2
00:00:17,470 --> 00:00:09,120
one realizes very quickly we've been

3
00:00:17,480 --> 00:00:25,880
I had access to to all those programs

4
00:00:25,890 --> 00:00:30,669
[Music]

5
00:00:39,670 --> 00:00:32,280
thank you

or control surfaces no obvious signs of

9
00:00:49,910 --> 00:00:48,300
propulsion and yet this object is

10
00:00:52,230 --> 00:00:49,920
witnessed Now by four separate

13
00:01:07,370 --> 00:01:04,680

Hello everybody welcome back to

14

00:01:09,050 --> 00:01:07,380

disclosure team I'm Vinnie Adams I think

15

00:01:10,969 --> 00:01:09,060

I just took 10 days off from this

16

00:01:13,730 --> 00:01:10,979

channel which is the longest uh since I

17

00:01:16,550 --> 00:01:13,740

started it but um I spent a week away

18

00:01:19,910 --> 00:01:16,560

with my family recharged feeling

19

00:01:21,649 --> 00:01:19,920

refreshed ready to go so uh yeah thank

20

00:01:23,450 --> 00:01:21,659

you guys for being here

21

00:01:24,950 --> 00:01:23,460

um just quickly before I bring on my

22

00:01:27,830 --> 00:01:24,960

guest I just want to quickly talk about

23

00:01:29,870 --> 00:01:27,840

some fundraising that I'm doing uh once

24

00:01:31,130 --> 00:01:29,880

or twice a year I like to sort of do

25

00:01:33,710 --> 00:01:31,140

something

26

00:01:35,810 --> 00:01:33,720

um across my platforms for various

27

00:01:37,730 --> 00:01:35,820

Charities so I'm just going to bring

28

00:01:39,649 --> 00:01:37,740

this up bear with me

29

00:01:41,630 --> 00:01:39,659

I'm actually going to be raising money

30

00:01:43,550 --> 00:01:41,640

for movember so I'm actually going to be

31

00:01:45,890 --> 00:01:43,560

growing a mustache for a month which I'm

32

00:01:47,929 --> 00:01:45,900

not very good at but I'm going to be

33

00:01:52,069 --> 00:01:47,939

donating to them

34

00:01:54,469 --> 00:01:52,079

um because it it helps with men's mental

35

00:01:57,109 --> 00:01:54,479

health Men's Health in general Suicide

36

00:01:58,969 --> 00:01:57,119

Prevention testicular cancer prostate

37

00:02:01,010 --> 00:01:58,979

cancer this is something that's close to

38

00:02:03,710 --> 00:02:01,020

my heart I've lost friends to Suicide

39

00:02:06,170 --> 00:02:03,720

unfortunately so I know times are tough

40

00:02:08,210 --> 00:02:06,180

and no one is obliged to do this but if

41

00:02:10,130 --> 00:02:08,220

you have a few pennies lying around or

42

00:02:12,050 --> 00:02:10,140

you want to make a donation the link is

43

00:02:13,850 --> 00:02:12,060

in the description below it is a good

44

00:02:16,850 --> 00:02:13,860

charity the money goes directly to them

45

00:02:18,830 --> 00:02:16,860

I don't see it so yeah I just wanted to

46

00:02:21,170 --> 00:02:18,840

do something positive

47

00:02:23,630 --> 00:02:21,180

um with my platform so

48

00:02:24,410 --> 00:02:23,640

that's that let's not waste any more

49

00:02:27,350 --> 00:02:24,420

time

50

00:02:29,930 --> 00:02:27,360

um I want to welcome uh a repeat guest

51
00:02:31,430 --> 00:02:29,940
uh to this channel somebody who I've got

52
00:02:33,550 --> 00:02:31,440
a lot of respect for and I can't wait

53
00:02:36,890 --> 00:02:33,560
for this conversation so please welcome

54
00:02:38,449 --> 00:02:36,900
Victor vigiani Victor how you doing just

55
00:02:40,010 --> 00:02:38,459
fine thank you Vinnie and it's great to

56
00:02:43,490 --> 00:02:40,020
be with you and hello all of your

57
00:02:46,790 --> 00:02:43,500
listeners and thank you so much

58
00:02:48,470 --> 00:02:46,800
so Victor I've got a lot I want to talk

59
00:02:50,390 --> 00:02:48,480
to you about and I think obviously the

60
00:02:51,290 --> 00:02:50,400
best thing to do is start with with

61
00:02:52,729 --> 00:02:51,300
Canada

62
00:02:54,650 --> 00:02:52,739
you know

63
00:02:57,290 --> 00:02:54,660

um over the last year they've obviously

64

00:03:01,070 --> 00:02:57,300

been a bit more in the public eye when

65

00:03:02,930 --> 00:03:01,080

it comes to UFOs and UAP so

66

00:03:04,430 --> 00:03:02,940

what where is where where are we at with

67

00:03:05,930 --> 00:03:04,440

Canada at the moment you know it seemed

68

00:03:08,390 --> 00:03:05,940

like there was some momentum happening

69

00:03:10,930 --> 00:03:08,400

but it seems to have gone quiet well

70

00:03:14,930 --> 00:03:10,940

yeah it's um it's kind of unique because

71

00:03:17,410 --> 00:03:14,940

uh as I've done on some of my press

72

00:03:19,850 --> 00:03:17,420

releases and the blog at

73

00:03:22,250 --> 00:03:19,860

zoolandcommunications.com I have

74

00:03:23,690 --> 00:03:22,260

attempted to outline in the past now

75

00:03:25,250 --> 00:03:23,700

okay

76

00:03:29,869 --> 00:03:25,260

um several

77

00:03:33,890 --> 00:03:29,879

um I guess recorded incidents uh Records

78

00:03:37,490 --> 00:03:33,900

uh archives on on the UFO phenomena

79

00:03:42,350 --> 00:03:37,500

dating back to the 1950s

80

00:03:46,449 --> 00:03:42,360

and it goes back to about 2010 when I

81

00:03:48,949 --> 00:03:46,459

just completely by accident Vinnie I was

82

00:03:52,130 --> 00:03:48,959

searching around at the library and

83

00:03:54,530 --> 00:03:52,140

Archives Canada and I didn't know

84

00:03:57,410 --> 00:03:54,540

exactly what I was looking for although

85

00:03:59,390 --> 00:03:57,420

I did run into this webpage at library

86

00:04:00,729 --> 00:03:59,400

and Archives Canada which is sort of a

87

00:04:03,949 --> 00:04:00,739

compendium of

88

00:04:05,930 --> 00:04:03,959

of all kinds of documents of every kind

89
00:04:08,570 --> 00:04:05,940
from the RCMP the Royal Canadian amount

90
00:04:10,550 --> 00:04:08,580
of police Transport Canada the defense

91
00:04:13,250 --> 00:04:10,560
department you can go and look at any

92
00:04:15,410 --> 00:04:13,260
type of ministerial documents that they

93
00:04:19,189 --> 00:04:15,420
were exchanging they all have them on on

94
00:04:21,349 --> 00:04:19,199
a file basis you know file by file by

95
00:04:24,770 --> 00:04:21,359
there was nine thousand five hundred of

96
00:04:27,710 --> 00:04:24,780
these things and uh just specifically on

97
00:04:30,110 --> 00:04:27,720
UFOs and I went oh my goodness

98
00:04:32,570 --> 00:04:30,120
um and I by the time that I realized

99
00:04:34,270 --> 00:04:32,580
that this was 2010 now that I've been

100
00:04:37,189 --> 00:04:34,280
involved in this thing since

101
00:04:39,670 --> 00:04:37,199
1975 and I had never heard of of library

102
00:04:44,150 --> 00:04:39,680
and Archives Canada let alone they had

103
00:04:46,730 --> 00:04:44,160
9500 files and I started to look through

104
00:04:49,610 --> 00:04:46,740
these things and I just couldn't believe

105
00:04:51,830 --> 00:04:49,620
my eyes and they were segmented in in

106
00:04:53,990 --> 00:04:51,840
four separate areas the RCMP the Royal

107
00:04:56,390 --> 00:04:54,000
Canadian amount of police all to do with

108
00:04:58,370 --> 00:04:56,400
UFOs in one way or another and then

109
00:05:00,950 --> 00:04:58,380
there's another section on the national

110
00:05:03,050 --> 00:05:00,960
research Council which was separate

111
00:05:05,150 --> 00:05:03,060
again and then the defense department

112
00:05:07,129 --> 00:05:05,160
and Transport Canada which we can get to

113
00:05:11,510 --> 00:05:07,139

a little bit later on and each one of

114

00:05:13,909 --> 00:05:11,520

those domains has uh had a upwards of

115

00:05:18,110 --> 00:05:13,919

anywhere between two to three thousand

116

00:05:19,790 --> 00:05:18,120

uh files on UFOs now when I say files

117

00:05:21,770 --> 00:05:19,800

um and you go and you page through them

118

00:05:24,710 --> 00:05:21,780

they're pretty dull and boring to be

119

00:05:27,409 --> 00:05:24,720

really pretty honest with you uh they're

120

00:05:29,810 --> 00:05:27,419

you know citing reports uh ministerial

121

00:05:32,029 --> 00:05:29,820

letters that mention stuff Here There

122

00:05:34,670 --> 00:05:32,039

and Everywhere nothing of any real

123

00:05:36,469 --> 00:05:34,680

significance it's like you know reading

124

00:05:38,029 --> 00:05:36,479

the telephone book you go through it

125

00:05:40,969 --> 00:05:38,039

yeah fine thank you yeah for anything

126

00:05:44,810 --> 00:05:40,979

and it's just you get bored to death

127

00:05:47,150 --> 00:05:44,820

and uh I took as much time as I could to

128

00:05:50,870 --> 00:05:47,160

get through a boat I don't know I'm

129

00:05:52,490 --> 00:05:50,880

guessing uh Vinnie probably 3 500 to 4

130

00:05:54,469 --> 00:05:52,500

000 of these things okay and that's

131

00:05:57,469 --> 00:05:54,479

sitting late at night you know click

132

00:06:00,050 --> 00:05:57,479

click click and eventually you get to

133

00:06:02,210 --> 00:06:00,060

see where the hot spots were

134

00:06:04,850 --> 00:06:02,220

and where the the more mundane stuff was

135

00:06:07,670 --> 00:06:04,860

and I ran into some really interesting

136

00:06:10,249 --> 00:06:07,680

files along the way particularly from

137

00:06:12,529 --> 00:06:10,259

the defense department and also from

138

00:06:14,090 --> 00:06:12,539

Transport Canada and in addition the

139

00:06:17,390 --> 00:06:14,100

RCMP believe it or not the Royal

140

00:06:19,310 --> 00:06:17,400

Canadian Mounted Police uh which I'm not

141

00:06:22,330 --> 00:06:19,320

sure in the UK If there is a counterpart

142

00:06:24,950 --> 00:06:22,340

it probably is whatever your your

143

00:06:26,330 --> 00:06:24,960

official government police agency might

144

00:06:30,050 --> 00:06:26,340

be there I'm not quite sure what that

145

00:06:32,090 --> 00:06:30,060

might be but uh RCMP spans the entire

146

00:06:34,969 --> 00:06:32,100

country and they are an investigative

147

00:06:37,189 --> 00:06:34,979

group they're a police group uh they

148

00:06:38,809 --> 00:06:37,199

deal with drug enforcement and all kinds

149

00:06:40,490 --> 00:06:38,819

of other security issues so they're very

150

00:06:44,450 --> 00:06:40,500

comprehensive and very powerful

151
00:06:45,890 --> 00:06:44,460
organization here in Canada and uh that

152
00:06:49,129 --> 00:06:45,900
was one of the first ones that I looked

153
00:06:53,809 --> 00:06:49,139
at and from there I segmented

154
00:06:57,050 --> 00:06:53,819
I'm guessing probably uh

155
00:06:57,950 --> 00:06:57,060
25 to 30. that's out of 9 000 files that

156
00:07:00,770 --> 00:06:57,960
I could really find that were

157
00:07:02,809 --> 00:07:00,780
significant but 25 or 30 files they were

158
00:07:04,909 --> 00:07:02,819
absolutely shocking uh with respect to

159
00:07:07,129 --> 00:07:04,919
how Canada and all those four agencies

160
00:07:08,629 --> 00:07:07,139
that I mentioned were were involved in

161
00:07:11,570 --> 00:07:08,639
sequestering or at least exchanging

162
00:07:15,170 --> 00:07:11,580
information about UFOs beginning in 19th

163
00:07:19,070 --> 00:07:15,180

in 1950 right through until I would say

164

00:07:21,529 --> 00:07:19,080

the late 80s and early 90s and it was

165

00:07:23,390 --> 00:07:21,539

really significant because one of the

166

00:07:24,589 --> 00:07:23,400

documents that I found which really kind

167

00:07:27,529 --> 00:07:24,599

of blew me over and I'm sort of

168

00:07:29,330 --> 00:07:27,539

reviewing it again now was an RCMP

169

00:07:33,770 --> 00:07:29,340

document and the the name of the

170

00:07:36,650 --> 00:07:33,780

document was UFO found or found UFO in

171

00:07:38,450 --> 00:07:36,660

Northern Saskatchewan uh Saskatchewan is

172

00:07:43,070 --> 00:07:38,460

one of the 10 provinces here in in

173

00:07:46,610 --> 00:07:43,080

Canada and I read through it and I mean

174

00:07:49,550 --> 00:07:46,620

you it was U dot f dot o found Northern

175

00:07:51,890 --> 00:07:49,560

Saskatchewan reading through it and it

176
00:07:54,770 --> 00:07:51,900
eventually uh very short memo one page

177
00:07:56,770 --> 00:07:54,780
Memo from the RCMP directorate

178
00:08:00,409 --> 00:07:56,780
indicating that

179
00:08:02,450 --> 00:08:00,419
a lover or a minor had found to come

180
00:08:04,909 --> 00:08:02,460
across something on the outskirts of a

181
00:08:08,330 --> 00:08:04,919
lake in Northern Saskatchewan of pieces

182
00:08:10,670 --> 00:08:08,340
of uh of the of something and he

183
00:08:13,370 --> 00:08:10,680
reported it to the RCMP they took it

184
00:08:14,809 --> 00:08:13,380
away these pieces and then eventually

185
00:08:16,370 --> 00:08:14,819
they sent it to their for whatever

186
00:08:18,710 --> 00:08:16,380
reason I don't know why it's probably

187
00:08:20,390 --> 00:08:18,720
the only venue they had at the time but

188
00:08:22,610 --> 00:08:20,400

it was the the criminal investigation

189

00:08:24,529 --> 00:08:22,620

unit of the RCMP and they had it

190

00:08:26,150 --> 00:08:24,539

analyzed and I'm going through the

191

00:08:27,230 --> 00:08:26,160

analysis right now they're and they're

192

00:08:28,610 --> 00:08:27,240

about

193

00:08:31,309 --> 00:08:28,620

um

194

00:08:34,490 --> 00:08:31,319

I'd say about a dozen pictures of this

195

00:08:36,769 --> 00:08:34,500

stuff and it looks like a a waffle iron

196

00:08:39,949 --> 00:08:36,779

that the surface of it it was segmented

197

00:08:41,630 --> 00:08:39,959

uh sections on it and the analysis was

198

00:08:43,550 --> 00:08:41,640

that uh the final word on the analysis

199

00:08:45,050 --> 00:08:43,560

was it was not a missile it was not a

200

00:08:46,850 --> 00:08:45,060

satellite it was nothing that they had

201
00:08:49,570 --> 00:08:46,860
ever seen before and the chemical

202
00:08:52,250 --> 00:08:49,580
composition was of high-grade titanium

203
00:08:53,630 --> 00:08:52,260
and all kinds of other components in it

204
00:08:55,970 --> 00:08:53,640
and I'm going to be releasing this very

205
00:08:58,910 --> 00:08:55,980
soon uh to one of the journalists here

206
00:09:01,910 --> 00:08:58,920
in Canada CTV so that's something that's

207
00:09:05,389 --> 00:09:01,920
uh that's really uh in in the wings for

208
00:09:07,190 --> 00:09:05,399
me with respect to first of all finding

209
00:09:10,370 --> 00:09:07,200
something like that that's a kind of

210
00:09:13,190 --> 00:09:10,380
kind of fortuitous and big news and

211
00:09:18,110 --> 00:09:13,200
second of all it happened uh in the in

212
00:09:20,269 --> 00:09:18,120
the um 1960s 66 67 and it was never

213
00:09:22,009 --> 00:09:20,279

heard from I I never heard about it I

214

00:09:24,170 --> 00:09:22,019

never heard it and all the radio shows

215

00:09:27,889 --> 00:09:24,180

that I did all the experts that I spoke

216

00:09:32,449 --> 00:09:27,899

with in Canada no one had heard of this

217

00:09:35,090 --> 00:09:32,459

particular uh event so um in looking at

218

00:09:36,710 --> 00:09:35,100

the um the the spectral analysis of it

219

00:09:38,870 --> 00:09:36,720

in the chemical analysis I think there's

220

00:09:41,090 --> 00:09:38,880

something there that first of all needs

221

00:09:42,949 --> 00:09:41,100

to be brought out into the public

222

00:09:46,730 --> 00:09:42,959

um that's number one and second of all

223

00:09:48,949 --> 00:09:46,740

why the hell has this not uh been a

224

00:09:52,730 --> 00:09:48,959

topic of conversation in Canada you know

225

00:09:54,949 --> 00:09:52,740

for over you know 65 or 70 years why was

226

00:09:57,350 --> 00:09:54,959

this document sitting there for that

227

00:09:59,870 --> 00:09:57,360

long with no one discovering until I you

228

00:10:01,210 --> 00:09:59,880

know click the button and got into uh uh

229

00:10:03,949 --> 00:10:01,220

page

230

00:10:05,930 --> 00:10:03,959

1372 whatever it was and all of a sudden

231

00:10:08,389 --> 00:10:05,940

you see this document UFO found in

232

00:10:09,889 --> 00:10:08,399

Saskatchewan and it really perplexed me

233

00:10:11,690 --> 00:10:09,899

Vinnie because it really kind of

234

00:10:12,949 --> 00:10:11,700

indicated to me in addition to all of

235

00:10:15,290 --> 00:10:12,959

the other

236

00:10:17,710 --> 00:10:15,300

um uh documents that I read about and

237

00:10:22,570 --> 00:10:17,720

saw online in The Archives

238

00:10:24,850 --> 00:10:22,580

Canada had beginning in the 1950s a huge

239

00:10:27,170 --> 00:10:24,860

involvement in in

240

00:10:29,509 --> 00:10:27,180

analyzing not analyzing that's not the

241

00:10:31,910 --> 00:10:29,519

good word Catholic vlogging so better

242

00:10:34,310 --> 00:10:31,920

where a cataloging information both from

243

00:10:35,930 --> 00:10:34,320

Ministers of Defense from acting

244

00:10:38,210 --> 00:10:35,940

directorates in the joint intelligence

245

00:10:40,970 --> 00:10:38,220

committees and other agencies within

246

00:10:43,090 --> 00:10:40,980

Canada about UFOs well they call them

247

00:10:45,769 --> 00:10:43,100

flying saucers back then

248

00:10:48,470 --> 00:10:45,779

most of the most of the the documents

249

00:10:51,290 --> 00:10:48,480

really use that term flying saucers and

250

00:10:53,329 --> 00:10:51,300

then eventually uh towards the middle to

251
00:10:54,410 --> 00:10:53,339
late 60s they got into the term UFO so

252
00:10:57,110 --> 00:10:54,420
but it doesn't really matter the fact

253
00:10:59,030 --> 00:10:57,120
the matter is that they were cataloging

254
00:11:01,910 --> 00:10:59,040
the stuff and exchanging a huge amount

255
00:11:03,710 --> 00:11:01,920
of information and since then I've been

256
00:11:05,030 --> 00:11:03,720
delving into it more and eventually I'm

257
00:11:08,509 --> 00:11:05,040
going to get to the point where I get

258
00:11:10,550 --> 00:11:08,519
this these 12 or 15 photographs and

259
00:11:13,130 --> 00:11:10,560
they're really excellent photographs of

260
00:11:15,530 --> 00:11:13,140
of this particular craft of Unknown

261
00:11:16,910 --> 00:11:15,540
Origin we'll call that right now and it

262
00:11:19,310 --> 00:11:16,920
may turn out to be nothing but the fact

263
00:11:21,470 --> 00:11:19,320

of the matter is that the RCMP called it

264

00:11:23,210 --> 00:11:21,480

a UFO and they sent it to their criminal

265

00:11:25,910 --> 00:11:23,220

investigations you know to be analyzed

266

00:11:27,110 --> 00:11:25,920

there's something there and I think that

267

00:11:29,090 --> 00:11:27,120

it's something that the Canadian public

268

00:11:31,310 --> 00:11:29,100

needs to know about and it'll

269

00:11:34,190 --> 00:11:31,320

probably segue into um

270

00:11:36,769 --> 00:11:34,200

into our discussion Vinnie uh regarding

271

00:11:37,970 --> 00:11:36,779

the the uh the Canadian uh members of

272

00:11:39,290 --> 00:11:37,980

parliament that are looking into this

273

00:11:40,970 --> 00:11:39,300

they don't know anything about this yet

274

00:11:43,009 --> 00:11:40,980

I haven't I haven't dropped that in

275

00:11:44,569 --> 00:11:43,019

their lap yet although I've been in

276

00:11:46,610 --> 00:11:44,579

communication with their offices I

277

00:11:48,350 --> 00:11:46,620

haven't mentioned this particular uh

278

00:11:49,910 --> 00:11:48,360

file to them and it just do other things

279

00:11:53,090 --> 00:11:49,920

too this is just one of the other ones

280

00:11:55,430 --> 00:11:53,100

that's I think very very significant it

281

00:11:57,829 --> 00:11:55,440

sounds I mean with all the talk in the

282

00:11:59,810 --> 00:11:57,839

last year or a few years even with crash

283

00:12:02,389 --> 00:11:59,820

retrieval programs in the United States

284

00:12:05,750 --> 00:12:02,399

and and things like that to find a

285

00:12:08,329 --> 00:12:05,760

document that is a found UFO in his and

286

00:12:11,150 --> 00:12:08,339

I had analysis done kind of almost could

287

00:12:13,610 --> 00:12:11,160

fit into that category so that's that

288

00:12:15,050 --> 00:12:13,620

could be exceptionally huge news so I

289

00:12:17,150 --> 00:12:15,060

look forward to seeing what happens yeah

290

00:12:18,949 --> 00:12:17,160

well all the discussion I think it was a

291

00:12:21,410 --> 00:12:18,959

Chris melon I believe it was who brought

292

00:12:22,190 --> 00:12:21,420

up the that meta materials

293

00:12:25,730 --> 00:12:22,200

um

294

00:12:28,069 --> 00:12:25,740

uh component or aspect of these but the

295

00:12:30,590 --> 00:12:28,079

composition of the of these uh UAP are

296

00:12:33,650 --> 00:12:30,600

and and The Meta materials being things

297

00:12:36,230 --> 00:12:33,660

that um are I guess materials that we

298

00:12:38,990 --> 00:12:36,240

just either don't have on on the planet

299

00:12:40,970 --> 00:12:39,000

or their the combinations of of elements

300

00:12:42,889 --> 00:12:40,980

that we just don't have access to or I

301
00:12:46,370 --> 00:12:42,899
guess the big thing is we have been

302
00:12:47,690 --> 00:12:46,380
unable to reproduce uh and combine the

303
00:12:49,250 --> 00:12:47,700
elements that Chris Miller was talking

304
00:12:50,810 --> 00:12:49,260
about with respect to the meta materials

305
00:12:51,949 --> 00:12:50,820
we haven't been able to kind of put them

306
00:12:53,930 --> 00:12:51,959
together in the way that they're being

307
00:12:57,050 --> 00:12:53,940
found in some of these crash sites so

308
00:12:59,509 --> 00:12:57,060
this very well may be something of

309
00:13:02,210 --> 00:12:59,519
significance and even if it's not

310
00:13:05,210 --> 00:13:02,220
um the fact that the RCMP a considered

311
00:13:06,829 --> 00:13:05,220
it to be a an object worth its

312
00:13:08,990 --> 00:13:06,839
investigation and that it was hidden

313
00:13:11,030 --> 00:13:09,000

that it was hidden that's the whole the

314

00:13:13,430 --> 00:13:11,040

key here for me whatever it turns out to

315

00:13:15,170 --> 00:13:13,440

be one way or another uh the fact of the

316

00:13:17,389 --> 00:13:15,180

matter is it was it was hidden and in

317

00:13:19,370 --> 00:13:17,399

addition to all of the other files that

318

00:13:21,430 --> 00:13:19,380

I had the the one really

319

00:13:25,009 --> 00:13:21,440

actually I found it before the the the

320

00:13:26,990 --> 00:13:25,019

crash site material I found a UFO file

321

00:13:29,449 --> 00:13:27,000

written by the director The Joint

322

00:13:31,910 --> 00:13:29,459

intelligence director at the time and it

323

00:13:33,829 --> 00:13:31,920

outlined um it was called flying saucers

324

00:13:35,690 --> 00:13:33,839

and it outlined the position they talked

325

00:13:37,990 --> 00:13:35,700

a little bit about it and what flying

326

00:13:40,190 --> 00:13:38,000

sauces might be you know it could be

327

00:13:42,889 --> 00:13:40,200

nothing as definitive as what we're

328

00:13:45,650 --> 00:13:42,899

getting at today but um just to kind of

329

00:13:47,810 --> 00:13:45,660

indicate what the role of Canada was at

330

00:13:49,550 --> 00:13:47,820

the very last paragraph in paragraph two

331

00:13:52,370 --> 00:13:49,560

of the whole memo

332

00:13:54,350 --> 00:13:52,380

um it states that uh that Canada I'm

333

00:13:56,930 --> 00:13:54,360

paraphrasing here now that Canada would

334

00:13:59,690 --> 00:13:56,940

follow the lead of the United States and

335

00:14:01,250 --> 00:13:59,700

playing down UFOs at all costs don't

336

00:14:04,129 --> 00:14:01,260

make don't make a big deal out of this

337

00:14:05,150 --> 00:14:04,139

guys so that uh this directorate the

338

00:14:06,590 --> 00:14:05,160

person who's in charge of the director

339

00:14:08,810 --> 00:14:06,600

that we will follow the lead of the

340

00:14:09,829 --> 00:14:08,820

United States in playing down the UFO

341

00:14:11,870 --> 00:14:09,839

issue we're just not going to bring it

342

00:14:13,550 --> 00:14:11,880

up in press conferences we're not going

343

00:14:15,230 --> 00:14:13,560

to set up memos about it we're just

344

00:14:17,389 --> 00:14:15,240

going to play the the whole issue down

345

00:14:19,310 --> 00:14:17,399

and that was I believe

346

00:14:21,769 --> 00:14:19,320

um in 1952

347

00:14:24,710 --> 00:14:21,779

so if there's any kind of history with

348

00:14:27,590 --> 00:14:24,720

the Canadian government since 1952 their

349

00:14:29,750 --> 00:14:27,600

modus operandi Vinny was that they have

350

00:14:33,590 --> 00:14:29,760

been involved in playing down this issue

351
00:14:37,790 --> 00:14:33,600
for um for well over 60 65 years which

352
00:14:38,990 --> 00:14:37,800
is quite indicative of how Canada and a

353
00:14:41,030 --> 00:14:39,000
lot of countries a lot of question

354
00:14:42,889 --> 00:14:41,040
countries in the west have followed the

355
00:14:45,410 --> 00:14:42,899
lead of the United States in developing

356
00:14:47,810 --> 00:14:45,420
modes of secrecy that have kept this

357
00:14:50,689 --> 00:14:47,820
thing under wraps for well over 75 years

358
00:14:53,269 --> 00:14:50,699
you know collectively in um in in Europe

359
00:14:55,069 --> 00:14:53,279
and and in North America so

360
00:14:57,410 --> 00:14:55,079
Canada follow the lead and it's still

361
00:14:59,930 --> 00:14:57,420
doing it to a large degree but I think

362
00:15:01,730 --> 00:14:59,940
it uh it's kind of indicative of where

363
00:15:03,889 --> 00:15:01,740

we might want to go as you said earlier

364

00:15:05,269 --> 00:15:03,899

with a conversation with respect to the

365

00:15:07,009 --> 00:15:05,279

members of parliament because there is a

366

00:15:09,590 --> 00:15:07,019

link there and they're interested in

367

00:15:13,610 --> 00:15:09,600

this and once I drop this in their lap

368

00:15:15,710 --> 00:15:13,620

I'm hoping uh the MPS lap rather that

369

00:15:17,590 --> 00:15:15,720

they can say one of two things ah this

370

00:15:19,910 --> 00:15:17,600

is important in B

371

00:15:22,250 --> 00:15:19,920

why don't we know about this why has

372

00:15:26,389 --> 00:15:22,260

Canada been so secretive about this with

373

00:15:28,310 --> 00:15:26,399

these 9500 files yeah it does ring true

374

00:15:29,990 --> 00:15:28,320

with some of the five eyes countries as

375

00:15:32,389 --> 00:15:30,000

well with the times of the 50s and the

376

00:15:34,610 --> 00:15:32,399

60s it happened here in the UK as well

377

00:15:36,889 --> 00:15:34,620

so it you know it it's just ringing

378

00:15:39,110 --> 00:15:36,899

alarm bells in I had the similarities

379

00:15:40,490 --> 00:15:39,120

um now one document that I'd like to

380

00:15:43,129 --> 00:15:40,500

bring up and show is these talking

381

00:15:45,050 --> 00:15:43,139

points that were prepared for the

382

00:15:48,230 --> 00:15:45,060

Canadian transport Minister Omar algebra

383

00:15:50,150 --> 00:15:48,240

algebra in uh back in May of this year

384

00:15:52,370 --> 00:15:50,160

in case questions were asked in

385

00:15:54,949 --> 00:15:52,380

Parliament right and and there's even a

386

00:15:56,990 --> 00:15:54,959

heading on there that says if pressed

387

00:15:59,569 --> 00:15:57,000

um so yeah I just wanted to bring this

388

00:16:02,990 --> 00:15:59,579

up and yeah this is

389

00:16:04,310 --> 00:16:03,000

uh yeah interesting here we go

390

00:16:06,410 --> 00:16:04,320

there's there's a bit of a history

391

00:16:09,050 --> 00:16:06,420

behind this

392

00:16:11,509 --> 00:16:09,060

um your your viewers need to know that

393

00:16:14,090 --> 00:16:11,519

um one of the uh

394

00:16:16,610 --> 00:16:14,100

the press releases that I sent out uh I

395

00:16:20,449 --> 00:16:16,620

guess it was back in May uh about the

396

00:16:23,750 --> 00:16:20,459

Canadian television network CTV and

397

00:16:27,350 --> 00:16:23,760

um uh journalist there named Daniel Otis

398

00:16:29,509 --> 00:16:27,360

yes yeah okay and he's he and I have had

399

00:16:33,110 --> 00:16:29,519

conversations and exchanged emails for a

400

00:16:34,850 --> 00:16:33,120

couple of months now and uh he somehow

401

00:16:38,389 --> 00:16:34,860

either through his own resources or

402

00:16:40,970 --> 00:16:38,399

whatever uh found out that A Member of

403

00:16:43,069 --> 00:16:40,980

Parliament Larry McGuire from Manitoba

404

00:16:45,829 --> 00:16:43,079

another one of our provinces

405

00:16:47,990 --> 00:16:45,839

um was in a committee meeting and he's

406

00:16:51,050 --> 00:16:48,000

the vice chair of one of the Committees

407

00:16:53,090 --> 00:16:51,060

uh a standing committee uh in in the

408

00:16:54,829 --> 00:16:53,100

Canadian Parliament and he was asking

409

00:16:57,829 --> 00:16:54,839

one of the ministers the deputy Minister

410

00:16:59,810 --> 00:16:57,839

John Hannaford if he was aware of or

411

00:17:01,370 --> 00:16:59,820

knew about or had any information about

412

00:17:03,410 --> 00:17:01,380

this whole Director of National

413

00:17:05,630 --> 00:17:03,420

Intelligence stuff was going on so the

414

00:17:07,189 --> 00:17:05,640

border and you know the Pentagon

415

00:17:11,210 --> 00:17:07,199

releases that they've been going through

416

00:17:13,669 --> 00:17:11,220

and and people like Luis Elizondo and if

417

00:17:14,990 --> 00:17:13,679

he he actually directly asked this

418

00:17:17,329 --> 00:17:15,000

Deputy Minister if he knew anything

419

00:17:19,789 --> 00:17:17,339

about this and the minister went sort of

420

00:17:24,590 --> 00:17:22,669

uh no I just had no idea what was going

421

00:17:27,350 --> 00:17:24,600

on it was all and you could tell it

422

00:17:29,450 --> 00:17:27,360

wasn't the kind of look in his eyes

423

00:17:32,450 --> 00:17:29,460

um that he was hiding something was like

424

00:17:33,650 --> 00:17:32,460

you know like a deer with a caught in

425

00:17:35,330 --> 00:17:33,660

the headlights of a car you know that

426

00:17:36,590 --> 00:17:35,340

kind of thing no you've caught me off

427

00:17:37,370 --> 00:17:36,600

guard I have no idea what you're talking

428

00:17:40,730 --> 00:17:37,380

about

429

00:17:43,970 --> 00:17:40,740

and uh so from that point of view that

430

00:17:46,789 --> 00:17:43,980

Deputy Minister we all took it upon

431

00:17:48,770 --> 00:17:46,799

ourselves to conclude that he was

432

00:17:50,570 --> 00:17:48,780

completely out of the loop and that

433

00:17:52,490 --> 00:17:50,580

meant that he and his the actual

434

00:17:54,169 --> 00:17:52,500

Minister were out of the loop with

435

00:17:56,750 --> 00:17:54,179

respect to what was going on South of

436

00:17:58,070 --> 00:17:56,760

the Border now take that with a grain of

437

00:17:59,750 --> 00:17:58,080

salt I don't know if they've been ran

438

00:18:01,430 --> 00:17:59,760

into this at all or if there was any

439

00:18:02,990 --> 00:18:01,440

kind of indication that there'd been

440

00:18:05,390 --> 00:18:03,000

communication between

441

00:18:07,070 --> 00:18:05,400

uh the Pentagon or the defense

442

00:18:08,930 --> 00:18:07,080

department United States with our

443

00:18:11,450 --> 00:18:08,940

defense department we have no idea if

444

00:18:13,310 --> 00:18:11,460

that actually happened however down the

445

00:18:15,110 --> 00:18:13,320

road we found out that a previous

446

00:18:18,529 --> 00:18:15,120

defense minister

447

00:18:21,950 --> 00:18:18,539

um he was in fact briefed

448

00:18:23,930 --> 00:18:21,960

about three to four weeks before the

449

00:18:27,169 --> 00:18:23,940

Director of National Intelligence report

450

00:18:29,570 --> 00:18:27,179

came out from Avril um Avril Haynes in

451

00:18:30,830 --> 00:18:29,580

the United States so he did receive a

452

00:18:33,890 --> 00:18:30,840

briefing and this is something that

453

00:18:35,990 --> 00:18:33,900

Daniel Otis found out about uh and and

454

00:18:37,909 --> 00:18:36,000

he published he published an article on

455

00:18:39,890 --> 00:18:37,919

it in fact that the defense our defense

456

00:18:41,390 --> 00:18:39,900

minister was in fact

457

00:18:42,950 --> 00:18:41,400

um you know briefed on this issue which

458

00:18:45,950 --> 00:18:42,960

didn't come full circle to these other

459

00:18:48,950 --> 00:18:45,960

committees that the lyric Larry McGuire

460

00:18:52,130 --> 00:18:48,960

was part of so it so what happened after

461

00:18:55,370 --> 00:18:52,140

that is uh that not only Larry McGuire

462

00:18:58,810 --> 00:18:55,380

but three other members of parliament uh

463

00:19:02,450 --> 00:18:58,820

a young lady named Rachel denkow

464

00:19:04,850 --> 00:19:02,460

d-a-n-c-h-o and also Matthew Green from

465

00:19:07,310 --> 00:19:04,860

Hamilton Ontario and another

466

00:19:10,190 --> 00:19:07,320

um MP who was a defense critic at the

467

00:19:12,710 --> 00:19:10,200

time uh her name was Carrie Lynn Finley

468

00:19:14,150 --> 00:19:12,720

these four MPS got wind of all of this

469

00:19:17,630 --> 00:19:14,160

stuff and they started asking questions

470

00:19:21,350 --> 00:19:17,640

too but in in committee and Daniel

471

00:19:23,870 --> 00:19:21,360

covered all of this okay so it's it's

472

00:19:25,370 --> 00:19:23,880

kind of pointing towards this whole

473

00:19:28,010 --> 00:19:25,380

business of well we've got these four

474

00:19:30,950 --> 00:19:28,020

MPS uh chomping at the bit asking

475

00:19:33,190 --> 00:19:30,960

ministers questions so what what I think

476
00:19:37,610 --> 00:19:33,200
happened after that as Daniel reported

477
00:19:40,190 --> 00:19:37,620
on CTV both online uh and and some

478
00:19:43,490 --> 00:19:40,200
videos that he put out um with Larry

479
00:19:45,710 --> 00:19:43,500
McGuire that um

480
00:19:48,890 --> 00:19:45,720
the administrative transport for some

481
00:19:51,169 --> 00:19:48,900
reason not them of Defense not yet we're

482
00:19:53,450 --> 00:19:51,179
not there yet the minister of transport

483
00:19:55,730 --> 00:19:53,460
and as I mentioned earlier about the

484
00:19:57,650 --> 00:19:55,740
library and archive Canada the minister

485
00:20:00,169 --> 00:19:57,660
of the Ministry of Transport Department

486
00:20:03,350 --> 00:20:00,179
transport had a huge involvement so they

487
00:20:06,110 --> 00:20:03,360
they have a hill a large number of files

488
00:20:07,909 --> 00:20:06,120

so I suppose somebody got to the

489

00:20:10,310 --> 00:20:07,919

Ministry of Transport the fellas that

490

00:20:11,750 --> 00:20:10,320

you mentioned and said okay uh these

491

00:20:14,270 --> 00:20:11,760

these four pieces have got some

492

00:20:16,070 --> 00:20:14,280

information that we haven't been briefed

493

00:20:17,990 --> 00:20:16,080

on yet or at least publicly not

494

00:20:20,330 --> 00:20:18,000

acknowledging that we've been briefed uh

495

00:20:21,890 --> 00:20:20,340

yet and we'd better prepare ourselves

496

00:20:24,650 --> 00:20:21,900

for questions on the floor in during

497

00:20:27,590 --> 00:20:24,660

question period and our Parliament is

498

00:20:29,750 --> 00:20:27,600

run the same as the British model it's

499

00:20:31,370 --> 00:20:29,760

the whole idea of question period and a

500

00:20:32,990 --> 00:20:31,380

minister will stand up and receive

501
00:20:35,570 --> 00:20:33,000
questions from the opposition

502
00:20:37,010 --> 00:20:35,580
etc etc so I think what they did was

503
00:20:39,890 --> 00:20:37,020
well we'd better get our act together

504
00:20:41,510 --> 00:20:39,900
and find out how we can put up a

505
00:20:44,770 --> 00:20:41,520
document the one you just you know put

506
00:20:50,330 --> 00:20:44,780
up there now in sort of and in advance

507
00:20:52,610 --> 00:20:50,340
or at least trying to preclude some

508
00:20:55,730 --> 00:20:52,620
answers to some of the questions that

509
00:20:57,950 --> 00:20:55,740
these MPS might ask as far as I know and

510
00:21:01,310 --> 00:20:57,960
as far as Daniel Otis knows none of

511
00:21:03,230 --> 00:21:01,320
these individuals have yet stood at in

512
00:21:05,270 --> 00:21:03,240
question period and erased any of these

513
00:21:07,250 --> 00:21:05,280

issues in Parliament yet they've raised

514

00:21:09,890 --> 00:21:07,260

them in committee

515

00:21:11,510 --> 00:21:09,900

but not uh but not in in on the floor of

516

00:21:14,150 --> 00:21:11,520

the House of Commons and that's really

517

00:21:15,650 --> 00:21:14,160

significant because the the minister the

518

00:21:18,230 --> 00:21:15,660

minister of transfer in an attempt to

519

00:21:21,350 --> 00:21:18,240

kind of short circuit or at least

520

00:21:24,230 --> 00:21:21,360

preempt or or get prepared for these

521

00:21:26,390 --> 00:21:24,240

questions put in into a codification as

522

00:21:29,450 --> 00:21:26,400

that document shows some of the answers

523

00:21:31,250 --> 00:21:29,460

that he thinks they might ask wishes for

524

00:21:32,990 --> 00:21:31,260

and I've read it and they're so far off

525

00:21:35,930 --> 00:21:33,000

base that uh

526

00:21:40,250 --> 00:21:35,940

um it's it's really clear that these

527

00:21:42,529 --> 00:21:40,260

these supposed answers Vinnie are how

528

00:21:44,930 --> 00:21:42,539

can I put this delicately

529

00:21:47,690 --> 00:21:44,940

um either a cover for the stuff that

530

00:21:50,450 --> 00:21:47,700

they think that that they may know okay

531

00:21:52,370 --> 00:21:50,460

or stuff that they do in fact know or

532

00:21:54,230 --> 00:21:52,380

trying to preempt some of the new stuff

533

00:21:56,870 --> 00:21:54,240

that these four members of parliament

534

00:21:58,850 --> 00:21:56,880

have and I did from me reading that

535

00:22:00,230 --> 00:21:58,860

document that you just put up the

536

00:22:02,390 --> 00:22:00,240

minister of transport and his whole

537

00:22:04,190 --> 00:22:02,400

staff as far as I'm concerned have no

538

00:22:06,529 --> 00:22:04,200

idea what's going on they're they're

539

00:22:08,390 --> 00:22:06,539

just guessing they're just yes it does

540

00:22:10,610 --> 00:22:08,400

seem like that boilerplate responses

541

00:22:12,169 --> 00:22:10,620

exactly exactly it was just cute let's

542

00:22:14,630 --> 00:22:12,179

throw this out and see if they asked

543

00:22:16,850 --> 00:22:14,640

that yeah so what I what I did is I I I

544

00:22:20,210 --> 00:22:16,860

emailed

545

00:22:22,430 --> 00:22:20,220

um Daniel and the and Larry McGuire

546

00:22:24,110 --> 00:22:22,440

um his office uh some questions that

547

00:22:26,149 --> 00:22:24,120

they might ask that could that went

548

00:22:27,470 --> 00:22:26,159

around they cut through some of the

549

00:22:29,930 --> 00:22:27,480

stuff that the Minnesota transport

550

00:22:31,190 --> 00:22:29,940

actually uh was trying to say that you

551
00:22:33,169 --> 00:22:31,200
know you got to be careful here guys

552
00:22:34,970 --> 00:22:33,179
because uh it's quite clear that they're

553
00:22:37,730 --> 00:22:34,980
either Faking It by putting up this like

554
00:22:38,570 --> 00:22:37,740
you say boilerplate information or

555
00:22:42,529 --> 00:22:38,580
um

556
00:22:44,270 --> 00:22:42,539
or or they they uh or they're as

557
00:22:46,970 --> 00:22:44,280
ignorant as these questions indicate

558
00:22:49,490 --> 00:22:46,980
that they really in fact are you know so

559
00:22:51,590 --> 00:22:49,500
it's a it's a real um

560
00:22:53,870 --> 00:22:51,600
that's not convoluted really but it

561
00:22:55,850 --> 00:22:53,880
really shows you the links to which some

562
00:22:56,990 --> 00:22:55,860
of these MPS want to go to really get

563
00:23:00,049 --> 00:22:57,000

the answers to some of these questions

564

00:23:02,210 --> 00:23:00,059

about this whole phenomenon and uh it's

565

00:23:03,950 --> 00:23:02,220

it's quite interesting absolutely I mean

566

00:23:05,270 --> 00:23:03,960

Larry McGuire was asking questions I've

567

00:23:06,890 --> 00:23:05,280

got this document here where he was

568

00:23:10,490 --> 00:23:06,900

asking questions in September towards

569

00:23:12,590 --> 00:23:10,500

the end so you know he's got

570

00:23:14,330 --> 00:23:12,600

of our Embassy staff receiving briefings

571

00:23:16,730 --> 00:23:14,340

from Jay Stratton former head of the UAB

572

00:23:19,250 --> 00:23:16,740

task force on dates relating to the

573

00:23:21,590 --> 00:23:19,260

Canadian Air Force briefings

574

00:23:24,409 --> 00:23:21,600

um with the UAP task force as well so

575

00:23:27,470 --> 00:23:24,419

these I think they gave 45 days to

576

00:23:29,570 --> 00:23:27,480

respond which we can't be far off that

577

00:23:31,669 --> 00:23:29,580

now so it's going to be interesting to

578

00:23:34,190 --> 00:23:31,679

see what comes from from that as well

579

00:23:35,390 --> 00:23:34,200

but then I noticed also that um there's

580

00:23:37,070 --> 00:23:35,400

a couple of other people that you didn't

581

00:23:39,169 --> 00:23:37,080

mention because conservative party

582

00:23:40,850 --> 00:23:39,179

Deputy leader and transportation critic

583

00:23:42,710 --> 00:23:40,860

Melissa lanceman

584

00:23:44,210 --> 00:23:42,720

she put out a statement saying we

585

00:23:46,190 --> 00:23:44,220

believe the government should adopt a

586

00:23:48,110 --> 00:23:46,200

streamlined whole of government approach

587

00:23:49,970 --> 00:23:48,120

to standardize the collection of reports

588

00:23:52,090 --> 00:23:49,980

across numerous departments and

589

00:23:54,890 --> 00:23:52,100

contractors which I found quite positive

590

00:23:58,549 --> 00:23:54,900

yeah yeah that's interesting that that

591

00:24:01,490 --> 00:23:58,559

you would do that and and I I suppose it

592

00:24:03,830 --> 00:24:01,500

it really is kind of um it really

593

00:24:06,049 --> 00:24:03,840

demonstrates the the mindset of the

594

00:24:08,029 --> 00:24:06,059

government when they use the word

595

00:24:11,750 --> 00:24:08,039

standardization

596

00:24:14,990 --> 00:24:11,760

and uh I I've I got that word

597

00:24:17,570 --> 00:24:15,000

um from Peter McKay a former Minister of

598

00:24:19,310 --> 00:24:17,580

Defense uh conservative Member of

599

00:24:22,430 --> 00:24:19,320

Parliament and he was a minister of

600

00:24:26,270 --> 00:24:22,440

defense at the time and I challenged him

601
00:24:29,270 --> 00:24:26,280
through many several emails uh about the

602
00:24:31,430 --> 00:24:29,280
the NORAD documents that I had right um

603
00:24:33,710 --> 00:24:31,440
and these NORAD documents indicated that

604
00:24:35,149 --> 00:24:33,720
uh out of Comox Air Force Base in

605
00:24:39,169 --> 00:24:35,159
Vancouver

606
00:24:42,289 --> 00:24:39,179
um two CFA teams chased three UFOs or

607
00:24:45,169 --> 00:24:42,299
targets of Interest as they use them uh

608
00:24:48,470 --> 00:24:45,179
across Canada at speeds uh incredible

609
00:24:50,230 --> 00:24:48,480
speeds that outpace these cf-18s and uh

610
00:24:53,029 --> 00:24:50,240
but they eventually caught up with with

611
00:24:55,909 --> 00:24:53,039
one of them somehow I don't know how it

612
00:24:58,870 --> 00:24:55,919
happened but the pilot did right after a

613
00:25:03,890 --> 00:24:58,880

medical evacuation jet saw these things

614

00:25:06,649 --> 00:25:03,900

out of um out of Alaska right and um

615

00:25:08,690 --> 00:25:06,659

they they the pilot saw this thing but

616

00:25:12,409 --> 00:25:08,700

couldn't catch up to it and I got the

617

00:25:14,750 --> 00:25:12,419

entire six pages of the NORAD pilot 8

618

00:25:17,810 --> 00:25:14,760

Air Traffic Control report line by line

619

00:25:20,750 --> 00:25:17,820

where the Jets were literally second by

620

00:25:24,230 --> 00:25:20,760

second and eventually at 35 000 feet the

621

00:25:26,269 --> 00:25:24,240

the cf-18 pilot indicates contact made

622

00:25:28,490 --> 00:25:26,279

at 35 000 feet

623

00:25:30,950 --> 00:25:28,500

and I challenge the minister as a

624

00:25:32,930 --> 00:25:30,960

minister I want to find out hey do you

625

00:25:35,210 --> 00:25:32,940

know about this document B what does it

626
00:25:36,950 --> 00:25:35,220
mean how often are just scrambled to do

627
00:25:39,710 --> 00:25:36,960
this and

628
00:25:41,990 --> 00:25:39,720
um he wrote me back a letter a very you

629
00:25:44,390 --> 00:25:42,000
know very lengthy letter indicating and

630
00:25:46,490 --> 00:25:44,400
he used the word standardization in

631
00:25:48,430 --> 00:25:46,500
order to pursue or maintain

632
00:25:52,130 --> 00:25:48,440
standardization here are the following

633
00:25:53,930 --> 00:25:52,140
findings of whatever and they use that

634
00:25:57,710 --> 00:25:53,940
word as a

635
00:26:00,950 --> 00:25:57,720
I guess uh a cleansing mechanism if I

636
00:26:02,330 --> 00:26:00,960
could put it you know to say well you

637
00:26:04,970 --> 00:26:02,340
know um we really don't have anything

638
00:26:07,549 --> 00:26:04,980

solid but uh we want to standardize our

639

00:26:08,930 --> 00:26:07,559

response so that it doesn't put us in a

640

00:26:11,269 --> 00:26:08,940

position we have to put our foot in the

641

00:26:14,269 --> 00:26:11,279

mouth okay yeah so at the end of the

642

00:26:16,669 --> 00:26:14,279

very document we have no he said we I we

643

00:26:18,649 --> 00:26:16,679

cannot I cannot find any documents about

644

00:26:20,450 --> 00:26:18,659

this incident okay that's the first

645

00:26:22,390 --> 00:26:20,460

thing that he said

646

00:26:26,090 --> 00:26:22,400

um and this is a minister of defense

647

00:26:27,950 --> 00:26:26,100

saying to me a civilian and that they

648

00:26:29,510 --> 00:26:27,960

found this Air Traffic Control directly

649

00:26:31,430 --> 00:26:29,520

from NORAD

650

00:26:35,210 --> 00:26:31,440

um that that he didn't know about this

651
00:26:37,490 --> 00:26:35,220
this document a and then B he said um

652
00:26:39,049 --> 00:26:37,500
you know these jets are you know we we

653
00:26:40,669 --> 00:26:39,059
don't know how many are scrambled we

654
00:26:42,950 --> 00:26:40,679
have no records of them being scrambled

655
00:26:45,350 --> 00:26:42,960
at all but it could have been

656
00:26:48,470 --> 00:26:45,360
um you know a small craft without a

657
00:26:50,810 --> 00:26:48,480
transponder okay and and being a former

658
00:26:52,610 --> 00:26:50,820
pilot myself I know a small craft with

659
00:26:55,549 --> 00:26:52,620
other trans you know without a

660
00:26:58,070 --> 00:26:55,559
transponder off on does not fly at 35

661
00:27:00,289 --> 00:26:58,080
000 feet yeah it can outpace the cf-18s

662
00:27:02,450 --> 00:27:00,299
exactly and then we'll get this this is

663
00:27:04,730 --> 00:27:02,460

that's that's nice and he said or it

664

00:27:08,090 --> 00:27:04,740

could have been a flock of birds oh God

665

00:27:10,970 --> 00:27:08,100

at 35 000 feet that fly faster than uh

666

00:27:13,310 --> 00:27:10,980

cf-18 so and I wrote them back and as

667

00:27:16,850 --> 00:27:13,320

politely as I could told him he was you

668

00:27:19,970 --> 00:27:16,860

know full of hot air and uh and his his

669

00:27:21,529 --> 00:27:19,980

um his uh I guess Associates in within

670

00:27:23,210 --> 00:27:21,539

his Department wrote me back you know

671

00:27:24,769 --> 00:27:23,220

all kinds of denials and things that

672

00:27:26,289 --> 00:27:24,779

that they that the thing is they

673

00:27:28,970 --> 00:27:26,299

couldn't find it and they try to

674

00:27:30,169 --> 00:27:28,980

standardize the response so that they

675

00:27:31,610 --> 00:27:30,179

say well let's just hope this guy

676
00:27:32,870 --> 00:27:31,620
doesn't pursue this you know that's the

677
00:27:34,610 --> 00:27:32,880
kind of thing that's the way they

678
00:27:37,010 --> 00:27:34,620
operate and I think that's what the

679
00:27:39,830 --> 00:27:37,020
minister of Transport right now is doing

680
00:27:43,250 --> 00:27:39,840
he's putting in place a pathway for them

681
00:27:44,630 --> 00:27:43,260
to be able to go both ways on this to go

682
00:27:47,570 --> 00:27:44,640
to the point where they're saying well

683
00:27:49,070 --> 00:27:47,580
it could be this it could be that and

684
00:27:50,750 --> 00:27:49,080
we're investigating it we could

685
00:27:53,029 --> 00:27:50,760
investigate it but there is going to be

686
00:27:54,470 --> 00:27:53,039
no mechanism for us actually putting

687
00:27:56,510 --> 00:27:54,480
something into place like they have in

688
00:27:57,830 --> 00:27:56,520

the United States with respect to what

689

00:27:59,450 --> 00:27:57,840

the Director of National Intelligence

690

00:28:02,330 --> 00:27:59,460

did or what the Pentagon did with their

691

00:28:04,669 --> 00:28:02,340

investigations so so far Canada is still

692

00:28:06,350 --> 00:28:04,679

with its mouth shut and the following

693

00:28:08,390 --> 00:28:06,360

the lead of of the United States and

694

00:28:09,890 --> 00:28:08,400

keeping this thing quiet and uh I want

695

00:28:11,870 --> 00:28:09,900

to open it so that's that's where we're

696

00:28:13,730 --> 00:28:11,880

at right now with that yeah but that's

697

00:28:15,289 --> 00:28:13,740

that's amazing I think it's an exciting

698

00:28:16,549 --> 00:28:15,299

time and yeah I'm not surprised that

699

00:28:18,409 --> 00:28:16,559

they're following in the U.S you know

700

00:28:20,630 --> 00:28:18,419

we've got this supposed

701
00:28:22,430 --> 00:28:20,640
report happening tomorrow for the

702
00:28:24,590 --> 00:28:22,440
unclassified version the the classified

703
00:28:27,169 --> 00:28:24,600
version May well be out there somewhere

704
00:28:29,990 --> 00:28:27,179
in the intelligence Community but

705
00:28:31,850 --> 00:28:30,000
any expectations any anything what do

706
00:28:35,029 --> 00:28:31,860
you think we're gonna I'm gonna see yeah

707
00:28:36,890 --> 00:28:35,039
I've been throwing around this for um a

708
00:28:39,890 --> 00:28:36,900
couple of couple of weeks now with just

709
00:28:41,870 --> 00:28:39,900
some people that uh uh that I know that

710
00:28:43,610 --> 00:28:41,880
I wouldn't say that they are in the know

711
00:28:44,870 --> 00:28:43,620
but a couple of people are indicating

712
00:28:47,149 --> 00:28:44,880
that

713
00:28:48,529 --> 00:28:47,159

um with each of these particular reports

714

00:28:50,510 --> 00:28:48,539

any uh

715

00:28:53,029 --> 00:28:50,520

it's interesting the way they've evolved

716

00:28:53,750 --> 00:28:53,039

they evolve in a way that

717

00:28:55,909 --> 00:28:53,760

um

718

00:28:57,649 --> 00:28:55,919

how can I put it there you're saying

719

00:28:59,149 --> 00:28:57,659

they're just giving away a little bit of

720

00:29:01,610 --> 00:28:59,159

sliver of information here a little

721

00:29:02,570 --> 00:29:01,620

sliver of information at there and you

722

00:29:04,610 --> 00:29:02,580

know pushing things forward

723

00:29:06,529 --> 00:29:04,620

significantly at some point and then

724

00:29:08,090 --> 00:29:06,539

backing off a little bit you can see

725

00:29:10,190 --> 00:29:08,100

whether where the these reports are

726

00:29:13,909 --> 00:29:10,200

coming from and the first report that

727

00:29:16,970 --> 00:29:13,919

April Haynes put out of the how many was

728

00:29:19,549 --> 00:29:16,980

it it was 144 UF you know that's right

729

00:29:21,230 --> 00:29:19,559

yeah reports or whatever and they they

730

00:29:22,490 --> 00:29:21,240

explained most of them but not all of

731

00:29:24,110 --> 00:29:22,500

them you know two or three of them

732

00:29:26,750 --> 00:29:24,120

remained unknown

733

00:29:29,210 --> 00:29:26,760

um as back as 2004.

734

00:29:32,029 --> 00:29:29,220

and as soon as I read that and everybody

735

00:29:34,970 --> 00:29:32,039

within the UFO research Community said

736

00:29:38,510 --> 00:29:34,980

you know since 2004 you've had this many

737

00:29:40,669 --> 00:29:38,520

UFO reports or whatever UAP reports

738

00:29:42,230 --> 00:29:40,679

would have hoped the previous 60 years

739

00:29:44,930 --> 00:29:42,240

you know

740

00:29:47,450 --> 00:29:44,940

so if they're only going back to 2004 to

741

00:29:48,649 --> 00:29:47,460

report on that small pinhole of

742

00:29:51,289 --> 00:29:48,659

information

743

00:29:53,210 --> 00:29:51,299

I I'm not really hopeful that they're

744

00:29:54,649 --> 00:29:53,220

going to open the pinhole up that much

745

00:29:58,490 --> 00:29:54,659

more

746

00:30:00,769 --> 00:29:58,500

um they what they might do is and this

747

00:30:02,149 --> 00:30:00,779

is my just I'm guessing now and the way

748

00:30:03,049 --> 00:30:02,159

they talk about

749

00:30:05,750 --> 00:30:03,059

um

750

00:30:07,930 --> 00:30:05,760

you know is it foreign adversaries is it

751

00:30:10,190 --> 00:30:07,940

uh you know uh

752

00:30:14,510 --> 00:30:10,200

weapons that that we're not aware of

753

00:30:17,029 --> 00:30:14,520

within the the the US uh uh military all

754

00:30:19,430 --> 00:30:17,039

those kinds of possibilities and then

755

00:30:21,950 --> 00:30:19,440

there's always that other

756

00:30:23,930 --> 00:30:21,960

which is the the the the ET question

757

00:30:26,029 --> 00:30:23,940

they're they're frightened to death

758

00:30:29,029 --> 00:30:26,039

they're absolutely frightened to death

759

00:30:31,970 --> 00:30:29,039

they use the E.T word they they're not

760

00:30:34,190 --> 00:30:31,980

use it and as soon as they do any

761

00:30:35,750 --> 00:30:34,200

um they're going to open a can of worms

762

00:30:37,310 --> 00:30:35,760

that's going to crawl all over

763

00:30:39,830 --> 00:30:37,320

everything that they've ever written I

764

00:30:43,130 --> 00:30:39,840

mean it's gonna just it will it will

765

00:30:45,230 --> 00:30:43,140

undo 75 years of secrecy if they use the

766

00:30:47,389 --> 00:30:45,240

ET word or off-world civilizations or

767

00:30:49,970 --> 00:30:47,399

whatever whatever moniker they give they

768

00:30:52,549 --> 00:30:49,980

might even come up with another term uh

769

00:30:54,350 --> 00:30:52,559

uh that we haven't heard of before so

770

00:30:56,690 --> 00:30:54,360

that's what I think we just might see

771

00:30:59,029 --> 00:30:56,700

they're going to inch closer to saying

772

00:31:00,529 --> 00:30:59,039

we really don't know what this stuff is

773

00:31:01,610 --> 00:31:00,539

and we can't make any definitive

774

00:31:03,470 --> 00:31:01,620

statement on it but we're going to

775

00:31:05,630 --> 00:31:03,480

investigate further and I think myself

776

00:31:06,769 --> 00:31:05,640

that's that's where I think of myself

777

00:31:09,350 --> 00:31:06,779

that's where they're going with this

778

00:31:11,570 --> 00:31:09,360

with this next next report I I don't I

779

00:31:15,649 --> 00:31:11,580

don't anticipate it to be a barnstorming

780

00:31:16,970 --> 00:31:15,659

uh kind of uh wow a big event I really I

781

00:31:20,029 --> 00:31:16,980

really don't

782

00:31:22,070 --> 00:31:20,039

um it's time may come but I don't think

783

00:31:24,409 --> 00:31:22,080

it's going to come uh this quickly and

784

00:31:26,330 --> 00:31:24,419

the other thing here too is

785

00:31:28,430 --> 00:31:26,340

um that the your viewers in the UK

786

00:31:30,710 --> 00:31:28,440

should and everybody else it's in the

787

00:31:32,690 --> 00:31:30,720

middle of or at least three or four days

788

00:31:35,090 --> 00:31:32,700

maybe a week or so before the midterm

789

00:31:38,090 --> 00:31:35,100

election of the United States sure and

790

00:31:38,690 --> 00:31:38,100

that's got a factor into

791

00:31:40,610 --> 00:31:38,700

um

792

00:31:42,710 --> 00:31:40,620

how and why

793

00:31:45,110 --> 00:31:42,720

they will or will not release anything

794

00:31:47,090 --> 00:31:45,120

of any significance because if they do

795

00:31:49,850 --> 00:31:47,100

come out with something of extraordinary

796

00:31:52,610 --> 00:31:49,860

significance the president was going to

797

00:31:54,049 --> 00:31:52,620

have to comment on if it's extraordinary

798

00:31:56,389 --> 00:31:54,059

and if they use the e-word or something

799

00:31:58,789 --> 00:31:56,399

that that alludes to it the president

800

00:32:01,490 --> 00:31:58,799

will have to comment on it

801
00:32:03,710 --> 00:32:01,500
um and it's that close to the midterm

802
00:32:05,389 --> 00:32:03,720
elections I just don't think that the

803
00:32:08,269 --> 00:32:05,399
intelligence agencies in the United

804
00:32:09,889 --> 00:32:08,279
States are willing to do something like

805
00:32:11,510 --> 00:32:09,899
that at this particular point in time

806
00:32:13,610 --> 00:32:11,520
they may do it towards the end of the

807
00:32:14,930 --> 00:32:13,620
year or in January but I think it's

808
00:32:17,690 --> 00:32:14,940
going to be just another

809
00:32:20,990 --> 00:32:17,700
um you know in Canada we play a lot of

810
00:32:22,750 --> 00:32:21,000
hockey okay yeah sure when a hockey team

811
00:32:25,190 --> 00:32:22,760
doesn't know what to do with the puck

812
00:32:26,570 --> 00:32:25,200
rather than advancing the puck they kick

813
00:32:27,950 --> 00:32:26,580

it back and they sort of skate around

814

00:32:30,289 --> 00:32:27,960

their own Zone and maintain control

815

00:32:32,210 --> 00:32:30,299

right and to wait for an opening or an

816

00:32:35,029 --> 00:32:32,220

opportunity we call that we call that

817

00:32:36,830 --> 00:32:35,039

ragging the puck okay okay and so that's

818

00:32:38,450 --> 00:32:36,840

what I think that's what I think the

819

00:32:39,350 --> 00:32:38,460

United States intelligence agency is

820

00:32:42,529 --> 00:32:39,360

going to do they're going to rag the

821

00:32:44,210 --> 00:32:42,539

puck and and at no time will their hands

822

00:32:47,510 --> 00:32:44,220

leave their wrist and they'll just you

823

00:32:49,430 --> 00:32:47,520

know maintain that level of of obscurity

824

00:32:51,889 --> 00:32:49,440

that they've maintained for the last I

825

00:32:53,210 --> 00:32:51,899

guess since 2017 when the Pentagon came

826

00:32:56,029 --> 00:32:53,220

out with all the things that that

827

00:32:57,590 --> 00:32:56,039

happened in the New York Times report so

828

00:33:00,769 --> 00:32:57,600

um they're still trying to fill that

829

00:33:03,470 --> 00:33:00,779

hole that uh Blumenthal and and and uh

830

00:33:06,649 --> 00:33:03,480

Leslie Kane and Helena Cooper opened up

831

00:33:10,070 --> 00:33:06,659

way back in 2017. they wish that didn't

832

00:33:11,750 --> 00:33:10,080

happen but it did and uh if they're just

833

00:33:13,310 --> 00:33:11,760

they're just they're skating they're on

834

00:33:15,350 --> 00:33:13,320

they're on thin ice to to provide

835

00:33:17,389 --> 00:33:15,360

something substantial

836

00:33:19,789 --> 00:33:17,399

um and I think the the big question is

837

00:33:21,529 --> 00:33:19,799

will they or will they not allude to

838

00:33:23,810 --> 00:33:21,539

what that other faction that other

839

00:33:25,909 --> 00:33:23,820

Factor might be as to where these things

840

00:33:28,310 --> 00:33:25,919

are coming from because they can't they

841

00:33:30,169 --> 00:33:28,320

cannot in all honesty indicate that

842

00:33:31,970 --> 00:33:30,179

these things with the propulsion system

843

00:33:34,250 --> 00:33:31,980

that they're demonstrating in every

844

00:33:36,110 --> 00:33:34,260

single credible video credible video you

845

00:33:38,690 --> 00:33:36,120

got to look at that too especially from

846

00:33:40,730 --> 00:33:38,700

the Navy uh the Navy Pilots all of those

847

00:33:44,450 --> 00:33:40,740

things are indicating that these things

848

00:33:47,210 --> 00:33:44,460

and use flight characteristics uh

849

00:33:49,490 --> 00:33:47,220

employing energy sources that have never

850

00:33:50,990 --> 00:33:49,500

been replicated or cannot be replicated

851
00:33:52,669 --> 00:33:51,000
here on the planet and they've got to

852
00:33:55,549 --> 00:33:52,679
explain that too and that's the other

853
00:33:58,009 --> 00:33:55,559
big question Vinnie if in fact the

854
00:33:59,810 --> 00:33:58,019
United States intelligence agency comes

855
00:34:02,149 --> 00:33:59,820
out with any kind of statement talking

856
00:34:04,610 --> 00:34:02,159
about these propulsion systems either

857
00:34:06,470 --> 00:34:04,620
anti-gravidic or whatever that might be

858
00:34:09,530 --> 00:34:06,480
whatever that Source might be Zero Point

859
00:34:11,450 --> 00:34:09,540
Energy or who knows what it is if they

860
00:34:14,270 --> 00:34:11,460
make a statement about the energy source

861
00:34:17,149 --> 00:34:14,280
being first of all Arcane to a point

862
00:34:20,089 --> 00:34:17,159
where we have no idea what its source is

863
00:34:22,550 --> 00:34:20,099

and B that if we were to begin

864

00:34:25,609 --> 00:34:22,560

experimenting or at least

865

00:34:28,849 --> 00:34:25,619

um you start to look at these energy

866

00:34:31,369 --> 00:34:28,859

sources that it would in fact create

867

00:34:33,770 --> 00:34:31,379

another big hole in the oil Industries

868

00:34:35,990 --> 00:34:33,780

the profits okay and they don't want to

869

00:34:37,250 --> 00:34:36,000

do that either that so the energy issues

870

00:34:39,889 --> 00:34:37,260

as far as I'm concerned that's the

871

00:34:41,329 --> 00:34:39,899

critical mass of this whole thing uh the

872

00:34:43,609 --> 00:34:41,339

second critical mass the first critical

873

00:34:45,649 --> 00:34:43,619

mass is the off-world origins and the

874

00:34:48,649 --> 00:34:45,659

second critical mass is the energy issue

875

00:34:49,490 --> 00:34:48,659

and either one of those two comes out uh

876

00:34:51,589 --> 00:34:49,500

the United States government

877

00:34:53,629 --> 00:34:51,599

intelligencies have a have a lot of

878

00:34:56,450 --> 00:34:53,639

explaining to do because this energy

879

00:34:58,609 --> 00:34:56,460

source could be the factor that might be

880

00:35:00,609 --> 00:34:58,619

alluded to in this report especially

881

00:35:04,250 --> 00:35:00,619

with some of the pilots have seen

882

00:35:06,950 --> 00:35:04,260

50 feet over the over the ocean to 85

883

00:35:09,230 --> 00:35:06,960

000 feet less than a second sure yeah no

884

00:35:10,609 --> 00:35:09,240

absolutely it's a pretty big slingshot

885

00:35:12,410 --> 00:35:10,619

yeah and I think it's always good to

886

00:35:14,089 --> 00:35:12,420

temper expectations with these reports

887

00:35:17,210 --> 00:35:14,099

as well because you know it's it's it's

888

00:35:18,530 --> 00:35:17,220

too easy to get over excited and you

889

00:35:21,050 --> 00:35:18,540

know over the last few years we've seen

890

00:35:23,870 --> 00:35:21,060

the UAP task force transform into aoi

891

00:35:25,490 --> 00:35:23,880

MSG and transferring into

892

00:35:27,650 --> 00:35:25,500

um the old domain anomaly resolution

893

00:35:29,630 --> 00:35:27,660

office and these they can't have enough

894

00:35:31,730 --> 00:35:29,640

time to collect information across

895

00:35:33,770 --> 00:35:31,740

multiple agencies and actually work with

896

00:35:36,050 --> 00:35:33,780

it and I think the focus at the moment

897

00:35:37,490 --> 00:35:36,060

should be more on the National Defense

898

00:35:40,190 --> 00:35:37,500

authorization act the intelligence

899

00:35:42,770 --> 00:35:40,200

authorization act for fiscal year 23

900

00:35:46,069 --> 00:35:42,780

when they are asking for information

901
00:35:49,190 --> 00:35:46,079
dating back to 1947 we can finally start

902
00:35:50,589 --> 00:35:49,200
digging whether the data is so maybe

903
00:35:52,790 --> 00:35:50,599
next year

904
00:35:54,470 --> 00:35:52,800
that's the whole you raise a good point

905
00:35:57,109 --> 00:35:54,480
because it's like you know you mentioned

906
00:35:58,670 --> 00:35:57,119
all the agencies that that are becoming

907
00:36:02,150 --> 00:35:58,680
involved in this or they will be coming

908
00:36:03,650 --> 00:36:02,160
it's like a shell game and it's uh you

909
00:36:05,329 --> 00:36:03,660
know we're all sort of watching what's

910
00:36:06,890 --> 00:36:05,339
coming Network there's this over here

911
00:36:10,370 --> 00:36:06,900
and then there's just here and it's I

912
00:36:13,190 --> 00:36:10,380
think it's all part of um sort of a back

913
00:36:15,710 --> 00:36:13,200

room activity by the people who really

914

00:36:17,270 --> 00:36:15,720

know what's going on in Santa Cruz okay

915

00:36:19,069 --> 00:36:17,280

let's just throw them this bone this

916

00:36:20,630 --> 00:36:19,079

time and let them chew on that for a

917

00:36:22,190 --> 00:36:20,640

couple of months and then wait for their

918

00:36:24,829 --> 00:36:22,200

The Fallout to happen and we'll throw

919

00:36:28,069 --> 00:36:24,839

another bone this time and uh you know

920

00:36:29,810 --> 00:36:28,079

it seems like it's almost a procedural

921

00:36:32,030 --> 00:36:29,820

kind of thing that they're they're doing

922

00:36:34,310 --> 00:36:32,040

these people are pretty smart you know

923

00:36:35,990 --> 00:36:34,320

they they know how to keep a secret and

924

00:36:37,670 --> 00:36:36,000

they not only know how to keep a secret

925

00:36:40,310 --> 00:36:37,680

they know how to manage it they know how

926
00:36:43,190 --> 00:36:40,320
to orchestrate it so that not too much

927
00:36:45,290 --> 00:36:43,200
is given but eventually uh and I'm

928
00:36:46,910 --> 00:36:45,300
saying this for so long eventually

929
00:36:48,890 --> 00:36:46,920
they've got to come clean and if you

930
00:36:52,609 --> 00:36:48,900
look at how things have evolved since

931
00:36:54,290 --> 00:36:52,619
2017 when the Pentagon did all that

932
00:36:58,010 --> 00:36:54,300
releasing in the United States Navy did

933
00:37:00,530 --> 00:36:58,020
uh the the stuff that happened from 2017

934
00:37:03,470 --> 00:37:00,540
on to today it's more dense than

935
00:37:06,349 --> 00:37:03,480
anything that happened uh the previous

936
00:37:08,510 --> 00:37:06,359
60 years so that to me the density of

937
00:37:10,569 --> 00:37:08,520
the information and the activity and the

938
00:37:13,310 --> 00:37:10,579

quality of the information is so good

939

00:37:16,430 --> 00:37:13,320

that I think that we're at a point now

940

00:37:19,010 --> 00:37:16,440

where the string is almost run out and I

941

00:37:21,170 --> 00:37:19,020

I feel that they're eventually going to

942

00:37:22,609 --> 00:37:21,180

be reach a point if any where they just

943

00:37:25,849 --> 00:37:22,619

don't have any other place to go and say

944

00:37:28,370 --> 00:37:25,859

okay sorry yeah we've lied to you for

945

00:37:30,589 --> 00:37:28,380

the best anyway here you go I I don't

946

00:37:32,210 --> 00:37:30,599

see it you know how much longer can it

947

00:37:34,670 --> 00:37:32,220

go on how much longer can they

948

00:37:36,829 --> 00:37:34,680

completely ignore the fact that that

949

00:37:38,870 --> 00:37:36,839

they a don't know what these things are

950

00:37:40,370 --> 00:37:38,880

or B that they do in fact know right

951
00:37:42,290 --> 00:37:40,380
what they are and maybe not where

952
00:37:44,210 --> 00:37:42,300
they're from but they're not from here

953
00:37:45,770 --> 00:37:44,220
that's the key question if we yeah if we

954
00:37:47,750 --> 00:37:45,780
nail down that if we nail down that

955
00:37:50,450 --> 00:37:47,760
question that they're not from here then

956
00:37:51,589 --> 00:37:50,460
it's it's an open ball game yeah and I

957
00:37:53,510 --> 00:37:51,599
mean I've heard recently that there's

958
00:37:55,310 --> 00:37:53,520
internal battles within the Pentagon

959
00:37:58,069 --> 00:37:55,320
itself between them members of the

960
00:37:59,450 --> 00:37:58,079
intelligence community so it's just it

961
00:38:01,310 --> 00:37:59,460
seems like there's a mess there's people

962
00:38:02,870 --> 00:38:01,320
pushing back and then this week we saw

963
00:38:05,089 --> 00:38:02,880

the New York Times article from Julian

964

00:38:07,130 --> 00:38:05,099

Barnes yeah where you know with

965

00:38:09,530 --> 00:38:07,140

statements from Susan Goff and a few

966

00:38:10,970 --> 00:38:09,540

other Anonymous sources now I don't have

967

00:38:13,010 --> 00:38:10,980

a problem with Anonymous sources but

968

00:38:14,690 --> 00:38:13,020

when you you've got to be very careful

969

00:38:16,970 --> 00:38:14,700

and if Susan goff's leading the charge

970

00:38:18,290 --> 00:38:16,980

in this article with with the the kind

971

00:38:20,390 --> 00:38:18,300

of history that she has with the

972

00:38:22,190 --> 00:38:20,400

statement she makes it just seems like

973

00:38:23,990 --> 00:38:22,200

the timing is convenient when we're on

974

00:38:26,470 --> 00:38:24,000

the kind of cusp of a report so what are

975

00:38:29,450 --> 00:38:26,480

your thoughts on that uh in terms of

976

00:38:30,710 --> 00:38:29,460

well every time we are about to receive

977

00:38:32,750 --> 00:38:30,720

something or feel like something's

978

00:38:34,849 --> 00:38:32,760

coming we get a bit of pushback from the

979

00:38:38,390 --> 00:38:34,859

Pentagon through usually through Susan

980

00:38:40,370 --> 00:38:38,400

Goff so well the thing about Susan Garth

981

00:38:43,010 --> 00:38:40,380

is she's put her foot in the mouth in

982

00:38:46,069 --> 00:38:43,020

her mouth several times okay first of

983

00:38:49,069 --> 00:38:46,079

all by saying that Luis Elizondo had no

984

00:38:52,030 --> 00:38:49,079

no position at the uh

985

00:38:55,310 --> 00:38:52,040

at the the the Pentagon atip program

986

00:38:58,310 --> 00:38:55,320

which is a ball-faced lie yeah and every

987

00:38:59,990 --> 00:38:58,320

and everybody knows it so when um when

988

00:39:03,650 --> 00:39:00,000

Luis Elizondo

989

00:39:05,630 --> 00:39:03,660

um uh asked Daniel Sheehan uh the

990

00:39:06,530 --> 00:39:05,640

Watergate layer lawyer Daniel Sheehan

991

00:39:09,950 --> 00:39:06,540

I'm sure you're familiar with Daniel

992

00:39:11,510 --> 00:39:09,960

absolutely to advocate for him uh they

993

00:39:14,089 --> 00:39:11,520

pressed the office of the Inspector

994

00:39:15,950 --> 00:39:14,099

General uh I met with them for several

995

00:39:18,349 --> 00:39:15,960

hours and saying listen uh this lady

996

00:39:20,630 --> 00:39:18,359

Susan goth is uttering absolute false

997

00:39:23,390 --> 00:39:20,640

statement statement so you better get on

998

00:39:25,310 --> 00:39:23,400

to this this lady and tell her to uh to

999

00:39:28,250 --> 00:39:25,320

get to get things right or we're gonna

1000

00:39:30,470 --> 00:39:28,260

we're gonna file a formal complaint and

1001

00:39:34,550 --> 00:39:30,480

then uh shortly after that uh the

1002

00:39:36,170 --> 00:39:34,560

director of the of the agency uh that um

1003

00:39:37,310 --> 00:39:36,180

Susan Goff works for I forget the

1004

00:39:40,370 --> 00:39:37,320

fellow's name

1005

00:39:41,690 --> 00:39:40,380

SCH something in any case uh he he came

1006

00:39:42,950 --> 00:39:41,700

out and said that you know Luis

1007

00:39:45,050 --> 00:39:42,960

Alexander was in fact part of the

1008

00:39:48,349 --> 00:39:45,060

program which left a whole lot of egg on

1009

00:39:50,329 --> 00:39:48,359

Susan and goth's face so as a result of

1010

00:39:52,130 --> 00:39:50,339

that anything that Susan Goff says at

1011

00:39:54,170 --> 00:39:52,140

this particular point in time is is

1012

00:39:56,690 --> 00:39:54,180

suspect is full of holes as far as I'm

1013

00:39:58,790 --> 00:39:56,700

concerned and a lot of other people so

1014

00:40:02,089 --> 00:39:58,800

um you know it's it's one thing to come

1015

00:40:03,890 --> 00:40:02,099

out and try to justify what might be

1016

00:40:07,069 --> 00:40:03,900

coming out and then something's totally

1017

00:40:09,530 --> 00:40:07,079

different comes out which is um I kind

1018

00:40:11,630 --> 00:40:09,540

of it's a game they play you they raise

1019

00:40:14,030 --> 00:40:11,640

your expectations or they they point you

1020

00:40:15,410 --> 00:40:14,040

in a certain way they say well this is

1021

00:40:17,270 --> 00:40:15,420

what you might want to and then bang

1022

00:40:19,370 --> 00:40:17,280

something else happens

1023

00:40:21,410 --> 00:40:19,380

and that's that seems to be the pattern

1024

00:40:23,750 --> 00:40:21,420

and then once the something else happens

1025

00:40:26,270 --> 00:40:23,760

then all the people start uh you know

1026
00:40:28,550 --> 00:40:26,280
denying or enhancing what is being said

1027
00:40:31,310 --> 00:40:28,560
and it's it seems like that that shell

1028
00:40:33,410 --> 00:40:31,320
game at that level is going on all the

1029
00:40:35,510 --> 00:40:33,420
time because I had a long conversation

1030
00:40:37,010 --> 00:40:35,520
with um Stephen Greer many many years

1031
00:40:39,710 --> 00:40:37,020
ago

1032
00:40:42,170 --> 00:40:39,720
and he indicated to me I have to call

1033
00:40:44,569 --> 00:40:42,180
Hellyer who who we were speaking with at

1034
00:40:46,550 --> 00:40:44,579
the time that there were factions within

1035
00:40:49,730 --> 00:40:46,560
this I'm talking now back

1036
00:40:52,250 --> 00:40:49,740
um in the early 2000s when we spoke with

1037
00:40:54,170 --> 00:40:52,260
with Paul and and with Stephen Greer he

1038
00:40:56,750 --> 00:40:54,180

was in Toronto at the time and he said

1039

00:41:00,170 --> 00:40:56,760

he said to both of us he said that

1040

00:41:01,910 --> 00:41:00,180

um within the Pentagon uh he his sources

1041

00:41:04,190 --> 00:41:01,920

were that there are factions within the

1042

00:41:06,530 --> 00:41:04,200

Pentagon that actually want this

1043

00:41:09,109 --> 00:41:06,540

information or part of it or some of it

1044

00:41:11,150 --> 00:41:09,119

or or the entirety of it there are

1045

00:41:13,069 --> 00:41:11,160

forces within that want this information

1046

00:41:15,050 --> 00:41:13,079

out and then there are factions within

1047

00:41:17,569 --> 00:41:15,060

the Pentagon that still want to keep

1048

00:41:19,310 --> 00:41:17,579

their finger on the secrecy so and he

1049

00:41:21,410 --> 00:41:19,320

described the two factors that the the

1050

00:41:23,990 --> 00:41:21,420

the factions that wanted secrecy whether

1051

00:41:25,790 --> 00:41:24,000

it was the old guard yeah and the the

1052

00:41:27,470 --> 00:41:25,800

factions that wanted to kind of open the

1053

00:41:28,730 --> 00:41:27,480

doors a little bit where the newer

1054

00:41:30,530 --> 00:41:28,740

people were coming in and taking

1055

00:41:32,089 --> 00:41:30,540

positions from some of the the old guard

1056

00:41:33,710 --> 00:41:32,099

that were retiring so you had these

1057

00:41:36,230 --> 00:41:33,720

these competing factions within the

1058

00:41:38,690 --> 00:41:36,240

Pentagon and perhaps that was that's

1059

00:41:41,210 --> 00:41:38,700

what was going on the time when when in

1060

00:41:43,310 --> 00:41:41,220

2007 when when

1061

00:41:44,890 --> 00:41:43,320

the YouTube program was started through

1062

00:41:48,050 --> 00:41:44,900

the Senate funding

1063

00:41:51,410 --> 00:41:48,060

that that happened and they ran from

1064

00:41:53,210 --> 00:41:51,420

what 2007 to 2012 when that atip program

1065

00:41:55,010 --> 00:41:53,220

was that could have been the result of

1066

00:41:56,930 --> 00:41:55,020

these factions and these competing

1067

00:41:59,210 --> 00:41:56,940

factions to try and divide with one

1068

00:42:01,550 --> 00:41:59,220

another to find a way to a find out

1069

00:42:03,829 --> 00:42:01,560

about this stuff whatever whatever they

1070

00:42:05,990 --> 00:42:03,839

might have been and find a way to come

1071

00:42:07,010 --> 00:42:06,000

clean a little bit on it and I think

1072

00:42:08,690 --> 00:42:07,020

that that's what happened that's what

1073

00:42:11,150 --> 00:42:08,700

Ralph Blumenthal Leslie Kane found out

1074

00:42:13,190 --> 00:42:11,160

they found out that these competing

1075

00:42:15,710 --> 00:42:13,200

factors were allowing some of the error

1076
00:42:18,170 --> 00:42:15,720
to come out of the balloon and in 2017

1077
00:42:20,390 --> 00:42:18,180
it happened and we're seeing the results

1078
00:42:23,770 --> 00:42:20,400
of that right now and I would anticipate

1079
00:42:26,870 --> 00:42:23,780
another type of incident like that soon

1080
00:42:28,250 --> 00:42:26,880
maybe not this report tomorrow but I

1081
00:42:29,829 --> 00:42:28,260
think something like that is going to

1082
00:42:34,010 --> 00:42:29,839
happen again it has to

1083
00:42:35,569 --> 00:42:34,020
the way this has evolved it's not just a

1084
00:42:36,890 --> 00:42:35,579
closed door every single time that

1085
00:42:38,870 --> 00:42:36,900
there's always a little crack that's

1086
00:42:41,530 --> 00:42:38,880
open and I think that's what we can

1087
00:42:43,910 --> 00:42:41,540
expect in the near future and you know

1088
00:42:46,730 --> 00:42:43,920

yeah I agree I mean I'm cautiously

1089

00:42:48,290 --> 00:42:46,740

optimistic I I I I struggle being

1090

00:42:50,150 --> 00:42:48,300

pessimistic about this subject in any

1091

00:42:52,370 --> 00:42:50,160

way because I feel like it would hold me

1092

00:42:55,910 --> 00:42:52,380

back in some way but I've got patience

1093

00:42:56,990 --> 00:42:55,920

so I can play that way in game so we

1094

00:42:59,210 --> 00:42:57,000

will see

1095

00:43:01,490 --> 00:42:59,220

um this is a big thing Vinnie with that

1096

00:43:03,170 --> 00:43:01,500

hope with the patience scheme is

1097

00:43:05,569 --> 00:43:03,180

and I feel exactly the same way as you

1098

00:43:08,450 --> 00:43:05,579

do uh you know

1099

00:43:10,970 --> 00:43:08,460

having started this in 75 1975 and

1100

00:43:12,589 --> 00:43:10,980

that's a it's a long time ago

1101

00:43:15,470 --> 00:43:12,599

um and I've I've watched this thing

1102

00:43:19,730 --> 00:43:15,480

evolve to a point where you know we're

1103

00:43:22,849 --> 00:43:19,740

where we're at right now and uh with the

1104

00:43:25,250 --> 00:43:22,859

implications of all of this stuff

1105

00:43:27,770 --> 00:43:25,260

um that that is going to hit the Human

1106

00:43:29,510 --> 00:43:27,780

family in a certain way eventually the

1107

00:43:31,790 --> 00:43:29,520

Human family is going to find out

1108

00:43:34,010 --> 00:43:31,800

eventually that we're not alone in the

1109

00:43:35,809 --> 00:43:34,020

cosmos okay the larger Community I'm

1110

00:43:37,370 --> 00:43:35,819

talking about there are people within

1111

00:43:39,890 --> 00:43:37,380

the human family who know that for a

1112

00:43:42,230 --> 00:43:39,900

fact but then the larger Community

1113

00:43:44,089 --> 00:43:42,240

um you know globally the Human family is

1114

00:43:46,490 --> 00:43:44,099

going to realize that um

1115

00:43:48,470 --> 00:43:46,500

we're not alone in the universe we were

1116

00:43:51,170 --> 00:43:48,480

part of a universe is teeming with life

1117

00:43:54,250 --> 00:43:51,180

and once that um

1118

00:43:56,690 --> 00:43:54,260

that realization comes out either

1119

00:43:58,550 --> 00:43:56,700

spontaneously through some other

1120

00:44:00,589 --> 00:43:58,560

mechanism which we can talk about later

1121

00:44:02,210 --> 00:44:00,599

if you want or if the United States

1122

00:44:04,309 --> 00:44:02,220

government is sort of Kingpin with

1123

00:44:05,630 --> 00:44:04,319

respect to this whole issue

1124

00:44:08,750 --> 00:44:05,640

um which I can talk about in a minute

1125

00:44:10,010 --> 00:44:08,760

too uh if they come clean on it and say

1126

00:44:11,870 --> 00:44:10,020

okay you know what

1127

00:44:13,550 --> 00:44:11,880

um you know how are we going to frame

1128

00:44:16,270 --> 00:44:13,560

this how are we going to tell everybody

1129

00:44:19,190 --> 00:44:16,280

that this is in fact

1130

00:44:20,569 --> 00:44:19,200

off-world information how are we going

1131

00:44:22,490 --> 00:44:20,579

to frame that issue what are we going to

1132

00:44:25,010 --> 00:44:22,500

do to kind of put that in a bit of a box

1133

00:44:27,770 --> 00:44:25,020

that that that's not too big a pill to

1134

00:44:29,390 --> 00:44:27,780

swallow but it just might be that people

1135

00:44:31,670 --> 00:44:29,400

say well no we just can't believe that

1136

00:44:34,069 --> 00:44:31,680

okay so how will they frame the issue

1137

00:44:36,349 --> 00:44:34,079

that it's that that that we're not alone

1138

00:44:39,349 --> 00:44:36,359

in the universe and still keep things

1139

00:44:41,329 --> 00:44:39,359

under wraps what will the freezer what

1140

00:44:43,910 --> 00:44:41,339

will the language be that will

1141

00:44:47,390 --> 00:44:43,920

articulate their position that it's not

1142

00:44:48,770 --> 00:44:47,400

of Earth origin and it could be of off

1143

00:44:50,210 --> 00:44:48,780

world how are they going to put that

1144

00:44:52,010 --> 00:44:50,220

language together and I think that's

1145

00:44:54,410 --> 00:44:52,020

what they're grappling with

1146

00:44:57,490 --> 00:44:54,420

I mean the one thing I agree completely

1147

00:44:59,930 --> 00:44:57,500

it's got to be uh formulated in a very

1148

00:45:02,450 --> 00:44:59,940

sensitive way but you know you can't go

1149

00:45:05,809 --> 00:45:02,460

too overboard and you can't go to sort

1150

00:45:08,329 --> 00:45:05,819

of uh under under but at the same time

1151
00:45:10,970 --> 00:45:08,339
you play around for too long you're

1152
00:45:13,069 --> 00:45:10,980
running the risk of another country

1153
00:45:15,430 --> 00:45:13,079
coming out and just snapping it up and

1154
00:45:18,410 --> 00:45:15,440
doing it you know leave you in the dust

1155
00:45:20,690 --> 00:45:18,420
well that's that's where um that's where

1156
00:45:22,970 --> 00:45:20,700
uh the candidate is right now what that

1157
00:45:24,650 --> 00:45:22,980
is but could be if Larry McGuire and

1158
00:45:26,750 --> 00:45:24,660
these other parliamentarians get their

1159
00:45:28,069 --> 00:45:26,760
way they may be able to raise the issue

1160
00:45:31,550 --> 00:45:28,079
on the floor of the house that comes in

1161
00:45:34,309 --> 00:45:31,560
a different way uh it produce questions

1162
00:45:36,290 --> 00:45:34,319
that are literally unanswerable by the

1163
00:45:39,710 --> 00:45:36,300

minister of Transport or the minister of

1164

00:45:42,890 --> 00:45:39,720

defense and uh and then explain away all

1165

00:45:45,530 --> 00:45:42,900

of the 9500 files in our library's

1166

00:45:47,630 --> 00:45:45,540

Canada and have them get to a point for

1167

00:45:48,370 --> 00:45:47,640

and put them in a corner and say you

1168

00:45:51,230 --> 00:45:48,380

know

1169

00:45:53,210 --> 00:45:51,240

where have you been since 1950 you've

1170

00:45:55,130 --> 00:45:53,220

got all this stuff you knew about this

1171

00:45:57,109 --> 00:45:55,140

way back then you played the game with

1172

00:45:58,730 --> 00:45:57,119

the United States and now we're at where

1173

00:46:01,670 --> 00:45:58,740

we're at and where we're at right now as

1174

00:46:03,349 --> 00:46:01,680

a result of 2017 disclosures

1175

00:46:05,990 --> 00:46:03,359

um what have you been doing for the past

1176
00:46:08,690 --> 00:46:06,000
75 years what have you been doing he's

1177
00:46:10,190 --> 00:46:08,700
been hiding information that's clear why

1178
00:46:12,170 --> 00:46:10,200
have you been hiding it what's the

1179
00:46:15,050 --> 00:46:12,180
reason and get it out in the open so it

1180
00:46:18,290 --> 00:46:15,060
becomes a a narrative becomes a level of

1181
00:46:20,809 --> 00:46:18,300
discourse that is similar to

1182
00:46:22,849 --> 00:46:20,819
um and I've used this analogy before uh

1183
00:46:24,290 --> 00:46:22,859
the the the whole idea of child abuse

1184
00:46:27,230 --> 00:46:24,300
okay

1185
00:46:31,370 --> 00:46:27,240
um back when I was a principal um in the

1186
00:46:34,250 --> 00:46:31,380
in the mid 80s uh in the late 70s the

1187
00:46:36,230 --> 00:46:34,260
whole um issue of of child abuse was

1188
00:46:38,390 --> 00:46:36,240

really kind of kept under under wraps it

1189

00:46:39,710 --> 00:46:38,400

was really not it wasn't something was

1190

00:46:41,809 --> 00:46:39,720

in the fourth it wasn't in the news at

1191

00:46:44,569 --> 00:46:41,819

all and then all of a sudden the Ontario

1192

00:46:48,410 --> 00:46:44,579

government here in Ontario in Canada

1193

00:46:50,569 --> 00:46:48,420

um began uh instruments to find out a

1194

00:46:52,309 --> 00:46:50,579

how often the children being abused and

1195

00:46:54,230 --> 00:46:52,319

what's happening in homes today and how

1196

00:46:56,150 --> 00:46:54,240

come parents and uncles and other family

1197

00:46:57,710 --> 00:46:56,160

members are abusing children and as a

1198

00:46:59,569 --> 00:46:57,720

result of that they put a program in

1199

00:47:02,030 --> 00:46:59,579

place to allow children to come forward

1200

00:47:03,710 --> 00:47:02,040

to disclose and as soon as they did that

1201

00:47:07,609 --> 00:47:03,720

uh

1202

00:47:10,309 --> 00:47:07,619

the fit hit the Shan if you know what I

1203

00:47:13,670 --> 00:47:10,319

mean okay I had I had I was at a school

1204

00:47:15,829 --> 00:47:13,680

of 570 children St Matthew's School here

1205

00:47:19,490 --> 00:47:15,839

in Toronto and we had one of the

1206

00:47:21,530 --> 00:47:19,500

programs come in basically it was um

1207

00:47:23,630 --> 00:47:21,540

um puppetry where they were talking

1208

00:47:25,490 --> 00:47:23,640

about you know puppets and adults and

1209

00:47:28,010 --> 00:47:25,500

children and the puppet was touching the

1210

00:47:30,530 --> 00:47:28,020

child puppet in a not a right way and

1211

00:47:32,089 --> 00:47:30,540

they made a big deal of it and then they

1212

00:47:33,829 --> 00:47:32,099

talked a little bit about to the uh to

1213

00:47:36,890 --> 00:47:33,839

the students at the primary Junior and

1214

00:47:39,050 --> 00:47:36,900

intermediate level and um they they had

1215

00:47:42,050 --> 00:47:39,060

two presentations in the school over

1216

00:47:45,230 --> 00:47:42,060

over two weeks and

1217

00:47:48,109 --> 00:47:45,240

after each presentation we had at least

1218

00:47:50,270 --> 00:47:48,119

two dozen disclosures from children wow

1219

00:47:52,970 --> 00:47:50,280

and they would never they would never

1220

00:47:55,309 --> 00:47:52,980

have said anything to anyone about this

1221

00:47:57,109 --> 00:47:55,319

unless that program had been in the

1222

00:47:58,550 --> 00:47:57,119

school and then the social workers

1223

00:48:00,230 --> 00:47:58,560

started to come in and deal and the

1224

00:48:01,730 --> 00:48:00,240

families coming in and saying oh my

1225

00:48:03,109 --> 00:48:01,740

child is telling you this they know

1226

00:48:06,109 --> 00:48:03,119

they're lying because Uncle Frank

1227

00:48:08,809 --> 00:48:06,119

doesn't do that anymore and it it it was

1228

00:48:10,910 --> 00:48:08,819

just a huge can of worms okay so what

1229

00:48:13,069 --> 00:48:10,920

what happened as a result of that

1230

00:48:14,930 --> 00:48:13,079

um is a narrative was developed and and

1231

00:48:16,970 --> 00:48:14,940

then Not only was a narrative developed

1232

00:48:19,490 --> 00:48:16,980

and through the result of this

1233

00:48:21,170 --> 00:48:19,500

disclosure legislation came into place

1234

00:48:23,450 --> 00:48:21,180

where

1235

00:48:26,710 --> 00:48:23,460

um uh teachers and parents and other

1236

00:48:29,390 --> 00:48:26,720

other adults had the legal

1237

00:48:31,970 --> 00:48:29,400

demand put upon them that if they had

1238

00:48:34,490 --> 00:48:31,980

knowledge about these kinds of of abuses

1239

00:48:39,530 --> 00:48:34,500

they had to report it under pain of law

1240

00:48:42,770 --> 00:48:39,540

okay so it became a Discord a completely

1241

00:48:44,390 --> 00:48:42,780

common open way of saying yes children

1242

00:48:47,030 --> 00:48:44,400

being physically abused and sexually

1243

00:48:49,609 --> 00:48:47,040

abused let's talk about it now it's the

1244

00:48:51,770 --> 00:48:49,619

same thing with this as hard-hitting as

1245

00:48:53,690 --> 00:48:51,780

as that was back in the in the in the

1246

00:48:56,210 --> 00:48:53,700

early 80s here in Canada and throughout

1247

00:48:57,530 --> 00:48:56,220

throughout many other countries the same

1248

00:48:59,089 --> 00:48:57,540

thing is going to happen with this it

1249

00:49:00,950 --> 00:48:59,099

will become part of the general

1250

00:49:02,150 --> 00:49:00,960

narrative within Society you're going to

1251

00:49:03,589 --> 00:49:02,160

hear about on the news all the time

1252

00:49:05,089 --> 00:49:03,599

you're going to see in the newspapers

1253

00:49:06,950 --> 00:49:05,099

all the time you're going to hear it in

1254

00:49:09,530 --> 00:49:06,960

restaurants all the time and you'll hear

1255

00:49:11,450 --> 00:49:09,540

it in bars all the time it'll just be a

1256

00:49:14,990 --> 00:49:11,460

complete narrative and discourse about

1257

00:49:16,490 --> 00:49:15,000

oh my goodness you know um I'm hearing

1258

00:49:18,530 --> 00:49:16,500

that this stuff is not from here I

1259

00:49:19,849 --> 00:49:18,540

wonder what that means so people are

1260

00:49:21,349 --> 00:49:19,859

going to need a lot of guidance and a

1261

00:49:23,089 --> 00:49:21,359

lot of help to understand what's really

1262

00:49:25,010 --> 00:49:23,099

going on and I think it's one of the

1263

00:49:26,390 --> 00:49:25,020

things that that we're trying to put

1264

00:49:28,910 --> 00:49:26,400

into place is helping people understand

1265

00:49:30,829 --> 00:49:28,920

what's going on not just the the fact

1266

00:49:32,390 --> 00:49:30,839

that it isn't is in fact going on what

1267

00:49:34,130 --> 00:49:32,400

the implications are for the society

1268

00:49:35,329 --> 00:49:34,140

that we live in and how all the society

1269

00:49:37,309 --> 00:49:35,339

is going to change as a result of

1270

00:49:39,290 --> 00:49:37,319

knowing for a fact that we're not alone

1271

00:49:41,270 --> 00:49:39,300

in the universe that's a that's a huge

1272

00:49:43,609 --> 00:49:41,280

deal and has nothing to do with lights

1273

00:49:45,170 --> 00:49:43,619

in the sky too hear me or counting UFOs

1274

00:49:47,809 --> 00:49:45,180

there's nothing to do with that it's all

1275

00:49:49,849 --> 00:49:47,819

the sociological phenomenon that we're

1276

00:49:51,290 --> 00:49:49,859

gonna have to deal with uh you know you

1277

00:49:53,150 --> 00:49:51,300

think you know World War One World War

1278

00:49:55,309 --> 00:49:53,160

It are a big deal for sure this is going

1279

00:49:57,589 --> 00:49:55,319

to be 10 times as big 100 times as big

1280

00:49:58,910 --> 00:49:57,599

so it's uh it's going to be a big

1281

00:50:02,510 --> 00:49:58,920

question and that's why I'm saying that

1282

00:50:04,730 --> 00:50:02,520

that uh the the reason that they're that

1283

00:50:06,950 --> 00:50:04,740

the United States intelligence agencies

1284

00:50:09,050 --> 00:50:06,960

are are ragging the puck in the way they

1285

00:50:10,809 --> 00:50:09,060

are they're afraid of that they're

1286

00:50:13,250 --> 00:50:10,819

afraid of having

1287

00:50:16,250 --> 00:50:13,260

this whole can of worms open to a

1288

00:50:18,589 --> 00:50:16,260

society that may not be completely uh

1289

00:50:21,349 --> 00:50:18,599

ready for it and I've always kind of

1290

00:50:23,089 --> 00:50:21,359

maintained too a partial part of this

1291

00:50:25,010 --> 00:50:23,099

narrative is and to be really honest

1292

00:50:27,829 --> 00:50:25,020

with you if any maybe we shouldn't know

1293

00:50:29,870 --> 00:50:27,839

maybe the government or the governments

1294

00:50:33,170 --> 00:50:29,880

know something that if they were to

1295

00:50:35,150 --> 00:50:33,180

disclose it that it's just too dast

1296

00:50:38,390 --> 00:50:35,160

related to find out maybe these these

1297

00:50:39,770 --> 00:50:38,400

beings or some of them are are ready to

1298

00:50:42,349 --> 00:50:39,780

have us for dinner I mean I don't think

1299

00:50:44,150 --> 00:50:42,359

that's the case but that whole threat

1300

00:50:46,130 --> 00:50:44,160

scenario that the United States seemed

1301
00:50:48,530 --> 00:50:46,140
to be leaning towards with respect to

1302
00:50:49,849 --> 00:50:48,540
National Security you know uh we can't

1303
00:50:51,410 --> 00:50:49,859
we can't we don't have control of our

1304
00:50:53,750 --> 00:50:51,420
own Skies my goodness these things are

1305
00:50:55,849 --> 00:50:53,760
doing things that that outpace our most

1306
00:50:58,910 --> 00:50:55,859
sophisticated uh weapons and and

1307
00:51:00,829 --> 00:50:58,920
aircraft uh we had no control of these

1308
00:51:02,510 --> 00:51:00,839
incursions the Maelstrom Air Force Base

1309
00:51:04,670 --> 00:51:02,520
you know shutting down nuclear weapons

1310
00:51:06,410 --> 00:51:04,680
is a great indication so if the United

1311
00:51:09,109 --> 00:51:06,420
States can has to admit that doesn't

1312
00:51:10,910 --> 00:51:09,119
have control over its own Skies think of

1313
00:51:12,470 --> 00:51:10,920

the amount of insecurity that that's

1314

00:51:14,089 --> 00:51:12,480

going to Forest on to the public

1315

00:51:16,490 --> 00:51:14,099

especially with the United States being

1316

00:51:18,470 --> 00:51:16,500

the position right now and the turmoil

1317

00:51:20,690 --> 00:51:18,480

is going on so there's all these things

1318

00:51:23,329 --> 00:51:20,700

linked together that really mitigates

1319

00:51:26,210 --> 00:51:23,339

mitigates against some sort of open

1320

00:51:29,030 --> 00:51:26,220

disclosure and a common narrative so

1321

00:51:31,309 --> 00:51:29,040

it's uh you know it's shaking a a can of

1322

00:51:34,069 --> 00:51:31,319

soda poppers and when should I take my

1323

00:51:35,450 --> 00:51:34,079

finger off it you know yeah yeah I mean

1324

00:51:37,490 --> 00:51:35,460

the one thing I look at it the way or

1325

00:51:39,890 --> 00:51:37,500

the way I look at it is good or bad

1326

00:51:41,450 --> 00:51:39,900

positive negative I think I have a

1327

00:51:43,270 --> 00:51:41,460

strong belief in the human race people

1328

00:51:45,170 --> 00:51:43,280

may say we're destructive and we're war

1329

00:51:48,290 --> 00:51:45,180

machines and that but I look at the

1330

00:51:50,510 --> 00:51:48,300

everyday person and I think we're a

1331

00:51:52,190 --> 00:51:50,520

resilient bunch of people and I think no

1332

00:51:53,690 --> 00:51:52,200

matter what it what happens we deserve

1333

00:51:55,130 --> 00:51:53,700

to know the truth and we should be able

1334

00:51:57,170 --> 00:51:55,140

to make our own minds up how we move

1335

00:51:58,670 --> 00:51:57,180

forward exactly learning about that

1336

00:52:00,530 --> 00:51:58,680

truth yeah and I think that kind of

1337

00:52:02,569 --> 00:52:00,540

segues into the image that you sent me

1338

00:52:04,849 --> 00:52:02,579

because it's kind of like a big picture

1339

00:52:06,710 --> 00:52:04,859

so I'll bring that up and then you can

1340

00:52:07,849 --> 00:52:06,720

kind of break it down for us because

1341

00:52:09,049 --> 00:52:07,859

that's really cool it's a good thing

1342

00:52:11,270 --> 00:52:09,059

we're into that because there's so many

1343

00:52:13,730 --> 00:52:11,280

things happening our words yeah so let's

1344

00:52:15,710 --> 00:52:13,740

see can I zoom any I don't wanna there

1345

00:52:18,710 --> 00:52:15,720

we go yeah

1346

00:52:20,930 --> 00:52:18,720

it's it's um it's I don't know if your

1347

00:52:22,670 --> 00:52:20,940

your viewers can see it uh or enlarge it

1348

00:52:23,990 --> 00:52:22,680

on their own screens I'm not sure I can

1349

00:52:26,450 --> 00:52:24,000

go down the middle if you want to start

1350

00:52:28,670 --> 00:52:26,460

yeah yeah that's a good view right there

1351

00:52:30,170 --> 00:52:28,680

then yeah yeah it's it's called the

1352

00:52:31,910 --> 00:52:30,180

quantum presence the quantum presence

1353

00:52:34,730 --> 00:52:31,920

basically and I use this in my in my

1354

00:52:36,950 --> 00:52:34,740

lectures as uh as a beginning as a

1355

00:52:39,470 --> 00:52:36,960

starting point to see

1356

00:52:41,870 --> 00:52:39,480

um uh to have to have the uh the my

1357

00:52:43,309 --> 00:52:41,880

audiences see the context in which we're

1358

00:52:46,010 --> 00:52:43,319

operating in we're not it's just not

1359

00:52:48,950 --> 00:52:46,020

just a one issue situation and that

1360

00:52:51,589 --> 00:52:48,960

Quantum presence the the the the total

1361

00:52:53,510 --> 00:52:51,599

sum of of of all reality let's put it

1362

00:52:55,190 --> 00:52:53,520

that way that's the total sum of our is

1363

00:52:58,549 --> 00:52:55,200

condensed into a critical mass of

1364

00:53:00,650 --> 00:52:58,559

everything that's going on at once all

1365

00:53:03,290 --> 00:53:00,660

things that are going on

1366

00:53:05,630 --> 00:53:03,300

um in the past and the present and in

1367

00:53:08,150 --> 00:53:05,640

the future are going on right now okay

1368

00:53:09,589 --> 00:53:08,160

and um or the ones in the future are

1369

00:53:11,630 --> 00:53:09,599

going to happen but that Quantum

1370

00:53:15,349 --> 00:53:11,640

presence represents everything that that

1371

00:53:18,650 --> 00:53:15,359

is happening now obviously as human

1372

00:53:20,630 --> 00:53:18,660

beings we do not have the capacity to

1373

00:53:22,670 --> 00:53:20,640

express

1374

00:53:23,990 --> 00:53:22,680

an open knowledge or an accurate

1375

00:53:26,329 --> 00:53:24,000

knowledge about everything that's going

1376
00:53:29,150 --> 00:53:26,339
on right now at the second we can't we

1377
00:53:31,609 --> 00:53:29,160
do not have the the linguistic or

1378
00:53:33,589 --> 00:53:31,619
intellectual capacity to describe every

1379
00:53:35,809 --> 00:53:33,599
situation that's going on all at once

1380
00:53:38,210 --> 00:53:35,819
right now we can't it's just there's

1381
00:53:39,770 --> 00:53:38,220
just too much happening we know it's

1382
00:53:41,270 --> 00:53:39,780
happening we know all these events are

1383
00:53:43,430 --> 00:53:41,280
going on right now

1384
00:53:47,270 --> 00:53:43,440
but we can't describe them all at once

1385
00:53:50,329 --> 00:53:47,280
so the individual has to segment those

1386
00:53:53,630 --> 00:53:50,339
uh those those pieces of information and

1387
00:53:55,370 --> 00:53:53,640
this diagram here shows you the a the

1388
00:53:57,410 --> 00:53:55,380

kinds of things that are going on in

1389

00:53:58,609 --> 00:53:57,420

each one of those um if you just if you

1390

00:54:00,710 --> 00:53:58,619

pull out just a little bit you know

1391

00:54:03,170 --> 00:54:00,720

you've got oh sorry yeah you've got the

1392

00:54:04,790 --> 00:54:03,180

Earth and all of the implications there

1393

00:54:06,650 --> 00:54:04,800

and then you've got Society you've got

1394

00:54:09,290 --> 00:54:06,660

health and you've got all the you know

1395

00:54:11,270 --> 00:54:09,300

governance uh the solar system and if

1396

00:54:13,430 --> 00:54:11,280

you if you go back into one of those

1397

00:54:15,589 --> 00:54:13,440

anyone any one of the segments you can

1398

00:54:17,210 --> 00:54:15,599

see that let's say for example

1399

00:54:20,630 --> 00:54:17,220

um the or the Earth and this this

1400

00:54:22,849 --> 00:54:20,640

diagram is well over uh 20 years old uh

1401
00:54:24,470 --> 00:54:22,859
Super Storms which alludes to you know

1402
00:54:28,309 --> 00:54:24,480
the kind of climate change animal

1403
00:54:31,370 --> 00:54:28,319
extinctions we're losing 123 species of

1404
00:54:33,530 --> 00:54:31,380
birds every day okay global climate

1405
00:54:36,230 --> 00:54:33,540
change and that was this was 20 years

1406
00:54:38,510 --> 00:54:36,240
ago before that someone came up with and

1407
00:54:41,150 --> 00:54:38,520
I don't know where uh who drew this

1408
00:54:44,150 --> 00:54:41,160
thing up but um the pole shift the idea

1409
00:54:46,790 --> 00:54:44,160
of water shortages and the ecological

1410
00:54:49,130 --> 00:54:46,800
degradation in just that one component

1411
00:54:51,589 --> 00:54:49,140
and if you say to yourself well you know

1412
00:54:53,270 --> 00:54:51,599
what let's just kind of focus in on one

1413
00:54:55,309 --> 00:54:53,280

of those things animal Extinction as

1414

00:54:58,430 --> 00:54:55,319

soon as you do you flip into another

1415

00:55:00,410 --> 00:54:58,440

segment of that of that diagram of a

1416

00:55:01,849 --> 00:55:00,420

genetically modified foods or the

1417

00:55:03,650 --> 00:55:01,859

problem and the pandemic that word

1418

00:55:05,210 --> 00:55:03,660

pandemic in the health section ever

1419

00:55:07,130 --> 00:55:05,220

heard of that kind well we didn't we

1420

00:55:09,890 --> 00:55:07,140

knew what pandemic was but all of a

1421

00:55:12,589 --> 00:55:09,900

sudden the entire planet was engulfed in

1422

00:55:14,089 --> 00:55:12,599

a pandemic for for you know two two and

1423

00:55:17,450 --> 00:55:14,099

a half years or whatever that amount of

1424

00:55:21,170 --> 00:55:17,460

time was uh that it engulfed everyone so

1425

00:55:23,390 --> 00:55:21,180

in in in a way everyone was involved in

1426
00:55:26,270 --> 00:55:23,400
that issue too and then if you look down

1427
00:55:28,849 --> 00:55:26,280
in vaccinations and and malnutrition and

1428
00:55:32,030 --> 00:55:28,859
then uh you know all of these things we

1429
00:55:34,730 --> 00:55:32,040
as a human family have to deal with now

1430
00:55:36,410 --> 00:55:34,740
obviously not everybody has a the

1431
00:55:38,510 --> 00:55:36,420
capacity or the interest to deal with

1432
00:55:41,630 --> 00:55:38,520
all of these things but irrespective of

1433
00:55:43,370 --> 00:55:41,640
that ability it's all going on right now

1434
00:55:46,130 --> 00:55:43,380
and it's affecting every single thing we

1435
00:55:48,170 --> 00:55:46,140
do and say every second of the day and

1436
00:55:50,510 --> 00:55:48,180
then if you go I believe where it's the

1437
00:55:52,849 --> 00:55:50,520
um the bottom part of it or that I think

1438
00:55:55,309 --> 00:55:52,859

it talks about the is the UFO issue

1439

00:55:58,210 --> 00:55:55,319

there someplace uh is military has got

1440

00:56:02,809 --> 00:56:01,069

in that section so that's where I focus

1441

00:56:06,290 --> 00:56:02,819

in in the context of all those other

1442

00:56:08,030 --> 00:56:06,300

quadrants that are there I try to uh

1443

00:56:09,530 --> 00:56:08,040

talk about space-based weapons ET

1444

00:56:11,809 --> 00:56:09,540

technology

1445

00:56:13,910 --> 00:56:11,819

um underground bases Majestic 12 the

1446

00:56:16,849 --> 00:56:13,920

Black Operations and all those and then

1447

00:56:20,150 --> 00:56:16,859

you know you talk about you know the UFO

1448

00:56:22,790 --> 00:56:20,160

question and it it exists in the context

1449

00:56:25,670 --> 00:56:22,800

of that whole Quantum presence and it is

1450

00:56:28,690 --> 00:56:25,680

it is part of the whole fabric of the

1451

00:56:30,770 --> 00:56:28,700

Human family and unfortunately

1452

00:56:33,049 --> 00:56:30,780

there are so many

1453

00:56:34,730 --> 00:56:33,059

um the point that I try to make as a

1454

00:56:38,150 --> 00:56:34,740

result of this that there are so many

1455

00:56:40,970 --> 00:56:38,160

factions the oil industry for example

1456

00:56:42,349 --> 00:56:40,980

um and the social media industry for

1457

00:56:45,109 --> 00:56:42,359

example

1458

00:56:48,049 --> 00:56:45,119

their attempts to control any one of

1459

00:56:50,450 --> 00:56:48,059

those aspects is so powerful their

1460

00:56:53,210 --> 00:56:50,460

attempts to control DNA material in

1461

00:56:55,430 --> 00:56:53,220

Foods their attempts to control or at

1462

00:56:57,470 --> 00:56:55,440

least dismiss or at least affect the

1463

00:56:59,030 --> 00:56:57,480

weather that we're going through uh

1464

00:57:00,530 --> 00:56:59,040

right now the climate change that we're

1465

00:57:02,990 --> 00:57:00,540

going through all of these things

1466

00:57:04,549 --> 00:57:03,000

influence not just the individual but

1467

00:57:06,950 --> 00:57:04,559

the in they influence all of the other

1468

00:57:08,569 --> 00:57:06,960

aspects in every single quadrant so the

1469

00:57:10,490 --> 00:57:08,579

control of the banking system has a lot

1470

00:57:13,609 --> 00:57:10,500

to do with the Mars cover-up for example

1471

00:57:15,130 --> 00:57:13,619

you know you have to figure our moon

1472

00:57:17,089 --> 00:57:15,140

bases

1473

00:57:20,030 --> 00:57:17,099

where would they get information about

1474

00:57:21,950 --> 00:57:20,040

moon bases I mean this is like years ago

1475

00:57:24,170 --> 00:57:21,960

there are people there who have done

1476

00:57:25,549 --> 00:57:24,180

their homework and saying listen uh this

1477

00:57:27,589 --> 00:57:25,559

stuff is going on and we've got to

1478

00:57:29,329 --> 00:57:27,599

recognize what is going on and as soon

1479

00:57:32,210 --> 00:57:29,339

as you focus in on any one of those

1480

00:57:34,670 --> 00:57:32,220

things it's almost it's human nature

1481

00:57:36,589 --> 00:57:34,680

almost forget about or not deal with or

1482

00:57:38,809 --> 00:57:36,599

not be able to deal with all the rest of

1483

00:57:40,370 --> 00:57:38,819

the stuff that's going on and so it's a

1484

00:57:42,109 --> 00:57:40,380

it's a huge juggling act that the Human

1485

00:57:43,970 --> 00:57:42,119

family really has to come to grips with

1486

00:57:46,010 --> 00:57:43,980

and that's why I use this particular

1487

00:57:48,530 --> 00:57:46,020

graphic in my presentations to really

1488

00:57:50,170 --> 00:57:48,540

put the UFO issue within a context that

1489

00:57:52,849 --> 00:57:50,180

we're dealing with this

1490

00:57:55,309 --> 00:57:52,859

a huge amount of information and all

1491

00:57:57,670 --> 00:57:55,319

these other issues and then then I lead

1492

00:58:01,430 --> 00:57:57,680

into the whole idea of entanglement

1493

00:58:04,609 --> 00:58:01,440

where every single particle of matter

1494

00:58:07,490 --> 00:58:04,619

in the in the cosmos is connected right

1495

00:58:09,950 --> 00:58:07,500

and that that whole concept that some

1496

00:58:11,750 --> 00:58:09,960

people have heard of that word before uh

1497

00:58:13,970 --> 00:58:11,760

and know kind of what it means but I

1498

00:58:16,130 --> 00:58:13,980

don't know if they really understand the

1499

00:58:18,829 --> 00:58:16,140

the implications of it it brings in the

1500

00:58:20,829 --> 00:58:18,839

whole idea of of Consciousness where

1501
00:58:23,510 --> 00:58:20,839
does Consciousness come from

1502
00:58:24,890 --> 00:58:23,520
how did it originate you know we you

1503
00:58:27,230 --> 00:58:24,900
take a look at how the universe was

1504
00:58:27,970 --> 00:58:27,240
formed out of you know bits of iron and

1505
00:58:31,970 --> 00:58:27,980
and

1506
00:58:33,950 --> 00:58:31,980
came together at a certain point in time

1507
00:58:35,690 --> 00:58:33,960
to form the planets and and then

1508
00:58:37,370 --> 00:58:35,700
eventually you get these you know small

1509
00:58:40,190 --> 00:58:37,380
little bits of things that you called

1510
00:58:42,289 --> 00:58:40,200
life and eventually that where did the

1511
00:58:44,150 --> 00:58:42,299
idea of Consciousness come from did it

1512
00:58:45,910 --> 00:58:44,160
come from the the iron in the middle of

1513
00:58:48,430 --> 00:58:45,920

the of the Big Bang

1514

00:58:51,950 --> 00:58:48,440

it's impossible to get your mind around

1515

00:58:53,569 --> 00:58:51,960

where we can

1516

00:58:56,030 --> 00:58:53,579

um confidently say that we are

1517

00:58:58,490 --> 00:58:56,040

self-aware of ourselves where did that

1518

00:59:00,829 --> 00:58:58,500

come from and not only did where did it

1519

00:59:03,710 --> 00:59:00,839

come from but what are their species in

1520

00:59:04,970 --> 00:59:03,720

the cosmos share that that capacity and

1521

00:59:07,370 --> 00:59:04,980

that's where these whole all of this

1522

00:59:09,589 --> 00:59:07,380

stuff converges where we're not the only

1523

00:59:11,450 --> 00:59:09,599

ones going through this metamorphosis of

1524

00:59:14,030 --> 00:59:11,460

self-understanding and conscious

1525

00:59:15,470 --> 00:59:14,040

awareness there are other species who've

1526
00:59:17,809 --> 00:59:15,480
been around for millions and more years

1527
00:59:20,329 --> 00:59:17,819
than we have who've uh who've gone

1528
00:59:21,470 --> 00:59:20,339
through a lot more uh of

1529
00:59:22,910 --> 00:59:21,480
um I guess getting through their own

1530
00:59:26,450 --> 00:59:22,920
Extinction behaviors there's another

1531
00:59:29,390 --> 00:59:26,460
thing that this leads to is uh is why

1532
00:59:31,089 --> 00:59:29,400
have these beings who apparently can

1533
00:59:33,710 --> 00:59:31,099
travel out of beyond the speed of light

1534
00:59:36,349 --> 00:59:33,720
okay and get here go wherever they want

1535
00:59:37,730 --> 00:59:36,359
in the cosmos they've been around for

1536
00:59:39,890 --> 00:59:37,740
millions of years and have they gone

1537
00:59:41,930 --> 00:59:39,900
through the same kind of life changes

1538
00:59:43,970 --> 00:59:41,940

and Quantum presence that that you saw

1539

00:59:46,430 --> 00:59:43,980

on that on that chart have they been

1540

00:59:48,890 --> 00:59:46,440

through the same kind of things as the

1541

00:59:50,390 --> 00:59:48,900

military attempted to you know inflict

1542

00:59:52,370 --> 00:59:50,400

itself on other parts of their Planet

1543

00:59:54,170 --> 00:59:52,380

how did they get through that did they

1544

00:59:55,789 --> 00:59:54,180

use nuclear weapons or didn't they did

1545

00:59:57,589 --> 00:59:55,799

they say no to nuclear weapons or did

1546

00:59:59,569 --> 00:59:57,599

they say yes maybe there's another form

1547

01:00:01,609 --> 00:59:59,579

of of Extinction that they got that they

1548

01:00:04,670 --> 01:00:01,619

but they got through it to evolve into

1549

01:00:06,230 --> 01:00:04,680

species is not only able to travel with

1550

01:00:08,210 --> 01:00:06,240

technology at or beyond the speed of

1551

01:00:10,010 --> 01:00:08,220

light or interdimensionally but they

1552

01:00:13,250 --> 01:00:10,020

eliminated their own Extinction they

1553

01:00:14,750 --> 01:00:13,260

they did not go extinct and as as many

1554

01:00:16,430 --> 01:00:14,760

of your listeners are quite aware right

1555

01:00:18,049 --> 01:00:16,440

now we're on the cusp of that right now

1556

01:00:19,789 --> 01:00:18,059

and that's why this issue is so

1557

01:00:21,410 --> 01:00:19,799

important these Extinction behaviors

1558

01:00:23,150 --> 01:00:21,420

that we're going through many of them

1559

01:00:25,130 --> 01:00:23,160

within that whole Matrix that I just

1560

01:00:27,829 --> 01:00:25,140

showed you they are in fact Extinction

1561

01:00:30,049 --> 01:00:27,839

behaviors cyclical War economy that's

1562

01:00:31,970 --> 01:00:30,059

what we're made of okay that's what

1563

01:00:34,069 --> 01:00:31,980

that's what the powers that be want us

1564

01:00:36,710 --> 01:00:34,079

to think that we're made of we we create

1565

01:00:38,329 --> 01:00:36,720

borders we inflict ourselves on on other

1566

01:00:41,750 --> 01:00:38,339

countries when will that kind of

1567

01:00:43,370 --> 01:00:41,760

Extinction Behavior end uh so that whole

1568

01:00:45,410 --> 01:00:43,380

diagram brings it all together and

1569

01:00:48,890 --> 01:00:45,420

coalesces the information that that

1570

01:00:50,870 --> 01:00:48,900

leads directly to the idea that once

1571

01:00:52,609 --> 01:00:50,880

again we're not alone in the cosmos yeah

1572

01:00:54,289 --> 01:00:52,619

I think it's a good way of showing that

1573

01:00:56,450 --> 01:00:54,299

there are just so many rabbit holes that

1574

01:00:58,849 --> 01:00:56,460

you can get lost down and each one you

1575

01:01:01,309 --> 01:00:58,859

go down then branches off into many many

1576

01:01:02,510 --> 01:01:01,319

more yeah you know it just shows the

1577

01:01:04,190 --> 01:01:02,520

scale of what we've been dealing with

1578

01:01:06,170 --> 01:01:04,200

for so long

1579

01:01:07,849 --> 01:01:06,180

um it's fascinating and that's a really

1580

01:01:09,530 --> 01:01:07,859

good way of looking at it um listen

1581

01:01:10,730 --> 01:01:09,540

Victor we've just hit the hour mark but

1582

01:01:12,410 --> 01:01:10,740

one thing I definitely want to talk

1583

01:01:14,809 --> 01:01:12,420

about before you go is what's been

1584

01:01:16,789 --> 01:01:14,819

happening recently with Isaac yeah good

1585

01:01:19,910 --> 01:01:16,799

I'm glad you brought that up but I spoke

1586

01:01:20,990 --> 01:01:19,920

with an email from um Gary hasseltine

1587

01:01:23,990 --> 01:01:21,000

this afternoon

1588

01:01:25,789 --> 01:01:24,000

um the Gary who's the vice president of

1589

01:01:28,250 --> 01:01:25,799

icer an International Coalition for

1590

01:01:30,230 --> 01:01:28,260

extraterrestrial research um you can go

1591

01:01:31,970 --> 01:01:30,240

to that Network on the internet just

1592

01:01:35,210 --> 01:01:31,980

Google that

1593

01:01:37,670 --> 01:01:35,220

um he and uh I think there's seven or

1594

01:01:41,230 --> 01:01:37,680

eight individuals he the vice president

1595

01:01:44,210 --> 01:01:41,240

and um the president of the organization

1596

01:01:48,289 --> 01:01:44,220

uh and I think six other people were at

1597

01:01:51,230 --> 01:01:48,299

the uh San Marino conference on UFOs and

1598

01:01:53,329 --> 01:01:51,240

now as far as background is concerned uh

1599

01:01:55,789 --> 01:01:53,339

the icer represents

1600

01:01:58,430 --> 01:01:55,799

or has representatives from 30 different

1601
01:02:00,289 --> 01:01:58,440
countries uh who who are um they're all

1602
01:02:02,870 --> 01:02:00,299
members and there's an executive there's

1603
01:02:04,490 --> 01:02:02,880
a president vice president

1604
01:02:07,490 --> 01:02:04,500
excuse me someone who's in charge of

1605
01:02:10,630 --> 01:02:07,500
finances and and all the legalities so

1606
01:02:13,670 --> 01:02:10,640
we are come together as a an NGO

1607
01:02:16,490 --> 01:02:13,680
non-governmental agency organization and

1608
01:02:19,130 --> 01:02:16,500
we are attempting to gain sponsorship

1609
01:02:22,309 --> 01:02:19,140
through a member uh United United

1610
01:02:25,190 --> 01:02:22,319
Nations State San Marino and San Marino

1611
01:02:27,829 --> 01:02:25,200
a nicer representative are have been

1612
01:02:30,470 --> 01:02:27,839
dialogue and we're at a point right now

1613
01:02:33,109 --> 01:02:30,480

where icer is standing a very very good

1614

01:02:35,930 --> 01:02:33,119

chance of getting a recommendation to

1615

01:02:38,990 --> 01:02:35,940

the U.N and recognizing us as an entity

1616

01:02:41,030 --> 01:02:39,000

to be represented within the U.N and

1617

01:02:43,250 --> 01:02:41,040

isil will have a place that either at a

1618

01:02:45,770 --> 01:02:43,260

committee level or some level within the

1619

01:02:48,650 --> 01:02:45,780

United Nations sponsored by San Marino

1620

01:02:51,289 --> 01:02:48,660

so that we can represent the 30

1621

01:02:53,450 --> 01:02:51,299

countries that we do represent and on

1622

01:02:56,930 --> 01:02:53,460

that basis articulate the international

1623

01:02:58,789 --> 01:02:56,940

nature of the uip phenomenon and I sir

1624

01:03:00,950 --> 01:02:58,799

all the members sign an oath indicating

1625

01:03:02,690 --> 01:03:00,960

that these things are real and not only

1626

01:03:03,829 --> 01:03:02,700

are they real they're they're not from

1627

01:03:05,930 --> 01:03:03,839

here here and there's an

1628

01:03:07,609 --> 01:03:05,940

extraterrestrial presence that we want

1629

01:03:09,829 --> 01:03:07,619

to get this is not just about lights in

1630

01:03:12,770 --> 01:03:09,839

the sky so that's what icer is all about

1631

01:03:14,870 --> 01:03:12,780

we want to at some point

1632

01:03:17,150 --> 01:03:14,880

um be represented at a committee level

1633

01:03:19,309 --> 01:03:17,160

or wherever we can get our foot in the

1634

01:03:21,950 --> 01:03:19,319

door with the United Nations to talk

1635

01:03:23,630 --> 01:03:21,960

about the international nature of the of

1636

01:03:25,490 --> 01:03:23,640

the UAP issue and how it affects the

1637

01:03:28,190 --> 01:03:25,500

entire Human family not just one country

1638

01:03:30,410 --> 01:03:28,200

so that's that was discussed at San

1639

01:03:32,569 --> 01:03:30,420

Marino in addition to just other

1640

01:03:34,190 --> 01:03:32,579

presentations that were going on so

1641

01:03:36,170 --> 01:03:34,200

that's the the kind of negotiations that

1642

01:03:38,510 --> 01:03:36,180

are going on they're still going on and

1643

01:03:41,089 --> 01:03:38,520

we hope that the senior Executives in

1644

01:03:42,770 --> 01:03:41,099

the San Marino government will take it

1645

01:03:45,109 --> 01:03:42,780

upon themselves to say yes we are ready

1646

01:03:47,809 --> 01:03:45,119

to accept icer as a group and we will

1647

01:03:50,089 --> 01:03:47,819

recommend uh that they have a seat at

1648

01:03:53,329 --> 01:03:50,099

the table in the United Nations in some

1649

01:03:55,430 --> 01:03:53,339

way it's a lofty goal but I think it's

1650

01:03:57,890 --> 01:03:55,440

one that has to happen

1651

01:03:59,930 --> 01:03:57,900

um now the flip side of that coin is

1652

01:04:03,289 --> 01:03:59,940

is the domination of this issue by the

1653

01:04:04,309 --> 01:04:03,299

United States right okay that that you

1654

01:04:07,270 --> 01:04:04,319

know

1655

01:04:10,430 --> 01:04:07,280

there's another show altogether but

1656

01:04:12,829 --> 01:04:10,440

I'm a lot of us are very very concerned

1657

01:04:14,750 --> 01:04:12,839

about how the United States and in a way

1658

01:04:16,789 --> 01:04:14,760

rightly so because they've got the

1659

01:04:18,710 --> 01:04:16,799

largest theater of operation with

1660

01:04:21,890 --> 01:04:18,720

respect I don't want to minimize that in

1661

01:04:24,410 --> 01:04:21,900

in any way shape or form but um for for

1662

01:04:26,210 --> 01:04:24,420

them to say that this is their issue and

1663

01:04:28,430 --> 01:04:26,220

that's that's maybe that's not the right

1664

01:04:30,049 --> 01:04:28,440

articulation but in fact it's the sum

1665

01:04:32,210 --> 01:04:30,059

total of what they're saying we are in

1666

01:04:34,490 --> 01:04:32,220

control of this issue and I think that's

1667

01:04:36,109 --> 01:04:34,500

what uh all the news news media are

1668

01:04:37,370 --> 01:04:36,119

trying to say and articulate that's what

1669

01:04:39,349 --> 01:04:37,380

the military is trying to say that's

1670

01:04:41,329 --> 01:04:39,359

what NASA is trying to do right now is

1671

01:04:42,950 --> 01:04:41,339

that they want to be the ones to look at

1672

01:04:43,910 --> 01:04:42,960

this issue which I think is another you

1673

01:04:46,910 --> 01:04:43,920

know red herring but that's another

1674

01:04:49,670 --> 01:04:46,920

story altogether what icer wants to do

1675

01:04:51,349 --> 01:04:49,680

is make this an international issue that

1676

01:04:53,089 --> 01:04:51,359

says to the rest of the Human family

1677

01:04:55,010 --> 01:04:53,099

we're all in this together it's

1678

01:04:58,490 --> 01:04:55,020

affecting everybody and the implications

1679

01:05:00,289 --> 01:04:58,500

of uh of accepting what's going on with

1680

01:05:02,930 --> 01:05:00,299

respect to the UAP issue and the ET

1681

01:05:05,329 --> 01:05:02,940

presence will affect every single human

1682

01:05:07,789 --> 01:05:05,339

being on the on this planet and every

1683

01:05:09,650 --> 01:05:07,799

single molecule in the ocean and every

1684

01:05:12,470 --> 01:05:09,660

single species of birds and animals and

1685

01:05:14,930 --> 01:05:12,480

plants it will affect everything and

1686

01:05:16,309 --> 01:05:14,940

that is not the kind of argument that

1687

01:05:18,530 --> 01:05:16,319

the United States military is making

1688

01:05:20,270 --> 01:05:18,540

that's a key point to understand all the

1689

01:05:22,130 --> 01:05:20,280

only thing the United States is dealing

1690

01:05:24,710 --> 01:05:22,140

with as far as I'm concerned and from

1691

01:05:26,870 --> 01:05:24,720

what I'm hearing is that this is a

1692

01:05:28,609 --> 01:05:26,880

national security issue and they're

1693

01:05:30,349 --> 01:05:28,619

pushing a threat scenario they're coming

1694

01:05:31,549 --> 01:05:30,359

here or they could be coming here to

1695

01:05:34,970 --> 01:05:31,559

have this for breakfast for breakfast

1696

01:05:36,890 --> 01:05:34,980

and uh that's where they're headed and

1697

01:05:39,170 --> 01:05:36,900

that could be one thing that could come

1698

01:05:42,349 --> 01:05:39,180

out of tomorrow's uh announcement if it

1699

01:05:44,690 --> 01:05:42,359

does happen some allusion to that kind

1700

01:05:46,190 --> 01:05:44,700

of uh you know alluding saying that you

1701

01:05:48,170 --> 01:05:46,200

know this is this might not be a good

1702

01:05:49,910 --> 01:05:48,180

thing for us to talk about and we want

1703

01:05:51,530 --> 01:05:49,920

to dispel that notion and have an open

1704

01:05:53,930 --> 01:05:51,540

dialogue about what the possibilities

1705

01:05:56,750 --> 01:05:53,940

are rather than keeping uh keeping the

1706

01:05:58,789 --> 01:05:56,760

candle Under The Bushel and letting

1707

01:06:00,170 --> 01:05:58,799

Humanity sit and stew about this

1708

01:06:01,309 --> 01:06:00,180

information rather than giving them the

1709

01:06:03,230 --> 01:06:01,319

real deal

1710

01:06:04,789 --> 01:06:03,240

yeah yeah and you mentioned Gary

1711

01:06:06,289 --> 01:06:04,799

hasselton there actually spoke with Gary

1712

01:06:08,089 --> 01:06:06,299

just before he left to go out to San

1713

01:06:10,069 --> 01:06:08,099

Marino last week or the week before and

1714

01:06:11,270 --> 01:06:10,079

you know we know Lou Alexander was due

1715

01:06:13,069 --> 01:06:11,280

to be out there and there was a lot of

1716

01:06:15,289 --> 01:06:13,079

rumors about why he didn't make it and

1717

01:06:17,329 --> 01:06:15,299

yeah there's no need for any uh

1718

01:06:20,510 --> 01:06:17,339

conspiracies but it was great to see

1719

01:06:22,309 --> 01:06:20,520

Eric Weinstein yes yes over there you

1720

01:06:24,289 --> 01:06:22,319

know that was a quite a positive step so

1721

01:06:26,210 --> 01:06:24,299

you know I I'll be speaking with Gary

1722

01:06:27,710 --> 01:06:26,220

hopefully in the next few days and

1723

01:06:28,970 --> 01:06:27,720

hopefully he'll be able to keep me up to

1724

01:06:31,549 --> 01:06:28,980

date and maybe even we'll do another

1725

01:06:33,170 --> 01:06:31,559

show with some updates from that and and

1726

01:06:34,670 --> 01:06:33,180

like I did at the end of last year I

1727

01:06:37,250 --> 01:06:34,680

hosted a panel discussion with members

1728

01:06:39,950 --> 01:06:37,260

of Isa if I do that again this year uh

1729

01:06:42,230 --> 01:06:39,960

obviously Victor you'll be topless as

1730

01:06:43,670 --> 01:06:42,240

well so you know we'll do we'll do

1731

01:06:45,230 --> 01:06:43,680

something there but is there anything

1732

01:06:47,930 --> 01:06:45,240

you want to touch upon before we before

1733

01:06:50,150 --> 01:06:47,940

we wrap this up yeah not really

1734

01:06:52,069 --> 01:06:50,160

um I I guess you know if there's

1735

01:06:54,950 --> 01:06:52,079

anything about any conversation that I

1736

01:06:58,430 --> 01:06:54,960

have with respect to this Vinnie is

1737

01:07:00,710 --> 01:06:58,440

um is the minutia of this issue you know

1738

01:07:04,130 --> 01:07:00,720

is so so um

1739

01:07:05,990 --> 01:07:04,140

distracting as it put it put it bluntly

1740

01:07:07,430 --> 01:07:06,000

it if you can you imagine earlier you

1741

01:07:09,170 --> 01:07:07,440

could go down any rabbit hole and you

1742

01:07:11,569 --> 01:07:09,180

you'll probably never come out if you

1743

01:07:15,049 --> 01:07:11,579

don't you know look for sustenance

1744

01:07:16,430 --> 01:07:15,059

um but what I try to get across and all

1745

01:07:18,650 --> 01:07:16,440

the times that I'm that I try to speak

1746

01:07:20,150 --> 01:07:18,660

about is is the is the broadest possible

1747

01:07:22,430 --> 01:07:20,160

picture that we can paint about this

1748

01:07:24,289 --> 01:07:22,440

issue okay without you know looking

1749

01:07:26,710 --> 01:07:24,299

through any kind of a pinhole about

1750

01:07:29,809 --> 01:07:26,720

anything that's related to this issue

1751

01:07:32,029 --> 01:07:29,819

trying to provide the the largest

1752

01:07:34,490 --> 01:07:32,039

spectrum of information possible without

1753

01:07:36,890 --> 01:07:34,500

confusing people and and trying to

1754

01:07:38,450 --> 01:07:36,900

understand that and I think you

1755

01:07:39,710 --> 01:07:38,460

mentioned this earlier that we have a

1756

01:07:43,430 --> 01:07:39,720

right to know about this information

1757

01:07:45,529 --> 01:07:43,440

this is not something uh that that's

1758

01:07:48,289 --> 01:07:45,539

that can be or should be hidden from us

1759

01:07:51,049 --> 01:07:48,299

this is not uh the United States the

1760

01:07:52,370 --> 01:07:51,059

United States issue okay it is the issue

1761

01:07:54,349 --> 01:07:52,380

for every single human being on the

1762

01:07:56,990 --> 01:07:54,359

planet and we all have a stake on this

1763

01:07:59,569 --> 01:07:57,000

and for anyone to think that well the

1764

01:08:02,029 --> 01:07:59,579

government will tell us what's going on

1765

01:08:04,609 --> 01:08:02,039

um that is is the most misleading part

1766

01:08:06,710 --> 01:08:04,619

of what of what I think we are involved

1767

01:08:08,089 --> 01:08:06,720

in right now even if we're waiting for

1768

01:08:10,190 --> 01:08:08,099

tomorrow's information like we're all

1769

01:08:11,750 --> 01:08:10,200

waiting for beated breath

1770

01:08:13,849 --> 01:08:11,760

um for the government to tell us what's

1771

01:08:15,890 --> 01:08:13,859

going on I think we all know what's

1772

01:08:18,289 --> 01:08:15,900

going on intuitively anybody who's

1773

01:08:20,390 --> 01:08:18,299

looking we know what's going on we need

1774

01:08:22,550 --> 01:08:20,400

some kind of verification the problem is

1775

01:08:24,709 --> 01:08:22,560

where is that verification coming from

1776

01:08:27,169 --> 01:08:24,719

it is it coming from our own

1777

01:08:29,570 --> 01:08:27,179

Consciousness about what's out there

1778

01:08:30,709 --> 01:08:29,580

okay or is it coming from all the bits

1779

01:08:32,870 --> 01:08:30,719

and segments of information that we're

1780

01:08:34,430 --> 01:08:32,880

hearing we just have to kind of focus in

1781

01:08:37,729 --> 01:08:34,440

on where that information is coming in

1782

01:08:39,829 --> 01:08:37,739

coming from and and how complex it is

1783

01:08:41,390 --> 01:08:39,839

and what the implications are to save

1784

01:08:42,829 --> 01:08:41,400

the planet from what's going on right

1785

01:08:45,470 --> 01:08:42,839

now because we're not in a very good

1786

01:08:47,169 --> 01:08:45,480

position uh Vinnie you know we we are in

1787

01:08:51,010 --> 01:08:47,179

big big trouble politically

1788

01:08:53,269 --> 01:08:51,020

environmentally socially uh I mean

1789

01:08:55,669 --> 01:08:53,279

it's going to take a lot for us to come

1790

01:08:57,010 --> 01:08:55,679

out and say boy I heard only good news

1791

01:08:59,510 --> 01:08:57,020

today

1792

01:09:01,189 --> 01:08:59,520

that'd be nice wouldn't that be great I

1793

01:09:03,769 --> 01:09:01,199

mean turn on the radio or the TV and say

1794

01:09:05,809 --> 01:09:03,779

ah everything is great you know I I

1795

01:09:08,329 --> 01:09:05,819

don't know I mean when will that day I

1796

01:09:11,749 --> 01:09:08,339

mean I'm not a crazy idealistic person

1797

01:09:13,789 --> 01:09:11,759

but uh I think that that's we all strive

1798

01:09:16,490 --> 01:09:13,799

for that kind of understanding of who we

1799

01:09:19,490 --> 01:09:16,500

are as beings and just perhaps that's

1800

01:09:21,229 --> 01:09:19,500

the message that the extraterrestrials

1801

01:09:22,789 --> 01:09:21,239

um are are trying to bring and I know

1802

01:09:24,769 --> 01:09:22,799

John Mack I've talked about him on the

1803

01:09:26,749 --> 01:09:24,779

program before when he was alive he and

1804

01:09:30,169 --> 01:09:26,759

I spoke about that exact issue through

1805

01:09:32,390 --> 01:09:30,179

the the lens of the experiences and and

1806

01:09:34,249 --> 01:09:32,400

they're all being told that there is a

1807

01:09:37,309 --> 01:09:34,259

better way that there is a better way to

1808

01:09:38,689 --> 01:09:37,319

not only be who we are as a species but

1809

01:09:40,490 --> 01:09:38,699

also to treat the planet the way it

1810

01:09:41,870 --> 01:09:40,500

should be treated and what might be

1811

01:09:43,510 --> 01:09:41,880

going on on other planets that are like

1812

01:09:45,829 --> 01:09:43,520

Earth and how they come through it too

1813

01:09:47,510 --> 01:09:45,839

uh so there's there's just so much

1814

01:09:49,309 --> 01:09:47,520

that's the lens that I that I try to

1815

01:09:51,530 --> 01:09:49,319

bring to this this conversation each

1816

01:09:53,689 --> 01:09:51,540

time I'm uh you know given the

1817

01:09:56,150 --> 01:09:53,699

opportunity that's a great lens to come

1818

01:09:58,370 --> 01:09:56,160

to look through and some really really

1819

01:10:00,590 --> 01:09:58,380

good points raised there Victor I can't

1820

01:10:02,209 --> 01:10:00,600

thank you enough uh for joining me uh

1821

01:10:04,070 --> 01:10:02,219

you know I like I think this is the

1822

01:10:06,650 --> 01:10:04,080

third time you've been on and I'm sure

1823

01:10:08,570 --> 01:10:06,660

you'll be on in the new year I love it

1824

01:10:10,130 --> 01:10:08,580

there's more talking points stay in

1825

01:10:11,870 --> 01:10:10,140

touch I know we do talk behind the

1826

01:10:13,250 --> 01:10:11,880

scenes every now and again I appreciate

1827

01:10:16,189 --> 01:10:13,260

the work that you're doing with the with

1828

01:10:18,830 --> 01:10:16,199

with Zealand uh Communications keep that

1829

01:10:20,810 --> 01:10:18,840

up it's fantastic yeah I think guys for

1830

01:10:22,850 --> 01:10:20,820

everybody watching and listening all of

1831

01:10:24,649 --> 01:10:22,860

Victor's details are in the description

1832

01:10:27,830 --> 01:10:24,659

below where you can find his work follow

1833

01:10:29,209 --> 01:10:27,840

him on various platforms for everyone in

1834

01:10:30,950 --> 01:10:29,219

the live chat thank you so much I'm

1835

01:10:32,810 --> 01:10:30,960

sorry I didn't get around to asking as

1836

01:10:34,430 --> 01:10:32,820

many questions as you may have liked to

1837

01:10:36,410 --> 01:10:34,440

us from yourselves but I really do

1838

01:10:38,390 --> 01:10:36,420

appreciate you being here and being

1839

01:10:40,070 --> 01:10:38,400

cordial in the chat

1840

01:10:41,270 --> 01:10:40,080

um I'm just happy to be back after a

1841

01:10:43,370 --> 01:10:41,280

little break I'm going to be back

1842

01:10:46,610 --> 01:10:43,380

hopefully tomorrow night with

1843

01:10:49,790 --> 01:10:46,620

Christopher sharp to go over this uh

1844

01:10:52,010 --> 01:10:49,800

unclassified Ripple if it comes uh but
