1  
00:00:12,150 --> 00:00:08,580

[Music]

2  
00:00:12,160 --> 00:00:16,620

oh

3  
00:00:39,750 --> 00:00:23,640

[Music]

4  
00:00:44,790 --> 00:00:41,750  
welcome to the show everybody we are

5  
00:00:46,950 --> 00:00:44,800  
back with another interview um a few

6  
00:00:49,110 --> 00:00:46,960  
things before i introduce today's guest

7  
00:00:51,990 --> 00:00:49,120  
i apologize if i look a bit shiny is a

8  
00:00:53,990 --> 00:00:52,000  
very hot day here today in the uk i'm in

9  
00:00:56,830 --> 00:00:54,000  
the attic of my house so it gets very

10  
00:00:58,950 --> 00:00:56,840  
hot so if i look a bit disheveled my

11  
00:01:01,830 --> 00:00:58,960  
apologies um

12  
00:01:03,430 --> 00:01:01,840  
yeah it's good to see everybody here um

13  
00:01:05,429 --> 00:01:03,440

i really do appreciate you guys being

14

00:01:06,950 --> 00:01:05,439

here so much if you do have any

15

00:01:09,109 --> 00:01:06,960

questions please pop them in capital

16

00:01:11,670 --> 00:01:09,119

letters or if you you know you want to

17

00:01:13,429 --> 00:01:11,680

support the show you can donate via

18

00:01:16,149 --> 00:01:13,439

super chat and and all that stuff but

19

00:01:17,670 --> 00:01:16,159

it's it's not expected so yeah questions

20

00:01:18,950 --> 00:01:17,680

in capitals it gives me a better chance

21

00:01:21,350 --> 00:01:18,960

of seeing them

22

00:01:22,950 --> 00:01:21,360

uh so yeah um let's not waste any more

23

00:01:24,230 --> 00:01:22,960

time i'm looking forward to this

24

00:01:26,710 --> 00:01:24,240

conversation

25

00:01:29,109 --> 00:01:26,720

i will say that bob is on the road so if

26

00:01:32,230 --> 00:01:29,119

there is any connection issues i'm sorry

27

00:01:33,510 --> 00:01:32,240

you'll just have to bear with us so uh

28

00:01:34,870 --> 00:01:33,520

you know it's just one of them things

29

00:01:36,870 --> 00:01:34,880

but we'll get through it we'll get

30

00:01:38,950 --> 00:01:36,880

through it so let's not waste any more

31

00:01:41,190 --> 00:01:38,960

time let's bring in my guest today

32

00:01:43,030 --> 00:01:41,200

bob mcguire bob how you doing

33

00:01:45,350 --> 00:01:43,040

it's very good to be here vinny it's

34

00:01:48,550 --> 00:01:45,360

been too long waiting on this interview

35

00:01:51,990 --> 00:01:48,560

and uh i mean yeah you had xo on and uh

36

00:01:54,789 --> 00:01:52,000

jake and uh other than i says well if

37

00:01:57,030 --> 00:01:54,799

vinny asks i'm on and you did

38

00:01:59,030 --> 00:01:57,040

i really do appreciate that like i said

39

00:02:00,550 --> 00:01:59,040

it's going to be a good conversation but

40

00:02:01,670 --> 00:02:00,560

i thought initially if we could just

41

00:02:03,429 --> 00:02:01,680

start off if you could just give us a

42

00:02:05,910 --> 00:02:03,439

bit of uh background on yourself that

43

00:02:08,790 --> 00:02:05,920

would be great sure i was born in

44

00:02:11,589 --> 00:02:08,800

lebanon tennessee raised in alabama went

45

00:02:12,550 --> 00:02:11,599

to school at auburn university which is

46

00:02:15,110 --> 00:02:12,560

kind of

47

00:02:17,110 --> 00:02:15,120

one of two schools everybody who's hot

48

00:02:19,670 --> 00:02:17,120

go to school in alabama wants to go to

49

00:02:22,550 --> 00:02:19,680

because of football but i went there

50

00:02:24,869 --> 00:02:22,560

because they had an awesome

51  
00:02:27,030 --> 00:02:24,879  
mathematics physics and engineering

52  
00:02:29,830 --> 00:02:27,040  
program and i got a dual degree in

53  
00:02:32,229 --> 00:02:29,840  
applied math and engineering left there

54  
00:02:34,790 --> 00:02:32,239  
went work for the sandia national

55  
00:02:37,030 --> 00:02:34,800  
laboratories in albuquerque new mexico

56  
00:02:38,390 --> 00:02:37,040  
which worked there for a year and then

57  
00:02:39,350 --> 00:02:38,400  
decided

58  
00:02:41,750 --> 00:02:39,360  
that

59  
00:02:44,150 --> 00:02:41,760  
technical people who got respected in

60  
00:02:47,030 --> 00:02:44,160  
the 1970s and were in leadership

61  
00:02:49,110 --> 00:02:47,040  
positions all had doctorates so i

62  
00:02:51,589 --> 00:02:49,120  
applied all over and i got into brown

63  
00:02:54,790 --> 00:02:51,599

university which is a really good school

64

00:02:57,750 --> 00:02:54,800

in the northeast and i got a phd and

65

00:03:02,070 --> 00:02:57,760

applied math the minors in computer

66

00:03:04,470 --> 00:03:02,080

science and quantum field theory physics

67

00:03:06,229 --> 00:03:04,480

applied mathematics phds minor and

68

00:03:09,030 --> 00:03:06,239

things

69

00:03:11,670 --> 00:03:09,040

wow and then i left there went to work i

70

00:03:13,910 --> 00:03:11,680

tried to go back home to teach school

71

00:03:15,910 --> 00:03:13,920

at auburn and

72

00:03:17,670 --> 00:03:15,920

with a wife and two kids

73

00:03:19,350 --> 00:03:17,680

i was gonna go broke

74

00:03:21,190 --> 00:03:19,360

so i called my friends in the

75

00:03:23,110 --> 00:03:21,200

intelligence community i had been

76

00:03:25,589 --> 00:03:23,120

working for in summers

77

00:03:28,710 --> 00:03:25,599

while i was going to graduate school and

78

00:03:30,789 --> 00:03:28,720

landed a job at a think tank that the

79

00:03:33,589 --> 00:03:30,799

intelligence community operates in new

80

00:03:36,309 --> 00:03:33,599

jersey where i stayed for

81

00:03:38,390 --> 00:03:36,319

uh 27 years

82

00:03:39,830 --> 00:03:38,400

wow that's amazing so

83

00:03:41,430 --> 00:03:39,840

you know leading on after that what

84

00:03:43,509 --> 00:03:41,440

actually got you into the subject of

85

00:03:45,589 --> 00:03:43,519

ufos was it something that you had

86

00:03:48,070 --> 00:03:45,599

always had an interest in or a passion

87

00:03:50,789 --> 00:03:48,080

for or is that a more recent thing

88

00:03:51,589 --> 00:03:50,799

okay so it's it's both

89

00:03:52,869 --> 00:03:51,599

so

90

00:03:56,229 --> 00:03:52,879

uh the

91

00:03:58,949 --> 00:03:56,239

odd things happened in my childhood

92

00:04:01,670 --> 00:03:58,959

childhood up until i was 18 years old

93

00:04:04,550 --> 00:04:01,680

okay so before i won

94

00:04:08,229 --> 00:04:04,560

i had cerebral meningitis

95

00:04:10,949 --> 00:04:08,239

and i uh coded three times so i had

96

00:04:12,789 --> 00:04:10,959

three ndes before i was one so i don't

97

00:04:15,750 --> 00:04:12,799

really have any memory of it but my

98

00:04:19,030 --> 00:04:15,760

mother remembered it well okay so uh the

99

00:04:21,909 --> 00:04:19,040

doctor told her that if i survived

100

00:04:23,350 --> 00:04:21,919

i would be a vegetable on him and or an

101  
00:04:25,590 --> 00:04:23,360  
imbecile

102  
00:04:27,590 --> 00:04:25,600  
uh so uh

103  
00:04:29,909 --> 00:04:27,600  
that my burn had to have been damaged

104  
00:04:31,110 --> 00:04:29,919  
because i'd had a very high fever and i

105  
00:04:32,629 --> 00:04:31,120  
recovered

106  
00:04:36,790 --> 00:04:32,639  
with no damage

107  
00:04:38,150 --> 00:04:36,800  
and my iq is measurable and it's it's

108  
00:04:41,189 --> 00:04:38,160  
not small

109  
00:04:43,749 --> 00:04:41,199  
uh so i mean i i was not damaged anyway

110  
00:04:46,070 --> 00:04:43,759  
we tell so we left there

111  
00:04:49,189 --> 00:04:46,080  
and uh where i was that was in lebanon

112  
00:04:51,110 --> 00:04:49,199  
see where my mother's family is and we

113  
00:04:54,070 --> 00:04:51,120

moved to alabama where my father's

114

00:04:54,950 --> 00:04:54,080

family operated a factory

115

00:05:00,230 --> 00:04:54,960

and

116

00:05:02,150 --> 00:05:00,240

uh when i was three years old i left my

117

00:05:04,710 --> 00:05:02,160

room in the morning and saw my mother

118

00:05:06,950 --> 00:05:04,720

and her best friend drinking coffee

119

00:05:09,350 --> 00:05:06,960

and i went over to where they were and i

120

00:05:11,510 --> 00:05:09,360

started pulling stuff off the shelf and

121

00:05:14,150 --> 00:05:11,520

it they pretty soon figured out i was

122

00:05:16,469 --> 00:05:14,160

reading and no one had taught me and i

123

00:05:19,189 --> 00:05:16,479

was reading at a pretty high level so to

124

00:05:22,150 --> 00:05:19,199

them it was a it was a mystery

125

00:05:24,150 --> 00:05:22,160

uh and it still was tomorrow all the way

126

00:05:26,310 --> 00:05:24,160

until their death they have no idea how

127

00:05:27,830 --> 00:05:26,320

i learned to read okay so

128

00:05:28,629 --> 00:05:27,840

at 10

129

00:05:31,749 --> 00:05:28,639

uh

130

00:05:35,350 --> 00:05:31,759

my life trajectory was set because it

131

00:05:38,310 --> 00:05:35,360

was clear at 10 years old that i was uh

132

00:05:40,950 --> 00:05:38,320

i could do things and i was already a

133

00:05:43,990 --> 00:05:40,960

polymath and i didn't even know the word

134

00:05:46,950 --> 00:05:44,000

so i built uh i built a telescope i

135

00:05:47,990 --> 00:05:46,960

became an amateur radio operator i built

136

00:05:49,189 --> 00:05:48,000

uh

137

00:05:51,909 --> 00:05:49,199

rockets

138

00:05:54,629 --> 00:05:51,919

i did all sorts of experimentation i

139

00:05:57,749 --> 00:05:54,639

built a weather station and it just went

140

00:06:00,870 --> 00:05:57,759

on and on i memorized gray's nat at 10

141

00:06:02,950 --> 00:06:00,880

years old so i knew every i knew every

142

00:06:05,590 --> 00:06:02,960

part of the human body and its function

143

00:06:09,110 --> 00:06:05,600

when i was 10. so i was just a strangely

144

00:06:11,510 --> 00:06:09,120

bright kid and so that went on and then

145

00:06:13,830 --> 00:06:11,520

i went off to uh

146

00:06:15,270 --> 00:06:13,840

university with my girlfriend at the

147

00:06:16,230 --> 00:06:15,280

time

148

00:06:17,270 --> 00:06:16,240

and

149

00:06:19,909 --> 00:06:17,280

uh

150

00:06:22,309 --> 00:06:19,919

during the first year we left school

151  
00:06:23,749 --> 00:06:22,319  
because we went to the same school we

152  
00:06:25,990 --> 00:06:23,759  
headed home

153  
00:06:27,830 --> 00:06:26,000  
and on the way home

154  
00:06:30,550 --> 00:06:27,840  
we found ourselves in the middle of

155  
00:06:33,749 --> 00:06:30,560  
nowhere and it was dark

156  
00:06:36,150 --> 00:06:33,759  
and we had lost an hour and a half

157  
00:06:37,990 --> 00:06:36,160  
she remembers it as well as i do

158  
00:06:41,670 --> 00:06:38,000  
okay so uh

159  
00:06:44,710 --> 00:06:41,680  
it was just strange so within two weeks

160  
00:06:46,950 --> 00:06:44,720  
i changed everything about my life

161  
00:06:50,230 --> 00:06:46,960  
i changed universities changed majors

162  
00:06:52,710 --> 00:06:50,240  
went to auburn and majored in math and

163  
00:06:55,670 --> 00:06:52,720

physics and engineering and got the

164

00:06:58,150 --> 00:06:55,680

glory okay i left there sandia

165

00:06:59,909 --> 00:06:58,160

brown and uh

166

00:07:02,390 --> 00:06:59,919

for defense analysis communication

167

00:07:04,070 --> 00:07:02,400

research division in princeton which is

168

00:07:06,390 --> 00:07:04,080

a think tank for the intelligence

169

00:07:09,270 --> 00:07:06,400

community and uh

170

00:07:11,510 --> 00:07:09,280

that went on for several years i stayed

171

00:07:13,749 --> 00:07:11,520

there 27 years and then

172

00:07:16,550 --> 00:07:13,759

i heard rumors

173

00:07:19,110 --> 00:07:16,560

all around me through the kind of upper

174

00:07:21,830 --> 00:07:19,120

echelons of the technical groups in the

175

00:07:22,870 --> 00:07:21,840

intelligence community that ufos were

176  
00:07:24,950 --> 00:07:22,880  
coming up

177  
00:07:27,670 --> 00:07:24,960  
and this was well before things were

178  
00:07:29,350 --> 00:07:27,680  
going outside so i got really curious i

179  
00:07:31,749 --> 00:07:29,360  
saw pictures

180  
00:07:34,550 --> 00:07:31,759  
i saw some other stuff so i decided to

181  
00:07:35,670 --> 00:07:34,560  
go into it i bought and read richard

182  
00:07:37,909 --> 00:07:35,680  
dolan's

183  
00:07:40,070 --> 00:07:37,919  
ufos and the national security state

184  
00:07:41,510 --> 00:07:40,080  
volunteers one and two i joined his

185  
00:07:44,469 --> 00:07:41,520  
member site

186  
00:07:47,270 --> 00:07:44,479  
joined his forum and i quickly became

187  
00:07:50,070 --> 00:07:47,280  
dolan's administrator and moderator for

188  
00:07:52,710 --> 00:07:50,080

his forum i just went right to the top

189

00:07:56,390 --> 00:07:52,720

and he and i are now friends and i i've

190

00:07:57,589 --> 00:07:56,400

also tracy so uh he interviewed chris

191

00:08:00,150 --> 00:07:57,599

bledsoe

192

00:08:01,029 --> 00:08:00,160

and bleds though was really interesting

193

00:08:03,990 --> 00:08:01,039

to me

194

00:08:05,749 --> 00:08:04,000

so i i lived only an hour and a half

195

00:08:07,909 --> 00:08:05,759

from bledsoe i was at blacksburg

196

00:08:09,749 --> 00:08:07,919

virginia at virginia tech at the time

197

00:08:12,230 --> 00:08:09,759

hadn't left having left the intelligence

198

00:08:13,830 --> 00:08:12,240

community i went to university where i

199

00:08:16,950 --> 00:08:13,840

worked for

200

00:08:19,029 --> 00:08:16,960

worked in the ted hume uh uh institute

201  
00:08:21,430 --> 00:08:19,039  
for national security advanced

202  
00:08:23,589 --> 00:08:21,440  
technologies and ted hume was the former

203  
00:08:26,710 --> 00:08:23,599  
director of science and technology the

204  
00:08:29,670 --> 00:08:26,720  
tia and ted's one of those guys if he

205  
00:08:30,390 --> 00:08:29,680  
calls you and ask you you better go okay

206  
00:08:32,389 --> 00:08:30,400  
so

207  
00:08:33,750 --> 00:08:32,399  
but another guy went and we founded this

208  
00:08:36,230 --> 00:08:33,760  
institute

209  
00:08:38,469 --> 00:08:36,240  
but so i drove over to chris's house and

210  
00:08:40,709 --> 00:08:38,479  
spent four days there

211  
00:08:42,389 --> 00:08:40,719  
we had three days of rain and one clear

212  
00:08:44,230 --> 00:08:42,399  
night so the three days of rain were

213  
00:08:46,870 --> 00:08:44,240

completely filled

214

00:08:51,030 --> 00:08:46,880

with chris telling me his unbelievable

215

00:08:52,949 --> 00:08:51,040

story in great detail and i saw all the

216

00:08:55,910 --> 00:08:52,959

evidence he has at his home

217

00:08:59,509 --> 00:08:55,920

and on the fourth night the night before

218

00:09:02,310 --> 00:08:59,519

we were to leave i had we went outside

219

00:09:06,150 --> 00:09:02,320

it was dark and we had two 40-foot

220

00:09:08,389 --> 00:09:06,160

massive orbs fly right over us and they

221

00:09:10,870 --> 00:09:08,399

exhibited non-ballistic motion

222

00:09:12,470 --> 00:09:10,880

i saw uh what

223

00:09:13,670 --> 00:09:12,480

looked like little flash bulbs in the

224

00:09:16,150 --> 00:09:13,680

trees

225

00:09:17,350 --> 00:09:16,160

and it really became strange i was

226

00:09:19,269 --> 00:09:17,360

already in the stretch but it really

227

00:09:21,910 --> 00:09:19,279

became strange then because i said to

228

00:09:24,630 --> 00:09:21,920

myself well i see them but i wish they

229

00:09:27,829 --> 00:09:24,640

would get up out of the tree

230

00:09:31,430 --> 00:09:27,839

and instantly they were in the open sky

231

00:09:32,870 --> 00:09:31,440

they had read my mind okay so and that

232

00:09:35,509 --> 00:09:32,880

really got me interested in

233

00:09:36,870 --> 00:09:35,519

consciousness so the last thing that

234

00:09:39,670 --> 00:09:36,880

happened

235

00:09:41,509 --> 00:09:39,680

i says i see a purple or

236

00:09:43,910 --> 00:09:41,519

crisp that looks like the surface of a

237

00:09:45,430 --> 00:09:43,920

lake but it's purple looks maybe like

238

00:09:47,269 --> 00:09:45,440

smoke but it looks like the surface is

239

00:09:49,110 --> 00:09:47,279

right above the trees he says all my

240

00:09:51,110 --> 00:09:49,120

eyes are not good i can't sting but at

241

00:09:52,710 --> 00:09:51,120

night i says well chris it's right up

242

00:09:55,350 --> 00:09:52,720

there man he says yeah that's there's

243

00:09:56,870 --> 00:09:55,360

been pictures of that before here and he

244

00:09:59,190 --> 00:09:56,880

i promise you he was not looking at the

245

00:10:01,590 --> 00:09:59,200

sky because he couldn't do it and he has

246

00:10:05,269 --> 00:10:01,600

his arthritis so he can't lift his neck

247

00:10:07,829 --> 00:10:05,279

up easily so we were sat there and uh

248

00:10:10,150 --> 00:10:07,839

all of a sudden the purple thing purple

249

00:10:12,550 --> 00:10:10,160

smoky stuff and it

250

00:10:15,110 --> 00:10:12,560

and before i could say anything chris

251  
00:10:16,949 --> 00:10:15,120  
said well they're gone we can go inside

252  
00:10:18,630 --> 00:10:16,959  
now

253  
00:10:22,069 --> 00:10:18,640  
so we went inside

254  
00:10:25,030 --> 00:10:22,079  
and i went home from there and had

255  
00:10:28,230 --> 00:10:25,040  
strange experiences for two

256  
00:10:30,310 --> 00:10:28,240  
apports in my home of water spraying my

257  
00:10:33,190 --> 00:10:30,320  
wife and i in our face

258  
00:10:35,750 --> 00:10:33,200  
so on the third time the spraying water

259  
00:10:37,910 --> 00:10:35,760  
out of midair through a brand new roof

260  
00:10:40,870 --> 00:10:37,920  
which has no leaks and it hadn't rained

261  
00:10:42,870 --> 00:10:40,880  
in over two weeks i said called chris

262  
00:10:45,269 --> 00:10:42,880  
and i said chris

263  
00:10:47,190 --> 00:10:45,279

i've have some strange stuff that says

264

00:10:49,829 --> 00:10:47,200

have people been followed home by this

265

00:10:52,150 --> 00:10:49,839

stuff from your house before he says oh

266

00:10:54,230 --> 00:10:52,160

it's called a hitchhiker effect he says

267

00:10:57,430 --> 00:10:54,240

it happens to almost everyone that sees

268

00:11:00,150 --> 00:10:57,440

me here and i says wow and i says well

269

00:11:01,030 --> 00:11:00,160

sharon's doing okay and he says well how

270

00:11:04,790 --> 00:11:01,040

is her

271

00:11:06,949 --> 00:11:04,800

could see

272

00:11:09,670 --> 00:11:06,959

that she had had a stroke because she

273

00:11:12,550 --> 00:11:09,680

had right side weakness she had one it

274

00:11:14,949 --> 00:11:12,560

was caused by uh adult onset diabetes

275

00:11:17,670 --> 00:11:14,959

and so she had this stroke within two

276  
00:11:19,030 --> 00:11:17,680  
weeks her right side weakness was gone

277  
00:11:21,110 --> 00:11:19,040  
she was cured

278  
00:11:26,949 --> 00:11:21,120  
her neurologist

279  
00:11:29,750 --> 00:11:26,959  
care said i can't find this lesion i

280  
00:11:31,350 --> 00:11:29,760  
can't even find any anything that looked

281  
00:11:32,069 --> 00:11:31,360  
like damage

282  
00:11:34,710 --> 00:11:32,079  
so

283  
00:11:36,710 --> 00:11:34,720  
that's when i began to hear the story

284  
00:11:38,150 --> 00:11:36,720  
people going around chris bledsoe

285  
00:11:41,670 --> 00:11:38,160  
getting healed

286  
00:11:42,550 --> 00:11:41,680  
and to to us it was a miracle so that

287  
00:11:43,750 --> 00:11:42,560  
was

288  
00:11:46,230 --> 00:11:43,760

my

289

00:11:47,430 --> 00:11:46,240

sledgehammer in the face introduction to

290

00:11:50,069 --> 00:11:47,440

ufos

291

00:11:52,150 --> 00:11:50,079

and i've been going down that road since

292

00:11:54,310 --> 00:11:52,160

i heard a lot of stuff i saw a lot of

293

00:11:56,710 --> 00:11:54,320

stuff i started digging around

294

00:11:59,590 --> 00:11:56,720

and i know a lot of stuff so there you

295

00:12:02,310 --> 00:11:59,600

go i left the intelligence community

296

00:12:05,190 --> 00:12:02,320

in uh 2020

297

00:12:07,030 --> 00:12:05,200

when uh it was clear that was gonna

298

00:12:09,990 --> 00:12:07,040

close down the university for two years

299

00:12:12,470 --> 00:12:10,000

and i was the only person inside a

300

00:12:15,190 --> 00:12:12,480

building meant for 200 people

301

00:12:17,829 --> 00:12:15,200

and it was just eerie so i went i don't

302

00:12:19,269 --> 00:12:17,839

want to do this i started two companies

303

00:12:23,430 --> 00:12:19,279

i can retire

304

00:12:26,870 --> 00:12:23,440

i'm gonna retire so in may 6th of 2020 i

305

00:12:30,069 --> 00:12:26,880

retired moved home to alabama

306

00:12:33,350 --> 00:12:30,079

and now now at my home in alabama

307

00:12:35,670 --> 00:12:33,360

i have orbs flying from around my house

308

00:12:38,069 --> 00:12:35,680

and if people look at my channel on talk

309

00:12:40,150 --> 00:12:38,079

they can see a one minute video of a

310

00:12:42,790 --> 00:12:40,160

triangular uh

311

00:12:45,670 --> 00:12:42,800

formation of orbs and it's done with a

312

00:12:47,910 --> 00:12:45,680

blink camera but you know i i i know how

313

00:12:50,230 --> 00:12:47,920

things work blank cameras illuminate

314

00:12:53,509 --> 00:12:50,240

things with infrared radiation like

315

00:12:56,550 --> 00:12:53,519

through an ir led so i turned the camera

316

00:12:59,030 --> 00:12:56,560

on maximum length exposure ran outside

317

00:13:01,829 --> 00:12:59,040

around the corner and i looked and i

318

00:13:04,389 --> 00:13:01,839

could see them with my own two eyes and

319

00:13:07,509 --> 00:13:04,399

my eyes don't see infrared

320

00:13:11,350 --> 00:13:07,519

so as soon as the as soon as i saw them

321

00:13:13,750 --> 00:13:11,360

and i went wow they're real it went boom

322

00:13:16,550 --> 00:13:13,760

straight up in the air and out of sight

323

00:13:19,990 --> 00:13:16,560

so now we see all the time

324

00:13:21,990 --> 00:13:20,000

and my wife was sitting on the couch and

325

00:13:24,150 --> 00:13:22,000

i was across the room and i turned a

326

00:13:28,069 --> 00:13:24,160

wall toward her and this

327

00:13:29,829 --> 00:13:28,079

bright orb about the size of a pea

328

00:13:32,949 --> 00:13:29,839

so bright

329

00:13:35,430 --> 00:13:32,959

that and white that if you touched it it

330

00:13:38,230 --> 00:13:35,440

would have been quite hot you know

331

00:13:39,750 --> 00:13:38,240

temperature for a black body the whiter

332

00:13:42,310 --> 00:13:39,760

it is the hotter it is this would have

333

00:13:43,829 --> 00:13:42,320

been why but we didn't feel any heat it

334

00:13:46,389 --> 00:13:43,839

was sat there and dawdled around for a

335

00:13:48,710 --> 00:13:46,399

few minutes and vanished and now when

336

00:13:51,189 --> 00:13:48,720

i'm out by my telescope in my backyard

337

00:13:53,990 --> 00:13:51,199

at night i regularly see

338

00:13:56,389 --> 00:13:54,000

blinking lights like they were airplanes

339

00:13:59,430 --> 00:13:56,399

and my first thought always it's an

340

00:14:02,550 --> 00:13:59,440

airplane until i realized that blinking

341

00:14:05,910 --> 00:14:02,560

lights with airplane rate are underneath

342

00:14:07,430 --> 00:14:05,920

the canopy of my trees so

343

00:14:08,310 --> 00:14:07,440

crap this happens all the time now

344

00:14:10,150 --> 00:14:08,320

vinnie

345

00:14:11,670 --> 00:14:10,160

that's incredible i mean you mentioned

346

00:14:14,230 --> 00:14:11,680

that you're seeing orbs and you saw

347

00:14:15,829 --> 00:14:14,240

these big orbs with chris bledsoe but

348

00:14:18,470 --> 00:14:15,839

also chris bledsoe you know he was

349

00:14:20,470 --> 00:14:18,480

visited by the lady so do you think he's

350

00:14:22,790 --> 00:14:20,480

dealing with multiple phenomena or do

351  
00:14:23,750 --> 00:14:22,800  
you think it's all representing like one

352  
00:14:26,870 --> 00:14:23,760  
thing

353  
00:14:29,269 --> 00:14:26,880  
i wish i could tell you oh i i don't

354  
00:14:31,910 --> 00:14:29,279  
really have that answer i know he

355  
00:14:34,710 --> 00:14:31,920  
believes if all the same thing

356  
00:14:38,150 --> 00:14:34,720  
and he is he has been predicting

357  
00:14:39,910 --> 00:14:38,160  
uh the revelations about ufos and some

358  
00:14:41,990 --> 00:14:39,920  
other things that he claims are coming

359  
00:14:43,189 --> 00:14:42,000  
up i will pass along his predictions

360  
00:14:45,110 --> 00:14:43,199  
because i don't know if they're true

361  
00:14:47,110 --> 00:14:45,120  
because i haven't heard them from

362  
00:14:49,269 --> 00:14:47,120  
anything but him so but they're

363  
00:14:51,030 --> 00:14:49,279

interesting and i hear this i hear the

364

00:14:51,910 --> 00:14:51,040

same kind of predictions from everyone

365

00:14:54,230 --> 00:14:51,920

else

366

00:14:56,150 --> 00:14:54,240

uh that that something is coming and

367

00:14:57,590 --> 00:14:56,160

it's coming up fairly soon in the next

368

00:15:00,150 --> 00:14:57,600

few years

369

00:15:01,509 --> 00:15:00,160

and i don't know i don't know what it is

370

00:15:02,870 --> 00:15:01,519

sure sure

371

00:15:05,030 --> 00:15:02,880

and another thing you mentioned there is

372

00:15:06,870 --> 00:15:05,040

that you'd move back to to alabama and

373

00:15:09,350 --> 00:15:06,880

uh something that always seems to come

374

00:15:11,110 --> 00:15:09,360

up in this this subject is and i hear

375

00:15:13,189 --> 00:15:11,120

this phrase all roads lead back to

376

00:15:15,189 --> 00:15:13,199

huntsville so could you tell us what it

377

00:15:17,750 --> 00:15:15,199

is about huntsville alabama and its

378

00:15:20,790 --> 00:15:17,760

history and relationship to the ufo

379

00:15:21,990 --> 00:15:20,800

subject well right now i would say the

380

00:15:24,629 --> 00:15:22,000

largest

381

00:15:28,150 --> 00:15:24,639

and most important relationship is the

382

00:15:30,310 --> 00:15:28,160

leadership for uh scu the scientific

383

00:15:31,430 --> 00:15:30,320

coalition for the study of uaps is in

384

00:15:36,790 --> 00:15:31,440

huntsville

385

00:15:40,150 --> 00:15:36,800

wound up being on the skimwalker rancho

386

00:15:43,269 --> 00:15:40,160

and he was also the chief scientist for

387

00:15:45,430 --> 00:15:43,279

for the the task force the uapts task

388

00:15:46,150 --> 00:15:45,440

force inside the pentagon

389

00:15:48,069 --> 00:15:46,160

and

390

00:15:50,310 --> 00:15:48,079

uh his boss

391

00:15:52,790 --> 00:15:50,320

was uh

392

00:15:55,269 --> 00:15:52,800

well he not my favorite person because i

393

00:15:56,629 --> 00:15:55,279

can tell you since i started talking uh

394

00:15:59,030 --> 00:15:56,639

outside

395

00:16:01,509 --> 00:15:59,040

i've been offered the

396

00:16:04,310 --> 00:16:01,519

opportunity to work on multiple

397

00:16:05,590 --> 00:16:04,320

classified programs temporarily as a

398

00:16:09,110 --> 00:16:05,600

consultant

399

00:16:10,949 --> 00:16:09,120

and gary reed blocked my uh security

400

00:16:13,829 --> 00:16:10,959

clearance from being transferred for

401  
00:16:15,749 --> 00:16:13,839  
over two years until it expired and now

402  
00:16:19,350 --> 00:16:15,759  
i no longer have a clearance

403  
00:16:20,870 --> 00:16:19,360  
so the the latest law is gonna let me

404  
00:16:23,430 --> 00:16:20,880  
take action

405  
00:16:25,030 --> 00:16:23,440  
wow i

406  
00:16:26,710 --> 00:16:25,040  
it doesn't surprise me now some of the

407  
00:16:28,389 --> 00:16:26,720  
things that we've heard about gary reed

408  
00:16:30,790 --> 00:16:28,399  
have come out in the past few months but

409  
00:16:33,670 --> 00:16:30,800  
well i mean i believe you know i've i've

410  
00:16:35,829 --> 00:16:33,680  
filed for the inspector general and

411  
00:16:38,389 --> 00:16:35,839  
under the new national defense

412  
00:16:40,870 --> 00:16:38,399  
authorization act uh

413  
00:16:43,269 --> 00:16:40,880

i there's a there's a a

414

00:16:46,629 --> 00:16:43,279

part of it that says i can address that

415

00:16:48,230 --> 00:16:46,639

grievance and have it have it handled so

416

00:16:51,030 --> 00:16:48,240

my guess is i'll get my security

417

00:16:54,629 --> 00:16:51,040

clearance back if i want it and if it

418

00:16:57,110 --> 00:16:54,639

compensates for lost work if i demand it

419

00:16:58,949 --> 00:16:57,120

so we'll just see how it goes

420

00:17:00,470 --> 00:16:58,959

vinny i'm not hurting

421

00:17:02,150 --> 00:17:00,480

i'm having fun

422

00:17:04,150 --> 00:17:02,160

i don't need a security appearance

423

00:17:06,710 --> 00:17:04,160

because i'm going all over the place and

424

00:17:08,470 --> 00:17:06,720

doing all sorts of stuff but it's

425

00:17:10,630 --> 00:17:08,480

it's uh

426

00:17:12,870 --> 00:17:10,640

it's a personal insult

427

00:17:15,110 --> 00:17:12,880

and it never could have happened and i

428

00:17:18,309 --> 00:17:15,120

got offered the opportunity to work on

429

00:17:20,470 --> 00:17:18,319

programs that were of great importance

430

00:17:23,029 --> 00:17:20,480

to the united states and the world and

431

00:17:25,750 --> 00:17:23,039

one of them was fast syndrome

432

00:17:28,069 --> 00:17:25,760

i was chosen because they knew i had

433

00:17:29,669 --> 00:17:28,079

expertise and knowledge and i was not

434

00:17:31,750 --> 00:17:29,679

allowed to work on it because of that

435

00:17:33,669 --> 00:17:31,760

guy

436

00:17:35,590 --> 00:17:33,679

that's unbelievable

437

00:17:37,029 --> 00:17:35,600

um

438

00:17:39,190 --> 00:17:37,039

do you believe that they are there are

439

00:17:41,270 --> 00:17:39,200

legacy programs as well within the the

440

00:17:42,870 --> 00:17:41,280

us government or in some

441

00:17:44,710 --> 00:17:42,880

annex between

442

00:17:47,430 --> 00:17:44,720

aerospace companies and some some

443

00:17:51,110 --> 00:17:47,440

offshoot of a of the government at all

444

00:17:53,909 --> 00:17:52,230

let's do it

445

00:17:56,390 --> 00:17:53,919

okay so

446

00:17:58,549 --> 00:17:56,400

everyone listening here should go on

447

00:18:00,789 --> 00:17:58,559

next uh netflix

448

00:18:02,870 --> 00:18:00,799

and watch a documentary called the

449

00:18:09,110 --> 00:18:02,880

family

450

00:18:11,669 --> 00:18:09,120

organization it's very powerful

451  
00:18:14,310 --> 00:18:11,679  
i believe i believe the collins elite

452  
00:18:16,630 --> 00:18:14,320  
folded into the family

453  
00:18:18,950 --> 00:18:16,640  
and i believe

454  
00:18:20,549 --> 00:18:18,960  
that i believe

455  
00:18:23,750 --> 00:18:20,559  
okay that

456  
00:18:27,270 --> 00:18:23,760  
when the founder and several other of

457  
00:18:29,510 --> 00:18:27,280  
the older people that had ties to

458  
00:18:30,549 --> 00:18:29,520  
intelligence community and the aerospace

459  
00:18:31,830 --> 00:18:30,559  
industry

460  
00:18:34,950 --> 00:18:31,840  
died

461  
00:18:37,270 --> 00:18:34,960  
that when it began to fall apart

462  
00:18:40,549 --> 00:18:37,280  
and then this documentary came out and

463  
00:18:43,190 --> 00:18:40,559

the one stopped it and this was a cue to

464

00:18:44,150 --> 00:18:43,200

everyone that mass changes were

465

00:18:47,270 --> 00:18:44,160

happening

466

00:18:50,150 --> 00:18:47,280

and so people began speaking out because

467

00:18:52,710 --> 00:18:50,160

the family appeared to have lost control

468

00:18:55,029 --> 00:18:52,720

and they were outed and people ran from

469

00:18:57,669 --> 00:18:55,039

them rather than cow towed to them and

470

00:18:59,270 --> 00:18:57,679

all the old leadership was dying and all

471

00:19:00,470 --> 00:18:59,280

the people they

472

00:19:02,789 --> 00:19:00,480

hired

473

00:19:05,909 --> 00:19:02,799

blackmailed whatever they would do to

474

00:19:06,789 --> 00:19:05,919

control them but money or whatever

475

00:19:09,270 --> 00:19:06,799

uh

476

00:19:11,029 --> 00:19:09,280

they're dying off and gone or they'd or

477

00:19:12,950 --> 00:19:11,039

they're at a point of their career where

478

00:19:15,110 --> 00:19:12,960

they no longer need to fear anyone

479

00:19:17,350 --> 00:19:15,120

because their future is secured from

480

00:19:21,590 --> 00:19:17,360

their retirement plans which are you

481

00:19:23,669 --> 00:19:21,600

know uh 50 401 k's that are stock that

482

00:19:26,070 --> 00:19:23,679

it would be really hard for anybody look

483

00:19:28,150 --> 00:19:26,080

it's just all this stuff is added up and

484

00:19:31,270 --> 00:19:28,160

right about the time all this happened

485

00:19:32,710 --> 00:19:31,280

that's when we began hearing stuff

486

00:19:34,310 --> 00:19:32,720

i think i

487

00:19:36,310 --> 00:19:34,320

i believe that

488

00:19:37,750 --> 00:19:36,320

what people called

489

00:19:40,070 --> 00:19:37,760

mj

490

00:19:43,750 --> 00:19:40,080

all through history wound up in the

491

00:19:46,630 --> 00:19:43,760

family that's my belief and you can find

492

00:19:49,029 --> 00:19:46,640

you can find connections to bechtel

493

00:19:51,190 --> 00:19:49,039

which is right outside of

494

00:19:53,590 --> 00:19:51,200

wright-patterson air force base

495

00:19:55,350 --> 00:19:53,600

i'm just and they operate several

496

00:19:56,310 --> 00:19:55,360

national laboratories in the united

497

00:19:57,990 --> 00:19:56,320

states

498

00:19:59,110 --> 00:19:58,000

including one i worked at which is oak

499

00:20:04,149 --> 00:19:59,120

ridge

500

00:20:06,149 --> 00:20:04,159

went to virginia and bechtel operates

501  
00:20:09,110 --> 00:20:06,159  
them so they operate all these national

502  
00:20:12,390 --> 00:20:09,120  
laboratories and it's so strange vinnie

503  
00:20:14,310 --> 00:20:12,400  
they do it as a charity

504  
00:20:15,510 --> 00:20:14,320  
it's just so strange

505  
00:20:17,830 --> 00:20:15,520  
so anyway

506  
00:20:21,110 --> 00:20:17,840  
a lot of these people that call the cons

507  
00:20:24,070 --> 00:20:21,120  
they were in and around bechtel and etc

508  
00:20:25,990 --> 00:20:24,080  
and i just what can i say it's just so

509  
00:20:28,470 --> 00:20:26,000  
it's just too many coincidence

510  
00:20:30,470 --> 00:20:28,480  
coincidences for me so i think uh i

511  
00:20:33,830 --> 00:20:30,480  
think people should look there ross

512  
00:20:36,230 --> 00:20:33,840  
coldheart bryce label a few people

513  
00:20:37,990 --> 00:20:36,240

should look at the family

514

00:20:39,430 --> 00:20:38,000

awesome thank you i've seen it twice

515

00:20:41,669 --> 00:20:39,440

since i will be going back and watching

516

00:20:44,310 --> 00:20:41,679

it again now that you've made that

517

00:20:45,830 --> 00:20:44,320

connection so uh thank you for that so

518

00:20:48,230 --> 00:20:45,840

well i don't know you know i don't have

519

00:20:50,470 --> 00:20:48,240

nobody sent me any documentation but i'm

520

00:20:52,630 --> 00:20:50,480

pretty sure

521

00:20:54,149 --> 00:20:52,640

yeah no i'm i'm with you i'm certainly

522

00:20:56,630 --> 00:20:54,159

will go and check it out and i think

523

00:20:58,149 --> 00:20:56,640

yeah it'd be interesting to see um but

524

00:20:59,590 --> 00:20:58,159

following on along those lines do you

525

00:21:03,590 --> 00:20:59,600

believe that then

526  
00:21:06,149 --> 00:21:03,600  
these legacy programs or some small

527  
00:21:07,830 --> 00:21:06,159  
gray area of the military or the

528  
00:21:09,350 --> 00:21:07,840  
military-industrial complex do you think

529  
00:21:11,909 --> 00:21:09,360  
they may they may have some crush

530  
00:21:14,310 --> 00:21:11,919  
retrievals and even possibly bodies like

531  
00:21:16,710 --> 00:21:14,320  
is speculated all the time the latest

532  
00:21:19,350 --> 00:21:16,720  
national defense authorization act

533  
00:21:21,110 --> 00:21:19,360  
uh is filled full of things that

534  
00:21:25,270 --> 00:21:21,120  
wouldn't be in there

535  
00:21:28,149 --> 00:21:25,280  
if what you're asking about was not true

536  
00:21:30,710 --> 00:21:28,159  
they put in the ndaa that from january

537  
00:21:33,110 --> 00:21:30,720  
1st of 1947 on

538  
00:21:34,950 --> 00:21:33,120

in and out of government everybody has

539

00:21:37,110 --> 00:21:34,960

to get off their duff and start talking

540

00:21:40,390 --> 00:21:37,120

to congress that's number one and number

541

00:21:43,430 --> 00:21:40,400

two they are completely exonerated from

542

00:21:46,549 --> 00:21:43,440

violating their ndas if they so if not

543

00:21:48,149 --> 00:21:46,559

talk to the people in congress congress

544

00:21:52,390 --> 00:21:48,159

has had it

545

00:21:55,270 --> 00:21:52,400

and the congress both houses bipartisan

546

00:21:57,110 --> 00:21:55,280

almost every republican and democrat on

547

00:21:59,190 --> 00:21:57,120

the select committees on intelligence in

548

00:22:01,430 --> 00:21:59,200

the house and the senate have voted for

549

00:22:04,470 --> 00:22:01,440

this ndaa and the president has signed

550

00:22:07,350 --> 00:22:04,480

it to me i'm calling it let's tell the

551

00:22:09,190 --> 00:22:07,360

truth about roswell bill

552

00:22:11,909 --> 00:22:09,200

that's what it feels like let's tell the

553

00:22:13,990 --> 00:22:11,919

truth about roswell and crash retrievals

554

00:22:16,470 --> 00:22:14,000

because how many people do you think are

555

00:22:19,669 --> 00:22:16,480

pissed off because they i'm sorry are

556

00:22:21,990 --> 00:22:19,679

unhappy are pissed off because uh they

557

00:22:24,789 --> 00:22:22,000

got stomped on and they're gonna walk

558

00:22:28,630 --> 00:22:24,799

out and say here here exonerate me from

559

00:22:30,390 --> 00:22:28,640

my india and i'll tell you everything

560

00:22:31,990 --> 00:22:30,400

well a lot of these people that will or

561

00:22:33,750 --> 00:22:32,000

possibly will come forward or be

562

00:22:35,590 --> 00:22:33,760

subpoenaed to talk

563

00:22:37,990 --> 00:22:35,600

um am i right in saying that it's mainly

564

00:22:40,390 --> 00:22:38,000

gonna hurt happen in closed sessions so

565

00:22:45,029 --> 00:22:40,400

the public won't necessarily get to hear

566

00:22:52,549 --> 00:22:46,470

oh

567

00:22:56,310 --> 00:22:54,149

i think we might have lost bob let's

568

00:22:57,110 --> 00:22:56,320

give him a second to to catch up let's

569

00:22:58,870 --> 00:22:57,120

see

570

00:23:00,870 --> 00:22:58,880

he can always jump out and jump back in

571

00:23:06,789 --> 00:23:00,880

again if you can hear me bob i'm getting

572

00:23:11,909 --> 00:23:08,789

oh the joys of live streaming ladies and

573

00:23:11,919 --> 00:23:15,430

let's give him a few more seconds

574

00:23:17,909 --> 00:23:17,029

apologies guys

575

00:23:20,390 --> 00:23:17,919

it's

576

00:23:22,070 --> 00:23:20,400

not much i can do about that let's there

577

00:23:24,310 --> 00:23:22,080

we go he's jumped out let's see if he

578

00:23:25,909 --> 00:23:24,320

jumps back in um for everybody that has

579

00:23:27,909 --> 00:23:25,919

submitted questions i've been keeping a

580

00:23:30,149 --> 00:23:27,919

note of them and we'll get around to

581

00:23:31,909 --> 00:23:30,159

them at some point but uh

582

00:23:33,430 --> 00:23:31,919

it's i don't want to break up the flow

583

00:23:34,789 --> 00:23:33,440

of the conversation if you know what i

584

00:23:36,470 --> 00:23:34,799

mean so

585

00:23:40,390 --> 00:23:36,480

oops i'm pressing all sorts of buttons

586

00:23:44,630 --> 00:23:42,310

fascinating conversation so far with

587

00:23:46,390 --> 00:23:44,640

only 20 minutes in so let's hope bob is

588

00:23:47,350 --> 00:23:46,400

able to rejoin us

589

00:23:48,710 --> 00:23:47,360

um

590

00:23:50,230 --> 00:23:48,720

he is on the road like i said and you

591

00:23:52,390 --> 00:23:50,240

can see he's in his car so i do

592

00:23:53,669 --> 00:23:52,400

appreciate him joining me

593

00:23:57,590 --> 00:23:53,679

uh he doesn't have to he could have

594

00:24:02,950 --> 00:23:59,750

yes if anyone has any questions that i

595

00:24:06,390 --> 00:24:04,470

um

596

00:24:08,710 --> 00:24:06,400

oh i tell you what i've got coming up

597

00:24:10,950 --> 00:24:08,720

for for the time being um for anybody

598

00:24:12,549 --> 00:24:10,960

that is aware i've been

599

00:24:14,310 --> 00:24:12,559

uh part of this phenomenology

600

00:24:16,950 --> 00:24:14,320

documentary series and the finale

601  
00:24:21,350 --> 00:24:16,960  
episode is this friday over on our vimeo

602  
00:24:23,669 --> 00:24:21,360  
channel and it is where we get to show

603  
00:24:25,990 --> 00:24:23,679  
hd footage of the mysterious light

604  
00:24:27,830 --> 00:24:26,000  
phenomena in colombia so i'm really

605  
00:24:29,669 --> 00:24:27,840  
looking forward to that you can see a

606  
00:24:31,510 --> 00:24:29,679  
little bit of it in the trailer but

607  
00:24:32,549 --> 00:24:31,520  
bob's back here now so let's bring bob

608  
00:24:34,390 --> 00:24:32,559  
back in

609  
00:24:36,149 --> 00:24:34,400  
there we go can you hear me bob i'm

610  
00:24:38,470 --> 00:24:36,159  
holding up my phone now for a better

611  
00:24:39,590 --> 00:24:38,480  
signal on this spot

612  
00:24:42,630 --> 00:24:39,600  
i'm sorry

613  
00:24:44,630 --> 00:24:42,640

just edit the crap out let's keep going

614

00:24:46,710 --> 00:24:44,640

it's all good what might be easy is if

615

00:24:48,549 --> 00:24:46,720

you turn your camera off and so it might

616

00:24:50,390 --> 00:24:48,559

just push the audio through a bit yeah

617

00:24:53,909 --> 00:24:50,400

sure sure why don't i do that i'm going

618

00:24:53,919 --> 00:24:57,830

that's it yep that's good

619

00:25:01,350 --> 00:25:00,070

so can you hear me okay oh you're you're

620

00:25:02,789 --> 00:25:01,360

perfect

621

00:25:04,710 --> 00:25:02,799

excellent that's coming through loud and

622

00:25:06,470 --> 00:25:04,720

clear then so i can't remember where you

623

00:25:07,430 --> 00:25:06,480

were when when you when you left off

624

00:25:11,110 --> 00:25:07,440

what were we talking about well we were

625

00:25:12,789 --> 00:25:11,120

talking about the ndaa and i i called

626  
00:25:15,430 --> 00:25:12,799  
just tell everybody about crash

627  
00:25:16,950 --> 00:25:15,440  
retrievals and roswell bill

628  
00:25:18,470 --> 00:25:16,960  
and uh

629  
00:25:19,830 --> 00:25:18,480  
and not only that they've ordered the

630  
00:25:23,830 --> 00:25:19,840  
government

631  
00:25:24,870 --> 00:25:23,840  
the department of defense but across the

632  
00:25:28,310 --> 00:25:24,880  
government

633  
00:25:30,390 --> 00:25:28,320  
uh to take action to learn what's going

634  
00:25:33,110 --> 00:25:30,400  
on with ufos

635  
00:25:34,710 --> 00:25:33,120  
how the how that technology works it's

636  
00:25:36,390 --> 00:25:34,720  
clear that the government wants to

637  
00:25:37,750 --> 00:25:36,400  
understand what's happening and who's

638  
00:25:40,470 --> 00:25:37,760

doing it what's behind it what their

639

00:25:43,190 --> 00:25:40,480

motives are that's what the bill says

640

00:25:44,549 --> 00:25:43,200

and so it's really interesting

641

00:25:46,789 --> 00:25:44,559

yeah so do you think that a lot of this

642

00:25:49,590 --> 00:25:46,799

is going to happen in classified

643

00:25:51,590 --> 00:25:49,600

sessions and so we as the public may

644

00:25:55,190 --> 00:25:51,600

have to wait a bit longer to hear what

645

00:25:56,870 --> 00:25:55,200

is said in those i think so

646

00:26:00,149 --> 00:25:56,880

i i'm gonna tell you

647

00:26:01,909 --> 00:26:00,159

if you're not in one of these black saps

648

00:26:04,549 --> 00:26:01,919

it is easier

649

00:26:07,029 --> 00:26:04,559

for congress to wave a magic wand and

650

00:26:09,350 --> 00:26:07,039

say this is declassified and we want to

651  
00:26:11,510 --> 00:26:09,360  
tell to the public and there will be

652  
00:26:15,029 --> 00:26:11,520  
people that will

653  
00:26:17,590 --> 00:26:15,039  
argue and fight and lawyer up and say

654  
00:26:19,669 --> 00:26:17,600  
this stuff should not be classified

655  
00:26:21,510 --> 00:26:19,679  
there will be battles in court that go

656  
00:26:24,549 --> 00:26:21,520  
on and

657  
00:26:27,909 --> 00:26:24,559  
it it's inevitable vinnie a tidal wave

658  
00:26:30,390 --> 00:26:27,919  
is coming of stuff coming out because

659  
00:26:33,510 --> 00:26:30,400  
outside of a black sap where you're not

660  
00:26:36,070 --> 00:26:33,520  
allowed to say a word i can't even tell

661  
00:26:38,310 --> 00:26:36,080  
you i'm in it if i'm in it i can't tell

662  
00:26:39,990 --> 00:26:38,320  
you sponsored it if i'm in it and can't

663  
00:26:42,549 --> 00:26:40,000

tell you who sponsored it i can't even

664

00:26:45,830 --> 00:26:42,559

tell you what it's about and you will go

665

00:26:48,789 --> 00:26:45,840

to jail they are clearing people to talk

666

00:26:50,549 --> 00:26:48,799

and the plug is coming

667

00:26:53,269 --> 00:26:50,559

excellent and something you mentioned

668

00:26:56,310 --> 00:26:53,279

earlier about the

669

00:26:58,310 --> 00:26:56,320

some stuff you've seen you mentioned

670

00:27:00,950 --> 00:26:58,320

videos and photos and you've spoken

671

00:27:02,390 --> 00:27:00,960

about a particular image that

672

00:27:03,669 --> 00:27:02,400

that you may have seen in previous

673

00:27:04,549 --> 00:27:03,679

interviews that i've heard and this is

674

00:27:08,310 --> 00:27:04,559

the

675

00:27:10,310 --> 00:27:08,320

ocean or triangle that was photographed

676

00:27:11,590 --> 00:27:10,320

after it had left the ocean can you talk

677

00:27:13,830 --> 00:27:11,600

about that at all

678

00:27:16,710 --> 00:27:13,840

yeah i'm gonna talk about it

679

00:27:18,310 --> 00:27:16,720

we're gonna make news

680

00:27:19,590 --> 00:27:18,320

um

681

00:27:22,549 --> 00:27:19,600

so

682

00:27:24,950 --> 00:27:22,559

let's say let's say a friend of mine

683

00:27:28,710 --> 00:27:24,960

let's let's say it that way a friend of

684

00:27:31,669 --> 00:27:28,720

mine was on the uss blue ridge

685

00:27:35,430 --> 00:27:31,679

and it went through a typhoon

686

00:27:36,549 --> 00:27:35,440

and the seas were 35 or 40 feet

687

00:27:39,750 --> 00:27:36,559

and

688

00:27:41,269 --> 00:27:39,760

everybody was preoccupied steering ship

689

00:27:43,990 --> 00:27:41,279

and this friend

690

00:27:45,430 --> 00:27:44,000

looked out the starboard window

691

00:27:48,630 --> 00:27:45,440

and saw

692

00:27:51,110 --> 00:27:48,640

something come up out of water and hard

693

00:27:52,549 --> 00:27:51,120

to see because it was right in the wall

694

00:27:54,789 --> 00:27:52,559

of the eye

695

00:27:57,590 --> 00:27:54,799

but it went up a little bit and he could

696

00:27:59,029 --> 00:27:57,600

see it and it was bigger than the ship

697

00:28:00,830 --> 00:27:59,039

it brightened

698

00:28:03,669 --> 00:28:00,840

and took

699

00:28:05,669 --> 00:28:03,679

off okay so

700

00:28:08,070 --> 00:28:05,679

another friend of mine

701  
00:28:10,310 --> 00:28:08,080  
was on the uss hampton

702  
00:28:12,630 --> 00:28:10,320  
his friend was doing something that i

703  
00:28:14,230 --> 00:28:12,640  
will not mention because that entire

704  
00:28:16,149 --> 00:28:14,240  
work was classified

705  
00:28:19,110 --> 00:28:16,159  
but this friend when everything was

706  
00:28:21,029 --> 00:28:19,120  
relaxed and they were moving around

707  
00:28:22,549 --> 00:28:21,039  
wherever they were going to move they

708  
00:28:27,110 --> 00:28:22,559  
were fairly deep

709  
00:28:28,389 --> 00:28:27,120  
and something really wicked weird went

710  
00:28:32,389 --> 00:28:28,399  
by them

711  
00:28:34,710 --> 00:28:32,399  
and water is incompressible

712  
00:28:37,990 --> 00:28:34,720  
you can't you can't impress and so

713  
00:28:41,110 --> 00:28:38,000

things cannot go fast under water

714

00:28:43,510 --> 00:28:41,120

this thing would seem to be moving at

715

00:28:45,350 --> 00:28:43,520

what would in the air be supersonic

716

00:28:47,510 --> 00:28:45,360

speeds

717

00:28:49,110 --> 00:28:47,520

and now what i can tell you right now

718

00:28:50,789 --> 00:28:49,120

you cannot find

719

00:28:53,510 --> 00:28:50,799

this stuff anywhere

720

00:28:55,110 --> 00:28:53,520

because this stuff was not reported

721

00:28:56,870 --> 00:28:55,120

they don't encourage people to report

722

00:28:59,190 --> 00:28:56,880

them if they do report them they find

723

00:29:00,389 --> 00:28:59,200

themselves at the worst pace in the

724

00:29:02,070 --> 00:29:00,399

world

725

00:29:05,029 --> 00:29:02,080

i mean you know it's just it's just

726

00:29:07,029 --> 00:29:05,039

there will be no reports

727

00:29:08,710 --> 00:29:07,039

i believe the people who told me these

728

00:29:12,789 --> 00:29:08,720

things happened

729

00:29:13,590 --> 00:29:12,799

and uh then i saw clearly

730

00:29:19,190 --> 00:29:13,600

the

731

00:29:22,070 --> 00:29:19,200

debrief i saw it

732

00:29:24,789 --> 00:29:22,080

it was pa and and they were blaming me

733

00:29:27,990 --> 00:29:24,799

for leaking it and i said guys

734

00:29:30,549 --> 00:29:28,000

go look at the distribution on that

735

00:29:33,510 --> 00:29:30,559

thing in style and they found out that

736

00:29:36,310 --> 00:29:33,520

that photo had been sent around by a

737

00:29:38,230 --> 00:29:36,320

thousand people they had no way to

738

00:29:39,029 --> 00:29:38,240

figure out who leaked it and not only

739

00:29:42,789 --> 00:29:39,039

that

740

00:29:45,590 --> 00:29:42,799

it's not classified it was taken with

741

00:29:48,470 --> 00:29:45,600

the uh with the wizzos

742

00:29:51,350 --> 00:29:48,480

cell phone camera it's not classified

743

00:29:53,350 --> 00:29:51,360

equipment so they they gave up i just i

744

00:29:55,510 --> 00:29:53,360

let them have it i says you're not

745

00:29:57,590 --> 00:29:55,520

messing with me i'm gonna lawyer up and

746

00:30:00,230 --> 00:29:57,600

make your day real bad

747

00:30:03,269 --> 00:30:00,240

and i says this has gone everywhere and

748

00:30:05,750 --> 00:30:03,279

that's because this this whizzo was able

749

00:30:07,750 --> 00:30:05,760

to take that photo and send it

750

00:30:09,590 --> 00:30:07,760

everywhere on his own and you guys pass

751

00:30:11,350 --> 00:30:09,600

it around everywhere inside it's not

752

00:30:13,350 --> 00:30:11,360

classified

753

00:30:15,590 --> 00:30:13,360

okay so anyway you get the idea this is

754

00:30:18,070 --> 00:30:15,600

this this stuff is ridiculous stuff

755

00:30:20,789 --> 00:30:18,080

needs to come out and it's time we stop

756

00:30:22,630 --> 00:30:20,799

hiding and we start telling world the

757

00:30:23,590 --> 00:30:22,640

truth

758

00:30:25,350 --> 00:30:23,600

so

759

00:30:27,110 --> 00:30:25,360

how come if this this photograph isn't

760

00:30:28,630 --> 00:30:27,120

classified then how come it hasn't seen

761

00:30:30,070 --> 00:30:28,640

the light of day

762

00:30:31,909 --> 00:30:30,080

for the public because

763

00:30:33,510 --> 00:30:31,919

the person who took it doesn't want to

764

00:30:35,430 --> 00:30:33,520

be reprimanded

765

00:30:39,269 --> 00:30:35,440

or lose promotion

766

00:30:40,950 --> 00:30:39,279

whatever i mean somebody got to him

767

00:30:42,389 --> 00:30:40,960

i'm just surprised that it hasn't leaked

768

00:30:43,669 --> 00:30:42,399

anybody anywhere from if it's gone

769

00:30:46,470 --> 00:30:43,679

around you know

770

00:30:48,549 --> 00:30:46,480

so many people that somebody hasn't just

771

00:30:50,310 --> 00:30:48,559

anonymously dropped it because i know

772

00:30:51,590 --> 00:30:50,320

people are desperate to see that image

773

00:30:53,830 --> 00:30:51,600

but

774

00:30:55,350 --> 00:30:53,840

i guess that's the way it goes

775

00:30:58,549 --> 00:30:55,360

what can i say

776

00:31:00,870 --> 00:30:58,559

hopefully things will change soon

777

00:31:02,710 --> 00:31:00,880

so let's move on to a question that um

778

00:31:03,990 --> 00:31:02,720

i've had a few people ask me to ask you

779

00:31:07,029 --> 00:31:04,000

this question and they would like to

780

00:31:08,710 --> 00:31:07,039

know your views on on baiting uap if

781

00:31:10,630 --> 00:31:08,720

that's something that you've come across

782

00:31:12,950 --> 00:31:10,640

or heard anything about or whether you

783

00:31:15,750 --> 00:31:12,960

just believe that it's possible

784

00:31:18,070 --> 00:31:15,760

uh i know jimmy blanchett he is a

785

00:31:20,789 --> 00:31:18,080

well-known amateur radio operator he

786

00:31:23,430 --> 00:31:20,799

does earth moon earth communications and

787

00:31:26,389 --> 00:31:23,440

he and i have become friends so jimmy's

788

00:31:29,750 --> 00:31:26,399

been doing this strange thing where he's

789

00:31:31,990 --> 00:31:29,760

been baiting ufos to show up in his in

790

00:31:34,549 --> 00:31:32,000

his beam pattern in front of his

791

00:31:35,830 --> 00:31:34,559

antennas for quite a while

792

00:31:37,350 --> 00:31:35,840

before

793

00:31:38,470 --> 00:31:37,360

2019

794

00:31:41,110 --> 00:31:38,480

before

795

00:31:43,110 --> 00:31:41,120

things showed up over ships in the

796

00:31:45,669 --> 00:31:43,120

in the out the pacific coast of

797

00:31:47,909 --> 00:31:45,679

california and

798

00:31:50,549 --> 00:31:47,919

i believe they were baited

799

00:31:53,190 --> 00:31:50,559

and we probably even attempted to shoot

800

00:31:55,029 --> 00:31:53,200

them down which i think is the dumbest

801  
00:31:57,590 --> 00:31:55,039  
thing i've ever heard of

802  
00:32:00,630 --> 00:31:57,600  
is but i believe jimmy's work has been

803  
00:32:02,710 --> 00:32:00,640  
co-opted without credit or whatever and

804  
00:32:05,029 --> 00:32:02,720  
you spoke these things because we want

805  
00:32:07,430 --> 00:32:05,039  
that tech really badly

806  
00:32:10,310 --> 00:32:07,440  
now that's gonna give you an opinion but

807  
00:32:12,149 --> 00:32:10,320  
it's just it's the logical trail of when

808  
00:32:14,310 --> 00:32:12,159  
jimmy started his work and when that

809  
00:32:16,710 --> 00:32:14,320  
stuff has happened out there and the

810  
00:32:18,630 --> 00:32:16,720  
ongoing stuff now

811  
00:32:21,430 --> 00:32:18,640  
uh i believe he was the he was the

812  
00:32:24,070 --> 00:32:21,440  
father of that whole thing and

813  
00:32:26,389 --> 00:32:24,080

now there are other papers which came

814

00:32:29,590 --> 00:32:26,399

out with from different places

815

00:32:32,149 --> 00:32:29,600

it says when you see uaps you can hear a

816

00:32:33,990 --> 00:32:32,159

signal on a certain frequency and i

817

00:32:35,190 --> 00:32:34,000

believe that

818

00:32:38,389 --> 00:32:35,200

those are

819

00:32:40,230 --> 00:32:38,399

uh electromagnetic uh pulses

820

00:32:43,190 --> 00:32:40,240

that are are

821

00:32:44,310 --> 00:32:43,200

that are filtered to a certain frequency

822

00:32:47,750 --> 00:32:44,320

by the

823

00:32:50,950 --> 00:32:47,760

the environment that whatever is

824

00:32:53,190 --> 00:32:50,960

happening makes in the the in the in the

825

00:32:55,669 --> 00:32:53,200

atmosphere or the or the up or the

826

00:32:59,110 --> 00:32:55,679

ionosphere so

827

00:33:01,750 --> 00:32:59,120

if i were going to look for a portal

828

00:33:04,710 --> 00:33:01,760

i would look for these pulses

829

00:33:07,590 --> 00:33:04,720

and see if i could find weird effects

830

00:33:09,029 --> 00:33:07,600

and i believe that we saw one of those

831

00:33:12,149 --> 00:33:09,039

things in

832

00:33:14,149 --> 00:33:12,159

um uh tear in the sky

833

00:33:17,430 --> 00:33:14,159

yeah a movie tear in the sky

834

00:33:19,750 --> 00:33:17,440

i believe we saw one and uh

835

00:33:23,990 --> 00:33:19,760

you know they had that big that osiris

836

00:33:26,149 --> 00:33:24,000

car full of gear i suspect that if i

837

00:33:26,950 --> 00:33:26,159

don't know all the details but if it had

838

00:33:29,269 --> 00:33:26,960

a

839

00:33:32,070 --> 00:33:29,279

set of enough noise figure on the front

840

00:33:34,789 --> 00:33:32,080

end and uh reasonable end

841

00:33:36,789 --> 00:33:34,799

they might have had a detection but it

842

00:33:38,870 --> 00:33:36,799

could also be that it was too weak for

843

00:33:41,350 --> 00:33:38,880

the thing to pick up given the uh the

844

00:33:43,190 --> 00:33:41,360

way the vehicle was outfitted so if i

845

00:33:44,870 --> 00:33:43,200

were going to do it and i had a couple

846

00:33:47,110 --> 00:33:44,880

of bucks i would do things a little bit

847

00:33:49,269 --> 00:33:47,120

differently but look they got they got

848

00:33:50,630 --> 00:33:49,279

that thing happening on tear in the sky

849

00:33:53,110 --> 00:33:50,640

and it was weird

850

00:33:55,509 --> 00:33:53,120

the thing was weird i saw great great

851  
00:33:56,310 --> 00:33:55,519  
detail photos and coverage

852  
00:33:58,230 --> 00:33:56,320  
by

853  
00:34:04,149 --> 00:33:58,240  
uh

854  
00:34:05,509 --> 00:34:04,159  
huntsville where i met

855  
00:34:07,110 --> 00:34:05,519  
tim taylor

856  
00:34:08,710 --> 00:34:07,120  
travis taylor

857  
00:34:10,310 --> 00:34:08,720  
gary nolan

858  
00:34:12,550 --> 00:34:10,320  
john alexander

859  
00:34:16,149 --> 00:34:12,560  
it was the who

860  
00:34:18,230 --> 00:34:16,159  
of ufos in huntsville so yes dude

861  
00:34:19,829 --> 00:34:18,240  
there's something going on in huntsville

862  
00:34:21,270 --> 00:34:19,839  
and they're going to move space force

863  
00:34:22,389 --> 00:34:21,280

there

864

00:34:25,829 --> 00:34:22,399

unless

865

00:34:27,589 --> 00:34:25,839

colorado delegation manages to change

866

00:34:30,230 --> 00:34:27,599

change mines because they aren't going

867

00:34:31,669 --> 00:34:30,240

to keep it in colorado but i think it's

868

00:34:35,430 --> 00:34:31,679

too late i think it's going to be in

869

00:34:37,990 --> 00:34:35,440

hospital and there and

870

00:34:39,750 --> 00:34:38,000

i i i was approached

871

00:34:43,030 --> 00:34:39,760

to discuss

872

00:34:45,990 --> 00:34:43,040

uh by a person

873

00:34:47,909 --> 00:34:46,000

uh about hawkeye 360 which is a company

874

00:34:51,430 --> 00:34:47,919

i founded and

875

00:34:53,829 --> 00:34:51,440

360 does geolocation are are of rf

876

00:34:55,589 --> 00:34:53,839

emitters on the ground by brand new

877

00:34:57,190 --> 00:34:55,599

ideas that i came up with and the

878

00:35:00,150 --> 00:34:57,200

company patented

879

00:35:02,870 --> 00:35:00,160

okay so and they're very accurate and of

880

00:35:04,550 --> 00:35:02,880

course a lot of the big big money guys

881

00:35:06,790 --> 00:35:04,560

in the intelligence community hate

882

00:35:08,950 --> 00:35:06,800

hawkeye because

883

00:35:10,790 --> 00:35:08,960

of the mathematics and the signal

884

00:35:11,910 --> 00:35:10,800

processing and the way the collection is

885

00:35:13,270 --> 00:35:11,920

done

886

00:35:15,589 --> 00:35:13,280

i can take

887

00:35:18,310 --> 00:35:15,599

a coat hanger

888

00:35:20,230 --> 00:35:18,320

and hook it into the antenna port

889

00:35:23,589 --> 00:35:20,240

and find these signals

890

00:35:25,829 --> 00:35:23,599

with the same level of clarity that they

891

00:35:27,829 --> 00:35:25,839

could do if they had an antenna the size

892

00:35:29,750 --> 00:35:27,839

of a football field

893

00:35:31,190 --> 00:35:29,760

in other words i traded math and

894

00:35:34,390 --> 00:35:31,200

ingenuity

895

00:35:36,550 --> 00:35:34,400

for a billion dollar spacecraft so

896

00:35:38,790 --> 00:35:36,560

they're trying to figure out how to take

897

00:35:41,750 --> 00:35:38,800

a 10 million dollar spacecraft launched

898

00:35:45,109 --> 00:35:41,760

for one million dollars three at a time

899

00:35:46,710 --> 00:35:45,119

and replaced a billion-dollar industry

900

00:35:49,750 --> 00:35:46,720

and people should go and look at the

901  
00:35:53,109 --> 00:35:49,760  
board of advisors of hawkeye 360.

902  
00:35:54,790 --> 00:35:53,119  
it's it's four-star generals former

903  
00:35:57,190 --> 00:35:54,800  
director of the national geospatial

904  
00:36:00,550 --> 00:35:57,200  
intelligence agency former director of

905  
00:36:03,589 --> 00:36:00,560  
nro i mean come on i mean you know it's

906  
00:36:05,109 --> 00:36:03,599  
just uh it's clear where the

907  
00:36:08,150 --> 00:36:05,119  
and

908  
00:36:10,870 --> 00:36:08,160  
i was so shocked i couldn't believe it

909  
00:36:12,950 --> 00:36:10,880  
when hawkeye won a 500 million dollar

910  
00:36:15,910 --> 00:36:12,960  
contract for the national geo special

911  
00:36:17,829 --> 00:36:15,920  
intelligence agency so i guess i did

912  
00:36:20,069 --> 00:36:17,839  
something good vinnie for once in my

913  
00:36:22,950 --> 00:36:20,079

life

914

00:36:23,589 --> 00:36:22,960

so and what they wanted was can they use

915

00:36:25,349 --> 00:36:23,599

it

916

00:36:27,270 --> 00:36:25,359

to i know what they wanted but they

917

00:36:29,270 --> 00:36:27,280

couldn't tell me because i no longer

918

00:36:30,870 --> 00:36:29,280

have a security clearance they wanted to

919

00:36:33,510 --> 00:36:30,880

bring me in but they

920

00:36:35,750 --> 00:36:33,520

they can't tell stuff to smart people

921

00:36:39,190 --> 00:36:35,760

they want me to geo-locate these

922

00:36:40,470 --> 00:36:39,200

impulses these ufos are generating when

923

00:36:43,510 --> 00:36:40,480

they show up

924

00:36:45,030 --> 00:36:43,520

if i can quickly do them with hawkeye

925

00:36:47,430 --> 00:36:45,040

they're going to be able to find them

926  
00:36:49,510 --> 00:36:47,440  
and look at them very quickly and

927  
00:36:52,069 --> 00:36:49,520  
hawkeye is now moving its launch

928  
00:36:53,750 --> 00:36:52,079  
services on shore and they will be

929  
00:36:56,630 --> 00:36:53,760  
launched from wallops

930  
00:36:59,670 --> 00:36:56,640  
by rocket labs three at a time and the

931  
00:37:02,950 --> 00:36:59,680  
next 15 are staged to go up next year on

932  
00:37:04,710 --> 00:37:02,960  
rocket labs from wallops island virginia

933  
00:37:06,390 --> 00:37:04,720  
wow that's really exciting i would love

934  
00:37:10,390 --> 00:37:06,400  
i would love to help them but they got

935  
00:37:14,069 --> 00:37:12,710  
absolutely and you mentioned in there

936  
00:37:16,950 --> 00:37:14,079  
about the conference that you attended

937  
00:37:18,390 --> 00:37:16,960  
the scu or uh with the who's who of

938  
00:37:20,950 --> 00:37:18,400

the ufo world so i'd like to get your

939

00:37:22,950 --> 00:37:20,960

opinion on a few characters um firstly

940

00:37:24,870 --> 00:37:22,960

i'd like your opinion on timothy taylor

941

00:37:28,470 --> 00:37:24,880

and what he's uh you know he's been

942

00:37:31,510 --> 00:37:30,150

he's been in the background a lot more

943

00:37:33,109 --> 00:37:31,520

than he's been in the forefront of the

944

00:37:35,990 --> 00:37:33,119

topic so i'd like to know what your

945

00:37:36,950 --> 00:37:36,000

thoughts are on him okay so uh he and i

946

00:37:38,230 --> 00:37:36,960

talked

947

00:37:40,470 --> 00:37:38,240

and we

948

00:37:42,150 --> 00:37:40,480

talked about each of us being friends

949

00:37:44,550 --> 00:37:42,160

with chris bledsoe

950

00:37:46,710 --> 00:37:44,560

and uh

951  
00:37:49,910 --> 00:37:46,720  
i didn't mention diana pasalka i think

952  
00:37:52,230 --> 00:37:49,920  
that's a sore subject so i i did talk to

953  
00:37:55,190 --> 00:37:52,240  
him about chris bledsoe and i introduced

954  
00:37:57,030 --> 00:37:55,200  
him to my wife who i told had been cured

955  
00:38:00,310 --> 00:37:57,040  
from her right side weakness following

956  
00:38:03,349 --> 00:38:00,320  
her stroke and he went wow so we we we

957  
00:38:06,870 --> 00:38:03,359  
had a personal conversation but nothing

958  
00:38:08,470 --> 00:38:06,880  
of substance was exchanged he was very

959  
00:38:11,030 --> 00:38:08,480  
in the background

960  
00:38:14,390 --> 00:38:11,040  
he was not shy he walked around people

961  
00:38:17,270 --> 00:38:14,400  
talked to him but he was not he was not

962  
00:38:18,790 --> 00:38:17,280  
producing information he was consuming

963  
00:38:20,950 --> 00:38:18,800

information

964

00:38:23,829 --> 00:38:20,960

and the other really interesting person

965

00:38:24,710 --> 00:38:23,839

i talked to was gary nolan and i met and

966

00:38:26,230 --> 00:38:24,720

talked

967

00:38:29,430 --> 00:38:26,240

and that was one of the most interesting

968

00:38:31,349 --> 00:38:29,440

conversations i've ever had in my life

969

00:38:32,390 --> 00:38:31,359

and uh

970

00:38:34,790 --> 00:38:32,400

i believe

971

00:38:36,950 --> 00:38:34,800

that there is a chance that i will be

972

00:38:38,390 --> 00:38:36,960

doing some work with gary in the

973

00:38:40,390 --> 00:38:38,400

upcoming year

974

00:38:42,710 --> 00:38:40,400

and i have started things in mind we

975

00:38:45,109 --> 00:38:42,720

discussed i'll give you one because it's

976

00:38:48,790 --> 00:38:45,119

it's it's it's it i'm on the board of

977

00:38:51,190 --> 00:38:48,800

directors of the uh the amateur radio

978

00:38:52,790 --> 00:38:51,200

digital communication foundation and

979

00:38:55,670 --> 00:38:52,800

it's a large

980

00:38:58,950 --> 00:38:55,680

foundation it's a 150 million dollar

981

00:39:03,190 --> 00:38:58,960

foundation and we give out grants in our

982

00:39:05,550 --> 00:39:03,200

area and so this was set up we went from

983

00:39:09,349 --> 00:39:05,560

uh kind of a

984

00:39:10,950 --> 00:39:09,359

501c3 to a foundation and we had to go

985

00:39:12,470 --> 00:39:10,960

through all the legal stuff in

986

00:39:15,190 --> 00:39:12,480

california which is like the hardest

987

00:39:18,230 --> 00:39:15,200

place to do that and that's where gary

988

00:39:21,750 --> 00:39:18,240

is is in california so he wants me to

989

00:39:24,390 --> 00:39:21,760

advise him on some kind of foundation

990

00:39:26,390 --> 00:39:24,400

that he is getting funded by wealthy

991

00:39:28,790 --> 00:39:26,400

people around the world who want to do

992

00:39:30,390 --> 00:39:28,800

some good works so that looks like

993

00:39:32,550 --> 00:39:30,400

that's something i can talk about

994

00:39:35,990 --> 00:39:32,560

everything else i'm sorry i'm sorry i'm

995

00:39:37,750 --> 00:39:36,000

sorry he put up on twitter that he was

996

00:39:41,430 --> 00:39:37,760

interested in coding

997

00:39:43,589 --> 00:39:41,440

uh digital information inside of dna

998

00:39:45,990 --> 00:39:43,599

well i worked on that problem

999

00:39:48,069 --> 00:39:46,000

so we're scheduled to talk i just been

1000

00:39:51,030 --> 00:39:48,079

on the road and haven't been able so

1001  
00:39:53,030 --> 00:39:51,040  
that was super interesting and the other

1002  
00:39:54,829 --> 00:39:53,040  
thing i heard that was super interesting

1003  
00:39:58,630 --> 00:39:54,839  
because i'm sure your audience won't

1004  
00:40:01,589 --> 00:39:58,640  
know eric davis was on the back wall

1005  
00:40:03,990 --> 00:40:01,599  
when john alexander gave his talk

1006  
00:40:06,150 --> 00:40:04,000  
and john alexander says listen don't

1007  
00:40:09,030 --> 00:40:06,160  
talk to me about the wilson docks

1008  
00:40:11,829 --> 00:40:09,040  
there's the author back there he pointed

1009  
00:40:13,349 --> 00:40:11,839  
it dangerously and called him the author

1010  
00:40:14,950 --> 00:40:13,359  
okay so i'm not going to tell anything

1011  
00:40:18,230 --> 00:40:14,960  
about john's talk because that's

1012  
00:40:20,470 --> 00:40:18,240  
requested for internal visitors uh and

1013  
00:40:23,349 --> 00:40:20,480

until it's released on youtube

1014

00:40:26,390 --> 00:40:23,359

but i will say as his extemporaneous

1015

00:40:28,790 --> 00:40:26,400

remarks were interesting including

1016

00:40:30,870 --> 00:40:28,800

talk to the author about the wilson docs

1017

00:40:33,349 --> 00:40:30,880

he can tell you now

1018

00:40:35,270 --> 00:40:33,359

let me tell you what else i saw you

1019

00:40:37,670 --> 00:40:35,280

would think that eric davis would be

1020

00:40:38,390 --> 00:40:37,680

pissed off about that

1021

00:40:40,710 --> 00:40:38,400

right

1022

00:40:41,910 --> 00:40:40,720

i mean he would be upset if he didn't

1023

00:40:44,470 --> 00:40:41,920

want that out

1024

00:40:45,430 --> 00:40:44,480

he and john alexander sat next to each

1025

00:40:47,750 --> 00:40:45,440

other

1026  
00:40:50,230 --> 00:40:47,760  
on that at the next table to me after

1027  
00:40:53,510 --> 00:40:50,240  
the conference they sat there buddy

1028  
00:40:57,990 --> 00:40:53,520  
buddy for two hours after alexander

1029  
00:41:01,510 --> 00:40:58,000  
outed him i said i think this was staged

1030  
00:41:05,190 --> 00:41:03,750  
interesting

1031  
00:41:07,430 --> 00:41:05,200  
what do you think though what are your

1032  
00:41:09,990 --> 00:41:07,440  
thoughts on wilson davis really i know

1033  
00:41:12,550 --> 00:41:10,000  
rick i know richard dolan

1034  
00:41:14,550 --> 00:41:12,560  
i know grant cameron i know who put it

1035  
00:41:16,470 --> 00:41:14,560  
on reddit

1036  
00:41:17,430 --> 00:41:16,480  
i

1037  
00:41:19,829 --> 00:41:17,440  
so

1038  
00:41:21,750 --> 00:41:19,839

in the weirdest synchronicity you can

1039

00:41:24,790 --> 00:41:21,760

possibly imagine

1040

00:41:27,270 --> 00:41:24,800

i moved into my new home in alabama

1041

00:41:29,670 --> 00:41:27,280

and i opened up a day book

1042

00:41:32,790 --> 00:41:29,680

where i had been went to where i had

1043

00:41:35,510 --> 00:41:32,800

attended amazing conference

1044

00:41:36,550 --> 00:41:35,520

and at the mazen conference i saw a

1045

00:41:39,510 --> 00:41:36,560

friend

1046

00:41:41,750 --> 00:41:39,520

office

1047

00:41:45,510 --> 00:41:41,760

and he showed me a

1048

00:41:47,109 --> 00:41:45,520

a note or email i can't quite remember

1049

00:41:48,790 --> 00:41:47,119

from

1050

00:41:51,510 --> 00:41:48,800

admiral wilson

1051  
00:41:53,430 --> 00:41:51,520  
and he was complaining i wanted to know

1052  
00:41:55,589 --> 00:41:53,440  
where these saps were and how to get in

1053  
00:41:58,390 --> 00:41:55,599  
them and so forth and he wanted this

1054  
00:42:00,710 --> 00:41:58,400  
guy's help and this guy could help him

1055  
00:42:03,109 --> 00:42:00,720  
and the guy for guys

1056  
00:42:04,950 --> 00:42:03,119  
last i ever spoke with that to this guy

1057  
00:42:06,790 --> 00:42:04,960  
because i went man this is the former

1058  
00:42:08,870 --> 00:42:06,800  
director d.i.a

1059  
00:42:10,870 --> 00:42:08,880  
let me tell you what i would do i would

1060  
00:42:13,190 --> 00:42:10,880  
burn that note and pretend i

1061  
00:42:15,910 --> 00:42:13,200  
saw it and i left the guy's office so

1062  
00:42:18,550 --> 00:42:15,920  
you see why i forgot it but i was

1063  
00:42:21,270 --> 00:42:18,560

just the day book just happened to open

1064

00:42:23,349 --> 00:42:21,280

to that entry when i found my filing

1065

00:42:24,470 --> 00:42:23,359

cabinet

1066

00:42:27,510 --> 00:42:24,480

wow

1067

00:42:29,510 --> 00:42:27,520

that's amazing so i do believe all right

1068

00:42:31,670 --> 00:42:29,520

just just just so you know just so you

1069

00:42:33,430 --> 00:42:31,680

and your audience

1070

00:42:36,390 --> 00:42:33,440

i no longer have the day book i don't

1071

00:42:38,230 --> 00:42:36,400

want to know anything about it

1072

00:42:40,790 --> 00:42:38,240

wow

1073

00:42:42,630 --> 00:42:40,800

i don't want anybody asking me for it

1074

00:42:48,150 --> 00:42:42,640

it's gone

1075

00:42:52,069 --> 00:42:50,309

fair enough fair enough one thing i just

1076

00:42:54,150 --> 00:42:52,079

was just going to say i believe that the

1077

00:42:57,430 --> 00:42:54,160

name of the person that put the wilson

1078

00:42:58,710 --> 00:42:57,440

davis onto reddit was released today and

1079

00:43:01,030 --> 00:42:58,720

i think am i writing something it was

1080

00:43:02,309 --> 00:43:01,040

chase chase something was it chase

1081

00:43:06,150 --> 00:43:02,319

williams yeah

1082

00:43:09,190 --> 00:43:06,160

yes so it's chase yes so

1083

00:43:11,270 --> 00:43:09,200

if gam grant cameron releases it

1084

00:43:14,630 --> 00:43:11,280

i will

1085

00:43:15,990 --> 00:43:14,640

say that the name grant is talking about

1086

00:43:18,550 --> 00:43:16,000

is the person

1087

00:43:20,870 --> 00:43:18,560

but is that the the facts are that's

1088

00:43:22,630 --> 00:43:20,880

been known for a long time

1089

00:43:24,870 --> 00:43:22,640

yeah it's like everywhere it's not been

1090

00:43:27,910 --> 00:43:24,880

a secret and i don't understand

1091

00:43:29,670 --> 00:43:27,920

i have no idea what ufo joe is on about

1092

00:43:31,910 --> 00:43:29,680

but all this being a secret when it was

1093

00:43:32,870 --> 00:43:31,920

known all over the place who put it up

1094

00:43:34,870 --> 00:43:32,880

there

1095

00:43:36,710 --> 00:43:34,880

it's not this big revelation i don't

1096

00:43:38,230 --> 00:43:36,720

know where what what murder is on about

1097

00:43:40,069 --> 00:43:38,240

i don't mean you have a joke i mean joe

1098

00:43:41,190 --> 00:43:40,079

merger i don't know why joe merge is all

1099

00:43:44,790 --> 00:43:41,200

up and armed

1100

00:43:48,470 --> 00:43:46,630

i think maybe because it is

1101

00:43:50,069 --> 00:43:48,480

it's not been plastered all over twitter

1102

00:43:52,550 --> 00:43:50,079

that it it's probably been known by a

1103

00:43:53,910 --> 00:43:52,560

select few behind the scenes oh i think

1104

00:43:55,349 --> 00:43:53,920

it's more than a slick i think it's more

1105

00:43:56,950 --> 00:43:55,359

than a select few i think it's been

1106

00:43:58,550 --> 00:43:56,960

quite wide

1107

00:44:01,030 --> 00:43:58,560

because i don't think this guy actually

1108

00:44:03,349 --> 00:44:01,040

tried to keep it a secret i think he was

1109

00:44:05,590 --> 00:44:03,359

proud of it and he blabbed all over the

1110

00:44:08,230 --> 00:44:05,600

place that he did it

1111

00:44:09,510 --> 00:44:08,240

[Laughter]

1112

00:44:11,430 --> 00:44:09,520

i must have missed it then because i

1113

00:44:12,950 --> 00:44:11,440

wasn't aware of the name you see so and

1114

00:44:15,190 --> 00:44:12,960

now i feel a bit like i've been left out

1115

00:44:17,109 --> 00:44:15,200

of some some secret club well it's easy

1116

00:44:18,790 --> 00:44:17,119

to get left off you're not in it every

1117

00:44:20,390 --> 00:44:18,800

single day

1118

00:44:21,910 --> 00:44:20,400

not fair enough

1119

00:44:24,069 --> 00:44:21,920

when you're trapped you're trapped in

1120

00:44:26,550 --> 00:44:24,079

your side in your house for a year and a

1121

00:44:28,230 --> 00:44:26,560

half with by covid you have a lot of

1122

00:44:30,630 --> 00:44:28,240

time to waste

1123

00:44:33,430 --> 00:44:30,640

yeah absolutely

1124

00:44:34,950 --> 00:44:33,440

um if we can move on bob to some

1125

00:44:38,550 --> 00:44:34,960

questions that i've got lined up here

1126  
00:44:39,910 --> 00:44:38,560  
from people um in the live chat here um

1127  
00:44:41,829 --> 00:44:39,920  
oh actually first of all i just want to

1128  
00:44:43,990 --> 00:44:41,839  
give a shout out to lala bright thank

1129  
00:44:46,230 --> 00:44:44,000  
you so much for the the super sticker

1130  
00:44:49,829 --> 00:44:46,240  
lala i believe you two are both on the

1131  
00:44:52,790 --> 00:44:49,839  
show together may i say that lala and i

1132  
00:44:54,150 --> 00:44:52,800  
started a company

1133  
00:44:56,550 --> 00:44:54,160  
lala is a

1134  
00:44:59,190 --> 00:44:56,560  
she is an experiencer

1135  
00:45:01,670 --> 00:44:59,200  
multiple time abductee

1136  
00:45:05,670 --> 00:45:01,680  
regularly sees ufos

1137  
00:45:07,670 --> 00:45:05,680  
is an unbelievable psychic and uh so but

1138  
00:45:09,750 --> 00:45:07,680

she's been hiding

1139

00:45:11,910 --> 00:45:09,760

almost her entire life

1140

00:45:14,069 --> 00:45:11,920

but when her parents told her she needed

1141

00:45:16,069 --> 00:45:14,079

to be quieter she was gonna be riddled

1142

00:45:18,309 --> 00:45:16,079

and ridiculed and

1143

00:45:21,829 --> 00:45:18,319

chased and she almost got fired a few

1144

00:45:24,790 --> 00:45:21,839

times for reading people and so uh she

1145

00:45:26,870 --> 00:45:24,800

she's completely hidden her unbelievable

1146

00:45:27,910 --> 00:45:26,880

talents until now

1147

00:45:33,430 --> 00:45:27,920

and

1148

00:45:35,589 --> 00:45:33,440

i'm not gonna say anything everybody

1149

00:45:36,470 --> 00:45:35,599

can't see if they go to her facebook

1150

00:45:40,069 --> 00:45:36,480

page

1151

00:45:43,430 --> 00:45:40,079

she was born august of 1981 so everybody

1152

00:45:45,750 --> 00:45:43,440

can see how long she has been in hiding

1153

00:45:48,470 --> 00:45:45,760

and so she had a tragic loss in her

1154

00:45:50,630 --> 00:45:48,480

family and it caused her to want to be

1155

00:45:52,870 --> 00:45:50,640

help others who've lost people in their

1156

00:45:55,430 --> 00:45:52,880

families and she started going around

1157

00:45:57,670 --> 00:45:55,440

doing readings and when she saw my

1158

00:46:00,550 --> 00:45:57,680

mother was passing he offered to do a

1159

00:46:03,190 --> 00:46:00,560

reading for me and my mother passed and

1160

00:46:06,470 --> 00:46:03,200

i recall this and i asked her for the

1161

00:46:09,430 --> 00:46:06,480

reading telling her i was a hard science

1162

00:46:11,589 --> 00:46:09,440

skeptic but i i was curious because i'm

1163

00:46:12,550 --> 00:46:11,599

interested in consciousness and all this

1164

00:46:15,349 --> 00:46:12,560

stuff

1165

00:46:18,390 --> 00:46:15,359

and it didn't take two minutes for her

1166

00:46:21,190 --> 00:46:18,400

to completely blow me away she knew

1167

00:46:22,309 --> 00:46:21,200

stuff that only my mother and i knew

1168

00:46:23,910 --> 00:46:22,319

now

1169

00:46:27,030 --> 00:46:23,920

is that esp

1170

00:46:28,470 --> 00:46:27,040

well the second part was even better it

1171

00:46:33,270 --> 00:46:28,480

closes that off

1172

00:46:35,829 --> 00:46:33,280

she told me stuff i had no idea about

1173

00:46:37,190 --> 00:46:35,839

but if my dead mother was telling her to

1174

00:46:39,109 --> 00:46:37,200

tell me that

1175

00:46:41,430 --> 00:46:39,119

my dead mother would know how easy it

1176

00:46:43,589 --> 00:46:41,440

would be for me to find it out

1177

00:46:46,790 --> 00:46:43,599

and there was equal numbers of things i

1178

00:46:49,109 --> 00:46:46,800

knew but no one else knew and things i

1179

00:46:53,829 --> 00:46:49,119

didn't know that my mother knew that i

1180

00:46:55,030 --> 00:46:53,839

was able to find out and she was 100

1181

00:46:56,550 --> 00:46:55,040

right

1182

00:46:59,109 --> 00:46:56,560

100

1183

00:47:00,870 --> 00:46:59,119

so now we started this company and she's

1184

00:47:02,230 --> 00:47:00,880

got a bunch she's doing a readings for a

1185

00:47:05,910 --> 00:47:02,240

bunch of people

1186

00:47:09,670 --> 00:47:05,920

and uh the the reviews are all five

1187

00:47:12,390 --> 00:47:09,680

stars she's just unreal and

1188

00:47:15,190 --> 00:47:12,400

we haven't even got to uh

1189

00:47:16,470 --> 00:47:15,200

her aliens i mean we covered that on on

1190

00:47:18,550 --> 00:47:16,480

sor

1191

00:47:19,910 --> 00:47:18,560

she's been messed about with by the

1192

00:47:22,390 --> 00:47:19,920

anunnaki

1193

00:47:25,349 --> 00:47:22,400

and not only that when i heard with my

1194

00:47:27,829 --> 00:47:25,359

ears her interacting with them over the

1195

00:47:29,190 --> 00:47:27,839

phone she says

1196

00:47:31,510 --> 00:47:29,200

what does that mean i said oh do you

1197

00:47:32,549 --> 00:47:31,520

mean anunnaki she says i guess sometimes

1198

00:47:35,190 --> 00:47:32,559

i don't

1199

00:47:38,150 --> 00:47:35,200

well the correct pronunciation from that

1200

00:47:39,829 --> 00:47:38,160

era was anunki how could he possibly

1201  
00:47:41,510 --> 00:47:39,839  
know this

1202  
00:47:42,710 --> 00:47:41,520  
she didn't even know what they were so

1203  
00:47:45,349 --> 00:47:42,720  
we thought

1204  
00:47:47,510 --> 00:47:45,359  
because it had reptile-like skin

1205  
00:47:50,230 --> 00:47:47,520  
she thought it was a reptilian

1206  
00:47:52,950 --> 00:47:50,240  
until dave told us on air if they're

1207  
00:47:54,870 --> 00:47:52,960  
hooded it's an unkey

1208  
00:47:56,790 --> 00:47:54,880  
i mean there's let's see i'm blown away

1209  
00:47:58,309 --> 00:47:56,800  
i'm having a great time learning a bunch

1210  
00:48:00,549 --> 00:47:58,319  
of stuff

1211  
00:48:02,390 --> 00:48:00,559  
and in this she's the 90 owner of the

1212  
00:48:04,470 --> 00:48:02,400  
company and i'm the 10 percent owner

1213  
00:48:06,069 --> 00:48:04,480

business manager and i'm plowing all the

1214

00:48:08,069 --> 00:48:06,079

money back into the company to raise its

1215

00:48:09,349 --> 00:48:08,079

value

1216

00:48:11,030 --> 00:48:09,359

so anyways

1217

00:48:13,510 --> 00:48:11,040

this wasn't about this but i just had to

1218

00:48:15,270 --> 00:48:13,520

say something that's absolutely fine i'm

1219

00:48:17,349 --> 00:48:15,280

glad lala's out in in the in the

1220

00:48:20,069 --> 00:48:17,359

community now and thank you so much for

1221

00:48:21,190 --> 00:48:20,079

the donation lala and and yeah that's

1222

00:48:23,589 --> 00:48:21,200

great it's good to know you guys are

1223

00:48:25,670 --> 00:48:23,599

working together so yeah awesome

1224

00:48:26,790 --> 00:48:25,680

um i've got a question here from rocco

1225

00:48:28,790 --> 00:48:26,800

demela

1226  
00:48:32,710 --> 00:48:28,800  
do you have a personal theory on what

1227  
00:48:39,109 --> 00:48:35,829  
i believe that

1228  
00:48:40,950 --> 00:48:39,119  
that the universe has more dimensions

1229  
00:48:42,950 --> 00:48:40,960  
than four

1230  
00:48:45,829 --> 00:48:42,960  
and there are

1231  
00:48:49,589 --> 00:48:45,839  
four dimensional spaces like ours that

1232  
00:48:52,230 --> 00:48:49,599  
are perpendicular to ours and if you do

1233  
00:48:54,309 --> 00:48:52,240  
the right kind of transformation you can

1234  
00:48:56,870 --> 00:48:54,319  
move from there their dimension four

1235  
00:48:57,990 --> 00:48:56,880  
dimensions into r to four dimensions and

1236  
00:48:59,990 --> 00:48:58,000  
that that

1237  
00:49:02,150 --> 00:49:00,000  
linear transformation so it's really i'm

1238  
00:49:03,829 --> 00:49:02,160

doing i'm doing math but to me the

1239

00:49:06,069 --> 00:49:03,839

explanation is like it's got to be

1240

00:49:08,630 --> 00:49:06,079

something this simple and when you see

1241

00:49:11,589 --> 00:49:08,640

these portals opening they're doing that

1242

00:49:13,270 --> 00:49:11,599

weird transformation that we all wish we

1243

00:49:15,270 --> 00:49:13,280

could figure out

1244

00:49:16,950 --> 00:49:15,280

we all wish we could figure it out so we

1245

00:49:19,270 --> 00:49:16,960

could do it and you know i've just got

1246

00:49:21,510 --> 00:49:19,280

these ideas that it's

1247

00:49:23,430 --> 00:49:21,520

things that are moving from a different

1248

00:49:25,430 --> 00:49:23,440

four-dimensional space which is

1249

00:49:27,270 --> 00:49:25,440

perpendicular to ours that's like

1250

00:49:29,670 --> 00:49:27,280

changing frequency people call it

1251

00:49:31,750 --> 00:49:29,680

different frequencies i call it the

1252

00:49:33,750 --> 00:49:31,760

wrong the other dimensions at a

1253

00:49:36,230 --> 00:49:33,760

different angle and they rotate into

1254

00:49:38,790 --> 00:49:36,240

hours when they want to visit

1255

00:49:40,470 --> 00:49:38,800

right yeah

1256

00:49:42,230 --> 00:49:40,480

i can i can

1257

00:49:44,870 --> 00:49:42,240

i think that kind of

1258

00:49:46,390 --> 00:49:44,880

area is sort of more towards what i

1259

00:49:49,349 --> 00:49:46,400

would go with at the moment but then

1260

00:49:50,870 --> 00:49:49,359

again my views and opinions change

1261

00:49:53,589 --> 00:49:50,880

fairly regularly i mean there's there's

1262

00:49:55,829 --> 00:49:53,599

a thousand opinions and nobody has

1263

00:49:58,470 --> 00:49:55,839

ironclad proof there you go so i've got

1264

00:49:59,910 --> 00:49:58,480

one and it may be wrong

1265

00:50:01,829 --> 00:49:59,920

sure and that's the thing there's

1266

00:50:04,150 --> 00:50:01,839

nothing wrong with being wrong as well

1267

00:50:05,829 --> 00:50:04,160

you know i think it's uh

1268

00:50:07,190 --> 00:50:05,839

yeah it's a good thing

1269

00:50:09,270 --> 00:50:07,200

um so

1270

00:50:11,270 --> 00:50:09,280

i've got another question here walter

1271

00:50:13,750 --> 00:50:11,280

asks what your thoughts are on the cia's

1272

00:50:15,829 --> 00:50:13,760

gateway program

1273

00:50:18,630 --> 00:50:15,839

uh you know i i don't know that much

1274

00:50:19,990 --> 00:50:18,640

about it so i don't think it's

1275

00:50:21,670 --> 00:50:20,000

it's not that i'm trying to keep a

1276

00:50:24,470 --> 00:50:21,680

secret is i just don't know that much

1277

00:50:28,069 --> 00:50:24,480

about it so i'd rather comment than make

1278

00:50:29,589 --> 00:50:28,079

a mistake no problem at all no problem

1279

00:50:31,430 --> 00:50:29,599

um

1280

00:50:34,309 --> 00:50:31,440

what else have we got here

1281

00:50:35,670 --> 00:50:34,319

what are your views on ce5

1282

00:50:39,190 --> 00:50:35,680

oh so

1283

00:50:41,430 --> 00:50:39,200

lala and a friend of hers and i

1284

00:50:43,510 --> 00:50:41,440

went out to a park

1285

00:50:45,829 --> 00:50:43,520

and we did this we did the damn the

1286

00:50:50,309 --> 00:50:45,839

meditation and everything and we saw

1287

00:50:53,270 --> 00:50:50,319

this thing in the sky that did a swirl

1288

00:50:55,990 --> 00:50:53,280

and uh the squirrel was

1289

00:50:57,750 --> 00:50:56,000

left the swirl brightened

1290

00:51:00,470 --> 00:50:57,760

bright and big like these things were

1291

00:51:01,829 --> 00:51:00,480

supposed to and moved off and vanished

1292

00:51:04,870 --> 00:51:01,839

and

1293

00:51:07,510 --> 00:51:04,880

lala found a reiki symbol

1294

00:51:09,589 --> 00:51:07,520

online that is identical to what we saw

1295

00:51:11,109 --> 00:51:09,599

in the sky

1296

00:51:13,990 --> 00:51:11,119

i'm just telling you i've seen it with

1297

00:51:16,470 --> 00:51:14,000

my own eyes and i intend to do quite

1298

00:51:19,030 --> 00:51:16,480

the e5 because i don't know what it is

1299

00:51:21,109 --> 00:51:19,040

but i would love to do

1300

00:51:24,230 --> 00:51:21,119

and then jimmy blanchett that's that's

1301

00:51:28,309 --> 00:51:24,240

what he does is he uses his radio gear

1302

00:51:29,030 --> 00:51:28,319

to do what uh other people do with tones

1303

00:51:31,670 --> 00:51:29,040

right

1304

00:51:36,309 --> 00:51:31,680

and he's taking videos of things showing

1305

00:51:38,069 --> 00:51:36,319

up right in front of his radio phantoms

1306

00:51:39,829 --> 00:51:38,079

so i'm a radio operator i'm going to

1307

00:51:41,109 --> 00:51:39,839

play with it

1308

00:51:42,870 --> 00:51:41,119

yeah why not

1309

00:51:44,870 --> 00:51:42,880

i also want to do the meditation stuff

1310

00:51:46,309 --> 00:51:44,880

so we'll see

1311

00:51:47,910 --> 00:51:46,319

accidentally whatever

1312

00:51:49,670 --> 00:51:47,920

whatever it takes

1313

00:51:52,150 --> 00:51:49,680

absolutely i'm sure everything's worth

1314

00:51:54,470 --> 00:51:52,160

giving and giving a go that's for sure

1315

00:51:55,990 --> 00:51:54,480

um now one thing one subject i did want

1316

00:51:58,470 --> 00:51:56,000

to bring up with you before before we

1317

00:52:00,470 --> 00:51:58,480

finish here is skinwalker ranch because

1318

00:52:01,510 --> 00:52:00,480

it's a very split in the community a lot

1319

00:52:03,190 --> 00:52:01,520

of people

1320

00:52:04,470 --> 00:52:03,200

struggle with

1321

00:52:06,069 --> 00:52:04,480

being legitimate

1322

00:52:07,750 --> 00:52:06,079

uh personally i think there is something

1323

00:52:09,430 --> 00:52:07,760

anomalous going going on there can i

1324

00:52:10,790 --> 00:52:09,440

prove it of course not but i'd be

1325

00:52:12,150 --> 00:52:10,800

interested to know what your thoughts

1326

00:52:14,710 --> 00:52:12,160

are and leading into that with your

1327

00:52:17,270 --> 00:52:14,720

thoughts on travis taylor as well

1328

00:52:19,829 --> 00:52:17,280

uh i think tr well travis taylor i knew

1329

00:52:21,990 --> 00:52:19,839

him before all of this so uh he and i

1330

00:52:24,470 --> 00:52:22,000

are not friends but we you know i've

1331

00:52:26,630 --> 00:52:24,480

given him papers and he's given me

1332

00:52:28,470 --> 00:52:26,640

we've interacted with each other uh and

1333

00:52:29,910 --> 00:52:28,480

he is he would not be the chief

1334

00:52:32,230 --> 00:52:29,920

scientist

1335

00:52:34,230 --> 00:52:32,240

if he was a nothing he's not a nothing

1336

00:52:36,630 --> 00:52:34,240

he's a something the guy has five

1337

00:52:39,910 --> 00:52:36,640

degrees come on all right so

1338

00:52:41,430 --> 00:52:39,920

um lala and i are going to burn utah to

1339

00:52:44,470 --> 00:52:41,440

the conference

1340

00:52:47,349 --> 00:52:44,480

that is not by accident

1341

00:52:50,309 --> 00:52:47,359

i haven't nailed all that down

1342

00:52:53,349 --> 00:52:50,319

uh i'm not going to say much but i am in

1343

00:52:54,630 --> 00:52:53,359

contact and have been in contact with

1344

00:52:56,150 --> 00:52:54,640

people at

1345

00:52:58,710 --> 00:52:56,160

branch and

1346

00:53:01,190 --> 00:52:58,720

personal contact with brandon fogle and

1347

00:53:04,230 --> 00:53:01,200

people can go find my interview of

1348

00:53:05,829 --> 00:53:04,240

brandon fogle on the science bob segment

1349

00:53:07,829 --> 00:53:05,839

speaks out radio

1350

00:53:09,750 --> 00:53:07,839

so he and i know each other and i've

1351

00:53:12,069 --> 00:53:09,760

asked him for the ability to do some

1352

00:53:14,069 --> 00:53:12,079

stuff and the difference between me and

1353

00:53:16,630 --> 00:53:14,079

a lot of other people that approach all

1354

00:53:19,109 --> 00:53:16,640

of them is i want nothing i don't want

1355

00:53:20,710 --> 00:53:19,119

to be paid i don't want anything but i

1356

00:53:22,309 --> 00:53:20,720

don't want them to restrict what i can

1357

00:53:23,990 --> 00:53:22,319

do with what i find

1358

00:53:25,990 --> 00:53:24,000

and so lala and i are going to go out

1359

00:53:28,069 --> 00:53:26,000

there set up a tent she's going to do

1360

00:53:32,870 --> 00:53:28,079

readings and face painting and other

1361

00:53:40,150 --> 00:53:37,030

if allowed so i i will if allowed

1362

00:53:42,470 --> 00:53:40,160

i'll only go if i can talk

1363

00:53:44,069 --> 00:53:42,480

so if i can go and i can talk i will

1364

00:53:48,150 --> 00:53:44,079

come back and tell everybody what i see

1365

00:53:52,150 --> 00:53:49,910

i'll be interested to hear what you what

1366

00:53:53,910 --> 00:53:52,160

what what comes from that definitely

1367

00:53:54,950 --> 00:53:53,920

um well this is what's going to show

1368

00:53:58,549 --> 00:53:54,960

that

1369

00:54:00,309 --> 00:53:58,559

of september

1370

00:54:02,630 --> 00:54:00,319

and is that is that phenomecon is that

1371

00:54:04,150 --> 00:54:02,640

the one it is man you should look at the

1372

00:54:06,549 --> 00:54:04,160

people who are going

1373

00:54:08,309 --> 00:54:06,559

oh i've seen it yet i mean i'm over here

1374

00:54:11,349 --> 00:54:08,319

in the uk otherwise i'd be there like a

1375

00:54:15,829 --> 00:54:13,349

but uh yeah no i really do look forward

1376

00:54:17,510 --> 00:54:15,839

to seeing what comes of that and one one

1377

00:54:19,109 --> 00:54:17,520

other thing i suppose bob is i'd like to

1378

00:54:21,109 --> 00:54:19,119

get you back on in the future maybe when

1379

00:54:22,790 --> 00:54:21,119

you have a stronger connection as well

1380

00:54:24,790 --> 00:54:22,800

and we can sort of dig a bit deeper into

1381

00:54:25,990 --> 00:54:24,800

these things when you're not on the road

1382

00:54:28,950 --> 00:54:26,000

if that's something you'd be willing to

1383

00:54:30,150 --> 00:54:28,960

do penny i i love your show i love the

1384

00:54:31,670 --> 00:54:30,160

way you do it

1385

00:54:34,309 --> 00:54:31,680

i'm gonna turn on my videos so you can

1386

00:54:36,470 --> 00:54:34,319

see my face uh there we go

1387

00:54:40,470 --> 00:54:36,480

you you're one of the better

1388

00:54:43,829 --> 00:54:40,480

uh interactive uh uh per people who

1389

00:54:46,950 --> 00:54:43,839

conducts really expert level uh

1390

00:54:50,150 --> 00:54:46,960

interactions with people look i mean xo

1391

00:54:52,950 --> 00:54:50,160

academy and gave his first serious

1392

00:54:55,109 --> 00:54:52,960

here i am my face here uh talking with

1393

00:54:58,150 --> 00:54:55,119

somebody who knew something about uh

1394

00:55:00,150 --> 00:54:58,160

what's going on uh in addition to uh

1395

00:55:02,950 --> 00:55:00,160

being interviewed by some others

1396

00:55:05,670 --> 00:55:02,960

uh and exo is uh

1397

00:55:07,990 --> 00:55:05,680

let me say because he's put it out and

1398

00:55:09,030 --> 00:55:08,000

just let me say exo got a reading from

1399

00:55:13,030 --> 00:55:09,040

lala

1400

00:55:17,589 --> 00:55:14,549

blown away wow

1401  
00:55:18,870 --> 00:55:17,599  
okay he wants to work with her and god

1402  
00:55:21,510 --> 00:55:18,880  
bless them

1403  
00:55:22,230 --> 00:55:21,520  
go at it so i think

1404  
00:55:25,270 --> 00:55:22,240  
as

1405  
00:55:26,950 --> 00:55:25,280  
things like this go on people are gonna

1406  
00:55:30,789 --> 00:55:26,960  
figure out that

1407  
00:55:34,630 --> 00:55:30,799  
you can hide for 41 years and still be

1408  
00:55:37,510 --> 00:55:34,640  
an interesting addition to our community

1409  
00:55:39,030 --> 00:55:37,520  
yeah absolutely absolutely

1410  
00:55:41,910 --> 00:55:39,040  
she's going to be mad at me she's going

1411  
00:55:41,920 --> 00:55:46,470  
i should have said 21.

1412  
00:55:51,109 --> 00:55:49,190  
oh that's amazing oh man well listen bob

1413  
00:55:52,710 --> 00:55:51,119

thank you so much i won't keep you on

1414

00:55:55,109 --> 00:55:52,720

any longer because you must you know

1415

00:55:57,670 --> 00:55:55,119

you're sat in your car but please

1416

00:55:58,630 --> 00:55:57,680

i stirred some stuff up because i bet we

1417

00:56:01,430 --> 00:55:58,640

did

1418

00:56:03,589 --> 00:56:01,440

i hope so too i can't wait to see what

1419

00:56:05,910 --> 00:56:03,599

the feedback we get on this one oh yeah

1420

00:56:07,829 --> 00:56:05,920

please stay in touch bob because we will

1421

00:56:09,349 --> 00:56:07,839

have to do this again real soon i know

1422

00:56:11,750 --> 00:56:09,359

there's a million other questions out

1423

00:56:13,910 --> 00:56:11,760

there and we can dig deeper uh on the

1424

00:56:15,990 --> 00:56:13,920

next one but for now bob thank you so

1425

00:56:18,309 --> 00:56:16,000

much thank you to everybody in the live

1426

00:56:20,230 --> 00:56:18,319

chat we will do this again i promise i

1427

00:56:22,470 --> 00:56:20,240

can see bob coming onto one of my panel

1428

00:56:24,230 --> 00:56:22,480

shows where we have a real deep dive

1429

00:56:25,990 --> 00:56:24,240

with multiple people

1430

00:56:27,270 --> 00:56:26,000

so look out for those kind of things in

1431

00:56:29,030 --> 00:56:27,280

the future

1432

00:56:31,030 --> 00:56:29,040

for now everyone

1433

00:56:33,430 --> 00:56:31,040

see what sorry

1434

00:56:35,430 --> 00:56:33,440

the honor was all mine oh mine well

1435

00:56:37,030 --> 00:56:35,440

until the next time guys thank you very
