yeah all right i'm still buzzing off

74

00:03:22,869 --> 00:03:20,959

that intro man

75

00:03:25,030 --> 00:03:22,879

namaste

76

00:03:25,990 --> 00:03:25,040

inhale vinnie

77

00:03:28,470 --> 00:03:26,000

herrera

78

00:03:30,630 --> 00:03:28,480

okay we're not gonna do yoga but we can

79

00:03:32,229 --> 00:03:30,640

do an online yoga later on that's later

80

00:03:33,830 --> 00:03:32,239

that sounds good man i'm guessing you've

81

00:03:36,229 --> 00:03:33,840

already done your yoga for the day am i

82

00:03:38,149 --> 00:03:36,239

right oh i did yoga i went in the water

83

00:03:40,390 --> 00:03:38,159

went swamped a little open water

84

00:03:42,309 --> 00:03:40,400

swimming and then uh i need to do

85

00:03:43,190 --> 00:03:42,319

something to get ready for you man

86

00:03:45,030 --> 00:03:43,200

ah

87

00:03:47,190 --> 00:03:45,040

man bless you thank you so much but

88

00:03:48,710 --> 00:03:47,200

listen this is going to be one of those

89

00:03:50,710 --> 00:03:48,720

conversations where we just let the

90

00:03:54,229 --> 00:03:50,720

conversation flow and it goes where it

91

00:03:56,710 --> 00:03:54,239

goes you know um but i you know as far

92

00:03:58,149 --> 00:03:56,720

as people finding out about you let's

93

00:03:59,270 --> 00:03:58,159

let's go back to where it all started i

94

00:04:01,270 --> 00:03:59,280

mean not

95

00:04:03,509 --> 00:04:01,280

literally where it all started but

96

00:04:05,429 --> 00:04:03,519

your early experiences and i believe you

97

00:04:07,190 --> 00:04:05,439

had a sighting at quite an early age do

98

00:04:10,710 --> 00:04:07,200

you mind talking about that

99

00:04:13,429 --> 00:04:10,720

yeah um i was on my parents ranch uh in

100

00:04:16,069 --> 00:04:13,439

suburban new york peak skill new york uh

101
00:04:18,150 --> 00:04:16,079
rural area and a friend of mine and i

102
00:04:19,590 --> 00:04:18,160
there was another 14 year old we're

103
00:04:20,550 --> 00:04:19,600
walking home

104
00:04:22,150 --> 00:04:20,560
and

105
00:04:24,230 --> 00:04:22,160
we're sort of down in the valley so

106
00:04:26,310 --> 00:04:24,240
we're sort of looking up

107
00:04:28,950 --> 00:04:26,320
at uh that basically the horizon was

108
00:04:31,030 --> 00:04:28,960
formed by the tree line that it was that

109
00:04:32,310 --> 00:04:31,040
it was up above and were walking uphill

110
00:04:34,310 --> 00:04:32,320
to the street so i could cross the

111
00:04:35,830 --> 00:04:34,320
street and and go home where my home was

112
00:04:38,950 --> 00:04:35,840
across from the ranch

113
00:04:41,990 --> 00:04:38,960

and um we're walking it's a sunday night

114

00:04:44,310 --> 00:04:42,000

in peak skill and all of a sudden i see

115

00:04:45,830 --> 00:04:44,320

something rise above the tree line it

116

00:04:48,150 --> 00:04:45,840

could have come overhead and i didn't

117

00:04:49,830 --> 00:04:48,160

see it over my head but by the time i

118

00:04:51,430 --> 00:04:49,840

saw it it was above that tree line right

119

00:04:56,150 --> 00:04:51,440

above the horizon

120

00:04:57,189 --> 00:04:56,160

was lit up with all these different

121

00:04:58,950 --> 00:04:57,199

colors

122

00:05:00,710 --> 00:04:58,960

completely silent

123

00:05:01,830 --> 00:05:00,720

and i was sitting there going holy

124

00:05:03,510 --> 00:05:01,840

this is like

125

00:05:05,510 --> 00:05:03,520

this looks like a close encounters of

126

00:05:07,189 --> 00:05:05,520

the third kind but there's no music

127

00:05:08,550 --> 00:05:07,199

playing

128

00:05:11,830 --> 00:05:08,560

you know what i mean it was like there's

129

00:05:13,270 --> 00:05:11,840

no noise yeah there's no noise i mean

130

00:05:16,390 --> 00:05:13,280

the best stories i've heard out there

131

00:05:18,469 --> 00:05:16,400

are like andy and luis jimenez have uh

132

00:05:21,350 --> 00:05:18,479

andy andy uh mcgrillen chilling with

133

00:05:23,430 --> 00:05:21,360

mcgrillen and um those guys have great

134

00:05:24,870 --> 00:05:23,440

stories this really this thing sort of

135

00:05:26,870 --> 00:05:24,880

floated away

136

00:05:29,749 --> 00:05:26,880

and it floated over in the direction of

137

00:05:31,990 --> 00:05:29,759

where james is from mohegan lake

138

00:05:33,110 --> 00:05:32,000

over near yorktown heights and yorktown

139

00:05:35,110 --> 00:05:33,120

heights was

140

00:05:36,790 --> 00:05:35,120

there are some great narratives uh in

141

00:05:39,110 --> 00:05:36,800

the hudson valley ufo books about the

142

00:05:42,070 --> 00:05:39,120

yorktown heights police officers phoning

143

00:05:44,710 --> 00:05:42,080

in uh triangular craft i saw a rear

144

00:05:47,749 --> 00:05:44,720

aspect so i did not see the shape

145

00:05:49,270 --> 00:05:47,759

i saw something that lit up the sky

146

00:05:51,909 --> 00:05:49,280

totally silent

147

00:05:55,029 --> 00:05:51,919

not the goodyear blimp over peak skill

148

00:05:56,870 --> 00:05:55,039

on a sunday night with no football game

149

00:05:59,830 --> 00:05:56,880

especially since yeah uh football was

150

00:06:00,950 --> 00:05:59,840

probably a good 60 miles away in jersey

151
00:06:03,350 --> 00:06:00,960
so anyway

152
00:06:05,909 --> 00:06:03,360
so that that's what happened and um

153
00:06:07,909 --> 00:06:05,919
that was probably the first time that i

154
00:06:09,830 --> 00:06:07,919
started thinking about

155
00:06:10,950 --> 00:06:09,840
beyond the mathematical equation of wow

156
00:06:12,550 --> 00:06:10,960
there must be something else in the

157
00:06:17,110 --> 00:06:12,560
universe something you probably thought

158
00:06:20,469 --> 00:06:17,120
about right yeah oh my god of course

159
00:06:22,150 --> 00:06:20,479
you say that it was quite lit up and

160
00:06:23,510 --> 00:06:22,160
could it have been a triangle like

161
00:06:25,830 --> 00:06:23,520
looking from the back just seeing that

162
00:06:27,830 --> 00:06:25,840
flat edge or could it have been a disc

163
00:06:29,749 --> 00:06:27,840

well i don't want to

164

00:06:31,749 --> 00:06:29,759

put anything into the story that i

165

00:06:34,550 --> 00:06:31,759

didn't see or don't remember sure

166

00:06:36,629 --> 00:06:34,560

couldn't and and rear aspect

167

00:06:39,670 --> 00:06:36,639

uh meant that

168

00:06:41,909 --> 00:06:39,680

i'm seeing it floating away so i'm not

169

00:06:44,309 --> 00:06:41,919

seeing the dimension of it where i could

170

00:06:47,110 --> 00:06:44,319

get underneath and do one of these

171

00:06:48,550 --> 00:06:47,120

and see what shape that craft was

172

00:06:50,469 --> 00:06:48,560

or see

173

00:06:52,150 --> 00:06:50,479

right or get any any information like

174

00:06:53,270 --> 00:06:52,160

that i just saw

175

00:06:56,950 --> 00:06:53,280

kind of

176

00:06:58,469 --> 00:06:56,960

different color lights

177

00:07:01,510 --> 00:06:58,479

and just like holy dude there's a

178

00:07:03,830 --> 00:07:01,520

ufo so i found this gentleman uh kenny

179

00:07:05,990 --> 00:07:03,840

good after

180

00:07:07,909 --> 00:07:06,000

20 i never told my mother never told my

181

00:07:10,150 --> 00:07:07,919

father never told my brother never told

182

00:07:13,189 --> 00:07:10,160

my wife and tell anybody

183

00:07:15,350 --> 00:07:13,199

um because we agreed right there that if

184

00:07:17,029 --> 00:07:15,360

we're having a sleepover and i was like

185

00:07:18,870 --> 00:07:17,039

if i tell

186

00:07:21,830 --> 00:07:18,880

they're going my father's going to think

187

00:07:23,589 --> 00:07:21,840

i'm lying or making it up and i don't

188

00:07:25,589 --> 00:07:23,599

want to be made a fool of

189

00:07:27,029 --> 00:07:25,599

so let's just not talk about it it's

190

00:07:28,150 --> 00:07:27,039

very difficult to kind of get to sleep

191

00:07:29,510 --> 00:07:28,160

that night

192

00:07:31,909 --> 00:07:29,520

thinking about it

193

00:07:33,830 --> 00:07:31,919

and um i didn't talk about it until

194

00:07:35,749 --> 00:07:33,840

about 2010

195

00:07:37,670 --> 00:07:35,759

when i was just one year from retiring

196

00:07:39,510 --> 00:07:37,680

from the air force i called kenny from

197

00:07:41,589 --> 00:07:39,520

facebook i got his number

198

00:07:42,950 --> 00:07:41,599

and i said hey dude within a minute of

199

00:07:44,469 --> 00:07:42,960

being on the phone was like hey dude did

200

00:07:46,469 --> 00:07:44,479

that happen like did i dream that he

201
00:07:48,150 --> 00:07:46,479
goes no man that happened

202
00:07:50,550 --> 00:07:48,160
that totally happened

203
00:07:52,390 --> 00:07:50,560
and in relation sorry go on go on no no

204
00:07:55,110 --> 00:07:52,400
well just just just to finish it up i

205
00:07:57,189 --> 00:07:55,120
ended up i was doing an mma i've been

206
00:07:58,710 --> 00:07:57,199
podcasting about mma for probably like

207
00:08:01,430 --> 00:07:58,720
11 years

208
00:08:03,270 --> 00:08:01,440
on and off yeah yeah so i was doing an

209
00:08:05,430 --> 00:08:03,280
mma podcast and we started talking about

210
00:08:07,350 --> 00:08:05,440
dave fraver and just in the middle of

211
00:08:10,150 --> 00:08:07,360
talking about dave fraver with my two

212
00:08:11,589 --> 00:08:10,160
co-hosts mma co-host i just started

213
00:08:13,909 --> 00:08:11,599

talking about my experience for the

214

00:08:16,790 --> 00:08:13,919

first time wow it's like coming out of

215

00:08:19,110 --> 00:08:16,800

the closet so the next episode i called

216

00:08:21,749 --> 00:08:19,120

kenny good and and i had him on the old

217

00:08:25,189 --> 00:08:21,759

mma show to talk ufos and then it wasn't

218

00:08:27,350 --> 00:08:25,199

long after that i just switched formats

219

00:08:28,309 --> 00:08:27,360

met nathan and started uh calling all

220

00:08:30,390 --> 00:08:28,319

beings

221

00:08:31,830 --> 00:08:30,400

that's incredible i had no idea you did

222

00:08:34,070 --> 00:08:31,840

the whole mma thing you'd get on really

223

00:08:35,670 --> 00:08:34,080

well with max moskowitz then because he

224

00:08:36,949 --> 00:08:35,680

he kind of did the same his podcast

225

00:08:38,790 --> 00:08:36,959

started off talking about the sort of

226

00:08:42,550 --> 00:08:38,800

fight scene in mma

227

00:08:44,389 --> 00:08:42,560

wow that's interesting man yep bam so

228

00:08:47,269 --> 00:08:44,399

i'd love i love max too i'd love to have

229

00:08:49,990 --> 00:08:47,279

him i i want to get into your

230

00:08:53,030 --> 00:08:50,000

military career but i do have a little

231

00:08:58,710 --> 00:08:53,040

surprise for you oh are you ready i'm

232

00:08:58,720 --> 00:09:05,990

what's going on nathan

233

00:09:10,230 --> 00:09:08,150

there he is nathan thank you so much for

234

00:09:11,910 --> 00:09:10,240

doing this i wanted to surprise dj with

235

00:09:13,750 --> 00:09:11,920

a little uh

236

00:09:15,910 --> 00:09:13,760

you're playing my own games against me

237

00:09:17,990 --> 00:09:15,920

this is my game i'm the one that

238

00:09:19,509 --> 00:09:18,000

surprises people but turnabout is fair

239

00:09:21,030 --> 00:09:19,519

player right vinnie

240

00:09:23,190 --> 00:09:21,040

hey you know

241

00:09:26,070 --> 00:09:23,200

it's all fun and games sometimes in this

242

00:09:27,670 --> 00:09:26,080

in this thing well nathan

243

00:09:29,910 --> 00:09:27,680

yeah man yeah

244

00:09:32,310 --> 00:09:29,920

but nathan you can't stay all night so

245

00:09:33,829 --> 00:09:32,320

that's right yeah thank you but yeah

246

00:09:36,230 --> 00:09:33,839

thank you man thank you for jumping in

247

00:09:38,230 --> 00:09:36,240

because you know your guys show is

248

00:09:40,949 --> 00:09:38,240

incredible so what we'll do is dj if we

249

00:09:42,949 --> 00:09:40,959

can talk about the podcast now you and

250

00:09:44,550 --> 00:09:42,959

nathan and then we can get back to your

251
00:09:46,470 --> 00:09:44,560
kind of military stuff when nathan

252
00:09:47,590 --> 00:09:46,480
nathan has to leave but

253
00:09:49,670 --> 00:09:47,600
yeah so

254
00:09:51,350 --> 00:09:49,680
how did you two guys meet who decided

255
00:09:53,350 --> 00:09:51,360
first they wanted to do a podcast based

256
00:09:55,269 --> 00:09:53,360
around this subject and like where did

257
00:09:58,389 --> 00:09:55,279
it spring from

258
00:10:00,790 --> 00:09:58,399
um so i i was uh i had decided that i

259
00:10:03,670 --> 00:10:00,800
was gonna switch over to ufos i hadn't

260
00:10:05,670 --> 00:10:03,680
switched the name yet uh but i had andy

261
00:10:07,829 --> 00:10:05,680
on you know andy and i andy's my first

262
00:10:10,069 --> 00:10:07,839
friend in the community and we started

263
00:10:12,630 --> 00:10:10,079

to communicate over whatsapp

264

00:10:13,509 --> 00:10:12,640

and call one another so and so forth

265

00:10:15,910 --> 00:10:13,519

um

266

00:10:18,470 --> 00:10:15,920

and then i uh i had him on one day the

267

00:10:20,389 --> 00:10:18,480

second time i had him on uh i think i

268

00:10:22,790 --> 00:10:20,399

had him on i had luis on so i had a

269

00:10:24,069 --> 00:10:22,800

couple of the big guys right away

270

00:10:25,670 --> 00:10:24,079

and then um

271

00:10:26,550 --> 00:10:25,680

nathan called in

272

00:10:34,230 --> 00:10:26,560

and

273

00:10:36,630 --> 00:10:34,240

like i'm going to look at you vinnie i'm

274

00:10:37,829 --> 00:10:36,640

where i'm going

275

00:10:40,069 --> 00:10:37,839

that's kind of like one of these i'm

276

00:10:41,750 --> 00:10:40,079

like do you hear this guy he's i'm like

277

00:10:43,590 --> 00:10:41,760

mate i'm like nathan you know it was

278

00:10:45,590 --> 00:10:43,600

great having you on i'm going to dm you

279

00:10:47,910 --> 00:10:45,600

and we're going to talk immediately i'm

280

00:10:49,350 --> 00:10:47,920

dming this guy and said it was amazing i

281

00:10:51,670 --> 00:10:49,360

want to have you on again

282

00:10:53,910 --> 00:10:51,680

so i said will you be my co-host for the

283

00:10:56,470 --> 00:10:53,920

next episode so we started doing that

284

00:10:58,630 --> 00:10:56,480

and then finally um it came around i

285

00:11:01,509 --> 00:10:58,640

said you know uh i i'd like to you know

286

00:11:04,470 --> 00:11:01,519

you to be my co-host to a show together

287

00:11:06,310 --> 00:11:04,480

and he came up with calling all beings i

288

00:11:07,750 --> 00:11:06,320

came up with a really stupid name and it

289

00:11:09,590 --> 00:11:07,760

turned out

290

00:11:10,630 --> 00:11:09,600

that it was brilliant so

291

00:11:13,509 --> 00:11:10,640

there he is

292

00:11:15,509 --> 00:11:13,519

the guy's amazing he's made my

293

00:11:17,829 --> 00:11:15,519

um he's everything that i'm not he's

294

00:11:20,470 --> 00:11:17,839

smart in the areas where i'm not

295

00:11:22,949 --> 00:11:20,480

um he cares about people and loves

296

00:11:24,389 --> 00:11:22,959

people the same way that i do

297

00:11:26,550 --> 00:11:24,399

and that's where we

298

00:11:30,790 --> 00:11:26,560

we we have a connection we we'd like to

299

00:11:32,470 --> 00:11:30,800

see people uh happy and we like to make

300

00:11:34,630 --> 00:11:32,480

them feel well

301
00:11:36,949 --> 00:11:34,640
about what they're doing with us

302
00:11:39,350 --> 00:11:36,959
nice man let's hear your side of things

303
00:11:40,870 --> 00:11:39,360
nathan yeah it's nothing like that

304
00:11:43,269 --> 00:11:40,880
everything he just said is totally no

305
00:11:46,150 --> 00:11:43,279
just kidding uh yeah exactly as he's as

306
00:11:48,870 --> 00:11:46,160
he described and i think

307
00:11:50,790 --> 00:11:48,880
you know dj is the kind of guy that

308
00:11:53,509 --> 00:11:50,800
has your back all the time 100 of the

309
00:11:55,269 --> 00:11:53,519
way all the time and i identified with

310
00:11:57,269 --> 00:11:55,279
that right away

311
00:11:59,030 --> 00:11:57,279
and the fact that he was so interested

312
00:12:01,030 --> 00:11:59,040
in kind of getting this going

313
00:12:03,590 --> 00:12:01,040

it's something i always wanted to do but

314

00:12:05,110 --> 00:12:03,600

didn't really have the uh sort of guts

315

00:12:07,110 --> 00:12:05,120

to take that first step he'd already

316

00:12:08,470 --> 00:12:07,120

been out there doing his thing and you

317

00:12:10,310 --> 00:12:08,480

know basically just said hey come with

318

00:12:11,590 --> 00:12:10,320

me and like reach his hand back come

319

00:12:13,670 --> 00:12:11,600

with me we'll do this i'm like all right

320

00:12:15,990 --> 00:12:13,680

well you know why not let let's go so i

321

00:12:17,110 --> 00:12:16,000

started out in ufo twitter um a few

322

00:12:19,190 --> 00:12:17,120

years ago

323

00:12:20,790 --> 00:12:19,200

just as a kind of a lurker account which

324

00:12:22,230 --> 00:12:20,800

i'm sure a lot of you know a lot of our

325

00:12:23,910 --> 00:12:22,240

listeners a lot of your listeners you

326

00:12:25,990 --> 00:12:23,920

know they're just really kind of taking

327

00:12:27,829 --> 00:12:26,000

in the content right and that's totally

328

00:12:28,710 --> 00:12:27,839

fine i've been again doing that for

329

00:12:29,590 --> 00:12:28,720

years

330

00:12:32,310 --> 00:12:29,600

um

331

00:12:33,990 --> 00:12:32,320

and when i first started getting into uh

332

00:12:35,990 --> 00:12:34,000

sort of putting my foot into the uh

333

00:12:37,190 --> 00:12:36,000

conversation more actively with andy's

334

00:12:39,030 --> 00:12:37,200

show

335

00:12:41,190 --> 00:12:39,040

i was not uh sort of

336

00:12:43,030 --> 00:12:41,200

public facing i still had just kind of

337

00:12:45,750 --> 00:12:43,040

presenting myself as either a voice or

338

00:12:47,590 --> 00:12:45,760

an avatar uh didn't go on cam or

339

00:12:49,269 --> 00:12:47,600

anything and you know dj was sort of

340

00:12:50,710 --> 00:12:49,279

like subtly like all right now let's uh

341

00:12:52,710 --> 00:12:50,720

you know come on like

342

00:12:55,110 --> 00:12:52,720

come outside and play uh and so

343

00:12:57,430 --> 00:12:55,120

eventually you know i did and here i am

344

00:12:59,509 --> 00:12:57,440

uh i wanted to echo kind of what he said

345

00:13:02,710 --> 00:12:59,519

that you know one of our one of the

346

00:13:05,030 --> 00:13:02,720

missions of our show is to ha is have

347

00:13:07,509 --> 00:13:05,040

fun first and foremost but but secondly

348

00:13:10,790 --> 00:13:07,519

i think elevate this conversation in a

349

00:13:13,030 --> 00:13:10,800

way that makes everybody feel welcome um

350

00:13:14,069 --> 00:13:13,040

and you know we have i think in a vinnie

351

00:13:15,590 --> 00:13:14,079

i think i've

352

00:13:17,670 --> 00:13:15,600

watched your show and i feel like you

353

00:13:20,629 --> 00:13:17,680

share a similar passion you know for

354

00:13:22,470 --> 00:13:20,639

that uh the way in which you you know

355

00:13:24,790 --> 00:13:22,480

you do outreach uh the way that you kind

356

00:13:26,629 --> 00:13:24,800

of bring people into your community uh

357

00:13:29,030 --> 00:13:26,639

the way that you interact on on twitter

358

00:13:30,870 --> 00:13:29,040

i mean it's just obvious i think to us

359

00:13:32,069 --> 00:13:30,880

you know that you're a kindred spirit in

360

00:13:34,069 --> 00:13:32,079

that regard because at the end of the

361

00:13:36,470 --> 00:13:34,079

day this is a conversation that involves

362

00:13:37,910 --> 00:13:36,480

all of us and i think we don't look at

363

00:13:39,750 --> 00:13:37,920

this as a

364

00:13:41,670 --> 00:13:39,760

necessarily as like

365

00:13:43,829 --> 00:13:41,680

purely entertainment we look at our show

366

00:13:46,389 --> 00:13:43,839

as a means to have a conversation

367

00:13:48,790 --> 00:13:46,399

and twitter as great as it is isn't

368

00:13:50,310 --> 00:13:48,800

really the best place for a conversation

369

00:13:52,470 --> 00:13:50,320

um you know

370

00:13:54,310 --> 00:13:52,480

sniping on twitter might feel good but

371

00:13:56,790 --> 00:13:54,320

it doesn't really help us i come to a

372

00:13:59,110 --> 00:13:56,800

better understanding uh and and

373

00:14:01,189 --> 00:13:59,120

ultimately get closer to figuring out

374

00:14:03,750 --> 00:14:01,199

what this actually is

375

00:14:05,670 --> 00:14:03,760

yeah well said man i completely agree

376

00:14:07,350 --> 00:14:05,680

and i do feel like i am a kindred spirit

377

00:14:10,230 --> 00:14:07,360

you know um

378

00:14:11,829 --> 00:14:10,240

there's too much negativity and

379

00:14:14,829 --> 00:14:11,839

you know in this subject where there is

380

00:14:17,189 --> 00:14:14,839

really no answers yeah but so many

381

00:14:19,509 --> 00:14:17,199

people find aggression when there's

382

00:14:20,870 --> 00:14:19,519

disagreements in opinions

383

00:14:22,629 --> 00:14:20,880

and it's nice to meet people like both

384

00:14:23,910 --> 00:14:22,639

of you guys who on twitter especially

385

00:14:27,030 --> 00:14:23,920

just

386

00:14:28,790 --> 00:14:27,040

give off that that really nice welcoming

387

00:14:31,110 --> 00:14:28,800

vibe that really just makes you feel

388

00:14:33,269 --> 00:14:31,120

like you have friends on that space on

389

00:14:35,350 --> 00:14:33,279

that platform you know so i have to

390

00:14:36,870 --> 00:14:35,360

thank you both for that but nathan one

391

00:14:38,550 --> 00:14:36,880

thing about you that i really am aware

392

00:14:40,150 --> 00:14:38,560

of is that you've been um

393

00:14:41,829 --> 00:14:40,160

you you you really know your stuff you

394

00:14:43,910 --> 00:14:41,839

ask a lot of questions i know you've

395

00:14:46,470 --> 00:14:43,920

been following um andy and dan at that

396

00:14:48,310 --> 00:14:46,480

ufo podcast for a while and it's funny

397

00:14:50,629 --> 00:14:48,320

because i just recorded an episode with

398

00:14:52,710 --> 00:14:50,639

them before this for

399

00:14:54,870 --> 00:14:52,720

the new kgra show and i think you had

400

00:14:56,069 --> 00:14:54,880

even had a question in there so

401
00:14:58,069 --> 00:14:56,079
yeah i hope

402
00:14:59,430 --> 00:14:58,079
i'm saying this now but when you list

403
00:15:01,350 --> 00:14:59,440
some other people listen to it later in

404
00:15:02,949 --> 00:15:01,360
the week it might make sense so i hope i

405
00:15:04,790 --> 00:15:02,959
did your question

406
00:15:07,269 --> 00:15:04,800
justice i'm still not used to all this

407
00:15:09,189 --> 00:15:07,279
recording stuff right nice yeah i

408
00:15:11,030 --> 00:15:09,199
appreciate it i've been a part of their

409
00:15:12,710 --> 00:15:11,040
group for a little while um and of

410
00:15:14,230 --> 00:15:12,720
course was drawn to andy in many of the

411
00:15:15,990 --> 00:15:14,240
same reasons why you know i'm drawn to

412
00:15:18,389 --> 00:15:16,000
dj drawn to you

413
00:15:20,870 --> 00:15:18,399

they do a great job of hosting that

414

00:15:23,030 --> 00:15:20,880

conversation asking good questions and

415

00:15:24,710 --> 00:15:23,040

really getting people thinking in a way

416

00:15:26,870 --> 00:15:24,720

that i think moves this conversation

417

00:15:28,949 --> 00:15:26,880

forward as opposed to you know just kind

418

00:15:30,470 --> 00:15:28,959

of pulls out all the the worst elements

419

00:15:32,870 --> 00:15:30,480

of people

420

00:15:34,230 --> 00:15:32,880

yeah completely and dj's

421

00:15:35,990 --> 00:15:34,240

i'm sorry this is your interview but i'm

422

00:15:38,150 --> 00:15:36,000

going to ask one more big question

423

00:15:40,629 --> 00:15:38,160

nathan i i appreciate it

424

00:15:43,030 --> 00:15:40,639

he's i love nathan and he's going to be

425

00:15:45,189 --> 00:15:43,040

a huge person in this community he

426

00:15:47,269 --> 00:15:45,199

really is i agree but nathan i have to

427

00:15:48,550 --> 00:15:47,279

ask have you ever had a sighting or an

428

00:15:50,710 --> 00:15:48,560

experience

429

00:15:52,150 --> 00:15:50,720

no i haven't and this is sort of part in

430

00:15:54,870 --> 00:15:52,160

part i guess what drives me to the

431

00:15:56,310 --> 00:15:54,880

subject to begin with so i know people

432

00:15:57,749 --> 00:15:56,320

are driven to it because they've had a

433

00:15:59,670 --> 00:15:57,759

sighting i'm driven to it because i

434

00:16:01,749 --> 00:15:59,680

haven't uh

435

00:16:05,030 --> 00:16:01,759

you know i grew up in a

436

00:16:06,550 --> 00:16:05,040

a very religious kind of household

437

00:16:08,470 --> 00:16:06,560

not a

438

00:16:10,230 --> 00:16:08,480

i had to kind of qualify that statement

439

00:16:11,269 --> 00:16:10,240

i think a lot of people

440

00:16:12,790 --> 00:16:11,279

when they think about religion

441

00:16:14,069 --> 00:16:12,800

particularly religion in america they

442

00:16:16,150 --> 00:16:14,079

have a very sort of

443

00:16:18,710 --> 00:16:16,160

monolithic view of what that might look

444

00:16:21,350 --> 00:16:18,720

like but the house that i grew up in was

445

00:16:23,269 --> 00:16:21,360

um very sort of academically open-minded

446

00:16:25,110 --> 00:16:23,279

you know so even though i had a strong

447

00:16:26,949 --> 00:16:25,120

religious kind of context i was

448

00:16:29,189 --> 00:16:26,959

encouraged to

449

00:16:31,430 --> 00:16:29,199

explore and ask questions and be curious

450

00:16:32,629 --> 00:16:31,440

and and have doubts and all those kinds

451
00:16:35,110 --> 00:16:32,639
of things

452
00:16:37,350 --> 00:16:35,120
so i grew up with a strong affinity for

453
00:16:39,590 --> 00:16:37,360
uh religion and religious tradition all

454
00:16:40,870 --> 00:16:39,600
that kind of thing and and wanted a

455
00:16:44,870 --> 00:16:40,880
connection

456
00:16:45,910 --> 00:16:44,880
with those greater

457
00:16:49,030 --> 00:16:45,920
things

458
00:16:50,629 --> 00:16:49,040
uh as i grew older and pursued that in

459
00:16:51,990 --> 00:16:50,639
an academic way

460
00:16:54,389 --> 00:16:52,000
i kind of came to this place where i was

461
00:16:56,470 --> 00:16:54,399
like you know what i'm in this for the

462
00:16:58,470 --> 00:16:56,480
for the knowledge for the academics for

463
00:16:59,430 --> 00:16:58,480

the philosophy of it more so than i'm in

464

00:17:04,870 --> 00:16:59,440

it

465

00:17:07,029 --> 00:17:04,880

even though i went to school to study

466

00:17:08,789 --> 00:17:07,039

this kind of stuff i never really

467

00:17:11,029 --> 00:17:08,799

made much out of that and kind of turned

468

00:17:13,510 --> 00:17:11,039

away from those

469

00:17:14,949 --> 00:17:13,520

beliefs and faith concepts in my in my

470

00:17:16,789 --> 00:17:14,959

adult life

471

00:17:19,909 --> 00:17:16,799

this subject ironically has brought me

472

00:17:23,270 --> 00:17:19,919

back to being more uh sort of open to

473

00:17:25,429 --> 00:17:23,280

the mystical uh to the unknown you know

474

00:17:27,110 --> 00:17:25,439

there was definitely a period of my life

475

00:17:28,230 --> 00:17:27,120

a good chunk of it where i was more of

476

00:17:30,549 --> 00:17:28,240

an atheist

477

00:17:32,789 --> 00:17:30,559

uh more of an agnostic

478

00:17:34,950 --> 00:17:32,799

you know really downplayed a lot of the

479

00:17:36,630 --> 00:17:34,960

historical kind of uh

480

00:17:37,990 --> 00:17:36,640

mystical things in christianity or

481

00:17:41,029 --> 00:17:38,000

whatnot said you know all that that's

482

00:17:43,110 --> 00:17:41,039

just kind of metaphor or it's uh you

483

00:17:45,590 --> 00:17:43,120

know it's just embellishment or whatever

484

00:17:47,669 --> 00:17:45,600

but this subject has kind of turned the

485

00:17:49,909 --> 00:17:47,679

tables on all that and gonna maybe look

486

00:17:52,950 --> 00:17:49,919

at all those things with sort of fresh

487

00:17:55,029 --> 00:17:52,960

eyes and say okay wait a minute maybe

488

00:17:56,789 --> 00:17:55,039

ancient people weren't just you know

489

00:17:58,390 --> 00:17:56,799

making up stories you know maybe there

490

00:18:00,710 --> 00:17:58,400

was something to

491

00:18:04,070 --> 00:18:00,720

these sightings and experiences

492

00:18:06,390 --> 00:18:04,080

that ties into what we are seeing today

493

00:18:08,630 --> 00:18:06,400

with aspects of the phenomenon

494

00:18:11,350 --> 00:18:08,640

absolutely man really well said i could

495

00:18:13,590 --> 00:18:11,360

see why you are natural on a podcast man

496

00:18:16,070 --> 00:18:13,600

heart bubble emojis every time i listen

497

00:18:18,390 --> 00:18:16,080

to this man talk heart bubble emojis are

498

00:18:21,110 --> 00:18:18,400

floating around my head amazing we're

499

00:18:22,549 --> 00:18:21,120

gonna have a divinity round table vin i

500

00:18:24,230 --> 00:18:22,559

hate to say vin twice in the same

501
00:18:27,590 --> 00:18:24,240
sentence but i did

502
00:18:30,710 --> 00:18:27,600
we're gonna have a vinnity round

503
00:18:34,630 --> 00:18:30,720
uh nathan dr diana pasulka

504
00:18:35,430 --> 00:18:34,640
and ufo twitter's own exo academian uh

505
00:18:37,350 --> 00:18:35,440
and

506
00:18:38,630 --> 00:18:37,360
all both exo

507
00:18:40,789 --> 00:18:38,640
and nathan

508
00:18:41,510 --> 00:18:40,799
and dr pasulka obviously have all been

509
00:18:43,350 --> 00:18:41,520
to

510
00:18:46,870 --> 00:18:43,360
through the master's level in in

511
00:18:49,909 --> 00:18:46,880
religion and higher in her case so uh

512
00:18:51,830 --> 00:18:49,919
i'm going to be there like this

513
00:18:53,510 --> 00:18:51,840

dude i i know what you mean i'm actually

514

00:18:56,789 --> 00:18:53,520

reading her book american cosmic at the

515

00:19:00,070 --> 00:18:58,390

briefly a couple of weeks ago obviously

516

00:19:01,350 --> 00:19:00,080

trying to get onto the show

517

00:19:03,270 --> 00:19:01,360

um

518

00:19:05,190 --> 00:19:03,280

it will happen hopefully

519

00:19:06,549 --> 00:19:05,200

this side of christmas but um

520

00:19:08,470 --> 00:19:06,559

yeah this is a new aspect of the

521

00:19:10,950 --> 00:19:08,480

phenomena in the relation to

522

00:19:12,230 --> 00:19:10,960

christianity and all religions in a way

523

00:19:13,110 --> 00:19:12,240

that i've

524

00:19:15,669 --> 00:19:13,120

just

525

00:19:17,590 --> 00:19:15,679

started to think about and touch upon so

526

00:19:18,710 --> 00:19:17,600

very interested to see that aspect and

527

00:19:20,230 --> 00:19:18,720

it's kind of a little segue into

528

00:19:21,909 --> 00:19:20,240

something i wanted to talk about with dj

529

00:19:25,029 --> 00:19:21,919

tonight but nathan while you're here

530

00:19:28,789 --> 00:19:25,039

last night we saw the future in space

531

00:19:30,150 --> 00:19:28,799

um forum so i mean it was very religious

532

00:19:32,470 --> 00:19:30,160

based when you're looking at the place

533

00:19:33,750 --> 00:19:32,480

that it was set in and and some of the

534

00:19:35,350 --> 00:19:33,760

people there

535

00:19:36,630 --> 00:19:35,360

doing the introductions and the speaking

536

00:19:37,990 --> 00:19:36,640

and that

537

00:19:39,350 --> 00:19:38,000

do you think that there is kind of some

538

00:19:40,549 --> 00:19:39,360

acceptance where this is all coming

539

00:19:42,470 --> 00:19:40,559

together where

540

00:19:45,230 --> 00:19:42,480

you know all religions can live

541

00:19:47,510 --> 00:19:45,240

alongside the possibility of you know

542

00:19:50,070 --> 00:19:47,520

extraterrestrial life and things outside

543

00:19:52,230 --> 00:19:50,080

of the cosmos and maybe becoming closer

544

00:19:54,470 --> 00:19:52,240

together in the future either of you can

545

00:19:56,150 --> 00:19:54,480

answer that as well

546

00:19:57,830 --> 00:19:56,160

i've this is going to save nathan a

547

00:19:59,510 --> 00:19:57,840

phone call where i call him and ask him

548

00:20:01,270 --> 00:19:59,520

this question so

549

00:20:02,230 --> 00:20:01,280

go ahead nathan

550

00:20:06,789 --> 00:20:02,240

yeah

551
00:20:08,789 --> 00:20:06,799
watched last night um

552
00:20:10,870 --> 00:20:08,799
for a number of reasons but you know the

553
00:20:11,750 --> 00:20:10,880
way that i think about this question is

554
00:20:14,390 --> 00:20:11,760
um

555
00:20:16,549 --> 00:20:14,400
is from the standpoint of of story you

556
00:20:17,270 --> 00:20:16,559
know so human beings

557
00:20:19,510 --> 00:20:17,280
we

558
00:20:21,909 --> 00:20:19,520
navigate our lives through stories you

559
00:20:23,510 --> 00:20:21,919
know we we situate our present in a

560
00:20:25,430 --> 00:20:23,520
story you know i came

561
00:20:26,950 --> 00:20:25,440
from these parents in this town and i do

562
00:20:28,310 --> 00:20:26,960
this and i'm going to be doing this in

563
00:20:29,350 --> 00:20:28,320

the future that those are my hopes and

564

00:20:31,750 --> 00:20:29,360

dreams

565

00:20:33,669 --> 00:20:31,760

in the past in human human past you know

566

00:20:36,149 --> 00:20:33,679

we've had lots of different stories on

567

00:20:38,549 --> 00:20:36,159

the planet that have organized our lives

568

00:20:40,390 --> 00:20:38,559

and organized our societies

569

00:20:42,149 --> 00:20:40,400

in you know really

570

00:20:43,669 --> 00:20:42,159

complex ways they've allowed us to kind

571

00:20:45,430 --> 00:20:43,679

of level up they've been an operating

572

00:20:47,750 --> 00:20:45,440

system like a software that have leveled

573

00:20:50,149 --> 00:20:47,760

up our cultures to accomplishing some

574

00:20:53,669 --> 00:20:50,159

amazing things but as we moved into the

575

00:20:55,350 --> 00:20:53,679

20th century and in the 21st century now

576
00:20:57,510 --> 00:20:55,360
we've kind of abandoned and jettisoned

577
00:20:59,669 --> 00:20:57,520
those those ancient stories and and the

578
00:21:02,549 --> 00:20:59,679
falloff rate of belief in those ancient

579
00:21:04,230 --> 00:21:02,559
stories is only increasing over time as

580
00:21:05,750 --> 00:21:04,240
we have kind of moved towards a

581
00:21:07,669 --> 00:21:05,760
scientism

582
00:21:09,350 --> 00:21:07,679
of faith in our science and we have good

583
00:21:11,669 --> 00:21:09,360
reason to have faith in our science our

584
00:21:13,110 --> 00:21:11,679
science has accomplished a lot you know

585
00:21:15,669 --> 00:21:13,120
a great deal

586
00:21:16,710 --> 00:21:15,679
at the same time i think we find that

587
00:21:18,549 --> 00:21:16,720
it's

588
00:21:21,669 --> 00:21:18,559

while it does a lot for us it doesn't

589

00:21:22,870 --> 00:21:21,679

sort of satisfy the deeper needs of of

590

00:21:24,549 --> 00:21:22,880

the human

591

00:21:26,870 --> 00:21:24,559

condition right

592

00:21:28,630 --> 00:21:26,880

and so this subject for me

593

00:21:31,270 --> 00:21:28,640

what it what it presents is an

594

00:21:33,270 --> 00:21:31,280

opportunity for us to not only learn

595

00:21:34,870 --> 00:21:33,280

more about the nature of reality but

596

00:21:36,710 --> 00:21:34,880

find a story

597

00:21:41,190 --> 00:21:36,720

that is

598

00:21:43,350 --> 00:21:41,200

that we have left behind us you know the

599

00:21:45,430 --> 00:21:43,360

story is going to take our human

600

00:21:47,510 --> 00:21:45,440

civilization not just our

601
00:21:50,149 --> 00:21:47,520
small little pockets of civilization but

602
00:21:51,270 --> 00:21:50,159
our entire world civilization to another

603
00:21:53,750 --> 00:21:51,280
place

604
00:21:55,350 --> 00:21:53,760
that we haven't been before and and last

605
00:21:56,630 --> 00:21:55,360
night i think was a great illustration

606
00:21:58,230 --> 00:21:56,640
of how that is

607
00:22:00,470 --> 00:21:58,240
achievable i think a lot of people

608
00:22:02,789 --> 00:22:00,480
resonated with that

609
00:22:04,149 --> 00:22:02,799
sort of dialogue in part because of

610
00:22:06,549 --> 00:22:04,159
where they held it i know there are a

611
00:22:08,470 --> 00:22:06,559
lot of conflicting opinions about that

612
00:22:10,710 --> 00:22:08,480
at the same time but there's something

613
00:22:13,750 --> 00:22:10,720

to be said for

614

00:22:14,710 --> 00:22:13,760

having a a conversation in a space that

615

00:22:17,270 --> 00:22:14,720

is

616

00:22:19,990 --> 00:22:17,280

designed around an experience or a

617

00:22:22,230 --> 00:22:20,000

feeling and cathedrals are literally

618

00:22:24,630 --> 00:22:22,240

designed when you walk in the doors of a

619

00:22:27,110 --> 00:22:24,640

cathedral your eyes are going to go to

620

00:22:28,149 --> 00:22:27,120

the ceiling like that is it is it is a

621

00:22:30,070 --> 00:22:28,159

space

622

00:22:32,870 --> 00:22:30,080

that is designed to

623

00:22:34,789 --> 00:22:32,880

bring space into your life like to to to

624

00:22:37,350 --> 00:22:34,799

elevate your your mind and consciousness

625

00:22:39,510 --> 00:22:37,360

to this broader experience what a

626

00:22:41,190 --> 00:22:39,520

perfect place to have that conversation

627

00:22:43,990 --> 00:22:41,200

you know to have the conversation about

628

00:22:46,230 --> 00:22:44,000

space and and how the future of humanity

629

00:22:48,390 --> 00:22:46,240

in space what that means for all of us

630

00:22:50,870 --> 00:22:48,400

like it's i know people think like oh

631

00:22:53,590 --> 00:22:50,880

like this is a weird sort of merger of

632

00:22:56,390 --> 00:22:53,600

state and religion but really i see it

633

00:22:58,630 --> 00:22:56,400

more as a jumping off point it's like

634

00:23:01,270 --> 00:22:58,640

we're kind of we're kind of passing the

635

00:23:03,430 --> 00:23:01,280

baton you know from the old story to the

636

00:23:05,110 --> 00:23:03,440

new and it's gonna have to take place at

637

00:23:07,350 --> 00:23:05,120

this sort of transitional

638

00:23:08,710 --> 00:23:07,360

uh space

639

00:23:10,310 --> 00:23:08,720

dj

640

00:23:12,710 --> 00:23:10,320

and you know what's interesting if you

641

00:23:14,149 --> 00:23:12,720

read pillars of the earth by ken follett

642

00:23:16,549 --> 00:23:14,159

uh see nathan thought i didn't read

643

00:23:18,390 --> 00:23:16,559

books but uh but if you read that it

644

00:23:25,190 --> 00:23:18,400

really does take

645

00:23:28,950 --> 00:23:26,710

when you read pillars of the earth it

646

00:23:31,350 --> 00:23:28,960

does take you structurally inside a

647

00:23:33,669 --> 00:23:31,360

church and you can see and feel exactly

648

00:23:35,750 --> 00:23:33,679

what nathan was talking about when they

649

00:23:37,830 --> 00:23:35,760

described the construction of a

650

00:23:39,909 --> 00:23:37,840

cathedral how it's built how you're

651
00:23:41,830 --> 00:23:39,919
supposed to feel like he said you know

652
00:23:44,149 --> 00:23:41,840
when you walk in and your eyes go up and

653
00:23:46,390 --> 00:23:44,159
there's some very specific and i think

654
00:23:47,669 --> 00:23:46,400
the uh character's name was tom bilder

655
00:23:49,350 --> 00:23:47,679
obviously you know in england that

656
00:23:50,870 --> 00:23:49,360
that's what his name would have been

657
00:23:52,549 --> 00:23:50,880
back then because he was a he was a

658
00:23:54,630 --> 00:23:52,559
church builder he had

659
00:23:56,950 --> 00:23:54,640
you know the uh the square and all those

660
00:23:59,590 --> 00:23:56,960
different tools that uh a mason would

661
00:24:02,310 --> 00:23:59,600
have yeah so anyway really fascinating

662
00:24:05,830 --> 00:24:02,320
but relative to the the discussion of it

663
00:24:08,230 --> 00:24:05,840

what i find interesting about it is that

664

00:24:10,549 --> 00:24:08,240

religions haven't you know in yoga we

665

00:24:12,950 --> 00:24:10,559

talk about making space so it's like i

666

00:24:14,710 --> 00:24:12,960

have a belief system but nathan's going

667

00:24:17,430 --> 00:24:14,720

to come up outside me and i need to

668

00:24:19,430 --> 00:24:17,440

create space that nathan can get in

669

00:24:21,510 --> 00:24:19,440

there with his belief system and i can

670

00:24:23,750 --> 00:24:21,520

say you know maybe look at that belief

671

00:24:25,830 --> 00:24:23,760

system go okay yeah you know that makes

672

00:24:28,549 --> 00:24:25,840

sense i gotta if not take it in whole in

673

00:24:30,870 --> 00:24:28,559

part you know into my thinking and

674

00:24:33,029 --> 00:24:30,880

religiously you know i went to my wife's

675

00:24:34,710 --> 00:24:33,039

baptism and all they were singing about

676

00:24:36,470 --> 00:24:34,720

it was like a month or two ago nathan

677

00:24:38,310 --> 00:24:36,480

remembers that they're singing about our

678

00:24:39,669 --> 00:24:38,320

god is the number one god and all this

679

00:24:40,870 --> 00:24:39,679

kind of stuff and i'm kind of just like

680

00:24:42,870 --> 00:24:40,880

oh man

681

00:24:45,350 --> 00:24:42,880

you know i hate that kind of talk our

682

00:24:46,549 --> 00:24:45,360

god is the number one god i you know

683

00:24:50,310 --> 00:24:46,559

i mean i would never say that to

684

00:24:52,630 --> 00:24:50,320

somebody who's muslim or or or jewish or

685

00:24:55,669 --> 00:24:52,640

buddhist or from another faith

686

00:24:58,470 --> 00:24:55,679

and so it will be interesting if ufos is

687

00:25:00,710 --> 00:24:58,480

an area where some of the theologians

688

00:25:02,630 --> 00:25:00,720

are going to create space they might

689

00:25:03,990 --> 00:25:02,640

not have wanted to create space for

690

00:25:05,830 --> 00:25:04,000

islam

691

00:25:09,269 --> 00:25:05,840

or for uh

692

00:25:12,149 --> 00:25:09,279

judaism or or catholicism but maybe this

693

00:25:14,149 --> 00:25:12,159

new uh offshoot they're going to create

694

00:25:16,390 --> 00:25:14,159

space to let that get in there and i

695

00:25:18,070 --> 00:25:16,400

think that'll be fascinating if they do

696

00:25:19,669 --> 00:25:18,080

if they do that which they haven't done

697

00:25:21,350 --> 00:25:19,679

for traditionally other systems of

698

00:25:23,830 --> 00:25:21,360

belief

699

00:25:25,190 --> 00:25:23,840

well said man love that

700

00:25:27,430 --> 00:25:25,200

what did you think buddy either if you

701
00:25:28,549 --> 00:25:27,440
think about the fact you know going into

702
00:25:30,870 --> 00:25:28,559
the this

703
00:25:32,630 --> 00:25:30,880
the whole religious

704
00:25:34,149 --> 00:25:32,640
platform that they were in the building

705
00:25:35,830 --> 00:25:34,159
and all that religious

706
00:25:38,390 --> 00:25:35,840
symbolism that was around them and then

707
00:25:41,510 --> 00:25:38,400
we had dni avril haynes

708
00:25:43,190 --> 00:25:41,520
opening up talking about uap i mean

709
00:25:46,149 --> 00:25:43,200
i stayed up late it was like gone

710
00:25:48,470 --> 00:25:46,159
midnight i had to and it even though it

711
00:25:49,990 --> 00:25:48,480
didn't go in depth

712
00:25:51,110 --> 00:25:50,000
and we didn't hear it or learn anything

713
00:25:53,029 --> 00:25:51,120

new it's

714

00:25:55,190 --> 00:25:53,039

still in a way blew my mind because of

715

00:25:57,029 --> 00:25:55,200

what it represented did you guys get

716

00:25:58,390 --> 00:25:57,039

anything like that from it as well or is

717

00:26:01,909 --> 00:25:58,400

it just me

718

00:26:03,029 --> 00:26:01,919

no i think so for sure i think

719

00:26:11,990 --> 00:26:03,039

the

720

00:26:14,230 --> 00:26:12,000

would say that so

721

00:26:16,549 --> 00:26:14,240

uh because most people

722

00:26:18,549 --> 00:26:16,559

are not comfortable in a space like that

723

00:26:20,470 --> 00:26:18,559

now avril haynes is comfortable being in

724

00:26:22,710 --> 00:26:20,480

public she's she's comfortable speaking

725

00:26:24,070 --> 00:26:22,720

about her area specialty she wouldn't be

726

00:26:27,510 --> 00:26:24,080

where she was if she couldn't do those

727

00:26:29,430 --> 00:26:27,520

kinds of things but even the powerful

728

00:26:31,590 --> 00:26:29,440

are made to feel low

729

00:26:32,470 --> 00:26:31,600

in a space like that

730

00:26:35,110 --> 00:26:32,480

and

731

00:26:37,909 --> 00:26:35,120

they're that is intentional like even

732

00:26:39,990 --> 00:26:37,919

even the the the priests or whoever that

733

00:26:41,110 --> 00:26:40,000

that's that spend a lot of their time

734

00:26:43,990 --> 00:26:41,120

there

735

00:26:46,710 --> 00:26:44,000

they also feel small in a space like

736

00:26:48,070 --> 00:26:46,720

that and so i think it is a great sort

737

00:26:49,590 --> 00:26:48,080

of um

738

00:26:51,990 --> 00:26:49,600

uh

739

00:26:54,149 --> 00:26:52,000
sort of unifying has it has a force

740

00:26:56,149 --> 00:26:54,159
where it sort of unifies or flattens the

741

00:26:58,070 --> 00:26:56,159
human experience and it it sort of

742

00:26:59,990 --> 00:26:58,080
strips away the titles even though these

743

00:27:01,990 --> 00:27:00,000
people are on stage and we know you know

744

00:27:03,350 --> 00:27:02,000
they're they're very elevated people in

745

00:27:06,310 --> 00:27:03,360
their professions

746

00:27:08,230 --> 00:27:06,320
it it sort of brings them low to the

747

00:27:10,149 --> 00:27:08,240
status of the congregation they're the

748

00:27:11,909 --> 00:27:10,159
the people who came to be there for that

749

00:27:13,669 --> 00:27:11,919
talk and so when you're when you're

750

00:27:15,669 --> 00:27:13,679
doing that when the space is doing that

751

00:27:17,430 --> 00:27:15,679

it also puts the speakers in a place

752

00:27:18,870 --> 00:27:17,440

where they then have to think of okay

753

00:27:21,590 --> 00:27:18,880

wait a minute i'm talking about this

754

00:27:24,389 --> 00:27:21,600

important thing but it impacts me on a

755

00:27:26,470 --> 00:27:24,399

personal level not on a you know a state

756

00:27:29,590 --> 00:27:26,480

level programmatic level how does it

757

00:27:31,029 --> 00:27:29,600

affect me as a person and i think avril

758

00:27:32,789 --> 00:27:31,039

you know she had her talking points but

759

00:27:34,389 --> 00:27:32,799

you could see that she wasn't i didn't

760

00:27:36,310 --> 00:27:34,399

think she was really that either

761

00:27:37,750 --> 00:27:36,320

prepared or that comfortable talking

762

00:27:40,230 --> 00:27:37,760

about the subject and i know a lot of

763

00:27:41,430 --> 00:27:40,240

people read into the reasons why

764

00:27:44,190 --> 00:27:41,440

um

765

00:27:46,149 --> 00:27:44,200

but i still think that this topic is

766

00:27:48,070 --> 00:27:46,159

destabilizing you know even if you

767

00:27:51,510 --> 00:27:48,080

haven't come to your conclusions it

768

00:27:52,710 --> 00:27:51,520

destabilizes your your long-held beliefs

769

00:27:54,230 --> 00:27:52,720

which is why

770

00:27:56,549 --> 00:27:54,240

a lot of people feel so much more

771

00:27:58,070 --> 00:27:56,559

comfortable attributing when they see

772

00:27:59,990 --> 00:27:58,080

something like a

773

00:28:02,710 --> 00:28:00,000

tic tac to say oh it's human because

774

00:28:04,789 --> 00:28:02,720

they can contextualize it i feel safe i

775

00:28:06,630 --> 00:28:04,799

know what it is i know who's operating

776

00:28:08,870 --> 00:28:06,640

it or tangentially who's probably

777

00:28:11,350 --> 00:28:08,880

operating it

778

00:28:13,510 --> 00:28:11,360

okay i don't have to worry about it's

779

00:28:14,950 --> 00:28:13,520

some intelligence that i have no idea

780

00:28:17,350 --> 00:28:14,960

what it's capable of or what its

781

00:28:20,070 --> 00:28:17,360

intentions are so i'm going to defend to

782

00:28:21,909 --> 00:28:20,080

the hilt what makes me feel more

783

00:28:24,310 --> 00:28:21,919

comfortable

784

00:28:25,110 --> 00:28:24,320

yeah but that's that's good i think very

785

00:28:26,710 --> 00:28:25,120

good

786

00:28:29,750 --> 00:28:26,720

yeah and i want to say i didn't see

787

00:28:33,269 --> 00:28:29,760

avril so i i can't i can't speak to that

788

00:28:35,190 --> 00:28:33,279

i i caught it afterward um so i i can't

789

00:28:37,510 --> 00:28:35,200

comment but the way you contextualized

790

00:28:40,710 --> 00:28:37,520

it both of you was uh was what i would

791

00:28:42,710 --> 00:28:40,720

get from uh how i would think that that

792

00:28:44,470 --> 00:28:42,720

uh that that she would react to being in

793

00:28:45,990 --> 00:28:44,480

a space like that and probably not

794

00:28:47,669 --> 00:28:46,000

wanting to spill all the beans and et

795

00:28:49,990 --> 00:28:47,679

cetera et cetera

796

00:28:52,389 --> 00:28:50,000

yeah yeah awesome yeah man well look

797

00:28:54,549 --> 00:28:52,399

guys i have to have to run so vinny and

798

00:28:55,990 --> 00:28:54,559

and dj thank you guys for letting me

799

00:28:58,149 --> 00:28:56,000

join this conversation and hopefully

800

00:28:59,430 --> 00:28:58,159

we'll get to do this again sometime on

801
00:29:01,750 --> 00:28:59,440
our show

802
00:29:03,350 --> 00:29:01,760
yes absolutely absolutely

803
00:29:05,590 --> 00:29:03,360
shameless ploy we're putting in a

804
00:29:08,789 --> 00:29:05,600
position where you can't say no or the

805
00:29:11,190 --> 00:29:08,799
audience will think you're a big giant

806
00:29:13,190 --> 00:29:11,200
well let's do a show swap we've been

807
00:29:15,669 --> 00:29:13,200
running his show now hillary hillary

808
00:29:17,269 --> 00:29:15,679
yeah i mean i i wanted nathan to bum

809
00:29:19,350 --> 00:29:17,279
rush in so i don't know if you had the

810
00:29:20,870 --> 00:29:19,360
same idea but i had already sent him the

811
00:29:23,029 --> 00:29:20,880
zoom length

812
00:29:27,909 --> 00:29:23,039
yeah he reached out to me yes i did you

813
00:29:32,149 --> 00:29:29,909

we wanted to see if we could surprise

814

00:29:33,830 --> 00:29:32,159

you but you surprised me as i said

815

00:29:35,750 --> 00:29:33,840

turnabout is fair play

816

00:29:37,590 --> 00:29:35,760

absolutely nathan thank you so much

817

00:29:38,310 --> 00:29:37,600

brother man um enjoy the rest of your

818

00:29:40,800 --> 00:29:38,320

day

819

00:29:45,430 --> 00:29:43,590

[Laughter]

820

00:29:47,350 --> 00:29:45,440

that was awesome man

821

00:29:48,389 --> 00:29:47,360

it's not easy being a hard-ass military

822

00:29:51,510 --> 00:29:48,399

guy when you're talking about heart

823

00:29:54,549 --> 00:29:51,520

bubble emojis but you know what uh i i'm

824

00:29:56,789 --> 00:29:54,559

a would-be man for all seasons so hey i

825

00:29:58,070 --> 00:29:56,799

love it man everyone's you know i love

826

00:29:59,590 --> 00:29:58,080

that you've got so much depth of

827

00:30:01,590 --> 00:29:59,600

character

828

00:30:03,269 --> 00:30:01,600

i love it absolutely when you talk about

829

00:30:05,190 --> 00:30:03,279

military guys let's let's talk about

830

00:30:06,950 --> 00:30:05,200

that where did that all start what what

831

00:30:08,389 --> 00:30:06,960

made you decide where were you at in

832

00:30:10,789 --> 00:30:08,399

your life when you just like you know

833

00:30:12,630 --> 00:30:10,799

what i'm going to join the military

834

00:30:14,950 --> 00:30:12,640

um you know it

835

00:30:16,950 --> 00:30:14,960

real quickly um just just to give you a

836

00:30:19,269 --> 00:30:16,960

little bit of background uh i was a

837

00:30:22,149 --> 00:30:19,279

special ed kid so shout out to all you

838

00:30:25,590 --> 00:30:22,159

ufo fans out there either in the uk or

839

00:30:28,070 --> 00:30:25,600

ua uk or us that are watching vinnie um

840

00:30:30,389 --> 00:30:28,080

and if you were a kid that was uh a

841

00:30:32,389 --> 00:30:30,399

special eds kid that was told you're not

842

00:30:33,990 --> 00:30:32,399

smart you're dumb you know you should do

843

00:30:35,510 --> 00:30:34,000

job x because you're probably not

844

00:30:36,630 --> 00:30:35,520

capable of why

845

00:30:39,190 --> 00:30:36,640

i'm you

846

00:30:41,510 --> 00:30:39,200

and i'm here to tell you it's all bs you

847

00:30:43,029 --> 00:30:41,520

really can just go for it and decide

848

00:30:45,750 --> 00:30:43,039

you're going to put yourself out there

849

00:30:46,710 --> 00:30:45,760

and you can go and find your dream like

850

00:30:49,669 --> 00:30:46,720

i did

851
00:30:51,750 --> 00:30:49,679
and your dream can be far grander

852
00:30:55,269 --> 00:30:51,760
than mine was uh

853
00:30:57,110 --> 00:30:55,279
so yeah so basically i was that kid uh a

854
00:30:59,350 --> 00:30:57,120
special ed kid went off to college

855
00:31:01,750 --> 00:30:59,360
decided that i wanted to play football

856
00:31:03,830 --> 00:31:01,760
without any knowledge of football or

857
00:31:05,190 --> 00:31:03,840
having ever played the game and after

858
00:31:06,549 --> 00:31:05,200
one year of wrestling in high school i

859
00:31:07,669 --> 00:31:06,559
said well if i did that should be able

860
00:31:09,669 --> 00:31:07,679
to do this

861
00:31:13,029 --> 00:31:09,679
so i tried out for football lied to the

862
00:31:14,710 --> 00:31:13,039
coaches uh that earned me a tryout and

863
00:31:17,029 --> 00:31:14,720

out of about eight or ten of us four of

864

00:31:18,549 --> 00:31:17,039

us made the team and i took that

865

00:31:20,149 --> 00:31:18,559

afterward

866

00:31:22,070 --> 00:31:20,159

my father kind of like ripped me out of

867

00:31:24,870 --> 00:31:22,080

college after a pretty successful first

868

00:31:27,190 --> 00:31:24,880

year in the classroom and on the field i

869

00:31:29,190 --> 00:31:27,200

left there believing that i could really

870

00:31:30,549 --> 00:31:29,200

do something that i had never done

871

00:31:33,750 --> 00:31:30,559

whether and that was achieve

872

00:31:36,070 --> 00:31:33,760

academically and play a sport like a a

873

00:31:38,070 --> 00:31:36,080

college type sport and i proved to

874

00:31:39,590 --> 00:31:38,080

myself that i could do that because i

875

00:31:41,830 --> 00:31:39,600

even got invited back for the next

876

00:31:43,509 --> 00:31:41,840

season to to come back to training camp

877

00:31:45,269 --> 00:31:43,519

and that's when my father told me oh by

878

00:31:47,350 --> 00:31:45,279

the way i'm moving to italy you're not

879

00:31:49,110 --> 00:31:47,360

going back see you later it's been real

880

00:31:50,630 --> 00:31:49,120

wow that was the end of my college

881

00:31:52,470 --> 00:31:50,640

career my dream

882

00:31:54,950 --> 00:31:52,480

so i i

883

00:31:56,870 --> 00:31:54,960

um it was a couple of years later um

884

00:31:58,630 --> 00:31:56,880

through working at the mall and moving

885

00:32:00,230 --> 00:31:58,640

from florida to new york i was working

886

00:32:03,029 --> 00:32:00,240

for the state of new york i had a really

887

00:32:03,909 --> 00:32:03,039

good job with a 401k and all that neat

888

00:32:05,269 --> 00:32:03,919

stuff

889

00:32:07,509 --> 00:32:05,279

and i said you know what i'd like to

890

00:32:08,950 --> 00:32:07,519

serve and i went to speak to a recruiter

891

00:32:10,470 --> 00:32:08,960

about being a reservist a weekend

892

00:32:12,310 --> 00:32:10,480

warrior and he said well i recruit for

893

00:32:15,110 --> 00:32:12,320

active duty are you interested and i

894

00:32:17,190 --> 00:32:15,120

said yeah sure i said if i could do

895

00:32:19,830 --> 00:32:17,200

college and and the classroom and

896

00:32:20,789 --> 00:32:19,840

football i should be able to do this so

897

00:32:22,549 --> 00:32:20,799

um

898

00:32:24,389 --> 00:32:22,559

next thing you know i was headed off to

899

00:32:26,630 --> 00:32:24,399

basic training

900

00:32:29,909 --> 00:32:26,640

two months later uh and said goodbye to

901
00:32:31,269 --> 00:32:29,919
my job safe job in new york and um

902
00:32:32,789 --> 00:32:31,279
i did uh

903
00:32:35,590 --> 00:32:32,799
jet engine mechanics for about eight

904
00:32:37,509 --> 00:32:35,600
years and then i decided that

905
00:32:39,669 --> 00:32:37,519
i'd always been interested in flying

906
00:32:42,070 --> 00:32:39,679
since i was a little boy so i went got

907
00:32:43,909 --> 00:32:42,080
my pilot's license and that took me into

908
00:32:46,470 --> 00:32:43,919
this job in the air force where you

909
00:32:48,470 --> 00:32:46,480
could be an enlisted cat like me but

910
00:32:50,710 --> 00:32:48,480
still be in the flight deck right in

911
00:32:52,630 --> 00:32:50,720
between the pilots involved in all the

912
00:32:53,750 --> 00:32:52,640
action but not having my hand on the

913
00:32:55,590 --> 00:32:53,760

controls

914

00:32:56,710 --> 00:32:55,600

as a flight engineer and that that was

915

00:32:59,190 --> 00:32:56,720

the beginning

916

00:33:00,549 --> 00:32:59,200

so did you get your pilot's license

917

00:33:02,710 --> 00:33:00,559

privately

918

00:33:05,509 --> 00:33:02,720

separately from that that's incredible

919

00:33:07,669 --> 00:33:05,519

just like mick west jazz hands mick jazz

920

00:33:08,470 --> 00:33:07,679

hands

921

00:33:10,389 --> 00:33:08,480

yeah

922

00:33:12,470 --> 00:33:10,399

and as i said it was exponentially

923

00:33:14,149 --> 00:33:12,480

easier getting my pilot's license than

924

00:33:17,590 --> 00:33:14,159

it ever was being a flight engineer in

925

00:33:19,990 --> 00:33:17,600

the air force by ten a hundred fold

926
00:33:21,509 --> 00:33:20,000
wow that is incredible man i have so

927
00:33:23,430 --> 00:33:21,519
much respect for that

928
00:33:24,789 --> 00:33:23,440
it was fun i love i love it i love

929
00:33:25,750 --> 00:33:24,799
flying

930
00:33:27,029 --> 00:33:25,760
so what

931
00:33:28,389 --> 00:33:27,039
what what happened next were you just

932
00:33:30,310 --> 00:33:28,399
not satisfied being that in that

933
00:33:32,230 --> 00:33:30,320
engineer role did you want to

934
00:33:34,470 --> 00:33:32,240
be that person in in the seat with the

935
00:33:37,110 --> 00:33:34,480
hands on the controls well as an

936
00:33:38,710 --> 00:33:37,120
enlisted man you couldn't so at the time

937
00:33:40,549 --> 00:33:38,720
i was going to school working on

938
00:33:42,630 --> 00:33:40,559

becoming an officer and then thinking

939

00:33:44,230 --> 00:33:42,640

about becoming a pilot and when they

940

00:33:45,909 --> 00:33:44,240

offered when i

941

00:33:47,990 --> 00:33:45,919

i actually had to do some interviews to

942

00:33:50,389 --> 00:33:48,000

get this flight engineer job

943

00:33:52,710 --> 00:33:50,399

and i was like man

944

00:33:55,590 --> 00:33:52,720

when it came up i said i'm gonna take it

945

00:33:57,909 --> 00:33:55,600

and and so i became a flight engineer

946

00:34:00,149 --> 00:33:57,919

went off to school and then i did about

947

00:34:02,310 --> 00:34:00,159

two years of flying c-130s and i came

948

00:34:05,029 --> 00:34:02,320

back from afghanistan the initial

949

00:34:06,630 --> 00:34:05,039

september 11th stuff and they said uh

950

00:34:09,430 --> 00:34:06,640

operation enduring freedom and they said

951
00:34:11,990 --> 00:34:09,440
hey uh we have an opportunity in special

952
00:34:14,550 --> 00:34:12,000
ops down at herbert field in florida uh

953
00:34:16,230 --> 00:34:14,560
flying combat talent twos and i was like

954
00:34:17,829 --> 00:34:16,240
i was already a mechanic on combat

955
00:34:19,510 --> 00:34:17,839
talent who's talking i knew what it

956
00:34:21,190 --> 00:34:19,520
looked like but i didn't have any idea

957
00:34:22,950 --> 00:34:21,200
what they did when they took off i just

958
00:34:26,069 --> 00:34:22,960
knew they took off did something came

959
00:34:28,790 --> 00:34:26,079
back so i i grabbed that opportunity

960
00:34:32,149 --> 00:34:28,800
went to albuquerque where mr doty's at

961
00:34:34,149 --> 00:34:32,159
took six months of school there um

962
00:34:35,909 --> 00:34:34,159
sitting in class with there was a rhodes

963
00:34:36,790 --> 00:34:35,919

scholar in my class

964

00:34:38,149 --> 00:34:36,800

um

965

00:34:39,750 --> 00:34:38,159

basically

966

00:34:41,109 --> 00:34:39,760

you're not kind of like a flight

967

00:34:43,270 --> 00:34:41,119

engineer going to school with flight

968

00:34:45,669 --> 00:34:43,280

engineers you're a flight engineer going

969

00:34:48,950 --> 00:34:45,679

to school with a crew so you have two

970

00:34:51,030 --> 00:34:48,960

pilots a navigator an electronic warfare

971

00:34:53,669 --> 00:34:51,040

officer which is also a navigator but

972

00:34:55,190 --> 00:34:53,679

with some other skills that he uses and

973

00:34:57,190 --> 00:34:55,200

to load masters

974

00:34:59,190 --> 00:34:57,200

so uh which are the guys that deal with

975

00:35:01,750 --> 00:34:59,200

all the soft the special op forces in

976

00:35:04,069 --> 00:35:01,760

the back bring them on bring them off uh

977

00:35:06,150 --> 00:35:04,079

open the door so they can jump air drop

978

00:35:08,390 --> 00:35:06,160

supplies the load masters are in the

979

00:35:10,950 --> 00:35:08,400

back doing all of that that's they're

980

00:35:12,950 --> 00:35:10,960

they interface with the seals and the

981

00:35:16,630 --> 00:35:12,960

the army soft and the and the marine

982

00:35:19,430 --> 00:35:16,640

corps raiders etc or in some cases

983

00:35:21,589 --> 00:35:19,440

uh british you know sas guys or whoever

984

00:35:23,829 --> 00:35:21,599

we happen to be working with right so uh

985

00:35:25,910 --> 00:35:23,839

it's not only u.s um

986

00:35:31,589 --> 00:35:25,920

so

987

00:35:33,750 --> 00:35:31,599

guys and was like holy

988

00:35:36,310 --> 00:35:33,760

these guys are so smart and i really had

989

00:35:38,150 --> 00:35:36,320

to put a lot in to learn

990

00:35:39,990 --> 00:35:38,160

how they uh all the stuff that the

991

00:35:42,390 --> 00:35:40,000

airplane had that my

992

00:35:45,990 --> 00:35:42,400

past airplane looked just like it but

993

00:35:47,750 --> 00:35:46,000

didn't have all this gadgetry and

994

00:35:50,310 --> 00:35:47,760

terrain following radar that graham will

995

00:35:52,230 --> 00:35:50,320

tell you all about probably uh and all

996

00:35:55,510 --> 00:35:52,240

this other other stuff that uh hey

997

00:35:57,829 --> 00:35:55,520

graham what's up graeme rendell so um

998

00:35:59,910 --> 00:35:57,839

so yeah it had all the kinds of neat

999

00:36:01,910 --> 00:35:59,920

stuff on it so i got through that and

1000

00:36:04,470 --> 00:36:01,920

then i spent the rest of my career in

1001
00:36:06,630 --> 00:36:04,480
special ops from there flying the combat

1002
00:36:08,790 --> 00:36:06,640
talent to my fave

1003
00:36:11,109 --> 00:36:08,800
and then uh obviously as you wrote on

1004
00:36:15,030 --> 00:36:11,119
there the nc one uh the combat spear

1005
00:36:17,910 --> 00:36:15,040
mc-130w and then the ac-130w gunship and

1006
00:36:20,230 --> 00:36:17,920
i got a a good breath but my favorite

1007
00:36:21,270 --> 00:36:20,240
was flying around the uk and the talon

1008
00:36:24,069 --> 00:36:21,280
too

1009
00:36:25,430 --> 00:36:24,079
wow that's amazing man that really yeah

1010
00:36:27,109 --> 00:36:25,440
so during all this time when you're

1011
00:36:29,750 --> 00:36:27,119
getting familiar with your crewmates and

1012
00:36:33,030 --> 00:36:29,760
stuff did the ufo subject come up very

1013
00:36:34,950 --> 00:36:33,040

often or at all oh god um so i've i've

1014

00:36:37,109 --> 00:36:34,960

told people this is this was never gonna

1015

00:36:39,109 --> 00:36:37,119

come up man this was never gonna come up

1016

00:36:42,630 --> 00:36:39,119

in an earnest conversation

1017

00:36:44,630 --> 00:36:42,640

um i have reached back to one of my uh

1018

00:36:46,150 --> 00:36:44,640

another flight engineer who told me

1019

00:36:48,069 --> 00:36:46,160

about an experience

1020

00:36:50,470 --> 00:36:48,079

that he had in afghanistan ironically

1021

00:36:52,150 --> 00:36:50,480

where he and the pilot saw one but this

1022

00:36:55,030 --> 00:36:52,160

would never was never going to come up

1023

00:36:57,910 --> 00:36:55,040

because if someone would have said oh

1024

00:36:59,430 --> 00:36:57,920

dj's talking about ufos literally you

1025

00:37:02,150 --> 00:36:59,440

might you could get sent to the flight

1026

00:37:04,150 --> 00:37:02,160

dock and then psychologist you your name

1027

00:37:06,150 --> 00:37:04,160

could disappear from the flight schedule

1028

00:37:09,030 --> 00:37:06,160

and the whole thing was whatever i got

1029

00:37:11,750 --> 00:37:09,040

to do to be on the flying schedule

1030

00:37:14,710 --> 00:37:11,760

i wanna do i don't wanna be sick i don't

1031

00:37:16,710 --> 00:37:14,720

wanna get hurt anything that that keeps

1032

00:37:17,910 --> 00:37:16,720

you from flying is just is an absolute

1033

00:37:20,150 --> 00:37:17,920

no-no

1034

00:37:21,510 --> 00:37:20,160

no okay yeah listen dj i'm losing your

1035

00:37:22,950 --> 00:37:21,520

picture a little bit man i don't know if

1036

00:37:24,390 --> 00:37:22,960

you're having any issues your end that

1037

00:37:26,550 --> 00:37:24,400

you can see

1038

00:37:28,790 --> 00:37:26,560

no but i can go out i can go out and

1039

00:37:30,870 --> 00:37:28,800

switch nets and come back everything

1040

00:37:33,430 --> 00:37:30,880

looks perfect on my end but if you need

1041

00:37:35,030 --> 00:37:33,440

me to go out and come back i will

1042

00:37:36,310 --> 00:37:35,040

that'd be good man i'm not sure i'll

1043

00:37:38,069 --> 00:37:36,320

check with everyone in the chat while

1044

00:37:40,069 --> 00:37:38,079

you do that just because can i be right

1045

00:37:41,430 --> 00:37:40,079

back sorry about that guys okay can

1046

00:37:43,670 --> 00:37:41,440

00:37:51,990 --> 00:37:49,680

with a lot of glitch in and while we're

1051

00:37:55,109 --> 00:37:52,000

everything looks good like of me from my

1073

00:38:48,230 --> 00:38:46,800

end but

1074

00:38:50,230 --> 00:38:48,240

you never quite know whether where the

1075

00:38:52,069 --> 00:38:50,240

issue lies it could have been my

1076

00:38:56,550 --> 00:38:52,079

connection or

1077

00:39:01,430 --> 00:38:58,870

doesn't jump back in that would be

1080

00:39:05,589 --> 00:39:03,839

amazing

1081

00:39:09,030 --> 00:39:05,599

um i'm sure

1082

00:39:11,829 --> 00:39:09,040

yeah you're gonna look at 54 man you're

00:40:21,990 --> 00:40:20,079

damn actually no i don't want to damn

1116

00:40:24,550 --> 00:40:22,000

you like that so anyway go ahead

1117

00:40:28,550 --> 00:40:24,560

no no i don't never you're not 54 are

1118

00:40:31,480 --> 00:40:28,560

you i am brother 1967 model man

1119

00:40:35,510 --> 00:40:31,490

yeah i have no energy you can tell

1120

00:40:40,790 --> 00:40:39,190

bro you you never cease to amaze me man

1121

00:40:42,470 --> 00:40:40,800

thank you brother

1122

00:40:43,750 --> 00:40:42,480

so where were we man yeah well i think i

1123

00:40:46,470 --> 00:40:43,760

was talking about

1124

00:40:47,510 --> 00:40:46,480

the possibility of conversations on ufos

1125

00:40:49,829 --> 00:40:47,520

within

1126
00:40:51,270 --> 00:40:49,839
you and your brothers in service yeah it

1127
00:40:54,950 --> 00:40:51,280
didn't happen

1128
00:40:56,710 --> 00:40:54,960
it would have been extremely um

1129
00:40:58,790 --> 00:40:56,720
i would have been scared to do it i i

1130
00:41:02,870 --> 00:40:58,800
didn't even get comfortable i i'm scared

1131
00:41:04,470 --> 00:41:02,880
now doing it at work um so i you know i

1132
00:41:06,390 --> 00:41:04,480
then you know wasn't gonna i wouldn't

1133
00:41:09,670 --> 00:41:06,400
never talk to my boss about it

1134
00:41:11,829 --> 00:41:09,680
now no way no way only people that you

1135
00:41:13,349 --> 00:41:11,839
know are into the topic and i'm really

1136
00:41:15,430 --> 00:41:13,359
trying to keep it quiet because i really

1137
00:41:18,790 --> 00:41:15,440
don't want to end up having people

1138
00:41:21,750 --> 00:41:18,800

uh at work see me on youtube or on

1139

00:41:24,309 --> 00:41:21,760

podcasts and and um what their what

1140

00:41:26,230 --> 00:41:24,319

their preconceptions might be about ufo

1141

00:41:28,470 --> 00:41:26,240

people which we're all battling with you

1142

00:41:30,309 --> 00:41:28,480

are too probably to an extent to an

1143

00:41:33,030 --> 00:41:30,319

extent yeah absolutely man but is your

1144

00:41:35,829 --> 00:41:33,040

current job military related

1145

00:41:37,349 --> 00:41:35,839

yes it is yes

1146

00:41:39,270 --> 00:41:37,359

i understand that i just wasn't sure if

1147

00:41:41,109 --> 00:41:39,280

you'd seen any kind of stigma dropping

1148

00:41:43,510 --> 00:41:41,119

in the last few years you know with

1149

00:41:45,430 --> 00:41:43,520

everything that happened in 2017 and the

1150

00:41:47,190 --> 00:41:45,440

kind of navy reporting system a year or

1151

00:41:48,470 --> 00:41:47,200

two later

1152

00:41:51,190 --> 00:41:48,480

no effect

1153

00:41:52,790 --> 00:41:51,200

i think it's too soon uh at this point

1154

00:41:54,630 --> 00:41:52,800

but i will tell you

1155

00:41:56,630 --> 00:41:54,640

in general terms

1156

00:41:58,230 --> 00:41:56,640

um and i think i've said this to you

1157

00:42:01,990 --> 00:41:58,240

privately but i'll say it

1158

00:42:04,069 --> 00:42:02,000

the dod is taking this very very

1159

00:42:05,430 --> 00:42:04,079

seriously

1160

00:42:41,829 --> 00:42:05,440

i

1161

00:42:43,430 --> 00:42:41,839

people

1162

00:42:45,109 --> 00:42:43,440

what the air force is being briefed

1163

00:42:46,950 --> 00:42:45,119

about and i go oh that's interesting i

1164

00:42:49,030 --> 00:42:46,960

worked there i'm glad this person who

1165

00:42:51,910 --> 00:42:49,040

doesn't work there knows uh and it

1166

00:42:54,950 --> 00:42:51,920

wasn't that wasn't accurate um

1167

00:42:56,710 --> 00:42:54,960

there is a reporting procedure now again

1168

00:42:58,950 --> 00:42:56,720

i think the navy leads the way but this

1169

00:42:59,910 --> 00:42:58,960

gets to a larger discussion

1170

00:43:00,710 --> 00:42:59,920

vinnie

1171

00:43:03,829 --> 00:43:00,720

that

1172

00:43:06,309 --> 00:43:03,839

um i try to have on spaces and i'll try

1173

00:43:09,109 --> 00:43:06,319

to have it here real quickly

1174

00:43:11,589 --> 00:43:09,119

right if do you what do you understand

1175

00:43:15,190 --> 00:43:11,599

the mission of the air force to be

1176

00:43:19,750 --> 00:43:17,109

i mean i suppose that's different than

1177

00:43:21,430 --> 00:43:19,760

the navy to make it to to just frame it

1178

00:43:23,430 --> 00:43:21,440

bring that frame in a little closer that

1179

00:43:25,030 --> 00:43:23,440

would be different than the navy

1180

00:43:26,470 --> 00:43:25,040

that's a very hard question for me

1181

00:43:29,430 --> 00:43:26,480

because i would have just put military

1182

00:43:32,150 --> 00:43:29,440

under the dod as a defense organization

1183

00:43:34,390 --> 00:43:32,160

i suppose air force nowadays to me would

1184

00:43:36,790 --> 00:43:34,400

probably be not only

1185

00:43:38,069 --> 00:43:36,800

the skies but space as well

1186

00:43:39,750 --> 00:43:38,079

yes

1187

00:43:42,710 --> 00:43:39,760

which actually would be a different

1188

00:43:45,990 --> 00:43:42,720

discussion in a way because then we'd be

1189

00:43:48,790 --> 00:43:46,790

um

1190

00:43:50,150 --> 00:43:48,800

let's just call it competition with with

1191

00:43:51,750 --> 00:43:50,160

china and russia it's kind of a

1192

00:43:53,270 --> 00:43:51,760

different discussion but let's just talk

1193

00:43:56,710 --> 00:43:53,280

about the skies because you mentioned

1194

00:44:00,230 --> 00:43:56,720

skies so we have one organization that

1195

00:44:03,270 --> 00:44:00,240

is able to project power

1196

00:44:04,870 --> 00:44:03,280

air and sea power around the world they

1197

00:44:07,670 --> 00:44:04,880

are able to bring

1198

00:44:08,630 --> 00:44:07,680

an aircraft carrier 12 miles off the

1199

00:44:10,710 --> 00:44:08,640

coast

1200

00:44:13,829 --> 00:44:10,720

which is international waters of any

1201
00:44:16,390 --> 00:44:13,839
country and project air power and you

1202
00:44:19,750 --> 00:44:16,400
know that they're there you can't have a

1203
00:44:23,190 --> 00:44:19,760
you know a group of pirates there um

1204
00:44:25,109 --> 00:44:23,200
they can uh keep an area where oil would

1205
00:44:26,630 --> 00:44:25,119
be perhaps coming out of the

1206
00:44:29,190 --> 00:44:26,640
persian gulf they could keep something

1207
00:44:33,109 --> 00:44:29,200
like that safe and deter any aggression

1208
00:44:34,230 --> 00:44:33,119
against the distribution of global oil

1209
00:44:35,750 --> 00:44:34,240
but then you have this other

1210
00:44:37,030 --> 00:44:35,760
organization called the air force and

1211
00:44:41,109 --> 00:44:37,040
the air force

1212
00:44:43,910 --> 00:44:41,119
is charged with dominating controlling

1213
00:44:46,950 --> 00:44:43,920

protecting the skies of the united

1214

00:44:49,990 --> 00:44:46,960

states of america all 50 states

1215

00:44:53,109 --> 00:44:50,000

when was the last attack that occurred

1216

00:44:55,670 --> 00:44:53,119

from the air on the united states

1217

00:44:59,270 --> 00:44:55,680

i'm gonna obviously go 911.

1218

00:45:02,150 --> 00:44:59,280

okay but that was not an attack as it

1219

00:45:04,069 --> 00:45:02,160

were it was a civilian airliner being

1220

00:45:06,150 --> 00:45:04,079

commandeered and steered into a building

1221

00:45:08,470 --> 00:45:06,160

so that could happen tomorrow if you

1222

00:45:10,150 --> 00:45:08,480

could penetrate that that cockpit door

1223

00:45:11,910 --> 00:45:10,160

or get some i mean that could happen in

1224

00:45:14,390 --> 00:45:11,920

any country so do you mean like an over

1225

00:45:15,750 --> 00:45:14,400

overseas attack exactly a foreign nation

1226

00:45:17,109 --> 00:45:15,760

adversarial

1227

00:45:18,950 --> 00:45:17,119

do you know what i couldn't tell you

1228

00:45:21,190 --> 00:45:18,960

could it be pearl harbor that's right

1229

00:45:23,430 --> 00:45:21,200

december 7th 1941.

1230

00:45:25,190 --> 00:45:23,440

um and and if you want to say the

1231

00:45:26,150 --> 00:45:25,200

continental u.s i'd say it's never

1232

00:45:28,390 --> 00:45:26,160

happened

1233

00:45:29,510 --> 00:45:28,400

uh in the history of air power

1234

00:45:32,150 --> 00:45:29,520

so

1235

00:45:34,950 --> 00:45:32,160

when you talk about

1236

00:45:36,950 --> 00:45:34,960

their craft that are in our skies that

1237

00:45:38,950 --> 00:45:36,960

aren't necessarily flying which actually

1238

00:45:40,550 --> 00:45:38,960

brings us into another discussion and

1239

00:45:42,950 --> 00:45:40,560

andy's actually really brilliant at this

1240

00:45:43,750 --> 00:45:42,960

one but they're moving through

1241

00:45:45,349 --> 00:45:43,760

what

1242

00:45:47,589 --> 00:45:45,359

they're moving through our sky but

1243

00:45:49,750 --> 00:45:47,599

they're not flying the way bernoulli's

1244

00:45:52,150 --> 00:45:49,760

theorem and newton's first and third

1245

00:45:53,190 --> 00:45:52,160

laws of motion how we uh we describe

1246

00:45:55,910 --> 00:45:53,200

flying

1247

00:45:58,790 --> 00:45:55,920

newtonian physics so

1248

00:46:00,550 --> 00:45:58,800

with that this organization is it in

1249

00:46:02,790 --> 00:46:00,560

their interest to say

1250

00:46:07,190 --> 00:46:02,800

yeah hey van this is what's going on

1251
00:46:09,190 --> 00:46:07,200
brother we have some craft flying around

1252
00:46:10,870 --> 00:46:09,200
pretty much wherever they want uh we

1253
00:46:16,710 --> 00:46:10,880
have no control over it we can't do

1254
00:46:20,710 --> 00:46:18,710
does that make sense i mean no of course

1255
00:46:22,230 --> 00:46:20,720
not so it's not in their interest you

1256
00:46:24,550 --> 00:46:22,240
know to say that

1257
00:46:26,470 --> 00:46:24,560
uh but then when we go to ro so i

1258
00:46:28,309 --> 00:46:26,480
disagree with how this has been handled

1259
00:46:31,030 --> 00:46:28,319
and that it hasn't been disclosed i

1260
00:46:33,270 --> 00:46:31,040
disagree with roswell because roswell is

1261
00:46:34,230 --> 00:46:33,280
a very simple mathematical equation

1262
00:46:35,670 --> 00:46:34,240
almost

1263
00:46:38,069 --> 00:46:35,680

um well i shouldn't say it's a

1264

00:46:40,710 --> 00:46:38,079

mathematical equation but you can look

1265

00:46:43,109 --> 00:46:40,720

at it the way an equation this plus this

1266

00:46:44,710 --> 00:46:43,119

equals this right but it's not

1267

00:46:47,190 --> 00:46:44,720

mathematical in the truest sense of the

1268

00:46:49,510 --> 00:46:47,200

word but if

1269

00:46:51,589 --> 00:46:49,520

if uh the army air force roswell army

1270

00:46:52,870 --> 00:46:51,599

airfield and major jesse marcel comes

1271

00:46:54,230 --> 00:46:52,880

out one day

1272

00:46:57,349 --> 00:46:54,240

and says

1273

00:46:58,470 --> 00:46:57,359

we captured a flying disc at roswell

1274

00:47:01,829 --> 00:46:58,480

and then

1275

00:47:04,230 --> 00:47:01,839

24 hours later say oh it wasn't that

1276

00:47:07,270 --> 00:47:04,240

it was a flying balloon

1277

00:47:08,309 --> 00:47:07,280

it was a it was a mylar weather balloon

1278

00:47:10,870 --> 00:47:08,319

so

1279

00:47:13,190 --> 00:47:10,880

which is the one would you lie about it

1280

00:47:16,630 --> 00:47:13,200

being the flying disc

1281

00:47:20,150 --> 00:47:16,640

or does it make more sense to lie

1282

00:47:21,510 --> 00:47:20,160

the second time about what it was

1283

00:47:23,349 --> 00:47:21,520

well neither are good i don't know which

1284

00:47:25,829 --> 00:47:23,359

is worse or better in any respect and

1285

00:47:28,150 --> 00:47:25,839

you know we know they did it a third and

1286

00:47:29,670 --> 00:47:28,160

possibly even a fourth time fourth time

1287

00:47:31,030 --> 00:47:29,680

yeah

1288

00:47:32,470 --> 00:47:31,040

so

1289

00:47:34,230 --> 00:47:32,480

but if you're going to make up a lie

1290

00:47:35,670 --> 00:47:34,240

it's not going to be the fantastic thing

1291

00:47:37,990 --> 00:47:35,680

that the base

1292

00:47:39,190 --> 00:47:38,000

uh public affairs officer major marcel

1293

00:47:41,190 --> 00:47:39,200

put out

1294

00:47:42,950 --> 00:47:41,200

the first thing

1295

00:47:46,470 --> 00:47:42,960

it's going to be the second thing when

1296

00:47:48,470 --> 00:47:46,480

they go what the are you doing marcel

1297

00:47:51,030 --> 00:47:48,480

you need to take that down and we're

1298

00:47:52,950 --> 00:47:51,040

going to put out a different story

1299

00:47:55,109 --> 00:47:52,960

and the reason you know that the second

1300

00:47:56,390 --> 00:47:55,119

story isn't true because it doesn't make

1301

00:47:58,790 --> 00:47:56,400

sense

1302

00:48:01,829 --> 00:47:58,800

you don't send deuce and a half full of

1303

00:48:04,309 --> 00:48:01,839

guys out to court 95 miles to this guy's

1304

00:48:06,069 --> 00:48:04,319

ranch and go get the police tape out

1305

00:48:09,190 --> 00:48:06,079

string it all around we're not getting

1306

00:48:11,349 --> 00:48:09,200

anybody within 10 miles of this place

1307

00:48:12,470 --> 00:48:11,359

for a weather balloon you you collect it

1308

00:48:14,230 --> 00:48:12,480

up and go

1309

00:48:15,910 --> 00:48:14,240

let's head back to base guys and see if

1310

00:48:17,030 --> 00:48:15,920

we can get grab a good burrito on the

1311

00:48:18,150 --> 00:48:17,040

way

1312

00:48:20,870 --> 00:48:18,160

yeah

1313

00:48:22,950 --> 00:48:20,880

no absolutely but you would do that if

1314

00:48:24,790 --> 00:48:22,960

you had something that was fantastic

1315

00:48:26,790 --> 00:48:24,800

that you did not want people to know

1316

00:48:28,470 --> 00:48:26,800

about because it doesn't fit the

1317

00:48:31,109 --> 00:48:28,480

narrative of there's something flying

1318

00:48:33,510 --> 00:48:31,119

that we don't control so i understand

1319

00:48:35,430 --> 00:48:33,520

well i disagree with what they did i

1320

00:48:37,109 --> 00:48:35,440

understand what they did and why they

1321

00:48:39,589 --> 00:48:37,119

did it and we could should be able to

1322

00:48:41,510 --> 00:48:39,599

contextualize that i get it i don't

1323

00:48:43,589 --> 00:48:41,520

agree with it but i understand it the

1324

00:48:46,390 --> 00:48:43,599

navy doesn't have that responsibility

1325

00:48:48,470 --> 00:48:46,400

yeah that's not their charge

1326

00:48:50,309 --> 00:48:48,480

no absolutely man

1327

00:48:53,750 --> 00:48:50,319

yeah i see what i'm saying

1328

00:48:55,430 --> 00:48:53,760

yeah absolutely man um

1329

00:48:56,950 --> 00:48:55,440

yeah you're making me think too much and

1330

00:48:58,150 --> 00:48:56,960

when i'm doing a show i shouldn't think

1331

00:49:00,870 --> 00:48:58,160

you know i should just be reading out

1332

00:49:02,309 --> 00:49:00,880

questions and stuff but i like that yeah

1333

00:49:04,230 --> 00:49:02,319

it's a good break very simple if it

1334

00:49:05,750 --> 00:49:04,240

doesn't make sense judge judy says this

1335

00:49:07,430 --> 00:49:05,760

all the time if

1336

00:49:09,829 --> 00:49:07,440

if the story roswell if it doesn't make

1337

00:49:11,030 --> 00:49:09,839

sense it's because it's not true

1338

00:49:17,349 --> 00:49:11,040

yeah

1339

00:49:20,309 --> 00:49:17,359

can you talk about the threat narrative

1340

00:49:22,870 --> 00:49:20,319

and the air space hazards and

1341

00:49:24,630 --> 00:49:22,880

why it's not just a scare tactic by the

1342

00:49:26,630 --> 00:49:24,640

government or maybe you think it is i

1343

00:49:28,870 --> 00:49:26,640

shouldn't i shouldn't say it like that

1344

00:49:30,230 --> 00:49:28,880

oh cool no it's not a scare tactic any

1345

00:49:33,190 --> 00:49:30,240

time so when you're in your working

1346

00:49:36,470 --> 00:49:33,200

airspace so the navy is having a an

1347

00:49:38,069 --> 00:49:36,480

existential issue with something that is

1348

00:49:40,150 --> 00:49:38,079

that ryan graves said was in our

1349

00:49:42,230 --> 00:49:40,160

training areas which by the way that

1350

00:49:44,470 --> 00:49:42,240

training area moves as the carrier group

1351
00:49:46,870 --> 00:49:44,480
moves that training area is not not

1352
00:49:48,309 --> 00:49:46,880
static because that thing's moving at 17

1353
00:49:49,270 --> 00:49:48,319
knots or whatever the hell those things

1354
00:49:51,430 --> 00:49:49,280
move at

1355
00:49:52,150 --> 00:49:51,440
um

1356
00:49:53,829 --> 00:49:52,160
so

1357
00:49:56,069 --> 00:49:53,839
these things are in our training areas

1358
00:49:57,990 --> 00:49:56,079
every day we could hit one one of them

1359
00:50:00,150 --> 00:49:58,000
split a flight of two you know we've all

1360
00:50:02,230 --> 00:50:00,160
heard that story from lou that it uh it

1361
00:50:03,829 --> 00:50:02,240
nearly collided they had a flight of two

1362
00:50:06,309 --> 00:50:03,839
and they had to break break right and

1363
00:50:09,349 --> 00:50:06,319

left to open up a space for one of those

1364

00:50:11,030 --> 00:50:09,359

uh circling cut those orbs inside a cube

1365

00:50:11,750 --> 00:50:11,040

to pass through the middle

1366

00:50:13,910 --> 00:50:11,760

so

1367

00:50:16,390 --> 00:50:13,920

would that result in a class a accident

1368

00:50:18,790 --> 00:50:16,400

where we hit it and and all of a sudden

1369

00:50:20,549 --> 00:50:18,800

now we have wings flying off and and a

1370

00:50:21,750 --> 00:50:20,559

pilot who's falling to his death you

1371

00:50:22,549 --> 00:50:21,760

know maybe

1372

00:50:25,030 --> 00:50:22,559

but

1373

00:50:27,109 --> 00:50:25,040

it is an existential problem

1374

00:50:28,630 --> 00:50:27,119

do i think that they're necessarily a

1375

00:50:30,390 --> 00:50:28,640

threat i would kind of go with the

1376

00:50:32,870 --> 00:50:30,400

angeline narrative maybe some of them

1377

00:50:34,790 --> 00:50:32,880

are some of them aren't we don't know

1378

00:50:35,510 --> 00:50:34,800

there's so much that so

1379

00:50:39,510 --> 00:50:35,520

i

1380

00:50:43,750 --> 00:50:39,520

know

1381

00:50:45,030 --> 00:50:43,760

um some of them maybe some of them may

1382

00:50:47,030 --> 00:50:45,040

have our best interests at heart and

1383

00:50:49,270 --> 00:50:47,040

want to shepherders toward actually

1384

00:50:50,870 --> 00:50:49,280

taking good care of this planet and

1385

00:50:54,230 --> 00:50:50,880

killing off the fossil fuels and

1386

00:50:56,870 --> 00:50:54,240

starting to uh find a better way to uh

1387

00:50:58,710 --> 00:50:56,880

to power ourselves and consume food and

1388

00:50:59,990 --> 00:50:58,720

power vehicles and then there's some of

1389

00:51:01,589 --> 00:51:00,000

them that might say you know what that's

1390

00:51:04,069 --> 00:51:01,599

a great resource down there they're like

1391

00:51:05,910 --> 00:51:04,079

90 water let's go take this thing

1392

00:51:08,790 --> 00:51:05,920

eventually when we're ready

1393

00:51:11,829 --> 00:51:08,800

so yeah the answer is uh we don't know

1394

00:51:14,150 --> 00:51:11,839

but as lou said um and i hate to to

1395

00:51:15,990 --> 00:51:14,160

parrot lou but he makes a lot of sense

1396

00:51:18,230 --> 00:51:16,000

uh you know like i hate to repeat the

1397

00:51:20,309 --> 00:51:18,240

same um

1398

00:51:22,069 --> 00:51:20,319

the same narratives that he does but if

1399

00:51:25,109 --> 00:51:22,079

it's there and we don't know what it is

1400

00:51:28,309 --> 00:51:25,119

and we don't know um what its intentions

1401
00:51:30,470 --> 00:51:28,319
are that means it's not a dynamic threat

1402
00:51:32,710 --> 00:51:30,480
in every instance but it's a potential

1403
00:51:33,589 --> 00:51:32,720
threat like potential energy

1404
00:51:36,390 --> 00:51:33,599
yeah

1405
00:51:38,230 --> 00:51:36,400
i completely agree i just wanted to see

1406
00:51:40,069 --> 00:51:38,240
where you stood on that and i'm happy to

1407
00:51:41,109 --> 00:51:40,079
hear how you said it um i've got a

1408
00:51:42,870 --> 00:51:41,119
couple more comments saying you're

1409
00:51:44,470 --> 00:51:42,880
jumping and freezing a bit there

1410
00:51:45,829 --> 00:51:44,480
probably isn't much more we can do so i

1411
00:51:48,630 --> 00:51:45,839
think people might just have to put up

1412
00:51:50,230 --> 00:51:48,640
with it i'm sorry sorry amigos

1413
00:51:52,390 --> 00:51:50,240

that's

1414

00:51:54,069 --> 00:51:52,400

sean witness citizen in the house unless

1415

00:51:55,430 --> 00:51:54,079

it was foreign

1416

00:51:57,190 --> 00:51:55,440

now yeah i think you've got a little

1417

00:51:59,589 --> 00:51:57,200

take on that

1418

00:52:01,430 --> 00:51:59,599

concept as well haven't you well lu liu

1419

00:52:02,630 --> 00:52:01,440

hat lou also you know he talks about

1420

00:52:05,030 --> 00:52:02,640

they've been seeing these things since

1421

00:52:06,630 --> 00:52:05,040

the 40s these cylindrical objects that

1422

00:52:08,069 --> 00:52:06,640

operate in very the same manner as the

1423

00:52:09,190 --> 00:52:08,079

tic tac

1424

00:52:13,109 --> 00:52:09,200

um

1425

00:52:15,750 --> 00:52:13,119

in my opinion uh going with dave fravor

1426

00:52:17,270 --> 00:52:15,760

reading uh the narratives that or

1427

00:52:18,470 --> 00:52:17,280

listening to the narratives or the

1428

00:52:20,950 --> 00:52:18,480

anecdotes

1429

00:52:22,710 --> 00:52:20,960

related by kevin day

1430

00:52:24,150 --> 00:52:22,720

by gary

1431

00:52:25,990 --> 00:52:24,160

by sean

1432

00:52:28,470 --> 00:52:26,000

by who was looking through the big eyes

1433

00:52:30,950 --> 00:52:28,480

on the deck by the e2 hawkeye

1434

00:52:32,870 --> 00:52:30,960

folks the rare operators

1435

00:52:34,150 --> 00:52:32,880

that has this thing on multiple sensors

1436

00:52:35,910 --> 00:52:34,160

doing this thing

1437

00:52:37,270 --> 00:52:35,920

so i don't believe

1438

00:52:39,190 --> 00:52:37,280

that

1439

00:52:40,790 --> 00:52:39,200

okay let's say for a second vinnie let's

1440

00:52:43,430 --> 00:52:40,800

entertain the thought

1441

00:52:45,910 --> 00:52:43,440

of in a laboratory somewhere in the

1442

00:52:48,309 --> 00:52:45,920

united states or in the world that

1443

00:52:49,349 --> 00:52:48,319

somebody is able to to somehow get

1444

00:52:51,990 --> 00:52:49,359

something

1445

00:52:53,430 --> 00:52:52,000

to produce an anti-gravitational

1446

00:52:55,990 --> 00:52:53,440

property and they're able to get it to

1447

00:52:57,910 --> 00:52:56,000

rise and fall they're able to introduce

1448

00:52:59,990 --> 00:52:57,920

electricity or plasma or something there

1449

00:53:02,230 --> 00:53:00,000

and they're they're able to get it to

1450

00:53:04,309 --> 00:53:02,240

move and then fall down

1451
00:53:06,150 --> 00:53:04,319
is that possible certainly

1452
00:53:07,270 --> 00:53:06,160
that could be a thing

1453
00:53:08,870 --> 00:53:07,280
but

1454
00:53:11,829 --> 00:53:08,880
operating

1455
00:53:14,790 --> 00:53:11,839
in a tactical engagement against an

1456
00:53:17,750 --> 00:53:14,800
fa-18 out over the water

1457
00:53:20,069 --> 00:53:17,760
in concert with a top gun pilot and

1458
00:53:22,549 --> 00:53:20,079
mimicking his maneuvers that's a whole

1459
00:53:23,990 --> 00:53:22,559
different animal

1460
00:53:25,670 --> 00:53:24,000
and you have said something to me before

1461
00:53:27,030 --> 00:53:25,680
we actually came on live about you've

1462
00:53:29,030 --> 00:53:27,040
seen

1463
00:53:30,630 --> 00:53:29,040

all sorts of aircraft and where they

1464

00:53:32,309 --> 00:53:30,640

come from how they're built and stuff

1465

00:53:33,510 --> 00:53:32,319

like that and you think

1466

00:53:36,870 --> 00:53:33,520

do you remember that conversation about

1467

00:53:38,790 --> 00:53:36,880

how it's just such a far leap going back

1468

00:53:40,309 --> 00:53:38,800

you know with the knowledge of

1469

00:53:42,870 --> 00:53:40,319

flight

1470

00:53:45,270 --> 00:53:42,880

yes if we i might have to kick be quiet

1471

00:53:45,910 --> 00:53:45,280

juicier my cat's in here

1472

00:53:47,270 --> 00:53:45,920

so

1473

00:53:50,069 --> 00:53:47,280

juicy yeah

1474

00:53:54,549 --> 00:53:51,910

when you look at the wright brothers and

1475

00:53:55,750 --> 00:53:54,559

people will say well you know with the

1476

00:53:57,510 --> 00:53:55,760

wright brother well they don't talk

1477

00:53:59,750 --> 00:53:57,520

about the wright brothers they'll talk

1478

00:54:02,710 --> 00:53:59,760

about well look at the stealth fighter

1479

00:54:04,309 --> 00:54:02,720

man that thing was at area 51 and we

1480

00:54:06,309 --> 00:54:04,319

didn't even know about it and all of a

1481

00:54:08,309 --> 00:54:06,319

sudden it you know it's out there and

1482

00:54:10,870 --> 00:54:08,319

it's bombing in the gulf first gulf war

1483

00:54:13,270 --> 00:54:10,880

okay that's great the stealth fighter

1484

00:54:15,670 --> 00:54:13,280

flies the exact same way as the as the

1485

00:54:18,870 --> 00:54:15,680

right flyer did in 1903 and kill devil

1486

00:54:20,630 --> 00:54:18,880

hills north carolina it's the exact same

1487

00:54:22,630 --> 00:54:20,640

it's it's bernoulli's theorem it's

1488

00:54:25,349 --> 00:54:22,640

newtonian physics

1489

00:54:27,670 --> 00:54:25,359

it's those wing forms that that driving

1490

00:54:29,750 --> 00:54:27,680

it forward create lift and then those

1491

00:54:32,309 --> 00:54:29,760

control surfaces that are able to make

1492

00:54:34,710 --> 00:54:32,319

us pitch roll yaw

1493

00:54:36,390 --> 00:54:34,720

dive you know all these sorts of things

1494

00:54:37,510 --> 00:54:36,400

right the six degrees of freedom that we

1495

00:54:40,390 --> 00:54:37,520

talk about

1496

00:54:43,109 --> 00:54:40,400

and um

1497

00:54:45,270 --> 00:54:43,119

that hasn't changed and and the aircraft

1498

00:54:47,589 --> 00:54:45,280

that we're buying today still fly with

1499

00:54:49,470 --> 00:54:47,599

the exact same concepts whereas if i

1500

00:54:52,630 --> 00:54:49,480

were to say to you vinnie we had the

1501

00:54:56,230 --> 00:54:52,640

sr-71 that made its first flight

1502

00:54:59,270 --> 00:54:56,240

in 1964. how long do you think it took

1503

00:55:00,789 --> 00:54:59,280

before the european consortium flew the

1504

00:55:03,270 --> 00:55:00,799

uh sst

1505

00:55:05,349 --> 00:55:03,280

the supersonic transport

1506

00:55:06,630 --> 00:55:05,359

i don't know man i'm not familiar with

1507

00:55:09,270 --> 00:55:06,640

this five years

1508

00:55:11,030 --> 00:55:09,280

really five years until the concord flew

1509

00:55:13,109 --> 00:55:11,040

you know they was doing that london in

1510

00:55:14,630 --> 00:55:13,119

new york paris and new york

1511

00:55:17,270 --> 00:55:14,640

flight in three hours or whatever the

1512

00:55:18,309 --> 00:55:17,280

hell it was sure so five years we made

1513

00:55:20,630 --> 00:55:18,319

it from

1514

00:55:22,710 --> 00:55:20,640

coming out of area 51 and coming at a

1515

00:55:24,870 --> 00:55:22,720

test and into operational flight

1516

00:55:27,190 --> 00:55:24,880

wherever they were stationed okinawa and

1517

00:55:28,069 --> 00:55:27,200

some other places california so on so

1518

00:55:29,670 --> 00:55:28,079

forth

1519

00:55:31,910 --> 00:55:29,680

um

1520

00:55:34,230 --> 00:55:31,920

sorry does this go from ox car to

1521

00:55:36,549 --> 00:55:34,240

operational sr-71s from the 60s because

1522

00:55:39,109 --> 00:55:36,559

i know it started out as cia ox-cart

1523

00:55:40,710 --> 00:55:39,119

didn't it uh i don't know

1524

00:55:43,589 --> 00:55:40,720

i know the first

1525

00:55:46,390 --> 00:55:43,599

flight that was announced was 64.

1526

00:55:47,910 --> 00:55:46,400

right and so i don't know

1527

00:55:51,109 --> 00:55:47,920

i mean it probably started developing in

1528

00:55:53,430 --> 00:55:51,119

58 59 and 16 so on and so forth to be

1529

00:55:55,670 --> 00:55:53,440

able to get the materials the jet engine

1530

00:55:57,750 --> 00:55:55,680

uh at supersonic it has a little bit of

1531

00:55:59,589 --> 00:55:57,760

a different theory that it worked on uh

1532

00:56:00,710 --> 00:55:59,599

from one way back when i went to jet

1533

00:56:01,510 --> 00:56:00,720

engine school

1534

00:56:03,510 --> 00:56:01,520

um

1535

00:56:05,109 --> 00:56:03,520

and then the materials to withstand the

1536

00:56:07,750 --> 00:56:05,119

heat and all this this sort of thing

1537

00:56:10,470 --> 00:56:07,760

right um so five years later you have

1538

00:56:12,390 --> 00:56:10,480

the sst that's also flying supersonic so

1539

00:56:15,109 --> 00:56:12,400

what happens is the military will make

1540

00:56:17,190 --> 00:56:15,119

something and then you'll see how it'll

1541

00:56:19,270 --> 00:56:17,200

transfer into the civilian world or it

1542

00:56:20,789 --> 00:56:19,280

will inform other technologies that the

1543

00:56:22,950 --> 00:56:20,799

military is using

1544

00:56:24,309 --> 00:56:22,960

this is so ridiculous because we haven't

1545

00:56:27,510 --> 00:56:24,319

moved anywhere

1546

00:56:29,349 --> 00:56:27,520

we still need ailerons rudders to steer

1547

00:56:31,109 --> 00:56:29,359

aileron to roll

1548

00:56:33,510 --> 00:56:31,119

elevator to pitch

1549

00:56:35,829 --> 00:56:33,520

right we still need all these exact same

1550

00:56:38,470 --> 00:56:35,839

flight control surfaces to fly and even

1551
00:56:42,069 --> 00:56:38,480
a helicopter what it what does the faa

1552
00:56:44,069 --> 00:56:42,079
or the rae call uh helicopters rotary

1553
00:56:47,190 --> 00:56:44,079
wing because what shape is that rotor

1554
00:56:49,829 --> 00:56:47,200
blade it's the shape of a wing so now we

1555
00:56:52,230 --> 00:56:49,839
pitched that blade sure but still it's

1556
00:56:55,109 --> 00:56:52,240
designed to create lift just as it is as

1557
00:56:56,549 --> 00:56:55,119
a wing form of that tear drop shape i'm

1558
00:56:59,109 --> 00:56:56,559
not going to get into bernoulli's

1559
00:57:00,789 --> 00:56:59,119
theorem on here uh and how it works uh

1560
00:57:03,670 --> 00:57:00,799
with velocity increase and pressure

1561
00:57:05,270 --> 00:57:03,680
decreases that basically the air that uh

1562
00:57:07,109 --> 00:57:05,280
the with the shape of the wing the air

1563
00:57:09,270 --> 00:57:07,119

that goes over the wing

1564

00:57:11,109 --> 00:57:09,280

travels faster than the air that goes

1565

00:57:12,789 --> 00:57:11,119

under the wing so that creates a low

1566

00:57:14,870 --> 00:57:12,799

pressure area on top of the wing and

1567

00:57:19,910 --> 00:57:14,880

there you have lift

1568

00:57:21,670 --> 00:57:19,920

the f-35 flies exactly like that

1569

00:57:23,910 --> 00:57:21,680

and the aircraft so if this thing was

1570

00:57:25,670 --> 00:57:23,920

flying around in 2004

1571

00:57:26,470 --> 00:57:25,680

like that

1572

00:57:28,630 --> 00:57:26,480

with

1573

00:57:31,829 --> 00:57:28,640

no sign of propulsion

1574

00:57:33,750 --> 00:57:31,839

no control surfaces to steer with

1575

00:57:36,390 --> 00:57:33,760

able to jam radar but no visible

1576

00:57:38,710 --> 00:57:36,400

emitters on the outside of this craft

1577

00:57:41,349 --> 00:57:38,720

okay so we're looking at it and i don't

1578

00:57:45,910 --> 00:57:41,359

see emitters but when i see a british

1579

00:57:49,670 --> 00:57:45,920

tornado or i see uh an f-35 or an f-22

1580

00:57:51,990 --> 00:57:49,680

or a sukhoi 27 or skoi 29 i know what

1581

00:57:54,150 --> 00:57:52,000

the emitters look like the jam radar

1582

00:57:55,270 --> 00:57:54,160

but yeah yeah this thing doesn't have

1583

00:57:57,030 --> 00:57:55,280

any of that

1584

00:57:59,190 --> 00:57:57,040

17 years ago

1585

00:58:00,549 --> 00:57:59,200

and yeah and

1586

00:58:02,309 --> 00:58:00,559

so i was just going to say you had a top

1587

00:58:03,430 --> 00:58:02,319

secret sci clearance as well do you

1588

00:58:05,270 --> 00:58:03,440

think you would have heard things in

1589

00:58:07,190 --> 00:58:05,280

back channels if they were doing things

1590

00:58:08,870 --> 00:58:07,200

behind the scenes no i wouldn't have

1591

00:58:11,190 --> 00:58:08,880

heard anything about it because i didn't

1592

00:58:13,030 --> 00:58:11,200

have a need to know and lewis has told

1593

00:58:14,470 --> 00:58:13,040

you guys about that that you can have

1594

00:58:16,470 --> 00:58:14,480

the clear i could have a clearance that

1595

00:58:19,589 --> 00:58:16,480

i could have gotten right into that but

1596

00:58:21,430 --> 00:58:19,599

i missed that final ingredient necessary

1597

00:58:24,150 --> 00:58:21,440

for me to know about a technology like

1598

00:58:27,510 --> 00:58:24,160

that was the need to know whereas if i

1599

00:58:29,109 --> 00:58:27,520

were to go over to area 51 and say hey

1600

00:58:31,510 --> 00:58:29,119

guys do you need to know what's going on

1601
00:58:33,750 --> 00:58:31,520
with us and joint special operations and

1602
00:58:36,630 --> 00:58:33,760
how we're interacting with certain uh

1603
00:58:38,789 --> 00:58:36,640
tier one uh tier one ground forces that

1604
00:58:41,109 --> 00:58:38,799
we don't even need to name and they

1605
00:58:42,309 --> 00:58:41,119
would say uh no they don't even need to

1606
00:58:44,069 --> 00:58:42,319
know about that they might have the

1607
00:58:45,750 --> 00:58:44,079
clearance to know about it

1608
00:58:47,910 --> 00:58:45,760
but they don't have a need to know which

1609
00:58:50,069 --> 00:58:47,920
is how they were able to obfuscate

1610
00:58:52,870 --> 00:58:50,079
things from lou and his team because

1611
00:58:55,349 --> 00:58:52,880
somebody has decided there are programs

1612
00:58:57,349 --> 00:58:55,359
out there and there are things out there

1613
00:58:59,670 --> 00:58:57,359

that he didn't need to know about which

1614

00:59:02,069 --> 00:58:59,680

is unfortunate

1615

00:59:04,390 --> 00:59:02,079

because he did need to know so

1616

00:59:07,510 --> 00:59:04,400

the whole construct vinnie is and we've

1617

00:59:09,270 --> 00:59:07,520

talked about this on spaces before

1618

00:59:11,829 --> 00:59:09,280

are there any reports of concord pilots

1619

00:59:13,670 --> 00:59:11,839

to ufos wonder given it was supersonic

1620

00:59:15,990 --> 00:59:13,680

aircraft then others would be a little

1621

00:59:18,309 --> 00:59:16,000

bit curious yeah the problem is that the

1622

00:59:20,710 --> 00:59:18,319

concorde made an enormous amount of

1623

00:59:22,230 --> 00:59:20,720

noise there was a lot of noise abatement

1624

00:59:25,750 --> 00:59:22,240

things that that were going on at the

1625

00:59:28,549 --> 00:59:25,760

time coming into jfk and laguardia and

1626
00:59:29,990 --> 00:59:28,559
and one of the things that separates uap

1627
00:59:32,950 --> 00:59:30,000
from um

1628
00:59:36,710 --> 00:59:32,960
from aircraft is there's an enormous

1629
00:59:38,309 --> 00:59:36,720
amount of um of noise and now we have

1630
00:59:40,150 --> 00:59:38,319
something that makes no noise and

1631
00:59:41,430 --> 00:59:40,160
doesn't have an ir signature

1632
00:59:43,589 --> 00:59:41,440
and that

1633
00:59:46,710 --> 00:59:43,599
absolutely blows my mind also it's

1634
00:59:48,710 --> 00:59:46,720
omnidirectional so with us we basically

1635
00:59:50,789 --> 00:59:48,720
take an aircraft engine and we trust

1636
00:59:52,789 --> 00:59:50,799
mount it inside of a wing

1637
00:59:55,270 --> 00:59:52,799
and we bolt it and then what happens is

1638
00:59:57,829 --> 00:59:55,280

as the aircraft pushes and comes forward

1639

01:00:00,309 --> 00:59:57,839

it pulls the aircraft through space

1640

01:00:01,990 --> 01:00:00,319

essentially it's bolted on the front the

1641

01:00:04,230 --> 01:00:02,000

trusses are in the wing and you bolt the

1642

01:00:05,589 --> 01:00:04,240

engine to those trusses so it's mono

1643

01:00:07,510 --> 01:00:05,599

directional

1644

01:00:10,549 --> 01:00:07,520

now the thrust might vector and help you

1645

01:00:12,789 --> 01:00:10,559

steer it but it's mono directional

1646

01:00:14,870 --> 01:00:12,799

this tic tac thing is omnidirectional it

1647

01:00:17,030 --> 01:00:14,880

could go up at the same velocity down at

1648

01:00:19,829 --> 01:00:17,040

the same velocity so it's able to

1649

01:00:21,190 --> 01:00:19,839

project propulsion in any direction it

1650

01:00:22,309 --> 01:00:21,200

wants

1651

01:00:26,069 --> 01:00:22,319

at just

1652

01:00:29,109 --> 01:00:26,079

a blink of an eye and come to a stop

1653

01:00:30,390 --> 01:00:29,119

and anybody inside would absolutely be

1654

01:00:32,470 --> 01:00:30,400

collapsed

1655

01:00:34,950 --> 01:00:32,480

it would look like you took the ladle at

1656

01:00:38,230 --> 01:00:34,960

domino's pizza and took that pizza sauce

1657

01:00:39,910 --> 01:00:38,240

and slathered it against the wall

1658

01:00:42,950 --> 01:00:39,920

i like the analogy

1659

01:00:44,390 --> 01:00:42,960

one man

1660

01:00:45,750 --> 01:00:44,400

um

1661

01:00:48,230 --> 01:00:45,760

well listen we've just about hit the

1662

01:00:49,750 --> 01:00:48,240

hour mark that is okay blown by man it

1663

01:00:51,430 --> 01:00:49,760

has listen

1664

01:00:53,990 --> 01:00:51,440

let's do this again sometime man

1665

01:00:56,870 --> 01:00:54,000

definitely have to do this again man

1666

01:00:59,430 --> 01:00:56,880

um it's a shame that you're

1667

01:01:00,710 --> 01:00:59,440

blurring a bit tonight that's really

1668

01:01:02,309 --> 01:01:00,720

everyone wants to see your beautiful

1669

01:01:05,190 --> 01:01:02,319

face man

1670

01:01:06,950 --> 01:01:05,200

what can i say i have a face for radio

1671

01:01:11,589 --> 01:01:06,960

now vinnie on the other hand this is a

1672

01:01:15,190 --> 01:01:13,109

but you're going to come on calling all

1673

01:01:17,910 --> 01:01:15,200

beings we're going to cut it off

1674

01:01:20,150 --> 01:01:17,920

any time man just say your word

1675

01:01:22,150 --> 01:01:20,160

absolutely brother listen before you go

1676

01:01:24,069 --> 01:01:22,160

man tell everyone where they can find

1677

01:01:27,670 --> 01:01:24,079

you follow you support you and all that

1678

01:01:29,430 --> 01:01:27,680

good stuff okay so our um our youtube is

1679

01:01:30,950 --> 01:01:29,440

uh calling all beings

1680

01:01:33,270 --> 01:01:30,960

and um

1681

01:01:33,990 --> 01:01:33,280

we have a also a show twitter that's

1682

01:01:44,470 --> 01:01:34,000

call

1683

01:01:46,630 --> 01:01:44,480

underscore beings

1684

01:01:49,109 --> 01:01:46,640

so uh we'd be honored to have you nathan

1685

01:01:50,710 --> 01:01:49,119

is brilliant uh the people that know me

1686

01:01:52,309 --> 01:01:50,720

there's a lot of people a lot more

1687

01:01:53,829 --> 01:01:52,319

people they're going to know nathan

1688

01:01:56,150 --> 01:01:53,839

because he's not going to annoy as much

1689

01:01:57,750 --> 01:01:56,160

as i do and i didn't even get through i

1690

01:02:00,549 --> 01:01:57,760

didn't even get through the navigation

1691

01:02:01,589 --> 01:02:00,559

of the tic-tac compared to how we gps

1692

01:02:04,309 --> 01:02:01,599

navigate

1693

01:02:06,950 --> 01:02:04,319

uh how we uh use traffic collision

1694

01:02:09,029 --> 01:02:06,960

there's so many aspects of flight

1695

01:02:11,029 --> 01:02:09,039

that this thing can do

1696

01:02:13,029 --> 01:02:11,039

that i know the technologies that we're

1697

01:02:14,470 --> 01:02:13,039

buying and using

1698

01:02:16,309 --> 01:02:14,480

that i know what we're buying right now

1699

01:02:19,029 --> 01:02:16,319

and they're nowhere close to this

1700

01:02:21,190 --> 01:02:19,039

so that's how i i would i would bet my

1701
01:02:23,349 --> 01:02:21,200
life uh against somebody who says this

1702
01:02:27,190 --> 01:02:23,359
is definitely human tech i bet my life

1703
01:02:29,589 --> 01:02:27,200
on it it's it's not not 21st century

1704
01:02:32,950 --> 01:02:29,599
contemporary humans maybe

1705
01:02:34,950 --> 01:02:32,960
your future us i can totally believe it

1706
01:02:36,230 --> 01:02:34,960
dude we've got to do part two we've got

1707
01:02:38,150 --> 01:02:36,240

we'll i'll dm you after or tomorrow and

1709
01:02:42,230 --> 01:02:40,480
we'll get that set up man because yeah

1710
01:02:43,990 --> 01:02:42,240
i'll be back you're coming on calling

1711
01:02:49,190 --> 01:02:44,000

1712
01:02:52,789 --> 01:02:51,750
