[Music]

4  
00:00:44,389 --> 00:00:41,750  
hey everyone how's it going welcome back

5  
00:00:45,830 --> 00:00:44,399  
to the disclosure team channel thank you

6  
00:00:47,750 --> 00:00:45,840  
everyone for being here there's already

7  
00:00:49,029 --> 00:00:47,760  
quite a lot of people um it's good to

8  
00:00:50,069 --> 00:00:49,039  
see everyone

9  
00:00:52,150 --> 00:00:50,079  
um

10  
00:00:53,990 --> 00:00:52,160  
as always anybody has any questions

11  
00:00:55,590 --> 00:00:54,000  
throughout this discussion please try

12  
00:00:58,790 --> 00:00:55,600  
and pop them in capital letters it gives

13  
00:01:00,630 --> 00:00:58,800

me a better chance of seeing them um and

14

00:01:01,750 --> 00:01:00,640

i'll try my best to get to all of them

15

00:01:04,229 --> 00:01:01,760

as well

16

00:01:05,750 --> 00:01:04,239

um i really really look forward every

17

00:01:06,950 --> 00:01:05,760

time i do a panel discussion because

18

00:01:09,910 --> 00:01:06,960

it's good to get a group of people

19

00:01:12,310 --> 00:01:09,920

together and bounce ideas thoughts

20

00:01:13,510 --> 00:01:12,320

theories hypotheses off each other and

21

00:01:16,390 --> 00:01:13,520

that's probably what a lot of this is

22

00:01:17,990 --> 00:01:16,400

going to be you know no one really knows

23

00:01:19,670 --> 00:01:18,000

you know the facts when it comes to this

24

00:01:21,670 --> 00:01:19,680

subject so everyone's got different

25

00:01:22,950 --> 00:01:21,680

viewpoints different ideas and so i'm

26

00:01:25,510 --> 00:01:22,960

looking forward to hearing a lot of

27

00:01:27,749 --> 00:01:25,520

those and everyone in the chat just keep

28

00:01:29,670 --> 00:01:27,759

it cool calm collected i appreciate

29

00:01:31,190 --> 00:01:29,680

everybody is different so

30

00:01:33,190 --> 00:01:31,200

just be cordial with each other and

31

00:01:35,510 --> 00:01:33,200

that's all i ask so yeah let's get into

32

00:01:37,830 --> 00:01:35,520

it let's bring everyone in uh first up i

33

00:01:40,469 --> 00:01:37,840

want to welcome my good friend james ian

34

00:01:41,749 --> 00:01:40,479

doley james how's it going

35

00:01:42,870 --> 00:01:41,759

hey vinnie thanks for having me it's

36

00:01:44,069 --> 00:01:42,880

great to be here

37

00:01:45,429 --> 00:01:44,079

no it's good man we've been planning

38

00:01:46,870 --> 00:01:45,439

this for a little while so i'm really

39

00:01:48,789 --> 00:01:46,880

glad that it's actually come together

40

00:01:49,910 --> 00:01:48,799

and we all get a chance to speak so

41

00:01:51,749 --> 00:01:49,920

thank you man

42

00:01:53,270 --> 00:01:51,759

yeah sure

43

00:01:55,109 --> 00:01:53,280

next up

44

00:01:57,670 --> 00:01:55,119

uh another returning guest to the

45

00:02:00,069 --> 00:01:57,680

channel uh please welcome mr danny silva

46

00:02:01,590 --> 00:02:00,079

danny how's it going what's up vinny

47

00:02:03,590 --> 00:02:01,600

thank you for doing this today what's up

48

00:02:06,069 --> 00:02:03,600

james and ryan

49

00:02:08,630 --> 00:02:06,079

everybody jay

50

00:02:10,869 --> 00:02:08,640

ah good appreciate you being here man um

51  
00:02:12,070 --> 00:02:10,879  
moving on to uh my next guest who is a

52  
00:02:14,470 --> 00:02:12,080  
first time

53  
00:02:15,830 --> 00:02:14,480  
uh to this channel but somebody who i've

54  
00:02:18,630 --> 00:02:15,840  
followed for a long time and really

55  
00:02:20,790 --> 00:02:18,640  
appreciate his viewpoints um and how he

56  
00:02:22,630 --> 00:02:20,800  
uh acts on twitter i think he's a great

57  
00:02:24,309 --> 00:02:22,640  
voice for this community so it's my

58  
00:02:26,869 --> 00:02:24,319  
pleasure to welcome

59  
00:02:28,150 --> 00:02:26,879  
ryan robbins ryan how are you

60  
00:02:29,510 --> 00:02:28,160  
i'm good you made me feel really

61  
00:02:31,190 --> 00:02:29,520  
important with that introduction and

62  
00:02:32,390 --> 00:02:31,200  
it's uh it's really good to be with you

63  
00:02:33,750 --> 00:02:32,400

all i think i'm going to enjoy this

64

00:02:35,430 --> 00:02:33,760

thank you

65

00:02:38,550 --> 00:02:35,440

it's my pleasure man i really appreciate

66

00:02:40,630 --> 00:02:38,560

it and then last but certainly not least

67

00:02:42,550 --> 00:02:40,640

is a really good friend of mine that's

68

00:02:43,270 --> 00:02:42,560

someone who have the utmost respect for

69

00:02:45,990 --> 00:02:43,280

and

70

00:02:47,990 --> 00:02:46,000

always always enjoy speaking with him

71

00:02:50,550 --> 00:02:48,000

please put your hands together for j

72

00:02:51,670 --> 00:02:50,560

christopher king hey thanks jay how are

73

00:02:53,990 --> 00:02:51,680

you

74

00:02:55,750 --> 00:02:54,000

wow that was that was regal i appreciate

75

00:02:57,110 --> 00:02:55,760

it thanks vinnie uh good night it's my

76

00:02:59,990 --> 00:02:57,120

pleasure

77

00:03:02,309 --> 00:03:00,000

always great to see you uh james uh

78

00:03:04,070 --> 00:03:02,319

great to see danny and ryan as well this

79

00:03:06,390 --> 00:03:04,080

is fantastic thanks for inviting me on

80

00:03:07,830 --> 00:03:06,400

today love it nah it's great thank you

81

00:03:09,270 --> 00:03:07,840

to all of you i really looking forward

82

00:03:10,710 --> 00:03:09,280

to this i think panel discussions are

83

00:03:12,470 --> 00:03:10,720

really healthy in this

84

00:03:14,149 --> 00:03:12,480

this day and age as well and i thought

85

00:03:15,589 --> 00:03:14,159

the best way to kick off is just to kind

86

00:03:17,350 --> 00:03:15,599

of find out where all your heads are at

87

00:03:19,350 --> 00:03:17,360

with the subject at the moment things

88

00:03:22,229 --> 00:03:19,360

that you're focusing on at the moment

89

00:03:23,990 --> 00:03:22,239

different avenues you know so

90

00:03:25,350 --> 00:03:24,000

anything really so james let's start

91

00:03:27,270 --> 00:03:25,360

with you man

92

00:03:28,390 --> 00:03:27,280

oh wow you get you got me called there

93

00:03:30,070 --> 00:03:28,400

um

94

00:03:32,630 --> 00:03:30,080

yeah i'm actually i'm working on a

95

00:03:34,869 --> 00:03:32,640

number of things um

96

00:03:37,270 --> 00:03:34,879

working on something with jay actually

97

00:03:39,270 --> 00:03:37,280

uh that that's going to become uh you

98

00:03:41,430 --> 00:03:39,280

know public in the in the next few weeks

99

00:03:42,710 --> 00:03:41,440

or so it's going to be i think actually

100

00:03:44,229 --> 00:03:42,720

really epic

101  
00:03:46,470 --> 00:03:44,239  
i think it's going to be something

102  
00:03:47,830 --> 00:03:46,480  
that's going to

103  
00:03:50,229 --> 00:03:47,840  
um you know

104  
00:03:51,990 --> 00:03:50,239  
help can um contribute a very serious

105  
00:03:53,030 --> 00:03:52,000  
tone to the community

106  
00:03:54,949 --> 00:03:53,040  
um

107  
00:03:56,470 --> 00:03:54,959  
so and and you know everybody knows the

108  
00:03:58,470 --> 00:03:56,480  
stuff that i'm doing with you know a lot

109  
00:04:00,309 --> 00:03:58,480  
of times contact and stuff but i also

110  
00:04:01,990 --> 00:04:00,319  
have uh some interviews lined up which

111  
00:04:04,149 --> 00:04:02,000  
are really going to be um i think deep

112  
00:04:06,710 --> 00:04:04,159  
conversations and good ones

113  
00:04:09,110 --> 00:04:06,720

uh i'm always trying to focus on the

114

00:04:10,789 --> 00:04:09,120

phenomenon to some degree rather than

115

00:04:11,990 --> 00:04:10,799

just the disclosure part because i feel

116

00:04:15,270 --> 00:04:12,000

like you know like

117

00:04:17,430 --> 00:04:15,280

vinnie uh you and and and and danny

118

00:04:19,509 --> 00:04:17,440

and uh you know ryan are like really

119

00:04:21,509 --> 00:04:19,519

hitting hard on the disclosure end of

120

00:04:23,270 --> 00:04:21,519

things if i can say it like that

121

00:04:24,629 --> 00:04:23,280

um you know so i feel comfortable that

122

00:04:26,550 --> 00:04:24,639

you guys are doing that and i can kind

123

00:04:29,830 --> 00:04:26,560

of like go off into the deep end of the

124

00:04:31,430 --> 00:04:29,840

the contact stuff a lot

125

00:04:32,790 --> 00:04:31,440

now that's awesome man i think that's

126

00:04:34,150 --> 00:04:32,800

good it's good that everybody looks at

127

00:04:35,990 --> 00:04:34,160

it from a different angle you know we

128

00:04:37,350 --> 00:04:36,000

got more ground covered then

129

00:04:39,350 --> 00:04:37,360

uh what about you danny where's your

130

00:04:41,749 --> 00:04:39,360

head out with things at the moment

131

00:04:43,749 --> 00:04:41,759

i'm in uh i'm in wait and see mode i

132

00:04:45,909 --> 00:04:43,759

know that there's um

133

00:04:47,590 --> 00:04:45,919

huge steps that have been taken in the

134

00:04:50,469 --> 00:04:47,600

last four or five years

135

00:04:52,230 --> 00:04:50,479

and we have amazing people of course

136

00:04:53,830 --> 00:04:52,240

like we've all been able gotten a chance

137

00:04:56,629 --> 00:04:53,840

to talk to lou of course and he's the

138

00:04:57,990 --> 00:04:56,639

man he's doing it and you know um

139

00:05:01,029 --> 00:04:58,000

christopher mill and george knapp all

140

00:05:02,550 --> 00:05:01,039

the legends jeremy corbell but uh at the

141

00:05:04,150 --> 00:05:02,560

same time we know there's a lot of crazy

142

00:05:07,749 --> 00:05:04,160

stuff um

143

00:05:11,430 --> 00:05:07,759

failures and uh pushback and

144

00:05:13,350 --> 00:05:11,440

lies being told um with uh with the

145

00:05:15,510 --> 00:05:13,360

government and um some of these new

146

00:05:17,510 --> 00:05:15,520

programs and so i'm waiting to see what

147

00:05:19,350 --> 00:05:17,520

happens with it you know i know we know

148

00:05:20,070 --> 00:05:19,360

that a lot of the congress is interested

149

00:05:25,430 --> 00:05:20,080

and

150

00:05:26,950 --> 00:05:25,440

um i think there's uh

151

00:05:28,710 --> 00:05:26,960

i'm kind of just in wait and see mode

152

00:05:30,469 --> 00:05:28,720

i'm also in show me mode

153

00:05:32,310 --> 00:05:30,479

with uh some of the uh

154

00:05:33,990 --> 00:05:32,320

uap task force stuff

155

00:05:36,150 --> 00:05:34,000

that occurred i would like to for them

156

00:05:37,590 --> 00:05:36,160

to show us rather than where we just get

157

00:05:39,270 --> 00:05:37,600

to hear about it and have to kind of

158

00:05:40,870 --> 00:05:39,280

trust what they're saying

159

00:05:42,870 --> 00:05:40,880

um i think they need that's we're at the

160

00:05:45,350 --> 00:05:42,880

point now where they need to show us

161

00:05:46,950 --> 00:05:45,360

um so i hope that any new government

162

00:05:47,830 --> 00:05:46,960

organization is going to be showing us

163

00:05:48,710 --> 00:05:47,840

things

164

00:05:50,790 --> 00:05:48,720

um

165

00:05:52,870 --> 00:05:50,800

it's it's we just can't be in trust mode

166

00:05:54,230 --> 00:05:52,880

anymore we know there's a phenomenon so

167

00:05:56,469 --> 00:05:54,240

i'm good there

168

00:05:57,749 --> 00:05:56,479

um but as far as the disclosure what

169

00:05:59,110 --> 00:05:57,759

they're doing

170

00:06:01,909 --> 00:05:59,120

uh everything like that i'm just gonna

171

00:06:04,070 --> 00:06:01,919

wait and see in show me mode

172

00:06:06,870 --> 00:06:04,080

nah that's cool that makes sense

173

00:06:09,029 --> 00:06:06,880

jay what about yourself

174

00:06:11,189 --> 00:06:09,039

all right um well

175

00:06:13,749 --> 00:06:11,199

uh i didn't i wasn't aware that james

176

00:06:17,350 --> 00:06:13,759

was gonna tease our big secret project

177

00:06:18,550 --> 00:06:17,360

uh but but uh i'll take it yeah we uh

178

00:06:20,870 --> 00:06:18,560

we've been working on something that's

179

00:06:23,510 --> 00:06:20,880

pretty epic we've also been eating food

180

00:06:24,150 --> 00:06:23,520

you know in nyc ufo supper club which

181

00:06:26,390 --> 00:06:24,160

has

182

00:06:28,950 --> 00:06:26,400

uh been super fun um

183

00:06:30,469 --> 00:06:28,960

but those meals have led to

184

00:06:32,550 --> 00:06:30,479

uh

185

00:06:34,870 --> 00:06:32,560

some fun things on the horizon this fall

186

00:06:36,710 --> 00:06:34,880

and i look forward to talking more about

187

00:06:38,629 --> 00:06:36,720

that in the upcoming weeks other than

188

00:06:40,390 --> 00:06:38,639

that um the experiercer group is doing

189

00:06:42,390 --> 00:06:40,400

really well uh

190

00:06:45,110 --> 00:06:42,400

uh witness citizen is going really well

191

00:06:47,110 --> 00:06:45,120

i saw sean earlier in the chat um those

192

00:06:49,270 --> 00:06:47,120

conversations have been great

193

00:06:51,110 --> 00:06:49,280

we had randall nickerson who you've had

194

00:06:52,950 --> 00:06:51,120

on your show as well vinnie indeed great

195

00:06:54,950 --> 00:06:52,960

guy really great man

196

00:06:57,430 --> 00:06:54,960

um and

197

00:06:59,350 --> 00:06:57,440

you know uh the experience group had we

198

00:07:02,790 --> 00:06:59,360

had some there were some challenges in

199

00:07:04,230 --> 00:07:02,800

the last few months um in that we had

200

00:07:06,629 --> 00:07:04,240

what seemed to be like a really

201  
00:07:08,790 --> 00:07:06,639  
unconventional hack that didn't actually

202  
00:07:10,230 --> 00:07:08,800  
get into our

203  
00:07:11,909 --> 00:07:10,240  
site it didn't affect the members

204  
00:07:13,110 --> 00:07:11,919  
community but it affected

205  
00:07:15,110 --> 00:07:13,120  
um

206  
00:07:17,510 --> 00:07:15,120  
a separate site where that we used to

207  
00:07:20,230 --> 00:07:17,520  
vet um applicants

208  
00:07:22,230 --> 00:07:20,240  
and that was that was really challenging

209  
00:07:23,510 --> 00:07:22,240  
it was it was challenge it's always

210  
00:07:25,350 --> 00:07:23,520  
challenging

211  
00:07:26,950 --> 00:07:25,360  
you know there's the day-to-day aspect

212  
00:07:28,550 --> 00:07:26,960  
on twitter or whatever where you're

213  
00:07:30,790 --> 00:07:28,560

dealing with like a troll or something

214

00:07:32,790 --> 00:07:30,800

like that and then there's this other

215

00:07:33,909 --> 00:07:32,800

level that happens every once in a while

216

00:07:35,430 --> 00:07:33,919

with people

217

00:07:37,830 --> 00:07:35,440

when

218

00:07:39,350 --> 00:07:37,840

you know you have like a platform or

219

00:07:41,670 --> 00:07:39,360

something like that in this community

220

00:07:44,710 --> 00:07:41,680

and it's unfortunate you know but

221

00:07:47,110 --> 00:07:44,720

um we're certainly not the first it's

222

00:07:48,869 --> 00:07:47,120

not the first time even i've been hacked

223

00:07:50,950 --> 00:07:48,879

you know what i mean i remember right

224

00:07:51,990 --> 00:07:50,960

after ralph's article came out last

225

00:07:53,909 --> 00:07:52,000

september

226

00:07:56,070 --> 00:07:53,919

my facebook got hacked within like two

227

00:07:58,790 --> 00:07:56,080

weeks and it was the first time that it

228

00:08:00,070 --> 00:07:58,800

ever happened and it didn't seem

229

00:08:02,309 --> 00:08:00,080

like it was

230

00:08:04,550 --> 00:08:02,319

you know happenstance i just mentioned

231

00:08:05,909 --> 00:08:04,560

my facebook the night before on dave

232

00:08:07,990 --> 00:08:05,919

scott's show

233

00:08:09,990 --> 00:08:08,000

um you know like three or four hours

234

00:08:11,670 --> 00:08:10,000

beforehand and

235

00:08:13,670 --> 00:08:11,680

um but you know i don't know i don't

236

00:08:15,510 --> 00:08:13,680

know but you know when it's something

237

00:08:18,629 --> 00:08:15,520

like the experienter group that i take

238

00:08:21,350 --> 00:08:18,639

that a little bit personally um so

239

00:08:24,309 --> 00:08:21,360

uh we had to kind of like shut down the

240

00:08:26,550 --> 00:08:24,319

application process for a while and and

241

00:08:30,150 --> 00:08:26,560

while we figured out what was going on

242

00:08:32,230 --> 00:08:30,160

in terms of of that side of things and

243

00:08:35,909 --> 00:08:32,240

luckily like our private social media

244

00:08:37,190 --> 00:08:35,919

interface was was fine and unaffected

245

00:08:39,029 --> 00:08:37,200

the whole time

246

00:08:41,909 --> 00:08:39,039

um and the whole thing got cleared up

247

00:08:43,750 --> 00:08:41,919

within the last week or two but

248

00:08:46,389 --> 00:08:43,760

it took a lot of time and i'm kind of

249

00:08:48,790 --> 00:08:46,399

more of a jack-of-all-trades person than

250

00:08:49,750 --> 00:08:48,800

you know i'm no web expert by any means

251  
00:08:51,590 --> 00:08:49,760  
and so

252  
00:08:53,670 --> 00:08:51,600  
bringing people in to talk to me about

253  
00:08:55,269 --> 00:08:53,680  
it was like it was like listening to

254  
00:08:58,230 --> 00:08:55,279  
somebody talk about chinese stereo

255  
00:08:59,750 --> 00:08:58,240  
instructions you know what i mean but uh

256  
00:09:02,150 --> 00:08:59,760  
did it nonetheless

257  
00:09:05,190 --> 00:09:02,160  
and uh and that all worked out other

258  
00:09:08,150 --> 00:09:05,200  
than that um dealing with a lot of

259  
00:09:10,710 --> 00:09:08,160  
mental health professionals lately in

260  
00:09:13,350 --> 00:09:10,720  
private meetings with regard to

261  
00:09:14,710 --> 00:09:13,360  
experiencers and people's cases and

262  
00:09:16,790 --> 00:09:14,720  
people's personal histories and things

263  
00:09:19,110 --> 00:09:16,800

like that and so i've been talking to

264

00:09:20,790 --> 00:09:19,120

psychiatrists psychologists a lot of

265

00:09:23,350 --> 00:09:20,800

kind of private meetings

266

00:09:24,870 --> 00:09:23,360

and there's kind of a lot of movement

267

00:09:27,670 --> 00:09:24,880

in the realm of mental health

268

00:09:29,750 --> 00:09:27,680

professionals that are looking to

269

00:09:31,509 --> 00:09:29,760

first of all experiencers that are also

270

00:09:33,190 --> 00:09:31,519

long-time mental health professionals of

271

00:09:36,070 --> 00:09:33,200

which there are many

272

00:09:37,910 --> 00:09:36,080

um in our community and kind of like

273

00:09:40,470 --> 00:09:37,920

adjacent to our community

274

00:09:43,030 --> 00:09:40,480

and a lot of those people are trying to

275

00:09:43,829 --> 00:09:43,040

figure out how to kind of integrate

276

00:09:46,949 --> 00:09:43,839

um

277

00:09:49,350 --> 00:09:46,959

anomalous experiences that previously

278

00:09:51,190 --> 00:09:49,360

would have been seen as you know the

279

00:09:54,230 --> 00:09:51,200

dreaded c word crazy or something like

280

00:09:55,670 --> 00:09:54,240

that right um people

281

00:09:57,750 --> 00:09:55,680

you know people have been locked up for

282

00:10:00,070 --> 00:09:57,760

this and things like that you know

283

00:10:01,670 --> 00:10:00,080

pathologized and so

284

00:10:03,750 --> 00:10:01,680

being able to kind of create more

285

00:10:05,509 --> 00:10:03,760

dialogue in that space and being able to

286

00:10:07,430 --> 00:10:05,519

help elicit that dialogue is super

287

00:10:09,190 --> 00:10:07,440

important to me these days so that's

288

00:10:10,870 --> 00:10:09,200

another kind of

289

00:10:12,150 --> 00:10:10,880

uh pet project that i've been spending a

290

00:10:13,670 --> 00:10:12,160

lot of time with

291

00:10:16,150 --> 00:10:13,680

that's great i really appreciate that

292

00:10:18,870 --> 00:10:16,160

yeah we'll get to talk about experiences

293

00:10:20,150 --> 00:10:18,880

and stuff in a little while uh so ryan

294

00:10:21,910 --> 00:10:20,160

how's things been with you like what

295

00:10:24,389 --> 00:10:21,920

you've been focusing on at the moment

296

00:10:25,910 --> 00:10:24,399

yeah so over this past month i've been

297

00:10:27,990 --> 00:10:25,920

having a lot of sleep issues which have

298

00:10:29,750 --> 00:10:28,000

only exacerbated my concentration issues

299

00:10:31,350 --> 00:10:29,760

so i really haven't been very productive

300

00:10:32,870 --> 00:10:31,360

i got like one video in last month so

301

00:10:34,230 --> 00:10:32,880

that's that's the way it is hopefully

302

00:10:36,069 --> 00:10:34,240

august will be better but what i have

303

00:10:37,750 --> 00:10:36,079

planned for august is

304

00:10:39,910 --> 00:10:37,760

a good friend of mine i'll give him a

305

00:10:41,509 --> 00:10:39,920

shout out his name is finn hanley he's

306

00:10:43,110 --> 00:10:41,519

from the united kingdom

307

00:10:45,829 --> 00:10:43,120

he started he started doing something

308

00:10:47,910 --> 00:10:45,839

really interesting he's he's finding uh

309

00:10:49,590 --> 00:10:47,920

people who have had unambiguous and i

310

00:10:51,509 --> 00:10:49,600

need to i need to emphasize that

311

00:10:53,990 --> 00:10:51,519

unambiguous sightings

312

00:10:55,990 --> 00:10:54,000

and he's starting to do cg reenactments

313

00:10:58,710 --> 00:10:56,000

using software

314

00:11:00,230 --> 00:10:58,720  
and i saw the most recent uh cg

315

00:11:01,910 --> 00:11:00,240  
reenactment he did it was extremely

316

00:11:04,630 --> 00:11:01,920  
impressive

317

00:11:05,670 --> 00:11:04,640  
and it was uh it was a german a

318

00:11:07,910 --> 00:11:05,680  
gentleman

319

00:11:09,670 --> 00:11:07,920  
and the sighting took place in germany

320

00:11:10,870 --> 00:11:09,680  
they were at a pool

321

00:11:13,190 --> 00:11:10,880  
and

322

00:11:15,269 --> 00:11:13,200  
from a far distance they saw

323

00:11:17,590 --> 00:11:15,279  
what looked like like

324

00:11:19,670 --> 00:11:17,600  
three stars close together giving like

325

00:11:20,630 --> 00:11:19,680  
uh the perception of a triangle if you

326

00:11:22,310 --> 00:11:20,640

will

327

00:11:24,310 --> 00:11:22,320

and then they saw it just

328

00:11:26,630 --> 00:11:24,320

come right up to them

329

00:11:29,190 --> 00:11:26,640

stone throw above them

330

00:11:30,790 --> 00:11:29,200

uh i don't i'm thinking it was there for

331

00:11:33,670 --> 00:11:30,800

like maybe 30 seconds but then there

332

00:11:35,350 --> 00:11:33,680

might be a missing time element to it

333

00:11:37,430 --> 00:11:35,360

and then it like almost did like a

334

00:11:39,590 --> 00:11:37,440

performance for them it like it went

335

00:11:42,069 --> 00:11:39,600

like this real fast and then it shot

336

00:11:43,110 --> 00:11:42,079

right back up into the atmosphere like

337

00:11:45,190 --> 00:11:43,120

like that

338

00:11:48,470 --> 00:11:45,200

and so i'm going to interview the the

339

00:11:49,990 --> 00:11:48,480

gentleman who witnessed that that uap

340

00:11:51,030 --> 00:11:50,000

and i'm talking i'm giving i'm talking

341

00:11:52,310 --> 00:11:51,040

about finn because maybe because i

342

00:11:54,710 --> 00:11:52,320

haven't been doing so much work lately

343

00:11:56,389 --> 00:11:54,720

but i really like what he's doing but i

344

00:11:58,069 --> 00:11:56,399

like what he's demonstrating too because

345

00:11:59,910 --> 00:11:58,079

now he is going to start doing these

346

00:12:01,750 --> 00:11:59,920

reenactments for people who've had

347

00:12:03,590 --> 00:12:01,760

unambiguous sightings

348

00:12:05,750 --> 00:12:03,600

and it's it's really important

349

00:12:08,310 --> 00:12:05,760

because it demonstrates in a very

350

00:12:09,269 --> 00:12:08,320

tangible way that when we talk about uap

351  
00:12:12,710 --> 00:12:09,279  
sightings

352  
00:12:14,389 --> 00:12:12,720  
uap encounters uap experiences we're not

353  
00:12:15,990 --> 00:12:14,399  
just talking about renders and forests

354  
00:12:17,350 --> 00:12:16,000  
we're not just talking about roswell

355  
00:12:19,030 --> 00:12:17,360  
we're not just talking about the phoenix

356  
00:12:21,030 --> 00:12:19,040  
lights and what i think happens

357  
00:12:22,629 --> 00:12:21,040  
is a lot of people who maybe are first

358  
00:12:24,389 --> 00:12:22,639  
getting into the subject or just don't

359  
00:12:26,230 --> 00:12:24,399  
reflect on it enough

360  
00:12:27,750 --> 00:12:26,240  
the mind starts to gravitate toward well

361  
00:12:29,590 --> 00:12:27,760  
you know these sightings happen once in

362  
00:12:31,030 --> 00:12:29,600  
a bloom like really really rarely and

363  
00:12:32,710 --> 00:12:31,040

when they do you'll read about in a book

364

00:12:34,389 --> 00:12:32,720

but like that's that's actually a

365

00:12:36,949 --> 00:12:34,399

deception that's a deceptive way to look

366

00:12:39,110 --> 00:12:36,959

at the phenomena ever probably every

367

00:12:42,230 --> 00:12:39,120

single day on this planet there are

368

00:12:44,230 --> 00:12:42,240

people having unambiguous sightings not

369

00:12:45,829 --> 00:12:44,240

not seeing a little light in in the

370

00:12:47,990 --> 00:12:45,839

distance but like

371

00:12:49,829 --> 00:12:48,000

objects coming right up to their face

372

00:12:51,590 --> 00:12:49,839

and so what what finn is doing by

373

00:12:53,670 --> 00:12:51,600

creating these reenactments is he's

374

00:12:55,190 --> 00:12:53,680

reminding people that it's not just

375

00:12:57,509 --> 00:12:55,200

about the the sightings you read in

376

00:13:00,870 --> 00:12:57,519

books it's not just about the sightings

377

00:13:03,030 --> 00:13:00,880

or or the contact experiences you see in

378

00:13:04,949 --> 00:13:03,040

documentaries this stuff is happening to

379

00:13:07,509 --> 00:13:04,959

people intimately

380

00:13:09,190 --> 00:13:07,519

on a daily basis and like lots and lots

381

00:13:11,590 --> 00:13:09,200

of people and we lose sight of how

382

00:13:13,430 --> 00:13:11,600

important those individual sightings are

383

00:13:15,030 --> 00:13:13,440

because we get locked into

384

00:13:17,110 --> 00:13:15,040

this book and that book and this

385

00:13:18,870 --> 00:13:17,120

specific uh sighting and this military

386

00:13:21,030 --> 00:13:18,880

sighting but in reality it's happening

387

00:13:22,470 --> 00:13:21,040

all the time so so i guess i would say

388

00:13:24,629 --> 00:13:22,480

that the next thing on my plate right

389

00:13:25,670 --> 00:13:24,639

now i guess is interviewing that guy

390

00:13:27,030 --> 00:13:25,680

it'll probably be a really short

391

00:13:28,790 --> 00:13:27,040

interview because you know it wasn't

392

00:13:30,310 --> 00:13:28,800

that involved but it's still important

393

00:13:32,069 --> 00:13:30,320

and i will show the reenactment as well

394

00:13:33,430 --> 00:13:32,079

the reenactment has been published and

395

00:13:34,629 --> 00:13:33,440

that's i guess that's where i'm kind of

396

00:13:35,750 --> 00:13:34,639

hanging out right now that's all i got

397

00:13:37,430 --> 00:13:35,760

to say

398

00:13:38,790 --> 00:13:37,440

oh that's awesome man i'm actually i

399

00:13:41,189 --> 00:13:38,800

watched that video that he did the

400

00:13:43,030 --> 00:13:41,199

recreation and it was amazing i think

401

00:13:45,189 --> 00:13:43,040

it's really helpful to show these you

402

00:13:46,870 --> 00:13:45,199

know sightings from from members of the

403

00:13:49,750 --> 00:13:46,880

public and individuals when they're that

404

00:13:51,350 --> 00:13:49,760

profound and impactful

405

00:13:53,350 --> 00:13:51,360

uh so yeah you know i'm looking forward

406

00:13:55,030 --> 00:13:53,360

to your interview and to see more of

407

00:13:57,110 --> 00:13:55,040

finn's work because you know that's a

408

00:13:59,110 --> 00:13:57,120

really good thing and i think the focus

409

00:14:01,670 --> 00:13:59,120

does need to come away sometimes from

410

00:14:03,990 --> 00:14:01,680

these big major cases that we all know

411

00:14:06,150 --> 00:14:04,000

and love and we continue to talk about

412

00:14:08,389 --> 00:14:06,160

continue to try and research but it

413

00:14:10,710 --> 00:14:08,399

would be good to sort of focus on the i

414

00:14:12,629 --> 00:14:10,720

say smaller people but i don't mean that

415

00:14:15,269 --> 00:14:12,639

in a negative way

416

00:14:17,670 --> 00:14:15,279

but do you think there's a lack of

417

00:14:19,670 --> 00:14:17,680

reporting systems for the individuals we

418

00:14:20,389 --> 00:14:19,680

all know mufon and their rocky road over

419

00:14:21,590 --> 00:14:20,399

the

420

00:14:23,590 --> 00:14:21,600

over time

421

00:14:25,350 --> 00:14:23,600

but do you think it is an issue where do

422

00:14:27,110 --> 00:14:25,360

people go when they see something like

423

00:14:30,230 --> 00:14:27,120

that you know anyone have any thoughts

424

00:14:31,430 --> 00:14:30,240

on on that as a general

425

00:14:34,150 --> 00:14:31,440

well i'll just say that i think the

426

00:14:36,310 --> 00:14:34,160

stigma is is really what has has been

427

00:14:37,750 --> 00:14:36,320

such a antagonistic to people uh

428

00:14:39,350 --> 00:14:37,760

reporting it because

429

00:14:40,710 --> 00:14:39,360

you know we've gone through 70 years of

430

00:14:43,670 --> 00:14:40,720

our institutions our scientific

431

00:14:45,990 --> 00:14:43,680

institutions journalistic our academic

432

00:14:47,990 --> 00:14:46,000

academic institutions poo-pooing the

433

00:14:49,509 --> 00:14:48,000

subject so who in their right mind when

434

00:14:51,030 --> 00:14:49,519

they have when they have an unambiguous

435

00:14:53,030 --> 00:14:51,040

experience that you know they're not

436

00:14:54,629 --> 00:14:53,040

necessarily you know motivated to to

437

00:14:55,750 --> 00:14:54,639

talk about it openly and so i think what

438

00:14:56,949 --> 00:14:55,760

happens is i think a lot of these

439

00:14:58,949 --> 00:14:56,959

sightings just

440

00:15:00,069 --> 00:14:58,959

they don't really get reported properly

441

00:15:01,350 --> 00:15:00,079

they don't they don't get reported

442

00:15:03,430 --> 00:15:01,360

properly by the individuals and then

443

00:15:05,030 --> 00:15:03,440

they don't get documented properly by by

444

00:15:07,430 --> 00:15:05,040

journalists or other outfits that

445

00:15:09,269 --> 00:15:07,440

probably uh should do so i mean when you

446

00:15:10,470 --> 00:15:09,279

know we have mufon and so forth but i

447

00:15:12,790 --> 00:15:10,480

don't think those structures can

448

00:15:14,870 --> 00:15:12,800

overcome the inherent stigma

449

00:15:17,350 --> 00:15:14,880

and and and laugh uh you know the

450

00:15:18,629 --> 00:15:17,360

laughing factor and and people feeling

451  
00:15:19,990 --> 00:15:18,639  
like their reputation might be

452  
00:15:21,590 --> 00:15:20,000  
compromised because they talk about this

453  
00:15:22,550 --> 00:15:21,600  
which is why i feel like disclosure is

454  
00:15:24,710 --> 00:15:22,560  
so

455  
00:15:25,750 --> 00:15:24,720  
uh it's such it's such a necessary

456  
00:15:27,590 --> 00:15:25,760  
demand

457  
00:15:28,949 --> 00:15:27,600  
for our civilization because what we're

458  
00:15:31,509 --> 00:15:28,959  
basically doing

459  
00:15:33,430 --> 00:15:31,519  
is is we're we're pretending something

460  
00:15:35,350 --> 00:15:33,440  
doesn't exist when when it clearly does

461  
00:15:36,389 --> 00:15:35,360  
exist and it's just it's psychotic at

462  
00:15:38,870 --> 00:15:36,399  
the end of the day that's all i gotta

463  
00:15:40,710 --> 00:15:38,880

say about that

464

00:15:42,150 --> 00:15:40,720

i don't know what you know reporting is

465

00:15:43,910 --> 00:15:42,160

cool and i see a lot of people

466

00:15:46,470 --> 00:15:43,920

commenting well you should tell mufon

467

00:15:48,150 --> 00:15:46,480

okay so then they go to mufan and

468

00:15:50,069 --> 00:15:48,160

even if nufon investigated i mean what

469

00:15:51,670 --> 00:15:50,079

happens after that nothing really

470

00:15:53,829 --> 00:15:51,680

so i mean what does reporting actually

471

00:15:55,030 --> 00:15:53,839

do and i think a lot of the um people

472

00:15:57,110 --> 00:15:55,040

that have experiences that get

473

00:15:58,470 --> 00:15:57,120

frustrated they feel like

474

00:16:00,470 --> 00:15:58,480

they should be getting more attention i

475

00:16:01,590 --> 00:16:00,480

get a lot of emails and dms and stuff

476

00:16:03,189 --> 00:16:01,600

like that and

477

00:16:04,870 --> 00:16:03,199

they want more attention people writing

478

00:16:06,389 --> 00:16:04,880

about it people talking to them and i

479

00:16:07,990 --> 00:16:06,399

totally understand them

480

00:16:10,389 --> 00:16:08,000

but um at the end of the day it's just

481

00:16:12,230 --> 00:16:10,399

it's a cool story or interesting story

482

00:16:13,350 --> 00:16:12,240

and um we can't you know the skeptics

483

00:16:15,110 --> 00:16:13,360

are going to say

484

00:16:16,389 --> 00:16:15,120

you know where's the data and all this

485

00:16:17,829 --> 00:16:16,399

and that so

486

00:16:21,030 --> 00:16:17,839

we could say we want them to report it

487

00:16:22,629 --> 00:16:21,040

and that's cool but i just don't know um

488

00:16:25,509 --> 00:16:22,639

you know at the end of the day what

489

00:16:27,110 --> 00:16:25,519

exactly that does other than kind of uh

490

00:16:29,509 --> 00:16:27,120

maybe have some people that are already

491

00:16:31,030 --> 00:16:29,519

interested in ufos thinking about it but

492

00:16:32,230 --> 00:16:31,040

um hopefully that'll change one day and

493

00:16:33,990 --> 00:16:32,240

they'll be

494

00:16:34,870 --> 00:16:34,000

um you know something more that can be

495

00:16:35,990 --> 00:16:34,880

done

496

00:16:36,790 --> 00:16:36,000

it feels like we're kind of hitting the

497

00:16:38,629 --> 00:16:36,800

wall

498

00:16:39,910 --> 00:16:38,639

in a way and maybe finn making these

499

00:16:42,310 --> 00:16:39,920

videos will be

500

00:16:43,670 --> 00:16:42,320

cool and maybe be some um

501  
00:16:45,189 --> 00:16:43,680  
make them feel better people that are

502  
00:16:47,269 --> 00:16:45,199  
having these experiences they get to see

503  
00:16:49,430 --> 00:16:47,279  
them kind of recreated make them feel a

504  
00:16:50,550 --> 00:16:49,440  
little bit better but uh i don't know i

505  
00:16:52,069 --> 00:16:50,560  
mean what does reporting do what do you

506  
00:16:54,150 --> 00:16:52,079  
guys think

507  
00:16:56,069 --> 00:16:54,160  
yeah well i mean what i was gonna say

508  
00:16:57,749 --> 00:16:56,079  
was um yeah i think it's important what

509  
00:16:59,189 --> 00:16:57,759  
what obviously what jay is doing with

510  
00:17:01,269 --> 00:16:59,199  
the experienter group because when

511  
00:17:02,949 --> 00:17:01,279  
people have an experience like that you

512  
00:17:04,789 --> 00:17:02,959  
know uh you know first of all it's

513  
00:17:07,590 --> 00:17:04,799

highly personal right

514

00:17:09,350 --> 00:17:07,600

um so even with the stigma gone to share

515

00:17:11,029 --> 00:17:09,360

something it like that

516

00:17:14,150 --> 00:17:11,039

some of these experiences are very

517

00:17:16,789 --> 00:17:14,160

intimate right um and you yourself are

518

00:17:18,470 --> 00:17:16,799

questioning and and move on and you know

519

00:17:20,150 --> 00:17:18,480

i can't speak for a mufon across the

520

00:17:23,029 --> 00:17:20,160

board but i know they can be very

521

00:17:24,390 --> 00:17:23,039

marginalizing at times um if you just

522

00:17:25,829 --> 00:17:24,400

want to have an example or something

523

00:17:27,990 --> 00:17:25,839

look at what happened with christopher

524

00:17:30,310 --> 00:17:28,000

bledsoe when he went to mufon right

525

00:17:33,270 --> 00:17:30,320

um and i've heard dozens of accounts

526

00:17:35,350 --> 00:17:33,280

like that um where you know

527

00:17:37,029 --> 00:17:35,360

some of the data goes missing videos

528

00:17:38,630 --> 00:17:37,039

disappear

529

00:17:41,750 --> 00:17:38,640

and things like that

530

00:17:43,750 --> 00:17:41,760

you know but i do think the reporting on

531

00:17:45,270 --> 00:17:43,760

such events is important

532

00:17:47,750 --> 00:17:45,280

um especially if there was like some

533

00:17:49,270 --> 00:17:47,760

kind of data collection uh process with

534

00:17:51,669 --> 00:17:49,280

the artificial intelligence to try to

535

00:17:53,510 --> 00:17:51,679

kind of put things into a database so i

536

00:17:55,750 --> 00:17:53,520

appreciate the value in that

537

00:17:57,510 --> 00:17:55,760

but i think first and foremost people

538

00:17:59,190 --> 00:17:57,520

need a place to go you know like the

539

00:18:01,590 --> 00:17:59,200

experience or group

540

00:18:03,669 --> 00:18:01,600

or you know on my end

541

00:18:05,110 --> 00:18:03,679

you know i've been working with um you

542

00:18:07,510 --> 00:18:05,120

know people that do

543

00:18:10,470 --> 00:18:07,520

contact and contact work you know

544

00:18:13,430 --> 00:18:10,480

ce5 and heist

545

00:18:15,510 --> 00:18:13,440

and a lot of people that come to the ce5

546

00:18:16,630 --> 00:18:15,520

worker or you know human initiated

547

00:18:18,230 --> 00:18:16,640

contact

548

00:18:19,430 --> 00:18:18,240

um you know for people who feel safe

549

00:18:21,830 --> 00:18:19,440

about that

550

00:18:24,070 --> 00:18:21,840

is um you know are people who've had

551  
00:18:26,150 --> 00:18:24,080  
experiences and and they they want to

552  
00:18:27,830 --> 00:18:26,160  
take it a step further right

553  
00:18:31,110 --> 00:18:27,840  
um so i think there's a lot of different

554  
00:18:33,350 --> 00:18:31,120  
levels to that and

555  
00:18:36,470 --> 00:18:33,360  
you know it's um i think first and

556  
00:18:38,710 --> 00:18:36,480  
foremost those people need a place to go

557  
00:18:41,110 --> 00:18:38,720  
uh you know where they can you know talk

558  
00:18:43,750 --> 00:18:41,120  
to somebody not just for for the sake of

559  
00:18:45,430 --> 00:18:43,760  
like collecting data but for their own

560  
00:18:46,310 --> 00:18:45,440  
kind of like personal you know what the

561  
00:18:48,310 --> 00:18:46,320  
hell

562  
00:18:50,230 --> 00:18:48,320  
is going on and where am i and and what

563  
00:18:52,950 --> 00:18:50,240

is reality because that's kind of like

564

00:18:54,390 --> 00:18:52,960

the epiphany that people have right so

565

00:18:55,909 --> 00:18:54,400

um

566

00:18:58,150 --> 00:18:55,919

you know the mental health side of

567

00:19:00,789 --> 00:18:58,160

things i think is extremely important

568

00:19:03,430 --> 00:19:00,799

uh and and again for to have that that

569

00:19:06,310 --> 00:19:03,440

sense of kind of community because uh

570

00:19:08,310 --> 00:19:06,320

like what um ryan was saying

571

00:19:10,470 --> 00:19:08,320

uh you know this is this is way more

572

00:19:12,870 --> 00:19:10,480

common than than sometimes we even

573

00:19:14,630 --> 00:19:12,880

realize in the ufo community like people

574

00:19:15,750 --> 00:19:14,640

are having encounters and experiences

575

00:19:18,070 --> 00:19:15,760

every day

576

00:19:20,070 --> 00:19:18,080

and you know even if somebody has

577

00:19:23,350 --> 00:19:20,080

you know something that's not like a

578

00:19:25,510 --> 00:19:23,360

crazy experience right um they have

579

00:19:27,909 --> 00:19:25,520

what you know somebody would assume is

580

00:19:29,110 --> 00:19:27,919

is kind of like an innocent or moderate

581

00:19:31,110 --> 00:19:29,120

experience

582

00:19:33,669 --> 00:19:31,120

uh but to that individual you have no

583

00:19:35,990 --> 00:19:33,679

idea how that has affected them um i

584

00:19:37,990 --> 00:19:36,000

mean i could see a light in the sky and

585

00:19:41,029 --> 00:19:38,000

and think one thing but if i get some

586

00:19:43,110 --> 00:19:41,039

kind of download or precognition or

587

00:19:44,630 --> 00:19:43,120

telepathic communication

588

00:19:46,630 --> 00:19:44,640

you know that's going to kind of like

589

00:19:48,549 --> 00:19:46,640

change the way that i see everything so

590

00:19:50,710 --> 00:19:48,559

it's not just like in kind of innocent

591

00:19:53,510 --> 00:19:50,720

like sighting right there's a whole

592

00:19:56,070 --> 00:19:53,520

kind of process and impact to that

593

00:19:58,310 --> 00:19:56,080

and sometimes again it could be you have

594

00:19:59,350 --> 00:19:58,320

an encounter or sighting like that

595

00:20:01,590 --> 00:19:59,360

and then

596

00:20:03,270 --> 00:20:01,600

you know in within the next week you

597

00:20:04,789 --> 00:20:03,280

know the rest of the experience that you

598

00:20:06,630 --> 00:20:04,799

didn't realize was there just unfolds

599

00:20:08,710 --> 00:20:06,640

and hits you like a ton of bricks

600

00:20:11,750 --> 00:20:08,720

um so

601  
00:20:14,070 --> 00:20:11,760  
again i i think really uh having a place

602  
00:20:15,750 --> 00:20:14,080  
where people can go to kind of

603  
00:20:17,750 --> 00:20:15,760  
discuss those experiences have a sense

604  
00:20:19,270 --> 00:20:17,760  
of community and feel safe first and

605  
00:20:20,789 --> 00:20:19,280  
then you can get to the the data

606  
00:20:23,190 --> 00:20:20,799  
collection side yeah i think that's

607  
00:20:25,110 --> 00:20:23,200  
important

608  
00:20:26,470 --> 00:20:25,120  
thanks james i appreciate that i really

609  
00:20:28,070 --> 00:20:26,480  
appreciate that i appreciate what

610  
00:20:29,029 --> 00:20:28,080  
everybody's been saying here you know i

611  
00:20:31,190 --> 00:20:29,039  
think

612  
00:20:33,190 --> 00:20:31,200  
mufon's tricky i mean for all the

613  
00:20:34,470 --> 00:20:33,200

reasons that people have mentioned and

614

00:20:35,669 --> 00:20:34,480

you know there's other people that have

615

00:20:37,510 --> 00:20:35,679

said you know

616

00:20:39,510 --> 00:20:37,520

they filter out

617

00:20:41,669 --> 00:20:39,520

situations like orbs

618

00:20:42,470 --> 00:20:41,679

like why would you do that they filter

619

00:20:46,149 --> 00:20:42,480

out

620

00:20:47,510 --> 00:20:46,159

cases

621

00:20:50,950 --> 00:20:47,520

that involve

622

00:20:53,110 --> 00:20:50,960

you know telepathic contacts voices they

623

00:20:54,149 --> 00:20:53,120

they filter out so much

624

00:20:55,270 --> 00:20:54,159

of what

625

00:20:56,310 --> 00:20:55,280

makes

626  
00:20:58,230 --> 00:20:56,320  
intimate

627  
00:21:02,789 --> 00:20:58,240  
contact or or

628  
00:21:06,870 --> 00:21:05,190  
that it makes me wonder like why they're

629  
00:21:07,909 --> 00:21:06,880  
even collecting it in the first place

630  
00:21:09,990 --> 00:21:07,919  
sometimes

631  
00:21:12,470 --> 00:21:10,000  
i don't i and this isn't meant you know

632  
00:21:14,789 --> 00:21:12,480  
it's certainly not everybody in mufon i

633  
00:21:17,990 --> 00:21:14,799  
know good people that have worked in

634  
00:21:20,789 --> 00:21:18,000  
that operation but just as

635  
00:21:22,470 --> 00:21:20,799  
a bureaucratic or strategic effort in

636  
00:21:25,270 --> 00:21:22,480  
terms of collection

637  
00:21:27,830 --> 00:21:25,280  
if you're filtering out

638  
00:21:28,950 --> 00:21:27,840

uh it's stuff as simple as orbs like i

639

00:21:31,750 --> 00:21:28,960

don't know

640

00:21:34,310 --> 00:21:31,760

you know are you more just wanting to

641

00:21:37,270 --> 00:21:34,320

make a flagging device for

642

00:21:38,950 --> 00:21:37,280

for for um military craft it's for

643

00:21:40,710 --> 00:21:38,960

secret military craft is that what

644

00:21:43,190 --> 00:21:40,720

you're doing because if you're filtering

645

00:21:44,710 --> 00:21:43,200

out all the rest of this stuff

646

00:21:45,830 --> 00:21:44,720

then you're going to be filtering out

647

00:21:48,870 --> 00:21:45,840

like

648

00:21:51,270 --> 00:21:48,880

you know so much of what actually goes

649

00:21:54,149 --> 00:21:51,280

down in situations like this with with

650

00:21:57,190 --> 00:21:54,159

the phenomenon and high strangeness and

651  
00:21:59,909 --> 00:21:57,200  
other species you know if they just want

652  
00:22:02,390 --> 00:21:59,919  
you know if they just want a list of of

653  
00:22:05,380 --> 00:22:02,400  
encounters with experimental aircraft

654  
00:22:07,510 --> 00:22:05,390  
that's one thing but you know anyway

655  
00:22:10,390 --> 00:22:07,520  
[Music]

656  
00:22:12,310 --> 00:22:10,400  
that's helpful out here in texas um and

657  
00:22:13,110 --> 00:22:12,320  
i'm over here knocking mufon but let me

658  
00:22:14,950 --> 00:22:13,120  
uh

659  
00:22:16,630 --> 00:22:14,960  
take a step back on that is the local

660  
00:22:18,870 --> 00:22:16,640  
groups and i guess that kind of comes

661  
00:22:20,230 --> 00:22:18,880  
into what jay's doing you know when

662  
00:22:22,789 --> 00:22:20,240  
because i've been to local mufon

663  
00:22:24,230 --> 00:22:22,799

meetings and it's just people in a room

664

00:22:25,909 --> 00:22:24,240

talking about their experiences and

665

00:22:27,430 --> 00:22:25,919

having human connection and that's what

666

00:22:29,110 --> 00:22:27,440

james was saying too and i think that's

667

00:22:31,350 --> 00:22:29,120

very powerful and helpful

668

00:22:32,950 --> 00:22:31,360

you know i kind of question

669

00:22:35,029 --> 00:22:32,960

uh and i think these databases were

670

00:22:37,029 --> 00:22:35,039

awesome when maybe like bigelow was

671

00:22:38,470 --> 00:22:37,039

getting a chance to look over the things

672

00:22:39,990 --> 00:22:38,480

but yeah i thought there's the other

673

00:22:41,909 --> 00:22:40,000

side of it when i'm getting emails about

674

00:22:43,350 --> 00:22:41,919

a story or even a video and it's just

675

00:22:45,029 --> 00:22:43,360

like i can't really do anything with

676

00:22:46,710 --> 00:22:45,039

this they're sending it to mufon i'm

677

00:22:48,310 --> 00:22:46,720

like or i'll say you have you sent it to

678

00:22:50,149 --> 00:22:48,320

mufon they say yeah i've sent it i said

679

00:22:51,270 --> 00:22:50,159

it in a year ago i said it six months

680

00:22:53,990 --> 00:22:51,280

ago it's a dead end it didn't do

681

00:22:55,669 --> 00:22:54,000

anything for me but yeah the group uh

682

00:22:57,750 --> 00:22:55,679

the group aspect or the face-to-face

683

00:22:59,750 --> 00:22:57,760

aspect where people get to talk to each

684

00:23:01,830 --> 00:22:59,760

other of course that's really extremely

685

00:23:02,870 --> 00:23:01,840

important and fun and it's cool to see

686

00:23:04,710 --> 00:23:02,880

other people that are interested in the

687

00:23:05,669 --> 00:23:04,720

same thing as you not just on the

688

00:23:07,590 --> 00:23:05,679

internet

689

00:23:09,909 --> 00:23:07,600

um and that's kind of cool for the local

690

00:23:11,590 --> 00:23:09,919

mufon groups but yeah i don't know it's

691

00:23:14,470 --> 00:23:11,600

hard you know we can't

692

00:23:15,750 --> 00:23:14,480

uh bring this uh some people think that

693

00:23:18,230 --> 00:23:15,760

after they've had an experience it

694

00:23:20,070 --> 00:23:18,240

should be like disclosure for the world

695

00:23:21,990 --> 00:23:20,080

and um it just doesn't work that way

696

00:23:24,230 --> 00:23:22,000

others haven't seen what you've seen and

697

00:23:26,310 --> 00:23:24,240

but we're all trying our best and um and

698

00:23:28,630 --> 00:23:26,320

i think the the group uh

699

00:23:30,310 --> 00:23:28,640

the group almost therapy aspect of it

700

00:23:32,070 --> 00:23:30,320

will always be very important for people

701  
00:23:34,870 --> 00:23:32,080  
because i've seen people that were super

702  
00:23:36,390 --> 00:23:34,880  
scared and we all have you know and

703  
00:23:38,470 --> 00:23:36,400  
people that have had life-changing

704  
00:23:40,470 --> 00:23:38,480  
experiences like james was talking about

705  
00:23:43,110 --> 00:23:40,480  
so it's great i had a uh i went to a

706  
00:23:45,110 --> 00:23:43,120  
luffa meeting and the guy came with uh

707  
00:23:46,310 --> 00:23:45,120  
x-rays of some chip that was in his neck

708  
00:23:47,350 --> 00:23:46,320  
and he was passing around showing them

709  
00:23:49,909 --> 00:23:47,360  
to people

710  
00:23:51,269 --> 00:23:49,919  
so it's uh it's wild stuff and um i

711  
00:23:53,430 --> 00:23:51,279  
can't discount it

712  
00:23:54,710 --> 00:23:53,440  
um but yeah at the on the other side

713  
00:23:57,430 --> 00:23:54,720

when you're just sending something in

714

00:23:59,190 --> 00:23:57,440

and emailing it and expecting

715

00:24:01,430 --> 00:23:59,200

tons of people to contact you and follow

716

00:24:03,669 --> 00:24:01,440

up with it uh that may necessarily not

717

00:24:04,950 --> 00:24:03,679

happen unfortunately

718

00:24:06,470 --> 00:24:04,960

yeah that's really interesting i think

719

00:24:08,070 --> 00:24:06,480

something i notice is that a lot of

720

00:24:10,149 --> 00:24:08,080

people that

721

00:24:11,590 --> 00:24:10,159

jump onto social media to talk about it

722

00:24:13,350 --> 00:24:11,600

obviously there's a

723

00:24:15,669 --> 00:24:13,360

we know the problems with social media

724

00:24:17,029 --> 00:24:15,679

and the bashings that people can get

725

00:24:18,789 --> 00:24:17,039

you know i think a lot of frustration

726

00:24:21,110 --> 00:24:18,799

comes in with that like

727

00:24:22,310 --> 00:24:21,120

people may only have their word and

728

00:24:23,750 --> 00:24:22,320

their story

729

00:24:25,110 --> 00:24:23,760

and to a lot of people they just want

730

00:24:27,190 --> 00:24:25,120

data they want evidence they want

731

00:24:28,789 --> 00:24:27,200

photographs and videos

732

00:24:30,630 --> 00:24:28,799

and they they kind of ask for that

733

00:24:32,870 --> 00:24:30,640

before even taking into consideration

734

00:24:34,149 --> 00:24:32,880

the person and their feelings and

735

00:24:35,990 --> 00:24:34,159

you know how they're dealing with this

736

00:24:38,630 --> 00:24:36,000

so i think that something does need to

737

00:24:40,390 --> 00:24:38,640

be done but i suppose there's no

738

00:24:41,909 --> 00:24:40,400

magic answer to that that's just going

739

00:24:44,149 --> 00:24:41,919

to happen overnight so you know some

740

00:24:45,110 --> 00:24:44,159

really good points really good points

741

00:24:48,950 --> 00:24:45,120

um

742

00:24:50,470 --> 00:24:48,960

everyone was feeling with regards to the

743

00:24:52,390 --> 00:24:50,480

current state of play in the government

744

00:24:55,430 --> 00:24:52,400

and the congress with the announcement

745

00:24:58,230 --> 00:24:55,440

of arrow or however it's pronounced and

746

00:25:01,990 --> 00:24:58,240

then we've still got this um

747

00:25:04,390 --> 00:25:02,000

language moving forward in the iaa ndaa

748

00:25:07,269 --> 00:25:04,400

that will set up this other office which

749

00:25:08,710 --> 00:25:07,279

is the i can't remember all the acronyms

750

00:25:10,950 --> 00:25:08,720

where is it

751

00:25:13,350 --> 00:25:10,960

the unidentified aerospace undersea

752

00:25:15,110 --> 00:25:13,360

phenomena joint program office you know

753

00:25:17,029 --> 00:25:15,120

it seems almost to me a bit of a repeat

754

00:25:18,470 --> 00:25:17,039

of last year we had the announcement of

755

00:25:20,789 --> 00:25:18,480

the gillibrand amendment looking to

756

00:25:23,110 --> 00:25:20,799

create a new office and then

757

00:25:25,510 --> 00:25:23,120

aoi msg flew in out of nowhere it just

758

00:25:26,950 --> 00:25:25,520

seems like a repeating pattern

759

00:25:28,710 --> 00:25:26,960

but what does everyone else think about

760

00:25:30,710 --> 00:25:28,720

that how are we moving forward with this

761

00:25:33,029 --> 00:25:30,720

or is it just same thing year in year

762

00:25:35,350 --> 00:25:33,039

out at the moment

763

00:25:36,870 --> 00:25:35,360

um yeah i mean i'd say

764

00:25:38,710 --> 00:25:36,880

oh go ahead danny

765

00:25:39,909 --> 00:25:38,720

oh i i was speaking on this earlier

766

00:25:41,750 --> 00:25:39,919

already i think there's definitely

767

00:25:44,310 --> 00:25:41,760

movement there's a amazing great

768

00:25:45,909 --> 00:25:44,320

movement and the it's like we always get

769

00:25:47,350 --> 00:25:45,919

excited all of us do we get excited when

770

00:25:49,990 --> 00:25:47,360

we see these terms

771

00:25:51,830 --> 00:25:50,000

in the government um wording and it's

772

00:25:52,870 --> 00:25:51,840

amazing and i love it and i get really

773

00:25:54,549 --> 00:25:52,880

excited

774

00:25:55,430 --> 00:25:54,559

um and then at the same time a part of

775

00:25:57,190 --> 00:25:55,440

me is

776

00:25:59,590 --> 00:25:57,200

uh

777

00:26:02,630 --> 00:25:59,600

skeptical because we're wondering you

778

00:26:05,190 --> 00:26:02,640

know we're seeing words um coming around

779

00:26:05,990 --> 00:26:05,200

uh you know where they're failing and

780

00:26:08,149 --> 00:26:06,000

they're up against the

781

00:26:10,149 --> 00:26:08,159

military-industrial complex and then we

782

00:26:12,149 --> 00:26:10,159

talk to other people and they're saying

783

00:26:14,149 --> 00:26:12,159

no everything is amazing what's going on

784

00:26:16,630 --> 00:26:14,159

right now congress is getting shown

785

00:26:17,750 --> 00:26:16,640

where the secret programs are um you

786

00:26:20,310 --> 00:26:17,760

know

787

00:26:22,390 --> 00:26:20,320

and so i have like two sides of me

788

00:26:24,310 --> 00:26:22,400

on each shoulder right now and i'm just

789

00:26:25,750 --> 00:26:24,320

i'm just kind of waiting to see um i

790

00:26:28,230 --> 00:26:25,760

know that there's been more progress

791

00:26:29,909 --> 00:26:28,240

than ever the wording is amazing i also

792

00:26:32,070 --> 00:26:29,919

know that some of this stuff is kind of

793

00:26:32,950 --> 00:26:32,080

a mess and we can't take people's word

794

00:26:34,789 --> 00:26:32,960

for it

795

00:26:37,029 --> 00:26:34,799

um and just trust

796

00:26:38,710 --> 00:26:37,039

uh what's going on so i definitely see

797

00:26:40,230 --> 00:26:38,720

both sides of it me and james have

798

00:26:41,830 --> 00:26:40,240

talked about this uh privately a few

799

00:26:44,630 --> 00:26:41,840

times so i'm interested in hearing what

800

00:26:46,230 --> 00:26:44,640

james says as well

801  
00:26:47,909 --> 00:26:46,240  
uh yeah i was going to say i mean you

802  
00:26:49,350 --> 00:26:47,919  
can see that the language is more

803  
00:26:50,950 --> 00:26:49,360  
refined right

804  
00:26:52,470 --> 00:26:50,960  
so i think

805  
00:26:54,789 --> 00:26:52,480  
probably kind of to what danny was

806  
00:26:55,510 --> 00:26:54,799  
saying you know they they thought they

807  
00:26:58,390 --> 00:26:55,520  
had

808  
00:27:00,870 --> 00:26:58,400  
everything done but they they kind of

809  
00:27:03,350 --> 00:27:00,880  
did their attempt and then they saw what

810  
00:27:05,510 --> 00:27:03,360  
what the the hurdles were after that

811  
00:27:07,029 --> 00:27:05,520  
when you know when the resistance pushed

812  
00:27:08,470 --> 00:27:07,039  
back and they're like okay we have to be

813  
00:27:10,549 --> 00:27:08,480

more specific

814

00:27:11,669 --> 00:27:10,559

and again now they have the the len you

815

00:27:12,789 --> 00:27:11,679

know they're putting in language for

816

00:27:14,230 --> 00:27:12,799

immunity

817

00:27:16,390 --> 00:27:14,240

um

818

00:27:18,470 --> 00:27:16,400

so i i think there

819

00:27:19,990 --> 00:27:18,480

there is incredible progress

820

00:27:22,710 --> 00:27:20,000

um

821

00:27:27,430 --> 00:27:24,950

i mean on so many different levels you

822

00:27:29,590 --> 00:27:27,440

know you have uh you know dr gary nolan

823

00:27:31,029 --> 00:27:29,600

is is doing these papers

824

00:27:32,870 --> 00:27:31,039

and

825

00:27:34,470 --> 00:27:32,880

super clever guy he's he's already

826

00:27:36,310 --> 00:27:34,480

setting the stage for what's to come

827

00:27:39,269 --> 00:27:36,320

afterwards so you know

828

00:27:41,350 --> 00:27:39,279

and and and giving a kind of a way to

829

00:27:43,110 --> 00:27:41,360

show people how you can

830

00:27:44,950 --> 00:27:43,120

contribute to this field with peer

831

00:27:46,549 --> 00:27:44,960

review right so he's he's already

832

00:27:48,230 --> 00:27:46,559

setting all that up

833

00:27:49,190 --> 00:27:48,240

and

834

00:27:51,750 --> 00:27:49,200

you know

835

00:27:53,510 --> 00:27:51,760

on an academic level i i've heard that

836

00:27:55,430 --> 00:27:53,520

there's there's way more interest than

837

00:27:57,190 --> 00:27:55,440

ever and everybody is like scrambling i

838

00:28:00,070 --> 00:27:57,200

i have academics

839

00:28:02,789 --> 00:28:00,080

dming me saying hey how can i get

840

00:28:04,870 --> 00:28:02,799

involved in this who should i talk to

841

00:28:06,549 --> 00:28:04,880

and you know i want to be able to to

842

00:28:09,029 --> 00:28:06,559

contribute to the field with my

843

00:28:11,830 --> 00:28:09,039

specialties you know what i mean so

844

00:28:13,669 --> 00:28:11,840

um there's that too but as far as the

845

00:28:16,470 --> 00:28:13,679

government end

846

00:28:18,389 --> 00:28:16,480

you know i've heard that

847

00:28:20,149 --> 00:28:18,399

you know there's already

848

00:28:22,389 --> 00:28:20,159

organizing going on behind the scenes

849

00:28:24,310 --> 00:28:22,399

that there's there's money that's that's

850

00:28:26,710 --> 00:28:24,320

supposed to be available

851

00:28:28,070 --> 00:28:26,720

i'm very optimistic i i think of course

852

00:28:29,430 --> 00:28:28,080

there's still going to be roadblocks

853

00:28:31,590 --> 00:28:29,440

right and and that's where they're gonna

854

00:28:33,830 --> 00:28:31,600

have to do like a trial and error

855

00:28:35,190 --> 00:28:33,840

in how they they move forward

856

00:28:38,149 --> 00:28:35,200

but

857

00:28:39,830 --> 00:28:38,159

you know i you know and i i spoke to jim

858

00:28:42,070 --> 00:28:39,840

semivan on my channel and people saw

859

00:28:45,350 --> 00:28:42,080

that and i asked him some questions

860

00:28:46,630 --> 00:28:45,360

regarding some of this because obviously

861

00:28:50,310 --> 00:28:46,640

you know some of the things that are

862

00:28:52,710 --> 00:28:50,320

going on involve the legacy programs

863

00:28:54,789 --> 00:28:52,720

and you know even if if people within

864

00:28:57,029 --> 00:28:54,799

those programs want to help they can't

865

00:28:59,190 --> 00:28:57,039

just make that decision on their own

866

00:29:04,549 --> 00:28:59,200

so you kind of need cooperation on both

867

00:29:08,149 --> 00:29:06,470

jay oh ryan anything how do you feel

868

00:29:10,310 --> 00:29:08,159

about it i'll just jump in i i

869

00:29:12,149 --> 00:29:10,320

definitely think there's been progress i

870

00:29:13,269 --> 00:29:12,159

think progress can manifest in multiple

871

00:29:14,950 --> 00:29:13,279

ways

872

00:29:17,110 --> 00:29:14,960

there's progress when you when you see

873

00:29:18,389 --> 00:29:17,120

that the congress have not let up they

874

00:29:20,789 --> 00:29:18,399

have they have maintained the course

875

00:29:23,190 --> 00:29:20,799

they have not given up they have not

876

00:29:25,430 --> 00:29:23,200

their interest in pursuing this this

877

00:29:27,190 --> 00:29:25,440

issue has not diminished it's it's

878

00:29:29,350 --> 00:29:27,200

maintained itself it's gotten stronger

879

00:29:31,430 --> 00:29:29,360

you have to ask yourself why is that uh

880

00:29:33,350 --> 00:29:31,440

you know you have uh two presidential

881

00:29:36,549 --> 00:29:33,360

hopefuls that are that are very

882

00:29:38,549 --> 00:29:36,559

important in what's going on marco rubio

883

00:29:40,389 --> 00:29:38,559

and gillibrand

884

00:29:41,909 --> 00:29:40,399

they're gonna run again and and i mean

885

00:29:43,750 --> 00:29:41,919

do they do you do any of us really think

886

00:29:45,830 --> 00:29:43,760

that they would want to come out looking

887

00:29:47,909 --> 00:29:45,840

like kooks by pursuing uap with with

888

00:29:50,389 --> 00:29:47,919

this level of uh gusto if there's not

889

00:29:52,070 --> 00:29:50,399

something there uh there's there's a

890

00:29:53,590 --> 00:29:52,080

hell of a lot of smoke you know the

891

00:29:54,870 --> 00:29:53,600

skeptics will tell you that it's a mind

892

00:29:56,789 --> 00:29:54,880

virus

893

00:29:57,909 --> 00:29:56,799

they'll tell you that it's just a a

894

00:29:59,990 --> 00:29:57,919

couple

895

00:30:01,750 --> 00:30:00,000

over enthusiastic ufo fans in the

896

00:30:05,750 --> 00:30:01,760

government that have somehow

897

00:30:07,669 --> 00:30:05,760

managed to influence uh our congress and

898

00:30:09,510 --> 00:30:07,679

national security

899

00:30:11,269 --> 00:30:09,520

personnel to talk about this as if it's

900

00:30:13,029 --> 00:30:11,279

a real issue i don't really understand

901  
00:30:13,750 --> 00:30:13,039  
their logic but that's some of them seem

902  
00:30:17,110 --> 00:30:13,760  
to

903  
00:30:19,110 --> 00:30:17,120  
uh feel strongly about that narrative

904  
00:30:20,710 --> 00:30:19,120  
as james was saying there has been a

905  
00:30:22,389 --> 00:30:20,720  
refinement to the language and the way i

906  
00:30:24,789 --> 00:30:22,399  
would look at it is this the sword has

907  
00:30:26,310 --> 00:30:24,799  
been sharpened further they know what

908  
00:30:27,350 --> 00:30:26,320  
kind of opposition they're going up

909  
00:30:29,430 --> 00:30:27,360  
against

910  
00:30:31,269 --> 00:30:29,440  
uh like for example

911  
00:30:32,710 --> 00:30:31,279  
the language has has

912  
00:30:34,070 --> 00:30:32,720  
progressed to the point where they're

913  
00:30:36,870 --> 00:30:34,080

talking about you know they're not

914

00:30:38,789 --> 00:30:36,880

interested in pursuing objects if they

915

00:30:39,990 --> 00:30:38,799

know they're man-made so anyone who

916

00:30:41,590 --> 00:30:40,000

wants to say well this is just all about

917

00:30:43,830 --> 00:30:41,600

drones everybody right just chinese

918

00:30:45,830 --> 00:30:43,840

drones and russian drones well no

919

00:30:48,149 --> 00:30:45,840

this new office doesn't give a

920

00:30:49,990 --> 00:30:48,159

you-know-what about chinese drones or

921

00:30:51,750 --> 00:30:50,000

russian drones the second that it's

922

00:30:54,789 --> 00:30:51,760

ascertained that what they're looking at

923

00:30:56,870 --> 00:30:54,799

is drones guess what that content

924

00:30:59,190 --> 00:30:56,880

that material that they've attained goes

925

00:31:01,669 --> 00:30:59,200

to somewhere else okay so it's pretty

926  
00:31:04,470 --> 00:31:01,679  
obvious what congress is uh you know

927  
00:31:06,149 --> 00:31:04,480  
suspicious of at this point and i think

928  
00:31:08,389 --> 00:31:06,159  
some of the new languages is is the

929  
00:31:10,389 --> 00:31:08,399  
result of people on the inside

930  
00:31:12,310 --> 00:31:10,399  
whispering into members of congress ears

931  
00:31:13,990 --> 00:31:12,320  
right do i think that this would

932  
00:31:15,430 --> 00:31:14,000  
progress to this point

933  
00:31:18,070 --> 00:31:15,440  
if there wasn't something really

934  
00:31:20,070 --> 00:31:18,080  
foundational and substantive underneath

935  
00:31:21,909 --> 00:31:20,080  
it all no i really don't think so i

936  
00:31:23,909 --> 00:31:21,919  
don't buy into the mind virus or the

937  
00:31:25,909 --> 00:31:23,919  
gullible analysis narrative that some of

938  
00:31:27,750 --> 00:31:25,919

the skeptics do and and the longer this

939

00:31:31,190 --> 00:31:27,760

goes on the more that narrative looks

940

00:31:33,509 --> 00:31:31,200

ridiculous and and biased my opinion

941

00:31:35,669 --> 00:31:33,519

uh yeah you you also you have the

942

00:31:38,149 --> 00:31:35,679

immunity uh you have the whistleblower

943

00:31:40,630 --> 00:31:38,159

protection you have the

944

00:31:42,549 --> 00:31:40,640

trying to take away the cap for

945

00:31:43,990 --> 00:31:42,559

employees of like legacy programs so

946

00:31:45,590 --> 00:31:44,000

that they can sue

947

00:31:48,470 --> 00:31:45,600

uh their employers for as much as they

948

00:31:49,509 --> 00:31:48,480

want if if they're threatened or or

949

00:31:50,710 --> 00:31:49,519

if they're

950

00:31:55,590 --> 00:31:50,720

uh

951  
00:31:58,470 --> 00:31:55,600  
have the the the protections to to take

952  
00:32:00,789 --> 00:31:58,480  
away the ndas you have you have them

953  
00:32:02,630 --> 00:32:00,799  
looking into like the historical record

954  
00:32:04,149 --> 00:32:02,640  
what have they known what what's what

955  
00:32:06,549 --> 00:32:04,159  
you know they what they they're looking

956  
00:32:07,830 --> 00:32:06,559  
at the whole thing and you know yeah on

957  
00:32:09,509 --> 00:32:07,840  
the one hand you you do have to be

958  
00:32:12,149 --> 00:32:09,519  
careful you you don't want to be too

959  
00:32:13,909 --> 00:32:12,159  
optimistic but on the other hand i just

960  
00:32:15,190 --> 00:32:13,919  
i think i personally think this is all

961  
00:32:17,990 --> 00:32:15,200  
unraveling

962  
00:32:19,509 --> 00:32:18,000  
uh i i don't think that the secrecy can

963  
00:32:21,029 --> 00:32:19,519

maintain itself much longer with this

964

00:32:22,950 --> 00:32:21,039

kind of pressure

965

00:32:24,310 --> 00:32:22,960

um i don't think the the secret keepers

966

00:32:25,590 --> 00:32:24,320

if you want to call that call them that

967

00:32:26,950 --> 00:32:25,600

i don't think they're magicians i don't

968

00:32:29,190 --> 00:32:26,960

think they're sorcerers i think when

969

00:32:31,029 --> 00:32:29,200

enough pressure builds over time

970

00:32:33,110 --> 00:32:31,039

it's going to crack because it has to

971

00:32:36,149 --> 00:32:33,120

and that's just physics if you will

972

00:32:37,509 --> 00:32:36,159

and so so i think that this only goes in

973

00:32:40,789 --> 00:32:37,519

one direction

974

00:32:42,710 --> 00:32:40,799

and i also think that it's it's going to

975

00:32:43,909 --> 00:32:42,720

increase the momentum is going to

976  
00:32:45,190 --> 00:32:43,919  
increase we're not going to hit us we're

977  
00:32:47,669 --> 00:32:45,200  
not it's not going to we're not going to

978  
00:32:49,110 --> 00:32:47,679  
hit a stalemate it's not going to slow

979  
00:32:50,950 --> 00:32:49,120  
down i think the momentum is going to

980  
00:32:53,750 --> 00:32:50,960  
increase and eventually what what's

981  
00:32:54,710 --> 00:32:53,760  
going to maybe be one of the huge cracks

982  
00:32:56,470 --> 00:32:54,720  
in all this is we're going to learn

983  
00:32:58,310 --> 00:32:56,480  
about legacy programs and we're going to

984  
00:32:59,430 --> 00:32:58,320  
learn that hundreds of millions billions

985  
00:33:01,750 --> 00:32:59,440  
of dollars have been going into these

986  
00:33:03,190 --> 00:33:01,760  
legacy programs over decades and it's

987  
00:33:05,029 --> 00:33:03,200  
just going to be like the next phase

988  
00:33:07,909 --> 00:33:05,039

right we first we learned about atip

989

00:33:09,350 --> 00:33:07,919

then we learned about asap right those

990

00:33:11,029 --> 00:33:09,360

two programs

991

00:33:12,789 --> 00:33:11,039

but it's like i mean

992

00:33:15,190 --> 00:33:12,799

even the congress i think it was mike

993

00:33:16,470 --> 00:33:15,200

gallagher and i'm sure he's speaking for

994

00:33:17,830 --> 00:33:16,480

a lot of the other members of congress

995

00:33:20,149 --> 00:33:17,840

he's like look

996

00:33:20,950 --> 00:33:20,159

there is no way in the universe that

997

00:33:23,110 --> 00:33:20,960

from

998

00:33:25,509 --> 00:33:23,120

the close of project blue book to the

999

00:33:27,269 --> 00:33:25,519

implementation of of awesome a tip there

1000

00:33:28,710 --> 00:33:27,279

were no other programs nobody believes

1001

00:33:31,590 --> 00:33:28,720

that nobody believes that because it's

1002

00:33:33,750 --> 00:33:31,600

because it's preposterous right so just

1003

00:33:35,269 --> 00:33:33,760

basic common sense tells you there are

1004

00:33:37,350 --> 00:33:35,279

other programs and i'm gonna tell you

1005

00:33:38,950 --> 00:33:37,360

right now my opinion is the congress is

1006

00:33:40,870 --> 00:33:38,960

going to pursue

1007

00:33:43,110 --> 00:33:40,880

uh getting to the bottom of what those

1008

00:33:45,269 --> 00:33:43,120

programs were what they learned

1009

00:33:48,789 --> 00:33:45,279

until it happens because and reinventing

1010

00:33:50,870 --> 00:33:48,799

the wheel is a disgusting um disrespect

1011

00:33:52,070 --> 00:33:50,880

to american taxpayer dollars the last

1012

00:33:53,909 --> 00:33:52,080

thing we want to do is reinvent the

1013

00:33:55,669 --> 00:33:53,919

wheel uh no one in congress wants to

1014

00:33:57,590 --> 00:33:55,679

reinvent the wheel and i'm sure there's

1015

00:33:59,350 --> 00:33:57,600

patriots within our own government who

1016

00:34:01,590 --> 00:33:59,360

are who are intimately connected with

1017

00:34:02,789 --> 00:34:01,600

this topic or like no we are not we are

1018

00:34:04,630 --> 00:34:02,799

not reinventing the wheel because let's

1019

00:34:06,710 --> 00:34:04,640

not forget there are people who want the

1020

00:34:08,470 --> 00:34:06,720

secrecy to be maintained but there are

1021

00:34:10,310 --> 00:34:08,480

also people who have connections that

1022

00:34:12,069 --> 00:34:10,320

don't want the secrecy to maintain it is

1023

00:34:14,230 --> 00:34:12,079

not a monolithic thing this is like a

1024

00:34:16,389 --> 00:34:14,240

war and there's people like elizondo

1025

00:34:18,389 --> 00:34:16,399

that are that are up in government and

1026

00:34:20,230 --> 00:34:18,399

are and are employed right now by the

1027

00:34:22,149 --> 00:34:20,240

government elizando's book's going to be

1028

00:34:24,550 --> 00:34:22,159

coming out elizano is not going to sit

1029

00:34:25,909 --> 00:34:24,560

on his laurels um chris mellon is not

1030

00:34:27,510 --> 00:34:25,919

going to sit on his laurels the pressure

1031

00:34:29,589 --> 00:34:27,520

is going to continue

1032

00:34:31,030 --> 00:34:29,599

and um you know what let's uh let's see

1033

00:34:32,230 --> 00:34:31,040

what happens in a year let's see what

1034

00:34:34,310 --> 00:34:32,240

happens in two years let's see what

1035

00:34:36,069 --> 00:34:34,320

happens in three years i do not buy that

1036

00:34:37,909 --> 00:34:36,079

this is just this is going to fizzle out

1037

00:34:39,589 --> 00:34:37,919

no it's not going to fizzle out because

1038

00:34:41,909 --> 00:34:39,599

that's you know ever every every secret

1039

00:34:43,829 --> 00:34:41,919

has an expiration date and that milk is

1040

00:34:45,750 --> 00:34:43,839

getting real stinky and it's like we're

1041

00:34:47,190 --> 00:34:45,760

already past the expiration date so the

1042

00:34:49,589 --> 00:34:47,200

inevitable is the the inevitable and

1043

00:34:51,270 --> 00:34:49,599

that's all i got to say about that

1044

00:34:53,190 --> 00:34:51,280

amazing jay

1045

00:34:55,510 --> 00:34:53,200

well it's really it's always going to be

1046

00:34:56,470 --> 00:34:55,520

hard to follow up ufo jesus but i'll try

1047

00:34:57,430 --> 00:34:56,480

my best

1048

00:34:58,790 --> 00:34:57,440

um

1049

00:35:02,230 --> 00:34:58,800

you know i i

1050

00:35:04,310 --> 00:35:02,240

i i agree with the sentiment and i'm

1051  
00:35:06,550 --> 00:35:04,320  
very optimistic um

1052  
00:35:07,990 --> 00:35:06,560  
i'm not necessarily optimistic about

1053  
00:35:10,470 --> 00:35:08,000  
arrow itself

1054  
00:35:12,310 --> 00:35:10,480  
i'm at i'm more optimistic about the

1055  
00:35:14,069 --> 00:35:12,320  
language about funding

1056  
00:35:18,470 --> 00:35:14,079  
um going from

1057  
00:35:21,910 --> 00:35:18,480  
ndaa and iaa going into next year um i

1058  
00:35:25,510 --> 00:35:21,920  
do think that the office needs to be

1059  
00:35:27,589 --> 00:35:25,520  
outside of the clutches of ousdi

1060  
00:35:29,030 --> 00:35:27,599  
where it's been since you know lou got

1061  
00:35:30,710 --> 00:35:29,040  
fed up and quit

1062  
00:35:33,270 --> 00:35:30,720  
um i don't

1063  
00:35:35,430 --> 00:35:33,280

i don't think susan should be sending us

1064

00:35:36,630 --> 00:35:35,440

the email updates on the aero twitter

1065

00:35:38,150 --> 00:35:36,640

you know what i mean like i don't think

1066

00:35:39,829 --> 00:35:38,160

that that should be happening

1067

00:35:40,870 --> 00:35:39,839

um i

1068

00:36:05,109 --> 00:35:40,880

i

1069

00:36:07,829 --> 00:36:05,119

you know as

1070

00:36:10,310 --> 00:36:07,839

researchers as experiencers as

1071

00:36:13,270 --> 00:36:10,320

enthusiasts as

1072

00:36:14,870 --> 00:36:13,280

whoever is in this community right we we

1073

00:36:16,470 --> 00:36:14,880

tend to

1074

00:36:19,270 --> 00:36:16,480

look

1075

00:36:20,950 --> 00:36:19,280

at for validation from authority figures

1076

00:36:22,470 --> 00:36:20,960

sometimes and

1077

00:36:24,710 --> 00:36:22,480

and it gets into a really tricky

1078

00:36:26,550 --> 00:36:24,720

scenario because like as much

1079

00:36:28,230 --> 00:36:26,560

as i want that so much when we're

1080

00:36:31,109 --> 00:36:28,240

talking about the military industrial

1081

00:36:32,310 --> 00:36:31,119

complex in congress it's and thinking

1082

00:36:33,589 --> 00:36:32,320

that like

1083

00:36:36,230 --> 00:36:33,599

you know

1084

00:36:39,190 --> 00:36:36,240

we hope for the best and we also have to

1085

00:36:40,550 --> 00:36:39,200

anticipate not necessarily the worst but

1086

00:36:42,550 --> 00:36:40,560

we're basically talking about a

1087

00:36:44,870 --> 00:36:42,560

situation where it's like megatron and

1088

00:36:46,630 --> 00:36:44,880

cobra commander are like trying to come

1089

00:36:49,270 --> 00:36:46,640

to like some kind of

1090

00:36:50,790 --> 00:36:49,280

an understanding and we're gonna expect

1091

00:36:51,910 --> 00:36:50,800

something good to come out of that you

1092

00:36:54,790 --> 00:36:51,920

know what i mean

1093

00:36:57,270 --> 00:36:54,800

and uh and like i don't you know

1094

00:36:59,030 --> 00:36:57,280

it's it would be

1095

00:37:00,950 --> 00:36:59,040

i was joking about this the other day

1096

00:37:02,390 --> 00:37:00,960

and i think that we're one of the only

1097

00:37:04,310 --> 00:37:02,400

communities

1098

00:37:05,589 --> 00:37:04,320

in all of the united states right now

1099

00:37:06,950 --> 00:37:05,599

where we could think that something

1100

00:37:10,230 --> 00:37:06,960

great's going to come out of congress

1101  
00:37:12,630 --> 00:37:10,240  
these days like what other community has

1102  
00:37:14,470 --> 00:37:12,640  
deluded themselves into thinking that

1103  
00:37:15,430 --> 00:37:14,480  
you know with inflation the way that it

1104  
00:37:23,829 --> 00:37:15,440  
is

1105  
00:37:25,109 --> 00:37:23,839  
out of these [h\_\_h] these days i stay

1106  
00:37:27,510 --> 00:37:25,119  
relatively

1107  
00:37:29,829 --> 00:37:27,520  
you know free of politics in terms of

1108  
00:37:31,190 --> 00:37:29,839  
what i talk about you know partially due

1109  
00:37:33,190 --> 00:37:31,200  
to the experienter group partially

1110  
00:37:35,270 --> 00:37:33,200  
because like i just don't want it

1111  
00:37:37,270 --> 00:37:35,280  
clouding people's

1112  
00:37:38,310 --> 00:37:37,280  
people being able to hear me about other

1113  
00:37:40,630 --> 00:37:38,320

topics

1114

00:37:41,589 --> 00:37:40,640

but there's a reason why i avoid you

1115

00:37:43,270 --> 00:37:41,599

know

1116

00:37:45,109 --> 00:37:43,280

sometimes

1117

00:37:46,790 --> 00:37:45,119

that and it's because like i don't

1118

00:37:48,790 --> 00:37:46,800

believe in those people i don't believe

1119

00:37:51,030 --> 00:37:48,800

in those people and i don't know why

1120

00:37:53,109 --> 00:37:51,040

anybody does do you know what i mean you

1121

00:37:55,190 --> 00:37:53,119

know it's like it's like it's saying

1122

00:37:57,270 --> 00:37:55,200

like is dad gonna show up and be there

1123

00:37:59,349 --> 00:37:57,280

for christmas this year and then

1124

00:38:01,349 --> 00:37:59,359

allowing yourself to be deflated every

1125

00:38:03,510 --> 00:38:01,359

time you know what i mean that kind of

1126

00:38:05,910 --> 00:38:03,520

situation like is there gonna be coal in

1127

00:38:08,069 --> 00:38:05,920

my stocking and there's been coal in the

1128

00:38:11,430 --> 00:38:08,079

stocking for over 70 years now like i

1129

00:38:13,829 --> 00:38:11,440

try to retain that little bit and like i

1130

00:38:15,349 --> 00:38:13,839

keep pushing and pushing but

1131

00:38:17,109 --> 00:38:15,359

you know there's also the element where

1132

00:38:19,349 --> 00:38:17,119

that pushing can feel like sisyphus

1133

00:38:22,710 --> 00:38:19,359

going up the hill right

1134

00:38:24,470 --> 00:38:22,720

so you know it's always going to be also

1135

00:38:27,589 --> 00:38:24,480

about like the kind of grassroots

1136

00:38:30,069 --> 00:38:27,599

rhizomatic situation where we need to

1137

00:38:33,109 --> 00:38:30,079

keep connecting at a grassroots level we

1138

00:38:35,190 --> 00:38:33,119

need to keep can connecting at a

1139

00:38:37,829 --> 00:38:35,200

community level and i really was

1140

00:38:40,550 --> 00:38:37,839

emboldened i felt great and i felt

1141

00:38:43,910 --> 00:38:40,560

better and more optimistic when i heard

1142

00:38:47,109 --> 00:38:43,920

um gary nolan talking recently about how

1143

00:38:49,349 --> 00:38:47,119

this can actually embolden academia he

1144

00:38:51,510 --> 00:38:49,359

was talking about how like okay guys we

1145

00:38:53,190 --> 00:38:51,520

don't have to reveal everything which of

1146

00:38:54,710 --> 00:38:53,200

course is gonna raise some raise

1147

00:38:56,550 --> 00:38:54,720

suspicion among some people and that's

1148

00:38:58,550 --> 00:38:56,560

totally understandable but him being

1149

00:39:00,950 --> 00:38:58,560

like okay we don't have to

1150

00:39:03,270 --> 00:39:00,960

talk about every single little thing

1151

00:39:05,430 --> 00:39:03,280

but we can really just kind of validate

1152

00:39:08,950 --> 00:39:05,440

the overall reality here and what that

1153

00:39:11,109 --> 00:39:08,960

can unlock in terms of freeing up

1154

00:39:13,589 --> 00:39:11,119

academia and these brilliant minds to

1155

00:39:14,950 --> 00:39:13,599

start like really having at this issue

1156

00:39:16,710 --> 00:39:14,960

and that

1157

00:39:18,310 --> 00:39:16,720

that i'm i'm

1158

00:39:22,710 --> 00:39:18,320

i'm more

1159

00:39:25,589 --> 00:39:22,720

optimistic about because i know how many

1160

00:39:27,829 --> 00:39:25,599

outside-the-box thinkers and really

1161

00:39:29,829 --> 00:39:27,839

you know kind of mavericks and radicals

1162

00:39:32,150 --> 00:39:29,839

there can even be within

1163

00:39:33,589 --> 00:39:32,160

within the labs in academia and within

1164

00:39:36,230 --> 00:39:33,599

you know the social sciences and

1165

00:39:38,390 --> 00:39:36,240

academia that can they can approach this

1166

00:39:40,150 --> 00:39:38,400

from a different direction the only fear

1167

00:39:41,910 --> 00:39:40,160

there is that that's also going to fear

1168

00:39:44,069 --> 00:39:41,920

that's also going to feed into venture

1169

00:39:45,510 --> 00:39:44,079

capitalism and if we think the hall of

1170

00:39:46,430 --> 00:39:45,520

mirrors right now

1171

00:39:48,150 --> 00:39:46,440

with congress and the

1172

00:39:49,349 --> 00:39:48,160

military-industrial complex is

1173

00:39:51,190 --> 00:39:49,359

challenging

1174

00:39:52,069 --> 00:39:51,200

just imagine once

1175

00:39:54,550 --> 00:39:52,079

every

1176

00:39:56,550 --> 00:39:54,560

billionaire startup

1177

00:39:58,950 --> 00:39:56,560

corporation comes into play and really

1178

00:40:00,630 --> 00:39:58,960

grabs us tries to grab this situation by

1179

00:40:04,069 --> 00:40:00,640

the throat i mean

1180

00:40:05,670 --> 00:40:04,079

things might get a lot more muddy uh

1181

00:40:06,870 --> 00:40:05,680

before they become clear if that's the

1182

00:40:08,630 --> 00:40:06,880

case

1183

00:40:10,150 --> 00:40:08,640

yeah and john so i was gonna say

1184

00:40:11,750 --> 00:40:10,160

jonathan davis just mentioned that here

1185

00:40:13,589 --> 00:40:11,760

what are everyone's thoughts on peter

1186

00:40:16,710 --> 00:40:13,599

thiel's enigma project

1187

00:40:18,710 --> 00:40:16,720

is it healthy for the topic

1188

00:40:20,069 --> 00:40:18,720

anyone i mean i'm familiar with it but i

1189

00:40:22,309 --> 00:40:20,079

don't know the ins and outs of what he's

1190

00:40:23,430 --> 00:40:22,319

proposing so if anyone knows any more

1191

00:40:25,990 --> 00:40:23,440

about it i'd be interested to hear you

1192

00:40:27,430 --> 00:40:26,000

hear your thoughts

1193

00:40:29,109 --> 00:40:27,440

i haven't done but i've just heard

1194

00:40:33,510 --> 00:40:29,119

people commenting i don't really know

1195

00:40:36,630 --> 00:40:34,710

to uh

1196

00:40:39,510 --> 00:40:36,640

the uh the government side of things and

1197

00:40:41,349 --> 00:40:39,520

the task force um and i caught a lot of

1198

00:40:42,230 --> 00:40:41,359

flak from my some of my opinions i

1199

00:40:44,069 --> 00:40:42,240

think i'm gonna give them right now and

1200

00:40:45,270 --> 00:40:44,079

catch some more flak why not

1201

00:40:46,710 --> 00:40:45,280

um

1202

00:40:48,710 --> 00:40:46,720

you know uh

1203

00:40:50,309 --> 00:40:48,720

i'm very excited when i see the wording

1204

00:40:51,430 --> 00:40:50,319

in the bills right

1205

00:40:52,870 --> 00:40:51,440

um

1206

00:40:55,430 --> 00:40:52,880

at the same time

1207

00:40:58,150 --> 00:40:55,440

uh you know we have bloggers like

1208

00:41:01,109 --> 00:40:58,160

christopher sharp saying uh what was it

1209

00:41:02,390 --> 00:41:01,119

that omsg was a failure immediate

1210

00:41:03,670 --> 00:41:02,400

failure

1211

00:41:05,270 --> 00:41:03,680

and i think he talks to a lot of the

1212

00:41:06,870 --> 00:41:05,280

same people we all talk to

1213

00:41:08,069 --> 00:41:06,880

and then we also talk to people and i

1214

00:41:09,510 --> 00:41:08,079

talk to people behind the scenes not

1215

00:41:10,790 --> 00:41:09,520

everyone is on the same page about

1216

00:41:12,150 --> 00:41:10,800

what's going on

1217

00:41:14,710 --> 00:41:12,160

there's a lot of different people making

1218

00:41:17,750 --> 00:41:14,720

different decisions even within these uh

1219

00:41:19,510 --> 00:41:17,760

uap task force things like that

1220

00:41:21,109 --> 00:41:19,520

one of the main reasons i'm saying show

1221

00:41:23,510 --> 00:41:21,119

me what you got

1222

00:41:24,550 --> 00:41:23,520

is because travis taylor was involved

1223

00:41:25,510 --> 00:41:24,560

and i don't know if we're going to be

1224

00:41:27,589 --> 00:41:25,520

getting

1225

00:41:29,349 --> 00:41:27,599

the ancient aliens going about houses

1226

00:41:30,630 --> 00:41:29,359

travis taylor or if we're going to be

1227

00:41:32,870 --> 00:41:30,640

getting the

1228

00:41:34,550 --> 00:41:32,880

five phds amazing work travis taylor

1229

00:41:36,309 --> 00:41:34,560

that he supposedly does

1230

00:41:37,829 --> 00:41:36,319

but i've talked to people that think

1231

00:41:39,190 --> 00:41:37,839

he's a great scientist and i've talked

1232

00:41:40,470 --> 00:41:39,200

to people that think he's not that great

1233

00:41:43,030 --> 00:41:40,480

of a scientist

1234

00:41:43,990 --> 00:41:43,040

so if he's doing the work um and he's

1235

00:41:46,550 --> 00:41:44,000

and he's

1236

00:41:48,550 --> 00:41:46,560

also on reality tv i think we can't just

1237

00:41:50,630 --> 00:41:48,560

trust what he's saying because he's had

1238

00:41:52,230 --> 00:41:50,640

some bad takes on reality tv

1239

00:41:54,230 --> 00:41:52,240

so he has to show us what he's doing he

1240

00:41:55,750 --> 00:41:54,240

has to show us his work so we can double

1241

00:41:56,950 --> 00:41:55,760

check it at least

1242

00:41:58,950 --> 00:41:56,960

um

1243

00:42:00,790 --> 00:41:58,960

and the fact that not everyone is

1244

00:42:02,390 --> 00:42:00,800

agreeing obviously with what's going on

1245

00:42:03,670 --> 00:42:02,400

with all these programs

1246

00:42:06,230 --> 00:42:03,680

um

1247

00:42:07,829 --> 00:42:06,240

and lou right lou has uh critiqued some

1248

00:42:09,990 --> 00:42:07,839

of these programs himself right chris

1249

00:42:11,109 --> 00:42:10,000

mellon critiques them

1250

00:42:12,710 --> 00:42:11,119

so

1251  
00:42:14,230 --> 00:42:12,720  
that's why we need to be

1252  
00:42:16,790 --> 00:42:14,240  
seeing what they're doing that's why

1253  
00:42:17,829 --> 00:42:16,800  
that's why we need to be

1254  
00:42:19,829 --> 00:42:17,839  
kind of figuring out how they're

1255  
00:42:20,950 --> 00:42:19,839  
operating and they have to show us how

1256  
00:42:22,390 --> 00:42:20,960  
they're operating not just because of

1257  
00:42:23,750 --> 00:42:22,400  
travis taylor because of other reasons

1258  
00:42:25,109 --> 00:42:23,760  
too

1259  
00:42:26,870 --> 00:42:25,119  
so i don't know if all that is just a

1260  
00:42:29,829 --> 00:42:26,880  
mess um

1261  
00:42:31,270 --> 00:42:29,839  
it seemed like the aoi msg was a big

1262  
00:42:33,349 --> 00:42:31,280  
mess if you asked some people no i don't

1263  
00:42:34,309 --> 00:42:33,359

know that for a fact me personally

1264

00:42:35,670 --> 00:42:34,319

um

1265

00:42:37,190 --> 00:42:35,680

so i'm worried about some of these

1266

00:42:38,550 --> 00:42:37,200

programs just because congress is

1267

00:42:40,230 --> 00:42:38,560

interested and they're throwing money at

1268

00:42:42,150 --> 00:42:40,240

it

1269

00:42:43,829 --> 00:42:42,160

we hear one side saying that a lot of

1270

00:42:45,430 --> 00:42:43,839

great things are happening we and then

1271

00:42:47,510 --> 00:42:45,440

we hear other people kind of giving us

1272

00:42:49,510 --> 00:42:47,520

both sides of the story so that's why

1273

00:42:52,230 --> 00:42:49,520

i'm a little bit more uh

1274

00:42:53,589 --> 00:42:52,240

just in the wait and see mode

1275

00:42:55,270 --> 00:42:53,599

oh that's fair enough and i mean there

1276

00:42:57,109 --> 00:42:55,280

was a lot of controversy surrounding the

1277

00:42:59,349 --> 00:42:57,119

announcement of travis taylor

1278

00:43:01,190 --> 00:42:59,359

as her chief scientist of the uap task

1279

00:43:02,950 --> 00:43:01,200

force do do you guys think that we'd be

1280

00:43:05,430 --> 00:43:02,960

better off bringing in scientists that

1281

00:43:06,309 --> 00:43:05,440

have no relationship to the ufo subject

1282

00:43:07,910 --> 00:43:06,319

do you think that would be more

1283

00:43:08,950 --> 00:43:07,920

beneficial or do you think there'll be

1284

00:43:11,270 --> 00:43:08,960

issues there because they're not

1285

00:43:14,710 --> 00:43:11,280

familiar with the the rich history and

1286

00:43:18,069 --> 00:43:14,720

the you know the the depth and depth of

1287

00:43:23,030 --> 00:43:19,510

that's related to the subject that's

1288

00:43:25,349 --> 00:43:23,040

fine with me um i think uh

1289

00:43:26,630 --> 00:43:25,359

if travis taylor was more serious on tv

1290

00:43:28,470 --> 00:43:26,640

throughout his

1291

00:43:30,710 --> 00:43:28,480

many many tv shows he's appeared on he's

1292

00:43:32,790 --> 00:43:30,720

done some good tv and he's done some not

1293

00:43:34,630 --> 00:43:32,800

good tv um

1294

00:43:38,390 --> 00:43:34,640

but i think when you put yourself out

1295

00:43:39,990 --> 00:43:38,400

there like that we have to at least

1296

00:43:41,109 --> 00:43:40,000

being able to shown some of the data i

1297

00:43:43,109 --> 00:43:41,119

mean that's what peer review is all

1298

00:43:44,790 --> 00:43:43,119

about right or at least just showing the

1299

00:43:45,990 --> 00:43:44,800

public what's going on

1300

00:43:47,670 --> 00:43:46,000

um

1301

00:43:49,910 --> 00:43:47,680

if you're acting like that on some of

1302

00:43:51,270 --> 00:43:49,920

these tv shows and people say that well

1303

00:43:53,109 --> 00:43:51,280

that was just the entertainment side of

1304

00:43:54,950 --> 00:43:53,119

him and maybe that's true

1305

00:43:56,950 --> 00:43:54,960

but uh so we need to see the

1306

00:43:59,109 --> 00:43:56,960

professional side and we need to see the

1307

00:44:02,309 --> 00:43:59,119

professional work that's getting done we

1308

00:44:04,150 --> 00:44:02,319

can't just trust what's going on

1309

00:44:06,630 --> 00:44:04,160

yeah that's fair enough uh did anyone

1310

00:44:08,710 --> 00:44:06,640

have any comments on the enigma thing

1311

00:44:10,470 --> 00:44:08,720

from thiel or

1312

00:44:11,910 --> 00:44:10,480

i i'd need to know more personally to

1313

00:44:13,510 --> 00:44:11,920

comment

1314

00:44:14,950 --> 00:44:13,520

me too people are acting like he's like

1315

00:44:15,990 --> 00:44:14,960

some illuminati dude or something i

1316

00:44:16,870 --> 00:44:16,000

don't even know anything about him

1317

00:44:19,430 --> 00:44:16,880

really

1318

00:44:20,630 --> 00:44:19,440

haven't dug into it i've stayed away

1319

00:44:22,630 --> 00:44:20,640

from it

1320

00:44:24,470 --> 00:44:22,640

yeah same yeah one thing i wanted to say

1321

00:44:25,829 --> 00:44:24,480

is um let's not lose sight of the fact

1322

00:44:27,910 --> 00:44:25,839

that we just had our first hearing on

1323

00:44:29,829 --> 00:44:27,920

uap and that was very recently and that

1324

00:44:31,510 --> 00:44:29,839

was only one hearing and we are almost

1325

00:44:33,510 --> 00:44:31,520

certainly gonna have more hearings i

1326

00:44:35,589 --> 00:44:33,520

think sometimes people underestimate how

1327

00:44:37,030 --> 00:44:35,599

much um progress that could actually

1328

00:44:39,349 --> 00:44:37,040

make i mean

1329

00:44:41,670 --> 00:44:39,359

you know even elizondo said he don't be

1330

00:44:42,870 --> 00:44:41,680

surprised if you see him uh as one of

1331

00:44:45,910 --> 00:44:42,880

the witnesses

1332

00:44:47,750 --> 00:44:45,920

and and maybe he can't reveal everything

1333

00:44:50,150 --> 00:44:47,760

in a public hearing but behind closed

1334

00:44:52,950 --> 00:44:50,160

doors he absolutely can because uh those

1335

00:44:54,790 --> 00:44:52,960

committees have um security clearances

1336

00:44:55,990 --> 00:44:54,800

and you know when when people from the

1337

00:44:59,190 --> 00:44:56,000

pentagon

1338

00:45:01,190 --> 00:44:59,200

start uh getting questioned under oath

1339

00:45:02,470 --> 00:45:01,200

right where there's legal repercussions

1340

00:45:05,589 --> 00:45:02,480

and there's also repercussions that

1341

00:45:06,710 --> 00:45:05,599

could impact the pentagon's reputation i

1342

00:45:09,670 --> 00:45:06,720

think that's when it's really going to

1343

00:45:12,150 --> 00:45:09,680

get a real interesting real fast i i i

1344

00:45:14,309 --> 00:45:12,160

don't i don't think that um

1345

00:45:16,790 --> 00:45:14,319

it's it's it's a viable way there's a

1346

00:45:19,030 --> 00:45:16,800

viable path forward to somehow wiggle

1347

00:45:21,430 --> 00:45:19,040

out of that i think that is like an

1348

00:45:23,829 --> 00:45:21,440

inevitability that's going to ultimately

1349

00:45:25,589 --> 00:45:23,839

progress um what we're all trying to

1350

00:45:27,190 --> 00:45:25,599

accomplish which is getting people from

1351

00:45:29,829 --> 00:45:27,200

inside the building

1352

00:45:31,670 --> 00:45:29,839

uh to to answer hard questions and you

1353

00:45:33,270 --> 00:45:31,680

know there are consequences when you lie

1354

00:45:34,950 --> 00:45:33,280

under oath you could be sent to prison

1355

00:45:36,470 --> 00:45:34,960

you could be prosecuted

1356

00:45:38,230 --> 00:45:36,480

and another thing i want to say is like

1357

00:45:40,550 --> 00:45:38,240

you know we talk a lot about like okay

1358

00:45:42,069 --> 00:45:40,560

the the the uap task force and the

1359

00:45:44,550 --> 00:45:42,079

current office needs to show the data

1360

00:45:46,390 --> 00:45:44,560

but it's like you know what

1361

00:45:47,670 --> 00:45:46,400

the real question to me and the most

1362

00:45:49,750 --> 00:45:47,680

important question

1363

00:45:52,470 --> 00:45:49,760

is there any smoking gun evidence

1364

00:45:54,950 --> 00:45:52,480

because the second you show smoking gun

1365

00:45:56,630 --> 00:45:54,960

evidence a lot of these uh peripheral

1366

00:45:58,710 --> 00:45:56,640

conversations just don't matter anymore

1367

00:46:01,030 --> 00:45:58,720

to me because if the second you show

1368

00:46:03,030 --> 00:46:01,040

smoking gun evidence now you have every

1369

00:46:04,710 --> 00:46:03,040

institution on the face of this planet

1370

00:46:06,470 --> 00:46:04,720

with eight billion people looking at

1371

00:46:08,230 --> 00:46:06,480

this singular topic and a lot of those

1372

00:46:10,470 --> 00:46:08,240

discussions we like to talk about that

1373

00:46:11,990 --> 00:46:10,480

doesn't matter anymore i don't honestly

1374

00:46:13,750 --> 00:46:12,000

you show us the smoking gun evidence i

1375

00:46:15,829 --> 00:46:13,760

don't give a damn about the uap task

1376

00:46:18,710 --> 00:46:15,839

force i don't get the damned about aoi

1377

00:46:20,390 --> 00:46:18,720

msg i don't give a dan about the new the

1378

00:46:22,870 --> 00:46:20,400

new legislative language i don't give a

1379

00:46:24,630 --> 00:46:22,880

damn about how uh more money is going to

1380

00:46:26,950 --> 00:46:24,640

the new office where where is that

1381

00:46:29,349 --> 00:46:26,960

evidence where is the 23-minute video

1382

00:46:31,670 --> 00:46:29,359

that elizano has spoken about where is

1383

00:46:34,550 --> 00:46:31,680

the video that eliza has spoken about

1384

00:46:36,870 --> 00:46:34,560

where uh video was taken 50 feet from

1385

00:46:38,630 --> 00:46:36,880

the cockpit has the congress seen that

1386

00:46:40,230 --> 00:46:38,640

does that stuff actually exist and maybe

1387

00:46:42,390 --> 00:46:40,240

it doesn't exist right

1388

00:46:43,990 --> 00:46:42,400

but if you look at the historical record

1389

00:46:45,109 --> 00:46:44,000

the ufo historical record people have

1390

00:46:47,109 --> 00:46:45,119

been coming out of the woodworks for

1391

00:46:48,950 --> 00:46:47,119

decades saying the evidence exists the

1392

00:46:51,430 --> 00:46:48,960

data exists when are we going to see

1393

00:46:52,550 --> 00:46:51,440

that data i'm i'm actually getting angry

1394

00:46:53,910 --> 00:46:52,560

just thinking about these little

1395

00:46:55,829 --> 00:46:53,920

peripheral conversations we're always

1396

00:46:58,309 --> 00:46:55,839

having when ultimately you show us the

1397

00:47:00,150 --> 00:46:58,319

damn data and it's over and then we can

1398

00:47:02,150 --> 00:47:00,160

stop this nonsense and i'm writing my

1399

00:47:05,109 --> 00:47:02,160

little blog post about x y z j a i don't

1400

00:47:07,510 --> 00:47:05,119

care about x y g a five three show me

1401  
00:47:09,990 --> 00:47:07,520  
the damn data now it doesn't exist or

1402  
00:47:11,670 --> 00:47:10,000  
does it not exist and then i'm sorry i

1403  
00:47:13,589 --> 00:47:11,680  
know maybe i need to see his therapist

1404  
00:47:14,550 --> 00:47:13,599  
but i'm sorry but it's like

1405  
00:47:16,630 --> 00:47:14,560  
listen

1406  
00:47:18,630 --> 00:47:16,640  
it's like

1407  
00:47:21,589 --> 00:47:18,640  
is this real man right are people

1408  
00:47:23,349 --> 00:47:21,599  
getting abducted are people are are our

1409  
00:47:25,030 --> 00:47:23,359  
craft coming into people's faces are

1410  
00:47:28,790 --> 00:47:25,040  
people seeing triangles every day in

1411  
00:47:32,230 --> 00:47:28,800  
saucers and and and uh elliptical

1412  
00:47:34,069 --> 00:47:32,240  
and spherical machines and uh all this

1413  
00:47:36,390 --> 00:47:34,079

stuff getting telepathic downloads like

1414

00:47:38,470 --> 00:47:36,400

are we nuts are we nuts

1415

00:47:39,589 --> 00:47:38,480

who has the data i want to know who has

1416

00:47:42,870 --> 00:47:39,599

the data

1417

00:47:45,510 --> 00:47:42,880

from the rest of the people why are we

1418

00:47:47,190 --> 00:47:45,520

living in the dark ages for what

1419

00:47:48,710 --> 00:47:47,200

i don't think we understand the madness

1420

00:47:50,870 --> 00:47:48,720

of this situation

1421

00:47:53,109 --> 00:47:50,880

i mean this is madness on the on the

1422

00:47:54,710 --> 00:47:53,119

highest level you could possibly imagine

1423

00:47:57,030 --> 00:47:54,720

we're all living out our lives

1424

00:47:58,390 --> 00:47:57,040

pretending we're alone we're all living

1425

00:48:00,230 --> 00:47:58,400

on our lives pretending there's not an

1426

00:48:02,390 --> 00:48:00,240

alien presence and for me just saying

1427

00:48:03,510 --> 00:48:02,400

that i look like a crazy lunatic well i

1428

00:48:05,270 --> 00:48:03,520

probably look like a crazy lunatic

1429

00:48:07,190 --> 00:48:05,280

regardless what's coming in my mouth but

1430

00:48:08,870 --> 00:48:07,200

but regardless i'm just i'm just sick of

1431

00:48:11,270 --> 00:48:08,880

it man i'm just sick of it i'm just kind

1432

00:48:13,349 --> 00:48:11,280

of you all all for you are my therapist

1433

00:48:15,190 --> 00:48:13,359

right now i'm on the couch and you are

1434

00:48:17,589 --> 00:48:15,200

all my therapist and i'm letting it out

1435

00:48:19,589 --> 00:48:17,599

and by by the time this this this panel

1436

00:48:21,510 --> 00:48:19,599

is done i'm gonna be like the dalai lama

1437

00:48:23,750 --> 00:48:21,520

you know why because you are my

1438

00:48:24,870 --> 00:48:23,760

therapist that's why and i appreciate it

1439

00:48:27,190 --> 00:48:24,880

thank you

1440

00:48:28,790 --> 00:48:27,200

i appreciate that that statement and

1441

00:48:30,870 --> 00:48:28,800

that was amazing and you raised some

1442

00:48:33,270 --> 00:48:30,880

great points you know people always talk

1443

00:48:35,109 --> 00:48:33,280

about these videos the 23 minute video

1444

00:48:37,430 --> 00:48:35,119

i've seen it here in the chat mentioned

1445

00:48:39,510 --> 00:48:37,440

lots already in the last few minutes

1446

00:48:42,069 --> 00:48:39,520

but is it the videos we need or is it

1447

00:48:43,990 --> 00:48:42,079

the data or is it the package do we need

1448

00:48:45,829 --> 00:48:44,000

you know if a video comes out we're all

1449

00:48:48,069 --> 00:48:45,839

excited for a week and then after that

1450

00:48:49,829 --> 00:48:48,079

we then start demanding the data because

1451

00:48:51,270 --> 00:48:49,839

you know people are easily

1452

00:48:53,109 --> 00:48:51,280

you know they move on from things quite

1453

00:48:55,510 --> 00:48:53,119

quickly they always want more do we need

1454

00:48:57,750 --> 00:48:55,520

to just have it all in one big go or

1455

00:48:58,950 --> 00:48:57,760

what what does everyone think about that

1456

00:49:00,309 --> 00:48:58,960

we've been talking about this for five

1457

00:49:01,990 --> 00:49:00,319

years i mean

1458

00:49:02,950 --> 00:49:02,000

wasn't the tic-tac kind of smoking gun

1459

00:49:04,309 --> 00:49:02,960

though

1460

00:49:06,150 --> 00:49:04,319

and what is the definition of smoking

1461

00:49:07,910 --> 00:49:06,160

gun it's like we need more and more it's

1462

00:49:09,750 --> 00:49:07,920

looking good i'm pretty sure before they

1463

00:49:11,750 --> 00:49:09,760

released the tic tac and all that they

1464

00:49:14,829 --> 00:49:11,760

thought it was but i guess we all need

1465

00:49:16,549 --> 00:49:14,839

to come to terms of what smoking gun is

1466

00:49:18,230 --> 00:49:16,559

yeah

1467

00:49:19,829 --> 00:49:18,240

well i mean i think i think

1468

00:49:21,349 --> 00:49:19,839

the bottom i just want to real quick we

1469

00:49:23,190 --> 00:49:21,359

do have to come to terms with what what

1470

00:49:25,190 --> 00:49:23,200

smoking gun is but let's not forget that

1471

00:49:27,030 --> 00:49:25,200

ella and maybe alexander's wrong look

1472

00:49:29,589 --> 00:49:27,040

elizano could be wrong i'm not saying

1473

00:49:32,309 --> 00:49:29,599

that he's not but he did say that the

1474

00:49:33,990 --> 00:49:32,319

the go fast the gimbal

1475

00:49:36,069 --> 00:49:34,000

and the floor one are some of the least

1476  
00:49:37,270 --> 00:49:36,079  
compelling the least compelling of the

1477  
00:49:38,710 --> 00:49:37,280  
archives

1478  
00:49:40,630 --> 00:49:38,720  
so

1479  
00:49:41,829 --> 00:49:40,640  
if we want to argue that what we've been

1480  
00:49:43,589 --> 00:49:41,839  
given are not smoking gun and i don't

1481  
00:49:45,349 --> 00:49:43,599  
think they're smoking gun there is an

1482  
00:49:47,430 --> 00:49:45,359  
indication that there is smoking gun if

1483  
00:49:49,589 --> 00:49:47,440  
there are as much higher fidelity videos

1484  
00:49:51,750 --> 00:49:49,599  
and i do happen to think that that the

1485  
00:49:53,349 --> 00:49:51,760  
tic tac is probably smoking gun not the

1486  
00:49:55,510 --> 00:49:53,359  
video but if you were to take all the

1487  
00:49:57,510 --> 00:49:55,520  
data that's classified the radar data

1488  
00:49:59,430 --> 00:49:57,520

that they've collected that that um

1489

00:50:01,670 --> 00:49:59,440

basically corroborates the movements and

1490

00:50:03,670 --> 00:50:01,680

so forth and let's not forget that uh

1491

00:50:05,349 --> 00:50:03,680

commander david fravor he went on record

1492

00:50:07,750 --> 00:50:05,359

with jeremy corbell and said that he saw

1493

00:50:09,670 --> 00:50:07,760

the radar tape and he he explicitly said

1494

00:50:11,670 --> 00:50:09,680

that when he saw the radar tape from the

1495

00:50:13,270 --> 00:50:11,680

tic tac it was like it was like he

1496

00:50:14,950 --> 00:50:13,280

remembers exactly where he was just like

1497

00:50:16,630 --> 00:50:14,960

people remember where they are when 9 11

1498

00:50:17,910 --> 00:50:16,640

happened so

1499

00:50:21,990 --> 00:50:17,920

yeah i just that's the only thing i want

1500

00:50:25,910 --> 00:50:23,750

well no i was just going to say

1501

00:50:28,630 --> 00:50:25,920

um

1502

00:50:30,710 --> 00:50:28,640

that the data coming out is is kind of

1503

00:50:32,069 --> 00:50:30,720

like something i'm concerned about as

1504

00:50:33,750 --> 00:50:32,079

far as

1505

00:50:35,589 --> 00:50:33,760

you know again in the language they're

1506

00:50:37,589 --> 00:50:35,599

talking about the historical record and

1507

00:50:39,270 --> 00:50:37,599

if the if the government in some way

1508

00:50:41,750 --> 00:50:39,280

influenced how

1509

00:50:43,430 --> 00:50:41,760

the the public thought about the subject

1510

00:50:46,710 --> 00:50:43,440

and and things like that

1511

00:50:49,109 --> 00:50:46,720

i am you know

1512

00:50:55,349 --> 00:50:49,119

of all that smoking gun data right how

1513

00:50:59,030 --> 00:50:57,510

you know is he coming back

1514

00:51:00,549 --> 00:50:59,040

i think he froze

1515

00:51:03,270 --> 00:51:00,559

james

1516

00:51:05,349 --> 00:51:03,280

kind of in a classified

1517

00:51:07,030 --> 00:51:05,359

i'm back yeah sorry about that it's so

1518

00:51:10,309 --> 00:51:07,040

good i don't know i'm not sure where you

1519

00:51:11,670 --> 00:51:10,319

where i left off where you lost me

1520

00:51:13,430 --> 00:51:11,680

the beginning um

1521

00:51:15,270 --> 00:51:13,440

yeah go back to the start just to be

1522

00:51:16,630 --> 00:51:15,280

safe

1523

00:51:19,270 --> 00:51:16,640

yeah no i was going to say out of the

1524

00:51:21,349 --> 00:51:19,280

smoking gun data right i don't know how

1525

00:51:23,750 --> 00:51:21,359

much of that will reach just congress in

1526

00:51:25,829 --> 00:51:23,760

a classified setting in these programs

1527

00:51:28,549 --> 00:51:25,839

or or if it's going to come out to the

1528

00:51:31,670 --> 00:51:29,910

and ryan's right though it's incredibly

1529

00:51:33,750 --> 00:51:31,680

frustrating it's frustrating to hear

1530

00:51:34,390 --> 00:51:33,760

when the task force says they have 100

1531

00:51:39,109 --> 00:51:34,400

or

1532

00:51:40,549 --> 00:51:39,119

mean it is it's super frustrating i'm

1533

00:51:41,829 --> 00:51:40,559

with ryan on this

1534

00:51:43,349 --> 00:51:41,839

and just show us

1535

00:51:45,190 --> 00:51:43,359

please

1536

00:51:46,950 --> 00:51:45,200

yeah and surely not all of it comes down

1537

00:51:48,630 --> 00:51:46,960

to the fact they can't show us due to

1538

00:51:50,309 --> 00:51:48,640

dates you know the way that they capture

1539

00:51:52,230 --> 00:51:50,319

these things because we know half of

1540

00:51:54,069 --> 00:51:52,240

them are captured with iphones by

1541

00:51:56,309 --> 00:51:54,079

wizards in the back seat i mean those

1542

00:51:57,990 --> 00:51:56,319

systems aren't classified it's the

1543

00:52:00,230 --> 00:51:58,000

you know the gun camera stuff yeah i can

1544

00:52:02,710 --> 00:52:00,240

understand that so you know and even the

1545

00:52:05,990 --> 00:52:02,720

fact that they didn't release the shapes

1546

00:52:07,270 --> 00:52:06,000

section of the task force report i mean

1547

00:52:09,670 --> 00:52:07,280

how is that going to affect national

1548

00:52:11,109 --> 00:52:09,680

security if we suddenly know the the

1549

00:52:12,870 --> 00:52:11,119

frequency of shapes you know the amount

1550

00:52:14,549 --> 00:52:12,880

of shapes and stuff so

1551  
00:52:17,829 --> 00:52:14,559  
yeah there's definitely this over

1552  
00:52:19,990 --> 00:52:17,839  
secrecy aspect still still happening so

1553  
00:52:20,710 --> 00:52:20,000  
and i mean i

1554  
00:52:21,829 --> 00:52:20,720  
and

1555  
00:52:24,390 --> 00:52:21,839  
you know one

1556  
00:52:26,230 --> 00:52:24,400  
conventional

1557  
00:52:28,309 --> 00:52:26,240  
kind of talking point with regard to the

1558  
00:52:30,790 --> 00:52:28,319  
shapes conversation with them not

1559  
00:52:33,589 --> 00:52:30,800  
releasing shapes is of course

1560  
00:52:35,750 --> 00:52:33,599  
you know are they going to

1561  
00:52:38,470 --> 00:52:35,760  
accidentally play the hand of showing

1562  
00:52:40,950 --> 00:52:38,480  
that something like the tr-3b

1563  
00:52:43,910 --> 00:52:40,960

um actually exists you know that there

1564

00:52:47,109 --> 00:52:43,920

are potentially experimental aircraft or

1565

00:52:48,950 --> 00:52:47,119

experimental propulsion systems um

1566

00:52:52,710 --> 00:52:48,960

at places like wright patterson or

1567

00:52:55,109 --> 00:52:52,720

elsewhere right and um and of course

1568

00:52:56,870 --> 00:52:55,119

many of us kind of surmise that that of

1569

00:52:58,549 --> 00:52:56,880

course there's going to be experimental

1570

00:53:00,790 --> 00:52:58,559

aircraft of course there's going to be

1571

00:53:03,190 --> 00:53:00,800

experimental propulsion you know that's

1572

00:53:05,589 --> 00:53:03,200

what you know pushing forward the ball

1573

00:53:08,069 --> 00:53:05,599

of technology is right if there if there

1574

00:53:10,069 --> 00:53:08,079

aren't experimental aircraft something's

1575

00:53:10,950 --> 00:53:10,079

wrong with regard to

1576  
00:53:14,309 --> 00:53:10,960  
you know

1577  
00:53:15,829 --> 00:53:14,319  
pushing the ball forward right um and so

1578  
00:53:19,270 --> 00:53:15,839  
there's an element where that makes

1579  
00:53:21,589 --> 00:53:19,280  
sense and at the same time i think that

1580  
00:53:24,309 --> 00:53:21,599  
that part of the conundrum that we get

1581  
00:53:26,630 --> 00:53:24,319  
into where we keep going in this like

1582  
00:53:28,950 --> 00:53:26,640  
long-form circle where you know it's

1583  
00:53:30,069 --> 00:53:28,960  
1956 and the air force is like yeah yeah

1584  
00:53:32,150 --> 00:53:30,079  
there's something there and then it's

1585  
00:53:33,750 --> 00:53:32,160  
like 1950 and they're like i don't know

1586  
00:53:36,069 --> 00:53:33,760  
about any of this you know

1587  
00:53:37,990 --> 00:53:36,079  
and um and then we keep going back to

1588  
00:53:39,589 --> 00:53:38,000

this is partially that

1589

00:53:42,950 --> 00:53:39,599

that

1590

00:53:44,470 --> 00:53:42,960

folks don't want to talk about beings

1591

00:53:47,670 --> 00:53:44,480

and folks don't want to talk about

1592

00:53:49,750 --> 00:53:47,680

non-human intelligence and the more that

1593

00:53:51,109 --> 00:53:49,760

everything gets kind of fixed on fleur

1594

00:53:53,589 --> 00:53:51,119

videos

1595

00:53:56,950 --> 00:53:53,599

and cockpits and technology and craft

1596

00:53:59,829 --> 00:53:56,960

specifically because it's so tied into

1597

00:54:02,630 --> 00:53:59,839

reverse engineering projects right

1598

00:54:03,829 --> 00:54:02,640

and what i kind of what i appreciate

1599

00:54:05,990 --> 00:54:03,839

about

1600

00:54:08,069 --> 00:54:06,000

so you know some of what gary nolan's

1601  
00:54:10,549 --> 00:54:08,079  
doing and others is that you know

1602  
00:54:14,470 --> 00:54:10,559  
looking at

1603  
00:54:16,390 --> 00:54:14,480  
interaction

1604  
00:54:18,630 --> 00:54:16,400  
looking at more case studies like that

1605  
00:54:20,790 --> 00:54:18,640  
looking at more of the social the social

1606  
00:54:24,390 --> 00:54:20,800  
studies behind what's happening here

1607  
00:54:26,230 --> 00:54:24,400  
that that can be an inroad possibly into

1608  
00:54:28,309 --> 00:54:26,240  
more disclosure

1609  
00:54:30,950 --> 00:54:28,319  
because it doesn't hit

1610  
00:54:33,109 --> 00:54:30,960  
these red flag areas of experimental

1611  
00:54:36,069 --> 00:54:33,119  
propulsion do you know what i mean and

1612  
00:54:38,950 --> 00:54:36,079  
so like you know people were were kind

1613  
00:54:40,870 --> 00:54:38,960

of conditioned within ufology and within

1614

00:54:42,710 --> 00:54:40,880

the the field in general that we're

1615

00:54:44,549 --> 00:54:42,720

supposed to be we're supposed to find

1616

00:54:47,190 --> 00:54:44,559

talking about beings icky or we're

1617

00:54:49,349 --> 00:54:47,200

supposed to find like telepathy to be

1618

00:54:50,309 --> 00:54:49,359

like scary witchcraft talk or something

1619

00:54:52,710 --> 00:54:50,319

like that

1620

00:54:55,109 --> 00:54:52,720

and then it but it persists it keeps

1621

00:54:57,829 --> 00:54:55,119

persisting you know what i mean you know

1622

00:55:00,069 --> 00:54:57,839

if i ask any of us with no matter what

1623

00:55:03,030 --> 00:55:00,079

our drawing skill is to draw a gray

1624

00:55:05,030 --> 00:55:03,040

alien or whatever you want to call that

1625

00:55:07,589 --> 00:55:05,040

you will and you'll probably get it you

1626  
00:55:09,270 --> 00:55:07,599  
know 80 accurate because it's you know

1627  
00:55:11,030 --> 00:55:09,280  
there's been so many accounts there's

1628  
00:55:12,710 --> 00:55:11,040  
been so much of that and that's not the

1629  
00:55:14,549 --> 00:55:12,720  
only kind of being that there that

1630  
00:55:15,270 --> 00:55:14,559  
people report right

1631  
00:55:16,150 --> 00:55:15,280  
so

1632  
00:55:18,630 --> 00:55:16,160  
you know

1633  
00:55:20,950 --> 00:55:18,640  
part of it for

1634  
00:55:22,870 --> 00:55:20,960  
me is like okay let's if

1635  
00:55:24,950 --> 00:55:22,880  
if we're really hitting a wall with

1636  
00:55:26,630 --> 00:55:24,960  
craft let's open up the conversation

1637  
00:55:28,150 --> 00:55:26,640  
because there's plenty of other places

1638  
00:55:29,750 --> 00:55:28,160

that we can go

1639

00:55:31,190 --> 00:55:29,760

outside of like how big are the craft

1640

00:55:32,789 --> 00:55:31,200

how do they fly where are they going

1641

00:55:34,390 --> 00:55:32,799

where are they coming from you know

1642

00:55:36,789 --> 00:55:34,400

there are plenty of other questions in

1643

00:55:39,510 --> 00:55:36,799

this conversation that actually might be

1644

00:55:41,990 --> 00:55:39,520

more helpful in terms of us getting some

1645

00:55:44,230 --> 00:55:42,000

answers um because people won't be

1646

00:55:45,670 --> 00:55:44,240

slamming the door so god damn hard

1647

00:55:47,030 --> 00:55:45,680

yeah that's a good point and christian

1648

00:55:49,510 --> 00:55:47,040

rage is a good point here we've only

1649

00:55:52,069 --> 00:55:49,520

really talked about ce1 what about two

1650

00:55:54,230 --> 00:55:52,079

to five so does anyone have any sort of

1651  
00:55:56,549 --> 00:55:54,240  
comments or opinions on how we can

1652  
00:55:57,990 --> 00:55:56,559  
integrate two to five with regards to

1653  
00:56:01,030 --> 00:55:58,000  
pushing this subject forward at the

1654  
00:56:04,549 --> 00:56:02,870  
yeah i mean i would say i'll just say

1655  
00:56:06,549 --> 00:56:04,559  
real quickly because i i did a whole

1656  
00:56:08,470 --> 00:56:06,559  
twitter video on what jay was talking

1657  
00:56:10,150 --> 00:56:08,480  
about the reason i think we don't focus

1658  
00:56:11,829 --> 00:56:10,160  
on the beings frankly

1659  
00:56:13,750 --> 00:56:11,839  
as a collective

1660  
00:56:15,510 --> 00:56:13,760  
is because we we we're still debating

1661  
00:56:16,630 --> 00:56:15,520  
whether the phenomena exists in my

1662  
00:56:18,789 --> 00:56:16,640  
opinion

1663  
00:56:21,349 --> 00:56:18,799

um you know there's a lot of us who are

1664

00:56:23,109 --> 00:56:21,359

convinced but but institutionally we are

1665

00:56:24,630 --> 00:56:23,119

we are in journalistically we are still

1666

00:56:26,309 --> 00:56:24,640

debating

1667

00:56:27,589 --> 00:56:26,319

the phenomena to some level even though

1668

00:56:29,109 --> 00:56:27,599

the government has come out and said

1669

00:56:31,510 --> 00:56:29,119

this is real

1670

00:56:32,950 --> 00:56:31,520

there's a lot of interpretation that is

1671

00:56:34,549 --> 00:56:32,960

there to how people are going to

1672

00:56:36,950 --> 00:56:34,559

perceive that the moment and i said this

1673

00:56:38,309 --> 00:56:36,960

in my twitter video the moment that it's

1674

00:56:40,150 --> 00:56:38,319

no longer

1675

00:56:41,670 --> 00:56:40,160

is it real what does it really mean is

1676  
00:56:42,950 --> 00:56:41,680  
maybe it's chinese drones maybe it's

1677  
00:56:44,710 --> 00:56:42,960  
russian drones maybe it's a weather

1678  
00:56:47,910 --> 00:56:44,720  
phenomena maybe it's glitches the moment

1679  
00:56:50,150 --> 00:56:47,920  
it gets universally accepted i predict

1680  
00:56:51,910 --> 00:56:50,160  
uh the media is going to go right from

1681  
00:56:53,829 --> 00:56:51,920  
oh look at the five observables look at

1682  
00:56:56,470 --> 00:56:53,839  
these crafts and that's going to be

1683  
00:56:58,230 --> 00:56:56,480  
maybe 30 of it 40 of it and then the

1684  
00:56:59,829 --> 00:56:58,240  
majority is going to shift to who's

1685  
00:57:02,230 --> 00:56:59,839  
behind the wheel how long have they been

1686  
00:57:03,670 --> 00:57:02,240  
here what is their agenda and what it

1687  
00:57:06,870 --> 00:57:03,680  
what has their agenda been what's their

1688  
00:57:08,309 --> 00:57:06,880

gender be going in the future so my my

1689

00:57:10,470 --> 00:57:08,319

response to what jay was saying is we

1690

00:57:12,309 --> 00:57:10,480

really need to get that that solidified

1691

00:57:14,549 --> 00:57:12,319

and unfortunately or fortunately only

1692

00:57:16,390 --> 00:57:14,559

then will we really start digging into

1693

00:57:18,710 --> 00:57:16,400

what are these entities that are that

1694

00:57:20,309 --> 00:57:18,720

are in control of these technologies

1695

00:57:21,109 --> 00:57:20,319

and seeing the drive right about it

1696

00:57:23,030 --> 00:57:21,119

who's

1697

00:57:25,030 --> 00:57:23,040

very straightforward like

1698

00:57:27,589 --> 00:57:25,040

defense website tied the roadway is the

1699

00:57:29,829 --> 00:57:27,599

drive and now they're kind of uh writing

1700

00:57:31,589 --> 00:57:29,839

about this new wording about how they

1701

00:57:32,950 --> 00:57:31,599

don't want the um the government doesn't

1702

00:57:34,710 --> 00:57:32,960

want the cases that are drones push

1703

00:57:37,270 --> 00:57:34,720

those aside they want the unknown

1704

00:57:39,430 --> 00:57:37,280

unknowns that was crazy and huge

1705

00:57:41,829 --> 00:57:39,440

and very positive and i'm very excited

1706

00:57:44,309 --> 00:57:41,839

about that um some of this wording is so

1707

00:57:45,349 --> 00:57:44,319

damn good but we did see it last year

1708

00:57:47,190 --> 00:57:45,359

and then we didn't see a whole lot of

1709

00:57:48,950 --> 00:57:47,200

progress in the last year at least

1710

00:57:51,190 --> 00:57:48,960

publicly it was maybe going on behind

1711

00:57:53,030 --> 00:57:51,200

the scenes so that we see this amazing

1712

00:57:54,309 --> 00:57:53,040

wording but we just kind of want this

1713

00:57:56,230 --> 00:57:54,319

follow up on the wording that we're

1714

00:57:57,829 --> 00:57:56,240

saying that we get so excited about but

1715

00:58:00,069 --> 00:57:57,839

that was big that was a big story

1716

00:58:01,990 --> 00:58:00,079

recently

1717

00:58:03,349 --> 00:58:02,000

definitely yeah

1718

00:58:05,030 --> 00:58:03,359

so james

1719

00:58:07,030 --> 00:58:05,040

do you want to take that question from

1720

00:58:09,990 --> 00:58:07,040

before about how we can incorporate you

1721

00:58:11,829 --> 00:58:10,000

know ce2 to 5 in the conversation moving

1722

00:58:13,990 --> 00:58:11,839

forward

1723

00:58:15,349 --> 00:58:14,000

yeah uh you know i'm actually i you know

1724

00:58:18,470 --> 00:58:15,359

i've been working and i'm working on

1725

00:58:20,630 --> 00:58:18,480

this article uh regarding contact work

1726

00:58:22,950 --> 00:58:20,640

uh you know or ce5 human initiated

1727

00:58:24,789 --> 00:58:22,960

contact uh you know i think a lot of

1728

00:58:26,710 --> 00:58:24,799

people here will appreciate i have a

1729

00:58:27,990 --> 00:58:26,720

nice big section on it that's actually a

1730

00:58:28,950 --> 00:58:28,000

disclaimer

1731

00:58:31,190 --> 00:58:28,960

um

1732

00:58:32,230 --> 00:58:31,200

just you know just just to have it there

1733

00:58:33,670 --> 00:58:32,240

um

1734

00:58:35,349 --> 00:58:33,680

but

1735

00:58:36,549 --> 00:58:35,359

in regards to

1736

00:58:40,789 --> 00:58:36,559

you know

1737

00:58:41,510 --> 00:58:40,799

some people would kind of argue if you

1738

00:58:43,589 --> 00:58:41,520

know

1739

00:58:45,990 --> 00:58:43,599

how how that's possible

1740

00:58:48,549 --> 00:58:46,000

but you know we know that when when

1741

00:58:51,990 --> 00:58:48,559

there there are these close encounters

1742

00:58:53,990 --> 00:58:52,000

um there's always you know or generally

1743

00:58:56,230 --> 00:58:54,000

some kind of

1744

00:58:57,990 --> 00:58:56,240

cognitive inner human interface right

1745

00:59:01,030 --> 00:58:58,000

cognitive human interface like that was

1746

00:59:03,270 --> 00:59:01,040

on the slide nine a-tip slide uh that i

1747

00:59:05,109 --> 00:59:03,280

talked to lou about and

1748

00:59:06,710 --> 00:59:05,119

you know

1749

00:59:09,670 --> 00:59:06,720

i think that

1750

00:59:11,510 --> 00:59:09,680

you know now more than ever right

1751  
00:59:13,910 --> 00:59:11,520  
is is a time when you need maybe like

1752  
00:59:16,789 --> 00:59:13,920  
the human sensor out there in the field

1753  
00:59:18,789 --> 00:59:16,799  
right um i've talked to my friend um

1754  
00:59:20,069 --> 00:59:18,799  
the hermetic penetrator

1755  
00:59:22,549 --> 00:59:20,079  
about you know

1756  
00:59:23,829 --> 00:59:22,559  
back actually in the early 90s dr steven

1757  
00:59:27,109 --> 00:59:23,839  
greer

1758  
00:59:29,190 --> 00:59:27,119  
um you know love him or hate him he had

1759  
00:59:32,870 --> 00:59:29,200  
uh you know rapid mobilization team

1760  
00:59:34,950 --> 00:59:32,880  
right so when there was like a wave or a

1761  
00:59:35,750 --> 00:59:34,960  
big ufo sighting they sent the team out

1762  
00:59:38,390 --> 00:59:35,760  
there

1763  
00:59:40,950 --> 00:59:38,400

to try to engage with the phenomenon

1764

00:59:44,230 --> 00:59:40,960

uh and you know i mean they wanted to do

1765

00:59:47,430 --> 00:59:44,240

it for kind of you know ambassadorial

1766

00:59:49,190 --> 00:59:47,440

means and and and contact in that sense

1767

00:59:51,109 --> 00:59:49,200

which i think is important actually

1768

00:59:53,109 --> 00:59:51,119

because

1769

00:59:54,789 --> 00:59:53,119

you know if there is this intelligence

1770

00:59:56,710 --> 00:59:54,799

intelligence that's been engaging with

1771

00:59:58,710 --> 00:59:56,720

us why aren't we why don't we have

1772

01:00:00,870 --> 00:59:58,720

initiatives to

1773

01:00:03,030 --> 01:00:00,880

to kind of

1774

01:00:05,430 --> 01:00:03,040

interact with that right and and i mean

1775

01:00:07,670 --> 01:00:05,440

even if even from like a curiosity

1776

01:00:09,829 --> 01:00:07,680

standpoint right like why wouldn't you

1777

01:00:10,710 --> 01:00:09,839

want to try to learn about that

1778

01:00:12,470 --> 01:00:10,720

um

1779

01:00:14,150 --> 01:00:12,480

you know but again there's so many

1780

01:00:17,109 --> 01:00:14,160

different avenues that you can go from

1781

01:00:18,950 --> 01:00:17,119

that and i think that now more than ever

1782

01:00:20,789 --> 01:00:18,960

you know that you have kind of like the

1783

01:00:22,950 --> 01:00:20,799

official stamp of approval saying you

1784

01:00:25,190 --> 01:00:22,960

know this is a real phenomenon

1785

01:00:27,589 --> 01:00:25,200

you know why wouldn't you want to to

1786

01:00:29,430 --> 01:00:27,599

even collect more information right

1787

01:00:31,030 --> 01:00:29,440

or you know and and then the next level

1788

01:00:33,670 --> 01:00:31,040

would be like why wouldn't you try to

1789

01:00:35,430 --> 01:00:33,680

have like a diplomatic approach to that

1790

01:00:38,069 --> 01:00:35,440

so

1791

01:00:39,829 --> 01:00:38,079

i think that having you know kind of a

1792

01:00:43,030 --> 01:00:39,839

like a

1793

01:00:44,789 --> 01:00:43,040

rejuvenation or resurrection of

1794

01:00:45,990 --> 01:00:44,799

you know something like contact work

1795

01:00:47,270 --> 01:00:46,000

especially

1796

01:00:49,349 --> 01:00:47,280

the way

1797

01:00:51,670 --> 01:00:49,359

that technology has advanced like you

1798

01:00:53,750 --> 01:00:51,680

can go buy like decent night vision now

1799

01:00:56,069 --> 01:00:53,760

for like 500 bucks you know you couldn't

1800

01:00:58,390 --> 01:00:56,079

you know 20 years ago like you needed

1801  
01:01:00,710 --> 01:00:58,400  
like three three yeah like three

1802  
01:01:02,549 --> 01:01:00,720  
thousand dollars plus to have like a

1803  
01:01:03,829 --> 01:01:02,559  
decent generation three night vision now

1804  
01:01:06,390 --> 01:01:03,839  
you have like

1805  
01:01:08,950 --> 01:01:06,400  
technology that's very cheap efficient

1806  
01:01:11,829 --> 01:01:08,960  
that records right on the same device uh

1807  
01:01:13,750 --> 01:01:11,839  
you know i'm psionics is a popular one

1808  
01:01:15,589 --> 01:01:13,760  
but it is it's like 500 bucks you have

1809  
01:01:17,510 --> 01:01:15,599  
like a decent night vision you know it's

1810  
01:01:19,750 --> 01:01:17,520  
still not generation three

1811  
01:01:21,829 --> 01:01:19,760  
but yeah imagine the data that you can

1812  
01:01:23,430 --> 01:01:21,839  
collect if there was like a civilian

1813  
01:01:25,829 --> 01:01:23,440

organization that was out doing this

1814

01:01:27,349 --> 01:01:25,839

right um and again that's another

1815

01:01:29,349 --> 01:01:27,359

component i think there there should be

1816

01:01:30,950 --> 01:01:29,359

more civilian initiatives

1817

01:01:32,069 --> 01:01:30,960

rather than all these government

1818

01:01:32,950 --> 01:01:32,079

initiatives

1819

01:01:34,230 --> 01:01:32,960

um

1820

01:01:35,910 --> 01:01:34,240

you know and again we're going to have

1821

01:01:38,309 --> 01:01:35,920

the the corporate initiatives kind of

1822

01:01:39,670 --> 01:01:38,319

step in and you know what what kind of

1823

01:01:42,069 --> 01:01:39,680

crazy

1824

01:01:42,789 --> 01:01:42,079

element is that going to add to to you

1825

01:01:47,190 --> 01:01:42,799

know

1826

01:01:49,750 --> 01:01:47,200

proprietary right

1827

01:01:51,670 --> 01:01:49,760

um without without the the restricted

1828

01:01:53,430 --> 01:01:51,680

government oversight that we're seeing

1829

01:01:55,510 --> 01:01:53,440

so

1830

01:01:57,750 --> 01:01:55,520

i think that

1831

01:01:59,510 --> 01:01:57,760

you know now more than ever is is a good

1832

01:02:01,670 --> 01:01:59,520

time to do like

1833

01:02:03,190 --> 01:02:01,680

civilian initiatives and and even the

1834

01:02:05,430 --> 01:02:03,200

contact initiatives i think there's a

1835

01:02:06,870 --> 01:02:05,440

lot of potential now more than ever

1836

01:02:08,470 --> 01:02:06,880

do you guys remember that tom delong

1837

01:02:10,870 --> 01:02:08,480

comment about the

1838

01:02:12,789 --> 01:02:10,880

government program and it sounded like

1839

01:02:15,109 --> 01:02:12,799

they were doing cd5 and i don't know if

1840

01:02:17,109 --> 01:02:15,119

it's true

1841

01:02:19,510 --> 01:02:17,119

yeah and i asked jim semivan are there

1842

01:02:21,029 --> 01:02:19,520

are there legacy programs that involve

1843

01:02:28,230 --> 01:02:21,039

you know

1844

01:02:31,190 --> 01:02:28,240

phenomena is the proper lingo for that

1845

01:02:33,109 --> 01:02:31,200

uh and he said i i'd be surprised if

1846

01:02:35,109 --> 01:02:33,119

there wasn't

1847

01:02:37,670 --> 01:02:35,119

uh one thing i want to say is like i

1848

01:02:40,150 --> 01:02:37,680

would be surprised if there wasn't uh

1849

01:02:41,349 --> 01:02:40,160

efforts in the past from uap programs

1850

01:02:42,950 --> 01:02:41,359

making contact because that would be a

1851  
01:02:44,870 --> 01:02:42,960  
huge component of gathering intelligence

1852  
01:02:46,710 --> 01:02:44,880  
you would want to know why they're here

1853  
01:02:48,390 --> 01:02:46,720  
uh if possible and i know it sounds

1854  
01:02:50,390 --> 01:02:48,400  
outlandish but if if possible you'd

1855  
01:02:52,549 --> 01:02:50,400  
wanna you'd want them to be your ally

1856  
01:02:54,309 --> 01:02:52,559  
right maybe they don't think in that way

1857  
01:02:55,829 --> 01:02:54,319  
but you never know and you know when

1858  
01:02:57,349 --> 01:02:55,839  
you're when you're a nation state you

1859  
01:02:59,270 --> 01:02:57,359  
you cover all your bases just in case

1860  
01:03:01,270 --> 01:02:59,280  
that's the case so i would be very

1861  
01:03:02,710 --> 01:03:01,280  
surprised if if attempts have not been

1862  
01:03:04,390 --> 01:03:02,720  
made to make contact now whether they've

1863  
01:03:06,069 --> 01:03:04,400

been successful or not that's another

1864

01:03:07,430 --> 01:03:06,079

issue but i have a question for jay now

1865

01:03:09,990 --> 01:03:07,440

that we're talking about c5 it just kind

1866

01:03:11,990 --> 01:03:10,000

of answered my head and he would be be a

1867

01:03:13,589 --> 01:03:12,000

great candidate to ask to answer this

1868

01:03:14,630 --> 01:03:13,599

question jay jay i know you're an

1869

01:03:17,109 --> 01:03:14,640

abductee

1870

01:03:19,829 --> 01:03:17,119

it's not it's not a secret

1871

01:03:21,750 --> 01:03:19,839

and i and i'm i'm sure your experiences

1872

01:03:23,109 --> 01:03:21,760

have been traumatic in many respects you

1873

01:03:24,630 --> 01:03:23,119

know you know

1874

01:03:27,190 --> 01:03:24,640

as with a lot of abductees and so my

1875

01:03:29,349 --> 01:03:27,200

question for you jay is how do abductees

1876

01:03:31,349 --> 01:03:29,359

like yourself and others how do they

1877

01:03:32,710 --> 01:03:31,359

perceive

1878

01:03:34,309 --> 01:03:32,720

ce5

1879

01:03:35,990 --> 01:03:34,319

the going out to the field and

1880

01:03:37,990 --> 01:03:36,000

attempting to make contact

1881

01:03:39,990 --> 01:03:38,000

when we when we consider that a lot of

1882

01:03:41,750 --> 01:03:40,000

abductee's experiences

1883

01:03:43,029 --> 01:03:41,760

have not been exactly

1884

01:03:45,430 --> 01:03:43,039

uh

1885

01:03:46,470 --> 01:03:45,440

consensual or even pleasant so i'm

1886

01:03:49,109 --> 01:03:46,480

curious

1887

01:03:51,829 --> 01:03:49,119

do abductors generally shy away from

1888

01:03:54,870 --> 01:03:51,839

practices like ce5 or do they actually

1889

01:03:57,430 --> 01:03:54,880

pursue practices like c5

1890

01:03:59,510 --> 01:03:57,440

that's a great question ryan um

1891

01:04:02,390 --> 01:03:59,520

yeah um

1892

01:04:04,710 --> 01:04:02,400

thanks i i think

1893

01:04:06,710 --> 01:04:04,720

you know i can't speak for all abductees

1894

01:04:10,069 --> 01:04:06,720

for sure you know and i wouldn't i

1895

01:04:12,309 --> 01:04:10,079

wouldn't want to um i think

1896

01:04:14,870 --> 01:04:12,319

you know one of the biggest problems

1897

01:04:17,109 --> 01:04:14,880

among abductees is that people think

1898

01:04:19,510 --> 01:04:17,119

that they can speak for abductees

1899

01:04:21,430 --> 01:04:19,520

and people can think that they can speak

1900

01:04:22,390 --> 01:04:21,440

for experiencers in general or that

1901

01:04:25,029 --> 01:04:22,400

people

1902

01:04:27,910 --> 01:04:25,039

you know we've gotten conditioned to

1903

01:04:29,990 --> 01:04:27,920

wait for somebody like john mack or we

1904

01:04:31,829 --> 01:04:30,000

wait for bud hopkins or somebody else to

1905

01:04:32,870 --> 01:04:31,839

kind of be like

1906

01:05:03,430 --> 01:04:32,880

a

1907

01:05:05,910 --> 01:05:03,440

um

1908

01:05:08,950 --> 01:05:05,920

forms of like say vajrayana buddhist

1909

01:05:11,430 --> 01:05:08,960

meditative practice you know um

1910

01:05:15,430 --> 01:05:11,440

that can kind of be very adjacent

1911

01:05:17,670 --> 01:05:15,440

to um to what some people term the ce5

1912

01:05:19,750 --> 01:05:17,680

and things like that and so

1913

01:05:22,710 --> 01:05:19,760

you know i've known i've even known

1914

01:05:24,549 --> 01:05:22,720

abductees like myself that have like um

1915

01:05:25,430 --> 01:05:24,559

gone and

1916

01:05:30,789 --> 01:05:25,440

and

1917

01:05:31,200 --> 01:05:30,799

locations just to kind of like try to

1918

01:05:32,309 --> 01:05:31,210

to

1919

01:05:34,069 --> 01:05:32,319

[Music]

1920

01:05:36,309 --> 01:05:34,079

kind of

1921

01:05:38,789 --> 01:05:36,319

throw some of that energy off and try to

1922

01:05:41,190 --> 01:05:38,799

embrace or walk towards

1923

01:05:42,390 --> 01:05:41,200

the issue in a different way

1924

01:05:44,870 --> 01:05:42,400

and i

1925

01:05:47,670 --> 01:05:44,880

first of all going to haunted locations

1926

01:05:49,750 --> 01:05:47,680

i don't recommend it i didn't i did that

1927

01:05:51,829 --> 01:05:49,760

like during grad school and it was like

1928

01:05:54,630 --> 01:05:51,839

one of the worst ideas i've ever had in

1929

01:05:56,789 --> 01:05:54,640

my entire life and similarly along those

1930

01:05:58,789 --> 01:05:56,799

lines you know i think that

1931

01:05:59,670 --> 01:05:58,799

people have to be careful when they try

1932

01:06:05,589 --> 01:05:59,680

to

1933

01:06:07,510 --> 01:06:05,599

you can think of this just like being

1934

01:06:09,029 --> 01:06:07,520

a ouija board or being similar to being

1935

01:06:10,309 --> 01:06:09,039

a ouija board you have to think about

1936

01:06:11,910 --> 01:06:10,319

where you are

1937

01:06:13,430 --> 01:06:11,920

when you're approaching a situation like

1938

01:06:15,109 --> 01:06:13,440

this because

1939

01:06:16,870 --> 01:06:15,119

you know a lot of these kinds of

1940

01:06:19,349 --> 01:06:16,880

situations you know whether people want

1941

01:06:20,789 --> 01:06:19,359

to admit it or not it it you need to

1942

01:06:23,109 --> 01:06:20,799

come at it from a really balanced

1943

01:06:25,349 --> 01:06:23,119

perspective before you approach anything

1944

01:06:27,670 --> 01:06:25,359

along those lines because you're dealing

1945

01:06:29,910 --> 01:06:27,680

with you're you're potentially dealing

1946

01:06:32,309 --> 01:06:29,920

with in a best-case scenario an

1947

01:06:34,870 --> 01:06:32,319

intelligence that's vastly different

1948

01:06:36,309 --> 01:06:34,880

from your own or feels often vastly

1949

01:06:38,710 --> 01:06:36,319

different than your own

1950

01:06:41,349 --> 01:06:38,720

and so you know that can be a

1951

01:06:43,109 --> 01:06:41,359

head screw you know in and of itself

1952

01:06:45,510 --> 01:06:43,119

right and so

1953

01:06:47,750 --> 01:06:45,520

and people often report that you know in

1954

01:06:50,230 --> 01:06:47,760

best case scenarios right

1955

01:06:51,750 --> 01:06:50,240

if you're say opening up a ouija board

1956

01:06:53,910 --> 01:06:51,760

right

1957

01:06:56,870 --> 01:06:53,920

super balanced people that have kind of

1958

01:06:58,710 --> 01:06:56,880

like that are in a really really decent

1959

01:07:02,470 --> 01:06:58,720

place in terms of their own mental

1960

01:07:04,549 --> 01:07:02,480

process like and have kind of

1961

01:07:06,390 --> 01:07:04,559

a methodical approach to kind of

1962

01:07:07,349 --> 01:07:06,400

protecting their environment or their

1963

01:07:09,430 --> 01:07:07,359

space

1964

01:07:11,270 --> 01:07:09,440

you know those are often the people that

1965

01:07:12,390 --> 01:07:11,280

that that kind of situation works out

1966

01:07:14,549 --> 01:07:12,400

best with

1967

01:07:16,630 --> 01:07:14,559

and then there are a lot of situations

1968

01:07:17,750 --> 01:07:16,640

that are like my friend stuart davis

1969

01:07:20,549 --> 01:07:17,760

often

1970

01:07:22,870 --> 01:07:20,559

uh categorizes as the spiritual

1971

01:07:25,109 --> 01:07:22,880

equivalent of a greyhound bus station

1972

01:07:26,630 --> 01:07:25,119

right where like you're saying ryan you

1973

01:07:28,549 --> 01:07:26,640

don't know what you're gonna get you

1974

01:07:31,109 --> 01:07:28,559

know you're walking into a situation

1975

01:07:33,349 --> 01:07:31,119

and you could be handed like the worst

1976

01:07:36,309 --> 01:07:33,359

trip imaginable it could be definitely

1977

01:07:38,150 --> 01:07:36,319

like brown acid at woodstock bad you

1978

01:07:41,270 --> 01:07:38,160

know

1979

01:07:43,190 --> 01:07:41,280

for sure so uh it's a long-winded way of

1980

01:07:45,589 --> 01:07:43,200

saying like i think people approach it

1981

01:07:48,710 --> 01:07:45,599

very differently um but i think that you

1982

01:07:54,950 --> 01:07:51,270

finding like a healthy way to have a

1983

01:07:57,349 --> 01:07:54,960

different form of contact or or approach

1984

01:07:59,190 --> 01:07:57,359

that kind of meditative practice has

1985

01:08:00,950 --> 01:07:59,200

been helpful for a lot of people and it

1986

01:08:02,549 --> 01:08:00,960

depends on whether they're really trying

1987

01:08:04,230 --> 01:08:02,559

to make contact or whether they're

1988

01:08:06,470 --> 01:08:04,240

trying to find a sense of inner

1989

01:08:07,990 --> 01:08:06,480

tranquility or both

1990

01:08:09,190 --> 01:08:08,000

you know just i know james wants to

1991

01:08:11,190 --> 01:08:09,200

chime in but i just want to say it just

1992

01:08:12,710 --> 01:08:11,200

dawned on me for abductees they're

1993

01:08:15,190 --> 01:08:12,720

they're literally getting up into the

1994

01:08:17,349 --> 01:08:15,200

face of these entities so you know i

1995

01:08:19,430 --> 01:08:17,359

could see why ce5 may not even be

1996

01:08:21,269 --> 01:08:19,440

appealing i mean i can see why it would

1997

01:08:22,149 --> 01:08:21,279

be appealing but i could also see why it

1998

01:08:24,550 --> 01:08:22,159

wouldn't be appealing because you're

1999

01:08:25,990 --> 01:08:24,560

literally up like see five people are

2000

01:08:27,189 --> 01:08:26,000

seeing them in the sky

2001

01:08:28,789 --> 01:08:27,199

you know they're seeing orbs at a

2002

01:08:30,950 --> 01:08:28,799

distance maybe they get a download and

2003

01:08:32,550 --> 01:08:30,960

that would be a very a deep level of

2004

01:08:34,709 --> 01:08:32,560

their ce5 practice but if you're an

2005

01:08:36,309 --> 01:08:34,719

abductee i mean you're you're

2006

01:08:37,669 --> 01:08:36,319

you're getting probably more intimate

2007

01:08:39,910 --> 01:08:37,679

that you'd ever want to get so then why

2008

01:08:41,110 --> 01:08:39,920

would you then transition into ce5 i'm

2009

01:08:42,950 --> 01:08:41,120

not sure that would make sense but i

2010

01:08:44,470 --> 01:08:42,960

guess that's that's a that's that's a

2011

01:08:45,749 --> 01:08:44,480

that's another conversation go ahead

2012

01:08:47,669 --> 01:08:45,759

james i know you want to chime in on

2013

01:08:50,470 --> 01:08:47,679

this well yeah i was going to say so

2014

01:08:53,669 --> 01:08:50,480

since 2009 i've you know been running

2015

01:08:54,630 --> 01:08:53,679

the c5 stuff on social media and in that

2016

01:08:57,430 --> 01:08:54,640

i've

2017

01:09:00,149 --> 01:08:57,440

spoken with thousands of people um

2018

01:09:03,030 --> 01:09:00,159

that are actually got involved because

2019

01:09:05,749 --> 01:09:03,040

they they did have experiences like that

2020

01:09:07,990 --> 01:09:05,759

i mean my my own experiences uh i did

2021

01:09:09,189 --> 01:09:08,000

not ask for at the beginning right it

2022

01:09:11,910 --> 01:09:09,199

was that

2023

01:09:13,749 --> 01:09:11,920

it wasn't uh the classic classic

2024

01:09:16,149 --> 01:09:13,759

abduction scenario the first one had to

2025

01:09:17,669 --> 01:09:16,159

do with entities and was frightening

2026

01:09:20,229 --> 01:09:17,679

um but

2027

01:09:21,189 --> 01:09:20,239

i think in a lot of cases people are at

2028

01:09:22,789 --> 01:09:21,199

that

2029

01:09:24,470 --> 01:09:22,799

i mean again for better or worse right

2030

01:09:26,709 --> 01:09:24,480

they're at like a breaking point like

2031

01:09:28,070 --> 01:09:26,719

what what the hell is all this why did

2032

01:09:29,910 --> 01:09:28,080

this happen to me

2033

01:09:32,709 --> 01:09:29,920

and

2034

01:09:33,990 --> 01:09:32,719

there's no the only the best i mean

2035

01:09:36,070 --> 01:09:34,000

there's no way you're going to get an

2036

01:09:37,510 --> 01:09:36,080

answer to that but

2037

01:09:39,189 --> 01:09:37,520

for some people if they have that kind

2038

01:09:40,950 --> 01:09:39,199

of personality they're just going to

2039

01:09:43,030 --> 01:09:40,960

want to take it head on right i mean

2040

01:09:43,990 --> 01:09:43,040

that's kind of how i i ended up going

2041

01:09:46,550 --> 01:09:44,000

about it

2042

01:09:49,030 --> 01:09:46,560

um because i i didn't want to just

2043

01:09:51,269 --> 01:09:49,040

settle for that was that you know it was

2044

01:09:53,349 --> 01:09:51,279

a way for me to kind of involve myself

2045

01:09:54,390 --> 01:09:53,359

in the conversation to an extent

2046

01:09:56,630 --> 01:09:54,400

so

2047

01:09:58,229 --> 01:09:56,640

um again i think there

2048

01:10:00,470 --> 01:09:58,239

there are a lot of people who have an

2049

01:10:03,510 --> 01:10:00,480

experience and they

2050

01:10:05,669 --> 01:10:03,520

they want to engage further and that's

2051  
01:10:07,830 --> 01:10:05,679  
where maybe c5 might make sense for

2052  
01:10:10,310 --> 01:10:07,840  
people like that but again like you said

2053  
01:10:12,550 --> 01:10:10,320  
there's people who may

2054  
01:10:14,229 --> 01:10:12,560  
have been traumatized and they

2055  
01:10:16,390 --> 01:10:14,239  
they don't want to

2056  
01:10:18,310 --> 01:10:16,400  
you know further engage but

2057  
01:10:20,709 --> 01:10:18,320  
at the same time i i don't really know

2058  
01:10:22,470 --> 01:10:20,719  
many people who've had an experience and

2059  
01:10:24,550 --> 01:10:22,480  
and just put it away and don't want to

2060  
01:10:26,149 --> 01:10:24,560  
know anymore either so

2061  
01:10:27,430 --> 01:10:26,159  
um i guess it comes down to the

2062  
01:10:28,310 --> 01:10:27,440  
individual

2063  
01:10:29,830 --> 01:10:28,320

yeah

2064

01:10:31,430 --> 01:10:29,840

wait a minute minute wait a minute

2065

01:10:32,950 --> 01:10:31,440

people are abducted sometimes they they

2066

01:10:34,870 --> 01:10:32,960

have telepathic communication with the

2067

01:10:36,229 --> 01:10:34,880

entities themselves so are they really

2068

01:10:38,229 --> 01:10:36,239

going to learn more

2069

01:10:39,750 --> 01:10:38,239

by doing c5 not necessarily so it really

2070

01:10:41,830 --> 01:10:39,760

depends i think it's a it would be a

2071

01:10:44,390 --> 01:10:41,840

person no no no no no no no

2072

01:10:46,630 --> 01:10:44,400

ryan you actually yeah you do you do i

2073

01:10:48,790 --> 01:10:46,640

mean again in in engaging with the

2074

01:10:50,950 --> 01:10:48,800

phenomenon itself you're gonna have

2075

01:10:54,709 --> 01:10:50,960

realizations and and the downloads and

2076

01:10:58,709 --> 01:10:56,709

it's not conclusive right

2077

01:11:03,110 --> 01:10:58,719

but it is and and again i did have

2078

01:11:05,189 --> 01:11:03,120

situations like that um again so it's

2079

01:11:06,870 --> 01:11:05,199

it's

2080

01:11:11,189 --> 01:11:06,880

ah

2081

01:11:13,350 --> 01:11:11,199

i was just gonna say if we've heard

2082

01:11:15,030 --> 01:11:13,360

stories from abductees

2083

01:11:17,350 --> 01:11:15,040

both positive and negative which

2084

01:11:18,310 --> 01:11:17,360

suggests a benevolence and a malevolent

2085

01:11:20,470 --> 01:11:18,320

intent

2086

01:11:21,990 --> 01:11:20,480

but then do we see that with ce5 you

2087

01:11:23,750 --> 01:11:22,000

know jay was saying you don't always

2088

01:11:25,590 --> 01:11:23,760

know what you're gonna get could you

2089

01:11:26,630 --> 01:11:25,600

possibly be drawing in something

2090

01:11:29,110 --> 01:11:26,640

malevolent

2091

01:11:34,310 --> 01:11:31,669

and i i've talked in uh

2092

01:11:35,350 --> 01:11:34,320

with exo academian on about this on his

2093

01:11:36,550 --> 01:11:35,360

channel

2094

01:11:38,310 --> 01:11:36,560

and

2095

01:11:41,189 --> 01:11:38,320

you know again if you look at all the

2096

01:11:43,430 --> 01:11:41,199

ce5 information literature however you

2097

01:11:45,350 --> 01:11:43,440

want to call it

2098

01:11:46,950 --> 01:11:45,360

overwhelmingly

2099

01:11:49,750 --> 01:11:46,960

there is

2100

01:11:52,550 --> 01:11:49,760

you know positive experiences and does

2101

01:11:55,350 --> 01:11:52,560

that have to do probably with the intent

2102

01:11:56,870 --> 01:11:55,360

uh that you're going out with probably

2103

01:11:59,030 --> 01:11:56,880

uh does that mean that you can't have a

2104

01:12:01,350 --> 01:11:59,040

bad experience no but

2105

01:12:03,750 --> 01:12:01,360

i mean again given i've spoken with

2106

01:12:05,110 --> 01:12:03,760

thousands of people i've i've worked

2107

01:12:08,390 --> 01:12:05,120

with hundreds of people in the field

2108

01:12:10,149 --> 01:12:08,400

doing cd5 and overwhelmingly

2109

01:12:13,189 --> 01:12:10,159

the the um

2110

01:12:15,910 --> 01:12:13,199

experiences people usually have are

2111

01:12:17,590 --> 01:12:15,920

positive and again maybe that's because

2112

01:12:19,350 --> 01:12:17,600

of where they're coming from with the

2113

01:12:21,350 --> 01:12:19,360

work

2114

01:12:23,430 --> 01:12:21,360

i can only suspect that

2115

01:12:25,830 --> 01:12:23,440

um and you know but then some people

2116

01:12:29,110 --> 01:12:25,840

would say oh well it's just it's just

2117

01:12:30,709 --> 01:12:29,120

all screen memory or or

2118

01:12:33,430 --> 01:12:30,719

you know what have you and i guess

2119

01:12:34,390 --> 01:12:33,440

nobody really knows that for sure

2120

01:12:38,149 --> 01:12:34,400

but

2121

01:12:41,350 --> 01:12:38,159

if you look at all the c5 information

2122

01:12:42,790 --> 01:12:41,360

95 percent of it or more is is positive

2123

01:12:44,870 --> 01:12:42,800

for whatever reason

2124

01:12:47,270 --> 01:12:44,880

and but but in fairness in fairness i

2125

01:12:49,350 --> 01:12:47,280

think it's important to to

2126  
01:12:51,430 --> 01:12:49,360  
refrain from assuming that what is being

2127  
01:12:54,070 --> 01:12:51,440  
experienced during ce5

2128  
01:12:56,310 --> 01:12:54,080  
is necessarily related to what is being

2129  
01:12:59,270 --> 01:12:56,320  
experienced during abduction scenarios

2130  
01:13:00,470 --> 01:12:59,280  
yeah absolutely

2131  
01:13:02,709 --> 01:13:00,480  
and i think that's important to

2132  
01:13:04,709 --> 01:13:02,719  
underscore uh also because when you look

2133  
01:13:06,470 --> 01:13:04,719  
at the phenomena itself it's it's really

2134  
01:13:09,430 --> 01:13:06,480  
possible that it's it's extraordinarily

2135  
01:13:11,590 --> 01:13:09,440  
diverse and some of it may be um native

2136  
01:13:13,189 --> 01:13:11,600  
to to our planet uh aboriginal to our

2137  
01:13:14,870 --> 01:13:13,199  
planet if you will some of it may be

2138  
01:13:17,350 --> 01:13:14,880

extraterrestrial some of it may be

2139

01:13:18,950 --> 01:13:17,360

interdimensional uh some of it may be

2140

01:13:20,470 --> 01:13:18,960

categories that we can't even uh

2141

01:13:22,070 --> 01:13:20,480

decipher so

2142

01:13:24,790 --> 01:13:22,080

you know just because people are having

2143

01:13:26,390 --> 01:13:24,800

amazing experiences during c5

2144

01:13:29,189 --> 01:13:26,400

doesn't mean that that's that's that's a

2145

01:13:30,390 --> 01:13:29,199

good way to to ascertain the nature of

2146

01:13:32,870 --> 01:13:30,400

the phenomenon maybe it's only a good

2147

01:13:35,990 --> 01:13:32,880

way to ascertain a small sliver of a

2148

01:13:37,910 --> 01:13:36,000

huge cornucopia of the phenomena

2149

01:13:40,390 --> 01:13:37,920

yeah i think you're exactly right and

2150

01:13:41,990 --> 01:13:40,400

and maybe it's just my attitude but

2151

01:13:43,430 --> 01:13:42,000

that's why i would want to find out

2152

01:13:45,350 --> 01:13:43,440

right i mean maybe that's a dumb thing

2153

01:13:47,910 --> 01:13:45,360

when i was very young i took a paper

2154

01:13:49,990 --> 01:13:47,920

clip and i put it into an electric

2155

01:13:52,229 --> 01:13:50,000

socket right that's the kind of kit i am

2156

01:13:54,310 --> 01:13:52,239

or it was so maybe that's my attitude

2157

01:13:56,390 --> 01:13:54,320

right and i think you know even more so

2158

01:13:59,110 --> 01:13:56,400

that's why you need people

2159

01:14:00,790 --> 01:13:59,120

you know again who are who are willing

2160

01:14:03,590 --> 01:14:00,800

uh to to

2161

01:14:05,590 --> 01:14:03,600

engage with the phenomenon to to try to

2162

01:14:07,590 --> 01:14:05,600

investigate

2163

01:14:09,350 --> 01:14:07,600

i i do think that kind of like the

2164

01:14:12,390 --> 01:14:09,360

diplomatic attitude that was put forward

2165

01:14:14,709 --> 01:14:12,400

with the c5 initiative is is important

2166

01:14:16,630 --> 01:14:14,719

in in the work of that

2167

01:14:18,550 --> 01:14:16,640

but again even just for the sake of

2168

01:14:19,669 --> 01:14:18,560

collecting data i mean

2169

01:14:22,950 --> 01:14:19,679

you

2170

01:14:27,270 --> 01:14:22,960

more exposure to it

2171

01:14:27,830 --> 01:14:27,280

so i i think that that's even more so

2172

01:14:30,149 --> 01:14:27,840

um why

2173

01:14:32,070 --> 01:14:30,159

should be some kind of initiative to do

2174

01:14:35,270 --> 01:14:32,080

that kind of work

2175

01:14:36,149 --> 01:14:35,280

and and and kind of like an un

2176

01:14:38,709 --> 01:14:36,159

you know

2177

01:14:40,070 --> 01:14:38,719

unbiased way be able to look at all the

2178

01:14:41,350 --> 01:14:40,080

information

2179

01:14:45,189 --> 01:14:41,360

and

2180

01:14:50,149 --> 01:14:46,870

yes great point

2181

01:14:52,470 --> 01:14:50,159

i think i think yeah one one

2182

01:14:54,630 --> 01:14:52,480

small follow-up to that uh is

2183

01:14:56,709 --> 01:14:54,640

i agree with what you're saying james

2184

01:14:59,750 --> 01:14:56,719

and i understand the question ryan for

2185

01:15:00,709 --> 01:14:59,760

sure i think that one thing here is that

2186

01:15:02,630 --> 01:15:00,719

there's

2187

01:15:04,950 --> 01:15:02,640

the issue with many experiencers or

2188

01:15:07,270 --> 01:15:04,960

people that have had a wide range of

2189

01:15:10,390 --> 01:15:07,280

contact that could be considered scary

2190

01:15:12,630 --> 01:15:10,400

like say a poltergeist or a ghost or

2191

01:15:13,750 --> 01:15:12,640

you know a being or an abduction or

2192

01:15:16,149 --> 01:15:13,760

things like that there are a lot of

2193

01:15:18,790 --> 01:15:16,159

forms that are frightening and there are

2194

01:15:21,270 --> 01:15:18,800

forms that are much more benevolent and

2195

01:15:23,510 --> 01:15:21,280

you know and then there's the gray area

2196

01:15:26,310 --> 01:15:23,520

where it could just be like

2197

01:15:28,229 --> 01:15:26,320

the paranormal of equivalent of a bat

2198

01:15:30,870 --> 01:15:28,239

where it's just like kind of adjacent to

2199

01:15:32,790 --> 01:15:30,880

you and it doesn't necessarily want the

2200

01:15:34,390 --> 01:15:32,800

best for you it doesn't necessarily want

2201

01:15:36,709 --> 01:15:34,400

the worst for you it doesn't necessarily

2202

01:15:38,950 --> 01:15:36,719

care about you it's just there and it's

2203

01:15:41,590 --> 01:15:38,960

whether you regard that bat as a

2204

01:15:43,590 --> 01:15:41,600

nuisance or a problem uh more than

2205

01:15:45,030 --> 01:15:43,600

anything else and along those lines is

2206

01:15:47,110 --> 01:15:45,040

that you know

2207

01:15:50,229 --> 01:15:47,120

one thing that i will say is fascinating

2208

01:15:52,470 --> 01:15:50,239

is is the concept of like having you

2209

01:15:54,149 --> 01:15:52,480

know telepathic contact or having being

2210

01:15:56,390 --> 01:15:54,159

kind of like tapped into like a wider

2211

01:15:58,390 --> 01:15:56,400

consciousness field that's fascinating

2212

01:16:00,790 --> 01:15:58,400

right it's just a it's a fascinating

2213

01:16:02,950 --> 01:16:00,800

feeling it's a fascinating concept it's

2214

01:16:04,950 --> 01:16:02,960

a fascinating reality that that is

2215

01:16:07,110 --> 01:16:04,960

something that happens there you know

2216

01:16:08,950 --> 01:16:07,120

and if people don't want to say buy into

2217

01:16:10,950 --> 01:16:08,960

that you know you can also think about

2218

01:16:12,550 --> 01:16:10,960

remote viewing you know i mean we're

2219

01:16:15,350 --> 01:16:12,560

still kind of talking about similar

2220

01:16:18,950 --> 01:16:15,360

topics here right and so you know

2221

01:16:20,870 --> 01:16:18,960

finding a way to tap into the con that

2222

01:16:22,790 --> 01:16:20,880

kind of consciousness field or open up

2223

01:16:25,590 --> 01:16:22,800

your mind in in a different way and

2224

01:16:26,950 --> 01:16:25,600

finding something positive

2225

01:16:28,630 --> 01:16:26,960

within that

2226

01:16:30,709 --> 01:16:28,640

that can be like a really spiritual

2227

01:16:32,950 --> 01:16:30,719

transformative or like

2228

01:16:36,070 --> 01:16:32,960

a great way to process something and and

2229

01:16:39,270 --> 01:16:36,080

in a way it's kind of like how often

2230

01:16:41,270 --> 01:16:39,280

therapists talk about the importance of

2231

01:16:43,350 --> 01:16:41,280

going back to the scene of a crime if

2232

01:16:45,510 --> 01:16:43,360

you've been a victim that like going

2233

01:16:47,750 --> 01:16:45,520

back to the site of trauma can be really

2234

01:16:50,229 --> 01:16:47,760

helpful in terms of like facing the

2235

01:16:52,310 --> 01:16:50,239

situation head on and so

2236

01:16:54,390 --> 01:16:52,320

finding something like that and instead

2237

01:16:56,390 --> 01:16:54,400

of just visiting the site but you

2238

01:16:58,630 --> 01:16:56,400

finding a way to use it as a tool in a

2239

01:17:00,070 --> 01:16:58,640

more positive way you know a lot of

2240

01:17:01,270 --> 01:17:00,080

people have found that very helpful

2241

01:17:03,110 --> 01:17:01,280

hopefully that makes a little bit of

2242

01:17:05,430 --> 01:17:03,120

sense

2243

01:17:07,910 --> 01:17:05,440

it does yeah definitely i mean when you

2244

01:17:09,350 --> 01:17:07,920

think about biological effects now we've

2245

01:17:10,149 --> 01:17:09,360

heard about them

2246

01:17:11,910 --> 01:17:10,159

from

2247

01:17:14,070 --> 01:17:11,920

people talking about military encounters

2248

01:17:15,430 --> 01:17:14,080

being too close to the craft but then if

2249

01:17:17,750 --> 01:17:15,440

you talk there was that one case that

2250

01:17:19,110 --> 01:17:17,760

came out of osap that likatsky spoke

2251

01:17:20,870 --> 01:17:19,120

about the orb that entered the guy

2252

01:17:23,350 --> 01:17:20,880

through his shoulder and you know he had

2253

01:17:25,430 --> 01:17:23,360

seriously serious health effects

2254

01:17:27,030 --> 01:17:25,440

do we just put them down to accidental

2255

01:17:28,950 --> 01:17:27,040

or being in the wrong place at the wrong

2256

01:17:30,630 --> 01:17:28,960

time like within proximity to these

2257

01:17:32,229 --> 01:17:30,640

objects or

2258

01:17:33,910 --> 01:17:32,239

could there be intent behind them you

2259

01:17:35,350 --> 01:17:33,920

see there's so many different

2260

01:17:36,630 --> 01:17:35,360

nuances to the

2261

01:17:38,870 --> 01:17:36,640

aspect i mean i think that's why you

2262

01:17:40,709 --> 01:17:38,880

need to know right i think that i mean

2263

01:17:42,070 --> 01:17:40,719

and you're not gonna i guess again maybe

2264

01:17:43,510 --> 01:17:42,080

it's people will say it's playing on

2265

01:17:44,390 --> 01:17:43,520

fire and that maybe that's partially

2266

01:17:47,030 --> 01:17:44,400

true

2267

01:17:48,870 --> 01:17:47,040

um but we're not going to find out any

2268

01:17:50,229 --> 01:17:48,880

other way i guess right um and then

2269

01:17:52,550 --> 01:17:50,239

again you have the

2270

01:17:54,630 --> 01:17:52,560

christopher bledsoe right he had healing

2271

01:17:55,990 --> 01:17:54,640

right and there's been multiple healings

2272

01:17:57,990 --> 01:17:56,000

allegedly

2273

01:17:59,910 --> 01:17:58,000

involved with that and and that's

2274

01:18:01,750 --> 01:17:59,920

something that comes up again and again

2275

01:18:03,910 --> 01:18:01,760

and again in the literature

2276

01:18:05,590 --> 01:18:03,920

and i i think

2277

01:18:06,790 --> 01:18:05,600

uh most of us will agree i know ryan

2278

01:18:08,709 --> 01:18:06,800

will agree here

2279

01:18:10,709 --> 01:18:08,719

um that we're probably dealing with a

2280

01:18:12,310 --> 01:18:10,719

number of different phenomena right

2281

01:18:14,709 --> 01:18:12,320

we're probably dealing with several

2282

01:18:17,189 --> 01:18:14,719

different intelligences again ranging

2283

01:18:20,229 --> 01:18:17,199

from ultra-terrestrials something that's

2284

01:18:23,110 --> 01:18:20,239

indigenous to this planet or you know

2285

01:18:25,030 --> 01:18:23,120

this planet and or dimension and and

2286

01:18:28,550 --> 01:18:25,040

probably a number of other things and i

2287

01:18:30,470 --> 01:18:28,560

think that that's all on the table

2288

01:18:32,630 --> 01:18:30,480

yeah absolutely and there is a lot of

2289

01:18:34,709 --> 01:18:32,640

you know things pointing to it being a

2290

01:18:37,110 --> 01:18:34,719

things of multiple origin i agree but

2291

01:18:38,830 --> 01:18:37,120

again yeah it's speculative and but i'm

2292

01:18:40,790 --> 01:18:38,840

happy with that

2293

01:18:42,709 --> 01:18:40,800

yeah

2294

01:18:43,669 --> 01:18:42,719

uh before we finish up guys does anyone

2295

01:18:45,750 --> 01:18:43,679

want to talk about anything in

2296

01:18:47,430 --> 01:18:45,760

particular or have any sort of closing

2297

01:18:49,350 --> 01:18:47,440

statements you know we could obviously

2298

01:18:51,189 --> 01:18:49,360

do this for a long time but that won't

2299

01:18:52,630 --> 01:18:51,199

take up too much of your time and we can

2300

01:18:54,149 --> 01:18:52,640

always do this again but yeah if anyone

2301

01:18:56,229 --> 01:18:54,159

wants to to talk about anything in

2302

01:18:58,149 --> 01:18:56,239

particular now is the time

2303

01:18:59,669 --> 01:18:58,159

all right i'll i'll go uh first of all

2304

01:19:01,750 --> 01:18:59,679

i'll just say it if you want to find me

2305

01:19:03,669 --> 01:19:01,760

on youtube on post disclosure world some

2306

01:19:05,910 --> 01:19:03,679

people call me ufo jesus

2307

01:19:07,510 --> 01:19:05,920

uh and i'll now go from there i just

2308

01:19:09,590 --> 01:19:07,520

want to say that when we look at

2309

01:19:11,910 --> 01:19:09,600

disclosure you know because i know jay

2310

01:19:14,310 --> 01:19:11,920

was talking about how you know he wants

2311

01:19:16,310 --> 01:19:14,320

to be optimistic but he sees how you

2312

01:19:17,110 --> 01:19:16,320

know the 70 years have gone and it kind

2313

01:19:22,149 --> 01:19:17,120

of

2314

01:19:23,510 --> 01:19:22,159

and i can totally understand that but i

2315

01:19:25,830 --> 01:19:23,520

think it's important not to lose sight

2316

01:19:27,510 --> 01:19:25,840

of the proposition that and i know eric

2317

01:19:29,110 --> 01:19:27,520

davis has touched on this i've touched

2318

01:19:32,149 --> 01:19:29,120

on this a lot

2319

01:19:34,790 --> 01:19:32,159

the disclosure in some weird way

2320

01:19:38,149 --> 01:19:34,800

maybe not in our control as much as we

2321

01:19:40,870 --> 01:19:38,159

think it is that is a human species

2322

01:19:42,310 --> 01:19:40,880

i came up with an axiom a while back i

2323

01:19:43,669 --> 01:19:42,320

don't have it written down but it goes

2324

01:19:45,350 --> 01:19:43,679

something like this

2325

01:19:46,630 --> 01:19:45,360

the more advanced the civilization

2326

01:19:48,830 --> 01:19:46,640

becomes

2327

01:19:52,630 --> 01:19:48,840

uh the less random all their actions

2328

01:19:54,229 --> 01:19:52,640

become um everything is more uh thought

2329

01:19:56,070 --> 01:19:54,239

out and and

2330

01:19:57,510 --> 01:19:56,080

strategic if you will

2331

01:19:58,790 --> 01:19:57,520

and that that makes sense to me i would

2332

01:20:00,870 --> 01:19:58,800

think that the more advanced a

2333

01:20:02,390 --> 01:20:00,880

civilization gets

2334

01:20:03,750 --> 01:20:02,400

the less random they would be now making

2335

01:20:05,669 --> 01:20:03,760

an assumption i'm being a little

2336

01:20:07,590 --> 01:20:05,679

anthropomorphic but i still think that

2337

01:20:09,270 --> 01:20:07,600

there's a good chance that's the case

2338

01:20:11,830 --> 01:20:09,280

and the fact that we've gone 70 plus

2339

01:20:13,189 --> 01:20:11,840

years without one smoking gun

2340

01:20:15,510 --> 01:20:13,199

a lot of people would perceive that as

2341

01:20:18,629 --> 01:20:15,520

just happenstance or coincidental my

2342

01:20:20,149 --> 01:20:18,639

personal uh highly subjective

2343

01:20:22,310 --> 01:20:20,159

perspective that's probably

2344

01:20:24,229 --> 01:20:22,320

statistically wrong

2345

01:20:26,229 --> 01:20:24,239

is that um

2346

01:20:28,149 --> 01:20:26,239

the the cover-up was something

2347

01:20:30,070 --> 01:20:28,159

governments were baited into

2348

01:20:32,229 --> 01:20:30,080

uh and there they may be using highly

2349

01:20:33,750 --> 01:20:32,239

advanced um artificial intelligence

2350

01:20:36,550 --> 01:20:33,760

algorithms

2351  
01:20:38,149 --> 01:20:36,560  
to influence our species how they think

2352  
01:20:39,830 --> 01:20:38,159  
is best

2353  
01:20:41,350 --> 01:20:39,840  
but then there's there's the counter

2354  
01:20:43,510 --> 01:20:41,360  
argument to that well if that's the case

2355  
01:20:45,430 --> 01:20:43,520  
why are all the disparate sources of

2356  
01:20:47,669 --> 01:20:45,440  
this phenomena agreeing to do the same

2357  
01:20:49,910 --> 01:20:47,679  
thing that's a great counter argument

2358  
01:20:52,470 --> 01:20:49,920  
which i don't have a good answer to

2359  
01:20:54,470 --> 01:20:52,480  
uh unless there's some kind of hierarchy

2360  
01:20:55,910 --> 01:20:54,480  
and it's it's somehow

2361  
01:20:58,070 --> 01:20:55,920  
it's um

2362  
01:21:00,390 --> 01:20:58,080  
enforced if you will but what i really

2363  
01:21:01,830 --> 01:21:00,400

just you know this gets into my alien ai

2364

01:21:02,790 --> 01:21:01,840

hypothesis which i'm not going to go

2365

01:21:05,030 --> 01:21:02,800

into

2366

01:21:06,390 --> 01:21:05,040

in depth now obviously but i just wanted

2367

01:21:08,390 --> 01:21:06,400

to say like you know and i know whitley

2368

01:21:10,950 --> 01:21:08,400

schreiber said this that the architects

2369

01:21:12,149 --> 01:21:10,960

of the secrecy is the the intelligences

2370

01:21:13,910 --> 01:21:12,159

themselves

2371

01:21:15,270 --> 01:21:13,920

i you know and i know it's highly

2372

01:21:17,669 --> 01:21:15,280

subjective and statistically i'm

2373

01:21:19,189 --> 01:21:17,679

probably wrong but i've always had or

2374

01:21:21,430 --> 01:21:19,199

i've recently had

2375

01:21:23,590 --> 01:21:21,440

uh this strong

2376

01:21:26,229 --> 01:21:23,600

inclination to think that uh there's a

2377

01:21:27,510 --> 01:21:26,239

there's a very robust manipulation going

2378

01:21:30,070 --> 01:21:27,520

on

2379

01:21:32,229 --> 01:21:30,080

and and and the fact that that that it's

2380

01:21:34,229 --> 01:21:32,239

been like the circumstances have been so

2381

01:21:35,510 --> 01:21:34,239

conducive for governments to cover this

2382

01:21:37,910 --> 01:21:35,520

up

2383

01:21:40,070 --> 01:21:37,920

um to me makes me very very suspicious

2384

01:21:41,990 --> 01:21:40,080

i'll just give you a quick example

2385

01:21:43,990 --> 01:21:42,000

are there crashes i mean if you want to

2386

01:21:46,310 --> 01:21:44,000

cover governments to cover this up baby

2387

01:21:47,510 --> 01:21:46,320

you you make crashes happen because now

2388

01:21:49,910 --> 01:21:47,520

it immediately goes into the

2389

01:21:51,910 --> 01:21:49,920

militaristic realm right countries are

2390

01:21:53,669 --> 01:21:51,920

collecting this technology now they have

2391

01:21:55,910 --> 01:21:53,679

all the incentive in the world to keep

2392

01:21:58,790 --> 01:21:55,920

it hush-hush so that adversaries uh get

2393

01:22:00,870 --> 01:21:58,800

no no leg up on on the reality of this

2394

01:22:03,510 --> 01:22:00,880

phenomena so that they don't even don't

2395

01:22:05,830 --> 01:22:03,520

even get the incentive to go looking for

2396

01:22:07,430 --> 01:22:05,840

crashes if you will and i just feel like

2397

01:22:08,709 --> 01:22:07,440

there's there's a heavy manipulation

2398

01:22:10,629 --> 01:22:08,719

going on

2399

01:22:13,669 --> 01:22:10,639

and and that countries were were

2400

01:22:15,189 --> 01:22:13,679

potentially baited into the secrecy

2401

01:22:16,709 --> 01:22:15,199

and and what so what would be an

2402

01:22:18,870 --> 01:22:16,719

inevitable outcome of this well i think

2403

01:22:22,870 --> 01:22:18,880

that when you know uh

2404

01:22:24,790 --> 01:22:22,880

multiple uh governments uh

2405

01:22:26,310 --> 01:22:24,800

on some level cooperating to keep the

2406

01:22:28,229 --> 01:22:26,320

secret and then if the secret finally

2407

01:22:29,750 --> 01:22:28,239

coming out well that was that would

2408

01:22:30,870 --> 01:22:29,760

change the dynamics between the

2409

01:22:33,270 --> 01:22:30,880

government and the government in a

2410

01:22:34,950 --> 01:22:33,280

really big way and then inevitably it

2411

01:22:37,110 --> 01:22:34,960

would it would change the structure of

2412

01:22:39,110 --> 01:22:37,120

civilization in an enormous way and in a

2413

01:22:41,270 --> 01:22:39,120

way that the structure of civilization

2414

01:22:42,510 --> 01:22:41,280

would never change if we had open

2415

01:22:45,830 --> 01:22:42,520

contact in

2416

01:22:48,950 --> 01:22:45,840

1947 or whatever or if the united states

2417

01:22:50,790 --> 01:22:48,960

government came clean in 1947

2418

01:22:52,390 --> 01:22:50,800

the the structural changes that will

2419

01:22:54,470 --> 01:22:52,400

happen as a result of 70 years of

2420

01:22:55,750 --> 01:22:54,480

secrecy are going to be very unique

2421

01:22:56,950 --> 01:22:55,760

compared to what would have happened if

2422

01:22:58,950 --> 01:22:56,960

the united states government would have

2423

01:23:01,510 --> 01:22:58,960

come clean in 1947 during the height of

2424

01:23:03,510 --> 01:23:01,520

the cold war um you know mutual

2425

01:23:05,669 --> 01:23:03,520

destruction and all that so i'm just to

2426

01:23:07,669 --> 01:23:05,679

put it very simplistically i think

2427

01:23:10,229 --> 01:23:07,679

there's a manipula i think

2428

01:23:12,310 --> 01:23:10,239

but but i'm probably wrong but i think

2429

01:23:14,390 --> 01:23:12,320

there's probably a manipulation going on

2430

01:23:17,110 --> 01:23:14,400

and that disclosure itself sometimes

2431

01:23:20,229 --> 01:23:17,120

somehow factors intimately into that

2432

01:23:22,550 --> 01:23:20,239

because that is to me the disclosure is

2433

01:23:25,110 --> 01:23:22,560

not possible unless there's some kind of

2434

01:23:27,590 --> 01:23:25,120

algorithmic um

2435

01:23:28,950 --> 01:23:27,600

uh involvement of the phenomena itself

2436

01:23:31,270 --> 01:23:28,960

to where there's like this almost like

2437

01:23:34,629 --> 01:23:31,280

there's this profound balancing act if

2438

01:23:35,910 --> 01:23:34,639

you will this this this balancing act or

2439

01:23:38,070 --> 01:23:35,920

i don't forget what they call it some

2440

01:23:40,790 --> 01:23:38,080

some theologians use it to to refer to

2441

01:23:43,510 --> 01:23:40,800

god but there's like this fine tuning or

2442

01:23:46,310 --> 01:23:43,520

balancing act to like the phenomena

2443

01:23:47,430 --> 01:23:46,320

allows us to know it's real using logic

2444

01:23:49,830 --> 01:23:47,440

and reason

2445

01:23:51,189 --> 01:23:49,840

and yet also creates an environment

2446

01:23:52,709 --> 01:23:51,199

where it's conducive to be covered up

2447

01:23:54,070 --> 01:23:52,719

now we could just be like watch this

2448

01:23:56,149 --> 01:23:54,080

that's just happenstance that's just the

2449

01:23:57,590 --> 01:23:56,159

way things just randomly turned out but

2450

01:23:59,270 --> 01:23:57,600

i don't think so even though i'm

2451

01:24:01,990 --> 01:23:59,280

probably wrong i think this is a this is

2452

01:24:04,790 --> 01:24:02,000

a manipulation based on extraordinarily

2453

01:24:07,270 --> 01:24:04,800

the advanced algorithmic um

2454

01:24:08,790 --> 01:24:07,280

programming they they know when they're

2455

01:24:10,629 --> 01:24:08,800

seen you know how many people are going

2456

01:24:13,030 --> 01:24:10,639

to see it they know how it's going to

2457

01:24:14,709 --> 01:24:13,040

infiltrate into society they can control

2458

01:24:16,550 --> 01:24:14,719

our consciousness they can make cameras

2459

01:24:18,550 --> 01:24:16,560

not work quite right if they want to and

2460

01:24:20,070 --> 01:24:18,560

for anyone that says oh your ufo jesus

2461

01:24:22,229 --> 01:24:20,080

has gone mad well i have gone mad and

2462

01:24:23,750 --> 01:24:22,239

that's true but on the other hand if you

2463

01:24:26,070 --> 01:24:23,760

look at if you look at the historical

2464

01:24:27,830 --> 01:24:26,080

record of nukes being turned off

2465

01:24:29,830 --> 01:24:27,840

if that's true well guess what the

2466

01:24:31,910 --> 01:24:29,840

phenomena can can go right through the

2467

01:24:33,430 --> 01:24:31,920

shielding baby and turn our most

2468

01:24:35,430 --> 01:24:33,440

sophisticated weapons of mass

2469

01:24:37,590 --> 01:24:35,440

destruction off at will so if they can

2470

01:24:39,110 --> 01:24:37,600

do that they can mess with your cameras

2471

01:24:41,110 --> 01:24:39,120

baby they could probably mess with your

2472

01:24:43,910 --> 01:24:41,120

consciousness and they probably got some

2473

01:24:45,750 --> 01:24:43,920

very serious uh artificial intelligence

2474

01:24:47,189 --> 01:24:45,760

that is maybe even spiritual

2475

01:24:49,189 --> 01:24:47,199

intelligence if you will

2476

01:24:51,110 --> 01:24:49,199

who knows how deeply they can go into

2477

01:24:53,350 --> 01:24:51,120

into the very structure the very

2478

01:24:56,149 --> 01:24:53,360

construct of reality to manipulate it so

2479

01:24:57,910 --> 01:24:56,159

all i'm saying is i have the suspicion

2480

01:25:00,310 --> 01:24:57,920

that we are we have been and we are

2481

01:25:02,149 --> 01:25:00,320

being manipulated and uh that's all i

2482

01:25:03,830 --> 01:25:02,159

got to say and and when disclosure comes

2483

01:25:06,629 --> 01:25:03,840

if it ever does maybe maybe that will

2484

01:25:08,310 --> 01:25:06,639

become become more clear and and and

2485

01:25:10,310 --> 01:25:08,320

maybe we'll get open contact after that

2486

01:25:12,229 --> 01:25:10,320

and that's that's wha i'll i've hijacked

2487

01:25:13,510 --> 01:25:12,239

the show and i'll leave it at that thank

2488

01:25:15,590 --> 01:25:13,520

you

2489

01:25:17,750 --> 01:25:15,600

that was amazing i mean if anyone has

2490

01:25:19,430 --> 01:25:17,760

any follow-ups to that please go on

2491

01:25:23,270 --> 01:25:19,440

because there's so much to to pull out

2492

01:25:29,189 --> 01:25:25,350

or any other closing comments in general

2493

01:25:32,550 --> 01:25:29,199

anybody i was going to say uh god damn

2494

01:25:34,950 --> 01:25:32,560

that's right or jesus christ right yeah

2495

01:25:36,550 --> 01:25:34,960

ufo jesus has got the uh revival tent up

2496

01:25:37,910 --> 01:25:36,560

today i love it

2497

01:25:40,070 --> 01:25:37,920

yeah

2498

01:25:41,510 --> 01:25:40,080

that was really epic ryan and and i you

2499

01:25:43,830 --> 01:25:41,520

know and i agree

2500

01:25:46,629 --> 01:25:43,840

uh to some extent that the only the only

2501

01:25:48,709 --> 01:25:46,639

true like disclosure on the level i

2502

01:25:51,590 --> 01:25:48,719

think that would even satisfy if i can

2503

01:25:54,470 --> 01:25:51,600

even use that word is from the phenomena

2504

01:25:55,990 --> 01:25:54,480

um and i think you know jacqueline did a

2505

01:25:57,910 --> 01:25:56,000

great job kind of

2506

01:25:59,910 --> 01:25:57,920

hypothesizing some of this with with the

2507

01:26:01,990 --> 01:25:59,920

idea of the control system

2508

01:26:03,590 --> 01:26:02,000

um which i think is very valid if we're

2509

01:26:05,110 --> 01:26:03,600

dealing with such an advanced

2510

01:26:07,350 --> 01:26:05,120

intelligence

2511

01:26:09,990 --> 01:26:07,360

uh it could probably predict i mean

2512

01:26:12,390 --> 01:26:10,000

again it are all these encounters with

2513

01:26:14,149 --> 01:26:12,400

with the military uh you know

2514

01:26:16,390 --> 01:26:14,159

you know provocative

2515

01:26:18,629 --> 01:26:16,400

in the sense that they're

2516

01:26:23,030 --> 01:26:18,639

you know

2517

01:26:24,709 --> 01:26:23,040

instigating a disclosure

2518

01:26:26,629 --> 01:26:24,719

um or

2519

01:26:29,030 --> 01:26:26,639

it's hard to imagine those are just like

2520

01:26:29,750 --> 01:26:29,040

what ryan is saying random right those

2521

01:26:33,350 --> 01:26:29,760

are

2522

01:26:37,590 --> 01:26:33,360

you know

2523

01:26:39,990 --> 01:26:37,600

the years are they just random right

2524

01:26:41,590 --> 01:26:40,000

they have to be able to

2525

01:26:43,430 --> 01:26:41,600

some extent

2526

01:26:45,270 --> 01:26:43,440

anticipate how we're going to respond to

2527

01:26:47,590 --> 01:26:45,280

that and if they they didn't want to be

2528

01:26:50,070 --> 01:26:47,600

seen we've seen that they can they can

2529

01:26:51,030 --> 01:26:50,080

just make us not see them in different

2530

01:26:52,709 --> 01:26:51,040

ways

2531

01:26:55,430 --> 01:26:52,719

um

2532

01:26:57,270 --> 01:26:55,440

but uh yeah so i i agree with a lot of

2533

01:26:58,149 --> 01:26:57,280

what ryan is saying there

2534

01:26:59,830 --> 01:26:58,159

and

2535

01:27:02,870 --> 01:26:59,840

my own kind of

2536

01:27:05,750 --> 01:27:02,880

uh sound off or personal note here

2537

01:27:07,910 --> 01:27:05,760

would be to to encourage people that are

2538

01:27:09,990 --> 01:27:07,920

interested in in the subject to get

2539

01:27:12,629 --> 01:27:10,000

involved in in whatever way that they

2540

01:27:14,550 --> 01:27:12,639

can you know i appreciate you know

2541

01:27:15,510 --> 01:27:14,560

everything obviously that everyone here

2542

01:27:18,310 --> 01:27:15,520

is doing

2543

01:27:20,310 --> 01:27:18,320

uh you know danny is getting on there

2544

01:27:22,629 --> 01:27:20,320

and he's sharing his his uh chicken

2545

01:27:26,550 --> 01:27:22,639

nugget dinosaur

2546

01:27:29,110 --> 01:27:26,560

parmesan recipe changing lives no but

2547

01:27:30,629 --> 01:27:29,120

seriously everybody here you know it has

2548

01:27:32,470 --> 01:27:30,639

contributed to the field in their own

2549

01:27:33,590 --> 01:27:32,480

way and i think you know we we need more

2550

01:27:34,870 --> 01:27:33,600

of that

2551

01:27:37,030 --> 01:27:34,880

and again that's a

2552

01:27:38,550 --> 01:27:37,040

speaking to what maybe jay was saying

2553

01:27:40,310 --> 01:27:38,560

before about

2554

01:27:42,390 --> 01:27:40,320

grassroots

2555

01:27:44,950 --> 01:27:42,400

rather than top-down

2556

01:27:46,709 --> 01:27:44,960

disclosure i think that's really the way

2557

01:27:48,870 --> 01:27:46,719

forward and even with the academics

2558

01:27:51,030 --> 01:27:48,880

getting involved that is a grassroots

2559

01:27:51,830 --> 01:27:51,040

kind of thing it's you know it's not

2560

01:27:54,149 --> 01:27:51,840

um

2561

01:27:55,270 --> 01:27:54,159

as much top down at least as as kind of

2562

01:27:58,390 --> 01:27:55,280

like the

2563

01:28:01,270 --> 01:27:58,400

us or or otherwise government disclosure

2564

01:28:04,149 --> 01:28:01,280

so i highly encourage people to network

2565

01:28:05,990 --> 01:28:04,159

this to to get involved in whatever

2566

01:28:07,110 --> 01:28:06,000

unique way they can you know you got

2567

01:28:10,550 --> 01:28:07,120

people like

2568

01:28:12,629 --> 01:28:10,560

uh tupacabra is making insanely awesome

2569

01:28:13,990 --> 01:28:12,639

art videos and you know like i could

2570

01:28:16,229 --> 01:28:14,000

never do anything like that right and

2571

01:28:17,910 --> 01:28:16,239

he's able to reach tons of people doing

2572

01:28:20,629 --> 01:28:17,920

that you know ufo

2573

01:28:23,350 --> 01:28:20,639

jesus can can preach a sermon

2574

01:28:25,270 --> 01:28:23,360

you know on disclosure and ufos like

2575

01:28:26,790 --> 01:28:25,280

everybody here has contributed in a

2576

01:28:28,550 --> 01:28:26,800

great and unique way and i think we need

2577

01:28:31,830 --> 01:28:28,560

more of that

2578

01:28:33,189 --> 01:28:31,840

totally agree yeah jay

2579

01:28:36,070 --> 01:28:33,199

well i mean

2580

01:28:38,950 --> 01:28:36,080

i i agree with everything james has been

2581

01:28:41,189 --> 01:28:38,960

saying um if you hear i hear a siren

2582

01:28:42,629 --> 01:28:41,199

coming down the avenue and you know if

2583

01:28:43,910 --> 01:28:42,639

somebody breaks down the door they

2584

01:28:46,470 --> 01:28:43,920

finally found me

2585

01:28:48,229 --> 01:28:46,480

but uh i'm just in downtown jersey city

2586

01:28:49,750 --> 01:28:48,239

and folks are used to that but uh i i

2587

01:28:52,149 --> 01:28:49,760

just really appreciate this conversation

2588

01:28:54,470 --> 01:28:52,159

i think it's fantastic i think that you

2589

01:28:56,310 --> 01:28:54,480

know when it comes down to it

2590

01:28:59,189 --> 01:28:56,320

you know there's often this con the

2591

01:29:00,470 --> 01:28:59,199

conversation comes down to like

2592

01:29:02,310 --> 01:29:00,480

not here

2593

01:29:04,390 --> 01:29:02,320

but the kind of dumbed-down conversation

2594

01:29:06,390 --> 01:29:04,400

that we find online sometimes this is

2595

01:29:09,110 --> 01:29:06,400

what one thing can we do

2596

01:29:10,470 --> 01:29:09,120

or what one thing should we be doing

2597

01:29:13,669 --> 01:29:10,480

and i think

2598

01:29:16,229 --> 01:29:13,679

the fact that even just within this this

2599

01:29:17,669 --> 01:29:16,239

stream yard room and from the folks that

2600

01:29:20,550 --> 01:29:17,679

i see in the chat

2601

01:29:23,189 --> 01:29:20,560

um that are over there like nathan and

2602

01:29:25,110 --> 01:29:23,199

and paranormal blip and tupacabra and so

2603

01:29:27,110 --> 01:29:25,120

many other wonderful people that have

2604

01:29:28,310 --> 01:29:27,120

their own approaches you know

2605

01:29:35,350 --> 01:29:28,320

we

2606

01:29:37,430 --> 01:29:35,360

than depending on one particular world

2607

01:29:39,910 --> 01:29:37,440

government and we can still

2608

01:29:42,149 --> 01:29:39,920

keep our eye on that and we can still

2609

01:29:44,790 --> 01:29:42,159

hope for the best in terms of that stuff

2610

01:29:46,870 --> 01:29:44,800

and you know keep pushing towards that

2611

01:29:49,110 --> 01:29:46,880

while still having

2612

01:29:51,590 --> 01:29:49,120

plenty of plan b's plenty of contingency

2613

01:29:54,390 --> 01:29:51,600

plans plenty of grassroots initiatives

2614

01:29:56,229 --> 01:29:54,400

and that that can also you know that

2615

01:29:58,470 --> 01:29:56,239

that can be our own

2616

01:30:01,189 --> 01:29:58,480

form of growth personal growth

2617

01:30:03,189 --> 01:30:01,199

community growth you know and that and

2618

01:30:05,750 --> 01:30:03,199

that pushing the ball forward that way

2619

01:30:07,110 --> 01:30:05,760

it helps us take ownership for ourselves

2620

01:30:09,590 --> 01:30:07,120

and it helps us

2621

01:30:10,790 --> 01:30:09,600

get outside of the the

2622

01:30:12,470 --> 01:30:10,800

the

2623

01:30:15,350 --> 01:30:12,480

kind of victim

2624

01:30:17,110 --> 01:30:15,360

mentality almost of needing for

2625

01:30:19,030 --> 01:30:17,120

authority validation

2626

01:30:21,910 --> 01:30:19,040

now there are people that are holding on

2627

01:30:23,990 --> 01:30:21,920

to a lot of secrets and at the same time

2628

01:30:25,430 --> 01:30:24,000

we can still find out a lot ourselves as

2629

01:30:27,830 --> 01:30:25,440

well and

2630

01:30:29,750 --> 01:30:27,840

um you know along those lines i would

2631

01:30:32,950 --> 01:30:29,760

also like to know um

2632

01:30:34,709 --> 01:30:32,960

if the menu whisperer of texas

2633

01:30:38,229 --> 01:30:34,719

uh has any has

2634

01:30:41,510 --> 01:30:38,239

any closing words um from uh flavortown

2635

01:30:43,669 --> 01:30:41,520

central over there okay

2636

01:30:45,910 --> 01:30:43,679

at times i can't always talk about this

2637

01:30:48,550 --> 01:30:45,920

you know ryan said it earlier why you

2638

01:30:50,070 --> 01:30:48,560

always write uh blogs about this or i

2639

01:30:52,070 --> 01:30:50,080

would even say why i always make youtube

2640

01:30:54,229 --> 01:30:52,080

videos about it when we just want the

2641

01:30:55,830 --> 01:30:54,239

proof you want the smoking gun right

2642

01:30:58,149 --> 01:30:55,840

um so sometimes i want to talk about

2643

01:31:00,070 --> 01:30:58,159

just other stuff be stupid on social

2644

01:31:02,470 --> 01:31:00,080

media instead of always time like ufos i

2645

01:31:04,149 --> 01:31:02,480

want to watch a basketball game but um

2646

01:31:06,070 --> 01:31:04,159

you know i do focus on the disclosure

2647

01:31:09,430 --> 01:31:06,080

side of things i'm not qualified to

2648

01:31:10,310 --> 01:31:09,440

speak on ce5 or being an experiencer

2649

01:31:12,229 --> 01:31:10,320

um

2650

01:31:15,350 --> 01:31:12,239

but so i always stick to disclosure and

2651  
01:31:17,110 --> 01:31:15,360  
i'm going to continue to do that but uh

2652  
01:31:20,070 --> 01:31:17,120  
i would say that one thing to keep in

2653  
01:31:22,149 --> 01:31:20,080  
mind um we all debate and share our

2654  
01:31:24,550 --> 01:31:22,159  
thoughts on social media the people that

2655  
01:31:26,470 --> 01:31:24,560  
we look up to don't always do that

2656  
01:31:28,070 --> 01:31:26,480  
and because they're more private they do

2657  
01:31:30,070 --> 01:31:28,080  
it amongst themselves on email chains

2658  
01:31:31,430 --> 01:31:30,080  
instead of on social media for a million

2659  
01:31:33,030 --> 01:31:31,440  
people to see

2660  
01:31:35,110 --> 01:31:33,040  
not everyone is on the same page that we

2661  
01:31:36,629 --> 01:31:35,120  
look up to if they were gary nolan

2662  
01:31:38,790 --> 01:31:36,639  
wouldn't have left to the stars academy

2663  
01:31:41,110 --> 01:31:38,800

before it barely even started and then

2664

01:31:43,350 --> 01:31:41,120

years later lou and chris wouldn't

2665

01:31:45,030 --> 01:31:43,360

have left either um

2666

01:31:46,390 --> 01:31:45,040

they're adapting with the information

2667

01:31:48,149 --> 01:31:46,400

that they get at the time and they're

2668

01:31:49,750 --> 01:31:48,159

doing the best they can i think that's

2669

01:31:51,669 --> 01:31:49,760

what we're seeing kind of in real time

2670

01:31:53,270 --> 01:31:51,679

with a lot of these government programs

2671

01:31:54,470 --> 01:31:53,280

is that people are doing their best to

2672

01:31:56,550 --> 01:31:54,480

make the

2673

01:31:59,030 --> 01:31:56,560

the congressional wording and the

2674

01:32:00,149 --> 01:31:59,040

government stuff work correctly and then

2675

01:32:02,229 --> 01:32:00,159

they were kind of rolling with the

2676

01:32:03,990 --> 01:32:02,239

punches and adapting and when they

2677

01:32:05,510 --> 01:32:04,000

realized that something doesn't work or

2678

01:32:07,590 --> 01:32:05,520

when we have a hearing when there's two

2679

01:32:09,430 --> 01:32:07,600

guys up there just lying at the hearing

2680

01:32:11,430 --> 01:32:09,440

showing the crappy video

2681

01:32:12,709 --> 01:32:11,440

then they then they're adapting and

2682

01:32:14,790 --> 01:32:12,719

trying to put more words into the

2683

01:32:16,629 --> 01:32:14,800

congressional stuff and whispering in

2684

01:32:18,550 --> 01:32:16,639

the ears of these congressional

2685

01:32:20,790 --> 01:32:18,560

congressmen and women

2686

01:32:23,189 --> 01:32:20,800

to do the right thing so i think it's it

2687

01:32:24,070 --> 01:32:23,199

is a process and it's just people right

2688

01:32:25,750 --> 01:32:24,080

um

2689

01:32:27,990 --> 01:32:25,760

these guys that we hold on pedestals

2690

01:32:29,669 --> 01:32:28,000

like lou and everybody they're people

2691

01:32:31,750 --> 01:32:29,679

and and they're gonna make mistakes and

2692

01:32:33,189 --> 01:32:31,760

they're doing their best um and i think

2693

01:32:35,189 --> 01:32:33,199

that's something we could all agree on

2694

01:32:37,270 --> 01:32:35,199

um and that's what i think is what we're

2695

01:32:39,350 --> 01:32:37,280

seeing i'm super optimistic it's so

2696

01:32:41,510 --> 01:32:39,360

amazing to see uh

2697

01:32:43,669 --> 01:32:41,520

this wording and and the wording just

2698

01:32:46,229 --> 01:32:43,679

gets more serious and more like

2699

01:32:48,229 --> 01:32:46,239

fine-tuned as we're going every year and

2700

01:32:49,750 --> 01:32:48,239

it's really really exciting at the same

2701

01:32:52,470 --> 01:32:49,760

time you know

2702

01:32:54,950 --> 01:32:52,480

is it those same guys uh that were lying

2703

01:32:56,790 --> 01:32:54,960

at the hearing um that's what i'm afraid

2704

01:32:58,629 --> 01:32:56,800

of you know and i think that's what

2705

01:33:00,550 --> 01:32:58,639

jay's afraid of when he says we

2706

01:33:03,750 --> 01:33:00,560

shouldn't be you know

2707

01:33:05,350 --> 01:33:03,760

uh looking at the government as much now

2708

01:33:07,270 --> 01:33:05,360

i've always said just a rebuttal to that

2709

01:33:08,470 --> 01:33:07,280

is we're not looking for the government

2710

01:33:09,990 --> 01:33:08,480

we don't need the government we already

2711

01:33:11,830 --> 01:33:10,000

believe the rest of the world is what

2712

01:33:13,910 --> 01:33:11,840

needs a government unfortunately it

2713

01:33:15,830 --> 01:33:13,920

sucks we wish we could they could we

2714

01:33:17,270 --> 01:33:15,840

want them to be on the same page as us

2715

01:33:18,870 --> 01:33:17,280

and it seems like the only way to get

2716

01:33:20,070 --> 01:33:18,880

them to do it is to have these

2717

01:33:22,390 --> 01:33:20,080

figureheads tell them because they're

2718

01:33:23,830 --> 01:33:22,400

not going to believe us unfortunately

2719

01:33:25,830 --> 01:33:23,840

or maybe they'll be mass cited or

2720

01:33:27,590 --> 01:33:25,840

something like that um but that's just

2721

01:33:29,990 --> 01:33:27,600

where i'm at you know i i started this

2722

01:33:32,310 --> 01:33:30,000

whole conversation that way and uh i'm

2723

01:33:34,550 --> 01:33:32,320

just i'm super optimistic and happy and

2724

01:33:37,990 --> 01:33:34,560

we've come so far from five years

2725

01:33:40,550 --> 01:33:38,000

seeing um spoiler alert seeing the navy

2726

01:33:42,390 --> 01:33:40,560

videos get mentioned in the noke movie i

2727

01:33:44,149 --> 01:33:42,400

think in in the note movies like the

2728

01:33:46,310 --> 01:33:44,159

biggest movie of the summer whether you

2729

01:33:48,070 --> 01:33:46,320

liked it or not i'm kind of wishy-washy

2730

01:33:49,910 --> 01:33:48,080

on the movie itself

2731

01:33:51,750 --> 01:33:49,920

but uh the navy videos were mentioned in

2732

01:33:53,510 --> 01:33:51,760

that movie man it was amazing like it's

2733

01:33:55,510 --> 01:33:53,520

pop culture it's huge

2734

01:33:57,590 --> 01:33:55,520

i was telling lou that like that like

2735

01:33:59,669 --> 01:33:57,600

it's it's part of history like they

2736

01:34:02,149 --> 01:33:59,679

can't take that away now

2737

01:34:03,910 --> 01:34:02,159

and um so we're there and it's amazing i

2738

01:34:05,910 --> 01:34:03,920

just want all this government stuff to

2739

01:34:08,149 --> 01:34:05,920

work out these programs that they keep

2740

01:34:09,189 --> 01:34:08,159

talking about and pledging money towards

2741

01:34:11,350 --> 01:34:09,199

um

2742

01:34:13,350 --> 01:34:11,360

and uh i think there's still a lot to be

2743

01:34:15,350 --> 01:34:13,360

figured out on the government end so

2744

01:34:17,669 --> 01:34:15,360

it's always optimistic but it's always

2745

01:34:18,550 --> 01:34:17,679

like a war and it's always work to be

2746

01:34:20,470 --> 01:34:18,560

done

2747

01:34:23,669 --> 01:34:20,480

and uh we just have to wait and see and

2748

01:34:25,350 --> 01:34:23,679

um i'm also with ufo jesus here show us

2749

01:34:27,669 --> 01:34:25,360

the damn uh

2750

01:34:29,110 --> 01:34:27,679

the smoking gun stuff man and it does

2751

01:34:31,270 --> 01:34:29,120

get it does get

2752

01:34:33,830 --> 01:34:31,280

tedious to keep talking about this or

2753

01:34:35,270 --> 01:34:33,840

when we get a tease about a video and

2754

01:34:36,790 --> 01:34:35,280

you know i think the teases sometimes

2755

01:34:38,790 --> 01:34:36,800

are put out because they're trying to

2756

01:34:40,629 --> 01:34:38,800

motivate people and if they tease a

2757

01:34:42,550 --> 01:34:40,639

video that it exists like lou's saying a

2758

01:34:44,470 --> 01:34:42,560

video exists that's amazing and then we

2759

01:34:46,790 --> 01:34:44,480

don't get to see it that's to rile us up

2760

01:34:49,189 --> 01:34:46,800

and get us mad and to demand that our

2761

01:34:50,870 --> 01:34:49,199

government show us and i think it works

2762

01:34:52,470 --> 01:34:50,880

in a way hopefully we'll get to see it

2763

01:34:55,270 --> 01:34:52,480

but it's also really frustrating on our

2764

01:34:58,550 --> 01:34:55,280

end but um i am very optimistic and

2765

01:35:00,870 --> 01:34:58,560

hopeful and thankful of where we've come

2766

01:35:03,669 --> 01:35:00,880

all this time at the same time i know

2767

01:35:05,830 --> 01:35:03,679

things aren't perfect and um

2768

01:35:08,149 --> 01:35:05,840

and it's just people and they don't they

2769

01:35:09,270 --> 01:35:08,159

debate things just like we debate so i

2770

01:35:11,189 --> 01:35:09,280

think we're gonna keep it moving we're

2771

01:35:12,709 --> 01:35:11,199

gonna nobody's going anywhere

2772

01:35:15,270 --> 01:35:12,719

even if i'm tweeting about basketball or

2773

01:35:17,109 --> 01:35:15,280

food i still got ufos in my mind but i

2774

01:35:18,870 --> 01:35:17,119

just needed a break for that day

2775

01:35:21,270 --> 01:35:18,880

but and i'm gonna be me no matter what

2776

01:35:23,590 --> 01:35:21,280

too so i i gotta be me i don't have a

2777

01:35:25,350 --> 01:35:23,600

strictly uf ufo content i'm gonna say

2778

01:35:26,550 --> 01:35:25,360

stupid stuff and joke around and stuff

2779

01:35:28,390 --> 01:35:26,560

but um

2780

01:35:29,910 --> 01:35:28,400

i don't know i'm just i'm happy of where

2781

01:35:31,109 --> 01:35:29,920

we're at and uh thank you for having me

2782

01:35:32,390 --> 01:35:31,119

on the chat and it's great to talk to

2783

01:35:33,990 --> 01:35:32,400

you guys

2784

01:35:35,910 --> 01:35:34,000

nah thank you so much we really do

2785

01:35:37,430 --> 01:35:35,920

appreciate you and i appreciate all of

2786

01:35:39,669 --> 01:35:37,440

you for joining me today it's been a

2787

01:35:40,950 --> 01:35:39,679

fantastic conversation uh before we

2788

01:35:43,109 --> 01:35:40,960

leave i just want to say thank you to

2789

01:35:45,510 --> 01:35:43,119

the chat for great conversations keeping

2790

01:35:47,510 --> 01:35:45,520

it nice and cordial good to see so many

2791

01:35:50,709 --> 01:35:47,520

faces in there a quick shout out to

2792

01:35:51,910 --> 01:35:50,719

mcewan alicia davey jonathan yorkshire

2793

01:35:54,470 --> 01:35:51,920

great christian and sean for the

2794

01:35:56,229 --> 01:35:54,480

donations i really do appreciate any

2795

01:35:57,830 --> 01:35:56,239

support that you give financially to

2796

01:35:59,189 --> 01:35:57,840

this channel on this show it really does

2797

01:36:01,350 --> 01:35:59,199

go a long way and

2798

01:36:03,830 --> 01:36:01,360

i appreciate it um for everybody

2799

01:36:05,669 --> 01:36:03,840

watching now or after the fact uh you

2800

01:36:08,070 --> 01:36:05,679

can follow all of these guys social

2801

01:36:09,669 --> 01:36:08,080

medias and websites and blogs just go to

2802

01:36:11,590 --> 01:36:09,679

the description below and you'll find

2803

01:36:13,510 --> 01:36:11,600

all the information you need

2804

01:36:15,189 --> 01:36:13,520

um once again gentlemen thank you so

2805

01:36:17,350 --> 01:36:15,199

much i'd love the opportunity to do this

2806

01:36:19,750 --> 01:36:17,360

again in the future uh but for now

2807

01:36:21,990 --> 01:36:19,760

everyone take care and i will see you
