channel it is sunday i hope everyone's

having a great day

5
00:00:40,470 --> 00:00:38,320

i'm looking forward to this conversation

6
00:00:41,830 --> 00:00:40,480

a couple of good friends of mine who we

7
00:00:43,830 --> 00:00:41,840

actually hung out last night over on

8
00:00:46,790 --> 00:00:43,840

priscilla's channel had a great

9
00:00:48,630 --> 00:00:46,800

conversation there for uap book club

10
00:00:50,470 --> 00:00:48,640

uh and they're here again tonight so

11
00:00:51,590 --> 00:00:50,480

let's not waste any more time and let's

12
00:00:54,310 --> 00:00:51,600

bring in

13
00:00:56,310 --> 00:00:54,320

mr sean rash sean how you doing mate

14

00:00:59,349 --> 00:00:56,320

pretty good thanks for having me sir hey

15

00:01:01,830 --> 00:00:59,359

my pleasure man and uh mr j christopher

16

00:01:03,750 --> 00:01:01,840

king jay thank you for joining me man

17

00:01:06,390 --> 00:01:03,760

hey it's great to be here great to see

18

00:01:08,469 --> 00:01:06,400

you vinnie and great to see you sean

19

00:01:11,429 --> 00:01:08,479

good to see you oh oh that was a that

20

00:01:15,109 --> 00:01:12,789

it's like i called the cops i didn't

21

00:01:16,550 --> 00:01:15,119

think they'd be there that quick

22

00:01:18,630 --> 00:01:16,560

i was just saying we had a great time

23

00:01:20,310 --> 00:01:18,640

over on uh book club last night that was

24

00:01:23,350 --> 00:01:20,320

really good man

25

00:01:25,190 --> 00:01:23,360

yeah yeah that was fun i love uh i love

26

00:01:27,429 --> 00:01:25,200

the the group of people

27

00:01:29,910 --> 00:01:27,439

and i'm looking forward to switching up

28

00:01:31,190 --> 00:01:29,920

the books a bit too by different authors

29

00:01:33,670 --> 00:01:31,200

um

30

00:01:36,230 --> 00:01:33,680

i i just love that because in the end it

31

00:01:37,910 --> 00:01:36,240

seems like we always wind up just

32

00:01:39,429 --> 00:01:37,920

talking about bigger questions which i

33

00:01:40,630 --> 00:01:39,439

really appreciate

34

00:01:43,590 --> 00:01:40,640

yeah yeah and for anyone that isn't

35

00:01:45,830 --> 00:01:43,600

aware we were discussing um trinity the

36

00:01:47,510 --> 00:01:45,840

best kept secret by jacques valle and

37

00:01:49,590 --> 00:01:47,520

paul harris

38

00:01:50,789 --> 00:01:49,600

great conversation i recommend going

39

00:01:53,030 --> 00:01:50,799

going to check it out over on the

40

00:01:55,270 --> 00:01:53,040

quantum witch cafe and then next month

41

00:01:57,590 --> 00:01:55,280

we're all reading above top secret by

42

00:01:59,749 --> 00:01:57,600

timothy good which i've never read i

43

00:02:01,910 --> 00:01:59,759

ordered my copy today so

44

00:02:03,429 --> 00:02:01,920

yeah that should be fun

45

00:02:05,990 --> 00:02:03,439

yeah absolutely i'm looking forward to

46

00:02:08,630 --> 00:02:06,000

that um his i

47

00:02:10,869 --> 00:02:08,640

really enjoyed his book uh earth and

48

00:02:13,910 --> 00:02:10,879

alien enterprise which i think may have

49

00:02:16,470 --> 00:02:13,920

been his last book before retiring he's

50

00:02:18,070 --> 00:02:16,480

still alive but he's uh by all accounts

51

00:02:20,309 --> 00:02:18,080

in in poor health

52

00:02:23,910 --> 00:02:20,319

um and is kind of retired from the field

53

00:02:26,470 --> 00:02:23,920

etc so but um amazing writer really

54

00:02:29,350 --> 00:02:26,480

enjoy it so i uh i look forward to buff

55

00:02:31,990 --> 00:02:29,360

top secret for sure it'll be fun

56

00:02:33,509 --> 00:02:32,000

excellent excellent um the first thing i

57

00:02:34,830 --> 00:02:33,519

really wanted to talk about is the

58

00:02:37,830 --> 00:02:34,840

importance of

59

00:02:39,430 --> 00:02:37,840

research um now whether this be a case

60

00:02:42,070 --> 00:02:39,440

or an error

61

00:02:43,670 --> 00:02:42,080

um sean you know this is your field

62

00:02:44,630 --> 00:02:43,680

you're you're up there with the best of

63

00:02:46,229 --> 00:02:44,640

them so

64

00:02:46,869 --> 00:02:46,239

can we just talk about how important it

65

00:02:48,869 --> 00:02:46,879

is

66

00:02:50,470 --> 00:02:48,879

to actually research rather than maybe

67

00:02:51,350 --> 00:02:50,480

maybe you see something somewhere and

68

00:02:53,030 --> 00:02:51,360

you

69

00:02:55,110 --> 00:02:53,040

believe it or some people might just

70

00:02:56,710 --> 00:02:55,120

believe what they read or see

71

00:02:58,229 --> 00:02:56,720

so yeah let's talk about the importance

72

00:03:00,149 --> 00:02:58,239

of you know

73

00:03:03,270 --> 00:03:00,159

looking deeper into things

74

00:03:05,509 --> 00:03:03,280

yeah well to me i i guess i could take

75

00:03:07,110 --> 00:03:05,519

it back to when i first started getting

76

00:03:09,830 --> 00:03:07,120

into this stuff and when i had my own

77

00:03:11,670 --> 00:03:09,840

experience it didn't take me too long to

78

00:03:13,030 --> 00:03:11,680

look at the field and see it you know

79

00:03:14,790 --> 00:03:13,040

basically

80

00:03:16,390 --> 00:03:14,800

you know see that there's

81

00:03:19,830 --> 00:03:16,400

all different directions

82

00:03:21,830 --> 00:03:19,840

in places that this community goes as

83

00:03:25,589 --> 00:03:21,840

far as theory speculation

84

00:03:27,509 --> 00:03:25,599

and and everything um and for me to be

85

00:03:30,149 --> 00:03:27,519

able to make any sense out of that or

86

00:03:32,229 --> 00:03:30,159

get truth of it just from you know the

87

00:03:34,789 --> 00:03:32,239

characters in there or or solid

88

00:03:36,869 --> 00:03:34,799

statements of i know this or i know that

89

00:03:38,550 --> 00:03:36,879

um i wouldn't be able to feel good about

90

00:03:41,830 --> 00:03:38,560

it myself you know

91

00:03:44,309 --> 00:03:41,840

um so the only way i really knew to

92

00:03:46,470 --> 00:03:44,319

start digging for for my own truth and

93

00:03:48,789 --> 00:03:46,480

really at that time it was to make sure

94

00:03:50,789 --> 00:03:48,799

i wasn't crazy you know that

95

00:03:53,270 --> 00:03:50,799

there really is a phenomenon there

96

00:03:55,589 --> 00:03:53,280

really is odd stuff that happens and and

97

00:03:57,589 --> 00:03:55,599

it's possible and it's not just me so

98

00:04:00,630 --> 00:03:57,599

um i couldn't take someone's word for it

99

00:04:02,630 --> 00:04:00,640

you know um so i had to go find it and

100

00:04:04,229 --> 00:04:02,640

that was just finding documents uh

101
00:04:06,309 --> 00:04:04,239
government documents

102
00:04:07,750 --> 00:04:06,319
um

103
00:04:10,309 --> 00:04:07,760
finding out that

104
00:04:11,589 --> 00:04:10,319
you know the situation of somewhat of a

105
00:04:13,190 --> 00:04:11,599
cover-up and

106
00:04:15,670 --> 00:04:13,200
uh is real

107
00:04:17,349 --> 00:04:15,680
and um you know people a lot smarter

108
00:04:19,670 --> 00:04:17,359
than i have had

109
00:04:21,830 --> 00:04:19,680
um encounters you know and it's happened

110
00:04:23,590 --> 00:04:21,840
many times over and over again and not

111
00:04:26,390 --> 00:04:23,600
just from reading someone's book or an

112
00:04:28,950 --> 00:04:26,400
article or a video but actually reading

113
00:04:30,790 --> 00:04:28,960

the document as it is before

114

00:04:32,950 --> 00:04:30,800

you know somebody takes it out of there

115

00:04:34,870 --> 00:04:32,960

and writes their own story with it you

116

00:04:37,670 --> 00:04:34,880

know whether to make it

117

00:04:40,469 --> 00:04:37,680

more fantastic than it is or less

118

00:04:42,550 --> 00:04:40,479

you know so i think it's important to

119

00:04:45,189 --> 00:04:42,560

figure things out for yourself you know

120

00:04:47,510 --> 00:04:45,199

so you feel good about what you know you

121

00:04:50,070 --> 00:04:47,520

know otherwise you're relying on

122

00:04:52,390 --> 00:04:50,080

um people that may have

123

00:04:53,990 --> 00:04:52,400

some sort of prerogative whatever it is

124

00:04:56,550 --> 00:04:54,000

you know

125

00:04:58,710 --> 00:04:56,560

yeah well said what about you jay

126

00:05:02,629 --> 00:04:58,720

yeah i mean the the importance of

127

00:05:05,670 --> 00:05:02,639

research is is absolutely critical and

128

00:05:07,430 --> 00:05:05,680

you know it it kind of

129

00:05:09,430 --> 00:05:07,440

what's a what's a way to say this you

130

00:05:11,189 --> 00:05:09,440

know it separates

131

00:05:12,950 --> 00:05:11,199

you know in older generations we'd say

132

00:05:15,189 --> 00:05:12,960

it separates the men from the boys you

133

00:05:16,629 --> 00:05:15,199

know what i mean it and i think that

134

00:05:18,629 --> 00:05:16,639

there's really something to that you

135

00:05:20,710 --> 00:05:18,639

know that and the adults from the

136

00:05:21,590 --> 00:05:20,720

children and some in some ways

137

00:05:22,310 --> 00:05:21,600

you know

138

00:05:30,390 --> 00:05:22,320

in

139

00:05:43,350 --> 00:05:30,400

a

140

00:05:47,430 --> 00:05:43,360

however with the experienter group of

141

00:05:49,749 --> 00:05:47,440

course um my current research is largely

142

00:05:51,430 --> 00:05:49,759

in conversation with other experiencers

143

00:05:54,710 --> 00:05:51,440

and comparing nodes

144

00:05:56,070 --> 00:05:54,720

on a daily basis you know hearing

145

00:05:57,670 --> 00:05:56,080

new accounts

146

00:06:01,029 --> 00:05:57,680

every day

147

00:06:02,629 --> 00:06:01,039

it's in it's wild how many data points

148

00:06:03,430 --> 00:06:02,639

are correlating

149

00:06:05,510 --> 00:06:03,440

over

150

00:06:07,350 --> 00:06:05,520

so many different people that don't know

151

00:06:09,510 --> 00:06:07,360

each other that have

152

00:06:11,670 --> 00:06:09,520

strange shared

153

00:06:12,469 --> 00:06:11,680

data points from their histories that

154

00:06:13,990 --> 00:06:12,479

that

155

00:06:15,909 --> 00:06:14,000

you know at a certain point i was

156

00:06:18,550 --> 00:06:15,919

reading actually the communion letters

157

00:06:21,270 --> 00:06:18,560

earlier today uh whitley strieber's book

158

00:06:23,029 --> 00:06:21,280

that he and his wife put together

159

00:06:25,029 --> 00:06:23,039

from letters that they got from

160

00:06:27,350 --> 00:06:25,039

experiencers after communion was

161

00:06:29,029 --> 00:06:27,360

published all right and the book's

162

00:06:32,230 --> 00:06:29,039

largely out of print but you can get a

163

00:06:34,710 --> 00:06:32,240

kindle copy of it these days and it's a

164

00:06:36,790 --> 00:06:34,720

it's an amazing resource because

165

00:06:37,749 --> 00:06:36,800

you're looking at people that

166

00:06:40,309 --> 00:06:37,759

that

167

00:06:42,629 --> 00:06:40,319

weren't on the internet at the time

168

00:06:44,230 --> 00:06:42,639

this was largely compiled starting in

169

00:06:46,629 --> 00:06:44,240

1986

170

00:06:48,710 --> 00:06:46,639

and there weren't many resources for

171

00:06:51,589 --> 00:06:48,720

these these these cases right there

172

00:06:54,629 --> 00:06:51,599

weren't many resources for where to go

173

00:06:56,950 --> 00:06:54,639

and in reading these letters people are

174

00:06:59,510 --> 00:06:56,960

totally unguarded about the high

175

00:07:02,230 --> 00:06:59,520

strangeness effects and how

176
00:07:03,909 --> 00:07:02,240
how wild things can get you know as we

177
00:07:05,990 --> 00:07:03,919
know and

178
00:07:07,990 --> 00:07:06,000
and it's amazing because i was reading

179
00:07:09,749 --> 00:07:08,000
those and i was i was correlating them

180
00:07:12,150 --> 00:07:09,759
to people in the experienter group and

181
00:07:13,830 --> 00:07:12,160
thinking like oh my god you know that's

182
00:07:15,430 --> 00:07:13,840
that's like chrissy or that's like this

183
00:07:19,029 --> 00:07:15,440
person or whatever you know what i mean

184
00:07:21,589 --> 00:07:19,039
and and seeing that is incredibly

185
00:07:24,070 --> 00:07:21,599
it's amazing it's amazing seeing seeing

186
00:07:27,350 --> 00:07:24,080
those kinds of correlations happen so

187
00:07:29,670 --> 00:07:27,360
uh for me i think that there's a lot of

188
00:07:31,909 --> 00:07:29,680

there's a lot of work to be done with

189

00:07:33,990 --> 00:07:31,919

experiencers in terms of just building

190

00:07:35,749 --> 00:07:34,000

the community and have in opening these

191

00:07:37,189 --> 00:07:35,759

doors and normalizing that kind of

192

00:07:39,430 --> 00:07:37,199

conversation

193

00:07:41,110 --> 00:07:39,440

and that's critically important and

194

00:07:44,070 --> 00:07:41,120

being able to bring that into the public

195

00:07:46,230 --> 00:07:44,080

is incredibly important and at the same

196

00:07:48,070 --> 00:07:46,240

time one of the wonderful side effects

197

00:07:50,309 --> 00:07:48,080

of doing this work is that everybody

198

00:07:52,790 --> 00:07:50,319

that's involved in it gets to do their

199

00:07:54,309 --> 00:07:52,800

own version of

200

00:07:55,670 --> 00:07:54,319

kind of boots on the ground research in

201

00:07:57,430 --> 00:07:55,680

a way and being able to talk to other

202

00:07:59,749 --> 00:07:57,440

people about their cases

203

00:08:02,230 --> 00:07:59,759

yeah i suppose it must be important when

204

00:08:04,790 --> 00:08:02,240

you're speaking to an experimenter to

205

00:08:06,230 --> 00:08:04,800

to have good information you know so i

206

00:08:08,150 --> 00:08:06,240

guess the research side of things is

207

00:08:10,390 --> 00:08:08,160

valid in that in that respect just as it

208

00:08:12,790 --> 00:08:10,400

is in many other aspects and areas so

209

00:08:14,629 --> 00:08:12,800

yeah it must be important so just for

210

00:08:16,309 --> 00:08:14,639

anybody that i mean we've i feel like

211

00:08:18,550 --> 00:08:16,319

we've seen but

212

00:08:19,909 --> 00:08:18,560

yeah i i just wanted to add like

213

00:08:21,830 --> 00:08:19,919

you know

214

00:08:24,309 --> 00:08:21,840

it's unfortunate that the public i guess

215

00:08:26,390 --> 00:08:24,319

is for the most part so far behind of uh

216

00:08:28,070 --> 00:08:26,400

where the reality of the situation is

217

00:08:29,430 --> 00:08:28,080

right now i mean the fact that there is

218

00:08:31,589 --> 00:08:29,440

a phenomenon

219

00:08:34,870 --> 00:08:31,599

really you know to someone who who puts

220

00:08:36,870 --> 00:08:34,880

in the time uh to figure things out uh

221

00:08:38,469 --> 00:08:36,880

you know it's real there's a phenomenon

222

00:08:39,509 --> 00:08:38,479

right so we should really as a

223

00:08:41,110 --> 00:08:39,519

collective

224

00:08:41,909 --> 00:08:41,120

be at the

225

00:08:44,230 --> 00:08:41,919

at

226

00:08:46,550 --> 00:08:44,240

the next chapter of where jay is where

227

00:08:50,150 --> 00:08:46,560

he's taking in experienter accounts and

228

00:08:53,030 --> 00:08:50,160

and the you know the interactions had so

229

00:08:55,030 --> 00:08:53,040

he can get farther down the hole of of

230

00:08:56,710 --> 00:08:55,040

what this actually is versus if it

231

00:08:59,190 --> 00:08:56,720

exists you know

232

00:09:00,630 --> 00:08:59,200

like it's like take a car for instance

233

00:09:02,949 --> 00:09:00,640

it's like we're still trying to figure

234

00:09:04,870 --> 00:09:02,959

out if we can make a car and have it

235

00:09:06,630 --> 00:09:04,880

work versus

236

00:09:09,190 --> 00:09:06,640

you know we know that it works now we're

237

00:09:10,150 --> 00:09:09,200

trying to make really nice ones you know

238

00:09:11,350 --> 00:09:10,160

um

239

00:09:12,550 --> 00:09:11,360

so it's

240

00:09:14,230 --> 00:09:12,560

it

241

00:09:15,670 --> 00:09:14,240

that's so i really appreciate where

242

00:09:17,590 --> 00:09:15,680

jay's at because

243

00:09:20,070 --> 00:09:17,600

you know he's done with that he's like

244

00:09:22,470 --> 00:09:20,080

yeah i know okay it's real it's here so

245

00:09:24,630 --> 00:09:22,480

let's let's move on let's move past that

246

00:09:26,710 --> 00:09:24,640

and try to try to dig deeper in this

247

00:09:29,750 --> 00:09:26,720

mystery and figure out what's actually

248

00:09:31,110 --> 00:09:29,760

happening and i'm getting there myself

249

00:09:33,030 --> 00:09:31,120

to be frank

250

00:09:34,550 --> 00:09:33,040

no absolutely and and i mean a lot of

251

00:09:37,030 --> 00:09:34,560

your research sean is looking at

252

00:09:38,790 --> 00:09:37,040

government documents and stuff which

253

00:09:39,829 --> 00:09:38,800

i might class as kind of a nuts and

254

00:09:42,070 --> 00:09:39,839

bolts

255

00:09:43,750 --> 00:09:42,080

side of things whereas jay's is is the

256

00:09:45,990 --> 00:09:43,760

experience of thing and now sean you're

257

00:09:47,590 --> 00:09:46,000

looking at both sides how do you combine

258

00:09:48,949 --> 00:09:47,600

the two

259

00:09:50,550 --> 00:09:48,959

you know because that

260

00:09:52,790 --> 00:09:50,560

we hear about people

261

00:09:54,949 --> 00:09:52,800

this person does nuts and bolts and and

262

00:09:56,710 --> 00:09:54,959

and it's all separated but

263

00:09:58,550 --> 00:09:56,720

it really needs to come together i think

264

00:10:00,310 --> 00:09:58,560

to push the subject forward so how do we

265

00:10:03,430 --> 00:10:00,320

go about that

266

00:10:05,590 --> 00:10:03,440

uh for me personally

267

00:10:06,870 --> 00:10:05,600

you know i i don't know that

268

00:10:10,389 --> 00:10:06,880

i'm the person that would have the

269

00:10:12,949 --> 00:10:10,399

answer for that necessarily but i think

270

00:10:14,630 --> 00:10:12,959

um you know bringing the the two worlds

271

00:10:15,509 --> 00:10:14,640

together would just

272

00:10:17,269 --> 00:10:15,519

if

273

00:10:18,389 --> 00:10:17,279

i put my best foot forward it would just

274

00:10:21,030 --> 00:10:18,399

take a sense of

275

00:10:21,990 --> 00:10:21,040

being humble with each side of it and

276

00:10:24,069 --> 00:10:22,000

and not

277

00:10:24,949 --> 00:10:24,079

assuming anything on either side of it

278

00:10:25,829 --> 00:10:24,959

you know

279

00:10:27,670 --> 00:10:25,839

um

280

00:10:29,750 --> 00:10:27,680

but i feel like the majority of at least

281

00:10:31,910 --> 00:10:29,760

nuts and bolts you know when we say that

282

00:10:34,470 --> 00:10:31,920

even though jay's made this point before

283

00:10:37,670 --> 00:10:34,480

these things don't have nuts or bulbs

284

00:10:39,670 --> 00:10:37,680

yeah okay um you're right

285

00:10:41,509 --> 00:10:39,680

but uh um

286

00:10:43,590 --> 00:10:41,519

you know i feel like uh what a lot of

287

00:10:46,470 --> 00:10:43,600

people in that crowd so to speak and

288

00:10:48,550 --> 00:10:46,480

this is an assumption um and not going

289

00:10:50,310 --> 00:10:48,560

to be valid for everybody but

290

00:10:52,949 --> 00:10:50,320

they're still trying to figure out if

291

00:10:55,590 --> 00:10:52,959

there's a reality to this or not you

292

00:10:57,190 --> 00:10:55,600

know versus um you know more on the

293

00:10:59,269 --> 00:10:57,200

experience or side they're past they're

294

00:11:01,430 --> 00:10:59,279

beyond that you know and they're now

295

00:11:03,509 --> 00:11:01,440

trying to figure out what the entities

296

00:11:07,030 --> 00:11:03,519

are or what's happening

297

00:11:08,389 --> 00:11:07,040

um you know with the experiences so

298

00:11:09,670 --> 00:11:08,399

i feel like

299

00:11:11,829 --> 00:11:09,680

but there's

300

00:11:13,910 --> 00:11:11,839

you know responsibility on both parts if

301

00:11:15,509 --> 00:11:13,920

if we want there to be some sort of

302

00:11:17,670 --> 00:11:15,519

coming together and on the the

303

00:11:19,590 --> 00:11:17,680

experimenter side there has to be some

304

00:11:22,069 --> 00:11:19,600

sort of uh meet

305

00:11:24,790 --> 00:11:22,079

you know meet you where you're at and

306

00:11:27,670 --> 00:11:24,800

have some understanding and empathy

307

00:11:30,150 --> 00:11:27,680

for someone uh not being able to go

308

00:11:34,150 --> 00:11:30,160

farther in their studies on such a

309

00:11:35,110 --> 00:11:34,160

incredibly complicated and um

310

00:11:37,110 --> 00:11:35,120

you know

311

00:11:39,509 --> 00:11:37,120

basically just drastic thing to believe

312

00:11:41,350 --> 00:11:39,519

and move forward with you know it's not

313

00:11:43,750 --> 00:11:41,360

a normal thing

314

00:11:45,350 --> 00:11:43,760

you know so having that empathy and

315

00:11:47,670 --> 00:11:45,360

meeting people where they're at and the

316

00:11:49,750 --> 00:11:47,680

nuts and bolts side to maybe

317

00:11:50,870 --> 00:11:49,760

take a step farther out of the circle

318

00:11:53,990 --> 00:11:50,880

and and

319

00:11:56,710 --> 00:11:54,000

just you know test themselves on on

320

00:11:59,350 --> 00:11:56,720

what they really want to do with this

321

00:12:01,190 --> 00:11:59,360

i completely agree i think i mean it's

322

00:12:04,150 --> 00:12:01,200

absolutely crucial meeting people where

323

00:12:06,550 --> 00:12:04,160

they're at and i i think about that

324

00:12:07,750 --> 00:12:06,560

myself on a on a pretty daily basis

325

00:12:10,470 --> 00:12:07,760

because

326

00:12:13,350 --> 00:12:10,480

often in the experiencer group and just

327

00:12:15,509 --> 00:12:13,360

in general on twitter and in the online

328

00:12:17,269 --> 00:12:15,519

communities and things like that people

329

00:12:19,670 --> 00:12:17,279

have become aware of the work that we're

330

00:12:21,670 --> 00:12:19,680

doing you know and i'm i'm sure this is

331

00:12:23,590 --> 00:12:21,680

true for both of you as well sometimes

332

00:12:25,350 --> 00:12:23,600

just given the field in general that

333

00:12:27,110 --> 00:12:25,360

you'll get dms and stuff like that from

334

00:12:28,790 --> 00:12:27,120

people that are you know having an

335

00:12:30,629 --> 00:12:28,800

emergency they're having a crisis

336

00:12:32,550 --> 00:12:30,639

they're they're trying to come to grips

337

00:12:35,590 --> 00:12:32,560

with with some of these situations that

338

00:12:36,790 --> 00:12:35,600

they're having or just becoming aware of

339

00:12:39,350 --> 00:12:36,800

the data

340

00:12:41,509 --> 00:12:39,360

and and you know

341

00:12:43,110 --> 00:12:41,519

being suddenly in kind of a castle made

342

00:12:45,110 --> 00:12:43,120

of sand you know

343

00:12:47,590 --> 00:12:45,120

and being able to

344

00:12:48,550 --> 00:12:47,600

being able to meet people where they are

345

00:12:49,750 --> 00:12:48,560

whether

346

00:12:54,150 --> 00:12:49,760

it's

347

00:12:56,230 --> 00:12:54,160

somebody that's in the nuts and bolts

348

00:12:57,350 --> 00:12:56,240

vein whether it's somebody like jeff

349

00:12:58,710 --> 00:12:57,360

kreipel

350

00:13:01,110 --> 00:12:58,720

or you know

351
00:13:02,870 --> 00:13:01,120
jacques or somebody like that like being

352
00:13:05,509 --> 00:13:02,880
able to try to

353
00:13:08,310 --> 00:13:05,519
have different levels of dialogue at in

354
00:13:11,350 --> 00:13:08,320
in certain ways is incredibly important

355
00:13:13,430 --> 00:13:11,360
in terms of being able to smooth

356
00:13:14,790 --> 00:13:13,440
kind of smooth out the field in a way

357
00:13:16,470 --> 00:13:14,800
and try to

358
00:13:17,829 --> 00:13:16,480
bring about the kind of productive

359
00:13:18,790 --> 00:13:17,839
dialogue that we really want to be

360
00:13:20,629 --> 00:13:18,800
having

361
00:13:22,150 --> 00:13:20,639
and as far as like how do we how do we

362
00:13:24,230 --> 00:13:22,160
put all this together meeting people

363
00:13:26,150 --> 00:13:24,240

where they are and also there's there's

364

00:13:28,310 --> 00:13:26,160

also practical considerations like what

365

00:13:31,829 --> 00:13:28,320

the work that gary nolan's doing for

366

00:13:35,269 --> 00:13:31,839

example in terms of being you know he's

367

00:13:36,870 --> 00:13:35,279

outed himself finally as being at long

368

00:13:39,829 --> 00:13:36,880

the long rumored

369

00:13:42,150 --> 00:13:39,839

um pseudonym one of the pseudonyms in in

370

00:13:44,389 --> 00:13:42,160

diana posalka's american cosmic which

371

00:13:47,590 --> 00:13:44,399

was a very brave act for

372

00:13:50,310 --> 00:13:47,600

you know a guy that has his own lab at

373

00:13:52,310 --> 00:13:50,320

stanford university at an ivy you know

374

00:13:55,509 --> 00:13:52,320

at an ivy college you know

375

00:13:57,030 --> 00:13:55,519

um that's amazing right and the work

376

00:13:59,750 --> 00:13:57,040

that he's been doing in terms of

377

00:14:02,470 --> 00:13:59,760

material studies and analysis and

378

00:14:05,509 --> 00:14:02,480

there are private aspects to

379

00:14:08,310 --> 00:14:05,519

to things that he's been doing that

380

00:14:09,670 --> 00:14:08,320

um you know have been long rumored and

381

00:14:13,110 --> 00:14:09,680

can't really

382

00:14:15,110 --> 00:14:13,120

detail about them but if some of that

383

00:14:17,269 --> 00:14:15,120

stuff comes out in the days ahead and

384

00:14:19,030 --> 00:14:17,279

months ahead it'd be absolutely amazing

385

00:14:21,750 --> 00:14:19,040

in terms of marrying

386

00:14:23,910 --> 00:14:21,760

material science and or quote unquote

387

00:14:26,310 --> 00:14:23,920

nuts and bolts and the realities of

388

00:14:27,269 --> 00:14:26,320

experiencers which i look forward to for

389

00:14:28,870 --> 00:14:27,279

sure

390

00:14:30,470 --> 00:14:28,880

no i completely agree we've been quite

391

00:14:33,430 --> 00:14:30,480

spoiled recently with the amount of

392

00:14:35,350 --> 00:14:33,440

appearances that gary nolan's given but

393

00:14:37,189 --> 00:14:35,360

um i was very conscious that he recently

394

00:14:39,110 --> 00:14:37,199

said he's actually taken a step back for

395

00:14:40,949 --> 00:14:39,120

the fear of just constantly repeating

396

00:14:42,470 --> 00:14:40,959

himself which is completely

397

00:14:44,150 --> 00:14:42,480

understandable and i've been lucky

398

00:14:46,310 --> 00:14:44,160

enough to get him onto a panel coming up

399

00:14:47,189 --> 00:14:46,320

towards the end of may on my channel

400

00:14:48,710 --> 00:14:47,199

um

401
00:14:50,629 --> 00:14:48,720
so hopefully you know like you said if

402
00:14:52,629 --> 00:14:50,639
we can get get some more information out

403
00:14:54,629 --> 00:14:52,639
of him that doesn't feel like it's just

404
00:14:56,550 --> 00:14:54,639
a repetitive like vein from what he's

405
00:14:58,230 --> 00:14:56,560
been saying for so long then that'd be

406
00:15:00,069 --> 00:14:58,240
great and and when he's surrounded by

407
00:15:02,310 --> 00:15:00,079
other scientists maybe the conversation

408
00:15:03,829 --> 00:15:02,320
will go that way rather than one-on-one

409
00:15:05,590 --> 00:15:03,839
with someone like myself asking him

410
00:15:06,949 --> 00:15:05,600
questions you know maybe that we'll get

411
00:15:09,430 --> 00:15:06,959
something different

412
00:15:10,710 --> 00:15:09,440
we can hope

413
00:15:13,269 --> 00:15:10,720

absolutely i look forward to that

414

00:15:14,870 --> 00:15:13,279

conversation a lot he's a really he's

415

00:15:17,269 --> 00:15:14,880

such a brilliant guy

416

00:15:19,350 --> 00:15:17,279

and uh he's got a great sense of humor

417

00:15:21,910 --> 00:15:19,360

he's thoughtful i i look forward to that

418

00:15:24,790 --> 00:15:21,920

quite a bit everyone hope that we

419

00:15:26,230 --> 00:15:24,800

as a community can learn to to treat

420

00:15:28,470 --> 00:15:26,240

people like that when they come along

421

00:15:31,590 --> 00:15:28,480

with it with a certain amount of respect

422

00:15:33,110 --> 00:15:31,600

um because it's exactly what we need you

423

00:15:35,749 --> 00:15:33,120

know people

424

00:15:37,590 --> 00:15:35,759

like gary nolan someone as brilliant as

425

00:15:40,470 --> 00:15:37,600

him avilob

426

00:15:41,350 --> 00:15:40,480

we need those people in this field and

427

00:15:43,509 --> 00:15:41,360

you know

428

00:15:46,389 --> 00:15:43,519

at some time sometimes our actions you

429

00:15:49,509 --> 00:15:46,399

know can kind of repel uh those sort of

430

00:15:52,310 --> 00:15:49,519

people um and we have to you know try to

431

00:15:55,030 --> 00:15:52,320

remember that um it's long overdue so if

432

00:15:56,230 --> 00:15:55,040

we can just keep our [h__h] together

433

00:15:59,509 --> 00:15:56,240

yeah

434

00:16:01,350 --> 00:15:59,519

people are held in such high regard by a

435

00:16:03,350 --> 00:16:01,360

lot of other people

436

00:16:04,870 --> 00:16:03,360

a lot of expectation is put on them that

437

00:16:06,790 --> 00:16:04,880

they need to constantly give us

438

00:16:08,470 --> 00:16:06,800

something or deliver something to us

439

00:16:10,629 --> 00:16:08,480

which you know is not the case because

440

00:16:12,710 --> 00:16:10,639

they owe us absolutely nothing and i

441

00:16:13,749 --> 00:16:12,720

think that gets forgotten sometimes you

442

00:16:15,910 --> 00:16:13,759

know

443

00:16:17,910 --> 00:16:15,920

yeah we can do we can all do something

444

00:16:18,870 --> 00:16:17,920

right like you don't have to sit and

445

00:16:21,829 --> 00:16:18,880

wait

446

00:16:24,230 --> 00:16:21,839

like uh i'm i'm an impatient person so

447

00:16:25,670 --> 00:16:24,240

if i was sitting here and waiting

448

00:16:27,990 --> 00:16:25,680

i guess i would

449

00:16:30,230 --> 00:16:28,000

kind of not be very good on twitter

450

00:16:32,230 --> 00:16:30,240

either or with these people you know

451
00:16:33,670 --> 00:16:32,240
like because that's not my type of

452
00:16:36,230 --> 00:16:33,680
personality so

453
00:16:39,269 --> 00:16:36,240
you know what helps me is keeping busy

454
00:16:41,110 --> 00:16:39,279
myself like searching for my own truth

455
00:16:42,710 --> 00:16:41,120
whether it be documents or old

456
00:16:43,749 --> 00:16:42,720
publications or

457
00:16:46,629 --> 00:16:43,759
you know

458
00:16:48,389 --> 00:16:46,639
experencer accounts or whatever it is

459
00:16:49,269 --> 00:16:48,399
because there's so much one thing i've

460
00:16:52,230 --> 00:16:49,279
learned

461
00:16:53,350 --> 00:16:52,240
about research is there is so

462
00:16:55,030 --> 00:16:53,360
much

463
00:16:57,110 --> 00:16:55,040

information

464

00:16:59,350 --> 00:16:57,120

available online

465

00:17:03,030 --> 00:16:59,360

whether it be government-wise not even

466

00:17:04,870 --> 00:17:03,040

our own government like australia canada

467

00:17:07,829 --> 00:17:04,880

other governments the uk

468

00:17:11,350 --> 00:17:07,839

um and then there are so many

469

00:17:13,189 --> 00:17:11,360

old uh like bulletins and you know

470

00:17:15,189 --> 00:17:13,199

newspapers and

471

00:17:16,069 --> 00:17:15,199

books there is so

472

00:17:18,470 --> 00:17:16,079

much

473

00:17:19,829 --> 00:17:18,480

that you can you know try to draw from

474

00:17:22,470 --> 00:17:19,839

and learn from

475

00:17:24,390 --> 00:17:22,480

and um if you really want to know what's

476

00:17:27,189 --> 00:17:24,400

going on if you really

477

00:17:29,510 --> 00:17:27,199

want to know what the truth is there is

478

00:17:31,830 --> 00:17:29,520

no reason for you not to put some of

479

00:17:33,909 --> 00:17:31,840

that onus on yourself and start getting

480

00:17:35,830 --> 00:17:33,919

into that stuff and when you do you'll

481

00:17:37,510 --> 00:17:35,840

find yourself almost

482

00:17:40,710 --> 00:17:37,520

um you know

483

00:17:42,230 --> 00:17:40,720

too busy to worry about if someone's

484

00:17:43,750 --> 00:17:42,240

coming out with that video this week or

485

00:17:46,870 --> 00:17:43,760

not you know

486

00:17:48,230 --> 00:17:46,880

yeah i i agree i'm reminded of i went to

487

00:17:50,230 --> 00:17:48,240

art school and then i went to film

488

00:17:51,990 --> 00:17:50,240

school and i'm reminded of one of the

489

00:17:54,230 --> 00:17:52,000

most annoying teachers that i've ever

490

00:17:57,029 --> 00:17:54,240

had he was he was one of my foundational

491

00:17:59,430 --> 00:17:57,039

teachers in art school and uh his name

492

00:18:01,430 --> 00:17:59,440

was brooke and he had this quote that he

493

00:18:03,190 --> 00:18:01,440

said almost every day and he said if

494

00:18:05,110 --> 00:18:03,200

you're bored you're boring

495

00:18:07,750 --> 00:18:05,120

right and

496

00:18:09,350 --> 00:18:07,760

and i kind of i would tend to agree with

497

00:18:10,710 --> 00:18:09,360

that within the field of ufology because

498

00:18:12,470 --> 00:18:10,720

it's like if you're

499

00:18:14,950 --> 00:18:12,480

if you feel like there's not enough

500

00:18:16,549 --> 00:18:14,960

content coming at it at you like i don't

501
00:18:18,470 --> 00:18:16,559
know what to tell you i don't know what

502
00:18:20,390 --> 00:18:18,480
to tell you there's more podcasts

503
00:18:22,789 --> 00:18:20,400
there's more books there's more research

504
00:18:25,590 --> 00:18:22,799
to be done than any one particular

505
00:18:27,350 --> 00:18:25,600
person can do and so if on any one

506
00:18:30,070 --> 00:18:27,360
particular day you feel like it's slow

507
00:18:33,270 --> 00:18:30,080
news day well guess what you know there

508
00:18:36,230 --> 00:18:33,280
is an an incredible body of literature

509
00:18:38,549 --> 00:18:36,240
and an incredible body of free research

510
00:18:39,510 --> 00:18:38,559
available online you know you start

511
00:18:41,430 --> 00:18:39,520
digging

512
00:18:44,070 --> 00:18:41,440
i mean just look up if you get bored one

513
00:18:46,230 --> 00:18:44,080

day look up keith keith basterfield he's

514

00:18:48,789 --> 00:18:46,240

he's a really under-known australian

515

00:18:51,669 --> 00:18:48,799

researcher um that is an absolute

516

00:18:54,230 --> 00:18:51,679

treasure you know he he's been quietly

517

00:18:57,430 --> 00:18:54,240

doing his blog for many years and he has

518

00:18:59,830 --> 00:18:57,440

so much good research he published um

519

00:19:02,470 --> 00:18:59,840

those foia dirts the other day it's a

520

00:19:05,350 --> 00:19:02,480

doss after it's the other day 36 out of

521

00:19:08,470 --> 00:19:05,360

38 as i recall and you know that's

522

00:19:10,710 --> 00:19:08,480

amazing work or people like isaac coy

523

00:19:12,870 --> 00:19:10,720

you know sean was mentioning old ufology

524

00:19:15,510 --> 00:19:12,880

journals and that guy has been he has

525

00:19:19,110 --> 00:19:15,520

kind of like a a very quiet website that

526
00:19:22,950 --> 00:19:19,120
has thousands and thousands of old ufo

527
00:19:25,190 --> 00:19:22,960
magazines that he's lovingly you know

528
00:19:27,110 --> 00:19:25,200
transfer it into pdf form there's so

529
00:19:29,909 --> 00:19:27,120
much out there that that people can

530
00:19:31,909 --> 00:19:29,919
entertain themselves with and

531
00:19:33,590 --> 00:19:31,919
it's one of the beauties of our field in

532
00:19:35,190 --> 00:19:33,600
general that people are so passionate

533
00:19:38,549 --> 00:19:35,200
about it that that

534
00:19:40,549 --> 00:19:38,559
that we have these rich resources

535
00:19:42,150 --> 00:19:40,559
absolutely i mean myself i

536
00:19:43,669 --> 00:19:42,160
i think some people

537
00:19:45,029 --> 00:19:43,679
i've spoken to say well i'm just

538
00:19:47,190 --> 00:19:45,039

overwhelmed because i don't even know

539

00:19:49,669 --> 00:19:47,200

where to start i mean you've just given

540

00:19:51,510 --> 00:19:49,679

some fine examples but for me personally

541

00:19:53,029 --> 00:19:51,520

quite a few years ago when i was just

542

00:19:55,350 --> 00:19:53,039

you know i wasn't doing any of this but

543

00:19:57,669 --> 00:19:55,360

i was looking at documents

544

00:19:59,669 --> 00:19:57,679

it's overwhelming until you just open

545

00:20:00,789 --> 00:19:59,679

some files and before you know it all

546

00:20:02,630 --> 00:20:00,799

you're thinking about is what you're

547

00:20:04,549 --> 00:20:02,640

reading and what's next and what can i

548

00:20:06,950 --> 00:20:04,559

look at next it's not like

549

00:20:08,950 --> 00:20:06,960

it's not scary once you start digging in

550

00:20:11,110 --> 00:20:08,960

it becomes addictive you know i spent

551
00:20:13,029 --> 00:20:11,120
many a long night in front of a screen

552
00:20:15,350 --> 00:20:13,039
just going through documents it's fun

553
00:20:17,270 --> 00:20:15,360
it's exhilarating

554
00:20:19,750 --> 00:20:17,280
i think you get the nail on the head

555
00:20:22,070 --> 00:20:19,760
like it's uh it can seem daunting until

556
00:20:23,270 --> 00:20:22,080
you start reading that first file

557
00:20:27,750 --> 00:20:23,280
and

558
00:20:29,669 --> 00:20:27,760
then by the time it's done you're like i

559
00:20:31,750 --> 00:20:29,679
gotta find another one

560
00:20:33,350 --> 00:20:31,760
you know that either

561
00:20:35,350 --> 00:20:33,360
and then you'll start to see little

562
00:20:37,830 --> 00:20:35,360
things here or there that point you in a

563
00:20:40,470 --> 00:20:37,840

certain direction of uh you know

564

00:20:42,070 --> 00:20:40,480

overarching knowledge over the topic and

565

00:20:45,270 --> 00:20:42,080

i and i don't mean knowing what any of

566

00:20:47,590 --> 00:20:45,280

this is just that it is you know

567

00:20:49,909 --> 00:20:47,600

and once you're there like you're you're

568

00:20:50,789 --> 00:20:49,919

off you know and there's so many

569

00:20:52,710 --> 00:20:50,799

like

570

00:20:53,669 --> 00:20:52,720

when i first started

571

00:20:56,470 --> 00:20:53,679

i wish

572

00:20:58,870 --> 00:20:56,480

somebody could have told me go here

573

00:21:01,110 --> 00:20:58,880

and here are the documents and this is

574

00:21:03,350 --> 00:21:01,120

how you can find them you know i wish

575

00:21:05,510 --> 00:21:03,360

somebody was available like that

576

00:21:07,909 --> 00:21:05,520

i tried to find somebody like that that

577

00:21:10,789 --> 00:21:07,919

would uh help me in that way but it was

578

00:21:12,549 --> 00:21:10,799

just no dice you know so

579

00:21:14,310 --> 00:21:12,559

for the record i'm here for anybody else

580

00:21:15,590 --> 00:21:14,320

that's looking for a way to do that you

581

00:21:17,669 --> 00:21:15,600

know

582

00:21:19,510 --> 00:21:17,679

going to for your reading rooms

583

00:21:20,470 --> 00:21:19,520

utilizing the archives

584

00:21:23,190 --> 00:21:20,480

um

585

00:21:25,190 --> 00:21:23,200

you know i i don't want to have

586

00:21:26,310 --> 00:21:25,200

figured that out just for myself you

587

00:21:28,149 --> 00:21:26,320

know because

588

00:21:29,990 --> 00:21:28,159

hey there's people out there that'll do

589

00:21:31,669 --> 00:21:30,000

a much better job if they just have the

590

00:21:32,710 --> 00:21:31,679

resources and want to

591

00:21:33,590 --> 00:21:32,720

and

592

00:21:35,270 --> 00:21:33,600

um

593

00:21:37,590 --> 00:21:35,280

you know the more the more people that

594

00:21:39,029 --> 00:21:37,600

realize that there's uh easy access like

595

00:21:40,470 --> 00:21:39,039

that

596

00:21:42,950 --> 00:21:40,480

to just more brains will have on it the

597

00:21:44,390 --> 00:21:42,960

better off we'll be so yeah and you've

598

00:21:46,070 --> 00:21:44,400

got your own website now with a lot of

599

00:21:47,830 --> 00:21:46,080

the documents there so people don't even

600

00:21:49,510 --> 00:21:47,840

have to go and find them in all these

601
00:21:51,190 --> 00:21:49,520
separate you know government websites

602
00:21:52,710 --> 00:21:51,200
and reading rooms that you mentioned so

603
00:21:56,070 --> 00:21:52,720
maybe that's a good place for people to

604
00:21:58,870 --> 00:21:56,080
start yeah for sure yeah

605
00:22:00,470 --> 00:21:58,880
of course go to my website

606
00:22:01,909 --> 00:22:00,480
um i think i think i've added all

607
00:22:04,149 --> 00:22:01,919
possible links for both of you guys in

608
00:22:05,669 --> 00:22:04,159
the description below so uh

609
00:22:08,789 --> 00:22:05,679
yeah if i haven't

610
00:22:10,390 --> 00:22:08,799
i think my bad but i think um now

611
00:22:11,830 --> 00:22:10,400
jay one thing i really wanted to talk

612
00:22:14,390 --> 00:22:11,840
with you about was your recent

613
00:22:16,390 --> 00:22:14,400

appearance um at rice university for the

614

00:22:17,350 --> 00:22:16,400

archives of the impossible

615

00:22:18,870 --> 00:22:17,360

i mean

616

00:22:20,950 --> 00:22:18,880

great event

617

00:22:23,990 --> 00:22:20,960

fantastic that you were a part of it

618

00:22:26,789 --> 00:22:24,000

amazing speakers some of my favorites

619

00:22:30,070 --> 00:22:26,799

how did that all come about for you

620

00:22:31,830 --> 00:22:30,080

that was absolutely amazing and it

621

00:22:33,990 --> 00:22:31,840

partially happened because

622

00:22:36,310 --> 00:22:34,000

of uh a conversation that we had on

623

00:22:38,870 --> 00:22:36,320

witness citizen with leslie kane

624

00:22:41,669 --> 00:22:38,880

and leslie was on our on our show on

625

00:22:44,070 --> 00:22:41,679

sean's show that i weekly co-host right

626

00:22:45,669 --> 00:22:44,080

um back in what was it january i think

627

00:22:48,950 --> 00:22:45,679

she was on the show and

628

00:22:50,870 --> 00:22:48,960

and she just kind of lightly encouraged

629

00:22:54,310 --> 00:22:50,880

us us to come down

630

00:22:57,029 --> 00:22:54,320

you know she was and it was very offhand

631

00:22:58,710 --> 00:22:57,039

um but when somebody like that tells you

632

00:23:00,549 --> 00:22:58,720

you should probably do something it's

633

00:23:01,270 --> 00:23:00,559

kind of important to listen to them you

634

00:23:02,149 --> 00:23:01,280

know

635

00:23:03,750 --> 00:23:02,159

and so

636

00:23:05,830 --> 00:23:03,760

i after the show i was sitting there and

637

00:23:07,830 --> 00:23:05,840

i was thinking maybe i should do that is

638

00:23:10,470 --> 00:23:07,840

that something i should do and by the

639

00:23:12,230 --> 00:23:10,480

next day i was i already know jeff

640

00:23:13,990 --> 00:23:12,240

kreipel and

641

00:23:17,029 --> 00:23:14,000

um and so

642

00:23:20,310 --> 00:23:17,039

by the next day i i emailed jeff and

643

00:23:23,430 --> 00:23:20,320

and said oh you know is a room etc and

644

00:23:24,549 --> 00:23:23,440

it turned out that you know there were

645

00:23:26,630 --> 00:23:24,559

in the

646

00:23:27,990 --> 00:23:26,640

it was a small event because of coveted

647

00:23:30,310 --> 00:23:28,000

restrictions and things like that they

648

00:23:32,070 --> 00:23:30,320

had to keep it to about 120 people that

649

00:23:32,950 --> 00:23:32,080

were allowed to show up

650

00:23:34,549 --> 00:23:32,960

and

651

00:23:36,710 --> 00:23:34,559

many many more people were live

652

00:23:39,430 --> 00:23:36,720

streaming it online they have a really

653

00:23:40,470 --> 00:23:39,440

great av department down there at rice

654

00:23:42,870 --> 00:23:40,480

um

655

00:23:45,750 --> 00:23:42,880

but oh my gosh like being down there it

656

00:23:48,070 --> 00:23:45,760

was like ufology heaven you know and a

657

00:23:49,669 --> 00:23:48,080

lot of us were staying in the same hotel

658

00:23:52,789 --> 00:23:49,679

and so

659

00:23:54,549 --> 00:23:52,799

you know walking down to get coffee and

660

00:23:57,269 --> 00:23:54,559

jacques vallee has already been up for

661

00:23:59,350 --> 00:23:57,279

hours having having one-on-one meetings

662

00:24:02,230 --> 00:23:59,360

with people down there you know

663

00:24:04,710 --> 00:24:02,240

you know bumping into michael masters or

664

00:24:06,149 --> 00:24:04,720

leslie or whoever or diana in the

665

00:24:07,110 --> 00:24:06,159

elevator

666

00:24:09,430 --> 00:24:07,120

you know

667

00:24:12,310 --> 00:24:09,440

on your way to the gym or whatever it

668

00:24:14,390 --> 00:24:12,320

was it was it was unbelievable it felt

669

00:24:16,710 --> 00:24:14,400

it felt like um

670

00:24:19,590 --> 00:24:16,720

a strange ufology heaven i have to say

671

00:24:21,830 --> 00:24:19,600

or paranormal heaven in a in an odd way

672

00:24:24,310 --> 00:24:21,840

and i'm so glad you have been a part of

673

00:24:26,470 --> 00:24:24,320

it you know there the

674

00:24:28,710 --> 00:24:26,480

me getting on to one of the panels

675

00:24:29,750 --> 00:24:28,720

actually happened while i was already in

676
00:24:30,950 --> 00:24:29,760
houston

677
00:24:31,669 --> 00:24:30,960
uh my

678
00:24:33,350 --> 00:24:31,679
my

679
00:24:35,750 --> 00:24:33,360
co-founder of the experiencer group

680
00:24:38,230 --> 00:24:35,760
stewart davis was going to be on a panel

681
00:24:40,710 --> 00:24:38,240
and he had to back out because of a

682
00:24:42,710 --> 00:24:40,720
family emergency and so

683
00:24:44,390 --> 00:24:42,720
at the last minute uh

684
00:24:47,190 --> 00:24:44,400
jeff himself

685
00:24:49,190 --> 00:24:47,200
emailed me i was already down there uh

686
00:24:51,750 --> 00:24:49,200
and so i woke up in the hotel the first

687
00:24:53,990 --> 00:24:51,760
morning and i have this email from from

688
00:24:56,549 --> 00:24:54,000

jeff that's like hey man uh can you do

689

00:25:00,390 --> 00:24:56,559

me a favor and be on this panel and

690

00:25:03,190 --> 00:25:00,400

of course it's a huge huge honor

691

00:25:05,430 --> 00:25:03,200

and also of course

692

00:25:07,190 --> 00:25:05,440

incredibly anxiety producing right

693

00:25:09,190 --> 00:25:07,200

because i it was good that it felt like

694

00:25:10,230 --> 00:25:09,200

ufology heaven or paranormal heaven

695

00:25:13,590 --> 00:25:10,240

because

696

00:25:16,149 --> 00:25:13,600

i needed that feeling to kind of

697

00:25:18,789 --> 00:25:16,159

outweigh the amount of anxiety that it

698

00:25:20,789 --> 00:25:18,799

produces to be sitting there and and

699

00:25:22,870 --> 00:25:20,799

feeling like you're talking

700

00:25:24,230 --> 00:25:22,880

in any kind of intelligible way and

701
00:25:25,669 --> 00:25:24,240
you're looking out in the audience and

702
00:25:27,190 --> 00:25:25,679
there's jacques and there's jeff and

703
00:25:29,110 --> 00:25:27,200
there's leslie and there's diana and

704
00:25:31,269 --> 00:25:29,120
there's whitley and all the other

705
00:25:33,990 --> 00:25:31,279
wonderful people that are there you know

706
00:25:35,029 --> 00:25:34,000
um but absolutely amazing event and

707
00:25:41,269 --> 00:25:35,039
they're

708
00:25:42,950 --> 00:25:41,279
possibly at least two more that

709
00:25:44,070 --> 00:25:42,960
maybe of every other year they're

710
00:25:45,830 --> 00:25:44,080
thinking about having similar

711
00:25:46,870 --> 00:25:45,840
conferences down there i don't think

712
00:25:48,549 --> 00:25:46,880
that that's

713
00:25:49,430 --> 00:25:48,559

you know it'll it'll take some time

714

00:25:53,510 --> 00:25:49,440

before

715

00:25:55,510 --> 00:25:53,520

that really comes into play um but but

716

00:25:58,870 --> 00:25:55,520

uh i'm looking forward to more events

717

00:26:00,710 --> 00:25:58,880

with with those folks for sure

718

00:26:02,390 --> 00:26:00,720

yeah that sounds incredible and just in

719

00:26:04,470 --> 00:26:02,400

case anybody isn't aware what are the

720

00:26:06,710 --> 00:26:04,480

archives of the impossible

721

00:26:09,590 --> 00:26:06,720

oh yeah okay so

722

00:26:12,870 --> 00:26:09,600

um jeff [h__h] uh who

723

00:26:14,789 --> 00:26:12,880

who is the uh i think i believe he's the

724

00:26:17,430 --> 00:26:14,799

associate dean or he's the temporary

725

00:26:21,190 --> 00:26:17,440

dean of humanities for rice university

726
00:26:22,470 --> 00:26:21,200
uh down in houston texas uh he also runs

727
00:26:29,990 --> 00:26:22,480
he's a

728
00:26:32,630 --> 00:26:30,000
author and he runs what's called the gem

729
00:26:33,590 --> 00:26:32,640
program and it's one of the rare

730
00:26:34,789 --> 00:26:33,600
kind of

731
00:26:37,510 --> 00:26:34,799
tucked away

732
00:26:40,630 --> 00:26:37,520
places where people study

733
00:26:45,110 --> 00:26:40,640
the paranormal and esotericism within

734
00:26:46,390 --> 00:26:45,120
academia and he's built this amazing

735
00:26:48,630 --> 00:26:46,400
wing

736
00:26:49,990 --> 00:26:48,640
and he's and it's becoming kind of more

737
00:26:53,190 --> 00:26:50,000
powerful

738
00:26:55,430 --> 00:26:53,200

and more amazing by the year um but he

739

00:26:56,950 --> 00:26:55,440

he established

740

00:26:59,190 --> 00:26:56,960

rice university has an incredible

741

00:27:01,350 --> 00:26:59,200

library and archive system and they're

742

00:27:03,190 --> 00:27:01,360

very very well endowed they're very well

743

00:27:05,669 --> 00:27:03,200

funded and so

744

00:27:06,390 --> 00:27:05,679

he was talking with jacques valley years

745

00:27:08,390 --> 00:27:06,400

ago

746

00:27:09,990 --> 00:27:08,400

and jacques valet had no idea where he

747

00:27:11,510 --> 00:27:10,000

was going to put his archive and jeff

748

00:27:13,750 --> 00:27:11,520

said well you know let me make some

749

00:27:14,789 --> 00:27:13,760

calls and i'll see what i can do

750

00:27:17,510 --> 00:27:14,799

and

751

00:27:19,990 --> 00:27:17,520

he jeff was able to kind of

752

00:27:23,669 --> 00:27:20,000

figure out a way so that they could they

753

00:27:26,230 --> 00:27:23,679

could allocate some funds so that this

754

00:27:27,750 --> 00:27:26,240

important you know important documents

755

00:27:31,990 --> 00:27:27,760

important

756

00:27:34,149 --> 00:27:32,000

paperwork uh diaries files from people

757

00:27:36,070 --> 00:27:34,159

associated with ufology people

758

00:27:38,389 --> 00:27:36,080

associated with mediumship people

759

00:27:39,830 --> 00:27:38,399

associated with remote viewing all sorts

760

00:27:42,870 --> 00:27:39,840

of folks

761

00:27:47,750 --> 00:27:42,880

can have their their important documents

762

00:27:49,990 --> 00:27:47,760

down there and it's and it's a way of of

763

00:27:51,750 --> 00:27:50,000

um what we're all doing the research

764

00:27:53,510 --> 00:27:51,760

what that we're all doing so some of

765

00:27:55,590 --> 00:27:53,520

whitley strieber's paperwork is going to

766

00:27:57,750 --> 00:27:55,600

be there leslie kane has done an

767

00:28:01,990 --> 00:27:57,760

incredible job in terms of getting the

768

00:28:03,990 --> 00:28:02,000

narcap files there and and uh the files

769

00:28:06,389 --> 00:28:04,000

of a guy named stuart alexander who's a

770

00:28:07,590 --> 00:28:06,399

very successful physical medium working

771

00:28:09,669 --> 00:28:07,600

in the uk

772

00:28:11,909 --> 00:28:09,679

uh jacques villa's files are there and

773

00:28:13,669 --> 00:28:11,919

they're embargoed for i think another

774

00:28:17,350 --> 00:28:13,679

seven years or so

775

00:28:19,990 --> 00:28:17,360

but i i and i talked to i met with the

776

00:28:22,470 --> 00:28:20,000

guy that actually um

777

00:28:24,310 --> 00:28:22,480

that organized that that is the one

778

00:28:26,149 --> 00:28:24,320

person or one of the very few people

779

00:28:28,950 --> 00:28:26,159

that actually knows what's in jacques

780

00:28:30,389 --> 00:28:28,960

archive and ah man i spent so much time

781

00:28:32,950 --> 00:28:30,399

trying to figure out different ways to

782

00:28:36,070 --> 00:28:32,960

be like so uh you know

783

00:28:38,870 --> 00:28:36,080

trying to get and his mouth was shut but

784

00:28:39,990 --> 00:28:38,880

um he's a great guy his name's tim um

785

00:28:42,149 --> 00:28:40,000

and

786

00:28:43,830 --> 00:28:42,159

he does his own great work in jeff's

787

00:28:46,230 --> 00:28:43,840

program so this is an incredible

788

00:28:48,630 --> 00:28:46,240

resource it's an incredible program in

789

00:28:50,870 --> 00:28:48,640

general and you know for some people

790

00:28:53,110 --> 00:28:50,880

within our field jeff is an under known

791

00:28:55,350 --> 00:28:53,120

figure but in the wider

792

00:28:58,389 --> 00:28:55,360

academic world he's kind of a towering

793

00:28:59,750 --> 00:28:58,399

giant for for this kind of material and

794

00:29:01,909 --> 00:28:59,760

he's

795

00:29:03,669 --> 00:29:01,919

basically like a huge thought leader

796

00:29:05,830 --> 00:29:03,679

when it when it comes to

797

00:29:08,950 --> 00:29:05,840

um

798

00:29:09,909 --> 00:29:08,960

academian states and in legitimizing the

799

00:29:12,149 --> 00:29:09,919

field

800

00:29:14,630 --> 00:29:12,159

for sure it's just so good to see big

801
00:29:17,029 --> 00:29:14,640
institutions on the academia side

802
00:29:18,710 --> 00:29:17,039
being so open to hosting these kind of

803
00:29:19,990 --> 00:29:18,720
things as well you know

804
00:29:21,830 --> 00:29:20,000
something we've been crying out for i

805
00:29:23,750 --> 00:29:21,840
think for quite some time

806
00:29:25,190 --> 00:29:23,760
so yeah really good to see

807
00:29:26,710 --> 00:29:25,200
uh sean

808
00:29:28,789 --> 00:29:26,720
wake up

809
00:29:30,549 --> 00:29:28,799
let me brother

810
00:29:32,149 --> 00:29:30,559
one thing i really was listening yeah

811
00:29:33,830 --> 00:29:32,159
it's fascinating isn't it and i hope

812
00:29:35,430 --> 00:29:33,840
like like jay said i hope we get to see

813
00:29:38,230 --> 00:29:35,440

more events coming out of rice over

814

00:29:39,590 --> 00:29:38,240

there over the years yeah i've just

815

00:29:42,389 --> 00:29:39,600

compounded on what

816

00:29:44,070 --> 00:29:42,399

company you said vinnie like um the fact

817

00:29:46,789 --> 00:29:44,080

that they're willing to take a risk in

818

00:29:49,110 --> 00:29:46,799

it you know rice university and have a

819

00:29:51,029 --> 00:29:49,120

an event like that hopefully you know

820

00:29:53,190 --> 00:29:51,039

that catches on because there's so many

821

00:29:55,590 --> 00:29:53,200

universities and there's so many more

822

00:29:58,870 --> 00:29:55,600

people uh that have done investigations

823

00:30:00,149 --> 00:29:58,880

and have files and archives just like uh

824

00:30:03,350 --> 00:30:00,159

you know

825

00:30:05,510 --> 00:30:03,360

james mcdonald at uh arizona arizona you

826

00:30:07,990 --> 00:30:05,520

know he's got boxes

827

00:30:11,190 --> 00:30:08,000

of files there like that could be an

828

00:30:12,950 --> 00:30:11,200

event you know where they open his files

829

00:30:15,110 --> 00:30:12,960

and and do something there you know so

830

00:30:17,590 --> 00:30:15,120

there's opportunities uh all over the

831

00:30:19,830 --> 00:30:17,600

place so hopefully uh that courageous

832

00:30:21,430 --> 00:30:19,840

step that was taken by rice spawns more

833

00:30:22,870 --> 00:30:21,440

events just like that

834

00:30:27,990 --> 00:30:22,880

and what would you do to get your hands

835

00:30:33,830 --> 00:30:31,350

i i'd be almost you know i'd be like

836

00:30:35,750 --> 00:30:33,840

circling back around i'd be overwhelmed

837

00:30:38,149 --> 00:30:35,760

but then uh you know i'd probably start

838

00:30:40,870 --> 00:30:38,159

reading one and be like oh my gosh

839

00:30:42,470 --> 00:30:40,880

yeah i wonder what's in there you know

840

00:30:45,029 --> 00:30:42,480

um i

841

00:30:48,070 --> 00:30:45,039

i know that he has files probably from

842

00:30:48,789 --> 00:30:48,080

all over the world

843

00:30:50,789 --> 00:30:48,799

and

844

00:30:53,190 --> 00:30:50,799

they're definitely a couple areas i'd be

845

00:30:55,669 --> 00:30:53,200

very interested in learning more about

846

00:30:58,149 --> 00:30:55,679

i'm getting mental pictures of sean in

847

00:31:00,630 --> 00:30:58,159

like total jewel thief garb you know

848

00:31:03,029 --> 00:31:00,640

what i mean like dodging lasers

849

00:31:05,750 --> 00:31:03,039

getting into the fondren library finding

850

00:31:07,190 --> 00:31:05,760

this stuff i love it

851
00:31:10,310 --> 00:31:07,200
knowing me i'd get there and then i'll

852
00:31:13,430 --> 00:31:12,310
that's true no i bet i mean there'd be

853
00:31:15,110 --> 00:31:13,440
all sorts like you said different

854
00:31:16,630 --> 00:31:15,120
countries but i imagine there's a lot of

855
00:31:18,389 --> 00:31:16,640
documents that he would have used when

856
00:31:20,070 --> 00:31:18,399
writing all of his books over the years

857
00:31:22,630 --> 00:31:20,080
as well i mean

858
00:31:23,990 --> 00:31:22,640
what a treasure trove absolute gems in

859
00:31:26,230 --> 00:31:24,000
there

860
00:31:28,149 --> 00:31:26,240
well we can wait seven years and

861
00:31:30,470 --> 00:31:28,159
see what happens then i suppose

862
00:31:32,389 --> 00:31:30,480
um let's switch it up a bit i wanted to

863
00:31:33,750 --> 00:31:32,399

863
speak to you about your fantastic

864

00:31:36,070 --> 00:31:33,760

interview that you both did recently

865

00:31:38,470 --> 00:31:36,080

with george knapp and colin keller

866

00:31:39,190 --> 00:31:38,480

now i mean we all know george knapp um

867

00:31:40,310 --> 00:31:39,200

he's

868

00:31:43,190 --> 00:31:40,320

one of the best investigative

869

00:31:45,190 --> 00:31:43,200

journalists in the subject for decades

870

00:31:46,470 --> 00:31:45,200

but colin you know he he only really

871

00:31:47,909 --> 00:31:46,480

came out again

872

00:31:49,909 --> 00:31:47,919

and i say again because you know he's

873

00:31:51,830 --> 00:31:49,919

been in the field for many years but

874

00:31:53,190 --> 00:31:51,840

very much behind the scenes um but

875

00:31:54,630 --> 00:31:53,200

obviously when the book skin walkers of

876

00:31:56,549 --> 00:31:54,640

the pentagon came out towards the end of

877

00:31:58,230 --> 00:31:56,559

last year he started doing these

878

00:31:59,750 --> 00:31:58,240

interviews and

879

00:32:01,190 --> 00:31:59,760

but i got asked a lot of times last year

880

00:32:03,190 --> 00:32:01,200

so who would you like to interview and i

881

00:32:05,830 --> 00:32:03,200

always said colin kelleher and then he

882

00:32:07,269 --> 00:32:05,840

pops up and it's great but

883

00:32:08,710 --> 00:32:07,279

did you get any major takeaways from

884

00:32:10,230 --> 00:32:08,720

that interview

885

00:32:12,950 --> 00:32:10,240

anything that really stood out that made

886

00:32:14,630 --> 00:32:12,960

you kind of go oh and you know

887

00:32:16,230 --> 00:32:14,640

sure um

888

00:32:19,350 --> 00:32:16,240

you know just to go first i think uh the

889

00:32:23,110 --> 00:32:19,360

major takeaway i got from it is just how

890

00:32:24,870 --> 00:32:23,120

um underreported asap was it in the work

891

00:32:28,230 --> 00:32:24,880

that they actually did

892

00:32:30,630 --> 00:32:28,240

um they made the point um to say you

893

00:32:33,110 --> 00:32:30,640

know when the first new york times uh

894

00:32:35,909 --> 00:32:33,120

article broke they connected a tip to

895

00:32:38,070 --> 00:32:35,919

the the funding and all that and focused

896

00:32:39,909 --> 00:32:38,080

on a small percentage of of what was

897

00:32:42,710 --> 00:32:39,919

happening behind the scenes with with

898

00:32:44,630 --> 00:32:42,720

ufos and investigating the paranormal

899

00:32:46,870 --> 00:32:44,640

um and

900

00:32:48,950 --> 00:32:46,880

you know even with these uh dirt out

901
00:32:51,430 --> 00:32:48,960
that we you know jay was talking about

902
00:32:53,669 --> 00:32:51,440
bastardfield uh released like i went

903
00:32:56,870 --> 00:32:53,679
over the biological effects uh one on

904
00:32:59,190 --> 00:32:56,880
one of my uh episodes um i cannot

905
00:33:01,750 --> 00:32:59,200
believe like that all that stuff is not

906
00:33:03,909 --> 00:33:01,760
being talked about like on the news but

907
00:33:06,710 --> 00:33:03,919
yet you know we get

908
00:33:08,710 --> 00:33:06,720
you know new news segments about blacked

909
00:33:11,190 --> 00:33:08,720
out versions of the preliminary

910
00:33:14,070 --> 00:33:11,200
assessment you know about we can't see

911
00:33:15,430 --> 00:33:14,080
the shapes you know but

912
00:33:17,750 --> 00:33:15,440
we have

913
00:33:19,990 --> 00:33:17,760

like there's so much material that would

914

00:33:22,149 --> 00:33:20,000

make like headlines but but they don't

915

00:33:24,310 --> 00:33:22,159

take it on it's like it and it's not

916

00:33:26,230 --> 00:33:24,320

like some researcher just this is a

917

00:33:28,230 --> 00:33:26,240

government funded

918

00:33:29,909 --> 00:33:28,240

project that looked into these

919

00:33:30,990 --> 00:33:29,919

biological effects

920

00:33:33,990 --> 00:33:31,000

there's

921

00:33:35,509 --> 00:33:34,000

abductions specifically mentioned in

922

00:33:37,430 --> 00:33:35,519

this document

923

00:33:39,830 --> 00:33:37,440

a mufon document

924

00:33:43,909 --> 00:33:39,840

that lists historical

925

00:33:46,389 --> 00:33:43,919

physical cases is in this document

926
00:33:48,389 --> 00:33:46,399
that was made with government money

927
00:33:52,389 --> 00:33:48,399
and

928
00:33:54,630 --> 00:33:52,399
you know so to me it's it's just like um

929
00:33:57,110 --> 00:33:54,640
holy cow is it was there a lot more

930
00:33:59,430 --> 00:33:57,120
going on than we even knew about

931
00:34:02,230 --> 00:33:59,440
and you know uh things can get completed

932
00:34:03,110 --> 00:34:02,240
but the fact is is that it happened and

933
00:34:04,870 --> 00:34:03,120
um

934
00:34:07,430 --> 00:34:04,880
you know what my big takeaway is just

935
00:34:09,109 --> 00:34:07,440
how much time and effort colin has put

936
00:34:11,829 --> 00:34:09,119
into this

937
00:34:13,589 --> 00:34:11,839
how how smart of a person he is

938
00:34:14,550 --> 00:34:13,599

how much more he knows that i'd like to

939

00:34:15,589 --> 00:34:14,560

know

940

00:34:17,750 --> 00:34:15,599

and

941

00:34:19,589 --> 00:34:17,760

you know in george knapp

942

00:34:21,750 --> 00:34:19,599

that i've wanted to talk to him ever

943

00:34:23,430 --> 00:34:21,760

since i started this i i've been

944

00:34:24,950 --> 00:34:23,440

emailing him and trying to get him for

945

00:34:26,550 --> 00:34:24,960

months and

946

00:34:28,710 --> 00:34:26,560

a couple times i thought i scared him

947

00:34:29,589 --> 00:34:28,720

away but somehow i didn't

948

00:34:31,750 --> 00:34:29,599

um

949

00:34:33,190 --> 00:34:31,760

and finally the timing was right you

950

00:34:34,950 --> 00:34:33,200

know um

951
00:34:37,750 --> 00:34:34,960
and

952
00:34:39,349 --> 00:34:37,760
such a thrill to talk to somebody like

953
00:34:41,270 --> 00:34:39,359
that who makes

954
00:34:44,149 --> 00:34:41,280
everything he does

955
00:34:45,190 --> 00:34:44,159
looks so incredibly easy

956
00:34:46,550 --> 00:34:45,200
you know

957
00:34:48,710 --> 00:34:46,560
um

958
00:34:50,230 --> 00:34:48,720
the truly uh look up to that guy's

959
00:34:52,149 --> 00:34:50,240
professionalism

960
00:34:53,829 --> 00:34:52,159
especially in this topic which is which

961
00:34:56,550 --> 00:34:53,839
is not easy so

962
00:34:57,510 --> 00:34:56,560
yeah those are a couple of things

963
00:35:04,230 --> 00:34:57,520

yeah

964

00:35:07,109 --> 00:35:04,240

for me i agree with sean and

965

00:35:09,270 --> 00:35:07,119

of course call column for people that

966

00:35:10,710 --> 00:35:09,280

don't kind of recognize

967

00:35:13,030 --> 00:35:10,720

of course he's a behind the scenes guy

968

00:35:15,190 --> 00:35:13,040

but this guy

969

00:35:17,270 --> 00:35:15,200

and there's this strange fine line

970

00:35:19,109 --> 00:35:17,280

because he likes being a behind the

971

00:35:20,630 --> 00:35:19,119

scenes guy and at the same time he's

972

00:35:22,870 --> 00:35:20,640

co-written a couple of these books and

973

00:35:25,910 --> 00:35:22,880

he he does clearly like getting credit

974

00:35:28,069 --> 00:35:25,920

for the awesome program right so

975

00:35:29,829 --> 00:35:28,079

and i think it's important to

976

00:35:32,230 --> 00:35:29,839

get people to recognize that this is

977

00:35:33,510 --> 00:35:32,240

essentially like the next generation's

978

00:35:35,589 --> 00:35:33,520

help put off

979

00:35:37,670 --> 00:35:35,599

you know how put off is well in his 80s

980

00:35:39,910 --> 00:35:37,680

and then you've got column in the next

981

00:35:43,270 --> 00:35:39,920

generation and he's basically

982

00:35:46,630 --> 00:35:43,280

doing the same kinds of explorations

983

00:35:48,950 --> 00:35:46,640

that hal has been paid to do for decades

984

00:35:51,270 --> 00:35:48,960

you know in this wider

985

00:35:52,310 --> 00:35:51,280

framework of follow the evidence where

986

00:35:56,230 --> 00:35:52,320

it leads

987

00:35:58,710 --> 00:35:56,240

and he's a complete total badass

988

00:36:00,150 --> 00:35:58,720

you know and and

989

00:36:02,310 --> 00:36:00,160

just

990

00:36:04,069 --> 00:36:02,320

being in that situation of looking at

991

00:36:05,030 --> 00:36:04,079

george and looking at column you know

992

00:36:05,829 --> 00:36:05,040

it's like

993

00:36:09,430 --> 00:36:05,839

where

994

00:36:12,390 --> 00:36:09,440

the the one guy has 24 news emmys right

995

00:36:14,470 --> 00:36:12,400

and the the other guys call him column

996

00:36:17,349 --> 00:36:14,480

effing keller and

997

00:36:18,710 --> 00:36:17,359

and i was saying to to steward yesterday

998

00:36:23,270 --> 00:36:18,720

it's like

999

00:36:25,670 --> 00:36:23,280

procedural shows where you're brought in

1000

00:36:27,349 --> 00:36:25,680

to be interrogated you know and you're

1001

00:36:29,030 --> 00:36:27,359

in you're like chained

1002

00:36:31,589 --> 00:36:29,040

to the table or something like that and

1003

00:36:33,910 --> 00:36:31,599

these two slick dudes and suits sit down

1004

00:36:36,310 --> 00:36:33,920

in front of you to play good cop bad cop

1005

00:36:38,150 --> 00:36:36,320

or whatever and then you're there and

1006

00:36:40,230 --> 00:36:38,160

you're supposed to interview them for

1007

00:36:42,950 --> 00:36:40,240

some reason do you know what i mean like

1008

00:36:44,870 --> 00:36:42,960

it was it was it's extraordinarily

1009

00:36:47,910 --> 00:36:44,880

intimidating being in a situation like

1010

00:36:49,829 --> 00:36:47,920

that i you know and but i i really

1011

00:36:52,710 --> 00:36:49,839

enjoyed it you know i think george is a

1012

00:36:54,710 --> 00:36:52,720

treasure i think column is absolutely

1013

00:36:56,470 --> 00:36:54,720

fascinating and the work he does is

1014

00:36:57,910 --> 00:36:56,480

absolutely fascinating

1015

00:36:58,790 --> 00:36:57,920

and um

1016

00:36:59,750 --> 00:36:58,800

you know

1017

00:37:03,990 --> 00:36:59,760

one

1018

00:37:05,030 --> 00:37:04,000

takeaway i guess from there is just

1019

00:37:07,190 --> 00:37:05,040

without

1020

00:37:09,270 --> 00:37:07,200

going into

1021

00:37:11,510 --> 00:37:09,280

column clearly wants to helm another

1022

00:37:14,390 --> 00:37:11,520

project like awesome yeah i think that

1023

00:37:17,109 --> 00:37:14,400

that's one of the takeaways there and

1024

00:37:19,670 --> 00:37:17,119

i think that if people really want to

1025

00:37:21,910 --> 00:37:19,680

kind of investigate and and look into

1026
00:37:24,710 --> 00:37:21,920
the stuff more maybe they should look

1027
00:37:27,190 --> 00:37:24,720
into you know the bigelow institute of

1028
00:37:29,349 --> 00:37:27,200
consciousness studies or they look could

1029
00:37:31,030 --> 00:37:29,359
look into bass a little bit more because

1030
00:37:33,750 --> 00:37:31,040
the guy's doing really good work and

1031
00:37:36,550 --> 00:37:33,760
it's not as if he's too he's too bright

1032
00:37:38,630 --> 00:37:36,560
and inquisitive of a person to stop

1033
00:37:39,750 --> 00:37:38,640
pursuing good leads let's put it that

1034
00:37:41,270 --> 00:37:39,760
way

1035
00:37:43,349 --> 00:37:41,280
yeah and obviously he did good work with

1036
00:37:44,870 --> 00:37:43,359
nids as well back in the day

1037
00:37:46,470 --> 00:37:44,880
you know

1038
00:37:48,550 --> 00:37:46,480

i have tried to speak to speak to him

1039

00:37:50,150 --> 00:37:48,560

and george and maybe it's

1040

00:37:51,589 --> 00:37:50,160

maybe it's the same for me as what you

1041

00:37:53,430 --> 00:37:51,599

you had seen where

1042

00:37:55,430 --> 00:37:53,440

you get into conversations with them it

1043

00:37:56,870 --> 00:37:55,440

doesn't lead to setting up a day and at

1044

00:37:58,550 --> 00:37:56,880

that moment i'm in that point where i'm

1045

00:38:01,109 --> 00:37:58,560

just waiting to hear back

1046

00:38:05,990 --> 00:38:01,119

um no rush of course you know

1047

00:38:08,310 --> 00:38:06,000

yeah it's just um persistence is key but

1048

00:38:09,030 --> 00:38:08,320

you know just every now and again oh hey

1049

00:38:11,270 --> 00:38:09,040

just

1050

00:38:12,790 --> 00:38:11,280

checking in any things open up be my

1051

00:38:16,870 --> 00:38:12,800

honor you know

1052

00:38:18,230 --> 00:38:16,880

um yeah because literally like

1053

00:38:20,150 --> 00:38:18,240

i thought it was gonna happen like

1054

00:38:21,030 --> 00:38:20,160

months ago and it didn't

1055

00:38:21,910 --> 00:38:21,040

um

1056

00:38:29,349 --> 00:38:21,920

and

1057

00:38:32,390 --> 00:38:30,710

the one thing i know is he doesn't like

1058

00:38:33,910 --> 00:38:32,400

talking about himself

1059

00:38:35,190 --> 00:38:33,920

so

1060

00:38:36,710 --> 00:38:35,200

now that's the thing you mentioned being

1061

00:38:38,150 --> 00:38:36,720

persistent as well

1062

00:38:40,150 --> 00:38:38,160

i'm not very good at being persistent

1063

00:38:41,670 --> 00:38:40,160

with people because i feel like i'm just

1064

00:38:44,069 --> 00:38:41,680

annoying them

1065

00:38:45,910 --> 00:38:44,079

yeah well who cares

1066

00:38:47,750 --> 00:38:45,920

no i don't want to come across that way

1067

00:38:49,510 --> 00:38:47,760

you know i know what it's like when you

1068

00:38:51,349 --> 00:38:49,520

get bombarded with things and i'm sure

1069

00:38:54,390 --> 00:38:51,359

they get a lot of it so

1070

00:38:57,030 --> 00:38:54,400

well you know a lot of people may not

1071

00:38:59,430 --> 00:38:57,040

know this but i spent most of my time uh

1072

00:39:01,829 --> 00:38:59,440

in my professional life in sales you

1073

00:39:04,390 --> 00:39:01,839

know my last job was pretty high ticket

1074

00:39:05,589 --> 00:39:04,400

sales and i did a lot of self training

1075

00:39:08,870 --> 00:39:05,599

for that

1076

00:39:11,190 --> 00:39:08,880

um and one thing i learned is

1077

00:39:14,870 --> 00:39:11,200

you have to be away you have to be

1078

00:39:16,550 --> 00:39:14,880

willing to uh not take a deal a sale so

1079

00:39:19,030 --> 00:39:16,560

to speak

1080

00:39:20,870 --> 00:39:19,040

and with like a guest i say you have to

1081

00:39:23,109 --> 00:39:20,880

be willing and know that you might not

1082

00:39:25,670 --> 00:39:23,119

get the interview when you go and ask

1083

00:39:27,430 --> 00:39:25,680

the for the interview you know and just

1084

00:39:29,430 --> 00:39:27,440

realize that everybody's just a person

1085

00:39:31,750 --> 00:39:29,440

and everyone wants to just have a human

1086

00:39:32,710 --> 00:39:31,760

connection and just be honest with each

1087

00:39:34,390 --> 00:39:32,720

other and

1088

00:39:37,510 --> 00:39:34,400

you know as long as you do that

1089

00:39:39,990 --> 00:39:37,520

everything will work out however that is

1090

00:39:41,990 --> 00:39:40,000

yeah absolutely yeah yeah

1091

00:39:43,829 --> 00:39:42,000

um

1092

00:39:45,430 --> 00:39:43,839

here's a point that i really always find

1093

00:39:47,030 --> 00:39:45,440

really interesting and and i like to get

1094

00:39:47,990 --> 00:39:47,040

different em different points of view on

1095

00:39:50,310 --> 00:39:48,000

it is

1096

00:39:52,069 --> 00:39:50,320

we put a lot or i say we people in

1097

00:39:54,630 --> 00:39:52,079

general seem to put a lot of emphasis on

1098

00:39:57,750 --> 00:39:54,640

videos and ufo videos

1099

00:40:01,349 --> 00:39:57,760

for me personally i don't i prefer data

1100

00:40:03,109 --> 00:40:01,359

and stuff like that you know i think

1101
00:40:04,870 --> 00:40:03,119
in this day and age a video can only

1102
00:40:07,030 --> 00:40:04,880
give you so much it can only tell you so

1103
00:40:07,910 --> 00:40:07,040
much and it still would warrant a lot

1104
00:40:09,829 --> 00:40:07,920
more

1105
00:40:11,109 --> 00:40:09,839
data to back it up so what are you guys

1106
00:40:11,829 --> 00:40:11,119
thoughts on this you know when people

1107
00:40:14,790 --> 00:40:11,839
say

1108
00:40:17,190 --> 00:40:14,800
if we see a a clear or compelling video

1109
00:40:19,030 --> 00:40:17,200
that's it we've got disclosure well

1110
00:40:21,349 --> 00:40:19,040
it's not so

1111
00:40:24,069 --> 00:40:21,359
yeah i'd like to know your thoughts

1112
00:40:27,750 --> 00:40:24,079
sure yeah i think you know a great video

1113
00:40:30,069 --> 00:40:27,760

is a great video and at the same time

1114

00:40:31,349 --> 00:40:30,079

um having

1115

00:40:33,829 --> 00:40:31,359

had

1116

00:40:36,309 --> 00:40:33,839

experiences myself you know sean has

1117

00:40:38,630 --> 00:40:36,319

other people you know it's it's

1118

00:40:41,190 --> 00:40:38,640

difficult to

1119

00:40:44,069 --> 00:40:41,200

square away for people or

1120

00:40:46,630 --> 00:40:44,079

you know the idea that that

1121

00:40:48,630 --> 00:40:46,640

the video doesn't doesn't show you how

1122

00:40:50,950 --> 00:40:48,640

weird these situations actually are to

1123

00:40:53,030 --> 00:40:50,960

experience they don't show you the web

1124

00:40:56,230 --> 00:40:53,040

of connections that happen there

1125

00:40:57,990 --> 00:40:56,240

and so in a way when i think about

1126
00:41:00,710 --> 00:40:58,000
kind of the

1127
00:41:03,270 --> 00:41:00,720
simplistic

1128
00:41:05,510 --> 00:41:03,280
kind of 2001

1129
00:41:07,030 --> 00:41:05,520
idea of disclosure not the stanley

1130
00:41:10,069 --> 00:41:07,040
kubrick movie which was a total mind

1131
00:41:11,910 --> 00:41:10,079
screw but i mean kind of like the greer

1132
00:41:14,550 --> 00:41:11,920
you know steven bassett era of

1133
00:41:16,150 --> 00:41:14,560
disclosure where as if as if it was

1134
00:41:18,550 --> 00:41:16,160
going to be some christmas present that

1135
00:41:20,470 --> 00:41:18,560
people could just open on december 25th

1136
00:41:21,829 --> 00:41:20,480
and be like oh my god we have disclosure

1137
00:41:23,510 --> 00:41:21,839
look it's right here

1138
00:41:24,710 --> 00:41:23,520

like it was going to be like a bicycle

1139

00:41:28,309 --> 00:41:24,720

or something like that do you know what

1140

00:41:31,589 --> 00:41:28,319

i mean and um i and

1141

00:41:34,069 --> 00:41:31,599

when you see how this how strange things

1142

00:41:35,990 --> 00:41:34,079

get and how much is going on seemingly

1143

00:41:39,030 --> 00:41:36,000

you know then

1144

00:41:42,390 --> 00:41:39,040

it's going to be a developing

1145

00:41:44,150 --> 00:41:42,400

complicated conversation for decades

1146

00:41:47,829 --> 00:41:44,160

possibly centuries

1147

00:41:49,589 --> 00:41:47,839

to adapt to the these other kind of

1148

00:41:52,150 --> 00:41:49,599

realities right

1149

00:41:55,430 --> 00:41:52,160

and so when i see a video i think oh you

1150

00:41:57,430 --> 00:41:55,440

know i do see how much mileage ralph and

1151
00:41:59,910 --> 00:41:57,440
leslie and lou

1152
00:42:02,630 --> 00:41:59,920
and chris mellen got off of those

1153
00:42:03,910 --> 00:42:02,640
original fleur videos and at the same

1154
00:42:05,670 --> 00:42:03,920
time

1155
00:42:07,349 --> 00:42:05,680
you know which is amazing but at the

1156
00:42:08,870 --> 00:42:07,359
same time i think

1157
00:42:11,030 --> 00:42:08,880
that there are so many competing

1158
00:42:12,710 --> 00:42:11,040
interests that have kind of leveled up

1159
00:42:14,069 --> 00:42:12,720
since then

1160
00:42:18,069 --> 00:42:14,079
that

1161
00:42:20,390 --> 00:42:18,079
keeps talking about and other people

1162
00:42:23,190 --> 00:42:20,400
keep talking about the confidential uap

1163
00:42:24,630 --> 00:42:23,200

task force videos things like or videos

1164

00:42:26,630 --> 00:42:24,640

things like that

1165

00:42:27,910 --> 00:42:26,640

i don't know that

1166

00:42:31,109 --> 00:42:27,920

you know there's still going to be

1167

00:42:33,030 --> 00:42:31,119

people that are paid to debase things

1168

00:42:34,390 --> 00:42:33,040

that are literally paid to debase things

1169

00:42:35,990 --> 00:42:34,400

and then there are other people that do

1170

00:42:37,349 --> 00:42:36,000

that work for free

1171

00:42:41,030 --> 00:42:37,359

you know there are other people that

1172

00:42:42,550 --> 00:42:41,040

seemingly have have organized themselves

1173

00:42:45,589 --> 00:42:42,560

where they want to be kind of like

1174

00:42:46,710 --> 00:42:45,599

unpaid agents of the mod or whoever the

1175

00:42:49,190 --> 00:42:46,720

heck

1176

00:42:50,470 --> 00:42:49,200

to to kind of sit around and

1177

00:42:58,870 --> 00:42:50,480

and

1178

00:43:01,190 --> 00:42:58,880

edit an image these days so yeah yeah

1179

00:43:03,670 --> 00:43:01,200

that's that's my take on videos i love

1180

00:43:05,270 --> 00:43:03,680

seeing a cool video i love seeing a cat

1181

00:43:08,390 --> 00:43:05,280

video you know what i mean a great video

1182

00:43:09,910 --> 00:43:08,400

is a great video but um but it's it's

1183

00:43:10,790 --> 00:43:09,920

gonna take more than that i'm sure of

1184

00:43:14,390 --> 00:43:10,800

that

1185

00:43:16,950 --> 00:43:14,400

sean yeah yeah uh i am

1186

00:43:18,550 --> 00:43:16,960

more or less on on the same boat with

1187

00:43:22,309 --> 00:43:18,560

you there i mean

1188

00:43:23,750 --> 00:43:22,319

um the way i think of it is um

1189

00:43:25,510 --> 00:43:23,760

you know think of it like the best

1190

00:43:28,550 --> 00:43:25,520

clearest

1191

00:43:30,150 --> 00:43:28,560

that that you know most people would exp

1192

00:43:32,470 --> 00:43:30,160

want to

1193

00:43:33,750 --> 00:43:32,480

see as far as being the clincher for

1194

00:43:35,030 --> 00:43:33,760

them right

1195

00:43:36,470 --> 00:43:35,040

and then

1196

00:43:38,470 --> 00:43:36,480

you know think of how

1197

00:43:40,150 --> 00:43:38,480

people would react to that

1198

00:43:41,990 --> 00:43:40,160

and when i think of that i think a lot

1199

00:43:45,109 --> 00:43:42,000

of the reactions would be

1200

00:43:46,950 --> 00:43:45,119

this is fake or cgi or

1201
00:43:48,710 --> 00:43:46,960
or whatever right and then the other

1202
00:43:50,550 --> 00:43:48,720
thing i think of is

1203
00:43:51,829 --> 00:43:50,560
uh whatever it is isn't going to look

1204
00:43:54,950 --> 00:43:51,839
like anything

1205
00:43:57,109 --> 00:43:54,960
that you are imagining right now you

1206
00:43:59,510 --> 00:43:57,119
know so

1207
00:44:01,349 --> 00:43:59,520
um i think

1208
00:44:03,190 --> 00:44:01,359
you know it could be

1209
00:44:05,430 --> 00:44:03,200
what you see visually is going to be the

1210
00:44:06,870 --> 00:44:05,440
least important uh aspect of the

1211
00:44:09,109 --> 00:44:06,880
phenomenon

1212
00:44:11,589 --> 00:44:09,119
you know basically so if if you're

1213
00:44:13,430 --> 00:44:11,599

banking on a video i i think um you're

1214

00:44:14,790 --> 00:44:13,440

banking on being underwhelmed over and

1215

00:44:17,510 --> 00:44:14,800

over again

1216

00:44:19,670 --> 00:44:17,520

because the phenomenon it isn't about

1217

00:44:22,630 --> 00:44:19,680

what you see you know

1218

00:44:23,670 --> 00:44:22,640

um it's about uh the experience you have

1219

00:44:25,670 --> 00:44:23,680

um

1220

00:44:26,710 --> 00:44:25,680

you know during a interaction or an

1221

00:44:28,470 --> 00:44:26,720

encounter

1222

00:44:32,069 --> 00:44:28,480

and you know the other things that the

1223

00:44:33,030 --> 00:44:32,079

phenomenon is capable of visually um is

1224

00:44:36,470 --> 00:44:33,040

is

1225

00:44:39,109 --> 00:44:36,480

um you know really not important in the

1226

00:44:41,589 --> 00:44:39,119

in the long run um but it's unfortunate

1227

00:44:42,309 --> 00:44:41,599

because it's been propped up as uh you

1228

00:44:44,710 --> 00:44:42,319

know

1229

00:44:46,710 --> 00:44:44,720

one of the most important things that

1230

00:44:48,390 --> 00:44:46,720

people should look for or look for you

1231

00:44:50,790 --> 00:44:48,400

know and i'd play this segment on my

1232

00:44:52,870 --> 00:44:50,800

show called uh what the heck is that you

1233

00:44:54,870 --> 00:44:52,880

know where i go what the heck is that

1234

00:44:56,790 --> 00:44:54,880

you know and then we play some uh some

1235

00:44:58,150 --> 00:44:56,800

videos i find online

1236

00:44:59,829 --> 00:44:58,160

and um

1237

00:45:03,030 --> 00:44:59,839

you know it's interesting because

1238

00:45:04,870 --> 00:45:03,040

everyone that actually has like a real

1239

00:45:07,430 --> 00:45:04,880

saucer or something

1240

00:45:09,030 --> 00:45:07,440

you know that zips through and it's like

1241

00:45:10,630 --> 00:45:09,040

that that could be real and you would

1242

00:45:12,150 --> 00:45:10,640

never even know

1243

00:45:13,990 --> 00:45:12,160

you would never know

1244

00:45:16,550 --> 00:45:14,000

because you wouldn't believe it

1245

00:45:17,510 --> 00:45:16,560

you know but you wouldn't believe it

1246

00:45:19,910 --> 00:45:17,520

you know

1247

00:45:21,990 --> 00:45:19,920

uh and that's just

1248

00:45:23,910 --> 00:45:22,000

how it works like the almost the more

1249

00:45:26,150 --> 00:45:23,920

real something looks is you're just

1250

00:45:28,390 --> 00:45:26,160

gonna think it's completely fake you

1251

00:45:31,349 --> 00:45:28,400

know along yeah along those lines i

1252

00:45:33,030 --> 00:45:31,359

think that a com a compelling occupant

1253

00:45:36,150 --> 00:45:33,040

video like

1254

00:45:38,230 --> 00:45:36,160

the others aliens extra you know however

1255

00:45:41,190 --> 00:45:38,240

you want to frame this stuff like a

1256

00:45:43,510 --> 00:45:41,200

compelling video of grays or mantis or

1257

00:45:46,550 --> 00:45:43,520

whoever else like that

1258

00:45:49,030 --> 00:45:46,560

that could unlock a lot of

1259

00:45:51,270 --> 00:45:49,040

weird doors in terms of like the public

1260

00:45:53,910 --> 00:45:51,280

consciousness but like sean's saying

1261

00:45:55,589 --> 00:45:53,920

like that that also

1262

00:45:56,790 --> 00:45:55,599

it doesn't mean that people would

1263

00:45:59,190 --> 00:45:56,800

believe it

1264

00:46:00,550 --> 00:45:59,200

it it just looked like an op the entire

1265

00:46:02,230 --> 00:46:00,560

time you know

1266

00:46:04,069 --> 00:46:02,240

yeah and i mean i suppose in your line

1267

00:46:06,550 --> 00:46:04,079

jay when i mean you're an experienced

1268

00:46:09,190 --> 00:46:06,560

yourself but and when somebody new you

1269

00:46:11,109 --> 00:46:09,200

speak to comes and tells you their

1270

00:46:13,109 --> 00:46:11,119

their story um

1271

00:46:16,630 --> 00:46:13,119

about maybe interacting with an entity

1272

00:46:20,870 --> 00:46:19,109

i mean i'm not saying that people come

1273

00:46:22,630 --> 00:46:20,880

up and talk to you and they're blatantly

1274

00:46:24,870 --> 00:46:22,640

lying about things but how do you

1275

00:46:26,630 --> 00:46:24,880

discern between

1276

00:46:28,309 --> 00:46:26,640

you know someone who's telling the truth

1277

00:46:31,349 --> 00:46:28,319

or someone you may be unsure of i mean

1278

00:46:33,990 --> 00:46:31,359

that must be a really difficult process

1279

00:46:37,750 --> 00:46:34,000

it can be challenging it can it can be

1280

00:46:39,910 --> 00:46:37,760

very challenging and i try

1281

00:46:42,470 --> 00:46:39,920

everybody that's kind of a principal at

1282

00:46:44,870 --> 00:46:42,480

the experienter group we

1283

00:46:46,550 --> 00:46:44,880

try to remain as open-minded as possible

1284

00:46:49,190 --> 00:46:46,560

and we also recognize that there are

1285

00:46:51,829 --> 00:46:49,200

some people that are having

1286

00:46:54,710 --> 00:46:51,839

experiences that are

1287

00:46:58,069 --> 00:46:54,720

there's a lot of overlap with with

1288

00:47:00,790 --> 00:46:58,079

mental illness it's just absolutely true

1289

00:47:03,349 --> 00:47:00,800

that's true and there are people that

1290

00:47:05,670 --> 00:47:03,359

are having honest-to-god

1291

00:47:07,670 --> 00:47:05,680

wild encounters with non-human

1292

00:47:10,150 --> 00:47:07,680

intelligence and or out-of-body

1293

00:47:12,470 --> 00:47:10,160

experiences or near-death all there are

1294

00:47:14,790 --> 00:47:12,480

so many different kinds of situations

1295

00:47:16,950 --> 00:47:14,800

and they could be having a mental health

1296

00:47:18,950 --> 00:47:16,960

crisis along with that

1297

00:47:20,549 --> 00:47:18,960

you know it's not necessarily a lot of

1298

00:47:22,069 --> 00:47:20,559

people online they say oh it's one or

1299

00:47:23,990 --> 00:47:22,079

the other but

1300

00:47:26,710 --> 00:47:24,000

if you know how much this can like break

1301
00:47:28,390 --> 00:47:26,720
open people's brains to be dealing with

1302
00:47:29,750 --> 00:47:28,400
the ontological shock of some of these

1303
00:47:32,390 --> 00:47:29,760
situations

1304
00:47:33,430 --> 00:47:32,400
it causes depression it causes anxiety

1305
00:47:38,630 --> 00:47:33,440
people

1306
00:47:40,630 --> 00:47:38,640
abuse issues because they they can't

1307
00:47:42,470 --> 00:47:40,640
face this stuff marriages break up there

1308
00:47:43,270 --> 00:47:42,480
are so many issues that way

1309
00:47:47,670 --> 00:47:43,280
and

1310
00:47:49,670 --> 00:47:47,680
being able to like we were talking about

1311
00:47:52,630 --> 00:47:49,680
before being able to meet people where

1312
00:47:55,270 --> 00:47:52,640
they are is extraordinarily important

1313
00:47:57,190 --> 00:47:55,280

and at the same time there are

1314

00:47:58,630 --> 00:47:57,200

very specific data points that you can

1315

00:48:00,630 --> 00:47:58,640

look at and

1316

00:48:02,470 --> 00:48:00,640

the more people you talk to you know

1317

00:48:04,150 --> 00:48:02,480

i've i've spoken with thousands of

1318

00:48:04,870 --> 00:48:04,160

people at this point about this stuff

1319

00:48:10,390 --> 00:48:04,880

and

1320

00:48:12,470 --> 00:48:10,400

you you think to yourself oh yeah

1321

00:48:14,309 --> 00:48:12,480

that resonates with this case and this

1322

00:48:16,470 --> 00:48:14,319

and this and this other thing and then

1323

00:48:17,750 --> 00:48:16,480

every once in a while you you get

1324

00:48:18,790 --> 00:48:17,760

somebody that

1325

00:48:21,510 --> 00:48:18,800

may

1326

00:48:23,349 --> 00:48:21,520

just completely be off the map

1327

00:48:25,510 --> 00:48:23,359

and that could be because

1328

00:48:26,870 --> 00:48:25,520

they just had like their

1329

00:48:30,069 --> 00:48:26,880

whatever their

1330

00:48:32,870 --> 00:48:30,079

specific thing is it just isn't

1331

00:48:34,790 --> 00:48:32,880

that usual even within this wild realm

1332

00:48:35,829 --> 00:48:34,800

where nothing is usual

1333

00:48:38,950 --> 00:48:35,839

right

1334

00:48:41,190 --> 00:48:38,960

and sometimes that person might be

1335

00:48:44,230 --> 00:48:41,200

making something up right

1336

00:48:45,910 --> 00:48:44,240

but it honestly within the group and

1337

00:48:48,230 --> 00:48:45,920

from what i see it happens so

1338

00:48:50,150 --> 00:48:48,240

infrequently because one of the cool

1339

00:48:52,950 --> 00:48:50,160

things about having a group like that is

1340

00:48:54,630 --> 00:48:52,960

that people that are fakes don't want to

1341

00:48:56,870 --> 00:48:54,640

be around a bunch of authentic

1342

00:48:59,670 --> 00:48:56,880

experiencers you know what i mean it

1343

00:49:01,030 --> 00:48:59,680

seems to weed itself out in a way

1344

00:49:02,390 --> 00:49:01,040

um

1345

00:49:04,390 --> 00:49:02,400

i was just gonna say that like the

1346

00:49:06,630 --> 00:49:04,400

people that fake it won't have the the

1347

00:49:08,790 --> 00:49:06,640

same amount of conviction to work

1348

00:49:11,190 --> 00:49:08,800

through you know what they experienced

1349

00:49:12,870 --> 00:49:11,200

or you know are pretending to experience

1350

00:49:14,470 --> 00:49:12,880

so it's only a matter of time until

1351

00:49:15,349 --> 00:49:14,480

they're like they get out of there or

1352

00:49:17,349 --> 00:49:15,359

whatever

1353

00:49:19,750 --> 00:49:17,359

um is it going back a little bit on the

1354

00:49:23,270 --> 00:49:19,760

on the video thing you know what uh

1355

00:49:25,109 --> 00:49:23,280

videos are really good for is attention

1356

00:49:27,589 --> 00:49:25,119

right so if you if you get a video that

1357

00:49:29,910 --> 00:49:27,599

gets like a lot of attention like uh the

1358

00:49:30,950 --> 00:49:29,920

new york times that era those navy

1359

00:49:34,069 --> 00:49:30,960

videos

1360

00:49:36,950 --> 00:49:34,079

um that brought a lot more people to the

1361

00:49:39,990 --> 00:49:36,960

topic who are then like okay

1362

00:49:42,150 --> 00:49:40,000

what is this and then went into

1363

00:49:44,230 --> 00:49:42,160

you know researching or you know having

1364

00:49:47,430 --> 00:49:44,240

podcasts or doing things that were

1365

00:49:50,710 --> 00:49:47,440

productive and positive that helped um

1366

00:49:52,549 --> 00:49:50,720

put a community of tools on

1367

00:49:53,430 --> 00:49:52,559

the topic to try to figure things out

1368

00:49:55,349 --> 00:49:53,440

you know

1369

00:49:58,150 --> 00:49:55,359

um because you're not gonna get that

1370

00:49:59,589 --> 00:49:58,160

kind of interest without that i wouldn't

1371

00:50:03,190 --> 00:49:59,599

think you know

1372

00:50:06,309 --> 00:50:03,200

so i mean i do think like the the videos

1373

00:50:08,549 --> 00:50:06,319

um are are really great for that

1374

00:50:10,710 --> 00:50:08,559

are really great for that um especially

1375

00:50:12,390 --> 00:50:10,720

when it's an authentic like navy video

1376

00:50:14,870 --> 00:50:12,400

uh and and it's paired with the

1377

00:50:18,230 --> 00:50:14,880

testimony of of someone like david

1378

00:50:19,430 --> 00:50:18,240

fravor like yeah so that alone obviously

1379

00:50:22,150 --> 00:50:19,440

as we could see we've all been through

1380

00:50:24,230 --> 00:50:22,160

it it's not gonna be enough to convince

1381

00:50:26,470 --> 00:50:24,240

the entire world um

1382

00:50:28,230 --> 00:50:26,480

that it's time to you know change your

1383

00:50:29,190 --> 00:50:28,240

life and focus on other things or

1384

00:50:30,870 --> 00:50:29,200

whatever

1385

00:50:33,910 --> 00:50:30,880

um but that's

1386

00:50:36,470 --> 00:50:33,920

definitely uh enough to get a lot more

1387

00:50:39,190 --> 00:50:36,480

people interested to put in the work to

1388

00:50:40,630 --> 00:50:39,200

figure it out for themselves

1389

00:50:42,069 --> 00:50:40,640

absolutely i suppose a lot of people do

1390

00:50:43,910 --> 00:50:42,079

come into this when they see stories

1391

00:50:45,430 --> 00:50:43,920

like the nimitz case when

1392

00:50:46,150 --> 00:50:45,440

with the new york times for example but

1393

00:50:47,829 --> 00:50:46,160

then

1394

00:50:49,270 --> 00:50:47,839

i think also with

1395

00:50:50,390 --> 00:50:49,280

with the experience the side of things

1396

00:50:52,230 --> 00:50:50,400

people

1397

00:50:53,670 --> 00:50:52,240

so i mean for me personally it seems

1398

00:50:55,430 --> 00:50:53,680

like more and more people are coming

1399

00:50:57,750 --> 00:50:55,440

forward but have i really been paying

1400

00:51:00,069 --> 00:50:57,760

attention jay would you say that you're

1401
00:51:02,630 --> 00:51:00,079
getting more of an influx of people

1402
00:51:05,430 --> 00:51:02,640
you know as each year comes by

1403
00:51:06,829 --> 00:51:05,440
absolutely i mean the experienter group

1404
00:51:10,390 --> 00:51:06,839
itself

1405
00:51:14,390 --> 00:51:10,400
has only been around for about 15 months

1406
00:51:18,390 --> 00:51:14,400
now um and originally we um it was

1407
00:51:20,549 --> 00:51:18,400
invite only and so we opened it up um to

1408
00:51:21,510 --> 00:51:20,559
other people starting in may of last

1409
00:51:23,430 --> 00:51:21,520
year

1410
00:51:24,549 --> 00:51:23,440
right um but

1411
00:51:26,710 --> 00:51:24,559
that said

1412
00:51:28,790 --> 00:51:26,720
um we were doing private groups before

1413
00:51:30,230 --> 00:51:28,800

in different configurations before that

1414

00:51:30,950 --> 00:51:30,240

happens you know

1415

00:51:32,309 --> 00:51:30,960

it

1416

00:51:36,549 --> 00:51:32,319

that

1417

00:51:38,950 --> 00:51:36,559

from somewhere and it was a lot of

1418

00:51:41,190 --> 00:51:38,960

confidential groups that happened during

1419

00:51:42,790 --> 00:51:41,200

the beginning of the pandemic and around

1420

00:51:43,589 --> 00:51:42,800

then and even before

1421

00:51:46,309 --> 00:51:43,599

but

1422

00:51:48,549 --> 00:51:46,319

yeah people are definitely coming out of

1423

00:51:51,510 --> 00:51:48,559

the woodwork there's i think that

1424

00:51:54,710 --> 00:51:51,520

one of the things is that you see

1425

00:51:56,150 --> 00:51:54,720

a different level of you see different

1426

00:51:58,150 --> 00:51:56,160

levels of people

1427

00:51:59,589 --> 00:51:58,160

being able to kind of walk into these

1428

00:52:02,230 --> 00:51:59,599

situations

1429

00:52:07,589 --> 00:52:04,870

um without of course we have a privacy

1430

00:52:09,510 --> 00:52:07,599

policy at the experienter group so i

1431

00:52:11,030 --> 00:52:09,520

can't kind of name people unless they

1432

00:52:12,069 --> 00:52:11,040

out themselves as members and things

1433

00:52:13,109 --> 00:52:12,079

like that yeah

1434

00:52:15,510 --> 00:52:13,119

but

1435

00:52:18,390 --> 00:52:15,520

there are people that are very high

1436

00:52:20,150 --> 00:52:18,400

functioning people that have you know

1437

00:52:21,670 --> 00:52:20,160

worked on things like

1438

00:52:24,230 --> 00:52:21,680

you know these super computers that we

1439

00:52:26,790 --> 00:52:24,240

hold in our pockets or or people that

1440

00:52:27,589 --> 00:52:26,800

are associated with enormous businesses

1441

00:52:32,309 --> 00:52:27,599

and

1442

00:52:34,870 --> 00:52:32,319

putting the dots together is is really

1443

00:52:35,670 --> 00:52:34,880

crucial and important

1444

00:52:36,950 --> 00:52:35,680

yeah

1445

00:52:38,150 --> 00:52:36,960

and what advice would you give to

1446

00:52:39,430 --> 00:52:38,160

somebody who's

1447

00:52:41,510 --> 00:52:39,440

had an experience and they're a bit

1448

00:52:42,950 --> 00:52:41,520

unsure a bit nervous about coming out i

1449

00:52:44,150 --> 00:52:42,960

mean

1450

00:52:46,150 --> 00:52:44,160

you know how do they get in touch with

1451
00:52:47,349 --> 00:52:46,160
you guys is that something that you're

1452
00:52:50,950 --> 00:52:47,359
you know you're

1453
00:52:55,430 --> 00:52:53,829
um and in terms of in terms of people

1454
00:52:59,510 --> 00:52:55,440
wanting to

1455
00:53:00,470 --> 00:52:59,520
come out of the experience or closet as

1456
00:53:02,390 --> 00:53:00,480
it were

1457
00:53:03,910 --> 00:53:02,400
um i think one of the most crucial

1458
00:53:06,309 --> 00:53:03,920
components shawn and i we were talking

1459
00:53:08,390 --> 00:53:06,319
with mike clelland a couple weeks ago

1460
00:53:10,950 --> 00:53:08,400
and mike wrote an amazing book called

1461
00:53:13,190 --> 00:53:10,960
the messengers and he wrote another more

1462
00:53:16,790 --> 00:53:13,200
recent book called hidden experience

1463
00:53:19,109 --> 00:53:16,800

and brilliant brilliant guy um

1464

00:53:21,589 --> 00:53:19,119

and he

1465

00:53:25,270 --> 00:53:21,599

he actually is one of the crucial people

1466

00:53:29,190 --> 00:53:25,280

that that that convinced me to to come

1467

00:53:31,109 --> 00:53:29,200

out myself as an experimenter and it was

1468

00:53:32,950 --> 00:53:31,119

through support groups it was through

1469

00:53:35,190 --> 00:53:32,960

support groups he was

1470

00:53:36,150 --> 00:53:35,200

and he said

1471

00:53:38,069 --> 00:53:36,160

to me

1472

00:53:40,870 --> 00:53:38,079

you know one door closes and another

1473

00:53:43,109 --> 00:53:40,880

door opens he said i have i

1474

00:53:45,990 --> 00:53:43,119

i've known whitley for years whitley

1475

00:53:47,910 --> 00:53:46,000

back in those days that was hard for him

1476

00:53:49,349 --> 00:53:47,920

mike clone himself

1477

00:53:51,430 --> 00:53:49,359

came out of the experience closet about

1478

00:53:53,190 --> 00:53:51,440

15 years ago and

1479

00:53:54,950 --> 00:53:53,200

and he said it was a completely

1480

00:53:57,910 --> 00:53:54,960

different picture for him than it was

1481

00:53:59,510 --> 00:53:57,920

for whitley now there are there are

1482

00:54:01,910 --> 00:53:59,520

absolutely going to be people that it's

1483

00:54:02,790 --> 00:54:01,920

just not going to be their past either

1484

00:54:07,030 --> 00:54:02,800

because

1485

00:54:09,670 --> 00:54:07,040

partner that they're with or the kids or

1486

00:54:12,309 --> 00:54:09,680

whatever other considerations are there

1487

00:54:14,390 --> 00:54:12,319

but one thing that i would say is that

1488

00:54:17,670 --> 00:54:14,400

one of the most amazing things that can

1489

00:54:19,510 --> 00:54:17,680

happen is being able to have kind of a

1490

00:54:22,069 --> 00:54:19,520

an interpersonal

1491

00:54:24,630 --> 00:54:22,079

a personal disclosure

1492

00:54:25,829 --> 00:54:24,640

between you and a loved one whether it's

1493

00:54:27,430 --> 00:54:25,839

a parent

1494

00:54:29,990 --> 00:54:27,440

or your partner

1495

00:54:32,069 --> 00:54:30,000

or a close friend or something like that

1496

00:54:34,390 --> 00:54:32,079

finding somebody looking amongst your

1497

00:54:36,549 --> 00:54:34,400

group around you and thinking like who

1498

00:54:39,670 --> 00:54:36,559

can actually hold space for this who can

1499

00:54:43,109 --> 00:54:39,680

who can take this kind of a conversation

1500

00:54:44,950 --> 00:54:43,119

and and who do i know that loves me

1501

00:54:48,309 --> 00:54:44,960

enough to be able to

1502

00:54:50,789 --> 00:54:48,319

to kind of be able to hold this and and

1503

00:54:53,990 --> 00:54:50,799

have a productive conversation about it

1504

00:54:56,390 --> 00:54:54,000

i would say my advice would would be to

1505

00:54:58,950 --> 00:54:56,400

potentially start in a place like that

1506

00:55:00,630 --> 00:54:58,960

and if you don't even feel like you have

1507

00:55:02,870 --> 00:55:00,640

something like that around

1508

00:55:05,349 --> 00:55:02,880

around you to those out there

1509

00:55:07,270 --> 00:55:05,359

that's why we created the experiencer

1510

00:55:09,510 --> 00:55:07,280

group and that's why the and you know

1511

00:55:11,750 --> 00:55:09,520

there are other groups out there as well

1512

00:55:14,230 --> 00:55:11,760

but it's um it's important to look

1513

00:55:17,109 --> 00:55:14,240

around and find that kind of

1514

00:55:19,589 --> 00:55:17,119

that kind of solid base because

1515

00:55:21,910 --> 00:55:19,599

you know it it's lonely it can be really

1516

00:55:23,270 --> 00:55:21,920

lonely to navigate these these multiple

1517

00:55:25,349 --> 00:55:23,280

realities

1518

00:55:26,950 --> 00:55:25,359

you know you're dealing with kind of two

1519

00:55:29,030 --> 00:55:26,960

different worlds you're dealing with the

1520

00:55:31,030 --> 00:55:29,040

world that you deal with when you go to

1521

00:55:33,270 --> 00:55:31,040

your job or the grocery store

1522

00:55:35,510 --> 00:55:33,280

or you're hanging out at home and then

1523

00:55:36,870 --> 00:55:35,520

there's the other world that can open up

1524

00:55:38,870 --> 00:55:36,880

for people at three in the morning or

1525

00:55:39,910 --> 00:55:38,880

whatever you know

1526
00:55:42,069 --> 00:55:39,920
and

1527
00:55:43,750 --> 00:55:42,079
that can be

1528
00:55:45,030 --> 00:55:43,760
it that's

1529
00:55:47,030 --> 00:55:45,040
it's it's

1530
00:55:49,589 --> 00:55:47,040
literally alienating you know it's a

1531
00:55:51,750 --> 00:55:49,599
challenge um so yeah interpersonal

1532
00:55:53,270 --> 00:55:51,760
disclosure find somebody that that you

1533
00:55:56,710 --> 00:55:53,280
have a loving relationship with that

1534
00:55:58,230 --> 00:55:56,720
respects you and think about just think

1535
00:56:00,789 --> 00:55:58,240
to yourself about whether they can hold

1536
00:56:04,309 --> 00:56:00,799
space for that conversation or not

1537
00:56:06,870 --> 00:56:04,319
uh i would just add to that uh how

1538
00:56:09,910 --> 00:56:06,880

incredibly accurate

1539

00:56:13,109 --> 00:56:09,920

uh that is just as he's talking um

1540

00:56:14,549 --> 00:56:13,119

just about uh how isolating it could be

1541

00:56:16,230 --> 00:56:14,559

um

1542

00:56:17,910 --> 00:56:16,240

you know especially when you don't

1543

00:56:18,870 --> 00:56:17,920

really know anyone you don't have any

1544

00:56:21,349 --> 00:56:18,880

friends

1545

00:56:24,470 --> 00:56:21,359

or or whatever that have had that kind

1546

00:56:26,309 --> 00:56:24,480

of experience and maybe even you know

1547

00:56:28,710 --> 00:56:26,319

typically would make fun of people that

1548

00:56:30,630 --> 00:56:28,720

would talk about that kind of stuff what

1549

00:56:32,309 --> 00:56:30,640

do you do you know and

1550

00:56:33,750 --> 00:56:32,319

um all i can talk about is my own

1551
00:56:34,710 --> 00:56:33,760
experience and

1552
00:56:36,069 --> 00:56:34,720
um

1553
00:56:37,190 --> 00:56:36,079
when i went to

1554
00:56:42,789 --> 00:56:37,200
um

1555
00:56:45,750 --> 00:56:42,799
experience and i saw people doing shows

1556
00:56:49,510 --> 00:56:45,760
and stuff and um i basically came out on

1557
00:56:51,910 --> 00:56:49,520
my show you know um and i had maybe

1558
00:56:54,309 --> 00:56:51,920
you know i'd get 50 views on a video or

1559
00:56:57,589 --> 00:56:54,319
whatever you know over the course of a

1560
00:57:01,030 --> 00:56:57,599
few weeks not very many people

1561
00:57:03,190 --> 00:57:01,040
but uh that that's how i did it and

1562
00:57:05,750 --> 00:57:03,200
what made me feel okay with with doing

1563
00:57:08,630 --> 00:57:05,760

that or at least trying it is

1564

00:57:10,710 --> 00:57:08,640

um the community that was around um

1565

00:57:15,510 --> 00:57:10,720

there was enough people that

1566

00:57:16,950 --> 00:57:15,520

made it feel okay you know um so

1567

00:57:19,190 --> 00:57:16,960

with that being said i think it's

1568

00:57:20,309 --> 00:57:19,200

important for um

1569

00:57:23,109 --> 00:57:20,319

us to

1570

00:57:24,309 --> 00:57:23,119

watch our behavior on things like social

1571

00:57:26,309 --> 00:57:24,319

media

1572

00:57:27,670 --> 00:57:26,319

because there may be someone like myself

1573

00:57:29,430 --> 00:57:27,680

or somebody else

1574

00:57:31,910 --> 00:57:29,440

looking in from the outside that just

1575

00:57:33,829 --> 00:57:31,920

had some sort of experience and what are

1576

00:57:35,430 --> 00:57:33,839

they going to see you know are they

1577

00:57:37,270 --> 00:57:35,440

going to see

1578

00:57:39,190 --> 00:57:37,280

people just slinging crap at each other

1579

00:57:40,870 --> 00:57:39,200

are they going to see genuine honest

1580

00:57:43,109 --> 00:57:40,880

people that are trying to figure

1581

00:57:45,109 --> 00:57:43,119

something out and take it seriously so

1582

00:57:47,030 --> 00:57:45,119

it's a safe place for you to enter then

1583

00:57:49,910 --> 00:57:47,040

they can then find somebody like jay in

1584

00:57:52,549 --> 00:57:49,920

the experience or group or just at least

1585

00:57:54,470 --> 00:57:52,559

take a baby step in following certain

1586

00:57:55,589 --> 00:57:54,480

people and and their opinions on

1587

00:57:58,069 --> 00:57:55,599

different things

1588

00:58:00,630 --> 00:57:58,079

um and in the end

1589

00:58:03,030 --> 00:58:00,640

it's gonna be up to you and coming out

1590

00:58:04,950 --> 00:58:03,040

like jay said is is not gonna be the

1591

00:58:06,470 --> 00:58:04,960

right decision for everybody

1592

00:58:08,390 --> 00:58:06,480

um but

1593

00:58:09,349 --> 00:58:08,400

but most of all you shouldn't feel

1594

00:58:11,589 --> 00:58:09,359

guilty

1595

00:58:13,829 --> 00:58:11,599

uh if you don't you know

1596

00:58:15,670 --> 00:58:13,839

um it shouldn't be like i have to or i'm

1597

00:58:18,710 --> 00:58:15,680

not being um

1598

00:58:22,789 --> 00:58:20,789

i don't know it's it's not easy but you

1599

00:58:25,829 --> 00:58:22,799

just have to make sure it's it's right

1600

00:58:26,710 --> 00:58:25,839

for yourself you know um and if anything

1601
00:58:28,470 --> 00:58:26,720
i would

1602
00:58:30,870 --> 00:58:28,480
definitely uh

1603
00:58:33,109 --> 00:58:30,880
steer people the the people

1604
00:58:34,069 --> 00:58:33,119
people to groups like the experiencer

1605
00:58:35,829 --> 00:58:34,079
group

1606
00:58:43,109 --> 00:58:35,839
um

1607
00:58:44,630 --> 00:58:43,119
and all that and if anybody's watching

1608
00:58:47,270 --> 00:58:44,640
who's thinking about it

1609
00:58:48,230 --> 00:58:47,280
it's most important to know that you are

1610
00:58:49,190 --> 00:58:48,240
not

1611
00:58:54,870 --> 00:58:49,200
alone

1612
00:58:56,710 --> 00:58:54,880
and there are so many other people

1613
00:58:57,750 --> 00:58:56,720

who have had experiences

1614

00:59:00,230 --> 00:58:57,760

um

1615

00:59:02,549 --> 00:59:00,240

that feel the same way you do that feel

1616

00:59:04,470 --> 00:59:02,559

as confused as you do that feel as

1617

00:59:05,510 --> 00:59:04,480

isolated as you do

1618

00:59:06,309 --> 00:59:05,520

um

1619

00:59:08,549 --> 00:59:06,319

so

1620

00:59:09,829 --> 00:59:08,559

just find them because that'll make you

1621

00:59:12,309 --> 00:59:09,839

feel better

1622

00:59:13,750 --> 00:59:12,319

absolutely 100 and i agree with you

1623

00:59:15,750 --> 00:59:13,760

about the online

1624

00:59:17,030 --> 00:59:15,760

aspect in terms of how you treat other

1625

00:59:19,030 --> 00:59:17,040

people because

1626
00:59:22,150 --> 00:59:19,040
you know one of the things that and this

1627
00:59:24,230 --> 00:59:22,160
is a very sensitive topic but

1628
00:59:26,549 --> 00:59:24,240
the amount of people that i've talked to

1629
00:59:28,710 --> 00:59:26,559
that have had

1630
00:59:30,789 --> 00:59:28,720
suicidal ideation

1631
00:59:33,750 --> 00:59:30,799
or because of

1632
00:59:35,430 --> 00:59:33,760
just feeling like they they don't belong

1633
00:59:38,549 --> 00:59:35,440
that they don't that

1634
00:59:39,990 --> 00:59:38,559
that there's nobody that can understand

1635
00:59:42,230 --> 00:59:40,000
the situations that they've had like

1636
00:59:44,390 --> 00:59:42,240
this you know that the depression the

1637
00:59:47,670 --> 00:59:44,400
depression that can happen from

1638
00:59:50,309 --> 00:59:47,680

these forms of ontological shock is is

1639

00:59:51,829 --> 00:59:50,319

it's really difficult to overstate

1640

00:59:54,470 --> 00:59:51,839

and so

1641

00:59:56,470 --> 00:59:54,480

it can be a pretty childish format

1642

00:59:58,309 --> 00:59:56,480

what we're dealing with online and of

1643

01:00:00,549 --> 00:59:58,319

course a lot of times we're talking on

1644

01:00:03,190 --> 01:00:00,559

twitter which limits how many characters

1645

01:00:04,789 --> 01:00:03,200

you have and and it really kind of

1646

01:00:07,030 --> 01:00:04,799

preferences

1647

01:00:09,510 --> 01:00:07,040

quick hot takes you know that's kind of

1648

01:00:11,430 --> 01:00:09,520

what the algorithm works with right

1649

01:00:13,349 --> 01:00:11,440

um but

1650

01:00:14,630 --> 01:00:13,359

you know it's really important to

1651
01:00:15,670 --> 01:00:14,640
realize

1652
01:00:19,670 --> 01:00:15,680
how

1653
01:00:24,150 --> 01:00:19,680
and

1654
01:00:26,150 --> 01:00:24,160
realizing that we're in this together

1655
01:00:29,190 --> 01:00:26,160
and we're all just trying to figure out

1656
01:00:30,150 --> 01:00:29,200
these great huge mysteries

1657
01:00:31,109 --> 01:00:30,160
you know

1658
01:00:32,950 --> 01:00:31,119
trying

1659
01:00:35,190 --> 01:00:32,960
realizing that we're in that together is

1660
01:00:38,069 --> 01:00:35,200
incredibly important and trying to bring

1661
01:00:39,990 --> 01:00:38,079
love into the equation is is

1662
01:00:42,309 --> 01:00:40,000
absolutely crucial

1663
01:00:43,829 --> 01:00:42,319

yeah i really appreciate you talking on

1664

01:00:45,589 --> 01:00:43,839

that sort of sensitive side of the

1665

01:00:47,750 --> 01:00:45,599

subject as well because i think it

1666

01:00:49,349 --> 01:00:47,760

really is helpful if people hear this

1667

01:00:50,870 --> 01:00:49,359

there you go you know and and i have got

1668

01:00:53,030 --> 01:00:50,880

all the links in the description below

1669

01:00:55,190 --> 01:00:53,040

but we do go out on the anomalous

1670
