[Music]

4  
00:00:43,130 --> 00:00:39,729

foreign

5  
00:00:45,470 --> 00:00:43,140  
welcome back to uh the second day in a

6  
00:00:47,029 --> 00:00:45,480

row here on the channel

7  
00:00:48,950 --> 00:00:47,039  
um I'm really really looking forward to

8  
00:00:50,810 --> 00:00:48,960  
this conversation uh this is somebody

9  
00:00:51,830 --> 00:00:50,820  
who I've been following for many years

10  
00:00:54,709 --> 00:00:51,840  
now

11  
00:00:57,290 --> 00:00:54,719  
um and I mean his research and his work

12  
00:01:00,110 --> 00:00:57,300  
is is almost second to none so let's

13  
00:01:01,369 --> 00:01:00,120

jump straight into it guys please uh let

14

00:01:03,110 --> 00:01:01,379

me welcome

15

00:01:05,170 --> 00:01:03,120

David Marla David how are you doing

16

00:01:07,670 --> 00:01:05,180

Vinnie good to see you great to be here

17

00:01:10,550 --> 00:01:07,680

I really appreciate it thank you so much

18

00:01:12,649 --> 00:01:10,560

for agreeing to do this

19

00:01:13,850 --> 00:01:12,659

now look you mentioned we'll just saying

20

00:01:16,429 --> 00:01:13,860

you mentioned this is actually going to

21

00:01:19,130 --> 00:01:16,439

be your last interview for the year yes

22

00:01:22,070 --> 00:01:19,140

uh I've been very busy on multiple uh

23

00:01:24,289 --> 00:01:22,080

UFO related projects in addition a

24

00:01:26,690 --> 00:01:24,299

number of historical uh collections have

25

00:01:29,510 --> 00:01:26,700

uh recently come into my possession I

26

00:01:30,890 --> 00:01:29,520

have about a 50 to 60 boxes of

27

00:01:33,530 --> 00:01:30,900

historical material which I just

28

00:01:35,749 --> 00:01:33,540

recently acquired from Antonio's who was

29

00:01:37,910 --> 00:01:35,759

a very prominent researcher when I first

30

00:01:40,429 --> 00:01:37,920

got involved back in 1990 on the UFO

31

00:01:42,770 --> 00:01:40,439

subject and Antonio had a wealth of

32

00:01:45,410 --> 00:01:42,780

historical materials about three four

33

00:01:48,170 --> 00:01:45,420

years ago prior to covid I uh acquired

34

00:01:51,050 --> 00:01:48,180

his case files but he had an incredible

35

00:01:54,649 --> 00:01:51,060

collection of foreign much of it being

36

00:01:57,230 --> 00:01:54,659

uh South American countries uh UFO

37

00:01:59,870 --> 00:01:57,240

information going back to the 1950s and

38

00:02:02,149 --> 00:01:59,880

so it was a rare treasure Trove and I

39

00:02:04,370 --> 00:02:02,159

had an opportunity to acquire his

40

00:02:06,889 --> 00:02:04,380

collection and was out there last month

41

00:02:09,410 --> 00:02:06,899

actually uh and then I was there last

42

00:02:11,270 --> 00:02:09,420

week uh presenting to the local mufon

43

00:02:14,869 --> 00:02:11,280

chapter in the feedback greater Phoenix

44

00:02:17,030 --> 00:02:14,879

Arizona area so between lectures I have

45

00:02:18,890 --> 00:02:17,040

scheduled this year and collections

46

00:02:21,710 --> 00:02:18,900

plural that I'll be acquiring over the

47

00:02:23,630 --> 00:02:21,720

course of this year in addition to my

48

00:02:25,250 --> 00:02:23,640

career which I as I always tell people

49

00:02:27,229 --> 00:02:25,260

as you know Vinnie I don't do this for a

50

00:02:30,589 --> 00:02:27,239

living I actually have a career a day

51  
00:02:31,850 --> 00:02:30,599  
job and of course my family you know we

52  
00:02:34,610 --> 00:02:31,860  
all have to try to make time for our

53  
00:02:35,990 --> 00:02:34,620  
families as well so uh I just decided

54  
00:02:37,850 --> 00:02:36,000  
that the podcasts were taking up too

55  
00:02:39,770 --> 00:02:37,860  
much of my time but obviously I wanted

56  
00:02:40,850 --> 00:02:39,780  
to afford you the opportunity for us to

57  
00:02:42,650 --> 00:02:40,860  
talk

58  
00:02:44,750 --> 00:02:42,660  
and present some information for your

59  
00:02:46,250 --> 00:02:44,760  
audience wow that means so much thank

60  
00:02:48,350 --> 00:02:46,260  
you I'm really honored

61  
00:02:49,790 --> 00:02:48,360  
um yeah so I think what we'll do is if

62  
00:02:51,170 --> 00:02:49,800  
we start off I think you've got a little

63  
00:02:53,570 --> 00:02:51,180

presentation that you were going to

64

00:02:55,490 --> 00:02:53,580

share so if we can bring that up it's I

65

00:02:57,470 --> 00:02:55,500

can't see it on my screen at the moment

66

00:02:59,869 --> 00:02:57,480

so if you're able to share it let me uh

67

00:03:03,290 --> 00:02:59,879

pull that up for you right now thank you

68

00:03:04,910 --> 00:03:03,300

I can share my screen yep uh just a

69

00:03:06,890 --> 00:03:04,920

quick message to everyone in the live

70

00:03:08,930 --> 00:03:06,900

chat thank you so much for being here if

71

00:03:10,729 --> 00:03:08,940

you guys have any questions at all pop

72

00:03:12,710 --> 00:03:10,739

them in capital letters

73

00:03:14,809 --> 00:03:12,720

um I will save them to either a relevant

74

00:03:16,970 --> 00:03:14,819

point in the interview or towards the

75

00:03:19,430 --> 00:03:16,980

end but all questions are welcome so

76

00:03:22,309 --> 00:03:19,440

right here we go let's

77

00:03:23,210 --> 00:03:22,319

ah look at that perfect oh okay good I

78

00:03:25,030 --> 00:03:23,220

was hoping you would give me an

79

00:03:28,009 --> 00:03:25,040

affirmative that you could see that so

80

00:03:30,649 --> 00:03:28,019

uh so just wanted to mention that uh you

81

00:03:33,110 --> 00:03:30,659

I did publish my book back in 2013 on

82

00:03:35,570 --> 00:03:33,120

triangular UFOs namely because they were

83

00:03:37,850 --> 00:03:35,580

so prevalent in the UFO Reporting at the

84

00:03:41,630 --> 00:03:37,860

time and ironically enough still today

85

00:03:44,110 --> 00:03:41,640

here in 2022 uh there's a a prevalence

86

00:03:47,030 --> 00:03:44,120

of these triangular UFO or now UAP

87

00:03:49,250 --> 00:03:47,040

reports that we're hearing about and at

88

00:03:51,229 --> 00:03:49,260

the time I had a growing collection of

89

00:03:53,750 --> 00:03:51,239

historical materials and based on the

90

00:03:56,570 --> 00:03:53,760

data set I had at the time and that was

91

00:03:58,309 --> 00:03:56,580

in 2012 I started putting pen to paper

92

00:04:01,309 --> 00:03:58,319

and trying to catalog some of the more

93

00:04:03,170 --> 00:04:01,319

unique aspects of the Triangular UFO

94

00:04:05,030 --> 00:04:03,180

phenomenon and for those that have read

95

00:04:06,110 --> 00:04:05,040

my book for those that haven't uh I'm

96

00:04:08,390 --> 00:04:06,120

not going to go through all of these in

97

00:04:10,670 --> 00:04:08,400

the interest of time but uh much like

98

00:04:13,369 --> 00:04:10,680

Lou Elizondo talks about the observables

99

00:04:15,890 --> 00:04:13,379

when he was with atip uh these were my

100

00:04:17,629 --> 00:04:15,900

quote unquote observables that I put

101  
00:04:20,390 --> 00:04:17,639  
together based on the historical data

102  
00:04:23,090 --> 00:04:20,400  
looking at triangular UF fo reports

103  
00:04:26,090 --> 00:04:23,100  
worldwide and many of these go back to

104  
00:04:28,249 --> 00:04:26,100  
the 1940s and so the primary

105  
00:04:29,990 --> 00:04:28,259  
characteristics are those that are more

106  
00:04:31,909 --> 00:04:30,000  
prevalent in the data

107  
00:04:34,249 --> 00:04:31,919  
secondary characteristics that you can

108  
00:04:37,070 --> 00:04:34,259  
see listed there are ones that are

109  
00:04:40,010 --> 00:04:37,080  
repeated but with less frequency than

110  
00:04:41,510 --> 00:04:40,020  
the primary characteristics so uh I know

111  
00:04:43,189 --> 00:04:41,520  
this will be on YouTube so people can

112  
00:04:44,990 --> 00:04:43,199  
always pause and freeze frame that and

113  
00:04:48,409 --> 00:04:45,000

print that if they'd like to uh you know

114

00:04:50,810 --> 00:04:48,419

dissect that or dive into that but based

115

00:04:52,490 --> 00:04:50,820

on the information that I gathered this

116

00:04:53,350 --> 00:04:52,500

was kind of the working profile I put

117

00:04:57,170 --> 00:04:53,360

together

118

00:04:59,030 --> 00:04:57,180

interestingly enough during covid on

119

00:05:01,070 --> 00:04:59,040

November 3rd the date of our

120

00:05:02,629 --> 00:05:01,080

presidential election uh there was

121

00:05:04,430 --> 00:05:02,639

obviously a heightened state of anxiety

122

00:05:06,409 --> 00:05:04,440

everyone wanting to see who was going to

123

00:05:07,909 --> 00:05:06,419

be the next president I was anxious

124

00:05:10,010 --> 00:05:07,919

about that but I was also anxious

125

00:05:11,450 --> 00:05:10,020

because the file cabinets you see on the

126

00:05:15,350 --> 00:05:11,460

left there were delivered and the ones

127

00:05:17,689 --> 00:05:15,360

behind me uh on Election Day and this is

128

00:05:19,969 --> 00:05:17,699

the largest historical collection single

129

00:05:23,330 --> 00:05:19,979

collection of historical UFO case files

130

00:05:26,450 --> 00:05:23,340

in the world these are the nightcap Case

131

00:05:29,150 --> 00:05:26,460

Files uh don Kehoe Richard Hall's case

132

00:05:32,029 --> 00:05:29,160

File collection going back to the 50s Dr

133

00:05:34,550 --> 00:05:32,039

J Allen Heinz kufos or Center for UFO

134

00:05:37,570 --> 00:05:34,560

study case files and also a lesser-known

135

00:05:40,090 --> 00:05:37,580

group CSI New York not the TV show but

136

00:05:43,490 --> 00:05:40,100

civilian saucer intelligence of New York

137

00:05:45,950 --> 00:05:43,500

uh very early 1950s mid-1950s

138

00:05:49,550 --> 00:05:45,960

organization that started cataloging

139

00:05:52,490 --> 00:05:49,560

UFO sighting reports and so there are

140

00:05:54,529 --> 00:05:52,500

literally thousands of case files in all

141

00:05:56,150 --> 00:05:54,539

of these file cabinets in addition to

142

00:05:58,070 --> 00:05:56,160

the Case Files we also have audio

143

00:06:00,950 --> 00:05:58,080

recordings which I've digitized I think

144

00:06:03,409 --> 00:06:00,960

I've digitized over 275 reel-to-reel

145

00:06:08,450 --> 00:06:03,419

recordings some dating back as early as

146

00:06:10,249 --> 00:06:08,460

1957 and those also contain UFO citing

147

00:06:12,770 --> 00:06:10,259

reports and interviews with Witnesses

148

00:06:15,650 --> 00:06:12,780

and so as I always like to say there's a

149

00:06:17,510 --> 00:06:15,660

lot of historical data which for those

150

00:06:19,969 --> 00:06:17,520

that watch the house hearing on uaps

151

00:06:22,010 --> 00:06:19,979

last week the one thing that was

152

00:06:25,189 --> 00:06:22,020

completely devoid of the discussion was

153

00:06:26,629 --> 00:06:25,199

the history of this phenomenon and I was

154

00:06:28,010 --> 00:06:26,639

really surprised I know a lot of people

155

00:06:31,090 --> 00:06:28,020

thought that they were feigning

156

00:06:32,689 --> 00:06:31,100

ignorance when the intelligence

157

00:06:35,809 --> 00:06:32,699

representatives were asked about

158

00:06:37,070 --> 00:06:35,819

Malmstrom Air Force Base and UFOs I

159

00:06:39,170 --> 00:06:37,080

don't think they were feigning ignorance

160

00:06:41,510 --> 00:06:39,180

I don't think that they have a a firm

161

00:06:44,029 --> 00:06:41,520

working knowledge of the history of UFOs

162

00:06:46,550 --> 00:06:44,039

and uaps and so I feel it's incumbent

163

00:06:49,249 --> 00:06:46,560

upon myself and other historians on this

164

00:06:51,770 --> 00:06:49,259

subject worldwide to really paint a

165

00:06:54,409 --> 00:06:51,780

clear picture that is fact-based based

166

00:06:56,330 --> 00:06:54,419

on the data not our personal beliefs and

167

00:06:58,610 --> 00:06:56,340

try to educate the general public which

168

00:07:01,430 --> 00:06:58,620

admittedly now is has taken this into

169

00:07:03,650 --> 00:07:01,440

the mainstream and so looking at some of

170

00:07:05,390 --> 00:07:03,660

those historical cases though I think we

171

00:07:07,550 --> 00:07:05,400

also have to dispel some of the

172

00:07:09,529 --> 00:07:07,560

misinformation or disinformation that's

173

00:07:12,830 --> 00:07:09,539

out there I know when people talk about

174

00:07:15,589 --> 00:07:12,840

triangular UFOs inevitably the tr-3b

175

00:07:19,150 --> 00:07:15,599

comes up in discussion and I refer to

176

00:07:22,249 --> 00:07:19,160

this lovingly as a pervasive Urban myth

177

00:07:24,469 --> 00:07:22,259

the tr-3b ultimately goes back to the

178

00:07:26,570 --> 00:07:24,479

testimony of one individual Mr Edgar

179

00:07:29,629 --> 00:07:26,580

Fouche who unfortunately passed away

180

00:07:32,029 --> 00:07:29,639

back in 2017. he claims he worked at

181

00:07:34,010 --> 00:07:32,039

Area 51 and that these triangles were

182

00:07:36,770 --> 00:07:34,020

back engineered from purported recovered

183

00:07:39,770 --> 00:07:36,780

ET technology in the in the 1980s and

184

00:07:41,870 --> 00:07:39,780

1990s and I don't question the fact that

185

00:07:43,490 --> 00:07:41,880

he worked at Area 51 there has been some

186

00:07:46,670 --> 00:07:43,500

documentation floating out there that

187

00:07:48,350 --> 00:07:46,680

tends to support he did work there but

188

00:07:50,089 --> 00:07:48,360

as I always like to say just because he

189

00:07:53,270 --> 00:07:50,099

worked there it does not automatically

190

00:07:56,210 --> 00:07:53,280

lend Credence to this story of the tr-3b

191

00:07:57,950 --> 00:07:56,220

and again there's strong belief systems

192

00:07:59,990 --> 00:07:57,960

on both sides of the fence as it relates

193

00:08:02,809 --> 00:08:00,000

to that the only thing I like to say is

194

00:08:05,210 --> 00:08:02,819

if the tr-3b exists let's see some

195

00:08:07,790 --> 00:08:05,220

official documentation let's find other

196

00:08:10,790 --> 00:08:07,800

informational sources other than one

197

00:08:12,890 --> 00:08:10,800

individual and even if you believe in

198

00:08:15,710 --> 00:08:12,900

the tr-3b and that it was manufactured

199

00:08:17,510 --> 00:08:15,720

in the 1980s 1990s it doesn't explain

200

00:08:19,129 --> 00:08:17,520

some of the historical cases that we

201  
00:08:21,650 --> 00:08:19,139  
have which I'll share with you and your

202  
00:08:24,589 --> 00:08:21,660  
audience today uh something else though

203  
00:08:27,350 --> 00:08:24,599  
that has uh clouded the Triangular UFO

204  
00:08:28,490 --> 00:08:27,360  
subject in my opinion are patents such

205  
00:08:30,529 --> 00:08:28,500  
as this one

206  
00:08:33,110 --> 00:08:30,539  
this was one for a quote triangular

207  
00:08:36,529 --> 00:08:33,120  
spacecraft unquote it was filed back in

208  
00:08:41,149 --> 00:08:36,539  
2004. notice I have underlined in red

209  
00:08:42,589 --> 00:08:41,159  
published on on in 2006 but I I spoke

210  
00:08:45,530 --> 00:08:42,599  
with a friend of mine who's actually a

211  
00:08:47,290 --> 00:08:45,540  
researcher in the UFO field he worked at

212  
00:08:49,610 --> 00:08:47,300  
the U.S patent office for many years

213  
00:08:52,310 --> 00:08:49,620

specifically in the area of Aviation

214

00:08:54,590 --> 00:08:52,320

aeronautic patents and he looked into

215

00:08:56,930 --> 00:08:54,600

this and he stated that the patent for

216

00:08:59,990 --> 00:08:56,940

this particular device was never issued

217

00:09:01,550 --> 00:09:00,000

so notice it says published and at the

218

00:09:04,850 --> 00:09:01,560

bottom there of the screen you can also

219

00:09:06,650 --> 00:09:04,860

see publication number uh and compare

220

00:09:09,170 --> 00:09:06,660

that to this one which has also been out

221

00:09:12,110 --> 00:09:09,180

there on the internet Salvatore pis is a

222

00:09:14,870 --> 00:09:12,120

well-known aerospace engineer he did

223

00:09:16,730 --> 00:09:14,880

file this in 2016 and in fact in this

224

00:09:21,470 --> 00:09:16,740

particular case unlike the previous one

225

00:09:24,470 --> 00:09:21,480

a patent was issued in 2018. but again

226

00:09:26,990 --> 00:09:24,480

even if a patent was issued in 2018 it

227

00:09:29,150 --> 00:09:27,000

does not necessarily support the fact

228

00:09:32,389 --> 00:09:29,160

that we have a full-scale working model

229

00:09:34,430 --> 00:09:32,399

of this device uh the patent is only a

230

00:09:36,290 --> 00:09:34,440

proof of concept it does not necessarily

231

00:09:39,290 --> 00:09:36,300

have to have a working model to get a

232

00:09:40,670 --> 00:09:39,300

patent uh if you research patent law and

233

00:09:42,769 --> 00:09:40,680

you talk to my friend who worked at the

234

00:09:44,210 --> 00:09:42,779

patent office he will tell you if you

235

00:09:46,730 --> 00:09:44,220

don't have a working model you at least

236

00:09:49,310 --> 00:09:46,740

have to have a detailed blueprint that

237

00:09:52,130 --> 00:09:49,320

is based in science that shows evidence

238

00:09:54,910 --> 00:09:52,140

that this is a true proof of concept

239

00:09:58,850 --> 00:09:54,920

that it could be developed uh given the

240

00:10:00,350 --> 00:09:58,860

required resources for such a patent

241

00:10:02,990 --> 00:10:00,360

um and then we also have statements like

242

00:10:05,269 --> 00:10:03,000

this I I was on a History Channel uh

243

00:10:07,850 --> 00:10:05,279

television segment uh for the

244

00:10:10,130 --> 00:10:07,860

unidentified series back in 2020 uh

245

00:10:12,050 --> 00:10:10,140

prior to receiving these case files and

246

00:10:14,030 --> 00:10:12,060

uh researcher had stated that from the

247

00:10:15,470 --> 00:10:14,040

1970s onwards you get this increasing

248

00:10:17,150 --> 00:10:15,480

trend of people let's see giant

249

00:10:19,310 --> 00:10:17,160

triangular objects or wedge-shaped

250

00:10:20,750 --> 00:10:19,320

objects and he added that the easiest

251  
00:10:23,150 --> 00:10:20,760  
place to look for an answer is popular

252  
00:10:24,530 --> 00:10:23,160  
culture he then went on to state that

253  
00:10:26,509 --> 00:10:24,540  
the film he remembered seeing from

254  
00:10:28,190 --> 00:10:26,519  
childhood where he saw this triangular

255  
00:10:30,410 --> 00:10:28,200  
shape or wed shaped object was the first

256  
00:10:33,230 --> 00:10:30,420  
Star Wars film and he stated it was

257  
00:10:35,329 --> 00:10:33,240  
released in 1977 which it was and he

258  
00:10:37,069 --> 00:10:35,339  
described about this huge Imperial Star

259  
00:10:39,110 --> 00:10:37,079  
Destroyer coming into view and he

260  
00:10:40,910 --> 00:10:39,120  
basically goes on to suggest that this

261  
00:10:43,009 --> 00:10:40,920  
is the same period of time people start

262  
00:10:45,590 --> 00:10:43,019  
that's the the operative word start

263  
00:10:48,410 --> 00:10:45,600

seeing these huge dark triangular shaped

264

00:10:50,389 --> 00:10:48,420

objects with pulsing lights well the

265

00:10:52,069 --> 00:10:50,399

fact is in going through these Case

266

00:10:54,290 --> 00:10:52,079

Files which I've been reviewing for the

267

00:10:56,810 --> 00:10:54,300

last couple years now uh you find

268

00:10:58,970 --> 00:10:56,820

evidence of earlier reports of triangles

269

00:11:02,690 --> 00:10:58,980

this is Hazleton Pennsylvania November

270

00:11:04,430 --> 00:11:02,700

12 1957 and I I love when I I stumbled

271

00:11:07,190 --> 00:11:04,440

across headlines like this reports

272

00:11:09,230 --> 00:11:07,200

citing flying triangle over City and it

273

00:11:11,690 --> 00:11:09,240

goes beyond Vinnie just a triangular

274

00:11:13,910 --> 00:11:11,700

shape if you notice the underlying

275

00:11:15,949 --> 00:11:13,920

segments there it resembled a triangle

276

00:11:18,290 --> 00:11:15,959

with a light at Each corner which

277

00:11:22,009 --> 00:11:18,300

hovered and then all of a sudden it

278

00:11:24,110 --> 00:11:22,019

stopped dead hovered started to spin in

279

00:11:25,670 --> 00:11:24,120

other words made a flat turn and it

280

00:11:29,030 --> 00:11:25,680

started to go back in the direction from

281

00:11:31,069 --> 00:11:29,040

which it originated so the boxes at the

282

00:11:33,410 --> 00:11:31,079

top there with the red lettering these

283

00:11:35,449 --> 00:11:33,420

are the uh characteristics that I

284

00:11:37,670 --> 00:11:35,459

outline in my book that are now

285

00:11:40,430 --> 00:11:37,680

exemplified in these quote unquote new

286

00:11:44,150 --> 00:11:40,440

old cases that I've stumbled across that

287

00:11:46,069 --> 00:11:44,160

was in 1957 but we could look at 1960 a

288

00:11:49,190 --> 00:11:46,079

young girl sketched this object with

289

00:11:53,090 --> 00:11:49,200

crayon and this report was sent to nycap

290

00:11:55,370 --> 00:11:53,100

in 1960 and it was in Maine and they not

291

00:11:57,949 --> 00:11:55,380

only observed one triangle they observed

292

00:11:59,629 --> 00:11:57,959

five triangles moving about in the sky

293

00:12:01,150 --> 00:11:59,639

and you can see some of the highlighted

294

00:12:04,009 --> 00:12:01,160

areas there some of the characteristics

295

00:12:06,350 --> 00:12:04,019

they also viewed this through binoculars

296

00:12:08,210 --> 00:12:06,360

many of these historic cases were with

297

00:12:10,430 --> 00:12:08,220

the aided eye not just with the naked

298

00:12:12,829 --> 00:12:10,440

eye which is important obviously they

299

00:12:14,470 --> 00:12:12,839

can glean a lot of additional detail uh

300

00:12:18,350 --> 00:12:14,480

in viewing these things through

301  
00:12:20,509 --> 00:12:18,360  
binoculars but this is a case from 1960

302  
00:12:22,310 --> 00:12:20,519  
another case from 1960 which is in my

303  
00:12:24,050 --> 00:12:22,320  
book for those that have read it I found

304  
00:12:25,730 --> 00:12:24,060  
the original news clipping though not

305  
00:12:28,069 --> 00:12:25,740  
just a scan copy but I found the

306  
00:12:29,389 --> 00:12:28,079  
original in the nicap case files and

307  
00:12:30,769 --> 00:12:29,399  
this one demonstrated all the

308  
00:12:32,990 --> 00:12:30,779  
characteristics you see on the right

309  
00:12:36,170 --> 00:12:33,000  
side Silent Flight slow speed ability to

310  
00:12:38,990 --> 00:12:36,180  
hover rapid acceleration Etc again

311  
00:12:40,569 --> 00:12:39,000  
flying triangle uh is the the title in

312  
00:12:43,310 --> 00:12:40,579  
the article there

313  
00:12:45,470 --> 00:12:43,320

1965 I was really intrigued by this one

314

00:12:48,470 --> 00:12:45,480

Vinnie uh this was over the Puget Sound

315

00:12:51,230 --> 00:12:48,480

Naval Shipyard in Washington State uh we

316

00:12:53,389 --> 00:12:51,240

had a silent low-flying triangle that

317

00:12:56,269 --> 00:12:53,399

was seen by an individual that was

318

00:12:58,370 --> 00:12:56,279

working at the Naval Shipyard there were

319

00:13:00,530 --> 00:12:58,380

no lights on this particular triangle

320

00:13:02,509 --> 00:13:00,540

but the ship's lights the naval ship

321

00:13:05,829 --> 00:13:02,519

lights were reflecting on the underside

322

00:13:08,090 --> 00:13:05,839

as it very silently flew over overhead

323

00:13:10,250 --> 00:13:08,100

and what I found particularly

324

00:13:11,750 --> 00:13:10,260

interesting I started looking at the

325

00:13:15,230 --> 00:13:11,760

Puget Sound Naval Shipyard history

326

00:13:15,949 --> 00:13:15,240

specific to 1965 and this is what I

327

00:13:17,750 --> 00:13:15,959

found

328

00:13:20,210 --> 00:13:17,760

this might be another connection to

329

00:13:23,750 --> 00:13:20,220

nuclear weapons nuclear storage and

330

00:13:25,069 --> 00:13:23,760

nuclear devices as it relates to UFOs 65

331

00:13:28,129 --> 00:13:25,079

was the first year they started

332

00:13:30,050 --> 00:13:28,139

repairing nuclear-powered vessels so I

333

00:13:31,730 --> 00:13:30,060

don't know if there's a correlation

334

00:13:33,710 --> 00:13:31,740

there but I thought that that was an

335

00:13:35,210 --> 00:13:33,720

intriguing little bit of history that it

336

00:13:36,710 --> 00:13:35,220

just happened to coincide with the first

337

00:13:39,069 --> 00:13:36,720

year that they started working on

338

00:13:41,509 --> 00:13:39,079

nuclear-powered Naval vessels

339

00:13:44,329 --> 00:13:41,519

1966 we had sightings up in British

340

00:13:45,889 --> 00:13:44,339

Columbia Canada uh not just one triangle

341

00:13:47,449 --> 00:13:45,899

but as you see there are two triangular

342

00:13:49,610 --> 00:13:47,459

objects which for those that have read

343

00:13:52,730 --> 00:13:49,620

my book quite often these objects will

344

00:13:54,350 --> 00:13:52,740

fly in pairs or groups and again it's

345

00:13:57,769 --> 00:13:54,360

very interesting to see these newspaper

346

00:14:00,530 --> 00:13:57,779

headlines from the 1960s describing this

347

00:14:03,710 --> 00:14:00,540

and then we also have uh this particular

348

00:14:06,949 --> 00:14:03,720

report uh from New Hampshire in the mid

349

00:14:09,650 --> 00:14:06,959

uh towards fall of 1966 triangular

350

00:14:11,269 --> 00:14:09,660

object lights at each point and you can

351

00:14:13,310 --> 00:14:11,279

see here the witness on The nightcap

352

00:14:16,430 --> 00:14:13,320

Report Form said definitely triangular

353

00:14:18,290 --> 00:14:16,440

shaped it just looked black and went on

354

00:14:20,689 --> 00:14:18,300

to State it just cruised slowly like a

355

00:14:22,430 --> 00:14:20,699

very slow moving aircraft and in this

356

00:14:25,310 --> 00:14:22,440

particular case they said it made a

357

00:14:28,790 --> 00:14:25,320

humming sound which some witnesses in

358

00:14:31,189 --> 00:14:28,800

the modern reports in absence of no

359

00:14:35,090 --> 00:14:31,199

sound they will describe a buzzing or a

360

00:14:38,210 --> 00:14:35,100

humming sound but this is in 1966. later

361

00:14:40,730 --> 00:14:38,220

in 66 uh no exact date given we have

362

00:14:42,710 --> 00:14:40,740

this triangular object again light at

363

00:14:44,449 --> 00:14:42,720

each point this one was relatively small

364

00:14:47,629 --> 00:14:44,459

though if you notice the link there 25

365

00:14:49,310 --> 00:14:47,639

feet and the width 20 feet people uh

366

00:14:51,590 --> 00:14:49,320

often labor under the idea that these

367

00:14:54,110 --> 00:14:51,600

are all massive objects of course we

368

00:14:55,910 --> 00:14:54,120

have the bent Waters incident where they

369

00:14:57,710 --> 00:14:55,920

described a triangular object but it was

370

00:15:00,170 --> 00:14:57,720

relatively small

371

00:15:02,090 --> 00:15:00,180

so there are some accounts of small

372

00:15:05,030 --> 00:15:02,100

triangles in addition to these massive

373

00:15:08,569 --> 00:15:05,040

300 foot in length uh triangular

374

00:15:11,569 --> 00:15:08,579

platforms another one from 67 this is uh

375

00:15:14,629 --> 00:15:11,579

again from the nicap report forms uh we

376

00:15:16,850 --> 00:15:14,639

have this object uh no sound was uh

377

00:15:19,610 --> 00:15:16,860

detected but what was interesting about

378

00:15:21,410 --> 00:15:19,620

this one Vinnie is the witness as you

379

00:15:24,110 --> 00:15:21,420

can see at the bottom there saw

380

00:15:27,050 --> 00:15:24,120

something leave the Triangular object

381

00:15:28,790 --> 00:15:27,060

and then return to it and this is very

382

00:15:32,150 --> 00:15:28,800

reminiscent of the Belgian wave in other

383

00:15:34,910 --> 00:15:32,160

cases I have on file sure where objects

384

00:15:37,790 --> 00:15:34,920

or lights detach and then go back to the

385

00:15:40,490 --> 00:15:37,800

parent object and again it's interesting

386

00:15:42,590 --> 00:15:40,500

to see this being reported in 1967 long

387

00:15:45,110 --> 00:15:42,600

before the Belgian wave

388

00:15:46,490 --> 00:15:45,120

uh one that was close to home I lived in

389

00:15:48,650 --> 00:15:46,500

Southern Illinois at the time very close

390

00:15:50,689 --> 00:15:48,660

to Scott Air Force Base and of course I

391

00:15:52,970 --> 00:15:50,699

investigated the the very uh popular

392

00:15:55,129 --> 00:15:52,980

January 5th 2000 case which is in the

393

00:15:58,370 --> 00:15:55,139

first two chapters of my book

394

00:16:01,129 --> 00:15:58,380

um ironically enough in 2005 I acquired

395

00:16:03,290 --> 00:16:01,139

another collection from the UFO study

396

00:16:04,730 --> 00:16:03,300

group of Greater St Louis and for those

397

00:16:07,370 --> 00:16:04,740

that don't know this was actually the

398

00:16:08,990 --> 00:16:07,380

precursor to move on uh the founding

399

00:16:11,509 --> 00:16:09,000

members of mufon were part of this

400

00:16:13,610 --> 00:16:11,519

organization and in addition to news

401  
00:16:16,129 --> 00:16:13,620  
clippings and books and journals I

402  
00:16:17,509 --> 00:16:16,139  
acquired all of their case files in

403  
00:16:20,689 --> 00:16:17,519  
going through them as you can imagine

404  
00:16:22,430 --> 00:16:20,699  
this sketch caught my eye on this

405  
00:16:24,949 --> 00:16:22,440  
particular triangular or this particular

406  
00:16:27,470 --> 00:16:24,959  
UFO report namely this triangle with

407  
00:16:30,710 --> 00:16:27,480  
Windows on the side interestingly enough

408  
00:16:33,530 --> 00:16:30,720  
this object was cited within a half mile

409  
00:16:35,329 --> 00:16:33,540  
of the flight path of the triangle case

410  
00:16:38,329 --> 00:16:35,339  
that I investigated from January 5th

411  
00:16:40,910 --> 00:16:38,339  
2000. so the same area very close to the

412  
00:16:44,449 --> 00:16:40,920  
same Air Force Base uh but a completely

413  
00:16:47,329 --> 00:16:44,459

silent triangular platform form I did an

414

00:16:50,269 --> 00:16:47,339

interview uh with the witness I tracked

415

00:16:51,949 --> 00:16:50,279

him down about 40 years later and uh

416

00:16:55,129 --> 00:16:51,959

conducted an on-camera interview with

417

00:16:58,249 --> 00:16:55,139

him and he described it very uniquely he

418

00:17:01,069 --> 00:16:58,259

said the object always seemed to be to

419

00:17:03,829 --> 00:17:01,079

be looking like the the shape of a slice

420

00:17:06,529 --> 00:17:03,839

of pie he said it was triangular it had

421

00:17:08,809 --> 00:17:06,539

thickness to it and it just took on that

422

00:17:10,210 --> 00:17:08,819

appearance like a slice of pie which I

423

00:17:12,409 --> 00:17:10,220

thought was an interesting description

424

00:17:13,850 --> 00:17:12,419

absolutely and then this is what it

425

00:17:16,010 --> 00:17:13,860

looked like it was actually a dark

426

00:17:19,370 --> 00:17:16,020

triangle with these illuminated

427

00:17:21,650 --> 00:17:19,380

rectangular Square Windows on the side

428

00:17:23,630 --> 00:17:21,660

and then for those that think these

429

00:17:26,029 --> 00:17:23,640

massive triangles with the the points of

430

00:17:27,770 --> 00:17:26,039

light are just uh relatively modern

431

00:17:30,529 --> 00:17:27,780

reports this is from Indianapolis

432

00:17:31,850 --> 00:17:30,539

Indiana in 1969 and you can see the the

433

00:17:33,770 --> 00:17:31,860

witness here States the lights

434

00:17:36,169 --> 00:17:33,780

definitely were affixed to the points of

435

00:17:37,669 --> 00:17:36,179

the triangle and the witness goes on to

436

00:17:39,590 --> 00:17:37,679

State and most Strangely I did not even

437

00:17:41,330 --> 00:17:39,600

hear a suggestion of a sound at all and

438

00:17:43,789 --> 00:17:41,340

he went on to add and I do have normal

439

00:17:47,630 --> 00:17:43,799

hearing and then this is the sketch he

440

00:17:49,850 --> 00:17:47,640

provided in 1969. wow and again this

441

00:17:51,350 --> 00:17:49,860

could be a modern report that we

442

00:17:53,390 --> 00:17:51,360

received yesterday from someone either

443

00:17:56,150 --> 00:17:53,400

in the UK or United States or elsewhere

444

00:17:59,390 --> 00:17:56,160

but this is 1969 we have reports of

445

00:18:01,070 --> 00:17:59,400

these triangles being being documented

446

00:18:04,130 --> 00:18:01,080

um and then one of the most famous cases

447

00:18:06,230 --> 00:18:04,140

uh actually the first uh flap or

448

00:18:08,750 --> 00:18:06,240

consistent series of sightings in a

449

00:18:10,510 --> 00:18:08,760

fairly uh confined geographic area was

450

00:18:13,070 --> 00:18:10,520

in Lumberton North Carolina

451  
00:18:17,150 --> 00:18:13,080  
1975. again I touched on this in my book

452  
00:18:19,250 --> 00:18:17,160  
this was a an artist's uh rendition of

453  
00:18:21,049 --> 00:18:19,260  
the sighting uh Dale Hendrickson who

454  
00:18:23,390 --> 00:18:21,059  
actually does work on The Simpsons

455  
00:18:25,370 --> 00:18:23,400  
animated TV series

456  
00:18:26,930 --> 00:18:25,380  
um he created this for for my friend and

457  
00:18:29,270 --> 00:18:26,940  
colleague Lee Spiegel who you can see

458  
00:18:31,130 --> 00:18:29,280  
pictured there in the upper Center uh

459  
00:18:33,169 --> 00:18:31,140  
frame he was sent down to Lumberton to

460  
00:18:35,990 --> 00:18:33,179  
interview police officers that were

461  
00:18:37,789 --> 00:18:36,000  
reporting this triangular UFO and Dr

462  
00:18:40,549 --> 00:18:37,799  
heineck requested that he go down and

463  
00:18:42,289 --> 00:18:40,559

interview them and as he was standing in

464

00:18:44,270 --> 00:18:42,299

this clearing which you see depicted in

465

00:18:45,590 --> 00:18:44,280

the artwork there the officers were

466

00:18:47,690 --> 00:18:45,600

showing him where they had seen a

467

00:18:49,850 --> 00:18:47,700

triangle the night before and they had

468

00:18:51,529 --> 00:18:49,860

stated that it started as a light off

469

00:18:53,930 --> 00:18:51,539

above the tree line

470

00:18:55,970 --> 00:18:53,940

and as they're describing it a light

471

00:18:58,130 --> 00:18:55,980

appears over the tree line and

472

00:19:00,409 --> 00:18:58,140

essentially what they saw the night

473

00:19:02,570 --> 00:19:00,419

before played out while Lee was standing

474

00:19:04,430 --> 00:19:02,580

right there and as the triangle came

475

00:19:06,710 --> 00:19:04,440

overhead Lee and all these police

476  
00:19:08,570 --> 00:19:06,720  
officers suddenly saw this beam of Light

477  
00:19:11,150 --> 00:19:08,580  
Shine Down from this completely silent

478  
00:19:12,710 --> 00:19:11,160  
triangular platform multiple police

479  
00:19:14,810 --> 00:19:12,720  
officers not just the ones you see

480  
00:19:16,669 --> 00:19:14,820  
pictured here but additional police

481  
00:19:19,130 --> 00:19:16,679  
officers in and around Lumberton North

482  
00:19:21,710 --> 00:19:19,140  
Carolina reported this I do have the

483  
00:19:24,169 --> 00:19:21,720  
original kufos case file on this it's

484  
00:19:26,090 --> 00:19:24,179  
about two inches thick and in one

485  
00:19:28,190 --> 00:19:26,100  
particular case I found it extremely

486  
00:19:30,049 --> 00:19:28,200  
interesting one of the police officers

487  
00:19:32,750 --> 00:19:30,059  
was sitting in his squad car by himself

488  
00:19:36,770 --> 00:19:32,760

and suddenly noticed an object hovering

489

00:19:38,810 --> 00:19:36,780

over his vehicle he got out stood up the

490

00:19:41,270 --> 00:19:38,820

object shown a spotlight down much like

491

00:19:43,430 --> 00:19:41,280

you see here then the object started to

492

00:19:46,190 --> 00:19:43,440

move off the officer got in his squad

493

00:19:49,370 --> 00:19:46,200

car started chasing the object and was

494

00:19:53,390 --> 00:19:49,380

able to clock the UFO with his radar gun

495

00:19:55,250 --> 00:19:53,400

at moving at 200 miles per hour wow so

496

00:19:56,570 --> 00:19:55,260

oftentimes we hear about military radar

497

00:20:00,590 --> 00:19:56,580

it's not often we hear about police

498

00:20:03,350 --> 00:20:00,600

radar a UFO let alone a triangular UFO

499

00:20:05,630 --> 00:20:03,360

in 1975. but this was what was really

500

00:20:07,549 --> 00:20:05,640

unique about this and I it's almost

501  
00:20:09,169 --> 00:20:07,559  
prophetic for those that have read my

502  
00:20:10,909 --> 00:20:09,179  
book and looked at the characteristics I

503  
00:20:12,830 --> 00:20:10,919  
outlined in this letter from December

504  
00:20:14,029 --> 00:20:12,840  
and Dr heineck's personal files which I

505  
00:20:15,890 --> 00:20:14,039  
have here

506  
00:20:18,169 --> 00:20:15,900  
he States in reference to the Lumberton

507  
00:20:20,990 --> 00:20:18,179  
case that there were a number of factors

508  
00:20:22,789 --> 00:20:21,000  
that uh he thought made these uh

509  
00:20:24,649 --> 00:20:22,799  
sightings genuinely unexplained

510  
00:20:27,409 --> 00:20:24,659  
phenomenon namely that they were

511  
00:20:29,450 --> 00:20:27,419  
v-shaped or Delta shaped objects absence

512  
00:20:31,310 --> 00:20:29,460  
of noise ability of the object to hover

513  
00:20:33,890 --> 00:20:31,320

for extended periods at low altitudes

514

00:20:36,169 --> 00:20:33,900

ability of object to execute flat as

515

00:20:37,310 --> 00:20:36,179

opposed to banked turns and the object's

516

00:20:39,529 --> 00:20:37,320

seen at Treetop level and even

517

00:20:41,630 --> 00:20:39,539

descending below Treetop level several

518

00:20:43,549 --> 00:20:41,640

times and of course the lighting

519

00:20:47,029 --> 00:20:43,559

configurations not being compatible with

520

00:20:48,110 --> 00:20:47,039

conventional uh Aviation lights so it's

521

00:20:50,210 --> 00:20:48,120

interesting because those

522

00:20:53,630 --> 00:20:50,220

characteristics I incorporated into my

523

00:20:55,130 --> 00:20:53,640

book so Dr heineck was very prophetic in

524

00:20:56,990 --> 00:20:55,140

documenting these characteristics

525

00:20:59,210 --> 00:20:57,000

because as I continue to gather more

526  
00:21:01,970 --> 00:20:59,220  
data they tended to play out time and

527  
00:21:03,110 --> 00:21:01,980  
time again and then just real briefly I

528  
00:21:04,250 --> 00:21:03,120  
don't want to dwell too long on the

529  
00:21:05,630 --> 00:21:04,260  
slides

530  
00:21:07,850 --> 00:21:05,640  
um two years later we had another

531  
00:21:09,890 --> 00:21:07,860  
sighting by multiple police officers in

532  
00:21:11,990 --> 00:21:09,900  
and around Memphis Tennessee describing

533  
00:21:14,390 --> 00:21:12,000  
as you can see there a triangular shaped

534  
00:21:17,330 --> 00:21:14,400  
object the gentleman that you see there

535  
00:21:18,770 --> 00:21:17,340  
in the color photo is Officer Todd I've

536  
00:21:20,750 --> 00:21:18,780  
been trying to get in touch with him but

537  
00:21:22,130 --> 00:21:20,760  
have been thus far unsuccessful but I'm

538  
00:21:24,470 --> 00:21:22,140

hoping to secure an interview with him

539

00:21:26,149 --> 00:21:24,480

because he has talked publicly and there

540

00:21:28,250 --> 00:21:26,159

are some interviews on YouTube where you

541

00:21:30,890 --> 00:21:28,260

can hear him describing this triangle

542

00:21:31,730 --> 00:21:30,900

that could hover accelerate

543

00:21:34,250 --> 00:21:31,740

um

544

00:21:36,110 --> 00:21:34,260

completely silent low altitude flight

545

00:21:38,870 --> 00:21:36,120

all the characteristics that that we're

546

00:21:40,370 --> 00:21:38,880

familiar with with the modern reports so

547

00:21:41,690 --> 00:21:40,380

but that's just some of the things I

548

00:21:44,390 --> 00:21:41,700

wanted to share that this is just a

549

00:21:48,169 --> 00:21:44,400

portion of the uh lecture that I'm

550

00:21:50,990 --> 00:21:48,179

actually giving currently uh across the

551  
00:21:52,970 --> 00:21:51,000  
country uh that I started last year and

552  
00:21:55,250 --> 00:21:52,980  
so trying to engage as I mentioned you

553  
00:21:56,690 --> 00:21:55,260  
if any before we went on air that you

554  
00:21:58,310 --> 00:21:56,700  
know in absence of people coming to the

555  
00:22:00,710 --> 00:21:58,320  
archives it's my way of being able to

556  
00:22:02,870 --> 00:22:00,720  
share some of the archives with them and

557  
00:22:04,789 --> 00:22:02,880  
as I often state it doesn't matter what

558  
00:22:06,350 --> 00:22:04,799  
I personally believe it's irrelevant in

559  
00:22:08,930 --> 00:22:06,360  
the grand scheme of things

560  
00:22:10,430 --> 00:22:08,940  
what matters is the data and these are

561  
00:22:11,770 --> 00:22:10,440  
the historical records these are the

562  
00:22:14,029 --> 00:22:11,780  
contemporaneous reports we have

563  
00:22:16,250 --> 00:22:14,039

absolutely I agree I mean I had a

564

00:22:17,810 --> 00:22:16,260

message today just now you've said that

565

00:22:19,850 --> 00:22:17,820

about someone saying do you believe this

566

00:22:22,669 --> 00:22:19,860

and my answer straight away is it's not

567

00:22:23,930 --> 00:22:22,679

about my belief right why what you do as

568

00:22:26,630 --> 00:22:23,940

a researcher is follow the information

569

00:22:28,250 --> 00:22:26,640

and data you may not like the result but

570

00:22:30,230 --> 00:22:28,260

that is just the process that you have

571

00:22:31,730 --> 00:22:30,240

to go through so I completely agree I

572

00:22:34,430 --> 00:22:31,740

mean we have to divorce our personal

573

00:22:36,110 --> 00:22:34,440

beliefs and biases yeah when we look at

574

00:22:38,990 --> 00:22:36,120

this I mean we truly have to be like a

575

00:22:42,230 --> 00:22:39,000

juror uh we have to be objective and try

576  
00:22:45,350 --> 00:22:42,240  
to weigh the evidence and I can't ignore

577  
00:22:47,870 --> 00:22:45,360  
uh and by the way uh the total amount of

578  
00:22:50,390 --> 00:22:47,880  
triangle reports I found looking from 47

579  
00:22:54,169 --> 00:22:50,400  
to 77 respectively in these Case Files

580  
00:22:56,330 --> 00:22:54,179  
was over 102. so this is just a sample

581  
00:22:58,549 --> 00:22:56,340  
of the the case files that I have found

582  
00:23:00,830 --> 00:22:58,559  
in which I do have in my lecture that

583  
00:23:02,870 --> 00:23:00,840  
I'm giving currently across the country

584  
00:23:04,730 --> 00:23:02,880  
fantastic so would you say that you

585  
00:23:06,289 --> 00:23:04,740  
learned a lot of your skills as far as

586  
00:23:07,850 --> 00:23:06,299  
the research it goes during your time

587  
00:23:10,669 --> 00:23:07,860  
with mufon and things like that

588  
00:23:12,830 --> 00:23:10,679

absolutely uh I I cut my teeth as an

589

00:23:15,289 --> 00:23:12,840

investigator with mufon I always had an

590

00:23:17,750 --> 00:23:15,299

interest since an early age and had

591

00:23:21,710 --> 00:23:17,760

never obviously conducted investigations

592

00:23:24,169 --> 00:23:21,720

into anything let alone UFOs uh and so I

593

00:23:26,270 --> 00:23:24,179

think I was 21 when I started at mufon

594

00:23:28,549 --> 00:23:26,280

and uh you know it's really a great

595

00:23:30,770 --> 00:23:28,559

Proving Ground to you know hone your

596

00:23:32,930 --> 00:23:30,780

skills learn basic techniques of

597

00:23:34,669 --> 00:23:32,940

investigation and one of the great

598

00:23:36,230 --> 00:23:34,679

Pleasures I have any in addition to

599

00:23:39,169 --> 00:23:36,240

doing podcasts like this with yourself

600

00:23:41,330 --> 00:23:39,179

and your audience uh is being able to go

601  
00:23:43,010 --> 00:23:41,340  
around I mentioned last week and I was

602  
00:23:45,470 --> 00:23:43,020  
in Phoenix presenting to the move on

603  
00:23:47,390 --> 00:23:45,480  
group there uh within two or three weeks

604  
00:23:49,549 --> 00:23:47,400  
I'll be up in Denver Colorado presenting

605  
00:23:51,830 --> 00:23:49,559  
to the mufon group I love being able to

606  
00:23:53,269 --> 00:23:51,840  
travel the country because I don't have

607  
00:23:55,610 --> 00:23:53,279  
all the answers I don't have all the

608  
00:23:57,950 --> 00:23:55,620  
data it's great to engage with these

609  
00:24:00,110 --> 00:23:57,960  
mufon investigators who say David I just

610  
00:24:01,730 --> 00:24:00,120  
had a triangle case about two months ago

611  
00:24:03,769 --> 00:24:01,740  
I'd love to share the information with

612  
00:24:05,390 --> 00:24:03,779  
you and you know we all share

613  
00:24:07,610 --> 00:24:05,400

information we all have our own little

614

00:24:09,710 --> 00:24:07,620

data sets we're sitting on and I always

615

00:24:11,149 --> 00:24:09,720

think in life as well as ufology you

616

00:24:13,010 --> 00:24:11,159

know we're all teachers and we're all

617

00:24:15,649 --> 00:24:13,020

students we can learn but we can also

618

00:24:19,430 --> 00:24:15,659

teach and so being able just to network

619

00:24:22,610 --> 00:24:19,440

as we do uh it's just the best way I

620

00:24:24,769 --> 00:24:22,620

think to really try to get all this data

621

00:24:26,090 --> 00:24:24,779

gathered and the more data sets we have

622

00:24:27,230 --> 00:24:26,100

I think the better Clarity we're going

623

00:24:29,450 --> 00:24:27,240

to have as far as what we're dealing

624

00:24:30,890 --> 00:24:29,460

with absolutely yeah I mean I've been

625

00:24:33,049 --> 00:24:30,900

lucky enough myself to make a lot of

626  
00:24:35,390 --> 00:24:33,059  
connections in the past in the past year

627  
00:24:37,370 --> 00:24:35,400  
and now it's just the amount of

628  
00:24:39,529 --> 00:24:37,380  
knowledge that I've been privy to

629  
00:24:41,750 --> 00:24:39,539  
discuss I think we have a lot of mutual

630  
00:24:44,149 --> 00:24:41,760  
friends and colleagues in this field yes

631  
00:24:45,890 --> 00:24:44,159  
absolutely absolutely now I mean just

632  
00:24:47,990 --> 00:24:45,900  
looking behind you I can see just how

633  
00:24:50,510 --> 00:24:48,000  
amazing your research room looks I'd

634  
00:24:52,070 --> 00:24:50,520  
love to to to go one day but could you

635  
00:24:53,390 --> 00:24:52,080  
just give us some of the names of a few

636  
00:24:54,830 --> 00:24:53,400  
people that we might have heard of that

637  
00:24:57,049 --> 00:24:54,840  
have actually visited and done work

638  
00:24:58,850 --> 00:24:57,059

there with you uh absolutely well Barry

639

00:25:00,470 --> 00:24:58,860

Greenwood Jan Aldridge who are two of

640

00:25:02,769 --> 00:25:00,480

the leading historians of course they're

641

00:25:05,990 --> 00:25:02,779

my mentors to be quite honest with you

642

00:25:07,669 --> 00:25:06,000

and I'm happy to say I I respected their

643

00:25:09,110 --> 00:25:07,679

work when I first got involved in UFOs

644

00:25:11,570 --> 00:25:09,120

and now I'm happy to say they're dear

645

00:25:14,210 --> 00:25:11,580

friends and colleagues my wife and I had

646

00:25:17,450 --> 00:25:14,220

them stay with us for two weeks

647

00:25:18,950 --> 00:25:17,460

um in September of last year and it is

648

00:25:21,049 --> 00:25:18,960

just one of many trips they're going to

649

00:25:23,029 --> 00:25:21,059

make out here because our ultimate goal

650

00:25:25,130 --> 00:25:23,039

Vinnie is to not just have a physical

651  
00:25:28,010 --> 00:25:25,140  
archive the ultimate goal is to have a

652  
00:25:30,950 --> 00:25:28,020  
digital archive whereby you can be there

653  
00:25:33,230 --> 00:25:30,960  
in the UK we can have people in South

654  
00:25:36,529 --> 00:25:33,240  
America in Canada that can access

655  
00:25:37,909 --> 00:25:36,539  
digitally all of this material and I I

656  
00:25:39,590 --> 00:25:37,919  
won't go into detail because we're doing

657  
00:25:42,830 --> 00:25:39,600  
a lot of work right now we just

658  
00:25:45,049 --> 00:25:42,840  
digitized over 46 000 images from

659  
00:25:46,850 --> 00:25:45,059  
microfilm we have an exhaustive

660  
00:25:49,310 --> 00:25:46,860  
microfilm collection of news clippings

661  
00:25:51,830 --> 00:25:49,320  
case File reports that the general

662  
00:25:54,289 --> 00:25:51,840  
public has never seen I just literally

663  
00:25:57,350 --> 00:25:54,299

last week received an external hard

664

00:25:58,850 --> 00:25:57,360

drive with 46 000 images which I haven't

665

00:26:01,909 --> 00:25:58,860

even had time to go through to be honest

666

00:26:04,130 --> 00:26:01,919

with you again Antonio venez's

667

00:26:07,130 --> 00:26:04,140

Collection this year but Barry and Jan

668

00:26:08,930 --> 00:26:07,140

they've been here uh Mark hartzman who

669

00:26:11,810 --> 00:26:08,940

many of you may not know that name he's

670

00:26:14,029 --> 00:26:11,820

not necessarily a representative of the

671

00:26:15,830 --> 00:26:14,039

UFO Community he's written several books

672

00:26:18,230 --> 00:26:15,840

on different topics he's working on an

673

00:26:22,190 --> 00:26:18,240

Incredible Book uh it's a coffee table

674

00:26:25,190 --> 00:26:22,200

book on UFOs and its history and he was

675

00:26:27,230 --> 00:26:25,200

here in October of last year used a

676  
00:26:28,909 --> 00:26:27,240  
wealth of information for his book which

677  
00:26:31,789 --> 00:26:28,919  
will be forthcoming probably in the next

678  
00:26:33,710 --> 00:26:31,799  
five to six months so uh Mark hartzman

679  
00:26:34,970 --> 00:26:33,720  
is his name wonderful gentleman and he's

680  
00:26:37,970 --> 00:26:34,980  
got some great information in there

681  
00:26:41,269 --> 00:26:37,980  
derived from the archives here

682  
00:26:43,970 --> 00:26:41,279  
um in addition to that uh James Fox uh

683  
00:26:46,010 --> 00:26:43,980  
was here uh he has told me repeatedly

684  
00:26:47,510 --> 00:26:46,020  
David if it wasn't for your archive I

685  
00:26:50,090 --> 00:26:47,520  
couldn't have made the first half of my

686  
00:26:51,710 --> 00:26:50,100  
movie all the visual elements all the

687  
00:26:54,169 --> 00:26:51,720  
audio recordings that you hear in the

688  
00:26:56,630 --> 00:26:54,179

first hour of James's documentary are

689

00:26:58,130 --> 00:26:56,640

from the archive here uh and he was like

690

00:26:59,269 --> 00:26:58,140

a kid in a candy store he would open a

691

00:27:00,710 --> 00:26:59,279

drawer and start pulling stuff out

692

00:27:01,909 --> 00:27:00,720

saying we have to incorporate this we

693

00:27:03,950 --> 00:27:01,919

have to incorporate and of course if any

694

00:27:06,289 --> 00:27:03,960

as you know he started with this much

695

00:27:08,450 --> 00:27:06,299

and with the editing process it comes

696

00:27:09,769 --> 00:27:08,460

down to about that so there was only a

697

00:27:12,230 --> 00:27:09,779

fraction of what you saw that he

698

00:27:14,750 --> 00:27:12,240

actually scanned and Incorporated uh but

699

00:27:16,610 --> 00:27:14,760

also uh Ross colthart from Australia had

700

00:27:18,830 --> 00:27:16,620

a wonderful opportunity for Ross to come

701  
00:27:20,630 --> 00:27:18,840  
here and he was able to go through some

702  
00:27:23,210 --> 00:27:20,640  
of the archives and case files and we

703  
00:27:26,210 --> 00:27:23,220  
had a wonderful discussion on that so uh

704  
00:27:28,430 --> 00:27:26,220  
working with him as well uh and just uh

705  
00:27:30,470 --> 00:27:28,440  
any number of other researchers um Tom

706  
00:27:32,870 --> 00:27:30,480  
Whitmore from mufon he's on the move on

707  
00:27:34,310 --> 00:27:32,880  
board uh Tom is going to be uh coming

708  
00:27:37,250 --> 00:27:34,320  
out we've tried to schedule several

709  
00:27:39,830 --> 00:27:37,260  
times uh to come out here Michael schrat

710  
00:27:42,409 --> 00:27:39,840  
has made a number of visits out here as

711  
00:27:44,450 --> 00:27:42,419  
well uh and just any number of other

712  
00:27:46,070 --> 00:27:44,460  
local researchers Statewide researchers

713  
00:27:48,350 --> 00:27:46,080

but we get a lot of foot traffic

714

00:27:49,850 --> 00:27:48,360

admittedly during covet uh things kind

715

00:27:51,710 --> 00:27:49,860

of ground to a halt but we're starting

716

00:27:54,169 --> 00:27:51,720

to ramp up now and have additional

717

00:27:56,389 --> 00:27:54,179

people coming out and not only people

718

00:27:58,130 --> 00:27:56,399

coming here of any I should add that on

719

00:28:01,010 --> 00:27:58,140

a weekly basis I at least get one

720

00:28:02,810 --> 00:28:01,020

request someone looking into a case or

721

00:28:05,330 --> 00:28:02,820

someone maybe their father

722

00:28:07,310 --> 00:28:05,340

have the case I just had my friend uh

723

00:28:10,010 --> 00:28:07,320

Katie page who is the Colorado move on

724

00:28:11,750 --> 00:28:10,020

state director uh her family member had

725

00:28:13,909 --> 00:28:11,760

a UFO sighting and was interviewed by

726

00:28:15,470 --> 00:28:13,919

heineck and she wants to come down to go

727

00:28:17,570 --> 00:28:15,480

through the heineck papers to see if she

728

00:28:18,529 --> 00:28:17,580

can find her relatives UFO sighting

729

00:28:20,810 --> 00:28:18,539

report

730

00:28:22,730 --> 00:28:20,820

oh that's wonderful yeah so it's really

731

00:28:24,529 --> 00:28:22,740

it's it it's a pleasure to be able to

732

00:28:27,169 --> 00:28:24,539

fulfill those data requests for people

733

00:28:29,269 --> 00:28:27,179

yeah I'm just gonna give a shout because

734

00:28:31,610 --> 00:28:29,279

Mr Graham Randall's here hello Graham

735

00:28:33,049 --> 00:28:31,620

good to see you so let me and Graham One

736

00:28:34,789 --> 00:28:33,059

Day Graham will go out and we'll go and

737

00:28:37,909 --> 00:28:34,799

visit David and we can do some research

738

00:28:38,750 --> 00:28:37,919

as well absolutely that would be

739

00:28:40,909 --> 00:28:38,760

wonderful

740

00:28:42,889 --> 00:28:40,919

good to see you Graeme thank you and

741

00:28:44,389 --> 00:28:42,899

Graham actually spoke with you on his

742

00:28:46,570 --> 00:28:44,399

podcast literally was I think it was

743

00:28:48,950 --> 00:28:46,580

this week

744

00:28:50,510 --> 00:28:48,960

and some of the microfilm that I still

745

00:28:52,490 --> 00:28:50,520

have to go through I was telling Graham

746

00:28:54,350 --> 00:28:52,500

I do have Foo Fighter reports that have

747

00:28:56,870 --> 00:28:54,360

not seen the the light of day I have

748

00:28:59,810 --> 00:28:56,880

tons of night Fighter Squadron reports

749

00:29:01,490 --> 00:28:59,820

and we're talking literally of any tens

750

00:29:03,470 --> 00:29:01,500

of thousands not hundreds of thousands

751  
00:29:06,230 --> 00:29:03,480  
of pages most of which has nothing to do

752  
00:29:08,149 --> 00:29:06,240  
with UFOs but interspersed in there

753  
00:29:10,190 --> 00:29:08,159  
according to Jan Aldrich he stated he

754  
00:29:12,470 --> 00:29:10,200  
goes there are Foo Fighter reports in

755  
00:29:13,909 --> 00:29:12,480  
there that we need to scan and share and

756  
00:29:15,470 --> 00:29:13,919  
I told Graham that I want to definitely

757  
00:29:16,610 --> 00:29:15,480  
get that information to him once I do

758  
00:29:20,330 --> 00:29:16,620  
derive that

759  
00:29:22,810 --> 00:29:20,340  
I bet he was jumping for joy meeting

760  
00:29:25,549 --> 00:29:22,820  
actually over his microphone

761  
00:29:28,130 --> 00:29:25,559  
absolutely now someone else we saw in

762  
00:29:30,710 --> 00:29:28,140  
your your room there was uh Christopher

763  
00:29:32,389 --> 00:29:30,720

melon oh yes Chris an identified series

764

00:29:34,490 --> 00:29:32,399

and you actually brought him up when you

765

00:29:36,230 --> 00:29:34,500

did speak to Ross coulart so can you

766

00:29:37,850 --> 00:29:36,240

tell us about why why you think

767

00:29:40,130 --> 00:29:37,860

Christopher melon is such an important

768

00:29:42,470 --> 00:29:40,140

figure in this subject well let me back

769

00:29:44,810 --> 00:29:42,480

up because uh you know obviously Chris

770

00:29:47,090 --> 00:29:44,820

has gotten a lot of notoriety since the

771

00:29:49,490 --> 00:29:47,100

New York Times article but in point of

772

00:29:51,889 --> 00:29:49,500

fact Vinnie uh I actually got in touch

773

00:29:54,710 --> 00:29:51,899

with Chris uh about two or three years

774

00:29:58,370 --> 00:29:54,720

prior to any of that taking place

775

00:30:00,289 --> 00:29:58,380

um I had gotten uh a phone call I was on

776

00:30:01,430 --> 00:30:00,299

a business trip in El Paso Texas and I

777

00:30:04,010 --> 00:30:01,440

got a phone call driving back to

778

00:30:05,690 --> 00:30:04,020

Albuquerque where I live and uh from the

779

00:30:07,610 --> 00:30:05,700

mufon director at the time and he stated

780

00:30:09,529 --> 00:30:07,620

uh Dave do you know Chris Mellon I said

781

00:30:12,110 --> 00:30:09,539

well I know of Chris Mellon not

782

00:30:13,850 --> 00:30:12,120

certainly as we do today in UFO circles

783

00:30:14,990 --> 00:30:13,860

I said I know of Chris melon but I said

784

00:30:17,750 --> 00:30:15,000

I certainly don't know him he goes well

785

00:30:20,029 --> 00:30:17,760

he wants to know you yeah he goes on to

786

00:30:22,010 --> 00:30:20,039

State he has a vested interest in these

787

00:30:23,510 --> 00:30:22,020

triangular UFO reports and he asked who

788

00:30:25,010 --> 00:30:23,520

would you recommend I talk to and he

789

00:30:26,570 --> 00:30:25,020

said well Dave literally wrote the book

790

00:30:28,310 --> 00:30:26,580

on the subject I think you should talk

791

00:30:29,990 --> 00:30:28,320

to Dave so he goes do you mind if I

792

00:30:31,730 --> 00:30:30,000

share your cell number I never do that

793

00:30:33,950 --> 00:30:31,740

without asking the individual I said of

794

00:30:36,110 --> 00:30:33,960

course so it took us about three weeks

795

00:30:38,570 --> 00:30:36,120

uh Vinnie for us to align our schedules

796

00:30:41,450 --> 00:30:38,580

but literally sitting right here at this

797

00:30:43,610 --> 00:30:41,460

desk at this in this chair uh about two

798

00:30:46,130 --> 00:30:43,620

years I guess before unidentified ever

799

00:30:49,850 --> 00:30:46,140

came on the the TV show

800

00:30:51,649 --> 00:30:49,860

um or three years now uh we sat for an

801  
00:30:53,810 --> 00:30:51,659  
hour and a half and the first words out

802  
00:30:55,250 --> 00:30:53,820  
of Chris's mouth humbled me to be honest

803  
00:30:56,690 --> 00:30:55,260  
with you he said David I really

804  
00:30:58,730 --> 00:30:56,700  
appreciate you taking the time to talk

805  
00:31:00,350 --> 00:30:58,740  
to me when your book came out I read it

806  
00:31:02,630 --> 00:31:00,360  
cover to cover I'm a huge fan of your

807  
00:31:04,430 --> 00:31:02,640  
research which coming from someone like

808  
00:31:06,830 --> 00:31:04,440  
Christopher Mellon that that's High

809  
00:31:09,409 --> 00:31:06,840  
Praise indeed I mean as I always like to

810  
00:31:11,750 --> 00:31:09,419  
say having gotten to know Chris now on a

811  
00:31:13,909 --> 00:31:11,760  
better level uh Chris is someone that

812  
00:31:16,250 --> 00:31:13,919  
doesn't suffer fools uh you know he

813  
00:31:18,289 --> 00:31:16,260

doesn't waste time with you know people

814

00:31:19,730 --> 00:31:18,299

that don't have their feet planted

815

00:31:22,370 --> 00:31:19,740

firmly on the ground that are looking at

816

00:31:24,769 --> 00:31:22,380

this subject and so we talked for about

817

00:31:27,649 --> 00:31:24,779

an hour and a half and he expressed his

818

00:31:30,049 --> 00:31:27,659

intense uh curiosity as it relates to

819

00:31:32,570 --> 00:31:30,059

these triangular UFOs UFOs in general

820

00:31:35,450 --> 00:31:32,580

but triangles in particular

821

00:31:37,009 --> 00:31:35,460

and then ironically enough after season

822

00:31:39,350 --> 00:31:37,019

one of unidentified aired I got

823

00:31:41,029 --> 00:31:39,360

contacted by the executive producer and

824

00:31:43,730 --> 00:31:41,039

they said we'd like to do an episode on

825

00:31:46,070 --> 00:31:43,740

triangles for season two and I said oh

826

00:31:47,090 --> 00:31:46,080

you must have talked to Chris and the

827

00:31:49,070 --> 00:31:47,100

producer didn't know what I was talking

828

00:31:50,450 --> 00:31:49,080

about goes no why why would you say that

829

00:31:52,789 --> 00:31:50,460

I said well Chris has an interest in

830

00:31:54,350 --> 00:31:52,799

triangles really I didn't know that I

831

00:31:56,509 --> 00:31:54,360

said and I proceeded to tell them what I

832

00:31:58,610 --> 00:31:56,519

just told you and your audience and he

833

00:32:00,769 --> 00:31:58,620

goes well he goes uh I'll definitely

834

00:32:02,690 --> 00:32:00,779

have to talk to Chris about that and I'm

835

00:32:06,409 --> 00:32:02,700

never a prima donna I never try to like

836

00:32:08,750 --> 00:32:06,419

uh Set uh you know uh expectations ahead

837

00:32:09,950 --> 00:32:08,760

of time or put constraints but he goes

838

00:32:11,630 --> 00:32:09,960

would you be interested in being part of

839

00:32:14,090 --> 00:32:11,640

season two and on this particular case

840

00:32:15,649 --> 00:32:14,100

Vinnie I said if you can get Chris to

841

00:32:17,450 --> 00:32:15,659

come out and talk to me about the

842

00:32:19,190 --> 00:32:17,460

subject then then I'll do it so I did

843

00:32:22,130 --> 00:32:19,200

have some preconditions on this this one

844

00:32:24,230 --> 00:32:22,140

and so as you as I think many you and

845

00:32:26,630 --> 00:32:24,240

your audience saw in season two I think

846

00:32:28,250 --> 00:32:26,640

episode two uh Chris did come out here

847

00:32:30,350 --> 00:32:28,260

and it was wonderful to have an

848

00:32:32,389 --> 00:32:30,360

in-person face-to-face meeting and talk

849

00:32:35,690 --> 00:32:32,399

about it admittedly it was chaotic we

850

00:32:38,690 --> 00:32:35,700

had one day of filming and we only had

851

00:32:41,750 --> 00:32:38,700

this much time to really talk uh really

852

00:32:43,130 --> 00:32:41,760

on substance we had a lunch break and a

853

00:32:44,870 --> 00:32:43,140

coffee break and it was during that time

854

00:32:46,730 --> 00:32:44,880

in my kitchen and sitting out on my

855

00:32:49,009 --> 00:32:46,740

patio we talked about the UFO subject

856

00:32:50,690 --> 00:32:49,019

but we do keep in touch we still

857

00:32:53,389 --> 00:32:50,700

continue to email each other and text

858

00:32:54,590 --> 00:32:53,399

each other uh with information and as

859

00:32:57,590 --> 00:32:54,600

I've been actually putting this

860

00:32:59,029 --> 00:32:57,600

historical data together Denny uh those

861

00:33:01,430 --> 00:32:59,039

that are particularly interesting like

862

00:33:02,870 --> 00:33:01,440

the Puget Sound case I thought that that

863

00:33:05,870 --> 00:33:02,880

would appeal to Chris from a National

864

00:33:08,210 --> 00:33:05,880

Defense standpoint sure uh and so he was

865

00:33:09,649 --> 00:33:08,220

very happy to uh have that and he even

866

00:33:11,990 --> 00:33:09,659

said do you mind if I share this with

867

00:33:13,549 --> 00:33:12,000

some of my colleagues my colleagues I

868

00:33:15,950 --> 00:33:13,559

don't know who that is or where they are

869

00:33:17,810 --> 00:33:15,960

but I said yeah I'm an open book you

870

00:33:19,909 --> 00:33:17,820

know my data is here for anyone that

871

00:33:21,830 --> 00:33:19,919

wants to look at the subject seriously

872

00:33:23,870 --> 00:33:21,840

yeah that's amazing I mean the episode

873

00:33:27,049 --> 00:33:23,880

came across so well it was you know

874

00:33:29,509 --> 00:33:27,059

great to see it you know happening

875

00:33:30,950 --> 00:33:29,519

um now one case that stood out to me in

876

00:33:32,870 --> 00:33:30,960

the past year that I actually heard you

877

00:33:34,250 --> 00:33:32,880

talking about but I've not really seen

878

00:33:36,950 --> 00:33:34,260

it anywhere else is the Farmington

879

00:33:38,269 --> 00:33:36,960

Armada case Yeah you mentioned it in an

880

00:33:39,889 --> 00:33:38,279

interview with George Knapp last year

881

00:33:41,870 --> 00:33:39,899

and I was just fascinated from the

882

00:33:43,009 --> 00:33:41,880

moment and I heard about it but like I

883

00:33:44,990 --> 00:33:43,019

said I've not heard of that case

884

00:33:46,370 --> 00:33:45,000

anywhere else so would you mind just

885

00:33:49,190 --> 00:33:46,380

giving us a little overview of the case

886

00:33:51,169 --> 00:33:49,200

and then absolutely so so no absolutely

887

00:33:53,930 --> 00:33:51,179

it's it Vinnie I have to tell you it's

888

00:33:56,870 --> 00:33:53,940

one of those historic cases that to your

889

00:33:58,970 --> 00:33:56,880

point never really got its due and

890

00:34:01,909 --> 00:33:58,980

partly I think it's due to the fact that

891

00:34:04,250 --> 00:34:01,919

this this particular episode or series

892

00:34:07,430 --> 00:34:04,260

of episodes I should say uh played out

893

00:34:10,069 --> 00:34:07,440

in March of 1950 so we were only three

894

00:34:12,770 --> 00:34:10,079

years into you know the UFO Modern Age

895

00:34:14,990 --> 00:34:12,780

of the UFO phenomenon and the reason I

896

00:34:17,389 --> 00:34:15,000

say that is I don't think a lot of work

897

00:34:19,909 --> 00:34:17,399

was done on it because uh the groups I

898

00:34:22,849 --> 00:34:19,919

mentioned earlier such as nycap didn't

899

00:34:25,089 --> 00:34:22,859

form until December 1956 and even CSI

900

00:34:29,329 --> 00:34:25,099

New York didn't form I believe until 50

901  
00:34:31,790 --> 00:34:29,339  
354 time frame right so there were no

902  
00:34:34,669 --> 00:34:31,800  
organized bodies in the United States

903  
00:34:37,790 --> 00:34:34,679  
collecting UFO case material

904  
00:34:39,530 --> 00:34:37,800  
nicap did retrospectively go back and

905  
00:34:43,250 --> 00:34:39,540  
try to gather news clippings and things

906  
00:34:46,849 --> 00:34:43,260  
like that but I moved here with my job

907  
00:34:49,190 --> 00:34:46,859  
here to New Mexico in 2012 and after

908  
00:34:51,530 --> 00:34:49,200  
writing my book and doing some lectures

909  
00:34:53,030 --> 00:34:51,540  
on the subject I was actually going up

910  
00:34:55,369 --> 00:34:53,040  
to Farmington on business business

911  
00:34:56,869 --> 00:34:55,379  
ironically enough and I thought well

912  
00:34:59,150 --> 00:34:56,879  
while I'm up here I have to take

913  
00:35:01,670 --> 00:34:59,160

advantage of this opportunity and so

914

00:35:03,530 --> 00:35:01,680

started digging into it and I was amazed

915

00:35:05,930 --> 00:35:03,540

at the amount of data that we had on

916

00:35:08,930 --> 00:35:05,940

this case specifically

917

00:35:10,970 --> 00:35:08,940

uh Stanton Friedman was here uh at my

918

00:35:13,370 --> 00:35:10,980

home uh before he passed away some years

919

00:35:15,170 --> 00:35:13,380

back and I was telling him about my

920

00:35:17,450 --> 00:35:15,180

initial work on the case and he looked

921

00:35:20,030 --> 00:35:17,460

at me goes you should check James

922

00:35:21,950 --> 00:35:20,040

McDonald's files in Tucson Arizona I

923

00:35:23,870 --> 00:35:21,960

think James did some investigation on

924

00:35:26,870 --> 00:35:23,880

that case so I did uh I believe it was

925

00:35:28,609 --> 00:35:26,880

2015. I went to the University of

926  
00:35:29,930 --> 00:35:28,619  
Arizona in Tucson and for anybody that

927  
00:35:32,089 --> 00:35:29,940  
ever goes through Arizona if you're

928  
00:35:34,490 --> 00:35:32,099  
interested in UFOs go to the University

929  
00:35:36,530 --> 00:35:34,500  
of Arizona and Tucson it's you'll be a

930  
00:35:38,750 --> 00:35:36,540  
kid in a candy store you can actually

931  
00:35:41,270 --> 00:35:38,760  
leave through Dr James McDonald's

932  
00:35:44,210 --> 00:35:41,280  
personal Case Files handwritten notes

933  
00:35:46,730 --> 00:35:44,220  
his audio recordings with Witnesses he

934  
00:35:49,550 --> 00:35:46,740  
interviewed uh two witnesses uh which

935  
00:35:51,530 --> 00:35:49,560  
are recorded uh uh and admittedly he was

936  
00:35:53,450 --> 00:35:51,540  
again retrospectively looking at this

937  
00:35:56,089 --> 00:35:53,460  
because he didn't get involved in UFOs

938  
00:35:58,130 --> 00:35:56,099

until the mid late 60s but he

939

00:36:00,470 --> 00:35:58,140

interviewed a couple Witnesses and in

940

00:36:02,690 --> 00:36:00,480

addition to that he had detailed notes

941

00:36:05,390 --> 00:36:02,700

of interviews and some of this

942

00:36:07,250 --> 00:36:05,400

information you will not find online you

943

00:36:10,130 --> 00:36:07,260

will not find in news clippings it was

944

00:36:11,569 --> 00:36:10,140

based on his personal interviews with

945

00:36:13,670 --> 00:36:11,579

individuals that were involved in the

946

00:36:15,650 --> 00:36:13,680

case but basically what transpired Benny

947

00:36:18,050 --> 00:36:15,660

for those that aren't familiar for three

948

00:36:20,870 --> 00:36:18,060

straight days broad daylight sightings

949

00:36:24,349 --> 00:36:20,880

of anywhere from single to dozen to

950

00:36:26,569 --> 00:36:24,359

hundreds of structured flying saucers

951  
00:36:29,150 --> 00:36:26,579  
for lack of a better term

952  
00:36:31,430 --> 00:36:29,160  
uh there were Bankers there were shop

953  
00:36:32,990 --> 00:36:31,440  
owners there were Housewives people

954  
00:36:35,450 --> 00:36:33,000  
coming out in the streets traffic

955  
00:36:38,030 --> 00:36:35,460  
literally grinding to a halt as people

956  
00:36:40,550 --> 00:36:38,040  
were watching these formations moving in

957  
00:36:43,210 --> 00:36:40,560  
different directions over the city broad

958  
00:36:45,829 --> 00:36:43,220  
daylight sightings of structured objects

959  
00:36:47,329 --> 00:36:45,839  
interesting note uh talking about the

960  
00:36:49,430 --> 00:36:47,339  
Case Files which are immediately off

961  
00:36:50,870 --> 00:36:49,440  
camera here to my right one of the

962  
00:36:52,609 --> 00:36:50,880  
things I looked at when I first got

963  
00:36:54,530 --> 00:36:52,619

these delivered in addition to triangles

964

00:36:57,470 --> 00:36:54,540

was I wanted to see is there anything on

965

00:36:59,510 --> 00:36:57,480

Farmington most of what was there was

966

00:37:03,290 --> 00:36:59,520

stuff I already had gathered news

967

00:37:04,849 --> 00:37:03,300

clippings Etc uh but working with Jan

968

00:37:06,530 --> 00:37:04,859

Aldrich and Barry Greenwood and I love

969

00:37:08,750 --> 00:37:06,540

telling the story because people always

970

00:37:11,089 --> 00:37:08,760

ask me do you ever have any aha moments

971

00:37:13,190 --> 00:37:11,099

going through these files

972

00:37:15,589 --> 00:37:13,200

um I was talking to Jan and Barry on the

973

00:37:17,390 --> 00:37:15,599

phone as we often do and Barry said I'm

974

00:37:20,930 --> 00:37:17,400

looking for a case from the Yukon

975

00:37:22,849 --> 00:37:20,940

Territory in October 1950 and they're

976

00:37:24,170 --> 00:37:22,859

talking and I said gentlemen I'll just

977

00:37:25,970 --> 00:37:24,180

put you on speakerphone keep talking

978

00:37:27,890 --> 00:37:25,980

I've got the files right here let me

979

00:37:31,430 --> 00:37:27,900

look you know while we're discussing

980

00:37:33,890 --> 00:37:31,440

this I go through the nycat file uh some

981

00:37:36,710 --> 00:37:33,900

are are clearly noted as location date

982

00:37:38,690 --> 00:37:36,720

and and time other ones are just lumped

983

00:37:41,329 --> 00:37:38,700

into a general catch-all folder such as

984

00:37:44,569 --> 00:37:41,339

October 1950. so I'm going through

985

00:37:46,910 --> 00:37:44,579

October 1950 and as I'm leafing through

986

00:37:49,910 --> 00:37:46,920

it looking for a case for Barry

987

00:37:52,310 --> 00:37:49,920

lo and behold I see a witness name on a

988

00:37:56,050 --> 00:37:52,320

report form and the witness's name was

989

00:37:58,550 --> 00:37:56,060

hulon Pace

990

00:38:01,190 --> 00:37:58,560

h-u-l-o-n-p-a-c-e admittedly not a

991

00:38:03,770 --> 00:38:01,200

common name I've never heard of a hulon

992

00:38:06,349 --> 00:38:03,780

before let alone a hulon pace

993

00:38:08,270 --> 00:38:06,359

I saw that and Vinnie as I've told the

994

00:38:09,950 --> 00:38:08,280

story a number of times if anyone else

995

00:38:12,410 --> 00:38:09,960

were to leave through those files it

996

00:38:13,790 --> 00:38:12,420

wouldn't have registered you would just

997

00:38:17,690 --> 00:38:13,800

kept leafing through it

998

00:38:19,550 --> 00:38:17,700

I stopped and I froze because one of the

999

00:38:23,270 --> 00:38:19,560

names in my research on Farmington one

1000

00:38:25,849 --> 00:38:23,280

of the witnesses was shulon pace wow but

1001

00:38:28,970 --> 00:38:25,859

I'm going through an October 1950 file

1002

00:38:31,849 --> 00:38:28,980

now mind you the Farmington Armada case

1003

00:38:35,210 --> 00:38:31,859

was the 16th 17th and 18th of March

1004

00:38:36,890 --> 00:38:35,220

1950. I pulled the file out it talks

1005

00:38:38,569 --> 00:38:36,900

about the Perry smoke Chevrolet garage

1006

00:38:40,849 --> 00:38:38,579

where he worked which is where the other

1007

00:38:42,770 --> 00:38:40,859

Witnesses worked the majority of the

1008

00:38:45,230 --> 00:38:42,780

witnesses that were involved in the

1009

00:38:47,630 --> 00:38:45,240

Farmington case so and then he he goes

1010

00:38:49,490 --> 00:38:47,640

into describing what they observed it

1011

00:38:52,010 --> 00:38:49,500

matched what the other Witnesses

1012

00:38:54,010 --> 00:38:52,020

described for Farmington but it was

1013

00:38:57,290 --> 00:38:54,020

noted that this occurred in October

1014

00:38:59,089 --> 00:38:57,300

1950. now mind you it was a nightcap and

1015

00:39:00,890 --> 00:38:59,099

an apro investigator that were jointly

1016

00:39:03,650 --> 00:39:00,900

interviewing this gentleman in the late

1017

00:39:05,569 --> 00:39:03,660

60s for researchers that are listening

1018

00:39:06,530 --> 00:39:05,579

to this you'll understand if any you've

1019

00:39:09,589 --> 00:39:06,540

probably experienced this yourself

1020

00:39:11,030 --> 00:39:09,599

people don't always remember the date of

1021

00:39:13,490 --> 00:39:11,040

their sighting if it happened decades

1022

00:39:15,530 --> 00:39:13,500

ago sure but they remember little things

1023

00:39:17,569 --> 00:39:15,540

like I remember I had my favorite

1024

00:39:19,490 --> 00:39:17,579

leather jacket that I always loved to

1025

00:39:20,990 --> 00:39:19,500

wear back then so it couldn't have been

1026

00:39:23,690 --> 00:39:21,000

the summer time it must have been either

1027

00:39:26,750 --> 00:39:23,700

the spring or the fall and in this

1028

00:39:28,550 --> 00:39:26,760

particular case hulon uh erroneously

1029

00:39:31,250 --> 00:39:28,560

stated the sighting happened in October

1030

00:39:34,310 --> 00:39:31,260

1950 when in fact it was the Farmington

1031

00:39:36,410 --> 00:39:34,320

sighting from March but what is unique

1032

00:39:39,589 --> 00:39:36,420

and this is a bombshell moment for me as

1033

00:39:41,990 --> 00:39:39,599

a researcher after all the Decades of

1034

00:39:43,910 --> 00:39:42,000

news clippings and written testimony

1035

00:39:46,190 --> 00:39:43,920

from these Witnesses

1036

00:39:49,370 --> 00:39:46,200

one of the things we never had believe

1037

00:39:52,790 --> 00:39:49,380

it or not was a sketch of the objects

1038

00:39:55,609 --> 00:39:52,800

and you want Pace in this 1960s account

1039

00:39:57,589 --> 00:39:55,619

of the Farmington incident sketch the

1040

00:39:59,150 --> 00:39:57,599

object as it looked on the side and as

1041

00:40:00,170 --> 00:39:59,160

it looked like this and it was a typical

1042

00:40:02,930 --> 00:40:00,180

disc

1043

00:40:05,630 --> 00:40:02,940

in addition in addition on the report

1044

00:40:07,970 --> 00:40:05,640

form he listed two additional Witnesses

1045

00:40:09,710 --> 00:40:07,980

by name that were never part of the

1046

00:40:11,690 --> 00:40:09,720

historical record so we had two

1047

00:40:14,450 --> 00:40:11,700

additional witness names that we never

1048

00:40:16,550 --> 00:40:14,460

had before and it was simply by virtue

1049

00:40:18,829 --> 00:40:16,560

of looking for this other case for Barry

1050

00:40:20,390 --> 00:40:18,839

that I happen to stumble across this in

1051  
00:40:21,290 --> 00:40:20,400  
the thousands of case files that I have

1052  
00:40:23,329 --> 00:40:21,300  
here

1053  
00:40:24,710 --> 00:40:23,339  
that's an amazing story I love it and I

1054  
00:40:26,990 --> 00:40:24,720  
love it when things like that when you

1055  
00:40:29,870 --> 00:40:27,000  
get a name it just it's another Avenue

1056  
00:40:32,210 --> 00:40:29,880  
and that's just what more could you on

1057  
00:40:34,430 --> 00:40:32,220  
well in Vinnie as you know having done

1058  
00:40:36,290 --> 00:40:34,440  
research yourself you can never say a

1059  
00:40:37,730 --> 00:40:36,300  
case is closed because you never know

1060  
00:40:40,250 --> 00:40:37,740  
when you're going to stumble across new

1061  
00:40:41,750 --> 00:40:40,260  
data absolutely yeah as evidenced by

1062  
00:40:44,630 --> 00:40:41,760  
this Farmington case

1063  
00:40:46,370 --> 00:40:44,640

yeah now that's wonderful

1064

00:40:49,609 --> 00:40:46,380

um one thing I wanted to ask is that you

1065

00:40:51,890 --> 00:40:49,619

I've not heard about any instances of

1066

00:40:54,050 --> 00:40:51,900

triangles either Landing or potentially

1067

00:40:56,870 --> 00:40:54,060

crashing right is there anything in the

1068

00:40:58,910 --> 00:40:56,880

records anywhere not that I found uh

1069

00:41:00,650 --> 00:40:58,920

there are a couple accounts where a

1070

00:41:02,329 --> 00:41:00,660

triangle was observed hovering

1071

00:41:06,170 --> 00:41:02,339

approximately one foot above the ground

1072

00:41:09,230 --> 00:41:06,180

but to your point I have no documented

1073

00:41:12,050 --> 00:41:09,240

accounts of a triangle being seen on the

1074

00:41:13,430 --> 00:41:12,060

ground or leaving uh some type of

1075

00:41:16,190 --> 00:41:13,440

Landing Trace

1076  
00:41:17,690 --> 00:41:16,200  
having touched the ground and I always

1077  
00:41:19,609 --> 00:41:17,700  
like to say when you're looking at all

1078  
00:41:22,069 --> 00:41:19,619  
of these hundreds and thousands of cases

1079  
00:41:25,730 --> 00:41:22,079  
yes you look for those things that fall

1080  
00:41:27,290 --> 00:41:25,740  
into patterns but equally so not only is

1081  
00:41:29,569 --> 00:41:27,300  
it important with the things we see what

1082  
00:41:32,270 --> 00:41:29,579  
are the things we don't see and to your

1083  
00:41:34,069 --> 00:41:32,280  
point as I think I put in my book I

1084  
00:41:35,569 --> 00:41:34,079  
don't have any accounts of triangles

1085  
00:41:38,329 --> 00:41:35,579  
Landing

1086  
00:41:39,650 --> 00:41:38,339  
strange it's really strange and then I

1087  
00:41:41,809 --> 00:41:39,660  
also one thing I always find strange

1088  
00:41:45,050 --> 00:41:41,819

when thinking about triangles is so many

1089

00:41:48,530 --> 00:41:45,060

of the accounts they are very low even

1090

00:41:50,930 --> 00:41:48,540

the these you know giant ones are low

1091

00:41:53,270 --> 00:41:50,940

and slow right so they're certainly not

1092

00:41:55,190 --> 00:41:53,280

making any effort to being conspicuous

1093

00:41:57,589 --> 00:41:55,200

or hide or anything like that any

1094

00:41:59,150 --> 00:41:57,599

theories on why that might be well I

1095

00:42:00,890 --> 00:41:59,160

think Chris touched on an interesting

1096

00:42:03,230 --> 00:42:00,900

Theory when I first got involved in the

1097

00:42:05,569 --> 00:42:03,240

Triangle research I thought at the time

1098

00:42:07,849 --> 00:42:05,579

because again most of the triangles that

1099

00:42:10,010 --> 00:42:07,859

we're used to seeing look something like

1100

00:42:12,170 --> 00:42:10,020

this right wow this is a model someone

1101

00:42:14,210 --> 00:42:12,180

made for me for lectures but this is

1102

00:42:16,010 --> 00:42:14,220

kind of the the quintessential triangle

1103

00:42:18,050 --> 00:42:16,020

that most people think of correct yeah

1104

00:42:20,569 --> 00:42:18,060

as far as that goes

1105

00:42:23,089 --> 00:42:20,579

um but uh in fact many of these

1106

00:42:25,069 --> 00:42:23,099

triangles have complete absence of

1107

00:42:26,809 --> 00:42:25,079

Lights the Puget Sound case that I

1108

00:42:28,490 --> 00:42:26,819

alluded to from the 60s there were no

1109

00:42:30,410 --> 00:42:28,500

lights evident it was strictly the light

1110

00:42:33,589 --> 00:42:30,420

shining up from the ships the naval

1111

00:42:35,089 --> 00:42:33,599

ships that illuminated the underside uh

1112

00:42:36,589 --> 00:42:35,099

in addition to that many of these

1113

00:42:39,950 --> 00:42:36,599

historic triangle reports and modern

1114

00:42:42,589 --> 00:42:39,960

reports describe the object glowing like

1115

00:42:44,990 --> 00:42:42,599

the entire object is bathed in an orange

1116

00:42:46,910 --> 00:42:45,000

or red light but they don't have

1117

00:42:49,730 --> 00:42:46,920

specific lights at the point points like

1118

00:42:52,130 --> 00:42:49,740

we often see an initial Theory or

1119

00:42:53,150 --> 00:42:52,140

hypothesis hypothesis I was working on

1120

00:42:54,650 --> 00:42:53,160

was

1121

00:42:56,750 --> 00:42:54,660

I don't think that these things have to

1122

00:42:59,150 --> 00:42:56,760

adhere to standard Aviation lighting

1123

00:43:01,130 --> 00:42:59,160

configuration so I don't think these

1124

00:43:02,750 --> 00:43:01,140

lights are lights as such they're

1125

00:43:05,210 --> 00:43:02,760

probably an inherent part of the

1126  
00:43:08,750 --> 00:43:05,220  
propulsion technology that we're seeing

1127  
00:43:10,130 --> 00:43:08,760  
but as again as we talked about Vinnie

1128  
00:43:11,870 --> 00:43:10,140  
it doesn't matter what I believe I got

1129  
00:43:13,430 --> 00:43:11,880  
to go where the data takes me yeah of

1130  
00:43:16,370 --> 00:43:13,440  
course I started getting too many

1131  
00:43:18,530 --> 00:43:16,380  
reports of triangles that were

1132  
00:43:20,750 --> 00:43:18,540  
completely devoid of any lights

1133  
00:43:22,970 --> 00:43:20,760  
so if the lights are indicative of the

1134  
00:43:25,250 --> 00:43:22,980  
propulsion system that gives it lift how

1135  
00:43:28,670 --> 00:43:25,260  
can we have reports of triangles that

1136  
00:43:30,410 --> 00:43:28,680  
are not illuminated yet are Aloft so I

1137  
00:43:33,349 --> 00:43:30,420  
had to kind of disavow myself from that

1138  
00:43:35,690 --> 00:43:33,359

initial idea and so but then Chris hit

1139

00:43:36,770 --> 00:43:35,700

on something and I it the more and more

1140

00:43:38,990 --> 00:43:36,780

I thought about it after we did that

1141

00:43:40,790 --> 00:43:39,000

unidentified episode and it plays out

1142

00:43:43,490 --> 00:43:40,800

our discussion on that episode for those

1143

00:43:45,290 --> 00:43:43,500

that haven't seen it he speculated that

1144

00:43:47,569 --> 00:43:45,300

due to the fact these things fly Slow

1145

00:43:50,690 --> 00:43:47,579

and Low and quite often they seem to

1146

00:43:52,190 --> 00:43:50,700

move in a grid pattern many of them and

1147

00:43:54,589 --> 00:43:52,200

in fact many witnesses have stated in

1148

00:43:56,569 --> 00:43:54,599

the reports I have it it was almost as

1149

00:43:58,490 --> 00:43:56,579

if it was looking for something

1150

00:44:00,170 --> 00:43:58,500

and Chris came up with an interesting

1151  
00:44:02,329 --> 00:44:00,180  
idea that maybe these things are

1152  
00:44:03,890 --> 00:44:02,339  
scanning and the reason they're doing a

1153  
00:44:06,710 --> 00:44:03,900  
grid search is they're doing a detailed

1154  
00:44:09,470 --> 00:44:06,720  
scan of either the surface or subsurface

1155  
00:44:12,470 --> 00:44:09,480  
elements and the more I thought about

1156  
00:44:15,050 --> 00:44:12,480  
that I think that that fits the data and

1157  
00:44:16,550 --> 00:44:15,060  
in in that case these lights may not be

1158  
00:44:17,930 --> 00:44:16,560  
lights that are part of the inherent

1159  
00:44:19,730 --> 00:44:17,940  
propulsion system

1160  
00:44:22,370 --> 00:44:19,740  
they could be sensing elements or

1161  
00:44:25,790 --> 00:44:22,380  
scanning elements uh some type of sensor

1162  
00:44:28,430 --> 00:44:25,800  
array that is collecting data and in

1163  
00:44:30,589 --> 00:44:28,440

fact the uh I didn't have time to show

1164

00:44:32,930 --> 00:44:30,599

obviously all of these historic cases in

1165

00:44:35,450 --> 00:44:32,940

my new lecture I have a number of

1166

00:44:38,270 --> 00:44:35,460

wonderful sketches by Witnesses Vinnie

1167

00:44:40,250 --> 00:44:38,280

where you see a tree line here and you

1168

00:44:41,690 --> 00:44:40,260

see a triangle and they sketch the

1169

00:44:43,430 --> 00:44:41,700

triangle moving like this and then they

1170

00:44:45,950 --> 00:44:43,440

sketch that the triangle actually had to

1171

00:44:48,530 --> 00:44:45,960

go up to clear the trees and then drop

1172

00:44:50,210 --> 00:44:48,540

back down wow so many of these objects

1173

00:44:52,730 --> 00:44:50,220

like heinek mentioned in that letter

1174

00:44:55,910 --> 00:44:52,740

that I quoted many of the objects are

1175

00:44:57,770 --> 00:44:55,920

seen below Treetop level and a number of

1176

00:44:59,510 --> 00:44:57,780

cases also described that the object had

1177

00:45:00,890 --> 00:44:59,520

to increase altitude to clear the power

1178

00:45:04,309 --> 00:45:00,900

lines

1179

00:45:06,050 --> 00:45:04,319

so and initially I thought again it was

1180

00:45:08,210 --> 00:45:06,060

propulsion technology that's the lights

1181

00:45:10,130 --> 00:45:08,220

and the reason they're flying low is

1182

00:45:11,569 --> 00:45:10,140

because they're evading radar because I

1183

00:45:14,329 --> 00:45:11,579

thought well that's we have a corollary

1184

00:45:16,550 --> 00:45:14,339

for that we fly low to evade radar but

1185

00:45:18,770 --> 00:45:16,560

then taking Chris's elements and then

1186

00:45:20,990 --> 00:45:18,780

again following the data I think we have

1187

00:45:23,809 --> 00:45:21,000

to be true to the data

1188

00:45:25,609 --> 00:45:23,819

um I think scanning uh to Chris's point

1189

00:45:27,349 --> 00:45:25,619

I think that that might be hitting the

1190

00:45:28,250 --> 00:45:27,359

nail on the head and the other thing is

1191

00:45:30,589 --> 00:45:28,260

this

1192

00:45:32,270 --> 00:45:30,599

if we're dealing with a craft involving

1193

00:45:34,130 --> 00:45:32,280

technology of some type whether it's

1194

00:45:37,010 --> 00:45:34,140

human or I hate to say it

1195

00:45:38,510 --> 00:45:37,020

extraterrestrial let's say other let's

1196

00:45:39,370 --> 00:45:38,520

just go with the amorphous category

1197

00:45:42,170 --> 00:45:39,380

other

1198

00:45:44,089 --> 00:45:42,180

if we're dealing with our technology or

1199

00:45:47,870 --> 00:45:44,099

someone else's

1200

00:45:51,710 --> 00:45:47,880

um you know this technology

1201  
00:45:55,010 --> 00:45:51,720  
um these objects are purpose-built right

1202  
00:45:57,109 --> 00:45:55,020  
we build a vehicle to as a sports car to

1203  
00:45:59,329 --> 00:45:57,119  
go fast down a highway we also have

1204  
00:46:01,609 --> 00:45:59,339  
jeeps and off-road vehicles to go over

1205  
00:46:04,730 --> 00:46:01,619  
rugged terrain we also have construction

1206  
00:46:07,309 --> 00:46:04,740  
vehicles like a backhoe to dig a hole if

1207  
00:46:09,349 --> 00:46:07,319  
we're going to lay pipe underground I

1208  
00:46:11,870 --> 00:46:09,359  
think that these UFOs and the different

1209  
00:46:14,270 --> 00:46:11,880  
types that are being described are based

1210  
00:46:16,430 --> 00:46:14,280  
on that the objects we're seeing are

1211  
00:46:18,770 --> 00:46:16,440  
designed they're purpose built and

1212  
00:46:21,170 --> 00:46:18,780  
that's not my idea this is a suggestion

1213  
00:46:22,970 --> 00:46:21,180

that was floated Me by John Alexander he

1214

00:46:24,770 --> 00:46:22,980

said when we build a bomber we don't

1215

00:46:27,170 --> 00:46:24,780

build an aircraft and say we're going to

1216

00:46:30,170 --> 00:46:27,180

make it a bomber we build a bomber with

1217

00:46:32,510 --> 00:46:30,180

the specs to accommodate the mission

1218

00:46:34,849 --> 00:46:32,520

and I think these triangles to Chris's

1219

00:46:38,329 --> 00:46:34,859

Point are designed as such to do

1220

00:46:39,770 --> 00:46:38,339

triangulation to do scanning and unless

1221

00:46:41,030 --> 00:46:39,780

someone can offer a better explanation

1222

00:46:42,950 --> 00:46:41,040

that I think that's the leading

1223

00:46:44,569 --> 00:46:42,960

hypothesis at this point

1224

00:46:46,490 --> 00:46:44,579

I think it's a great hypothesis yeah

1225

00:46:48,829 --> 00:46:46,500

hopefully one day we'll know more

1226

00:46:51,109 --> 00:46:48,839

that'll be great now

1227

00:46:53,510 --> 00:46:51,119

um I'm going to get to some um some

1228

00:46:54,770 --> 00:46:53,520

viewer questions shortly but one thing I

1229

00:46:56,150 --> 00:46:54,780

wanted to speak about is this trans

1230

00:46:58,490 --> 00:46:56,160

medium thing that we've heard a lot more

1231

00:47:00,829 --> 00:46:58,500

about in the last few years I mean the

1232

00:47:02,750 --> 00:47:00,839

talk of this elusive photograph that

1233

00:47:04,730 --> 00:47:02,760

apparently exists that shows a triangle

1234

00:47:07,490 --> 00:47:04,740

that has emerged from the ocean and has

1235

00:47:10,430 --> 00:47:07,500

risen to 30 000 feet and been snapped by

1236

00:47:12,230 --> 00:47:10,440

a pilot now you know how many cases in

1237

00:47:14,569 --> 00:47:12,240

the past or not how many but have there

1238

00:47:17,270 --> 00:47:14,579

been many cases of of transmedium

1239

00:47:19,910 --> 00:47:17,280

especially ocean-based triangular cases

1240

00:47:23,150 --> 00:47:19,920

I don't think I have any historical

1241

00:47:26,270 --> 00:47:23,160

cases on file to be honest with you yeah

1242

00:47:28,309 --> 00:47:26,280

involving trans medium flight uh we have

1243

00:47:31,130 --> 00:47:28,319

other you I should be very clear though

1244

00:47:33,290 --> 00:47:31,140

we have other UFOs yes need to go from

1245

00:47:35,270 --> 00:47:33,300

the air to water water to air but I

1246

00:47:36,950 --> 00:47:35,280

don't I can't think of one triangle

1247

00:47:39,109 --> 00:47:36,960

report that actually demonstrates

1248

00:47:40,730 --> 00:47:39,119

transmedium flight and again that's not

1249

00:47:43,609 --> 00:47:40,740

to say that they don't exist it's just

1250

00:47:45,290 --> 00:47:43,619

of course admittedly you know one out of

1251

00:47:47,690 --> 00:47:45,300

every 10 UFOs are probably officially

1252

00:47:49,309 --> 00:47:47,700

reported so as I always like to say even

1253

00:47:51,230 --> 00:47:49,319

all of the data that I'm dealing with

1254

00:47:53,569 --> 00:47:51,240

here it's table scraps relative to

1255

00:47:55,370 --> 00:47:53,579

really what's going on out there

1256

00:47:56,870 --> 00:47:55,380

sure that's interesting I find that

1257

00:47:58,609 --> 00:47:56,880

really fascinating

1258

00:48:00,530 --> 00:47:58,619

right let's get on to some uh some of

1259

00:48:02,390 --> 00:48:00,540

these guys questions

1260

00:48:03,829 --> 00:48:02,400

um Christian here thank you for the for

1261

00:48:05,150 --> 00:48:03,839

the donation Christian

1262

00:48:06,470 --> 00:48:05,160

um and it's just a comment saying thank

1263

00:48:08,089 --> 00:48:06,480

you for your research you've done for

1264

00:48:09,589 --> 00:48:08,099

years so thank you Christian really

1265

00:48:11,870 --> 00:48:09,599

appreciate it

1266

00:48:13,790 --> 00:48:11,880

uh Laura Sosa asks that are there any

1267

00:48:15,910 --> 00:48:13,800

triangle craft cases with lights at the

1268

00:48:19,190 --> 00:48:15,920

three points but transparent in between

1269

00:48:21,170 --> 00:48:19,200

yes uh I actually have a slide in my

1270

00:48:22,730 --> 00:48:21,180

presentation it doesn't show three

1271

00:48:25,250 --> 00:48:22,740

lights it actually shows multiple lights

1272

00:48:26,930 --> 00:48:25,260

but uh Omar Fowler who is a great UK

1273

00:48:29,809 --> 00:48:26,940

researcher I was in touch with back in

1274

00:48:33,109 --> 00:48:29,819

the 90s and early 2000s he was a Pioneer

1275

00:48:35,809 --> 00:48:33,119

involving triangle UFO sightings

1276

00:48:38,809 --> 00:48:35,819

um he had a case involving a triangular

1277

00:48:40,309 --> 00:48:38,819

frame if if you will that was open in

1278

00:48:41,990 --> 00:48:40,319

the middle they could see the stars

1279

00:48:45,130 --> 00:48:42,000

through the middle but not around this

1280

00:48:47,930 --> 00:48:45,140

triangular frame and ironically enough

1281

00:48:51,109 --> 00:48:47,940

in The nightcap reports I found one from

1282

00:48:53,270 --> 00:48:51,119

I believe late 50s or early 60s that

1283

00:48:55,609 --> 00:48:53,280

shows the same type a triangular

1284

00:48:57,170 --> 00:48:55,619

framework that was Hollow in the center

1285

00:48:59,210 --> 00:48:57,180

they could see the stars in the middle

1286

00:49:02,510 --> 00:48:59,220

but they could clearly see the outline

1287

00:49:04,370 --> 00:49:02,520

of this triangular frame in Omar's

1288

00:49:05,990 --> 00:49:04,380

particular case I believe the triangle

1289

00:49:07,970 --> 00:49:06,000

was flying with the flat side as the

1290

00:49:10,130 --> 00:49:07,980

Leading Edge and in the case I had the

1291

00:49:12,829 --> 00:49:10,140

the triangle is moving with the point as

1292

00:49:15,470 --> 00:49:12,839

the Leading Edge so we do have some some

1293

00:49:17,809 --> 00:49:15,480

accounts not a lot not a lot I I would

1294

00:49:20,030 --> 00:49:17,819

say a handful of reports that describe

1295

00:49:22,069 --> 00:49:20,040

that but a great question yeah

1296

00:49:24,049 --> 00:49:22,079

absolutely this kind of leads into David

1297

00:49:26,150 --> 00:49:24,059

here's question which is have you ever

1298

00:49:28,670 --> 00:49:26,160

wondered why triangular

1299

00:49:30,650 --> 00:49:28,680

anything to do with propulsion you know

1300

00:49:32,990 --> 00:49:30,660

it's a great question uh and again

1301  
00:49:35,870 --> 00:49:33,000  
initially I thought well triangles we

1302  
00:49:38,030 --> 00:49:35,880  
have B2 stealth bombers we have f-117a

1303  
00:49:40,609 --> 00:49:38,040  
stealth Fighters we have a history of

1304  
00:49:43,430 --> 00:49:40,619  
delta wing aircraft and it makes sense

1305  
00:49:44,690 --> 00:49:43,440  
from an aerodynamic standpoint the and

1306  
00:49:46,250 --> 00:49:44,700  
I'm going to resort to my model here

1307  
00:49:48,589 --> 00:49:46,260  
again though the thing I like to point

1308  
00:49:51,650 --> 00:49:48,599  
out though is in addition to the length

1309  
00:49:52,910 --> 00:49:51,660  
and the width we also have thickness and

1310  
00:49:54,049 --> 00:49:52,920  
this is really great that I can

1311  
00:49:55,609 --> 00:49:54,059  
demonstrate this because I tried to

1312  
00:49:57,290 --> 00:49:55,619  
describe this I think I lose people on

1313  
00:49:58,730 --> 00:49:57,300

it but when you have an object moving

1314

00:50:00,650 --> 00:49:58,740

like this

1315

00:50:02,809 --> 00:50:00,660

with the flat side is the Leading Edge

1316

00:50:04,670 --> 00:50:02,819

and thickness as I always like to save

1317

00:50:07,549 --> 00:50:04,680

Denny you basically have an aircraft

1318

00:50:09,470 --> 00:50:07,559

that's aerodynamic as a brick yeah

1319

00:50:11,870 --> 00:50:09,480

so it makes no sense that we have these

1320

00:50:13,549 --> 00:50:11,880

objects moving like this which obviously

1321

00:50:15,530 --> 00:50:13,559

suggested some other type of propulsion

1322

00:50:17,450 --> 00:50:15,540

technology that's allowing these things

1323

00:50:19,790 --> 00:50:17,460

to move through the air

1324

00:50:21,049 --> 00:50:19,800

um but initially I did think that of

1325

00:50:23,170 --> 00:50:21,059

course this could be something military

1326

00:50:26,630 --> 00:50:23,180

could be the next gen stealth aircraft

1327

00:50:28,490 --> 00:50:26,640

but when again you follow the historical

1328

00:50:30,230 --> 00:50:28,500

record and luckily I have unfettered

1329

00:50:32,569 --> 00:50:30,240

access to this historical you know

1330

00:50:35,690 --> 00:50:32,579

Treasure Trove of historic cases and

1331

00:50:37,910 --> 00:50:35,700

I've had the unique uh position to go

1332

00:50:39,410 --> 00:50:37,920

through these historic Case Files when

1333

00:50:42,290 --> 00:50:39,420

you see these things stretching back to

1334

00:50:44,329 --> 00:50:42,300

the 40s and 50s if not earlier

1335

00:50:46,910 --> 00:50:44,339

um you almost create a revisionist

1336

00:50:48,770 --> 00:50:46,920

history of aerodynamic design and

1337

00:50:51,109 --> 00:50:48,780

principles if you believe that we had

1338

00:50:52,670 --> 00:50:51,119

this kind of Technology back then and I

1339

00:50:54,950 --> 00:50:52,680

know there's proponents of well the

1340

00:50:57,530 --> 00:50:54,960

Nazis had this incredible technology and

1341

00:50:59,329 --> 00:50:57,540

I I don't subscribe to that I I think

1342

00:51:01,309 --> 00:50:59,339

that the authors of those those books

1343

00:51:03,230 --> 00:51:01,319

and those ideas I I don't think that

1344

00:51:05,750 --> 00:51:03,240

they've made their argument a solid

1345

00:51:07,069 --> 00:51:05,760

argument for that and as I always say if

1346

00:51:09,530 --> 00:51:07,079

they had that technology I think we'd

1347

00:51:12,109 --> 00:51:09,540

all be speaking German today yeah that's

1348

00:51:13,970 --> 00:51:12,119

a conversation myself and Graham Randall

1349

00:51:16,730 --> 00:51:13,980

and our colleagues have all the time is

1350

00:51:18,950 --> 00:51:16,740

why do people keep banging on about this

1351  
00:51:22,130 --> 00:51:18,960  
Nazi and Danny I should I should add

1352  
00:51:23,990 --> 00:51:22,140  
that in addition to UFO history I'm a

1353  
00:51:26,569 --> 00:51:24,000  
huge fan of History my home's full of

1354  
00:51:30,290 --> 00:51:26,579  
antiques I'm also a huge World War II

1355  
00:51:33,650 --> 00:51:30,300  
historian fan uh amateur admittedly but

1356  
00:51:37,430 --> 00:51:33,660  
uh and I've studied the Aerospace or the

1357  
00:51:39,650 --> 00:51:37,440  
uh Aviation designs of the the Germans

1358  
00:51:41,690 --> 00:51:39,660  
in World War II they do have some

1359  
00:51:43,370 --> 00:51:41,700  
incredible technology for the time but

1360  
00:51:45,530 --> 00:51:43,380  
it doesn't border on the science fiction

1361  
00:51:47,030 --> 00:51:45,540  
level that we're hearing these

1362  
00:51:48,730 --> 00:51:47,040  
proponents saying well they have all

1363  
00:51:51,950 --> 00:51:48,740

these UFOs and they're all down in

1364

00:51:53,390 --> 00:51:51,960

Antarctica it's just it's a fantasy it's

1365

00:51:55,069 --> 00:51:53,400

a revisionist history that they've

1366

00:51:56,690 --> 00:51:55,079

created and I know many people like to

1367

00:51:58,549 --> 00:51:56,700

gravitate towards that

1368

00:52:00,349 --> 00:51:58,559

if you're going to make that you have to

1369

00:52:02,210 --> 00:52:00,359

have conclusive evidence to support that

1370

00:52:04,849 --> 00:52:02,220

contention and I haven't seen it in my

1371

00:52:06,589 --> 00:52:04,859

opinion no I agree completely great

1372

00:52:09,049 --> 00:52:06,599

stories but that's all they remain at

1373

00:52:11,450 --> 00:52:09,059

this point I agree yeah

1374

00:52:14,089 --> 00:52:11,460

um healthy MBS any known stories of

1375

00:52:15,950 --> 00:52:14,099

Native American law of flying arrowheads

1376  
00:52:17,809 --> 00:52:15,960  
in the sky that's a really good question

1377  
00:52:18,549 --> 00:52:17,819  
especially with me being here in New

1378  
00:52:22,250 --> 00:52:18,559  
Mexico

1379  
00:52:24,109 --> 00:52:22,260  
we have the Pueblo just north of me here

1380  
00:52:26,630 --> 00:52:24,119  
um I haven't researched that particular

1381  
00:52:28,490 --> 00:52:26,640  
aspect I would argue you probably would

1382  
00:52:31,930 --> 00:52:28,500  
find some if you looked uh hard enough

1383  
00:52:34,490 --> 00:52:31,940  
in in the records I will add though uh

1384  
00:52:37,309 --> 00:52:34,500  
hearing the description flying Arrowhead

1385  
00:52:41,210 --> 00:52:37,319  
there was a case in Dallas Texas in the

1386  
00:52:43,130 --> 00:52:41,220  
1950s where hundreds of people saw a

1387  
00:52:44,690 --> 00:52:43,140  
triangular object it was one of the

1388  
00:52:47,450 --> 00:52:44,700

early accounts that made newspaper

1389

00:52:49,190 --> 00:52:47,460

headlines we had uh actually blue book

1390

00:52:52,190 --> 00:52:49,200

had some Blue Book record cards on this

1391

00:52:54,230 --> 00:52:52,200

in hynix files and the newspaper

1392

00:52:57,049 --> 00:52:54,240

accounts and Witnesses described it as a

1393

00:53:00,530 --> 00:52:57,059

flying Arrowhead exactly what what we we

1394

00:53:02,870 --> 00:53:00,540

see there listed in the question and it

1395

00:53:05,089 --> 00:53:02,880

it was basically an arrowhead shaped

1396

00:53:06,770 --> 00:53:05,099

triangle that was moving erratically in

1397

00:53:08,510 --> 00:53:06,780

the sky I believe they even had it

1398

00:53:11,930 --> 00:53:08,520

tracked on radar and it was observed by

1399

00:53:13,910 --> 00:53:11,940

FAA Personnel uh at Dallas so but I

1400

00:53:15,530 --> 00:53:13,920

haven't explored uh going back into

1401

00:53:18,049 --> 00:53:15,540

ancient history

1402

00:53:20,990 --> 00:53:18,059

um admittedly there's only so much I can

1403

00:53:22,250 --> 00:53:21,000

do you know by myself but if if there

1404

00:53:23,870 --> 00:53:22,260

are people out there that are interested

1405

00:53:26,329 --> 00:53:23,880

in triangles that do have a working

1406

00:53:28,130 --> 00:53:26,339

knowledge or have data related to that I

1407

00:53:29,809 --> 00:53:28,140

would highly encourage other people to

1408

00:53:32,210 --> 00:53:29,819

start branching off into these areas to

1409

00:53:34,010 --> 00:53:32,220

see what they can gather because no one

1410

00:53:35,270 --> 00:53:34,020

person can do it alone but collectively

1411

00:53:36,910 --> 00:53:35,280

we can start Gathering a lot of

1412

00:53:39,230 --> 00:53:36,920

information from various sources

1413

00:53:40,910 --> 00:53:39,240

absolutely that's a fascinating to think

1414

00:53:43,309 --> 00:53:40,920

that they were seeing them that far back

1415

00:53:45,589 --> 00:53:43,319

as well so yeah great question

1416

00:53:47,630 --> 00:53:45,599

um a couple more uh

1417

00:53:50,089 --> 00:53:47,640

Jimmy the earthing says Mr Marla any

1418

00:53:51,890 --> 00:53:50,099

reports of Silent triangles in uh I

1419

00:53:53,410 --> 00:53:51,900

guess Southern California February March

1420

00:53:56,569 --> 00:53:53,420

95.

1421

00:53:58,069 --> 00:53:56,579

I'm sure there were because the 90s were

1422

00:54:00,109 --> 00:53:58,079

extremely prevalent with triangle

1423

00:54:02,270 --> 00:54:00,119

reports as you know Vinnie uh that's

1424

00:54:04,430 --> 00:54:02,280

where they really seem to explode uh

1425

00:54:05,870 --> 00:54:04,440

looking at the frequency data none that

1426

00:54:08,150 --> 00:54:05,880

I can think of off the top of my head

1427

00:54:10,250 --> 00:54:08,160

though uh I will I'll be honest with you

1428

00:54:14,329 --> 00:54:10,260

the last two years I've been immersed in

1429

00:54:17,089 --> 00:54:14,339

the 1940s 50s 60s and 70s Case Files but

1430

00:54:19,130 --> 00:54:17,099

uh I I would argue if you go to the

1431

00:54:21,650 --> 00:54:19,140

National UFO Reporting Center website I

1432

00:54:23,569 --> 00:54:21,660

I would be surprised if you didn't find

1433

00:54:26,390 --> 00:54:23,579

silent triangles being reported in that

1434

00:54:28,069 --> 00:54:26,400

area uh around that time frame and it's

1435

00:54:31,790 --> 00:54:28,079

interesting talking about California as

1436

00:54:33,410 --> 00:54:31,800

well uh in my my uh full lecture I

1437

00:54:36,290 --> 00:54:33,420

actually addressed triangles that had

1438

00:54:37,870 --> 00:54:36,300

prosaic explanations uh there were a

1439

00:54:40,849 --> 00:54:37,880

number looking at the historical record

1440

00:54:44,990 --> 00:54:40,859

uh one of the most uh prevalent was over

1441

00:54:46,910 --> 00:54:45,000

Madrid Spain in September of 1968 and

1442

00:54:49,130 --> 00:54:46,920

then he were talking before we went on

1443

00:54:50,690 --> 00:54:49,140

air that there's so many cases that you

1444

00:54:53,049 --> 00:54:50,700

just can't mentally keep track of at all

1445

00:54:57,349 --> 00:54:53,059

yeah I do remember this one for a reason

1446

00:54:59,450 --> 00:54:57,359

September 5th and September 7th 1968

1447

00:55:01,730 --> 00:54:59,460

tens of thousands of witnesses observed

1448

00:55:05,569 --> 00:55:01,740

a flying triangle in the sky over Madrid

1449

00:55:07,730 --> 00:55:05,579

Spain it was the largest uh publicized

1450

00:55:09,650 --> 00:55:07,740

triangle case that I've ever found it

1451  
00:55:11,569 --> 00:55:09,660  
was in I've got news news clippings from

1452  
00:55:13,730 --> 00:55:11,579  
all over the world that document this

1453  
00:55:16,010 --> 00:55:13,740  
with a photograph the reason I remember

1454  
00:55:19,970 --> 00:55:16,020  
the date so well is it was on the fifth

1455  
00:55:21,970 --> 00:55:19,980  
and the 7th of September 1968. I was

1456  
00:55:25,130 --> 00:55:21,980  
born September 6th

1457  
00:55:27,589 --> 00:55:25,140  
1968. so during this wave of sightings

1458  
00:55:29,030 --> 00:55:27,599  
in Madrid Spain uh that was my birthday

1459  
00:55:30,410 --> 00:55:29,040  
sandwiched in between those two

1460  
00:55:33,410 --> 00:55:30,420  
sightings

1461  
00:55:35,510 --> 00:55:33,420  
um but uh we have the official

1462  
00:55:38,150 --> 00:55:35,520  
documentation from the director of

1463  
00:55:40,730 --> 00:55:38,160

meteorology in Madrid Spain as part of

1464

00:55:42,410 --> 00:55:40,740

The nightcap investigation file signed

1465

00:55:44,390 --> 00:55:42,420

by the director of the meteorological

1466

00:55:47,630 --> 00:55:44,400

Institute it was in fact a French

1467

00:55:50,809 --> 00:55:47,640

atmospheric weather balloon right and it

1468

00:55:52,510 --> 00:55:50,819

it is a triangle but it's interesting

1469

00:55:54,589 --> 00:55:52,520

when you look at the reports because

1470

00:55:56,870 --> 00:55:54,599

initially the reports say flying

1471

00:55:58,309 --> 00:55:56,880

triangle as you look at other reports in

1472

00:56:00,170 --> 00:55:58,319

the case File which is fairly thick

1473

00:56:02,450 --> 00:56:00,180

because again it garnered lots of media

1474

00:56:04,370 --> 00:56:02,460

attention some of the accounts described

1475

00:56:05,630 --> 00:56:04,380

it not as a triangle but an inverted

1476

00:56:07,549 --> 00:56:05,640

pyramid

1477

00:56:09,289 --> 00:56:07,559

and anytime you have this this thing

1478

00:56:12,109 --> 00:56:09,299

that comes to a point my first thought

1479

00:56:15,230 --> 00:56:12,119

is is it a balloon whether it's round or

1480

00:56:17,750 --> 00:56:15,240

whether it has facets to it and in fact

1481

00:56:19,430 --> 00:56:17,760

they provided photos showing it we have

1482

00:56:20,450 --> 00:56:19,440

the signed I have the original signed

1483

00:56:23,990 --> 00:56:20,460

statement from the director of

1484

00:56:26,809 --> 00:56:24,000

meteorology and interestingly enough a

1485

00:56:28,549 --> 00:56:26,819

month prior to that they had a sighting

1486

00:56:30,289 --> 00:56:28,559

by the Soviet military and I know George

1487

00:56:33,289 --> 00:56:30,299

Knapp has referenced this to support

1488

00:56:35,990 --> 00:56:33,299

Jeremy corbell's triangle video

1489

00:56:38,390 --> 00:56:36,000

um but in my opinion what was filmed

1490

00:56:41,089 --> 00:56:38,400

over Riga Latvia was the exact same type

1491

00:56:42,650 --> 00:56:41,099

of balloon it it looks if you look

1492

00:56:44,750 --> 00:56:42,660

directly underneath it it looks like a

1493

00:56:47,630 --> 00:56:44,760

triangle it is in fact an inverted

1494

00:56:49,670 --> 00:56:47,640

pyramid that is shiny semi-transparent

1495

00:56:51,530 --> 00:56:49,680

and it just if it looks like a duck

1496

00:56:54,770 --> 00:56:51,540

quacks like a duck it probably is a duck

1497

00:56:58,069 --> 00:56:54,780

and so in that in those particular cases

1498

00:56:59,569 --> 00:56:58,079

those were explained and referencing uh

1499

00:57:02,150 --> 00:56:59,579

Southern California

1500

00:57:04,789 --> 00:57:02,160

during the development of the B2 stealth

1501  
00:57:07,970 --> 00:57:04,799  
bomber UFO researchers at the time were

1502  
00:57:12,010 --> 00:57:07,980  
getting reports of Silent or near silent

1503  
00:57:15,049 --> 00:57:12,020  
batwing shaped UFOs and it wasn't until

1504  
00:57:16,910 --> 00:57:15,059  
years later when it was Declassified the

1505  
00:57:18,829 --> 00:57:16,920  
B2 came out and we found out that they

1506  
00:57:21,530 --> 00:57:18,839  
were actually doing test flights over

1507  
00:57:23,150 --> 00:57:21,540  
the California airspace areas there and

1508  
00:57:25,370 --> 00:57:23,160  
that's what people were in fact seeing

1509  
00:57:27,589 --> 00:57:25,380  
so I think as researchers we we need to

1510  
00:57:30,230 --> 00:57:27,599  
call out those ifos just as much as we

1511  
00:57:31,730 --> 00:57:30,240  
call out the UFOs because admittedly

1512  
00:57:33,289 --> 00:57:31,740  
there are Skeptics that say you look at

1513  
00:57:35,270 --> 00:57:33,299

every case and you immediately jump to

1514

00:57:37,490 --> 00:57:35,280

extraterrestrial well I don't for those

1515

00:57:39,470 --> 00:57:37,500

that know me but we do I think need to

1516

00:57:42,109 --> 00:57:39,480

call out the ifos when we do find them

1517

00:57:45,410 --> 00:57:42,119

completely agree yeah

1518

00:57:48,170 --> 00:57:45,420

um last question here is from madhav is

1519

00:57:49,789 --> 00:57:48,180

it possible excuse me is it possible to

1520

00:57:51,829 --> 00:57:49,799

determine or hint to the physics that is

1521

00:57:53,569 --> 00:57:51,839

used by the Triangular craft do the

1522

00:57:56,089 --> 00:57:53,579

smaller ones exhibit any different

1523

00:57:58,789 --> 00:57:56,099

characteristics from the big ones really

1524

00:58:01,609 --> 00:57:58,799

good question I mean the the devil's in

1525

00:58:04,069 --> 00:58:01,619

the details to to the question there

1526

00:58:05,569 --> 00:58:04,079

um I'm not a physicist so I I leave that

1527

00:58:07,430 --> 00:58:05,579

to people that are way smarter than

1528

00:58:10,069 --> 00:58:07,440

myself I'm a historian and a researcher

1529

00:58:11,569 --> 00:58:10,079

but I'm not a physicist so if if there

1530

00:58:13,670 --> 00:58:11,579

are any physicists out there that want

1531

00:58:15,289 --> 00:58:13,680

to collaboratively work together I'm

1532

00:58:17,510 --> 00:58:15,299

more than happy to share my data with

1533

00:58:19,069 --> 00:58:17,520

them as far as the smaller craft

1534

00:58:21,770 --> 00:58:19,079

exhibiting different characteristics

1535

00:58:24,170 --> 00:58:21,780

they seem to exhibit very similar

1536

00:58:27,170 --> 00:58:24,180

characteristics in the sense that they

1537

00:58:29,650 --> 00:58:27,180

can hover their silent or near silent

1538

00:58:32,750 --> 00:58:29,660

they can rapidly accelerate away

1539

00:58:34,789 --> 00:58:32,760

they seem to move oftentimes with

1540

00:58:36,289 --> 00:58:34,799

non-linear motion one of the

1541

00:58:37,849 --> 00:58:36,299

characteristics that I outlined that

1542

00:58:40,069 --> 00:58:37,859

I've seen with the smaller objects as

1543

00:58:41,750 --> 00:58:40,079

well as the larger ones is this what I

1544

00:58:44,270 --> 00:58:41,760

call a radic movement that was the best

1545

00:58:46,069 --> 00:58:44,280

term I could use because in the vertical

1546

00:58:48,890 --> 00:58:46,079

plane sometimes these objects are

1547

00:58:52,730 --> 00:58:48,900

reported to move in a stair step

1548

00:58:55,309 --> 00:58:52,740

manner like this and in in in the

1549

00:58:56,390 --> 00:58:55,319

horizontal perspective as the object's

1550

00:58:58,730 --> 00:58:56,400

moving

1551  
00:59:00,289 --> 00:58:58,740  
they'll zigzag many of the reports state

1552  
00:59:03,049 --> 00:59:00,299  
that the object was zigzagging left

1553  
00:59:06,230 --> 00:59:03,059  
right left right as it departed to the

1554  
00:59:08,270 --> 00:59:06,240  
South or the North and so something

1555  
00:59:10,849 --> 00:59:08,280  
again that does not seem suggestive of

1556  
00:59:13,490 --> 00:59:10,859  
conventional aircraft or conventional

1557  
00:59:15,049 --> 00:59:13,500  
jet propulsion uh so to the question

1558  
00:59:17,510 --> 00:59:15,059  
there's clearly some other type of

1559  
00:59:19,609 --> 00:59:17,520  
physics being employed here what that is

1560  
00:59:22,910 --> 00:59:19,619  
uh again I would have to resort to the

1561  
00:59:24,589 --> 00:59:22,920  
physicists and likewise uh Vinnie uh I

1562  
00:59:26,390 --> 00:59:24,599  
often get questioned about well what do

1563  
00:59:28,130 --> 00:59:26,400

you think about the UFO videos or

1564

00:59:29,569 --> 00:59:28,140

photographs that are circulating on the

1565

00:59:31,370 --> 00:59:29,579

internet

1566

00:59:32,990 --> 00:59:31,380

um I don't get excited by those I think

1567

00:59:35,270 --> 00:59:33,000

looking at YouTube videos as

1568

00:59:35,870 --> 00:59:35,280

entertainment it's not research

1569

00:59:38,210 --> 00:59:35,880

um

1570

00:59:39,890 --> 00:59:38,220

but I'm not a photo video analyst people

1571

00:59:41,569 --> 00:59:39,900

send me photos and videos all the time

1572

00:59:43,789 --> 00:59:41,579

and say what do you think

1573

00:59:45,530 --> 00:59:43,799

I can give you my opinion but I'm not a

1574

00:59:47,990 --> 00:59:45,540

photo video expert you know I have to

1575

00:59:50,450 --> 00:59:48,000

stay within my Lane if you want an

1576  
00:59:52,130 --> 00:59:50,460  
expert to evaluate this I would be happy

1577  
00:59:54,230 --> 00:59:52,140  
to give you the name of an individual

1578  
00:59:55,910 --> 00:59:54,240  
and then let you have that dialogue with

1579  
00:59:58,089 --> 00:59:55,920  
them but that's just not my area of

1580  
00:59:59,930 --> 00:59:58,099  
expertise you know unlike some

1581  
01:00:01,190 --> 00:59:59,940  
pseudo-researchers out there that I like

1582  
01:00:02,870 --> 01:00:01,200  
to call

1583  
01:00:04,730 --> 01:00:02,880  
um I don't profess to be an expert on

1584  
01:00:06,109 --> 01:00:04,740  
everything no

1585  
01:00:07,849 --> 01:00:06,119  
and I'm gonna say I might get sent

1586  
01:00:09,589 --> 01:00:07,859  
videos all the time and

1587  
01:00:11,390 --> 01:00:09,599  
yeah it's the same thing I give my

1588  
01:00:12,950 --> 01:00:11,400

opinion I do have some friends who have

1589

01:00:15,109 --> 01:00:12,960

forensic software and are able to do

1590

01:00:17,450 --> 01:00:15,119

that and I happily pass it to them but

1591

01:00:19,430 --> 01:00:17,460

absolutely absolutely yeah again there's

1592

01:00:20,870 --> 01:00:19,440

only so much each one of us can do but

1593

01:00:22,370 --> 01:00:20,880

it's much like I work in the medical

1594

01:00:24,890 --> 01:00:22,380

field it's like the medical field you

1595

01:00:26,390 --> 01:00:24,900

have Specialists you know if you think

1596

01:00:28,010 --> 01:00:26,400

you you have suspicion of cancer you

1597

01:00:30,410 --> 01:00:28,020

don't go to a Cardiologist you go to an

1598

01:00:31,849 --> 01:00:30,420

oncologist and likewise if you have a

1599

01:00:33,230 --> 01:00:31,859

heart condition you don't go just to

1600

01:00:34,490 --> 01:00:33,240

your primary care doc you probably want

1601  
01:00:37,010 --> 01:00:34,500  
to schedule an appointment with your

1602  
01:00:38,990 --> 01:00:37,020  
cardiologist so I think we all have our

1603  
01:00:40,250 --> 01:00:39,000  
areas of expertise and I think we need

1604  
01:00:43,130 --> 01:00:40,260  
to be careful when we start making

1605  
01:00:46,309 --> 01:00:43,140  
opinions when we really don't have the

1606  
01:00:48,230 --> 01:00:46,319  
the scientific Acumen or you know the

1607  
01:00:49,490 --> 01:00:48,240  
the knowledge base to really weigh in on

1608  
01:00:51,770 --> 01:00:49,500  
that I think we need to be honest with

1609  
01:00:53,150 --> 01:00:51,780  
ourselves and say you know what I don't

1610  
01:00:55,490 --> 01:00:53,160  
have enough information to really give

1611  
01:00:58,370 --> 01:00:55,500  
you an honest opinion I recommend you

1612  
01:01:00,289 --> 01:00:58,380  
talk to this individual yeah excellent

1613  
01:01:01,789 --> 01:01:00,299

that's great listen just before we

1614

01:01:03,470 --> 01:01:01,799

finish this has worked out quite well as

1615

01:01:05,270 --> 01:01:03,480

we've just hit the hour mark now

1616

01:01:07,130 --> 01:01:05,280

obviously we mentioned at the start that

1617

01:01:08,690 --> 01:01:07,140

this is your last interview probably for

1618

01:01:10,370 --> 01:01:08,700

the year you know I think a lot of

1619

01:01:12,289 --> 01:01:10,380

people will be sad to see you go from

1620

01:01:13,849 --> 01:01:12,299

from the scene but I'm sure you'll be

1621

01:01:15,109 --> 01:01:13,859

back next year where can where can

1622

01:01:16,789 --> 01:01:15,119

people keep up with what you're going to

1623

01:01:18,770 --> 01:01:16,799

be doing for the rest of the year yeah

1624

01:01:22,510 --> 01:01:18,780

well probably my website Vinnie and

1625

01:01:28,789 --> 01:01:26,630

www.davidmarlerufo.com uh I I I'm my

1626

01:01:30,410 --> 01:01:28,799

webmaster and my researcher I I you know

1627

01:01:33,770 --> 01:01:30,420

I do everything myself I don't have a

1628

01:01:36,470 --> 01:01:33,780

staff so uh I I it's woefully uh in need

1629

01:01:38,329 --> 01:01:36,480

of being updated my website but as

1630

01:01:41,150 --> 01:01:38,339

certain things do develop I'll share

1631

01:01:42,770 --> 01:01:41,160

that with you but uh as Vinnie mentioned

1632

01:01:44,990 --> 01:01:42,780

uh you know there's only so much time in

1633

01:01:47,270 --> 01:01:45,000

the day between work family UFOs and

1634

01:01:48,950 --> 01:01:47,280

interviews and uh I've had a couple

1635

01:01:51,650 --> 01:01:48,960

requests to write some forwards to books

1636

01:01:53,630 --> 01:01:51,660

which I've been engaged in but the the

1637

01:01:56,390 --> 01:01:53,640

main thing that I've been focused on is

1638

01:01:59,150 --> 01:01:56,400

uh data acquisition because

1639

01:02:00,890 --> 01:01:59,160

as you saw evidenced by the cases I

1640

01:02:03,470 --> 01:02:00,900

shared with you just a small handful an

1641

01:02:05,089 --> 01:02:03,480

example those were cases I found as a

1642

01:02:07,910 --> 01:02:05,099

result of getting the nightcap kufos

1643

01:02:09,490 --> 01:02:07,920

Case Files now I have this incredible

1644

01:02:12,049 --> 01:02:09,500

foreign collection of material from

1645

01:02:13,910 --> 01:02:12,059

Antonio's later this year and we're

1646

01:02:16,730 --> 01:02:13,920

actually working on the logistics of

1647

01:02:19,970 --> 01:02:16,740

Transportation right now as we speak

1648

01:02:21,589 --> 01:02:19,980

um Philip mantle in the UK is going to

1649

01:02:23,750 --> 01:02:21,599

be shipping his entire collection of

1650

01:02:27,349 --> 01:02:23,760

case files and materials that cover 45

1651

01:02:28,789 --> 01:02:27,359

years uh here to Albuquerque because

1652

01:02:31,190 --> 01:02:28,799

ultimately this collection will go to

1653

01:02:32,690 --> 01:02:31,200

the university of uh New Mexico here in

1654

01:02:34,609 --> 01:02:32,700

Albuquerque who I have a great working

1655

01:02:36,529 --> 01:02:34,619

relationship they want to be able to

1656

01:02:38,089 --> 01:02:36,539

pervert preserve all of this data and

1657

01:02:40,730 --> 01:02:38,099

information historical material for

1658

01:02:42,289 --> 01:02:40,740

future Generations which admittedly

1659

01:02:44,569 --> 01:02:42,299

right now we're at a Crossroads as it

1660

01:02:47,990 --> 01:02:44,579

relates to the subject UFOs are

1661

01:02:51,049 --> 01:02:48,000

mainstream it's no longer Fringe and so

1662

01:02:52,970 --> 01:02:51,059

I think historians today in 10 years 20

1663

01:02:54,890 --> 01:02:52,980

years from now are going to want to look

1664

01:02:57,410 --> 01:02:54,900

back at that history because right now

1665

01:02:59,089 --> 01:02:57,420

uh the official statements made by the

1666

01:03:00,950 --> 01:02:59,099

US intelligence they're not touching on

1667

01:03:02,870 --> 01:03:00,960

it the narrative the prevailing

1668

01:03:04,970 --> 01:03:02,880

narrative is it all started with the

1669

01:03:06,890 --> 01:03:04,980

Nimitz incident in 2004 moving forward

1670

01:03:08,690 --> 01:03:06,900

and of course you and your audience many

1671

01:03:11,329 --> 01:03:08,700

know that that's not the case we have

1672

01:03:14,630 --> 01:03:11,339

seven and a half decades worth of

1673

01:03:17,210 --> 01:03:14,640

Civilian military Case Files worldwide

1674

01:03:19,730 --> 01:03:17,220

and now this being the 75th anniversary

1675

01:03:22,390 --> 01:03:19,740

of the Modern Age of UFOs here in 2022

1676

01:03:25,190 --> 01:03:22,400

75 years ago right Kenneth Arnold cited

1677

01:03:26,210 --> 01:03:25,200

I say now more than ever history is

1678

01:03:28,309 --> 01:03:26,220

important

1679

01:03:29,630 --> 01:03:28,319

yeah absolutely well listen this has

1680

01:03:30,770 --> 01:03:29,640

been an absolutely fascinating

1681

01:03:32,510 --> 01:03:30,780

conversation

1682

01:03:35,029 --> 01:03:32,520

um I'd love to stay in touch you know I

1683

01:03:36,529 --> 01:03:35,039

won't pester you I promise um but not at

1684

01:03:38,690 --> 01:03:36,539

all yeah be good because you know in a

1685

01:03:40,069 --> 01:03:38,700

year or two uh we do plan on coming out

1686

01:03:41,089 --> 01:03:40,079

to the US and meeting up with a lot of

1687

01:03:43,609 --> 01:03:41,099

people and like we said earlier

1688

01:03:45,529 --> 01:03:43,619

networking is great so you know be good

1689

01:03:47,569 --> 01:03:45,539

to stay in touch but yeah and Jenny

1690

01:03:49,010 --> 01:03:47,579

yourself and your colleagues as well as

1691

01:03:50,450 --> 01:03:49,020

anyone that's listening if you're ever

1692

01:03:52,849 --> 01:03:50,460

coming through New Mexico the

1693

01:03:55,490 --> 01:03:52,859

Albuquerque area I do make this room

1694

01:03:56,690 --> 01:03:55,500

open for serious researchers so if you'd

1695

01:03:57,950 --> 01:03:56,700

like to come and see the collection if

1696

01:03:59,690 --> 01:03:57,960

you happen to be making your way through

1697

01:04:01,849 --> 01:03:59,700

here if not if there's information

1698

01:04:04,250 --> 01:04:01,859

you're looking for feel free to reach

1699

01:04:06,049 --> 01:04:04,260

reach me through my website uh as I

1700

01:04:07,730 --> 01:04:06,059

mentioned I try to fulfill data requests

1701

01:04:09,710 --> 01:04:07,740

when I can so if there's any information

1702

01:04:12,170 --> 01:04:09,720

I can scan an email to you I'm more than

1703

01:04:14,390 --> 01:04:12,180

1704

01:04:15,650 --> 01:04:14,400

you I've popped the uh the description

1705

01:04:16,970 --> 01:04:15,660

in the description below I've popped

1706

01:04:19,849 --> 01:04:16,980

your website so people can always come

1707

01:04:22,549 --> 01:04:19,859

back and find it there but yeah thank

1708

01:04:24,650 --> 01:04:22,559

1709

01:04:25,849 --> 01:04:24,660

now everybody uh I'm gonna say goodbye
