,240

civilization so that to me is the

1683

01:05:37,990 --> 01:05:35,599

biggest impetus right now that i'm

1684

01:05:39,430 --> 01:05:38,000

working on now personally and i put my

1685

01:05:41,029 --> 01:05:39,440

own podcast and i'll be doing other

1686

01:05:43,750 --> 01:05:41,039

interviews but right now that's the

1687

01:05:45,670 --> 01:05:43,760

focus of my of my activities

1688

01:05:47,029 --> 01:05:45,680

that's fantastic and i completely agree

1689

01:05:48,950 --> 01:05:47,039

i've been promoting

1690

01:05:50,789 --> 01:05:48,960

the the stuff that bob salas has got

1691

01:05:53,510 --> 01:05:50,799

coming up as well on my own my own

1692

01:05:54,950 --> 01:05:53,520

channels and where where will we be able

1693

01:05:56,950 --> 01:05:54,960

to hear this interview that you've just

1694

01:05:59,349 --> 01:05:56,960

done with robert himself uh is that on

1695

01:06:01,109 --> 01:05:59,359

your podcast where can we find that uh

1696

01:06:02,549 --> 01:06:01,119

eventually if you go to zlan

1697

01:06:05,750 --> 01:06:02,559

communications

1698

01:06:07,190 --> 01:06:05,760

uh it does google z land z-l-a-n-d

1699

01:06:09,430 --> 01:06:07,200

communications

1700

01:06:11,190 --> 01:06:09,440

right now i the first thing i have up

1701

01:06:15,109 --> 01:06:11,200

there is a book review

1702

01:06:18,710 --> 01:06:15,119

uh by um the book written by richard

1703

01:06:20,470 --> 01:06:18,720

o'connor new ufos and nuclear weapons

1704

01:06:22,630 --> 01:06:20,480

and a new age of reason i interviewed

1705

01:06:24,789 --> 01:06:22,640

richard just last week i just published

1706

01:06:27,750 --> 01:06:24,799

part one of that interview so if they

1707

01:06:30,630 --> 01:06:27,760

want to go to ufo to zlan communications

1708

01:06:32,870 --> 01:06:30,640

and listen to that interview and then i

1709

01:06:34,630 --> 01:06:32,880

just actually i i was in the middle of

1710

01:06:36,549 --> 01:06:34,640

editing it last night so i'm going to

1711

01:06:37,670 --> 01:06:36,559

have bob salas's interview up and ready

1712

01:06:40,150 --> 01:06:37,680

to go

1713

01:06:45,670 --> 01:06:40,160

hopefully uh by thursday or friday of

1714

01:06:50,390 --> 01:06:47,910

and listen to that too probably by

1715

01:06:52,309 --> 01:06:50,400

monday of next week if not sooner lovely

1716

01:06:53,910 --> 01:06:52,319

i'll make sure that i pop the links in

1717

01:06:55,270 --> 01:06:53,920

the description of this video below so

1718

01:06:57,029 --> 01:06:55,280

that everyone that watches it can go

1719

01:06:59,349 --> 01:06:57,039

ahead and just click it and go straight

1720

01:07:01,510 --> 01:06:59,359

there so yeah i think it's very short

1721
