[Music]

2  
00:00:12,799 --> 00:00:17,250

oh

3  
00:00:39,670 --> 00:00:24,270

[Music]

4  
00:00:44,630 --> 00:00:42,069  
hey guys how's it going welcome back to

5  
00:00:46,869 --> 00:00:44,640  
the show um it has been a very hot

6  
00:00:47,830 --> 00:00:46,879  
couple of days here in the uk so excuse

7  
00:00:52,310 --> 00:00:47,840  
the

8  
00:00:53,910 --> 00:00:52,320  
got a huge fan next to me so if you can

9  
00:00:56,229 --> 00:00:53,920  
hear that i'm sorry but i've got to stay

10  
00:00:57,910 --> 00:00:56,239  
cool uh thanks to everyone in the chat

11  
00:00:59,670 --> 00:00:57,920  
for being here live and anyone that's

12  
00:01:01,189 --> 00:00:59,680  
listening or watching after the fact

13  
00:01:02,630 --> 00:01:01,199

either on youtube or the anomalous

14

00:01:05,270 --> 00:01:02,640

podcast network

15

00:01:06,550 --> 00:01:05,280

thank you so much i appreciate that now

16

00:01:08,070 --> 00:01:06,560

uh wig

17

00:01:09,190 --> 00:01:08,080

let me start again i've been having a

18

00:01:11,190 --> 00:01:09,200

lot of conversations with people

19

00:01:14,550 --> 00:01:11,200

recently and it always comes back to

20

00:01:16,149 --> 00:01:14,560

you've got to look at the history and so

21

00:01:18,789 --> 00:01:16,159

what better way to look at the history

22

00:01:21,270 --> 00:01:18,799

than bring on uh my good friend and one

23

00:01:22,870 --> 00:01:21,280

of the best in the business at looking

24

00:01:27,109 --> 00:01:22,880

at old cases

25

00:01:28,950 --> 00:01:27,119

mr sean rash sean how's it going man

26

00:01:30,789 --> 00:01:28,960

thanks for having me vinnie i always

27

00:01:34,789 --> 00:01:30,799

appreciate talking to you

28

00:01:38,710 --> 00:01:36,920

hey we could argue about that

29

00:01:40,789 --> 00:01:38,720

[Laughter]

30

00:01:42,950 --> 00:01:40,799

no i appreciate it i appreciate it dude

31

00:01:45,190 --> 00:01:42,960

i've spent uh way too much time looking

32

00:01:49,030 --> 00:01:45,200

at old documents and

33

00:01:51,109 --> 00:01:49,040

uh getting lost in a sea of crazy cases

34

00:01:52,149 --> 00:01:51,119

uh most definitely and it feels like

35

00:01:55,429 --> 00:01:52,159

once you

36

00:01:56,709 --> 00:01:55,439

start digging it's um it's like i don't

37

00:01:57,990 --> 00:01:56,719

know if you've ever seen those pringles

38

00:02:00,550 --> 00:01:58,000

commercials

39

00:02:03,270 --> 00:02:00,560

um but like you just can't stop once you

40

00:02:05,109 --> 00:02:03,280

start you can't stop um because

41

00:02:06,789 --> 00:02:05,119

each one

42

00:02:09,430 --> 00:02:06,799

there's something

43

00:02:11,910 --> 00:02:09,440

uh curious to it you know whether it

44

00:02:14,710 --> 00:02:11,920

turns out to be

45

00:02:16,630 --> 00:02:14,720

you know a dud so to speak

46

00:02:18,470 --> 00:02:16,640

even those are interesting

47

00:02:20,229 --> 00:02:18,480

you know to find out how they come to

48

00:02:21,910 --> 00:02:20,239

those conclusions and then you run into

49

00:02:23,430 --> 00:02:21,920

some of these cases that we'll get into

50

00:02:26,309 --> 00:02:23,440

today's the bentwaters is a lincoln

51  
00:02:29,190 --> 00:02:26,319  
heath case from 1956 that it's just like

52  
00:02:32,150 --> 00:02:29,200  
i had no idea you know

53  
00:02:34,150 --> 00:02:32,160  
how many like amazing unexplainable

54  
00:02:35,589 --> 00:02:34,160  
um you know sightings there have been

55  
00:02:36,630 --> 00:02:35,599  
throughout the course of time it's just

56  
00:02:37,990 --> 00:02:36,640  
amazing

57  
00:02:39,509 --> 00:02:38,000  
yeah absolutely

58  
00:02:41,670 --> 00:02:39,519  
and the thing is is a lot of these old

59  
00:02:43,509 --> 00:02:41,680  
cases have got so many data points

60  
00:02:45,670 --> 00:02:43,519  
joined to them as well you know radar

61  
00:02:47,589 --> 00:02:45,680  
and all sorts of things and you

62  
00:02:49,350 --> 00:02:47,599  
mentioned the the bent walls lake in

63  
00:02:51,270 --> 00:02:49,360

heath because i did a deep dive on this

64

00:02:53,030 --> 00:02:51,280

channel with dr david clark a few months

65

00:02:54,790 --> 00:02:53,040

back and it was all from the british

66

00:02:56,710 --> 00:02:54,800

perspective and we're going to jump into

67

00:02:58,710 --> 00:02:56,720

it from the u.s perspective which is

68

00:03:00,070 --> 00:02:58,720

amazing so we're kind of covering all

69

00:03:01,670 --> 00:03:00,080

bases there

70

00:03:03,190 --> 00:03:01,680

so yeah i'm looking forward to that man

71

00:03:04,869 --> 00:03:03,200

but i thought what we'd do to start off

72

00:03:06,149 --> 00:03:04,879

is obviously

73

00:03:07,589 --> 00:03:06,159

there's a lot of

74

00:03:10,470 --> 00:03:07,599

language coming out at the moment with

75

00:03:11,990 --> 00:03:10,480

the iaa and the ndaa so i just wondered

76

00:03:13,670 --> 00:03:12,000

we don't have to go too deep on it but i

77

00:03:14,550 --> 00:03:13,680

just wondered how you feel everything's

78

00:03:16,790 --> 00:03:14,560

going

79

00:03:18,229 --> 00:03:16,800

this year maybe compared to last year

80

00:03:20,149 --> 00:03:18,239

and is it all going in the right

81

00:03:23,830 --> 00:03:20,159

direction for you

82

00:03:26,070 --> 00:03:23,840

uh for me so so far so good you know um

83

00:03:27,270 --> 00:03:26,080

the the one thing that that sticks out

84

00:03:29,670 --> 00:03:27,280

to me

85

00:03:31,350 --> 00:03:29,680

um that's quite a bit different from

86

00:03:33,110 --> 00:03:31,360

because i've looked into you know

87

00:03:36,390 --> 00:03:33,120

previous congressional inquiries like in

88

00:03:38,390 --> 00:03:36,400

the 60s and and all that and how

89

00:03:40,630 --> 00:03:38,400

basically congress kind of got hosed a

90

00:03:42,710 --> 00:03:40,640

bit you know it all came they wanted to

91

00:03:45,830 --> 00:03:42,720

do open hearings gerald ford was

92

00:03:47,990 --> 00:03:45,840

president for open hearings in 66 and

93

00:03:49,670 --> 00:03:48,000

that's what he really wanted but the air

94

00:03:51,670 --> 00:03:49,680

force kind of talked him into you know

95

00:03:53,670 --> 00:03:51,680

getting these scientists on board and

96

00:03:55,350 --> 00:03:53,680

scientists on board and doing a study

97

00:03:57,350 --> 00:03:55,360

through which you know we know as the

98

00:03:58,949 --> 00:03:57,360

condom report which wound up being a

99

00:04:00,789 --> 00:03:58,959

huge stud you know and but in the

100

00:04:02,470 --> 00:04:00,799

paperwork they're like well at least

101  
00:04:04,820 --> 00:04:02,480  
it's something so we're looking forward

102  
00:04:06,229 --> 00:04:04,830  
to this report you know and it's like

103  
00:04:07,110 --> 00:04:06,239  
[Music]

104  
00:04:09,110 --> 00:04:07,120  
you know

105  
00:04:11,110 --> 00:04:09,120  
uh but what this what i really like is

106  
00:04:13,589 --> 00:04:11,120  
uh it seems like congress isn't gonna

107  
00:04:15,750 --> 00:04:13,599  
take that you know like um because they

108  
00:04:17,990 --> 00:04:15,760  
first passed the original language it

109  
00:04:21,110 --> 00:04:18,000  
got hijacked pretty much by the dod and

110  
00:04:22,870 --> 00:04:21,120  
turned into the aoi msg which completely

111  
00:04:26,710 --> 00:04:22,880  
there was misinformation because they

112  
00:04:30,230 --> 00:04:26,720  
were put airborne in the title of of the

113  
00:04:31,909 --> 00:04:30,240

group completely leaving out um

114

00:04:34,710 --> 00:04:31,919

you know um

115

00:04:35,909 --> 00:04:34,720

aerospace and transmedium

116

00:04:37,749 --> 00:04:35,919

um

117

00:04:39,510 --> 00:04:37,759

but they're not taking it you know

118

00:04:40,950 --> 00:04:39,520

they're like no and they're stepping up

119

00:04:44,110 --> 00:04:40,960

the language even more they're saying

120

00:04:45,749 --> 00:04:44,120

hey we gotta look back to um january

121

00:04:48,070 --> 00:04:45,759

1947

122

00:04:49,670 --> 00:04:48,080

and you actually have to do it you know

123

00:04:53,189 --> 00:04:49,680

um and we have to get all these people

124

00:04:54,629 --> 00:04:53,199

on board from the cia air force

125

00:04:56,870 --> 00:04:54,639

you know and the other groups which

126  
00:04:58,310 --> 00:04:56,880  
which i think is is great there is

127  
00:05:00,070 --> 00:04:58,320  
staring

128  
00:05:01,430 --> 00:05:00,080  
uh the crap right in the face and

129  
00:05:03,029 --> 00:05:01,440  
they're saying no

130  
00:05:03,830 --> 00:05:03,039  
we're gonna we're gonna do it the right

131  
00:05:06,230 --> 00:05:03,840  
way

132  
00:05:08,150 --> 00:05:06,240  
um so hopefully it continues to go that

133  
00:05:10,230 --> 00:05:08,160  
way now you know

134  
00:05:12,070 --> 00:05:10,240  
if you're like me sometimes you you get

135  
00:05:13,670 --> 00:05:12,080  
a little short on patience right you're

136  
00:05:15,350 --> 00:05:13,680  
like oh man now we got to wait till

137  
00:05:16,390 --> 00:05:15,360  
december or whatever for this to get

138  
00:05:18,230 --> 00:05:16,400

passed

139

00:05:20,070 --> 00:05:18,240

and then once stuff actually going to go

140

00:05:22,150 --> 00:05:20,080

into motion and play but you know in the

141

00:05:23,670 --> 00:05:22,160

background too that things are happening

142

00:05:25,270 --> 00:05:23,680

like this stuff doesn't just happen out

143

00:05:27,110 --> 00:05:25,280

in order like they're just sitting

144

00:05:28,710 --> 00:05:27,120

around and thinking about what kind of i

145

00:05:30,469 --> 00:05:28,720

don't know what should we do with ufos

146

00:05:32,390 --> 00:05:30,479

this year you know there's stuff

147

00:05:34,550 --> 00:05:32,400

happening in the background that is uh

148

00:05:36,310 --> 00:05:34,560

helping write this language

149

00:05:37,749 --> 00:05:36,320

um and

150

00:05:39,670 --> 00:05:37,759

you know

151  
00:05:41,830 --> 00:05:39,680  
to be honest you have to be somewhat of

152  
00:05:43,749 --> 00:05:41,840  
a fool to think that you know compelling

153  
00:05:46,950 --> 00:05:43,759  
information isn't being

154  
00:05:49,909 --> 00:05:46,960  
um communicated or or shown

155  
00:05:51,350 --> 00:05:49,919  
um behind closed doors that instigate

156  
00:05:53,430 --> 00:05:51,360  
stuff like this because what they're

157  
00:05:54,629 --> 00:05:53,440  
doing is very strong it's very strong

158  
00:05:56,950 --> 00:05:54,639  
language

159  
00:05:59,670 --> 00:05:56,960  
and you don't see anyone really coming

160  
00:06:02,790 --> 00:05:59,680  
out against it you know you don't

161  
00:06:04,790 --> 00:06:02,800  
see it in what is a very uh political

162  
00:06:06,309 --> 00:06:04,800  
world we live in these days

163  
00:06:07,749 --> 00:06:06,319

you know you might get someone like this

164

00:06:09,590 --> 00:06:07,759

eventually but you're not getting a

165

00:06:11,029 --> 00:06:09,600

bunch of like democrats or republicans

166

00:06:12,870 --> 00:06:11,039

or whatever you're saying what a waste

167

00:06:14,629 --> 00:06:12,880

of time we got this going on this going

168

00:06:17,350 --> 00:06:14,639

on and you guys are spending all this

169

00:06:19,670 --> 00:06:17,360

time on the cfo language you know it's

170

00:06:21,990 --> 00:06:19,680

pretty incredible and that to me kind of

171

00:06:23,830 --> 00:06:22,000

further uh laments the fact that

172

00:06:25,990 --> 00:06:23,840

something is up

173

00:06:28,230 --> 00:06:26,000

you know and i'm glad

174

00:06:30,469 --> 00:06:28,240

um somebody is trying to do something

175

00:06:32,550 --> 00:06:30,479

about it you know yeah so yeah i agree

176

00:06:34,390 --> 00:06:32,560

completely and one thing i mean i've not

177

00:06:35,670 --> 00:06:34,400

done a deep dive on the the current

178

00:06:37,990 --> 00:06:35,680

language i'm actually going to do that

179

00:06:40,230 --> 00:06:38,000

tomorrow with with katie howland

180

00:06:41,749 --> 00:06:40,240

um i know you've done it

181

00:06:43,350 --> 00:06:41,759

with him yeah

182

00:06:45,029 --> 00:06:43,360

so i have been preparing speaking to

183

00:06:46,710 --> 00:06:45,039

some people and one thing that's kind of

184

00:06:48,230 --> 00:06:46,720

struck me is that then

185

00:06:49,909 --> 00:06:48,240

it's not going to be another case of

186

00:06:52,150 --> 00:06:49,919

this time the public going to get are

187

00:06:53,510 --> 00:06:52,160

going to get a load more information

188

00:06:55,270 --> 00:06:53,520

it doesn't look that way it looks like

189

00:06:57,029 --> 00:06:55,280

they're opening more secure channels

190

00:06:58,870 --> 00:06:57,039

behind the scenes for

191

00:07:00,950 --> 00:06:58,880

people to come forward and talk without

192

00:07:01,670 --> 00:07:00,960

fear of repercussions so

193

00:07:03,270 --> 00:07:01,680

you know

194

00:07:05,270 --> 00:07:03,280

i think people still need to temper

195

00:07:07,510 --> 00:07:05,280

their expectations to a degree as far as

196

00:07:09,990 --> 00:07:07,520

what the public are going to hear but

197

00:07:12,070 --> 00:07:10,000

but just let it be known that

198

00:07:13,990 --> 00:07:12,080

things are happening and you know things

199

00:07:15,510 --> 00:07:14,000

are moving forwards behind the scenes

200

00:07:17,270 --> 00:07:15,520

would you agree with that

201  
00:07:19,430 --> 00:07:17,280  
yeah and let's be real for a second that

202  
00:07:21,029 --> 00:07:19,440  
kind of stinks right that there isn't

203  
00:07:23,430 --> 00:07:21,039  
something that's going to be like a

204  
00:07:24,469 --> 00:07:23,440  
public you know some sort of obvious

205  
00:07:25,830 --> 00:07:24,479  
like uh

206  
00:07:28,469 --> 00:07:25,840  
you know um

207  
00:07:31,110 --> 00:07:28,479  
disclosure movement here happening like

208  
00:07:33,350 --> 00:07:31,120  
our goal is to get this information and

209  
00:07:35,110 --> 00:07:33,360  
freaking tell you about it that stinks

210  
00:07:36,710 --> 00:07:35,120  
that that's not more of a

211  
00:07:39,270 --> 00:07:36,720  
a thing but

212  
00:07:41,350 --> 00:07:39,280  
you know also

213  
00:07:43,430 --> 00:07:41,360

maybe a lot of this stuff wouldn't

214

00:07:45,830 --> 00:07:43,440

happen if that was kind of the

215

00:07:47,909 --> 00:07:45,840

prerogative right like if it was like

216

00:07:49,350 --> 00:07:47,919

we're gonna tell you about it there

217

00:07:52,309 --> 00:07:49,360

probably would be

218

00:07:54,150 --> 00:07:52,319

uh more of an effort to fight up against

219

00:07:55,670 --> 00:07:54,160

it so it's kind of like a fine line that

220

00:07:57,189 --> 00:07:55,680

you have to walk like

221

00:07:58,869 --> 00:07:57,199

you have to do things for the right

222

00:07:59,909 --> 00:07:58,879

reason right and honestly the right

223

00:08:01,110 --> 00:07:59,919

reason

224

00:08:03,270 --> 00:08:01,120

first of all

225

00:08:04,230 --> 00:08:03,280

is uh to protect

226

00:08:06,390 --> 00:08:04,240

you know

227

00:08:08,390 --> 00:08:06,400

beings of this planet right

228

00:08:11,749 --> 00:08:08,400

our military our pilots

229

00:08:13,670 --> 00:08:11,759

our navy men and women military um

230

00:08:16,150 --> 00:08:13,680

protect that and make sure everything's

231

00:08:17,990 --> 00:08:16,160

okay and if you know they're

232

00:08:19,029 --> 00:08:18,000

you know encountering these things and

233

00:08:21,110 --> 00:08:19,039

having

234

00:08:22,950 --> 00:08:21,120

midair possible collisions and stuff

235

00:08:24,869 --> 00:08:22,960

like that that's order number one you

236

00:08:27,430 --> 00:08:24,879

gotta take care of that make sure that

237

00:08:29,110 --> 00:08:27,440

everything is communicated properly so

238

00:08:30,469 --> 00:08:29,120

you can mitigate that as much as

239

00:08:33,029 --> 00:08:30,479

possible

240

00:08:34,469 --> 00:08:33,039

so it's it's a priority process right

241

00:08:36,550 --> 00:08:34,479

you got to make sure things are safe

242

00:08:38,230 --> 00:08:36,560

safety is taken care of then at that

243

00:08:39,829 --> 00:08:38,240

point maybe you can go further and tell

244

00:08:41,029 --> 00:08:39,839

people about the things you're starting

245

00:08:43,029 --> 00:08:41,039

to find

246

00:08:44,630 --> 00:08:43,039

yeah completely agree and for anybody

247

00:08:47,030 --> 00:08:44,640

that hasn't watched it yet go over to

248

00:08:49,190 --> 00:08:47,040

sean's channel the links below and check

249

00:08:51,590 --> 00:08:49,200

out the conversation him and jay had

250

00:08:53,430 --> 00:08:51,600

with christopher sharp and casey holland

251  
00:08:55,030 --> 00:08:53,440  
um it's fascinating and they really do

252  
00:08:57,030 --> 00:08:55,040  
go into quite a lot of information and

253  
00:08:59,190 --> 00:08:57,040  
details on on the language

254  
00:09:00,310 --> 00:08:59,200  
um but let's not join let's not stick on

255  
00:09:02,150 --> 00:09:00,320  
that too long i'm just going to give a

256  
00:09:04,310 --> 00:09:02,160  
quick shout out here to my boy benji

257  
00:09:06,870 --> 00:09:04,320  
thank you so much for the 4.99 donation

258  
00:09:09,190 --> 00:09:06,880  
dude two of the best in the business hey

259  
00:09:11,430 --> 00:09:09,200  
we do what we do and we we do our best

260  
00:09:13,190 --> 00:09:11,440  
that's that's all we can do so

261  
00:09:15,350 --> 00:09:13,200  
i appreciate that benji thank you so

262  
00:09:17,110 --> 00:09:15,360  
much man um

263  
00:09:19,269 --> 00:09:17,120

right another thing that i wanted to

264

00:09:20,949 --> 00:09:19,279

just quickly touch upon is

265

00:09:23,590 --> 00:09:20,959

the announcement of travis taylor as

266

00:09:24,949 --> 00:09:23,600

chief scientist of the uap task force so

267

00:09:26,710 --> 00:09:24,959

it kind of came out of left field a

268

00:09:29,190 --> 00:09:26,720

little bit and obviously a bit of

269

00:09:31,350 --> 00:09:29,200

controversy came along with that

270

00:09:33,269 --> 00:09:31,360

i'll just say straight away to me

271

00:09:35,190 --> 00:09:33,279

well i guess so you know we shouldn't

272

00:09:36,870 --> 00:09:35,200

expect anything else but for me

273

00:09:38,949 --> 00:09:36,880

personally

274

00:09:41,110 --> 00:09:38,959

everyone is welcome to disagree i don't

275

00:09:43,190 --> 00:09:41,120

see a conflict of interest with his work

276

00:09:45,670 --> 00:09:43,200

on ancient aliens and the secret skin

277

00:09:47,110 --> 00:09:45,680

walker ranch but that's just me i'd be

278

00:09:48,829 --> 00:09:47,120

more interested just to see what your

279

00:09:52,389 --> 00:09:48,839

take is on that whole

280

00:09:54,230 --> 00:09:52,399

thing uh personally i i really like

281

00:09:57,910 --> 00:09:54,240

travis taylor i think he seems like a

282

00:10:01,590 --> 00:09:57,920

good guy he's obviously brilliant um

283

00:10:03,269 --> 00:10:01,600

and i think he takes things um with you

284

00:10:04,870 --> 00:10:03,279

know i think he does things the correct

285

00:10:06,870 --> 00:10:04,880

way right he's not committing to

286

00:10:08,550 --> 00:10:06,880

anything just because he's on ancient

287

00:10:11,030 --> 00:10:08,560

aliens doesn't mean he's coming out and

288

00:10:13,190 --> 00:10:11,040

saying these things are for sure ufos

289

00:10:15,269 --> 00:10:13,200

and their aliens from zeta reticuli or

290

00:10:17,269 --> 00:10:15,279

they're all coming from this you know

291

00:10:18,630 --> 00:10:17,279

place in skinwalker ranch to help a show

292

00:10:20,150 --> 00:10:18,640

like there's nothing

293

00:10:22,069 --> 00:10:20,160

you know he's

294

00:10:24,630 --> 00:10:22,079

saying i don't know

295

00:10:26,949 --> 00:10:24,640

you know and and what else

296

00:10:28,630 --> 00:10:26,959

do you want from somebody that's looking

297

00:10:30,870 --> 00:10:28,640

at something honestly that's recorded

298

00:10:33,670 --> 00:10:30,880

with multiple sensors that doesn't fit

299

00:10:35,750 --> 00:10:33,680

within the prosaic realm of technology

300

00:10:37,990 --> 00:10:35,760

that we ever technology that's uh owned

301  
00:10:40,630 --> 00:10:38,000  
by foreign country that they know of

302  
00:10:42,550 --> 00:10:40,640  
they honestly he honestly doesn't know

303  
00:10:43,910 --> 00:10:42,560  
you know and so he's telling you the

304  
00:10:45,110 --> 00:10:43,920  
truth

305  
00:10:46,470 --> 00:10:45,120  
um

306  
00:10:47,910 --> 00:10:46,480  
and you know let's be frank a lot of

307  
00:10:49,750 --> 00:10:47,920  
people like uh

308  
00:10:51,030 --> 00:10:49,760  
ancient aliens maybe you know and i've

309  
00:10:52,870 --> 00:10:51,040  
even said this before but a lot of

310  
00:10:54,949 --> 00:10:52,880  
people in the community don't care for

311  
00:10:56,870 --> 00:10:54,959  
ancient aliens because of

312  
00:10:58,550 --> 00:10:56,880  
you know it um

313  
00:11:00,630 --> 00:10:58,560

goes off the road a little bit with some

314

00:11:01,750 --> 00:11:00,640

of the theories but um

315

00:11:03,670 --> 00:11:01,760

you know

316

00:11:05,670 --> 00:11:03,680

if you watch it

317

00:11:06,550 --> 00:11:05,680

they're never saying that's

318

00:11:08,230 --> 00:11:06,560

what

319

00:11:09,990 --> 00:11:08,240

reality is

320

00:11:11,829 --> 00:11:10,000

they're just having

321

00:11:14,230 --> 00:11:11,839

people try to expand their mind to think

322

00:11:16,550 --> 00:11:14,240

of different things that could be you

323

00:11:18,630 --> 00:11:16,560

know and they're always saying

324

00:11:20,870 --> 00:11:18,640

you know they're they're never saying

325

00:11:23,110 --> 00:11:20,880

this is fact you know aliens built the

326

00:11:25,670 --> 00:11:23,120

pyramids they're like could it be you

327

00:11:28,470 --> 00:11:25,680

know if you want to have any chance at

328

00:11:30,790 --> 00:11:28,480

fathoming any of this stuff at all you

329

00:11:31,670 --> 00:11:30,800

have to start asking yourself could it

330

00:11:33,190 --> 00:11:31,680

be

331

00:11:34,470 --> 00:11:33,200

you know i had a conversation with a

332

00:11:35,430 --> 00:11:34,480

good friend of mine the other night at

333

00:11:37,350 --> 00:11:35,440

dinner

334

00:11:39,030 --> 00:11:37,360

and you know i'm always afraid to talk

335

00:11:40,710 --> 00:11:39,040

about what i do with with people that

336

00:11:42,550 --> 00:11:40,720

aren't into this but you know they bring

337

00:11:45,269 --> 00:11:42,560

it up and they're super respectful about

338

00:11:46,870 --> 00:11:45,279

it you know and they actually said you

339

00:11:48,550 --> 00:11:46,880

know yeah you know

340

00:11:49,829 --> 00:11:48,560

honestly i've actually watched itching

341

00:11:51,509 --> 00:11:49,839

aliens before

342

00:11:53,350 --> 00:11:51,519

i like it

343

00:11:54,790 --> 00:11:53,360

and i'm like well they you know and i'm

344

00:11:56,150 --> 00:11:54,800

kind of even fighting back well they

345

00:11:58,310 --> 00:11:56,160

kind of have some crazy theories

346

00:12:00,069 --> 00:11:58,320

sometimes he goes yeah but they're never

347

00:12:02,310 --> 00:12:00,079

saying this is what it is they're just

348

00:12:03,829 --> 00:12:02,320

mentioning a lot of facts about history

349

00:12:05,750 --> 00:12:03,839

and a lot of different unique things i'm

350

00:12:07,509 --> 00:12:05,760

like yeah but regardless of that

351  
00:12:08,949 --> 00:12:07,519  
skinwalker ranch like

352  
00:12:10,949 --> 00:12:08,959  
people are allowed

353  
00:12:13,030 --> 00:12:10,959  
to do different things with their

354  
00:12:15,910 --> 00:12:13,040  
personal life and we don't have to you

355  
00:12:18,230 --> 00:12:15,920  
know judge everything that they do

356  
00:12:19,829 --> 00:12:18,240  
the guys work for

357  
00:12:21,269 --> 00:12:19,839  
i think it was a dod or something since

358  
00:12:22,829 --> 00:12:21,279  
he was a teenager

359  
00:12:26,150 --> 00:12:22,839  
right

360  
00:12:27,829 --> 00:12:26,160  
um i forget it was like two phds three

361  
00:12:29,990 --> 00:12:27,839  
masters something i can't keep up but

362  
00:12:32,629 --> 00:12:30,000  
the guy is obviously brilliant you know

363  
00:12:35,110 --> 00:12:32,639

he's he's obviously a very smart person

364

00:12:36,629 --> 00:12:35,120

and they he's even said it like

365

00:12:38,550 --> 00:12:36,639

they didn't hire him because he was on

366

00:12:40,790 --> 00:12:38,560

ancient aliens you know that wasn't on

367

00:12:43,190 --> 00:12:40,800

the resume that he turned in

368

00:12:45,110 --> 00:12:43,200

you know they brought him in because of

369

00:12:47,509 --> 00:12:45,120

his educational background and obviously

370

00:12:48,470 --> 00:12:47,519

how brilliant he is with this stuff

371

00:12:49,670 --> 00:12:48,480

so

372

00:12:52,310 --> 00:12:49,680

um

373

00:12:54,389 --> 00:12:52,320

i'm all for it until proven otherwise

374

00:12:56,710 --> 00:12:54,399

you know i think it's wrong to

375

00:12:58,949 --> 00:12:56,720

to make a negative judgment towards

376

00:13:01,590 --> 00:12:58,959

somebody without seeing anything

377

00:13:03,350 --> 00:13:01,600

you know that that's negative and just

378

00:13:05,269 --> 00:13:03,360

starting out that way i think everybody

379

00:13:06,949 --> 00:13:05,279

deserves a chance and he's definitely

380

00:13:08,150 --> 00:13:06,959

putting time and effort in to get that

381

00:13:10,230 --> 00:13:08,160

chance and

382

00:13:11,829 --> 00:13:10,240

you know what i can't without seeing his

383

00:13:13,350 --> 00:13:11,839

work i can't really say anything else

384

00:13:15,590 --> 00:13:13,360

and even if i did see it what am i gonna

385

00:13:16,949 --> 00:13:15,600

say i'm not an aeronautical engineer

386

00:13:18,949 --> 00:13:16,959

um but

387

00:13:21,030 --> 00:13:18,959

um you know my instinct is i like the

388

00:13:22,550 --> 00:13:21,040

guy and he seems like a good dude so i'm

389

00:13:24,310 --> 00:13:22,560

all for giving him a chance and giving

390

00:13:26,550 --> 00:13:24,320

him the the benefit of the doubt i like

391

00:13:29,430 --> 00:13:26,560

watching him on skinwalker ranch too i

392

00:13:31,110 --> 00:13:29,440

think he brings a great um

393

00:13:32,710 --> 00:13:31,120

scientific perspective to everything and

394

00:13:36,470 --> 00:13:32,720

he tries to do that the correct way as

395

00:13:37,750 --> 00:13:36,480

well he's not going in there saying

396

00:13:39,189 --> 00:13:37,760

you know

397

00:13:40,470 --> 00:13:39,199

there's grizzly bears coming out of

398

00:13:43,430 --> 00:13:40,480

portals

399

00:13:45,269 --> 00:13:43,440

i swear to god you know he's just saying

400

00:13:47,350 --> 00:13:45,279

these are the things we're measuring and

401  
00:13:48,870 --> 00:13:47,360  
this could be what's possible you know

402  
00:13:50,310 --> 00:13:48,880  
we don't know but that's why we have to

403  
00:13:53,030 --> 00:13:50,320  
continue to study it and that's what

404  
00:13:55,750 --> 00:13:53,040  
this whole thing is about is we don't

405  
00:13:57,350 --> 00:13:55,760  
know so we have to continue to study it

406  
00:13:58,389 --> 00:13:57,360  
you know and that's the mindset that we

407  
00:13:59,990 --> 00:13:58,399  
need

408  
00:14:02,870 --> 00:14:00,000  
and it's it's other people that keep

409  
00:14:04,550 --> 00:14:02,880  
using things like aliens or you know

410  
00:14:07,030 --> 00:14:04,560  
other

411  
00:14:08,710 --> 00:14:07,040  
things that they think uh would uh

412  
00:14:11,590 --> 00:14:08,720  
diminish the

413  
00:14:13,110 --> 00:14:11,600

um respectability of the topic you know

414

00:14:15,030 --> 00:14:13,120

they keep using that to try to bring

415

00:14:16,949 --> 00:14:15,040

this down or make it seem goofy but

416

00:14:19,990 --> 00:14:16,959

they're not going to win you know

417

00:14:21,910 --> 00:14:20,000

an unidentified odd playing object or

418

00:14:23,829 --> 00:14:21,920

aerial phenomenon is called that because

419

00:14:25,590 --> 00:14:23,839

it's unidentified you know if we thought

420

00:14:27,509 --> 00:14:25,600

it was alien we it wouldn't be

421

00:14:29,189 --> 00:14:27,519

unidentified you know

422

00:14:31,350 --> 00:14:29,199

so i don't know that's kind of a

423

00:14:34,470 --> 00:14:31,360

long-winded answer but i'm i'm down with

424

00:14:36,550 --> 00:14:34,480

travis until proven otherwise sir so

425

00:14:38,550 --> 00:14:36,560

that's how i roll

426

00:14:41,509 --> 00:14:38,560

awesome man i agree i couldn't agree

427

00:14:43,189 --> 00:14:41,519

more in fact i think it is a case of

428

00:14:44,389 --> 00:14:43,199

especially whether you're saying ufos

429

00:14:46,949 --> 00:14:44,399

and uap

430

00:14:49,110 --> 00:14:46,959

especially in a conversation with

431

00:14:50,629 --> 00:14:49,120

on twitter for example where

432

00:14:51,430 --> 00:14:50,639

it's difficult to get your point across

433

00:14:52,870 --> 00:14:51,440

with

434

00:14:56,069 --> 00:14:52,880

you know limited characters and the

435

00:14:58,150 --> 00:14:56,079

nuance is not picked up picked up on

436

00:14:59,910 --> 00:14:58,160

correctly a lot of the time and people

437

00:15:02,230 --> 00:14:59,920

do just think if you're talking about

438

00:15:04,069 --> 00:15:02,240

ufos and that that it is aliens that

439

00:15:06,389 --> 00:15:04,079

you're talking about and it's

440

00:15:07,829 --> 00:15:06,399

i mean i hate the word aliens i don't

441

00:15:10,150 --> 00:15:07,839

use it

442

00:15:11,590 --> 00:15:10,160

it's it's just it's not

443

00:15:13,509 --> 00:15:11,600

yeah so

444

00:15:15,350 --> 00:15:13,519

yeah we have we have immigrants from all

445

00:15:17,829 --> 00:15:15,360

over the world in these spaceships

446

00:15:21,110 --> 00:15:17,839

flying around the country

447

00:15:24,230 --> 00:15:21,120

aliens from mexico aliens from

448

00:15:25,829 --> 00:15:24,240

canada all over the place

449

00:15:28,710 --> 00:15:25,839

you know

450

00:15:31,189 --> 00:15:28,720

no but yeah i mean and it's these words

451  
00:15:32,629 --> 00:15:31,199  
that are used to pigeonhole things right

452  
00:15:35,110 --> 00:15:32,639  
like let's be honest like things are

453  
00:15:37,110 --> 00:15:35,120  
more complicated than we think right

454  
00:15:38,870 --> 00:15:37,120  
yeah um and

455  
00:15:41,269 --> 00:15:38,880  
and you're only gonna shoot yourself in

456  
00:15:43,189 --> 00:15:41,279  
the foot by sticking to like one word

457  
00:15:45,509 --> 00:15:43,199  
like that for for what something could

458  
00:15:46,710 --> 00:15:45,519  
possibly be that you barely understand

459  
00:15:48,389 --> 00:15:46,720  
you know

460  
00:15:50,310 --> 00:15:48,399  
yeah totally

461  
00:15:52,470 --> 00:15:50,320  
so i appreciate that man but look we're

462  
00:15:54,550 --> 00:15:52,480  
here to jump into some cases so i think

463  
00:15:57,030 --> 00:15:54,560

we should just do that straight away and

464

00:15:59,430 --> 00:15:57,040

we are going to start off with the 1956

465

00:16:01,509 --> 00:15:59,440

lake and heath ben waters case um that

466

00:16:04,629 --> 00:16:01,519

was a joint operation between the royal

467

00:16:06,389 --> 00:16:04,639

air force over here and the us air force

468

00:16:08,790 --> 00:16:06,399

um and it was around

469

00:16:10,470 --> 00:16:08,800

i think it was two or three bases if i'm

470

00:16:13,110 --> 00:16:10,480

correct if i can remember and that was

471

00:16:14,230 --> 00:16:13,120

obviously raf lakenheath raf bent wars

472

00:16:16,949 --> 00:16:14,240

and i think there was another one

473

00:16:18,230 --> 00:16:16,959

involved as well uh possibly

474

00:16:19,990 --> 00:16:18,240

but um

475

00:16:22,069 --> 00:16:20,000

are you in the right place are you at

476

00:16:23,910 --> 00:16:22,079

the right place i can share the screen

477

00:16:26,230 --> 00:16:23,920

and then i'll let you uh let you jump

478

00:16:28,710 --> 00:16:26,240

straight into what you've come up with

479

00:16:31,269 --> 00:16:28,720

sure yeah there we go well yeah you're

480

00:16:33,910 --> 00:16:31,279

right there there were three areas that

481

00:16:35,990 --> 00:16:33,920

um picked this stuff up on radar and i

482

00:16:37,749 --> 00:16:36,000

thought what i could start with is this

483

00:16:39,509 --> 00:16:37,759

uh sighting letter

484

00:16:42,870 --> 00:16:39,519

that was written by a united states air

485

00:16:44,870 --> 00:16:42,880

force uh retired um person

486

00:16:47,110 --> 00:16:44,880

um i don't have the information of who

487

00:16:48,470 --> 00:16:47,120

that is in here unfortunately

488

00:16:50,949 --> 00:16:48,480

um

489

00:16:54,389 --> 00:16:50,959

but it it really

490

00:16:57,430 --> 00:16:54,399

gives a good um take on what happened on

491

00:16:59,670 --> 00:16:57,440

august 13 1956

492

00:17:01,670 --> 00:16:59,680

and so it starts just with credentials

493

00:17:04,390 --> 00:17:01,680

i'm retired 20 years service

494

00:17:05,829 --> 00:17:04,400

um 1967 from the usaf i've placed my

495

00:17:06,870 --> 00:17:05,839

name rank serial number at the top of

496

00:17:08,870 --> 00:17:06,880

the page if you want to check

497

00:17:11,029 --> 00:17:08,880

authenticity it's an air traffic

498

00:17:15,110 --> 00:17:11,039

controller throughout uh service career

499

00:17:17,110 --> 00:17:15,120

and utilized radar for the last 16 years

500

00:17:19,909 --> 00:17:17,120

um in the control of air traffic i won't

501  
00:17:21,189 --> 00:17:19,919  
bother listening the types blah blah so

502  
00:17:22,710 --> 00:17:21,199  
um

503  
00:17:24,470 --> 00:17:22,720  
if you go to

504  
00:17:25,350 --> 00:17:24,480  
what i'm going to go to

505  
00:17:33,750 --> 00:17:25,360  
is

506  
00:17:35,830 --> 00:17:33,760  
multiple sighting reports um one siding

507  
00:17:37,270 --> 00:17:35,840  
was on radar was clocked at 4 000 miles

508  
00:17:42,310 --> 00:17:37,280  
per hour

509  
00:17:44,230 --> 00:17:42,320  
yeah

510  
00:17:46,390 --> 00:17:44,240  
so i'm going to get to

511  
00:17:50,230 --> 00:17:46,400  
kind of um

512  
00:17:51,430 --> 00:17:50,240  
i guess you could say the juicy parts

513  
00:17:54,070 --> 00:17:51,440

so

514

00:17:57,110 --> 00:17:54,080

yeah they sent interceptors after

515

00:17:59,029 --> 00:17:57,120

and this is about 9 30 10 p.m

516

00:18:00,789 --> 00:17:59,039

and they sent interceptors after these

517

00:18:02,789 --> 00:18:00,799

ufos so i'm just going to start in the

518

00:18:04,789 --> 00:18:02,799

first paragraph i also hooked in my

519

00:18:06,470 --> 00:18:04,799

local air force base commanding officer

520

00:18:07,909 --> 00:18:06,480

my unit

521

00:18:09,750 --> 00:18:07,919

commander on my switchboard and there

522

00:18:11,430 --> 00:18:09,760

could have been others hooked in also

523

00:18:12,630 --> 00:18:11,440

that i was not aware of i repeated all

524

00:18:14,150 --> 00:18:12,640

the facts known to this point and

525

00:18:16,470 --> 00:18:14,160

continued to give a detailed report on

526  
00:18:18,710 --> 00:18:16,480  
the target's movements and location

527  
00:18:20,230 --> 00:18:18,720  
the target made several changes in

528  
00:18:21,750 --> 00:18:20,240  
location

529  
00:18:23,830 --> 00:18:21,760  
always in a straight line always at

530  
00:18:26,549 --> 00:18:23,840  
about 600 miles per hour and always from

531  
00:18:28,630 --> 00:18:26,559  
a standing or stationary point

532  
00:18:30,549 --> 00:18:28,640  
to his next stop at a constant speed so

533  
00:18:33,350 --> 00:18:30,559  
we have hovering there

534  
00:18:34,789 --> 00:18:33,360  
and uh no build up in speed at all these

535  
00:18:36,630 --> 00:18:34,799  
changes in location varied from eight

536  
00:18:38,310 --> 00:18:36,640  
miles to 20 miles in length so it's

537  
00:18:39,669 --> 00:18:38,320  
dropping out popping up somewhere else

538  
00:18:41,909 --> 00:18:39,679

what does that remind you of david

539

00:18:43,110 --> 00:18:41,919

fravor's account tic tac and it sounds

540

00:18:45,029 --> 00:18:43,120

like there's some instantaneous

541

00:18:46,710 --> 00:18:45,039

acceleration there if it's

542

00:18:48,789 --> 00:18:46,720

just a constant speed

543

00:18:51,430 --> 00:18:48,799

yeah and no thruster build up right

544

00:18:55,350 --> 00:18:51,440

going from zero to 600 like that

545

00:18:57,029 --> 00:18:55,360

um so that's definitely an observable

546

00:18:59,190 --> 00:18:57,039

so

547

00:19:01,110 --> 00:18:59,200

after he says after i imagine about 30

548

00:19:03,669 --> 00:19:01,120

to 45 minutes it was decided to scramble

549

00:19:05,190 --> 00:19:03,679

two raf interceptors to investigate this

550

00:19:06,950 --> 00:19:05,200

was done i believe by the third air

551  
00:19:08,070 --> 00:19:06,960  
force

552  
00:19:09,830 --> 00:19:08,080  
um

553  
00:19:11,510 --> 00:19:09,840  
skipping to the third paragraph we miss

554  
00:19:14,710 --> 00:19:11,520  
we immediately issued headings to the

555  
00:19:17,110 --> 00:19:14,720  
interceptor to guide him to the ufo

556  
00:19:18,470 --> 00:19:17,120  
so they see this ufo they're trying to

557  
00:19:20,070 --> 00:19:18,480  
you know have them intercept it they're

558  
00:19:21,750 --> 00:19:20,080  
telling them where it is the ufo remains

559  
00:19:23,350 --> 00:19:21,760  
stationary it's hovering

560  
00:19:24,950 --> 00:19:23,360  
uh this vectoring of the intercept

561  
00:19:26,710 --> 00:19:24,960  
aircraft continued we continually gave

562  
00:19:28,950 --> 00:19:26,720  
the intercept aircraft his heading to

563  
00:19:30,870 --> 00:19:28,960

the ufo and his distance

564

00:19:33,350 --> 00:19:30,880

from the ufo at approximately one to two

565

00:19:35,350 --> 00:19:33,360

mile intervals shortly after we told the

566

00:19:37,909 --> 00:19:35,360

intercept aircraft he was one half mile

567

00:19:39,830 --> 00:19:37,919

from the ufo and it was uh 12 o'clock

568

00:19:43,270 --> 00:19:39,840

from his position he said roger lake and

569

00:19:45,669 --> 00:19:43,280

heath i've got my guns locked on him

570

00:19:48,230 --> 00:19:45,679

then he paused and said

571

00:19:49,990 --> 00:19:48,240

where did he go

572

00:19:52,470 --> 00:19:50,000

do you still have him we were glad roger

573

00:19:54,789 --> 00:19:52,480

had appeared it he got behind you and

574

00:19:57,590 --> 00:19:54,799

he's still there there were now two

575

00:20:00,230 --> 00:19:57,600

targets one behind the other same speed

576

00:20:01,350 --> 00:20:00,240

very close but two separate distinct

577

00:20:02,950 --> 00:20:01,360

targets

578

00:20:04,149 --> 00:20:02,960

so to me

579

00:20:05,909 --> 00:20:04,159

i mean

580

00:20:07,830 --> 00:20:05,919

you could start to say is this thing

581

00:20:09,750 --> 00:20:07,840

psychic how did it know to move and get

582

00:20:12,230 --> 00:20:09,760

behind him right when he locked on with

583

00:20:14,950 --> 00:20:12,240

his gun radar you know

584

00:20:17,430 --> 00:20:14,960

um he's ready to shoot at this thing

585

00:20:19,669 --> 00:20:17,440

and that's immediately when it decides

586

00:20:20,630 --> 00:20:19,679

to get behind him that's pretty intense

587

00:20:22,630 --> 00:20:20,640

to me

588

00:20:24,310 --> 00:20:22,640

uh the it goes on to say the first

589

00:20:26,549 --> 00:20:24,320

movement by the ufo was so swift

590

00:20:29,029 --> 00:20:26,559

circling behind the interceptor

591

00:20:30,710 --> 00:20:29,039

missed it entirely but it was seen by

592

00:20:32,230 --> 00:20:30,720

the other controllers however the fact

593

00:20:34,710 --> 00:20:32,240

that this had occurred was confirmed by

594

00:20:36,549 --> 00:20:34,720

the pilot of the interceptor the pilot

595

00:20:39,590 --> 00:20:36,559

of the interceptor told us he would try

596

00:20:41,590 --> 00:20:39,600

to shake the ufo and would try it again

597

00:20:43,990 --> 00:20:41,600

he tried everything he climbed dives

598

00:20:45,750 --> 00:20:44,000

circled etc but the ufo acted like it

599

00:20:47,669 --> 00:20:45,760

was glued right behind him

600

00:20:51,270 --> 00:20:47,679

always the same distance very close but

601  
00:20:53,029 --> 00:20:51,280  
we always had two distinct targets

602  
00:20:55,110 --> 00:20:53,039  
um

603  
00:20:56,390 --> 00:20:55,120  
between about 200 600 feet probably

604  
00:20:57,909 --> 00:20:56,400  
closer

605  
00:21:00,470 --> 00:20:57,919  
than that we would have gotten one

606  
00:21:03,110 --> 00:21:00,480  
target both aircraft and ufo okay so it

607  
00:21:04,310 --> 00:21:03,120  
goes on some logistics there

608  
00:21:06,710 --> 00:21:04,320  
um

609  
00:21:07,990 --> 00:21:06,720  
then this gets very interesting it gets

610  
00:21:10,149 --> 00:21:08,000  
to the

611  
00:21:12,070 --> 00:21:10,159  
uh emotional aspects of it the

612  
00:21:14,789 --> 00:21:12,080  
interceptor pilot continued to try and

613  
00:21:16,950 --> 00:21:14,799

shake the ufo for about 10 minutes

614

00:21:19,110 --> 00:21:16,960

approximate to seem longer uh both to

615

00:21:21,430 --> 00:21:19,120

him and us and you know if anyone's had

616

00:21:23,350 --> 00:21:21,440

a ufo sighting that is how it feels it

617

00:21:25,190 --> 00:21:23,360

goes by so fast but it feels like it

618

00:21:26,630 --> 00:21:25,200

happens in slow motion so i found that

619

00:21:28,950 --> 00:21:26,640

interesting

620

00:21:31,190 --> 00:21:28,960

but he continued to comment occasionally

621

00:21:34,070 --> 00:21:31,200

and we could tell from the tonal quality

622

00:21:37,350 --> 00:21:34,080

he was getting worried excited

623

00:21:46,870 --> 00:21:38,710

uh

624

00:21:48,710 --> 00:21:46,880

said he was gonna return he was running

625

00:21:50,870 --> 00:21:48,720

out of gas basically and that's in this

626  
00:21:52,789 --> 00:21:50,880  
paragraph here paragraph three and

627  
00:21:54,549 --> 00:21:52,799  
things started fading away and isn't

628  
00:21:56,470 --> 00:21:54,559  
that interesting he goes on the

629  
00:22:01,830 --> 00:21:56,480  
intercept

630  
00:22:03,029 --> 00:22:01,840  
did things like okay forget it then

631  
00:22:04,710 --> 00:22:03,039  
like

632  
00:22:05,669 --> 00:22:04,720  
oh what the heck

633  
00:22:07,430 --> 00:22:05,679  
so

634  
00:22:09,110 --> 00:22:07,440  
it's a very uh

635  
00:22:12,870 --> 00:22:09,120  
interesting case you have instantaneous

636  
00:22:15,350 --> 00:22:12,880  
acceleration possible um

637  
00:22:19,029 --> 00:22:15,360  
psychic aspect going on there

638  
00:22:20,870 --> 00:22:19,039

um and a later in this report um

639

00:22:22,230 --> 00:22:20,880

and i forget where it is again here in

640

00:22:24,549 --> 00:22:22,240

this report i didn't write it down

641

00:22:27,430 --> 00:22:24,559

unfortunately but is it his engines

642

00:22:29,590 --> 00:22:27,440

started malfunctioning

643

00:22:31,990 --> 00:22:29,600

and you have radar pickup and you

644

00:22:34,549 --> 00:22:32,000

actually have visual pickup as well

645

00:22:36,390 --> 00:22:34,559

um and i'm going to get to that so i'll

646

00:22:38,549 --> 00:22:36,400

just quickly go through these things you

647

00:22:40,149 --> 00:22:38,559

got any questions so far

648

00:22:41,430 --> 00:22:40,159

you know i'm just it's it's bringing

649

00:22:43,029 --> 00:22:41,440

about memories from when i covered the

650

00:22:44,870 --> 00:22:43,039

case with david clarke from the uk

651  
00:22:46,310 --> 00:22:44,880  
perspective um

652  
00:22:47,750 --> 00:22:46,320  
you know there were people all over the

653  
00:22:50,070 --> 00:22:47,760  
base while these intercepts were

654  
00:22:52,070 --> 00:22:50,080  
happening listening in in the the little

655  
00:22:54,230 --> 00:22:52,080  
room where the pilots gather

656  
00:22:55,430 --> 00:22:54,240  
they were all listening in to you know

657  
00:22:57,590 --> 00:22:55,440  
because they could

658  
00:22:59,029 --> 00:22:57,600  
hear the tone in his voice of everything

659  
00:23:01,830 --> 00:22:59,039  
that was happening and

660  
00:23:04,390 --> 00:23:01,840  
um yeah for anyone that again hasn't

661  
00:23:06,070 --> 00:23:04,400  
seen that go back because we play uh

662  
00:23:07,990 --> 00:23:06,080  
some recordings of these people being

663  
00:23:09,830 --> 00:23:08,000

interviewed i think the interviews were

664

00:23:11,990 --> 00:23:09,840

done about 20 years ago because remember

665

00:23:13,990 --> 00:23:12,000

this is from the 50s so

666

00:23:15,430 --> 00:23:14,000

yeah for context i'd go back and listen

667

00:23:16,630 --> 00:23:15,440

to them for anyone that's interested in

668

00:23:17,909 --> 00:23:16,640

the case because it really is

669

00:23:19,190 --> 00:23:17,919

fascinating

670

00:23:20,470 --> 00:23:19,200

amazing

671

00:23:22,470 --> 00:23:20,480

um

672

00:23:24,149 --> 00:23:22,480

the next thing i wanted to hit on just a

673

00:23:25,990 --> 00:23:24,159

little bit is this point number eight

674

00:23:28,710 --> 00:23:26,000

here and it's by a dr whipple who

675

00:23:31,029 --> 00:23:28,720

actually years prior suggested he's was

676

00:23:33,750 --> 00:23:31,039

with john hopkins university and he

677

00:23:36,149 --> 00:23:33,760

actually suggested um and this is i

678

00:23:38,230 --> 00:23:36,159

believe it's a cia document where he

679

00:23:39,909 --> 00:23:38,240

suggested a sky patrol

680

00:23:41,350 --> 00:23:39,919

where there's cameras all over the place

681

00:23:43,830 --> 00:23:41,360

trying to pick up these things in kind

682

00:23:45,190 --> 00:23:43,840

of the more hot spot areas

683

00:23:47,510 --> 00:23:45,200

and

684

00:23:49,590 --> 00:23:47,520

so dr whible is in on this case here he

685

00:23:51,029 --> 00:23:49,600

stated that as far as the report at hand

686

00:23:53,510 --> 00:23:51,039

is concerned no obvious physical

687

00:23:56,149 --> 00:23:53,520

solution is suggested he deplored the

688

00:23:58,390 --> 00:23:56,159

inadequacy of the typical ufo report as

689

00:24:00,470 --> 00:23:58,400

a scientific document he further stated

690

00:24:02,470 --> 00:24:00,480

that the nature of such reports is not

691

00:24:04,549 --> 00:24:02,480

likely to change and urge that if the

692

00:24:07,029 --> 00:24:04,559

air force was serious in its attempts to

693

00:24:08,870 --> 00:24:07,039

resolve this problem both scientifically

694

00:24:12,070 --> 00:24:08,880

and in the public mind that the air

695

00:24:15,750 --> 00:24:12,080

force do more than continue its passive

696

00:24:16,830 --> 00:24:15,760

investigational attitudes

697

00:24:22,789 --> 00:24:16,840

wow

698

00:24:24,789 --> 00:24:22,799

so i i found that uh pretty strong

699

00:24:27,510 --> 00:24:24,799

pretty strong words by mr whipple who

700

00:24:29,510 --> 00:24:27,520

wasn't really a believer in ufos either

701

00:24:31,669 --> 00:24:29,520

but he did believe in in the scientific

702

00:24:34,230 --> 00:24:31,679

method and figuring things out and yeah

703

00:24:36,230 --> 00:24:34,240

that this is obviously an issue

704

00:24:39,430 --> 00:24:36,240

um just real quick there's there's a

705

00:24:41,269 --> 00:24:39,440

couple of like uh one sheets here as far

706

00:24:42,870 --> 00:24:41,279

as you know the things some of the

707

00:24:44,070 --> 00:24:42,880

things that happened

708

00:24:47,110 --> 00:24:44,080

uh

709

00:24:48,789 --> 00:24:47,120

this page is extremely interesting to me

710

00:24:50,950 --> 00:24:48,799

because in the end

711

00:24:53,269 --> 00:24:50,960

um the united states air force said that

712

00:24:57,029 --> 00:24:53,279

this was this whole case was anomalous

713

00:24:59,909 --> 00:24:57,039

propagation so radar malfunction

714

00:25:02,390 --> 00:24:59,919

and um the pilot seeing the visual was

715

00:25:03,990 --> 00:25:02,400

because they saw mars

716

00:25:05,830 --> 00:25:04,000

all this is happening

717

00:25:07,590 --> 00:25:05,840

because somebody saw mars and the

718

00:25:10,230 --> 00:25:07,600

radar's malfunctioning

719

00:25:12,470 --> 00:25:10,240

um well right here you can see i don't

720

00:25:15,190 --> 00:25:12,480

know if you can see my cursor here but

721

00:25:17,269 --> 00:25:15,200

yeah okay the second paragraph here the

722

00:25:19,269 --> 00:25:17,279

gca operators making these radar

723

00:25:21,669 --> 00:25:19,279

sightings were of the opinion the

724

00:25:23,909 --> 00:25:21,679

malfunctions of the gca equipment did

725

00:25:27,350 --> 00:25:23,919

not cause the radar settings so the

726

00:25:29,830 --> 00:25:27,360

people that actually work this stuff say

727

00:25:31,909 --> 00:25:29,840

know these things were working and

728

00:25:33,669 --> 00:25:31,919

further in this report you could see

729

00:25:35,110 --> 00:25:33,679

that they actually did checks

730

00:25:37,510 --> 00:25:35,120

you know to make sure that everything

731

00:25:39,110 --> 00:25:37,520

was working properly and in fact that

732

00:25:40,390 --> 00:25:39,120

was the case

733

00:25:42,070 --> 00:25:40,400

so

734

00:25:44,630 --> 00:25:42,080

um it's always interesting to me and

735

00:25:45,909 --> 00:25:44,640

when the people who aren't working

736

00:25:47,830 --> 00:25:45,919

this equipment

737

00:25:49,269 --> 00:25:47,840

and aren't as used to working this

738

00:25:51,269 --> 00:25:49,279

equipment

739

00:25:52,470 --> 00:25:51,279

you know try to tell the operators what

740

00:25:53,990 --> 00:25:52,480

the deal is

741

00:25:55,909 --> 00:25:54,000

yeah didn't you say the operator at the

742

00:25:58,310 --> 00:25:55,919

start he'd worked there on them for 16

743

00:25:59,909 --> 00:25:58,320

years as well

744

00:26:02,950 --> 00:25:59,919

yeah

745

00:26:06,470 --> 00:26:02,960

and then here you can see um speed

746

00:26:08,230 --> 00:26:06,480

estimated at more than 4 000 miles per

747

00:26:09,110 --> 00:26:08,240

hour

748

00:26:12,070 --> 00:26:09,120

so

749

00:26:14,149 --> 00:26:12,080

there's multiple tracked a third ufo b

750

00:26:17,269 --> 00:26:14,159

which is what they called them uh ufob

751  
00:26:20,470 --> 00:26:17,279  
at this time was reported uh

752  
00:26:22,310 --> 00:26:20,480  
as tracked by bentwaters

753  
00:26:24,149 --> 00:26:22,320  
so

754  
00:26:25,909 --> 00:26:24,159  
and then you've got and heath radar and

755  
00:26:28,230 --> 00:26:25,919  
ben waters radar picking them up so it's

756  
00:26:30,470 --> 00:26:28,240  
not just one raider so it can't be just

757  
00:26:31,669 --> 00:26:30,480  
one radar gone wrong

758  
00:26:33,029 --> 00:26:31,679  
no yeah

759  
00:26:35,190 --> 00:26:33,039  
you've got two separate air bases

760  
00:26:37,830 --> 00:26:35,200  
picking them up then come on and if we

761  
00:26:40,549 --> 00:26:37,840  
scroll up here a little bit

762  
00:26:43,269 --> 00:26:40,559  
i'll go back up here for a second uh in

763  
00:26:44,549 --> 00:26:43,279

this letter he actually talks about a

764

00:26:47,430 --> 00:26:44,559

third

765

00:26:49,510 --> 00:26:47,440

that picked it up and the name is just

766

00:26:50,549 --> 00:26:49,520

eluding me it starts with an s oh here

767

00:26:52,310 --> 00:26:50,559

it is

768

00:26:53,750 --> 00:26:52,320

skullthorpe

769

00:26:55,669 --> 00:26:53,760

okay yeah

770

00:26:58,390 --> 00:26:55,679

yeah so and then there's other

771

00:27:01,830 --> 00:26:58,400

interesting things here

772

00:27:05,110 --> 00:27:01,840

so he writes a little drawing of stuff

773

00:27:07,110 --> 00:27:05,120

i'm not a radar operator but

774

00:27:09,110 --> 00:27:07,120

well i believe we had one in the chat

775

00:27:10,230 --> 00:27:09,120

earlier mr christian thompson worked on

776  
00:27:11,750 --> 00:27:10,240  
radar

777  
00:27:14,710 --> 00:27:11,760  
the danish because yeah are you there of

778  
00:27:17,029 --> 00:27:14,720  
course christian i might be wrong

779  
00:27:20,549 --> 00:27:17,039  
so maybe he understands him

780  
00:27:24,149 --> 00:27:20,559  
so yeah that's a group of 12 to 15 ufo

781  
00:27:25,909 --> 00:27:24,159  
bees from uh 0.8 southwest eight miles

782  
00:27:29,990 --> 00:27:25,919  
southwest of bentwaters to approximately

783  
00:27:31,430 --> 00:27:30,000  
40 to 45 miles northeast of bend waters

784  
00:27:34,950 --> 00:27:31,440  
it's interesting how they're going at a

785  
00:27:36,149 --> 00:27:34,960  
speed to 80 125 miles an hour

786  
00:27:37,909 --> 00:27:36,159  
right

787  
00:27:39,990 --> 00:27:37,919  
interesting

788  
00:27:42,389 --> 00:27:40,000

and then up to 4 000 miles per hour

789

00:27:44,230 --> 00:27:42,399

that's uh i think

790

00:27:45,909 --> 00:27:44,240

that's what you call

791

00:27:49,029 --> 00:27:45,919

what's the word

792

00:27:50,630 --> 00:27:49,039

uh an observable

793

00:27:52,549 --> 00:27:50,640

yeah

794

00:27:54,630 --> 00:27:52,559

i mean it's 1956

795

00:27:55,990 --> 00:27:54,640

you know i mean it just says it already

796

00:27:56,950 --> 00:27:56,000

doesn't it i mean

797

00:27:59,590 --> 00:27:56,960

yeah

798

00:28:02,630 --> 00:27:59,600

i think so

799

00:28:04,789 --> 00:28:02,640

nothing was 1000

800

00:28:07,750 --> 00:28:04,799

there were people in the uk that

801

00:28:09,510 --> 00:28:07,760

just passed it off as balloons again

802

00:28:10,789 --> 00:28:09,520

that the reason why the interceptors

803

00:28:12,470 --> 00:28:10,799

couldn't get past them is just because

804

00:28:14,789 --> 00:28:12,480

the balloons were moving in the wind and

805

00:28:16,950 --> 00:28:14,799

that but that doesn't account for radar

806

00:28:17,830 --> 00:28:16,960

or anything like that so

807

00:28:19,750 --> 00:28:17,840

no

808

00:28:23,430 --> 00:28:19,760

it just doesn't make sense

809

00:28:25,909 --> 00:28:23,440

yeah and balloons are going to

810

00:28:27,909 --> 00:28:25,919

you know be stationary

811

00:28:29,590 --> 00:28:27,919

and then all of a sudden they're going

812

00:28:32,070 --> 00:28:29,600

600 miles per hour

813

00:28:34,630 --> 00:28:32,080

yeah and disappear and pop up 20 miles

814

00:28:35,990 --> 00:28:34,640

uh somewhere else on the radar yeah

815

00:28:37,510 --> 00:28:36,000

exactly so

816

00:28:40,950 --> 00:28:37,520

here on this page you get a little bit

817

00:28:42,630 --> 00:28:40,960

of the visual sighting uh indicated

818

00:28:44,149 --> 00:28:42,640

sergeant indicated that his attention

819

00:28:47,269 --> 00:28:44,159

was first called to the object by his

820

00:28:50,149 --> 00:28:47,279

position size and unusual color

821

00:28:52,149 --> 00:28:50,159

he was also aware that the bentwater's

822

00:28:54,230 --> 00:28:52,159

gca was tracking unidentified flying

823

00:28:56,710 --> 00:28:54,240

objects by radar at this time he

824

00:28:58,389 --> 00:28:56,720

described the object as spherical and

825

00:29:00,710 --> 00:28:58,399

the size of a pin

826

00:29:03,110 --> 00:29:00,720

held at arm's length

827

00:29:05,110 --> 00:29:03,120

uh he cited only one object which was

828

00:29:08,710 --> 00:29:05,120

described as amber color when first

829

00:29:09,590 --> 00:29:08,720

observed later changing to bluish white

830

00:29:11,029 --> 00:29:09,600

so

831

00:29:12,789 --> 00:29:11,039

um

832

00:29:15,430 --> 00:29:12,799

yeah

833

00:29:17,430 --> 00:29:15,440

and here we say the object was inside

834

00:29:20,230 --> 00:29:17,440

for approximately one hour during which

835

00:29:23,110 --> 00:29:20,240

time it intermittently uh disappeared

836

00:29:25,510 --> 00:29:23,120

and reappeared just like mars mars does

837

00:29:28,389 --> 00:29:25,520

that right yeah mars is blue isn't it

838

00:29:31,750 --> 00:29:28,399

and bluish white sometimes come on

839

00:29:34,389 --> 00:29:31,760

it disappears and reappears all the time

840

00:29:38,149 --> 00:29:34,399

it's a big mers quality right there so

841

00:29:42,230 --> 00:29:40,389

so here we see the sergeant the second

842

00:29:44,789 --> 00:29:42,240

paragraph sergeant stated that the 12 to

843

00:29:47,669 --> 00:29:44,799

15 unidentified objects were preceded by

844

00:29:48,870 --> 00:29:47,679

three objects which were in a triangular

845

00:29:50,549 --> 00:29:48,880

formation

846

00:29:52,710 --> 00:29:50,559

with an estimated

847

00:29:54,630 --> 00:29:52,720

thousand feet separating each object in

848

00:29:55,750 --> 00:29:54,640

this formation

849

00:29:57,350 --> 00:29:55,760

um

850

00:29:59,750 --> 00:29:57,360

yeah so

851  
00:30:01,750 --> 00:29:59,760  
it's just a little rundown of uh the

852  
00:30:04,070 --> 00:30:01,760  
different sighting so there's three all

853  
00:30:07,029 --> 00:30:04,080  
together i believe the 12

854  
00:30:08,630 --> 00:30:07,039  
to 15 objects

855  
00:30:10,230 --> 00:30:08,640  
actually

856  
00:30:12,070 --> 00:30:10,240  
uh

857  
00:30:15,350 --> 00:30:12,080  
so those were seen and then they all

858  
00:30:18,070 --> 00:30:15,360  
formed it into one bigger object

859  
00:30:23,830 --> 00:30:19,750  
could you imagine that

860  
00:30:26,149 --> 00:30:23,840  
uh those are some crazy balloons

861  
00:30:29,029 --> 00:30:26,159  
just melting right into each other

862  
00:30:31,190 --> 00:30:29,039  
so i mean that's the gist of it

863  
00:30:31,990 --> 00:30:31,200

yeah nice and these are blue book files

864

00:30:36,230 --> 00:30:32,000

right

865

00:30:37,909 --> 00:30:36,240

book

866

00:30:40,549 --> 00:30:37,919

fell under one of the

867

00:30:42,389 --> 00:30:40,559

was it 700 cases that were not solved in

868

00:30:44,549 --> 00:30:42,399

blue book that kind of just got you know

869

00:30:45,669 --> 00:30:44,559

ignored at the end no

870

00:30:48,549 --> 00:30:45,679

well

871

00:30:51,510 --> 00:30:48,559

blue book said this one was

872

00:30:54,950 --> 00:30:51,520

um anomalous propagation

873

00:30:56,950 --> 00:30:54,960

that was their final report on this case

874

00:31:00,149 --> 00:30:56,960

wow

875

00:31:02,389 --> 00:31:00,159

so you have visual iden

876

00:31:03,750 --> 00:31:02,399

you've seen it visually

877

00:31:05,509 --> 00:31:03,760

you're seeing it on three different

878

00:31:07,110 --> 00:31:05,519

radars

879

00:31:10,230 --> 00:31:07,120

um

880

00:31:13,830 --> 00:31:10,240

you're vectoring people into it

881

00:31:16,830 --> 00:31:13,840

it's disappearing reappearing

882

00:31:19,669 --> 00:31:16,840

it's chasing the

883

00:31:22,149 --> 00:31:19,679

interceptor and

884

00:31:24,230 --> 00:31:22,159

anomalous propagation

885

00:31:26,230 --> 00:31:24,240

wow you know and

886

00:31:29,909 --> 00:31:26,240

you know i was uh

887

00:31:30,830 --> 00:31:29,919

read a recent article by um

888

00:31:32,870 --> 00:31:30,840

that

889

00:31:35,990 --> 00:31:32,880

um uh

890

00:31:39,590 --> 00:31:36,000

ryan graves contributed towards uh where

891

00:31:40,870 --> 00:31:39,600

he was talking about not getting any

892

00:31:43,830 --> 00:31:40,880

feedback

893

00:31:45,350 --> 00:31:43,840

from authorities on their reports they

894

00:31:47,909 --> 00:31:45,360

send in a report they don't get any

895

00:31:50,710 --> 00:31:47,919

feedback on it you know and a part of

896

00:31:53,110 --> 00:31:50,720

this case that stuck out to me

897

00:31:54,630 --> 00:31:53,120

was the fact that this person who wrote

898

00:31:57,430 --> 00:31:54,640

the letter

899

00:31:59,269 --> 00:31:57,440

mentioned how when he submitted this

900

00:32:01,909 --> 00:31:59,279

information of the sighting he never

901  
00:32:03,509 --> 00:32:01,919  
heard a dang thing about it again

902  
00:32:04,870 --> 00:32:03,519  
you know

903  
00:32:07,029 --> 00:32:04,880  
so

904  
00:32:10,070 --> 00:32:07,039  
we have

905  
00:32:12,310 --> 00:32:10,080  
uh 70 years you know of

906  
00:32:14,789 --> 00:32:12,320  
people submitting reports

907  
00:32:16,870 --> 00:32:14,799  
this person this interceptor pilot was

908  
00:32:19,110 --> 00:32:16,880  
was afraid

909  
00:32:20,870 --> 00:32:19,120  
you know for his life

910  
00:32:23,430 --> 00:32:20,880  
and they don't hear a

911  
00:32:25,990 --> 00:32:23,440  
darn thing about it again you know

912  
00:32:27,269 --> 00:32:26,000  
yeah nothing like hey how you doing

913  
00:32:28,400 --> 00:32:27,279

you know

914

00:32:30,310 --> 00:32:28,410

are you okay

915

00:32:32,470 --> 00:32:30,320

[Laughter]

916

00:32:34,630 --> 00:32:32,480

you know i'll be a star wouldn't it

917

00:32:35,590 --> 00:32:34,640

and the thing is

918

00:32:37,430 --> 00:32:35,600

we

919

00:32:39,269 --> 00:32:37,440

in you know in other pages of this

920

00:32:40,830 --> 00:32:39,279

report

921

00:32:45,350 --> 00:32:40,840

you can

922

00:32:47,350 --> 00:32:45,360

hear they don't want to tell the public

923

00:32:48,549 --> 00:32:47,360

that they don't know what it is

924

00:32:49,750 --> 00:32:48,559

yeah

925

00:32:51,909 --> 00:32:49,760

you know and that's what this whole

926  
00:32:53,029 --> 00:32:51,919  
thing is about is unfortunately a lot of

927  
00:32:55,509 --> 00:32:53,039  
this is

928  
00:32:56,470 --> 00:32:55,519  
a lot of the report is just like like

929  
00:32:58,549 --> 00:32:56,480  
this

930  
00:32:59,669 --> 00:32:58,559  
you know like you can barely read it or

931  
00:33:01,669 --> 00:32:59,679  
like

932  
00:33:03,750 --> 00:33:01,679  
it's it's really too bad

933  
00:33:07,509 --> 00:33:03,760  
but in these little sections there are

934  
00:33:09,110 --> 00:33:07,519  
little sections where you can read how

935  
00:33:11,430 --> 00:33:09,120  
you know ufo societies and other

936  
00:33:13,269 --> 00:33:11,440  
publicity artists would make of such an

937  
00:33:15,029 --> 00:33:13,279  
incident it is therefore of great

938  
00:33:16,870 --> 00:33:15,039

importance that you know they're they're

939

00:33:19,029 --> 00:33:16,880

so concerned

940

00:33:21,269 --> 00:33:19,039

with looking bad that's their only

941

00:33:23,990 --> 00:33:21,279

concern is looking bad

942

00:33:24,789 --> 00:33:24,000

and that's from dr heineck as well man

943

00:33:27,669 --> 00:33:24,799

yeah

944

00:33:29,590 --> 00:33:27,679

wow see right here point 11. the lincoln

945

00:33:31,509 --> 00:33:29,600

heath report could constitute a source

946

00:33:34,070 --> 00:33:31,519

of embarrassment to the air force and

947

00:33:36,070 --> 00:33:34,080

should the facts as so far reported get

948

00:33:38,630 --> 00:33:36,080

into the public domain it is not

949

00:33:40,870 --> 00:33:38,640

necessary to point out what uh what

950

00:33:42,310 --> 00:33:40,880

excellent use the several dozen

951  
00:33:43,830 --> 00:33:42,320  
i don't know

952  
00:33:44,870 --> 00:33:43,840  
what it says after that unfortunately

953  
00:33:48,549 --> 00:33:44,880  
wow

954  
00:33:51,350 --> 00:33:48,559  
i mean that first bit says enough really

955  
00:33:52,470 --> 00:33:51,360  
jesus why would anomalous propagation be

956  
00:33:53,430 --> 00:33:52,480  
embarrassing

957  
00:33:56,070 --> 00:33:53,440  
yeah

958  
00:34:01,350 --> 00:33:58,870  
and that's that's wild that's absolutely

959  
00:34:02,789 --> 00:34:01,360  
wild it's too bad really

960  
00:34:05,430 --> 00:34:02,799  
i've gotta bring this comment up i've

961  
00:34:06,950 --> 00:34:05,440  
just seen it from jay

962  
00:34:08,629 --> 00:34:06,960  
i feel like i just walked in on my

963  
00:34:12,069 --> 00:34:08,639

girlfriend hanging out with some hot guy

964

00:34:13,430 --> 00:34:12,079

with a grey accent

965

00:34:14,629 --> 00:34:13,440

oh jay

966

00:34:17,990 --> 00:34:14,639

don't be sad

967

00:34:23,109 --> 00:34:20,790

we can share come on

968

00:34:25,030 --> 00:34:23,119

cheering is caring

969

00:34:26,470 --> 00:34:25,040

so um yeah

970

00:34:28,629 --> 00:34:26,480

did you have any other cases that you

971

00:34:30,950 --> 00:34:28,639

think we could we could look over at all

972

00:34:33,109 --> 00:34:30,960

anything that you've covered before

973

00:34:36,550 --> 00:34:33,119

anything from the 60s maybe i'm happy to

974

00:34:37,589 --> 00:34:36,560

stick with the 50s 60s um i do have

975

00:34:40,869 --> 00:34:37,599

something

976  
00:34:42,950 --> 00:34:40,879  
um pretty interesting actually let's see

977  
00:34:45,190 --> 00:34:42,960  
if i can

978  
00:34:46,790 --> 00:34:45,200  
um bring it up here

979  
00:34:48,629 --> 00:34:46,800  
one thing i will just say about that the

980  
00:34:51,349 --> 00:34:48,639  
lake in heath benwall's case is that in

981  
00:34:53,510 --> 00:34:51,359  
the british national archives there a

982  
00:34:56,790 --> 00:34:53,520  
lot of the documentation for that case

983  
00:34:58,870 --> 00:34:56,800  
was destroyed so some decades ago so

984  
00:35:00,870 --> 00:34:58,880  
there is some stuff remaining but a lot

985  
00:35:03,190 --> 00:35:00,880  
of it genuinely was destroyed which is

986  
00:35:04,470 --> 00:35:03,200  
really really unfortunate

987  
00:35:05,589 --> 00:35:04,480  
because that might have given us some

988  
00:35:08,230 --> 00:35:05,599

some really

989

00:35:11,670 --> 00:35:08,240

good weight weight of data as well

990

00:35:14,310 --> 00:35:11,680

yeah and that is really too bad

991

00:35:16,069 --> 00:35:14,320

that is awful

992

00:35:17,430 --> 00:35:16,079

yeah that's fine that's just the way

993

00:35:19,510 --> 00:35:17,440

they've done it over here there's you

994

00:35:21,829 --> 00:35:19,520

know a massive percentage of of the

995

00:35:23,349 --> 00:35:21,839

older case documents have genuinely just

996

00:35:25,510 --> 00:35:23,359

been destroyed

997

00:35:27,430 --> 00:35:25,520

which is uh awful yeah

998

00:35:28,230 --> 00:35:27,440

yeah because uh

999

00:35:29,589 --> 00:35:28,240

you know

1000

00:35:31,990 --> 00:35:29,599

i think it's

1001  
00:35:33,510 --> 00:35:32,000  
still underestimated um

1002  
00:35:36,390 --> 00:35:33,520  
how

1003  
00:35:38,790 --> 00:35:36,400  
important those could be

1004  
00:35:40,790 --> 00:35:38,800  
especially now you know and we're

1005  
00:35:42,470 --> 00:35:40,800  
looking at this stuff and

1006  
00:35:46,150 --> 00:35:42,480  
here's kind of this document i'm going

1007  
00:35:50,950 --> 00:35:48,310  
it hits on that point a little bit so

1008  
00:35:52,310 --> 00:35:50,960  
this is actually an fbi document

1009  
00:35:54,550 --> 00:35:52,320  
okay

1010  
00:35:56,550 --> 00:35:54,560  
so this is more of uh

1011  
00:35:59,109 --> 00:35:56,560  
administrative document it's dated july

1012  
00:36:00,950 --> 00:35:59,119  
29 1952

1013  
00:36:02,630 --> 00:36:00,960

and this is a really good one and i was

1014

00:36:05,670 --> 00:36:02,640

going to save it for my show but i'm

1015

00:36:10,230 --> 00:36:06,790

but uh

1016

00:36:13,109 --> 00:36:10,240

so it's a memorandum um from

1017

00:36:15,750 --> 00:36:13,119

k here to mont or whatever subject

1018

00:36:19,750 --> 00:36:15,760

flying saucers now keep in mind july 29

1019

00:36:23,030 --> 00:36:19,760

1952 is like washington dc sightings

1020

00:36:24,950 --> 00:36:23,040

yeah like this has just happened right

1021

00:36:26,630 --> 00:36:24,960

so we have purpose to advise at the

1022

00:36:29,430 --> 00:36:26,640

present time that the air force has

1023

00:36:31,589 --> 00:36:29,440

failed to arrive at any satisfactory

1024

00:36:33,589 --> 00:36:31,599

conclusion in its research regarding

1025

00:36:36,230 --> 00:36:33,599

numerous reports of flying saucers and

1026  
00:36:38,310 --> 00:36:36,240  
flying discs cited throughout the united

1027  
00:36:41,270 --> 00:36:38,320  
states

1028  
00:36:43,750 --> 00:36:41,280  
in the details mr n.w philcox the

1029  
00:36:46,069 --> 00:36:43,760  
bureau's air force liaison rep made

1030  
00:36:47,430 --> 00:36:46,079  
arrangements through the office of major

1031  
00:36:49,670 --> 00:36:47,440  
general

1032  
00:36:51,670 --> 00:36:49,680  
uh john a sanford

1033  
00:36:53,910 --> 00:36:51,680  
of the air force

1034  
00:36:55,990 --> 00:36:53,920  
uh director of air intelligence u.s air

1035  
00:36:58,310 --> 00:36:56,000  
force to receive a briefing from

1036  
00:37:00,470 --> 00:36:58,320  
commander randall boyd

1037  
00:37:02,390 --> 00:37:00,480  
of the current intelligence branch so

1038  
00:37:04,390 --> 00:37:02,400

this guy's going to get he got approved

1039

00:37:06,390 --> 00:37:04,400

through samford to get a briefing by

1040

00:37:07,990 --> 00:37:06,400

this randall boyd

1041

00:37:09,589 --> 00:37:08,000

in the estimates division air

1042

00:37:12,550 --> 00:37:09,599

intelligence regarding the present

1043

00:37:14,950 --> 00:37:12,560

status of air force

1044

00:37:17,589 --> 00:37:14,960

research air intelligence research into

1045

00:37:19,589 --> 00:37:17,599

the numerous ufo reports blank saucers

1046

00:37:22,790 --> 00:37:19,599

or whatever you want to call blank discs

1047

00:37:24,950 --> 00:37:22,800

at the time they call them

1048

00:37:27,190 --> 00:37:24,960

so this is a kicker

1049

00:37:29,270 --> 00:37:27,200

commander boyd advised that air

1050

00:37:31,510 --> 00:37:29,280

intelligence has set up at

1051  
00:37:33,750 --> 00:37:31,520  
wright-patterson air force base ohio the

1052  
00:37:35,430 --> 00:37:33,760  
air technical intelligence center which

1053  
00:37:36,870 --> 00:37:35,440  
has been established for the purpose of

1054  
00:37:38,550 --> 00:37:36,880  
coordinating correlating and making

1055  
00:37:42,069 --> 00:37:38,560  
research into all reports regarding

1056  
00:37:45,190 --> 00:37:42,079  
flying saucers and disks he advised

1057  
00:37:47,670 --> 00:37:45,200  
that air force research has indicated

1058  
00:37:51,190 --> 00:37:47,680  
that the sightings of flying saucers

1059  
00:37:52,790 --> 00:37:51,200  
goes back several centuries

1060  
00:37:54,870 --> 00:37:52,800  
and that the number of sightings

1061  
00:37:56,230 --> 00:37:54,880  
reported varies with the amount of

1062  
00:38:00,950 --> 00:37:56,240  
publicity

1063  
00:38:02,829 --> 00:38:00,960

appears in newspapers that the number of

1064

00:38:05,030 --> 00:38:02,839

sightings reported increases

1065

00:38:06,230 --> 00:38:05,040

considerably and that people start

1066

00:38:08,470 --> 00:38:06,240

calling in

1067

00:38:10,069 --> 00:38:08,480

um with their sightings several months

1068

00:38:12,310 --> 00:38:10,079

that they had that they had several

1069

00:38:14,150 --> 00:38:12,320

months previously commander boyd stated

1070

00:38:15,750 --> 00:38:14,160

that these reported sightings of flying

1071

00:38:17,430 --> 00:38:15,760

saucers are placed in the three

1072

00:38:19,510 --> 00:38:17,440

classifications so they went into the

1073

00:38:21,030 --> 00:38:19,520

different classifications but the main

1074

00:38:24,790 --> 00:38:21,040

point here is

1075

00:38:27,349 --> 00:38:24,800

air force research has indicated

1076  
00:38:28,550 --> 00:38:27,359  
that sightings of flying saucers goes

1077  
00:38:31,030 --> 00:38:28,560  
back

1078  
00:38:33,910 --> 00:38:31,040  
several centuries

1079  
00:38:37,190 --> 00:38:33,920  
that's crazy how do you research several

1080  
00:38:38,470 --> 00:38:37,200  
centuries worth of sightings

1081  
00:38:39,829 --> 00:38:38,480  
um

1082  
00:38:41,510 --> 00:38:39,839  
well

1083  
00:38:43,270 --> 00:38:41,520  
you got to read the old books i guess

1084  
00:38:44,470 --> 00:38:43,280  
and stuff right

1085  
00:38:46,710 --> 00:38:44,480  
like

1086  
00:38:47,670 --> 00:38:46,720  
jack valet did did some research into

1087  
00:38:49,829 --> 00:38:47,680  
that

1088  
00:38:51,270 --> 00:38:49,839

and there are some um

1089

00:38:53,829 --> 00:38:51,280

in some blue other blue book

1090

00:38:56,790 --> 00:38:53,839

administrative paperwork um

1091

00:38:58,710 --> 00:38:56,800

they use uh valet's stuff

1092

00:39:01,109 --> 00:38:58,720

in some of his research in the sightings

1093

00:39:03,430 --> 00:39:01,119

back in the 1800s and stuff and actually

1094

00:39:07,430 --> 00:39:03,440

do like um

1095

00:39:08,790 --> 00:39:07,440

like a like a graph basically um

1096

00:39:10,630 --> 00:39:08,800

and mark

1097

00:39:12,870 --> 00:39:10,640

influx of sightings and decreases and

1098

00:39:15,109 --> 00:39:12,880

stuff going back to the 1800s so and

1099

00:39:16,790 --> 00:39:15,119

that's from anatomy of a phenomenon i

1100

00:39:19,589 --> 00:39:16,800

believe they used for that

1101

00:39:21,589 --> 00:39:19,599

right so um

1102

00:39:23,990 --> 00:39:21,599

but so he's going there

1103

00:39:26,630 --> 00:39:24,000

and whatever he's looking at

1104

00:39:28,790 --> 00:39:26,640

it's it the person who's briefing him or

1105

00:39:32,790 --> 00:39:28,800

whatever is telling them that these

1106

00:39:36,470 --> 00:39:34,790

centuries but yet

1107

00:39:38,790 --> 00:39:36,480

so

1108

00:39:42,470 --> 00:39:38,800

were the sightings back then responsible

1109

00:39:44,150 --> 00:39:42,480

for anomalous radar propagation

1110

00:39:45,990 --> 00:39:44,160

it's a great point here by robert coford

1111

00:39:47,990 --> 00:39:46,000

maybe from the vatican

1112

00:39:50,150 --> 00:39:48,000

certainly a good idea good air good

1113

00:39:52,150 --> 00:39:50,160

possibility yeah and another thing that

1114

00:39:53,829 --> 00:39:52,160

really stands out in these old cases

1115

00:39:55,430 --> 00:39:53,839

from both of the ones we just

1116

00:39:56,470 --> 00:39:55,440

looked at is that there's so much data

1117

00:39:58,550 --> 00:39:56,480

there

1118

00:40:01,589 --> 00:39:58,560

imagine if these cases happen now with

1119

00:40:03,510 --> 00:40:01,599

the systems that we have i mean

1120

00:40:05,430 --> 00:40:03,520

the amount of data that we'd get

1121

00:40:07,430 --> 00:40:05,440

nowadays with the more high-tech

1122

00:40:10,390 --> 00:40:07,440

equipment the age of six on the on the

1123

00:40:11,670 --> 00:40:10,400

ships and things like that it would be

1124

00:40:14,309 --> 00:40:11,680

through the roof

1125

00:40:16,710 --> 00:40:14,319

and i'm sure they are right yes i'd

1126  
00:40:19,510 --> 00:40:16,720  
imagine so but this is the thing we hear

1127  
00:40:20,950 --> 00:40:19,520  
about it that they have this data and

1128  
00:40:23,270 --> 00:40:20,960  
we just don't have it in the public

1129  
00:40:25,910 --> 00:40:23,280  
domain uh and it does frustrate a lot of

1130  
00:40:28,230 --> 00:40:25,920  
people i understand that it's sources

1131  
00:40:29,670 --> 00:40:28,240  
and methods and things like that and but

1132  
00:40:31,349 --> 00:40:29,680  
i'm willing to play the long game on

1133  
00:40:33,510 --> 00:40:31,359  
things like that you know as much as i

1134  
00:40:35,349 --> 00:40:33,520  
want to see data probably more than

1135  
00:40:37,510 --> 00:40:35,359  
videos sometimes

1136  
00:40:40,309 --> 00:40:37,520  
yeah you have to understand it

1137  
00:40:42,630 --> 00:40:40,319  
yeah but i mean what it is

1138  
00:40:44,150 --> 00:40:42,640

you know in the end

1139

00:40:45,109 --> 00:40:44,160

i feel like no

1140

00:40:46,630 --> 00:40:45,119

people

1141

00:40:49,430 --> 00:40:46,640

unless they have their own experience

1142

00:40:51,190 --> 00:40:49,440

some people just like you're not

1143

00:40:52,630 --> 00:40:51,200

they're not going to believe it they're

1144

00:40:54,390 --> 00:40:52,640

either gonna think

1145

00:40:56,550 --> 00:40:54,400

uh somebody

1146

00:40:58,630 --> 00:40:56,560

you know hoaxed the document no matter

1147

00:41:00,870 --> 00:40:58,640

who tells them as it wasn't no matter

1148

00:41:03,109 --> 00:41:00,880

who released it or they're gonna say

1149

00:41:05,510 --> 00:41:03,119

that the video was doctored no matter

1150

00:41:07,190 --> 00:41:05,520

who tells them it wasn't you know

1151

00:41:08,870 --> 00:41:07,200

and if the government tells them it

1152

00:41:10,950 --> 00:41:08,880

wasn't then the government's lying to

1153

00:41:12,790 --> 00:41:10,960

him because they're

1154

00:41:13,829 --> 00:41:12,800

using a special weapon

1155

00:41:15,990 --> 00:41:13,839

and

1156

00:41:17,750 --> 00:41:16,000

you know they just want to put this out

1157

00:41:20,390 --> 00:41:17,760

in the open like the whole thing i don't

1158

00:41:23,270 --> 00:41:20,400

get about a special weapon is like

1159

00:41:24,470 --> 00:41:23,280

or lou or whoever else being you know

1160

00:41:26,870 --> 00:41:24,480

like uh

1161

00:41:28,230 --> 00:41:26,880

misinformation or whatever like why

1162

00:41:30,550 --> 00:41:28,240

would they come out and talk about it to

1163

00:41:32,790 --> 00:41:30,560

begin with no one wants

1164

00:41:34,390 --> 00:41:32,800

no one was so why would you put this in

1165

00:41:36,150 --> 00:41:34,400

the spotlight

1166

00:41:38,510 --> 00:41:36,160

exactly i think it's a little more

1167

00:41:40,790 --> 00:41:38,520

sneaky if you just don't say anything

1168

00:41:43,190 --> 00:41:40,800

[Laughter]

1169

00:41:44,470 --> 00:41:43,200

you think

1170

00:41:46,550 --> 00:41:44,480

you know

1171

00:41:47,910 --> 00:41:46,560

so i don't know how many more

1172

00:41:49,990 --> 00:41:47,920

documents you want to look at or

1173

00:41:51,670 --> 00:41:50,000

whatever i put another one in there oh

1174

00:41:53,750 --> 00:41:51,680

let's do it

1175

00:41:55,510 --> 00:41:53,760

this one so the pacific

1176

00:41:57,190 --> 00:41:55,520

uh there's so many sightings in the

1177

00:42:00,150 --> 00:41:57,200

pacific if you just go to the blue book

1178

00:42:03,589 --> 00:42:00,160

archive and search pacific you'll get

1179

00:42:06,309 --> 00:42:03,599

over 200 some sighting reports which is

1180

00:42:07,510 --> 00:42:06,319

a lot um the number one state i don't

1181

00:42:09,670 --> 00:42:07,520

know if you can guess in the united

1182

00:42:11,270 --> 00:42:09,680

states for uh citing reports

1183

00:42:13,750 --> 00:42:11,280

is uh

1184

00:42:16,550 --> 00:42:13,760

ohio believe it or not

1185

00:42:18,710 --> 00:42:16,560

with over a thousand yeah wow

1186

00:42:21,510 --> 00:42:18,720

um but there's so many states that don't

1187

00:42:25,270 --> 00:42:21,520

even get um to you know 80

1188

00:42:26,309 --> 00:42:25,280

90 50 20 or whatever pacific 200 some

1189

00:42:28,069 --> 00:42:26,319

but

1190

00:42:30,069 --> 00:42:28,079

this one they evaluated as a weather

1191

00:42:32,790 --> 00:42:30,079

phenomenon which by the way the radar

1192

00:42:36,069 --> 00:42:32,800

operator here says it was not a radar

1193

00:42:38,309 --> 00:42:36,079

it was not a weather phenomenon

1194

00:42:40,550 --> 00:42:38,319

but check this out two large targets

1195

00:42:43,030 --> 00:42:40,560

picked up on radar

1196

00:42:46,710 --> 00:42:43,040

one estimated to be five

1197

00:42:51,589 --> 00:42:49,589

and the other two miles long

1198

00:42:53,910 --> 00:42:51,599

targets about two to three miles apart

1199

00:42:56,630 --> 00:42:53,920

held targets from 90 miles ahead of

1200

00:42:59,510 --> 00:42:56,640

starboard oh 230 degree relative on

1201  
00:43:00,870 --> 00:42:59,520  
starboard operator side yeah

1202  
00:43:03,510 --> 00:43:00,880  
wow

1203  
00:43:08,069 --> 00:43:05,829  
so yeah

1204  
00:43:10,870 --> 00:43:08,079  
you know that's pretty big

1205  
00:43:12,950 --> 00:43:10,880  
but uh the radar operator states

1206  
00:43:16,710 --> 00:43:12,960  
emphatically

1207  
00:43:19,589 --> 00:43:17,990  
so

1208  
00:43:21,750 --> 00:43:19,599  
what kind of weather phenomenon would go

1209  
00:43:25,670 --> 00:43:21,760  
for five miles

1210  
00:43:28,309 --> 00:43:25,680  
that's crazy i'm not sure might need

1211  
00:43:30,630 --> 00:43:28,319  
31 000 feet

1212  
00:43:32,630 --> 00:43:30,640  
i mean i

1213  
00:43:34,309 --> 00:43:32,640

that's why i was walking you know that's

1214

00:43:36,470 --> 00:43:34,319

why you get hooked into these reports

1215

00:43:38,550 --> 00:43:36,480

it's like holy crap

1216

00:43:42,150 --> 00:43:38,560

you know what is this stuff

1217

00:43:44,950 --> 00:43:42,160

um and then this is uh one that i uh

1218

00:43:46,870 --> 00:43:44,960

shared i believe on

1219

00:43:49,510 --> 00:43:46,880

uh twitter not too long ago so these are

1220

00:43:53,109 --> 00:43:49,520

just gonna be like quick little one

1221

00:43:55,270 --> 00:43:53,119

yeah let's do it cheaters or whatever

1222

00:43:57,349 --> 00:43:55,280

um this one

1223

00:43:58,950 --> 00:43:57,359

yeah so this is off the coast of

1224

00:44:00,550 --> 00:43:58,960

california

1225

00:44:02,470 --> 00:44:00,560

in the pacific once again object

1226  
00:44:05,589 --> 00:44:02,480  
blinking and in flight from horizon to

1227  
00:44:08,710 --> 00:44:05,599  
horizon in 20 seconds at speed of over

1228  
00:44:11,430 --> 00:44:08,720  
10 000 miles per hour

1229  
00:44:13,750 --> 00:44:11,440  
at low altitude does not conform with

1230  
00:44:15,349 --> 00:44:13,760  
any known object or phenomena

1231  
00:44:17,670 --> 00:44:15,359  
case regarded

1232  
00:44:19,670 --> 00:44:17,680  
and unidentified

1233  
00:44:20,829 --> 00:44:19,680  
so but here this is interesting

1234  
00:44:23,829 --> 00:44:20,839  
[Music]

1235  
00:44:25,670 --> 00:44:23,839  
um brilliant white flashing light at low

1236  
00:44:28,390 --> 00:44:25,680  
position

1237  
00:44:29,270 --> 00:44:28,400  
so i think later in here

1238  
00:44:30,630 --> 00:44:29,280

i've

1239

00:44:33,109 --> 00:44:30,640

i read that

1240

00:44:34,790 --> 00:44:33,119

oh maybe it wasn't this one

1241

00:44:38,870 --> 00:44:34,800

bright flashing white light you know

1242

00:44:45,109 --> 00:44:40,309

is

1243

00:44:47,990 --> 00:44:45,119

400

1244

00:44:50,790 --> 00:44:48,000

uh blinks within a minute right oh from

1245

00:44:52,309 --> 00:44:50,800

the from the russell the 2019. yeah so

1246

00:44:54,230 --> 00:44:52,319

that made me start to

1247

00:44:57,750 --> 00:44:54,240

start to look at some of these

1248

00:44:59,829 --> 00:44:57,760

and one of them i couldn't get to

1249

00:45:03,030 --> 00:44:59,839

i couldn't get that high i didn't find

1250

00:45:06,710 --> 00:45:03,040

any of that high but i found one

1251  
00:45:08,390 --> 00:45:06,720  
that blinked about 300 times per minute

1252  
00:45:11,190 --> 00:45:08,400  
you know off the pacific in the same

1253  
00:45:13,670 --> 00:45:11,200  
area so that's pretty interesting to me

1254  
00:45:16,069 --> 00:45:13,680  
around the same time as well

1255  
00:45:19,670 --> 00:45:16,079  
um no no this was you know blue book

1256  
00:45:21,910 --> 00:45:19,680  
time yeah not 2019 but no sorry i meant

1257  
00:45:23,430 --> 00:45:21,920  
about about this or early 60s

1258  
00:45:26,790 --> 00:45:23,440  
yeah

1259  
00:45:29,430 --> 00:45:26,800  
so here's another one

1260  
00:45:31,750 --> 00:45:29,440  
there's so many of these 1963 pacific

1261  
00:45:33,349 --> 00:45:31,760  
again unidentified white blinking light

1262  
00:45:35,430 --> 00:45:33,359  
in flight from west to east under

1263  
00:45:38,309 --> 00:45:35,440

observation from military aircraft

1264

00:45:40,630 --> 00:45:38,319

duration less than 15 seconds

1265

00:45:42,790 --> 00:45:40,640

uh altitude of object unknown rapid

1266

00:45:46,550 --> 00:45:42,800

transit across sky

1267

00:45:48,390 --> 00:45:46,560

it's literally what we just described

1268

00:45:50,630 --> 00:45:48,400

wow traveled through a considerable arc

1269

00:45:53,910 --> 00:45:50,640

reports of this nature listing uh

1270

00:45:57,510 --> 00:45:53,920

altitude as unknown

1271

00:46:01,990 --> 00:46:00,390

so what's interesting here such items as

1272

00:46:04,470 --> 00:46:02,000

intensity and manner of disappearance

1273

00:46:05,750 --> 00:46:04,480

are omitted from the service format

1274

00:46:06,790 --> 00:46:05,760

service

1275

00:46:09,670 --> 00:46:06,800

is

1276

00:46:13,270 --> 00:46:09,680

norad that's how no red

1277

00:46:14,950 --> 00:46:13,280

documented their unidentified objects

1278

00:46:17,270 --> 00:46:14,960

and why would they emit stuff from a

1279

00:46:21,510 --> 00:46:17,280

report

1280

00:46:25,349 --> 00:46:23,750

hmm

1281

00:46:28,230 --> 00:46:25,359

i don't know you have to ask the

1282

00:46:29,750 --> 00:46:28,240

omitters i guess

1283

00:46:33,430 --> 00:46:29,760

i don't know but it's interesting that

1284

00:46:35,670 --> 00:46:33,440

norad is uh involved with this stuff

1285

00:46:38,109 --> 00:46:35,680

another interesting thing about these is

1286

00:46:41,349 --> 00:46:38,119

you can see who they send these to right

1287

00:46:43,670 --> 00:46:41,359

1963 who's getting these ufo reports

1288

00:46:45,349 --> 00:46:43,680

it's not just the air force

1289

00:46:47,910 --> 00:46:45,359

it's also

1290

00:46:49,190 --> 00:46:47,920

we have nsa 7 here

1291

00:46:53,270 --> 00:46:49,200

dia

1292

00:46:57,910 --> 00:46:55,190

maybe joint chiefs of staff i'm not sure

1293

00:47:04,309 --> 00:47:00,630

wow that's a lot of groups

1294

00:47:09,829 --> 00:47:07,190

that's awesome my friend

1295

00:47:11,270 --> 00:47:09,839

1963 they're getting ufo reports so all

1296

00:47:12,230 --> 00:47:11,280

sorts of people had their hands on this

1297

00:47:13,670 --> 00:47:12,240

stuff

1298

00:47:15,109 --> 00:47:13,680

pretty interesting

1299

00:47:16,390 --> 00:47:15,119

it is man and this is like you just said

1300

00:47:17,910 --> 00:47:16,400

it's like you come across things like

1301  
00:47:19,109 --> 00:47:17,920  
this when you do deep dives and you

1302  
00:47:21,349 --> 00:47:19,119  
start

1303  
00:47:23,190 --> 00:47:21,359  
you know seeing similarities and and

1304  
00:47:25,030 --> 00:47:23,200  
patterns almost in some of the cases

1305  
00:47:26,950 --> 00:47:25,040  
from some of the eras and stuff i mean i

1306  
00:47:31,829 --> 00:47:26,960  
did it a long time ago

1307  
00:47:36,150 --> 00:47:33,829  
it's addictive man it can really draw

1308  
00:47:38,630 --> 00:47:36,160  
you in oh sure dude you should look at

1309  
00:47:41,270 --> 00:47:38,640  
my phone it has more screenshots of

1310  
00:47:44,630 --> 00:47:41,280  
military documents than i have my wife

1311  
00:47:47,910 --> 00:47:46,069  
at least you're honest man at least

1312  
00:47:49,270 --> 00:47:47,920  
you're honest i think that's screaming

1313  
00:47:52,870 --> 00:47:49,280

i'm like oh i'm gonna share this one

1314

00:47:55,990 --> 00:47:54,230

what about your screen saver on your

1315

00:47:57,430 --> 00:47:56,000

phone is that just like your best

1316

00:48:00,069 --> 00:47:57,440

document

1317

00:48:02,309 --> 00:48:00,079

no that's actually it's like an amp i

1318

00:48:04,950 --> 00:48:02,319

had six years ago

1319

00:48:06,790 --> 00:48:04,960

and i've never i've never changed it

1320

00:48:08,230 --> 00:48:06,800

it's fair enough

1321

00:48:09,910 --> 00:48:08,240

i was expecting to say oh no that one's

1322

00:48:10,870 --> 00:48:09,920

my wife but

1323

00:48:15,589 --> 00:48:10,880

yeah

1324

00:48:17,750 --> 00:48:15,599

screen and then the screensaver

1325

00:48:20,470 --> 00:48:17,760

or the the screensaver in the background

1326

00:48:21,910 --> 00:48:20,480

the background is my wife yeah and

1327

00:48:23,829 --> 00:48:21,920

another place that app you know if

1328

00:48:25,829 --> 00:48:23,839

people don't really want to dig or start

1329

00:48:28,309 --> 00:48:25,839

digging in the documents go and read

1330

00:48:30,870 --> 00:48:28,319

graham rendell's books you know he's

1331

00:48:32,150 --> 00:48:30,880

covered world war ii but also the

1332

00:48:34,309 --> 00:48:32,160

pacific

1333

00:48:35,829 --> 00:48:34,319

um and other things as well he's just a

1334

00:48:38,309 --> 00:48:35,839

machine when it comes to writing about

1335

00:48:41,030 --> 00:48:38,319

these old cases and a lot of them are

1336

00:48:43,109 --> 00:48:41,040

from the british perspective but he does

1337

00:48:45,349 --> 00:48:43,119

also and has also

1338

00:48:47,270 --> 00:48:45,359

uh done deep dives into us documents

1339

00:48:49,109 --> 00:48:47,280

from multiple archives

1340

00:48:50,950 --> 00:48:49,119

and repositories as well

1341

00:48:52,710 --> 00:48:50,960

i can't recommend them enough because

1342

00:48:54,390 --> 00:48:52,720

not only do you get the information but

1343

00:48:56,549 --> 00:48:54,400

he points you in the direction of where

1344

00:48:58,790 --> 00:48:56,559

he got them from so he gives you a trail

1345

00:49:01,030 --> 00:48:58,800

that you can go and research yourself um

1346

00:49:03,270 --> 00:49:01,040

so yeah i can't recommend that enough

1347

00:49:04,549 --> 00:49:03,280

yeah no i completely agree with that

1348

00:49:06,790 --> 00:49:04,559

some of his

1349

00:49:09,829 --> 00:49:06,800

his work to me is some of

1350

00:49:12,630 --> 00:49:09,839

some of the best i read because he's um

1351

00:49:15,030 --> 00:49:12,640

uh just the details you know or just the

1352

00:49:16,790 --> 00:49:15,040

facts you know he's not trying to lead

1353

00:49:19,750 --> 00:49:16,800

you to believe it's this or that he's

1354

00:49:21,589 --> 00:49:19,760

just giving you the facts you know

1355

00:49:23,670 --> 00:49:21,599

and um

1356

00:49:25,349 --> 00:49:23,680

you're left with kind of an obvious

1357

00:49:26,390 --> 00:49:25,359

conclusion

1358

00:49:28,950 --> 00:49:26,400

which is

1359

00:49:31,430 --> 00:49:28,960

there's unidentified objects flying

1360

00:49:33,109 --> 00:49:31,440

around and we don't know what they all

1361

00:49:34,390 --> 00:49:33,119

are you know some of them defy

1362

00:49:35,910 --> 00:49:34,400

explanation

1363

00:49:37,030 --> 00:49:35,920

and that

1364

00:49:38,230 --> 00:49:37,040

is

1365

00:49:39,670 --> 00:49:38,240

the root

1366

00:49:42,069 --> 00:49:39,680

truth

1367

00:49:44,710 --> 00:49:42,079

of all this you know

1368

00:49:46,230 --> 00:49:44,720

so anything else from that

1369

00:49:48,150 --> 00:49:46,240

people have beliefs people have their

1370

00:49:50,470 --> 00:49:48,160

feelings i'm not to say that they're

1371

00:49:52,230 --> 00:49:50,480

wrong or that or that they're right

1372

00:49:54,790 --> 00:49:52,240

but there's one thing that we should all

1373

00:49:55,829 --> 00:49:54,800

really be able to agree on based on the

1374

00:49:58,630 --> 00:49:55,839

facts

1375

00:50:00,710 --> 00:49:58,640

and it's that there are objects

1376

00:50:03,030 --> 00:50:00,720

in the skies

1377

00:50:04,230 --> 00:50:03,040

um that and we don't know what they all

1378

00:50:06,710 --> 00:50:04,240

are

1379

00:50:09,349 --> 00:50:06,720

you know absolutely completely agree

1380

00:50:11,109 --> 00:50:09,359

evade explanation so and it's yeah and

1381

00:50:12,710 --> 00:50:11,119

it's been clearly happening for a long

1382

00:50:14,150 --> 00:50:12,720

time we've got

1383

00:50:15,750 --> 00:50:14,160

like some of the stuff we've just looked

1384

00:50:18,230 --> 00:50:15,760

at some of the stuff you obviously cover

1385

00:50:20,870 --> 00:50:18,240

on your channel an awful lot

1386

00:50:23,430 --> 00:50:20,880

you know they can't all be just brushed

1387

00:50:25,670 --> 00:50:23,440

aside with simple prosaic explanations

1388

00:50:27,030 --> 00:50:25,680

they are genuine unknowns

1389

00:50:29,589 --> 00:50:27,040

and that's all

1390

00:50:31,270 --> 00:50:29,599

it is and we're not saying it's aliens

1391

00:50:33,349 --> 00:50:31,280

yeah

1392

00:50:35,190 --> 00:50:33,359

well some people are but some people

1393

00:50:37,589 --> 00:50:35,200

yeah but i mean i think i'm like you

1394

00:50:38,790 --> 00:50:37,599

just say they genuinely are unknown and

1395

00:50:40,470 --> 00:50:38,800

you know

1396

00:50:42,230 --> 00:50:40,480

maybe even a majority of these old cases

1397

00:50:45,750 --> 00:50:42,240

we'll never know but

1398

00:50:47,750 --> 00:50:45,760

right and that's the kind of sad part is

1399

00:50:49,430 --> 00:50:47,760

some of these i read i'm like

1400

00:50:51,109 --> 00:50:49,440

i'll never know

1401

00:50:53,349 --> 00:50:51,119

but looking at old cases can help with

1402

00:50:54,390 --> 00:50:53,359

researching new cases as well

1403

00:50:56,309 --> 00:50:54,400

yeah

1404

00:50:58,549 --> 00:50:56,319

even if you can't solve that old case if

1405

00:51:00,870 --> 00:50:58,559

you see correlation to something that's

1406

00:51:02,390 --> 00:51:00,880

happening in a more recent case then

1407

00:51:05,430 --> 00:51:02,400

that just helps so

1408

00:51:07,670 --> 00:51:05,440

that's kind of a bonus for me personally

1409

00:51:09,030 --> 00:51:07,680

what's uh what is

1410

00:51:10,950 --> 00:51:09,040

like one of your

1411

00:51:12,790 --> 00:51:10,960

favorite cases or what's a what's a good

1412

00:51:14,710 --> 00:51:12,800

case to you that helps

1413

00:51:16,549 --> 00:51:14,720

tie history to

1414

00:51:18,309 --> 00:51:16,559

you know the present some of the cases

1415

00:51:19,510 --> 00:51:18,319

we know about that happened somewhere

1416

00:51:21,270 --> 00:51:19,520

recently

1417

00:51:22,870 --> 00:51:21,280

um i mean i suppose that like i mean

1418

00:51:24,230 --> 00:51:22,880

it's a lame answer but the lake and

1419

00:51:25,750 --> 00:51:24,240

heath because you know

1420

00:51:27,829 --> 00:51:25,760

when i did that deep dive with david

1421

00:51:29,829 --> 00:51:27,839

clarke and i actually got to hear

1422

00:51:31,190 --> 00:51:29,839

the testimony from some of the people

1423

00:51:34,309 --> 00:51:31,200

that were there

1424

00:51:35,829 --> 00:51:34,319

that just i mean there's only so far you

1425

00:51:38,230 --> 00:51:35,839

can go with documents and it's quite a

1426  
00:51:39,030 --> 00:51:38,240  
long way it's a great resource but to

1427  
00:51:40,549 --> 00:51:39,040  
hear

1428  
00:51:41,349 --> 00:51:40,559  
corroborative

1429  
00:51:43,510 --> 00:51:41,359  
you know

1430  
00:51:46,230 --> 00:51:43,520  
voices of people that were there

1431  
00:51:49,109 --> 00:51:46,240  
yeah that that's just incredible it

1432  
00:51:51,030 --> 00:51:49,119  
shakes you you know like when it's

1433  
00:51:53,589 --> 00:51:51,040  
sorry go on well i was just gonna say

1434  
00:51:55,670 --> 00:51:53,599  
yeah once you hear their testimony and

1435  
00:51:57,030 --> 00:51:55,680  
you hear them actually tell about it

1436  
00:51:58,069 --> 00:51:57,040  
talk about it

1437  
00:52:01,510 --> 00:51:58,079  
like

1438  
00:52:03,670 --> 00:52:01,520

um if they're lying they would be

1439

00:52:05,829 --> 00:52:03,680

like in movies making millions and

1440

00:52:08,069 --> 00:52:05,839

millions of dollars these people are

1441

00:52:10,230 --> 00:52:08,079

would be such good actors it's

1442

00:52:12,390 --> 00:52:10,240

unbelievable because you can feel the

1443

00:52:14,230 --> 00:52:12,400

emotion in them you know

1444

00:52:16,950 --> 00:52:14,240

you can hear it

1445

00:52:18,549 --> 00:52:16,960

you know and exactly

1446

00:52:19,870 --> 00:52:18,559

and then there's like on my website if

1447

00:52:21,430 --> 00:52:19,880

you go to my website

1448

00:52:23,349 --> 00:52:21,440

witnesscitizen.com

1449

00:52:26,230 --> 00:52:23,359

you go to research tools

1450

00:52:27,990 --> 00:52:26,240

um there's one that's uh audio testimony

1451  
00:52:29,349 --> 00:52:28,000  
that takes you to the archives and

1452  
00:52:31,510 --> 00:52:29,359  
there's all sorts of recordings of

1453  
00:52:34,710 --> 00:52:31,520  
people giving their testimony

1454  
00:52:36,710 --> 00:52:34,720  
pilots citizens all sorts of people

1455  
00:52:38,630 --> 00:52:36,720  
and sure you'll always run into some

1456  
00:52:40,630 --> 00:52:38,640  
people that it's like

1457  
00:52:41,829 --> 00:52:40,640  
i don't know about you sir

1458  
00:52:44,710 --> 00:52:41,839  
you know

1459  
00:52:45,750 --> 00:52:44,720  
but there's so many the majority

1460  
00:52:47,589 --> 00:52:45,760  
are

1461  
00:52:48,549 --> 00:52:47,599  
giving an honest account of what

1462  
00:52:49,430 --> 00:52:48,559  
happened

1463  
00:52:51,670 --> 00:52:49,440

you know

1464

00:52:52,950 --> 00:52:51,680

and even sergeant moody who spent most

1465

00:52:54,309 --> 00:52:52,960

of his time

1466

00:52:56,150 --> 00:52:54,319

um

1467

00:52:58,069 --> 00:52:56,160

researching these ufos for blue book in

1468

00:53:00,069 --> 00:52:58,079

the air force when he retired an article

1469

00:53:02,390 --> 00:53:00,079

came out in the paper where he flat out

1470

00:53:05,829 --> 00:53:02,400

said that 90 of these objects are

1471

00:53:06,790 --> 00:53:05,839

reported by sincere good people

1472

00:53:08,950 --> 00:53:06,800

you know

1473

00:53:11,589 --> 00:53:08,960

that's 90 of

1474

00:53:13,670 --> 00:53:11,599

you know whatever 12 000 reports

1475

00:53:15,750 --> 00:53:13,680

yeah you know that's insane it's a lot

1476

00:53:17,510 --> 00:53:15,760

of honest sincere reports

1477

00:53:18,710 --> 00:53:17,520

and you know what to say it only takes

1478

00:53:24,710 --> 00:53:18,720

one

1479

00:53:27,190 --> 00:53:24,720

you know to be something really bizarre

1480

00:53:29,829 --> 00:53:27,200

they could shake everything up a bit

1481

00:53:31,270 --> 00:53:29,839

you know so anymore absolutely

1482

00:53:33,510 --> 00:53:31,280

i've got a really good question here

1483

00:53:35,270 --> 00:53:33,520

from your name sean you've read so many

1484

00:53:37,670 --> 00:53:35,280

documents have you ever read a document

1485

00:53:38,860 --> 00:53:37,680

and figured out halfway in that you've

1486

00:53:40,630 --> 00:53:38,870

already read it

1487

00:53:43,030 --> 00:53:40,640

[Laughter]

1488

00:53:45,430 --> 00:53:43,040

um

1489

00:53:48,069 --> 00:53:45,440

yeah i think so yeah definitely i'm

1490

00:53:50,309 --> 00:53:48,079

starting to get to the point where

1491

00:53:51,829 --> 00:53:50,319

you know my research puts me in the same

1492

00:53:53,990 --> 00:53:51,839

place again

1493

00:53:57,190 --> 00:53:54,000

um

1494

00:53:58,710 --> 00:53:57,200

but it doesn't happen very often

1495

00:54:00,390 --> 00:53:58,720

and that's kind of why i still do it

1496

00:54:01,670 --> 00:54:00,400

right

1497

00:54:03,670 --> 00:54:01,680

so i'm always putting to a different

1498

00:54:06,549 --> 00:54:03,680

spot where i'm like i had no idea i had

1499

00:54:07,990 --> 00:54:06,559

no idea wow this is incredible

1500

00:54:09,829 --> 00:54:08,000

you know i think it's a never-ending

1501  
00:54:12,470 --> 00:54:09,839  
thing you can always find something new

1502  
00:54:14,230 --> 00:54:12,480  
and something exciting almost you know

1503  
00:54:16,549 --> 00:54:14,240  
and there's so many ways to go about it

1504  
00:54:18,870 --> 00:54:16,559  
like ryan graves testimony in this

1505  
00:54:21,349 --> 00:54:18,880  
article i i read i posted on twitter

1506  
00:54:23,349 --> 00:54:21,359  
yesterday about uh like a child's top

1507  
00:54:25,510 --> 00:54:23,359  
like child spinning top you know so i go

1508  
00:54:27,109 --> 00:54:25,520  
to the archives and i'm like let me

1509  
00:54:29,190 --> 00:54:27,119  
check this out i'm going to look for

1510  
00:54:31,670 --> 00:54:29,200  
other accounts where it talks about a

1511  
00:54:34,549 --> 00:54:31,680  
spinning top or like a child's top and

1512  
00:54:36,150 --> 00:54:34,559  
lo and behold there's many accounts like

1513  
00:54:37,990 --> 00:54:36,160

that you know and that's the kind of

1514

00:54:39,990 --> 00:54:38,000

stuff that can bridge you from the know

1515

00:54:41,910 --> 00:54:40,000

it's like what are the chances that

1516

00:54:43,829 --> 00:54:41,920

people are still seeing

1517

00:54:45,270 --> 00:54:43,839

something that looks like a spinning

1518

00:54:46,390 --> 00:54:45,280

child stop

1519

00:54:48,390 --> 00:54:46,400

come on

1520

00:54:50,630 --> 00:54:48,400

that's not that's not like

1521

00:54:52,390 --> 00:54:50,640

just a circle you know

1522

00:54:54,309 --> 00:54:52,400

or something that that's a specific

1523

00:54:56,549 --> 00:54:54,319

image in

1524

00:54:59,510 --> 00:54:56,559

you know phrase to use

1525

00:55:01,190 --> 00:54:59,520

what are the chances you know

1526

00:55:02,230 --> 00:55:01,200

pretty incredible

1527

00:55:04,470 --> 00:55:02,240

definitely

1528

00:55:06,549 --> 00:55:04,480

well mate thank you so much for jumping

1529

00:55:08,950 --> 00:55:06,559

on with me um you know we should do this

1530

00:55:10,710 --> 00:55:08,960

more often find more cases and dig into

1531

00:55:12,549 --> 00:55:10,720

the history because you know it's been a

1532

00:55:14,789 --> 00:55:12,559

while since i've done it

1533

00:55:16,710 --> 00:55:14,799

on a grand scale and i i keep finding

1534

00:55:18,549 --> 00:55:16,720

myself these days now slipping back into

1535

00:55:21,750 --> 00:55:18,559

it so you know it'd be great to do it

1536

00:55:24,069 --> 00:55:21,760

with yourself yeah i would love that man

1537

00:55:25,829 --> 00:55:24,079

and you're always welcome to come on my

1538

00:55:27,910 --> 00:55:25,839

show more often too

1539

00:55:29,910 --> 00:55:27,920

you know thank you um the thing about

1540

00:55:31,829 --> 00:55:29,920

like research and you know i think at

1541

00:55:33,510 --> 00:55:31,839

least this is how i get sometimes is

1542

00:55:35,670 --> 00:55:33,520

where i feel the pressure to have like a

1543

00:55:36,950 --> 00:55:35,680

guest in stuff all the time like a guest

1544

00:55:38,470 --> 00:55:36,960

and then you run out of guests i'm like

1545

00:55:41,190 --> 00:55:38,480

what am i supposed to do

1546

00:55:43,430 --> 00:55:41,200

but that that's uh that's the cool point

1547

00:55:45,030 --> 00:55:43,440

about having friends and and doing

1548

00:55:46,230 --> 00:55:45,040

research like we can just talk to each

1549

00:55:48,150 --> 00:55:46,240

other dude

1550

00:55:49,670 --> 00:55:48,160

yeah no absolutely i mean in the

1551  
00:55:51,750 --> 00:55:49,680  
conversation

1552  
00:55:53,270 --> 00:55:51,760  
well i get that i'm this is not what i'm

1553  
00:55:55,750 --> 00:55:53,280  
doing though i actually genuinely wanted

1554  
00:55:57,829 --> 00:55:55,760  
you all as a guest so

1555  
00:55:59,829 --> 00:55:57,839  
and a friend of course that helps but

1556  
00:56:01,589 --> 00:55:59,839  
you know this wasn't like i appreciated

1557  
00:56:03,109 --> 00:56:01,599  
you know i have a i have a guest

1558  
00:56:05,109 --> 00:56:03,119  
tomorrow as well so it's not like i

1559  
00:56:07,109 --> 00:56:05,119  
needed it but i really wanted to to jump

1560  
00:56:09,190 --> 00:56:07,119  
into some some older cases it's been

1561  
00:56:10,950 --> 00:56:09,200  
been on my mind so much so i think it's

1562  
00:56:14,069 --> 00:56:10,960  
really cool to talk to each other you

1563  
00:56:15,430 --> 00:56:14,079

know and i i really enjoy it every time

1564

00:56:17,829 --> 00:56:15,440

and i always learn something new from

1565

00:56:19,430 --> 00:56:17,839

talking to you so thank you man and i

1566

00:56:20,950 --> 00:56:19,440

think this goes for everybody a lot of

1567

00:56:23,190 --> 00:56:20,960

the people on twitter as well is you may

1568

00:56:25,670 --> 00:56:23,200

have opinions on that that are

1569

00:56:27,430 --> 00:56:25,680

completely different amongst everybody

1570

00:56:28,630 --> 00:56:27,440

but going and talking to people that are

1571

00:56:31,190 --> 00:56:28,640

involved in something that you're

1572

00:56:33,030 --> 00:56:31,200

talking about may actually help

1573

00:56:34,470 --> 00:56:33,040

in some way you know i feel it always

1574

00:56:36,789 --> 00:56:34,480

helps to talk to the people that are

1575

00:56:39,109 --> 00:56:36,799

involved in in cases no matter what

1576

00:56:41,750 --> 00:56:39,119

whether they were witnesses or military

1577

00:56:43,990 --> 00:56:41,760

or whatever just talk to them

1578

00:56:45,750 --> 00:56:44,000

it can it can always open a new door or

1579

00:56:47,510 --> 00:56:45,760

shine a new light on a part of the case

1580

00:56:49,990 --> 00:56:47,520

that may change your mind somewhere

1581

00:56:51,109 --> 00:56:50,000

along the way so so reach out to people

1582

00:56:53,030 --> 00:56:51,119

talk

1583

00:56:55,270 --> 00:56:53,040

it's really important and it does it

1584

00:56:57,510 --> 00:56:55,280

goes a long way so that's my little

1585

00:56:59,829 --> 00:56:57,520

piece of advice

1586

00:57:03,030 --> 00:56:59,839

agree man i look up to you

1587

00:57:04,470 --> 00:57:03,040

for sure you know and i'm proud to say

1588

00:57:06,789 --> 00:57:04,480

you're my friend and watching you do all

1589

00:57:08,309 --> 00:57:06,799

the stuff you do out there so thanks man

1590

00:57:09,990 --> 00:57:08,319

i can't wait to continue to watch more

1591

00:57:12,789 --> 00:57:10,000

episodes of

1592

00:57:14,069 --> 00:57:12,799

uh the show that you're doing out in

1593

00:57:15,990 --> 00:57:14,079

colombia

1594

00:57:17,910 --> 00:57:16,000

oh yeah thanks man so because that's

1595

00:57:19,270 --> 00:57:17,920

been really good so far so

1596

00:57:21,190 --> 00:57:19,280

i appreciate it

1597

00:57:22,470 --> 00:57:21,200

yeah thanks to you thanks to everybody

1598

00:57:24,829 --> 00:57:22,480

that's watched and supported that show

1599

00:57:27,510 --> 00:57:24,839

we've had a lot of positive feedback

1600

00:57:28,549 --> 00:57:27,520

um on that note thank you to everybody

1601

00:57:30,470 --> 00:57:28,559

in the live chat for a great

1602

00:57:32,710 --> 00:57:30,480

conversation i'm sorry if i didn't get

1603

00:57:35,430 --> 00:57:32,720

to all your questions um i'm going to be

1604

00:57:37,589 --> 00:57:35,440

back tomorrow so straight after today

1605

00:57:39,190 --> 00:57:37,599

back tomorrow with katie holland and

1606

00:57:41,510 --> 00:57:39,200

we're going to be going over sort of the

1607

00:57:43,190 --> 00:57:41,520

ndaa the iaa and

1608

00:57:45,910 --> 00:57:43,200

all kind of government related uh

1609

00:57:47,670 --> 00:57:45,920

aspects of the phenomenon so yeah

1610

00:57:48,630 --> 00:57:47,680

come and join in everyone but for now

1611

00:57:51,109 --> 00:57:48,640

guys
