00:00:01,570 --> 00:00:32,150

[Music]

2  
00:00:35,670 --> 00:00:33,910

hello everybody

3  
00:00:37,590 --> 00:00:35,680

welcome back to the disclosure team

4  
00:00:39,350 --> 00:00:37,600

channel thank you to everybody watching

5  
00:00:41,110 --> 00:00:39,360

this live now i see quite a few of you

6  
00:00:43,190 --> 00:00:41,120

in the live chat i really appreciate you

7  
00:00:45,190 --> 00:00:43,200

being here and to those watching this

8  
00:00:47,430 --> 00:00:45,200

after the fact thank you so much and

9  
00:00:50,069 --> 00:00:47,440

finally hello to those listening to this

10  
00:00:52,069 --> 00:00:50,079

on the anomalous podcast network

11  
00:00:54,310 --> 00:00:52,079

for anybody that's new uh to the channel

12  
00:00:55,830 --> 00:00:54,320

you can also follow me on instagram and

13  
00:00:57,430 --> 00:00:55,840

twitter the links are below in the

14

00:00:59,910 --> 00:00:57,440

description

15

00:01:02,549 --> 00:00:59,920

but let's not waste any more time we are

16

00:01:04,229 --> 00:01:02,559

here to speak to a gentleman who has

17

00:01:06,390 --> 00:01:04,239

done a lot for this subject and i am

18

00:01:08,310 --> 00:01:06,400

just honored to be able to to sit down

19

00:01:11,030 --> 00:01:08,320

and speak with him so without further

20

00:01:12,550 --> 00:01:11,040

ado please let me welcome mr john

21

00:01:14,550 --> 00:01:12,560

alexander

22

00:01:16,230 --> 00:01:14,560

hello john how's it going

23

00:01:18,630 --> 00:01:16,240

pretty good you

24

00:01:20,390 --> 00:01:18,640

i'm really good thank you so much for

25

00:01:23,190 --> 00:01:20,400

agreeing to talk to me it really means a

26

00:01:25,270 --> 00:01:23,200

lot so thank you

27

00:01:28,070 --> 00:01:25,280

all right

28

00:01:29,270 --> 00:01:28,080

so john i just um wanted to start off um

29

00:01:31,510 --> 00:01:29,280

i've been watching a few interviews

30

00:01:33,350 --> 00:01:31,520

you've done in the past recently

31

00:01:35,590 --> 00:01:33,360

and i keep coming across this statement

32

00:01:38,310 --> 00:01:35,600

that you you've said a few times that

33

00:01:40,630 --> 00:01:38,320

ufos are real but the phenomenon is more

34

00:01:42,710 --> 00:01:40,640

complex than we can imagine and we're

35

00:01:44,710 --> 00:01:42,720

not asking the right question

36

00:01:47,109 --> 00:01:44,720

are you able to expand on that a bit for

37

00:01:50,389 --> 00:01:47,119

us if you don't mind

38

00:01:52,550 --> 00:01:50,399

uh well of course um first of all a

39

00:01:54,069 --> 00:01:52,560

usual follow-up question is usually

40

00:01:56,149 --> 00:01:54,079

what's the right question and

41

00:01:58,550 --> 00:01:56,159

unfortunately i don't have a good answer

42

00:02:01,109 --> 00:01:58,560

for that

43

00:02:02,230 --> 00:02:01,119

when i'm doing my presentations i have a

44

00:02:06,630 --> 00:02:02,240

slide

45

00:02:09,190 --> 00:02:06,640

that i always start with and it shows

46

00:02:10,229 --> 00:02:09,200

ufos ufos near-death experiences remote

47

00:02:12,710 --> 00:02:10,239

viewing

48

00:02:15,030 --> 00:02:12,720

uh spontaneous healing

49

00:02:15,910 --> 00:02:15,040

even cryptozoology

50

00:02:18,229 --> 00:02:15,920

uh

51  
00:02:20,070 --> 00:02:18,239  
just a wide wide range certainly

52  
00:02:21,110 --> 00:02:20,080  
cyclokinesis we've done a lot of work

53  
00:02:25,110 --> 00:02:21,120  
with

54  
00:02:28,150 --> 00:02:25,120  
and my point there is that

55  
00:02:30,630 --> 00:02:28,160  
the ufo phenomena all of these i believe

56  
00:02:33,110 --> 00:02:30,640  
are interrelated and consciousness is a

57  
00:02:37,430 --> 00:02:33,120  
key piece uh to that

58  
00:02:40,309 --> 00:02:37,440  
now i also start with a ufo by asking a

59  
00:02:42,630 --> 00:02:40,319  
question that says what do you mean

60  
00:02:44,470 --> 00:02:42,640  
and by that i address you know i got

61  
00:02:46,229 --> 00:02:44,480  
little balls of light

62  
00:02:49,430 --> 00:02:46,239  
sometimes floating around the room we've

63  
00:02:51,110 --> 00:02:49,440

got hard craft miles across

64

00:02:53,990 --> 00:02:51,120

and thousands and thousands of

65

00:02:54,949 --> 00:02:54,000

variations in between

66

00:02:56,949 --> 00:02:54,959

so

67

00:02:59,030 --> 00:02:56,959

what are you talking about it's not that

68

00:03:01,509 --> 00:02:59,040

simple i mean everybody thinks of a

69

00:03:03,190 --> 00:03:01,519

little nuts and bolts you know hard crap

70

00:03:04,949 --> 00:03:03,200

zipping around that would be that's the

71

00:03:07,509 --> 00:03:04,959

easy part

72

00:03:10,630 --> 00:03:07,519

but when you start dealing with people

73

00:03:14,790 --> 00:03:10,640

who say i'm communicating i

74

00:03:18,390 --> 00:03:17,110

experiences with them they tell me when

75

00:03:20,949 --> 00:03:18,400

to show up

76

00:03:23,030 --> 00:03:20,959

as you may know in my book uh well do

77

00:03:24,149 --> 00:03:23,040

you know chris bledsoe

78

00:03:27,110 --> 00:03:24,159

absolutely

79

00:03:30,710 --> 00:03:27,120

familiar with that case well that's a

80

00:03:33,270 --> 00:03:30,720

a chapter my last book

81

00:03:35,430 --> 00:03:33,280

and the reason was we had gone down and

82

00:03:37,589 --> 00:03:35,440

i'd interviewed chris had him on tape

83

00:03:40,149 --> 00:03:37,599

for hours and going like you know this

84

00:03:40,949 --> 00:03:40,159

is really really strange

85

00:03:44,550 --> 00:03:40,959

um

86

00:03:46,630 --> 00:03:44,560

so we went down uh to his house

87

00:03:49,190 --> 00:03:46,640

and we were spent several days with him

88

00:03:50,149 --> 00:03:49,200

and his family great family and all of

89

00:03:52,229 --> 00:03:50,159

that

90

00:03:53,589 --> 00:03:52,239

and so we went down to the cape fear

91

00:03:55,110 --> 00:03:53,599

river

92

00:03:57,110 --> 00:03:55,120

and uh

93

00:03:58,710 --> 00:03:57,120

it was kind of late in the afternoon we

94

00:03:59,429 --> 00:03:58,720

got down there and you've been showing

95

00:04:02,070 --> 00:03:59,439

us

96

00:04:04,789 --> 00:04:02,080

around and where the initial incident

97

00:04:07,910 --> 00:04:04,799

had occurred there's a lot of

98

00:04:11,110 --> 00:04:07,920

dramatic things that happened there

99

00:04:14,789 --> 00:04:11,120

uh so then we went back up the hill

100

00:04:18,229 --> 00:04:14,799

about a couple hundred meters maybe uh

101  
00:04:20,789 --> 00:04:18,239  
and it was now just getting dark and my

102  
00:04:22,870 --> 00:04:20,799  
wife and emily the daughter were in the

103  
00:04:24,710 --> 00:04:22,880  
back of the car talking and he and i are

104  
00:04:26,550 --> 00:04:24,720  
leaning against the hood

105  
00:04:28,710 --> 00:04:26,560  
and he's describing well here's where

106  
00:04:30,710 --> 00:04:28,720  
this happened and i saw the craft over

107  
00:04:32,629 --> 00:04:30,720  
here etc

108  
00:04:33,670 --> 00:04:32,639  
and then he said

109  
00:04:35,350 --> 00:04:33,680  
oh

110  
00:04:37,350 --> 00:04:35,360  
i think they're here

111  
00:04:39,670 --> 00:04:37,360  
and within just a few seconds this thing

112  
00:04:42,070 --> 00:04:39,680  
pops into you and goes zipping off and

113  
00:04:43,030 --> 00:04:42,080

it's a temporal relationship between him

114

00:04:44,950 --> 00:04:43,040

saying

115

00:04:46,150 --> 00:04:44,960

i think they're here

116

00:04:47,990 --> 00:04:46,160

and

117

00:04:49,350 --> 00:04:48,000

the things that i saw you know so i

118

00:04:50,629 --> 00:04:49,360

can't i know

119

00:04:54,230 --> 00:04:50,639

this is

120

00:04:57,990 --> 00:04:54,240

i always go by uh first-hand experience

121

00:05:01,430 --> 00:04:58,000

and uh you know that was real and for me

122

00:05:03,990 --> 00:05:01,440

now if you know anything about the case

123

00:05:07,110 --> 00:05:04,000

this thing went on and on and one of the

124

00:05:09,270 --> 00:05:07,120

biggies uh was that uh

125

00:05:10,950 --> 00:05:09,280

after you got home this is after the the

126  
00:05:13,350 --> 00:05:10,960  
first incident

127  
00:05:15,110 --> 00:05:13,360  
all right he had gotten home and he saw

128  
00:05:17,110 --> 00:05:15,120  
something peeking on the window and he

129  
00:05:20,230 --> 00:05:17,120  
goes out and

130  
00:05:21,830 --> 00:05:20,240  
it starts chasing him and so he runs at

131  
00:05:24,310 --> 00:05:21,840  
that time he's

132  
00:05:26,950 --> 00:05:24,320  
not where he lives now but the yard was

133  
00:05:30,950 --> 00:05:26,960  
about five acres it was pretty big

134  
00:05:33,270 --> 00:05:30,960  
right and so he's running down and

135  
00:05:34,230 --> 00:05:33,280  
entity catches up with him and chris

136  
00:05:36,469 --> 00:05:34,240  
says

137  
00:05:38,469 --> 00:05:36,479  
oops you got me you know that and they

138  
00:05:40,469 --> 00:05:38,479

said you don't understand

139

00:05:43,029 --> 00:05:40,479

we're here to help

140

00:05:45,590 --> 00:05:43,039

about that time chris jr shows up and

141

00:05:49,270 --> 00:05:45,600

energy disappears

142

00:05:51,590 --> 00:05:49,280

um you fast forward to the next day

143

00:05:53,670 --> 00:05:51,600

and it's around noon and he suddenly

144

00:05:55,749 --> 00:05:53,680

says gee

145

00:05:59,590 --> 00:05:55,759

i haven't taken my medicine and he had

146

00:06:01,029 --> 00:05:59,600

had serious crohn's disease for 12 years

147

00:06:05,189 --> 00:06:01,039

at that time

148

00:06:06,629 --> 00:06:05,199

and has not taken another pill since

149

00:06:09,670 --> 00:06:06,639

of course there's other healings that

150

00:06:11,909 --> 00:06:09,680

take place and whatnot so

151

00:06:14,309 --> 00:06:11,919

like i say it was my first hand

152

00:06:16,550 --> 00:06:14,319

experience with that um that was the

153

00:06:18,870 --> 00:06:16,560

second time ever that i had personally

154

00:06:20,550 --> 00:06:18,880

seen something i was studying you know

155

00:06:22,469 --> 00:06:20,560

quite a bit of it but

156

00:06:25,110 --> 00:06:22,479

that's one where he actually saw the

157

00:06:27,270 --> 00:06:25,120

damn thing happen right in front of me

158

00:06:29,510 --> 00:06:27,280

wow that's that's amazing and do you

159

00:06:32,469 --> 00:06:29,520

still speak to chris christopher bledsoe

160

00:06:35,189 --> 00:06:32,479

to this day did you stay in touch

161

00:06:37,909 --> 00:06:35,199

in fact he is sending me

162

00:06:40,390 --> 00:06:37,919

you know at least every week i get

163

00:06:41,749 --> 00:06:40,400

videos that he's taking because he goes

164

00:06:43,990 --> 00:06:41,759

outside

165

00:06:45,990 --> 00:06:44,000

and this gets back to what's a ufo

166

00:06:48,550 --> 00:06:46,000

because he's seeing balls you know

167

00:06:52,790 --> 00:06:48,560

floating around yeah

168

00:06:54,950 --> 00:06:52,800

and he believes communicating with him

169

00:06:57,350 --> 00:06:54,960

but

170

00:06:58,870 --> 00:06:57,360

there's another individual now coming

171

00:07:01,430 --> 00:06:58,880

out of the scene and where they're

172

00:07:03,110 --> 00:07:01,440

talking simultaneously and they're quite

173

00:07:04,710 --> 00:07:03,120

a distance apart

174

00:07:06,390 --> 00:07:04,720

and both seeing

175

00:07:07,749 --> 00:07:06,400

the same things

176

00:07:10,390 --> 00:07:07,759

so um

177

00:07:12,070 --> 00:07:10,400

yeah you know that's uh that's really a

178

00:07:14,070 --> 00:07:12,080

phenomenal case

179

00:07:15,670 --> 00:07:14,080

yeah indeed indeed and you mentioned

180

00:07:18,550 --> 00:07:15,680

there that that was the second time

181

00:07:20,070 --> 00:07:18,560

you'd seen something are you able to

182

00:07:23,909 --> 00:07:20,080

tell us what the first one was by any

183

00:07:26,790 --> 00:07:23,919

chance oh very very minor um i was up in

184

00:07:28,309 --> 00:07:26,800

washington up at uh jim gilliland's

185

00:07:29,749 --> 00:07:28,319

place i don't know if you're familiar

186

00:07:32,390 --> 00:07:29,759

with him but that's

187

00:07:33,670 --> 00:07:32,400

an interesting case as well and what had

188

00:07:34,950 --> 00:07:33,680

happened

189

00:07:36,710 --> 00:07:34,960

was i spent

190

00:07:38,790 --> 00:07:36,720

sending several nights out there and i

191

00:07:40,230 --> 00:07:38,800

happened to have third gen

192

00:07:41,670 --> 00:07:40,240

night vision

193

00:07:44,629 --> 00:07:41,680

equipment

194

00:07:47,510 --> 00:07:44,639

and uh everybody else was gone and so i

195

00:07:50,230 --> 00:07:47,520

was out in the field watching and seeing

196

00:07:52,469 --> 00:07:50,240

these things go over and whatnot

197

00:07:53,909 --> 00:07:52,479

and saw the same company said that's a

198

00:07:57,270 --> 00:07:53,919

trajectory

199

00:07:59,270 --> 00:07:57,280

not quite right for a satellite

200

00:08:01,990 --> 00:07:59,280

but it was coming and then all of a

201  
00:08:05,029 --> 00:08:02,000  
sudden it stops

202  
00:08:05,990 --> 00:08:05,039  
satellites don't stop

203  
00:08:07,670 --> 00:08:06,000  
wow

204  
00:08:09,589 --> 00:08:07,680  
that's incredible

205  
00:08:11,749 --> 00:08:09,599  
uh so listen john if it's okay with you

206  
00:08:13,990 --> 00:08:11,759  
i'd like to take it back a few years to

207  
00:08:15,990 --> 00:08:14,000  
to where your interest really came from

208  
00:08:18,629 --> 00:08:16,000  
with regards to the both the ufo

209  
00:08:20,390 --> 00:08:18,639  
phenomena and uh the paranormal do you

210  
00:08:22,150 --> 00:08:20,400  
know if you could just sort of take us

211  
00:08:23,110 --> 00:08:22,160  
back to where it all began that would be

212  
00:08:24,830 --> 00:08:23,120  
great

213  
00:08:27,670 --> 00:08:24,840

long before you were

214

00:08:30,230 --> 00:08:27,680

born actually

215

00:08:33,430 --> 00:08:30,240

no it was um

216

00:08:36,070 --> 00:08:33,440

i went to a very unusual grade school

217

00:08:39,190 --> 00:08:36,080

uh we were part of what has now become

218

00:08:42,469 --> 00:08:39,200

the university of wisconsin lacrosse and

219

00:08:44,070 --> 00:08:42,479

it was a teacher's college and

220

00:08:45,750 --> 00:08:44,080

they had a bunch of kids there we were

221

00:08:48,630 --> 00:08:45,760

the guinea pigs that the student

222

00:08:51,350 --> 00:08:48,640

teachers would learn how to teach

223

00:08:53,110 --> 00:08:51,360

because of that we happen to have a

224

00:08:56,870 --> 00:08:53,120

phone system

225

00:08:59,269 --> 00:08:56,880

or a broadcast system that was inside

226  
00:09:00,389 --> 00:08:59,279  
that broadcast you know to the entire

227  
00:09:02,990 --> 00:09:00,399  
school

228  
00:09:06,310 --> 00:09:03,000  
and my first recollection on that

229  
00:09:08,710 --> 00:09:06,320  
1947 is actually giving a talk

230  
00:09:10,949 --> 00:09:08,720  
about ufos it's just as they were

231  
00:09:13,910 --> 00:09:10,959  
beginning you know what's uh

232  
00:09:17,190 --> 00:09:13,920  
beginning to come into public awareness

233  
00:09:19,590 --> 00:09:17,200  
right and so that's the first uh first

234  
00:09:22,230 --> 00:09:19,600  
act of recollection that i have was ten

235  
00:09:24,630 --> 00:09:22,240  
at the time

236  
00:09:27,509 --> 00:09:24,640  
wow yeah i think it does go back that

237  
00:09:30,630 --> 00:09:27,519  
far and it's kind of hit and miss

238  
00:09:32,710 --> 00:09:30,640

as i like to tell people it's not like i

239

00:09:35,350 --> 00:09:32,720

had an epiphany like some people do

240

00:09:37,829 --> 00:09:35,360

where they have a sudden shift in

241

00:09:39,509 --> 00:09:37,839

is kind of more like steering an

242

00:09:42,070 --> 00:09:39,519

aircraft carrier where you're seeing

243

00:09:43,670 --> 00:09:42,080

slight changes

244

00:09:46,070 --> 00:09:43,680

right yeah yeah

245

00:09:47,430 --> 00:09:46,080

and let's move forward into your your

246

00:09:49,350 --> 00:09:47,440

military career

247

00:09:52,070 --> 00:09:49,360

did you experience anything

248

00:09:55,269 --> 00:09:52,080

again paranormal or related to the ufo

249

00:09:56,230 --> 00:09:55,279

phenomenon while you were serving

250

00:09:59,110 --> 00:09:56,240

well

251  
00:10:01,750 --> 00:09:59,120  
i think you know that i created what we

252  
00:10:04,389 --> 00:10:01,760  
call the advanced theoretical physics

253  
00:10:05,990 --> 00:10:04,399  
project and that was after

254  
00:10:07,509 --> 00:10:06,000  
doing some other things you know it had

255  
00:10:08,710 --> 00:10:07,519  
some

256  
00:10:11,910 --> 00:10:08,720  
minor

257  
00:10:14,710 --> 00:10:11,920  
personal experiences like in vietnam and

258  
00:10:15,829 --> 00:10:14,720  
things of that nature that others report

259  
00:10:18,389 --> 00:10:15,839  
on

260  
00:10:20,790 --> 00:10:18,399  
uh but uh

261  
00:10:23,190 --> 00:10:20,800  
no my career was very unusual and i

262  
00:10:25,350 --> 00:10:23,200  
would not recommend it for people who

263  
00:10:27,150 --> 00:10:25,360

want to you know make a military career

264

00:10:31,110 --> 00:10:27,160

go down there i was

265

00:10:33,990 --> 00:10:31,120

extraordinarily lucky as to you know

266

00:10:36,069 --> 00:10:34,000

who i came in contact with and how

267

00:10:38,069 --> 00:10:36,079

particularly after i got into the

268

00:10:41,430 --> 00:10:38,079

pentagon i was already a lieutenant

269

00:10:42,710 --> 00:10:41,440

colonel uh by that time

270

00:10:45,670 --> 00:10:42,720

and um

271

00:10:47,110 --> 00:10:45,680

one of the key things that happened

272

00:10:49,910 --> 00:10:47,120

was that

273

00:10:52,389 --> 00:10:49,920

i was invited to meet with the deputy

274

00:10:53,990 --> 00:10:52,399

secretary of defense

275

00:10:56,710 --> 00:10:54,000

and anybody who knows anything about the

276

00:11:00,710 --> 00:10:56,720

pentagon knows that lieutenant colonels

277

00:11:03,750 --> 00:11:00,720

do not meet with defect death alone

278

00:11:05,990 --> 00:11:03,760

but that is what happened and we were i

279

00:11:07,910 --> 00:11:06,000

was assigned as an inspector army

280

00:11:09,910 --> 00:11:07,920

inspector general

281

00:11:13,269 --> 00:11:09,920

there are bottles in the pentagon and

282

00:11:15,670 --> 00:11:13,279

that's where the my office was

283

00:11:17,670 --> 00:11:15,680

uh i mean we just it's like more like

284

00:11:22,790 --> 00:11:17,680

can say off it's more like stanchions

285

00:11:27,590 --> 00:11:24,949

the colonel the pentagon you're in the

286

00:11:29,990 --> 00:11:27,600

munchkin level for sure

287

00:11:32,870 --> 00:11:30,000

but anyway uh so we had a very

288

00:11:35,110 --> 00:11:32,880

interesting conversation and he was

289

00:11:37,590 --> 00:11:35,120

about this how that came about it's a

290

00:11:40,150 --> 00:11:37,600

little extraordinary as well but

291

00:11:42,310 --> 00:11:40,160

so he's asking questions about

292

00:11:44,710 --> 00:11:42,320

you know interest paranormal things and

293

00:11:47,509 --> 00:11:44,720

says well who do you work for and all of

294

00:11:51,030 --> 00:11:47,519

that and i said well i'm down here

295

00:11:53,350 --> 00:11:51,040

and as this was about i met him at about

296

00:11:55,750 --> 00:11:53,360

uh 12 30

297

00:11:57,670 --> 00:11:55,760

and went until one and i went back to my

298

00:11:58,550 --> 00:11:57,680

office said well that was interesting i

299

00:12:03,829 --> 00:11:58,560

wonder

300

00:12:06,150 --> 00:12:03,839

and at 4 25

301  
00:12:08,629 --> 00:12:06,160  
the chief of staff

302  
00:12:11,030 --> 00:12:08,639  
of the ig shop came in and said tomorrow

303  
00:12:12,230 --> 00:12:11,040  
morning you don't work here anymore

304  
00:12:13,590 --> 00:12:12,240  
yeah

305  
00:12:16,230 --> 00:12:13,600  
that fast

306  
00:12:20,949 --> 00:12:18,470  
okay

307  
00:12:24,870 --> 00:12:20,959  
and so let's say the rest is history

308  
00:12:27,350 --> 00:12:24,880  
initially i worked with max thurman who

309  
00:12:29,269 --> 00:12:27,360  
later became the vice chief of staff of

310  
00:12:31,750 --> 00:12:29,279  
the army and he's the guy who ran

311  
00:12:32,949 --> 00:12:31,760  
southcom during the invasion of panama

312  
00:12:36,550 --> 00:12:32,959  
and all that

313  
00:12:39,190 --> 00:12:36,560

who was personally interested and then

314

00:12:41,269 --> 00:12:39,200

then moved to um

315

00:12:43,750 --> 00:12:41,279

under bert subilbine who was in the

316

00:12:46,710 --> 00:12:43,760

commanding general of intelligence and

317

00:12:49,990 --> 00:12:46,720

security command and that's where the rv

318

00:12:53,670 --> 00:12:50,000

programs and we did a lot of other stuff

319

00:12:56,710 --> 00:12:53,680

i want to be clear i was not involved in

320

00:12:59,110 --> 00:12:56,720

uh what became known as stargate

321

00:13:01,910 --> 00:12:59,120

but we were doing lots of other kind of

322

00:13:04,470 --> 00:13:01,920

unusual things at the time and became

323

00:13:06,310 --> 00:13:04,480

cognizant of what they were doing

324

00:13:08,389 --> 00:13:06,320

right right and you mentioned remote

325

00:13:10,230 --> 00:13:08,399

viewing there and i mean it's a subject

326

00:13:12,470 --> 00:13:10,240

that i'm you know i'm quite nuts and

327

00:13:14,389 --> 00:13:12,480

bolts ufo with my backgrounds but i'm

328

00:13:16,870 --> 00:13:14,399

trying to learn more about

329

00:13:19,350 --> 00:13:16,880

the the different aspects with the

330

00:13:20,949 --> 00:13:19,360

psychological and the consciousness so

331

00:13:21,829 --> 00:13:20,959

can you give us a bit of a description

332

00:13:23,670 --> 00:13:21,839

about

333

00:13:25,829 --> 00:13:23,680

the remote viewing of when the program

334

00:13:27,910 --> 00:13:25,839

started and your involvement and some of

335

00:13:28,870 --> 00:13:27,920

the key players in it

336

00:13:30,550 --> 00:13:28,880

well

337

00:13:34,550 --> 00:13:30,560

hey i was not

338

00:13:36,230 --> 00:13:34,560

directly involved until urban

339

00:13:39,110 --> 00:13:36,240

international association of remote

340

00:13:40,389 --> 00:13:39,120

viewing studies and i was a founding

341

00:13:42,150 --> 00:13:40,399

board member

342

00:13:44,230 --> 00:13:42,160

of that

343

00:13:46,829 --> 00:13:44,240

many of these people are personal

344

00:13:50,069 --> 00:13:46,839

friends of course they'll know about joe

345

00:13:52,550 --> 00:13:50,079

mcmonagle and paul smith and

346

00:13:55,189 --> 00:13:52,560

some others i won't name

347

00:13:57,829 --> 00:13:55,199

um but certainly became personal friends

348

00:14:00,710 --> 00:13:57,839

with engel swann who was one of the key

349

00:14:03,750 --> 00:14:00,720

people of course hal put off and russ

350

00:14:06,069 --> 00:14:03,760

targ who were the guys at sri who got

351  
00:14:06,870 --> 00:14:06,079  
that going some will know kit green who

352  
00:14:10,310 --> 00:14:06,880  
was

353  
00:14:13,030 --> 00:14:11,350  
interface

354  
00:14:14,150 --> 00:14:13,040  
with that or one of them there was

355  
00:14:17,990 --> 00:14:14,160  
another

356  
00:14:20,230 --> 00:14:18,000  
ken grass who was actually out as a ctor

357  
00:14:20,670 --> 00:14:20,240  
at uh stanford

358  
00:14:22,230 --> 00:14:20,680  
um

359  
00:14:23,189 --> 00:14:22,240  
[Music]

360  
00:14:26,310 --> 00:14:23,199  
so

361  
00:14:28,629 --> 00:14:26,320  
yeah it's uh i forgot exactly when the

362  
00:14:30,550 --> 00:14:28,639  
start in the 70s had been moving forward

363  
00:14:32,949 --> 00:14:30,560

it has various names

364

00:14:35,110 --> 00:14:32,959

over time

365

00:14:36,870 --> 00:14:35,120

my shorthand is we're talking about

366

00:14:40,710 --> 00:14:36,880

psychic spying

367

00:14:42,949 --> 00:14:40,720

uh yes it works sometimes

368

00:14:44,550 --> 00:14:42,959

i get the trouble with the community

369

00:14:47,189 --> 00:14:44,560

because some of them want to know it's

370

00:14:50,150 --> 00:14:47,199

100 percent anchored

371

00:14:52,389 --> 00:14:50,160

it doesn't doesn't work that well but

372

00:14:54,069 --> 00:14:52,399

sometimes it works

373

00:14:56,470 --> 00:14:54,079

and dealing with the scientific

374

00:14:59,030 --> 00:14:56,480

community they go well

375

00:15:00,470 --> 00:14:59,040

you know what's the theoretical basis uh

376

00:15:02,310 --> 00:15:00,480

for this

377

00:15:04,870 --> 00:15:02,320

and i go well

378

00:15:06,550 --> 00:15:04,880

we don't really have a good theoretical

379

00:15:07,829 --> 00:15:06,560

basis but we had an operational

380

00:15:11,110 --> 00:15:07,839

capability

381

00:15:12,629 --> 00:15:11,120

right and they were doing things for

382

00:15:15,269 --> 00:15:12,639

various clients

383

00:15:16,150 --> 00:15:15,279

in the community it is a whole host of

384

00:15:18,470 --> 00:15:16,160

books

385

00:15:20,150 --> 00:15:18,480

that are out describing many of the

386

00:15:22,310 --> 00:15:20,160

things that were done

387

00:15:24,150 --> 00:15:22,320

yeah and was a lot of the research

388

00:15:26,389 --> 00:15:24,160

for improving like soldiers on the

389

00:15:29,430 --> 00:15:26,399

battlefield was that the main you know

390

00:15:31,030 --> 00:15:29,440

focus at first or were there other

391

00:15:33,670 --> 00:15:31,040

not at all

392

00:15:36,069 --> 00:15:33,680

and but one of the things we point out

393

00:15:37,910 --> 00:15:36,079

is the psychic experience is you know

394

00:15:40,629 --> 00:15:37,920

they happen in general public well they

395

00:15:43,670 --> 00:15:40,639

happen in the military which is actually

396

00:15:47,350 --> 00:15:43,680

part of the general public as well

397

00:15:50,150 --> 00:15:47,360

so when you get into and i've talked to

398

00:15:51,269 --> 00:15:50,160

battlefield experiences and my personal

399

00:15:52,710 --> 00:15:51,279

one that

400

00:15:55,350 --> 00:15:52,720

happened

401  
00:15:56,389 --> 00:15:55,360  
probably life-saving uh if not limb

402  
00:15:58,069 --> 00:15:56,399  
saving

403  
00:16:01,990 --> 00:15:58,079  
but um

404  
00:16:04,870 --> 00:16:02,000  
uh there are hosts of house of anecdotal

405  
00:16:07,590 --> 00:16:04,880  
stories of people who see things who

406  
00:16:11,189 --> 00:16:07,600  
sense danger there was something

407  
00:16:13,110 --> 00:16:11,199  
well known as the uh point man syndrome

408  
00:16:14,949 --> 00:16:13,120  
and what troops know you know the point

409  
00:16:17,430 --> 00:16:14,959  
man is the guy who's leading you down

410  
00:16:18,790 --> 00:16:17,440  
the trails where wherever you're going

411  
00:16:21,269 --> 00:16:18,800  
and

412  
00:16:23,189 --> 00:16:21,279  
they tend to learn that some people if

413  
00:16:25,509 --> 00:16:23,199

they were out there you were safe and

414

00:16:26,790 --> 00:16:25,519

others were likely more likely to bumble

415

00:16:29,749 --> 00:16:26,800

into something

416

00:16:33,189 --> 00:16:29,759

so there were people who were more

417

00:16:35,749 --> 00:16:33,199

sensitive to impending danger

418

00:16:39,350 --> 00:16:35,759

not not well studied but kind of

419

00:16:40,790 --> 00:16:39,360

anecdotally at least very well known

420

00:16:43,030 --> 00:16:40,800

yeah you just mentioned there this one

421

00:16:44,470 --> 00:16:43,040

time that it actually saved your life

422

00:16:46,470 --> 00:16:44,480

now i'm aware of this

423

00:16:48,069 --> 00:16:46,480

this incident but if you happy to share

424

00:16:50,790 --> 00:16:48,079

it i'd love for other people to hear

425

00:16:51,749 --> 00:16:50,800

about it if you don't mind yeah well we

426  
00:16:55,350 --> 00:16:51,759  
were

427  
00:16:56,710 --> 00:16:55,360  
it was obviously in vietnam and out on a

428  
00:17:00,629 --> 00:16:56,720  
patrol

429  
00:17:02,949 --> 00:17:00,639  
and uh we got into an area that uh it

430  
00:17:05,669 --> 00:17:02,959  
was a contested area now

431  
00:17:08,630 --> 00:17:05,679  
we knew this the whole area well enough

432  
00:17:10,789 --> 00:17:08,640  
that we could call fire from you know

433  
00:17:13,029 --> 00:17:10,799  
without looking at a map we knew exactly

434  
00:17:14,549 --> 00:17:13,039  
where we were we knew where there were

435  
00:17:17,750 --> 00:17:14,559  
etc

436  
00:17:19,510 --> 00:17:17,760  
and so anyway we got into an area and

437  
00:17:22,390 --> 00:17:19,520  
i'm starting to this it's getting

438  
00:17:25,909 --> 00:17:22,400

sensitive and starting to back up

439

00:17:28,470 --> 00:17:25,919

and uh all of a sudden we stopped when

440

00:17:29,750 --> 00:17:28,480

somebody's yelling mean mean mean

441

00:17:30,830 --> 00:17:29,760

and

442

00:17:55,110 --> 00:17:30,840

a

443

00:17:57,029 --> 00:17:55,120

um

444

00:17:59,270 --> 00:17:57,039

and also i believe dowsing was used in

445

00:18:01,270 --> 00:17:59,280

vietnam as well and you able to talk

446

00:18:03,669 --> 00:18:01,280

about any success or the success levels

447

00:18:04,470 --> 00:18:03,679

of actually using dowsing

448

00:18:05,669 --> 00:18:04,480

uh

449

00:18:09,350 --> 00:18:05,679

actually

450

00:18:11,350 --> 00:18:09,360

not very well the problem here again is

451

00:18:12,789 --> 00:18:11,360

that it's very anecdotal

452

00:18:15,430 --> 00:18:12,799

no they did

453

00:18:17,190 --> 00:18:15,440

at seaboard harvelik was the head of the

454

00:18:18,870 --> 00:18:17,200

american dowsers

455

00:18:21,190 --> 00:18:18,880

association

456

00:18:23,510 --> 00:18:21,200

and he happened to live near fort

457

00:18:26,710 --> 00:18:23,520

belvoir and they actually

458

00:18:31,029 --> 00:18:26,720

set up a course down there

459

00:18:32,150 --> 00:18:31,039

and taught people how to do dowsing

460

00:18:33,669 --> 00:18:32,160

uh

461

00:18:35,909 --> 00:18:33,679

remember one of the things we were

462

00:18:38,789 --> 00:18:35,919

always looking for is these underground

463

00:18:41,350 --> 00:18:38,799

either tunnels bunkers or caches where

464

00:18:44,390 --> 00:18:41,360

various sorts of things would be stored

465

00:18:46,950 --> 00:18:44,400

and uh so they had

466

00:18:48,710 --> 00:18:46,960

built at belvoir a place and taught

467

00:18:50,390 --> 00:18:48,720

soldiers how to go in

468

00:18:52,549 --> 00:18:50,400

as far as i know

469

00:18:55,029 --> 00:18:52,559

unfortunately there was no real

470

00:18:57,750 --> 00:18:55,039

follow-up as to yes these people

471

00:18:59,110 --> 00:18:57,760

deployed and you know did they find

472

00:19:02,830 --> 00:18:59,120

things but

473

00:19:05,909 --> 00:19:02,840

it was not a methodical method

474

00:19:07,430 --> 00:19:05,919

methodological process

475

00:19:09,750 --> 00:19:07,440

where they

476  
00:19:11,750 --> 00:19:09,760  
you know collected data and came back

477  
00:19:15,350 --> 00:19:11,760  
and said you know here's the efficacy of

478  
00:19:19,190 --> 00:19:17,909  
but i mean there's lots of people but in

479  
00:19:21,110 --> 00:19:19,200  
addition

480  
00:19:23,430 --> 00:19:21,120  
we had lots of people who came into the

481  
00:19:24,549 --> 00:19:23,440  
military who had had thousands

482  
00:19:25,750 --> 00:19:24,559  
experience

483  
00:19:28,789 --> 00:19:25,760  
at home

484  
00:19:30,070 --> 00:19:28,799  
and just did it and it was an

485  
00:19:32,950 --> 00:19:30,080  
application

486  
00:19:36,549 --> 00:19:32,960  
again and not really recorded

487  
00:19:37,510 --> 00:19:36,559  
unfortunately because it did happen

488  
00:19:41,350 --> 00:19:37,520

more

489

00:19:42,870 --> 00:19:41,360

but yeah

490

00:19:45,510 --> 00:19:42,880

and were there any other areas of the

491

00:19:47,830 --> 00:19:45,520

kind of um psychological

492

00:19:50,150 --> 00:19:47,840

um areas of research or the paranormal

493

00:19:52,070 --> 00:19:50,160

that you the military were interested in

494

00:19:53,350 --> 00:19:52,080

you know over the years that that you

495

00:19:54,150 --> 00:19:53,360

can talk about

496

00:19:55,510 --> 00:19:54,160

well

497

00:19:57,430 --> 00:19:55,520

first of all

498

00:19:58,950 --> 00:19:57,440

you know i've got a slide

499

00:20:00,710 --> 00:19:58,960

that i use

500

00:20:02,630 --> 00:20:00,720

all the time in the briefing it says the

501  
00:20:07,350 --> 00:20:02,640  
pentagon says

502  
00:20:09,990 --> 00:20:07,360  
nothing it's a big stone building

503  
00:20:11,750 --> 00:20:10,000  
so when you ask what does the military

504  
00:20:14,310 --> 00:20:11,760  
do

505  
00:20:16,549 --> 00:20:14,320  
that's not really so much yet as people

506  
00:20:18,549 --> 00:20:16,559  
in the military who have these

507  
00:20:22,789 --> 00:20:18,559  
experiences and

508  
00:20:25,990 --> 00:20:22,799  
do these things um so again like the

509  
00:20:31,430 --> 00:20:28,070  
vast members of the military have some

510  
00:20:34,510 --> 00:20:31,440  
kind of psychic experiences

511  
00:20:36,390 --> 00:20:34,520  
throughout their careers

512  
00:20:39,669 --> 00:20:36,400  
unfortunately

513  
00:20:42,310 --> 00:20:39,679

being a very conservative community

514

00:20:44,390 --> 00:20:42,320

uh you've got some other people who

515

00:20:45,270 --> 00:20:44,400

don't want to hear about those things as

516

00:20:48,230 --> 00:20:45,280

well

517

00:20:49,430 --> 00:20:48,240

and they come from a very materialistic

518

00:20:50,549 --> 00:20:49,440

paradigm

519

00:20:51,590 --> 00:20:50,559

that says

520

00:20:54,070 --> 00:20:51,600

you know

521

00:20:57,750 --> 00:20:54,080

we're not going to deal with weirdness

522

00:21:01,350 --> 00:20:57,760

and don't want that out there so

523

00:21:03,110 --> 00:21:01,360

and you do have and admittedly we ran

524

00:21:04,310 --> 00:21:03,120

into the situation

525

00:21:09,590 --> 00:21:04,320

you know

526  
00:21:13,190 --> 00:21:11,909  
don't start sneezing here

527  
00:21:16,870 --> 00:21:13,200  
but anyway

528  
00:21:18,470 --> 00:21:16,880  
uh but uh the uh conservative christian

529  
00:21:20,230 --> 00:21:18,480  
group that says

530  
00:21:21,270 --> 00:21:20,240  
you can do that but it's the work of the

531  
00:21:24,549 --> 00:21:21,280  
devil

532  
00:21:29,350 --> 00:21:24,559  
right and uh that was a very real

533  
00:21:34,470 --> 00:21:31,270  
it was an argument that was put up many

534  
00:21:37,110 --> 00:21:34,480  
times by not so much skeptics but uh

535  
00:21:37,990 --> 00:21:37,120  
people who did not want any

536  
00:21:40,070 --> 00:21:38,000  
uh

537  
00:21:42,950 --> 00:21:40,080  
engagement in the area and some of these

538  
00:21:45,350 --> 00:21:42,960

were very senior folks

539

00:21:47,350 --> 00:21:45,360

right yeah yeah um now you're a big

540

00:21:48,870 --> 00:21:47,360

advocate for for the use of non-lethal

541

00:21:50,950 --> 00:21:48,880

weapons um

542

00:21:53,190 --> 00:21:50,960

um

543

00:21:55,990 --> 00:21:53,200

is this physical weaponry as well as

544

00:21:58,710 --> 00:21:56,000

sort of psychological warfare let's say

545

00:22:00,870 --> 00:21:58,720

not psychological warfare at all

546

00:22:03,270 --> 00:22:00,880

right i mean that bird or a psychic

547

00:22:06,149 --> 00:22:03,280

warfare any of that that's just

548

00:22:09,110 --> 00:22:06,159

not involved what we're talking about

549

00:22:11,750 --> 00:22:09,120

uh are very physical weapons from simple

550

00:22:13,909 --> 00:22:11,760

things that you know about the uk you've

551  
00:22:15,350 --> 00:22:13,919  
talked about rubber bullets uh all the

552  
00:22:16,549 --> 00:22:15,360  
time you remember

553  
00:22:20,390 --> 00:22:16,559  
all of that

554  
00:22:22,070 --> 00:22:20,400  
but uh pepper sprays and tasers and

555  
00:22:23,350 --> 00:22:22,080  
all those things that are popularly

556  
00:22:25,750 --> 00:22:23,360  
known

557  
00:22:28,230 --> 00:22:25,760  
all the way up to the high end what we

558  
00:22:30,470 --> 00:22:28,240  
call strategic incapacitation where

559  
00:22:32,070 --> 00:22:30,480  
we're going after a target set like a

560  
00:22:34,630 --> 00:22:32,080  
nation state

561  
00:22:37,750 --> 00:22:34,640  
and bringing that down and what you're

562  
00:22:40,310 --> 00:22:37,760  
doing is degrading the infrastructure

563  
00:22:42,870 --> 00:22:40,320

but without doing it without bombing

564

00:22:45,190 --> 00:22:42,880

them into oblivion i can give you a

565

00:22:47,430 --> 00:22:45,200

specific example area

566

00:22:49,590 --> 00:22:47,440

electricity is something you go after

567

00:22:51,669 --> 00:22:49,600

all the time

568

00:22:54,630 --> 00:22:51,679

now if you bomb

569

00:22:57,029 --> 00:22:54,640

generation capabilities on that the long

570

00:22:59,190 --> 00:22:57,039

lead time in recovery

571

00:23:02,549 --> 00:22:59,200

is months to years

572

00:23:04,470 --> 00:23:02,559

and so with many people or situations

573

00:23:06,789 --> 00:23:04,480

what you want to do is to bring it down

574

00:23:09,990 --> 00:23:06,799

temporarily but you want to restore the

575

00:23:12,870 --> 00:23:10,000

facilities as quickly as possible

576

00:23:14,470 --> 00:23:12,880

after that so that's the kind because

577

00:23:16,230 --> 00:23:14,480

you weren't looking for a secondary

578

00:23:17,750 --> 00:23:16,240

tertiary casualty

579

00:23:20,789 --> 00:23:17,760

you want to be able to control the

580

00:23:22,149 --> 00:23:20,799

situation at least temporarily

581

00:23:26,029 --> 00:23:22,159

yeah but

582

00:23:28,070 --> 00:23:26,039

most of the emphasis clearly is on the

583

00:23:30,470 --> 00:23:28,080

anti-personnel system we're gonna do

584

00:23:33,830 --> 00:23:30,480

riots and things like that but it

585

00:23:36,070 --> 00:23:33,840

it crosses a much broader spectrum

586

00:23:37,750 --> 00:23:36,080

yeah absolutely um just for everybody

587

00:23:39,669 --> 00:23:37,760

who's asking questions uh in the live

588

00:23:41,190 --> 00:23:39,679

chat i will save all the questions i've

589

00:23:42,789 --> 00:23:41,200

got them in a little file here to the

590

00:23:44,149 --> 00:23:42,799

side and i will ask them towards the end

591

00:23:46,070 --> 00:23:44,159

of the interview

592

00:23:47,750 --> 00:23:46,080

so thank you um

593

00:23:49,269 --> 00:23:47,760

john now we can't have this conversation

594

00:23:51,990 --> 00:23:49,279

without talking about nids and

595

00:23:54,630 --> 00:23:52,000

skinwalker ranch um it's a fascinating

596

00:23:56,390 --> 00:23:54,640

subject that still to this day is being

597

00:23:58,149 --> 00:23:56,400

researched and looked at and the

598

00:23:59,830 --> 00:23:58,159

phenomenal things that that happened

599

00:24:01,430 --> 00:23:59,840

there are you able to take us back to

600

00:24:03,669 --> 00:24:01,440

when you were first introduced you know

601  
00:24:06,549 --> 00:24:03,679  
to robert bigelow and and and became a

602  
00:24:12,390 --> 00:24:07,750  
well

603  
00:24:15,110 --> 00:24:12,400  
yeah that's another serendipitous

604  
00:24:17,750 --> 00:24:15,120  
set of experiences that it is no we

605  
00:24:20,149 --> 00:24:17,760  
first met very very briefly at a

606  
00:24:22,630 --> 00:24:20,159  
conference that john mack

607  
00:24:25,590 --> 00:24:22,640  
was having at mit

608  
00:24:30,149 --> 00:24:25,600  
on the abduction phenomenon

609  
00:24:32,470 --> 00:24:30,159  
what i did not know at the time is that

610  
00:24:33,669 --> 00:24:32,480  
literally a couple of weeks before his

611  
00:24:35,430 --> 00:24:33,679  
son

612  
00:24:39,830 --> 00:24:35,440  
had died

613  
00:24:43,430 --> 00:24:39,840

um and then we fast forward a year or so

614

00:24:45,510 --> 00:24:43,440

uh i was having a number of people in

615

00:24:48,549 --> 00:24:45,520

some of whom we would recognize hal was

616

00:24:51,269 --> 00:24:48,559

there and some others at my house and i

617

00:24:53,510 --> 00:24:51,279

was it now i'm out of the military by

618

00:24:55,430 --> 00:24:53,520

the way i'm working at los alamos

619

00:24:57,430 --> 00:24:55,440

national laboratory that's where the

620

00:24:58,789 --> 00:24:57,440

non-lethal connection is

621

00:25:02,230 --> 00:24:58,799

right um

622

00:25:04,870 --> 00:25:02,240

but i lived in the santa fe uh and drove

623

00:25:07,269 --> 00:25:04,880

up the hill every day and um

624

00:25:09,430 --> 00:25:07,279

sunday morning and we had been talking

625

00:25:10,710 --> 00:25:09,440

for a couple of days on a variety of

626  
00:25:12,950 --> 00:25:10,720  
projects

627  
00:25:15,190 --> 00:25:12,960  
and out of the blue

628  
00:25:16,630 --> 00:25:15,200  
i get a phone call where the people who

629  
00:25:19,909 --> 00:25:16,640  
just gathered were getting ready to

630  
00:25:20,710 --> 00:25:19,919  
drive back to albuquerque for flights

631  
00:25:22,390 --> 00:25:20,720  
and

632  
00:25:23,909 --> 00:25:22,400  
it was uh

633  
00:25:26,549 --> 00:25:23,919  
robert bigelow

634  
00:25:29,269 --> 00:25:26,559  
and says hi me i've heard something

635  
00:25:31,590 --> 00:25:29,279  
about you do you have any projects that

636  
00:25:32,870 --> 00:25:31,600  
might need funding

637  
00:25:35,029 --> 00:25:32,880  
i said well

638  
00:25:37,269 --> 00:25:35,039

funny you should mention it but standing

639

00:25:39,830 --> 00:25:37,279

in my kitchen right now

640

00:25:42,390 --> 00:25:39,840

you know are these groups of folks

641

00:25:45,990 --> 00:25:42,400

and uh anyway this went back and forth

642

00:25:48,950 --> 00:25:46,000

he had later flown over to santa fe and

643

00:25:50,630 --> 00:25:48,960

we talked and met with some interest in

644

00:25:52,710 --> 00:25:50,640

uh taking the

645

00:25:55,110 --> 00:25:52,720

santa fe institute

646

00:25:56,950 --> 00:25:55,120

uh which was dealing with chaos theory

647

00:25:58,870 --> 00:25:56,960

and things like that and he thought

648

00:26:02,149 --> 00:25:58,880

about buying him to go like

649

00:26:02,950 --> 00:26:02,159

murray gulman who was a nobel physicist

650

00:26:05,190 --> 00:26:02,960

who

651  
00:26:07,750 --> 00:26:05,200  
was kind of strong characters this is

652  
00:26:11,430 --> 00:26:07,760  
not give you a good match so he decided

653  
00:26:14,470 --> 00:26:11,440  
to uh create neds and i was just leaving

654  
00:26:16,390 --> 00:26:14,480  
retiring from los alamos the second

655  
00:26:19,830 --> 00:26:16,400  
formal retirement

656  
00:26:21,669 --> 00:26:19,840  
and from that um

657  
00:26:23,750 --> 00:26:21,679  
came over here and

658  
00:26:25,269 --> 00:26:23,760  
set up ned's and they say the rest is

659  
00:26:29,669 --> 00:26:25,279  
history

660  
00:26:31,350 --> 00:26:29,679  
absolutely i mean did you how much time

661  
00:26:32,710 --> 00:26:31,360  
did you get to spend on the ranch you

662  
00:26:34,390 --> 00:26:32,720  
know while the investigations were

663  
00:26:37,029 --> 00:26:34,400

happening and did you experience

664

00:26:40,630 --> 00:26:37,039

anything while you were there

665

00:26:43,510 --> 00:26:40,640

um well first of all i was with bob the

666

00:26:45,430 --> 00:26:43,520

day that he actually bought the ranch

667

00:26:48,230 --> 00:26:45,440

right he went back to the hotel and i

668

00:26:49,350 --> 00:26:48,240

spent a night up on the uh north

669

00:26:50,630 --> 00:26:49,360

mesa

670

00:26:52,470 --> 00:26:50,640

along there

671

00:26:54,310 --> 00:26:52,480

the main thing i experienced there with

672

00:26:57,909 --> 00:26:54,320

a lot of mosquitoes

673

00:27:00,310 --> 00:26:57,919

uh which came in in the evening

674

00:27:03,430 --> 00:27:00,320

um i have been or something but not

675

00:27:06,710 --> 00:27:03,440

nearly as much time as uh like colin

676  
00:27:09,350 --> 00:27:06,720  
kelleher or eric davis actually spent

677  
00:27:11,750 --> 00:27:09,360  
george annette for the ones who spent

678  
00:27:13,510 --> 00:27:11,760  
far more time on the ranch i was up

679  
00:27:15,830 --> 00:27:13,520  
several times

680  
00:27:17,190 --> 00:27:15,840  
um the short answer

681  
00:27:18,070 --> 00:27:17,200  
no

682  
00:27:22,549 --> 00:27:18,080  
uh

683  
00:27:24,710 --> 00:27:22,559  
from filming they're doing as you know

684  
00:27:27,590 --> 00:27:24,720  
the skinwalker

685  
00:27:30,149 --> 00:27:27,600  
series 3 is coming out and i assume i

686  
00:27:34,149 --> 00:27:30,159  
will appear in that

687  
00:27:39,590 --> 00:27:37,669  
uh no i will say that we did find that

688  
00:27:43,350 --> 00:27:39,600

there were some people who were more

689

00:27:46,710 --> 00:27:43,360

sensitive this phenomena than others

690

00:27:48,470 --> 00:27:46,720

and there's a brand new book out called

691

00:27:50,549 --> 00:27:48,480

the walkers

692

00:27:53,830 --> 00:27:50,559

at the pentagon

693

00:27:55,510 --> 00:27:53,840

uh there's written by colin and

694

00:27:59,029 --> 00:27:55,520

george knapp

695

00:28:03,590 --> 00:27:59,039

and one other person from dia whom i do

696

00:28:06,230 --> 00:28:03,600

not know have never met him

697

00:28:08,789 --> 00:28:06,240

yeah a whole series

698

00:28:10,230 --> 00:28:08,799

of very very

699

00:28:13,430 --> 00:28:10,240

unusual

700

00:28:16,549 --> 00:28:13,440

events even probably more dramatic

701

00:28:19,350 --> 00:28:16,559

what was more significant about that

702

00:28:21,190 --> 00:28:19,360

and column and i have discussed this uh

703

00:28:24,149 --> 00:28:21,200

over time

704

00:28:26,950 --> 00:28:24,159

some other incidents may happen in south

705

00:28:28,149 --> 00:28:26,960

america and africa and places like that

706

00:28:29,830 --> 00:28:28,159

but um

707

00:28:33,909 --> 00:28:29,840

you know the question is did you bring

708

00:28:37,190 --> 00:28:33,919

anything home uh apparently these guys

709

00:28:40,070 --> 00:28:37,200

many of them did have very significant

710

00:28:41,669 --> 00:28:40,080

phenomena follow them home

711

00:28:44,789 --> 00:28:41,679

yeah that does seem to be a big key

712

00:28:45,990 --> 00:28:44,799

component the the hitchhiker phenomena

713

00:28:47,669 --> 00:28:46,000

which i think does

714

00:28:49,909 --> 00:28:47,679

from what we hear continue to this day

715

00:28:52,950 --> 00:28:49,919

to some degree with what we saw in the

716

00:28:54,630 --> 00:28:52,960

in the news in the series uh that we see

717

00:28:55,909 --> 00:28:54,640

from brandon fogle

718

00:28:58,070 --> 00:28:55,919

um

719

00:29:00,230 --> 00:28:58,080

so do you still speak to colin kelleher

720

00:29:01,900 --> 00:29:00,240

and people like that and get sort of

721

00:29:03,830 --> 00:29:01,910

not since yesterday

722

00:29:05,990 --> 00:29:03,840

[Laughter]

723

00:29:08,070 --> 00:29:06,000

i mean that man you know

724

00:29:10,230 --> 00:29:08,080

i'd love to have a chat with him so uh

725

00:29:11,110 --> 00:29:10,240

yeah maybe in the future

726  
00:29:13,510 --> 00:29:11,120  
um

727  
00:29:15,750 --> 00:29:13,520  
he still works with bob

728  
00:29:17,669 --> 00:29:15,760  
you know they they have now formed the

729  
00:29:19,350 --> 00:29:17,679  
bigelow institute of consciousness

730  
00:29:20,470 --> 00:29:19,360  
studies you're probably familiar with

731  
00:29:21,830 --> 00:29:20,480  
the uh

732  
00:29:27,590 --> 00:29:21,840  
uh

733  
00:29:31,669 --> 00:29:27,600  
essay contest that just went on so he um

734  
00:29:36,389 --> 00:29:33,590  
the journalist for the society of

735  
00:29:39,430 --> 00:29:36,399  
scientific exploration with like a guest

736  
00:29:43,830 --> 00:29:39,440  
essay on the uh

737  
00:29:46,549 --> 00:29:43,840  
how the bix com essay contest came about

738  
00:29:48,870 --> 00:29:46,559

i i turned them down but suggested that

739

00:29:51,350 --> 00:29:48,880

column might be the

740

00:29:53,269 --> 00:29:51,360

the best person for it and so he's

741

00:29:55,269 --> 00:29:53,279

exploring that but he

742

00:29:58,310 --> 00:29:55,279

does go back and check with bob before

743

00:29:59,990 --> 00:29:58,320

doing anything like this

744

00:30:01,909 --> 00:30:00,000

yeah that was a great competition and

745

00:30:03,269 --> 00:30:01,919

with it with a worthy winner in uh

746

00:30:04,710 --> 00:30:03,279

jeffrey mishlov

747

00:30:06,149 --> 00:30:04,720

i think it was uh

748

00:30:07,909 --> 00:30:06,159

really well yeah just to get

749

00:30:09,669 --> 00:30:07,919

progesterous to live just a couple of

750

00:30:11,750 --> 00:30:09,679

miles from where i'm at now he's now

751  
00:30:13,350 --> 00:30:11,760  
moved over to albuquerque

752  
00:30:15,830 --> 00:30:13,360  
right but uh

753  
00:30:18,149 --> 00:30:15,840  
father in here

754  
00:30:21,190 --> 00:30:18,159  
he had a phenomenal advantage though

755  
00:30:23,350 --> 00:30:21,200  
because he had been working

756  
00:30:28,549 --> 00:30:23,360  
for decades on something called new uh

757  
00:30:31,350 --> 00:30:28,559  
thinking aloud uh a l l o w e d

758  
00:30:33,430 --> 00:30:31,360  
and uh that uh the people he had

759  
00:30:35,669 --> 00:30:33,440  
interviewed is just a phenomenal list

760  
00:30:38,389 --> 00:30:35,679  
and he's now got a whole program up

761  
00:30:39,269 --> 00:30:38,399  
called new thinking aloud

762  
00:30:41,190 --> 00:30:39,279  
and

763  
00:30:42,789 --> 00:30:41,200

probably

764

00:30:44,310 --> 00:30:42,799

i'm sure the folks in your audience

765

00:30:46,310 --> 00:30:44,320

ought to look that up because there's

766

00:30:48,230 --> 00:30:46,320

just a whole host

767

00:30:50,950 --> 00:30:48,240

of interviews that he's been able to

768

00:30:53,430 --> 00:30:50,960

conduct and i've done several with him

769

00:30:56,310 --> 00:30:53,440

as well both here and

770

00:30:57,750 --> 00:30:56,320

when we're visiting in albuquerque

771

00:30:59,029 --> 00:30:57,760

yeah it is it's a fascinating

772

00:31:00,710 --> 00:30:59,039

conversation all the different

773

00:31:02,149 --> 00:31:00,720

interviews he does he's had colin

774

00:31:04,230 --> 00:31:02,159

kelleher on i watched that one a couple

775

00:31:06,710 --> 00:31:04,240

of days ago i will add the link into the

776

00:31:08,149 --> 00:31:06,720

description for everybody after this the

777

00:31:09,110 --> 00:31:08,159

interview is finished

778

00:31:10,710 --> 00:31:09,120

um

779

00:31:13,110 --> 00:31:10,720

so yeah that was fascinating thank you

780

00:31:15,269 --> 00:31:13,120

john let's move up to more modern times

781

00:31:17,029 --> 00:31:15,279

and 2017 and

782

00:31:18,789 --> 00:31:17,039

and the kind of wave of

783

00:31:20,710 --> 00:31:18,799

you know the way the ufo community is

784

00:31:22,870 --> 00:31:20,720

going what were your uh what were your

785

00:31:26,549 --> 00:31:22,880

thoughts and views when 2017 and the new

786

00:31:31,110 --> 00:31:28,310

well

787

00:31:34,070 --> 00:31:31,120

i only had a short link i was not

788

00:31:35,350 --> 00:31:34,080

involved in the osap program or any of

789

00:31:36,310 --> 00:31:35,360

those

790

00:31:39,350 --> 00:31:36,320

um

791

00:31:42,630 --> 00:31:39,360

and of course in the meantime i had put

792

00:31:44,830 --> 00:31:42,640

out ufos missed conspiracies and

793

00:31:46,470 --> 00:31:44,840

realities

794

00:31:48,710 --> 00:31:46,480

um

795

00:31:51,269 --> 00:31:48,720

i guess i've been if we carry it forward

796

00:31:52,230 --> 00:31:51,279

i i was not surprised

797

00:31:54,230 --> 00:31:52,240

uh

798

00:31:56,310 --> 00:31:54,240

and i've actually looked this up and if

799

00:31:57,190 --> 00:31:56,320

you look at take the end of the blue

800

00:32:01,909 --> 00:31:57,200

book

801  
00:32:03,990 --> 00:32:01,919  
you moved forward with the government

802  
00:32:05,430 --> 00:32:04,000  
was not involved now

803  
00:32:08,470 --> 00:32:05,440  
there's

804  
00:32:10,549 --> 00:32:08,480  
over 600

805  
00:32:13,509 --> 00:32:10,559  
individuals who have become flag

806  
00:32:15,590 --> 00:32:13,519  
officers generals or admirals

807  
00:32:19,110 --> 00:32:15,600  
since that time

808  
00:32:21,509 --> 00:32:19,120  
assuming they're like the general public

809  
00:32:24,230 --> 00:32:21,519  
probably somewhere around 60 some of

810  
00:32:26,070 --> 00:32:24,240  
them maybe more have had personal

811  
00:32:29,509 --> 00:32:26,080  
experiences

812  
00:32:32,310 --> 00:32:29,519  
so my question is not why

813  
00:32:33,669 --> 00:32:32,320

does this occur it's why haven't there

814

00:32:36,710 --> 00:32:33,679

been more

815

00:32:38,310 --> 00:32:36,720

why isn't there more interest as opposed

816

00:32:40,789 --> 00:32:38,320

to less

817

00:32:42,870 --> 00:32:40,799

one of the things that i had done with

818

00:32:45,350 --> 00:32:42,880

the program that i ran i ended up

819

00:32:47,990 --> 00:32:45,360

talking to the director deputy director

820

00:32:49,750 --> 00:32:48,000

of those three letter agencies you think

821

00:32:53,029 --> 00:32:49,760

you know about

822

00:32:55,430 --> 00:32:53,039

uh but one of them that was key that um

823

00:32:57,110 --> 00:32:55,440

it's an agency that would have to be

824

00:32:58,950 --> 00:32:57,120

involved in

825

00:33:01,190 --> 00:32:58,960

you know if you hear about

826  
00:33:02,789 --> 00:33:01,200  
teams going out and all of that

827  
00:33:05,110 --> 00:33:02,799  
especially

828  
00:33:06,710 --> 00:33:05,120  
and what they said was

829  
00:33:08,710 --> 00:33:06,720  
hey we don't do that there's no

830  
00:33:12,310 --> 00:33:08,720  
requirement to do it

831  
00:33:15,750 --> 00:33:12,320  
b i'll tell you about the ones i saw

832  
00:33:17,990 --> 00:33:15,760  
so here's the guy head of an agency who

833  
00:33:19,990 --> 00:33:18,000  
had had personal experience many years

834  
00:33:22,070 --> 00:33:20,000  
before he said he'd seen things flying

835  
00:33:25,590 --> 00:33:22,080  
around he says he knew

836  
00:33:27,110 --> 00:33:25,600  
exceeded the capability of anything that

837  
00:33:30,470 --> 00:33:27,120  
that we had

838  
00:33:32,870 --> 00:33:30,480

and and yet that does not translate to

839

00:33:35,509 --> 00:33:32,880

we'll do something about it

840

00:33:37,269 --> 00:33:35,519

and i do argue a long time there's a

841

00:33:39,590 --> 00:33:37,279

huge difference

842

00:33:42,149 --> 00:33:39,600

between individual interest and

843

00:33:44,230 --> 00:33:42,159

institutional responsibility

844

00:33:46,870 --> 00:33:44,240

so that's just because people are

845

00:33:49,669 --> 00:33:46,880

interested does not mean and you see

846

00:33:50,710 --> 00:33:49,679

this extrapolated frequently

847

00:33:52,789 --> 00:33:50,720

that

848

00:33:56,070 --> 00:33:52,799

you know they're there for got this guy

849

00:33:58,070 --> 00:33:56,080

does this so therefore that

850

00:33:59,669 --> 00:33:58,080

doesn't follow

851  
00:34:00,710 --> 00:33:59,679  
yeah absolutely but do you think there

852  
00:34:03,190 --> 00:34:00,720  
are

853  
00:34:04,950 --> 00:34:03,200  
projects or black projects or special

854  
00:34:07,669 --> 00:34:04,960  
access programs where

855  
00:34:10,069 --> 00:34:07,679  
they do know something they do know that

856  
00:34:12,550 --> 00:34:10,079  
these craft are

857  
00:34:14,869 --> 00:34:12,560  
not from here

858  
00:34:17,430 --> 00:34:14,879  
well that's barely been

859  
00:34:18,710 --> 00:34:17,440  
publicly acknowledged i mean

860  
00:34:21,430 --> 00:34:18,720  
most of us

861  
00:34:23,190 --> 00:34:21,440  
when i put my group together

862  
00:34:25,270 --> 00:34:23,200  
i had representatives from all of

863  
00:34:26,790 --> 00:34:25,280

different services from the intelligence

864

00:34:30,069 --> 00:34:26,800

community from

865

00:34:32,470 --> 00:34:30,079

uh aerospace uh that was doing it and

866

00:34:34,950 --> 00:34:32,480

they all had to have top secret and sei

867

00:34:37,589 --> 00:34:34,960

level clearances

868

00:34:39,669 --> 00:34:37,599

everybody knew the folklore

869

00:34:41,510 --> 00:34:39,679

the bottom line was everybody's saying i

870

00:34:43,270 --> 00:34:41,520

thought you had that you know no don't

871

00:34:44,710 --> 00:34:43,280

you actually doing this i thought you

872

00:34:47,669 --> 00:34:44,720

know it would be here

873

00:34:49,829 --> 00:34:47,679

and my bottom line that i still maintain

874

00:34:51,349 --> 00:34:49,839

is but for most of the time nobody's

875

00:34:54,069 --> 00:34:51,359

minding the store

876

00:34:56,310 --> 00:34:54,079

it's far more anecdotal it doesn't mean

877

00:34:59,990 --> 00:34:56,320

that things didn't happen you've heard

878

00:35:02,790 --> 00:35:00,000

of monster and you know the huge

879

00:35:04,710 --> 00:35:02,800

faded giant and bob salas and that did

880

00:35:06,710 --> 00:35:04,720

they study it yes

881

00:35:08,790 --> 00:35:06,720

did it go in it

882

00:35:12,069 --> 00:35:08,800

and this is one of the key things but

883

00:35:12,950 --> 00:35:12,079

drop back to the remote viewing program

884

00:35:15,190 --> 00:35:12,960

uh

885

00:35:16,470 --> 00:35:15,200

you know that was what we call a program

886

00:35:18,630 --> 00:35:16,480

or record

887

00:35:21,670 --> 00:35:18,640

meaning it was

888

00:35:22,870 --> 00:35:21,680

constituted it was fully funded

889

00:35:24,950 --> 00:35:22,880

yes it was

890

00:35:27,670 --> 00:35:24,960

you know behind the doors but

891

00:35:31,190 --> 00:35:27,680

you know it was there and it was formal

892

00:35:32,870 --> 00:35:31,200

as opposed to a host of things like

893

00:35:34,870 --> 00:35:32,880

things we did

894

00:35:36,550 --> 00:35:34,880

that were not formalized

895

00:35:37,990 --> 00:35:36,560

and uh

896

00:35:40,470 --> 00:35:38,000

yeah

897

00:35:42,550 --> 00:35:40,480

and what i have found

898

00:35:44,630 --> 00:35:42,560

across the board is you have people who

899

00:35:46,870 --> 00:35:44,640

have these experiences get interested

900

00:35:49,910 --> 00:35:46,880

they'll go so far

901  
00:35:51,750 --> 00:35:49,920  
and the thing you can muck about in

902  
00:35:54,230 --> 00:35:51,760  
when you understand funding and all of

903  
00:35:56,790 --> 00:35:54,240  
that there's so much of

904  
00:35:59,589 --> 00:35:56,800  
discretionary funds that are available

905  
00:36:00,630 --> 00:35:59,599  
but as you get higher and higher you get

906  
00:36:02,470 --> 00:36:00,640  
more

907  
00:36:05,510 --> 00:36:02,480  
uh scrutiny

908  
00:36:08,870 --> 00:36:05,520  
and more people start fighting over it

909  
00:36:11,190 --> 00:36:08,880  
uh my key story there is i'd end up with

910  
00:36:12,390 --> 00:36:11,200  
jim abramson who was then

911  
00:36:15,670 --> 00:36:12,400  
running

912  
00:36:16,550 --> 00:36:15,680  
star wars the sdi program

913  
00:36:19,109 --> 00:36:16,560

and

914

00:36:21,270 --> 00:36:19,119

uh at that time we had decided to

915

00:36:23,990 --> 00:36:21,280

transition from

916

00:36:26,870 --> 00:36:24,000

okay we're doing this ad hoc let's

917

00:36:29,190 --> 00:36:26,880

you know try to formalize it and his

918

00:36:30,710 --> 00:36:29,200

response was quite telling and

919

00:36:32,870 --> 00:36:30,720

appropriate

920

00:36:35,190 --> 00:36:32,880

and i think a warning for some of the

921

00:36:37,349 --> 00:36:35,200

things that are coming out now

922

00:36:39,190 --> 00:36:37,359

and that was

923

00:36:41,589 --> 00:36:39,200

hey i'm kind of

924

00:36:43,750 --> 00:36:41,599

it says i'm an old fighter pilot then

925

00:36:46,390 --> 00:36:43,760

you kind of got my attention here after

926  
00:36:49,910 --> 00:36:46,400  
we didn't initially we started this with

927  
00:36:51,829 --> 00:36:49,920  
an interview uh and i i had opened it up

928  
00:36:53,510 --> 00:36:51,839  
and we're going around the room and all

929  
00:36:55,750 --> 00:36:53,520  
of a sudden you know wait who are you

930  
00:36:59,030 --> 00:36:55,760  
guys really you know what

931  
00:37:01,510 --> 00:36:59,040  
he did not know the topic before we met

932  
00:37:04,150 --> 00:37:01,520  
and went back and we finally talked

933  
00:37:06,790 --> 00:37:04,160  
about a whole host of things

934  
00:37:09,349 --> 00:37:06,800  
and he got my attention said well we'd

935  
00:37:12,470 --> 00:37:09,359  
like to transition and we go

936  
00:37:15,109 --> 00:37:12,480  
look i'm doing some hairy stuff now

937  
00:37:17,349 --> 00:37:15,119  
and he had a five billion dollar budget

938  
00:37:20,710 --> 00:37:17,359

wow that which was the biggest

939

00:37:23,109 --> 00:37:20,720

defense project at that time and it was

940

00:37:26,230 --> 00:37:23,119

if i get caught doing this

941

00:37:28,790 --> 00:37:26,240

you know they're going to nail my budget

942

00:37:30,870 --> 00:37:28,800

and he did get cut a billion he says i

943

00:37:33,190 --> 00:37:30,880

just can't can't touch this but he said

944

00:37:34,790 --> 00:37:33,200

now if you can tell me what to look for

945

00:37:36,470 --> 00:37:34,800

because we're going to be monitoring

946

00:37:38,790 --> 00:37:36,480

more of space

947

00:37:40,390 --> 00:37:38,800

and one of our concerns of course was

948

00:37:41,430 --> 00:37:40,400

that you could accidentally trigger

949

00:37:47,750 --> 00:37:41,440

something

950

00:37:49,829 --> 00:37:47,760

to soviet this is the bad old days

951  
00:37:51,670 --> 00:37:49,839  
you know you might trigger something

952  
00:37:54,230 --> 00:37:51,680  
accidentally you really ought to be able

953  
00:37:55,829 --> 00:37:54,240  
to tell the difference between a ufo

954  
00:37:58,390 --> 00:37:55,839  
event and

955  
00:38:01,109 --> 00:37:58,400  
you know a potential incursion

956  
00:38:03,670 --> 00:38:01,119  
um but anyway it turned us down

957  
00:38:06,790 --> 00:38:03,680  
specifically because

958  
00:38:08,950 --> 00:38:06,800  
they would not be seen as stewards of

959  
00:38:11,430 --> 00:38:08,960  
you know public funds

960  
00:38:14,310 --> 00:38:11,440  
and i've been attacked by uh in

961  
00:38:16,470 --> 00:38:14,320  
scientific american and uh

962  
00:38:19,829 --> 00:38:16,480  
bullet atomic scientists and all that

963  
00:38:21,510 --> 00:38:19,839

personally and the same thing should not

964

00:38:24,310 --> 00:38:21,520

be because

965

00:38:28,069 --> 00:38:24,320

you have beliefs in these areas

966

00:38:29,829 --> 00:38:28,079

therefore you can't be a good manager

967

00:38:32,069 --> 00:38:29,839

yeah wow

968

00:38:34,230 --> 00:38:32,079

it happens yeah um so let's bring it

969

00:38:37,190 --> 00:38:34,240

back up to last year 2021 and the

970

00:38:39,750 --> 00:38:37,200

release of the um the preliminary

971

00:38:41,109 --> 00:38:39,760

assessment from the uap task force

972

00:38:43,270 --> 00:38:41,119

what were your thoughts when you first

973

00:38:44,870 --> 00:38:43,280

saw that document because it was a split

974

00:38:46,630 --> 00:38:44,880

you know a lot of people

975

00:38:48,870 --> 00:38:46,640

just thought it was nothing and other

976

00:38:50,710 --> 00:38:48,880

people felt like there was quite a lot

977

00:38:53,030 --> 00:38:50,720

of tells in there

978

00:38:55,270 --> 00:38:53,040

i um

979

00:38:57,270 --> 00:38:55,280

but i have given a couple of briefings

980

00:38:59,990 --> 00:38:57,280

on it and i have a picture there of a

981

00:39:02,470 --> 00:39:00,000

big nothing burger

982

00:39:05,190 --> 00:39:02,480

basically all of the information that

983

00:39:07,349 --> 00:39:05,200

was certainly in the public variety was

984

00:39:09,670 --> 00:39:07,359

publicly known

985

00:39:11,829 --> 00:39:09,680

uh having said so

986

00:39:15,109 --> 00:39:11,839

i mean it's still interesting that you

987

00:39:17,349 --> 00:39:15,119

did get official confirmation yay barely

988

00:39:18,550 --> 00:39:17,359

is real so that

989

00:39:19,990 --> 00:39:18,560

is a

990

00:39:21,190 --> 00:39:20,000

step forward

991

00:39:24,390 --> 00:39:21,200

um

992

00:39:26,230 --> 00:39:24,400

now where i get into a lot of trouble is

993

00:39:28,550 --> 00:39:26,240

when we say where should you go now i do

994

00:39:31,190 --> 00:39:28,560

think the military has a role

995

00:39:34,310 --> 00:39:31,200

and they bring to the table censor

996

00:39:36,950 --> 00:39:34,320

systems that are not available you know

997

00:39:39,910 --> 00:39:36,960

to the general public and whatnot

998

00:39:41,670 --> 00:39:39,920

having said that i think that the issue

999

00:39:44,390 --> 00:39:41,680

is so broad if you get back to the

1000

00:39:46,870 --> 00:39:44,400

consciousness relation

1001  
00:39:49,670 --> 00:39:46,880  
other than direct intervention with

1002  
00:39:52,069 --> 00:39:49,680  
military craft and things of that nature

1003  
00:39:55,270 --> 00:39:52,079  
i'm not convinced the government has a

1004  
00:39:56,390 --> 00:39:55,280  
role on the broader scope

1005  
00:39:58,550 --> 00:39:56,400  
now

1006  
00:40:00,310 --> 00:39:58,560  
i'll take a step ahead and tell you what

1007  
00:40:03,750 --> 00:40:00,320  
i do think

1008  
00:40:06,870 --> 00:40:03,760  
ought to happen i my approach to this is

1009  
00:40:08,870 --> 00:40:06,880  
something like the human genome project

1010  
00:40:12,790 --> 00:40:08,880  
they're very familiar with that terribly

1011  
00:40:15,270 --> 00:40:12,800  
complex and was resolved

1012  
00:40:16,390 --> 00:40:15,280  
you know under budget and ahead of

1013  
00:40:19,109 --> 00:40:16,400

schedule

1014

00:40:21,349 --> 00:40:19,119

but the approach was

1015

00:40:24,150 --> 00:40:21,359

that you have many

1016

00:40:26,470 --> 00:40:24,160

countries are involved to have various

1017

00:40:27,750 --> 00:40:26,480

universities bringing together the best

1018

00:40:30,550 --> 00:40:27,760

and the brightest

1019

00:40:32,710 --> 00:40:30,560

and most importantly data sharing

1020

00:40:34,950 --> 00:40:32,720

and the biggest problem that i see from

1021

00:40:36,150 --> 00:40:34,960

a military perspective

1022

00:40:38,630 --> 00:40:36,160

so far

1023

00:40:40,069 --> 00:40:38,640

and i understand why because knowledge

1024

00:40:42,390 --> 00:40:40,079

is power

1025

00:40:45,589 --> 00:40:42,400

and so you have the lack of data sharing

1026  
00:40:48,870 --> 00:40:45,599  
which is the antithesis of what's needed

1027  
00:40:50,630 --> 00:40:48,880  
to address these issues

1028  
00:40:53,109 --> 00:40:50,640  
yeah absolutely i mean we've just seen

1029  
00:40:55,270 --> 00:40:53,119  
the the latest um national defense

1030  
00:40:57,589 --> 00:40:55,280  
authorization act passed with

1031  
00:41:00,150 --> 00:40:57,599  
uh the amendments in it to set up this

1032  
00:41:02,150 --> 00:41:00,160  
new uap office which does feature

1033  
00:41:04,390 --> 00:41:02,160  
sharing with allies you know like the

1034  
00:41:05,430 --> 00:41:04,400  
five eyes community do you think that

1035  
00:41:08,230 --> 00:41:05,440  
that may

1036  
00:41:10,230 --> 00:41:08,240  
still turn out to be to go nowhere or do

1037  
00:41:12,870 --> 00:41:10,240  
you have any kind of hope for that

1038  
00:41:13,750 --> 00:41:12,880

project or that amendment let's say

1039

00:41:17,829 --> 00:41:13,760

yeah

1040

00:41:18,710 --> 00:41:17,839

very mixed uh well again it gets back to

1041

00:41:21,109 --> 00:41:18,720

you know

1042

00:41:22,950 --> 00:41:21,119

i think serious data is going to be

1043

00:41:24,069 --> 00:41:22,960

withheld

1044

00:41:25,829 --> 00:41:24,079

uh

1045

00:41:29,750 --> 00:41:25,839

you just don't have

1046

00:41:32,470 --> 00:41:29,760

oversight the other is a key

1047

00:41:34,630 --> 00:41:32,480

issue and i don't know who but who

1048

00:41:37,030 --> 00:41:34,640

is involved

1049

00:41:40,390 --> 00:41:37,040

and one of the problems we've had

1050

00:41:43,270 --> 00:41:40,400

in all stating all of these phenomena

1051  
00:41:45,750 --> 00:41:43,280  
is they want to bring in supervisors and

1052  
00:41:48,230 --> 00:41:45,760  
boards that are unbiased

1053  
00:41:50,150 --> 00:41:48,240  
meaning they're not unbiased they

1054  
00:41:51,190 --> 00:41:50,160  
generally don't know anything about the

1055  
00:41:53,190 --> 00:41:51,200  
topic

1056  
00:41:55,750 --> 00:41:53,200  
and you know if i'm going to go in for

1057  
00:41:57,829 --> 00:41:55,760  
brain surgery i do not want a surgeon

1058  
00:42:00,230 --> 00:41:57,839  
who's unbiased i want somebody who

1059  
00:42:02,630 --> 00:42:00,240  
really knows the topic

1060  
00:42:05,430 --> 00:42:02,640  
and have interest uh but you gotta

1061  
00:42:07,910 --> 00:42:05,440  
remember we're dealing with micro belief

1062  
00:42:09,510 --> 00:42:07,920  
structures here

1063  
00:42:11,030 --> 00:42:09,520

because

1064

00:42:13,430 --> 00:42:11,040  
mass majority of the military and

1065

00:42:17,109 --> 00:42:13,440  
scientific community comes up

1066

00:42:19,190 --> 00:42:17,119  
in a system that you know purely

1067

00:42:20,630 --> 00:42:19,200  
mechanistic uh

1068

00:42:23,990 --> 00:42:20,640  
the way the world

1069

00:42:26,069 --> 00:42:24,000  
works and it doesn't

1070

00:42:29,109 --> 00:42:26,079  
but you're looking at you know these

1071

00:42:30,950 --> 00:42:29,119  
terribly complex subjects and should you

1072

00:42:32,470 --> 00:42:30,960  
be involved so you bring in a belief

1073

00:42:36,150 --> 00:42:32,480  
system that says

1074

00:42:38,309 --> 00:42:36,160  
it can't be therefore it isn't

1075

00:42:40,309 --> 00:42:38,319  
i'll i'll also mention because it may

1076  
00:42:43,030 --> 00:42:40,319  
come up and that's i come down against

1077  
00:42:45,990 --> 00:42:43,040  
the eth or the extraterrestrial

1078  
00:42:49,030 --> 00:42:46,000  
hypothesis yeah that is the direction

1079  
00:42:51,510 --> 00:42:49,040  
they will go because if not here then

1080  
00:42:54,390 --> 00:42:51,520  
from where and what

1081  
00:42:57,109 --> 00:42:54,400  
and my point here is there have been

1082  
00:42:59,750 --> 00:42:57,119  
reports of interactions between humans

1083  
00:43:02,230 --> 00:42:59,760  
and sandy of non-human beings

1084  
00:43:04,950 --> 00:43:02,240  
throughout the entirety of human history

1085  
00:43:07,829 --> 00:43:04,960  
and in all cultures and that

1086  
00:43:09,910 --> 00:43:07,839  
so it's obviously what's going on is far

1087  
00:43:12,150 --> 00:43:09,920  
far broader than little grey guys from

1088  
00:43:13,589 --> 00:43:12,160

zeta meticolite

1089

00:43:15,990 --> 00:43:13,599

yeah so you do you think you would put

1090

00:43:18,470 --> 00:43:16,000

that hypothesis i mean we have so many

1091

00:43:20,230 --> 00:43:18,480

different possibilities with the crypto

1092

00:43:21,750 --> 00:43:20,240

terrestrial the ultra-terrestrial

1093

00:43:23,109 --> 00:43:21,760

inter-dimensional

1094

00:43:25,430 --> 00:43:23,119

so do you would you put the

1095

00:43:26,790 --> 00:43:25,440

extraterrestrial hypotheses underneath

1096

00:43:30,150 --> 00:43:26,800

those other ones

1097

00:43:31,829 --> 00:43:30,160

oh it's one now if the question is

1098

00:43:34,710 --> 00:43:31,839

is there intelligent life in the

1099

00:43:36,790 --> 00:43:34,720

universe someplace the answer is yes

1100

00:43:39,589 --> 00:43:36,800

and you don't have the belief system

1101

00:43:41,510 --> 00:43:39,599

about that that's pure math just the

1102

00:43:44,630 --> 00:43:41,520

numbers of billions of

1103

00:43:47,030 --> 00:43:44,640

inhabitable uh planets that that exist

1104

00:43:50,550 --> 00:43:47,040

out there where would they be in the

1105

00:43:53,510 --> 00:43:50,560

process of evolution and whatnot

1106

00:43:54,870 --> 00:43:53,520

yeah the probability of it is definitely

1107

00:43:57,510 --> 00:43:54,880

yes

1108

00:43:59,910 --> 00:43:57,520

now doesn't fit in all of those others

1109

00:44:02,309 --> 00:43:59,920

and that's where i get into

1110

00:44:05,510 --> 00:44:02,319

you know what we're looking at is far

1111

00:44:06,309 --> 00:44:05,520

more complex than we can imagine

1112

00:44:14,230 --> 00:44:06,319

yeah

1113

00:44:15,829 --> 00:44:14,240

we can't answer at the moment i mean

1114

00:44:16,630 --> 00:44:15,839

maybe there are people out there who do

1115

00:44:18,150 --> 00:44:16,640

know

1116

00:44:20,829 --> 00:44:18,160

more than we hear but

1117

00:44:24,950 --> 00:44:20,839

you know we don't oh i certainly don't

1118

00:44:26,150 --> 00:44:24,960

well if you drop back to the the essay

1119

00:44:27,589 --> 00:44:26,160

contest

1120

00:44:29,589 --> 00:44:27,599

right uh

1121

00:44:32,550 --> 00:44:29,599

and i know what you know jeff went in i

1122

00:44:35,190 --> 00:44:32,560

was talking to you know raymond moody

1123

00:44:38,710 --> 00:44:35,200

who's the guy who kind of created the

1124

00:44:40,390 --> 00:44:38,720

whole field where he's in my mentor uh

1125

00:44:42,390 --> 00:44:40,400

the ones who came up with near-death

1126

00:44:44,390 --> 00:44:42,400

experiences and stuff back we were

1127

00:44:46,710 --> 00:44:44,400

talking in the 70s

1128

00:44:49,829 --> 00:44:46,720

right and i was talking to raymond about

1129

00:44:51,190 --> 00:44:49,839

it and he actually does courses in uh

1130

00:44:53,550 --> 00:44:51,200

nonsense

1131

00:44:57,190 --> 00:44:53,560

and his point here is

1132

00:44:59,349 --> 00:44:57,200

aristotelian logic is probably incapable

1133

00:45:02,829 --> 00:44:59,359

of solving the kinds of problems that

1134

00:45:06,790 --> 00:45:06,069

right that's absolutely fascinating that

1135

00:45:09,910 --> 00:45:06,800

i've

1136

00:45:11,910 --> 00:45:09,920

but i'm going to take some time just to

1137

00:45:14,710 --> 00:45:11,920

jump to some of the questions we've had

1138

00:45:17,349 --> 00:45:14,720

uh in the live chat here um so apologies

1139

00:45:18,870 --> 00:45:17,359

john if any of these kind of do kind of

1140

00:45:21,589 --> 00:45:18,880

cover some of what we've talked about

1141

00:45:23,750 --> 00:45:21,599

but i'll read them anyway um so walker

1142

00:45:24,630 --> 00:45:23,760

dale and thank you for the five dollars

1143

00:45:26,309 --> 00:45:24,640

says

1144

00:45:28,390 --> 00:45:26,319

i'm just wondering does john think we

1145

00:45:30,550 --> 00:45:28,400

will see government confirmation of a

1146

00:45:35,270 --> 00:45:30,560

non-human intelligence presence here on

1147

00:45:38,630 --> 00:45:36,309

no

1148

00:45:39,829 --> 00:45:38,640

um

1149

00:45:46,470 --> 00:45:39,839

now

1150

00:45:51,109 --> 00:45:48,309

i guess there's a gallup poll that was

1151  
00:45:53,750 --> 00:45:51,119  
out asking about intelligent life in the

1152  
00:45:56,470 --> 00:45:53,760  
universe and what people thought

1153  
00:45:58,870 --> 00:45:56,480  
and one of the things they found was 20

1154  
00:46:01,030 --> 00:45:58,880  
of the global population

1155  
00:46:03,750 --> 00:46:01,040  
believed that e.t was here

1156  
00:46:06,790 --> 00:46:03,760  
i mean so you're walking among us and

1157  
00:46:09,190 --> 00:46:06,800  
all that so that's part of it

1158  
00:46:11,750 --> 00:46:09,200  
uh but i do i think that there's going

1159  
00:46:14,790 --> 00:46:11,760  
to be a formal recognition of anything

1160  
00:46:17,589 --> 00:46:14,800  
like that and again i i don't think it's

1161  
00:46:19,349 --> 00:46:17,599  
e.t just walking around you've got too

1162  
00:46:21,589 --> 00:46:19,359  
many other

1163  
00:46:23,510 --> 00:46:21,599

possibilities that you've

1164

00:46:26,470 --> 00:46:23,520  
eliminated

1165

00:46:28,390 --> 00:46:26,480  
but i don't see the government

1166

00:46:30,790 --> 00:46:28,400  
there's no upside

1167

00:46:32,790 --> 00:46:30,800  
for them doing that

1168

00:46:34,390 --> 00:46:32,800  
fair enough yeah yeah

1169

00:46:36,069 --> 00:46:34,400  
and particularly if you're again get

1170

00:46:38,150 --> 00:46:36,079  
back to funding

1171

00:46:40,230 --> 00:46:38,160  
if you get off into those areas people

1172

00:46:42,870 --> 00:46:40,240  
are going to say what are you doing with

1173

00:46:45,190 --> 00:46:42,880  
public funds sure

1174

00:46:47,349 --> 00:46:45,200  
yeah absolutely um the next question

1175

00:46:49,910 --> 00:46:47,359  
comes from that ufo lady and thank you

1176  
00:46:51,829 --> 00:46:49,920  
for your kind donation uh can john relay

1177  
00:46:53,589 --> 00:46:51,839  
his experience and thoughts regarding

1178  
00:46:56,950 --> 00:46:53,599  
the lady

1179  
00:46:57,310 --> 00:46:56,960  
bledsoe encounter yeah i'm sorry joe

1180  
00:47:01,430 --> 00:46:57,320  
um

1181  
00:47:05,270 --> 00:47:03,349  
obviously i've heard about it it is

1182  
00:47:08,470 --> 00:47:05,280  
something that chris talks about and

1183  
00:47:10,309 --> 00:47:08,480  
having seen the lady he talks about now

1184  
00:47:12,230 --> 00:47:10,319  
the orbs that are there that he

1185  
00:47:14,470 --> 00:47:12,240  
communicates with

1186  
00:47:16,069 --> 00:47:14,480  
and that they are sentient beings

1187  
00:47:19,589 --> 00:47:16,079  
communicating it

1188  
00:47:21,829 --> 00:47:19,599

um but beyond what chris has said not

1189

00:47:22,870 --> 00:47:21,839

really i this is not something i have

1190

00:47:24,870 --> 00:47:22,880

personally

1191

00:47:28,150 --> 00:47:24,880

experienced

1192

00:47:30,549 --> 00:47:28,160

but i have come to trust his

1193

00:47:32,470 --> 00:47:30,559

discussion of these things like i say

1194

00:47:36,470 --> 00:47:32,480

after having the

1195

00:47:40,710 --> 00:47:39,030

very interesting

1196

00:47:42,630 --> 00:47:40,720

excellent of course one of the things

1197

00:47:45,670 --> 00:47:42,640

you mentioned is that there's a lot of

1198

00:47:47,670 --> 00:47:45,680

healing that's associated with it used

1199

00:47:50,230 --> 00:47:47,680

to be that he had a tree uh in the

1200

00:47:53,990 --> 00:47:50,240

backyard very unusual one that had

1201  
00:47:55,670 --> 00:47:54,000  
burned literally from the inside out and

1202  
00:47:56,710 --> 00:47:55,680  
when it caught fire

1203  
00:47:59,190 --> 00:47:56,720  
uh

1204  
00:48:01,190 --> 00:47:59,200  
and people would send stuff when i was

1205  
00:48:03,750 --> 00:48:01,200  
there with all kinds of clothing the

1206  
00:48:06,150 --> 00:48:03,760  
people had sent in that wanted healing

1207  
00:48:09,270 --> 00:48:06,160  
and then it would be exposed and then

1208  
00:48:11,910 --> 00:48:10,630  
well

1209  
00:48:13,670 --> 00:48:11,920  
the clothing would then hold healing

1210  
00:48:15,670 --> 00:48:13,680  
powers is that what you're saying yeah

1211  
00:48:18,390 --> 00:48:15,680  
that's what it was

1212  
00:48:21,030 --> 00:48:18,400  
yeah yeah basically yes

1213  
00:48:22,710 --> 00:48:21,040

people thought that that was true

1214

00:48:25,109 --> 00:48:22,720

i mean

1215

00:48:27,670 --> 00:48:25,119

the whole notion of you know religious

1216

00:48:28,790 --> 00:48:27,680

artifacts that have healing power has

1217

00:48:29,910 --> 00:48:28,800

been

1218

00:48:31,990 --> 00:48:29,920

uh

1219

00:48:34,790 --> 00:48:32,000

around for centuries

1220

00:48:37,030 --> 00:48:34,800

of course yeah absolutely

1221

00:48:38,870 --> 00:48:37,040

and the next one comes from adam reed he

1222

00:48:40,630 --> 00:48:38,880

says i don't have any questions for mr

1223

00:48:42,230 --> 00:48:40,640

alexander would just

1224

00:48:48,309 --> 00:48:42,240

would just love you to let him know that

1225

00:48:52,549 --> 00:48:49,910

um

1226

00:48:54,150 --> 00:48:52,559

the next one is from alm alien lives

1227

00:48:56,069 --> 00:48:54,160

matter he asks

1228

00:48:58,710 --> 00:48:56,079

john comments on robert dean

1229

00:49:01,750 --> 00:48:58,720

command sergeant major of nato ufo

1230

00:49:03,270 --> 00:49:01,760

report he spoke on

1231

00:49:05,589 --> 00:49:03,280

i'm not really i don't really understand

1232

00:49:07,190 --> 00:49:05,599

the question there can john comment on

1233

00:49:10,230 --> 00:49:07,200

robert dean

1234

00:49:11,830 --> 00:49:10,240

ufo report does that ring any bells

1235

00:49:14,069 --> 00:49:11,840

it does um

1236

00:49:17,109 --> 00:49:14,079

[Music]

1237

00:49:18,950 --> 00:49:17,119

i try to be kind but i guess [h\_\_h]

1238

00:49:21,670 --> 00:49:18,960

would be my uh

1239

00:49:24,549 --> 00:49:21,680

technical explanation hey say it like it

1240

00:49:26,870 --> 00:49:24,559

is don't hold back

1241

00:49:28,069 --> 00:49:26,880

nope that's fair enough

1242

00:49:28,950 --> 00:49:28,079

um well i

1243

00:49:30,870 --> 00:49:28,960

maybe

1244

00:49:33,270 --> 00:49:30,880

one of the things he mentioned i was in

1245

00:49:37,349 --> 00:49:33,280

a course at harvard

1246

00:49:39,349 --> 00:49:37,359

uh for senior executives and uh we had

1247

00:49:42,549 --> 00:49:39,359

working groups and it turns out one of

1248

00:49:46,549 --> 00:49:42,559

the individual in my working groups

1249

00:49:48,069 --> 00:49:46,559

went on to be the deputy commander

1250

00:49:50,710 --> 00:49:48,079

at nato

1251  
00:49:51,670 --> 00:49:50,720  
where dean says this information came

1252  
00:49:52,870 --> 00:49:51,680  
from

1253  
00:49:55,990 --> 00:49:52,880  
um

1254  
00:49:58,710 --> 00:49:56,000  
so i happened to be uh in bonds and

1255  
00:50:02,069 --> 00:49:58,720  
stopped in and talked to him about this

1256  
00:50:04,390 --> 00:50:02,079  
i mean they already knew i was crazy

1257  
00:50:07,190 --> 00:50:04,400  
by the way the reason

1258  
00:50:08,470 --> 00:50:07,200  
the deputy commander is always an

1259  
00:50:11,510 --> 00:50:08,480  
american

1260  
00:50:13,510 --> 00:50:11,520  
has to do with nuclear weapons

1261  
00:50:14,790 --> 00:50:13,520  
because you can't you have people other

1262  
00:50:16,950 --> 00:50:14,800  
ones in

1263  
00:50:19,510 --> 00:50:16,960

nato but they do not have command of

1264

00:50:20,950 --> 00:50:19,520

nuclear systems so that that's why

1265

00:50:22,390 --> 00:50:20,960

this guy was

1266

00:50:23,670 --> 00:50:22,400

always there

1267

00:50:27,349 --> 00:50:23,680

but asked him

1268

00:50:29,750 --> 00:50:27,359

about this specifically

1269

00:50:32,549 --> 00:50:29,760

if it's there it certainly did not

1270

00:50:34,710 --> 00:50:32,559

rise up to the senior leadership

1271

00:50:36,470 --> 00:50:34,720

right okay

1272

00:50:38,710 --> 00:50:36,480

excellent and the next one comes from

1273

00:50:40,470 --> 00:50:38,720

jay allen he says we know from the skin

1274

00:50:42,950 --> 00:50:40,480

walkers at the pentacon book that joe

1275

00:50:45,430 --> 00:50:42,960

mcmonagle did remote view the skinwalker

1276

00:50:48,549 --> 00:50:45,440

property officially but we don't have

1277

00:50:50,790 --> 00:50:48,559

access to that data any comments

1278

00:50:52,790 --> 00:50:50,800

well those are all pro what do you mean

1279

00:50:55,910 --> 00:50:52,800

officially

1280

00:50:58,630 --> 00:50:55,920

i guess as part of a program or or

1281

00:51:00,309 --> 00:50:58,640

it may be uh oh there's a lot of

1282

00:51:04,710 --> 00:51:00,319

information

1283

00:51:06,150 --> 00:51:04,720

uh most of it remember is privately held

1284

00:51:08,230 --> 00:51:06,160

and uh

1285

00:51:09,829 --> 00:51:08,240

that's been one of the problems with

1286

00:51:11,589 --> 00:51:09,839

dealing with some of these areas where

1287

00:51:14,630 --> 00:51:11,599

you have the government you move it to a

1288

00:51:15,670 --> 00:51:14,640

contractor who is not subject to the

1289

00:51:17,750 --> 00:51:15,680

foia

1290

00:51:21,190 --> 00:51:17,760

the freedom of information act

1291

00:51:25,670 --> 00:51:23,910

now one of the things bob does not do is

1292

00:51:28,630 --> 00:51:25,680

talk a lot

1293

00:51:30,470 --> 00:51:28,640

that would have been in his domain

1294

00:51:31,990 --> 00:51:30,480

absolutely in the mid was it would that

1295

00:51:34,829 --> 00:51:32,000

have been the next days with mcMahon no

1296

00:51:36,790 --> 00:51:34,839

no this is this was after

1297

00:51:39,829 --> 00:51:36,800

although

1298

00:51:42,790 --> 00:51:41,750

i believe it's both

1299

00:51:44,069 --> 00:51:42,800

i believe

1300

00:51:45,910 --> 00:51:44,079

because

1301

00:51:48,069 --> 00:51:45,920

i was in touch with joe and i think we

1302

00:51:49,510 --> 00:51:48,079

did have him do stuff

1303

00:51:52,230 --> 00:51:49,520

before that

1304

00:51:54,309 --> 00:51:52,240

uh got one of the great remote viewers

1305

00:51:55,430 --> 00:51:54,319

out there

1306

00:51:57,109 --> 00:51:55,440

right yeah

1307

00:51:58,710 --> 00:51:57,119

um

1308

00:52:01,990 --> 00:51:58,720

shardle thank you so much for your

1309

00:52:06,150 --> 00:52:02,000

donation um he says roswell 1947

1310

00:52:08,150 --> 00:52:06,160

hopkinsville 55 and kecksburg 65. all

1311

00:52:10,630 --> 00:52:08,160

cases with claims of military retrieval

1312

00:52:12,870 --> 00:52:10,640

of crust ufos stored in wright-patterson

1313

00:52:14,710 --> 00:52:12,880

air force base are you aware of such

1314

00:52:18,390 --> 00:52:14,720

claims

1315

00:52:22,470 --> 00:52:18,400

um

1316

00:52:25,670 --> 00:52:22,480

a roswell happened b in my opinion it's

1317

00:52:28,549 --> 00:52:25,680

not e.t it was us

1318

00:52:31,030 --> 00:52:28,559

and certainly was recovered

1319

00:52:34,470 --> 00:52:31,040

uh and heavy-handed

1320

00:52:37,990 --> 00:52:34,480

uh i mentioned i was at los alamos

1321

00:52:40,950 --> 00:52:38,000

and part of it was i was there in the

1322

00:52:41,910 --> 00:52:40,960

hazel o'leary's truth and reconciliation

1323

00:52:44,150 --> 00:52:41,920

where

1324

00:52:46,549 --> 00:52:44,160

they were talking about this

1325

00:52:48,870 --> 00:52:46,559

and all of the interviews i had seen

1326

00:52:50,630 --> 00:52:48,880

several of them started with it was a

1327

00:52:53,349 --> 00:52:50,640

different time

1328

00:52:56,230 --> 00:52:53,359

and certainly at the end of the uh world

1329

00:52:58,309 --> 00:52:56,240

war ii it was a different time our

1330

00:52:59,990 --> 00:52:58,319

notion of what was going on

1331

00:53:02,390 --> 00:53:00,000

i mean i'm gonna are old enough to

1332

00:53:04,390 --> 00:53:02,400

remember duck and cover and things like

1333

00:53:06,950 --> 00:53:04,400

that when we thought the soviets were

1334

00:53:09,510 --> 00:53:06,960

gonna send nuclear weapons over some of

1335

00:53:12,630 --> 00:53:09,520

them in planes they didn't have or

1336

00:53:15,910 --> 00:53:12,640

missiles that didn't exist at that time

1337

00:53:18,870 --> 00:53:15,920

and everybody was worried about it so

1338

00:53:22,309 --> 00:53:18,880

the ability of the government to be very

1339

00:53:25,349 --> 00:53:22,319

heavy-handed at that time was very real

1340

00:53:26,829 --> 00:53:25,359

and i think that was true i

1341

00:53:31,190 --> 00:53:26,839

have seen stuff on

1342

00:53:32,710 --> 00:53:31,200

kecksburg i'm not as convinced

1343

00:53:34,630 --> 00:53:32,720

on that

1344

00:53:36,950 --> 00:53:34,640

but i will say

1345

00:53:40,150 --> 00:53:36,960

when you get to roswell no matter what

1346

00:53:44,230 --> 00:53:40,160

you do or how you slice that the data

1347

00:53:45,589 --> 00:53:44,240

never all fit a simple

1348

00:53:46,549 --> 00:53:45,599

answer

1349

00:53:47,670 --> 00:53:46,559

yeah

1350

00:53:49,750 --> 00:53:47,680

i understand

1351

00:53:51,670 --> 00:53:49,760

um finally this last question comes from

1352

00:53:54,470 --> 00:53:51,680

my good friend lara who funnily enough

1353

00:53:55,270 --> 00:53:54,480

her husband actually works at los alamos

1354

00:53:57,589 --> 00:53:55,280

um

1355

00:53:59,990 --> 00:53:57,599

lara says does mr alexander believe that

1356

00:54:02,230 --> 00:54:00,000

los alamos national labs is still doing

1357

00:54:04,630 --> 00:54:02,240

research on the various phenomena and if

1358

00:54:05,990 --> 00:54:04,640

so can you speak about it

1359

00:54:09,670 --> 00:54:06,000

uh hey

1360

00:54:11,510 --> 00:54:09,680

i retired from there in 95

1361

00:54:14,470 --> 00:54:11,520

back a couple times

1362

00:54:16,230 --> 00:54:14,480

uh as far as i know they were never well

1363

00:54:17,270 --> 00:54:16,240

that's not true

1364

00:54:19,670 --> 00:54:17,280

uh

1365

00:54:22,230 --> 00:54:19,680

a few minor

1366

00:54:24,230 --> 00:54:22,240

projects for instance a

1367

00:54:26,309 --> 00:54:24,240

remote viewing program i think we're

1368

00:54:29,829 --> 00:54:26,319

looking at uh

1369

00:54:32,470 --> 00:54:29,839

magneto encephalography i.e you know but

1370

00:54:35,510 --> 00:54:32,480

that was a contract work

1371

00:54:37,990 --> 00:54:35,520

as opposed to at the laboratory

1372

00:54:41,670 --> 00:54:38,000

had a number of friends i mean obviously

1373

00:54:46,069 --> 00:54:43,910

many of them with personal interests but

1374

00:54:48,630 --> 00:54:46,079

that generally does not change again

1375

00:54:51,589 --> 00:54:48,640

does not translate into institutional

1376

00:54:53,109 --> 00:54:51,599

interest or responsibility

1377

00:54:54,710 --> 00:54:53,119

right right

1378

00:54:56,470 --> 00:54:54,720

i've got to ask this one because this

1379

00:54:58,870 --> 00:54:56,480

kind of made me smile inside megan t

1380

00:55:03,510 --> 00:54:58,880

with the five dollar donation says is he

1381

00:55:06,710 --> 00:55:05,589

are you jonathan axelrod you know the

1382

00:55:07,589 --> 00:55:06,720

mysterious

1383

00:55:12,789 --> 00:55:07,599

no

1384

00:55:15,750 --> 00:55:12,799

about him but uh

1385

00:55:18,549 --> 00:55:15,760

definitely is it's not me

1386

00:55:20,309 --> 00:55:18,559

okay thank you there you go megan um and

1387

00:55:22,470 --> 00:55:20,319

finally john i i've got one last

1388

00:55:23,990 --> 00:55:22,480

question for you um

1389

00:55:27,270 --> 00:55:24,000

and i asked this to a lot of my guests

1390

00:55:28,789 --> 00:55:27,280

is do you have a favorite ufo uh case

1391

00:55:31,109 --> 00:55:28,799

whether it be something that you think

1392

00:55:33,349 --> 00:55:31,119

is genuinely an anomalous case or just a

1393

00:55:36,150 --> 00:55:33,359

story that is so out there that it just

1394

00:55:37,349 --> 00:55:36,160

sticks in your mind

1395

00:55:39,750 --> 00:55:37,359

well

1396

00:55:41,030 --> 00:55:39,760

obviously my personal favorite is blood

1397

00:55:43,510 --> 00:55:41,040

cell

1398

00:55:45,109 --> 00:55:43,520

because the personal uh interactions

1399

00:55:47,030 --> 00:55:45,119

with that

1400

00:55:49,430 --> 00:55:47,040

but again there are so many and you can

1401  
00:55:52,230 --> 00:55:49,440  
never get into can you top this i mean

1402  
00:55:54,549 --> 00:55:52,240  
it's there are so many phenomenal

1403  
00:55:57,829 --> 00:55:54,559  
uh cases that are out there

1404  
00:55:59,990 --> 00:55:57,839  
uh what i do say is that when you want

1405  
00:56:01,510 --> 00:56:00,000  
one with highest credibility i put

1406  
00:56:02,630 --> 00:56:01,520  
rentalsome

1407  
00:56:05,030 --> 00:56:02,640  
right there

1408  
00:56:08,390 --> 00:56:05,040  
uh of course i've been with chuck hall

1409  
00:56:09,670 --> 00:56:08,400  
to know a number of the people involved

1410  
00:56:12,950 --> 00:56:09,680  
the

1411  
00:56:14,309 --> 00:56:12,960  
physical evidence that's supportive

1412  
00:56:18,309 --> 00:56:14,319  
of the case

1413  
00:56:20,150 --> 00:56:18,319

and it's one that over time has improved

1414

00:56:22,630 --> 00:56:20,160

and more and more

1415

00:56:24,870 --> 00:56:22,640

highly credible witnesses

1416

00:56:27,589 --> 00:56:24,880

that uh have come forward

1417

00:56:29,990 --> 00:56:27,599

so when i get asked about you know what

1418

00:56:32,150 --> 00:56:30,000

are the credible cases that's certainly

1419

00:56:34,630 --> 00:56:32,160

the one that

1420

00:56:36,390 --> 00:56:34,640

that i would lead with frankly

1421

00:56:38,390 --> 00:56:36,400

excellent great answer i like that one

1422

00:56:40,150 --> 00:56:38,400

as a big case for me as well being from

1423

00:56:43,589 --> 00:56:40,160

the uk myself

1424

00:56:44,390 --> 00:56:43,599

fantastic so much that remember

1425

00:56:47,829 --> 00:56:44,400

you

1426  
00:56:50,390 --> 00:56:47,839  
certainly did not know that bent waters

1427  
00:56:52,870 --> 00:56:50,400  
was a nuclear storage facility most

1428  
00:56:56,470 --> 00:56:52,880  
forward one at the time which is kind of

1429  
00:56:59,670 --> 00:56:56,480  
interesting and critical to the uh

1430  
00:57:01,190 --> 00:56:59,680  
sorry and chuck when he talks about it

1431  
00:57:02,710 --> 00:57:01,200  
you know

1432  
00:57:05,030 --> 00:57:02,720  
um

1433  
00:57:07,829 --> 00:57:05,040  
you know was he debriefed on it and that

1434  
00:57:09,910 --> 00:57:07,839  
the answer was no his cute story was i

1435  
00:57:11,109 --> 00:57:09,920  
had contacted him

1436  
00:57:12,470 --> 00:57:11,119  
um

1437  
00:57:14,549 --> 00:57:12,480  
from los alamos

1438  
00:57:16,950 --> 00:57:14,559

and i was going to be in washington the

1439

00:57:19,190 --> 00:57:16,960

business and agreed to talk to him

1440

00:57:21,349 --> 00:57:19,200

and what he later said is gee i thought

1441

00:57:23,349 --> 00:57:21,359

this was somebody coming to finally

1442

00:57:25,510 --> 00:57:23,359

debrief him on the case

1443

00:57:27,349 --> 00:57:25,520

i was there just to learn more

1444

00:57:28,789 --> 00:57:27,359

information

1445

00:57:30,390 --> 00:57:28,799

no that's brilliant

1446

00:57:32,549 --> 00:57:30,400

yeah i hope

1447

00:57:34,710 --> 00:57:32,559

yeah and you as you say it does keep

1448

00:57:37,589 --> 00:57:34,720

evolving over the years and and that's

1449

00:57:39,109 --> 00:57:37,599

so fascinating absolutely well listen

1450

00:57:41,109 --> 00:57:39,119

john we're just just shy of the hour

1451  
00:57:42,789 --> 00:57:41,119  
mark but i just wanted to say thank you

1452  
00:57:45,510 --> 00:57:42,799  
so much it's been a pleasure and an

1453  
00:57:47,430 --> 00:57:45,520  
honor to speak to you um so any any

1454  
00:57:48,870 --> 00:57:47,440  
final words before we let you go and

1455  
00:57:49,990 --> 00:57:48,880  
enjoy your day

1456  
00:57:52,069 --> 00:57:50,000  
no i

1457  
00:57:54,630 --> 00:57:52,079  
appreciate it

1458  
00:57:59,829 --> 00:57:54,640  
thank you ever so much you take care

1459  
00:58:03,510 --> 00:58:01,829  
well guys thank you to everybody that's

1460  
00:58:04,950 --> 00:58:03,520  
here in the live chat for the questions

1461  
00:58:07,430 --> 00:58:04,960  
the donations

1462  
00:58:10,390 --> 00:58:07,440  
um i really appreciate it and thank you

1463  
00:58:12,710 --> 00:58:10,400

so much to to john alexander as well and

1464

00:58:15,829 --> 00:58:12,720

i will be back on thursday with dr david

1465

00:58:18,069 --> 00:58:15,839

clarke to discuss project condyne di55

1466

00:58:20,390 --> 00:58:18,079

and ufos in the uk

1467

00:58:22,309 --> 00:58:20,400

so um go follow me on my social medias

1468

00:58:24,069 --> 00:58:22,319

look out for all of the information
