very much hey pleasure's mine thank you

36

00:01:51,190 --> 00:01:48,720

so much for taking time out to do this

37

00:01:53,190 --> 00:01:51,200

and we will be joined as well by georgia

38

00:01:54,789 --> 00:01:53,200

pierzenza i think he's just popped off

39

00:01:57,270 --> 00:01:54,799

to get some headphones

40

00:01:58,389 --> 00:01:57,280

so yeah so gentlemen thank you all for

41

00:02:00,709 --> 00:01:58,399

being here now

42

00:02:02,789 --> 00:02:00,719

i just want to give a shout out to roon

43

00:02:05,350 --> 00:02:02,799

uh because roone was gonna join us from

44

00:02:07,830 --> 00:02:05,360

denmark but i believe that he's ill so

45

00:02:09,510 --> 00:02:07,840

get well soon roon and and then suzanne

46

00:02:12,949 --> 00:02:09,520

hansen from new zealand i think she had

47

00:02:15,589 --> 00:02:12,959

some family things um so our best wishes

48

00:02:16,790 --> 00:02:15,599

with suzanne as well so i just wanted to

49

00:02:19,670 --> 00:02:16,800

say that

50

00:02:21,750 --> 00:02:19,680

so let's jump into the discussion so

51  
00:02:22,790 --> 00:02:21,760  
obviously we're here to talk about isa

52  
00:02:24,790 --> 00:02:22,800  
uh

53  
00:02:26,949 --> 00:02:24,800  
publicly you've been sort of live let's

54  
00:02:28,630 --> 00:02:26,959  
say for seven months but i'd like to

55  
00:02:30,630 --> 00:02:28,640  
hear about the inner workings of and the

56  
00:02:32,869 --> 00:02:30,640  
preparations leading up to that

57  
00:02:40,869 --> 00:02:32,879  
happening so whoever wants to take the

58  
00:02:43,990 --> 00:02:42,790  
i think if you're going to start talking

59  
00:02:46,869 --> 00:02:44,000  
about the

60  
00:02:49,190 --> 00:02:46,879  
origins of icer it's it's okay i think

61  
00:02:51,509 --> 00:02:49,200  
gary or don are the most

62  
00:02:53,110 --> 00:02:51,519  
uh qualified for that when when we've

63  
00:02:55,670 --> 00:02:53,120

talked when i came on before and we

64

00:02:57,750 --> 00:02:55,680

spoke about the origins i'll quickly go

65

00:02:59,990 --> 00:02:57,760

over it um literally

66

00:03:02,790 --> 00:03:00,000

the origin stem from what turns out to

67

00:03:05,509 --> 00:03:02,800

be a failed chinese disclosure

68

00:03:08,229 --> 00:03:05,519

initiative that initially involved don

69

00:03:10,309 --> 00:03:08,239

and roberto they went to china on

70

00:03:12,149 --> 00:03:10,319

several occasions and it looked like it

71

00:03:15,190 --> 00:03:12,159

was going forward the chinese were

72

00:03:16,949 --> 00:03:15,200

saying can you get hold of

73

00:03:18,470 --> 00:03:16,959

researchers from around the world

74

00:03:19,509 --> 00:03:18,480

and we'll try to pull a conference

75

00:03:22,830 --> 00:03:19,519

together

76

00:03:25,350 --> 00:03:22,840

that actually transpired in october of

77

00:03:27,270 --> 00:03:25,360

2018 in moscow

78

00:03:29,990 --> 00:03:27,280

and it was at that point there that don

79

00:03:32,149 --> 00:03:30,000

contacted me and i was one of the

80

00:03:34,309 --> 00:03:32,159

i think eight representatives the that

81

00:03:36,470 --> 00:03:34,319

was there at the time and that was one

82

00:03:38,949 --> 00:03:36,480

of the highlights of my life to go to

83

00:03:41,190 --> 00:03:38,959

moscow with red square and the beauty of

84

00:03:43,990 --> 00:03:41,200

the city stunning so that yes that's

85

00:03:46,630 --> 00:03:44,000

something i always remember from there

86

00:03:49,670 --> 00:03:46,640

we waited on the chinese to in a sense

87

00:03:51,990 --> 00:03:49,680

come back on their plans but that failed

88

00:03:54,949 --> 00:03:52,000

to materialize we never really got the

89

00:03:59,110 --> 00:03:54,959

true story but suffice to say that by a

90

00:04:00,710 --> 00:03:59,120

year later by of october 2019

91

00:04:02,309 --> 00:04:00,720

that was the anniversary of the moscow

92

00:04:03,910 --> 00:04:02,319

conference we said if we don't hear

93

00:04:06,229 --> 00:04:03,920

anything by then it looks pretty much

94

00:04:08,149 --> 00:04:06,239

like the chinese initiative is dead that

95

00:04:10,309 --> 00:04:08,159

came and went and then of course we go

96

00:04:12,309 --> 00:04:10,319

into early 2020 and then we suddenly

97

00:04:13,350 --> 00:04:12,319

find ourselves entering a pandemic which

98

00:04:15,190 --> 00:04:13,360

nobody

99

00:04:16,710 --> 00:04:15,200

obviously foresaw

100

00:04:17,909 --> 00:04:16,720

and then we're into lockdowns and things

101

00:04:21,030 --> 00:04:17,919

like that and it was during the

102

00:04:22,870 --> 00:04:21,040

lockdowns that i began to think well

103

00:04:25,189 --> 00:04:22,880

we've got a lot of good will that we've

104

00:04:26,230 --> 00:04:25,199

developed preliminary discussions with

105

00:04:28,310 --> 00:04:26,240

various

106

00:04:29,909 --> 00:04:28,320

uh researchers around the world and

107

00:04:32,390 --> 00:04:29,919

scientists and whatever

108

00:04:35,030 --> 00:04:32,400

so it struck me that it would be silly

109

00:04:37,430 --> 00:04:35,040

to lose all that and then because of the

110

00:04:39,990 --> 00:04:37,440

lockdown i realized that everybody

111

00:04:41,909 --> 00:04:40,000

started to use zoom and online medium

112

00:04:43,510 --> 00:04:41,919

skype and whatever and i thought well

113

00:04:45,430 --> 00:04:43,520

that's where they're staying in touch

114

00:04:47,189 --> 00:04:45,440

with the relatives so why don't we try

115

00:04:49,510 --> 00:04:47,199

doing it ourselves so i took out a zoom

116

00:04:51,350 --> 00:04:49,520

pro account and then started contacting

117

00:04:53,110 --> 00:04:51,360

everybody and said well i you know it's

118

00:04:54,790 --> 00:04:53,120

blind leading the blind but why don't we

119

00:04:56,390 --> 00:04:54,800

try to do it ourselves

120

00:04:58,469 --> 00:04:56,400

and then literally

121

00:05:02,230 --> 00:04:58,479

that's what we've done so we began our

122

00:05:04,870 --> 00:05:02,240

zooms in june of 2020

123

00:05:07,430 --> 00:05:04,880

and gradually built up over time we we

124

00:05:09,350 --> 00:05:07,440

got more people involved and now we're

125

00:05:12,710 --> 00:05:09,360

28 nations

126

00:05:14,710 --> 00:05:12,720

plus we have maybe 11 deputies in

127

00:05:17,590 --> 00:05:14,720

around some of the countries

128

00:05:20,070 --> 00:05:17,600

so you know we've come a long way

129

00:05:22,230 --> 00:05:20,080

and there was a literally a year of

130

00:05:25,270 --> 00:05:22,240

planning before we launched on the 25th

131

00:05:27,590 --> 00:05:25,280

of may and that day it wasn't uh plucked

132

00:05:29,909 --> 00:05:27,600

randomly that was aimed deliberately to

133

00:05:32,710 --> 00:05:29,919

be a month before the anticipated

134

00:05:35,189 --> 00:05:32,720

release of the dni report on the 25th of

135

00:05:36,870 --> 00:05:35,199

june as it worked out we weren't sure it

136

00:05:38,870 --> 00:05:36,880

was going to be released but it did so

137

00:05:39,749 --> 00:05:38,880

it's worked out so we've now been live

138

00:05:41,830 --> 00:05:39,759

for

139

00:05:43,909 --> 00:05:41,840

seven months but behind the scenes we've

140

00:05:45,990 --> 00:05:43,919

obviously got to know each other pretty

141

00:05:48,150 --> 00:05:46,000

well and we've we hold various types of

142

00:05:51,189 --> 00:05:48,160

different meetings and we've all got to

143

00:05:52,870 --> 00:05:51,199

know each other very well and so

144

00:05:54,950 --> 00:05:52,880

i think it's now time that maybe some of

145

00:05:57,029 --> 00:05:54,960

the others to say what it's like when we

146

00:05:59,990 --> 00:05:57,039

have meetings are very informal

147

00:06:03,029 --> 00:06:00,000

um but we we have a laugh and we we you

148

00:06:05,270 --> 00:06:03,039

know we take care of each other

149

00:06:07,110 --> 00:06:05,280

it's not only it's not only zoom

150

00:06:09,990 --> 00:06:07,120

meetings we had conferences in san

151  
00:06:12,550 --> 00:06:10,000  
marino in barcelona where we had the

152  
00:06:13,990 --> 00:06:12,560  
opportunity to meet in person with some

153  
00:06:14,950 --> 00:06:14,000  
of our members

154  
00:06:16,629 --> 00:06:14,960  
and

155  
00:06:17,510 --> 00:06:16,639  
just to add something that gary was

156  
00:06:21,670 --> 00:06:17,520  
saying

157  
00:06:24,870 --> 00:06:21,680  
we started having exchanging some emails

158  
00:06:27,350 --> 00:06:24,880  
in with most part of the group in march

159  
00:06:30,550 --> 00:06:27,360  
february march of 2020 then we had some

160  
00:06:33,830 --> 00:06:30,560  
skypes and then we moved to zoom so this

161  
00:06:36,070 --> 00:06:33,840  
was a build up um

162  
00:06:37,350 --> 00:06:36,080  
yeah and we we know each other very well

163  
00:06:40,070 --> 00:06:37,360

for now it's

164

00:06:41,510 --> 00:06:40,080

yeah and and i cannot i tell you what

165

00:06:44,309 --> 00:06:41,520

there's one thing that i always

166

00:06:47,110 --> 00:06:44,319

impresses me is that in all the

167

00:06:50,469 --> 00:06:47,120

and i've hosted most of the meetings

168

00:06:52,390 --> 00:06:50,479

we must now be in excess of 100 plus

169

00:06:54,710 --> 00:06:52,400

meetings easily

170

00:06:56,150 --> 00:06:54,720

that we have never had

171

00:07:01,350 --> 00:06:56,160

an argument

172

00:07:03,990 --> 00:07:01,360

representative or deputy on the floor of

173

00:07:06,629 --> 00:07:04,000

a meeting like this which if you think

174

00:07:08,870 --> 00:07:06,639

about the subject matter is pretty

175

00:07:11,510 --> 00:07:08,880

well you know unheard of

176

00:07:14,230 --> 00:07:11,520

you know ufology is notorious for

177

00:07:16,070 --> 00:07:14,240

fallouts and group against group

178

00:07:18,790 --> 00:07:16,080

but i can honestly say that we've never

179

00:07:20,790 --> 00:07:18,800

had a fallout uh we try to keep it light

180

00:07:22,710 --> 00:07:20,800

but we you know we have lots of open

181

00:07:23,990 --> 00:07:22,720

discussions

182

00:07:26,150 --> 00:07:24,000

and i think that

183

00:07:28,150 --> 00:07:26,160

and especially and gary would be witness

184

00:07:29,110 --> 00:07:28,160

to this and i certainly hear in the

185

00:07:32,390 --> 00:07:29,120

states

186

00:07:34,550 --> 00:07:32,400

that in these particular two countries

187

00:07:36,629 --> 00:07:34,560

the subject is

188

00:07:37,990 --> 00:07:36,639

is more cliquish than really anywhere

189

00:07:39,909 --> 00:07:38,000

else in the world

190

00:07:41,990 --> 00:07:39,919

i mean where people have set themselves

191

00:07:44,150 --> 00:07:42,000

up to be in competition with one another

192

00:07:45,510 --> 00:07:44,160

and here the very idea that we have 28

193

00:07:48,070 --> 00:07:45,520

countries

194

00:07:51,110 --> 00:07:48,080

representatives deputies that we can sit

195

00:07:53,430 --> 00:07:51,120

down and it i i hearken back to when the

196

00:07:56,230 --> 00:07:53,440

late uh stanton friedman

197

00:07:59,270 --> 00:07:56,240

and i often would panel or guest

198

00:08:00,309 --> 00:07:59,280

together or even be on a documentary

199

00:08:03,350 --> 00:08:00,319

feature

200

00:08:04,790 --> 00:08:03,360

and we would always agree in advance

201  
00:08:06,790 --> 00:08:04,800  
we're only we're going to present a

202  
00:08:08,629 --> 00:08:06,800  
united front

203  
00:08:11,189 --> 00:08:08,639  
there's no reason to bring up anything

204  
00:08:12,950 --> 00:08:11,199  
that we disagree about because i mean

205  
00:08:14,230 --> 00:08:12,960  
that's behind the scenes it has nothing

206  
00:08:17,350 --> 00:08:14,240  
to do with

207  
00:08:18,390 --> 00:08:17,360  
the progress as much as we have to work

208  
00:08:20,390 --> 00:08:18,400  
together

209  
00:08:22,790 --> 00:08:20,400  
and the idea that something is

210  
00:08:25,430 --> 00:08:22,800  
monumental is the subject of ufos that

211  
00:08:28,150 --> 00:08:25,440  
any one of us would feel that well we're

212  
00:08:30,230 --> 00:08:28,160  
the end-all or i have all the answers uh

213  
00:08:32,870 --> 00:08:30,240

as we we've all pointed out within the

214

00:08:34,310 --> 00:08:32,880

group just to be introduced as an expert

215

00:08:36,230 --> 00:08:34,320

on a subject

216

00:08:37,750 --> 00:08:36,240

that how can be an expert on a mystery

217

00:08:40,070 --> 00:08:37,760

on something that we're still all

218

00:08:41,750 --> 00:08:40,080

chasing phantoms trying to come up with

219

00:08:42,630 --> 00:08:41,760

the answers to

220

00:08:45,110 --> 00:08:42,640

um

221

00:08:46,070 --> 00:08:45,120

i'd like to also mention that and i know

222

00:08:47,509 --> 00:08:46,080

gary

223

00:08:49,430 --> 00:08:47,519

and and victor was certainly very

224

00:08:53,509 --> 00:08:49,440

prominent and part of when we had the

225

00:08:56,470 --> 00:08:53,519

citizens hearing in washington in 2013.

226

00:08:57,990 --> 00:08:56,480

for me this is where the spark

227

00:09:00,790 --> 00:08:58,000

originally began

228

00:09:03,829 --> 00:09:00,800

because when we testified before those

229

00:09:06,230 --> 00:09:03,839

congressmen and ladies

230

00:09:09,030 --> 00:09:06,240

and one of the things they suggested to

231

00:09:11,269 --> 00:09:09,040

us beyond even congressional hearings

232

00:09:13,829 --> 00:09:11,279

would be uh putting on a joint

233

00:09:15,269 --> 00:09:13,839

presentation for the u.n for the united

234

00:09:18,070 --> 00:09:15,279

nations

235

00:09:19,110 --> 00:09:18,080

and we for them it would be an uphill

236

00:09:22,310 --> 00:09:19,120

climb

237

00:09:23,430 --> 00:09:22,320

and yet as that that particular effort

238

00:09:26,230 --> 00:09:23,440

waned

239

00:09:28,630 --> 00:09:26,240

we saw this and that remains i think our

240

00:09:32,070 --> 00:09:28,640

primary goal within isis

241

00:09:34,070 --> 00:09:32,080

that we would be recognized by unesco

242

00:09:36,070 --> 00:09:34,080

that we would be able to actually

243

00:09:39,030 --> 00:09:36,080

present papers that we would be able to

244

00:09:42,949 --> 00:09:39,040

have conferences at the u.n

245

00:09:44,550 --> 00:09:42,959

and truly make this an international

246

00:09:46,310 --> 00:09:44,560

representation

247

00:09:48,150 --> 00:09:46,320

and i think that any one of us could

248

00:09:50,630 --> 00:09:48,160

then walk away and say mission

249

00:09:54,389 --> 00:09:50,640

accomplished that we

250

00:09:57,269 --> 00:09:54,399

succeeded in in performing uh as far as

251  
00:09:58,949 --> 00:09:57,279  
an act that no one here before has been

252  
00:10:00,470 --> 00:09:58,959  
able to accomplish

253  
00:10:02,230 --> 00:10:00,480  
and i think that would be just a

254  
00:10:04,389 --> 00:10:02,240  
tremendous and i think that's one of the

255  
00:10:07,190 --> 00:10:04,399  
reasons that all of us

256  
00:10:10,150 --> 00:10:07,200  
are are so intent on seeing this through

257  
00:10:12,150 --> 00:10:10,160  
with icer because this is a unique group

258  
00:10:15,350 --> 00:10:12,160  
there's never been anything like this

259  
00:10:17,350 --> 00:10:15,360  
before even my my former late scientific

260  
00:10:19,509 --> 00:10:17,360  
director dr jalen heineck

261  
00:10:21,990 --> 00:10:19,519  
he had his invisible college

262  
00:10:24,230 --> 00:10:22,000  
where he had different scientists from

263  
00:10:26,630 --> 00:10:24,240

different countries but there was always

264

00:10:29,509 --> 00:10:26,640

that stigma that taboo

265

00:10:31,030 --> 00:10:29,519

well we're beyond that now we're able to

266

00:10:34,150 --> 00:10:31,040

finally say

267

00:10:37,509 --> 00:10:34,160

that we know there indeed is an

268

00:10:39,269 --> 00:10:37,519

extraterrestrial phenomenon behind this

269

00:10:40,870 --> 00:10:39,279

entire subject matter

270

00:10:43,590 --> 00:10:40,880

and that as representatives of our

271

00:10:47,030 --> 00:10:43,600

respective countries that we're uniting

272

00:10:49,590 --> 00:10:47,040

to put forward that position and now get

273

00:10:51,990 --> 00:10:49,600

on the train be with us because we're

274

00:10:53,670 --> 00:10:52,000

just getting warmed up

275

00:10:59,430 --> 00:10:53,680

excellent well said victor you got any

276

00:11:02,150 --> 00:11:01,030

victor anyone

277

00:11:04,550 --> 00:11:02,160

any thoughts

278

00:11:06,710 --> 00:11:04,560

no i i did want to echo don's don's

279

00:11:10,310 --> 00:11:06,720

sentiments because it is indeed unique

280

00:11:11,670 --> 00:11:10,320

that icer is a collaborative effort and

281

00:11:14,870 --> 00:11:11,680

all of the things that i've ever been

282

00:11:18,150 --> 00:11:14,880

involved in uh since i first began this

283

00:11:20,389 --> 00:11:18,160

this crazy stuff back in 1975

284

00:11:23,509 --> 00:11:20,399

the individuals have attempted to propel

285

00:11:26,230 --> 00:11:23,519

themselves forward as as don mentioned

286

00:11:27,829 --> 00:11:26,240

as as the provider of answers and we all

287

00:11:30,870 --> 00:11:27,839

know that that's not the case and the

288

00:11:33,829 --> 00:11:30,880

only way to get this thing together

289

00:11:36,230 --> 00:11:33,839

on an international global

290

00:11:37,509 --> 00:11:36,240

format or scale is a collaborative

291

00:11:39,030 --> 00:11:37,519

effort and with the countries that we

292

00:11:43,269 --> 00:11:39,040

have represented

293

00:11:44,550 --> 00:11:43,279

in icer it's an ideal format and it has

294

00:11:47,030 --> 00:11:44,560

to be something

295

00:11:49,190 --> 00:11:47,040

that once we reach the plateau of

296

00:11:51,190 --> 00:11:49,200

international recognition

297

00:11:52,069 --> 00:11:51,200

uh i

298

00:11:52,949 --> 00:11:52,079

know

299

00:11:55,350 --> 00:11:52,959

that

300

00:11:57,990 --> 00:11:55,360

the research community if i could use it

301  
00:12:00,069 --> 00:11:58,000  
that way and even the general public

302  
00:12:01,269 --> 00:12:00,079  
will ask the question well who you guys

303  
00:12:03,190 --> 00:12:01,279  
are

304  
00:12:05,829 --> 00:12:03,200  
presenting is this just one person in

305  
00:12:08,790 --> 00:12:05,839  
you know in toronto or one person uh in

306  
00:12:10,949 --> 00:12:08,800  
in kansas or wherever no this is an

307  
00:12:13,030 --> 00:12:10,959  
international representation of 28

308  
00:12:15,190 --> 00:12:13,040  
countries who have uh represent

309  
00:12:17,110 --> 00:12:15,200  
representatives that all feel the same

310  
00:12:19,990 --> 00:12:17,120  
way about this and we are united in a

311  
00:12:22,230 --> 00:12:20,000  
goal to bring this forward forward at

312  
00:12:24,949 --> 00:12:22,240  
the highest possible level

313  
00:12:27,430 --> 00:12:24,959

both in the media and uh with respect to

314

00:12:29,590 --> 00:12:27,440

you know researchers and and all of the

315

00:12:31,910 --> 00:12:29,600

uh you know the great you know podcasts

316

00:12:34,230 --> 00:12:31,920

that are happening we have to present a

317

00:12:36,710 --> 00:12:34,240

united front and there's no there's no

318

00:12:38,629 --> 00:12:36,720

way that we can emphasize that uh too

319

00:12:41,750 --> 00:12:38,639

much and that's the one thing that sets

320

00:12:44,310 --> 00:12:41,760

us apart um as unique and we have to

321

00:12:47,350 --> 00:12:44,320

raise this level of discourse to an

322

00:12:50,150 --> 00:12:47,360

international global uh platform that

323

00:12:51,990 --> 00:12:50,160

that all media and all government are

324

00:12:53,829 --> 00:12:52,000

are recognizing and the one thing that i

325

00:12:55,430 --> 00:12:53,839

would like to to sort of mention we

326

00:12:57,030 --> 00:12:55,440

could talk about this in a few minutes

327

00:12:59,670 --> 00:12:57,040

is the way the united states congress

328

00:13:01,750 --> 00:12:59,680

and senate are sort of coming together

329

00:13:04,310 --> 00:13:01,760

i'm not using the word uh you know

330

00:13:06,310 --> 00:13:04,320

flagrantly but they are coming together

331

00:13:07,430 --> 00:13:06,320

in a coalescence that we've never seen

332

00:13:09,030 --> 00:13:07,440

before

333

00:13:11,670 --> 00:13:09,040

so we have to take advantage of that

334

00:13:13,750 --> 00:13:11,680

coalescence and use every resource that

335

00:13:17,110 --> 00:13:13,760

iser has to bring this forward on an

336

00:13:17,990 --> 00:13:17,120

international level to the u.n and

337

00:13:19,990 --> 00:13:18,000

there's

338

00:13:21,750 --> 00:13:20,000

all kinds of ways that we can bring this

339

00:13:23,350 --> 00:13:21,760

thing forward to the u.n and i think

340

00:13:25,430 --> 00:13:23,360

that's the the next step that i think

341

00:13:28,230 --> 00:13:25,440

we're taking with respect to icer and

342

00:13:28,949 --> 00:13:28,240

and its influence uh globally

343

00:13:30,629 --> 00:13:28,959

yeah

344

00:13:33,190 --> 00:13:30,639

giorgio or dave either of you want to

345

00:13:34,870 --> 00:13:33,200

chime in on that kind of yeah um i think

346

00:13:36,790 --> 00:13:34,880

what binds us together

347

00:13:39,350 --> 00:13:36,800

really is the oath that we all took when

348

00:13:41,509 --> 00:13:39,360

we uh when we joined isa and that is

349

00:13:44,150 --> 00:13:41,519

that uh you know we sincerely believe

350

00:13:46,310 --> 00:13:44,160

that there is a non-human intelligence

351

00:13:48,310 --> 00:13:46,320

probable extraterrestrial intelligence

352

00:13:49,910 --> 00:13:48,320

behind the subject and that we would be

353

00:13:51,509 --> 00:13:49,920

willing to state that publicly that's

354

00:13:53,350 --> 00:13:51,519

essentially what they're the oath and

355

00:13:55,829 --> 00:13:53,360

that's a viewpoint that i've held for

356

00:13:57,910 --> 00:13:55,839

for many many years uh i've been

357

00:13:59,590 --> 00:13:57,920

actively investigating the subject for

358

00:14:02,150 --> 00:13:59,600

14 years now

359

00:14:04,550 --> 00:14:02,160

but i've you know believed in it many

360

00:14:07,189 --> 00:14:04,560

years before that and it's very nice to

361

00:14:08,949 --> 00:14:07,199

join a an international organization who

362

00:14:11,670 --> 00:14:08,959

uphold that view and they're not

363

00:14:13,590 --> 00:14:11,680

embarrassed or shy away from it or sit

364

00:14:15,910 --> 00:14:13,600

on the fence with it but have made a

365

00:14:17,509 --> 00:14:15,920

stand and made that statement and that's

366

00:14:19,590 --> 00:14:17,519

really why i'm really proud to be part

367

00:14:21,269 --> 00:14:19,600

of isa and where we're going with it

368

00:14:22,470 --> 00:14:21,279

yeah excellent well said and yeah i was

369

00:14:23,670 --> 00:14:22,480

having another look on the website

370

00:14:26,710 --> 00:14:23,680

earlier and it's very clear the

371

00:14:29,509 --> 00:14:26,720

statements that you make as a group are

372

00:14:34,629 --> 00:14:29,519

short concise but very to the point uh

373

00:14:39,110 --> 00:14:36,550

oh we can't hear you i don't know if

374

00:14:39,670 --> 00:14:39,120

you've muted yourself or not

375

00:14:43,189 --> 00:14:39,680

oh

376

00:14:48,389 --> 00:14:46,870

maybe if i take this earphones off can

377

00:14:50,870 --> 00:14:48,399

you hear me now

378

00:14:53,670 --> 00:14:50,880

yes can you hear us okay

379

00:14:54,710 --> 00:14:53,680

i can hear you now barely but i can hear

380

00:14:57,030 --> 00:14:54,720

you

381

00:14:58,470 --> 00:14:57,040

um well i was saying that

382

00:15:00,550 --> 00:14:58,480

i have been doing this

383

00:15:03,990 --> 00:15:00,560

research in a

384

00:15:06,710 --> 00:15:04,000

integral comprehensive manner contactees

385

00:15:09,350 --> 00:15:06,720

science philosophy

386

00:15:11,269 --> 00:15:09,360

the whole activism a little bit

387

00:15:13,629 --> 00:15:11,279

even working with the military here in

388

00:15:17,670 --> 00:15:13,639

peru since

389

00:15:20,470 --> 00:15:17,680

1975 in general i started with a contact

390

00:15:21,590 --> 00:15:20,480

experience from my family members

391

00:15:24,790 --> 00:15:21,600

so

392

00:15:27,110 --> 00:15:24,800

and i've seen this lack of unity in the

393

00:15:28,389 --> 00:15:27,120

in the in the ufo community

394

00:15:31,110 --> 00:15:28,399

all the time

395

00:15:33,910 --> 00:15:31,120

but it's usually a lack of unity in many

396

00:15:36,150 --> 00:15:33,920

many areas of human life right

397

00:15:38,310 --> 00:15:36,160

um but i think that we are on a new

398

00:15:41,990 --> 00:15:38,320

stage and isa

399

00:15:43,829 --> 00:15:42,000

is really uh representing this new stage

400

00:15:44,870 --> 00:15:43,839

finally finally

401  
00:15:46,790 --> 00:15:44,880  
um

402  
00:15:50,069 --> 00:15:46,800  
researchers united

403  
00:15:51,829 --> 00:15:50,079  
with think with common purposes

404  
00:15:53,990 --> 00:15:51,839  
and um

405  
00:15:57,030 --> 00:15:54,000  
there were there were

406  
00:15:59,590 --> 00:15:57,040  
some participations from peru in the

407  
00:16:01,910 --> 00:15:59,600  
united nations

408  
00:16:04,790 --> 00:16:01,920  
many years ago

409  
00:16:05,829 --> 00:16:04,800  
i think it was back in the 80s

410  
00:16:08,629 --> 00:16:05,839  
when a

411  
00:16:11,030 --> 00:16:08,639  
contactee friend of mine

412  
00:16:13,509 --> 00:16:11,040  
was invited to speak about these things

413  
00:16:15,189 --> 00:16:13,519

that that we are not alone

414

00:16:17,829 --> 00:16:15,199

that they are here

415

00:16:19,590 --> 00:16:17,839

that sometimes they provide evidence for

416

00:16:21,269 --> 00:16:19,600

the for the people that want to see the

417

00:16:23,749 --> 00:16:21,279

evidence

418

00:16:25,110 --> 00:16:23,759

and we are on a new stage i think

419

00:16:27,749 --> 00:16:25,120

after

420

00:16:31,030 --> 00:16:27,759

uh this first stage in which all of this

421

00:16:33,269 --> 00:16:31,040

is being recognized officially

422

00:16:37,430 --> 00:16:33,279

i think that we may then go into the

423

00:16:39,990 --> 00:16:37,440

possibility of contact of demonstration

424

00:16:42,389 --> 00:16:40,000

and i believe that one of the things

425

00:16:43,110 --> 00:16:42,399

that latin america can give to the world

426

00:16:46,870 --> 00:16:43,120

is

427

00:16:50,389 --> 00:16:46,880

uh because the type of contacts that

428

00:16:51,710 --> 00:16:50,399

have happened besides research has also

429

00:16:53,269 --> 00:16:51,720

been

430

00:16:54,990 --> 00:16:53,279

ambassadorial

431

00:16:58,710 --> 00:16:55,000

collaborative

432

00:17:01,910 --> 00:16:58,720

participatory voluntary with particular

433

00:17:05,189 --> 00:17:01,920

types of beings manifesting in latin

434

00:17:07,590 --> 00:17:05,199

america through different contactees

435

00:17:09,750 --> 00:17:07,600

sometimes it's very real very objective

436

00:17:11,669 --> 00:17:09,760

and can be verified

437

00:17:13,350 --> 00:17:11,679

so i think we are

438

00:17:14,870 --> 00:17:13,360

we can offer this to the world this is

439

00:17:16,630 --> 00:17:14,880

one of the things we can offer from

440

00:17:19,510 --> 00:17:16,640

latin america

441

00:17:22,230 --> 00:17:19,520

fantastic um i've just got a viewer

442

00:17:24,789 --> 00:17:22,240

question here so naive essence thank you

443

00:17:26,549 --> 00:17:24,799

for the donation as asking has isa

444

00:17:28,549 --> 00:17:26,559

gotten any ideas from the previous

445

00:17:31,029 --> 00:17:28,559

initiative by lee spiegel bringing the

446

00:17:33,990 --> 00:17:31,039

topic to the un bringing in scientists

447

00:17:35,430 --> 00:17:34,000

like jack valet etc

448

00:17:37,270 --> 00:17:35,440

oh well i think

449

00:17:37,860 --> 00:17:37,280

can i answer this one um

450

00:17:39,270 --> 00:17:37,870

the

451  
00:17:42,549 --> 00:17:39,280

[Music]

452  
00:17:45,590 --> 00:17:42,559  
i think the reality is is that we're all

453  
00:17:49,029 --> 00:17:45,600  
in ice very aware of the

454  
00:17:50,630 --> 00:17:49,039  
grenada initiative with us gary

455  
00:17:53,590 --> 00:17:50,640  
and indeed

456  
00:17:55,510 --> 00:17:53,600  
uh recently we have launched our own

457  
00:17:57,590 --> 00:17:55,520  
attempt to get to the united nations

458  
00:17:59,990 --> 00:17:57,600  
there are various different initiatives

459  
00:18:01,990 --> 00:18:00,000  
but the first one that isa has done is

460  
00:18:02,870 --> 00:18:02,000  
operation titan

461  
00:18:05,750 --> 00:18:02,880  
which

462  
00:18:06,710 --> 00:18:05,760  
we've put press releases out and this is

463  
00:18:09,590 --> 00:18:06,720

through

464

00:18:12,830 --> 00:18:09,600

the remit of using san marino a tiny

465

00:18:16,070 --> 00:18:12,840

satellite republic in europe to

466

00:18:18,470 --> 00:18:16,080

hopefully for them to say okay let's it

467

00:18:20,789 --> 00:18:18,480

has to be a nation state that goes to

468

00:18:22,870 --> 00:18:20,799

the u.n and says we want to do this we

469

00:18:24,549 --> 00:18:22,880

always ask a question so we have

470

00:18:27,590 --> 00:18:24,559

presented papers

471

00:18:30,870 --> 00:18:27,600

called operation titan about our idea to

472

00:18:32,230 --> 00:18:30,880

ask san marino to adopt

473

00:18:34,310 --> 00:18:32,240

a conference

474

00:18:35,510 --> 00:18:34,320

in under the auspices of the united

475

00:18:36,310 --> 00:18:35,520

nations

476

00:18:39,110 --> 00:18:36,320

so

477

00:18:41,830 --> 00:18:39,120

that has been submitted they are now

478

00:18:44,390 --> 00:18:41,840

considering that proposal but if they

479

00:18:47,510 --> 00:18:44,400

decided to take it to the u.n

480

00:18:50,070 --> 00:18:47,520

then we would be in a historic situation

481

00:18:53,110 --> 00:18:50,080

and if the un were to grant

482

00:18:55,750 --> 00:18:53,120

san marino that special un status then

483

00:18:57,750 --> 00:18:55,760

we were we would absolutely be on page

484

00:19:00,070 --> 00:18:57,760

news i think around the world because

485

00:19:02,390 --> 00:19:00,080

that would be a major step forward but

486

00:19:03,909 --> 00:19:02,400

in reality there are so many things

487

00:19:06,070 --> 00:19:03,919

going on now

488

00:19:07,990 --> 00:19:06,080

that are unprecedented

489

00:19:10,630 --> 00:19:08,000

and i think everybody is in agreement

490

00:19:13,750 --> 00:19:10,640

that 2021 is probably the most important

491

00:19:16,390 --> 00:19:13,760

year in ufology since the 1950s i can't

492

00:19:18,549 --> 00:19:16,400

certainly think of any other time

493

00:19:23,029 --> 00:19:18,559

especially legislative wise in the

494

00:19:27,430 --> 00:19:24,230

gilly gillibrand's

495

00:19:31,830 --> 00:19:27,440

amendment uh is adopted

496

00:19:33,990 --> 00:19:31,840

uh passed by parties as victor mentioned

497

00:19:37,830 --> 00:19:34,000

then we really are into historic waters

498

00:19:39,590 --> 00:19:37,840

and just to put this into context

499

00:19:41,510 --> 00:19:39,600

i'm obviously compiling ufo truth

500

00:19:43,830 --> 00:19:41,520

magazine at the moment and and i

501

00:19:47,510 --> 00:19:43,840

research articles online and funnily

502

00:19:49,990 --> 00:19:47,520

enough maybe two hours before this show

503

00:19:52,870 --> 00:19:50,000

amazingly i came across an article in

504

00:19:54,789 --> 00:19:52,880

the financial times well the financial

505

00:19:56,549 --> 00:19:54,799

times is the top

506

00:19:59,270 --> 00:19:56,559

you know financial

507

00:20:01,430 --> 00:19:59,280

magazine as it were or outlook newspaper

508

00:20:04,070 --> 00:20:01,440

in the united kingdom and they've got a

509

00:20:06,390 --> 00:20:04,080

serious peace in the financial times now

510

00:20:08,070 --> 00:20:06,400

i never thought i'd ever see that so

511

00:20:10,230 --> 00:20:08,080

i've quickly grabbed it and i'll put it

512

00:20:12,710 --> 00:20:10,240

in the magazine but and i'll post it

513

00:20:14,549 --> 00:20:12,720

online but this is unprecedented because

514

00:20:17,590 --> 00:20:14,559

they're actually looking at it about

515

00:20:19,350 --> 00:20:17,600

technology recovered technology well

516

00:20:20,590 --> 00:20:19,360

what happens if these things are real

517

00:20:23,270 --> 00:20:20,600

what if they are

518

00:20:25,510 --> 00:20:23,280

non-terrestrial that means that you know

519

00:20:27,350 --> 00:20:25,520

we could maybe acquire this technology

520

00:20:29,590 --> 00:20:27,360

what would happen into our own

521

00:20:30,870 --> 00:20:29,600

technology don

522

00:20:34,070 --> 00:20:30,880

and

523

00:20:35,830 --> 00:20:34,080

where this is as gary says unprecedented

524

00:20:37,029 --> 00:20:35,840

is in for the fact that here in the

525

00:20:38,549 --> 00:20:37,039

states

526

00:20:42,149 --> 00:20:38,559

we've always

527

00:20:44,070 --> 00:20:42,159

known that there was a a faction with

528

00:20:47,750 --> 00:20:44,080

within the pentagon

529

00:20:49,430 --> 00:20:47,760

that saw this as something beyond human

530

00:20:51,909 --> 00:20:49,440

comprehension

531

00:20:55,350 --> 00:20:51,919

that it frightened them to the point

532

00:20:58,149 --> 00:20:55,360

that if we can't bridge the technology

533

00:20:59,510 --> 00:20:58,159

then it's almost at the level of being

534

00:21:01,510 --> 00:20:59,520

supernatural

535

00:21:02,950 --> 00:21:01,520

and how do you investigate that

536

00:21:04,630 --> 00:21:02,960

but yet

537

00:21:06,149 --> 00:21:04,640

we were we were learning more and more

538

00:21:09,190 --> 00:21:06,159

of this growing faction within the

539

00:21:11,590 --> 00:21:09,200

military the the young officers

540

00:21:14,230 --> 00:21:11,600

that wanted access they wanted the truth

541

00:21:17,350 --> 00:21:14,240

to come out because they still realized

542

00:21:19,669 --> 00:21:17,360

that we were dealing with someone else's

543

00:21:23,110 --> 00:21:19,679

aircraft so to speak

544

00:21:25,750 --> 00:21:23,120

and that if we cannot assess that we're

545

00:21:27,110 --> 00:21:25,760

dealing with earthly technology

546

00:21:29,110 --> 00:21:27,120

then

547

00:21:30,470 --> 00:21:29,120

we need to be you know we need to have

548

00:21:31,190 --> 00:21:30,480

full access

549

00:21:33,590 --> 00:21:31,200

to

550

00:21:34,549 --> 00:21:33,600

as far as all the data collected

551  
00:21:37,190 --> 00:21:34,559  
and

552  
00:21:38,870 --> 00:21:37,200  
it's one of the reasons that we became

553  
00:21:42,230 --> 00:21:38,880  
all the more concerned about roswell

554  
00:21:44,230 --> 00:21:42,240  
because we we saw that the old order was

555  
00:21:46,230 --> 00:21:44,240  
not passing it down to the news they

556  
00:21:48,950 --> 00:21:46,240  
were taking it with them

557  
00:21:50,230 --> 00:21:48,960  
and the military has a long history here

558  
00:21:53,029 --> 00:21:50,240  
in the states

559  
00:21:54,630 --> 00:21:53,039  
of dying with their secrets

560  
00:21:55,590 --> 00:21:54,640  
even withholding it from their loved

561  
00:21:58,230 --> 00:21:55,600  
ones

562  
00:22:00,549 --> 00:21:58,240  
and and i think that's where we have to

563  
00:22:02,310 --> 00:22:00,559

step in all the more

564

00:22:03,669 --> 00:22:02,320

and one of the things that we've been

565

00:22:05,990 --> 00:22:03,679

pushing for especially here in the

566

00:22:08,230 --> 00:22:06,000

states and i know my ice or colleagues

567

00:22:09,190 --> 00:22:08,240

would agree with this wholeheartedly is

568

00:22:10,710 --> 00:22:09,200

that

569

00:22:13,430 --> 00:22:10,720

they need to open this up for

570

00:22:16,390 --> 00:22:13,440

congressional hearings that as congress

571

00:22:17,350 --> 00:22:16,400

finally approves and then needs to take

572

00:22:19,190 --> 00:22:17,360

action

573

00:22:21,190 --> 00:22:19,200

they need to then grant immunity to

574

00:22:23,350 --> 00:22:21,200

potential whistleblowers

575

00:22:26,710 --> 00:22:23,360

and that's one of the one of the areas

576

00:22:30,950 --> 00:22:26,720

in which i feel that icer couldn't step

577

00:22:32,310 --> 00:22:30,960

in as a mediator or even as a negotiator

578

00:22:34,950 --> 00:22:32,320

in the sense that

579

00:22:37,029 --> 00:22:34,960

if congress won't do it then icer will

580

00:22:39,430 --> 00:22:37,039

do it we'll provide a front we'll

581

00:22:40,950 --> 00:22:39,440

provide even legal

582

00:22:44,070 --> 00:22:40,960

consultation

583

00:22:45,990 --> 00:22:44,080

if you have inside information and the

584

00:22:48,870 --> 00:22:46,000

fact that you would be you would not be

585

00:22:51,350 --> 00:22:48,880

bound by such security measures by

586

00:22:52,870 --> 00:22:51,360

speaking to someone in another country

587

00:22:56,230 --> 00:22:52,880

so to speak

588

00:22:58,870 --> 00:22:56,240

and so we we foresee that this is

589

00:22:59,750 --> 00:22:58,880

opening up doors you know

590

00:23:04,950 --> 00:22:59,760

never

591

00:23:07,350 --> 00:23:04,960

and how relevant that is all going to be

592

00:23:09,270 --> 00:23:07,360

happening on the 75th anniversary next

593

00:23:11,270 --> 00:23:09,280

year of roswell

594

00:23:15,029 --> 00:23:11,280

and that we've come full circle we're

595

00:23:16,390 --> 00:23:15,039

talking about physical material

596

00:23:18,710 --> 00:23:16,400

and that's something that we can get our

597

00:23:20,549 --> 00:23:18,720

hands on that's something when you hear

598

00:23:22,630 --> 00:23:20,559

former presidents here talking about

599

00:23:24,870 --> 00:23:22,640

well i want to see the documents

600

00:23:26,470 --> 00:23:24,880

well no i want to see the damn wreckage

601  
00:23:29,430 --> 00:23:26,480  
i want to see

602  
00:23:31,270 --> 00:23:29,440  
physical elements what hardware you have

603  
00:23:33,430 --> 00:23:31,280  
been attempting to reverse engineer

604  
00:23:37,029 --> 00:23:33,440  
after all these decades

605  
00:23:37,909 --> 00:23:37,039  
so we need to further educate we also i

606  
00:23:40,630 --> 00:23:37,919  
sir

607  
00:23:43,510 --> 00:23:40,640  
as it already has demonstrated and will

608  
00:23:45,990 --> 00:23:43,520  
continue to step to the forefront as

609  
00:23:48,070 --> 00:23:46,000  
being historically

610  
00:23:48,870 --> 00:23:48,080  
the uh provider

611  
00:23:50,390 --> 00:23:48,880  
of

612  
00:23:53,269 --> 00:23:50,400  
ufo data

613  
00:23:55,110 --> 00:23:53,279

on a global basis that again has never

614

00:23:58,070 --> 00:23:55,120

been available

615

00:24:02,549 --> 00:24:00,470

what i can say without revealing too

616

00:24:04,470 --> 00:24:02,559

much detail is that

617

00:24:07,430 --> 00:24:04,480

the executive council the leadership

618

00:24:09,830 --> 00:24:07,440

advisor recently we had a meeting just a

619

00:24:12,310 --> 00:24:09,840

few days ago uh where we're going to be

620

00:24:13,269 --> 00:24:12,320

rolling out three significant

621

00:24:19,830 --> 00:24:13,279

uh

622

00:24:21,830 --> 00:24:19,840

or for january february and march so

623

00:24:23,669 --> 00:24:21,840

we you know

624

00:24:25,350 --> 00:24:23,679

whilst some people may think oh well

625

00:24:27,590 --> 00:24:25,360

it's gone quiet

626

00:24:31,110 --> 00:24:27,600

reality is that there's bureaucracy

627

00:24:32,390 --> 00:24:31,120

there is time elements etc it takes time

628

00:24:35,029 --> 00:24:32,400

to get things together

629

00:24:36,549 --> 00:24:35,039

approved and whatever so but we we are

630

00:24:39,029 --> 00:24:36,559

going to be announcing some big things

631

00:24:40,870 --> 00:24:39,039

in in the next few months or

632

00:24:43,909 --> 00:24:40,880

in succession so

633

00:24:46,950 --> 00:24:43,919

this is where we're at and we we

634

00:24:48,710 --> 00:24:46,960

will continue to do that because uh it's

635

00:24:50,950 --> 00:24:48,720

important that we have to bring this

636

00:24:53,590 --> 00:24:50,960

global message and say look people have

637

00:24:56,470 --> 00:24:53,600

got to start recognizing this but

638

00:24:57,430 --> 00:24:56,480

just before i bow to georgia

639

00:24:59,909 --> 00:24:57,440

i am

640

00:25:02,149 --> 00:24:59,919

pretty naffed off forgive the phrase

641

00:25:03,669 --> 00:25:02,159

with the national media in various

642

00:25:06,470 --> 00:25:03,679

countries that they're not taking this

643

00:25:08,390 --> 00:25:06,480

seriously despite this legislation

644

00:25:10,310 --> 00:25:08,400

especially in the uk especially in the

645

00:25:12,950 --> 00:25:10,320

united states where there's all this

646

00:25:14,950 --> 00:25:12,960

coverage this now shouldn't be beginning

647

00:25:17,110 --> 00:25:14,960

beginning to be front page news because

648

00:25:19,510 --> 00:25:17,120

this is real news and i've been saying

649

00:25:21,029 --> 00:25:19,520

for a long time that the uh that the

650

00:25:23,350 --> 00:25:21,039

media are the ones that create the

651  
00:25:25,590 --> 00:25:23,360  
pressure on the politicians not not

652  
00:25:27,990 --> 00:25:25,600  
ufologists and researchers

653  
00:25:29,590 --> 00:25:28,000  
they can use their power of the media

654  
00:25:31,669 --> 00:25:29,600  
and they need to start picking up the

655  
00:25:33,510 --> 00:25:31,679  
baton and running with us much more than

656  
00:25:35,990 --> 00:25:33,520  
they are

657  
00:25:37,350 --> 00:25:36,000  
georgia

658  
00:25:40,470 --> 00:25:37,360  
yes uh

659  
00:25:43,350 --> 00:25:40,480  
well i i wanted to say also ice

660  
00:25:46,549 --> 00:25:43,360  
represents something that goes beyond

661  
00:25:49,350 --> 00:25:46,559  
the need for qualified experts

662  
00:25:51,830 --> 00:25:49,360  
usually the government requires

663  
00:25:53,590 --> 00:25:51,840

qualified experts meaning

664

00:25:56,230 --> 00:25:53,600

accredited people that work for the

665

00:25:59,110 --> 00:25:56,240

government with security clearances are

666

00:26:01,269 --> 00:25:59,120

the ones listening listened to right uh

667

00:26:02,710 --> 00:26:01,279

people working for major institutions

668

00:26:05,350 --> 00:26:02,720

something like this

669

00:26:07,990 --> 00:26:05,360

um i think that either will be needed in

670

00:26:10,470 --> 00:26:08,000

order to reach the civilian community

671

00:26:13,350 --> 00:26:10,480

and the politicians

672

00:26:17,430 --> 00:26:13,360

parliaments congresses

673

00:26:18,630 --> 00:26:17,440

uh without the need to only recourse to

674

00:26:22,149 --> 00:26:18,640

qualified

675

00:26:24,390 --> 00:26:22,159

experts military experts or or that of

676  
00:26:27,190 --> 00:26:24,400  
that kind they are fine

677  
00:26:28,390 --> 00:26:27,200  
but we can also offer a another type of

678  
00:26:30,149 --> 00:26:28,400  
connection

679  
00:26:31,990 --> 00:26:30,159  
with politicians and the civilian

680  
00:26:34,070 --> 00:26:32,000  
community

681  
00:26:35,909 --> 00:26:34,080  
perhaps more flexibly

682  
00:26:38,149 --> 00:26:35,919  
perhaps

683  
00:26:40,549 --> 00:26:38,159  
without the need of uh holding needing

684  
00:26:42,390 --> 00:26:40,559  
to hold back information so i think

685  
00:26:43,669 --> 00:26:42,400  
eiser also has that role to play in the

686  
00:26:45,669 --> 00:26:43,679  
future

687  
00:26:47,830 --> 00:26:45,679  
giorgio you make an excellent point and

688  
00:26:50,710 --> 00:26:47,840

it's something that i

689

00:26:53,669 --> 00:26:50,720

i make a rule to always remind

690

00:26:56,870 --> 00:26:53,679

people in the media that whenever they

691

00:26:57,909 --> 00:26:56,880

uh cite a military slash government

692

00:26:59,430 --> 00:26:57,919

source

693

00:27:02,549 --> 00:26:59,440

or information

694

00:27:05,789 --> 00:27:02,559

they have to realize that they're

695

00:27:07,590 --> 00:27:05,799

talking to someone who is highly

696

00:27:11,430 --> 00:27:07,600

compartmentalized

697

00:27:13,110 --> 00:27:11,440

they only have access to the information

698

00:27:15,669 --> 00:27:13,120

and they're only able to provide that

699

00:27:18,230 --> 00:27:15,679

information if they have clearance

700

00:27:20,389 --> 00:27:18,240

and the advantage that i sir the

701  
00:27:22,789 --> 00:27:20,399  
advantage that each one of us

702  
00:27:26,230 --> 00:27:22,799  
in representing our respective countries

703  
00:27:30,149 --> 00:27:26,240  
even within ufology is that we are not

704  
00:27:33,990 --> 00:27:30,159  
limited we are not restricted as to what

705  
00:27:35,830 --> 00:27:34,000  
we investigate what we examine what

706  
00:27:37,269 --> 00:27:35,840  
documents that we

707  
00:27:39,269 --> 00:27:37,279  
go after

708  
00:27:41,350 --> 00:27:39,279  
uh i could mention the vote victor and

709  
00:27:43,350 --> 00:27:41,360  
gary can you imagine that we would have

710  
00:27:45,990 --> 00:27:43,360  
the citizens hearing

711  
00:27:49,430 --> 00:27:46,000  
upcoming next year

712  
00:27:51,110 --> 00:27:49,440  
in washington and then invite you know

713  
00:27:54,149 --> 00:27:51,120

all of these duly elected

714

00:27:57,190 --> 00:27:54,159

representatives come and hear this on a

715

00:27:59,590 --> 00:27:57,200

global scale on a global level

716

00:28:01,750 --> 00:27:59,600

so this is something that i foresee

717

00:28:03,669 --> 00:28:01,760

they'd be potentially icer

718

00:28:06,549 --> 00:28:03,679

could even on a limited scale but

719

00:28:09,269 --> 00:28:06,559

nonetheless put something on

720

00:28:11,029 --> 00:28:09,279

even via zoom for example

721

00:28:13,110 --> 00:28:11,039

that we would

722

00:28:15,430 --> 00:28:13,120

we would fill that void we would provide

723

00:28:18,630 --> 00:28:15,440

that opportunity

724

00:28:20,630 --> 00:28:18,640

just following on from that um

725

00:28:23,430 --> 00:28:20,640

in certain countries

726  
00:28:25,190 --> 00:28:23,440  
some of our representatives and deputies

727  
00:28:26,230 --> 00:28:25,200  
have got good links to military

728  
00:28:27,590 --> 00:28:26,240  
personnel

729  
00:28:29,669 --> 00:28:27,600  
whether it be

730  
00:28:31,830 --> 00:28:29,679  
currently serving senior military

731  
00:28:34,630 --> 00:28:31,840  
officers and also retired senior

732  
00:28:37,350 --> 00:28:34,640  
military officers now

733  
00:28:39,110 --> 00:28:37,360  
recently several of us who were present

734  
00:28:41,669 --> 00:28:39,120  
in barcelona

735  
00:28:43,510 --> 00:28:41,679  
were able to see some footage from a

736  
00:28:45,909 --> 00:28:43,520  
south american country that was

737  
00:28:47,350 --> 00:28:45,919  
absolutely bornified south american

738  
00:28:49,990 --> 00:28:47,360

military footage

739

00:28:52,470 --> 00:28:50,000

so and one of the things that may come

740

00:28:55,269 --> 00:28:52,480

from that it's not organized yet but we

741

00:28:57,669 --> 00:28:55,279

are trying is that

742

00:28:59,590 --> 00:28:57,679

it's been talked about as a possibility

743

00:29:01,029 --> 00:28:59,600

that certain countries

744

00:29:02,950 --> 00:29:01,039

may

745

00:29:06,630 --> 00:29:02,960

use isa

746

00:29:10,950 --> 00:29:09,190

as a method to get this kind of footage

747

00:29:13,510 --> 00:29:10,960

out into the public domain

748

00:29:15,669 --> 00:29:13,520

now if that could say for example a

749

00:29:16,389 --> 00:29:15,679

country said okay we want to release

750

00:29:18,710 --> 00:29:16,399

this

751  
00:29:20,950 --> 00:29:18,720  
uh authorized military footage from our

752  
00:29:23,510 --> 00:29:20,960  
country don't know what it is we want

753  
00:29:25,190 --> 00:29:23,520  
you to use it however you best think

754  
00:29:26,870 --> 00:29:25,200  
because they obviously trust us to do it

755  
00:29:28,710 --> 00:29:26,880  
in the right way and not sensationalize

756  
00:29:30,789 --> 00:29:28,720  
it not make money we're not for profit

757  
00:29:35,590 --> 00:29:30,799  
that kind of thing then that would be a

758  
00:29:37,990 --> 00:29:35,600  
huge accolade for isa and a huge um

759  
00:29:39,350 --> 00:29:38,000  
vote of trust i guess

760  
00:29:41,750 --> 00:29:39,360  
that we're trying to do it in the right

761  
00:29:44,149 --> 00:29:41,760  
way and that i think ties into what don

762  
00:29:46,630 --> 00:29:44,159  
is saying is that because none of us

763  
00:29:49,430 --> 00:29:46,640

hold security classifications

764

00:29:52,710 --> 00:29:49,440

and yet we are now a global body

765

00:29:55,350 --> 00:29:52,720

then actually we may be a conduit

766

00:29:56,630 --> 00:29:55,360

it may be far easier to get documents to

767

00:29:58,549 --> 00:29:56,640

us that

768

00:30:00,870 --> 00:29:58,559

they can say right i can't do it in my

769

00:30:03,269 --> 00:30:00,880

own country but can i send this

770

00:30:05,909 --> 00:30:03,279

sensitive document to you blah blah blah

771

00:30:08,070 --> 00:30:05,919

for safe keeping and we're going to be

772

00:30:10,070 --> 00:30:08,080

announcing things in due course along

773

00:30:11,909 --> 00:30:10,080

those kind of lines

774

00:30:14,149 --> 00:30:11,919

can't say too much at this moment but it

775

00:30:16,950 --> 00:30:14,159

ties in with what don is saying we have

776

00:30:19,510 --> 00:30:16,960

got military links discussions ongoing

777

00:30:22,389 --> 00:30:19,520

and if these can be formalized and we

778

00:30:23,830 --> 00:30:22,399

are used as a conduit then that's only

779

00:30:25,990 --> 00:30:23,840

going to be good because we're not going

780

00:30:27,990 --> 00:30:26,000

to profit from it we just want to seek

781

00:30:30,789 --> 00:30:28,000

in the truth we just want to get the

782

00:30:33,830 --> 00:30:30,799

evidence out there and if bureaucracy in

783

00:30:35,510 --> 00:30:33,840

certain countries stops that

784

00:30:37,510 --> 00:30:35,520

and somebody wants to say well let's

785

00:30:39,190 --> 00:30:37,520

take you out of that and let's go to

786

00:30:40,310 --> 00:30:39,200

this interim

787

00:30:41,350 --> 00:30:40,320

uh

788

00:30:43,510 --> 00:30:41,360

body

789

00:30:44,870 --> 00:30:43,520

in order to get this footage out then

790

00:30:46,549 --> 00:30:44,880

then that's going to be absolutely

791

00:30:48,710 --> 00:30:46,559

brilliant writer and that's when we'll

792

00:30:50,630 --> 00:30:48,720

start to make a real impact when we have

793

00:30:52,389 --> 00:30:50,640

one those kind of breakthroughs but i

794

00:30:53,830 --> 00:30:52,399

think i think it's coming

795

00:30:56,389 --> 00:30:53,840

but we have to do the groundwork

796

00:30:59,509 --> 00:30:56,399

nobody's going to give isa a seat at the

797

00:31:01,350 --> 00:30:59,519

top table unless we justify it so we've

798

00:31:02,230 --> 00:31:01,360

got to justify our place at the top

799

00:31:04,710 --> 00:31:02,240

server

800

00:31:06,470 --> 00:31:04,720

yeah i just wanted to so can i just

801  
00:31:07,750 --> 00:31:06,480  
quickly jump in we've got a question

802  
00:31:09,190 --> 00:31:07,760  
here now i just got to jump back because

803  
00:31:11,029 --> 00:31:09,200  
we were talking about the media and how

804  
00:31:13,509 --> 00:31:11,039  
they need to do a little bit more

805  
00:31:15,190 --> 00:31:13,519  
my good friend sean here is asking um

806  
00:31:18,070 --> 00:31:15,200  
gary but also everyone else i'd like to

807  
00:31:20,149 --> 00:31:18,080  
hear victor dave and francisco as well

808  
00:31:21,590 --> 00:31:20,159  
um do we think there's something akin to

809  
00:31:23,909 --> 00:31:21,600  
what the church committee found

810  
00:31:25,350 --> 00:31:23,919  
happening now as far as the media being

811  
00:31:27,269 --> 00:31:25,360  
infiltrated

812  
00:31:29,029 --> 00:31:27,279  
so gary that's to you but if anybody

813  
00:31:30,149 --> 00:31:29,039

wants to chime in on that kind of thing

814

00:31:32,389 --> 00:31:30,159

please do

815

00:31:34,549 --> 00:31:32,399

i'll just give a quick one on that um i

816

00:31:37,269 --> 00:31:34,559

know that the church are taking this uh

817

00:31:40,070 --> 00:31:37,279

subject very seriously and we we indeed

818

00:31:42,950 --> 00:31:40,080

we have uh one of our deputies uh

819

00:31:44,870 --> 00:31:42,960

vladimir bibalotti is his well-known

820

00:31:46,230 --> 00:31:44,880

connections with the vatican he's a

821

00:31:48,630 --> 00:31:46,240

member of israelis the isa

822

00:31:49,350 --> 00:31:48,640

representative deputy representative for

823

00:31:51,909 --> 00:31:49,360

uh

824

00:31:54,470 --> 00:31:51,919

for italy and he has close links with

825

00:31:56,630 --> 00:31:54,480

the vatican senior personnel senior

826

00:31:57,750 --> 00:31:56,640

scientist so yeah he has briefed the

827

00:31:59,830 --> 00:31:57,760

vatican

828

00:32:01,750 --> 00:31:59,840

and had discussions there so we're well

829

00:32:04,070 --> 00:32:01,760

aware that various religions are taking

830

00:32:06,149 --> 00:32:04,080

this seriously they have to because this

831

00:32:09,350 --> 00:32:06,159

is literally going to be

832

00:32:11,110 --> 00:32:09,360

a paradigm shift in terms of

833

00:32:13,430 --> 00:32:11,120

we know that they're real now and the

834

00:32:16,310 --> 00:32:13,440

question is at them in the media is

835

00:32:18,470 --> 00:32:16,320

loosely based it's either foreign

836

00:32:20,630 --> 00:32:18,480

adversary china or russia or it's from

837

00:32:22,310 --> 00:32:20,640

elsewhere well the media is still stuck

838

00:32:23,750 --> 00:32:22,320

in this it's gotten before an adversary

839

00:32:27,110 --> 00:32:23,760

because they can't get their head around

840

00:32:29,750 --> 00:32:27,120

the elsewhere well we know through uh

841

00:32:31,509 --> 00:32:29,760

scientific data that's been accumulated

842

00:32:33,509 --> 00:32:31,519

that the performance characteristics to

843

00:32:35,830 --> 00:32:33,519

go on and blow the foreign adversary

844

00:32:38,549 --> 00:32:35,840

argument out the water they simply don't

845

00:32:40,549 --> 00:32:38,559

have the technological means to do

846

00:32:42,950 --> 00:32:40,559

what have been described by these navy

847

00:32:45,029 --> 00:32:42,960

pilots etc so it's going to move away

848

00:32:46,789 --> 00:32:45,039

from that to the unknown at some point

849

00:32:49,830 --> 00:32:46,799

when that happens it's a paradigm shift

850

00:32:52,310 --> 00:32:49,840

so all religions all sectors of society

851  
00:32:54,549 --> 00:32:52,320  
all countries even the ones that were

852  
00:32:55,909 --> 00:32:54,559  
absolutely give no coverage to it are

853  
00:32:58,149 --> 00:32:55,919  
eventually going to have to come on

854  
00:33:00,789 --> 00:32:58,159  
board at some point don

855  
00:33:03,750 --> 00:33:00,799  
yes uh i i like to always quote former

856  
00:33:06,789 --> 00:33:03,760  
cia director william colby

857  
00:33:07,909 --> 00:33:06,799  
and uh this is the actual quote and i'll

858  
00:33:11,350 --> 00:33:07,919  
read it

859  
00:33:13,509 --> 00:33:11,360  
quote the cia owns everyone

860  
00:33:15,269 --> 00:33:13,519  
of any significance

861  
00:33:17,269 --> 00:33:15,279  
in the major media

862  
00:33:18,230 --> 00:33:17,279  
that's here states

863  
00:33:21,830 --> 00:33:18,240

so

864

00:33:24,789 --> 00:33:21,840

we we see that as omnipresent

865

00:33:27,509 --> 00:33:24,799

here today united states that

866

00:33:30,389 --> 00:33:27,519

you have five major corporations that

867

00:33:33,590 --> 00:33:30,399

own all sectors of the media

868

00:33:36,230 --> 00:33:33,600

and the major corporations

869

00:33:37,669 --> 00:33:36,240

that due to their uh commercial

870

00:33:38,870 --> 00:33:37,679

sponsorship

871

00:33:40,549 --> 00:33:38,880

of uh

872

00:33:43,190 --> 00:33:40,559

media networks

873

00:33:46,070 --> 00:33:43,200

is what determines whether you stay on

874

00:33:48,789 --> 00:33:46,080

the air or not that type of thing and so

875

00:33:49,750 --> 00:33:48,799

there's as much statism going on right

876

00:33:52,630 --> 00:33:49,760

now

877

00:33:56,230 --> 00:33:52,640

and and much of it suggesting

878

00:33:58,389 --> 00:33:56,240

that there has been this this control

879

00:34:01,590 --> 00:33:58,399

by u.s intelligence

880

00:34:03,750 --> 00:34:01,600

of u.s media which that heist has a high

881

00:34:04,950 --> 00:34:03,760

degree of influence over you know the

882

00:34:07,990 --> 00:34:04,960

global

883

00:34:10,629 --> 00:34:08,000

media so that's where again i sir we're

884

00:34:12,230 --> 00:34:10,639

not under such obligation we're not

885

00:34:16,069 --> 00:34:12,240

under such control

886

00:34:19,109 --> 00:34:16,079

and we'll be free to unitedly speak

887

00:34:22,149 --> 00:34:19,119

against the status quo present the

888

00:34:25,510 --> 00:34:22,159

information as we see it to be the truth

889

00:34:27,750 --> 00:34:25,520

and not allow the influence of the media

890

00:34:29,990 --> 00:34:27,760

as the old saying here in the states the

891

00:34:32,069 --> 00:34:30,000

moment the government tells you

892

00:34:34,790 --> 00:34:32,079

to do something

893

00:34:36,310 --> 00:34:34,800

run the other way the moment the

894

00:34:38,310 --> 00:34:36,320

government tells you

895

00:34:40,629 --> 00:34:38,320

we're providing you the truth

896

00:34:42,550 --> 00:34:40,639

and that's no more evident than it is on

897

00:34:44,869 --> 00:34:42,560

the subject of ufos

898

00:34:47,750 --> 00:34:44,879

believe the opposite and that certainly

899

00:34:53,829 --> 00:34:47,760

has been a case of 74 years of deception

900

00:34:58,230 --> 00:34:55,829

i just i would like to yeah i think it's

901  
00:34:59,990 --> 00:34:58,240  
destructive okay

902  
00:35:02,390 --> 00:35:00,000  
sorry go ahead

903  
00:35:04,630 --> 00:35:02,400  
i'd just like to reinforce

904  
00:35:06,630 --> 00:35:04,640  
the fact that people may not be aware of

905  
00:35:08,310 --> 00:35:06,640  
this or may

906  
00:35:11,430 --> 00:35:08,320  
confuse this

907  
00:35:12,710 --> 00:35:11,440  
icer is not a group of friends

908  
00:35:18,550 --> 00:35:12,720  
or

909  
00:35:21,190 --> 00:35:18,560  
it is registered with statutes with

910  
00:35:21,990 --> 00:35:21,200  
with bodies with legislative bodies so

911  
00:35:23,829 --> 00:35:22,000  
uh

912  
00:35:26,390 --> 00:35:23,839  
that makes a difference in terms of

913  
00:35:29,910 --> 00:35:26,400

recognition before uh

914

00:35:30,950 --> 00:35:29,920

government officials uh between before

915

00:35:32,310 --> 00:35:30,960

countries

916

00:35:34,470 --> 00:35:32,320

so um

917

00:35:36,470 --> 00:35:34,480

and it it also

918

00:35:38,630 --> 00:35:36,480

gives the responsibility that we are

919

00:35:39,829 --> 00:35:38,640

here for the long term so

920

00:35:40,790 --> 00:35:39,839

um

921

00:35:46,790 --> 00:35:40,800

there are

922

00:35:48,710 --> 00:35:46,800

there will be elections uh so there's

923

00:35:51,030 --> 00:35:48,720

all sorts of procedures

924

00:35:53,030 --> 00:35:51,040

uh recognized by law

925

00:35:54,870 --> 00:35:53,040

that um

926  
00:35:57,910 --> 00:35:54,880  
put pressure

927  
00:36:00,630 --> 00:35:57,920  
in icer of course it is really demanding

928  
00:36:03,510 --> 00:36:00,640  
because it's 28 countries 28 different

929  
00:36:06,150 --> 00:36:03,520  
personalities 20 different uh cultural

930  
00:36:07,990 --> 00:36:06,160  
backgrounds which is quite demanding of

931  
00:36:09,030 --> 00:36:08,000  
course uh but

932  
00:36:11,109 --> 00:36:09,040  
um

933  
00:36:13,910 --> 00:36:11,119  
this is a real organization it's it's

934  
00:36:15,670 --> 00:36:13,920  
not just um it is something that people

935  
00:36:19,109 --> 00:36:15,680  
need to understand this is not just

936  
00:36:21,510 --> 00:36:19,119  
facebook or or a website this is real

937  
00:36:23,030 --> 00:36:21,520  
we are we are an international ngo you

938  
00:36:25,270 --> 00:36:23,040

forgot to say that a bit but that's what

939

00:36:28,069 --> 00:36:25,280

the thing is so we are registered in

940

00:36:30,310 --> 00:36:28,079

portugal in international ngo here for

941

00:36:33,030 --> 00:36:30,320

the long term to hopefully to reach the

942

00:36:34,870 --> 00:36:33,040

un at some point um but

943

00:36:36,550 --> 00:36:34,880

it means we're not for profit so we're

944

00:36:38,150 --> 00:36:36,560

not going to make any money out of this

945

00:36:39,990 --> 00:36:38,160

how many swimming pools do we need each

946

00:36:41,990 --> 00:36:40,000

you know how many cars do we need

947

00:36:43,829 --> 00:36:42,000

seriously we're not in it for the money

948

00:36:45,750 --> 00:36:43,839

we're in it for the passion which has

949

00:36:47,589 --> 00:36:45,760

always been where i've come from and i

950

00:36:49,750 --> 00:36:47,599

know and i've got to know all these

951  
00:36:51,670 --> 00:36:49,760  
representatives and they're all like me

952  
00:36:55,270 --> 00:36:51,680  
they just want to see the evidence come

953  
00:36:57,349 --> 00:36:55,280  
out and there's never been this credible

954  
00:36:59,270 --> 00:36:57,359  
uh global approach before and that's

955  
00:37:01,990 --> 00:36:59,280  
what we're trying to do i mean one of

956  
00:37:03,990 --> 00:37:02,000  
the things that i think uh that we hope

957  
00:37:06,630 --> 00:37:04,000  
for because we're not for profit with

958  
00:37:09,510 --> 00:37:06,640  
donations so that and we're apolitical

959  
00:37:12,790 --> 00:37:09,520  
so what that means is at some point

960  
00:37:14,630 --> 00:37:12,800  
i think uh maybe uh rich people rich

961  
00:37:16,710 --> 00:37:14,640  
business people will go

962  
00:37:18,470 --> 00:37:16,720  
actually i like this approach

963  
00:37:19,589 --> 00:37:18,480

and i want to give them some money

964

00:37:21,670 --> 00:37:19,599

because they're trying to do it in the

965

00:37:23,270 --> 00:37:21,680

right way and maybe it might be a

966

00:37:24,470 --> 00:37:23,280

sizable bit of money and then that would

967

00:37:27,589 --> 00:37:24,480

allow us

968

00:37:29,670 --> 00:37:27,599

to create these uh conferences to create

969

00:37:31,510 --> 00:37:29,680

these delegations where we could maybe

970

00:37:33,030 --> 00:37:31,520

go to other countries and say look we've

971

00:37:34,950 --> 00:37:33,040

got a five-man delegation we want to

972

00:37:37,109 --> 00:37:34,960

brief your parliament

973

00:37:39,190 --> 00:37:37,119

that'd be nice wouldn't it and because

974

00:37:41,109 --> 00:37:39,200

we've not got security classifications

975

00:37:43,030 --> 00:37:41,119

we can just present what we consider the

976  
00:37:45,510 --> 00:37:43,040  
best evidence and the best evidence from

977  
00:37:47,109 --> 00:37:45,520  
around the world is hugely compelling

978  
00:37:48,710 --> 00:37:47,119  
but they'll be oblivious to it they

979  
00:37:50,390 --> 00:37:48,720  
don't know anything because most

980  
00:37:53,349 --> 00:37:50,400  
countries have been under the this

981  
00:37:56,390 --> 00:37:53,359  
deception for 70 odd years so we've got

982  
00:37:58,390 --> 00:37:56,400  
a lot of latitudes that gives us freedom

983  
00:38:00,710 --> 00:37:58,400  
to develop in ways that other

984  
00:38:02,550 --> 00:38:00,720  
organizations have never been able to

985  
00:38:04,390 --> 00:38:02,560  
achieve before victor

986  
00:38:06,710 --> 00:38:04,400  
yeah i don't want to i want to sort of

987  
00:38:08,550 --> 00:38:06,720  
reinforce that that idea that uh

988  
00:38:11,190 --> 00:38:08,560

francesco and you just put forward with

989

00:38:13,270 --> 00:38:11,200  
respect to uh in iceland being an

990

00:38:16,069 --> 00:38:13,280  
international organization

991

00:38:17,750 --> 00:38:16,079  
and i i i don't think i'm overstating it

992

00:38:21,430 --> 00:38:17,760  
by saying and i realized that

993

00:38:23,589 --> 00:38:21,440  
gilderbrand and uh gallego and you know

994

00:38:25,190 --> 00:38:23,599  
mark warner and all those individuals

995

00:38:26,470 --> 00:38:25,200  
the united states senate are coming

996

00:38:27,990 --> 00:38:26,480  
forward with whatever they're coming

997

00:38:30,150 --> 00:38:28,000  
forward with

998

00:38:32,470 --> 00:38:30,160  
it is important to understand that

999

00:38:33,349 --> 00:38:32,480  
they have been in one way or another

1000

00:38:35,750 --> 00:38:33,359  
uh

1001

00:38:39,430 --> 00:38:35,760

been briefed by by the us navy there

1002

00:38:43,670 --> 00:38:41,670

of these senators and other senators uh

1003

00:38:45,990 --> 00:38:43,680

from the u.s navy and these briefings

1004

00:38:48,390 --> 00:38:46,000

have been from the way i understand them

1005

00:38:50,790 --> 00:38:48,400

very comprehensive so they have access

1006

00:38:53,109 --> 00:38:50,800

to a body of information uh that's been

1007

00:38:54,550 --> 00:38:53,119

within the navy for decades and i think

1008

00:38:56,150 --> 00:38:54,560

we all know those of us who've been

1009

00:38:59,190 --> 00:38:56,160

involved with the ufo research community

1010

00:39:02,470 --> 00:38:59,200

for decades know that the us navy is

1011

00:39:05,349 --> 00:39:02,480

probably that the key turner the the the

1012

00:39:07,430 --> 00:39:05,359

the embedded uh knowledge holder of the

1013

00:39:09,430 --> 00:39:07,440

ufo issue you can talk about the air

1014

00:39:11,750 --> 00:39:09,440

force you can talk about the the army

1015

00:39:13,990 --> 00:39:11,760

and other aspects of the of the military

1016

00:39:16,710 --> 00:39:14,000

in the pentagon but the u.s navy has

1017

00:39:20,069 --> 00:39:16,720

been involved in this issue for decades

1018

00:39:22,790 --> 00:39:20,079

and probably even longer now with that

1019

00:39:24,870 --> 00:39:22,800

in mind you have to ask the question

1020

00:39:27,349 --> 00:39:24,880

who has gildebrand

1021

00:39:29,349 --> 00:39:27,359

gillibrand been talking to because in

1022

00:39:31,829 --> 00:39:29,359

her in her summary in her in her

1023

00:39:34,470 --> 00:39:31,839

amendments that the language that she

1024

00:39:36,950 --> 00:39:34,480

has used that's not the language of the

1025

00:39:39,430 --> 00:39:36,960

us senator it's not the language of a

1026

00:39:41,750 --> 00:39:39,440

staffer who dug around for 15 or 20

1027

00:39:45,109 --> 00:39:41,760

minutes or even two hours within ufo

1028

00:39:46,870 --> 00:39:45,119

research the languages

1029

00:39:48,550 --> 00:39:46,880

she

1030

00:39:50,470 --> 00:39:48,560

talks about a number of different things

1031

00:39:52,950 --> 00:39:50,480

if you read the the amendment you'll see

1032

00:39:57,430 --> 00:39:52,960

exactly what i mean so what i'm getting

1033

00:40:00,150 --> 00:39:57,440

at is in fact icer has the same level of

1034

00:40:02,790 --> 00:40:00,160

um of knowledge or intuition call it

1035

00:40:05,670 --> 00:40:02,800

what you want of of research we've

1036

00:40:08,230 --> 00:40:05,680

already done their work for them

1037

00:40:10,069 --> 00:40:08,240

it's that we have done it don is part of

1038

00:40:12,870 --> 00:40:10,079

it and all the other people who've done

1039

00:40:15,670 --> 00:40:12,880

this over the past you know 65 years

1040

00:40:18,790 --> 00:40:15,680

have been doing this research and if the

1041

00:40:20,790 --> 00:40:18,800

us senate wants to really uh compel its

1042

00:40:22,710 --> 00:40:20,800

audience to understand what's going on

1043

00:40:24,870 --> 00:40:22,720

they have to go to the ufo research

1044

00:40:27,190 --> 00:40:24,880

community they don't have any other

1045

00:40:29,190 --> 00:40:27,200

alternative in order to create not only

1046

00:40:31,910 --> 00:40:29,200

their foundation of knowledge but to

1047

00:40:34,230 --> 00:40:31,920

create a level of public accessibility

1048

00:40:37,270 --> 00:40:34,240

and credibility with respect to the ufo

1049

00:40:38,390 --> 00:40:37,280

issue so icer can play a very very

1050

00:40:40,630 --> 00:40:38,400

important issue

1051

00:40:43,030 --> 00:40:40,640

a rather a

1052

00:40:45,109 --> 00:40:43,040

very important part in bringing this

1053

00:40:47,589 --> 00:40:45,119

stuff forward so that not only does the

1054

00:40:49,589 --> 00:40:47,599

u.s senate realize that icer is a group

1055

00:40:51,270 --> 00:40:49,599

that has all of the evidence research

1056

00:40:53,430 --> 00:40:51,280

behind it but it also has the

1057

00:40:54,710 --> 00:40:53,440

credibility of a number of ufo

1058

00:40:57,190 --> 00:40:54,720

researchers who've been around for a

1059

00:41:04,230 --> 00:40:57,200

long long time so this is all part of

1060

00:41:07,190 --> 00:41:05,910

will be coming to icer for their

1061

00:41:08,150 --> 00:41:07,200

information and not just to the u.s

1062

00:41:09,589 --> 00:41:08,160

senate

1063

00:41:11,349 --> 00:41:09,599

and and i think there's one thing that

1064

00:41:14,630 --> 00:41:11,359

we admit we we should be saying we're

1065

00:41:15,990 --> 00:41:14,640

not just ufo researchers isa comprises

1066

00:41:19,030 --> 00:41:16,000

scientists

1067

00:41:20,470 --> 00:41:19,040

academics and researchers but on the

1068

00:41:22,470 --> 00:41:20,480

researchers side

1069

00:41:25,270 --> 00:41:22,480

we've got literally we added it up one

1070

00:41:27,829 --> 00:41:25,280

time well over 300 years

1071

00:41:30,870 --> 00:41:27,839

of research background

1072

00:41:32,950 --> 00:41:30,880

added together from our 28 countries

1073

00:41:35,670 --> 00:41:32,960

don's got 40 odd years i've got nearly

1074

00:41:37,750 --> 00:41:35,680

20 years and you've got victor 30 40

1075

00:41:39,589 --> 00:41:37,760

years you know you've got to people like

1076

00:41:42,309 --> 00:41:39,599

suzanne hansen with 40 years in new

1077

00:41:46,790 --> 00:41:42,319

zealand cheryl gotcha in australia

1078

00:41:49,910 --> 00:41:46,800

another 30 40 years we have tremendous

1079

00:41:52,309 --> 00:41:49,920

people with a wealth of evidential

1080

00:41:55,190 --> 00:41:52,319

material i mean we're talking about the

1081

00:41:57,349 --> 00:41:55,200

best caliber cases uh the the military

1082

00:42:00,309 --> 00:41:57,359

pilots the commercial pilots the radar

1083

00:42:03,430 --> 00:42:00,319

operators but people who've gone out and

1084

00:42:05,109 --> 00:42:03,440

devoted their lives to their passion

1085

00:42:08,230 --> 00:42:05,119

they've not become rich they've not

1086

00:42:09,670 --> 00:42:08,240

gained a notoriety they're not famous

1087

00:42:12,230 --> 00:42:09,680

but they've done it because they were

1088

00:42:14,150 --> 00:42:12,240

touched very early on like i was

1089

00:42:16,790 --> 00:42:14,160

something touched me when i decided at

1090

00:42:19,589 --> 00:42:16,800

16 that then brought me back in my early

1091

00:42:21,829 --> 00:42:19,599

40s to get involved now what makes us do

1092

00:42:23,910 --> 00:42:21,839

that now when you actually talk to many

1093

00:42:25,990 --> 00:42:23,920

of our researchers you will find that

1094

00:42:28,630 --> 00:42:26,000

they've had catalyst moments in their

1095

00:42:30,950 --> 00:42:28,640

lives that have then come back and then

1096

00:42:33,910 --> 00:42:30,960

taking them down this very kind of

1097

00:42:35,030 --> 00:42:33,920

strange rabbit hole i mean just just as

1098

00:42:37,190 --> 00:42:35,040

an example

1099

00:42:39,670 --> 00:42:37,200

for me to stand at the same podium as

1100

00:42:43,190 --> 00:42:39,680

jfk at the national press club and

1101  
00:42:45,510 --> 00:42:43,200  
gorbachev and reagan and nixon etc that

1102  
00:42:47,990 --> 00:42:45,520  
is bizarre from a little old guy from

1103  
00:42:49,750 --> 00:42:48,000  
scunthorpe in lincolnshire but that's

1104  
00:42:52,710 --> 00:42:49,760  
the kind of strange path that this

1105  
00:42:55,349 --> 00:42:52,720  
subject will take down walking on red

1106  
00:42:56,870 --> 00:42:55,359  
square listening to tom jones

1107  
00:42:58,390 --> 00:42:56,880  
in the background as a song and i'm

1108  
00:43:01,349 --> 00:42:58,400  
thinking i can't believe this this is

1109  
00:43:03,510 --> 00:43:01,359  
just surreal tom jones playing music

1110  
00:43:05,750 --> 00:43:03,520  
in red square it just doesn't go but it

1111  
00:43:09,109 --> 00:43:05,760  
was one of those surreal moments so life

1112  
00:43:12,470 --> 00:43:09,119  
is a very unusual route but people have

1113  
00:43:14,630 --> 00:43:12,480

got a lot of common commonalities in how

1114

00:43:16,870 --> 00:43:14,640

they've been sucked into this subject

1115

00:43:20,150 --> 00:43:16,880

and we're not in it to become rich we're

1116

00:43:21,670 --> 00:43:20,160

not in it to make money or

1117

00:43:24,790 --> 00:43:21,680

become famous

1118

00:43:26,150 --> 00:43:24,800

yes you have to have a certain ego

1119

00:43:28,230 --> 00:43:26,160

and there's nothing wrong with ego if

1120

00:43:31,349 --> 00:43:28,240

it's used right the problem is in

1121

00:43:32,950 --> 00:43:31,359

ufology the ego is often used wrongly

1122

00:43:34,550 --> 00:43:32,960

you have to have an ego to be able to

1123

00:43:36,710 --> 00:43:34,560

stand up in front of a few hundred

1124

00:43:39,190 --> 00:43:36,720

people to go on radio shows most people

1125

00:43:41,510 --> 00:43:39,200

would run a mile but the people that we

1126

00:43:43,829 --> 00:43:41,520

have got we have got some fantastic

1127

00:43:46,309 --> 00:43:43,839

people people like lacazette phillipov

1128

00:43:48,309 --> 00:43:46,319

who's an astrophysicist he he was the

1129

00:43:49,829 --> 00:43:48,319

person that the bulgarian

1130

00:43:51,349 --> 00:43:49,839

uh

1131

00:43:54,069 --> 00:43:51,359

country

1132

00:43:55,910 --> 00:43:54,079

chose to teach their astronauts now you

1133

00:43:58,470 --> 00:43:55,920

can't get any more better scientific

1134

00:44:00,630 --> 00:43:58,480

recognition and trust than that we've

1135

00:44:02,870 --> 00:44:00,640

got a guy called eamonn ansbo as an

1136

00:44:04,790 --> 00:44:02,880

astronomer who is

1137

00:44:06,309 --> 00:44:04,800

as a book i think coming out january

1138

00:44:08,069 --> 00:44:06,319

february he's going to be in a chapter

1139

00:44:10,470 --> 00:44:08,079

that will feature with multiple

1140

00:44:11,990 --> 00:44:10,480

astronomers including navi love from

1141

00:44:14,390 --> 00:44:12,000

harvard who has obviously become very

1142

00:44:17,030 --> 00:44:14,400

well known in the last year or so so we

1143

00:44:19,589 --> 00:44:17,040

have some excellent high caliber people

1144

00:44:21,910 --> 00:44:19,599

and it's a mixture but yeah the majority

1145

00:44:25,030 --> 00:44:21,920

are going to be researchers because we

1146

00:44:28,790 --> 00:44:25,040

want to do something and nobody has ever

1147

00:44:30,950 --> 00:44:28,800

been able to organize properly the the

1148

00:44:33,430 --> 00:44:30,960

ufos subject should have made this

1149

00:44:36,309 --> 00:44:33,440

breakthrough 30 40 years ago as an

1150

00:44:37,910 --> 00:44:36,319

international body but because of egos

1151  
00:44:39,990 --> 00:44:37,920  
because my group's better than your

1152  
00:44:42,309 --> 00:44:40,000  
group i'm not telling you my stuff and

1153  
00:44:45,670 --> 00:44:42,319  
blah blah blah it hasn't happened and

1154  
00:44:47,829 --> 00:44:45,680  
that's our fault ufology's fault but now

1155  
00:44:49,589 --> 00:44:47,839  
we're actually into a different ballgame

1156  
00:44:51,910 --> 00:44:49,599  
and i think obviously helped by the

1157  
00:44:55,109 --> 00:44:51,920  
developments from the new york times the

1158  
00:44:57,190 --> 00:44:55,119  
the navy videos from 2017 we are close

1159  
00:44:59,109 --> 00:44:57,200  
to a paradigm shift and whether it's

1160  
00:45:01,190 --> 00:44:59,119  
reported in the media now

1161  
00:45:02,790 --> 00:45:01,200  
uh it's got to be at some point it's

1162  
00:45:03,910 --> 00:45:02,800  
going to be on the news at some point

1163  
00:45:05,990 --> 00:45:03,920

because we're getting close to that

1164

00:45:07,990 --> 00:45:06,000

paradigm shift don i'm just gonna jump

1165

00:45:09,750 --> 00:45:08,000

in one second don because i'm gonna let

1166

00:45:12,150 --> 00:45:09,760

don speak i'm gonna let you speak next

1167

00:45:13,829 --> 00:45:12,160

don dave i do want to get to you my

1168

00:45:15,829 --> 00:45:13,839

friend i don't want you to feel left out

1169

00:45:17,910 --> 00:45:15,839

over there but don's with us for a

1170

00:45:19,670 --> 00:45:17,920

limited time so we'll let don talk and

1171

00:45:21,280 --> 00:45:19,680

then dave i promise i'll come back to

1172

00:45:22,870 --> 00:45:21,290

you after dawn sorry no probs

1173

00:45:26,790 --> 00:45:22,880

[Music]

1174

00:45:29,430 --> 00:45:26,800

when the office of uh the director of uh

1175

00:45:30,550 --> 00:45:29,440

national intelligence here in the states

1176

00:45:34,150 --> 00:45:30,560

in june

1177

00:45:36,550 --> 00:45:34,160

received that report from the pentagon

1178

00:45:38,309 --> 00:45:36,560

and we even had a a bit of a debate

1179

00:45:40,309 --> 00:45:38,319

going on within icer

1180

00:45:42,150 --> 00:45:40,319

as to whether this was going to finally

1181

00:45:44,069 --> 00:45:42,160

present the smoking gun

1182

00:45:45,190 --> 00:45:44,079

or whether this was going to be the the

1183

00:45:48,150 --> 00:45:45,200

same old

1184

00:45:51,030 --> 00:45:48,160

you know dangling of the carrot

1185

00:45:53,109 --> 00:45:51,040

with hopes that there might be some form

1186

00:45:55,109 --> 00:45:53,119

of disclosure and then i think we

1187

00:45:59,270 --> 00:45:55,119

finally all agreed that it would be

1188

00:46:01,670 --> 00:45:59,280

disclosure with a a small d so to speak

1189

00:46:03,270 --> 00:46:01,680

but one of the things that we did not

1190

00:46:04,870 --> 00:46:03,280

anticipate was the fact that they

1191

00:46:11,190 --> 00:46:04,880

limited the scope

1192

00:46:12,630 --> 00:46:11,200

of their investigation only back to 2004

1193

00:46:15,349 --> 00:46:12,640

and to me

1194

00:46:16,710 --> 00:46:15,359

that that sends the message that they're

1195

00:46:19,510 --> 00:46:16,720

still

1196

00:46:22,069 --> 00:46:19,520

saving either russian or chinese

1197

00:46:24,069 --> 00:46:22,079

technology as a fallback

1198

00:46:27,510 --> 00:46:24,079

that after all is said and done

1199

00:46:30,150 --> 00:46:27,520

that because they're denying any pre

1200

00:46:32,870 --> 00:46:30,160

uh contemporary history dating back to

1201  
00:46:35,030 --> 00:46:32,880  
1947 as we all know

1202  
00:46:37,190 --> 00:46:35,040  
when it began here you know

1203  
00:46:38,470 --> 00:46:37,200  
on a global scale

1204  
00:46:40,470 --> 00:46:38,480  
and

1205  
00:46:43,109 --> 00:46:40,480  
i i was very

1206  
00:46:44,150 --> 00:46:43,119  
uh very proud of the fact that like

1207  
00:46:45,910 --> 00:46:44,160  
senator

1208  
00:46:47,910 --> 00:46:45,920  
warner for example when they came out

1209  
00:46:50,870 --> 00:46:47,920  
from one of the briefings

1210  
00:46:52,870 --> 00:46:50,880  
and he made the comment he said

1211  
00:46:55,750 --> 00:46:52,880  
if there's if there's going to be no

1212  
00:46:58,390 --> 00:46:55,760  
information about roswell

1213  
00:47:00,150 --> 00:46:58,400

still covering up

1214

00:47:02,550 --> 00:47:00,160

so i think

1215

00:47:04,309 --> 00:47:02,560

there's a crack in the dike right now i

1216

00:47:07,670 --> 00:47:04,319

think because

1217

00:47:10,710 --> 00:47:07,680

on our side we have power the drum beat

1218

00:47:12,950 --> 00:47:10,720

has continued after all these years

1219

00:47:16,309 --> 00:47:12,960

that there is a rich history that this

1220

00:47:19,430 --> 00:47:16,319

doesn't just go back to 2004 this goes

1221

00:47:21,990 --> 00:47:19,440

back 75 years

1222

00:47:24,950 --> 00:47:22,000

and in a time when russia was hardly

1223

00:47:27,030 --> 00:47:24,960

behind all this when china

1224

00:47:29,030 --> 00:47:27,040

was still i'm sorry

1225

00:47:31,910 --> 00:47:29,040

they barely had a plane to their entire

1226

00:47:33,990 --> 00:47:31,920

military back in 1947

1227

00:47:38,150 --> 00:47:34,000

and so

1228

00:47:40,870 --> 00:47:38,160

we we need to especially drill home the

1229

00:47:43,190 --> 00:47:40,880

idea that there's this history

1230

00:47:45,190 --> 00:47:43,200

prior to 2004

1231

00:47:48,150 --> 00:47:45,200

and that the public needs to come to

1232

00:47:51,030 --> 00:47:48,160

icer and that it was just limited to the

1233

00:47:53,589 --> 00:47:51,040

us or just canada or just south america

1234

00:47:55,510 --> 00:47:53,599

or just europe that there have been more

1235

00:47:57,430 --> 00:47:55,520

sightings throughout the world than

1236

00:47:58,950 --> 00:47:57,440

there are countries represented in the

1237

00:48:01,030 --> 00:47:58,960

u.n

1238

00:48:03,670 --> 00:48:01,040

and that's where again icer

1239

00:48:06,069 --> 00:48:03,680

will be in a position

1240

00:48:08,630 --> 00:48:06,079

not being limited not being handcuffed

1241

00:48:11,829 --> 00:48:08,640

not being under security oaths that we

1242

00:48:13,910 --> 00:48:11,839

can become the most reliable of all

1243

00:48:15,270 --> 00:48:13,920

sources to the media

1244

00:48:18,230 --> 00:48:15,280

i know it's a

1245

00:48:20,069 --> 00:48:18,240

major uh obstacle

1246

00:48:22,390 --> 00:48:20,079

as far as on the part that we've never

1247

00:48:25,030 --> 00:48:22,400

done this before but at least in the

1248

00:48:26,790 --> 00:48:25,040

last year we've demonstrated

1249

00:48:27,910 --> 00:48:26,800

that in a not only presenting united

1250

00:48:29,349 --> 00:48:27,920

front

1251

00:48:32,309 --> 00:48:29,359

we become

1252

00:48:33,190 --> 00:48:32,319

colleagues in the sense that we want the

1253

00:48:34,950 --> 00:48:33,200

truth

1254

00:48:36,470 --> 00:48:34,960

it doesn't matter what country it

1255

00:48:39,750 --> 00:48:36,480

doesn't matter who

1256

00:48:42,549 --> 00:48:39,760

we all win any one of us win we all win

1257

00:48:45,510 --> 00:48:42,559

and we have that attitude at icer and i

1258

00:48:49,190 --> 00:48:45,520

think that's phenomenal

1259

00:48:50,950 --> 00:48:49,200

david let's come to you yes

1260

00:48:52,309 --> 00:48:50,960

anything you want to like discuss out of

1261

00:48:54,470 --> 00:48:52,319

the things that we've we've said yeah

1262

00:48:56,950 --> 00:48:54,480

yeah absolutely yes i think the freedom

1263

00:48:59,510 --> 00:48:56,960

of information is a very important point

1264

00:49:01,510 --> 00:48:59,520

that numerous other reps have been um

1265

00:49:03,030 --> 00:49:01,520

have been focusing on for many many

1266

00:49:05,030 --> 00:49:03,040

years the public

1267

00:49:07,829 --> 00:49:05,040

in general kind of feel that information

1268

00:49:09,430 --> 00:49:07,839

is being held back by by our governments

1269

00:49:10,230 --> 00:49:09,440

by our military on this subject and

1270

00:49:11,829 --> 00:49:10,240

that's

1271

00:49:14,549 --> 00:49:11,839

something we want to try to move away

1272

00:49:16,790 --> 00:49:14,559

from with isa we've gotten we genuinely

1273

00:49:17,910 --> 00:49:16,800

have no hidden agendas with this if i

1274

00:49:20,069 --> 00:49:17,920

felt there were some kind of hidden

1275

00:49:22,950 --> 00:49:20,079

agendas with isa i wouldn't be part of

1276

00:49:24,950 --> 00:49:22,960

isa i would move away from it um i've

1277

00:49:27,589 --> 00:49:24,960

i've always been a down on the ground

1278

00:49:29,510 --> 00:49:27,599

researcher i've i've dealt with hundreds

1279

00:49:30,950 --> 00:49:29,520

of cases from around the world i don't

1280

00:49:32,630 --> 00:49:30,960

just vote i am the chairman of

1281

00:49:34,870 --> 00:49:32,640

birmingham ufo group so a lot of the

1282

00:49:36,950 --> 00:49:34,880

cases come from around the midlands in

1283

00:49:38,549 --> 00:49:36,960

the uk but i've dealt with cases as far

1284

00:49:40,870 --> 00:49:38,559

as australia i deal with cases from

1285

00:49:42,549 --> 00:49:40,880

everywhere uh i think my earliest case

1286

00:49:43,910 --> 00:49:42,559

went right back to the 50s as don said

1287

00:49:44,950 --> 00:49:43,920

this has been going on a lot a lot

1288

00:49:47,990 --> 00:49:44,960

longer

1289

00:49:50,069 --> 00:49:48,000

than um than the last decade and uh i

1290

00:49:52,230 --> 00:49:50,079

know that the um the u.s navy they're

1291

00:49:53,910 --> 00:49:52,240

focusing on more recent incidents that

1292

00:49:55,270 --> 00:49:53,920

have occurred because those are the ones

1293

00:49:57,670 --> 00:49:55,280

that they're studying in depth and

1294

00:49:59,670 --> 00:49:57,680

trying to capture the radar information

1295

00:50:02,069 --> 00:49:59,680

but when you when you hear louis

1296

00:50:03,829 --> 00:50:02,079

alessandro talking publicly and chris

1297

00:50:06,150 --> 00:50:03,839

mellon they they refer to these old

1298

00:50:08,710 --> 00:50:06,160

cases that have gone back many many

1299

00:50:10,950 --> 00:50:08,720

years uh expressing exactly the same

1300

00:50:13,510 --> 00:50:10,960

flight characteristics so this is far

1301  
00:50:14,870 --> 00:50:13,520  
from a uh from a modern phenomena and

1302  
00:50:17,109 --> 00:50:14,880  
that's something that we're all aware of

1303  
00:50:18,950 --> 00:50:17,119  
and i think that in that

1304  
00:50:20,710 --> 00:50:18,960  
comes the reality of the subject the

1305  
00:50:22,069 --> 00:50:20,720  
fact that there is something truly wild

1306  
00:50:25,109 --> 00:50:22,079  
going on with this

1307  
00:50:26,470 --> 00:50:25,119  
and and the um the argument that it's

1308  
00:50:28,630 --> 00:50:26,480  
hidden technology

1309  
00:50:29,750 --> 00:50:28,640  
human created technology

1310  
00:50:30,549 --> 00:50:29,760  
some sort of

1311  
00:50:32,790 --> 00:50:30,559  
long

1312  
00:50:33,990 --> 00:50:32,800  
ongoing secret projects it kind of falls

1313  
00:50:36,069 --> 00:50:34,000

apart really when you look at the

1314

00:50:37,829 --> 00:50:36,079

evidence i believe and i think anybody

1315

00:50:39,829 --> 00:50:37,839

who does their homework with the subject

1316

00:50:41,109 --> 00:50:39,839

and properly looks into it in depth

1317

00:50:42,870 --> 00:50:41,119

cannot fail to come to similar

1318

00:50:44,549 --> 00:50:42,880

conclusions with it

1319

00:50:47,430 --> 00:50:44,559

can i can i just come in there just

1320

00:50:49,030 --> 00:50:47,440

before giorgio sorry jojo just one thing

1321

00:50:50,790 --> 00:50:49,040

uh when we talk about evidence from

1322

00:50:53,030 --> 00:50:50,800

around the world when isa launched on

1323

00:50:56,549 --> 00:50:53,040

the 25th of may

1324

00:50:58,790 --> 00:50:56,559

we actually put together a 60 case world

1325

00:51:00,870 --> 00:50:58,800

quick summary not the best cases but

1326  
00:51:03,030 --> 00:51:00,880  
some of the best cases from all around

1327  
00:51:05,109 --> 00:51:03,040  
the world to give a flavor and we

1328  
00:51:06,390 --> 00:51:05,119  
created this for the press well the

1329  
00:51:08,710 --> 00:51:06,400  
press

1330  
00:51:11,510 --> 00:51:08,720  
is quite freely they can ask for it it's

1331  
00:51:13,750 --> 00:51:11,520  
a pdf with 60 cases in a simple format

1332  
00:51:16,230 --> 00:51:13,760  
showing the best evidence key points

1333  
00:51:18,630 --> 00:51:16,240  
that prove the case and the press aren't

1334  
00:51:24,309 --> 00:51:18,640  
interested we have to get the press on

1335  
00:51:29,910 --> 00:51:27,030  
yes uh thank you i wanted to say that

1336  
00:51:33,270 --> 00:51:29,920  
perhaps if some some citizens uh from

1337  
00:51:36,549 --> 00:51:33,280  
some countries felt reticent to share

1338  
00:51:39,270 --> 00:51:36,559

inform you their uap information with

1339

00:51:40,549 --> 00:51:39,280

five eyes allied countries

1340

00:51:45,030 --> 00:51:40,559

uh

1341

00:51:48,230 --> 00:51:45,040

of the current disclosure

1342

00:51:50,069 --> 00:51:48,240

program in the united states

1343

00:51:52,150 --> 00:51:50,079

they may feel more comfortable to share

1344

00:51:53,990 --> 00:51:52,160

it with icer first

1345

00:51:55,990 --> 00:51:54,000

um especially if they had a

1346

00:51:58,470 --> 00:51:56,000

representative with eiser

1347

00:52:00,309 --> 00:51:58,480

and so i think that we we can fill that

1348

00:52:02,470 --> 00:52:00,319

gap we can uh

1349

00:52:07,510 --> 00:52:02,480

fill that gap especially with the

1350

00:52:10,710 --> 00:52:09,510

[Music]

1351

00:52:11,990 --> 00:52:10,720

does anyone have anything else they want

1352

00:52:14,790 --> 00:52:12,000

to discuss on that i mean i'm just going

1353

00:52:18,710 --> 00:52:14,800

to let the conversation flow to to add

1354

00:52:22,150 --> 00:52:18,720

that icer also as has representatives

1355

00:52:25,910 --> 00:52:22,160

from from 28 countries so um

1356

00:52:28,790 --> 00:52:25,920

it is interested in uh showing that the

1357

00:52:31,430 --> 00:52:28,800

phenomena it's not just an american

1358

00:52:34,390 --> 00:52:31,440

phenomenon right it's all over the place

1359

00:52:36,630 --> 00:52:34,400

it's all over the world and we have

1360

00:52:38,630 --> 00:52:36,640

indeed the uh the

1361

00:52:40,230 --> 00:52:38,640

all the evidence then that can prove

1362

00:52:41,510 --> 00:52:40,240

that and i think

1363

00:52:42,790 --> 00:52:41,520

um

1364

00:52:47,190 --> 00:52:42,800

sometimes

1365

00:52:50,710 --> 00:52:47,200

even the media gets gets the sense that

1366

00:52:53,109 --> 00:52:50,720

it's only in the u.s or um it's the u.s

1367

00:52:56,069 --> 00:52:53,119

that that

1368

00:52:58,950 --> 00:52:56,079

leads the narrative well it is indeed

1369

00:53:03,589 --> 00:52:58,960

but i think it's it's clearly more than

1370

00:53:07,190 --> 00:53:03,599

that and and either needs to to to

1371

00:53:09,670 --> 00:53:07,200

counterbalance also that that that that

1372

00:53:12,549 --> 00:53:09,680

narrative and that

1373

00:53:14,390 --> 00:53:12,559

perspective it's a worldwide phenomena

1374

00:53:18,470 --> 00:53:14,400

and we have

1375

00:53:22,069 --> 00:53:20,710

yeah i'd like to to bring up a point i

1376

00:53:23,589 --> 00:53:22,079

think that's really important i think

1377

00:53:25,750 --> 00:53:23,599

all of us in one way or another have

1378

00:53:27,910 --> 00:53:25,760

alluded to it but i think that one of

1379

00:53:30,069 --> 00:53:27,920

the things that and i've often asked

1380

00:53:32,630 --> 00:53:30,079

myself this question about the the whole

1381

00:53:35,910 --> 00:53:32,640

mandate and direction of ice with

1382

00:53:38,710 --> 00:53:35,920

respect to his international presence uh

1383

00:53:40,069 --> 00:53:38,720

as some of you know in 2017 the united

1384

00:53:41,430 --> 00:53:40,079

nations

1385

00:53:42,080 --> 00:53:41,440

brought about the

1386

00:53:44,150 --> 00:53:42,090

pretty

1387

00:53:46,630 --> 00:53:44,160

[Music]

1388

00:53:50,069 --> 00:53:46,640

weapons uh in 2017

1389

00:53:51,910 --> 00:53:50,079

and i think 122 countries voted uh on it

1390

00:53:53,670 --> 00:53:51,920

to put that in place legally now what

1391

00:53:56,069 --> 00:53:53,680

kind of standing or what kind of you

1392

00:53:57,910 --> 00:53:56,079

know force that has is up to is up to a

1393

00:54:00,950 --> 00:53:57,920

conjecture the fact the matter is the

1394

00:54:03,109 --> 00:54:00,960

united nation has a strong stand on the

1395

00:54:05,030 --> 00:54:03,119

the prohibition of nuclear weapons now

1396

00:54:06,710 --> 00:54:05,040

let's turn the page on the other side

1397

00:54:08,950 --> 00:54:06,720

and take a look at the

1398

00:54:11,829 --> 00:54:08,960

the the uap ufo

1399

00:54:14,150 --> 00:54:11,839

community and its position on nuclear

1400

00:54:15,670 --> 00:54:14,160

weapons and the reason i'm mentioning it

1401

00:54:19,190 --> 00:54:15,680

is that icer

1402

00:54:21,750 --> 00:54:19,200

could be a very very strong proponent of

1403

00:54:24,950 --> 00:54:21,760

folding the nuclear issue into the

1404

00:54:26,309 --> 00:54:24,960

international narrative about um

1405

00:54:29,030 --> 00:54:26,319

how the

1406

00:54:31,030 --> 00:54:29,040

these these these beings who are coming

1407

00:54:33,430 --> 00:54:31,040

forward and and shutting down our

1408

00:54:36,230 --> 00:54:33,440

missiles and and and tampering with our

1409

00:54:39,349 --> 00:54:36,240

nuclear assets as a way of communicating

1410

00:54:41,430 --> 00:54:39,359

with us with respect to how we um

1411

00:54:43,030 --> 00:54:41,440

are really making a large mistake in

1412

00:54:45,430 --> 00:54:43,040

considering nuclear weapons as being to

1413

00:54:48,150 --> 00:54:45,440

be all the end all as to how we resolve

1414

00:54:51,030 --> 00:54:48,160

our problems here on this on on this

1415

00:54:52,870 --> 00:54:51,040

planet and i think that icer

1416

00:54:54,789 --> 00:54:52,880

will i would hope and i think you know

1417

00:54:57,109 --> 00:54:54,799

i've talked about this to a couple of

1418

00:54:59,589 --> 00:54:57,119

members that icer needs to take a stand

1419

00:55:02,470 --> 00:54:59,599

with respect to the nuclear issue in the

1420

00:55:05,109 --> 00:55:02,480

context of the u.n and if the u.n were

1421

00:55:08,069 --> 00:55:05,119

to recognize isis position on the

1422

00:55:11,270 --> 00:55:08,079

prohibition of nuclear weapons

1423

00:55:14,069 --> 00:55:11,280

with respect to what we feel the uh the

1424

00:55:15,750 --> 00:55:14,079

extraterrestrials are hinting towards us

1425

00:55:16,950 --> 00:55:15,760

with respect to their

1426

00:55:19,270 --> 00:55:16,960

whatever they're doing they're tampering

1427

00:55:21,990 --> 00:55:19,280

with these missiles so what i'd like to

1428

00:55:24,390 --> 00:55:22,000

do is see isa bring forward some sort of

1429

00:55:26,150 --> 00:55:24,400

understanding to the uh united nations

1430

00:55:28,870 --> 00:55:26,160

and to the end of the uh the media

1431

00:55:31,589 --> 00:55:28,880

community that these extraterrestrials

1432

00:55:35,030 --> 00:55:31,599

are sending messages about nuclear

1433

00:55:37,190 --> 00:55:35,040

weapons and icer i think is in a

1434

00:55:39,190 --> 00:55:37,200

position a very strong position to take

1435

00:55:40,870 --> 00:55:39,200

a stand on the nuclear weapons which

1436

00:55:43,430 --> 00:55:40,880

will make the u.n

1437

00:55:45,510 --> 00:55:43,440

and other you know media uh outlets pay

1438

00:55:48,309 --> 00:55:45,520

attention to what icer wants to do this

1439

00:55:50,710 --> 00:55:48,319

is not just about you know ufo uap

1440

00:55:53,030 --> 00:55:50,720

disclosure this is about a planetary

1441

00:55:54,870 --> 00:55:53,040

issue of bringing the narrative forward

1442

00:55:57,430 --> 00:55:54,880

to the media with respect to nuclear

1443

00:55:59,270 --> 00:55:57,440

weapons and how nuclear weapons are

1444

00:56:01,510 --> 00:55:59,280

being interpreted by the

1445

00:56:03,589 --> 00:56:01,520

extraterrestrials as what i call an

1446

00:56:06,470 --> 00:56:03,599

extinction behavior and it's been

1447

00:56:08,549 --> 00:56:06,480

pointed out numerous times by contactees

1448

00:56:11,750 --> 00:56:08,559

and also with robert

1449

00:56:14,150 --> 00:56:11,760

robert salas initiative uh with with

1450

00:56:15,910 --> 00:56:14,160

respect to the missile shutdowns there's

1451

00:56:18,150 --> 00:56:15,920

all kinds of converging lines of

1452

00:56:20,150 --> 00:56:18,160

evidence that are pointing to the fact

1453

00:56:22,309 --> 00:56:20,160

that the extraterrestrials whoever they

1454

00:56:24,470 --> 00:56:22,319

are and i don't tend to know who they

1455

00:56:27,190 --> 00:56:24,480

are but they're sending a very very

1456

00:56:30,470 --> 00:56:27,200

clear message that we need to put the

1457

00:56:32,309 --> 00:56:30,480

reins on nuclear weapons and so has the

1458

00:56:33,990 --> 00:56:32,319

united nations and that's where we're

1459

00:56:37,270 --> 00:56:34,000

heading and if we want to take the

1460

00:56:39,349 --> 00:56:37,280

international stage i think icer is in a

1461

00:56:41,589 --> 00:56:39,359

perfect position to bring the nuclear

1462

00:56:43,670 --> 00:56:41,599

issue to the forefront in the same way

1463

00:56:45,990 --> 00:56:43,680

that the u.n has done it and become a

1464

00:56:47,510 --> 00:56:46,000

voice like the u.n so i'd like to put

1465

00:56:49,670 --> 00:56:47,520

that on the table for discussion because

1466

00:56:51,990 --> 00:56:49,680

i think it's a very powerful aspect as

1467

00:56:54,150 --> 00:56:52,000

to how all of these lines of converging

1468

00:56:57,030 --> 00:56:54,160

evidence can really bring forward isis

1469

00:56:59,270 --> 00:56:57,040

dominance with respect to the uap issue

1470

00:57:00,789 --> 00:56:59,280

that's absolutely fantastic victor and i

1471

00:57:03,190 --> 00:57:00,799

think you're psychic because that was

1472

00:57:05,270 --> 00:57:03,200

next on my list of talking points so

1473

00:57:06,870 --> 00:57:05,280

thank you so much so i'm going to put

1474

00:57:08,309 --> 00:57:06,880

this over to don because we nearly hit

1475

00:57:09,910 --> 00:57:08,319

the hour mark don if you've got anything

1476  
00:57:13,910 --> 00:57:09,920  
you want to talk about with regards to

1477  
00:57:17,589 --> 00:57:16,069  
anything that broaches potential

1478  
00:57:18,710 --> 00:57:17,599  
political

1479  
00:57:20,870 --> 00:57:18,720  
you know

1480  
00:57:24,789 --> 00:57:20,880  
division within a group you have to be

1481  
00:57:27,910 --> 00:57:24,799  
careful and i think because uh for me

1482  
00:57:31,589 --> 00:57:27,920  
still still ufos uaps

1483  
00:57:34,069 --> 00:57:31,599  
and i know there would be an easy

1484  
00:57:36,789 --> 00:57:34,079  
abridgement as far as to the nuclear

1485  
00:57:38,950 --> 00:57:36,799  
aspect especially given here

1486  
00:57:41,510 --> 00:57:38,960  
that we know for a fact and now even in

1487  
00:57:43,829 --> 00:57:41,520  
russia we're learning that there have

1488  
00:57:46,390 --> 00:57:43,839

been infiltrations there have been

1489

00:57:49,589 --> 00:57:46,400

shutdowns of missile silos

1490

00:57:51,109 --> 00:57:49,599

and uh it's something and both gary and

1491

00:57:53,589 --> 00:57:51,119

victor would remember that was one of

1492

00:57:56,549 --> 00:57:53,599

the things that truly

1493

00:58:00,150 --> 00:57:56,559

the attention of the congress people in

1494

00:58:02,789 --> 00:58:00,160

the citizens hearing in 2013.

1495

00:58:05,270 --> 00:58:02,799

the idea that they were in deep

1496

00:58:08,150 --> 00:58:05,280

demonstrating a

1497

00:58:11,750 --> 00:58:08,160

not only a curiosity but also

1498

00:58:14,150 --> 00:58:11,760

demonstrating a superiority over or even

1499

00:58:15,829 --> 00:58:14,160

our nuclear weaponry

1500

00:58:17,750 --> 00:58:15,839

and so

1501  
00:58:19,270 --> 00:58:17,760  
wouldn't that be ironic that after all

1502  
00:58:20,470 --> 00:58:19,280  
these years the very thing that

1503  
00:58:23,270 --> 00:58:20,480  
hollywood

1504  
00:58:25,430 --> 00:58:23,280  
going back to like the classic movie the

1505  
00:58:29,349 --> 00:58:25,440  
day the earth stood still

1506  
00:58:31,670 --> 00:58:29,359  
that the warning back in 1951 was

1507  
00:58:34,069 --> 00:58:31,680  
uh you knew kids on the block there are

1508  
00:58:36,789 --> 00:58:34,079  
now playing with rockets and atomic

1509  
00:58:38,470 --> 00:58:36,799  
bombs you need to behave yourselves

1510  
00:58:40,630 --> 00:58:38,480  
because for the first time you become a

1511  
00:58:41,670 --> 00:58:40,640  
threat off the planet

1512  
00:58:45,190 --> 00:58:41,680  
and

1513  
00:58:47,190 --> 00:58:45,200

it's been suggested that the one thing

1514

00:58:51,109 --> 00:58:47,200

that even alerted

1515

00:58:53,990 --> 00:58:51,119

the very phenomenon to planet earth was

1516

00:58:57,990 --> 00:58:54,000

that first detonation of an atomic bomb

1517

00:58:59,990 --> 00:58:58,000

back in new mexico in in june of 1945

1518

00:59:03,190 --> 00:59:00,000

and that flash

1519

00:59:05,990 --> 00:59:03,200

from trinity is still traversing out

1520

00:59:09,190 --> 00:59:06,000

through the milky way galaxy as an

1521

00:59:11,430 --> 00:59:09,200

intelligent signal as a beacon

1522

00:59:13,670 --> 00:59:11,440

that may have indeed

1523

00:59:15,910 --> 00:59:13,680

brought the phenomena to where we are

1524

00:59:19,190 --> 00:59:15,920

today still scratching our heads and

1525

00:59:20,870 --> 00:59:19,200

questioning why us why are they even

1526

00:59:23,750 --> 00:59:20,880

bothering with

1527

00:59:26,150 --> 00:59:23,760

we primitive earthlings who still are

1528

00:59:28,390 --> 00:59:26,160

the new kids on the block so to speak

1529

00:59:30,150 --> 00:59:28,400

but we're playing with big toys we're

1530

00:59:31,190 --> 00:59:30,160

playing with big

1531

00:59:33,109 --> 00:59:31,200

weapons

1532

00:59:34,309 --> 00:59:33,119

that indeed could threaten

1533

00:59:35,829 --> 00:59:34,319

the very

1534

00:59:38,470 --> 00:59:35,839

well-being

1535

00:59:40,789 --> 00:59:38,480

beyond our own planet earth and as a

1536

00:59:43,190 --> 00:59:40,799

result it's either a case of where they

1537

00:59:46,789 --> 00:59:43,200

step back and watch to see if we

1538

00:59:49,270 --> 00:59:46,799

uh eliminate annihilate ourselves or if

1539

00:59:52,069 --> 00:59:49,280

they intercede if they step in

1540

00:59:54,549 --> 00:59:52,079

and um as the ancient astronaut

1541

00:59:57,109 --> 00:59:54,559

theorists would suggest that every so

1542

01:00:00,630 --> 00:59:57,119

often they gave us a nudge they gave us

1543

01:00:02,069 --> 01:00:00,640

a little push they they educated us as

1544

01:00:05,109 --> 01:00:02,079

to a better way

1545

01:00:07,990 --> 01:00:05,119

and maybe there again that's where icer

1546

01:00:11,270 --> 01:00:08,000

can extend that hand of welcome

1547

01:00:13,589 --> 01:00:11,280

and uh that we would be the very people

1548

01:00:17,109 --> 01:00:13,599

that they would first approach anil i

1549

01:00:18,870 --> 01:00:17,119

know carl sagan would often uh

1550

01:00:20,150 --> 01:00:18,880

lament the fact that well the reason i

1551

01:00:22,150 --> 01:00:20,160

don't believe in the phenomena is

1552

01:00:23,990 --> 01:00:22,160

because certainly they would come and

1553

01:00:25,910 --> 01:00:24,000

talk to me first

1554

01:00:28,390 --> 01:00:25,920

well you know come down off your high

1555

01:00:31,589 --> 01:00:28,400

horse mister because

1556

01:00:33,829 --> 01:00:31,599

no one possesses so much knowledge as to

1557

01:00:36,789 --> 01:00:33,839

represent you know all of us here on

1558

01:00:40,150 --> 01:00:36,799

planet earth but icer representing 28

1559

01:00:42,390 --> 01:00:40,160

countries is a good start

1560

01:00:45,190 --> 01:00:42,400

absolutely absolutely

1561

01:00:47,910 --> 01:00:45,200

so with that i have to bid everyone ad

1562

01:00:50,069 --> 01:00:47,920

i enjoyed this i hope we can do it again

1563

01:00:52,950 --> 01:00:50,079

and uh enjoy the rest of the show

1564

01:00:55,270 --> 01:00:52,960

gentlemen i know you represent icer in

1565

01:00:57,270 --> 01:00:55,280

best uh the best for impossible thank

1566

01:00:59,190 --> 01:00:57,280

you thank you so much don i will say i

1567

01:01:01,109 --> 01:00:59,200

will email you i'd love to have you on

1568

01:01:02,470 --> 01:01:01,119

as on a one to one to discuss roswell

1569

01:01:04,710 --> 01:01:02,480

but we'll deal with that in the new year

1570

01:01:07,030 --> 01:01:04,720

so look forward to it thank you very

1571

01:01:08,829 --> 01:01:07,040

much

1572

01:01:11,670 --> 01:01:08,839

bye-bye

1573

01:01:13,430 --> 01:01:11,680

now i think giorgio's got his hand up i

1574

01:01:15,430 --> 01:01:13,440

think georgia gentlemen i'm just going

1575

01:01:17,349 --> 01:01:15,440

to take a bathroom break so carry on

1576

01:01:18,710 --> 01:01:17,359

with the conversation i'm just going to

1577

01:01:22,870 --> 01:01:18,720

take a bathroom break i can still hear

1578

01:01:22,880 --> 01:01:29,030

all

1579

01:01:32,230 --> 01:01:29,990

um

1580

01:01:34,870 --> 01:01:32,240

well i would i want to say that icer has

1581

01:01:37,270 --> 01:01:34,880

the potential to incorporate people

1582

01:01:39,589 --> 01:01:37,280

as civilians from countries and cultures

1583

01:01:42,069 --> 01:01:39,599

that usually don't participate in the

1584

01:01:44,630 --> 01:01:42,079

ufo conversation

1585

01:01:47,510 --> 01:01:44,640

and it is an important issue because

1586

01:01:50,309 --> 01:01:47,520

for them to hear about ufos

1587

01:01:53,990 --> 01:01:50,319

uh from coming from the west

1588

01:01:57,190 --> 01:01:54,000

many of them billions may feel uneasy

1589

01:01:59,190 --> 01:01:57,200

and there's a possibility of us

1590

01:02:01,270 --> 01:01:59,200

including them in the conversation from

1591

01:02:03,750 --> 01:02:01,280

a civilian perspective and that will

1592

01:02:06,630 --> 01:02:03,760

make it easier for them to accept and

1593

01:02:09,510 --> 01:02:06,640

learn about these issues incorporated

1594

01:02:11,990 --> 01:02:09,520

into their religious traditions and

1595

01:02:14,789 --> 01:02:12,000

cultures start a conversation

1596

01:02:17,190 --> 01:02:14,799

that they themselves can understand

1597

01:02:18,950 --> 01:02:17,200

from their own people so i think that

1598

01:02:21,430 --> 01:02:18,960

that's another possibility that eiser

1599

01:02:23,190 --> 01:02:21,440

can can contribute

1600

01:02:24,789 --> 01:02:23,200

absolutely i think that's a good point

1601

01:02:27,270 --> 01:02:24,799

goodbye yeah

1602

01:02:30,470 --> 01:02:27,280

i think um yeah returning to the uh

1603

01:02:33,109 --> 01:02:30,480

nuclear uh angle a moment it's um it's a

1604

01:02:36,309 --> 01:02:33,119

very interesting and also to some people

1605

01:02:39,029 --> 01:02:36,319

possible possibly alarming view

1606

01:02:41,750 --> 01:02:39,039

that these beings have the ability to

1607

01:02:44,309 --> 01:02:41,760

switch on or switch off our nukes at

1608

01:02:46,390 --> 01:02:44,319

will uh it's probably one of the more

1609

01:02:49,029 --> 01:02:46,400

contentious angles of the subject and

1610

01:02:50,710 --> 01:02:49,039

one of the reasons uh why

1611

01:02:52,789 --> 01:02:50,720

some parts of it will have been covered

1612

01:02:55,109 --> 01:02:52,799

up over the years but i think it's very

1613

01:02:57,430 --> 01:02:55,119

important to remember with this

1614

01:02:59,190 --> 01:02:57,440

that uh if they had malicious intent we

1615

01:03:00,950 --> 01:02:59,200

would probably already know about this

1616

01:03:03,270 --> 01:03:00,960

for a long time when they go on a global

1617

01:03:06,390 --> 01:03:03,280

level so even though it may it may seem

1618

01:03:08,870 --> 01:03:06,400

alarming i i think the intentions in the

1619

01:03:10,710 --> 01:03:08,880

long run are not malicious i don't know

1620

01:03:12,549 --> 01:03:10,720

what the other reps think about that

1621

01:03:14,470 --> 01:03:12,559

possibility

1622

01:03:17,109 --> 01:03:14,480

well i i agree with that

1623

01:03:19,589 --> 01:03:17,119

yeah victor victor yeah i think that one

1624

01:03:22,390 --> 01:03:19,599

of the key points um about that david is

1625

01:03:24,549 --> 01:03:22,400

that that if you look at the the the

1626

01:03:25,910 --> 01:03:24,559

contact d's and um

1627

01:03:27,829 --> 01:03:25,920

in in the work that i've done with

1628

01:03:30,309 --> 01:03:27,839

contactees in the past

1629

01:03:31,910 --> 01:03:30,319

and the the work that i did with uh with

1630

01:03:32,710 --> 01:03:31,920

dr john mack

1631

01:03:34,950 --> 01:03:32,720

um

1632

01:03:36,789 --> 01:03:34,960

in in recognizing uh

1633

01:03:39,270 --> 01:03:36,799

some of the contactees

1634

01:03:41,990 --> 01:03:39,280

um interactions uh with these these

1635

01:03:45,589 --> 01:03:42,000

so-called extraterrestrial beings

1636

01:03:47,910 --> 01:03:45,599

the dominant the dominant feeling um

1637

01:03:50,710 --> 01:03:47,920

was among the contactees or experiencers

1638

01:03:53,349 --> 01:03:50,720

as dr matt calls them is this

1639

01:03:56,630 --> 01:03:53,359

overwhelming uh notion

1640

01:03:58,630 --> 01:03:56,640

that the contact these were being told

1641

01:04:02,069 --> 01:03:58,640

a narrative or being exposed to a

1642

01:04:04,710 --> 01:04:02,079

narrative about the state of the planet

1643

01:04:05,430 --> 01:04:04,720

and uh that that goes without saying uh

1644

01:04:08,150 --> 01:04:05,440

it

1645

01:04:10,230 --> 01:04:08,160

in any of the contact the contacts or

1646

01:04:12,150 --> 01:04:10,240

the the work that i've done with them

1647

01:04:14,150 --> 01:04:12,160

it always comes up there's other

1648

01:04:16,069 --> 01:04:14,160

experiences there's the experimentation

1649

01:04:18,309 --> 01:04:16,079

there's the implant issue there's all

1650

01:04:19,990 --> 01:04:18,319

kinds of things but when you move into

1651

01:04:22,549 --> 01:04:20,000

the deeper aspects of what these

1652

01:04:24,870 --> 01:04:22,559

contactees have been through

1653

01:04:27,589 --> 01:04:24,880

every one of them eventually comes to

1654

01:04:29,510 --> 01:04:27,599

the point of expressing the notion that

1655

01:04:31,829 --> 01:04:29,520

whoever these extraterrestrial beings

1656

01:04:34,069 --> 01:04:31,839

are these these visitors these awkward

1657

01:04:37,109 --> 01:04:34,079

civilizations whoever they are it all

1658

01:04:40,309 --> 01:04:37,119

comes back to their concern about the

1659

01:04:42,069 --> 01:04:40,319

state of our planet the children who who

1660

01:04:44,710 --> 01:04:42,079

were met at the aerial school for

1661

01:04:47,029 --> 01:04:44,720

example yes that was a notion that was

1662

01:04:49,589 --> 01:04:47,039

transmitted to them and dr mack went

1663

01:04:52,230 --> 01:04:49,599

into very deep detail with the children

1664

01:04:54,789 --> 01:04:52,240

and they exposed and they expressed that

1665

01:04:56,630 --> 01:04:54,799

same notion that we are we're messing up

1666

01:04:58,789 --> 01:04:56,640

on the planet we're crayoning over the

1667

01:05:01,750 --> 01:04:58,799

planet uh the experiencers that i've

1668

01:05:03,589 --> 01:05:01,760

talked to say the same thing that we're

1669

01:05:05,829 --> 01:05:03,599

doing something to this garden called

1670

01:05:07,349 --> 01:05:05,839

earth now that may sound kind of

1671

01:05:09,829 --> 01:05:07,359

ephemeral a little bit kind of airy

1672

01:05:12,390 --> 01:05:09,839

fairy in a lot of ways but in not in a

1673

01:05:15,510 --> 01:05:12,400

nuts and bolts way these contact keys

1674

01:05:16,789 --> 01:05:15,520

have received messages in the way that

1675

01:05:19,589 --> 01:05:16,799

they

1676  
01:05:22,470 --> 01:05:19,599  
have experientially now if you translate

1677  
01:05:25,510 --> 01:05:22,480  
that information to someone like bob

1678  
01:05:27,670 --> 01:05:25,520  
salus who was in the bunker in 1967 and

1679  
01:05:31,430 --> 01:05:27,680  
all 10 missiles were shut down

1680  
01:05:33,750 --> 01:05:31,440  
uh by by the by that ufo uh

1681  
01:05:35,750 --> 01:05:33,760  
it's quite clear that he received the

1682  
01:05:37,910 --> 01:05:35,760  
same message as those children did at

1683  
01:05:39,990 --> 01:05:37,920  
the aerial school so it once again you

1684  
01:05:42,309 --> 01:05:40,000  
get these converging lines of evidence

1685  
01:05:44,630 --> 01:05:42,319  
about what these beings are telling us

1686  
01:05:47,349 --> 01:05:44,640  
about the state of our planet and if

1687  
01:05:48,950 --> 01:05:47,359  
icer can bring these things forward by

1688  
01:05:52,950 --> 01:05:48,960

bringing

1689

01:05:55,109 --> 01:05:52,960

these interpret the messages from the

1690

01:05:56,630 --> 01:05:55,119

from these uh extraterrestrial beings in

1691

01:05:59,270 --> 01:05:56,640

addition to what the military has

1692

01:06:01,829 --> 01:05:59,280

received these are two very very

1693

01:06:03,430 --> 01:06:01,839

powerful streams of information that we

1694

01:06:04,549 --> 01:06:03,440

have to consider and we can't eliminate

1695

01:06:06,549 --> 01:06:04,559

either one

1696

01:06:09,029 --> 01:06:06,559

and it's it's just another way that isa

1697

01:06:11,510 --> 01:06:09,039

can be uh brought forward as a credible

1698

01:06:14,069 --> 01:06:11,520

institution at a credible organization

1699

01:06:15,990 --> 01:06:14,079

to say here look at all the the the

1700

01:06:18,950 --> 01:06:16,000

different lines of evidence not just one

1701

01:06:21,270 --> 01:06:18,960

or two not just ufo sightings cases but

1702

01:06:23,349 --> 01:06:21,280

how the extraterrestrial beings are

1703

01:06:25,349 --> 01:06:23,359

sending us a message and that brings

1704

01:06:28,789 --> 01:06:25,359

forward another a completely different

1705

01:06:31,589 --> 01:06:28,799

issue is how can we diplomatically

1706

01:06:33,750 --> 01:06:31,599

engage these extraterrestrials because

1707

01:06:36,870 --> 01:06:33,760

they are sending us a message so it's up

1708

01:06:39,829 --> 01:06:36,880

to us i think to bring about a situation

1709

01:06:42,630 --> 01:06:39,839

or a condition with which we can

1710

01:06:44,230 --> 01:06:42,640

have an outreach program of diplomacy

1711

01:06:46,630 --> 01:06:44,240

with these individuals with these

1712

01:06:48,710 --> 01:06:46,640

individual visitors now who they are

1713

01:06:49,990 --> 01:06:48,720

once again i say it again

1714

01:06:51,510 --> 01:06:50,000

that whole array of off-world

1715

01:06:53,670 --> 01:06:51,520

civilizations we don't know one

1716

01:06:56,549 --> 01:06:53,680

individual civilization that's specific

1717

01:06:59,029 --> 01:06:56,559

to this but there is the notion that we

1718

01:07:01,349 --> 01:06:59,039

have a responsibility to begin a

1719

01:07:04,150 --> 01:07:01,359

diplomatic initiative to say what do you

1720

01:07:05,750 --> 01:07:04,160

want from us and what do you uh what can

1721

01:07:07,589 --> 01:07:05,760

we do for you

1722

01:07:10,150 --> 01:07:07,599

these kinds of questions have to be

1723

01:07:12,150 --> 01:07:10,160

asked if isis is going to look forward

1724

01:07:13,829 --> 01:07:12,160

to being present on the international

1725

01:07:15,510 --> 01:07:13,839

stage with respect to the u.n and these

1726

01:07:17,430 --> 01:07:15,520

are these are difficult questions to ask

1727

01:07:18,950 --> 01:07:17,440

but i think they they have to be brought

1728

01:07:20,950 --> 01:07:18,960

one way or another

1729

01:07:23,270 --> 01:07:20,960

i think i think there's two ways of

1730

01:07:25,510 --> 01:07:23,280

looking at what victor is saying there i

1731

01:07:27,670 --> 01:07:25,520

i think it's how we frame the question

1732

01:07:29,349 --> 01:07:27,680

because if we were talking about the

1733

01:07:31,349 --> 01:07:29,359

destruction of the great barrier reef

1734

01:07:32,870 --> 01:07:31,359

because the temperature is rising and

1735

01:07:34,710 --> 01:07:32,880

it's it's going to kill all the coral

1736

01:07:36,630 --> 01:07:34,720

we're all up in arms saying no we've got

1737

01:07:38,309 --> 01:07:36,640

a global climate change we've got to do

1738

01:07:40,710 --> 01:07:38,319

something to to

1739

01:07:43,190 --> 01:07:40,720

otherwise we will lose this incredible

1740

01:07:45,670 --> 01:07:43,200

thing the galapagos islands all the kind

1741

01:07:48,950 --> 01:07:45,680

of special areas of interest now now if

1742

01:07:51,750 --> 01:07:48,960

you were et looking at us as a species

1743

01:07:53,910 --> 01:07:51,760

on this planet a very diverse species

1744

01:07:56,390 --> 01:07:53,920

with

1745

01:07:58,069 --> 01:07:56,400

huge amounts of water life and fauna

1746

01:07:59,670 --> 01:07:58,079

from their point of view we might be

1747

01:08:01,430 --> 01:07:59,680

just like a little zoo we're the ants in

1748

01:08:03,109 --> 01:08:01,440

the playground but from their point of

1749

01:08:05,029 --> 01:08:03,119

view they look at us and think they're

1750

01:08:06,870 --> 01:08:05,039

going to destroy this beautiful bit of

1751

01:08:08,470 --> 01:08:06,880

habitat just because they're playing

1752

01:08:10,710 --> 01:08:08,480

with nuclear weapons they shouldn't

1753

01:08:12,950 --> 01:08:10,720

they've got the ability to destroy this

1754

01:08:15,270 --> 01:08:12,960

wonderful planet that for us is like a

1755

01:08:17,990 --> 01:08:15,280

tourist guide it's this could be like

1756

01:08:19,990 --> 01:08:18,000

the galapagos islands in space who knows

1757

01:08:21,910 --> 01:08:20,000

but the point is we've got to look at it

1758

01:08:24,789 --> 01:08:21,920

from a different point of view but there

1759

01:08:26,390 --> 01:08:24,799

is a clear clear message going back way

1760

01:08:28,950 --> 01:08:26,400

over 70 years

1761

01:08:30,070 --> 01:08:28,960

that the f and it's no coincidence that

1762

01:08:34,390 --> 01:08:30,080

roswell

1763

01:08:36,789 --> 01:08:34,400

well it was only the first world's the

1764

01:08:38,870 --> 01:08:36,799

first atomic bomb squadron and then when

1765

01:08:41,189 --> 01:08:38,880

you put it in that context you think wow

1766

01:08:43,349 --> 01:08:41,199

that kind of makes sense so you have to

1767

01:08:45,590 --> 01:08:43,359

look at it so they are watching and

1768

01:08:46,470 --> 01:08:45,600

don't forget the ripple

1769

01:08:48,070 --> 01:08:46,480

that

1770

01:08:50,309 --> 01:08:48,080

is going out into space from the

1771

01:08:51,590 --> 01:08:50,319

original trinity explosion don is

1772

01:08:53,910 --> 01:08:51,600

absolutely right

1773

01:08:56,630 --> 01:08:53,920

but you think about how humans would

1774

01:08:58,709 --> 01:08:56,640

react in our astronomers if we suddenly

1775

01:09:01,269 --> 01:08:58,719

began to realize that there had been a

1776

01:09:02,550 --> 01:09:01,279

nuclear explosion uh four light years

1777

01:09:04,390 --> 01:09:02,560

away and we were just starting to

1778

01:09:06,789 --> 01:09:04,400

receive the signals this flash or

1779

01:09:08,550 --> 01:09:06,799

whatever we'd be all up getting excited

1780

01:09:10,470 --> 01:09:08,560

saying christ there is life out there

1781

01:09:13,430 --> 01:09:10,480

because that's definitely a nuclear

1782

01:09:15,910 --> 01:09:13,440

signal signature from 10 light years

1783

01:09:18,390 --> 01:09:15,920

away it's the way we frame the question

1784

01:09:20,789 --> 01:09:18,400

but there is absolutely no doubt about

1785

01:09:23,590 --> 01:09:20,799

it that the message that is consistent

1786

01:09:26,470 --> 01:09:23,600

over 70 years plus is that they are

1787

01:09:28,950 --> 01:09:26,480

concerned about this planet and i often

1788

01:09:30,950 --> 01:09:28,960

i've talked about my favorite kind of

1789

01:09:33,189 --> 01:09:30,960

thing is that i believe that there's

1790

01:09:34,789 --> 01:09:33,199

underwater bases and i think they live

1791

01:09:36,789 --> 01:09:34,799

separately i think that's why they're

1792

01:09:39,990 --> 01:09:36,799

seeing going in large in and out of

1793

01:09:42,070 --> 01:09:40,000

water now the vast majority of people 95

1794

01:09:43,990 --> 01:09:42,080

the public are oblivious to this because

1795

01:09:46,950 --> 01:09:44,000

they've never been given the evidence by

1796

01:09:49,430 --> 01:09:46,960

the media so this is an entire paradigm

1797

01:09:51,590 --> 01:09:49,440

change that we've got to feel deal with

1798

01:09:53,510 --> 01:09:51,600

but i think it's their habitat as well

1799

01:09:56,709 --> 01:09:53,520

how long they've been here i don't know

1800

01:09:58,310 --> 01:09:56,719

but that may be well one reason why they

1801  
01:10:00,070 --> 01:09:58,320  
don't want to see this planet destroyed

1802  
01:10:02,390 --> 01:10:00,080  
through a nuclear armageddon because it

1803  
01:10:04,870 --> 01:10:02,400  
would affect their environment too but

1804  
01:10:06,950 --> 01:10:04,880  
you know there are so many links all

1805  
01:10:09,189 --> 01:10:06,960  
over the world to nuclear weapons

1806  
01:10:11,830 --> 01:10:09,199  
whether it be power plants whether it be

1807  
01:10:14,550 --> 01:10:11,840  
sightings or for nuclear weapon storage

1808  
01:10:16,790 --> 01:10:14,560  
areas nuclear aircraft carriers nuclear

1809  
01:10:18,790 --> 01:10:16,800  
aircraft tactical nuclear weapons

1810  
01:10:20,310 --> 01:10:18,800  
wherever whatever country they've all

1811  
01:10:23,270 --> 01:10:20,320  
had these kind of sightings but the

1812  
01:10:25,110 --> 01:10:23,280  
public are not aware of them and

1813  
01:10:27,189 --> 01:10:25,120

recently bob salas put on another

1814

01:10:29,830 --> 01:10:27,199

presentation at the national press club

1815

01:10:32,950 --> 01:10:29,840

and there wasn't much national tv

1816

01:10:34,790 --> 01:10:32,960

coverage that is absolutely

1817

01:10:37,830 --> 01:10:34,800

criminal in my mind

1818

01:10:39,990 --> 01:10:37,840

this is now post 2017

1819

01:10:41,750 --> 01:10:40,000

there should have been wall-to-wall tv

1820

01:10:43,830 --> 01:10:41,760

cameras there and it was highly

1821

01:10:46,229 --> 01:10:43,840

suspicious that they weren't there

1822

01:10:48,709 --> 01:10:46,239

because now this is exactly the right

1823

01:10:51,830 --> 01:10:48,719

time where we can go back to the nuclear

1824

01:10:54,310 --> 01:10:51,840

issue and we need to highlight this at

1825

01:10:56,470 --> 01:10:54,320

every opportunity and i will do that

1826  
01:10:58,790 --> 01:10:56,480  
hence why we put out a statement with

1827  
01:11:01,030 --> 01:10:58,800  
regards to the nuclear weapons issue

1828  
01:11:03,830 --> 01:11:01,040  
because it's long known a huge

1829  
01:11:06,310 --> 01:11:03,840  
correlation and it's vitally important

1830  
01:11:08,310 --> 01:11:06,320  
and here's another thing just final

1831  
01:11:10,630 --> 01:11:08,320  
thing on on what victor said

1832  
01:11:12,390 --> 01:11:10,640  
why do we assume

1833  
01:11:14,870 --> 01:11:12,400  
with human arrogance

1834  
01:11:17,350 --> 01:11:14,880  
that et is going to go to our prime

1835  
01:11:19,669 --> 01:11:17,360  
ministers and presidents as being the

1836  
01:11:21,350 --> 01:11:19,679  
elected leaders they might just go well

1837  
01:11:23,510 --> 01:11:21,360  
they are actually been covering this up

1838  
01:11:25,430 --> 01:11:23,520

for a long time maybe we'll go to some

1839

01:11:26,950 --> 01:11:25,440

of these guys who have actually doing it

1840

01:11:29,510 --> 01:11:26,960

for the right reasons with the right

1841

01:11:32,229 --> 01:11:29,520

sentiments why have they got to follow

1842

01:11:33,990 --> 01:11:32,239

human rules it's ridiculous we are the

1843

01:11:36,550 --> 01:11:34,000

ants in the playground

1844

01:11:39,270 --> 01:11:36,560

we are very primitive i believe in terms

1845

01:11:41,110 --> 01:11:39,280

of the intergalactic element but

1846

01:11:42,390 --> 01:11:41,120

they probably look at us and think my

1847

01:11:44,310 --> 01:11:42,400

god they're going to destroy this

1848

01:11:48,630 --> 01:11:44,320

beautiful planet and they are trying to

1849

01:11:51,830 --> 01:11:50,470

i was thinking that

1850

01:11:55,189 --> 01:11:51,840

icer

1851

01:11:58,390 --> 01:11:55,199

is is a group that will listen to all

1852

01:11:59,350 --> 01:11:58,400

experiencers all contacted people

1853

01:12:00,790 --> 01:11:59,360

okay

1854

01:12:02,070 --> 01:12:00,800

worldwide

1855

01:12:05,270 --> 01:12:02,080

ideally

1856

01:12:07,990 --> 01:12:05,280

so it will not end up emphasizing the

1857

01:12:10,149 --> 01:12:08,000

potential threat aspect and the

1858

01:12:10,870 --> 01:12:10,159

deleterious physical medical effects

1859

01:12:12,870 --> 01:12:10,880

like

1860

01:12:15,830 --> 01:12:12,880

it's been researched by uh

1861

01:12:17,750 --> 01:12:15,840

gary nolan kate green which

1862

01:12:19,510 --> 01:12:17,760

they're doing valid research yes of

1863

01:12:21,350 --> 01:12:19,520

particular cases

1864

01:12:22,630 --> 01:12:21,360

but i doubt that they are listening to

1865

01:12:26,390 --> 01:12:22,640

the positive

1866

01:12:27,750 --> 01:12:26,400

healings happening also perhaps to many

1867

01:12:28,950 --> 01:12:27,760

more people

1868

01:12:30,229 --> 01:12:28,960

so uh

1869

01:12:32,630 --> 01:12:30,239

we will

1870

01:12:33,910 --> 01:12:32,640

try to bring a balanced

1871

01:12:35,990 --> 01:12:33,920

approach

1872

01:12:38,950 --> 01:12:36,000

recognizing recognizing also the

1873

01:12:40,709 --> 01:12:38,960

positive benevolent aspects of of

1874

01:12:43,430 --> 01:12:40,719

interaction with uh these other

1875

01:12:45,510 --> 01:12:43,440

intelligences

1876

01:12:48,390 --> 01:12:45,520

yep yep

1877

01:12:50,950 --> 01:12:48,400

yeah if i could just add on to that very

1878

01:12:52,550 --> 01:12:50,960

very very quickly um something has come

1879

01:12:54,470 --> 01:12:52,560

to to my

1880

01:12:56,229 --> 01:12:54,480

[Music]

1881

01:12:59,350 --> 01:12:56,239

it's really it's really irritating me

1882

01:13:00,390 --> 01:12:59,360

and bothering me to a point where um

1883

01:13:02,709 --> 01:13:00,400

uh

1884

01:13:05,189 --> 01:13:02,719

i'm very concerned about the the

1885

01:13:06,950 --> 01:13:05,199

corporate presence on the planet i'm

1886

01:13:10,149 --> 01:13:06,960

talking about the global

1887

01:13:12,630 --> 01:13:10,159

corporations that have now begun to uh

1888

01:13:15,750 --> 01:13:12,640

establish themselves as persons

1889

01:13:17,750 --> 01:13:15,760

uh a canadian documentary

1890

01:13:19,669 --> 01:13:17,760

called the new corporation has

1891

01:13:22,310 --> 01:13:19,679

highlighted the fact that corporations

1892

01:13:23,910 --> 01:13:22,320

globally have now attained the status of

1893

01:13:26,070 --> 01:13:23,920

persons legally

1894

01:13:27,830 --> 01:13:26,080

and with that um

1895

01:13:28,950 --> 01:13:27,840

status that these corporations and i'm

1896

01:13:31,750 --> 01:13:28,960

talking about all the global

1897

01:13:33,350 --> 01:13:31,760

corporations bp uh the

1898

01:13:34,390 --> 01:13:33,360

amazon

1899

01:13:36,630 --> 01:13:34,400

google

1900

01:13:39,669 --> 01:13:36,640

apple all of these corporations are

1901

01:13:41,910 --> 01:13:39,679

gradually impinging upon uh us as

1902

01:13:44,630 --> 01:13:41,920

citizens and forcing us to consume

1903

01:13:47,910 --> 01:13:44,640

certain kinds of information and and

1904

01:13:50,310 --> 01:13:47,920

ideas that um are taking the place in

1905

01:13:53,590 --> 01:13:50,320

fact of government uh corporations are

1906

01:13:55,990 --> 01:13:53,600

becoming governance themselves and my

1907

01:13:58,550 --> 01:13:56,000

big concern here is that when the the

1908

01:14:00,709 --> 01:13:58,560

corporations and they're almost there

1909

01:14:04,149 --> 01:14:00,719

with mr bezos goes right now with his

1910

01:14:06,470 --> 01:14:04,159

launch today into into into space

1911

01:14:08,950 --> 01:14:06,480

the corporations are almost at a point

1912

01:14:11,430 --> 01:14:08,960

where they could commandeer

1913

01:14:14,229 --> 01:14:11,440

this uap issue and i'm extremely

1914

01:14:16,630 --> 01:14:14,239

concerned about that and mr bezos is the

1915

01:14:18,149 --> 01:14:16,640

leader of this and so is uh there are

1916

01:14:20,390 --> 01:14:18,159

several other people who are reaching

1917

01:14:22,709 --> 01:14:20,400

out into space and we have to be very

1918

01:14:25,830 --> 01:14:22,719

concerned with the corporate takeover of

1919

01:14:28,229 --> 01:14:25,840

this issue they could very well usurp

1920

01:14:30,790 --> 01:14:28,239

the um the influence power and authority

1921

01:14:32,630 --> 01:14:30,800

of over over governments to bring this

1922

01:14:35,590 --> 01:14:32,640

stuff forward to the people and they

1923

01:14:37,590 --> 01:14:35,600

could also use icers influence with

1924

01:14:40,310 --> 01:14:37,600

respect to the u.n and these

1925

01:14:42,229 --> 01:14:40,320

corporations are extremely powerful

1926

01:14:44,790 --> 01:14:42,239

because people are elected to the us

1927

01:14:47,430 --> 01:14:44,800

senate they're allowed to own shares in

1928

01:14:49,510 --> 01:14:47,440

corporations and develop legislation

1929

01:14:51,430 --> 01:14:49,520

that will benefit corporations and we

1930

01:14:53,750 --> 01:14:51,440

have to be very careful that these

1931

01:14:56,229 --> 01:14:53,760

corporate entities once they find out if

1932

01:14:59,669 --> 01:14:56,239

they don't know it already that the uap

1933

01:15:02,149 --> 01:14:59,679

issue is the most historically important

1934

01:15:04,630 --> 01:15:02,159

issue among the human family in in the

1935

01:15:06,950 --> 01:15:04,640

history of the world of the planet

1936

01:15:09,350 --> 01:15:06,960

they could very well take the place of

1937

01:15:11,590 --> 01:15:09,360

government and even usurp this this

1938

01:15:13,189 --> 01:15:11,600

information in their own corporate way

1939

01:15:14,950 --> 01:15:13,199

and i'm extremely concerned about it and

1940

01:15:17,270 --> 01:15:14,960

i think it's

1941

01:15:19,590 --> 01:15:17,280

something that that we have to create

1942

01:15:20,470 --> 01:15:19,600

more of a dialogue about

1943

01:15:22,310 --> 01:15:20,480

yeah

1944

01:15:23,990 --> 01:15:22,320

i think dave wants to get in i'm gonna

1945

01:15:25,270 --> 01:15:24,000

get to dave i'm just gonna make uh

1946

01:15:27,110 --> 01:15:25,280

georgio i think we're getting a little

1947

01:15:29,750 --> 01:15:27,120

bit of feedback off the bottom of your

1948

01:15:31,669 --> 01:15:29,760

device so i i'm gonna just mute you

1949

01:15:33,350 --> 01:15:31,679

every now and again so don't be offended

1950

01:15:35,669 --> 01:15:33,360

and when you wanna speak i'll i'll see

1951

01:15:38,229 --> 01:15:35,679

that you wanna speak so yeah please dave

1952

01:15:39,510 --> 01:15:38,239

jump in yeah i think from uh it was just

1953

01:15:41,669 --> 01:15:39,520

to follow on from what georgios said

1954

01:15:42,950 --> 01:15:41,679

about the benevolence of these species i

1955

01:15:44,310 --> 01:15:42,960

think

1956

01:15:45,990 --> 01:15:44,320

we don't pretend to have all the answers

1957

01:15:47,830 --> 01:15:46,000

and there's a if you look at the human

1958

01:15:49,830 --> 01:15:47,840

race you've got absolutely perfect

1959

01:15:52,390 --> 01:15:49,840

people and absolute monsters and we're

1960

01:15:54,790 --> 01:15:52,400

looking at other other species and those

1961

01:15:56,310 --> 01:15:54,800

other species are very likely to have

1962

01:15:58,470 --> 01:15:56,320

you know certain groups with different

1963

01:16:00,310 --> 01:15:58,480

agendas and this sort of thing going on

1964

01:16:02,229 --> 01:16:00,320

and a lot of people in the contact

1965

01:16:04,550 --> 01:16:02,239

subject are in a kind of very very

1966

01:16:06,310 --> 01:16:04,560

fearful place with their experiences and

1967

01:16:08,470 --> 01:16:06,320

sometimes that leads them to believe

1968

01:16:11,430 --> 01:16:08,480

that they're malevolent in nature and

1969

01:16:13,510 --> 01:16:11,440

maybe in in some cases they are but yeah

1970

01:16:15,189 --> 01:16:13,520

as as giorgio and victor pointed out

1971

01:16:17,910 --> 01:16:15,199

there are also many experiences that are

1972

01:16:19,830 --> 01:16:17,920

more more positive it's it's never black

1973

01:16:21,910 --> 01:16:19,840

and white you know there's a great scale

1974

01:16:23,830 --> 01:16:21,920

to what's going on with this a very very

1975

01:16:26,229 --> 01:16:23,840

complex subject and a lot of people tend

1976

01:16:27,750 --> 01:16:26,239

to generalize i think with aspects and

1977

01:16:29,189 --> 01:16:27,760

sort of it's all good or it's all about

1978

01:16:31,350 --> 01:16:29,199

this sort of thing and i think it's

1979

01:16:32,870 --> 01:16:31,360

probably a mix of of both

1980

01:16:34,630 --> 01:16:32,880

really so you know

1981

01:16:36,870 --> 01:16:34,640

each aspect of the subject needs to be

1982

01:16:38,550 --> 01:16:36,880

delved down into great depth and i think

1983

01:16:39,510 --> 01:16:38,560

that's one of the strengths that isa can

1984

01:16:41,590 --> 01:16:39,520

bring

1985

01:16:43,750 --> 01:16:41,600

because of our different experience and

1986

01:16:45,430 --> 01:16:43,760

our different backgrounds in the subject

1987

01:16:47,669 --> 01:16:45,440

the uh the different cases that we've

1988

01:16:49,510 --> 01:16:47,679

dealt with directly in our in our

1989

01:16:51,750 --> 01:16:49,520

different countries we see all these

1990

01:16:53,830 --> 01:16:51,760

aspects together and we can discuss them

1991

01:16:55,510 --> 01:16:53,840

to a great level with one another and

1992

01:16:57,189 --> 01:16:55,520

come up to some very intelligent

1993

01:16:59,590 --> 01:16:57,199

conclusions on that

1994

01:17:01,430 --> 01:16:59,600

so i think i think that's i think just

1995

01:17:03,910 --> 01:17:01,440

having us all together as a group like

1996

01:17:05,990 --> 01:17:03,920

that stands for a loss because it's not

1997

01:17:07,830 --> 01:17:06,000

just one opinion it's lots of opinions

1998

01:17:09,590 --> 01:17:07,840

coming coming at the subject

1999

01:17:11,910 --> 01:17:09,600

so

2000

01:17:14,149 --> 01:17:11,920

yeah and i i think

2001

01:17:17,350 --> 01:17:14,159

following on from that

2002

01:17:19,750 --> 01:17:17,360

if you think about the global contact

2003

01:17:23,669 --> 01:17:19,760

the way it's been viewed and

2004

01:17:26,229 --> 01:17:23,679

and kind of uh stigmatized we actually

2005

01:17:28,550 --> 01:17:26,239

made a very formal statement like i

2006

01:17:30,709 --> 01:17:28,560

think it was a november where we put out

2007

01:17:32,470 --> 01:17:30,719

a statement saying look whatever

2008

01:17:34,709 --> 01:17:32,480

anybody's thoughts on this

2009

01:17:36,550 --> 01:17:34,719

from a nicer point of view we are

2010

01:17:39,590 --> 01:17:36,560

convinced that there is a level of

2011

01:17:41,990 --> 01:17:39,600

contact going on around the world

2012

01:17:43,590 --> 01:17:42,000

and that is pretty unique because nobody

2013

01:17:45,830 --> 01:17:43,600

else is going to say that

2014

01:17:47,510 --> 01:17:45,840

and the media absolutely have not

2015

01:17:49,189 --> 01:17:47,520

reported when you try to tell them they

2016

01:17:51,030 --> 01:17:49,199

go oh we don't want to go near there

2017

01:17:53,510 --> 01:17:51,040

because it's a dirty word but it

2018

01:17:56,070 --> 01:17:53,520

shouldn't be a dirty word when all

2019

01:17:58,229 --> 01:17:56,080

continents are affected with all these

2020

01:18:00,310 --> 01:17:58,239

kind of contact experiences and there

2021

01:18:02,870 --> 01:18:00,320

are such commonalities of the species

2022

01:18:05,030 --> 01:18:02,880

involved blah blah blah the same type of

2023

01:18:05,910 --> 01:18:05,040

stories the same kind of technology in

2024

01:18:08,709 --> 01:18:05,920

certain

2025

01:18:10,149 --> 01:18:08,719

uh contacts report similar technology

2026

01:18:12,470 --> 01:18:10,159

that one cert

2027

01:18:13,910 --> 01:18:12,480

person has in one country and is

2028

01:18:15,189 --> 01:18:13,920

virtually the same technologies

2029

01:18:16,870 --> 01:18:15,199

described by somebody else in a

2030

01:18:19,189 --> 01:18:16,880

different country you can't make that up

2031

01:18:21,430 --> 01:18:19,199

there's no link they're independent of

2032

01:18:23,910 --> 01:18:21,440

each other so we recognized and did

2033

01:18:26,229 --> 01:18:23,920

something that's very difficult to do we

2034

01:18:28,630 --> 01:18:26,239

debated it long and hard and then we

2035

01:18:30,790 --> 01:18:28,640

said no we are we believe based on the

2036

01:18:32,390 --> 01:18:30,800

evidence from around the world that we

2037

01:18:34,790 --> 01:18:32,400

should make a statement we should be

2038

01:18:36,470 --> 01:18:34,800

bold on this issue

2039

01:18:38,550 --> 01:18:36,480

and say we don't know all the answers we

2040

01:18:40,390 --> 01:18:38,560

certainly don't know the answers but

2041

01:18:43,189 --> 01:18:40,400

what other organizations are going to

2042

01:18:45,669 --> 01:18:43,199

come out and say this is actually real

2043

01:18:46,950 --> 01:18:45,679

this is taking place so why so wanted to

2044

01:18:50,070 --> 01:18:46,960

take a lead and say look we're not

2045

01:18:52,310 --> 01:18:50,080

afraid to answer and tackle deep

2046

01:18:54,390 --> 01:18:52,320

difficult subjects because we have to

2047

01:18:56,310 --> 01:18:54,400

raise this awareness

2048

01:18:58,709 --> 01:18:56,320

to ask questions that nobody else is

2049

01:19:00,950 --> 01:18:58,719

asking and that's that's that's my point

2050

01:19:03,189 --> 01:19:00,960

i mean you you talked about that

2051

01:19:05,990 --> 01:19:03,199

in the context gary of of a global

2052

01:19:07,350 --> 01:19:06,000

analysis um and and i think isa has to

2053

01:19:08,870 --> 01:19:07,360

be very careful how it presents to

2054

01:19:10,950 --> 01:19:08,880

contact the information because

2055

01:19:14,310 --> 01:19:10,960

absolutely yeah we have to be very very

2056

01:19:16,709 --> 01:19:14,320

careful we all kind of have a sense of

2057

01:19:18,390 --> 01:19:16,719

of it and we all have had experiences

2058

01:19:20,310 --> 01:19:18,400

ourselves or we have done the research

2059

01:19:22,470 --> 01:19:20,320

in the area of experiences but when you

2060

01:19:23,590 --> 01:19:22,480

come to them to uh you know to the man

2061

01:19:26,630 --> 01:19:23,600

on the bus

2062

01:19:28,550 --> 01:19:26,640

going back and forth to work uh his or

2063

01:19:31,510 --> 01:19:28,560

her um uh

2064

01:19:33,030 --> 01:19:31,520

ideation about contact d experiences or

2065

01:19:35,510 --> 01:19:33,040

abductees or whatever you want to call

2066

01:19:37,750 --> 01:19:35,520

it well it it's almost dangerous for

2067

01:19:39,669 --> 01:19:37,760

them to even touch that issue so we have

2068

01:19:42,149 --> 01:19:39,679

to be very careful how we frame it but

2069

01:19:44,709 --> 01:19:42,159

yet we also have to bring into play

2070

01:19:47,510 --> 01:19:44,719

the nature of the contact and what does

2071

01:19:50,709 --> 01:19:47,520

the nature of the contact really mean is

2072

01:19:51,669 --> 01:19:50,719

the nature of the contact and outreach

2073

01:19:54,709 --> 01:19:51,679

uh

2074

01:19:59,270 --> 01:19:54,719

from these off-world civilizations to us

2075

01:20:00,950 --> 01:19:59,280

to invite us to engage in diplomatic um

2076

01:20:03,590 --> 01:20:00,960

communication is is is that an

2077

01:20:05,110 --> 01:20:03,600

invitation or am i overstating that is

2078

01:20:07,510 --> 01:20:05,120

the fact that they are tampering with

2079

01:20:10,229 --> 01:20:07,520

their nuclear weapons an invitation to

2080

01:20:12,310 --> 01:20:10,239

us to engage with them in a diplomatic

2081

01:20:14,310 --> 01:20:12,320

way and i'm talking about serious

2082

01:20:15,830 --> 01:20:14,320

diplomatic communication

2083

01:20:18,790 --> 01:20:15,840

not just you know sitting around a table

2084

01:20:22,629 --> 01:20:18,800

you know uh you know

2085

01:20:25,510 --> 01:20:24,070

oh i think we've lost you for a second

2086

01:20:26,790 --> 01:20:25,520

he's frozen

2087

01:20:28,870 --> 01:20:26,800

with each other

2088

01:20:30,950 --> 01:20:28,880

sorry yeah you're back you're back yeah

2089

01:20:32,550 --> 01:20:30,960

um i've got a good a good question here

2090

01:20:35,189 --> 01:20:32,560

that any of you can

2091

01:20:37,110 --> 01:20:35,199

chime in on um is isa doing any outreach

2092

01:20:41,750 --> 01:20:37,120

to engage the public with their mission

2093

01:20:45,189 --> 01:20:43,830

anybody can take the question

2094

01:20:49,430 --> 01:20:45,199

what do you mean

2095

01:20:51,830 --> 01:20:49,440

i suppose they mean like if if people

2096

01:20:54,470 --> 01:20:51,840

have had sightings as a member of the

2097

01:20:56,310 --> 01:20:54,480

public can they reach out to isa and

2098

01:20:58,550 --> 01:20:56,320

engage with you or

2099

01:21:00,550 --> 01:20:58,560

you can engage with us but we are not

2100

01:21:03,270 --> 01:21:00,560

and i want to emphasize this we're not a

2101  
01:21:04,790 --> 01:21:03,280  
reporting group because in a sense mufon

2102  
01:21:06,790 --> 01:21:04,800  
is a reporting group they deal with

2103  
01:21:08,390 --> 01:21:06,800  
sightings we're not we're

2104  
01:21:10,470 --> 01:21:08,400  
not saying we're any better but we're in

2105  
01:21:13,910 --> 01:21:10,480  
a different area we're saying we're on

2106  
01:21:16,149 --> 01:21:13,920  
to a global almost political trying to

2107  
01:21:18,950 --> 01:21:16,159  
bring this subject forward we're

2108  
01:21:20,629 --> 01:21:18,960  
certainly not into reporting agency uh

2109  
01:21:22,229 --> 01:21:20,639  
what we would do is say thanks for the

2110  
01:21:24,470 --> 01:21:22,239  
site and we'll put you in touch with us

2111  
01:21:26,709 --> 01:21:24,480  
but we're not reporting agency

2112  
01:21:28,310 --> 01:21:26,719  
there are far there are excellent groups

2113  
01:21:30,070 --> 01:21:28,320

doing very good work so we don't need to

2114

01:21:32,709 --> 01:21:30,080

do that we're doing something that's

2115

01:21:34,149 --> 01:21:32,719

different we're trying to say to reach

2116

01:21:36,550 --> 01:21:34,159

out now

2117

01:21:38,629 --> 01:21:36,560

i i interpret that question in in the

2118

01:21:40,629 --> 01:21:38,639

way that and we haven't talked about it

2119

01:21:43,590 --> 01:21:40,639

one of the things that isis said that we

2120

01:21:45,910 --> 01:21:43,600

do when we were created is to to try to

2121

01:21:47,189 --> 01:21:45,920

prepare the the public through awareness

2122

01:21:49,590 --> 01:21:47,199

courses

2123

01:21:51,750 --> 01:21:49,600

and and what i can say and i'll i'll

2124

01:21:54,149 --> 01:21:51,760

i'll announce it now not specific

2125

01:21:55,350 --> 01:21:54,159

details but we are going to be launching

2126  
01:21:56,709 --> 01:21:55,360  
our first

2127  
01:21:58,470 --> 01:21:56,719  
isa

2128  
01:22:02,070 --> 01:21:58,480  
evidential course

2129  
01:22:05,750 --> 01:22:02,080  
uh for english speaking within weeks

2130  
01:22:08,070 --> 01:22:05,760  
and and people will pay a fee to listen

2131  
01:22:10,310 --> 01:22:08,080  
to a one or two day course of

2132  
01:22:11,830 --> 01:22:10,320  
presentations about early evidential

2133  
01:22:13,350 --> 01:22:11,840  
history because we think that the

2134  
01:22:16,070 --> 01:22:13,360  
awareness course initially has to deal

2135  
01:22:18,070 --> 01:22:16,080  
with history and 95 of the public

2136  
01:22:20,470 --> 01:22:18,080  
because of the secrecy involved around

2137  
01:22:22,070 --> 01:22:20,480  
the world don't have a clue so first of

2138  
01:22:23,830 --> 01:22:22,080

all you need to deal with a bit of early

2139

01:22:26,550 --> 01:22:23,840

evidential history that says well this

2140

01:22:28,310 --> 01:22:26,560

is the story so far and then you can do

2141

01:22:30,310 --> 01:22:28,320

different courses and other courses are

2142

01:22:31,990 --> 01:22:30,320

in the pipeline but we want to start off

2143

01:22:33,990 --> 01:22:32,000

with an early evidential course so that

2144

01:22:36,550 --> 01:22:34,000

is going to come out soon that's for the

2145

01:22:39,590 --> 01:22:36,560

public now they will pay a fee but it's

2146

01:22:42,390 --> 01:22:39,600

not to pay me is to give donations to

2147

01:22:44,229 --> 01:22:42,400

isis so they can do things so we can use

2148

01:22:45,510 --> 01:22:44,239

that money we're not for profit none of

2149

01:22:47,030 --> 01:22:45,520

us are going to take any salary and

2150

01:22:49,030 --> 01:22:47,040

nothing out of this we're not interested

2151  
01:22:51,350 --> 01:22:49,040  
in money we just want to make a

2152  
01:22:53,590 --> 01:22:51,360  
difference but it will be donation-led

2153  
01:22:56,070 --> 01:22:53,600  
and like i say whether it be corporate

2154  
01:22:58,229 --> 01:22:56,080  
or from courses but we said that we

2155  
01:23:00,070 --> 01:22:58,239  
would do awareness courses and our first

2156  
01:23:03,510 --> 01:23:00,080  
awareness course is going to be listed

2157  
01:23:05,350 --> 01:23:03,520  
soon so people can apply for that uh and

2158  
01:23:07,990 --> 01:23:05,360  
and then i think there'll be a spanish

2159  
01:23:10,470 --> 01:23:08,000  
version of that as well so you know

2160  
01:23:11,990 --> 01:23:10,480  
there's lots of things coming on stream

2161  
01:23:13,830 --> 01:23:12,000  
it just takes time

2162  
01:23:16,229 --> 01:23:13,840  
so eve has followed up saying that's not

2163  
01:23:17,830 --> 01:23:16,239

the question what she means is if

2164

01:23:19,910 --> 01:23:17,840

you are trying to speak for the people

2165

01:23:21,590 --> 01:23:19,920

the people ought to be involved but what

2166

01:23:23,590 --> 01:23:21,600

i get from that is that

2167

01:23:25,350 --> 01:23:23,600

all of you are representatives of

2168

01:23:28,470 --> 01:23:25,360

countries who are speaking for the

2169

01:23:30,310 --> 01:23:28,480

people am i right in saying that

2170

01:23:32,070 --> 01:23:30,320

i guess it's how you and i guess it's

2171

01:23:34,310 --> 01:23:32,080

how you interpret that question i mean

2172

01:23:35,110 --> 01:23:34,320

it's a really loaded difficult question

2173

01:23:37,350 --> 01:23:35,120

i mean

2174

01:23:38,390 --> 01:23:37,360

uh the thing is

2175

01:23:40,310 --> 01:23:38,400

i guess

2176

01:23:42,310 --> 01:23:40,320

all researchers have come into this

2177

01:23:44,149 --> 01:23:42,320

subject because they feel a passion for

2178

01:23:46,629 --> 01:23:44,159

it and want to do something to try to

2179

01:23:48,709 --> 01:23:46,639

make a difference now if the people want

2180

01:23:51,270 --> 01:23:48,719

to reach out then they have to do that

2181

01:23:52,790 --> 01:23:51,280

themselves either by joining groups or

2182

01:23:53,910 --> 01:23:52,800

getting involved in the debate

2183

01:23:56,709 --> 01:23:53,920

themselves

2184

01:23:58,550 --> 01:23:56,719

they we can't speak for every person in

2185

01:24:00,790 --> 01:23:58,560

in your hometown say

2186

01:24:03,270 --> 01:24:00,800

it's just impossible so people have got

2187

01:24:05,189 --> 01:24:03,280

to become more active themselves and

2188

01:24:07,270 --> 01:24:05,199

unfortunately we live now in a social

2189

01:24:08,950 --> 01:24:07,280

media world where they can be the

2190

01:24:12,390 --> 01:24:08,960

armchair experts and they don't have to

2191

01:24:14,390 --> 01:24:12,400

go anywhere and that's the big downside

2192

01:24:17,189 --> 01:24:14,400

if i could just add to that gary and i

2193

01:24:18,790 --> 01:24:17,199

understand eve's uh ev's question uh

2194

01:24:20,390 --> 01:24:18,800

because there is a need among the

2195

01:24:21,750 --> 01:24:20,400

general public to want to become

2196

01:24:24,070 --> 01:24:21,760

involved in this

2197

01:24:26,149 --> 01:24:24,080

because of the uh i guess the pressing

2198

01:24:29,030 --> 01:24:26,159

importance of the issue first of all

2199

01:24:30,310 --> 01:24:29,040

and the the recognition that icer is an

2200

01:24:32,070 --> 01:24:30,320

independent group that's moving in a

2201

01:24:33,990 --> 01:24:32,080

certain direction with regard to

2202

01:24:36,070 --> 01:24:34,000

preparing for contact

2203

01:24:38,390 --> 01:24:36,080

what i would suggest to eve is that if

2204

01:24:40,070 --> 01:24:38,400

you wish to become involved in the whole

2205

01:24:42,790 --> 01:24:40,080

process not just with icer but in the

2206

01:24:44,470 --> 01:24:42,800

whole process there are many many

2207

01:24:47,270 --> 01:24:44,480

different ways that you can do it and

2208

01:24:49,750 --> 01:24:47,280

the number one way and i i i keep on

2209

01:24:52,149 --> 01:24:49,760

emphasizing this uh on my on my website

2210

01:24:54,950 --> 01:24:52,159

the zlan communications news network

2211

01:24:57,910 --> 01:24:54,960

that the best way to engage this issue

2212

01:25:00,709 --> 01:24:57,920

is to contact your local junior

2213

01:25:02,550 --> 01:25:00,719

journalists your news outlet agencies it

2214

01:25:04,149 --> 01:25:02,560

doesn't matter if it's nbc or you're a

2215

01:25:06,629 --> 01:25:04,159

local newspaper

2216

01:25:08,470 --> 01:25:06,639

the mainstream media needs to pick up

2217

01:25:10,470 --> 01:25:08,480

this information and the only way

2218

01:25:13,030 --> 01:25:10,480

they'll pick up this information

2219

01:25:14,950 --> 01:25:13,040

is by having people

2220

01:25:17,030 --> 01:25:14,960

write to them write to journalists to

2221

01:25:19,189 --> 01:25:17,040

say this is an important issue that you

2222

01:25:25,430 --> 01:25:19,199

should be covering there's lots of stuff

2223

01:25:30,870 --> 01:25:27,990

particular issue the mainstream media is

2224

01:25:33,430 --> 01:25:30,880

virtually silent on the issue so if

2225

01:25:35,590 --> 01:25:33,440

you want to contribute to to uh to

2226

01:25:38,149 --> 01:25:35,600

moving this stuff forward i think going

2227

01:25:40,470 --> 01:25:38,159

to journalists and going to your local

2228

01:25:42,790 --> 01:25:40,480

television station your radio stations

2229

01:25:44,790 --> 01:25:42,800

and and the mainstream media through all

2230

01:25:47,510 --> 01:25:44,800

the social media that's available to you

2231

01:25:48,709 --> 01:25:47,520

and get them on board with reporting on

2232

01:25:50,229 --> 01:25:48,719

this issue

2233

01:25:52,709 --> 01:25:50,239

talk to them about the us senate

2234

01:25:55,590 --> 01:25:52,719

initiatives talk to them

2235

01:25:57,750 --> 01:25:55,600

about the work of dr john mack of of

2236

01:25:59,350 --> 01:25:57,760

ralph blumenthal of leslie kane and

2237

01:26:01,350 --> 01:25:59,360

these are good journalists that are

2238

01:26:04,149 --> 01:26:01,360

deeply involved in this and if we can

2239

01:26:06,790 --> 01:26:04,159

move journalism forward more i think

2240

01:26:08,709 --> 01:26:06,800

it'll make the job of icer a lot easier

2241

01:26:10,790 --> 01:26:08,719

so that mainstream media becomes part of

2242

01:26:13,510 --> 01:26:10,800

the process then then they become

2243

01:26:15,990 --> 01:26:13,520

resistors of the process

2244

01:26:17,830 --> 01:26:16,000

very well said very well said now what

2245

01:26:19,830 --> 01:26:17,840

i'd like to do bef you know we're an

2246

01:26:21,830 --> 01:26:19,840

hour and a half in i'd like to just talk

2247

01:26:24,149 --> 01:26:21,840

to each one of you individually about

2248

01:26:25,990 --> 01:26:24,159

the country that you're in and how the

2249

01:26:27,189 --> 01:26:26,000

topic is being discussed whether it be

2250

01:26:29,750 --> 01:26:27,199

publicly

2251  
01:26:31,669 --> 01:26:29,760  
in the media and in the government and

2252  
01:26:35,590 --> 01:26:31,679  
i'd like to start with giorgio so

2253  
01:26:37,750 --> 01:26:35,600  
giorgio are you able to um

2254  
01:26:39,830 --> 01:26:37,760  
just tell us how it's going in in peru

2255  
01:26:41,510 --> 01:26:39,840  
at the moment with regards to the public

2256  
01:26:43,910 --> 01:26:41,520  
the government and

2257  
01:26:45,030 --> 01:26:43,920  
and in general um i'm trying to unmute

2258  
01:26:51,590 --> 01:26:45,040  
you

2259  
01:26:53,270 --> 01:26:51,600  
go okay i think that i am a mute now i'm

2260  
01:26:56,950 --> 01:26:53,280  
muted now

2261  
01:26:59,110 --> 01:26:56,960  
uh okay well in peru

2262  
01:27:01,030 --> 01:26:59,120  
it's it's different because

2263  
01:27:04,629 --> 01:27:01,040

in a way for example

2264

01:27:06,629 --> 01:27:04,639

uh when we had this uh

2265

01:27:09,430 --> 01:27:06,639

official research office in peru with

2266

01:27:11,750 --> 01:27:09,440

the air force uh it's still uh it's

2267

01:27:14,550 --> 01:27:11,760

still um supposed to be open but right

2268

01:27:17,430 --> 01:27:14,560

now for cove it is partially closed but

2269

01:27:19,590 --> 01:27:17,440

anyhow when it was operating

2270

01:27:22,950 --> 01:27:19,600

the media might go and interview a

2271

01:27:25,430 --> 01:27:22,960

general or a colonel and they would just

2272

01:27:26,709 --> 01:27:25,440

say oh you know we are not alone in the

2273

01:27:29,910 --> 01:27:26,719

universe

2274

01:27:31,910 --> 01:27:29,920

just casually you know it's a different

2275

01:27:34,950 --> 01:27:31,920

different way of approaching less

2276

01:27:36,149 --> 01:27:34,960

secretive in a way

2277

01:27:37,990 --> 01:27:36,159

um

2278

01:27:40,790 --> 01:27:38,000

people tend to

2279

01:27:42,950 --> 01:27:40,800

that participate in the in let's say

2280

01:27:45,189 --> 01:27:42,960

contact experiences they join groups but

2281

01:27:47,110 --> 01:27:45,199

they are less intellectual

2282

01:27:48,629 --> 01:27:47,120

but then again i think that this is an

2283

01:27:51,030 --> 01:27:48,639

asset

2284

01:27:52,310 --> 01:27:51,040

because through feelings through

2285

01:27:53,510 --> 01:27:52,320

sentiment

2286

01:27:54,790 --> 01:27:53,520

they may

2287

01:27:56,229 --> 01:27:54,800

relate

2288

01:27:58,709 --> 01:27:56,239

with uh

2289

01:28:01,350 --> 01:27:58,719

the energies the minds the consciousness

2290

01:28:03,270 --> 01:28:01,360

of these beings if they were to try to

2291

01:28:05,270 --> 01:28:03,280

relate conceptually

2292

01:28:08,470 --> 01:28:05,280

they would not get it it would be very

2293

01:28:11,030 --> 01:28:08,480

difficult so so it's a it's it's a

2294

01:28:14,950 --> 01:28:11,040

different way of relating

2295

01:28:17,590 --> 01:28:14,960

um of the people are involved in this

2296

01:28:19,510 --> 01:28:17,600

it's a more participatory

2297

01:28:22,950 --> 01:28:19,520

in general

2298

01:28:26,950 --> 01:28:22,960

of course within the air force we had

2299

01:28:30,629 --> 01:28:29,189

but in general the people outside of the

2300

01:28:32,870 --> 01:28:30,639

air force

2301

01:28:35,189 --> 01:28:32,880

take this in in a more nonchalant

2302

01:28:37,910 --> 01:28:35,199

participatory way oh the other way they

2303

01:28:39,990 --> 01:28:37,920

came into my room and

2304

01:28:42,790 --> 01:28:40,000

they seem to be less traumatized by

2305

01:28:44,790 --> 01:28:42,800

these things in general because of the

2306

01:28:47,110 --> 01:28:44,800

shamanic traditions the catholic

2307

01:28:48,149 --> 01:28:47,120

traditions of miracles and events like

2308

01:28:49,510 --> 01:28:48,159

this

2309

01:28:51,750 --> 01:28:49,520

um

2310

01:28:53,830 --> 01:28:51,760

right now in peru

2311

01:28:57,189 --> 01:28:53,840

it's difficult to

2312

01:28:59,910 --> 01:28:57,199

get media attention on ufos because most

2313

01:29:01,830 --> 01:28:59,920

people think that this is interesting or

2314

01:29:03,750 --> 01:29:01,840

important but not urgent

2315

01:29:06,550 --> 01:29:03,760

and we are in the middle of a political

2316

01:29:11,350 --> 01:29:08,310

the military

2317

01:29:12,550 --> 01:29:11,360

different branches are trying to survive

2318

01:29:13,510 --> 01:29:12,560

um

2319

01:29:15,110 --> 01:29:13,520

because

2320

01:29:18,310 --> 01:29:15,120

well a left-wing

2321

01:29:20,629 --> 01:29:18,320

executive government was elected and

2322

01:29:23,030 --> 01:29:20,639

there's a lot of controversy

2323

01:29:24,390 --> 01:29:23,040

about what's going on right now people

2324

01:29:25,430 --> 01:29:24,400

are worried

2325

01:29:26,790 --> 01:29:25,440

um

2326

01:29:29,750 --> 01:29:26,800

so

2327

01:29:31,830 --> 01:29:29,760

although when this passes

2328

01:29:35,350 --> 01:29:31,840

they i know that they will be very open

2329

01:29:38,149 --> 01:29:35,360

to listen to a presentation from icer

2330

01:29:40,070 --> 01:29:38,159

in the in the military so i'm preparing

2331

01:29:42,790 --> 01:29:40,080

for that i'm preparing a presentation

2332

01:29:44,629 --> 01:29:42,800

for eiser when uh there is a

2333

01:29:47,189 --> 01:29:44,639

an opportunity

2334

01:29:47,990 --> 01:29:47,199

i think that it will happen

2335

01:29:50,149 --> 01:29:48,000

yeah

2336

01:29:51,110 --> 01:29:50,159

francisco how are things in portugal at

2337

01:29:53,110 --> 01:29:51,120

the moment

2338

01:29:55,030 --> 01:29:53,120

with regards again to the way the

2339

01:29:57,590 --> 01:29:55,040

government's approaching the subject and

2340

01:29:59,189 --> 01:29:57,600

and the just the conversation in public

2341

01:30:03,510 --> 01:29:59,199

generally

2342

01:30:05,189 --> 01:30:03,520

well regarding ufos uaps

2343

01:30:07,590 --> 01:30:05,199

the number of people interested in the

2344

01:30:11,110 --> 01:30:07,600

subject is very low

2345

01:30:15,910 --> 01:30:12,550

but

2346

01:30:18,390 --> 01:30:15,920

portugal is is an interesting case

2347

01:30:20,629 --> 01:30:18,400

because the armed forces have been there

2348

01:30:23,910 --> 01:30:20,639

are good cases involving military men

2349

01:30:25,750 --> 01:30:23,920

especially uh air force pilots of course

2350

01:30:28,470 --> 01:30:25,760

and in the past

2351

01:30:31,189 --> 01:30:28,480

uh the armed forces were involved or

2352

01:30:33,189 --> 01:30:31,199

they they were open to the to to the

2353

01:30:35,590 --> 01:30:33,199

investigation to research done by

2354

01:30:38,390 --> 01:30:35,600

civilians so they

2355

01:30:39,910 --> 01:30:38,400

we have uh two former former chief of

2356

01:30:43,030 --> 01:30:39,920

staff of the air force

2357

01:30:45,990 --> 01:30:43,040

that uh collaborated with research that

2358

01:30:48,470 --> 01:30:46,000

had k they were both involved in cases

2359

01:30:49,590 --> 01:30:48,480

they had sightings and they

2360

01:30:53,110 --> 01:30:49,600

um

2361

01:30:55,750 --> 01:30:53,120

wanted to know more and they allowed

2362

01:30:57,990 --> 01:30:55,760

for civilian researchers to

2363

01:30:59,590 --> 01:30:58,000

be in at the air bases interviewing

2364

01:31:01,189 --> 01:30:59,600

pilots so

2365

01:31:04,310 --> 01:31:01,199

and we have access to all those

2366

01:31:07,990 --> 01:31:04,320

documents so there's a tradition

2367

01:31:11,590 --> 01:31:08,000

in portugal of openness of at least some

2368

01:31:14,229 --> 01:31:11,600

interests not in the sense of um

2369

01:31:16,629 --> 01:31:14,239

the the the subject being the the

2370

01:31:17,590 --> 01:31:16,639

phenomena of being interpreted as a as a

2371

01:31:20,070 --> 01:31:17,600

threat

2372

01:31:22,310 --> 01:31:20,080

but as a curiosity what is this we need

2373

01:31:23,910 --> 01:31:22,320

to know more um

2374

01:31:25,270 --> 01:31:23,920

and in the past

2375

01:31:26,950 --> 01:31:25,280

uh

2376

01:31:29,750 --> 01:31:26,960

there there was

2377

01:31:32,229 --> 01:31:29,760

the involvement not only from the armed

2378

01:31:34,229 --> 01:31:32,239

forces but also with the

2379

01:31:36,870 --> 01:31:34,239

ministry of internal affairs

2380

01:31:37,590 --> 01:31:36,880

uh and the ministry of defense allowing

2381

01:31:40,550 --> 01:31:37,600

for

2382

01:31:45,590 --> 01:31:40,560

the the release or the um the the

2383

01:31:49,590 --> 01:31:45,600

distribution of inquiries or um

2384

01:31:51,510 --> 01:31:49,600

set inquiries among uh for all the uh

2385

01:31:54,390 --> 01:31:51,520

the police station and national guard

2386

01:31:56,310 --> 01:31:54,400

stations across portugal so this is

2387

01:31:58,229 --> 01:31:56,320

prior to the internet of course that

2388

01:32:00,229 --> 01:31:58,239

anyone from the public that may have had

2389

01:32:02,629 --> 01:32:00,239

the sighting could go to there to the

2390

01:32:04,629 --> 01:32:02,639

the police station

2391

01:32:05,830 --> 01:32:04,639

field the inquiry and then it would be

2392

01:32:07,510 --> 01:32:05,840

sent to the

2393

01:32:08,629 --> 01:32:07,520

to the administration of internal

2394

01:32:11,350 --> 01:32:08,639

affairs and then to the to the

2395

01:32:13,110 --> 01:32:11,360

university so there were always some

2396

01:32:16,070 --> 01:32:13,120

kind of openness

2397

01:32:17,669 --> 01:32:16,080

right now in current days uh things are

2398

01:32:20,550 --> 01:32:17,679

a little bit different

2399

01:32:23,510 --> 01:32:20,560

in the sense that the uh the

2400

01:32:25,510 --> 01:32:23,520

those former military men have died

2401  
01:32:27,270 --> 01:32:25,520  
new um

2402  
01:32:29,990 --> 01:32:27,280  
there's a new leadership

2403  
01:32:30,790 --> 01:32:30,000  
uh and now it's more

2404  
01:32:32,229 --> 01:32:30,800  
uh

2405  
01:32:33,990 --> 01:32:32,239  
controlled

2406  
01:32:36,149 --> 01:32:34,000  
by uh by

2407  
01:32:38,629 --> 01:32:36,159  
by by politics

2408  
01:32:40,950 --> 01:32:38,639  
and so uh in terms of government

2409  
01:32:44,870 --> 01:32:40,960  
interest in the subject

2410  
01:32:46,229 --> 01:32:44,880  
there's none i believe there's also

2411  
01:32:51,750 --> 01:32:46,239  
full ignorance

2412  
01:32:54,149 --> 01:32:51,760  
but there are still

2413  
01:32:56,950 --> 01:32:54,159

active military men interested in the

2414

01:32:58,550 --> 01:32:56,960

subject so there's some kind of

2415

01:33:00,709 --> 01:32:58,560

communication

2416

01:33:03,110 --> 01:33:00,719

going on in that sense

2417

01:33:05,030 --> 01:33:03,120

excellent thank you um same question

2418

01:33:06,149 --> 01:33:05,040

over to you victor let's let's discuss

2419

01:33:09,430 --> 01:33:06,159

canada

2420

01:33:14,229 --> 01:33:09,440

moment i'm just gonna go and check on my

2421

01:33:18,629 --> 01:33:16,790

sure yeah is she there

2422

01:33:20,149 --> 01:33:18,639

she's just calling me she's in bed she's

2423

01:33:21,990 --> 01:33:20,159

only four i'll be back in one sec but

2424

01:33:23,110 --> 01:33:22,000

i'll still be listening please go ahead

2425

01:33:24,709 --> 01:33:23,120

victor

2426

01:33:27,830 --> 01:33:24,719

okay thank you thank you

2427

01:33:29,910 --> 01:33:27,840

um yeah with respect to canada um

2428

01:33:33,110 --> 01:33:29,920

i i can make four or five different

2429

01:33:34,870 --> 01:33:33,120

points um the first one uh the the news

2430

01:33:37,270 --> 01:33:34,880

agency vice i'm sure most of you are

2431

01:33:39,030 --> 01:33:37,280

familiar with uh with news agency vice

2432

01:33:41,430 --> 01:33:39,040

i've had communication with a canadian

2433

01:33:44,550 --> 01:33:41,440

journalist his name is daniel otis and

2434

01:33:47,350 --> 01:33:44,560

he has made some very serious um

2435

01:33:50,070 --> 01:33:47,360

inquiries to our access to information

2436

01:33:52,790 --> 01:33:50,080

act which is the same as a foia request

2437

01:33:55,510 --> 01:33:52,800

and he has made some very um intrusive

2438

01:33:59,430 --> 01:33:55,520

requests of the government uh the the

2439

01:34:02,470 --> 01:33:59,440

department of defense regarding ufo uap

2440

01:34:04,870 --> 01:34:02,480

sightings reports and documents and this

2441

01:34:07,830 --> 01:34:04,880

is the first inclination or indication

2442

01:34:10,229 --> 01:34:07,840

to me that uh someone with a major

2443

01:34:12,070 --> 01:34:10,239

background in in a news agency uh

2444

01:34:14,709 --> 01:34:12,080

meaning vice which is an international

2445

01:34:17,189 --> 01:34:14,719

group has made some inquiries within the

2446

01:34:18,470 --> 01:34:17,199

canadian kind

2447

01:34:20,390 --> 01:34:18,480

attacks so that's

2448

01:34:22,470 --> 01:34:20,400

very strong i'm trying to support daniel

2449

01:34:23,910 --> 01:34:22,480

as much as i can with respect to what's

2450

01:34:24,950 --> 01:34:23,920

going on here in

2451  
01:34:27,189 --> 01:34:24,960  
canada

2452  
01:34:29,990 --> 01:34:27,199  
and that leads me into the whole idea of

2453  
01:34:31,510 --> 01:34:30,000  
the norad situation here in canada i'm

2454  
01:34:33,750 --> 01:34:31,520  
sure you all know that norad is a

2455  
01:34:35,830 --> 01:34:33,760  
co-terminus organization between canada

2456  
01:34:38,390 --> 01:34:35,840  
and the united states to oversee

2457  
01:34:42,470 --> 01:34:38,400  
the airspace over both countries and we

2458  
01:34:45,350 --> 01:34:42,480  
have information that in 2001 three

2459  
01:34:47,910 --> 01:34:45,360  
ufos were tracked by norad and and they

2460  
01:34:50,390 --> 01:34:47,920  
had just chased them and eventually

2461  
01:34:53,430 --> 01:34:50,400  
these jets chased them and rose to 35

2462  
01:34:56,149 --> 01:34:53,440  
000 feet and the pilot recorded contact

2463  
01:34:58,790 --> 01:34:56,159

made with these with these um with these

2464

01:35:00,229 --> 01:34:58,800

three ufos and we're still pursuing

2465

01:35:02,550 --> 01:35:00,239

information about that whether or not

2466

01:35:05,750 --> 01:35:02,560

there's gun camera information regarding

2467

01:35:08,950 --> 01:35:05,760

that that's sort of my um

2468

01:35:10,550 --> 01:35:08,960

wedge into uh the the military aspect of

2469

01:35:13,270 --> 01:35:10,560

this so we're pursuing that with with

2470

01:35:15,990 --> 01:35:13,280

the with a lot of with a lot of vigor

2471

01:35:19,030 --> 01:35:16,000

the other thing is mufon mufon canada

2472

01:35:21,350 --> 01:35:19,040

has up until last year had the um the

2473

01:35:23,750 --> 01:35:21,360

alien cosmic expo here in toronto which

2474

01:35:25,590 --> 01:35:23,760

has garnered well over 500 attendees

2475

01:35:27,030 --> 01:35:25,600

over the past four years

2476

01:35:28,629 --> 01:35:27,040

and because of the pandemic we've just

2477

01:35:35,270 --> 01:35:28,639

not been able to do that so that's

2478

01:35:40,070 --> 01:35:37,830

some online conference or something like

2479

01:35:42,390 --> 01:35:40,080

that but

2480

01:35:44,950 --> 01:35:42,400

at the ace conference alien cosmic expo

2481

01:35:47,270 --> 01:35:44,960

we hope to uh to revive it very very

2482

01:35:51,109 --> 01:35:47,280

soon and the other thing is that um i've

2483

01:35:53,350 --> 01:35:51,119

been contacted by ctv news which ctv is

2484

01:35:55,510 --> 01:35:53,360

the number one

2485

01:35:58,310 --> 01:35:55,520

network across canada and they had some

2486

01:35:59,990 --> 01:35:58,320

real concerns about the june 25th

2487

01:36:01,910 --> 01:36:00,000

director of national intelligence report

2488

01:36:03,669 --> 01:36:01,920

and they interviewed me for about 20

2489

01:36:05,189 --> 01:36:03,679

minutes with respect to that report so i

2490

01:36:05,990 --> 01:36:05,199

can see that there is an interest in

2491

01:36:07,830 --> 01:36:06,000

that

2492

01:36:08,790 --> 01:36:07,840

but they have sort of been laying a bit

2493

01:36:10,149 --> 01:36:08,800

low

2494

01:36:12,070 --> 01:36:10,159

they're waiting for something big to

2495

01:36:14,550 --> 01:36:12,080

happen and i'm hoping that once

2496

01:36:16,229 --> 01:36:14,560

something quote-unquote big does happen

2497

01:36:17,750 --> 01:36:16,239

that i can take the forefront with

2498

01:36:19,990 --> 01:36:17,760

respect to the national news and these

2499

01:36:22,229 --> 01:36:20,000

are this is a national news agency so

2500

01:36:24,629 --> 01:36:22,239

i'm hoping that once something

2501

01:36:26,550 --> 01:36:24,639

very significant does happen that i

2502

01:36:28,629 --> 01:36:26,560

would be contacted and this could become

2503

01:36:30,790 --> 01:36:28,639

part of a mainstream media initiative

2504

01:36:33,109 --> 01:36:30,800

here in canada uh i i'm not getting my

2505

01:36:35,350 --> 01:36:33,119

hopes up but it's a it's just a foot in

2506

01:36:37,430 --> 01:36:35,360

the door and anytime you get contact

2507

01:36:39,189 --> 01:36:37,440

with a major news organization here in

2508

01:36:41,430 --> 01:36:39,199

canada like that you have to take every

2509

01:36:43,189 --> 01:36:41,440

advantage of it and and the final thing

2510

01:36:45,830 --> 01:36:43,199

as you you all probably know the the

2511

01:36:49,030 --> 01:36:45,840

honorable paul hellyer passed away last

2512

01:36:51,590 --> 01:36:49,040

august and um paul and i were very very

2513

01:36:52,990 --> 01:36:51,600

close friends and colleagues and i was

2514

01:36:54,550 --> 01:36:53,000

responsible for bringing him forward in

2515

01:36:57,430 --> 01:36:54,560

2005

2516

01:36:59,430 --> 01:36:57,440

and uh over the years since then he and

2517

01:37:01,750 --> 01:36:59,440

i have been in close contact with every

2518

01:37:02,950 --> 01:37:01,760

you know we talked almost weekly about

2519

01:37:05,510 --> 01:37:02,960

different things

2520

01:37:06,550 --> 01:37:05,520

and um i have just been in contact with

2521

01:37:09,030 --> 01:37:06,560

his wife

2522

01:37:12,070 --> 01:37:09,040

and um i have uh i've been able to

2523

01:37:15,030 --> 01:37:12,080

obtain all of paul hellyer's files

2524

01:37:17,270 --> 01:37:15,040

uh from his from his cu from his um

2525

01:37:19,990 --> 01:37:17,280

his condominium here in toronto

2526

01:37:22,550 --> 01:37:20,000

i went there uh two weeks ago and loaded

2527

01:37:24,390 --> 01:37:22,560

up the car with boxes of stuff

2528

01:37:26,310 --> 01:37:24,400

and they're all

2529

01:37:29,030 --> 01:37:26,320

in my in my office here now taking up

2530

01:37:30,709 --> 01:37:29,040

much more room than i than i have but uh

2531

01:37:32,470 --> 01:37:30,719

i have a big job ahead of me and going

2532

01:37:34,310 --> 01:37:32,480

through these files i opened up one file

2533

01:37:36,390 --> 01:37:34,320

the other day and it was just sort of i

2534

01:37:37,750 --> 01:37:36,400

had to put it down i couldn't go any

2535

01:37:40,149 --> 01:37:37,760

further because i just didn't have the

2536

01:37:42,070 --> 01:37:40,159

time so over the next little while i'm

2537

01:37:44,149 --> 01:37:42,080

going to be able to try to have some

2538

01:37:47,270 --> 01:37:44,159

time to go through these files and then

2539

01:37:49,910 --> 01:37:47,280

on that count also too sandra

2540

01:37:51,990 --> 01:37:49,920

paul's wife has invited me back to to to

2541

01:37:53,830 --> 01:37:52,000

his home to go through his computer

2542

01:37:55,750 --> 01:37:53,840

files which may in fact have even more

2543

01:37:58,149 --> 01:37:55,760

information on it so there's a lot of

2544

01:37:59,590 --> 01:37:58,159

stuff happening and i think that paul's

2545

01:38:01,189 --> 01:37:59,600

information and the way he brought this

2546

01:38:05,189 --> 01:38:01,199

thing forward internationally and with

2547

01:38:06,629 --> 01:38:05,199

respect to the canadian uh theater

2548

01:38:08,629 --> 01:38:06,639

their

2549

01:38:10,629 --> 01:38:08,639

future so these are all sort of things

2550

01:38:12,070 --> 01:38:10,639

that um that are happening in canada

2551

01:38:13,590 --> 01:38:12,080

that have a lot of potential to bring

2552

01:38:16,070 --> 01:38:13,600

this stuff forward in a way that might

2553

01:38:17,910 --> 01:38:16,080

not be happening in other countries ah

2554

01:38:20,390 --> 01:38:17,920

fantastic yeah rest in peace uh the

2555

01:38:22,870 --> 01:38:20,400

honourable paul hellier and also i will

2556

01:38:25,189 --> 01:38:22,880

second the the the discussion you said

2557

01:38:27,669 --> 01:38:25,199

there about uh daniel otis he's doing

2558

01:38:30,950 --> 01:38:27,679

fantastic work fantastic coverage of the

2559

01:38:34,070 --> 01:38:30,960

subject on vice yeah um let's bring this

2560

01:38:35,830 --> 01:38:34,080

conversation to gary and dave the uk now

2561

01:38:38,629 --> 01:38:35,840

i want to start this off by saying you

2562

01:38:40,870 --> 01:38:38,639

know the in the summer we saw uh the

2563

01:38:42,229 --> 01:38:40,880

house of lords discussing the subjects

2564

01:38:44,790 --> 01:38:42,239

completely

2565

01:38:46,629 --> 01:38:44,800

shutting down the uap conversation now

2566

01:38:48,629 --> 01:38:46,639

in the past we've had documents released

2567

01:38:51,990 --> 01:38:48,639

we've had conversations we know they've

2568

01:38:54,709 --> 01:38:52,000

been studying it di55 things like that

2569

01:38:57,350 --> 01:38:54,719

why now is it just nothing

2570

01:38:58,550 --> 01:38:57,360

what's going on it's gone backwards

2571

01:39:01,910 --> 01:38:58,560

yeah

2572

01:39:03,910 --> 01:39:01,920

interested in it but probably on more

2573

01:39:06,870 --> 01:39:03,920

behind the scenes since they officially

2574

01:39:08,950 --> 01:39:06,880

shut down the uh the mod ufo desk

2575

01:39:10,629 --> 01:39:08,960

uh a lot of people in the public are

2576

01:39:12,550 --> 01:39:10,639

probably wondering you know who can we

2577

01:39:14,310 --> 01:39:12,560

report these cases to

2578

01:39:17,030 --> 01:39:14,320

there's no kind of official body for

2579

01:39:19,350 --> 01:39:17,040

that anymore uh there's still i would

2580

01:39:20,870 --> 01:39:19,360

say on the on the public side there's

2581

01:39:22,470 --> 01:39:20,880

still a rather sort of skeptical

2582

01:39:23,590 --> 01:39:22,480

approach i mean the the british public

2583

01:39:25,750 --> 01:39:23,600

has always been quite sort of

2584

01:39:28,790 --> 01:39:25,760

skeptically minded i would say on on

2585

01:39:30,870 --> 01:39:28,800

fringe subjects in general and um

2586

01:39:34,149 --> 01:39:30,880

but uh hopefully that will change

2587

01:39:36,310 --> 01:39:34,159

especially over more recent years now

2588

01:39:37,830 --> 01:39:36,320

we haven't seen as much coverage on

2589

01:39:40,229 --> 01:39:37,840

what's going on in the states as we

2590

01:39:42,470 --> 01:39:40,239

would like to see in the newspapers

2591

01:39:44,390 --> 01:39:42,480

there has been some articles come out

2592

01:39:46,629 --> 01:39:44,400

but not as much as this should have been

2593

01:39:48,310 --> 01:39:46,639

given the significance of the

2594

01:39:50,709 --> 01:39:48,320

announcements or what so what's taking

2595

01:39:53,830 --> 01:39:50,719

place and when they've been asked to

2596

01:39:55,590 --> 01:39:53,840

comment on whether any any uh similar

2597

01:39:57,430 --> 01:39:55,600

things are going to go go on with the uh

2598

01:39:59,830 --> 01:39:57,440

with the united kingdom uh government

2599

01:40:02,149 --> 01:39:59,840

and mid uh they've kind of pushed back

2600

01:40:03,350 --> 01:40:02,159

on that and and not really given any any

2601  
01:40:07,350 --> 01:40:03,360  
big statements i don't know if you'd

2602  
01:40:10,950 --> 01:40:09,910  
yeah i mean the the i would

2603  
01:40:13,109 --> 01:40:10,960  
want

2604  
01:40:15,189 --> 01:40:13,119  
anybody that knows me that knows that i

2605  
01:40:16,149 --> 01:40:15,199  
was willing to give the media mainstream

2606  
01:40:18,070 --> 01:40:16,159  
media

2607  
01:40:20,390 --> 01:40:18,080  
the benefit of doubt but that they've

2608  
01:40:22,790 --> 01:40:20,400  
looked they're losing credibility by not

2609  
01:40:25,270 --> 01:40:22,800  
covering it in the united kingdom

2610  
01:40:27,270 --> 01:40:25,280  
the amount of coverage and legislation

2611  
01:40:29,750 --> 01:40:27,280  
important legislation it's unprecedented

2612  
01:40:32,070 --> 01:40:29,760  
what's going on and like i say if the

2613  
01:40:33,430 --> 01:40:32,080

gillibrand amendment is passed and they

2614

01:40:34,629 --> 01:40:33,440

think it will be done before the new

2615

01:40:36,870 --> 01:40:34,639

year

2616

01:40:39,510 --> 01:40:36,880

and that becomes law that then

2617

01:40:41,990 --> 01:40:39,520

forces the government basically to

2618

01:40:43,350 --> 01:40:42,000

supply and be more transparent

2619

01:40:45,350 --> 01:40:43,360

that will be an absolutely

2620

01:40:47,030 --> 01:40:45,360

groundbreaking moment that there's no

2621

01:40:49,109 --> 01:40:47,040

turning back from that and there and

2622

01:40:51,430 --> 01:40:49,119

that amendment also says that they've

2623

01:40:53,669 --> 01:40:51,440

got to prepare on a regular basis at

2624

01:40:57,590 --> 01:40:53,679

least once a year an unclassified

2625

01:41:00,149 --> 01:40:57,600

section now all in all in all that's an

2626

01:41:02,229 --> 01:41:00,159

incredibly uh

2627

01:41:04,709 --> 01:41:02,239

powerful moment in the history of this

2628

01:41:06,550 --> 01:41:04,719

subject and yet if it's not reported by

2629

01:41:09,510 --> 01:41:06,560

the mainstream how are anybody going to

2630

01:41:12,229 --> 01:41:09,520

know about it now i think that the the

2631

01:41:14,310 --> 01:41:12,239

mainstream media in the uk are going to

2632

01:41:15,910 --> 01:41:14,320

have to start reporting on it because if

2633

01:41:17,990 --> 01:41:15,920

they don't they're going to get left

2634

01:41:20,310 --> 01:41:18,000

behind at some point all countries that

2635

01:41:21,990 --> 01:41:20,320

don't report on this eventually when you

2636

01:41:25,750 --> 01:41:22,000

move to that paradigm

2637

01:41:27,990 --> 01:41:25,760

shift which is coming the the i i can't

2638

01:41:30,229 --> 01:41:28,000

see now if we get the gillibrand

2639

01:41:33,109 --> 01:41:30,239

amendment through

2640

01:41:36,470 --> 01:41:33,119

that then forces legislative procedure

2641

01:41:38,390 --> 01:41:36,480

more transparency if that happens then

2642

01:41:39,990 --> 01:41:38,400

that's a watershed moment where really

2643

01:41:41,669 --> 01:41:40,000

they can't go back

2644

01:41:43,990 --> 01:41:41,679

and the genies out the bottle you can't

2645

01:41:45,590 --> 01:41:44,000

put the genie back into the bottle so

2646

01:41:47,990 --> 01:41:45,600

sooner or later

2647

01:41:50,950 --> 01:41:48,000

there has got to be some mainstream

2648

01:41:52,790 --> 01:41:50,960

coverage by all countries now uk has

2649

01:41:54,149 --> 01:41:52,800

always followed america's lead

2650

01:41:56,390 --> 01:41:54,159

traditionally

2651  
01:41:57,590 --> 01:41:56,400  
on pretty much anything so we have

2652  
01:41:59,830 --> 01:41:57,600  
followed that

2653  
01:42:01,750 --> 01:41:59,840  
and and the fact that they're not

2654  
01:42:04,070 --> 01:42:01,760  
following it this time just strikes me

2655  
01:42:05,750 --> 01:42:04,080  
as like it was a time warp you could

2656  
01:42:08,149 --> 01:42:05,760  
have list you could have gone back 50

2657  
01:42:10,629 --> 01:42:08,159  
years and listened to that house of

2658  
01:42:12,950 --> 01:42:10,639  
lords debate that was 10 12 minutes and

2659  
01:42:14,950 --> 01:42:12,960  
it was like going back in time 50 years

2660  
01:42:16,470 --> 01:42:14,960  
nothing had changed from the 60s

2661  
01:42:17,990 --> 01:42:16,480  
ridiculous

2662  
01:42:20,229 --> 01:42:18,000  
so they are going to get left behind and

2663  
01:42:21,669 --> 01:42:20,239

what i can say is

2664

01:42:26,149 --> 01:42:21,679

like

2665

01:42:28,310 --> 01:42:26,159

elizondo become friends with him and

2666

01:42:30,870 --> 01:42:28,320

behind the scenes there is some level of

2667

01:42:33,830 --> 01:42:30,880

stuff going on which i can't discuss so

2668

01:42:36,070 --> 01:42:33,840

they are aware it's a political game

2669

01:42:38,229 --> 01:42:36,080

unfortunately we just need to get the

2670

01:42:40,950 --> 01:42:38,239

media to take up the batten and start

2671

01:42:43,430 --> 01:42:40,960

and put pressure on uh because if you if

2672

01:42:45,669 --> 01:42:43,440

you don't report on this and then

2673

01:42:47,990 --> 01:42:45,679

suddenly the us says well actually we've

2674

01:42:49,830 --> 01:42:48,000

ruled out for an adversary it does look

2675

01:42:51,830 --> 01:42:49,840

like it's from elsewhere

2676

01:42:53,270 --> 01:42:51,840

then people are going to go what

2677

01:42:54,229 --> 01:42:53,280

we were led to believe there was nothing

2678

01:42:56,470 --> 01:42:54,239

to this

2679

01:42:58,709 --> 01:42:56,480

so there is a paradigm shift coming

2680

01:43:01,189 --> 01:42:58,719

and i don't think that can stop and it's

2681

01:43:02,709 --> 01:43:01,199

going to be sooner rather than late yeah

2682

01:43:04,550 --> 01:43:02,719

i think it's going to be within a year

2683

01:43:07,270 --> 01:43:04,560

or two to be honest because it all it

2684

01:43:09,590 --> 01:43:07,280

will take is one major incident

2685

01:43:11,510 --> 01:43:09,600

imagine if you had the nimitz incident

2686

01:43:12,870 --> 01:43:11,520

occur tomorrow but it was all

2687

01:43:14,870 --> 01:43:12,880

transparent

2688

01:43:17,109 --> 01:43:14,880

and people would be over it like a rash

2689

01:43:18,950 --> 01:43:17,119

if it was announced that's

2690

01:43:21,590 --> 01:43:18,960

you know once a year you get maybe a

2691

01:43:24,229 --> 01:43:21,600

worldwide great case that

2692

01:43:26,790 --> 01:43:24,239

attaches a lot of relevance i think that

2693

01:43:29,350 --> 01:43:26,800

could happen again we are very close to

2694

01:43:31,270 --> 01:43:29,360

a watershed moment where they're just

2695

01:43:33,669 --> 01:43:31,280

gonna have to come clean the press are

2696

01:43:35,270 --> 01:43:33,679

just beginning to realize that they have

2697

01:43:36,870 --> 01:43:35,280

been deceived

2698

01:43:39,350 --> 01:43:36,880

and i tried to give them the benefit and

2699

01:43:42,310 --> 01:43:39,360

say look you were we'll take it kindly

2700

01:43:43,990 --> 01:43:42,320

and you were you were taken in as well

2701  
01:43:45,830 --> 01:43:44,000  
but now i'm beginning to think that you

2702  
01:43:48,070 --> 01:43:45,840  
you really are culpable

2703  
01:43:49,189 --> 01:43:48,080  
because you are not doing the public's

2704  
01:43:51,510 --> 01:43:49,199  
work

2705  
01:43:53,910 --> 01:43:51,520  
the media the news are supposed to

2706  
01:43:56,550 --> 01:43:53,920  
report to the public they are not doing

2707  
01:43:58,870 --> 01:43:56,560  
so and the only logical explanation is

2708  
01:44:00,950 --> 01:43:58,880  
that there's a cover-up involving many

2709  
01:44:03,830 --> 01:44:00,960  
many agencies at the highest level and

2710  
01:44:06,310 --> 01:44:03,840  
we've kind of known that but in in light

2711  
01:44:08,550 --> 01:44:06,320  
of all the major developments this is

2712  
01:44:10,550 --> 01:44:08,560  
really untenable because the public are

2713  
01:44:12,070 --> 01:44:10,560

going to get to find out sooner or later

2714

01:44:14,070 --> 01:44:12,080

and i think it's going to be sooner that

2715

01:44:15,350 --> 01:44:14,080

this is real a real

2716

01:44:17,189 --> 01:44:15,360

most people aren't even aware that

2717

01:44:18,950 --> 01:44:17,199

they've admitted that they're real as in

2718

01:44:21,990 --> 01:44:18,960

craft flying around most people aren't

2719

01:44:24,550 --> 01:44:22,000

aware of that because of the media

2720

01:44:27,109 --> 01:44:24,560

and unless the media opens up

2721

01:44:28,790 --> 01:44:27,119

countries like you know uh you know

2722

01:44:30,629 --> 01:44:28,800

we've got countries like germany where

2723

01:44:32,870 --> 01:44:30,639

it's not even recognized

2724

01:44:35,910 --> 01:44:32,880

denmark not recognized it's jokey

2725

01:44:39,030 --> 01:44:35,920

subject it shouldn't be because there is

2726

01:44:41,830 --> 01:44:39,040

so much evidence now especially with the

2727

01:44:44,310 --> 01:44:41,840

data coming from modern sensor equipment

2728

01:44:47,270 --> 01:44:44,320

from aircraft from aircraft carriers and

2729

01:44:49,750 --> 01:44:47,280

ships etc the data will prove louis

2730

01:44:51,750 --> 01:44:49,760

elizondo went and took carlson yesterday

2731

01:44:53,750 --> 01:44:51,760

and said i'm happy to have this debate

2732

01:44:56,070 --> 01:44:53,760

about foreign adversary he says because

2733

01:44:58,149 --> 01:44:56,080

all we'll do is examine the data and he

2734

01:45:00,550 --> 01:44:58,159

says if the data says that it's not for

2735

01:45:02,070 --> 01:45:00,560

an adversary you've got your answer

2736

01:45:04,310 --> 01:45:02,080

yeah i think that's going to be the

2737

01:45:06,149 --> 01:45:04,320

tipping point for it is when we get

2738

01:45:08,390 --> 01:45:06,159

official announcements coming out from

2739

01:45:10,550 --> 01:45:08,400

the us coming out from elsewhere saying

2740

01:45:12,790 --> 01:45:10,560

that they've looked at the evidence to a

2741

01:45:14,709 --> 01:45:12,800

detailed level and they don't believe

2742

01:45:16,709 --> 01:45:14,719

that it's foreign tech

2743

01:45:19,189 --> 01:45:16,719

in other words it's from outside they

2744

01:45:21,189 --> 01:45:19,199

may not say alien but

2745

01:45:22,790 --> 01:45:21,199

i don't think they will stay outside no

2746

01:45:24,390 --> 01:45:22,800

probably not but it will it will just be

2747

01:45:27,109 --> 01:45:24,400

the invention

2748

01:45:30,070 --> 01:45:27,119

we have ruled out foreign tech ruled out

2749

01:45:31,430 --> 01:45:30,080

us tech we're in a stress at the moment

2750

01:45:34,070 --> 01:45:31,440

we're going to end up in a one-horse

2751

01:45:37,270 --> 01:45:34,080

race yeah better yeah when you think

2752

01:45:39,430 --> 01:45:37,280

about it gentlemen uh since 2017 since

2753

01:45:41,189 --> 01:45:39,440

the uh um

2754

01:45:43,189 --> 01:45:41,199

the the new york times article that

2755

01:45:45,590 --> 01:45:43,199

ralph blumenthal and leslie kane and

2756

01:45:49,030 --> 01:45:45,600

helena cooper wrote in 2000 that that to

2757

01:45:51,510 --> 01:45:49,040

me uh to put a religious context to it

2758

01:45:55,229 --> 01:45:51,520

everything that happened before 2017 is

2759

01:45:58,070 --> 01:45:55,239

the old testament with respect to uap uh

2760

01:45:59,350 --> 01:45:58,080

2017 december the the twentieth of

2761

01:46:00,709 --> 01:45:59,360

whatever six days

2762

01:46:05,030 --> 01:46:00,719

sixteen

2763

01:46:05,830 --> 01:46:05,040

and if you think about what's happened

2764

01:46:10,709 --> 01:46:05,840

since

2765

01:46:12,629 --> 01:46:10,719

happened in the in the last four to five

2766

01:46:15,189 --> 01:46:12,639

four and a half years that happened in

2767

01:46:17,590 --> 01:46:15,199

the last 50 years with absolutely

2768

01:46:19,270 --> 01:46:17,600

it's it's amazing it's so compressed in

2769

01:46:20,870 --> 01:46:19,280

the way it's been promulgated so what

2770

01:46:23,350 --> 01:46:20,880

i'm going to throw out to you both of

2771

01:46:24,149 --> 01:46:23,360

you gentlemen and everybody if you want

2772

01:46:27,030 --> 01:46:24,159

how

2773

01:46:28,310 --> 01:46:27,040

long do you think it will be uh

2774

01:46:30,310 --> 01:46:28,320

considering the compression of

2775

01:46:32,950 --> 01:46:30,320

information that the senate intelligence

2776

01:46:34,470 --> 01:46:32,960

committee uh you know uh will come

2777

01:46:36,870 --> 01:46:34,480

forward with with a with a press

2778

01:46:39,350 --> 01:46:36,880

conference and and and talk about their

2779

01:46:41,109 --> 01:46:39,360

findings if not release information

2780

01:46:42,870 --> 01:46:41,119

when do you see that happening and if

2781

01:46:44,790 --> 01:46:42,880

you do see it happening

2782

01:46:46,550 --> 01:46:44,800

i see uh

2783

01:46:48,470 --> 01:46:46,560

hearings public hearings in america

2784

01:46:49,990 --> 01:46:48,480

within two years

2785

01:46:51,669 --> 01:46:50,000

not no not hearings that's another

2786

01:46:53,990 --> 01:46:51,679

question when do you think that

2787

01:46:56,070 --> 01:46:54,000

committee will hold the press conference

2788

01:46:57,990 --> 01:46:56,080

just by themselves

2789

01:47:00,550 --> 01:46:58,000

i think within that kind of time frame

2790

01:47:02,550 --> 01:47:00,560

because once they've analyzed the data

2791

01:47:04,629 --> 01:47:02,560

and the data is overwhelming that it's

2792

01:47:07,510 --> 01:47:04,639

not terrestrial then what do they do

2793

01:47:09,590 --> 01:47:07,520

with it and if they're forced to

2794

01:47:11,669 --> 01:47:09,600

reveal that to the public now because of

2795

01:47:13,109 --> 01:47:11,679

the gillibrand amendment going through

2796

01:47:15,109 --> 01:47:13,119

then at some point you're gonna have to

2797

01:47:17,109 --> 01:47:15,119

say well yeah we've looked at the data

2798

01:47:18,629 --> 01:47:17,119

we can't explain it uh you know these

2799

01:47:21,350 --> 01:47:18,639

things are traveling at thirty thousand

2800

01:47:24,390 --> 01:47:21,360

miles and they need they need to prepare

2801  
01:47:26,390 --> 01:47:24,400  
once the public is open no no they need

2802  
01:47:27,830 --> 01:47:26,400  
to prepare for all the questions that

2803  
01:47:29,669 --> 01:47:27,840  
come after

2804  
01:47:31,669 --> 01:47:29,679  
how many are they that's exactly what

2805  
01:47:35,030 --> 01:47:31,679  
we're getting at different origins there

2806  
01:47:37,590 --> 01:47:35,040  
are uh when do they find us

2807  
01:47:38,709 --> 01:47:37,600  
show is the roswell crash yeah yeah what

2808  
01:47:39,830 --> 01:47:38,719  
about

2809  
01:47:40,950 --> 01:47:39,840  
to them

2810  
01:47:42,470 --> 01:47:40,960  
um

2811  
01:47:45,430 --> 01:47:42,480  
i mean it should have been like it's so

2812  
01:47:47,109 --> 01:47:45,440  
complex and so so yeah

2813  
01:47:50,149 --> 01:47:47,119

but the but the frightening thing is

2814

01:47:53,030 --> 01:47:50,159

though that the public are in the dark

2815

01:47:55,750 --> 01:47:53,040

the news media have kept them in the

2816

01:47:57,750 --> 01:47:55,760

dark because they've been led by

2817

01:47:58,709 --> 01:47:57,760

governments particularly the american

2818

01:48:01,669 --> 01:47:58,719

government

2819

01:48:03,270 --> 01:48:01,679

that have created this era of 70 years

2820

01:48:05,350 --> 01:48:03,280

of success from their point of keeping

2821

01:48:07,510 --> 01:48:05,360

this subject down but we're on the

2822

01:48:09,510 --> 01:48:07,520

tipping point of where technology is

2823

01:48:11,830 --> 01:48:09,520

just going to say and i i was saying

2824

01:48:13,750 --> 01:48:11,840

this 10 years ago that technology will

2825

01:48:16,149 --> 01:48:13,760

change the dynamics and that's what's

2826  
01:48:17,750 --> 01:48:16,159  
happened and really the the nimitz and

2827  
01:48:19,350 --> 01:48:17,760  
the sensor data and all that and that

2828  
01:48:21,669 --> 01:48:19,360  
all the scientific data that's been

2829  
01:48:23,189 --> 01:48:21,679  
accrued now it's it's you know they

2830  
01:48:26,149 --> 01:48:23,199  
can't run away from that and that's why

2831  
01:48:27,910 --> 01:48:26,159  
people like avi love are coming out from

2832  
01:48:29,590 --> 01:48:27,920  
harvard you would never have got this

2833  
01:48:32,629 --> 01:48:29,600  
five years ago you wouldn't have got

2834  
01:48:34,950 --> 01:48:32,639  
this out four years ago but now it is

2835  
01:48:37,510 --> 01:48:34,960  
still almost excellent

2836  
01:48:39,910 --> 01:48:37,520  
but still available it's looking still

2837  
01:48:41,510 --> 01:48:39,920  
at the cosmos of course he is because

2838  
01:48:43,590 --> 01:48:41,520

he's far away

2839

01:48:45,990 --> 01:48:43,600

absolutely but the fact that he's even

2840

01:48:48,790 --> 01:48:46,000

willing to include it in the galileo

2841

01:48:50,950 --> 01:48:48,800

project i look at one arm of the three

2842

01:48:52,629 --> 01:48:50,960

things is uap

2843

01:48:55,030 --> 01:48:52,639

and when he's been interviewed he said

2844

01:48:56,870 --> 01:48:55,040

well we have to examine our backyard and

2845

01:48:58,790 --> 01:48:56,880

that's the way he's looked at it you

2846

01:49:01,270 --> 01:48:58,800

know how why should we not examine our

2847

01:49:03,910 --> 01:49:01,280

backyard if we've got material here

2848

01:49:06,229 --> 01:49:03,920

i mean we talked about um

2849

01:49:08,310 --> 01:49:06,239

materials earlier their primary focus is

2850

01:49:10,070 --> 01:49:08,320

still causing space

2851

01:49:11,669 --> 01:49:10,080

absolutely yeah but they do have

2852

01:49:13,589 --> 01:49:11,679

interesting comments they've made some

2853

01:49:16,470 --> 01:49:13,599

very interesting comments uh regarding

2854

01:49:18,550 --> 01:49:16,480

the uh u.s announcements uh that lead

2855

01:49:20,870 --> 01:49:18,560

you down the idea that yeah they're

2856

01:49:23,030 --> 01:49:20,880

certainly entertaining the notion

2857

01:49:26,229 --> 01:49:23,040

that yeah

2858

01:49:29,189 --> 01:49:26,239

absolutely uh georgia please

2859

01:49:31,990 --> 01:49:29,199

other countries may easily jump into the

2860

01:49:34,870 --> 01:49:32,000

conversation into the bandwagon don't

2861

01:49:36,709 --> 01:49:34,880

change their inexistent policies to

2862

01:49:38,310 --> 01:49:36,719

become active supporters of the

2863

01:49:41,270 --> 01:49:38,320

conversation

2864

01:49:42,870 --> 01:49:41,280

uh for instance when luis alisondo came

2865

01:49:44,870 --> 01:49:42,880

to peru with

2866

01:49:46,070 --> 01:49:44,880

a unidentified group from history

2867

01:49:49,589 --> 01:49:46,080

channel

2868

01:49:53,350 --> 01:49:49,599

he was very very cordially received by

2869

01:49:55,270 --> 01:49:53,360

the military by the commander general

2870

01:49:58,149 --> 01:49:55,280

and in the conversations because i was

2871

01:50:01,830 --> 01:49:58,159

an interpreter they were willing to work

2872

01:50:02,790 --> 01:50:01,840

together with uh ttsa

2873

01:50:04,390 --> 01:50:02,800

but then

2874

01:50:06,950 --> 01:50:04,400

they changed the

2875

01:50:10,629 --> 01:50:06,960

commander in general was changed for a

2876

01:50:13,750 --> 01:50:10,639

new one and there was no follow-up

2877

01:50:16,149 --> 01:50:13,760

and i met many officers that were

2878

01:50:18,950 --> 01:50:16,159

very willing to share their their their

2879

01:50:19,990 --> 01:50:18,960

encounters with ufos and all this

2880

01:50:21,750 --> 01:50:20,000

and

2881

01:50:23,510 --> 01:50:21,760

they thought most of them thought that

2882

01:50:25,750 --> 01:50:23,520

they were not from the earth not from

2883

01:50:29,189 --> 01:50:25,760

humanity this be this and

2884

01:50:31,750 --> 01:50:29,199

ufos but they were just waiting for the

2885

01:50:33,350 --> 01:50:31,760

moment in which the commander general

2886

01:50:35,910 --> 01:50:33,360

gave the

2887

01:50:37,430 --> 01:50:35,920

suggestion or the order it was okay to

2888

01:50:39,830 --> 01:50:37,440

talk about this

2889

01:50:42,310 --> 01:50:39,840

so there's a great potential in in other

2890

01:50:44,709 --> 01:50:42,320

countries they're just waiting for it to

2891

01:50:46,629 --> 01:50:44,719

have an excuse to change uh you know the

2892

01:50:48,550 --> 01:50:46,639

way they're doing it now

2893

01:50:49,750 --> 01:50:48,560

yeah absolutely yeah one thing i will

2894

01:50:51,589 --> 01:50:49,760

just say about the avilab and the

2895

01:50:54,390 --> 01:50:51,599

galileo project is they have actually

2896

01:50:56,310 --> 01:50:54,400

three avenues of focus with regards to

2897

01:50:57,910 --> 01:50:56,320

the project they have the close the

2898

01:50:59,510 --> 01:50:57,920

cosmos they have

2899

01:51:01,510 --> 01:50:59,520

our local neighborhood let's say but

2900

01:51:05,030 --> 01:51:01,520

they do have a focus

2901  
01:51:07,750 --> 01:51:05,040  
on low earth orbit in our skies as well

2902  
01:51:09,030 --> 01:51:07,760  
now it's pretty vague because it's not

2903  
01:51:10,629 --> 01:51:09,040  
been introduced yet because they're

2904  
01:51:12,470 --> 01:51:10,639  
still working on it so it'll be

2905  
01:51:14,229 --> 01:51:12,480  
interesting to see that but one thing i

2906  
01:51:16,629 --> 01:51:14,239  
will say is we also have other groups

2907  
01:51:21,350 --> 01:51:16,639  
like uapx who have been out there with

2908  
01:51:26,310 --> 01:51:23,669  
there's other entities that are in play

2909  
01:51:30,070 --> 01:51:26,320  
right now so 2022 is definitely going to

2910  
01:51:31,990 --> 01:51:30,080  
be a very interesting year so um what

2911  
01:51:33,350 --> 01:51:32,000  
i'll do before we finish off with it's

2912  
01:51:35,270 --> 01:51:33,360  
almost 10 minutes till we hit the

2913  
01:51:37,589 --> 01:51:35,280

two-hour mark if anyone in the live chat

2914

01:51:38,390 --> 01:51:37,599

has questions to ask please throw them

2915

01:51:39,750 --> 01:51:38,400

up

2916

01:51:41,189 --> 01:51:39,760

as far as while we're waiting for that

2917

01:51:43,910 --> 01:51:41,199

to happen if anybody's got anything they

2918

01:51:45,830 --> 01:51:43,920

want to talk about please go ahead

2919

01:51:47,830 --> 01:51:45,840

just to follow up on georgio's point

2920

01:51:50,709 --> 01:51:47,840

it's a really important point

2921

01:51:52,390 --> 01:51:50,719

this could come from anywhere

2922

01:51:55,270 --> 01:51:52,400

another country somewhere it doesn't

2923

01:51:57,430 --> 01:51:55,280

matter france or portugal or whatever if

2924

01:51:59,669 --> 01:51:57,440

one of their major news networks grabs a

2925

01:52:00,870 --> 01:51:59,679

hold of something and it becomes major

2926

01:52:01,910 --> 01:52:00,880

global news

2927

01:52:03,510 --> 01:52:01,920

it it

2928

01:52:06,790 --> 01:52:03,520

it could go really big it could go

2929

01:52:09,109 --> 01:52:06,800

haywire it could go viral um for example

2930

01:52:12,310 --> 01:52:09,119

what's the what's the the french press

2931

01:52:18,070 --> 01:52:12,320

uh asians france

2932

01:52:21,430 --> 01:52:19,750

yes it's a there's an agency in france

2933

01:52:23,109 --> 01:52:21,440

anyways there's a very large press

2934

01:52:24,950 --> 01:52:23,119

agency in france yes

2935

01:52:27,030 --> 01:52:24,960

that's right it is um

2936

01:52:29,270 --> 01:52:27,040

they they could be the ones to come

2937

01:52:31,510 --> 01:52:29,280

forward it could come out of any country

2938

01:52:33,830 --> 01:52:31,520

and all they need to do and this is a

2939

01:52:36,310 --> 01:52:33,840

really important point to to understand

2940

01:52:38,229 --> 01:52:36,320

all they need to do is break ranks with

2941

01:52:41,589 --> 01:52:38,239

international mainstream media break

2942

01:52:44,470 --> 01:52:41,599

ranks with bbc break ramps uh uh ranks

2943

01:52:46,870 --> 01:52:44,480

with with nbc and abc cbs

2944

01:52:49,030 --> 01:52:46,880

and and and announced something major it

2945

01:52:50,070 --> 01:52:49,040

could come from anywhere

2946

01:52:52,950 --> 01:52:50,080

um

2947

01:52:55,430 --> 01:52:52,960

my big disappointment was when cbs and

2948

01:52:56,870 --> 01:52:55,440

60 minutes brought forward uh their

2949

01:52:59,669 --> 01:52:56,880

interview

2950

01:53:01,030 --> 01:52:59,679

that that was an amazing 20 minutes

2951

01:53:02,870 --> 01:53:01,040

yes now

2952

01:53:05,669 --> 01:53:02,880

i am just absolutely fraught with

2953

01:53:07,589 --> 01:53:05,679

disappointment why uh 60 minutes is

2954

01:53:09,589 --> 01:53:07,599

sitting on their hands with respect to

2955

01:53:11,990 --> 01:53:09,599

this they're sitting on a bombshell and

2956

01:53:13,669 --> 01:53:12,000

they know it and there's every reason to

2957

01:53:16,149 --> 01:53:13,679

believe that either they're preparing

2958

01:53:17,510 --> 01:53:16,159

something uh for this or they're just

2959

01:53:19,510 --> 01:53:17,520

waiting to see what gilderbrand's going

2960

01:53:20,870 --> 01:53:19,520

to be doing with the legislations it's

2961

01:53:23,430 --> 01:53:20,880

got to come from somewhere folks it

2962

01:53:24,870 --> 01:53:23,440

can't sit uh that quietly

2963

01:53:27,270 --> 01:53:24,880

for too much longer

2964

01:53:29,750 --> 01:53:27,280

look at the uh ross coulthard in

2965

01:53:31,990 --> 01:53:29,760

australia he's a top award-winning

2966

01:53:33,750 --> 01:53:32,000

journalist and he's doing great work now

2967

01:53:36,390 --> 01:53:33,760

promoting this subject saying look this

2968

01:53:38,550 --> 01:53:36,400

is real we have to deal with this as a

2969

01:53:40,390 --> 01:53:38,560

as a global entity we have to deal with

2970

01:53:42,310 --> 01:53:40,400

this now he's come out the woodwork

2971

01:53:44,229 --> 01:53:42,320

literally in the last year and he's now

2972

01:53:46,709 --> 01:53:44,239

doing great work promoting the subject

2973

01:53:48,709 --> 01:53:46,719

yeah all of this is a positive you know

2974

01:53:49,910 --> 01:53:48,719

so i think more and more things like

2975

01:53:51,990 --> 01:53:49,920

that are going to happen people are

2976

01:53:53,669 --> 01:53:52,000

going to break ranks because they know

2977

01:53:56,229 --> 01:53:53,679

that eventually it's going to be like a

2978

01:53:58,470 --> 01:53:56,239

dam i've always likened it to a dam that

2979

01:54:00,149 --> 01:53:58,480

once you keep taking the bricks out and

2980

01:54:01,589 --> 01:54:00,159

piling up behind that pressure

2981

01:54:03,830 --> 01:54:01,599

eventually the damage just going to

2982

01:54:05,430 --> 01:54:03,840

collapse and then it's a free-for-all

2983

01:54:06,950 --> 01:54:05,440

and they're all going to be wall-to-wall

2984

01:54:08,470 --> 01:54:06,960

coverage and you'll know that you're in

2985

01:54:10,790 --> 01:54:08,480

a disclosure world because you're going

2986

01:54:12,950 --> 01:54:10,800

to be 24 7 news like a terrorist

2987

01:54:15,109 --> 01:54:12,960

incident that's when we get a critical

2988

01:54:16,629 --> 01:54:15,119

mass exactly yeah um we've got some

2989

01:54:18,229 --> 01:54:16,639

questions to the first one from my

2990

01:54:20,709 --> 01:54:18,239

friend spaghetti does isa have a

2991

01:54:23,430 --> 01:54:20,719

long-term strategy to approach the un

2992

01:54:26,310 --> 01:54:23,440

and make this an international issue now

2993

01:54:28,229 --> 01:54:26,320

isn't that project titan um

2994

01:54:31,430 --> 01:54:28,239

it's one of many there's there's many

2995

01:54:34,390 --> 01:54:31,440

approaches to isa the first u.n approach

2996

01:54:36,709 --> 01:54:34,400

is via operation titan and we need to

2997

01:54:39,189 --> 01:54:36,719

give that time to see if that will

2998

01:54:41,270 --> 01:54:39,199

develop there's no point in doing all

2999

01:54:43,350 --> 01:54:41,280

several things at the same time

3000

01:54:45,350 --> 01:54:43,360

because type might be accepted and that

3001

01:54:48,229 --> 01:54:45,360

takes us into a different route

3002

01:54:51,270 --> 01:54:48,239

of acceptance and the u.n backing etc so

3003

01:54:53,510 --> 01:54:51,280

the idea is isa is here for the long

3004

01:54:55,270 --> 01:54:53,520

term we're an international ngo and

3005

01:54:57,430 --> 01:54:55,280

we're around

3006

01:54:59,510 --> 01:54:57,440

forever i guess hopefully people will

3007

01:55:00,149 --> 01:54:59,520

replace us and carry on and up the chain

3008

01:55:01,589 --> 01:55:00,159

and

3009

01:55:03,510 --> 01:55:01,599

hopefully we'll carry on for many

3010

01:55:04,470 --> 01:55:03,520

decades to come but you have to start

3011

01:55:06,149 --> 01:55:04,480

somewhere

3012

01:55:08,870 --> 01:55:06,159

and we've got to earn our place at the

3013

01:55:10,709 --> 01:55:08,880

top table but yes our aim is to keep

3014

01:55:12,390 --> 01:55:10,719

going to the un because that's

3015

01:55:14,709 --> 01:55:12,400

ultimately where we need to bring this

3016

01:55:16,070 --> 01:55:14,719

subject onto a global scale

3017

01:55:18,149 --> 01:55:16,080

absolutely

3018

01:55:20,070 --> 01:55:18,159

this question is aimed at me but i don't

3019

01:55:21,430 --> 01:55:20,080

think i can answer it it says

3020

01:55:23,189 --> 01:55:21,440

vinnie what would it take for the

3021

01:55:25,830 --> 01:55:23,199

president of the us and other countries

3022

01:55:28,870 --> 01:55:25,840

to officially use the words non-human or

3023

01:55:34,149 --> 01:55:28,880

definitely not human on tv we need that

3024

01:55:36,870 --> 01:55:34,159

word used hopeless or not anybody

3025

01:55:39,990 --> 01:55:36,880

i i i would say that that is

3026  
01:55:41,750 --> 01:55:40,000  
that is going to be the kind of phrasing

3027  
01:55:43,430 --> 01:55:41,760  
that will eventually be used at the

3028  
01:55:45,109 --> 01:55:43,440  
moment we're in this halfway house

3029  
01:55:46,390 --> 01:55:45,119  
foreign adversary

3030  
01:55:48,310 --> 01:55:46,400  
china russia

3031  
01:55:50,070 --> 01:55:48,320  
or other nobody wants to talk about

3032  
01:55:52,229 --> 01:55:50,080  
other in terms of the mainstream but

3033  
01:55:55,430 --> 01:55:52,239  
eventually if they study the data which

3034  
01:55:57,669 --> 01:55:55,440  
is what larvae love is after what louise

3035  
01:55:59,030 --> 01:55:57,679  
elizando is after once that's all stood

3036  
01:56:00,709 --> 01:55:59,040  
eventually they're gonna have to report

3037  
01:56:01,990 --> 01:56:00,719  
to the congress if the gila brand

3038  
01:56:04,149 --> 01:56:02,000

amendment goes through and say well

3039

01:56:05,910 --> 01:56:04,159

absolutely yeah we looked at the data

3040

01:56:08,310 --> 01:56:05,920

these crafts can do things that we can't

3041

01:56:10,229 --> 01:56:08,320

do technologically they're way beyond us

3042

01:56:11,990 --> 01:56:10,239

uh at some point there the president's

3043

01:56:14,229 --> 01:56:12,000

gonna have to stand up or a police

3044

01:56:16,070 --> 01:56:14,239

senior political figure has got to say

3045

01:56:17,589 --> 01:56:16,080

well we we did think it was foreign

3046

01:56:19,830 --> 01:56:17,599

adversary but actually we've ruled that

3047

01:56:21,830 --> 01:56:19,840

out and then the press will go what so

3048

01:56:24,229 --> 01:56:21,840

you mean it's non-human and you'll have

3049

01:56:25,750 --> 01:56:24,239

to say well it's it's off the planet

3050

01:56:29,270 --> 01:56:25,760

well you have

3051

01:56:31,189 --> 01:56:29,280

uh on uh just last month

3052

01:56:35,589 --> 01:56:31,199

uh with the um

3053

01:56:40,550 --> 01:56:39,430

asked specifically avril hines about the

3054

01:56:43,030 --> 01:56:40,560

other

3055

01:56:45,430 --> 01:56:43,040

yeah and she replied extra the

3056

01:56:46,790 --> 01:56:45,440

hypothesis of extraterrestrial so she

3057

01:56:48,790 --> 01:56:46,800

gave it open

3058

01:56:49,910 --> 01:56:48,800

yeah absolutely so the time times are

3059

01:56:51,830 --> 01:56:49,920

changing

3060

01:56:54,390 --> 01:56:51,840

significantly if not

3061

01:56:57,109 --> 01:56:54,400

yeah if anyone wants to read a good

3062

01:56:58,550 --> 01:56:57,119

piece on that uh richard dolan and the

3063

01:57:00,070 --> 01:56:58,560

title of the book doesn't come to me

3064

01:57:01,830 --> 01:57:00,080

right now where richard dolan wrote a

3065

01:57:03,669 --> 01:57:01,840

book um

3066

01:57:06,229 --> 01:57:03,679

people's guide to disclosure i think is

3067

01:57:08,709 --> 01:57:06,239

called and in in the book he's got a

3068

01:57:11,030 --> 01:57:08,719

section of it after disclosure was the

3069

01:57:13,350 --> 01:57:11,040

book that's right with me right and in

3070

01:57:16,709 --> 01:57:13,360

in it there's a chapter on a friday

3071

01:57:19,510 --> 01:57:16,719

afternoon press conference where he he

3072

01:57:21,430 --> 01:57:19,520

synthesizes what his speculation might

3073

01:57:23,030 --> 01:57:21,440

be about with the president coming

3074

01:57:26,229 --> 01:57:23,040

forward after all this information has

3075

01:57:28,310 --> 01:57:26,239

come and he actually stands before uh

3076

01:57:30,870 --> 01:57:28,320

the the press corps in in in the white

3077

01:57:32,950 --> 01:57:30,880

house press room and talks about

3078

01:57:34,790 --> 01:57:32,960

uh

3079

01:57:37,270 --> 01:57:34,800

my fellow americans we now have

3080

01:57:39,350 --> 01:57:37,280

information regarding and he goes on and

3081

01:57:40,790 --> 01:57:39,360

on and he uses those exact words that

3082

01:57:43,669 --> 01:57:40,800

the that the question could just throw

3083

01:57:45,910 --> 01:57:43,679

at you it's it's a very stunning uh kind

3084

01:57:47,669 --> 01:57:45,920

of scenario it's almost chilling with

3085

01:57:48,950 --> 01:57:47,679

respect to people sitting around you

3086

01:57:49,990 --> 01:57:48,960

know the dinner table and listening to

3087

01:57:52,390 --> 01:57:50,000

the president talking about

3088

01:57:54,310 --> 01:57:52,400

extraterrestrials on on friday night tv

3089

01:57:56,229 --> 01:57:54,320

it's a it's a really good explanation as

3090

01:57:57,350 --> 01:57:56,239

to how he thinks that just might play

3091

01:57:58,870 --> 01:57:57,360

out so

3092

01:58:00,149 --> 01:57:58,880

if you get a chance

3093

01:58:01,990 --> 01:58:00,159

have a look at that it's really kind of

3094

01:58:03,910 --> 01:58:02,000

interesting the way richard does it but

3095

01:58:05,669 --> 01:58:03,920

yeah good book yeah i think it would um

3096

01:58:08,149 --> 01:58:05,679

i mean it would blow the lid off the box

3097

01:58:09,189 --> 01:58:08,159

basically and there would be so many

3098

01:58:12,470 --> 01:58:09,199

questions

3099

01:58:14,790 --> 01:58:12,480

from all aspects of society not not just

3100

01:58:15,910 --> 01:58:14,800

public scientists and biologists etc

3101

01:58:17,350 --> 01:58:15,920

would just be

3102

01:58:18,790 --> 01:58:17,360

they all want to be they don't want a

3103

01:58:22,629 --> 01:58:18,800

piece of the party they don't want to

3104

01:58:28,390 --> 01:58:25,750

the downside of say america

3105

01:58:30,790 --> 01:58:28,400

announcing the reality is they're not

3106

01:58:32,470 --> 01:58:30,800

going to come out of this very well

3107

01:58:34,070 --> 01:58:32,480

because then it's a free-for-all why

3108

01:58:36,870 --> 01:58:34,080

didn't you tell us when did you know

3109

01:58:38,870 --> 01:58:36,880

this and there you know and i and in the

3110

01:58:40,229 --> 01:58:38,880

same way that south africa got rid of

3111

01:58:42,390 --> 01:58:40,239

apartheid through truth and

3112

01:58:44,310 --> 01:58:42,400

reconciliation i actually think that

3113

01:58:46,390 --> 01:58:44,320

would be a mechanism to deal with the

3114

01:58:47,750 --> 01:58:46,400

people that's covered this up because we

3115

01:58:49,430 --> 01:58:47,760

don't want to send people to prison but

3116

01:58:51,910 --> 01:58:49,440

we just don't need them to acknowledge

3117

01:58:53,270 --> 01:58:51,920

that they lied they did it for maybe the

3118

01:58:55,109 --> 01:58:53,280

right reasons or what they thought were

3119

01:58:57,109 --> 01:58:55,119

the right reasons but we have to move on

3120

01:58:58,790 --> 01:58:57,119

but we have to get beyond this now say

3121

01:59:00,790 --> 01:58:58,800

look we're in a different world let's

3122

01:59:07,210 --> 01:59:00,800

move forward

3123

01:59:07,220 --> 01:59:15,030

[Music]

3124

01:59:18,629 --> 01:59:17,510

the guilt in any other

3125

01:59:20,709 --> 01:59:18,639

absolutely

3126  
01:59:22,229 --> 01:59:20,719  
organization or people that have already

3127  
01:59:23,669 --> 01:59:22,239  
died um

3128  
01:59:25,030 --> 01:59:23,679  
absolutely they'll try to yeah

3129  
01:59:27,030 --> 01:59:25,040  
scapegoats that's the word yeah they

3130  
01:59:28,390 --> 01:59:27,040  
will try to make escape yachts but we

3131  
01:59:30,149 --> 01:59:28,400  
have to move on beyond this and there

3132  
01:59:31,669 --> 01:59:30,159  
will be a floodgates at some point and

3133  
01:59:33,510 --> 01:59:31,679  
it's going to be a very difficult time

3134  
01:59:35,189 --> 01:59:33,520  
for america because they've been the

3135  
01:59:36,709 --> 01:59:35,199  
architects of the cover up for over 70

3136  
01:59:37,750 --> 01:59:36,719  
years so there's going to be a lot of

3137  
01:59:39,589 --> 01:59:37,760  
questions

3138  
01:59:42,070 --> 01:59:39,599

and vinnie this this type of program

3139

01:59:43,350 --> 01:59:42,080

this type of podcast is one of the steps

3140

01:59:45,589 --> 01:59:43,360

in the right direction i've got to

3141

01:59:48,310 --> 01:59:45,599

congratulate you guys it's an absolutely

3142

01:59:49,830 --> 01:59:48,320

amazing way of handling this and uh

3143

01:59:51,990 --> 01:59:49,840

you've got you've got a great technique

3144

01:59:53,750 --> 01:59:52,000

so thank you so much for for doing this

3145

01:59:55,589 --> 01:59:53,760

you're doing you're playing a part of

3146

01:59:57,109 --> 01:59:55,599

the whole of the whole scenario and how

3147

01:59:59,189 --> 01:59:57,119

this is going to unfold because this is

3148

02:00:01,910 --> 01:59:59,199

how it is we're all in this together

3149

02:00:03,589 --> 02:00:01,920

we're all in this together

3150

02:00:04,629 --> 02:00:03,599

that means that means so much victor

3151

02:00:07,189 --> 02:00:04,639

thank you and thank you all of you

3152

02:00:08,790 --> 02:00:07,199

gentlemen and you know i want to be that

3153

02:00:10,950 --> 02:00:08,800

connect i want to be that connect where

3154

02:00:12,550 --> 02:00:10,960

isaac can come and talk to the public

3155

02:00:14,870 --> 02:00:12,560

and and they can see what you're doing

3156

02:00:16,310 --> 02:00:14,880

and it's not just going to your website

3157

02:00:18,070 --> 02:00:16,320

which is great and going to your

3158

02:00:20,149 --> 02:00:18,080

facebook which is great but they can

3159

02:00:21,430 --> 02:00:20,159

hear from you and if i could be the

3160

02:00:24,149 --> 02:00:21,440

medium for that

3161

02:00:30,550 --> 02:00:24,159

the website is institutional right yeah

3162

02:00:34,950 --> 02:00:32,790

that person that asked about the

3163

02:00:35,910 --> 02:00:34,960

engaging with the public

3164

02:00:38,390 --> 02:00:35,920

um

3165

02:00:40,550 --> 02:00:38,400

maybe in a couple of months during next

3166

02:00:43,270 --> 02:00:40,560

year we have some we will have something

3167

02:00:45,270 --> 02:00:43,280

for the in terms of engaging with the

3168

02:00:47,270 --> 02:00:45,280

general public but we'll see

3169

02:00:48,310 --> 02:00:47,280

it's there's a there's a project that

3170

02:00:49,990 --> 02:00:48,320

will

3171

02:00:51,589 --> 02:00:50,000

eventually there's things going on

3172

02:00:53,430 --> 02:00:51,599

behind the scenes like with any

3173

02:00:57,189 --> 02:00:53,440

organization plenty of things behind the

3174

02:00:58,709 --> 02:00:57,199

scenes or in the back office of course

3175

02:01:00,310 --> 02:00:58,719

we'll come out

3176

02:01:01,990 --> 02:01:00,320

well listen we've just hit the two hour

3177

02:01:04,870 --> 02:01:02,000

mark so i think this is a good point to

3178

02:01:06,709 --> 02:01:04,880

end it on and gary and and francisco you

3179

02:01:09,910 --> 02:01:06,719

mentioned there's things in the works

3180

02:01:11,430 --> 02:01:09,920

that we may hear about in early 2022. so

3181

02:01:13,189 --> 02:01:11,440

by all means let's do this again when

3182

02:01:15,350 --> 02:01:13,199

you have announcements to make sure that

3183

02:01:16,310 --> 02:01:15,360

we you can spread that thank you for the

3184

02:01:18,709 --> 02:01:16,320

opportunity

3185

02:01:21,510 --> 02:01:18,719

okay that's my pleasure but uh thank you

3186

02:01:23,830 --> 02:01:21,520

all so much and i'm just going to do a

3187

02:01:26,470 --> 02:01:23,840

3188

02:01:28,390 --> 02:01:26,480
